LOS ANGELES, CALIFORNIA, May 15, 1935.

Assemblyman Frank Waters,
Hotel Senator, Sacramento, California.

The bureau of power and light and the bureau of waterworks and supply each transfer from their respective funds, to either the reserve fund or the general fund of the city, amounts of money sufficient to take care of all interest and amortization

requirements on outstanding bonded indebtedness issued for and on behalf of the respective bureaus of the department of water and power of Los Angeles. In addition, the bureau of power and light has transferred a total of $1,250,000 each year for the past two years and is providing for transfer of a similar amount during the fiscal year starting July 1, 1935. Four hundred eighty-five thousand dollars that it may be made available for direct relief work in the city in aid of the community chest agencies, the relief of young women, and the children's milk fund, and $765,000 thus made available for use in the overhead street lighting and the general fund proportion of ornamental post lighting. The water revenue fund will transfer in addition to general bond requirements as stated $495.790 for the St Francis refunding bonds and $814.155 thus made available for payment by the various city departments for water service to those departments or a total of $1,309,945. These transfers make possible continuance of departmental expenditures by all city departments without further curtailment or further reduced compensations and the maintaining of a fully balanced municipal budget as heretofore made possible by similar transfers from the bureaus of this department, particularly the bureau of power and light throughout the depression period.

Funds Given by Power Board—Halts Pay Slash—Aids City Welfare.

Threatened pay roll cuts and lay offs within the city government were forestalled yesterday when the board of water and power allocated $2,559,945, at the request of Mayor Shaw, to be used in welfare and tax relief and balancing the city's budget.

The appropriation, according to the mayor, will permit him to balance his budget without threatened drastic pay cuts and personnel reduction. The $2,559,945 will be supplied from revenue funds of the water and power department.

$485.000 for Relief

From the total, $485,000 will be provided for direct welfare relief, and $765,000 will be allotted for payment of light bills of tax supported city departments, with an undetermined portion to be allotted to reduce post lighting assessments.

The water department will absorb water bills of city departments, estimated at $814,155, and also will take over payment of principal and interest totaling $495.790 on the St. Francis Dam refunding bonds.

"The department of water and power is making a tremendous sacrifice, but we are living under extreme economic conditions and this department is doing everything within its power to lighten the burdens of our citizens," Dr. John R. Haynes, president of the board of water and power commissioners, declared.

Mayor Shaw last night expressed appreciation to the board for its action.

This afternoon the mayor will meet police and fire representatives and suggest they accept a 5 per cent wage reduction instead of the 9 per cent now in force. He pointed out the cuts must be voluntarily accepted.

Notice of Reconsideration of Assembly Bill No. 1165.

Mr. Field gave notice that on the next legislative day he would move to reconsider the vote whereby Assembly Bill No. 1165 was this day passed.

Explanation of Vote.

SACRAMENTO, CALIFORNIA, May 16, 1935.

Mr. Arthur A. Ohnimus, Chief Clerk of the Assembly

I was temporarily called from the room when the vote was taken on Assembly Bill No. 1165.

I wish to be recorded in the Journal as voting "Aye."

FRED REAVES

Explanation of Vote.

I was called out of the Assembly Chamber on official business, and returned during the taking of the vote. By mistake I voted "No" instead of "Aye," and the vote was announced before I could change. I am in sympathy with public ownership, and would have voted "Aye" if I had not been confused.

P. J. McMURRAY,
Assemblyman, Twenty-fourth District.

Statement of Vote.

While we are not opposed to the general principle of public ownership of utilities, we do believe that many provisions of this act are not to the best interests of the public. We make special reference to the amendment providing for a majority vote to issue revenue bonds instead of the existing two-thirds majority, and secondly, to the provision which makes these questionable securities legal for savings, trust funds,

life insurance investment, etc. We offered remedial amendments to this bill which were voted down, and, therefore, we voted "No" on Assembly Bill No. 1165.

STATE OF CALIFORNIA, GOVERNOR'S OFFICE,
SACRAMENTO, May 17, 1935

To the Honorable Members of the Assembly,
State of California, Sacramento, California.

GREETINGS: I am returning herewith, without my approval, Assembly Bill No. 766, being An act to add Chapter 9, embracing sections 725 to 734, inclusive, to Division IV of the Agricultural Code, relating to dairies and dairy products.

In the opinion of those who have carefully analyzed Assembly Bill No. 766, there can be no question but that the language in section 732 constitutes an appropriation of the moneys collected under the bill, and is "an appropriation" as used in section 34, of Article IV of the State Constitution. In this opinion I fully concur.

Respectfully submitted.

FRANK F. MERRIAM, Governor of California.

Assembly Bill No. 766 ordered on unfinished business file.

Also:

STATE OF CALIFORNIA, GOVERNOR'S OFFICE,
SACRAMENTO, May 17, 1935.

To the Honorable Members of the Assembly.
State of California, Sacramento, California.

GREETINGS: I am returning herewith, without my approval, Assembly Bill No. 756, An act to amend section 865 of the Fish and Game Code, relating to nets, and declaring the urgency hereof.

It is represented and contended by Senators who supported and voted for this bill, that its provisions were misunderstood "due to an incorrect explanation," and that "it received favorable consideration in committee and on the floor of the Senate" by reason of such misunderstanding. Members of the Assembly have also protested and have requested me to veto the measure.

I am of the opinion the enactment of Assembly Bill No. 756 would seriously jeopardize the enforcement of the recently enacted law, if, in fact, it would not invalidate certain portions of it.

Respectfully submitted.

FRANK F. MERRIAM, Governor of California

In such trades and industries there is widespread unemployment and economic distress and for the purpose of ameliorating such conditions it is necessary and desirable to authorize the adoption of codes of fair competition applicable to such

trades and industries in the various industrial or geographical areas of the State as provided in this act.

SEC. 2. This act applies only to those intrastate trades and industries wherein service is rendered to the public without the sale of merchandise as such.

(a) The terms "service trades" or "service industries" as used herein shall include any business in which the principal feature is the sale of service, as distinguished from the manufacture, sale, or distribution of merchandise and/or commodities. The fact that title to personal property may pass as an incident to rendering service does not prevent the trade or industry in which this happens from being a service trade.

(b) The word "agreement" means any agreement which the Governor has entered into with, or approved between and among persons engaged in a trade or industry, labor organizations, and trade or industrial organizations, or groups, relating to any trade or industry, to aid in effectuating the policy of this act. (1) That such code provisions are not designed to promote monopolies or to eliminate or oppress small enterprises and will not operate discriminately against them, and will tend to effectuate the policy of this act;

(2) That the trade or industry represented by such petition is one to which the provisions of this act apply;

(3) That the petitioning group, or groups, within such area as designated in the application represent at least eighty per cent of the business establishments affected by the provisions of such code; and

(4) That where such codes affect the welfare of persons engaged in other steps of economic processes, nothing in this section shall deprive such persons of the right to be heard prior to the approval of such code, at such hearing so designated.

SEC. 4. The application to the Governor for a code of fair competition shall state the number of business establishments in the area engaged in the industry affected by such code and the signature of only one person signing in behalf of a business establishment shall be counted in determining the percentage of establishments making application. The application shall set forth the provisions of the requested code and shall contain such fair trade practice provisions as conditions in the industry require, and shall also require provisions for standard systems of accounts and/or reports, and impose such other conditions including requirements for the making of reports and the keeping of accounts, against selling below cost, against use of unfair and misleading advertising and such other trade practices which are found to be unfair by the Governor for the protection of consumers, competitors, employees, and others, and in furtherance of the public interest, and shall provide such exceptions to and exemptions from the provisions of such code, as he finds necessary to effectuate the policy of this act, and requirements herein declared

The Governor shall, so far as practicable, afford every opportunity to employers and employees in any trade or industry or subdivision thereof with respect to which the conditions referred to in clauses (1) and (2) of this section prevail, to establish

by mutual agreement, the standards as to the maximum hours of labor, minimum rates of pay, and such other conditions of employment as may be necessary in such trade or industry or subdivision thereof to effectuate the policy of this act; and the standards established in such agreements, when approved by the Governor, shall have the same effect as a code of fair competition, approved by the Governor under section 2, and any violation of any such standards shall be deemed an unfair method of competition and a violation of this act.

Resolution.

WHEREAS, The Senate of the fifty-first session of the California Legislature adopted a resolution May 17, 1935, in terms and figures as follows:

WHEREAS, The development of more adequate health services at rates within reasonable reach of self-supporting individuals and families of small and moderate incomes is essential to promote the comfort, health, safety, economic security and general welfare of the people of the State of California; and

WHEREAS, The committee appointed by the Senate April 19, 1933, composed of Senators Williams, Tickle, Difani and its coordinator secretary, Dr. Celestine J. Sullivan, have performed a distinguished public service by devoting two years of disinterested and arduous work at their own expense to the study of health insurance and the investigation of the high cost of sickness and the preparation of a very valuable report published in the Senate Daily Journal, April 12, 1935; and

WHEREAS, The useful data assembled by the committee show the complexity and magnitude of the questions involved and the fundamental importance of vital underlying problems which affect the life of the commonwealth to such an extent that further study is deemed desirable in order that laws passed by this session or previous sessions of the California Legislature, relating to medical care, may be revised to suit changed conditions and made to conform to reasonable amounts which the tax-paying public can afford; now, therefore, be it

Resolved, That a committee of five members of the Senate be appointed by the President of the Senate to continue the study of present methods of medical and hospital care and the economic order under which they operate and the practical application of such laws as now exist or be adopted at the fifty-first session of the California Legislature so that accurate and up-to-date information may be available for the 1937 session of the Legislature; and be it further

Resolved, That said committee shall proceed to organize by the election of one of its members as chairman and by the selection of a coordinator secretary and the adoption of such rules as it shall deem necessary or advisable to enable it to carry into full force and effect the duties herein imposed; and be it further

Resolved, That said committee is authorized to hold public hearings at any place in the State of California at which hearings the people shall have opportunity to present their views to the committee; and be it further

Resolved, That said committee is hereby authorized and empowered to do all things necessary to make a full and complete investigation of the matters herein referred to and to require the production of records, books, agreements, contracts, fee schedules, documents and papers of every kind; to issue subpenas and to compel attendance of witnesses and to procure testimony. Each of the members of said committee and the coordinator secretary chosen by the committee is hereby authorized to administer oaths and all the provisions of Article VIII of Chapter II, Title I, Part III of the Political Code of the State, relative to the attendance and assemblage of witnesses before the Legislature and committees thereof and during the interval between sessions; and be it further

Resolved, That the committee in order to make a comprehensive investigation of the problem, may accept donations from philanthropic persons, foundations and others interested in the study and investigation and shall expend such donations in carrying out the purposes hereof; and be it further

Resolved, That said committee shall report and make recommendations to the fifty-second session of the Legislature during the session commencing in January, 1937, before the constitutional recess thereof; and

WHEREAS, The Assembly of the California Legislature has equal interest with the Senate in the health of the people which is the most valuable resource of the State and the most priceless possession of its citizens; and

WHEREAS, The Senate has appointed a committee of five of its members to make a comprehensive investigation in accordance with the terms of its resolution of May 17, 1935; now, therefore, be it

Resolved, That a committee of five members of the Assembly be appointed by the Speaker, having the full powers provided in the Senate resolution of May 17, 1935, as embodied herein, to confer and cooperate with the Senate committee in fact-finding studies and the formation of a plan to promote the health and general welfare of the people of California

Resolution.

The following resolution was offered:

By Messrs. Turner, Hornblower, and Lyon:

Assembly Resolution.

Relative to the leasing of certain tidelands at Huntington Beach, California.

WHEREAS, The Assembly committee appointed to investigate the drilling and development of the tidelands of the State has presented its report to the Assembly, which report has been accepted by the Assembly; and

WHEREAS, The Gilmore Exploration Co. has submitted to said committee and to the Director of Finance a proposed lease between the State and Gilmore Exploration Co., covering the tideland oil pool at Huntington Beach, Orange County, California, which said lease has been executed by the Gilmore Exploration Co., and guaranteed by the Gilmore Oil Co., and calls for a bond of $100,000; and

WHEREAS, Said company proposes to drill said pool from islands constructed not closer than 500 feet from the line of ordinary high tide and offers to pay the State a royalty of 30 per cent after it has received back such costs and expenditures as shall be approved and ratified by the Director of Finance, and before that time agrees to pay the State a royalty of 20 per cent; and

WHEREAS, The company does not ask the exclusive right to take the oil from the pool but expressly agrees that the State may grant the littoral owners the right to operate all wells now slant drilled into the pool and also the right to slant drill new wells therein, so that the State may collect royalty both from wells drilled from islands and from wells drilled upon the littoral lands; and

WHEREAS, No other proposal for island drilling was submitted to the committee; and

WHEREAS, This Assembly is opposed to general tideland drilling throughout the State but believes that at Huntington Beach there are conditions peculiar to that field which possibly may make it for the best interests of the State to allow island drilling and which conditions do make it advisable that the proposal and lease be submitted to the Legislature of the State so that it may be either rejected or ratified and in such manner that if ratified it will not allow similar drilling in other localities, now, therefore, be it

Resolved, That, without in any manner approving of the proposed lease nor of any of its terms or conditions, and without in any manner committing this body to the advisability of island drilling but for the sole purpose of having the proposal submitted to this Assembly so that it may be rejected or ratified, this Assembly *requests the Director of Finance to execute the proposed lease with Gilmore Exploration Co.*, on the condition that same will not be binding or effective unless and until ratified by the Legislature.

(f) Every lease or grant of easement made hereunder shall be subject to, and subordinate to, all existing, lawful, private rights of all other persons who shall have entered into compromise agreements heretofore entered into with the State and to all rights of navigation, fishing, bathing and commerce and all easements, rights, privileges, trusts and uses vested in the public or the people of the State without power of alienation and upon the condition that any such well drilled hereunder shall not be bottomed less than three hundred fifty feet from any other well heretofore or hereafter drilled upon said State land under lease or easement.

Any interest held in violation of this provision shall be forfeited to the State of California by appropriate proceedings for that purpose in the superior court for the county in which the property or some part thereof, is located.

(h) Any lease or easement so granted shall be free of any and all restrictions contained in this act and shall be subject only to the provisions of this section, except that the Surveyor General shall have power to promulgate proper rules and regulations to make effective the purposes of this section Prior to granting any such lease or easement, the Surveyor General shall require a bond which in his judgment will protect the State; in lieu of such bond, the Surveyor General may accept negotiable security which shall be deposited in the custody of the State Treasurer who shall be responsible for the safekeeping thereof."

Statement of Vote.

I voted against Assembly Bill No. 31 because I sincerely feel that it would be detrimental to labor if California was forced to observe a 30-hour week while other States were without a similar law.

If Congress enacted a 30-hour week it would only be effective in interstate commerce and it would not be mandatory that other States adopt laws to apply to their respective States.

I favor 30-hour legislation nationally and believe that Congress should first pass such legislation and the States should follow. I sincerely feel that the best interest of the working people of California would be jeopardized if the 30-hour week bill were passed in this State only.

ROY J. NIELSEN.

Such persons shall as to the positions now held by them have seniority in preference over all other persons, and shall have such seniority and preference, in case of lay-off, on the eligible list, over all other persons whether or not employees of the City and County of San Francisco and whether or not on an eligible list of the City and County of San Francisco.

SEC 13 If persons who are in the employ of the Board of State Harbor Commissioners when this act becomes effective are continued in the employ of the board vested by the City and County of San Francisco with the management and control of said harbor, and if such persons become members of the San Francisco city and county employees' retirement system, then the contributions standing to the credit of said persons in the State Retirement System at the date this act becomes effective shall be transferred to the San Francisco city and county employees' retirement system, with interest at the rate of four per cent per annum from the first of the month following that for which the contribution was made, to such effective date, plus such rate of interest as shall have been earned on such contributions in excess of four per cent, while in the State Employees' Retirement fund, all interest to be compounded at each June 30th. Contributions, with interest as described in the next preceding sentence, which shall have been made from the harbor fund to the State Employees' Retirement System on account of the membership of said persons in the said State Retirement System, shall be transferred to the San Francisco city and county employees' retirement system At the time contributions are transferred as set forth herein, an amount equal to the difference between the contributions, with interest, of employees referred to in the first sentence of this section and the contributions referred to in the next preceding sentence, shall be paid from the harbor fund to the San Francisco city and county employees' retirement system, all for the purpose of meeting the requirement in that system that the employer s contributions shall be equal to contributions of the employees. Said persons shall receive credit as prior service under said San Francisco city and county employees' retirement system, for all services rendered prior to January 1, 1932, as employees of the Board of State Harbor Commissioners in exactly the same manner as said credit would have been granted had such service been rendered as employees of an office or department of the City and County of San Francisco, the cost of benefits allowed on the basis of such service to be met by contributions from the harbor fund

Any person who shall have been retired under the State Employees' Retirement System from employment by the Board of State Harbor Commissioners and shall be receiving a retirement allowance from such system on the effective date of this act, shall thereafter receive the retirement allowance from said San Francisco system An amount equal to the actuarial value, at said effective date and according to the tables adopted by the Board of Administration of said State system, of the portion of said retirement allowance, as defined in Chapter 700, Statutes of 1931, which was calculated on the basis of service rendered by said person after December 31, 1931, shall be transferred from said State Retirement System to said San Francisco system The portion of said retirement allowance, which was calculated on the basis of service rendered prior to January 1, 1932, shall be paid, after said effective date, by said San Francisco retirement system and charged against the harbor revenues The status of said retired person under the San Francisco system shall be the same in all respects, except as to amount of retirement allowance and death benefit, as if he had been originally retired under that system

Since it is the intent of this section that the memberships in the San Francisco city and county employees' retirement system of the persons herein referred to shall be the same, as far as is practical, as if contributions made by them to the State Employees' Retirement System had been made instead to the said San Francisco system, the transfer of funds from the State Employees' Retirement System to the San Francisco city and county employees' retirement system shall be accomplished

by the transfer of bonds owned by the former, with a book value as shown on the records of the said State Retirement System, equal to the amount of contributions, with interest, to be transferred. Such bonds shall be of issues approved by the retirement board of the said San Francisco system for the investment of funds of said system, and shall have an average effective interest yield to the maturity of such bonds at a rate, based on the said book value, at least equal to the average rate of interest realized, during the fiscal year ending on June 30th next preceding the effective date of this act, by the said San Francisco retirement system on the book value of bonds owned by it.

The records held in the office of the State Employees' Retirement System in connection with the memberships therein of persons referred to in the first and second paragraphs of this section shall be transferred to the said San Francisco system in accordance with and to the extent of an agreement to be entered into between the governing boards of the two systems.

SEC. 14 All persons employed in the service of the Board of State Harbor Commissioners at the time this act goes into effect and who have been employed at least one year prior to the date when this act goes into effect, and who on the date this act takes effect reside outside the City and County of San Francisco shall not thereafter be required to reside within the City and County of San Francisco, nor shall they otherwise have their residence restricted.

SEC. 15. The provisions of sections 12, 13 and 14, in respect to persons employed in the service of the Board of State Harbor Commissioners at the time this act takes effect shall also apply to heads of departments and bureaus in such service in the same manner as to the other employees.

SEC. 16 All work done in the area described in this act by such board, commission, or public officers as are vested by the city and county with the management and control of said area shall be exempt from any restriction by the City and County of San Francisco as to the mode of doing such work."

Sacramento, California.

DEAR SIR: We, the undersigned, constituting a duly appointed committee of the Public Speaking Club of the city of Fresno, take this means of manifesting to you our extreme displeasure and disappointment at the stand you are reported to have taken on adult education.

We who foster and encourage education of the adults, as well as the children of this country, feel that either you or anyone else who opposes education of this character is not deserving of the support of your constituents should you desire to again represent them in the State Legislature.

We ask in the name of this great Nation, and its eternal program of advancement, that you change your position regardless of cost to taxpayers and come out strongly for adult education

We look forward to receiving from you an acknowledgment of the receipt of this letter, and a further expression of your views on this all important subject.

Very respectfully yours,

JOHN C. BURNETT.

The Penal Code, section 85 provides:

"Every person who attempts by menace to influence a member (of the Legislature) in giving or withholding his vote is punishable by imprisonment in the State prison not less than one nor more than ten years."

These people practically are violating this section of the law.

I believe as strongly in all departments of education as do these people and I disclaim their charges.

I am opposed to their policy "of regardless of cost to the taxpayers." I believe that extravagances in all governmental departments should be discouraged.

I believe any member of the Legislature is happy to receive constructive criticism upon any matters before the Legislature but when so many people representing minority factions practically threaten the members to influence their action or judgment it is a wonder we enact any just legislation at all.

S. L. HEISINGER.

Resolutions.

The following resolutions were offered:

By Messrs. Brennan, Burns, Hornblower, Lyon, Johnson, Jones, Geyer, Laughlin, Clark, Pelletier, Frazier, Heisinger, Thorp, Cassidy, Hunt, Turner, Donihue, Martin, Wallace, Desmond, Waters, Cunningham, and Craig.

Assembly Resolution.

WHEREAS, Many members of our brethren of the California Legislature, including our Speaker and floor leader, the members of the third house and members of the press or fourth estate, on Sunday, May 19th, enjoyed the hospitality of California's most genial and hospitable son at his home in Auburn, under the oaks; and

WHEREAS, He was assisted by our equally genial fellow chief chef, Andreas; and

WHEREAS, Here we were able to enjoy the haunts of nature and the shadow of the forest, and to imbibe again the rugged spirit of the pioneer days of '49.

Regaled in the spirit of bygone days, the citizens of Auburn—the friends and neighbors of our genial host—added spirit to the hospitality.

With plenty to eat and plenty to drink, all joined in merriment and song.

It was an occasion long to be remembered in the hearts and minds of the friends of Frank Jordan and in the spirit of that occasion, Frank Jordan, we wish you Godspeed.

Resolution read, and adopted unanimously.

Motion carried.

Motion to Print in Journal.

Mr. Anderson moved that the following statement be printed in the Journal:

Motion carried.

SACRAMENTO, CALIFORNIA, May 15, 1935.

MR. SPEAKER: The undersigned Assemblymen respectfully request that the following "Reply of Proponents of Senate Bill No. 24, to Summary of Opponents to Train Limit Legislation, California Legislature, 1935 Session," be printed in the Journal:

"Reply of Proponents of Senate Bill No. 24, to Summary of Opponents to Train Limit Legislation, California Legislature, 1935 Session.

On page No. 3, Assembly Daily Journal, Thursday, May 9, 1935, an unsigned communication captioned, "Summary of Opposition to Train Length Legislation,

California Legislature, 1935 Session," is recorded as received, and ordered printed in the Journal. Included in this communication is a list of organizations compiled with many duplications, and in such a manner as to cover in excess of five pages of printed matter.

If this unsigned record was authorized by the office of the administration, which office alone has knowledge of the letters, telegrams and petitions received therein, it seems manifestly unfair to refuse to embrace, impartially, all organizations, firms and individuals that expressed opinions both "for" and "against" this legislation, in such a summary. If this summary was authorized by some other agency, it seems fitting to recognize the purpose that actuated this implied criticism of this Assembly, that after due consideration of all arguments presented, adopted the measure by a vote of 55 "for" to 24 "against."

Ordinarily little attention should be given to a document so apparently unfair and misleading as the aforesaid summary. Being recorded in the Assembly Daily Journal however, would tend to give the communication a rating with the unsophisticated, not shared by the more experienced. Its purpose is clearly prejudicial, and would assume greater bias if allowed to go unchallenged

By reference to the Assembly Daily Journal, Friday, March 8, 1935, pages 28 to 163, a report of the Railroad Commission of the State of California is evidenced, the same being furnished in response to Assembly resolution of January 25, 1935, requesting certain information and data contained therein. Included in the report of said commission is an itemized account of the dues, donations, subscriptions and contributions made by the public utilities that come under the jurisdiction of this commission, to chambers of commerce, farm organizations, civic and business organizations, etc

As printed in this report of the Railroad Commission, the Atchison, Topeka and Santa Fe Railroad contributed a total of $43,791 83 to such a fund; the Southern Pacific Company, $103,584.84; and the Western Pacific Railroad Company, $16,600 21. Compare the list of organizations that received these contributions, with the organizations enumerated in the communication of May 9th as opposed to the enactment of the train length bill, and it will not be difficult to understand the primary influence that actuated these protests.

The communication in the Journal of May 9th also stated that approximately 2600 letters and telegrams from shippers and their associates were addressed to the Legislature or the Governor opposing the passage of train limit legislation. Those who have first-hand knowledge of railroad affairs are cognizant with the methods employed by the railroads to obtain such expressions During the period this bill was under consideration by this body, every available local railroad officer was used to contact shippers and the traveling public to advise them that if this bill should become a law, an increase in rates would be inevitable. Likewise employees were coerced with the threat that shops would be moved and wages reduced in the event this bill passed Telegrams and petitions were prepared which required but a signature, the railroads paying the cost. Imagine the position of an unorganized employee when presented with such a petition by his foreman and told to sign. Many of these same employees were not even voters

The members of this Assembly are familiar with the fact that this legislation was introduced as a safety measure, records being provided by the Interstate Commerce Commission and State Railroad Commission to indicate that many casualties had resulted from excessive train lengths. Additional argument was presented by the sponsors of the measure to show that if it was enacted into a law, the legislation would benefit the shipper by permitting the installation of faster and more frequent service without additional cost. Likewise its passage would actually benefit the railroads themselves by requiring a change in policy of operation that would more evenly match the service rendered by their competitors and place them in a favorable position to win back to the rails much of the traffic now being performed on water and the highways.

These facts were undoubtedly considered by the Los Angeles City Council, representing nearly one-third of the entire population of the State, when they passed a resolution recommending the passage of this legislation to this Assembly A great number of chambers of commerce, granges, farmers unions, farm bureaus, State firemen's organizations, State Federation of Labor, San Francisco Labor Council, every bona fide labor organization within the State including 21 organizations directly affiliated with transportation service, and literally thousands of shippers and individual citizens flooded this Assembly and the office of the Governor with requests to support passage of this law. The Democratic party included this measure as one of the planks in their platform, while the Republican candidate for Governor, who was subsequently elected to that exalted office permitted his "Merriam for Governor Clubs" to circularize railroad employees by letter throughout the State pledging the Governor to sign a car limit law should it receive the favorable consideration of the Assembly and Senate

The press throughout the State was uniformly fair in reference to this legislation even though the opponents, because of their advertising connections, were in a position to exact consideration of their point of view not enjoyed by the proponents.

The principal exception to this policy was evidenced by the Los Angeles and San Francisco Examiners, April 20th issue, when editorially they assumed a most hostile attitude based on an erroneous understanding of the purpose of the legislation, which, because of the caustic and intemperate manner in which it was written, clearly nullified any influence it might have had with intelligent and informed people throughout the State.

It is our purpose in presenting this statement to clarify any misunderstanding that might arise because of undue importance accredited to the summary forwarded from San Francisco, May 6, 1935, and printed in Assembly Daily Journal, May 9, 1935, by Mr. Speaker."

Messages from the Governor.

The following messages from the Governor were received and read:

STATE OF CALIFORNIA, GOVERNOR'S OFFICE,
SACRAMENTO, May 22, 1935.

To the Honorable Members of the Assembly, State of California, Sacramento, California.

GREETINGS: I am returning herewith, without my approval, Assembly Bill No. 298—An act to repeal section 4 768, relating to reports of attendance in joint elementary school districts.

I am informed by those who advise me regarding the legal status of the various bills presented for consideration, that Assembly Bill No 298 is unconstitutional, for the reason the title of the bill fails to set out the particular code of which section

4.768 is repealed Hence, the bill would be wholly ineffective It is impossible to see how the court could supply the code designation, which is entirely missing

Respectfully submitted.

FRANK F. MERRIAM, Governor of California.

Assembly Bill No 298 ordered on unfinished business file.

STATE OF CALIFORNIA, GOVERNOR'S OFFICE,
SACRAMENTO, May 22, 1935

To the Honorable Members of the Assembly, State of California, Sacramento, California.

GREETINGS: I am returning herewith, without my approval, Assembly Bill No. 314—An act to amend sections 2.203 and 2.204 of the School Code and to add a new section to said code to be numbered 2.314, all relating to the formation of elementary school districts.

This bill amends sections 2.203 and 2 204 of the School Code, and undertakes to add thereto section 2.314 relating to the formation of elementary school districts It provides that an elementary school district may be formed from territory lying within a union or joint union elementary school district, and that when such territory is formed into a new elementary school district that territory shall cease to be a part of such union or joint union elementary school district.

Section 2 314 as added to this bill relates to the formation of elementary school districts from territory lying within a union or joint union elementary school district.

There is already in the School Code a section 2 314, and this addition would make two sections with the same number. Present section 2.314 relates to the election for the purpose of forming a consolidated school district. Section 2 314 as added by this bill does not relate to consolidated school districts, and does not seem to be in its proper place in the code

The new section added, No. 2 314, is in error. I understand the intention was to add section 2 134.

Respectfully submitted.

FRANK F. MERRIAM, Governor of California

Assembly Bill No 314 ordered on unfinished business file.

the tax in each case by canceling prepaid tax receipts, equal in face value to the amount thereof, in the manner and at the times provided in this section, to wit:

At any time within two years after any vendor is delinquent in the payment of the tax herein provided for, the board may proceed forthwith to collect the tax due from the vendor in the following manner. The board shall seize any property, real or personal, subject to the lien of said tax, and thereafter sell at public auction such property so seized, or a sufficient portion thereof, to pay the tax due hereunder, together with any interest or penalties imposed hereby for such delinquency, and any and all costs that may have been incurred on account of such seizure and sale Notice of such intended sale and the time and place thereof, shall be given to such delinquent vendor and to all persons appearing of record to have an interest in such property in writing at least ten days before the date set for such sale by enclosing such notice in an envelope addressed to such vendor at his last known residence or place of business in this State if any, and in the case of any person appearing of record to have an interest in such property addressed to each person at the last known place of residence, if any, and depositing the same in the United States mail, postage prepaid, and by publication for at least ten days before the date set for such sale in a newspaper of general circulation published in the county or city and county in which the property seized is to be sold, provided, that if there be no newspaper of general circulation in such county or city and county, then by the posting of such notice in three public places in such county or city and county ten days prior to the date set for such sale The said notice shall contain a description of the property to be sold, together with a statement of the amount of the taxes, interest, penalties and costs, the name of the vendor, and the further statement that unless such taxes, interest and penalties and costs are paid on or before the time fixed in said notice for such sale, said property, or so much thereof as may be necessary, will be sold in accordance with law and said notice

It is expressly provided that the foregoing remedies of the State shall be cumulative and that no action taken by the board or Attorney General shall be construed to be an election on the part of the State or any of its officers to pursue any remedy hereunder to the exclusion of any other remedy for which provision is made in this act

In such action a writ of attachment may issue, and no bond or affidavit previous to the issuing of said attachment is required. In such action a certificate by the board showing the delinquency shall be prima facie evidence of the levy of the tax, of the delinquency and of compliance by the board with all provisions of this act in relation to the computation and levy of the tax.

SEC 26 No injunction or writ of mandate or other legal or equitable process shall issue in any suit, action or proceeding in any court against this State or against any officer thereof to prevent or enjoin under this act the collection of any tax sought to be collected; but after payment of any such tax under protest, duly verified and setting forth the grounds of objection to the legality of such tax, the vendor paying such tax may bring an action against the State Treasurer in a court of competent jurisdiction in the county of Sacramento for the recovery of the tax so

paid under protest No such action may be instituted more than sixty days after the tax becomes due and payable, and failure to bring suit within said sixty days shall constitute waiver of any and all demands against this State on account of alleged overpayment of taxes hereunder. No grounds of illegality of the tax shall be considered by the court other than those set forth in the protest filed at the time of the payment of the tax.

If in any such action judgment is rendered for the plaintiff, the amount of the judgment shall first be credited on any taxes due from the plaintiff under this act, and the balance of the judgment shall be refunded to the plaintiff. In any such judgment, interest shall be allowed at the rate of six per cent per annum upon the amount of tax found to have been illegally collected from the date of payment of such tax to the date of allowance of credit on account of such judgment or to a date preceding the date of the refund warrant by not more than thirty days, such date to be determined by the Controller

In no case shall any judgment be rendered in favor of the plaintiff in any action brought against the State Treasurer to recover any tax paid hereunder, when such action is brought by or in the name of an assignee of the vendor paying said tax, or by any person other than the vendor who has paid such tax.

SEC. 30. It shall be unlawful for the board, or any person having an administrative duty under this act to divulge or to make known in any manner whatever, the business affairs, operations, or information obtained by an investigation of records and equipment of any vendor visited or examined in the discharge of official duty, or the amount or source of income, profits, losses, expenditures or any particular thereof, set forth or disclosed in any return, or to permit any return or any copy thereof or any book containing any abstract or particulars thereof to be seen or examined by any person except as provided by law; provided, however, that the Governor may authorize examination of such returns by other State officers, by tax officers of another State, or the Federal Government, if a reciprocal arrangement exists, and any other persons the Governor may so authorize.

Any violations of the provisions of this section shall be a misdemeanor and be punished by a fine not exceeding one thousand dollars, or by imprisonment not exceeding one year, or both, at the discretion of the court.

SEC. 31. Any vendor failing or refusing to furnish any return hereby required to be made, or failing or refusing to furnish a supplemental return or other data required by the board, or rendering a false or fraudulent return, shall be guilty of a misdemeanor and subject to a fine of not exceeding five hundred dollars for each such offense.

SEC 32. Any person required to make, render, sign or verify any report as aforesaid, who makes any false or fraudulent return, with intent to defeat or evade the assessment required by law to be made, shall be guilty of a misdemeanor, and shall for each such offense be fined not less than three hundred dollars and not more than five thousand dollars or be imprisoned not exceeding one year in the county jail or be subject to both said fine and imprisonment in the discretion of the court.

SEC. 33 Every order, decision or other official act of the board shall be subject to review in accordance with the provisions of Chapter I, Title I of Part III of the Code of Civil Procedure if the proceeding is brought within sixty days after service of notice of such order, decision or other official act. Upon such review the court shall be limited to a consideration and determination of the question whether there has been an abuse of discretion on the part of the board in making such order, decision or other official act. SEC. 34. All fees, taxes, interest and penalties imposed under this act must be paid to the board in the form of remittances payable to the Treasurer of the State of California, and said board shall transmit such payments daily to the State Treasurer to be deposited in the State treasury to the credit of the "Retail sales tax fund," which fund is hereby created.

SEC 35 For expenditure by the board in carrying out the provisions of this act there is hereby appropriated a sum of money equal to _____ dollars plus _____ per cent, or so much thereof as may be necessary, of all other moneys deposited in the retail sales tax fund; said _____ dollars being payable out of moneys in the general fund not otherwise appropriated being payable out of the retail sales tax fund; provided, that, out of said two per cent of said other moneys deposited in the retail sales tax fund and on or before June 30, 1937, the sum of _____ dollars shall be returned into the general fund.

For expenditure by the Controller in carrying out the provisions of this act there is hereby appropriated out of the retail sales tax fund the sum of _____ dollars or so much thereof as may be necessary.

The balance of the moneys in the retail sales tax fund shall, upon order of the State Controller, be drawn therefrom for the purpose of refunding to the taxpayers hereunder or be transferred to the general fund of the State.

SEC. 36 If any section, subsection, clause, sentence or phrase of this act which is reasonably separable from the remaining portions of this act is for any reason held to be unconstitutional, such decision shall not affect the remaining portions of this act. The Legislature hereby declares that it would have passed the remaining portions of this act irrespective of the fact that any such section, subsection, clause, sentence or phrase of this act be declared unconstitutional.

Statement by Mr. William B. Hornblower on Motion to Set Assembly Bill No. 700, the Budget Bill, for Special Order of Business at Two O'clock and Thirty Minutes P.M. Monday.

I had made a substitute motion to substitute the bill for hearing at two o'clock and thirty minutes today so as to cause no unnecessary delay in the passage of the budget. Those that are opposed to the budget did not want any specified time set and were for a delay in the passage of the budget The substitute motion was defeated by those that are supporting the budget as well as those opposed to the budget, therefore, when the substitute motion was defeated I changed my vote on the original motion against continuing the budget for hearing on Monday at two o'clock and thirty minutes. I believe that the budget should be taken up immediately or, if not, it should follow its place in file so that the same will be given every consideration and passed without unnecessary delay. It is my belief that the continuance of this budget for any time certain will merely delay its passage and for that reason I stood on the principle that we should take immediate action giving everybody an opportunity to be heard and go to a final roll call on the matter

I believe that immediate passage of the budget is necessary for the purpose of permitting those bills relating to the social economic conditions of our State be passed immediately so as to render assistance to those people in need. The delay of the passage of the budget delays the passage of these bills and, in fact, might jeopardize their passage in the Senate by reason of the fact that the Senate and Assembly will adjourn within a few days.

WILLIAM B. HORNBLOWER.

STATE OF CALIFORNIA, GOVERNOR'S OFFICE,
SACRAMENTO, May 24, 1935

Honorable Members of the Assembly,
State of California, Sacramento, California.

GREETINGS: I am returning herewith, without my approval, Assembly Bill No. 851—An act to add a new chapter to Part III of Division IV of the School Code to be known as Chapter IV, relating to sinking funds in school districts for the replacement, reconstruction or alteration of buildings

The bill authorizes the governing board of any school district to establish a sinking fund for the replacement, reconstruction or alteration of buildings owned by the district. If the governing board establishes such a fund, and in the event the inclusion of any such amount in the budget exceeds the levy of a tax rate in excess of the maximum school district tax rate prescribed in the School Code, then the limitations as prescribed in the School Code shall not apply in making such levy.

The sinking fund so established may be expended at any time in the discretion of the governing board of the district for the replacement, reconstruction or alteration of buildings of the district existing at the time of the expenditure In case, however, it is not so expended or is only partially expended, such sinking fund may be discontinued at any time by the governing board of the district and when discontinued the moneys remaining in the sinking fund shall be credited by the county treasurer to such other funds of the district as the governing board may direct

This bill if enacted into law, will permit the governing board of a district to exceed the maximum school tax rate in the collection of a fund, and in the discretion of the governing board discontinue such sinking fund at any time, crediting the money to such other funds of the district as the governing board may direct

Speech Delivered March 15, 1935, by Assemblyman Henry Meehan.

The following St. Patrick's Day speech delivered by Mr. Meehan on March 15, 1935, was ordered printed in the Journal:

One of the queerest stories of modern history is the steady growth of the popularity of Saint Patrick's Day The name day of a great Saint of Ireland has grown through the years to have become the name day of everybody's Saint. The reason for this, no doubt, is based on the fact that the Irish people, to whom Saint Patrick brought the saving message of Christianity, have wandered far and wide from their native hearth, and have carried with them their customs, their memories and their culture.

And so, in this day and age, Saint Patrick's Day has come to assume in every English speaking country the aspect of a National holiday. The great Saint of Erin, most successful of all the Apostles of the early Middle Ages, little realized the magnitude of the work, the foundations of which he laid so well. And it is about the effects of Patrick's work of which we are to speak this morning.

Wander where you will in this wide world, in the words of Kipling "you'll find that breed everywhere" In the New World, in the Old, the East and the West, the North and the South—everywhere you will find an Irishman. The disciples of Saint Patrick emulated their great master. As he came to them from a foreign land, so they too went forth from their own homes The Faith of Christ was brought to Germany by an Irishman, Saint-Boniface; it was brought to Switzerland by an Irishman, Saint Columbanus, it was brought to Scotland by an Irishman. Saint Columban, or Columbkille, as he is familiarly known.

In the field of culture, Irishmen were far beyond their contemporaries of Europe. Schools of learning were established even in the days of Saint Patrick which were filled to overflowing by Irish youths and maidens eager to capture and hold the mysteries of knowledge. Their literature was far beyond the depth of the average continental, and the great studies of the Norwegian and German historians of the past century have brought out the fact that Ireland had a glorious literature and cultural background before Europe had overcome the influences of the barbarian invasions.

In the field of social science, so much emphasized and discussed today, Ireland led the way. In the days when Charles Dickens was ridiculing the workhouses and orphanages of England and calling the attention of his contemporaries to the appalling conditions, Ireland was raising up two great women, Mother Mary Aiken-

head, the founder of the Sisters of Charity, and Mother Catherine McAuley, the founder of the Sisters of Mercy, whose sole objective was to alleviate the sufferings of the sick, the imprisoned and the orphan. The first statue raised to a woman in the United States was that to Margaret Haughery, known as the "Mother of the Orphans" in New Orleans, an Irishwoman, a native of County Cavan.

In the armies of the world, you could always find Irishmen, for of the Irish it has always been said that they could fight better for others than they could for themselves; but of that I am not so certain. Our own country owes a debt of gratitude to them untold in the annals of the Nation. Washington had nearly 23,000 Irishmen fighting in the Revolutionary Army, and was himself a great friend and benefactor of the famous society, the Sons of Saint Patrick. When the Father of his Country was forced to retreat from Long Island in the early stages of the war, he chose five Irishborn Colonels to command the regiments covering the retreat. Captain John Brady, the scout, Timothy Murphy, the flaming light of Saratoga, Major Jack Kelly who saved the army in the retreat from Trenton; Lieutenant Jimmy Gibbons and Captain Billy O'Neill who stopped the British at the Battle of Brandywine—all names to conjure with. John McKinley, a native of Ireland, was Governor of Delaware in 1776. The first mayor of New York was the son of an Irishman, James Duane; Thomas Rutledge and Thomas Burke, both born in Ireland, were Governors of South Carolina during the Revolution; Arthur Dobbs of Carrickfergus was Governor of North Carolina; Thomas Dongan, the Earl of Limerick, had been civil governor of New York. The famous Pennsylvania line in the revolutionary army was nicknamed the "line of Ireland" by General Henry Lee, who commanded it, because of the large number of Irishmen. And, last but not least, General Lafayette on September 25, 1779, at a banquet proposed the toast, "May the Kingdom of Ireland merit a stripe in the American Standard".

In the line of medicine, our country owes the Irish much. Doctor John B. Murphy, the famous Chicago surgeon, was undoubtedly by all the testimony of the greatest doctors of the nineteenth and twentieth centuries, the greatest surgeon of the past 300 years. Dr. Charles McBurney of New York was probably responsible more than any other for the proper treatment of the appendicitis problem. Dr. Joseph O'Dwyer of New York, who spent his life combating the early death of children, despite much opposition and laughter of his colleagues, and who finally succeeded in overcoming the terrible ravages of diphtheria, was a native of Ireland.

In the newspaper field, we find among American journalists such names as these to conjure with, all Irishmen: Hugh Gaine founded the New York Mercury in 1775; John Dunlap founded the first daily paper in Philadelphia; John Daly Burke founded the first daily paper in Boston; William Coleman, founder of the New York "Evening Post" was the son of an Irish rebel of 1798; Thomas Fitzgerald founded the Philadelphia "Item"; Thomas Gill, the New York "Evening Star"; Patrick Walsh, the Augusta "Chronicle"; Joseph Medill, the Chicago "Tribune".

In the field of telegraph, John Mackay, an Irishman, is the founder of the Postal Telegraph Company. Morse, the inventor of the telegraph was the grandson of an Irishman, as was Henry O'Reilly, who built the first telegraph line in the United States. Theodore Vail, to whose development the Bell Telephone System owes more than to any other, and Carthy, chief engineer of the system, are both Irishmen. William Thompson, afterwards Lord Kelvin, did more than any other man to bring about the success of the Atlantic cable, and Marconi of our day, who has made wireless telegraph and telephone and the radio and television and the Lord knows how many other things of this kind possible, is the son of an Irish mother.

We could go on and on and relate the glories of the sons and grandsons of Ireland, but the foregoing gives but a brief glimpse into the glories of the Irish people. They are essentially a poetical people, very hard-hearted when practical, but of a loving and kind disposition. They have suffered much and it must always be remembered that no one can understand an Irishman until he knows the background of that country. The Irish suffered simply and solely for their Faith. Try to destroy a man's religious convictions, be they intense or less so, and you step into a situation best left alone. Hatred of the Irish at times has brought about strange results, such as the betrayal of his country by Benedict Arnold, a fact proven from documents now resting in the Library of Congress, in which it is shown that because of his hatred of Washington, who favored Irish officers in his appointments, he sacrificed honor and loyalty and common decency. Saint Patrick's Day means much to the Irish because of their long defense of their religious convictions, may it be permitted for me to say here that a light-hearted race such as they are furnish the reason why when their cherished ideals are attacked they fight the hardest. To all the world they have gone and to all the world they have carried their faith, their joyful disposition, their love of family and children and fireside, their love of God and neighbor, their willingness to labor for others at the cost of their own satisfaction, their songs and their poems and their history and their ideals. Nowhere in the world do you find others like them. They are unique in world annals. The world's debt to them can not be written. It is beyond all human calculation, and beyond any price.

And so I say to the people assembled here today, members of the Legislature and others who are friends of the Irish. We appreciate your coming here, because we are proud of the blood that courses through our veins, as sons of Irish emigrants we consider it an honor to respect the noble history and sing the praises of a people who came to this land out of choice and have made such good citizens. We point with pride to their achievements in the fields of culture and science. The love of liberty has been deeply embedded in their hearts. At all times have they been willing and ready to lay down their lives on the noble battle field for freedom's holy cause and for the uplifting of suffering humanity. They have "cemented the cornerstone of this Nation and watered the tree of liberty with their blood." From Valley Forge to Flanders Field they have answered the call, they have fought and bled for every Star and Stripe in the greatest flag that floats over any Nation, the Flag of the U. S. A.

Unfinished Business.

The city which is conducting the refunding proceedings may make an advancement or contribution or an additional contribution in order to provide moneys to pay or retire the bonds of such nonconsenting holders In the event the city makes all or any part of such advancement it may reimburse itself entirely or partially by taking all or any part of such refunding bonds at par. Amendment No. 17.

On page 7 of the printed bill, as amended, following line 47, insert the following:

"SEC 11. (a) In the event of such refunding bonds being so issued, then the reassessments and any reassessments which may be issued thereon or in lieu thereof, together with interest thereon, shall remain and constitute a trust fund for the redemption and payment of said refunding bonds and for the interest which may be due thereon Such reassessments and each installment thereof and the interest and penalties thereon shall be and shall continue to constitute a lien against the lots and parcels of land on which made, until the same be paid, but for a period not exceeding the time within which an action might be brought on the last series of refunding

bonds issued upon the security of such unpaid reassessments; provided, however, that unmatured installments, interest and penalties shall not be deemed to be within the terms of any general warranty of title. Any foreclosure of said reassessment lien or sale of property for said lien shall convey the said property to the purchaser free and clear of all encumbrances except such taxes and special assessment liens as are by law equal or superior to said reassessment lien. Such lien shall be superior to and have priority over all special assessment liens created against the same property subsequent to the date of recordation of the reassessment.

(b) In the event of nonpayment of any reassessment or installment thereof or of any interest thereon, together with any penalties and other charges accruing under the laws or ordinances of the city and not later than four years after the due date of the last installment of principal, as a cumulative remedy, the same when due and delinquent may by order of the legislative body be collected by suit brought in the superior court to foreclose the lien thereof. The costs shall be fixed and allowed by the court and shall include a reasonable attorneys' fee, interest, penalties and other charges and advances as herein provided, and when so fixed and allowed by the court shall be included in the judgment. The court shall have the power to adjudge and decree a lien against the lot or parcel of land covered by the reassessment for the amount of the judgment and to order said premises to be sold on execution as in other cases of the sale of real estate by the process of said court, with the same rights of redemption. On appeal, the appellate courts shall have the same power to adjudge and decree a lien and order such premises to be sold on execution as is herein provided for the superior court The foreclosure suit shall be governed and regulated by the provisions hereof, and also where not in conflict herewith by the codes of this State The city shall have the right to advance and pay county or other taxes wherever necessary to protect its interest in property against which there is a delinquent reassessment. It may also at its discretion temporarily transfer moneys into the redemption fund from other funds in which such moneys are not *immediately needed, the moneys so transferred to be used to pay sums due from such* redemption fund and to be retransferred therefrom out of the first available receipts. Upon the ordering of any such foreclosure suits the tax collector shall be credited upon the assessment roll then in his hands with the amount charged against him on account of such reassessments ordered to suit and be relieved of further duty in regard thereto.

(c) Such action shall be brought in the name of the city and may be brought at any time prior to the expiration of four years subsequent to the date of delinquency of the last installment of reassessment due or to become due thereunder. The complaint may be brief and include substantially only the following allegations with reference to the reassessments sought to be collected: That on a date stated the *legislative body passed its resolution or ordinance determining* to refund certain bonds which had been issued for certain improvement work (the improvement work need not be described); that a reassessment for the purpose of refunding said bonds was duly given and made; that said reassessment was recorded on a stated date; that certain property (describing it) was therein reassessed a stated amount; that bonds upon the security of such reassessment were duly issued, giving the date of said bonds, the interest rate and the number of years the last installment of same were to run, and that the same were duly issued under this act, but it shall be unnecessary to state the amount, number, denomination or other term thereof; that on a date stated a certain sum came due on said property on said reassessment and had not been paid and that the legislative body had directed the action to foreclose. The amount of penalties, costs and interest due shall be calculated as hereinafter set forth in sections 13 and 15 hereof up to the date of judgment. In such action plaintiff upon recovering judgment shall be entitled to reasonable counsel fees to be allowed by the court and taxed as costs

SEC. 12. Interest on all unpaid reassessments shall begin to run from the date of recordation of the reassessment and shall be computed at the same rate or rates as is specified in the bonds secured by such reassessments. Such interest shall be payable annually or semiannually according as the city taxes on real property with which the reassessments are collected are payable annually or semiannually For each year the interest shall be computed and collected up to the next second day of July succeeding, no deduction being made by reason of any installment of such reassessment being due or paid prior thereto in such year

Whenever it shall appear to the legislative body that according to the dates when taxes are collected in the city there will be an insufficient amount on hand to pay the interest then due, according to the method of collection provided in this act, then said legislative body may direct that such interest or some portion of the same be collected *in the year preceding that in which the same would* otherwise be collected under this act, and thereupon such interest or portion thereof shall be extended on the rolls for such preceding year and be due and collected therein.

SEC 13. A copy of the resolution of the legislative body confirming the reassessments upon the security of which the refunding bonds are issued, shall be filed in the office of the auditor of the city. The auditor shall keep a record in his office

showing the several installments of principal and interest on said reassessments which are to be collected in each year during the term of said bonds. The auditor shall annually enter in his assessment roll on which taxes will next become due, opposite each lot or parcel of land affected in a space marked "public improvement assessment," or by other suitable designation, the several installments of such reassessment coming due during the fiscal year covered by such assessment roll, including in each case the interest due on such total unpaid reassessments as herein provided, and also including a percentage of one-fourth of one per cent of the amount of such installments and of such interest so entered. Such percentages when collected shall belong to the city and shall cover the expenses and compensation of the city treasurer incurred in the collection of such reassessments, and of the interest and penalties thereon. No other percentage shall be claimed for any such collections. In the event that such collections are made by the county officials the county auditor shall at the close of the tax collecting season promptly render to the city auditor a detailed report showing the amounts of such installments, interest, penalties and percentages so collected on each proceeding and from what property collected, and also giving a statement of the percentages retained for the expenses of making such collections. Taxpayers shall have the like right to pay such reassessment as so entered with interest, and any penalties thereon, under protest as they have to pay general municipal taxes under protest, but in making such payment under protest must accompany the payment with their written protest. In the event of the lot or parcel of land affected by any reassessment not being separately assessed on said roll so that the installment to be collected can be conveniently entered thereon, then said auditor shall enter on said roll a description of the lot or parcel affected, with the name of the owners if known, but otherwise described as "unknown owners," and extend the proper installment opposite same.

SEC. 14. Any interested owner may release and pay any such unpaid reassessment by depositing with the treasurer of the city the total unpaid balance of any such reassessment together with the total interest which would become due on such reassessment were it paid in the regular way; provided, that if and when such funds are used for the purchase or call of a bond the person paying such assessment shall be entitled to credit and reimbursement of his proportion of the interest saved by such purchase or call, less his proportion of any costs incurred for publishing or serving any notice of purchase or call for redemption.

SEC. 15. If the refunding bonds are payable in annual series such reassessments shall be payable in annual series corresponding in number to the number of series of bonds issued and an even annual proportion of each reassessment shall be payable in each year preceding the date of maturity of each of the several series of bonds so issued. If the refunding bonds all mature in one year, the unpaid reassessment shall be payable annually and an even annual proportion of each reassessment shall be payable and become delinquent at the same times and in the same proportion of each reassessment coming due in any year, together with the annual interest on such reassessment, shall in turn be payable in annual or semiannual installments according as the general taxes of such city on real property are payable in annual or semiannual installments, and such installments and said annual interest shall be payable and become delinquent at the same times and in the same proportionate amounts and bear the same proportionate penalties and interest after delinquency as do the general taxes on real property of said city. Upon default in payment, the lands securing such installments and reassessments shall be sold in the same manner in which real property in such city is sold, for the nonpayment of general taxes, and be subject to redemption within one year from date of sale in the same manner as such real property is redeemed from such delinquent sale, and upon failure of such redemption shall in like manner pass to the purchaser. The city must be the purchaser at any delinquent sale in like manner in which it becomes or may become the purchaser of property sold for nonpayment of the general property tax, and shall pay and transfer into said redemption fund the amount of the delinquent reassessment and of the delinquent interest thereon upon which said sale is made. In cases where the municipal property tax is collected by county officials and sales for nonpayment of such taxes are made to the State, the State shall be the purchaser at any such sale hereunder, but shall hold the title acquired at such sale upon behalf of the city and shall account to the city for any moneys received upon redemption or from the sale of such property, the city, for the purposes of this act, being deemed the real purchaser. In the event of there being no available funds in the treasury with which to make such payment, the tax collector shall delay the entry of the certificate of sale until such funds are available, making demand in the meantime upon the legislative body that a suitable amount be included in the next tax levy for the purpose of providing funds with which to make such payment; provided, however, that the period of redemption from such tax sale shall not be extended thereby nor the rights or privileges of the property owner be thereby in anywise affected. In the event of such purchase being made by the city and of any succeeding installment of such reassessment or of such interest not being paid in any future year the property shall not be sold unless there has previously been a redemption from such sale or unless under the law it is then being sold for

delinquent taxes. The ordinance shall designate the issue of bonds to be so reduced, the total principal amount of the bonds of such issue acquired, the purchase price paid therefor, the principal amount of the proposed reduction, the numbers, denominations and maturity dates of the bonds to be canceled and the time and place of the proposed cancellation. Such reduction of assessments shall be carried out by canceling such proportion of the assessments as may be necessary therefor and the legislative body is empowered to provide procedure for such cancellation in compliance with constitutional requirements. The uncanceled portion of the assessments shall be valid and collected in accordance with the terms of the statutes under which the original assessments were levied and bonds issued

SEC 6 Section 5 of said act is hereby amended to read as follows:

Sec. 5. Any issue of bonds under this act may in the discretion of the legislative body of the city be made to mature at one time, provided such time shall not exceed twenty years from the date of issue of such bonds In the event that the bonds mature at one time the annual tax levy shall be sufficient to pay the interest on such bonds as it comes due and to create a sinking fund for the payment of the principal thereof on or before maturity The sum to be raised each year and placed in the sinking fund for the payment of the principal of the bonds shall not be less than an amount obtained by dividing the total principal amount of the bonds issued by the total number of years the bonds are to run In the event the entire issue of bonds is to mature at one time, such bonds may be called for redemption in numerical

No bond issued hereunder shall be callable or redeemable prior to its fixed maturity date unless a statement that the bond is callable is contained in the bond. At least once each year, within sixty days prior to an interest payment date, if the sinking fund contains sufficient available moneys to call one or more of the outstanding bonds, the legislative body shall, by notice published once a week for two successive weeks in some newspaper published in the city, and, in its discretion, in any other newspaper or newspapers, invite sealed proposals for the sale to the city of any bonds for payment of which the sinking fund was created. Said notice shall state the amount available for the redemption of said bonds and shall specify the time when and the place where such proposals will be opened. At such time and place all proposals shall be opened in public. Any or all of such proposals may be rejected in the discretion of the legislative body. No proposal shall be accepted unless the sale price is less than par and accrued interest. If no proposals are received or if those received are rejected or are insufficient to exhaust the moneys available for the redemption of bonds, the legislative body shall call in numerical order such outstanding bonds as can be redeemed from the moneys available for that purpose. Notice of the call of such bonds for redemption shall be published once a week for two weeks in a newspaper of general circulation in said city. The first publication shall be not less than thirty days prior to the date fixed for such redemption. Upon the date fixed for such redemption the bonds so called shall be redeemed at par and accrued interest to that date. If any bonds so called are not presented for redemption on the date fixed therefor, then on the day following said date a sum sufficient for the payment of the principal of such bonds and accrued interest to said date of redemption shall be placed in a special fund for that purpose and interest on the bonds for which such provision is made shall cease on said redemption date.

SEC. 7. A new section is hereby added to said act, to be numbered section 6, and to read as follows:

Sec. 6. This act and all of its provisions shall be liberally construed to the end that the purposes hereof may be made effective. If any section, subsection, sentence, clause or phrase of this act is for any reason held to be unconstitutional or invalid, such decision shall not affect the validity of the remaining portion of this act. Notice of Reconsideration of Assembly Bill No. 700.

Mr. Cottrell gave notice that on the next legislative day he would move to reconsider the vote whereby Assembly Bill No. 700 was this day passed.

Explanation of Vote.

I can not vote for the adoption of this budget which spends millions of dollars and fails to provide any relief for the Napa State Hospital. Failure to make an

appropriation to take care of patients crowded into buildings condemned as fire-traps, while providing for other less worthy objects, is criminal.

ERNEST C. CROWLEY.

Explanation of Vote.

In explanation of my vote on Assembly Bill No 700, I voted for the passage of the bill upon the assurance by Mr Cottrell, chairman of the Committee on Ways and Means, that the Legislature would stay in session until sufficient revenue measures were passed to guarantee the balancing of the budget as proposed without the levy of an ad valorem tax and had I failed to receive this assurance, I would not have voted for the Budget Bill at this time as I am definitely against a State ad valorem tax and shall insist that the Legislature remain in session until sufficient revenues have been raised to meet the expenditures as provided in the proposed budget

EARL D. DESMOND.

Explanation of Vote.

My vote on this Budget Bill is what I believe to be for the best interests of the taxpayers of my district and the State

I believe we should not make this vast appropriation without funds to meet it

I believe we should have a fair and equitable income and inheritance tax to help pay these expenditures.

This bill will without doubt force an ad valorem tax upon the people, and therefore, I can not vote for it

The following is a statement of the facts constituting such urgency:

There is now prevalent in the State of California a disease known as psittacosis (parrot fever), which disease is carried and spread by certain birds of the psittacine family. In order to effectively control the contraction and spread of this disease, and thus properly safeguard the health of the people of this State, it is necessary that the transportation and sale of said birds be controlled and regulated by the proper State authority. Notice of Reconsideration of Assembly Bill No. 834.

Mr. Patterson gave notice that on the next legislative day he would move to reconsider the vote whereby Assembly Bill No. 834 was this day passed.

Explanation of Vote.

The action of a number of the members on the floor, has indicated that they would vote to continue in effect this limitation and said action presupposes the bill's passage. With that confronting me, I offered an amendment which would keep this limitation extention, down to the shortest possible period, namely June, 1937.

The offer of the author to accept my amendment, if I would vote for the bill was, by me, accepted.

In principle, I am opposed to this legislation because it interferes with my city's "pay as it goes" policy; but if we are going to have it forced on us by the vote of this Assembly, then I want it extended only to the shortest possible date. My amendment did that.

The acceptance of my amendment by the author, and its adoption by the Assembly, made it necessary for me to vote for the bill

Such levy shall be satisfied by such other reserve accounts through payment out of each unexhausted account of such proportion of such unpaid benefit liability as the aggregate of the money and assets in each such account bears to the total, in excess of benefit liabilities, of the moneys and assets of the fund at the date of the levy."

Explanation of Vote.

I submitted an amendment to the budget to take care of the deplorable conditions in the Napa State Hospital because I felt that such conditions should not exist in any civilized State and should be remedied immediately. Upon rejection of my amendment, I felt it my duty to vote against any Budget Bill which committed such an injustice to the unfortunates of that institution. Since my vote, however, certain unfortunate publicity labeled the appropriation a "plum" in return for a vote for the administration and I now feel that to insist upon the proper amendment might discredit the most worthy amendment which I offered by branding it as a political or pork-barrel measure and rather than have any suggestion of that kind discredit work which I feel is the mainifest duty of this State, I shall vote to reconsider the Budget Bill and for passage of said bill. If the plea of these unfortunate persons fall upon deaf ears and receive no heed from the Governor and this Legislature, may the burden rest on their souls, not mine.

ERNEST C. CROWLEY.

MR. SPEAKER: I have the honor to transmit to you herewith a copy of a resolution adopted by the Senate on May 22, 1935, which I will ask you to be so kind as to hand to one of your distinguished members, former Senator Thomas A. Maloney.

J. A. BEEK, *Secretary of Senate.*

Communications.

The following communications were received, and ordered printed in the Journal:

By Mr. Speaker:

CALIFORNIA STATE EMPLOYEES' ASSOCIATION,
HOTEL SACRAMENTO, SACRAMENTO, CALIFORNIA, May 29, 1935.

Hon. Edward Craig, Speaker, California State Assembly,
State Capitol, Sacramento, California.

DEAR MR. CRAIG: It has come to our attention that several members of the Assembly have received telegrams from the California Federation of Civil Service Association, signed Ivan Flamm, president.

The telegrams state that the organization represented by Mr. Flamm are opposed to Assembly Bill No. 834, and that the organization represents Federal, State, county and city civil service as well as teachers' organizations.

Will you kindly inform the members of the Assembly that the California State Employees Association is in no way affiliated with the organization of which Mr. Flamm is president nor has Mr. Flamm any authority whatever to speak for the California State Employees Association. Further, the information contained in the telegrams does not in any way express the attitude of the California State Employees Association. Our position is neutral as we feel that such matters should be handled entirely by the members of the Legislature who are elected to represent the taxpayers of the State.

Thanking you for your consideration in this matter.

Very truly yours,

HARRY P. ROYER, Executive Manager.
