EXPLANATION OF VOTE.

Assembly Bill No. 1212 affects principally the tidelands of Santa Barbara County. This bill is very technical in character and has been amended at length three times, each amendment vitally changing the effect of the bill It seems, on the information I now have, to carry no provisions which will operate to the disadvantage of our county. I wish, however, to consult further with my constituents and give the bill further study and will probably wish to present further amendments. I am voting for the bill with the assurance of the author that I will have every opportunity to do so in the Senate.

In the event that the board of directors propose to issue funding bonds as herein provided, they shall first adopt a resolution setting forth their intention so to do, which resolution shall also contain the following:

1. A general description of the boundaries of the district to be charged with the payment of any funding bonds which are proposed to be issued. Said district may embrace the whole or any portion of any joint highway district organized and existing under the provisions of this act, and said district shall be divided into zones composed of the counties, or portions thereof, composing such district. It shall be a sufficient description of the boundaries of any such funding district and the zones therein, if the same are clearly shown upon a map or plat attached to said resolution.

2. A description in general terms of the location, character and cost of the acquisition of property or construction work, for the expenses of which or any portion thereof it is proposed to issue funding bonds as herein provided.

3. A statement of the amount for which it is proposed to issue funding bonds, together with a statement of the maximum time for which such bonds are proposed to be issued (which shall not exceed five (5) years from the date of the order providing for the issuance of the same), and the rate of interest which such bonds shall bear, not to exceed six per centum (6%) per annum.

4. A statement of the percentage of the total amount of the annual sums which it is proposed to levy against and upon the lands within the several zones in such funding district for the payment and retirement of such funding bonds, together with interest thereon. Such percentages shall not exceed the proportionate amounts chargeable within and against the several counties within the district as such amounts are set forth in the resolution of the board of directors provided for in

section 12 hereof. Said resolution shall also fix a time and place of hearing upon the matter of the proposed issuance of funding bonds, as set forth in said resolution.

Sec. 24. Hearing on funding bonds. Upon the adoption of the resolution provided by section 23 hereof, by the board of directors, the secretary thereof shall cause a notice of the time and place of hearing to be published twice in a newspaper of general circulation published at the county seat of each county embraced within the boundaries of the proposed funding district. The newspapers in which such publication shall be made may be designated by the board of directors or in the absence of such designation by the secretary thereof. The time fixed for such hearing shall not be less than fifteen (15) days after the completion of the publications herein provided for. A copy of the notice of hearing above mentioned shall be transmitted by the secretary of the board of directors to the several boards of supervisors of the counties comprising the joint highway district, not less than thirty (30) days prior to the time fixed for hearing. No county or portion of a county shall be included within any funding district, which has previously paid into the district treasury any amount previously levied within and upon such county.

Upon such hearing or at any time to which the same may be adjourned, any and all persons interested may appear and in writing set forth any objections they may have to the boundaries of the proposed funding district or the zones therein, to the proposed issuance of funding bonds or upon the question of benefits to be derived by any parcel or parcels of land within the proposed funding district, or the amount thereof.

The board of directors shall hear and determine all protests or objections presented at such hearing. Said board shall have power at such hearing to alter the boundaries of the proposed funding district or change the amount for which funding bonds are proposed to be issued, but may not enlarge the boundaries of such district or increase the amount of bonds proposed to be issued. At the conclusion of such hearing the board of directors shall finally determine the boundaries of such funding district and the zones therein and shall determine the amount of funding bonds to be issued, which amount shall not exceed the benefits to be derived by the lands within said district from the project for which said bonds are to be issued. All decisions, findings and determinations of the board of directors upon notice and hearing as aforesaid, shall be final and conclusive upon all persons entitled to present protests or objections at such hearing, in the absence of actual fraud.

If the owners of more than fifty per cent in area of the property within any funding district shall at such hearing object in writing to the issuance of funding bonds, the board of directors shall have no power to cause such funding bonds to issue.

Following such hearing the board of directors, if it determines to issue funding bonds, shall cause its findings in relation thereto to be transmitted to the boards of supervisors of the several counties within the district. If any such board of supervisors makes objection to the issuance of such funding bonds within thirty-five (35) days after receiving notice thereof, the board of directors shall have no power to cause the same to be issued, but such board of directors may take new proceedings in the same manner as provided in the first instance covering an amended proposition for the issuance of funding bonds for the same or any different project or any portions thereof. If no objections are made by any board of supervisors as in this section provided, the board of directors may cause funding bonds to be issued as herein provided.

If the court shall find that any such work or improvement has been done or made, or services rendered, or acquisitions of necessary rights of way or property, then the court shall order the board of directors of the district to take proceedings as in this section provided for the issuance of bonds to cover the costs of the same. The report above referred to shall be filed with the secretary of the board of directors, and upon such filing said secretary shall fix a time and place of hearing thereon and give notice thereof. Notice of such hearing shall be published at least twice in one or more newspapers of general circulation to be selected and designated by such secretary, and which shall be published and circulated within the boundaries of the district set forth and described in the report above referred to. The last publication of such notice of hearing shall be not less than twenty days prior to the date set for such hearing.

At the time fixed for the hearing upon said report, or at any time to which said hearing may be adjourned or continued, any person interested may appear and be heard upon any of the matters set forth in said report. The board of directors shall have power to confirm said report and to revise, correct or modify the same, in such manner as said board may deem just and in accordance with the facts as said board may find them. At the conclusion of the hearing said board shall adopt a resolution declaring its findings and determinations upon said report, and the same shall be final and conclusive upon all persons and in all proceedings or actions as to all matters so found and determined. If no changes are made in the said report, it shall be sufficient for said board to declare that said report is confirmed and the same shall thereupon become the findings and determinations of the board. Upon the adoption of the resolution of the board of directors above provided for, the treasurer of the district shall immediately cause bonds to be issued under the provisions of this section in the amount and manner provided in said resolution. Said bonds shall be dated as of the date of said resolution. Said bonds shall by their issuance be conclusive evidence of the regularity of all proceedings prior thereto under this act and after the same are issued, no tax, assessment tax, or other charge or levy, levied or collected for the purpose of paying the principal or interest on said bonds shall be held to be illegal, invalid or set aside or refunded by reason of any error, informality, irregularity, omission of defect in any of the proceedings prior to the issuance of said bonds, nor shall any action or proceeding be commenced or maintained after sixty (60) days from and after the date of their issuance to cancel or set aside said bonds or prevent the payment thereof, or the levy, collection or enforcement of any taxes, assessment taxes or other charges or levies for such payment. During the course of the construction or improvement of any highway or project by any district under the provisions of this act, the said highway or project shall be under the control of the board of directors of the district and such board of directors shall have the right to make all necessary regulations concerning the use of any highway under the control of the district which are not in conflict with general laws and may exclude from such highway such vehicular or other traffic as may, in the opinion of the board of directors, be detrimental to the public safety or will result in injury to the roadway during the progress of construction or improvements thereon, or otherwise. All laws relating to the use of state highways in this state shall be applicable to any highways under the control of any district organized hereunder.

Sec. 32. Highways on completion to revert to counties. Upon the completion of construction or improvement of any highway or portion thereof by any district organized hereunder, the board of directors of the district shall adopt a resolution declaring such completion and transmit a copy of the same to the board of supervisors of the county in which such highway or portion of highway is situated. Upon

Sec. 33. Condemnation of rights of way by counties in behalf of district. The board of directors of any district organized hereunder may request the proper officers of any county situated within the district to condemn and acquire property or rights of way within such county necessary for the project or projects for which the district is created. When so requested, it shall be the duty of the board of supervisors of the county so requested to undertake the condemnation and acquisition requested by the board of directors of the district and the cost thereof shall be a proper deduction from any levy made by the district upon or within such county. Any excess in such cost over and above the amount of any such levy shall be paid to the county by the district out of its proper funds provided for that purpose. The proceedings required to be taken by any county or county officers under the provisions of this section shall include the taking of immediate possession of any property or rights of way necessary for district purposes.

Sec. 34. Control of state moneys. In case it shall be determined that any sum of money authorized to be expended from the state treasury of the State of California shall be expended as required by section 22 of article four of the constitution of the State of California, then the advisory board of the state engineering department, or corresponding body or person in the department of public works, shall have the exclusive management and control of such expenditure. If the boards of supervisors of the several counties concerned assent to the relinquishment and transfer of such management and control, but such advisory board or other officer may in its or his discretion delegate its or his powers to the board of directors of the joint highway district and said joint highway district is hereby declared to be a state institution within the meaning of said constitution. The board of directors of the district may vest in the state engineering department or the department of public works, authority to supervise the work of construction, or so much thereof as it may, in its discretion, determine.

Sec. 36. Dissolution of districts. A copy of the resolution of dissolution shall be transmitted to the secretary of state and to the boards of supervisors of the several counties composing the district. Any property or moneys belonging to such district at the time of dissolution shall by the board of directors thereof be distributed to the several counties composing the district in the proportions in which such counties have contributed to the expense and operation of such district.

Sec. 37. Repeal of conflicting provisions. All acts and parts of acts in conflict herewith are hereby repealed except that all joint highway districts organized or existing prior to the effective date of this act may continue their operations and the discharge of their obligations pursuant to the provisions of all laws appertaining to such districts in effect prior to the effective date of this act.

Sec. 38. Reorganization of existing districts under this act. PRESENTATION OF PETITIONS.

The following petitions were presented, and ordered printed in the Journal:

By Mr. Speaker:

LOS ANGELES, CALIFORNIA, March 30, 1931.

Hon. Edgar C. Levey,
Speaker of Assembly,
Sacramento, California.

Board of Supervisors endorse original McKinley Assembly Reapportionment Bill as being fair to southern California.

BOARD OF SUPERVISORS, LOS ANGELES COUNTY,
MAME B. BEATTY, Chief Clerk.

By Mr. Kline:

RIVERSIDE, CALIFORNIA, March 29, 1931.

Hon. Chester M. Kline,
Sacramento, California.

DEAR FRIEND AND ASSEMBLYMAN: We, the Riverside County Truckman Association, do earnestly petition your good office to use your influence and best endeavor to prevent the passage of Senate Bill No. 678, now before the Assembly, as we feel it would be confiscatory to a greater part of the independent and individual truckmen of the State and place in the hands of the State Motor Vehicle Department unreasonable powers which could and would doubtless be used against the small operator.

We note also this bill is being backed by the franchise carriers and railroads of the State which within itself is evidence that the law would not be a safe one for the general public, and individual operators.

C. A. MORELOCK,
And 30 others.

By Mr. Baum:

THE REPUBLICAN STUDY CLUB OF LOS ANGELES,
LOS ANGELES, CALIFORNIA.

At a meeting of the citizenship committee of the Republican Study Club of Los Angeles, held at the Mayfair March 27th, the following resolution was presented to be submitted to the board of directors of the Republican Study Club; said resolution was unanimously passed at a special meeting of that board;

WHEREAS, There are two Senate bills before the California Legislature, known as the McKinley Bills, in which California is to be reapportioned according to population; and

WHEREAS, Feeling the vital need to southern California in just reapportionment, we wish to commend the members of our Legislature from southern California who are working so hard for us, and being so loyal to us in this matter; we express our appreciation to Senator McKinley and Assemblyman Little and to all members of the Legislature who are standing by southern California in this matter, and supporting the two original reapportionment bills as introduced by Senator McKinley.

The aforesaid resolution was unanimously passed at a regular meeting of the Republican Study Club held on March 27, 1931. Copies to be sent to Governor James Rolph, Jr., and Lieutenant Governor Frank Merriam, and to all members of the Legislature from Los Angeles County.

NELLIE DEAN GRAHAM, President.
MRS. FRED B. KUCK, Corres. Secretary.

By Mr. Robinson, C. Ray:

MADERA, CALIFORNIA, February 14, 1931.

To the Honorable Ray Robinson, Assemblyman,
Andrew S. Schottky, Senator,
Members California State Legislature, and the Honorable James Rolph, Jr., Governor, State of California.

GENTLEMEN: (1) In the interest of the welfare of Madera County, and to promote efficiency in the office of the sheriff of Madera County, we, the undersigned citizens and taxpayers, do petition you to do all within your means toward amending the County Government Bill of Madera County, to enable the sheriff's office to receive additional help.

(2) We believe that an additional deputy and stenographer is necessary to carry on the work of the above office.

(3) It is a recorded fact that past grand juries have realized this need and made recommendations accordingly, but that the grand jury recently discharged, failed to make such a recommendation, and for this reason, we make this petition.

(4) It is an established fact that the work of this particular office has increased threefold within the past six years.

(5) It is a matter of record that when additional help was granted the various offices over the state, that the office of sheriff of Madera County, failed to receive this consideration due to political reasons, only.

C. A. KEITH,
And 500 Others.

PRESENTATION OF PETITIONS

The following petitions were presented, and ordered printed in the Journal:

By Mr. Speaker:

CAFFEY, CALIFORNIA, March 30, 1931.

Mr. Speaker.

DEAR SIR: I wish you would read this to the House assembled and recommend that some member would take up the fight for the old and needy. The last Legislature passed a bill, sponsored by the Order of Eagles, and indorsed by Governor C. C. Young, giving old people, 70 years or more of age, without means or relations, a sum of $30 per month, which was fine and right, but when it was tried out the supervisors of the counties said it was up to them to allow anything or nothing, and all they had to do was to screw down the applicant as low as possible and the State paid half of it. I do not know of any one who is getting what it was said the law allowed, but it was a big ad for the State. It went before the world as a great humanitarian measure, and how proud they were, but when they find that it was all bunk they should blush with shame now. Let the people see what honorable gentlemen you can be, and correct that bill so that it will have to do what it claimed to do, and wipe the blush of shame from the fair face of California

Yours very respectfully,

J. A. MacDONALD.

By Mr. Speaker:

WHEREAS, It is made the duty of the State Legislature at the first regular session thereof following any Decennial Federal Census to make a reapportionment of the members of the State Legislature; and

BOARD OF SUPERVISORS, LOS ANGELES COUNTY,

COMMUNICATION FROM THE GOVERNOR.

The following communication from the Governor was received, and ordered printed in the Journal:

By Mr. Speaker:

STATE OF CALIFORNIA, GOVERNOR'S OFFICE,
SACRAMENTO, March 28, 1931.

Hon. Edgar C. Levey,
Speaker of the Assembly,
State Capitol, Sacramento.

DEAR MR. LEVEY: Attached hereto is a copy of a report made by Mr. Ralph Arnold, as chairman of the California delegation to the Governors' Oil Conference at Washington, during January to March, 1931.

This is for the information of the members of the Assembly in one instance, and in the other, for the information of the members of the Senate.

With kindest regards,

Very sincerely yours,

JAMES ROLPH, JR., Governor.

LOS ANGELES, March 19, 1931.

Herewith is my informal report as chairman, California delegation to the Governors' Oil Relief Conference, Washington, D. C., January to March, 1931.

Following your appointment of the committee these members left for Washington January 11th: William J. Kemnitzer, representing A. T. Jergens, H. E. Harris, Los Angeles; Tom Lapps, Los Angeles; Richard Florian, Los Angeles; J. R. Dorsey, Bakersfield, W. H. Cooley, Bakersfield; Hayden F. Jones, Fresno.

I was delayed in starting but joined my associates there on January 19th. The initial phases of the conference were over when I arrived, but the real work was yet to be done. After having gone thoroughly into the plight of the independent oil producers of the United States, the conferees had determined on the introduction of a bill in Congress to limit the imports of crude oil and refined products.

As finally drafted, the bill approved by the conference, called for a limitation of crude imports to 16,000,000 barrels, 20 per cent of the 1928 imports, for each of the years 1931, 1932, and 1933, and a complete embargo on all refined products for the same period. The embargo was to protect the American refinery workers. The bill was introduced in the Senate by Senator Arthur Capper of Kansas, and an exact counterpart of the bill was introduced in the House by Representative M. C. Garber of Oklahoma, the bill being known as the Capper-Garber Bill for Limiting Oil Imports. Senator Shortridge also introduced a bill in the Senate which would have greatly curtailed imports of crude oil and refined products, but as it had the elements of a tariff measure which might have caused parliamentary delays, it was deemed inexpedient by our committee to sponsor the bill at the time.

Hearings on the bill were held before the Senate Committee on Commerce and the House Ways and Means Committee. Our delegation took an important part in both hearings, principally through the testimony which Mr. Harvey C. Fremming, President of the International Oil Workers Unions and I, as its chairman, gave before both committees. Much of the data on which the independents based their case was derived from books now being prepared by William J. Kemnitzer and myself, the first of which, "Petroleum in the United States and Possessions," a thousand paged volume, is just coming from the press of Harper and Brothers. For instance, we showed that whereas the American Petroleum Institute and United States Bureau of Mines statistics showed a falling off in imports in 1930 over 1929, there actually was an increase, if the crude and refined products were reduced to a common denominator of crude oil. Again we showed that the United States had a reserve of over 27,000,000,000 barrels of oil in its oil sand fields and over 500,000,000,000 barrels in reserve if the oil contained in coal, lignite and oil shales was taken into account. It was estimated the free oil in sight would last for about 140 years and the coal and shale oil over 500 years. This evidence supported the contention of the independents that we had all of the oil we needed for domestic consumption without importing foreign crude.

The testimony of the labor group, led by Mr. Harvey C. Fremming of Los Angeles, was most effective. Through his active intervention and that of the Texas delegation, particularly Mr. T. F. Hunter, the American Federation of Labor and the Railroad Brotherhoods and affiliated organizations (the last two including over 25 active unions) had representatives appear before the committees on behalf of the 100,000 oil workers who are jobless largely on account of the importing of foreign crude. A lesson could well be learned by the independent oil operators of the country from the labor unions. When one of the unions, like the oil workers in the present instance, is in distress, all the other unions come to its assistance. Would that the independents showed as much cooperation. It was a real pleasure for our delegation to meet and have the hearty assistance of the leaders of organized labor.

The other three members of our delegation to stay over through the fight for our bills were William J. Kemnitzer, H. E. Harris, editor of "National Oil Derrick",

and Richard Florian, president of Western Oil and Refining Co. Kemnitzer furnished facts and figures and acted as one of the five members of the Executive Committee of the conference; Harris was all-around handy man, collecting pertinent facts, reporting to our home organization, assisting in the publicity, and because of his acquaintanceship with several members of Congress, contacting and lobbying among these important men, owing to sickness Dick Florian was unable to help after the first few days. Louis Titus, formerly of California but now of Washington, though not officially a member of our delegation, helped draw our bill and in other ways rendered us valuable assistance. Your strong support of our cause and the action of both branches of our Legislature in unanimously passing commendatory resolutions were most helpful and fully appreciated not only by our delegation but by the independents from the other states as well.

It was my privilege to confer with President Hoover and Secretary Wilbur several times during the progress of the fight for our bill The President, having been an oil man of no mean proportions at one time, was naturally very sympathetic with our efforts to save the domestic industry from ruin However, he seemed to consider the matter one for the legislative branch of the Government to handle and so took no active part in the fight Because of the attitude and remarks of some of his friends he was reported at one time to have been unfriendly to the proposed legislation, but this false rumor was soon overcome, and he let it be known unmistakably toward the end of the session that he favored limiting the imports as a matter of justice to the domestic producers who are voluntarily curtailing their output Secretary Wilbur was opposed to our legislation when it was first proposed, but later on after he had been interviewed by some of us, he came out openly in a letter to Chairman Johnson of the Senate Committee on Commerce, admitting the justice of our fight for a limitation of imports It is my belief that Secretary Wilbur has had some poor advice regarding certain phases of the oil industry, else he would have favored our plan from the start Secretary Hurley, being an Oklahoman and familiar with the oil business, was with us from the very start and did some fine work for our bill

In passing, I want to praise the splendid work of our two California Senators in behalf of our cause Senator Johnson, as chairman of the Committee on Commerce, before which our hearings were held, extended every courtesy to our committee, and by his handling of the hearings, his questions to witnesses and his open work among his colleagues, showed a keen insight into the deplorable condition of the domestic oil industry and a militant sympathy for our efforts in seeking a remedy Senator Shortridge, though he was not a member of the committee before which our hearings were held, took time in the very busy end of the session to attend all the meetings at which we were giving testimony, and by questions and work among his colleagues aligned himself squarely behind our efforts to protect the oil industry (as he has done in the case of all other deserving industries in the past) against foreign ruinous competition

Our California delegation in the House of Representatives was with us to a man—and a woman, Mrs Kahn, bless her active little self Although we had no member on the Ways and Means Committee, at least two of our representatives, Joe Crail and W E Evans, attended our hearings to lend their moral support, and Joe spoke in our behalf before his colleagues.

Among the oil men from other states whose work stood out prominently during the fight were.

Wirt Franklin (Tulsa), President of the Independent Petroleum Association,
Orville Bullington (Texas), and
Russell B Brown (Oklahoma), chairman and secretary, respectively, of the Governor's Oil Relief Conference:
T. F. Hunter (Texas),
Capt J F. Lucey (Texas),
A M Langdon (Kansas),
Barritt Galloway (Oklahoma),
J I Cromwell (Oklahoma),
Ex-Senator Henry J. Allen (Kansas)

The midcontinent independent operators were much better organized and financed than our California group This is because the chief executives of some of their larger independent companies take the independents' plight more seriously than do our leading executives The midcontinent men not only contributed money more freely but gave generously of their time as well Whereas several of the leading independents from Texas, Oklahoma and Kansas, and even Wyoming and Montana, personally attended the conference and several stayed through the long ensuing fights for our bill, with one exception not a single outstanding California operator was counted present and this in spite of my urgent pleadings for a goodly delegation of chief executives to go to Washington personally. Congressional committee members are prone to act on the theory that, where a citizen isn't interested enough in the legislation he advocates to personally attend hearings and tell the committeemen face to face what he thinks and wants, the latter has little faith in his own cause

The midcontinent operators have put over $100,000 and a year's time into the fight, which, by the way, has just begun, and have maintained substantial head-

quarters in Washington for over a year. It behooves the California operators, if for no other than purely selfish reasons, to cooperate more actively, personally and financially with their midcontinent brethren, else the independent oil operator of this country is doomed to speedy and complete extinction.

Probably every thoughtful oil man in the country has a pet theory on how to remedy the ills of his industry. I know I have one and I believe it is pertinent to this report to append it here as a suggestion for consideration by the oil industry not only of this great state but of the nation. It is now under consideration by oil men, congressmen and government officials. Stripped bare of details it is this:

Have Congress create a committee, commission or board with power to post prices, allocate and control production and exercise such powers as will conserve our oil supply for the best interests of the industry and the people of the United States, conservation in this case to be defined as by the late C. Willard Hays as "utilization with a maximum of efficiency and a minimum of waste."

Seven members to constitute the commission, one member to be chosen by the President to represent the federal government, one member to be chosen by the governors of the three leading oil-producing states to represent the interests of the individual state governments, one member to be chosen by the American Petroleum Institute to represent the large integrated companies, one member to be chosen by the Independent Petroleum Association of America to represent the independent and small operators, one member to be chosen by the American Federation of Labor to represent the oil field workers, and two members to represent the public, one chosen by the agricultural interests of the country and one by the automotive industry or the National Economic League.

The commission should function through the Federal Oil Conservation Board which should finance its activities. Subcommissions in each state and committees in each important oil field or district should be set up along the membership lines suggested for the national commission, to act under the jurisdiction of the national body. These state and local bodies should be financed by their respective jurisdictions.

Such a committee, though deriving its power from the people through Congress, would be representative of all the groups vitally interested in the problems of the oil producer. It should be clearly understood that this committee would represent and have to do primarily only with the problems of the oil producer, not the transporter, refiner or marketer. Nine-tenths of the ills of the oil producer are the direct result of the control of his business by those who transport, refine and market his product. Until the actual producer of oil can be given the authority of the federal and state governments and the cooperation of the public in solving his own problems, they never will be satisfactorily solved. The plight of the oil producer is similar to that of the coal operator before the railroads were forced to divest themselves of coal properties. His plight is like that which would befall the farmer if his fate were in the hands of the railroads, the mill owners and the bankers, or like that of the cattlemen if controlled by the railroads, the meat packer and the butcher. Until the control of the producing end of the oil business is completely separated from the transporting, refining and marketing end, his fate is sealed—and for the worse.

Thanking you for the opportunity to cooperate with my colleagues in advancing the interests of our great industry, I am,

Yours cordially,

(Signed) RALPH ARNOLD, Chairman.
California Delegation, Governors' Oil Relief Conference of 1931.

PRESENTATION OF PETITION.

The following petition was presented, and ordered printed in the Journal:

By Mr. Speaker:

CLOVIS, CALIFORNIA, March 31, 1931.

Hon. E. C. Levey,
Speaker Legislative Assembly,
Sacramento, California.

MY DEAR MR. LEVEY: We, in Fresno County have to congratulate ourselves on the high qualities of our county officials and especially of our county supervisors.

The supervisors are now receiving salaries of $400 per month, and an attempt is being made in the introduction of Assembly Bill No. 1656 to cut the salaries from $400 to $300 per month.

In all fairness to the gentlemen interested we protest strongly against this reduction—feeling that the high quality of the men, their strict integrity and their business instinct results in a saving of many thousands of dollars to this county yearly.

We would respectfully suggest that Assembly Bill No. 593 be allowed to stand and that you aid in killing Assembly Bill No. 1656.

Very sincerely yours,

CLOVIS LUMBER CO.
J. G. FERGUSON, President.

any person holding an appointment as deputy clerk, deputy sheriff or deputy constable appointed for the convenience of such appointee, who receives no compensation from the county or municipal corporation or from the citizens thereof for services as such deputy; *provided*, that such last exclusion shall not deprive any person so deputized from recourse against any private person employing him for injury occurring in the course of and arising out of such employment.

(*b*) Any person rendering service for another, other than as an independent contractor, or "independent merchandiser," or as expressly excluded herein, is presumed to be an employee within the meaning of this act. The term "independent contractor" shall be taken to mean, for the purposes of this act: any person who renders service, other than manual labor, for a specified recompense for a specified result, under the control of his principal as to the result of his work only and not as to the means by which such result is accomplished. Such person's status as an independent merchandiser shall not be affected by the fact that the price, terms, or conditions of resale are fixed by the original vendor. (*d*) Watchmen for nonindustrial establishments, paid by subscription by several persons, shall not be held to be employees within the meaning of this act. In other cases where watchmen, paid by subscription by several persons, have at the time of the injury sustained by them taken out and maintained in full force and effect insurance upon themselves as self-employing persons conferring benefits equal to those conferred by this act, the employer shall not be liable under this act.

(*e*) It shall not be a defense to the state, or any political subdivision or institution thereof, or public or quasi public corporation, that a person injured while rendering service for it was not lawfully employed by reason of the violation of any civil service or other law, rule, or regulation respecting the hiring of employees.

(*f*) Workmen associating themselves under a partnership agreement, the principal purpose of which is the performance of the labor on a particular piece of work, shall be deemed employees of the person having such work executed, and, in the event the average weekly earnings are not otherwise ascertainable, shall be deemed to be employed at an average weekly wage of twelve dollars: *provided, however*, that if such workmen shall have taken out and maintained in full force and effect insurance, in an insurance carrier as defined in this act, insuring to themselves and all persons employed by them benefits identical with those conferred by this act, the person for whom such work is to be done shall not be liable as an employer under this act."

By Mr. Speaker:

THE FRATERNAL BROTHERHOOD, LOS ANGELES, CALIFORNIA.
SACRAMENTO, CALIFORNIA, March 17, 1931.

To the Chairman and Gentlemen of the Insurance Committee.

The purpose of the amendments to the fraternal insurance laws presented by Mr. Sewell for your consideration is to liberalize and modernize the functioning of fraternal institutions in response to the demands of their members and the insuring public.

The amendments do not require anything of any society not required by the present statute, nor do they forbid their doing anything which they can do under the present law.

Mr. Sewell's bill leaves unchanged all of the present California law dealing with the responsibilities of the societies towards the Insurance Department, and will in no way affect their control by the commissioner.

It will give the State a better fraternal code than it now has in that it will bring the theory of the law abreast with present conditions. It is not a matter of concern one way or the other to commercial life insurance companies. It affects only fraternals and is purely elective as to them.

Briefly our measure means just this:

Members ask the right to make their certificates payable to the "estate". The old restrictions compel the member whose wife and near relatives are no longer living to leave it to distant relatives who have no insurable interest, and often no interest whatever in the insured.

It is more fraternal to permit the member to make his policy payable to his estate so that in case he has no wife or beneficiaries the amount would take care of his funeral expenses and other obligations.

Many lodges do not meet monthly and therefore the societies are violating the present statute which requires them to meet not less often than once a month We suggest a change of "monthly" to "periodically" to permit these societies to do business without violating the law. As far as I know, no society in the Fraternal Congress would consent to giving up lodge meetings with ritualistic ceremonies—on the contrary, they cling tenaciously to the system.

Touching the question of medical examinations, we ask that the law be modernized so that at the option of the societies they can substitute a thorough inspection service which is more comprehensive than the medical investigations now furnished.

The amendment of section 5 seeks to clarify the language of the present code, liberalizing the phraseology of the act making more directly possible the issuance

of policies, with cash surrender and loan values, and endowment features. Our act in this State already provides for this but the phraseology of the new act proposed is much more to the point.

The amendment of sections 9 and 10 of the present code, provides for surplus development in the mortuary funds being used for expense purposes in the development and promotion of the societies themselves so long as they are operating on a sound procedure and have more than 100 per cent solvency by actuarial valuation.

The four big railroad brotherhoods members of the National Fraternal Congress are additionally interested in the amendment of section 29 of the law making provision for insurance coverage of one or more hazardous occupations instead of one, and this is included in this amended bill. The repeal of section 7 of the act and of the entire act providing for whole family protection by fraternal societies is occasioned for the purpose of reconciliation with the amended portions in our bill.

The laws governing fraternal societies that prevail in most states were adopted at the suggestion of the fraternal societies themselves at a time when the societies were operating on an inadequate rate basis. They suited then but not now when the fraternal societies are practically through readjusting their rates and are stabilized.

While the propositions we ask for emanate from the National Fraternal Congress of America composed of 92 societies representing a membership of about 10,000,000 and is the result of close study and work of years, which culminated in a unanimous vote of the entire congress; yet, gentlemen, I have more interest in pressing this matter on your consideration than anyone else because I represent, as president, the only fraternal beneficiary society domiciled in the State of California, which is a member of the National Fraternal Congress—The Fraternal Brotherhood of Los Angeles, now in operation for 35 years this very month. We have had a long and eventful history, and have spread millions of dollars in benefits. Our assets have steadily risen and we are on an adequate rate basis, yet we have come to a standstill in our operations, rather—not a standstill, but a retrogression because we are steadily suffering from a slow process of attrition This, I firmly believe, is because we are unable to give the insuring public what they demand. Thus far, some eight different states have adopted these provisions this year, the latest, North Dakota, passed them overwhelmingly in both houses of the legislature, just a few days ago, but we are proud of our California residence. We want to be known as a California society, and we want it to be known that California is just as fraternal and modern as other states, and we cannot believe that you would willingly drive us out of the State. We are doing a good work here and we want to enlarge our activities. Our operations are a benefit to the State. We lift a good deal of burden from the State through our fraternal operations.

That's all there is in these bills, gentlemen. The privileges we seek are necessary in order that we may live and enlarge the effectiveness of the fraternal insurance system. We are keeping in the forefront the effective operations of our societies for benevolent purposes, which cannot be worked out through the laws as they now exist. We want the laws liberalized so that we can be more beneficial in our contracts with the insuring public, but we, with you, desire that every precaution be taken, looking to the soundness and safety of the societies from an actuarial standpoint.

The function of the State as regards fraternal insurance would seem to be to encourage all means within its power the collection of adequate rates and the maintenance of adequate reserves. The real difficulty with the present California law is that it is drawn to fit inadequate rate operations. It has operated to penalize those societies which have set their house in order. The new uniform bill is drawn to fit the present facts regarding fraternal operation

The specifications for such work shall include a statement prepared by the engineer showing the estimated cost of the proposed improvement and containing a list of the several amounts which it is estimated will be assessed against the respective parcels of land in the assessment district under the proceedings contemplated by said resolution of intention. They shall also set up the estimated amounts of all special assessments unpaid or of the unpaid portion of special assessments then outstanding against the said respective parcels of lands within said assessment district. The resolution of intention shall refer to the above mentioned matters contained in the said specifications.

Said resolution shall contain also a notice of the day, hour and place when and where any and all persons having any objections to the proposed work or improve-

The provisions of this section relative to grades are alternative and shall not repeal other provisions of this act, or other statutes relative to the change of grade.

Whenever the contemplated work or improvement, in the opinion of the city council or board, is of more than local or ordinary public benefit, or whenever, according to estimate to be furnished by the city engineer or county surveyor, the total estimated costs and expenses thereof would exceed one-half the total assessed value of the lots and lands assessed, if assessed upon lots or land fronting upon said proposed work or improvement, according to the valuation fixed by the last assessment roll whereon it was assessed for taxes for municipal or county purposes, and allowing a reasonable depth from such frontage for lots or lands assessed in bulk, the city council or board may make the expenses of such work or improvement chargeable upon a district, which the said city council or board shall, in its resolution of intention, declare to be the district benefited by said work or improvement, and to be assessed to pay the costs and expenses thereof. Such district may be described by stating the exterior boundaries thereof, or by giving a description thereof according to any official or recorded map or maps, or by referring to a plat or map which shall be on file in the office of the city clerk, or clerk of the board, or city engineer at the time of passing the resolution of intention, which shall indicate by a boundary line the extent of the territory included in the proposed district, which said plat or map shall govern for all details as to the extent of the assessment district. The said district need not be described in any of the notices or resolutions provided for herein, other than the resolution of intention.

In the event that the legislative body initiating the proceedings is of the opinion that the improvement should extend beyond the limits of the city or outside the limits of unincorporated territory of the county, as the case may be, then the said legislative body shall introduce its proposed resolution of intention and submit a copy of the same to such legislative bodies as have jurisdiction over the territories into which the work is proposed to extend and which are proposed to be included within the assessment district. The proposed resolution of intention may be altered to meet objections of such other legislative bodies and shall not be passed until it shall be consented to by resolution of such other legislative bodies, which consent shall of itself constitute assent to the assumption of jurisdiction thereover for all purposes of the proceeding.

After the adoption of the resolution of intention, the street superintendent or county surveyor shall cause to be conspicuously posted along the line of said contemplated work or improvement, at not more than three hundred feet in distance apart, but not less than three in all, or when the work to be done is only upon an entire crossing or intersection or any part thereof, in front of each quarter block or irregular block liable to be assessed, notices of the passage of said resolution of intention. In case the work is chargeable upon the district as herein provided, copies of said notice shall also be posted along all the open streets within such district at not more than three hundred feet in distance apart on each street so posted, but no proceeding shall ever be held invalid for failure to post any street or streets therein if this provision has been substantially complied with. In every case all posting must be fully completed at least ten days before the day set for hearing protests or objections as hereinbefore provided. Said notice shall be headed

"Notice of street work" in letters not less than one inch in length; and shall, in legible characters state the facts of the passage of the resolution of intention, its date, and briefly describe the work or improvement proposed, and refer to the resolution of intention for further particulars. Said notices shall contain also a statement of the day, hour, and place, when and where any and all persons having any objections to the proposed work or improvement may appear before the legislative body and show cause why said proposed improvement should not be carried out in accordance with said resolution of intention. The council or board, may if it deems it necessary, direct the clerk to mail copies of said notices to the owners or reputed owners whose names and addresses are known to him, but the mailing of such notices shall not be essential to obtaining jurisdiction by the council or board, and the failure to do so shall not affect in any manner the validity of any proceedings taken hereunder.

At any time not later than the hour set for hearing objections to the proposed work as provided hereinbefore, any owner of property liable to be assessed for said work may make written protest against the proposed work or against the extent of the district to be assessed, or both, and may also file objections to the proposed grades. Such protests or objections must be in writing and be delivered to the said clerk of the city council or board, and no other protests or objections shall be considered. At the time set for hearing protests, the city council or board shall proceed to hear and pass upon all protests so made, and its decision shall be final and conclusive; *provided, however*, that when the protest is against the proposed work, and the cost thereof is to be assessed upon the property fronting thereon, and the city council or board finds that such protest is made by the owners of a majority of the property fronting on the proposed work, or when the protest is against the *proposed work and the cost thereof is to be assessed upon the property within a* district, and the city council or board finds that such protest is made by the owners of more than one-half of the area of the property to be assessed for said improvement, no further proceedings shall be taken for a period of six months from the date of the decision of the city council, or board, on said hearing, unless the said protest is overruled by an affirmative vote of four-fifths of the members of the city council, or board. The words "proposed work" as used herein, shall mean and include all the work described in the resolution of intention. The city council or board may adjourn said hearings from time to time.

If no protests or objections in writing have been delivered to the clerk within the time set for the filing of the same as hereinbefore provided, or when a protest or objection shall have been found by said city council, or board to be insufficient, or shall have been overruled, or, when a protest against the extent of the proposed district shall have been heard and denied, immediately thereupon the city council, or board, shall be deemed to have acquired jurisdiction to order the proposed improvements which order may be made by resolution.

In all resolutions, notices, orders and determinations, subsequent to the resolution of intention, it shall not be necessary to describe the assessment district, and in all of the same, subsequent to the resolution of intention and the notice of street work, it shall be sufficient to refer to the resolution of intention for a description of the work or improvement and the assessment district.

SEC. 2 It is hereby declared to be the true intent and meaning of the Legislature in amending the foregoing section 4 of the boundary line act of 1911 that the proceedings under the said act, and each and every portion thereof, shall be fully exempted from the operation of any special assessment investigation and limitation act that may be adopted by the Legislature of the State of California at the forty-ninth session thereof, provided that no request that the proceedings be carried on under some act subject to the operation of said special assessment investigation and limitation act is made by the owners of fifteen per cent or more of the area of the district which it is proposed to assess, all as set forth in section 1 hereof."

AMENDMENT NUMBER TWO.

On page 1 of the printed bill, strike out lines 1 to 17, inclusive, and strike out pages 2 and 3 of the printed bill, and insert in lieu thereof the following:

Sec. 2. In the event that an act be passed by the Legislature of the State of California at the forty-ninth session thereof providing for a special assessment investigation and limitation, then before any resolution of intention shall be passed under the above entitled act to provide for "laying out, opening, extending, widening, straightening, or closing up in whole or in part any street, square, lane, alley, court or place within municipalities, and to condemn and acquire any and all land and property necessary or convenient for that purpose," the city council of any municipality contemplating the passage of any resolution of intention for the work or improvement authorized in section 1 of this act, shall cause the clerk thereof to mail prepaid post cards each with an addressed reply post card attached thereto with the return postage thereon guaranteed, giving notice of said contemplated action. Said cards shall be mailed to each person to whom land in the proposed assessment district is assessed on the last equalized county assessment roll at his address as shown upon such roll and to any person whether owner in fee or having a lien upon or equal or equitable interest in any land within said proposed district, who has filed his name and address and the designation of the land in which he is interested with the said clerk. Such notice shall be in substantially the following form: (filling blanks)

"Notice is hereby given that the (name of legislative body) is contemplating the passage of a resolution of intention under the act entitled, (here set forth title in full) for (here set forth the contemplated work). Land owned by you will be assessed if said proceeding is carried through. An estimate of the cost of said work, an estimated statement of the amount of assessment liens upon the lots within the assessment district heretofore attached which are outstanding and the estimated amount of the proposed assessment under this contemplated proceeding will be on file with the clerk at the time the resolution of intention is presented for passage, the said amounts being according to the information and belief of the city engineer and being an estimate only. In the event that you desire that the proceedings for this improvement be taken under some act other than the one which the city council contemplates using and which is above mentioned so that the proceedings shall be made subject to the provisions of the "Special assessment investigation and limitation act of 1931," you are requested to fill out the statement on the annexed card so to indicate and return the same to the clerk within thirty days from (here set forth a date not earlier than one day subsequent to the date of mailing the card). Sign your name legibly and describe the property owned by you."

The return post card shall be addressed to the clerk sending out the notice and shall have thereon a guarantee of the payment of return postage and on the reverse side shall contain the following:

The council shall have prepared a plat or a list showing the lands which they contemplate assessing under the proposed resolution of intention, which shall be filed with the clerk at the time of ordering the mailing of post cards. If any parcel of land is assessed to an unknown owner on the county assessment roll no notice need be sent for such parcel unless the name and address of the person claiming an interest in said property shall be filed with said clerk, in which case notice shall be mailed to such person and address. In the absence of fraud no error or mistake in the sending of said notices, or any of them, and no failure on the part of any property owners to receive the same shall in any way affect the validity of the proceedings, but the clerk must file his affidavit of mailing such notice

If such reply cards are not received within the period stated in the card giving the notice, from the owners of fifteen per cent of the area of said assessment district, requesting that the proceedings be taken pursuant to some act which is subject to the terms and provisions of the "Special assessment investigation and limitation act of 1931", then the city council shall be at full liberty to proceed under the provisions of the "Street opening act of 1889" without any restriction whatsoever by reason of the terms or provisions of the "Special assessment investigation and limitation act of 1931".

All objections or protests of every kind and nature relating to the mailing of said notices and the determination of the city council thereon must be made in writing and filed in the manner and not later than the time at which protests or objections may be filed for the hearing designated in the resolution of intention, and any protest or objection relating to the validity of the giving of the notice hereinabove provided for and the action or determination thereon not made at such time and in such manner shall be waived and may not thereafter be urged, pleaded or raised in any action or proceeding, and the adoption of a resolution finally ordering the proposed work shall be conclusive evidence that the proceedings prior thereto are valid and sufficient.

Before ordering any work to be done or improvement made which is authorized by section 1 of this act, the city council shall pass a resolution declaring its intention to do so, describing the work or improvement, and the land deemed necessary to be taken therefor, and specifying the exterior boundaries of the district of lands to be affected or benefited by said work or improvement, and to be assessed to pay the damages, cost, and expenses thereof. An estimate of the cost of said work, an estimated statement of the amount of assessment liens upon the lots within the assessment district heretofore attached which are outstanding and the estimated amount of the proposed assessment under this contemplated proceeding shall be on file with the clerk at the time the resolution of intention is presented for passage, the said amounts being according to the information and belief of the city engineer and being an estimate only, and shall be referred to in the resolution of intention.

Said resolution shall contain a notice of the time and place (to be fixed therein) when and where all persons having any objections to the proposed percentages of the cost of said work to be raised in each of said zones may appear before said board of trustees and be heard. Said time shall be not less than fifteen (15) nor more than sixty (60) days from the date of the adoption of said resolution. The secretary of said board of trustees, prior to the hearing, shall cause said resolution to be published for at least two insertions in a newspaper of general circulation published in the city of Berkeley, the first of said publications to be at least ten (10) days before the date set for the hearing

Any property owner whose property is included within the district and any other person whose rights are in any way affected may at the time and place fixed in said resolution for the hearing of objections appear before the board of trustees and present written objections to the percentages proposed to be raised from each of said zones, and also be heard upon said matter. Upon such hearing all objections so presented shall be heard and considered.

The hearing may be continued from time to time by the board of trustees by an order entered upon its minutes.

Said board of trustees may at the conclusion of the hearing change the percentages of the amount to be raised in each zone so that the assessments to be levied for the work herein provided for shall in the judgment of the said board of trustees reflect the benefits to be derived by each of said zones by the doing of said work, and said board of trustees shall thereupon by order entered in the minutes of the board fix the percentage of the cost of said improvements to be raised by assessment from each of said zones. The findings and determination of said board of trustees thus fixing the percentages of the cost of said work to be raised from each of said zones shall be final and conclusive.

The Legislature hereby declares and determines that because of the nature of the work to be done by the Berkeley water front reclamation district and the peculiar conditions surrounding the same the division of said district into zones and the distribution of the cost of said work upon the two zones as herein provided, and the

allocation to the respective parcels of real property within each of said respective zones of the portion of the assessment distributed to said zone on an ad valorem basis, is, in the opinion of this Legislature, a just and equitable method of assessment.

SEC. 13. After the percentages of the cost of said improvements to be raised from each of said zones have been determined as provided in the preceding section the board of trustees shall make an assessment against said district and apportion the same against said zones in proportion to the benefits to accrue as determined by the final order made as in the last section provided, in an amount sufficient to cover the estimated cost of the work to be done as above determined, with ten per cent (10%) added thereto to provide for any possible delinquencies and also in such an additional amount as may be necessary to provide for interest on any bonds or warrants which may be issued under the provisions hereof.

The provisions of this section shall not be construed to require that the assessment imposed shall be sufficient to meet the entire estimated costs of the work herein provided for, but may provide for the construction of only a portion thereof, as may be deemed expedient. From time to time additional assessments may be imposed for any remaining portions of such works, or to provide for their completion in the event of the cost exceeding the estimate made by the engineer, or to pay any indebtedness incurred under the provisions hereof and not theretofore previously provided for.

SEC. 14. The amount of the assessment imposed by the board of trustees shall be a charge on the district as above provided, and upon the zones in said district as above provided, and upon each parcel of real property within such zones, excluding property of the United States, property of the State of California, and other public property, apportioned as herein provided, to the amount determined as herein provided, and shall be payable in twenty (20) annual installments. Said annual installments shall be payable at the times provided for the payment of the first installment of taxes for each year, levied by said city of Berkeley. From time to time as assessments are made a certified copy thereof shall be transmitted to the city council of the city of Berkeley.

SEC. 15. At the time provided by the charter of the city of Berkeley for levying taxes by the city council of the city of Berkeley said city council, upon notice from the board of trustees of said district, shall each year include in its tax levy, as if it were a tax, a sufficient amount to meet any assessments levied by the trustees of said district in accordance with the provisions of subdivision 6 of section 9 hereof, and shall spread the same over all real property, improvements included, within said district, excluding property of the United States, property of the State of California and other public property, according to the assessed valuation thereof as assessed by the city of Berkeley; and the said city council shall likewise each year include in its tax levy as if it were a tax, a sufficient sum to meet the yearly installments of the assessment or assessments assessed against each zone of said district for the benefits to accrue by the works of reclamation of said district as to each of said zones as determined in sections 12, 13 and 14 hereof, apportioning the latter against the different parcels of real property, improvements included, within said zones, excluding property of the United States, property of the State of California and other public property, according to the said assessed value thereof.

The amount of said levy for each installment of said assessment or assessments shall, subject to the provisions hereof, be computed and collected at the time and in the manner required by law for the computation and collection of taxes levied by said city of Berkeley, except that the whole amount of any such levy shall be payable at the time the first installment of taxes of said city of Berkeley is payable, and the land subject to such levy for such installment of such assessment or assessments shall be subject to the same penalties for delinquencies and, except as herein provided, to the same provisions of law relating to the sale and redemption of land for nonpayment of taxes, as provided in the charter and ordinances of said city of Berkeley; *provided*, that the city of Berkeley or any other person who will pay the amount of the installment delinquent on any parcel of land, with interest, penalties and costs, may become the purchaser thereof, *and further provided*, that if no bid is made for any parcel at such sale equal to the amount of the installment delinquent thereon, with interest, penalties and costs, said parcel shall be sold to the district for the amount of said delinquent installment, interest, penalties and costs. The officer conducting such sale shall execute to each purchaser a certificate of sale and shall record a duplicate in the office of the county recorder of Alameda county; *provided*, that any assessment or assessments herein provided for shall remain a charge against any parcel of real property which may be sold for delinquencies, and the amount of the levy for the annual installment of assessment or assessments chargeable against the property so sold for delinquencies shall be levied each year as though no sale for delinquencies had been made

Any person interested in the said property desiring to redeem the same must pay in addition to a sum equal to the purchase price stated in the certificate of sale, with interest thereon at the rate of seven per cent (7%) per annum from date of sale to such redemption, all subsequent delinquent assessments with interest thereon from the date when the same became payable, at the rate of seven per cent (7%) per annum.

If no redemption be made within two years from the date of sale the officer conducting the sale, or his successor in office, upon demand and surrender of the certificate of sale, shall execute to the purchaser, his heirs or assigns, a deed of conveyance to the parcel of land described in such certificate, which deed shall convey to the grantee therein named the said land free and clear of all incumbrances except state, county and municipal taxes, and except any portion of any installment of assessment remaining unpaid at the date of the execution of such deed. Every deed purported to be executed under the provisions hereof shall be prima facie evidence of the truth of the matters therein recited and of ownership by the grantee of the lands therein described.

No parcel sold and conveyed to the district shall thereafter, prior to sale by it, be subject to sale for delinquent installments.

Any parcel of land bid in and purchased by the district may be sold and conveyed by it, if no redemption is effected, at any time after the expiration of said redemption period of two years, at public or private sale and with or without notice, to any person paying the amount for which said parcel was bid in by the district at delinquent sale, with interest thereon for the entire redemption year at the rate of seven per cent (7%) per annum, said interest being added to the principal, and with interest thereafter upon the new principal at the rate of seven per cent (7%) per annum, compounded yearly, and also the amount of all subsequent assessments then delinquent, with accrued interest and penalties thereon; and upon such sale the president and secretary of the district shall execute a deed to such purchaser conveying said property free of encumbrances except state, county and municipal taxes and the unpaid balance of any assessment. At any time prior to such sale by the district, the owner of said parcel of land at the time of the delinquent sale, or his successor in interest, may purchase said land from the district by paying the sums hereinabove specified.

Upon any assessment or installment thereof becoming delinquent upon any lands in the district the district may commence an action against the owner or owners thereof in a court of competent jurisdiction for the recovery of the same and all penalties and costs. Such action shall be without prejudice to any other remedy provided herein for the collection of such assessment. All sums recovered shall be credited to the assessment due on the property affected by such action.

In the event that the ten per cent allowed for delinquencies shall prove insufficient to meet the delinquencies actually occurring, where property sold for delinquencies has been purchased by the district and not redeemed or sold by it as herein provided, the board of trustees shall make an additional assessment against all of the real property of the district sufficient to provide for such deficiency. Any such additional assessment made for such purposes shall be spread uniformly over all the real property, improvements included, in the district, excluding property of the United States, property of the State of California and other public property, according to the said assessed value thereof, and all the provisions hereof as to other assessments shall be applicable thereto.

In the event that the moneys collected on any installment of said assessment or from redemption of property sold for delinquencies in any year, or from any other source, exceed the amount properly payable in that year on maturing bonds or warrants of the district, such excess shall be credited to the zones or property from which such excess was derived on the next installment falling due and the amount of the levy for such next succeeding installment shall be proportionately decreased. Such excess may be used by the district in the purchasing of any bonds or warrants of the district, which will mature in the next succeeding year, at a price not exceeding par and accrued interest. Any bonds or warrants so purchased shall be canceled and retired.

SEC. 16. All moneys collected as the proceeds of the assessments levied as herein provided shall be paid to the city treasurer of the city of Berkeley and placed to the credit of the funds of the district as herein provided.

SEC. 17. Any property owner desiring at any time to relieve his property from the charge of any such assessment may do so by paying to the tax collector of the city of Berkeley the amount of the assessment remaining unpaid, charged against the particular property which he wishes released from said charge, discounted at the rate of two per cent (2%) per annum, compounded annually. All money so paid shall be paid to the city treasurer of the city of Berkeley and placed to the credit of the funds of the district as herein provided.

SEC. 18. At any time after an assessment has been made, the board of trustees of the district may anticipate the payment thereof and may issue bonds against the fund into which shall be paid all sums paid on account of the assessments imposed. The maturity of any bonds issued shall be subsequent to the date upon which any installment of the assessment is due, and the amount to become due shall not exceed such amount of assessment available to pay the same. The intent of the foregoing provision is that there shall be available for the payment of the principal and interest of all bonds issued a sum sufficient to pay the same at the time such principal and interest become due, and it shall be the duty of the board of trustees to make provisions for the payment of all bonds issued and interest thereon prior to their sale and delivery.

The bonds shall be issued at such times and in such amounts as may be required to meet the payment of the demands of the district, as may be determined by the board of trustees. The form, denomination, rate of interest, time, place and manner of payment, and all matters relating to such issuance, shall be determined by the board of trustees of the district; *provided*, that the rate of interest shall not exceed six per cent (6%) per annum Such bonds shall be a legal investment for savings banks and for the investment of trust funds.

The bonds so issued shall be sold at not less than par to the highest bidder after such notice by publication in a newspaper of general circulation published in the city of Berkeley as the board of trustees may prescribe and in such amount as the board of trustees may determine, and said board may contract at one time for the sale of the entire issue of such bonds, the same to be delivered at such time and in such manner as may be agreed upon. In the event of such contract of sale being made, before delivery of any bonds thereunder, all accrued interest coupons shall be detached and proper adjustment be made for any interest coupon for interest which is partly accrued, so that said bonds shall only bear interest from the date of delivery thereof and payment therefor.

In lieu of such bonds the board of trustees may, if it so elects, issue negotiable warrants of the district in payment to the contractors for any of the work herein specified. Such warrants shall be in such form as the board of trustees may prescribe and shall be made payable on or before twenty (20) years from the date when the first installment of any assessment herein provided for becomes payable, and may bear interest at the rate of not to exceed six per cent (6%) per annum, payable annually. Such warrants shall be registered as issued and shall be payable in the order of issuance If warrants are not presented for payment when there are funds in the district available for the payment of the same, the board of trustees, by resolution, shall call such warrants or fractional part of warrants as could be paid out of the funds of the district then available and shall specify the due date of such warrants or fractions thereof so called, which date shall not be less than ten days after the date of the adoption of such resolution, and shall publish notice of such call, giving the serial number of the warrants, or fractional part thereof, so called, in a newspaper of general circulation published in the city of Berkeley for a period of five days. Any warrants not presented for payment on or before the date specified shall thereafter cease to bear interest.

SEC. 19. The board of trustees may at any time after their appointment as such commence a proceeding in the superior court of the county of Alameda in the name of the district to determine the legality of the existence of said district, and may prosecute such proceeding to a final judgment. Such action shall be in the nature of a proceeding in rem, and jurisdiction of all parties interested may be had by publication of summons for at least once a week for three weeks in some newspaper of general circulation published in the county where the action is pending, such paper to be designated by the court having jurisdiction of the proceedings. Jurisdiction shall be complete within ten days after the full publication of such summons in the manner herein provided. Anyone interested may at any time before the expiration of said ten days appear and by proper proceeding contest the validity of such district. Either party may have a right to appeal to the supreme court at any time within thirty days after the rendition of such judgment. A proceeding may be brought in like manner by the said board of trustees to determine the validity of any bonds authorized under the provisions of this act. The procedure with reference to the testing of any bonds shall be in all respects similar to the provisions herein for proceedings to determine the legality of the existence of said district. After the expiration of ninety days from the date of the resolution of the board of trustees issuing such bonds no action may be brought by any person to contest or question the validity of said bonds or the proceedings with reference thereto.

If there be more than one action or proceeding involving the legality of the existence of said district or of any bonds same shall be consolidated and tried together. The court hearing any proceeding or action inquiring into the legality, regularity or correctness of proceedings leading up to the issuance of bonds or the validity of such bonds, or questioning the legality of the existence of such district, must disregard any error, irregularity or omission which does not affect the substantial rights of the parties to said action or proceeding.

The rules of pleading and practice provided by the Code of Civil Procedure which are not inconsistent with the provisions of this act are applicable to all actions or proceedings herein provided.

SEC. 20. If any section, subsection, sentence, clause or phrase of this act is for any reason held to be unconstitutional such decision shall not affect the validity of the remaining portion of this act. The Legislature hereby declares that it would have passed this act and each section, subsection, sentence, clause and phrase thereof, irrespective of the fact that any one or more sections, subsections, sentences, clauses or phrases be declared unconstitutional.

SEC. 21. This act may be cited as the Berkeley water front reclamation district act

SEC. 22. When all the work of improvement contemplated by this act has been completed and all indebtedness of the district incurred under the provisions

hereof, including any bonds or warrants which may have been issued, and all obligations of the district have been paid, satisfied and discharged, said district may be dissolved either by vote of the trustees thereof or by the city council of the city of Berkeley, and thereupon all property of the district shall be transferred to and become the property of the city of Berkeley. Upon such dissolution all records of the district shall be filed with the city clerk of the city of Berkeley and a certificate executed by the president and secretary of the board of trustees reciting the fact of such dissolution shall be recorded in the office of the county recorder of the county of Alameda.

SEC. 23. If the city of Berkeley, by ordinance of its city council, shall not within two years after this act takes effect ratify, approve and adopt the same, then this act shall become void and no longer operative."

RESOLUTION.

WHEREAS, The conditions imposed by section 548 of title XII of the United States Code, upon the consent therein given to the taxation of national banking associations, were formulated in the infancy of the system and in time of war, and when the system was in an experimental stage, and when the Congress was extremely solicitous to encourage the formation of such associations; and

WHEREAS, The section, even as then formulated, is a distinct recognition in terms, of the fact that it is merely common justice to the states that such associations, doing business in a state, should pay taxes on the same basis as similar banking associations organized under the laws, and like other moneyed capital with which they are in competition; and

WHEREAS, The section, as it now stands, works serious embarrassment to the states, in that they are compelled, in their own tax laws, either to discriminate in favor of the national banks against the state banks, or to discriminate in favor of state banks against private citizens and other corporations, and other forms of moneyed capital; and

WHEREAS, Said section and the embarrassments aforesaid work serious interference with the rightful and proper revenues and revenue measures of the states; and

WHEREAS, There is no actual or practical reason why the several states should not tax national banks, according to their own judgment and discretion, so long as they do not practice favoritism or discrimination against the national banks, or in favor of state banks or other moneyed capital with which such national banks are in competition; therefore, be it

Resolved by the General Assembly of Georgia, now in extraordinary session, for the purpose of raising revenues for the payment of indispensable appropriations, as follows:

1. That said law of the United States, as a matter of common justice to all the states, should be so amended that banking corporations operating therein, whether under federal or state laws, should be liable to pay taxes according to the laws and policies of the states in which they are located and whose protection they enjoy, and without discrimination either in their favor or in favor of other moneyed capital.

2. That copies of these resolutions be sent by the secretary of state to the like executive officers of all the states.

3. That copies be sent in like manner to our Senators and Representatives in Congress and that they shall be and are hereby requested to use their best endeavors to secure such legislation in Congress as shall be consistent with the views herein expressed, with the assurance now and herein given, that the state of Georgia desires nothing in the premises that is unequal or unfair, or that shall in any way interfere with any rightful policy or power of the United States, but seeks merely common justice for herself and for all persons and corporations doing business within her borders and enjoying the protection of her laws.

Adopted in House March 3, 1931.

Adopted in Senate March 4, 1931.

By Mr. Kline:

KEEN CAMP, CALIFORNIA, March 23, 1931.

Assemblyman Chester M. Kline, Assembly,
State Capitol, Sacramento, California.

DEAR SIR: We, the undersigned, do strenuously object to the passage of the following bills now pending before the State Legislature:

Assembly Bills Nos. 1204, 1205, 1514 and 1516, and Senate Bills Nos. 473 and 474, amending the Civil Engineers' and other acts making the members of various boards and commissions hold office at the pleasure of the Governor instead of for specific terms. We specifically object to the passage of these bills on the grounds of their incompatibility with sound and progressive government. We therefore urgently request that you do all in your power to prevent the passage of these measures, or in the event of their passage we particularly urge that all professional and vocational boards, and especially the Board of Registration for Civil Engineers, be exempted from these amendments.

We feel that the passage of these amendments would be a decided step backward in our political government, and contrary to the constructive policies of our present administration. Relative to memorializing the Federal Tariff Commission to impose a tariff on Chinese dried eggs.

WHEREAS, There was imported into the United States last year from China the equivalent of over 60,000,000 dozens of eggs, most of which found market in California; and

WHEREAS, That fact is resulting in irreparable injury to the great poultry industry of this State, a reduction of a quarter of a million tons in consumption of poultry feed, the product of nearly half a million acres of land, a loss of more than $1,000,000 in freight to the carriers of California, and incalculable loss to labor in our State; and

WHEREAS, Said dried eggs are produced at a cost of 3 to 5 cents per dozen under conditions not up to our American sanitary or living standards, and therefore their sale in this country tends to reduce the standard of living of the American people; and

Resolved by the Assembly and the Senate of the State of California, jointly, That the Federal Tariff Commission impose upon said Chinese dried eggs such tariff as will adequately protect this great American industry and the labor dependent upon it; and be it further

of such option rights, setting forth the terms, provisions and conditions thereof, and such options may be transferable or nontransferable and separable or inseparable from other securities of the corporation.

The authority to grant any such rights or options, if the terms and authority thereof are not set forth in the articles, shall be exercised by a resolution adopted by the board of directors setting forth in full the terms and provisions of such rights or options

If, at the time of granting such options or conversion rights, the corporation be not authorized by its articles to issue all the shares required for the satisfaction thereof, if and when exercised, at least the number of shares required to be issued upon the exercise of such options or conversion rights shall be authorized by an amendment to the articles.

The contract, certificate, warrant or other instrument evidencing such options or conversion rights shall set forth in full or summarize or incorporate by reference all the terms and provisions thereof. The corporation shall at all times reserve sufficient shares to meet the exercise of all options or conversion rights at the time outstanding."

297. Preemptive rights. Unless otherwise provided in the articles, the board of directors may issue shares, option rights, or securities having conversion or option rights, without first offering the same to shareholders of any class or classes.

298. Payment for consideration for shares. No shares of stock, with or without par value, shall be issued except in consideration of money paid, labor done, or services actually rendered, debts or securities canceled, or tangible or intangible property actually received by the issuing corporation, or transferred from surplus to stated capital upon the issuance of shares as a dividend Nothing in this section shall be construed to forbid or limit the power of a corporation to split up or subdivide its shares into a larger number of shares without transferring surplus to stated capital.

Any corporation, if authorized in its articles or by-laws, may issue the whole or any part of its shares or its certificates for shares prior to full payment under such restrictions as are imposed by this title.

299. Subscription or issue price for shares.

The value of the consideration to be received by a corporation for the issuance of shares having par value shall be at least equal to the par value thereof; provided, however, that the corporation may issue at less than par, as fully paid up, shares having par value, or may issue securities convertible into fully paid shares having par value, or issue securities with an option to purchase fully paid shares having par value at a price less than the par value of the shares issuable on conversion or on the exercise of such option, if the board of directors determine that such shares can not be sold at par, or that such securities can not be sold unless made convertible into par value shares at the price fixed, less than par, or without the option to purchase par value shares at the price fixed, less than par.

Subject to any limitations in the articles or by-laws, the consideration to be received by a corporation for the issuance of shares without par value or upon the exercise of conversion or option rights shall be such as may be determined to be reasonable by the board of directors.

300 Banking corporations without capital stock. Every corporation that has been or may be created under the general laws of this state, doing a banking business therein, and which has no capital stock, may elect to have a capital stock, and may issue certificates of stock therefor, in the same manner as corporations formed under the provisions of chapter one, article one, of the Civil Code, relating to the formation of corporations; provided, that no such corporation shall use or convert any moneys or funds theretofore belonging to it, or under its control, into capital stock; but such funds or moneys must be held and managed only for the purposes and in the manner for which they were created. Before such change is made, a majority of the members of such corporation present at a meeting called for the purpose of considering the proposition whether it is best to have a capital stock, its amount, and the number of shares into which it shall be divided, must vote in favor of having a capital stock, fix the amount thereof, and the number of shares into which it shall be divided

Notice of the time and place of holding such meeting, and its object, must be given by the president of such corporation by publication in some newspaper printed and published in the county, or city and county, in which the principal place of business of the corporation is situated, at least once a week for three successive weeks prior to the holding of the meeting. A copy of the proceedings of this meeting, giving the number of persons present, the votes taken, the notice calling the meeting, the proof of its publication, the amount of capital actually subscribed, and by whom, all duly certified by the president and secretary of the corporation, must be filed in the offices of the secretary of state and clerk of the county where the articles of incorporation are filed

Thereafter such corporation is possessed of all the rights and powers, and is subject to all the obligations, restrictions, and limitations, as if it had been originally created with a capital stock; and provided, further, that no bank in this state shall ever pay any dividend upon so-called guaranty notes, nor upon any stock, except upon the amount actually paid in money into said capital upon such stock, and any

payment made in violation of this provision shall render all officers and directors consenting to the same jointly and severally liable to the depositors to the extent thereof.

300*a* Valuation of consideration for shares The board of directors shall state by resolution its determination of the fair value to the corporation in monetary terms of any consideration other than money for which shares with or without par value are issued. Any determination of the fair value to the corporation of the considerations other than money accepted, or agreed to be accepted, for shares shall be conclusive in any action against directors or shareholders in which it is claimed that the fair value to the corporation of such consideration was less than the amount for which the shares were authorized to be issued, if such determination was entered in the minutes and on the books of account of the corporation, unless the party asserting such claim prove that such determination of value was made by the directors knowingly or without reasonable investigation at an amount greater than the fair value of such consideration to the corporation.

300*b*. Stated capital and paid-in surplus Every stock corporation shall have and carry upon its books a stated capital, which shall consist of the aggregate par value of the outstanding shares and treasury shares having par value, and the aggregate amount or value of the agreed consideration received or to be received by the corporation for its outstanding shares and treasury shares without par value, except such portion of the consideration for shares without par value expressly designated by the directors prior to the issue of such shares to be paid-in surplus. In the absence of such designation, all the consideration for shares without par value shall be credited to stated capital.

In case par value shares are issued for less than par as fully paid up, the discount or difference between the par value and the agreed consideration for the shares shall be charged against the par value of the shares, and the net consideration carried as stated capital represented by such shares.

In case of the issue of shares without par value preferred as to assets on liquidation in event of dissolution or otherwise, there shall be credited to paid-in surplus no more than the excess of the consideration received over the lowest aggregate liquidation price of such shares. Stated capital shall also include any amounts transferred from surplus account to stated capital

The agreed consideration shall be construed to mean the amount received or to be received by the corporation from the subscriber or person to whom the shares are originally issued before deducting the charges and expenses of organization and compensation for the sale or underwriting of its shares.

The amount of stated capital of a corporation shall not be changed upon conversion of shares, split up or consolidation of shares or otherwise, unless proper proceedings to that end are taken in conformity with this title.

CHAPTER IV.

BY-LAWS.

301. Adoption of by-laws. A corporation may adopt, amend or repeal by-laws either at a meeting by the vote of shareholders entitled to exercise a majority of the voting power, or by the written assent of such shareholders. Until by-laws are adopted by the shareholders, the board of directors may adopt by-laws. The authority to adopt, repeal and amend by-laws may by the vote of shareholders entitled to exercise a majority of the voting power, or by the written assent of such shareholders, be delegated to the board of directors subject to the power of the shareholders to adopt, amend or repeal such by-laws or to revoke such delegation of authority in like manner.

The by-laws may require the vote or written assent of the shareholders entitled to exercise more than a majority of the voting power, for the amendment and/or repeal thereof or of particular by-laws and the adoption of new by-laws. The power of the shareholders to adopt, repeal or amend by-laws fixing the number of directors may not be delegated to the directors

302 Certification and inspection of by-laws. Every corporation shall keep in its principal office for the transaction of its business the original or a copy of its by-laws as amended or otherwise altered to date, certified by the secretary, which shall be open to inspection by the shareholders at all reasonable times during office hours

303 What may be regulated in by-laws The by-laws of a corporation may make provisions not in conflict with law or its articles for:

1 The time, place and manner of calling, conducting and giving notice of shareholders' and directors' meetings The by-laws may dispense with notice of all regular meetings of shareholders or directors;

2 The requirements for a quorum for a shareholders' meeting, which shall be not less than a majority of the shares entitled to vote in case of a stock corporation.

3 The manner of execution, revocation and use of proxies;

4 The number and qualifications and duties of directors; the time of their annual election; the requirements of a quorum for a directors' meeting, in no case less than one-third of the authorized number of directors nor less than two. The number of

directors may be changed by a by-law fixing or changing the number, duly adopted by the shareholders if authority for such by-laws be given in the articles.

5. The appointment and authority of an executive committee and other committees of the board of directors;

6. The appointment, duties, compensation and tenure of office of officers other than directors, and the compensation of directors;

7. Special qualifications of persons who may be shareholders and reasonable restrictions upon the right to transfer or hypothecate shares;

8. The method of publication of notices of meetings of the shareholders or board of directors when publication is required; the mode of determination of shareholders of record; and the making of annual reports and financial statements to the shareholders or dispensing therewith;

9. The issue of certificates for shares prior to full payment;

10. The qualifications of members and different classes of memberships of nonstock corporations, and the property, voting and other rights, interests or privileges of each class;

11. The admission, election, appointment, suspension or expulsion of members;

12. The transfer, forfeiture and termination of membership, and whether the property interest of members shall cease at their death and the mode of ascertaining the property interest, if any, at death or termination of membership;

13. The time and manner in which profits arising from the business may be divided or distributed among members of nonstock corporations for profit. Cooperative corporations for profit may in their articles or by-laws provide for the distribution of the profits arising from the business in whole or in part among certain classes of persons other than the members or shareholders, if any, and the persons to whom and the manner in which such distribution may be made;

14. The fees of admission, transfer fees, dues and assessments to be paid by members or different classes of members of nonstock corporations and the method of collection. Such dues or assessments or both may be authorized upon all classes of membership alike, or in different amounts or proportions or upon a different basis upon different classes of membership, and memberships of one or more classes may be made exempt from either dues or assessments or both;

The amount and method of collection of such dues or assessments or both may be fixed in the by-laws, or the by-laws may authorize the board of directors to fix the amount thereof from time to time, and make them payable at such times or intervals, and upon such notice, and by such methods as the directors may prescribe. They may be made enforceable by action or by forfeiture of membership, or both, upon reasonable notice;

15. The manner of voting by members of nonstock corporations and whether they have the right of cumulative voting;

16. Any other proper and lawful regulations.

CHAPTER V.

DIRECTORS; MANAGEMENT.

305. Powers of directors. Subject to limitations of the articles and of this title as to action to be authorized or approved by the shareholders, all corporate powers shall be exercised by or under authority of, and the business and affairs of every corporation shall be controlled by, a board of not less than three directors who need not be shareholders unless the articles or by-laws so require. Directors named in the articles shall hold office until the next annual meeting and until their successors are elected either at an annual meeting or at a special meeting called for that purpose. Directors other than those named in the articles shall be elected annually by the shareholders and shall hold office until their successors are elected.

306. Vacancies in the board of directors. Vacancies in the board of directors may be filled by a majority of the remaining directors, though less than a quorum, unless it is otherwise provided in the by-laws, and each director so elected shall hold office until his successor is elected at an annual meeting or at a special meeting called for that purpose.

A vacancy or vacancies shall be deemed to exist in case of the death, resignation or removal of any director, or if the shareholders shall increase the authorized number of directors but shall fail at the meeting at which such increase is authorized, or an adjournment thereof, to elect the additional directors so provided for, or in case the shareholders fail at any time to elect the full number of authorized directors.

The shareholders may at any time elect directors to fill any vacancies not filled by the directors, and may elect the additional directors at the meeting at which an amendment of the articles or by-laws is voted authorizing an increase in the number of directors.

If any director tenders his resignation to the board of directors, the board shall have power to elect a successor to take office at such time as the resignation shall become effective.

No reduction of the number of directors shall have the effect of removing any director prior to the expiration of his term of office.

307. Quorum of directors. A majority of the number of directors as fixed by the articles or the by-laws, shall be necessary to constitute a quorum for the transaction

of business unless the by-laws provide that a different number shall constitute a quorum, which in no case shall be less than one-third the fixed number of directors, nor less than two.

Every act or decision of a majority of the directors present at a meeting duly held at which a quorum is present, done or made, shall be regarded as the act of the board of directors unless the articles or by-laws require a greater number. In the absence of a quorum a majority of the directors present may adjourn from time to time until the time fixed for the next regular meeting of the board.

307*a*. Notice of directors' meetings. Notice shall be given of the time and place of directors' meetings as fixed in the by-laws. Unless otherwise provided in the by-laws, all meetings shall be called by the president, or, if he is absent or is unable or refuses to act, by any vice president or by any two directors.

Except in the case of regular meetings, notice of which has been dispensed with by the by-laws, written notice of the meetings of board of directors shall be delivered personally to the directors, or sent to each director by letter or by telegram, and, unless otherwise provided in the by-laws, at least seven (7) days before the meeting. If in any case the address of a director is not shown on the records or is not readily ascertainable, notice shall be deemed to be given him by mailing notice addressed to him at the city in which the meetings of the directors are regularly held. Notice of adjournment of a meeting need not be given to absent directors, if the time and place are fixed at the meeting adjourned.

307*b*. Waiver of notice of directors' meetings. The transactions of any meeting of the board of directors, however called and noticed or wherever held, shall be as valid as though had at a meeting duly held after regular call and notice, if a quorum be present and if, either before or after the meeting, each of the directors not present sign a written waiver of notice or a consent to holding such meeting or an approval of the minutes thereof. All such waivers, consents or approvals shall be filed with the corporate records or made a part of the minutes of the meeting.

308. Officers. After their election the directors shall meet and organize by the election of a president, a vice president, a secretary and a treasurer. A corporation may have such other officers as may be deemed expedient, who shall be chosen in such manner and hold their offices for such terms as may be prescribed by the by-laws. Any two or more of such offices, except those of president and secretary, may be held by the same person. Any vice president, assistant treasurer or assistant secretary respectively may exercise any of the powers of the president, the treasurer, or the secretary respectively as provided in the by-laws or directed by the board of directors, and shall perform such other duties as are imposed upon him by the by-laws or the board of directors.

The by-laws may provide for the appointment by the board of directors of an executive committee and other committees and may authorize the board to delegate to the executive committee, subject to the control of the board, any of the powers and authority of the board except the power to declare dividends and to adopt, amend or repeal the by-laws. Such committees shall be composed of members of the board and shall act only in the intervals between meetings of the board and shall be subject at all times to the control of the board of directors.

309. Place of directors meetings. Meetings of the board of directors shall be held at the principal office of the corporation or at any place within or without the state designated in the by-laws or designated from time to time by resolution of the board or by written consent of all members of the board. Any meeting shall be valid wherever held, if held by the written consent of all members of the board of directors, given either before or after the meeting and filed with the secretary of the corporation.

310. Removal of directors. 1 The entire board of directors or any individual director may be removed from office by a vote of shareholders holding a majority of the outstanding shares entitled to vote at an election of directors. In case the board or any one or more directors be so removed, new directors may be elected at the same meeting.

Unless the entire board be removed, no individual director shall be removed in case the votes of a sufficient number of shares are cast against the resolution for his removal, which if cumulatively voted at an election of the full board would be sufficient to elect one or more directors.

2 The board of directors may declare vacant the office of a director:

(*a*) If he be declared of unsound mind by an order of court, or finally convicted of felony;

(*b*) If within sixty days, or such other time as the by-laws specify, after notice of his election, he does not accept such office either in writing or by attending a meeting of the board of directors and fulfill such other requirements of qualification as the by-laws specify.

3 The superior court of the county where the principal office is located may at the suit of any shareholder or shareholders holding at least ten per cent of the number of outstanding shares with or without voting rights remove from office any director or directors in case of fraudulent or dishonest acts or gross abuse of authority or discretion with reference to the corporation, and may bar from reelection any director so removed for a period prescribed by the court. The corporation shall be made a party to such actions.

311. Fiduciary duty of directors. Directors and officers shall exercise their powers in good faith, and with a view to the interests of the corporation.

No contract or other transaction between a corporation and one or more of its directors, or between a corporation and any corporation, firm or association in which one or more of its directors are directors or are substantially interested, shall be either void or voidable by reason of the fact that such director or directors are present at the meeting of the board of directors or committee which authorizes or approves such contract or transaction, or that his or their votes are counted for such purpose, if (*a*) the fact of such participation shall be disclosed or known to the board of directors or committee, and noted in the minutes, and the board or committee shall authorize, approve or ratify such contract or transaction in good faith by a vote sufficient for such purpose without counting the vote or votes of such director or directors; or (*b*) if the fact of such participation shall be disclosed or known to the shareholders, and they approve or ratify such contract or transaction in good faith, by a majority vote of holders of shares entitled to vote, or (*c*) if the contract or transaction be as to the corporation just and reasonable at the time it was authorized or approved.

Such interested director or directors may be counted in determining the presence of a quorum at such meeting.

CHAPTER VI.

SHAREHOLDERS' MEETINGS AND VOTING RIGHTS.

312. Shareholders' meetings. Directors of every corporation shall be elected annually at a meeting of the shareholders, known as the annual meeting. Such meeting shall be held at eleven o'clock a m on the first Tuesday in April at the principal office of the corporation, unless a different place or time is provided in the by-laws.

When the annual meeting is not held, or the directors are not elected thereat, directors may be elected at a special meeting held for that purpose, and it shall be the duty of the president, vice president or secretary, upon the demand of any shareholder entitled to vote, to call such special meeting.

313. Special shareholders' meetings Special meetings of the shareholders, for any purpose or purposes whatsoever, may be called at any time by the president or by the board of directors, or by any two or more members thereof, or by one or more shareholders holding not less than one-tenth of the voting power of the corporation, or by such other officers or persons as the by-laws may authorize.

Upon request in writing by registered mail to the president, vice president or secretary, or delivered to such officers in person, by any persons entitled to call a meeting of shareholders, it shall be the duty of such officer forthwith to cause notice to be given to the shareholders entitled to vote of a meeting to be held at such time as such officer may fix, not less than ten nor more than sixty days after the receipt of such request. If such notice shall not be given within seven days after the date of delivery or date of mailing of such request, the person or persons calling the meeting may fix the time of meeting and give the notice in the manner provided by law or in the by-laws

314. Notice of shareholders' meetings. Notices of meetings, annual or special, shall be given in writing to shareholders entitled to vote by the secretary or an assistant secretary or other person charged by the by-laws with that duty, or, if there be no such officer, or in case of his neglect or refusal, by any director or shareholder.

A notice may be given by the corporation to any shareholder, either personally or by sending a copy of the notice through the mail or by telegram, charges prepaid, to his address appearing on the books of the corporation or supplied by him to the corporation for the purpose of notice. If a shareholder supplies no address, notice shall be deemed to have been given him if mailed to the place where the principal office of the corporation is situated, or published at least once in some newspaper of general circulation in the county of said principal office.

Notices of all meetings of shareholders shall be sent to each shareholder entitled thereto not less than seven days before such meeting, unless the by-laws provide otherwise.

Notice of any meeting of shareholders shall specify the place, the day and the hour of the meeting, and, in the case of special meeting, the general nature of the business to be transacted.

When a meeting is adjourned for thirty days or more, notice of the adjourned meeting shall be given as in the case of an original meeting. Save as aforesaid, it shall not be necessary to give any notice of an adjournment or of the business to be transacted at an adjourned meeting other than by announcement at the meeting at which such adjournment is taken, unless the by-laws otherwise provide.

315. Contested elections Upon the application of a shareholder of a domestic or foreign corporation aggrieved by the election or appointment of a director at a meeting of shareholders or directors, the superior court of any county where such meeting was held or where the principal office in this state is located, shall have the power to hear and determine the validity of such election or appointment The court may determine the person entitled to such office, order a new election to be held, or direct such other relief as may be just and proper.

Upon filing the petition, and before any further proceedings are had, the court shall enter an order fixing a date for hearing, which date shall be within five days

unless for good cause a later date is fixed, and requiring notice of the date for the hearing and a copy of the petition to be served upon the corporation and upon the adverse party, or those who may be affected, in the manner in which a summons is required to be served, or if the court shall so direct, by registered mail; and the court may make such other or further requirements as to notice as may appear to be proper under the circumstances.

316 Quorum of shareholders The presence in person or by proxy of the holders of a majority of the shares entitled to vote at any meeting shall constitute a quorum for the transaction of business unless the by-laws in the case of a nonprofit corporation provide a different number.

Shares, the voting of which at said meeting has been enjoined or which for any reason can not be lawfully voted at said meeting, shall not be counted to make up a quorum for said meeting.

In the absence of a quorum any meeting of shareholders may be adjourned from time to time by the vote of a majority of the shares, the holders of which are either present in person or represented by proxy thereat, but no other business may be transacted.

The shareholders present at a duly called or held meeting at which a quorum is present may continue to do business until adjournment notwithstanding the withdrawal of enough shareholders to leave less than a quorum

317. Consent to shareholders' meetings The transactions of any meeting of shareholders, however called and noticed, shall be as valid as though had at a meeting duly held after regular call and notice, if a quorum be present either in person or by proxy, and if, either before or after the meeting, each of the shareholders entitled to vote, not present in person or by proxy, sign a written waiver of notice, or a consent to the holding of such meeting, or an approval of the minutes thereof. All such waivers, consents or approvals shall be filed with the corporate records or made a part of the minutes of the meeting

Any action which, under any provision of this title, may be taken at a meeting of the shareholders, may be taken without a meeting if authorized by a writing signed by all of the holders of shares who would be entitled to vote at a meeting for such purpose, and filed with the secretary of the corporation

318. Determination of shareholders of record. Unless the articles or by-laws otherwise provide, the board of directors may fix a time, in the future, not exceeding thirty days preceding the date of any meeting of shareholders, or the date fixed for the payment of any dividend or distribution, or for the allotment of rights, or when any change or conversion or exchange of shares shall go into effect, as a record date for the determination of the shareholders entitled to notice of and to vote at any such meeting or entitled to receive any such dividend or distribution, or any such allotment of rights, or to exercise the rights in respect to any such change, conversion, or exchange of shares, and in such case only shareholders of record on the date so fixed shall be entitled to notice of and to vote at such meeting or to receive such dividend, distribution or allotment of rights, or to exercise such rights, as the case may be, notwithstanding any transfer of any shares on the books of the corporation after any record date fixed as aforesaid. The board of directors may close the books of the corporation against transfers of shares during the whole or any part of such period.

319 Place of shareholders' meetings Meetings of the shareholders shall be held at the principal office of the corporation or at any place within or without the state designated in the by-laws or by written consent of all the shareholders entitled to vote thereat, or designated by the board of directors pursuant to authority in the by-laws.

Any meeting shall be valid wherever held if held by the written consent of all the shareholders entitled to vote thereat, given either before or after the meeting and filed with the secretary of the corporation

320. Elections Cumulative voting. Elections for directors need not be by ballot except upon demand made by a shareholder at the election and before the voting begins or unless by the by-laws so required.

Every shareholder entitled to vote at any election for directors of any corporation for profit shall have the right to cumulate his votes and give one candidate a number of votes equal to the number of directors to be elected multiplied by the number of votes to which his shares are entitled, or to distribute his votes on the same principle among as many candidates as he shall think fit.

The candidates receiving the highest number of votes up to the number of directors to be elected shall be elected.

The right of cumulative voting for directors shall not extend to members of nonstock corporations or to members or shareholders in cooperative corporations unless it be so provided in their articles or by-laws.

320*a* Voting rights Only persons in whose names shares entitled to vote stand on the stock records of the corporation on the day three days prior to any meeting of shareholders, or, if some other day be fixed for the determination of shareholders of record, then on such other day, shall be entitled to vote at such meeting. In the absence of any contrary provision in the articles or in any statute relating to the election of directors or to other particular matters, each such person shall be entitled to one vote for each of said shares.

Where written consents are given with respect to any shares they shall be given by and accepted from the persons in whose names such shares stand on the books of the corporation at the time such respective consents are given, or by their proxies; *provided*, that any shareholder giving a written consent, or his proxy, or his transferee or personal representative, or their respective proxies, may revoke the same prior to the time that written consents of the number of shares required to authorize the proposed action have been filed with the secretary of the corporation.

320*b*. Voting by fiduciaries, corporations, etc.

(1) Shares standing in the name of any person or persons as pledgee, trustee or other fiduciary may be voted and all rights incident thereto may be exercised by such pledgee, trustee or other fiduciary in person or by proxy without proof of authority.

(2) Shares standing in the name of a person adjudged incompetent may be voted and all rights incident thereto may be exercised by his guardian, in person or by proxy, and of a deceased person by his executor or administrator, in person or by proxy.

(3) Shares standing in the name of a minor may be voted and all rights incident thereto may be exercised by his guardian, in person or by proxy, or in the absence of such representation by his guardian, then by such minor in person or by proxy.

(4) Shares standing in the name of a corporation may be voted or represented and all rights incident thereto may be exercised on behalf of such corporation by any officer of such corporation authorized so to do by resolution of its board of directors or by its executive committee or by its by-laws, or by any person authorized so to do by proxy or power of attorney duly executed by the president or vice president and secretary or assistant secretary or by authority of the board of directors.

320*c*. Voting by joint holders. Shares standing in the names of two or more persons shall be voted or represented in accordance with the vote or consent of the majority of such persons, or if they be equally divided as to the manner of representing the same in any particular case, the representation of such shares in such case shall be divided equally among such persons.

If only one of such persons is present in person or by proxy, he shall have the right to vote all such shares, and when any one of such persons is present at a meeting, either in person or by proxy, all of the shares standing in the names of such persons shall be deemed to be represented for the purpose of determining a quorum.

This section shall apply to the voting of shares by two or more administrators, executors, trustees or other fiduciaries, unless the instrument or order of court appointing them shall otherwise direct.

321. Proxies. Every person entitled to vote or execute consents shall have the right to do so either in person or by an agent or agents authorized by a written proxy executed by such person or his duly authorized agent and filed with the secretary of the corporation.

Executors, administrators, guardians, trustees or any fiduciary may give proxies, waive notice of and consent to any meeting of shareholders, or authorize by a writing any action which could be taken by shareholders.

No proxy shall be valid after the expiration of eleven (11) months from the date of its execution unless the shareholder executing it specifies therein the length of time for which such proxy is to continue in force, which in no case shall exceed seven (7) years from the date of its execution. Any proxy duly executed shall be deemed not to have been revoked, and to be in full force and effect, unless and until an instrument revoking said proxy, or a duly executed proxy bearing a later date, is filed with the secretary of the corporation. Notwithstanding that a valid proxy may be outstanding, the powers of the proxy holder or holders shall be suspended, except in the case of a proxy coupled with an interest, which shall state that fact on its face, if the person or persons executing such proxy shall be present at the meeting and elect to vote in person.

In the event that any instrument of proxy designate two or more persons to act as proxy, then, in the absence of any provision in such proxy to the contrary, such persons shall have and may exercise authority as between themselves and with respect to such shares in the same manner as is provided in this title with respect to situations where shares stand on the records of the corporation in the names of two or more persons.

A proxy shall not be revoked by the death or incapacity of the maker unless, before the vote is counted or the authority is exercised, written notice of such death or incapacity is given to the corporation.

321*a*. Voting trusts. Shares of stock in any corporation may be transferred to a trustee or trustees in order to confer upon them the right to vote and otherwise represent such shares.

A duplicate of the voting trust agreement may be filed in the office of the corporation, and if so filed shall be open to inspection by any shareholder, or holder of a voting trust certificate or his agent upon the same terms as the stockbooks of the corporation are open to inspection.

If the voting trust agreement be so filed, the corporation shall take notice of its terms and the limitations on the authority of the trustees thereunder.

Any trust the sole or principal purpose of which is the voting or representing of shares may be terminated at any time by the holders of a majority in interest of the beneficial interests therein unless otherwise specified therein. No such voting trust shall be made irrevocable for a period of more than twenty-one years.

321*b* Inspectors of election. In advance of any meeting of shareholders the board of directors may appoint inspectors of election to act at such meeting or any adjournment or adjournments thereof.

If inspectors of election be not so appointed the chairman of any such meeting may, and on the request of any shareholder or his proxy shall make such appointment at the meeting

The number of inspectors shall be either one or three. If appointed at a meeting on the request of one or more shareholders or proxies the majority of shares present shall determine whether one or three inspectors are to be appointed.

In case any person appointed as inspector fails to appear or fails or refuses to act, the vacancy may be filled by appointment made by the board of directors in advance of the convening of the meeting, or at the meeting by the person or officer acting as chairman

If there be three inspectors of election the decision, act or certificate of a majority shall be effective in all respects as the decision, act or certificate of all.

The inspectors of election shall determine the number of shares outstanding and the voting power of each, the shares represented at the meeting, the existence of a quorum, the authenticity, validity and effect of proxies, receive votes, ballots, or consents, hear and determine all challenges and questions in any way arising in connection with the right to vote, count and tabulate all votes, or consents, determine the result, and do such acts as may be proper to conduct the election or vote with fairness to all shareholders

The inspectors of election shall perform their duties impartially, in good faith, to the best of their ability and as expeditiously as is practical

On request of the chairman of the meeting or of any shareholder or his proxy the inspectors shall make a report in writing of any challenge or question or matter determined by them and execute a certificate of any fact found by them. Any report or certificate made by them shall be prima facie evidence of the facts stated therein.

CHAPTER VII.

LIABILITY IN CONNECTION WITH THE ISSUE OF SHARES.

322 Subscription liability to corporation.

(1) Every subscriber to shares and every person to whom shares are originally issued shall be liable to the corporation for the full consideration agreed to be paid for such shares.

(2) Any transferee of shares who has acquired such shares in good faith, without knowledge that they were not paid in full or to the extent stated in the certificate for such shares, shall not be liable for any amount beyond that shown by such certificate to be unpaid on the shares represented thereby, and any holder who derives his title through such a transferee and who is not himself a party to any fraud affecting the issuance of such shares shall have all the rights of such former holder.

(3) Every transferee of partly paid shares who acquired them under a certificate showing the fact of part payment, and every transferee of such shares (other than a transferee who derives title through a holder in good faith without knowledge, and who is not a party to any fraud affecting the issuance of such shares) who acquired them with actual knowledge that the shares were not paid in full or to the extent stated in the certificate therefor, shall be personally liable to the corporation for calls made or for installments of the amount unpaid becoming due until he transfers them to one who becomes liable therefor.

(4) When a shareholder makes a transfer of shares in good faith, which is duly registered on the corporate books, to one who becomes liable therefor, he is thereby discharged from liability to the corporation for the portion of the subscription price which remains uncalled for at the time of registration, unless it is otherwise provided in the certificate or agreed by contract in writing. After a transfer has been registered there shall be no lien upon the shares for calls already made or installments of the price due at the time of transfer and registration, except as reserved in the certificate

This section shall not be construed to release the transferer of shares from liability to the corporation under written contracts for the payment of the subscription or purchase price of the shares.

322*a* Subrogation of shareholders. Any shareholder who because of his proportionate stockholder's liability under statutes heretofore in effect and not in discharge of his obligation to pay the full consideration agreed to be paid for his shares, has heretofore made or shall hereafter make any payment in discharge in whole or in part of any debt or liability of the corporation shall be subrogated to the extent of such payment to the claim of the creditor against the corporation.

323. Liability of fiduciaries and pledgees. Except when he has voluntarily invested the estate or trust funds in such shares, no person holding shares as pledgee,

executor, administrator, guardian, trustee, receiver, or in any representative or fiduciary capacity, shall be personally liable as a shareholder by reason of so holding such shares for the subscription price of his shares, or otherwise, or for any call for the unpaid balance of the subscription price, but the estate and funds in the hands of such fiduciary or representative shall be liable, and the shares shall be subject to sale therefor.

324. Calls and collection of unpaid subscription price. When no provision is as to the time or times of payment of the consideration for the issue of shares is made in the agreement of subscription or purchase, shares shall be paid for on the call of the board of directors or of any receiver or trustee in bankruptcy of the corporation. Thirty days' notice of the amount called and of the time and place of payment shall be given either personally, or by registered mail addressed to each shareholder at his last address, as it appears on the books of the corporation, and if it does not so appear, at the place where the principal office of the corporation is located. When any shareholder fails to pay any installment of the subscription price or any call upon his shares which he is obligated to pay, at the time when such payment is due, the corporation, its receiver or trustee in bankruptcy may collect the amount due by action, or by sale or forfeiture as in case of assessments upon fully paid shares.

325. Liability to creditors on partly paid shares. No action shall be brought by or on behalf of any creditor to reach and apply the liability, if any, of a shareholder to the corporation to pay the amount due on his shares unless final judgment shall have been rendered in favor of such creditor against the corporation and execution returned unsatisfied in whole or in part, or unless such proceedings would be useless.

All creditors of the corporation, with or without reducing their claims to judgment, may intervene in any such creditor's action to reach and apply unpaid subscriptions, and all or any shareholders who hold partly paid shares may be joined in such creditor's bill and several judgments may be rendered for and against the parties to said action or in favor of a receiver for the benefit of the respective parties thereto. All amounts paid by any shareholder in such action shall be credited on the unpaid balance due the corporation upon his shares.

325*a*. Remedies for fraud. Nothing in this title shall be construed as in derogation of any rights or remedies which any creditor or shareholder may have, against any promoter, shareholder, director, officer or the corporation because of participation in any fraud or illegality practiced upon him by any of such persons or by the corporation in connection with the issue or sale of shares or other securities; or in derogation of any rights which the corporation may have by rescission, cancellation or otherwise because of any fraud or illegality practiced on it by any of such persons in connection with the issue or sale of shares or other securities.

CHAPTER VIII

CERTIFICATES AND TRANSFERS OF SHARES.

326. Certificates for shares. All stock corporations must issue certificates for shares, when fully paid, which shall state.

(1) The name of the registered holder of the shares represented thereby;

(2) The number, designation, if any, and class or series of shares represented thereby;

(3) The par value, if any, of the shares represented thereby, or a statement that such shares are without par value;

(4) If the corporation is authorized to issue shares of more than one class or series a general statement of the rights, preferences and restrictions granted to or imposed upon the shares of all classes or series or a summary thereof, with a reference to the articles therefor, or a statement of the authority of the board of directors to fix the preferences of classes or series of shares not yet issued;

(5) If redeemable, a statement of that fact and the redemption price;

(6) If convertible, a general statement of the essential terms and period for conversion;

(7) If the shares are subject to liens or restrictions upon transfer or the voting power the fact shall be indicated;

(8) If the shares are assessable, the fact shall be plainly stated on the face of the certificate.

Subject to the provisions of section 322, 330.15 and 334*a* of this title, no restriction of the right to transfer shares stated in the articles or by-laws, and no power of assessment, and no liens on shares for assessments or for the unpaid subscription price or other lien in favor of the corporation, shall be effective against a transferee of such shares unless stated on the face of the certificate.

Every certificate for shares issued by a corporation must be signed by the president or a vice president and the secretary or an assistant secretary, or must be authenticated by facsimiles of the signatures of its president and secretary or by a facsimile of the signature of its president and the written signature of its secretary or an assistant secretary. Before it becomes effective every certificate for shares authenticated by a facsimile of a signature must be countersigned by a transfer agent

or transfer clerk and must be registered by an incorporated bank or trust company, either domestic or foreign, as registrar of transfers.

In case any officer or officers who shall have signed, or whose facsimile signature shall have been written, printed or stamped on any certificate or certificates for shares, shall cease to be such officer or officers of such corporation, because of death, resignation or otherwise, before such certificate or certificates shall have been delivered by such corporation, such certificate or certificates shall nevertheless be conclusively deemed to have been adopted by such corporation by the use and delivery thereof and shall be as effective in all respects as though signed by a duly elected, qualified and authorized officer or officers, provided it is or they are countersigned and registered as above provided.

326*a*. Certificates for partly paid shares. Corporations may provide in their by-laws for issuing certificates prior to full payment under such restrictions as their by-laws may provide with respect to the transfer of such partly paid shares on the books of the corporation. The certificates shall state the amount remaining unpaid and the terms of payment thereof.

327. Transfer on the books. Upon surrender to the secretary or transfer agent of the corporation of a certificate for shares duly endorsed or accompanied by proper evidence of succession, assignment or authority to transfer, it shall be the duty of the corporation to issue a new certificate to the person entitled thereto, cancel the old certificate and record the transaction upon its books.

328. Proof of genuineness of transfer. When a transfer of shares on the books is requested and there is a reasonable doubt as to the rights of the person seeking such transfer, the corporation or its transfer agent, before entering the transfer of the shares on its books or issuing any certificate therefor, may require from such person reasonable proof of his rights, and, if there remain a reasonable doubt in respect thereto, may refuse a transfer unless such person shall give adequate security, or a bond of indemnity executed by a corporate surety or by two individual sureties, satisfactory to the corporation as to form, amount and responsibility of sureties. If not satisfactory to the corporation the surety or sureties shall justify before a judge of any court of record in the county where the transfer is sought and he shall determine the amount of the security or bond, and the responsibility or sufficiency of the sureties, after opportunity has been given the corporation to examine the surety or sureties as to their financial responsibility. The bond shall be conditioned to protect the corporation, its officers and/or its transfer agent or agents and/or registrar or registrars, against any loss, damage, expense or other liability to the owner of the shares by reason of the registration of the transfer.

If any such proof, security or bond be not furnished when required, as herein provided, neither the corporation nor any officer thereof shall be liable for refusing to enter the transfer on the books of the corporation.

328*a*. Adverse claims to shares. If shares standing in the name of any person be claimed by a third person the corporation may nevertheless transfer the shares on its books at the instance of the one presenting the certificate therefor, duly endorsed by the registered holder, without liability to the adverse claimant, unless the adverse claimant shall give written notice of his claim, and unless within five days after giving such notice such claimant shall give adequate security or bond of indemnity, executed by a corporate surety or two individual sureties, satisfactory to the corporation as to form, amount and responsibility of sureties. If not satisfactory to the corporation the surety or sureties shall justify before a judge of a court of record of the county where the transfer is sought and he shall determine the amount of the security or bond, and the responsibility or sufficiency of the sureties, after opportunity has been given the corporation and the person demanding the transfer to examine the sureties. The bond shall be conditioned to protect the corporation, its officers, transfer agents and registrars, and the record holder, if other than the claimant, and the person demanding the transfer, against damage, expenses or other liability by reason of the refusal to make the transfer. The adverse claimant shall commence an action within sixty days to establish his rights in such shares or the certificate therefor. The corporation, its officers and transfer agents shall be exempt from liability to an adverse claimant who fails to give the written notice or the security or bond or commence an action as provided in this section, if the corporation, its officers and/or transfer agent make a transfer at the instance of the holder of a certificate duly endorsed.

328*b*. Transfers by trustees. Whenever certificates for shares or other securities of a corporation are to be or have been issued or transferred to a person or corporation as trustee on the books or records of the corporation, whether or not such certificates or other securities or the instrument of transfer describe the trust or identify any beneficiary, it shall be presumed in favor of such corporation and its transfer agent that such trustee has the power to accept and transfer title to such certificates or other securities and there shall be no duty upon the corporation or its registrar or transfer agent to inquire into or determine the existence or validity of any trust or the terms thereof, or whether the trustee is committing a breach of obligation or exceeding his authority. The corporation shall be liable for registering a transfer of such certificates or other securities only if registration is made with actual knowledge of a breach of trust or its invalidity or if it has been enjoined therefrom by a court of competent jurisdiction.

328*c*. Transfers by married women. Shares of stock in domestic or foreign corporations standing on the books of a corporation in the name of a married woman may be transferred by her, her agent or her agents, without the signature of her husband in the same manner as if she were unmarried, and, likewise, dividends may be paid to her, and she may enjoy and exercise all the rights of a shareholder.

328*d*. Transfers to and by foreign executors, administrators and guardians. If a certificate for shares or a registered bond or other security standing in the name of a deceased person, minor ward, or incompetent not a resident of this state, is presented for transfer, accompanied by letters testamentary, or of administration, or of guardianship, issued by a court of the decedent's or the ward's domicile, or a certified copy thereof, together with such other instrument or order of court or certified copy thereof as may be required under the law of the decedent's or ward's domicile to authorize a transfer, the shares or bond or other security shall be transferred to the executor or administrator or guardian, or at his order, in pursuance of his authority to make transfers, until there shall be filed with the corporation or its transfer agent a certified copy of an order appointing an ancillary or local executor, administrator or guardian in this state.

No such transfer shall be made except upon the written consent of the state controller or person by him authorized to issue such consent under the inheritance tax laws of this state.

328*e*. Transfers by minors. A corporation shall not be or become liable to a minor in whose name shares are of record on its books because of their transfer on its books at the instance of such minor or the recognition of or dealing with such minor as a competent shareholder, whether or not such corporation shall have had notice, actual or constructive, of the non-age of such minor.

329. Lost or destroyed bonds. Whenever a bond, debenture, equipment trust certificate or other security of a domestic corporation or of any foreign corporation doing business in this state has been lost or destroyed, the owner thereof may bring an action against such corporation and all known claimants in the superior court of the county in which is located its principal office or place of business, for the purpose of obtaining a new or duplicate bond or instrument

The plaintiff must set forth in a verified complaint (1) the facts and circumstances relating to the loss or destruction of the bond or instrument; (2) that he has not assigned, indorsed, transferred, hypothecated or in any way disposed of said bond or instrument except to a party defendant; (3) that he does not know of any person, firm or corporation that claims any interest in said bond or instrument, or may claim one, who is not specifically named as a defendant.

Summons must be issued and served on all defendants as in other civil actions. If anyone appears and answers or intervenes in the action the trial must proceed as in other civil cases and the court must enter such judgment as from the facts established may be proper; but if no one appears within the time allowed by law after the service of such summons the court must hear such evidence as may be offered in support of the allegations of the complaint and make and file its decision thereon.

The court shall order such corporation, upon payment to it of all costs incurred by it (including the expenses of the execution and issue of the duplicate bond or other instrument), and without costs against the corporation or mortgagee or trustee, to issue to the plaintiff a new or duplicate bond or instrument upon the said plaintiff giving adequate security or an indemnity bond to the said corporation, its registrar, and the said mortgagee or trustee, with sureties approved by the court, against damage, expense or other liability which may be suffered by them by reason of the issuance of said duplicate instrument or by the original instrument still remaining outstanding.

330. Uniform stock transfer act. Sections 330.1 to 330.22, both inclusive, are herein designated as "Uniform stock transfer act," and wherever in said sections reference is made to "The transfer act," said reference shall be deemed to refer to such "Uniform stock transfer act."

330.1. *How title to certificates and shares may be transferred.* Title to a certificate and to the shares represented thereby can be transferred only—

(*a*) By delivery of the certificate indorsed either in blank or to a specified person by the person appearing by the certificate to be the owner of the shares represented thereby; or

(*b*) By delivery of the certificate and a separate document containing a written assignment of the certificate, or a power of attorney to sell, assign or transfer the same or the shares represented thereby, signed by the person appearing by the certificate to be the owner of the shares represented thereby. Such assignment or power of attorney may be either in blank or to a specified person; or

(*c*) By delivery of the certificate with an assignment indorsed thereon or in a separate instrument signed by the trustee in bankruptcy, receiver, guardian, executor, administrator or other person duly authorized by law to transfer the certificate on behalf of the person appearing by the certificate to be the owner of the shares represented thereby.

The provisions of this section shall control although the charter or articles of incorporation or by-laws of the corporation issuing the certificate, or the certificate itself, provide that the shares represented thereby shall be transferable only on the books

of the corporation or shall be registered by a registrar or transferred by a transfer agent.

330 2. Powers of representatives. Nothing in the transfer act shall be construed as enlarging or diminishing the powers of an infant or other person lacking full legal capacity, or of a trustee, executor or administrator, guardian, trustee in bankruptcy, or other fiduciary, to make a valid indorsement, assignment or power of attorney.

330 3. Corporation not forbidden to treat registered holder as owner. Nothing *in the transfer act shall be construed as forbidding a corporation*—

(*a*) To recognize the exclusive right of a person registered on its books as the owner of shares to receive dividends and to vote as such owner; or

(*b*) To hold liable for calls and assessments a person registered on its books as the owner of shares.

330 4 Title derived from certificate extinguishes title derived from a separate document The title of a transferee of a certificate under a power of attorney or assignment not written upon the certificate, and the title of any person claiming under such transferee, shall cease and determine if, at any time prior to the surrender of the certificate to the corporation issuing it, another person, for value, in good faith, and without notice of the prior transfer, shall purchase and obtain delivery of such certificate with the indorsement of the person appearing by the certificate to be the owner thereof, or shall purchase and obtain delivery of such certificate and the written assignment or power of attorney of such person, though contained in a separate document.

330 5 Who may deliver a certificate The delivery of a certificate to transfer title in accordance with the provisions of section 330 1 of the transfer act is effectual, except as provided in section 330 7 of the transfer act though made by one having no right of possession and having no authority from the owner of the certificate or from the person purporting to transfer the title.

330 6 Indorsement effectual in spite of fraud, duress, mistake, revocation, death, incapacity or lack of consideration or authority. The indorsement of a certificate by the person appearing by the certificate to be the owner of the shares represented thereby is effectual except as provided in section 330 7, though the indorser or transferor—

(*a*) Was induced by fraud, duress or mistake to make the indorsement or delivery, or

(*b*) Has revoked the delivery of the certificate, or the authority given by the indorsement or delivery of the certificate; or

(*c*) Has died or become legally incapacitated, after the indorsement, whether before or after the delivery of the certificate, or

(*d*) Has received no consideration

330 7. Rescission of transfer. If the indorsement or delivery of a certificate—

(*a*) Was procured by fraud or duress, or

(*b*) Was made under such mistake as to make the indorsement or delivery inequitable, or

If the delivery of a certificate was made—

(*c*) Without authority from the owner, or

(*d*) After the owner's death or legal incapacity, the possession of the certificate may be reclaimed and the transfer thereof rescinded, unless—

(1) The certificate has been transferred to a purchaser for value, in good faith, without notice of any facts making the transfer wrongful; or

(2) The injured person has elected to waive the injury or has been guilty of laches in endeavoring to endorse his rights.

Any court of appropriate jurisdiction may enforce specifically such right to reclaim *the possession of the certificate or to rescind the transfer thereof and, pending litigation,* may enjoin the further transfer of the certificate or impound it.

330.8 Rescission of transfer of certificate does not invalidate subsequent transfer by transferee in possession Although the transfer of a certificate or of shares represented thereby has been rescinded or set aside, nevertheless, if the transferee has possession of the certificate or of a new certificate representing part or the whole of the same shares of stock, a subsequent transfer of such certificate by the transferee, mediately or immediately, to a purchaser for value, in good faith, without notice of any facts making the transfer wrongful, shall give such purchaser an indefeasible right to the certificate and the shares represented thereby.

330 9. Delivery of unindorsed certificates imposes obligation to indorse The delivery of a certificate by the person appearing by the certificate to be the owner thereof, without the indorsement requisite for the transfer of the certificate and the shares represented thereby, but with intent to transfer such certificate or shares, shall impose an obligation, in the absence of an agreement to the contrary, upon the person so delivering to complete the transfer by making the necessary indorsement The transfer shall take effect as of the time when the indorsement is actually made. *This obligation may be specifically enforced*

330.10. Ineffectual attempt to transfer amounts to a promise to transfer. An attempted transfer of title to a certificate or to the shares represented thereby, without delivery of the certificate, shall have the effect of a promise to transfer, and

the obligation, if any, imposed by such promise shall be determined by the law governing the formation and performance of contracts.

330.11. Warranties on sale of certificate. A person who, for value, transfers a certificate, including one who assigns for value a claim secured by a certificate, unless a contrary intention appears, warrants—

(*a*) That the certificate is genuine;

(*b*) That he has a legal right to transfer it; and

(*c*) That he has no knowledge of any fact which would impair the validity of the certificate or show that the certificate has been illegally issued.

In the case of an assignment of a claim secured by a certificate, the liability of the assignor upon such warranty shall not exceed the amount of the claim.

330.12. No warranty implied from accepting payment of a debt. A mortgagee, pledgee, or other holder for security of a certificate who, in good faith, demands or receives payment of the debt for which such certificate is security, whether from a party to a draft drawn for such debt, or from any other person, shall not, by so doing, be deemed to represent or to warrant the genuineness of such certificate or the value of the shares represented thereby.

330.13. Issue of new certificates. Except where a certificate is lost or destroyed, a corporation shall not be compelled to issue a new certificate for shares until the old certificate is surrendered to it.

330.15. Effect of liens. A corporation shall be under no obligation to transfer shares upon its books or to issue a new certificate for shares which are subject to the lien of an attachment or execution unless and until the lien shall be discharged, but the corporation may in its discretion issue a new certificate with the notation thereon of the fact that it is claimed that the shares are subject to the lien of an attachment or execution.

A corporation may require as a condition of the transfer of shares upon its books the payment of all calls previously made or installments of the purchase or subscription price due at the time of registration of such calls or installments are a lien thereon effective as against the person demanding registration, and of all assessments which have been levied and made a lien upon such shares.

330.16. Alteration of certificate does not divest title to shares. The alteration of a certificate, whether fradulent or not, and by whomsoever made, shall not deprive the owner of his title to the certificate and the shares originally represented thereby, and the transfer of such a certificate shall convey to the transferee a good title of such certificate and to the shares originally represented thereby.

330.17. Voluntary replacement of lost or destroyed instruments. Every corporation may issue a new certificate for shares or a new bond, debenture, equipment trust certificate or other security in the place of any such instrument theretofore issued by it, or by any corporation of which it is the lawful successor, alleged to have been lost or destroyed, and the directors authorizing the issue of such new instrument may, in their discretion, require the owner of the lost or destroyed instrument, or his legal representative, to give the corporation a bond or other security, in an adequate amount, as indemnity against any claim that may be made against such corporation. A new instrument may be issued without requiring any bond or security when, in the judgment of the directors, it is proper to do so.

330.18. Compulsory replacement of lost certificates. Whenever a certificate for shares issued by a domestic corporation or by a foreign corporation maintaining an office or agency for the transfer of shares in this state has been lost or destroyed, the owner thereof may bring an action against such corporation and all known claimants in the superior court of the county in which is located its principal office, for the purpose of obtaining a new certificate.

The plaintiff must set forth in a verified complaint (1) the facts and circumstances relating to the loss or destruction of the certificate; (2) that he has not assigned, indorsed, transferred, hypothecated or in any way disposed of said certificate except to a party defendant; (3) that he does not know of any person, firm or corporation that claims any interest in said certificate, or may claim one, who is not named specifically as a defendant; (4) a description of the certificate, giving so far as known the number of the certificate and the number of shares and the name of any person in whose name the same may be registered.

Summons must be issued and served on all defendants as in other civil actions. If anyone appears and answers or intervenes in the action the trial must proceed as in other civil cases and the court must enter such judgment as from the facts established may be proper; but if no one appears within the time allowed by law after the service of such summons the court must hear such evidence as may be offered in support of the allegations of the complaint and make and file its decision thereon.

The court may order the issuance of a new certificate and the cancellation of the one lost or destroyed.

The court shall order, as a condition of the judgment, that the plaintiff shall deposit adequate security, or deliver to the court such bond, approved by the court, as will be sufficient to protect and indemnify the corporation, its transfer agents and registrars, and also any person having any rights under the certificate alleged to be lost or destroyed, against loss, expense or liability.

The issue of a new certificate, under an order of court as provided in this section, shall not relieve the corporation from liability in damages to a person to whom the

original certificate has been or shall be transferred for value, without notice of the proceedings or of the issuance of the new certificate or the fact that he has purchased a lost certificate.

The sole right and remedy against the corporation of any person claiming rights under the old certificate canceled by decree of the court shall be a claim for damages for conversion as of the date of the issue of the new certificate, and in an amount not greater than the amount of any such bond or security, which claim shall be barred at the expiration of the period prescribed for the commencement of an action for conversion of personal property.

330 19. Definition of indorsement. A certificate is indorsed when an assignment or a power of attorney to sell, assign or transfer the certificate or the shares represented thereby is written on the certificate and signed by the person appearing by the certificate to be the owner of the shares represented thereby, or his legal representative, or when the signature of such person is written, without more, upon the back of the certificate. In any of such cases a certificate is indorsed though it has not been delivered.

330 20 Definition of person appearing to be the owner of certificate. The person to whom a certificate was originally issued is the person appearing by the certificate to be the owner thereof and of the shares represented thereby, until and unless he indorses the certificate to another specified person, and thereupon such other specified person is the person appearing by the certificate to be the owner thereof until and unless he also indorses the certificate to another specified person. Subsequent special indorsements may be made with like effect.

CHAPTER IX.

ASSESSMENTS.

331. Assessments, how levied. (1) Shares issued by stock corporations are not assessable except as provided in this article If the articles expressly confer such authority upon the corporation or the board of directors, and subject to any limitations therein contained, the directors may in their discretion, levy and collect assessments upon all shares of any or all classes made subject to assessment by the articles. This authority is additional to that of making calls for the unpaid subscription price of shares

(2) Nonstock corporations may levy dues or assessments or both upon their members, if such authority is conferred either by the articles or by their by-laws, and subject to any limitations therein contained. Such dues or assessments or both may be levied upon all classes of membership alike, or in different amounts or proportions or upon a different basis upon different classes of membership and memberships of one or more classes may be made exempt from either dues or assessments or both, in the manner and to the extent provided either in the articles or the by-laws.

The amount of the levy and method of collection of such dues or assessments or both may fixed in the articles or by-laws, or the articles or by-laws may authorize

the board of directors to fix the amount thereof from time to time, and make them payable at such times or intervals, and upon such notice, and by such methods of collection as the directors may prescribe. They may be made enforceable by action or by forfeiture of membership, or both, upon reasonable notice

(3) Any corporation organized for or engaged in the business of selling, distributing, supplying or delivering water for irrigation purposes or domestic use, and not as a public utility, and which provides in its by-laws that water shall only be sold, distributed, supplied, or delivered to owners of its shares and that such shares shall be appurtenant to certain lands described in the certificate issued therefor, may levy assessments upon its shares, whether or not fully paid, unless otherwise provided in its articles or by-laws. If any shares of any such corporation which have been made appurtenant to any land as provided in this code, become delinquent in the payment of assessments, the right to receive water or dividends thereon may be denied, and they may be sold and transferred without said lands as if not appurtenant thereto, and the purchaser shall acquire the right to receive water as provided in the articles or by-laws of the corporation, or they may be forfeited to the corporation.

332. Resolution levying assessment, what to specify. Every resolution of a stock corporation levying an assessment must specify the amount thereof, to whom and where payable; fix a day, at least ten days subsequent to the actual service or publication of the assessment notice on which the unpaid assessments shall be delinquent, and not less than thirty nor more than sixty days from the time of passing the resolution levying the assessment; and a day for the sale of delinquent shares not less than fifteen nor more than sixty days from the date the shares become delinquent. Said resolution shall also fix the hour and place of sale which must be in the county where the principal office of the corporation is located.

333. Notice of levy and sale. Upon the passing of the resolution levying an assessment by a stock corporation, the secretary shall cause to be personally served or to be mailed and published a notice thereof in substantially the following form:

(Name of corporation in full. Location of principal office.)

Notice is hereby given that at a meeting of the board of directors held on the (date) an assessment of (amount) per share was levied upon the shares of the corporation payable (to whom and where). Any shares upon which this assessment remains unpaid on the (day fixed) will be delinquent, and unless payment is made in the meantime, the said shares, or so many of said shares as may be necessary, will be sold at the (particular place) on the (date) at (the hour) of such day, to pay the delinquent assessment, together with five per cent penalty. (Name of secretary with location of office.)

334. Service of notice. The notice shall be personally served upon each shareholder, or, in lieu of personal service shall be sent through the mail addressed to each shareholder at his last address, as it appears on the books of the corporation, and if it does not appear, at the place where the principal office of the corporation is located, and shall be published once in some newspaper of general circulation published at the city or town of the principal office of the corporation. If there be no newspaper published in the city of the principal office of the corporation, then the publication must be made in some newspaper of the county if there be one, and if there be none then in some newspaper published in an adjoining county.

334*a*. Lien for assessments. The liability for an assessment shall attach and the assessment shall be a lien upon the shares assessed from the time of personal service or the publication of the notice of assessment, unless the articles or by-laws provide for such liability and/or lien from the time of the resolution levying the assessment. A transfer of the shares on the books after the lien of an assessment has attached shall be a waiver of such lien.

335. Extension of time of delinquent stock sale; notice. The date of sale of delinquent shares fixed in any resolution levying an assessment may be extended from time to time for not more than thirty days at a time by order of the directors entered on the records of the corporation, or when delinquent sale is restrained by order of a court. Notice of such extension shall be given by announcement by the secretary, assistant secretary, or other person authorized to conduct such sale, made at the time of sale last theretofore fixed.

336. Sale. At the place and time appointed in the notice of levy and sale, the assistant secretary, secretary or any officer or an attorney of the corporation, shall, unless otherwise ordered by the directors, sell or cause to be sold to the highest bidder for cash so many shares of each shareholder of the assessed shares of stock as may be necessary to pay the assessment and charges thereon according to the notice; if payment is made before the sale, the shareholder shall pay a penalty of five per cent in addition to the assessment. The person offering at such sale to pay the assessment and penalty for the smallest number of shares is the highest bidder, and the stock purchased must be transferred to him on the stock books of the corporation on the payment of the assessment and penalty. No corporation shall be required to accept an offer for a fraction of a share. If no bidder can be found to pay the amount due on the shares, together with the penalty of five per cent thereof, the shares shall be declared forfeited to the corporation in satisfaction of the assessment and penalty thereon, and shall have the status of authorized but unissued shares.

The only remedy for the collection of any assessment on fully paid shares shall be by sale or forfeiture unless the remedy by action is expressly authorized in the articles but calls or installments of the unpaid balance of the subscription price may be collected when due either by action or, after the notice hereinbefore provided, by sale or forfeiture.

337. Surrender of old certificate. After a sale or forfeiture of shares for nonpayment of an assessment or of a call for the unpaid balance of the subscription price, the delinquent shareholder shall surrender his certificate for shares to the corporation for cancellation. This duty may be enforced by order of decree of court and the delinquent shareholder shall be liable for damages to the corporation for failure to surrender the certificate for cancellation upon demand without good cause or excuse.

338. Assessments shall not be invalidated. No assessment is invalidated by a failure to make publication of the notice hereinbefore provided for, nor by the nonperformance of any act required in order to enforce the payment of the same; but in case of any substantial error or omission in the course of proceedings for collection, all previous proceedings, except the levying of the assessment, are void, and publication must be begun anew.

339. Action for recovery of stock, and limitation thereof. No action shall be sustained to recover stock sold for delinquent assessments, upon the ground of irregularity in the assessment, irregularity or defect of the notice of sale, or defect or irregularity in the sale, unless the party seeking to maintain such action first pays or tenders to the corporation, or the party holding the stock sold, the sum for which the same was sold, together with all subsequent assessments which may have been paid thereon and interest on such sums from the time they were paid; and no such action shall be sustained unless the same is commenced by the filing of a complaint and the issuing of a summons thereon within six months after such sale was made.

340 Affidavit of publication. Certificate of sale. The publication of notice required by this article may be proved by the affidavit of the printer, foreman, or principal clerk of the newspaper in which the same was published; and the certificate of the secretary or assistant secretary is prima facie evidence of the time and place of sale and any postponement thereof, of the quantity and particular description of the stock sold, and to whom, and for what price and of the fact of the purchase money being paid. The certificate must be filed in the office of the corporation, and copies of the same, certified by the secretary thereof, are prima facie evidence of the facts therein stated.

CHAPTER X.

POWERS.

341. Powers of corporations Every corporation heretofore or hereafter organized has power,

(1) To sue and be sued in any court;

(2) To adopt, use and at will alter a corporate seal, but failure to affix a seal shall not affect the validity of any instrument;

(3) To acquire, hold, lease, encumber, convey or otherwise dispose of real and personal property within or without the state and to take real and/or personal property by will, gift or bequest;

(4) To appoint such subordinate officers or agents as the business of the corporation may require, and to allow them suitable compensation;

(5) When authorized in its articles, to issue shares, and to sell such shares for the nonpayment of assessments;

(6) To enter into any obligations or contracts or to do any acts incidental to the transaction of its business, or expedient for the attainment of the purposes of the corporation;

(7) To make by-laws;

(8) To borrow money and to issue bonds, debentures, notes, and evidences of indebtedness, and to secure the payment or performance of its obligations by mortgage, deed of trust, pledge or otherwise;

(9) To qualify to do business in any other state, territory, dependency or foreign country and to conduct business within or without the state;

(10) To acquire, subscribe for, hold, own, pledge and otherwise dispose of and vote shares of stock, bonds and securities of any other corporation, domestic or foreign.

No corporation shall be deemed to possess the power to issue bills, notes or evidences of debt for circulation as money.

342. Purchase by a corporation of its own shares. No corporation shall purchase or agree to purchase, or cause or permit any corporation which it controls to purchase or agree to purchase, or employ or assist any person or corporation to purchase or agree to purchase for its account any of its shares except as follows:

(1) To collect or compromise in good faith, a debt, claim or controversy with any shareholder;

(2) From shareholders who by reason of dissent are entitled to be paid the fair cash value of their shares,

(3) From one who is an employee other than as an officer or director has purchased such shares from the corporation under an agreement reserving to the corporation the option to repurchase;

(4) To eliminate fractional shares;

(5) To purchase shares subject to redemption at prices not exceeding the redemption price thereof;

(6) To carry out provisions of its articles authorizing conversion of its shares; and

(7) Subject to limitations if any contained in its articles, from earned surplus.

A corporation shall not purchase its own shares of any class in any case where there is reasonable ground for believing that the corporation is unable, or, by such purchase, will be rendered unable, to satisfy its debts and liabilities when they fall due. Nothing in this section shall be construed to prevent a corporation from acquiring its own shares by gift or bequest or upon a merger with or distribution of the assets of another corporation.

342*a*. Effect of acquisition of shares. When a corporation acquires its shares under authority of section 342 (7) of this code, the earned surplus shall be reduced by an amount equal to the purchase price thereof, but the stated capital shall not be affected thereby. When a corporation acquires its shares by gift or bequest or upon the distribution of the assets of another corporation, such shares shall be restored to the status of authorized but unissued shares, and the stated capital shall not be reduced thereby.

When a corporation acquires its own shares under authority of any of the subdivisions other than (7) of section 342 of this code, such shares shall be restored to the status of authorized but unissued shares; provided, however, that if the articles prohibit the reissue of such shares, the authorized number of shares of the class to which such shares belong shall, upon such redemption, purchase, conversion or exchange, be reduced to the extent of the shares so retired.

342*b*. Treasury shares. Treasury shares shall not carry voting or dividend rights and shall not be counted as outstanding shares for voting purposes. Unless otherwise provided in the articles such shares may be disposed of for such consideration as the board of directors may fix and the amount of such consideration received shall be added to stated capital.

343. Sale or transfer of entire assets. No corporation may sell, lease, convey, transfer, exchange or otherwise dispose of all or substantially all of its property and assets except under authority of a resolution of its board of directors, approved by the vote or written consent of the shareholders entitled to exercise a majority of the voting power on such proposal before or after the adoption of the resolution by the directors. Such sale, lease, exchange, transfer or disposition may be made upon such terms and conditions and for such considerations, which may be money, property, shares of stock and/or other securities of any corporation or corporations, as its board of directors may deem for the best interests of the corporation. Written notice of the directors' resolution and the date of adoption thereof shall be mailed to each shareholder, whether entitled to vote or not, within five days after the adoption of the resolution. The articles may require on such proposal the vote or consent of a larger proportion of the shareholders and the separate vote of a majority or a larger proportion of any class of shareholders of record.

343*a*. Plan of distribution of shares or securities upon sale of assets. The directors and shareholders, in authorizing and approving a sale or other disposition of all or substantially all of the property and assets pursuant to section 343 of this code, may also authorize and approve a plan for the distribution of all or a part of the consideration to be received, including shares or other securities of any corporation or corporations, domestic or foreign.

Shareholders who approve such sale or other disposition and such plan of distribution, and shareholders who do not dissent therefrom and do not exercise their rights as dissenting shareholders as hereinafter provided, shall be deemed to have waived and surrendered such distributive rights as they may have upon a liquidation or dissolution or winding-up of the corporation and to have agreed to accept in lieu thereof and to have accepted, the shares or securities or other considerations to which they are entitled under such plan of distribution.

Dissenting shareholders, whether or not entitled to vote, shall be entitled to compensation under the conditions hereinafter provided.

Any distribution under such plan shall be subject to the provisions of this title including but not limited to those as to reduction of stated capital, distribution of surplus after reduction of stated capital and to the manner of dissolving and winding-up of corporations.

343*b*. Conveyance or transfer of entire assets. Any deed or instrument conveying or otherwise transferring all, or substantially all, the assets of a corporation may have annexed to it the certificate of the secretary or an assistant secretary of the corporation, under the corporate seal, setting forth the resolution of the board of directors and stating the fact of approval thereof by the vote or written consent of the shareholders as provided in the preceding sections. Such certificate shall be prima facie evidence of the existence of the facts authorizing a conveyance or other transfer of the entire assets and conclusive evidence in favor of any innocent purchaser or incumbrancer for value.

344. Corporate mortgages. The board of directors may authorize any mortgage deed of trust, pledge or other hypothecation of all or any part of a corporation's property, real or personal, for the purpose of securing the payment or performance of any contract, note, bond or obligation. Unless the articles otherwise provide, no

vote or consent of shareholders shall be necessary to authorize such action by the board of directors.

345 Effect of ultra vires acts. The statement in the articles of the objects, purposes, powers and authorized business of the corporation shall have the effect as between the corporation and its directors, officers or shareholders, of an authorization to the directors and a limitation upon the actual authority of the representatives of the corporation. Such limitations may be asserted in an action by a shareholder or at the suit of the state, to enjoin the doing or continuation of unauthorized business by the corporation and/or its officers in cases where third parties have not acquired rights thereby, or to dissolve the corporation, or in an action by the corporation or by the shareholders suing in a representative suit, against the officers or directors of the corporation for violation of their authority.

No limitation upon the business, purposes or powers of the corporation or upon the powers of the shareholders, officers or directors, or the manner of exercise of such powers, contained in or implied by the articles or by chapter 15 of this title, shall be asserted as between the corporation or any shareholder and any third person.

Any contract or conveyance made in the name of a corporation which is authorized or ratified by the directors, or is done within the scope of the authority, actual or apparent, given by the directors, except as their authority is limited by law other than by chapter 15 of this title, shall bind the corporation, and the corporation shall acquire rights thereunder, whether the contract be executed or wholly or in part executory.

This section shall extend to contracts and conveyances made by foreign corporations in this state and to all conveyances of real property situated in this state by foreign corporations.

CHAPTER XI.

DIVIDENDS; INCREASE AND REDUCTION OF STATED CAPITAL.

346. Cash or property dividends. A corporation may declare dividends in cash and/or in property only as follows:

(1) Out of earned surplus;

(2) Despite impairment of stated capital, out of net profits earned during the next preceding accounting or dividend period which shall not be less than six months nor more than one year in duration;

(3) Out of paid-in or contributed surplus and/or surplus arising from reduction of stated capital only upon shares entitled to preferential dividends; *provided*, that the shareholders receiving such dividends shall be given notice of such source prior to or concurrently with payment thereof.

If the value of the net assets has been impaired, through depreciation in the value of its properties, losses, depletion, or otherwise, to an amount less than the aggregate amount payable to holders of shares having any preferential claim to assets upon liquidation following dissolution or otherwise, no dividends shall be declared or paid except upon such shares until the value of its net assets has been restored to such highest aggregate amount.

No dividends shall be declared under the preceding paragraphs when there is reasonable ground for believing that its debts and liabilities would thereupon exceed its assets, or that it would be unable to meet its debts and liabilities as they mature.

No dividends shall be declared out of the mere appreciation in the value of its assets, not yet realized.

A corporation engaged solely or substantially in the exploitation of mines, oil wells, gas wells, patents or other wasting assets, or organized solely or substantially to liquidate specific assets, may distribute the net income derived from the exploitation of such wasting assets or the net proceeds derived from such liquidation without making any deduction or allowance for the depletion of such assets incidental to the lapse of time, consumption, liquidation or exploitation; subject, however, to adequate provision for meeting debts and liabilities and fixed preferences of outstanding shares as to assets on liquidation, and to notice to shareholders that no deduction or allowance has been made for such depletion.

346*a* Share dividends. The board of directors may declare dividends in shares of the corporation only as follows:

(1) Out of earned surplus,

(2) Out of paid-in or contributed surplus and/or surplus arising from reduction of stated capital, provided that notice shall be given to shareholders receiving such dividends of the source thereof prior to or concurrently with payment thereof.

Upon declaration of a share dividend the amount of surplus out of which such dividend is declared shall be transferred to stated capital. If a dividend is declared in shares having a par value, the aggregate par value of such shares shall be transferred from surplus to stated capital.

If the dividend is declared in shares without par value, then if such shares are preferred shares they shall be valued at the redemption or liquidation price or the lower of two or more redemption or liquidation prices if there be several; or if such shares are common shares they shall be valued in proportion to the stated capital represented by similar shares, the aggregate of which shall be transferred from surplus to stated capital. Notice shall be given to the shareholders of the amount

per share transferred from surplus upon the declaration of such dividend in shares without par value.

Nothing in this section shall be construed to forbid or limit the power of a corporation to split up or subdivide its shares into a larger number of shares without transferring surplus to stated capital; *provided, however,* that upon the issue of additional shares without par value the shareholders be given notice of the book value of each share prior to the split up or subdivision, and the book value of each share subsequent to each split up or subdivision.

346*b*. Dividends on partly paid shares. Dividends on partly paid shares may be declared and paid upon the basis of the percentage of the consideration actually received thereon.

346*c*. Application of surplus to deficit. A corporation may, by action of its board of directors, apply any part or all of any paid-in or contributed surplus or any surplus created by reduction of stated capital to the reduction or writing off of any deficit arising from losses or diminution in value of its assets. In case any such action is taken under this section a disclosure thereof shall be made in the next annual statement of the corporation and reported at the next annual meeting of the shareholders.

347. Redemption of shares. A corporation may, if so authorized by its articles, issue a class or classes of shares which are, at the option of the corporation, subject to be redeemed by the corporation on such terms and conditions as shall be stated in the articles, or in a resolution providing for the issue of such shares adopted by the directors pursuant to authority in the articles.

The corporation may apply to the redemption or purchase of such shares, any surplus and/or an amount out of its stated capital equal to (*a*) the aggregate par value of shares so redeemed or purchased having a par value, and (*b*) the redemption or purchase price of such shares without par value and the stated capital shall be reduced by the ambunt of capital so applied; *provided,* that if the cost of such shares exceeds the stated capital in respect thereof, the excess shall be treated as having been paid out of earned surplus, or if there be no such surplus then existing, out of any other surplus.

No redemption of shares shall be made if there is reasonable ground to believe that the assets of the corporation remaining after such redemption would be insufficient to pay all the debts and liabilities of the corporation as they mature except such debts and liabilities as have been otherwise adequately provided for, or if the net assets would be reduced to an amount less than the aggregate amount payable to holders of shares having prior or equal claim to assets upon dissolution or otherwise.

348. Reduction of stated capital. A reduction of stated capital may be authorized by a resolution of the board of directors approved by the vote or written consent of the holders of shares representing a majority of the voting power. The resolution of the directors shall set forth the amount of reduction of stated capital and the method by which outstanding par value shares, if any, shall be adjusted to the new stated capital.

No such reduction shall be made in the stated capital of the corporation to an amount less than the aggregate amount of its debts and liabilities plus the aggregate par value of all shares having par value, and the greatest aggregate liquidation price of preferred shares without par value to remain outstanding after such reduction.

348*a*. Adjustment of shares to reduction. Adjustment of outstanding par value shares to correspond with stated capital as reduced may be effected:

(1) By the surrender by each or any holder of all or a part of his certificates for shares and the issuing to him in lieu thereof of certificates for a different number of shares, or shares of a different par value pursuant to an amendment of the articles;

(2) By redemption or purchase of shares subject to redemption in accordance with the provisions of this title;

(3) By the changes of shares of one or more classes having par value into shares without par value pursuant to an amendment of the articles;

(4) In any other way not repugnant to law.

348*b*. Distribution of surplus after reduction. If the amount of stated capital be reduced, and there be a surplus of assets over debts and liabilities plus the amount of stated capital as reduced any surplus resulting from reduction shall be transferred to a special surplus account and may be applied by the directors as follows:

(1) If there be but one class of shares outstanding, such surplus may be distributed pro rata in cash or in kind to the shareholders;

(2) If there be preferred shares, which are subject to redemption, then such surplus may be applied to the redemption or purchase of such preferred shares at not to exceed their redemption price, or to the payment of dividends upon preferred shares, in the order of priority of such shares;

(3) If there be no preferred shares which are subject to redemption, such surplus may be applied to the purchase of any preferred shares which are not subject to redemption upon reasonable terms, not exceeding the lowest liquidation price thereof,

under a pro rata offer to all the holders of such shares, or to the payment of dividends upon preferred shares in the order of their priority;

(4) In any case, such surplus may be distributed pursuant to a resolution adopted by vote of the holders of two-thirds of the shares of each class outstanding, regardless of limitations on the voting power of any of such classes. If the shareholders or directors do not dispose of such surplus or any part thereof in any of the ways hereinabove authorized, such surplus shall be subject to disposition by the board of directors in the same manner as surplus paid in by the shareholders.

At least fourteen days before any such distribution of surplus of assets upon reduction of stated capital, except by way of redemption or purchase of shares subject to redemption, or by way of dividends upon preferred shares or by way of share dividends, there shall be filed with the secretary of state a certificate signed and acknowledged by its president or a vice president and also by the treasurer or an assistant treasurer and signed by a majority of the board of directors, containing a financial statement setting forth the condition of the corporation's affairs as shown by its books of account, the amount of its debts and liabilities and the estimated fair present value of its assets and that the board of directors has determined that the proposed distribution of assets will not reduce the value of the assets of the corporation taken at their fair value to an amount less than the aggregate of the debts and liabilities of the corporation, plus the amount, as reduced, of the stated capital. After such certificate is filed with the secretary of state, a certified copy thereof shall be filed in the office of the county clerk in the county in which the corporation has its principal office.

348c. Increase of stated capital. The stated capital of the corporation may be increased from time to time by resolution of the board of directors directing that a portion of the surplus of the corporation be transferred to the stated capital account.

CHAPTER XII.

CORPORATE RECORDS AND REPORTS—INSPECTION.

352. Corporate minutes. Every corporation shall keep a book of minutes at the principal office, or such other place as the board of directors may order, of all meetings of its directors and shareholders or members with the time and place of holding, whether regular or special, and, if special, how authorized, the notice thereof given, the names of those present at directors' meetings, the number of shares of members present or represented at shareholders' or members' meetings and the proceedings thereof.

353. Books of account. Every corporation shall keep and maintain adequate and correct accounts of its properties and business transactions, including accounts of its assets, liabilities, receipts, disbursements, gains, losses, capital, surplus, and shares. Any surplus, including earned surplus, paid in surplus and surplus arising from a reduction of stated capital, shall be classified according to source and shown in a separate account. The books of account shall at all reasonable times be open to inspection by any director.

354. Share register. Corporations for profit shall keep at the principal office, or at the office of its transfer agent, a share register, or a duplicate share register, showing the names of the shareholders and their addresses; the number and classes of shares held by each; the number and date of certificates issued for the same; and the number and date of cancellation of every certificate surrendered for cancellation.

355. Inspection of corporate records. The share register or duplicate share register, the books of account, and minutes of proceedings of the shareholders and directors of every corporation shall be open to inspection upon the written demand of any member or shareholder or holder of a voting trust certificate at any reasonable time, and for a purpose reasonably related to his interests as a shareholder, and shall be produced at any time when required by the demand of ten per cent of the shares represented at any shareholders' meeting.

Such inspection may be made in person or by agent or attorney, and includes the right to make extracts. The right of the shareholders to inspect the corporate records may not be limited in the articles or by-laws.

Demand of inspection other than at a shareholders' meeting shall be made in writing upon the president, secretary, assistant secretary or general manager of the corporation. Every such demand, unless granted, shall be referred by him to the board of directors.

357. Investigation by order of court. Upon refusal of a lawful demand for inspection or upon petition of the holders of ten per cent (10%) of the issued and outstanding shares, the superior court of the county in which the principal office or in which the records are located may enforce the right of inspection with just and proper conditions, or may appoint one or more competent inspectors or accountants to audit the books and records and to investigate the property, funds and affairs of any corporation, and to report thereon in such manner as the court may direct.

It shall be the duty of all officers and agents of the corporation to produce to the inspectors or accountants so appointed all books and documents in their custody or power, under penalty of punishment for contempt of court.

All expenses of the investigation or audit shall be defrayed by the applicant unless the court shall order them to be paid or shared by the corporation.

358. Annual report. The directors of every corporation shall cause to be sent to the shareholders not later than one hundred twenty days after the close of the fiscal or calendar year, a balance sheet as of the closing date of the last such year, together with a statement of income and profit and loss, for the year ended on that date, unless such reports be expressly dispensed with in the by-laws. These financial statements shall be certified to by the president, secretary, treasurer or a public accountant.

Such annual report shall give a summary of assets and liabilities; the amount of dividends paid or declared during the past year; the condition as to surplus or *deficit and how acquired or created; the number of shares issued and outstanding*; together with any such particulars as are necessary to disclose the general nature of liabilities and assets of the corporation; and the names and addresses of all its principal officers and directors. When any assets are stated at values other than cost to the corporation, the bases of such values shall be indicated.

The statement of income and profit and loss shall be prepared in the form ordinarily used by accountants for the particular kind of business carried on by the corporation.

Where any of the assets of the corporation consist of shares in or amounts owing from a subsidiary company or subsidiary companies the aggregate amount of those assets, distinguishing shares and indebtedness, shall be set out in the balance sheet separately from all the other assets. Where a corporation is indebted to a subsidiary company the aggregate amount of that indebtedness shall be set out in the balance sheet separately from other liabilities.

There shall be a statement showing how far and to what extent profits and losses of a subsidiary corporation have been taken into account in arriving at the profit and loss of the holding company as disclosed in its accounts.

359. Financial statement to shareholders. Shareholders holding at least five per cent of the number of shares of any corporation other than a bank, a building and loan association, an insurance company, a public utility, or a nonprofit corporation, may make a written request to the officers of the corporation for a statement of its affairs in case no full or adequate statement has been given in written form to its shareholders within six months.

The statement shall be in the form prescribed for the annual report and shall be certified in like manner and delivered to the person or persons making the request within thirty days thereafter, and a copy thereof shall be kept on file in the principal office of the corporation for twelve months, and at all times during business hours shall be exhibited or mailed to any shareholder demanding an examination thereof. Except upon order of court, for good cause shown, the corporation shall not be required to prepare more than one such statement in any one year. The superior court upon application, for good cause shown, may extend the time for delivering of such financial statement.

The corporation shall, upon the written request of any shareholder, mail to him a copy of the last profit and loss statement and balance sheet, together with a copy of the report, if any, of the company's auditors on said balance sheet.

CHAPTER XIII.

ORGANIC CHANGES, MERGER, CONSOLIDATION AND AMENDMENTS.

361. Merger and consolidation of corporations. Any two or more corporations may be: (*a*) merged into one of such constituent corporations, which is herein designated as "the surviving corporation"; or (*b*) consolidated into a new corporation, which is herein designated as "the consolidated corporation," as follows:

(1) The board of directors of each corporation by resolution shall approve an agreement which shall set forth the terms and conditions of merger or consolidation and the mode of carrying the same into effect, as well as the manner and basis of converting the shares of the constituent corporations into the shares of the consolidated or surviving corporation. The agreement may also provide for the distribution of cash, property, or securities, in whole or in part, in lieu of shares to shareholders of the constituent corporations or any class of them, *provided, however*, that upon such distribution of cash, property or securities, the liabilities of the consolidated or surviving corporation, including those derived by it from the constituent corporations, plus the amount of the stated capital of the consolidated or surviving corporation, shall not exceed the value of the assets of such consolidated or surviving corporation.

If the agreement is for a consolidation, it shall state the matters required to be stated in articles of incorporation, and these statements shall be deemed to be the articles of incorporation of the corporation created by the agreement.

If the agreement is for a merger, it shall state any matters with respect to which the articles of the surviving corporation are amended, and the articles shall be deemed to be amended accordingly upon the filing thereof with the secretary of state.

(2) The agreement shall be signed by the president or a vice president and the secretary or an assistant secretary of each corporation, and acknowledged by the officers executing the same on behalf of their respective corporations.

(3) The agreement must be approved by the vote of the holders of not less than two-thirds of the issued and outstanding shares of each class, even though their right to vote be otherwise restricted or denied, of each of the constituent corporations, at a meeting duly called upon notice of the time, place and purpose thereof, mailed to the last known post-office address of each shareholder at least twenty days prior to the date of such meeting. There shall be mailed with the notice of such meeting a statement of the general terms of the proposed agreement. In lieu of the vote of such shareholders of any of said corporations it may be approved with like effect by the written consent of such shareholders, upon at least twenty days' notice to all shareholders, which consent or consents shall be filed with the secretary of such corporation. Different series of the same class of shares shall not be construed to constitute different classes of shares for the purposes of voting or consent by classes.

The approval of the shareholders may be given either before or after the approval of the agreement by the board of directors.

After such approval by the directors and shareholders has been given, the president or a vice president and the secretary or an assistant secretary shall execute a certificate, which shall be verified by their oath and shall set forth:

(*a*) The time and place of the meeting of the board of directors,

(*b*) A copy of the resolution adopted thereat,

(*c*) The vote in favor of such resolution;

(*d*) The time and place of the meeting of the shareholders, and the total vote by which such resolution was approved, or, if the approval was by written consent, the number of shares represented by the consents and the fact that such consents have been filed with the secretary of the corporation;

(*e*) The total number of outstanding shares of each class.

(4) Any amendment to the agreement may be adopted, and the agreement so amended may be approved, by like vote at such meeting, or like written consent of the shareholders of any of the constituent corporations, and if the agreement so amended be approved by like vote at such meeting, or like written consent of the shareholders of the other constituent corporation or corporations, and by the board of directors of each of the constituent corporations, the agreement so amended shall be signed and acknowledged and shall have certified therewith the approval of the directors and of the shareholders in the same manner as provided for the original agreement, and shall then be considered the merging or consolidating agreement.

(5) The agreement so approved, executed and acknowledged and the certificate of its approval shall be filed with the secretary of state, and shall thereupon become effective, and the several parties thereto shall be one corporation. A copy of said agreement, certified by the secretary of state, shall be filed with the county clerks of the counties in which the principal office of each corporation is located and a copy thereof, so certified, shall be recorded in the office of the county recorder of each county in which each corporation holds real property. A copy of such agreement certified by any public official shall have the same force in evidence as the original, and, except as against the state, shall be conclusive evidence of the performance of all conditions precedent to such consolidation or merger, and the creation or existence of the new or surviving corporation.

(6) The surplus appearing on the books of the constituent corporations, to the extent to which it is not capitalized by the issue of shares or otherwise, may be entered as earned or paid-in surplus, as the case may be, on the books of the consolidated or surviving corporation, and may thereafter be dealt with as such.

(7) Upon the merger or consolidation, as provided herein, the separate existence of the constituent corporations shall cease, except that of the surviving corporation in case of merger, and the consolidated or surviving corporation shall succeed, without other transfer, to all the rights and property of each of the constituent corporations, and shall be subject to all the debts, liabilities and duties of each, in the same manner as if the surviving or consolidated corporation had itself incurred them.

All rights of creditors and all liens upon the property of each of said former corporations shall be preserved unimpaired, limited in lien to the property affected by such liens immediately prior to the time of the consolidation or merger.

Any action or proceeding pending by or against any of such constituent corporations may be prosecuted to judgment, which shall bind the new or surviving corporation, or the new or surviving corporation may be proceeded against or substituted in their place.

361*a*. Consolidation or merger of domestic and foreign corporations. The merger or consolidation of any number of domestic corporations with any number of foreign corporations may be effected if such foreign corporations be authorized by the laws of the state or government under which they are formed to effect such a merger or consolidation.

(5) The total number of issued and outstanding shares, the holders of which are entitled to vote on amendments to the articles;

Provided, that two-thirds of the incorporators of any stock corporation which has accepted no subscriptions for shares since the filing of its articles or two-thirds of the incorporators of any nonstock corporation which has admitted no new members since the filing of its articles, may adopt any such amendment by executing a certificate stating, respectively, that no subscriptions for shares have been accepted by the corporation, or that no new members have been admitted, since the filing of the articles, and that the signers thereof thereby adopt the amendment therein set forth. Such certificate must establish the language of the amended articles in the same manner as must a resolution by the board of directors, as hereinabove prescribed, and shall be verified by the oath of each signer thereof.

The certificate shall be submitted to the secretary of state, who shall file the same and put an indorsement of filing thereon if he finds that it shows a compliance with the provisions of this section. Thereupon, the articles of incorporation shall be deemed amended in accordance with such certificate and a copy of such amendment and the certificate thereto, certified by the secretary of state, shall be evidence of the performance of the conditions necessary to the adoption thereof.

The court in which any such action is brought may reduce, remit or suspend such penalty on such terms and conditions as it may deem reasonable when it is made to appear that the neglect, failure or refusal was inadvertent or excusable

369 Compensation of dissenting shareholders. At any time until the expiration of the twentieth day after authorization has been given by the shareholders of a corporation in the manner provided in this title, for the corporation to merge or consolidate any holder of either voting or nonvoting shares who has not theretofore approved such merger or consolidation, either by vote or written consent, may make written demand upon the corporation for the payment to him of the fair cash value of his shares as of the day prior to that on which the directors' authorization was given

Such demand shall state the number and description of the shares held of record by such shareholder and shall contain a request that the corporation state what it claims to be the fair cash value of such shares as of said day

Upon making such demand, the certificate or certificates representing such shares shall be duly endorsed by the shareholder and deposited either with the corporation or with a bank or trust company in this state for delivery to or upon the order of the corporation upon payment of the fair cash value of such shares, as determined in accordance with this section The corporation shall be notified of any such deposit with a bank or trust company and the name and address of such bank or trust company.

Within five days after the receipt by the corporation of such demand, the corporation shall mail to the demanding shareholder at his last known address a written offer to purchase his shares, at a price or prices deemed by the corporation to represent the fair cash value thereof as of said day. Any demanding shareholder, who does not within twenty days after the mailing of such offer transmit by registered mail or deliver his written rejection thereof to the corporation at its principal office, stating what he claims to be the fair cash value of such shares, shall be conclusively taken to have accepted such offer and shall be bound thereby.

Either one or more of those rejecting the offer as herein provided, or any interested corporation may petition the superior court of the county in which the principal office of the corporation is located, to determine the fair cash value of such shares Such determination shall bind the corporation and all parties to the proceeding and all shareholders rejecting such offer who have been notified by mail of such proceeding, whether or not they intervene therein.

If opposed, such opposition shall be tried summarily and judgment rendered thereon by the court

The costs of such appraisal, including a reasonable fee to the appraisers to be fixed by the court, shall be borne by the corporation unless in the opinion of the court the action of any shareholder in rejecting such offer of the corporation has been arbitrary, vexatious or in bad faith, in which case, costs shall be assessed in the discretion of the court

Any judgment shall be payable only upon the surrender to the corporation of the certificates for shares described in such judgment, and shall be a liability of the corporation and/or its successor or successors in interest

Any party shall have the right of appeal from such judgment of the court, provided the appeal be taken within ten days after notice of rendition and entry of the judgment.

Unless such proposed merger or consolidation shall be abandoned as herein provided, any demanding shareholder shall cease to be a shareholder as to such shares, as of the date on which the corporation mails its offer as aforesaid and shall have no rights with respect to such shares after said date, except the right to receive payment therefor as herein provided

In the event that the corporation shall fail to pay the amount of said judgment within five days after the same shall become final said judgment may be collected and enforced in the manner prescribed by law for the enforcement of judgments. Interest shall be paid the shareholder on the amount of the award at the rate of seven per cent from the date on which the corporation mails its offer as aforesaid

The rights and remedies of any shareholder at law or in equity to object to or litigate as to any such merger or consolidation shall be and are hereby limited to the right to receive the fair cash value of his shares in the manner and upon the terms and conditions provided in this section, except suits to test whether the number of legal votes or consents of shareholders required by statute to authorize or approve the proposed action of the corporation has been given

If litigation shall be instituted to test the sufficiency or regularity of the votes or consents of the shareholders in authorizing such merger, consolidation, sale, plan of distribution or amendment, the effect of the demand for compensation shall be suspended and dissenting shareholders shall be entitled to vote and to receive dividends declared until the final determination of such litigation.

After the authorization by directors and shareholders as aforesaid of any such merger or consolidation the directors may, in their discretion, abandon such merger or consolidation subject to the rights of third parties under any contracts relating thereto, without further action or approval by the shareholders of the corporation, and nothing contained in this title shall be deemed to limit such right of abandonment.

370. Proof of existence. In any action at law, other than one in the nature of quo warranto, the original articles or certificate of incorporation of a corporation, or a copy of either thereof, duly certified by the secretary of state, shall be conclusive evidence of its formation and prima facie evidence of its corporate existence.

370*a*. Proof of existence of foreign corporations. In any action or proceeding civil or criminal, in any court of this state, a copy of the articles or certificate of incorporation of a foreign corporation duly certified by the secretary of state or other proper official of the state under the laws of which such corporation purports to be incorporated shall be prima facie evidence of the incorporation, existence and powers of such corporation, but such presumption may be rebutted by a statement under oath by such secretary of state or other official, or otherwise by competent evidence.

A certified copy of the articles or certificate of incorporation of a foreign corporation issued by the secretary of state or other officer of this or any other state in whose office the incorporation papers are filed as required by law shall be admitted in evidence by all courts and shall be prima facie evidence of the corporate existence and capacity of the corporation.

371. Proof of corporate proceedings. The original or a copy of the by-laws or of the minutes of any incorporators', shareholders', members', directors', or executive committee or other meeting of any corporation, certified to be a true copy by a person purporting to be the secretary or an assistant secretary thereof, shall be received in the courts of this state as prima facie evidence of the adoption of such by-laws and of the due holding of such meetings, and of the facts or actions stated therein.

372. Judicial notice of foreign law. In any action or proceeding, the court shall take judicial notice without proof in court of the constitution and statutes applying to foreign corporations, and any interpretation thereof, the seals of state and state officials and notaries public, and of the official acts affecting corporations of the legislative, executive and judicial departments of the state, territory or country under the laws of which said corporation purports to be incorporated.

373. Designation of person upon whom process may be served. Every domestic corporation may file with the secretary of state a designation of a natural person residing at a stated address in this state, as its agent for the purpose of service of process, and the delivery, to such agent, of a copy of any process against such corporation shall constitute valid service on such corporation. Such corporation shall file with the secretary of state notice of any change in the address of the person thus designated, and may revoke any such designation by filing notice thereof with the secretary of state.

If such designation has not been filed with the secretary of state, or if process against any domestic corporation can not, with the exercise of due diligence, be served upon the person designated or in any other manner provided by law, service may be had upon such corporation by delivering to the secretary of state, or to any person employed in his office in the capacity of a deputy, duplicate copies of such process, together with a fee of five dollars, which shall be included in the taxable costs of the suit, action or proceeding. Upon the receipt of such process and fee, the secretary of state shall forthwith give notice of the service of such process to the corporation at its principal office in this state, and shall forward to such office, by registered mail with request for return receipt, a copy of such process. The defendant shall appear and answer within thirty days after the secretary of state gives notice as aforesaid.

The secretary of state shall keep a record of all process served upon him under this or any other law of this state, and shall record therein the time of such service and his action with reference thereto.

This section shall not apply to banks, trust companies, insurance companies or any corporation subject to the jurisdiction of the railroad commission.

374. Corporate seals as prima facie evidence of execution. Contracts, conveyances, certificates for shares and other instruments purporting to be executed by a corporation, foreign or domestic, and bearing a seal which purports to be the corporate seal setting forth the name of the corporation, and the state and date of incorporation, engraved, lithographed, printed, stamped, impressed upon or affixed to the instrument, shall be deemed prima facie evidence that any such instrument is the act of the corporation, that it was duly executed and signed by persons who were officers or agents of the corporation acting by authority duly given by the board of directors, and that the seal is the duly adopted corporate seal of the corporation, and that it has been affixed as such by a person duly authorized so to do, and such instrument shall be admissible in evidence without further proof of execution.

375. Constitutionality. If any provision of this act, or the application thereof to any existing or future corporation or person, or to any foreign corporation or as to any shares or securities issued by any corporation, shall be held invalid as to any such corporation or the rights of any person therein, the remainder of the act and the application thereof to other corporations now existing or subsequently created shall not be affected thereby.

CHAPTER XV.

WINDING UP AND DISSOLUTION.

399. Continuation of corporation after dissolution. All corporations, whether they expire by their own limitation, by forfeiture of charter by order of court, or are otherwise dissolved, shall nevertheless continue to exist for the purpose of winding up their affairs, prosecuting and defending actions by or against them, and of enabling them to collect and discharge obligations, to dispose of and convey their property, and to collect and divide their assets, but not for the purpose of continuing business except in so far as necessary for the winding up thereof.

Any assets inadvertently or otherwise omitted from the winding up shall continue in the dissolved corporation for the benefit of the persons entitled thereto upon dissolution of the corporation, and on realization shall be distributed accordingly.

399*a*. Corporations heretofore dissolved. Nothing in this title shall be taken to have terminated the authority, powers or liability of directors or other persons as trustees of the creditors, stockholders or members of any corporation whose term of existence has heretofore expired or which has heretofore been dissolved and whose corporate existence has not been continued by law for winding up the affairs of such dissolved corporation.

They shall have authority to sue for and recover all assets and property of the corporation, defend suits, collect and pay debts and liabilities, sell the assets thereof and after paying debts and liabilities, to distribute the remaining assets to the shareholders, and in general shall have full powers to settle the affairs of the corporation.

The trustees shall organize by the election of a president, vice president and secretary. Instruments of conveyance shall be executed in the name of the dissolved corporation by the president or secretary, or by one or more trustees, under the authority of a majority of the trustees. Any act authorized or consented to by a majority of the trustees shall be valid and binding as if authorized and consented to by all the trustees. A majority of the remaining trustees may accept resignations of trustees and fill vacancies in the office of trustee.

Any deed executed in the name of a dissolved or suspended corporation by the president or a vice president, and the secretary or an assistant secretary or by authority of a majority of the directors or trustees after dissolution thereof or after the suspension of the corporate rights, privileges and powers of a corporation and duly recorded in the proper book of records of the county in which the land or any portion thereof so conveyed is situated, for a period of three years, shall have the same force and effect as if executed and delivered prior to such dissolution or suspension.

(1) By consent in writing executed by shareholders entitled to exercise a majority of the voting power and filed with the secretary of the corporation; or at a meeting called for the purpose, by a resolution adopted by the votes of shareholders entitled to exercise a majority of the voting power, declaring that the corporation elects to wind up and dissolve; or

(2) (*a*) If the corporation has been adjudged to be a bankrupt; or

(*b*) Has not begun the business for which the corporation was created, it may be wound up by resolution of the board of directors.

(3) If the period, if any, fixed for the duration of the corporation has expired or it has been otherwise dissolved, without extension of its existence, it shall be the duty of the directors to terminate the business and wind up its affairs.

A certificate giving notice that the corporation has elected to wind up and/or dissolve, signed and acknowledged by the president or a vice president and the secretary or an assistant secretary or by at least three shareholders authorized to do so, or by a majority of the directors, shall be filed in the office of the secretary of state, and of the county clerk of the county in which the principal office of the corporation is located.

A notice of the election to wind up and/or dissolve shall be mailed to shareholders whose addresses appear upon the records of the corporation and to known creditors and claimants, except in the cases provided for in subdivisions (2) and (3) of this section. An affidavit of such county shall be filed with the secretary of state and with the county clerk of the county in which the principal office of the corporation is located.

400*a*. Commencement and effect of winding up proceedings. Proceedings for winding up shall be deemed to commence:

(1) At the time of the filing adoption of the resolution for winding up, or the written consent thereto, if the proceeding is voluntary;

(2) At the time of the making of the order for winding up, if the proceeding is involuntary.

When a proceeding for dissolution has commenced the corporation shall cease to carry on business, except in so far as may be necessary for the beneficial winding up thereof.

401. Directors Powers and duties. Unless other persons are appointed by the court on good cause shown, the board of directors, in event of either voluntary or involuntary winding up or dissolution, shall continue to act as a board and shall have full powers to wind up and settle its affairs. Persons so appointed shall have the powers, duties and liabilities of directors.

They shall have, without prejudice to the generality of their authority, the power and duty in the name and on behalf of the corporation:

(1) To sue, in the name of the corporation, for all sums due or owing to the corporation, or to recover any of its property.

(2) To carry out contracts, and collect, pay, compromise and settle debts and claims for or against the corporation; and to defend suits brought against the corporation.

401*a*. Final distribution to shareholders. The directors, after the determination by them that all the known debts and liabilities of the corporation have been paid or adequately provided for, shall distribute the corporate assets among the shareholders according to their respective rights and preferences. Such distribution shall not be made until after the expiration of the period for the presentation of claims, if such period has been prescribed by order of court. Distribution may be made either in money or in property or securities, if this can be done fairly and ratably, and in conformity with the provisions of the articles and rights of the shareholders.

A distribution among shareholders in accordance with the terms and conditions and on the basis set forth in a plan of distribution authorized and approved by the directors and shareholders as provided in section 343*a* or 401*c*, shall be deemed to be a fair and ratable distribution and a distribution in accordance with the respective rights and preferences of the shareholders and in conformity with the provisions of the articles.

401*b*. Partial distribution to shareholders. A corporation in process of winding up may distribute a portion of its assets among the shareholders before all the known debts and liabilities of the corporation have been paid not less than fourteen days after the filing of a certificate signed by all the directors that the corporation is being wound up as authorized in this title; that it is not engaged and does not propose to engage in business other than that incidental to such winding up. The certificate shall set forth the number and par value if any of the issued and outstanding shares; the total fair value of the assets; the total amount of the existing indebtedness and liabilities, and shall state that after the proposed distribution the assets of the corporation taken at their reasonable value will be amply sufficient to pay and discharge all the existing debts and liabilities of the corporation and all future anticipated indebtedness at least fourteen days before any such partial distribution of assets is made the certificate shall be filed in the office of the secretary of state, and a copy certified by the secretary of state shall be filed in the office of the county clerk of the county in which the principal office of the corporation is located.

401*c*. Sale of assets for securities by liquidating corporation. In winding up the affairs of any corporation, the directors or other persons in charge thereof, upon paying or adequately providing for the liabilities and obligations of the corporation, may sell, exchange or dispose of all or any part of the remaining assets to a corporation, domestic or foreign, for a consideration including shares of stock and/or other securities of such corporation, if such sale, exchange or other disposition has been approved by the vote or written consent of the holders of shares entitling them to receive more than half of the value of such remaining assets The directors may distribute such consideration or its proceeds among the shareholders in proportion to their interests therein, subject however, to the provisions of section 369 of this title as to dissenting shareholders.

402. Liability for unpaid debts. After final distribution of the corporate assets by the directors, any creditor, whose claim has not been paid in full may sue the corporation, its directors, and any or all of its shareholders in one proceeding and compel the corporation either to pay any amount due or to set aside the distribution and recover from the shareholders ratably to the extent of the property and assets

distributed to them, according to the inverse order of the priorities of the different classes of shares, so far as needed to satisfy the liabilities of the corporation and the costs of the proceeding. Directors who shall have authorized the same shall be personally, jointly and severally liable to creditors for amounts or values distributed to shareholders without payment or adequate provision for payment of known debts and liabilities.

The directors shall be deemed to have adequately provided for all debts and liabilities of the corporation if upon any sale or other disposition of substantially all of the property and assets of the corporation pursuant to sections 343 and 401c of this Code, a financially responsible purchaser or transferee shall assume all of the contracts, debts, liabilities and obligations of the corporation.

402a. Service of summons or process. Summons or process against a dissolved corporation may be served by delivering a copy to an officer, director or person having charge of its assets, or if no such person can be found, any person who is, or at time of dissolution was, an agent for service of process. If no such person can be found, summons or process may be served upon the secretary of state or the assistant secretary of state with the effect and as provided in section 373 of this Code.

403. Supervision of the court over winding up. If a corporation is in the course of winding up or dissolution, the corporation or any one or more of its shareholders may by petition apply to the superior court of the county where the principal office of the corporation is located at any stage of the proceedings, to order and adjudge as to the following matters in and for the winding up of the affairs of the corporation:

(1) The presentation and proof of all claims and demands against the corporation, whether due or not yet due, or contingent, or unliquidated or sound only in damages, and the barring from participation of creditors and claimants failing to make and present claims and proofs as required by any order.

All creditors and claimants may be barred from participation in any distribution of the general assets if they fail to make and present claims and proofs within such time as the court may direct which shall not be less than four nor more than six months after the first publication or service of notice to or upon creditors. If it is made to appear that the claimant had not received notice by reason of being out of the state, his claim may be filed or presented at any time before distribution is completed.

The court may prescribe the manner of service of notice, either by publication, mailing or otherwise, of the time fixed for the filing or making proof of claims. In general the court in making its orders shall follow the same procedure, as nearly as convenient, as in the presentation, payment and suit upon claims against the estates of deceased persons.

Holders of secured claims may prove for the whole debt in order to realize any deficiency. If such creditors fail to present their claims, they shall be barred only as to any right to claim against the general assets for any deficiency in the amount realized on their security. Holders of unmatured claims may, if permitted by order of court, participate in the distribution of the assets of the corporation with the other creditors to the extent of the present value of such claims, unless adequate provision shall have been made for their payment when they fall due. Such an acceleration of maturity shall be effective only as against a corporation being wound up. A just estimate may be made by mutual consent of the present value of such debts or claims as may be subject to any contingency or sound only in damages or for some other reason do not bear a certain value.

Suits against the corporation on claims which shall have been rejected or which have not been acted upon shall be commenced within thirty days after the rejection thereof and notice of rejection given.

(2) The settlement or determination of all claims of every nature against such corporation or its property or any of it, or the amount of money or assets required to be retained to pay or provide for the payment of such claims, or any claim, or the amount of money or assets available for distribution among shareholders from time to time, making new parties so far as shall be deemed proper for the determination of all questions and matters.

(3) The determination of the rights of shareholders and of all classes of shareholders in and to the assets of the corporation.

(4) The presentation and the filing of intermediate and final accounts of the directors and hearings thereon, and the allowance, disallowance or a settlement thereof, and the discharge of the directors from their duties and liabilities.

(5) The appointment of a referee to hear and determine any or all matters with such power or authority as the court or such judge may deem proper.

(6) The filling of any vacancies in the number of directors which the directors or shareholders are unable to fill.

(7) The removal of any director if it is made to appear that he has been guilty of dishonesty, misconduct, neglect or abuse of trust in conducting the winding up, or if he be unable to act. The court may order an election to fill the vacancy so caused.

(8) The notice to be given of any hearing or any order. Any notice, if so ordered, may be given by mail.

403*a*. *Vacancies in office of director.* A vacancy occurring by death, resignation or failure or inability to act or otherwise in the office of director during the dissolution or winding up, voluntary or involuntary, may be filled by vote or written consent of the holders of shares representing a majority of the voting power, and until such action of the shareholders by a majority of the remaining directors, though less than a quorum, subject to the power of removal and appointment of the directors by the court as provided in this title.

403*b*. Determination of identity of directors. Upon the dissolution of any corporation whether by forfeiture of charter, expiration of term of existence, dissolution by order of court or otherwise, or after the commencement of dissolution or winding up proceedings, whether heretofore or hereafter occurring, if the identity of the directors, or their right to hold office is in doubt, or if they are dead or unable or fail or refuse to act or their whereabouts can not be ascertained, any director, trustee, creditor, shareholder or member, or their assigns or successors in interest, whether of record or not, may petition the superior court in and for the county in which the principal office of such corporation was located at the time of dissolution or commencement of dissolution proceedings, setting forth the facts of dissolution or a commencement of dissolution or winding up proceedings and the names and addresses of the persons who were directors of such corporation so far as known to the petitioner, or the fact that they are dead, unknown or unable to act in the winding up of the affairs of the corporation, with a request that the court appoint directors or trustees to act in the winding up of the affairs of the corporation.

Upon the filing of such petition, the court shall prescribe by order the giving of such notice as may be reasonable by posting, publication, mailing, personal service or otherwise, to the corporation and to the known directors and officers and persons named in such petition as directors of the corporation at the time of its dissolution, or to the persons having charge of its assets.

Any person claiming to be a director or trustee or receiver for such corporation, or named in such petition, may answer such petition and may be heard thereon by the court.

The court shall have power to remove from office any directors who are unknown or whose identity or whereabouts can not be determined, or who have failed or refused to act or who have left the state, or who for any other reason should be removed, and to appoint some fit and proper person nominated by the person petitioning, or by a majority of the persons interested as shareholders or creditors to conduct the winding up and complete the liquidation of the affairs of the corporation. The appointment of such directors or trustees by the court shall supersede the authority of the former directors or trustees, known or unknown, with or without removal from office. The court may provide for the vesting of title to the undistributed corporate property in the trustees if this seems advisable, with power to sell, pay debts and distribute the surplus in the same manner as directors are authorized to do in winding up the affairs of the corporation, and may make all necessary orders and decrees for this purpose.

The provisions of this section shall be cumulative, and shall not impair or affect any remedy or proceedings otherwise provided by law for winding up the affairs of a corporation.

403*c*. Order or certificate of dissolution.

(1) When a corporation has been completely wound up, and all its known debts have been paid, and its property distributed, the court, if application is made to the court, may make an order declaring the corporation wound up and dissolved. If the proceeding is out of court, the directors shall sign and acknowledge a certificate stating that the corporation has been completely wound up and is dissolved.

(2) Such order or certificate or a certified copy thereof shall be filed in the office of the secretary of state and in the office of the clerk of court in the county in which the principal office of the corporation is located and thereupon all corporate activities shall terminate and the corporation shall be deemed to be dissolved, except for purposes of further winding up if needed.

403*d*. Unclaimed shares and debts. Deposit of distributive shares of unknown claimants or shareholders In case the holders of shares are unknown or shall fail or refuse to accept their distributive shares in the property or assets of the corporation or their whereabouts can not be ascertained after diligent inquiry, or in case the ownership of any shares is in dispute, the board of directors shall deposit the distributive shares of such claimants or shareholders with some savings bank or trust company of good standing in the county in which the principal office of the corporation is located, at interest if possible, for the benefit of those who may be lawfully entitled thereto. Such distributive shares shall be paid over by such bank or trust company to the lawful owners of the said shares, their representatives or assigns, upon satisfactory proof of title being made.

If no claimants have appeared or been found after three years the property so unclaimed shall be distributed pro rata among those who were shareholders at the time of distribution and their successors. Such unclaimed property may be distributed at any time among the known and existing shareholders upon a suitable bond or security being given to a bank or trust company for the payment of any claimants who may appear and establish their claims against the corporation within three years. If a corporation is being wound up and there is any unclaimed deposit

or dividend or any debt owed by it to any person whose whereabouts is unknown to the directors or trustees or other persons conducting the winding up, they shall deposit the amount due such person in the state or county treasury or with some bank or trust company in this state accompanied with a statement of the name of the person making such deposit or entitled to such dividend or debt, the time when the deposit was made or the dividend declared, or debt created, and any information possessed as to the residence of the person entitled to the deposit or dividend or debt.

All unclaimed deposits, dividends or debts so paid into the state or county treasury or deposited with some bank or trust company shall be deposited at interest if possible for the benefit of those who may appear and establish their claim thereto within three years, after which time any such deposits shall be dealt with in the same manner as deposits of distributive shares of unknown claimants or shareholders as provided in this section.

404. Involuntary winding up. A petition for involuntary winding up of a corporation other than one subject to the bank act, the public utility act or the building and loan act may be filed in the superior court of the county where the principal office is located either by a majority of the directors or by a shareholder or shareholders, who have been registered holders for a period of not less than three months, of not less than twenty-five per cent of the number of outstanding shares or by any shareholder under subdivision (4) of this section.

The court may, upon filing of a petition duly verified, entertain proceedings for the involuntary winding up of a corporation, when it is made to appear:

(1) That the corporation has abandoned its business for more than one year;

(2) That there is internal dissension and that two or more factions of shareholders in the corporation are so deadlocked that its business can not longer be conducted with advantage to its shareholders;

(3) That the directors or those in control of the corporation have been guilty of persistent fraud or mismanagement or abuse of authority, or persistent unfairness toward minority shareholders, or that its property is being misapplied, wasted and lost by its directors and officers;

(4) That the period for which the corporation was formed has terminated without extension of the period of existence.

404*a*. Procedure and jurisdiction. Upon the filing of a verified petition for involuntary winding up, the court shall enter an order requiring the corporation to show cause why the corporation should not be wound up. A certified copy of the petition and of the order to show cause shall be served on the corporation as a summons is served in civil actions.

At any time prior to the trial of the action any shareholder or creditor may intervene therein. The court may direct that a copy of the order shall be personally served upon any of the creditors or published for such time as it may prescribe.

The superior court of the county of the principal office shall have jurisdiction of said petition and of the proceedings thereon, and may make such orders for dissolution and winding up as justice and equity shall require, including those providing for the presentation of claims of creditors and the barring from participation of creditors and claimants failing to make claims and present proofs as required, as in case of proceedings for voluntary dissolution.

Unless other persons are appointed by the court on good cause shown to conduct the winding up, the board of directors shall conduct the winding up of the affairs of the corporation, subject to the supervision of the court. They or the directors appointed by the court shall have such powers and authority in general as in case of voluntary dissolution and may, subject to any restrictions imposed by the court, exercise all their powers through the regular officers without any order of court.

404*b*. Action by state to forfeit corporate existence.

(1) The attorney general may bring an action against any corporation or purported corporation, in the name of the people of this state upon his own information, or upon complaint of a private party, to procure a judgment annulling, vacating or forfeiting corporate existence upon the ground that:

(*a*) The corporation has seriously offended against any provision of the statutes regulating corporations, or has fraudulently abused or usurped corporate privileges or powers; or

(*b*) The corporation has ceased to exist or has violated any provision of law whereby it has forfeited right to exist.

(2) If the cause of action be a matter or act which the corporation has done or omitted to do that can be corrected by amendment of its articles or by other corporate action, then such suit shall not be maintained unless and until the attorney general thirty days prior to the institution of such suit shall give the corporation written notice of the matter or act done or omitted to be done, and the corporation has failed, neglected or refused to institute proceedings to correct the same within said thirty-day period.

(3) In any such action, the court may grant the relief asked for, or such other or partial relief as to it seems just and expedient; and the court may thereupon appoint a receiver or receivers for winding up its affairs.

(4) Whenever any corporation is dissolved, or its charter forfeited by decree or judgment of the superior court, the said decree or judgment shall be forthwith filed

in the office of the secretary of state and in the office of the county clerk of the county in which the principal office of the corporation was located.

CHAPTER XVI.

FOREIGN CORPORATIONS.

405. Articles and statement to be filed. In this chapter the term "foreign corporation" means a corporation not incorporated under the laws of this state. The term "articles" includes the articles or certificate of incorporation or of association filed for the purpose of creating the corporation with the secretary of state or proper official of the state, territory, or government, under the laws of which such corporation is created, and any amendments thereof, and any certificates supplemental thereto, and any charter, statute, or governmental act creating it, and any charter, statute or governmental act amendatory thereof or supplemental thereto.

No foreign corporation shall transact intrastate business in this state or enter into repeated and successive transactions of its business in this state, other than interstate or foreign commerce, until it has filed with the secretary of state a copy of its articles duly certified by the secretary of state or other proper official of the government under the laws of which it was created, together with a verified translation of any part thereof in a foreign language, and a statement setting forth:

(1) The location and address of its principal office,

(2) The location and address of its principal office within this state,

(3) The name of some person residing within the state upon whom process directed to such corporation may be served, and his complete business or residence address, which must be in the county in which the principal office of the corporation in this state is to be located.

(4) Its irrevocable consent to such service, and to service of process on the secretary of state, in the event that the agent so designated or his successor is no longer authorized to act or can not be found at the address given. A copy of such articles, and any translation thereof, duly certified by the secretary of state of this state, must be filed with the county clerk of the county in this state in which the principal office of the corporation is located, and with the county clerk of any other county in this state in which the corporation owns real property.

There shall be paid to the secretary of state a fee of one hundred dollars for filing such certified copy of the articles and a fee of five dollars for filing such statement.

Corporations organized for educational, religious, scientific or charitable purposes, and not issuing shares, and foreign nonprofit corporations, shall pay a fee of five dollars for filing their articles.

405*a*. Restrictions on name. No foreign corporation having a name which is likely to mislead the public or having the name of a domestic corporation or a name which is under reservation for a proposed corporation, or the name of a foreign corporation which is authorized to transact business in this state, or having a name so similar to that of any such corporation as to tend to deceive, shall be entitled to transact business in this state or to qualify to do so by complying with the provisions of this chapter until it obtains an order from a court of competent jurisdiction permanently restraining the other corporation from doing business in this state under such name and unless it files with the secretary of state a copy of such order of court, duly certified by the clerk of said court.

406. Designation, change and resignation of agent. No foreign corporation which has filed with the secretary of state a designation of an agent for the service of process, pursuant to the requirements of any law in force at the time of such filing, need file with the secretary of state the statement provided for in section 405, except for the purpose of designating a new agent. A statement of the new business or residence address of its agent, or of the new location of its principal office or its principal office within this state may be executed by any foreign corporation or by the agent of such foreign corporation, and filed with the secretary of state, whereupon the secretary of state shall endorse such new address or location upon the designation on file in his office, together with the date of filing of such statement.

Any foreign corporation may designate a new agent for the service of process by filing with the secretary of state a statement setting forth its revocation of the designation of the person last named as such agent and containing the name of the new agent and all other matters required by section 405, and any foreign corporation may revoke any designation of such agent, without naming a new agent, by filing with the secretary of state a statement of such revocation.

Any person who has been designated by a foreign corporation as such agent may file with the secretary of state a signed statement that he is unwilling to continue to act as the agent of such corporation for the service of process, the execution of which statement must be duly acknowledged, and, upon the filing of such statement with the secretary of state, the capacity of such person as such agent shall terminate and the secretary of state shall forthwith give written notice, by mail, to such corporation of the filing of such statement, and the effect thereof, which notice shall be addressed to such corporation at its home office.

406*a*. Service of process. Process directed to any foreign corporation may be served on the person designated as its agent for service of process or authorized to receive service of process, or the president or other head of the corporation, a vice

president, a secretary, an assistant secretary, the general manager in this state, or the cashier or assistant cashier of a bank, in the event that no agent so designated can be found at the address given with due diligence, or if no person has been designated and if no one of the foregoing officers or agents of the corporation can be found after diligent search, then on the secretary of state. A copy of such designation, certified by the secretary of state, is sufficient evidence of the appointment of such agent for the service of process.

Whenever process against a foreign corporation is served upon the secretary of state such service shall be made by delivering to the secretary of state, or to an assistant or deputy secretary of state, triplicate copies of such process, and a fee of five dollars, and, if the corporation has not filed with the secretary of state the statement required by section 405, there shall also be delivered to the secretary of state a statement of the address of such corporation to which notice, and a copy of such process, shall be sent. Upon receipt of such process and fee the secretary of state shall forthwith give notice to the corporation by telegraph, charges prepaid, both to its principal or home office and to its principal office in the state, of the service of such process, and shall forward to each of such offices by registered mail, a copy of such process, or in case he has no record of such corporation or such offices, then such notice shall be telegraphed and such copies shall be mailed to the corporation, at the address given in the statement delivered to the secretary of state at the time of such service. The corporation shall appear and answer within thirty days after the secretary of state gives notice as aforesaid. The certificate of the secretary of state, under his official seal, of such service shall be competent and sufficient proof thereof. The secretary of state shall keep a record of all process served upon him and shall record therein the time of such service and his action in respect thereto.

406*b* Change of office or agent If a foreign corporation shall change the location of its principal office in this state, it shall file with the secretary of state a certificate setting forth the new location. If such new location be in a different county, the corporation shall appoint an agent for service of process and any such certificate shall designate his name and complete address which shall be in the county to which the principal office of the corporation in this state is changed.

If a designated agent dies or removes from the county, the corporation, within thirty (30) days thereafter, shall file with the secretary of state a certificate setting forth the name and complete address of the newly designated agent.

407. Exemptions from application of chapter. The requirements of this chapter as to foreign corporations shall not apply to corporations engaged solely in interstate or foreign commerce.

No foreign corporation need comply with the requirements of this chapter merely because a subsidiary corporation owned or controlled by it is engaged in the transaction of intrastate business in this state.

408 Penalties on corporations Any foreign corporation required to comply with the provisions of this chapter, which transacts intrastate business in this state without complying therewith shall be guilty of a misdemeanor, and shall be subject to a fine of not less than five hundred dollars, nor to exceed one thousand dollars, to be recovered in any court of competent jurisdiction. Prosecution under this section may be brought by the attorney general or by any district attorney, and if brought by the latter, one-half of the fine collected shall be paid to the treasurer of the county in which the conviction was had, and one-half to the state treasurer. If brought by the attorney general, the entire amount of fine collected shall be paid to the state treasurer to the credit of the general fund of the state.

In addition to the penalty herein provided, no such foreign corporation shall maintain any action or proceedings upon any intrastate business or transaction in any court of this state until it has complied with this chapter.

If the corporation was not qualified at the time of the transaction out of which the cause of action arose, it shall not maintain nor defend any action or proceeding thereon until it shall have complied with the provisions of this chapter, and shall have paid to the secretary of state a penalty of two hundred fifty dollars in addition to the fees due for filing the copy and statement required by section 405, and shall file with the clerk of the court in which the action is pending, receipts showing the payment of said fees and penalty and all franchise taxes and any other taxes on business or property in this state that should have been paid for the period during which it transacted intrastate business. In case of the wilful or persistent violation of the provisions of this chapter the court may also adjudge a forfeiture to the other party of one-fourth of the amount of the recovery that may be obtained in any such action or proceedings.

409. Penalty on agents. Any person who transacts business in this state on behalf of a foreign corporation which is not authorized to transact business in this state, shall be guilty of a misdemeanor, and subject to a fine of not less than twenty-five dollars nor more than three hundred dollars.

411. Withdrawal. A foreign corporation which has qualified to transact business in this state may withdraw and surrender its right to engage in business within this state, by filing in the office of the secretary of state, a certificate executed and

acknowledged by its president or vice president, and secretary or treasurer, setting forth:

(1) That it surrenders its authority to transact intrastate business in this state.

(2) That it consents that process against it in an action upon any liability or obligation incurred within this state prior to the filing of the certificate of withdrawal may be served upon the secretary of state.

(3) A post-office address to which the secretary of state may mail a copy of any process against such corporation that may be served upon him

The revocation of authority to transact business shall not affect any action pending at the time. The mere retirement from transacting business within this state without filing a certificate of withdrawal shall not revoke the appointment of any agent upon whom process may be served within this state.

412. Liabilities of directors. The directors of a foreign corporation transacting business in the state shall be liable to the corporation, its shareholders, creditors, receiver or trustee in bankruptcy for the making of unauthorized dividends or distributions or false certificates, reports or public notices according to the laws of the state of incorporation. Such liabilities may be enforced in the courts of this state.

413. Construction and application. Nothing contained in this chapter shall be construed to repeal, alter or amend the provisions of section 616 of the Political Code, or to prevent any foreign insurance company from carrying out the provisions of contracts made before the surrender of its right to engage in intrastate business in this state, nor the right to carry out contracts made with citizens of other states who may subsequently become citizens of or residents in this state.

The provisions of this chapter requiring the filing of copies of articles with the secretary of state and with county clerks shall not be applicable to foreign corporations which, prior to the eighth day of March, 1901, complied with the provisions of the act entitled "An act to amend 'An act in relation to foreign corporations,' approved April 1, 1872," approved March 17, 1899, but any such corporation and any other corporation which is qualified to do intrastate business in this state, upon the adoption, hereafter, of any amendment to its articles or any certificate supplemental thereto, or any act amendatory of or supplemental to the act creating it, must forthwith file with the secretary of state a copy thereof, certified by the proper official of the government under the laws of which it was created, and a verified translation thereof, if in a foreign language, and must file a copy thereof, certified by the secretary of state, with the county clerk of the county in which its principal office in this state is located and with the county clerk of any other county in which it owns real property.

3. Any vote, consent, certification or action by directors, officers, shareholders, or members of a corporation or by any such persons on behalf of the corporation, or any articles of incorporation executed by persons desiring to form a corporation, which are in accordance with the provisions of this act, if duly taken, given or made before this act becomes effective with a view to complying with the requirements of this title, and if required to be filed in any public office of this state, may be duly filed under this act on or after the date when this act has become effective."
