"10116 No group life insurance policy or disability insurance policy shall be issued or delivered in this State where the premiums or any part thereof is paid or is to be paid in whole or in part by an employer pursuant to the terms of a collective bargaining agreement unless the policy provides that in the event of a cessation of work by the employees covered by the policy as the result of a labor dispute the policy, upon timely payment of the premium, shall continue in effect with respect to all employees insured by the policy on the date of the cessation of work who continue to pay their individual contribution for the period of cessation of work, under the following conditions.

(a) If the policyholder is not a trustee or the trustees of a fund established or maintained in whole or in part by the employer, the policy shall provide that the employee's individual contribution shall be the rate in the policy, on the date cessation of work occurs, applicable to an individual in the class to which the employee belongs as set forth in the policy If the policy does not provide for a rate applicable to individuals, the policy shall provide that the employee's individual contribution shall be an amount equal to the amount determined by dividing (1) the total monthly premium in effect under the policy at the date of cessation of work by (2) the total number of persons insured under the policy at such date

(b) If the policyholder is a trustee or the trustees of a fund established or maintained in whole or in part by the employer, the employee's contribution shall

be the amount which he and his employer would have been required to contribute to the trust for such employee if (1) the cessation of work had not occurred and (2) the agreement requiring the employer to make contributions to the trust were in full force

(c) The policy may provide that the continuation of insurance is contingent upon the collection of individual contributions by the union or unions representing the employees for policies referred to in subdivision (a) above, and by the policyholder or the policyholder's agent with respect to policies referred to in subdivision (b) above

(d) The policy may provide that the continuation of insurance on each employee is contingent upon timely payment of contributions by the individual and timely payment of the premium by the entity responsible for collecting the individual contributions

(e) The policy may provide that each individual premium rate shall be increased by any amount up to twenty percent (20%), or any higher percent which may be approved by the commissioner, of that otherwise shown in the policy during the period of cessation of work in order to provide sufficient compensation to the insurer to cover increased administrative costs and increased mortality and morbidity. If the policy does provide for such an increase, this shall have the effect of increasing the employee's contribution by a like percent

(f) Nothing in this section shall be deemed to limit any right which the insurer may have in accordance with the terms of the policy to increase or decrease the premium rates before, during or after such cessation of work if, in fact, the insurer would have had the right to increase the premium rate had the cessation of work not occurred. If such a premium rate change is made, it shall be effective, notwithstanding any other provisions of this section, on such date as the insurer shall determine in accordance with the terms of the policy

(g) The policy may contain such other provisions with respect to such continuation of insurance as the commissioner may approve

(h) The policy may provide that, if a premium is unpaid at the date of cessation of work and such premium became due prior to such cessation of work, the continuation of insurance is contingent upon payment of such premium prior to the date the next premium becomes due under the terms of the policy

Nothing herein shall be deemed to require the continuation of any loss of time payments included in any such group disability policy, nor of any other coverages beyond the time that seventy-five percent (75%) of the employees continue such coverage or as to any individual employee beyond the time that he takes full-time employment with another employer, nor shall anything herein be deemed to require continuation of coverage more than six (6) months after the cessation of work."

## REQUEST FOR UNANIMOUS CONSENT TO PRINT IN JOURNAL

Mr. Francis was granted unanimous consent that the following article be ordered printed in the Journal

## COMMUNIST PARTY, USA

**By John Edgar Hoover, Director, Federal Bureau of Investigation**

(Reprinted from "*Ave Maria*," April 30, 1960)

QUESTION: "*And are you willing to take up arms and overthrow the constituted authorities?*"

GUS HALL "*When the time comes, yes*"

It is the current vogue in certain circles to make light of the Communist Party, USA, to minimize it as a potential threat to American security and to picture it as shattered, disorganized and confused Emanating from these same circles, over and over, is the theme that because it has declined in numbers the Party is weak, demoralized and wholly ineffective The picture projected would appear to characterize the Communist Party, USA, as somewhat akin to the defanged rattlesnake—noisy but harmless.

This picture is false

In any sound assessment, the Communist Party, USA, must be considered in the context of international Communism The Communist Party, USA, does not exist alone and isolated—a political entity dependent solely on numbers for its strength It is, instead, the disciplined adjunct of an increasingly powerful, wholly totalitarian, foreign-directed, international conspiracy The danger inherent in this auxiliary of evil—the Communist Party, USA—must be analyzed in such a relationship

It is only when we realize the domestic Communist Party is an instrument wielded from without our national boundaries that we begin to grasp the threat it poses. The word "instrument" is, in fact, a fitting one in comparing the Party of the recent past with the Party of the present Then membership was at an all-time high Now the disenchanted and spiritually uncommitted have been sloughed off What is left is a hard-core instrument dedicated to the destruction of our individual freedoms

In figurative terms, the sickle of the past was soft and dull The hand which brandished it—international Communism—was relatively weak Today, the cold steel of the sickle is razor sharp and the arm which swings it is heavily muscled So, in assessing the hazards before us, consider for yourself which is the more dangerous—a large but fluctuating group whose external support is lacking in strength and assurance, or a smaller, tightly disciplined body dedicated to executing the will—at all costs—of a powerful and aggressive force whose creature it is

The Communist Party, USA, is the instrument of international Communism It is utterly subservient to international Communism and it exists only to advance the objectives of world Communism

In order to analyze the threat which is implicit in the domestic Communist movement, therefore, one must have some knowledge of the international Communist movement and some understanding of its goals.

What does Lenin say in his chilling prophecy?

" . . As long as capitalism and socialism exist, we cannot live in peace. in the end, one or the other will triumph—a funeral dirge will be sung either over the Soviet Republic or over world capitalism . ."

That statement cannot be misunderstood Lenin's meaning is equally plain in the following statement.

" . . the dictatorship of the proletariat is the rule of *one* class, which takes into its hands the *whole* apparatus of the new state, which *vanquishes* the bourgeoisie, and *neutralizes* the whole of the petty bourgeoisie, the peasantry, the lower middle class and the intelligentsia."

One need go no further than Lenin's classic essay in Marxian strategy and tactics—" 'Left-Wing' Communism, an Infantile Disorder"—to gain understanding of what we may expect in the future Lenin's philosophy, encompassing the use of deceit and duplicity to achieve the ends of Communism, has not been rejected On the contrary, current leaders reiterate their undeviating adherence to the course of action outlined by Lenin It is well to remember Lenin's hearty approval of Party members who upheld the viewpoint that "it is obligatory to combine legal with illegal forms of struggle . " and that he referred again and again in his writings to the need for combining illegal action with legal action in order to advance the cause of Communism.

Lenin was expounding his theories on the ways and means of achieving world domination at a time when only one nation lay crushed under the iron fist Those theories—the strategy and the tactics—have since been applied with such success that today one-fourth of the land surface of the world and one-third of the peoples of the earth are now controlled by the world-wide Communist bloc We ignore these facts at our peril At our peril, also, will be any minimization of the danger inherent in the currently constituted Communist Party, USA

I repeat, the Communist Party, USA, cannot be separated from its parent. It must be analyzed in relation to the strategy and tactics of the international Communist movement Its numerical strength must be considered in relation to its future expansion potential, and its current influence in relation to its program for the future

A view of what we may anticipate in the future can be secured from a quick glance at what members hail as a milestone in the Party's future—the 17th National Convention of the Communist Party, USA I might say at the outset that the illusive Red tie that binds the international Communist conspiracy was evidenced at the convention in the greetings received from approximately 50 foreign Communist parties These included the Communist Party of the Soviet Union and that of China

We may set forth four major points considered by the Party faithful as their chief accomplishments at the 17th National Convention These are:

1 Promotion of Gus Hall to the number one position in the Party.

2 Uniting of the membership solidly behind the new leadership

3 Exploitation of the current international political climate in an effort to make Russian policies more acceptable to American public opinion.

4 The implementation of concrete programs calculated to increase Party membership and influence in America

What does the promotion of Gus Hall mean?

It means that an energetic, coldly calculating, aggressively pro-Russian ex-convict now is directing the visible forces which are dedicated to the destruction of individual freedom in America Gus Hall is an

utterly ruthless Communist He believes that the ends of Communism justify the use of any means to achieve those ends Gus Hall is an opportunist. There are many indications that he used his influence in the "Dump Dennis" campaign in order to replace what he considered the ineffectual leadership of the ailing Eugene Dennis with his own relentless brand of direction.

Gus Hall was born Arvo Halberg in 1910 at Virginia, Minnesota His parents were Matt and Susanna Halberg who later were to become charter members of the Communist Party in the United States Hall joined the party in 1927 Four years later he was attending the Lenin School in Russia. Among other courses at the Lenin School, students were trained in sabotage and guerilla warfare techniques

Hall returned to the United States in 1933 and became active in the Young Communist League as an organizer. Shortly thereafter he entered into full-time Party work as a section organizer A Russian-taught disciple of Leninistic Communism, Hall worked hard and rose swiftly into positions of power. He became a member of the Party's national committee in 1945 and a member of the national board in 1947 In 1950 he was appointed national secretary, a move necessitated by the imprisonment of Eugene Dennis, the general secretary, who was found guilty of conspiring to violate the Smith Act of 1940

Convicted of violating the same act himself, and facing confinement, Hall jumped $20,000 bond and became a fugitive Dyeing his blond hair, eyebrows and lashes dark brown, he furthered his disguise by shaving off his mustache and shedding 40 pounds. Hall's effort at concealment was unsuccessful He was arrested by the FBI in 1951 Gus Hall was sentenced to serve three years in prison for contempt of court, in addition to the five-year sentence imposed on him for conspiracy to violate the Smith Act.

Hall was conditionally released from prison in March, 1957 His probationary period ended on April 5, 1959, and he immediately resumed his efforts directed toward the sovietization of America by becoming a member of the Party's National Executive Committee.

Under the leadership of this Moscow-trained, utterly ruthless Communist, the 17th National Convention formulated an organizational apparatus which is designed to make the Communist Party, USA, a formidable weapon against our free American society in the future. A 60-member national committee—actually a politburo—was established Included in this group are such veteran Communist leaders as Elizabeth Gurley Flynn, James Jackson, Hyman Lumer, Arnold Samuel Johnson and Irving Potash.

Theoretically this 60-member national committee governs the Party between conventions In actual fact, policy is made by a small ruling clique. This small clique consists of the Party's national officers, who were elected after the convention by the national committee

The national officers are: William Z Foster, chairman emeritus; Eugene Dennis, national chairman; Gus Hall, general secretary; Benjamin J. Davis, national secretary; Claude Lightfoot, vice chairman; Elizabeth Gurley Flynn, vice chairman; Hyman Lumer, national education secretary, and James Jackson, editor of *The Worker*.

Dennis, Hall, Davis, Lumer and Jackson comprise a five-man secretariat which is the day-to-day operating authority for the Party.

Hall is indisputably the new Party chief Under him the Party will remain in the future—as it has been in the past—completely subservient to Moscow

Proof of the absolutely monolithic unity of the Party was re-emphasized at the convention just past In the course of the convention certain changes were made in the Party's constitution These changes eliminated features stemming from the previous convention which allowed greater freedom to local Party units The 1959 changes wiped out this leeway and centralized control in national headquarters Thus we see clearly the historic Communist principle of "democratic centralism" in perfect pattern This principle asserts that once a decision has been made in the Party it must be carried out without dissent

Since Stalin's death, the Party has been torn by factional disputes Those responsible have been driven out or driven to cover Hall exultantly declared that "we" now have one policy, one line and one direction Strict discipline is the order of the day

Jubilant Party leaders are convinced that the visit of the Russian Premier to the United States has done much to create an atmosphere favorable to Communism among Americans The leaders believe the time is ripe for an increase in their activities with the resultant gain of influence in American life Gus Hall's keynote address set forth the Party's great issue

Hall said " the central question of this convention is. What is the role of the party in this entirely new situation? How can it now move out into the broad stream of the people's movement? How can it break the bonds of its isolation and become more and more effectively a factor in the life of our nation . "

And he continued, "We want to participate in, organize and lead the broadest of united front movements—on every level—in 1,000 ways, in 10,000 places, on 100.000 issues—if possible, with 180-million people "

The Communist Party is buoyantly optimistic It believes that the international climate currently favors its work And it is gearing plans to renew agitation in all fields on all fronts

Americans must expect to see the enlargement of the Party apparatus itself. They must be prepared for an increase in Party influence throughout the Nation as a whole They must expect the creation of scores of new Communist front groups and the launching of infiltration programs on every single level of American life They must expect to see members of the Communist Party—champions of the Communist Manifesto, which advocates force and violence, and of Lenin, who subscribes to the use of illegal tactics—seek to assume the mantle of Socialism despite the fact that honest advocates of that philosophy reject the use of force and violence

Party leaders recognize the fact that a strong Party organization is essential to a successful agitation program At the convention, therefore, concrete plans were laid for a nation-wide recruitment program and for intensified training of Party members In the Communist Party, education (indoctrination) is vital Every member must be imbued with the principles of Marx, Engels and Lenin.

It was pointed out at the convention that the Party's weekly publication, *The Worker*, is the Party's lifeblood, and that strengthening it must be a chief aim Circulation of *The Worker* is currently approximately 14,000 The Party wants that number increased to 25,000 in 1960

Where does a rejuvenated Communist Party expect to plant the seeds of Communism in the near future? What groups are prime targets?

The Communist Party, USA, believes that if it is to survive, it must attract the youth of this nation American youth is, therefore, to be a major target of Communist agitation and propaganda So are our Negro citizens At the 17th National Convention it was made clear that the recruitment theme is—as it has been in the past—to hold forth the Communist Party as the savior of the Negro

It is no secret that one of the bitter disappointments of the Communist Party has been its failure to subvert the Negro citizens of America The attempt to lure the Negro into the Communist fold is to be renewed with vigor The pseudo concern of the Party will be turned toward minority groups Agitation and propaganda activities are to be directed toward such groups in the United States as the Mexicans, Japanese-Americans, Puerto Ricans and the American Indian

But our youth and our minority racial and nationality groups are by no means to be the sole targets of Communist agitation and propaganda

Under the leadership of Irving Potash, there is to be a renewed attempt to infiltrate and dominate American labor unions Potash, it is worth noting, has an arrest record dating back to 1919 for criminal anarchy, conspiracy to influence and intimidate witnesses, conspiracy to teach and advocate the overthrow of the U S Government by force and violence, and illegal re-entry into this country

Efforts will be made to gain the confidence of the farmer, to influence both major political parties and to make increasing inroads among college students

In the field of international relations, the convention adopted a motion to instruct the new national committee to create a subcommittee on Latin-American affairs Certainly, we may anticipate that every effort will be made to deceive the American people and trick them into supporting the "revolutionary" movement in Latin America

I have set forth briefly the "line" which the Party expects to pursue with increased vigor in the future. Certainly, we may anticipate that every form of activity in the field of agitation and propaganda will be increased The drive for a "united front" in every field of endeavor may be anticipated Such Communist publications as *The Worker, Political Affairs* and *Mainstream* will be supplemented by new propaganda sheets and front publicity.

There is no question but that, as the world-wide menace of Communism increases, the sinister tentacles coiling throughout the basic social life of the nations yet free become more dangerous Experience of the past and evidence in the present indicate that the Communist Party always seeks to entrench itself and gain power by devious means in preparation for the historic moment when the time is ripe for a takeover by forceful means Nothing, I think, reveals the basic duplicity

and future intent of the Communist Party, USA, more plainly than do words out of the mouth of its current leader.

At the close of the 17th National Convention in December, 1959, veteran reporters sought to question the new leader, Gus Hall. (Newspapermen, of course, had been excluded from the convention.) One of the questioners asked Hall if the Communist Party, USA, advocates the violent overthrow of the United States Government. Hall, convicted in federal court for conspiring to do just that, said blandly, "No, we have never advocated this."

Yet this is the same Gus Hall who, during his 1934 trial in Minneapolis, Minnesota, in connection with a riot there when he was a member of the Young Communist League, testified as follows.

Q But you would prefer the Russian—you would prefer to be in Russia?

A. I prefer America with a Soviet government.

Q And you are willing to fight and overthrow this government?

A. Absolutely

Q And you are willing to take up arms and overthrow the constituted authorities?

A. When the time comes, yes.

"When the time comes, yes"

Concealed in those five simple words is to be found the deadly promise of Communism in the future

## MESSAGES FROM THE GOVERNOR

The following veto message from the Governor, and acknowledgment of the receipt of Assembly Bill No 1513 were received, and read:

**Governor's Veto Message Concerning Assembly Bill No. 1513**

STATE OF CALIFORNIA, GOVERNOR'S OFFICE
SACRAMENTO, June 8, 1961

*To the Honorable Members of the Assembly*
*State of California*
*Sacramento, California*

GREETINGS: I am returning herewith, without my signature,

**Assembly Bill No. 1513** entitled "An act to amend Section 18302 of the Education Code, relating to special allowances for project-connected pupils"

Assembly Bill No 1513 expands the definition of "project-connected pupil" for purposes of special financial assistance to school districts affected by water projects to include pupils in attendance upon acquisition of the property for the project and who reside upon the property acquired for the project and rent or lease it from the Department of Water Resources

Under the present law, when a water construction project causes an influx of pupils in school districts, the district is compensated by special assistance in direct proportion to the number of new students This bill will require additional compensation from the State Water Fund to the local district as of the moment the Department of Water Resources acquires the property for the proposed project, for those pupils already in attendance at the local school who continue to reside on the land to be used for the project

The bill creates an undesirable policy with respect to acquisition of land for the construction of water projects While it may alleviate one or two hardship cases existing in certain locales, it may also have a highly detrimental effect on the entire financial structure of the California Water Program

I do not feel the local interests affected warrant this depletion of Water Resource Funds which are dedicated to statewide purposes

Accordingly, I am returning the bill without my signature

Respectfully submitted,

EDMUND G BROWN, *Governor*

**Acknowledgment of Receipt of Assembly Bill No. 1513**

I acknowledge receipt this ninth day of June, 1961 at 4 45 o'clock, p m of Assembly Bill No 1513 without the Governor's signature, together with a statement of his objections thereto signed by the Governor, delivered to me personally by Caroline J Dunning, Secretary to the Legislative Secretary to the Governor.

HONORED SIRS Your unanimous adoption of House Resolution No 22 as a tribute to John Reber, my late husband, and the handsomely engrossed copy thereof which you graciously caused to be sent to me fill me with wonder and gratefulness that you, the representatives of the people of California, have officially declared that my John should be remembered for his devotion to the welfare of our State and for his contribution to the development of its water resources

Had John Reber, simple, unassuming and humble as he was, only known in his lifetime of your esteem for him it would have given him the greatest happiness he could have experienced I regret that after his life of research, study, toil and deprivation to produce and project the Rebel Plan, he is not with us today to receive the honor of your recognition of the benefits he sought to accord to all Californians

Your tribute to him gives assurance that John Reber did not labor in vain and that, God willing, the State of California shall enjoy the blessings of the Reber Plan

I, his widow, in my bereavement and on behalf of John, wholeheartedly thank each of you

Sincerely yours,

JANE C REBER

**Recommendation of the Governor**

In accordance with Article IV, Section 34, of the Constitution, the Governor presented the following communication recommending the consideration of Senate Bill No 65.

STATE OF CALIFORNIA, GOVERNOR'S OFFICE
SACRAMENTO, April 6, 1961

*To the Honorable Members of the Senate and Assembly:*

**Senate Bill No. 65,** "An act authorizing the Director of Finance to sell to the City of Visalia certain real property belonging to the State in the City of Visalia, and providing for the disposition of the proceeds from the sale thereof, declaring the urgency thereof, to take effect immediately",

in my opinion constitutes an emergency bill within the meaning of that term as used in Section 34 of Article IV of the Constitution of the State of California, the consideration of which should not await the final enactment of the Budget Bill

Maintenance of the building affected by this bill has been borne by the State from a special fund of the Department of Finance to care for buildings in this category ever since the highway patrol office moved out over a year ago There is no return to the State since there is no use to the State for the building At the same time, the City of Visalia has an urgent need for the building to house departments of its city government presently without office space Prompt enactment of Senate Bill No 65 will save the State several months of maintenance expense on this property and will at the same time greatly expedite affairs of the city government of the City of Visalia by permitting its earlier use of this building

I, therefore, recommend consideration of Senate Bill No 65 as an emergency measure

Respectfully submitted,

GLENN M ANDERSON, Acting Governor

## MESSAGES FROM THE GOVERNOR

The following veto message from the Governor concerning Assembly Bill No 129, and the acknowledgment of the receipt of the bill, were received, and read

### Governor's Veto Message Concerning Assembly Bill No. 129

STATE OF CALIFORNIA, GOVERNOR'S OFFICE
SACRAMENTO, June 9, 1961

*To the Honorable Members of the Assembly*
*State of California, Sacramento*

GREETINGS: I am returning herewith, without my signature,

**Assembly Bill No. 129**, entitled, "An act to add Section 1920.5 to the Code of Civil Procedure relating to post office cancellation marks on envelopes as evidence"

The effect of this bill would be to deprive mail stamped by a postage meter in the possession of the sender of the presumption as to the date of mailing now given to the date on the cancellation mark

Postmaster General, J Edward Day, has requested a veto of this bill stating that it is inconsistent with Post Office Department policy I am also advised that the bill may prejudice the extensive use of postage meters by business concerns and government throughout the State Under the circumstances I think it best not to approve the bill until the subject has been more thoroughly considered by all those interested

Accordingly, I am returning the bill without my signature.

Respectfully submitted,

EDMUND G BROWN, Governor

By Mr Rees ·

### House Resolution No. 420

Relative to an interim study of the California unemployment insurance program

WHEREAS, The problems surrounding the unemployment insurance program have assumed an increased importance in California , and

WHEREAS, Proposals for new legislation presented to the 1961 Legislature have focused attention on the questions of the long term financing of the program, on the role of merit rating, on the matter of attachment to the labor market, on the question of dependency benefits and of disqualifications, on the definition of monetary and non-monetary eligibility requirements, on the increased participation of women and retired persons in the labor market, on the problem of availability of work, on the matter of the definition of suitable work, and on the relationship of the program to other social insurance programs , now, therefore, be it

*Resolved by the Assembly of the State of California*, That the Assembly Committee on Rules is requested to assign for study to an appropriate interim committee the subject of the unemployment insurance program, and is requested to direct such interim committee to report its findings, evidence, and recommendations to the Assembly no later than the fifth calendar day of the 1963 Regular Session of the Legislature

Resolution read, and referred by the Speaker to the Committee on Rules

By Mr. Rees ·

### House Resolution No. 421

Relative to unemployment insurance

WHEREAS, There exists a lack of information on the employment patterns of farm labor, the administrative procedures that might be developed to bring them under unemployment insurance coverage, the cost of such a program, the number of people employed in farm labor and the benefits which might be paid , and

WHEREAS, The exemption of agricultural workers from unemployment insurance coverage is creating undue hardship upon those residents of the State gainfully employed in agriculture , and

WHEREAS, The counties and charitable institutions of the State are presently bearing the financial burden of assisting agricultural workers when they are unemployed, thus draining the resources of the counties , and

WHEREAS, The agricultural worker, as a self-respecting citizen and valuable member of California's society, deserves to be given the same benefits of social legislation provided for other workers rather than to be dependent upon county relief and charity when in need ; and

WHEREAS, The span of employment in California agriculture is much longer than that of many other seasonal occupations now covered under the Unemployment Insurance Code , now, therefore, be it

*Resolved by the Assembly of the State of California*, That the Assembly Committee on Rules is requested to assign for study to an appropriate interim committee the subject of the extension of unemployment insurance coverage to agricultural workers and is requested to direct such interim committee to report its findings, evidence and recommendations to the Assembly no later than the fifth calendar day of the 1963 Regular Session

By Mr Rees.

**House Resolution No. 422**

Relative to an interim study on workmen's compensation

WHEREAS, The hearings upon bills relative to workmen's compensation presented to the Assembly during the 1961 Regular Session have revealed various problems in the general area of workmen's compensation, including

(1) The nature, cost and adequacy of medical treatments given persons suffering injuries arising out of and in the course of their employment,

(2) The operations of the Subsequent Injury Fund,

(3) The definition of "injury" as it applies to workmen's compensation,

(4) The determination and adjustment of workmen's compensation benefits,

(5) The reporting by employers of the amount and duration of workmen's compensation benefits paid to employees,

(6) The re-employment of persons injured,

(7) The adequacy of permanent disability ratings in relation to actual wage loss,

(8) The employment of handicapped persons, and

WHEREAS, There is further need for study of the whole range of problems surrounding attempts to rehabilitate those persons who have incurred industrial accidents and the interrelationship between the workmen's compensation program and other special insurance programs of this State, now, therefore, be it

*Resolved by the Assembly of the State of California*, That the Assembly Committee on Rules is requested to assign the subject matter of this resolution to an appropriate interim committee for study and to direct the committee to report its findings and recommendations for legislation thereon to the Assembly no later than the fifth calendar day of the 1963 Regular Session

Resolution read, and referred by the Speaker to the Committee on Rules

By Mr Rees:

**House Resolution No. 423**

Relative to an interim study relating to presumptions respecting employment injuries of public employees

WHEREAS, Sections 3212, 3212.2, 3212.5 and 3212.6 of the Labor Code of this State provide with respect to various kinds of public employees that the term "injury" insofar as workmen's compensation is concerned shall include hernia, heart trouble, pneumonia, and tuberculosis, and these sections further provide for a disputable presumption that such injuries arise out of and in the course of the public employment of such persons; and

WHEREAS, Each year new categories of public employees seek to be included within the provisions found in these sections of the Labor Code, and

WHEREAS These sections are in need of reorganization, and no consistent policy has been established relative to the inclusion or exclusion of public employees within the coverage of the sections, now, therefore, be it

*Resolved by the Assembly of the State of California*, That the Assembly Committee on Rules is hereby requested to assign the subject matter of this resolution to an appropriate interim committee for study and to direct the interim committee to report its findings and recommendations for legislation thereon to the Assembly no later than the fifth calendar day of the 1963 Regular Session of the Legislature

WHEREAS, It is crucial to the safety and welfare of the people of this State that public liability insurance be available to all motorists, now, therefore, be it

*Resolved by the Assembly of the State of California*, That the Assembly Committee on Rules is requested to assign for study to an appropriate interim committee the subject of the cost and availability of motor vehicle bodily injury and property damage insurance, with emphasis upon the incidence and reasons for unilateral cancellation of coverage by insurers and the necessity, if any, for a compulsory motor vehicle insurance law. The Committee on Rules is further requested to direct

such interim committee to report its findings, evidence and recommendations to the Assembly not later than the fifth calendar day of the 1963 Regular Session of the Legislature

Resolution read, and referred by the Speaker to the Committee on Rules

Relative to a study of the financing of employee pension plans

WHEREAS, An ever greater part of the savings and benefits for California workers are being invested in pension plans funded by employers with major financial institutions, and

### Recommendation of the Governor

In accordance with Article IV, Section 34, of the Constitution, the Governor presented the following communication recommending the consideration of Senate Bill No 833

STATE OF CALIFORNIA, GOVERNOR'S OFFICE
SACRAMENTO, April 27, 1961

*To the Honorable Members of the Senate and Assembly*

**Senate Bill No. 833,** "An act to add Section 18959 to, and to amend Section 18958 of, the Education Code, relating to schools,"

in my opinion constitutes an emergency bill within the meaning of that term as used in Section 34 of Article IV of the Constitution of the State of California, the consideration of which should not await the final enactment of the Budget Bill

This bill amends the Education Code to permit the State Allocation Board to make apportionments for the sale or lease of temporary and portable school buildings Such legislation is urgently needed to provide temporary housing for those schools who experience unusually large new enrollments due to substantial and unpredicted population growth Passage of the bill would secure large savings because temporary and portable buildings are less expensive than permanent structures and the districts using them would pay for the buildings only while using them In addition, such buildings can be transferred from one district to another according to respective needs

I, therefore, recommend consideration of Senate Bill No 833 as an emergency measure.

THE UNIVERSITY OF CALIFORNIA
BERKELEY, June 12, 1961

*Mr Arthur A Ohnimus, Chief Clerk*
*State Capitol, Sacramento*

DEAR MR OHNIMUS Thank you for calling to my attention House Resolution No 312, introduced by Assemblyman Joseph Kennick and Assemblyman William S Grant, requesting The Regents of the University of California to give consideration to the many advantages that Long Beach would offer as a location for a medical school site.

We have, of course taken cognizance of the survey of medical training needs made at the direction of Governor Brown, and we have been following the progress of Senate Concurrent Resolution No 37, and the related appropriation measure Senate Bill No 1008, which direct and propose financing for a medical training expansion plan to be carried out by the Coordinating Council on Higher Education with the co-operation of the State Department of Public Health, the Board of Regents, representatives of private medical schools, and representatives of the public

I might add that The Regents of the University recognize the provision of adequate medical training facilities as their particular responsibility under the Master Plan for Higher Education, and regardless of the fate of legislation now pending will continue to study the expanding needs of the State and to make recommendations to the Governor and the Legislature at appropriate times Responsibility for surveying in the medical area has been placed on specific staff members, and one visit has already been made to Long Beach for the purpose of gathering preliminary data Long Beach is one of the areas to which full consideration will be given in planning any future expansion of medical training facilities.

Sincerely yours,

CLARK KERR

cc Assemblyman Joseph Kennick

## RESOLUTIONS

The following resolutions were offered.

By Messrs Rumford and Mulford:

### House Resolution No. 432

Relative to Dr Thomas C Holy

WHEREAS, Dr Thomas C Holy, who has served since 1952 as representative of the University of California on the Joint Staff for the Liaison Committee of the State Board of Education and The Regents of the University, will retire from this post on June 30, 1961, after nine years of invaluable service to higher education and to the Legislature of this State; and

WHEREAS, Dr Thomas C Holy has contributed significantly to all of the basic studies upon which future planning of the University of California, the state colleges, and the junior colleges, is currently based, including *A Restudy of the Needs of California in Higher Education, A Study of the Need for Additional Centers of Public Higher Education in California, Faculty Demand and Supply in California Higher Education to 1970*, and *A Master Plan for Higher Education in California, 1960-1975*, as well as some 14 separate studies on higher education proposals dealing with particular subjects or areas within the State, and

WHEREAS, These services were contributed after a lifetime of educational work beginning as a rural school teacher in Iowa more than half a century ago, and ending as Director of Educational Research for the Ohio State University, and as leader or consultant for educational surveys in seven or more states of the Nation, which brought to his work for California a breadth of experience and a depth of understanding which it would have been difficult for any other to duplicate, now, therefore, be it

*Resolved by the Assembly of the State of California*, That the members of this legislative body join with Dr Holy's colleagues and countless friends in expressing appreciation and gratitude for the contribution that he has made and in wishing him the best of good fortune in the retirement that he has now earned twice over in this, his 74th year, and be it further

*Resolved*, That the Chief Clerk of the Assembly be directed to transmit to Dr. Thomas C Holy a suitably prepared copy of this resolution

Resolution read, and referred by the Speaker to the Committee on Rules.

### House Resolution No. 433

Relating to a federal fish hatchery in Nevada

WHEREAS, A proposed fish hatchery in Douglas County, Nevada, would provide fish for planting not only in Nevada but all of the eastern slope of the Sierra Nevada Mountain Range, and

WHEREAS, This area presently is used by thousands of Californians and Nevadans for public recreation but is inadequately supplied with proper fishing facilities due to the lack of adequate hatchery production in certain areas; and

WHEREAS, The federal budget as adopted by the Senate of the United States presently provides for $150,000 for the start of a fish hatchery project in this area; now, therefore, be it

*Resolved by the Assembly of the State of California*, That the Congress of the United States is hereby respectfully requested to appropriate sufficient money to commence the construction of a fish hatchery project in Douglas County, Nevada, for the benefit of the people of the State of California and Nevada; and be it further

*Resolved*, That the Chief Clerk of the Assembly transmit suitably prepared copies of this resolution to the President and Vice President of the United States, to the Speaker of the House of Representatives, and to each Senator and Representative from California in the Congress of the United States

Resolution read, and referred by the Speaker to the Committee on Rules

By Mr. Porter:

WHEREAS, The Members of the Legislature are in need of information to permit wise action upon these proposed changes in water district acts and proposed new water districts, which information is not now readily available, now, therefore, be it

*Resolved by the Assembly of the State of California*, That the Assembly Committee on Rules is requested to assign to the appropriate interim committee for study the subject of the laws relating to the organization, powers, and duties of water districts and to direct the committee to submit an analysis of existing district laws and the reasons for their variations to the Assembly no later than the fifth calendar day of the 1963 Regular Session.

Resolution read, and referred by the Speaker to the Committee on Rules

**House Resolution No. 435**

WHEREAS, The Department of Water Resources has undertaken relocation work at the Oroville Reservoir site which is estimated to cost in excess of $106,000,000, and

WHEREAS, Other important relocation work will be undertaken by the department in the Sacramento-San Joaquin Delta, the San Joaquin Valley, and Southern California in the construction of the State Water Facilities, and

WHEREAS, Serious deficiencies in the present law pertaining to this relocation work were made a matter of public record by hearings of the Assembly Interim Committee on Water on December 7, 1960, and

WHEREAS, Legislation to correct these deficiencies (such as Assembly Bill No 2136 and Assembly Bill No 3034 of the 1961 Regular Session) was not enacted by the Legislature at this session, now, therefore, be it

*Resolved by the Assembly of the State of California*, That the Department of Water Resources is hereby requested to submit copies of each relocation agreement proposed in connection with the construction of the State Water Facilities upon the completion of negotiations to the Assembly Committee on Rules at least 30 calendar days before execution of the agreement, and that the Assembly Committee on Rules is requested to assign the subject of these agreements to an appropriate interim committee for study and public hearing if the committee to which the agreements are assigned in its judgment finds a hearing is appropriate to protect the public interest, and be it further

*Resolved*, That the Chief Clerk of the Assembly is directed to transmit a copy of this resolution to the Director of Water Resources

Resolution read, and referred by the Speaker to the Committee on Rules

By Mr Munnell

**House Resolution No. 436**

Relating to a study of farm operations

WHEREAS, The pre-harvest and harvest labor requirements on the great bulk of California's farms (99,260) are met totally, largely or substantially by the farm operator himself together with unpaid members of his family; and

WHEREAS, U S Department of Labor statistics conclusively demonstrate that the great bulk of hired farm labor is employed on the small minority of large-scale farms, and

WHEREAS, The large-scale farm owner's investment is often exclusively or overwhelmingly in the form of his equity capital while the small farmer's investment is a balance of personal labor, managerial skill and capital, often in that order of importance; and

WHEREAS, Labor available over the years to large-scale farmers through the temporary foreign labor importation program and through other programs brings

about lower production costs for farmers relying primarily upon hired labor, thereby assuring an expansion of production, and

WHEREAS, While such expansion of production is profitable for such large-scale farm operators, despite the decline in market prices it precipitates, it works to the severe detriment of smaller producers whose return on their personal labor investment is governed by the same market price and cannot, therefore, exceed the value of wages paid to hired farm labor by their large-scale competitors; and

WHEREAS, This competitive advantage of the large-scale farmers is often strengthened by their concurrent financial integration into other facets of the producer-to-consumer chain such as sale of equipment and supplies, processing, packing, shipping and/or distribution operations which quite commonly are performed at a fixed margin of profit and which frequently outweigh the relative importance of the actual price and margin realized from the production end of the operation by itself, and

WHEREAS, This fundamental difference in the degree to which farm owners have a personal investment of labor in their over-all operations clearly results in the most profound separation of interests between large commercial farm operators and small farmers as to the wages paid hired labor employed in the process of agricultural production, and

WHEREAS, Many of the nation's major crops are produced entirely or largely within the State of California, and their production in this State often enjoys significant advantages due to factors such as beneficent climatic and soil conditions, together with superior technology and methods; and

WHEREAS, The perpetuation and aggravation of low farm wage rates as an unfair competitive advantage accruing to large-scale farms as a result of present public policies is leading to the rapid elimination of family farming in California as a way of life with a concomitant rise in the threat of monolithic corporate control in agriculture, now therefore, be it

*Resolved by the Assembly of the State of California*, That the State Department of Agriculture is directed to study the growing plight of working farmers in relationship to large-scale operators as set forth herein and that the department report its findings to the Assembly prior to the 1963 General Session, and be it further

*Resolved*, That the Chief Clerk of the Assembly is directed to transmit a copy of this resolution to the Director of the Department of Agriculture

Resolution read, and referred by the Speaker to the Committee on Rules

By Mr Hawkins

**House Resolution No. 437**

Relative to a study of publicly financed or publicly assisted housing programs

WHEREAS, The State of California has a deep and abiding interest in the housing of the citizens of this State, as a condition affecting the general welfare, and

WHEREAS, A number of federal, state, and local governmental agencies are currently engaged in administering programs financed directly or indirectly by public funds or by pledging the public credit, and

WHEREAS, The Legislature must make vital decisions on many legislative matters dealing with various housing programs and problems arising in the operations of such programs, and it is essential that the Legislature be fully informed in order to be able to make such decisions wisely, now, therefore, be it

*Resolved by the Assembly of the State of California*, That the Assembly Committee on Rules is requested to assign to an appropriate interim committee the subject matter of publicly financed or publicly assisted housing programs, including, but not limited to, community development, urban renewal, housing for the aged, veterans housing, federal and state residential mortgage insurance programs, and co-operative housing, as well as the financing, sale occupancy, and other policies of such programs and the administration thereof The Assembly Committee on Rules is further requested to direct the interim committee to report its findings and recommendations to the Legislature not later than the fifth calendar day of the 1963 Regular Session.

Resolution read, and referred by the Speaker to the Committee on Rules

By Mr Burton:

**House Resolution No. 438**

Relative to the Ten Ten Celebration

WHEREAS, The date of October 10th marks the National Day of the Chinese Republic and is the occasion for celebration of the anniversary of the culmination of a great struggle for freedom which occurred in China on a pattern very similar to that of the early history of the United States of America, and makes most fitting the extending of congratulations to that valiant people on the occasion of their commemoration of the day upon which their freedom was achieved, and

WHEREAS, During the closing decades of the 19th century, the Chinese people, oppressed by the tyranny and corruption of the Manchu and Ching Dynasties, undertook actions of revolt throughout the nation; and

WHEREAS, The long and bitter struggle of those downtrodden millions was climaxed by the great victory at the Wuchang Revolution, centered at Hupeh, in Central China, on October 10, 1911, under the inspired leadership of Dr Sun Yat Sen, which marked the beginning of the downfall of the dictatorial Ching Dynasty, and was followed by successful revolutions in 17 other provinces and Shanghai and Nanking; and

WHEREAS, These actions resulted in the formation of the Chinese Republic with Dr Sun elected the first president, assuming his office on January 1, 1912, and caused the abdication of the Manchu emperor on February 12, 1912; and

WHEREAS, After the establishment of the Republic, the date of October 10th was designated by the Chinese Government as the National Day or the Day of the Double-Ten Celebration, with the same significance to the people of that nation as the Independence Day Holiday in the United States of America has to the citizens of this country, and is celebrated annually by the Chinese people, now, therefore, be it

*Resolved, by the Assembly of the State of California*, That the Chinese people are congratulated on the anniversary of their National Day and the Double-Ten Celebration; and be it further

*Resolved*, That the Chief Clerk of the Assembly is directed to transmit suitably prepared copies of this resolution to the Chinese Consolidated Benevolent Association, the San Francisco and Los Angeles Lodges of the Chinese-American Citizens' Alliance, the Chinese-American Citizens' Alliance, Grand Lodge; the Chinese Chamber of Commerce, the Cathay Post of the American Legion; the Chinatown Post No 4618, Veterans of Foreign Wars, the Chinese Memorial Chapter No 69 of the Disabled American Veterans; and Golden Dragon Post No 333, Regular Veterans Association

Article 1 5 Concession Contracts

5019 10 The Department of Natural Resources may enter into contracts with persons, firms or corporations to maintain and operate concessions within the state park areas for the safety and convenience of the general public in the use and enjoyment of the state park system The department shall obtain the approval of the Department of Finance before entering into any such contract if the contract would authorize occupancy of property owned or controlled by the State for a period of more than one year

5019 11 All concession contracts authorizing occupancy of property owned or controlled by the State for a period of more than two years shall be awarded to the best responsible bidder pursuant to the bid procedures of this article 'Best responsible bidder" means the responsible bidder determined by the department to be the bidder whose bid will be in the best interest of the State and who will operate the concession consistent with the contract and in the interest of the public

5019 12 Before entering into any contract authorizing occupancy for a period of more than two years of property owned or controlled by the State, the department shall prepare an accurate summary of the concession, which shall include a description of the nature and term of the concession the extent of rights to be granted, the duties and obligations of the concessionaire (including payment, if any, for utilities), minimum rates and guaranties to the State, and such other items as may be necessary to permit bidding solely on the basis of rates to be paid to the State

5019 13 Public notice to bidders shall be given of all contracts authorizing occupancy for a period of more than two years of property owned or controlled by the State as follows

(a) Once a week for two consecutive weeks in at least one newspaper of general circulation published in each of the five most populous counties in the State.

(b) Once a week for two consecutive weeks in a newspaper of general circulation in the county in which the concession is to operate

(c) If the director determines that, in view of the type of concession involved, the public interest would be best served by the solicitation of bids from out-of-state bidders, he shall give such additional notice as he finds is best suited to attract bids from out-of-state bidders

5019.14 The notices shall state the time and place for the receiving and opening of sealed bids and describe in general terms the concession to be operated

5019.15 The department shall require from prospective bidders answers to questions contained in a standard form of questionnaire and financial statement including a complete statement of the prospective bidder's financial ability and experience in maintaining and operating similar or related concessions or business activities. When completed, the questionnaire and financial statement shall be verified under oath by the bidder in the manner in which pleadings in civil actions are verified

5019.16 The questionnaires and financial statements are not public records and are not open to public inspection

5019.17 All bids shall be presented under sealed cover

5019.18 Whether or not bids are opened exactly at the time fixed in the public notice for opening bids, a bid shall not be received after that time

5019.19 Any bid may be withdrawn at any time prior to the time fixed in the public notice for the opening of bids only by written request for the withdrawal of the bid filed with the Director of Natural Resources. The request shall be executed by the bidder or by duly authorized representatives. The withdrawal of a bid does not prejudice the right of a bidder to file a new bid.

This section does not authorize the withdrawal of any bid after the time fixed in the public notice for the opening of bids.

5019.20 On the day named in the public notice the department shall publicly open the sealed bids, and on the same date shall furnish copies thereof, together with the questionnaires and financial statements relating thereto, to the Joint Legislative Budget Committee. The department shall carefully study and analyze all such bids and, on or after the 31st day after the bids are opened, shall award the contract to the person then determined to be the best responsible bidder.

5019.21 If the director deems it is for the best interests of the State, he may, on the refusal or failure of the successful bidder to execute the contract, award it to the second best responsible bidder.

If the second best responsible bidder fails or refuses to execute the contract, the director may likewise award it to the third best responsible bidder.

5019.22 If the director deems the acceptance of the best responsible bid is not for the best interests of the State he may reject all bids and advertise for other bids in the manner required by this article.

5019.23 A bidder shall not be relieved of his bid nor shall any change be made in his bid because of mistakes.

5019.24 Every contract awarded as to which bids are required under this article shall be submitted to the Attorney General. Such a contract is not binding on the State until the Attorney General finds it to be in accordance with the requirements of this article and endorses such finding thereon.

5019.25 The Joint Legislative Budget Committee shall make a continuing study of the administration of this article and shall ascertain, study and analyze all facts relating to contracts for the operation of concessions within the state park areas. The committee shall report its findings annually to the Legislature, including in its reports its recommendations for appropriate legislation.

SEC. 7. Section 79 is added to the Agricultural Code, to read:

79. The provisions of Article 1.5 (commencing with Section 5019.10) of Chapter 1 of Division 5 of the Public Resources Code shall be applicable to the board in entering into all concession contracts in connection with the California State Fair and Exposition, provided that all such contracts shall be approved by the Department of Finance, and all such contracts rather than only those authorizing occupancy of state property for a period of more than two years, shall be subject to the bid procedures of said article. Wherever in said article the terms "Department of Natural Resources," "department," or "Director of Natural Resources" are used, they shall, for the purposes of this section, be deemed to refer to the Board of Directors of the California State Fair and Exposition.

The Joint Legislative Budget Committee shall make a continuing study of the administration of said article with respect to its application to California State Fair and Exposition concession contracts and shall ascertain, study and analyze all facts relating to the operation of concessions at the California State Fair and Exposition. The committee shall include its findings and recommendations in the annual report required by Section 5019.25 of the Public Resources Code."

Upon invitation of Speaker Brown, the following prayer was offered by Rev Keith Kenny of the Catholic Youth Organization:

*King of Glory, Lord of Hosts,* Terrible in might, yet bountiful in mercy May we walk softly in the fear of the Lord, that fear which is the beginning of wisdom Yet may we attain to more than mere beginnings, even unto wisdom itself We are here as those who serve Sharpen in us the concept and the fact of "service," travail unto weariness, even unto death, for our fellow men, work that goes often unnoticed, often unthanked, that is and must be its own reward Thus serving others, we serve Thee This is love of neighbor as of self indeed the love that casts out fear, the ultimate wisdom This we ask of Thee —AMEN

## COMMUNICATIONS

The following resolution by the Board of Supervisors of the County of Riverside was presented by the Speaker, and ordered printed in the Journal

### Resolution Supporting Senate Concurrent Resolution No 34

WHEREAS, The establishment of the easterly boundary of the State of California and of the County of Riverside, provided in Senate Concurrent Resolution No 34, is of the utmost importance to this county, its residents and property owners, and particularly those in the Colorado River valley and adjacent to the Colorado River, and

WHEREAS, The future development of a substantial part of the Palo Verde Valley in Riverside County depends upon the fixing of a definite state boundary, in order for titles to be established, for land to be developed and for the natural resources of the river area to be used to their full potential, and

WHEREAS, The long delay of many years in reaching the present agreement between the boundary commissions of Arizona and California has already held back too long the desirable and orderly development of the Colorado River valley, and

WHEREAS, The present proposal represents a fair and reasonable compromise and should be speedily approved and implemented without further legislative delay, now, therefore,

*Be it urgently resolved by the Board of Supervisors of the County of Riverside, State of California, in regular session assembled on June 12, 1961*, That this Board strongly recommends the approval of Senate Concurrent Resolution No 34 by the Assembly Rules Committee, and by the Assembly thereafter

*Be it further resolved*, That a copy hereof be forwarded to each member of the Assembly Rules Committee and to Assemblyman Cologne and Senators Backstrand and Shaw

The foregoing is certified to be a true copy of a resolution duly adopted by said Board of Supervisors on the date therein set forth

**Senate Bill No. 135**—An act to repeal Section 4189 of, and to add Section 4011 to, the Welfare and Institutions Code, relating to the responsibility of relatives to contribute to the support of disabled persons

Bill read third time, and presented by Mr Burton

**Recommendation of the Governor**

In accordance with Article IV, Section 34, of the Constitution, the Governor presented the following communication recommending the consideration of Senate Bill No 135

STATE OF CALIFORNIA, GOVERNOR'S OFFICE
SACRAMENTO, May 9, 1961

*To the Honorable Members of the Senate and Assembly:*

**Senate Bill No. 135,** "An act to repeal Section 4189 of, and to add Sections 4189 and 4189.5 to, the Welfare and Institutions Code, relating to the responsibility of relatives to contribute to the support of disabled persons,"

in my opinion constitutes an emergency bill within the meaning of that term as used in Section 34 of Article IV of the Constitution of the State of California, the consideration of which should not await the final enactment of the Budget Bill

This bill will eliminate the requirement that relatives must support disabled persons who qualify for aid under the Aid to Needy Disabled program For the most part, recipients of aid under this program are suffering from extreme illnesses and disabilities which require considerable attention and care from their relatives It is expected that relatives will continue to extend this care to these disabled persons regardless of their legal liability However, many relatives have had to do so with great deprivation to themselves and to other members of the family who have a responsibility The bill will relieve them of the legal force of the responsible relatives support law

The provisions of this bill are in accordance with my recommendations to the 1961 Legislature Funds to finance the cost of this bill are contained in my 1961 Budget Message to the Legislature

I, therefore, recommend consideration of Senate Bill No 135 as an emergency measure

Respectfully submitted,

EDMUND G BROWN, Governor

Bill read third time, and presented by Mr. Burton

#### Recommendation of the Governor

In accordance with Article IV, Section 34, of the Constitution, the Governor presented the following communication recommending the consideration of Senate Bill No 136

STATE OF CALIFORNIA, GOVERNOR'S OFFICE
SACRAMENTO, May 9, 1961

*To the Honorable Members of the Senate and Assembly*

**Senate Bill No. 136,** "An act to amend Section 3088 01, to add Section 3088 01 to, and to repeal Section 3474 of, the Welfare and Institutions Code, relating to the responsibility of relatives to contribute to the support of blind persons," in my opinion constitutes an emergency bill within the meaning of that term as used in Section 34 of Article IV of the Constitution of the State of California, the consideration of which should not await the final enactment of the Budget Bill

This bill will eliminate the requirement that relatives must support needy blind persons who qualify for and receive Aid to the Blind People who live in a world of darkness require encouragement and opportunity to gain the maximum measure of independence Continuation of the responsible relative requirement is inconsistent with this objective because it requires that blind persons impose a financial burden upon their families

The provisions of this bill are in accordance with my recommendations to the 1961 Legislature Funds to finance the cost of this bill are contained in my 1961 Budget Message to the Legislature

I, therefore, recommend consideration of Senate Bill No 136 as an emergency measure

Respectfully submitted,

35115 Notwithstanding the limitations of this chapter, and in addition to the provisions of this chapter, lifting eyes, lifting cables, cable hooks, door latches, or hinged unloading doors on portable beds not permanently attached to the vehicle and solely used to carry agricultural products, agricultural minerals or fertilizers may extend two inches on each side of the main portion of the body of a vehicle if the maximum width of body and any or all of such appendages does not exceed 100 inches

This section shall have no application to the national system of interstate and defense highways as described in Section 108 of the Federal-aid Highway Act of 1956, and on such system the provisions of this chapter shall govern the permissible width of vehicles unless and until it be determined by the Attorney General of the State of California that the application of this section to vehicles using the national system of interstate and defense highways would not prevent the apportionments of federal funds to this State for expenditure upon said system of highways by reason of the provisions of the Federal Highway Act of 1956, relating to the use of public highways by vehicles having a width not exceeding the maximums permitted under laws or regulations established by appropriate state authorities in effect on July 1, 1956

It is further provided, that regardless of the opinion of the Attorney General of the State of California, in the event of a determination by the Secretary of Commerce, or other officer of the Federal Government authorized to rule on this subject, that the application of this section to the national system of interstate and defense highways would result in the withholding of any apportionment of federal funds to this State, then this section shall forthwith become inoperative"

#### Recommendation of the Governor

In accordance with Article IV, Section 34, of the Constitution, the Governor presented the following communication recommending the consideration of Senate Bill No. 134·

STATE OF CALIFORNIA, GOVERNOR'S OFFICE
SACRAMENTO, May 9, 1961

*To the Honorable Members of the Senate and Assembly*

**Senate Bill No. 134**, "An act to amend Sections 2181 and 2224 of the Welfare and Institutions Code, relating to the responsibility of adult children to contribute to the support of their parents,"

in my opinion constitutes an emergency bill within the meaning of that term as used in Section 34 of Article IV of the Constitution of the State of California, the consideration of which should not await the final enactment of the Budget Bill

This bill modifies significantly the extent to which adult children are compelled to contribute to the support of their aged parents who receive Old Age Security. The need for this bill is underlined by the fact that no change in the level of contributions has been made since 1950 despite the considerable increase in living costs since that time. The main emphasis of reduction of liability is for those adult children who themselves have children to support and educate.

The provisions of this bill are in accordance with my recommendations to the 1961 Legislature. Funds to finance the cost of this bill are contained in my 1961 Budget Message to the Legislature.

I therefore, recommend consideration of Senate Bill No. 134 as an emergency measure.

Respectfully submitted,

EDMUND G. BROWN, Governor

The question being. Shall the Assembly concur in the following Senate amendments to Assembly Bill No 2454?

**Amendment No. 2**

At such election the three nominees receiving the largest vote shall be considered as having been elected for four-year terms and the two nominees receiving the fourth and fifth largest number of votes shall be considered as having been elected for two-year terms

**Amendment No. 3**

On page 6 after line 51, insert

"SEC 24 This act is an urgency measure necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect The facts constituting such necessity are

There is presently a considerable amount of confusion as a result of the lack of provision for changeover and reorganization of boards of districts which are reorganized as, or come under the law regarding recreation and park districts, and a lack of provision for termination of existing terms so that much of the action of boards not yet reorganized or even reorganized but having no statutory method which to follow, is clouded"

As a result of these clouds, potential bond issues for development and even tax rate levies might be in jeopardy This act would provide a procedure by which the membership of the board of directors of a district reorganized or coming under the laws regarding recreation and park districts would be determined It is, therefore imperative this act take effect immediately

**Amendment No 4**

*Hon Ralph Brown*
*Speaker of the Assembly*
*California Legislature*
*Sacramento, California*

DEAR MR SPEAKER We wish to take this opportunity to express to you, the Members of the Assembly, their secretaries, bill room personnel, sergeants-at-arms, elevator operators, etc our appreciation

From all over California this session school trustees, administrators, and the little people they serve have at times come to Sacramento or communicated with you They have asked us to express to all of you their thanks for the courtesies and interest shown them It has given them a renewed interest and feeling for our democracy

Nothing could have shown them more vividly how much democracy we still have than to have this experience first hand A minority of this State's people live in a majority of its area and they often feel their voice is getting weaker and weaker while urban areas which can be more organized and contain the majority of the State's people are naturally more and more vociferous

For them to realize that there is still a definite democratic process which listens to all sides of issues and that our legislators think of all California, not just an urban area when making decisions . has been a needed realization.

We hope that more people now realize their responsibilities to you legislators in letting you know how they feel on the important issues so that you can have this to help you make the major decisions We all have a part in making democracy work and representative of the wishes of the people . if we work together for the good of all . we are sure we cannot help but continue to be strong

Our deepest thanks to all of you for this experience since we have no paid help . it is doubly appreciated

Most respectfully yours,

MARGUERITE E McLEAN, Executive Secretary

## REQUEST FOR UNANIMOUS CONSENT TO PRINT IN JOURNAL

Mr Lunardi was granted unanimous consent that the following opinion of the Legislative Counsel be ordered printed in the Journal·

## OPINION OF LEGISLATIVE COUNSEL

STATE OF CALIFORNIA
OFFICE OF LEGISLATIVE COUNSEL
SACRAMENTO, June 15, 1961

*Hon Paul J Lunardi*
*Assembly Chamber*

**Budget Bill Appropriations of California Water Fund Money—No. 20588**

*Question*

DEAR MR LUNARDI You have asked whether either Item 266 1 (which appropriates $70,000 from the California Water Fund for investigation of a dam at Fish Slough in Inyo County) or Item 403 (which appropriates $100,000 from the California Water Fund for transfer to the State Water Pollution Control Fund for a loan to June Lake Public Utility District for construction of sewerage facilities) of Assembly Bill No 800 as Amended in Conference would operate as a limitation on the amount of money which may be expended by the Department of Water Resources under the continuing appropriation of California Water Fund money made by Section 12938 of the Water Code for expenditure for construction of the State Water Resources Development System

*Opinion*

No

*Analysis*

Section 12938 of the Water Code, which is a part of the California Water Resources Development Bond Act (Secs 12930-12942, incl, Wat C ), appropriates all moneys in the California Water Fund and all accruals thereto to the department for expenditure without regard to fiscal years for the State Water Resources Development System described by the bond act However Section 12938 specifically provides that the Legislature may, in any fiscal year, appropriate for any lawful purpose any money in the California Water Fund which is unexpended at the beginning of the fiscal year and any money accruing to the fund during the fiscal year.

Thus, there is no question that the Legislature is authorized by the bond act to make appropriations from the California Water Fund for purposes other than bond act purposes, notwithstanding the continuing appropriation contained in Section 12938

The only question is whether such appropriations for other purposes (such as those contemplated by Items 266 1 and 403 of A B 800) would operate to limit the amount of money which may be expended by the department under the continuing appropriation made by Section 12938 We think it is clear that the answer is in the negative

The question is presented because of the holding of the California Supreme Court in *Board of Fish and Game Commissioners* v *Riley* (1924), 194 Cal 37, that notwithstanding the existence of a continuing appropriation for particular purposes the Legislature may, in the Budget Act, limit the amount of money which may be expended for such purposes in any fiscal year (see also, *Railroad Commission* v *Riley* (1923), 192 Cal 54, *Jamme* v *Riley* (1923), 192 Cal. 125, *Western Shore Lumber Co* v *Riley* (1923), 192 Cal 144) It is clear, however, from a reading of these cases that the limitation of a Budget Act appropriation only applies to expenditure of the continuously appropriated moneys for the purpose or purposes covered by the Budget Act appropriation

This same principle is also expressly stated in the Budget Bill in the following provisions contained in Section 2 thereof

> "*Whenever by* constitutional or *statutory provision* the revenues or receipts of any institution, department, board, bureau, commission, officer, employee, or other agency, or any *moneys in any special fund* created by law therefor, *are to be used for salaries, support or any proper purpose, expenditures shall be made therefrom for any such purposes to the extent only of the amount herein appropriated*, unless otherwise stated herein, or authorized pursuant to Section 11006, Government Code
>
> "*Appropriations for purposes not otherwise provided for herein which have been heretofore made by any existing constitutional or statutory provision shall continue to be governed thereby*" *(Emphasis added)*

Since, with respect to the California Water Fund, appropriations are authorized to be made for purposes other than those for which the moneys in the fund are continuously appropriated, and the appropriations in question are for such other purposes, it is our opinion that the principles discussed above are controlling and that the appropriations in question would not limit the authority of the department to expend California Water Fund money under the continuing appropriation

Very truly yours,

RALPH N KLEPS, Legislative Counsel

## FINDINGS AND RECOMMENDATIONS OF THE RULES COMMITTEE REGARDING THE CALIFORNIA VETERANS HOME

### Commendation

1 We commend the State of California, the California Veterans Board, and all veterans' organizations interested in the Veterans Home of California for the support they have extended to this Home in the past, enabling the physical facilities so provided to be unequaled in any state of the Nation, and we further commend the Home for its administration, including the Commandant and the Director of Veterans Affairs on maintaining one of the country's outstanding veterans' homes

### Greater Veterans Board Role

2 We recommend that the California Veterans Board assume a greater role in the formulation of policy as it affects the said Veterans Home of California and to assume a more active position with respect thereto The committee further generally agreed that the Veterans Home Advisory Board now merely a committee without powers appointed by the California Veterans Board, should be reconstituted with powers such that it might be a substantial adjunct to the establishment of policies and procedures at the Home The committee recognized that the Veterans Home Advisory Board was the only formal contact of the Veterans Home with numerous volunteer veterans' organizations

**Reject Transfer to Veterans Administration**

3 The committee recommends that the Veterans Board reject the recommendation of the Department of Finance that the Veterans Home of California be turned over to the United States Veterans Administration

**Reject Transfer to Department of Mental Hygiene**

4 The committee recommends that the Veterans Board reject the recommendation of the Department of Finance that the Veterans Home of California be co-ordinated with the Department of Mental Hygiene, transferring 1,000 mentally ill veterans to the facility

**Emphasis on Positive Rehabilitation Program**

5 The committee recommends increased emphasis on a positive rehabilitation program designed to provide maximum opportunity to members of the Home, to develop their capabilities, to utilize their time productively, and to insure maximum dignity to the residents of the Home, this recommendation necessarily involves the institution of a more active physical medicine and rehabilitation program at the facility

**Director Qualifications**
