PRESENTATION OF PETITIONS.

The following petitions were presented, and ordered printed in the Journal:

By Mr. Speaker:

WHEREAS, It is proposed by certain companies and individuals interested in the Kettleman Hills oil fields that the Legislature of the State of California be asked to appoint a committee to investigate the manner and method by which the petroleum producing and marketing companies in California fix and establish the prices they will pay for crude petroleum at the wells in the producing fields of the State; and

WHEREAS, It appears that such prices for crude petroleum are fixed and maintained by concerted action by said purchasing and marketing companies; and

WHEREAS, It appears that the present offered prices for certain grades of crude petroleum will result in decreasing the number of wells drilled, and thereby increase unemployment and accentuate the already depressed economic conditions in California; and

WHEREAS, There is a feeling on the part of a large number of operators that such extreme price reduction was both unnecessary and undesirable, and that an investigation for the purpose of securing the best information obtainable in regard to the matter is vitally necessary; such information to be made available to everyone interested in every department of the industry and the public at large; therefore, be it

Resolved, That the board of directors of the Independent Petroleum Association of California in regular meeting assembled in the city of Los Angeles this twenty-seventh day of March, 1931, endorse and support the movement for the appointment of a committee of the State Legislature to investigate the manner and method by which the prices of crude petroleum are established and maintained, the relative cost of producing, marketing and distributing crude petroleum and the price of gasoline and all matters relating thereto; and it is further

Resolved, That certified copies of this resolution be forwarded by the secretary of this association to the Governor, the President of the Senate, the Speaker of the Assembly and to each member of the Oil Industries committees of the Senate and Assembly.

I, the undersigned, secretary of the Independent Petroleum Association of California, do hereby certify that at a regular meeting of the board of directors of said association held on the twenty-seventh day of March, 1931, the foregoing resolution was duly and regularly adopted.

Dated this seventh day of April, 1931.

INDEPENDENT PETROLEUM ASSOCIATION OF CALIFORNIA.
[SEAL] ROLAND RULE WOOLLERY, Secretary.

By Mr. Speaker:

LIKELY GRANGE No. 405,
LIKELY, CALIFORNIA.

RESOLUTION.

WHEREAS, Section 2653 of the Political Code of the State of California provides that the board of supervisors of the various counties of the State must annually levy a property highway tax not to exceed 40 cents on each $100 of assessable property, the proceeds of such tax to go into the various road funds; and

WHEREAS, This tax must be paid entirely by the owners of farming land, and not by the owners of property located in cities, it is manifestly unfair to the rural population, especially so when the roads thus provided are used more by the city people than by farmers; it is also unjust for other reasons, namely:

That the city communities are more benefited financially by reason of good highways than the farmers, because without good roads leading into the cities they would not grow and prosper;

That the city and county property are taxed just the same for all other county purposes and the additional 40 cents upon country property is an antiquated system, adopted in pioneer days and no longer needed;

That the government of this nation recognizes the tax burdens that are now upon the rural districts and is endeavoring in every way to bring about some relief;

That many of the states have abolished all special road taxes and in place of such direct taxation are diverting the money received from the so-called gasoline taxes for the road funds;

That Modoc County received from the State for the year of 1929 from the gasoline taxes the sum of $26,399.38. The farmers, as well as every other taxpayer, contributed to this fund That fund, which is rapidly increasing each year, augmented by withdrawals from the general fund of the county, can and will take care of all county road building and the cost will be borne by every taxpayer;

If the county roads are built out of the gasoline tax, and the road tax is eliminated, in every county in the State, each county would only have about 25 per cent less money to spend on roads at the present returns from the gasoline tax. At the rate it has increased in the past within a very short time the revenue will be as great as it is now.

That it is imperative that some relief from the present excessive taxation upon farmers be obtained and this can be helped materially by a repeal of the section of the State law hereinbefore referred to providing for said road tax; therefore, be it

Resolved, That the members of the Likely Grange No. 405 do most respectfully petition the members of the California State Legislature to repeal section No. 2653 of the Political Code of the State of California and to pass all necessary legislation that will hereafter prevent the farmers from being taxed in excess of any other class of taxpayers; and be it further

Resolved, That copies of the resolution be forwarded to the clerks of the Senate and of the Assembly at Sacramento, T. M. Wright, and our State Senator and Assemblyman.

The foregoing resolution was duly and regularly adopted at a meeting of the Likely Grange, held on the twenty-eighth day of February, 1931.

The facts constituting such urgency are as follows:

A number of elections are about to take place in this state. There is doubt as to whether the amendment to section 1 of article II of the constitution of California, adopted November 4, 1930, did not effect a repeal of the existing law relating to absent voters. As a result of the adoption of the amendment and the resulting doubt as to its effect, there is considerable uncertainty in many quarters with relation to the law governing the exercise of the voting franchise by persons not voting at their precinct polls. It is, therefore, of greatest importance and essential to the proper functioning of the government of this state that the law relating to the exercise of the voting privilege be made definite and certain by passage of this act."

PRESENTATION OF PETITION.

The following petition was presented, and ordered printed in the Journal:

By Mr. Speaker:

Resolution adopted by Southwest Water League, March 21, 1931.

WHEREAS, Assembly Bill No 1882, California Legislature, 1931, introduced by Mr Kline, March 16, 1931, and referred to Committee on Irrigation, entitled "An act to reserve the first and primary right to water from the Colorado River for use within the drainage area of said stream, and to limit the amount which may be taken therefrom," provides as follows, to wit

"SECTION 1 No permit or license shall be granted by any authority of this State to appropriate water and no appropriation of water shall be made from the Colorado River for use outside of the drainage area of said river in excess of an amount or of amounts aggregating a total of 1,100,000 acre-feet of water per annum and which is not subject to and does not reserve for use within the drainage area of said river the first and primary right to the consumptive use of not less than 3,850,000 acre-feet of water per annum of the water of said river apportioned to the lower basin states by paragraph (a) of article III of the Colorado River Compact

SEC 2. The term 'Colorado River Drainage Area' as used in this act shall be understood to mean that area in California lying easterly of the crest of the mountains separating that area in the southwest portion of California and heretofore known as the Colorado Desert from that area draining into the Pacific Ocean in California and known as the coastal plain Nothing in this act shall be construed however, as fixing any limitation upon appropriation of water from said river for use or upon the use of the same within the said Colorado River Drainage Area," and

WHEREAS, The contract for delivery of water between the United States of America and the Metropolitan Water District of Southern California, dated April 24, 1930, purports to provide a flow of 1,050,000 acre-feet of water per year to said Metropolitan Water District of Southern California; and

WHEREAS, The probable effect of said proposed bill would be to exclude San Diego and other areas of southern California not included within the Metropolitan Water District of Southern California from sharing in the benefits accruing from the use of Colorado River water so long as said city of San Diego and said other areas remain outside of said Metropolitan Water District; and

WHEREAS, Said city of San Diego and said other areas of southern California are entitled to share in the benefits accruing from the use of Colorado River water equitably with other communities of southern California; and

WHEREAS The enactment of said Assembly Bill No 1882 purports forever to preclude the possibility of the city of San Diego as well as other areas on the coastal plain from obtaining a water supply from the Colorado River, and

WHEREAS, The enactment of said Assembly Bill No. 1882 is predicated upon and attempts to confirm and make valid by legislation of the State of California, the terms and provisions of the Colorado River Compact, which, to date, have not been put to rigid tests in courts of competent jurisdiction by suits properly filed by individuals, corporations and, or, political subdivisions interested therein; and

WHEREAS, The provisions of said Assembly Bill No. 1882 purport definitely to fix the limits of the amount of water that can be diverted into the State of California from the Colorado River and may thereby be understood as precluding the possibilities of diverting such waters from the Colorado River by communities or districts as may be obtained from private appropriators of neighboring states by outright purchase or contract; and

WHEREAS, It is claimed by the proponents of said Assembly Bill No. 1882 that, owing to the fact that since the Metropolitan Water District of Southern California signed an agreement with the Imperial Irrigation District covering the allocation of waters to both of those districts (conforming to the terms of the Colorado River Compact), the Metropolitan Water District has recently (December 1, 1930) filed an application with the State of California for the diversion of 3000 second-feet of water from the Colorado River and that this action is taken as an evidence that said Metropolitan Water District does not expect to abide by the terms of the agreement entered into between that district and the Imperial Irrigation District; and

WHEREAS, The enactment of said Assembly Bill No 1882 attempts merely to force the Metropolitan Water District to abide by the terms of the agreement entered into by the two districts above mentioned; and

WHEREAS, Such legislation tends to establish a dangerous precedent wherein administrative, judicial and contractual powers are being usurped by the legislative branch of our State government; now, therefore, be it

Resolved By Southwest Water League in its twelfth regular meeting assembled, March 21, 1931, New Chamber of Commerce building, San Diego, California, that:

1 The enactment of this proposed bill be opposed by Southwest Water League on the ground that it does not place the various communities of southern California upon an equitable basis with respect to the use and benefits of Colorado River

SOUTHWEST WATER LEAGUE
ANDRAE B NORDSKOG, President.
LLOYD S. VERRY, Executive Secretary.

"The Legislature shall provide for the levying of a county, and city and county, elementary school tax, by the board of supervisors of each county, and city and county, sufficient in amount to produce not less than thirty dollars per pupil in average daily attendance in the public day and evening elementary schools of the county, or city and county, during the next preceding school year.

The Legislature shall provide for the levying of a county, and city and county, high school tax by the board of supervisors of each county, and city and county sufficient in amount to produce not less than sixty dollars per pupil in average daily attendance in the public day and evening secondary schools of the county, or city and county, during the next preceding school year.

The Legislature shall provide for the levying of school district taxes by the board of supervisors of each county, and city and county, for the support of public elementary schools, secondary schools, technical schools, and kindergarten schools, or for any other public school purpose authorized by the Legislature.

The entire amount of money provided by the state, and not less than sixty per cent of the amount of money provided by county, or city and county, school taxes shall be applied exclusively to the payment of public school teachers' salaries.

To reduce and limit the local tax burden on property, the state shall assume and pay the operating cost of the day and evening elementary schools and of the day and evening secondary and technical schools up to a standard or maximum to be established in such manner as the Legislature may provide. That portion of said standard or maximum cost not covered by the thirty dollar payments hereinabove required to be paid by the state must be assumed and paid by the state, in a manner and under conditions prescribed by the Legislature which must provide for a simultaneous reduction in the aforesaid local taxes proportionate to the additional state payments made hereunder, so that within ten years from the adoption of this amendment, and thereafter, said cost shall be entirely paid by the state.

The Legislature may resort to any taxes, other than taxes on property, for the revenues necessary to make such additional state payments; *provided, however*, that such revenue shall not be raised or expended unless the Legislature shall provide, and it is hereby empowered so to do, a limitation against increases in the expenditures of local governments which otherwise might result from such additional state payments."

CENTRAL LABOR COUNCIL, OF VALLEJO AND VICINITY,
VALLEJO, CALIFORNIA, April 11, 1931.

Hon. James Rolph,

DEAR SIR: This council, representing organized labor of Vallejo and vicinity, urgently requests your favorable consideration of Assembly Concurrent Resolution No. 25, introduced by Mr. Quigley April 1, 1931, relative to the full and unconditional pardon of Thomas J. Mooney.

In our opinion there is quite sufficient evidence to indicate that there was considerable doubt as to the guilt of Thomas J. Mooney and that executive clemency is undoubtedly in order at this time. We therefore urgently request your favorable consideration of this resolution.

May we also request the reading of this letter before the Legislature in session and the publication in the Daily Journal?

Very truly,

C. S. BEARDSLEY, Secretary.

Preservation of independent operator as competitive force. Thereby avoiding monopoly and preventing loss of many millions of dollars in labor hire and tax revenues to the various states and the nations No individual state by its own laws can adequately protect the national interest against such conditions of overproduction. Attendant waste. Resultant demoralization of great industry as now exists Unless conservation efforts of large producing states shall be coordinated Otherwise curtailment efforts within one state may at any time be automatically offset and nullified by increased flush production in fields of another state Or by unjustified increases in importation to great damage to areas to old and settled production throughout country. Federal Conservation Board has given its approval to our committee's plan we now proceed St Louis to meet representatives of marketing companies and construct permanent working structure. Arrange for financing by industry. Adoption code ethics. Arrange proration based on the market demand. Arrange definite commitment on part of purchasing companies to absorb the allowable at the posted price Also allow only fixed and reasonable amount to be withdrawn from storage during present emergencies Present prices destroying competition with result very near future will see business in control of comparative few major companies. Finally proration must be rewarded by remunerative price Believe can accomplish this in interim pending preparation and adoption interstate compact. Kindly consider release for information of industry.

In the event that you desire that the proceedings for this improvement be taken under some act which is subject to the provisions of a 'Special assessment investigation and limitation act of 1931,' you are requested to fill out the statement on the annexed card so to indicate, and return the same to the clerk within thirty days from (here set forth a date not earlier than one day subsequent to the date of mailing the card). The council shall have prepared a plat or list showing the lands which they contemplate assessing under the proposed resolution of intention, which shall be filed with the clerk at the time of ordering the mailing of post cards. If any parcel of land is assessed to an unknown owner on the county assessment roll no notice need be sent for such parcel unless the name and address of the person claiming an interest in said property shall be filed with said clerk, in which case notice shall be mailed to such person and address In the absence of fraud no error or mistake in the sending of said notices, or any of them, and no failure on the part of any property owner to receive the same shall in any way affect the validity of the proceedings, but the clerk must file his affidavit of mailing such notice.

If such reply cards are not received within the period stated in the card giving the notice from the owners of fifteen per cent of the area of said assessment district requesting that the proceedings be taken pursuant to some act which is subject to the terms of provisions of the special assessment investigation and legislation act of 1931, then the city council or board of supervisors shall be at full liberty to proceed under the provisions of this act without any restriction whatsoever by reason of the terms of the "Special assessment investigation and limitation act of 1931"

All objections or protests of every kind and nature relating to the mailing of said notices and the determination of the city council upon the replies thereto must be made in writing and filed in the manner and not later than the time at which protests against the said work may be filed as hereinafter provided in this section.

Before ordering any work done or improvement made which is authorized by section 2 of this act the city council shall pass a resolution of intention so to do, and describing the work, which shall be posted conspicuously for two days on or near the chamber door of said council, and published by two insertions in one or more

daily, semiweekly or weekly newspapers published and circulated in said city and designated by said council for that purpose. The specifications for such work shall include a statement prepared by the engineer showing the estimated cost of the proposed improvement and containing a list of the several amounts which it is estimated will be assessed against the respective parcels of land in the assessment district under the proceedings contemplated by said resolution of intention. The specifications shall also set forth the estimated amount of special assessments unpaid or the unpaid portion of special assessments then outstanding against the said respective parcels of land within said assessment district. The resolution of intention shall refer to the above mentioned matters contained in said specifications.

Whenever the construction of culverts, bridges, gutters, curbs, steps, parkings and parkways, sewers, ditches, drains, conduits and channels for sanitary and drainage purposes, or either or both thereof, together with appurtenances, pipes, wires, conduits and other appliances and appurtenances constitutes the work or improvement or any portion thereof mentioned in the resolution of intention, such resolution of intention shall be sufficient if it mentions the fact that the construction of said improvements, or such of them as it be desired to have done in the work or improvement, is embraced in the said work or improvement, briefly describes the same and refers to plans and specifications on file with the city engineer or city clerk for particulars. The street superintendent shall, after the passage of the resolution of intention, cause to be conspicuously posted along all streets and parts of streets or other public places and rights of way where any work is to be done or improvement made at not more than three hundred (300) feet apart but not less than three in all or when the work to be done is only upon an entire crossing or any part thereof, in front of each quarter block and irregular block liable to be assessed, notices of the passage of said resolution Said notices shall be headed "notice of street work," in letters of not less than one inch in length, and shall, in legible characters, state the fact of the passage of the resolution, its date and briefly describe the work or improvement proposed and refer to the resolution for further particulars. He shall also cause a notice similar in substance, to be published by two insertions in one or more daily newspapers published and circulated in said city and designated by said city council, or in cities where there is no daily newspaper by one insertion in a semiweekly or weekly newspaper so published, circulated and designated In case there is no such paper published in said city, said notice shall be posted for six days on or near the chamber door of said council, and in two other conspicuous places in said city, as hereinafter provided The city clerk shall immediately upon the passage of said resolution of intention mail, postage prepaid, to each property owner whose property is to be assessed, to pay the costs and expenses of said improvement at his last known address as the same appears upon the tax rolls of said city, or when no address so appears, to the general delivery, a postal card containing a notice which shall be in the following, or substantially the following form (filling blanks): "You are hereby notified that on the _____ day of _____, 19__, the council of the city of _____, California, by virtue of an act commonly known as 'the Vrooman act,' passed a resolution of intention providing for the improvement of _____ street between _____ street and _____ street. You are hereby referred to the said resolution for further particulars. Property belonging to you is to be assessed for this improvement.

_____ City Clerk"

If any lots or parcels of land in the assessment district be assessed to "unknown owners" on the tax rolls of said city, no postal cards containing such notice need be mailed to the owners thereof The city clerk shall, upon the completion of the mailing of said postal cards, file in the office of the superintendent of streets an affidavit setting forth the time and manner of the compliance with this requirement; *provided*, that the failure of the city clerk to mail said cards, or the failure of the property owners to receive the same or the failure of the superintendent of streets to post the notices of street work, shall in no wise affect the validity of the proceedings or prevent the city council from acquiring jurisdiction to order the work; *provided, however*, that the city council may require affidavits to be filed showing the posting and mailing of notices before it adopts the resolution ordering the work The owners of a majority of the frontage of the property fronting on said proposed work or improvement where the same is for one block or more may make a written objection to the same within ten days after the expiration of the time of the publication and posting of said notice, which objection shall be delivered to the clerk of the city council who shall indorse thereon the date of its reception by him, and such objections so delivered and indorsed shall be a bar for six months to any further proceedings in relation to the doing of said work or making said improvements, unless the owners of one-half or more of the frontage, as aforesaid, shall meanwhile petition for the same to be done At any time before the issuance of the assessment roll all owners of lots or lands liable to assessment therein, who, after the first publication of said resolution of intention may feel aggrieved, or who may have objections to any of the subsequent proceedings of said council in relation to the performance of the work mentioned in said notice of intention, shall file with the clerk a petition of remonstrance, wherein they shall state in what respect they feel aggrieved, or the proceedings to which they object; such petition or remonstrance shall be passed upon by the said city council, and its decision thereon shall be final and conclusive. But when the work or improvement proposed to be done is the construction of sewers, manholes, culverts

or cesspools, crosswalks, or sidewalks, curbs and gutters, and the objection thereto is signed by the owners of a majority of the frontage liable to be assessed for the expense of said work, as aforesaid, the city council shall, at its next meeting, fix a time for hearing said objections, not less than one week thereafter. The city clerk shall thereupon notify the persons making such objections by depositing a notice thereof in the post office of said city, postage prepaid, addressed to each objector, or his agent, when he appears for such objector. At the time specified said city council shall hear the objections urged, and pass upon the same, and its decision shall be final and conclusive, and the said bar for six months to any further proceedings shall not be applicable thereto. And when not more than two blocks, including street crossings, remain ungraded to the official grade, or otherwise unimproved, in whole or in part, and a block or more on each side upon said street has been so graded or otherwise improved, or when not more than two blocks at the end of a street remain so ungraded or otherwise unimproved, said city council may order any of the work mentioned in this act to be done upon said intervening ungraded or unimproved part of said street, or at the end of a street, and said work upon said intervening part, or at the end of a street, shall not be stayed or prevented by any written or other objection unless such council shall deem proper. And if one-half or more in width or in length, or as to grading, one-half or more of the grading work of any street lying and being between two successive main street crossings, or if a crossing has been already partially graded or improved as aforesaid, said council may order the remainder improved, graded or otherwise, notwithstanding such objections of property owners. At the expiration of twenty days after the expiration of the time of said publication by said street superintendent, and at the expiration of twenty-five days after the advertising and posting, as aforesaid, of any resolution of intention, if no written objection to the work therein described has been delivered, as aforesaid, by the owners of a major frontage of the property fronting on said proposed work or improvement, or if any written objection purporting to be signed by the owners of a major frontage is disallowed by said council, as not of itself barring said work for six months, because in its judgment, said objection has not been legally signed by the owners of a majority of said frontage, the city council shall be deemed to have acquired jurisdiction to order any of the work to be done, or improvement to be made, which is authorized by this act; which order, when made, shall be published for two days, the same as provided for the publication of the resolution of intention. Before passing any resolution for the construction of said improvements plans and specifications and careful estimates of the costs and expenses thereof shall be furnished to said city council, if required by it, by the city engineer of said city; and for the work of constructing sewers, specifications shall always be furnished by him. Whenever the contemplated work or improvement in the opinion of the city council, is of more than local or ordinary public benefit, or whenever, according to estimates to be furnished by the city engineer, the total estimated costs and expenses thereof would exceed one-half the total assessed value of the lots and lands assessed, if assessed upon the lots or land fronting upon said proposed work or improvement, according to the valuation fixed by the last assessment roll whereon it was assessed for taxes for municipal purposes, and allowing a reasonable depth from such frontage for lots or lands assessed in bulk, the city council may make the expense of such work or improvement chargeable upon a district, which said city council shall, in its resolution of intention, declare to be assessed to pay the costs and expenses thereof. Said resolution of intention shall in general terms describe the said district and refer to a plat or map approved by the city council, which shall indicate by a boundary line the extent of the territory to be included in said assessment district, which plat or map shall be on file in the office of the city engineer before said superintendent of streets shall proceed with the publication and posting of the notices of street work, and shall govern for all details as to the extent of the said assessment district. Objections to the extent of the district of lands to be affected or benefited by said work or improvement, and to be assessed to pay the cost and expenses thereof, may be made by interested parties, in writing, within ten days after the expiration of the time of the publication of the notice of the passage of the resolution of intention. The city clerk shall lay such objections before the city council, which shall, at its next meeting, fix a time for hearing said objections not less than one week thereafter. The city clerk shall thereupon notify the persons making such objections by depositing a notice thereof in the post office of said city, postage prepaid, addressed to each objector. At the time specified the city council shall hear the objections urged, and pass upon the same, and its decision shall be final and conclusive. If the objections are sustained, all proceedings shall be stopped; but proceedings may be immediately again commenced by giving the notice of intention to do the said work or make said improvements. If the objections are overruled by the city council the proceedings shall continue the same as if such objections had not been made.

SEC. 2. It is hereby declared to be the true intent and meaning of the Legislature in amending the foregoing section 3 of the "act to provide for work upon streets, lanes, alleys, courts, places and sidewalks, and for the construction of sewers within municipalities," that the proceedings under the said act, and each and every portion thereof, shall be fully exempted from the operation of any special assessment investigation and limitation act that may be adopted by the Legislature of the State of California at the forty-ninth session thereof, provided that no request that the pro-

ceeding be carried on under some act subject to the operation of said special assessment investigation and limitation act is made by the owners of fifteen per cent or more of the area of the district which it is proposed to assess, all as set forth in section 1 hereof."

AMENDMENT NUMBER TWO.

On page 2 of the printed bill, immediately after line 15, insert the following:

"4021*a*. The holder of any elective office of any county or subdivision thereof, may be removed or recalled at any time by the electors; *provided*, he has held his office at least six months, and no other recall petition has been filed against him within a like period. The provisions of this statute are intended to apply to officials now in office, as well as to those hereafter elected.

4021*b*. The procedure to effect such recall shall be as follows:

A petition demanding the recall of the officer sought to be recalled shall be filed with the clerk of the legislative body of such county or subdivision thereof, which petition shall be signed by qualified electors thereof equal in number to at least twenty-five per cent of the entire number of votes cast for the office which the incumbent sought to be removed occupies, at the last preceding regular state or county election at which such office was filled by election (or a like percentage of such votes within the district within which candidates for the said office were to be voted for, in the case of an official not elected at large). For the purposes hereof, each seat on the legislative body shall be deemed a separate office. One petition and one election shall be sufficient for the recall of one or more officials. In case a clerk is the officer sought to be recalled, he shall immediately notify the legislative body, and the duties herein provided to be performed by him shall be performed by some other person designated by said legislative body for that purpose, but the time for the performance of such duties shall not begin to run until after such designation.

4021*c*. Before submitting such a petition for signatures the proponents thereof shall publish a notice of intention so to do which notice must be accompanied by a printed statement not exceeding three hundred words in length of the reasons for the proposed recall. Said notice and statement shall be published at least once in a newspaper of general circulation published and circulated within such county, or if no newspaper of general circulation be published within said county, then a copy of said notice of intention and the accompanying statement shall be posted in three public places in such county or portion of such county wherein the recall is to be voted on.

A copy of said notice shall be served upon or sent to the officer sought to be recalled by registered mail, and an affidavit of such service shall be filed forthwith with the clerk of the legislative body of such county. Said affidavit shall designate the mode in which service is made.

4021*d*. Within fourteen days after the publication or posting of said notice and statement the officer sought to be recalled or anyone upon his behalf may publish in the same newspaper or post in the same places, as the notice of intention and the accompanying statement, an answer to said statement, but such answer shall not

exceed three hundred words in length. Said statement and answer are intended solely for the information of the electors and no insufficiency in the form of substance thereof shall affect in any manner the validity of the proceedings taken hereunder.

4021*e*. After the expiration of twenty-one days after the publication or posting of the notice and statement provided for, the petition demanding the recall of the officer may be circulated among the qualified electors for the submission of signatures. Said petition must bear a copy of the printed or posted notice of intention and accompanying statement and the answer if any made by the officer to said statement. If the officer has not answered them the petition must so state. Signatures must be secured and the petition filed as hereafter provided within sixty days from the first publication or posting of the notice of intention.

4021*f*. The signatures to the petition need not all be appended to one paper. Each signer shall add to his signature his place of residence and occupation, giving street and number, where such street and number, or either, exist, and if no street or number exist, then such a designation of the place of residence as will enable the location to be readily ascertained. Each signer shall also add the date of signing opposite his or her name.

4021*g*. Each such separate paper shall have attached thereto an affidavit made by a qualified elector of the county (or particular subdivision thereof as the case may be) and sworn to before an officer competent to administer oaths, stating that the affiant solicited signatures to that particular paper and saw written the signatures appearing thereon; and that according to the best information and belief of the affiant, each is the genuine signature of the person whose name purports to be thereunto subscribed, and of a qualified elector of the county (or particular subdivision thereof). The term "each separate paper" may include a number of sheets attached together, provided the affiant saw written all the signatures appearing on each of said sheets

4021*h*. Within fifteen days from the date of filing such petition, the clerk shall examine and from records of registration ascertain whether or not said petition is signed by the requisite number of qualified electors, and he shall attach to said petition his certificate showing the result of said examination. If by the clerk's certificate the petition is shown to be insufficient, it may be supplemented within fifteen days from the date of such certificate, by the filing of additional papers, duplicates of the original petition except as to the names signed

4021*i*. The clerk shall, within fifteen days after such supplementing papers are filed, make like examination of the supplementing petition, and if his certificate shall show that all the names of such petition, including the supplemental papers, are still insufficient, no action shall be taken thereon; but the petition shall remain on file as a public record; and the failure to secure sufficient names shall be without prejudice to the filing later of an entirely new petition to the same effect.

4021*j*. If required by the clerk the legislative body of such county shall authorize the clerk to employ in addition to the persons regularly employed by him in his office such persons as may be necessary in the examination of said petition and supplemental petition and shall provide for the compensation to be paid such persons.

4021*k*. If the petition shall be found to be sufficient, the clerk shall submit the same to the legislative body of the county or subdivision thereof without delay, whereupon that body shall forthwith cause a special election to be held within not less than thirty-five nor more than forty days after the date of the order calling such election, to determine whether the voters will recall such officer. Whenever a regular county or state election is to occur not more than sixty days nor less than thirty-five days from the time of the receipt of the petition by the legislative body from the clerk, the legislative body may at its discretion provide for the submission of the question of the recall at such regular election instead of a special election. At any such regular election where the question of the recall of an officer is submitted the ballots for the recording of the vote on a question of such recall must be separate from any other ballots used in such election.

4021*l*. The clerk shall cause to be printed and mailed to each elector at least ten days prior to the election, sample ballots upon which shall be printed the statement of the proponents which was published with the notice of intention heretofore mentioned, followed by the answer, if any, of the officer sought to be recalled.

There shall also be printed thereon the following question:

"Shall (name of person against whom the recall petition is filed) be recalled from the office of (title of the office)?" Following which question shall be the words "yes" and "no" on separate lines, with a blank space at the right of each, in which the elector shall indicate by stamping a cross (×) his vote for or against such recall. In case more than one person is sought to be recalled at the same election, the statements and answers for each person shall be printed in a separate column, and the question of recall shall be reprinted for each person separately.

4021*m* There shall also be printed on the ballot the following question:

"If the recall prevails shall the legislative body fill the vacancy or vacancies by appointment or call a special election for that purpose?" Following the question shall be the words "by appointment" and "by special election" on separate lines, with a blank space at the right of each in which the elector shall indicate by stamping a cross (×) his vote for appointment or election.

4021*n*. The vote shall be canvassed on Monday next succeeding the day of said election, and if it appears that a majority of those voting at said election voted "yes" and in favor of the recall of any incumbent from office, such incumbent or incumbents shall be deemed removed from office and a vacancy or vacancies, as the case may be, shall be deemed to exist therein.

4021*o*. If the recall should prevail in any case, and a majority of those voting on the question of filling the vacancy or vacancies, as the case may be, favor a special election for that purpose, the same shall be called forthwith, and held not less than thirty-five nor more than forty days after the date of the order calling such election; *provided*, if a regular state or county election is to occur not more than sixty days nor less than thirty-five days from the date of canvassing the vote aforesaid, the legislative body may at its discretion provide for filling the vacancy at such regular state or county election instead of a special election. Otherwise the legislative body shall forthwith fill the vacancy or vacancies by appointment. In either case the person or persons elected or appointed shall hold office for the unexpired term of the former incumbent or incumbents, as the case may be.

4021*p* In the event of a majority of the legislative body being recalled at one and the same election, then and in that case the governor shall appoint a special commission of three electors of such county or subdivision thereof to call and conduct a special election therein to fill such vacancies, which election shall be held not less than thirty-five nor more than forty days after such appointment, otherwise it shall be conducted in accordance with the general election laws of the state as nearly as may be

4021*q*. This act is not intended to apply to those counties having a freeholders' charter, adopted under the provisions of the constitution, and having in such charter provision for the recall of elective officials by the electors, or to any proceedings commenced before this act goes into effect.

4021*r*. This act shall be liberally construed to promote the objects thereof, and no error, omission or irregularity not affecting the substantial rights of any citizen or public official shall ever be held to invalidate any proceedings taken hereunder where the requirements of the act have been substantially complied with."

By Mr. Speaker:

LOS ANGELES, CALIFORNIA, April 9, 1931.

State Assembly, Sacramento, California.

GENTLEMEN: As a citizen of California, I hereby voice my approval of Assembly Bill No. 1116, the bill dealing with the ousting of the illegal alien. The passage of this bill is especially necessary at this time as a means of keeping the Mexican in his proper place. As every right thinking individual knows, too many white men are looking for labor, while hundreds of jobs are at present filled by Mexican labor, the majority of which is alien, and much of it illegal alien.

I sincerely hope that this bill receives the hearty support which it so well deserves. Its passage, enactment, and enforcement cannot come too soon for the general welfare of our citizenry. I am,

Yours very respectfully,

ROSS M. SHRIVER.

2. For filing any application for a permit or other authority to make dividends, create debts, or to divide, withdraw, increase, reduce or pay to the stockholders, or any of them, the capital stock, or any part thereof, the same amount that would otherwise be chargeable or collectible if such application were for a permit to issue securities; *provided,* that in any such case the value shall be determined by the amount of dividends made, debts created, or capital stock divided, withdrawn, increased, reduced, or paid.

3. For filing any application for a broker's or an investment counsel's certificate, twenty-five dollars.

4. For filing any application for an agent's certificate, five dollars.

By Mr. Speaker:

FRESNO PUBLIC SCHOOLS,
FRESNO, CALIFORNIA, April 6, 1931.

Hon. Edgar C. Levey.
Speaker of the Assembly,
Sacramento, California.

DEAR SIR: I am enclosing copies of resolutions which were unanimously adopted at the last meeting of the Fresno City Teachers' Council. This body is made up of representatives chosen from the teachers of our city, and therefore these resolutions reflect the concerted sentiment and opinion of the entire teaching staff.

I hope that you will find it possible to give these matters your earnest attention and heartiest support.

Sincerely yours,

FRESNO CITY TEACHERS' COUNCIL.
ALICE B. SMITH, President.

By Mr. Speaker:

RESOLUTIONS.

WHEREAS, 1. It is a known fact that at the present time according to the legal provisions for the administration of the general property tax, real estate bears an unjust proportion of the tax burden in California, and in the last analysis the ordinary owner of real estate therefore suffers an unjust burden in supporting the cost of government;

2. The burden of taxation of real estate has aided materially in causing real estate values to depreciate, with little hope of any recoupment unless relief is found;

3 It is evident that the cost of government can not be lowered because of the increased services which government is rendering to the public, and thus other means of equalizing the burden must be found;

4. Many sources of revenue which are known to be subject to taxation in other states are largely unused for this purpose in California; for example,

1. Taxes on luxuries.
2 Taxes on commodity sales.
3. Taxes on natural resources (severance taxes).
4. Tax on stock transfers.
5. Personal income tax.

Therefore, be it

Resolved, By the Fresno City Teachers' Council, representative of the teachers of Fresno City, that our organization go on record as favoring, and feel that active support should be given, from any source possible, to any legislation which will relieve the unjust tax burden on real property We therefore call upon the legislators of California, and particularly those of the San Joaquin Valley, to support all such legislation now pending before the Legislature of California.

FRESNO CITY TEACHERS' COUNCIL.
By JOHN G. SMALZ, JR., Chairman, Legislative Committee.
ALICE B. SMITH, President.

By Mr. Speaker:

April 6, 1931.

WHEREAS, It has come to our attention that under proposed legislation, irrigation districts are given an advantage over all other political subdivisions in the State of California wherein a deed issued by the tax collector of any such district gives title free and clear of all liens of every nature and description when issued for default of payment of irrigation taxes after a period of three years; and

WHEREAS, This legislation will in our opinion work to the disadvantage of counties, school districts and assessment districts of various descriptions and will discourage the purchase of bonds issued for improvements by these political subdivisions; therefore be it

Resolved, By the Fresno City Teachers' Council, representative of the teachers of Fresno City, that our organization go on record as favoring the amending of Assembly Bill No. 524 so that all political subdivisions be given the same right of lien for tax or assessment purposes; also, that a copy of these resolutions be sent to the representatives from Fresno County; also to the Speaker of the Assembly.

FRESNO CITY TEACHERS' COUNCIL.

"SECTION 1. Any and all neglected or abandoned trees, vines, shrubs, plants, or parts thereof, or agricultural crops which because of the existence therein or thereon of injurious or destructive insect pests, or other animal pests, or plant diseases, or other conditions constitute a menace to the horticulture or agriculture of the county, district, or vicinity, or which are host plants of or provide a favorite and likely harbor for such pests or diseases, which, if they become established upon such neglected or abandoned host plants or crops, would be a menace to agriculture are hereby expressly declared to be a public nuisance and it shall be unlawful to maintain the same, and all remedies which are or may be given for the prevention or abatement of nuisance shall apply thereto.

SEC. 2. Whenever the county agricultural commissioner of any county shall determine by inspection that there exist on any property or premises within his jurisdiction any trees, vines, shrubs, plants, or parts thereof, or agricultural crops which are or have been neglected or abandoned, which, because of the existence therein or thereon of injurious or destructive insect pests or other animal pests or plant diseases, or other conditions constitute a menace to the horticulture or agriculture of the county, district or vicinity, he shall make a complete report of his inspection to the district attorney, setting forth in such report a description of the property or premises upon which the neglected or abandoned pest hosts exist, naming the pest or pests or other conditions which in his opinion are dangerous to the horticulture or agriculture of the county, district or vicinity, and, if in his judgment his findings justify, he shall state in such report that the removal or destruction of the neglected or abandoned trees, vines, shrubs, plants, or parts thereof, or agricultural crops will

provide the best means for the elimination of such menace to the horticulture or agriculture of the county, district or vicinity.

SEC. 3. Whenever the district attorney receives from the county agricultural commissioner such a report, he shall prepare from said report and from the findings therein a petition to the superior court of the county praying for an order to cause the removal or destruction of the neglected or abandoned trees, vines, shrubs, plants, or parts thereof, or agricultural crops. Such petition shall set forth a description of the property or premises, the name of the owner or owners, or person or persons in charge or possession thereof, the name of the pest or pests or other conditions which constitute a menace to the horticulture or agriculture of the county, district or vicinity.

SEC. 4. Upon the filing with said court of such petition by the district attorney, a citation shall be issued by said court requiring the owner or owners, or person or persons in charge or possession of the property to appear at a time and place specified to show cause why such neglected or abandoned trees, vines, shrubs, or parts thereof, or agricultural crops should not be removed or destroyed. A copy of said petition, together with a copy of said citation, shall be served by the agricultural commissioner upon such owner or owners if he or they can after due diligence be found within the county and, if not found, then upon the person or persons in charge or possession of the property, not less than ten days prior to the date specified in such citation. If such owner or owners or person or persons in charge or possession of the property can not after due diligence be found within the county, then a copy of such petition and citation shall be served by posting in a conspicuous place upon the property or premises. When any such citation is issued, said commissioner may cause a copy thereof to be filed for record in the office of the county recorder of the county within which said property is situated, and may cause a copy thereof to be mailed to the person or persons who appear of record to be the owners of any mortgage, trust deed, lien, contract, option, bond, or other incumbrance on said property, at the last known place of residence of said incumbrancer.

SEC. 5. On the day on which such citation is made returnable for hearing the cause, the court shall hear the cause and in precedence of all matters excepting injunctions and excepting older matters of the same character and such matters as may be otherwise given precedence by law. The superior court of the county shall thereupon decide whether or not the said neglected or abandoned trees, vines, shrubs, plants, or parts thereof, or agricultural crops shall be destroyed or removed. If the court be satisfied that the injurious insect pests or plant diseases or other conditions set forth in the petition exist on the property or premises and that the removal or destruction of the neglected or abandoned trees, vines, shrubs, plants, or parts thereof, or agricultural crops is necessary and essential for the welfare of the horticulture or agriculture of the county, district or vicinity, an order shall be issued by the court ordering, within a certain time, the removal or destruction of the neglected or abandoned trees, vines, shrubs, plants, or parts thereof, or agricultural crops located upon the property or premises described in such order, and such order shall be served by the county agricultural commissioner upon the owner or owners if he or they can after due diligence be found within the county and, if not found, then upon the person or persons in charge or possession thereof. If such owner or owners or person or persons in charge or possession of the property can not after due diligence be found within the county, then such order shall be served by posting in a conspicuous place upon the property or premises.

SEC. 6. If the order by the superior court shall not have been complied with within the time specified in the order, it shall be the duty of the county agricultural commissioner to proceed with the removal or destruction of the neglected or abandoned trees, vines, shrubs, plants, or parts thereof, or agricultural crops mentioned in the order of the court. The county agricultural commissioner shall keep an accurate account of the cost of abating such nuisance and shall render an itemized report thereof to the board of supervisors, which cost shall be a county charge which the board of supervisors shall allow and pay out of the general fund of the county. Any and all sums so paid from the date of payment shall be and become a lien on the property from which said trees, vines, shrubs, plants, or parts thereof or agricultural crops have been removed or destroyed in pursuance of this act. Notice of such lien shall be filed and recorded in the office of the county recorder of the county in which the said property is situated within thirty days after the right to the said lien has accrued and a copy of said notice of lien shall be mailed to the person or persons who appear of record to be the owners of any mortgage, trust deed, lien, contract, option, bond, or other incumbrance on said property at the last known place of residence of said incumbrancer, and if the place of residence of said incumbrancer be unknown to said commissioner, then said fact shall be stated in said copy so mailed and it shall be addressed to the county seat of the county wherein said property is situated. Such lien shall take precedence over and be prior and superior to all mortgages, trust deeds, liens, contracts, options, bonds, or other incumbrances upon the land or property excepting only the lien of taxes and the lien provided for in section 2322*a* of the Political Code.

If said sum secured by such lien be not repaid to said county within eighty days from the filing of said notice of lien there shall then be added to the same and secured by such lien a penalty of fifteen per cent of the amount of said lien. An action to foreclose said lien shall be commenced within ninety days after the filing and recording

of said notice of lien, which action shall be brought in the proper court by the district attorney of the county in the name and for the benefit of the county making such payment or payments, and when the property is sold, enough of the proceeds shall be paid into the county treasury of such county to satisfy the lien and costs; and the overplus, if any there be, shall be paid to the owner of the property, if he be known, and if not, into the court for his use when ascertained.

SEC. 7. Any person failing to comply with any lawful order of the court made and served pursuant to the provisions of this act shall be deemed in contempt of court and punished accordingly, which punishment will be in addition to any and all other penalties herein provided for."

"606. Twenty-five or more persons may organize a nonprofit corporation for the purpose of receiving, acquiring, holding, managing, administering and expending property and funds for charitable and eleemosynary purposes, including the assistance and support of charitable and eleemosynary institutions, associations and undertakings.

Such corporation shall, as an incident of its purpose and without any necessity for expressing the same in its articles of incorporation, have the following powers which it may exercise in full measure without the necessity of obtaining any order of court of authorization, approval or confirmation;

1. To act as trustee under charitable and eleemosynary trusts, receiving, holding, managing, administering and expending property and funds in accordance with the respective trusts upon which the same are acquired and held.

2. To receive, hold, manage, administer and expend property and funds upon the general charitable and eleemosynary trust that the same, either as to principal or income or both, shall be applied to the assistance and support of such charitable or eleemosynary institutions or objects, and at such times and to such extent as the corporation may in its judgment deem most conducive to the public welfare. No bequest, devise, gift or transfer of property or funds to such corporation for a charitable or eleemosynary purpose shall be invalid because of indefiniteness or uncertainty as to the purposes of the beneficiaries thereof, but, to the extent to which such indefiniteness or uncertainty exists, the same shall be resolved by the corporation in the manner which, in its judgment, is most consonant with the purpose of the donor and most conducive to the public welfare.

3. Subject to the provisions of section 1313 of the Civil Code, to take property and funds by will, gift or otherwise and with or without specification of any charitable or eleemosynary purpose, but in case no charitable or eleemosynary purpose is specified, the property or funds so received shall, nevertheless, be held upon the trust that the same shall be used for charitable and eleemosynary purposes. Such corporation shall not have the power to take or hold property or funds for any purpose other than a charitable or eleemosynary one.

4. To hold, in its own name and right, real and personal property of every nature and description without limitation as to extent, character or amount and with all the powers of control, management, investment, change and disposal incident to the absolute ownership of property or funds by a private person, subject only to the terms of particular trusts and to the general trust that all its properties and funds shall be held for charitable and eleemosynary purposes.

5. To borrow money, either upon or without security, giving such promissory notes or other evidences of indebtedness and such pledges, mortgages or other instruments of hypothecation as it may be advised.

6. To appoint and pay officers and agents to conduct and administer the affairs of the corporation, but no member of the board of trustees shall receive any compensation.

7. To adopt by-laws prescribing the duties of the officers and agents of the corporation, the detail of its organization, the time and manner of its meetings, and any and all detail incident to its organization and the efficient conduct and management of its affairs.

8. To do any and all things which a natural person might do necessary or desirable for the general purpose for which the corporation is organized.

The exercise of the powers of the corporation, with the right to delegate to officers and agents the performance of duties and the exercise of powers, shall be vested in a board of trustees of not less than nine nor more than twenty-five persons; *provided*, that the articles of incorporation may prescribe that the matter of controlling, managing, investing and disposing of the property of the corporation for the purpose of earning an income therefrom, as distinguished from the matter of applying property and funds to charitable and eleemosynary purposes, shall be exclusively in a finance committee consisting of not less than three members of the board, designated or appointed in some particular manner: *and provided, also*, that the matter of controlling, managing, investing and disposing of the property of the corporation for the purpose of earning an income therefrom may be delegated either in whole or in part to one or more trust companies or banks duly authorized to conduct a trust or banking business in this state.

The articles of incorporation shall specify how the trustees shall be chosen and their terms of office, which shall not exceed six years. It shall be permissible that some or all of the trustees be chosen by specified associations or corporations or by those who are officers thereof and by public officials. As the articles of incorporation may prescribe, the board of trustees may constitute the corporation, or the corporation may have a membership distinct from the board of trustees. In the latter case the by-laws shall prescribe the terms and qualifications of membership.

The corporation shall be subject at all times to examination on behalf of the state to ascertain the condition of its affairs and to what extent, if at all, it may fail to comply with trusts which it has assumed or may depart from the general purpose for which it is formed. Such right of examination shall pertain ex officio to the attorney general. In case of any such failure or departure the attorney general shall institute, in the name of the state, the proceedings necessary to correct the same. Except as specially approved by the attorney general there shall be no accumulation of income by such corporation for a period longer than five years

The expenses of the corporation may be apportioned to the extent necessary against the various trust funds and property held by it, in the manner which seems just and equitable to the corporation, and the meeting of such expenses shall be deemed a charitable or eleemosynary purpose.

The articles of incorporation of each such corporation shall set forth:

(*a*) Its name;

(*b*) That it is a nonprofit corporation organized solely for general charitable and eleemosynary purposes under section 606 of the Civil Code of California;

(*c*) The county in this state where the principal office for the transaction of the business of the corporation is to be located;

(*d*) The number of trustees, their terms of office and how they are to be chosen;

(*e*) The names and residences of the members of the first board of trustees;

But if at any time within one year after the forfeiture of any bail bond or money deposited instead of bail such defendant is returned to the custody of the court, or it is proved to the satisfaction of the court that said defendant has become deceased or is held in custody by the United States government or any state or some political subdivision thereof, thereby preventing his return, the court shall, either upon application of the bail and a showing to the satisfaction of the court that the absence of the defendant was not with the connivance of the bail, and that the bail exerted some effort in endeavoring to effect the return of the defendant, or upon application of the defendant and a showing by the defendant that his absence was due to his excusable neglect, order the forfeiture of the undertaking or the deposit to be set aside and that any summary judgment entered thereon be vacated and that the amount collected by the state or any political subdivision thereof by reason of such forfeiture be remitted to the bail or the person paying the forfeiture after deducting the expenses incurred by the state or any political subdivision thereof in searching for, recapturing or returning said defendant to the custody of the court.

self; if the court declaring such forfeiture has not jurisdiction to give judgment in an action arising upon a contract of similar nature and amount, said court ninety days after such forfeiture, if the same has not been set aside, shall deliver to the district attorney of the county in which said court is located said bond, together with a certified copy of its order declaring the same forfeited, and immediately thereafter said district attorney must file said bond and said certified copy of forfeiture in a court having jurisdiction to render judgment in an action arising upon a contract of similar nature and amount. The court in which said bond and certified copy of forfeiture shall be so filed shall forthwith enter a summary judgment against each bondsman named in such bond in the amount for which said bondsman shall have bound himself.

Within five days after said judgment becomes final the district attorney or other civil legal adviser of the board of supervisors shall demand immediate payment of said judgment. If the judgment remains unpaid for a period of ten days after demand has been made, he shall forthwith cause a writ of execution to issue and be levied upon the property of the judgment debtor and shall take any other steps necessary to collect said judgment.

Payments made to a city, city and county, or county, by reason of a summary judgment, or retained by reason of forfeiture thereof when deposited as cash bail, shall be paid into a bail bond trust fund in the treasury of such city, city and county, or county, and properly designated with the title and number of the criminal action out of which such judgment arose. The moneys so received or retained shall be repaid in the same manner as are all other payments to a surety under the conditions and to the extent prescribed in section 1305 of this code. The board of supervisors or other legislative body of the city, city and county, or county shall provide by resolution for the maintenance of records in the appropriate offices showing the amount of disbursements by said city, city and county, or county, resulting from the pursuit, capture and return of the defendant, including payment of rewards, and shall provide for a report thereon to the treasurer of the city, city and county, or county, within thirty days after the return to custody of such defendant.

ASSEMBLY CONCURRENT RESOLUTION No. 19

Relative to the American Legislator's Association and the Interstate Legislative Reference Bureau.

WHEREAS, All experienced persons know that in each state, legislative problems continually increase, both in number and in complexity, and

WHEREAS, It is obvious that in order to solve such problems most effectively, each Legislature must give systematic, scientific and businesslike consideration to the actual facts which have a bearing upon each question—to the extent that such facts have been determined by reliable research; and

WHEREAS, Each Legislature must give similar consideration to the methods and experience of other jurisdictions in dealing with problems similar to its own; and

WHEREAS, No such problems can be dealt with adequately until facilities are established to assist every inquiring legislator to secure the most accurate information and the most expert advice which are available; and

WHEREAS, Experience indicates the necessity for an interstate legislative reference bureau to serve as a clearing house of information between all of the legislative reference services which are now being conducted by numerous states, and also to serve as a clearing house of information between the legislatures and all other agencies which are engaged in the study and analysis of legislative problems, such as governmental departments, political science departments of universities, competent reputable associations, and all other sources of information; and

WHEREAS, Experience also indicates that in certain states which do not maintain substantial legislative reference services, there is an imperative need for such an interstate legislative reference bureau, which will assist the legislators of those states to secure whatever information they desire in analyzing the legislative problems which they must determine, and to make more readily accessible for them, without cost, the valuable material which is at all times available from the legislative reference libraries and bureaus of various other states, and from many other reliable sources; and

WHEREAS, Every individual legislator in the United States shares the responsibility for improving the present inadequate and unsatisfactory condition of the legislative processes, but neither any individual legislator, nor any group of legislators from one state, can bring about such improvement without the cooperation of legislators of other states; and

WHEREAS, Such an interstate legislative reference bureau can not be maintained by any one state alone, without the cooperation of the legislatures of other states; and

WHEREAS, In order to set the machinery in motion to secure the necessary cooperation of the forty-eight legislatures, members of each legislature are working together in the development of the project of the American Legislators' Association; and

WHEREAS, The said American Legislators' Association has now established in the vicinity of the University of Chicago, the Interstate Legislative Reference Bureau, which by explicit pledge is without color of politics, partisanship or propaganda, is conducted without profit, and is engaged upon three principal purposes:

First: To procure promptly for all inquiring state legislators, and their agents, whatever information or advice they desire in connection with any legislative problem, primarily by assisting them to secure, without cost, the benefit of all researches conducted by governmental departments, universities, associations, legislative reference bureaus, and other agencies throughout the United States

Second: To conduct a systematic study of the legislative processes of each of the states, in order to ascertain the practices which contribute most to efficient and economical organization and procedure; and to render all possible assistance to each legislature—and to each legislative reference bureau—which is endeavoring to improve its organization

Third: To publish for the benefit of all state legislators the monthly magazine, state government, as well as special bulletins, and thus to disseminate information which will be helpful to all conscientious students of legislation; and

WHEREAS, The American Legislators' Association is promoting acquaintance and mutual understanding among all individuals and organizations officially concerned with the impartial and scientific functioning of the legislatures of the various states, by the organization of standing committees and advisory boards, and otherwise; and

WHEREAS, The character and project of the American Legislators' Association have the endorsement, and its organization has the active cooperation, not only of its membership, which consists entirely of members and ex-members of state legislatures, but also of numbers of other responsible citizens, many of whom, having specialized knowledge, are serving on the association's advisory boards; now, therefore, be it

Resolved by the Assembly, the Senate Concurring, That the organization of the American Legislators' Association and of the Interstate Legislative Reference Bureau are hereby commended as legitimate and constructive efforts to assist the legislatures of the various states in the efficient performance of their work.

Said agreement shall state the period over which said refunding bonds shall extend.

The words "unpaid bonds" as used in this act, shall be deemed to include all unpaid interest coupons of such bonds.

Said legislative body shall also state in the resolution declaring its intention to refund said unpaid bonds and unpaid loans the period over which

said refunding bonds shall extend. After said legislative body has declared its intention to refund such unpaid bonds and unpaid loans and the owners of such unpaid bonds have agreed in writing to such refunding, no payment of delinquent assessments thereafter shall deprive said legislative body of jurisdiction to proceed with said refunding, and notwithstanding the payment thereafter of any or all of such delinquent assessments said legislative body shall proceed to refund all unpaid bonds of said district and all such unpaid loans as in this act provided.

SEC. 3. Whenever the owners of a majority of the area of the lands to be assessed to pay the principal and interest of bonds issued for any acquisition and improvement district formed under the provisions of the acquisition and improvement act of 1925 file with the legislative body which conducted the proceedings for the issuance of said bonds a petition requesting that the unpaid bonds of said district and any unpaid loans to the interest and sinking fund of said district be refunded in accordance with the provisions of this act, said legislative body may determine that the public interest, convenience and necessity require that said bonds and loans be refunded and that a reassessment for the refunding of such bonds and loans be made and levied as in this act provided; *provided, however*, that no such bonds or loans may be refunded or a reassessment for the refunding thereof made unless and until all owners of the unpaid bonds of said district have filed with said legislative body an agreement in writing assenting to the refunding of such unpaid bonds and unpaid loans and the making of said reassessment, and stating the names of the person or persons to whom the refunding bonds and any moneys collected on the reassessments or in the interest and sinking fund of said district shall be paid and delivered and the proportions in which the same shall be paid and delivered. In its resolution determining that the public interest, convenience and necessity require the refunding of such bonds and loans, said legislative body shall also state the period over which the refunding bonds shall extend.

SEC. 4. If in any case the acquisition and improvement district for which the bonds are to be refunded lies entirely within a municipality, all agreements and petitions to be filed with a legislative body under sections 1, 2 and 3 shall be filed with the legislative body of such municipality, and such legislative body shall conduct the refunding proceedings notwithstanding that it may not be the legislative body which conducted the original proceedings for the issuance of the bonds of said district. If in any case the assessment district lies entirely within the unincorporated territory of the county, the legislative body of the county shall conduct such refunding proceedings notwithstanding that the original proceedings for the issuance of bonds of said district were not conducted by said legislative body. In any case in which the assessment district lies within two or more municipalities, or partly within unincorporated territory of a county and partly within one or more municipalities, the legislative body which conducts the refunding proceedings shall obtain the consent of the legislative body or bodies of the other municipality or municipalities or county in which part of the district lies to the refunding of said unpaid bonds and unpaid loans and the levying of a reassessment therefor. Such consent shall be expressed by resolution, a certified copy of which shall be filed with the legislative body which conducts the refunding proceedings, prior to the order or direction to prepare a diagram of the property to be reassessed. It is the intent of this section that in all cases of annexation of territory to municipalities or consolidation of municipalities or exclusions of territory from municipalities or the dissolution of municipalities, the authority, powers, duties and obligations which would, under this act, have been vested in or imposed upon the legislative body which conducted the original proceedings for the issuance of the bonds of the acquisition and improvement district shall be and are vested in and shall be exercised by the legislative body which by reason of such consolidation, annexation, exclusion or dissolution is the successor of said legislative body which conducted the original proceedings.

SEC. 5. If the refunding proceedings are to be conducted by the legislative body of a city, said legislative body shall direct the city engineer, or some other competent person who shall be designated "engineer of work", to prepare a diagram of the property included within the district to be assessed to pay the principal and interest of said unpaid bonds; and if the refunding proceedings are to be conducted by the legislative body of a county, said legislative body shall direct the county surveyor to prepare such diagram. It in the original proceedings for the formation of said district and the issuance of bonds thereof, any lots, pieces or parcels of land therein were excepted from the levy of the special assessment tax to pay the principal and interest of said bonds, said lots, pieces and parcels of land shall be shown upon said diagram but no reassessment shall be levied thereon. Said diagram shall show each separate lot, piece or parcel of land in said district and the dimensions of each said lot, piece or parcel of land and the relative location of the same to the work done or to the acquisition made, or to both said work and acquisition if the original proceedings included both acquisition and improvement. When said diagram is completed, the county surveyor, if the legislative body of the county conducts the refunding proceedings, or the superintendent of streets if the legislative body of the city conducts the refunding proceedings, shall proceed to make the reassessment as herein provided.

The total amount for which said reassessment shall be made shall include the principal amount of all bonds issued for said district in the original proceedings, with interest thereon at the rate stated in such bonds from the date of such bonds to the date of the hearing on the reassessment, as stated in the notice of hearing provided in section 7 hereof, and the estimated expenses of the reassessment and refunding proceedings which shall include the expense of making the reassessment and of issuing the refunding bonds. The person or persons to whom the cash amounts collected upon the reassessments are to be paid, and to whom the refunding bonds are to be delivered, shall pay to the city treasurer or the county treasurer, as the case may be, the amount of such estimated expenses of the proceedings prior to receiving such refunding bonds or cash collected

Said reassessment shall be made upon all such lots, pieces or parcels of land within the assessment district, as were to be assessed under the original proceedings to pay the principal and interest of the bonds issued therein and the total amount to be reassessed shall be apportioned upon said lots, pieces or parcels of land in proportion to the assessed value thereof, as shown by the city assessment roll (if said roll would be the basis for the levy and computation of the special assessment tax to be levied to pay the principal and interest of such bonds), or by the county assessment roll (if said roll would be the basis for the levy and computation of the special assessment tax to be levied to pay the principal and interest of such bonds), last equalized at the date of the hearing on the reassessment as specified in the notice provided for in section 7 hereof. If the assessment district was divided into zones and percentages were fixed for such zones, then the total amount to be reassessed shall be apportioned among the respective zones in accordance with the percentages fixed for such zones, and upon the lands within any zone in accordance with the assessed value of said lands as shown upon said assessment roll. In case any parcel of land in said district is assessed as one parcel upon said assessment roll and has subsequently been subdivided, the reassessment shall be apportioned among the parcels into which said larger parcel has been subdivided in proportion to the area thereof. In any case in which a lot, piece or parcel of land upon which a reassessment is to be levied is not assessed as a separate parcel upon said assessment roll, upon request of the county surveyor or of the superintendent of streets, as the case may be, the city assessor or the county assessor, as the case may be, shall make and file with said superintendent of streets or county surveyor, an assessed value for such parcel and such assessed value shall be deemed the assessed value of such parcel for the purpose of the reassessment and refunding proceedings. The reassessment apportioned as herein provided is hereby determined to be in accordance with the benefits derived and to be derived from the acquisition or improvement or acquisition and improvement to pay the costs and expenses of which the bonds to be refunded were issued.

SEC. 6 When said reassessment has been made upon the various lots, pieces and parcels of land to be reassessed, there shall be credited upon such reassessment any sum paid for any lot, piece or parcel of land upon assessments theretofore levied to pay the principal and interest of bonds of said district In case any such lot, piece or parcel of land was a portion of a larger parcel of land for which a payment was made, the portion of such payment to be credited to said smaller lot, piece or parcel of land shall be the proportion of such payment that the assessed value of said smaller lot, piece or parcel of land bears to the total assessed value of all of the parcels which comprised said larger parcel of land, as said assessed value is shown upon the aforesaid assessment roll, or as made by the city assessor or county assessor under the provisions of section 5 of this act. In any case not covered by the foregoing provisions if, in order to credit to any smaller lot, piece or parcel of land its proportion of a payment for a larger parcel of land of which said smaller parcel of land formed a part, it is necessary to make an assessed value for any parcel or parcels of land, whether within or without the district, at the request of the county surveyor or of the superintendent of streets, as the case may be, the city assessor or the county assessor, as the case may be, shall make and file with the said superintendent of streets or county surveyor an assessed value for such parcel, and such assessed value shall be deemed the assessed value of such parcel for the purpose of the reassessment and refunding proceedings.

SEC. 7 The lots, pieces and parcels of land upon which such reassessment shall be levied shall include all parcels of lands in the assessment district upon which an assessment would have been levied to pay the principal and interest of the bonds issued in the original proceedings, and shall include all public property in such district authorized to be assessed under the provisions of the acquisition and improvement act of 1925 and not omitted in the resolution of intention adopted in the original proceedings for the issuance of the bonds which are to be refunded.

SEC 8. Said reassessment need not be in any particular form, but shall briefly refer to the district for which said reassessment is to be made by its number or other suitable designation, and shall contain a brief reference to the work or improvement done or acquisition made, or both if both were included in one proceeding, and shall show the total amount for which said reassessment shall be made. Such reassessment shall also show the amount of each reassessment against each lot, piece or parcel of land and the description thereof, and shall have attached thereto a plat or diagram showing the public way or public property, right of way or easement

on which any of said work was done or which was acquired in the proceedings, or both, and the relative location of each such lot, piece or parcel of land to such work done or acquisition made, or both, and each such lot, piece or parcel of land shall be numbered to correspond with the numbers of the reassessments. Said reassessment shall also show the sum or sums credited upon any reassessment and the net amount of the reassessment to be paid for by, and to constitute a lien upon, any such lot, piece or parcel of land

SEC. 9. When said reassessment has been filed with the clerk, the legislative body shall direct said clerk to give notice of the filing of said reassessment and of a time and place when and where all persons interested in such reassessment will be heard by said legislative body. Such notice shall be substantially in the following form (filling blanks):

Protests or objections to the said reassessment or to any of the reassessments upon the respective lots, pieces or parcels of land reassessed or to any action or determination in the making of said reassessment or in the proceedings for said reassessment and refunding, including objections to the amounts of the reassessments, to the credits allowed upon the various parcels of land for which payments have been made or to the validity or legality of any of the proceedings for said reassessment and refunding may be made in writing and filed with the clerk of said legislative body at or before the time fixed for the hearing on said reassessment. Such protests or objections may be made by any person interested in the reassessment and refunding proceedings. Such protests or objections need not be in any particular form, but if protest against or objection to the regularity or legality of the proceedings for the reassessment or refunding is made, such protest must clearly set forth the particular alleged irregularities or invalidities. Any objection or protest made upon any ground whatsoever not made at the time and in the manner hereinbefore provided shall be deemed to be waived voluntarily by any person who might have made such a protest or objection, and the proceedings for the said reassessment and refunding may not thereafter be attacked upon any ground not stated in an objection or protest so filed, and any landowner or any person otherwise interested in any lands within the said district or in the reassessment and refunding proceedings shall be estopped to attack the said reassessment and refunding proceedings upon any ground not stated in a protest filed by him in accordance with the provisions of this section. At the time fixed for the hearing any person interested may appear and be heard upon any of the matters set forth in his protest or objection. Protests and objections may be taken up in such order as the legislative body deems advisable and any evidence offered thereon by any property owner or person otherwise interested in the proceedings for said reassessment and refunding shall be heard by said legislative body. Said legislative body may also hear any evidence offered in support of the said reassessment and refunding proceedings The determination of said legislative body upon any of the matters presented in any of said protests or objections and upon all matters involved in said reassessment and refunding proceedings and upon the reassessment shall be final and conclusive Said hearing may be adjourned from time to time by an order entered upon the minutes of the legislative body, provided that the hearing must be finally completed within sixty days from the date thereof stated in the published notice of hearing. At the said hearing said legislative body shall have power to revise, correct or modify the said reassessment in such manner as it shall deem just and in accordance with the facts in respect of the property to be reassessed, the amounts of the respective reassessments, the credits allowed for the various parcels of land for which payments have been made, the incidental expenses of said reassessment and refunding proceedings and any other matter affecting the regularity or validity of said reassessment. Said reassessment may be confirmed as filed or as revised, corrected or modified. Confirmation of said reassessment shall be made by resolution of the legislative body entered upon its minutes and such resolution shall declare the findings of said legislative body. If no changes are made in any of the matters contained in said reassessment, it shall be sufficient in said resolution to declare that said reassessment is confirmed, but if any changes are made such changes shall be mentioned in said resolution of confirmation and said resolution shall declare that the said reassessment as revised, corrected or modified by the said changes is confirmed. Said legislative body shall also have power at said hearing to correct any of its previous actions, determinations, resolutions or orders and any of the proceedings for the reassessment and refunding. Any resolution confirming the said reassessment, as filed or as revised, corrected or modified, shall also determine that the reassessment and refunding proceedings have been regularly and legally taken. The findings and determinations of said legislative body upon all matters herein mentioned and upon all matters in connection with said reassessment and refunding proceedings shall be final and conclusive upon all persons and in all actions or proceedings as to all matters expressly found and determined and as to the regularity and sufficiency of the reassessment and refunding proceedings, and said resolution confirming the said reassessment shall be conclusive evidence that all proceedings prior thereto are valid and sufficient. No defect in the form of such reassessment and no omission, failure, neglect or action or determination of any officer, body or person in the reassessment and refunding proceedings and no error in the amounts to be reassessed upon any of the lots, pieces or parcels of land and no error in the amounts of the credits upon said reassessments shall invalidate the said reassessment or any of the reassessments therein contained, and each of the reassessments in said reassessment shall become a lien upon the property upon which the same is levied, notwithstanding any error, defect or omission therein or in any of the proceedings therefor and notwithstanding that the proceedings for the making of said reassessment are not in full conformity with the requirements of this statute, and any action or determination necessary or convenient in the making of said reassessment or reassessment proceedings not expressly set forth in this statute is hereby authorized and the same when made shall be valid and sufficient.

SEC. 12 If the refunding proceedings are conducted by the legislative body of a city, said reassessment as confirmed shall be recorded with the superintendent of streets of said city. If the refunding proceedings are conducted by the legislative

body of a county, said reassessment as confirmed shall be recorded with the county surveyor of said county. When so recorded, the several amounts reassessed upon the lots, pieces or parcels of land in said reassessment shall be a lien thereon as of the date of the bonds issued in the original proceedings, and, if more than one issue of bonds is refunded, shall be a lien as of the date of the first bond issue included in such refunding proceedings. The date of the bonds to be refunded shall be deemed to be the date contained in such bonds. Such lien shall continue until it is discharged of record. Such lien shall be subordinate to all special assessment liens imposed upon the same property prior to the date of the bonds issued in the original proceedings, and if more than one issue of bonds is refunded in such refunding proceedings, the lien of such reassessment shall be subordinate to all special assessment liens imposed upon the same property prior to the date of the first issue of the bonds refunded, but the lien of said reassessment shall be superior to and have priority over all special assessment liens created against the same property subsequent to the date of the bonds refunded or the date of the first issue of bonds refunded, as the case may be. Any foreclosure of said reassessment lien or sale of property for said lien shall convey the said property to the purchaser free and clear of all encumbrances, except general taxes and special assessment liens imposed upon the same property which are by the terms of this section expressly made superior to said reassessment lien. From and after the date of the said recording of said reassessment all parties shall be deemed to have notice of the contents thereof. The amounts assessed in said reassessment shall be payable to the said superintendent of streets or county surveyor with which said reassessment is recorded, and said superintendent of streets or county surveyor is authorized to receive the amount due upon any reassessment and give a good and sufficient discharge therefor; *provided*, a bond has not been issued to represent such reassessment. Upon payment of any reassessment, the superintendent of streets or the county surveyor with which the said reassessment is recorded shall mark upon the said reassessment note of the said payment and shall cancel the said reassessment, and, upon request, said superintendent of streets or county surveyor shall also give a receipt to the person paying the said reassessment. Any reassessment upon public property shall be paid by the officer or board having charge of the disbursement of the funds of the owner of such property, and said reassessment shall be an enforceable obligation against the owner of or the governing body controlling the said property. If for any reason there are no moneys available for the payment of said reassessment, then the board or officer whose duty it is to levy taxes for the said owner of said public property shall include in the next tax levy an amount, in addition to moneys for all other purposes, sufficient to pay said reassessment and the interest thereon from the date the reassessment is recorded at the rate to be stated in the refunding bonds, and when the moneys received from said tax levy are available, said reassessment and such interest thereon shall be paid by the officer or board having charge of the disbursement of the funds of the owner of such land. Said reassessment upon public property may be foreclosed in the manner provided in section 27 of the "Improvement Act of 1911" as amended, *provided, however*, that the notice to be given upon the tax bill need not be given or made and that such action may be brought at any time after thirty days after the recording of such reassessment, and in any such foreclosure action the said reassessment and diagram with proof of nonpayment shall be prima facie evidence of the right of plaintiff to recover in the action. Said action shall be brought in the name of the city or county the legislative body of which levied said reassessment upon the request of any person entitled to any portion of the moneys to be derived from said reassessment. The person requesting that said foreclosure action be brought must pay the costs and expenses thereof and said action may be brought by the city attorney or by any other competent attorney appointed by the legislative body which levied said reassessment. In any case in which the reassessment is levied by the legislative body of a county, the same shall be foreclosed as hereinbefore provided, except that the various officers designated in said section 27 shall be the corresponding county officers as designated in the county improvement act of 1921 as amended. No refunding bond shall issue against public property.

SEC. 13. No action, suit or proceeding to set aside, cancel, avoid, annul or correct any reassessment hereunder or to review any of the proceedings, acts or determinations made in the proceedings for said reassessment and refunding or to question the validity or enjoin the collection of said reassessment or any reassessment therein or to enjoin the issuance of any bond or bonds to represent the same shall be maintained by any person unless such action or actions shall have been commenced within thirty days after the date of recording of said reassessment, and thereafter all persons shall be barred from any such action, suit or proceeding or any defense of the invalidity of said reassessment or any of the reassessments therein contained or any bonds issued thereon.

SEC. 14. After the full expiration of thirty days from the date of recording said reassessment, the superintendent of streets, if the reassessment was recorded with him, shall make and certify to the city treasurer a complete list of all reassessments therein unpaid. If the reassessment was recorded with the county surveyor said county surveyor shall make and certify to the county treasurer a complete list of all

reassessments therein unpaid. The principal of each of said unpaid reassessments shall thereafter become due and payable to the treasurer with whom said list is filed in equal annual payments on the fifteenth day of each November succeeding the filing of said list until fully paid. The number of said annual payments shall correspond to the number of serial payments provided to be made on the principal of the bonds issued to represent said unpaid reassessments. The interest on said unpaid reassessments shall be payable on each fifteenth day of May and November succeeding the filing of such list of unpaid reassessments, the last interest payment coming due forty-five days before the last annual payment of the principal of the bonds issued to represent said unpaid reassessments. Said bonds and the interest thereon shall be paid at the office of the said treasurer, who shall keep a fund designated by the name of said bonds into which he shall place all sums paid him for the principal of said bonds and the interest thereon, together with all penalties thereon, and from which he shall disburse such sums upon the presentation of the interest and principal coupons, and under no circumstances shall said bonds or the interest thereon be paid out of any other fund. Said treasurer shall keep a register in his office which shall show the series number, date, amount, rate of interest, payee and indorsees of each bond and the number and amount of each coupon of principal or interest paid by him, and shall cancel and file each coupon so paid. An even annual proportion of the principal sum of each bond shall be payable by coupon on the second day of January every year after the fifteenth day of the next succeeding November following their date until the whole of said principal is paid.

SEC. 15. All moneys collected on the reassessments, all moneys in the interest and sinking fund of the district for which the bonds are refunded, and all refunding bonds shall be paid and delivered to the owners of the original bonds as provided in their agreement or assent on file with the legislative body; *provided, however,* that prior to said payment and delivery or concurrently therewith, said bond owners must pay to said legislative body the incidental expenses of the refunding proceedings as stated in the reassessment and all unpaid loans which are refunded in such proceedings and deliver up the unpaid refunded bonds for cancellation, and same shall forthwith be canceled. When the said payments are made and refunding bonds delivered as provided in said agreement or assent, all unpaid special assessment taxes levied to pay principal and interest of the bonds refunded and all penalties and interest thereon shall be deemed canceled and annulled, and the clerk of the legislative body which conducted such refunding proceeding, shall notify the proper city officials or the proper county officials or both as the case may be that the bonds of said district have been refunded and that said special assessment taxes, penalties and interest are canceled and annulled, and such officials shall thereupon proceed to make the necessary entries, showing the cancellation thereof.

SEC. 16. The said treasurer shall, at least fifteen days before each respective fifteenth day of May and November until the said reassessments be paid in full, mail, postage prepaid, to each owner of property described in said reassessment at his last known address as it appears upon the tax rolls of said city or county, as the case may be, a postal card notifying him of the amount due and the date when payment is due from him on said reassessment, and stating that said payment is subject to penalty if not paid on or prior to the due date of the coupons; *provided,* that the failure of the said treasurer to mail said cards or the failure of the property owner to receive the same shall in nowise affect the validity of any penalty or invalidate any act or proceeding. Should any payment of principal of said unpaid assessments or of interest thereon be not paid on the date upon which the coupon or coupons representing it are payable, the said treasurer shall, after the close of business on said due date, add to the amount of principal or interest so delinquent a penalty of five per cent of the total amount of such delinquency, and at the beginning of business on the first day of each succeeding month, until such delinquent payment and all penalties thereon be fully paid, he shall add an additional penalty of one per cent of the amount of such delinquency, and said treasurer shall collect such penalties with and as a part of such delinquent payments.

SEC. 17. The treasurer shall, upon the filing of said list of unpaid assessments, make out, sign and issue to the owners of said unpaid bonds as provided in the agreement or assent on file a separate bond representing upon each lot, piece or parcel of land upon the list the net amount of the reassessment against the same as thereon shown. If said lot, piece or parcel of land is described upon said assessment and diagram by its number or block, or both, and is also designated by its number or block, or both, upon the official map of said municipality or upon any map on file in the office of the county recorder of the county in which said municipality is situated, or for which the legislative body conducting the reassessment proceedings is the board of supervisors, then there shall be in said bond a sufficient description of said lot, piece or parcel of land to designate it by said number or block, or both, as it appears on said official or recorded map. Each of said bonds shall bear interest at the rate stated in the original bond issue from the date of the recording of the reassessment until the said bond is fully paid, and coupons for the various payments of interest on each

of said bonds to the date of the maturity of such bonds shall be attached to each such bond. Said bonds shall be substantially in the following form:

The said refunding bonds or any thereof shall be conclusive evidence of the regularity and validity of all of the proceedings for the issuance of such refunding bonds and the levying of the reassessment therefor and of the legality and validity of the lien of said reassessment.

SEC. 18. The treasurer shall, in addition to his other duties, keep a record of all bonds issued by him, of all payments on said bonds with the dates thereof, and of all penalties accruing thereon, and he shall report all payments of coupons or penalties upon said bonds with the dates thereof to the superintendent of streets or the county surveyor, as the case may be, who shall forthwith indorse the same upon the margin of the record of the reassessment to the credit of which the same are paid, and the said reassessment with accrued interest thereon and penalties, if any, shall be and remain a lien upon the property affected thereby and with priority and superiority as herembefore defined in this act. The owner of or any person interested in any lot, piece or parcel of land upon which a bond has been issued under the terms of this act may, at any time before commencement of proceedings for sale or foreclosure, pay off such bond and discharge the land described in the bond from the lien of the reassessment by paying to the said treasurer for the holder of such bond the amount then unpaid on the principal sum thereof, with interest thereon calculated up to the due date of the next maturing interest coupon at the rate named in the bond, and all penalties accrued and unpaid, together with interest for six months at the rate named in such bond. Upon such payment being made to the treasurer, he shall report the same to the superintendent of streets or the county surveyor, as the case may be, who shall forthwith mark paid on the margin of the record of the reassessment, the reassessment to represent which such bond was issued, and thereupon the lien of said reassessment shall cease and the treasurer shall forthwith notify the holder of the bond and call in the same. Said treasurer shall enter in his record of such bond the amount paid and the date of payment and upon the lien of the reassessment being extinguished, as aforesaid, shall cancel the said bond and file it in his office.

SEC. 19. It shall be the duty of the city treasurer one month prior to the date it is provided by law or by ordinance or charter of the municipality that taxes are due, or, in case taxes are collected by the county, for the county on or before the fourth Monday in September of each year to certify to the city tax collector, or, in case the city taxes are collected by the county, to the county tax collector, a list of the properties within said city upon which any payment either of principal or interest has not been paid when due upon any bond issued by said city treasurer under this act. The tax collector shall cause to be pasted or attached to or stamped or printed upon the tax bill or tax receipt a notice which shall in substance be as follows:

'NOTICE OF DELINQUENCY.

There is a street improvement bond chargeable against this property, payment upon which is delinquent, which must be paid to the city treasurer without delay to avoid foreclosure.'

In case the county collects city taxes, the notice herein provided to be attached to or pasted to the tax bill or tax receipt shall, if the county tax collector so requires, be prepared by the city treasurer and shall be forwarded to the county tax collector on or before the dates herein provided for forwarding said list, and the city treasurer shall, if the county tax collector so requires, stamp or attach said notices to the tax bill or receipt If the refunding bonds are issued by the county treasurer, the county treasurer shall certify the list herein required to the proper tax collector and the notice shall show whether payment is to be made to the city treasurer or to the county treasurer In case the assessment district is within the jurisdiction of more than one legislative body, the city or the county treasurer, whichever issued the refunding bonds, shall certify to the various officers who collect taxes upon the property in said assessment district such delinquent list for the property upon which taxes are collected by said tax collector.

SEC. 20. *In the event of the nonpayment of any installment of the interest or* principal and by way of a separate, distinct and cumulative remedy, the holder of any bond upon which any payment either upon the principal or of the interest has become delinquent may, at any time after three months after the date it is provided by law or ordinance or charter of the city, the treasurer of which issued the bond, that taxes are due, or in case the bond was issued by the county treasurer or taxes are collected by the county for the city, at any time after four months next succeeding the fourth Monday of September, following the date of delinquency of principal or interest and prior to the expiration of four years after the due date of the last installment *upon any bond or of the last principal coupon attached thereto,* file and maintain a suit to foreclose the lien of the bond and recover the amount due thereon; *provided, however,* that suit may be brought at any time following the expiration of thirty days after the service of personal demand for payment as herein provided upon the owner of the premises. Such demand shall be served in the manner provided by law for the making of personal service of summons; if suit be brought costs for the service thereof shall be allowed in an amount equivalent to the fees prescribed by law for the service of summons. Said demand shall be in substantially the following form:

"DEMAND FOR PAYMENT OF STREET IMPROVEMENT BOND.

You are hereby notified that bond No. _____ series No. _____ for an improvement in the _____ (city or county) of _____ is delinquent. Unless the amount of the unpaid principal on said bond together with interest and penalties is paid to the _____ (city or county) treasurer on or before thirty days after the service on you of this demand, the date of such service being this _____ day of _____, 19____, the undersigned will institute suit to foreclose the lien of said bond in the manner prescribed by law."

The complaint in such suit shall be sufficient if a true copy of the bond be therein set forth and appropriate allegations be made therein regarding the payment made upon the principal and interest of such bond. If personal demand for payment be made as herein provided the complaint shall so allege. Such suit shall be brought in the superior court within whose jurisdiction the city is by which the said bond has been issued or the superior court of the county, the treasurer of which issued the bond, and in case the owner of the lot, piece or parcel of land covered by said bond can not with due diligence be found, the service of summons in such action may be had in the manner prescribed in the codes and laws of this state. The said bond, together with proof, either orally by the said treasurer of the said city or county or by a certificate signed by him showing the nonpayment of any of the principal or interest upon said bond, shall be prima facie evidence of the right of the plaintiff to recover in said action; *provided,* that if personal demand for payment be made proof of service of the demand as herein provided shall be required. The court in said suit shall have the power to adjudge and decree a lien against the lot or parcel of land covered by said bond and to cause said premises to be sold as in other cases of the sale of real estate by the process of said court to satisfy and discharge such bond and lien, and the amount of interest and penalties due shall be calculated in the same manner hereinbefore set forth in this title up to the date of the judgment. On appeal, the appellate courts shall have the same power to adjudge and decree a lien and order such premises to be sold as is conferred on the court from which an appeal is taken. The court having jurisdiction of said cause shall also fix and allow a reasonable attorney's fee for the prosecution of said suit.

The plaintiff in the suit may also recover the cost of any abstract or report of search of title procured in good faith, in order to determine ownership, such search to be by a reputable abstractor or title company, and such cost not to exceed five dollars per lot, and such abstract or report to search with affidavit of payment to be filed in the action.

Such premises, if sold, may be redeemed as in other cases. Such action shall be governed and regulated by the provisions hereof, and also, when not in conflict herewith, by the codes of this state.

A written notice of the pendency of any action for recovery on a bond shall be filed with the treasurer. After the filing of such notice the treasurer shall not receive any money on account of said bond and he shall have no authority to cancel the entries on said bond in his register or give a discharge of said bond without the written consent of the owner thereof until judgment has been rendered in such action or the same has been dismissed.

Should suit be brought for recovery on any bond prior to the time provided herein, the plaintiff shall not recover in such suit and the defendant in such suit shall be entitled to have and recover such attorney fees as the court may deem reasonable, in addition to all taxable costs.

SEC. 21. Whenever payment either upon the principal, or of the interest, upon any bond issued under this act has not been or shall not be made when the same has become, or shall become due, and the holder of the bond demands in writing that the treasurer proceed to advertise and sell the lot or parcel of land described in

said bond as being that upon which the assessment represented by said bond was levied, then said treasurer shall proceed as provided in the next section.

SEC. 22. The treasurer shall publish by two insertions in a newspaper of general circulation, published in the city in which said bond was issued, or if no newspaper is published in said city, then in some newspaper having general circulation therein, a notice which shall be substantially (filling in all blanks) as indicated following, to wit:

"Notice of sale of property delinquent for nonpayment of bond No._____, series No. _____, issued for the improvement of _____. Default having been made in the payment of the following named coupons (here fill in date and amounts of the coupon or coupons which have not been paid) and the holder of said bond having demanded in writing that the city treasurer of the city of _____ proceed to advertise and sell the lot or parcel of land mentioned in the said bond. Now, therefore, I give notice that I will on the _____ day of _____, 193__, at the hour of _____ o clock__m., of said day, sell at public auction the lot or parcel of land mentioned in said bond, or so much thereof as may be necessary at (here state the place of sale, which shall be at the office of said treasurer or at some public place in said city) unless the amount due on said bond and the accrued interest thereon together with the cost of the publication of this notice are paid; and that I will so sell the same to the person who will take the least amount of said lot or parcel of land and pay the full amount of unpaid principal and interest on said bond, together with costs of publication. The lot or parcel of land mentioned in said bond and to be sold, is more particularly described, to wit: (here set forth the description of the lot or parcel of land as contained in the bond). The amount due on said bond up to the date of this notice is as follows: Due on the principal thereof, $_____; due on account of interest, $_____ (here set forth the interest calculated and compounded semiannually up to the day on which the notice is dated at the interest rate named in said bond upon the unpaid principal for the full period for which no interest has been paid); due on account of penalties, $_____. Total amount due on said bond (here set forth the total of the foregoing items).

In order to avoid this sale, payment of the total amount above named will be required, together with the cost of publications made before such payment and the additional interest accruing up to the date of payment.

In the event of sale, such sale will include interest in addition to the above total amount due accruing up to date of sale, the cost of publication of notice of sale, and one dollar for the issuing of certificate of sale The _____ (here name newspaper) is designated as the newspaper in which this notice shall be published.

Dated _____, 19___.

The day named in the notice shall not be less than fifteen (15) days from the date of the first publication of the notice.

If the bond was issued by the county treasurer of a county, the county treasurer shall publish the aforesaid notice in some newspaper of general circulation published in the county, and wherever the words "city treasurer" or "treasurer of the city" appear in said notice, such words shall be changed to "county treasurer" and "treasurer of the county", and wherever the word "city" appears in such notice, the word "county" shall be substituted therefor

SEC. 23. An affidavit of the publisher of the newspaper in which the notice was published, or of someone in behalf of said publisher, setting forth a copy of the publication and stating that the publication was made in the said newspaper on specified dates shall be filed with the city treasurer or the county treasurer, as the case may be, and shall be primary evidence of the due publication of the notice.

SEC. 24. The treasurer shall collect the sum of one dollar as hereinbefore mentioned for the issuance of the certificate of sale, which sum shall belong to, and be subject to the disposition of the city or county, as the case may be; any person interested in the lot or parcel of land described in the notice of sale may at any time prior to the sale, pay the whole amount of principal of said bond remaining unpaid, the interest thereon compounded semiannually up to the date of such payment, at the rate named in said bond upon such amount of said principal remaining unpaid for the whole period for which interest has not been paid, and all penalties which have accrued, together with the cost of the publication of the notice of sale; in such event the payment being made, the bond shall be canceled; but if such payment be not made, the sale shall be made as advertised; the lot or parcel described in the bond shall be sold to the purchaser who shall take the least amount of said lot or parcel and pay all of the sums specified in the notice of sale given by the treasurer. In the event that through error or otherwise the total amount for which said sale shall be made is less than that which may be required by the provisions hereof, and the holder of the bond is the purchaser at the sale and elects to accept the certificate of sale hereinafter mentioned, or if he accepts from the treasurer such sum derived from said sale made to some other purchaser, then the fact that the sale may have been made for less than the amounts specified herein shall not affect or invalidate the sale, and such receipt of said certificate or said sum shall be a waiver on the part of the holder of said bond, and the said deficient amount of sale shall be the amount upon which redemption from the sale

shall be calculated to all effects the same as if the sale had been made for the full amount authorized hereby.

SEC. 25. The treasurer, before delivering any certificate, must, in a book kept in his office for that purpose, enter the date, number, and series of the bond, a description of the land sold corresponding with the description of the certificate, the date of sale, purchaser's name, the amount paid, regularly number the descriptions on the margin of the book, and put a corresponding number on each certificate Such book must be open to public inspection during office hours when not in actual use, and he shall enter on the record of the bond the words: "Canceled by sale of the property," giving the date of such sale

SEC 26 Immediately on the sale, the purchaser shall become vested with a lien on the property, so sold to him, to the extent of his bid, and is only divested of such lien by the payment to the treasurer of the purchase money, including costs herein provided for, inclusive of moneys paid for taxes, street improvement assessments, or other tax or statutory lien or to redeem from sale as hereinafter specified, and the fee of the recorder for recording the certificate of sale, with interest thereon at the rate of one per cent per month from the date of sale, the treasurer shall issue for each sale an original and a duplicate certificate of sale reciting therein the date, number and series of the bond under which the sale was made, describing the land sold, and giving the date of sale, purchaser's name, amount paid, and the number of the certificate He shall deliver the original certificate to the purchaser and shall record the duplicate in the office of the recorder of the county in which the land sold is situated. SEC 27. A redemption of the property sold may be made by the owner of the property, or any party in interest, within twelve months from the date of purchase, or at any time prior to the application for a deed, as hereinafter provided; redemption must be made in lawful money of the United States, and when made to the treasurer he must mark the word "Redeemed," the date and by whom redeemed on the margin of the book where the entry of the certificate is made, and credit the amount paid to the purchaser named in the certificate, and pay the same to such purchaser, or his assignee, upon the surrender of the certificate of sale, and upon satisfactory proof of an assignment thereof, if any.

SEC. 28. If the property is not redeemed within the time allowed by section 27 hereof for its redemption, the treasurer, or his successor in office, upon application of the purchaser or his assignee, must make to said purchaser, or his assignee, a deed to the property, reciting in the deed, substantially, the matter contained in the certificate, and that no person has redeemed the property during the time allowed for its redemption; the treasurer shall be entitled to receive from the purchaser two dollars for making said deed, which shall be deposited in the city or county treasury, as the case may be, for the use of the city or county after payment has been made therefrom for the acknowledgment of said deed; *provided, however*, that the purchaser of the property, or his assignees, must, thirty days prior to the expiration of the time of the redemption, or thirty days before his application for a deed, serve upon the owner or agent of the property purchased, if named in such certificate, and upon the party occupying the property, if the property is occupied, a written notice, stating that said property or a portion thereof, has been sold to satisfy the bond lien, the date of sale, the date, number, and series of the bond, the amount then due, and the time when the right of redemption will expire, or when the purchaser will apply for a deed, and the owner of the property shall have the right of redemption indefinitely, until such notice shall have been given and said deed applied for, upon the payment of the fees, penalties and costs in this act required. In case of unoccupied property, a similar notice must be posted in a conspicuous place upon the property at least thirty days before the expiration of the time for redemption, or thirty days before the purchaser applies for a deed; and no deed to the property sold, in accordance with the provisions of this act, shall be issued by the treasurer to the purchaser of such property, until such purchaser shall have filed with such treasurer an affidavit showing that the notice hereinbefore required to be given has been given as herein required, which said affidavit shall be filed and preserved by the said treasurer as other records kept by him in his office. Such purchaser shall be entitled to receive the sum of fifty cents for his service of such notice and the making of said affidavit, which sum of fifty cents shall be paid by the redemptioner at the time and in the same manner as the other sums, costs and fees are paid.

SEC. 29. The deed, when duly acknowledged or proved, is primary evidence of the regularity of all proceedings theretofore had, and conveys to the grantee the

absolute title to the lands described therein, as of the date of the expiration of the period for redemption, free of all encumbrances, except the lien for state, county and municipal taxes.

SEC 30. At any time within thirty days after the recording of the reassessment, any person interested in any of the lands reassessed may bring an action in the superior court of the county the legislative body of which conducted the reassessment proceedings, or the county in which the city the legislative body of which conducted the reassessment proceedings lies, to determine the validity or invalidity of such reassessment. The rules of pleading and practice provided by the Code of Civil Procedure which are not inconsistent with the provisions of this act are applicable to the proceeding herein provided for. The costs of the legal proceedings provided for in this section may be allowed and apportioned between the parties or taxed to the losing party in the discretion of the court. PRESENTATION OF PETITIONS.

The following petitions were presented, and ordered printed in the Journal:

By Mr. Speaker:

SAN FRANCISCO, CALIFORNIA, April 20, 1931.

Edgar C. Levey, Speaker of House,
Assembly Chamber, Sacramento, California.

Assembly Bill No. 1171, if passed by the Assembly, is one step further to save the salmon of the Klamath River. At present fish are trapped at mouth of river when they gather to spawn. Oregon recently closed its Rogue River to commercial fishing, believing that the salmon belong to all of the people instead of to the commercial fishing interests. Will you aid me and other of your constitutents by voting and supporting Assembly Bill No. 1171?

ALBERT J. PORTER.

By Mr. Speaker:

Resolution No. 71—Resolution relating to Constitutional Amendment No. 8, taxing municipal utilities.

The Council of the city of Mountain View do resolve as follows:

This Council is opposed to the approval of Constitutional Amendment No. 8 for the reason that said amendment is in derogation of the present constitutional guarantees to cities and it is unsound in principle and leads to establishment of a precedent contrary to all previous actions of this State to derive revenue from the cities of the State for State purposes.

The above and foregoing resolution was duly and regularly passed at a regular adjourned meeting of the Council of the city of Mountain View held on April 15, 1931, by the following vote:

AYES—Knight, Minton, Stansbury, Sohler and Powell.

NOES—None.

ABSENT—None.

[SEAL] Approved: J. H. POWELL, Mayor.

Attest: B. L. HAYS, City Clerk.

By Mr. Speaker:

Resolution No. 70—Resolution of the Council of the city of Mountain View relating to Constitutional Amendment No. 11, Assembly Bill No. 1188 and Senate Bill No. 283, relative to taxation of motor vehicles.

The Council of the city of Mountain View do resolve as follows:

That this Council, for and in behalf of this city, opposes favorable action by the Legislature on Assembly Constitutional Amendment No. 11, which prohibits collection of personal property taxes on automobiles, and Assembly Bill No. 1188, providing for carrying out the provisions of this constitutional amendment.

The Council approves the passage of Senate Bill No. 283, introduced by Senator Nelson, for the reason that this Senate bill accomplishes the objects desired much easier, as it provides that no motor vehicles shall be registered and licensed unless the application is accompanied by a certificate from the assessor showing that they have been assessed.

On the other hand, Assembly Constitutional Amendment No. 11 and Assembly Bill No. 1188 deprive the general funds of cities and counties of millions of dollars in taxes.

We respectfully ask you, if our views are consistent with yours, to oppose the passage of the Constitutional Amendment No. 11 and Assembly Bill No. 1188, and urge the passage of Senate Bill No. 283.

The above and foregoing resolution was duly and regularly passed at a regular adjourned meeting of the Council of the city of Mountain View held on April 15, 1931, by the following vote:

AYES—Knight, Minton, Stansbury, Sohler and Powell.

NOES—None.

ABSENT—None.

[SEAL] Approved: J. H. POWELL, Mayor.

Attest: B. L. HAYS, City Clerk.

By Mr. Speaker:

CITY CLERK,
CITY OF LOS ANGELES, CALIFORNIA, April 16, 1931.

Chief Clerk of the Assembly,
Sacramento, California.

GREETINGS: At the meeting of the Council of the city of Los Angeles held April 16, 1931, the following resolution was adopted:

"WHEREAS, The State Legislature now has before it Assembly Bill No. 561, to make more stringent the provisions of existing laws against trespass of private property; and

WHEREAS, This bill has for its purpose the safeguarding of timber and brush lands throughout the State, which, due to lack of sufficient rainfall during the past winter are dry and otherwise in greater danger of fire; and

WHEREAS, The protection of human life and the safeguarding of the State's natural forest resources from fires are matters of primary importance and consideration; and

WHEREAS, The water resources of the various cities and irrigation districts of the State are almonst entirely dependent upon the trees and vegetation that cover the mountain slopes and watersheds; and

WHEREAS, The antitrespass law would greatly advance protection measures against fires that may be started by careless campers and hunters; now, therefore, be it

Resolved, That the City Council, in the interests of protecting the water supply of the city of Los Angeles, the natural forest resources of the State generally, and human life that would be endangered by fires, memorialize the State Legislature to adopt the Antitrespass Law."

Respectfully,

ROBERT DOMINGUEZ, City Clerk.

Section 1. It shall be the duty of the state board of prison directors from time to time to fix the price, and to give public notice of the same, at which jute goods shall be sold by the state, which price so fixed shall not be more than one cent per bag in excess of the net cost of producing the same exclusive of the labor of prisoners and guards. Notice of the price fixed shall be given by publication in at least three newspapers of general circulation, printed and published as follows, to wit: one in Sacramento valley, one in San Joaquin valley and one in the Salinas valley. Between the first day of October of each year and the first day of April of the following year jute bags shall be sold only to consumers thereof. The state now has in stock over two hundred fifty thousand dollars worth of such jute goods, which it is the purpose and effect of this act to enable the state, acting through its board of prison directors, to sell, in order that the moneys now invested in said goods may be rendered available to continue the operation of the state prison jute mill, thereby avoiding unemployment of a portion of the prison population."

"SEC. 2. The practice of arboriculture is hereby defined to be the improvement or treatment of shade or ornamental trees or shrubs by pruning the same or repairing and treating cavities therein or the protection of such trees or shrubs from damage by decay and other defects.

SEC. 3. A board is hereby created to be known as the state board of arboriculture, to be under the jurisdiction of the department of professional and vocational standards, which board shall consist of the state forester, a representative of the department of agriculture who is trained in plant pathology, a representative of the department of professional and vocational standards, and two tree surgeons of recognized ability appointed by and to serve at the pleasure of the governor. Each member of said board shall receive his necessary traveling expenses incurred in pursuance of the duties of said board. The board shall, upon application from any person, for himself or representing any firm or corporation, examine the qualifications of the applicant to improve, protect or preserve shade or ornamental trees or shrubs, and if satisfied as a result of such examination that the applicant is qualified to engage in the practice of arboriculture, shall issue a certificate so stating, which certificate shall be authority to engage in the practice of arboriculture and shall be valid until the end of the fiscal year in which same is issued unless revoked, as provided for in section 8 of this act, and such certificate may be renewed annually by the said board without further examination and shall be valid for the duration of the fiscal year for which said renewed certificate is issued.

SEC. 4. No person shall use the title "tree surgeon," "tree doctor," or "arboriculturist" unless he holds a valid certificate authorizing him to engage in the practice of arboriculture, and no certificate shall be issued to any person, firm or corporation unless the application of the person for himself or representing a firm or corporation gives evidence that such person has pursued a recognized course of study in tree surgery or arboriculture for three years or more, in addition to having completed one year of practical work under the supervision of a tree surgeon, or that such person has been engaged, for at least four consecutive years immediately prior to his application, in the practice of arboriculture or tree surgery, or has held an "apprentice certificate" for such time. However, any person who is working at the vocation of arboriculture in the employ of an arboriculturist or tree surgeon may apply for an "apprentice certificate" and the board shall issue an "apprentice certificate" to the applicant after he has submitted specific and satisfactory references from his employer or employers concerning his aptitude and ethics. The duration of the validity and the renewal of an "apprentice certificate" shall be the same as for a certificate authorizing the practice of arboriculture as provided in section 3 of this act, and further shall be valid only while the holder thereof is working under the supervision of a tree surgeon or an arboriculturist.

SEC. 5. Each applicant for an examination shall pay a fee of twenty-five dollars, in advance, and a fee of ten dollars shall be paid for each renewal certificate issued by said board. Each applicant for an "apprentice certificate" shall pay an initial fee of five dollars, in advance, and an annual renewal fee of two dollars and fifty cents. The failure, neglect or refusal of any holder of a valid certificate or a valid "apprentice certificate" to pay the renewal fee provided for in this section, prior to July 1 of the fiscal year for which the renewed certificate or "apprentice certificate" would be valid, constitutes forfeiture of his authority to practice arboriculture, which authority shall not be restored except upon written application and the payment to said board of arboriculture of ten dollars as a restoration fee in the case of a practicing arboriculturist, and in the case of an apprentice, the payment of three dollars as a restoration fee, in addition to the regular renewal fees.

SEC 6 All moneys collected under the provisions of this act shall be remitted to the state treasury for credit of the state arboricultural fund, which fund is hereby created. All expenses incurred in carrying out the provisions of this act shall be paid from the state arboricultural fund created by this act

SEC. 7. The provisions of this act shall not be construed to prevent any person, firm or corporation from improving, treating or protecting any tree upon his or its own premises or property; nor shall they be construed to repeal, alter, change, or in any way amend subdivision nine of section 2322*a* of the Political Code.

SEC. 8. Said board shall prepare all necessary forms and prescribe all rules governing the examination of applicants, and shall adopt whatever rules are necessary in the carrying out of the provisions of this act Any certificate or "apprentice certificate" issued under the provisions of this act may be revoked or further certification refused by said board upon proof that improper methods have been used or for other cause sufficient in the opinion of said board to justify such revocation or refusal.

SEC. 9. The department of professional and vocational standards and its duly authorized agents are hereby vested with full power to investigate the work of all persons, firms, and corporations engaging in the practice of arboriculture, to investigate any complaints relative thereto, and to require reports relative to the work in which said persons, firms, and corporations are engaged under the authority of the certificate issued them by the state board of arboriculture. The department of professional and vocational standards and its duly authorized agents are empowered to enter any and all premises upon which persons, firms or corporations have been or are engaging in the practice of or following the vocation of arboriculture for the purpose of determining whether or not persons, who hold certificates or apprentice certificates, are engaging in this practice in a suitable manner.

AMENDMENT NUMBER TWO.

Strike out lines 1 to 5, inclusive, of the printed bill, and insert in lieu thereof the following:

"SECTION 1. Whenever the owners of all of the unpaid bonds issued for any district formed under the provisions of the road district improvement act of 1907 and all of the owners of lands to be assessed to pay the principal and interest of said bonds shall, in writing filed with the legislative body of the county in which said district lies, agree that said bonds and any unpaid loans to the interest and sinking fund of said district may be refunded as in this act provided, then such legislative body, if it shall find that the public interest, convenience and necessity require that said unpaid bonds and unpaid loans be refunded, shall proceed to levy reassessments upon said lands and to issue new bonds for the refunding of such unpaid bonds and unpaid loans, as in this act provided Said agreement shall state the period over which said refunding bonds shall extend. The words "unpaid bonds", as used in this act, shall be deemed to include all unpaid interest coupons of such bonds.

The words "unpaid loans" or "unpaid loans to the interest and sinking fund of said district", as used in this act, shall be deemed to mean all sums transferred from the general fund of the county to the interest and sinking fund of said district under

the authority of that portion of section 26 of said road district improvement act of 1907, which states substantially that the amount of money so transferred "shall be deemed a loan to said road district improvement interest and sinking fund."

The words "owners of land" or "landowners", as used in this act, shall include a trustee of an express trust in land other than as security for the payment of money of the land held in such trust, a trustee in bankruptcy of the lands of the bankrupt, a guardian of the lands of his ward, and an executor or administrator of the lands comprising the estate of the decedent, and any of such persons, is authorized to sign any agreement or petition provided in this act to be signed by owners of land or landowners

SEC. 2. Whenever twenty per cent or more of the interest payable in any one calendar year, or twenty per cent or more of the principal payable in any one calendar year, upon bonds issued for any district formed under the provisions of the road district improvement act of 1907 is due and unpaid because of the delinquency of all or any portion of the property assessed to pay such principal or such interest, or both, and such principal or such interest has been due and unpaid for a period of at least thirty days, the legislative body of the county in which such district lies may determine that the public interest, convenience and necessity require that the unpaid bonds of such district, and any unpaid loans to the interest and sinking fund of said district, be refunded and that it is the intention of said legislative body to refund the same, and that a reassessment for the refunding of such bonds and loans be made and levied as in this act provided; *provided, however*, that no such unpaid bonds or loans may be refunded, or a reassessment for the refunding thereof made, unless and until all owners of the unpaid bonds of said district have filed with said legislative body an agreement in writing assenting to the refunding of such bonds and loans and the making of said reassessment and stating the names of the person or persons to whom the refunding bonds and any moneys collected on the reassessments or in the interest and sinking fund of said district shall be paid and delivered and the proportions in which the same shall be paid and delivered. Said legislative body shall also state in the resolution declaring its intention to refund said unpaid bonds and unpaid loans the period over which said refunding bonds shall extend. After said legislative body has declared its intention to refund such unpaid bonds and unpaid loans, and the owners of such unpaid bonds have agreed in writing to such refunding, no payment of delinquent assessments thereafter shall deprive said legislative body of the jurisdiction to proceed with said refunding and notwithstanding the payment thereafter of any or all of such delinquent assessments said legislative body shall proceed to refund all unpaid bonds of said district and all such unpaid loans as in this act provided.

SEC 3. Whenever the owners of a majority of the area of the lands to be assessed to pay the principal and interest of bonds issued for any district formed under the provisions of the road district improvement act of 1907 file with the legislative body of the county in which said district lies a petition requesting that the unpaid bonds of said district and any unpaid loans to the interest and sinking fund of said district be refunded in accordance with the provisions of this act, said legislative body may determine that the public interest, convenience and necessity require that said unpaid bonds and unpaid loans be refunded and that a reassessment for the refunding thereof be made and levied as in this act provided, and may proceed to levy a reassessment and issue refunding bonds as in this act provided; *provided, however*, that no such unpaid bonds or unpaid loans may be refunded, or a reassessment for the refunding thereof made, unless and until all owners of the unpaid bonds of said district have filed with said legislative body an agreement in writing assenting to the refunding of such unpaid bonds and unpaid loans and the making of said reassessment, and stating the names of the person or persons to whom the refunding bonds and any moneys collected on the reassessments or in the interest and sinking fund of said district shall be paid and delivered and the proportions in which the same shall be paid and delivered. In its resolution determining that the public interest, convenience and necessity require the refunding of such bonds and loans, said legislative body shall also state the period over which the refunding bonds shall extend

SEC. 4. Said legislative body shall direct the county surveyor to prepare a diagram of the property included within the district to be assessed to pay the principal and interest of said unpaid bonds. If in the original proceedings for the formation of said district and the issuance of bonds thereof any lots, pieces or parcels of land therein were excepted from the levy of the special assessment tax to pay the principal and interest of said bonds, said lots, pieces or parcels of land shall be shown upon said diagram, but no reassessment shall be levied thereon. Said diagram shall show each separate lot, piece or parcel of land in said district and the dimensions of each such lot, piece or parcel of land and the relative location of the same to the work done. When said diagram is completed, said county surveyor shall proceed to make the reassessment as herein provided

The total amount for which said reassessment shall be made shall include the principal amount of all bonds issued for said district in the original proceedings with interest thereon at the rate stated in such bonds from the date of such bonds to the date of the hearing on the reassessment, as stated in the notice of hearing provided in section 7 hereof, and the estimated expenses of the reassessment and refunding proceedings, which shall include the expense of making the reassessment and of issu-

ing the refunding bonds. The person or persons to whom the cash amounts collected upon the reassessments are to be paid, and to whom the refunding bonds are to be delivered, shall pay to the county treasurer the amount of such estimated expenses of the proceedings prior to receiving such refunding bonds or cash collections, or concurrently therewith.

Said reassessment shall be made upon all such lots, pieces or parcels of land within the assessment district as were to be assessed under the original proceedings to pay the principal and interest of the bonds issued therein, and the total amount to be reassessed shall be apportioned upon said lots, pieces or parcels of land in proportion to the assessed value thereof as shown by the county assessment roll last equalized to the date of the hearing on the reassessment as specified in the notice provided for in section 7 hereof. In any case in which a lot, piece, or parcel of land upon which a reassessment is to be levied is not assessed as a separate parcel upon said assessment roll, upon request of the county surveyor, the county assessor shall make and file with said county surveyor an assessed value for such parcel and such assessed value shall be deemed the assessed value of such parcel for the purpose of the reassessment and refunding proceedings, and the reassessment shall be apportioned upon such parcel in proportion to such filed assessed value. The reassessment apportioned as herein provided is hereby determined to be in accordance with the benefits derived and to be derived from the improvement, to pay the costs and expenses of which the bonds to be refunded were issued.

SEC 5 When said reassessment has been made upon the various lots, pieces and parcels of land to be reassessed, there shall be credited upon such reassessment any sum paid for any lot, piece or parcel of land upon assessments theretofore levied to pay the principal and interest of bonds of said district. In case any such lot, piece or parcel of land was a portion of a larger parcel of land for which a payment was made, the portion of such payment to be credited to said smaller lot, piece or parcel of land shall be the proportion of such payment that the assessed value of said smaller lot, piece or parcel of land bears to the total assessed value of all of the parcels which comprise said larger parcel of land, as said assessed value is shown upon the aforesaid assessment roll or as made by the county assessor under the provisions of section 4 of this act In any case not covered by the foregoing provisions, if, in order to credit to any smaller lot, piece or parcel of land its proportion of a payment for a larger parcel of land, of which said smaller parcel formed a part, it is necessary to make an assessed value for any parcel or parcels of land situated within or without the district, at the request of the county surveyor, the county assessor shall make and file with said county surveyor an assessed value for such parcel or parcels and such assessed value shall be deemed the assessed value of such parcel for the purpose of the reassessment and refunding proceedings

SEC 6. The lots, pieces and parcels of land upon which such reassessment shall be levied shall include all parcels of land in the assessment district upon which an assessment would have been levied to pay the principal and interest of the bonds issued in the original proceedings

Said reassessment need not be in any particular form, but shall briefly refer to the district for which said reassessment is to be made by its number or other suitable designation, shall contain a brief reference to the work or improvement done, and shall show the total amount for which said reassessment shall be made Such reassessment shall also show the amount of each reassessment against each lot, piece or parcel of land and the description thereof, and shall have attached thereto a plat or diagram showing the public way or public property, right of way, or easement on which any of said work was done, and the relative location of each such lot, piece or parcel of land to such work done, and each such lot, piece or parcel of land shall be numbered to correspond with the numbers of the reassessments Said reassessment shall also show the sum or sums credited upon any reassessment and the net amount of the reassessment chargeable against and to constitute a lien upon any such lot, piece or parcel of land. Said reassessment shall be filed with the clerk of said legislative body.

SEC. 7. When said reassessment has been filed with the clerk, the legislative body shall direct said clerk to give notice of the filing thereof and of a time and place when and where all persons interested in such reassessment will be heard by said legislative body. SEC. 10. Said reassessment, as confirmed, shall be recorded with the county surveyor of said county. When so recorded, the several amounts reassessed upon the lots, pieces or parcels of land in said reassessment district shall be a lien thereon as of the date of the bonds issued in the original proceedings, and the date of such bonds to be refunded shall be deemed to be the date contained in such bonds. Such lien shall continue until it is discharged of record. Such lien shall be subordinate to all special assessment liens imposed upon the same property prior to the date of the bonds issued in the original proceedings, but it shall be superior to and have priority over all special assessment liens created against the same property subsequent to the date of the bonds refunded. Said action shall be brought in the name of the county, the legislative body of which levied said reassessment, upon the request of any person entitled to any portion of the moneys to be derived from said reassessment. The person requesting that said foreclosure action be brought must pay the costs and expenses thereof, and said action may be brought by the district attorney, or in

counties having a freeholders' charter, by the county counsel, if any, or by any other competent attorney appointed by the board of supervisors which levied said reassessment. No refunding bond shall issue against such public property.

SEC. 11. No action, suit or proceeding to set aside, cancel, void, annul or correct any reassessment hereunder or to review any of the proceedings, acts or determinations made in the proceedings for said reassessment and refunding or to question the validity of or enjoin the collection of said reassessment or any reassessment therein or to enjoin the issuance of any bond or bonds to represent the same shall be maintained by any person unless such action, suit or proceeding shall have been commenced within thirty days after the date of recording of said reassessment, and thereafter all persons shall be barred from any such action, suit or proceeding or any defense of the invalidity of said reassessment or any of the reassessments therein contained or any bonds issued thereon.

SEC. 12. After the full expiration of thirty days from the date of recording said reassessment the county surveyor shall make and certify to the county treasurer a complete list of all reassessments therein unpaid. The principal of each of said unpaid reassessments shall thereafter become due and payable to the treasurer in equal annual payments on the fifteenth day of each November succeeding the filing of said list until fully paid. The number of said annual payments shall correspond to the number of serial payments provided to be made on the principal of the bonds issued to represent said unpaid reassessments. The interest on said unpaid reassessments shall be payable on each fifteenth day of May and November succeeding the filing of such list of unpaid reassessments, the last interest payment coming due forty-five days before the last annual payment of the principal of the bonds issued to represent said unpaid reassessments. Said bonds and the interest thereon shall be paid at the office of said treasurer, who shall keep a fund designated by the name of said bonds into which he shall place all sums paid him for the principal of said bonds and the interest thereon, together with all penalties thereon and from which he shall disburse such sums upon the presentation of the interest and principal coupons, and under no circumstances shall said bonds or the interest thereon be paid out of any other fund. Said treasurer shall keep a register in his office which shall show the series number, date, amount, rate of interest, payee and endorsees of each bond and the number and amount of each coupon of principal or interest paid by him, and shall cancel and file each coupon so paid. An even annual proportion of the principal sum of each bond shall be payable by coupon on the second day of January every year after the fifteenth day of the next succeeding November following their date until the whole of said principal is paid.

SEC. 13. All moneys collected on the reassessments, all moneys in the interest and sinking fund of the district for which the bonds are refunded, and all refunding bonds shall be paid and delivered to the owners of the bonds refunded, as provided in their agreement or assent on file with the legislative body, *provided, however*, that prior to said payment and delivery or concurrently therewith said bond owners must pay to said legislative body the incidental expenses of the refunding and reassessment proceedings, as stated in the reassessment, and all unpaid loans which are refunded in such proceedings and deliver up the unpaid refunded bonds for cancellation, and same shall forthwith be canceled. When the said payments are made and refunding bonds delivered, as provided in said agreement or assent, all unpaid special assessment taxes levied to pay principal and interest of the bond issue refunded and all penalties and interest on said special assessment taxes shall be deemed canceled and annulled and the clerk of the legislative body shall notify the proper county officials that the bonds of said district have been refunded and that said special assessment taxes, penalties and interest are canceled and annulled, and such officials shall thereupon proceed to make the necessary entries showing the cancellation thereof.

SEC. 14. The said treasurer at least fifteen days before each respective fifteenth *day of May and November until the said reassessments be paid in full shall mail*, postage prepaid, to each owner of property described in said reassessment at his last known address as it appears upon the tax rolls of said county a postal card notifying him of the amount due and the date when payment is due from him on said reassessment and stating that said payment is subject to penalty if not paid on or prior to the due date of the coupons provided that the failure of the said treasurer to mail said cards or the failure of the property owner to receive the same shall in no wise affect the validity of any penalty or invalidate any act or proceeding. Should any payment of principal of said unpaid reassessment or of interest thereon be not paid on the date upon which the coupon or coupons representing it are payable, the said treasurer shall, after the close of business on said due date, add to the amount of principal or interest so delinquent a penalty of five per cent of the total amount of such delinquency, and at the beginning of business on the first day of each succeeding month until such delinquent payment and all penalties thereon be fully paid he shall add an additional penalty of one per cent of the amount of such delinquency and said treasurer shall collect such penalties with and as a part of such delinquent payments.

SEC. 15. The treasurer shall upon the filing of such list of unpaid reassessments with him make out, sign and issue to the owners of said unpaid bonds, as provided

in the agreement or assent on file, a separate bond representing upon each lot, piece or parcel of land upon the list the net amount of the reassessment against the same as thereon shown. If said lot, piece or parcel of land is described upon the said reassessment and diagram by its number or block or both and is also designated by its number or block or both upon any map on file in the office of the county recorder of the county in which said district is situated, then there shall be in said bond a sufficient description of said lot, piece or parcel of land to designate it by said number or block or both, as it appears on said recorded map. Each of said bonds shall bear interest at the rate stated in the original bond issue from the date of the recording of the reassessment until the said bond is fully paid, and coupons for the various payments of interest on each of said bonds to the date of the maturity of such bonds shall be attached to each such bond. Said bonds shall be substantially in the following form:

SEC 16 The treasurer shall, in addition to his other duties, keep a record of bonds issued by him, of all payments on said bonds with the dates thereof, and of all penalties accruing thereon, and he shall report all payments of coupons or penalties upon said bonds, with the dates thereof, to the county surveyor, who shall forthwith endorse the same upon the margin of the record of the reassessment to the credit of which the same are paid, and the said reassessment with accrued interest thereon and penalties, if any, shall be and remain a lien upon the property affected thereby and with priority and superiority, as hereinbefore defined in this act.

Whenever payment either upon the principal or of the interest due upon any refunding bond issued hereunder has not been made when the same has become due, the holder of the bond may foreclose the said bond, as herein provided, or may demand in writing that the treasurer proceed to advertise and sell the lot or parcel of land described in said bond, as hereinafter provided The owner of or any person interested in any lot, piece or parcel of land upon which a refunding bond has been issued under the terms of this act may at any time before commencement of proceedings for sale or foreclosure pay off such bond and discharge the land described in the bond from the lien of the reassessment by paying to the said treasurer for the holding of such bond the amount then unpaid on the principal sum thereof, with interest thereon calculated up to the due date of the next maturing interest coupon at the rate named in the bond and all penalties accrued and unpaid, together with interest for six months at the rate named in such bond. Said treasurer shall enter in his record of such bond the amount paid and the date of payment, and upon the lien of the reassessment being extinguished as aforesaid shall cancel the said bond and file it in his office

SEC 17. It shall be the duty of the county treasurer on or before the fourth Monday in September of each year to certify to the county tax collector a list of the properties within said county upon which any payment, either of principal or interest, has not been paid when due upon any bond issued by said county treasurer under this act The tax collector shall cause to be pasted or attached to or stamped or printed upon the tax bill or tax receipt a notice which shall in substance be as follows:

"Notice of Delinquency.

There is a street improvement bond chargeable against this property, payment upon which is delinquent, which must be paid to the county treasurer without delay to avoid foreclosure."

SEC. 18. In the event of the nonpayment of any installment of the interest or principal and by way of a separate, distinct and cumulative remedy, the holder of any bond upon which any payment, either upon the principal or of the interest, has become delinquent may at any time after four months next succeeding the fourth Monday of September following the date of delinquency of principal or interest and prior to the expiration of four years after the due date of the last installment upon any bond or of the last principal coupon attached thereto, file and maintain a suit to foreclose the lien of the bond and recover the amount due thereon; *provided, however* that suit may be brought at any time following the expiration of thirty days after the service of personal demand for payment as herein provided upon the owner of the premises. Such demand shall be served in the manner provided by law for the making of personal service of summons. If suit be brought costs for the service thereof shall be allowed in an amount equivalent to the fees prescribed by

law for the service of summons. Said demand shall be in substantially the following form:

"Demand for Payment of Street Improvement Bond.

You are hereby notified that refunding bond No. _____, series _____, for an improvement in the county of _____ is delinquent. Unless the amount of the unpaid principal on said bond together with interest and penalties is paid to the county treasurer on or before thirty days after the service on you of this demand, the date of such service being this _____ day of _____, 19___, the undersigned will institute suit to foreclose the lien of said bond in the manner prescribed by law."

The complaint in such suit shall be sufficient if a true copy of the bond be therein set forth and appropriate allegations be made therein regarding the payment made upon the principal and interest of such bond. If personal demand for payment be made as herein provided, the complaint shall so allege. Such suit shall be brought in the superior court of the county in which said district lies, and in case the owner of the lot, piece or parcel of land covered by said bond can not with due diligence be found, the service of summons in such action may be had in the manner prescribed in the codes and laws of this state. The said bond, together with proof, either orally by the said county treasurer or by a certificate signed by him showing the nonpayment of any of the principal or interest upon said bond, shall be prima facie evidence of the right of the plaintiff to recover in said action, *provided*, that if personal demand for payment be made, proof of service of the demand as herein provided shall be required. The court in said suit shall have the power to adjudge and decree a lien against the lot or parcel of land covered by said bond and shall cause said premises to be sold as in other cases of the sale of real estate by the process of said court to satisfy and discharge such bond and lien, and the amount of interest and penalties due shall be calculated in the same manner hereinbefore set forth in this act up to the date of the judgment. On appeal, the appellate court shall have the same power to adjudge and decree a lien and order such premises to be sold as is conferred on the court from which an appeal is taken. The court having jurisdiction of said cause shall also fix and allow a reasonable attorney's fee for the prosecution of said suit.

The plaintiff in the suit may also recover the cost of any abstract or report of search of title procured in good faith, in order to determine ownership, such search to be by a reputable abstractor or title company, and such cost not to exceed five dollars per lot, and such abstract or report of search with affidavit of payment to be filed in the action.

Such premises, if sold, may be redeemed as in other cases. Such action shall be governed and regulated by the provisions hereof, and also, when not in conflict herewith, by the codes of this state.

A written notice of the pendency of any action for recovery on a bond shall be filed with the treasurer. After the filing of such notice the treasurer shall not receive any money on account of said bond and he shall have no authority to cancel the entries on said bond in his register or give a discharge of said bond without the written consent of the owner thereof until judgment has been rendered in such action or the same has been dismissed.

Should suit be brought for recovery on any bond prior to the time provided herein, the plaintiff shall not recover in such suit and the defendant in such suit shall be entitled to have and recover such attorney fees as the court may deem reasonable, in addition to all taxable costs.

SEC. 19. Whenever payment either upon the principal, or of the interest, upon any bond issued under this act has not been or shall not be made when the same has become, or shall become due, and the holder of the bond demands in writing that the treasurer proceed to advertise and sell the lot or parcel of land described in said bond as being that upon which the assessment represented by said bond was levied, then said treasurer shall proceed as provided in the next section.

SEC. 20. The treasurer shall publish by two insertions in a newspaper of general circulation, published in the county in which said bond was issued, a notice which shall be substantially (filling in all blanks) as indicated following, to wit:

"Notice of Sale of Property Delinquent for Nonpayment of Bond No. _____, Series No _____, Issued for the Improvement of _____.

Default having been made in the payment of the following named coupons (here fill in date and amounts of the coupon or coupons which have not been paid) and the holder of said bond having demanded in writing that the county treasurer of the county of _____ proceed to advertise and sell the lot or parcel of land mentioned in the said bond. Now, therefore, I give notice that I will on the ____ day of _____, 193__, at the hour of _____ o'clock __m., of said day, sell at public auction the lot or parcel of land mentioned in said bond, or so much thereof as may be necessary at (here state the place of sale, which shall be at the office of said treasurer or at some public place at or in the county courthouse) unless the amount due on said bond and the accrued interest thereon together with the cost of the publication of this notice are paid; and that I will so sell the same to the person who will take the least amount of said lot or parcel of land and pay the full amount of unpaid

principal and interest on said bond, together with costs of publication. The lot or parcel of land mentioned in said bond and to be sold, is more particularly described, to wit: (here set forth the description of the lot or parcel of land as contained in the bond). The amount due on said bond up to the date of this notice is as follows: Due on the principal thereof, $_____; due on account of interest, $_____ (here set forth the interest calculated and compounded semiannually up to the day on which the notice is dated at the interest rate named in said bond upon the unpaid principal for the full period for which no interest has been paid); due on account of penalties, $_____. Total amount due on said bond (here set forth the total of the foregoing items).

In order to avoid this sale, payment of the total amount above named will be required, together with the cost of publications made before such payment and the additional interest accruing up to the date of payment

In the event of sale, such sale will include interest in addition to the above total amount due accruing up to date of sale, the cost of publication of notice of sale, and one dollar for the issuing of certificate of sale. The _____ (here name newspaper) is designated as the newspaper in which this notice shall be published.

Dated _____, 19__.

_____
Treasurer of the County of
_____."

The day named in the notice shall not be less than fifteen (15) days from the date of the first publication of the notice.

SEC 21. An affidavit of the publisher of the newspaper in which the notice was published, or of someone in behalf of said publisher, setting forth a copy of the publication and stating that the publication was made in the said newspaper on specified dates shall be filed with the county treasurer, and shall be primary evidence of the due publication of the notice.

SEC 22. The treasurer shall collect the sum of one dollar as hereinbefore mentioned for the issuance of the certificate of sale, which sum shall belong to, and be subject to the disposition of the county; any person interested in the lot or parcel of land described in the notice of sale may at any time prior to the sale, pay the whole amount of principal of said bond remaining unpaid, the interest thereon compounded semiannually up to the date of such payment, at the rate named in said bond upon such amount of said principal remaining unpaid for the whole period for which interest has not been paid, and all penalties which have accrued, together with the cost of the publication of the notice of sale; in such event the payment being made, the bond shall be canceled; but if such payment be not made, the sale shall be made as advertised; the lot or parcel described in the bond shall be sold to the purchaser who shall take the least amount of said lot or parcel and pay all of the sums specified in the notice of sale given by the treasurer. In the event that through error or otherwise the total amount for which said sale shall be made is less than that which may be required by the provisions hereof, and the holder of the bond is the purchaser at the sale and elects to accept the certificate of sale hereinafter mentioned, or if he accepts from the treasurer such sum derived from said sale made to some other purchaser, then the fact that the sale may have been made for less than the amounts specified herein shall not affect or invalidate the sale and such receipt of said certificate or said sum shall be a waiver on the part of the holder of said bond, and the said deficient amount of sale shall be the amount upon which redemption from the sale shall be calculated to all effects the same as if the sale had been made for the full amount authorized hereby.

SEC. 23. The treasurer, before delivering any certificate, must, in a book kept in his office for that purpose, enter the date, number, and series of the bond, a description of the land sold corresponding with the description of the certificate, the date of sale, purchaser's name, the amount paid, regularly number the descriptions on the margin of the book, and put a corresponding number on each certificate. Such book must be open to public inspection during office hours when not in actual use, and he shall enter on the record of the bond the words: "Canceled by sale of the property," giving the date of such sale.

SEC 24. Immediately on the sale, the purchaser shall become vested with a lien on the property, so sold to him, to the extent of his bid, and is only divested of such lien by the payment to the treasurer of the purchase money, including costs herein provided for, inclusive of moneys paid for taxes, street improvement assessments, or other tax or statutory lien or to redeem from sale as hereinafter specified, and the fee of the recorder for recording the certificate of sale, with interest thereon at the rate of one per cent per month from the date of sale; the treasurer shall issue for each sale an original and a duplicate certificate of sale reciting therein the date, number and series of the bond under which the sale was made, describing the land sold, and giving the date of sale, purchaser's name, amount paid, and the number of the certificate. He shall deliver the original certificate to the purchaser and shall record the duplicate in the office of the recorder of the county in which the land sold is situated. At any time after delivery to him by the treasurer of said certificate of purchase the legal holder thereof may pay any general taxes, street improvement assessments, or any other tax or statutory lien upon the property described in said certificate of pur-

chase which may be prior to his or redeem said property from any sale made in collection or enforcement of such general taxes, foreclosing street improvement assessments or other tax or statutory lien and the treasurer, upon production by the holder of said certificate of purchase of the official receipt for the amounts so paid by him shall make an endorsement upon said certificate of purchase showing that said receipts have been so produced stating the nature of the lien paid, and the amount thereof and he shall make a like entry upon the book as provided in section 23 of this act, and shall collect the amount thereof as a part of the amount represented by said certificate of purchase together with interest thereon at the same rate as provided in the certificate of purchase.

SEC. 25. A redemption of the property sold may be made by the owner of the property, or any party in interest, within twelve months from the date of purchase, or at any time prior to the application for a deed, as hereinafter provided; redemption must be made in lawful money of the United States, and when made to the treasurer he must mark the word "redeemed," the date and by whom redeemed on the margin of the book where the entry of the certificate is made, and credit the amount paid to the purchaser named in the certificate, and pay the same to such purchaser, or his assignee, upon the surrender of the certificate of sale, and upon satisfactory proof of an assignment thereof, if any.

SEC. 26. If the property is not redeemed within the time allowed by section 25 hereof for its redemption, the treasurer, or his successor in office, upon application of the purchaser or his assignee, must make to said purchaser, or his assignee, a deed to the property, reciting in the deed, substantially, the matter contained in the certificate, and that no person has redeemed the property during the time allowed for its redemption; the treasurer shall be entitled to receive from the purchaser two dollars for making said deed, which shall be deposited in the county treasury for the use of the county after payment has been made therefrom for the acknowledgment of said deed; *provided, however,* that the purchaser of the property, or his assignees, must, thirty days prior to the expiration of the time of the redemption, or thirty days before his application for a deed, serve upon the owner or agent of the property purchased, if named in such certificate, and upon the party occupying the property, if the property is occupied, a written notice, stating that said property or a portion thereof, has been sold to satisfy the bond lien, the date of sale, the date, number, and series of the bond, the amount then due, and the time when the right of redemption will expire, or when the purchaser will apply for a deed, and the owner of the property shall have the right of redemption indefinitely, until such notice shall have been given and said deed applied for, upon the payment of the fees, penalties and costs in this act required. In case of unoccupied property, a similar notice must be posted in a conspicuous place upon the property at least thirty days before the expiration of the time for redemption, or thirty days before the purchaser applies for a deed; and no deed to the property sold, in accordance with the provisions of this act, shall be issued by the treasurer to the purchaser of such property, until such purchaser shall have filed with such treasurer an affidavit showing that the notice hereinbefore required to be given has been given as herein required, which said affidavit shall be filed and preserved by the said treasurer as other records kept by him in his office. Such purchaser shall be entitled to receive the sum of fifty cents for his service of such notice and the making of said affidavit, which sum of fifty cents shall be paid by the redemptioner at the time and in the same manner as the other sums, costs and fees are paid.

SEC. 27. The deed, when duly acknowledged or proved, is primary evidence of the regularity of all proceedings theretofore had, and conveys to the grantee the absolute title to the lands described therein, as of the date of the expiration of the period for redemption, free of all encumbrances, except the lien for state, county and municipal taxes

SEC. 28. At any time within thirty days after the recording of the reassessment, any person interested in any of the lands reassessed may bring an action in the superior court of the county, the legislative body of which conducted the reassessment proceedings, to determine the validity or invalidity of such reassessment. Such action shall be in the nature of a proceeding in rem and jurisdiction of all parties interested may be had by publication of summons for at least once a week for four weeks in some newspaper of general circulation published in the county where the action is pending, such paper to be designated by the court having jurisdiction of the proceedings. Jurisdiction shall be complete within ten days after the full publication of such summons in the manner herein provided. Anyone interested may at any time before the expiration of said ten days appear and by proper proceedings contest the validity of such reassessment or uphold the same. Such action shall be speedily tried and judgment rendered declaring such matter so contested either valid or invalid. Either party may have the right to appeal to the supreme court at any time within thirty days after the rendition of such judgment, which appeal must be heard and determined within three months from the time of taking such appeal. The motion for a new trial of any such proceeding must be heard and determined within ten days from the filing of the notice of intention.

The court hearing the said proceeding, in inquiring into the regularity, legality or correctness of such reassessment, must disregard any error, irregularity or omis-

sion which does not affect the substantial rights of the parties to said action or proceeding. The rules of pleading and practice provided by the Code of Civil Procedure which are not inconsistent with the provisions of this act are applicable to the proceeding herein provided for. The costs of the legal proceedings provided for in this section may be allowed and apportioned between the parties or taxed to the losing party in the discretion of the court. After said reassessment has been recorded, it shall not be contested in any way other than at the time and in the manner specified in this section, and in any such action all findings, conclusions and determinations of the legislative body which conducted the reassessment proceedings shall be conclusive in the absence of actual fraud.

SEC. 29. If in any action or proceeding any reassessment or any refunding bond is held illegal or invalid, then the unpaid bonds refunded and for the refunding of which the reassessment was levied shall be deemed to be in full force and effect from the date of such final judgment or decree, and if said unpaid bonds have been canceled or destroyed, the proper officials of the county which issued the original bonds shall issue new bonds of the same tenor, force and effect as such canceled or destroyed unpaid bonds, and all of the provisions of the acquisition and improvement act of 1925 relative to the payment of bonds issued thereunder and the levy of special assessment taxes therefor shall apply to such unpaid bonds or to any bonds issued to replace such unpaid bonds.

SEC. 30. This act and all of its provisions shall be liberally construed to the end that the purposes hereof may be made effective. If any section, subsection, sentence, clause or phrase of this act is for any reason held to be unconstitutional, such decision shall not affect the validity of the remaining portion of this act. The Legislature hereby declares that it would have passed this act irrespective of the fact that any one or more sections, subsections, sentences, clauses or phrases thereof be declared unconstitutional."

(*b*) The director of the department of professional and vocational standards shall appoint two boards of examiners, one of said boards to assemble in the city of Los Angeles, and the other board to assemble in the city of San Francisco. These boards shall serve for a term of three years, and shall consist of three elevator contractors, three elevator constructors, and a representative of the industrial accident commission.

(*c*) The board of examiners shall hold such examinations under such rules and regulations as may be adopted by said boards and they report to the department together with their advice as to whether the certificate of competency applied for, should be, or should not be granted, stating the reasons upon which such advice is given. Such report shall be advisory only to the department, and in case applicant shall be dissatisfied with the report of the board of examiners, he may within ten days petition the department for a hearing upon such application before the director of the department, and thereupon the director shall determine whether the department will, or will not, grant such certificate of competency. be surplus money remaining in the hands of the sheriff after payment of the amount due on said note and transfer in trust, together with costs, the court may cause the same to be paid to the person entitled to it and in the meantime may direct it to be deposited in court, (12) that in any such action those unlawfully in possession of said property or detaining the same may be ejected therefrom, (13) that in any such action, and following sale of said property by the sheriff, title to said property may be quieted in any party to the action who may become the purchaser at such sale by the sheriff, (14) that in any such action the rights and duties of the parties to said action may be determined and declared by declaratory judgment thereof, and (15) that therein such further relief may be granted by the court as shall be meet and just in the premises, to the end that in the one action all rights, duties and obligations of the parties with respect to said real property and the ownership, use and enjoyment thereof, and with respect to the payment of the obligations of the trustor as in said transfer in trust and promissory note set forth, may be fully and completely adjudicated, and any interlocutory or partial adjudication by the court shall not foreclose any further judgment of the court which may be necessary to fully effectuate the objects and purposes of this section. The court may, by its judgment, or at any time after judgment, appoint a commissioner to conduct the sale and/or to do and perform

any of the other acts heretofore required in this section to be done and/or performed by the sheriff, and the powers herein given and the duties herein imposed on sheriffs are extended to such commissioner. By Messrs. Head, Gillett, Bliss, West, Wilber, Badham and Nielsen:

WHEREAS There recently appeared in the "Daily Californian," a daily newspaper published by the students of the University of California, an editorial criticizing the action of the Assembly in passing two bills providing for four-year colleges in Fresno and Sacramento; and

WHEREAS, This editorial, written by a "boy editor" without understanding of the facts or merits upon which this legislation was based, is essentially unjust and unfair, having as its purpose, not a bona fide endeavor to enlighten the readers of the editorial on pending legislation, but merely to criticize personally in derogatory and uncouth terms the members of the Assembly, and

WHEREAS, The language used in this editorial hereinafter set forth clearly illustrates its purpose of personally denouncing and criticizing the members of this Assembly without reference to fact, said editorial reading in part as follows:

"When State legislation becomes so degenerate that State education is subordinated to fat-cheeked politics, it is time that the people of California were standing on their two feet and drawing the line at Sacramento. The "Pork Barrel" college bill, with which the Assembly has expressed its approval of two more four-year colleges in California, passed obviously on the impetus of underhand political manipulation"; now, therefore, be it

Resolved by the Assembly of the State of California, That the Board of Regents of the University of California is urged to take immediate steps to censure and suppress such editorials in the State University publications, which have as their sole purpose the denouncing in terms of ridicule the institutions, branches and departments of our State government with resulting adverse reflection on the people of the State of California, without regard to fact or reasonableness of conclusion.

"SEC. 6. The term "gross income," as herein used, includes gains, profits and income derived from the business, of whatever kind and in whatever form paid; gains, profits or income from dealings in real or personal property; gains, profits or income received as compensation for services, as interest, rents, commissions, brokerage or other fees, or otherwise received in carrying on such business; all interest received from federal, state, municipal or other bonds, and, except as hereinafter otherwise provided, all dividends received on stocks. The term gross income does not include the following items which shall be exempt from taxation under this act:

(a) Amounts received under life insurance policies and contracts paid by reason of the death of the insured

(b) Amounts received (other than amounts paid by reason of the death of the insured) under life insurance, endowment or annuity contracts, either during the term or at maturity or upon surrender of the contract, equal to the total amount of premiums paid thereon

SEC. 2. Section 8 of said act is hereby amended to read as follows:

Sec. 8. In computing "net income" the following deductions shall be allowed:

(a) All the ordinary and necessary expenses paid or incurred during the taxable year in carrying on business, including a reasonable allowance for salaries or other compensation for personal services actually rendered, and rentals or other payments required to be made as a condition to the continued use or possession for business

purposes of property to which the taxpayer has not taken or is not taking title or in which it has no equity.

(*b*) All interest paid or accrued during the taxable year on indebtedness.

(*c*) Taxes or licenses paid or accrued during the taxable year, other than taxes paid to the state under this act or under subdivision (*d*) of section 14 of article thirteen of the constitution of this state, and other than taxes on income or profits paid or accrued within the taxable year imposed by the authority of (1) any foreign country, (2) any state, territory, county, city and county, school district, municipality, or other taxing subdivision of any state or territory, and other than taxes assessed against local benefits of a kind tending to increase the value of the property assessed, but this shall not exclude the allowance as a deduction of so much of said taxes assessed against local benefits as is properly allocable to maintenance or interest charges; *provided, however,* that the deduction of real and personal property taxes shall be subject to the provisions of section 26 hereof; *and provided, further,* that the deduction allowed for federal income taxes shall be the amount of such taxes accrued during the taxable year but shall not exceed the amount which would constitute the federal income tax liability of the taxpayer if its net income subject to federal tax were reduced by the additional allowances permitted under the provisions of subsections (*f*) and (*g*) of this section and sections 19 and 20 hereof

(*d*) Losses sustained during the taxable year and not compensated for by insurance or otherwise, except that such losses may, with the consent of the franchise tax commissioner, hereinafter designated "commissioner," be accounted for as of a different period. In the case of any loss claimed to have been sustained in any sale or other disposition of shares of stock or securities where it appears that within thirty days before or after the date of such sale or other disposition, the taxpayer has acquired (otherwise than by bequest or inheritance) or has entered into a contract or option to acquire substantially identical property and the property so acquired is held by the taxpayer for any period after such sale or other disposition, no deduction for the loss shall be allowed unless the claim is made by a taxpayer, a dealer in stocks or securities, and with respect to a transaction made in the ordinary course of its business If such acquisition or the contract or option to acquire is to the extent of part only of substantially identical property, then only a proportionate part of the loss shall be disallowed. Upon the subsequent sale or disposition of shares of stock or securities, in respect of which a loss has been disallowed, the basis for measuring gain or loss in the case of the property so acquired shall be the basis in the case of the stock or securities so sold or disposed of, except that if the repurchase price was in excess of the sale price such basis shall be increased in the amount of the difference, or if the repurchase price was less than the sale price such basis be decreased in the amount of the difference.

(*e*) Debts ascertained to be worthless and charged off within the taxable year, or, in the discretion of the commissioner, a reasonable addition to a reserve for bad debts. When satisfied that a debt is recoverable in part only, the commissioner may allow such debt to be charged off in part In the case of a debt existing on the date fixed by section 19 hereof for the ascertainment of a gain or loss on the part of the taxpayer, no more than its fair market value on that date shall be deducted.

(*f*) Exhaustion, wear and tear and obsolescence of property to be allowed upon the basis provided in sections 113 and 114 of that certain act of the congress of the United States known as the "Revenue act of 1928," which is hereby referred to and incorporated with the same force and effect as though fully set forth herein, or upon the basis provided in section 19 hereof.

(*g*) In the case of mines, oil and gas wells, other natural deposits and timber, a reasonable allowance for depletion and for depreciation of improvements according to the peculiar conditions in each instance, such reasonable allowance in all cases to be made under the rules and regulations to be prescribed by the commissioner.

In the case of leases the deduction shall be equitably apportioned between the lessor and lessee.

The basis upon which depletion is to be allowed in respect of any property, except as hereinafter provided for oil and gas wells, shall be as provided in sections 113 and 114 of the said revenue act of 1928, or upon the basis provided in section 19 hereof.

In the case of mines discovered by the taxpayer after February 28, 1913, the basis for depletion shall be the fair market value of the property at the date of discovery or within thirty days thereafter, if such mines were not acquired as the result of purchase of a proven tract or lease, and if the fair market value of the property is materially disproportionate to the cost. The depletion allowance based on discovery value provided in this paragraph shall not exceed fifty per centum of the net income of the taxpayer (computed without allowance for depletion) from the property upon which the discovery was made except that in no case shall the depletion allowance be less than it would be if computed without reference to discovery value. Discoveries shall include minerals in commercial quantities contained within a vein or deposit discovered in an existing mine or mining tract by the tax-

payer after February 28, 1913, if the vein or deposit thus discovered was not merely the uninterrupted extension of a continuing commercial vein or deposit already known to exist, and if the discovered minerals are of sufficient value and quantity that they could be separately mined and marketed at a profit.

In the case of oil and gas wells the allowance for depletion shall be twenty-seven and one-half per centum of the gross income from the property during the taxable year. Such allowance shall not exceed fifty per centum of the net income of the taxpayer (computed without allowance for depletion) from the property, except that in no case shall the depletion allowance be less than it would be if computed in the manner provided in sections 113 and 114 of said revenue act of 1928.

(*h*) Dividends received during the taxable year from income arising out of business done in this state; but if the income out of which the dividends are declared is derived from business done within and without this state, then so much of the dividends shall be allowed as a deduction as the amount of the income from business done within this state bears to the total business done; but dividends or returns received from a corporation doing business in this state shall be deductible only in that proportion that the income of the corporation paying the dividend or return is taxable under the provisions of this act.

The burden shall be on the taxpayer to show that the amount of dividends claimed as a deduction has been received from income arising out of business done in this state.

(*i*) In the case of a building and loan association, organized and operating wholly or partly on a mutual plan, the return paid or credited on or apportioned to the withdrawable shares of such association, but not exceeding the return such shares would receive computed at the average rate paid by all such associations in this state, or by such associations in a particular locality, as the building and loan commissioner of this state may determine, or money borrowed or obtained through the issue during the taxable year of the association of all classes of notes and investment certificates not evidencing any proprietary interest in the association, such rate to be determined by the building and loan commissioner and certified by him to the franchise tax commissioner on or before the first day of March of each year.

(*j*) In the case of a mutual savings bank, the entire amount of interest paid to depositors possessing no proprietary interest in the institution or in its surplus, and interest on their deposits to members possessing a proprietary interest in the institution or in its surplus at a rate determined by the state superintendent of banks to be the going rate of interest upon savings deposits in the state during the preceding calendar year, such rate to be certified by him to the commissioner on or before the first day of March of each year.

(*k*) In the case of farmers, fruit growers, or like associations organized and operated in whole or in part on a cooperative or a mutual basis, (*a*) for the purpose of marketing the products of members or other producers, and turning back to them the proceeds of sales, less the necessary marketing expenses, which may include reasonable reserves, on the basis of either the quantity or the value of the products furnished by them, or (*b*) for the purpose of purchasing, or producing, supplies and equipment for the use of members or other persons, and turning over such supplies and equipment to them at actual cost, plus necessary expenses, all income resulting from or arising out of such business activities for or with their members carried on by them or by their agents; or when done on a nonprofit basis for or with nonmembers.

(*l*) In the case of other associations organized and operated in whole or in part on a cooperative or a mutual basis, all income resulting from or arising out of business activities for or with their members, or with nonmembers, done on a nonprofit basis.

If any deduction provided for in this section is finally adjudged discriminatory against a national banking association contrary to section 5219 of the revised statutes of the United States, or is for any reason finally adjudged invalid, in that event the tax of the favored taxpayer shall be recomputed by the tax commissioner for the taxable year in question, as of the time of the allowance of the deduction, by disallowing the deduction, and any difference between the amount of the tax as recomputed and the amount of the tax as originally computed shall be subject to the provisions hereof relating to original computations.

SEC. 3. Section 9 of said act is hereby amended to read as follows:

Sec. 9. In computing net income no deduction shall be allowed for:

(*a*) Any amount paid out for new buildings or for permanent improvements or betterments made to increase the value of any property; or for

(*b*) Any amount expended in restoring property or in making good the exhaustion thereof for which an allowance is or has been made; or for

(*c*) Premiums paid on any life insurance policy covering the life of any officer or employee, or of any person financially interested in any trade or business carried on by the taxpayer, when the taxpayer is directly or indirectly a beneficiary under such policy.

SEC. 4. Section 10 of said act is hereby amended to read as follows:

Sec. 10. If the entire business of the bank or corporation is done within this state, the tax shall be according to or measured by its entire net income; and if the entire business of such bank or corporation is not done within this state, the tax shall

be according to or measured by that portion thereof which is derived from business done within this state. The portion of net income derived from business done within this state, shall be determined by an allocation upon the basis of sales, purchases, expenses of manufacture, pay roll, value and situs of tangible property, or by reference to these or other factors, or by such other method of allocation as is fairly calculated to assign to the state the portion of net income reasonably attributable to the business done within this state and to avoid subjecting the taxpayer to double taxation. Income from intangible personal property which is not deductible under the provisions of subsection (*h*) of section 8 hereof shall be subject to allocation.

If the commissioner reallocates net income upon his examination of any return, he shall, upon the written request of the taxpayer, disclose to him the basis upon which his reallocation has been made.

SEC. 5. Section 25 of said act is hereby amended to read as follows:

Sec. 25. As soon as practicable after the return is filed the commissioner shall examine it and shall determine the correct amount of the tax. If the commissioner determines that the tax disclosed by the original return is less than the tax disclosed by his examination he shall mail notice to the taxpayer at its post-office address (which must appear on its return) of the additional tax proposed to be assessed against it. Such notice shall set forth the details of the proposed additional assessment and of computing said tax.

Within sixty days after the mailing of said notice the taxpayer may file with the commissioner a written protest against the levy of the proposed additional tax, as computed by the commissioner, specifying therein the grounds upon which the protest is based. The protest must be under oath.

If no such protest is so filed the amount of the tax shall be final upon the expiration of said sixty-day period. If a protest is so filed it shall be the duty of the commissioner to reconsider the computation and levy of the tax complained of, and if the taxpayer has so requested in its protest, it shall be the duty of the commissioner to grant said taxpayer, or its authorized representatives, an oral hearing. After consideration of the protest and the evidence adduced in the event of such oral hearing, the commissioner's action upon the protest shall be final upon the expiration of thirty days from the date when he mails to the taxpayer notice of his action, unless within that thirty-day period the taxpayer appeals in writing from the action of the commissioner to the state board of equalization. The appeal must be addressed and mailed to the state board of equalization at Sacramento, and a copy of the appeal addressed and mailed at the same time to the commissioner at Sacramento. Said board shall hear and determine the same and thereafter shall forthwith notify the taxpayer and the commissioner of its determination, which shall be final upon the expiration of sixty days from the time of such determination, unless within such sixty-day period the commissioner shall bring an action in his name as commissioner against the taxpayer in a court of competent jurisdiction to determine the liability of the taxpayer. The attorney general must prosecute such action and the provisions of the Code of Civil Procedure relating to service of summons, pleadings, proofs, trials and appeals shall be applicable thereto. In any such action the court shall have power to render judgment for any tax, interest or penalties found by it to be payable. In any judgment rendered under the provisions of this section, interest shall be included at the rate of six per centum per annum upon the amount of the deficiency computed in the manner prescribed in subsection (*a*) of section 24 hereof. If such action be brought, the tax therein determined shall become final when the judgment rendered in such action becomes final.

When a deficiency has been determined and the tax has become final under the provisions of this section, the commissioner shall mail notice and demand to the taxpayer for the payment thereof, and such tax shall be due and payable at the expiration of ten days from the date of such notice and demand.

A certificate by the commissioner or of said board as the case may be, of the mailing of the notices specified in this section shall be prima facie evidence of the computation and levy of the deficiency in tax and of the giving of said notices.

Except in the case of a fraudulent return, every notice of additional tax proposed to be assessed hereunder shall be mailed to the taxpayer within one year after the return was filed and no deficiency shall be assessed or collected with respect to the year for which such return was filed unless such notice is mailed within such period; *provided, however*, that in the case of returns filed on or before June 1, 1930, notice of additional tax proposed to be assessed may be mailed at any time on or before June 1, 1931.

SEC. 6. Section 32 of said act is hereby amended to read as follows:

Sec 32. If a tax computed and levied hereunder is not paid before six o'clock p.m. on the last day of the eleventh month after the date of delinquency of the first installment thereof, the corporate powers, rights and privileges of the delinquent taxpayer, if it be a domestic corporation, shall be suspended and shall be incapable of being exercised for any purpose or in any manner except for the purpose of amending the articles of incorporation to set forth a new name, and the officers, directors and stockholders or members of any such corporation may take such action in their respective capacities as may be required by law in order to amend the articles of incorporation for such purpose; if the delinquent taxpayer

be a foreign corporation it shall thereupon forfeit its right to do intrastate business in this state.

The controller shall transmit the name of each such corporation to the secretary of state, who shall immediately record the same in such manner that it may be available to the public. The suspension or forfeiture herein provided for shall become effective immediately such record is made; and the certificate of the secretary of state shall be prima facie evidence of such suspension or forfeiture.

Any person who attempts or purports to exercise any of the rights, privileges or powers of any such domestic corporation, except as hereinabove permitted, or who transacts or attempts to transact any intrastate business in the state in behalf of any such foreign corporation shall be guilty of a misdemeanor and upon conviction thereof shall be punished by a fine of not less than two hundred fifty dollars and not exceeding one thousand dollars, or by imprisonment in the county jail not less than fifty days or more than five hundred days, or by both such fine and imprisonment. The jurisdiction of such offense shall be held to be in any county in which any part of such attempted exercise of such powers, or any part of such transaction of business occurred. Every contract made in violation of this section is hereby declared to be voidable.

SEC. 7. Section 33 of the bank and corporation franchise tax act, approved March 1, 1929, is hereby amended to read as follows:

Sec. 33. Any corporation which has suffered the suspension or forfeiture provided for in the preceding section may be relieved therefrom upon payment of the tax and the interest and penalties for nonpayment of which the suspension or forfeiture occurred, if the payment is made during the taxable year in which the suspension or forfeiture occurred, or upon payment of such amount together with an amount equal to twice the amount of the tax and penalties due the state for the taxable year in which the suspension or forfeiture occurred, if payment is made in any year other than such taxable year, and upon the issuance by the controller of a certificate of revivor. Application for such certificate on behalf of any domestic corporation which has suffered such suspension may be made by any stockholder or creditor or by a majority of the surviving trustees or directors thereof; application for such certificate may be made by any foreign corporation which has suffered such forfeiture or by any stockholder or creditor thereof. PRESENTATION OF PETITIONS.

The following petitions were presented, and ordered printed in the Journal:

By Mr. Speaker:

LOS ANGELES, CALIFORNIA, April 23, 1931.

Honorable Speaker of Assembly,
Sacramento, California.

The following resolution was unanimously passed at mass meeting of the Retail Cleaners and Tailors Protective Association held Monday night, February 20, 1931, and we urge you to use your vote and influence in voting against the bill mentioned in the resolution:

Resolved, That whereas a bill has been introduced in the State Legislature known as Assembly Bill No. 1084, we, as persons engaged in the cleaning and tailoring business, feel that its passage will tend to destroy our means of livelihood due to the proposed establishment of unreasonable regulations in our business, and we do hereby petition the members of our State Legislature to vote against this bill.

BEN KAHN,
President of the Retail Cleaners and Tailors Protective Association.

By Chief Clerk:

OFFICE OF CITY PROSECUTING ATTORNEY,
LOS ANGELES, CALIFORNIA, April 21, 1931.

Hon Arthur A. Ohnimus,
Chief Clerk of the Assembly,
Sacramento, California

In re: Assembly Bill No. 1853.

DEAR SIR. Will you please send me ten (10) copies of Assembly Bill No. 1853, as amended.

I wish to register a protest against this bill, which, if it should pass and be enacted into law, would mean the loss of many thousands of dollars of revenue each year

I notice that this bill is a revised bill which originally started out dealing with roads and highways, but has been amended so as to deal with the subject of bail bonds. Originally it was referred to the Committee on Roads and Highways, but I presume when it was amended it was probably referred to some other committee.

Will you please advise me of the present status of the bill and then forward this letter to the committee who now has the bill under consideration, with the request that they consider this as a protest, and that they be so kind as to notify me of the date of the public hearing on the bill before the committee, as I may desire to appear before the committee and present facts in support of my opposition.

Thanking you for your many courtesies, I am,

Very truly yours,

CHARLES P. JOHNSON, City Prosecutor.
By JOHN L. BLAND, Deputy City Prosecutor.
