SENATE CONSTITUTIONAL AMENDMENT No. 8.

A resolution to propose to the people of the State of California to amend the constitution of said State by amending section 7½ of article XI, relating to charters of counties and the election of officers thereunder.

Resolved by the Senate, the Assembly concurring, That the Legislature of the State of California at its regular session commencing on the fifth day of January, 1931, two-thirds of the members elected to each of the two houses of the said Legislature voting therefor, hereby proposes to the people of the State of California, that section 7½ of article XI of the constitution of said State be amended to read as follows:

Sec. 7½. Any county may frame a charter for its own government consistent with and subject to the constitution (or, having framed such a charter, may frame a new one,) and relating to matters authorized by provisions of the constitution, by causing a board of 15 freeholders, who have been for at least five years qualified electors thereof, to be elected by the qualified electors of said county, at a general or special election. Said board of freeholders may be so elected in pursuance of an ordinance adopted by the vote of three-fifths of all the members of the board of supervisors of such county, declaring that the public interest requires the election of such board for the purpose of preparing and proposing a charter for said county, or in pursuance of a petition of qualified electors of said county as hereinafter provided. Such petition, signed by 15 per centum of the qualified electors of said county, computed upon the total number of votes cast therein for all candidates for Governor at the last preceding general election at which a Governor was elected, praying for the election of a board of 15 freeholders to prepare and propose a charter for said county, may be filed in the office of the county clerk. It shall be the duty of said county clerk, within 20 days after the filing of said petition, to examine the same, and to ascertain from the record of the registration of electors of the county, whether said petition is signed by the requisite number of qualified electors. If required by said clerk, the board of supervisors shall authorize him to employ persons specially to assist him in the work of examining such petition, and shall provide for their compensation. Upon the completion of such examination

said clerk shall forthwith attach to said petition his certificate, properly dated, showing the result thereof, and if, by said certificate, it shall appear that said petition is signed by the requisite number of qualified electors, said clerk shall immediately present said petition to the board of supervisors, if it be in session, otherwise at its next regular meeting after the date of such certificate. Upon the adoption of such ordinance, or the presentation of such petition, said board of supervisors shall order the holding of a special election for the purpose of electing such board of freeholders, which said special election shall be held not less than 20 days nor more than 60 days after the adoption of the ordinance aforesaid or the presentation of said petition to said board of supervisors; *provided*, that if a general election shall occur in said county not less than 20 days nor more than 60 days after the adoption of the ordinance aforesaid, or such presentation of said petition to said board of supervisors, said board of freeholders may be elected at such general election. Candidates for election as members of said board of freeholders shall be nominated by petition, substantially in the same manner as may be provided by general law for the nomination, by petition of electors, of candidates for county offices, to be voted for at general elections. It shall be the duty of said board of freeholders, within 120 days after the result of such election shall have been declared by said board of supervisors, to prepare and propose a charter for said county, which shall be signed in duplicate by the members of said board of freeholders, or a majority of them, and be filed, one copy in the office of the county clerk of said county and the other in the office of the county recorder thereof. Said board of supervisors shall thereupon cause said proposed charter to be published for at least ten times in a daily newspaper of general circulation, printed, published and circulated in said county; *provided*, that in any county where no such daily newspaper is printed, published and circulated, such proposed charter shall be published for at least three times in at least one weekly newspaper, of general circulation, printed, published and circulated in such county; *and provided*, that in any county where neither such daily nor such weekly newspaper is printed, published and circulated, a copy of such proposed charter shall be posted by the county clerk in three public places in said county, and on or near the entrance to at least one public schoolhouse in each school district in said county, and the first publication or the posting of such proposed charter shall be made within 15 days after the filing of a copy thereof, as aforesaid, in the office of the county clerk. Said proposed charter shall be submitted by said board of supervisors to the qualified electors of said county at a special election held not less than 30 days nor more than 60 days after the completion of such publication, or after such posting; *provided*, that if a general election shall occur in said county not less than 30 days nor more than 60 days after the completion of such publication, or after such posting, then such proposed charter may be so submitted at such general election. If a majority of said qualified electors, voting thereon at such general or special election, shall vote in favor of such proposed charter, it shall be deemed to be ratified, and shall be forthwith submitted to the Legislature, if it be in regular session, otherwise at its next regular session, or it may be submitted to the Legislature in extraordinary session, for its approval or rejection as a whole, without power of alteration or amendment. Such approval may be made by concurrent resolution, and if approved by a majority vote of the members elected to each House, such charter shall become the charter of such county and shall become the organic law thereof relative to the matters therein provided, and supersede any existing charter framed under the provisions of this section, and all amendments thereof, and shall supersede all laws inconsistent with such charter relative to the matters provided in such charter. A copy of such charter, certified and authenticated by the chairman and clerk of the board of supervisors under the seal of said board and attested by the county clerk of said county, setting forth the submission of such charter to the electors of said county, and its ratification by them, shall, after the approval of such charter by the Legislature, be made in duplicate, and filed, one in the office of the Secretary of State and the other, after being recorded in the office of the recorder of said county, shall be filed in the office of the county clerk thereof, and thereafter all courts shall take judicial notice of said charter.

The charter, so ratified, may be amended by proposals therefor submitted by the board of supervisors of the county to the qualified electors thereof at a general or special election held not less than 30 days nor more than 60 days after the publication of such proposals for 10 times in a daily newspaper of general circulation, printed, published and circulated in said county; *provided*, that in any county where no such daily newspaper is printed, published and circulated, such proposed charter shall be published for at least three times in at least one weekly newspaper, of general circulation, printed, published and circulated in such county; *provided*, that in any county where neither such daily nor such weekly newspaper is printed, published and circulated, a copy of such proposed charter shall be posted by the county clerk in three public places in said county, and on or near the entrance to at least one public schoolhouse in each school district in said county. If a majority of such qualified electors voting thereon, at such general or special election, shall vote in favor of any such proposed amendment or amendments, or any amendment or amendments proposed by petition as hereinafter provided, such amendment or amendments

shall be deemed to be ratified, and shall be forthwith submitted to the Legislature, if it be in regular session, otherwise at its next regular session, or may be submitted to the Legislature in extraordinary session, for approval or rejection as a whole, without power of alteration or amendment, and if approved by the Legislature as herein provided for the approval of the charter, such charter shall be amended accordingly. A copy of such amendment or amendments shall, after the approval thereof by the Legislature, be made in duplicate, and shall be authenticated, certified, recorded and filed as herein provided for the charter, and with like force and effect. Whenever a petition signed by 10 per centum of the qualified electors of any county, computed upon the total number of votes cast in said county for all candidates for Governor at the last general election, at which a Governor was elected, is filed in the office of the county clerk of said county, petitioning the board of supervisors thereof to submit any proposed amendment or amendments to the charter of such county, which amendment or amendments shall be set forth in full in such petition, to the qualified electors thereof, such petition shall forthwith be examined and certified by the county clerk, and if signed by the requisite number of qualified electors of such county, shall be presented to the said board of supervisors, by the said county clerk, as hereinbefore provided for petitions for the election of boards of freeholders. Upon the presentation of said petition to said board of supervisors, said board must submit the amendment or amendments set forth therein to the qualified electors of said county at a general or special election held not less than 30 days nor more than 60 days after the publication or posting of such proposed amendment or amendments in the same manner as hereinbefore provided in the case of the submission of any proposed amendment or amendments to such charter, proposed and submitted by the board of supervisors. In submitting any such charter, or amendments thereto, any alternative article or proposition may be presented for the choice of the electors, and may be voted on separately without prejudice to others

Every special election held under the provisions of this section, for the election of boards of freeholders or for the submission of proposed charters, or any amendment or amendments thereto, shall be called by the board of supervisors, by ordinance, which shall specify the purpose and time of such election and shall establish the election precincts and designate the polling places therein, and the names of the election officers for each such precinct. Such ordinance, prior to such election, shall be published five times in a daily newspaper, or twice in a weekly newspaper, if there be no such daily newspaper, printed, published and circulated in said county, *provided*, that if no such daily or weekly newspaper be printed or published in such county, then a copy of such ordinance shall be posted by the county clerk in three public places in such county and in or near the entrance to at least one public schoolhouse in each school district therein. In all other respects, every such election shall be held and conducted, the returns thereof canvassed and the result thereof declared by the board of supervisors in the same manner as provided by law for general elections. Whenever boards of freeholders shall be elected, or any such proposed charter, or amendment or amendments thereto, submitted, at a general election, the general laws applicable to the election of county officers and the submission of propositions to the vote of electors, shall be followed in so far as the same may be applicable thereto.

It shall be competent, in all charters, framed under the authority given by this section to provide, in addition to any other provisions allowable by this constitution, and the same shall provide, for the following matters:

1 For boards of supervisors and for the constitution, regulation and government thereof, for the times at which and the terms for which the members of said board shall be elected, for the number of members, not less than three, that shall constitute such boards, for their compensation and for their election, either by the electors of the counties at large or by districts; *provided*, that in any event said board shall consist of one member for each district, who must be a qualified elector thereof; and

2. For sheriffs, county clerks, treasurers, recorders, license collectors, tax collectors, public administrators, coroners, surveyors, district attorneys, auditors, assessors and superintendents of schools, for the election or appointment of said officers, or any of them, for the times at which and the terms for which, said officers shall be elected or appointed, and for their compensation, or for the fixing of such compensation by boards of supervisors, and, if appointed, for the manner of their appointment; and

3. For the number of justices of the peace and constables for each township, or for the number of such judges and other officers of such inferior courts as may be provided by the constitution or general law, for the election or appointment of said officers, for the times at which and the terms for which said officers shall be elected or appointed, and for their compensation, or for the fixing of such compensation by boards of supervisors, and if appointed, for the manner of their appointment; and

4 For the powers and duties of boards of supervisors and all other county officers, for their removal and for the consolidation and segregation of county offices, and for the manner of filling all vacancies occurring therein; *provided*, that the provisions of such charters relating to the powers and duties of boards of supervisors and all other county officers shall be subject to and controlled by general laws, and

4½. For the assumption and discharge by county officers of certain of the municipal functions of the cities and towns within the county, whenever, in the case of cities and towns incorporated under general laws, the discharge by county officers of such municipal functions is authorized by general law, or whenever, in the case of cities and towns organized under section 8 of this article, the discharge by county officers of such municipal functions is authorized by provisions of the charters, or by amendments thereto, of such cities or towns.

5. For the fixing and regulation by boards of supervisors, by ordinance, of the appointment and number of assistants, deputies, clerks, attaches and other persons to be employed, from time to time, in the several offices of the county, and for the prescribing and regulating by such boards of the powers, duties, qualifications and compensation of such persons, the times at which, and terms for which they shall be appointed, and the manner of their appointment and removal; and

6. For the compensation of such fish and game wardens, probation and other officers as may be provided by general law, or for the fixing of such compensation by boards of supervisors.

All elective officers of counties and of townships, of road districts and of highway construction divisions therein shall be nominated and elected in the manner provided by general laws for the nomination and election of such officers; *provided, however*, it shall be competent in such charters to provide any other mode for their nomination and/or election, and to adopt and provide for any system of proportional representation on the legislative or governing body of counties, also the manner of voting under such system.

All charters framed under the authority given by this section, in addition to the matters hereinabove specified, may provide as follows:

For officers other than those required by the constitution and laws of the State, or for the creation of any or all of such offices by boards of supervisors, for the election or appointment of persons to fill such offices, for the manner of such appointment, for the times at which and the terms for which such persons shall be so elected or appointed, and for their compensation, or for the fixing of such compensation by boards of supervisors.

For offices hereafter created by this constitution or by general law, for the election or appointment of persons to fill such offices, for the manner of such appointment, for the times at which and the terms for which such persons shall be so elected or appointed, and for their compensation, or for the fixing of such compensation by boards of supervisors.

For the formation, in such counties, of road districts for the care, maintenance, repair, inspection and supervision only of roads, highways and bridges; and for the formation, in such counties, of highway construction divisions for the construction only of roads, highways and bridges; for the inclusion in any such district or division, of the whole or any part of any incorporated city or town, upon ordinance passed by such incorporated city or town authorizing the same, and upon the assent to such inclusion by a majority of the qualified electors of such incorporated city or town, or portion thereof, proposed to be so included, at an election held for that purpose; for the organization, government, powers and jurisdiction of such districts and divisions, and for raising revenue therein, for such purposes, by taxation, upon the assent of a majority of the qualified electors of such districts or divisions, voting at an election to be held for that purpose; for the incurring of indebtedness therefor by such counties, districts or divisions for such purposes respectively, by the issuance and sale, by the counties, of bonds of such counties, districts or divisions, and the expenditure of the proceeds of the sale of such bonds, and for levying and collecting taxes against the property of the counties, districts or divisions, as the case may be, for the payment of the principal and interest of such indebtedness at maturity; *provided*, that any such indebtedness shall not be incurred without the assent of two-thirds of the qualified electors of the county, district or division, as the case may be, voting at an election to be held for that purpose, nor unless before or at the time of incurring such indebtedness provision shall be made for the collection of an annual tax sufficient to pay the interest on such indebtedness as it falls due, and also for a sinking fund for the payment of the principal thereof on or before maturity, which shall not exceed 40 years from the time of contracting the same, and the procedure for voting, issuing and selling such bonds shall, except in so far as the same shall be prescribed in such charters, conform to general laws for the authorizing and incurring by counties of bonded indebtedness, so far as applicable; *provided, further*, that provisions in such charters for the construction, care, maintenance, repair, inspection and supervision of roads, highways and bridges for which aid from the State is granted shall be subject to such regulations and conditions as may be imposed by the Legislature.

Whenever any county has framed and adopted a charter, and the same shall have been approved by the Legislature, as herein provided, the general laws adopted by the Legislature in pursuance of sections 4 and 5 of this article, shall, as to such county, be superseded by said charter as to matters for which, under this section it is competent to make provision in such charter, and for which provision is made therein, except as herein otherwise expressly provided; and except that any such

charter shall not affect the tenure of office of the elective officers of the county, or of any district, township or division thereof, in office at the time such charter goes into effect, and such officers shall continue to hold their respective offices until the expiration of the term for which they shall have been elected, unless sooner removed in the manner provided by law.

The charter of any county, adopted under the authority of this section, may be surrendered and annulled with the assent of two-thirds of the qualified electors of such county, voting at a special election, held for that purpose, and to be ordered and called by the board of supervisors of the county upon receiving a written petition, signed and certified as hereinabove provided for the purposes of the adoption of charters, requesting said board to submit the question of the surrender and annulment of such charter to the qualified electors of such county, and, in the event of the surrender and annulment of any such charter, such county shall thereafter be governed under general laws in force for the government of counties.

The provisions of this section shall not be applicable to any county that is consolidated with any city.

SENATE CONCURRENT RESOLUTION No. 25.

Relating to the suppression of traffic in narcotic drugs and authorizing the appointment of a committee for the purpose of considering and recommending the enactment of effective laws governing the traffic in narcotic drugs and related matters.

WHEREAS, The misuse of habit forming drugs constitutes a grave menace to society; and

WHEREAS, There is great need of continued vigorous action on the part of the State of California to combat this evil, and

WHEREAS, The State of California is particularly subject to the illegal traffic in narcotic drugs on account of its great accessibility by land and water; and

WHEREAS, A continued effort is necessary on the part of the State of California in order to curb successfully all drug addiction within its boundaries; now, therefore, be it

Resolved by the Senate, the Assembly concurring, That there shall be and hereby is created a committee to be known as "State Narcotic Committee," consisting of one member of the Senate, to be appointed by the President of the Senate, and one member of the Assembly, to be appointed by the Speaker of the Assembly, for the purpose of considering the enactment of effective laws governing the traffic in narcotic drugs, and be it further

Resolved, That the committee shall also make a complete study of the entire subject of drug addiction in California, and shall gather such other necessary information, formulate recommendations, and prepare and submit to the next session of the Legislature of the State of California their findings therein; and be it further

Resolved, That the members of said committee shall receive no compensation for their services, but shall be paid their necessary traveling and other expenses. The sum of $500 is hereby set aside from the Contingent Fund of the Senate, and a like sum from the Contingent Fund of the Assembly, and made available for the purpose of defraying expenses, of such committee and committeemen, which expenses shall be paid equally from such contingent funds of the Senate and Assembly, and the State Controller is hereby authorized and directed to draw his warrant in favor of the members of said committee for such expenditures as may be certified to him from time to time by said committee, and the State Treasurer is hereby authorized and directed to pay the same.

Senate Concurrent Resolution No. 23 ordered transmitted to the Senate.

SENATE CONCURRENT RESOLUTION No. 23.

Relative to requesting the Division of Motor Vehicles to use the full word "California" on all number plates.

WHEREAS, The Division of Motor Vehicles designs the number plates issued yearly to comply with requirements of the California Vehicle Act; and,

WHEREAS, Section 42 (*b*) of said act provides that such plates shall have displayed upon them the word "California" or its abbreviation "Cal."; and,

WHEREAS, In designing such plates the division now uses the abbreviation rather than the full word; and,

WHEREAS, Automobiles registered in this State travel throughout the length and breadth of this country, and the abbreviation "Cal." is easily confused with the abbreviation used on the number plates issued by other states; and,

WHEREAS, The word "California" on number plates of automobiles traveling in other states would serve as a constant reminder of this State and would be an effective adjunct to the efforts of those who are advertising the advantages of California to the people of the nation; now, therefore, be it

Resolved by the Senate, the Assembly concurring, That the Division of Motor Vehicles be requested to use the full word "California" on all number plates hereafter issued by the division; and be it further

Resolved, That copies of this resolution be forwarded to the Director of Public Works, and to the Chief of the Division of Motor Vehicles.

SENATE JOINT RESOLUTION No. 16.

Relative to accepting amendments to permit from the government of the United States for the construction of approach roads and toll collection areas over certain rights of way leading to the Golden Gate Bridge and relating to the retrocession by the Congress of the United States of jurisdiction over said rights of way as relocated and said toll areas, bridge ends and bridge.

WHEREAS, On February 13, 1931, the Secretary of War, pursuant to authority vested in him by the laws of the United States, granted to the Golden Gate Bridge and Highway District certain rights of way upon which are to be located the approach roads, toll areas and bridge ends of the proposed Golden Gate Bridge; and

WHEREAS, The said grant has been accepted by the Golden Gate Bridge and Highway District and also by the Legislature of the State of California under the terms of Senate Joint Resolution No. 11; and

WHEREAS, It has become advisable to realign and change the location of a certain portion of the right of way for an approach road across the Fort Baker Military Reservation in the county of Marin; and

WHEREAS, On the first day of April, 1931, the Secretary of War did grant to the Golden Gate Bridge and Highway District an amended permit providing that the location of the center line of such right of way in the Fort Baker Military Reservation might be changed to the location shown upon the map attached to said amended permit of April 1, 1931; and

WHEREAS, It was, however, in said permit expressly provided that said amendment should not become effective and the original permit should remain unchanged thereby unless and until the said district should have accepted the said amendment and unless and until the State of California should have with respect to said amendment taken the same formal action which it was required to take with respect to the original permit and which is set forth in paragraph 11 and subparagraphs 11*a*, 11*b* and 11*c* of said instrument as a condition precedent to the taking effect thereof; now, therefore, be it

Resolved by the Senate and Assembly of the State of California, jointly, That said amendment dated April 1, 1931, to said permit dated February 13, 1931, granted by the Secretary of War to the Golden Gate Bridge and Highway District, be and the same hereby is, together with each, all, every and singular the terms, conditions, limitations, reservations and requirements therein contained, accepted by and on behalf of the State of California; and be it further

Resolved, That the State of California does hereby make application to Congress for a retrocession of jurisdiction over the rights of way as relocated and amended by said amended permit of April 1, 1931, in lieu of and superseding the application for retrocession of jurisdiction over the right of way heretofore granted across the Fort Baker Military Reservation in the original permit of February 13, 1931, in case the said relocated right of way is finally granted to the Golden Gate Bridge and Highway District; and be it further

Resolved, That the State of California will, in case such retrocession of jurisdiction is granted by Congress, accept such retrocession of jurisdiction, and will assume the responsibility for managing, controlling, policing, and regulating traffic thereon, all subject to the following limitations and to such other limitations as Congress may prescribe:

(*a*) That nothing in said permit contained shall be construed to give to the State of California or any of its agents, authority at any time to regulate traffic of military personnel or vehicles upon the said bridge or roads. All traffic upon said roads and upon said bridge shall be free from any tolls, charges or any form of obstruction by State or other agencies, against military and naval personnel and their dependents,

civilians of the Army and Navy traveling on government business under military authority, and government traffic.

(b) That whenever in the judgment of the Secretary of War or his authorized representative any emergency exists which justifies it, he may assume exclusive control and management of said bridge and roads and may then in his discretion prohibit, limit or regulate traffic thereon.

(c) That nothing in said permit contained shall be construed to confer upon the State courts the right to try persons subject to military law for crimes or offenses committed on said roads, or upon said bridge within the boundaries of the respective military reservations involved, but the courts of the United States or military tribunals as now or hereafter provided by law, shall retain exclusive jurisdiction to try such persons for such offenses Be it further

Resolved, That the State of California does hereby agree to make such relocated right of way in the Fort Baker Military Reservation in said amended permit described a part of the system of public highways of the State; and be it further

Resolved, That copies of this resolution be transmitted to the President of the United States, to the Secretary of War, to each House of Congress, and to the Senators and Representatives in Congress of the State of California.

SENATE JOINT RESOLUTION No 17

Relative to memorializing Congress to provide compensation, in lieu of taxes, for certain lands of the United States within the borders of the several states

WHEREAS, The United States government has withdrawn and set apart within permanent national parks or forests, enormous tracts of land, approximately nineteen million acres in the State of California alone; and

WHEREAS, Among other reasons, this has been made possible by the owner of timber land trading in their "cut-over" lands to the government for selected "cuttings"; and

WHEREAS, The United States government pays no taxes on such lands resulting in throwing a heavy tax burden on privately owned property in the same political subdivision, now, therefore, be it

Resolved by the Senate and Assembly, jointly, That Congress is urgently requested to appropriate sufficient money so that a sum of five cents per acre per year may be paid, in lieu of taxes, to the political subdivisions in which such lands belonging to the United States are situated; and be it further

Resolved, That a copy of this resolution be sent to the President of the United States, the Vice President, the Speaker of the House of Representatives and each of the members from California of the Senate and House of Representatives of the United States.

RESOLUTION.

The following resolution was offered by Mr. Greene:

RESOLUTION OF SYMPATHY AND ASSURANCE.

The California State Assembly having learned with feelings of sympathy that the Legislature of our sister state of Iowa has just adjourned after completing the reapportionment of that state by dividing it into nine congressional districts, instead of the eleven districts which it has had until now, we wish to assure our sister state that the population which it has lost and which caused the decrease in its congressional representation will still be well represented in Congress by the additional congressional representation which California will have under the new federal reapportionment.

Respectfully submitted.

SAM. M. GREENE, formerly of Iowa.

Resolution read, and on motion adopted.

"SEC. 3. Upon the application, by petition, of fifteen or more taxpayers and residents of said town or village presented at a regular meeting of the board of supervisors of the county in which the said town or village is situated, praying for the formation of a public highway lighting district, and setting forth the name and boundaries of the said proposed district, the board of supervisors shall fix a day and hour for hearing the same, and protests of interested parties, not less than twenty-five nor more than thirty days after the date of presentation thereof. The clerk of the board shall thereupon cause notices of the filing and hearing of such petition to be posted in three of the most public places in said district. Said notice shall be headed "Notice of the proposed formation of_____lighting district" (stating name of the proposed lighting district) in letters not less than one inch in length, and shall, in legible characters, state the fact and date of the filing of such petition, the date and hour set for hearing such petition and protests of interested parties, specify the boundaries of the proposed district and refer to said petition for

further particulars. The said clerk shall also cause a notice, similar in substance, to be published at least once a week for two consecutive weeks in a newspaper of general circulation printed and published in the county in which the proposed district is located, and designated by said board for that purpose. Said notice must be posted and published, as above provided, at least seven days before the date set for the hearing of said petition. Any person interested, objecting to the formation of said district, or to the extent of said district, or to the proposed improvement, or to the inclusion of his property in said district, may file a written protest, setting forth such objections, with the clerk of said board at or before the time set for the hearing of said petition. The clerk of said board shall endorse on each protest the date of its reception by him, and, at the time appointed for the hearing above provided for, shall present to said board all protests so filed with him. Said board shall hear said petition and protests at the time appointed, or at any time to which the hearing thereof may be adjourned, and pass upon the same, and its decision thereon shall be final and conclusive. If any of such protests be against the extent of said district, or against the inclusion of property in said district, then the board shall have power to make such changes in the boundaries of the proposed district as it shall find to be proper and advisable, and shall define and establish such boundaries, but said board shall not extend the boundaries of said district, nor shall said board modify such boundaries so as to exclude from such proposed district any territory which will be benefited by said improvement, nor shall any territory which will not, in the judgment of said board be benefited by said improvement be included within such proposed district. At the expiration of the time within which protests may be filed, if none be filed, or if protests be filed and, after hearing be denied or the boundaries of the proposed district be defined and established with modifications, as above provided, then said board shall be deemed to have acquired jurisdiction to further proceed in accordance with the provisions of this act.

The said board of supervisors must, within thirty days after acquiring jurisdiction to proceed as provided above, by resolution, order that an election be held in the said proposed district for the determination of the question, and shall appoint three qualified electors thereof to conduct said election; which must be held within forty days from the date of the order."

Amendments adopted.

Bill read second time, ordered to reprint, engrossment, and third reading.

Assembly Bill No. 227—An act to amend sections 2, 5, and 7 of, and to add sections 3*a*, 3*b*, and 5*a* to an act entitled "An act to provide for work in, under and upon highways, roads, streets, avenues, boulevards, lanes, alleys, courts, places and parks in unincorporated territory of counties and any of the same lying within municipalities, whenever necessary or proper to complete or connect with any work outside thereof, and any of the same forming the exterior boundaries of any municipality, where such municipality joins unincorporated territory of the county, whether partly or wholly within or without the boundaries of such municipality, and in, under and upon all publicly owned property and rights of way, whether within or without municipalities, and in, under and upon any property and rights of way of which the county has possession and right of use under the provisions of section 14 of article I of the constitution of the State of California, and for establishing and changing the grade of such highways, roads, streets, avenues, boulevards, lanes, alleys, courts, places and parks; to provide for the issuance, payment and enforcement of improvement bonds to represent certain assessments for the costs thereof and a method for the payment of such bonds; to provide for the formation, management and dissolution of districts to be assessed to pay the expenses of the maintenance and operation of the improvements such as are permitted to be or are constructed hereunder, and assessing, levying and collecting of special assessment taxes to pay such expenses; and to provide for county aid in all of such work," approved June 3, 1921, Statutes 1921, page 1628.

"SECTION 1. Definitions. The following words and phrases shall, where used in this act, have the following meanings:

1. The term "improvement" includes planting, removal or maintenance of trees, and any or all acts necessary thereto.

2. The terms "municipality" and "city" include all incorporated cities, cities and counties and other corporations organized for municipal purposes, whether operating under a freeholders' charter, general law, or otherwise.

3. The terms "city council" and "council" include any body or board in which by law is vested the legislative power of any municipality.

4. The word "board" includes any board of park commissioners, park department, or any other similar municipal authority, whether composed of one or more individuals, having control or jurisdiction over, or charged with, the duty of superintending, directing, planting, removing, maintaining or otherwise caring for the parks, shrubs, trees or vegetation within the city limits of the municipalities hereinafter referred to.

5. The word "trees" includes any and all trees, shrubs, or other ornamental vegetation

6. The word "streets" shall include and mean, where the context requires, one street or any portion thereof.

7. The words "maintenance" or "maintain" when used herein in reference to trees shall include clipping, spraying, fertilizing, irrigating, propping, treating for disease or injury, and any other similar acts which promote the life, growth, health or beauty of trees.

8. The words "tax collector" shall include any municipal body, board, bureau or officer charged with the duty of collecting assessments for such municipality.

SEC. 2. Board given jurisdiction and authority over trees. In all municipalities of this state, having a board, such board shall have full power and authority over the trees planted, or to be planted, in that part of each and every street, lying between the lot lines, and in the center or side plots thereof in said city, as well as the parks, parkways and public grounds in such municipalities subject to its control, and shall have the right and power to establish rules and regulations relating to the planting, maintenance and removal of such trees, and it shall be the duty of said board to recommend to the city council of said municipalities the enactment of such ordinances as they may deem necessary to protect said trees.

SEC. 3. Office of city forester authorized. The said board shall have authority to appoint any qualified person to be designated as city forester or by similar title to take charge of and direct, subject to the supervision and control of the board, all of the work authorized to be done by said board under this act. In the event that a city forester has not heretofore been appointed, said board shall have sole power and authority to fix the term and compensation for said city forester, and to determine the qualifications and fitness of applicants for such position, and to remove at pleasure persons appointed thereto; *provided*, that the methods of employing and compensating a city forester have not been regulated by law or ordinance heretofore enacted, in which event said law or ordinance shall govern and control such matters. They shall also have power to employ, or authorize the city forester to employ, as many assistants as they may deem necessary for the purpose of carrying on said work, the number and compensation of such employees to be fixed by the board. They shall also have power and authority to purchase all machinery, tools and implements, and incur such other expense as they may deem necessary for the conduct of the work, such purchases to be made in the manner provided by law or ordinance, and only out of funds available for expenditure by the board.

SEC. 4. Salary and expenses of city forester. Said board, the city council, or the legislative body of such city as may be authorized by law so to do, shall include in the annual budget of the board, such sum as it may deem necessary, if any, to meet all expenses of doing said work during the following fiscal year, including the salaries of the city forester and other employees, but excepting so much of the expense of doing said work as is assessable to abutting property, as hereinafter provided, and the taxes levied for such purposes shall be in addition to all other taxes for park or street improvement purposes of every nature; *provided, however*, that if the expenditures herein provided are already provided for by law or ordinance, then such law or ordinance shall control the same.

SEC. 5. Powers of city forester. The city forester, under the supervision and direction of the board and according to the provisions of this act, shall have power to plant, remove and maintain all trees on or in that part of the streets, parks and other public grounds over which the board is given control by section 2 hereof

SEC. 6. Summary power to remove dangerous trees. In case any tree in any municipality or any tree standing on any private estate, overhanging or projecting into any such street, appears to be dead, liable to fall, dangerous or an obstruction to public travel, the board may remove the same or such parts thereof as are liable to fall, dangerous or an obstruction to public travel, provided that except in case of manifest public danger and immediate necessity, no such tree shall be wholly cut down or removed unless ten days notice in writing shall be given by the board to an owner, occupant, or agent of or nearest to such tree; and if any owner, occupant or agent of such estate shall, within seven (7) days after the giving of such

notice, file with the said board, his objections in writing to such removal, such tree shall not be cut down or removed unless said board shall give such owner or other proper person who has made said objection, a reasonable opportunity to be heard in support of such objection, and shall thereafter approve, in writing, the removal of the same, if such objection is not sustained.

SEC. 7. Written proposal to city council Diagram of proposed improvement. When the board shall propose the planting maintenance or the removal of any living shade tree or trees in streets of the municipality, the city forester, under the direction of said board, shall present said proposal in writing to the city council, which said written proposal shall specify in detail the streets upon which the improvement is proposed to be made; it shall also describe the general nature and estimated total cost of the improvement and the kinds of trees to be planted, if any. Such proposal shall be accompanied by a diagram showing the streets to be improved and the abutting lots or parcels of land and the front footage of each thereof; upon said several lots or parcels as they appear in said diagram shall be written the legal descriptions thereof

SEC 8 Assessment on front footage basis. The total cost of any such improvement shall be assessed upon the lots or parcels of land fronting thereon, except as may be otherwise specifically provided in this act; every lot, parcel or portion thereof being separately assessed in proportion to the frontage at a rate per front foot sufficient to cover the total expense of the work.

SEC. 9 Petition by property owners Alternative authority of board and city forester. Nothing herein contained shall be construed as requiring that the proceeding herein specified may originate only by written proposal filed by the city forester with the city council, and such proceeding may as an alternative be instituted by a petition of property owners, and upon such petition being filed the city forester shall file with the city council the diagram with the written proposal specified, which shall describe the improvement proposed by such petition Nothing herein contained shall be construed to prevent a board or the city forester at any time from planting, maintaining or removing one or more trees in streets of the municipalities by private arrangement for reimbursement with the owner of any lot or parcel fronting the property upon which said planting, maintenance or removal is to be done, nor to prevent a board or the city forester from expending funds which it may have on hand for any purpose whatsoever for the planting, maintaining or removing of one or more trees, and such board or city forester is hereby given authority to so expend such funds if in its judgment such expenditures will not embarrass or affect the efficient discharge of its duties as such duties may be defined by this act, or any other law or ordinance, or by city charter, and are advisable and for the best interests of the public Any planting, maintaining or removing done under the circumstances specified in the preceding sentence shall not require the initiation of the proceeding specified in this act, or any other proceeding whatsoever, or any formal action by said board or the city council

SEC 10. Resolution of intention. Before ordering any improvement specified in the written proposal described in section 7 hereof, the city council shall adopt a resolution of intention, declaring its intention so to do, briefly describing the improvement, the streets which are to be improved, the general nature and estimated cost thereof, and the kinds of trees to be planted, if any. If the proposal includes the maintenance of trees which are already planted, or are proposed herein to be planted, then the said resolution shall provide for the maintenance thereof for the period specified in said proposal, but in any event not to exceed five years. The city council may, in its discretion, order in said resolution of intention, or thereafter, that a certain portion or percentage or all, of the costs and expenses of said improvement, the amount of which shall be specified in said resolution, shall be paid out of the treasury of such municipality from such funds as the city council may designate. Property owners are hereby given the right to object to said improvement by filing with the city council a written protest, specifying the objections at any time before the time fixed for the hearing thereof, the resolution of intention shall fix the time when the city council shall hear and pass upon said protests

SEC 11 Notice to be given property owners Upon the adoption of said resolution of intention, written notice thereof by mail or otherwise, shall be sent to the owner or his agent, if known of all the lots or parcels specified in the diagram referred to in section 7 hereof. Said notice shall specify the streets upon which the improvement is proposed to be made, the general nature and estimated cost thereof or such portion thereof as the city council does not order to be paid out of municipal funds, as specified in section 10, a statement that the total cost will be assessed against the particular lots or parcels on a foot frontage basis, the kinds of trees to be planted, if any Said notice shall refer to the resolution of intention, and provide that any lot owner may protest the improvement as in said resolution provided

SEC 12. Hearing of protests. Ordering of work On the date fixed by the resolution of intention for the hearing of protests, the city council shall proceed to hear and pass on all protests so made, and its decision shall be final and conclusive. If said council decides to proceed, it shall, by resolution, order said improvement to

be made according to the resolution of intention, or according to such alterations or changes as it may deem best After any such hearing, the city forester, under the direction and supervision of the board shall abandon said work or proceed with it, according to the decision of the city council. Anything to the contrary herein notwithstanding, all further proceedings on any such improvement shall be barred, if owners owning a majority of the front footage involved in the improvement object to the same, and the proceeding can not in such case be renewed for a period of six (6) months, and must be renewed by the enactment of another resolution of intention.

SEC. 13. Cost of improvement chargeable to abutting property. The entire cost of planting, maintenance or removal of trees between the lot lines, in front of any lot or parcel of land abutting on a street, when such work is done pursuant to the preceding section, shall be chargeable to and assessed upon such lots or parcels of land, except such sums as may be allocated by the city council therefor, as herein provided

SEC. 14. Assessment and levy. If said improvement is ordered to be made, the city council shall thereupon levy the assessment for the total amount required to pay for said improvement, less any sum that may be allotted by the city council therefor in its resolution of intention or otherwise, upon the respective lots or parcels specified in the diagram referred to in section 7. Upon the levying of such assessment, the clerk of said council shall transmit to the city tax collector the diagram and assessment upon which said levy is based.

SEC. 15. Contest of validity of assessment. The validity of any assessment levied under this act shall not be contested in any action or proceeding unless the same is commenced within thirty (30) days after the time said assessment is levied, and any appeal from a final judgment in such an action or proceedings must be perfected within thirty (30) days after the entry of such judgment.

SEC. 16. Assessment roll. Assessments payable immediately. Lien. Publication of notice of record of assessment roll. Delinquent assessments Upon the receipt of the diagram and assessment referred to in section 7 hereof, the tax collector shall record the same in a suitable book to be kept for that purpose, and append thereto his certificate of the date of such recording, and such record shall be the assessment roll. From the date of such recording all persons shall be deemed to have notice of the contents of such assessment roll. Immediately upon such recording, the several assessments contained in such assessment roll shall become due and payable, and each of such assessments shall be a lien upon the property against which it is made, paramount to all other liens except liens for state, county and municipal taxes, and shall only be discharged by payment of the assessment or by redemption of the land after sale for delinquency. The tax collector shall, upon the recording of such assessment, give notice by publication for five days in a daily newspaper, published and circulated in said city, or by two insertions in a weekly newspaper so published and circulated. If there be no such newspaper, the said notice shall be given by posting the same in three public places in the municipality. Said notice shall provide that said assessments have been recorded in his office, and that all sums assessed therein are due and payable immediately, and that payment of said sums must be made to him within thirty days after date of the first publication or posting, which date shall be stated in the notice. Said notice shall also contain the statement that all assessments not paid before the expiration of the said thirty days shall be delinquent, and thereupon ten per cent of the amount of each such assessment shall be added thereto. When payment of any assessment is made, the tax collector shall mark opposite such assessment the word "paid", with the date of the payment thereof, and shall give a receipt therefor. Upon the expiration of said period of thirty days, all assessments then unpaid shall become delinquent, and the tax collector shall mark each such assessment "delinquent", and shall add ten per cent to the amount thereof.

SEC. 17. Sale of property upon which assessments are delinquent. The tax collector shall, within thirty days after the date of such delinquency, begin the publication of a notice of sale of the property upon which the assessments have not been paid, which publication must be made by two consecutive insertions in a daily or weekly newspaper published and circulated in the city. If there be no such newspaper, the notice thereof shall be given by posting the same in three public places in the municipality. The dates fixed for the sale of the property upon which assessments have not been paid shall be not less than five days, nor more than ten days after the last publication of said list, or after the completion of posting, as the case may be. The list so published must contain a description of each lot or parcel of land delinquent, and opposite each description the name of the owner in the assessment roll, and the amount of the assessment and costs due, including the cost of advertisement, which cost of advertisement shall not exceed the sum of fifty cents for each parcel of land separately assessed. He shall append to and publish with said delinquent list a notice that unless each assessment delinquent, together with the penalty and cost thereon, is paid, the property upon which the assessment is a lien will be sold at public auction, at a time and place to be specified in said notice.

At any time after such delinquency and prior to the sale of any parcels of land assessed and delinquent, any person may pay the assessment thereon, together with

the penalties and costs due thereon, including the cost of advertising, if such payment is made after the first publication of notice of sale or posting of said notice.

At the time and place fixed therein the tax collector shall proceed with such sale, commencing at the head of the list of lands contained in such notice and continuing in the numerical order thereof until all the property is sold; *provided*, that he may postpone, or continue, the sale from day to day until the sale is completed. The tax collector shall separately sell each parcel of land described in such notice, or so much thereof as shall be necessary to realize the amount assessed against the same, together with the penalties and costs as aforesaid, and fifty cents for a certificate of sale. In case there is no other purchaser the same shall be struck off to the city as purchaser.

SEC. 18. Certificate of sale. The tax collector shall issue for each sale an original and duplicate certificate of sale, referring to the proceedings, describing the parcel sold, and giving the name of the purchaser and the amount for which said parcel was sold. The original certificate he shall deliver to the purchaser, and the duplicate he shall keep on file in his office.

SEC. 19. Redemption of property. At any time before the expiration of one year from the date of the sale, any property sold under the provisions of the preceding sections may be redeemed by the payment to the tax collector of the amount for which the property was sold, with an additional penalty of twenty per cent of said amount. Said redemption money shall be paid by the tax collector to the person holding the original certificate of sale upon his delivering up the same and receipting for the amount received from the tax collector therefor. Upon redemption of any parcel of land the tax collector shall enter the fact and date of such redemption upon the duplicate certificate of sale thereof.

SEC. 20. Deed to property. Notice to owner. Owner must pay for service of notice. At any time after the expiration of twelve months from the date of sale, the tax collector must execute to the purchaser, or his assignee on his application, if such purchaser or assignee has complied with the provisions of this section, a deed of the property sold, in which shall be recited substantially the matters contained in this certificate, also any assignment thereof, and the fact that no person has redeemed the property. The tax collector shall receive from the applicant for a deed one dollar for making such deed, unless the municipality is the purchaser, in which case no charge shall be made therefor. The purchaser or his assignee must, at least thirty days before he applies for a deed, serve upon the owner of the property, and upon the occupant of such property, if the same is occupied, a written notice setting forth a description of the property, that said property has been sold for a delinquent assessment (specifying the improvement for which the same was made), the amount for which it was sold, the amount necessary to redeem at the time of giving notice, and the time when such purchaser or assignee will apply to the tax collector for a deed. If the said owner can not be found, after due diligence, said notice must be posted in a conspicuous place upon said property at least thirty days before the time stated therein, at which the application for a deed will be made. The person applying for a deed must file with the tax collector an affidavit or affidavits showing that notice of such application has been given, as herein required, and if the notice was not served on the owner of the property personally, that due diligence was used to find said owner; which affidavit or affidavits must be filed by the tax collector in his office. If redemption of the property is made after such affidavits are filed, and more than eleven months from the date of sale, the person making such redemption must pay, in addition to the other amounts required, three dollars for the service of notice and the making of such affidavits, which amount shall be paid over to the purchaser or his assignee in the same manner as other sums paid for redemption. No deed for any property sold for delinquent assessment shall be made until the purchaser or his assignee has complied with all the provisions of this section and filed with the tax collector the proper affidavits.

SEC. 21. Deed prima facie evidence. The deed of the tax collector shall be prima facie evidence of the truth of all matters recited therein, and of the regularity of all proceedings prior to the execution thereof, and of title in the grantee.

SEC. 22. Collection and disbursement of fund for improvement. The funds collected by the tax collector under the proceedings herein provided for, shall be paid by said tax collector, as fast as collected, to the treasurer of the city, who shall place the same in a special fund designated by the name of the improvement proceeding, and payment shall be made out of said special fund only for the purpose provided for in this act. To expedite the making of any such improvement, the city council may at any time transfer into said special fund, out of any money in the general fund, such sums as it may deem necessary, and the sums so transferred shall be deemed a loan to such special fund, and shall be repaid out of the proceeds of the assessments provided for in this act.

SEC. 23. Work to be done by city forester. The city forester, under the direction of the board, shall do or cause to be done, all of the work ordered to be done by the city council, and the payments out of the fund specified in the preceding section, shall be made to the board by the city treasurer from time to time as required by the board for the prosecution and completion of the work.

If, in the opinion of the board, it is desirable to let contracts for all or any part of any improvement ordered by the city council to be made as herein provided, the city forester, under its direction, shall let the same to the lowest responsible bidder, after notice published by two insertions in any daily, or one insertion in any weekly, newspaper published in the city, or in the event there be no such newspaper, the said notice shall be posted for five days at three public places in the city. Such work shall be done under the city forester's supervision.

If the contractor abandons the work, or fails to proceed with the same as rapidly as required by his contract, the city forester may re-let the work in the same manner as in the first letting, or complete or cause the same to be completed in such other manner as he may deem advisable, and retain the amount of any expense incidental to the re-letting, out of any funds due or to become due to the contractor, and also hold him and his sureties responsible for such cost and expense, and for any damages resulting from such abandonment or failure, on his bond."

AMENDMENT NUMBER THREE

On page 3, line 45, of the printed bill, strike out "11.", and insert in lieu thereof the following: "24. Application of act."

AMENDMENT NUMBER FOUR.

On page 4, between lines 3 and 4, of the printed bill, insert the following:

"If any provision of this act is contrary to or in conflict with the provisions of the city charter of any municipality to which this act applies, or such provision of such city charter requires any matter or thing herein specified to be done in a particularly described manner, then such provisions of such city charter shall take precedence over the provisions of this act, and be controlling, anything contained herein to the contrary notwithstanding."

AMENDMENT NUMBER FIVE.

On page 4, line 4, of the printed bill, strike out "12.", and insert in lieu thereof: "25. Construction Title."

Amendments adopted.

Bill read second time, ordered to reprint, engrossment, and third reading

Assembly Bill No. 1363—An act to amend the title of and revise an act entitled "An act to provide for work in and upon highways, streets, avenues, lanes, courts, places and sidewalks in the unincorporated territory of counties and upon property and rights of way owned by counties and for establishing and changing the grades of highways, streets, avenues, lanes, alleys, courts, places and sidewalks, and providing for the issuance and payment of highway improvement bonds to represent certain assessments for the cost thereof, and providing a method for the payment of such bonds," approved June 3, 1921, and to include therein provisions for work in, under and upon and for establishing and changing the grades of highways, roads, streets, avenues, boulevards, lanes, alleys, courts, places and parks within municipalities, whenever necessary or proper to complete or connect with any work outside thereof, together with any of the same which may form the exterior boundary of a municipality, where such municipality joins unincorporated territory of the county whether they lie wholly or partly within or without the boundaries of such municipality and in, under and upon any publicly owned property and rights of way whether within or without a municipality, and in and upon any property and rights of way of which the county has possession and right of use under the provisions of section 14 of article I of the constitution of the State of California; for the issuance, payment and enforcement of improvement bonds to represent certain assessments for the cost thereof and a method for the payment of such bonds; for the formation, management and dissolution of districts to be assessed to pay the expenses of the maintenance and operation of improvements constructed hereunder, and the assessing, levying and

collecting of special assessment taxes to pay such expenses; and the doing of work outside the county and the cost of such improvement work to be assessed upon the property within the county ordering such work to be done.

COMMITTEE AMENDMENTS.

During second reading of the bill, the following amendments were submitted by the committee:

AMENDMENT NUMBER ONE.

Strike out the title of the printed bill, and insert in lieu thereof the following:

"An act to amend the title and section 1 of the county improvement act of 1921, as amended, relating to improvement work in another county, or in any city and county, under the provisions of the act."

AMENDMENT NUMBER TWO.

On page 2, line 1, of the printed bill, after "Section 1.", insert the following: "The title of the county improvement act of 1921 is hereby amended to read as follows:

An act to provide for work in, under and upon highways, roads, streets, avenues, boulevards, lanes, alleys, courts, places and parks in unincorporated territory of counties and any of the same lying within municipalities or in any other county or city and county, whenever necessary or proper to complete or connect with any work outside thereof, and any of the same forming the exterior boundaries of any municipality or city and county or other county, where such municipality or city and county or other county joins unincorporated territory of the county, whether partly or wholly within or without the boundaries of such municipality or city and county or other county, and in, under and upon all publicly owned property and rights of way, whether within or without municipalities, or in any other county or city and county, and in, under and upon any property and rights of way of which the county has possession and right of use under the provisions of section 14 of article one of the constitution of the State of California, and for establishing and changing the grade of such highways, roads, streets, avenues, boulevards, lanes, alleys, courts, places and parks; to provide for the issuance, payment and enforcement of improvement bonds to represent certain assessments for the costs thereof and a method for the payment of such bonds; to provide for the formation, management and dissolution of districts to be assessed to pay the expenses of the maintenance and operation of improvements such as are permitted to be or are constructed hereunder and the assessing, levying and collecting of special assessment taxes to pay such expenses; and to provide for county aid in all of such work.

SEC 2. Section 1 of said act is hereby amended to read as follows:

Section 1 All highways, roads, streets, avenues, boulevards, lanes, alleys, courts, places and parks (hereafter in this act collectively designated as "public ways," which term shall mean and include any or all of the foregoing wherever it is used) now open or dedicated, or which may hereafter be opened or dedicated to public use in unincorporated territory of any of the counties of this state, and all public ways, now open or dedicated, or which may hereafter be opened or dedicated to public use, forming the exterior boundaries of any municipality or city and county or other county of this state, where such municipality or city and county or other county joins unincorporated territory of a county, whether such public ways be partly or wholly within or without the boundaries of such municipality or city and county or other county, and all property for which an order to take immediate possession and use of a right of way thereover for a public use has been obtained from a court of competent jurisdiction in any action in eminent domain or proceeding for the laying out, opening, extending, widening or straightening, in whole or in part, or any public way, in compliance with the provisions of section 14 of article one of the constitution of this state, shall be deemed and held to be open public ways for the purposes of this act, and the board of supervisors of each county is hereby empowered to establish and change the grade or grades of any or all of such public ways and to fix the width thereof, and is hereby invested with jurisdiction and power to order to be done in, under or upon the whole or any portion of any or all of such public ways and in, under or upon all publicly owned property and rights of way, any work or improvement of the character mentioned in that act of the Legislature known as the "improvement act of 1911," which work or improvement shall be done in accordance with the procedure and in pursuance of the provisions of said improvement act, and the provisions of said improvement act are hereby adopted by reference for the purposes of this act; *provided*, that certain words used in said improvement act shall, for the purposes of this act, be construed as follows: The words "city" and "municipality" shall be construed as referring to "county"; the words "city council" as referring to "board of supervisors"; the word "mayor" as referring to the "chairman of the board of supervisors"; the word "clerk" as referring to "county clerk"; the words "council chambers" as referring to the "chambers of the board of

supervisors"; the words "city treasurer" as referring to "county treasurer"; the words "street superintendent" and "city engineer" as referring to "county surveyor," and all words relating to municipal officers and matters as referring to the corresponding county offices and matters under this act; *provided*, that the board of supervisors may appoint any competent county officer, other than the county surveyor, without compensation, as the officer to perform any or all of the duties conferred upon the street superintendent or city engineer in said improvement act; *provided, further*, that said board may appoint an engineer of work, in which event the duties to be performed by the city engineer as set forth in the improvement act of 1911 shall be performed by said engineer of work, whose compensation and expenses shall constitute an incidental expense in the cost of said work. Said board may provide that the work shall be done under his direction and to his satisfaction and that the materials used shall comply with the specifications and be to the satisfaction of such engineer of work instead of said county surveyor and may provide that he shall make and sign the assessment instead of the county surveyor. The contract shall nevertheless be entered into with the county surveyor and the assessment and warrant when confirmed shall be recorded in the office of said county surveyor.

Said board of supervisors shall also have jurisdiction and power to include in the same proceeding and under the same provisions of law and to order, with any of the work aforesaid, any work of the same kind or kinds upon any one or more public ways or publicly owned property or rights of way within any one or more municipalities or any city and county or other county whenever in the judgment of said board such work therein is necessary or proper to complete or connect with any work outside thereof; *provided*, that the consent of the legislative body of such municipality or city and county or other county, expressed by resolution, shall first be obtained for the use for such purpose of such public ways or publicly owned property or rights of way within such municipality or city and county or other county, and such consent shall likewise be obtained for the doing of work upon any public way forming the exterior boundary of a municipality or city and county or other county, where such municipality or city and county or other county joins unincorporated territory of the county, if the whole or a part of such public way lies within the boundaries of such municipality or city and county or other county."

AMENDMENT NUMBER THREE.

On page 1, line 1, of the printed bill, beginning with said line 1, strike out all of lines 1 to 26, inclusive, and insert in lieu thereof the following:

"Section 1. A new part is hereby added to division V of the School Code to be known as part V thereof, embracing sections 5.1100 to 5.1137, both inclusive, and to read as follows:

Part V—Retirement of Teachers and Employees by School Districts.

Chapter I—For whom retirement salaries may be provided.

5.1100 The governing boards of any two or more school districts having the same personnel, in which districts two hundred fifty or more teachers and other employees are employed in the elementary and secondary schools thereof; *provided*, said teachers and other employees are not entitled to the benefits of the pension or retirement system maintained by a city, city and county or county comprising said districts or in which said districts are situated, shall have power, by resolution, to elect to provide a plan or system for a district retirement salary under the provisions of this article to be paid by the districts to all teachers in the public schools of such districts, and to such other employees of the districts as the governing boards may determine who may be retired under such plan or system as provided in this part.

5.1101. Whenever the governing boards of such school districts shall adopt the provisions of this part as hereinbefore provided, every teacher and other employee whom the boards may designate who at the time of such adoption is employed in the schools of the districts and who signs an agreement to be bound by the benefits and burdens of this part shall be subject to the benefits and burdens of this part.

5.1102. Every teacher employed in the public schools of the districts after the adoption of the provisions of this part by the governing boards of the districts and such other employees as the boards may determine shall be bound by the benefits and burdens of this part.

Chapter II—Funds.

5.1110. For the purpose of providing such retirement salaries the governing boards of the districts shall require from every teacher and other employee, bound by the benefits and burdens of this part, an annual contribution not to exceed four per cent of the annual salary paid each such teacher or other employee. The school districts shall contribute an equal amount; *provided, however*, that the governing boards of the district with the consent of the teacher or other employee, may provide by contract, for the retirement of such teacher or other employee at a date not more than two years after the date of such contract, and that during the term of such contract, not exceeding two years, the governing boards of the districts may contribute a greater amount than that contributed by the teacher or other employee. For these purposes a district tax may be levied and collected annually at the same time and in the same manner as other district taxes are levied and collected. Such tax shall be in addition to any other district tax now or hereafter authorized by law and shall not be considered in fixing maximum rates of tax for school district purposes.

5.1111. All taxes and contributions so collected shall be paid into the county treasury and placed to the credit of the district in a special fund hereby created to be known as the "district retirement fund," which fund shall be used for the sole purpose of carrying out the provisions of this part.

Chapter III—Payment of salaries.

5.1120. Every teacher bound by the benefits and burdens of this part shall be entitled to a district retirement salary under the provisions of this part who: first, is, after July 1, 1930, duly retired under the provisions of part IV or part VI of this division, whichever may be in effect; and second, who at the time of such retirement has served as a teacher in the public schools of the districts for at least twenty school years of full time teaching including all such years so served prior to July 1, 1930, immediately preceding such retirement, except where the teacher is retired because of disability, in which case such teacher need only have so served for fifteen years as a

teacher in the public schools of the district at the time of such retirement.

5.1121 Every employee of the districts other than a teacher, bound by the benefits and burdens of this part, shall be retired on a district retirement salary under the provisions of this part, who at the time of such retirement shall have attained the age of seventy years and shall have been employed by the districts for at least ten school years of full time employment preceding such retirement, every employee of the districts other than a teacher, bound by the benefits and burdens of this part, may, at his option, retire on retirement salary under the provisions of this part who, at the time of such retirement shall have attained the age of sixty-five years and shall have been employed by the districts for at least twenty school years of full time employment preceding such retirement; *provided*, that in case such employee is retired because of disability, he need only have been employed by the districts for at least ten school years of full time employment preceding such retirement.

5.1122. The governing boards of the districts shall in all cases determine the teachers and other employees who are entitled to retirement salaries, as provided in this part, and make and keep a list, which said list of such teachers and other employees shall be known as the retired list. For the purpose of making such retired list the boards may take testimony and examine witnesses under oath, which said oath shall be in the form used in courts of law.

5.1123. In determining a school year of full time teaching the governing boards of the districts shall follow the provisions of part four of this division, or the provisions of part six of this division, whichever may be in effect, and the rules of the state board of education established thereunder, and part time teaching shall be so proportionately counted in determining a school year.

Chapter IV—Administration

5.1130. The governing boards of the school districts shall have power to make all necessary and proper rules and regulations in aid or furtherance of the provisions of this part and in order to carry out and administer such provisions. A majority of the governing boards of the districts shall constitute a quorum for the transaction of all business under this part.

5.1131. All incidental expenses, including actual and necessary clerical or other help, incurred in carrying out the provisions of this part shall be paid out of the said fund at the same time and in the same manner as other expenditures are paid from district funds; but the members of the said governing boards shall discharge the powers, duties, purposes, responsibilities and jurisdiction conferred on or imposed upon said governing board under this part without extra or additional compensation.

5.1132. The governing boards shall enter into a contract with the board administering the provisions of any law providing for the payment of retirement salaries or pensions by the state, in whole or in part, to public school teachers, which said board is hereinafter referred as the "State retirement board", for the administration of such fund and the payment of retirement salaries.

Whenever any such contract is entered into, all sums in the district retirement salary fund, after the payment of incidental expenses as hereinbefore provided for, must be transferred once each year to the said state retirement board, and thereafter all retirement salaries theretofore or thereafter given or allowed shall be paid as hereinafter provided by the said state retirement board.

5.1133. When such contract is entered into a copy of the retired list of the districts must be submitted to the state retirement board, at the time of the consummation of such contract, and thereafter whenever any teacher or other employee is added to such retired list by the governing boards of the districts notice thereof must be given by said governing boards to the said state retirement board.

5.1134. The said state retirement board shall have power and it shall be its duty to contract with the governing bodies of school districts for the administration of district retirement salary funds and the payment of district retirement salaries from such funds as hereinbefore in this part provided.

5.1135 All sums so received by the said state retirement board from districts must be kept separate and distinct from all sums received by said latter board from other districts under the provisions of this part and except as may be otherwise provided in said contract, such board shall have power to invest and reinvest moneys so received by it in any securities in which the funds of savings banks may be legally invested. Persons placed on the retired list of such districts by the governing boards of such districts must be paid a retirement salary consisting of two parts, as follows

(1) The annuity which is the actuarial equivalent of his contributions, with interest accumulations, provided that if he die before he receive in such annuity payments the amount of accumulated contributions as it was at his retirement, the balance of such accumulated contributions shall be paid in one sum to his estate.

(2) The annuity which is the actuarial equivalent of the contributions, with interest accumulations, made for his benefit by the districts, provided that such annuity payments shall cease with the last payment due prior to the death of the annuitant.

Calculations of the amount of retirement salary payable in accordance with the above provisions shall be made by the state retirement board. Payments shall be made at the same time as the payments of the state retirement salary.

5.1136. Any teacher, or other employee of such districts, who shall have contributed to the district retirement salary fund, and who shall because of death or for any other reason whatsoever, sever his connection with those districts before retirement under the provisions of this part, shall thereupon receive back all contributions paid in by him, plus accrued interest.

5.1137. The retirement salaries provided for in this act shall be in addition to any other retirement salaries that may be provided by law.

SEC. 2 Chapter 854 of the Statutes of 1929, entitled "An act to permit governing boards of school districts to provide for the payment of retirement salaries to the teachers and other employees thereof, in the manner prescribed by this act," approved June 19, 1929, is hereby repealed."

By Chief Clerk:

CITY CLERK, CITY OF LOS ANGELES, CALIFORNIA, April 24, 1931.

Clerk of the Assembly,
State Capitol, Sacramento, California.

GREETINGS: At the meeting of the council of the city of Los Angeles held April 24, 1931, a resolution was adopted placing the city council on record as being strenuously opposed to Assembly Bill No. 1853, as amended. A certified copy of said resolution is transmitted herewith.

Respectfully,

ROBT. DOMINGUEZ, City Clerk.

RESOLUTION.

WHEREAS, Assembly Bill No. 1853 was introduced January 23, 1931; and

WHEREAS, On April 16, 1931, an amendment was proposed to this bill which has the effect of tying up all bail forfeitures for a period of one year; and

WHEREAS, If this bill is passed it will greatly affect the operating revenues of the city of Los Angeles and cripple the handling of traffic considerably; now, therefore, be it

Resolved, That the City Council of the city of Los Angeles go on record as strenuously opposing this bill as amended; and be it further

Resolved, That a copy of this resolution be transmitted to the Clerk of the Assembly, to Chairman Sewell of the Judiciary Committee, and to Assemblyman William G. Bonelli.

I hereby certify that the foregoing resolution was adopted by the council of the city of Los Angeles at its meeting of April 24, 1931.

[SEAL] ROBT. DOMINGUEZ, City Clerk.

COMMUNICATIONS.

The following communication was received, and ordered printed in the Journal:

By Mr. Speaker:

THE SOUTHWEST WATER LEAGUE (REPRESENTING 48 CITIES).
533 Title Insurance Building, Los Angeles, FAber 2196.

RESOLUTION ADOPTED AT THE METROPOLITAN HIGH SCHOOL, LOS ANGELES, APRIL 18, 1931.

WHEREAS, The California Legislature, 1931, has appointed a Senate committee to investigate the dealings of the city of Los Angeles with the people of Owens Valley in the purchase of the lands and water rights in Owens Valley; and

WHEREAS, Mr. Andrae Nordskog, close student and investigator of conditions and dealings between Los Angeles and the people of Owens Valley, has submitted to the Senate investigating committee a report of said alleged practices adopted by the city of Los Angeles in dealing with the people of Owens Valley; and

WHEREAS, Said report of Mr. Nordskog contains many charges of conspiracy and fraud on the part of officials of the United States with officials of the Los Angeles Water Board and also contains many charges of vicious practices of the Los Angeles Water Board in purchasing lands and water rights in Owens Valley, and said report charges that the Owens Valley people have been unfairly treated in their dealings with the city of Los Angeles; and

WHEREAS, For the good of the people of the State of California, city of Los Angeles, and the people of the United States, it would seem to be proper to have these charges investigated so that the truth or falsity of the same may be officially determined; and

WHEREAS, the Los Angeles Water and Power Board have invited a thorough investigation of its dealings with the people of Owens Valley and its records in said deals; and

WHEREAS, This investigation is of importance at this time because the same group of men who conducted the Owens Valley deals and built the Owens Valley aqueduct are alleged to be the power behind the Metropolitan Water District aqueduct which is attempting to secure water from the Colorado River; and

WHEREAS, If these charges of conspiracy and fraud as stated by Mr Nordskog in his report to the Senate investigating committee are true, the officials of the

United States government, and the officials of the Los Angeles Water and Power Board, should be punished according to the laws and made to answer for their acts; now, therefore, be it

Resolved by Southwest Water League, At its fourteenth public meeting, assembled April 18, 1931, at Metropolitan High School, Los Angeles, California, that:

1. The California Legislature insist upon a thorough investigation of the Owens Valley deals, through a committee or committees that may be appointed for that purpose.

2. That such committee or committees be urged to avail themselves of the service that Mr. Nordskog declares he is willing to give in making an investigation of the official records of the Los Angeles Water and Power Department under the proper investigative authority vested in the California Legislature.

3. That a far-reaching investigation be made, not only for the protection of the people in Owens Valley who have suffered huge losses, but on behalf of the taxpayers of Los Angeles and nearly fifty other cities having representation in the Southwest Water League who stand to lose hundreds of millions of dollars in the future at the hands of self-seeking politicians whose record for the past twenty-five years has been one of fraud and ruthless destruction of properties and the utter disregard of property rights.

4. That the report made by Mr Nordskog to the Senate committee be made part of this resolution and be ordered printed in full in the Senate Daily Journal so as to make the copies of the letters quoted therein from the official files in the Department of the Interior a part of the official records of the State of California for the convenience of officers and taxpayers of this State.

That the California Legislature petition the President and the Congress of the United States of America to order a thorough investigation of the charges made by Mr. Nordskog against officials who were then in the employ of the United States government to the end that such frauds (if any there be) may not be repeated, and to the end that the officers responsible for this alleged conspiracy be discharged from public service and that they be prosecuted for the crimes committed against the people and the government.

SOUTHWEST WATER LEAGUE,
ANDREW B NORDSKOG, President.
Adopted April 18, 1931 LLOYD S. VERRY, Executive Secretary.

(The Gridiron, Volume 6, No 8, April 21, 1931)

LETTER OF TRANSMITTAL TO THE OWENS VALLEY INVESTIGATING COMMITTEE OF THE CALIFORNIA STATE SENATE, SENATOR JAMES M. ALLEN, CHAIRMAN, SACRAMENTO, CALIFORNIA.

HONORABLE MEMBERS: On April 1, 1931, at Sacramento, California, pursuant to your request that I introduce a written statement covering the facts presented orally to your committee, I filed the statement of facts herewith submitted following this letter of transmittal, and this letter is intended as a part of said statement of facts

I will summarize the Owens Valley situation from the days of 1903 when the government promised the people of that valley that a reclamation project covering 100,000 acres would be developed.

1. Mr J B Lippincott, Supervising Engineer of the Reclamation Service, in collusion with Los Angeles politicians and financiers, conspired to destroy the Owens Valley project in favor of a big land promotion scheme in San Fernando Valley, 250 miles to the south to which the waters from the Owens River were to be taken by an aqueduct to be paid for by the taxpayers of Los Angeles

2. President Theodore Roosevelt opposed the taking of waters from one irrigated section to another undeveloped desert region, and requested a writ of prohibition to be put in the Los Angeles Aqueduct Bill then before Congress.

3. Senator Flint made President Roosevelt believe that the waters from Owens Valley were only to be used for domestic purposes, and would not be used for a land promotion scheme in San Fernando Valley where it was secretly intended to water 100,000 acres of arid land.

4 President Roosevelt thereupon struck out the writ of prohibition against using the Owens River waters for irrigation purposes near Los Angeles because Senator Flint said that would make possible the continued irrigation of many small gardens on the outskirts of the city.

5 When the aqueduct brought the Owens River to southern California, it brought it to the head of San Fernando Valley, not to Los Angeles

6. In order to successfully violate the spirit of the provisions of the Los Angeles Aqueduct Bill as specified by President Roosevelt, the capitalistic land speculators forced the annexation of 100,800 acres in San Fernando Valley to the city of Los Angeles in order to be able to legally get aqueduct water for irrigation purposes.

7. J. B. Lippincott promised the Owens Valley people that if they would coordinate their forces with the government project in that valley, they would be able to get the water-improved lands for actual cost of such development; and that if the government abandoned the project, the Reclamation Service would turn over to the valley people all charts, maps, surveys, stream measurements, etc., and restore all reservoir and power site filings to their former status so that the farmers would gain instead of lose by the transaction.

8 J. B. Lippincott deceived the farmers in Owens Valley and secretly conspired with Los Angeles politicians to turn over all government surveys for $14,000 (the alleged actual cost of said surveys) to the city of Los Angeles, when, as a matter of fact, the government agents in Washington discovered that Lippincott falsified this account to the Reclamation Service, and that the surveys cost in excess of $26,000.

9 The United States Land Register and the Land Receiver at Independence, California, (in Owens Valley) reported Lippincott's deception to the President and to the Secretary of the Interior and complained bitterly against the abandonment of the Owens Valley project in favor of a band of rich speculators who wanted to divert Owens River water to San Fernando Valley for irrigation purposes

10 The government appointed a special investigating committee of three Reclamation Service engineers who made two reports and both of which whitewashed Lippincott; but which were followed by a secret "personal" letter from the chairman of the committee to the head the Reclamation Service in which Lippincott was severely denounced for his treachery to the government, but which report was covered up so that the Secretary of the Interior and the President of the United States and members of Congress never were able to learn the truth about this, the most gigantic fraud ever perpetrated on the government of the United States and on the innocent victims in Owens Valley from whom millions of dollars worth of water rights were stolen.

11. Two hundred thousand acres of desert land were withdrawn under the U. S. Forestry Act in favor of Los Angeles when in fact not an acre of said lands was "forestry" land; and done in this manner because forest land in Inyo County was not subject to entry of homesteaders, whereas desert land was open for entry and the land could and would have been developed by progressive farmers had they been given the opportunity which they should have had under our federal laws. I possess an astounding admission in writing from the former Chief Forester as to the real motive in this unusual withdrawal of government lands.

12 The Water and Power Board of Los Angeles has purchased hundreds upon hundreds of thousands of dollars worth of privately owned ditch stock in Owens Valley and is holding same contrary to the constitution of this State which forbids municipalities buying stock of any kind.

13 When the banks in Owens Valley failed in 1927, Messrs Hill and Hendricks (working as attorneys under the direction of William B. Mathews, Chief Counsel for the Water and Power Board, and now General Counsel for the Metropolitan Water District of Southern California) in conspiracy with an auditor in the State Banking Department unlawfully entered the vaults of the Inyo County Bank in Bishop and ransacked the files and stole and took away to Los Angeles several folios of personal files and unlawfully made photostatic copies and unlawfully published portions of same in an effort to further destroy the people in the valley: and they have unlawfully retained certain photostatic copies of these documents in spite of the demands made on them by the Superintendent of Banks that they return every original and all negatives and photostatic copies to the files in the Inyo County Bank from which they were stolen

14. Because of the ruthless political management on the part of the Water and Power Board of Los Angeles, we, the citizens and taxpayers of this city have been forced to vote bonds to the tune of nearly $90,000,000 for the development of a water supply in Owens Valley although the politicians in charge assured the voters in the beginning that an aqueduct from the valley to the city and filled with water could be obtained for $25,000,000, and the aqueduct is now but half full of water at the end of 25 years of warfare.

15 The Water and Power Board of this city has shouted from the housetops prior to each bond election that water and power bonds do not increase taxes or assessments in any way, and in this manner have unduly influenced voters to place their properties in jeopardy and they have been forced to pay in taxes and special assessments $60,000,000 notwithstanding the utterly false and disgraceful preelection propaganda to the contrary.

16 It is this same self-seeking political crowd that is now trying to amend the State constitution so as to legalize their heretofore unlawful acts in buying private ditch stock for the municipality.

17. It is this same crowd that is trying to amend the constitution so as to permit cities to put over municipally owned utility bonds issued by a simple majority vote, since the public is aware of the chicanery this crowd has practiced in the past 25 years

18. It is this same political crowd that is trying to amend the constitution so as to make it possible to have the Colorado River aqueduct bonds underwritten by the State of California, knowing full well, as they do, that their present plans are so weak that public confidence is wholly lacking in their dream enterprise of pumping the Colorado River over a 1600-foot range of mountains when said waters will flow to the coastal plain by gravity if given the chance so to do.

19 It is this same political crowd that has corrupted the Interior Department (a long time before Ex-Secretary Albert B. Fall defrauded the government) and which maintains a lobby in Washington, D C., much more powerful and constant than the sugar trust, steel trust or any other kind of a trust, that is now infesting the State Capitol in Sacramento in hopes of influencing the legislative body of this State

into furthering the political ends for which said crowd has worked unremittingly for 30 years at a cost of scores of millions of dollars to the unprotected taxpayer.

20. The stealing and burning of a whole room full of election data from the Water and Power Board's offices in Los Angeles by trusted employees who were discharged therefor, has led to a fight on the part of said employees for reinstatement on the grounds that the election data belonged to the employees of the water and power departments and not to the city; and that if the city is going to claim ownership of such data, it is admitting that it is taking part in political campaigns contrary to law and that somebody should be prosecuted for this unlawful activity.

21. The men, who, with Burdette Moody, stole and burned said data, have not been prosecuted for destroying public records, which crime is a felony; and if their discharge from public service was justified on account of said theft, then certainly prosecution is in order at this time.

22 Attempts have been made to bring the Water and Power Board men to the bar of justice on account of juggling of public funds contrary to law and many similar offenses, such as the stealing of the Inyo County Bank files, but we seem to be hogtied by a ruthless political machine which can be broken by proper action on the part of the State administration whose duty it is to see that the proper safeguards are thrown around the suffering taxpayers of this great commonwealth.

23 The legislative and executive branches of our State government have sufficient power to enlighten the citizens of Los Angeles to the real danger of the present situation, and can recommend, after the truth of the foregoing statements has been firmly established, the removal and prosecution of any and all officers responsible for the violation of our laws whether municipal, State or federal. Embezzlement of public funds and falsification of public records are felonies that do not outlaw in California, so no matter how long ago the crimes were committed, the offenders can be prosecuted at any time they are apprehended.

24 The federal laws provide that government employees can not secretly take money for outside work while on Uncle Sam's pay roll J. B Lippincott was guilty of taking money from the city of Los Angeles contrary to that law while secretly destroying the Owens Valley reclamation project.

25. In the name of the 1,000,000 people in Los Angeles who are at present ridden to death with unduly high taxes and special assessments in order to keep the above-mentioned political crowd in perpetual autocratic power, I ask that your Honorable Committee go to the bottom of this, the most important matter now pending at the State Capitol; and I give you assurance that, with the mass of data that I was able to unearth in the musty files of the Interior Department in Washington, D. C, I can substantiate every claim set forth in this letter of transmittal; yes, and much more if the committee desires it

Respectfully submitted.

ANDRAE B. NORDSKOG.

STATEMENT OF FACTS PREPARED FOR THE SPECIAL INVESTIGATING COMMITTEE OF THE STATE SENATE OF CALIFORNIA, RELATING TO THE OPERATIONS OF THE LOS ANGELES WATER POWER BOARD IN ITS ATTEMPTS TO OBTAIN A DOMESTIC WATER SUPPLY FROM OWENS VALLEY IN CALIFORNIA, AS PRESENTED BY ANDRAE B. NORDSKOG, AT SACRAMENTO, CALIFORNIA, APRIL FIRST, NINETEEN HUNDRED THIRTY-ONE.

During the year 1903 the United States Reclamation Service began operations in Owens Valley, California, to develop what was known as the Owens Valley reclamation project wherein the government sought to reclaim approximately 100,000 acres of tillable desert land Mr. J B Lippincott was Supervising Engineer for the Reclamation Service in California and had charge of the Owens Valley project

During the first year's operations in Owens Valley surveys were made by the Reclamation Service under the immediate direction of Mr J. C. Clausen, field engineer, who worked under the supervision of Mr. Lippincott.

Eaton and Mulholland Go to Valley.

In September, 1904, Mr. Fred Eaton, formerly Mayor of Los Angeles, and Mr. William Mulholland, chief engineer for the Board of Public Works of the same city, went to Owens Valley and conferred with Mr Lippincott regarding the possibilities of bringing the Owens River waters to Los Angeles, 250 miles to the south According to Mr. Lippincott's statement to the Secretary of the Interior at a later date, Lippincott reported to the Chief Engineer of the Reclamation Service that the city of Los Angeles desired to divert said waters to Los Angeles, and that this report was made September 17, 1904.

Eaton Takes Options

Mr. Eaton soon began to take options on land which was riparian to Owens River in the lower end of the valley and, because of his intimacy with Mr. Lippincott, and the fact that he was in possession of Reclamation Service maps and surveys, many ranchers believed that Eaton was obtaining the lands for the government; and, as will be shown by the government records, there were many who undoubtedly sold their land to Eaton much cheaper than they otherwise would have, owing to their belief in the power of condemnation by the Reclamation Service

Plans Kept Secret.

Great secrecy was maintained by the representatives from the Los Angeles Water Department and Lippincott regarding the motives behind Eaton's purchase of land in Owens Valley. The citizens of the valley, as well as the United States Land Register and the Land Receiver at Independence, California (county seat of Inyo County), soon began to doubt the sincerity of Mr. Lippincott; they sent protest after protest to President Roosevelt and the Secretary of the Interior, stating that they believed that Lippincott was working in the interest of the city of Los Angeles and not in the interest of the Owens Valley reclamation project.

Serious Complaints Filed

The continued complaints resulted in the Secretary of the Interior appointing a special board of consulting engineers who were to go to Owens Valley and learn the truth about the matter and report to the Secretary of the Interior as to the feasibility of the project. The board met in San Francisco after only one member had visited Owens Valley and two reports were made to the Secretary which made no mention of the complaints lodged against Mr Lippincott or was any mention made of Lippincott's connection with the water department of Los Angeles In a letter to the Assistant Chief Engineer of the Reclamation Service, marked "Personal," the chairman of said consulting board referred to the "vicious" activities of Mr. Lippincott in his connection with the Los Angeles Water Department, and said that such activities "must bring disrepute upon the Service."

Secretary Kept Ignorant.

The real truth of the matter being thus covered up, the Secretary of the Interior was never properly informed of the "vicious" activities of Mr. Lippincott on the Owens Valley project; and the same thing was true of President Roosevelt who repeatedly tried to obtain the truth from the Secretary of the Interior. The people in Owens Valley were never able to get proper consideration from the President of the United States because the officers in charge of the Reclamation Service refused to divulge the truth about the men who were trying to take the water (which was the life blood) out of that valley and transport it to other agricultural lands 250 miles away.

Senator Flint Fooled Roosevelt

Senator Frank Flint from California assured President Roosevelt that the waters taken from Owens River to Los Angeles were for domestic purposes only, and not for the development of vast acreage near Los Angeles. Upon being given that assurance, President Roosevelt struck the "writ of prohibition" out of his letter tending to prohibit the use of Owens River water near Los Angeles for agricultural purposes, because Senator Flint told him that to include such prohibition would tend to prohibit the use of such waters on many small gardens on the outskirts of the city proper. The ink in the President's pen had no more than written the name of the Nation's Chief Executive on the letter to Congress giving his O. K. to the Los Angeles Aqueduct Bill, than a band of Los Angeles speculators began to advertise that the Owens Valley aqueduct would go through San Fernando Valley (near Los Angeles) and that early investors would make lots of money with the use of Owens River water on that land.

Farmers Given Promises.

The Reclamation Service representatives urged all of the people in Owens Valley to sign relinquishments of any and all filings that they had for reservoir, storage and power sites on any of the streams in Owens Valley, and that the United States government would spend several millions of dollars on this project; and that in event of the abandonment of said project, the government would restore all of the rights and filings thus relinquished to their original status.

Lippincott Deceives Government

Through secret arrangement with the Los Angeles city officials, Mr. Lippincott prepared to turn over to that city all maps, charts, field surveys, stream measurements, etc., for the small sum of $14,000, the amount which Lippincott reported to the Reclamation Service was the actual cost of the work done by the government in Owens Valley, and the city actually obtained the account for $14,000, although an examination of the facts at a later date showed that said cost was in excess of $26,000 with the belief expressed by Lippincott's superiors that they would be unable to unearth the whole truth about the entire expenditures without the aid of Lippincott, who, it was quite apparent, was trying to minimize the cost of the project in favor of Los Angeles Water Department so as to make certain a better job for himself at a later date, which he did obtain as assistant to William Mulholland on the construction of the Los Angeles-Owens River aqueduct.

Killed Government Project.

This movement on the part of Lippincott made it impossible for the government to proceed with the irrigation project in Owens Valley. It also took from the people in Owens Valley many of their rights which they enjoyed before Lippincott talked them into signing them away. Applications made by citizens in that valley for reservoir sites or power sites were sidetracked in favor of the Los Angeles aqueduct. In this way the valley people suffered a loss, the real value of which is hard to esti-

mate, although several citizens have complained to congressional committees over a period of years that these losses have amounted to millions of dollars. The spot-zone system of buying lands in Owens Valley adopted by the Los Angeles Water Board has no doubt been revealed to your committee by residents in Owens Valley, so it will not be necessary for me to go into that phase of the matter.

It is my desire to make this narrative as short as is possible consistent with the need for the proper enlightenment of your committee, and with that in view I will include excerpts from letters and documents that are matters of public record, in order that authenticity may be added thereto.

Secret Letters Exposed.

I will quote a few excerpts from the letter of protest sent to the United States Land Office in Washington from S. W. Austin, Land Register at Independence, California, in Owens Valley, dated July 27, 1905:

"In the spring of 1905 Mr Eaton returned to the valley, representing himself as Mr. Lippincott's agent in examining right of way applications for power purposes which had been filed by the government He had then in his possession maps which had been prepared by the Reclamation Service. * * * In April, 1905, Mr. Eaton began to secure options on land and water rights in Owens Valley to the value of about $1,000,000 and shortly thereafter he brought a number of well-known Los Angeles capitalists and bankers into the valley to look over these properties. * * * The well-known friendship between him and Mr. Lippincott and the fact that Mr. Eaton had represented the Supervising Engineer for the government, made it easier for these rights to be secured, as the people were all generously inclined toward the government project, and believed Mr. Eaton to be the agent of the Reclamation Service. Mr. Eaton's own statement was that he had bought these lands for a cattle ranch. * * * About this time letters were received at the United States Land Office from prospective homesteaders stating that it was understood in southern California that these rights were being purchased for the purpose of carrying the water to the city of Los Angeles which was known to be in need of a new supply. * * *

"An abandonment of the project by the government at this time will make it appear that the expensive surveys and measurements of the past two years have all been made in the interest of a band of speculators, and it will result in inflicting a severe loss upon all settlers and owners of property in Owens Valley.

"In justice to the people of this valley and in the interest of fairness and the honor of the Reclamation Service this matter should not be hastily decided, but should receive thorough and impartial investigation."

Austin Informed Roosevelt.

A similar letter of protest against the abandonment of the Owens Valley project was sent to President Theodore Roosevelt by Mr. Austin under date of August 4, 1905, at Independence, California, from which I will quote excerpts as follows:

"I am Register of the United States Land Office at this place In behalf of the people of this district and of the government which I have served for nearly eight years I wish to protest against the proposed abandonment of the Owens River project by the Reclamation Service. * * *

"Mr. Lippincott while drawing a large salary from the government was employed by the city of Los Angeles to assist in securing this water for the city He agreed to turn down this project at a critical moment when the Los Angeles men had secured other rights here which they wanted. * * * As these matters came before this office I am stating what I know to be true The connection between Mr. Lippincott and Mr. Eaton deceived the people of this valley, and they supposed that these rights were being indirectly secured for the government. They could not believe that a plan to rob the valley of its water and turn down the government's irrigation project was being carried out with the consent of the Supervising Engineer. The people of Owens Valley trusted to the Reclamation Service, and by so doing all who own property here, and all who have located under the provisions of the Reclamation Act, (under the implied promise of the government to build the reservoir, if feasible) will lose a great deal if this project is abandoned. * * *

"In justice, therefore, to the people here, in the interest of fairness and of the honor of the Reclamation Service, I appeal to you not to abandon the Owens River project, but if feasible, carry it out in accordance with the spirit of the act of June 17, 1902."

Government Answers Austin.

The President turned Mr. Austin's letter over to the Secretary of the Interior for consideration, and under date of August 30, 1905, Mr. Thomas Ryan, Acting Secretary for the Department of the Interior, wrote to Mr. Austin, in part, as follows:

"The charges made in the above paragraph against Mr Lippincott are of so serious a nature that the Department cannot afford to ignore them. * * * It is the purpose of the Department to go to the bottom of his matter, and to ascertain the exact facts in the case, whatever they may be."

First Record of Lippincott's Betrayal

The first record that I was able to find in the files of the Department of Interior relating to Lippincott's betrayal of the Owens Valley people and the government

project was in a letter sent by J. B. Lippincott to F. H. Newell, Chief Engineer of the Reclamation Service, under date of February 10, 1905, in which Mr. Lippincott said in part:

"There is some possibility of our not constructing the Owens Valley project, but of our stepping aside in favor of the city of Los Angeles."

Investigating Committee Appointed.

Owing to the number of complaints registered against the proposed abandonment of the Owens Valley project, a board of engineers consisting of D C Henny, W H. Sanders and L H Taylor, was appointed by the Director of the Reclamation Service to make an impartial investigation of the project and report their findings to the government as to the feasibility of same The following telegram which was sent from Alameda, California, by Mr. Henny, to the Hydrographer of the Geological Survey at Washington, proves beyond a shadow of a doubt that the board of which Henny was a member was not acting in good faith and was not acting on its own initiative, but taking orders from men who may have been involved in the conspiracy to wreck the Owens Valley project The telegram, dated June 10, 1905, follows:

Henny's telegram: "Wired you at noon Lippincott telegraphs San Francisco office decision reached hold preliminary board meeting Owens Valley immediately. I asked you for instructions none received. Subsequently saw and discussed matters with Sanders who left for Los Angeles tonight known Newell's views and urged me to come to Los Angeles. Wired Sanders tonight suggesting holding no meeting until we hear from you. Wire instructions Alameda."

Newell Cautioned Davis.

Leaving the Washington office in the hands of Arthur P Davis while Chief Engineer Newell was in the West, and the investigating board having no doubt been appointed by Mr Davis, Mr. Newell wrote to Mr Davis, Acting Chief Engineer of the Reclamation Service, under date of June 21, 1905, in part, as follows:

"With reference to the Owens Valley situation it was my idea that we should bring the matter to an early close, but my telegram was intended to bring out the idea that it would be better to take more time than to run the risk of criticism by putting California men on the board As matters have turned out I think it would be preferable to wait until the city of Los Angeles makes a formal request to the secretary to turn the work over to the city * * * If this is done we will be in a far better position than for our engineers to take the initiative in withdrawing from the project"

Investigating Board Makes Report.

The Henny-Taylor-Sanders investigating board met in San Francisco on July 27 and 28, 1905 On July 28 the board mailed a report to the Chief Engineer of the Reclamation Service in Washington setting forth that the Owens Valley project could be developed for $23 per acre, or $2,300,000 for 100,000 acres. In surveying the cost figures on 28 Reclamation Service projects, I find that in 25 cases out of the 28, the cost per acre was higher than the Owens Valley project; the average being $30.57 per acre, the highest cost being $86 per acre on one project

In his report to the investigating board Mr Lippincott referred to the city of Los Angeles as being "the home of about 200,000 energetic, prosperous and cultured people. * * * A permanent water supply of water in the vicinity of Los Angeles is worth, in my estimation, $2,000 a miner's inch, $100,000 per cubic foot per second

"It was not considered feasible for the city openly to enter into negotiations for the purchase of lands and water rights in the Owens Valley, consequently Mr. Eaton, who was well acquainted with both the Owens Valley and the requirements of the city, undertook to obtain possession of lands and water rights in the Owens Valley for the city of Los Angeles."

Lippincott Was Paid For Deceiving Valley.

Mr. Lippincott moved with the greatest secrecy in his attempt to betray the people of Owens Valley in conspiring with the Water Department of Los Angeles, and was paid for so doing; the records of the city of Los Angeles show that he received during the months of April, May, and June, 1905, before the investigating board met, and in September, November, 1905, and January, 1906, the sum of $4,511.93 for so-called "consulting fees," and this in spite of the fact that it was contrary to federal law for him to accept fees for outside work while he was on the pay roll of the United States government. That this finally caused the Interior Department considerable embarrassment will be seen a little further on in a letter from Arthur P Davis, Assistant Reclamation Chief, to D C Henny of the investigating board.

Board Whitewashed Lippincott

The Henny-Taylor-Sanders investigating board made two reports to the government on the feasibility of the Owens Valley project but dealt mainly with the engineering features involved and made a few references to the legal side of the matter, stating in substance that if Los Angeles had not already obtained certain

water and power rights, it might be feasible for the Reclamation Service to proceed with the project, but that if Los Angeles had obtained these rights it would be impossible for the government to proceed with the project. That the investigating board knew full well at the time said reports were made that Los Angeles had obtained said certain rights prior to the time said report was made is apparent from the reading of the records in the case, and as can be seen from the following letter from D. C. Henny of the investigating board, to Arthur P. Davis, Acting Chief Engineer of the Reclamation Service at Washington; the letter was Henny's follow-up of the two official reports sent in by the board a few days previous, in which Lippincott was whitewashed completely by making no reference to his double-dealing activities which were known to the members of the board as may be seen in the following letter which bears the date line of August 2, 1905, San Francisco, California, and is marked "Personal" to Arthur P. Davis from D C Henny, Consulting Engineer:

Henny Letter to Davis Scores Lippincott.

"In considering the Owens Valley project and the letters of Messrs. Austin and Fysh to the Secretary of the Interior relative to the Owens Valley project, upon both of which a board of engineers consisting of Messrs. Sanders, Taylor and Henny have reported, it will be apparent to you that we have confined ourselves to the subject matter in hand, and that we did not consider Mr. Lippincott's connection with the project and the city of Los Angeles was under investigation. The two subjects are, of course, very closely allied, and in my personal judgment the real danger in the entire matter does not lie so much in any action on the part of the officers of the Reclamation Service taken independently, as in the fact that in Mr. Lippincott's personal case he has represented two interests which are clearly antagonistic, and that Mr Lippincott has allowed the United States Geological Survey and the United States Reclamation Service to be made use of for the private purposes of the city of Los Angeles.

"This is of course a very delicate matter, and one which I believe Mr. Newell and yourself had a full understanding of. It is a matter that came up for private discussion among the members of the board, but which did not seem necessary or desirable to touch upon in either of the two reports above mentioned.

"The same delicate situation exists in regard to the so-called San Joaquin project, which Mr. Lippincott has admitted is practically not under consideration, but upon the strength of which large withdrawals have been made. Such withdrawals under the Reclamation Act can only be justified by a bona fide project, for whose benefit they are made, and the question has arisen and was frankly discussed, whether restoration should not be in order as soon as project is practically abandoned, and whether, if such restoration is not made and the withdrawal maintained, such action can be justified, as it can not have been the object of the Reclamation Act to make withdrawals under it merely for what may be claimed to be general public policy, and what in effect may be the favoring of the interests of one public body as against those of another public body, or a private corporation.

"All of this, even, may seem justifiable so long as there can not exist a financial relation between any of the public bodies interested and officials of the Reclamation Service making recommendations. I believe that Mr. Sanders and Mr. Taylor fully agree in these views, although I have no authority to speak for them.

"I have thought best to make this additional explanation in a personal letter to you, so that you would be fully advised on my views on general topics.

"I have little doubt regarding an attractive offer likely to be made to Lippincott by the city of Los Angeles possibly as a reward for past services. I further learn to my surprise that Mr. Perkins wants to be placed on a per diem basis so that he may become chairman of the Los Angeles Water Commission All these connections and alliances I think are vicious and must bring disrepute upon the Service."

Davis Answers Henny.

In the foregoing letter from Henny to Davis, it is clearly apparent that the two highest officials of the Reclamation Service had knowledge of Lippincott's unlawful activities in handling the Owens Valley project, and if there is any doubt about it, such doubt is dispelled in reading the answer which Davis sent Henny Under date of August 14, 1905, at Washington, D. C., Arthur P. Davis, Acting Chief Engineer of the Reclamation Service, wrote to D. C. Henny, Supervising Engineer, North Yakima, Washington, as follows:

"I received your personal letter from San Francisco regarding the mix-up in the Owens Valley project. Of course, the matter is at best a very delicate one, but would have caused little or no embarrassment if we had adhered to the law which requires our engineers to abstain from outside practice.

"The report sent in by the board appears to me to be the wisest that could have been submitted, under the circumstances, and now it is up to the city to show that the project should be surrendered to it."

Did Not Adhere to the Law.

The foregoing statement from Arthur P. Davis to Mr. Henny shows that Davis knew that Lippincott was receiving money from the Los Angeles Water Department

contrary to the federal law. "If we had adhered to the law," says Davis, "it would have caused little or no embarrassment." It is well to note that Davis says "if we had adhered to the law"; indicating that he too may have been guilty of having taken fees from the outside.

Newell Praised by Water Board.

State Engineer W. C. McClure was sent to Owens Valley by Governor Richardson in 1924 to learn the truth about the war between the valley people and the Los Angeles Water and Power Board. In his report to the Governor, Mr. McClure quoted the following item on page 50 of his letter of transmittal:

"Lippincott was near to F. H. Newell, Government Reclamation head. Newell was enlisted in the city cause so effectually that the Water Board of Los Angeles passed a resolution of appreciation of his help. However proper that may have been, it is a notable fact that the official holding the copy of the letter to him was directed to destroy it 'in order that it might not be used to the detriment of the city and those who had aided it.'"

Letter Was Destroyed by Water Board.

The McClure report to the Governor says that the copy of this letter of praise was ordered destroyed, which indicated that said copy was not to be found in Los Angeles Water Board's files However, in the Interior Department files in Washington I found the original which had not been destroyed by the Water Board This letter was directed to Mr. F. H. Newell, Chief Engineer of the U. S. Geological Survey, Washington, D. C., and was signed by the Board of Water Commissioners of the city of Los Angeles, James P. Vroman, secretary. That part of the letter relevant to this issue is hereby quoted as follows; it is dated, Los Angeles, California, June 5, 1905:

Secret Water Board Letter to Newell: "Fully recognizing the valuable assistance rendered the city of Los Angeles by the U. S. Geological Survey Department through your intercession in its efforts to obtain an additional water supply from Owens River Valley, we deem it necessary in order to show our good faith in the matter to keep you informed of the progress being made by us to that end, so that it may be shown that we are not uselessly hampering the work already begun in that valley by the Reclamation Branch under your direction. * * *

"We naturally have not as yet given out to the public any hint of what we are doing, as such action would subject us to all manner of hold-ups in the acquisition of the lands and rights not yet secured. All our actions, however, in this business will be held open to the scrutiny of your Department at all times, as considering the accommodating and helpful spirit in which we have been treated by you we consider such confidence your due.

"It is our intention to enlist the aid of our congressional representatives in this matter at an early date, but at present we have had to move with the greatest secrecy so as not to excite the suspicion of the hundred or more interests yet to be acquired.

"Any suggestions from you for the furtherance of this work will be very gladly received by

Yours respectfully,

BOARD OF WATER COMMISSIONERS OF THE CITY OF LOS ANGELES.

JAS. P. VROMAN, Secretary.

(Mr. Vroman is still secretary for the Water and Power Commission in 1931.)

Newell Enlisted Effectually.

The McClure report to Governor Richardson stated that "Newell was enlisted in the city cause, so effectually," etc. It is apparent after reading the letter above that the Water Board knew just how far to go in seeking secret aid from Mr. Newell, who, under the law, was obliged to perform his duties as outlined under the Reclamation Act of 1902; Newell knew that heart-rending appeals were being made by the citizens of Owens Valley to the government for an honest hearing; and for an even distribution of justice under the law. But his ear was deaf to their appeals, the Reclamation Law was flouted, and a big city (for a consideration) got what it wanted at the expense of the ranchers. Even the Congressmen were not to know anything about this tremendous project until it was apparently too late to stop the steal.

Senators Must Not Know.

On August 9, 1905, United States Senator George S. Nixon from Nevada wrote to the Geological Survey demanding to know if the government was going to step aside on the Owens Valley project in favor of the city of Los Angeles. In answering Senator Nixon's letter, Arthur P. Davis, Acting Director of the Reclamation Service, dodged the issue by saying that no "official" request had been made for the abandonment of the project, and closed his letter with:

"Thanking you for calling this matter to my attention."

Mr. Davis knew full well, as is indicated in several foregoing letters, that the Owens Valley project was being slowly but surely abandoned in favor of a water supply for the city of Los Angeles, but the word "official" concealed the truth for the time being.

Bishop Citizens Committee Protests.

Although Acting Director of Reclamation Arthur P. Davis had wired the full text of the complaints sent to the President and the Secretary of the Interior to the investigating board consisting of Messrs. Henny, Taylor and Sanders at San Francisco on July 28, 1905, and although the board had reported its findings to the government, the board's report had not been made public prior to August 9, 1905, the date of the protest made to the Secretary of the Interior by the Citizens Committee of Bishop, California, which reads as follows:

"We, the members of the Citizens Committee, appointed by the people of the Owens River Valley in mass meeting assembled, respectfully and earnestly petition that a thorough investigation be made of the proceedings of the Reclamation Service officers in connection with the Owens Valley project. We believe that the officers of the Reclamation Service are, and have been, using their services to acquire the water rights of this valley for the city of Los Angeles instead of for the reclamation of arid lands in this valley. If this is accomplished it will mean the eventual ruination of this beautiful valley and conversion of the same into a barren waste of desert.

"When the government officials came here to conduct their investigation, the people of this valley abandoned their storage rights and made other valuable concessions to the government, and now an endeavor is being made to turn these rights over to the city of Los Angeles.

"We ask that officers independent of the Reclamation Service be sent here to conduct a thorough investigation.

The reason why this committee asked for an investigation by men who were independent of the Reclamation Service must be apparent; the Henny-Taylor-Sanders board was not independent.

Lippincott Protected City.

That Lippincott was conspiring with the Los Angeles promoters to aid the city at the expense of the valley farmers is shown in the following letter from Lippincott to Arthur P. Davis, Acting Chief Engineer of the United States Geological Survey in Washington, under date line of March 10, 1905:

Lippincott to Davis: "The following telegram was sent to me from Fred Eaton:

'LOS ANGELES, CALIFORNIA, Feb. 24, 1905.

J. B. Lippincott, Geological Survey Department, Washington, D. C. I wrote Rickey Washington authorities referred his power application to me for report. Answer if you notified him. Send me data Independence. Fred Eaton'

"The only authority that I gave Mr. Eaton to report on the Rickey application for a power plant was a request that he particularly inform me as to who was making the application, what they expected to do with the power and whether in his judgment there would be any interference, due to the granting of this application, with the plans of the Reclamation Service or the city."

Newell Told to "Clear Skirts."

The daring attempt on the part of Lippincott to make the valley people believe that Fred Eaton (undercover agent for Los Angeles) was an agent for the Reclamation Service, and as such, had the power to condemn properties for the government and thereby was enabled to bluff many people to sell their lands for less than they would normally obtain, led Arthur P. Davis of the Reclamation Service to write to his superior, F. H. Newell, Chief Engineer of the Service, under date of July 29, 1905, as follows:

Davis to Newell: "I have looked into the files and find a little correspondence on the subject of Fred Eaton's commission to investigate some power applications in Owens Valley; but these do not indicate that he has been commissioned to purchase property for the United States which, of course, he has not been, as no purchases there have been authorized by this office.

"The crucial question is whether he has been authorized by Mr. Lippincott to represent himself as a reclamation official. If not, he has made himself liable to punishment, as I understand the law

"Apparently some property owners have sold him property much cheaper than they otherwise would owing to his supposed power of condemnation in the Reclamation Service It is likely that some of these property owners will endeavor to make it warm for the parties concerned.

"I think we can not clear the skirts of the Reclamation Service too quickly nor completely. I wired the letter to Henny at San Francisco for consideration of the board. You will probably see him by the time you receive this letter."

The "letter to Henny at San Francisco" which Davis refers to in his letter to Newell, is no doubt the complaint which was made to the government by Mr. Austin, United States Land Register, and Mr. Fysh, Land Receiver, both at Independence, California, wherein those two government agents reported that Lippincott was deceiving the government and the farmers in Owens Valley.

The Scheme Is Out.

The very day that Davis sent the above-named letter to Newell, July 29, 1905, the Los Angeles Times broke loose with a story of the proposed Los Angeles aqueduct scheme under the caption of—

"GOOD GRACE OF GOVERNMENT."

"Took Hands Off and Let City Have First Chance."

"Engineer Lippincott's Great Service to the City."

The article in the Times, which is too long for reproduction in this narrative, said in part:

"Through the efforts of Engineer Lippincott, who went to Washington for the purpose, the water-bearing lands under consideration as a part of another reclamation district were withdrawn by the government from such consideration, and to Los Angeles was left a free hand in acquiring the valuable rights."

Publicity Governs Investigating Board.

That the so-called investigating board, consisting of Henny, Taylor and Sanders, was only a tool in the hands of the conspirators who were wrecking Owens Valley, is plainly seen in the letter from D. C. Henny to Arthur P. Davis, Acting Chief Engineer of the Reclamation Service. This letter was dated at San Francisco, July 31, 1905 (two days after the Los Angeles Times broke loose with the story of the scheme to get Owens River water for Los Angeles), and reads in part, as follows:

Henny to Davis: "Herewith inclosed please find report of the Board of Engineers on Owens Valley project in duplicate. * * *

"Testimony in connection with Owens Valley investigation was taken down and copy of same will be sent you as soon as we can check it up. We hasten to mail you report without it on account of the fact that Los Angeles papers are out with the scheme, heretofore kept secret, and we presume inquiries will come to your office.

Yours very truly,

D. C. HENNY.

P. S. Clipping from July 29, Los Angeles Times, enclosed."

Lippincott Disturbed.

The Times' article apparently alarmed Lippincott, for under date of July 31, 1905, he hastened to explain himself to the Chief Engineer of the Reclamation Service, in a letter that reads in part as follows:

"I have never told anyone that the government had withdrawn from Owens Valley but I have stated that I thought they ought to under the circumstances as a matter of best public policy."

Condemned by San Francisco

The underhanded manner in which Lippincott handled the Owens Valley reclamation project resulted in a resolution being adopted by the Board of Supervisors of San Francisco on September 1, 1905, severely criticizing and condemning the methods employed by government officers in sidetracking a legitimate reclamation project in favor of a scheme to divert the Owens River water to another irrigation district in San Fernando Valley, 250 miles to the south.

Kill Stenographic Reports

As part of the scheme to cover up their tracks, reclamation officers apparently thought it best to leave no shorthand reports of their proceedings. The following letter which was sent by F. H. Newell, Chief Engineer of the Reclamation Service, to Messrs. Henny and Sanders of the Investigating Board under the seal of "Personal" and dated November 8, 1905, reads in part as follows:

"With reference to Board meeting on the Owens Valley project, I think a mistake was made in permitting stenographic report and in giving a copy of this to the Owens River Power Company.

"It is entirely proper and desirable to permit parties in controversy to appear before the Board and make statements or answer questions, but I think it is unwise to allow any stenographic report, as it furnishes material to a pettifogging opponent to weave an elaborate argument on some phrase or word taken from this context.

"I merely call this to your attention for guidance in the future."

Henny Acquiesces Cheerfully.

Mr Henny, although he was supposed to have an independent mind in making his investigations of the valley matter, quickly obeyed orders from Newell He answered Newell's letter on November 17, 1905, at Portland, Oregon, as follows:

"Yours of the 8th inst, marked 'Personal,' in regard to the Owens Valley project meeting has been duly received.

"The introduction of a stenographer at the time of taking testimony was an innovation to me, but I plead guilty as much as any member of the Board for not having foreseen the difficulties that might arise

"In any Board meetings to be attended by me in the future, I will protest against any stenographic report of meeting being given out, and will protest against such report being made at all, except under exceptional circumstances"

Davis Finally Denounces Lippincott.

Under date of August 24, 1905, Arthur P. Davis, Assistant Chief Engineer, wrote to F. H. Newell, Chief Engineer of the Reclamation Service, as follows:

"In a recent letter from Mr. Lippincott on the subject of the Owens Valley project, which I forwarded to you with copy of my reply, he stated that the expenditures on that project were $12,000 and that the city of Los Angeles had agreed to pay only a portion of this in case the project were relinquished by the government. The fair inference from the letter is that he has stated to the city authorities the same amount that he stated to me. By an examination of the accounts submitted up to the first of August, I find that, according to Mr. Lippincott's own returns, the amount is $13,887 26

"I find also that he has charged nothing to the Owens Valley account for office expenses at Washington, nor for the executive charges of the Los Angeles office. Unquestionably, considerable charges against this project should be made for salary, traveling expenses, and other supervisory expenses of Mr. Lippincott's office and the Washington office.

"I find also that under the head of 'California General' we have considerable charges which Mr. Lippincott has directed charged to other reclamation projects—Yuma, Klamath and Sacramento, but nothing from this account charged to the Owens Valley project. As a matter of fact, these consist largely of the underground investigations made by Mr. Meudenhall, which had a very direct, intimate, and important bearing on the possible water supply of the city of Los Angeles, and consequently on the desire of that city to acquire the Owens Valley project

"If these expenses are to be charged to reclamation projects, as Mr. Lippincott has directed, they belong almost entirely to the Owens Valley project, for the reasons above stated. If those reasons are not good, the Owens Valley project should at least bear its share of these general expenses.

"In the absence of Mr. Webster, I am not able to make a very intelligent distribution of these expenses; but I should say, from the information in my possession, that the charges against the Owens Valley project should be much more nearly $20,000 than $12,000.

"The facts above stated clearly show that Mr. Lippincott has been biased in the distribution of his expenses and undoubtedly there are other expenses not known to me which he has directed charged to other projects or other funds which should be borne by the Owens Valley project. It will probably be impossible to unearth all of these from our present information and without the cooperation of the Supervising Engineer; but enough is known to inspire caution and lead to such examination of past charges as may now be feasible

"I recommend that Mr Webster be instructed to carefully examine back charges and make such distribution as seems fair to the Reclamation Fund and to other projects of the money that has been expended.

"I also desire to withdraw my endorsement from the recommendation made in a recent report of the committee on personnel that the salary of Mr. Lippincott be liberally increased on condition that he give up his private work So many things have come to my attention during the past summer, which I can describe to you verbally, that are of a similar nature to the above that I am convinced that Mr. Lippincott is so blind to the public interest and so biased by private and selfish considerations that it will be impossible to secure loyal services from him; and I believe the only safe way for the Reclamation Service is to encourage him to devote his time to private practice and give up his connection with the Reclamation Service, except possibly in a consulting capacity on a per diem basis

"I have the highest appreciation of the ability and energy of Mr. Lippincott; but I believe that loyalty to the interests of the Service is just as essential as ability, particularly in a position so high as he will demand for continued service."

Robbed Government to Aid Los Angeles

It is apparent from the statement of Mr Davis to Mr. Newell regarding the minimizing of the charges against the Owens Valley project that Lippincott's motive was to make that charge small in order to give Los Angeles the benefit of it because that city was to pay the government the actual cost of the surveys that had been made by the government in Owens Valley.

Lippincott Grossly Misstated Facts.

In the letter above quoted Davis says that the cost of the government work in Owens Valley should have been reported as being more nearly $20,000 than $12,000 as Lippincott had reported it. On page 103 of the twenty-first quarterly report of the Reclamation Service it is shown that the sum of $26,045.83 was spent on the Owens Valley project by the government. This account should have been revealed before settlement was made with the city of Los Angeles for the sum of $14,000; the government lost $12,045 83 in the deal, and the farmers who had relinquished their rights in favor of the government project lost millions of dollars on account of Lippincott's secret action in turning said rights over to the Los Angeles Water Department When a community of several thousand prosperous and happy people (such as were the folks in Owens Valley) are thus imposed upon by constituted authorities who turned a deaf ear to appeals for justice, it is but little wonder that unrest and warfare have existed as a result for the last 25 years in Owens Valley.

Lippincott Gave City Government Reports.

When Lippincott was called on the carpet for his mismanagement of the Owens Valley matter he reported to the Secretary of the Interior that as early as November, 1904, the city of Los Angeles requested copies of stream measurements in the valley and that he had given them to the city; and that it was done with the approval of the Chief Engineer, no doubt referring to Mr Newell, and that Messrs. William Mulholland and Fred Eaton had told him as early as September, 1904, that the city of Los Angeles desired water from the Owens River, and that he notified the Chief Engineer of the Reclamation Service on September 17, 1904. This indicates that Messrs. Newell and Davis, Chief and Assistant Chief, respectively, of the Reclamation Service were fully aware of the plans and designs of Los Angeles, although they made pretense to inquiring persons, including United States Senators and Congressmen, that they had no knowledge that the Owens Valley reclamation project was being sidetracked in favor of Los Angeles.

President Roosevelt Fooled.

In the presence of Secretary of Interior Hitchcock, United States Senator Flint, Chief Forester Gifford Pinchot and Director Walcott of the Geological Survey, President Roosevelt dictated a letter to the Secretary of Interior approving the Los Angeles Aqueduct Bill which was then before Congress. The President was afraid that Owens Valley was to be robbed of its water to have it diverted to 100,000 acres in San Fernando Valley near Los Angeles; so he included a writ of prohibition against such usage for agricultural purposes in his letter. He was assured by Senator Flint of California that the city of Los Angeles had no such intentions, and to prohibit the use of Owens Valley waters for irrigation at Los Angeles, would prevent the issuance of bonds to pay for the aqueduct because many people had small tracts which they used for gardens on the outskirts of the city and would vote against the bonds if the writ of prohibition remained in the President's letter.

Thereupon the President struck out the writ of prohibition, and in its stead included the following clause

President Roosevelt's letter: "Under the circumstances I decide, in accordance with the recommendations of the Director of the Geological Survey and the Chief of the Forestry Service, that the bill be approved, with the prohibition against the use of the water by the municipality for irrigation struck out. I request, however, that there be put in the bill a prohibition against the city of Los Angeles ever selling or letting to any corporation or individual except the municipality itself to sell or sublet the water given it or him by the city for irrigation purposes"

San Fernando Valley Annexation Forced.

Because San Fernando Valley was outside the city limits of Los Angeles it became necessary for the land speculators who promoted the aqueduct scheme to put on a campaign to vote San Fernando Valley into the city of Los Angeles. This they succeeded in putting over; and said promoters have realized a profit of scores of millions of dollars from the sale of land in San Fernando Valley with the use of Owens River water for irrigation purposes Last year 88,000 acre-feet of Owens River water taken through the Los Angeles aqueduct was used for irrigation in San Fernando Valley; and that is enough water to provide fifty gallons per day per capita for the 1,300,000 people in Los Angeles for one year. So it is very apparent that the promoters of this scheme laid a trap for the President of the United States and he unwittingly fell into it

San Fernando Valley Got All the Water

In 1923 the Ford-Craig Ranch Company in San Fernando Valley filed suit in the superior court of Los Angeles County against the Water and Power Board of Los Angeles to enjoin the city from wastefully spilling the Owens River waters from the aqueduct into the Santa Clara River; thence into the Pacific Ocean The Power Department of the city, in its eagerness to develop power at plant No 1 in San Francisquito Canyon, released a large volume of water through the plant and let the water run to waste into the ocean The farmers in San Fernando Valley were

cut off for a period of six weeks without one drop of water for irrigation purposes. On page 810 of the reporter's transcript of the testimony taken in that suit, it is shown that Mulholland testified that in the months of March and April of that year (1923) 15,160 acre-feet of Owens River water was turned into the ocean. The value of that amount of water in Los Angeles at the domestic rate is approximately $750,000. Mr Mulholland testified, as is shown on page 756 of the transcript, that previous to that time San Fernando Valley irrigation demands were such as to take 23,500 inches of water from the aqueduct a whole month at a time, this being the full capacity of the aqueduct The city got no part of the flow.

The Long Valley Gorge Steal.

True to the prognostications of D. C Henny, member of the investigating board who wrote to Davis about Lippincott's "vicious" activities, Lippincott got a good job on the Los Angeles aqueduct under the supervision of William Mulholland, no doubt, as Henny prophesied, "as a reward for past services" to the city. While employed by the city of Los Angeles, Lippincott wrote a letter to F. H. Newell and addressed it to Newell's residence; and when you read the letter you may discover the reason for not sending the letter to the Reclamation Service officers. Writing on the stationery of the Los Angeles aqueduct—city of Los Angeles, under date of June 10, 1907, Lippincott wrote as follows to Mr. Newell, who was Chief Engineer of the Reclamation Service:

Lippincott Letter to Newell: "The city of Los Angeles now owns an easement on 3000 acres of private lands in this reservoir site (Long Valley) but there are some public lands in the site. We desire, notwithstanding the provisions of the act of Congress, to have a right of way map filed covering all the Long Valley reservoir site prior to an absolute abandonment of the Owens Valley project by the Reclamation Service."

Fraudulently Obtained Gorge Site.

Although it has never been publicly known until today that Lippincott urged Newell to violate the laws of Congress in order to get the Long Valley Gorge reservoir site for Los Angeles, Mr John R. Dixon of Owens Valley, who appeared before the Committee on Public Lands in the United States Senate on February 7, 1920, testified that the—

"title to the Owens River Gorge or Channel lands, so called, was fraudulently obtained in violation of the letter as well as the spirit of section 4 of the act of June 30, 1906. * * * " (Page 91, H. R. 406).

Gorge Dam Site Ill-Gotten Gain.

The city did thus obtain by fraud the lands in the Long Valley Gorge, and planned to build a dam there; the city applied to the State Division of Water Rights in 1916 for permission to build a dam 140 feet high. This application was amended in 1923 for permission to build a dam 160 feet high, and to impound 340,980 acre-feet of water. Because of an alleged feud between Mulholland and Eaton over the purchase by the city of the Eaton lands in Long Valley which would be flooded if the dam is to be 160 feet high, the city began to build the dam 100 feet high; this led to an injunction suit being filed to prevent the building of the low dam on the grounds that the farmers living below would be denied an equated flow during the *summer months when they most needed it* H. A. *Van Norman and William* Mulholland, both engineers of the Los Angeles Water and Power Board, testified several times that the dam in Long Valley Gorge was necessary for the proper conservation and control of the city's water supply in Owens Valley; and Van Norman stated that the city had lost on an average of 50,000 acre-feet per year because of no dam at Long Valley; and that in one year, about 1914, approximately 400,000 acre-feet of water went to waste during a flood period, much of which could have been conserved with a dam at that point. In 20 years the loss of water because of no dam at that point would amount to $56,000,000 according to the domestic rates charged in Los Angeles.

Owens Valley Applications Denied.

If space and time permitted it, I would gladly submit to your committee the list of applications made to the Interior Department for reservoir sites and power sites, etc., during the time that Lippincott was killing the Owens Valley project. Many of the valley residents were sidetracked on these applications and Los Angeles was given the first choice of everything desired by that city. I am giving only a slight digest of the volume of data that I obtained from the official files in the Interior Department, and this can be realized when I state that the foregoing excerpts and quotations are mostly taken from my manuscript which is ready for publication as a book and that this manuscript contains 540 pages of similar data; the name of the book will be: "Boulder Dam in the Light of the Owens Valley Fraud"

The St. Francis Dam Failure.

Because Mulholland could not have his way in the Long Valley Dam construction, he decided that he would build a dam in St Francisquito Canyon, near Saugus, California. Although this dam site was condemned by engineers in high standing as being a death trap with a concrete dam erected therein, Mulholland forged ahead and built the St. Francis Dam and in less than two years it failed at midnight

of March 12, 1928, and killed hundreds of people and wrecked millions of dollars worth of homes for which damage we, the citizens of Los Angeles, will continue to pay for many years to come. Mulholland and Van Norman of the Water Department of Los Angeles visited the dam a few hours before its failure, but did not sound a warning, although it was apparent to many who testified to the fact that the dam leaked very badly many days before it failed.

The San Gabriel Dam Failure.

Why mention the San Gabriel Dam? Because Messrs. Henny and Lippincott constituted two-thirds of the board of engineers responsible for that structure. The forks site in San Gabriel Canyon had been condemned as early as 1906, but these men, who have been yes-yes men for Mulholland for twenty-five years, permitted $5,000,000 to be spent out of county flood control funds only to have the foundation take a slide that caused its immediate abandonment.

The Lafayette Dam Failure.

The Lafayette Dam failure near Oakland, California, was due to the faulty design and construction under the direction of Arthur P. Davis, formerly of the Reclamation Service, who permitted Lippincott to destroy the Owens Valley project, and with the consultation of William Mulholland who built the ill-fated St. Francis Dam. Mr. Mulholland also was consulting engineer on the Calaveras Dam, which fell down during construction

Fathers of Boulder Dam

Davis and Mulholland have shouted to the world for many years that they were the fathers of the Boulder Dam, Lippincott has been active in working on the Boulder Dam project, the largest of its kind in the world. The engineers who condemned the St. Francis Dam and the San Gabriel Dam sites, are now frank in saying that proper tests have not been made at Black Canyon for the Boulder Dam; that a tunnel under the entire structure must be made, so that engineers and laymen alike may examine the foundation to see if it is solid bedrock all the way through. In this way, the Governor or any other person or persons he may appoint to examine it may be able to see the formation of the earth. If this is not done, as has been recommended to the Secretary of the Interior, then the engineers and officers in charge of that construction are but inviting a catastrophe that, should it take place, would ruin everything in the path of the flood that would be caused by the escaping of nearly 30,000,000 acre-feet of water, an amount 700 times as great as that which flowed from Mulholland's ill-fated St. Francis Dam. If the Boulder Dam should fail when filled with water, it would cause a loss that would take generations to pay for

The Same Political Crowd in Charge.

The Mulholland political crowd, that has been in control of such gross mismanagements as heretofore cited, is in control of the Boulder Dam situation. It is time that the State administration took a hand in these matters that are of vital interest to the entire State of California and of interest to the people of the United States whose moneys have been squandered by self-seeking politicians. It may not be amiss to suggest that a resolution might well be adopted by the State Legislature calling upon the Congress of the United States to investigate this entire matter to the end that such frauds may not be repeated; and to the end that the officers responsible for this trouble be discharged from public service and that they be properly dealt with for the crimes they have committed against the people and the government.

MESSAGE FROM THE GOVERNOR.

The following message from the Governor was received, read, and ordered printed in the Journal:

STATE OF CALIFORNIA, GOVERNOR'S OFFICE,
SACRAMENTO, April 21, 1931.

Hon. Edgar C. Levey,
Speaker of the Assembly,
State Capitol Building, Sacramento, California.

DEAR SPEAKER LEVEY: Attached hereto is a copy of a letter dated April 14th addressed to the Honorable James Rolph, Jr., from Mr. George Otis Smith, chairman of the Federal Power Commission, advising that the California Oregon Power Company has made application for preliminary permit for a proposed power dam in Siskiyou County and a power house at the so-called Iron Gate site at the mouth of Brush Creek on the Klamath River near Hornbrook. I respectfully request that this matter be called to the attention of the members of the Assembly to the end that any objections apparent may be set forth in the proper resolution to be transmitted to the Federal Power Commission at Washington. The number of this Power Permit is EP-1161-California, The California Oregon Power Company. I am sending a similar communication to the President of the Senate.

With kindest regards to you and all the members of the Assembly,

Very sincerely yours,

JAMES ROLPH, JR., Governor.

[COPY]

THE CALIFORNIA OREGON POWER COMPANY, April 14, 1931.

Hon. James Rolph, Jr.,
Governor of California,
Sacramento, California

EP-1161-California

DEAR GOVERNOR ROLPH: The California Oregon Power Company has made application for a preliminary permit for a proposed power development in Siskiyou County, California, consisting of a dam about 160 feet in height, and power house at the so-called Iron Gate site, on Klamath River, above the mouth of Brush Creek, in Sec 9, T 47 N., R. 5 W., near Hornbrook. The power capacity of the site is estimated as about 14,000 horsepower. The installed capacity will probably be in the neighborhood of 40,000 horsepower.

Any objections to or comments on this application should be filed with the commission on or before May 31, 1931.

Very truly yours,

(Signed) GEO. OTIS SMITH, Chairman.

REPORT OF SELECT COMMITTEE.

The following report of the delegate appointed by the Legislature of the State of California on the "Oil States Advisory Committee" in accordance with Assembly Concurrent Resolution No. 14 was read, ordered printed in the Journal, and referred to Committee on Oil Industries.

SACRAMENTO, CALIFORNIA, April 23, 1931.

To the Honorable Edgar C. Levey,
Speaker of the Assembly,
Capitol, Sacramento, California.

DEAR MR. SPEAKER: As the delegate appointed by the Legislature and the State of California on the "Oil States Advisory Committee," I herewith submit partial report as follows:

Concurrent Resolution No. 14 adopted in Assembly March 4, 1931, relating to the appointment of a representative from this State to a committee composed of representatives from the states of Oklahoma, Texas, Kansas and New Mexico for the purpose of sponsoring legislation to conserve natural resources.

Resolved by the Assembly of the State of California, the Senate concurring, That the Governor appoint a delegate to represent the Legislature and the State of California upon the "Oil States Advisory Committee," and that said delegate shall have authority and it shall be his duty to confer and negotiate with the duly appointed members of said committee, representing the states above named, respecting the conservation of oil and gas and other natural resources and to aid said committee in rendering and sponsoring such legislation as may be desirable or necessary to effectuate such conservation; and be it further

Resolved, That it shall be the duty of said committee to report to the present session of the Legislature, from time to time, as to the proceedings and conclusions of said committee.

In accordance with the above resolution and having received appointment as said delegate by the Honorable James Rolph, Jr., Governor of the State of California, I proceeded to attend the conference of the delegates of the above named states, which was held at Texarkana, Texas, on March 9, 1931, at which conference the following delegates were in attendance: Cicero I. Murray, representing the state of Oklahoma; Mark D. Mitchell, representing the state of Kansas; Carl M. Cox, representing the state of Wyoming; W. H. Cooley, representing the State of California; W. Scott Heywood, representing the state of Louisiana; T. H. Barton, representing the state of Arkansas, and Robert R. Penn, representing the state of Texas. The conference opened its session in the Grimm Hotel on the morning of March 9, 1931, at which place and time the following resolution was adopted:

WHEREAS, At a conference called by Governor W. H. Murray of Oklahoma and participated in by Governor R. S. Sterling of Texas and representatives of governors of New Mexico and Kansas, held at Fort Worth, Texas, February 28 and March 4, 1931, an agreement was entered into creating an "Oil States Advisory Committee" to study the present distressed condition of the petroleum industry and to make recommendations for uniform legislation looking to the relief of said industry and the conservation of oil and gas, and also providing for invitations to be issued to the governors of other oil-producing states to appoint representatives on said committee; and

WHEREAS, The first session is being held this March 9, 1931, at Texarkana, Texas, with representatives attending from the states of Oklahoma, California, Texas, Arkansas, Louisiana, Kansas, and Wyoming, at which meeting there has been a full discussion of the entire oil situation throughout the nation.

Now, therefore, said committee hereby adopts the following resolution:

WHEREAS, The oil industry in the United States and over the entire world is suffering from a general condition of overproduction and slack demand, resulting in depressed prices for crude oil and its products and great distress among all engaged in the industry, including particularly the producers of crude oil as well as those engaged in the refining and marketing business, as well as unemployment and threatened great waste of crude oil reserves by the forced abandonment of approximately 300,000 small wells in the oil producing areas of the United States alone, forever precluding the recovery of many millions of barrels of oil and thereby wasting a great irreplaceable natural resource; and

WHEREAS, This condition is the result of extreme and uncontrolled competition within the oil industry, resulting in the overdrilling of many areas and a mad race for production on every hand which has built up present potential production of oil far in excess of the ability of the market to absorb same at prices profitable to the producers of such crude oil, such conditions calling for steps by the various legal authorities of the states and of the United States which will permit the oil industry to put its house in order and control its production to fit the market demand; and

WHEREAS, If present conditions continue unchecked and unabated, they will result not only in the abandonment of hundreds of thousands of small oil wells, but in the elimination of virtually, if not entirely, the army of small or independent producers in this country, with the survival of only a few of the great major companies, thereby resulting in a condition of monopolistic control of the entire industry, rather than in a desired state of reasonable competition, all of which must be avoided by such control and regulation of the business of producing and handling crude oil and its products as will result in continuing in the business independent and major producers and handlers alike; and

WHEREAS, Within the last few years, systems of proration of oil production have grown up within the states of Texas, Oklahoma, Kansas, New Mexico, and California, in the efforts to hold production of petroleum within the demand, but said proration efforts have failed to result in fair prices for crude oil, said prices having fallen steadily within the last year to such point that a great majority of the oil operators of the United States are now faced with ruin and financial extinction; and

WHEREAS, Concurrently with the development of the proration system, there have been vast increases, within the last five years, in the imports of crude oil and gasoline into the United States, thereby nullifying the curtailment efforts that have been put forth, depressing the market and adding to the distress of domestic producers; now, therefore, be it

Resolved by said "Oil States Advisory Committee," That it hereby recommends the following steps to the governors of the various oil-producing states and to the legislatures thereof:

First: That this committee be continued in existence for the purpose of correlating the activities of the various conservation bodies of the oil-producing states, in an advisory capacity, and also to make recommendations as to the amounts of oil which should be produced within the United States and as to the prices which should obtain therefor, so as to assure to all producers a fair and reasonable return on their necessary investments in handling their business of mining for and producing oil; and also to hold conferences and agree with the major purchasers of crude oil as to quantities of production wanted, and prices to be paid therefor, with due consideration to the various grades of oil in the various fields and the geographical locations and conditions of gathering, transporting and marketing such crude oils; and to handle all other matters treated herein

Second: That said committee also be empowered to confer with and treat with the major importers of crude oil as to imports of crude oil and petroleum products, limiting the same to reasonable amounts with due regard to proration measures in force and to the situation of demand and supply within the United States so that such imports may not result in the pulling down or destroying of the crude oil price structures in the United States.

Third: That said committee further shall discuss, confer and agree with the various holders of crude oil in storage within the United States as to fair and reasonable schedules of withdrawals from storage of such crude oil so that withdrawals may be accomplished in a rational manner without interference with the market for fair amounts of crude oil currently being produced.

Fourth. That in all such negotiations and in the dealings of the various state and national authorities with the oil business it be immediately and widely recognized that a fair price for crude oil is essential to its conservation, so as to prevent wastes of oil from diverting it to uses below its intrinsic value, to prevent the too rapid exhaustion of underground supplies of crude oil and of the gas energy which is necessary to bring it into the wells and to the surface, to prevent the abandonment of countless wells which otherwise would produce large quantities of crude oil that could never be recovered if those wells should be abandoned.

Fifth That said committee be empowered to proceed with proper negotiations with the Federal Oil Conservation Board and any and all other agencies concerned therewith to secure a recognition of the fact that it is necessary not only to conserve crude oil, but to procure fair prices therefor, in order to prevent abandonment of wells, physical and economic waste and other conditions resulting from the present

distressed situation; in other words that intelligent and fair control of the production of such a natural resource as oil and gas is necessary not only to the producers thereof, but to the public as well, by preventing the creation and growth of monopoly with the resultant dangers of high and unfair prices for petroleum products in the not far distant future.

Sixth That pending the working out of such improvements and betterments as are contemplated in this resolution, all of the oil-producing states continue in force the present systems of oil proration, without any abatements or lessening of restrictions, maintaining the principle of preventing waste by not allowing the production of crude oil to exceed the market demands therefor

Seventh. That each of the major oil producing states, Texas, California, Oklahoma, New Mexico and Kansas, immediately take steps through their legislatures to create oil and gas conservation commissions, or other proper authorities, to be appointed by the governors of those states, for as long terms as possible, for the sole business of enforcing the laws of the various states as to conservation of oil and gas, adopting and enforcing rules for the reasonable carrying out of such laws by said commissions; thereby removing from undue political influence the activities of such commissions and eliminating from the oil and gas conservation programs of the various states the dangers of considerations of vote-getting.

Eighth: That all of the oil-producing states shall as rapidly as possible enact uniform laws for the conservation of these resources, similar to the laws now in force in Texas and Oklahoma, which laws are generally regarded as sufficient to handle the situation, provided systems of administration are provided which will insure full, fair and fearless enforcement of the aforesaid laws By this it is not meant that all of the oil states must be immediately subjected to proration, but they should have their legal systems provided for in case they should have flush fields brought in within their borders of major proportions.

Ninth That the recommendations of the "Oil States Advisory Committee," as hereinabove provided for, shall so far as possible be given due consideration by the various state conservation agencies, said committee serving to contact these agencies, for the purpose of providing fair allotments of production allowables, as between the various states, with due regard for the various conditions affecting production in those states.

Tenth That when allocations shall have been made to the various states by said "Oil States Advisory Committee," as hereinabove provided, the conservation authorities of said states, each and severally, shall proceed to allocate and distribute, as between the various fields of said states, the market available for the crude oil produced, with due regard for ratable takings as between all producers in a given field and with due regard for preventing any unfair or unreasonable discrimination between various fields

Eleventh: That in all of such allocations as between producers and as between fields, due regard shall be given to the necessities of the so-called marginal or small producing wells These wells which are in danger of abandonment, if production or price is curtailed too far, striving in all reasonable manner to preserve, and continue the life of all such small wells and fields so that they may produce the amounts of oil consistent with preventing waste therein.

Twelfth: That proration be immediately extended by the conservation authorities of Texas to the new East Texas fields which are now threatening to destroy the entire crude oil market, providing for those fields fair and reasonable markets and prices consistent with the production of the rest of the country; and that in all new areas of flush production, in whatever state, proration measures be fairly applied from the beginning of the development of said fields

Thirteenth: That measures be taken in all of the oil-producing states to prevent the overdrilling and wasteful production of oil and gas in those areas of any production which may be developed holding the amount of drilling to such number of wells as may reasonably seem likely to produce said oil most economically and efficiently and also to save and preserve the gas energy of said fields; and further to encourage the idea of operators who own tracts of land too small to support wells individually, entering into partnerships creating blocks of sufficient size that they may reasonably and economically support a well or wells, thereby reducing and preventing both physical and economic wastes due to too close drilling, and that we further go on record, as favoring wherever possible and feasible, the principle of unit operations as providing the fairest and most economical possible way of producing oil and as not only effecting great savings in operations but far greater recoveries of oil and as well as rates of withdrawal that will prevent flooding the markets with new flush oil supplies that can not be readily absorbed.

Fourteenth: That in all of the foregoing measures, it be borne in mind that it is necessary not only to prorate and curtail production of oil within the United States but to prorate and curtail the imports of foreign crude oil and petroleum products with due consideration for the preservation of the American markets; and furthermore that to prevent such importations as may hereafter arise from other countries like Russia and Roumania, effective measures should be provided by the Congress of the United States to prevent dumping of oil and oil products on the United States market

Fifteenth: That if the plan of agreements herein suggested for the immediate and fair curtailment of oil imports shall fail of its purpose, then we recommend that the legislatures of the various oil states enact legislation which will have the effect of preventing importers from bringing in foreign oil to the hurt and injury of the United States producers.

Sixteenth: That this committee fully recognizes that for the benefit of the consuming public, fair and reasonable prices to the public must be maintained on gasoline and other petroleum products, and that to this end published recommendations be made from time to time by this committee as to constitute fair and reasonable prices for gasoline and other petroleum products with relation to the prevailing prices for crude oil.

Seventeenth: That this committee recommends discouragement of any increases in the gasoline taxes imposed by the various states, which taxes in all cases are paid by the consuming public as part of the price of gasoline at the filling station, and that all of the states, by proper legislation, increase the efficiency of the collection of those taxes as now imposed, so as to prevent evasions by unscrupulous concerns.

Eighteenth: That this committee recommends that the oil industry of the United States, through the means herein suggested and through other means which may become apparent from time to time, set unto itself the goal of so conducting its business as to control and prevent the too rapid and reckless production of oil and to assure fair prices to producers at all times, for in any conservation of oil and gas, the factor of price is not less important than that of curtailment; it being the feeling of this committee that if the oil industry will avoid a long period of distress and ruin to many thousands of operators, both large and small, all branches of the industry must cooperate through every means available not only to assure fair prices and reasonable supplies of oil and its products, but to prevent unreasonable and monopolistic prices in the future.

Nineteenth That this committee urges and requests those purchasing companies which have recently reduced prices of crude oil to restore their prices to February levels, pending the working out by the various states of such measures as are recommended herein, looking to immediate betterment of prices thereafter.

Twentieth. This committee finally recommends, in order to make permanent the foregoing program dealing with the oil industry in general, that the oil-producing states here represented and which may hereafter join in this committee, enter into an interstate compact, the terms of which shall be agreed upon by this committee at some future meeting, such interstate compact to be only obligatory upon those states giving legislative sanction thereto, and also subject to the consent of the Congress of the United States.

Immediately following the conference held in Texarkana on March 9, 1931, the committee members received an invitation through the Hon. Ross Sterling, governor of the state of Texas, to be present at a public hearing to be held by the Railroad Commission of the state of Texas, at which hearing the central proration committee of the state of Texas were to appear and apply for a proration order to curtail and prorate the new flush producing area of east Texas, a field conservatively estimated to comprise of 100,000 acres of proven oil land with a maximum estimate of recovery of some two billion barrels of high gravity refining grade oil. The hearing progressed for seven days, at the end of which time the commission issued a proration order which was immediately enjoined in the district court. The operators, land owners, and royalty owners contesting the proration order and thereby placing in jeopardy the whole price structure within the state Recently, however, report has reached me that a compromise was affected and the field was placed under the proration order limiting the daily output to 130,000 barrels.

The committee next proceeded to Washington, D C, where on April 9, it appeared before the Federal Oil Conservation Board at a public hearing and submitted the following plan to the said board and received immediately, at the conclusion of the public hearing, the approval of said Federal Oil Conservation Board and a declaration of its intention to cooperate as fully as possible to carry out the plan herewith attached and which is as follows: Refer to report marked addendum "A".

I also take pleasure in accompanying this report with a transcript of the proceedings had before the Federal Oil Conservation Board at which the Oil States Advisory Committee plan was fully discussed and acted upon The Oil States Advisory Committee after the hearing at Washington, proceeded to St. Louis Missouri upon invitation of the American Petroleum Institute, where it met in joint session and submitted the following report which was accepted by that body in preference to a similar report made by that body's own economic committee and also the economic committee acting separately for and in behalf of the Federal Oil

Conservation Board. The three separate reports as presented to the American Petroleum Institute are also herewith attached. I might state that the states of of Ohio, Colorado and Kansas sent delegates to the Washington conference, making in all, ten states represented by delegates on the Oil States Advisory Committee. I might also state that a compact between the principle oil producing states is a possible means for accomplishing the following necessary object for effective conservation program:

One: Uniformity of conservation laws of the major producing states. Ratification of the compact would be an enactment by every state of certain uniform principles, leaving details to be filled in by legislation to accord with varying local conditions. The objective would be to balance the conservation efforts of the various adhering states so that a voluntary restriction of production in one would not be offset by increased production in another. Such a balance would be effected liaison provided by the compact between the various state enforcing bodies.

Two. By the creation or recognition of an individual body in each state with provisions for liaison between them so that periodical conferences between them would be required and the general orders of each body affecting production would be effective only after service on the others. A balance between conservation measures taken in each state would thus be maintained. A permanent advisory interstate commission or committee composed of one member from each state commission would provide the necessary liaison.

Three. Establishment of a few major principles as the basic uniform law and these states should be directed toward: (*a*) Necessity of preservation of gas content of all pools. (*b*) Necessity for the most economic production of oil by first giving the uniform body power to equitably restrict production in times of overproduction (*c*) Giving the enforcement body power to refuse licenses to wasteful production operations, and (*d*) preserving the producing life of fields of stabilized or settled production.

Four. Permitting under proper unit development and operation of single oil pools. Protection of small operators through spreading the burden of conservation effects over several states instead of one, relieving the small producing well and the field with settled production from undue danger of permanent injury on account of curtailment.

The following elements may be considered for inclusion in a compact:

First, a clause whose subdivisions constitute a short uniform statute which will become on ratification of the compact the municipal law of each state and will form the basis of the powers conferred by the compact on the agencies which are to enforce it

The following draft of proposed state statute authorizing negotiations of Interstate Oil Conservation Compact may be properly considered at this time Copy of form is herewith attached The compact could be entered into with or without the approval of the United States government

All of the above is respectfully submitted for your consideration

DRAFT OF PROPOSED STATE STATUTE AUTHORIZING NEGOTIATION OF INTERSTATE OIL CONSERVATION COMPACT.

An act, providing for the appointment of a representative on behalf of the State of California to negotiate a compact between the said state and the states of Oklahoma, Colorado, Texas, Kansas Ohio, Wyoming, New Mexico, Louisiana and Arkansas, or any of them and to cooperate with the United States of America, respecting production and conservation of petroleum and natural gas within said states and making an appropriation therefor.

SECTION 1. The governor of the State of California shall appoint a delegate and/or committeeman who shall serve and receive proper compensation therefor, as a representative of the State of California, and shall be duly authorized to represent the State of California in a joint committee to be composed of representatives of the states of Texas, Colorado, Oklahoma, Kansas, Ohio, Wyoming, New Mexico, Louisiana and Arkansas, and a representative of the United States of America, such committee to be constituted for the purpose of negotiating and entering into a compact between the said states, with the consent of the Congress of the United States, which shall provide for the coordination of the efforts of each of said states toward the wise use of the oil and gas resources within its territory; provide for the creation of an advisory or coordinating commission composed of representatives of the conservation agencies of the several compacting states, and for the adoption of general uniform conservation principles in said states, reserving to this state the power to enact such legislation as may be deemed proper in accordance therewith; said compact to provide for the cooperation of said advisory or coordinating commission with the United States of America; *provided, however*, that any compact or agreement so entered into by said states shall not be binding or obligatory upon this state unless and until the same shall have been ratified and approved by the Legislature of this state and by the Congress of the United States; *provided further, however*, that there is hereby conferred upon the delegate and/or committeeman from this state in view of the present emergency which threatens the welfare of the oil and gas resources of this state, the authority to promulgate temporary rules and regula-

tions not in conflict with any existing law of this state or of the United States, in conformity with said state compact, if signed by the delegate or committeeman of this state, which rules and regulations when approved by the governor shall have the force of law until repealed or modified by the Legislature.

SEC. 2. The governor of this state shall notify the respective governors of the states of Texas, Oklahoma, Kansas, Wyoming, Ohio, New Mexico, Colorado, Louisiana, and Arkansas, of the appointment of the delegate and/or committeeman of this state as soon as said delegate and/or committeeman shall have been appointed and qualified.

SEC. 3. The delegate and/or committeeman of this state shall have authority to make or cause to be made any investigation which said representative of this state may require respecting the production and conservation of oil and gas within this and the other states and of the present and future needs of this state with reference thereto, in order that he may properly perform his duties as the representative of the State of California upon said joint committee

SEC. 4 For the purpose of carrying out the provisions of this act, including the payment of an equitable portion of the cost and expenses of said joint committee there is hereby appropriated out of any moneys in the state treasury not otherwise appropriated the sum of ten thousand dollars or so much thereof as may be necessary for the purpose herein provided Said appropriation may be used within or without the State of California. Said delegate and/or committeeman may employ such clerical or technical assistants as may be deemed necessary to accomplish the purpose of this act.

SEC 5. That it is necessary for the public peace and safety that the provisions of this act shall become effective at the earliest possible time, and therefore an emergency is hereby declared to exist, and this act shall take effect and be in full force and effect from and after its passage and approval

SEC. 6 All acts or parts of acts in conflict with the provisions of this act are hereby repealed.

WASHINGTON, D. C, April 9, 1931.

To the Hon. Ray Lyman Wilbur,
Chairman of the Federal Oil Conservation Board, City

HONORED SIR: We, the undersigned members of the Oil States Advisory Committee, duly appointed by the governors of the respective states which we represent, to consider the present dire conditions of chaos and distress existing in the oil industry and to make recommendations for the betterment of such conditions, having requested of the honorable Federal Oil Conservation Commission a conference as of this date, hereby submit the following:

First: Stabilization of the production of crude oil is necessary to stability of public supply, to the elimination of waste of an irreplaceable resource, to prevention of the threatened forced abandonment of hundreds of thousands of small wells throughout the oil-producing areas of the United States, to preservation of the independent oil-producing areas of the United States, to preservation of the independent oil operator as a competitive force, thereby avoiding the creation of monoply, and to the prevention of loss of many millions of dollars in tax revenues to the various states and to the nation.

Second: No individual oil-producing state, by its own laws, can adequately protect the national interest against such conditions of overproduction, attendant waste and resultant demoralization of a great industry, as now exist, unless the conservation efforts of the large producing states shall be coordinated Otherwise, curtailment efforts within one state may at any time be automatically offset and nullified by increased flush production in the fields of another state, or by unjustified increases in the importations, to the great damage of the areas of oil and settled production throughout the country.

Third: Through bitter experience, the various oil-producing states have been forced to the realization that the conservation authorities of each state must give due consideration to the general situation in the oil industry throughout the United States With such consideration duly given, the stabilization of the production of crude oil within any state is purely a problem for solution by that state and the industry therein, with such cooperation and advice as may be rendered by interstate advisory committees and with such aid and assistance as the federal government may be able to give Limitations on unnecessary drilling, conservation of gas energy, encouragement of unitization of development, ratable takings of oil among producers within a given field, and equitable apportionment of outlet as between the various fields, should be the objectives of the various state laws, and for the better saving in the ground of oil and gas not immediately needed, the state laws should be made more uniform and more effective in their enforcement

Fourth: Coordinated restrictions to prevent wasteful overproduction by the major oil-producing states, with federal cooperation, may be furthered immediately by continuing for such time as may be necessary an advisory group representing the various states and by the conservation bodies within those states adopting, as a basis of regulation of production, the regional forecasts of supply and demand such as have just been made by the Voluntary Committee on Economics of the Federal Oil

Conservation Board, if and when same shall have been approved or modified by an interstate advisory committee

Fifth: Equalization of the rate of foreign production, with due consideration for the proration efforts of the domestic producers, should be sought, not only to curtail imports but to safeguard the country's balance in exports, and we hereby fully indorse, and tender our thanks to your honorable board for the efforts put forth in procuring voluntary restrictions of imports into this country.

Sixth: The above objectives, i.e., sound and uniform conservation laws within the various states, coordination of their enforcement and effect with those of other states, balancing of their joint effect against foreign production, all under a system which will be stable for sufficiently long periods to enable economic production expenditures but flexible enough to meet changing conditions, may and should be placed on a permanent basis by means of an agreement between the oil-producing states, which will retain for each state its own administration of its own resources but will guarantee harmonious administration and cooperation through an interstate advisory board

In view of the foregoing conditions, we hereby recommend:

I. That the Federal Oil Conservation Board continue its Voluntary Committee on Economics, to make periodic examinations into the status of the oil industry and formulate national and regional forecasts of supply and demand, and that such forecasts be given due consideration by the Interstate Committee and recommended, with any necessary modifications, to the respective state conservation bodies.

II. That the Legislature of each oil-producing state be requested as rapidly as possible to authorize negotiation of an interstate agreement for coordination of conservation measures, any such agreement being subject to ratification by the states.

III. That pending the working out of such a compact, an advisory committee, representing the several oil-producing states, continue to function as a liaison and fact-finding body, to present to the conservation authorities of the various states, at such times as may be deemed necessary, recommendations for more effective cooperation as between the states.

Respectfully submitted.

REPORTS OF STANDING COMMITTEES.

The following reports of standing committees were received and read:

ON ENGROSSMENT AND ENROLLMENT.

ASSEMBLY CHAMBER, SACRAMENTO, April 27, 1931.

MR SPEAKER: Your Committee on Engrossment and Enrollment has examined Assembly Bill No. 123—An act providing for the selection and acquisition of a site for and the construction, equipment and furnishing of a residence for the Governor of the State of California, making an appropriation therefor, and authorizing the disposal of the present gubernatorial mansion property;

Also: Assembly Bill No. 709—An act to add a new section to the Penal Code, to be numbered 383c, relating to the sale or storage of certain articles in places where food is kept;

Also: Assembly Bill No. 1188—An act to provide for the collection by the Division of Motor Vehicles of the State of California of certain taxes upon motor vehicles, trailers and semitrailers in addition to the registration fees provided in the California Vehicle Act, and to provide for the distribution and expenditure of the revenues derived from such tax;

Also: Assembly Bill No. 1247—An act to define and regulate the practice of shorthand reporting; creating a State Board of Shorthand Reporting, and providing for its powers and duties; providing for the examination and certification of shorthand reporters, with the designation of "certified shorthand reporter"; providing for the reporting, taking, and certifying of depositions by certified shorthand reporters; and prescribing penalties for violations of this act and to repeal section 270 of the Code of Civil Procedure;

Also: Assembly Bill No. 1301—An act permitting persons, firms and certain corporations to furnish information and clerical services relating to corporate organization, qualification, maintenance and/or administration to persons lawfully engaged in the practice of law;

Also: Assembly Bill No. 1323—An act to amend section 4041.18 of the Political Code, relating to construction, repair and maintenance of public property;

Also: Assembly Bill No. 1327—An act to provide for the sanitary inspection of slaughterhouses, the inspection of animals or meats intended for human consump-

tion, to provide rules and regulations therefor, to provide penalties for the violation thereof and to repeal the California Meat Inspection Law, approved June 3, 1921;

Also: Assembly Bill No. 1338—An act to add new sections to the Political Code to be numbered 695 to 695r, both inclusive, relating to a Compensation Insurance Fund;

Also: Assembly Bill No. 1431—An act to revise an act entitled 'An act to regulate the vocation of fishing and to provide therefrom revenue for the propagation, restoration and conservation of fish in the waters of the State of California," approved March 13, 1909, as amended;

Also: Assembly Bill No. 1597—An act to add a new section to be numbered 12½ to "An act to provide for the formation, management and dissolution of county water works districts; for supplying the inhabitants thereof with water; for levying and collecting taxes on property in such districts; and for the issuance of county water works district bonds and the payment thereof," approved June 13, 1913, relative to the organization and regulation of water districts;

Also: Assembly Bill No. 1598—An act to add a new section numbered 13½ to an act entitled "An act to provide for the incorporation and organization and management of county water districts, and to provide for the acquisition of water rights or construction thereby of water works and for the acquisition of all property necessary therefor, and also to provide for the distribution and sale of water by said districts," approved June 10, 1913, as amended, relating to county water districts;

Also: Assembly Bill No. 1732—An act to amend section 594c of the Political Code, relating to the sale and issuance of securities of companies organized for the purpose of transacting an insurance business;

Also: Assembly Bill No. 1896—An act to amend sections 5 and 6 of the Direct Primary Law, relative to primary elections;

And reports that the same have been correctly re-engrossed.

MEEKER, Chairman

The above reported bills ordered on file for third reading

Also:

MR. SPEAKER: Your Committee on Engrossment and Enrollment has examined Assembly Constitutional Amendment No. 27—A resolution to propose to the people of the State of California an amendment to the constitution of the State of California amending section 6 of article IX, relative to taxation—and reports that the same has been correctly re-engrossed.

MEEKER, Chairman.

Assembly Constitutional Amendment No. 27 ordered on file for adoption.

Also:

MR SPEAKER: Your Committee on Engrossment and Enrollment has examined Assembly Joint Resolution No 22—Relative to memorializing and petitioning the President of the United States and Congress to take steps to prevent the importation into the United States of products produced by Russian convict labor;

Also Assembly Joint Resolution No 23—Relative to recommending the closing of the international border at the point near Mexicali, Mexico, at six o'clock p m. each day;

Also: Assembly Joint Resolution No. 24—Relative to acceptance of Greek flag presented to the State of California;

Also: Assembly Joint Resolution No. 25—Relative to requesting the Secretary of the Navy to name the dirigible ZRS5 to be stationed at the Sunnyvale air base, "Palo Alto";

And reports that the same have been correctly engrossed.

MEEKER, Chairman.

Assembly Joint Resolutions Nos. 22, 23, 24, and 25 were ordered on file for adoption.

Also:

MR. SPEAKER: Your Committee on Engrossment and Enrollment has examined Assembly Bill No 277—An act to repeal section 4.771 of the School Code and to add a new section thereto to be numbered 4 282 providing for the expenditure of balances remaining in school district funds;

Also: Assembly Bill No 554—An act to amend section 2 of chapter 462 of the Statutes of 1929, entitled "An act to accept the provisions and benefits of an act passed by the Senate and House of Representatives of the United States of America in Congress assembled, and approved February 5, 1929, to provide for the further development of vocational education; to create a Vocational Education Fund and making an appropriation therefor," approved May 24, 1929, relating to an appropriation for vocational education;

Also, Assembly Bill No. 614—An act making an appropriation for painting portraits of governors of California, and directing the State Department of Finance to carry out the provisions thereof;

Also Assembly Bill No 1728—An act providing for the retirement of funded debt bonds of 1873 and making an appropriation therefor;

Also: Assembly Bill No. 1872—An act to provide for the validating by the Railroad Commission of trade agreements and practices, not inconsistent with public policy and for the revocation of the validating approval upon a violation of public policy;

Also: Assembly Bill No. 1930—An act to amend section 14 of an act entitled "An act to allow unincorporated towns and villages to establish, equip, and maintain public libraries; to provide for the formation, government and operation of library districts; the acquisition of property thereby; the calling and holding of elections in such districts, the assessment, collection, custody and disbursement of taxes therein, and to create boards of library trustees," approved April 12, 1909, as amended, relating to the registration of library district warrants;

Also, Assembly Bill No 1932—An act to amend sections 1 and 2 of an act entitled "An act providing for the sanitation, healthfulness and cleanliness and safety of swimming pools, public bathhouses, swimming and bathing places, regulating the granting and revocation of permits therefor from the State Board of Health; providing for the inspection of such places declaring places and things in violation of this act to be nuisances dangerous to health and providing for the abatement of the same; making violations of this act misdemeanors; and providing for the punishment of the same," approved April 6, 1917;

And reports that the same have been correctly engrossed

MEEKER, Chairman.

Also:

MR SPEAKER: Your Committee on Engrossment and Enrollment has examined Assembly Bill No. 1267—An act to repeal article II of chapter II of part III of division III of the School Code, embracing section 3.240, to repeal section 3.231 thereof and to amend section 3.230 thereof, all relating to the establishment and lapsing of junior high schools;

Also: Assembly Bill No. 1335—An act to add a new section to the School Code to be numbered 2.990, relating to the powers and duties of governing boards of school districts;

Also: Assembly Bill No. 1363—An act to amend the title and section 1 of the County Improvement Act of 1921, as amended, relating to improvement work in another county, or in any city and county, under the provisions of the act;

Also: Assembly Bill No. 1378—An act to amend section 628e of the Penal Code, relating to the protection of fish and game;

Also: Assembly Bill No. 1379—An act to amend sections 5, 6, 7 and 8 of an act entitled "An act to license canners, curers, preservers and packers of fish and handlers of crustaceans and mollusks, and providing a revenue therefrom for the conservation, propagation and restoration of fish in the State of California, and providing for a record of fish caught or received, and providing penalties for the violation of the provisions thereof, and repealing all acts or parts of acts in conflict therewith," approved May 28, 1917;

Also: Assembly Bill No. 1460—An act making an appropriation to secure a site and erect a home for women veterans of the United States Army, Navy or Marine Corps;

Also: Assembly Bill No 1475—An act to provide for the funding and refunding of the indebtedness of districts organized under and in pursuance of the "Road District Improvement Act of 1907" and to provide for the levy of assessments and reassessments for such refunding, and to enforce the liens of said assessments and reassessments, and for the issue and sale or exchange of refunding bonds and the retirement of the unpaid bonds of said districts, and to provide for the payment of bonds and for proceedings to test the validity of such refunding and reassessment;

Also: Assembly Bill No. 1652—An act to amend section 9a6 of an act entitled "An act to provide for the establishment and maintenance of county free libraries in the State of California, and repealing 'An act entitled "An act to provide county library systems," approved April 12, 1909, and all acts and parts of acts in conflict with this act,'" approved February 25, 1911, as amended, relating to libraries in the counties of the sixth class;

Also: Assembly Bill No. 1653—An act to amend section 19x16 of the Juvenile Court Law, relating to probation officers in counties of the sixth class;

Also: Assembly Bill No 1654—An act to amend section 2322x6 of the Political Code, relating to the office of agricultural commissioner in counties of the sixth class;

Also: Assembly Bill No. 1729—An act to amend section 6 and section 24 of the State Medical Practice Act approved June 2, 1913, as amended, relating to report of receipts, title of act, and penalties and disposition of fines;

Also Assembly Bill No. 1806—An act to amend section 19x26 of the Juvenile Court Law, relating to probation officers in counties of the twenty-sixth class;

Also: Assembly Bill No. 1825—An act to amend section 2322*x*26 of the Political Code, relating to the office of agricultural commissioner in counties of the twenty-sixth class;

Also: Assembly Bill No. 1861—An act to create a district to be called "Orange County Water Saving and Replenishment District," to provide for the reclamation of sewage, drainage and other surface water for beneficial use in, to prevent waste of water in or exportation of water from, and to provide for importation of water into, said district; to provide for the construction of works and acquisition of property therefor; to authorize the incurring of indebtedness, and the voting, issuing and selling of bonds, and the levying and collecting of taxes by said district; to provide for the government and control of the said district, and to define the powers and duties of the officers thereof;

Also: Assembly Bill No. 1879—An act to add a new section to the Political Code, to be numbered 2524*e*, relating to the authority of the Board of State Harbor Commissioners or its successor;

Also: Assembly Bill No. 1921—An act to amend section 3713 of the Political Code, relative to State taxation;

Also: Assembly Bill No. 1923—An act making appropriation to pay the claim of A. N. Kemp against the State of California;

Also: Assembly Bill No 1931—An act to amend section 3897*a* of the Political Code, relating to the termination of the right of redemption of tax deeded lands, and the disposition thereof;

And reports that the same have been correctly engrossed.

Amendments adopted.

Bill read second time, ordered to reprint, engrossment, and third reading.

Assembly Bill No. 198—An act to amend section 1 of chapter 303 of the Statutes of 1919, entitled "An act to secure the payment of the claims of persons employed by contractors upon public works, and the claims of persons who furnish materials, supplies, teams, implements or machinery used or consumed by such contractors in the performance of such works, and prescribing the duties of certain public officers with respect thereto," approved May 10, 1919, as amended, relating to bonds of contractors.

COMMITTEE AMENDMENTS.

During second reading of the bill, the following amendments were submitted by the committee:

AMENDMENT NUMBER ONE.

In line 1 of the title of the printed bill, strike out "section 1", and insert in lieu thereof the following: "sections 1 and 2".

AMENDMENT NUMBER TWO.

Strike out line 9 of the title of the printed bill, and insert in lieu thereof the following: "public works".

AMENDMENT NUMBER THREE

On page 2 of the printed bill, after line 35, add the following:

"SEC. 2. Section 2 of said act is hereby amended to read as follows:

SEC. 2. Any materialman, person, company or corporation furnishing materials, provisions, provender or other supplies used in, upon, for or about the performance of the work contracted to be executed or performed, or any person, company or corporation renting or hiring teams or implements or machinery for or contributing to said work to be done, or any person who performed work or labor upon the same, or any person who supplies both work and materials, and whose claim has not been paid by the contractor, company, or corporation, to whom the contract has been awarded, or by the subcontractors of said contractor, company, or corporation, may at any time prior to the expiration of the period within which claims of lien must be filed for record as prescribed by section 1187 of the Code of Civil Procedure file with the commissioners, managers, trustees, officers, board of supervisors, board of trustees, common council, or other body by whom such contract was awarded, or with the controller, auditor, or other public disbursing officer whose duty it is to make payments under the provisions of such contract a verified statement of such claims, together with a statement that the same have not been paid. In the case

of a contract of the state entered into by or through the department of public works, such statement shall be filed with the department of public works, and not with the state controller. It shall be lawful for the state or any public board, commission, or officer thereof, or any political subdivision thereof, within ten days after the completion of any contract or structure, or work of improvement, provided for in this act, or within ten days after there has been a cessation from labor thereon for a period of thirty days, to file for record in the office of the county recorder of the county or counties where the property is situated, a notice setting forth the date when the same was completed or on which cessation from labor occurred, together with the name of the state or such public board, commission or officer thereof, or such political subdivision thereof and a description of the property or public work or structure sufficient for identification and the name of the contractor or contractors, the names of the sureties, if any, which notice shall be verified by some officer of the state or some member of such board, commission or officer thereof, or of such political subdivision thereof, and in case such notice be not so filed, the failure to so file shall have the same effect as is provided in section 1187 of the Code of Civil Procedure with reference to the "owner." Actions against the state, public board, commission, or officer thereof, or the political subdivision of the state, or the disbursing officer whose duty it is to make payments under the provisions of the contract for the public improvement in question, brought by any claimant who has filed claim under this act, or his assign, shall be governed by the provisions of sections 1184, 1184*a*, 1184*b*, and 1184*c* of the Code of Civil Procedure and the verified notice provided for in the said sections shall be equivalent for all purposes to the verified claim provided for herein.

No assignment by the contractor of the whole or any part of the money due him or to be due him under the contract, or for "extras" in connection therewith, whether made before a verified claim is filed as provided for herein or after said claim is filed, shall be held to take priority over claims filed under this section and such assignment shall have no binding force in so far as the rights of the claimants who file claims hereunder, or their assigns, are concerned; *provided*, that nothing in this section shall be construed to prohibit the payment of any money to the contractor or his assigns, so long as no verified claim is on file before the disbursing officer shall have actually surrendered possession of the warrant, checks, bonds, or money or the payment to said contractor or his assigns of any money due him or his assigns over and above the total amount of the claims filed at that time plus such interest and court costs as might be reasonably anticipated in connection with said claims.

Suit against the surety or sureties on the bond of the contractor required under section 1 hereof, may be brought by any claimant, or his assign, at any time after the claimant has ceased to perform labor or furnish material or both and until the expiration of six months after the period in which verified claims may be filed as provided herein. The filing of a verified claim shall not be a condition precedent to the maintenance of such action against the surety or sureties on the bond and an action on such bond may be maintained separately from and without the filing of an action against the board, commission, officer or other body by whom such contract was awarded. And upon the trial of any such action the court shall award to the prevailing party a reasonable attorney's fee, to be taxed as costs, and to be included in the judgment therein rendered.

If the contractor, subcontractor or other person against whom any claim is filed as provided in this act shall dispute the correctness or validity of any claim so filed it shall be lawful for the controller, auditor or other public disbursing officer whose duty it is to make payments under the provisions of such contract or the commissioner, managers, trustees, officers, board of supervisors, board of trustees, common council or other body by whom the contract for the improvement was awarded, in its or his discretion, to permit the contractor to whom said contract was awarded to deliver to such board, commission or officer a bond executed by some corporation authorized to issue surety bonds in the State of California, in a penal sum equal to one and one-fourth times the amount of said claim, which said bond shall guarantee the payment of any sum which said claimant may recover on said claim together with his costs of suit in said action, if he shall recover therein, and upon the filing of said bond by and with the consent of such board, commission or officer, then such board, commission or officer shall not withhold any moneys from said contractor on account of said claim.

In the case of a contract of the state entered into by or through the department of public works, the bond shall be filed with the director of public works and not with the state controller. The sureties upon said bond shall be jointly and severally liable to said claimant with the sureties upon the bond given in accordance with section 1 of this act."

Amendments adopted.

Bill read second time, ordered to reprint, engrossment, and third reading.

Assembly Bill No. 453—An act to repeal section 167 of the Civil Code, relating to the liability of the community property for contracts of the wife.

COMMITTEE AMENDMENTS.

During second reading of the bill, the following amendments were submitted by the committee:

AMENDMENT NUMBER ONE.

Strike out the title of the printed bill, and insert in lieu thereof the following: "An act providing for the granting of franchises in counties or cities and counties for the disposal or destruction, or both, of garbage and other waste, and declaring same an urgency measure, and repealing an act entitled "An act providing for the granting of franchises in counties or cities and counties for the disposal or destruction, or both, of garbage and other waste, and declaring same an urgency measure," approved April 17, 1931"

AMENDMENT NUMBER TWO.

On page 1 of the printed bill, strike out lines 1 and 2, and insert in lieu thereof the following:

"SECTION 1. Franchise by legislative body. Every franchise or privilege for the disposal or destruction, or both, of garbage, waste, offal and debris, shall be granted by the legislative body of any county or city and county under the terms and conditions in this act provided, and not otherwise

SEC. 2 Best bid may be called for. Any such governmental subdivision may, by resolution of its legislative body, call for bids for the granting of a franchise, exclusive or otherwise, for the disposal or destruction, or both, of garbage, waste, offal and debris, according to the terms and conditions set forth in such resolution, for a period of time not to exceed twenty-five years. Thereafter said legislative body shall cause to be published once a week for two successive weeks a notice which shall set forth all of the terms and conditions embraced in said resolution and the time, date and place for the receiving and opening of sealed bids, which shall not be sooner than four full weeks from date of the first publication of said notice Upon examination by the legislative body of said bids, the franchise may be awarded to the best bidder. Said legislative body may postpone the granting of said franchise from time to time until said legislative body shall have had a full and complete opportunity to examine into the merits of each bid.

SEC 3 Bond. The successful bidder shall file with the said legislative body, upon grant of the franchise, a bond running to the governmental subdivision in an amount and under such terms and conditions as may be prescribed by said legislative body.

SEC 4 Grantor may impose additional terms The grantor may, in such resolution and advertised notice, impose terms and conditions other than those mentioned herein so long as they shall not be in conflict with the provisions hereof.

SEC. 5. Grantee's terms The grantee may in his franchise bid set forth such propositions, terms and conditions as he may desire to offer, or receive the benefit from, which may be in addition to, or in conflict with, those mentioned in the resolution or advertised notice calling for bids, so long as they shall not be in conflict with the provisions hereof.

SEC 6 An act entitled "An act providing for the granting of franchises in counties or cities and counties for the disposal and destruction, or both, of garbage and other waste, and declaring same an urgency measure," approved April 17, 1931, and all acts or parts of acts in conflict with this act are hereby repealed.

Nothing in this act contained shall be deemed or construed to invalidate or in any manner affect bids submitted, prior to the time this act takes effect, and which bids have been or may hereafter be accepted, under the provisions of an act entitled "An act providing for the sale of street railroad and other franchises in counties and municipalities, and providing conditions for the granting of such franchises by legislative or other governing bodies, and repealing conflicting acts, approved March 22, 1905," for the granting of a franchise for the disposal or destruction, or both, of garbage, waste, offal or debris.

SEC 7 Constitutionality of act If any section, subsection, sentence, clause or phrase of this act is for any reason held to be unconstitutional, such decision shall not affect the validity of the remaining portions of this act The Legislature hereby declares that it would have passed this act and each section, subsection, sentence, clause and phrase thereof irrespective of the fact that any one or more other sections, subsections, sentences, clauses or phrases may be declared unconstitutional.

SEC 8 This act is hereby declared to be an urgency measure, deemed necessary for the immediate preservation of the public health and safety, within the meaning of section 1 of article four of the constitution of the State of California, and as such it shall take effect immediately. The following is a statement of the facts constituting such necessity:

There exist in several parts of the state inadequate facilities for the disposal or destruction of garbage, waste, offal and debris, a condition which is needful of immediate remedy, and requires action on the part of the legislative bodies of governmental subdivisions herein mentioned to take such steps, as are authorized by the provisions of this act, as will immediately correct this condition."

Amendments adopted.

Bill read second time, ordered to reprint, engrossment, and third reading.

Assembly Bill No. 1191—An act to amend section 689 of the Code of Civil Procedure, relating to execution of judgment in civil actions.

COMMITTEE AMENDMENTS.

During second reading of the bill, the following amendments were submitted by the committee:

AMENDMENT NUMBER ONE.

Strike out the title of the printed bill, and insert in lieu thereof the following:

"An act to amend sections 1184 and 1184*d* of the Code of Civil Procedure, relating to mechanics' liens."

AMENDMENT NUMBER TWO.

On page 1 of the printed bill, strike out lines 1 to 3, inclusive, and insert in lieu thereof the following:

"SECTION 1. Section 1184 of the Code of Civil Procedure is hereby amended to read as follows:

1184. Any of the persons mentioned in the preceding section, except the contractor, and all persons, firms and corporations, excluding the contractor, performing work or furnishing materials, or both, upon any public improvement, including highways, streets, wagon roads, viaducts or sewers, may at any time, prior to the expiration of the period within which claims of lien must be filed for record, as prescribed by the provisions of section 1187 of this code, give to the owner a notice that they have performed labor or furnished materials, or both, to the contractor or other person acting by the authority of the owner, or that they have agreed to do so, stating in general terms the kind of labor and materials and the name of the person to or for whom the same was done or furnished, or both, and the amount in value, as near as may be, of that already done or furnished or both, and of the whole agreed to be done or furnished, or both, and any of said persons who shall on the written demand of the owner refuse to give such notice shall thereby deprive himself of the right to claim a lien under this chapter. Such notice must be verified by the claimant, or by some person acting in his behalf, and may be given by delivering the same to said owner personally, or by leaving it at his residence or place of business with some person in charge, or by delivering it to his architect, if any; *provided, however*, that in all cases in which said work is being done under a contract with the state, or with any public board, commission, or officer thereof, or with any political subdivision thereof, such notice must be filed, within said time, in the office of the controller, auditor or other public disbursing officer whose duty it is to make payments under the provisions of such contract or with the commissioner, managers, trustees, officers, board of supervisors, board of trustees, common council or other body by whom the contract for the improvement was awarded. In the case of any contract of the state by or through the department of public works, such notice must be filed with the director of public works, and not with the state controller. No such notice shall be invalid by reason of any defect in form, provided it is sufficient to inform the owner of the substantial matters herein provided for. Upon such notice being given it shall be lawful for the owner to withhold, and in the case of property which, for reasons of public policy or otherwise, is not subject to liens in this chapter provided for, the owner or person who contracted with the contractor, shall withhold from his contractor sufficient money, and bonds, where bonds are to be issued in lieu of money, by the political subdivision which contracted for said work, due or that may become due to such contractor to answer such claim and any lien that may be filed therefor, including the reasonable cost of any litigation thereunder.

The word "owner" as used in this section, includes the state or any public board, commission or officer thereof, or any political subdivision thereof, whether the said work be done by or under the direction of said state, public board, commission or officer thereof, or any political subdivision thereof.

SEC. 2. Section 1184*d* of the Code of Civil Procedure is hereby amended to read as follows:

1184*d*. If the contractor, subcontractor or other person against whom any claim is filed as provided in section 1184 of this code shall dispute the correctness or validity of any claim so filed it shall be lawful for the controller, auditor or other public disbursing officer whose duty it is to make payments under the provisions of

such contract or the commissioner, managers, trustees, officers, board of supervisors, board of trustees, common council or other body by whom the contract for the improvement was awarded, in its or his discretion to permit the contractor to whom said contract was awarded to deliver to such board, commission or officer a bond executed by some corporation authorized to issue surety bonds in the State of California, in a penal sum equal to one and one-fourth times the amount of said claim, which said bond shall guarantee the payment of any sum which said claimant may recover on said claim together with his costs of suit in said action, if he shall recover therein, and upon the filing of said bond by and with the consent of such board, commission or officer, then such board, commission or officer shall not withhold any moneys from said contractor on account of said claim. In the case of a contract with the State of California entered into by or through the department of public works, the bond shall be filed with the director of public works, and not with the state controller. The sureties upon said bond shall be jointly and severally liable to said claimant with the sureties upon the bond given in accordance with the provisions of an act entitled "An act to secure the payment of claims of persons employed by contractors upon public works, and the claims of persons who furnish materials, supplies, trams, implements or machinery used or consumed by such contractors in the performance of such works and prescribing the duties of certain public officers with respect thereto," approved May 10, 1919."

During second reading of the bill, the following amendments were submitted by the committee:

AMENDMENT NUMBER ONE.

Strike out the title of the printed bill, and insert in lieu thereof the following:

"An act to provide for the salaries and expenses of the building and loan commissioner, his attorney, deputies, examiners, accountants, appraisers and other assistants; to provide for the disposition of moneys in the "building and loan inspection fund" created by chapter 354 of the statutes of 1911, as amended; and of moneys collected under the building and loan association act; and otherwise relating to the building and loan commissioner, his assistants and employees, and to the regulation of building and loan associations."

AMENDMENT NUMBER TWO.

On page 1 of the printed bill, strike out all of lines 1 to 3, both inclusive, and insert in lieu thereof the following:

"SECTION 1. The term "commissioner" wherever used in this act shall mean the building and loan commissioner as defined in the building and loan association act; and the term "association" wherever used in this act shall mean a building and loan association as defined in the building and loan association act

SEC. 2. The commissioner shall receive an annual salary of ten thousand dollars, payable monthly out of the building and loan inspection fund in the state treasury, upon a warrant of the controller. The commissioner's attorney, deputies, examiners, accountants, appraisers and other assistants shall receive such compensation as shall be fixed by the commissioner, which compensation shall be paid monthly on the commissioner's certificate and, except as otherwise provided, upon a warrant of the controller out of the building and loan inspection fund in the state treasury. There shall also be allowed and paid the necessary traveling expenses of the commissioner, his attorney, deputies, examiners, accountants, appraisers and other assistants, incurred while traveling in the line of their duties. The commissioner shall procure and have offices in the city and county of San Francisco and in the city of Los Angeles. The commissioner shall also provide for such stationery, printing, postage and all other necessary expenditures as may be required for the proper conduct of his office. All such salaries and expenses, except as otherwise provided, shall be paid from the building and loan inspection fund.

SEC. 3. The premium or charge for any bond given by a surety company pursuant to article thirteen of the building and loan association act shall be paid by the state; *provided*, that no premium or charge shall exceed one-half of one per cent per annum on the amount of such bond.

SEC. 4. The collection of all moneys assessed, as provided in the building and loan association act, for the payment of salaries and expenses or forfeitures as fines for failure to make payment of assessments, procuring licenses or making or filing reports as therein specified and due from any association coming within the provisions of said act or imposed as a penalty for violation of any order or summons, may be enforced by the commissioner by action instituted in any court of competent jurisdiction; and all moneys collected or received by the commissioner under said act or this act (excluding, however, moneys belonging to associations of the business, property and assets of which the commissioner shall be in possession) shall be deposited with the state treasurer to be credited to a fund to be known and designated as the "building and loan inspection fund," which said fund shall only be used to defray the salaries and expenses provided for by this act; *provided, however*, that the commissioner shall pay to the general fund of the state treasury from the moneys first received under the provisions of said building and loan association act a sum equal to all money which has been heretofore or may hereafter be appropriated or advanced out of the general fund to the use of the building and loan inspection fund on the condition or with the intention that the amount so appropriated or advanced should be returned. All moneys belonging to associations of the business, property and assets of which the commissioner shall be in possession shall be deposited by the commissioner in such state or national banks as shall be approved for such deposit by the superintendent of banks, and the commissioner shall similarly deposit in such banks all moneys, if any, in his possession at the effective date of this act which do not constitute a part of the building and loan inspection fund.

SEC. 5. All moneys in the "building and loan inspection fund" referred to in section 17, chapter 354, statutes of 1911, as amended, shall be placed in the "building and loan inspection fund" referred to in this act, and all moneys in said fund shall be subject to the disposal of the commissioner in accordance with the terms of this act.

SEC. 6. If any section, sentence, clause or phrase of this act is for any reason held to be unconstitutional, such decision shall not affect the validity of the remaining portions of this act. The Legislature hereby declares that it would have passed this act, and each section, sentence, clause and phrase thereof, irrespective of the fact that any one or more of the sections, sentences, clauses or phrases be declared unconstitutional."

AMENDMENT NUMBER TWENTY.

On page 4, line 36, of the printed bill, after the period after the word "provided", add the following: "The boundaries of such funding district shall be the boundaries of the municipal corporation in which said improvements shall have been made if such improvement proceedings shall have been taken or conducted by the officers and legislative body of a municipal corporation and shall be the boundaries of the county for city and county in which said improvements shall have been made if such improvement proceedings shall have been taken or conducted by the officers and legislative body of a county or city and county. Such funding assessment shall, upon the order of such legislative body, be prepared, made, filed and recorded by the same persons or their successors in office who shall have theretofore been directed to prepare, make, file and record the original assessment in said proceedings and, except as herein otherwise provided, all of the same shall be done and performed in the same manner as with the original assessment in such proceedings. Such legislative body shall order such assessment by resolution and shall therein designate the gross amount of such assessment, which shall include the principal delinquency and all delinquent interest, and shall therein designate the term over which said assessments shall be paid, which may not be more than five years from the date of such resolution, and in the event of deferment all installments shall be substantially equal and shall bear interest from the date of such resolution at the same rate as said bonds. Notice of making, filing and hearing shall be made and published, with respect to said funding assessment by the same officers, for the same term and in the same manner as is provided for the making, filing and hearing of original assessments. At the time and place designated for hearing upon such funding assessment, as aforesaid, or at the time to which such hearing shall be postponed or adjourned, such legislative body shall hear and receive all evidence, objections and protests which shall be legally presented against such funding assessment and shall thereupon sustain or overrule the same and alter, direct, modify and confirm the same as filed or altered. The decision of said legislative body upon said matters shall be final and conclusive upon all persons. When confirmed such assessment shall represent and constitute liens upon the respective parcels of land therein referred to as of the date of confirmation of said funding assessment resolution and shall be prior to all other liens and rights except such tax and assessment liens as may have priority by law. Such legislative body may, at the time of the ordering of such funding assessment, order and direct, in lieu of a specific parcel assessment, that the treasurer and tax collector shall levy and collect an ad valorem assessment on all assessable real property within the funding district sufficient to defray said principal and interest delinquency and may at such time order the levy and collection of the same in installments over a term of not to exceed five years from the date of such resolution ordering the same, and in the event of such deferment such ad valorem assessments shall bear interest from the

date of said resolution at the same rate as said bonds, until paid. Said resolution ordering such ad valorem assessment shall be deemed to be and shall be taken in lieu of the specific parcel assessment hereinabove referred to, and notice of making, filing and hearing shall be upon such resolution and the same may be confirmed or rejected on hearing and a specific parcel assessment then ordered and a date set for hearing the same shall then be publicly announced and may be continued from time to time without further notice. Said ad valorem assessment shall constitute and be a lien upon the respective parcels of land therein referred to from the date of confirmation in like manner as the specific parcel assessment hereinabove referred to.

Any and all persons having any protest against or objection to such funding assessment must file with the clerk of such legislative body a written protest against the same setting forth the grounds of his said protest or objection and which must be filed prior to the day fixed for hearing thereon and must support his said protest with legal evidence at said hearing. The finding of such legislative body upon such matters shall be final and conclusive upon all persons and any and all persons failing to so protest shall be deemed to have waived any objections such persons may have to the validity, regularity and spread thereof.

Upon the levy of all funding assessments in this section referred to all property devoted to public use shall be accepted and is hereby exempted from the same.

One exercise of the powers and obligations herein conferred shall not exhaust the operation of this section but on each recurrence of delinquencies and deficiencies in said fund such levy and procedure shall be made and followed.

In all cases where such legislative body shall, by resolution of intention, find and order that bonds shall be issued under this act it shall also find and determine thereby that all real property within said municipality, county or city and county, as the case may be, is secondarily benefited by the proposed work and improvements to the extent required for the levy of such funding assessment, where such is the fact. It is hereby found and determined that all real property within the jurisdiction of the several legislative bodies where this act has heretofore been called into use and where bonds have heretofore been issued hereunder is secondarily benefited by the work and improvements made to the extent required for the support and levy of such funding assessment, and this section is hereby made applicable to all delinquencies upon bonds heretofore issued under this act and to all deficiencies in the respective bond funds set up for the payment of the same, both as to principal and interest.

All assessments which shall be made under this section shall be enforced, collected and foreclosed in the same manner and with the same costs, interests, penalties and attorneys fees as original assessments made under such street work act."

ASSEMBLY CONSTITUTIONAL AMENDMENT No. 27.

A resolution to propose to the people of the State of California an amendment to the constitution of the State of California amending section 6 of article IX, relative to taxation.

Resolved by the Assembly, the Senate concurring, That the Legislature of the State of California, in regular session commencing on the fifth day of January, 1931, two-thirds of all the members elected to each of the two houses voting in favor thereof, hereby propose to the people of the State of California that the constitution of the State of California be amended by amending section 6 of article IX thereof to read as follows:

SEC. 6. The public school system shall include day and evening elementary schools, and such day and evening secondary schools, technical schools, kindergarten schools and normal schools or teachers' colleges, as may be established by the Legislature, or by municipal or district authority.

The Legislature shall add to the State School Fund such other means from the revenues of the State as shall provide in said fund for distribution in each school year in such manner as the Legislature shall provide an amount not less than $30 per pupil in average daily attendance in the day and evening elementary schools in the public school system during the next preceding school year.

The Legislature shall provide a State High School Fund from the revenues of the State for the support of day and evening secondary and technical schools, which for each school year shall provide for distribution in such manner as the Legislature shall provide an amount not less than $30 per pupil in average daily attendance in the day and evening secondary and technical schools in the public school system during the next preceding school year.

The Legislature shall provide for the levying of a county, and city and county, elementary school tax, by the board of supervisors of each county, and city and county, sufficient in amount to produce not less than $30 per pupil in average daily attendance in the public day and evening elementary schools of the county, or city and county, during the next preceding school year.

The Legislature shall provide for the levying of a county, and city and county, high school tax by the board of supervisors of each county, and city and county sufficient in amount to produce not less than $60 per pupil in average daily attendance in the public day and evening secondary schools of the county, or city and county, during the next preceding school year.

The Legislature shall provide for the levying of school district taxes by the board of supervisors of each county, and city and county, for the support of public elementary schools, secondary schools, technical schools, and kindergarten schools, or for any other public school purpose authorized by the Legislature.

The entire amount of money provided by the State, and not less than 60 per cent of the amount of money provided by county, or city and county, school taxes shall be applied exclusively to the payment of public school teachers' salaries.

ASSEMBLY JOINT RESOLUTION No. 24.

Relative to acceptance of Greek flag presented to the State of California.

WHEREAS, The year 1930 marked 100 years of the independence of Greece; and

WHEREAS, During the struggle for independence the Greeks appealed to the United States for moral support; and

WHEREAS, President Monroe, Daniel Webster, Henry Clay, Edward Everett and Dr. Samuel Howe, raised their voices in the Senate of the United States and outside of government circles, in behalf of the liberties of a people to whom the entire civilized world owes an everlasting debt of gratitude; and

WHEREAS, Last August American Legionnaires visited Athens to pay tribute to the memory of the American patriots who struggled for Greek independence and attended the unveiling of a great memorial statue to their memory, erected by the contribution of every Greek school child in Greece; and

WHEREAS, The governors of the states of America, as a token of the continued friendship of the United States with Greece, sent with the Legionnaires excursionists their respective flags to be presented to the Greek Republic; and

WHEREAS, The Greek government in gratitude for this token of friendship has sent with the Legionnaires forty-eight Greek flags, one for each state, as a token of the love of the Greek people for the people of the several states of the Union; and

WHEREAS, The 500,000 citizens of Greek origin have brought to us traditions and a belief in the form of government from which the drafters of our immortal constitution copied abundantly; and

WHEREAS, During the Great War the citizens of Greek origin volunteered in the number of 60,000 and distinguished themselves for valor and devotion to their adopted country; therefore, be it

Resolved by the Assembly and Senate, jointly, That the representatives of the people of the State of California accept with deep appreciation the Greek flag sent by the President of the Republic of Greece as a token of the common ideals that united the two republics during the recent war:

That the Governor be and is hereby empowered to accept the flag and deposit it in the Capitol and display it on all proper occasions;

That the Clerk of the Assembly be and is hereby requested to transmit a copy of this resolution to the President of the Greek Republic through the Greek minister at Washington.

Sec. 50¼. No passenger stage corporation shall hereafter operate or cause to be operated any passenger stage over any public highway in this state without first having obtained from the railroad commission a certificate declaring that public convenience and necessity require such operation, but no such certificate shall be required of any passenger stage corporation as to the fixed termini between which, or the route over which, it is actually operating in good faith at the time this act becomes effective in compliance with the provisions of an act known as chapter 213, statutes

of 1917, of the State of California, approved May 10, 1917, and amendments thereto, nor shall any such certificate be required of any person or corporation who on January 1, 1927, was operating, or during the calendar year 1926 had operated a seasonal service of not less than three consecutive months duration, sight-seeing buses on a continuous sight-seeing trip with one terminus only. Any right, privilege, franchise or permit held, owned or obtained by any passenger stage corporation may be sold, assigned, leased, mortgaged, transferred, inherited, or otherwise encumbered as other property, only upon authorization by the railroad commission. Every applicant for a certificate shall file in the office of the commission an application therefor in such form as shall be required by the commission, and the railroad commission shall have power, with or without hearing, to issue said certificate as prayed for, or to refuse to issue the same, or to issue it for the partial exercise only of said privilege sought, and may attach to the exercise of the rights granted by said certificate such terms and conditions as, in its judgment, the public convenience and necessity may require; *provided*, that the railroad commission shall have power, after hearing, when an applicant requests a certificate to operate in a territory already served by a certificate holder under this act only when the existing passenger stage corporation or corporations serving such territory will not provide the same to the satisfaction of the railroad commission. The railroad commission, in the exercise of the jurisdiction conferred upon it by the constitution of this state and by this act, shall have power and authority to grant certificates of public convenience and necessity and make decisions and orders and to prescribe rules and regulations affecting passenger stage corporations, notwithstanding the provisions of any ordinance or permit of any incorporated city or town, city and county, or county and in case of conflict between any such order, rule or regulation, and any such ordinance or permit, the certificate, decision, order, rule or regulation of the railroad commission shall in each instance prevail.

When a complaint has been filed with the commission alleging that any passenger stage is being operated without a certificate of public convenience and necessity, contrary to or in violation of the provisions of this act, the commission shall have the power, with or without notice, to make its order requiring the corporation, or person, their lessees, trustees, receivers or trustees appointed by any court whatsoever, operating or managing such passenger stage, to cease and desist from such operation, until the commission makes and files its decision on said complaint, or until further order of the commission.

Whether or not any stage, auto stage, or other motor vehicle is being, or is proposed to be operated as a passenger stage corporation "between fixed termini or over a regular route" within the meaning of this act shall be a question of fact, and the finding of the railroad commission thereon shall be final and shall not be subject to review. Any act of transporting or attempting to transport any person or persons by stage, auto stage, or other motor vehicle upon a public highway of this state between two or more points not both within the limits of a single incorporated city, town or city and county, where the rate, charge or fare for such transportation is computed, collected or demanded on an individual fare basis, shall be presumed to be an act of operating as a passenger stage corporation within the meaning of this act.

Each application for a certificate of public convenience and necessity made under the provisions of this section must be accompanied by a fee of fifty dollars."

AMENDMENT NUMBER TWO.

In line 1 of the title of the printed bill, strike out the words "certain sections", and insert in lieu thereof the following: "Section 50¼".

Amendments adopted.

Bill read second time, ordered to reprint, engrossment, and third reading.

On page 1 of the printed bill, strike out lines 1 to 11, inclusive, and insert in lieu thereof the following:

"SECTION 1. Section 373*g* of the Political Code is hereby amended to read as follows:

373*g*. The department of natural resources shall succeed to and is hereby vested with all the duties, powers, purposes, responsibilities and jurisdiction of the state mining bureau, state mineralogist, state forester, state board of forestry, California redwood park commission, San Pasqual battlefield commission, Mount Diablo park commission, state fish and game commission, state fish and game commissioners, and, except as herein otherwise provided, of the several officers, deputies and employees of such bodies and offices, and whenever by the provisions of any statute or law now in force or that may hereafter be enacted a duty or jurisdiction is imposed or authority conferred upon any of said officers, offices, bodies, deputies or employees by any statute the enforcement of which is transferred to the department, such duty, jurisdiction and authority are hereby imposed upon and transferred to the department of natural resources and the appropriate officers thereof with the same force and effect as though the title of said department of natural resources had been specifically set forth and named therein in lieu of the name of any such body, office, officer, deputy or employee, said bodies and offices, the duties, powers, purposes, responsibilities and jurisdiction of which are so transferred and vested in the department of natural resources, and the positions of all officers, deputies and employees thereunder, are and each of them is hereby abolished and shall have no further legal existence, but the statutes and laws under which they existed and all laws prescribing their duties, powers, purposes, responsibilities and jurisdiction, together with all lawful rules and regulations established thereunder are hereby expressly continued in force

The department of natural resources shall be in possession and control of all records, books, papers, offices, equipment, supplies, moneys, funds, appropriations, land and other property, real or personal, now or hereafter held for the benefit or use of said bodies, offices and officers.

SEC. 2. A new section numbered 373*j* is hereby added to the Political Code to read as follows:

373*j*. There is hereby created in the department of natural resources a division to be known as the division of oil and gas, administered through a chief of division

who shall be known as the state commissioner of oil and gas, who shall be appointed by and shall hold office at the pleasure of the governor. The commissioner of oil and gas shall be experienced in the production and development of oil and gas and shall receive a salary of _____ dollars per year. He shall have the power in accordance with the provisions of the civil service act to appoint, with the approval of the governor, such deputies, officers and other expert and clerical assistance as may be necessary.

The state commissioner of oil and gas shall succeed to and is hereby vested with all the powers, duties, purposes, responsibilities and jurisdiction of the state oil and gas supervisor and the department of petroleum and gas, prior to the enactment of section 373*g* of the Political Code and those vested in the department of natural resources as successors of the department of petroleum and gas subsequent to the enactment of said section. The office of said oil and gas supervisor is hereby abolished and expressly declared to have no further legal existence.

The provisions of an act entitled "An act establishing and creating a department of the state mining bureau for the protection of the natural resources of petroleum and gas from waste and destruction through improper operations in production; providing for the appointment of a state oil and gas supervisor; prescribing his duties and powers; fixing his compensation; providing for the appointment of deputies and employees; providing for their duties and compensation; providing for the inspection of petroleum and gas wells; requiring all persons operating petroleum and gas wells to make certain reports; providing procedure for arbitration of departmental rulings; creating a fund for the purposes of the act; providing for assessment of charges to be paid by operators and providing for the collection thereof; and making an appropriation for the purpose of this act," approved June 10, 1915, as amended, are hereby expressly continued in force except as herein otherwise provided. Whenever by the terms of said act, as amended, a duty or jurisdiction is imposed, or authority conferred upon the director of natural resources, or upon the state oil and gas supervisor, such duty, jurisdiction or authority is hereby imposed upon and transferred to the state commissioner of oil and gas with the same force and effect as though the name of said commissioner has been specifically set forth and named therein in lieu of the names of the director of natural resources and the supervisor of oil and gas".

By Mr. Speaker:

STATE OF CALIFORNIA, DEPARTMENT OF FINANCE,
DIVISION OF STATE LANDS, SACRAMENTO, April 28, 1931.

To the Legislature of the State of California.

Pursuant to the provisions of chapter 800, Statutes of California, 1917, I respectfully report that, according to advices received, certificates of title have been issued to August 1, 1930, by the registrars of land titles under "The Torrens Law" in 18 of the 58 counties, as follows:

Alameda	136
Fresno	30
Humboldt	242
Imperial	404
Kern	64
Lassen	3
Los Angeles	62,249
Orange	5,789
Riverside	216
San Bernardino	3,262
San Diego	4,034
San Francisco	12
San Luis Obispo	2
Santa Barbara	512
Santa Cruz	19
Sonoma	329
Tulare	58

Ventura—One certificate issued up to August 1, 1926. No report has since been received.

The Torrens Act provides that upon the original registration of any land, a sum equal to one tenth of one per cent of the assessed value of the land including permanent improvements thereon as the same were valued for county taxation the last time said land and permanent improvements or either thereof were assessed for county taxes next preceding the filing of the petition shall be collected by the registrar and paid to the State Treasurer to be credited to the "Torrens Title Assurance Fund." The books of the State Treasurer show that on April 1, 1931, the "Torrens Title Assurance Fund" had a cash balance of $81.90 and an investment of $32,500 00 in bonds.

Respectfully submitted.

W. S. KINGSBURY.
Chief of the Division of State Lands of the Department of Finance.

AMENDMENT NUMBER ONE.

Strike out the title of the printed bill, and insert in lieu thereof the following:

"An act to amend sections 765, 861 and 863 of an act entitled "An act to provide for the organization, incorporation, and government of municipal corporations," approved March 13, 1883, as amended, relating to cities and towns of the fifth and sixth class."

AMENDMENT NUMBER TWO.

On page 1 of the printed bill, strike out lines 1 to 25, inclusive, and strike out all of pages 2 to 6, inclusive, of the printed bill, and insert in lieu thereof the following:

"SECTION 1. Section 765 of an act entitled "An act to provide for the organization, incorporation, and government of municipal corporations," approved March 13, 1883, as amended is hereby amended to read as follows:

Sec 765. The enacting clause of all ordinances shall be as follows: "The council of the city (or town) of _____ do ordain as follows." Every ordinance must be signed by the mayor, or attested by the clerk, and must be published by said board within one month after its passage at least three times in a newspaper of general circulation published in such city or town or by publishing the same in book or pamphlet form, or if there be none published in such city or town, then every ordinance must be posted in at least three public places therein; *provided*, that emergency ordinances subject to the referendum must be published at least one time.

When ordinances are printed in book or pamphlet form, purporting to be published by authority of the city council, the same need not be otherwise published, and such book or pamphlet shall be received as evidence of the passage and legal publication of such ordinances as of the dates mentioned in such book or pamphlet in all courts without further proof.

SEC. 2. Section 861 of said act is hereby amended to read as follows:

Sec. 861. No ordinance, and no resolution granting any franchise for any purpose, shall be passed by the council on the day of its introduction, nor within five days thereafter nor at any other than a regular meeting, or an adjourned regular meeting. No resolution or order for the payment of money shall be passed at any other time **than at a regular meeting, or an adjourned regular meeting.** And no such ordinance, resolution, or order shall have any validity or effect unless passed by the votes of at least three trustees.

SEC. 3. Section 863 of said act is hereby amended to read as follows:

Sec. 863. The enacting clause of all ordinances shall be as follows: "The council of the city (or town) of _____ do ordain as follows:" Every ordinance must be signed by the mayor and attested by the clerk and must be published by said board within one month after its passage at least once in a newspaper of general circulation published and circulated in such city or town or by publishing the same in book or pamphlet form; *provided*, that if there be no such newspaper published and circulated in such city or town, then all ordinances must be posted in at least three public places therein; *provided, further*, that in all cities or towns which have been incorporated less than one year, all ordinances may be either published or posted as aforesaid, or printed in book or pamphlet form, as the board of trustees may determine; *and provided, further*, that in no case shall the price charged for such publication of any ordinances exceed the customary rate charged by such newspaper for the publication of legal notices of a private character.

When ordinances are printed in book or pamphlet form, purporting to be published by authority of the city council, the same need not be otherwise published, and such book or pamphlet shall be received as evidence of the passage and legal publication of such ordinances as of the dates mentioned in such book or pamphlet in all courts without further proof."

"SECTION 1. A new section is hereby added to the Political Code to be numbered 3440*a* to read as follows:

3440*a*. All payments must be made by the purchaser to the county treasurer of the county in which the land or some part thereof is situated. The treasurer must receive the amounts to be paid including the fee for the certificate of purchase, if any. The treasurer must endorse upon the certificate of purchase the amount of all payments and must direct the purchaser to take the certificate of purchase, so endorsed, to the county auditor who must charge the treasurer with the amount received and make his check upon the endorsed receipt.

SEC. 2. A new section is hereby added to the Political Code to be numbered 3440*b* to read as follows:

3440*b*. Upon the first day of July of each year the county treasurer must prepare a report showing all moneys received for swamp and overflowed, salt marsh, and tide lands during the preceding year, the number of the location or survey, the name of the purchaser and the amount paid since the date of his last report, whether as principal or interest. The payment of the fee for the certificate of purchase must also be entered in the proper column and the treasurer must then send the report to the auditor who must compare the items with the account of the treasurer and if the same agrees with his entries countersign it and return it to the county treasurer.

SEC. 3. A new section is hereby added to the Political Code to be numbered 3440*c* to read as follows:

3440*c*. These reports must be forwarded to the department of finance and upon receipt thereof the department must enter the payment so reported to the credit of the purchaser, and notify the county treasurer of the receipt of his report, and if it is not correct return it for correction.

SEC. 4. A new section is hereby added to the Political Code to be numbered 3440*d* to read as follows:

3440*d*. The county treasurer must retain all moneys arising from the sale of swamp and overflowed lands and place the same to the credit of a fund known as the "swamp land fund" of the county. He must compute interest on all sales of such lands from the date of the approval of the survey or the date of the certificate of location to the first day of January following such date or if for lands already purchased then up to the first of January following the day upon which the interest falls due after which time all payments of principal and interest fall due on the first day of January.

SEC. 5. Section 3512 of the Political Code is hereby amended to read as follows:

3512. Except as provided in article two of this chapter whenever any survey or location has been made or approved, the purchaser must, within twenty days from the date of approval or location, present his copy of the same to the department of finance, which must receive the amount to be paid and the fee for the certificate of purchase, endorsing the receipt thereof upon the certificate of location or survey and returning it to the purchaser.

SEC. 6. Section 3513 of the Political Code is hereby amended to read as follows:

3513 In case payment is not made within the time required by law, the lands described in the survey or location including those lands mentioned in article two of this chapter revert to the state without suit, and the survey or location is void. Except as provided in article two of this chapter all subsequent payments must be made to the department of finance, in like manner which must endorse the same upon the certificate of purchase

If any interest on the unpaid portion of the purchase price of any of said lands including swamp and overflowed, salt marsh, and tidelands be not paid on or before the thirtieth day of June following the first day of January upon which such interest becomes due ten per centum of the amount thereof is hereby added as a penalty for such delinquency.

If such delinquent interest, and penalty, be not paid on or before the thirty-first day of December of such year an additional penalty of ten per centum of the amount of such delinquent interest is hereby imposed upon the person or persons liable for the payment thereof If such delinquent interest, and penalties, be not paid on or before the thirtieth day of June of the year following, the certificate of purchase shall ipso facto become null and void, and the lands described therein revert to the state without suit, and shall again become subject to entry and sale in the same manner and subject to the same conditions as apply to other lands of like character.

In the event of the happening of the contingency last mentioned, all moneys previously paid on account of the purchase price of such lands, whether for principal or interest, shall become, and are hereby determined and declared to be forfeited to the state, and neither such delinquent purchaser nor anyone claiming under him shall be entitled to recover the same or any part thereof The penalties and forfeitures herein provided for shall not apply to any land for which certificates of purchase were issued prior to May 1, 1911, nor to lands within any reclamation district, after certificate of the board of supervisors that works of reclamation have been commenced in such district has been filed in the register's office Whenever any penalty, or penalties, hereby imposed has, or have, accrued, the department of finance or the county treasurer, as the case may be, must in all cases collect the full amount thereof before indorsing the receipt of the payment upon such certificate.

Immediately following the thirtieth day of June, A D of each year, the register of the state land office shall note upon his records all forfeitures herein and hereby declared, and shall forward to the recorder of each county wherein any of said lands may be situate a notice of such forfeiture, stating therein the name and post-office address of the purchaser, and the name and post-office address of the assignee, grantee, or successor in interest of such purchaser in all cases wherein notice of any assignment of such certificate of purchase, or of any conveyance or other transfer of title to any part of the lands therein described shall have been filed in his office prior to the date of such forfeiture, such notice shall also show the number and date of the survey or location and of the certificate of purchase, and shall contain a description of the lands affected thereby. It shall be the duty of the recorder to receive and file such notice and to record the same in a book of deeds. Such notice is, from the time it is filed in the recorder's office, constructive notice of the contents thereof to subsequent purchasers and mortgagees, and to all other persons who may thereafter attempt to acquire any interest in, or lien upon, any of the lands in such notice described

SEC. 7. Section 3514 of the Political Code is hereby amended to read as follows:

3514 Whenever an applicant for state lands has made the first payment, the division of state lands of the department of finance must issue to the person entitled thereto a certificate of purchase, showing the class of land purchased, the number of acres, the price per acre, the date of payment, the date from which interest is to be computed, the amount paid, and the amount remaining unpaid, which certificate is prima facie evidence of title

SEC 8 Sections 3422, 3423, 3424, 3425, 3426, 3427 and 3429 of the Political Code are hereby repealed."

Amendments adopted.

All fees and commissions collected by him shall be paid into the county treasury.

9 The coroner and public administrator, such fees as are now or may hereafter be allowed by law Said coroner may appoint deputies not to exceed three in number; *provided*, that said deputy coroner shall receive only such fees as the coroner would receive if acting

10. The county superintendent of schools, four thousand two hundred dollars per annum; and the said superintendent of schools may appoint a deputy superintendent of schools who shall receive a salary of two thousand four hundred dollars per annum, one deputy superintendent of schools who shall receive one thousand eight hundred dollars per annum, one deputy superintendent of schools, at an annual salary of one thousand five hundred dollars per annum, and one deputy at twelve hundred dollars per annum. The said superintendent of schools shall also be paid actual traveling expenses when visiting the schools of the county. The deputies herein provided for shall be paid at the same time and in the manner and out of the same fund as is the superintendent of schools.

11. The county surveyor, the sum of four thousand two hundred dollars per annum; and said surveyor may appoint a deputy surveyor who shall receive a salary of two thousand five hundred eighty dollars per annum; also, two deputies who shall receive a salary of two thousand four hundred dollars each per annum; one deputy who shall receive a salary of two thousand two hundred eighty dollars per annum; one deputy who shall receive a salary of two thousand two hundred twenty dollars per annum; three deputies who shall receive a salary of two thousand one hundred dollars each per annum one of whom shall be a draftsman whose duties shall include the preparation of maps for the county assessor, one deputy at a salary of one thousand eight hundred dollars per annum; and one deputy at a salary of one thousand six hundred twenty dollars per annum. Such compensation and salaries as above set forth shall be in full for all services as such county surveyor, and all fees and compensation received or collected by him for surveying other than for the county, shall be paid into the county treasury; *provided*, that said county surveyor shall be allowed all necessary transportation and expenses incurred by himself or deputies for work performed in the field, and in the official discharge of his duties. Such salaries shall be paid at the same time and in the same manner as the salaries of other county officers are paid. Said surveyor shall also have power to appoint such inspectors as he may deem necessary, for the proper supervision of all roads and bridges under construction, and the compensation of said inspectors shall be a proper charge against the county.

12. The fish and game warden, one thousand two hundred dollars per annum and the actual and necessary expenses incurred by him in the performance of his official duties.

13. In counties of this class, justices of the peace shall be compensated as follows, and all salaries shall be payable monthly in the same manner as the salaries of county officers are paid, viz:

(1) In townships having a population of twenty thousand or more, justices of the peace shall each receive a salary of four thousand two hundred dollars per annum as full compensation for all services rendered by them, except as hereinafter provided; *provided, however*, that in all such townships having a population of twenty thousand or more, there shall be two township justices of the peace in and for any such township; *provided*, that in townships of this class there is hereby allowed to each justice of the peace two clerks, to be appointed by said justice, and to receive the following salaries: One clerk at a salary of two thousand one hundred dollars per annum; one deputy clerk at a salary of one thousand eight hundred dollars per annum. Said salaries shall be paid monthly in the same manner as salaries of county officers are paid.

Said clerks shall take the oath of office prescribed for county officers and shall each give a bond in the sum of five thousand dollars conditioned upon and for the faithful discharge of the duties of the office, which said bond shall be approved and filed in the same manner as are bonds of county officers. If a surety company be the surety on such bond, the premium or charge thereon shall be paid by the county

in the same manner as are the bonds of county officers. Such clerks shall perform the duties required of them by law, and also, such clerical duties in connection with the business of the court as are required of said clerks by the justices of said court; they shall keep a record of the proceedings of said court and shall have the custody of all records and papers in said justice's court and in addition to the other powers conferred upon them by law, shall be authorized in civil actions to issue, sign, certify and file all pleadings, summonses, writs, notices, subpenas, abstracts, certificates, transcripts, records, papers, and proceedings which are required to be issued, signed, certified or filed by the justice of the peace by whom they are appointed, and in criminal matters pending before said justice of the peace, to file all papers and to issue subpenas, to prepare bonds, justify bail when the amount has been fixed by the court or justice, and may administer and certify oaths, and to attest and authenticate said acts in substantially the following form:

"_____
Justice of the Peace.
By_____
Clerk."

Said clerks shall exact in advance and receive all fees which are allowed by law for any official service of the justice of the peace, and shall collect and receive all fines and forfeitures in criminal cases, and said clerk shall account for the same under oath and shall pay the same to the authorities legally entitled to receive the same at the time and in the manner provided by law, except as hereinafter provided.

(2) In townships having a population of fifteen thousand and less than twenty thousand, justices of the peace shall each receive a salary of one hundred seventy-five dollars per month for all services rendered by them, except as hereinafter provided

(3) In townships having a population of ten thousand and less than fifteen thousand, justices of the peace shall each receive a salary of one hundred thirty-seven dollars and fifty cents per month for all services rendered by them, except as hereinafter provided.

(4) In townships having a population of five thousand and less than ten thousand, justices of the peace shall each receive a salary of one hundred thirty-five dollars per month as full compensation for all services rendered by them, except as hereinafter provided.

(5) In townships having a population of two thousand five hundred and less than five thousand, justices of the peace shall each receive a salary of seventy-five dollars per month as full compensation for all services rendered by them, except as hereinafter provided; *provided*, that where a township census has been ordered taken and adopted by the board of supervisors, as in this act contained, said census shall be and remain the official census of such township; and shall not be affected by any provision of this act with respect to the application of the federal census of 1930, in classifying townships

Justices of the peace in all townships in counties of this class shall be permitted to receive and retain for their own use, fees for celebrating marriages and returning certificates thereof, but all other fees shall be collected by them and by them paid into the county treasury at least once a month. They shall be furnished with offices and necessary supplies, including light, heat, telephone service and incidental expenses, by the board of supervisors.

14. In counties of this class constables shall be compensated as follows, and all salaries herein provided shall be paid in the same manner as the salaries of county officers are paid, viz:

(1) In townships having a population of twenty thousand or more, constables shall each receive a salary of one hundred fifty dollars per month for all services rendered by them in criminal cases. As compensation for all services rendered in civil cases and all other matters wherein they may charge fees for their services, a constable may collect and retain for his own use as his compensation such fees as are now, or may hereafter be allowed by law.

(2) In townships having a population of fifteen thousand and less than twenty thousand, constables shall each receive the sum of one hundred twenty-five dollars per month as salary for all services rendered by them in criminal cases As compensation for all services rendered by them in civil cases and in all matters wherein they may charge fees for their services, constables in such townships may collect and retain for their own use such fees as are now or may hereafter be allowed by law.

(3) In townships having a population of ten thousand and less than fifteen thousand, constables shall each receive the sum of one hundred dollars per month as salary for all services rendered by them in criminal cases. As compensation for all services rendered by them in civil cases and in all other matters wherein they may charge fees for their services, constables may collect and retain for their own use as compensation such fees as are now or may hereafter be allowed by law.

(4) In townships having a population of five thousand and less than ten thousand, constables shall each receive the sum of one hundred dollars per month as salary for all services rendered by them in criminal cases, civil cases and in the performance of all other duties imposed upon them by law. All fees chargeable and

collectible in both criminal cases, civil cases, and in all other cases wherein fees are chargeable by constables, shall be collected in advance and paid monthly into the county treasury.

(5) In townships having a population of two thousand five hundred and less than five thousand, constables shall each receive the sum of seventy-five dollars per month as a salary for all services rendered by them in both civil and criminal cases. All fees collected by them in civil and criminal cases shall be paid monthly by them into the county treasury. For all other services performed by them, they may charge and retain for their own use such fees as are chargeable by law.

Constables shall be allowed all necessary expenses incurred in conveying prisoners.

The population herein referred to in classifying townships for the purpose of regulating the compensation of justices of the peace and constables shall be the population found and determined by the federal census taken in the year 1930; *provided, however*, that a township census may be taken for the purpose of establishing the official census of such township in the manner hereinafter specified and when so taken, such census shall be known as and shall become the official census of such township in which it is taken and the population therein determined shall be and become the official population of such township. Whenever there shall be presented to the board of supervisors of the county a petition signed by the qualified electors of any township or townships in number equal to twenty-five per cent of the votes cast at the preceding general election, praying that said township or townships may be allowed to take the census of said township or townships for the purpose of ascertaining the population therein contained, the board of supervisors may order such census to be taken by one or more suitable persons appointed therefor by the board of supervisors and such census shall be taken by such persons so appointed, of all of the inhabitants of such township or townships. The full name of each person shall be plainly written, the names alphabetically arranged and regularly numbered in one complete series and when completed, shall be verified by the proper official authorized to administer oaths and be filed with the county clerk and thereupon the same shall be known and shall be the official census of said township or townships.

15 Each supervisor, three thousand dollars per annum and mileage of ten cents per mile for each mile actually traveled in going to and from their residence to the county seat or in the performance of the duties required of them by law or by virtue of their office; *provided*, that in attending sessions of the board only four mileages shall be allowed for each month and that the total mileage allowed shall not exceed five hundred dollars in any one calendar year.

16. The fees of grand jurors and trial jurors in the superior courts of said counties of this class, in civil and criminal cases shall be three dollars, in lawful money of the United States, for each day's attendance, and mileage to be computed at the rate of fifteen cents per mile for each mile necessarily traveled in attending court, in going only. In criminal cases such fees and mileage of said trial jurors in the superior court shall be paid by the treasurer of the county out of the general fund of said county upon warrants drawn by the county auditor upon the written order of the judge of the court in which said juror was in attendance, and the treasurer of said county shall pay said warrants. The board of supervisors of said county is hereby directed to make suitable appropriation for the payment of the fees herein provided for.

Whenever under the provisions of law or otherwise a bond is required of any county officer or of any of his deputies, the premium of such bond shall be paid from the general funds of the county.

SEC. 2. Section 4235*a* of the Political Code is hereby repealed."

"An act providing for the development, conservation, utilization, control and distribution of the water and water resources in the state, including a supply of water from the Colorado river, creating a state water conservation board and a state water conservation finance board, and defining the powers and duties of said boards and of other departments and officers, and of cities, counties, districts and other public agencies in relation thereto."

AMENDMENT NUMBER TWO.

On page 1 of the printed bill, strike out lines 1 to 20, inclusive, and insert in lieu thereof the following:

"SECTION 1. For the purposes of this act unless a contrary intent appears the following terms have the meaning herein ascribed:

(1) "Plan" means and refers to a detailed and specific plan for the financing, construction, operation and maintenance of the projects mentioned in sections 3, 4, 5 and 6 of this act.

(2) "Entity" means and includes any person, firm, corporation or association.

(3) "Municipality" means and includes any county, city and county, city, municipal corporation, municipal quasi corporation, political subdivision, public corporation, public quasi corporation, public agency or district having authority to contract for the purchase, sale or use of water, water power or electric energy.

SEC. 2. The public convenience, interest and necessity require and demand the development, conservation, utilization, control and distribution of all water and water resources in the State of California, including a supply of water from the Colorado river, for the use and benefit of the people of this state and require and demand that the state shall develop, conserve, utilize, control and distribute such water and water resources in accordance with a general coordinated plan to the end that there shall be a fair and equitable distribution in the state of such water and water resources and the maximum utilization thereof throughout the state for all beneficial purposes. It is the policy of the State of California to fulfill the foregoing requirements and demands, and to proceed with the orderly development, conservation, utilization, control and distribution of such water and water resources, and to construct, maintain and operate in accordance with a general coordinated plan such water development projects or units as shall from time to time be found necessary and economically feasible.

SEC 3. It is hereby declared that an acute water shortage exists in three major regions of the state, namely The Sacramento-San Joaquin delta and upper San Francisco bay region, upper San Joaquin valley, and the Pacific slope of southern California, which situation demands an immediate solution. It is the intent of this act that, for the relief of said areas and in accordance with the purposes and policies herein declared, in addition to such other projects as may be recommended by the state water conservation board approved by the state water conservation finance board and adopted by the Legislature, three certain major projects shall be included in the state water conservation plan, which three major projects are known and designated as follows:

The Central valley project, the Santa Ana river project and the Colorado river aqueduct system, which projects are calculated to provide for the improvement of navigation, flood control, river flow control, reclamation and irrigation of land, correction of saline conditions, development of electric energy as a by-product, the improvement or correction of any other conditions relating to water supply or for any other beneficial use of water.

SEC. 4. The Central valley project shall consist of the following units:

(1) Kennett dam, reservoir and power plants, on the Sacramento river in the vicinity of Kennett, Shasta county.

(2) A connecting cross channel with necessary appurtenant works from a point near Hood on Sacramento river to the San Joaquin river, utilizing and enlarging such existing channels as may be expedient or necessary for the purpose of conveying water from the Sacramento river into the San Joaquin river.

(3) Contra Costa county conduit to divert water from the San Joaquin river delta near Knightsen in Contra Costa county, and to extend westerly into Clayton and Ygnacio valleys and Martinez.

(4) San Joaquin river pumping system to consist of a series of dams, pumping plants and conveyance channels, together with the necessary levees and other appurtenant structures to enable the conveyance of water from the San Joaquin river delta, in a general southerly direction up the San Joaquin river and valley to Mendota weir on the San Joaquin river in Fresno and Madera counties.

(5) Friant dam, reservoir and power plant located on the San Joaquin river in Fresno and Madera counties

(6) Madera canal to divert from Friant reservoir to serve developed lands in Madera county

(7) San Joaquin river-Kern county canal to divert from Friant reservoir and extending southerly to the vicinity of Bakersfield in Kern county to serve developed lands in the San Joaquin valley south of the San Joaquin river.

(8) Magunden-Edison pumping system to supply the Magunden-Edison area in Kern county with a water supply made available in the existing East Side canal in Kern county.

SEC 5 The Santa Ana river project shall consist of the necessary dams, reservoirs, spreading basins, levees and other works to conserve and control the waters of the Santa Ana river in San Bernardino, Riverside and Orange counties.

SEC 6. The Colorado river aqueduct project shall consist of an aqueduct together with all necessary works to convey water from the Colorado river to the Pacific slope of southern California.

SEC. 7. The descriptions above set forth are for the purpose of identification of units to be considered and acted upon by the state water conservation board and the state water conservation finance board and shall not be construed to limit the power

of said boards to adopt such changes and variations in, or additions to, said projects or any thereof as may be deemed necessary.

SEC. 8. The state water conservation finance board is hereby created, to consist of the governor, state controller, state treasurer, state director of finance and the chairman of the state water conservation board, each of whom shall serve thereon without additional compensation. It is primarily the function of this board to determine questions of policy relating to the financing of projects hereunder, acting therein upon recommendations received by it from the state water conservation board.

SEC. 9. The state water conservation board is hereby created, to consist of the director of public works and four members appointed by the governor. The term of office of each appointive member shall be four years, except that of those first appointed hereunder one shall hold office until July 1, 1932, one until July 1, 1933, one until July 1, 1934, and one until July 1, 1935. Any vacancy occurring shall be filled by appointment by the governor for the balance of the unexpired term. The chairman of the board shall be designated by the governor and shall hold the position of chairman at the pleasure of the governor.

The director of public works shall receive no additional compensation as a member of this board but each of the appointive members shall receive a compensation of ten dollars for each day's attendance at each meeting of the board and for each day spent in performing any duty required of him under the direction of the board in the performance of its duties. Each of the members shall receive his actual necessary expenses incurred in the performance of his duties as a member of the board.

SEC. 10. The state water conservation board shall have power to employ and fix the compensation of a secretary, who shall be exempt from the provisions of the civil service law, and to employ such consultants, technical assistants, engineers, stenographers, clerks and other employees as may be necessary for the performance of the powers and duties of the board under this act, and to prescribe their duties and to fix their salaries in accordance with classifications made by the civil service commission.

SEC. 11. The state water conservation board shall formulate and recommend to the state water conservation finance board for adoption, and the latter shall have power to adopt, or to modify and adopt, a plan for the financing, construction, operation and maintenance of the projects herein above mentioned.

The state water conservation board shall have power to investigate, determine and estimate probable revenue, costs of construction, operation and maintenance of such projects and formulate plans and methods for the payment of such costs for recommendation to and approval by the state water conservation finance board.

All contracts negotiated and executed by the state water conservation board shall be subject to approval by the state water conservation finance board and confirmation by the Legislature.

SEC. 12. The state water conservation board shall have power:

(1) To negotiate with the federal government, or any of its agencies, for the purpose of securing federal aid or participation in the consummation of such projects.

(2) To negotiate or contract with any municipality, public utility, agency or entity for the purchase or sale of power, water or water storage which may be made available by such projects.

(3) To negotiate or contract with any officer, body or agency thereunto authorized by the federal government or with any municipality, public utility, agency or entity for the purchase of rights of way, lands, water rights and any other property necessary for carrying out any of the purposes of this act.

(4) To negotiate or contract with any municipality, public utility, agency or entity for the making of any exchanges of water supply involved in such plan and necessary for the purposes thereof.

(5) To negotiate or contract with any municipality, public utility, agency or entity relative to compensation or adjustment for infringement of rights which may result from the consummation of such projects.

(6) To evaluate the benefits, both direct and indirect, which will be conferred upon, and detriments which will result to any municipality, public utility, agency or entity from the consummation of such projects.

SEC. 13. It is the duty of the state department of public works to conduct such engineering and technical investigations and other studies, and to perform such other duties hereunder as the state water conservation board shall direct.

SEC. 14. In connection with any investigation, hearing, proceeding or action conducted or prosecuted under or pursuant to the provisions of this act, the state water conservation board or any member of the board or of the state department of public works duly authorized by the board to conduct and prosecute such investigation, hearing, proceeding or action, shall have and possess all of the powers conferred upon the head of a department by the provisions of section 353 of the Political Code.

SEC. 15. Any municipality is hereby authorized and empowered, through such officer or agent thereof as it may authorize, to enter into any contract referred to in this act, with the state water conservation board and conformable to and in accordance with the purposes of this act. The obligation thereby created shall be a valid

and subsisting obligation of such municipality, subject to the provisions of section 11 of this act.

SEC. 16. The state water conservation board shall make a report on September 1, 1932, of its activities and accomplishments and shall file such report setting forth the plan adopted and recommended by it with the fiftieth session of the state Legislature not later than January 1, 1933, and shall thereafter report to successive Legislatures not later than January 1 of each odd numbered year.

SEC. 17. For the purpose of carrying out the provisions of this act the sum of ------ dollars is hereby appropriated out of any money in the state treasury not otherwise appropriated, and the state controller is hereby directed to draw warrants upon such sum from time to time upon the demand of the state water conservation board for the purposes of this act and the state controller is hereby directed to pay such warrants.

SEC. 18. This act shall be known and may be referred to in any action, proceeding, or legislative enactment, as the "State water conservation act."

SEC. 19. If any section, subdivision, sentence, clause, or phrase of this act be for any reason held to be unconstitutional, such decision shall not affect the validity of the remaining portions of this act, and the Legislature hereby declares that it would have passed this act and each and every other section, subdivision, sentence, clause, and phrase thereof, irrespective of the fact that any one or more sections, subdivisions, sentences, clauses or phrases of this act be declared unconstitutional."

Amendments adopted.

AMENDMENT NUMBER ONE.

Strike out all of the title of the printed bill, and insert in lieu thereof the following:

"An act to amend sections 537 and 726 of the Code of Civil Procedure, relating to trust deeds in proceedings involving attachments or foreclosures."

AMENDMENT NUMBER TWO.

On page 1 of the printed bill, strike out line 1, and the balance of the printed bill, and insert in lieu thereof the following

"SECTION 1. Section 537 of the Code of Civil Procedure is hereby amended to read as follows:

537. The plaintiff, at the time of issuing the summons, or at any time afterward, may have the property of the defendant attached as security for the satisfaction of any judgment that may be recovered, unless the defendant give security to pay such judgment, as in this chapter provided, in the following cases:

1. In an action upon a contract, express or implied, for the direct payment of money, where the contract is made or is payable in this state, and is not secured by any mortgage, trust deed or lien upon real or personal property, or any pledge of personal property, or, if originally so secured, such security has, without any act of the plaintiff, or the person to whom the security was given, become valueless; *provided*, that an action upon any liability, existing under the laws of this state, of a spouse, relative or kindred, for the support, maintenance, care or necessaries furnished to the other spouse, or other relatives or kindred, shall be deemed to be an action upon an implied contract within the term as used throughout all subdivisions of this section.

2. In an action upon a contract, express or implied, against a defendant not residing in this state, or who has departed from the state, or who can not after due diligence be found within the state, or who conceals himself to avoid service of summons.

3. In an action against a defendant, not residing in this state, or who has departed from the state, or who can not after due diligence be found within the state, or who conceals himself to avoid service of summons, to recover a sum of money as damages, arising from an injury to property in this state, in consequence of negligence, fraud, or other wrongful act.

SEC. 2. Section 726 of the Code of Civil Procedure is hereby amended to read as follows

726. There can be but one action for the recovery of any debt, or the enforcement of any right secured by mortgage or trust deed upon real or personal property, which action must be in accordance with the provisions of this chapter. In such action the court may, by its judgment, direct the sale of the encumbered property (or so much thereof as may be necessary), and the application of the proceeds of

the sale to the payment of the costs of court, and the expenses of the sale, and the amount due plaintiff, including, where the mortgage or trust deed provides for the payment of attorney's fees, such sum for such fees as the court shall find reasonable, not exceeding the amount named in the mortgage or trust deed.

The court may, by its judgment, or at any time after judgment, appoint a commissioner to sell the encumbered property. It must require of him an undertaking in an amount fixed by the court, with sufficient sureties, to be approved by the judge, to the effect that the commissioner will faithfully perform the duties of his office according to law. Before entering upon the discharge of his duties he must file such undertaking, so approved, together with his oath that he will faithfully perform the duties of his office.

If it appear from the sheriff's return, or from the commissioner's report, that the proceeds are insufficient, and a balance still remains due, judgment must then be docketed by the clerk in the manner provided in this code for such balance against the defendant or defendants personally liable for the debt, and it becomes a lien on the real estate of such judgment debtor, as in other cases in which execution may be issued.

No person holding a conveyance from or under the mortgagor of the property mortgaged, or from or under the person executing a trust deed of the property, or having a lien thereon, which conveyance or lien does not appear of record in the proper office at the time of the commencement of the action, need be made part to such action, and the judgment therein rendered, and the proceedings therein had, are as conclusive against the party holding such unrecorded conveyance or lien as if he had been a party to the action.

If the court appoint a commissioner for the sale of the property, he must sell it in the manner provided by law for the sale of like property by the sheriff upon execution; and the provisions of chapter one, title nine, part two, of this code are hereby made applicable to sale made by such commissioner, and the powers therein given and the duties therein imposed on sheriffs are extended to such commissioner.

In all cases heretofore, now or hereafter pending in the courts of this state, in the event of the death, absence from the state, other disability or disqualification of the commissioner, appointed to sell encumbered property under the foregoing provisions of this section, the court may, upon the happening of either the death, absence from the state, other disability or disqualification of the commissioner, appoint an elisor to perform the duties of such commissioner which are then to be performed in such action. The elisor so appointed shall give the undertaking, and take the oath hereinbefore provided to be given and taken by a commissioner, before entering upon the discharge of his duties, and shall thereafter perform all duties left unperformed by the commissioner whom he is appointed to succeed, with like effect as if such duties had been performed by the commissioner.

If the land mortgaged or under a trust deed consists of a single parcel, or two or more contiguous parcels, situated in two or more counties, the court may, in its judgment, direct the whole thereof to be sold in one of such counties by the sheriff, commissioner or elisor, as the case may be, and upon such proceedings, and with like effect, as if the whole of the property were situated in that county."

AMENDMENT NUMBER SIX.

On page 3 of the printed bill, strike out lines 8 to 52, inclusive, and all of pages 4 and 5, and insert in lieu thereof the following: "as party plaintiff or plaintiffs commence an action for a decree establishing the existence of such default and ordering the sale of said real property in the manner provided in section 2924*a* of this code; *provided, further,* that nothing herein contained shall be deemed to prevent the trustee, mortgagee, beneficiary or any assignee thereof from abandoning his election to sell as hereinabove provided and as provided in the power of sale contained in any such mortgage or transfer in trust and thereafter filing and prosecuting a suit as provided in this code, and that nothing herein contained shall be deemed to prevent the dismissal of any suit instituted as provided in this code and the subsequent exercising or causing to be exercised of the power of sale contained in any such mortgage or transfer in trust by the trustee, mortgagee, beneficiary, or any assignee in the manner hereinbefore provided.

SEC. 2. A new section of the Civil Code is hereby added to be known as section 2924*a* and to read as follows:

2924*b*. In the event of the filing and prosecuting of an action as provided for in section 2924 of this code, in lieu of sale by the trustee named in said mortgage or transfer in trust, said action shall be filed and prosecuted in the superior court of the State of California, in and for the county in which the real property or any part thereof is situated, against the trustor, any and all persons, firms, or corporations in possession of said real property, or any part or parts thereof, or claiming or asserting the right to such possession, and any and all other persons, firms, or corporations then appearing to have, by instrument or instruments recorded in the office of the county recorder of the county or counties in which the real property is situated, any claim to, lien upon, charge against, or interest in said real property or any part thereof, as parties defendant, and in any such action the trustee or beneficiary if not a party plaintiff shall be joined as party defendant, and notice of the pendency of such action shall forthwith be recorded in the office of the county recorder. After the establishing of the existence of such default the court shall order the sale of said premises by the sheriff of the county in which said action is brought, and such other relief as is hereafter mentioned; *provided, however,* that (1) such sale by the sheriff shall not be conducted prior to the expiration of one hundred twenty days from and after the date of filing of such action, but notice

of said sale by the sheriff may be given following order by the court for the sale of said property and prior to the expiration of said one hundred twenty day period, and said sale shall be conducted by the sheriff as expeditiously as possible upon and after the expiration of said one hundred twenty day period, in accordance with the order of court providing for the sale of said real property, (2) that notice of said sale shall be given and said sale shall be conducted by the sheriff in accordance with and in the manner provided by sections 692 to 697, both inclusive, of the Code of Civil Procedure, relating to sales under execution, (3) that if said real property consists of a single parcel, or two or more contiguous parcels situated in two or more counties, the court may, in its judgment and order ordering said sale, direct the whole thereof to be sold in one of such counties by the sheriff, and upon such proceedings and with like effect as if the whole of said property were situated in that county, (4) that in any such action a receiver may be appointed by the court in accordance with the provisions of section 564 of the Code of Civil Procedure, (5) that said sale by the sheriff shall be without equity of redemption, and the sheriff shall forthwith upon the making of said sale, and upon receipt by him of the purchase price, execute and deliver to the purchaser a sheriff's deed in proper form for recording, conveying unto the purchaser the trust estate or so much thereof as may be sold, and title thereto shall thereupon vest in the purchaser, (6) that out of the proceeds of such sale by the sheriff all fees and expenses of the sheriff connected with the making of said sale shall be paid, (7) that thereafter, out of the proceeds of said sale, reasonable attorney's fees, if so provided in said promissory note or in said transfer in trust, shall be paid in accordance with order of the court, (8) that next thereafter, out of said proceeds all accrued charges, fees and expenses of the trustee named in said transfer in trust, as fixed by the court, shall be paid, (9) that next thereafter, out of the proceeds of said sale, the obligations of the trustor in favor of the beneficiary, in accordance with the provisions of said transfer in trust and the promissory note for which it is security, together with costs of suit, shall be paid by the sheriff unto the person or persons lawfully entitled thereto, as found by the court and as set forth in the order of the court ordering the sale of said property, and if the remaining proceeds of said sale be insufficient in amount fully to satisfy the obligations of the trustor said balance, whatever it may be, shall be paid unto such person or persons lawfully entitled to the same, as so found by the court, whereupon a satisfaction in proper form for recording, or a partial satisfaction if said amount be insufficient, likewise in proper form for recording, shall be executed and delivered, (10) that if the proceeds of said sale are insufficient fully to satisfy the obligations of the trustor, the sheriff shall forthwith make a return unto the court setting forth the amount for which said property was sold, the amounts paid unto the sheriff, plaintiff's attorneys, and the trustee, as hereinabove provided in subdivisions (6), (7) and (8), the amount by him paid in partial satisfaction of the obligations of the trustor, and a statement of the balance still remaining due, and judgment must then be docketed in the manner provided in this code for such balance against the defendant or defendants personally liable for the debt, and a certified copy thereof recorded in the office of the county recorder of the county or counties in which said real property or any part thereof is situated, and it shall then become a lien on the real estate of such judgment debtor or debtors, as in other cases in which execution may be issued, (11) that if there be surplus money remaining in the hands of the sheriff after payment of the amount due on said note and transfer in trust, together with costs, the court may cause the same to be paid to the person entitled to it and in the meantime may direct it to be deposited in court, (12) that in any such action those unlawfully in possession of said property or detaining the same may be ejected therefrom (13) that in any such action, and following sale of said property by the sheriff, title to said property may be quieted in any party to the action who may become the purchaser at such sale by the sheriff, (14) that in any such action the rights and duties of the parties to said action may be determined and declared by declaratory judgment thereof, and (15) that therein such further relief may be granted by the court as shall be meet and just in the premises, to the end that in the one action all rights, duties and obligations of the parties with respect to said real property and the ownership, use and enjoyment thereof, and with respect to the payment of the obligations of the trustor as in said transfer in trust and promissory note set forth, may be fully and completely adjudicated, and any interlocutory or partial adjudication by the court shall not foreclose any further judgment of the court which may be necessary to fully effectuate the objects and purposes of this section. The court may, by its judgment, or at any time after judgment, appoint a commissioner to conduct the sale and/or to do and perform any of the other acts heretofore required in this section to be done and/or performed by the sheriff, and the powers herein given and the duties herein imposed on sheriffs are extended to such commissioner. The appointment of the commissioner shall be subject to the requirements of sections 726 and 729 of the Code of Civil Procedure.

SEC. 3. If any section, subsection, sentence, clause, or phrase of this act is for any reason held to be unconstitutional such decision shall not affect the validity of the remaining portions of this act. The Legislature hereby declares that it would

have passed this act, and each section, subsection, sentence, clause and phrase thereof, irrespective of the fact that any one or more other sections, subsections, sentences, clauses or phrases be declared unconstitutional."

Assembly Constitutional Amendment No. 31 ordered transmitted to the Senate.

ASSEMBLY CONSTITUTIONAL AMENDMENT No. 31.

A resolution to propose to the people of the State of California, an amendment to section 8, of article XI of the constitution of the State of California, relating to the drafting of a charter by the Board of Freeholders.

Resolved, by the Assembly, the Senate concurring, That the Legislature of the State of California, at its forty-ninth session, commencing on the fifth day of January, 1931, two-thirds of all of the members elected to each of the two houses voting in favor thereof, hereby proposes to the people of the State of California that section 8, of article XI of the constitution of the State of California, be amended to read as follows:

Sec. 8. Any city or city and county containing a population of more than 3500 inhabitants, as ascertained by the last preceding census taken under the authority of the Congress of the United States or of the Legislature of California, may frame a charter for its own government, consistent with and subject to this constitution; and any city, or city and county having adopted a charter may adopt a new one. Any such charter shall be framed by a board of 15 freeholders chosen by the electors of such city at any general or special election, but no person shall be eligible as a candidate for such board unless he shall have been, for the five years next preceding, an elector of said city. An election for choosing freeholders may be called by a two-thirds vote of the legislative body of such city, and on presentation of a petition signed by not less than 15 per cent of the registered electors of such city, the legislative body shall call such election at any time not less than 30 nor more than 60 days from date of the filing of the petition. Any such petition shall be verified by the authority having charge of the registration records of such city, or city and county and the expenses of such verification shall be provided by the legislative body thereof. Candidates for the office of freeholders shall be nominated either in such manner as may be provided for the nomination of officers of the municipal government or by petition, substantially in the same manner as may be provided by general laws for the nomination by petition of electors of candidates for public offices to be voted for at general elections. The board of freeholders shall, within one (1) year after the result of the election is declared, prepare and propose a charter for the government of such city. The charter so prepared shall be signed by a majority of the board of freeholders and filed in the office of the clerk of the legislative body of said city. The legislative body of said city shall, within fifteen (15) days after such filing, cause such charter to be published once in the official newspaper of said city and each edition thereof, during the day of publication (or in case there be no such official newspaper, in a newspaper of general circulation within such city and all the editions thereof issued during the day of publication) and shall cause copies of such charter to be printed in convenient pamphlet form and in type of not less than ten point and shall cause copies thereof to be mailed to each of the qualified electors of such city, and shall, until the day fixed for the election upon such charter, advertise in one or more newspapers of general circulation in said city a notice that copies thereof may be had upon application therefor. Such charter shall be submitted to the electors of such city at a date to be fixed by the board of freeholders, before such filing and designated on such charter, either at a special election held not less than 60 days from the completion of the publication of such charter as above provided, or at the general election next following the expiration of said 60 days. If a majority of the qualified voters voting thereon at such general or special election shall vote in favor of such proposed charter, it shall be deemed to be ratified, and shall be submitted to the Legislature, if then in session, or at the next regular or special session of the Legislature. The Legislature shall by concurrent resolution approve or reject such charter as a whole, without power of alteration or amendment; and if approved by a majority of the members elected to each house it shall become the organic law of such city, or city and county and supersede any existing charter and all laws inconsistent therewith. One copy of the charter so ratified and approved shall be filed with the Secretary of State, one with the recorder in the county in which such city is located, and one in the archives of the city; and thereafter the courts shall take judicial notice of the provisions of such charter. The charter of any city, or city and county may be amended by proposals therefor submitted by the legislative body of the city on its own motion or on petition signed by 15 per cent of the registered electors, or both. Such proposals shall be submitted to the electors at either a special election called for that purpose or at any general or special election. Petitions for the submission of any amendment shall be filed with the legislative body of the city, or city and county not less than 60 days prior to the general election next preceding a regular session of the Legislature. The signatures on such petitions shall be verified by the authority having charge of the registration records of such city, or city and county, and the expenses of such verification shall be provided by the legislative body thereof. If such petitions have a sufficient number of signatures the legislative body of the city, or city and county shall so submit the amendment or amendments so proposed to the electors. Amendments proposed by the legislative body and amendments proposed by petition of the electors may be submitted at the same election The amendments so submitted shall be advertised in the same manner as herein provided for the advertisement of a proposed charter, and the election thereon held at a date to be fixed by the legislative body of such city, not less than 40, and not more than 60, days after the completion of the advertising in the official paper. If a majority of the qualified voters voting on any such amendment vote in favor thereof, it shall be deemed ratified, and shall be submitted to the Legislature at the regular session next following such election; and approved or rejected without power of alteration in the same manner as herein provided for the approval or rejection of a charter. In submitting any such charter or amendment separate propositions, whether alternative or conflicting, or one included within the other, may be submitted at the same time to be voted on by the electors separately, and, as between those so related, if more than one receive a majority of the votes, the proposition receiving the largest

number of votes shall control as to all matters in conflict. It shall be competent in any charter framed under the authority of this section to provide that the municipality governed thereunder may make and enforce all laws and regulations in respect to municipal affairs, subject only to the restrictions and limitations provided in their several charters and in respect to other matters they shall be subject to general laws. It shall be competent in any charter to provide for the division of the city, or city and county governed thereby into boroughs or districts, and to provide that each such borough or district may exercise such general or special municipal powers, and to be administered in such manner, as may be provided for each such borough or district in the charter of the city, or city and county

The percentages of the registered electors herein required for the election of freeholders or the submission of amendments to charters shall be calculated upon the total vote cast in the city or city and county at the last preceding general state election; and the qualified electors shall be those whose names appear upon the registration records of the same or preceding year. The election laws of such city, or city and county shall, so far as applicable, govern all elections held under the authority of this section.

Assembly Bill No. 1744—An act to amend sections 1, 2, 3, 7, 10, 12, and 14, and to repeal section 11 and to add a new section numbered 3*a* to chapter 140, Statutes of 1929, entitled "An act regulating the business of embalmers and funeral directors and the transportation of and traffic in dead human bodies, creating a State board therefor, providing penalties for violations thereof, and repealing the act entitled 'An act to establish a State Board of Embalmers, defining the duties thereof, providing for the better protection of life and health, preventing the spread of contagious disease, regulating the practice of embalming in connection with the care and disposition of the dead and providing penalties for the violation thereof,'" approved April 16, 1915, as amended, approved April 20, 1929, relating to and regulating the business of funeral directors and embalmers.

RESOLUTION.

The following resolution was offered:

By Mr. Wright:

WHEREAS, The Assembly is saddened today to learn of the death at San Jose of Henry Meade Bland, the sweet singing Poet Laureate of California, and his passing has removed from us one of the most beloved characters our State has known, and his poems have enriched and deepened the spiritual life of our people throughout the years. His long service as head of the English department of the State Teachers College at San Jose has endeared him to the thousands of the youth of California who have passed through his class room; therefore, be it

Resolved, That a Select Committee of One be appointed to draw up a suitable resolution in honor of the late Henry Meade Bland, Poet Laureate of California, and that an engrossed copy be sent to the bereaved family; and when we adjourn this day, we do so out of respect to the memory of the late Henry Meade Bland, Poet Laureate of California.

Resolution read, and unanimously adopted.

APPOINTMENT OF SELECT COMMITTEE.

In accordance with the above resolution the Speaker announced the appointment of Mr T. M. Wright, as such Select Committee.

PRESENTATION OF PETITIONS.

The following petitions were presented, and ordered printed in the Journal:

By Mr. Speaker:

THE SOCIETY OF CALIFORNIA PIONEERS,
5 PIONEER PLACE, SAN FRANCISCO, April 28, 1931.

Hon. Edgar C. Levey,
Speaker of the House,
Sacramento, California.

MY DEAR SPEAKER LEVEY: May we call your particular attention to Senate Concurrent Resolution No 31, introduced by Senator Treacy, relating to the Marshall Monument at Coloma, El Dorado County, to establish an historical fact that the first piece of gold picked up by James W. Marshall in Sutter's millrace, was a "flake" and not a "nugget."

Your assistance in having this error corrected, will be very greatly appreciated by this society, as also,

Yours very truly,

CHARLES C. MOORE, President.

By Mr. Speaker:

CITY AND COUNTY OF SAN FRANCISCO,
BOARD OF SUPERVISORS, CLERK'S OFFICE, April 29, 1931.

To the Legislative Representatives of the City and County of San Francisco.

GENTLEMEN: Your attention is respectfully called to the following resolution adopted by the Board of Supervisors at its meeting, Monday, April 27, 1931:

WHEREAS, It is the declared policy of the Legislature that bridges shall constitute a part of the State highway system, and that existing privately-owned bridges shall be acquired by the State as expeditiously as possible; and

WHEREAS, There is now pending in the State Legislature a bill which has for its purpose the extension, for a period of 25 years, of the franchise granted the Ameri-

can Toll Bridge Company for the operation of the toll bridge across Carquinez Straits; and

WHEREAS, To grant this extension of franchise would be to impose an additional and unwarranted burden upon the motoring public and would tend, by precedent, to abrogate the declared policy of the State Legislature now in effect; therefore, be it

Resolved, That the State Legislature be and is hereby memorialized and urged to defeat the passage of the bill proposing an extension to the present franchise for this bridge, and be it further

Resolved, That copies of this resolution be transmitted to the Governor, the Lieutenant Governor, the Speaker of Assembly and to the members of the San Francisco delegation in the State Legislature.

Yours truly,

J. S. DUNNIGAN, Clerk.

COMMITTEE AMENDMENT.

During second reading of the bill, the following amendment was submitted by the committee:

AMENDMENT NUMBER ONE.

On page 3 of the printed bill, immediately following line 43 on said page, insert the following: "Nothing contained in this section shall prevent any vessel from carrying nets across fish and game districts nineteen "A" and twenty to open waters outside the district; *provided*, that they are in said districts for the purpose of navi-

gation only. Also nothing contained in this section shall prevent the entrance into harbors in fish and game districts nineteen "A" and twenty in cases of distress or emergency.

6. It shall be lawful to use beach nets (also known as beach seines or haul seines) in fish and game districts five, eight, nine, ten, eleven, eighteen, nineteen, and twenty-two; *provided*, that in fish and game district five the meshes of any such beach nets shall measure not less than five and one-half inches in length and that in fish and game districts ten, eighteen and nineteen the meshes of the beach nets shall measure not less than one and one-half inches in length; and beach nets shall only be used in fish and game district nineteen between the first day of September and the thirty-first day of January of the year following, both dates inclusive, and for the purpose of taking smelt only.

7. For the purpose of this act, any net hauled from the water to the beach or shore for the purpose of taking fish, or any net adapted so to be used, shall be known as a beach net.

8. It shall be lawful to use fyke nets in fish and game districts three, twelve "A" and twelve "B" for the purpose of catching catfish, carp, pike, hardheads and suckers between the fifteenth day of August and the fourteenth day of May of the year following, both dates inclusive; *provided*, that the smallest meshes of any fyke net so used shall measure not less than two and one-half inches in length, *provided, further*, that nothing in this chapter shall be construed as prohibiting the sale of catfish caught in fish and game districts three, twelve "A" and twelve "B" between the fifteenth day of August and the fourteenth day of May of the year following, both dates inclusive.

9. It shall be lawful to use trawl nets (also known as paranzella nets, beam trawls, or shrimp trawls) in fish and game districts two, six, seven, twelve, thirteen, seventeen and eighteen; *provided*, that the use of any trawl net in fish and game districts two, twelve and thirteen shall be for the purpose of taking shrimp only; *and provided, further*, that it shall be unlawful to use trawl or paranzella nets in water less than twenty-five fathoms in depth in fish and game district seventeen; *and provided, further*, that it shall be unlawful to use trawl nets in any bay in fish and game district number eighteen; *and provided, further*, that it shall be unlawful to have any trawl net also known as drag net, in possession in fish and game districts four, nineteen, twenty, twenty "A" and twenty-one.

10. It shall be lawful to use crab nets in district one and one-half and it shall be lawful to use crab nets or crab traps in fish and game districts five, six, seven, eight, nine, ten, eleven, twelve, thirteen, seventeen, eighteen and nineteen, and lobster traps in fish and game districts seventeen, eighteen and nineteen.

11. It shall be lawful to use shrimp nets (also known as Chinese shrimp or bag nets) in fish and game district thirteen for the purpose of taking shrimp only.

12. It shall be lawful to use dip nets for the purpose of taking fish other than game fish to be used as bait only, in any fish and game district, except fish and game district fourteen; *provided*, that in fish and game districts one, one and one-half, two, three and four, such dip nets shall not be baited; *and provided, further*, that any dip net in fish and game districts one, one and one-half, two, three, four, nineteen and twenty, shall not measure more than six feet in its greatest breadth; *and provided, further*, that it shall be unlawful for any person to have in his possession any nets other than such bait dip nets within fish and game district twenty.

13. It shall be lawful to use troll lines or hand lines in any fish and game district excepting fish and game district fourteen and to use trawl lines in fish and game districts six, seven, ten, seventeen, eighteen and nineteen. It shall also be lawful to use trawl lines (also known as set lines) in any lake in fish and game district two having a surface area of not less than seventy-five square miles, for the purpose of catching catfish only; *provided*, that it shall be unlawful to use minnows or any species of young fish on hooks attached to such trawl line.

14. It shall be lawful to use any spade, shovel, hoe, rake or other appliance operated by hand for the purpose of taking mollusks in fish and game districts one and one-half, two, three, four, five, six, seven, eight, nine, ten, eleven, twelve, thirteen, fifteen, sixteen, seventeen, eighteen, nineteen and twenty-one.

15. Any net or line shall be considered a set net or set line that is made fast to the bank or ground or that shall be made fast in any way and shall not be free to drift with the tide or current, and any net so placed that it will catch or impound fish within a bight, bay or estuary or against the shore, upon the receding of the tide shall be considered a set net; *provided*, that fyke nets, shrimp nets or crab nets shall not be considered set nets, nor trawl lines be considered set lines. The length of the meshes of any net shall be determined by taking at least four meshes and measuring them between the knots while they are simultaneously drawn closely together.

16. Nothing in this section shall prevent the fish and game commission or any person authorized by them from using any net or other appliance in any fish and game districts for the purpose of recovering fish from overflowed areas or landlocked sloughs or ponds where they have been left isolated by receding streams or flood waters.

17. Nothing in this section shall prohibit the fish and game commission or any person authorized by them from using any net, traps or other appliances in the waters of the state as they may deem necessary for carrying on scientific investiga-

tion or for the propagation of fish, mollusks, or crustaceans. Nothing in this section shall prohibit the fish and game commission or any person authorized by them from using nets, traps or other appliances in any fish and game district for experimental purposes.

18. Any person violating any of the provisions of this section shall be guilty of a misdemeanor, and upon conviction thereof shall be punished by a fine of not less than one hundred dollars, nor more than five hundred dollars or by imprisonment in the county jail in the county in which the conviction shall be had, not less than one hundred days nor more than six months or by both such fine and imprisonment; and all fines and forfeitures imposed and collected for any violation of any of the provisions of this section shall be paid into the state treasury, to the credit of the fish and game preservation fund."

"SECTION 1. Section 526 of the Code of Civil Procedure is hereby amended to read as follows:

526. An injunction may be granted in the following cases:

1. When it appears by the complaint that the plaintiff is entitled to the relief demanded and such relief, or any part thereof, consists in restraining the commission or continuance of the act complained of, either for a limited period or perpetually;

2. When it appears by the complaint or affidavits that the commission or continuance of some act during the litigation would produce waste, or great or irreparable injury, to a party to the action;

3. When it appears, during the litigation, that a party to the action is doing, or threatens, or is about to do, or is procuring or suffering to be done, some act in violation of the rights of another party to the action respecting the subject of the action, and tending to render the judgment ineffectual;

4. When pecuniary compensation would not afford adequate relief;

5. Where it would be extremely difficult to ascertain the amount of compensation which would afford adequate relief;

6. Where the restraint is necessary to prevent a multiplicity of judicial proceedings;

7. Where the obligation arises from a trust.

An injunction can not be granted:

1. To stay a judicial proceeding pending at the commencement of the action in which the injunction is demanded, unless such restraint is necessary to prevent a multiplicity of such proceedings;

2. To stay proceedings in a court of the United States;

3. To stay proceedings in another state upon a judgment of a court of that state;

4. To prevent the execution of a public statute by officers of the law for the public benefit;

5. To prevent the breach of a contract (other than a contract in writing for the rendition or furnishing of personal service from one to another where the minimum compensation for such service is at the rate of not less than six thousand dollars per annum, and where the promised service is of a special, unique, unusual, extraordinary or intellectual character which gives it peculiar value the loss of which can not be reasonably or adequately compensated in damages in an action at law) the performance of which would not be specifically enforced; *provided, however*, that an injunction may be granted to prevent the breach of a marketing contract in respect to any provision regarding the sale or delivery of the products produced, grown or acquired by the seller;

6. To prevent the exercise of a public or private office, in a lawful manner, by the person in possession;

7. To prevent a legislative act by a municipal corporation."

The coroner shall be allowed his actual and necessary traveling expenses incurred in the discharge of his official duties; *provided*, that the coroner shall appoint one stenographer at a salary of six hundred dollars per annum, to be paid at the same time and in the same manner as county officers are paid.

10 The public administrator, such fees as are now or may be hereafter allowed by law.

11. The superintendent of schools, three thousand six hundred dollars per annum and actual and necessary traveling expenses when visiting schools in his county, not to exceed ten dollars for each school actually visited; *provided*, that such superintendent of schools may appoint an assistant superintendent of schools at a salary of one thousand eight hundred dollars per annum, one bookkeeper at a salary of one thousand three hundred twenty dollars per annum, and one clerk who shall be a stenographer at a salary of one thousand three hundred twenty dollars per annum, payable at the same time and in the same manner as county officers are paid The superintendent of schools shall be an ex officio member of the board of education.

12. The surveyor, three thousand six hundred dollars per annum; *provided, further*, that all property ownership books, data, and transcript records required for making such maps, plats, or block books shall be procured at the expense of the county in such manner and by such persons as the board of supervisors may direct. The surveyor shall devote his entire time to the duties of his office. And it shall be his duty to prepare and furnish all necessary plans and specifications for all bridges and bridge work, in addition to his other duties, without extra compensation. The surveyor shall charge and collect the sum of ten dollars per day, together with the sum necessary to pay the compensation and expenses of his assistants, for making such surveys as the duties of his office require The sum so collected by him shall be deposited in the county treasury and become the property of the county. He shall appoint a deputy at a salary of one thousand eight hundred dollars per annum, payable at the same time and in the same manner as county officers are paid; *provided, further*, that the county surveyor may employ field engineers at a compensation not to exceed eight dollars per day and chainmen at a salary not to exceed five dollars per day and such other help as may be required at a rate not exceeding four dollars per day, when so employed. The aggregate sum that may be expended for all such field engineers, chainmen and other help shall not exceed the sum of ten thousand dollars for any one year. The surveyor and his assistants shall be allowed their actual and necessary traveling expenses incurred in the performance of their duties within the county.

13 The justices of the peace, the following monthly salaries, to be paid each month as the salaries of county officers are paid, which shall be in full for all services rendered by them in criminal cases.

In townships having a population of fifteen thousand or more, two hundred dollars per month; *provided*, that in townships having a population of fifteen thousand or more, the justice of the peace shall appoint one clerk at a salary of six hundred dollars per annum, payable at the same time and in the same manner as county officers are paid;

In townships having a population of over eight thousand and less than fifteen thousand, one hundred fifteen dollars per month;

In townships having a population of six thousand and less than eight thousand, seventy-five dollars per month;

In townships having a population of four thousand and less than six thousand, fifty-five dollars per month;

In townships having a population of two thousand and less than four thousand, forty dollars per month;

In townships having a population of one thousand and less than two thousand, thirty dollars per month;

In townships having a population of less than one thousand twenty dollars per month;

In townships having a population of less than nine hundred, fifteen dollars per month.

Each justice of the peace must pay into the county treasury once a month all fines collected by him; *and provided, further*, that for the purposes of this subdivision, the population of the several townships shall be ascertained from the United States census reports of 1930 The board of supervisors may furnish or aid in the furnishing of courtrooms for justices of the peace.

14. In townships having a population of fifteen thousand or more, constables shall receive as compensation in lieu of all fees in criminal cases, the sum of one hundred twenty-five dollars per month; in townships having a population of eight thousand and less than fifteen thousand, the sum of eighty-five dollars per month; in townships having a population of six thousand and less than eight thousand, the sum of fifty dollars per month; in townships having a population of four thousand and less than six thousand, twenty-five dollars per month; in townships having a population of one thousand five hundred and less than four thousand, fifteen dollars per month; in townships having a population of one thousand and less than one thousand five hundred, ten dollars per month; in townships having a population of less than one

thousand, five dollars per month; *provided*, that in addition to the fees and salaries herein allowed, each constable shall receive for traveling expenses outside of his own township, but within his own county, for the service of a civil or criminal process, the sum of fifteen cents per mile for each mile actually and necessarily traveled, one way only, no constructive mileage to be allowed; *and provided, further*, that such salaries for services in criminal cases shall be paid at the same time and in the same manner as the salaries of county officers are paid; *and provided, further*, that in addition to the salaries provided herein, constables in all townships shall receive for their own use the fees which are now or may hereafter be allowed by law in civil cases; *and provided, further*, that for the purposes of this subdivision, the population of the several townships shall be ascertained from the United States census report of 1930.

15. Each member of the board of supervisors for all services required of them by law, or by virtue of their office, except as road commissioners, shall be allowed one thousand two hundred dollars per annum as a salary, and ten cents per mile in traveling to and from his place of residence to the courthouse, *provided*, that only one mileage must be allowed at each board meeting; *and provided, further*, that said salary and mileage shall be in lieu of all fees otherwise provided by law for supervisors. Each supervisor shall receive for services as road commissioner, thirty cents per mile one way for all distances actually traveled by him in the performance of his duties; *provided*, that he shall not in any one year receive more than nine hundred dollars as such road commissioner; *provided*, that no member of the board of supervisors or other county officer shall, except for his own services or expenses, present or verify by his oath attached thereto, any claim, account, or demand for allowance against the county.

16. All salaries herein not otherwise provided for shall be paid out of the treasury of said county in equal monthly payments on the last day of each month.

17. The fees for jurors in counties of this class shall be as follows: For attending as a grand juror or juror in the superior court, or as a member of any committee of the grand jury duly called by the secretary or committee chairman, for each day's attendance, while serving as such juror, or on such committee per day, three dollars; for each day's attendance when not selected to serve, two dollars, but in no case shall there be charged for more than one per diem on any one calendar day. For attending justice's court, for each juror sworn to try the cause, per day, in civil cases, only, one dollar and fifty cents. A juror excused at his own request shall not be entitled to a per diem fee but shall be entitled to mileage for each mile actually and necessarily traveled in attending court as a juror, or in attending the regular sessions of the grand jury, or any committee meeting of the grand jury duly called, except in criminal cases in justice's courts, for which no allowance shall be made, per mile, ten cents.

It is hereby found as a fact that the changes herein made in the manner of compensating the county clerk, sheriff, auditor, treasurer, coroner, and assessor, are not intended to, and do not effect an increase in the compensation of said officers, and are to apply to the present incumbents."

AMENDMENT NUMBER ONE.

Strike out the title of the printed bill, and insert in lieu thereof the following:

"An act to amend section 12 of the "State housing act," relating to building requirements."

AMENDMENT NUMBER TWO.

On page 1 of the printed bill, strike out lines 1 to 24, inclusive, and insert in lieu thereof the following:

"SECTION 1. Section 12 of the "State housing act" is hereby amended to read as follows:

Sec 12. Except as hereafter provided, any apartment house or hotel hereafter erected which is of semifireproof or of wooden construction, in whole or in part, shall not exceed a height of twice the width of the widest street abutting the lot on which it is situated, nor shall any wooden apartment house or hotel in any case exceed a height of fifty (50) feet. For the purpose of this section, the height of the building, unless otherwise defined, is the maximum vertical distance from the finished ceiling of the top story, to the sidewalk or actual ground level at any point along the sides of the building; the width of a street is the distance from the extreme face of the building to the front of the lot on the opposite side of the street; *provided, however,* that the height of such apartment house or hotel may exceed that determined by the street width, as above, if each story above such height be set back not less than six (6) feet from the street facade of the story immediately beneath.

Any semifireproof apartment house or hotel hereafter erected, except as hereinafter provided, shall not exceed six stories and basement at any point, and any wooden apartment house or hotel shall not exceed three stories for living or sleeping purposes, and basement, at any point, and the ceiling height of the basements herein mentioned, shall not exceed eight (8) feet above the adjoining sidewalk or ground levels.

Combination fireproof and semifireproof apartment houses, having the semifireproof construction superimposed upon fireproof construction, may be built to exceed six stories and basement, and used throughout for residential occupancy, subject to the height limitations previously given, to the general provisions of this act, and to the following conditions:

(*a*) The semifireproof construction shall have a structural steel frame, the columns to be continuously fireproofed as required for fireproof buildings, or a reinforced concrete frame. Such semifireproof construction shall not exceed six stories at any point, nor shall the total height of the building, above the adjacent sidewalk or ground level at any point on the street frontage, exceed the height of the upper six stories plus twenty (20) feet, and the floor of the sixth story below the top of the building, and all that portion of the building below such floor, shall be of fireproof construction.

(*b*) No portion of the building directly below a garage or storeroom shall be used for residential occupancy.

(*c*) All stairways or other communicating passageways between the required fireproof portion and the portion of the building above, shall be enclosed fireproof construction with standard self-closing fire doors at each end. All light wells, shafts and chutes (including elevator, dumb-waiter and pipe shafts, clothes and garbage chutes) serving or entering the required fireproof portion of the building shall, throughout their length, have walls of masonry or plaster on metal lath and metal studs, plastered on both sides. For surfaces exposed to the weather, cement plaster shall be used; for interior work, gypsum plaster may be used. Metal lath shall weigh not less than three (3) pounds per square yard, and studs shall be not less than three quarter (¾) inch channels at twelve (12) inch centers and not less than number sixteen gauge in thickness. All openings in such light wells, shafts or chutes shall be closed with metal sash and wire glass, or by equivalent fire-resistant construction.

(*d*) In and through any of the fireproof portion of the building below the level of the adjacent sidewalk, there shall be provided a continuous enclosed fireproof passageway, not less than four (4) feet wide by eight (8) feet high, so located as to give access to each story thereof, with direct exterior entrance at both front and rear of the building, to insure free and full circulation of air through such passageway.

No wooden building or structure not intended or designed when erected for use as an apartment house or hotel, or wooden apartment house or hotel, shall be altered or constructed for use as an apartment house or hotel except it conform to the provisions of this act regarding converted or altered buildings or structures contained in section 5 of this act or in any manner so that it contains more than three stories occupied or intended or designed to be occupied for living and sleeping purposes, nor shall any fireproof or semifireproof building or structure be altered or converted for use as an apartment house or hotel unless it conform to the provisions of section 5 of this act regarding altered or converted buildings or structures."

SEC. 3. It shall be lawful for the sheriff of a county or city and county, the board of police commissioners, chief of police, city marshal, town marshal or other head of the police department of any city, city and county, town or other municipal corporation, to issue a permit for the possession and transportation of such shells, cartridges or bombs upon proof to said sheriff or head of the police department that good cause exists for the issuance thereof to the applicant for such permit. The permit may also allow the applicant to install, maintain and operate a protective system involving the use of such shells, cartridges or bombs in any place which is accurately and completely described in the application for the permit.

SEC. 4. All applications for such permits shall be filed in writing, signed by the applicant if an individual, or by a member or officer qualified to sign if the applicant is a firm or corporation, and shall state the name, business in which engaged, business address, a full description of the place or vehicle in which such shells, cartridges, or bombs are to be transported, kept, installed or maintained. If such shells, cartridges or bombs are to be used in connection with a protective system, the application shall also contain the name of the person who is to install such protective system.

SEC. 5. Every person, firm or corporation to whom a permit is issued shall either carry the same upon his person or keep the same in the place described in the permit. The permit shall be open to inspection by any peace officer or other person designated by the authority issuing the permit. When such permits are issued by a sheriff, a record shall be kept in the office of the county clerk; when issued by police authority, the record shall be maintained in the office of the authority issuing the permit. Applications and permits shall be uniform throughout the state upon forms to be prescribed by the attorney general.

SEC. 6. Permits issued in accordance with this act may be revoked by the issuing authority at any time when it shall appear that the need for the possession or transportation of such shells, cartridges, bombs, or protective system involving the use of the same, has ceased, or that the holder of the permit has engaged in an unlawful business or occupation or has wrongfully made use of such shells, cartridges or bombs or the permit issued.

SEC. 7. A sheriff or head of a police department may also grant licenses in a form to be prescribed by the attorney general effective for not more than one year from the date of issuance, to permit the sale at retail within the political subdivision over which the issuing body has authority of such shells, cartridges or bombs, and to permit the installation and maintenance of protective systems involving the use of such shells, cartridges or bombs subject to the following conditions, upon breach of any of which the license shall be subject to forfeiture:

1. Such business shall be carried on only in the building designated in the license.

2. Such license or certified copy thereof must be displayed on the premises in a place where it may easily be read.

3. No such shell, cartridge or bomb shall be delivered to any person not authorized to possess or transport the same under the provisions of this act. No protective system involving the use of such shells, cartridges or bombs shall be installed, nor shall supplies be sold for the maintenance of such system unless the licensee has personal knowledge of the existence of a valid permit for the operation and maintenance of such system."

Senate Concurrent Resolution No. 10 ordered transmitted to the Senate.

SENATE CONCURRENT RESOLUTION No. 10.

Relative to the orderly addition of new roads to the State highway system, after engineering and economic studies by the California Highway Commission and the Department of Public Works.

WHEREAS, It appears that some highways not now in the State highway system are carrying a volume of State traffic that far exceeds the local traffic carried on said roads thus placing upon the counties in which these roads are located an undue and heavy maintenance burden, and

WHEREAS, A preliminary investigation by the California Highway Commission and Department of Public Works indicates that there is at the present time a

decidedly greater mileage of such roads in the south, as compared with those in the north, carrying this excessive State traffic; and

WHEREAS, An executive message was transmitted to the Legislature under date of March 12, 1929, in which was suggested certain underlying principles to be observed in the inclusion of new secondary roads within the State highway system; now, therefore, be it

Resolved by the Senate, the Assembly concurring, That the principles enunciated in said executive message be observed in the inclusion of new roads within the State highway system, and that the California Highway Commission and the Department of Public Works be, and they are hereby directed to observe the following principles in the inclusion of new roads within the State highway system:

1. Additions shall during the next two years be made to the present secondary highway system, totaling between 10 and 12 per cent of existing State highway mileage, said mileage to be added in the ratio of not less than three or four miles in the south to one mile on the north.

2. For budgetary purposes, this mileage shall be included as a part of the State highway system by the California Highway Commission when the necessary surveys are completed; *provided, however*, no money be expended on same until they have been finally included in the system by legislative act.

3. There shall be no change in the present statutory division of secondary highway funds; and, be it further

Resolved, That the California Highway Commission and the Department of Public Works be and they are hereby directed to make a careful study of the State highway system to ascertain and determine routes not now in the system which, either by reason of the large volume of State traffic that they are now carrying, or by reason of the relief that they would afford to heavy traffic upon present State highways, or as highways serving as important interstate links, might properly be included and added to the State highway system; and, be it further

Resolved, That this study shall, in accordance with the above mentioned executive message, include an investigation into the engineering, economic and traffic facts involved in the matter; that a comprehensive report shall be made to the fiftieth Legislature embodying such recommendations as the investigation may disclose as proper and a recital of such facts as may have been taken into account, that this investigation shall begin not later than May 1, 1931, and that this report shall be completed and made public not later than August 1, 1932, and that pending the adoption of such report authority be hereby given to the California Highway Commission to take into consideration for its next budget such roads as it is thus designating and bringing to the attention of the Legislature at its next session.

MESSAGES FROM THE GOVERNOR.

The following messages from the Governor were received, read, and ordered printed in the Journal:

STATE OF CALIFORNIA, GOVERNOR'S OFFICE.
SACRAMENTO, April 30, 1931.

To the Members of the Assembly,
State of California.

I herewith return, without my approval, Assembly Bill No 651.

This bill relates to property which may be sold by a water district after it has been deeded to a district for delinquent taxes. The law at present requires that a district may not sell such property to a private purchaser for less than the amount of the taxes, penalties and costs due on said property. By amendment the board of directors is given power to sell such property for such amount as it may by resolution fix, which well might be an amount less than that required by the owner to redeem. This would remove the only protection an owner has to redeem.

Sincerely,

JAMES ROLPH, JR., Governor, State of California.

Also:

STATE OF CALIFORNIA, GOVERNOR'S OFFICE,
SACRAMENTO, April 30, 1931.

To the Members of the Assembly,
State of California.

I return herewith, without my approval, Assembly Bill No. 147.

This bill relates to bonds which may be received by treasurers of political subdivisions as security for inactive deposits. This amendment includes bonds which are not yet issued. The inclusion of these bonds in the act would break down the safeguards sought to be created.

Sincerely,

JAMES ROLPH, JR., Governor, State of California.

By Mr. Speaker:

From the legislature, state of Wisconsin, relative to tax income from royalties on patents and copyrights.

Resolution referred to Committee on Revenue and Taxation.

By Mr. Speaker:

LAGUNA BEACH, CALIFORNIA, May 2, 1931.

Hon. Edgar C. Levey,
Speaker of the Assembly,
Sacramento, California.

DEAR SIR: On this date at Laguna Beach, at a meeting of all of the communities of the coast of Orange County and the users of water for domestic purposes originating in the Santa Ana River basin, the following resolution was unanimously adopted:

WHEREAS, There is now pending before the California State Legislature the Craig Assembly Bill No. 1861, which most seriously affects the progress and development of Orange County coast line; and

WHEREAS, The proposed district is not a county-wide movement, but simply a section out of the heart of the Santa Ana Basin; and

WHEREAS, Said bill if passed would create police power to prevent interference (presumably of natural flow) of surface or subsurface waters outside of, as well as within, the district (see lines 45 to 49, inclusive, page 19, of the bill as amended in Assembly, April 21, 1931); and

WHEREAS, The passage of said bill would not only give this group police powers, but would give them right of eminent domain, the power to levy unlimited taxes, create bonded indebtedness, etc., and a monopoly over the distribution of water from within the whole Santa Ana River Basin; now, therefore, be it

Resolved, That we most urgently recommend to the Assembly of the State of California now in session, that they defeat the Craig Assembly Bill No. 1861; and be it further

Resolved, That a copy of this resolution be sent to the Honorable Speaker of the Assembly and a copy to Assemblyman Ted Craig, and also that copies be furnished to the newspapers of Orange County.

Respectfully submitted.

ORANGE COUNTY COAST COMMUNITIES,
By GILBERT WILSON, Chairman.

By Mr. Speaker:

To the Honorable Speaker of the Assembly,
Sacramento, California.

DEAR SIR: We, the undersigned Orange County tax-paying farmers, owners of lands within the so-called "Orange County Water Saving and Replenishment District," proposed to be created by Assembly Bill No. 1861, do hereby object to the formation of any such tax levying district. We have so many districts now we can hardly keep track of them. Orange County Flood Control and Water Conservation District, the big Metropolitan Water District, several irrigation districts, county water districts, etc. We are loaded down with taxes now.

The movement represented by this Assembly Bill No. 1861 is not county-wide. It is a movement by a faction, a part only of the land owners within a part only of that part of the river basin which is located in Orange County. If legislation such as is proposed by this bill is to be enacted, then every faction is entitled to a like district law, and thus endless, useless litigation will be fostered in each river basin in the State, and all possibility of unity and good will for county-wide movements looking toward conservation and proper distribution will be denied.

This Assembly Bill No. 1861 should be defeated.

Respectfully submitted.

FRED MYERS,
And 39 others.

By Mr. Kline:

WHEREAS, Assembly Bill No. 472, permitting cooperative contracts between irrigation districts and the United States government, and requiring ratification of contract by a bare majority vote of the electors, whether property owners or not, is economically unsound and might work a grave hardship on the property owners and taxpayers of the irrigation district; and

WHEREAS, An amendment to section 3 of said bill has been offered which will require a majority vote of the property owners or a two-thirds vote of the electors to ratify any contract which may be entered into by virtue of said bill, instead of a bare majority vote of the electors; now therefore, be it

Resolved That the Riverside County Farm Bureau, in regular session assembled, does hereby endorse and approve the amendment to section 3 of said bill as above set forth; and be it further

Resolved, That copies of this resolution be transmitted to Senator Nelson T. Edwards and Assemblyman Chester M. Kline with an urgent request that they use their best endeavors to have the amendment approved and adopted

RIVERSIDE COUNTY FARM BUREAU,
By JOAN COMPERE, Secretary.

By Mr. Badham:

"WHEREAS, The board of directors of the Los Angeles Chamber of Commerce, having expressed a desire to aid the southern portion of the San Joaquin Valley in the securing of an adequate supply of water to that section, that this valued agricultural area may continue to prosper, is desirous of making this interest manifest and effective; and

WHEREAS, To best accomplish this a committee of business men and directors of the Los Angeles Chamber of Commerce should be appointed to cooperate and work with a similar committee from the San Joaquin Valley and with the legislators at Sacramento to the end that carefully analyzed legislation to meet the desired ends may be enacted as soon as possible; now, therefore, be it

Resolved, By the board of directors of the Los Angeles Chamber of Commerce that the following gentlemen shall be asked to serve on this committee, for the purpose above outlined: Messrs Henry O Wheeler, chairman; Byron C Hanna, W. S Rosecrans, R W Pridham, John C Austin, J B. Lippincott, Shannon Crandall and Merrit H Adamson, and be it further

Resolved, That the board of directors of the Los Angeles Chamber of Commerce is firmly of the belief that this matter is of such importance and is so involved and intricate both from the physical and legal standpoint that if the necessity arises the entire subject should be submitted to a special session of the Legislature so as to provide for the full consideration of the entire proposition before the next general election, and that at such a special session of the Legislature other issues should not be involved and exclusive thought should be given to this important question.

In the event of a special session of the Legislature we further recommend that a concurrent resolution be adopted by the present Legislature providing for a properly constituted committee to be appointed and instructed to draft and present to the special session carefully analyzed legislative measures to meet the desired ends, and further that this committee be empowered to investigate the possibility of the accomplishment of firm contracts for the sale of falling water or power for the projects authorized in the amendment"

I hereby certify that the above is a true and correct copy of resolution adopted by the board of directors of the Los Angeles Chamber of Commerce at its regular meeting held Thursday, April 30, 1931.

J. A. H. KERR, President.

Attest: A. G. ARNOLL, Secretary.

"SEC. 19¼. The California vehicle act is hereby amended by adding thereto a new section to be numbered 73½, to read as follows.

SEC 73½. Showing of financial responsibility required following conviction for certain offenses

(a) Whenever any person shall be convicted upon a charge of violation of any of the provisions of sections 112 or 141 of the California vehicle act, and time for an appeal shall have elapsed without an appeal having been taken, or after any said appeal has been taken and judgment of conviction affirmed, the clerk of the court in which said judgment was rendered, shall immediately report the facts to the division of motor vehicles, and the division of motor vehicles shall thereupon suspend the operator's or chauffeur's license of the person so convicted, and such suspension shall remain in effect unless and until the person so convicted and whose

license is suspended shall give proof of financial responsibility in accordance with the provisions of sections 36½ and 36¾ of the California vehicle act."

AMENDMENT NUMBER EIGHT.

On page 12 of the printed amended bill, between lines 40 and 41, insert the following new section:

"SEC. 19¾. Section 77 of said act is hereby amended to read as follows:

Sec. 77. Registration fees. (*a*) A registration fee of three dollars shall be paid to the division for the registration of every motor vehicle, trailer or semi-trailer, except for those which are exempted in this act, and such fee shall be paid at the time application is made for registration.

(*b*) Fees for electric vehicles. In addition to the registration fee specified in subdivision (*a*) of this section, there shall be paid for the registration of every electric passenger motor vehicle a registration fee of ten dollars, and for the registration of every electric motor vehicle designed, used or maintained primarily for the transportation of passengers for hire, or for the transportation of property, there shall be paid fees according to the following schedule:

For each such vehicle weighing, when unladen, less than six thousand pounds	$50 00
For each such vehicle weighing, when unladen, six thousand pounds or more, but less than ten thousand pounds	$70 00
For each such vehicle weighing, when unladen, ten thousand pounds or more	$90 00

(*c*) The following registration fees in addition to the registration fee specified in subdivision (*a*) of this section shall be paid for the registration of vehicles, including trailers and semitrailers, designed, used or maintained primarily for the transportation of passengers for hire, or for the transportation of property, according to the following table, except that the fees specified in this subsection need not be paid for electric vehicles

When such vehicles are equipped wholly with pneumatic tires:

For each such vehicle weighing, when unladen, three thousand pounds or more, but less than six thousand pounds	$8 00
For each such vehicle weighing, when unladen, six thousand pounds or more, but less than ten thousand pounds and limited under the provisions of this act to a total weight, including vehicle and load, not exceeding twenty-two thousand pounds	$40 00
For each such vehicle weighing, when unladen, ten thousand pounds or more, and limited under the provisions of this act to a total weight, including vehicle and load, not exceeding twenty-two thousand pounds	$50 00
For each such vehicle weighing, when unladen, six thousand pounds or more, and entitled under the provisions of this act to a total weight, including vehicle and load, in excess of twenty-two thousand pounds	$70 00

Vehicles not equipped with pneumatic tires. When such vehicles are not equipped wholly with pneumat tires, there shall be paid in addition to the fees specified in subdivision (*a*) of this section fees according to the weight thereof unladen amounting to twice the fees set forth in the following table:

Provided, however, when such vehicles are operated wholly within the corporate limits of any single city or between cities where no portion of a state or county highway is traversed in the operation, the fees required under subdivisions (*b*) and (*c*) of this section shall be reduced to fifteen per cent less than the amount otherwise required under said subdivisions (*b*) or (*c*).

Fees for less than year. Upon registration issued after the beginning of the registration year, the fees required under subdivisions (*b*) and (*c*) of the section shall be reduced by one-twelfth for each month which shall have elapsed since the beginning of the registration year.

(*d*) If the license tax provided for by that certain act entitled "An act to regulate and license the business of producing, refining or distributing gasoline, distillate and other motor vehicle fuels, providing for the collection and disposition of license taxes, prescribing penalties for violation of the provisions of said act, and repealing all acts and parts of acts inconsistent herewith," heretofore adopted by the Legislature at its forty-fifth session is held by the supreme court of the State of California, or by the supreme court of the United States, to be unconstitutional, then beginning with the first year next succeeding the date upon which such decision becomes final there shall be paid upon and for the registration and reregistration of every motor vehicle with the division of motor vehicles, in addition to any other fees imposed by law, a registration fee of five dollars for every electric motor vehicle and for every other motor vehicle a fee amounting to the sum of forty cents for each horsepower or major fraction thereof of such motor vehicle and a proportionate amount thereof for the registration of such vehicle for a period of less than one year. The horsepower of any motor vehicle, except electric or steam driven motor vehicles, shall be determined by the formula commonly known as that of the Association of Licensed Automobile Manufacturers (A. L. A. M.) being as follows: Square the diameter of the cylinder in inches, multiply by the number of cylinders, and divide by two and

five-tenths, *provided*, that for the purpose hereof the horsepower of any steam driven motor vehicle shall be the horsepower rating fixed and advertised by the manufacturer thereof. In the event that the registration fees for electric motor vehicles and fees based on horsepower as hereinabove specified shall be collected, all such fees shall be paid into the motor vehicle fund of the State of California, and shall be distributed and used for such purposes as may be provided by law for the distribution and use of such motor vehicle fund, *and provided, further*, that in the event the provisions of this section, relative to registration fees, based upon horsepower rating, shall become effective the provisions of this section contained in subdivisions (*a*) and (*b*) shall be deemed to be superseded."

AMENDMENT NUMBER NINE.

On page 13 of the printed amended bill, strike out all of lines 3 to 9, both inclusive, and insert in lieu thereof the following: "*Provided*, that an operator's license fee shall be charged and collected upon an original application for such license only and not upon any application for renewal of any said license heretofore or hereafter issued."

ASSEMBLY JOINT RESOLUTION No. 17.

Relative to memorializing and petitioning Congress to enact legislation transferring certain oil lands in Kern County, California, from the jurisdiction of the Navy Department to the jurisdiction of the Department of the Interior.

WHEREAS, On September 27, 1909, by Presidential executive order of that date, certain lands in Kern County, California, were withdrawn from entry and, by Presidential executive order of September 2, 1912, Naval Petroleum Reserve No. 2 was created therefrom embracing originally 31,181 acres, of which 19,620 acres were or have been patented to private parties, and 9,991 acres have been leased to private parties for operation and are being operated under the provisions of the General Leasing Act of February 25, 1920 (c. 85, 41 stats. 450) and 570 acres remain unleased; and

WHEREAS, Section 35 of the said General Leasing Act provides that thirty-seven and one-half per cent (37½%) of all amounts derived by the Federal Government from bonuses, royalties and rentals on leased oil or gas lands or deposits within the public domain shall be paid, at stated intervals, by the Secretary of the Treasury to the state within the boundaries of which such leased lands or deposits are located, for the use by said state, or the subdivisions thereof, for the construction and maintenance of public roads or for the support of public schools or other public educational institutions, and that all moneys accruing to the Federal Government from bonuses, royalties and rentals from naval petroleum reserve lands shall be deposited in the United States Treasury as "miscellaneous receipts"; and

WHEREAS, Neither the State of California, nor Kern County, California, nor the Navy Department of the United States, receives any benefit from or part of the amounts derived by the Federal Government from bonuses, royalties or rentals on said lands within said Naval Petroleum Reserve No. 2; now, therefore, be it

Resolved by the Assembly and the Senate of the State of California, jointly, That the Legislature of the State of California earnestly memorializes and petitions Congress to enact legislation transferring the aforesaid lands now within Naval Petroleum Reserve No. 2 from the jurisdiction of the Navy Department to the public domain under the jurisdiction of the Department of the Interior; and, be it further

Resolved, That a copy of this joint resolution be transmitted to the President of the United States, to the Vice President of the United States, and to each member of the Senate and the House of Representatives of the United States.

ASSEMBLY CONCURRENT RESOLUTION No. 30.

Relative to the protection of wild vegetation.

WHEREAS, The abundance of wild trees, shrubs, plants and flowers growing in and upon the public and private lands, and more particularly in and upon the rights of way adjacent to the public highways of our State, is an asset of inestimable value; and

WHEREAS, Many of these trees, shrubs, plants and flowers are being destroyed by carelessness, thoughtlessness, and by those who gather and destroy such trees, shrubs, plants and flowers for commercial purposes; and

WHEREAS, Many of the species of wild vegetation in the State of California are rapidly becoming extinct and the loss thereof will be irreplaceable; now, therefore, be it

Resolved by the Assembly, the Senate concurring, That the Legislature of the State of California earnestly requests the citizens of our State to protect the wild vegetation growing upon the public and private lands of our State, to the end that the natural beauty of our landscapes will remain undiminished; and be it further

Resolved, That the parents and teachers of the children of this State be urged to impress upon the children the necessity and value of conserving to the greatest extent possible the natural abundance of wild plant life.

"SECTION 1. Section 3898*b* of the Political Code is hereby amended to read as follows:

3898*b*. (1) In the state treasury there is hereby created a fund to be known as the "Veterans' dependents' education fund." At the end of each fiscal year any balance remaining unencumbered in the tax land fund shall be transferred to the veterans' dependents' education fund, and all moneys that may be in the latter fund from time to time are hereby appropriated, without reference to fiscal years, to be expended in accordance with law by the veterans' welfare board in providing instruction, educational counsel, textbooks, quarters and other assistance for dependents of veterans, as herein defined.

(2) The word "veteran" as in this section used means and includes any person who was killed in action or died from other causes in the world war from April 6, 1917, to July 2, 1921, while serving in the army, navy or marine corps of the United States, and who entered the service of the army, navy or marine corps while a resident of the State of California.

The term "dependent of a veteran" as in this section used means and includes the child of a veteran as herein defined.

A dependent of a veteran applying for aid under the provisions hereof must be over sixteen and not more than twenty-one years of age and must have lived in the State of California for twelve months immediately preceding the date upon which the application is filed.

(3) A dependent of a veteran who desires to continue his education may apply to the veterans' welfare board, and if in the opinion of the board the educational needs of the applicant can be satisfactorily met in educational institutions in this state the board shall assume state wardship over the education of the applicant. The board shall have the power within its discretion to provide educational counsel for applicants, and where necessary to assist them in securing admission to suitable institutions of learning; *provided*, that private tuition schools shall be chosen only when suitable opportunity is not available in public or semipublic institutions.

The board shall also, within its discretion, and in so far as the fund may permit, have power to provide for the payment of transportation charges once each year from the home of the student to and from the institution of learning, for the payment of tuition and other fees if there be such, for the purchase of necessary books and supplies; for the monthly payment of an allowance to cover all or a part of the living expenses of the student in an amount which shall not exceed fifty dollars per month for each month during which the student is in actual attendance upon a day school, absence during the month on account of illness to be included as a part of such attendance.

The amount expended on account of any one applicant under the provisions of this section shall not exceed four hundred fifty dollars for any one year.

The board shall consider such applications in the order in which they are received, *however*, should the funds available be insufficient to meet the obligations, should it assume wardship over all worthy applicants, the board shall assume wardship over such applicants as are most urgently in need of further education."

Amendments adopted.

AMENDMENT NUMBER ONE.

Strike out the title of the printed bill, and insert in lieu thereof the following:
"An act to amend sections 1 and 2 of "The California irrigation district act," *relating to petitions.*"

AMENDMENT NUMBER TWO.

On page 1 of the printed bill, strike out lines 1 to 3, inclusive, and insert in lieu thereof the following:

"SECTION 1. Section 1 of chapter 189, statutes of 1897, entitled "California irrigation district act" as amended by is hereby amended to read as follows.

Section 1. A majority in number of the holders of title or evidence of title to lands susceptible of irrigation from a common source and by the same system of works, including pumping from subsurface or other waters, such holders of title or evidence of title representing a majority in value of said lands, may propose the organization of an irrigation district, under the provisions of this act.

The lands proposed to be included within any such irrigation district need not consist of contiguous parcels Any holder of land under a possessory right acquired by entry or purchase from the United States or the State of California shall be deemed to be a holder of evidence of title to said land within the meaning of this act. The county assessment roll of the county in which any lands included within such proposed irrigation district are situated, which assessment roll has been last equalized at the time of the first publication of said petition as provided in section 2 of this act, shall be conclusive evidence as to the value of said lands and the holders of title or evidence of title to said lands It any parcel of land is assessed on any assessment roll to unknown or fictitiously named owners, or to unnamed owners in addition to any owner or owners named thereon, said parcel of land shall be deemed, for any of the purposes of this act, to have but one owner in addition to any owner or owners whose true name or names may be purported to be given on such assessment roll The holder of title or evidence of title to an undivided interest in any land affected by any of the provisions of this act may sign any petition provided for in this act, and such undivided interest shall be counted and valued as though it were a separate interest, and if the assessment roll shall fail to indicate the extent of any such undivided interest, the holders of title or evidence of title whose undivided interests in any land are not specifically defined shall be deemed to have equal shares therein. Guardians, executors, administrators or other persons holding property in a trust capacity under appointment of court may sign any petition provided for in this act, when authorized by an order of court, which order may be made without notice. A certificate of acknowledgment taken before a notary public or justice of the peace of any state, or an affidavit by any person in the presence of whom such petition was signed, shall be sufficient evidence of the genuineness of such signature and of the fact of place of residence of any petitioners under this act.

SEC. 2. Section 2 of an act entitled "California irrigation district act" approved April 30, 1929, is hereby amended to read as follows.

Sec 2. In order to propose the organization of an irrigation district, a petition signed by the requisite majority of holders of title or evidence of title to lands within the proposed district, as provided in section 1 of this act, shall be presented to the board of supervisors of the county in which the lands within the proposed district, or the greater portion thereof, are situated Said petition shall set forth generally the boundaries of the proposed district and also shall state generally the source or sources (which may be in the alternative) from which said lands are proposed to be irrigated, and shall pray that the territory embraced within the boundaries of the proposed district may be organized as an irrigation district under the provisions of this act The petition may consist of any number of separate instruments, and must be accompanied with a good and sufficient undertaking, to be approved by the board of supervisors, in double the amount of the probable cost of organizing such district, conditioned that the sureties shall pay all of said costs in case said organization shall not be effected. Said petition shall be presented at a regular meeting of said board, and shall be published for at least two weeks before the time at which the same is to be presented in some newspaper of general circulation printed and published in the county where said petition is presented together with a notice stating the time of the meeting at which the same will be presented; and if any portion of the lands within said proposed district lie within another county or counties, then said petition and notice shall be published, as above provided, in a newspaper

published in each of said counties. When contained upon more than one instrument, one copy only of such petition need be published, but the names attached to all of said instruments must appear in such publication. On or before the day on which said petition is presented to said board of supervisors, a copy of said petition shall be filed in the office of the state engineer. Signatures to the petition may be withdrawn at any time before the publication is commenced as in this section required, by filing a declaration, signed by the petitioner, with the board of supervisors before which the petition is to be presented, stating that it is the intention of the petitioner to withdraw therefrom, which declaration shall be acknowledged in the same manner as conveyances of real estate are required to be acknowledged When said petition is presented, said board of supervisors shall hear the same and shall proceed to determine whether or not said petition complies with the requirements hereinbefore set forth and whether or not the notice required herein has been published as required, and must hear all competent and relevant testimony offered in support of or in opposition thereto. Said hearing may be adjourned from time to time for the determination of said facts, not exceeding two weeks in all No defect in the contents of the petition or in the title to or form of the notice or signatures, and no lack of signatures thereto, or to the petition as published, shall vitiate any proceedings thereon: *provided*, such petition or petitions have a sufficient number of qualified signatures attached thereto. The determination of the board shall be expressed by resolution. If it shall determine that any of the requirements herembefore set forth have not been complied with, the matter shall be dismissed, but without prejudice to the right of the proper number of persons to present a new petition covering the same matter or to present the same petition with additional signatures, if such additional signatures are necessary to comply with the requirements of this act. If the board of supervisors shall determine that the petitioners have complied with the requirements hereinbefore set forth, it shall cause a copy of the resolution so declaring to be forwarded to the state engineer. Upon receiving a copy of said resolution, the state engineer shall make or cause to be made such preliminary investigation as may be practicable, with a view to determining the feasibility of the project proposed to be undertaken He shall report as soon as practicable, but at all events within ninety days from the date of the adoption of the said resolution, in writing, on the matter to the board of supervisors from which the copy of said resolution was received, except that upon receiving a written request from the state engineer, the board of supervisors may at any meeting before the expiration of said ninety days grant to the state engineer not more than ninety days additional time in which to make said report If the state engineer shall report within the time specified herein that the supply of water available for the use of the proposed district, or that may be acquired by any practicable means, including the condemnation of existing rights, is not sufficient or that the project is not feasible for any other reason or reasons, the hearing of the matter shall be continued for not more than two months and shall then be dismissed unless the board of supervisors shall be petitioned in writing by three-fourths of the holders of title or evidence of title to land within said proposed district to grant said petition; *provided*, that if the board of supervisors is not so petitioned, it may modify the plans for the proposed district in accordance with recommendations by the state engineer If after receiving an adverse report from the state engineer the board of supervisors shall be petitioned as aforesaid or shall decide to modify the plans for the proposed district in accordance with recommendations by the state engineer, it shall, at the time to which the hearing of said matter shall have been continued, set a time for the final hearing thereof. If the continuance of the matter is not compelled by an adverse report as aforesaid, the board of supervisors, at its first regular meeting after the receipt of a report from the state engineer, or at the first regular meeting after the expiration of the time allowed for the making of such report if no such report has been received, shall set a time for a final hearing of the matter. In any case the time set for the final hearing as aforesaid shall not be less than one week from the meeting at which said time was set; *provided*, that notice of the time of such final hearing shall be given by registered mail to such party as shall have been designated for that purpose by the petitioners, or by publication for at least three days in one daily newspaper published in the county in which the lands within the proposed district, or the greater portion thereof are situated A failure to give such last mentioned notice, however, shall not affect the validity of subsequent proceedings On a final hearing herein provided for, the board may adjourn from time to time, but at no time for a longer period than three days until a determination of the matter is reached. On said final hearing said board shall make such changes in the proposed boundaries as it may deem advisable and shall define and establish such boundaries, but said board shall not modify said boundaries so as to exclude from such proposed district any territory which is susceptible of irrigation from any of the sources proposed, unless said board shall decide to modify the plan for such proposed district, as herein provided, nor shall any lands which will not, in the judgment of said board, be benefited by irrigation by means of said systems or works be included within such proposed district. Lands already irrigated and riparian lands may be included in the district if in the judgment of the board of supervisors such land will be benefited, or if the water used thereon or the rights to the use of water thereon should, in the judgment of the board of supervisors, be taken or acquired for

the district. Any person whose lands are susceptible of irrigation from any of the proposed sources may, upon his application, in the discretion of said board, have such lands included within said proposed district."

AMENDMENT NUMBER TWO

On page 1 of the printed bill, strike out lines 1 to 25, inclusive, also strike out pages 2 to 7, inclusive, and insert in lieu thereof the following:

"SECTION 1. The title of an act entitled "An act to provide for maintenance of county highways improved under bond issues in the counties of the state and empowering the boards of supervisors to levy taxes therefor," approved May 1, 1911, as amended, is hereby amended to read as follows

An act to provide for the improvement and maintenance of county highways improved under bond issues in the counties of the state and/or included in master

plans adopted by said counties under the provisions of law and empowering the boards of supervisors to levy taxes therefor.

SEC. 2. Section 1 of said act is hereby amended to read as follows:

Section 1. Whenever any county highway is improved under a county bond issue, which bond issue covers all property of the county, and is accepted by the board of supervisors, and/or whenever any county highway is included in a master plan adopted by said board of supervisors in accordance with the provisions of law and is further designated by said board as part of the county highway system, it becomes the duty of said board to provide for a continuous system of improvement and maintenance from the fund hereinafter created.

SEC. 3. Section 2 of said act is hereby amended to read as follows:

Sec. 2. The board of supervisors may annually, for each fiscal year, levy a tax of not to exceed ten cents for each one hundred dollars of value of taxable property of the county, for each one hundred miles or fraction thereof of highways described in section 1 of this act. This tax shall be collectible by the several officers charged with the collection of other county taxes in the same manner and at the same time as other county taxes are collected on all property; and the collection must be paid into the county treasury and by the county treasurer converted into a separate fund hereby created and known as the county highway improvement and maintenance fund. The money derived from such tax must be applied solely to the maintenance, or to the improvement or to the further improvement of county highways described in section 1 of this act. Such improvement may include acquisition of rights of way.

SEC. 4. Section 3 of said act is hereby amended to read as follows:

Sec. 3. The board of supervisors must expend money from the county highway improvement and maintenance fund for the maintenance, improvement or further improvement of highways described in section 1 of this act, on a continuous basis of repair, and the highways shall be improved and maintained uninterruptedly after their acceptance or inclusion in the county highway system."

COMMITTEE AMENDMENTS.

During second reading of the bill, the following amendments were submitted by the committee:

AMENDMENT NUMBER ONE

Strike out all of the title of the printed bill, and insert in lieu thereof the following:

"An act regulating the practice of structural pests control, creating a state board therefor, prescribing its duties and powers, to provide for the examination of qualified applicants, licensing thereof and providing penalties for violations thereof."

AMENDMENT NUMBER TWO.

On page 1, line 1, of the printed bill, after "SECTION 1.", insert the following: "Within ninety days after the passage of this act, the governor shall appoint three persons at least two of whom shall be competent and skilled structural pests control operators, who shall have been in practice as such in this state for not less than one year, to constitute and serve as a state board of structural pests control. The board hereby created is to be under the jurisdiction of the department of professional and vocational standards. The members of such board shall, within thirty days after their appointment take and subscribe to the oath of office as prescribed by the Political Code and file the same with the secretary of state. Except as herein provided, the term of office of such members shall be four years and they shall hold office until the appointment and qualification of their successors. The terms of office of the three members first appointed shall expire on January 15, 1933, January 15, 1934, and January 15, 1935, respectively Vacancies shall be filled by appointment by the governor for the unexpired term. The governor shall have power to remove from office at any time, any member appointed by him, for continued neglect of duties required by law, or for incompetency, unprofessional or dishonorable conduct.

SEC 2 The members of the board shall annually elect from their number a president, and shall, subject to the approval of the director of the department of professional and vocational standards, appoint a secretary who shall not be a member of the board The compensation of the secretary shall be fixed by the board, subject to the approval of the director of the department of professional and vocational standards, and shall be paid out of the funds received by the board, and no part of such compensation shall be paid by the state.

SEC. 3. In accordance with civil service regulations, the board shall prescribe the duties of its officers and such assistants as may be necessary to carry out the provisions of this act, including a secretary, a stenographer and investigators, whose compensation with the approval of the department of finance shall be fixed by and who shall hold office at the pleasure of the director of the department of professional and vocational standards Said board, subject to the approval of said director, shall establish a principal office and branch offices at such places in the state as may be deemed necessary, at which principal office all records and files of the board shall be kept; which records and files shall, at all reasonable hours, be open to public inspection. The board shall also adopt a seal.

SEC. 4. Structural pests are defined for the purpose of this act as termites, other wood-boring insects, or any kind of fungus growth or plant growth which causes wood decay in structures or buildings. The practice of structural pests

control is hereby to be the inspection or treatment or prescribing any method of treatment for compensation of soil, lumber, poles, structures, buildings, or parts thereof, for the purpose of preventing damage by structural pests or for the purpose of repairing damage done by structural pests.

SEC. 5. It is unlawful for any person, firm or corporation to engage in or offer to engage in the practice of structural pests control or in any way to solicit or advertise such practice without having first obtained a license from the state board of structural pests control examiners as provided for in this act.

SEC. 6. The members of the board shall serve without salary, but shall receive their actual and necessary traveling expenses incurred in the performance of their duties as members of the board. The board shall upon application, made as hereinafter provided, by examination determine the qualifications of the applicant, and if satisfied as a result of such examination that the applicant is qualified to engage in the practice of structural pests control, shall issue a license so stating, which license shall be authorization to engage in the practice of structural pests control, and shall be valid until the end of the fiscal year in which same is issued, unless revoked as provided for in section 7 of this act, and such license shall be renewed annually by the board without further examination.

SEC. 7. In order to qualify for a license as a structural pests control operator, the applicant must be over twenty-one years of age, must have proof of at least one year's work previous to application. The application must be in writing on a form provided by and addressed to said board, and must be accompanied by a fee of ten dollars. Each registered structural pests control operator shall annually between the first day of June and the first day of July of each year pay to the director of the department of professional and vocational standards, Sacramento, California, a fee of five dollars for a renewal of his license and shall keep such license conspicuously posted in his office or place of business at all times. Failure, neglect, or refusal of any person who is a regularly licensed structural pests control operator to pay in advance on or before the first day of July of each year said license fee of five dollars during the time his license remains in force shall ipso facto work a forfeiture of his license, and shall not be restored except upon a written application therefor and the payment to said board of the sum of ten dollars, in addition to all delinquent annual license fees, except that such person shall not be required to submit to any examination.

SEC. 8. Every person, firm, or corporation, holding a license to engage in the practice of structural pests control shall on or before the tenth of each month forward to the board of structural pests control on forms supplied by said board, a report of all operations for the next preceding month showing the location and owner of each property treated, treatment recommended, the chemicals used, concentration and quantities thereof, the nature of the damage, the method of treatment and the charges made

SEC. 9. The director of the department of professional and vocational standards and his duly authorized inspectors are hereby vested with full power to investigate the work of all persons, firms, and corporations engaging in the practice of structural pests control and to require reports relative to the work in which they are engaged under the authority of the license issued them by the board of examiners in structural pests control. Said director and his duly authorized inspectors are empowered to enter premises, buildings, structures, either completed or in the course of construction for the purpose of determining whether or not persons who hold licenses to engage in the practice of structural pests control are engaging in this practice in a suitable manner.

SEC. 10. All moneys received by the board under this act shall be paid to the secretary of the board who shall give a receipt for the same and shall at the end of each month report to the state controller the total amount of money received by him on behalf of the board of all sources and shall at the same time deposit with the state treasurer the entire amount of such receipt and the state treasurer shall place the money so received in a special fund to be known as the "State board of structural pests control fund", which fund is hereby created Such fund shall be expended in accordance with law and all necessary and proper expenses in carrying out the provisions of this act

SEC. 11. There shall be paid by every person, firm, or corporation holding a license to engage in the practice of structural pests control to the department of professional and vocational standards every month, fees in the amount of one per cent of the charges reported by them on the monthly reports submitted to said department and as required by this act

SEC 12. Any person, firm, or corporation violating any of the provisions of this act shall be guilty of a misdemeanor"

Amendments adopted.

Assembly Bill No. 1353—An act prescribing certain regulations for the protection of the State, and the counties, cities and towns thereof, from the burdens and evils arising from the presence of aliens who are or may become vagrants, paupers, mendicants, criminals, or invalids afflicted with contagious or infectious diseases, and from aliens otherwise dangerous or detrimental to the well being or peace of the State, and to impose conditions upon which such persons may reside in the State, and to provide means and modes of their removal from this State, upon failure or refusal to comply with such conditions.

COMMITTEE AMENDMENTS.

During second reading of the bill, the following amendments were submitted by the committee:

AMENDMENT NUMBER ONE.

Strike out the title of the printed bill, and insert in lieu thereof the following:

"An act relating to alien vagrants, paupers, mendicants, criminals, and invalids afflicted with contagious or infectious diseases, prescribing a procedure for ascertaining who are such aliens, and providing a method for removing them from this state"

AMENDMENT NUMBER TWO.

On page 1 of the printed bill, strike out line 1, and insert in lieu thereof the following:

"SECTION 1. Any alien vagrant, pauper, mendicant, criminal or invalid afflicted with contagious or infectious disease, may be deported from this state in accordance with and under the provisions of this act.

SEC. 2. As used in this act the following terms shall be construed to mean and include the matters herein stated:

"Vagrant" shall mean a person guilty of the acts denounced in section 647 of the Penal Code;

"Pauper" shall mean a person who continuously for a period of three successive calendar months is a public charge for reasons other than injuries resulting in a loss of earning ability sustained accidentally and not in personal quarrel or conflict.

"Mendicant" shall mean any person who, within one month of the commencement of proceedings under this act, solicits alms or personal assistance on a public street or highway, or on premises open to the public, except where such solicitation is in behalf of an organization or agency devoted to social, political or economic betterment.

"Afflicted with a contagious or infectious disease" shall be construed to include persons afflicted with the following diseases and no others: syphilis, gonorrhea, chancroid, or any other venereal disease, tuberculosis, leprosy, ophthalmia and trachoma.

"Criminal" shall mean any person convicted in this state of a crime defined as a felony by the law under which the conviction is had, and any person a third time convicted in this state of crimes defined as misdemeanors by the laws under which the convictions are had.

"Alien" shall mean any person who is neither a citizen of the United States of America nor a noncitizen national owing allegiance thereto; except as to a charge of affliction with a contagious or infectious disease, in which case, in addition to the meanings above given, it shall also mean a person who has not filed a declaration of intention to become a citizen in compliance with the provisions of law relating to such declaration.

SEC. 3. The district attorney or any resident of a county may file a verified petition in the superior court charging that a person or persons named therein and residing in the county for thirty consecutive days preceding the filing thereof, is a vagrant, pauper, mendicant, criminal, or invalid afflicted with a contagious or infectious disease, and that such person is an alien, and reciting the facts upon which such statements, other than the statement of alienage, are based.

Thereupon the court shall issue an order to the person therein named, to appear before such court at a specified time, then and there to show cause why he should not be deported as an alien vagrant, pauper, mendicant, criminal, or invalid afflicted with a contagious or infectious disease, as the case may be. Such time shall be not less than thirty-five nor more than sixty days from and after the date of issue of the order.

SEC. 4. A copy of such order, attached to a copy of the petition on which it is issued, shall be served within thirty days from and after the issue thereof upon the person therein named in the same manner as a summons in civil actions.

SEC. 5. On the date named in the order, the person served shall appear and, except as the court may from time to time for good cause shown continue the hearing, shall, orally or in writing, admit or deny the correctness of the statements in the

petition or may in writing specify the statements admitted and the statements denied, or may file a written statement of facts which make the provisions of this act inapplicable to him. Thereupon the court shall set a date for hearing the petition.

SEC. 6. Failure of the person served to appear for hearing on the date set in the order to show cause shall constitute as to him an admission of the truth of the statements in the petition, and an order of deportation as provided herein shall be entered accordingly; but at any time within sixty days thereafter the person charged may appear and move to vacate the order pending hearing and to set a date for hearing the petition. The court must thereupon vacate the order and set a date for hearing the petition.

SEC. 7. On the date set, the court shall hear the facts put at issue by such oral or written denials, admissions or statements. Such hearing may be continued from time to time for good cause shown by the person charged, but shall not be continued on application of the district attorney except with the consent of the person charged.

SEC. 8. The law relating to the rules of evidence in criminal cases, and the rules of the Penal Code relating to pleading, practice and trials, so far as applicable, shall apply to such hearing, but the charge or charges may be proved by a preponderance of evidence. In any proceeding under this act, if the fact of alienage is charged in the petition, and other facts tending to prove the causes for deportation other than alienage are admitted in evidence, the burden of proving that he is a citizen or national shall be upon the person charged. The person charged shall be entitled to advice and representation by counsel and may, at any time prior to the date of hearing demand that the facts thus at issue be heard by a jury.

SEC. 9. Such jury shall be selected in accordance with the law regulating the selection of juries in criminal cases. At the conclusion of the hearing and in accordance with the evidence adduced the court shall find, or, if the hearing is by jury, then the jury shall bring in a verdict that the person charged is, or is not, an alien vagrant, pauper, mendicant, criminal or invalid afflicted with a contagious or infectious disease. Such verdict shall be arrived at and shall be governed by the law relating to verdicts of juries in civil cases.

SEC. 10. The law governing costs in and appeals in criminal cases tried in the superior court shall govern costs in and appeals from hearings under this act.

SEC. 11. If the court shall find, or if the verdict of the jury is, that the person charged is an alien vagrant, pauper, mendicant, criminal, or invalid afflicted with a contagious or infectious disease, the court shall order that such person be deported to the country of his origin, or, if such person so elects, to the country from whence he emigrated to the United States of America. The expense of such deportation shall be paid in like manner as the expense of extradition from another state or a foreign country of a person charged with the commission of a crime in this state, when such person is not arraigned or placed on trial

SEC. 12. Immediately upon the issue of the order of deportation, the person to be deported shall be taken into custody and held until the order becomes final and thereafter shall be deported as prescribed in the order. In the discretion of the court he may be released from such custody upon deposit or filing of proper bail by cash deposit or bond in an amount not less than five thousand dollars, to be settled by the court. The law relating to bail, pending, and during appeal after, conviction of an offense shall apply to such bail pending and during appeal from such order of deportation.

SEC. 13 It shall be a felony, punishable with imprisonment in the state prison for five years, for a person deported under the provisions of this act, to thereafter reenter this state. Whenever a person is convicted of the offense defined in this section, at the time of sentence the court shall order the deportation of such person upon release after serving his sentence and such order shall be executed in the same manner as deportation after the hearing prescribed in this act

SEC. 14. Whenever any person is convicted of an offense which constitutes cause for deportation under the provisions of this act; upon such conviction, the court may delay imposition of sentence until proceedings under this act have been commenced and terminated. In such case the petition must be filed and the order to show cause served within five days of conviction, and the date of hearing must be set within ten days thereafter.

SEC. 15. In such proceeding, upon finding or verdict authorizing an order of deportation under this act, such order shall be made at the time of imposition of sentence, to take effect upon release of such person after serving the sentence imposed."
