6 The committee recommends that the Home employ at the executive level an individual with a medical background skilled in rehabilitation practices, the committee does not recommend that the Chief Administrator of the Home be a medical man, recognizing that competent and proper administrators can be obtained without requiring a medical background, the committee, however, does not recommend that a medical doctor be disqualified from such administrative post

**Interim Committee Study**

7 The committee recommends that a system of charges for care, support, maintenance, medical attention and the subject of liens on estates be referred to the Committee on Military and Veterans Affairs for interim study

**Abolish Quasi-Military Administration—But With Military Atmosphere**

8 The committee recommends that the quasi-military administration of the Home, including the officer status and privileges of rank, be abolished, however, the committee determined that the military atmosphere at the Home with respect to the members themselves had not been the subject of any complaint from the members The committee determined that the military atmosphere, with the exception of military titles traditional with the facility, be maintained by the Veterans Board so far as is reasonably practicable

**Reorganization Within Budget**

9 The committee further recommends that no major reorganization of the Home involving budget considerations be undertaken without a detailed budget analysis of the changes to be effected, which changes could be submitted to the legislative budget session in 1962

**Court-martial Modification**

10 The committee recommends that the present court-martial system of determining punishment for rules infractions by members be discon-

tinued and that the Veterans Board might well consider the feasibility of a member court system in place thereof

**Co-operation of Veterans' Organizations**

11 The committee recommends that the Home administration continue to ally itself with veterans' organizations, having in mind the substantial, valuable, fine service that these organizations have contributed to the Veterans Home in past years

**Home Pharmacy Policy**

12 The committee recommends that a new policy be established for the Home pharmacy such that all prescriptions so far as practicable be filled from this dispensary

**Post Exchange Fund Policy**

13 The committee recommends that the Veterans Board review the most pragmatic use of post exchange funds considering rehabilitation, unmet expenses of members, and unsatisfied general budget requests, having in mind that the post exchange fund has on hand approximately $200,000 at the present time

**Taxi Service Extension**

14 The committee recommends that taxi service, long a problem of discontent at the Home, be improved such that there be no discrimination against members in favor of civil service employees with respect to the use of taxi service, and it was further agreed that the taxis at the Home should reasonably have the free use of the grounds

**Residence Maintained**

15 The committee recommends that the California residence requirement of 10 years as a qualification for membership at the Home be maintained

**Exercise Pool Expansion With Physiatrist Service**

16 The committee recommends that more active use be made of the exercise pool located at the facility hospital and further recommends that every craft and rehabilitation activity at the Home receive substantial stimulation from the administration, in this respect, the committee recommends the employment of a number of full-time physiatrists, by special contract, if necessary

**Modify Discharge Procedures**

17 The committee recommends that discharge procedures be substantially modified at the Home to comply generally with the procedures as set up at the Veterans Administration Center in Los Angeles The committee recommends that patients not be discharged merely because of alcoholism, that an Alcoholics Anonymous group be created at the Home and encouraged in its activities by the administration

**Conversion of Domiciliary Barracks**

18 The committee recommends with respect to maintenance of full occupancy at the Home that one of the domiciliary barracks buildings be converted to an intermediate care building such that the same could

be used for veteran stroke victims who are unable at the present time to obtain adequate care The intermediate care facility would be integrated closely with the hospital

**Tavern Operation**

19. The committee recommends that the hours of operation of the tavern should be shortened and the morning operation discontinued.

**Civil Service Employee Review**

20 The committee recommends a critical examination should be made of all civil service employees to determine whether they are performing essential service, having in mind the best interests of the veterans

**Report Recommendations Exclusive**

21. The committee specifically refrained from making any further observations with respect to those certain reports described as follows:

a) The Care and Treatment of Veterans at the California Veterans Home by Allan Wilson

b) Management Survey for the Department of Finance, Care and Treatment of Disabled Veterans in California Survey No. 1126

**Domiciliary Medical Staff Expansion**

22 The committee finally determined that it would be to the interests of the members if a medical doctor were actually stationed on each domiciliary ward with a medical staff There was a suggestion by the director and the director's advisor, Dr. E L Lochen, that this medical doctor could be provided to the domiciliary units from the existing hospital staff without reduction in the service which was currently being rendered at the hospital It was the opinion of the members of the Rules Committee that if this were in fact true that the hospital did have a surplus medical staff that it would be to the best interests of the veterans that this surplus medical staff be apportioned to the domiciliary units The committee pointed out, however, that this modification of program should not involve any additional budget expenditure.

The committee concluded its investigation by commending all of the persons connected with the investigation for their co-operation and fine service which each had rendered, having in mind the best interests of the veterans of the State of California.

## OPINION OF LEGISLATIVE COUNSEL

STATE OF CALIFORNIA
OFFICE OF LEGISLATIVE COUNSEL
SACRAMENTO, June 16, 1961

*Hon. Edward E. Elliott*
*Assembly Chamber*

**Assembly Bill No. 101. Discrimination in the Sale, Lease or Rental of Redevelopment or Urban Renewal Property—No. 20679**

*Question*

DEAR MR. ELLIOTT: You have directed our attention to Assembly Bill No. 101 which, generally speaking, relates to property included in redevelopment or urban renewal projects under the Community Redevel-

opment Law It requires agencies engaged in redevelopment and urban renewal projects, and persons holding property through such projects, to include in deeds, leases and contracts executed in connection with such property, covenants and conditions against discrimination on account of race, color, creed, national origin or ancestry More particularly, you direct our attention to the amendments of June 8, 1961, deleting a provision which authorized the agency or any injured person to bring an action to restrain the breach of the covenants and conditions and to recover damages

You ask if the deletion of these enforcement provisions would be construed by the courts as prohibiting all actions to enforce the conditions and covenants

*Opinion*

No

*Analysis*

The construction suggested by the question, by precluding enforcement of the required conditions and covenants, would, in effect, render the measure a nullity

It is well established that the interpretation of statutes must be reasonable, and lean strongly to avoid absurd consequences and even great inconvenience, and it is to be presumed that the Legislature intended to impart to its enactments such a meaning as would render them operative and effective (*People* v *Curry* (1900), 130 Cal 82, 94)

It follows, in our opinion, that the courts would not construe the amendments as evidence of legislative intent that the contracts and covenants be unenforceable Rather, we believe that the courts would construe the absence of any specific enforcement provisions in the measure as reflecting the intent of the Legislature that such covenants and conditions be enforced under the general rules of law and equity relating to the enforcement of covenants and conditions in deeds, leases and contracts

Very truly yours,

RALPH N KLEPS, Legislative Counsel
By SHERWIN C MCKENZIE, JR, Deputy

SEC. 23. Section 18004 of said code is amended to read:

18004 The Superintendent of Public Instruction shall allow, for each period referred to above, to each school district which was not in existence for all purposes during the preceding fiscal year an amount which shall be computed as follows.

The average daily attendance ~~in the regular day schools~~ of the district during the period in the then current fiscal year shall be computed in the manner prescribed in Sections 11251 to 11255, inclusive, and Sections 11301 to 11652, inclusive, except that the computation of a day of attendance shall be determined according to the law in effect during the preceding fiscal year *and there shall be excluded the average daily attendance of adults, as adults are defined in Section 6352, and the average daily attendance in classes for inmates of any state institution for adults, or of any city, county, or city and county jail, road camp or farm for adults.*

The Superintendent of Public Instruction shall allow to each such district for each unit of average daily attendance so computed for the first period of the then current fiscal year an amount determined by dividing the total of the amounts of ~~basic state aid and state equalization~~ aid which would have been apportioned to such district during the current fiscal year on account of such average daily attendance had the district been in existence for all purposes during the preceding fiscal year, *had the computation been made by subtracting the district aid from the foundation program,* and had the tax required to be levied for such district under Section 17905 or 17906, or 17905.1 or 17906.1, whichever are in effect, been levied, by such average daily attendance multiplied by the ratio of days the regular day schools of the district were maintained during said period of the then current fiscal year to 175

The Superintendent of Public Instruction shall allow to each such district for each unit of average daily attendance so computed for the second period of the then current fiscal year an amount determined by dividing the amounts of ~~basic state aid and state equalization~~ aid which would have been apportioned to such district during the current fiscal year on account of such average daily attendance had the district been in existence for all purposes during the preceding fiscal year, *had the computation been made by subtracting the district aid from the foundation program,* and had the tax required to be levied for such district under Section 17905 or 17906, or 17905.1 or 17906.1, whichever are in effect, been levied, by such average daily attendance multiplied by the ratio of the difference between 175 and the days the regular day schools of the district were maintained during the first period of the then current fiscal year to 175

In making any computation under Section 17702 or 17702.1, whichever is in effect, for the purposes of this section, the assessed valuation of the district for the current year shall be used

SEC. 24. Section 18007 of said code is amended to read:

18007. If the total amount which may be allowed to all districts under subdivision (b) of Section 18001 for the first period during any fiscal year is less than the total amount allowed to all districts for the first period under this article (commencing at Section 18001), the amounts allowed shall be ~~reduced proportionately~~ *successively recomputed by adding one-tenth of one cent ($0.001) to the district aid computational tax rate prescribed for use in making the computation for the then current fiscal year by Article 3 (commencing with Section 17701), or Article 7 (commencing with Section 17901), of this chapter, whichever is applicable, until there is no deficit*

SEC. 25. Section 18008 of said code is amended to read:

18008. In making such reductions, the Superintendent of Public Instruction may adjust apportionments of the amounts allowable, and shall take any other actions he deems necessary with respect to apportionments of the allowances, to insure that each district receives an equal amount during the fiscal year per pupil instructed in automobile driver training and per vehicle or simulator replaced."

### House Resolution No. 474

Relating to aid for heat stricken agriculture

WHEREAS, The unprecedented heat wave of the last few days has seared thousands of acres of California and has particularly caused loss to chickens, turkeys, rabbits, boysenberries, cherries, pears, grapes, apricots and apples, and

WHEREAS, The estimated loss in chickens and turkeys may well be over 300,000 birds, which will seriously endanger the economic stability of this vital segment of our agricultural economy; and

WHEREAS, Preliminary reports Thursday night indicated losses from this heat wave may well exceed $1,000,000, including $800,000 to boysenberry producers, and

WHEREAS, In Santa Clara County alone over 200,000 chickens and turkeys were lost, and 100,000 egg-producing birds in Sonoma County were killed with a probable loss of $100,000; now, therefore, be it

*Resolved by the Assembly of the State of California*, That the Governor is requested to review the extent of the losses caused to the agricultural areas of this State as a result of these conditions and to consider the advisability of declaring such areas disaster areas eligible for federal aid, and the advisability of providing funds or any other relief which can possibly be made available to this hard hit segment of California's agriculture; and be it further

*Resolved*, That the Chief Clerk of the Assembly is directed to transmit a suitably prepared copy of this resolution to the Governor

"SEC 2 Section 821 of said code as proposed to be amended by Senate Bill No 1208 of the 1961 Regular Session is amended to read

821 If the offense charged is a felony, the officer making the arrest must take the defendant before the magistrate who issued the warrant, or some other magistrate of the same county; ~~as provided in Section 824~~.

If the defendant is arrested in another county, the officer must, ~~upon being required by the defendant~~ *unless otherwise permitted by this section*, take him before a magistrate in that county, who must admit him to bail in the amount specified in the endorsement referred to in Section 815a; ~~and~~ *or shall fix bail as otherwise provided by law or shall refuse to set bail, if such refusal is so authorized If bail is fixed, the magistrate shall then* direct the defendant to appear before the court or magistrate by whom the warrant was issued on or before a day certain which shall in no case be more than 10 days after such admittance to bail If bail be forthwith given, the magistrate shall take the same and endorse thereon a memorandum of the aforesaid order for the appearance of the defendant *However, instead of taking the defendant to a magistrate in the county in which the defendant is arrested, the officer making the arrest may explain to the defendant the above provisions of this paragraph and, in such case, shall then inquire of the defendant whether the defendant wishes to be taken instead to a magistrate in the county in which the offense is alleged to have been committed If the defendant elects to be taken to the latter county, the officer may then take the defendant before a magistrate of such county.*

~~If the warrant on which the defendant is arrested in another county does not have bail set thereon~~ *If the magistrate refuses to fix bail as*

*provided above in this section*, or if the defendant arrested in another county ~~does not require the arresting officer to take him before a magistrate in that county~~ *voluntarily waives his right to be taken before a magistrate in the county in which the arrest is made* for the purpose of being admitted to bail, or if such defendant, after being admitted to bail, does not forthwith give bail, the arresting officer shall immediately notify the law enforcement agency requesting the arrest in the county in which the warrant was issued that such defendant is in custody, and thereafter such law enforcement agency shall take custody of such defendant ~~within five days~~ *without undue delay, and, in any event, within five days,* in the county in which he was arrested and shall take such defendant before the magistrate who issued the warrant, or before some other magistrate of the same county

SEC 3 Section 2 of this act shall become operative only if Section 821 of the Penal Code as proposed to be amended by Senate Bill No 1208 is amended by the Legislature at its 1961 Regular Session and in such case at the same time as Senate Bill No 1208 takes effect; at which time Section 1 of this act is repealed "

*Resolved by the Assembly, the Senate concurring*, That the Legislature of the State of California at its 1961 Regular Session commencing on the second day of January, 1961, two-thirds of the members elected to each of the two houses of the

Legislature voting therefor, hereby proposes to the people of the State of California that the Constitution of the State be amended as follows.

First—That Section 1 of Article XVI be amended to read

SECTION 1. The Legislature shall not, in any manner create any debt or debts, liability or liabilities, which shall, singly or in the aggregate with any previous debts or liabilities, exceed the sum of three hundred thousand dollars ($300,000), except in case of war to repel invasion or suppress insurrection, unless the same shall be authorized by law for some single object or work to be distinctly specified therein which law shall provide ways and means, exclusive of loans, for the payment of the interest of such debt or liability as it falls due, and also to pay and discharge the principal of such debt or liability within 50 years of the time of the contracting thereof, and shall be irrepealable until the principal and interest thereon shall be paid and discharged, and such law may make provision for a sinking fund to pay the principal of such debt or liability to commence at a time after the incurring of such debt or liability of not more than a period of one-fourth of the time of maturity of such debt or liability; but no such law shall take effect unless it has been passed by a two-thirds vote of all the members elected to each house of the Legislature and until, at a general election or at a direct primary, it shall have been submitted to the people and shall have received a majority of all the votes cast for and against it at such election, and all moneys raised by authority of such law shall be applied only to the specific object therein stated or to the payment of the debt thereby created. Full publicity as to matters to be voted upon by the people is afforded by the setting out of the complete text of the proposed laws, together with the arguments for and against them, in the ballot pamphlet mailed to each elector preceding the election at which they are submitted, and the only requirement for publication of such law shall be that it be set out at length in ballot pamphlets which the Secretary of State shall cause to be printed. The Legislature may, at any time after the approval of such law by the people, reduce the amount of the indebtedness authorized by the law to an amount not less than the amount contracted at the time of the reduction, or it may repeal the law if no debt shall have been contracted in pursuance thereof.

Notwithstanding any other provision of this Constitution, Members of the Legislature who are required to meet with the State Allocation Board shall have equal rights and duties with the nonlegislative members to vote and act upon matters pending or coming before such board for the allocation and apportionment of funds to school districts for school construction purposes or purposes related thereto.

Second—That the sections of the Constitution enumerated in subdivision (c) of Section 2 of Article XVI, as added by this amendment, are repealed as provided in said section.

Third—That a new Section 2 is added to Article XVI, to read

SEC. 2. (a) No amendment to this Constitution which provides for the preparation, issuance and sale of bonds of the State of California shall hereafter be submitted to the electors, nor shall any such amendment to the Constitution hereafter submitted to or approved by the electors become effective for any purpose.

Each measure providing for the preparation, issuance and sale of bonds of the State of California shall hereafter be submitted to the electors in the form of a bond act or statute.

(b) The provisions of this Constitution enumerated in subdivision (c) of this section are repealed and such provisions are continued as statutes which have been approved, adopted, legalized, ratified, validated, and made fully and completely effective, by means of the adoption by the electorate of a ratifying constitutional amendment, except that the Legislature, in addition to whatever powers it possessed under such provisions, may amend or repeal such provisions when the bonds issued thereunder have been fully retired and when no rights thereunder will be damaged.

(c) The enumerated provisions of this Constitution are Article XVI, Sections 2, 3, 4, 4½, 5, 6, 8, 8½, 15, 16, 16.5, 17, 18, 19, 19.5, 20 and 21.

*Resolved by the Senate, the Assembly concurring,* That the Legislature of the State of California at its 1961 Regular Session commencing on the second day of January, 1961, two-thirds of the members elected to each of the two houses of the Legislature voting therefor, hereby proposes to the people of the State of California that the Constitution of the State be amended by adding Article XXXV thereto, to read

## ARTICLE XXXV

### HOUSING FOR THE AGED AND THE PHYSICALLY HANDICAPPED

SECTION 1. Bonds of the State of California shall be prepared, issued, and sold in the amount of one hundred million dollars ($100,000,000), in such denominations, to be numbered, to bear such dates, and to bear such rate of interest as shall be determined by the Legislature.

The proceeds of such bonds shall be used

(a) Subject to such legislation as the Legislature may, from time to time, enact, to provide aid to elderly persons of low income and to physically handicapped persons of low income, or to either class of persons of low income, as defined by law, in the form of loans for use in constructing, acquiring or developing low-rent housing for such persons of low income.

(b) To pay the expenses that may be incurred in preparing, advertising, issuing, and selling the bonds, and in administering and directing the expenditure of the moneys realized from the sale of such bonds.

The issuance, signing, countersigning, endorsing, and selling of the bonds herein provided for, and the interest coupons thereon, the place and method of payment of principal and interest thereon, the procedure for initiating, advertising and holding sales thereof, and the performance by the state agencies and state officers of their respective duties in connection therewith, and all other provisions, terms, and conditions relating to the bonds, shall be as provided by the Legislature.

The Legislature may appropriate money to be expended in addition to or in lieu of the money received from the sale of the bonds sold under the authority of this section. The money so appropriated shall be expended pursuant to subdivision (a) of this section. If the Legislature appropriates money in lieu of the money received from the sale of the bonds, the total amount of bonds required to be sold pursuant to this section shall be reduced by the amount so appropriated.

The Legislature shall pass all laws, general or special, necessary or convenient to carry into effect the provisions of this article. Such laws may provide for the loan of funds to private corporations and public agencies for the purposes of this article.

The Legislature shall require each private corporation or public agency receiving a loan of money from the sale of bonds pursuant to this section for the purposes prescribed in subdivision (a) of this section to repay such money to the State on such terms as may be prescribed by the Legislature.

The people of the State of California in adopting this section hereby declare that it is in the interests of the State and of the people thereof for the State to aid elderly persons of low income and physically handicapped persons of low income in providing necessary and adequate housing for such persons who cannot afford adequate, safe, and sanitary housing available in the various communities and areas of the State.

SEC. 2. The issuance and sale of bonds of the State of California and the use and disposition of the proceeds of the sale of said bonds, all as provided in the Housing for the Elderly Law enacted at the 1961 Regular Session of the Legislature authorizing the issuance and sale of bonds for the purpose of providing funds to be used and disbursed for loans for the construction of low-rent housing for elderly persons of low income, is hereby authorized and directed, and the Housing for the Elderly Law enacted at the 1961 Regular Session of the Legislature is hereby approved, adopted, legalized, validated and made fully and completely effective. All provisions of this section shall be self-executing and shall not require any legislative action in furtherance thereof but this shall not prevent such legislative action.

SEC. 3. There is hereby appropriated from the funds and sources referred to in the Housing for the Elderly Law enacted at the 1961 Regular Session of the Legislature, the amounts of money designated therein for the purposes specified therein.

SEC. 4. Neither Article XXXIV nor any other provision of this Constitution shall be a limitation upon the provisions of this article.

### PRAYER

The following prayer was offered by the Chaplain, Rev. Richard C. Dwyer:

*Almighty God*, Who in the plan of Divine Providence has deigned that man is to complete the work of Thy creation by his physical labor and thereby provide for his physical needs, grant us the wisdom to so arrange our society that each may be given the opportunity to do his share. The chance to work, and through that work provide for the human needs of himself and his family is denied to many. Certainly

we do not lack the materials, the natural resources to give each a livelihood and the means to attain it. Enlighten our minds and direct our wills that we may do everything within our power to make available through honest work the goods of Thy creation to all. Let us remember in our prayers the wife of our Sergeant at Arms who this morning is undergoing an operation May God watch over her with His loving care and grant success to those who work for her welfare, and to her, health and well-being. Through Christ Our Lord —AMEN

### PRAYER

The following prayer was offered by the Chaplain, Rev. Richard C. Dwyer·

*Lord Jesus Christ,* Who didst say unto Thine Apostles "Peace I leave with you, My peace I give unto you, not as the world giveth, do I give unto you," regard not our sins but Thy merits, and grant unto all Thy servants, that they whom the Almighty Father hath created and governs, and whom Thou hast redeemed with Thy

Precious Blood and has ordained unto everlasting life, may love one another with all their hearts and rejoice in perpetual peace. Give to the leaders of nations, to constituted lawmakers, to all public servants the knowledge and will to cherish what is right and just that all men may learn to live in mercy and justice and charity and thereby bring about that tranquility of order that is agreeable to Thy holy will. Through Christ, Our Lord —AMEN.

### PRAYER

The following prayer was offered by the Chaplain, Rev. Richard C. Dwyer

*Bless Us O Lord,* On this glorious Feast of St Patrick, the Apostle of Ireland Give unto us some portion of his zeal in Thy service and make plain to us the reasons for his great success Give us that happy spirit and beautiful faith which

has been the heritage of his sons Vouchsafe to hear us as we repeat the words of St. Patrick's pledge, known to us as St Patrick's Breastplate;

I bind myself today under
The power of heaven
The light of the sun
The brightness of the moon
The splendor of fire
The flashing of lightning
The swiftness of the wind
The depth of the sea
The stability of the earth
The compactness of rocks
I bind myself today
God's power to guide me
God's might to uphold me
God's wisdom to teach me
God's eye to watch over me
God's ear to hear me
God's word to give me speech
God's hand to guide me
God's way to lie before me
God's shield to shelter me
God's host to rescue me
Against the snares of demons
Against the seductions of vices
Against the lusts of nature
Against everyone who meditates injury to me
Whether far or near
Whether few or many.

Through Christ Our Lord —AMEN.

their lips of laughter overflow again And with all the needy, O, divide I pray, this vast treasure of content that is mine this day. And as Thine agents, for the good of all mankind, may Thy Spirit guide in all deliberations. This we ask with forgiveness of all our sins—AMEN.

### PRAYER

The following prayer was offered by the Chaplain, Rev. Richard C. Dwyer:

*Lord Jesus Christ,* For Whom these days that we commemorate were so significant, help us to be aware not only of their lesson for each one of us, but of the precious inheritance that is ours At the Last Supper Thou didst give us Thy own Body and Blood to be the food of our souls and the preparation of them for eternal life On Good Friday we were redeemed and the forgiveness of our sins effected through Thy suffering and death On Easter Sunday the pledge of our own resurrection was given when Thou didst gloriously rise from the dead As we recall these events let it not be just a memory, but in each of our hearts a renewal of the love and faith they deserve May we be worthy of every drop of blood shed for our salvation. Through Christ, Our Lord —AMEN.

### PRAYER

The following prayer was offered by the Chaplain, Rev. Richard C. Dwyer·

*O God, Who Art Near Us Always,* Let us never doubt that having led us thus far, Thou wilt lead us to the end, and that Thou hast in store for us that perfect gladness of which we see some glimpses here We all wish to serve Thee; show each of us how we may do it best Use us as Thou wilt. Let us have no lower aim; let none of us measure ourselves by others, or by any narrow standard of good, but let our lives be beautiful on all sides and full of the desire to be perfect as Thou art perfect. Through Christ, Our Lord —AMEN.

### PRAYER

### PRAYER

Upon invitation of Speaker Brown, the following prayer was offered by Rt. Rev Monsignor Thomas Markham, pastor of Our Lady of Grace Church

*O, Creator Ineffable,* Thou, Who art in truth the fountain of light and wisdom, deign to shed upon the darkness of my understanding the rays of Thine infinite brightness, and remove far from me the twofold darkness in which I was born,

namely, sin and ignorance Do Thou, Who givest speech to the tongues of little children, instruct my tongue and pour into my lips the grace of Thy benediction Give me keenness of apprehension, capacity for remembering, method and ease in learning, insight in interpretation, and copious eloquence in speech Instruct my beginning, direct my progress, and set Thy seal upon the finished work, Thou, Who art true God and true Man, Who livest and reignest world without end—AMEN.

### PRAYER

The following prayer was offered by the Chaplain, Rev. Richard C. Dwyer:

*Lord Jesus Christ*, Who didst fulfill Thy promise to send the Holy Spirit to enlighten and encourage the fearful Apostles, listen to our prayer in time of need We, too, look with a respectful fear at the heavy burden of responsibility placed on us by our roles as representatives of Thy people. We are aware of our own

inability to know exactly Thy will and that which is for the best interests of all Thy people We have had experience of our weakness and uncertainty in facing the problems and pressures of our state of life Send forth the Holy Spirit now to enlighten and encourage us that we might serve Thee with the devotion and dedication shown by Thy Apostles We pray for the light and strength to be Thy good and faithful servants Through Christ, Our Lord —AMEN

*Almighty God, Our Heavenly Father*, From whom comes every good and perfect gift, we call to remembrance Thy loving kindness and Thy tender mercies which

### PRAYER

The following prayer was offered by the Chaplain, Rev. Richard C Dwyer:

*O God,* Thou hast put these words in the mouth of Thy spokesman Solomon, "I called upon God and the spirit of wisdom came upon me; and I preferred her before kingdoms and thrones, and esteemed riches nothing in comparison to her Neither did I compare unto her any precious stone, for all gold in comparison to her is as a little sand, and silver in respect to her shall be counted as clay I loved her above health and beauty, and chose to have instead light, for her light cannot be put out" Send forth Thy spirit of truth upon these legislators that they may frame laws so wisely that the goods of this world may not be placed before those of eternity Through Christ, Our Lord —AMEN
