MOTION

Mr. Maloney moved that the following message, written to his son, by the late Dana P. Eicke, be printed in the Journal:

Motion carried unanimously.

STATE CAPITOL, Sacramento

DEAR SON: I'm sorry that I can't be home to see you graduate, but maybe at this time a few thoughts from your old man even if they ain't followed wouldn't be altogether out of place. I expect that good old John Humphreys or somebody like him will be there to hand you your diploma and to make a speech telling you that the world is your oyster and that all you gotta do is just hop to it and collect.

Now, I dunno's I'd take that too literally, although in the main he's right I hope you'll go into politics. That don't mean that you'll hafta run for office, but I'd like it if you would always be a politician You'll always find folks who'll sneer at 'em, but if you'll do pretty much as all other politicians do you'll often be dejected, inspected, suspected and finally, if you're right, respected.

Probily one of the first politicians of record was Moses, whose constituency stayed with him 40 years. His record has never been topped, although Sheriff Veale of Martinez has tied him There's a picture in the National Hotel at Jackson that lampoons Lincoln for being a politician The Roosevelt boys got it plenty and so has lots of others. Be proud of being a politician if you are one and always remember that a statesman is only a politician who is dead.

Don't run for office if you're in search of heavy sugar It ain't there and don't always expect to be on the majority side, but if you're right, sooner or later your party will catch up to you. If a thing is wrong don't be afraid to smash it, even if you know that it's gonna put you in the hot lard for awhile Just take care of today and like as not tomorrow will take care of you You won't always be right but the main point is if you think you are it's safe to take a chance

When you get any new ideas, no matter how good they seem, it's probily a good idea to spring 'em a little slow and easy. Nearly 2000 years ago there was a carpenter in Nazarene who organized a new party. Like I told you, the mazuma was scarce and the administration fried him plenty and finally wound up by spiking him to a cross, but up to the time you're handed your diploma, his platform has never been beat.

Son, it's been quite a long time since I went around passing out the cigars and croakin' "It's a boy," but I don't mind telling you at this time that your Maw and me has got a lot of happiness and comfort out of your being a good, decent son to us.

YOUR POP

P.S.—If them white flannel pants that you're wearin' tonight shrinks after they're washed, don't throw 'em away, because if this session of the Legislature lasts as long as some think it will, I'll hafta have 'em to wear for underdrawers next winter, which won't be the first time that I've done that either

MY DEAR TED: I deeply appreciate the large wreath of pink carnations, violets, and freesias the members of the Assembly so kindly and thoughtfully sent to the funeral services of Mrs. McColl in Redding.

While the loss of her is overwhelming, I shall always treasure the memory of the way her friends and mine treated her while she was alive, and particularly the respect and honor which was paid her after she had gone to that better, finer world.

I wish you would express to the members of the Assembly my deep appreciation of the lovely floral piece and for the resolution of sympathy and condolence which was unanimously adopted when you learned of the passing of my most beloved and cherished possession.

Most sincerely, your friend,

By Chief Clerk:

RAILROAD COMMISSION OF THE STATE OF CALIFORNIA.
SAN FRANCISCO, CALIFORNIA, February 4, 1935.

Mr. Arthur A. Ohnimus, Chief Clerk, Assembly, California Legislature,
State Capitol, Sacramento, California.

MY DEAR MR. OHNIMUS: This will acknowledge receipt of your letter of January 31st, inclosing a copy of an Assembly resolution adopted on January 25th, requesting the commission to furnish the Assembly "figures on valuation of said utility properties for rate-making purposes in a form which will make possible comparison with the valuation of the State Board of Equalization."

I have taken this matter up with our Engineering Department, which is starting today to assemble the available data that we have on this subject.

While the commission has under its jurisdiction a total of 1544 privately-owned public utilities, the majority of our rate proceedings have involved the larger gas, electric, telephone and water utilities, and several of the electric railways.

The compiling of the historical cost of the physical properties of these larger utilities, as of June 30, 1934, will be completed and furnished to you within the next three weeks. However, the securing and compiling of accurate figures for all of the 1544 utilities, even from their books records alone, would involve several months of time and not less than $5,000 of expense.

Will you kindly advise whether the data on the larger utilities, as outlined above, will be sufficient for your purposes?

Yours very truly,

RAILROAD COMMISSION OF THE STATE OF CALIFORNIA,
By H. G. MATHEWSON, Secretary.

RAILROAD COMMISSION OF THE STATE OF CALIFORNIA.
SAN FRANCISCO, CALIFORNIA, February 5, 1935

Mr Arthur A. Ohnimus, Chief Clerk, Assembly, California Legislature, Sacramento, California.

DEAR SIR: We have your letter of January 31st, together with the Assembly resolution referred to therein.

Upon reading the resolution it seems to us that the information which the Assembly desires is substantially the same as that which the utilities and transportation companies are required to file with the commission under its General Order No. 77-A. We are inclosing herewith a copy of such order.

We are calling upon the utilities to comply with General Order No. 77-A as soon as possible and in no event later than March 1st. A few have already filed their reports.

We will endeavor to comply with the Assembly resolution. We will submit a report as soon as we have the data of the major utilities. If this is not satisfactory, kindly tell us how you wish us to proceed in filing the reports with you

Yours truly,

RAILROAD COMMISSION, STATE OF CALIFORNIA,
By H. G. MATHEWSON, Secretary.

Enclosure

STATE OF NEW MEXICO, HOUSE OF REPRESENTATIVES,
TWELFTH LEGISLATURE, SANTE FE, February 16, 1935

Mr. Arthur A. Ohnimus, Chief Clerk,
Legislative Assembly, Sacramento, California.

DEAR SIR: I have your letter and copy of the Assembly Joint Resolution No. 34, and will refer the same to the House Committee on Oil and Gas for its consideration and action.

It has been the wish of the Governor that our Legislature should adjourn on the twentieth instant, and some several days ago a joint resolution passed both houses cutting off the further introduction of bills and resolutions unless unanimous consent was obtained for the introduction of same or same was sponsored by a message from the Governor requesting the introduction.

The Oil and Gas Committee will, no doubt, confer with Governor Tingley on this matter and perhaps will see if it is agreeable to him to send up a similar resolution to yours.

Very truly yours,

ALVAN N. WHITE, Speaker of the House.

BAKERSFIELD, CALIFORNIA, March 4, 1935.

Hon. Ernest Crowley, Assembly Chamber,
State Capitol, Sacramento, California.

DEAR SIR. During a recent visit to the northern part of the State I had occasion to ascertain the opinion of many of our blind citizens in relation to legislation.

It is the general consensus of opinion that the Needy Blind Persons Act of 1931 is entirely satisfactory at this time. Any attempt to amend or replace the act, would, as it seems to us, be unfortunate.

It is with peculiar pleasure I am able to say to a legislator at this time there is a phase of social security legislation which does not require improvement. The

blind of the State appreciate the splendid work that has been done for them in the passage of the above act, and it gives us particular pleasure not to ask anything of busy and much harassed law makers at the present time of crisis.

I need hardly remind you that I am in a position to have a pretty good idea of legislation of this character, aside from being a blind man myself I have been President of the California Alumni of Self-Supporting Blind, and an officer and chairman of other associations. I, therefore, request that no action be taken either to amend or otherwise change the present act

Yours truly,

R. W. HENDERSON.

WITHDRAWAL OF ASSEMBLY RESOLUTION BY MR. HEISINGER.

Mr. Heisinger withdrew his resolution appearing in Assembly Journal March 5, 1935, page 13.

EXPLANATORY REMARKS.

MR. SPEAKER AND MEMBERS OF THE ASSEMBLY: Yesterday morning when I presented a resolution to provide for a committee to investigate why the electric power feature had been eliminated from the Friant Dam of the Central Valley Project, I did so because my district and the cities in Fresno County are vitally interested in that feature of the program.

Since then there has been a meeting of the Central Valley Project Authority and by resolution they have ordered the engineers to make a further investigation to determine if the power feature can be included.

Their action in a measure accomplishes the purpose of my resolution and as my thought is to assist the project to the fullest extent I now ask that the resolution be not acted upon at this time.

S. L. HEISINGER

REQUEST TO PRINT IN JOURNAL.

Mr. McMurray requested that the following report be printed in the Journal:

Request granted.

STATE OF CALIFORNIA, DEPARTMENT OF PUBLIC WORKS.
SACRAMENTO, March 4, 1935.

Mr. Arthur A. Ohnimus, Chief Clerk, Assembly, California Legislature, State Capitol, Sacramento, California.

DEAR MR. OHNIMUS: Reference is made to your letter of January 31st, enclosing copy of Assembly resolution as adopted on January 25, 1935, and shown on page 56 of the Assembly Journal, wherein the Department of Public Works is requested to submit to the Assembly an itemized and detailed account of its expenditures for construction and maintenance, etc.

In accordance with this request, I am enclosing a detailed statement as prepared by the Comptroller of this department and covering expenditures for maintenance and construction during the fiscal year July 1, 1933, to June 30, 1934. Also, attached is a statement of amounts paid direct to labor on all completed projects financed under Title II of the National Industrial Recovery Act and State highway funds during practically this same period. The amounts shown as paid to labor do not represent payments to labor in the case of commercially produced materials used in the project.

As it was not clear in our minds as to the intent and extent of the information desired by this resolution, the matter was taken up with Mr. McMurray, the author of this bill, who passed upon the information enclosed as being satisfactory, with the exception that he is also interested in receiving information as shown in the following questions and answers:

(1) Number of employees regularly employed on maintenance work? On June 30, 1934, there were 2662 employees engaged in field maintenance. (See page 87 of the Biennial Report of 1934.)

(2) Number of employees on part time or relief pay rolls? On June 30, 1934, there were 3004 part time employees on our maintenance pay rolls. (See page 87 of the Biennial Report of 1934.)

(3) Number of employees regularly engaged in construction and administration activities? On the June, 1934, pay roll, there were 2229 persons employed in central and district office administration and construction activities. This figure includes 173 free men employed in convict camps, 180 men on five special day labor projects, and 339 employed in our highway shops.

(4) Estimated number of employees employed by contractors? On June, 1934, there were 7500 men employed by contractors on road and bridge projects.

The statements made a part of this report have been prepared to provide the specific information requested in the resolution; and a considerable amount of detail regarding all phases of highway activities and expenditures is available in the Biennial Report of the Division of Highways, which was recently released, copies of which are available for any member of the Legislature.

With kindest personal regards, I am,

Very sincerely yours,

EARL LEE KELLY, Director of Public Works.

* Amounts appearing under Service and Expense for construction and betterment contracts are payments to contractors. An analysis of contracts amounting to over $11,000,000 indicates that 34 per cent of such payments to contractors are expended for labor. Applying this factor to the above payments to contractors and to the ¼-cent expenditures in cities would indicate that an additional $5,951,290 97 was expended for labor or a total of $13,396,367 78 on the above program of $35,794,028 32. These figures do not include labor employed in the production of material used on highway maintenance and construction.

SEC. 2. There is hereby conferred upon the commissioner authority to supervise in all its forms all trade that is not necessarily under the exclusive jurisdiction and control of a Federal agency, and to make and enforce such regulations as will secure fair competition in commerce and prevent unfair trade practices in this State.

SEC. 3. Unfair trade ethics, practices, or methods are unjust to the citizens of the State and they are hereby declared unlawful.

SEC. 4. Amongst others, the following are unfair trade ethics, practices or methods, and as such are illegal:

(a) Every contract, combination in the form of a trust, or otherwise, or a conspiracy in restraint of trade in this State;

(b) Interference with the contractual relationship, such as inducing a customer or prospective customer to cancel an order placed or to cancel or rescind a contract made with a competitor;

(c) Failure or refusal of a manufacturer or producer to definitely define and allot to his dealer, distributor or agent the territory or area in which the latter shall represent the former, in case the manufacturer or producer requires such dealer, distributor or agent not to deal in or handle goods, wares, merchandise, machinery, supplies, or other commodities of a competitor of the manufacturer or producer;

(d) Cancellation without cause, by either party thereto, of a contract between a manufacturer or producer and his dealer, distributor or agent.

The enumeration in this section of certain specific unfair trade ethics, practices or methods is not to the exclusion of other unfair trade ethics, practices or methods defined or proscribed by other provisions of this act or by other provisions of law.

SEC. 5. The commissioner is hereby empowered and directed to prevent persons, firms, partnerships, or corporations from using unfair trade ethics, practices, or methods of competition in commerce. Whenever the commissioner shall have reason to believe that any such person, firm, partnership or corporation has been or is using any unfair trade ethics, practices, or method of competition in commerce, and it shall appear to the commissioner that a proceeding by him in respect thereto would be to the interest of the public, he shall issue and serve upon such person, firm, partnership or corporation a complaint stating his charges in that respect, and containing a notice of a hearing upon a date and at a place therein fixed, not less than ten nor more than thirty days after the service of said complaint. The person, firm, partnership or corporation so complained of shall have the right to appear at the time and place so fixed and show cause why an order shall not be entered by the commissioner requiring such person, firm, partnership or corporation to cease and desist from the unfair trade ethics, practices, as charged in said complaint. Any person, firm, partnership or corporation may make application, and upon good cause shown, may be allowed by the commissioner to intervene and appear in said proceeeding by counsel or in person. The testimony in any such proceeding shall be reduced to writing and filed in the office of the commissioner. If, upon such hearing, the commissioner shall be of the opinion that the trade ethics, practices, or methods of competition in question is prohibited by this act, he shall make a report in writing in which he shall state his findings as to the facts, and shall issue and cause to be served on such person, firm, partnership or corporation an order requiring such person, firm, partnership or corporation to cease and desist from using such trade ethics, practices or methods of competition. Until a transcript of the record in such hearing shall have been filed in a court of competent jurisdiction, as hereinafter provided, the commissioner may at any time upon such notice and in such manner as he shall deem proper, modify or set aside in whole or in part, any report or any order made or issued by him under this section.

If such person, firm, partnership or corporation fails or neglects to obey such order of the commissioner while the same is in effect, the commissioner may apply to the superior court within any county or city and county where the trade ethics, practices, or method of competition in question was used or where such person, firm, partnership or corporation resides or has its principal place of business, for the enforcement of his order, and shall certify and file with his application a transcript of the entire record in the proceeding, including all the testimony taken and the report and order of the commissioner. Upon such filing of the application and transcript, the court shall cause notice thereof to be served upon such person, firm, partnership or corporation and thereupon shall have jurisdiction of the proceeding and of the question determined therein, and shall have power to make and enter upon the pleadings, testimony and proceedings set forth in such transcript a decree confirming, modifying, or setting aside the order of the commissioner. The findings of the commissioner as to the facts upon which he has taken testimony shall be conclusive. If either party shall apply to the court for leave to adduce additional evidence and shall show to the satisfaction of the court that such additional evidence is material and that there were reasonable grounds for the failure to adduce such evidence in the proceedings before the commissioner, the court may hear such additional evidence or may order the same to be taken before the commissioner and to be adduced upon the hearing in such manner and upon such terms and conditions as to the court may seem proper.

Where such additional evidence is taken before the commissioner, he may modify his findings as to the facts, or make new findings by reason of the additional evidence so taken, and he shall file such modified or new findings which, if supported by testimony, shall be conclusive, and his recommendation, if any, for the modification or setting aside of his original order, with the return of such additional evidence.

SEC. 6. Any judgment of the superior court shall be final, except that same shall be subject to review by the Supreme Court in the same manner as appeals from other judgments thereof.

Any party required by such order of the commissioner to cease and desist from using such trade ethics, practices, or method of competition may file in the superior court of the county where the method of competition in question was used or where such person, firm, partnership or corporation resides or has its principal place of business, a written petition praying that the order of the commissioner be set aside. A copy of such petition shall be forthwith served upon the commissioner and thereupon the commissioner forthwith shall certify and file in said court a transcript of the record as hereinbefore provided. Upon the filing of the transcript the court shall have the same jurisdiction to affirm, set aside or modify the order of the commissioner as in the case of an application by the commissioner for the enforcement of his order, and the finding of the commissioner as to the facts, shall in like manner be conclusive Such proceedings in the superior court shall be given precedence over other cases pending therein and shall be in every way expedited. No order of the commissioner or judgment of any court to enforce the same shall in any way

relieve or absolve any person, firm, partnership or corporation from any liability under any other act.

SEC. 7. Any person, firm, or corporation who neglects or refuses to obey the order of the commissioner when confirmed by the court shall be punished as for contempt of court, on the relation of the commissioner, by fine or imprisonment or by both in the discretion of the court; and in addition the commissioner shall revoke the license of any foreign corporation to do business in this State if it so neglects or refuses to obey such an order.

SEC. 8. The commissioner shall also have power:

(1) To gather and compile information concerning, and to investigate from time to time the organization, business, conduct, trade ethics, practices and management of any corporation, firm, partnership or individual engaged in commerce and their relation to other corporations, firms, partnerships or individuals engaged in commerce.

(2) To cooperate and collaborate with the Federal Trade Commissioner in promoting and facilitating the discontinuance of unfair methods of competition.

(3) To require by general or special orders, corporations, firms, partnerships or individuals engaged in commerce, or any of them, respectively, to file with the commissioner in such form as the commissioner may prescribe, annual or special, or both annual and special, reports or answers in writing to specific questions, furnishing to the commissioner such information as he may require as to the organization, business, conduct, practices, management and relation to other corporations, firms, partnerships and individuals filing such reports or answers in writing. Such reports and answers shall be made under oath, or otherwise, as the commissioner may prescribe and shall be filed with the commissioner within such reasonable period of time as he may prescribe, unless additional time be granted in any case by him.

(4) Upon the direction of the Governor or either house of the Legislature, to investigate and report the facts relating to any alleged violation of the laws of the State of California pertaining to the organization, trade ethics, business conduct, practices, and management of any corporation, firm, partnership or individual engaged in commerce.

(5) To make public, from time to time, such portions of the information obtained by it hereunder, except trade secrets and names of customers, as it shall deem expedient to the public interest, and to make biennial and special reports to the Legislature and to submit therewith recommendations for additional legislation; and to provide for the publication of its reports and decisions in such form and manner as may be best adapted for public information and use

(6) To administer any other act which the Legislature may designate relating to trade relations, trademarks, trade names, business conduct, practices and management of corporations, firms, partnerships, and individuals engaged in commerce.

SEC. 9 The several departments and bureaus of the State government shall furnish to the commissioner upon his request, all records, papers and information in their possession relating to any corporation, firm, partnership or individual subject to any of the provisions of this act, and shall detail from time to time such officials and employees to the commissioner as the Governor may direct.

SEC. 10. For the purposes of this act the commissioner or his duly authorized agent or agents shall at all reasonable times have access to, for the purpose of examination, and the right to copy any documentary evidence of any corporation, firm, partnership or individual being investigated or proceeded against; and the commissioner shall have power to require by subpena the attendance and testimony of witnesses and the production of all such documentary evidence relating to any matter under investigation.

Such attendance of witnesses, and the production of such documentary evidence, may be required from any place in the State at any designated place of hearing. And in case of disobedience of a subpena, the commissioner may invoke the aid of the superior court of any county or city and county in which any inquiry, investigation, hearing or proceeding may be held by the commissioner in requiring the attendance and testimony of witnesses and the production of documentary evidence.

"The superior court in any county or city and county within the jurisdiction of which such inquiry, investigation, hearing or proceeding is carried on shall, in case of contumacy or refusal to obey a subpena issued to any corporation, firm, partnership or person, issue an order requiring such corporation, firm, partnership or person to appear before the commissioner or to produce documentary evidence if so ordered or to give evidence touching the matter in question; and any failure to obey such order of the court may be punished by such court as a contempt thereof.

SEC. 11. The commissioner may order testimony to be taken by deposition in any proceeding or investigation pending under this act at any stage of such proceeding or investigation. Such depositions may be taken before any person designated by the commissioner and having power to administer oaths. Such testimony shall be reduced to writing by the person taking the deposition or under his direction, and shall then be subscribed by the deponent. Any person may be compelled to appear and depose and to produce documentary evidence in the same manner as witnesses

may be compelled to appear and testify and produce documentary evidence before the commissioner as hereinbefore provided.

Witnesses summoned before the commissioner shall be paid the same fees and mileage as are paid witnesses in civil actions in the superior courts of this State, and witnesses whose depositions are taken and the persons taking the same shall severally be entitled to the same fees as are paid for like services in civil cases in the superior courts of the State.

The fees and mileage of witnesses summoned before the commissioner shall be paid from the funds appropriated for the use of the commissioner in the same manner as other expenses of the commissioner are paid.

No person shall be excused from attending and testifying or from producing documentary evidence before the commissioner or in obedience to the subpena of the commissioner on the ground or for the reason that the testimony or evidence, documentary or otherwise, required of him, may tend to incriminate him or subject him to a penalty or forfeiture. But no natural person shall be prosecuted or subjected to any penalty or forfeiture for or on account of any transaction, matter or thing concerning which he may testify, or produce evidence, documentary or otherwise, before the commissioner in obedience to a subpena issued by it; provided, however, that no natural person so testifying shall be exempt from prosecution and punishment for perjury committed in so testifying.

SEC. 12. Any person who shall neglect or refuse to attend and testify, or to answer any lawful inquiry, or to produce documentary evidence, if in his power so to do, in obedience to the subpena or lawful requirement of the commissioner, shall be guilty of a misdemeanor and upon conviction thereof shall be punished by a fine of not less than one hundred nor more than one thousand dollars, or by imprisonment in the county jail for not more than one year or by both such fine and imprisonment.

Any person, firm, corporation or partnership failing or refusing to obey any lawful order of the commissioner shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be punished by a fine not exceeding five thousand dollars.

Any person who shall wilfully make, or cause to be made, any false entry or statement of fact in any report required to be made under this act, or who shall wilfully make or cause to be made, any false entry in any account, record, or memorandum kept by any corporation, firm, partnership or individual subject to this act, or who shall wilfully neglect or fail to make or cause to be made, full, true and correct entries in such accounts, records or memoranda of all facts and transactions appertaining to the business of such corporation, firm, partnership or individual or who shall wilfully remove out of the jurisdiction of the State of California, or wilfully mutilate, alter or by any other means falsify any documentary evidence of such corporation, firm, partnership or individual, or who shall wilfully refuse to submit to the commissioner or to any of his authorized agents for the purpose of inspection or taking copies, any documentary evidence of such corporation, firm, partnership or individual in his possession or within his control, shall be deemed guilty of an offense and upon conviction thereof shall be punished by a fine of not less than one thousand dollars nor more than five thousand dollars or by imprisonment for a term of not more than two years or by both such fine and imprisonment.

SEC 13. If any corporation, firm, partnership or individual required by this act to file any annual or special report shall fail so to do within the time fixed by the commissioner for filing the same, and such failure shall continue for thirty days after notice of such default, the corporation, firm, partnership or individual shall forfeit to the State of California the sum of one hundred dollars for each and every day of the continuance of such failure, which forfeiture shall be payable into the treasury of the State of California, and shall be recoverable in a civil action in the name of the State of California brought in a county where the corporation, firm, partnership or individual resides or has its principal place of business It shall be the duty of the Attorney General to prosecute for the recovery of forfeitures.

Request granted.

STATE OF CALIFORNIA, GOVERNOR'S OFFICE,
SACRAMENTO, March 6, 1935.

Hon. Charles W. Lyon, State Assembly, Sacramento, California.

MR. DEAR MR. LYON: Answering your inquiry as to the possible need for further action by the California Legislature in memorializing Congress on the subject of a National old age pension program, may I suggest that an affirmative expression by the Legislature, setting forth certain fundamental facts, would be both appropriate and helpful.

Should the Legislature determine to address a further communication to the Congress on this important subject, I believe certain amplifying comments should be made.

Obviously, any provision for the financial care of men and women eligible to receive old age benefits must be National in scope, both as to the method of obtaining necessary revenues, and as to the total amount to be paid beneficiaries.

Any other method would work undue hardship on the taxpayers of the several States, and might by reason of its inequities and conflicting provisions, create such dissension and confusion as to defeat the basic objects sought.

In my opinion, no single State, independent of the others, can set up a pension plan such as is now before Congress. The problem is a National one, and should be developed and managed by the National Government. Each State should pay only its portion of the uniform cost, and each beneficiary share equally in the benefits. Any greater payment to beneficiaries in one State than in another will attract eligibles to the State making the larger payments, and unjustly increase the tax burden on persons, business, and industry.

After studying the general subject and investigating the general objectives of the Townsend plan, I have become convinced that the principles underlying its proposals are sound, and that its recommendations should be adapted to the National old age pension program.

Accomplishment of a unified National system of old age benefits, sponsored, managed and supported by the Federal Government, will provide the protection and security to which our citizens of advancing years are entitled.

Trusting these observations and suggestions will be received in the spirit in which they are offered, I am

Very sincerely yours,

FRANK F. MERRIAM, Governor of California.

WHEREAS, The revolving old age pension plan originated by Dr. F. E Townsend, of California, has been presented to the United States Senate and the National House of Representatives; and

WHEREAS, The program contemplates both relief for the aged and widespread adjustments in our economic system certain to result in improved working conditions and in extensive reduction of unemployment among thousands of men and women under the age of 60 years, and

Resolved by the Assembly and the Senate of the State of California, jointly, That the Congress of the United States is respectfully urged to enact H. R. 3977, introduced in the House of Representatives, January 16, 1935, and cited as the "Townsend Old-Age Revolving Pension Act," which is as follows:

Resolved, That the Governor of the State of California is hereby requested to forward a copy of this resolution to the President and Vice President of the United States, the Speaker of the House of Representatives, and to each Senator and member of the House of Representatives from California in the Congress of the United States

EXPLANATIONS OF VOTE

I strongly favor an old age pension plan, National in scope, which in principle and objective, is included in the so-called Townsend Plan, but the amount of the pension and the manner in which the money is to be raised are matters which lie solely within congressional discretion and this Assembly should not infringe upon this prerogative of Congress.

KENNETT B DAWSON, *Assemblyman Twenty-second District.*

Also:

Through an error in the electrical voting system, the record makes it appear that I did not vote on the endorsement of the Townsend Plan. I desire the printed record in the Journal to show that I voted "Aye" on this measure.

GEOFFREY F MORGAN, Sixtieth District.

Resolved, That the Congress of the United States of America place a protective tariff thereon after a number of years by which American foreign interests can begin using the marginal lands of the United States of America for rubber production if they so desire. And discontinue the practice of paying a starvation wage to foreign labor, thus aiding in depressing the standard of living in other parts of the world to which the selfish interest in this Nation use in comparing and justifying the low standards they insist upon in this Nation and driving the standards of living down to that of a peonage condition such as the practice of the Japanese in the production of its goods and its depressing effect upon the working and business people of the world."

ASSEMBLY RESOLUTION.

Assembly Resolution relating to appointing an Assembly Investigation Committee to investigate the present status, financial conditions and mode of operation of the ice business and the manufacturing and distribution of the same, in the State of California.

WHEREAS, There is claimed to exist in the State of California a monopoly of the ice business and the manufacturing and distribution of the same; and

WHEREAS, This monopoly is purported to operate by buying up ice plants and then closing them down, and thus eliminate competition, and also to increase the

unemployment problem in the State of California by the discharge of a large number of employees of such plants; and

WHEREAS, It is claimed that said monopoly is now conspiring to raise the price of ice to the consumer, and thus reduce the amount of ice consumed, and at the same time maintain the same gross revenue from sales, and also by virtue of a lower overhead, earn larger dividends; and

WHEREAS, Said monopoly is in direct violation to the laws of the State of California; now, therefore, be it

Resolved by the Assembly of the State of California, That there is hereby created an Assembly Investigation Committee to consist of five members of the Assembly to be appointed by the Speaker of the Assembly; and be it further

Resolved, That it shall be the duty of said Assembly Investigation Committee to investigate and make a thorough study of any and all matters relating to the present status, financial condition and mode of operation of the ice companies doing business in the State of California, in order that the committee may recommend to the Legislature such legislation as it may deem appropriate, necessary and proper as the result of its investigation and study; and be it further

Resolved, That the committee as soon as it is appointed, shall organize and select a chairman from its membership, and appoint a secretary; and be it further

Resolved, That the committee is hereby authorized to hold public hearings at any place in the State of California; and be it further

Resolved, That the committee is hereby authorized and empowered to do any and all things necessary to make a full and complete investigation of the matters herein referred to, and is hereby authorized and empowered to require the production of books, agreements, documents and papers of every kind; to issue subpenas, and to compel the attendance of witnesses and production of testimony. Each of the members of said committee is hereby authorized to administer oaths and all of the provisions of Article VIII of Chapter II, Title I, Part III of the Political Code, relative to the attendance and assembly of witnesses before the Legislature and committees thereof, shall apply to the committee appointed under this resolution and to any subcommittee of one or more members of said Assembly Investigation Committee. The Assembly Investigation Committee shall report to the Legislature with all convenient speed, but not later than the first day of February, 1937, the results of its investigations and studies, with legislative proposals which it recommends, and said Assembly Investigation Committee may also report from time to time such results of its investigations and studies as it may deem necessary for the action or advice of the Legislature; and be it further

Resolved, That the sum of $500, or so much thereof as may be necessary, is hereby set apart, reserved, and appropriated out of the contingent fund of the Assembly which may have been heretofore or may hereafter be appropriated for the contingent expenses of the Assembly at this session of the Legislature, for the purpose of paying the expenses incurred by the Assembly Investigation Committee hereby created and for the purposes herein set out, such payments to be disbursed from time to time by Controller's warrants, to be drawn against such contingent fund upon the written orders of the Chairman of said Assembly Investigation Committee, and the State Treasurer is hereby authorized and directed to pay the same.

COMMUNICATION.

The following communication was received, and ordered printed in the Journal:

By Mr. Heisinger:

(COPY)

CITY OF FRESNO,
OFFICE OF CITY ATTORNEY, March 6, 1935

Assemblyman S. L. Heisinger, Sacramento, California

DEAR MR. HEISINGER: I have read with interest your statement regarding the Friant power project and believe that the same should be investigated

Just prior to your statement I started a little private investigation on my own behalf of the Advisory Committee of the State-wide Water Project. The first was James Burke, attorney at Visalia. Last Thursday I appeared in the superior court at Visalia in the case of Smith vs. Southern California Edison Company, et al. and Mr Burke was the attorney for the Southern California Edison Company, which has been fighting not only the power part of the project but also the water plan itself. The second on the list is Mr. Carr of Redding, California On investigation I find that Mr. Carr for a number of years last past has been acting as attorney for the P. G. & E. To my mind, no attorney can straddle two sides of the fence at the same time and it is apparent that the power company has worked its men into the committees representing the opposition This is a plan generally followed by it to kill off any plan which it opposes.

My suggestion to you would be that possibly you could insist that no power company attorney or any one who had ever been in the employ of the power company, either directly or indirectly, should be on that committee, and that you could very likely force a resignation of at least two members. I feel that a further investigation of the other members will reveal power company connections

It is apparent from even a casual observation of the activities of the State-wide Water Plan that the power company is working its men into commanding positions in the State-wide Water Plan.

A week ago there was a committee formed in Tulare County to "assist the water plan." The head of this committee was City Attorney Fred Heid of Tulare, who recently negotiated, on behalf of four councilmen of Tulare, the abandonment of municipal ownership proceedings in the city of Tulare within a few months of the time that the citizens would be given a chance to vote on the project

I feel the hearing which you have suggested with a smoking out of power company sympathizers and employees would be of great benefit to the State and unless this is done that the State-wide Water Project will be killed from opposition created within its own committees

Please take this information and use it as you care to

With best personal regards, I am very truly yours,

CLAUDE L. ROWE, City Attorney

STATEMENT BY MR. HEISINGER

Mr. Speaker and Members of the Assembly.

The letter of Mr. Rowe is plain and shows the policy generally pursued by the utility people These attorneys should, in self-respect, resign from the commission,

and no Governor should in the future appoint men to such important public positions who have any corporation affiliations.

I believe the Bay Bridge is menaced in like manner by the Southern Pacific, another predatory financial octopus which intends to mulch the people out of millions of dollars if it ties up the bridge for a generation.

These powerful corporations have escaped taxes to the amount of millions which has caused our State deficit, and have taken away from the people other millions expressed in high rates

Such tactics are forcing the people to public ownership faster than anything else

S. L. HEISINGER.

In case the lands to be subdivided shall be subject to a lien or encumbrance securing or evidencing the payment of money other than taxes or assessments levied by public authority, or in case the interest of the owner or subdivider be held under option or contract of purchase or in trust, it shall be unlawful to sell any land in such subdivision unless provision exists in such lien, encumbrance, option, contract or trust agreement, or in a valid supplementary agreement enabling the vendor to deliver, title to each parcel sold free of such lien, encumbrance, option, contract or trust agreement, upon completion of all payments and performance of all the terms and provisions required to be made and/or performed by the vendee under the agreement of sale Certified or verified copies of documents containing such provisions shall be filed with the Real Estate Commissioner prior to the sale of any part of the subdivision.

EXPLANATION OF VOTE ON ASSEMBLY BILL NUMBER ONE THOUSAND ONE HUNDRED TWENTY.

We are in full accord with the principles involved in Assembly Bill No. 1120 but we are opposed to the creation of any more boards, bureaus and commissions.

A study in the use of our governmental costs in the State of California for the past 25 years will show plainly that the huge increase in our State budget from $50,000,000 in 1910 to $347,000,000 in 1935 can partly be attributed to the creation of so many boards, bureaus and commissions. We feel that the time has arrived in California when our governmental costs must be reduced as our taxpayers are unable to pay the present cost and with the State of California $29,000,000 in the red, it is poor time to ask the taxpayers or any business group to increase their taxes.

EDWARD CRAIG, Speaker
JAMES B. UTT.

To the Honorable Senate and the House of Representatives of the State of California in session assembled.

WHEREAS, Section 55-405, Oregon Code 1930, as amended by Chapter 313, Oregon Laws, 1931, and Chapter 54, Oregon Laws, 1933, second special session, provides that currently registered foreign licensed motor vehicles, trailers, or semitrailers, may be operated over the highways of Oregon for compensation or profit in interstate commerce, to the extent that in the foreign State of the vehicle owner's residence like exemptions and privileges are granted vehicles duly registered and licensed under the laws of and owned by residents of Oregon;

Resolved that the House of Representatives of the State of Oregon, the Senate jointly concurring, Respectfully petition the legislative Assembly of the State of California, in regular session, to enact such amendments to the California vehicle statutes as to enable the operation in interstate commerce,

RESOLUTION ON THE FEDERAL GASOLINE TAX.

To the Ways and Means Committee of the House of Representatives and the Finance Committee of the Senate in the Congress of the United States of America, greeting:

WHEREAS, The Congress of the United States has levied an emergency Federal tax of 1 cent per gallon on sales of gasoline, the revenues from which are utilized for general fund purposes; and

WHEREAS, Such Federal gasoline tax constitutes a double assessment on motor vehicle operators, in view of the fact that the 48 States of the United States had already levied State taxes on sales of gasoline when the said Federal gasoline tax was imposed, and such tax is, in fact, an invasion of the rights of the States, and

WHEREAS, The use for general fund purposes, of the said revenue derived from such Federal gasoline tax, constitutes, in effect, a usurpation and diversion of funds that should rightfully accrue to the States for road construction and maintenance, and

WHEREAS, The assessment of this tax by the Federal Government is highly detrimental to the interests of the States, in that it now tends to make the total gasoline tax in many States prohibitive and is causing in some States, diminished returns, and

WHEREAS, Contrary to the intent and purpose of the gasoline tax principle as originally recognized by the States and later subscribed to by the Congress of the

United States in the Hayden-Cartwright Act of 1934, the Federal gasoline tax also encourages diversion and evasion of gasoline taxes in the States; and

WHEREAS, Revenues from the taxation of gasoline sales were intended properly to belong to the States, for the construction and maintenance of roads and must be restored to them particularly in view of the necessity for matching future Federal aid funds, as soon to be provided under the Hayden-Cartwright Act of 1934; and

WHEREAS, For the foregoing reasons, and in view of the fact that the Ways and Means Committee of the House of Representatives, the Finance Committee of the Senate and the Vinson Subcommittee on Double Taxation have each previously recognized the unfairness of the Federal gasoline tax and have stated that it ought to be eliminated; and

WHEREAS, We believe that the said tax should be allowed to expire at the expiration of the present fiscal year, on June 30, 1935, and the taxation of gasoline hereafter left to the States for their exclusive use as a means of providing funds for highways; now, therefore, be it

Resolved, by the Oil Producers Sales Agency of California by its board of directors in the city of Los Angeles, California, on January 16 in this, the year 1935, That the above committees and both houses of Congress be and hereby are memorialized on behalf of the members of this organization to allow the Federal gasoline tax to expire at the close of the present fiscal year, June 30, 1935, in accordance with the declared intent at the time it was passed; that it be not levied again in any way whatsoever and that the Federal Government permanently withdraw from the field of gasoline taxation and leave to the States exclusively the power and right to tax gasoline sales in the future; and be it further

Resolved, That a copy of this resolution be transmitted to the chairman of the Ways and Means Committee of the House of Representatives to be laid before the members of the committee, and to the chairman of the Senate Committee on Finance to be laid before the members of that committee, and, likewise, to both Senators from this State and the members of the House of Representatives from this district and State, and such other Congressmen as may be necessary, urging them to use their utmost endeavors to carry out our desires as expressed in the letter and spirit of this resolution and thus afford to our members and all those who operate motor vehicles or are consumers of gasoline, commercially or privately, the greatly needed relief which they demand from an excessive burden of discriminatory taxation due largely to the combined high tax on gasoline in State and Nation.

A true copy of resolution adopted by the Board of Directors of Oil Producers Sales Agency of California at their regular meeting held January 16, 1935.

"SEC. 5(a). Section 6½ of said act is hereby amended to read as follows:

Sec. 6½. In the event a bond issue for the acquisition or construction of a toll bridge or bridges or other highway crossing shall be authorized and sold in whole or in part and the California Toll Bridge Authority and Director of the Department of Public Works deem it advisable and advantageous to enlarge or extend such toll bridge or bridges or other highway crossing or any of them or to change the structure or design thereof in order to afford new or greater facilities for any type or class of traffic, the said California Toll Bridge Authority may issue additional bonds for the purpose of enlarging or extending such toll bridge or bridges or other highway crossing or changing the structure or design thereof in order to afford such new or greater facilities, provided the surrender and cancellation of all outstanding bonds theretofore issued for the acquisition or construction of such toll bridge or bridges or other highway crossing as originally designed can be assured or obtained by call or by consent of the holders thereof. Such additional bonds shall not constitute a debt or obligation of the State of California but shall be bonds of the California Toll Bridge Authority of the same character and payable from the same funds as other bonds herein authorized; provided, however, that the pledge of the tolls and other revenues to be received from the operation of such toll bridge or bridges or other highway crossing to the payment of outstanding bonds shall not in any way be lessened, diminished or affected thereby. If the bonds issued for the acquisition or construction of such toll bridge or bridges or other highway crossing as originally designed which may be then outstanding are at that time by their terms subject to immediate retirement before maturity at the option of the California Toll Bridge Authority, or if the holders consent to the retirement of such bonds, the said authority may include in the issue of bonds to be sold for the purpose of enlarging or extending said toll bridge or bridges or other highway crossing or changing the design thereof, an amount of bonds sufficient to produce funds with which to retire such outstanding bonds according to their terms; provided, however, that before any such bonds are delivered the California Toll Bridge Authority shall have first duly called the outstanding bonds for redemption in accordance with their terms and conditions or have obtained the consent of the holders thereof to the retirement of such outstanding bonds Out of the proceeds derived from the sale of such new bonds there shall be set aside an amount of money sufficient to retire such outstanding bonds as may be thereafter presented for payment. Bonds of the new authorized issue may be delivered in part in exchange for a like principal amount of outstanding bonds of the original issue if the holders of such outstanding bonds to be so exchanged consent thereto.

All provisions of this act shall apply with like force and effect to the issuance of any bonds of such new authorized issue and the holders thereof shall be subrogated to all the rights and powers of the holders of the bonds which are surrendered in

exchange therefor, except as such rights and powers may be modified by the express terms of the bonds of such new authorized issue or the proceedings authorizing their issuance"

The grant of any such permit or the execution of any such contract by the California Toll Bridge Authority shall not be deemed to relieve any such transportation company or corporation, subject to the jurisdiction of the Railroad Commission of the State of California, from the duty of obtaining such certificate of public convenience and necessity for the conduct of a transportation service over any toll bridge or other highway crossing as may by law be required or from the duty of complying with every lawful order, rule or regulation of the Railroad Commission respecting such transportation service

The California Toll Bridge Authority may permit in any such contract or permit, if it shall deem the same advisable or necessary, of the use by the transportation company or corporation or district or subdivision providing transportation, of the transportation facilities of the California Toll Bridge Authority upon such terms and in such manner as the California Toll Bridge Authority shall deem proper, without restriction thereof to the toll bridge or bridges or other highway crossing to which said transportation facilities relate, provided that such use shall

AMENDMENT NUMBER ONE.

Immediately following line 2 of the printed bill, insert the following

"Sec. 4. Prospecting Permits for Oil and Gas Exception The Surveyor General is hereby authorized, upon the payment to him of fifty cents per acre, for each acre in area embraced within the boundaries of the lands proposed to be prospected and under such rules and regulations as he may prescribe, to grant to any person or association of persons, who are residents of the State of California and citizens of the United States or who have declared their intention of becoming such, or corporations 90 per cent of whose stockholders are citizens of the United States a prospecting permit, which shall give the exclusive right, for a period not exceeding two years, to prospect for oil or gas, upon not exceeding six hundred forty acres of land wherein such deposits of oil or gas belong to the State and are not within any known geological structure of a producing oil or gas field, upon condition that the permittee shall begin drilling operations within six months from the date of the permit, and shall within one year from and after the date of the permit, drill one or more wells for oil or gas to a depth of not less than one thousand feet each, unless valuable deposits of oil or gas shall be sooner discovered, and shall, within two years from date of the permit, drill for oil or gas to an aggregate depth of not less than two thousand feet unless valuable deposits of oil or gas shall be sooner discovered The Surveyor General may, if he shall find that the permittee has been unable with the exercise of diligence to test the land in the time granted by the permit, extend any such permit for such time, not exceeding two years, and upon such conditions as he shall prescribe. Any permittee whose permit was in good standing on October 1, 1933, and who has within four years from the date of the permit performed the drilling conditions set forth in this section and has expended $50,000 or more on said permit and has not made a discovery of valuable deposits of oil or gas within that period, and desires to further prospect, then his permit shall be extended until June 1, 1936. Whether the lands sought in any such application and permit are surveyed or unsurveyed the applicant shall, prior to filing his application for permit, locate such land in a reasonably compact form and according to the legal subdivisions of the public land surveys if the land be surveyed; and in an approximately square or rectangular tract, if the land be an unsurveyed tract, the length of which shall not exceed two and one-half times its width; the land to be surveyed by the Surveyor General at the expense of the applicant for a permit in such form as the Surveyor General shall deem to be to the best interest of the State; provided, however, that in case of prospecting permits and leases to river beds, lake beds, overflowed, tide and submerged lands, the width or length of the prospecting permit or lease along the shore line, measured on an east and west or north and south line shall not exceed one-quarter mile

Preference Rights Established by Erection of Monuments and Posting of Notices Recording Notices. If the applicant shall cause to be erected upon the land for which a permit is sought a monument not less than four feet high, at some conspicuous place thereon, and shall post a notice in writing on or near said monument stating that an application for permit will be made within thirty days after the date of posting said notice, giving the name of the applicant, the date of the notice, and such a general description of the land to be covered by such permit by reference to courses and distances from such monument and such other natural objects and permanent monument as will reasonably identify the land, stating the amount thereof in acres, he shall during the period of thirty days following such marking and posting, be entitled to a preferential right over others to a permit for the land so identified; provided, however, that applicant shall, as a part of this application for a permit, show that within two days after the posting of the said notice, he recorded a copy of the same in the county recorder's office of the county in which the said land is situated

Marking Boundaries Exception Permits Covering Tidelands, etc. (Rights of Littoral Owners) The applicant shall within ninety days after receiving a permit, mark each of the corners of the tract described in the permit upon the ground with substantial monuments, so that the boundaries can be readily traced on the ground,

and shall post in a conspicuous place upon the lands a notice that such permit has been granted and a description of the lands covered thereby; provided, however, that where the boundaries of the land sought to be prospected or developed under lease are wholly or partially in river or lake beds, overflowed, tide and submerged lands, the notice shall be conspicuously posted on a monument as close to a corner of the land as possible and shall specifically describe the area to be developed by courses and distances so that the limits of the area can be easily determined; provided, further, however, that in no case shall permits or leases be granted covering tide, overflowed or submerged lands fronting on an incorporated city, or for a distance of one mile on either side thereof; provided, further, however, that in case of an application for a permit or a lease covering tide, overflowed or submerged land by anyone other than the littoral or riparian proprietor, said littoral or riparian proprietor shall have six months within which to file an application for a permit or lease, but if said littoral or riparian proprietor fails to comply with the requirements of this act and its rules and regulations made in pursuance hereof, his preferential rights shall thereupon cease and forever be terminated, and the original applicant shall be permitted to proceed with his application; provided, further, that after the approval of this act and prior to the first day of September, 1929, no monument shall be erected, or notice posted upon or notice recorded in relation to any tide, overflowed, or submerged lands of this State, or application for permit presented to or received by the Surveyor General for or in relation to any tide, overflowed or submerged lands of this State as provided in this section; provided, further, that no permit to prospect or drill for oil or gas in or upon any tide, overflowed or submerged lands shall ever be granted by the Surveyor General upon an application made between the date of approval of this act and the first day of September, 1929. Nothing contained in the two provisos last preceding this clause, shall, however, be deemed or construed to prevent any littoral owner from exercising the preference right given by the terms of this section, nor as affecting the rights under this act of the holder of any permit or lease heretofore issued and now outstanding nor of any applicant therefor who has fully complied heretofore with the provisions of this act, nor as recognizing ratifying or validating any rights so claimed.

Sec 5. Lease. Royalty. Upon establishing to the satisfaction of the Surveyor General that valuable deposits of oil or gas have been discovered within the limits of the land embraced in any permit, the permittee shall be entitled to a lease for one-fourth of the land embraced in the prospecting permit; provided, that the permittee shall be granted a lease for as much as one hundred sixty acres of said lands, if there be that number of acres within the permit. The area to be selected by the permittee shall be in compact form and if surveyed, to be described by the legal subdivision of the public land surveys; if unsurveyed, to be surveyed by the Surveyor General at the expense of the applicant for lease in accordance with rules and regulations to be prescribed by the Surveyor General, and the lands leased shall be conformed to and taken in accordance with the legal subdivisions of such surveys; deposits made to cover expense of survey shall be deemed appropriated for that purpose, and any excess deposit may be repaid to the person or persons making such deposits or their legal representative. Such lease shall be for a term of twenty years upon a royalty of five per centum in amount or value of the production and the annual payment in advance of a rental of one dollar per acre, the rental paid for any one year to be credited against the royalties as they accrue for that year, with the right of renewal as prescribed in section 8 hereof; provided, however, that a lease granted to a permittee whose permit has been extended until June 1, 1936, shall be upon a royalty of 12½ per centum of the amount or value of the production, instead of 5 per centum. The permittee shall also be entitled to a preference right to a lease for the remainder of the land in his prospecting permit at a royalty of not less than 12½ per centum in amount or value of the production, and under such other conditions as are fixed for oil or gas leases in this act, the bonus and royalty to be determined by competitive bidding or fixed by such other method as the Surveyor General may by regulations prescribe; provided, that the Surveyor General shall have the right to reject any and all bids."

In the case of a taxpayer engaged in a trade or business in which both personal services and capital are material income producers, a reasonable allowance as compensation for the personal services actually rendered by the taxpayer, not in excess of 20 per centum of his share of the net profits of such trade or business, shall be considered as earned income;

If such husband and wife make separate returns, the personal exemption may be taken by either or divided between them;

(2) Credit for Dependents.—Four hundred dollars for each person (other than husband or wife) dependent upon and receiving his chief support from the taxpayer if such dependent person is under 18 years of age or is incapable of self-support because mentally or physically defective;

For the purpose of such apportionment a fractional part of a month shall be disregarded unless it amounts to more than half a month in which case it shall be considered as a month.

SEC. 7. Imposition of Tax on Residents and Nonresidents.

(a) A tax is hereby imposed upon the "taxable net income" of every resident of this State and upon the "taxable net income" of every nonresident which is derived from property located or business transacted within this State, which tax shall be levied, collected, and paid annually, in the manner hereinafter provided.

(b) The tax payable on the "taxable net income" shall be one-third of the amount of normal tax and surtax which would have been payable to the United States Government on an equivalent net income, at the rates for such normal tax and surtax as provided in sections 11 and 12(b) of the "Revenue Act of 1934."

SEC. 8. Imposition of Tax on Estates or Trusts.

(3) Income received by estates of deceased persons during the period of administration or settlement of the estate; and

(4) Income which, in the discretion of the fiduciary may be either distributed to the beneficiaries or accumulated.

(b) The tax shall be computed upon the "taxable net income" of the estate or trust, shall be a charge against such estate or trust, and shall be paid by the fiduciary, except as provided in subdivisions (g) and (h) of this section.

(c) The "State net income" of the estate or trust shall be computed in the same manner and on the same basis as in the case of an individual, except that—

(1) There shall be allowed as a deduction (in lieu of the deduction for charitable, etc., contributions authorized by section 23(o) of the "Revenue Act of 1934"), any part of the gross income, without limitation, which pursuant to the terms of the will or deed creating the trust is during the taxable year paid or permanently set aside for the purposes and in the manner specified in section 23(o) of the "Revenue Act of 1934," or is to be used exclusively for religious, charitable, scientific, literary, or educational purposes, or for the prevention of cruelty to children or animals, or for the establishment, acquisition, maintenance or operation of a public cemetery not operated for profit;

(2) There shall be allowed as an additional deduction in computing the "State net income" of the estate or trust the amount of the income of the estate or trust for its taxable year which is to be distributed currently by the fiduciary to the beneficiaries, and the amount of the income collected by a guardian of an infant which is to be held or distributed as the court may direct, but the amount so allowed as a deduction shall be included in computing the "State net income" of the beneficiaries whether distributed to them or not. Any amount allowed as a deduction under this paragraph shall not be allowed as a deduction under paragraph (3) of this subdivision in the same or any succeeding taxable year;

(3) In the case of income received by estates of deceased persons during the period of administration or settlement of the estate, and in the case of income which, in the discretion of the fiduciary, may be either distributed to the beneficiary or accumulated, there shall be allowed as an additional deduction in computing the "State net income" of the estate or trust the amount of the income of the estate or trust for its taxable year, which is properly paid or credited during such year to any legatee, heir, or beneficiary, but the amount so allowed as a deduction shall be included in computing the "State net income" of the legatee, heir, or beneficiary.

(d) Credits Against "State Net Income."

(1) For the purpose of the normal tax and surtax the estate or trust shall be allowed the same personal exemption as is allowed to a single person under section 6(b)(1), and, if no part of the income of the estate or trust is included in computing the "State net income" of any legatee, heir, or beneficiary, then in addition the same credit against "State net income" for dividends as is allowed by section 6(a)(1).

(2) If any part of the income of an estate or trust is included in computing the "State net income" of any legatee, heir, or beneficiary, such legatee, heir or beneficiary, shall for the purpose of the normal tax, be allowed as a credit against his "State net income," in addition to the credits allowed to him under section 6, his proportionate share of the dividends specified in section 6(a)(1) as are, under this section, required to be included in computing his "State net income" Any remaining portion of such dividends specified in section 6(a)(1) shall, for the purpose of the normal tax, be allowed as a credit to the estate or trust.

(e) If the taxable year of a beneficiary is different from that of the estate or trust, the amount which he is required, under subdivision (c)(2) of this section, to include in computing his "State net income," shall be based upon the income of the estate or trust for any taxable year of the estate or trust ending within his taxable year.

(f) A trust created by an employer as a part of a stock bonus, pension, or profit sharing plan for the exclusive benefit of some or all of his employees, to which contributions are made by such employer, employee, or both, for the purpose of distributing to such employees the earnings and principal of the fund accumulated by the trust in accordance with such plan, shall not be taxable under this section, but the amount actually distributed or made available to any distributee shall be taxable to him in the taxable year in which so distributed or made available to the extent that it exceeds the amounts paid in by him. Such distributees shall for the purpose of the normal tax be allowed as credits against "State net income" such part of the amount so distributed or made available as represents the item of dividends specified in section 6(a)(1).

(g) Where at any time the power to revest in the grantor title to any part of the corpus of the trust is vested—

(1) In the grantor, either alone or in conjunction with any person not having a substantial adverse interest in the disposition of such part of the corpus or the income therefrom, or

(2) In any person not having a substantial adverse interest in the disposition of such part of the corpus or the income therefrom, then the income of such part of the trust shall be included in computing the "State net income" of the grantor

(h) Where any part of the income of a trust—

(1) Is, or in the discretion of the grantor or of any person not having a substantial adverse interest in the disposition of such part of the income may be held or accumulated for future distribution to the grantor; or

(2) May, in the discretion of the grantor or of any person not having a substantial adverse interest in the disposition of such part of the income, be distributed to the grantor; or

(3) Is, or in the discretion of the grantor or of any person not having a substantial adverse interest in the disposition of such part of the income may be, applied to the payment of premiums upon policies of insurance on the life of the grantor (except policies of insurance irrevocably payable for the purposes and in the manner specified in section 23(o) of the "Revenue Act of 1934", relating to the so-called "charitable contribution" deduction); then such part of the income of the trust shall be included in computing the "State net income" of the grantor.

(i) As used in this section the term "in the discretion of the grantor", means "in the discretion of the grantor, either alone or in conjunction with any person not having a substantial adverse interest in the disposition of the part of the income in question"

SEC. 9. Time and Place for Filing Returns.

(a) Returns shall be under oath, in such form as the commissioner may from time to time prescribe, and shall be filed with the commissioner, at his main office or at any branch office which he may establish. The commissioner shall cause to be prepared blank forms for the said returns and shall cause them to be distributed throughout the State and to be furnished upon application, but failure to receive or secure the form shall not relieve any taxpayer from the obligation of making any return herein required.

(b) Returns made on the basis of the calendar year shall be filed on or before the fifteenth day of April following the close of the calendar year. Returns made on the basis of a fiscal year shall be filed on or before the fifteenth day of the fourth month following the close of the fiscal year.

(c) The commissioner, under such rules and regulations as he shall prescribe, may grant a reasonable extension of time for filing the return and/or for payment of the tax, or any installment thereof, disclosed by the return, due or to become due within the period of the extension, whenever in his judgment good cause exists therefor, and he shall keep a record of every such extension. No such extension or extensions shall aggregate more than six months from the due date provided in subdivision (b) of this section.

SEC. 10. Time, Place, and Method of Payment of Tax.

(a) The total amount of tax imposed under this act shall be paid on the fifteenth day of April following the close of the calendar year, or, if the return should be made on the basis of a fiscal year, then on the fifteenth day of the fourth month following the close of the fiscal year.

(b) The taxpayer may elect to pay the tax in three equal installments, in which case the first installment shall be paid on the date prescribed for the payment of the tax, the second installment shall be paid on the fifteenth day of the fourth month, and the third installment on the fifteenth day of the eighth month, after such date. If any installment is not paid on or before the date fixed for its payment, the whole amount of tax unpaid shall be paid upon notice and demand from the commissioner.

(c) The tax imposed under this act, or any installment thereof, may be paid, at the election of the taxpayer, prior to the date prescribed for its payment.

(d) The tax, and any additions thereto, imposed by this act, shall be paid to the commissioner at Sacramento, or to his authorized representatives at any branch office. Remittances may be in the form of uncertified check, payable to the State Treasurer, during such time and under such regulations as the commissioner may prescribe, but if a check so received is not paid by the bank on which it is drawn, the taxpayer by whom such check is tendered shall remain liable for the payment of the tax, and all additions thereto, the same as if such check had not been tendered.

SEC. 11. Interest and Additions to the Tax.

(a) Failure to File Return.

(1) If any taxpayer fails to make and file a return required by this act, within the time prescribed by law or prescribed by the commissioner in pursuance of law, 25 per centum of the tax shall be added to the tax, except that when a return is filed after such time and it is shown that the failure to file the return was due to reasonable cause and not due to wilful neglect no such addition shall be made to the tax. The amount so added to any tax shall be collected at the same time and in the same manner and as a part of the tax unless the tax has been paid before the discovery of the neglect, in which case the amount so added shall be collected in the same manner as the tax.

(2) If any taxpayer, upon notice and demand by the commissioner, fails or refuses to make and file a return required by this act, the commissioner is authorized to make an estimate of the net income and to compute and levy the amount of tax due under this act from any available information, and in such case 50 per centum of the tax shall be added to the tax as a part of the tax and collected in the same manner as the tax.

(b) Interest on Deficiencies.—Interest upon the amount determined as a deficiency shall be assessed at the same time as the deficiency, shall be paid upon notice and demand from the commissioner, and shall be collected as a part of the tax, at the rate of 6 per centum per annum from the date prescribed for the payment of the tax (or, if the tax is paid in installments, from the date prescribed for the payment of the first installment) to the date the deficiency is assessed.

(c) Additions to the Tax in Case of Deficiency.

(1) Negligence.—If any part of any deficiency is due to negligence, or intentional disregard of rules and regulations but without intent to defraud, 5 per centum of the total amount of the deficiency (in addition to such deficiency) shall be assessed, collected, and paid in the same manner as if it were a deficiency, except that the provisions of section 15, relating to the prorating of a deficiency, and of subdivision (b) of this section, relating to interest on deficiencies, shall not be applicable.

(2) Fraud.—If any part of any deficiency is due to fraud with intent to evade tax, then 50 per centum of the total amount of the deficiency (in addition to such deficiency) shall be so assessed, and shall be paid upon notice and demand from the commissioner.

(d) Additions to Tax in Case of Nonpayment:

(1) General Rule.—Where the amount determined by the taxpayer as the tax imposed by this act, or any installment thereof, or any part of such amount or installment, is not paid on or before the date prescribed for its payment, there shall be collected as a part of the tax, interest upon such unpaid amount at the rate of 1 per centum a month from the date prescribed for its payment until it is paid.

(2) If Extension Granted.—Where an extension of time for payment of the amount so determined as the tax by the taxpayer, or any installment thereof, has been granted, and the amount the time for payment of which has been extended, and the interest thereon determined under paragraph (4) of this subdivision, is not paid in full prior to the expiration of the period of the extension, then, in lieu of the interest provided in paragraph (1) of this subdivision, interest at the rate of 1 per centum a month shall be collected on such unpaid amount from the date of the expiration of the period of the extension until it is paid.

(3) Deficiency.—Where a deficiency, or any interest or additional amounts assessed in connection therewith under subdivisions (b) and (c) of this section, or any addition to the tax in case of delinquency provided for in subdivisions (a) (1) and (2) of this section is not paid in full within 10 days from the date of notice and demand from the commissioner, there shall be collected as part of the tax, interest

upon the unpaid amount at the rate of 1 per centum a month from the date of such notice and demand until it is paid. If any part of a deficiency prorated to any unpaid installment under section 15 is not paid in full on or before the date prescribed for the payment of such installment, there shall be collected as part of the tax, interest upon the unpaid amount at the rate of 1 per centum a month from such date until it is paid.

(4) Interest on Extension.—If the time for payment of the amount determined as the tax by the taxpayer, or any installment thereof, is extended under the provisions of section 9(c), there shall be collected as a part of such amount, interest thereon at the rate of 6 per centum per annum from the date upon which such payment should have been made if no extension had been granted to the date of expiration of the period of extension, or to the date the tax is paid, whichever is earlier.

(5) Fiduciaries.—For any period an estate is held by a fiduciary appointed by order of any court of competent jurisdiction or by will, there shall be collected interest at the rate of 6 per centum per annum in lieu of the interest provided in subdivisions (b)(1), (2) and (3) of this section.

SEC. 12. Accounting Periods.

(a) The net income shall be computed upon the basis of the taxpayer's annual accounting period (fiscal year or calendar year, as the case may be) in accordance with the method of accounting regularly employed in keeping the books of such taxpayer; but if no such method of accounting has been so employed, or if the method employed does not clearly reflect the income, the computation shall be made in accordance with such method as in the opinion of the commissioner does clearly reflect the income. If the taxpayer's annual accounting period is other than a fiscal year as defined in section 2(1) or if the taxpayer has no annual accounting period or does not keep books, the net income shall be computed on the basis of the calendar year.

(b) If a taxpayer, with the approval of the commissioner, changes the basis of computing net income from fiscal year to calendar year a separate return shall be made for the period between the close of the last fiscal year for which return was made and the following December 31st. If the change is from calendar year to the fiscal year, a separate return shall be made for the period between the close of the last calendar year for which return was made and the date designated as the close of the fiscal year. If the change is from one fiscal year to another fiscal year a separate return shall be made for the period between the close of the former fiscal year and the date designated as the close of the new fiscal year.

(1) Where a separate return is made under subdivision (b) of this section on account of a change in the accounting period, and in all other cases where a separate return is required or permitted, by regulations prescribed by the commissioner, to be made for a fractional part of a year, then the income shall be computed on the basis of the period for which separate return is made.

(2) If a separate return is made under subdivision (b) of this section, on account of a change in the accounting period, the net income, computed on the basis of the period for which separate return is made, shall be placed on an annual basis by multiplying the amount thereof by twelve and dividing by the number of months included in the period for which the separate return is made. The tax shall be such part of the tax computed on such annual basis as the number of months in such period is of twelve months

(3) The commissioner shall by regulations prescribe the method of applying the provisions of subdivisions (b)(1) and (b)(2) (relating to computing income on the basis of a short period and placing such income on an annual basis) to cases where the taxpayer makes a separate return under subdivision (b) on account of a change in the accounting period, and it appears that for the period for which the return is so made he has received earned income

(c) In the case of a return made for a fractional part of a year, except a return made under subdivision (b), on account of a change in the accounting period, the personal exemption and the credit for dependents shall be reduced respectively to amounts which bear the same ratio to the full credits provided as the number of months in the period for which return is made bears to 12 months

SEC 13. Supplementary Returns. If the commissioner shall be of the opinion that any taxpayer has failed to file a return, or to include in a return filed, either intentionally or through error, items of taxable income, he may require from such taxpayer a return, or a supplementary return, under oath, in such form as he shall prescribe, of all the items of income which the taxpayer received during the year for which the return is made, whether or not taxable under the provisions of this act. Every taxpayer required by the Federal Government to file a supplementary return shall file a supplementary return with the commissioner. If from a supplementary return, or otherwise, the commissioner finds that any items of income, taxable under this act, have been omitted from the original return he may require the items so omitted to be disclosed to him, under oath of the taxpayer, and to be added to the original return. Such supplementary return and the correction of the orig-

inal return shall not relieve the taxpayer from any of the penalties to which he may be liable under any provision of this act. The commissioner may proceed under the provisions of section 15 of this act whether or not he requires a return or a supplementary return under this section.

SEC. 14. Jeopardy Assessments.

(a) If the commissioner finds that a taxpayer designs quickly to depart from this State or to remove his property therefrom, or to conceal himself or his property therein, or to do any other act tending to prejudice or to render wholly or partly ineffectual proceedings to collect the tax for the taxable year then last past or the taxable year then current unless such proceedings be brought without delay, the commissioner shall declare the taxable period for such taxpayer immediately terminated and shall cause notice of such finding and declaration to be given the taxpayer, together with a demand for immediate payment of the tax for the taxable period so declared terminated and of the tax for the preceding taxable year or so much of such tax as is unpaid, whether or not the time otherwise allowed by law for filing the return and paying the tax has expired; and such taxes shall thereupon become immediately due and payable. In any proceeding in court brought to enforce payment of taxes made due and payable by virtue of the provisions of this section the finding of the commissioner, made as herein provided, whether made after notice to the taxpayer or not, shall be for all purposes presumptive evidence of the taxpayer's design.

(b) If the commissioner believes that the assessment or collection of a deficiency will be jeopardized by delay, he shall immediately assess such deficiency (together with all interest, additional amounts, or additions to the tax provided for by this act) and the amount so assessed shall be due and payable upon notice and demand from the commissioner.

(c) If any taxpayer fails to file a return, or files a false or fraudulent return with intent to evade tax, for any taxable year, the tax may be assessed, or a proceeding in court for the collection of such tax may be begun without assessment, at any time.

(d) The commissioner is hereby authorized to prescribe such rules and regulations as may be necessary to properly carry out the provisions of this section.

SEC 15. Assessment of Deficiency Tax. Protest. Appeal

As soon as practicable after the return is filed, the commissioner shall examine it and shall determine the correct amount of the tax. If the commissioner determines that the tax disclosed by the original return is less than the tax disclosed by his examination he shall mail notice to the taxpayer at his last known address of the deficiency proposed to be assessed The notice shall set forth the details and computation of such deficiency.

Within 60 days after mailing of said notice the taxpayer may file with the commissioner a written protest against the levy of the proposed deficiency, specifying therein the grounds upon which the protest is based. The protest must be under oath.

If no such protest is so filed the amount of the deficiency shall be final upon the expiration of said 60-day period. If a protest is so filed it shall be the duty of the commissioner to reconsider the computation and levy of the deficiency complained of, and, if the taxpayer has so requested in his protest, it shall be the duty of the commissioner to grant said taxpayer, or his authorized representatives, an oral hearing.

The commissioner's action upon the protest shall be final upon the expiration of 30 days from the date when he mails notice of his action to the taxpayer, unless within that 30-day period the taxpayer appeals in writing from the action of the commissioner to the State board. The appeal must be addressed and mailed to the State Board of Equalization at Sacramento, California, and a copy of the appeal addressed and mailed at the same time to the commissioner at Sacramento, California. Said board shall hear and determine the same and thereafter shall forthwith notify the taxpayer and the commissioner of its determination, and the reasons therefor. Such determination shall be final, unless, within 60 days from the time of such determination, the commissioner shall apply to the Supreme Court of the State for a writ of certiorari or review for the purpose of having the lawfulness of the decision of said board inquired into and determined.

When a deficiency has been determined and the tax has become final under the provisions of this section, the commissioner shall mail notice and demand to the taxpayer for the payment thereof, and such tax shall be due and payable at the expiration of 10 days from the date of such notice and demand, unless the taxpayer has elected to pay the tax in installments, in which case the deficiency shall be prorated to the three installments Except as provided in section 14 (relating to jeopardy assessments), that part of the deficiency so prorated to any installment the date for payment of which has not arrived, shall be collected at the same time as, and as part of, such installment. That part of the deficiency so prorated to any installment the date for payment of which has arrived shall be due and payable at the expiration of 10 days from the date of such notice.

A certificate by the commissioner or of said board, as the case may be, of the mailing of the notices specified in this section shall be prima facie evidence of the computation and levy of the deficiency in tax and of the giving of said notices.

Except in the case of a fraudulent return, every notice of a proposed deficiency tax shall be mailed to the taxpayer within three years after the return was filed and no deficiency shall be assessed or collected with respect to the year for which such return was filed unless such notice is mailed within such period For the purposes of this paragraph a return filed before the last day prescribed by law for the filing thereof shall be considered as filed on such last day

Any amount of tax in excess of that disclosed by the return, due to a mathematical error, notice of which has been mailed to the taxpayer, shall not be considered a deficiency assessment within the meaning of this section. The taxpayer shall have no right of protest or appeal as herein provided, based on such notice, nor shall such assessment or collection be prohibited by any of the provisions of this section.

SEC. 16. Refund of Tax, Interest on Refunds, Appeal

If in the opinion of the commissioner, or State board, as the case may be, a tax has been computed in a manner contrary to law or has been erroneously computed by reason of a clerical mistake on the part of the commissioner or said board, or, if any tax, penalty or interest has been paid more than once, or has been erroneously or illegally collected, or has been erroneously or illegally computed, such fact shall be set forth in the records of the commissioner, and the amount collected in excess of what was legally due shall be credited on any taxes then due from the taxpayer under this act, and the balance refunded to the taxpayer, but no such credit or refund shall be allowed or made after three years from the time the tax was paid, unless before the expiration of such period a claim therefor is filed by the taxpayer. Every claim for refund must be in writing under oath and must state the specific grounds upon which the claim is founded.

If the commissioner disallows any claim for refund he shall notify the taxpayer accordingly. Within 30 days after the mailing of such notice, or if the commissioner does not act upon any claim for a refund within six months after the time the claim was filed, then within 30 days after the expiration of said six months, the commissioner's action upon the claim shall be final, unless within such 30-day period the taxpayer appeals in writing from the action of the commissioner to the State board The appeal must be addressed to the State Board of Equalization at Sacramento, California, and a copy of the appeal addressed and mailed at the same time to the commissioner at Sacramento, California. Said board shall hear and determine the same and thereafter shall forthwith notify the taxpayer and the commissioner of its determination Such determination shall be final, unless, within 60 days from the time of such determination, the commissioner shall apply to the Supreme Court of the State for a writ of certiorari or review for the purpose of having the lawfulness of the decision of said board inquired into and determined

Interest shall be allowed and paid upon any overpayment of any tax, if the overpayment was not made because of an error or mistake on the part of the taxpayer, at the rate of six per centum per annum as follows:

(1) In the case of a credit, from the date of the overpayment to the date of the allowance of the credit Any interest allowed on any credit shall first be credited on any taxes due from the taxpayer under this act.

(2) In the case of a refund, from the date of the overpayment to a date preceding the date of the refund warrant by not more than 30 days, such date to be determined by the commissioner

Any refund or any portion thereof which is erroneously made, and any credit or any portion thereof which is erroneously allowed, may be recovered, together with interest at the rate of 6 per centum per annum from the date the refund was made or the credit allowed, in an action brought by the commissioner in a court of competent jurisdiction in the county of Sacramento in the name of the people of the State of California, and such action shall be tried in the county of Sacramento unless the court with the consent of the prosecutor, order a change of place of trial The Franchise Tax Counsel or the Attorney General must prosecute such action, and the provisions of the Code of Civil Procedure, relating to service of summons, pleadings, proofs, trials, and appeals are applicable to the proceedings herein provided for.

In the event that a tax has been illegally levied against a taxpayer, the commissioner shall set forth on his records the reasons therefor and thereafter shall authorize the cancellation of such tax

SEC. 17. Action to Recover Tax.

Any taxpayer claiming that the tax computed and levied against him is void in whole or in part may pay the tax under protest and bring an action against the State Treasurer for the recovery of the whole or any part of the amount paid. The protest must be in writing under oath and must state in detail the grounds upon which the claim is founded. Such action must be filed within 90 days after the notice and demand for the payment of the tax under section 15 hereof; provided, however, no action shall be filed for the recovery of a deficiency

assessment unless the taxpayer has made protest to the commissioner of the computation and levy complained of under the provisions of such section; and provided further, that no action shall be brought to recover any deficiency assessment, or any part thereof, if the taxpayer has at any time appealed to the State board from the action of the commissioner in overruling the taxpayer's protest to the commissioner's proposal of the said deficiency assessment.

When a refund claim has been filed under the provisions of section 16 hereof, and the same has been denied or no action has been taken thereon by the commissioner within six months from the filing thereof, the taxpayer may bring an action against the State Treasurer on the grounds set forth in such claim for the recovery of the whole or any part of the amount claimed as an overpayment, but such action must be brought within 90 days from the date of the commissioner's denial of such claim or within 90 days from the expiration of the said six months if no action has been taken by the commissioner; provided, that no action shall be filed if the taxpayer has appealed to the State board from the action of the commissioner with respect to any refund claim.

In any judgment of any court rendered for any overpayment in respect of any tax imposed by this act, interest shall be allowed at the rate of 6 per centum per annum upon the amount of the overpayment, from the date of the payment or collection thereof to the date of allowance of credit on account of such judgment or to a date preceding the date of the refund warrant by not more than 30 days, such date to be determined by the commissioner.

Whenever under the provisions of this section an action is commenced against the State Treasurer, a copy of the complaint and the summons must be served upon the Treasurer or his deputy and the commissioner. At the time the Treasurer demurs or answers, he may demand that the action be tried in the superior court of the county of Sacramento, which demand must be granted The Franchise Tax Counsel or the Attorney General of the State of California must defend the action. A failure to begin such action within the time herein specified shall be a bar against the recovery of such taxes.

Within 60 days after the determination of the State board of any appeal from the action of the commissioner the appellant may apply to the Supreme Court of the State for a writ of certiorari or review for the purpose of having the lawfulness of the decision or order of State board inquired into and determined. Such writ shall be made returnable not later than 30 days after the date of the issuance thereof, and shall direct the State board to certify its record in the case to the court. On the return day, the cause shall be heard by the Supreme Court, unless for a good reason the same be continued. The State board and each party to the proceeding before such board shall appear in the review proceeding. The provisions of the Code of Civil Procedure of this State relating to the writs of review shall apply to proceedings instituted in the Supreme Court under the provisions of this section.

(d) In the case of the members of a partnership the proper part of each share of the net income which consists of earned income shall be determined under rules and regulations prescribed by the commissioner and shall be separately shown in the return of the partnership.

(e) Every partnership shall make a return for each taxable year, stating specifically the items of gross income and the deductions allowed by this act, and shall include in the return the names and addresses of the individuals, whether residents or nonresidents, who would be entitled to share in the "State net income" if distributed and the amount of the distributive share of each individual. The return shall be sworn to by any one of the partners.

(f) If the taxable year of a partner is different from that of the partnership, the distributive share of the "State net income" of the partnership to be included in computing the "State net income" of the partner for his taxable year shall be based upon the "State net income" of the partnership for any taxable year of the partnership ending within the taxable year of the partner.

SEC. 20. Allocation of Income and Deductions

In any case of two or more organizations, trades or businesses (whether or not incorporated, whether or not organized in the State of California, and whether or not affiliated) owned or controlled directly or indirectly by the same interests, the commissioner is authorized to distribute, apportion or allocate gross income or deductions between or among such organizations, trades, or businesses, if he determines that such distribution apportionment, or allocation is necessary (1) in order to prevent evasion of taxes of any taxpayer taxable hereunder, or (2) clearly to reflect the income of any such organizations, trades, or businesses where the income of any taxpayer taxable hereunder is affected thereby in such manner as to permit evasion of taxes.

SEC. 21. Credit for Taxes Paid Other States by Resident or Nonresident Taxpayers.

(a) Whenever a resident taxpayer of this State has become liable to income tax to another State or country upon his net income, or any part thereof, for the taxable year, derived from sources without this State, and subject to taxation under this act, the amount of income tax payable by him under this act shall be credited with the amount of income tax so paid by him to such other State or country, but such credit shall not exceed such proportion of the tax payable under this act as the income subject to tax in such other State or country bears to the taxpayer's entire income upon which the tax is imposed by this act.

(b) Whenever a nonresident taxpayer taxable under this act has become liable to income tax to the State or country where he resides upon his net income for the taxable year, derived from sources within this State and subject to taxation under this act, the amount of income tax payable by him under this act shall be credited with such proportion of the tax so payable by him to the State or country where he resides as his income subject to taxation under this act bears to his entire income upon which the tax so payable to such other State or country was imposed; provided, that such credit shall be allowed only if the laws of said State or country grant a substantially similar credit to residents of this State subject to income tax under such laws, or impose a tax upon the personal incomes of its residents derived from sources in this State and exempt from taxation the personal incomes of residents of this State. No credit shall be allowed against the amount of the tax on any income taxable under this act which is exempt from taxation under the laws of such other State.

(c) The credits provided in this section shall be allowed only on presentation to the commissioner of satisfactory proof that the taxpayer is entitled to same.

SEC. 22. Tax Upon Settlement of Fiduciary's Account.

(a) No final account of a fiduciary shall be allowed by the probate court unless such account shows and the judge of said court finds, that all taxes imposed by the provisions of this act upon said fiduciary, which have become payable, have been paid, and that all taxes which may become due are secured by bond, deposit or otherwise. The certificate of the commissioner and the receipt for the amount of the tax therein certified shall be conclusive as to the payment of the tax, to the extent of said certificate.

(b) For the purpose of facilitating the settlement and distribution of estates held by fiduciaries, the commissioner may on behalf of the State agree upon the amount of taxes at any time due or to become due from such fiduciaries under

the provisions of this act, and payment in accordance with such agreement shall be full satisfaction of the taxes to which the agreement relates.

SEC. 23. Contract to Assume Tax Illegal. It shall be unlawful for any person to agree or contract directly or indirectly to pay or assume or bear the burden of any tax payable by any taxpayer under the provisions of this act. Any such contract or agreement shall be null and void and shall not be enforced or given effect by any court.

SEC. 24. Enforcement of Tax. If any tax imposed by this act or any portion of such tax be not paid after the same becomes due, the commissioner shall issue a warrant under his hand directed to the sheriff of any county of the State, commanding him to levy upon and sell the real and personal property of the taxpayer, found within his county, for the payment of the amount thereof, with the added penalties, interest and the cost of executing the warrant, and to return such warrant to the commissioner and pay to him the money collected by virtue thereof by a time to be therein specified, not less than 60 days from the date of the warrant. The sheriff shall within five days after the receipt of the warrant, file with the clerk of his county a copy thereof, and thereupon the clerk shall enter in the judgment docket, in the column for judgment debtors, the name of the taxpayer mentioned in the warrant, and in appropriate columns the amount of the tax or portion thereof and penalties for which the warrant is issued, and the date when such copy is filed, and thereupon the amount of such warrant so docketed shall become a lien upon the title to and interest in real property or chattels real of the taxpayer against whom it is issued in the same manner as a judgment duly docketed in the office of such clerk. The said sheriff shall thereupon proceed upon the same in all respects, with like effect, and in the same manner prescribed by law in respect to executions issued against property upon judgments of a court of record, and shall be entitled to the same fees for his services in executing the warrant, to be collected in the same manner. If a warrant be returned not satisfied in full, the commissioner shall have the same remedies to enforce the claim for taxes against the taxpayer as if the people of the State had recovered judgment against the taxpayer for the amount of the tax.

The commissioner may, at any time, bring an action in a court of competent jurisdiction, in the name of the people of the State of California, to recover the amount of any taxes, penalties, and interest due under this act. The Franchise Tax Counsel or the Attorney General of this State must prosecute such action and such action shall be tried in the county of Sacramento unless the court with the consent of the prosecutor, order a change of place of trial. In such action a writ of attachment may be issued, and no bond or affidavit previous to the issuing of said attachment is required. In such action a certificate by the commissioner showing the delinquency shall be prima facie evidence of the levy of the tax, of the delinquency and of compliance by the commissioner and the State board with all the provisions of this act in relation to the computation and levy of the tax.

It is expressly provided that the foregoing remedies of the State shall be cumulative and that no action taken by the commissioner shall be or be construed to be an election on the part of the State or any of its officers to pursue any remedy hereunder to the exclusion of any other remedy for which provision is made in this act.

SEC. 25. Tax a Debt. Every tax imposed by this act, and all increases, interest and penalties thereon, shall become, from the time it is due and payable, a personal debt, from the person or persons liable to pay the same, to the State of California.

Any person or any officer or employee of any corporation, or member or employee of any partnership, who, with or without intent to evade any requirement of this act or any lawful requirement of the commissioner thereunder, shall fail to pay any tax or to make, sign or verify any return or to supply any information required by or under the provisions of this act, or who, with like intent, shall make, render, sign or verify any false or fraudulent return or statement, or shall supply any false or fraudulent information, shall be liable to a penalty of not more than $1,000, to be recovered by the Franchise Tax Counsel or the Attorney General in the name of the people, by action in any court of competent jurisdiction, and shall also be guilty of a misdemeanor and shall, upon conviction, be fined not to exceed $1,000 or be imprisoned not to exceed one year, or both, at the discretion of the court.

The prosecutor shall have the power, with the consent of the commissioner to compromise any penalty for which he is authorized to bring action under this section. The penalties provided by this section shall be additional to all other penalties in this act provided.

The certificate of the commissioner to the effect that a tax has not been paid, that a return has not been filed, or that information has not been supplied as required by the provisions of this act, shall be prima facie evidence that such tax has not been paid, that such return has not been filed or that such information has not been supplied.

Amendment No. 1.

On page 6 of the printed bill, between lines 4 and 5, insert a new paragraph reading as follows:

"Subject to such rules and regulations as the commissioner may prescribe, every association (whether or not it is on notice or on a pro rata basis) may, from any funds on hand (whether or not such funds are "available funds" as defined in this section), and shall, if ordered so to do by the commissioner out of available funds, pay, in each month, with or without requiring notice of intention to withdraw, and regardless of the nonpayment of any or all matured claims, to any one or more of its shareholders or certificate holders who shall request such payment and who shall show, by affidavit and other evidence satisfactory to such association, that they are in financial distress by reason of old age, illness, unemployment or otherwise, not to exceed $60, including any other money received by such shareholders or certificate holders from such association during such month. Any person who, in any affidavit filed with an association for the purpose of obtaining a withdrawal pursuant to this paragraph, states as true any material fact which he knows to be false, shall be guilty of a misdemeanor. No provisions of this act imposing any liability, either civil or criminal, shall apply to any association or to any of its directors, officers or employees by reason of any payment made or any act done or omitted in good faith pursuant to the provisions of this paragraph."

Amendment No. 2.

On page 6 of the printed bill, between lines 30 and 31, insert a new paragraph reading as follows:

"No association shall operate under the provisions of this section after September 1, 1935, unless it shall first have made application for and obtained from the commissioner a permit then in effect authorizing it so to do. No such permit shall be granted except upon a public hearing held by the commissioner pursuant to notice thereof given for such time and in such manner as the commissioner shall prescribe. No such permit shall be granted unless the commissioner shall determine that the same is reasonably required for the protection of the association and its shareholders and certificate holders as a class, or is in the public interest. If at any time the commissioner shall find, having due regard to the earnings of any particular association, the nature and amount of its assets and liabilities, the amount of its undivided profits, reserves, surplus and capital, and the protection of its certificate holders and shareholders as a class, that it would be contrary to the interests of the holders of its outstanding investment certificates or shares for such association to continue to pay withdrawals in accordance with the provisions of this section, he shall have the power to order such association to discontinue paying withdrawals pursuant to the provisions of this section."

Amendment No. 3.

On page 6, line 50, of the printed bill, after the semicolon add the following: "provided, however, that after September 1, 1935, no association shall accept its own outstanding investment certificates or shares in partial or full payment for property sold by such association or in partial or full payment of loans, unless such association shall first have applied for and obtained from the commissioner a permit then in effect authorizing it so to do. No such permit shall be granted except upon a public hearing held by the commissioner pursuant to notice thereof given for such time and in such manner as the commissioner shall prescribe. No such permit shall be granted unless the commissioner shall determine that the same is reasonably required for the protection of the association and its certificate holders and shareholders as a class, or is in the public interest. If at any time the commissioner, having due regard to the earnings of any particular association, the nature and amount of its assets and liabilities, the amount of its undivided profits, reserves, surplus and capital, and the protection of its certificate holders and shareholders as a class, shall find that it would be contrary to the interests of the holders of its outstanding investment certificates or shares for such association to continue to accept its outstanding investment certificates or shares on the terms upon which the same are being accepted in payment for property or loans pursuant to this section, he shall have the power to order such association to discontinue accepting its outstanding investment certificates or shares in payment for property or loans except upon strict compliance with such terms and conditions as he may specify in such order, or to order such association forthwith to entirely cease and desist from accepting investment certificates or shares in payment for property or loans pursuant to this section."

Amendments adopted.

Amendment No. 2.

On page 1, line 1 of the printed bill, following "SECTION 1.", insert the following: "Sec. 6.02 of the act cited in the title hereof, as amended, is hereby amended to read as follows

Sec 6 02 Limitation on Withdrawals The term "matured withdrawal claims," as used in this article, shall include each and all of the following, to wit (1) the value of all shares or investment certificates or parts thereof, in respect of which valid notices of intention to withdraw shall be on file, matured and unpaid, including notices of intention to withdraw by defaulting shareholders pursuant to section 3.05 of this act, as well as notices of withdrawal generally pursuant to section 6.01 of this act; (2) the value of all shares which shall have matured pursuan to section 3 03 of this act and which shall be unpaid; (3) the value of all investment certificates in respect of which the holders, pursuant to section 5.07 of this act but subject to section 6 02 of this act, shall be entitled to receive the redemption price, but which shall be unpaid; and (4) the value of all definite term investment certificates which shall have reached the expressed date of their maturing but which shall be unpaid.

Regardless of whether or not an association is on notice or on a pro rata basis, its obligation to pay matured withdrawal claims, and the right of shareholders and certificate holders to receive payment of matured withdrawal claims, shall be secondary and subsequent to the right of such association to pay, and to provide reasonable reserves for the payment of, the following: taxes, assessments, insurance, repairs, alterations and other sums necessary to protect and preserve or to furnish or equip its properties and its interest in properties (including those on the security of which it holds loans); principal and interest on borrowings by such association, otherwise than through the issuance of investment certificates; interest on investment certificates and dividends on shares, rent, compensation of officers, agents, salesmen and other employees, and other usual and ordinary operating expenses of such association; and commitments on its incomplete loans or investments; provided, however, that an association on notice or on a pro rata basis shall not pay any dividends on its stock or distribute any profits to its stockholders or make any loans or investments, except loans or investments pursuant to its obligations incurred before it became an association on notice, and except loans expressly permitted by section 9.01 of this act. Moreover, regardless of whether or not an association is on notice or on a pro rata basis, its obligation to pay matured withdrawal claims, and the right of shareholders and certificate holders to receive payment of matured withdrawal claims, shall be limited to payments from its cash on hand or in the bank, proceeds from sale of investments and loans and other cash receipts of such association; and shall be further limited to payments pursuant to the subsequent provisions of this section. The cash proceeds and other receipts aforesaid which shall remain after deducting therefrom all payments, reserves, loans and investments above mentioned in this paragraph, are hereafter in this section 6.02 called the "available funds."

The term "free money," as hereafter used in this section 6 02, is hereby defined as that part of the available funds which may be used at the option of the association to pay any or all withdrawals without requiring notice of intention to withdraw or before the maturity of a notice of intention to withdraw regardless of the nonpayment of any or all matured withdrawal claims or to pay any or all definite term investment certificates before the expressed date of maturity subject to such adjustment of interest, if any, as may be provided in such certificates Provided that no free money shall be used to pay withdrawals to any certificate holder who was not such on March 10, 1933

If the association is neither on notice nor on a pro rata basis, and if there are no matured withdrawal claims (excepting claims for the payment of which funds have been set aside by the association) then all of the available funds shall be free money, and may be used for the purpose of making loans or investments, or for any other purpose not prohibited by law.

If there are matured withdrawal claims (for the payment of any of which funds have not been set aside by the association), then not to exceed twenty-five per cent of the available funds shall be free money (but in such case no part of such free money shall be used to pay dividends on stock or be distributed as profits to stockholders), and all of the remainder shall be applied to the payment of withdrawals. The commissioner is hereby authorized, in the case of any or all associations, to reduce the amount of such free money from twenty-five per cent of the available funds to such smaller per cent of the available funds as he may from time to time prescribe, and in such case all the remainder shall be applied to the payment of withdrawals Whether or not the commissioner shall have reduced such amount of free money such remainder of the available funds shall be applied (regardless of whether or not the association is on notice or on a pro rata basis) at such times as the commissioner shall prescribe to the payment of matured withdrawal claims as follows

First To all matured withdrawal claims in respect of investment certificates until all sums payable thereon are paid and, as between several holders thereof, pro rata according to the unpaid principal thereof at the time of each such payment

Second To all matured withdrawal claims in respect of shares until all sums payable thereon are paid and, as between the several holders thereof, pro rata according to the unpaid value thereof at the time of each such payment.

Every association (whether or not it is on notice or on a pro rata basis) shall, from available funds exclusive of free money, and subject to such rules and regulations as the commissioner may prescribe, pay in each month, with or without requiring notice of intention to withdraw, and regardless of the nonpayment of any or all matured withdrawal claims, to any one or more of its shareholders or certificate holders who shall request such payment, not to exceed whichever of the two following amounts shall be the greater (1) twenty-five dollars per person, or (2) one per cent of the value of such person's shares or investment certificates (in addition to any free money which may be applied to the payment of withdrawals); and withdrawals may be made at any time from pledged shares and investment certificates, whether or not the association is on notice or on a pro rata basis, and without notice; provided, the full amounts of such withdrawals shall be used to pay the indebtedness for which such shares or investment certificates are pledged, or any part thereof; and provided further, that in the case of loans upon the mutual plan, such withdrawals without notice shall be permitted only at the option of the association unless the entire indebtedness shall be simultaneously paid

If in any accounting period an association has not used as free money the full amounts which such association is permitted by this section 6.02 to use for such purposes, then (unless the commissioner shall otherwise order in the case of such association) the amounts not so used shall be available to the association in any subsequent period for such purpose until such amounts shall have been so used, in addition to the amounts which would otherwise be available for such purpose in such subsequent period.

No association shall make any contract waiving in any manner any of the provisions of this section and, if any such contract shall be so made, such contract shall be void.

The provisions of this act shall govern, during the existence of the emergency period as hereinafter defined and only during such period, the withdrawal and other rights of the holders of all shares and investment certificates whether heretofore or hereafter issued, and whether or not withdrawal claims shall have heretofore been filed or shall have heretofore matured.

The term "emergency period" as used in this section 6.02 shall mean the period commencing March 10, 1933, and ending June 1, 1937; provided, however, that said emergency period with respect to any or all associations may be terminated at any time prior to June 1, 1937, by order of the commissioner.

SEC. 2. Section 6.07 of said act, as amended, is hereby repealed.

SEC. 3. Section 8.09 of said act, as amended, is hereby amended to read as follows:

Sec. 8.09. Regulation of Interest and Dividends. Notwithstanding anything to the contrary, contained in this act or in any investment certificate or certificate evidencing shares or in any agreement or elsewhere, no association shall hereafter at any time pay, credit, declare or allow any interest or dividends in excess of the rate of four per cent per year in respect of interest or dividends which shall accrue or be earned during the emergency period (but only during such period) as hereinafter in this section 8.09 defined, upon investment certificates or shares, whether heretofore or hereafter issued and whether or not withdrawal claims shall have heretofore been filed or shall have heretofore matured. The commissioner is hereby authorized, however, during such emergency period, in the case of any or all associations, to increase such rate to a rate not in excess of five per cent per year, or to decrease such rate or to postpone the time for the payment of such interest or dividends, or any part thereof, or to decrease such rate and to postpone such time of payment, if he shall determine that such increase is reasonably justified in the interest of the certificate holders or shareholders, or is in the public interest, or that such decrease or postponement or decrease and postponement, is reasonably necessary for the protection of the investment in such association of its certificate holders or shareholders, or is in the public interest; provided, however, that in the event the authority granted the commissioner by this section 8.09 to increase or decrease such rate or to postpone such time of payment shall be held invalid, then it is hereby declared to be the intention of the Legislature that the invalidity of such authority shall not affect the validity of the remaining portions of this section; provided further, that in no case shall the commissioner increase or decrease such rate or postpone such time of payment unless he shall have caused a notice of such intended action to be mailed to each shareholder and certificate holder addressed to their address as it appears on the books of the association, at least ten days before such intended action is taken, and provided further that such association or any of its certificate holders or shareholders aggrieved by the action of the commissioner may at any time within ten days after the taking of such action apply to the Supreme Court of the State of California for a review of such action; and provided further, that any association paying interest of less than four per cent per year shall credit outstanding investment certificates and

shares with the difference between the interest actually paid and the amount which would have been paid at the rate of four per cent per annum.

Notwithstanding anything to the contrary contained in this act or in any outstanding note, mortgage, deed of trust or other instrument or elsewhere, no association, nor the commissioner while in possession of the property, business and assets of any association shall hereafter at any time demand, charge or collect any interest in excess of the rate of seven and two-tenths per cent per year in respect of the interest which shall accrue during said emergency period (but only during such period), upon any loan, secured by real property, held or heretofore or hereafter made by any association, or held by the commissioner while in possession of the property, business and assets of any association; provided, however, that nothing herein contained shall prevent any association or the commissioner, while in possession of the property, business and assets of any association, from collecting interest at such maximum yearly rate monthly in advance, nor from charging or collecting usual and ordinary fees and expenses in connection with the making or renewing of any loan.

Solely for the purpose of this section, and notwithstanding anything to the contrary in this act contained, the term "investment certificate" as used in this section 8.09 shall be deemed to include any instrument issued to its savers by a borrowers' mutual building and loan association as defined in section 15.01 of this act, and the term "association" as used in this section 8.09 shall be deemed to include a borrowers' mutual building and loan association as defined in section 15.01 of this act. Notwithstanding anything to the contrary herein contained, the commissioner may in his discretion permit any association which has neither stock nor investment certificates issued or outstanding to pay, credit, declare or allow during said emergency period, a dividend on its shares in excess of said maximum yearly rate of four per cent. Notwithstanding the respective rates of interest and dividends prescribed in this section 8.09, or by the commissioner pursuant to this section 8.09, interest on unpaid interest or dividends on unpaid dividends may be paid, credited, declared, allowed, demanded, charged or collected at a like rate.

The term "emergency period" as used in this section 8.09 shall mean the period commencing March 10, 1933, and ending June 1, 1937; provided, however, that said emergency period may be terminated at any time prior to June 1, 1937, with respect to any association, by order of the commissioner. Any agreement contrary to any of the provisions of this section shall be void.

If, during said emergency period, any association shall make any net profits after dividends on shares, computed in accordance with accounting practices prescribed or approved by the commissioner, the total amount of such net profits after dividends on shares shall be set aside as a loss reserve which shall be available at all times to meet any losses whether arising from loans or otherwise, and no part of such loss reserve may be used to pay dividends on stock; provided, that the foregoing provision shall not apply to associations which have not availed themselves of the provisions of this act.

SEC. 4. Section 9.02 of said act, as amended, is hereby amended to read as follows:

Sec. 9.02. Investments Generally. An association when neither on notice nor on a pro rata basis, nor availing itself of the emergency provisions of this act, may invest in, hold, buy and sell the following:

(1) Real property used or to be used primarily as the principal office or branch of such association; provided that no association issuing either stock or investment certificates or both shall invest in such real property more than one-half of the sum of its aggregate paid-up nonwithdrawable capital and any surplus and reserve which is not subject to distribution to the shareholders or stockholders except upon dissolution or liquidation;

(2) Furniture, fixtures, furnishings and equipment necessary or proper for the business of such association, or for use in connection with properties owned by or securing loans of such association; provided that no association issuing either stock or investment certificates or both shall invest in furniture, furnishings and equipment for its offices, more than ten per cent of the sum of its aggregate paid-up nonwithdrawable capital and any surplus and reserve which is not subject to distribution to the shareholders or stockholders except upon dissolution or liquidation.

(3) United States government bonds and treasury certificates; or any bonds, debentures, notes or other obligations guaranteed by the United States of America;

(4) Bonds, debentures and notes issued by any Federal Home Loan Bank, or other similar Federal agency, or consolidated Federal Home Loan Bank bonds, debentures or notes;

(5) Bonds of this State or of any county, municipality or school district in this State;

(6) Bonds of this State or of any county, municipality or school districts in this State;

(7) Bonds issued by any railroad corporation or any public utility corporation excluding street railway corporations, substantially all of the properties of which are located in the United States of America; provided the purchase of all bonds pursuant to the sole authority of this subdivision (7) shall be first approved by the commissioner;

(8) Stock issued by any Federal Home Loan Bank or other similar Federal agency of which such association may be eligible to be a member, or

(9) Bonds, notes, debentures or other obligations of National mortgage associations or other similar credit institutions now or hereafter organized under Title III of the National Housing Act; provided the purchase of all bonds, notes, debentures, or other obligations pursuant to the sole authority of this subdivision (9) shall be first approved by the commissioner.

Provided that, except with the prior consent of the commissioner, no association at any one time shall have invested pursuant to subdivisions (6), (7), and (9) of this section an aggregate amount in excess of ten per cent of the then total assets of such association; provided further that associations on notice or on a pro rata basis, or availing themselves of the emergency provisions of this act may with the prior approval of the commissioner avail themselves of the provisions of this section.

Associations may make deposits with any bank and such deposits shall not be construed as loans within the meaning of this act.

Nothing in this section shall be construed to prevent an association from holding real property which it has acquired in liquidation of loans made by it and operating the same until disposed of in accordance with the provisions of Article XVI.

SEC. 5. Section 9.04 of this act, as amended, is hereby amended to read as follows:

Sec. 9.04. Purchases, Sales and Pledges of Loans. An association not on notice, or on a pro rata basis or availing itself of the emergency provisions of this act may purchase any notes or other obligations, together with the mortgages, trust deeds or other security therefor, if such notes or obligations evidence loans which, at the time of such purchase, such association would be authorized to make pursuant to this act in an amount at least equal to the amount so purchased. No association shall sell, exchange, transfer, pledge, hypothecate or otherwise dispose of or encumber any notes or other obligations held by it, evidencing any loan made or purchased by it, or the mortgages, trust deeds of other security therefor, except with the approval of the commissioner; provided that any association may, without the necessity of obtaining such approval, pledge or otherwise hypothecate any of the notes or other obligations held by it, together with the mortgages, trust deeds, and other security therefor, to the extent permitted by section 9.05 or section 9.06 of this act.

SEC. 6. A new section is hereby added to said act, as amended, to be numbered 9.18 and to read as follows:

Sec. 9.18. National Housing Act Loans and Insurance. Irrespective of any other provision in this act an association not on notice, or on a pro rata basis or availing itself of the emergency provisions of this act (a) either with or without security, may make loans, advance credit, and purchase obligations representing loans and advances of credit, for the purpose of financing alterations, repairs, and improvements pursuant to Title I of the National Housing Act upon real property securing a loan then held by such association if the Federal Housing Administrator shall insure such association against losses which it may sustain as a result of such loans, advances of credit and purchases made by such association for such purpose, to the extent of 20 per cent of the total amount of the loans, advances of credit and purchases made by such association for such purpose; (b) may make loans upon the security of improved real property pursuant to the provisions of this section and pursuant to Title II of the National Housing Act, if the Federal Housing Administrator pursuant to said Title II shall have insured, or shall have made a commitment to insure, such association against losses of principal which it may sustain as a result of such loans, and (c) may secure insurance pursuant to said National Housing Act. (No law of this State prescribing the nature, amount or form of security or requiring security upon which loans or advances of credit may be made, or prescribing or limiting the period for which loans or advances of credit may be made, and no provision of this act prescribing or limiting interest rates upon loans or advances of credit, shall be deemed to apply to loans, advances of credit or purchases made pursuant to this section.)

SEC. 7. A new section is hereby added to said act, as amended, to be numbered 10.03a and to read as follows:

Sec. 10.03a. Federal Insurance Reserve Account. Any association by resolution of its board of directors may irrevocably establish all or any part of any reserve or surplus account, except reserves for the benefit of certificate and shareholders for the sole purpose of absorbing losses, provided, however, that, except in the case of reserve or surplus accounts which were available prior to the adoption of such resolution for the purpose (either solely or among other things) of absorbing losses, the written consent of the commissioner shall first be obtained. If prior to the adoption of such resolution (a) the reserve or surplus account so established for the sole purpose of absorbing losses was available for the purpose (either solely or among other things) of absorbing losses, and (b) such reserve or surplus account constituted all or a part of, or counted towards the loss reserve referred to in section 8.09, the loan reserve or the stock surplus referred to in section 10.03, or any other reserve or surplus account required by or referred to in this act, except as hereinabove excepted, then such reserve or surplus account

(excepting such part, if any, as may be absorbed by losses) shall continue to constitute all or a part of, or to be counted towards, such reserve or surplus account required by or referred to in this act.

SEC 9. A new section is hereby added to said act, as amended, to be numbered 12 11 and to read as follows:

Sec 12 11. Conversion into Federal Association An association not on notice, or on a pro rata basis or availing itself of the emergency provisions of this act, may convert itself into a Federal Savings and Loan Association by following the procedure hereafter outlined in this section 12.11 At any regular or special meeting of the investors of any such association which meeting in either case shall have been called to consider such action, the investors by an affirmative majority of the votes cast in person or by proxy at such meeting, may declare by resolution the determination to convert such association into a Federal Savings and Loan Association If such association has investment certificates outstanding, such determination shall be approved, either before or after the adoption of such resolution, by certificate holders holding not less than two-thirds in value of such outstanding investment certificates.

Within ten days after said meeting (or if such association has outstanding investment certificates, within ten days after said meeting or within ten days after the requisite approvals of its certificate holders have been given, whichever is later) there shall be filed in the office of the commissioner a certificate verified by the affidavit of the president or vice president and the secretary or assistant secretary of such association, which certificate shall contain a copy of the minutes of said meeting and a statement as to whether or not such association has outstanding investment certificates, and if it has, that certificate holders holding not less than two-thirds in value of such outstanding investment certificates have approved the determination to convert such association into a Federal Savings and Loan Association; and a like certificate shall be filed in the office of the Secretary of State. A certified copy of such certificate so filed in the office of the Secretary of State shall be presumptive evidence of the holding and of the action of such meeting and of the approvals of certificate holders.

After said meeting, such association shall take such action as may be necessary to make it a Federal Savings and Loan Association, and within ten days after receipt of the Federal charter there shall be filed, in the office of the commissioner and thereafter and within said ten-day period in the office of the Secretary of State, a copy of said charter issued to such association by the Federal Home Loan Bank Board or a certificate showing the organization of such association as a Federal Savings and Loan Association certified by or on behalf of the Federal Home Loan Bank Board. Upon the filing of such instrument in the office of the Secretary of State such association shall cease to be a State association and shall thereafter be a Federal Savings and Loan Association

At the time when such conversion becomes effective as hereinbefore provided in this section 12 11 such association shall cease to be supervised by this State and all of the property of such association, including all of its right, title and interest in and to all property of every kind and character, whether real, personal, or mixed, shall immediately, by operation of law and without any conveyance or transfer whatsoever and without any further act or deed be vested in said association under its new name

and style as a Federal Savings and Loan Association and under its new jurisdiction; and said Federal Savings and Loan Association shall have, hold and enjoy the same in its own right as fully and to the same extent as the same was possessed, held and enjoyed by it as a State association and said Federal Savings and Loan Association shall continue responsible for all of the obligations of said State association to the same extent as though said conversion had not taken place; it being expressly declared that such Federal Savings and Loan Association shall be merely a continuation of such State association under a new name and new jurisdiction and such revision of its corporate structure as may be considered necessary for its proper operation under said new jurisdiction

Any executor, administrator, guardian or receiver, and any trustee of any kind or nature, and any insurance company or cemetery association may, without the necessity of obtaining court approval: (a) vote in person or by proxy in favor of converting an association into a Federal Savings and Loan Association, or may approve the determination to so convert; (b) exchange any shares, stock, investment certificates or other rights or claims, for shares issued by such Federal Savings and Loan Association; and (c) may continue to hold as a legal investment any shares so received.

SEC. 10 Section 13 16 of the act cited in the title hereof is hereby amended to read as follows

Sec. 13.16 In liquidating the affairs of an association, the commissioner shall have power to collect all moneys due to, and claims of, such association and to give full receipt therefor, to release or reconvey all real or personal property pledged, hypothecated or transferred in trust as security for loans; to approve and pay all just and equitable claims, provided that shares shall participate ratably with investment certificates in the case of any association in which shareholders shall have heretofore been granted the right and option by the association to exchange their shares for investment certificates of equal value, to commence and prosecute all actions and proceedings necessary to enforce liquidation; and on the order of the superior court of the county in which the principal office in this State of such association is located, given and made after a hearing on such notice as the court shall prescribe, to compound bad or doubtful debt or claims and to sell, convey and transfer real and personal property. If a purchaser for any bad or doubtful debt or claim can not be obtained and it appears improbable that recovery thereon can be had and that the costs of action to enforce collection of the same would probably be lost, the court may direct that suit thereon need not be brought. For the purpose of executing and performing any of the powers and duties hereby conferred upon him, the commissioner may in the name of such association or in his own name prosecute and defend any and all suits and other legal proceedings and may in the name of such association or in his own name as commissioner execute, acknowledge, and deliver any and all deeds, assignments, releases, requests for reconveyance, and other instruments necessary and proper to effectuate any sale of real or personal property or other transaction in connection with the liquidation of such association, and any deed, assignment, release, request for reconveyance or other instrument executed pursuant to the authority hereby given shall be valid and effectual for all purposes as though the same had been executed by the officers of such association by authority of its board of directors In case any of the real property so sold is located in a county other than the county in which the application to the court for leave to sell the same is made, the commissioner shall cause a certified copy of the order authorizing or ratifying such sale to be recorded in the office of the recorder of the county in which such real property is located

Upon determining to liquidate an association, the commissioner shall cause an inventory of all the assets of such association to be made in duplicate, the original to be filed with the court and the duplicate in the office of the commissioner. He shall cause notice to be given by publication once a week for four successive weeks in some newspaper of general circulation published at or near the principal place of business in this State of such association, to all persons having claims against it as creditors or investors or otherwise, to present and file same and make legal proof thereof at a place and within a time to be designated in such publication, which time shall be not less than two months after such first publication; and within ten days after such first publication he shall cause a copy of such notice to be mailed to all persons whose names appear of record upon its books as creditors or investors; and upon the expiration of the time fixed for the presentation of claims, the commissioner shall prepare or cause to be prepared in duplicate a full and complete schedule of all claims presented, specifying by classes those that have been approved and those that have been disapproved and shall file the original with the court and the duplicate in the office of the commissioner. Claims of certificate holders and shareholders shall include principal and interest at the rate of 4 per cent per annum to and including date of payment of their claims Not later than five days after the time of filing such schedule with the court, written notice shall be mailed to all claimants whose claims have been rejected. Action to enforce the payment of

or to establish any rejected claim must be brought and service had within four months from and after the date of filing of the schedule of claims with the proper court; otherwise all such actions shall be forever barred. All claims of creditors, investors or other persons against the association or against any property owned or held by it must be presented to the commissioner in writing verified by the claimant or some one in his behalf within the period limited in the above-mentioned notice for the presentation of claims; and any claim not so presented shall be forever barred; provided, however, that the claim of any investor, appearing upon the books of the association to be a valid claim, presented after the expiration of the time fixed in said notice, shall be entitled to share in any dividends declared subsequent to the presentation of such claim

The commissioner may under his hand and official seal appoint one or more special deputies to assist in the duties of liquidation and distribution under his direction and may also employ such special legal counsel, accountants and assistants as may be needful and requisite and fix the salaries and compensation to be allowed and paid to each. All such salaries and compensation with such other reasonable and necessary expenses as may be incurred in the liquidation shall be paid by the commissioner from the funds of such association in his hands. From the net realization of assets in excess of such salaries, compensation and expenses, the commissioner shall first pay all approved claims other than to shareholders and stockholders, without distinction or preference as between the claims of certificate holders and other creditors; and thereafter he shall distribute and pay dividends in liquidation first to the shareholders until their claims are fully paid or such assets or funds are exhausted, and second, if any such assets or funds remain, to the stockholders until such assets or funds are exhausted; provided, however, notwithstanding anything to the contrary herein contained, in the case of any association in which shareholders shall have heretofore been granted the right and option by the association to exchange their shares for investment certificates of equal value he shall distribute and pay dividends in liquidation to such shareholders without distinction or preference as between the claims of such shareholders and the claims of certificate holders and other creditors. Such distributions shall be made as funds are available therefor to the extent of 10 per cent or more of the approved claims of the class of claimants then entitled to distribution, and shall continue until all the assets have been realized upon and a final dividend in liquidation shall be declared and paid. Upon the payment of a final dividend in liquidation, the commissioner shall prepare and file with the court a full and final statement of the liquidation, including a summary of the receipts and disbursements, and a duplicate thereof shall be filed in the office of the commissioner and after due hearing and approval by the court, the liquidation shall be deemed to be closed.

The determination by the commissioner to liquidate any association, evidenced by filing written notice of such determination with the court, shall operate to stay or dissolve any or all actions or attachments instituted or levied within thirty days next preceding the taking possession of such association by the commissioner, and pending the process of liquidation as herein provided no attachment or execution shall be levied or lien created upon any of the property of such association

Whenever in the case of any association which shall have issued stock, the commissioner shall have fully liquidated all claims other than claims of stockholders, and shall have made due provision for any and all known but unclaimed liabilities, excepting claims of stockholders, and shall have paid all expenses of liquidation, then upon the written request of the holders of a majority of the stock of such association any surplus that may then remain in his hands, together with all the records and effects, shall be delivered to the association or its trustees, and thereafter such association or its trustees shall have title thereto free from any claim of the commissioner.

SEC. 2. Section 15 12 of the 'Building and Loan Association Act" is hereby amended to read as follows:

15.12. Apportionment of profits; and reserve. Profits and losses shall be apportioned at least annually, and shall be apportioned to all shares in each class at the time of such apportionment, according to the actual or book value thereof; provided, that the directors of any such association may in their discretion provide that full paid shares shall be preferred to the full amount thereof as against all other shares either upon liquidation or dissolution or at any time during the life of such association. If the reserve fund shall not equal five per cent of the outstanding loans at the time of each apportionment of profits, the directors shall set aside, as a reserve fund, not less than five per cent of the net profits accruing since the last prior apportionment, and shall continue so to do until said fund shall amount to at least five per cent of the loans in force, at which figure said fund shall thereafter be maintained. Said reserve fund shall at all times be available to meet losses arising from any source.

SEC. 3. This act is hereby declared to be an urgency measure necessary for the immediate preservation of the public peace, health and safety, within the meaning of section 1 of Article IV of the Constitution of the State of California, and shall take effect immediately. The following is a statement of the facts which constitute such necessity:

There are numerous building and loan associations now, at the present time, in the process of liquidation and in order that shareholders in such associations shall be assured of full and complete protection by allowing them under the conditions set forth in this act to participate ratably with investment certificates and in order that building and loan associations may take advantage of recent Federal legislation and to prevent protracted and costly litigation, it is absolutely essential that this act take effect immediately and its provisions made immediately applicable to associations now in the process of liquidation.

SEC. 11. A new article is hereby added to said act, as amended, to be numbered XVI and to read as follows:

Article XVI—Conservation and Reorganization of Associations

Sec 16.01. This article shall apply to all associations which within fifteen days after the effective date of this act have not applied to the commissioner for permission to resume the normal functioning of an association and to all associations which, within sixty days after the effective date of this act have not resumed the normal functioning of an association.

"Normal functioning" as used in this article shall include the resumption of recognition and discharge of all obligations with respect to the payment of interest upon deposits, and withdrawals thereof in accordance with the terms of said obligations as the same existed prior to March 10, 1933

Sec. 16.02. Any association upon a showing of financial ability satisfactory to the commissioner, may be granted permission by the commissioner to resume normal functioning. Any association after receiving such permission shall be obligated to resume interest and withdrawal payments in accordance with the terms of its outstanding contracts of deposit as the same existed prior to March 10, 1933

Sec. 16.03 Notwithstanding any other provision of law, in this act or elsewhere, the commissioner shall take possession of all associations which on the sixty-first day after the effective date of this act have not resumed normal functioning, or which thereafter fail to continue normal functioning The commissioner, upon taking such possession, shall cause an immediate investigation to be made to determine the financial condition of the association concerned for the purpose of classification, as (1) an association which may be conserved, (2) an association which must be reorganized, or (3) an association which must be liquidated. Upon the conclusion of such investigation, the commissioner shall classify all associations in his possession in one or the other category. After the original classification, the commissioner, by reason of changed conditions or other new developments, may reclassify any association in his possession. Such classification and reclassification shall be prima facie evidence of such fact.

Sec. 16.04. After classification of an association as one which may be conserved, or which must be reorganized, the commissioner shall appoint for such association a conservator who shall take charge of all the business and assets of the association, and shall conduct and manage the same for the benefit of the holders of outstanding investment certificates and shares until such association is able to resume normal functioning or has been reorganized.

Sec. 16 05. After classification of an association as one which must be reorganized and a conservator has been appointed, a plan of reorganization as hereinafter provided shall be developed.

Rehabilitation of Associations.

Sec 16.01 Application of Article. The terms "such association" or "such associations," as used in this article, shall be limited to an association or associations included in one or more of the following classes. (1) An association of which the property, business and assets are in the possession of the commissioner; (2) an association which is no longer able to conduct the normal business of an association; (3) an association which is unable to discharge its debts or other obligations as they become due or which is an "association on notice" as defined in section 6 01; (4) an association which is in such condition that, unless such association is liquidated or a plan is consummated, a preference is likely to be obtained by some certificate holders over other certificate holders or by some shareholders over other shareholders or by some creditors over other creditors of the same class; (5) an association which is in such a condition that it will probably be necessary, unless a plan is consummated, to liquidate such association or to sell or otherwise dispose of a substantial part of its assets at substantially less than the amount which might reasonably be expected to be realized therefrom in the ordinary and proper conduct of a going business. The determination by the commissioner that an association is included in one or more of the foregoing classes shall be prima facie evidence of such fact

Sec. 16 02 Definition of Plan. The term "plan" as used in this article is hereby defined to mean a plan for the rehabilitation, readjustment or reorganization of such association or of two or more such associations, or of all or of any part of the business, properties and assets of such association or of two or more such associations, or for the readjustment, modification or reorganization of the rights or interests of any or all of the investors and creditors of, and other persons, if any, interested in, such association or of two or more such associations, or for any two or more of the foregoing purposes. Without limiting the generality of the foregoing, a

plan may provide in respect of all or any part of the business, properties and assets of such association or associations for any one or more of the following: (1) for the retention thereof by, or (if then in the possession of the commissioner) the return thereof to, such association or any of such associations; (2) the retention thereof by, or (if not then in the possession of the commissioner) the delivery thereof to, the commissioner; (3) the transfer thereof to another corporation or to two or more other corporations (which corporation or corporations or any of them may but need not be an association or associations or a Federal Savings and Loan Association or associations); (4) the transfer thereof to a trustee or trustees. Any new association formed, pursuant to a plan, to continue the building and loan business of an existing association, may adopt and continue to use the name of such existing association or any part of such name.

Sec 16 03. Procedure. A plan (1) may be proposed by the commissioner or (2) may be proposed, subject to the approval of the commissioner, by such association or by two or more such associations through action of the board of directors of such association or associations or (3) by a committee representing and made up of depositors and certificate holders, which committee shall have been appointed and authorized by a public meeting of depositors and certificate holders called for that purpose by the publications of the call, purposes, together with the place, time and date of such meeting, in a newspaper of general circulation in the city or town where the principle office of such association, or associations is located. No plan shall be proposed or approved by the commissioner unless the commissioner is satisfied that the plan is fair and equitable and does not discriminate in favor of any class of investors, creditors or other persons affected thereby, is feasible and satisfies the priorities herein established.

Any plan to be approved by the court, the following priorities shall be observed

First. Holders of all outstanding investment certificates and shares shall first receive credit in full for their principal and interest to date of approval of the plan by the court.

Second. Creditors shall receive the face value of their legal claims.

Third Stockholders shall receive the face value of their stock in accordance with its conditions and preference.

If the assets of the association, or associations, shall be insufficient to satisfy the claims of any of the foregoing groups when its priority is reached, the available assets shall be apportioned ratably For the purpose of this article, real property, loans, and all other assets (whether like or unlike the foregoing) shall be valued at which may reasonable be expected to be realized therefrom in the orderly and proper conduct of a going business. A plan, if proposed or approved by the commissioner, shall be presented by the proposer or proposers to the superior court of the county in which an office of such association, or of at least one of such associations, is located with a petition that the court determine the fairness of such plan and the approvals requisite to such plan becoming operative, which petition shall set forth such plan and the fact that it has been proposed or approved by the commissioner and any other facts which such proposer or proposers shall deem material to a consideration of the fairness of such plan. Thereupon the court shall fix the time and place for the hearing of such petition and shall direct such association or each of such associations to deliver to such proposer or proposers (or, in the discretion of the court, to the commissioner) a list of the names and addresses of the investors and creditors of such association or of each of such associations and of all other known persons, if any, affected by such plan, whereupon such association or each of such associations shall comply with such direction. Thereafter the proposer or proposers of such plan, not less than twenty days before the date fixed for such hearing, shall mail or cause to be mailed to each of the investors and creditors of such association or associations and to all other known persons, if any, affected by such plan, a notice of the time and place fixed by the court for such hearing and either a copy of such plan or a summary thereof, which summary shall be either prepared or approved by the commissioner Section 8 08 of this act shall not apply to such notices. Said notices shall be mailed, postage prepaid, to the respective addresses as shown on such list or lists, or if no address be there shown, to the last known address In addition, the proposer or proposers of such plan shall cause notice of the time and place fixed for such hearing to be posted in three public places in said county not less than twenty days before the day fixed for such hearing and to be published at least once and not less than twenty days nor more than thirty days before the day fixed for such hearing in a newspaper of general circulation published in said county A copy of said plan shall be kept by the commissioner available for public inspection and he shall take such other steps as he shall deem necessary for making the plan and all notices and facts in connection therewith available to all interested parties

Sec. 16 04 Hearing. At the time and place fixed for such hearing, or at the time and place to which such hearing may be continued by the court, the court shall hear the parties interested therein and, if it deem it necessary, may take testimony relative thereto and/or may accept proof in affidavit form as to any fact or circumstance material thereto. Such hearing shall be, among other things, upon the fairness of the terms and conditions of the issuance of all securities to be issued pursuant to such plan and of the exchange thereof for outstanding securities, claims or property interests, or partly in such exchange and partly for cash, and all persons to whom it is

proposed to issue securities in such exchange shall have the right to appear at such hearing. No plan shall be approved by the court unless the court is satisfied that the plan is fair and equitable and does not discriminate in favor of any class of investors, creditors or other persons affected thereby, is feasible and the priorities, as set forth in this article are observed After the completion of such hearing the court shall approve, modify or disapprove such plan. No such plan shall become operative unless and until it shall have been approved, in its original form or if modified, in its modified form, by such court and the commissioner, nor unless and until such plan shall have been consented to, either in person or by a duly appointed agent, attorney or committee by the following persons: (a) if such association or any of such associations shall have stock outstanding, then by the holders of a majority in amount of the stock of such association or of each of such associations having stock outstanding; (b) if such association or any of such associations shall have shares outstanding, then by the holders of a majority in value of the shares of such association or of each of such associations having shares outstanding; (c) if such association or any of such associations shall have investment certificates outstanding, then by the holders of two-thirds in value of the investment certificates of such association or of each of such associations having investment certificates outstanding; (d) if such association or any of such associations shall have creditors, then by two-thirds of each class of creditors of such association or of each of such associations having creditors; (e) and by two-thirds in amount of each class of other known persons, if any, affected by such plan; provided, however, that such consents shall not be required in the case of any investor, creditor or other person affected, or of any class of investors, creditors or other persons affected if (1) the rights of such person or persons shall not be materially affected by such plan or (2) if such plan shall provide for the payment in cash of the value of the right or interest of such person or persons; and provided further, that such consents shall not be required from stockholders of any association if the value of the assets of such association shall be less than the liabilities thereof, including the value of all outstanding shares and investment certificates, or if the business, properties and assets of such association be then in the possession of the commissioner; and provided further, that the consent of the shareholders of any association shall not be required if the value of the assets of such association shall be less than the liabilities of such association, including the value of its investment certificates but not including the value of its shares, or if the business, properties and assets of such association be then in the possession of the commissioner. For the purpose of this article, real property, contracts for the sale of real property, loans, and all other assets (whether like or unlike the foregoing) shall be valued at what may reasonably be expected to be realized therefrom in the orderly and proper conduct of a going business. The consents required by this section may be given before the plan is presented to the court, or after such presentation and before the court has approved it, or after such approval. If at the time such plan is approved by the court the proportions above required of the investors, creditors and other persons, if any, affected thereby shall not have consented to the plan, the order of court may provide that upon satisfactory proof of the fact that such consents have been given, a further order may be entered ex parte providing that such plan shall become operative, which further order shall be binding upon the commissioner, such association or associations, and all such investors and creditors, and all other persons, if any, affected thereby. The superior court in which such petition is pending is hereby given jurisdiction to determine all questions required to be determined pursuant to this article including, without limiting the generality of the foregoing, the following: whether the association or associations subject to such plan are included in one or more of the classes specified in section 16.01; whether any plan, either in its original or modified form, is fair and equitable; whether it discriminates in favor of any class of investors, creditors or other persons affected thereby; whether it is feasible; whether the terms and conditions of the proposed issuance and exchange of securities thereunder are fair and to approve or disapprove such terms and conditions; the total liabilities of such association or associations; the approvals requisite under this article to such plan becoming operative, including jurisdiction to determine, for the purposes of the plan and such consents, the division of the creditors and other known persons, if any, affected by such plan, into classes according to the nature of their respective claims and interests

Sec 16 05. Effect of Approved and Consents When such plan shall have been so approved by the court and the commissioner and shall have been consented to by or on behalf of the respective required proportions of the investors, creditors and other persons, if any, affected thereby, such plan shall be binding upon the commissioner, such association or associations, all the investors and creditors of such association or associations, and all other persons, if any, affected thereby; and such association or associations and all such investors and creditors and all other persons, if any, affected thereby shall be conclusively deemed to have consented to all of the terms and conditions of such plan whether or not all of such persons shall actually have consented thereto and whether or not all of them shall have received notice of such plan or of such hearing as hereinbefore provided. Thereupon such steps shall be taken by the commissioner, such association or associations and all other persons affected by such plan, and all acts shall be done, all instruments executed and all

securities issued, as may be required by such plan so approved and as may be necessary or desirable for the consummation of such plan. The commissioner shall supervise and direct subject to the orders of the court the consummation of such plan. The commissioner shall have and may exercise the same jurisdiction, authority and powers with respect to any business, properties or assets retained by or delivered to the commissioner pursuant to any plan as the commissioner shall have with respect to the business, properties and assets of any association of which the commissioner has taken possession; and the commissioner shall have and may exercise the same jurisdiction, authority and powers with respect to any association (excepting a Federal Savings and Loan Association) formed pursuant to any plan or to which any business, properties or assets may be returned or transferred pursuant to any plan as the commissioner would have of such association if it had been formed or had acquired its business, properties and assets by means other than a plan.

Sec. 16.06. Appeals. No appeal from an order of the superior court approving a plan shall be effectual for any purpose, unless within thirty days after the entry of such order the appellant or appellants shall file with the clerk of such court a bond executed on the part of the appellant or appellants by at least two sureties to the effect that the appellant or appellants, in the event such order is affirmed on appeal, will pay all of respondents' costs, expenses and reasonable attorneys fees arising from such appeal, and also all losses and damages to the investors, creditors and other persons, if any, affected by such plan, arising from any delay in consummating such plan during the pendency of such appeal. The form and amount of such bond shall be approved by the superior court but in no case shall such bond be for an amount less than one per cent of the total liabilities of such association or associations. Appeals from orders approving plans shall be given preference in hearing on appeal over all other appeals, except contested election cases and cases in which the people of the State are parties

Sec. 16.07. Securities Issued Under Plan. The term "securities" as used in this article shall include not only shares, stock and investment certificates issuable by associations under other provisions of this act but also shares of Federal Savings and Loan Associations and stock of one or more classes issuable by corporations generally, and also bonds, notes, debentures, warrants, or evidences of indebtedness or of beneficial interest or of any other claims or rights. An association may issue, pursuant to a plan approved under this article, any one or more of the above mentioned kinds of securities, regardless of any provisions of this act to the contrary None of the provisions of the Corporate Securities Act shall apply to any securities issued pursuant to a plan approved under this article, whether or not such securities are issued by an association, except that brokers, as defined in said act, shall be subject to the provisions of said act with respect to all transactions involving such securities.

Sec 16.08. Authority of Fiduciaries. Any executor, administrator, guardian or receiver, and any trustee of any kind or nature, and any insurance company or cemetery association may, without the necessity of obtaining any specific court approval, (a) consent to any plan which has been approved by the court pursuant to section 16 04: (b) exchange any shares, stock, investment certificates or other rights or claims, for securities issued pursuant to such plan; and (c) may continue to hold as legal investment any securities so received.

Sec. 16.09. Emergency Period. No plan shall be operative pursuant to this article unless approved by the court and consented to as required by this article during the emergency period, which period, for the purposes of this article, shall commence with the effective date of this article and shall expire February 1, 1937, or at such earlier date as the commissioner shall find and declare that such emergency period has terminated; provided, however, that if, prior to the expiration or termination of said emergency period, such plan shall have been approved by the superior court and shall have been consented to as required by this article, such plan shall become operative, unless such approval shall be set aside on appeal, notwithstanding the fact that such approval of the superior court was not final at the expiration or termination of such emergency period.

Sec. 16.10. Legislative Declaration of Emergency The Legislature hereby declares the existence of a public emergency affecting the welfare, health, safety and comfort of the people requiring the provisions of this article, arising out of the following circumstances. More than four hundred million dollars is invested in associations in this State and such investments are held by several hundred thousand people, a large percentage of whom are persons of only moderate means and many of whom are executors, administrators, guardians, receivers, trustees, insurance companies and cemetery associations Nearly all of the funds of associations have been invested in long-time loans secured by real property, mostly by homes owned and occupied by persons of only moderate means. By reason of the long-continued and still existing disruption of the general economic and financial processes, with resulting widespread unemployment and drastic decline in rental and sales values, it has been and will be impossible for many borrowers from associations to meet their obligations to the associations. By reason of defaults of such borrowers, many associations have suffered heavy losses, both in income and in net worth In the absence of this article liquidation of many such associations would be necessary Such liquidation would impose severe hardships not only upon the borrowers and investors

but also upon the public generally since, by forcing the sale in each locality of numerous parcels of real property, the real estate market would be speedily demoralized, which would cause great losses both to borrowers and investors and also to the public generally, as well as large increases in tax delinquencies, and danger to the financial stability of banks and insurance companies. Associations are not subject to the Bankruptcy Act, but are and for many years have been subject to control and regulation by the State and to supervision by the commissioner. In the public interest it is necessary to enact this article in order to provide a means, subject to suitable safeguards, by which the business or affairs of associations in one or more of the classes specified in section 16.01 may be rehabilitated.

SEC. 14. If any section, subsection, paragraph, sentence, clause, phrase or other part of this act, or if any article, section, subsection, paragraph, sentence, clause, phrase or other part of the Building and Loan Association Act as amended by this act, is for any reason held to be unconstitutional, or to be invalid as applied to any person, association or circumstance, such decision shall not affect the validity of the remaining portions of this act or of said act as so amended, or the application to other persons, associations or circumstances of the part held to be invalid as aforesaid. The Legislature hereby declares that it would have passed this act and each section, subsection, paragraph, sentence, clause, phrase or other part thereof, and would have amended said act by adding thereto each article, section, subsection, paragraph, sentence, clause, phrase or other part added thereto by this act, irrespective of the fact that any one or more of the sections, subsections, paragraphs, sentences, clauses, phrases or other parts of this act be declared unconstitutional or be invalid as applied to any person, association or circumstance, and irrespective of the fact that any one or more of the articles, sections, subsections, paragraphs, sentences, clauses, phrases or other parts added to said act by this act be declared unconstitutional or be invalid as applied to any person, association or circumstance.

SEC. 15. The Legislature hereby declares that this act is enacted in the exercise of the police powers of this State in view of the existing emergency affecting building and loan associations arising from the circumstances set forth in section 16.10 of the act cited in the title hereof, as amended by this act.

SEC. 16. This act is hereby declared to be an urgency measure necessary for the immediate preservation of the public peace, health and safety, within the meaning of section 1 of Article IV of the Constitution of the State of California, and as such it shall take effect immediately. The following is a statement of the facts constituting such necessity: By reason of the long-continued and still existing depression, many building and loan associations have suffered heavy losses both in income and in net worth and are unable to carry on their normal business, thereby causing severe hardship to hundreds of thousands of investors and home owners and increasing public unemployment and distress. The provisions of this act will enable building and loan associations to obtain insurance from the Federal Savings and Loan Insurance Corporation, to make insured loans pursuant to the National Housing Act, to convert into Federal savings and loan associations and otherwise to rehabilitate the business of building and loan associations. The provisions of this act are necessary not only to accomplish the foregoing, but also to enable many building and loan associations to continue in business during the period required for such rehabilitation and to create proper safeguards for the protection of the public during such period. In the absence of this act much forced liquidation would occur immediately which would demoralize the real estate market, cause tremendous losses to borrowers, investors and the public generally, as well as large increases in tax delinquencies and danger to the financial stability of banks and insurance companies. It is therefore essential to the immediate preservation of the public peace, health and safety that each and every part of this act be enacted and be immediately effective."

St. Patrick's Day Speech by Mr. Charles W. Lyon.

This is the birthday of Saint Patrick, the Patron Saint of Ireland, and in passing we may note that in company with us throughout the civilized world, wherever the sons of the Gael may wander, the praises of Saint Patrick are sung and the story of his life and teachings are told.

The seventeenth day of March is a day that will ever be celebrated by the sons of Erin whether under the open dome of Ireland's sky, in the dark recesses of her glens and coves, or in the temples and halls of fame of foreign lands. The seventeenth day of March is Ireland's great national holiday It is a day that has a tender significance to every Irish heart. It is a day that has come to indicate and suggest to the Irish mind the time when Ireland and her people were freed from the bonds of paganism and superstition; the time when Ireland was one of the great centers of intellectual activity in Europe; the time when Ireland was called the "land of saints and scholars"; the time when the sons of Erin were happy, contented and free. It is a day that suggests and recalls to the Irish mind the time when Ireland was the "Niobe of nations." It suggests the tear-stained, blood-stained tragedy of the Irish race—the long, sad struggle of a people for liberty and independence, the long sad struggle of a people to maintain the faith that St. Patrick implanted within their breasts. Yes, it is a day that has come to serve as an inspiration for the future and it gives rise to the fond hope in the breast of every Irish heart that Ireland may soon again become a free and independent nation.

We celebrate St. Patrick's Day above all other days because St. Patrick reared the Cross of God on Erin's soil; because he lit the fire of the Christian faith in the Irish breast never to flicker or die out; because St. Patrick symbolizes the Irish ideal of true manhood; his lowly birth and beginning, his life, his humility, his works and his teachings have served and will ever serve as an inspiration for devotion, fidelity, courage and true Christian charity to the Irish race.

There is also another reason why we celebrate St. Patrick's Day, and why we recall the part that Ireland and her sons have played in the world's history: To tell the story of Ireland to the people of the civilized world in order that they may appreciate and have before them the injustice Ireland has suffered in order that Banquo's ghost may not down, and in order that England in this enlightened age, bowed in sorrow and shame, may at last repent and endeavor to make at least partial reparation for her sins against the Irish people.

History tells us that St. Patrick in about the year 400 A D. came to Ireland as a slave; that he was employed as a shepherd herding sheep on her mountain sides; that he learned to love her cheerful, true and simple people; that he escaped to the Continent, where he prepared himself and returned to Erin as an apostle of Christ to convert the people, whom he had learned to love, to Christianity without shedding a single drop of blood

At the time St. Patrick came to Ireland, she was a pagan nation, though her people were possessed of a certain loftiness of mind and worship, and had reached a high state of culture and civilization. St. Patrick indeed found a fertile soil in the keen, sharp and receptive mind of the Celt in which to sow the seeds of the true Christian faith. The result of St Patrick's fruitful mission to Ireland is too familiar to you to warrant repetition. You remember how he Christianized her people, how he met the Druids, the learned priests of Paganism, and the King of Ireland on Tara's Hill and here explained to them the true Christian faith, and expounded to them the doctrine of the Trinity, using as an illustration the three-leaf shamrock, which was ever afterward to be a sacred emblem of the Irish people; how he then lit the flame of Christianity upon the altar of God which has remained burning steadily throughout the centuries, dispelling the surrounding darkness and sending its civilizing beams to the uttermost parts of the earth.

The centuries immediately following the advent of St. Patrick were prosperous ones for her people. She was known as the land of saints and scholars. Her schools and colleges were famed the world over. She was in fact one of the great centers of intellectual activity. Her learned monks carried the celestial banner of Christianity to the Continent and to her sister island England. Her teachers were sought in the leading institutions of learning of the time. Charlemagne, who had reared his great empire on the ruins of mighty Rome, sought out the Irish scholars and teachers and appointed them to positions of honor and responsibility in his court.

While her people were quietly engaged in peaceful educational pursuits and in furtherance of the arts and sciences; when the pen had supplanted the sword; the Danes, a band of marauders and barbarians of the north, like the Huns of Eld, crushed down upon her like a mighty avenging fury; destroyed, sacked and pillaged her churches and temples, laid waste her fields and impaired her industries But her people were undaunted, and with the faith of St. Patrick in their heart and the determination to be free, a united Irish people rose up in their might and drove the enemy from their borders in the year 1014 on the field of Clontarf, under the leadership of the mighty Brian Boru But the influence of the Danes left its traces on Irish civilization and in her weakened condition, Ireland with her life blood sapped; her institutions of learning in ruins; her fields laid bare; began slowly to recoup her lost fortunes. Her people, somewhat disunited, but filled with sincerity, simplicity and truth, unaccustomed to the treachery, deceit, intrigue and bad faith of her Briton brethren, fell a prey to the siren guile and serpent guile of Henry II, their pretended friend, in the year 1171. Then followed the tear-stained, blood-stained tragedy of Erin's sons—the terrible slaughter by Cromwell at Drogheda. Her very hills and valleys echoed with the wails and moans of a starved, dying and depressed people. Her very soil reeked with the innocent blood of her sons.

During these dark days in Erin, there appeared on the scene of action heroes, priests, patriots, statesmen and martyrs whose loyalty, bravery and courage astounded the world; her Hugh O'Neils, her Patrick Sarsfields, her Father Murpheys, her Wolf Tones, her Lord Fitzgeralds, her Edmond Burkes, her Robert Emmets, her Daniel O'Connells, her William Smith O'Briens, her Thomas Meaghers her Michael Davitts and her Charles Stuart Parnells.

The history of the dark days of Erin are doubtless familiar to you all. Her penal laws; how her representatives of God were hunted like wolves; her lands taken from her sons—oppression unbearable, tyranny unspeakable. Ireland oppressed by her brethren of Briton without right or reason, robbed of her lands and possessions; robbed of her homes and her firesides. Ireland, who had a glorious history "ere England had emerged from British barbarism!" Her sons forbidden by law to wear

the green shamrock, their sacred emblem; with unselfish devotion to a principle and to the faith of their fathers, and with that courage, sacrifice and fidelity symbolized to the Irish mind by St. Patrick, began their march westward. In the words of the poet.

But if at last our color should be torn from Ireland's heart,
Her sons with shame and sorrow from the dear old isle will part;
I've heard a whisper of a country that lies beyond the sea,
Where rich and poor stand equal in the light of equality.

"SEC. 3. This measure is hereby declared to be an urgency measure necessary for the immediate preservation of the public peace, health and safety within the meaning of section 1 of Article IV of the Constitution, and as such shall take effect immediately.

The reasons constituting such necessity are as follows:

Under School Code section 4.750 as it now exists, whenever the records of a school district for any school year have been lost or destroyed, or the average daily attendance thereof has been materially affected by a public calamity, the average daily attendance of the district is determined by adding to or subtracting from the average daily attendance of the district for the preceding school year the average yearly increase or decrease, as the case may be, for the next preceding three school years. In no case has the average daily attendance for any year in a district been decreased by the operation of the existing law. The attendance in practically every school district increases yearly. Under the existing law, if the attendance of a district is materially affected by a public calamity for two or more successive school years there is a pyramiding of the attendance computed under the present law. During the current school year 1934–1935 the school districts comprising one school system alone received about $1,039,000 more from State funds than it would normally have been entitled to receive. This sum was taken from funds which would otherwise have gone to the other school districts. To prevent a recurrence of this diversion of funds at the expense of other school districts of the State during the next school year 1935–1936, which begins July 1, 1935, and thereafter, it is necessary that this measure take effect immediately."

Such proclamation shall conform in all respects to the general State law governing the conduct of general elections now or hereafter in force, applicable thereto, except as otherwise herein provided

(12) The county clerk shall cause the ballots to be printed and bound and numbered as provided by said general State law, except as otherwise required in this act The ballots shall contain the list of names and the respective offices as published in the proclamation and shall be in substantially the following form:

General (Or Special) District Election,

_____ County Water District.

(Inserting date thereof).

Instructions to Voters To vote, stamp or write a cross (+) opposite the name of the candidate for whom you desire to vote. All marks otherwise made are forbidden All distinguishing marks are forbidden and make the ballot void. If you wrongly mark, tear or deface this ballot, return it to the inspector of election, and obtain another.

(13) All ballots printed shall be precisely on the same size, quality, tint of paper, kind of type, and color of ink, so that without the number it would be impossible to distinguish one ballot from another; and the names of all candidates printed upon the ballot shall be in type of the same size and style. A column may be provided on the right-hand side for questions to be voted upon at water district elections, as provided for under this act The names of the candidates for each office shall be arranged in alphabetical order, and nothing on the ballot shall be indicative of the source of the candidacy or of the support of any candidate.

(14) The ballot shall contain the following instructions: "For director vote for (giving number)."

(15) A half-inch square shall be provided at the right of the name of each candidate wherein to mark the cross.

(16) Half-inch spaces shall be left below the printed names of candidates for each office equal in number to the number to be voted for, wherein the voter may write the name of any person or persons for whom he may wish to vote.

(17) The county clerk shall cause to be printed sample ballots, identical with the ballot to be used at the election, and shall furnish copies of the same on application to registered voters at his office at least five days before the date fixed for such election, and shall mail one such ballot to each voter entitled to vote at such election, so that all of said sample ballots shall have been mailed at least three whole days before said election.

(18) In case there is but one person to be elected to an office, the candidate receiving a majority of the votes cast for the candidates for that office shall be declared elected; in case there are two or more persons to be elected to an office, then those candidates equal in number to the number to be elected, who receive the highest number of votes for such office shall be declared elected; provided, however, that no person shall be declared elected to any office at such first election unless the number of votes received by him shall be greater than one-half the number of ballots cast at such election.

(19) If at any election held as above provided there be any office to which the required number of persons was not elected, then as to such office the said first election shall be considered to have been a primary election for the nomination of candidates, and a second election shall be held to fill said office. The candidates not elected at such first election, equal in number to twice the number to be elected to any given office, or less if so there be, who receive the highest number of votes for the respective offices at such first election, shall be the only candidates at such second election; provided, that if there be any person who, under the provisions of this subdivision, would have been entitled to become a candidate for any office, except for the fact that some other candidate received an equal number of votes

therefor, then all such persons receiving such equal number of votes shall likewise become candidates for such office. The candidates equal in number to the persons to be elected who shall receive the highest number of votes at such second election shall be declared elected to such office.

(20) The said second election, if necessary to be held, shall be held three weeks after the first election.

(21) All the provisions and conditions above set forth as to the conduct of an election, so far as they may be applicable, shall govern the second election, except that notice of election need be published twice only; and provided, also, that the same precincts and polling places shall, if possible, be used.

(22) If a person elected fails to qualify, the office shall be filled as if there were a vacancy in such office, as provided in section 4 of this act

(23) No informality in conducting district elections shall invalidate the same.

Assembly Joint Resolution No. 26.

Relative to memorializing Congress to proceed with the construction of the international highway from Canada to Fairbanks, Alaska.

WHEREAS, A time of grave emergency exists in which many millions of our citizens are unable to secure gainful employment; and

WHEREAS, This condition falls with crushing, demoralizing effect upon the young, virile, adventuresome persons in our society who have been denied their equal rights to attain individual success by a complex, concentrated power machine industry over which they can not exert directive control; and

WHEREAS, The Federal and State governments are searching frantically for a form of unemployment relief which will adequately care for the needy without degrading them and pauperizing the commonwealth; and

WHEREAS, The United States possesses a last great frontier in Alaska, so vast in its territory, and so rich in yet unexploited resources which, conservatively estimated by experts, can be developed to sustain six million people; and

WHEREAS, There is surveyed and projected as part of the program of public works the completion of the Alaska highway from Vancouver, B. C., to Fairbanks, Alaska, which will open to travel and colonization a region of great natural beauty and economic potentialities; and

WHEREAS, The projected road construction will employ several thousand young men who are likely to remain in Alaska, there to take their part in the development of the territory; and

WHEREAS, Our sister States of the Pacific are memorializing the President of the United States and the Congress thereof to proceed with this enterprise because of its emergency effect upon unemployment, its advantages to coast scenic travel, the development of the Territory of Alaska, and the strategic importance of the road for military defense purposes; therefore, be it

Resolved by this Assembly in joint resolution with the Senate of the State of California, That the Governor of California forward a copy of this resolution to the President of the United States and the Congress, requesting that immeditae steps be taken to complete the projected Alaska highway

[OFFICIAL COPY REPRINT.]

Assembly Committee Substitute for Senate Joint Resolution No. 3.

State of New Jersey.

Adopted February 26, 1935.

Joint resolution providing for an unpaid commission on interstate cooperation.

WHEREAS, There is constant confusion and there are frequent competition and conflict between the States of the Union in their laws and their administrative practices concerning taxation, labor, commerce, agriculture, liquor traffic, motor vehicles, crime prevention, public welfare, and many other subjects of government with which this State is vitally concerned; and

WHEREAS, It is desirable for the people of this State that such disharmony and chaos shall not continue, but that the governments shall strive together in accordance with enlightened standards and mutually acceptable policies; and

WHEREAS, The necessity for official cooperation between the State governments is recognized by the compact provision in section 10 of Article I of the Constitution of the United States; and

WHEREAS, The President of the United States has recently declared that "both the Congress and the executive departments of the National Government are constantly confronted with problems whose solutions require coordinated effort on the part of the States and of the Federal Government," and that "it is apparent to all students of government that there is urgent need for better machinery of cooperation between Federal, State, and local governments in many fields"; and

WHEREAS, There have now been established agencies which provide such machinery of cooperation, namely, the American Legislators' Association, which has been officially sanctioned and endorsed by one or both branches of 46 Legislatures, and the Council of State Governments, which has been organized by said association; and

WHEREAS, It is to the interest of the people of this State that their government officially participate with the governments of the other States in the formulation of their cooperative policies and in their other deliberations, in order that the interests of this State may not be disregarded and in order that this State may do its share, or more than its share, in the development of a more perfect Union; now, therefore, be it

Resolved by the Senate and General Assembly of the State of New Jersey:

1. There is hereby established the New Jersey Commission on Interstate Cooperation, whose function it shall be to perfect the participation of this State in the Council of State Governments, for the purpose of establishing and maintaining governmental machinery to facilitate communication, negotiation, understanding, and cooperation between the State of New Jersey and the other States of the Union, both regionally and nationally.

2. The commission shall report to the Governor and to the Legislature on the first day of each regular legislative session, and at such other times as it deems proper. Its members shall serve without compensation, but they shall be paid their necessary expenses in carrying out their obligations under this resolution. It may employ a secretary and such other assistants as are needed in the performance of its duties, or it may share the expense of such employment with similar commissions of other States.

3. The said commission shall be composed of 15 members, namely:

Five officials of the State named by the Governor, one of whom shall be designated by him as the chairman of the commission.

4. The said committees of the Senate and the House of Assembly, hereby or heretofore established, shall be standing committees, and their members shall be designated as are the members of other standing committees. These committees shall function during the regular sessions of the Legislature, and also during the interim periods between such sessions; their members shall serve until their successors are designated; and they shall constitute the New Jersey Council of the American Legislators' Association.

5. By Mr. Patterson: Assembly Constitutional Amendment No. 69—Proposed amendment to Article IV of the Constitution, by amending sections 1 to 10, 12 to 17, 19, 23a and 34 thereof, relating to a single house Legislature.

Introduced, and referred to Committee on Constitutional Amendments.

Report of Special Committee.

The following report of Special Committee was received, read, and ordered printed in the Journal:

Report of Special Committee Appointed Pursuant to an Assembly Resolution Passed September 15, 1934, Relative to the Subject of Horse Racing.

Your committee held a meeting in Los Angeles during the month of November, 1934, at which time the members of the California Horse Racing Commission were interrogated, together with many other citizens interested in the subject.

Racing in California is in its infancy in so far as the present law is concerned and no information was elicited at the hearing or testimony introduced, which in the opinion of the members of your committee would be of any value to the Legislature in proposing amendments to the existing law.

The hearing developed the fact that all matters pertaining to racing had been administered in a regular manner, and your committee in so far as its investigation is concerned have no recommendation to make.

Since the powers of our committee ceased with the coming of the present session of the Legislature, we respectfully ask that the committee be discharged, and that all matters necessary be considered during the present session of the Legislature in relation thereto should be referred to a proper committee of the Assembly.

Respectfully submitted.

CHARLES W. LYON.
P. J. McMURRAY.
T. A. MALONEY.
CLARE WOOLWINE.

AYES—Anderson, Clark, Geyer, Gilmore, Glover, Hawkins, Heisinger, Hornblower, Hunt, Jones, Laughlin, Lore, McCarthy, McMurray, Patterson, Pelletier, Richie, and Wagner—18

NOES—Andreas, Boyle, Breed, Burns, Cassidy, Chatters, Corwin, Cottrell, Cronin, Crowley, Cunningham, Dawson, DeLap, Donihue, Donnelly, Evans, Herbert J, Evans, Ralph W., Field, Fisher, Frazier, Fulcher, Garibaldi, Gilbert, Johnson, Kallam, Latham, Lyon, Maloney, Martin, McBride, Meehan, Miller, Minard, Morgan, O'Donnell, Peyser, Phillips, Reaves, Redwine, Riley, Robertson, Rosenthal, Scudder, Stream, Thorp, Turner, Voigt, Walker, Wallace, Waters Welsh, Wright, and Mr. Speaker—53.

Statement by Mr. Hornblower.

In support of his amendment to exempt the sales tax on transportation of freight when freight is included in the sale price of the product.

"The reason for presenting this amendment to the present Sales Tax Law is because our sister State, Arizona, has enacted under section 8 of their Sales Tax Law of 1933 the following freight deduction law.

> "SEC. 8. Freight deduction.—In computing the amount of tax levied by this article upon the business activities classified in subdivision (A) and paragraph (1) of subdivision (C) of section 2 of this article, such selling price shall be reduced by the amount of the actual freight paid by the taxpayer, from the place of production to the place of delivery, when such freight is included in the sale price of such products. (See 6538.)"

It would seem no more than proper that since Arizona has taken into consideration, as well as other States, that freight or transportation charges is not tangible property and thus should be exempt from any sales tax, that California likewise should treat its consumers and merchants and manufacturers in the same manner. My amendment would not only have affected the automobile industry but every other industry doing business in the State of California wherein freight is charged as part of the retail sale."

Further Consideration of Assembly Bill No. 1273.

Assembly Bill No. 1273—An act to amend the title and sections 2, 9, 15, 17, 18, 20, 21, 22, 23, 24, 26, 27, 30, and 33 of an act entitled "An act imposing a tax for the privilege of selling tangible personal property and for the privilege of furnishing, preparing or serving tangible personal property, providing for permits to retailers, providing for the levying, assessing, collecting, paying and disposing of such tax, making an appropriation for the administration hereof, prescribing penalties for violations of the provisions hereof, and providing this act shall take effect immediately," approved July 31, 1933; to repeal sections 7 and 19 of said act; to add sections 7 and 19 to said act; all relating to the taxation of the privilege of selling tangible personal property; and to provide that this act shall take effect immediately.

A petition for such a reassessment may be filed with the board on or before the date designated in the notice of such additional assessment as the time when the taxpayer may be heard on a petition by him for reassessment. Each such hearing shall be held at the time and place designated in such notice to the taxpayer, but the board shall have power to continue the same from time to time as may be necessary. Each such petition filed with the board shall set forth specifically and in detail the grounds upon which it is claimed the assessment is erroneous. If no petition for reassessment is filed with the board the taxpayer may nevertheless appear at the hearing and present his objections orally

None of the provisions of this section shall be construed to accord to any taxpayer the right to petition for reassessment in a case of neglect or refusal upon his part to make a return within the time prescribed by this act or by the board under the authority of this act.

SEC. 32. Except in the case of a fraudulent return, or neglect or refusal to make a return, every notice of additional tax proposed to be assessed hereunder shall be mailed to the taxpayer within two years after the return was filed.

If, in the opinion of the board, a tax has been computed in a manner contrary to law or has been erroneously computed by reason of a clerical mistake on the part of the board, such fact shall be set forth in the records of the board and the amount of the overpayment shall be credited on any taxes then due from the taxpayer under said act, and the balance shall be refunded to the taxpayer, his successors, administrators, executors or assigns.

If any tax, penalty or interest has been paid more than once, or has been erroneously or illegally collected, or has been erroneously or illegally computed, the board shall certify to the State Board of Control the amount collected in excess of what was legally due, from whom it was collected, or by whom paid, and if approved by that board the same shall be credited on any taxes then due from the taxpayer under said law, and the balance shall be refunded to the taxpayer but no such credit or refund shall be allowed unless duplicate copies of a claim for refund are filed within six months from the date of overpayment.

Every claim for refund must be in writing under oath and must state the specific grounds upon which the claim is founded.

Any refund or any portion thereof which is erroneously made and any credit or any portion thereof which is erroneously allowed, may be recovered in an action brought by the Controller of the State in a court of competent jurisdiction in the county of Sacramento in the name of the people of the State of California and such action shall be tried in the county of Sacramento unless the court with the consent of the Attorney General, orders a change of place of trial The Attorney General must prosecute such action, and the provisions of the Code of Civil Procedure relating to service of summons, pleadings, proofs, trials and appeals are applicable to the proceedings herein provided for.

In the event that a tax has been illegally levied against a taxpayer the board shall certify such fact to the State Board of Control and said board shall authorize the cancellation of the tax upon the records of the board.

If fraud or evasion on the part of a taxpayer is discovered by the board, it shall determine the amount by which the State has been defrauded, shall add to the amount so determined a penalty equal to twenty-five per cent thereof and shall assess the same against the taxpayer. The amount so assessed shall be immediately due and payable.

SEC. 35. The board shall report to the Controller every assessment made under this act, and he shall keep a record thereof.

SEC. 36 In any case in which said tax, or any interest or penalty imposed under this act is not paid when due the board may file for record in the recorder's office of any county a notice of lien specifying the amount of the tax, interest or penalty due and the name of the taxpayer liable for the same. From the time of filing any such notice the amount of the tax specified in such notice shall have the force and effect of the lien of a judgment against the taxpayer named in said notice of lien for the amount specified in such notice Such lien may be released by filing for record in the office of the county recorder of a release thereof executed by the board upon payment of the tax, interest and penalties or upon receipt by the board of security sufficient to secure payment thereof, but no such release shall be deemed a waiver of said tax, or any interest or penalty levied or assessed under this act and due and payable or to become due and payable by such taxpayer

SEC. 37. If any taxpayer liable for said tax shall sell out his business or stock of goods or shall quit the business, he shall make a final return within fifteen days after the date of selling or quitting business. His successor, if any, shall be required to withhold sufficient of the purchase money to cover the amount of such taxes and interest or penalties due and unpaid until such time as the former owner shall produce a receipt from the board showing that they have been paid, or a certificate stating that no taxes are due. If the purchaser of a business or stock of goods shall fail to withhold purchase money as above provided, he shall be personally liable for the payment of the taxes, interest and penalties accrued and unpaid on account of the operation of the business by the former owner.

SEC 38. In the event that any taxpayer is delinquent in the payment of said tax, the board may give notice of the amount of such delinquency by registered mail to all persons having in their possession, or under their control, any credits or other personal property belonging to such taxpayer, or owing any debts to such taxpayer at the time of receipt by them of such notice and thereafter any person so notified shall neither transfer nor make any other disposition of such credits, other personal property, or debits until the board shall have consented to a transfer or disposition, or until twenty days shall have elapsed from and after the receipt of such notice. SEC. 41 It is expressly provided that the foregoing remedies of the State shall be cumulative and that no action taken by the board or Attorney General shall be construed to be an election on the part of the State or any of its officers to pursue any remedy hereunder to the exclusion of any other remedy for which provision is made in this act.

The board or any person authorized in writing by it is hereby authorized to examine the books, papers, records and equipment and to investigate the character of the business of any taxpayer in order to verify the accuracy of any return made, or if no return was made by such taxpayer, to ascertain and assess the tax imposed by the act. The board is hereby charged with the enforcement of the provisions of this act and is hereby authorized and empowered to prescribe, adopt and enforce rules and regulations relating to the administration and enforcement of the provisions of this act and in the collection of said taxes, and any penalties and interest imposed by this act, and to that end may appoint, such accountants, auditors, investigators and assistants as it may deem necessary to enforce its powers and perform its duties under this act.

SEC. 48. At any time within two years after the delinquency of any tax, the board may bring an action in a court of competent jurisdiction in the name of the people of the State of California to collect the amount delinquent, together with penalties. The Attorney General must prosecute such action, and the provisions of the Code of Civil Procedure relating to service of summons, pleadings, proofs, trials, and appeals are applicable to the proceedings herein provided for. In such action a writ of attachment may issue, and no bond or affidavit previous to the issuing of said attachment is required. In such action a certificate by the board showing the delinquency shall be prima facie evidence of the levy of the tax, of the delinquency and of compliance by the board with all the provisions of this act in relation to the computation and levy of the tax.

SEC. 49. No injunction or writ of mandate or other legal or equitable process shall issue in any suit, action or proceeding in any court against this State or against any officer thereof to prevent or enjoin under this act the collection of any tax sought to be collected; but after payment of any such tax under protest, duly verified and setting forth the grounds of objections to the legality of such tax, the taxpayer paying such tax may bring an action against the State Treasurer in a court of competent jurisdiction in the county of Sacramento for the recovery of tax so paid under protest. No such action may be instituted more than sixty days after the tax becomes due and payable, and failure to bring suit within said sixty days shall constitute waiver of any and all demands against this State on account of alleged overpayment of such taxes hereunder. No grounds of illegality of the tax shall be considered by the court other than those set forth in the protest filed at the time of the payment of the tax.

SEC. 50. If in any such action, judgment is rendered for the plaintiff, the amount of the judgment shall first be credited on any taxes due from the plaintiff under said act, and the balance of the judgment shall be refunded to the plaintiff. In any such judgment, interest shall be allowed at the rate of six per cent per annum upon the amount of tax found to have been illegally collected from the date of payment of such tax to the date of allowance of credit on account of such judgment or to a date preceding the date of the refund warrant by not more than thirty days, such date to be determined by the Controller

SEC. 51. In no case shall any judgment be rendered in favor of the plaintiff in any action brought against the State Treasurer to recover any such tax, when such action is brought by or in the name of an assignee of the taxpayer paying said tax, or by any person other than the person who has paid such tax.

SEC. 52. Any taxpayer failing or refusing to furnish any return hereby required to be made, or failing or refusing to furnish a supplemental return or other data required by the board, or rendering a false or fraudulent return, shall be guilty of a misdemeanor and subject to a fine of not exceeding five hundred dollars for each such offense.

SEC. 53. The facts constituting the necessity are as follows:

The Federal court has held that certain receiver certificates are prior to the lien of the State for certain delinquent gasoline taxes due prior to January 1, 1935. *This bill provides for the payment of the delinquent tax in installments with interest*, and will permit the reorganization of certain of the delinquent companies, the taking up of such receiver certificates and the restoration of the priority of the lien of the State. In the case of certain delinquent companies reorganization plans must, by court order, be completed prior to May 1, 1935, and unless such plans may be completed by that date the State will be faced with a controversy as to the priority of its lien In order to avoid this it is necessary that this act take immediate effect."

of business of the applicant is not unfair, unjust, or inequitable, that it intends to fairly and honestly transact its business, and that the securities that it proposes to issue and the method to be used by it in issuing or disposing of them are not such as, in his opinion, will work a fraud upon the purchaser thereof, the commissioner shall issue to the applicant a permit authorizing it to issue and dispose of securities, as therein provided, in this State, in such amounts and for such considerations and upon such terms and conditions as the commissioner may in said permit provide Otherwise, he shall deny the application and refuse such permit and notify the applicant in writing of his decision. SEC 4 This act is hereby declared to be an urgency measure necessary for the immediate preservation of the public peace, health and safety within the meaning of section 1 of Article IV of the Constitution of the State of California, and as such it shall take effect immediately The following is a statement of the facts constituting such necessity

By reason of the long-continued and still existing depression throughout the State of California and throughout the United States, many companies have suffered heavy financial losses and are unable safely and properly to meet their obligations and liabilities under their outstanding securities, thereby threatening such companies with severe hardship or insolvency or forced liquidation, and causing distress to holders of their securities and the public generally. There exists the necessity for rapid and orderly readjustments and proper rehabilitation under the regulation and supervision of the commissioner in these and like situations, to promote orderly processes and conduct of business, and to prevent the cumulative evils of present economic disruption and financial demoralization The provisions of this act will assist such companies to readjust their affairs and rehabilitate themselves, and to continue in business in an orderly manner, to the mutual benefit of such companies and the holders of their outstanding securities, and the public generally. It is therefore essential to the immediate preservation of the public peace, health and safety that each and every part of this act be enacted and be immediately effective "
