STATE OF CALIFORNIA, GOVERNOR'S OFFICE,
SACRAMENTO, May 24, 1937

To the Honorable Members of the Assembly.

I am returning herewith, without my approval, **Assembly Bill No. 810,** the same being:

"An act to amend section 1142 of the Political Code, relating to elections."

Assembly Bill No. 444 relates to the same question as Assembly Bill No. 810 Having signed Assembly Bill No 444, I am returning Assembly Bill No. 810 without my approval.

FRANK F. MERRIAM, Governor of California

Assembly Bill No 810 ordered on unfinished business calendar.

STATE OF CALIFORNIA, GOVERNOR'S OFFICE,
SACRAMENTO, May 24, 1937.

To the Honorable Members of the Assembly.

I am returning herewith, without my approval, **Assembly Bill No. 285,** the same being:

"An act to amend sections 92 and 122 of, and to add section 108 to, the Civil Code, relating to grounds of divorce and defenses thereto."

Assembly Bill No. 285 defines "incompatibility" as "the inability of either or both parties to the marriage to live together without mental anguish or humiliation, or physical suffering, after a reasonable effort in good faith on the part of either or both parties to reconcile their difference," and adds incompatibility as a cause for divorce.

Believing that divorce is too easily obtainable even under present statutes, and that the proposed addition is entirely undesirable, I am returning Assembly Bill No. 285 without my approval.

Respectfully submitted.

FRANK F. MERRIAM, Governor of California.

Communication from Legislative Counsel on Point of Order Relative to Assembly Bill No. 1065.

The following communication and ruling on the point of order on Assembly Bill No 1065 was received, and ordered printed in the Journal:

By Mr. Lyon:

STATE OF CALIFORNIA, OFFICE OF LEGISLATIVE COUNSEL,
SACRAMENTO, CALIFORNIA, May 24, 1937.

Honorable Charles W. Lyon, Assembly Chamber,
State Capitol, Sacramento, California.

SUBJECT: *Expunging Record and Rescinding Vote Upon Motion to Postpone Consideration Indefinitely.*
REQUEST: No. 9139.

DEAR MR LYON. You have asked us whether or not a vote whereby consideration of a bill is postponed indefinitely, as provided by Assembly Standing Rule No. 47, can be rescinded and the record thereof expunged as provided for by Rule No. 60.

It is our opinion that such action can be taken and that the favorable vote upon the motion to postpone indefinitely can be rescinded and the record thereof expunged. We are attaching hereto a copy of memorandum in support of this conclusion.

It is our further opinion that either a favorable vote upon a motion to rescind or a favorable vote to rescind a motion to postpone indefinitely permits further consideration and passage of the bill involved. The effects of the motion to rescind and expunge is to delete from the Journals of the Assembly the indefinite postponement of consideration of the bill. Hence, there is nothing in the record to bar any action upon the bill which the Assembly may choose to take.

Very truly yours,

FRED B. WOOD, Legislative Counsel.
By LAWRENCE G. ALLYN, Deputy.
May 24, 1937.

MEMORANDUM RESPECTING RIGHT TO RESCIND ACTION OF THE ASSEMBLY TO POSTPONE INDEFINITELY THE CONSIDERATION OF A BILL.

Under date of Wednesday, May 19th, the motion was made and carried that further consideration of Assembly Bill No. 1065 be postponed indefinitely (pages 42 and 43, Assembly Daily Journal)

Immediately thereafter motion was made that the vote whereby the motion to postpone Assembly Bill No. 1065 indefinitely was adopted be reconsidered and reconsideration was refused (page 43, Assembly Journal).

On the legislative day of Friday, May 21, 1937, a motion was made to expunge the record and rescind the action whereby the consideration of Assembly Bill No. 1065 was indefinitely postponed, which motion was carried (Assembly Journal, pages 137 and 138). A point of order was raised that the motion to expunge the record and rescind the action was not in order

Rule 60 of the Standing Rules of the Assembly reads as follows:

> "60. Previous to the approval of the Journal by the Assembly, as corrected by the Minute Clerk, any action may be rescinded and its record ordered expunged by an affirmative recorded vote sufficient to take such action originally; except that no action shall be rescinded and the record expunged by a vote less than a majority of the entire elected membership. No motion to rescind the action and expunge the record shall be made twice on the same proposition."

Rule 37 of Robert's Rules of Order is to the same effect. Robert's Rules, however, point out certain exceptions to the effect that votes can not be rescinded after something has been done as a result of that vote that the Assembly can not undo, where the vote is in the nature of a contract, etc. Mason's Manual of Legislative Practice, section 302, is similar. Both Robert and Mason point out that the motion to rescind is principally used to annul a previous action after the time for reconsideration has passed. The motion to rescind is not in order when the question can be reached by the motion to reconsider which has been previously made.

The same rule is set forth in section 469 of Hughes' American Parliamentary Guide.

While the authorities quoted state that a motion to rescind may not be reconsidered because the nature of the motion is itself reconsideration, there is apparently no parliamentary objection to a motion to rescind being made subsequent to the refusal of adoption of a motion to reconsider.

> "*Although a motion is irregular which proposes a question already decided,* it is nevertheless competent for the house to rescind a vote. This is allowed, in order that the discretion of Parliament may not be too strictly confined, and its votes subject to irrevocable error. In point of form, the rescinding of a vote is the matter of a new question * * * and thus the same question, which has been already resolved, is not again offered, although its effect is annulled."

Section 1260, Cushing's Law and Practice of Legislative Assemblies.

It should be noted in passing, at least, that Assembly Standing Rule 60 differs in form from the similar rule (No. 55 of the 1935 session) particularly in that the following language was deleted:

> "No vote shall be so rescinded after something has been done as a result of such vote that the Assembly can not properly undo, *or where such action will allow the reconsideration of a bill in violation of Rule 94.*"

In the report of the Assembly Interim Committee on Legislative Rules, Procedure and Printing appearing in the Assembly Daily Journal for Tuesday, January 5, 1937, the following comment appears with reference to the changes in the proposed Rule 60:

> "In line with our idea of shortening and simplifying the rules, the committee has deleted a portion of the old Rule 55, eliminating what was considered ambiguous matter. The major change to the rule is that no motion to rescind the action and expunge the record shall be made twice on the same proposition. We believe this amendment to the rule is self-explanatory."

It would, therefore, appear that the provision of Rule 60 permitting "any action" to be rescinded previous to the approval of the Journal is applicable to all actions of that body and controls over other rules except possibly in so far as rescission would effect vested rights, *or except in so far as it may appear that the provisions of some other standing rule are expressly exempted from Rule 60.*

Inasmuch as it appears that the Assembly Daily Journal for Wednesday, May 19th, had not been corrected and approved by the Assembly on the legislative day of May 21st when the action to rescind was taken, the only question remaining to be considered is whether "any action" as used in Rule 60 includes affirmative action upon a motion to postpone indefinitely as provided in Assembly Standing Rule 47, which rule reads as follows:

> "47. When a motion is made to postpone indefinitely any bill, motion or amendment, it opens the main question to debate. Should the motion to postpone indefinitely prevail by a majority vote of the entire membership, the main question shall not be acted upon again during the session."

In the report of the interim committee referred to above the following explanation of Rule 47 as amended appears on page 23 of the Assembly Daily Journal for Tuesday, January 5, 1937:

> "Since the purpose of this motion is to kill whatever may be before the Assembly for consideration, the committee feels that a majority of the *elected* members, rather than a majority of the members present, should be required to carry such a motion."

Robert's Rule 34 states that an affirmative vote to postpone indefinitely may be reconsidered, and in speaking of the effect of the motion, states that if adopted it suppresses the main motion for that session, unless the vote is reconsidered.

In discussing such a motion, Mason's Manual at section 296 declares:

> "An affirmative vote on the motion to postpone indefinitely may be reconsidered. In Congress it is provided by rule that a question which has been indefinitely postponed may not be acted upon again at the same session. It has been maintained that indefinite postponement, since it finally disposes of a question, may not be reconsidered. The same argument would be equally applicable to a negative vote on a main question where the right to reconsider is indisputable. The general practice in American legislative bodies appears to be to permit the application of the motion to reconsider to an affirmative vote on the motion to indefinitely postpone."

Hughes criticizes permitting reconsideration of motions to postpone indefinitely (sections 321, 326) but does not discuss whether a vote to postpone indefinitely can be subsequently rescinded; possibly for the reason that unless otherwise pro-

vided by rule the use of the motion to rescind is severely restricted in many legislative bodies (Hughes', section 469).

In view of the fact that reconsideration of a motion to postpone indefinitely is permitted by the practice of the Assembly in this State and such practice is recognized by Robert's Rules of Order, which are recognized as authoritative in the Assembly when the Assembly Rules are not applicable (Standing Rule 100), it appears that the affirmative vote on such a motion does not finally and conclusively dispose of the question. Inasmuch as reconsideration is permitted after such vote, we are unable to find any authority for an opinion that a motion to rescind the vote and expunge the record may not also be made at any time previous to the approval of the corrected Journal.

It is, therefore, our opinion that Standing Rule 47 is not excepted from the provisions of Standing Rule 60.

Sec. 50.5. Any territory, included within any public utility district formed under the provisions of this act and not benefited in any manner by such district, or its continued inclusion therein, may be excluded therefrom by order of the board of directors of such district upon the verified petition of the owner or owners in fee of lands whose assessed value, with improvements, is in excess of one-half of the assessed value of all the lands, with improvements, held in private ownership in such territory.

Such petition shall describe the territory sought to be excluded, and shall set forth that such territory is not benefited in any manner by such public utility dis-

trict or its continued inclusion therein, and shall pray that such territory may be excluded and taken from such district.

Upon the filing of such petition with the secretary of the public utility district he shall call a meeting of the board of directors of the district at a time not less than twenty-five days nor more than fifty days after the filing of the petition and cause a notice of the filing of such petition to be published for at least two weeks in some newspaper of general circulation within said district, if there be one, and if not, in some newspaper of general circulation published in the county in which the district is situated. Such notice shall also state the date of the filing of such petition and that the same will come on for hearing before the board of directors of the district and shall state the time of the hearing and the place thereof, which shall be the regular meeting place of the board of directors of the district; *provided, that the board may adjourn the hearing to a more convenient meeting* place within the district. Any land owner or taxpayer within the district shall have the right to appear at said hearing, either in behalf of or in opposition to *the granting of said petition.*

Said petition shall come on for hearing before the board of directors of the district at the time and place specified in the notice of hearing If upon such hearing the board of directors determines that it is for the best interests of the district that the lands mentioned in the petition, or some portion thereof, be excluded from the district, or if it appears that such lands, or some portion thereof, will not be benefited, by their continued inclusion in the district, then the board of directors shall make an order that such lands, or such portion thereof, be excluded from the district, such order to describe specifically the lands so excluded From the time of the making of such order the lands so excluded shall be deemed to be no longer included in the district, but such order of exclusion shall not be taken to invalidate in any manner any taxes or assessments theretofore levied or assessed against the lands so excluded. A copy of such order of exclusion, certified to by the secretary of the district, shall be recorded in the office of the county recorder of the county in which the district is situated and the record of such certified copy shall be deemed prima facie evidence of the exclusion from the district of the lands purporting to be excluded thereby.

The board of directors of any public utility district formed under the provisions of this act may itself initiate the proceedings for the exclusion from the district of any land or lands which it may not be for the best interests of the district to be included, or which may not be benefited in any manner by their continued inclusion therein. Such proceedings shall be initiated by the board of directors by the passage of a resolution requiring all persons interested to appear and show cause before the board of directors, at a time and place specified, why such lands, describing them, should not be excluded from the district and fixing a time and place for such hearing and directing the secretary of the district to give notice of the passage of such resolution and of such hearing. Upon the passage of such resolution the secretary of the district shall give notice thereof and of the time and place of such hearing in the manner hereinbefore prescribed for notice of hearing upon petition by a land owner or land owners, and thereafter all proceedings shall be had in the manner and with the effect herein provided for proceedings upon a petition by a land owner or land owners. The time of hearing fixed by the board of directors by its resolution hereinbefore mentioned shall be not less than twenty-five days nor more than fifty days after the passage of such resolution and the place of hearing so fixed shall be a convenient place within the district."

Explanation of Vote.

MR. SPEAKER: Senate Joint Resolution No. 24 was passed by the method of "a previous roll call." I condemn this well-meant resolution as being deceptive. It is no more possible to take the profit out of war, so long as capitalist economy survives, than it is possible for a man to collect a fine from himself. Legislation falsely purporting to conscript wealth and war profits would merely add a new sanction to the conscription of men.

Assembly Constitutional Amendment No. 59.

A resolution to propose to the people of the State of California an amendment to the Constitution of said State by amending section 8 of Article XI thereof, relating to the adoption of charters by cities, and cities and counties.

Resolved by the Assembly, the Senate concurring, That the Legislature of the State of California at its fifty-second regular session commencing on the fourth day of January, 1937, two-thirds of the members elected to each of the two houses

of said Legislature voting therefor, hereby proposes to the people of the State of California that the Constitution of said State be amended by amending section 8 of Article XI thereof, to read as follows

Sec 8. (a) Any city or city and county containing a population of more than 3,500 inhabitants, as ascertained by the last preceding census taken under the authority of the Congress of the United States or of the Legislature of California, may frame a charter for its own government, consistent with and subject to this Constitution, and any city or city and county having adopted a charter may adopt a new one. Any such charter may be framed by a board of 15 freeholders chosen by the electors of such city or city and county, at any general or special election, but no person shall be eligible as a candidate for such board unless he shall have been, for the five years next preceding, an elector of said city or city and county An election for choosing freeholders may be called by a two-thirds vote of the legislative body of such city or city and county, and on presentation of a petition signed by not less than 15 per cent of the registered electors of such city or city and county, the legislative body shall call such election at any time not less than 30 nor more than 60 days from date of the filing of the petition. Any such petition shall be verified by the authority having charge of the registration records of such city or city and county and the expenses of such verification shall be provided by the legislative body of such city or city and county.

(b) Candidates for the office of freeholders shall be nominated either in such manner as may be provided for the nomination of officers of the municipal or city and county government or by petition, substantially in the same manner as may be provided by general laws for the nomination by petition of electors of candidates for public offices to be voted for at general elections

(c) At such election the electors shall vote first on the question "Shall a board of freeholders be elected to frame a proposed new charter?" and secondly for the candidates of the office of freeholder If the first question receives a majority of votes of the qualified voters voting thereon at such election, the 15 candidates for the office of freeholder receiving the highest number of votes shall forthwith organize as a board of freeholders, but if the first question receives less than a majority of the votes of the qualified voters voting thereon at such election no board of freeholders shall be deemed to have been elected

(d) The board of freeholders shall, within one year after the result of the election is declared, prepare and propose a charter for the government of such city or city and county. The charter so prepared shall be signed by a majority of the board of freeholders and filed in the office of the clerk of the legislative body of said city or city and county The legislative body of said city or city and county shall, within 15 days after such filing, cause such charter to be published once in the official newspaper of said city or city and county and each edition thereof, during the day of publication (or in case there be no such official newspaper, in a newspaper of general circulation within such city or city and county and all the editions thereof issued during the day of publication) and in any city or city and county with over 50,000 population shall cause copies of such charter to be printed in convenient pamphlet form and in type of not less than ten point and shall cause copies thereof to be mailed to each of the qualified electors of such city or city and county, and shall, until the day fixed for the election upon such charter, advertise in one or more newspapers of general circulation in said city or city and county a notice that copies thereof may be had upon application therefor.

(e) Such charter shall be submitted to the electors of such city or city and county at a date to be fixed by the board of freeholders, before such filing and designated on such charter, either at a special election held not less than 60 days from the completion of the publication of such charter as above provided, or at the general election next following the expiration of said 60 days.

(f) As an alternative the legislative body of any such city or city and county, on its own motion may frame or cause to be framed, a proposed charter and submit the proposal for the adoption thereof to the electors at either a special election called for that purpose or at any general or special election. Any charter so submitted shall be advertised in the same manner as herein provided for the advertisement of a charter proposed by a board of freeholders, and the election thereon held at a date to be fixed by the legislative body of such city or city and county, not less than 40 nor more than 60 days after the completion of the advertising in the official paper.

(g) If a majority of the qualified voters voting thereon at such general or special election shall vote in favor of such proposed charter, it shall be deemed to be ratified, and shall be submitted to the Legislature, if then in session, or at the next regular or special session of the Legislature. The Legislature shall by concurrent resolution approve or reject such charter as a whole, without power of alteration or amendment; and if approved by a majority of the members elected to each house it shall become the organic law of such city or city and county and supersede any existing charter and all laws inconsistent therewith One copy of the charter so ratified and approved shall be filed with the Secretary of State,

one with the recorder in the county in which such city is located, and one in the archives of the city, and in the case of a city and county one copy shall be filed with the recorder thereof, and one in the archives of such city and county; and thereafter the courts shall take judicial notice of the provisions of such charter.

(h) The charter of any city or city and county may be amended by proposals therefor submitted by the legislative body thereof on its own motion or on petition signed by 15 per cent of the registered electors, or both. Such proposals shall be submitted to the electors at either a special election called for that purpose or at any general or special election. Petitions for the submission of any amendment shall be filed with the clerk of the legislative body of the city or city and county. The signatures on such petitions shall be verified by the authority having charge of the registration records of such city or city and county, and the expenses of such verification shall be provided by the legislative body thereof. If such petitions have a sufficient number of signatures the legislative body of the city or city and county shall so submit the amendment or amendments so proposed to the electors at the time of the holding of the next regular municipal election held not less than 60 days from the date of the filing of such petition, or submit the same at any special election called for that purpose prior to the next regular municipal election Amendments proposed by the legislative body and amendments proposed by petition of the electors may be submitted at the same election. The amendments so submitted shall be advertised in the same manner as herein provided for the advertisement of a proposed charter, and the election thereon, held at a date to be fixed by the legislative body of such city or city and county, not less than 40, and not more than 60, days after the completion of the advertising in the official paper

(i) If a majority of the qualified voters voting on any such amendment vote in favor thereof, it shall be deemed ratified, and shall be submitted to the Legislature if then in session, or at the regular or special session next following such election, and approved or rejected without power of alteration in the same manner as herein provided for the approval or rejection of a charter

(j) In submitting any such charter or amendment separate propositions, whether alternative or conflicting, or one included within the other, may be submitted at the same time to be voted on by the electors separately, and, as between those so related if more than one receive a majority of the votes, the proposition receiving the largest number of votes shall control as to all matters in conflict It shall be competent in any charter framed under the authority of this section to provide that the municipality governed thereunder may make and enforce all laws and regulations in respect to municipal affairs, subject only to the restrictions and limitations provided in their several charters and in respect to other matters they shall be subject to general laws It shall be competent in any charter to provide for the division of the city or city and county governed thereby, into boroughs or districts, and to provide that each such borough or district may exercise such general or special municipal powers, and to be administered in such manner, as may be provided for each such borough or district in the charter of the city or city and county

(k) The percentages of the registered electors herein required for the election of freeholders or the submission of amendments to charters shall be calculated upon the total vote cast in the city or city and county at the last preceding general State election; and the qualified electors shall be those whose names appear upon the current registration records. The election laws of such city, or city and county shall, so far as applicable, govern all elections held under the authority of this section

Assembly Bill No. 1734 would add several additional court officials to the list already existing in counties having a population of 900,000 inhabitants and over.

No good reason appearing why the above mentioned personnel increase should be authorized, I am returning Assembly Bill No. 1734 without my approval.

Respectfully submitted.

SEC. 20. Section 3083 of the Welfare and Institutions Code is hereby amended to read as follows:

3083. The county board of supervisors shall not grant any certificate of qualification for aid under the provisions of this chapter until it has been satisfied that the applicant is entitled to such aid by the evidence of two reputable citizens of the State that they know that the applicant has the required residential qualifications to entitle him to the aid asked for, and by the evidence of a duly licensed and practicing physician skilled in the diseases of the eye that the applicant is blind. The physician shall describe the condition of the applicant's eyes and testify to his blindness. The evidence of each person shall be in writing, signed by him, and he shall be subject to cross-examination by the county board of supervisors or any other person appointed by the board of supervisors to conduct such investigation.

The amount of aid to which any applicant shall be entitled shall be, when added to the income of the applicant from all other sources, $50 per month. Income from any of the following sources of a combined total value not exceeding an annual average of $33.33 per month shall not be considered for any purpose: (a) Income from applicant's labor or services; (b) The value of foodstuffs produced by the applicant or his family for his use or that of his family; (c) The value of firewood and/or water produced on the premises of the applicant or given to him by another

Income in addition to the above specified shall be computed on the basis of net income. The aid granted under this chapter shall be paid monthly, in advance, out of such funds as may be designated by the board of supervisors on warrant of the county auditor of the county. Payments of aid shall be commenced as of the first day of the month in which the application is granted, but in any event the beginning of aid shall not antedate the date of application.

SEC. 22 Section 3086 of the Welfare and Institutions Code is hereby amended to read as follows:

3086. If any applicant or recipient is dissatisfied with the action of the county board of supervisors with respect to his application or receipt of aid, he shall upon filing a petition with the Department of Social Welfare have the right of appeal and shall be accorded an opportunity for a fair hearing. The Chief of the Division for the Blind in the Department of Social Welfare shall set the appeal for hearing before the State Social Welfare Board and shall give all parties concerned written notice of the time and place of such hearing. At the hearing the applicant may appear in person, by counsel of his own choosing, or in person and by such counsel.

SEC. 23 Section 3087 of the Welfare and Institutions Code is hereby amended to read as follows:

3087. During such time as grants in aid are made available by the United States Government for aid to the needy blind in this State, the State Treasurer shall pay to each county from the sums so granted, (1) an amount which shall be used exclusively as aid to the needy blind under this chapter, equal to one-half of the total sums expended as aid to the blind under this chapter, not counting so much of such expenditure with respect to any individual for any month as exceeds the maximum fixed by the United States Government in granting or making such sums available, and (2) if authorized by the State Department of Social Welfare an additional amount equal to such county's proportionate share of any amount so granted or made available to this State by the United States Government for the costs of administering such aid, which additional amount shall be used exclusively for paying such administration costs. The Department of Social Welfare shall determine the portion of the amount so granted or made available for administration costs, to be paid to the counties, which portion shall be not less than one-half of the amount so granted or made available. The Department of Social Welfare shall adopt rules and regulations which shall be of uniform application for determining the proportionate shares of the respective counties of the portion so determined to be paid to such counties.

SEC 24 Section 3087.1 is hereby added to the Welfare and Institutions Code to read as follows:

3087.1. From the sums appropriated in section 3025 of this code the State Treasurer shall pay to each county an additional amount, which shall be used exclusively for aid to the needy blind under this chapter, equal to one-half of the remainder of the sums expended by the county as aid to the needy blind under this chapter after deducting from the sums so expended the amount paid to the county under subdivision 1 of section 3087 of this code, except that the State shall pay the county the full amount of aid granted any person otherwise qualified who has resided in the State for the required period and who has no county residence after deducting the amount paid with respect to such person under subdivision 1 of section 3087.

SEC 25. Section 3087.2 is hereby added to the Welfare and Institutions Code to read as follows:

3087.2 The method of computing and paying the amounts provided for in sections 3087 and 3087.1 for each quarter shall be as follows:

(a) The Department of Social Welfare shall, prior to the beginning of each quarter, estimate the amount to be paid for such quarter to each county under sections 3087 and 3087.1. This estimate shall be based on a report which shall be filed by each county containing (1) its estimate of the total sum to be expended in such quarter in accordance with the provisions of this chapter, and stating the amount appropriated or made available by the county for such expenditures in such quarter, and if the amount is less than that portion of the total sum of such estimated expenditures which is required under this chapter to be paid by each such county, the source or sources from which the difference is expected to be derived, (2) records showing the number of blind individuals receiving aid under the authority of this chapter in the county, and (3) such other information and investigation as the Department of Social Welfare may find necessary

(b) The Department of Social Welfare shall then certify to the State Controller the amounts so estimated by it for each county, reduced or increased as the

case may be, by any sum by which it finds that its estimate for any prior quarter was greater or less than the amount which should have been paid to the county under this chapter for such quarter, except to the extent that such sum has been applied to make the amount certified for any prior quarter greater or less than the amount estimated by the Department of Social Welfare for such prior quarter.

(c) The State Controller shall thereupon draw the necessary warrants, and prior to audit or settlement by the Department of Social Welfare, and the State Controller, the State Treasurer shall pay to the treasurer of each county the amount so certified.

SEC. 26. Section 3087.3 is hereby added to the Welfare and Institutions Code to read as follows:

3087.3. Reports of aid to blind paid out under this chapter shall be presented by the respective counties at times and in the form prescribed by the Department of Social Welfare. Such reports shall be audited by the Department of Social Welfare and the State Controller and, when and in the amount approved, shall be allowed to said county or city and county as a credit to apply against advances made under the terms of section 3087.2.

SEC. 27. Section 3088 of the Welfare and Institutions Code is hereby amended to read as follows:

3088. If any applicant receiving aid under the provisions of this chapter has residing within the State a spouse, parent, or adult child, pecuniarily able to support him, upon the failure of such kindred to perform their duty to support the blind person the board of supervisors may request the district attorney or other civil legal officer of the county to proceed against the kindred in the order of their responsibility for support. Upon such request the district attorney, or other civil legal officer of the county granting aid may, on behalf of the county, maintain an action in the superior court of the county granting such aid, against such relatives, in the order named, to recover for the county such portion of the aid granted as the court finds such relative or relatives pecuniarily able to pay. The receipt of aid by the applicant under the provisions of this chapter, however, shall not be contingent upon such recovery. The sums so recovered shall be credited by the county in its settlement with the State.

SEC. 28. Section 3090 of the Welfare and Institutions Code is hereby amended to read as follows:

3090. Any person qualified for and receiving aid under the provisions of this chapter in any county of the State, who removes to another county in the State, shall be entitled to aid under the provisions of this chapter after one year of residence in the county to which he has removed, and such removal shall not work a forfeiture during such one year period of the aid previously awarded under this chapter. The county to which such person has removed shall provide the necessary medical or hospital care, or both, during the one year period of establishment of residence under this section. The county providing such medical or hospital care, or both, may demand payment of the county granting the aid in an amount not in excess of the cost thereof and it shall be a proper charge and duty of the county granting the aid to pay such medical or hospital care, or both.

Any blind person who leaves his county for the purpose of attending an institution of learning located in the State shall be deemed, for the purposes of this chapter, not to have moved from his county.

SEC. 29. Section 3091 is hereby added to the Welfare and Institutions Code to read as follows:

3091. The Department of Social Welfare shall make such reports in such form and containing such information as the Social Security Board may from time to time require, and shall comply with such provisions as the Social Security Board may from time to time find necessary to assure the correctness and verification of such reports.

A statement of the facts constituting such necessity is as follows:

There exists throughout the State of California and throughout the Nation at large widespread unemployment and disorganization of trade and industry amounting to an economic emergency which is burdening commerce and is menacing the safety and industrial peace of the public. Among the many trades and industries particularly affected are those in which services are rendered within this State to the public without necessarily involving the sale, manufacture or transportation of merchandise or commodities. In these intrastate trades and industries there is widespread unemployment and economic distress and for the purpose of ameliorating such conditions it is necessary and desirable to authorize immediately the adoption and continuance of codes of fair competition applicable to such trades and industries in the various cities, cities and counties, and counties of the State as provided in this act."

If, in such action, the court finds that the defendant is violating or has violated any provision of such code, it shall enjoin the defendant from a continuance thereof. It is not necessary that actual damages to the plaintiff be alleged or proved. In addition to such injunctive relief, the plaintiff is entitled to recover from the defendant the amount of the actual damage, if any, sustained."

ARTICLE XXVI. MOTOR VEHICLE TAXATION AND REVENUES

SECTION 1. (a) From and after the effective date of this article, all moneys collected from any tax now or hereafter imposed by the State upon the manufacture, sale, distribution, or use of motor vehicle fuel, for use in motor vehicles upon the public streets and highways over and above the costs of collection, and any refunds authorized by law shall be used exclusively and directly for highway purposes, as follows:

(1) The construction, improvement, repair and maintenance of public streets and highways, whether in incorporated or unincorporated territory, for the payment for property, including but not restricted to rights of way, taken or damaged for such purposes and for administrative costs necessarily incurred in connection with the foregoing.

(2) As now or hereafter may be provided by law, the net revenue from not more than 20 per cent of 1 cent per gallon tax on such motor vehicle fuel may be expended under any act of the Legislature for the payment, redemption, discharge, purchase, adjustment, contributing to or refunding of special assessments or bonds or coupons issued for street or highway purposes as set forth in this section and which special assessment districts were initiated by an ordinance or resolution of intention adopted prior to January 1, 1933.

SEC. 2. (a) From and after the effective date of this article, all moneys collected from motor vehicle and other vehicle registration license fees and from any other tax or license fee now or hereafter imposed by the State upon vehicles, motor vehicles or the operation thereof, except as may otherwise be provided in section 4 of this article, shall be used for the following purposes:

1 For costs of collection and for the administration and enforcement of all laws now in effect or hereafter enacted, regulating or concerning the use, operation or registration of vehicles used upon the public streets and highways of this State and for the exercise of those powers and for the performance of those duties now imposed upon the California Highway Patrol

2. For street and highway purposes as specified in paragraph (1) of subdivision (a) of section 1 of this article.

(b) The moneys referred to in subdivision (a) of this section allocated to the counties and any city and county may also be used as now or hereafter provided by the Legislature for the following additional purposes, provided such use will not in any manner cause the loss of Federal highway funds to this State;

(1) For the payment of any portion of the principal or interest of, or for the purchase or redemption at a discount of, or for transfer to the interest and sinking fund for the discharge and payment of bonds voted at an election prior to January 1, 1935, and issued by a city, city and county, or county, the proceeds of which have been used for the purposes specified in paragraph (1) of subdivision (a) of section 1 of this article.

SEC 3. The provisions of this article are self-executing but the Legislature shall have full power to appropriate such moneys and to provide the manner of their expenditure by the State, counties, cities and counties, or cities for the purposes specified and to enact legislation not in conflict with this article. This article shall not prevent any part of the moneys referred to in sections 1 or 2 hereof from being temporarily loaned to the State general fund upon condition that the amount so loaned shall be repaid therefrom to the funds from which so borrowed to be used for the purposes specified in sections 1 or 2 hereof

SEC 4. This article shall not affect or apply to any license fees or taxes imposed by Chapter 339, Statutes of 1933, as amended, nor to any tax which is now or may hereafter be imposed by the "Retail Sales Tax Act of 1933," as amended, or the "Use Tax Act of 1935," as amended, nor shall it affect or repeal any provision of the "Unemployment Relief Bond Act of 1933," Chapter 207, Statutes of 1933, as approved by section 9 of Article XVI of this Constitution, nor shall it affect or invalidate Chapter 362, Statutes of 1935, as amended, imposing a motor vehicle license fee based upon value. The Legislature may continue in effect the tax imposed by Chapter 362, Statutes of 1935 as amended, provided that the continuation of, or any amendment to, said Chapter 362, shall provide that the revenue from said tax, excluding the costs of collection and subventions to counties, cities and counties, and cities, shall first be applied to the payment of principal and interest on all State highway bonds outstanding on the effective date of this article. In the event the tax imposed by said Chapter 362, Statutes of 1935 as amended, is repealed, the Legislature may make provision for such payment of said State highway bonds by means of any fees or taxes of the types mentioned in this article, whether now or hereafter imposed, provided such payment will not in any manner cause the loss of Federal highway funds to this State.

Nothing in this article shall be construed as repealing, superseding or modifying that provision of section 15 of Article XIII of this Constitution, reading as follows:

"Out of the revenue from State taxes for which provision is made in this article, together with all other State revenues, there shall first be set apart the moneys to be applied by the State to the support of the public school system and the State university."

In the event, however, moneys are transferred to the general fund of the State from the funds referred to in this article for the support of the public schools and the State university, pursuant to section 15 of Article XIII of this Constitution, the moneys so transferred shall be returned to the funds from which they were transferred from the first moneys available in the general fund in excess of those required under section 15 of Article XIII of this Constitution for the support of the public schools and the State university.

Motion to Print Report in Journal.

On motion of Mr. Martin, the following report was ordered printed in the Journal:

REPORT OF THE ASSEMBLY INTERIM COMMITTEE ON AGRICULTURAL MARKETING.

In June, 1935, a resolution was adopted by the Assembly calling for the appointment of an Interim Committee to Study the Problems of Agricultural Marketing This resolution appears in the Assembly Journal of Tuesday, June 4, 1935.

The scope of the suggested investigation was comparatively broad but it was definitely instructed "to determine the effects of laws and regulations now in effect, or hereafter to become effective, relative to the marketing of agricultural products and the differential between the price paid to the producer and the price paid by the consumer, and the prices paid to California producers as compared with the prices paid in the local markets and in other markets and to study cooperative marketing in this State and other States."

Speaker Craig immediately appointed a committee consisting of the following Assemblymen: John Phillips, Chairman; T. H. DeLap, Frank G. Martin, Claude Minard, James E. Thorp, James B. Utt and Clarence R Walker Before the committee began its actual work, Assemblyman Minard accepted the secretaryship of the State Bar Association and was compelled to resign from the committee. The Speaker appointed Assemblyman Garibaldi, of Merced, in his place Assemblyman Thorp resigned from the committee because of other work which he felt might interfere with membership on the committee, but his position remained unfilled In the fall Assemblyman Thorp was reappointed.

The committee met during the year at Santa Cruz, Berkeley, Los Angeles, Sacramento and Pasadena.

It was obvious to the committee that with a limited appropriation of $2,500 it would be impossible to do more than to select one or two major points and to make an investigation of these, and to accumulate statistics and records and information and so to lay a foundation for a continued investigation of what is recognized to be one of the most important problems in California today.

At the first meeting, in Santa Cruz, the committee set for itself three fields of investigation, limiting these because of its own limitations of time and appropriation: (1) The effects in California of State and National marketing legislation, (2) The differential in cost between the farm and the consumer, (3) The effects of mass buying and selling upon the general problems of agriculture

Very little was done with the first subject except to accumulate information which can be of value in the future. Following the 1935 session, several of our marketing acts were thrown into litigation and until these suits were settled, and until the acts had been in operation for longer periods of time, there was little that the committee could do. California has set itself out upon a program of agricultural marketing legislation. At the present time (1937) it has provided legislation in some form or another to cover five different types of marketing problems: (1) An act which will permit the producer to control his own marketing and to control the absorption of his own products in the market, instead of leaving this control to middlemen as in the past; (2) An act which includes the handler with the producer; (3) An act which permits marketing control by secondary handlers only; (4) An act which permits intra-State marketing agreements for commodities controlled by inter-State marketing agreements; and (5) the much discussed act regulating the control of milk, which is now recognized to be, to all practical purposes, a commodity having the characteristics of a public utility, and therefore to be regulated along the same lines.

All these have been subject to discussion and regulation in the 1937 session and are therefore not properly a part of this report

The committee emphasizes most urgently the necessity of continued investigation of this particular phase of the subject and the continuation of an interim committee which will give thought to the effects in California of State and National marketing agreements.

The second subject, that of the differential between the price paid to the farmer when the agricultural commodity is purchased from him, and the price which he or any other consumer pays when he repurchases the same article, probably in a processed form, over the counters of a retail store. This problem was perhaps closest to the heart of the chairman, and to many members of the committee, but in the short time and with the limitations already indicated, it was possible to do no more than to accumulate a great deal of extremely valuable information which can eventually be made available to the Legislature.

The committee recommends therefore a continued investigation be made of this very important problem and attempts to submit no figures at this time except to say that it finds in many instances, the cost of individual items which enter into the process between the farm and the retail counter are as great or greater than the entire price paid to the farmer. There are great possibilities here for analyses and investigation which will be of genuine benefit to agriculture.

The third subject which the committee assigned itself took more time than the other two together and produced some interesting results. This was the subject of mass buying and mass selling which had been brought so prominently before the public by the campaign for and against the proposed tax upon chain stores in California. The committee was not interested in any way in the matter of chain store tax but was very much interested in the question of whether mass buying and mass selling was actually beneficial to the farmer and to the consumer. Here again the findings of the committee are so voluminous that it hesitates to hand down an opinion which might be premature. It is obvious that this subject is one of vital importance to California. The Legislature will some of these days be called upon to decide whether or not the increasing growth of multiple stores is beneficial or harmful to agriculture. The problem is a broad one covering the question of hours of labor; of payment to employees; of prices paid to the farmer; of the ownership of agricultural lands by the stores themselves and the use of this land (and the products produced thereon) to influence prices to producers; of services which may be performed by multiple outlets in marketing agricultural commodities which have not moved rapidly in other markets; of advertising and displays and the general promotion of California products through such means, and the increasingly important subject of the sale of foreign-made merchandise in American stores.

This last comment is not essentially within the province of a committee investigating agricultural marketing, but certainly it affects agriculture in that an American working man, who has been deprived of his livelihood by the importation of foreign-made goods, is no longer a purchaser of agricultural products grown in California, or elsewhere. The committee unhesitatingly places itself upon record as seeing no difference between the importation of cheap labor, against which there is both popular and legal prohibition, and the importation of the products of cheap labor made elsewhere which might otherwise have been produced by American labor, living under American standards and therefore better able to buy American made goods and agricultural commodities. This in itself is a subject worthy of further investigation.

In addition to the work of the main committee, several subcommittees investigated specific problems in order to save the time of the entire committee. The work of these subcommittees is included in the accumulative information which the committee hopes will be of later benefit.

The committee is attempting only in this report to fulfill the obligation required of it under the resolution and to suggest that this matter is of such vital importance to California that its work should not be permitted to go into the discard, nor should the importance of the investigation be overlooked. It is the unanimous opinion of the committee that an investigation of agricultural marketing should be continued by the Legislature of California.

This report has been read and approved by all members of the committee with the exception of the Hon. James B. Utt, who could not be reached when the report was submitted, but who has previously concurred in the above findings.

This report would be incomplete without a word of appreciation for the help given the committee and the many courtesies which it received from practically every farm organization in the State and every cooperative group and so many individuals and corporate groups that it would be impossible to list them here. Without this help the work of the committee would have been greatly handicapped.

Respectfully submitted,

T. H. DELAP.

Conclusions.

It is my belief that the Council of State Governments should be encouraged to the extent that a bill should be passed to create a Legislative Body on Interstate Cooperation It is interesting to note that the four uniform bills, proposed by the Interstate Commission on Crime, were passed by both houses of the present session This is the first uniform law recommended by the Council of Governments to be adopted by the State of California.

That Senator Henry W. Toll is to be complimented upon the achievement of the almost unbelievable task of bringing together 300 representatives from the various States of the Union, representing Governors, Secretaries of State, Tax Commissioners, and members of the Legislature

That intergovernmental cooperation requires a more modern conception of government, and order, and that this condition is being brought about by the Council of State Governments—the results already achieved by those charged with the government of the States, in that they have pooled their knowledge and experience in discussing complex problems of State and Nation for a harmonious adjustment, which is the modern American Plan

I am herewith returning to the Controller the sum of $180 15

The California Veterans' Welfare Bond Act of 1921 (Statutes of 1921, Chapter 578), as enacted at the forty-fourth session of the Legislature of the State of California, authorizing the issuance and sale of State bonds in the sum of $10,000,000, for the purpose of creating a fund to carry out the provisions of the California Veterans' Welfare Act, providing land settlement for veterans (Statutes of 1921, Chapter 580), and the provisions of the "Veterans Farm and Home Purchase Act," providing farm and home aid for veterans (Statutes of 1921, Chapter 519) is hereby approved, adopted, legalized, validated and made fully and completely effective irrespective of the vote that may be cast upon the proposition of approving or disapproving such Veterans' Welfare Bond Act of 1921 at the general election of November 7, 1922. All provisions of this section shall be self-executing and shall not require any legislative action in furtherance thereof, but this shall not prevent such legislative action.

Nothing contained in this Constitution shall prohibit the distribution of any surplus, or portion thereof, in the veterans' farm and home building fund arising out of the operation of the Veterans' Farm and Home Purchase Act (Statutes of 1921, Chapter 519), by refunds, or credits on account, or otherwise, to veterans who have served in the Military or Naval service of the United States during time of war and who are, or have been, purchasers under said act, and whose payments under said act have contributed to such surplus. Any distribution made to such purchasers entitled to participate therein shall be made in sums which bear the same ratio to the surplus being distributed as such purchasers' payments into the fund bear to the total of all payments into the fund which contribute to such surplus.

And provided still further, that notwithstanding the restrictions contained in this Constitution, the treasurer of any city, county, or city and county shall have power and it shall be his duty to make such temporary transfers from the funds in his custody as may be necessary to provide funds for meeting the obligations incurred for maintenance purposes by any city, county, city and county, district, or other political subdivision whose funds are in his custody and are paid out solely through his office. Such temporary transfer of funds to any political subdivision shall be made only upon resolution adopted by the governing body of the city, county, or city and county directing the treasurer of such city, county, or city and county to make such temporary transfer. Such temporary transfer of funds to any political subdivision shall not exceed 85 per cent of the taxes accruing to

such political subdivision, shall not be made prior to the first day of the fiscal year nor after the last Monday in April of the current fiscal year, and shall be replaced from the taxes accruing to such political subdivision before any other obligation of such political subdivision is met from such taxes.

And provided further, that the city of Glendale, of Los Angeles County, may, when authorized so to do, by a majority of the voters thereof voting at an election held for that purpose, pay from the surplus of the public service department of said city the amount of any assessment or assessments levied by said city between the eleventh day of May, 1921, and the ratification of this amendment, for the replacement of water mains, to the person or persons owning the property so assessed at the time said payment is so authorized; and that no statute of limitation shall apply in any manner.

SENATE CHAMBER, SACRAMENTO, May 27, 1937.

MR. SPEAKER: Pursuant to instructions by the Senate, I am handing you herewith copy of a resolution relative to asserted commission of crimes against the legislative power, and calling upon the Attorney General and district attorneys to investigate the same, and to prosecute any and all offenders, adopted by the Senate on this day.

Senate Resolution, relative to asserted commission of crimes against the legislative power, and calling upon the Attorney General and district attorneys to investigate the same and to prosecute any and all offenders.

WHEREAS, Certain statements have been made within and without the legislative halls to the effect that corruption exists within the membership of the Legislature, and that persons have attempted to influence legislation by resorting to improper methods and means, and specifically on the evening of May 26, 1937, the Senator from Los Angeles charged that he had evidence of corruption affecting members of the Assembly but in no way affecting members of the Senate; and

WHEREAS, The Senate considers it the solemn obligation of any member of either house of the Legislature having or believing that he has information as to the commission or asserted commission of any criminal offense by another member of the Legislature, to furnish that information and all details thereof promptly and forthwith to the Attorney General, who is the chief law officer of the State, and to the district attorney of the county wherein the offense may have occurred; and

WHEREAS, It is deemed the duty of the Attorney General as such chief law officer and of the district attorney of the county where any such offense may have occurred, promptly and exhaustively to investigate all pertinent facts and vigorously to prosecute the offenders in the appropriate courts if the investigation indicates it is reasonably probable that a criminal offense has been committed; and

WHEREAS, It seems inappropriate for the Legislature or either house thereof to undertake to investigate itself in such a case; now, therefore, be it

Resolved by the Senate of the State of California, That the Attorney General of the State and the district attorney of any county in which any such offense is asserted to have occurred be and they are hereby requested and urged to take cognizance of the making of such statements and charges, investigate thoroughly and vigorously to the fullest extent within their power every phase of the subject of this resolution, and promptly bring to the bar of justice any member of the Legislature and any other person who may appear to have committed any such offense.

I certify that the foregoing is a full, true and complete copy of a resolution adopted by the Senate of the State of California on May 27, 1937.

J. A. BEEK, Secretary of the Senate.

Motion to Print Speech in Journal.

Upon motion of Mr. Desmond, which motion was unanimously adopted, the following speech, delivered in the Assembly by Assemblyman Thomas J. Cunningham on Wednesday, May 26th, was ordered printed in the Journal:

Mr. Speaker and Members of the Assembly.

Perhaps I may be out of order at this particular moment in referring to the subject to which I wish to call your attention. Nevertheless, I deem this subject of sufficient importance to every member of the Assembly to refer to it at this time and trust that I may have your attention.

I hold in my hand a copy of the early edition of the Sacramento Union for Thursday, May 27th. Upon the front cover thereof I see a picture of our good friend and colleague, Assemblyman Chester F. Gannon, of Sacramento. I feel that the Sacramento Union has been very unethical in this instance and has taken advantage of this Assembly and of our friend, Chester Gannon, in taking this picture and allowing it to be published on the front page of their newspaper.

I know of no member of this Assembly that has been more faithful in his duties and who has paid more attention to the tremendous task before him than Assemblyman Chester Gannon. While many Assemblymen at times absent themselves to take

care of their own business, such has not been the case with Mr. Gannon, in spite of the fact that his law office is located here in Sacramento. Early one morning I met Mr Gannon in the Assembly Chamber when no other members were present. I asked him if he ever went to his law office, and he replied "I've made arrangements to spend all my time in the Assembly since that is the purpose for which I was elected." I think he is to be highly commended for such a stand, as I know many would have taken advantage of such circumstances.

I believe that he is one member of this Assembly that thoroughly realizes the importance of his work in representing the State and his own district. In fact, I have been so impressed by the seriousness with which he assumes his duties and responsibilities that there is no man in this room whom I feel could have a greater injustice done him than Chester Gannon with reference to this particular picture During the last two weeks and especially these last few days of the fifty-second session, from early morning until late at night, there are times when we all become very weary. Many of us at times feel inclined to recline in our seats and close our eyes with a thought of resting our mind from the labors of the day.

If you recall, last Saturday night, after we had spent the entire week in strenuous work, we were in the Assembly Chamber until the wee hours of the morning of Sunday, May 23d At that time a cameraman from the Sacramento Union was going about the floor of the Assembly quickly snapping the picture of any Assemblyman in any position that he considered would make good newspaper publicity. The picture of Chester Gannon is one of him in a reclining position with his hand raised to the side of his head. There is no indication that Assemblyman Gannon was asleep or was in any position that might not have been assumed by any member of this house at that hour. For the Sacramento Union to take a picture like that in the wee hours of the morning and place it on the front page of their publication is to me an unethical and misfortunate act on the part of that newspaper, especially since it is circulated and published within the district represented by our good friend and colleague, Chester F. Gannon.

I think that my words reflect the consensus of the members of this Assembly. We regret that such an unfortunate advantage was taken of a man so obedient and responsive to his official duty.

"SECTION 1. A new article is hereby added to Chapter 1, Part 1, Division II of the Labor Code to be known as Article 3 and to read as follows:

Article 3 Farm Labor Contractors.

278 As used in this article, "farm labor contractor" means any person, firm, or association, other than a nonprofit agricultural cooperative association, who contracts with a crop owner or grower or with the agent of such owner or grower, to cultivate, plant, tend, irrigate, or harvest any crop or crops belonging to, or in which such crop owner or grower has any interest, by labor other than that of the contractor, at specified rates of pay for specified services, whether such pay is a fixed sum, or is measured by time, or is determined by a percentage of the crop or crops. The term "farm labor contractor" shall not include, however, any person or group of persons who contract individually or as a group to cultivate, plant, tend, irrigate, or harvest any crop on a unit or piece basis and who, when contracting as a group, share equally in the proceeds of such venture.

279. No farm labor contractor may enter into any contract or agreement described in section 278 of this code who does not possess a valid existing license issued under the provisions of this act.

280. Application for license as a farm labor contractor shall be made in writing to the Division of Labor Statistics and Law Enforcement, which application shall be accompanied by the license fee and the recommendation of two residents of the county in which such labor contractor resides, certifying that the applicant is honest, truthful, solvent, and of good reputation, and a bond in the amount of the estimated maximum total wages, which will become due during one pay roll period as defined by law, or securities or cash in the same amount as that required for a bond, and recommending that a license be granted the applicant. No bond shall be required for issuance of a license to a labor contractor whose pay roll period does not exceed forty-eight hours

281 The Division of Labor Statistics and Law Enforcement may require such other proof as it may deem advisable of the honesty, truthfulness and good reputation of any applicant for a license.

282 The fee for each license shall be two dollars.

283. If the division is satisfied with the honesty, truthfulness, solvency and good reputation of the applicant, it shall issue a license to the applicant which shall expire on midnight of the thirty-first day of December of that year.

284. Upon application to the division accompanied by a fee of one dollar and a renewal bond, new bond or deposit as required for issuance of a license, the division shall issue a renewal license to any farm labor contractor who held a

valid unrevoked license during the preceding year, and who has not violated any provision of this article and who has not committed any act which would justify the refusal of a license upon a new application

285. All contracts described in section 278 entered into in violation of this article are void.

286. Any person, firm or corporation who knowingly allows, suffers or permits any employee of a farm labor contractor to cultivate, plant, tend, irrigate, or harvest, any crop in which he has any interest, or for the cultivating, planting, tending, or harvesting of which he is responsible, unless such farm labor contractor holds a valid unrevoked license, shall be liable to such employee for the reasonable value of all such work performed by such employee.

3.491. The high school board of each high school district must establish and maintain special continuation education classes whenever there are fifty or more minors residing within the high school district who are subject to the provisions of Chapter II of Part II of Division I of this Code (see page 21).

3.492. Special continuation education classes established under the provisions of this article must provide at least four sixty-minute hours of instruction per week for each minor within the high school district who is subject to the provisions of Chapter II of Part II of Division I of this Code (see page 21).

3.493. Classes established under the provisions of this article must be maintained between the hours of eight a.m. and five p.m.

3.494. Classes established under the provisions of this article must provide suitable instruction for the various individuals for whose benefit they are established.

3.495. The State Board of Education shall have the power and the duty to prescribe and enforce standards and regulations for the organization and administration of programs of guidance, placement and follow-up, for programs of coordination and instruction in continuation education, for the special reimbursement thereof, and for the certification of teachers and coordinators for continuation education.

SEC. 38. A new article is hereby added to Chapter II of Part IV of Division III of the School Code to be known as Article VIIa, and to read as follows:

Article VIIa—Twenty-four-hour Elementary Schools.

3.670a. The purpose of this article is to authorize the establishment of twenty-four-hour elementary schools for minors between the ages of eight and sixteen years and to provide for the attendance, maintenance, care, home supervision, guidance, observation, and education of those attending such schools, and to provide such minors with such vocational, homemaking, mental, moral, physical and such other training as will tend to strengthen and develop such minors and enable them to become good and useful citizens. It shall be the duty of the staff of every twenty-four-hour school to make adjustment as rapidly as possible in order that the period of time the child is away from ordinary community life may be as brief as possible; to place such minors in proper homes where they will be assured of suitable educational opportunities, and to cooperate with child placement agencies to this end and to stimulate proper care of such minors by their parents.

3.671a. Any elementary school district, with the approval of the State Board of Education may establish and maintain one or more twenty-four-hour elementary schools in the discretion of the governing board of such district. Such school or schools shall be under the management and control of the governing board of the district which shall have in reference to such school or schools the same powers and duties which are now or may hereafter be assigned by law to such boards for the management of other schools of the district. A twenty-four-hour elementary school, as in this article designated and provided for shall be one of the public elementary schools of the district.

3.672a. The governing board of any school district maintaining a twenty-four-hour school shall, upon the recommendation of the superintendent of schools of the district, appoint a board of admission to said twenty-four-hour school consisting of one member of the governing board of the district, a representative of the welfare or charities department, if such a department exists, of the city within which the district is situated, if within a city, otherwise of the county the superintendent of schools of which has jurisdiction over the district, and two other persons designated by said superintendent. At least one member of the board of admission shall be a woman. The principal of each twenty-four-hour school, the superintendent of schools of the district and a representative of the State Department of Education shall be ex officio members of said board of admission. The chairman of the board of admission shall be the superintendent of schools of the district and the said board shall meet at such times and places as may be designated by the chairman.

Children admitted will be those whose cases represent such serious behavior problems as to need constant study and care; who need more than foster home placement and definitely require twenty-four-hour supervision. Admission of pupils to a twenty-four-hour school shall be by one of the methods hereinafter provided. No child shall be admitted to a twenty-four-hour school except upon the recommendation of the board of admission.

3.673a. It shall be the duty of the said board of admission, or through some person or persons designated by it to investigate the case of any child whose name is submitted in writing accompanied by a signed statement for consideration for admission to such school and to make recommendations in each case. The board of admission shall observe the progress of each child, and shall advise and recommend his release as soon as sufficient progress is indicated.

3.674a. The governing board maintaining twenty-four-hour schools may assign to such school any minor between the ages of eight and sixteen years who is a resident of such school district whose parent or guardian does not exercise proper care, supervision and guidance over him, or who is, by reason of insubordinate conduct, or refusal to obey the rules and regulations of the school authorities, in need of special educational training and discipline to prevent him from becoming subject to the provisions of the Juvenile Court Law, approved June 5, 1915, as amended. Any such pupil may be asssigned to such school by order of the superintendent of schools of such district, approved in writing by the parent, or guardian in compliance with the recommendation of the board of admission. If the parent or guardian of such pupil shall enter into a contract with the school district for the support of such pupil, he may be maintained in such school for the period of the assignment.

3.675a. If the parent or guardian of any such pupil shall refuse to enter into a contract providing for the payment to the school district of a sum sufficient to meet the average cost of maintaining a pupil within such school, including meals and a reasonable sum for lodging, and if the presence of the child within another school of the district or within its home is a menace to the future welfare of other children or of the child itself, it shall be the duty of the superintendent of schools of the district to cause to be filed in the superior court of the county in which such district is located, acting in such department thereof as shall be performing the functions of the juvenile court, or in any other court of competent jurisdiction a complaint asking for an order of the court, committing the child to such twenty-four-hour school and fixing the amount such parent or guardian must pay for its maintenance therein until such time as the superintendent of schools of the district, shall report to the court that the best interests of the minor will be served by its discharge from such school. A copy of the complaint shall be at the same time furnished the parent or guardian. Should such parent or guardian be unable to pay such amount the court may on such order provide for the payment by the county in which such district is located a sum sufficient to cover the costs of maintenance of such child during the period of its commitment to the school.

3.676a. It shall be the duty of the principal of any school in the district in which there has been established a twenty-four-hour school to report to the superintendent of schools of that district, after conference held with the parent or guardian, any pupil in his school who he believes comes within the provisions and intent of this article. This report shall be in writing and shall set forth the facts upon which he believes that the child comes within the provisions of this article.

3.677a. Any minor who shall have been placed in the care and control of such twenty-four-hour school with the consent of the parent or guardian, shall remain therein, if placed therein by order of the superintendent of schools of the district, for the duration of the period provided by said order or until further order of said superintendent of schools of the district; provided, however, that in any event the superintendent making such order shall review the same at intervals of at least twice a year following such order and upon such review may order the continuance or termination of the stay of the child in the twenty-four-hour school.

3.678a. If the minor shall have been placed in the twenty-four-hour school by order of the superintendent of schools of such district, the parent, or guardian with whose consent such minor was so placed in such school, shall have the right, upon application to the superintendent of schools who placed him therein, to secure the release of said minor and his restoration to the care, custody and control of such parent or guardian. The superintendent of the district shall require a written report from the principal of the twenty-four-hour school, giving the progress of the child and the advisability of the release of such child from the twenty-four-hour school and in case such report indicates that the said minor is in need of further care and treatment, that his release would be detrimental to his own welfare or the welfare of others, then the superintendent of the district may report the minor to the juvenile court or other proper court for action, as provided under the Juvenile Court Law, approved June 5, 1915, as amended.

3.679a. If, in the opinion of the principal of any twenty-four-hour school, the further detention therein of any minor is detrimental to said minor, such minor may upon order of the principal be returned to the superintendent of schools of the

district in which the school is located or to the court which committed the child, as the case may seem necessary for the best interest of the child.

3.680a. Any pupil who absents himself from any twenty-four-hour elementary school without permission therefor being first obtained from the principal thereof shall be deemed an habitual truant within the meaning of subdivision 10 of section 1 of the Juvenile Court Law, approved June 5, 1915, as amended, and dealt with as such.

If any person contributes to the absence of any pupil from such school without permission first having been obtained from the principal thereof, or advises, connives at, or aids or assists in such absence or conceals any such pupil after any such absence, such person is guilty of a misdemeanor.

3.681a. The course of study for said pupils and the method or methods used in enforcing said course of study shall be approved by the governing board of the district. There shall also be provided in such school or schools the proper facilities and equipment for vocational and trade training.

3.682a. The principal shall reside in the twenty-four-hour school and shall be furnished suitable quarters, furniture, food, supplies and laundry for himself and his family. The governing board of the district may make provision for maintenance of such individual instructors, officers, and employees as the interests of such school or schools may in its judgment require to reside on the premises.

3.683a. Each twenty-four-hour school may conduct clinics for the diagnosis and observation of children and may advise parents and school authorities regarding courses of study or treatment in the interests of the normal development of any child and to prevent waywardness and delinquency.

3.684a. The cost of securing sites or constructing and equipping buildings and in general the cost of housing and equipping twenty-four-hour schools including the necessary dormitories, dining halls, and other living quarters for pupils and employees of the district shall be a charge against the funds of the school district maintaining the same. The governing board of any such district may employ such principals, assistants, teachers, and employees as are necessary in the judgment of the board for the proper conduct of such twenty-four-hour schools and pay them from the funds of the school district. The expenses of lodging and boarding pupils residing within the buildings of any twenty-four-hour school shall be paid from the sums received from contracts with the parents or guardians of said pupils, or from the funds of the county within which such school is located paid to the school district in pursuance of court orders for the maintenance of pupils therein.

3.685a. This article shall be construed in conformity with the intent as well as the express provisions thereof and shall confer upon the governing board of any twenty-four-hour school or schools that may be created under the provisions of this article, authority to do all those lawful acts which it or they may deem necessary to promote the prosperity of such school or schools, or to promote the well-being and education of all minors entrusted to their charge. In construing this article the singular shall include the plural and the plural the singular, and the masculine shall include the feminine.

SEC. 39. A new article is hereby added to Chapter I of Part III of Division IV of the School Code to be known as Article Ia, and to read as follows:

Article Ia—Emergency Cash Fund.

4.280a. The governing board of any school district, high school or junior college district, of any kind or class, may, with the consent of the county superintendent of schools establish an emergency cash fund for the use of the chief accounting officer of such district, by adopting a resolution setting forth the necessity for such emergency cash fund, the officer for whom and the purposes for which such emergency cash fund shall be available, and the amount thereof, which shall not be more than one per cent of the district's estimated expenditures for the then current fiscal year and shall not in any event exceed five hundred dollars. Two certified copies of such resolution shall be transmitted to the county superintendent of schools who, if he approves the establishment of such fund, shall indorse his consent on such resolution and return one copy thereof to the governing body of the district.

4.281a. The officer for whose use such emergency cash fund is created shall file with the governing body of the district a bond in favor of the district, executed by such officer as principal and by a surety company authorized under the laws of this State to execute bonds as surety, in an amount not less than double the amount of such emergency cash fund. Such bond shall be conditioned upon the faithful administration of such emergency cash fund and upon the willingness and ability of the principal to account for and pay over said emergency cash fund at any time upon the demand of the governing board of the district. The premium on such bond shall be a legal charge against the district, payable from the county or special fund thereof.

4.282a. The governing board of the district shall draw an order, on the form and in the manner required by law for order, requisition and warrant for the payment of school moneys, payable from the county or special fund of the district,

in favor of the officer for whose use such emergency cash fund is created, for the amount of emergency cash fund, and transmit such order to the county superintendent of schools accompanied by the bond and a certified copy of the resolution hereinbefore required; upon his approving such order, the county superintendent of schools shall detach and retain such bond; upon his allowing and signing the warrant, the county auditor shall detach and retain such certified copy of resolution; the county treasurer shall pay such warrant.

4.283a. The person entrusted with said fund shall not be authorized to expend any portion thereof except for services or material, the securing or purchasing of which is a legal charge against such district and no expenditure shall be made unless a receipt is obtained therefor setting forth the date and the purpose of the expenditure and the amount expended. A bill shall be presented to such district monthly, or oftener if necessary, for the reimbursement of such fund in the same manner as other bills are presented, such bill to be supported by the receipt or receipts hereinbefore required. All sums received in payment of said bills shall be returned to the emergency cash fund and each person entrusted with said emergency cash fund shall, upon demand of the county superintendent of schools or the county auditor or of the governing board of such district, give an account of said fund.

4.284a. The governing board of such district may at any time reduce or discontinue any emergency cash fund so established by its order. Whenever any emergency cash fund is ordered reduced the person using the same shall immediately return to the county treasury the amount necessary to reduce the fund, as ordered by such board. If the emergency cash fund is discontinued, the person using the same shall immediately refund the amount thereof to the county treasurer. In either event a reasonable time shall be allowed such person to reimburse himself by bills presented to such school district for expenditures from said fund legally made.

6.371. The State Board of Education shall classify all instructional material used in high schools, and shall indicate which materials are textbooks. Instructional materials not classified as textbooks may be purchased by governing boards of high school districts without reference to the list of State textbooks.

6.372. The books adopted shall be put in actual use in the district not later than the school year next following their adoption.

6.373. After such books have been selected and adopted by said board, no book shall be changed nor any other book substituted therefor, except as otherwise provided in this chapter, for the period of three years after the date of its adoption, as shown by the official records of the board.

SEC 43 A new article is hereby added to Chapter V of Part II of Division VI of the School Code to be known as Article IV, and to read as follows

Article IV—Bond of Publisher.

6.400. Every publisher desiring to offer one or more books for official listing must file with the State Board of Education a bond in a form approved by the Attorney General payable to the State of California in a sum to be determined by the State Board of Education

6.401. The sum of the bond for any publisher offering one or more books shall be not less than one thousand dollars nor more than ten thousand dollars, the bond to be conditioned as follows:

6.402. First—That the publisher will furnish said book or books offered by him and listed by the State Board of Education, to any high school district at a price which shall not exceed the lowest price the publisher has made for such book or books offered anywhere in the United States under similar conditions of transportation and marketing.

6.403. Second—That the publisher will reduce such price automatically to purchasers within the State of California, whenever reductions are made elsewhere in the United States, so that at no time shall any book so filed and listed be sold to school authorities in California at a higher net price that is received for such book elsewhere in the United States; and that upon failure or refusal of the publisher to make such reduction all contracts or such book or books shall become null and void.

6.404. Third—That all books offered for sale, adoption or exchange in the State of California shall be equal in quality to that officially filed in the office of the State Board of Education as regards paper, binding, print, illustration, subject matter, and all other particulars that may effect (affect) the value of such school books

6.405. Fourth—That the publisher will not in any way, directly or indirectly, become associated or connected with any combination in restraint of trade in textbooks, and that he will not enter into any understanding, agreement, or combination to control prices or restrict competition in the sale of school books for use in the State of California.

6.406 Fifth—That the publisher will maintain an office in California or designate an agent or arrange with a depositary in California, to receive and handle orders for said book or books.

6.407. Sixth—That the publisher will pay the costs in a sum not to exceed five hundred dollars of any investigation of the merits of any book filed by him should a commission of impartial experts find, after public hearing, that such book filed by said publisher and sold by him in California contained sectarian or denominational doctrine contrary to law, or propaganda injurious, in the judgment of such commission, to the schools.

6.408. It shall be a misdemeanor for any publisher or his representative to offer for sale any textbook to the high schools of California unless said book has been officially filed and there is on file in the office of the State Board of Education a valid bond, conditioned as herein provided in full force and effect.

6.409. When, in the judgment of the State Board of Education, there exists sufficient evidence that a textbook listed by said board contains sectarian or denominational doctrine contrary to law or contains propaganda injurious to the welfare of the public schools, said board shall cause the book to be investigated by a committee of impartial experts. Such committee shall be constituted and shall conduct its investigation under such rules and regulations as may be prescribed by the State Board of Education. If, in the opinion of the committee such textbook does contain sectarian or denominational doctrine contrary to law or does contain propaganda injurious to the welfare of the public schools, said board of education may remove said book from the official list.

Article V—Purchase of Textbooks.

6.420. The State Department of Education shall provide each publisher with a certificate for each book officially filed and shall from time to time notify county superintendents of schools, city superintendents of schools and high school principals, that such books have been officially listed together with the price at which such books are to be sold.

6.421. At least once each year the State Department of Education shall publish a complete list of all books officially listed for use in the high schools of California, one copy of which shall be sent to each county superintendent of schools, each city superintendent of schools, each high school principal and each clerk of the governing board of every high school district, and to each publisher whose books are listed

6.422. Whenever a book has been removed from the list by action of the State Board of Education, it shall be illegal for any high school district to purchase copies of such book or to continue the use of such book in high schools in the district, beyond the close of the current school year.

6.423. Books shall be removed from the list in any one of the following ways: (a) upon written request of the publisher thereof; (b) by action of the State Board

of Education after formal investigation as provided in this chapter; (c) by action of the State Department of Education after the book has been on the list for a period of ten years, but such action shall not prevent the publisher again officially filing such book for listing.

6.424. It shall be the duty of the clerk or secretary, or other person named by the board of such purpose, to purchase textbooks on order of the governing board of the high school district and to examine the books when received, and if they are found to be correct and in accordance with the order, a warrant shall be drawn for the proper amount, including the cost of transporting the textbooks, against any fund of the high school district available for such purpose and remitted to the publisher within thirty days after receipt of the books."

Resolutions.

The following resolutions were offered:

By Mr. Peyser:

House Resolution No. 222.

Relative to suitable pay scales in tax assessment and collection divisions of the State service.

WHEREAS, Efficiency in governmental administration is in direct relation to the competency, efficiency and wholehearted devotedness to the State's interest on the part of persons engaged in the service of the State, and a personnel policy which comprehends selection of persons possessing these qualities, encouraging them to continue in the service through tenure, promotion as a reward for constant improvement in their work, and a sound and adequate compensation plan, gives the best assurance of developing and maintaining the efficiency of administrative service at the highest possible level; and

WHEREAS, These principles apply with especial force to tax assessment and collection work, especially that of the State Board of Equalization in whose office there are annually assessed taxes in excess of $175,000,000; and

WHEREAS, The State Personnel Board is charged with the responsibility of elaborating and effectuating personnel plans and policies in the State civil service, including particularly the adjustment of compensation by means of prescribing minimum and maximum salary rates, now, therefore, be it

Resolved by the Assembly of the State of California, That the Assembly hereby finds that as to the classifications of auditors, particularly those engaged in active field work in the assessment of State taxes as well as in other classifications such as investigators, district tax administrators, division chiefs, and clerical and technical assistants, the salary rates, and particularly the minimum rates therefor now in force are insufficient to be in conformity with the sound personnel policy, and the State Personnel Board is hereby requested and urged so to revise such salary ranges upward as to assure more nearly adequate compensation for those persons engaged in the performance of these difficult and important duties, particularly as to such persons as may be engaged in active field work in the assessment and collection of the State revenues under the general supervision of the State Board of Equalization; and be it further

Resolved, That the Chief Clerk of the Assembly forthwith transmit copies of this resolution to the State Personnel Board and to each member thereof.

House Resolution No. 222 read, and adopted.

WHEREAS, The service rendered by the staff of the Legislative Bill Room has been unfailingly courteous, prompt and efficient; now, therefore, be it

Resolved by the Assembly of the State of California, That the members of the Assembly hereby express their thanks and most sincere appreciation for the outstanding public service rendered by the staff of the Legislative Bill Room in facilitating the needed supply of legislative publications.

Any notice required by this section shall be served personally or by mail in the same manner as prescribed for service of notice by the provisions of section 4(c) hereof.

Sec. 9. If in any such action judgment is rendered for the plaintiff, the amount of the judgment shall first be credited on any license taxes due from the plaintiff under this act, and the balance of the judgment shall be refunded to the plaintiff. In any such judgment, interest shall be allowed at the rate of six per cent per annum upon the amount of license tax found to have been illegally collected from the date of payment of such license tax to the date of allowance of credit on account of such judgment or to a date preceding the date of the refund warrant by not more than thirty days, such date to be determined by the Controller.

In no case shall any judgment be rendered in favor of the plaintiff in any action brought against the State Treasurer to recover any license tax paid hereunder, when such action is brought by or in the name of an assignee of the operator paying said license tax, or by any person, company or corporation other than the person, company or corporation that has paid such license tax.

If the board determines that any tax, penalty or interest has been paid more than once, or has been erroneously or illegally collected or computed, the board shall set forth that fact in the records of the board and shall certify to the State Board of Control the amount collected in excess of what was legally due, from whom it was collected, or by whom paid, and if approved by that board the same shall be credited on any taxes then due from the operator under this act and the balance shall be refunded to the operator, or his successors, administrators, executors or assigns, but no such credit or refund shall be allowed after three years from the date of overpayment.

If the total taxes and licenses, excluding such State taxes and licenses as are on, according to or measured by gross receipts or net income or with respect to motor vehicle fuel, becoming due and payable during a calendar year and paid during such year to this State and its political subdivisions, including municipalities, by an operator upon, or on account of the operations of, his property used exclusively to produce gross receipts from his operations taxable hereunder, shall exceed 2 per cent of such gross receipts from his operations during such year, the amount of such excess, not exceeding, however, the amount of license taxes paid hereunder during such year, shall be subject to refund upon a verified claim therefor filed with the board by such operator within ninety days after the close of such year. Thereafter the board shall examine such claim and if it shall appear to the satisfaction of the board that a refund is due, shall certify to the State Board of Control the amount thereof, and if approved by that board the same shall be credited on any taxes then due from the operator under this act and the balance shall be refunded to the operator, or his successors, administrators, executors or assigns, but no such credit or refund shall be allowed unless the claim therefor shall have been filed within the time herein specified.

Any refund or any portion thereof which is erroneously made and any credit or any portion thereof which is erroneously allowed, may be recovered in an action brought by the Controller of the State in a court of competent jurisdiction in the county of Sacramento in the name of the people of the State of California and such action shall be tried in the county of Sacramento unless the court with the consent of the Attorney General, orders a change of place of trial. The Attorney General must prosecute such action, and the provisions of the Code of Civil Procedure relating to service of summons, pleadings, proofs, trials and appeals are applicable to the proceedings herein provided for.

In the event that a tax has been illegally levied against an operator the board shall certify such fact to the State Board of Control and said board shall authorize the cancellation of the tax upon the records of the board."

(b) The earned income credit shall be an amount equal to ten per cent of the earned net income, but shall not exceed ten per cent of the amount of net income in excess of credits against net income provided in section 10.

(c) For the purposes of this section—

(1) "Earned income" means wages, salaries, professional fees, and other amounts received as compensation for personal services actually rendered, but does not include any amount not included in gross income, nor that part of the compensation derived by the taxpayer for personal services rendered by him to a corporation which represents a distribution of earnings or profits rather than a reasonable allowance as compensation for the personal services actually rendered. In the case of a taxpayer engaged in a trade or business in which both personal services and capital are material income producing factors, a reasonable allowance as compensation for the personal services actually rendered by the taxpayer, not in excess of twenty per cent of his share of the net profits of such trade or business, shall be considered as earned income.

(3) "Earned net income" means the excess of the amount of the earned income over the sum of the earned income deductions. In no case shall the earned net income be considered to be more than $14,000.

(4) In the case of the members of a partnership the proper part of each share of the net income which consists of earned income shall be determined under rules and regulations to be prescribed by the commissioner and shall be separately shown in the return of the partnership.

(5) The commissioner shall by regulations prescribe the method of applying the provisions of subsection (b) of section 16 (relating to computing income on the basis of a short period, and placing such income on an annual basis) to cases where the taxpayer makes a separate return under said subsection on account of a change in the accounting period, and it appears that for the period for which the return is so made he has received earned income.

Motion to Print Editorial in Journal.

On motion of Mr. McMurray, the following editorial from the Daly City Record of Friday, May 28, 1937, was ordered printed in the Journal:

Vicious Whispers.

"Rumour," wrote Shakespeare, "is a pipe blown by surmises, jealousies, conjectures." So one or another of American Presidents have found, and that an evil report, however baselessly set afloat, is hard to overtake with fact. A "whispering campaign" of slanderous or insinuating stories passed from a loose tongue to a suspicious ear and often enlarged in repetition has been a recurrent abuse in American politics.

The injustice and tragedy that can be wrought by such irresponsible and malicious gossiping was exemplified poignantly enough, one would think, in one of its instances—in the campaign which is generally held to have cost the life of the wife of General Andrew Jackson. But it began even earlier with the false imputation of atheism to Jefferson, and has continued since in the times of Van Buren, Garfield, Cleveland, Theodore Roosevelt and Woodrow Wilson, to crop out in the "poison pen" books against President Hoover

News reports in recent weeks have brought into the open a similar circulation of rumors purporting to deal with the physical condition and the mental stability of President Roosevelt These have been promptly labeled absurd by Washington correspondents, including those of anti-administration newspapers, who have opportunity to question and observe the President at least twice a week.

However heartily one may disagree with a man on questions of political judgment, it is certainly a disgraceful business to be led by any disagreement to impugn his rationality instead of arguing out the issues on their merits. Those who insist on the grandeur of man and the supremacy of mental powers over evil circumstances should surely disbelieve that eventual disaster must follow an infirmity long since overcome And those who recognize the mesmeric tendency of reiterated fears, suspicions and dark predictions ought certainly to be the last to lend themselves to a mass suggestion that would add to the burdens of their Chief Magistrate.

Rather is it the true part of all citizens to pray that divine support and guidance may continually surround all officials in whose hands the common welfare lies

Recess.

At four o'clock and twenty-two minutes p.m., on motion of Mr. King, the Assembly was declared at recess until four o'clock and twenty-seven minutes p m.

Reassembled.

At four o'clock and twenty-seven minutes p m, the Assembly reconvened.

Motion to Print Statement in Journal.

On motion of Mr. McMurray, the following statement was ordered printed in the Journal:

SACRAMENTO, CALIFORNIA, May 28, 1937

Honorable P. J. McMurray, Assembly Chamber,
State Capitol, Sacramento, California.

DEAR MR. MCMURRAY: In response to your request, we beg to say that it is our opinion that a subpena issued by a district attorney summoning a citizen to appear before a grand jury not in existence at the time, and specifying no matter to be examined, nor the names of persons involved, is of no effect

In the case of *In re Peart*, 5 Cal. (2d) 469, the facts were these:

The district attorney of Colusa County signed a subpena directed to and served upon petitioner, ordering him to appear before the grand jury, at a time and place specified, to testify in an investigation pending before such jury. An order of the court, based upon affidavit of the district attorney, was endorsed upon the subpena. Upon the failure of the witness to appear as ordered, he was arrested and brought before the court, tried, and committed. This proceeding in habeas corpus was brought and the court said after dismissing the excuse of illness as not being sustained:

"The more serious question here presented is as to the authority of the district attorney to issue the subpena in question."

After quoting from and discussing the provisions of section 1326 of the Penal Code, the court further said:

"When therefore it is provided that a subpena may be signed and issued by a district attorney 'for such witnesses as the grand jury upon investigation pending before them may direct,' the logical construction of the section would seem to preclude such issuance by the district attorney unless so directed by the grand jury

The grand jury is not an adjunct of the office of the district attorney but is an independent judicial body. * * *

In examining the duties of the district attorney as enumerated in section 4153 of the Political Code we do not find him charged with instituting proceedings before the grand jury but merely to attend upon and give advice to them upon pending matters. * * *

We are constrained to hold that the power to issue a subpena upon behalf of a grand jury without their direction is an excess of jurisdiction by a district attorney."

The judgment of contempt was set aside and the petitioner discharged.

Very truly yours,

FRED B. WOOD, Legislative Counsel.
By ARTHUR P. WILL, Consultant.
