Quorum present.

PRAYER

The following prayer was offered by the Chaplain, Dr. Torrance Phelps:

Eternal God: Upon this Friday let us recall how the sky darkened and how the earth shuddered at the dreadful ingratitude of men to their greatest Benefactor and Saviour.

Let us behold the fickle crowd who on the Palm Sunday welcomed Him with palm branches and shouted "Hosanna", and now cry, "Crucify Him; crucify Him."

May this spectacle remind us that the world has often crucified its benefactors, and we too may be abused or defamed for our labors for the public welfare and reap only in posterity our recompense.

May this day teach us every step of progress has come from the vicarious spirits, ready to abhor fortune and life itself, whether in the realm of history or science, or religion.

Let the Cross shine before us as the symbol of that sublime devotion which inspires the advance of mankind from the caveman to the pinnacle of civilization.—AMEN.

Not earlier than the sixtieth day nor later than 12 o'clock noon on the fortieth day before a municipal election, the voters may nominate candidates for election by signing a nomination paper *except that not later than 12 o'clock noon on the fifteenth day before an election, the voters may nominate, by signing a nomination paper, candidates for election to fill a vacancy in office caused by a recall* Each candidate shall be proposed by not less than five nor more than 10 voters, but only one candidate may be named in any one nomination paper. No voter may sign more than one nomination paper for the same office and in the event he does so his signature shall count only on the first nomination paper filed which contains his signature. Nomination papers subsequently filed and containing his signature shall be considered as though his signature does not appear thereon. Each seat on the governing body is a separate office. Any person registered to vote at the election may circulate a nomination paper. Where there are full terms and short terms to be filled, the term shall be specified.

SEC. 2 Section 9760 of said code is amended to read:

9760. All nomination papers shall be filed with the city clerk not later than 12 o'clock noon on the fortieth day before the election *except that nomination papers for a candidate for election to fill a vacancy caused by a recall shall be filed not later than 12 o'clock noon on the fifteenth day before the election.*

SEC 3. Section 11121 of said code is amended to read:

11121. If a majority of the legislative body is recalled at the same election, the members recalled shall retain their offices until their successors are elected and qualified. Immediately after the canvass of votes, the clerk shall call a special election to fill the vacancies arising as a result of the recall election, which special election shall be held within 45 days after the canvass of votes of the election at which they were recalled. [Nomination papers proposing candidates to fill the vacancies shall be circulated and filed within 15 days after the clerk issues his call.] The duties of the governing body of the city with respect to the holding of such special election shall be performed by the clerk. The vote of the special election shall be canvassed by the clerk, who shall declare the result If the clerk has also been recalled, then the board of supervisors shall perform his duties."

Consideration of Committee Amendments

The following amendment was proposed by the Committee on Education:

PRINTER'S NOTE—There being no 7-point strikeout type available, the material which should appear in strikeout type in the following amendment is indicated by being enclosed within brackets.

Amendment No. 1

On page 1 of the printed bill, strike out lines 1 to 25, inclusive; and strike out all of page 2, and insert

"SECTION 1. Section 13652 of the Education Code is amended to read:

13652. Any permanent employee whose services have been terminated as provided in Section 13651 shall have the following rights:

1. For the period of [three years] *39 months* from the date of such termination, any employee who in the meantime has not attained the age of 65 years shall have the preferred right to reappointment, in the order of original employment as determined by the board in accordance with the provisions of [Sections 13004.1 and 13004.2 of this code] *Article 1 of Chapter 8 of this division*, if the number of employees is increased or the discontinued service is re-established, with no requirements that were not imposed upon other employees who continued in service; provided, that no probationary or other employee with less seniority shall be employed to render a service which said employee is certificated and competent to render.

2. The aforesaid right to reappointment may be waived by the employee, without prejudice, for not more than one school year, unless the board extends this right, but such waiver shall not deprive the employee of his right to subsequent offers of reappointment.

3. As to any such employee who is reappointed, the period of his absence shall be treated as a leave of absence and shall not be considered as a break in the continuity of his service, he shall retain the classification and order of employment he had when his services were terminated, and credit for prior service under any state or district retirement system shall not be affected by such termination, but the period of his absence shall not count as a part of the service required for retirement.

4. During the period of his preferred right to reappointment, any such employee shall, in the order of original employment, be offered prior opportunity for substitute service during the absence of any other employee who has been granted a leave of absence or who is temporarily absent from duty; porvided, that his services may be terminated upon the return to duty of said other employee, that the compensation he receives *shall* [not] be *not* less than [that which he was receiving at the time his services were terminated] *the amount he would receive if he were being reappointed*, and that said substitute service shall not affect the retention of his previous classification and rights.

4a. During the period of the employee's preferred right to reappointment, the governing board of the district if it is also the governing board of one or more other districts, may assign him to service, which he is certificated and competent to render, in said other district or districts; provided, that the compensation he receives therefor may be the same as he would have received had he been serving in the district from which his services were terminated, that his service in the said other district or districts shall be counted toward the period required for both state and local retirement, as defined by Section 14269 of this code, as though rendered in the district from which his services were terminated, and that no permanent employee in said other district or districts shall be displaced by him.

It is the intent of this subsection that the employees of a school district, the governing board of which is also the governing board of one or more other school districts, shall not be at a disadvantage as compared with employees of a unified school district

5. At any time prior to the completion of one year after his return to service, he may continue or make up, with interest, his own contributions to any state or district retirement system, for the period of his absence, but it shall not be obligatory on State or district to match such contributions.

6. Should he become disabled or reach retirement age at any time before his return to service, he shall receive, in any state or district retirement system of which he was a member, all benefits to which he would have been entitled had such event occurred at the time of his termination of service, plus any benefits he may have qualified for thereafter, as though still employed."

Amendment read, and adopted.

Bill ordered reprinted, engrossed, and to be re-referred to Committee on Education.

CONSIDERATION OF HOUSE RESOLUTION NO. 161

By Messrs. Hawkins, Elliott, and Anderson:

House Resolution No. 161

Relative to memorializing the Senate of the United States to curb the practice of filibustering in order to prevent the undermining of democratic processes and the neglect of state needs

WHEREAS, The present Senate Rules have led to an abuse of free speech by those who have engaged in long speeches known as "filibusters" for the sole purpose of blocking action on vital legislation; and

WHEREAS, This practice is an antiparliamentary device which nullifies democratic processes and violates the principle of majority rule and is a procedure unknown to the Constitution; and

WHEREAS, This device has been used from time to time to block the passage of legislation desired by an overwhelming majority of people and has on occasion resulted in endangering national security; and

WHEREAS, There are at present the guarantees of free speech and adequate debate in that every bill is fully discussed in committee and on the floor of both houses of Congress; and even after cloture is invoked, each of the 96 Senators is allowed an additional hour of debate which ordinarily would consume four to six weeks of debate; and

WHEREAS, The filibuster has become a serious national problem and a matter of vital concern to the respective states of the Union and important to relationships and legislation affecting their interests; now, therefore, be it

Resolved, by the Assembly of the State of California, That the Assembly respectfully memorializes the Senate of the United States to change its Rules in order to prevent this practice of filibustering by allowing cloture to be invoked by a simple majority of the elected members; and be it further

Resolved, That the Chief Clerk of the Assembly is hereby directed to transmit copies of this resolution to the Vice President of the United States and to each Senator from California in the Congress of the United States.

REPORT OF THE ASSEMBLY INTERIM COMMITTEE ON WAYS AND MEANS

April 15, 1949

To the Hon. Sam L. Collins, Speaker and to the Members of the Assembly:

Your Interim Committee on Ways and Means presents this report of its work since the adjournment of the Fifty-eighth Session of the Legislature.

No meetings of the interim committee were held prior to the Fifty-eighth Session of the Legislature. During the months of December, 1948, and January, 1949, the Finance Department and the Office of the Legislative Auditor were concentrating upon the problems incidental to changes affected by the adoption of Article 25 to the Constitution. The budget was presented to the Legislature on January 21st. Except for this constitutional amendment, the budget would have been presented in final form at a much earlier date, and the report of the Legislative Auditor would have been available earlier to the Ways and Means Committee. It was deemed inadvisable for the interim committee to attempt to hold any hearings on the budget until after the Legislative Auditor should have ample time to prepare his analysis.

During the constitutional recess, and on February 5th and 6th, a committee visited the State Hospitals at Patton, Pacific Colony, and Camarillo. Invitations had been extended to all other Members of the Legislature to accompany the committee on these inspection trips, but unfortunately only members of the committee were present. These inspections were considered of value in providing information required in considering the budget of each institution.

The interim committee planned to hold hearings on the budget for a period of two weeks during the constitutional recess, and it was believed that this would be adequate time for the subcommittees to complete all such hearings. This period of time proved to be insufficient. In the future it is recommended that a period of three weeks prior to the convening of the session be set aside for such subcommittee hearings Such time should enable the committee to give full hearings and present the budget to the session much earlier than by attempting to have such subcommittee hearings during the session of the Legislature when the time of the members must also be devoted to other committee hearings and the press of other business.

MANNER OF CONSIDERATION OF BUDGET

The committee was divided into subcommittees as set forth on the schedule attached hereto as an appendix During the interim two, three, and sometimes four, subcommittees were meeting simultaneously. This necessarily resulted in conflicts so that frequently members were required to choose which session of the committee they would attend. This resulted in an average of four to five members conducting hearings of each item of the budget under consideration During the interim these subcommittees started their sessions at nine in the morning and frequently worked through until 10 and 11 in the evening

During the constitutional recess the Senate Finance Committee was not conducting hearings and the Assembly Ways and Means Committee had the undivided assistance of the Department of Finance and the Legislative Auditor and his staff in the conduct of these hearings.

As in the previous year, the committee was informed that the Legislative Auditor and his staff had been invited by the Director of Finance to be present at the budget hearings, and to participate as if they were a part of the budget making process, in this way they learned how the budgets for the several state agencies had been made and their content. The committee concurs with the opinion of the Legislative Auditor that the budget this year is better prepared than in previous years.

At the date of the making of this report, hearings on the budget have not been completed. The reports of most of the subcommittees have been rendered and considered by the entire Ways and Means Committee, but some of the hearings by some of the subcommittees have not been completed, for this reason no effort will be made in this report to list the various amendments that will ultimately be recommended to the Legislature when the Budget Bill is presented.

This report, however, will list those recommendations of the subcommittee which have been approved by the Ways and Means Committee. They are as follows:

1. That a study be made of the state printing of textbooks by an interim committee.

2. That the California Historical Association be abolished by statute This recommendation is in line with the previous recommendation of the Ways and Means Interim Committee in 1948.

3. That the function of the Department of Social Welfare in inspecting and licensing private schools created by the 1947 Legislature be abolished. The Legislature in 1948, approved the recommendation of this committee, that instead of allowing the amount requested in the budget for performing this function, the sum of $10,000 was allowed for investigation of manner and means performance of such function, or the amendment of this legislation. The committee is now of the opinion that the cost of this function is far too much for any good that would be accomplished. It, therefore, recommends that legislation be enacted to abolish the function, and that the amount requested in the budget for its performance be deleted.

4. *Capital Outlay:* In the present year and in the past few years accumulated reserves have provided financing for necessary capital outlay. This has made the problem of selecting the most necessary expenditures relatively easy. In the future these expenditures will be made from current income and the Legislature should have more exact knowledge of the relative necessity of different proposals.

It would appear desirable that subcommittees of the Ways and Means Committee and Senate Finance Committee should during the year keep in touch with this problem as it is presented to the Director of Finance. The importance of this problem and the size of necessary appropriations to meet the needs of a growing State cannot adequately be determined in the short time which this committee has had for their consideration.

5. *Department of Social Welfare.* This committee recommends that caution should be exercised in the expansion of a state program of administering aid to the needy aged, but without sacrificing any services that have to be performed in this administration, that no additional district or regional offices be set up by the Department of Social Welfare, until a pilot study be made of one district of sufficient size to be a true test case, and *it is in satisfactory operation.* This recommendation was made by the subcommittee and approved by the entire committee after a full hearing and discussion with the Director of Social Welfare, Director of Finance, Legislative Auditor and members of their staffs. The committee wishes to commend the cooperation which has been manifested by the Department of Finance and the State Controller in assisting the Department of Social Welfare in performing its new functions created by the recent amendment of the Constitution. By means of contracts with the counties, the State performed its duty toward the needy aged with a minimum of inconvenience to them. It is true that there is a considerable backlog of applications which have not been processed. This will undoubtedly result in considerable expense to the State, due to the fact that no federal contribution is made to payment of aid retroactive for more than the first sixty days required to process the application. This loss is due in large part to the numerous changes in the rules promulgated by the Department of Social Welfare in the first months of its operation under the new amendment. This committee has been less critical of the budget of this department than of others. The reasons for this attitude is that we realize that it is without the benefit of past experience, and we deem it of the utmost importance that adequate provision be made for sufficient examination of initial applications, and the annual review thereof.

CONCLUSION

The budget was considered by this committee in light of the fact that as presented it will require additional taxes for its financing, and any new or additional expenditures by the Legislature will require additional taxes This report is signed by the chairman only, but a list of members, and their respective subcommittees, is attached.

REPORT OF THE ASSEMBLY INTERIM COMMITTEE ON CRIME AND CORRECTIONS

LETTER OF TRANSMITTAL

April 15, 1949

To the Speaker and Members of the Assembly

GENTLEMEN: On behalf of this committee, recreated by House Resolutions No. 164 of the 1947 Session and 16 and 36 of the 1949 Session, we have the pleasure of submitting our further report.

This report deals with our investigations of California custodial institutions and parole methods as they are presently operated and some of their points of merit and deficiencies.

We have attempted to point out the probable trends which we believe the Legislature should give heed to in giving consideration to capital outlay and expansion of programs, thus indicating the transitional stages both as to facilities and administrative requirements.

Need for training of personnel in the more advanced methods should be considered. There seem to be definite reasons to challenge the "closed session" procedure in parole hearings and meet the lead of other states where records are open to the public.

Our final report is being delayed due to an arrangement with a state agency which has litigation pending.

Your committee is very appreciative of the many courtesies extended to it by various department heads and personnel of the departments.

Respectfully submitted,

VERNON KILPATRICK, Chairman
MONTIVEL A. BURKE, Vice Chairman

INTRODUCTION

The members of this committee believe that an interim committee has but one function, and that is to bring back information to the Legislature, information which will enable the members to more thoroughly understand the problem for which the interim committee was set up. We trust that the following account of our activities will enable this and succeeding Legislatures to more thoroughly understand the complex problems of the little understood subjects of crime and correction.

THE PRISON SYSTEM

The Assembly should understand that the Prison System of California is in a transitional stage This is true not only of prison structures but, and this is of far more importance, of the thinking and approach to the problem of those who administer our system.

Guidance Center at San Quentin

It would be easy enough to criticise many things one observes were it not for the fact that the change in thinking has far outpaced the

change in prison structures. One is confronted with this thought when the Guidance Center at San Quentin is considered. At the time the Guidance Center came into being, about 1944, there was no place to house it, and it was, therefore, necessary to set aside a good portion of the office space of San Quentin Hospital which had housed the medical and psychiatric departments. A cell block was set aside for the inmates who were being processed by the Guidance Center. At the time we visited San Quentin there were about 650 inmates in the Guidance Center.

Need for Psychiatric Services in the Prison

The function of the Guidance Center, which reflects the new thinking mentioned above, is a forward step wherein the scientist assumes a very definite part in the penological system. It is here that the human mind of the nonconformist is probed into in order to try to understand how he may be rehabilitated. Imagine the difficulties of trying to do a scientific job under such conditions.

Society may look forward to the time when the scientist, that is the psychiatrist, the doctor, the psychologist, and the social worker, will take over an ever increasing load of prison work. We were very much impressed with what we saw of the classification center in San Quentin Prison but were appalled when it was explained to us that, due to an insufficient number of psychiatrists, it was only possible to devote about 15 minutes per inmate per year, and that for only 1,200 of the 4,800 prisoners.

Because of the ever increasing prison population, if for no other reason, the Legislature is going to be called upon for increasing amounts of money to carry on this type of work and while it shall probably be necessary to do a large amount of educational work in order to understand the necessity for psychiatric treatment in connection with crime, the day will come when a far larger proportion of money will be spent for this type of service with a corresponding decrease in the number of gun towers and the guards to man them. It is interesting to note that in connection with these gun towers it costs the State approximately $10,000 a year to man one gun tower.

The need for additional psychiatric service in our prisons is brought very sharply into focus when one considers the large number of persons in prison who are not mentally normal On the day we visited San Quentin we were told that there were approximately 1,300 defectives, ranging from definite psychotic to the less, and nonviolent, types such as homosexuals and sex offenders, who need hospitalization rather than prison.

There is a crying need for a program for training prison psychiatrists and people qualified in medical psychology which, it would appear, should be facilitated and augmented at the earliest possible time in correlation with the university and medical schools of California.

In connection with the above, it should be borne in mind that at the present time there are only about 1,500 neuropsychiatrists and something less than 4,000 psychiatrists in the United States, except for those who were in this practice before the present standards were set up.

To repeat, Legislatures are going to be confronted with this problem in the future because of the extremely constructive work which qualified psychiatrists are equipped to do toward the curing of criminal tendencies.

The members of this committee are not trained penologists, and do not pretend to know all the answers. However, we have endeavored, through our public hearings covering a four-year period, to enlist the aid of the most outstanding authorities of all fields of thought having to do with "crime and correction."

Los Angeles Meeting of the Committee

Early in December, 1948, a four-day public hearing was held in Los Angeles to which we invited members of the federal, state and municipal courts, the district attorney's office, the public defender's office, the sheriff's office, the Bar associations, educational and religious groups, as well as some of the most outstanding leaders in medicine and psychiatry. We also called upon taxpayers groups and various women's organizations, and we believe that we learned a great deal as a result of listening to the views of these people, some of whom came long distances in order to give us the benefit of their knowledge.

In our effort to understand the work in which we were engaged we asked for and received information from the authorities of practically every state in the Union, as well as some very interesting information from some foreign experts. Therefore, when we speak to the Assembly on this subject, we are reflecting the views of some of the best minds in the Country. Up until the time that we engaged in our present study last July we had confined ourselves more or less to the jails and detention homes of California and we are happy to report that a great many of the recommendations which we have made to the Assembly as a result of our studies have been written into law. We felt that, as a preparation for the study which we are at present engaged in, we should solicit the advice of experts, and prepare our minds so that we could evaluate what was offered us and what we saw.

We were very pleased to discover that we have within our own system one of the best qualified medical authorities on the penal system in the country, Dr. Justin K. Fuller. Dr. Fuller has a lengthy background with the United States Public Health Service and the Federal Bureau of Prisons In the federal system, all medical services are the responsibility of the United States Public Health Service. This agency also is charged with the maintenance of food and sanitary standards, providing check and balance which contributes to a model system.

Paper by Dr. Justin K. Fuller

Because of the fact that Dr. Fuller has given so much thought and attention to the study of the mental pattern of those who become involved in crime, we asked him to provide us with a paper setting forth an approach to the problem of better understanding of the minds of those who make up our penal population. We present Dr. Fuller's views in the following:

"In accordance with your request there is given below a brief resume of the general medical problem as I believe it exists in our modern prison situation.

"Offenders are imprisoned for three major purposes: First, for the protection of society, by removing from society persons who are dangerous to its peace and good order. In the second place, offenders are sent to

prison 'as punishment'. The fear of arrest, trial, sentence, and incarceration is a tremendous deterrent to criminal action on the part of mentally normal persons: It is not so much a deterrent to the psychopathic or compulsive individual who, as a peculiarity of his mental condition, is unable to profit by past experience, cannot resist temptation, and repeats acts 'today' for which he was punished 'yesterday'. It is important to differentiate between sending persons to prison 'as punishment' and 'for punishment'. The latter implies that a prison is a place where an inmate is to be punished—perhaps mistreated or even tortured—rather than rehabilitated. This is, of course, incompatible with the obvious and logical common-sense wish to return a prisoner to society as a better and more law-abiding person than when sentenced.

"Therefore, the third purpose of imprisonment is for rehabilitation. Rehabilitation includes such measures as the correction of remediable physical and mental disabilities, the provision of schooling to correct defects in basic education, occupational training where indicated to provide for legitimate employment, and so on, all to the end that correctible defects will no longer constitute an excuse for extra-legal activity—will no longer be a crutch upon which a person may lean and upon which he may blame his derelictions.

"It is apparent from the above that in reality many prisoners are not sent to prison even 'as' punishment, since they are creatures of circumstance over which they have no control—the results of accidents of heredity or environment—pawns in the game of life who need help if they are ever to outgrow their delinquent patterns.

"The great majority of prisoners *are* released from prison back into society. Therefore, the prison should be a place where the erring persons who are sent there are prepared for re-entry into society at large, as better, more law-abiding, less troublesome members thereof—rather than worse. This is no simple matter. Indeed, the complexities of such a program are in places apparently insurmountable. For instance, with available physical facilities, how are fundamentally 'good' and well-intentioned inmates to be separated from fundamentally 'bad' inmates so that the prison will not become a 'school of crime' rather than a 'place of rehabilitation'?

"The mere fact of incarceration, undiluted by specific and effective rehabilitative measures—the mere restriction of liberty without intelligent guidance—is not of itself a permanent reformative force in most cases. Prisoners vary in their characteristics and responses to their environment. The causes of adverse behavior, especially delinquent behavior, are multiple and complex. For these reasons, every available facility should be called upon to assist in the rehabilitation and training of prisoners. Such facilities should include the resources of social, educational, occupational, psychological, religious, medical, psychiatric, and other special services.

"A modern medical service is, then, an essential part of a modern penological program. It serves three major purposes: The first purpose is the protection of the health of the institution, of the community surrounding the institution, and of the community at large. The health of the institution proper must be protected by the provision of proper sanitation, the control of communicable diseases, etc. The community immediately surrounding the institution is in constant indirect contact with

the inmates thereof through prison employees who live in the adjacent community and who might transmit communicable diseases and sanitary hazards and who would endanger the community if the institution's sanitation and communicable disease hazards were not controlled. The community at large is exposed to health hazards which might be carried to it by released prisoners.

"The second purpose of a medical penological program is the treatment of diseases and the correction of remediable disabilities suffered by inmates.

"The third purpose is investigation into the causes and cures of conduct disorder, delinquency, and crime—the development of ways to control conduct disorder, to affect delinquency, and to reduce the incidence of crime.

"It is very certain from public utterances, newspaper articles, and so on, that the American way of life assumes as a matter of course that reasonable medical safeguards will be maintained in its prisons, for the protection both of inmates and of the community at large. It is taken pretty much for granted that enlightened society expects its penologists to discharge this responsibility in reasonably full measure. This involves the provision of reasonable programs dealing with rehabilitation, education, physical and mental examination, the treatment of diseases, the correction of remediable defects, and researches into the causes and cures of delinquency.

"Perhaps the greatest direct contribution that a medical service may make to this problem is through the specialty of psychiatry. Psychiatry may be defined as that specialty of the art and science of medicine which deals with abnormal mental reactions. Psychiatry, in turn, may be divided into several branches, one being concerned with 'mental hygiene' and another with 'delinquency.' Mental hygiene is a broad subject which has to do with the prevention of all forms of abnormal mental reaction, including delinquency. Delinquency is a more limited or specific subject, having to do with the prevention, treatment, and cure of delinquency and other forms of conduct disorders.

"It would seem to be apparent that modern American civilization has placed something of a premium on the survival of certain types of the mentally unfit; and that this plays a definite part in determining the incidence of conduct disorder, delinquency, and crime; and that the resultant group of individuals is composed of many who may be called psychopathic, or who are compulsively neurotic, or borderline psychotic, or prepsychotic, or borderline defective; and that this group is largely responsible for crime; and that very little is known, scientifically, about this group, principally because members of the group rarely apply to a psychiatrist for treatment, particularly outside of the prison environment, and because members of the group are inclined to be slick, cunning, and commonly able to outsmart a considerable portion of the persons with whom they come in contact. It may be safely concluded that unless society finds some answer to the rising tide of delinquency, a saturation point and an explosion of major proportions may be anticipated.

"This situation would indicate that penal psychiatry is the branch of psychiatry best able to do something constructive in this matter. Indeed, it perhaps is the only branch that can be looked to for action

within the foreseeable future. For instance, state hospitals refuse to accept the 'non-insane' psychopath or neurotic, except in a very few special cases. Private psychiatric practitioners find this group unprofitable to deal with and shun them in preference to more satisfying and tractable cases. Private and semi-private institutions and clinics are prone to carefully select their patients and to accept only the ones most amenable to the type of treatment the institution or clinic has to offer, which, of course, usually bars the troublesome psychopathic group. Penology, then, is squarely confronted with a problem that is being evaded in most other quarters. Penology must alone shoulder most of this burden, unless institutions of learning with their compelling background of prestige, staff and laboratory facilities, sponsor a more energetic attack on the problem in penal and correctional institutions.

"Some immediate research problems are:

"(a) The detailed study of a group of some 200 castrates, who elected to undergo this operation as a means of treatment for 'sex psychopathy';

"(b) Biochemical and endocrine researches on innate homosexuals with reversed secondary sexual characteristics;

"(c) Researches on therapeutic techniques and criteria of improvement or cure of sex delinquents;

"(d) Studies into further refinements in the group therapy of psychopaths and neurotics.

"In its present state of development, a prison medical program should include a careful physical and psychiatric examination of every prisoner within 30 to 60 days after he begins the service of a sentence. The purpose of a psychiatric examination is '* * *' to discover the origin and evolution of such personality disorders as may be interfering with the happiness, satisfaction, efficiency, or social adjustment of the patient.' While no penologist is likely to disagree with the theory of this proposition, few institutions are able to adequately effectuate it in practice. A psychiatric examination takes a great deal of time—an hour or two at the very least; there is a scarcity of psychiatrists, even if an institution's budget were sufficiently liberal to provide salaries for a sufficient number to keep abreast of the above suggested program.

"More specifically, there are a considerable number of California prisoners who obviously need psychiatric examination and a certain number who by law must be psychiatrically examined (sex offenders, for instance).

"In still a third class, it is the common wish of everyone concerned that 'mental patients' be examined and treated. This desire, of course, obviously, in the light of the above brief discussion, raises the question of how the determination of who are mental patients is to be made. Certainly without routine psychiatric examinations, only inmates with gross mental abnormality obvious to anyone, be he layman, suregon, or psychiatrist, will be included in this part of the psychiatric program.

"It would seem, then, that the only hope for achieving a routine psychiatric examination program, for the time being at least, is in the development of a screening program, the meshes of which could be so adjusted as to hold back a majority of inmates most badly in need of psychiatric help and to pass on the majority of those who are nearest the normal mental level. Such a program is in the process of being

developed at the San Quentin Guidance Center, and it is hoped that it will prove to be increasingly effective as experience is gained with it. This does not mean that insistent effort should not continue to be made to improve the psychiatric program by recruiting more and better trained penological psychiatrists and psychologists.

(Signed)

"JUSTIN K. FULLER, M.D., Medical Consultant."

Dr. Fuller, because of his lengthy background with the United States Public Health Service and the Federal Bureau of Prisons, is a recognized authority on penological psychiatry and it is because of his profound knowledge on the subject that his paper should be of the utmost value to the Legislature.

Castaic Farm

Viewed today, our jails and penal institutions are relics of an era which is very definitely coming to an end. A great many of our California jails are deplorably inadequate, some are unsanitary to a disgraceful degree. A forward step would be to require the State Health authorities to examine the jails of the State and to bring action in the courts compelling the responsible authorities to maintain at least the same standards of sanitation that other citizens are required to follow.

There are in the State some instances of intelligent and far reaching thinking in the operation of county jail facilities, one being the farm and rehabilitation program which has been put into operation by Sheriff Biscailuz of Los Angeles County. The program of handling juvenile delinquents is especially commendable, and the gradual expansion of the farm and other out of doors programs reflects the thinking of an intelligent group of people to whom the sheriff has entrusted this activity. They are doing a unique selling job to industry, the churches and the labor unions.

The farm at Castaic is an amazing project. This facility dates back to Sheriff Traeger's time and stands as a monument to the ingenuity and foresight of the staffs of Sheriff Traeger and his successor Sheriff Biscailuz.

Developed from comparatively poor unimproved land without housing or other facilities, today it stands out as one of the finest institutions of its kind in the Country.

Practically all of the buildings have been constructed by inmate labor, with materials salvaged from every source which an alert group of deputies had knowledge.

Currently, a plant for making concrete blocks for use on county projects is in operation.

Through cooperation with industry, equipment and training courses are being developed under the leadership of the training personnel of some of the largest firms in the Country. This will result in many of the inmates who have no special skills, learning useful trades, which should materially improve their social and economic outlook.

The road camps and the work done on fire breaks and trails demonstrate that prisoners who would otherwise sit in idleness in the county jail, can be usefully employed, and that in the case of alcoholics they are benefited to a remarkable degree.

Santa Rita Industrial Program

Sheriff Gleason of Alameda County has also instituted a fine industrial program at Santa Rita. This institution, which was acquired from the United States Navy and can be made to accommodate 1,500 people, comprises 3,300 acres, most of which is good farm land on which is produced food which would otherwise have to be purchased by the taxpayers for the Alameda County institutions. It is believed that hospital and relief programs will be supplied the larger part of their food needs from the jail farm program when developed to its maximum. The county prisoners in this institution, living and working in the open, not only are being rehabilitated physically but mentally as well, and at a less cost to the taxpayers than if they were maintained in idleness, caged in fortresses of steel and concrete.

It may be argued that only the populous and wealthy counties can afford such programs, but we believe that it points to a trend of utilizing such institutions by a group of counties. Such planning should result in a considerable saving of money. A number of states follow this plan very successfully. This committee believes that the experiences of these other states should be studied and investigated.

The Sheriff's View

In our inspections of jails throughout the State we have had the opportunity of meeting with and listening to the views of a great many sheriffs. It should be borne in mind that the sheriff of the county is very close to the people and the conditions prevailing in his county. The sheriff is quite responsive to the thinking of the people and we think it only fair to report to the Legislature that, while the majority of sheriffs are quite willing to admit that such state legislation as minimum standards is along the right lines, they nevertheless feel that the tendency of the State to assume dictator powers over the counties is unfair and might lead to too much one-man rule. The points of view of some of the sheriffs are very sound and they tried to impress us with the thought that they were wholeheartedly in favor of running their own counties without too much interference from the State. In fairness to the sheriffs of California whom we have met, we present the above points of view in this report in order that the Legislature in future legislation may be cognizant of the views of these men.

Crime is costly, how costly no one knows exactly, but when we stop and reflect that it costs about $150,000,000 a year to protect life and property in the State of California we must admit that crime is Big Business and important to the people of this State.

ADULT AUTHORITY

In developing the material which we now set before you, we have, during and following the constitutional recess, attempted to make a comprehensive study of parole. In carrying out this work, we spent several days in the Los Angeles County Jail, interviewing parolees who were incarcerated as parole violators, or were there on new charges, or held for investigation.

The time available was altogether too brief to bring the study to a practical conclusion Furthermore, due to pending litigation in which

Adult Authority and the Parole Bureau are engaged, it would be quite improper to disclose some important phases of our study.

The Parolee Problem

We were surprised to learn that as of the week ending January 31, 1949, the weekly census of parolees held in custody in the Los Angeles County Jail, amounted to 94 men, or approximately 3 percent of all of the parolees under the jurisdiction of the Adult Authority in California

We, particularly, wanted to know why these men were in jail, because it seemed to us that the case histories of these men should reflect the true picture of just what the treatment of our penal institutions had done for them, also we reasoned that here, indeed, should lie a most fertile field of study of the parolee who had failed.

We questioned these men at length about their relationship with their parole officers, and we learned that the approach of the parole officer to the parolee varied widely from man to man. It did not seem, from the stories we heard, that the parole officers followed fixed rules, and that very wide discretion was allowed them in the handling of their charges.

We ran into one situation, which we investigated at great length; that of a man who had completed about thirty-five months of successful parole before he became involved in a situation for which he was arrested, charged with sale of narcotics and of "ex-con with a gun." On examination of the records at the Bureau of Parole, we discovered that their records showed that this man had been freed after a jury trial in the Superior Court of Los Angeles County on the dope charge, but no mention was made on the Bureau of Parole's records to show that he had also been freed on the second charge of "ex-con with a gun." When this fact was disclosed to the supervising parole officer, he was very much surprised, and ordered an investigation of the records of his office, and the report corrected to show that the man had been vindicated on both charges.

We believe, in the interest of simple justice, that extreme care should be exercised in the maintenance of these records. This committee has sat in at hearings of the Adult Authority in various prisons, and has observed that the board relies solely on the man's record for their decision in setting his term of sentence or for parole. We have noted instances at these hearings where the man disagreed with the board's record of his case, and in these instances the man was advised by the board that all the board had to go on was the "record" and the closer he would agree to the record, the better it would be for him. Incidentally, we may add that this man's parole was suspended, and he has been returned to Folsom as a parole violator, "for failure to cooperate with his parole officer."

In the course of our investigations, we interviewed several other parolees who were being or had been supervised by the parole officer in the above man's case, who told us that this parole officer had a very quick temper When one considers the difficulty which confronts the parolee, of fitting himself back into society, of getting and keeping a job where it is often known that he is a parolee, one begins to realize the far sightedness of the New York Parole Law, which specifically directs the use of

social case methods, and which results in virtually all parole officers being trained as social workers.

It would seem, from the results of the interviews which we had with so many parolees, that the keystone in the arch of success in this field, depends upon the type of person the parole officer is, and of his training and background. A successful parole officer is a social worker, possessing the special talents which would enable him to work with men who have broken the laws of society, have been tried and convicted, have been removed from the community, have been imprisoned and returned to society, not as free men, but as freed convicts, men who because of their experiences, are handicapped in an unlimited number of ways.

The Parole Officer

We have found that the majority of parole officers in California consider themselves to be peace officers. They feel that they should carry guns and handcuffs and have full powers of arrest. And yet the more one studies parole, and delves into the vast literature concerning parole, the more one becomes convinced that the basic philosophy behind parole is built upon sociological and psychological principles. The policeman is one of society's inventions. He fills a necessary place, and if he is to be a successful policeman, he must possess special abilities and a suitable mental approach to his job. One thing is certain, God Almighty for His own good reasons, did not combine with the characteristics which make for a good policeman those of a sociologist or the psychologist. Perhaps, if He had, there would be no crime, no jails, no Adult Authority, no Parole Bureau.

Parole officers are another of society's inventions. They also fill an existing need. Certainly, the calling is an honorable one. The parole officer can do an immense amount of good to society in the field of rehabilitation in fitting back into society that end product of the penal institution, the parolee, after he has undergone the so-called treatment in which our institutions specialize. The parole officer is also of great economic value to the State, and the way he does his job may result in the savings of millions of dollars in fixed and other charges to the State.

At this point, this committee wishes to point out a fact that few people seem to realize:

That the entire population of our penitentiaries in California, numbering some 10,000 persons, are tax consumers. Imagine what would happen if someone appeared before this Legislature, asking it to appropriate the taxpayer's money to feed, clothe, house, and provide free medicine and care for a community of 10,000 healthy, able-bodied, and fairly intelligent free citizens. Nor do many seem to realize that the prime purpose behind parole is to reduce the prison population just as soon as it is thought that further incarceration would no longer serve the State or the inmate. Few also seem to realize that the parolee under the very terms of his parole becomes a taxpayer. He is still a convict under supervision of his parole officer but he must pay his own way, earning wages and paying taxes.

From the above, it can be readily seen how important the work of a parole officer is, and how beneficial his work can be to the State. And, from this, it should follow that parole officers should be exceptionally trained and well-balanced people.

Committee Recommendations

This committee, as a result of its work, feels that the strongest possible protection to these agencies and to those engaging in carrying out the activities of these agencies would require that full, complete, and accurate statistical data, together with complete copies of all rules, resolutions, and regulations promulgated by the Adult Authority and the Bureau of Paroles be made available to the Legislature and on file in the public library in the form of reports covering their activities. The State of Pennsylvania even goes so far as to require that its Parole Board's action shall be filed of record in the offices of the board, and shall be at all reasonable times open to public inspection.

This committee feels that the closed hearings and authoritative attitude of the Adult Authority and its agency, the Bureau of Paroles, is unwholesome and should be corrected at once.

The only defense of the policy of closed hearings that we know of is the "welfare" of the prisoners or parolees, a defense which we do not accept because the possibility of harm inherent in secrecy far outweighs the good.

The fact that a man has been convicted of a crime and has been imprisoned is a matter of record and public knowledge, and we can think of no valid reason why it should suddenly become so necessary to shroud in secrecy the fact of his release on parole.

We believe the public should know these facts, not only for its own protection, but also because secrecy in any governmental agency is abhorrent to the American mind.

It is conceivable that such secret methods could lead to abuses if unscrupulous men were to find their way into even a minor position in these agencies.

It is so easy to see—a system operating in such a secret fashion, a system which permits a parole officer to throw a man into jail under the pretext that he "needs a little more treatment", or to "violate him" for a good reason or a bad reason, or for no reason, when he knows that his actions and his records never will be scrutinized by anyone outside his own department, is a bad system and could lead, and has led, to abuse.

The Illinois law governing parole requires that all sessions of the Division of Correction shall be open to the public, and said division shall keep a public record of all persons appearing for or against any application for parole The Illinois law further states:

"On the first day of the respective sessions of the subcommittees and the day immediately following if so designated by the members of the Division, relatives, friends and counsel for the prisoners may attend and be heard in behalf of the prisoners whose names appear on the docket, as well as persons who desire to protest the release of the prisoners." The Illinois law further provides that: "No subsequent oral arguments will be heard in cases appearing on that particular docket, but attorneys or other persons may submit in writing to the Division of Correction any brief or statement of fact in behalf of or in opposition to the parole of any inmate whose name appears on the docket."

This committee has agreed, for the reasons stated above, that any further report pertaining to parole personnel or policies of the administration must be held for a future release.

PRAYER

The following prayer was offered by the Chaplain, Dr. Torrance Phelps:

God of Eternity: May the Eastertide confirm our belief in the Life Everlasting.

May we see the intimations of immortality in the spectacle of nature rising out of its grave of winter, and of the seeds out of dead shells, and the butterfly out of its chrysalis.

If an atom of energy or of matter can be destroyed, let us believe that the psychic energy of man must also be indestructible.

How universal is the belief in a future, from the savage who entered his heaven by the grapevine trail of the forest, to the Esquimaux, who looks for his Hereafter by the shining path of the aurora borealis.

If the Eternal God gives to the atom an eternity and to the seed another spring time, let us believe that the human soul has a career in the Beyond.

Above all may we live the kind of life that is worth living forever.—AMEN.

PLEDGE OF ALLEGIANCE TO THE FLAG

Upon request of the Speaker, the Assembly gave the pledge of allegiance to the Flag.

20607.5. For each local safety member who became a member of this system, or, if entitled to credit for prior service, who entered fire, police, or county peace officer service at or below age 45, the normal rate of contribution shall be such as will provide, on the average, a service retirement annuity at age 55, or upon completion of 20 years of service at an age higher than 55 years, equal to one-fourth of his final compensation less one-half of his prior service pension (assumed for this purpose to be based on the full prior service formula applicable to his classification), it being the intention that the retirement allowances of such members, upon retirement at age 55 or such higher age, shall be, on the average, one-half of their final compensations, respectively.

This section shall not apply to any contracting agency nor to the employees of any contracting agency unless and until the agency elects to be subject to the provisions of this section by amendment to its contract made in the manner prescribed for approval of contracts, except that an election among the employees is not required, or, in the case of contracts made after the date this section takes effect, by express provision in such contract making the contracting agency subject to the provisions of this section.

Whenever this section becomes applicable to the employees of any contracting agency, as to those members to whom it applies it shall supersede the provisions of Section 20607.

SEC. 2. Section 21252.4 is added to said code to read:

21252.4 The current service pension for local safety members is a pension derived from the contributions of the employer, which, when added to the service retirement annuity that is derived from the accumulated normal contributions of the member, shall equal the same percentage of his final compensation, regardless of his age at retirement, for each year of fire, police, or county peace officer service, as the contributions of the member and the employer are calculated to provide upon retirement for service at age 55, or upon completion of 20 years of service at an age higher than 55, or upon retirement with less than 20 years service at age 65, for each year of fire, police, or county peace officer service after the effective date of the contract under which he became a member.

This section shall not apply to any contracting agency nor to the employees of any contracting agency unless and until the agency elects to be subject to the provisions of this section by amendment to its contract made in the manner prescribed for approval of contracts, except that an election among the employees is not required, or, in the case of contracts made after the date this section takes effect, by express provision in such contract making the contracting agency subject to the provisions of this section."

"SEC. 5. Section 10 of the Bank and Corporation Franchise Tax Act is amended to read:

Sec. 10 When the income of the bank or corporation is derived or attributable to sources both within and without the State, the tax shall be measured by the net income derived from or attributable to sources within this State. Such income shall be determined by an allocation upon the basis of sales, purchases, expenses of manufacture, pay roll, value and situs of tangible property or by reference to any of these or other factors or by such other method of allocation as is fairly calculated to determine the net income derived from or attributable to sources within this State. Income from business carried on partly within and partly without this State shall be allocated in such a manner as is fairly calculated to apportion such income among the states or countries in which such business is conducted. Income attributable to isolated or occasional transactions in states or countries in which the taxpayer is not doing business shall be allocated to the state in which the taxpayer has its principal place of business or commercial domicil. Income derived from or attributable to sources within this State includes income from tangible or intangible property located or having a situs in this State and income from any activities carried on in this State, regardless of whether carried on in intrastate, interstate or foreign commerce.

If the commissioner reallocates net income upon his examination of any return, he shall, upon the written request of the taxpayer, disclose to him the basis upon which his reallocation has been made.

Nothing in this section shall prevent a taxpayer from using an adequate system of direct accounting.

SEC. 6. Section 6714 of the Revenue and Taxation Code is amended to read:

6714 In the action a certificate by the board showing the delinquency shall be prima facie evidence of the determination of the tax or the amount of tax, of the delinquency of the amounts set forth, and of the compliance by the board with all the provisions of this part in relation to the computation and determination of the amounts.

This section shall not be applicable to the determination of the amount of the tax if the books and records of the taxpayer have been so kept as to adequately show, or permit determination of, such amount and there is no finding of fraud on the part of the taxpayer."

Amendments read, and adopted.

Bill ordered reprinted, engrossed, and to be re-referred to Committee on Revenue and Taxation.

RESOLUTIONS

The following resolutions were offered:

By Messrs. Dickey, Beck, and Hollibaugh:

House Resolution No. 169

Commemorating the rebuilding and growth of San Francisco

WHEREAS, Forty-three years have flown since that April 18th of 1906, when the people of San Francisco awakened just before dawn to find their beloved city rocked by a catastrophe and during the four days which followed, ravaged by fire and dynamite, until it seemed only ash and ruins remained; and

WHEREAS, On this Easter Sunday, one day before the forty-third anniversary of that disaster, thousands of San Franciscans and visitors to the city, gathered for sunrise services on Mt Davidson, could see the rebuilt city reaching beyond sight of eye on all sides, greater and more beautiful than any could have dreamed on that morning of devastation; and

WHEREAS, With great courage and faith the rebuilding of the city began at once and through the 43 years since it has remained the greatest port and Queen City of the Pacific Coast, through which poured the vast flow of men and material to bring victory in the Pacific, and has retained the same golden spirit of adventure and joy of life which characterized its earlier days, has been the site of the magnificent Panama Pacific Exposition of 1915 and the World's Fair of 1939 and 1940 commemorating completion of the Golden Gate and the San Francisco-Oakland Bay Bridge, and is honored as the birthplace of the United Nations; now, therefore, be it

Resolved by the Assembly of the State of California, That the Members of this Assembly congratulate the people of the City and County of San Francisco upon the rebuilding of their city and express the pride of all Californians in the magnificent and world famous City by the Golden Gate, for 100 years mecca of argonaut and artisan, built by the sinews of commerce and industry and crowned by the arts, one of the truly great cities of the world

Request for Unanimous Consent

Mr. Dickey asked for, and was granted, unanimous consent to take up House Resolution No. 169, at this time, without reference to committee or file.

Resolution read, and adopted unanimously.

By Mr. Dickey:

House Resolution No. 170

Resolved by the Assembly of the State of California, That the Controller be and he is hereby directed to draw his warrant upon the Contingent Fund of the Assembly in favor of the Chief Clerk of the Assembly, and the State Treasurer is hereby directed to pay the same, in the sum of twenty-five dollars ($25), said amount being for the purchase of postage stamps to be used by Honorable Samuel William Yorty, Member of the Assembly from the Sixty-fourth District for official mail; and be it further

Resolved, That the Chief Clerk be and he is hereby directed to purchase twenty-five dollars ($25) in United States postage stamps for the use of Honorable Samuel William Yorty.

By Mr. Sam L. Collins:

House Resolution No. 171

WHEREAS, On Thursday night, April 14, 1949, a new endurance flight record was established by two California pilots, Dick Riedel and Bill Barris, of Fullerton; and

WHEREAS, By remaining aloft in their single-engine Aeronica plane, "Sunkist Lady", for 727 hours these two intrepid airmen eclipsed the former record of 726 hours, set October 29, 1939 by two other Californians, Wes Carroll and Clyde Schleiper, of Long Beach; and

WHEREAS, This successful attempt at the endurance record was the fourth attempt by Dick Riedel and Bill Barris, the previous attempts ending in heartbreaking failure due to mechanical failures and icing conditions; and

WHEREAS, By their inspiring feat Dick Riedel and Bill Barris have indelibly written their names in aviation history, and has captured the hearts and imagination of air-minded persons all over the world, and have brought further fame and glory to the City of Fullerton and the State of California; and

WHEREAS, Not content with merely breaking the record, Dick Riedel and Bill Barris are still winging their way through the skies over Southern California and are determined to remain in the air until they have established a new record of 1,000 hours of continuous flying; now, therefore, be it

Resolved, by the Assembly of the State of California, That heartiest congratulations be extended to Dick Riedel and Bill Barris for their amazing feat of courage and stamina in setting their endurance flight record, and that best wishes for good luck in their attempt to extend this record to 1,000 hours be extended to them; and be it further

Resolved, That the Chief Clerk is directed to send copies of this resolution to Dick Riedel and Bill Barris, of Fullerton.

Resolution read, and ordered referred to the Committee on Rules.

House Resolution No. 172

Relating to the granting to inspectors employed by the State Athletic Commission of travel expenses and paid vacations

WHEREAS, It appears that inspectors employed by the State Athletic Commission do not receive annual vacations with pay as do other state employees; and

WHEREAS, Such inspectors are required to travel long distances at late hours in the performance of their duties and receive no travel expenses such as other employees of the State receive; and

WHEREAS, Such conditions tend to lower the morale of the inspectors and to prevent men of the caliber required to perform such important duties from seeking employment as inspectors; now, therefore, be it

Resolved by the Assembly of the State of California, That the State Athletic Commission be, and it is, requested and directed to grant its inspectors annual vacations with pay to the same extent as other state employees, and to pay the necessary travel expenses of its inspectors; and be it further

Resolved, That the Chief Clerk is directed to send a copy of this resolution to the State Athletic Commission.

Resolution read, and ordered referred to the Committee on Rules.

MOTION THAT CHIEF CLERK BE INSTRUCTED TO DELIVER LARMAC INDEX AND A SET OF BANCROFT-WHITNEY CODES

TEXT OF RESOLUTION CREATING COMMITTEE

The text of the resolution creating the Assembly Committee of the California State Legislature on *State-Federal Cooperation in the Discovery, Production, Transportation, Refining, and Use of Petroleum* follows:

House Resolution No. 219

Relative to the creation of the Assembly Committee on State-Federal Cooperation in the Discovery, Production, Transportation, Refining, and Use of Petroleum

WHEREAS, An Assembly interim committee on the subject of this resolution was first created in 1943, and committees thereon have subsequently been created; and

WHEREAS, There is a continuing need for legislative investigation, study, and fact-finding in this field; now, therefore, be it

Resolved by the Assembly of the State of California, As follows:

1. The Assembly Committee on State-Federal Cooperation in the Discovery, Production, Transportation, Refining, and Use of Petroleum Oil and Its Products is hereby created and authorized and directed to ascertain, study, and analyze all facts relating to

(a) The subject (within the scope of legislative regulation and control) of attaining maximum efficiency and minimum waste at all the various phases of the discovery, production, transportation, refining, and use of oil, gas, and other hydrocarbon substances, including production thereof from lands owned by the State, public agencies, and political subdivisions, cooperating therein to the fullest extent in every way with federal agencies; and

(b) The title of the State of California and its grantees in and to the tide, submerged and reclaimed lands lying within its borders and adjacent to its seacoast, the use, administration, and management thereof by the State and its grantees, any attacks by federal officials relating thereto, litigation with reference thereto, and legislation pending in Congress affecting such title, and any and all matters relating thereto or connected therewith or which affect the interests of the State therein; including but not limited to the operation, effect, administration, enforcement and needed revision of any and all laws in any way bearing upon or relating to the subject of this resolution, and to report thereon to the Assembly, including in the report its recommendations for appropriate legislation.

2. The committee shall consist of the Speaker of the Assembly and six Members of the Assembly appointed by the Speaker thereof. The chairman shall be appointed by the Speaker. Vacancies occurring or existing in the membership of the committee shall be filled by the appointing power.

3. The committee is authorized to act during this session of the Legislature, including any recess, and after final adjournment until the commencement of the 1949 Regular Session, with authority to file its final report not later than the fifteenth legislative day of that session.

4. The committee and its members shall have and exercise all of the rights, duties and powers conferred upon investigating committees and their members by the provisions of the Joint Rules of the Senate and Assembly and of the Standing Rules of the Assembly as they are adopted and amended from time to time, which provisions are incorporated herein and made applicable to this committee and its members

5. The committee has the following additional powers and duties:

(a) To select a vice chairman from its membership.

(b) To contract with such other agencies, public or private, as it deems necessary for the rendition and affording of such services, facilities, studies and reports to the committee as will best assist it to carry out the purposes for which it is created.

(c) To cooperate with and secure the cooperation of county, city, city and county, and other local law enforcement agencies in investigating any matter within the scope of this resolution and to direct the sheriff of any county to serve subpenas, orders and other process issued by the committee.

(d) To report its findings and recommendations to the Legislature and to the people from time to time and at any time, not later than herein provided.

(e) To meet at the State Capitol or at any other place in this State or within the United States.

(f) To do any and all other things necessary or convenient to enable it fully and adequately to exercise its powers, perform its duties, and accomplish the objects and purposes of this resolution.

6. The sum of twelve thousand five hundred dollars ($12,500) or so much thereof as may be necessary is hereby made available from the Contingent Fund of the Assembly for the expenses of the committee and its members and for any charges, expenses or claims it may incur

under this resolution, to be paid from the said contingent fund and disbursed, after certification by the chairman of the committee, upon warrants drawn by the State Controller upon the State Treasurer.

(Resolution read, as amended

The roll was called, and the resolution adopted by the following vote:

AYES: 57
NOES: 1

—The Assembly Journal, June 20, 1947)

PERSONNEL OF THE COMMITTEE

Pursuant to the resolution creating the committee the committee was established with the following membership:

HON. RALPH C. DILLS, Chairman, Compton, California
HON. CARL FLETCHER, Long Beach, California
HON. SAM L. COLLINS, Fullerton, California
HON. FRANCIS DUNN, JR., Oakland, California
HON. JOE HOLLIBAUGH, Huntington Park, California
HON. JOHN C. LYONS, Los Angeles, California (Deceased)
HON. JAMES G. CRICHTON, Fresno, California

NECESSITY OF FACTUAL SURVEY

The presence of valuable petroleum deposits beneath tide, submerged, and reclaimed lands and the current controversy between state and federal authorities as to the ownership of such lands has made it imperative that all the facts as to these lands be gathered and made available. The committee authorized Chairman Dills to communicate with every political subdivision to which grants of lands have been made since 1851 and to gather data of significance on the administration, use, development, or leasing of such lands.

It has been the practice of the State of California for almost one hundred years to grant marsh, tide, submerged, and reclaimed lands to municipal corporations and other political subdivisions in trust in order to promote or advance navigation, harbor development, and other proper public purposes. No adequate survey of the scope, desirability, or worthwhile results of this practice of granting state lands has ever been made. The committee has had neither the time nor the technical assistance to complete such a survey and therefore recommends that this matter deserves further, intensive study on the part of the Legislature. The need of such information in order to protect the State's resources in petroleum and to safeguard other paramount public interests is obvious.

TEXT OF "TYPICAL" RECENT GRANT BY STATE TO POLITICAL SUBDIVISION

The language of the different grants of tide and submerged lands varies greatly, and it is perhaps not correct to speak of a "typical" grant. In order, however, for the Legislature to have a specific example of the text of a recent grant in mind, the language of Chapter 45, Statutes of 1937, is reproduced below. Provisions similar to those in this act are found in many other grants.

Senate Bill No. 45

Chapter 45

An act granting certain salt marsh, tide and submerged lands of the State of California to the City of Oakland, including the management, use and control thereof.

(Approved by the Governor April 15, A D 1937)

The people of the State of California do enact as follows:

SECTION 1. There is hereby granted to the City of Oakland, a municipal corporation of the State of California, and to its successors, all of the right, title and interest of the State of California held by said State by virtue of its sovereignty in and to all lands, tidelands, salt marsh and submerged lands, whether filled or unfilled, included within that portion of the City of Oakland described as follows:

Bounded on the west by the southerly production of the easterly line of Webster Street; on the north by the line of ordinary low tide; on the east by a line drawn parallel with and distant 250 feet eastwardly from the said southerly production of the easterly line of Webster Street; on the south by the southerly boundary line of said City of Oakland.

To be forever held by said city, and its successors, in trust for the uses and purposes and upon the express conditions following, to wit:

(a) That said lands shall be used by said city, and its successors, only for the establishment, improvement and conduct of a harbor, and for the construction, maintenance and operation thereon of wharves, docks, piers, slips, quays and other utilities, structures and appliances necessary or convenient for the promotion and accommodation of commerce and navigation, and said city, or its successors, shall not, at any time, grant, convey, give or alien said lands, or any part thereof, to any individual, firm or corporation for any purposes whatever, provided, that said city, or its successors, may grant franchises thereon for limited periods (but in no event exceeding fifty years), for wharves and other public uses and purposes and may lease said lands, or any part thereof, for limited periods (but in no event exceeding fifty years), for purposes consistent with the trusts upon which said lands are held by the State of California, and with the requirements of commerce and navigation at said harbor.

(b) That said harbor shall be improved by said city without expense to the State, and shall always remain a public harbor for all purposes of commerce and navigation, and the State of California shall have at all times, the right to use, without charge, all wharves, docks, piers, slips, quays, and other improvements constructed on said lands, or any part thereof, for any vessel or other water craft, or railroad, owned or operated by the State of California

(c) That in the management, conduct or operation of said harbor, or of any of the utilities, structures or appliances mentioned in paragraph (a), no discrimination in rates, tolls, or charges or in facilities for any use or service in connection therewith shall ever be made, authorized or permitted by said city or its successors.

(d) There is hereby reserved, however, in the people of the State of California the absolute right to fish in the waters of said harbor with the right of convenient access to said waters over said lands for said purposes.

(e) There is hereby excepted and reserved to the State of California all deposits of minerals, including oil and gas, in said land, and to the State of California, or persons authorized by the State of California, the right to prospect for, mine, and remove such deposits from said land.

REQUEST OF CHAIRMAN DILLS

On July 26, 1948, Chairman Dills sent the following communication to the executive officer of every political subdivision in the State of California to which grants of tide and submerged lands had previously been made:

July 26, 1948

DEAR SIR: The enclosed list of questions has been prepared by the Assembly Interim Committee on Petroleum Problems created by House Resolution No. 219 of the 1947 Session of the California Legislature.

According to Resolution No. 219, the Assembly Interim Committee is authorized and directed to ascertain, study, and analyze all facts relating to:

> The title of the State of California and its grantees in and to the tide, submerged and reclaimed lands lying within its borders and adjacent to its seacoast, the use, administration, and management thereof by the State and its grantees, any attacks by federal officials relating thereto, and legislation pending in Congress affecting such title, and any and all matters relating thereto or connected therewith or which affect the interests of the State therein; including but not limited to the operation, effect, administration, enforcement and needed revision of any and all laws in any way bearing upon or relating to the subject of this resolution, and to report thereon to the Assembly, including in the report its recommendations for appropriate legislation.

In view of the legislative directive, we request an early and complete answer to the questions propounded. Your attention or that of the appropriate official to this matter is respectfully requested.

Very truly yours,

RALPH C. DILLS, Chairman
Interim Committee on Petroleum Problems

Assemblyman Ralph C. Dills,
123 North Tamarind Street,
Compton, California.

My dear Assemblyman:

This will acknowledge your letter of July 26th, addressed to Roy E. Taylor in his former capacity as Mayor, with which was enclosed a questionnaire regarding tidelands. The City Council requested me to reply to your letter, and the answers have been prepared with the assistance of the City Attorney.

1. City Council.

2. The lands are used for piers, bathing beaches, boats, yachts, vessels, transportation facilities, clubs, bath house and commercial fishing.

3. Yes, whenever necessary. The exact amount annually over a period of years is not readily ascertainable, but probably amounts to $12,000 or $15,000 a year.

4. Improvements were made prior to the legislative act granting these lands to the City of Avalon, other than the city pier.

5. Currently existing leases on bath house, steamer pier and two clubs.

6. Approximately $41,000 annually from leases, dockage and wharfage fees (head tax), booth rentals, business licenses and mooring fees. Revenue used generally for harbor and city pier.

7. Small portion (perhaps 5%) under lease as in Par. 5 above.

8 and 9. No.

I trust that this information satisfies your requirements, but if additional data is needed, I'll be happy to get it for you.

Very truly yours,

George Shaw

Honorable Ralph C. Dills, Chairman
Interim Committee on Petroleum Problems
State Capitol, Zone 14, Sacramento, California

Dear Sir:

I am setting forth below the answers to the questions regarding tidelands and submerged lands granted by the State, which you recently forwarded to the Mayor.

1. Administration of tidelands and submerged lands in this City is by the Council through the City Manager.

2. In 1935-37 a Yacht Harbor was developed in Berkeley on the City-owned tidelands. Prior to that time there existed a municipally-owned dock and warehouse and the pier of the Golden Gate Ferry Co. The municipal dock and warehouse still are being operated under lease from the City. The ferries have not run for some years and the pier is used as a fishing pier to provide recreation for persons in this area.

3. Public funds have expended for the Yacht Harbor improvements and equipment amounting to approximately $227,500. During the War, the U. S. Navy used portions of the Yacht Harbor and installed an additional pier therein. This pier has recently been acquired by the City and while we do not have any cost figures on it, our best estimate would be an additional $50,000.

4. The only improvement made on the tidelands pursuant to a lease was the construction of the Golden Gate Ferry Pier. This pier is approximately three miles long and it is estimated that the cost was approximately $34.00 per lineal foot. Due to long years of service the present value is questionable.

5. There are no franchises currently in effect on such lands. There are two leases. The first grants certain concessions at the Yacht Harbor for the repair of boats, pier, or chandlery, the operation of a marine gas and oil service station, and the warehouse and dock. There is a second lease also covering the lifting and repair of boats.

6. The annual revenue from the Yacht Harbor and the leases for the fiscal year ending June 30, 1948, total $31,151.78. These are derived from charges for anchorage, berths, storage, special services, and the leases.

7. The Berkeley tidelands are used and occupied by industries and corporations only to the extent of two leases as mentioned above.

8. The City of Berkeley has not been divested of title, right, possession or of any of the granted tidelands, in any manner whatsoever. No judicial proceedings have been commenced against the City of Berkeley affecting tidelands or right to possession of any such lands.

If there is any additional information which you desire, I shall be glad to send it.

Sincerely,

ROSS MILLER, City Manager

Honorable Ralph C. Dills, Assemblyman
69th District, California Legislature
State Capitol
Sacramento 14, California

Dear Sir:

On August 11, you forwarded to Mayor Chace, City of Long Beach, a questionnaire requesting information regarding tidelands and submerged lands granted by the State. This questionnaire has been answered in full and is attached herewith.

You will note that a portion of the questionnaire has been answered by including certain material identified as Exhibits A, B, C and D, these being a statement, under oath, made by Irving M. Smith, City Attorney, and certain letters received in this office in regard to revenues since January 1, 1948.

We have made every effort to give complete answers to your questions, and hope that this information will meet with your satisfaction.

Yours very truly,

Carl B. Wirsching

QUESTIONNAIRE REGARDING TIDELANDS AND SUBMERGED LANDS GRANTED BY THE STATE

QUESTION: Which office or agency is charged with the duty of administering tidelands and submerged lands that have been granted by the State?

ANSWER. The tidelands and submerged lands within the Harbor District are administered by the Board of Harbor Commissioners and the Port Manager of the city. The tidelands and submerged lands within the city limits outside the Harbor District are administered by the City Manager subject to policy determined by the City Council.

QUESTION: What action has been or is being taken for the development and improvement of the granted lands?

QUESTION: Have public funds been expended for such purposes, and, if so, approximately in what amount?

ANSWER: Attached herewith marked "Exhibit A" is a statement entitled, "Statement of Irving M. Smith, City Attorney, on Behalf of the City of Long Beach, California, to the Committee on the Judiciary of the United States Senate in Support of S. 1988," which fully answers Questions 2 and 3, for the period prior to January 1, 1948. Also attached herewith marked "Exhibits B, C, and D," are copies of letters addressed to the City Manager submitting statements for the period January 1, 1948, to the present time.

QUESTION: What improvements have been made pursuant to franchises or leases and what is the approximate value thereof?

ANSWER: The only lease is that held by Neptune Pier Company which was granted May 29, 1914, expiring December 1, 1948, pursuant to which said pier company constructed the Neptune Pier and improvements thereon.

QUESTION: What franchises or leases of such lands are currently in effect?

ANSWER: Under an agreement entered into with said company April 2, 1942, the city receives $1,000 a year.

QUESTION: What are the present annual revenues received by the local agency from such lands, the sources thereof, and the purposes for which said revenues are used?

ANSWER: See Exhibits A, B, C, and D.

QUESTION: To what extent, if at all, are any of the granted lands occupied or used by individuals or corporations?

ANSWER: The City of Long Beach occupies, maintains, and controls all the subject lands Under contractual agreements, portions of said lands are used by Long Beach Oil Development Company, a corporation; and Richfield Oil Company, a corporation, for oil development. Except for the franchise-lease to Neptune Pier Company, above referred to, and two minor leases on short term bases to catering companies, there are no other leaseholds. As to port facilities, a number of steamship companies maintain offices under revocable permits.

QUESTION: Has your local agency been divested of title or right to possession of any of the granted lands by reason of conveyance thereof by the local agency, eminent domain proceedings, agreements to determine boundaries, or otherwise?

ANSWER: The answer is "no."

QUESTION: Have any judicial proceedings been commenced against your local agency affecting title or right to possession of any such granted lands? If so, list the names of the cases and state the effect of each judgment

ANSWER: Although the city is not a party to the case of *United States of America* v. *California*, No. 12 Original, that litigation affects all the tidelands and submerged lands within the city limits and three miles from shore, granted to the city by the State of California by the grant of May 1, 1911 (1911 Statutes, p. 1304), as amended by the 1925 and 1935 grants (1925 Statutes, p. 235, and 1935 Statutes, p. 794). There are 13.027 acres of tidelands and submerged lands, including reclaimed tide and submerged lands within the corporate limits of the city, which have been conveyed to the city by said state grants. The city's interest in said litigation is set forth in the accompanying statement above referred to at pages 14 and 15.

A suit is pending, i.e., *Long Beach Bath House and Amusement Company, a corporation, and Continental Southern Corporation, Plaintiffs,* v. *City of Long Beach*, No. 530211, in the Superior Court of the State of California, in and for the County of Los Angeles. In this suit the plaintiffs claim title to the accretions between Rainbow Pier and Silver Spray Pier. The city has filed an answer therein claiming ownership of said accretions. This case has not yet been set for trial.

Another suit is pending, i.e., *Albert V. Abrams, Leona E. Abrams, Vaughn M. Abrams and Gwenwyne Abrams, Plaintiffs,* v. *City of Long Beach et al.,* No. 546583, in the Superior Court of the State of California, in and for the County of Los Angeles. In this suit plaintiffs claim some rights in the tidelands and submerged lands within the Harbor District and those outside of and east of the Harbor District up to a line running north and south approximating the line of Pine Avenue projected seaward. Plaintiffs claim that said tide and submerged lands are owned by the Federal Government and their rights therein are based upon certain applications filed with the Federal Government for oil and gas leases covering said lands. Plaintiffs seek to enjoin the city and its oil drilling contractors from drilling oil wells and operating the same and for an accounting of all moneys received by the city from its tideland oil development. The city has filed its answer denying that said tidelands and submerged lands are owned by the Federal Government and asserting that title thereto is vested in the City of Long Beach. This case has not yet been set for trial.

There are no other suits or judicial proceedings now pending affecting the city's title or right to possession of the tidelands and submerged lands conveyed to it by state grants.

Exhibit A

Statement of Irving M. Smith, City Attorney, on Behalf of the City of Long Beach, California, to the Committee on the Judiciary of the United States Senate in Support of S. 1988

Mr. Chairman and Members of the Committee:

My name is Irving M. Smith, City Attorney of the City of Long Beach, California. I appear on behalf of the City of Long Beach to urge favorable action on and adoption by the Congress of Bill No. S. 1988, now being considered by your committee, whereby the Federal Government shall recognize, confirm, establish and vest in the respective states and their respective grantees and all persons lawfully entitled thereto title to and ownership of all lands beneath navigable waters within the boundaries of the respective states, and the natural resources within such lands and waters, and the right and power to control, develop and use said natural resources in accordance with applicable state law, to the end that by said legislation the City of Long Beach shall not be disturbed in its rights, title and possession in and to lands beneath navigable waters within its corporate limits conveyed to it by the State of California, and the right and power to control, develop and use the natural resources within such lands.

INTEREST OF CITY OF LONG BEACH IN PENDING LEGISLATION

The City of Long Beach is a municipal corporation, organized and existing under and by virtue of Sections 6 and 8 of Article XI of the Constitution of the State of California, and operating under a freeholders' charter (California Statutes 1921, page 2054). The southerly boundary of the City of Long Beach since prior to 1911, as established by its city charter, is fixed as extending three miles from the line of ordinary high tide into San Pedro Bay, bordering upon the Pacific Ocean, between the easterly and westerly boundaries of the city. The waterfront of the city consists of 8.11 miles and thereon is located one of the major municipally owned harbors and ports of the Pacific Coast.

On May 1, 1911, the State of California granted to the City of Long Beach "all of the right, title and interest of the State of California, held by said State by virtue of its sovereignty, in and to all of the tidelands and submerged lands, whether filled or unfilled, bordering upon, under and situated below the mean high tide line of the Pacific Ocean, or of any harbor, estuary, bay or inlet, which are within the corporate limits of said city," (1911 Statutes, page 1304) in trust, to be used by the city solely for the establishment, improvement and conduct of a harbor and for the construction of wharves, docks, piers and structures necessary or convenient for the promotion and accommodation of commerce and navigation. This legislative grant was amended by the 1925 and 1935 Legislatures (1925 Statutes, page 235, and 1935 Statutes, page 794). These amendments authorized the use of said tide and submerged lands, in addition to the purposes previously noted, for public parks, parkways, highways and playgrounds. Since May 1, 1911, the City of Long Beach has exercised proprietary control and jurisdiction over said tide and submerged lands by appropriate procedure for the uses authorized and in the public interest.

There are 13,027 acres of tide and submerged lands, including reclaimed tide and submerged lands, within the corporate limits of the city which have been conveyed to the city by state grants. The city has filled and reclaimed 580 acres of said submerged lands, at considerable public expense to the taxpayers of the city, and plans for future harbor development by the city call for the filling and reclaiming of an additional 570 acres. The city has made vast and costly improvements upon these lands underlying navigable waters. I will summarize briefly the nature and extent of these improvements.

HARBOR FACILITIES

Harbor facilities of the City of Long Beach have been constructed entirely upon reclaimed submerged lands granted to the city by the State of California, at a cost to the city in an amount in excess of $15,500,000, with additional new port facilities in process of construction under existing contracts at an additional cost of $7,575,641 Projected harbor improvements planned by the city call for an additional expenditure of $97,498,000, a great portion of which will be expended for development or harbor facilities upon reclaimed tide and submerged lands.

In excess of 12,000 lineal feet of wharves and docks, accommodating approximately 25 berths, have been constructed or are under construction by the city upon reclaimed tide and submerged lands. Over 17 miles of railroad trackage has been installed by the city on reclaimed tide and submerged lands. Three hundred thirty-two acres have been filled and

reclaimed on said lands, 127 acres of which have been improved for open storage of cargo, and in excess of seven acres improved with transit sheds on piers and docks. An additional area consisting of 40 acres is in the course of being reclaimed and filled, together with in excess of five acres of additional covered storage area in the form of transit sheds on piers and docks.

Projected harbor development plans call for the filling of 570 acres of submerged lands upon which will be constructed approximately 50,000 lineal feet of wharves, which will accommodate 75 additional berths; 445 acres thereof will be improved for open storage of cargo and 120 acres thereof improved with transit sheds on piers and docks. In excess of 58 miles of railroad trackage will be installed thereon.

One million one hundred forty-four thousand thirty-five tons of cargo, including both imports and exports, were handled over city's municipal docks during the twelve-month period ending December 31, 1947. For said period the city received $697,500.45 as revenue for dockage, wharfage, fees and rentals, exclusive of oil income, incidental to the use of port facilities heretofore mentioned constructed by the municipality on reclaimed tide and submerged lands.

In addition to these harbor installations made by the city, the Federal Government expended in excess of $5,000,000 for the construction of pier facilities upon approximately 30 acres of submerged lands granted to the city by the State of California, under the terms of a lease entered into by the United States with the city on October 8, 1943. Said pier extends out into San Pedro Bay, bordering the Pacific Ocean, a distance of approximately 4,690 feet Under the terms of paragraph 15 of said lease the city agreed, upon termination thereof, to purchase from the government all permanent improvements constructed by the government, at a price and upon terms to be negotiated. A supplemental agreement was entered into between the city and the Federal Government on April 18, 1947, whereby said lease was terminated and the Federal Government transferred to the city title to said improvements in consideration of the payment of $1,000,000 by the city to the Federal Government. Concurrently with the execution of said supplemental agreement the city paid to the Federal Government the sum of $1,000,000 for said improvements.

RAINBOW PIER—PARK—MUNICIPAL AUDITORIUM

During the years 1928, 1929, and 1930 the city, out of revenues provided by bonds voted by the electorate and at a cost of $1,067,343.37, constructed a pier known as Rainbow Pier, semicircular in design, 3,802 feet in length and extending into the submerged lands granted to the city by the State of California approximately 1,400 feet from mean high tide line, thereby enclosing approximately 47 acres, within which an 8-acre fill was made and developed into a park and upon which was constructed a municipal auditorium, at a total cost to the city of an additional sum of $1,664,371.49.

BEACHES—RECREATION AREAS

In addition to the installations heretofore mentioned, more than five miles of public beaches, parks and recreational areas have been constructed and improved upon approximately 200 acres of reclaimed submerged lands, at cost to the city in the sum of $1,115,946.

In furtherance of this program of municipal beach recreation development, the city has acquired in excess of 70 percent of all the upland parcels of land bordering the ocean along the entire beach frontage within the city, in order to guarantee the use of said reclaimed submerged areas for recreational use of the public and at additional cost to the city in the sum of $666,493.

OIL DEVELOPMENT

Oil was discovered in privately owned uplands adjacent to the tide and submerged lands conveyed to the city by the State in the Harbor District of the city in 1936, and, in order to protect the municipality's property rights in said tide and submerged lands from drainage by petroleum development on adjacent upland areas by private interests, on March 15, 1939, the city entered into four drilling and operating contracts with the Long Beach Oil Development Company, covering parcels containing approximately 1,143 acres of submerged and reclaimed tide and submerged lands in the Long Beach Harbor. Except as to description of parcels, these contracts are identical as to terms and provisions. For convenience, these parcels were described as "W," "X," "Y" and "Z." A certified copy of said contract covering Parcel "W" will be filed with your honorable committee. A similar contract was entered into between the city and said company on January 2, 1942, covering an additional parcel containing approximately 95 acres of submerged and reclaimed tide and submerged lands, described as "Z-1," and a sixth contract was entered into between the same parties on August 3, 1944, covering an additional parcel containing approximately 231 acres of submerged and reclaimed tide and submerged lands, described as Parcel "J."

All of the area covered by said contracts consists entirely of submerged and reclaimed tide and submerged lands and extends southerly into San Pedro Bay, bordering the Pacific Ocean, approximately one-half mile from the line of ordinary high tide prior to reclamation. Under the terms of each of said drilling and operating contracts the development company becomes an independent contractor and agrees to supervise and manage development work for and on behalf of the city, and as compensation therefor receives 14.45 percent of the proceeds derived from the sale of oil and gas produced under said contracts. The city receives 85.55 percent of the proceeds from the sale of oil and gas produced, out of which all drilling and maintenance and operation costs are paid, subject to certain limitations constituting ceilings upon maximum drilling and operating costs under the terms of said contracts. The city receives a net minimum of 30 percent revenue from the sale of oil and gas, whether or not 55.55 percent of the revenue derived from the sale of oil and gas is sufficient to pay the costs of development and operations Furthermore, the city receives all the dry gas (excepting the amount necessary for development operations), delivered to its gas department for distribution by the city to consumers in and adjacent to the city. Under these contracts, from March 15, 1939, to November 30, 1947, 348 wells have been drilled and placed on production and have produced 53,056,037 barrels of oil. 85.55 percent of the gross revenue received from the sale of oil was paid to the city in the sum of $59,142,-390.36. The net revenue received by the city after payment of all costs

for drilling, maintenance and operation of said wells was in the sum of $31,509,589.87, plus tangible oil field equipment of the estimated value of $11,500,000. In addition to said revenue received by the city from the sale of oil, dry gas has been delivered to the city's gas department in the total amount of 29,715,684 MCF, which in turn has been delivered to consumers within and adjacent to the city, at considerable profit to the city. A summary of these operations and returns by years to November 30, 1947, will be filed with this honorable committee.

On March 12, 1947, the city entered into a drilling and operating contract, pursuant to public bidding procedure, with Richfield Oil Corporation, covering approximately 234 acres of submerged and reclaimed tide and submerged lands within the City of Long Beach and adjacent to Parcel "J" heretofore referred to. The terms and provisions of said drilling and operating contract are similar to those entered into with Long Beach Oil Development Company previously referred to, except under the drilling and operating contract with Richfield, said contractor receives 5.9 percent of the proceeds derived from the sale of oil and gas produced thereunder and the city receives 94.1 percent of the proceeds of the sale of said oil and gas produced, out of which drilling and maintenance and operations costs are paid. Under this latter contract the city receives a net minimum of 60.1 percent of the revenue derived from the sale of all oil and gas, whether or not 34 percent of the revenue from the sale of oil and gas is sufficient to pay the costs of development and operations. Under this latter contract, from March 12, 1947, to November 30, 1947, 13 wells have been drilled and placed on production, which have produced 116,927 barrels of oil. 94.1 percent of the gross revenue received from the sale of oil was paid to the city in the sum of $201,312.86. The net revenue paid to the city over and above all costs of drilling, maintenance and operation was in the sum of $128,575.58, plus tangible oil field equipment of a very substantial value. In addition to said revenue received by the city from the sale of oil, dry gas has been delivered to the gas department of the city in the total amount of 52,175MCF. A summary of these operations will be filed with this honorable committee.

Under the provisions of Section 229x of the city charter, as amended, all revenues derived by the city from the proceeds of oil produced from the tide and submerged lands are required to be deposited in the Harbor Revenue Fund and the Harbor Bond Redemption and Interest Fund and used exclusively for harbor development and maintenance and other harbor purposes consistent with the uses specified in the grants made by the State of California to the city and for the payment of principal and interest on the 1924 and 1926 harbor bonds issued by the city for harbor improvements. All of the funds thus derived have been devoted exclusively for such uses and purposes

Under the provisions of the first six drilling and operating contracts entered into by the city for the development of petroleum deposits contained in tide and submerged lands, the city receives a minimum net cash return of 30 percent of all revenues derived from the sale of oil produced from said lands. To November 30, 1947, the actual net cash received by the city under one of said contracts exceeded 54 percent, and the smallest amount under any of said contracts exceeded 41 percent of all revenue derived from the sale of oil produced thereunder, plus millions of dollars worth of oil field equipment, in addition to 100 percent of the resulting

dry gas (excepting the amount required in the development operations), sold at additional profit to the city. The average net cash received by the city to November 30, 1947, under said six contracts was 46 percent of all revenue derived from the sale of oil produced thereunder. Under the drilling and operating contract entered into with Richfield Oil Corporation the actual net cash received by the city amounted to 61.1 percent of all revenue derived from the sale of oil and gas produced thereunder.

It has been reported and it is believed that in no other instance anywhere in these United States have oil development contracts or leases been made returning to the landowner such a large percentage of the revenue received from the oil produced. It is customary for such contracts and leases to provide for the return to the landowner ranging from 12½ percent to 16⅔ percent, whereas the City of Long Beach receives 85.55 percent to 94.1 percent, less the cost of drilling and maintenance, and guaranteed minimum net cash of 30 percent to 60.1 percent, with actual net cash received as of November 30, 1947, averaging 46 percent under six contracts and 60.1 percent under another, plus millions of dollars worth of dry gas and capital inventory of oil field equipment. All revenues received by the city under the provisions of law are expended for the development of a great public harbor, in addition to other valuable benefits and services to the general public.

CITY'S TITLE SETTLED BY SUPREME COURT

The expenditure of many millions of dollars of public funds by the City of Long Beach in the development of the tide and submerged lands heretofore mentioned has been made in good faith and in reliance on the rule of property that the title to such lands is vested in the states and their grantees, as confirmed throughout the past 100 years by more than 50 decisions of the Supreme Court of the United States, 244 decisions of federal and state courts, 31 rulings by Secretaries of the Interior, and 49 opinions of Attorneys General of the United States. Our own State Supreme Court in 1937, in the case of *City of Long Beach* v. *Marshall*, 11 Cal (2d), page 609, held that the City of Long Beach received the fee title to all the tide and submerged lands within its city boundaries from the State of California under the grant from the State Legislature of May 1, 1911. The California Supreme Court in that decision cited and relied upon decisions of the Supreme Court of the United States upon the subject matter, and at page 614 therein stated:

> "It is established law that the State became the owner of tidelands in fee simple upon its admission to the union, holding them subject to the public trusts for navigation, commerce and fishing (*Shively* v. *Bowlby*, 152 U. S. 1 * * *; *Borax Consolidated* v. *Los Angeles*, 296 U. S. 10 * * *); that it likewise became owner of the minerals therein (*Boone* v. *Kingsbury*, 206 Cal. 148, 170 * * *); and it should reasonably follow that it has the power to grant these lands to municipalities, subject to those same trusts."

In this case the Supreme Court had before it all the tide and submerged lands lying seaward from the mean high tide line three miles within the city limits—that is, all that had been granted to the city by the State. When the court said it was established law that the tidelands belonged in the first instance to the State, the meaning of the word

"tidelands" was not limited to the narrow strip between high and low tide which is subject to the daily ebb and flow of the tide. On the contrary, the word "tidelands" was deliberately used to describe all the lands conveyed to the city which, as heretofore stated, extend three miles seaward from the mean high tide line.

FEDERAL RECOGNITION OF CITY'S TITLE

Although oil has been produced from tide an dsubmerged lands of the Pacific Ocean off the coast of California for more than 50 years (Summerland—1894; Bulletin No. 118, California Department Natural Resources), the title of the State of California (and the City of Long Beach, as grantee of the State) to the tide and submerged lands within three miles from shore of the Pacific Ocean was not questioned by any federal official or private citizen until oil was discovered in the Harbor District of the City of Long Beach in the year 1936. In fact, public records are replete with instances wherein the Federal Government and its officials recognized that the City of Long Beach held the title to its tide and submerged lands. As an example of one such instance of recognition of title, the Secretary of the Interior, Harold L. Ickes, under date of December 22, 1933, wrote a letter to a Long Beach citizen by the name of Olin S. Proctor rejecting an application for an oil and gas lease or permit covering a parcel of submerged land lying within the city limits of the City of Long Beach, and a part of the tide and submerged lands conveyed to the city by the State of California in 1911 Said letter reads as follows:

"THE SECRETARY OF THE INTERIOR
WASHINGTON

December 22, 1933

"*Mr. Olin S. Proctor,*
521 East Ocean Boulevard,
Long Beach, California.

"MY DEAR MR. PROCTOR: I have received, by reference from the Department of State, copies of your letters of October 15 and November 22.

"As to the jurisdiction of the Federal Government over lands bordering on tide water, the Supreme Court of the United States has held in the case of *Hardin* v. *Jordan* (140 U. S. 371), as follows:

" 'With regard to grants of the government for lands bordering on tide water, it has been distinctly settled that they only extend to high-water mark, and that the title to the shore and lands under water in front of lands so granted enures to the state within which they are situated, if a state has been organized and established there. Such title to the shore and lands under water is regarded as incidental to the sovereignty of the state—a portion of the royalties belonging thereto and held in trust for the public purposes of navigation and fishery—and cannot be retained or granted out to individuals by the United States.'

"The foregoing is a statement of the settled law, and therefore no rights can be granted to you either under the leasing act of February 25, 1920 (41 Stat. 437), or under any other public land law

to the bed of the Pacific Ocean either within or without the three-mile limit. Title to the soil under the ocean within the three-mile limit is in the State of California, and the land may not be appropriated except by authority of the State. A permit would be necessary to be obtained from the War Department as a prerequisite to the maintenance of structures in the navigable waters of the United States, but such a permit would not confer any rights to the ocean bed.

"I find no authority of law under which any right can be granted to you to establish your proposed structures in the ocean outside the three-mile limit of the jurisdiction of the State of California, nor am I advised that any other branch of the Federal Government has such authority.

"Sincerely yours,

HAROLD L. ICKES, Secretary of the Interior."

A photostatic copy of the letter referred to will be filed with this honorable committee.

SPECULATORS AND PROMOTERS FILE ON TIDE AND SUBMERGED LANDS WITH DEPARTMENT OF INTERIOR

Following the discovery of oil in the submerged lands granted to the city by the State of California in the Harbor District of the city in 1936, as of July 7, 1947, 90 oil and gas lease applications under the Federal Mining Leasing Act of 1920, as amended, have been filed by speculators and promoters in the General Land Office of the Department of Interior, covering the greater portion of the 13,027 acres of said tide and submerged lands conveyed to the city, and 25 certificates of location under an Act of Congress of April 5, 1872, commonly known as the Valentine Scrip Act, and two certificates of location under an Act of Congress of February 10, 1855, commonly known as the Gerard Scrip Act, have likewise been filed with the General Land Office and Department of Interior covering portions of said lands. Said filings are made upon the theory that said tide and submerged lands are public lands of the Federal Government. These applications are made by private citizens and corporations and cover parcels of tide and submerged lands and reclaimed tide and submerged lands title to which the city contends was conveyed to it by the State of California. These filings are located upon the entire 8.11 miles of water front of the City of Long Beach and extend seaward several miles, and likewise cover all of the municipality's harbor facilities, recreation and park improvements heretofore referred to, constructed by the city at a cost exceeding $25,000,000. Many of these applications have been held pending in the Department of Interior for years. However, it is believed that approximately 58 of said 90 oil and gas lease applications were denied by a decision of the Department of Interior dated September 8, 1947. A list of these applications will be filed with this honorable committee.

An outstanding example of the locations selected by one of the speculator-promoters making application for oil and gas leases as aforesaid are two such filings made by Robert E. Lee Jordan, Applications No. 052975 and No. 052976, both filed April 6, 1937. The first mentioned covers a large submerged area including within its boundaries portions

of the federal breakwater, and the latter covers a large area including therein extensive harbor improvements constructed by the city at the cost of millions of dollars. To the best of our knowledge these two applications have not been denied by action of the Department of Interior and the applicant has been and is now vigorously prosecuting said applications in an effort to obtain rights through the Federal Government to the lands covered therein, and thereby evict the City of Long Beach from the port improvements constructed by it and from possession of all the lands covered by said applications conveyed to the city by grant from the State. A U. S. Coast and Geodetic Survey map of Los Angeles and Long Beach Harbors upon which has been portrayed the areas covered by said two filings will be filed with this honorable committee.

UNITED STATES OF AMERICA V. STATE OF CALIFORNIA

The United States Supreme Court, in the case of *United States of America* v. *California,* No. 12 Original, on June 23, 1947, rendered a decision holding that the Federal Government has certain paramount powers with respect to the "three-mile marginal belt" lying seaward of the ordinary line of the low-water mark on the coast of California and outside inland waters of the State of California and that the State of California has no title thereto or any property interest therein. The entire 13,027 acres of tide and submerged lands within the city limits of the City of Long Beach conveyed to it by grants from the State of California lie within San Pedro Bay, an inland water of the State of California. In the case of *United States* v. *Carrillo,* 13 Fed. Supp. 121, the Federal District Court held that San Pedro Bay was demarked from the open sea by a line drawn from Point Fermin to Point Lasuen; all of said tide and submerged lands conveyed to the city are located landward of said line. However, in said pending suit against the State of California the Department of Justice does not concede such to be the case, and said matter has not been determined by the Supreme Court in said litigation. The Attorney General for the Federal Government has filed with the Supreme Court a Petition for Entry of a Supplemental Decree, together with a form of proposed Supplemental Decree, in which it is sought to have the court establish a line demarking San Pedro Bay from the "three-mile marginal belt." Said proposed Supplemental Decree, if adopted by the court, will place all but a very small portion of San Pedro Bay in the "three-mile marginal belt" and thereby the City of Long Beach will lose its title, ownership, possession and control of all but a small portion of the 13,027 acres of tide and submerged lands within its city limits, conveyed to it by grants from the State of California.

The executive departments of the Federal Government are unwilling to recognize San Pedro Bay as inland waters of the State of California as determined by judicial precedent, and as established by geographical, physical and historical evidence. The city cannot be secure in its title and ownership of such of said lands which may be finally determined to be within inland waters. In the government's brief in said case the theory of ownership of inland navigable waters and tide waters is attacked as "erroneous," "unsound," "wrong," "fallacy," and a "legal fiction." The theory announced by the majority opinion of the Supreme Court as the basis for its decision can be equally applied to the title and ownership of all lands underlying inland navigable waters. A map of San Pedro

Bay, published by the Long Beach Harbor Department, entitled, "California Coast Line—Point Fermin to Newport Beach," on which has been portrayed the Justice Department's proposed line demarking San Pedro Bay from the "three-mile marginal belt," the headland to headland line of San Pedro Bay as fixed by the Federal District Court in *U. S.* v. *Carrillo,* and the line demarking San Pedro Bay from the open sea as referred to by the Board of Rivers and Harbors, Deep Water Harbor Report, Senate Doc. 18-551, will be filed with this honorable committee.

CONCLUSION

In conclusion, may I repeat that the City of Long Beach has expended many millions of dollars of public funds in the improvement and development of the tide and submerged lands conveyed to it by grant from the State of California in good faith and in reliance upon what has long been recognized to be the settled rule of property law that title to such lands is vested in the states and their grantees. A great public harbor has been created by the city consisting of most modern port facilities for accommodation of the waterborne commerce of the nation, and large submerged areas have been converted into park and recreational facilities for the pleasure and enjoyment of millions of people throughout each year. The city's harbor facilities were entirely devoted during World War II to uses by the Federal Government in its activities in successfully prosecuting the war. These port facilities are most efficiently and economically managed by the municipality in peace times and will be of inestimable value to the Federal Government in the event of any future emergency challenging the security of our Nation.

The city now stands to lose its title, ownership, possession and control of these tide and submerged lands, save and except possibly a very small portion thereof, unless the Congress of the United States adopts appropriate legislation that will safeguard to the city its just and equitable rights in said lands.

The Supreme Court, in its decision rendered June 23, 1947, recognizes that the question of ownership and control of said lands and natural resources in the "three-mile marginal belt" is within the "congressional area of national power" and that the Congress will not execute its powers "in such way as to bring about injustices to states, their subdivisions, or persons acting pursuant to their permission."

It is submitted that facts contained in this statement pertaining to the City of Long Beach are but an example of that pertaining in all states and municipalities throughout the nation wherein navigable waters are included within their borders, and each is now faced with a disaster of tremendous proportions unless the Congress of the United States adopts appropriate legislation to prevent confiscation by the Federal Government of these long established property rights in the states and their grantees and quiet the title, possession and control of all lands beneath navigable waters

On behalf of the City of Long Beach, California. I urge favorable action on and adoption by the Congress of Bill S. 1988, or similar legislation, whereby the Federal Government shall recognize, confirm, establish and vest in the respective states and their respective grantees and all persons lawfully entitled thereto title to and ownership of all lands beneath navigable waters within the boundaries of the respective states

and their natural resources within such lands and waters, and the right and power to control, develop and use such natural resources in accordance with applicable state law. A certified copy of Resolution No. C-11117, adopted by the City Council of the City of Long Beach at its meeting held on February 10, 1948, together with a certified copy of Resolution No. HD-333, adopted by the Board of Harbor Commissioners of the City of Long Beach at its meeting held on February 9, 1948, petitioning the Congress of the United States to act favorably upon and adopt S. 1988 pending before this committee, will be filed with the committee.

QUESTIONNAIRE REGARDING TIDELANDS AND SUBMERGED LANDS GRANTED BY THE STATE

September 11, 1948

1. The City Manager has, under the charter, "general supervision over all city property, including public buildings, parks and playgrounds."

2. In 1868 the State of California granted to the City of Monterey the tidelands and submerged lands to a depth of 20 feet. Subsequently the City of Monterey was granted the submerged lands to a depth of 60 feet. For many years the city has owned and operated Fisherman's Wharf at the foot of Alvarado Street. The original cost of this wharf to the city was about $18,000. It was built by a steamship company, and sold to the city. Since its acquisition, the area has been extended. This has been done a little at a time, and there are no records of the cost of construction. It would cost approximately $150,000 to replace this structure.

   Municipal Wharf No. 2 was built in 1926-27 at a total cost of $298,000. The money was raised by a bond issue. This issue will be fully paid in 1964.

   The breakwater was built by the Federal Government at no cost to the city except the cost of the approaches to said breakwater. The city did participate in the capping of said breakwater to the extent of $10,000. This was done as a joint project by the Federal Government and the City of Monterey.

   Extensive improvements in the bay and on shore are contemplated if and when the proposed breakwater project (now being studied by Army Engineers) is completed. The improvements in mind are recreational and commercial.

3. Public funds have been expended for development and improvement of granted lands as indicated above. In addition to the amounts shown, many thousands of dollars have been spent in the maintenance of the structures described.

4. Almost the entire perimeter of Fisherman's Wharf is occupied by buildings of lessees. These buildings front on the wharf and extend into the water at right angles thereto for a distance of from 30 to 135 feet. In addition, two of the oil companies, Standard and Shell, have built finger wharves for the servicing of boats. The total value of the improvements of said lessees is estimated to be in excess of $250,000.

   The warehouse on Wharf No. 2 has been converted to the use of wholesale fish concessionnaires. The total value of the improvements and equipment of said concessionnaires is estimated to be in excess of $100,000.

   There are currently 32 fish canneries and reduction plants in Monterey. In almost every instance the main plant is so constructed that a portion of the building extends into the submerged land area on piling. In many instances from 50 to 90 percent of the building is over tidelands or submerged lands. The total value of said improvements is estimated to be in excess of $1,600,000

5. Franchises and leases covered in No. 4

6. Local agency receives approximately $40,000 annually from the canneries and concessionnaires. This money and more is used to maintain the facilities for the leasees.

7. Less than 1 percent of the granted lands are occupied or used by private individuals or corporations.

8. Local agency has not been divested of title or right to possession of granted lands.

9. The only judicial proceedings affecting title of local agency is the recent decision of the United States Supreme Court

OFFICE OF THE

Assemblyman Ralph C. Dills
Chairman, Interim Committee on
Petroleum Problems
California State Legislature
Sacramento 14, California

Dear Assemblyman Dills:

Your letter to Mayor Gilbert E. Fritz, of this City, has been referred to my office for reply. In answering the questionnaire which you enclosed in your letter, I shall not repeat the questions but shall answer them in the same numerical order as you have them listed.

1. The City Council, City of National City, is charged with the duty of administering tidelands, and submerged lands that have been granted by the State.

2. The City Council has made application to the Federal Government for assistance in a flood control and small boat harbor development, which has received preliminary approval. A complete study has been authorized by the Federal Government. The City Council has, also, made tentative plans for a progressive development of the tidelands which would include dredging, quay wall construction, road development, and possibly some pier construction.

3. To date the amount of public funds that have been spent in making these plans would probably not exceed a thousand dollars.

4. The only lease now in effect is with the Santa Fe Railroad for a wye track. The value of which is approximately $25,000.00.

5. I believe question number 5 is answered in question number 4.

6. The annual revenue received is somewhat variable due to several beach right leases for salvaging purposes this year. The amount of the revenue was approximately $1,500.00. It came from leases, and is deposited in a Harbor Improvement Fund to be used for harbor development.

7. About one per cent of the grant lands are being used at this time.

8. In answering question number 8, it might be well to explain, the Federal Government through Eminent Domain Proceedings, took 135 acres of our tidelands during the war period. Prior to that time in 1938, the City of National City, voted 96 acres to the Federal Government for the enlargment of the U. S. Naval Station, formerly known as the Destroyer Base. The agreement made between the government and National City at the time this land was obtained, was that the Federal Government would fill the remainder of our tidelands. Approximately 135 acres were filled, and several substantial leases were made by the City on this property. During the war the navy found it necessary to expand and condemn the 135 acres. However, in the development of this land, they filled the balance of National City tidelands. The final settlement in this case was affected last year, so the tidelands which National City had developed, was taken by the government, and we now have undeveloped tidelands in our possession.

9. I believe question number 9 is answered in the foregoing question number 8.

If you desire further information concerning these tidelands, I will be glad to cooperate in any way that I can. I trust the foregoing answers will adequately serve your purpose.

Sincerely yours,

DJD/tp

Ralph C. Dills, Chairman,

Compton, California.

Dear Mr. Dills:

This is in reply to the questionnaire you sent the Mayor of the City of Oakland.

The waterfront of the City of Oakland has had a peculiar history and, consequently, would not be typical of the lands fronting on the harbors of the State. In 1852, when the Town of Oakland was organized, the legislative charter granted to the Town all the lands within its borders between high tide and ship channel. Immediately upon its organization the Town granted all of these lands to one Horace W. Carpentier. The phrase "ship channel" was defined to mean the line of low tide. Consequently, all tidelands proper, that is, lands lying between high and low tide within the original limits of Oakland, have been in private ownership, and no estimate of the improvements thereon or their value can be made; regardless to say, it runs into many millions of dollars.

It is therefore to be understood that the following replies to your questions relate only to lands that have been reclaimed below the original line of low tide.

(1) The Board of Port Commissioners of the City of Oakland is the agency having jurisdiction and control over the reclaimed and submerged lands along Oakland's waterfront.

(2) Commencing in 1910 a desultory development took place with the erection of minor structures on these lands, but the real development did not begin until the formation of the Board of Port Commissioners in 1927. Since that time approximately 19,900 linear feet of berthing space has been provided along modern wharves and piers.

(3) A bond issue of $9,960,000 has been used in the development of these facilities together with, perhaps, a like sum derived from earnings which have been plowed back in the provision of new facilities.

(4) Approximately 7,400 linear feet of berthing space has been provided by private capital operating under franchises. The Southern Pacific Mole, together with part of its extensive freight yard, is located on such a franchise. It is impossible to obtain information as to the value of these improvements.

(5) Approximately 118 leases and franchises are currently in effect on lands of this character.

(6) From these leases and franchises the Board of Port Commissioners derives an annual revenue of approximately $750,000. These revenues are used for the maintenance of existing harbor facilities and the construction of additional ones.

(7) See Nos. (4) and (5) and explanatory introductory paragraph.

(8) Approximately 400 acres of these lands situate in the Middle Harbor were granted by the City to the federal government for the development of the Oakland Naval Supply Depot. Approximately 322 acres of these lands were granted to the federal government for the development of Oakland Army Base. The lands were conveyed under compulsion because of the filing of eminent domain proceedings as to part of such lands and to part of the facilities already established by the City and which were deemed necessary for the maintenance of the commercial harbor. The conveyance was made reluctantly and by way of compromise to secure the return of part of such facilities.

(9) In United States of America v. Certain parcels of land in the County of Alameda, etc. et al., No. 21930-L, in the District Court of the United States, in and for the Northern District of California, Southern Division, and in United States of America v. Certain land in the County of Alameda etc. et al., No. 22084-S, in the same Court, the federal government asserted the right to take such lands granted by the State to the City of Oakland without compensation, including improvements thereon, for the use of the Army on the theory that such taking was within the right of the government to provide aids to navigation under the commerce power. It was argued that the Army and Navy existed to protect and foster commerce and that, consequently, any facility provided for the use of either was an aid to navigation within the meaning of the admitted right of the government to provide aids to navigation such as lighthouses, jetties, etc. The District Court

rejected this contention in 53 Fed. Supp. 150. See also United States v. 412.715 acres of land, Contra Costa County, Cal., 53 Fed. Supp. 143, which was a companion case and consolidated with the Oakland case for the determination of this point.

As a general observation under this point, it is the belief of the writer that the case of United States v. California, purportedly involving only those lands outside of harbors and lying below the line of low tide out to the three-mile limit, definitely presents a threat to the lands under the control of the Board of Port Commissioners of the City of Oakland. The writer can validate no line of reasoning based on any precedent which differentiates between the ownership of the lands along the coast and lands within bays or harbors. The theory of sovereign ownership commenced with lands under the seas and it has advanced into harbors and up navigable waters to the point where the tides cease to ebb and flow. This was the result of the conclusion that the latter waters partook of the nature of the sea because of the presence of the tides. The writer is fearful that the doctrine of United States v. California may in some future case be extended to cover all lands under navigable waters.

In conclusion, may I compliment the Committee for making this study. In preparation for hearings before committees of Congress, those of us who have been directing it have had difficulty in compiling data such as you are now doing. It will be invaluable when the tideland legislation comes up in the next Congress.

Very truly yours,

W. Reginald Jones
Port Attorney

Dear Sir:

In reply to your questionnaire regarding tidelands and submerged lands granted by the State to Orange County, our investigation developed the following answers to your questions, by number:

1--County Board of Supervisors, through the Orange County Harbor Commission.
2--Development of Newport Harbor by dredging, filling, etc., and construction of county docks.
3--Yes. Orange County voted $640,000 bond issue in 1934. Has supplied annual harbor budget since. Expenditures for fiscal year 1947-8 were $43,065. Budget for 1948-9 is $201,860, including $70,000 reserve.
4--None.
5--None .
6--Approximately $2500 per year from mooring and docking rentals.
7--None.
8--No.
9--No.

We trust this will provide satisfactory information.

Dear Mr. Dills:

Mayor Creed Haberlin has asked this office to reply to your questionaire, dated July 26, 1948, relative to tidelands and submerged and reclaimed lands, lying within the City, which have been deeded to the City by the State of California. We will answer the questions in numerical order as they are listed on the questionaire:

1. The City Manager, City of San Mateo, is the officer charged with the duty of administering tidelands and submerged lands that have been granted by the State. The City has deed to approximately 1300 acres which were deeded to the City in 1930. Over 1200 acres are located in the San Francisco Bay, and are under water at the present time.

2. A portion of this acreage, is being utilized at the present time as a municipal dump and approximately 4½ acres have been reclaimed to this date by "dump refuse" fill.

3. Approximately $1,000.00 have been expended for the improvement of this area, the major portion of the expenditure being for fencing.

4. No additional improvements have been made pursuant to franchises or leases.

5. No leases or franchises are in effect at the present time.

6. The total annual revenue received is $600.00 from the City of Hillsborough, who have been authorized to use the dumping facilities.

7. No individual or corporation occupies these lands at the present time.

8. The City of San Mateo has not been divested of title on right of possession for any reason.

9. No Judicial proceedings have been commenced affecting title nor have any judgements been rendered.

We trust this information will be of help to your committee.

Dear Sir:

Your letter of July 26, 1948 addressed to the ex Mayor William S. Nook has been referred to this office for reply.

The following are the answers to your questionnaire regarding tidelands and submerged lands granted by the state:

1. The City Council is charged with the duty of administering tidelands and submerged lands that have been granted by the state.

2. No action has been or is being taken for the development and improvement of the granted lands.

3. No public funds have been expended for such purposes.

4. No improvements have been made pursuant to franchises or leases.

5. The "goose neck" canal lease is the only lease of such lands currently in effect.

6. No annual revenues are received from this lease.

7. The "goose neck" lease includes a very small portion of the total area of granted lands.

8. The City of San Rafael has not been divested of title or right to possession of any of the granted lands by reason of conveyance thereof by the local agency, eminent domain proceedings, agreements to determine boundaries, or otherwise.

9. No judicial proceedings have been commenced against our local agency affecting title or right to possession of any such granted lands.

Respectfully submitted,

Dear Sir:

In answer to the questionnaire in your letter of July 26th in regard to tide land and submerged land extending from Sandy Land Point to Rincon Point granted by the state to the County of Santa Barbara, are as follows:

1. Board of Supervisors of Santa Barbara County is the administrating acency.

2. A pier or wharf has been built in the area and is being used for fishing and recreational purposes.

3. Public funds have been expended by the State Beach and Park Commission for repair and maintenance on the above improvement.

4. Certain portions of the above area above the high-tide line have been acquired by the State Beach and Park Commission through a cooperative agreement with the County of Santa Barbara. The value of the improvements made to the above mentioned pier is approximately $8,000.00; the original cost was somewhat in excess of $20,000.00. The State Beach and Park Commission contemplate the expenditure of approximately $176,000.00 in improvements of the area for recreational purposes. A large portion of the area is included in the master beach development plans of Santa Barbara County.

5. None

6. None

7. None

8. No, only that area above the high-tide mark as mentioned above to the State Beach and Park Commission.

9. No

I trust the above information will meet with your requirements.

Sincerely yours,

Dear Mr. Dills:

Your letter of July 26, 1948, addressed to former Mayor R. E. Schafer has been referred to me for reply.

I shall attempt to answer your questionnaire regarding tide land and submerged lands granted by the State of California to the City of Santa Monica in the order in which your questions were put.

1. Which officer or agency is charged with the duty of administering tidelands and submerged lands that have been granted by the state?

   ANSWER: Recreation Department

2. What action has been or is being taken for the development and improvement of the granted lands?

   ANSWER: There have been built two pleasure piers, an auditorium, breakwater, and other improvements made by the Recreation Department for the benefit of the people using the beaches.

3. Have public funds been expended for such purposes, and, if so, approximately in what amount?

   ANSWER:

Municipal Wharf	1919 Bond Issue	$ 75,000.00)	
Breakwater	1931 " "	690,000.00)	
Auditorium	1920 " "	325,000.00(	$1,155,000.00
		)	
Dredging		65,000.00)	

4. What improvements have been made pursuant to franchises or leases and what is the approximate value thereof?

   ANSWER:

S. M. Pleasure Pier (I. D. Loof)	$ 75,000.00)	
Ocean Park Pier	1,500,000.00(	$2,275,000.00
Lick Pier	25,000.00)	Approx.

5. What franchises or leases of such lands are currently in effect?

ANSWER:

1.	S. M. Pier - Walter D. Newcomb	Expires 6/7/57
2.	O. P. Amusement Pier	Expires 6/30/66
3.	Charles Lick	Expires 6/28/66

6. What are the present annual revenues received by the local agency from such lands, the sources thereof, and the purposes for which such revenues are used?

ANSWER:
1. 2% of Gross - Approx. $1,500.00 per year
2. $5,300.00 per year
3. $600.00 per year

In addition thereto, the Municipal Pier, Harbor and Auditorium produce gross revenues of approximately $45,000.00 per year. Revenues from the three franchises listed in (6) are taken into the General Fund, as is also the revenue from the Municipal Pier and Harbor, less operating costs. Revenue derived from rental of the Auditorium is taken into the Park Fund. Total gross revenues received by the City from its own and leased or franchised operations are approximately $52,400.00 annually.

7. To what extent, if at all, are any of the granted lands occupied or used by individuals or corporations?

ANSWER: Only to the extent indicated by the answers to (5) above.

8. Has your local agency been divested of title or right to possession of any of the granted lands by reason of conveyance thereof by the local agency, eminent domain proceedings, agreements to determine boundaries, or otherwise?

ANSWER: No.

9. Have any judicial proceedings been commenced against your local agency affecting title or right to possession of any such granted lands? If so, list the names of the cases and state the effect of each judgment.

ANSWER:

Carpenter vs. City of Santa Monica
(1944) 63 Cal Ap 2d, 772,

wherein it was determined that the state or its successor in interest, which in this instance would be the city, is the owner of artificial accretions formed below the mean high tide line. Such accreted land does not belong to the upland owner. This is true whether such artificial accretions were added rapidly and perceptible or gradually and imperceptibly. The artificial accretions in this instance were caused by the erection of the breakwater.

Los Angeles Athletic Club vs. City of Santa Monica
(1944) 63 Cal Ap 2d 795,

wherein it was determined also that artificial accretions caused by the breakwater as in the Carpenter case, belong to the state or its successor in interest. It further pointed out that the littoral rights of an upland owner who owns no title to tidelands adjoining his property are subject to termination by whatever disposition of the tidelands the state or its grantees, in the exercise of their trust, choose to make.

Muchenberger vs. City of Santa Monica
(1929) 206 Cal 635,

wherein it was determined that a municipality may, by agreement, determine the boundary line of its property even when such boundary line is to determine the line of ownership between uplands and tidelands held by the city in trust.

It should be noted that in the first two cases hearings were denied by the State Supreme Court.

In addition to the foregoing cases, of course, the Santa Monica tidelands are involved in the case of United States vs. State of California, better known as the Tideland Case.

We trust the above information is complete and satisfactory, and if there are any further questions, please feel free to submit them to this office.

Yours very truly,

R. M. DORTON
City Manager

QUESTIONNAIRE REGARDING TIDELANDS AND SUBMERGED LANDS GRANTED BY THE STATE, AND ANSWERS THERETO BY THE CITY OF VALLEJO

1. Which officer or agency is charged with the duty of administering tidelands and submerged lands that have been granted by the State?

   The administering of tideland matters is a function of the Vallejo City Council and City Manager's Office. The City Manager is the Chief Administrator of the city. All leases or contracts require the approval of the legislative body.

2. What action has been or is being taken for the development and improvement of the granted lands?

   In 1914, the city began the reclamation of the major part of such lands by the construction of timber and rock bulkheads and earthen retaining levees located along or closely paralleling the bulkhead lines established in the harbor by the War Department, followed

by the filling of the areas between such retaining structures and the shore line with earth dredged from the harbor and hauled from the upland.

The improvement of such reclaimed areas has proceeded intermittently by construction of the following:

(1) Streets and highways.
(2) Railroad.
(3) Sanitary sewers
(4) Storm sewers.
(5) Water distribution pipes.
(6) Fuel gas mains.
(7) Electric power pole lines.
(8) Telephone pole lines.
(9) Wharves.
(10) Piers.
(11) Concrete seawall.
(12) Pier sheds.
(13) Commercial and industrial buildings.
(14) Automobile parking lots.
(15) Parks.
(16) Veterans' memorial park.
(17) Recreation fields, buildings and piers.
(18) Federal housing.
(19) Municipal bus terminal.
(20) Ferry terminals.
(21) War balloon anchorages.
(22) Lumber yard.
(23) Petroleum products tankage and storage.
(24) Concrete aggregate bunkers.
(25) Heavy construction storage yard.
(26) Automobile service stations.
(27) Ice house.
(28) U. S. Naval Barracks.
(29) U. S. Naval Shipyard office building.
(30) Dwellings.
(31) U. S. rail and highway causeway to Mare Island.
(32) Pacific Gas & Electric gas house and yard.

3. Have public funds been expended for such purposes, and, if so, approximately in what amount?

Public funds of the Federal Government, the State Government, and the municipal government have been expended for the improvement of such lands in the following approximate amounts:

Federal Government	$4,000,000
State Government	150,000
Municipal Government	850,000

4. What improvements have been made pursuant to franchises or leases and what is the approximate value thereof?

Railroad.	Bus Terminals.
Electric power pole lines.	Wharves.
Telephone pole lines.	Piers.
Fuel gas mains.	Recreation fields.
U. S. Naval Barracks.	

The approximate value of all the improvements under this heading is $1,250,000.

5. What franchises or leases of such lands are currently in effect?

(1) Electric railroad franchise and lease.
(2) Electric power pole lines.
(3) Telephone pole lines.
(4) U. S. Naval Reserve barracks.

6. What are the present annual revenues received by the local agency from such lands, the sources thereof, and the purposes for which such revenues are used?

The city has purchased from the Federal Government approximately ten war-time barracks and associated structures situated on the tidelands. This area is used for the location of small industries which do not have plants of their own. Presently, nine industries have been located in this area, the monthly rental from same totaling $721. The California National Guard has leased one building from the city, for which rental is paid in the amount of $150 per month.

7. To what extent, if at all, are any of the granted lands occupied or used by individuals or corporations?

The public service corporations, as listed above, all have lines on the granted lands. Three large corporate petroleum product distributors have holdings of relatively small areas. About one-half dozen individuals and commercial corporations have small holdings on the lands.

8. Has your local agency been divested of title or right to possession of any of the granted land by reason of conveyance thereof by the local agency, eminent domain proceedings, agreements to determine boundaries, or otherwise?

Yes. Approximately one-half of such lands have been, or are about to be partitioned by agreement. Private individuals and corporations obtained part of the tideland areas by patents or state grants, prior to the city's obtaining from the state its remaining interest in the tidelands.

9. Have any judicial proceedings been commenced against your local agency affecting title or right to possession of any such granted lands? If so, list the names of the cases and state the effect of each judgment.

U. S. Federal Government has taken certain portions of the tidelands for purposes of constructing facilities needed during war-time. Proceedings are as follows:

(1) *United States* vs. *Certain parcels of land in the City of Vallejo, County of Solano, State of California,* T. M. Ormont, et al, Civil No. 4608. Amendment to Complaint later filed.

(2) *United States* vs. *Certain parcels of land in the City of Vallejo, County of Solano, State of California,* Lange and Daniels, et al, Civil No. 22277-G.

For further data, consult City Attorney.

RECOMMENDATIONS

The Committee Recommends that:

1. In all grants of state-owned lands made to political subdivisions the State should retain a greater degree of control over the lands granted and should provide for periodic audits of moneys accruing from the development of the granted lands.

2. All future grants should provide that revenues derived from the granted lands or structures placed thereon shall be devoted to the purposes for which the lands were granted

3. All future grants should include a provision that unless certain specified acts are performed by the grantee within a stated period the grant shall be canceled with title reverting to the State of California, such specified acts to be set forth in detail and to be related to the beneficial use and development of the lands granted.

4. All future grants should include a provision requiring that the State be made a party defendant in any action involving title to the granted lands.

5. The feasibility of suits to quiet title in favor of the State of California or of other appropriate legal action should be studied in the cases of land transfers by grantees in apparent violation of said grants in trust.

6. This committee be continued with sufficient funds and personnel to complete an intensive, thorough investigation of land grants to the end that the paramount rights of the State of California in these lands be protected and preserved.

PRAYER

The following prayer was offered by the Chaplain, Dr. Torrance Phelps:

God of Liberty: Let us glorify this day when in 1775 the Minute Men at Lexington fired the first shot in our War for Independence.

May we never forget the awful curse of oligarchies, and dictatorships that grasped for power, subjugated nations, and reached out for world dominion

Let us resolve to get rid of the undemocratic forces whose lust for power and privilege is the prolific source of strife and makes more certain another holocaust.

Almighty God, forbid that the leaders of the nations should tolerate the old effete dynasties, feudal systems, and imperialisms, which have drenched the earth with blood.

May history remind us that the guarantee of security is a world in which the authority of governments rests upon the consent of the governed.

Let this Land, which has demonstrated the efficiency and prosperity of Democracy, sound out a slogan which will ring around the world and echo like thunder in the skies—"Let the people govern."—AMEN.

STATEMENT OF POLICY

Mr. Dickey stated that both the Republicans and Democrats, in caucus, have agreed upon a policy of procedure relative to the introduction of guests. In the future, the names of the guests of all members are to be taken to the Speaker, or to the Speaker pro Tempore if he is presiding, for approval. This procedure, as adopted, is in the interest of time and fair play. Dignitaries to be introduced will be so stipulated by the Speaker and clearance indicated to the floor leader. Thus members will not be embarrassed when the Standing House Rules are enforced and unanimous consent is withheld that guests be introduced.

Amendment No. 1

In the title of the printed bill, as amended in the Assembly on April 11, 1949, strike out lines 12 to 27, inclusive, and insert

"An act to amend Section 4601 of the Education Code, relating to the Public School System."

Amendment No. 2

On page 2 of said bill, strike out lines 1 and 2, and insert

'SECTION 1. Section 4601 of the Education Code is amended to read:

4601. Any provision of this code to the contrary notwithstanding, there is in each county a unified school district whose boundaries are coterminous with the boundaries of the county. There shall be no other type of school district.

Every school district created under the provisions of this chapter shall be given the name selected for it by the governing board of the district and shall be designated as the "_____ (using the name of the district) Unified School District." In the name by which the district is designated the governing board of the district may sue and be sued, and hold and convey property for the use and benefit of the school district. A number shall not be used as a part of the designation of any school district."

Amendment No. 3

On page 2 of said bill, strike out lines 3 to 46, inclusive; and strike out pages 3 to 17, inclusive

Amendments read.

COMMUNICATIONS

By Speaker Sam L. Collins:

The following communication was received, read, and ordered printed in the Journal:

CALIFORNIA STATE COMMUNICATIONS ADVISORY BOARD
SACRAMENTO 14, CALIFORNIA, April 4, 1949

His Excellency, Earl Warren
Governor, State of California
Sacramento, California
The Legislature, State of California
Sacramento, California

This, the First Annual Report of the California State Communications Advisory Board, has been prepared in compliance with the provisions of Section 7a of the California State Communications Act (Chapter 1071, Statutes of 1947). The act became effective September 19, 1947, and this report is for the portion of the Ninety-ninth Fiscal Year from that date to June 30, 1948.

The nine months' period covered by the report has been primarily an organizational period. While considerable progress has been made in the establishment of board policies, and recommendations of more or less minor importance have been made, broad recommendations have been held in abeyance pending completion of a statewide study.

An independent consultant had been employed by the Director of Finance to make an objective study of California communications systems and requirements prior

to the effective date of the legislation The study has now been completed, the engineer's report has been analyzed by the board, and comments thereon are made in the appropriate subsection of this report.

The California State Communications Act, which created the board, also established the Division of Communications within the Department of Finance and, insofar as the activities of the division are interrelated to those of the board, they are reviewed in this report.

With the foregoing information as a background, this report is respectfully submitted.

CALIFORNIA STATE COMMUNICATIONS ADVISORY BOARD
By JAMES S. DEAN, Chairman

Above mentioned report ordered referred to the Committee on Governmental Efficiency and Economy.

Bill read second time

Consideration of Committee Amendments

The following amendments were proposed by the Committee on Judiciary:

Amendment No. 1

Amend the title of Assembly Bill No 2110 to read as follows

"An act to amend Sections 8 and 23 of an act entitled "An act authorizing the establishment of municipal courts, prescribing their constitution, regulation, government, procedure and jurisdiction, and providing for the election and appointment of the judges, clerks, and other attaches of such courts, their terms of office, qualification and compensation and for the selection of jurors therein," approved May 23, 1925, as amended, and to add Sections 8 1, 8 2, 8 3 and 8 4 to said act, relating to the establishment of municipal courts in cities of the second class"

Amendment No. 2

Amend Section 1 of said bill to read as follows:

"SECTION 1 Section 8 of the act cited in the title hereof is hereby amended to read as follows:

SEC. 8. *Cities of Second Class: Judges.* The municipal court in cities of the second class shall be constituted, and the judges thereof shall receive compensation as follows:

There shall be seven judges, each of whom shall receive such compensation per annum, payable in equal monthly instalments, as now or hereafter prescribed by law for municipal judges in a city or city and county of the first class"

Amendment No. 3

Amend Section 2 of said bill to read as follows:

"SEC. 2. Section 8.1 is hereby added to the act cited in the title hereof, to read as follows.

SEC 8 1. *Clerk, deputies and attaches.* The judges of the municipal court in a city of the second class shall appoint one clerk who shall act as secretary to the

judges of said court and who shall receive a monthly salary of five hundred dollars ($500). Such clerk, when directed by the court, shall also act as jury commissioner.

(a) The clerk of the municipal court in a city of the second class shall appoint the following deputies and attaches who shall each receive as monthly compensation the sum set opposite the title of their respective offices or positions

Criminal Departments

Four deputy clerks, each four hundred dollars ($400);
Three assistant clerks, each three hundred five dollars ($305);
Four assistant clerks, each two hundred seventy-five dollars ($275);

(b) The appointing authority, which appointing authority, within the meaning of this section, is hereby defined to be the person having the power in the first instance to select the employee from an eligible list provided for that purpose, may fix the compensation of such employee, within the limits hereinbefore set forth for the position to which appointment is made, and may thereafter grant increases in compensation within such limits upon the basis of efficiency and seniority records, all in strict conformity with existing rules and regulations of the appropriate civil service commission. The appointing authority shall further have the power to lay off and suspend any employee or employees because of lack of work requiring the service of the existing personnel of such office or department.

All persons permanently appointed in any of the aforesaid positions at the time such municipal court is established shall continue to hold the same or the substantially equivalent positions, respectively, with credit for prior service in such positions, but without further examination or appointment. They shall receive, however, the compensation provided for by this section, and shall receive in addition to the minimum rate, the annual increments commensurate with years of prior service up to the maximum rate.

Whenever a special assignment or branch of work is indicated herein for a particular deputy or position, the assignment so designated is not intended to be exclusive, but merely to designate the principal work incident to such deputy or position. However, in order to equalize the work of the office of the clerk and to render prompt and efficient service to the public, it shall be the duty of each deputy clerk or attache to perform such service as may be directed by the clerk, whether the work so directed to be done be within the scope of the special designation or not

Except as otherwise in this act provided, persons appointed to any of the aforesaid positions upon the establishment of such municipal court shall remain members of the classified civil service systems of the city or county of which they were members immediately prior thereto, and all persons hereafter appointed to positions in the criminal departments of such court shall upon being appointed become members of the classified civil service of such city, and persons appointed to the civil departments of the court shall become members of the classified civil service of such county. Provided, that either the governing body of such city or county may by the adoption of an ordinance, and with the consent of the other governing body, expressed by an ordinance,

provide for the inclusion by the city or county, as the case may be, of all such persons in its classified civil service system.

For purposes of determining vacations, leaves of absence, sick benefits, compensation for death or injuries, including benefits under workmen's compensation laws, and other benefits and privileges, such officers and attaches shall be deemed employees of the city or county to which civil service systems they respectively belong.

Any appointive officer or employee of the municipal court who becomes a candidate for election by the people to any other public office or position shall automatically forfeit such office or employment.

(c) *Membership in retirement systems.* All officers and attaches of such municipal court shall remain members of the retirement system in which they respectively were members immediately preceding the date at which the municipal court began to function That is to say, that all officers and employees who at that time were members of the retirement system of the city in which a municipal court is established shall remain as members thereof; and all officers and attaches who were members of a retirement system established under the "County Employees Retirement Law of 1937" shall remain as members thereof Or, at its option, the council of such city may arrange with the county in which such court is established to take the officers and attaches of said court who were members of the city retirement system into the retirement system applicable to county employees, without loss to such members of their retirement compensation, death and other benefits, and may reimburse the county for the costs thereof. Each person who after that date enters the employ of such court shall become a member of the retirement system of the county on the first day after his entrance into the service of such court."

Amendment No. 4

Amend Section 3 of said bill to read as follows:

"SEC. 3. Section 8.2 is hereby added to the act cited in the title hereof to read as follows:

Sec. 8.2 *Deputy and assistant marshals* When a municipal court is established in a city of the second class, the sheriff of the county in which such municipal court is established may assign constables or deputy sheriffs to attend on the civil departments of such court as ex officio deputy and assistant marshals thereof, and the chief of police of the city in which such court is established may assign officers and members of the police department of such city to attend on the departments of the court acting in the exercise of criminal jurisdiction in misdemeanor cases as ex officio deputy and assistant marshals of such criminal departments Such deputy and assistant marshals shall perform all the duties imposed and exercise all the powers conferred upon deputy and assistant marshals of the municipal court. Neither the county nor the city in such case shall be reimbursed for any cost or charge incurred in connection with assigning such officers, deputies and constables to such service with said court, or for the payment of their salaries."

Amendment No. 5

Add Section 4 to said bill to read as follows:

"SEC. 4. Section 8.3 is hereby added to the act cited in the title hereof to read as follows:

Sec. 8.3. *City Prosecutors.* All proceedings in the municipal court of a city of the second class in behalf of the people, whether for the violation of any statute of the State or ordinance of the city, shall be prosecuted by the district attorney of the county in which such city is located, through such assistants and deputies as he may appoint. Such assistants and deputies shall be known as and deemed to be city prosecutors of such city. They shall prosecute all misdemeanors committed within the city which are within the jurisdiction of the municipal court of the city and handle all appeals therefrom They shall draw all complaints for such misdemeanors, and shall prosecute all recognizances or bail bond forfeitures and all actions for the recovery of fines, penalties, and forfeitures arising or resulting from the commission of such offenses In addition, they shall perform such other duties as may be prescribed by law. All complaints drawn by such district attorney, his assistants or deputies, while acting as such city prosecutors and filed in such court, shall be deemed drawn and filed by officers or other persons employed by such city within the meaning of the Penal Code and any other applicable law All fines and forfeitures and any other revenue collected in such court belonging to the city, except as otherwise in Section 8.4 provided, shall be paid by such county to the city as provided by law The council of such city shall have authority to enter into appropriate agreement with such county for the purpose of carrying into effect the provisions of this section."

Amendment No. 6

Add Section 5 to said bill to read as follows:

"SEC. 5 Section 8.4 is hereby added to the act cited in the title hereof to read as follows:

Sec. 8.4 *Payment of expenses. Reimbursement of County. Quarters, etc.* Whenever a municipal court is established in a city of the second class, the salaries of the judges, clerks and other attaches, and the cost of all supplies, books, furniture, and

suitable quarters, except as hereinafter otherwise provided, for carrying out their duties, including supplies and equipment for the preparation and maintenance of duplicate records of the court, or a division thereof, when sessions are held at more than one place within the city wherein the court is established, shall be paid by the county in which the court is situated out of its municipal court fund, if there be one, or if there be no such fund, out of the general fund.

The city in which the court is established shall provide and maintain suitable quarters for such departments of the court as shall exercise criminal jurisdiction in misdemeanor cases, but not to exceed four departments in all, including heat, light and janitorial services, free of cost or charge to the county, or upon such rental, if any, as may be agreed upon with the county

The city, in addition to furnishing quarters as hereinabove provided, shall reimburse the county monthly from such municipal court fines and forfeitures as by law would otherwise become the property of the city for the costs upon the county of paying the salaries of the judges, clerks, deputies and other attaches of such criminal departments of the court, excepting the salaries of the district attorney, or any of his assistants, deputies and clerks who shall act as city prosecutors or be employed by the district attorney in the city prosecutor's office, and shall also reimburse the county for any additional costs or charges, including rental, if any, incurred by it in maintaining and operating such criminal departments of the court in connection with the handling and disposition of misdemeanor cases involving fines and forfeitures which become the property of the city. The amount of such additional costs or charges for which the county shall be so reimbursed shall be determined annually in advance by agreement between the city and the county, acting through their governing bodies or authorized officers, in accordance with such budget as may be prepared therefor and agreed upon In the absence of such agreement and budgetary allowances, the county shall be entitled to reimbursement in the amount of its actual costs and charges so incurred in the operation and maintenance of such criminal departments, but not to exceed in the aggregate the total amount actually expended for the previous fiscal year for such criminal departments. Settlement in this connection between said city and county shall, so far as practicable, be made monthly, and the county shall be entitled to retain the amount to which it is entitled in paying the balance of such municipal court revenues to the treasurer of the city by warrants drawn upon the county auditor.

All fines, forfeitures, deposits in court, and unclaimed bail shall be disposed of as provided in Sections 1463 and 1570 of the Penal Code and Sections 770 and 771 of the Vehicle Code, so far as they are applicable, and all revenue collected in such court belonging to the city shall be paid to it by the county

The city and county, acting through their respective governing bodies or authorized officers, shall have authority to enter into suitable agreements to carry out the foregoing and other provisions of this act.

If any portion of Sections 8, 8.1, 8.2, 8 3, and 8.4 of this act shall be declared unconstitutional, it is the express intent of the Legislature that the remainder of the provisions thereof shall remain in full force and effect "

Amendment No. 7

Add Section 6 to said bill to read as follows

"SEC. 6 Section 23 of the act cited in the title hereof is hereby amended to read as follows

Sec 23. *Judicial Townships.* Whenever a municipal court is established for any city which lies partly within and partly without one or more judicial townships, the board of supervisors of the county within which the municipal court is established shall immediately by ordinance divide such county into judicial townships as public convenience may require *In the event the boundaries of any such city within which a municipal court is established, wholly or partly surround another and distinct city or town, the board of supervisors in forming such judicial townships may include such other city or town in a judicial township lying without and adjacent to the city in which the municipal court is established.* Such redistricting shall not be effected in such a manner as to effect the tenure of any judge or justice in the county, but such judge or justice may be required to serve in a court other than the one to which he was elected."

REQUEST FOR UNANIMOUS CONSENT TO TAKE UP ASSEMBLY BILL NO. 2650

Mr. McCollister asked for, and was granted, unanimous consent that he be permitted to take up Assembly Bill No. 2650, out of order, for purpose of amendment, at this time.

CONSIDERATION OF ASSEMBLY BILL NO. 2650

Assembly Bill No. 2650—An act to amend Section 20013 of the Government Code, and to add Sections 20014.6, 20017.8, and 20017.9 thereto, relating to the State Employees' Retirement System, establishing the classification of alcoholic beverage control enforcement members, and making the provisions applicable to patrol members of the system applicable thereto.

Bill read third time.

Motion to Amend

Mr. McCollister moved the adoption of the following amendments:

Amendment No. 1

In line 1 of the title of the printed bill, strike out "Section 20013", and insert "Sections 20013 and 20604".

Amendment No. 2

In line 2 of the title of said bill, strike out "and 20017.9 thereto, relat-", and lines 3 to 6, inclusive, of the title, and insert "20602.9, 20602.95, 20603.3, 20750.7, 20803.7, 20950.7, 20980.7, 21020.7, 21210, 21252.4, 21256.3, 21257.2, 21290.7, 21292.7, 21294.5, and 21363.6 thereto, relating to the State Employees' Retirement System in respect to the Alcoholic Beverage Control Act enforcement personnel of the State Board of Equalization."

Amendment No. 3

On page 1 of said bill, strike out line 12, and insert

"(6) Beverage Control Members".

Amendment No. 4

On page 1, line 18, of said bill, strike out "alcoholic"; and in line 19, strike out "enforcement".

Amendment No. 5

On page 1 of said bill, strike out line 21; and in line 22, strike out "ber", and insert

"20017.8. Beverage Control Member".

PRINTER'S NOTE—There being no 7-point strikeout type available, the material which should appear in strikeout type in the following amendment is indicated by being enclosed within brackets.

Amendment No. 6

On page 2 of said bill, strike out lines 8 to 13, inclusive, and insert

"SEC. 4. Section 20602.9 is added to said code, to read:

20602.9. The normal rate of contribution for each beverage control member shall be based on his age at his entrance into this system in a status in the alcoholic beverage control service which would have made him such a member, and, if he is entitled to credit for prior service, his age when he entered alcoholic beverage control enforcement service, both ages being taken to the preceding completed quarter year.

The age at entrance into alcoholic beverage control enforcement service, if prior to July 1, 1949, shall be determined by deducting the total of such service credited to him at July 1, 1949, from his age at that date.

SEC. 5. Section 20602.95 is added to said code, to read:

20602.95 The rates of contribution provided for in Sections 20603.3 and 20604 for beverage control members shall apply on and after July 1, 1949.

SEC. 6 Section 20603.3 is added to said code, to read:

20603.3 For each beverage control member who became a member of this system, or if entitled to credit for prior service, who entered alcoholic beverage control enforcement service, at or below age 45, the normal rate of contribution shall be such as will provide, on the average, a service retirement annuity at age 55, or upon completion of 20 years of alcoholic beverage control enforcement service at an age higher than 55 years, equal to one-fourth of his final compensation less one-half of his prior service pension, it being the intention that the retirement allowances of such members, upon retirement at age 55, or such higher age, shall be, on the average, one-half of their final compensations, respectively.

SEC 7. Section 20604 of said code is amended to read:

20604. For each patrol [or], warden, *or beverage control member* who entered highway patrol [or], warden, *or alcoholic beverage control enforcement* service at an age greater than 45 years, the normal rate of contribution shall be such as will provide on the average an annuity at age 65 equal to one-eightieth of his final compensation for each year of highway patrol [or], warden, *or alcoholic beverage control enforcement* service after the date as of which his age at entrance into this system is taken under Section 20602, in the case of a patrol member, [or] Section 20602.5 in the case of a warden member, *or Section 20602.9 in the case of a beverage control member.*

SEC. 8 Section 20750.7 is added to said code, to read:

20750.7. The State's contribution to the Retirement Fund in respect to beverage control members is a sum equal to 25.31 percent of the compensation paid beverage control members.

As used in this section, "compensation paid" includes the compensation a member absent on military service would have received were it not for his absence in such service, if the normal contributions for the period of absence are made. The rate of his compensation shall be his compensation at the commencement of his absence.

SEC. 9. Section 20803.7 is added to said code, to read:

20803.7. "Alcoholic beverage control enforcement service" means service rendered as a beverage control member only while receiving compensation for such service, except as provided in Article 4.

It includes service that would have qualified a person as such a member had that classification of members existed at the time the service was rendered.

SEC 10. Section 20950.7 is added to said code, to read:

20950.7. A beverage control member shall be retired for service upon his written application to the board if he has attained age 50 and is entitled to be credited with 20 years of continuous state service.

SEC. 11. Section 20980.7 is added to said code, to read:

20980.7. Every beverage control member shall be retired on the first day of the calendar month succeeding that in which he attains age 70 during the year ending June 30, 1950; age 69 during the following year; age 68 during the next following year; age 67 during the next following year; age 66 during the next following year; age 65 during any year after June 30, 1954.

SEC. 12. Section 21020.7 is added to said code, to read:

21020.7. The provisions of this article applicable to patrol members are also applicable to beverage control members.

SEC 13. Section 21210 is added to said code, to read:

21210. Except as otherwise provided in this chapter, the provisions of this chapter applicable to patrol members are applicable to beverage control members. "Highway patrol service" means "alcoholic beverage control enforcement service" as applied to beverage control members.

SEC. 14. Section 21252.4 is added to said code, to read:

21252.4. The current service pension for beverage control members is a pension derived from the contributions of the employer which, when added to the service retirement annuity that is derived from the accumulated normal contributions of the member, shall equal the same percentage of his final compensation, regardless of his age at retirement, as the contributions of the member and the employer are calculated to provide upon retirement for service at age 55, or upon completion of 20 years of service at an age higher than 55, or upon retirement with less than 20 years service at age 65, for each year of alcoholic beverage control enforcement service after January 1, 1932.

SEC. 15. Section 21256.3 is added to said code, to read:

21256.3. The prior service pension for a beverage control member is a pension equal to the sum of the following:

(a) In respect to prior service other than alcoholic beverage control enforcement service, a prior service pension computed pursuant to subdivision (a) of Section 21253.

(b) In respect to prior service consisting of alcoholic beverage control enforcement service, the same percentage of his final compensation, regardless of age at retirement, for each year of such service as the contributions of the member and the State are calculated to provide upon retirement for service at age 55 or upon completion of 20 years of service at an age higher than 55 or upon retirement with less than 20 years of service at age 65, for each year of alcoholic beverage control enforcement service after January 1, 1932.

SEC. 16. Section 21257.2 is added to said code, to read:

21257.2. If a beverage control member retires for service before attaining age 55, his prior service pension shall be reduced to that amount which the value of the pension as deferred to age 55 will purchase at the actual age of retirement.

SEC. 17. Section 21290.7 is added to said code, to read:

21290.7 Upon retirement for nonindustrial disability, a beverage control member who has attained age 55 shall receive his service retirement allowance.

SEC. 18. Section 21292.7 is added to said code, to read:

21292.7. Upon retirement of a beverage control member for industrial disability he shall receive a disability retirement allowance of 50 percent of his final compensation plus an annuity purchased with his accumulated additional contributions, if any, or, if qualified for service retirement, he shall receive his service retirement allowance if such allowance, after deducting such annuity, is greater.

SEC. 19 Section 21294.5 is added to said code, to read:

21294.5. Every beverage control member retired for nonindustrial disability shall receive a disability retirement allowance which shall consist of:

(a) An annuity which is the actuarial equivalent of his accumulated contributions at the time of retirement.

(b) If, in the opinion of the board, his disability is not due to intemperance, wilful misconduct or violation of law on his part, a disability retirement pension derived from the contributions of the State.

SEC. 20. Section 21363.6 is added to said code, to read:

21363.6. The special death benefit is also payable if the deceased was a beverage control member, if his death was industrial, as determined by the Industrial Accident Commission using the same procedure as in workmen's compensation hearings, and if there is a wife or child who qualifies under subdivision (b), Section 21364."

Amendments read, and adopted.

Bill ordered reprinted, and re-engrossed.

REQUEST FOR UNANIMOUS CONSENT TO TAKE UP RECONSIDERATION OF ASSEMBLY BILL NO. 1334

Mr. McCollister asked for, and was granted, unanimous consent that he be permitted to take up the reconsideration of Assembly Bill No. 1334, temporarily passed on file, at this time.

UNFINISHED BUSINESS (RESUMED)

MOTION TO RECONSIDER ASSEMBLY BILL NO. 1334

In compliance with a notice given on a previous day, Mr. McCollister moved that the vote whereby Assembly Bill No. 1334 was passed be reconsidered.

COMMUNICATIONS

By the Chief Clerk:

The following communication was received, read, and ordered printed in the Journal:

STATE OF MAINE
HOUSE OF REPRESENTATIVES
SPEAKER'S OFFICE, AUGUSTA, April 16, 1949

Hon. Arthur A. Ohnimus, Chief Clerk,
Assembly, California Legislature
State Capitol, Sacramento 14, California.

DEAR MR. OHNIMUS: Receipt is acknowledged of your kind letter and enclosure of April 12, 1949.

I have read with interest the copy of Assembly Joint Resolution No. 26, which was adopted by the California Legislature on April 6, 1949.

In passing may I comment that the Maine Legislature is expected to approve a somewhat similar resolution. The Judiciary Committee has given the resolution a favorable report and the report of the committee already has approval of the House.

Thanking you for the interest shown in forwarding the matter to me, and expressing the hope that your Assembly and your Legislature are having a most successful session, I remain,

Very truly yours,

NATHANIEL M. HASKELL

By the Chief Clerk:

The following communication was received, read, and ordered printed in the Journal:

NINETEENTH LEGISLATIVE ASSEMBLY
HOUSE OF REPRESENTATIVES, STATE OF NEW MEXICO
SANTA FE, NEW MEXICO, April 18, 1949

Mr. Arthur A. Ohnimus, Chief Clerk
California Legislature
State Capitol, Sacramento 14, California

DEAR MR. OHNIMUS: Thank you very much for your letter of April 12th and the copy of the California Assembly Joint Resolution No. 26.

I report to you that a similar joint resolution was introduced in the recent session of the New Mexico Legislature which was Senate Joint Resolution No. 12 and was generally an endorsement of the World Federalists movement.

Regrettably, this joint resolution never did pass the Senate and consequently was not brought before the lower house for action.

I am sure you will be interested in knowing that the measure caused considerable debate and our present Federal District Judge, Carl Hatch, who was formerly a distinguished Member of the United States Senate from this State, spoke to a committee of the whole House and Senate endorsing this resolution. Nevertheless, it failed and therefore will not be the subject of any legislative action in New Mexico until the second Tuesday of January, 1951, unless a special session is sooner called for that specific purpose.

Yours very truly,

JOHN F. SIMMS, JR., Speaker of the House

RESOLUTIONS

The following resolution was offered:

CONSIDERATION OF HOUSE RESOLUTION NO. 171

By Mr. Sam L. Collins:

House Resolution No. 171

WHEREAS, On Thursday night, April 14, 1949, a new endurance flight record was established by two California pilots, Dick Riedel and Bill Barris, of Fullerton; and

WHEREAS, By remaining aloft in their single-engined Aeronica plane, "Sunkist Lady," for 727 hours these two intrepid airmen eclipsed the former record of 726 hours, set October 29, 1939, by two other Californians, Wes Carroll and Clyde Schleiper, of Long Beach; and

WHEREAS, This successful attempt at the endurance record was the fourth attempt by Dick Riedel and Bill Barris, the previous attempts ending in heartbreaking failure due to mechanical failures and icing conditions; and

WHEREAS, By their inspiring feat Dick Riedel and Bill Barris have indelibly written their names in aviation history, and have captured the hearts and imagination of air-minded persons all over the world, and have brought further fame and glory to the City of Fullerton and the State of California; and

WHEREAS, Not content with merely breaking the record, Dick Riedel and Bill Barris are still winging their way through the skies over Southern California and are determined to remain in the air until they have established a new record of 1,000 hours of continuous flying; now, therefore, be it

Resolved by the Assembly of the State of California, That heartiest congratulations be extended to Dick Riedel and Bill Barris for their amazing feat of courage and stamina in setting their endurance flight record, and that best wishes for good luck in their attempt to extend this record to 1,000 hours be extended to them; and be it further

Resolved, That the Chief Clerk is directed to send copies of this resolution to Dick Riedel and Bill Barris, of Fullerton.

Resolution read, and adopted unanimously.

Speaker Presiding

At 1.16 p.m., Hon Sam L. Collins, Speaker of the Assembly, presiding.

PRAYER

The following prayer was offered by the Chaplain, Dr. Torrance Phelps:

Eternal God: As we begin this morning, we offer a prayer for the spiritual welfare of the people in the Gallery and the representatives of the business and professional interests here.

We pray that they may unselfishly put the interests of the entire State above merely personal benefit, and remember that their own private prosperity depends upon the prosperity and soundness of every interest, big or small

May their patriotism always prevent them from seeking a selfish advantage at the expense of the total welfare and progress of the State.

Almighty God, keep before our business and labor leaders, who are essential to the prosperity of the State, the ruinous results of political corruption

May they remember that the ruin of Germany began with the illicit greed of selfish leaders, and France collapsed because of the ruthless preying upon the national resources

May we, the Members of this great Assembly, have the moral stamina to stand like a rock against any pressure that would harm the welfare and stability of this wonderful State.—AMEN.

Amendment No. 9

On page 4 of said bill, between lines 22 and 23, insert

"SEC. 12.5. Section 28011 is added to said code, to read:

28011. Horse meat shall not be imported into the State of California for use within the State except in sealed packages weighing not more than five pounds per package. Exception to this shall be made where the horse meat is consigned and delivered direct to a cannery under federal or state inspection for cooking in hermetically sealed containers.

The policy of the Legislature is that there is no control over the plants selling and transporting horse meat from other states and therefore bulk horse meat entering the State for distribution to dealers or distributors for further resale to stores and the public would make the possibility of fraud practically uncontrollable."

Amendment No. 10

On page 4 of said bill, strike out lines 36 to 38, inclusive, and insert "sale or sold, for purposes of inspection."

Amendment No. 11

On page 4, line 47, of said bill, after the period, insert "An annual fee of fifty dollars ($50) shall accompany each application for a license. Such fee shall be paid into the General Fund in the State Treasury."

Amendment No. 3

On page 1 of said bill, strike out line 1, and insert

"SECTION 1. Section 92.1 of the Agricultural Code is repealed.

SEC. 2. Section 19622 of the Business and Professions Code is amended to read:

19622. There is hereby annually appropriated out of the fund the following: (i) [one hundred twenty-five thousand dollars ($125,000)] *three hundred thousand dollars ($300,000)* for the support of the California State Fair; (ii) [one hundred twenty-five thousand dollars ($125,000)] *three hundred thousand dollars ($300,000)* for the support of the Los Angeles County Fair; (iii) [one hundred thousand dollars ($100,000)] *one hundred fifty thousand dollars ($150,000)* for the support of 1A District Agricultural Association; and (iv) [fifteen thousand dollars ($15,000)] *sixty thousand dollars ($60,000)* to the Sixth District Agricultural Association of the State of California, for the purpose of holding a permanent exposition and exhibition of all citrus products and of all the industries and industrial enterprises, resources, and products of every kind and nature of the State of California, with a view of improving, exploiting, encouraging, and stimulating such industries, resources, and products, and for the support of the buildings and grounds and other property of the Sixth District Agricultural Association. No admission fee shall be charged by such exposition.

The money heretofore or hereafter apportioned to the Los Angeles County Fair under this section may be expended for the payment of premiums and, with the approval of the Department of Finance, for capital outlay, including purchase of land, construction, improvements, equipment, support, and maintenance for such fair.

All money heretofore or hereafter appropriated to the California State Fair, the Los Angeles County Fair, the Sixth District Agricultural Association, citrus fruit fairs as defined in Section 94 of the Agricultural Code, and the 1A District Agricultural Association under the provisions of this article except money allocated by the Director of Finance for fair purposes under the provisions of Section 19626 of the Business and Professions Code, shall be exempt from the provisions of Section 16304 of the Government Code and Section 435 of the Political Code, and shall remain available for expenditure from year to year until expended.

SEC. 3. Section 19624 of the Business and Professions Code is amended to read:

19624. The first balance of the fund is hereby annually appropriated as follows:

(a) Five percent for payment to and use of those certain fruit fairs defined in Section 94 of the Agricultural Code, but not to district agricultural associations, district or county fairs, for the purpose of conducting and carrying on annually citrus fruit fairs and expositions to promote and encourage the citrus fruit industry of this State

Of said 5 percent [one hundred thousand dollars ($100,000)] *one hundred fifty thousand dollars ($150,000)* thereof is appropriated and allocated annually to those certain citrus fruit fairs and expositions defined in Section 94 of the Agricultural Code held in counties having a population in excess of 160,000 as shown by the last Federal Census, according to population, and if there be but one of such fairs held in counties having a population in excess of 160,000 then the whole of said [one hundred thousand dollars ($100,000)] *one hundred fifty thousand dollars ($150,000)* is appropriated and allocated to and for the use of such citrus fruit fair. The balance of said 5 percent is appropriated and allocated to the citrus fruit fairs defined in Section 94 of the Agricultural Code (if any there be), held in counties having a population of less than 160,000 and to these other citrus fruit fairs and expositions in such counties having a population of less than 160,000 which have been conducted and carried on annually for not less than twenty years by nonprofit associations or corporations for the purpose of promoting and encouraging the citrus fruit industry of California; each such citrus fruit fair held in counties having a population of less than 160,000 shall receive [five thousand dollars ($5,000)] *ten thousand dollars ($10,000)* each year. The balance of the 5 percent remaining after the foregoing appropriations and allocations shall revert to and become a part of said first balance of the fund.

(b) Forty percent for the encouragement of county, district, or combined county and district agricultural fairs (exclusive of the State Fair, the Los Angeles County Fair, the Sixth District Agricultural Association and citrus fruit fairs) to be apportioned by and expended under the supervision of the Department of Finance in the manner and for the purpose prescribed by Section 92 of the Agricultural Code and other applicable provisions of law but no such county, district or combined county and district agricultural fair shall receive a sum greater than [sixty-five thousand dollars ($65,000)] *eighty-five thousand dollars ($85,000)* under Section 92 of the Agricultural Code in any one year.

If in any year the sum appropriated to county, district or combined county and district agricultural fairs under this section is less than two hundred twelve thousand one hundred seventy-two dollars and seventy-nine cents ($212,172.79), then during that year the apportionment to all fairs shall be made in the manner and upon the basis prescribed by Section 13 of Chapter 769 of the Statutes of 1933, and by Section 92 of the Agricultural Code.

SEC. 4. Section 19622.1 is added to the Business and Professions Code, to read:

19622.1. There is hereby appropriated annually out of the fund four hundred fifty thousand dollars ($450,000) to be allocated to district and county agricultural fairs as merit awards in the manner and for the purpose prescribed by Section 92.2 of the Agricultural Code. The allocation of such merit awards shall not be considered in the application of the eighty-five thousand dollars ($85,000) maximum allocation under Section 92 of the Agricultural Code, which is contained in subdivision (b) of Section 19624 of the Business and Professions Code.

When the maximum allocation to any county, district, or combined county and district agricultural fair under the provisions of Section 92 of the Agricultural Code from moneys appropriated in Section 19624 of the Business and Professions Code will be less than sixty-five thousand dollars ($65,000) in any calendar year, the amount set forth in this section shall be reduced for such calendar year to zero.

In any year in which the total amount of the merit awards allocated is less than the amount appropriated herein, the amount appropriated in excess of the amount of such awards shall be transferred to and become a part of the funds available for allocation for capital outlay for fairs under the provisions of Section 19626 of the Business and Professions Code.

SEC. 5. Section 92.2 is added to the Agricultural Code, to read:

92.2. The Director of Finance shall allocate any moneys appropriated by the State for merit awards for district and county agricultural fairs receiving apportionments under Section 92 of the Agricultural Code, and may prescribe rules and regulations for determining merit awards.

In allocating the merit awards, consideration shall be given to the following:

(a) The type, class, and quality of agricultural, livestock, natural resources and industrial products exhibited, and the amount of premiums paid in accordance with the approved premium list of such fair;

(b) The population of the county or district in which the fair is held and the community interest in such fair;

(c) The efficiency of management, including records, condition of buildings and grounds, and general maintenance of entire plant;

(d) The extent and nature of interim utilization of fair property, as provided by the fair management.

On or before January 15th of each year the chief of the Division of Fairs and Expositions in the Department of Finance shall submit a written recommendation to the Director of Finance for merit awards to be allocated to district and county agricultural fairs held in the preceding calendar year. The director shall consider these recommendations and the written recommendations of any other individuals, organizations, or groups submitted on or before said January 15th and shall make such merit awards in such amounts as he deems suitable.

The money so allocated as merit awards under this section shall be paid to the several counties and district agricultural associations as soon as such awards are made

The money paid to the counties and district agricultural associations under this section shall be deposited in the special bank accounts provided for the deposit of funds apportioned to said counties and district agricultural associations under Section 92 of the Agricultural Code and may be expended for the same purposes and under the same restrictions as the funds apportioned under the provisions of said Section 92 of the Agricultural Code."

Amendment No. 4

Amendment No. 6

On page 2 of said bill, after line 5, insert

"District 15b. All that portion of Kern County included within the Fourth Supervisorial District of said county as said supervisorial district was constituted on March 15, 1949."

Amendment No. 7

On page 2, line 21, of said bill, strike out "The County of San Bernardino.", and insert "All that portion of San Bernardino County lying north of a line drawn east and west through the highest point of the summit of Cajon Pass.

District 28a All that portion of San Bernardino County not included in Agricultural District 28."

Amendment No. 8

On page 3, line 13, of said bill, after "beginning", insert ", excepting therefrom the area included in Agricultural District 54."

PRINTER'S NOTE—There being no 7-point strikeout type available, the material which should appear in strikeout type in the following amendment is indicated by being enclosed within brackets.

Amendment No. 9

On page 3 of said bill, after line 39, insert

"District 54. All that portion of Los Angeles County described as follows:

Beginning at the point where Firestone Boulevard crosses the southerly bank of the Los Angeles River; thence southeasterly along said Firestone Boulevard to the Orange County line; thence westerly and southerly along said Orange County line to the Pacific Ocean; thence westerly and northerly along the shore of said ocean to the Los Angeles River; thence northerly and easterly along said south bank of the Los Angeles River to the point of beginning.

District 55. All of that portion of Los Angeles County included within the city limits of Pasadena.

District 56. All of that portion of Los Angeles County included within the city limits of Inglewood.

SEC 2. Section 92 of said code is amended to read:

92. The Department of Finance shall apportion any money appropriated by the State for the encouragement of county, district or combined county and district fairs to the various agricultural fairs on the basis of the amount which each fair actually paid in premiums for agricultural, horticultural, mineral and livestock exhibits, and exhibits of domestic arts and agricultural mechanics made or manufactured for other than commercial purposes in each year. The money so apportioned shall be paid to the several counties and district agricultural associations as soon as such apportionment is determined.

The Department of Finance, out of any money on hand to be apportioned, may advance to any county or district agricultural association, for the purpose of paying premiums, at any time during the year, any portion of the money to which, in the opinion of the Director of Finance, the county or district agricultural association will become entitled for that year. The county or district agricultural association shall deposit such money in a separate bank account approved by the Director of Finance in accordance with the provisions of Section 10 of an act entitled "An act to authorize and control the deposit in banks of money belonging to or in the custody of the State and to repeal all acts or parts of acts in conflict with this act," approved April 12, 1923, as amended. Such money may be expended for premiums, capital outlay, including purchase of land, construction, improvements, equipment, for the acquisition, installation, maintenance, and operation of recreational facilities at fairgrounds of the county or district agricultural associations or other purposes for the encouragement of county or district agricultural association fairs pursuant to a budget submitted to, and approved by, the Department of Finance subject to the provisions of Section 677.5 of the Political Code.

All sums expended from such moneys for construction and improvements by counties shall be subject to the provisions of Section 4041.18 of the Political Code. The county auditor or secretary of any such fair desiring to share in any such appropriation shall file with the Department of Finance on or before December 31st, of each year, a sworn statement setting forth the actual amount paid for premiums by such fair held in that year.

Six thousand dollars ($6,000) shall be the maximum base of allocation paid any fair for its first year of operation, and thereafter in each subsequent year in which a fair is held the maximum base of allocation shall increase by 10 percent over the maximum base for the year in which a fair was last held.

In the event the premiums paid during any year in which a fair is held are less than the maximum base of allocation for that year, the base of allocation for that year shall be the premiums so paid during such year. For any fair operated prior to 1933 which received, or was qualified to receive, money from appropriations for the support of agricultural fairs, the basis may be increased 10 percent for each year in which a fair was held from the time the fair was first held, except that if no fair was held by the county or district for a period of five or more years the percentage of increase shall apply only from the first fair held after said period. Any fair may pay premiums in an amount greater than that used as the base of apportionment to it.

The Department of Finance shall prescribe rules and regulations for the judging of exhibits, and the maximum amount of premiums which may be offered and paid for all classes, sections, and types of exhibits. No fair shall receive any apportionment of funds under this section unless it complies with such rules and regulations.

No allotment from the apportionment herein provided shall be made for more than one fair in any one year in any county or district. The fact that a county or district contracts one with the other or with a county fair association, to hold an agricultural fair shall not bar it from receiving a proper proportion of the moneys herein appropriated, except that no county or district may hold a joint or combined fair and receive an allotment of money under the provisions of this section. No fair for which a separate appropriation is made by the State shall participate in the apportionment of any money appropriated for the encouragement of county and district agricultural fairs.

[On or after January 1, 1943, allotments from the appropriation herein provided shall be made only to district agricultural associations or counties which received allotments under this section on the basis of the premiums paid at fairs held during the calendar year 1941 except that. (1) A district agricultural association which did not receive an allotment under this section on the basis of the premiums paid at a fair held during the calendar year 1941 may receive an allotment as provided in this section unless a county whose area lies in whole or in part within the boundaries of the agricultural district received an allotment under this section on the basis of the premiums paid at a fair held during the calendar year 1941; (2) Solano County may receive an allotment although that county held no fair in the calendar year 1941 and the agricultural association of the agricultural district comprising Solano County received an allotment during the calendar year 1941; (3) Marin County may receive an allotment although that county held no fair in the calendar year 1941 and the agricultural association of the agricultural district of which Marin County is a part received an allotment during the calendar year 1941; (4) Santa Cruz County may receive an allotment although that county held no fair in the calendar year 1941 and the agricultural association of the agricultural district comprising Santa Cruz County received an allotment during the calendar year 1941; (5) Merced and Madera Counties may each receive an allotment although those counties held no fairs in the calendar year 1941 and the agricultural associations of the agricultural districts comprising Merced and Madera Counties each received an allotment during the calendar year 1941; (6) a district agricultural association which did not receive an allotment under this section on the basis of the premiums paid at a fair held during the calendar year 1941, may receive an allotment as provided in this section; provided, the board of supervisors of each county, whose area lies in whole or in part within the boundaries of the agricultural district and which received an allotment under this section on the basis of the premiums paid at a fair held during the calendar year 1941, shall by resolution announce its intention to permanently discontinue the holding of fairs for which the county would be eligible to participate in the allocation from the appropriation herein provided. A certified copy of said resolution shall be filed with the Department of Finance. Upon adoption of said resolution by the board of supervisors, and the filing thereof as herein provided, the county referred to shall no longer be eligible to receive allotments under this section and the district agricultural association which becomes eligible to receive an allotment due to the adoption of said resolution shall, for the purpose of determining the maximum base of allocation for said association, be entitled to receive credit for the fairs previously held by said county and said fairs shall be considered as fairs held by the association in calculating the maximum base for said association as provided herein. Within one year from and after the date said resolution is adopted, the county shall pay to said district agricultural association the unexpended balance of any moneys previously apportioned to said county under this section. Notwithstanding the foregoing provisions of this paragraph a district agricultural association of a district created subsequent to January 1, 1943, may receive an allotment as provided in this section.]

The Department of Finance, in its discretion, may at any time examine the books and records of any fair to determine the correctness of any statement or report filed with the Department of Finance

SEC 3 Section 92 3 is added to said code, to read

92.3 The fairs of agricultural associations or counties which received allotments under Section 92 on the basis of the premiums paid at fairs held during the calendar year 1948 shall be known as Class A fairs. All other district or county agricultural fairs desiring to share in the apportionment of funds under Section 92 shall be known as Class B fairs

Notwithstanding any other provision of law, no Class B fair shall receive a sum greater than ten thousand dollars ($10,000) under Section 92 in any one year

SEC. 4. The amendment of Section 92 of the Agricultural Code made by this act shall not affect the maximum base of allocation of any district agricultural association which become entitled to receive credit for fairs previously held by a county pursuant to said sections as amended by Chapter 646, Statutes of 1943, and no such county shall be entitled to credit for fairs held by it prior to discontinuing its county fair pursuant to said section as amended by Chapter 646, Statutes of 1943.

SEC. 5. The money and assets belonging to the Twenty-eighth District Agricultural Association upon the effective date of this act shall be equally divided between said association and the District Agricultural Association of District 28a The Department of Finance shall supervise the division of said money and assets

SEC 6 There is hereby appropriated out of the money allocated from the second balance of the Fair and Exposition Fund to district or county agricultural associations for fair purposes, the sum of ten thousand dollars ($10,000) to Agricultural District No 10a to be expended with the approval of the Director of Finance for support of a fair; purchase or construction of buildings and equipment for fair purposes; and for the acquisition or purchase of real property to be used as sites for permanent improvements"

Amendment No. 10

On page 1, line 19, of said bill, strike out "The County of Siskiyou", and insert "All that portion of Siskiyou County not included in Agricultural District 10a.

District 10a. All that portion of Siskiyou and Modoc Counties described as follows:

Beginning at the intersection of the first range line east of the Mt. Diablo Meridian with the Oregon-California boundary line; thence southerly along said range line to the ninth Standard Parallel North; thence easterly along said Parallel to the point where it intersects the fifth range line east of the Mt. Diablo Meridian; thence northerly along said range line to the Oregon state line; thence westerly along said state line to the point of beginning."

Amendment No. 11

On page 2, line 27, of said bill, strike out "The County of Modoc", and insert "All that portion of Modoc County not included in Agricultural District 10a".

Amendment No. 2

On page 1 of said bill, strike out lines 1 and 2, and insert

"SECTION 1. Whenever there has heretofore been filed or recorded in the office of the county clerk or county recorder of any county a map or plat purporting to be the plat or map of a town, city or village showing thereon any area or open space designated on said map as a "square" or by other similar designation and no other words or insignia appear on said map or in the office of the county recorder of said county showing the purposes for which the same may have been dedicated and said map has been on file or on record for more than fifty years, the city in which the same is located or, if not located in a city, the county in which the same is located, after acquiring by purchase, condemnation or otherwise all outstanding titles, reversions, easements or other interests in or to said land, may erect thereon a city hall, county courthouse or other public building with appurtenances and any city in which the same may be located may grant or lease the same to the county in which the same is located for the erection thereon of a county courthouse or other public building if the governing body of the city or of the county, as the case may be, finds that the highest and best use to which the land can be put is that of erecting thereon the public building proposed The governing body of the city in which the land is located, if located in a city, otherwise the governing body of the county in which the land is located, shall first adopt a resolution declaring its intention to erect thereon the public building proposed or its intention, if such is the case, to grant or lease the land to the county for the erection thereon by the county of the public building proposed The resolution shall then be referred to the city planning commission or the county planning commission, as the case may be, for a report and recommendation thereon pursuant to Section 74 of the Conservation and Planning Act, which report and recommendation shall only be made after a public hearing held as provided in said section. Thereafter the governing board of the city or of the county, as the case may be, if it finds that the highest and

best use to which the land may be put is the erection thereon of the public building proposed, may provide by ordinance that said land may be used as a site for the public building proposed or, if located in a city and it is the intention of the city to grant or lease the same to the county, that it may be granted or leased to the county for the erection thereon by the county of the public building proposed

SEC. 2 Article 8, comprising Sections 50530 to 50533, inclusive, is added to Chapter 2, Part 1, Division 1, Title 5 of the Government Code, to read

Article 8. Public Buildings

50530. As used in this article, "public square" means any area or open space showing on a map or plat of a city, town, or village which has been filed or recorded in the office of the county clerk or county recorder of any county for more than fifty years and which is designated on the map or plat as a "square" or by other similar designation, and no other words or insigma appear on the map or plat or in the office of the county recorder showing the purposes for which the square was dedicated

50531. Pursuant to this article, after acquiring by purchase, condemnation, or otherwise all outstanding titles, reversions, easements, or other interest in or to the public square, the city in which the public square is located, or if it is not located in a city, the county in which it is located, may erect upon the public square a city hall, county courthouse, or other public building with appurtenances or the city in which the public square is located may grant or lease it to the county in which the city is located for the erection thereon of a county courthouse or other public building.

50532. The legislative body of the local agency in which the land is located shall first adopt a resolution declaring its intention to erect a public building on the public square or the legislative body of the city shall adopt a resolution declaring its intention to grant or lease the land to the county for the erection of a public building. The resolution shall be referred to the city or county planning commission, as the case may be, for a report and recommendation thereon pursuant to Section 74 of the Conservation and Planning Act. The report and recommendation shall be made only after a public hearing held pursuant to Section 74.

50533. If the legislative body of the local agency in which the public square is located finds that the highest and best use to which the land may be put is the erection thereon of the proposed public building, it may provide by ordinance that the public square may be used as a site for the proposed public building or, if located in a city and it is the intention of the city to grant or lease the public square to the county, that it may be granted or leased to the county for the erection hereon by the county of the proposed public building.

CONSIDERATION OF HOUSE RESOLUTION NO. 165

By Messrs Geddes, Rosenthal, Burke, Ralph C. Dills, and Dunn:

House Resolution No. 165

Relating to adjournment in honor of Dr. Ralph W. Rice

WHEREAS, It has come to our attention that in September of 1948, Dr. Ralph W. Rice, esteemed and prominent member of the osteopathic profession, passed suddenly from this life; and

WHEREAS, The passing of this nationally known osteopath brings to our minds some of the details of the life which he devoted to the service of mankind.

Born in Magnolia, Iowa, he came early to California where he distinguished himself in elementary school in Hanford, became Student Body President and Valedictorian at Hanford High School, and maintained a high level of scholastic achievement at Pomona College and in the American School of Osteopathy.

The professional career of Dr. Rice was especially noteworthy for the many positions of trust and responsibility which his admiring fellow osteopaths conferred upon him. He occupied successively the offices of Trustee, Vice President, and President of the California Osteopathic Association and served on the executive committee of that body His recognition was not limited to the State of California for he was made a Trustee in the American Osteopathic Association, in the Academy of Applied Osteopathy, and in the College of Osteopathic Physicians and Surgeons at various times in his illustrious practice.

Dr Rice was also a valued member of many social and honorary groups His friends and associates honored him for his devotion to the osteopathic science, his sincerity, and his unflagging energy. His death came, to the sorrow of all, on September 13, 1948; therefore, be it

Resolved by the Assembly of the State of California That when we adjourn today we shall do so in honor of the memory of Dr. Ralph W. Rice; and be it further

Resolved, That the Chief Clerk is directed to send a copy of this resolution to the bereaved family of Dr Ralph W. Rice, The American Osteopathic Society, The California Osteopathic Society and The Los Angeles College of Osteopathic Physicians and Surgeons.

Resolution read.

Motion to Amend

Mr. Geddes moved the adoption of the following amendment:

Amendment No. 1

In the second "*Resolved*", in the second line following "Dr Ralph W Rice," strike out "The American Osteopathic Society, The California Osteopathic Society and The Los Angeles College of Osteopathic Physicians and Surgeons" and insert "The American Osteopathic Association, The California Osteopathic Association and The College of Osteopathic Physicians and Surgeons".

Amendment read, and adopted.

Consideration of House Resolution No. 165, as Amended

By Messrs. Geddes, Rosenthal, Burke, Ralph C. Dills, and Dunn:

House Resolution No. 165

Relating to adjournment in honor of Dr Ralph W Rice

WHEREAS, It has come to our attention that in September of 1948, Dr Ralph W Rice, esteemed and prominent member of the osteopathic profession, passed suddenly from this life; and

WHEREAS, The passing of this nationally-known osteopath brings to our minds some of the details of the life which he devoted to the service of mankind.

Born in Magnolia, Iowa, he came early to California where he distinguished himself in elementary school in Hanford, became Student Body President and Valedictorian at Hanford High School, and maintained a high level of scholastic achievement at Pomona College and in the American School of Osteopathy.

By Messrs. Gaffney, Maloney, Geddes, Waters, Dunn, Brady, George D. Collins, McCarthy, Doyle, Berry, Meyers, and Crowley:

House Resolution No. 175

Congratulating the Irish people upon the establishment of the Republic of Ireland

WHEREAS, In the capital City of Dublin on Easter Monday 1916 a valiant band of Irishmen, under the leadership of Pearse, Connolly, de Valera and 13 other brave men, raised the Irish Tri-color over the post office and the independence of the Irish Republic was proclaimed; and

WHEREAS, Despite the crushing of the revolution and the execution of all the leaders, with the exception of the New York born son of an American citizen, Eamon de Valera; and

WHEREAS, A prolonged civil war ensued that culminated in the setting up of the Irish Free State and the latter Government of Eire, with only nominal political ties binding it to Britain after 780 years; and

WHEREAS, On Easter Monday 1949, 33 years after the Rising, the last vestige of political bonds with Britain were formally removed by a proclamation of the independence of the Republic of Ireland; now, therefore, be it

Resolved by the Assembly of the State of California, That this Assembly congratulates the President, the Premier, the Parliament and the people of the Republic of Ireland on their natal day and rejoices with them in their newly attained freedom; and be it further

Resolved, That this Assembly wishes the people of the Republic of Ireland lasting peace, happiness and prosperity and hopes that some day the ancient boundaries of the "Island of Saints and Scholars" will know but one sovereignty in harmony with her one history and one tradition, and be it further

Resolved, That suitably prepared copies of this resolution be forwarded to the President of the Republic of Ireland, the United Irish Societies of San Francisco, and the Irish Freedom League of San Francisco and that this resolution be printed in the Assembly Journal.

Resolution read, and ordered referred to the Committee on Rules.

By Messrs. Gaffney, Maloney, Berry, George D. Collins, Meyers, McCarthy, Brady, and Fletcher:

House Resolution No. 176

Relative to Frank MacDonald, late President of the San Francisco Building Trades Council

WHEREAS, The State of California has lost one of its most well known and able citizens in the death of Frank MacDonald, in San Francisco, California; and

WHEREAS, Frank MacDonald was born in Denver, Colorado, on September 22, 1880, came to San Francisco as a boy and there learned his trade and obtained an education study at night; and

WHEREAS, As business agent of Local 19, San Francisco Tile Layer Helpers' Union, and business representative of the San Francisco Building Trades Council, Frank MacDonald began the long career devoted to the interests of laboring men and women throughout the State, which led him to the presidency of the State Building Trades Council, a post he held at the time of his death on September 2, 1948; and

WHEREAS, Long recognized by those in organized labor as one of their most influential and able officials and spokesmen, he was also called upon to fill high public office from time to time, having been named State Labor Commissioner in 1933, and having been a member of the State Industrial Accident Commission, and one of the first Directors of the Golden Gate Bridge and Highway District; and

WHEREAS, The loss of Frank MacDonald is keenly felt and deeply regretted by all who knew him and by all in the ranks of organized labor; now, therefore, be it

Resolved by the Assembly of the State of California, That the Members of this Assembly deeply regret the loss of Frank MacDonald to the labor movement and of his outstanding public service to the people of the State of California; and be it further

Resolved, That the Chief Clerk of the Assembly transmit suitably prepared copies of this resolution to the State Building Trades Council, and to Mrs. Esther MacDonald, widow of Frank MacDonald, as an expression of the sympathy and esteem of the Members of this Assembly.

Resolution read, and ordered referred to the Committee on Rules.

PRAYER

The following prayer was offered by the Chaplain, Dr. Torrance Phelps:

Eternal Spirit: May we open our eyes today to the vari-colored forms of beauty that adorn earth and sky.

The beauty in the luminous sunlight, in the silver mist of the morning and the starry night.

May we marvel at the symmetry of the trees, that lift their leafy arms to pray, and the common grass which seeks to hide the unlovely clay.

The loveliness of the flowers, of the cherry and orange blossoms, and of the flaming wild flowers that bedeck the road sides.

The white bridal wreath and sweet scented lily of the valley, the rainbow tints of the tulips and gorgeous roses which beautify many a family garden.

May the universal beauty of nature be reflected in our spirit and nobility of manner.—AMEN.

"DIVISION 9 SOIL CONSERVATION

CHAPTER 1. GENERAL PROVISIONS

Article 1 Policy of State

9000 The Legislature hereby declares that the conservation of the soil is of fundamental importance to the prosperity and welfare of the people of this State. Severe pressure has been placed upon the state's soil resources in order to supply the basic food requirements of a greatly expanded population, and the productivity of agricultural, range and forest lands must be preserved and increased if the present standard of living is to be maintained under continuing population increases Special effort must be made to speed up the present program of soil and water conservation in order to provide for permanent productive use of all remaining resources. To promote such effort, the Legislature believes that the State must assume leadership in formulating and putting into effect a state-wide program of soil and water conservation and hereby declares that the provisions of this division of this code are enacted to accomplish the following purposes:

(a) To provide a means by which the State may cooperate with the United States and with soil conservation districts organized pursuant to this division in securing the adoption in this State of farm, range, and woodland practices and land use best adapted to save the soil resources of the State from unreasonable and economically preventable waste

(b) To provide for the organization and operation of soil conservation districts comprising such nonurban lands of the State, and such urban areas deemed necessary as hereinafter provided, for the purposes of soil and water conservation, including the improvement of farm irrigation and land drainage, and to provide means for conserving and supplying water for district lands Such districts, in addition to their other powers, shall have legal authority:

(1) To cooperate with the United States, this State, counties, public districts, other soil conservation districts, persons, associations, and corporations in matters relating to the control of run-off and to soil conservation through the prevention and control of soil erosion.

(2) With the consent of the owner, to construct on privately or publicly owned lands necessary works for the control of run-off and the prevention and control of soil erosion.

9001 It is hereby declared as a matter of legislative determination:

(a) That the construction and maintenance on privately or publicly owned land of works for the control of run-off and the prevention and control of soil erosion caused by the action of water or wind or otherwise is in the general public interest and for the general public benefit.

(b) That the expenditure of state, county, district or other public funds for the construction or maintenance of such control or preventive works on privately or publicly owned land constitutes expenditure for the general public benefit

Article 2 Definitions

9010 As used in this division the following terms have the meanings attributed to them in this article, unless the context otherwise requires.

9011 "Commission" means the State Soil Conservation Commission.

9012 "District" means a soil conservation district

9013. "Public district" means a district established under the law of this State, other than a soil conservation district.

9014 "Directors" means the board of directors of a district, and when powers are conferred or duties are imposed upon directors in this division the powers shall be exercised and the duties performed by the directors acting as a body and not as individuals

9015 "Board" means the county board of supervisors

9016 "Principal county" means the county of which the board of supervisors has jurisdiction over the proceedings on organization of a district, and is the county in which the land described in the petition for organization of a district is situated, or, if the land is in more than one county, the county in which the greatest portion of the area of the land described in the petition is situated The principal county remains the same regardless of any change in boundaries.

9017. "Landowner" or "owner of land" means the person having legal title to the land in question. The person to whom the land is assessed for county taxes is presumed to be the owner of the land, in the absence of a showing to the contrary. The owner of an undivided interest in land is a landowner as to such proportion of the parcel as his interest bears to the whole

9018. "Land occupant" or "occupant of land" means a person in possession of land within a district whether as owner, lessee, tenant, or otherwise. A person legally entitled to possession of land is a land occupant as to that land whether in actual possession or not. A person in actual possession of land is a land occupant regardless of his right of possession.

9019. "Elector" means a registered and qualified elector of the county who resides in the district.

9020. "Voter" means a person entitled to vote at an election held pursuant to this division.

9021. "Proxy" means a written authorization to vote or sign a petition. Landowners only may vote or sign petitions under this division by proxy. The proxy of an individual landowner shall be acknowledged by him The proxy of a corporation shall contain a statement by the secretary or manager of the corporation that the proxy was authorized by the corporation A corporation owning land may vote or sign a petition only by proxy.

9023. "Person" includes person, association, or corporation.

9024. "Assessment roll" means the entire assessment roll upon the basis of which real property is taxed for county purposes

9025. "Assessment records" includes the assessment roll and all maps and other records relating to the assessment, levy, and collection of taxes, whether in the custody of the assessor or not.

9026. "Assessor" means the assessing officer of a county, by whatever title he may be known.

CHAPTER 2 THE STATE SOIL CONSERVATION COMMISSION

Article 1 Organization

9030. There is in the Department of Natural Resources the State Soil Conservation Commission. It shall consist of five members. The State Engineer, the Director of Agriculture Extension of the University of California, serving ex officio, and three members who shall be appointed by the Governor, subject to the confirmation of the Senate, and shall be appointed for a term of four years. The commission shall be responsible to the Director of Natural Resources for the proper carrying out of its functions under this division

9031. The other three members to be appointed shall be directors and in making such appointments, the Governor shall provide for equal representation from the northern, central and southern portions of the State.

9032. Within 30 days after his appointment the appointed member shall take and file his oath of office as member of the commission.

9033. The members of the commission shall receive no compensation for their services as such members but each shall be allowed reasonable and necessary expenses incurred in attendance at meeting of the commission or when otherwise engaged in the work of the commission at its direction.

9034. Three members of the commission shall constitute a quorum for any purpose, including organization.

9035. The commission shall elect a chairman from their number who shall serve as chairman for one year and until his successor is elected.

9036. The commission shall appoint a secretary. The secretary shall be a paid employee of the commission The secretary shall be allowed his reasonable and necessary expenses incurred in the performance of his official duties as such secretary.

9037. The official headquarters of the commission shall be at Berkeley, California.

Article 2 Powers and Duties

9040. The State Soil Conservation Commission is the state agency charged with carrying out the purposes and policy of this division.

9041. The commission shall assist in the formation, organization and operation of soil conservation districts, and shall prepare a state-wide soil conservation plan, which shall include suggested future soil conservation district boundaries, including changes in present district boundaries, for each county, based on physical land and water factors, practicability and feasibility. This district boundary phase of the plan shall be prepared as soon as possible and shall be developed cooperatively with the county boundary commissions, if such exist, or if no such commissions exist, with the county board of supervisors, and when completed shall be used by the commission and boards of supervisors as a guide in considering petitions for soil conservation district organization, but shall not be held binding in determining the final boundaries of any soil conservation district

9042. It may investigate any proposed new soil conservation district or addition of land to a district and report its findings and conclusions to the proponents of such district, or to the county boundary commission or if none exists to the board of supervisors with which a petition for the formation of a district is filed.

9043. It may advise with organized soil conservation districts as to plans and proposals relating to soil conservation activities, and, when such plans or proposals are presented to it, approve, disapprove, or suggest modifications of such plans or proposals.

9044. It may cooperate with the United States, any soil conservation district, county, public district, or person in the furtherance of the purposes of this division, and to that end may receive and use contributions of funds or services or both for the investigating of, or planning works for, the control of run-off or the control or prevention of soil erosion.

9045. In so far as consistent with the duties, obligations, and responsibilities of other public agencies, the commission may promote coordination of the activities of such agencies in furtherance of the control of run-off and the prevention and control of soil erosion.

9046. The commission may employ such clerical, technical, or other assistants as it deems necessary.

Article 3. Funds and Expenditures

9050. The commission may receive contributions from the United States, public districts, soil conservation districts, counties, public agencies, or persons and may use such contributions for the purposes for which they are made.

9051. The commission is authorized on behalf of the State to accept grants from the United States for the control of run-off and the prevention or control of soil erosion and to administer such grants pursuant to the terms thereof.

9052. Any county may contribute money of the county to the commission.

9053. All money contributed to the commission shall be paid into the State Treasury to the credit of the Soil Conservation Commission Fund, which fund is hereby created. Such money shall be paid out upon the order of the chairman and secretary of the commission.

CHAPTER 3. SOIL CONSERVATION DISTRICTS

Article 1. Lands Included

9060. Any proposal for the formation of a new district, or a change in the boundaries of an existing district shall be submitted to the county boundary commission, or if none exists, to the board of supervisors of the county in which such proposal originates.

9061. In the event the proposed district boundaries differ materially from those suggested in Section 9041, the county boundary commission, or if none exists, the board of supervisors, shall request the commission to investigate the proposal, particularly with reference to the location of boundaries and the practicability and feasibility for effecting a soil and water conservation program within the provisions of this division.

9062. The commission shall make the requested investigation and report thereon as soon as practicable. The commission may coordinate such information as may be available from federal, state, and local agencies, make surveys, conduct hearings, and utilize any other means to determine the practicability and feasibility of a soil conservation district in the area.

9063. Upon submission of the commission's report, the county boundary commission, or if none exists, the board of supervisors, shall proceed with respect to time, and actions taken, as though said report were the proposal, in accordance with the procedure for county boundary commissions. Upon submission of the commission's report, the county boundary commission, or if none exists, the board of supervisors shall consider the matter and shall hold a public hearing with respect thereto if one is requested or if, in the discretion of the chairman or of a majority of the members of the county boundary commission, or if none exists, of the board of supervisors, a hearing would be in the public interest.

9064. Upon consideration of such a proposal, the county boundary commission, or if none exists, the board of supervisors, shall compare the proposed boundaries of the district with those of other districts within the county and shall ascertain the extent to which overlapping or conflicting boundaries may result from the proposal, as well as other factors that the county boundary commission, or if none exists, the board of supervisors, may regard inimical to the public interest.

9065. Within 30 days after the submission of the report of the commission on such proposal, the county boundary commission, or if none exists, the board of supervisors, shall make its report and recommendation with respect thereto. This report shall include the report of the commission and such other reports or testimony and exhibits presented, and shall be filed with the clerk of the board of supervisors, and copies furnished to the proponents and to the commission. On proposals relating to additions of land to existing districts, this report shall also be filed with the secretary of the district.

9066. Following receipt of this report, the proponents shall give consideration to the recommendations of the county boundary commission, or if none exists, the board of supervisors, modifying the proposal accordingly if they are so advised. In the event that the recommendations of the county boundary commission, or if none

exists, the board of supervisors, are not accepted, the proponents must file a statement of reasons for not doing so with the board of supervisors and furnish a copy thereof to the county boundary commission and to the commission. Thereafter, but not prior thereto, the circulation of the proposal may be made.

9067. The lands included in any one district need not be contiguous but they shall be susceptible of the same general plan or system for the control of runoff or the prevention or control of soil erosion. No lands may be included in more than one district.

9068. The lands included in any one district may be situated in one or more counties.

9069. The lands included in a district may be publicly owned or privately owned.

Article 2. Petition

9070. A petition for the organization of a district shall be presented to the board of supervisors of the county in which is situated all or the greatest portion of the land in the proposed district.

9071 The petition shall describe the boundaries of the proposed district and shall propose a name for the district. The number of directors to be elected or appointed to govern the district shall be five (5).

9072. The petition shall be signed and valid by either of the following:

(a) Not less than one hundred landowners or 51 percent if there are less than two hundred landowners in the proposed area;

(b) If 51 percent of the total landowners within the proposed district sign the petition, and the board of supervisors finds it is in the public interest and welfare to form such a district, it shall, by an order entered on its minutes, declare that to be its finding, and shall further declare and order that the territory within the boundaries fixed by the board shall be organized as a district and declared duly formed. The order shall name the district and appoint the first board of directors; said board of directors shall then proceed to organize and shall be governed by all the rest of the provisions of this act.

9073. The petition shall state the approximate number of acres calculated to be in the proposed district and the approximate number of acres for which each signer signs as owner.

9074. The petition may be comprised of sections which shall be identical except as to signatures and acreages. Each paper in the petition which bears signatures shall have attached thereto an affidavit of a qualified elector that he saw written the signatures thereon and each was written by the person whose signature it purports to be.

9075. The proxies shall accompany the petition or appropriate section thereof.

9076. If a signer is other than the person to whom the land for which he purports to sign is assessed according to the assessment records of the county in which the land is situated, the petition or appropriate section shall be accompanied by a statement of the signer as to the source of his title

9077. The petition shall be presented to the clerk of the board of supervisors of the principal county.

9078. The clerk shall submit the petition and any accompanying papers to the assessor for examination. If the proposed district lies in more than one county the clerk shall submit appropriate sections to the assessors of the several counties, or submit the entire petition to the several assessors successively

9079. Upon receipt of the petition and any accompanying papers each assessor shall compare the names signed thereto with the names of landowners in the district according to the assessment records and evidence of title available to him.

9080. The assessor shall certify to the clerk of the principal county all of the following:

(a) The total acreage of the proposed district situated in his county.

(b) The total number of persons who are owners of lands in the proposed district and in his county according to the assessment records and to evidence of title available to him.

(c) The total number of acres in the proposed district in his county owned by the United States, this State, any public district, or any city or county

(d) The number of persons the names of whom are signed to the petition who are owners of land in the district and in his county

9081. Upon the completion of certification by the assessor or assessors the clerk shall present the petition to the board of supervisors of the principal county at its next regular meeting or at any special meeting called prior thereto.

9082. The board shall consider and pass upon the sufficiency of the petition. In considering the sufficiency of the petition the board shall establish the finding of fact that the petition is signed by the required number of landowners, and that the boundary as described in the petition conforms with the recommendations of the county boundary commission, or if none exists, the board of supervisors.

9083. If the boundary as described in the petition does not conform with the recommendations of the county boundary commission, or if none exists, the board of supervisors, the board shall defer action on the petition and request reconsideration

of the proposal by the county boundary commission, or if none exists, the board of supervisors, and report at its next regular meeting.

9084. If said report is not favorable to the formation of the district as described in the petition, the board shall deny the petition.

9085. No new proceeding for the formation of a soil conservation district shall be commenced within one year from the date of dismissal if any portion of the same land is included in the proposed district, unless the commission recommends that such subsequent proceeding be permitted

Article 3. Hearing

9100. If the petition is found to be sufficient, the board shall set a time and place for a public hearing on the petition.

9101. Notice of the time and place of hearing shall be given by publication in a newspaper of general circulation published in each of the counties in which some part of the proposed district is situated. The cost of publication of the notice shall be paid by the principal county and is a county charge.

9102. The published notice shall state that the petition has been received and will be heard at the time and place specified in the notice or at such time and place to which the hearing may be adjourned. The published notice shall set forth the petition in full with accompanying signatures; or it shall describe the petition and the location of the proposed district in general terms and refer to the petition on file with the clerk of the board for further particulars.

9103. The notice of the hearing shall be published at least once a week for two successive weeks in a newspaper of general circulation in the principal county and also in some newspaper of general circulation in each county in which a part of the proposed district lies.

9104. Following this hearing the board will make such final adjustments between district boundaries and changes in district names as are considered to be in the public's interest. As to those districts which include areas in adjoining counties, the final determination of boundaries shall be made by the board of the principal county upon agreement with the board of any such other county.

9105. At the hearing the board shall hear and consider all relevant testimony and evidence in support of or in opposition to the petition. The hearing may be adjourned from time to time and from place to place.

9106. Any owner of land may appear and object to the inclusion of his land in the proposed district.

9107. Any owner of land may appear and request the inclusion of his land in the proposed district.

9108. If, after hearing, the board finds from all the evidence that the formation of the district would not be in the public interest it shall deny the petition.

9109 If, after hearing, the board finds that the formation of the district would be in furtherance of soil conservation and in the public interest the board shall determine the boundaries of the district and grant the petition.

9110. In fixing the boundaries the board shall include all land not within the boundaries set forth in the petition the inclusion of which has been requested by the owner if the inclusion will, in the opinion of the board, be beneficial to the land so included.

9111. The board shall exclude from the boundaries of the district such lands as the owner thereof has requested to be excluded if the inclusion of such land in the district would not, in the opinion of the board, be beneficial to such land.

9112. In its final determination of the boundaries the board shall not include within the district any land which, in the opinion of the board, will not be benefited by such inclusion.

9113. The determination of the boundaries of a district by the board shall be final.

9114. After the boundaries are established and the petition granted, the board shall make and enter an order to that effect, which shall describe the boundaries, designate a name for the district.

Article 5. Election on Formation and of First Directors

9120. Upon the making of an order granting a petition for formation and establishing the boundaries of a district the board shall forthwith call an election in the district upon the question of formation of the district and for the election of the first board of directors of the district, excepting those districts formed under Article 2, Section 9072, subsection (b) of this act

9121. Directors shall be elected at large and each shall be an owner of land in the district.

9122. Candidates for office of director shall be nominated at least 10 days prior to the date of election.

9123 Nomination of candidates shall be in writing and signed by at least five qualified electors residing within the district. Nominations shall be filed with the clerk of the board of supervisors of the principal county.

9124. Notice of election shall be given at least 15 days prior to the election.

9125. The notice shall describe the boundaries of the district as established by the board; designate the name of the proposed district; and specify the number of directors.

9126. Notice of election shall be published in a newspaper of general circulation published in the principal county and, if a portion of the district lies in any other county, also in a newspaper of general circulation published in such other county. The cost of publication of the notice in the principal county shall be paid by the principal county and shall be a county charge. The cost of publication of notice in any other county shall be paid by such other county and shall be a county charge.

9127 If the notice is published in a weekly newspaper it shall appear on at least three different days prior to the day of election, and the first publication shall be at least 15 days prior to the election.

9128. If the notice is published in a newspaper published more often than once a week it shall appear on three different days prior to the election, the first publication shall be at least 15 days prior to the election, and there shall be at least five days between the days of publication. In computing the five-day period both the first and last days shall be included.

9129. The board shall establish a convenient number of precincts, define their boundaries, and designate a polling place in each.

9130. The county clerk of any county in which an election under this division is to be held, may provide separate ballots for such election. The separate ballots shall be sufficient if they conform to the requirements of this division and they need not conform to the provisions of the Elections Code relating to the form of ballots.

Election officers shall be appointed, ballots and supplies provided, and the election conducted as prescribed by the provisions of this division relating to general soil conservation district elections, except that the board of supervisors shall act in place of the directors and the clerk of the board in place of the secretary of the directors.

9131 Except as otherwise provided, the general election laws shall apply to elections under this article.

9132. No irregularity or informality shall invalidate any election under this article or the result thereof if notice has been given substantially as provided in this article and the election is fairly conducted.

9133. On the ballots at such election shall be printed a proposition substantially as follows: "Shall the proposed _____ Soil Conservation District be organized?" followed by the words "Yes" and "No," with voting space thereafter, together with the names of the candidates for directors.

9134. The names of candidates for director shall be arranged alphabetically with a voting square after each. Above the names of the candidates shall appear the words "Vote for _____ (inserting the proper number)." Blank spaces shall be provided below the printed names of candidates wherein electors may write in names of persons whose names are not printed on the ballot and vote for them for directors.

9135. Any qualified elector residing in the district may vote at an election under this article.

9136. The board of supervisors of each county in which a part of the district is situated shall meet on the second Monday following the election and canvass the votes. The results of the canvass of the votes of each county shall be certified to the board of the principal county.

9137 If upon the canvass it appears that a majority of all of the votes cast are in favor of the formation of the district, the board shall, by an order entered in its minutes, declare the territory duly organized as a soil conservation district under the name designated. The organization of the district is complete when the order is entered on the minutes of the board.

9138 If it appears that the majority of all of the votes cast are against the formation of the district the board shall declare the election lost.

9139. If the majority is in favor of the formation of the district the board shall canvass the returns of the election for directors. The board shall determine the persons receiving the highest number of votes to the number required to fill the offices. A tie vote upon which election depends shall be decided by lot. Upon the ascertainment of the persons elected the board shall, by an order entered in its minutes, declare them duly elected. Certificates of election shall be issued to the elected directors by the clerk of the board.

9140 An election under this article may be contested by any landowner in the proposed district.

9141. Such contest shall be brought within twenty days after the canvass of the vote and declaration of the result by the board of supervisors.

9142. The directors elected at the election shall be the parties defendant in the contest.

9143. The contest shall be brought in the superior court in the principal county and if more than one contest as to the same election is pending they shall be consolidated and tried together.

9144. The court shall speedily try the contest and determine whether the election was fairly conducted and in substantial compliance with the requirements of this division and shall enter judgment accordingly.

9145. Either party may appeal from such judgment and such appeal shall be given the same preference as other contested election cases in the Supreme Court and in the district court of appeal when transferred thereto.

Article 6. Proceedings Supplemental to Organization

9150. The board of supervisors of the principal county shall, within 10 days after the entry of an order declaring a district organized, cause a certified copy of the order to be filed for record in the office of the county recorder of each county in which any portion of the district is situated.

9151. The board shall also forward certified copies of said order to the State Soil Conservation Commission, the Secretary of State, and the clerk of the board of supervisors of each county, other than the principal county, in which any portion of the district is situated.

9152. No board of supervisors of any county in which any part of the lands embraced within a district is situated shall allow another soil conservation district to be formed which includes any portion of the lands within an existing district.

Article 7. District Directors

9160. The directors first elected shall take office immediately upon qualifying.

9161. Each director shall take the oath of office.

9164. After all have qualified the directors first elected shall meet and classify themselves by lot into two classes as nearly equal in number as possible. The term of office of those in the class having the least number shall expire at noon on the first Tuesday in March of the next odd-numbered year after the year in which the meeting is held. The term of office of those in the other class shall expire at noon on the first Tuesday in March of the second odd-numbered year after the year in which the meeting is held.

9165. After such classification the directors shall organize and elect a president from their number who shall serve as such at the pleasure of the directors.

9166. The directors shall appoint a secretary who shall serve at the pleasure of, and whose compensation shall be fixed by, the directors.

9167. The president and secretary shall each give a bond in the sum of two thousand dollars ($2,000) for the faithful performance of his duties.

9167.5. The bonds shall be recorded in the office of the county recorder of the principal county and filed with the county clerk of that county.

9167.6. The bonds shall be in the form prescribed for bonds of county officers and the premiums on the bonds shall be paid by the district.

9168. The directors shall select a date, time, and place at which regular monthly meetings of the directors shall be held.

9169. The directors may, by resolution, change the time or place of regular meeting but no such change shall be effective until after the publication of a notice of the change in a newspaper of general circulation published in the principal county and also in some newspaper of general circulation published in each other county in which any portion of the district lies.

9170. Special meetings of the directors may be held as required when ordered by a majority of the directors. The order shall be entered in the records of the district and five days notice of the meeting shall be given by mail by the secretary to each director not joining in the order.

9171. The order for a special meeting shall specify the business to be transacted. No other business shall be transacted at a special meeting unless all of the directors are present, in which case matters not specified may be considered by unanimous consent and acted upon.

9172. A majority of the directors shall constitute a quorum but on all questions requiring a vote there shall be a concurrence of at least the number constituting a quorum, except that a number less than a quorum may adjourn or adjourn to a stated time.

9173. All meetings of the directors shall be open to the public. All records of the district shall be open to public inspection during business hours.

9174. The term of office of directors, except those first elected shall be four years The expiration of the term of any director shall not constitute a vacancy and he shall hold office until his successor has qualified.

9175. In case of a vacancy in the office of director it shall be filled by appointment for the unexpired term by the board of supervisors of the principal county.

Article 8. General District Elections

9200. An election to be known as the general soil conservation district election shall be held in each district on the second Tuesday after the first Monday in February in each odd-numbered year, at which a successor shall be chosen for each director whose term of office expires in March thereafter.

9201. Not less than thirty days prior to the election, any five or more electors in the district may file with the board of supervisors of the county in which is situated all or the greatest portion of the land in the district a petition requesting that the names of ceram persons specified in the petition be placed upon the ballot as candidates for the office of director. Each person nominated shall be an owner of land within the district.

9202. Any candidate nominated for director may withdraw his name within five days after nominations officially close. When a candidate withdraws his name within the time specified above, his name shall not be printed on the ballot.

9203. The election shall be conducted by the board of supervisors and county clerk of the county in which is situated all or the greatest portion of the land in the district, the votes cast, and returns made to such board as nearly as practicable in conformity with the general election laws of this State, including but not limited to those relating to local elections, except that the register used may be that prepared for any other election, and except as otherwise provided.

9203.5. If on the twentieth day prior to the day fixed for the general soil conservation district election it appears that one person but not more than one, has been nominated for each of the positions of director, which are to be filled at that election and a petition, signed by 5 percent of the qualified electors in the district requesting that the general soil conservation district election in the district be held, has not been presented to the board of directors of the district, an election shall not be held, but the board of supervisors of the county in which the district is situated, or the board of supervisors of the principal county at a regular, adjourned, or special meeting held prior to the day fixed for said election shall appoint to the said position those persons who have been nominated for such positions. The said persons shall qualify and take office and serve exactly as if elected at a general soil conservation district election.

In such instances a notice that no election is to be held but that the board of supervisors will appoint those nominated for the said positions of director, shall be published at least 10 days prior to the date upon which said election would have been held.

9205. The board of supervisors of the county in which is situated all or the greatest portion of the land in the district shall canvass the returns of the election.

9206. Such board of supervisors shall provide for the appointment of precinct boards and the formation of precincts for such elections, and shall pay the expenses of the election. Such county clerk shall furnish each precinct board with a map showing the boundaries of the district.

9211. Any qualified elector residing in the district may vote at an election under this article.

9216. The county clerk of the county in which is situated all or the greatest portion of the land in the district as soon as the result is declared shall certify to the district for its records a statement of the result which shall show (a) the whole number of votes cast in the district, (b) the names of the candidates voted for, (c) the number of votes given in each precinct for each candidate.

9218. Such county clerk shall immediately make out, sign, and deliver to each person elected a certificate of election.

9219. The election of any director may be contested on the grounds and in the manner provided by the Elections Code for contests at general elections.

9220. The directors elected shall qualify within 20 days after receiving their certificates of election by taking the oath. The president and the secretary of the board shall file an official bond in the sum of two thousand dollars ($2,000) approved by a judge of the superior court of the principal county. The premiums on such bonds shall be paid by the district.

9221. The directors so elected and qualified shall take office at noon on the first Tuesday in March next following their election.

The term of office of all directors in districts in existence on the effective date of the amendment to this section in 1945 shall expire at noon on the first Tuesday in March in 1947. Directors elected at the February election in 1947 shall at their first meeting classify themselves by lot into two classes as nearly equal in number as possible. The terms of office of those in the class having the least number shall expire at noon on the first Tuesday in March in the next odd-numbered year after the year in which the meeting is held. The term of office of those in the other class shall expire at noon on the first Tuesday in March of the second odd-numbered year after the year in which the meeting is held.

Article 9. General Powers of District

9250. The board of directors of a district shall manage and conduct the business and affairs of the district.

9251. The directors may execute all necessary contracts. They may employ such agents, officers, and employees as may be necessary, prescribe their duties, and fix their compensation.

9252. The directors may acquire by purchase, lease, contract, or other legal means all lands and property necessary to carry out the plans and works of the district.

9253. The directors may take conveyances, leases, contracts, or other assurances for all property acquired by the district, in the name, and for the uses and purposes, of the district.

9254. The directors may sue and be sued in the name of the district and may appear in person or by counsel.

9256. The directors may cooperate and enter into contracts or agreements with the State, the United States, any county, any other soil conservation or other public district in this State, any person, or the commission, in furtherance of the provisions of this division, and to that end may accept and use contributions of labor, money, supplies, materials, or equipment useful for accomplishing the purposes of the district.

9257. The directors may make improvements or conduct operations on public lands, with the cooperation of the agency administering and having jurisdiction thereof, and on private lands, with the consent of the owners thereof, in furtherance of the prevention or control of soil erosion, including but not limited to terraces, ditches, levees, and dams or other structures, and the planting of trees, shrubs, grasses, or other vegetation.

9258. The directors may operate and maintain, independently or in cooperation with the United States or this State or any state agency or political subdivision or any person, any and all works constructed by the district.

9259. The directors may disseminate information relating to soil conservation, and may conduct demonstrational projects within the district on public land, with the consent of the agency administering or having jurisdiction thereof, or on private lands, with the consent of the owners thereof, independently or in cooperation with the United States, this State or any political subdivision or public district thereof, or any person.

9260. When in the judgment of the directors it is for the benefit of the district so to do, they may give assistance to private landowners or land occupants within the district in seeds, plants, materials and labor, and may loan to any such private landowner or land occupant agricultural machinery or other equipment. No such assistance shall be given or any such loans made unless the landowner or land occupant receiving such aid or assistance agrees to devote and use same on his lands within the district in furtherance of objectives of the district and in accordance with district plans or regulations. Notwithstanding the fact that he is also a director any landowner is qualified to and may receive assistance or loans under this section.

9261. The directors shall develop district-wide comprehensive plans of soil and water conservation, including the improvement of farm irrigation and land drainage within the district.

9262. The directors may take over, by purchase, lease, or otherwise, and administer any soil-conservation, erosion-control, or erosion-prevention project located within the district undertaken by the United States or any of its agencies, or by this State or any of its agencies.

9263. The directors may manage, as agent of the United States or any of its agencies, or of this State or any of its agencies, any soil-conservation, erosion-control, or erosion-prevention project within the district; and may act as agent for the United States, or any of its agencies, or for this State or any of its agencies, in connection with the acquisition, construction, operation, or administration of any soil-conservation, erosion-control, or erosion-prevention project within the district.

9264. The directors may establish standards of cropping and tillage operations and range practices on private land as a condition to expenditure by the district of district or other funds, or to the doing by the district of any work of any nature, on private lands.

9264.5. The directors of any district may cooperate with the directors of any other district in respect to matters of common interest or benefit to the districts. An association of soil conservation districts may be organized to facilitate such cooperation, to provide for the loan of equipment and tools by one district to another, and for the making of investigations and studies and the carrying out of projects of joint interest to the districts participating therein.

9265. The directors shall have and may exercise such other powers as may be necessary to carry out the purposes of this division and to comply with the procedure outlined in this division.

Article 10. Property of District

9275. The legal title to all property acquired by a district under the provisions of this division shall immediately and by operation of law vest in such district, and shall be held by such district for its uses and purposes under this division.

9276. The directors are hereby authorized and empowered to hold, use, acquire, manage, occupy and possess property of any kind, and may lease or sell it as provided in this article.

9277. The directors may determine by resolution entered upon their minutes that any property, real or personal, held by such district is no longer necessary to be retained for the uses and purposes of the district, and may thereafter sell or lease such property.

9278. A sale or conveyance of any property held by a soil conservation district, executed by the president and secretary thereof, in accordance with a resolution of the directors of the district, when the property is sold for a valuable consideration, shall convey good title to the property so conveyed.

9279. The proceeds of any such sale shall be paid into the county treasury of the principal county for the use of the district.

Article 11. Inclusion of Lands

9290. A majority of landowners of any tract of land, who own more than one-half of the total acreage of the tract, may petition the directors requesting the inclusion of the tract in the district.

9290.1. In computing the percentage of acreage, land of the United States, this State, any public district, or any city or county shall be excluded.

9290 2. Any state of federal officer, agency, or other instrumentality in charge of any public land, if authorized to do so, may petition or request the directors to include such land within the district.

9291. The petition shall describe the boundaries of the tract proposed to be included.

9292. The directors shall consider and pass upon the sufficiency of the petition. If the directors find that the petition is signed by the requisite number of landowners, they shall approve the petition and make an order to that effect The directors shall forward certified copies of the petition and of the order to the commission

9293. The commission shall report on the petition for inclusion in the manner provided for a report on a petition for organization of a district, except said report shall be to the directors

9294. The board of directors shall dismiss the petition if the report of the commission is not favorable.

9295. Upon the making of an order approving the petition, the directors shall fix a time and place of hearing on the petition and shall cause notice of the hearing to be published in the manner and for the time provided for publication of notice of hearing on formation of the district.

9296. The notice shall state the purpose of the petition, the time and place of hearing, and describe the boundaries of the tract or tracts proposed to be included in the district. The notice shall state that the report of the commission is favorable and shall notify all interested persons to appear at the hearing and state their objections.

9297. The time of hearing shall be the time of the next regular meeting of the directors following the expiration of the time required for publication of the notice. The place of hearing shall be the place of regular meeting of the directors

9298. The directors shall hear the petition and objections thereto at the time and place specified or at such other time or place to which the directors may adjourn the hearing.

9299 Any person may appear and ask that his lands be excluded from the proposed addition to the district Any person may appear and ask that his lands be included if those lands be outside of but within the general area of the proposed addition to the district

9300. The directors may grant such exclusions and additions to the proposed district as are warranted without jeopardizing a sound soil and water conservation program

9304. If the petition is granted the directors shall make and enter in their minutes an order changing the boundaries of the district A copy of the order shall be filed with the county recorder of each county in which any portion of the district is situated and certified copies of the order shall be transmitted to the commission and to the Secretary of State.

9305 From and after the entry of the order in the minutes of the directors the district with its new boundaries constitutes the district for all purposes.

9306. In addition to the authority granted in Section 9290 to request the inclusion of a tract in the district, 25 percent of the landowners of any tract of land, who own 50 percent or more of the total acreage of the tract, may petition the board of supervisors of the principal county requesting the inclusion of the tract in the district The petition shall describe the boundaries of the tract proposed to be included

9307. The provisions of Sections 9292 to 9298, inclusive, shall apply whenever a petition is presented pursuant to Section 9306 except that the board of supervisors shall act in the place of the directors.

9308 If the board of supervisors determines that the inclusion of the lands sought to be included is for the best interest of the district and will be of benefit to the lands included, the board shall approve the petition and transmit it and a copy of the resolution of approval to the directors.

9309. Upon receipt of the approved petition from the board, the directors shall call a special election in the area proposed to be included on the question of inclusion. The provisions of Sections 9301 to 9305, inclusive, shall apply to the special election and subsequent action on the petition.

Article 12 Dissolution

9310 A district may be dissolved by the board of supervisors of the principal county as provided in this article

9311 A petition requesting dissolution of a district and signed by not less than one hundred landowners of the district, or 51 percent if there are less than two hundred landowners in the district, may be presented to the board

9312 The board shall determine the sufficiency of the petition and may refer it for certification to the assessor or assessors, who shall certify it in the manner provided for in proceedings on organization

9313 If the board determines that the petition is insufficient it shall deny it Otherwise it shall fix a time and place for hearing on the petition.

9314 If the petition is found sufficient, the board shall cause to be published a notice of the time and place of hearing on the petition The time of hearing shall be the time of the next regular meeting of the board after the completion of publication of the notice and the date shall be specified in the notice.

9315. The notice shall be published at least once a week for two successive weeks in a newspaper of general circulation published in the principal county and also in some newspaper of general circulation published in each other county in which any part of the district lies.

9316 The board shall transmit to the commission a notice of the receipt of the petition and a copy of the notice of hearing on the petition The commission shall advise the board as to the judgment of the commission regarding the proposed dissolution

9317. At the hearing the board shall hear and consider all evidence and testimony in favor of or in opposition to dissolution, and shall consider the advise of the commission

9318 If the board denies the petition its action is final

9319. If the board does not deny the petition it shall cause an election to be held in the district on the question of dissolution. The election shall be noticed, conducted, and the results determined in the manner provided for elections on formation of districts, except that the ballot shall contain the propositions "For dissolution of district" and "Against dissolution of district" or words equivalent thereto.

9320 Any qualified elector residing in the district may vote at an election under this article.

9321. If at the election less than 51 percent of the votes cast are in favor of dissolution the board shall declare the election lost and enter an order to that effect and denying the petition

9322. If at the election 51 percent or more of the votes cast are in favor of dissolution the board shall make and enter an order declaring the district dissolved and thereupon the district is dissolved

9323. The board of supervisors of the principal county shall wind up the affairs of a dissolved district and may do anything necessary to accomplish that purpose.

9324 If, upon dissolution, there are any outstanding obligations of the district the board of supervisors of the principal county shall determine the amount of the assessments required to be levied to pay such outstanding obligations. The boards of supervisors of each county in which any part of the district lies shall levy assessments sufficient to pay the outstanding obligations

9325 Upon the completion of the winding up of the affairs of a district the real property of a district shall become the property of the county in which it is situated. The personal property belonging to the district shall be sold by the board of supervisors of the principal county and the proceeds of such sale and any other money of the district remaining after the payment of all of the obligations of the district shall be paid to the general funds of each of the counties in which any part of the district lies in the proportion which the assessed value of the land in the county bears to the total assessed value of all of the land within the district as determined by the assessment rolls

CHAPTER 4. DISTRICT FINANCE

Article 1. Regular Assessments

9350 The directors, on or before the fifteenth day of August of each year, shall furnish the auditor and the board of supervisors an estimate in writing of the amount of money to be raised by assessment which is needed for the purposes of the district for the next ensuing fiscal year.

9351 If the district lies in more than one county the directors shall divide the amount of the estimate in the proportion to the value of the land in the district lying in each county. The value shall be determined from the last assessment rolls of the counties. The directors shall furnish the auditors and boards of supervisors of each of the respective counties a statement of the part of the estimate apportioned to the county

9352 The total amount of the estimate shall be sufficient to raise the amount of money necessary during the ensuing year to pay the incidental expenses of the district, the costs of the work which the directors may deem advisable to be done during the ensuing year, the estimated costs of repairs to and maintenance of the property and works of the district, and the estimated expenses of any action or proceeding to which the district is or may be a party, including the cost of employing engineers and attorneys

9353 Assessments levied pursuant to this article shall be known as regular assessments.

9354. The regular assessment in any one year shall not exceed two cents ($0.02) on each one hundred dollars ($100) of assessed valuation of the land, exclusive of improvements and mineral rights, within the district The valuation shall be determined according to the last assessment roll, reduced proportionately when mineral rights are involved

9355 The board of supervisors of each county in which there lies any portion of the district shall, annually, at the time of levying county taxes, levy an assessment on the land exclusive of improvements, within the county and within the district to be known as the "_____ (name of district) soil conservation district assessment," sufficient to raise the amount reported to them in the estimate of the directors.

9356. The board shall determine the rate of assessment by deducting 15 percent for anticipated delinquencies from the total assessed value of the land in the district

and in the county and then dividing the sum required to be raised by the remainder of the total assessed value. If a fraction of a cent occurs in a valuation of one hundred dollars ($100) it shall be taken as a full cent.

9357. If the board fails to levy the assessment the auditor of the county shall do so, providing the directors have requested the assessment.

9358. The assessment shall be computed and entered on the assessment roll by the auditor.

9359. The provisions of law relating to the levy and collection of county taxes and the duties of county officers with respect thereto, in so far as they are applicable and not in conflict with this chapter, are hereby adopted and made part of this chapter. Said officers are liable on their several official bonds for the faithful discharge of their duties under this chapter.

9360. The treasurers of each of the counties, other than the principal county, shall, not less than twice a year or upon order of the directors, settle with the directors and pay to the treasurer of the principal county all money belonging to the district and in their possession.

9361. If during the current fiscal year the directors are not, by reason of the fact that no assessment has been levied, collecting a regular assessment levied during the year immediately preceding, then notwithstanding other provisions of this code, the board of supervisors in each county in which a soil conservation district, or a portion thereof is located shall, upon a showing by the directors that funds are needed for the purposes of the district for the current year, appropriate money from the general fund of the county for the use of said district in an amount equal, during any one year, to the amount which said district could have raised by assessment, as limited by this code, in said current year, or so much thereof as may be required. This provision shall not be deemed to prohibit the board of supervisors from appropriating to such districts sums in excess of these amounts.

Article 3. District Fiscal Procedure

9400. The treasury of the principal county is the depository of all of the funds of the district.

9401. The treasurer of the principal county shall receive and receipt for all money of the district and place the same to the credit of the district. He is responsible on his official bond for the safekeeping and disbursement, in the manner provided in this article, of the money of the district held by him.

9402. The treasurer shall pay out money of the district only upon warrants of the county auditor, drawn upon order of the board of directors signed by the president and attested by the secretary.

9403. The treasurer shall report in writing at each regular meeting of the directors and as often at other times as the directors may request the amount of money on hand, and the receipts and disbursements since his last report. The report shall be verified and filed with the secretary.

9404. The directors or other officers or employees of a district shall have no power to incur any indebtedness or liability in excess of the amount of money available under the provisions of this division. Any debt or liability incurred in excess of the express provisions of this division is void.

9405. The directors at their regular monthly meeting in January of each year shall make and file with the secretary a verified statement of the financial condition of the district showing particularly the receipts and disbursements of the preceding calendar year together with the source of the receipts and the purposes of the disbursements.

9406. The annual financial statement shall be posted or published as the directors may determine. Such posting or publication shall be commenced within ten days after the financial statement is filed with the secretary. If it is posted it shall be posted at the place of regular meeting of the directors and copies thereof shall be made available for delivery to any landowner in the district upon his request to the secretary. If the statement is published, it shall be published at least once a week for two successive weeks in a newspaper of general circulation in the principal county and also in some newspaper of general circulation published in each other county in which any part of the district lies.

CHAPTER 6. CONSOLIDATION OF DISTRICTS

9500. Any two or more contiguous districts, or districts situate within the same geophysical area, organized under this division may consolidate in the manner prescribed in Chapter 1, Division 4 of the "District Organization Act" of the State of California.

CHAPTER 7. CHANGING NAME OF DISTRICT

Article 1

9600. A district may change its name by action of the board of supervisors of the principal county as provided by this article.

9601. Whenever in the judgment of the board of directors it is for the best interest of a district that its name be changed to a stated name, it may pass a resolution reciting such fact.

9602. A copy of the resolution shall be forwarded to the board of supervisors of the principal county with the request that the name of the district be changed to the stated name.

9603. The board of supervisors of the principal county shall consider this request at their next regular meeting and may grant or deny the request. Their action shall be officially recorded in their minutes.

9604. If the action of the board of supervisors on this request is negative, they shall forward a copy of the resolution to the board of directors initiating the request.

9605. If the action of the board of supervisors on this request is favorable, they shall cause certified copies of the resolution to be forwarded to the board of directors initiating the request, the boards of supervisors of all the other counties in which any portion of the district lies, the State Soil Conservation Commission, and the Secretary of State.

9606. On acknowledgment of the change of name by the Secretary of State, the name of the district shall be considered changed."

Request for Unanimous Consent That Amendments Be Corrected

On page 21 of the printed bill, between lines 40 and 41, insert

"If the maturity of the indebtedness created by the issue of bonds be made to begin more than one (1) year after the date of the issuance of such bonds, such tax shall be levied and collected at the time and in the manner each year sufficient to pay the interest on such indebtedness as it falls due and to constitute a sinking fund for the payment of the principal thereof on or before maturity"

Amendment No. 63

On page 23 of the printed bill, between lines 13 and 14, insert

"The aggregate of indebtedness incurred pursuant to the provisions of this act authorizing the issuance of bonds, the levying of special assessments and the execution of contracts, shall not exceed a sum equal to: (1) That amount which can be repaid and liquidated as to both principal and interest in not to exceed fifty (50) years by an annual tax at the rate of fifteen cents ($0.15) on each one hundred dollars ($100) of the assessed valuation of all property within the member units taxable for authority purposes, measured by the assessment roll last equalized prior to the incurring of such indebtedness, plus (2) the amount of all capital obligations underwritten by member units of the authority."

Amendment No. 64

On page 23 of the printed bill, strike out line 19, and insert

"SEC. 52. The authority shall have power to negotiate with, and, upon securing the written approval and consent evidenced by ordinance or resolution duly and regularly adopted, or upon vote of the electors, of each and all of the member units, the authority shall have power to cooperate"

Amendment No. 65

On page 24 of the printed bill, strike out line 34, and insert "Sections 25, 26, 27, 28 and 52 hereof."

Amendment No. 66

On page 24 of the printed bill, strike out line 47, and insert

"SEC. 55. The authority shall have power to negotiate with, and, upon securing the written approval and consent evidenced by ordinance or resolution duly and regularly adopted, or upon vote of the electors, of each and all of the member units, the authority shall have the power to cooperate.".

Amendment No. 67

On page 25 of the printed bill, at the end of line 18, insert "extent and".

Amendment No. 68

On page 25, line 28, of the printed bill, after the period, insert "The establishment of the authority or anything in this act contained shall not affect, restrict nor supersede the existence, property, right or power of any municipality, public district, public agency or any corporation now or hereafter established for the purpose or purposes in whole or part of flood control or for the purpose or purposes in whole or part of reclamation, conservation, storage, distribution, sale, use or development of water. The Legislature because of conditions special to the county hereby expressly declares its intent to permit the existence of more than one district or municipality having similar powers over similar territory in regard to flood control, reclamation, water conservation, storage, distribution, sale, use and development."

Amendment No. 69

On page 26 of the printed bill, strike out lines 19 to 51, inclusive.

Amendments read, and adopted.

Bill ordered reprinted, engrossed, and to be re-referred to the Committee on Conservation, Planning, and Public Works.

REQUEST FOR UNANIMOUS CONSENT TO EXPUNGE RECORD, AND RESCIND ACTION ON AMENDMENTS TO ASSEMBLY BILL NO. 2110

Mr. Sherwin asked for, and was granted, unanimous consent to expunge the record, and rescind the action whereby the Assembly, on Wednesday, April 20th, adopted, on second reading, the amendments offered by the Committee on Judiciary to Assembly Bill No. 2110

FURTHER CONSIDERATION OF ASSEMBLY BILL NO. 2110

Assembly Bill No. 2110—An act to amend Sections 8, 13, and 19 of an act entitled "An act authorizing the establishment of municipal courts, prescribing their constitution, regulation, government, procedure and jurisdiction, and providing for the election and appointment of the judges, clerks, and other attaches of such courts, their terms of office, qualification and compensation and for the selection of jurors therein," approved May 23, 1925, as amended, relating to the establishment of municipal courts in cities of the second class.

Bill read second time.

Consideration of Committee Amendments

The following amendments were proposed by the Committee on Judiciary:

Amendment No. 1

In line 1 of the title of the printed bill, strike out "8, 13 and 19 of", and insert "8 and 23 of, and to add Sections 8.1, 8.2, 8.3, and 8.4 to,".

Amendment No. 2

On page 1 of said bill, between lines 5 and 6, insert

"There shall be seven judges, each of whom shall receive such compensation per annum, payable in equal monthly installments, as now or hereafter prescribed by law for municipal court judges in a city or city and county of the first class.

SEC. 2. Section 8.1 is added to the act cited in the title hereof, to read:

Sec. 8.1. The judges of the municipal court in a city of the second class shall appoint one clerk who shall act as secretary to the judges of said court and who shall receive a monthly salary of five hundred dollars ($500). Such clerk, when directed by the court, shall also act as jury commissioner.

(a) The clerk of the municipal court in a city of the second class shall appoint the following deputies and attaches who shall each receive as monthly compensation the sum set opposite the title of their respective offices or positions.

CRIMINAL DEPARTMENTS

Four deputy clerks, each four hundred dollars ($400);
Three assistant clerks, each three hundred five dollars ($305);
Four assistant clerks, each two hundred seventy-five dollars ($275);
One typist clerk, one hundred eighty dollars ($180).

OFFICE OF BAILS AND FINES

One senior clerk, three hundred fifteen dollars ($315);
Two clerks, each two hundred forty-five dollars ($245);
One clerk, two hundred fifteen dollars ($215);
One bail office teller, two hundred seventy-five dollars ($275);
Five bail office tellers, each two hundred sixty-five dollars ($265);
One bail office teller, two hundred forty-five dollars ($245);
One typist clerk, two hundred thirty dollars ($230);
Six typist clerks, each one hundred ninety dollars ($190);
One typist clerk, one hundred eighty dollars ($180)

CIVIL DEPARTMENTS

Two senior clerks, each of whom shall receive a minimum salary of two hundred ninety-one dollars ($291) monthly, with annual increments of seventeen dollars ($17), sixteen dollars ($16), seventeen dollars ($17), and nineteen dollars ($19), to a maximum of three hundred sixty dollars ($360) monthly;

Five clerks, each of whom shall receive a minimum salary of two hundred sixty-one dollars ($261) monthly, with annual increments of fifteen dollars ($15), fifteen dollars ($15), seventeen dollars ($17), and sixteen dollars ($16), to a maximum of three hundred twenty-four dollars ($324) monthly;

One stenographer who shall receive a minimum salary of one hundred ninety-six dollars ($196), with annual increments of ten dollars ($10), ten dollars ($10), ten dollars ($10), and twelve dollars ($12), to a maximum of two hundred thirty-eight dollars ($238) monthly;

One junior stenographer who shall receive a minimum salary of one hundred seventy-nine dollars ($179), with annual increments of nine dollars ($9), eight dollars ($8), ten dollars ($10), and ten dollars ($10), to a maximum salary of two hundred sixteen dollars ($216) monthly.

(b) The appointing authority, which appointing authority, within the meaning of this section, is hereby defined to be the person having the power in the first instance to select the employee from an eligible list provided for that purpose, may fix the

compensation of such employee, within the limits hereinbefore set forth for the position to which appointment is made, and may thereafter grant increases in compensation within such limits upon the basis of efficiency and seniority records, all in strict conformity with existing rules and regulations of the appropriate civil service commission. The appointing authority shall further have the power to lay off and suspend any employee or employees because of lack of work requiring the service of the existing personnel of such office or department.

All persons permanently appointed in any of the aforesaid positions at the time such municipal court is established shall continue to hold the same or the substantially equivalent positions, respectively, with credit for prior service in such positions, but without further examination or appointment. They shall receive, however, the compensation provided for by this section, and shall receive in addition to the minimum rate, the annual increments commensurate with years of prior service up to the maximum rate.

Whenever a special assignment or branch of work is indicated herein for a particular deputy or position, the assignment so designated is not intended to be exclusive, but merely to designate the principal work incident to such deputy or position. However, in order to equalize the work of the office of the clerk and to render prompt and efficient service to the public, it shall be the duty of each deputy clerk or attache to perform such service as may be directed by the clerk, whether the work so directed to be done be within the scope of the special designation or not.

Except as otherwise in this act provided, persons appointed to any of the aforesaid positions upon the establishment of such municipal court shall remain members of the classified civil service systems of the city or county of which they were members immediately prior thereto, and all persons hereafter appointed to positions in the criminal departments of such court shall upon being appointed become members of the classified civil service of such city, and persons appointed to the civil departments of the court shall become members of the classified civil service of such county. Provided, that either the governing body of such city or county may by the adoption of an ordinance, and with the consent of the other governing body, expressed by an ordinance, provide for the inclusion by the city or county, as the case may be, of all such persons in its classified civil service system.

For purposes of determining vacations, leaves of absence, sick benefits, compensation for death or injuries, including benefits under workmen's compensation laws, and other benefits and privileges, such officers and attaches shall be deemed employees of the city or county to which civil service systems they respectively belong.

Any appointive officer or employee of the municipal court who becomes a candidate for election by the people to any other public office or position shall automatically forfeit such office or employment.

(c) All officers and attaches of such municipal court shall remain members of the retirement system in which they respectively were members immediately preceding the date at which the municipal court began to function. That is to say, that all officers and employees who at that time were members of the retirement system of the city in which a municipal court is established shall remain as members thereof; and all officers and attaches who were members of a retirement system established under the "County Employees Retirement Law of 1937" shall remain as members thereof. Or, at its option, the council of such city may arrange with the county in which such court is established to take the officers and attaches of said court who were members of the city retirement system into the retirement system applicable to county employees, without loss to such members of their retirement compensation, death and other benefits, and may reimburse the county for the costs thereof. Each person who after that date enters the employ of such court shall become a member of the retirement system of the county on the first day after his entrance into the service of such court.

SEC. 3. Section 8.2 is added to the act cited in the title hereof, to read:

Sec. 8.2. When a municipal court is established in a city of the second class, the sheriff of the county in which such municipal court is established may assign constables or deputy sheriffs to attend on the civil departments of such court as ex officio deputy and assistant marshals thereof, and the chief of police of the city in which such court is established may assign officers and members of the police department of such city to attend on the departments of the court acting in the exercise of criminal jurisdiction in misdemeanor cases as ex officio deputy and assistant marshals of such criminal departments. Such deputy and assistant marshals shall perform all the duties imposed and exercise all the powers conferred upon deputy and assistant marshals of the municipal court. Neither the county nor the city in such case shall be reimbursed for any cost or charge incurred in connection with assigning such officers, deputies and constables to such service with said court, or for the payment of their salaries.

SEC. 4. Section 8.3 is added to the act cited in the title hereof to read:

Sec. 8.3. All proceedings in the municipal court of a city of the second class in behalf of the people, whether for the violation of any statute of the state or ordinance of the city, shall be prosecuted by the district attorney of the county in which such city is located, through such assistants and deputies as he may appoint. Such assistants and deputies shall be known as and deemed to be city prosecutors of such city. They shall prosecute all misdemeanors committed within the city which are

within the jurisdiction of the municipal court of the city and handle all appeals therefrom They shall draw all complaints for such misdemeanors, and shall prosecute all recognizances or bail bond forfeitures and all actions for the recovery of fines, penalties, and forfeitures arising or resulting from the commission of such offences In addition, they shall perform such other duties as may be prescribed by law. All complaints drawn by such district attorney, his assistants or deputies, while acting as such city prosecutors and filed in such court, shall be deemed drawn and filed by officers or other persons employed by such city within the meaning of the Penal Code and any other applicable law. All fines and forfeitures and any other revenue collected in such court belonging to the city, except as otherwise in Section 8.4 provided, shall be paid by such county to the city as provided by law The council of such city shall have authority to enter into appropriate agreement with such county for the purpose of carrying into effect the provisions of this section

SEC. 5. Section 8.4 is added to the act cited in the title hereof, to read:

Sec. 8.4. Whenever a municipal court is established in a city of the second class, the salaries of the judges, clerks and other attaches, and the cost of all supplies, books, furniture, and suitable quarters, except as hereinafter otherwise provided, for carrying out their duties, including supplies and equipment for the preparation and maintenance of duplicate records of the court, or a division thereof, when sessions are held at more than one place within the city wherein the court is established, shall be paid by the county in which the court is situated out of its municipal court fund, if there be one, or if there be no such fund, out of the general fund

The city in which the court is established shall provide and maintain suitable quarters for such departments of the court as shall exercise criminal jurisdiction in misdemeanor cases, but not to exceed four departments in all, including heat, light and janitorial services, free of cost or charge to the county, or upon such rental, if any, as may be agreed upon with the county.

The city, in addition to furnishing quarters as hereinabove provided, shall reimburse the county monthly from such municipal court fines and forfeitures as by law would otherwise become the property of the city for the costs upon the county of paying the salaries of the judges, clerks, deputies and other attaches of such criminal departments of the court, excepting the salaries of the district attorney, or any of his assistants, deputies and clerks who shall act as city prosecutors or be employed by the district attorney in the city prosecutor's office, and shall also reimburse the county for any additional costs or charges, including rental, if any, incurred by it in maintaining and operating such criminal departments of the court in connection with the handling and disposition of misdemeanor cases involving fines and forfeitures which become the property of the city. The amount of such additional costs or charges for which the county shall be so reimbursed shall be determined annually in advance by agreement between the city and the county, acting through their governing bodies or authorized officers, in accordance with such budget as may be prepared therefor and agreed upon. In the absence of such agreement and budgetary allowances, the county shall be entitled to reimbursement in the amount of its actual costs and charges so incurred in the operation and maintenance of such criminal departments, but not to exceed in the aggregate the total amount actually expended for the previous fiscal year for such criminal departments Settlement in this connection between said city and county shall, so far as practicable, be made monthly, and the county shall be entitled to retain the amount to which it is entitled in paying the balance of such municipal court revenues to the treasurer of the city by warrants drawn upon the county auditor.

All fines, forfeitures, deposits in court, and unclaimed bail shall be disposed of as provided in Sections 1463 and 1570 of the Penal Code and Sections 770 and 771 of the Vehicle Code, so far as they are applicable, and all revenue collected in such court belonging to the city shall be paid to it by the county.

The city and county, acting through their respective governing bodies or authorized officers, shall have authority to enter into suitable agreements to carry out the foregoing and other provisions of this act.

If any portions of Sections 8 8 1, 8 2, 8 3, and 8 4 of this act shall be declared unconstitutional, it is the express intent of the Legislature that the remainder of the provisions thereof shall remain in full force and effect.

SEC. 6 Section 23 of the act cited in the title hereof is amended to read

Sec. 23. Whenever a municipal court is established for any city which lies partly within and partly without one or more judicial townships, the board of supervisors of the county within which the municipal court is established shall immediately by ordinance divide such county into judicial townships as public convenience may require. *In the event the boundaries of any such city within which a municipal court is established, wholly or partly surround another and distinct city or town, the board of supervisors in forming such judicial townships may include such other city or town in a judicial township lying without and adjacent to the city in which the municipal court is established.* Such redistricting shall not be effected in such manner as to affect the tenure of any judge or justice in the county, but such judge or justice may be required to serve in a court other than the one to which he was elected."

Amendment No. 3

On page 1 of said bill, strike out lines 6 to 18, inclusive; and strike out pages 2, 3, and 4

Amendments read, and adopted.

Bill ordered reprinted, and engrossed.

Mr. Evans asked for, and was granted, unanimous consent that he be permitted to take up Assembly Bill No 1266 on the unfinished business file, temporarily passed on file, at this time.

UNFINISHED BUSINESS
CONSIDERATION OF SENATE AMENDMENTS

Assembly Bill No. 1266—An act to add Sections 31454.5, 31676.1, 31676.2, 31676.3, 31676.4, 31676.5, and 31676.6 to, and to amend Section 31627 of, the Government Code, relating to service retirement of county employees.

The question being: Shall the Assembly concur in the following Senate amendments to Assembly Bill No. 1266?

Amendment No. 1

In line 1 of the title of the printed bill, after "Section", insert an "s" and "31454.5,".

Amendment No. 2

In line 1 of the title of said bill, strike out "to", and insert a comma and "31676 2, 31676.3, 31676 4, 31676.5, and 31676 6, to, and to amend Section 31627 of,"

Amendment No. 3

On page 1, line 1, of said bill, after "SECTION 1", insert "Section 31454.5 is added to the Government Code, to read:

31454 5 In any county subject to the provisions of Section 31676 1 the board of supervisors may make an additional appropriation sufficient to fund over a period of 30 years any deficit which may result to the system because of the adoption of Section 31676.1. The board of supervisors may make such additional appropriation whether recommended by the board or not and is not required to make such additional appropriation even if such additional appropriation is recommended by the board.

SEC. 2. Section 31627 of the Government Code is amended to read:

31627. Subject to the regulations prescribed by the board, any member *who is not subject to the provisions of Section 31676.1* may elect to make additional contributions at rates in excess of his normal contributions, for the purpose of providing additional benefits. The exercise of this privilege by a member does not require the county or district to make any additional contributions. Upon application, the board shall furnish to the member information concerning the nature and amount of additional benefits to be obtained by the additional contributions.

SEC. 3."

Amendment No. 4

On page 2, line 2, of said bill, after "Retirement", insert a comma and "but in no event shall the total retirement allowance exceed one-half of the member's final compensation".

Amendment No. 5

On page 2, between lines 31 and 32, of said bill, insert "Contributions shall not be made by members having credit for 30 years of continuous service".

Amendment No. 6

On page 2 of said bill, following line 35, insert

"SEC. 4. Section 31676.2 is added to the Government Code, to read:

31676.2. When the compensation of a member subject to the provisions of Section 31676.1 is a factor in any computation to made under this chapter, there shall be excluded from such computation, for any period of county service prior to the first day of the first month next succeeding the ninetieth day after the final adjournment of the 1949 Regular Session of the Legislature, any compensation earned since the establishment of the retirement system in such county upon which compensation the member has not paid contributions into the retirement fund because of the provisions of Sections 31383 or 31624, unless, prior to July 1, 1950 such member shall elect, by written notice filed with the board, to pay into the retirement fund, by lump-sum payment or by pay roll deductions over a period not exceeding thirty-six months and prior to effective date of his retirement, and thereafter pays into the retirement fund within the period specified, (1) such additional amount as he would have contributed as a part of his normal contributions, assuming the entire compensation earnable by him was subject to normal contributions during the entire period of his membership in the system since its establishment in such county; and (2) an amount equal to the additional interest which would have been credited to his account under such assumption. At the time of filing the notice of election, as herein provided, any such member may elect to apply toward the additional amount payable by him pursuant to such election, any additional accumulated contributions with which he is entitled to be credited.

The entire compensation of a member shall be included in any computation to be made under Section 31676.1 for any period of county service on and after the first day of the first month next succeeding the ninetieth day after the final adjournment of the 1949 Regular Session of the Legislature. If a member subject to the provisions of Section 31676.1 makes the election and payment as provided in this section, his entire compensation shall be included in any computation to be made under this chapter for the entire period of service with which he is entitled to be credited at retirement.

SEC. 5. Section 31676.3 is added to the Government Code, to read:

31676.3. A member shall receive no credit for prior service subsequent to June 30, 1921, in calculating a retirement allowance pursuant to Section 31676.1 unless, within ninety days after the effective date of this section, he files with the board his written election to pay into the retirement fund six dollars ($6) for each month of prior service subsequent to June 30, 1921, for which he claims credit, and unless he makes such payments as provided in this article.

SEC. 6. Section 31676.4 is added to the Government Code, to read:

31676.4. If a member in a system subject to the provisions of Section 31676.1 who has any accumulated additional contributions to his credit, whether made pursuant to Section 31504 or Section 31627, or both, within ninety days of the effective date of this section files a written election with the board not to come under Section 31676.1, then Sections 31676.1, 31676.2, 31676.3, 31676.5, 31676.6 and this section shall not apply to such member and he shall be entitled upon retirement to his service retirement annuity, his current service pension and his prior service pension, if any, as if this section and Sections 31676.1, 31676.2, 31676.3, 31676.5, and 31676.6 had not been added to this chapter.

STATE OF CALIFORNIA
OFFICE OF LEGISLATIVE COUNSEL
SACRAMENTO 2, CALIFORNIA, April 21, 1949

Hon. Vernon Kilpatrick
Assembly Chamber

SENATE BILL NO. 34, AS ENROLLED, RELATING TO BUDGETS OF STATE AGENCIES—No. 6173

DEAR MR. KILPATRICK: You have asked us whether Senate Bill No. 34, now before the Governor for approval, will, if enacted, jeopardize the continued receipt by this State of federal grants-in-aid for public assistance.

In our opinion the enactment of this bill will probably render the state plans for old age assistance, aid to the needy blind, and aid to needy children out of conformity with the requirements of the Federal Social Security Act, and will therefore, jeopardize the continued receipt of such grants-in-aid by this State.

The Federal Social Security Act requires that a state plan for old age assistance must, among other things, either provide for the establishment or designation of a single state agency to administer the plan, or provide for the establishment or designation of a single state agency to supervise the administration of the plan (subsection (3) of subdivision (a) of Section 2). An identical requirement is made by the federal act in respect to a state plan for aid to the blind (subsection (3) of subdivision (a) of Section 1002) and in respect to dependent children (subsection (3) of subdivision (a) of Section 402)

The State Department of Social Welfare has been designated in each instance as the single state agency to supervise every phase of the administration of the plan (Welfare and Institutions Code, Sections 103.5 and 103.6).

Senate Bill No. 34 adds to the Government Code a new Section 13326 which provides:

> "13326. Every state agency, when making requests or preparing budgets to be submitted to the Federal Government for funds, equipment, material or services, other than for highway purposes, shall, upon completion of such request or budget, first submit it to the department. The department shall have authority to approve, disapprove, modify, or amend any such request or budget before it is submitted to the proper federal authority."

Under Section 13001 of the Government Code "the department," as used in the bill refers to the Department of Finance.

This proposed section not only requires that every state agency making a request or preparing a budget to be submitted to the Federal Government for funds, etc., other than for highway purposes, shall first submit it to the Department of Finance, but also expressly authorizes the Department of Finance to approve, disapprove, modify, or amend any such request or budget before it is submitted to the proper federal authority. It appears to us that this gives the Department of Finance the final power to determine the request or budget which is to be submitted to the proper federal authority and thus gives it actual control thereof.

In these instances where the Department of Social Welfare has been designated as the "single state agency" to administer a state plan, it seems inescapable that the administration will no longer be solely in that agency, but will be divided between that agency and the Department of Finance. This may well result in a determination by the Federal Security Administrator that the state plan is no longer in compliance with the requirement of the federal law that the plan be administered by a single state agency, and may well result in the loss of federal grants-in-aid to the State for that plan.

Very truly yours,

FRED B. WOOD, Legislative Counsel
By (Mrs.) HARRIETT R. BUHLER, Deputy

Copy to author of S. B. 34 pursuant to Joint Rule 34.

Senate Bill No. 1484

J. A. BEEK, Secretary of the Senate
By C. V. TAYLOR, Assistant Secretary

RESOLUTIONS

The following resolutions were offered:

By Messrs. Rosenthal, Hawkins, and Anderson

House Resolution No. 177

Relating to commemorating the passing of Rabbi Stephen S. Wise, President of the American Jewish Congress, statesman, and outstanding leader of Jewish affairs in the United States

WHEREAS, The majority of mankind constantly seek to comprehend the moral laws and ethical principles which give a deeper meaning to human experience; and

WHEREAS, In each generation the wisdom and understanding required to perceive the true nature of man's immediate and ultimate problems and their relation to these moral and ethical principles is given but to a select few; and

WHEREAS, Rabbi Stephen S. Wise possessed, in our time, not only these rare qualities as a man, citizen, and religious and social leader, but possessed also the equally rare ability to communicate effectively his ideals to contemporaries throughout the civilized world; and

WHEREAS, Rabbi Stephen S. Wise devoted his life to four objectives, (1) to a facilitation of mankind's understanding of the spiritual crisis underlying the basic problems of Jew and Gentile alike, and (2) to the creation of a Jewish homeland in Palestine, and (3) to the expansion of cooperative spiritual endeavors among Christian and Jewish spiritual forces in America, and (4) championing freedom of the pulpit, and social and political reform; and

WHEREAS, Rabbi Stephen S. Wise was eminently successful both in achieving these objectives and, moreover, in arousing in his contemporaries a realization of the constant and ever growing need for a sustained and concerted effort by free men to defend these objectives if they are to remain free; and

WHEREAS, The world has lost this man at a time when its need for his sagacious counsel is perhaps more sorely needed than ever before, and when its need for his assertion of the moral law within which alone the remedy of our present economic, social, and political ills may well lie is perhaps greatest, now, therefore, be it

Resolved by the Assembly of the State of California, That its members hereby express their sincere sympathies and profoundest regrets over the passing of Rabbi Stephen S. Wise on April 19, 1949, to the members of his bereaved family and to his many friends and followers; and be it further

Resolved, That when the Assembly adjourns today it does so in commemoration of, and in respect for, Rabbi Stephen S. Wise; and be it further

Resolved, That the Chief Clerk of the Assembly be hereby directed to transmit copies of this resolution, suitably prepared, to members of the immediate family of Rabbi Stephen S. Wise.

Resolution read, and ordered referred to the Committee on Rules.

By Messrs. Dunn, Beck, Coats, Moss, Burkhalter, Crowley, Lowrey, Hagen, Fletcher, Gaffney, Cooke, Meyers, McCarthy, Clayton A. Dills, Davis, Hawkins, Condon, Crichton, Yorty, Ralph C. Dills, George D. Collins, Brady, Rumford, Berry, Brown, Elliott, McMillan, Anderson, Thomas, Rosenthal, Doyle, Kilpatrick, Bennett, Lewis, and Heisinger:

House Resolution No. 178

Relative to the creation of the Assembly Interim Committee on Economic Equality

WHEREAS, Recent events have demonstrated that a need exists for a complete, fair and impartial investigation and survey of the extent to which citizens of this State are denied economic equality and equal economic opportunity because of race, color or creed; and

WHEREAS, In order to determine what action should be taken to guarantee economic equality to all citizens of this State it is necessary that the Legislature be fully informed on all phases of this subject, now, therefore, be it

Resolved by the Assembly of the State of California, As follows:

1. The Assembly Interim Committee on Economic Equality is hereby created and authorized and directed to ascertain, study and analyze all facts relating to conditions involving economic discrimination against citizens of this State and all facts relating to or in any way bearing upon the recitals of this resolution including but not limited to the operation, effect, administration, enforcement and needed revision of any and all laws in any way bearing upon or relating to the subject of this resolution, and to report thereon to the Assembly, including in the reports its recommendations for appropriate legislation

2. The committee shall consist of seven Members of the Assembly appointed by the Speaker thereof The chairman shall be appointed by the Speaker. Vacancies occurring in the membership of the committee shall be filled by the appointing power.

3. The committee is authorized to act during this session of the Legislature, including any recess, and after final adjournment until the commencement of the 1951 Regular Session, with authority to file its final report not later than the fifteenth legislative day of that session.

4 The committee and its members shall have and exercise all of the rights, duties and powers conferred upon investigating committees and their members by the provisions of the Joint Rules of the Senate and Assembly and of the Standing Rules of the Assembly as they are adopted and amended from time to time at this session, which provisions are incorporated herein and made applicable to this committee and its members

5. The committee has the following additional powers and duties:

(a) To select a vice chairman from its membership.

(b) To contract with such other agencies, public or private, as it deems necessary for the rendition and affording of such services, facilities, studies and reports to the committee as will best assist it to carry out the purposes for which it is created.

(c) To cooperate with and secure the cooperation of county, city, city and county, and other local law enforcement agencies in investigating any matter within the scope of this resolution and to direct the sheriff of any county to serve subpenas, orders and other process issued by the committee

(d) To report its findings and recommendations to the Legislature and to the people from time to time and at any time, not later than herein provided

(e) To do any and all other things necessary or convenient to enable it fully and adequately to exercise its powers, perform its duties, and accomplish the objects and purposes of this resolution.

6 The sum of ten thousand dollars ($10,000) or so much thereof as may be necessary is hereby made available from the Contingent Fund of the Assembly for the expenses of the committee and its members and for any charges, expenses or claims it may incur under this resolution, to be paid from the said Contingent Fund and disbursed, after certification by the chairman of the committee, upon warrants drawn by the State Controller upon the State Treasurer

Resolution read, and ordered referred to the Committee on Rules.

REPORTS OF STANDING COMMITTEES

Committee on Rules

ASSEMBLY CHAMBER, SACRAMENTO, April 22, 1949

MR SPEAKER: Your Committee on Rules, to which was referred:

House Resolution No. 175

Has had the same under consideration, and reports the same back with the recommendation. Be adopted.

DICKEY, Chairman

Above reported resolution ordered on file for adoption.

Request for Unanimous Consent

Mr. Gaffney asked for, and was granted, unanimous consent to take up House Resolution No 175, at this time, without reference to file.

CONSIDERATION OF HOUSE RESOLUTION NO. 175

By Messrs. Gaffney, Maloney, Geddes, Waters, Dunn, Brady, George D Collins, McCarthy, Doyle, Berry, Meyers, and Crowley:

House Resolution No. 175

Congratulating the Irish people upon the establishment of the Republic of Ireland

WHEREAS, In the capital City of Dublin on Easter Monday, 1916, a valiant band of Irishmen, under the leadership of Pearse, Connolly, de Valera, and 13 other

brave men, raised the Irish Tri-color over the post office and the independence of the Irish Republic was proclaimed; and

WHEREAS, Despite the crushing of the rebellion and the execution of all the leaders, with the exception of the New York born son of an American citizen, Eamon de Valera; and

WHEREAS, A prolonged civil war ensued that culminated in the setting up of the Irish Free State and the later Government of Eire, with only nominal political ties binding it to Britain after 780 years; and

WHEREAS, On Easter Monday, 1949, 33 years after the Rising, the last vestige of dependence on Britain was formally removed by a proclamation of the independence of the Republic of Ireland, now, therefore, be it

Resolved by the Assembly of the State of California, That this Assembly congratulates the President, the Premier, the Parliament and the people of the Republic of Ireland on their natal day and rejoices with them in their newly attained freedom; and be it further

Resolved, That this Assembly wishes the people of the Republic of Ireland lasting peace, happiness and prosperity and hopes that some day the ancient boundaries of the "Island of saints and scholars" will know but one sovereignty in harmony with her one history and one tradition; and be it further

Resolved, That suitably prepared copies of this resolution be forwarded to the President of the Republic of Ireland, the United Irish Societies of San Francisco and the Irish Freedom League of San Francisco and that this resolution be printed in the Assembly Journal

Resolution read, and adopted

PRAYER

The following prayer was offered by the Chaplain, Dr. Torrance Phelps:

God of Our Fathers: We pray this morning for the discontented individuals and classes in this land of abundance and opportunity.

The discontented who slander American institutions and the American way which has given them their unrivalled liberty, their homes and luxuries

The malcontents whom America has given every chance to rise from the depths and who turn against the mother who nursed them

The discontented whom America has given freedom of speech and who blindly use it to praise and propagate systems that would enslave them

May they look around the world, upon all the troubled destitute lands and see that only in America is the highest degree of welfare for all

And the last best hope for the human race to fulfill its dream of plenty and peace —AMEN

PLEDGE OF ALLEGIANCE TO THE FLAG

Upon request of the Speaker, the Assembly gave the pledge of allegiance to the Flag.

MESSAGES FROM THE GOVERNOR

STATE OF CALIFORNIA, GOVERNOR'S OFFICE
SACRAMENTO, April 22, 1949

To the Honorable Members of the Assembly
State of California, Sacramento, California

GREETINGS: I am returning herewith, without my signature

Assembly Bill No. 1253, entitled: "An act to amend Section 5 of the Public Utility Districts Act of 1921, relating to public utility districts."

My objections to this bill are as follows:

This bill and Assembly Bill No. 2387 both amend Section 5 of the Public Utility District Act. Assembly Bill No. 2387 amends the section in the same particular as does this bill, and makes a further amendment. Since Assembly Bill No. 2387 is the more comprehensive bill and accomplishes all that would be accomplished by this bill, I am signing Assembly Bill No. 2387 and returning this bill without my approval, as being unnecessary.

Respectfully submitted,

EARL WARREN, Governor

STATE OF CALIFORNIA, GOVERNOR'S OFFICE
SACRAMENTO 14, April 25, 1949

To the Assembly of the State of California
Sacramento, California

GENTLEMEN: I am transmitting to you herewith a copy of a message with reference to Assembly Bill No. 1253, entitled, "An act to amend Section 5 of the Public Utility Districts Act of 1921, relating to public utility districts."

This bill, with my message relative thereto, I (through my Legislative Secretary) delivered to Arthur A. Ohnimus, Chief Clerk of the Assembly, at 5:15 o'clock p.m. on the twenty-second day of April, 1949, at which time your honorable body had adjourned for the day but not for the session.

Respectfully submitted,

EARL WARREN, Governor

Amendment No. 2

On page 1, lines 5 and 6, of said bill, strike out "The court may give its approval only after a hearing on notice to the parents and petitioner.", and insert "If an adoption proceeding has been commenced, request for such approval may be made by motion, or, if there is no such proceeding pending, a natural parent seeking to withdraw such consent may file with the clerk of the superior court a petition for approval of withdrawal thereof, without the necessity of payment of any fee for the filing of such petition. The petition shall be in writing, and shall set forth the reasons for withdrawal of consent, but otherwise may be in any form

The clerk of the court shall set the matter for hearing, and shall give notice thereof to the State Department of Social Welfare, to the persons to whose adoption of the child the consent was given, and to the natural parent or parents, in the manner provided in Section 1200 of the Probate Code.

At the hearing, the parties may appear in person or with counsel. The hearing may be had in chambers or in open court, but the court reporter shall report the proceedings and his fee therefor shall be paid from the county treasury on order of the court. If the court finds that withdrawal of the consent to adoption is reasonable in view of all the circumstances, and that withdrawal of the consent will be for the best interests of the child, the court shall approve the withdrawal of the consent; otherwise the court shall withhold its approval.

Any order of the court granting or withholding approval of a withdrawal of a consent to an adoption may be appealed from in the same manner as an order of the juvenile court declaring any person to be a ward of the juvenile court."

Infinite God: May we remember this month the great men born in April, whose writings and ideals helped to form our language and create the American Spirit.

Let us honor Washington Irving (born April 3d) whose stories of Sleepy Hollow and Columbus began the illustrious history of American literature.

General Lew Wallace (born April 10th) who began an era with his religious books and Ben Hur, and made the story of the Gospel attractive and romantic

Bancroft and Ridpath whose histories of America made youth proud of our country, and stirred them to emulate the brave deeds of our heroes

James Monroe (April 28th) whose doctrine protected the Western Hemisphere from foreign invasion.

Above all, Thomas Jefferson (April 13th) whose slogan was democracy; and Ulysses S. Grant (April 27th) whose genius won the Civil War and established our national unity.—AMEN.

RESOLUTIONS

The following resolutions were offered:

By Mr. Dickey:

House Resolution No. 180

Relating to the continuance of the Assembly Legislative Process Committee

Resolved by the Assembly of the State of California, As follows:

1. In order to effectuate and complete the functions and duties imposed upon it, and in order to enable it to coordinate and assist in the work of any interim committee which may be created or continued at this session of the Legislature, the Assembly Legislative Process Committee created by House Resolution No. 13 of the 1949 Regular Session, is continued as an Assembly interim committee, and is authorized to act during this session of the Legislature, including any recess, and after final adjournment until the commencement of the 1951 Regular Session, with authority to file its final report not later than the fifteenth legislative day of that session.

2. The committee shall have the membership and all the rights, powers, and duties possessed by the committee and its members pursuant to House Resolution No. 13.

3. The committee may make available to any Assembly or joint committee or any Member of the Assembly such assistance in connection with the duties of the committee or other legislative matters as the personnel under direction of the committee or its other facilities permit.

4. The committee shall make available to and shall furnish to the Assembly investigating committees created at this regular session and to each of the members

thereof such secretarial and stenographic help as may be reasonably necessary for such committees and each of the members thereof to make and carry on the studies and investigations required by or of them by the resolutions creating such committees, and for such purpose, in addition to any other power or authority, the Assembly Legislative Process Committee may employ such additional stenographic and secretarial assistants as may be necessary, assign and reassign such assistants, prescribe amounts, times and methods of payment of their compensation.

5. The provisions of the Joint Rules of the Senate and Assembly, and of the Standing Rules of the Assembly, as such rules are adopted at this session or amended from time to time, are hereby made applicable to this committee and its members.

6. In addition to any money heretofore made available, the sum of _____ or so much thereof as may be necessary is hereby made available from the Contingent Fund of the Assembly for the expenses of the committee and its members and for any charges, expenses or claims it may incur under this resolution and the balance of all the money appropriated for contingent expenses of the Assembly and which has not been made available for the expenses of interim committees or for other purposes, to be paid from the said Contingent Fund and disbursed, after certification by the chairman of the committee, upon warrants drawn by the State Controller upon the State Treasurer.

Resolution read, and ordered referred to the Committee on Rules.

By Mr. Waters:

House Resolution No. 181

Congratulating Colonel Frank R. McReynolds

WHEREAS, Colonel Frank R. McReynolds is about to retire from his position as State Personal Income Tax Administrator for the 12 southern counties of California, a position he has held since 1936, the year following enactment of the California Personal Income Tax Law; and

WHEREAS, Colonel McReynolds' service in this position was preceded by a long, varied, and capable career in the public service as one of the original members of the staff of the United States Collector of Internal Revenue for the Sixth District of California and as Federal Prohibition Administrator for Southern California, and a distinguished military service which he began with service in the Philippines during the Spanish-American War and continued as a Major in World War I, commanding the 53d and 57th Ammunition Trains Coast Artillery Corps, and thereafter for many years as commander of the 626th Coast Artillery Regiment of the harbor defense forces, now, therefore, be it

Resolved by the Assembly of the State of California, That Colonel Frank R. McReynolds is heartily congratulated and commended upon his long and distinguished career as a Soldier and in the public service; and be it further

Resolved, That the Chief Clerk of the Assembly transmit a suitable copy of this resolution to Colonel Frank R. McReynolds as an expression of the esteem of the Members of this Assembly conveying to Colonel McReynolds their warm good wishes for many happy years of enjoyment of his retirement.

Resolution read, and ordered referred to the Committee on Rules.

By Mr. Dickey:

House Resolution No. 182

Relative to attendance at funerals and purchase of floral pieces

Resolved by the Assembly of the State of California, That the Speaker of the Assembly may designate any one or more of the Members of the Assembly as the representatives of the Assembly to attend funerals in appropriate circumstances. The members so designated shall receive their actual and necessary expenses incurred in the performance of their duties or in lieu of such expenses the same allowance for accommodations and meals, and mileage as is provided by the Joint Rules for members of investigating committees

The Speaker or any Member of the Assembly designated by him may incur such expenses as may be necessary for the purchase on behalf of the Assembly of suitable floral pieces for any such funeral.

All expenses incurred pursuant to this resolution, after approval by the Speaker, are hereby ordered to be paid out of the money allocated from the Contingent Fund

of the Assembly to the Assembly Legislative Process Committee by House Resolution No. 180 of the 1949 Regular Session or any other money available for expenditure by said committee, and disbursed, after certification by the chairman or vice chairman of said committee, upon warrants drawn by the State Controller upon the State Treasurer.

Resolution read, and ordered referred to the Committee on Rules.

CONSIDERATION OF HOUSE RESOLUTION NO. 176 (BY UNANIMOUS CONSENT)

By Messrs. Gaffney, Maloney, Berry, George D. Collins, Meyers, McCarthy, Brady, and Fletcher:

House Resolution No. 176

Relative to Frank MacDonald, late President of the San Francisco Building Trades Council

WHEREAS, The State of California has lost one of its most well known and able citizens in the death of Frank MacDonald, in San Francisco, California; and

WHEREAS, Frank MacDonald was born in Denver, Colorado, on September 22, 1880, came to San Francisco as a boy and there learned his trade and obtained an education studying at night; and

WHEREAS, As business agent of Local 19, San Francisco Tile Layer Helpers' Union, and business representative of the San Francisco Building Trades Council, Frank MacDonald began the long career devoted to the interests of laboring men and women throughout the State, which led him to the presidency of the State Building Trades Council, a post he held at the time of his death on September 2, 1948; and

WHEREAS, Long recognized by those in organized labor as one of their most influential and able officials and spokesmen, he was also called upon to fill high public office from time to time, having been named State Labor Commissioner in 1933, and having been a member of the State Industrial Accident Commission, and one of the first directors of the Golden Gate Bridge and Highway District; and

WHEREAS, The loss of Frank MacDonald is keenly felt and deeply regretted by all who knew him and by all in the ranks of organized labor; now, therefore, be it

Resolved by the Assembly of the State of California, That the Members of this Assembly deeply regret the loss of Frank MacDonald to the labor movement and of his outstanding public service to the people of the State of California; and be it further

Resolved, That the Chief Clerk of the Assembly transmit suitably prepared copies of this resolution to the State Building Trades Council, and to Mrs. Esther MacDonald, widow of Frank MacDonald, as an expression of the sympathy and esteem of the Members of this Assembly.

Resolution read.

CONSIDERATION OF HOUSE RESOLUTION NO. 177 (BY UNANIMOUS CONSENT)

By Messrs. Rosenthal, Hawkins, and Anderson:

House Resolution No. 177

Relating to commemorating the passing of Rabbi Stephen S. Wise, President of the American Jewish Congress, statesman, and outstanding leader of Jewish affairs in the United States

WHEREAS, The majority of mankind constantly seek to comprehend the moral laws and ethical principles which give a deeper meaning to human experience; and

WHEREAS, In each generation the wisdom and understanding required to perceive the true nature of man's immediate and ultimate problems and their relation to these moral and ethical principles is given but to a select few; and

WHEREAS, Rabbi Stephen S. Wise possessed, in our time, not only these rare qualities as a man, citizen, and religious and social leader, but possessed also the equally rare ability to communicate effectively his ideals to contemporaries throughout the civilized world; and

WHEREAS, Rabbi Stephen S Wise devoted his life to four objectives, (1) to a facilitation of mankind's understanding of the spiritual crisis underlying the basic problems of Jew and Gentile alike, and (2) to the creation of a Jewish homeland in Palestine, and (3) to the expansion of cooperative spiritual endeavors among Christian and Jewish spiritual forces in America, and (4) championing freedom of the pulpit, and social and political reform; and

WHEREAS, Rabbi Stephen S Wise was eminently successful both in achieving these objectives and, moreover, in arousing in his contemporaries a realization of the constant and ever growing need for a sustained and concerted effort by free men to defend these objectives if they are to remain free; and

WHEREAS, The world has lost this man at a time when its need for his sagacious counsel is perhaps more sorely needed than ever before, and when its need for his assertion of the moral law within which alone the remedy of our present economic, social, and political ills may well lie is perhaps greatest; now, therefore, be it

Resolved by the Assembly of the State of California, That its members hereby express their sincere sympathies and profoundest regrets over the passing of Rabbi Stephen S. Wise on April 19, 1949, to the members of his bereaved family and to his many friends and followers; and be it further

Resolved, That when the Assembly adjourns today it does so in commemoration of, and in respect for, Rabbi Stephen S Wise; and be it further

Resolved, That the Chief Clerk of the Assembly be hereby directed to transmit copies of this resolution, suitably prepared, to members of the immediate family of Rabbi Stephen S. Wise.

Resolution read.

Consideration of Committee Amendments

The following amendment was proposed by the Committee on Rules:

Amendment No. 1

RESOLUTIONS

The following resolution was offered:

By Messrs. Stanley, Tomlinson, Sherwin, Way, Burke, Thompson, Grunsky, Reagan, Dolwig, Weber, Conrad, Kirkwood, Huyck, Connolly, Caldecott, Waters, Silliman, Lincoln, and Babbage:

House Resolution No. 183

Requesting the Assembly Interim Committee on Governmental Efficiency and Economy to study and investigate building laws and regulations and the administration and effect thereof

WHEREAS, Statements in the press and communications to Members of the Assembly indicate a growing feeling that the costs of building construction and the time and difficulty encountered in such construction is increased because of overlapping and uncoordinated regulations by state agencies; and

WHEREAS, The laws administered by such agencies and the numerous regulations adopted pursuant thereto affect the regulation of building construction by city and county governments; and

WHEREAS, It appears that in the construction of some types of buildings the architect must anticipate all the requirements of the State Fire Marshal, the Division of Industrial Welfare, including those set forth in the Labor Code, the Health and Safety Code, and the regulations adopted thereunder, and in addition must satisfy the requirements of the city or county relating thereto; and

WHEREAS, Such overlapping regulation may force departments of the cities and counties into conflict and duplication of functions because of duties delegated to them with respect to enforcement of state laws; and

WHEREAS, It is necessary that the Assembly be fully informed as to all facts relating to any phase of this subject, in order that it may determine what, if any, legislative action is needed; and

WHEREAS, The ascertainment of such facts and the investigation of such subject falls within the scope of the powers and duties conferred and imposed upon the Assembly Interim Committee on Governmental Efficiency and Economy; now, therefore, be it

Resolved by the Assembly of the State of California, That the Assembly Interim Committee on Governmental Efficiency and Economy be, and it hereby is, requested to study and investigate all laws and regulations of the State of California or its agencies in any way affecting building construction, including but not limited to those relating to buildings, exits, ventilation, sanitation and safety, and all other matters relating to or in any way bearing upon the recitals of this resolution including the operation, effect, administration, enforcement and need revision of any and all laws or regulations relating thereto, and to report thereon to the Assembly, including in its reports its recommendations for appropriate legislation.

Resolution read, and ordered referred to the Committee on Rules.

PRAYER

The following prayer was offered by the Chaplain, Dr. Torrance Phelps:

O God of the Undiscovered: May we approach this day with the eager spirit of the explorer who sought for a new world and who had the courage to start out alone for the Great West.

Like the gold seekers, who expected treasures beyond the hills and the rainbow, and who found their Eldorado was a new commonwealth of knowledge and happiness.

May we have the spirit of adventure to discover methods to make this planet a more livable place for humans like the scientist who seeks new remedies to cure the ills of mankind.

Let us realize the multitude of secrets in the arcanum of the universe that still await us, and may we be able to open a door that leads to the blessing of many.

May we see that now is the time to build a better world, to strive for it, and may our purpose hold to sail "beyond the sunset and all the western stars until our goal is won."—AMEN.

CALIFORNIA STANDARD FORM OF COUNTY FIRE INSURANCE POLICY

No.

(Space for insertion of name of company or companies issuing the policy and other matter permitted to be stated at the head of the policy.)

(Space for listing amounts of insurance, rates and premiums for the basic coverages insured under the standard form of policy and for additional coverages or perils insured under endorsements attached.)

In consideration of the provisions and stipulations herein or added hereto and of _____ dollars premium this company, for the term of _____ from the _____ day of _____ 19___ } at noon, standard to the _____ day of _____ 19___ } time, at location of property involved, to an amount not exceeding _____ dollars, does accept as a member and insure _____ and legal representatives, to the extent of the actual cash value of the property at the time of loss, but not exceeding the amount which it would cost to repair or replace the property with material of like kind and quality within a reasonable time after such loss, without allowance for any increased cost of repair or reconstruction by reason of any ordinance or law regulating construction or repair, and without compensation for loss resulting from interruption of business or manufacture, nor in any event for more than the interest of the insured, against all LOSS BY FIRE, LIGHTNING AND BY REMOVAL FROM PREMISES ENDANGERED BY THE PERILS INSURED AGAINST IN THIS POLICY, EXCEPT AS HEREINAFTER PROVIDED, to the property described hereinafter while located or contained as described in this policy, or pro rata for five days at each proper place to which any of the property shall necessarily be removed for preservation from the perils insured against in this policy, but not elsewhere.

This policy is made and accepted subject to the foregoing provisions and stipulations and those hereinafter stated, which are hereby made a part of this policy, together with such other provisions, stipulations and agreements as may be added hereto, as provided in this policy.

IN WITNESS WHEREOF, This company has executed and attested these presents; but this policy shall not be valid unless countersigned by the duly authorized secretary of this company at

_____Secretary. _____President.

Countersigned this _____ day of _____, 19___.

_____Secretary.

Concealment, Fraud

This entire policy shall be void if, whether before or after a loss, the insured has wilfully concealed or misrepresented any material fact or circumstance concerning this insurance or the subject thereof, or the interest of the insured therein, or in case of any fraud or false swearing by the insured relating thereto

Uninsurable and Excepted Property

This policy shall not cover accounts, bills, currency, deeds, evidences of debt, money or securities; nor, unless specifically named hereon in writing, bullion or manuscripts.

Perils Not Included

This company shall not be liable for loss by fire or other perils insured against in this policy caused, directly or indirectly, by : (a) enemy attack by armed forces, including action taken by military, naval or air forces in resisting an actual or an immediately impending enemy attack; (b) invasion; (c) insurrection; (d) rebellion; (e) revolution; (f) civil war; (g) usurped power, (h) order of any civil authority except acts of destruction at the time of and for the purpose of preventing the spread of fire, provided that such fire did not originate from any of the perils excluded by this policy; (i) neglect of the insured to use all reasonable means to save and preserve the property at and after a loss, or when the property is endangered by fire in neighboring premises; (j) nor shall this company be liable for loss by theft

Other Insurance

Other insurance may be prohibited or the amount of insurance may be limited by endorsement attached hereto.

Conditions suspending or restricting insurance. Unless otherwise provided in writing added hereto this company shall not be liable for loss occurring

(a) While the hazard is increased by any means within the control or knowledge of the insured; or

(b) While a described building, whether intended for occupancy by owner or tenant, is vacant or unoccupied beyond a period of sixty consecutive days; or

(c) As a result of explosion or riot, unless fire ensue, and in that event for loss by fire only.

Any other perils to be insured against or subject of insurance to be covered in this policy shall be by endorsement in writing hereon or added hereto.

Added Provisions

The extent of the application of insurance under this policy and of the contribution to be made by this company in case of loss, and any other provision or agreement not inconsistent with the provisions of this policy, may be provided for in writing added hereto, but no provision may be waived except such as by the terms of this policy or by statute is subject to change.

Waiver Provisions

No permission affecting this insurance shall exist, or waiver of any provision be valid, unless granted herein or expressed in writing added hereto. No provision, stipulation or forfeiture shall be held to be waived by any requirement or proceeding on the part of this company relating to appraisal or to any examination provided for herein.

Cancellation of Policy

This policy may be canceled and the insured as a member of this company may withdraw therefrom by the insured surrendering his policy for cancellation at any time during the life of the policy and while the company continues the business for which it was organized, by giving notice in writing to the company and by paying such obligations as may have accrued against him on the day of cancellation. This policy may be canceled at any time by this company by giving to the insured five days' written notice of cancellation with or without tender of the excess of paid premium above the pro rata premium for the expired time, which excess, if not tendered, shall be refunded on demand. Notice of cancellation shall state that said excess premium (if not tendered) will be refunded on demand.

Assignment

This company may give its consent in writing allowing the assignment of this policy upon the bona fide sale of the property insured herein; provided, within 30 days from the transfer of the title to the within property and upon the assignment thereof such purchaser or his agent signs an agreement becoming a member and accepting the conditions of the within policy; otherwise this policy to be null and void, except as to holders of a mortgage or deed of trust.

Mortgagee Interests and Obligations

If loss hereunder is made payable, in whole or in part, to a designated mortgagee not named herein as the insured, such interest in this policy may be canceled by giving to such mortgagee a 10 days' written notice of cancellation.

If the insured fails to render proof of loss such mortgagee, upon notice, shall render proof of loss in the form herein specified within sixty (60) days thereafter and shall be subject to the provisions hereof relating to appraisal and time of payment

and of bringing suit. If this company shall claim that no liability existed as to the mortgagor or owner, it shall, to the extent of payment of loss to the mortgagee, be subrogated to all the mortgagee's rights of recovery, but without impairing mortgagee's right to sue; or it may pay off the mortgage debt and require an assignment thereof and of the mortgage. Other provisions relating to the interests and obligations of such mortgagee may be added hereto by agreement in writing.

Pro Rata Liability

This company shall not be liable for a greater proportion of any loss than the amount hereby insured shall bear to the whole insurance covering the property against the peril involved, whether collectible or not.

Requirements in Case Loss Occurs

The insured shall give written notice to this company of any loss without unnecessary delay, protect the property from further damage, forthwith separate the damaged and undamaged personal property, put it in the best possible order, furnish a complete inventory of the destroyed, damaged and undamaged property, showing in detail quantities, costs, actual cash value and amount of loss claimed; and within sixty days after the loss, unless such time is extended in writing by this company, the insured shall render to this company a proof of loss, signed and sworn to by the insured, stating the knowledge and belief of the insured as to the following; the time and origin of the loss, the interest of the insured and of all others in the property, the actual cash value of each item thereof and the amount of loss thereto, all encumbrances thereon, all other contracts of insurance, whether valid or not, covering any of said property, any changes in the title, use, occupation, location, possession or exposures of said property since the issuing of this policy, by whom and for what purpose any building herein described and the several parts thereof were occupied at the time of loss and whether or not it then stood on leased ground, and shall furnish a copy of all the descriptions and schedules in all policies and, if required and obtainable, verified plans and specifications of any building, fixtures or machinery destroyed or damaged. The insured, as often as may be reasonably required, shall exhibit to any person designated by this company all that remains of any property herein described, and submit to examinations under oath by any person named by this company, and subscribe the same; and, as often as may be reasonably required, shall produce for examination all books of account, bills, invoices and other vouchers, or certified copies thereof if originals be lost, at such reasonable time and place as may be designated by this company or its representative, and shall permit extracts and copies thereof to be made

Appraisal

In case the insured and this company shall fail to agree as to the actual cash value or the amount of loss, then, on the written demand of either, each shall select a competent and disinterested appraiser and notify the other of the appraiser selected within twenty days of such demand. The appraisers shall first select a competent and disinterested umpire; and failing for 15 days to agree upon such umpire, then, on request of the insured or this company, such umpire shall be selected by a judge of a court of record in the state in which the property covered is located. The appraisers shall then appraise the loss, stating separately actual cash value and loss to each item; and, failing to agree, shall submit their differences, only, to the umpire. An award in writing, so itemized, of any two when filed with this company shall determine the amount of actual cash value and loss. Each appraiser shall be paid by the party selecting him and the expenses of appraisal and umpire shall be paid by the parties equally.

Company's Options

It shall be optional with this company to take all, or any part, of the property at the agreed or appraised value, and also to repair, rebuild or replace the property destroyed or damaged with other of like kind and quality within a reasonable time, on giving notice of its intention so to do within 30 days after the receipt of the proof of loss herein required.

Abandonment

There can be no abandonment to this company of any property.

When Loss Payable

The amount of loss for which this company may be liable shall be payable 60 days after proof of loss, as herein provided, is received by this company and ascertainment of the loss is made either by agreement between the insured and this company expressed in writing or by the filing with this company of an award as herein provided.

Suit

No suit or action on this policy for the recovery of any claim shall be sustainable in any court of law or equity unless all the requirements of this policy shall have been complied with, and unless commenced within 12 months next after inception of the loss.

Subrogation

This company may require from the insured an assignment of all right of recovery against any party for loss to the extent that payment therefor is made by this company.

Assessment for Deficiency

When the amount of any loss shall have been ascertained, which exceeds in amount the cash funds of the company, the president shall convene the directors of this company, who shall proceed in the manner provided by Article 8 of Chapter 5 of Part 1 of Division 2 of the Insurance Code of the State of California.

Notice of Assessment

It shall be the duty of the secretary, whenever assessment shall have been made, to immediately notify every person holding a risk in this company, personally, by an agent, or by letter directed to his usual post-office address, of the amount of such loss, *and the sum due from him, as his share thereof, and of the time and to whom such* payment is made, but such time shall not be less than thirty days, nor more than ninety days from date of such notice. No assessment or assessments can be levied under this policy in excess of three times the premium named herein.

Action for Neglect or Refusal to Pay Assessments

An action may be brought against the member whose property is insured herein and this policy is automatically suspended if the insured shall not have paid, before it is delinquent, his portion of any assessment levied or other liability due this company for a period in excess of ninety days. The directors of this company who shall wilfully refuse or neglect to perform the duties imposed upon them by law or the by-laws of the company, shall be liable in their individual capacity to the person sustaining such loss. An action may also be brought and maintained against this company by members thereof for losses sustained if payment is withheld after the amount of such losses have *been determined and is due by the terms of the policy.*

SEC. 3. Section 6010.5 is added to said code, to read:

6010.5 The policy is not required to be used for reinsurance between insurers.

SEC. 4. Section 6011 of said code is amended to read.

6011 [The blanks in said standard form shall be appropriately filled.] *Either the blanks in the standard form or those in an endorsement attached thereto shall be appropriately filled. The first page of the policy or an endorsement attached thereto may be arranged to show in schedule form the amounts of insurance, rates and premiums for the basic coverages insured under the standard form of policy and additional coverages or perils insured under endorsements attached, and such other data as may be conveniently included for duplication on daily reports for office records.*

If such a schedule clearly shows the amount at risk, the rate, and the premium in respect of fire insurance, the words, "the above specified" may be inserted in the blanks preceding the word "dollars" in the two places in which "dollars" appears in that portion of the standard form which precedes the countersignature clause, or in identical blanks in an endorsement attached to the standard form and containing the paragraph in the standard form in which the blanks appear.

SEC. 5. Section 6013 of said code is amended to read:

6013 The standard form of policy shall be plainly printed. [No portion thereof shall be in type smaller than 11 point, subheads shall be in type larger than 12 point, and the lines of the policy shall be numbered consecutively.] *The type shall be not smaller than small pica and subheads shall be in type larger than pica. The lines of the policy following the countersignature clause shall be numbered consecutively.*

SEC. 6. Section 6018 of said code is amended to read

6018 No clause shall be inserted nor rider attached affecting the standard form liability of the insurer for loss or damage by fire occasioned either directly or indirectly by earthquake, hurricane, volcanic action or other disturbance of nature, unless such rider or clause is printed in red ink in [12-point type,] *type larger than pica or in capital letters measuring not less than eight one-hundredths (8/100's) of an inch in height,* and unless there is printed at the head of the policy **in red ink and in** large bold-faced type the words "This policy contains limitations of liability not permitted in the California standard form."

SEC. 7. Section 6020 of said code is amended to read:

6020 Except as otherwise provided by this article, clauses may be attached, by separate riders in type larger than [12-point.] *pica or in capital letters measuring*

not less than eight one-hundredths (8/100's) of an inch in height, to the policy, imposing specified duties and obligations upon the insured and limiting the liability of the insurer.

SEC. 8. Sections 1 to 7, inclusive, of this act shall become effective July 1, 1950, but any insurer may use the form of policy provided for by this act prior to said date, in lieu of the form provided for by the Insurance Code prior to the effective date of said sections of this act."

Amendments read, and adopted.

Bill ordered reprinted, engrossed, and to be re-referred to Committee on Finance and Insurance.

ANNOUNCEMENTS

Speaker Sam L. Collins called to the attention of the members that recently, when an author can't get a bill out of a committee, he gets the chairmen of two committees to agree that the bill may be re-referred; and announced that after trouble and study to re-refer the bills fairly and to their proper committees, it will be appreciated if committee chairmen will cooperate with House procedure before a bad precedent is started, and bills, in increasing numbers, are heard in committees unrelated to the contents of said bills.

REMARKS ON CONDITION OF THE FILE

The following members spoke on the condition of the file:

Messrs. Stewart, Hinckley, Thomas, Lowrey, Cramer, Weber, and Maloney.

MOTION

Mr. Hinckley moved that, before two committee chairmen agree that an author may have permission to withdraw a bill from committee, and re-refer it to another committee, that the Speaker be first consulted by the two committee chairmen

Statement by Speaker

Speaker Sam L. Collins stated that, having assumed the responsibility of referring bills to proper committees to the best of his ability, he prefers that the committee chairmen assume further responsibility relative to such bills.

Point of Order

Mr. Lowrey arose to the following point of order: That motions are not properly before the House, at this time, and Mr. Hinckley is not in order.

Ruling by Speaker

Speaker Sam L. Collins ruled the point of order not well taken because Mr. Hinckley's motion died for lack of a second.

PRAYER

Upon invitation of the Speaker, the following prayer was offered by the Chaplain of the day, Rev. Samuel F. Pugh:

Almighty God: We begin the deliberations of this day by recognizing Thy presence, and Thy concern with all things that concern us, Thy children.

Grant that the day may never come when we neglect to acknowledge the centrality of Thy divine self in the affairs of man.

We rejoice that we can begin this day, and every day, by expressing our awareness of Thy nearness as we bow our heads before Thee in prayer.

Our prayer is not so much to request Thy blessing upon our procedures and decisions as to ask that our procedures and decisions be worthy of Thy blessing.

May the spirit of what is right be the only criterion of our actions this day, so that our work may be unmarred by any selfish motive or evil interest, as we consider those things which are for the common welfare and the public good.—AMEN.

UNFINISHED BUSINESS (RESUMED)

CONSIDERATION OF SENATE AMENDMENTS (BY UNANIMOUS CONSENT)

Assembly Bill No. 1073—An act to add Section 1304.1 to the Education Code, relating to superintendents of schools of unified school districts, declaring the urgency thereof, to take effect immediately.

The question being: Shall the Assembly concur in the following Senate amendments to Assembly Bill No. 1073?

Amendment No. 1

In the title of the printed bill, as amended in the Assembly on March 14, 1949, strike out lines 1 and 2, and insert

"An act to add Sections 4941.1 and 4941.2 to, and to amend Section 4951 of the Education Code, relating to government of unified school districts and the election of superintendents of schools for such districts, declar-".

Amendment No. 2

On page 1 of said bill, strike out lines 1 to 7, inclusive, and insert

"SECTION 1. Section 4941.1 is added to the Education Code, to read:

4941.1. Notwithstanding the provisions of this article, any unified school district coterminous with the boundaries of a county shall be governed by an elective board of trustees. The board shall consist of one member from each supervisorial district in the county.

SEC. 2. Section 4941.2 is added to said code, to read:

4941.2. When a unified school district coterminous with the boundaries of a county is formed, the county superintendent of schools shall appoint a board of school trustees of five members for it, one from each supervisorial district. The three members appointed from the odd-numbered districts shall hold office until the election of their successors.

At the first election for members of the board, which shall be held at the next general election, there shall be three trustees elected by the electors of the county at large, one of whom shall be a resident of each odd-numbered supervisorial district, whose terms shall begin at noon on the first Monday after the first day of January following the election, and they shall hold office for four years, or until their successors are qualified. Two years after the first election the remaining trustees shall be elected by the electors of the county at large, one trustee from each of the even-numbered supervisorial districts, each trustee being a resident of the district he represents. Their terms of office shall begin at noon on the first Monday after the first day of January following their election, and they shall hold office for four years, or until their successors are qualified. Four years from the date of each of these elections, and in a similar manner subsequently, there shall be elected in a like manner a sufficient number of trustees to replace those trustees whose terms expire the following January.

Except as otherwise provided in this section, all of these elections shall be called, held, and conducted as are elections for members of boards of trustees of elementary school districts.

SEC. 3. Section 4951 of said code is amended to read:

4951. The members of the governing board of each unified school district shall elect a superintendent of schools, for a term of four years, who shall be executive officer and secretary of said governing board. *Where a unified school district is coterminous with the boundaries of a county, the county superintendent of schools shall be the superintendent of schools of the district.*"

REQUEST FOR UNANIMOUS CONSENT THAT COMMUNICATION FROM OFFICE OF ATTORNEY GENERAL BE PRINTED IN JOURNAL

Mr. Waters asked for unanimous consent that a communication from the Office of the Attorney General be printed in the Journal.

Mr. Beek withdrew his previous objections.

Unanimous consent granted, and above mentioned communication ordered printed in the Journal, as follows:

Communication From Office of Attorney General

STATE OF CALIFORNIA, DEPARTMENT OF JUSTICE
OFFICE OF THE ATTORNEY GENERAL
LIBRARY AND COURTS BUILDING, SACRAMENTO 14, April 26, 1949

Hon. Laughlin E Waters
Member of the Assembly
Assembly Chamber, State Capitol, Sacramento, California

DEAR ASSEMBLYMAN WATERS: In your letter of April 18th, you refer to a pending bill having as its objective the abolition of the present Social Welfare Board You inquire (1) whether the failure to abolish the board would jeopardize the receipt by the State of funds from the Federal Government for the needy aged and blind programs, and (2) what would be the status of funds received for the needy children program

In Opinion 48/263, dated December 10, 1948, (12 Ops. Cal. Atty. Gen. 297) we expressed the view that upon the operative date of Article XXV of the Constitution the Director of Social Welfare would assume the functions formerly exercised by the Social Welfare Board under the old age assistance and needy blind programs only, but that the board would continue its statutory functions in connection with the other programs administered by the Department of Social Welfare, including the federally supported plan for aid to needy children.

In connection with each of these federally supported programs the Social Security Act requires that each state plan must "either provide for the establishment or designation of a single state agency to administer the plan, or provide for the designation of a single state agency to supervise administration of the plan" (42 U S C A, Secs. 302, 602, 1202.)

Apparently your question is premised on the possibility that the continuation of the Social Welfare Board in connection with the plan for aid to needy children would result in a divided administration within the Department of Social Welfare, thus imperiling California's conformity with the quoted requirement of the federal law and its eligibility for the continued receipt of federal funds

This question was considered by the Legislative Counsel in an opinion published in the Senate Journal for January 10, 1949, pp. 84-87. The Legislative Counsel pointed out that the Department of Social Welfare continues to be designated by the Welfare and Institutions Code as the "single state agency" to administer each of these plans and concluded that in respect to the administration of each plan there is now no greater separation or division of authority between the director and the Social Welfare Board than existed prior to the adoption of Article XXV. We are in accord with this view. Although the board participates in one plan only and not in the other two plans, there is no separation or division of authority within the framework provided for each single plan.

In actuality the determination whether California is in compliance with the Social Security Act rests with the federal authorities. For this reason, the views of state agencies or officers, including our own, should not be regarded as authoritative. We may point out, however, that in December, 1948, revisions of the state plans for these categorical aid programs, as necessitated by the adoption of Article XXV, were submitted by the Department of Social Welfare for the approval of the Commissioner of Social Security and the Federal Security Administrator The plan material, we are advised, indicated that the Social Welfare Board would no longer have any duties or powers under the old age assistance and needy blind programs. In connection with the plan for aid to needy children, however, it was indicated that the board would function as before. All three of the plans were subsequently approved by the federal authorities. This past approval appears to indicate that in the minds of the federal authorities the continued existence of the board will not jeopardize federal funds under the old age and blind programs, nor affect the status of federal payments for the needy children program.

Very truly yours,

FRED N. HOWSER, Attorney General
By LEONARD M. FRIEDMAN, Deputy Attorney General

PRAYER

Upon invitation of the Speaker pro Tempore, the following prayer was offered by the Acting Chaplain, Rev. Paul E. Miller:

Almighty God, Our Heavenly Father: We pause in reverence before Thee today to give thanks for the rich heritage and the manifold blessings which have come to us and to our people. And we desire that with the recognition of these gifts, there may come a corresponding sense of responsibility for their use and administration, a stewardship from Thee

We pray earnestly for our national leaders, for the Governor of California, for the Members of this Assembly, and for all who have legislative responsibility.

We pray for clear perception of situations and issues which demand consideration;

For strong convictions to guide in high planes of moral judgment;

For courage to stand upon our convictions against the loud clamor of self-interested pressure groups;

And for a balanced judgment that is divinely inspired to bear upon all decisions.

And for these blessings we cast ourselves upon Thy mercy.—AMEN.

"*Resolved by the Assembly, the Senate concurring,* That the Legislature of the State of California at its 1949 Regular Session commencing on the third day of January, 1949, two-thirds of the members elected to each of the two houses of the Legislature voting therefor, hereby proposes to the people of the State of California that the Constitution of the State be amended by adding Section 14.9 to Article XIII thereof, to read:

Sec 14 9 (a) The retirement of publicly employed firemen for service or for disability, or both, with adequate retirement allowances, is hereby declared to be an essential factor in the protection of the public safety and to be a matter of state, as well as of local, concern.

(b) The Legislature shall provide annually, from the taxes imposed on fire insurers by Section 14¾ of this article, or from an additional tax on fire insurers which the Legislature is hereby authorized to impose in substantially the manner provided in Section 14¾ for the taxation of such insurers, an amount not less than two percent of the gross premiums, less return premiums, received in such year by each fire insurer upon its fire insurance business done in this State, which amount shall be deposited in the Firemen's Retirement Fund The Firemen's Retirement Fund is hereby established in the State Treasury.

(c) The Legislature shall provide for the expenditure of all moneys in the Firemen's Retirement Fund to pay the costs of retirement of firemen employed by the State, its political subdivisions and all public agencies within the State, as follows: Such moneys shall first be applied, to the extent that they are sufficient therefor, and in such manner as the Legislature may provide, to pay the contributions required to

be made by all such firemen within the State to the retirement or pension systems of which such firemen are or become members, whether such systems are established by the State, county, city, district, or other public agency by which such firemen are employed; and if the moneys in the Firemen's Retirement Fund are more than sufficient to pay the firemen's contributions to the retirement or pension systems of which they are members, the excess moneys shall then be applied, to the extent that they are sufficient therefor, and in such manner as the Legislature may provide, to pay the *contributions required to be paid to such retirement or pension systems in respect to* such firemen by such public employers; to the end that the costs of the retirement of firemen employed by the State and all political subdivisions and other public agencies within the State shall be defrayed, so far as possible, from taxes collected from fire insurers doing fire insurance business within the State.

(d) The Legislature shall provide for the inclusion within the State Employees' Retirement System, or such other retirement or pension system as the Legislature may *establish or designate, of all firemen not otherwise included in* and members of any other public retirement or pension system

(e) For the purposes of this section, members of organized fire departments or other fire-fighting units established and conducted by the State or any public agency within the State shall be deemed to be firemen employed by the State or other public agency by which each such department or unit is established, whether or not such members receive compensation for their service as such.

(f) Every fire insurer doing any fire insurance business within the State shall annually, on or before the fifteenth day of July, file with the Insurance Commissioner a statement showing, as of December 31st of the preceding year, (a) the aggregate amount of gross premiums and premium deposits and assessments collected during that year for insurance against loss or injury by fire, (b) premiums and premium deposits and assessments returned on cancelled policies during that year, (c) any dividends or refunds paid to policy holders or applied in part payment of any renewal premium during that year, and (d) *the aggregate amount of claims for loss or injury* by fire paid by the insurer during that year Each such statement so filed shall be a public record.

The Insurance Commissioner shall revoke the certificate of authority of any fire insurer which neglects or fails to file the statement required by this subdivision."

Amendment No. 2

On page 1 of said bill, strike out line 1, and insert

"SECTION 1. Section 1178 of the Military and Veterans Code is amended to read:

1178. If the petition complies with the requirements the board of supervisors at such meeting shall *set a time and place for a public hearing on the proposed formation of the district. Notice of the hearing, together with a description of the proposed district, shall be given by two publications in a newspaper of general circulation in the county, if there is one; if not, by posting the notice in three public places in the county.*

The first publication or the posting shall be not less than ten days before the time fixed for the hearing. In addition, notice of the hearing, together with a description of the proposed district, shall be mailed to each property owner within the boundaries of the proposed district, as shown by the maps and records of the county assessor, at least ten days prior to the date of the hearing. At the hearing every property owner within the proposed district shall be given an opportunity to present objections as to the inclusion or exclusion of property. Any property owner whose property is not within the proposed district may petition to have his property included. After considering the objections and petitions, the board of supervisors shall establish the boundaries of the district. It may adopt the proposed boundaries or may modify them to exclude any land which it deems not benefitted or to include any land the owners of which have petitioned to be included which is otherwise eligible for inclusion in the district under Section 1172 of this code [call a special election to vote upon the question of formation of the proposed district and to elect the members of the first board of directors thereof].

SEC. 2. Section 1179 of said code is amended to read:

1179. *Within ten days after the hearing the board of supervisors shall call a special election to vote upon the question of formation of the proposed district and to elect the members of the first board of directors thereof.* The special election shall be held upon a date not later than the sixtieth day after the *hearing* [meeting of the board at which the petition was presented]. At the special election, the proposition submitted shall be "Shall the proposed _____ memorial district be formed?" There shall be elected at the same election a board of directors consisting of five members."

REQUEST FOR UNANIMOUS CONSENT THAT COMMUNICATION BE PRINTED IN JOURNAL

Mr. Geddes asked for, and was granted, unanimous consent that a communication be printed in the Journal as follows:

ASSEMBLY, CALIFORNIA LEGISLATURE, April 29, 1949

Hon Sam L. Collins,
Speaker of the Assembly,
State Capitol, Sacramento, California.

DEAR MR. SPEAKER: Your Committee on Highways, Streets, and Bridges was granted until April 30, 1949, to make its final report.

April 30th falls on Saturday and the Legislature will be at recess and, since the several documents of the report are voluminous and some of the statistics should be as current as it is possible to make them, we recommend that they be printed separately, 500 of each.

We also recommend that those documents coming into our possession lately which refer to a second crossing of San Francisco Bay be referred to Mr. Dolwig, Chairman of the Assembly Fact-Finding Committee on Tideland Reclamation and Development in Northern California.

It is further recommended that the material pertaining to investigation of political activity by state employees be referred to Mr. Stewart, Chairman of the Committee on Governmental Efficiency and Economy since the subject matter has broader implications than relate to an employee of the Department of Public Works alone.

Respectfully submitted,

ERNEST R. GEDDES
FRANCIS DUNN, JR.

MESSAGES FROM THE GOVERNOR

STATE OF CALIFORNIA, GOVERNOR'S OFFICE
SACRAMENTO, April 29, 1949

To the Honorable Members of the Assembly
State of California, Sacramento, California

GREETINGS. I am returning herewith, without my signature

Assembly Bill No. 1605, entitled: "An act to amend Section 189 of the Code of Civil Procedure, relating to destruction of court records."

My objections to this bill are as follows:

That section at present provides for the destruction of certain papers and exhibits in justice's courts, and provides that the cost of the publication called for and other costs shall be a county charge. In adding city courts and police courts to the section an appropriate change was not made with regard to the cost of destruction, so that inadvertently it is provided that the cost of this step in city and police courts becomes a charge upon the county

I am informed by the author that this was not the intention, and he has given his consent to this veto of the measure The result sought to be obtained by this measure can be accomplished by the adoption of its companion, Senate Bill No. 279, with an appropriate amendment.

Respectfully submitted,

EARL WARREN, Governor

Above bill ordered to unfinished business file.

ANNOUNCEMENTS

Mr. Davis announced that the train will leave Sacramento at 8 a.m. next Saturday morning, May 7th, for the Shasta Dam trip to which members, their wives, and the attaches, have been invited. The train will arrive in Redding at 11.45 a.m. Luncheon and a nation-wide broadcast

will take place at the dam. A dinner picnic will be served on the train which will leave Redding at 6 p.m. Arrival in Sacramento is scheduled for 9.30 p.m.

PRAYER

The following prayer was offered by the Chaplain, Dr. Torrance Phelps:

Spirit of Beauty: We begin this merry month of May celebrated in history with the May Pole, with the hanging of May baskets and the scattering of flowers

Month of the richest and loveliest vegetation, of trees putting forth their buds, of the sap starting in the great trees

Of the opening of the fresh violets, of the lily of the valley and the poppy, of the fragrant lilac and the red bud

Month resplendent with beauty that shines from every horizon and glistens in dewy gardens, where all nature smiles

Grant now that the May-dawn enkindle within us some note of the rapture and laughter of spring that resounds in the music of the birds, of the meadow lark and scarlet tanager.

Even in dark hours may flower and bird song awaken our zest for living and power to perform our duties with cheerful ease and goodwill —AMEN.

"SEC. 2. Section 7452 of the Revenue and Taxation Code is amended to read:

7452. Applications shall be made on forms to be prescribed, prepared, and furnished by the board. *If an applicant for a license applies therefor to become authorized to acquire liquefied petroleum gas exempt from the license tax in pursuance of subsection (a) of Section 7401, and is not engaged in refining, manufacturing, producing, blending or compounding other motor vehicle fuel the board may limit the authorization granted by the license issued to such person to transactions in liquefied petroleum gas.*

SEC. 3. Upon the effective date of a license as a distributor of motor vehicle fuel issued to a person dealing in liquefied petroleum gas, who thereby will become qualified to acquire liquefied petroleum gas in pursuance of Section 7401(a) of the Revenue and Taxation Code on a basis exempt from the motor vehicle fuel license tax, the distributor so licensed shall thereupon be liable for the license tax with respect to all distributions of liquefied petroleum gas made by him, without regard to the fact that, prior to the effective date of the license, he may have acquired the liquefied petroleum gas at a price inclusive of motor vehicle fuel tax reimbursement.

SEC. 4. All persons owning and possessing liquefied petroleum gas, who have paid indirectly motor vehicle fuel license tax with respect thereto through the addition of the amount of the license tax to the price of the fuel by their vendors, and who qualify as distributors of motor vehicle fuel to whom liquefied petroleum gas may be sold without payment of the license tax, shall be reimbursed and repaid the amount of the tax so paid by them under the procedure prescribed in Article 1, Chapter 7, Part 2 of the Revenue and Taxation Code. For the purposes of such refund the total amount of such fuel owned and possessed by such persons when their licenses as distributors become effective shall be the basis upon which the amounts of refund are to be computed. If a claimant certifies that all of the liquefied petroleum gas the license tax on which is the subject of the claim is to be held by the claimant solely for the purpose of resale in the regular course of business in the form of tangible personal property, and if the Controller is satisfied as to the accuracy of the certification, he shall not make any deduction on account of sales tax as provided in Section 6357 of the Revenue and Taxation Code from the amount of refund otherwise allowable. All applications for refund hereunder shall be filed in duplicate with the Controller within thirty days from the effective date of the license as a distributor issued to the claimant. Any application filed after that time shall not be considered for any purpose by the Controller, the State Treasurer or the State.

SEC. 5. Any person who becomes a duly licensed distributor of motor vehicle fuel to whom liquefied petroleum gas may be distributed without liability for the license tax imposed by this part who has theretofore disposed of liquefied petroleum gas owned and possessed by him under such circumstances as to entitle him to a refund of the amount of the license tax added to the price at which he purchased the liquefied petroleum gas must file his application for refund of the license tax with the Controller within ninety days from the effective date of the issuance of a license as

distributor to that person, or within twelve months from the date of his purchase of the liquefied petroleum gas, whichever period first expires.

SEC. 6. This act, inasmuch as it provides for a tax levy, shall, under the provisions of Section 1, Article IV, of the Constitution, take effect immediately; provided, however, that no license as a distributor of motor vehicle fuel, issued in pursuance hereof to a person who would thereby become qualified to acquire liquefied petroleum gas on a basis exempt from the motor vehicle fuel license tax under Section 7401(a) of the Revenue and Taxation Code as hereby amended, shall become effective prior to October 1, 1949."

Assembly Bill No. 2068, on motion of Mr. Fleury.

RECOMMENDATION OF THE GOVERNOR

In accordance with Article IV, Section 34, of the Constitution, the Governor presented the following communication recommending the passage of Assembly Bill No. 1364:

STATE OF CALIFORNIA, GOVERNOR'S OFFICE
SACRAMENTO, April 29, 1949

To the Honorable Members of the Assembly
Sacramento, California

GENTLEMEN

Assembly Bill No. 1364, "An act making an appropriation in augmentation of the appropriation in Item 341 of the Budget Act of 1948, for educational assistance to veterans, Department of Veterans' Affairs, to take effect immediately,"

in my opinion constitutes an emergency bill within the meaning of that term as used in Section 34 of Article IV of the Constitution of the State of California, the consideration of which should not await the final enactment of the Budget Bill.

This bill provides an additional appropriation for educational assistance to veterans for the balance of the present fiscal year. This matter is one of urgency because as of March 31, 1949, the available funds for educational assistance to veterans are over-encumbered to the extent of $194,690. Additional requests by veterans for educational assistance for the spring semester are still being received. In order to pay these claims it is necessary that this measure be passed by the Legislature before enactment of the Budget Bill.

I therefore recommend consideration of Assembly Bill No. 1364 as an emergency measure.

Respectfully submitted,

EARL WARREN, Governor

Message read.

REQUEST FOR UNANIMOUS CONSENT THAT REMARKS BY SPEAKER RELATIVE TO ASSEMBLY CONCURRENT RESOLUTION NO. 75 BE PRINTED IN JOURNAL

Messrs. Cramer and Heisinger asked for, and were granted, unanimous consent that the remarks by Speaker Sam L Collins relative to Assembly Concurrent Resolution No. 75 be reduced to writing and printed in the Journal.

REMARKS BY SPEAKER SAM L. COLLINS RELATIVE TO ASSEMBLY CONCURRENT RESOLUTION NO. 75

Despite the fact that he was a Member of the Senate, his interest in this body continued, and almost daily the Speaker pro Tempore or myself, as Speaker, could observe this genial former member seated in the rear of the Assembly Chamber listening to the debate and observing the actions of his former colleagues

His passing will leave a void in the ranks of this body and that of the Senate that may never be filled. No one could serve as long and as faithfully and make the number of friends as did Mike Burns without being so sorely missed.

Unpretentious as he was able, unassuming as he was genial, without striving, he reached this high pinnacle in public esteem.

"Mike prayed not that
Men trembled at
His power of place
And lordly sway,
He only prayed for simple grace
To look his neighbor in the face
Full honestly from day to day
Yield to him his horny palm to hold
He would not pray for gold.

The tanned face, garlanded with mirth
It had the kingliest smile on earth
The swart brow, diamonded with sweat
Had never need of coronet
And so did reach, Dear Lord, to Thee
And did beseech
Thou givest me
The wee cot, and the cricket's chirr
Love, and the glad sweet face of her."

Modest in living, modest in his passing, he attained his stature of grandeur in the hearts of men.

FINAL REPORT OF THE INTERIM COMMITTEE ON THE JUDICIAL SYSTEM AND JUDICIAL PROCESS

LETTER OF TRANSMITTAL

ASSEMBLY, CALIFORNIA LEGISLATURE, April 15, 1949

Hon. Sam L. Collins
Speaker of the Assembly

DEAR MR. SPEAKER: Attached herewith is the Final Report of the Interim Committee on the Judicial System and Judicial Process created by House Resolution No. 226, at the 1947 Legislative Session.

Very truly yours,

FINAL REPORT OF THE ASSEMBLY INTERIM COMMITTEE ON THE JUDICIAL SYSTEM AND JUDICIAL PROCESS

To the Honorable Sam. L. Collins, Speaker of the Assembly, and to the Members of the Assembly

The Interim Committee on Judicial Process created by House Resolution No. 226 [1] herewith submits a final report.

The committee has held many meetings throughout the State of California, has interviewed leaders, as well as laymen, in all fields in connection with its study of existing civil criminal and procedure laws. At these meetings members of the Supreme, superior and lower courts, constitutional officer, district attorneys, probation officers, attorneys, as well as many members of the public who have presented specific problems to us [2]

The members of this committee have diligently and sincerely worked long hours on the various matters which are set forth in the house resolution. Our committee has accomplished a great deal without much expense to the State; our total expenditure being $8,197.78 Except for one or two instances, the committee has engaged no investigators and we have not hired any experts, but the members have personally looked into each of the problems set forth in this report as well as many others too numerous to mention.

The committee has hoped by its report and its study to be able to attack the problems presented to the regular Standing Judiciary Committee More time has been given to the public on the presentation of their problems. The members of the committee have likewise received a

[1] Exhibit A.
[2] Exhibit B.

valuable insight into these problems and are in a position to assist the regular standing committee when these matters come up for hearing.

Adoptions

The sad side of our investigation was studying adoption. Here is a difficult problem.

Representatives of agencies and others testified on the countless number of parents wanting babies and the lack of such a supply. One home placed 400 children in one year with over 2,000 applications.

Yet, on the other hand, we learned of the many orphans of various ages in foster homes throughout California with little chance of ever being adopted.

How to get the two groups together is the important question

The commitee received a great deal of testimony in connection with present laws for the adoption of children, and particularly the establishment of a children's court (See A. B No 2195 by Assemblyman Rosenthal).

It was proposed to the committee that a central register of all adoptable children through the State be established, that mothers should not be able to withdraw relinquishment without consent of the court, and to provide that children may be declared free of parents even though there is no petition for the adoption of said children.

The committee does not recommend a central register of such children, as we feel there is no way to enforce the same, and feel that the advantages would be minor

The committee heard a great deal of testimony on "Black Market Babies" and find that, in many instances, a mother would actually (in conjunction with a doctor) make arrangements for her unborn child to be born in a hospital under the name of the woman who was adopting this child.

A couple desiring to adopt a baby would make some financial arrangements, amounting to hundreds of dollars, with a doctor who knew of an unwanted expected child. The mother would give birth to the child in a hospital using the foster parents' name. This procedure avoids all types of adoption regulations, and is supposed to exist throughout the southern part of California.

We found that they were selling these babies from $1,000 to $1,800.

Other examples include those foster homes which refuse to let children out for adoption because the homes apparently make more money on the support of these children.

There also appears to be a situation of natural mothers signing releases letting the adoptive parents think they are adopting the child. Later the mother withdraws the relinquishment, unless she can collect a sum from these parents, or then places the child in another home, doing this several times.

In summarizing the whole adoption situation, the fact remains that whether or not the foster parents pay $100 or $1,800 to either the natural mother, the doctor, the black market operators, or adoption organizations, the baby at least gets a much better environment in being with people who want the child as compared with the child being either raised by an unmarried mother or placed in a foster home or orphanage. Naturally, this is not the desired way to handle the problem.

The committee finds that there seems to be a desire on the part of some adoption agencies and state and local welfare departments to discourage and hinder most adoptions. This is done by well-meaning members of those organizations who apparently have the interests of both the child and parents at heart, but the method used is confusing and discouraging to the prospective foster parents anxious to adopt children. Foster homes often keep the child for years as a county charge, and yet the persons desiring to adopt children are unable to obtain them.

The committee recommends the following changes in the adoption laws or changes in present policies:

1. The relinquishments given by the parents or parent, should not be withdrawn without some court protection to the child, the natural parents and the proposed parents.

2. No recommendations as to Assembly Bill No. 2195, setting up a child's court, but that further study should be devoted to this phase.

3. The Department of Social Welfare should speed up adoptions wherever possible, and should have the necessary help.

4. The Department of Social Welfare should protect the interests of the child at all times, rather than to advise the natural parents or the adoptive parents.

5. The Department of Social Welfare should approve adoptions where at least the child will get a much better home and would otherwise be possible.

Auto Accident Commission

Honorable George D. Collins, member of the interim committee presented to the committee his plan for an Automobile Accident Commission similar to the Industrial Accident Commission; that is, a commission would be set up which would hear all automobile accident cases by means of a referee. The commission would determine the question of liability, the amount of medical treatment and hospitalization required and compensation for the person until he is able to return to work. Mr. Collins stated that at the present there are too many ambulance chasers which clutter up the civil courts, that the judgments in many instances are too large, that it is difficult to get proper medical testimony and that in many instances the person guilty of negligence is not financially responsible. He stated the fact that in San Francisco 71 percent of the jury cases are for auto accidents. That it is very expensive to the State considering the payment of the court, the jury, and all attaches.

In Mr. Collins' plan the question of negligence or nonnegligence would not be considered. In other words there would be compulsory automobile insurance and the commission would determine merely whether the victim was injured on the public streets or not.

He stated this would naturally reduce the amount of money now being awarded in such accident cases. It would naturally assist those victims now hurt who can recover nothing because of the lack of insurance or financial responsibility of the negligent person and the inability to locate witnesses, competition with high priced insurance attorneys and perjured testimony.

Mr. Collins would provide for compulsory insurance payment to the injured whether or not he is guilty of contributory negligence or wilful misconduct.

The committee has found it more or less impossible to make any recommendations upon this subject due to the tremendous problem proposed and the need for additional study.

Committee Meeting With the Criminal Law and Procedure Commission

The committee invited the Criminal Law and Procedure Commission to discuss the results of its study on the need of changes in the criminal law. Judge Isaac Pacht, Chairman, and the members of the commission presented a series of subjects such as changes in dual pleas in murder cases, unification of penalties, improving the public defender system in California and many others.

Judge Hartley Shaw, of the Superior Court of Los Angeles, presented his revision of the procedure in the inferior courts. This is a result of many years study and work on this subject.

The committee has introduced many bills on the revisions suggested by the commission including Judge Shaw's revision of the inferior court procedure.

All of the above bills are included in a series commencing with Assembly Bills Nos. 2557 to 2599, inclusive.

By the introduction of these measures it is not to be assumed that the committee approves all of them, either by fact of signing as an author or by the failure to sign. In some cases several bills are included on both sides of some controversial subjects such as the removal of limitations on courts to grant probation, or the elimination of dual trials in insanity trials.

California Aeronautics Act

Mr. Warren Carey, Director of the State Aeronautics Commission testified before the committee as to the need of the restoration of the Guest Liability Law. He reported that this law, which had been on the statute books for many years, was inadvertently repealed when the Legislature created the new Aeronautics Commission. He further discussed the need for a Labor Lien Law similar to the present Automobile Labor Lien Law and the need for an act to make it a felony to take an airplane without the owners' consent, and the need for a law making it a misdemeanor to tamper with or damage an airplane.

The committee makes the following recommendation:

(1) The Guest Act be restored to the present law by urgency legislation.

(2) A Labor Lien Law be adopted similar to the present Automobile Labor Lien Law in the Vehicle Code.

(3) An act be passed to make it a felony to take an airplane without the owners consent and also a crime to tamper with or damage an airplane. (Same as in Vehicle Code.)

These proposals are covered by Assembly Bills Nos. 431, 432, 433, and 434.

The Court System in California

The committee has studied the question of a revision of inferior court system. We have met with the Chief Justice of the Supreme Court of the State of California, the Honorable Phil S. Gibson, members of his staff and many others interested in this problem.

There is a need for a change in the present system. There are over 700 lower courts, with interlocking jurisdiction, one judge presiding over two courts, such as a justice court and a police court, some courts refusing to take certain cases because of self imposed rules, and many other situations which do not promote justice to the public.

The committee has introduced a series of bills, being Assembly Bills Nos. 1814 to 1823, inclusive, and a Constitutional Amendment No. 49, which would create a new justice court below the level of a municipal court, and abolish all city, magistrate, police, Class B and Class A justice courts.

The new justice court would have a jurisdiction up to $500. Municipal courts would be set up in all districts of over forty thousand population, and the Legislature would have control over the number of courts or departments and the salary of the judges. The boards of supervisors would fix the boundaries of the districts and appoint judges to vacancies in the justice court.

Bail Schedules

The committee received certain testimony and information from clerks of municipal courts and judges of those courts, concerning bail schedules.

It was brought to the committee's attention that in many instances the bail schedules were very excessive for minor crimes or that certain judges follow the practice of raising the bail whenever a defendant pleads not guilty and asks for a jury trial.

Retirement of Judges

The committee discussed this problem with Judge Andrew Schottky as the representative for the Judges Conference of California and have generally come to the conclusion that a constitutional amendment should be presented to the Legislature providing for compulsory retirement of judges at the age of 75 with a 50 percent pension, and the State supporting the Retirement Fund up to $30,000. There is approximately $800,000 on hand in the present Retirement Fund which appears to be more than adequate to take care of any retirements at 75 years.[3]

It is also suggested and requested that the Legislature set up a new plan for removing judges from the bench for disability. It is embarrassing for the Governor to have to do this under the present law. Many judges should be retired because of physical disabilities but continue to draw their checks for many months without doing anything in the way of service.

The Courts

The matter of compulsory retirement at 75 has been approved in face of the fact that there are many capable judges over that age.

In a confidential survey among attorneys, it was found that the judges are re-elected in spite of their physical inability and believe above 75 that these judges often have cases which have not been decided by them for a period of months and years and are circumventing the law which requires a sworn statement as to the disposition of all cases before them in order to draw their pay-checks by requiring the attorney to re-submit or re-argue the case. The attorneys are not in a position to

[3] Exhibit C.

object but the clients and public lose respect for the courts when matters are not settled promptly.

The proposed constitutional amendment, Assembly Constitutional Amendment No. 8, would give adequate power to the Judicial Council to assign all judges retired to courts throughout the State so that those judges with ability can be continued in service.

The committee finds that the present method of paying judges throughout the State varied amounts, depending upon the county, from $7,000 to $15,000, is unsatisfactory. All judges of the superior court should receive identical pay and be required to serve throughout the State on the assignment by the Judicial Council. However, this needs more study; though a bill, Assembly Bill No. 2691, has been introduced to classify judges in three classes, paying $15,000, $12,000 and $10,000.

The committee has also considered the possibility of creating superior court judges at large in the various appellate court districts. These judges could be elected on the same basis as appellate court judges and be required to go wherever the Judicial Council might assign them.

District Attorney Holds

Members of the committee were very disturbed over the practice of minors being held by the district attorney as material witnesses. Both in San Francisco and Los Angeles the matter was thoroughly discussed with the helpful cooperation of District Attorney Edmund G. Brown of San Francisco, and William Simpson,[4] Los Angeles District Attorney. In sex cases the district attorney finds it necessary to hold the victim as a witness, because in many instances the girl, if allowed to return home to a usually substandard family, is subject to influence by the defendant charged with the crime.

The defendant is always able to get out on bail, and it is to his interest to have the case continued as long as possible. These girls often are confined in detention homes with other children who are actually delinquent, which creates a very difficult situation.

The committee recommends that the court and the district attorney's office in these particular types of cases should make every effort, where the child is being held as a material witness, to bring the case to a speedy trial, and that, though the defendants rights should be carefully safeguarded, nevertheless, too much harm is done if the child is retained in custody for a period exceeding 30 days The victims of these sex cases should also be made to prevent the requirement that the victim has to tell the story more than the minimum number of times.

The committee also discovered a situation under the holding of men charged with sex offenses. In many instances the defendants plead guilty to a lesser charge—to what is popularly known as a "lewd vag"; in this way their record shows a score of such charges. The law should be changed so that the classification of "vag" does not include the possibility of a plea where a sex case is involved. In this way, the defendant's record will actually show his previous offenses, so that he may be treated accordingly. In too many instances the law enforcement agencies are anxious to get a conviction rather than to take a chance on having to spend money to try the man on the charge that he should legitimately be

[4] Exhibits D and E

charged with. The sooner this is done, the sooner will these sex offenders be clarified for future attention should they ever get in difficulty again.

Walter Gordon, Chairman of the Adult Authority, testified that 80 percent of all convictions are by pleas of guilty, and that two-thirds of this number plead guilty to crimes less than the original charges. This question of compromising between the district attorney, defense counsel, and the courts naturally creates a problem with administration of justice, not only with the public, but with the defendant himself.

Gambling

One of the problems brought to the attention of the committee by its members and reports of the press, was the question of gambling in California, and whether there is need for any changes in the present law.

Our funds have been limited. We have not hired any full time investigators, but have relied on the activities of the members to personally examine into the present situation about which there has been so much discussion.

Our committee has not gone into the fields of organized crime for various obvious reasons, one of which being our lack of funds, and another because this commission has been more than active in this field.

However, we have given everyone desiring to appear before our committee an opportunity to advise us as to the needed changes in present gambling laws as well as present situations now existing.

Bookmaking

Bookmaking is a popular subject. Everyone talks about it like the weather, but no one does anything about it.

We believe that the public is confused about bookmaking, that it cannot understand how it is illegal to bet on horses outside of a legal fence drawn around certain race tracks in California, but perfectly legal to bet on the same horse within this legal fiction. This does have a moral aspect.

While the voters legalized pari-mutuel betting within the confines of certain tracks, nevertheless, the same bettor no doubt, feels that, if he loses a dollar within the tracks, he has lost it just the same as if he had bet through a bookie.

Because of this belief, we find that the bookies exist to take care of the public's demands.

The committee finds that many newspapers, including *Racing Form*, in the State are helpful in furnishing information to the potential bettor. These papers—some of which, by the way, are generally fighting the bookies on the front page—print the entries for tracks all over the United States, and not just the California tracks. Selections and tips are furnished by the papers' own sport writers, plus advertisements by concerns who guarantee to furnish winners. The results of the races for the day before are likewise printed, and if the newspaper is published in the afternoon, the results of the latest races are printed on the front page of that paper.

One question arises: Do the newspapers actually expect that the readers of the sports page are either going to visit the tracks in the East on the day the entries are printed, or to make a bet with some bookie? The

answer is obvious. In other words, the Southern California papers, running entries of Northern California tracks know that no reader will visit any tracks, but must furnish the information to bettors for the bookies.

Now, the committee realizes that quick results of races are important to the bettor. Those bettors in the horse parlors naturally want the results immediately. These persons bet on whatever horse they believe may be a winner without much previous knowledge, and want the results of the race as soon as possible so that they can rebet their winnings, if any, on the next race. This is, in effect, a lottery.

While the existence of such parlors is important to certain groups of bettors, yet the number of bookies arrested in the various cities for making books on the street and in the bars is very much greater than the arrest of the operators of the so-called parlors or central clearing offices. In other words, in most towns the bets are placed by bettors over the phone or on the street, based on information they have picked up elsewhere than in a parlor. This information must either come from tips or from the newspapers or racing forms, because the bookie on the street certainly is no fountainhead of information as to the various track entries for that day.

Bookies are being arrested in great numbers. In Los Angeles our committee discussed this problem, after it was brought to our attention by the statement of Judge T. L. Ambrose that bookies were being released too rapidly by writ of habeas corpus.

In testimony before the committee it was apparent that the Los Angeles Police Force was extremely busy in arresting men for making book on the streets. However, as fast as these bookies were arrested and taken to jail, they were released on writ of habeas corpus on the grounds that there would be no complaint filed by the district attorney.

There then appeared a situation with the police arresting the bookie, the district attorney refusing to file a complaint because of lack of evidence, and the judge releasing the bookie.

We found that a certain few attorneys and bail bond brokers were appearing for the bookie, furnishing the writ of habeas corpus and the bail bond, receiving anywhere from $25 to $50 per case, and handling from 10 to 20 cases per day.

We quote from the testimony of Judge Ambrose:

> CHAIRMAN: Are they (bookies) held for a period of time?
>
> JUDGE AMBROSE: Not if they can get away with it. The writ is filed in the police station before the defendant is brought in. Develops into a competitive contest, once they had two writs on the same man, the same defendant.
>
> Another thing, attorneys petition for writs who are not attorneys for the defendant at all, but for some bail bond company. They file petition and we have granted them where petition shows on face the man was not in custody.
>
> CHAIRMAN: Do they (attorneys) use a preprint writ?
>
> AMBROSE: Yes, these attorneys carry them partially filled out in brief cases_____. Either license bookmaking or making it a misdemeanor.
>
> CHAIRMAN: That would bring some revenue into the State.
>
> AMBROSE: Certainly, I understand that race tracks oppose making it a misdemeanor. I don't know why.

GEORGE COLLINS: In San Francisco they prosecute them under a felony.

AMBROSE: How many do they actually prosecute?

COLLINS: The real bookies just don't come in. It is just foolishness to say the police don't know where they are.

AMBROSE: My suggestion would be that the police department and judges follow the law and not make any arrangement until it is proven that the person is in custody.

Concerning the active campaign of the Los Angeles Police Force in arresting bookies, the problem appearing is the inability to obtain sufficient evidence to warrant the district attorney in issuing a complaint. In many instances, the plain clothes officers would make a bet with the bookie, and arrest him while he would be writing down the information. In other cases, the arrest would be made while the bookie would be taking a bet from a bettor. In no cases did we find any effort to arrest any bettors.

We quote from testimony on this phase:

CHIEF OF POLICE HORRELL OF LOS ANGELES: The whole thing hinges on Penal Code Section 337a, states that it is a felony. Majority of the people are in the same corner that Volstead Act was during prohibition. We have a lot of curbstone bookies. It is extremely difficult to get evidence that is required for a complaint. The officer sees money change hands. There is no question in his mind what it is. Is he going to pass it up? The police officer knows that a felony has been committed.

ASSEMBLYMAN SHERIDAN: But he doesn't have enough evidence at the time. He prejudges the case.

ASSEMBLYMAN ROSENTHAL: Why not arrest man who places bet and not only the bookmaker if you are ever going to break this up.

This system used in Los Angeles is to continually arrest these men, more or less on a nuisance basis. However, it does little good with the activities of attorneys and bail bond brokers who are always ready to file a writ and issue a bail bond, even before the arrested bookie gets to the police station; the use of alias names in the arrests by the bookies; the immediate release because of lack of evidence, puts these bookies back in circulation again. Those who are unfortunate to get a jail term, if convicted, are quickly replaced by others on the streets and in the bars to receive the bets again. No noticeable effort seems to be made to cut off telephones and to reduce local bookmaking above the bookie class.

Other Forms of Gambling

As long as the Constitution and laws of California make gambling illegal, excluding the pari-mutuel race tracks, then it is just as illegal for an organized group to violate the law as for an unorganized group to do so. The picture in the State appears to be that the law enforcement agencies want to wink at what their friends want to do, but put in jail anybody else from outside their own territory.

It is poor policy to say that the local group can do it but no one else. The person who likes to gamble loses the same money to either group. Of course, there is bound to be political corruption if an outside group is permitted certain favors, but this differs little with the situation

which allows the home-towners certain rights merely because they are local. The principle is the same, only the payoff is different. It would be similar to electing a gambler sheriff. He just wouldn't enforce the anti-gambling laws regardless of payoffs.

Every member of the committee, as well as the Members of the Legislature, has been aware of the lotteries being operated throughout the State by various charitable and unofficial governmental groups who sell tickets on homes, automobiles, blankets, and other objects. These are lotteries under the law, even if the price of the ticket is supposed to be a donation.

We have found slot machines throughout the State. We have not been in every county in the State, but have been in sufficient numbers to see the one armed bandits either pay off in cash or over the counter with the free play machines.

The public apparently wants slot machines. Many private clubs use them to pay off the debts of the organization and for other purposes.

The public's desire can be debated from a moral standpoint as to whether a majority wants such machines or not. If such are not desired, the opponents usually make little to-do about it, as indicated by the failure of law agencies to do much in enforcing present laws

We do not know who owns the slot machines in California, but we know that the United States Internal Revenue Department has a list of the locations of all machines which pay a federal tax. These lists have been available for years to the enforcement agencies. No local groups seem to avail themselves of this information.

Penal Code Section 335 sets forth the law as to the duties of local officials as follows:

> Every district attorney, sheriff, constable or police officer must inform against and diligently prosecute persons whom they have reasonable cause to believe offenders against the provisions of this chapter and every such officer refusing or neglecting so to do is guilty of a misdemeanor.

The existence of slot machines, bookies, and other forms of known gambling is within the province of every law enforcement officer in the State. No one need worry about any other problem than to enforce the law in his own area, to rid the various counties of gambling problems or any other law violation.

There are many clean counties in the State. In many counties the district attorneys absolutely keep out slot machines by enforcing the present law, regardless of court interpretations that mere possession is not illegal, but only illegal where the machines actually pay off when operated.

District Attorney John Quincy Brown of Sacramento County appeared before our committee to discuss the operation of the county's slot machines ordinance, which makes possession illegal. This law has been adopted in several other counties.

The difficulty with such an ordinance is that it does not affect the operation of slot machines within incorporated areas in the county. The result is that slot machines exist within those cities, and the district attorney and sheriff get blamed for not enforcing the laws. The committee has observed slot machines being played within the shadow of the Capitol dome.

Our committee has heard a great deal about pay-offs to public officials. Whether such exists or not is hard to say. We do say, however, that if there is any question of a single pay-off to any official, that matter should be brought out in the open. The public is entitled to know of such facts. But we may conclude that much protection money is collected, although it may never reach any public official's hands.

Confidence in public officials is the most valued asset of our government. Any actual or implied pay-offs have a bad effect on the citizen, as well as on the person who is making what he thinks is a pay-off.

While the general public has a tendency to believe that all public officials, including the Members of the Legislature, are corrupt, we feel that the only way to offset this attitude is to have strict enforcement of all laws, repeal of those laws that the public does not want, and the passage of the necessary laws to give the law enforcement officials the tools with which to work. Then these men, the officials, should either resign or enforce the law.

There are several counties in the State wherein all forms of gambling exist, just like Nevada. There is no pretense to hide the roulette, dice, blackjack, and slot machines by entrances to secret rooms or private clubs. One county is very popular with tourists, and even Members of the Legislature and lobbyists.

In this county in particular, the condition has existed long before any thought was given to organized crime. This situation is one within the entire province of local officials and the local public, who seem to want it.

In cases of this nature, efforts of outsiders to go in to prevent such activity results in little success.

To quote from testimony on this phase:

ASSEMBLYMAN SHERIDAN: I think that if you attempt to have a prosecution you will find out that all of the local boys go scot free and the boys from out of town will be convicted, irrespective of the merits of the case.

ASSEMBLYMAN COLLINS: In _____ County, I went up there one Sunday morning and the children and everybody else were playing the slot machines right in the open. In fact there are slot machines right now in San Francisco. It has been a violation of the law and as I say, I saw a sheriff's deputy in _____ watching a crap game up there in uniform.

In one county, two members of the committee found that there was an agreement between the operators of the gambling houses within the city and those outside, to keep slot machines out of the city. This would give the houses on the edge of town the advantage from a competitive standpoint.

Recommendations

The committee does hereby recommend to the Assembly that it adopt a bill making it a misdemeanor to have a slot machine in a person's possession. Such legislation would clear up the court's decision on this subject that mere possession is not illegal, but only when the machine makes a payoff, or there is a payoff by someone.

The committee has introduced two bills on this subject. Assembly Bill No. 437 amends Penal Code Section 330a by making mere possession of a slot machine illegal. Assembly Bill No. 2556 has also been introduced

to likewise make possession a crime, and is based on the county ordinance now in effect in Sacramento County.

As far as bookmaking is concerned, we feel that the law should not be changed or the punishment reduced from a felony to a misdemeanor. Though some counties charge the bookies with a misdemeanor, other counties have success with a charge of felony. We feel that the retention of the penalty as a felony is good, and is a serious detriment to this racket where the prosecution attempts to stop bookmaking.

The laws of the State on gambling should be enforced and none repealed. There has been discussion of the repeal of the lottery laws, which would make gambling legal, but our committee feels that such is not wise.

Better prosecution of present laws against bookmaking, including the arrest and prosecution of the bettor, would likewise slow down the betting process. We have noted that the bettor is hardly ever charged with any offense, or if so, only a minor fine is levied against him. The bettor and the bookie are forming a conspiracy, which is punishable under the present conspiracy law.

The gambling, legally allowed within certain areas, is not available to the average citizen, and the arbitrary demarcation point as to what is legal horserace betting, and what is not, is demoralizing to the enforcement of present gambling laws.

The fact that some counties have slot machines and others do not, some allow raffles on new homes, cars, blankets, and other articles, while the same is illegal in the next county, causes a mistrust of our government and its officials.

The hypocrisy of some gambling being legal while other forms are not, can be the potential ruination of good government.

Our citizens must not be taught to evade the laws that the Legislature passes. The public generally leaves the enforcement problems to its proper agencies, who usually are short in funds. We feel that these public officials should be given more moral support and paid adequate salaries.

The grand juries should tackle these responsibilities, the district attorneys, sheriffs, and police officers should strictly enforce all laws, although this is not the popular way. This enforcement will take care of the present problems now before the counties in the State of California.

We commend the public officials who are taking their work seriously, and find that many counties are in excellent shape.

Industrial Accident Commission

The committee received testimony from members of the Industrial Accident Commission and their supervising referees as to facilities being available for hearing rooms throughout California.

Evidence presented to the committee indicates that the Industrial Accident Commission has no regular places for hearings throughout the State. In the small country areas, the commission has to rely on the good nature of the various court rooms and supervisors' chambers. The applicants for industrial compensation are often confused in being unable to locate where the hearings are to be held and unable to understand the seriousness of the hearings particularly when held in the back room of some store building.

There are many hearing rooms in the state buildings scattered throughout the State that are not made available to the Industrial Accident Commission, and in some cases it is necessary for the commission to rent a room for just the necessary one day, yet have no funds in their budget for such rent.

The decisions rendered by the commission affect thousands of injured workers every year, and awards are in the millions of dollars. While other courts such as municipal and justice courts have clerks and bailiffs and other facilities, the hearing official of the commission has nothing.

While it is true that all of their hearings could be heard in the large cities where facilities are better, it is impractical and expensive to require the applicant to make such a long trip.

We recommend that the Assembly adopt a resolution that state buildings be made available to the Industrial Accident Commission.

Publication of Legal Notices

A survey of the legal publications situation was recently made by Lawrence Allyn of the Legislative Counsel and the Code Commission. This study shows the following information:

Number of times publication is required	*Number of laws*
Once	216
Twice	96
Two days	2

"In 56 cases provision is made for publication in one or more than one newspaper. In 367 instances there were miscellaneous variations from the usual provision regarding publication.

"We believe it is apparent from the foregoing statistices that standardization of the number of times that a notice is required to be published is not only desirable but will result in greater certainty of meaning than the laws under consideration. For example, the laws requiring publication for 30 days, for one month, for four weeks, and once a week for four weeks, could well be made uniform in their provisions.

"It has been suggested that standard provisions be set up in the law regarding the manner and number of times of publication of legal notices. These provisions could provide for several classes of types of publication. For example, a Type 1 class of publication would require publication once, Type 2 would require publication once a week for two weeks, and so on. Then the various statutory provisions regarding publication of notices could be amended to eliminate their specific provisions regarding time and manner of publication and provide instead that publication should be made as a Type 1 or Type 2, etc., notice."

As a result of such a study certain bills have been introduced at this session though it is not definitely agreed upon as to the increase and reduction of the number of publications as set forth in the bills introduced.

It was suggested to the committee that a summary of all the legal publications be printed and made available for public purchase inasmuch as the present system is so complicated.

Assembly Bill No. 2948 was introduced to cover the subject of standard provisions as well as other bills from Assembly Bill No. 2949 to Assembly Bill No. 2967 to make possible a start to change over to this system.

San Quentin

The committee has received complaints from attorneys and others that there were improper facilities for the interview between the attorneys and prisoners in the San Quentin institution The chairman visited San Quentin and made an investigation of this problem, and found that there is adequate arrangement now existing for prisoners to consult with their attorneys with no barrier between them, nor with any guards within hearing distance of the confidential matters being discussed. Facilities are also available for the discussion of such cases in the executive guard's office.

With condemned men, it is the rule that the attorney is required to discuss the matter with him through a screen, but conversations between the parties are entirely confidential.

There is no limitation upon the number of visits the attorney may have with his client in the institution, and there are no brilliant lights to interfere with the attorneys confidential relationship with his client.

Women's Prison at Tehachapi

Due to the fact that there had been some criticism of comparisons between the length of time women are retained in Tehachapi before being paroled as compared with men charged with similar offenses. The chairman of the committee sat with the trustees during one of their regular meetings.

The facilities at Tehachapi are very adequate for the women, although there is the difficulty in obtaining women attendants because of the extreme distance from Los Angeles and Bakersfield.

This distance also has its advantage in that it makes it rather difficult for women inmates to escape from the institution.

A chart [5] is attached to this report showing a comparison between the time required to be served by women with the time required to be served by men, which chart is self-explanatory. In some instances, women serve a greater period of time for the same crime than the men do, such as grand theft, while in other cases, such as murder and bad checks, the women appear to be paroled sooner.

Most of the women are confined for manslaughter and bad checks, with grand theft being third.

The members of the board are very sincere in their attempt to fix the sentences of the women according to the gravity of the offense and the circumstances, and because of the fact that there are only approximately three hundred women in the institution, are able to devote sufficient time to discussing the inmates' personal problems.

Conclusion

The members of this interim committee sincerely believe that much has been accomplished by them during the past two years toward reaching an understanding of the various problems presented to the committee. This report has not, however, attempted to cover all of the subjects presented.

As a result of our work, each member serving on the interim committee is in an excellent position to advise the Standing Judiciary Committee on the various bills at this session; and with some six hundred bills in Judiciary Committee, this pre-study of legislation has made the work of the whole committee move more rapidly.

There are many fields yet remaining to be examined. Also, much demand has been made for a more thorough study of the adoption laws and a standardization plan of salaries for all courts in California.

We, therefore, recommend that the Assembly Interim Committee on the Judicial System and Judicial Process be continued.

Exhibit A

House Resolution No. 226

Relative to the creation of the Assembly Interim Committee on the Judicial System and Judicial Process

WHEREAS, The existing Judicial System and the structure, composition and jurisdiction of the courts of the State, including selection, compensation and retirement of judges, and judicial procedure and the administration of justice have developed by separate amendments to the statutes, largely without planning or coherence, the result being the lack of a well-ordered judicial structure; and

WHEREAS, There is a serious lack of uniformity and balance in both substantive and procedural provisions of the law, especially provisions of the Code of Civil Procedure and the Penal Code; and

WHEREAS, There is great need of a thorough investigation into all phases of the Judicial System of the State, and the administration of justice therein, in order that facts may be obtained and correlated as a basis for future legislation; and

WHEREAS, The facts relating to said subjects can best be secured by a fact-finding committee of the Legislature; now, therefore, be it

Resolved by the Assembly of the State of California, As follows:

1. The Assembly Interim Committee on the Judicial System and Judicial Process is hereby created and authorized and directed to ascertain, study and analyze all facts relating to the subject of this resolution, and all facts included and in any way related to the subjects mentioned in the recitals hereof, including but not limited to:

(a) The composition, structure, jurisdiction and administration of the several courts;

(b) The method of selection, compensation and retirement of judicial officers and attaches;

(c) The procedure, process, and rules of the courts, statutory and otherwise;

(d) All provisions of the law relating to civil actions and remedies, and all laws relating to criminal procedure;

(e) All laws relating to publication of notices and service of process; including but not limited to the operation, effect, administration, enforcement and needed revision of any and all laws in any way bearing upon or relating to the subject of this resolution, and to report thereon to the Assembly, including in the reports its recommendations for appropriate legislation.

2. The committee shall consist of seven Members of the Assembly appointed by the Speaker thereof. The chairman shall be appointed by the Speaker. Vacancies occurring or existing in the membership of the committee shall be filled by the appointing power.

3. The committee is authorized to act during this session of the Legislature, including any recess, and after final adjournment until the commencement of the 1949 Regular Session, with authority to file its final report not later than the fifteenth legislative day of that session.

4. The committee and its members shall have and exercise all of the rights, duties and powers conferred upon investigating committees and their members by the provisions of the Joint Rules of the Senate and Assembly and of the Standing Rules of the Assembly as they are adopted

and amended from time to time, which provisions are incorporated herein and made applicable to this committee and its members.

5. The committee has the following additional powers and duties:

(a) To select a vice chairman from its membership.

(b) To contract with such other agencies, public or private, as it deems necessary for the rendition and affording of such services, facilities, studies and reports to the committee as will best assist it to carry out the purposes for which it is created.

(c) To cooperate with and secure the cooperation of county, city, city and county, and other local law enforcement agencies in investigating any matter within the scope of this resolution and to direct the sheriff of any county to serve subpenas, orders and other process issued by the committee.

(d) To report its findings and recommendations to the Legislature and to the people from time to time and at any time, not later than herein provided.

(e) To do any and all other things necessary or convenient to enable it fully and adequately to exercise its powers, perform its duties, and accomplish the objects and purposes of this resolution.

6. The sum of five thousand dollars ($5,000) or so much thereof as may be necessary is hereby made available from the Contingent Fund of the Assembly for the expenses of the committee and its members and for any charges, expenses or claims it may incur under this resolution, to be paid from the said Contingent Fund and disbursed, after certification by the chairman of the committee, upon warrants drawn by the State Controller upon the State Treasurer.

(This sum later increased $6,000 in 1948 Session.)

PRAYER

The following prayer was offered by the Chaplain, Dr. Torrance Phelps:

Infinite God: May we see this day that the eyes of the people of the State are upon us, and weighing our actions.

The eyes of family and friends are upon us, trusting that we may acquit ourselves with *honor.*

The eyes of self-seeking interests are upon us, thinking chiefly of their personal advantage.

The eyes of the public spirited and the truly patriotic are upon us, whose only *thought is the betterment of the State*

The eyes of youth look with awe upon this historic Assembly, and want their heritage transmitted unimpaired to them.

The eyes of the aged are upon us, knowing from experience only doing right pays.

Above all, the Eye of God is upon us, to brighten the spark of conscience.

May we follow the Inner Light, knowing that in the long run, our acts will then meet with the approval of the wise —AMEN.

"6201. At the close of each fiscal year the funds or accounts expressed in the school district budget, the fixed assets of the districts, the student organizations' accounts, the cafeteria account, and all moneys under the control or supervision of the governing board of the district shall be audited in the manner prescribed in this article.

6202. The audit shall include an examination of financial transactions relating to all funds or accounts expressed in the school district budget, the fixed assets of the district, student organization accounts, cafeteria accounts, and all moneys under the control or supervision of the governing board of the district, for the period covered by the audit. The audit report shall be in writing in quadruplicate and shall contain such financial statements and information as may be prescribed by the Department of Education and shall include recommendations with respect to school governmental accounting procedures relating to the accounting for receipts and expenditures, as well as fixed assets acquired by the district. The original of the report shall be forwarded to the governing board of the district, one copy shall be filed with the county superintendent of schools having jurisdiction over the district, one copy shall be filed with the county auditor having jurisdiction over the district, and one copy shall be filed with the Department of Education. The Department of Education shall adopt such regulations as are necessary to insure adequate standards and procedures for auditing all of the aforesaid funds and accounts.

6203. The audit and audit report required by this article shall be made jointly by the county superintendent of schools and county auditor of the county having jurisdiction over the district, unless prior to April 1st of the fiscal year for which the audit is to be made the governing board of the district has entered into an agreement with a certified public accountant or a registered public accountant to make the audit and audit report, or has entered into an agreement with the grand jury of the county that the audit and audit report made by the grand jury pursuant to law shall serve as the audit required by this article, and has, on or before said date, filed with the county superintendent of schools and the county auditor a copy of such agreement. All audits shall be made, and audit reports filed, in compliance with, and subject to, the provisions of Section 6202.

In the event that the governing board desires to employ either a certified public accountant or a registered public accountant it may do so without requiring submission of bids or advertising. The cost of each audit and audit report made jointly by the county superintendent of schools and the county auditor shall be an amount agreed upon by the governing board and the county superintendent of schools and the county auditor and shall be paid from funds of the district. In the event that the cost of the audit and audit report cannot be agreed upon, the cost shall be determined by the Department of Education. The order of the governing board of the district drawn in payment of the cost shall be made payable to the county treasurer.

6204. All money received by the county treasurer under this article shall be deposited by him in the county treasury and one-half thereof shall augment the appropriations made by the county board of supervisors for the support of the office of the county superintendent of schools and one-half shall augment the appropriations made by the county board of supervisors for the support of the office of the county auditor.

6205. In the event the audit and audit report required in this article for a fiscal year are not filed on or before April 1st of the following fiscal year, the Superintendent of Public Instruction shall require such an audit and audit report to be made by a member of the staff of the Department of Education, or by the county superintendent of schools having jurisdiction over the school district concerned, or may employ a certified public accountant or registered public accountant to make such audit and audit report. At the conclusion of such audit, the audit report shall be filed as heretofore prescribed. The cost of the audit and audit report shall be a legal charge against the funds of the school district, and if the governing board fails or neglects to draw an order therefor in favor of the Superintendent of Public Instruction, the

county superintendent shall draw his requisition on the funds of the district in favor of the Superintendent of Public Instruction.

All moneys received by the Superintendent of Public Instruction under this section shall be deposited in the State Treasury and are hereby appropriated for the support of the Department of Education in addition to such other funds as may be appropriated therefor by the Legislature."

REPORT ON ASSEMBLY BILL NO. 3104 AS AMENDED IN THE ASSEMBLY ON APRIL 15, 1949

STATE OF CALIFORNIA
DEPARTMENT OF PUBLIC WORKS, SACRAMENTO, April 18, 1949

Hon. Charles M. Weber, Chairman
Assembly Committee on Conservation,
Planning, and Public Works
4th Floor, Room No. 6
State Capitol, Sacramento, California

DEAR MR WEBER: Assembly Bill No. 3104, by Mr. Heisinger, as introduced proposed an amendment to Section 106 of the Water Code. It is understood that the objective of the measure was to add to the Water Code recognition that appropriations of water may be made for recreational uses, and for protection and preservation of fish and wild life. The bill was heard Wednesday, March 30th, and was continued for further hearing and the Department of Public Works was requested to report upon the bill. Meanwhile, the bill was amended on April 15th to read as it is now before your committee.

In order to fully appreciate all implications involved, it is appropriate to briefly survey the provisions of existing law relating to the

subject. Aside from the policy declared in Section 106 of the Water Code, which is repeated in Section 1254, relating to the use of water for domestic and irrigation purposes, and in Section 106 5 concerning use of water for municipal purposes (see also Sections 1460-1464 concerning preferences of municipalities), the code does not contain any categorical statement as to what comprises beneficial uses of water but merely states that the water must be used for a beneficial use or purpose The code contains repeated references to this subject, one of the most direct of which is Section 1240 providing in part that "The appropriation must be for some useful or beneficial purpose * * *." This section appears in Article 4 (headed "Beneficial Use"), Chapter 1, Part 2, Division 2, of the code, which article comprises three sections in addition to the quoted section. Section 1241 provides for the reversion of unused water and Section 1242 provides that underground storage is in effect a means of making beneficial use of water. If any provision is to be added to the Water Code relating to the subject of Assembly Bill No. 3104, it is believed that it should appropriately appear in this article and not in context with Section 106. In connection herewith, Assembly Bill No. 2124, introduced by Mr. Fleury, January 27th, which is also pending before your committee, proposes to add a new Section 1243 to the Water Code relating to beneficial use of water. The proposed new section provides as follows:

> "1243 The storage of unappropriated run-off water in reservoirs or check dams, and the release thereof thereafter to augment stream flow for the maintenance and betterment of fish life in streams during their low water stage, is a beneficial use of water."

Although it is true that the statutory law of this State has not so far specifically declared that the use of water for recreational purposes, and for preservation and propagation of fish and wild life are beneficial uses of water, there can be no doubt that such is the law of this State. This is necessarily implied from the numerous statutory provisions relating to these subjects. The following illustrations are not necessarily all-inclusive but are considered sufficient for present purposes. Article 2, Chapter 3, Division 5 of the Public Resources Code provides for formation and powers of county recreation districts Such a district may erect dams across a stream or river for swimming pools, and may construct and maintain other recreation facilities. The power of eminent domain for district purposes is expressly conferred. There can therefore be no doubt that the purposes of such districts are public uses. A number of other recreation districts are also provided for in the Public Resources Code such as parks and parkways, etc. Also Deering Act 6555, Statutes 1931, page 2521, as amended, provides for the formation of recreation and resort districts.

With respect to the subject of protection and preservation of fish and wild life, Article IV, Section 25½ of the Constitution provides in part that "The Legislature may * * * enact such laws for the protection of fish and game * * * as it may deem appropriate * * * ." Several sections of the Fish and Game Code are of peculiar importance to the present subject of inquiry. These are contained in Article 2, Part 2, Division 4 of the code.

Section 525 provides as follows:

"525. The owner of any dam shall allow sufficient water at all times to pass through a fishway or in the absence of a fishway, allow sufficient water to pass over, around or through the dam, to keep in good condition any fish that may be planted or exist below the dam. During the minimum flow of water in any river or stream, permission may be granted by the commission to the owner of any dam to allow sufficient water to pass through a culvert, waste gate, or over or around the dam, to keep in good condition any fish that may be planted or exist below the dam when, in the judgment of the commission, it is impracticable or detrimental to the owner to pass the water through the fishway"

Section 534 provides that "except as otherwise provided in this code it is unlawful to construct or maintain in any stream (in specified districts) any device or contrivance which prevents, impedes, or tends to prevent or impede the passing of fish up and down stream." Following sections also provide for the installation of screens necessary to prevent fish from passing into conduits.

Section 545 appears to consist in an explanation for a number of code sections imposing express obligations upon the United States in relation to the subject of the same article. This section (545) provides as follows:

"545. In including the United States within the scope of this article the Legislature declares that it understands that the law and policy of the United States with respect to the development of water resources, the reclamation of land from flood and overflow, and in all other respects is to comply with state laws respecting water. The provisions of this article provide a procedure for the United States to comply with the provisions and policy of state law respecting its subject matter."

In view of the foregoing broad powers, question may arise with respect to the necessity of additional legislation for the protection and preservation of fish and wild life. However, if by the expenditure of public funds works are constructed whereby water is stored or diverted and is made available for the specific purpose of the preservation and protection of fish and wild life, or for recreational purposes, there would appear to be no reasonable objection to enactment of express provisions amending the Water Code to authorize appropriations of water for such purposes. There is, however, opposition to any language which might carry an inference that any right could be acquired for such purposes without necessity for subjecting the water to control by storage or diversion in like manner as is required by appropriators for other purposes. It is not believed feasible to formulate, as have many western states, a specific enumeration of beneficial uses of water in order of priority of use, for the reason that climatic and other conditions are so variable within the territorial limits of the State that a particular use might be high in order in one area but low in another.

It is considered unnecessary to make any reference to uses of water other than those directly in view nor is it believed that the addition of provisions expressly recognizing the subjects under review as beneficial

purposes would carry any implication that other uses of water, including power purposes, are not beneficial. In this connection, use of water for power purposes is expressly recognized by existing provisions of the Water Code. For illustration, Section 1263 of the Water Code provides as follows:

"If for power purposes the application shall state the nature of the work by means of which the power is to be developed, the head and amount of water to be utilized, and the use to which the power is to be applied."

Ordinarily the proposed uses are not consumptive except to the extent of evaporation losses. No reference is considered necessary to issuance of permits and licenses subject to conditions, as that subject is adequately covered in Sections 1253 and 1255 of the Water Code.

Surveying all these elements, it is believed that the objectives of both Assembly Bill No. 3104 and Assembly Bill No. 2124 might with propriety be combined. If this suggestion were to be followed it would eliminate the necessity of taking separate action on both Assembly Bill No. 3104 and Assembly Bill No. 2124. A copy of a suggested amendment of Assembly Bill No. 2124 is attached hereto. As an alternative, a copy of a suggested amendment of Assembly Bill No. 3104 is also attached. If either of these amendments were substituted for both bills in their present form, this office would offer no objection thereto.

Very truly yours,

Original signed by
EDWARD HYATT, State Engineer

Assembly Bill No. 3104, as Amended

Assembly Bill No. 3104, as amended, reads as follows:

"SECTION 1. Section 1243 is added to the Water Code, to read:

1243. The storage or diversion of unappropriated water pursuant to appropriations therefor, and the use thereof for recreational purposes, or for the preservation and propagation of fish and wild life, are beneficial uses of water."

PRAYER

The following prayer was offered by the Chaplain, Dr. Torrance Phelps:

Infinite Presence: As we pause to pray, let us behold its universal practice and phenomenal influence in the lives of multitudes

The antidote for worry and tension, and calms the restless mind with healing thoughts.

Induces the mood of serenity and the attitude of poise, and lifts the thoughts above the vexations of daily routine to the Eternal.

Let us realize that when we pray, under the influence of the Divine, our minds blossom with ideas and our imagination is fired with solar light

When we pray we send out a wave of influence for good across the ether that blesses many afar or near.

So let us believe that more things are wrought by prayer than this world dreams of, and may "bind all men by gold chains to the throne of God."—AMEN.

REQUEST FOR UNANIMOUS CONSENT THAT REPORT OF SUBCOMMITTEE OF COMMITTEE ON FINANCE AND INSURANCE BE PRINTED IN JOURNAL

Mr. Geddes asked for, and was granted, unanimous consent that the Report of the Subcommittee of the Committee on Finance and Insurance be ordered printed in the Journal in 10-point type, immediately following the printing of the committee amendments to Assembly Bill No. 994, which have just been adopted.

REPORT OF SUBCOMMITTEE OF COMMITTEE ON FINANCE AND INSURANCE TO WHICH WAS REFERRED ASSEMBLY BILL NO. 994

Hon. Ernest R Geddes, Chairman
Committee on Finance and Insurance
State Capitol, Sacramento, California

DEAR SIR: Your subcommittee, composed of Assemblymen Dolwig, Stanley, Beck, Lipscomb, and Brady, to which was referred Assembly Bill No. 994, herewith makes its report.

Your committee held 11 meetings and carefully studied all of the provisions of the bill. At a number of the meetings Captain Maurice Sparling, Superintendent of Banks, was present, as were representatives of the California Bankers Association. An open meeting was held on Thursday, April 14th, which was noticed in the Daily File, but no one appeared in opposition to the bill. To the best of your committee's knowledge, there is no opposition to the bill with the amendments presented herewith.

Your committee, in the course of its study of the bill, prepared 89 amendments, which have been accepted by the author, and which the committee recommends be adopted. The bill has the approval of the Superintendent of Banks and the committee has received a letter from the General Counsel of the Federal Reserve Banks, which has supervisory jurisdiction over all member state banks, in which he states that, in his opinion, the enactment of the bill will "strengthen the State Banking System and generally improve the statutory law governing banking in this State"

Your committee's examination of the existing Bank Act convinces it that a revision of the law governing state banks is long since overdue. Many of the provisions of the existing law are, to say the least, ambiguous and confusing, and a number of provisions conflict with other provisions. It is believed that the proposed code will clarify the existing law, resolving many matters which have been in doubt, and that the substantive changes which are made, on the whole will strengthen the state banking structure and insure greater protection to the depositors.

Your committee therefore recommends that, as amended, the bill be sent to the Assembly with a recommendation of "do pass."

The bill is primarily a codification of the existing law and your committee is advised by the Legislative Counsel that in form and arrangement it conforms to that followed by the Code Commission and that it will fit into the Code Commission program for a codification of the state statutes.

No substantive changes are made in the existing law prescribing minimum reserves of commercial or savings banks nor in those prescribing the minimum capital and surplus required to be maintained. The departmental system under which state banks have operated since 1909, under which savings, commercial and trust departments must be separately operated and the assets of each department must be segregated, is retained unchanged. No material changes are made in the provisions governing examinations and reports except that authority is granted to the superintendent to examine the private trust business as well as the court trust business of trust companies, and no material changes are

made in the provisions governing the operation of the State Banking Department.

In the opinion of your committee, the only really basic substantive changes made by the bill which affect the operation of state banks generally are those dealing with savings bank investments and those dealing with the loaning limits imposed on commercial banks and upon savings banks.

The existing provisions providing for the certification of securities as legal investments for savings banks by the superintendent have been eliminated, and in lieu thereof there is set forth specifically those classes of bonds in which savings banks may invest and the standards which such bonds must meet to be eligible for investment, and in addition limits are placed upon the amount which may be invested in the bonds of any one obligor. Authority is given, however, to invest in any district bonds certified by the California District Securities Commission. A much more comprehensive diversification is required than under existing law. In general, savngs banks will be limited to the purchase of government, municipal and district bonds certified by the California District Securities Commission. A much more comprehensive diversification is required than under existing law. In general, savings banks will be limited to the purchase of government, municipal, and district bonds and the highest grade corporation bonds. Real estate mortgage bonds have been eliminated, with the exception of Housing Authority bonds.

The lending limit on savings banks is reduced from 50 percent of capital and surplus to 35 percent of capital and surplus with a provision permitting smaller banks, with certain limitations, to lend up to $35,000 on a first mortgage. The net result of this change is to slightly increase the lending limit of banks with a capital and surplus of from $35,000 to $100,000 in their savings departments and to reduce the lending limit on banks with a capital and surplus in their savings departments in excess of $100,000. The existing lending limit for savings banks appears to be too liberal but some exception is needed to be made in the case of the smaller banks as they are now permitted to lend up to the amount of their capital and surplus. The over-all lending limit on commercial banks, which is now 25 percent of capital and surplus, is not changed except to limit loans secured by real estate to 15 percent and so as to permit a commercial bank to lend up to 10 percent of combined capital and surplus unsecured if the bank has no other loaus outstanding in any department. This will provide state commercial banks with the same unsecured lending limit as is imposed on national banks.

Except for minor changes in such matters as the fees collected by the department, the form and contents of reports, and changes in procedures made to conform to the Corporations Code and changes made to bring the code in line with court decisions and departmental interpretations and those of a purely technical nature, the following are believed to be all of the substantive changes made by the bill:

1. Certificates to open a new bank or a branch lapse after specified periods of time if the bank or branch is not opened within such time pursuant to the authority granted.

2. A branch may no longer be closed without approval of the superintendent and at least 90 days' notice to the public.

3. The matters into which the superintendent is required to examine before granting authority to open a new bank or branch are stated with greater particularity than in the existing law.

4. A bank already having a branch in another city is permitted to open an additional branch in that city upon putting up the same additional capital required for a branch of a bank located in such city.

5. Banks are prohibited from owning stock in foreign banking corporations as is now authorized.

6. All bank stock is made subject to assessment whether or not the articles of incorporation so provide.

7. A bank must set aside to surplus 10 percent of previous profits before declaring a dividend instead of just 10 percent of profits earned during the previous six months, and the code prohibits any dividends whenever surplus is less than 25 percent of capital.

8. Authority of a bank to hold real estate is somewhat broadened to include real estate reasonably related to the operation of its business and needed for future expansion.

9. Authority is added to permit the holding of stock acquired in satisfaction of a loan for such period as the superintendent may prescribe, providing it is written down to a valuation of $1 and can be so written down without encroaching upon the bank's capital or surplus. Provision is added prohibiting a bank from thereby operating any business not authorized by the code except when necessary in the orderly liquidation of an indebtedness.

10. Authority is granted for a bank to own stock in a corporation owning its banking premises, provided it holds at least 75 percent of the stock. (The code as well as the present act prohibits a bank from purchasing stock in corporations generally.)

11. An investment in the stock of a trust company is required to be made out of capital funds in excess of the minimum capital and surplus required by the code.

12. A provision is added expressly authorizing banks to contribute to charitable and benevolent instrumentalities, etc., within such limits as may be set by the board of directors.

13. The preference now granted to deposits made by estates pursuant to court order over all other depositors has been eliminated.

14. The provisions dealing with joint tenancy bank accounts are clarified to make it clear that persons may have a joint tenancy bank account with right of survivorship even though the depositors require both signatures on checks during their lifetimes. The conclusive presumption in favor of a surviving joint tenant in a bank account is eliminated.

15. Payment of interest on demand deposits is permitted to the extent that it may be permitted to members of the Federal Reserve System or to banks whose deposits are insured by the Federal Deposit Insurance Corporation.

16. The limitation on the total amount of public moneys which any bank may have on deposit at one time is changed from 300 percent of capital to 200 percent of capital and surplus.

17. The section on adverse claims is changed so as to require a bank to honor a restraining order even though other parties to the action have not yet been served and so as to require the restraining order to be delivered to the office of the bank at which the account is carried and so as to require the bond indemnifying the owner of the account or property and the bank, which may be posted in lieu of a restraining order, to be twice the value of the property claimed rather than twice the amount of the claim.

18. The liability of a bank in paying a check after receipt of a stop payment order is limited to the amount of the check except where the bank is guilty of negligence in which case the bank is liable for the actual damage.

19. After six months of receipt of a stop payment order, the bank may send a notice to the drawer that the notice must be renewed, and if the same is not then renewed within thirty days it ceases to be effective.

20. In forwarding items for collection, banks are authorized to forward them if in the usual course of business to an agency other than a bank.

21. The provisions of the Uniform Deferred Posting Statute as recommended for adoption in all states by the Federal Reserve Board have been included in lieu of the existing provisions dealing with deferred posting.

22. Before authorizing the addition of a new department to a bank the superintendent is required to find that neither the depositors nor creditors will be adversely affected.

23. Express authority is granted the superintendent to require a change in the apportionment of capital and surplus between departments when he deems it necessary.

24. The prohibition against a commercial bank investing more than 5 percent of its assets in any one bond issue is extended to include all the bonds of any one obligor (except United States, State of California, and certain municipals).

25. Authority now given banks in places of a population of less than 5,000 to act as insurance agents or real estate loan agents is limited to those now so engaged and then only if duly licensed under the appropriate licensing statute.

26. Authority for commercial banks to make construction loans not exceeding six months is extended to permit such loans for a period of not exceeding one year, provided a plan for financing the buildings as completed under regular 60 percent or F. H. A. loans has been formulated.

27. The authority of a commercial bank to lend up to 10 percent of its assets upon the security of the stock of any one corporation is reduced to 5 percent.

28. In computing the amount of stock of another bank which may be accepted as collateral a bank is required to include any stock of such

other bank which it owns so that under no circumstances may it acquire in the aggregate more than 25 percent of the stock of such other bank

29. The provision now permitting an encroachment upon reserves up to 1 percent without penalty is eliminated so that penalties may be imposed in the event of any encroachment.

30. The minimum capital and surplus requirements of banks acting as reserve depositaries have been doubled, reserve depositaries being those banks in which other banks may keep part of their reserves.

31. Authority for savings banks to discount bills of exchange or purchase a participating interest in bills has been eliminated except authority to purchase and discount bankers' acceptances which are eligible for rediscount by the Federal Reserve Bank.

32. The margin requirements when certain types of bonds are accepted as collateral have been increased from 10 percent to 15 percent and the margin required on loans with real estate mortgage bonds as collateral has been increased from 10 percent to 50 percent, and the margin required on bonds of foreign countries is increased from 10 percent to 50 percent.

33. Savings banks are authorized to lend on the security of a first lien on a leasehold providing the lease has 50 years to run and the term of the loan does not exceed five years, or in the case of single family residences 20 years, and the amount of the loan does not exceed 60 percent of the value of the leasehold and improvements.

34. Trust companies are required to make a deposit with the State Treasurer if they accept any trust business and not only upon acceptance of court trusts.

35. If a trust company deposits trust funds with another department of the same bank such department must actually pledge securities to secure the deposit rather than merely set them aside as is presently required.

36. Provision is added providing that common trust funds shall be treated as separate entities, and that, in administering trusts participating in the fund, no different allocation need be made between principal and income than that made for the fund.

37. Authority to issue participation certificates in loans secured by trust deeds or mortgages has been eliminated.

38. Authority is granted the superintendent to examine the private trust business as well as the public trust business of trust companies.

39. Authority of a trust company to deposit a mortgage on its home office building in lieu of securities with the State Treasurer has been eliminated.

40. After default in the payment of rent of a safe deposit box the time within which a bank may send notice to the renter that the box will be opened if the rent is not paid is reduced from one year to six months.

41. A foreign banking corporation doing business in the State is required to deposit one-half of the minimum capital and surplus required or $100,000, whichever is greater, with the State Treasurer, rather than to merely allocate it to its California business as at present.

42. Foreign banking corporations are required to annually renew their licenses.

43. Authority is granted to the superintendent at any time to require a bank to employ a certified public accountant to make a special audit of the affairs of the bank. The authority of the superintendent to appraise the value of a bank's investments or property held as security for loans is broadened.

44. The condensed statement of financial condition required to be published by banks is required to be in such form and contain such matters as the superintendent shall prescribe in lieu of the matters now specified.

45. The detailed provisions now contained in the Bank Act governing the procedure to be followed on a merger or consolidation are eliminated and the provisions of the Corporations Code are made applicable.

46. Provisions are added permitting the conversion from a national bank to a state bank in anticipation of congressional action to that effect at this session of Congress.

47. Upon the liquidation of a bank the superintendent is required on each declaration of a liquidating dividend to set aside an amount sufficient to pay those depositors who have not filed claims up to the time of the final liquidating dividend. At present depositors do not share in liquidating dividends paid before they file a claim. After the final liquidating dividend if any funds remain they must still be held for depositors who have not filed claims and if no claims are thereafter filed are to be turned over to the State Treasurer to be held in the same manner as any other abandoned property.

48. A provision is added prohibiting attachment or execution against the property of a bank before final judgment.

49. Authority of the superintendent on liquidation to compromise claims under $200 is changed to permit compromise of claims under $500 without a special order of court.

50. In the event of the termination by the superintendent of an executory contract or lease when liquidating a bank a creditor or lessor is given the same rights as under the National Bankruptcy Act.

51. The State Board of Control is authorized to approve claims to unclaimed trust property up to the amount of $500 instead of $300.

52. The provisions dealing with liquidation of banks insured by the Federal Deposit Insurance Corporation have been revised to be consistent with the provisions of the act of Congress governing insurance of bank accounts.

53. The provisions dealing with loans to officers and directors have been revised so as to prohibit any loans to an officer of a bank or to any corporation in which an officer owns directly or indirectly more than 10 percent of the stock or in which two or more directors or officers own more than 20 percent of the stock, and loans to directors of savings banks are placed on the same basis as loans to directors of a commercial bank. A loan must be confirmed by a majority of all of the directors or the affirmative vote of all directors attending the meeting and must be

reported to the superintendent. The penalties in the provisions dealing with loans to officers and directors have been increased.

54. The provisions prohibiting the use of the word "savings" in the corporate name of institutions not authorized to do a banking business or to advertise that they are accepting "money or savings" have been eliminated. Except in this respect, it is not intended and it is not believed that the adoption of the code affects existing laws governing the operation of financial institutions other than banks.

A detailed and exhaustive analysis of the bill showing every change section by section has been prepared by the Legislative Counsel, was furnished your committee, and is available in the Office of the Legislative Counsel.

Respectfully submitted,

RICHARD J. DOLWIG, Chairman

"If any such corporation fails to file such statements on or before December 31, 1950, the Secretary of State shall forthwith mail written notice, postage prepaid, of the provisions of this section to the corporation. If the only address of the corporation disclosed by the records of the Secretary of State is the county in which the principal office in this State is located, then the notice may be mailed to the corporation in care of any officer, director, or agent whose address is disclosed by such records or in care of the last known attorney of record for the corporation according to the records of the Secretary of State. If the corporation then fails to file said statements within ninety (90) days after the mailing of such notice the corporation shall be presumed to have abandoned its corporate rights and privileges, including its corporate name, and the Secretary of State may remove the corporation from his active file and thereupon the name of such corporation shall become available for use by another corporation.

Failure to file the required statements on or before December 31st of each year subsequent to 1950 shall create a presumption of abandonment without the necessity of any prior notice from the Secretary of State and thereupon the corporation may be removed from the active files of the Secretary of State and its name made available to another corporation.

Any such presumption of abandonment may be overcome and the corporation restored to the active files of the Secretary of State by the filing of the statements required by this section, except that if, during the period of presumed abandonment another corporation has adopted the same name or any name so similar as to tend to

deceive, then the corporation may not file said statements and be restored to the active files until it has amended its articles of incorporation to adopt a new available name."

REQUEST FOR UNANIMOUS CONSENT TO TAKE UP HOUSE RESOLUTION NO. 180

Mr. Dickey asked for, and was granted, unanimous consent that he be permitted to take up House Resolution No. 180, out of order, at this time.

CONSIDERATION OF HOUSE RESOLUTION NO. 180

By Mr. Dickey:

House Resolution No. 180

Relating to the continuance of the Assembly Legislative Process Committee

Resolved by the Assembly of the State of California, As follows.

1. In order to effectuate and complete the functions and duties imposed upon it, and in order to enable it to coordinate and assist in the work of any interim committee which may be created or continued at this session of the Legislature, the Assembly Legislative Process Committee created by House Resolution No. 13 of the 1949 Regular Session, is continued as an Assembly interim committee, and is authorized to act during this session of the Legislature, including any recess, and after final adjournment until the commencement of the 1951 Regular Session, with authority to file its final report not later than the fifteenth legislative day of that session.

2. The committee shall have the membership and all the rights, powers, and duties possessed by the committee and its members pursuant to House Resolution No. 13.

3. The committee may make available to any Assembly or joint committee or any Member of the Assembly such assistance in connection with the duties of the committee or other legislative matters as the personnel under direction of the committee or its other facilities permit

4 The committee shall make available to and shall furnish to the Assembly investigating committees created at this regular session and to each of the members thereof such secretarial and stenographic help as may be reasonably necessary for such committees and each of the members thereof to make and carry on the studies and investigations required by or of them by the resolutions creating such committees, and for such purpose, in addition to any other power or authority, the Assembly Legislative Process Committee may employ such additional stenographic and secretarial assistants as may be necessary, assign and reassign such assistants, prescribe amounts, times and methods of payment of their compensation.

5 The provisions of the Joint Rules of the Senate and Assembly, and of the Standing Rules of the Assembly, as such rules are adopted at this session or amended from time to time, are hereby made applicable to this committee and its members.

6. In addition to any money heretofore made available, the sum of _____ or so much thereof as may be necessary is hereby made available from the Contingent Fund of the Assembly for the expenses of the committee and its members and for any charges, expenses or claims it may incur under this resolution and the balance of all the money appropriated for contingent expenses of the Assembly and which has not

been made available for the expenses of interim committees or for other purposes, to be paid from the said Contingent Fund and disbursed, after certification by the chairman of the committee, upon warrants drawn by the State Controller upon the State Treasurer.

Resolution read.

"1954 Said Section 5 03 is hereby amended to read as follows from the effective date of this act until October 1, 1954

Sec. 5 03. Investment Certificate Reserve. Each association issuing investment certificates shall at all times maintain an investment certificate reserve which shall be not less than 5 percent of its total investment certificate liability

Such investment certificate reserve may consist of either of the following:

(1) If there be nonwithdrawable capital, the aggregate paid-up nonwithdrawable capital, together with any surplus, undivided profits and the loan reserve created pursuant to Section 10 03 of this act;

(2) If there be no nonwithdrawable capital, the loan reserve created pursuant to Section 10 03 of this act and such part of the undivided profits not apportioned to shareholders as the association shall have set apart for such investment certificate reserve

No dividends shall be paid or profits be distributed to stockholders of any association issuing investment certificates if such payment or distribution would deplete its investment certificate reserve below the proportion provided in this section. No dividends shall be paid or profits be distributed to shareholders from that part of the undivided profits which the association shall have set apart for such investment certificate reserve if such payment or distribution would deplete such investment certificate reserve below the proportion provided in this section, or if such investment certificate reserve is at the time below the proportion provided in this section If the investment certificate reserve of any association issuing investment certificates is not maintained in the proportion provided in this section, no additional investment certificates of such association shall be issued except in exchange for installment certificates when fully paid, nor shall any dividends be paid to or profits be distributed to stockholders of such association until such proportion shall have been restored"
