Hearing Bills in Committee—No. 8993

DEAR MR. UNRUH: With respect to Assembly Standing Rule 56 regarding setting bills for hearing in an Assembly committee, you ask whether a bill may be heard by a committee on Monday if notice is published in the Daily File on the preceding Friday.

In our opinion, the answer to your question is in the affirmative.

The pertinent portion of Rule 56 provides that all bills set for hearing by any Assembly committee, except the Committee on Rules, must be published in the Daily File not less than three days in advance of such hearing. Friday precedes the following Monday by three days. The rule literally requires only one publication although the practice is to publish in each Daily File following first publication However, this is not required and it is our understanding that notice is frequently published on Friday if the bill is to be heard on the following Monday, which practice we believe is in compliance with the rule.

Very truly yours,

RALPH N. KLEPS, Legislative Counsel

Purity of Elections—No. 9162

DEAR MR. CONRAD:

Question

You have asked whether, under the provisions of Assembly Bill No. 752, as amended March 15, 1957, the United Republican Finance Committee would be required to show the name of the donor and the amount contributed by each for use in aid of candidates nomination or election. You point out that in the case of the sale of tickets to dinners or other functions it is difficult to secure the name of each purchaser. And you have further stated that we may assume that the United Republican Finance Committee is a "committee" within the meaning of Section 4502 of the Elections Code.

Opinion

We conclude that the proposed bill would require the United Republican Finance Committee to include in its campaign statement the name of each donor and the amount contributed by each.

Analysis

Assembly Bill No. 752, as amended March 15, 1957, proposes an amendment of Section 4504 of the Elections Code. So far as here pertinent the section after amendment would read:

"4504. 'Campaign statement' means an itemized statement, prepared in duplicate by a candidate for nomination or election, and by the treasurer of a committee, showing under each of the subdivisions of Section 4505:

(a) In detail ~~all moneys~~ *the amount of money* paid, loaned, contributed, or otherwise furnished to the candidate or treasurer, or for use of the candidate's nomination or election *by each person whose name is listed pursuant to subdivision (c) of this section.*" (The proposed changes are shown in strikeout and underlining.)

It is the clear intent of the changes proposed that the statement shall show the name of each donor and the amount he contributed to the campaign.

Thus when the United Republican Finance Committee conducts a dinner or other function for which it sells tickets, at least that portion of the price of the ticket which is used in aid of a candidate's election or nomination must be reported as the donation of the purchaser of the ticket. It would not suffice to report only the total profits of the dinner or other function.

Very truly yours,

RALPH N. KLEPS, Legislative Counsel
By CHAS W. JOHNSON, Chief Deputy

Two copies to Hon Thomas W. Rees, pursuant to Joint Rule 34.

CALIFORNIA LEGISLATURE—1957 REGULAR SESSION

Assembly Constitutional Amendment No. 55

Introduced by Messrs. Porter and Levering

January 25, 1957

REFERRED TO COMMITTEE ON CONSTITUTIONAL AMENDMENTS

Assembly Constitutional Amendment No. 55—A resolution to propose to the people of the State of California, an amendment to the Constitution of the State by adding Section 5 to Article XIV thereof, relating to water.

Resolved by the Assembly, the Senate concurring, That the Legislature of the State of California, at its 1957 Regular Session, commencing on the seventh day of January, 1957, two-thirds of the Members elected to each of the two houses voting in favor thereof, hereby proposes to the people of the State of California that the Constitution of the State be amended by adding Section 5 to Article XIV thereof, to read:

SEC. 5. Whenever the Legislature shall authorize the construction or acquisition of any project for the development, transportation or distribution of water by the State, it shall make provision for contracts binding upon the State for the sale and delivery of water made available by such project for beneficial use. Such contracts shall be authorized for a term or for permanent service and shall provide for relative priorities or prorating among the parties so contracting for the use of such water in event of deficiency in the water supply. Use of water so contracted to be delivered shall be reserved to the party contracting therefor and no right to the use of such water inconsistent with the right of such contracting party shall be acquired by any person or public or private corporation, by appropriation, contract or otherwise.

In authorizing any state project involving the exportation of water from the watershed, as determined and delineated by the Legislature, in which such water originates, the Legislature shall make provision adequate, in its judgment, to

reserve permanently for use in such watershed water originating therein to the extent reasonably required for the full development thereof. Before taking any such action the Legislature shall cause public hearings to be held and reports and recommendations to be made upon the subject of such action by such legislative committees or state agencies or both as the Legislature may deem appropriate and the Legislature shall receive and consider such reports and recommendations. If the quantity of water so reserved for use in such watershed shall prove inadequate to meet all requirements for water for beneficial use therein, further provision shall be made to provide additional water therefor in such manner and to such extent as shall be determined by the Legislature.

No act of the Legislature shall have the effect of depriving any party contracting with the State, in whole or in part, of the right to the use of water for which such party shall have so contracted. No right to the delivery or use of water or to water service shall be impaired by reason of dissolution or change in the status, form or powers of any public corporation. To enforce or declare the rights of any such contracting party or to prevent or to redress any such impairment or to prevent or to redress any infringement of any vested right to the use of water, the State may be sued in any court of competent jurisdiction.

COMMUNICATIONS

The following communication was presented by the Speaker, and ordered printed in the Journal:

SAN FRANCISCO, CALIFORNIA, March 18, 1957

Hon. L. H. Lincoln,
Speaker of the Assembly,
State Capitol, Sacramento, California.

DEAR MR. SPEAKER AND MEMBERS OF THE STATE ASSEMBLY: Just a line extending to each and every Member of the Assembly, my sincere thanks and appreciation, for all of the courtesies extended on March 15th, in which a celebration was held in the Assembly Chamber honoring St. Patrick's Day.

The show started at 11.15 a.m. which consumed three quarters of an hour of the time of the Legislature, and the members, their families, and others who attended enjoyed the other three quarters of an hour on their own lunch hour.

Richard Desmond, Senator Earl Desmond's son, and Judy Busch, Senator Busch's daughter, with the others who entertained did a swell job in making everyone happy. It was a great day, not only in honoring St. Patrick's Day, but also, as always exemplified by the Members of the Legislature during my 32 years, the affair always has that great touch of tolerance

Once again to you and the Members of the Assembly, thanks a million.

Yours very truly,

THOMAS A. MALONEY

Any landowner or person interested in any land within the district is estopped to attack the proceedings upon any ground not stated in a protest filed by him pursuant to this chapter.

31924 At the hearing the legislative body may by resolution propose a modification of the substitution. Said resolution shall describe the proposed modification, shall specify a time for hearing thereon and shall be published once at least 15 days before the hearing in the same newspaper in which the resolution proposing to order the making of a substitution was published.

31925 If at the conclusion of the hearing the legislative body by resolution adopted by four-fifths of all of its members shall find and determine (a) that public interest and convenience require the substitution, and (b) that all of the lands within the district will be benefited by the substituted acquisition or acquisition and improvement in substantially the same degree and in substantially the same proportion as said lands were benefited by the old property, said legislative body may then order the substitution either as described in the resolution proposing to order the making of a substitution, or as subsequently modified after proceedings pursuant to Section 31924.

31926. After the adoption of the resolution ordering the making of the substitution and at such time as all the new property ordered to be acquired or to be acquired and improved shall have been acquired or acquired and improved by the city substantially in accordance with said resolution, the legislative body may thereupon adopt a resolution of implementation. At any time prior to the adoption of the resolution of implementation, the legislative body may abandon the substitution proceedings.

31927 The resolution of implementation shall contain a general description of all new property acquired or acquired and improved under this chapter for the use and benefit of lands within the district. After the adoption of said resolution of implementation, all such new property shall be held by the city for the use and benefit of the district and shall be treated in all respects the same as lands, property and rights of way acquired under this part from moneys collected on account of any assessment levied or from the proceeds of any bonds issued hereunder

31928 The resolution of implementation shall also contain a general description of all old property which is no longer to be held by the city for the use and benefit of the district. After the adoption of said resolution of implementation, any interest in or other right with respect to said old property which may have been acquired by or for any person (whether as a member of the public or as an owner of lands within the district) as a result of prior proceedings under this part shall be terminated. Where any of the old property consists of rights of way acquired under this part, any lands previously subject to any such rights of way shall be relieved and discharged therefrom, and title to said lands, unencumbered by said rights of way, shall be vested in such persons as may be entitled thereto by law. Title to all other portions of the old property, free and clear of the interests and rights aforesaid, shall be vested in the city and the city may hold, use or dispose of said lands or property in any manner provided or permitted by law.

31929. Before adopting the resolution of implementation, payment or provision for payment shall be made for the unpaid balance of any outstanding and unpaid

bond issued to represent the lien of an assessment upon any of the new property and any interest and penalties which are due thereon and are unpaid.

31930. Upon adoption of the resolution of implementation, any old property which is within the exterior boundaries of the district shall be deemed excluded from the district. Any old property so excluded may thereafter be added to the district pursuant to Section 31866.

31931. The cost and expense of acquiring or acquiring and improving new property (including any amounts necessary to comply with Section 31929 and any amounts necessary to discharge any other lien or charge on said new property) shall be paid from district funds to the extent authorized by the board and the remainder, if any, from city funds. If for any reason the legislative body is unable or unwilling to appropriate from city funds the moneys needed for such purpose, the substitution proceedings shall be abandoned prior to the adoption of any resolution of implementation.

31932. If following the adoption of the resolution of implementation the city sells all or any portion of the old property as permitted by Section 31928, the proceeds of any such sale shall be disposed of as follows:

(a) The proceeds of the sale of any old property which had been city-owned lands held subject to the provisions of this part pursuant to Section 31571 shall be held as district funds in an amount equal to the compensation, if any, theretofore paid to the city pursuant to Section 31571 and the balance of such proceeds shall be credited to the general fund of the city.

(b) The proceeds of the sale of any other old property shall be used, to the extent thereof, to reimburse the city for any of the costs and expenses referred to in Section 31931 which were paid from city funds, and the balance, if any, of the proceeds remaining after such reimbursement shall be held as district funds.

Any moneys held as district funds may be used for any purpose for which revenues from fees, charges and rentals for the use of parking places of the district may be used."

Consideration of Committee Amendments

The following amendment was proposed by the Committee on Judiciary:

Amendment No. 1

On page 1, after line 12, of the printed bill, insert

"1774. Qualifications of Consumer. Any person whose wages, salaries and commission totalled less than ten thousand dollars ($10,000) per year for each of the two calendar years prior to the time when such person seeks to file a petition as herein provided and whose debts at such time total less than ten thousand dollars ($10,000), may file a petition for appointment of a trustee as herein provided.

1775. Qualification of Trustee. The trustee referred to herein may be any natural or artificial person or association and may be, but need not be, an attorney at law. In counties of the twenty-sixth class and in those counties having insufficient population to qualify as a county of the twenty-sixth class, the clerk of the Superior Court in such county may be appointed a trustee.

1776. Unsecured Debts. For the purposes of this title a debt shall be deemed unsecured if the security for such debt has been exhausted or, in the case of a debt secured by an assignment of wages or salary, if all the wages or salary assigned have been paid by the employer.

CHAPTER 2. AMORTIZATION PLAN

1777. Filing of Petition. Any qualifying person who has incurred debts beyond his immediate ability to pay may file a petition with the clerk of the Superior Court in the county of his residence for the appointment of a trustee to assist him in amortizing his debts.

The form of such petition shall be printed or produced by other process of duplication equalling the legibility of printing and shall be furnished without charge by the clerk of the court.

Such petition shall be filed in duplicate and shall include a full, accurate and complete statement, under oath, of the following:

1. The names of all his creditors, including secured creditors.
2. The addresses of said creditors.
3. The dates upon which the obligations to such creditors were incurred.
4. The amount due each creditor and the date of maturity and terms of payment thereof.
5. The monthly net income of such petitioner.
6. The name and address of such petitioner's present employer or employers.
7. The name, age and relationship of each person depending upon such petitioner for support.

1778. Appointment of Trustee. As soon as possible after the filing of such petition, the judge of said court shall appoint a competent trustee to receive such payments from or on behalf of the debtor as shall be required to be deposited with the trustee in accordance with such amortization plan, if any, as is approved in accordance with the laws herein provided.

Such judge may within his discretion require from the trustee a bond in such sum as the circumstances of the case require. If the judge determines that a bond is required, the trustee shall post the required bond within 15 days after approval of the plan or the court may remove the trustee and appoint another competent trustee.

The clerk of such court shall notify the appointed trustee of his appointment by mailing to such trustee the duplicate copy of the petition showing thereon the date such trustee was appointed.

1779. Hearing and Notices. The trustee shall set a date, time and place for a meeting not less than ten (10) days nor more than twenty (20) days from the date of his appointment for the purpose of agreeing upon an amortization plan and of determining claims to be covered by the plan and shall cause notices thereof together with a statement of the amounts claimed to be due each creditor to be mailed, at least six (6) days in advance of said meeting, to the debtor and all of his known creditors.

If within the trustee's discretion a second meeting is necessary, such meeting shall be held not more than forty (40) days from the date of such trustee's appointment and the trustee shall cause notices thereof to be sent to the debtor and all of his known creditors at least six (6) days in advance of such meeting.

1780. Submission and Approval of Plan. At each meeting, any person may appear and establish his claims as a creditor of the petitioner, and any creditor of the petitioner may offer proof of his claim in an amount different from that claimed to be due by the petitioner. In case of dispute, the trustee shall determine the amounts of the claims for the purpose of the plan. Any person affected by such determination of the trustee may move the court for an order establishing the amounts of such claims or any of them for the purpose of the plan.

Before or at each meeting, the trustee shall submit to the creditors a plan or plans for paying off in full the petitioner's unsecured debts plus those debts of the secured creditors electing to participate in the plan. The payments provided for in the plan shall be made on a pro rata basis unless the trustee determines otherwise.

Upon approval by vote or written consent of any plan by at least two-thirds of the total number of unsecured creditors and secured creditors electing to share in the plan, which number shall represent two-thirds in amount of such claims, said plan shall become effective immediately and its provisions shall be binding upon the debtor and upon all unsecured creditors included in the plan, whether or not they have accepted the plan, plus those secured creditors electing to share in the plan, and the debtor shall be accorded all privileges provided herein.

If a majority of the unsecured creditors in attendance at the meeting, including those who have submitted a written consent to the plan, approve the plan at said meeting, any unsecured creditor to whom notice was properly sent by the trustee who does not appear at a meeting or submit to the trustee his objections in writing prior to the time of such meeting shall be deemed to have consented to the proposed plan.

Within ten (10) days of the date of approval of the plan, the trustee shall send a written copy of the terms of the approved plan to the debtor and to all creditors included in the plan.

1781. No Waiver. Neither the determination of the amount of any claim for the purposes of the plan, nor the acceptance of payments thereunder, shall affect the right of any creditor to litigate his claim upon termination of the plan and obtain judgment thereon, nor shall such determination affect the right of the debtor to dispute such claim upon termination of said plan.

1782. Payments By or On Behalf of Debtor. Upon the plan becoming effective, the debtor shall assign to the trustee, unless the trustee determines otherwise, that portion of his wages or earnings required to be paid in accordance with the plan.

Such assignment of wages shall be exempt from the provisions relating to Assignment of Wages as set forth in Chapter 2, Part 1, Division 2 of the Labor Code.

If the trustee determines that it is advisable for the debtor not to assign his wages, then the debtor shall make the required periodic payments directly to the trustee.

In any event, the debtor may make additional payments from time to time to the trustee.

1783. No Discrimination Against Debtor. No debtor shall be prejudiced or discriminated against in his employment either because he filed a petition or made an assignment of wages, or both, under the provisions of this title, nor shall the same constitute a basis for dismissal by his employer.

1784. Suspension of Payments. For good cause, the trustee shall have the discretion to suspend for a period of no longer than thirty (30) days at any one time for no more than two times during the term of the approved plan the requirement of payments as provided in the approved plan. In the event of such suspension, the trustee shall cause a notice thereof in lieu of the regular distribution to be sent to each creditor included in the approved plan.

1785. Distribution of Payments. At least once each month or as otherwise called for in the approved plan, the trustee shall distribute all payments received by such trustee during the prior monthly period. Such distributions shall be made no later than 10 days after the expiration of each monthly period. Such periods shall be computed from the date of the approval of the plan.

For his compensation, the trustee shall be entitled to deduct no more than ten per cent (10%) of the amounts actually distributed by such trustee under the approved plan. There shall be no additional charges made to the creditor or to the debtor, other than the clerk's fee for filing the petition, and the trustee shall pay all administrative expenses from such trustee's compensation.

1786. Reports by Trustee. At least once every month, the trustee shall send to the debtor and to each creditor included in the plan a report showing therein the amount of money received from or on behalf of the debtor, the disbursements of same and the dates of each of the foregoing.

1787. Attachment and Execution Prohibited. No creditor, including all secured creditors, knowing of the filing of the petition shall attach or levy execution upon the personal earnings of the debtor until the trusteeship is terminated.

Nor shall any unsecured creditor, or secured creditor included in the approved plan, attach or levy execution upon any property of the debtor until such trusteeship is terminated

This section does not prohibit secured creditors not included in the approved plan from recovering judgment against such debtor or prohibit levy, under writ of attachment or execution, upon any property not exempt from execution other than the personal earnings of the debtor.

Each attachment and execution levied in violation of this section shall be void and may be prevented by writ of prohibition in addition to all other remedies provided by law.

1788. Termination of Trusteeship. The trusteeship shall terminate without action by the court (1) if the plan is not approved by the required number of creditors at the first or second meeting of creditors or (2) if payments are not made by or on behalf of the debtor to the trustee within 20 days from the time required to be made under the approved plan, if such requirement of payments is not suspended as herein provided, or (3) upon the completion of the plan.

Upon termination of the trusteeship, all privileges accorded to the debtor and restrictions upon creditors under this title shall immediately cease.

Within 10 days from the date of termination of the trusteeship, the trustee shall mail a notice thereof to the debtor and to all known creditors, including secured creditors, of the petitioner to whom notices of the creditors meetings were sent. Said notice shall include (1) the date the trusteeship was terminated, (2) the reason for such termination, and (3) a final accounting of all money received from or on behalf of the debtor and the disbursements thereof.

The trustee shall within the same time file with the clerk of the court in which the debtor filed his petition a verified Notification of Termination of Trusteeship including therein the above three points of information, plus the date or dates such notice was mailed to the creditors and the debtor.

1789 Limitation of Petitions. No petitioner may file more than one petition under this title unless more than one year has elapsed from the date of termination of his prior petition regardless of the cause of such termination.

1790. Election by Secured Creditors. Any secured creditor may elect to share in the amortization procedure herein provided. Such election shall be made in writing prior to the approval of any plan. Upon such election, such secured creditor shall be governed by this title in the same manner as unsecured creditors, as herein provided.

1791. Statute of Limitations. The statute of limitations shall be suspended for all debts and liabilities of a debtor upon his filing a petition under this title and until the date of the termination of the trusteeship, and the period of the statute shall be extended by an equal period of time

1792. Restrictions of Trustee. A trustee shall not purchase from a creditor any obligation of a debtor nor shall a trustee lend money or credit to the debtor.

1793. Penalties Against Trustee for Violation of Duties. The debtor or any creditor included in the approved plan may apply to the court in which the original petition was filed for an order requiring the trustee to comply with his duties as required by this title and for the failure of the trustee to comply with such court order, the court shall have the power to punish the trustee by contempt process.

The debtor or any such creditor may also apply to such court for an order removing the trustee for violating his duties as required by this title and the court shall have the power to remove the trustee for any violation after such application or at any other time

In addition, the trustee shall be guilty of a misdemeanor for the violation of any of his duties as herein provided.

1794. Prohibitions. Notwithstanding any other state laws, any natural or artificial person or association or agent thereof other than an attorney at law, engaging for compensation in whole or in part in the business of receiving money or evidence thereof, as agent of a debtor qualified for this plan for the purpose of distributing that money or evidences thereof among creditors in payment or partial payment of obligations of the debtor, which practice is commonly known as prorating, debt-pooling, debt-consolidating and debt-adjusting, without having first been appointed a trustee in the manner herein provided shall be guilty of a misdemeanor for each such offense."

GENTLEMEN: Pursuant to House Resolutions Nos. 223, 224, and 241, of the 1955 General Session, the Honorable Donald D Doyle, Chairman of the Assembly Interim Committee on Education, appointed the following persons as a Subcommittee on Apportionment of School Funds.

Small Flood Control Projects—No. 9363

DEAR MR. MCCOLLISTER:

Question

You have asked whether Assembly Bill No 3103 requires a letter from the Governor in order to be enacted ahead of the Budget Bill and whether the bill is required to be referred to the Assembly Committee on Ways and Means.

Opinion

In our opinion the bill may be enacted ahead of the Budget Bill without a letter from the Governor, and the bill is not required to be referred to the Assembly Committee on Ways and Means.

Analysis

Section 34 of Article IV of the California Constitution contains the following provision with respect to the enactment of appropriation bills:

> "Until the Budget Bill has been finally enacted, neither house shall place upon final passage any other appropriation bill, except emergency bills recommended by the Governor, or appropriations for the salaries, mileage and expenses of the Senate and Assembly."

It is to be noted that the above language of Section 34 of Article IV applies only to appropriation bills. In our opinion Assembly Bill No. 3103 contains no appropriation. The portion of the bill which relates to state activity is contained in proposed Section 12750 of the Water Code, which reads as follows:

> "Small flood control projects not specifically authorized by Congress undertaken by the United States Corps of Engineers pursuant

to Section 205 of the Flood Control Act of 1948 (Public Law 858, Eightieth Congress, Second Session, approved June 30, 1948), as amended, are hereby adopted and authorized at such estimated costs *as may be appropriated* for state cooperation by the Legislature upon the recommendation and advice of the Department of Water Resources." (Emphasis added.)

It is clear from the above language that there is no appropriation made by the bill, and that any appropriations for such small flood control projects are to be made by future Legislatures upon the recommendation and advice of the Department of Water Resources. It follows, therefore, that the bill does not come within Section 34 of Article IV, and no letter from the Governor is required for its passage ahead of the Budget Bill.

On the other hand, Assembly Standing Rule 62 requires that:

"Any bill which would require the expenditure of additional state moneys in any manner, including any bill which creates any additional state agency or office, *or adds any functions, duties, or responsibilities to an existing agency or office,* shall be referred to the Ways and Means Committee before being placed on third reading." (Emphasis added.)

Under this rule a bill may be required to be referred to the Ways and Means Committee even though it contains no appropriation.

Section 12750 would be added to the Water Code to adopt and authorize small flood control projects not specifically authorized by Congress undertaken by the United States Corps of Engineers pusuant to Section 205 of the Flood Control Act of 1948. The Department of Water Resources would be required to make recommendations to the Legislature as to the estimated costs to be appropriated for state cooperation. In our opinion, however, this does not constitute a new function, duty, or responsibility of the Department of Water Resources.

Section 12825 of the Water Code presently provides that when the United States makes funds available for a flood control project either adopted already by state law or by subsequent legislation, any public agency affected may request the department to investigate and report to the Legislature as to the date state funds should be allocated to pay the cost of cooperation by the State and the estimated amount of such allocation. The function, duty, or responsibility of the department under proposed Section 12750 of the Water Code does not appear to be substantially different from that under existing Section 12825, since the United States has made money available for these small flood control projects, and they will have been adopted and authorized by legislation. In our opinion, therefore, the bill does not add any new functions, duties, or responsibilities to the Department of Water Resources and is not required to be referred to the Assembly Committee on Ways and Means.

Very truly yours,

RALPH N. KLEPS, Legislative Counsel

State Colleges and Universities—Discriminatory Student Organizations—No. 8282

DEAR MR. ELLIOTT:

Question

You have directed our attention to Assembly Bill No. 758, introduced at the current session of the Legislature and relating to the nonrecognition of certain student organizations by state-owned colleges and universities.

You ask:

1. Would the bill, as amended on March 8, 1957, violate any provision of the Bill of Rights as applied to state action by the Fourteenth Amendment of the Federal Constitution, and would it violate any provision of the Declaration of Rights of the California Constitution?

2. Would it conflict with any other provision of the California Constitution?

Opinion

1. The bill would not violate any provisions of the Bill of Rights or the Fourteenth Amendment to the Federal Constitution, or the Declaration of Rights of the California Constitution.

2. The question of applicability to the University of California arises, and it is our opinion that the bill would apply to the university.

Analysis

Assembly Bill No. 758, with amendments incorporated on March 8, 1957, reads as follows:

"SECTION 1. Section 16146 is added to the Education Code, to read:

"16146. No state-owned college or university, nor student council or student assembly thereof, shall recognize for official campus activi-

ties any student organization, fraternity, sorority, or other private student organization which restricts its membership on the basis of either race, color, religion, or national origin; ~~nor shall such a fraternity, sorority, or other private student organization be permitted the use of school facilities without payment~~.

"SEC. 2. If any provision of this act or the application thereof to any person or circumstances is held invalid, such invalidity shall not affect other provisions or applications of the act which can be given effect without the invalid provision or application, and to this end the provisions of this act are severable.

"SEC. 3. This act shall become operative July 1, 1959."

1. The bill would prohibit state-owned colleges and universities and their student councils and assemblies from recognizing for official campus activities, any student organization, including fraternities and sororities, which restrict membership on the basis of race, color, religion or national origin.

The first 10 amendments to the Constitution of the United States are generally referred to as the "Bill of Rights." The only portion of the Bill of Rights which might conceivably affect Assembly Bill No. 758 is the First Amendment, which prohibits Congress from making any law respecting the establishment of religion or prohibiting the free exercise thereof, or abridging freedom of speech, press, or the right to assemble or to petition the government. This amendment is made applicable to the states by the due process clause of the Fourteenth Amendment to the Federal Constitution (*Illinois ex rel McCollum* v. *Board of Education*, 333 U. S. 203; 92 L. Ed. 649). The remaining nine amendments in the Bill of Rights relate to matters such as the right to bear arms, the billeting of soldiers, unreasonable searches and seizures, taking of property, criminal proceedings, trial by jury, excessive bail, fines or punishment, and the reservation of nondelegated powers to the states and the people thereof. Also, the portions of the First Amendment relating to freedom of speech, press, assembly, and petitioning the government would not be involved by the provisions of Assembly Bill No. 758.

Insofar as the bill would apply to organizations restricting membership on the basis of religion, the measure would not appear to prohibit the free exercise of religion in the sense prescribed by the Constitutions. To violate this provision a statute must generally either establish a religion, provide for compulsory support of religious instruction, make compulsory attendance at worship, restrict the exercise of religion according to the dictates of conscience, or restrict the expression of religious belief (11 Am Jur. 1102). Since the bill would effect neither preferential nor discriminatory treatment of religious organizations, and because there is no governmental policy according to religious groups a preference with respect to use of public facilities, the measure would not constitute a violation of the provision.

A similar right of freedom of religion is guaranteed by Section 4 of Article I of the California Constitution, and its application to Assembly Bill No. 758 would be similar to that of the federal provision.

It is our opinion that Assembly Bill No. 758 would violate no provision of the Bill of Rights of the Federal Constitution nor any provision of the Declaration of Rights of the California Constitution.

2. The applicability of the proposed legislation to the University of California is the major additional constitutional question presented. The university is given the status of a constitutional office or function of the state government by Section 9 of Article IX of the Constitution of California. The Regents of the University of California are given "full powers of organization and government, subject only to such legislative control as may be necessary to insure compliance with the terms of the endowments of the university and the security of its funds." It is further provided that the regents "shall also have all powers necessary or convenient for the effective administration of its trust * * *."

Although the authority of the Legislature with respect to the regulation of the administrative affairs of the university is limited by this provision of the Constitution (*Williams* v. *Wheeler*, 23 Cal. App. 619; *Wallace* v. *Regents of the University of California*, 75 Cal. App. 274), it has been held that legislation on matters of state-wide concern enacted under the police power of the State to provide for the health, morals, safety, and welfare of the people will prevail over regulations of the regents in matters which are not exclusively university affairs (*Tolman* v *Underhill*, 39 Cal 2d 708). Thus, in the *Tolman* case it was held that the need for state-wide uniformity in loyalty oaths for public employees precluded the regents from prescribing oaths for university personnel in addition to those prescribed by the Legislature.

Insofar as Assembly Bill No. 758 would, if enacted, establish a state policy of insuring to all persons the equal right of participation in official campus activities and to the use of school facilities, we believe that it would constitute a valid exercise of the police power and would, consequently, be applicable to the University of California.

RALPH N KLEPS, Legislative Counsel

Speaker Presiding

At 11.14 a.m., Hon. L. H. Lincoln, Speaker of the Assembly, presiding.

ANNOUNCEMENT

Speaker Lincoln announced the possibility of a Saturday session on March 23d, and no session this afternoon because many of the Southern California members desire to attend the joint meeting of the Senate Committee on Transportation and the Assembly Committee on Transportation and Commerce this afternoon, since highways in their districts will be under discussion.

Parliamentary Inquiry

Mr. Lowrey arose to the following question of parliamentary inquiry: Why not meet this afternoon to consider noncontroversial measures, and avoid a Saturday session?

Reply by Speaker

The Speaker replied that the committee meeting this afternoon is of interest to the Southern California members since their districts are affected, and that it was doubtful if a quorum of the Assembly would be present for an afternoon session.

ANNOUNCEMENT

Mr. McCollister announced that the possibility of a Saturday session would depend entirely upon the condition of the file on Friday; that the Assembly disposed of 50 items on file yesterday, but that 62 items had been added; so the possibility of a Saturday session will depend upon the volume of business transacted between now and Friday.

Bills Considered During Period Prior to Final Adjournment

76. See Joint Rule 23 for provisions governing bills considered during this period.

Concurrence in Senate Amendments

77. It shall require the same affirmative recorded vote to concur in any Senate amendment to an Assembly bill as the vote required by the Constitution for the passage of such bill. It shall require an affirmative recorded vote of two-thirds of the entire elected membership of the Assembly to concur in any Senate amendment to an Assembly bill which contains an item or items of appropriation subject to reduction or elimination under the provisions of Section 34a of Article IV of the Constitution. The vote on concurrence shall be deemed the vote upon final passage of such bill. When Senate amendments to an Assembly bill are concurred in, the bill shall be forthwith ordered enrolled, and the Chief Clerk shall notify the Senate of such concurrence.

Nonconcurrence in Senate Amendments

78. If the Assembly refuse to concur in Senate amendments to an Assembly bill, and when notified that the Senate has refused to concur in Assembly amendments to a Senate bill, the Speaker shall appoint a committee of three (3) on conference, and the Chief Clerk shall immediately notify the Senate of the action taken by the Assembly and request the appointment of a like committee.

Committee on Conference

79. The Speaker, in appointing a committee on conference, shall select two members from those voting with the majority on the point about which the difference has arisen, and the other member from the minority, in the event there is a minority vote.

Whether a member has voted with the majority or minority on the point about which the difference has arisen is determined by his vote on the appropriate roll call, as follows:

(a) The roll call on the question of final passage of a Senate bill amended in the Assembly when the Senate has refused to concur with the Assembly amendments;

(b) The roll call on the question of concurrence with Senate amendments to an Assembly bill.

Meetings and Reports of Committees on Conference

Such report is not subject to amendment, and if either house refuses to adopt such report, the conferees shall be discharged and other conferees appointed. No member who has served on a committee on conference shall be appointed a member of another committee on conference on the same bill. The presentation and consideration of any report of a committee on conference shall always be in order, except during a roll call or when a member has the floor. It shall require the same affirmative recorded vote to adopt any conference report as required by the Constitution upon the final passage of the bill affected by such report. It shall require an affirmative recorded vote of two-thirds of the entire elected membership of the Assembly to adopt any conference report affecting any Assembly bill which contains an item or items of appropriation which are subject to reduction or elimination under the provisions of Section 34a of Article IV of the Constitution.

The vote on concurrence or upon the adoption of such conference report by the Assembly shall be deemed the vote upon final passage of such bill.

SECTION 4

PARLIAMENTARY PROCEDURE

Motions and Questions

Precedence of Motions During Debate

84. When a question is under debate or before the Assembly, no motions shall be received but the following, which shall take precedence in the order named:

First—To adjourn;
Second—To recess to a time certain;
Third—To lay on the table;
Fourth—For the previous question;

Fifth—To set as a special order;
Sixth—To postpone indefinitely;
Seventh—To refer to or re-refer;
Eighth—To amend.

Questions of Order Decided Without Debate

85. All incidental questions of order, arising after a motion is made for any of the questions named in Rule 84 and pending such motion, shall be decided by the Speaker without debate, whether on appeal or otherwise.

Appeal From Decision of the Speaker

86. Any member may appeal from a decision of the Speaker without waiting for recognition by the Speaker, even though another member has the floor. No appeal is in order when another is pending, or when other business has been transacted by the Assembly prior to the appeal being taken.

Upon the appeal being seconded, the Speaker may give his reasons for the decision, and the member taking the appeal may give his reasons for making his appeal, and the Speaker shall forthwith put this question to the Assembly: "Shall the decision of the Speaker be sustained?"

An appeal cannot be amended and yields only to a motion to recess or adjourn, to lay on the table, or a question of personal privilege. If an appeal be laid on the table, such action shall have no effect on the pending question.

An appeal cannot be debated when relating to indecorum, transgression of Rules, or priority of business. A majority vote of the members present shall decide any appeal.

Speaker Explains Order of Business

87. The Speaker may, on his own motion or upon the motion of any Member of the Assembly, explain the order of business when the motion pending before the Assembly is not debatable. Such explanation is not to consume more than two minutes.

To Adjourn

88. A motion to adjourn is not debatable and cannot be amended, and is always in order, except (a) when another member has the floor; (b) when the Assembly is voting; (c) during a call of the Assembly. The name of any member moving an adjournment and also the hour at which the motion was made and adjournment taken shall be entered in the Journal. A motion to adjourn must be adopted by a majority vote of the members present.

When a motion to adjourn is made and seconded, it shall be in order for the Speaker, before putting the question, to permit any member to state to the Assembly any fact relating to the condition of the business of the Assembly which would seem to render it improper or inadvisable to adjourn. A statement shall not occupy more than two minutes and shall not be debatable

To Recess to a Time Certain

89. A motion to recess to a time certain shall be treated the same as a motion to adjourn, except that such motion is debatable when no business is before the Assembly, and can be amended as to the time and duration of the recess. It yields only to a motion to adjourn.

To Lay on the Table

90. A motion to lay on the table is not debatable and cannot be amended.

A motion to table a bill, constitutional amendment, concurrent or joint resolution requires a majority vote of the entire elected membership.

Any motion to lay on the table, if carried by a majority vote of the entire elected membership, carries with it the main question and everything that adheres to it; provided, however, that a motion to lay an amendment on the table, if adopted, does not carry with it a bill, constitutional amendment, concurrent, joint, or House resolution.

A motion to lay an amendment on the table may be adopted by a majority vote of the members present.

The Previous Question

91. The previous question shall be put only when demanded by five members, and in this form: "Shall the question be now put?" and its effect, when sustained by a majority of the members present, shall be to put an end to all debate and bring the House to a vote only on the question then pending; except that the proponent of the matter pending shall be allowed not to exceed five minutes to close the debate.

Motion to Set Special Order

92. A motion to set any matter before the Assembly as a special order of business must be adopted by a two-thirds vote of the members elected. It is debatable only as to the propriety of setting the main question as a special order of business, and may be amended only as to the time.

Motion to Postpone to a Time Certain

93. A motion to postpone to a time certain shall be deemed and treated as a motion to set as a special order.

Motion to Postpone Indefinitely

94. When a motion is made to postpone indefinitely any bill, motion, or amendment, it opens the main question to debate. Should the motion to postpone indefinitely prevail by a majority vote of the entire elected membership, the main question shall not be acted upon again during the session.

Motion to Amend

95. A motion to amend may itself be amended, but no "amendment to an amendment" can be amended. A motion to amend is debatable, except where the main question to be amended is not debatable. Any motion to amend may be adopted by a majority vote of the members present.

A motion to amend having been decided in the negative, shall not again be in order on the same day, or at the same stage of proceeding. A motion to amend by striking out certain words having been decided in the negative, shall not preclude a motion to amend by adding words, or a motion to amend by striking out and inserting words; but in no case shall a further amendment be substantially the same as the one rejected.

Subject to the above provisions of this rule, a motion to amend is in order during the second or third reading of any bill.

A motion to lay an amendment on the table may be adopted by a majority vote of the members present, as provided in Rule 90.

Amendment to Be Germane

96. No amendment to any bill, whether reported by a committee or offered by a member, shall be in order when such amendment relates to a different subject, or is intended to accomplish a different purpose, or requires a title essentially different from the original title of any bill.

No amendment shall be in order which adds or deletes the name of a member as an author or co-author, or which changes the original number of any bill.

Substitute Motion

Article 3 Recommendations

1210. Each year, on or before April 1st the game manager for each area or unit established by the department shall, and any interested person may, submit to the regional manager for the district in which the major portion of the unit or area is located, recommendations for the number, if any, of antlerless deer that should be taken in the area or unit and whether or not the permits should be either-sex deer permits.

The regional manager designated by the department within 30 days shall cause a public hearing to be held in the county in which the unit or area is located or the county containing the major portion thereof, and notice of the hearing shall be published once in a newspaper of general circulation in the area not less than 15 days prior to the hearing.

DEAR FELLOW MEMBERS: I wish to extend my sincere thanks and appreciation for the beautiful red roses sent while I was in the hospital. Also for the "get well" card, signed by the Members of the Senate and Assembly, which will be kept among my souvenirs.

I was sorry to have missed the St. Patrick's Day celebration. However, it was nice to be remembered with the lovely white orchid.

I am very anxious to be back with you and if I continue to improve as I have the past 10 days it will not be much longer.

Again may I say "thanks" to each and everyone of you for your thoughtfulness.

Sincerely yours,

Almighty and Merciful God. This world is indeed a place of confusion, tumult, fear, and tension; not because Thou didst create it so, but because men have flaunted Thy commands and insisted upon walking in their own ways. Help us, O Lord, to hear above the discordant sounds of life today Thy still, small voice; grant that beyond the glitter of the world's gaudy prizes we may see the crown of righteousness which Thou dost offer men; enable us in spite of the threatening uncertainties that chill the soul to feel the warm strength of Thy presence. Direct us, calm us, sustain us, and grant us Thy peace; through Christ, our Lord.—AMEN.

STATE OF CALIFORNIA
DEPARTMENT OF WATER RESOURCES
SACRAMENTO, March 21, 1957

Hon. Arthur A. Ohnimus
Chief Clerk of the Assembly
State Capitol, Sacramento, California

Subject: Report on Salinity Control Barrier Studies

DEAR MR OHNIMUS: In accordance with provisions of the Abshire-Kelly Salinity Control Barrier Act of 1955, the Department of Water Resources and predecessor agencies have been engaged in an investigation of the feasibility of plans for the control of salinity in the Sacramento-San Joaquin Delta and for other allied purposes. This legislation requires that a report on the status of the investigation be made to the Legislature on March 30, 1957.

The required report has been prepared and is under review within this department, the majority of the material having already been furnished the State Printer for publication. However, the report should be presented to the State Water Board for its review and recommendation prior to release to the Legislature and to the public. It will be presented to the board at its next scheduled meeting on April 5, 1957, and it is anticipated that the board will recommend release of the report

at that time. Under established procedure, a joint public hearing on the subject matter of the report will be held by the department and the State Water Board at a later date.

For the foregoing reasons, it is anticipated that there will be a short delay in presenting the report on the status of the Salinity Control Barrier Investigation to the Legislature. The acquiescence of the Legislature in the procedure outlined is respectfully requested.

Very truly yours,

HARVEY O. BANKS, Director

OPINION OF LEGISLATIVE COUNSEL

STATE OF CALIFORNIA
OFFICE OF LEGISLATIVE COUNSEL
SACRAMENTO, CALIFORNIA, March 22, 1957

Hon. Jesse M. Unruh
Assembly Chamber

Mortgage Loans—No. 9567

DEAR MR. UNRUH:

You asked what effect the provisions of Assembly Bill No. 1084 would have on the existing law.

Under the existing provisions of Section 3081.5 of the Civil Code, which are affected by Assembly Bill No. 1084, any loan, made after the effective date of the section (Sept. 7, 1955), which provides for installment payments and which has a maturity date of less than three years, must provide for substantially equal installments over the period of the loan, with the final payment not payable until the maturity date of the loan, and no installment including the final installment shall be greater than twice the amount of the smallest installment.

This provision has the effect of prohibiting the so-called "balloon payment" at the maturity date where the loan is for a period of less than three years and requires the amortization of the loan in equal installments over the period of the loan.

Assembly Bill No. 1084 would amend this section to exempt from the application of the above provision purchase money loans. The effect of such amendment would be to permit loans made to provide the borrower with money to pay all or part of the purchase price of real property to be made repayable without regard to whether the installment payments are equal.

While the section also contains other provisions relating to the renewal or refinancing of loans, such provisions would not be affected by Assembly Bill No. 1084.

Very truly yours,

RALPH N. KLEPS, Legislative Counsel
By BERNARD CZESLA, Deputy

Two copies to Hon. Charles Edward Chapel pursuant to Joint Rule 34.

Explanation of Vote

I don't subscribe to practices and procedures which would permit politics to enter into the State's purchases of goods, services and real property. The insurance industry alone should not be singled out any more than any other business or profession. I would be glad to also support any legislation which gets to the basic conflict of interest problems regardless of business or profession.

16257. The governing board of any school district may lease the school busses of the district, together with any equipment, garages, and facilities of the district used in connection therewith, to any person, firm, association, partnership or corporation upon such terms and conditions as may be agreed upon by the governing board of the school district and the lessee thereof, except that the agreement shall require the lessee thereof to maintain the school busses and equipment in good repair and condition, and shall require such lessee to enter into a contract with the governing board of the district providing for the transportation of pupils to and from the schools of the district

SEC. 2. This act is an urgency measure necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution, and shall therefore go into effect immediately. The facts constituting such necessity are:

A number of school districts in the State have experienced great difficulty in making adequate provision to insure dependable bus transportation to and from the public schools for school pupils Arrangements for the care and maintenance of vehicles and facilities, and the employment of capable personnel can, in many cases, be more efficiently accomplished by persons or firms to whom the district could lease the vehicles and equipment rather than by the governing boards of the districts. Since several school districts must make provision for transportation of students prior to September, 1957, the provisions for lease arrangements must go into immediate effect to insure dependable transportation at that time."

SEC. 5. This act is an urgency measure necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Under existing law, teachers and employees of school districts are required to maintain attendance records for pupils that require a great amount of teacher and clerical time. It may also combine such financing in any bond issue to finance construction of the Southern Crossing, as specified in Article 2 of this chapter (commencing at Section 30651).

Nothing in this section, however, shall preclude, and the California Toll Bridge Authority shall provide for, the inclusion in its bond proceedings of the obligation of the authority to from time to time fix the rates of tolls and charges in accordance with the provisions of Section 30102, it being the intention of the Legislature that when bonds are issued the authority shall be under the obligation to so fix and collect such rates of toll as are necessary to comply with such obligation.

The authority is further authorized to use any of the funds now under the control of the authority from the revenues of the toll bridge for any of the purposes mentioned in this article or in Section 30609.

CONSIDERATION OF HOUSE RESOLUTION NO. 96

By Mr. Weinberger:

House Resolution No. 96

Relating to the "Parade of Ideals"

WHEREAS, Although faced with many problems resulting from its phenomenal growth, California finds that the problem of its youth and the delinquency thereof has become one of the State's major problems; and

WHEREAS, It is with the gravest concern that we observe the increasing waste of our most valuable resource, the youth of our State; and

WHEREAS, Prevention of delinquency is always a better and less costly solution than any form of rehabilitation or punishment; and

WHEREAS, The basic defect in those of our youth who take the path of delinquency appears to be the absence of moral standards and character; and

WHEREAS, Mr. Albert C. Hartnack of San Francisco is the author of a plan that goes to the very crux of this problem of character building; and

WHEREAS, This plan, "The Parade of Ideals" involves presenting the message of high moral standards and good character to the youth of our State during their formative school years by the simple medium of pictures of the Ideal Boy, the Ideal Girl, the Ideal Home, and the Tree of Good Character on their composition books and tablets that they use daily in their school work; and

WHEREAS, The plan is in the field of prevention of juvenile delinquency rather than in the field of punishment; now, therefore, be it

Resolved by the Assembly of the State of California, That the Assembly compliments Mr. Albert Hartnack on his good work in this field, and be it further

Resolved, That this Assembly does hereby request all manufacturers of tablets, composition books, and notebooks to please give serious consideration to the question of whether they can adopt this plan called the Parade of Ideals; and be it further

By Mr. Weinberger:

House Resolution No. 96

Relating to the "Parade of Ideals"

WHEREAS, Although faced with many problems resulting from its phenomenal growth, California finds that the problem of its youth and the delinquency thereof has become one of the State's major problems; and

WHEREAS, Prevention of delinquency is always a better and less costly solution than any form of rehabilitation or punishment; and

WHEREAS, The basic defect in those of our youth who take the path of delinquency appears to be the absence of moral standards and character; and

WHEREAS, Mr. Albert C. Hartnack of San Francisco is the author of a plan that goes to the very crux of this problem of character building; and

WHEREAS, This plan, "The Parade of Ideals" involves presenting the message of high moral standards and good character to the youth of our State during their formative school years by the simple medium of pictures of the Ideal Boy, the Ideal Girl, the Ideal Home, and the Tree of Good Character on their composition books and tablets that they use daily in their school work; and

WHEREAS, The plan is in the field of prevention of juvenile delinquency rather than in the field of punishment; now, therefore, be it

Resolved by the Assembly of the State of California, That the Assembly compliments Mr. Albert Hartnack on his good work in this field; and be it further

Resolved, That the Chief Clerk of the Assembly is hereby directed to transmit suitably prepared copies of this resolution to Mr. Albert Hartnack, the author of this "Parade of Ideals."

The board shall first determine whether such contract shall be let as a single unit for the whole of the work, or shall be divided into severable convenient parts, or both, according to the best interests of the district. The board shall make call for bids and advertise such call by three (3) insertions in a daily newspaper of general circulation or by two (2) insertions in a weekly newspaper of general circulation printed and published in said district inviting sealed proposals for the construction or performance of the improvement or work before any contract is made therefor. Such call for bids shall state whether such work is to be performed as a unit for the whole thereof or shall be divided into severable convenient specific parts, or both, as stated in the call. The board may let such work by single contract for the whole thereof as a unit or it may divide such work into severable convenient parts by separate contracts, as stated in such call, according to the best interests of the district. The board shall require the successful bidder or bidders to file with the board good and sufficient bonds to be approved by the board conditioned upon the faithful performance of the contract and upon the payment of their claims for labor and material in connection therewith, such bonds to contain the terms and conditions set forth in Chapter 3 of Division 5 of Title 1 of the Government Code and to be subject to the provisions of that chapter. The board shall also have the right to reject any and all bids. In the event no proposals are received pursuant to advertisement therefor, or the estimated cost of such work does not exceed the sum of [two thousand dollars ($2,000)] *four thousand five hundred dollars ($4,500)*, or the work consists of channel protection, or maintenance work, or emergency work when necessary in order to protect life and property from impending flood damage, the board of supervisors may, without advertising for bids therefor, have said work done by day labor, under the direction of the board, by contract, or by a combination of the two. If any change or alteration in a contract awarded under the provisions of this section is deemed necessary and the cost thereof does not exceed ten percent (10%) of the original contract price, the board may authorize the contractor to proceed with the change or alteration without the formality of obtaining bids therefor. The district shall have the power to acquire in the open market without advertising for bids therefor, materials, equipment and supplies for use in any work or for any other purpose; provided, however, that materials and supplies for use in any new construction work or improvement, except work referred to in the preceding sentence, may not be purchased if the cost thereof exceeds [two thousand five hundred dollars ($2,500)] *three thousand five hundred dollars ($3,500)*, without advertising for bids and awarding the contract therefor to the lowest responsible bidder."

21250.5. In addition to any other benefits provided by this part, any local miscellaneous member who retires for service after attaining age 60 and before age 65 with credit for state service rendered as an employee of any contracting agency which is subject to the provisions of Section 21251.1 and which has modified its contract as provided in Section 21702, shall receive an additional annual pension based on his age at retirement and credited service which shall be computed according to the following formula:

(a) .70 times the product of his age at retirement and his years of prior and current service, not in excess of 20 years, which have been credited toward the modified benefit formula provided in the agency's contract, plus

(b) .40 times the product of his age at retirement and his years of prior and current service in excess of 20 years which have been credited toward the modified benefit formula provided in the agency's contract.

This additional pension shall not be subject to the optional settlements under Article 4 of this part and shall be payable monthly as a temporary annuity until the retired member attains or would attain age 65. Should his death occur prior to age 65, the commuted value of any remaining installments shall be paid to his designated beneficiary in the manner provided in Section 21332.5 for payment of death benefits under optional settlement one.

The benefits payable under this section shall be derived from contributions of the contracting agency and shall be divided between the agency's prior and current service contributions in the same proportion as the credited years of prior and current service which are used in the computation of this additional pension.

This section shall not apply to any contracting agency nor to the employees of any contracting agency unless and until the agency elects to be subject to the provisions of this section by amendment to its contract made in the manner prescribed for approval of contracts, except that an election among the employees is not required, or, in the case of contracts made after the date this section takes effect, by express provisions in such contract making the contracting agency subject to the provisions of this section.

SEC. 2. Section 21703 is added to said code, to read:

21703. The modifications provided in Section 21702 shall include, but not be limited to, a provision that any member retiring for service who is fully insured under Old-Age and Survivors Insurance may elect to have the actuarial equivalent of his unmodified service retirement allowance paid in two parts as follows:

(a) A temporary annuity which shall not exceed the primary Social Security benefit which it is anticipated the member will be entitled to receive at age 65, plus

(b) A life income consisting of his service retirement annuity plus such pension as may be provided by the actuarial value of his current and prior service pensions remaining after providing the temporary annuity in (a).

The temporary annuity under (a) shall not be subject to the optional settlements under Article 4 of Chapter 9, Part 3, Division 5, Title 2 of this code and shall be payable monthly until the retired member attains or would attain age 65. Should his death occur prior to age 65, the commuted value of any remaining installments shall be paid to his designated beneficiary in the manner provided in Section 21332.5 of this code for payment of death benefits under optional settlement one.

SEC. 3. This act is an emergency measure necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The provisions of the Social Security Act for retroactive coverage under Old-Age and Survivors Insurance which permit persons to be eligible for benefits immediately upon coverage action, require that such action be taken prior to 1958. Such coverage action must be preceded by at least 90 days' notice to the employees. Accordingly the right to retroactive coverage and thus the ability of persons now at retirement age to retire with benefits under Old-Age and Survivors Insurance will be seriously prejudiced in a contracting agency which desires a modification of its contract as authorized under this act unless the act takes effect immediately."

In line 2 of the title, after "system", insert "with respect to local safety members, declaring the urgency thereof, to take effect immediately".

"SECTION 1. Section 20607 of the Government Code is amended to read:

20607. For each local safety member who became such a member of this system, or, if entitled to credit for prior service, who entered fire, police, or county peace officer service at or below age 45, *excepting those local safety members whose service retirement allowances are provided under Section 21252.5*, as computed under Section 20606, the normal rate of contribution shall be such as, on the average, will provide a service retirement annuity at the minimum age at which retirement for service is permitted or upon completion of 20 years of service at an age higher than the minimum which, with one-half of his prior service pension, if any (assumed for this purpose to be based on the full prior service formula applicable to his classification), will equal one-fourth of his final compensation.

SEC. 2. Section 20607.5 of said code is amended to read:

20607.5 For each local safety member who became such a member of this system, or, if entitled to credit for prior service, who entered fire, police, or county peace officer service at or below age 45, *excepting those local safety members whose service retirement allowances are provided under Section 21252.5*, the normal rate of contribution shall be such as will provide, on the average, a service retirement annuity at age 55, or upon completion of 20 years of service at an age higher than 55 years, equal to one-fourth of his final compensation less one-half of his prior service pension (assumed for this purpose to be based on the full prior service formula applicable to his classification), it being the intention that the retirement allowances of such members, upon retirement at age 55 or such higher age, shall be, on the average, one-half of their final compensations, respectively.

This section shall not apply to any contracting agency nor to the employees of any contracting agency unless and until the agency elects to be subject to the provisions of this section by amendment to its contract made in the manner prescribed for approval of contracts, except that an election among the employees is not required, or, in the case of contracts made after the date this section takes effect, by express provision in such contract making the contracting agency subject to the provisions of this section.

Whenever this section becomes applicable to the employees of any contracting agency, as to those members to whom it applies it shall supersede the provisions of Section 20607.

SEC. 3. Section 20607.51 is added to said code, to read:

20607.51 For each local safety member whose service retirement allowance is provided under Section 21252.5, the normal rate of contribution shall be such as will provide, on the average, a monthly service retirement annuity at age 60 equal to five-eighths of 1 percent of his final compensation for each year of current service which would be applicable toward the benefit formula set forth in Section 21252.5.

SEC. 4. Section 21252.5 is added to said code, to read:

21252.5. The combined current and prior service pensions for a local safety member who is an employee of a contracting agency which is subject to the provisions of this section, is an annual pension which when added to the service retirement annuity that is derived from the accumulated normal contributions of the member shall equal the sum of the following.

(a) A temporary annuity based on age at retirement and length of service computed according to the following formula:

(1) .50 times the product of his age at retirement and his years of credited prior and current service not in excess of 20 years, plus

(2) .40 times the product of his age at retirement and his years of credited prior and current service in excess of 20 years.

(b) The percentage of final compensation set forth opposite his age at retirement in the following table multiplied by the number of years of credited current and prior service as a safety member in the employ of all contracting agencies subject to this section at the time of his retirement:

If retirement occurs at age:	The percent for each year of credited service is:
60	1.250
60¼	1.275
60½	1.300
60¾	1.325
61	1.350
61¼	1.375
61½	1.400
61¾	1.425
62	1.450
62¼	1.475
62½	1 500
62¾	1 525
63	1.550
63¼	1.575
63½	1.600
63¾	1.625
64	1.650
64¼	1.675
64½	1 700
64¾	1.725
65	1.750

The temporary annuity under subdivision (a) of this section shall not be subject to the optional settlements under Article 4 of this chapter and shall be payable monthly until the retired member attains or would have attained age 65. Should his death occur prior to age 65, the commuted value of any remaining installments shall be paid to his designated beneficiary in the manner provided in Section 21332.5 for payment of death benefits under optional settlement 1.

The agency's liability for prior service shall be in the same proportion to the total reserves required as the years of credited prior service bear to the total years of credited service. The agency's liability for current service shall consist of the remainder of the total reserves required after deducting the liability for prior service and the accumulated normal contributions of the member.

This section shall apply only to a contracting agency which elects to be subject hereto by an amendment to its contract or by express provision of a contract hereafter entered into provided the agreement executed by the board pursuant to Section 218, Social Security Act, is or has been modified to include therein the employees of the agency in positions covered or to be covered by this system as local safety members.

SEC. 5. Section 21364.6 is added to said code, to read:

21364.6. The special death benefit for a local safety member who is an employee of an agency subject to Section 21252.5 shall be reduced by one-half during such time as the surviving wife or minor child or children to whom it is payable are entitled to receive benefits under Old-Age and Survivors Insurance except for time during which the surviving wife is entitled to receive such benefits solely as a widow and prior to age 65

SEC. 6. This act shall become operative on the first day of the month next succeeding the date it takes effect.

SEC. 7. This act is an emergency measure necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The provisions of the Social Security Act for retroactive coverage under Old-Age and Survivors Insurance which permit persons to be eligible for benefits immediately upon coverage action, require that such action be taken prior to 1958. Such coverage action must be preceded by at least 90 days' notice to the employees. Accordingly the right to retroactive coverage and thus the ability of persons now at retirement age to retire with benefits under Old-Age and Survivors Insurance will be seriously prejudiced in a contracting agency which desires a modification of its contract as authorized under this act unless the act takes effect immediately."

The vote on concurrence or upon the adoption of such conference report by the Assembly shall be deemed the vote upon final passage of such bill.

SECTION 4
PARLIAMENTARY PROCEDURE

Motions and Questions

Precedence of Motions During Debate

84. When a question is under debate or before the Assembly, no motions shall be received but the following, which shall take precedence in the order named:

First—To adjourn;
Second—To recess to a time certain;
Third—To lay on the table;
Fourth—For the previous question;
Fifth—To set as a special order;
Sixth—To postpone indefinitely;
Seventh—To refer to or re-refer;
Eighth—To amend.

Questions of Order Decided Without Debate

85. All incidental questions of order, arising after a motion is made for any of the questions named in Rule 84 and pending such motion, shall be decided by the Speaker without debate, whether on appeal or otherwise.

Appeal From Decision of the Speaker

86. Any member may appeal from a decision of the Speaker without waiting for recognition by the Speaker, even though another member has the floor. No appeal is in order when another is pending, or when other business has been transacted by the Assembly prior to the appeal being taken.

Upon the appeal being seconded, the Speaker may give his reasons for the decision, and the member taking the appeal may give his reasons for making his appeal, and the Speaker shall forthwith put this question to the Assembly: "Shall the decision of the Speaker be sustained?"

An appeal cannot be amended and yields only to a motion to recess or adjourn, to lay on the table, or a question of personal privilege If an appeal be laid on the table, such action shall have no effect on the pending question.

An appeal cannot be debated when relating to indecorum, transgression of Rules, or priority of business. A majority vote of the members present shall decide any appeal.

Speaker Explains Order of Business

87. The Speaker may, on his own motion or upon the motion of any Member of the Assembly, explain the order of business when the motion pending before the Assembly is not debatable. Such explanation is not to consume more than two minutes.

To Adjourn

88. A motion to adjourn is not debatable and cannot be amended, and is always in order, except (a) when another member has the floor; (b) when the Assembly is voting; (c) during a call of the Assembly. The name of any member moving an adjournment and also the hour at which the motion was made and adjournment taken shall be entered in the Journal. A motion to adjourn must be adopted by a majority vote of the members present.

When a motion to adjourn is made and seconded, it shall be in order for the Speaker, before putting the question, to permit any member to state to the Assembly any fact relating to the condition of the business of the Assembly which would seem to render it improper or inadvisable to adjourn. A statement shall not occupy more than two minutes and shall not be debatable.

To Recess to a Time Certain

89. A motion to recess to a time certain shall be treated the same as a motion to adjourn, except that such motion is debatable when no business is before the Assembly, and can be amended as to the time and duration of the recess. It yields only to a motion to adjourn.

To Lay on the Table

90. A motion to lay on the table is not debatable and cannot be amended.

A motion to table a bill, constitutional amendment, concurrent or joint resolution requires a majority vote of the entire elected membership.

Any motion to lay on the table, if carried by a majority vote of the entire elected membership, carries with it the main question and everything that adheres to it; provided, however, that a motion to lay an amendment on the table, if adopted, does not carry with it a bill, constitutional amendment, concurrent, joint, or House resolution.

A motion to lay an amendment on the table may be adopted by a majority vote of the members present.

The Previous Question

91. The previous question shall be put only when demanded by five members, and in this form: "Shall the question be now put?" And its effect, when sustained by a majority of the members present, shall be to put an end to all debate and bring the House to a vote only on the question then pending; except that the proponent of the matter pending shall be allowed not to exceed five minutes to close the debate.

Motion to Set Special Order

92. A motion to set any matter before the Assembly as a special order of business must be adopted by a two-thirds vote of the members elected. It is debatable only as to the propriety of setting the main question as a special order of business, and may be amended only as to the time.

Motion to Postpone to a Time Certain

93. A motion to postpone to a time certain shall be deemed and treated as a motion to set as a special order.

Motion to Postpone Indefinitely

94. When a motion is made to postpone indefinitely any bill, motion, or amendment, it opens the main question to debate. Should the motion to postpone indefinitely prevail by a majority vote of the entire elected membership, the main question shall not be acted upon again during the session.

Motion to Amend

95. A motion to amend may itself be amended, but no "amendment to an amendment" can be amended. A motion to amend is debatable, except where the main question to be amended is not debatable Any motion to amend may be adopted by a majority vote of the members present.

A motion to amend having been decided in the negative, shall not again be in order on the same day, or at the same stage of proceeding. A motion to amend by striking out certain words having been decided in the negative, shall not preclude a motion to amend by adding words, or a motion to amend by striking out and inserting words; but in no case shall a further amendment be substantially the same as the one rejected.

Subject to the above provisions of this rule, a motion to amend is in order during the second or third reading of any bill.

A motion to lay an amendment on the table may be adopted by a majority vote of the members present, as provided in Rule 90.

Amendment to Be Germane

96 No amendment to any bill, whether reported by a committee or offered by a member, shall be in order when such amendment relates to a different subject, or is intended to accomplish a different purpose, or requires a title essentially different from the original title of any bill.

No amendment shall be in order which adds or deletes the name of a member as an author or co-author, or which changes the original number of any bill.

Substitute Motion

97. A motion to substitute shall be deemed and treated as a motion to amend.

Motions in Writing

98. Upon request of the Speaker all motions shall be reduced to writing and shall be read to the Assembly by the Speaker before the same are acted upon.

Constitution of Motions

99. No motion, whether oral or written, shall be adopted until the same shall be seconded and distinctly stated to the Assembly by the Speaker.

Division of Questions

100. Any member may call for a division of the question, and the Speaker shall order the question divided if it comprehend propositions in substance so distinct that, one being taken away, a substantive proposition shall remain for the decision of the Assembly.

Withdrawal of Motions

101. After a motion is stated by the Speaker, or a bill, resolution, or petition read by the Clerk, it shall be deemed to be in the possession of the Assembly.

Motion to Be Germane

102. No motion or proposition on a subject different from that under consideration shall be admitted as an amendment.

Motion to Withdraw and Recall Bills

103. A motion to withdraw a bill or resolution from committee, or to re-refer a bill or resolution from one committee to another committee may be made during the regular order of business. A motion to re-refer shall only be debatable as to the propriety of such reference, and shall require a recorded vote of a majority of the elected members.

No bill or resolution shall be withdrawn from committee and placed upon the file except upon two days' notice thereof and except by a recorded vote of a majority of the elected members.

Re-reference of Measures on File

104. A motion to re-refer a bill or resolution that is on the Assembly Daily File to committee may be made during the regular order of business. The motion shall only be debatable as to the propriety of such reference, and shall require a recorded vote of a majority of the elected members.

Bills Stricken From File

105. A motion to strike from the file any bill or House resolution requires a majority vote of the entire elected membership. Such bill shall not be acted upon again during the session.

Motion to Rescind Action and Expunge Record

106. Previous to the approval of the Journal by the Assembly, any action may be rescinded and its record ordered expunged by an affirmative recorded vote sufficient to take such action originally; except that no action shall be rescinded and the record expunged by a vote less than a majority of the entire elected membership. No motion to rescind the action and expunge the record shall be made twice on the same proposition.

Whenever any action of the Assembly is rescinded and its record ordered expunged, the record of the action expunged shall not appear in any form whatsoever, but the record of the proceedings on the motion to rescind and expunge shall appear in the Assembly Journal as and when printed.

Reconsideration of Vote

107. Notice of a motion to reconsider on the next legislative day, the vote whereby any bill, constitutional amendment, concurrent or joint resolution was passed or refused passage, must be given on the same day such vote to be so reconsidered was taken.

A notice of motion to reconsider a vote must be given by a member voting on the bill, constitutional amendment, concurrent or joint resolution, and shall take precedence over all motions, except a motion to adjourn. Upon such notice of motion being given, the bill, constitutional amendment, concurrent or joint resolution shall forthwith be placed upon the unfinished business file, and no further action shall be taken prior to the next legislative day. When a notice of a motion to reconsider has once been made, the same shall be considered to be the property of the Assembly.

Any member voting on any motion, amendment, concurrence, Assembly resolution or proposition other than a bill, constitutional amendment, concurrent or joint resolution, may give notice of reconsideration of the vote whereby the same was passed or refused passage on the same day such vote to be reconsidered was taken, which notice shall suspend all further consideration until the next legislative day; provided, however, that a motion to reconsider on the same day the notice was given shall take precedence over and above such notice and upon demand of any member must be put to an immediate vote. A motion to reconsider any proposition other than a bill, constitutional amendment, concurrent or joint resolution shall require an affirmative recorded vote of a majority of the entire elected membership.

No notice of motion for reconsideration shall be in order on the day preceding the last day for consideration of Assembly or Senate bills in the Assembly. No motion to reconsider shall be adopted except upon an affirmative recorded vote of a majority of the entire elected membership, except that it shall require a two-thirds vote of the entire elected membership to reconsider the vote on any matter originally requiring a two-thirds vote for its passage or adoption.

When reconsideration is granted, the bill shall resume its exact position before the Assembly previous to its being voted upon.

Call of Assembly

108 After the roll has been called, and prior to the announcement of the vote, any member may move a call of the Assembly. A majority of the members present may order a call of the Assembly, and the Speaker shall immediately order the Sergeant-at-Arms to lock all doors and shall direct the Clerk to prepare a list of absentees as disclosed by the last roll call, which list of absentees shall be furnished to the Sergeant-at-Arms. Thereupon no members shall be permitted to leave the Assembly Chamber except by written permission of the Speaker, and no person shall be permitted to enter except such member as is taken into custody as herein provided, or Senators, officers, attaches, or employees of the Legislature in the official performance of their duties.

Those members who are found to be absent, and for whom no leaves of absence have been granted, shall be forthwith taken into custody wherever found by the Sergeant-at-Arms or his assistants or any person designated by the Sergeant-at-Arms, including members of the California Highway Patrol, the State Police, and sheriffs or their deputies, and brought to the Assembly Chamber. No recess or adjournment shall be taken during a call of the Assembly. During such call, the Assembly may consider and transact any matter of business by unanimous consent. No call of the Assembly shall be ordered on any matter while the Assembly is already under call. A call of the Assembly may be dispensed with at any time upon a majority vote of the members present, such action to become effective upon the completion of the roll call and the announcement of the vote upon the matter for which the call was ordered.

Resolutions

109. The adoption of any resolution authorizing the expenditure of money shall require an affirmative recorded vote of a majority of all members elected to the Assembly. All House resolutions shall be numbered and shall be referred to the appropriate committee by the Speaker.

Motions and Resolutions

110. Any motion or resolution not otherwise provided for under the Rules shall be placed before the Assembly only under this order of business. Unless otherwise provided by law or Assembly rule, any motion or resolution may be adopted by a majority vote of the members present.

Adjournment

111. Adjournment for the constitutional recess or adjournment *sine die* shall be ordered by concurrent resolution The resolution for adjournment *sine die* shall be adopted by the Assembly not less than seven days before the date set therein for such adjournment

being recognized, he may speak, confining himself to the question under consideration. When two or more members rise at the same time, the Speaker shall designate the member who is entitled to the floor.

No member shall speak more than once during the consideration of any one question on the same day and at the same stage of proceeding, except that the author of a bill or resolution or the mover of a question shall have the right to open and close the debate thereon. No member shall be allowed to speak more than 10 minutes to open and five minutes to close the debate thereon, and no member other than the author or the mover of the question shall be allowed to speak more than five minutes thereon. No member shall yield to any other member the time for which he is entitled to speak on any matter.

Leave of Absence

113. No member shall absent himself from attendance at any session of the Assembly without leave of the Assembly, and no member shall obtain such leave of absence or be excused for nonattendance, except by a two-thirds vote of all members elected to the Assembly, or by unanimous consent.

Personal Privilege

114. Any member may rise to explain a matter personal to himself and shall forthwith be recognized by the Speaker, but shall not discuss a question in such explanation. Such matters of personal privilege yield only to a motion to recess or adjournment.

Objection to Reading of Any Paper

115. Any member upon recognition by the Speaker may object to the reading of any paper before the Assembly. After such objection, the question of reading shall be determined without debate by a majority vote of the members present, upon a brief statement of its substance by the Speaker.

Members Called to Order for Transgressing Rules

116. a. If any member transgresses the Rules of the Assembly, the Speaker shall, or any member may, call the offending member to order The member so called to order shall immediately take his seat, until the Speaker without debate, shall have determined whether he is in order or not. Such decision by the Speaker shall be subject to an appeal to the Assembly.

b. If any member be called to order for offensive words spoken in debate, the person calling him to order shall state to the Assembly the words to which exception is taken. No member shall be held to answer, or be subject to censure by the Assembly, for language used in debate, if other business shall have been transacted by the Assembly prior to exception being taken to the words spoken.

Members Voting

117. Every member in the Assembly Chamber when a roll call is required shall record his vote openly and without debate, unless the Assembly shall, by a majority vote of the members present, excuse him.

The name of any member who refuses to vote as required by this rule, after being requested by the Speaker to do so, shall be entered in the Journal of the Assembly, together with a statement that he was

present and did so refuse to vote. Any member who refuses so to vote may, if he so desires, and immediately after the announcement of the vote, submit a written explanation of his failure to vote and have such explanation printed in the Journal, provided no such explanation shall exceed 50 words in length.

In addition to the entry of his name in the Journal, any member who refuses so to vote when required, and who has not been excused from doing so, may, immediately after the announcement of the vote, in the discretion of the Speaker or upon demand of any member, be summoned to appear before the bar of the Assembly for public censure by the Speaker or by any member designated by the Speaker. Censure of a member as provided by this rule shall not constitute a bar to proceedings for his expulsion from the Assembly pursuant to Section 9 of Article IV of the Constitution.

A member may submit a written explanation of his vote on any bill or House resolution, and have such explanation printed in the Journal immediately following such vote, provided no such explanation shall exceed 50 words in length.

118. If a Member of the Assembly is convicted of a felony by a superior court, his right to further compensation or expenses is thereupon suspended and his membership on any interim committee is suspended. If such conviction becomes final, the right of the member to further compensation or expenses shall terminate and any compensation or expenses withheld shall be forfeited to the State. If the conviction is reversed by an appellate court or a motion for a new trial is granted and the member is thereafter found not guilty or the charges against him are dismissed, the amounts of the withheld compensation or expenses shall be paid to the member and the suspension of his committee membership shall terminate.

Whenever a member is convicted of a felony in the superior court, the Assembly Rules Committee shall give written notice to the State Controller, directing him to discontinue any further payments to the member unless and until the Rules Committee notifies the State Controller that the member has been found not guilty or that the charges against him are dismissed. The State Controller shall not draw any warrant payable to any such member except as provided in this rule.

119. The ayes and noes shall be recorded by the electrical voting system on the final passage of all bills, or by viva voce when demanded by three members or when ordered by the Speaker, and on any other question when called for by three members or ordered by the Speaker, the names of which members shall be entered in the Journal.

"SECTION 1. Sections 5153, 5154, 5154.5, and 5155 of the Education Code are hereby repealed.

SEC. 2. Section 5153 is added to the Education Code, to read:

5153. The State Controller shall during each fiscal year transfer from the General Fund to the State School Fund such sums, in addition to the sums accruing to the State School Fund from other sources, as shall provide in the State School Fund for distribution during the fiscal year a total amount equal to the amount which the Superintendent of Public Instruction shall allow to school districts and county school service funds and county school tuition funds under Chapter 15 (commencing at Section 7000) of this division. Such total amount shall not be less than one hundred eighty dollars ($180) per pupil in average daily attendance during the preceding fiscal year credited to all kindergarten, elementary, high school, and junior college schools in the State and to county school tuition funds, as certified by the Superintendent of Public Instruction.

SEC. 3. Section 5154 is added to said code, to read:

5154. Any provisions in Section 5153 to the contrary notwithstanding:

(a) The amount appropriated by Section 5153 for allowances made pursuant to subdivision (a) of Section 7001 shall not exceed $1 multiplied by the total average daily attendance credited to all kindergarten, elementary, high school and junior college schools in the State and to county school tuition funds during the preceding school year.

(b) The amount appropriated by Section 5153 for allowances made pursuant to subdivision (b) of Section 7001 shall not exceed $3.75 multiplied by the total average daily attendance credited to all kindergarten, elementary, high school and junior college schools in the State and to county school tuition funds during the preceding school year.

(c) The amount appropriated by Section 5153 for allowances made pursuant to Article 3 (commencing at Section 7011) Chapter 15 of this division, except Section 7018.1 thereof, shall not exceed $4.10 multiplied by the total average daily attendance credited to all kindergarten, elementary, high school and junior college schools in the State and to county school tuition funds during the preceding school year.

SEC. 4. Section 6703 of said code is amended to read:

6703. During any fiscal year there shall be expended for the payment of salaries of persons employed by the district in positions requiring certification qualifications or for the payment of tuition by the district to another district the following amounts:

(a) Not less than 65 percent of the foundation program for elementary school attendance in elementary districts with an average daily attendance during the preceding year of less than 101, exclusive of pupils attending the seventh and eighth grades of a junior high school, as such foundation program is actually computed for apportionments in the same fiscal year pursuant to Article 4, Chapter 15 of this division, or pursuant to Section [7091] *7091.1*, if the foundation program for such district is computed pursuant to Section [7091] *7901.1*, whichever is the case for the particular district.

(b) Not less than 65 percent of the foundation program for elementary school attendance of an elementary district with an average daily attendance during the preceding year of 101 or more, exclusive of the average daily attendance of pupils attending the seventh and eighth grades of a junior high school, as such foundation program would be computed for apportionments in the same fiscal year pursuant to Article 4 of Chapter 15, or as it would be computed pursuant to Section [7091] *7091.1* for apportionments in the same fiscal year, whichever is the larger amount.

(c) Not less than 65 percent of the foundation program for high school attendance in high school districts with an average daily attendance during the preceding year of less than [281] *307*, as such foundation program is actually computed for apportionments in the same fiscal year pursuant to Article 4 of Chapter 15, or pursuant to Section 7092.1, if the foundation program for such district is computed pursuant to Section 7092.1, whichever is the case for the particular district.

(d) Not less than 65 percent of the foundation program for high school attendance in a high school district which had an average daily attendance during the preceding year of [281] *307* or more, which would be computed for apportionments in the same fiscal year pursuant to Article 4, Chapter 15, or which would be computed for apportionments in the same fiscal year pursuant to Section 7092.1, whichever is the larger amount.

(e) Not less than 65 percent of the foundation program computed for apportionments in the same fiscal year for junior college attendance.

(f) In addition to the above amounts, as determined for each district, not less than 65 percent of the apportionments for growth computed for the district during the preceding fiscal year, *and not less than 65 percent of the apportionments made pursuant to Section 7097.*

The terms "elementary district," "high school district" and "elementary school attendance," "high school attendance," and "junior college attendance," as used in this section, have the same meanings as if used in Chapter 15 of this division.

In the event it appears to the governing board of a school district that the application of the preceding paragraphs of this section during a fiscal year would result in serious hardship to the district, or in the payment of salaries to persons employed by the district in positions requiring certification qualifications substantially in excess of the salaries paid persons employed in positions requiring certification qualifications by other districts of comparable type and functioning under comparable conditions, the board may, with the written approval of the county superintendent of schools having jurisdiction over the district apply to the Superintendent of Public Instruction in writing not later than July 15th of the succeeding fiscal year for exemption from the requirements of the preceding paragraphs of this section for the fiscal year on account of which the application is made. Upon receipt of such application, duly approved, the Superintendent of Public Instruction may grant the district exemption, to the extent deemed necessary by him, from such requirements for the fiscal year on account of which the application is made.

If any portion of the money is not expended as required by this section and is not exempted by the Superintendent of Public Instruction, the county superintendent of schools having jurisdiction over the district shall add such portion to the amount required to be expended for salaries or tuition for the next succeeding fiscal year or he may transfer 80 percent of such amount to the county school service fund pursuant to Section 7203.

SEC. 5. Section 6831.1 of said code is amended to read:

6831.1. In any district maintaining the 13th and 14th grades the pupils in such grades shall not be credited, on a district average, with more than 630 class hours of attendance during any fiscal year, exclusive of attendance at summer schools. [The provisions of this section shall apply in crediting attendance for apportionments made during the 1954-1955 Fiscal Year and thereafter.]

The department shall adopt such regulations as may be necessary to carry out the provisions of this section.

SEC. 6. Section 7000.1 of said code is amended to read:

7000.1. Whenever in any section of this chapter any computation is required to be made which is based in whole or in part on the assessed valuation of a school district as shown by the equalized assessment roll of the district for the preceding

year or preceding fiscal year, there shall be substituted for such assessed valuation, as to such computation, a sum determined by adding to such assessed valuation an amount which would, if the current tax rate, as defined in Section 7000.2, of such district were levied on such added amount, produce or will produce 40 percent of the equivalent of all federal funds as federal funds are defined in Section 7000.3 and 75 percent of the equivalent of all miscellaneous funds as miscellaneous funds are defined in Section 7000.4, received or to be received by such district for the fiscal year for which such added amount was determined.

Should the amount of federal funds as defined in Section 7000.3 actually received by a school district for any fiscal year be more or less than that reported for such district by the United States Commissioner of Education to the Superintendent of Public Instruction, the Superintendent of Public Instruction shall during the fiscal year next succeeding that in which the district has received all of the federal funds actually paid the district for the first mentioned fiscal year withhold from or add to the apportionment made to the district from the State School Fund the *corresponding* amount of the excess or deficiency, as the case may be, in the apportionment of State Equalization Aid from the State School Fund for the preceding year, if the amount of the excess or deficiency in such apportionment was one hundred dollars ($100) or more.

SEC. 7. Section 7000.4 of said code is amended to read:

7000.4. "Miscellaneous funds" as used in Section 7000.1 means [for the Fiscal Year 1952-53 and for each subsequent fiscal year] the amount the county superintendent of schools has determined and reported to the Superintendent of Public Instruction in accordance with regulations the Superintendent of Public Instruction is hereby authorized to adopt that the district has received and which has been deposited to the credit of the general fund of the district for a fiscal year on account of in-lieu taxes or income from bonuses, royalties, rentals or any other income from district property or property within the district or State not being assessed for tax purposes and not being used for school purposes. Federal Forest Reserve funds received by a district shall not be considered miscellaneous funds as defined by this section

SEC. 8. Section 7001 of said code is amended to read:

7001. The Superintendent of Public Instruction shall allow to each school district for each unit by which the average daily attendance for each period of the then current fiscal year in the seventh and eighth grades of a junior high school exceeds such average daily attendance for the same period during the preceding fiscal year the following: for the first period, the sum of two hundred [twelve] *thirty* dollars [($212)] *($230)* multiplied by the ratio of days the regular day schools of the district were maintained during the first period of the then current fiscal year to 175 and, for the second period, the sum of two hundred [twelve] *thirty* dollars [($212)] *($230)* multiplied by the ratio of the difference between 175 and the days the regular day schools of the district were maintained during the first period of the then current fiscal year to 175

SEC. 43. Section 7109.22 of said code is amended to read:

7109.22 Notwithstanding any provision of this article to the contrary, allowances for growth for high school districts maintaining only one high school with a total

average daily attendance during the preceding fiscal year of less than [281] *307* shall be computed pursuant to this section:

The provisions of Section 7037 for average daily attendance and number of teachers hired shall apply to such districts

No allowance for growth shall be made for such a district unless the excess units of average daily attendance for the period of the current fiscal year over units of average daily attendance of the corresponding period of the preceding fiscal year is sufficient to place the district within the requirements of a different subdivision of Section 7037, or is sufficient to place the district outside of the requirements of any of the subdivisions of Section 7037.

If the excess is sufficient to place the district within the requirements of a different subdivision of Section 7037 an apportionment for growth shall be made only if there has been employed for the school during the period of the current fiscal year the number of teachers required by the subdivision of Section 7037 which is applicable to the district according to its average daily attendance during the period of the current fiscal year.

The Superintendent of Public Instruction shall allow, for each period for each district which was in existence for all purposes during the preceding fiscal year an amount equal to the difference between the amount of basic state aid and state equalization aid which was apportioned on account of average daily attendance in such district during the preceding fiscal year and the amount of basic state aid and state equalization aid which would have been apportioned had the total average daily attendance in such district during such year been equal to the total average daily attendance during the period of the current year, multiplied for the first period by the ratio of days the regular day schools of the district were maintained during said period of the then current fiscal year to 175, and for the second period by the ratio of the difference between 175 and the days the regular day schools of the district were maintained during the first period of the then current fiscal year to 175.

If the excess is sufficient to place the district outside of the requirements of any of the subdivisions of Section 7037, the Superintendent of Public Instruction shall deem the average daily attendance of the district during the preceding fiscal year to have been 306 and he shall compute an allowance pursuant to Section 7109.2 with respect to the units of average daily attendance during the period of the then current fiscal year which are more than 306.

SEC. 48. Section 7121.2 of said code is amended to read.

7121.2. (a) If by November 10th of any current fiscal year, an additional teacher or teachers are hired for a school in a district from which a withholding was made pursuant to Section 7121.1 and the school fully meets the requirements of the appropriate subdivision of Section 7032 or 7034, the Superintendent of Public Instruction shall apportion at the time the apportionment under Section 7122 is made to the district the amount withheld.

(d) "Socio-economic information" includes, but is not limited to, detailed social and financial information concerning an individual's living arrangements and family circumstances.

(e) "Responsible relatives" are the spouse, parents, and adult children of any recipient of care under this chapter.

(f) "Recipient" is any individual who receives care from a county medical facility as defined above.

401. The board of supervisors in each county may establish and maintain county medical facilities, prescribe rules for the government and management thereof, appoint the necessary officers and employees thereof, and authorize said county medical facilities to be members of, and maintain membership in, any local, state or national group, or association, organized and operated for the promotion of the public health and welfare, or the advancement of the efficiency of hospital administration, and, in connection therewith, to use tax funds for the payment of dues and fees.

402. The board shall fix a reasonable charge for all care rendered under this chapter and may direct any county employee to collect the amounts due the county for said care. The order setting the rates shall constitute prima facie evidence of the reasonableness thereof. The board, or such county employee as it may authorize, may compromise and settle hospital charges, or defer efforts to collect hospital charges, according to the financial condition of the patient, his estate, or responsible relatives.

Upon application of the employee charged with the duty of collecting amounts due the county for care, the board may make an order discharging such employee from further accountability for the collection of any such amount when the board determines that the amount is uncollectible or too small to justify the cost of collection. Such order is authorization for the employee to close the account, but does not constitute release of any person or his estate from liability for payment of any such amount.

403. The board may provide for transporting the needy sick by ambulance or other means, and may provide for transporting indigents to other counties or states when such indigents will thereby cease to become public charges or when such indigents are legally public charges in the places to which they are so transported

Except as otherwise provided in this chapter, a person, in order to be entitled to care, shall be a resident of the State and of the county wherein care is furnished as defined in Division 4, Chapter 2, Article 2 of this code. As a condition of liability, the county providing such care shall, not more than 10 calendar days after admission, send written notice to the clerk of the board of the county of residence. The county of residence may return such recipients for further treatment; provided, however, that no such recipient shall be so returned without his consent, or when the county giving care determines that the patient's condition will not permit travel. Nothing in this section shall be construed to prohibit the county of residence from seeking reimbursement of expenses incurred from the patient or his responsible relative.

405. The administrator of each county medical facility shall prepare and maintain medical, socio-economic, and financial records of all patients admitted thereto,

Article 2. Psychiatric Care

420. The person in charge of a county psychiatric service may receive, detain, supervise and treat any person who comes within any of the following descriptions:

(c) Who voluntarily makes a written application to the person in charge thereof for admission for care, treatment, or observation, and who is a suitable person for care, treatment, or observation, and who in the case of an adult person is in such condition of mind, at the time of making application for admission, as to render him competent to make such application. In the case of a minor person, the application shall be made by his parents, or by the parent, guardian, or other person entitled to his custody.

No person admitted under authority of paragraph (b) or (c) shall be held more than seven days after having given written notice of his desire to leave the hospital to the person in charge. Said written notice shall, in the case of a minor patient, be completed by a parent or guardian or other person entitled to the custody of the minor.

421 No public officer or employee who either admits, causes to be admitted, delivers, or assists in delivering, detains, treats or assists in the same pursuant to this article shall be rendered liable thereby either civilly or criminally.

Article 3. Liability for Cost of Care

430. All care rendered under this chapter shall be a charge against the recipient and his responsible relatives, and they shall be jointly and severally liable for reimbursement of the same to the county rendering care.

431. The board of the county rendering care under this chapter shall determine if the recipient, his responsible relatives, or any one of them have financial ability to pay all or a part of the cost of care rendered to the recipient. The board may institute collection proceedings against the recipient and any or all of the responsible relatives for the cost of care; provided, however, the board may in its discretion prorate the cost of care rendered among the recipient and all of the responsible relatives and such recipient or his responsible relatives shall be liable for not more than his prorated share of said costs.

432 The authority of the board to determine financial responsibility as provided in Section 431 may be delegated to any county employee engaged in the administration of the care given under this chapter

433. In determining the pecuniary ability of the spouse or the recipient consideration shall be given to the separate property of the spouse or recipient and to all community property owned by the spouse and the recipient, and all such property shall be liable for reimbursement to the county for the cost of care provided by the county. In determining the pecuniary ability of responsible relatives other than the spouse or the recipient consideration shall be given to their separate property and to their undivided one-half interest in any community property and all such property shall be liable for reimbursement to the county for the cost of care provided by the county.

434 It is the duty of the recipient and his responsible relatives to furnish the county, upon request, with a complete and true statement of their financial affairs showing their pecuniary ability to pay for all or part of the care rendered under this chapter. Any person who, upon request from the county, fails to supply such financial information shall be presumed to have the financial ability to pay all of the cost of said care.

435 Any recipient or responsible relative who, upon request from the county wilfully fails to supply information, or furnishes the county with false financial information, or disposes of assets in order to escape or reduce their liability for the cost of care rendered under this chapter is guilty of a misdemeanor.

436 As a condition to the granting or continuation of care the board may require a recipient to grant a lien on property which he owns as security for the cost of said care The board shall have the power to subordinate, manage and release said liens as required to insure payment of said cost of care.

Article 4. Admissibility and Eligibility

460 A patient may be admitted to a county medical facility under the following circumstances:

(a) An emergency patient whose condition does not permit his being moved to private care,

(b) Any person who requires care not available through private facilities in the community; whether for financial or other reasons,

(c) Any person falling within provisions of medical care contracts established between the county and another public agency,

(d) Prisoners confined in any jail in the county, provided, however, that no person shall be admitted to any county medical facility when the physician in charge, or his designated representative, finds no medical justification for admission

461. All patients who are found to be able, either personally or through responsible relatives or representatives, to pay for or otherwise secure private care shall be removed from the county medical facility as soon as other facilities are available and the patient's medical condition permits such removal.

462. Except for those persons who acknowledge ability to pay the established rates in full, the socio-economic status of all persons who seek care from a county medical facility will be determined as follows:

(a) Private communication with the patient and his responsible relatives to secure a statement of residence, income, and obligations;

(c) Clearance through a register of social agencies whenever available;

(b) The family assets and obligations, their accustomed standard of living, and the amount of indebtedness which they can be expected to assimilate

464. Upon completion of the eligibility evaluation each patient will be assigned to one of the following eligibility status categories.

506.9. It is hereby found and declared that there is a public interest in the acquisition, use, and development of beaches, parks, recreation areas, boat harbors, waterways, reservoirs, and other facilities, of state interest, which can be used for recreational purposes.

It is the policy of the Legislature that greater emphasis be given to the recreational needs of the people of the State and to facilitate the planning, development, and administration of a comprehensive program and procedure to meet those needs.

Such a program should have as its objective the development of the recreational potential in state beaches, parks, recreation areas, boat harbors, waterways, reservoirs, and other facilities, of state interest, now or hereafter acquired and developed by the State. This program should be balanced and integrated with the uses of other public and private property.

SEC. 3. Section 508.3 is added to said code, to read:

508.3. The Division of Recreation shall be administered through a chief who is technically trained with adequate administrative experience in the field of public recreation, and who shall be appointed by the director in consultation with the Recreation Commission.

SEC. 4. Section 508.4 is added to said code, to read:

508.4. The Division of Small Craft Harbors shall be administered through a chief who shall be appointed by the director.

SEC. 5. Section 509 of said code is amended to read:

509. [The salaries of the chiefs of the Divisions of Forestry and Parks shall be fixed by the director with the approval of the Governor.] The director and the chief

of each division, before entering upon his duties, shall execute and deliver to the State an official bond in the sum of twenty-five thousand dollars ($25,000) conditioned upon the faithful performance of his duties.

SEC. 6. Section 510 of said code is amended to read:

510. The members of the Board of Forestry [and of,] the State Park Commission, *and the Recreation Commission* shall serve without compensation, but shall be entitled to their actual necessary expenses incurred in the performance of their duties.

SEC. 7. Section 516 is added to said code, to read:

516. The Department of Natural Resources may cooperate with the Department of Water Resources with respect to the control and correction of beach or cliff erosion.

SEC. 8. Section 5015 of said code is amended to read:

5015. The State Park Commission is the agency of the State designated to supervise and charged with, the acquisition, development, maintenance and protection of ocean beaches for public recreational purposes [and control and correction of beach and cliff erosion], and when the State shall provide for the expenditure of any money for the development and protection of public beaches owned by counties or municipalities, the State Park Commission is the agency of the State designated to supervise such expenditure.

In the performance of its powers and duties under this section the State Park Commission may cooperate with the United States, [the Beach Erosion Board of the United States] or with any [other Federal] agency *thereof*, or with any county or municipality, or with the State Lands Commission, or with any other state office, or with any or all such agencies and upon such terms and conditions and in such manner as will be for the best interests of the State. Insofar as matching funds required by this section are to be supplied by the United States or any agency thereof, such funds need not be deposited in the State Treasury or otherwise made available for expenditure by the State but may be retained by the federal agency for expenditure by it in carrying out the purpose of the appropriation as may be provided for by agreement therewith.

No acquisition, development or protection of any beaches for public use [or control and correction of beach or cliff erosion] shall be accomplished in any county which has not adopted a master plan of beaches for that county, which plan shall provide for the acquisition, development, and control of ocean beaches in such county and which plan has been submitted to and approved by the State Park Commission nor shall any portion of an appropriation made by this State be expended for acquisition, development, improvement or protection of any ocean beaches or bays and inlets thereof for recreation purposes only, owned by a county or municipality [, or control and correction of beach or cliff erosion on beaches or cliffs owned by any person, corporation or other ownership or by a county or municipality] unless moneys equal to or in excess of the amount to be expended from the appropriation for that purpose shall have been made available (by any person, corporation, political subdivision, public district or public subdivision other than the State, or by the Federal Government or its agencies) for expenditure by the State for that purpose, to the end that any sums expended for such acquisition, development, improvement or protection and control shall be matched by like or greater amounts from sources other than the State. Within the discretion of the State Park Commission, in lieu of any matching contribution in the form of money for the acquisition of any ocean beach within any city or any county, or city and county such city or county or city and county may contribute any ocean beach within its limits heretofore or hereafter acquired by it, subject to the approval of the State Park Commission, upon such terms as are mutually agreeable.

It is not intended that the provisions of this act shall prevent or restrict any county, city, county and city or political subdivision from appropriating and spending its own funds to acquire, develop or protect any beach [or cliff erosion] within its jurisdiction even though said county has not yet adopted a master plan of beaches for that county, provided, that this shall not relieve any such county, city, county and city or political subdivision from compliance with Section 6301.

SEC. 9. Chapter 8 (commencing at Section 6475) of Part 1 of Division 6 of said code is repealed.

SEC. 10. Division 7 (commencing at Section 8600) of said code is repealed.

8655. The commission shall report annually to the Governor on the needs of the State and the local subdivisions thereof for recreational facilities, programs, and activities.

8656. The Department of Natural Resources, acting through the division pursuant to policies established by the commission, may receive donations and disburse subventions in order to carry out the purposes of this division.

SEC. 12. Division 7.5 (commencing at Section 8700) is added to said code, to read:

8700. "Division," as used in this division, means the Division of Small Craft Harbors.

8701. The division succeeds to and is vested with all of the powers, duties, purposes, responsibilities, and jurisdiction vested in the State Lands Commission pertaining to small craft harbors and waterway routes for navigation of small craft.

8702. The division is the agency of the State designated to, and shall have power to, acquire, construct, develop, improve, and maintain and operate small craft harbors, and facilities in connection therewith, along the coast of this State or on or adjacent to bays, inlets, or estuaries thereof, or on or adjacent to navigable bodies of water, after it has prepared and the Legislature has approved any of the master plans specified in Section 8703.

8703. The division shall prepare master plans by counties for the development and improvement of small craft harbors. In preparing such master plans the division shall take into consideration, correlate, and coordinate, as nearly as feasible, such master plans of shore line development and improvement as have been or will be drawn up by the various counties of the State. The division may alter, change, or amend master plans for development and improvement of small craft harbors but

such alterations, changes or amendments shall be made in collaboration and cooperation with the appropriate authorities of the affected counties and cities. When completed the division shall submit the master plan for any county to the Legislature for its consideration.

8704. For the purposes of this chapter, the division may acquire by purchase or by condemnation proceedings brought in the name of the people, title to or any interest in real and personal property which the division deems necessary or proper for the development or improvement of small craft harbors.

8705. The division may develop and maintain waterway routes along the tidal and inland navigable waters of the State, for the purpose of navigation by small craft

8706. In the performance of its functions under this chapter, the division may cooperate or contract with the State Park Commission or any other state agency, the Corps of Engineers of the Department of the Army of the United States, or with any other federal agency, or with any county or city, upon such terms and conditions, and in such manner as will be for the best interests of the State and further the purposes of this chapter.

8707. The division, in constructing, developing, or improving a small craft harbor and facilities in connection therewith, pursuant to this division, may contract with the Department of Water Resources for the performance of the work of construction, development, or improvement pursuant to the State Contract Act (commencing at Section 14250, Government Code).

8708. The division may establish rules and regulations relating to the operation and maintenance of small craft harbors under its jurisdiction, in accordance with the provisions of Chapter 4 (commencing at Section 11370), Part 1, Division 3, Title 2 of the Government Code. It may enter into contracts with county or city agencies, persons, firms, or corporations to maintain and operate small craft harbor facilities and concessions in connection with such small craft harbors.

8709. For the purposes of this chapter, the division may receive and accept for the State any gift, devise, grant, or other conveyance of title to or any interest in real property. It may receive and accept gifts, donations, contributions, or bequests of money to be used in acquiring title to or any interest in real property, or in improving it in connection with the development and operation of small craft harbors. It may also receive and accept personal property for such purposes.

8713. Whenever the Legislature has appropriated money to be expended by the Department of Finance for the acquisition of a site and the development of a small craft harbor and recreation area, the division, in lieu of the Department of Finance, may expend for such purpose the money thereby appropriated and may enter into leases or agreements with a county, city, city and county or other political subdivision of the State for the development, operation and maintenance thereof by such county, city, city and county or other political subdivision. If the legislative appropriation contemplates that any such lease or agreement shall be entered into with a particular county, city, city and county or political subdivision, the lease or agreement shall be entered into with that local agency.

Such leases or agreements shall provide for a plan of development of the harbor and area, and may provide for the development, operation and maintenance thereof by the county, city, city and county or other political subdivision of the State for a term not to exceed 60 years. Such leases or agreements may provide for cooperative agreements between the State, the local agency and the Federal Government for federal participation in the development of the harbor and area. Such leases or agreements may also authorize the local agency to grant concessions or subleases consistent with and in furtherance of the plan of development and the public use of the harbor and recreation area. The division may reserve the right to approve any such concessions or subleases

If the appropriation requires payments to the State, then the lease or agreement shall provide for such payments plus any additional amount which may be required by the appropriation either by agreed upon rental payments or by payments from the revenues to be derived from the harbor and area. The intervals, amounts and method of payment shall be as mutually agreed upon by the division and the local contracting agency.

8714. The Legislature hereby finds and declares that the acquisition, development, maintenance and operation of small craft harbor and recreation areas is of

state-wide interest and concern and the appropriation of state funds for the acquisition of a particular site for that purpose constitutes a determination of state-wide interest therein.

8716. The Small Craft Harbors Revolving Fund is continued in existence. All money in the revolving fund is appropriated without regard to fiscal years to the division for its support in carrying out the provisions of this division.

Under the existing law when a teacher fails to renew his certification documents at the legally prescribed time, his salary cannot be paid for the period the documents are not in force. This provision works a severe hardship on the many teachers who by mistake, or because of the pressure of teaching duties, or otherwise, are late in renewing their documents, but who continue to teach in their usual positions during the period the documents are not in force and who are assured by the school district authorities that their salaries will be paid for such period as soon as the renewal is effective.

In order to restore the confidence of such teachers in the Public School System, and to encourage them to remain in the teaching profession, rather than seeking employment in other fields subject to fewer strict regulations, at a time when an increase rather than a decrease in the number of teachers is essential to furnish an adequate education to the children of the State, it is necessary that this act go into immediate effect"

SEC 5. This act is an urgency measure necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:
There exists an extreme need for additional trained personnel to properly administer the public welfare programs in this State. This need for increasing the availability of trained personnel was studied by the United States Congress and was identified as a critical problem in the administration of public welfare programs throughout the Nation. In endorsing activities to recruit and train personnel for the administration of public welfare programs the United States Government has authorized the use of federal funds on the basis of four dollars ($4) of federal funds for each dollar provided by this State, such federal funds to become available July 1, 1957. If enabling legislation together with the necessary state appropriation are not promptly adopted, it will not be possible for this State to qualify for its share of funds available from the Federal Government on July 1, 1957. The expeditious handling of negotiations with the United States Government and the early operation of an increased recruitment and training program is required to meet the critical shortage of personnel. It is therefor necessary for this act to go into immediate effect."

"SEC 2. This act is an urgency measure necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:
Under existing law a recipient of old age assistance who sells his home is permitted to treat the proceeds received, including those derived from trust deeds, as real property for the period of one year, if such proceeds are retained for the purpose of providing a home. The purpose of this provision is to preserve eligibility of the recipient for if the proceeds involved were considered personal property or

income, he would in most instances be disqualified for aid, whereas in reality his net worth has in no way been changed by the sale However, many recipients, in order to sell their homes, have been compelled to accept small down payments accompanied by large deeds of trust involving monthly payments running well over one year. Even though the recipient applies the proceeds received from a trust deed on payments for a new home, after one year he might well be disqualified for the aid necessary to his continued existence. Since a great many recipients are now in this position due to no fault of their own, it is essential that the one-year period prescribed by statute be removed as soon as possible, and that this bill go into immediate effect."

DEAR MR. CROWN:

Re: Assembly Bill No. 3256

You have requested an analysis of Assembly Bill No. 3256 with respect to the highways that would be affected thereby.

Section 30654 of the Streets and Highways Code specifically describes the approaches to the proposed Southern Crossing. Of those approaches, it so happens that, as far as I know, only one includes any highways that are now in the State Highway System. That particular highway is State Highway Route 226, which is defined in Section 526 of the Streets and Highways Code as follows:

"526. Route 226 is from:

(a) A point in the vicinity of the intersection of Davis Street and East Fourteenth Street in San Leandro, thence via Davis Street

through the City of San Leandro and through the City of Oakland via Bayshore Boulevard and Doolittle Drive, thence through the City of Alameda via Webster Street and Posey Tube and any other tube or crossing to be used in connection with Posey Tube, to Route 69 in Oakland near Seventh and Harrison Streets.

(b) Route 69 near Seventh and Harrison Streets in Oakland to Route 5."

In orther words, there is an overlap in that the proposed new tube between Alameda and Oakland and the state highway that runs through Alameda along Doolittle Drive and down to Davis Street is not only a state highway but it is also an approach to the Southern Crossing.

The effect of the last sentence of Section 30657 which was added to the section in 1956 is to prohibit the use of state highway funds on any highway that is defined as an approach to the bridge However, state highway funds under the provisions of the Streets and Highways Code can be spent only upon those highways that are in the State Highway System. The effect of the last sentence of Section 30657, therefore, has been merely to prohibit the use of state highway funds on the state highway which includes the tube and the road through Alameda to the south The effect of Assembly Bill No. 3256 will merely be to permit the expenditure of state highway funds on a road that has been in the State Highway System for many years. The bill will not permit the expenditure of state highway funds on any approach to the Southern Crossing that the Legislature has not declared to be a state highway.

There are no highways in San Francisco at the present time that are in the State Highway System and are also defined as an approach to the Southern Crossing. However, Assembly Bill No. 2414 would add to the State Highway System, if enacted, one of the approaches to the Southern Crossing on the San Francisco side of the Bay. Unless Assembly Bill No 3256 is enacted, the addition of this route in San Francisco to the State Highway System would probably be ineffectual because the prohibition against spending state highway funds would probably apply to it.

If there is any further information we can give you, please do not hesitate to call upon us.

Very truly yours,

ROBERT E. REED, Attorney

Southern Crossing—No. 9993

DEAR MR. CROWN: You have asked what portions of the approaches to the Southern Crossing designated in Section 30654 of the Streets and Highways Code are a part of the State Highway System so that they could be constructed with money from the State Highway Fund except for the prohibition contained in Section 30657 of the Streets and Highways Code.

The portion of Section 30654 designating the approaches to the Southern Crossing reads as follows:

"The westerly terminus of the Southern Crossing shall be in the vicinity of Third and Army Streets, and the westerly approaches shall include:

(a) A six-lane freeway connection between Army Street and the Embarcadero Freeway in the vicinity of Mission Street along the approximate route of Tennessee Street, Third Street, Fourth Street, Townsend Street, and the Embarcadero with on-and-off ramp connections to city streets in the vicinity of Army Street, on-and-off ramp connections in the vicinity of 23d Street, two on-ramp and two off-ramp connections in the vicinity of Third Street between 16th Street and 22d Street, an off-ramp connection in the vicinity of Main and Harrison Streets, an on-ramp connection in the vicinity of Spear and Harrison Streets, an on-ramp connection in the vicinity of Fourth and Brannan Streets, an off-ramp connection in the vicinity of Third Street and Channel Street.

"(b) Direct connections between the Southern Crossing, the freeway connection described in subdivision (a), and the southern freeway of the City and County of San Francisco.

"If the easterly terminus of the Southern Crossing is on Bay Farm Island at or in the vicinity of a point on the southwesterly shore thereof south of the intersection of Kilkenny Road and the county road connecting Bay Farm Island with the City of Alameda, the easterly approaches shall include:

"(a) A freeway crossing Bay Farm Island to the bridge connecting the island with the City of Alameda, with on-and-off ramps in both directions, the first set of such ramps to be located in the vicinity of the intersection of Maitland Drive and County Road and the other set of ramps between the first set and the easterly terminus of the Southern Crossing. The freeway through Bay Farm Island northerly of Mecartney Road shall be contiguous to both Maitland Drive and County Road.

"(b) A freeway from a point on the Bay Farm Island Freeway to the intersection of Eastshore Freeway and Hegenberger Road and a highway from such freeway in the vicinity of Hegenberger Road and Doolittle Drive along Doolittle Drive to Davis Street and thence northerly along Davis Street to the intersection of Eastshore Freeway.

"(c) A connection from Bay Farm Island to a point on the southerly shore of the City of Alameda and a highway along the southerly shore of the City of Alameda from such point to a southerly prolongation of Eighth Street, thence northerly along Eighth Street to a point near Lincoln Avenue, thence along the Southern Pacific right of way to Atlantic Avenue, and thence to the Posey Tube connecting the City of Alameda and the City of Oakland and a parallel tube which shall be constructed as part of the approaches, with on-and-off ramps in both directions in the vicinity of the north end of the bridge connecting to Bay Farm Island, and

with adequate on-and-off ramps connecting the freeway and tubes with the streets in the Cities of Oakland and Alameda and an interchange in the vicinity of Atlantic Avenue and Webster Street in the City of Alameda."

None of the westerly approaches designated are presently included in the State Highway System.

Of the easterly approaches, the parallel Posey Tube is expressly made a part of State Highway Route 226, and the remainder of the easterly approaches, except the freeway crossing Bay Farm Island to the bridge connecting the island with the City of Alameda, could, in our opinion, be adopted by the California Highway Commission as the location of the state highway on Route 226. The legislative description of said route, insofar as these approaches are concerned, reads as follows:

"A point in the vicinity of the intersection of Davis Street and East 14th Street in San Leandro, thence via Davis Street through the City of San Leandro and through the City of Oakland via Bayshore Boulevard and Doolittle Drive, thence through the City of Alameda via Webster Street and Posey Tube and any other tube or crossing to be used in connection with Posey Tube, to Route 69 in Oakland near Seventh and Harrison Streets." (S. & H. C. 526 (a))

As can be seen, such approaches are within the general location of existing Route 226 although they apparently would not follow exactly the streets and roads presently designated as the location of Route 226.

Very truly yours,

OPINION OF LEGISLATIVE COUNSEL

STATE OF CALIFORNIA
OFFICE OF LEGISLATIVE COUNSEL
SACRAMENTO, CALIFORNIA, March 28, 1957

Hon. Robert W. Crown
Assembly Chamber

Southern Crossing—No. 9943

DEAR MR. CROWN: You have asked two questions with respect to Assembly Bill No. 3256 which we shall set forth and answer separately below.

Question No. 1

If the bill were enacted, what state highway funds would be available for use for construction of the parallel Posey Tube?

Opinion No. 1

In our opinion unobligated money in the State Highway Fund required to be expended in Alameda County for construction of state highways, and unobligated money in said fund which is available for construction of state highways in the northern counties, over and above the minimum amounts required to be expended in the several counties, would be available for such use.

69—L-4213

Analysis No. 1

Assembly Bill No. 3256 amends Section 30657 of the Streets and Highways Code to delete the prohibition contained therein against the California Toll Bridge Authority or the Department of Public Works using moneys in the State Highway Fund available for the maintenance or construction of state highways for the construction of any of the approaches to the Southern Crossing. The proposed parallel Posey Tube in Alameda County is one of the approaches to the Southern Crossing (S. & H. C. 30654).

With this prohibition deleted the question remains as to what moneys in the State Highway Fund would be available for use for the construction of the parallel Posey Tube. At the outset, it should be noted that although the prohibition contained in Section 30657 covers the use of maintenance money in the State Highway Fund, such prohibition is unnecessary inasmuch as such money could not be used by the authority or the department to construct the parallel tube without further legislation (S. & H. C. 186).

With respect to the use of construction money in the State Highway Fund, it should be noted that both the existing Posey Tube and the proposed parallel tube are part of State Highway Route 226 so that without the prohibition contained in Section 30657, it would appear that the parallel tube could be constructed as a state highway with construction money from the State Highway Fund.

The construction money in said fund is divided between the northern and southern counties, with 55 percent to be expended on state highways in the counties of San Luis Obispo, Kern, Mono, Tulare, Inyo, Santa Barbara, Ventura, Los Angeles, San Bernardino, Orange, Riverside, San Diego and Imperial (the so-called "southern counties") and 45 percent to be expended on state highways in the remaining counties of the State (the so-called "northern counties"). Out of the 45 percent available for expenditure in the northern counties, 65 percent thereof is required to be expended for the construction of state highways in the several counties according to specified percentages. For example, 18.610 percent of the 65 percent is required to be expended in Alameda County. This amount required to be expended in Alameda County, to the extent, of course, it is not already obligated, would be available for the construction of the parallel Posey Tube.

After allocation of the various amounts required to be expended in each of the counties in the northern group of counties, the remaining money available for expenditure in the northern counties (the so-called "free money") may be allocated by the California Highway Commission for expenditure by the Department of Public Works for the construction of state highways in any of the counties in the northern group of counties. Any of such "free money" available for expenditure in the northern counties, to the extent, of course, that it has not already been obligated, would be available for the construction of the parallel Posey Tube.

Question No. 2

What would be the effect of leaving the existing prohibition in Section 30657 but restricting it to the use of moneys in the State Highway Fund available for the maintenance of state highways?

Opinion and Analysis No. 2

As pointed out in our answer to your first question, maintenance money in the State Highway Fund would not be available for the construction of state highways without further legislation. In our opinion, therefore, such a limitation of the prohibition contained in Section 30657 would have the same effect as the deletion of the prohibition. This effect is discussed in our answer to your first question.

Such a person shall, for the purposes of this article, be referred to as a "newly covered veteran."

SEC. 2. Section 984.1 is added to said code, to read:

984.1. No contract provided for by this article shall be entered into with any newly covered veteran with respect to real property which that veteran, at the time of applying for benefits under this article, holds subject to a security interest arising from loans granted by, or insured or guaranteed by the United States Veterans' Administration, the Federal Housing Authority, or organizations or agencies succeeding to the powers and duties of those agencies, where the contract would result in refinancing of such security interests or the substitution of the benefits provided by this article for such security interests.

SEC. 3. Section 986 of said code is amended to read:

986. The board shall prescribe and determine the qualifications of all veterans. Any person deeming himself a veteran and desiring to benefit hereunder, shall submit to the board information, in such form as the board prescribes, which will enable the board to determine his eligibility and qualifications. The board shall determine, in each case, whether or not the veteran was wounded or disabled as a result of service.

SEC. 4. Section 987 of said code is amended to read.

987. The purchaser shall make an initial payment of at least 10 percent of the selling price of the property, in case of a farm, and 5 percent in the case of a home. The department may waive the initial payment in any case where the value of the property as determined by appraisal shall equal the amount to be paid by the department plus at least 10 percent. The balance of the selling price may be amortized over a period fixed by the department, not exceeding 40 years, together with interest thereon at the rate as determined by the department for such amortization purposes The department shall establish the actual interest rate to be paid from year to year. To this end the department, by a two-thirds vote of California Veterans Board members and with the approval of the Veterans' Finance Committee of 1943, is empowered to establish a uniform rate of interest payable upon the amount remaining unpaid under any veteran's Board and the Veterans' Finance Committee shall annually in the month of September make a finding as to the rate of interest to be charged for the ensuing year, taking into consideration the current value of money and the solvency of the Veterans' Farm and Home Building Fund of 1943. The rate established shall be applicable alike to all contract holders, and shall not exceed 4 percent per annum, nor be less than 2½ percent per annum, *except that interest rate increases attributable to loans issued to newly covered veterans shall not apply to loans of other veterans, and shall be borne entirely by the newly covered veterans.* The California Veterans Board may raise or lower the rate of interest payable under such contracts for any given period as many times and as frequently as it deems to be for the best interests of the department, as well as the contract holders, if in so doing its action is made applicable alike to any and all contract holders and 90 days' advance notice be given of the time when the new rate of interest is to become effective. Any change in the interest rate shall not affect the total amount of any installment payment, but the difference shall be credited to interest or principal and accelerate or prolong the period of payment. In the event that the California Veterans Board and the Veterans' Finance Committee fail to establish the rate of interest for any year, the rate of interest established for the preceding year or years shall be continued until changed as provided in this section The purchaser on any installment date may pay any or all installments still remaining unpaid. In any individual case the department may for good cause postpone from time to time, upon terms as the department deems proper, the payment of the whole or any part of any installment of the selling price or interest thereon."

"SECTION 1. In order to bring about the most expeditious integrated construction and operation of the San Luis Project, authorized as a part of the State's Feather River Project by Section 11260 of the Water Code, and proposed also under bills before the Eighty-fifth Congress to be authorized as a unit of the Federal Central Valley Project for water services to approximately 500,000 acres

of land in Merced, Fresno and Kings Counties, the State Department of Water Resources is authorized to assist and cooperate with the United States Department of the Interior in the planning, financing, construction and operation of those facilities of the San Luis Project which may be jointly used by the State and the United States.

SEC. 2. To further the purposes expressed in Section 1, the Department of Water Resources is authorized to enter into an agreement with the United States which may provide, among other things, that:

(a) The project works and features to be constructed by the United States shall be so designed and constructed as to permit (i) immediate integration and coordinated operation with the State's water projects and/or (ii) such subsequent enlargement or other modification as may be required for integration and coordinated operation therewith.

(b) The State shall make available to the United States during the construction period sufficient funds to pay an appropriate share of the construction costs of any facilities designed and constructed as provided in paragraph (a) above. The state contribution shall be made in annual installments, each of which bears approximately the same ratio to total expenditures during that year as the total of the State's share bears to the total cost of the facilities.

(c) The State may at any time after approval of its plans by the United States and at its own expense enlarge or modify San Luis Dam and Reservoir and other facilities to be used jointly by the State and the United States, but the performance of such work shall be so carried on as not to interfere with the operation of the San Luis unit for the purposes set forth in Section 1 of this act.

(d) The State shall pay normally an appropriate service charge in connection with, and/or an appropriate share of the operation, maintenance and replacement costs of, those features of the San Luis unit which are used or designed to be used jointly by the United States and the State and any other features of the Central Valley Project which are of service to the State.

(e) Upon completion of repayment of those portions of the reimbursable federal costs of constructing the Central Valley Project which are assignable to the San Luis unit, title to the facilities of the San Luis unit shall, upon request of the State, be conveyed to the State. Upon such conveyance, the State shall assume the obligation and responsibility of providing water service to the users of the San Luis unit service area.

(f) Promptly after execution of this agreement between the United States and the State, the State shall convey to the United States title to any lands, easements, and rights of way which it then owns and which are required for facilities of the San Luis unit to be used jointly by the United States and the State The State shall be given credit for the costs of these lands, easements, and rights of way toward its share of the construction cost of the San Luis unit. The State shall also be given credit for any funds advanced by it to the United States for preparation of designs and specifications or for any other work in connection with the San Luis unit.

(g) The United States shall have unrestricted use of such capacities in the works of the San Luis unit which are used jointly by the United States and the State as shall be required to carry out the purposes of Section 1 of this act. Such unrestricted use shall extend throughout the repayment period and so long thereafter as title to the works remains in the United States

(h) The State shall have unrestricted use of the remainder of the capacity of San Luis Reservoir and of other jointly used facilities for water service outside the San Luis unit service area solely under the jurisdiction of the State.

(i) The United States may turn over to the State the care, operation, and maintenance of any works of the San Luis unit which are used jointly by the United States and the State at such time and under such conditions as shall be agreed upon by the United States and the State.

(j) Notwithstanding transfer of title or of the care, operation and maintenance of any works to the State, as hereinbefore provided, any organization which has theretofore entered into a contract with the United States under the Reclamation Project Act of 1939 for a water supply through the works of the San Luis unit shall continue to have and to enjoy the same rights which it would have had under its contract with the United States and the provisions of paragraph (4) of Section 1 of the Act of July 2, 1956 (70 Stat 483, 43 U. S. C., Sec. 485h-1) in the absence of such transfer, and its enjoyment of such rights shall be without added cost or other detriment arising from such transfer.

(k) If a nonreimbursable allocation to the preservation and propagation of fish and wildlife has been made as provided in Section 2 of the Act of August 14, 1946 (60 Stat. 1080, 16 U. S. C., Sec. 662), the features of the unit to which such allocation is attributable shall, notwithstanding transfer of title or of the care, operation, and maintenance to the State, be operated and maintained in such wise as to retain the bases upon which such allocation is premised and, upon failure so to operate and maintain those features, the amount allocated thereto shall become a reimbursable cost to be paid by the State.

SEC. 3. The authority given the Department of Water Resources in Section 2 shall not be exercised until the enactment of federal legislation to authorize federal participation in the construction and operation of the San Luis Project and to authorize the Department of the Interior to enter into the cooperative agreement mentioned in Section 2 of this act.

SEC. 4. The Department of Water Resources is further authorized to advance to the United States Department of the Interior from any money appropriated to the Department of Water Resources for such purposes funds for the preparation of designs and specifications of facilities and other technical studies preliminary to construction of the San Luis Project which may be jointly used by the State and the United States; provided that, the amount of such advances shall not exceed the sum of one million dollars ($1,000,000); and provided further, that if the joint use facilities are constructed under an agreement between the State and the United States the United States shall credit the State in accordance with subsection (f) of Section 2 of this act or if the said agreement between the State and the United States is not executed the United States shall reimburse the State for such advances or shall make available to the State the designs and specifications and other data so prepared."

STATEMENT BY SPEAKER LINCOLN

The Speaker complimented the Members of the Assembly upon the interest and decorum exercised during the recent debate on the Cancer Bill, and stated that it was his hope that the same decorum would be exercised on all matters before the Assembly.

The Speaker requested that the members observe Rule No. 107, and do not come to the desk during roll calls. He also requested that the members refrain, as much as possible, from coming to the desk during the regular order of business, since it not only tends to create disorder, but interferes with the work on the desk, as it is very difficult for the clerks to follow the proceedings and listen to a member at the same time.

Mr. Biddick asked for, and was granted, unanimous consent that Assembly Bill No. 3576 be withdrawn from the Committee on Government Organization, and be re-referred to the Committee on Transportation and Commerce.
