Recommendation of the Governor

In accordance with Article IV, Section 34, of the Constitution, the Governor presented the following communication recommending the consideration of Senate Bill No. 2335.

STATE OF CALIFORNIA
GOVERNOR'S OFFICE, SACRAMENTO, April 19, 1957

To the Honorable Members of the Assembly
Sacramento, California
GENTLEMEN:

Senate Bill No. 2335, "An act making an appropriation for the construction of a building for use of the Division of Farm and Home Purchases of the Department of Veterans Affairs, declaring the urgency thereof, to take effect immediately,"

in my opinion constitutes an emergency bill within the meaning of that term as used in Section 34 of Article IV of the Constitution of the State of California, the consideration of which should not await the final enactment of the Budget Bill

This bill appropriates $80,000 from the Veterans' Farm and Home Building Fund of 1943 (exclusive of money therein from bonds) to the Department of Veterans Affairs for the construction of a new office building on the Women's Relief Corps property in Santa Clara County. Because of the inadequate office space in the present San Jose office of this department, there is a considerable delay in the processing of applications for veterans' farm and home loans, and an adequate new office building is urgently needed so that such applications may be acted upon within a reasonable time. In order to commence the construction of this new office building as

speedily as possible, the funds provided by this bill should be made immediately available.

I therefore recommend consideration of Senate Bill No. 2335 as an emergency measure.

Respectfully submitted,

GOODWIN J. KNIGHT, Governor

Recommendation of the Governor read.

The question being on the passage of Senate Bill No. 2335.

Recommendation of the Governor

In accordance with Article IV, Section 34, of the Constitution, the Governor presented the following communication recommending the consideration of Senate Bill No. 988:

STATE OF CALIFORNIA
GOVERNOR'S OFFICE, SACRAMENTO, April 29, 1957

To the Honorable Members of the Assembly
Sacramento, California

GENTLEMEN:

Senate Bill No. 988, "An act to add Chapter 13 (commencing at Section 3375) to Part 1 of Division 6 of the Harbors and Navigation Code, to provide for the issuance and sale of state bonds to create a fund for the use of the Board of State Harbor Commissioners for San Francisco Harbor in improving that harbor and its facilities, including the wharves, piers, seawalls, railroad, spurs, appurtenances thereto, and any necessary dredging and filling in connection therewith, to create a sinking fund for the payment of the bonds; to define the duties of state officers in relation thereto; and to make an appropriation for the expense of printing the bonds."

in my opinion constitutes an emergency bill within the meaning of that term as used in Section 34 of Article IV of the Constitution of the State of California, the consideration of which should not await the final enactment of the Budget Bill.

This bill provides for the issuance and sale of state bonds in the aggregate sum of $50,000,000 payable into the Fifth San Francisco Seawall Fund and to be expended by the Board of State Harbor Commissioners for San Francisco Harbor in improving that harbor and its appurtenances and facilities. The bill also creates the Fifth San Francisco Seawall Sinking Fund and provides that available moneys in the San Francisco Harbor Improvement Fund not otherwise required by law to be applied to some specified or particular purpose shall be transferred at times set forth in the bill into said sinking fund for the payment of the principal and interest of said bonds. The bill further provides that it shall become effective only if approved by a vote of the people at the next general election in November 1958. In these circumstances, prompt consideration of this bill is desirable and no purpose would be served *by withholding action upon it until after final passage of the Budget Bill.*

I therefore recommend consideration of Senate Bill No. 988 as an emergency measure.

Respectfully submitted,

GOODWIN J. KNIGHT, Governor

Recommendation of the Governor

In accordance with Article IV, Section 34, of the Constitution, the Governor presented the following communication recommending the consideration of Senate Bill No. 623:

STATE OF CALIFORNIA
GOVERNOR'S OFFICE, SACRAMENTO, March 6, 1957

To the Honorable Members of the Assembly
Sacramento, California

GENTLEMEN:

Senate Bill No. 623, "An act making an appropriation for acquisition of real property, declaring the urgency thereof, to take effect immediately," in my opinion constitutes an emergency bill within the meaning of that term as used in Section 34 of Article IV of the Constitution of the State of California, the consideration of which should not await the final enactment of the Budget Bill.

This bill appropriates $650,000 from the Capital Outlay and Savings Fund to the Department of Finance for the acquisition of the site for another State office building in the City of Sacramento. It was initially contemplated that this site would be acquired under Chapter 1649, Statutes of 1953 and Chapter 1714, Statutes of 1955, but the Attorney General has advised that these statutes are unworkable. As a result negotiations for this site have ceased pending the availability of this appropriation. In order to provide suitable state-owned quarters for state agencies now located in inadequate leased space as speedily as possible, the funds provided by this bill should be made immediately available.

I therefore recommend consideration of Senate Bill No. 623 as an emergency measure.

Respectfully submitted,

GOODWIN J. KNIGHT, Governor

PRAYER

Upon invitation of the Speaker pro Tempore, the following prayer was offered by the Honorable Ernest R. Geddes, Member of the Assembly of the Forty-ninth District.

Our Heavenly Father, We are thankful that we can come before Thee as Thy children and earnestly seek the aid we need.

We are tired this day as we near the completion of our labors. Give us strength and courage to go on to the finish.

Let us not mistake courage for overconfidence that only our own views are right or righteous. Guard us from the contention that comes from seeking to impose our own views upon our fellows and upon the people we are called upon to serve in our high office.

Especially we ask that Thou help us guard our tongues lest we say those things which are unnecessary, unkind, or untrue, and which rankle and burn, leaving wounds slow to heal and scars upon the spirit. Make us charitable and forebearing, but just.

Grant Thy blessing on the President of the United States, on the Governor of California, on the officers of our Nation, on our Legislature, on us, and on all those who are entrusted with the responsibility in this Land of Liberty—a competency of Thy divine wisdom that their acts and ours may reflect Thy will.—AMEN.

House Resolution No. 321

Relative to the salaries of laborers, workmen and mechanics employed by the State of California

WHEREAS, *Section 18853 of the Government Code, provides a specific method of* setting salaries for "laborers, workmen and mechanics" employed by the State and permits the State Personnel Board to establish different salaries for the various localities of the State depending upon the local prevailing rate; and

WHEREAS, It is the intent of this section that, when required by the needs of the State, salaries for such employees be set at the local prevailing rate rather than as a state-wide salary range; and

WHEREAS, It has been the long standing practice to compensate many such employees at the local prevailing rate; and

WHEREAS, The State Personnel Board did, on June 2, 1956, change the salaries of large numbers of employees, particularly those in the building trades classes, from an hourly rate to a lower monthly salary range and place the employees on a monthly "red-circle rate"; and

WHEREAS, This action by the State Personnel Board created extensive dissatisfaction among the affected employees and has adversely affected their morale and at the same time had added to the difficulty of recruiting and obtaining competent employees by the State; and

WHEREAS, It appears that the main factor taken into consideration by the State Personnel Board was the permanency of employment rather than the nature of the work performed and the skills required, and

WHEREAS, The work appears to be as permanent for employees in private industry as those in state service and therefore such factor was given greater weight by the State Personnel Board than the prevailing practice justifies; now, therefore, be it

Resolved by the Assembly of the State of California, That the State Personnel Board, at its earliest opportunity, review its action taken on June 2, 1956, reducing the salaries for "laborers, workmen and mechanics" employed in state service as the matter relates to the permanency of similar positions and work in private industry and particularly in relation to the work performed and the skills required, and that in making such review the State Personnel Board place primary emphasis on the nature of the work performed and the skills required in making its review and its comparisons with similar positions and work in private industry; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the State Personnel Board.

Resolution read, and ordered referred to the Committee on Rules

WHEREAS, On consolidation of the marshals' offices in the county in 1952, Roy Carter was selected to head the new department which under his leadership has seen tremendous growth in the last five years; and

House Resolution No. 323

Relative to an interim study of California's tourist and travel industry

WHEREAS, The tourist travel industry brings into California an annual income in excess of $750,000,000; and

WHEREAS, This income is money earned in other states and nations, and thereby in no way depletes the manpower or natural resources of the State of California; and

WHEREAS, This income benefits the entire economy of the State of California, turning over 18 times annually, according to Federal Reserve studies, eventually reaching every avenue of trade; and

WHEREAS, Visitors to California pay millions of dollars in state gasoline, sales and other taxes, thereby benefiting every taxpaying resident of the State of California; and

WHEREAS, Other states and many foreign countries in direct competition with California for the tourist dollar are appropriating large sums of money for tourist advertising and promotion, a few examples of which are the following 1956 appropriations—Florida, $1,110,000; Michigan, $584,000; New York, $325,000; Oregon, $305,000; Washington, $459,000; New Mexico, $350,000; now, therefore, be it

Resolved, That the committee to which said bill is so assigned for study is hereby authorized and directed to ascertain, study and analyze all facts relative to this subject and to the desirability of or necessity for legislation in that field, and to make the results of its study available to the Members of the California Legislature prior to the next regular session of the Legislature in order that they may reach a decision concerning the need for a state financed advertising program for California, including in its reports its recommendations for appropriate legislation.

Amendment No. 3

On page 1, between lines 1 and 2, insert

"SEC. 2. Section 7717 is added to said code, to read:

7717. No apportionment shall be made for new construction which, when added to the area of adequate school construction existing in the applicant school district at the time of application, will provide a total area of school building construction per unit of average daily attendance of the estimated average daily attendance in excess of that computed in accordance with Sections 7717.1, 7717.2, 7717.3, 7717.4, and 7717.5.

As used in Sections 7717.1, 7717.2, 7717.3, 7717.4, and 7717.5, "maximum area" means maximum area of school building construction and "attendance unit" means unit of estimated average daily attendance.

As used in this section and Sections 7717.3, 7717.4, and 7717.5, "attendance center" means a school maintained or to be maintained at a given location within a district. The Department of Education shall approve or disapprove, the allocation by an applicant district of units of estimated average attendance among the attendance centers of the district.

To the building area permitted to an applicant school district by Sections 7717.1, 7717.2, 7717.3, 7717.4, and 7717.5, there may be added such additional building area as may be required to provide adequate facilities for exceptional children pursuant to Article 3 of this chapter.

No estimate of average daily attendance made by an applicant for the purpose of justifying an apportionment shall be made for a longer time than the [second] *third* fiscal year beyond the fiscal year in which an application is made, except that an estimate for the purpose of justifying an apportionment for a grade level maintained by a high school district or unified district, composed of grades 7 to 12, inclusive, 9 to 12, inclusive, or 7 to 10, inclusive, shall not be made for a longer time than the fourth fiscal year beyond the fiscal year in which the application is made. *The estimates of average daily attendance shall be based upon the number of family dwellings under construction in the district and the number of children residing in the district.* In no case shall an estimate be given effect unless approved by the Department of Education

Notwithstanding any provision of this code to the contrary, for the purposes of this chapter pupils attending grades 7 and 8 in an elementary district but residing in a high school district which maintains one or more junior high schools shall not be considered in determining or estimating the average daily attendance of the elementary district.

SEC. 3. Section 7717.1 is added to said code, to read:

7717.1. There shall be allowed to each district with attendance units of 300 or more in kindergarten and grades 1 to 6, inclusive, a maximum area of 55 square feet for each attendance unit of the district in kindergarten and grades 1 to 6, inclusive.

The maximum total building area per attendance unit allowed to applicant districts with attendance units of less than 300 in kindergarten and grades 1 to 6, inclusive, for such attendance units shall be determined by the Department of Education, and shall be building area to provide comparable facilities to those provided by the first paragraph of this section, and shall be the least building area required to house adequately the estimated average daily attendance and the normal instructional and other services.

SEC. 4 Section 7717 2 is added to said code, to read:

7717 2. There shall be allowed to each district a maximum area of 75 square feet for each attendance unit of the district in grades 7 and 8.

SEC. 5. Section 7717 3 is added to said code, to read:

7717 3. The allowance of maximum area to a district for the attendance units in junior high schools of the district composed of grades 7 to 9, inclusive, or 7 to 10, inclusive, shall be determined pursuant to this section, rather than Sections 7717.2 and 7717.4. This section does not apply to junior high schools composed of grades 7 and 8 only.

There shall be allowed to each district a maximum area for the attendance units of the district in junior high schools determined by computing, in accordance with the following paragraph, the number of square feet for the attendance units at each junior high school attendance center of the district, and totaling the number of square feet so determined for all attendance units in all such junior high school attendance centers of the district.

There shall be allowed a maximum area of 75 square feet for each attendance unit of the junior high school attendance center in grades 7 and 8. For each attendance unit in grade 9, or grades 9 and 10, as the case may be, at each junior high school attendance center, there shall be allowed a maximum area of a number of square feet equal to the number of square feet which would be allowed under Section 7717.4 for each attendance unit of an attendance center having a total number of attendance units equal to the total number of attendance units in grades 7 to 9, inclusive, or 7 to 10, inclusive, as the case may be, at the junior high school attendance center. The number of square feet which would be allowed under Section 7717.4 for each attendance unit of an attendance center shall be computed by determining in accordance with that section the total number of square feet which would be allowed at an attendance center and dividing such total number of square feet by the total number of attendance units at such attendance center.

SEC. 6. Section 7717.4 is added to said code, to read:

7717.4. There shall be allowed to each district a maximum area for the attendance units of the district in grades 9 to 12, inclusive, determined by computing, for the attendance units in grades 9 to 12, inclusive, at each attendance center of the district, a number of square feet for the number of attendance units in such grades at each attendance center, in accordance with the following table, and totaling the

number of square feet so determined for all attendance units in such grades of all attendance centers of the district:

Attendance units of attendance center	Maximum number of square feet of building area
1-50	18,000
51-100	18,000 plus 162 for each attendance unit over 50
101-200	26,100 plus 99 for each attendance unit over 100

601-1,800	58,200 plus 80 for each attendance unit over 600
Over 1,800	154,200 plus 70 for each attendance unit over 1,800

SEC. 7. Section 7717.5 is added to said code, to read:

7717.5. There shall be allowed to each district a maximum area for the attendance units of the district in grades 13 and 14, determined by computing, for the attendance units in grades 13 and 14, at each attendance center of the district, a number of square feet for the number of attendance units in such grades at each attendance center, in accordance with the following table, and totaling the number of square feet so determined for all attendance units in such grades of all attendance centers of the district:

Attendance units of attendance center	Maximum number of square feet of building area
1-50	18,000
51-100	18,000 plus 162 for each attendance unit over 50

Four times the average annual earnings shall be taken at not less than four thousand eight hundred dollars and sixty-four cents ($4,800 64) nor more than [twelve thousand eight hundred dollars and thirty-two cents ($12,800.32)] *fifteen thousand two hundred dollars and sixty-four cents ($15,200.64)* in disability cases, and in death cases shall be taken at not less than the minimum nor more than the maximum limits as provided in Section 4702 of this code.

SEC. 3. Section 4453 of said code is amended to read:

4453. In computing average annual earnings for the purposes of temporary disability indemnity only, the average weekly earnings shall be taken at not less than

twenty-three dollars and eight cents ($23.08) nor more than [sixty-one dollars and fifty-four cents ($61.54)] *seventy-six dollars and ninety-three cents ($76.93)*. In computing average annual earnings for purposes of permanent disability indemnity, the average weekly earnings shall be taken at not less than twenty-three dollars and eight cents ($23.08) nor more than [fifty-three dollars and eighty-five cents ($53 85)] *sixty-one dollars and fifty-four cents ($61 54)*. Between these limits the average weekly earnings, except as provided in Sections 4456 to 4459, shall be arrived at as follows:

(a) Where the employment is for 30 or more hours a week and for five or more working days a week, the average weekly earnings shall be 95 percent of the number of working days a week times the daily earnings at the time of the injury.

(b) Where the employee is working for two or more employers at or about the time of the injury, the average weekly earnings shall be taken as 95 percent of the aggregate of such earnings from all employments computed in terms of one week; but the earnings from employments other than the employment in which the injury occurred shall not be taken at a higher rate than the hourly rate paid at the time of the injury.

(c) If the earnings are at an irregular rate, such as piecework, or on a commission basis, or are specified to be by the week, month, or other period, then the average weekly earnings mentioned in subdivision (a) above shall be taken as 95 percent of the actual weekly earnings average for such period of time, not exceeding one year, as may conveniently be taken to determine an average weekly rate of pay.

(d) Where the employment is for less than 30 hours per week, or where for any reason the foregoing methods of arriving at the average weekly earnings cannot reasonably and fairly be applied, the average weekly earnings shall be taken at 95 percent of the sum which reasonably represents the average weekly earning capacity of the injured employee at the time of his injury, due consideration being given to his actual earnings from all sources and employments.

SEC. 4. Section 4455 of said code is amended to read:

4455. If the injured employee is under 21 years of age, and his incapacity is permanent, his average weekly earnings shall be deemed, within the limits fixed in Section 4453, to be the weekly sum which under ordinary circumstances he would probably be able to earn at the age of 21 years, in the occupation in which he was employed at the time of the injury or in any occupation to which he would reasonably have been promoted if he had not been injured. If such probable earnings at the age of 21 years cannot reasonably be determined, his average weekly earnings shall be taken as [fifty-three dollars and eighty-five cents ($53.85)] *sixty-one dollars and fifty-four cents ($61.54)*.

SEC. 5. Section 4460 of said code is amended to read:

4460 For the purpose of computing the temporary disability indemnity payable to any employee who sustains an original injury causing temporary disability, the maximum average weekly earnings shall be taken at [sixty-one dollars and fifty-four cents ($61 54)] *seventy-six dollars and ninety-three cents ($76.93)*. For the purpose of computing the permanent disability indemnity payable to any employee who sustains an original injury causing permanent disability, the maximum average weekly earnings shall be taken at [fifty-three dollars and eighty-five cents ($53 85)] *sixty-one dollars and fifty-four cents ($61.54)*.

Every computation made pursuant to this section as last amended shall be made only with reference to temporary disability or such permanent disability resulting from an original injury sustained after the act last amending this section becomes effective; provided, however, that all rights presently existing under this section shall be continued in force.

SEC. 6. Section 4702 of said code is amended to read:

4702. Except as provided in the next paragraph, the death benefit in cases of total dependency, when added to all accrued disability indemnity, shall be the sum of [ten thousand dollars ($10,000)] *twelve thousand dollars ($12,000)* except in the case of a surviving widow and one or more dependent minor children, in which case the death benefit shall be increased 25 percent, but not to exceed [twelve thousand five hundred dollars ($12,500)] *fifteen thousand dollars ($15,000)* and except as otherwise provided in Sections 4553 and 4554. In cases of partial dependency the death benefit shall be a sum equal to four times the amount annually devoted to the support of the dependents by the employee, not to exceed the sum of [ten thousand dollars ($10,000)] *twelve thousand dollars ($12,000)* The death benefit in all cases shall be paid in installments in the same manner and amounts as temporary disability indemnity, payments to be made at least twice each calendar month, unless the commission otherwise orders.

Disability indemnity shall not be deducted from the death benefit and shall be paid in addition to the death benefit when the original injury resulting in death occurs after the effective date of the amendment to this section adopted at the 1949 Regular Session of the Legislature.

Every computation made pursuant to this section shall be made only with reference to death resulting from an original injury sustained after this section as amended during the [1955] *1957* Regular Session of the Legislature becomes effec-

Recommendation of the Governor

In accordance with Article IV, Section 34, of the Constitution, the Governor presented the following communication recommending the consideration of Senate Bill No. 659:

STATE OF CALIFORNIA
GOVERNOR'S OFFICE, SACRAMENTO, May 1, 1957

To the Honorable Members of the Assembly
Sacramento, California

GENTLEMEN:

Senate Bill No. 659, "An act to add Sections 962, 963, 964, 965, and 966 to the Welfare and Institutions Code, relating to state contributions for construction of institutions for juveniles, and making an appropriation therefor,"

in my opinion constitutes an emergency bill within the meaning of that term as used in Section 34 of Article IV of the Constitution of the State of California, the consideration of which should not await the final enactment of the Budget Bill.

This bill appropriates $1,100,000 from the General Fund for a program of state assistance to the counties in the construction of juvenile homes and juvenile ranch and forestry camps. It provides that allocations of this state money shall be made by the Youth Authority upon application of the counties, but that no allocation to a county shall exceed 50 percent of the cost of any such project approved by the Youth Authority. In view of the objective of this bill, its prompt consideration is desirable and action upon it should not be delayed until after final passage of the Budget Bill.

I therefore recommend consideration of Senate Bill No. 659 as an emergency measure.

Respectfully submitted,

GOODWIN J. KNIGHT, Governor

PART 2. DISABLED PERSONS

CHAPTER 1. AID TO THE NEEDY DISABLED

Article 1. General Provisions

4000. When used in this chapter the following words shall have the meanings ascribed to them in this section:

(a) "Needy disabled person" means a person who meets the eligibility requirements set forth in this chapter and who is both permanently impaired and totally disabled.

(b) "Permanently impaired and totally disabled" means suffering from a major physical or a major mental impairment, not a psychosis, or a combination of both which is verifiable by medical findings and appears reasonably certain to continue throughout the lifetime of the individual without substantial improvement. Such permanently impaired and totally disabled person shall not be qualified under this chapter unless he requires constant and continuous care.

A person needing constant and continuous care is one who is bedfast, chairbound, or in need of physical assistance without which the daily regimen could not continue or whose mental or physical impairment makes continuous supervision essential.

The definitions of terms as provided for in this section shall not be liberally construed as if such terms were used in contracts, but the definitions of such terms shall be strictly construed.

4002. In administering this chapter the Department of Social Welfare shall encourage the rehabilitation or employment of the recipient if it appears that with proper care and training such person may become wholly or partially self-supporting. The policy shall be followed of granting the aid to the recipient in his own home or in some other suitable home of his own choosing, in preference to placing him in an institution.

4003. All aid granted under the provisions of this chapter is granted and held subject to the provisions of any law hereafter enacted amending, repealing, or supplementing in whole or in part the provisions of this chapter, and subject to the rules and regulations of the State Department of Social Welfare. No recipient under this chapter shall have any claim for compensation or otherwise because his aid is affected in any way by any such amending, repealing, or supplemental act, or by any such rule or regulation or by any addition, amendment, or repeal of such rules and regulations.

4004. All aid given under this chapter shall be absolutely inalienable by any assignment, sale, attachment, execution, or otherwise and in case of bankruptcy the aid shall not pass through any trustee or other person acting on behalf of creditors.

4005. Any person who, knowing he is not entitled thereto, obtains or attempts to obtain aid to which he is not entitled, or a larger amount than that to which he is legally entitled, is guilty of a misdemeanor.

Whenever any person has illegally obtained aid under this chapter, he shall make restitution, and all actions necessary to secure restitution may be brought against him.

4006. Any person who knowingly violates any provision of this chapter for which no penalty is specifically provided is guilty of a misdemeanor.

4007. Nothing in this chapter shall be construed as repealing any law or part of a law providing for the support of the poor except insofar as inconsistent therewith, and the provisions of this chapter shall be construed as an additional method of supporting and providing for the needy disabled.

Article 2. State, County, and Federal Aid

4020. For needy disabled persons qualifying for aid under the provisions of this chapter there shall be paid an amount equivalent to the actual need of the recipient, but not to exceed the maximum amount payable to a recipient of aid under Chapter 1 of Division 3 of this code.

The State Social Welfare Board shall establish a standard of assistance, within the limits set forth in this section, which will enable each recipient to maintain a standard of living compatible with decency and health.

The State Department of Social Welfare may provide by rule that any change in grant for an amount of two dollars ($2) or less may be delayed not more than two months beyond the month in which the recipients reported the change in circumstances.

4021. When state and federal funds are available for this program each county shall contribute an amount equal to the total assistance paid to disabled persons who come within the provisions of this chapter, after deducting the amount of federal funds paid for the assistance of such persons, and after deducting the amount of state funds made available for the assistance of such persons, and shall further contribute an amount equal to the amount necessary for the proper and efficient administration of this chapter in the county after deducting therefrom the amount of federal funds allowed to the county for the cost of administration.

4022. The board of supervisors of every county, in addition to its other powers and duties in relation to the care and support of the poor, as provided by law, shall receive and act upon application for aid under and in accordance with this chapter and shall provide funds in its county treasury, and shall do all other acts and things necessary for the purposes of carrying out the provisions of this chapter insofar as such provisions relate to such county.

4023. No county shall receive any apportionment of funds from the State under the provisions of this chapter unless it is complying with all of the requirements of the rules and regulations of the State Department of Social Welfare.

4024. The Governor of the State of California may enter into and execute on behalf of this State all necessary agreements in connection therewith which may be required by the United States Government. Any money refunded under the provisions of this chapter shall be paid to the county, to the State, and to the United States Government. The Federal Government shall be entitled to a share of any amounts collected from recipients or from their estates proportionate to the amount of federal funds paid, which proportionate share may be specified by the State Department of Social Welfare. The amount due the United States shall be paid promptly by the State to the United States Government and the remainder shall be paid to the county and the State in the proportion that each may have contributed to the aid granted.

4025. Aid shall be granted under this chapter only for and during such time as grants-in-aid are provided or made available to the State by the Social Security Act or other federal legislation for aid to the disabled on the basis of a state plan which has been approved by the Federal Government.

4026. There is hereby appropriated out of any money in the State Treasury not otherwise appropriated to every county within this State for maintaining or supporting needy disabled persons who come within the provisions of this chapter, aid not in excess of a sum equal to six-sevenths of the grant made pursuant to Section 4020 of this chapter to every such needy disabled person, after deducting therefrom the amount of any sum received from the United States Government as aid to the permanently and totally disabled in respect to such needy disabled person, each month for each such needy disabled person maintained or supported by such county.

Article 3. Administration

4135. The State Department of Social Welfare shall make the final determination as to permanent impairment and total disability.

4140. The State Department of Social Welfare shall prescribe the forms and reports and such rules and regulations as are necessary for carrying out the provisions of this chapter, and not inconsistent therewith. Such rules and regulations shall be binding upon the boards of supervisors of the various counties.

4145. No rule or regulation shall be adopted or continued in force the operation of which results in discrimination against treatment by prayer or spiritual means in the practice of the religion of any bona fide church, sect, denomination, or organization.

4150. The Social Welfare Board shall appoint an advisory committee consisting of not more than nine persons which shall serve in a consulting capacity. The members of the committee shall receive no compensation for their services but shall be allowed their actual traveling expenses incurred in the discharge of their duties. The committee shall make recommendations and give advice to the department on the medical and rehabilitative aspects of aid to the disabled under this chapter.

Article 4. Persons Eligible for Aid

4160. Aid shall be granted under this chapter to any needy disabled person who comes within all of the following descriptions:

Any such inmate or patient, however, may make an application for aid under this chapter and have his application investigated and acted upon without delay, in the same manner as applications of other persons are acted upon, while he is such an inmate or patient, and, if he is otherwise qualified under the terms of this chapter, such application shall be approved. The aid shall be granted to him from the first day of the month in which the determination is made that he is eligible, but in no event shall the aid commence prior to the date of the application. The applicant may remain an inmate or patient until he receives his first monthly payment, whereupon he shall cease to be such inmate or patient.

(f) Who is not receiving adequate support from a husband or wife, or parent, or child able and responsible under the laws of this State to furnish such support.

4160.5. No aid shall be granted under this chapter to any individual with respect to any period with respect to which he is receiving old age security, aid to the needy blind, and to partially self-supporting blind residents or aid to needy children.

4161. No applicant for or recipient of aid under this chapter shall be required to pay any part of the cost of any examination required under this chapter or the rules and regulations made thereunder for the granting or continuance of aid. 4163 No aid under this chapter shall be granted or paid to any person who owns real property the assessed value of which as assessed by the county assessor, less all encumbrances thereon of record, exceeds five thousand dollars ($5,000). 4165 In computing the value of property under Section 4164, ownership of separate property by a spouse with whom the applicant or recipient is not living shall not preclude the applicant or recipient from receiving the aid provided in this chapter.

4166 For the purposes of this chapter the term personal property shall not include the value of personal effects of the applicant or recipient. Personal effects include clothing, furniture, household equipment, foodstuffs, fuel and personal jewelry.

Article 5. Procedure

4180. Application for aid under this chapter shall be made to the board of supervisors in the county in which the applicant resides as specified in Section 4190 All persons wishing to make application for aid shall be given the opportunity to do so and aid shall be granted with reasonable promptnes to all eligible persons.

4181. The board of supervisors, directly or through an authorized agent, shall upon receipt of an application for aid, promptly, without any unnecessary delay, and with all diligence, make the necessary investigation and determine whether or not the applicant is eligible for aid except as to disability which shall be handled as specified by Section 4181.5.

4181.5. The county shall upon application and periodically as required submit a complete report, with a recommendation as to eligibility, of the medical information and other essential facts relative to the determination of permanent impairment and total disability to the State Department of Social Welfare for decision.

If the State Department of Social Welfare finds the person to be disabled in accordance with the definitions set forth in Section 4000 the county shall, if the person is otherwise eligible, authorize aid as soon as administratively possible.

4182. If the applicant is found to be eligible, payment shall be made promptly and aid shall be granted to him from the first day of the month in which the determination is made that he is eligible but in no event shall the aid commence prior to the date of application.

4185. The method of computing and advancing funds to counties shall be as follows:

(a) The State Department of Social Welfare shall, prior to the beginning of each quarter, compute the amount to be advanced each month of the quarter both as to state funds and funds made available by the United States Government.

(b) The computation shall be based upon the most recent claims filed by the county as adjusted by anticipated trends in case loads and average monthly grants.

(c) Amounts to be advanced shall be adjusted by the amount by which the estimate for any prior quarter was greater or less than the amount which should have been advanced to the county for such quarter.

(d) Upon certification by the State Department of Social Welfare of the amounts to be advanced to each county, the State Controller shall draw the necessary warrants, and prior to audit or settlement by the State Department of Social Welfare and the State Controller, the State Treasurer shall pay to each county the amount so certified.

(e) With respect to funds made available by the United States Government for the cost of administration no county shall receive a smaller proportion of such funds than the proportion the actual administrative expenditures of such county bears to the combined expenditures for administration of all counties and the State.

4188. (1) Reports of aid to needy disabled paid out under this chapter shall be presented by the respective counties at times and in the form prescribed by the State Department of Social Welfare. (2) Such reports shall be audited by the

State Department of Social Welfare and the State Controller and, when in the amount approved, shall be allowed to the county as a credit to apply against advances made under the terms of Section 4185

4189. If any applicant receiving aid under the provision of this chapter has a spouse, parent, or adult child, pecuniarily able to support him, either in whole or in part, upon the failure of such kindred to perform their duty to support the disabled person the board of supervisors shall request the district attorney or other civil legal officer of the county to proceed against the kindred in the order named.

Upon such request the district attorney, or other civil legal officer of the county granting aid may, on behalf of the county, maintain an action in the superior court of the county granting such aid, against such relatives, in the order named: (1) to recover for the county such portion of the aid granted as the courts find such relative or relatives pecuniarly able to pay and (2) to secure an order requiring the payment to the county of any sums which may become due in the future for which the relative may be liable. The receipt of aid by the applicant under the provisions of this chapter, however, shall not be contingent upon such recovery or such order. The sums so recovered shall be credited by the county in its settlement with the State.

4190 County residence is not a qualification for aid under this chapter.

County responsibility for making aid payments is determined as follows:

(a) The county where the disabled person lives, or if the disabled person is a minor where the parents, relative or person in loco parentis providing a home and care for such disabled minor lives, shall accept the application and shall be responsible for paying the aid.

(b) Responsibility for payment of aid to any disabled person qualifying for and receiving aid from any county who removes to another county in this State to make his home, shall be transferred to the second county as soon as administratively possible but not later than the first day of the month following 60 days after notification to the second county

4191. The county board of supervisors at any time when it appears to its satisfaction after investigation that a person is receiving aid to which he is not entitled, or receiving aid in a greater or lesser amount than he should receive, may cancel, suspend, revoke, increase, or decrease such aid as the case may warrant under the terms of this chapter and the rules and regulations made thereunder.

4192. If any applicant for or recipient of aid under this chapter is dissatisfied with the action of the board of supervisors, or if his application is not acted upon with reasonable promptness, he shall, upon filing a petition with the State Department of Social Welfare, have the right of appeal and shall be accorded an opportunity for a fair hearing, in accordance with Section 104.1.

In any case where the inquiry made under this section establishes that the recipient is no longer a resident of this State, his aid shall be terminated immediately

OPINION OF LEGISLATIVE COUNSEL

OFFICE OF LEGISLATIVE COUNSEL

Livestock Remedies—No. 15512

DEAR MR. RUMFORD:

Question

You have asked the following question: "Under Senate Bill No. 1461 may a licensed person sell anaphitamines, benzadrille or benzadrine, or other related dangerous drugs if labeled for "livestock purposes" without restrictions."

Opinion and Analysis

In our opinion, such drugs would be available for sale under the terms of Senate Bill No. 1461 if in the form of a livestock remedy approved and registered by the Director of Agriculture. If such drugs were determined to be "hazardous remedies"—that is, were for sale in such form that they might be administered to humans or if improperly administered may be dangerous to the health of livestock or to humans who consume products from such livestock—their sale would be restricted to the extent that they would be required to be sold through licensed retailers who must record each sale, such record to include the address and signature of the purchaser. The bill, moreover, specifies that the words "livestock remedy—not for human use" and "hazardous remedy" appear on the label.

Among the criminal sanctions of the bill concerning misuse of livestock remedies are those which make it unlawful to administer a registered livestock remedy to any human being or to use or administer any registered hazardous remedy except in accordance with the instructions for use.

Very truly yours,

House Resolution No. 333

Relative to the creation of the Assembly Interim Committee on Assessment Practices

WHEREAS, The ad valorem property tax is now, and will remain, the fiscal base of local government in California, so that the proper functioning of all units of local government depends upon the sound and equitable functioning of the ad valorem property tax; and

WHEREAS, Equity in property taxation requires that all taxable property be subject to assessment at the same percentage of market value; and

WHEREAS, The proper distribution of state funds to school districts and to other recipients of state aid depends upon an equalization of assessments made for purposes of taxation; and

WHEREAS, Section 14 of Article XIII of the California Constitution requires that all property assessed by the State Board of Equalization "shall be subject to taxation to the same extent and in the same manner as other property"; and

WHEREAS, A question has arisen as to whether state-assessed property is now assessed by the State Board of Equalization to the same extent and in the same manner as locally assessed property is being assessed by county assessors, and whether the equity requirements of the California property tax structure are now being fulfilled; and

WHEREAS, Questions have arisen as to whether state-assessed property is, by nature, economically different from some locally assessed property, and as to whether some types of locally assessed properties, such as large industries and commercial establishments, are, by nature, economically different from some other types of locally assessed properties, such as farm properties, in such a way as to make it impossible to determine the market value of the several classes of property on the same basis; and

Resolved by the Assembly of the State of California, As follows:

House Resolution No. 334

Relative to a study of a portion of the proposed extension of Highway 99E

WHEREAS, That portion of the central San Joaquin Valley lying eastward of the Cities of Madera, Fresno, Hanford, and Tulare is an area of intensive agriculture and contains many cities and population centers; and

WHEREAS, The area is one in which the need for an extension of Highway 99E as described in Senate Concurrent Resolution No. 7, 1956 First Extraordinary Session, is especially acute and urgent due to the expanding population and economic development in the area; and

WHEREAS, Extension of Highway 99E, as described in Senate Concurrent Resolution No. 7, 1956 First Extraordinary Session, would appear to be inevitable in the near future and an engineering study of a portion of that proposed extension would provide valuable cost and other data for use of the Legislature; now, therefore, be it

House Resolution No. 335

Relative to Insurance practices of savings and loan associations

WHEREAS, The savings and loan industry in California is a multi-million-dollar business which holds the mortgages of hundreds of thousands of wage-earners upon whose homes they lend money; and

WHEREAS, It has been alleged that certain savings and loan associations force borrowers to procure fire insurance from agents and companies owned or controlled by said associations, or from companies whose commissions go directly to such associations; and

WHEREAS, Such practices both deny the borrower his freedom of choice in buying insurance and threaten the stability of the lending organizations themselves; and

WHEREAS, Evidence of such coercive practices and abuses is contained in hundreds of letters of complaint in the offices of the Insurance Commissioner of the State of California; and

WHEREAS, The Attorney General of the State of California, recognizing that certain savings and loan associations use "subtle means and methods" to induce borrowers to purchase insurance at a higher rate than they would have to pay from other insurance companies, and has recommended corrective legislation on the subject; now, therefore, be it

Resolved by the Assembly of the State of California, That the Committee on Rules is directed to assign to an appropriate interim committee for study the subject matter of this resolution to the end that legislation correcting these abuses by savings and loan associations in California may be enacted, and be it further

The following resolution was offered:

By Mr. Weinberger:

House Resolution No. 338

Relative to an investigation by the State Department of Finance

WHEREAS, The large number of state cars being driven on the highways which are occupied by only one person is particularly evident on the highway from Sacramento to San Francisco, due no doubt to the fact that there is an extensive interchange of state business between the two cities; and

WHEREAS, It appears possible that procedures could be adopted which would require state employees to give prior notice concerning their needs for state transportation, and which would require three or more employees to share a state car whenever possible; now, therefore, be it

Resolved by the Assembly of the State of California, That the Department of Finance is hereby requested to investigate the feasibility of establishing procedures governing a central car pool to be used by state employees required to travel on state business between cities which have a heavy interchange of official business, which procedure could eliminate the present practice permitting use of state cars between such cities by single occupants. The department is also requested to take such steps as are necessary to achieve the objective stated in this resolution and to report to the Legislature at the 1958 Regular Session the results of the study made by it and any action taken.

OPINION OF LEGISLATIVE COUNSEL

STATE OF CALIFORNIA
OFFICE OF LEGISLATIVE COUNSEL
SACRAMENTO, CALIFORNIA, June 3, 1957

Hon. Fred H. Kraft
Senate Chamber

Senate Bill No. 2081 as Amended in Senate May 17, 1957—Use of Trust Funds by Check Sellers and Cashers—No. 15128

DEAR SENATOR KRAFT: A constituent has stated that it is his understanding of the amendment to Section 12300.3 of the Financial Code that would be made by Senate Bill No. 2081 that the intent and effect are that funds received from the sale of money orders may be used in the licensee's business for the cashing of checks, provided the necessary bond is filed. The funds would still be trust funds inasmuch as they are received from a person for transmittal by the licensee, but the bond, in effect, would be substituted for the requirements of the trust deposit account. The licensee in effect is buying a bond to guarantee the amount that he would otherwise deposit in the trust account.

He advises that another party interprets the bill to mean that the trust money may be used by the licensee for check cashing for one day.

You have asked for our opinion on the validity of these differing interpretations.

Opinion

Our opinion is directed to the bill as amended in Senate May 17, 1957, the last amended form of the bill as of the date of this opinion. In our opinion your constitutent's understanding of the bill is correct. We note, however, that under the provisions of the bill, as well as under the existing law, a licensee has the use of money received from the sale of checks for at least one full day before he is required to deposit it in a trust account.

Analysis

The first paragraph of Section 12300.3 of the Financial Code, which paragraph would not be changed by the bill, reads as follows:

"All money received by a licensee or his agents from the sale of checks, drafts, money orders, or other commercial paper serving the same purpose and for the purpose of paying bills, invoices, or accounts of an obligor shall constitute trust funds owned by and belonging to the person from whom they were received. All such money received by an agent of a licensee shall be separated from the funds of the agent not later than the end of the third business day following receipt by such agent. All such money shall thereafter be kept separate and apart at all times from the funds belonging to the licensee or any of its officers, employees or agents and may be used for no purpose other than paying bills of said persons, or paying checks, drafts, money orders, or other commercial paper sold by the licensee. All such trust funds received at the main or branch offices of a licensee shall be deposited in a bank or banks in an account or accounts in the name of the licensee designated "trust account," or by some other appropriate name indicating that the funds are not the funds of the licensee or of its officers, employees, or agents, on or before the close of the next business day following receipt. Moneys received by an agent of a licensee must be deposited in such account on or before the close of the third business day following receipt by the agent. Such funds are not subject to attachment, levy of execution or sequestration by order of court except by a payee or bona fide assignee or bona fide holder in due course of a check, draft, or money order sold by a licensee, or except by an obligor for whom a licensee is acting as an agent in paying bills. Funds in said account, together with money on hand and in the hands of agents held for the account of the licensee, at all times shall be at least equal to the aggregate liability of the licensee on account of checks sold and bills, invoices, and accounts accepted for payment."

At present the section further provides that if the licensee obtains a guarantee, from a surety or insurance company authorized to do business in this State, to pay the checks, drafts, money orders, or other commercial paper serving the same purpose sold by the licensee and to pay bills, invoices, or accounts of an obligor under the Check Seller and Cashers Law, the Corporations Commissioner *may*, if he considers the guarantee adequate, authorize the licensee to use the funds for the purpose of cashing checks, drafts, or money orders.

This bill would substitute a provision reading as follows:

"Such funds may be used by a licensee for the cashing of checks in the normal course of its business provided such licensee has on file with the commissioner a bond containing the provisions and conditions set forth in Sections 12207 through 12213, inclusive, of this code in an amount equal to the total liability of the licensee for money received by a licensee or his agents from the sale of checks, drafts, money orders, or other commercial paper serving the same purpose and for the purpose of paying bills, invoices, or accounts of an obligor as shown by audit on the last day of the previous business

year of the licensee, or as at any other more recent date as determined by the commissioner."

The sections referred to in the above provision, descriptive of the required bond, relate themselves to the bond required in order to engage in a business subject to the Check Sellers and Cashers Law. The bond must be conditioned on the obligor faithfully conforming to and abiding by the provisions of that law and rules and regulations of the commissioner, and on the obligor's honestly and faithfully performing all obligations and undertakings under that law, and on his paying to the State and to any person all money that becomes due and owing to the State or to such person from the obligor under that law. The bond required to engage in the business is in the amount of $5,000. However, under the provision that would be added by the bill, the bond, if the licensee is to get the benefits of the provision, must be in an amount equal to the total liability of the licensee for money received by the licensee or his agents from the sale of checks, drafts, etc., as of the day specified in the provision.

It thus appears that your constituent's interpretation of the bill is substantially correct.

Since the first paragraph of Section 12300.3 provides that "All such money received by an agent of a licensee shall be separated from the funds of the agent not later than the end of the third business day following receipt by such agent. All such money shall *thereafter* be kept separate and apart * * * ," there is apparently a basis for asserting that a licensee, or an agent of a licensee, may use such trust funds for cashing checks for one day.

Very truly yours,

RALPH N. KLEPS, Legislative Counsel
By TERRY L. BAUM, Deputy

SUMMARY OF THE CALIFORNIA POLIOMYELITIS VACCINATION CAMPAIGN

STATE OF CALIFORNIA
DEPARTMENT OF PUBLIC HEALTH
BERKELEY 4, CALIFORNIA, June 7, 1957

Hon. L. H. Lincoln
Speaker of the Assembly
State Capitol, Sacramento 14, California

DEAR MR. LINCOLN: It seems appropriate as the present legislative session closes to provide you with a brief summary of the California Poliomyelitis Vaccination Campaign.

As part of this special effort, poliomyelitis vaccination programs were started in a few health departments during the latter part of February, 1957, and by March, almost all health jurisdictions in the State had community-wide vaccination programs in operation.

The original goal was the vaccination of the estimated backlog of 6,000,000 persons 0-39 years of age. Two million of this population were expected to receive two inoculations, each, with state purchase vaccine; the remaining 4,000,000 persons were expected to receive vaccinations

through the usual medical facilities or through low cost programs organized and arranged by social, industrial, church, and other groups.

It now appears that the goal which was set for vaccinations with state purchase vaccine will for the most part be attained within the next few weeks. However, the goal set for vaccinations with commercial vaccine has been retarded due to the vaccine shortage and this part of the campaign will need additional activity to reach completion. It is estimated that 40 percent of the total goal will have been reached by June 30, 1957.

The appropriation of $3,000,000 by the Legislature was divided into three parts, as follows:

	Expenditures	
Planned		*Actual*
$2,450,000	(purchase of vaccine)	$2,607,900
380,000	(administrative use in local health departments)	369,000
170,000	(administration and promotion on state level)	23,100

Cumulative reports for the months of March, April, and May, indicate that approximately 3,500,000 inoculations have been given in the campaign. Of this number, 2,500,000 inoculations were given with public purchase vaccine. Thus, over half of the vaccine available through state purchase has already been used.

At present, 52 of the 67 health jurisdictions of California have received their total basic allotments of state purchase vaccine and eight of these are continuing their programs with state pool vaccine. All counties have been supplied with sufficient vaccine to meet their current program needs for public agency use.

During the month of March over 989,000 inoculations were given in public programs in California; more than three times the number of inoculations given in any month during the federal vaccination program. Even this record might have been exceeded in the month of April had it not been for the national shortage of vaccine which developed in mid-March—making it necessary to curtail programs in progress in some areas and to postpone starting dates for programs in others. This shortage was reflected in the fact that 250,000 fewer inoculations were reported for the month of April than for the month of March. Some originally anticipated promotional activities were dropped and it was possible to transfer $146,900 from the amount set aside for state promotional campaigns to purchase additional vaccine. (This additional vaccine is being used as a "state pool" available to local departments where programs require more than the original basic allotments.)

Since the beginning of the campaign, all manufacturers of Salk vaccine have reduced the price of the product. This has made it possible to purchase still more vaccine than originally planned. The total vaccine purchased with state funds amounts to 478,095 vials (4,302,855 doses). The State has received delivery on 348,378 vials (3,136,302 doses), up to June 7, 1957.

Thus, it would appear that the campaign has been remarkably successful in spite of the vaccine supply problems encountered. The local health departments with the cooperation of their county medical societies, local chapters of the National Foundation for Infantile

Paralysis, and other interested groups have done much to reduce the backlog of unvaccinated persons in California.

The major part of the state public purchase campaign will terminate on June 30, 1957, although some vaccine will be used for another few months. From then on, the responsibility will rest with local health departments and medical societies to incorporate vaccination against poliomyelitis into the routine immunizations now accepted and promoted for the public.

Continued publicity and education as to the safety and efficacy of the Salk vaccine and the promotion of its use will be required at least for the next year. This will be necessary in order to extend the use of poliomyelitis vaccine and convince those who have not been vaccinated to avail themselves of this protection. Only in this way can we maintain a highly immunized population and thereby reduce paralytic poliomyelitis to a minimum in California.

We shall be glad to furnish you with any additional information you may require concerning the program. The above report has been submitted to Governor Knight.

Very sincerely yours,

MALCOLM H. MERRILL, M.D.
Director of Public Health

PRAYER

The following prayer was offered by the Chaplain, the Rev. Robert S. Romeis:

Almighty God, our Heavenly Father, As we begin the last day of this legislative session, we lift our hearts in humble gratitude to Thee for Thy gracious presence during the days past. We know that we have not done all things well; forgive our failures—the things left undone, the matters considered too hastily, the ones with which we deliberately dallied; forgive the anger that at times put an edge to our words, the pride that made us intolerant, the self-concern that made us narrow. But, the things which have been accomplished, O Lord, add to them Thy blessing and Thy power, that they may bring progress, prosperity, and peace to the people of our land. Bless each legislator, his family, his friends; be with our Governor, our Speaker, our Senators, and all who have labored faithfully during these crowded days. Above all, Dear Lord, impress upon us again that the secret of success lies in serving, the key to greatness lies in giving, and the heart of happiness lies in helping; through Jesus Christ, Thy Son our Lord, who liveth and reigneth with Thee and the Holy Ghost, ever one God, world without end.—AMEN.

By Messrs. Meyers, Wilson, and O'Connell:

House Resolution No. 313

Relating to a study of the buildings occupied and to be occupied by state governmental agencies and their working personnel and the need for improvement of facilities for fire safety and the comfort of employees

WHEREAS, The buildings occupied by many state governmental agencies, including both those owned by the State and leased from others, were constructed before the adoption of modern construction standards of fire safety and the advent of modern facilities for the comfort of women employees which are so essential in this day and age where women constitute a large, and in many cases, the major portion of the working force; and

WHEREAS, A considerable amount of building construction to house state agencies and their employees is underway throughout the State; and

WHEREAS, It has come to the attention of the Assembly of the State of California that there exists no uniform standards with respect to the construction, installation, and design of facilities essential for fire safety and the comfort of women employees; now, therefore, be it

Resolved by the Assembly of the State of California, That the Director of Finance is requested to make an administrative study of the feasibility of establishing and placing into operation, in buildings presently occupied by state agencies and in those under construction for that purpose, uniform standards to insure, in building construction and installations, that adequate provision is made for fire protection, health, safety, welfare, and the comfort of employees; and that the Director of Finance is directed to consult with any and all other state agencies whose assistance will aid in compiling the data for the study including, but not limited to, the Department of Public Works, the Department of Industrial Relations, the Industrial Welfare Commission, the State Fire Marshal, the State Personnel Board, and local building and fire prevention authorities; and that the Director of Finance is to report the results of his study to the Assembly at its 1959 Regular Session; and be it further

CONSIDERATION OF HOUSE RESOLUTION NO. 258

By Mr. Nielsen:

House Resolution No. 258

WHEREAS, It is the opinion of many Members of the Assembly of the State of California that an air conditioning system is designed to make people comfortable instead of making them uncomfortable; and

WHEREAS, The air conditioning system in the Assembly Chamber and in Assembly committee rooms creates drafts of cold air causing illness to a number of members and complaints of discomfort from many other members; and

WHEREAS, The situation has been called to the attention of the Division of Architecture, Department of Public Works, but its engineers seem unable to correct the condition; and

WHEREAS, It would therefore appear that the air conditioning system installed under the direction and supervision of the Division of Architecture is faulty and inefficient in its operation, regulation and control; now, therefore, be it

Resolved, By the Assembly of the State of California that the Assembly Committee on Rules is hereby authorized to employ a competent private air conditioning engineer or firm to inspect the air conditioning system and make recommendations for the correction of its obvious defects.

CONSIDERATION OF HOUSE RESOLUTION NO. 321

By Mr. Nielsen:

House Resolution No. 321

Relative to the salaries of laborers, workmen and mechanics employed by the State of California

WHEREAS, Section 18853 of the Government Code provides a specific method of setting salaries for "laborers, workmen and mechanics" employed by the State and permits the State Personnel Board to establish different salaries for the various localities of the State depending upon the local prevailing rate; and

WHEREAS, It is the intent of this section that, when required by the needs of the State, salaries for such employees be set at the local prevailing rate rather than as a state-wide salary range; and

WHEREAS, It has been the long-standing practice to compensate many such employees at the local prevailing rate; and

WHEREAS, The State Personnel Board did, on June 2, 1956, change the salaries of large numbers of employees, particularly those in the building trades classes, from an hourly rate to a lower monthly salary range and place the employees on a monthly "red-circle rate"; and

WHEREAS, This action by the State Personnel Board created extensive dissatisfaction among the affected employees and has adversely affected their morale and at the same time has added to the difficulty of recruiting and obtaining competent employees by the State; and

WHEREAS, It appears that the main factor taken into consideration by the State Personnel Board was the permanency of employment rather than the nature of the work performed and the skills required; and

WHEREAS, The work appears to be as permanent for employees in private industry as those in state service and therefore such factor was given greater weight by the State Personnel Board than the prevailing practice justifies; now, therefore, be it

Resolved by the Assembly of the State of California, That the State Personnel Board, at its earliest opportunity, review its action taken on June 2, 1956, reducing the salaries for "laborers, workmen and mechanics" employed in state service as the matter relates to the permanency of similar positions and work in private industry and particularly in relation to the work performed and the skills required, and that in making such review the State Personnel Board place primary emphasis on the nature of the work performed and the skills required in making its review and its comparisons with similar positions and work in private industry; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the State Personnel Board.

(b) All uninspected horse meat when kept for sale, offered for sale, or sold shall be denatured or decharacterized so as to be readily distinguishable from an article of human food by the addition thereto of not less than one-twentieth of 1 percent of charcoal or in any other manner satisfactory to the State Department of Public Health.

(c) All canned dog and/or pet food manufactured from horse meat and/or horse meat by-products, and/or meat, and/or meat food products, and packed in hermetically sealed containers may be labeled "Stew" in letters of no more than one-half inch in height. The maximum letter size permissible for such ingredients shall be one-half inch in height and the minimum letter size permissible for ingredients of animal origin shall be one-quarter inch in height. The background color of the label and the letter style shall not be changed in listing ingredients of animal origin.

The word "and" or "with" shall appear on the main panel of the label directly beneath the name of the ingredients of animal origin and the remaining ingredients shall appear directly beneath the word "and" or "with" in the order of their predominance and in clearly legible letter size. However, the list of ingredients other than those of animal origin, when such term is used, need not appear on the main panel of the label but must appear elsewhere on the label.

(e) For products packed in accordance with subdivision (d) and in containers other than a #300 can (300x407) the letter size referred to shall be the same relative proportion as heretofore required to the height of the container used.

Explanation of Votes on Senate Bill No. 1326

Passage of Senate Bill No. 1326 threatens a ruinous financial policy in California State Government.

The bill provides that the State pay to the County of Del Norte and three other counties in lieu taxes on state park lands which would be applicable to private property assessments had the State not acquired same for park purposes.

The situation in a nutshell is, as an example

Del Norte pays to the State in various taxes only $107.60 per capita as against $112.94 state average.

Del Norte gets back from its per capita payments 54.2 percent of its payments as against 53.7 percent state average

The tax rate in Del Norte per $100 valuation is $5.99 against state average of $6.18. (Reference: Assembly Journal, page 2282.)

Sixteen of the largest counties are paying a higher property tax and the same are generally receiving a lower return from state subventions.

In voting these in lieu tax payments to these four counties, we are venturing on a ruinous financial state policy. Sacramento, having a tax rate of $8.14, would be likewise justified in asking the State to pay taxes on all state-owned properties within the county.

Since San Francisco pays $6.27 and Los Angeles pays $6.99, both should come in for like treatment

This policy pursued fairly can only ruin our entire state financial structure.

RESOLUTIONS

The following resolution was offered:

By Mr. Burton:

House Resolution No. 342

Relating to congratulating the Chinese-American citizens on the Double Ten Celebration

WHEREAS, The date of October 10th, marks the National Day of the Chinese Republic and is the occasion for celebration of the anniversary of the culmination of a great struggle for freedom which occurred in China on a pattern very similar to that of the early history of the United States of America, and makes most fitting the extending of congratulations to that valiant people on the occasion of their commemoration of the day upon which their freedom was achieved; and

WHEREAS, During the closing decades of the nineteenth century, the Chinese people, oppressed by the tyranny and corruption of the Manchu and Ching dynasties undertook actions of revolt throughout the nation; and

WHEREAS, The long and bitter struggle of these downtrodden millions was climaxed by the great victory at the Wuchang Revolution, centered at Hupeh, in Central China, on October 10, 1911, under the inspired leadership of Dr. Sun Yat Sen, which marked the beginning of the downfall of the dictatorial Ching Dynasty, and was followed by successful revolutions in 17 other provinces and Shanghai and Nanking; and

WHEREAS, These actions resulted in the formation of the Chinese Republic with Dr. Sun elected the first president, assuming his office on January 1, 1912, and caused the abdication of the Manchu emperor on February 12, 1912; and

WHEREAS, After the establishment of the Republic, the date of October 10th, was designated by the Chinese Government as the National Day or Day of the Double Ten Celebration, with the same significance to the people of that nation as the Independence Day holiday in the United States of America has to the citizens of this Country, and is celebrated annually by the Chinese people; now, therefore, be it

Resolved by the Assembly of the State of California, That the Chinese people are congratulated on the anniversary of their National Day and the Double Ten Celebration; and be it further

Resolved, That the Chief Clerk of the Assembly is directed to transmit suitably prepared copies of this resolution to the Chinese Consolidated Benevolent Association; the Chinese-American Citizens' Alliance, San Francisco Lodge; the Chinese-American Citizens' Alliance, Grand Lodge; the Chinese Chamber of Commerce; the Cathay Post of the American Legion; and the Chinatown Post No. 4618, Veterans of Foreign Wars.

(b) The employment of any minor at agricultural, horticultural, viticultural, or domestic labor during the time the public schools are not in session, or during other than school hours, when the work performed is for or under the control of his parent or guardian and is performed upon or in connection with premises owned, operated or controlled by the parent or guardian; but nothing herein shall permit children under school age to work at such occupations, while the public schools are in session.

REQUEST FOR UNANIMOUS CONSENT TO PRINT IN JOURNAL

Mr. McCollister asked for, and was granted, unanimous consent that the following opinion of the Legislative Counsel be ordered printed in the Journal:

OPINION OF LEGISLATIVE COUNSEL

STATE OF CALIFORNIA
OFFICE OF LEGISLATIVE COUNSEL
SACRAMENTO, CALIFORNIA, June 10, 1957

Hon. L. H. Lincoln
Assembly Chamber

Length of Legislative Session

DEAR MR. LINCOLN: You have asked that we compute for you the differences in the length of the session under the Constitution as it now reads, under Assembly Constitutional Amendment No. 36 as it was passed in the Assembly, and under Assembly Constitutional Amendment No. 36 as it was passed in the Senate.

Under the existing constitutional provision the session is limited to 120 calender days and a constitutional recess of not less than 30 days is required. The present session convened on January 7th and recessed on January 25th. It reconvened on March 4th and must adjourn under the constitutional provision on June 12th.

As passed by the Assembly, Assembly Constitutional Amendment No. 36 abolished the constitutional recess and increased the length of the session to 150 calendar days exclusive of Saturdays and Sundays. The

exclusion of Saturdays and Sundays relates merely to the computation of the length of the session, and it is possible under the amendment as drafted for the Legislature to hold sessions on both Saturdays and Sundays should it so desire. Under this form of Assembly Constitutional Amendment No. 36 the session in 1957 would have convened on January 7th and would have adjourned on August 2, 1957. The net gain in working days, assuming that the houses met on both Saturdays and Sundays, would be 88 days.

As passed by the Senate, Assembly Constitutional Amendment No. 36 provides for the abolition of the constitutional recess and increases the length of the session to 120 calendar days exclusive of Saturdays and Sundays. Under this form of the measure the 1957 Session would have convened on January 7th and would adjourn on June 21st. Assuming that the houses wished to do so and would meet on Saturdays and Sundays, the net gain in days under this version is 46 days

Under the measure as it passed the Assembly and as it passed the Senate, the Legislature is prohibited from considering any bill either in committee or on the floor within 30 days after the bill is introduced. This prohibition does not apply to the Budget Bill, and no change is made in the constitutional provision relating to the introduction of that bill. Section 34 of Article IV of the Constitution requires the Governor to submit his budget within the first 30 days of each general session and requires that the budget shall be accompanied by the Budget Bill which shall be introduced immediately into each House of the Legislature. By virtue of this provision, the Budget Bill under either the Assembly or Senate version of Assembly Constitutional Amendment No. 36 would have been introduced on or prior to February 5, 1957 The prohibition against the consideration of bills within the first 30 days does not apply to the Budget Bill. Therefore, the Ways and Means and Finance Committee could commence hearings upon the Budget Bill immediately following its introduction and assuming the last possible introduction date would mean that such hearings could have started on February 6, 1957.

Very truly yours,

RALPH N. KLEPS, Legislative Counsel
By CHAS. W. JOHNSON, Chief Deputy

Speaker Presiding

At 3.43 p.m., Hon. L. H. Lincoln, Speaker of the Assembly, presiding.

In order to bring about the most expeditious integrated construction and operation of the San Luis Project, authorized as a part of the State's Feather River Project by Section 11260 of the Water Code, and proposed also under bills before the Eighty-fifth Congress to be authorized as a unit of the Federal Central Valley Project for water service to approximately 500,000 acres of land in Merced, Fresno and Kings Counties, the State Department of Water Resources is authorized to assist and cooperate with the United States Department of the Interior in the planning, financing, construction and operation of those facilities of the San Luis Project which may be jointly used by the State and the United States.

SEC. 2. To further the purposes expressed in Section 1, the Department of Water Resources is authorized to enter into an agreement with the United States which may provide, among other things, that:

(a) The project works and features to be constructed by the United States shall be so designed and constructed as to permit (i) immediate integration and coordinated operation with the State's water projects and/or (ii) such subsequent enlargement or other modification as may be required for integration and coordinated operation therewith

(b) The State shall make available to the United States during the construction period sufficient funds to pay an appropriate share of the construction costs of any facilities designed and constructed as provided in paragraph (a) above. The state

contribution shall be made in annual installments, each of which bears approximately the same ratio to total expenditures during that year as the total of the State's share bears to the total cost of the facilities.

(c) The State may at any time after approval of its plans by the United States and at its own expense enlarge or modify San Luis Dam and Reservoir and other facilities to be used jointly by the State and the United States, but the performance of such work shall be so carried on as not to interfere with the operation of the San Luis unit for the purposes set forth in Section 1 of this act.

(d) The State shall pay annually an appropriate service charge in connection with, and/or an appropriate share of the operation, maintenance and replacement costs of, those features of the San Luis unit which are used or designated to be used jointly by the United States and the State and any other features of the Federal Central Valley Project which are of service to the State.

(e) Upon completion of repayment of those portions of the reimbursable federal costs of constructing the Central Valley Project which are assignable to the San Luis unit, title to the facilities of the San Luis unit shall, upon request of the State, be conveyed to the State. Upon such conveyance, the State shall assume the obligation and responsibility of providing water service to the users of the San Luis unit service area.

(f) Promptly after execution of this agreement between the United States and the State, the State shall convey to the United States title to any lands, easements, and rights of way which it then owns and which are required for facilities of the San Luis unit to be used jointly by the United States and the State. The State shall be given credit for the costs of these lands, easements, and rights of way toward its share of the construction cost of the San Luis unit. The State shall also be given credit for any funds advanced by it to the United States for preparation of designs and specifications or for any other work in connection with the San Luis unit.

(g) The United States shall have unrestricted use of such capacities in the works of the San Luis unit which are used jointly by the United States and the State as shall be required to carry out the purposes of Section 1 of this act. Such unrestricted use shall extend throughout the repayment period and so long thereafter as title to the works remains in the United States.

(h) The State shall have unrestricted use of the remainder of the capacity of San Luis Reservoir and of other jointly used facilities for water service outside the San Luis unit service area solely under the jurisdiction of the State.

(i) The United States may turn over to the State the care, operation, and maintenance of any works of the San Luis unit which are used jointly by the United States and the State at such time and under such conditions as shall be agreed upon by the United States and the State.

(j) Notwithstanding transfer of title or of the care, operation and maintenance of any works to the State, as hereinbefore provided, any organization which has theretofore entered into a contract with the United States under the Reclamation Project Act of 1939 for a water supply through the works of the San Luis unit shall continue to have and to enjoy the same rights which it would have had under its contract with the United States and the provisions of paragraph (4) of Section 1 of the act of July 2, 1956 (70 Stat. 483, 43 U. S. C., sec. 485h-1) in the absence of such transfer, and its enjoyment of such rights shall be without added cost or other detriment arising from such transfer.

(k) If a nonreimbursable allocation to the preservation and propagation of fish and wildlife has been made as provided in Section 2 of the act of August 14, 1946 (60 Stat. 1080, 16 U. S. C., sec. 662), the features of the unit to which such allocations is attributable shall, notwithstanding transfer of title or of the care, operation, and maintenance to the State, be operated and maintained in such wise as to retain the bases upon which such allocation is premised and, upon failure so to operate and maintain those features, the amount allocated thereto shall become a reimbursable cost to be paid by the State.

SEC. 3. The authority given the Department of Water Resources in Section 2 shall not be exercised until the enactment of federal legislation to authorize federal participation in the construction and operation of the San Luis Project and to authorize the Department of the Interior to enter into the cooperative agreement mentioned in Section 2 of this act

SEC. 4. The Department of Water Resources is further authorized to advance to the United States Department of the Interior from any money appropriated to the Department of Water Resources for such funds for the preparation of designs and specifications of facilities and other technical studies preliminary to construction of the San Luis Project which may be jointly used by the State and the United States; provided that, the amount of such advances shall not exceed the sum of one million dollars ($1,000,000); and provided further, that if the joint use

facilities are constructed under an agreement between the State and the United States the United States shall credit the State in accordance with subsection (f) of Section 2 of this act or if the said agreement between the State and the United States is not executed the United States shall reimburse the State for such advances or shall make available to the State the designs and specifications and other data so prepared.

REQUEST FOR UNANIMOUS CONSENT TO PRINT IN JOURNAL

Mr. McCollister asked for, and was granted, unanimous consent that the following address, delivered by Mr. Richard F. Desmond, at the St. Patrick's Day celebration in the Assembly, be ordered printed in the Journal:

St. Patrick's Day Address
By *Richard F. Desmond*

On the night of March 17, 1776, the English troops evacuated Boston, and General Washington ordered that the watchword in the patriot lines should be, "St. Patrick." From that historic night to the year 1957 the people of this great Nation have annually paid honor and high tribute to that patron saint of Ireland.

But, as I reflected upon the subject of this address, and, as I read of the sum allocated by your honorable body to foster this ceremony, I could not help but wonder, "Why?" What possible significance does a man who lived in a foreign land 1500 years ago have to the American heritage and the State of California today? Why does not our Legislature honor with the same great gusto and acclamation the memory of Mohammed, the prophet; Martin Luther, the German reformer; St. Paul, the great evangelist; Moses, Calvin, Wesley, or even the name of Jesus Christ Himself? Indeed, what other foreign personage, symbol or tradition is so universally honored in America as Saint Patrick's Day?

Perhaps St. Patrick is a symbol of the Irish people and the Irish history, and those are the ones who we truly honor here today. Such would appear to be the case, as, without regard for genealogical background, sprigs of green and bits of kelly green cloth blossom forth

upon the persons of the majority of our citizens. Proud we are of the Irish race, and quick we are, as individuals, to identify and associate ourselves with the Irish on this day, regardless of the lack of existence of a drop of Celtic blood in our veins. Today we presume to discover the Irish as the cynical Englishman once said,

"Before I came across the sea
To this delightful place,
I thought the native Irish were
A funny sort of race;
I thought they went about the place
As tight as they could get;
And that they always had a fight
With everyone they met.

I thought their noses all turned up
Just like a crooked pin;
I thought their mouths six inches wide
And always on the grin;
I thought their heads were made of stuff
As hard as any nails;
I half suspected that they were
Possessed of little tails.

But when I came unto the land
Of which I heard so much,
I found that the inhabitants
Were not entirely such.
I found their teeth were quite as small
As Europeans' are,
And that their ears, in point of size,
Were not pecul-iar.

I even saw a face or two
Which might be handsome called;
And by their very largest feet
I was not much appalled.
I found them sober now and then;
And even in the street,
It seems they do not have a fight
With everyone they meet.

I even found some honest men
Among the very poor;
And I have heard some sentences
Which did not end with 'shure.'
In fact, they're not all brutes or fools
And I suspect that when
They rule themselves they'll be as good
As any Englishmen!"

Well does the history of the Irish race and nation justify this, our humble tribute. Neither Latin nor invaded by the Romans, Ireland preserved Latin letters and Roman culture in its cloisters during the

dark ages of invasion and conquest of the rest of Europe. It was the Irish, instructed by St. Patrick and such successors as St. Columba, who actually saved from utter destruction and the loss of learning, the philosophy and the morals of continental Europe. Ireland saved Western civilization—Ireland is the parent of our modern civilization. Be we Catholic or Protestant, our fundamentals were preserved by the Irish.

The golden age of Irish culture faded with the Danish invasions of the ninth and tenth centuries, and for 200 years the arts and learning were suppressed. The flame of liberty then shone briefly again, only to become snuffed out a few years later. Anarchy set in, and in the thirteenth century England began its conquest.

For the next six and one-half centuries the history of Ireland is a long, black catalogue of wars of conquest and obstinate resistance; of confiscation and plunder; of tyranny and injustice—of extermination itself. The subjections and suppressions of the Irish people by Henry VIII, Elizabeth and Cromwell find much their parallel in Communist Hungary today.

For hundreds of years the Irish people had no rights; Ireland was a nation trampled into the bloodstained earth by wave after wave of ruthless persecution. Yet that nation never lost the principle of its national existence, never consented to merge its name, its ideals or its national individuality with that of its oppressors.

The Irish had something far more powerful than anything a foreign nation could impose upon them—they had, and they lived by, the word of God as brought to them by St. Patrick. This practice of their Christian faith gave them the courage to resist their oppressors both in Ireland and this nation—it gave them the boldness to preserve their faith and send it into foreign lands—it gave them humor and bestowed upon them happiness in spite of their material adversities.

But there have been other subjugated and persecuted races and peoples—the Jews and the Negroes, for example—"Why honor the Irish?" we ask. First we must look at the man who created the Irish nation and brought to them the Christian faith.

The story of St. Patrick is largely legendary and but few of the facts of his life are known and verified. Born, probably in Roman Britain, in the early fifth century, he was carried in captivity to Ireland and there held in slavery by the Druids for several years. He escaped to Gaul, became a monk, and later, a bishop charged with carrying the gospel to Ireland. There Patrick began his brilliant apostolate with the spectacular conversions of the Druids. Many times have we heard the marvelous and beautiful story of Patrick's courageous scorn of the Druid law and the creation of the Paschal Fire. The final 30 years of Patrick's life were spent in setting the Emerald Isle ablaze with religious zeal, his only weapons consisting of the sword of truth and the word of the gospel.

The faith Patrick brought to the people of Ireland, the truths he conveyed, the word that he spread and the conversions that he brought about were of the Catholic church. Today we, as a nation and as a state, do not admit the truth of Patrick's message—we do not teach his dogma in our schools—his ideals are not encompassed within our national ideology, indeed, many even deny the fact of sanctity in spite

of the name by which they call him. Today we wear and display the shamrock, symbol of the holy trinity, yet, as a nation, we do not profess the doctrine of the holy trinity.

We do not imitate St. Patrick, we do not, as a nation, subscribe to his teachings—how can it be said that we honor him today?

The persecutions of the Irish by Elizabeth and Cromwell probably was the proximate cause of the success of the American revolution. America, therefore, traditionally honors the Irish people, the Irish nation and the Irish saint for their aid in delivering our young country from the bondage of English tyranny and colonialism.

Seeking relief from oppressions in their homeland, the Irish flocked to the colonies by the thousands in the seventeenth and eighteenth centuries. When the patriot call was issued to resist the English impositions upon their liberties, Irish immigrants and their descendents responded freely, willingly and enthusiastically. Conservative estimates show that Irishmen comprised at least one-half of the Continental army. Strengthened by past adversity and hardship, it was the Irish who best withstood the reverses suffered by the ragged forces.

While the vast majority of English sympathizers actively or passively resisting the revolutionary effort in those trying times were colonists of English descent, the revolutionary cause was most enthusiastically endorsed by all the Irish.

Irish names which stand high on the roll of glory of the revolution are far too numerous for individual mention—eight appear upon the Declaration of Independence—the great Secretary of the Continental Congress, friend of Franklin and Latin scholar was a native of Derry—General Sullivan led the revolutionary forces at Trenton, Brandywine, and Germantown and captured the supplies for Bunker Hill—an O'Brien opened hostilities at sea before Lexington and Concord—the first American naval admiral, Barry, was Irish.

Need we wonder why President Washington was prompted to say, as he accepted membership in the New York branch of the Friendly Sons of St. Patrick, "I accept with singular pleasure the ensign of so worthy a fraternity as that of the Sons of St. Patrick in this city—a society distinguished for the firm adherence of its members to the glorious cause in which we are embarked."

As fighting men the Irish race stands out in bold relief upon the records compiled in the crucial wars of our history. No military unit contributed more to the honor of the federal forces in the Civil War than the Irish Brigade. In modern times and a recent conflict the name of "the Sullivans" is synonymous with heroism and loyalty to country.

Our Nation is enriched not only by Irish patriotism and loyalty, but by the richness of their humor, by their love of beauty and nature as expressed so exquisitely in Irish literature, and, above all, by the great faith which, inspired by their patron, the Irish have spread with untiring zeal across the face of our land. Irish labor helped build our great railroads, and manned our factories. Singular devotion to duty by the Irish has lended dignity to the law enforcement and fire protection forces of our democracy.

The Irish people have contributed to this Country loyalty and good citizenship, and, in all walks of life, the sons and daughters of Ireland

show their profound allegiance to the American Flag—perhaps more than contributing their share. The Irish, guided by the teachings of Christian principles have never faltered in the building of this democracy. The ideas and ideals for which they have fought in Ireland have been borne to our great Nation where the Irish loyalty to liberty has not been questioned.

We are indebted to the Irish in many ways—therefore they and their patron have been honored in our Country for nearly 200 years. What value can we place upon what the teachings St. Patrick has brought to us, the monastic life which he established has preserved for us, and the Irish people, guided by them, have done for us?

We are therefore gathered here to honor the Irish people and what they have done for America and this State of California. From the heritage, however, that the Irish and St. Patrick have left us, we must also learn a lesson which should be remembered, not once a year, but every day.

Through years of anarchy the Irishmen had and lived with law—the law of God. As a Nation, we may not adopt the dogma taught by Patrick and his missioners—but as a Christian Nation, we have most certainly adopted their basic principles—the Ten Commandments * * * the Christian virtues.

If we refused to simply nod our heads and agree and give them lip service—if we but daily taught and constantly abided by these principles as a Nation—how easy would your task as law makers be! Simply analyze our statutes and our bills then apply the Christian virtues and commandments—would that statute then be necessarily upon our books? If the virtues were practiced and commandments obeyed what earthly power could obtain dominion over us—what need then of earthly laws and institutions?

It was thus, without man-made law, that the Irish preserved their nation and their principles—and only in the same manner shall we preserve ours. May God give our Legislature the light to guide our Nation and preserve it.

May God continue to grant to us freedom of worship—bestow upon us freedom of speech—and to confer upon us all the other freedoms, rights and privileges which He has so generously done in the past For only if we continue to enjoy these will we be free in the future to celebrate and enjoy St. Patrick's Day

May God bless all of us, and all the Irish—always!

RESOLUTIONS

The following resolutions were offered:

By Mr. Brown:

House Resolution No. 348

Relative to a study of the administration and operation of the Department of Professional and Vocational Standards and its agencies

Resolved by the Assembly of the State of California, That the Assembly Committee on Governmental Efficiency and Economy is hereby authorized and directed

to ascertain, study, and analyze all facts relating to the administration and operation of the Department of Professional and Vocational Standards and its agencies to:

1. Determine whether the policies whereby the Department of Professional and Vocational Standards owns the building which it and other state agencies occupy, are realistic, in the best interests of the State, and should be continued.

2. Ascertain whether the Director of Professional and Vocational Standards is adequately prepared and equipped to continue the management of the building which the department owns or whether the management, operation and control should be vested in the Department of Finance.

3. Establish the possible benefits to the State of effecting the plan of reorganization of the Department of Professional and Vocational Standards as proposed by management surveys completed by the Department of Finance.

4. Inquire into the advisability of transferring the Division of Administrative Procedure from the Department of Professional and Vocational Standards and establishing a separate department to discharge this function in order to separate the administrative control of this agency performing a quasi-judicial function and other agencies which seek to prosecute in proceedings before officers of said division.

5. Ascertain whether the director in the exercise of his function as chief of the Bureau of Private Investigators and Adjusters is adequately enforcing the existing law in the regulation of this vocation, and the relationship of alleged abuses of license rights by such private investigators and adjusters to that enforcement program.

6. Analyze the relationship of the activity of the director to the program of enforcement conducted by the State Athletic Commission in the fields of boxing and wrestling

7. Investigate the degree of enforcement and the deviations from standards permitted by administrative action in the area of furniture and bedding inspection as that program is administered by the director in his capacity as chief of the Bureau of Furniture and Bedding Inspection; and be it further

Resolved, That said committee shall report its findings on the subject of this resolution to the 1959 Regular Session of the Legislature, together with its recommendation for appropriate legislation.

Request for Unanimous Consent

Mr. Brown asked for, and was granted, unanimous consent to take up House Resolution No. 348, at this time, without reference to committee or file.

By Mr. Brown:

House Resolution No. 349

Relative to legislative intent of Assembly Bill No. 2405

Resolved by the Assembly of the State of California, That in enacting Assembly Bill No. 2405 of this session which amends Section 54957 of the Government Code, relating to meetings of public agencies, the Legislature when it used the phrase "*consider* the appointment, employment or dismissal of a public officer or employee" intended to give the word "consider" its usual, ordinary meaning and did not intend to authorize executive sessions at which the legislative body of a local agency could "consider *and act*" upon the matters specified in that section.

Request for Unanimous Consent

Mr. Brown asked for, and was granted, unanimous consent to take up House Resolution No. 349, at this time, without reference to committee or file.

Resolution read, and adopted.

REQUEST FOR UNANIMOUS CONSENT TO PRINT IN JOURNAL

Mr. Burton asked for, and was granted, unanimous consent that the following opinion of the Legislative Counsel be ordered printed in the Journal:

OPINION OF LEGISLATIVE COUNSEL

STATE OF CALIFORNIA
OFFICE OF LEGISLATIVE COUNSEL
SACRAMENTO, CALIFORNIA, June 8, 1957

Hon. Phillip Burton
Assembly Chamber

Minimum Wages—No. 15669

DEAR MR. BURTON: You have asked several questions with respect to Assembly Bill No. 245, as amended in Assembly June 6, 1957, which we shall set forth and answer separately below.

Question No. 1

Would the bill prevent the Industrial Welfare Commission from establishing minimum wages above $1 per hour?

Opinion No. 1

The bill would not affect the power of the Industrial Welfare Commission to establish minimum wages above $1 per hour, but the commission's power is limited, as to wages, to wages of women and minors.

Analysis No. 1

The bill would require employers to pay employees, other than persons under 21 years of age and other than certain classes of employees who are excepted by the bill, not less than $1 per hour and would require the minimum wages fixed by the Industrial Welfare Commission for women (in industries in which the commission finds that the wages paid to women and minors are inadequate) to be not less than $1 per hour. The bill would become operative on January 1, 1958.

As can be seen, there is nothing in the bill which would prevent the commission from fixing minimum wages for women and minors in certain industries at more than $1 per hour.

Question No. 2

Would the bill prevent the commission from fixing minimum wages for any of the classes of employees excepted by the bill?

Opinion and Analysis No. 2

There is nothing in the bill which would prevent the commission from fixing the minimum wage for women and minors within such excepted classes of employees. With respect to women, the bill would require that the minimum wage so fixed be not less than $1 per hour.

Question No. 3

What effect will the operative date of the bill have with respect to a minimum wage order which you inform us was issued by the commission this past week, fixing a $1 per hour minimum wage, and to be operative in September or October of this year?

Opinion and Analysis No 3

Since the minimum wage under the order you mention is fixed at $1 per hour, the bill will have no effect on such order, inasmuch as the order, with respect to the women employees covered thereby, complies with the provisions of the bill.

Very truly yours,

RALPH N. KLEPS, Legislative Counsel
By RAY H. WHITAKER, Deputy

"SECTION 1. In order to bring about the most expeditious integrated construction and operation of the San Luis Project, authorized as a part of the State's Feather River Project by Section 11260 of the Water Code, and proposed also under bills before the Eighty-fifth Congress to be authorized as a unit of the Federal Central Valley Project for water service to approximately 500,000 acres of land in Merced, Fresno and Kings Counties, the State Department of Water Resources is authorized to assist and cooperate with the United States Department of the Interior in the planning, financing, construction and operation of those facilities of the San Luis Project which may be jointly used by the State and the United States.

SEC. 2. To further the purposes expressed in Section 1, the Department of Water Resources is authorized to enter into an agreement with the United States which may provide, among other things, that:

(a) The project works and features to be constructed by the United States shall be so designed and constructed as to permit (i) immediate integration and coordinated operation with the State's water projects and/or (ii) such subsequent enlargement or other modification as may be required for integration and coordinated operation therewith.

(b) The State shall make available to the United States during the construction period sufficient funds to pay an appropriate share of the construction costs of any facilities designed and constructed as provided in paragraph (a) above. The state contribution shall be made in annual installments, each of which bears approximately

the same ratio to total expenditures during that year as the total of the State's share bears to the total cost of the facilities.

(c) The State may at any time after approval of its plans by the United States and at its own expense enlarge or modify San Luis Dam and Reservoir and other facilities to be used jointly by the State and the United States, but the performance of such work shall be so carried on as not to interfere with the operation of the San Luis unit for the purposes set forth in Section 1 of this act.

(d) The State shall pay annually an appropriate service charge in connection with, and/or an appropriate share of the operation, maintenance and replacement costs of, those features of the San Luis unit which are used or designed to be used jointly by the United States and the State and any other features of the Federal Central Valley Project which are of service to the State.

(e) Upon completion of repayment of those portions of the reimbursable federal costs of constructing the Central Valley Project which are assignable to the San Luis unit, title to the facilities of the San Luis unit shall, upon request of the State, be conveyed to the State. Upon such conveyance, the State shall assume the obligation and responsibility of providing water service to the users of the San Luis unit service area.

(f) Promptly after execution of this agreement between the United States and the State, the State shall convey to the United States title to any lands, easements, and rights of way which it then owns and which are required for facilities of the San Luis unit to be used jointly by the United States and the State. The State shall be given credit for the costs of these lands, easements, and rights of way toward its share of the construction cost of the San Luis unit. The State shall also be given credit for any funds advanced by it to the United States for preparation of designs and specifications or for any other work in connection with the San Luis unit.

(g) The United States shall have unrestricted use of such capacities in the works of the San Luis unit which are used jointly by the United States and the State as shall be required to carry out the purposes of Section 1 of this act. Such unrestricted use shall extend throughout the repayment period and so long thereafter as title to the works remains in the United States.

(h) The State shall have unrestricted use of the remainder of the capacity of San Luis Reservoir and of other jointly used facilities for water service outside the San Luis unit service area solely under the jurisdiction of the State.

(i) The United States may turn over to the State the care, operation, and maintenance of any works of the San Luis unit which are used jointly by the United States and the State at such time and under such conditions as shall be agreed upon by the United States and the State.

(j) Notwithstanding transfer of title or of the care, operation and maintenance of any works to the State, as hereinbefore provided, any organization which has theretofore entered into a contract with the United States under the Reclamation Project Act of 1939 for a water supply through the works of the San Luis unit shall continue to have and to enjoy the same rights which it would have had under its contract with the United States and the provisions of paragraph (4) of Section 1 of the act of July 2, 1956 (70 Stat. 483, 43 U. S. C., sec. 485h-1) in the absence of such transfer, and its enjoyment of such rights shall be without added cost or other detriment arising from such transfer.

(k) If a nonreimbursable allocation to the preservation and propagation of fish and wildlife has been made as provided in Section 2 of the act of August 14, 1946 (60 Stat. 1080, 16 U. S. C., sec. 662), the features of the unit to which such allocation is attributable shall, notwithstanding transfer of title or of the care, operation, and maintenance to the State, be operated and maintained in such wise as to retain the bases upon which such allocation is premised and, upon failure so to operate and maintain those features, the amount allocated thereto shall become a reimbursable cost to be paid by the State.

SEC. 3. The authority given the Department of Water Resources in Section 2 shall not be exercised until the enactment of federal legislation to authorize federal participation in the construction and operation of the San Luis Project and to authorize the Department of the Interior to enter into the cooperative agreement mentioned in Section 2 of this act.

SEC. 4. The Department of Water Resources is further authorized to advance to the United States Department of the Interior from any money appropriated to the Department of Water Resources for such purposes funds for the preparation of designs and specifications of facilities and other technical studies preliminary to construction of the San Luis Project which may be jointly used by the State and the United States; provided, that the amount of such advances shall not exceed the sum of one million dollars ($1,000,000); and provided further, that if the joint use facilities are constructed under an agreement between the State and the United States the United States shall credit the State in accordance with subsection (f) of Section 2 of this act or if the said agreement between the State and the United States is not executed the United States shall reimburse the State for such advances or shall make available to the State the designs and specifications and other data so prepared.

ASSEMBLY CHAMBER, June 12, 1957

MR. SPEAKER: Your Committee on Rules, to which was referred:

House Resolution No. 335

Has had the same under consideration, and reports the same back with the recommendation: Be adopted.

MILLER, Chairman

Above reported resolution ordered on file.

CONSIDERATION OF HOUSE RESOLUTION NO. 335

By Mr. Bradley:

House Resolution No. 335

Relative to insurance practices of savings and loan associations

WHEREAS, The savings and loan industry in California is a multi-million-dollar business which holds the mortgages of hundreds of thousands of wage earners upon whose homes they lend money; and

WHEREAS, It has been alleged that certain savings and loan associations force borrowers to procure fire insurance from agents and companies owned or controlled by said associations, or from companies whose commissions go directly to such associations; and

WHEREAS, Such practices both deny the borrower his freedom of choice in buying insurance and threaten the stability of the lending organizations themselves; and

WHEREAS, Evidence of such coercive practices and abuses is contained in hundreds of letters of complaint in the offices of the Insurance Commissioner of the State of California; and

WHEREAS, The Attorney General of the State of California, recognizing that certain savings and loan associations use "subtle means and methods" to induce borrowers to purchase insurance at a higher rate than they would have to pay from other insurance companies, and has recommended corrective legislation on the subject; now, therefore, be it

Resolved by the Assembly of the State of California, That the Committee on Rules is directed to assign to an appropriate interim committee for study the subject matter of this resolution to the end that legislation correcting these abuses by savings and loan associations in California may be enacted; and be it further

Resolved, That the committee to which said matter is so assigned for study is hereby authorized and directed to ascertain, study and analyze all facts relative to the subject matter of this resolution and to the desirability of or necessity for legislation in that field, and to report thereon to the Assembly, including in its reports its recommendations for appropriate legislation; and be it further

Resolved, That the committee to which said subject is assigned is directed to create a subcommittee for the purpose of making said study.

Resolution read.

MOTION TO ADJOURN SINE DIE OUT OF RESPECT TO MEMORY OF THOMAS J. DOYLE

Mr. O'Connell moved that, when the Assembly this day adjourns sine die, it do so out of respect to the memory of the late Assemblyman Thomas J. Doyle of Los Angeles.

Mr. Gaffney seconded the motion.

Motion carried unanimously.

EXPLANATION OF VOTE ON SENATE BILL NO. 1912

I voted "no" on Senate Bill No. 1912 because I feel that it gives to an executive branch of our government an additional power to discriminate as between licensees. The bill unduly prefers licensees having a large volume of business in that it prescribes a maximum fine of $2,000 and would permit any fine as an alternative to suspension to those financially able to maintain an elaborate set of books. It smacks of political and economic favoritism.

JOHN A. O'CONNELL

EXPLANATIONS OF ABSENCE

CHARLES W. MEYERS

Have been in Senate regarding bills and conferences. Returned to Assembly Chamber approximately 10 p.m. Left Chamber around 3.30 p.m.

Resolved by the Senate, the Assembly concurring, That the Legislature of the State of California at its 1957 Regular Session, commencing on the seventh day of January, 1957, two-thirds of the members elected to each of the two houses of the Legislature voting therefor, hereby proposes to the people of the State of California that the Constitution of the State be amended by amending Section 1 of Article XVI thereof, to read:

SECTION 1. The Legislature shall not, in any manner create any debt or debts, liability or liabilities, which shall, singly or in the aggregate with any previous debts or liabilities exceed the sum of three hundred thousand dollars ($300,000), except in case of war to repel invasion or suppress insurrection, unless the same shall be authorized by law for some single object or work to be distinctly specified therein which law shall provide ways and means, exclusive of loans, for the payment of the interest of such debt or liability as it falls due, and also to pay and discharge the principal of such debt or liability within 50 years of the time of the contracting thereof, and shall be irrepealable until the principal and interest thereon shall be paid and discharged, and such law may make provision for a sinking fund to pay the principal of such debt or liability to commence at a time after the incurring of such debt or liability of not more than a period of one-fourth of the time of maturity of such debt or liability; but no such law shall take effect until, at a general election, it shall have been submitted to the people and shall have received a majority of all of the votes cast for and against it at such election; and all moneys raised by authority of such law shall be applied only to the specific object therein stated or to the payment of the debt thereby created, and such law shall be published in at least one newspaper in each of at least 50 of the counties (including at least the five largest counties as determined by the last federal census of population) and in each city and county throughout the State for eight weeks next preceding the election at which it is submitted to the people. The Legislature may, at any time after the approval of such law by the people, reduce the amount of the indebtedness authorized by the law to an amount not less than the amount contracted at the time of the reduction, or it may repeal the law if no debt shall have been contracted in pursuance thereof.

The text of the following Senate bills, which have passed both houses of the Legislature, have been approved by the Governor, and will be submitted to a vote of the electors, are entered in the Journal, together with the yeas and nays thereon:

Senate Bill No. 988

An act to add Chapter 13 (commencing at Section 3375) to Part 1 of Division 6 of the Harbors and Navigation Code, to provide for the issuance and sale of state bonds to create a fund for the use of the San Francisco Port Authority in improving that harbor and its facilities, including the wharves, piers, seawalls, railroad, spurs, appurtenances thereto, and any necessary dredging and filling in connection therewith; to create a sinking fund for the payment of the bonds; to define the duties of state officers in relation thereto; and to make an appropriation for the expense of printing the bonds.

The people of the State of California do enact as follows:

SECTION 1. Chapter 13 (commencing at Section 3375) is added to Part 1 of Division 6 of the Harbors and Navigation Code, to read.

CHAPTER 13. SAN FRANCISCO PORT BOND LAW OF 1958

3375. This chapter may be cited as the San Francisco Port Bond Law of 1958.

3376. As used in this chapter the following words shall have the following meanings:

(a) "Committee" means the San Francisco Harbor Bond Finance Board, created by Section 3302.

(b) "Authority" means the San Francisco Port Authority, as the same is constituted by Part 1 of Division 6 of the Harbors and Navigation Code, or any successor thereof.

(c) "Fund" means the Fifth San Francisco Seawall Fund, which fund is hereby created in the State Treasury.

(d) "San Francisco Harbor Improvement Fund" means the fund now existing in the State Treasury and created by Section 1706

(e) "Available moneys" in the San Francisco Harbor Improvement Fund means any moneys in the San Francisco Harbor Improvement Fund other than the amounts required by law to be otherwise applied to some special or particular purpose.

3377 For the purpose of creating a fund herein called the Fifth San Francisco Seawall Fund to provide for the improvement of San Francisco Harbor and its

facilities, including wharves, piers, seawalls, railroads, spurs, streets, and appurtenances to any of the foregoing, and personal or real property used in connection therewith, and any necessary dredging and filling in connection therewith by the authority and to redeem bonds authorized prior to the enactment of this chapter and outstanding, the committee shall be and is hereby authorized and empowered to create a debt or debts, liability or liabilities, of the State of California, in the aggregate amount of fifty million dollars ($50,000,000) in the manner and to the extent provided herein or otherwise provided by law. The authorization to issue bonds as herein set forth shall be a continuing authorization until all of said bonds shall have been issued and sold; provided, that no bonds shall be issued or sold pursuant to this chapter subsequent to July 1, 1999.

3378 The authority is hereby authorized and empowered to make improvements or purchases specified in Section 3377 and to expend from the Fifth San Francisco Seawall Fund created by this chapter, in the manner authorized by law, any and all funds therein, derived from the sale of bonds as provided in this chapter.

3379 Whenever the authority determines by resolution that a bond issue under this chapter is necessary or desirable in order to make any of the expenditures authorized by this chapter, and so certifies to the committee, then the said committee shall approve or disapprove said resolution, and if it approves said resolution, the committee shall adopt a resolution authorizing and directing the State Treasurer to arrange for the preparation of the requisite number of suitable bonds and shall specify as to such bonds then to be sold

(a) The aggregate number, aggregate par value, denominations and the date of the bonds to be then sold. The bonds may be issued in series or divisions of the total authorized issue. Such denominations shall be in the sum of one thousand dollars ($1,000), or multiples thereof. The date appearing on the bonds of series or division shall be deemed to be the date of issuance of such series or division for all purposes of this chapter, irrespective of the actual date of delivery of such bonds of such series or division and the payment of the purchase price thereof.

(b) The dates of maturity, and the amount and numerical sequence of the bonds maturing at each date of maturity, which amounts need not be equal, but which dates shall be at annual or semiannual intervals, and the first of which dates of maturity shall be not more than five years, and the last of which dates of maturity shall be not more than 50 years, after the date of the bonds or any series or division thereof.

(c) Whether or not the bonds are to be subject to redemption at the option of the authority prior to maturity, and, if so, the provisions for such redemption, the manner of the call thereof, and the price or prices at which the bonds shall be subject to redemption.

(d) The annual rate, or rates, of interest which the bonds to be issued shall bear, which rate, or rates, at the discretion of the committee, may be determined by the bidder at the time of sale of said bonds, not to exceed 6 percent per annum. Such interest may be payable at such periods as may be fixed by the committee.

(e) The technical form and language of the bonds and interest coupons.

(f) Whether or not the right is reserved to make delivery in the form of temporary or interim bonds, certificates, or receipts, exchangeable for definitive bonds when executed and available for delivery, and if such right is reserved the denominations and form of such temporary securities

(g) Whether or not the bonds are to be subject to registration, the denominations of registered bonds and the provisions, if any, for the interexchange of bonds of different denominations, the issuance of new bonds of different denominations in lieu of, or in exchange for, bonds of a like aggregate principal amount but of different denominations and the form and all of the terms and conditions of such registration and of such exchange. If such registration is provided for, all of the provisions of this chapter with reference to the payment of bonds and interest coupons shall be subject to the terms and conditions of such registration with respect to the payment of registered bonds and the interest thereon.

(h) All other terms and conditions of the bonds and of the execution, issuance and sale thereof, which shall be consistent with all of the provisions of this chapter.

(i) The committee may authorize the State Treasurer to sell all or any part of the bonds herein authorized at such time or times as may be fixed by the State Treasurer.

3380. All bonds issued under this chapter shall bear the facsimile signature of the Governor and the facsimile countersignature of the Controller and shall be endorsed by the State Treasurer by facsimile signature and the bonds shall be signed, countersigned and endorsed by the officers who shall be in office on the date of the adoption of the resolution of the committee, and each of the bonds shall bear a facsimile of the Great Seal of the State of California. Interest coupons attached to each bond shall bear the facsimile signature of the State Treasurer who shall be in office on the date of the adoption of the resolution of the committee. The bonds and coupons so signed, countersigned, endorsed and sealed, when sold and delivered,

shall be and constitute a valid and binding obligation upon the State of California, although the sale or delivery thereof be made at a date or dates upon which the officers having signed, countersigned and endorsed the bonds, or any or either of such officers, shall have ceased to be the incumbents of the offices held by them at the time of signing, countersigning, or endorsing such bonds. Each bond issued under this chapter shall contain a clause or clauses stating that interest shall cease to accrue thereon from and after the date of maturity thereof, and referring to the resolution of the San Francisco Harbor Bond Finance Board, by virtue of which the bond is issued.

3381. All bonds herein authorized, which shall have been duly sold and delivered as herein provided, shall constitute valid and legally binding general obligations of the State of California, and the full faith and credit of the State of California is hereby pledged for the punctual payment of both principal and interest thereof. There is hereby appropriated from any available moneys in the San Francisco Harbor Improvement Fund, or if such moneys are insufficient, then from the General Fund of the State of California, such sum annually as will be necessary to pay the principal of and interest on the bonds issued and sold pursuant to the provisions of this chapter, as such principal and interest become due and payable. Any sums withdrawn from the General Fund for the payment of principal of or interest on the bonds shall be returned to the General Fund as soon as moneys are available for that purpose in the San Francisco Harbor Improvement Fund, together with interest thereon at the same rate as, at the time of appropriation, is earned by short term current investments through the pooled money investment account, such earnings to be determined by the Controller.

The authority shall collect in the same manner and at the same time as other harbor revenue is collected, such sum, in addition to the ordinary revenues of the harbor, as shall be required to pay the principal and interest on said bonds as herein provided, and it is hereby made the duty of all officers charged by law with any duty in regard to the collection of said revenues, to do and perform each and every act which shall be necessary to collect such additional sum.

There shall be collected annually in the same manner and at the same time as other state revenue is collected such a sum, in addition to the ordinary revenues of the State, as shall be required to pay the principal and interest on said bonds as herein provided, and it is hereby made the duty of all officers charged by law with any duty in regard to the collections of said revenue, to do and perform each and every act which shall be necessary to collect such additional sum

3382. In determining the dates of maturity of the bonds, and the amount thereof to mature at each date of maturity, the committee shall be guided, so far as it may deem to be practicable, by the amounts of the revenue estimated to accrue to the San Francisco Harbor Improvement Fund The committee shall fix and determine the dates and amounts of such maturities in such manner that, together with the dates and amounts of interest payments on the bonds, they shall coincide, as nearly as it may deem to be practicable, with the dates and amounts of such estimated revenue.

3383. The rate of interest to be borne by the bonds need not be uniform for all bonds of the same issue, series or division and shall be the rate or rates fixed and determined by the committee in a resolution adopted prior to the sale of the bonds or as specified in the bid accepted by the State Treasurer if the bonds are sold on the basis of the bidder naming the interest rate or rates, in which event the State Treasurer shall fix such rate or rates in conformity with the bid of the successful bidder.

3384. Both principal of and interest on the bonds shall be payable in lawful money of the United States, at the Office of the State Treasurer, or at the office of any duly authorized fiscal agent of the State

3385 Each bond shall contain a reference to this chapter, and if subject to call or redemption prior to maturity, a recital to that effect.

3386 The bonds authorized to be issued under this chapter shall be sold by the State Treasurer to the highest bidder for cash, either at public auction or upon sealed bids as the committee may by resolution determine. Highest bidder shall be the bidder whose bid will result in the lowest net interest cost on account of said bonds If the State Treasurer determines that the bids received are not satisfactory as to price or responsibility of the bidders, the State Treasurer may reject all bids received. The Treasurer may from time to time, by public announcement at the place and time fixed for the sale, continue such sale, as to the whole of the bonds offered, or any part thereof offered, at such time and place as he may select. If the bonds are offered for sale upon sealed bids, then each bid shall be in writing and signed by the bidder and sealed, and shall be accompanied by the deposit of a certified check or cashier's check for one-half of one percent (0.5%) of the par value of the bonds so offered for sale, but not exceeding one hundred thousand dollars ($100,000), drawn on a bank or trust company authorized to transact and transacting business in the State of California, payable to the Treasurer of the State of California, such deposit not to bear interest. The deposit of each unsuccessful bidder shall be returned to him immediately upon the nonacceptance of his bid, and the deposit of the

successful bidder shall immediately upon the acceptance of his bid become and be the property of the State of California and be placed in the State Treasury to the credit of the Fifth San Francisco Seawall Fund and shall be credited to the successful purchaser upon the purchase price of the bonds bid for in case such purchase price is paid in full by him within the time mutually agreed upon between the successful bidder and the Treasurer. If the purchase price is not so paid, the successful bidder shall have no right in and to the bonds or by reason of such bid, or to the recovery of the deposit accompanying the bid, or to any allowance or credit by reason of such deposit unless it shall appear that the bonds would not be validly issued if delivered to the purchaser in the form and manner proposed. In case the purchase price is not so paid, the bonds so sold but not paid for shall be resold by the State Treasurer upon notice as provided in case of original sale.

Temporary or interim bonds, certificates, or receipts of any denomination whatever and with or without coupons attached thereto, to be signed by the State Treasurer, may be issued and delivered until the definitive bonds are executed and available for delivery. Signature of the State Treasurer may be by facsimile or signature stamp.

3387. Due notice of the time and place of sale of all bonds shall be given by the State Treasurer by publication in one newspaper published in the City and County of San Francisco and also by publication in one newspaper published in the City of Sacramento and by publication in one newspaper published in the City of Los Angeles once a week during two weeks prior to such sale. In addition to the notice last above provided for, the State Treasurer may give such further notice as he may deem advisable. The proceeds of the sale of such bonds, other than such amount as may have been paid as premium or accrued interest thereon, shall be forthwith paid over by the State Treasurer into the fund to be used exclusively for the purposes set forth in this chapter; provided, that the proceeds from the sale of the bonds may be used to pay the expense created by the issuance and sale thereof. Any premium and accrued interest received on the sale of the bonds shall be deposited in the Fifth San Francisco Seawall Sinking Fund.

3388. The authority is authorized with the approval of the Department of Finance, to invest any surplus moneys in the fund in bonds or other obligations of the United States, or of the several counties, municipalities, school districts, or other public agencies of the State of California, and to sell such bonds or obligations, or any of them, at the governing market rates, upon approval of the Department of Finance; or the authority may, with the approval of the Director of Finance, invest money in such fund, in interest-bearing certificates of deposit of state banks having a paid-up capital of five hundred thousand dollars ($500,000) or more; provided, the total amount of money so deposited with any one bank shall not exceed a sum equal to 50 percent of the paid-up capital of such bank; provided, however, nothing herein contained shall inhibit the depositing in banks in accordance with Chapter 4 (commencing at Section 16500), Part 2, Division 4, Title 2 of the Government Code, of money of any of the funds subject to the control of the authority or appropriated for their use.

Interest accruing upon the deposit of money of the fund shall be paid into and credited to the San Francisco Harbor Improvement Fund.

3389. The authority, subject to the approval of the San Francisco Harbor Bond Finance Board, may provide for the issuance, sale or exchange of refunding bonds out of the bonds issued under this chapter for the purpose of redeeming or retiring any bond issued by the authority if, under the terms of that issue, the bonds issued thereunder may be redeemed or retired. Any bonds issued hereunder may be redeemed or retired if the resolution under which the bonds are issued so permits.

3390. For the payment of the principal and interest of the bonds a sinking fund, to be known and designated as the "Fifth San Francisco Seawall Sinking Fund," shall be, and the same is hereby created in the State Treasury, as follows: The State Treasurer, at the end of five years from the date of issuance of each issue of bonds of any series or division provided for in this chapter, shall, on the first day of the month and on the first day of each month thereafter, until date of maturity of the issue of bonds, take from any available moneys in the San Francisco Harbor Improvement Fund, such sum as multiplied by the total number of months, less 60, between the date of issuance and date of maturity of such bonds, will equal the principal of all the bonds of such issue; and he shall place the sum in the "Fifth San Francisco Seawall Sinking Fund." The State Treasurer shall on Controller's warrants duly drawn for that purpose, invest the moneys in the sinking fund in the purchase of the bonds of the United States, or of the State of California, including any bonds authorized, issued and theretofore sold under authority of this chapter or of the several counties, municipalities, school districts, or other public agencies of the State of California, which bonds shall be kept in a proper receptacle, appropriately labeled; but he shall always keep on hand a sufficient amount of money in the sinking fund with which to pay the principal and interest on such of the state bonds as the same become due. The State Treasurer may only purchase such bonds

authorized and issued under authority of this chapter with moneys in the sinking fund as have been theretofore sold. To provide means for the payment of interest on the bonds that may be sold and outstanding, the Treasurer shall monthly take from the San Francisco Harbor Improvement Fund, and pay into the Fifth San Francisco Seawall Sinking Fund, an amount equal to one month's interest upon all bonds then sold, delivered, and outstanding

Interest accruing upon investment made from moneys in the Fifth San Francisco Seawall Sinking Fund shall be deposited in the Fifth San Francisco Seawall Sinking Fund unless otherwise required under any resolution providing for the issuance of revenue bonds to be credited to the San Francisco Harbor Improvement Fund.

3391. Whenever the committee deems that it will increase the salability or the price of the bonds to obtain, prior to or after sale, a legal opinion, other than that of the Attorney General, as to the validity of the bonds, the committee may authorize the State Treasurer or the Department of Finance, or both, to obtain such a legal opinion. Payment for such legal services shall be made from the proceeds of the sale of the bonds, or any other funds available to the authority.

3392. The State Treasurer directly or through a state fiscal agent, or agents, shall, on the respective dates of maturity of all bonds, or on the date fixed for the prior redemption of any thereof, which may be duly called for redemption, and on the respective due dates of all coupons pertaining to any of said bonds, other than coupons canceled because of the redemption of any of said bonds prior to maturity, or as soon thereafter as said bonds or coupons respectively are surrendered to him, or to such state fiscal agent, or agents, pay the same.

3393. Upon the payment of any such bond or coupon, the State Treasurer, or such state fiscal agent, or agents, shall perforate the same with a suitable device in a manner to indicate such payment and a record of such payment shall be made thereof. The State Treasurer, or such state fiscal agent, or agents, shall also on the respective dates of maturity of any such bonds which have been executed but which remain unsold, cancel the same by perforation with a suitable device in a manner to indicate such cancellation and the date thereof, and on the respective due dates of all coupons attached to any such bond remaining unsold, shall detach all such coupons the due date of which has been reached, and cancel them in the same manner as provided for the cancellation of bonds remaining unsold. After proceedings set forth in Section 3379 new bonds conforming to the directions of the committee may be prepared and executed in lieu of any bonds so canceled, and may be sold and issued in the same manner as provided for other bonds in this chapter.

3394. The State Treasurer, or such state fiscal agent, or agents, with the approval of the State Treasurer, may destroy or cremate any or all bonds and any or all coupons pertaining thereto which have been previously paid or canceled as provided herein in accordance with the provisions of Government Code Section 16772.

3395. It shall be the duty of the State Treasurer to pay the interest of said bonds, when the same falls due, out of the moneys provided for in this chapter, on Controller's warrants duly drawn for that purpose.

3396. All bonds issued under this chapter and sold shall be deemed to have been called in at their respective dates of maturity and the State Treasurer shall, on the respective dates of maturity of said bonds, or as soon thereafter as said matured bonds are surrendered to him, pay the same upon Controller's warrants duly drawn for that purpose. The provisions of this section shall be applicable also to the interest coupons pertaining to the bonds authorized by this chapter to be issued. All money remaining in the Fifth San Francisco Seawall Sinking Fund, after the principal of and interest upon all bonds issued under the provisions of this chapter have been paid in full and after all such bonds and the interest coupons therefrom have all been canceled, shall be paid into the San Francisco Harbor Improvement Fund to be expended in accordance with law.

3397. Whenever the authority shall determine that any bonds then outstanding, and which by their terms are subject to redemption prior to maturity, should be redeemed, and that money sufficient for such redemption will be available at the time proposed for such redemption, it may, by resolution approved by the committee, direct the State Treasurer to call and redeem any such bonds, at a time specified in such resolution, and the State Treasurer shall thereupon give notice of such proposed redemption and redeem the bonds in accordance with the provisions for redemption provided for in the resolution of the authority adopted under Section 3379 pursuant to which the bonds were issued.

3398. The State Controller and the State Treasurer shall keep full and particular account and record of their proceedings under this chapter, and they shall transmit to the Governor an abstract of all such proceedings thereunder, with an annual report, to be by the Governor laid before the Legislature biennially; and all books and papers pertaining to the matter provided for in this chapter shall at all times be open to the inspection of any party interested, or the Governor, or the Attorney General, or a committee of either branch of the Legislature, or a joint committee of both, or any citizen of the State.

SEC. 2. This act shall take effect upon its adoption by the people as to all its provisions except those relating to and necessary for its submission to the people,

and for returning and canvassing the votes, and as to said excepted provisions this act shall take effect on the ninety-first day after the final adjournment of the 1957 Regular Session of the Legislature.
