"SEC. 51. The board of directors of the Antelope Valley-East Kern Water Agency organized under this act shall consist of seven members, and only one director shall be a resident of a division of the agency. The governor shall appoint the first Board of Directors for each of the seven divisions of such agency, which divisions shall be numbered first, second, third, fourth and fifth, sixth and seventh, and shall be established by the Director of the State Department of Water Resources according to and based upon the population as to equalize, as nearly as practicable, the population in the respective divisions, or reestablished as provided in Section 93 of this act. All successors of the first board shall be elected or chosen at the time and in the manner hereinafter provided. Each director shall hold office for the term of four years from and after the date for his taking of office, as herein provided, and until the election and qualification of his successor, except that the seven members of the first board of directors shall classify themselves by lot so that three of them shall hold office until the qualification of, and taking office by, their successors elected at an election held in the next succeeding even-numbered year, and so that four shall hold office until the qualification of, and taking of office by, their successors elected at an election held in the second succeeding even-numbered year.

The elections of directors shall be held at the time of the direct primary election and shall be consolidated therewith. Each candidate for director who at such election receives votes on a majority of all the ballots cast for candidates for the office for which he seeks nomination shall be elected to such office. If at such primary election, as to any such office, none of the candidates receives such majority, the two candidates who receive the highest number of votes cast on all the ballots cast for candidates for such office, shall be the candidates for such office at the ensuing agency election, which latter election shall be held at the same time as the next succeeding general election and shall be consolidated therewith. Candidates shall declare their candidacy and shall be nominated, election returns shall be canvassed, the election shall be held and conducted, the results shall be declared, and the certificates of election shall be issued, in the same manner as the declaration of candidacy, nomination, election, canvassing of returns, declaration of results, and issuance of certificates of election for county officers are made, declared, held, and conducted, and issued, so far as consistent with the provisions of this act and except as otherwise herein expressly provided. Directors elected hereunder, except the first board of directors, shall take office at the same time provided by the Government Code for county officers. Said election held at the time of the direct primary election and consolidated therewith shall be known as the General Antelope Valley-East Kern Water Agency Election and each other election which may be held by authority of this act or the Elections Code or other law applicable thereto shall be known as a Special Antelope Valley-East Kern Water Agency Election.

SEC. 52. If, on the sixty-fifth day prior to the day fixed for the agency general election, only one person has been nominated for each office or member of the board of directors to be filled at that election, or if no person has been nominated for any one or more of said offices, said board of directors shall by resolution entered in their minutes order that an election shall not be held, and shall immediately request that the board of supervisors of the county in which the agency or a greater portion thereof is situated, at a regular or special meeting held prior to the day of election, appoint, and the board of supervisors shall thereupon appoint, to the office or offices the person or persons who have been nominated, or if no person or persons have been nominated, any qualified person or persons. The person appointed shall qualify and take office and serve exactly as if elected at an agency general election.

In such case, the publication provided for in Article 6 (commencing at Sec. 2699), Chapter 2, Division 5 of the Elections Code shall, instead of calling an election, state that no election is to be held but that the board of supervisors will either appoint those nominated for the positions of directors or appoint a qualified person or persons to the office or offices for which no one has been nominated, as the circumstances may warrant.

SEC. 53. No person shall vote at any Antelope Valley-East Kern Water Agency election held under the provisions of this act who is not a voter within the meaning of the Elections Code, residing in the division of the Antelope Valley-East Kern Water Agency in which he casts his vote. SEC. 54. The provisions of the Elections Code so far as they may be applicable shall govern all general Antelope Valley-East Kern Water Agency elections and all special Antelope Valley-East Kern Water Agency elections, except as in this act otherwise provided.

In counties in which the Antelope Valley-East Kern Water Agency is located the county clerk or registrar of voters is hereby given authority, and he hereby is authorized to have printed upon the official ballots provided for voters at elections for directors a heading in the same form as that provided by the Elections Code for nonpartisan officers, which heading shall be marked "Antelope Valley-East Kern Water Agency", with a subheading "For a Member of the Board of Directors, Division _____ (here inserting the number of the division)—Vote for One", and beneath which shall appear the names of the candidates for the office of member of the board of directors for such division of the Antelope Valley-East Kern Water Agency, with the appropriate blank space for the writing in of the name of a candidate if desired by the voters, and with a voting square placed opposite the space. The ballots thus provided shall be furnished by the precinct officers only to those voters within their respective precincts who shall appear on the register as duly registered voters, within that division of the Antelope Valley-East Kern Water Agency, and in precincts which lie partly within such Antelope Valley-East Kern Water Agency and partly without the precinct board shall be supplied with two kinds of ballots by said county clerk or registrar of voters, one of which shall contain the matters hereinabove set forth for the use of voters of the Antelope Valley-East Kern Water Agency, and the other of which shall be without such heading containing the names of candidates for the office of members of the board of directors, and which shall be furnished to those voters who are not voters of the Antelope Valley-East Kern Water Agency and who are voters of the precinct.

SEC. 55. The board of directors of the Antelope Valley-East Kern Water Agency shall call and canvass all elections involving matters of initiative and referendum and shall call all other elections which it is authorized to canvass.

The governing body calling or conducting any election under the provisions of this act shall fix the compensation to be paid the officers of the election and shall designate the precincts and polling places for each division of the agency and shall appoint the officers of such election, who shall consist of one inspector, one judge, and two clerks, unless in case of consolidated elections, other officers of elections are required by law.

The voting precincts for any such election may be established and the boundaries thereof fixed and described by such governing body, or such voting precincts may consist of either the regular election precincts or portions thereof within the agency established for holding state or county elections, or a consolidation of any or all of such regular election precincts or portions thereof last established. If any Antelope Valley-East Kern Water Agency election is consolidated with any state or county election, then the voting precincts, polling places, and election officers for the agency election shall be the same as those established for such state or county election.

SEC. 56. SEC. 84 Territory included within the Antelope Valley-East Kern Water Agency may be excluded from such agency; provided, that where any part of the corporate area of any city is included in the territory proposed to be excluded from the agency, the whole of the corporate area of such city, or part thereof, then included within

such agency shall be included in the territory so proposed to be excluded from such agency. Such territory may consist of one or more parcels, which need not be contiguous one with the other.

Proceedings for the exclusion of territory from the agency may be initiated by petition. Such petition, which may consist of any number of separate instruments, shall be filed with the secretary of the agency, signed by voters residing within the boundaries of the area proposed to be excluded equal in number to at least ten (10) per centum of the number of such voters voting for all candidates for the office of Governor of this State at the last general election prior to the filing of such petition; provided, that where one or more cities, or parts thereof, are included in the area so proposed to be excluded, such petition must be signed by at least ten (10) per centum of the voters of each such city, or part thereof, so voting at such election. When the secretary of the agency has completed his examination of the petition, he shall attach to the same his certificate, properly dated, showing the result of such examination; and if from such examination he shall find that said petition is signed by the requisite number of voters, or is not signed, he shall certify that the same is sufficient or insufficient, as the case may be.

If, by the certificate of the secretary of the agency, the petition is found to be insufficient, he shall also certify to the number of voters required to make such petition sufficient, and it may be amended by filing a supplemental petition or petitions within ten (10) days of the date of such certificate. The secretary of the agency shall, within ten (10) days after the filing of such supplemental petition or petitions, make like examination of the same and certify to the result of such examination as hereinbefore provided.

If any supplemental petition be filed, all the signatures appended to the petition or to the supplemental petition or petitions shall be considered in determining the number of voters signing the petition.

If his certificate shall show any such petition, or such petition as amended, to be insufficient, it shall be filed by him with the board of directors of the agency and kept as a public record, without prejudice, however, to the filing of a new petition to the same effect. But if, by the certificate of the secretary, such petition, or petition as amended is shown to be sufficient, the secretary shall present the same to the board of directors without delay.

The text of such petition shall be published once each week for at least two weeks, the last publication to be made not less than one week nor more than four weeks, before the time at which the same is to be presented to the board of directors of the agency in at least one, but not to exceed three, newspapers printed and published in such agency, together with a notice stating the time of the meeting at which the same will be presented. ### OPINION OF LEGISLATIVE COUNSEL RELATIVE TO ASSEMBLY BILL NO. 1969

STATE OF CALIFORNIA
OFFICE OF LEGISLATIVE COUNSEL
SACRAMENTO, May 25, 1959

*Hon. John C. Williamson*
*Assembly Chamber*

**Assembly Bill No. 1969, Relating to the Participation of Policemen and Firemen in Federal Old Age and Survivors' Insurance—No. 15751**

DEAR MR WILLIAMSON: You have asked the following question with regard to the operative effect of Assembly Bill No. 1969:

*Question*

In a county where the county retirement system has already been integrated with O A. S. I, except for policemen and firemen, will the passage of Assembly Bill No. 1969 result in the policemen and firemen being able to vote separately on the integration issue or will it be possible for the rest of the county system to force them to integrate with O. A. S. I. against their wishes?

*Opinion and Analysis*

In our opinion the policemen and firemen in question would be able to vote independently on the issue of integration with O. A. S. I. if they constitute a separate retirement system coverage group.

Employees in any class or classes of positions covered by a retirement system which are excluded from the agreement to integrate with O. A. S. I. pursuant to paragraphs (3) or (5) of Section 218(c) of the Social Security Act may constitute a separate retirement system coverage group (Sec. 22125, Gov. C.).

In this situation it is our opinion that the policemen and firemen would be able to vote separately from the county systems on the issue of O. A. S. I. integration.

Very truly yours,

RALPH N. KLEPS, Legislative Counsel
By RICHARD J. WYLIE, Deputy

Two copies to Hon Thomas J. MacBride, pursuant to Joint Rule 34.

With this explanation fully protecting firemen and policemen's present retirement status in Kern County and City of Bakersfield, our support was given.

DOROTHY M. DONAHOE
JOHN C. WILLIAMSON

### PRAYER

The following prayer was offered by the Chaplain, Rev. R. Wilbur Simmons:

*O God*, If it is better to be practical and direct in daily living, is it not also wiser to pray about specific things? So, today, we pray for traffic safety, especially on Memorial Day weekend. Some of us will not soon forget the faces of five young nurses, recent highway victims. We are moved, O God, to quit praying and start fighting, fighting against the real causes of such tragedy. Show us the way to make our roads safer, the answer to human weakness which seeks escape in alcohol, and the method of dealing with the uncertain ego which must bolster itself by speed. Help us in these things, Our Father, and we will praise Thee forever —AMEN

## RESOLUTIONS

The following resolutions were offered:

By Mr. Bradley:

### House Resolution No. 296

Relative to congratulating John R. McDonough, Executive Secretary of the California Law Revision Commission.

WHEREAS, Following the creation of the California Law Revision Commission at the 1953 Regular Session of the Legislature and the appointment of its members in early 1954, an intensive study was made by the commission of the experience of other such agencies in this State and other states; and

WHEREAS, The commission concluded that its research into substantive legal problems could best be directed and organized by a person engaged in law teaching at one of California's outstanding law schools; and

WHEREAS, Stanford University's School of Law was selected as the location for the commission's office, and in April of 1954 Professor John R. McDonough, then a member of its faculty, accepted the position of executive secretary of the commission, which has required him to devote half of his time to the commission's affairs and half to law teaching since then; and

WHEREAS, Professor McDonough has devoted countless hours to the work of the commission throughout the past five years, far beyond the bare requirements of his agreement with the commission, and has contributed in an outstanding way to the commission's ability to resolve the problems referred to it for study by the Legislature; and

WHEREAS, The Members of the Assembly have learned, with regret, of Professor McDonough's decision to return to full-time teaching of the law following this session of the Legislature; now, therefore, be it

*Resolved by the Assembly of the State of California*, That the Members of this Assembly desire to express their respect and admiration for John R. McDonough, and for the skill and competence which he has displayed in his many presentations of complicated legal matters before committees of this Legislature, and be it further

*Resolved*, That the Members of the Assembly do hereby express every good wish for Professor McDonough's continued success in his chosen field of law teaching and their appreciation for his past services to the State of California; and be it further

**House Resolution No. 298**

Relative to the problems of small agricultural and commercial businesses

WHEREAS, The small buisnessman has traditionally been a bulwark of those values we consider to be fundamental to the American way of life; and

WHEREAS, The present status of the small businessman is very perilous, for the rate of bankruptcy and the rate of absorption by larger enterprises are increasing sharply; and

WHEREAS, Among these small businesses, a particularly critical situation exists with respect to small agricultural operations; and

WHEREAS, An increasing number of small farms has been abondoned in the past few years, due in large part to fluctuating price levels; and

WHEREAS, There presently exists as an agency of the Federal Government a Small Business Administration which is able to give aid to a portion of the small businesses throughout the Nation and has been widely acclaimed for its farsighted benefits; and

WHEREAS, A legislative program along lines similar to the federal program is necessary in California to assist in the vast number of situations to which the limited federal program is unable to offer adequate help; now, therefore, be it

*Resolved by the Assembly of the State of California*, That the Rules Committee is directed to refer to an appropriate interim committee for study during the 1959-61 interim the subject of problems peculiar to small agricultural and commercial businesses; and be it further

WHEREAS, It is the responsibility of the Legislature to make available quickly and efficiently to the citizens of California the bills, resolutions, amendments and other legislative documents connected with its meetings; and

WHEREAS, In the Legislative Bill Room in the State Capitol there exists such a distribution center, but this center is far removed from the southern portion of this State; and

WHEREAS, Many citizens in the Los Angeles area are presently denied the opportunity to obtain bills and other legislative documents quickly enough to enable them to take timely and intelligent action on matters of concern; and

WHEREAS, It would thus be desirable if a legislative document distribution center were established in Los Angeles for the benefit of citizens residing in Southern California; now, therefore, be it

**Point of Order**

Mr. Winton arose to the following point of order: That the amendments are not germane to the bill, as last amended.

**Ruling by Speaker**

The Speaker ruled the point of order not well taken on the basis of the following opinion of the Legislative Counsel, which was ordered printed in the Journal:

**Opinion of Legislative Counsel**

STATE OF CALIFORNIA, OFFICE OF LEGISLATIVE COUNSEL
SACRAMENTO, May 28, 1959

*Hon Louis Francis*
*Assembly Chamber*

**Germaneness—No. 16194**

DEAR MR FRANCIS: You have asked whether amendments to make the provisions of Assembly Bill No. 202, as amended in Assembly May 6, 1959, applicable to drunk driving cases, as well as narcotics cases, would be germane.

*Opinion*

While the question is, in the final analysis, one for decision by the Assembly and Senate, in our opinion the amendments would probably be held to be germane.

*Analysis*

Assembly Standing Rule No. 94 provides, in part, as follows:

"94 No amendment to any bill . . . shall be in order when such amendment relates to a different subject, or is intended to accomplish a different purpose, or requires a title essentially different from the *original title* of any bill . . . ." (Emphasis added)

Joint Rule 9 provides as follows:

"9. A substitute or amendment must relate to the same subject as the original bill, *constitutional amendment or resolution under consideration.*"

The title of the bill, as introduced, was "An act to amend Section 1385 of the Penal Code, relating to dismissal of criminal actions." The text related to dismissal of accusatory pleadings and counts and allegations therein. The amendments would add a section to the Vehicle Code restricting dismissal of allegations affecting penalties in drunk driving cases.

It appears to us probable that it would be held that the amendments relate to the same general subject of the bill, i.e., dismissal of pleadings and parts thereof in criminal cases, though they would extend the scope of the bill to additional cases. Likewise it seems probable that it would be held that the title as it would read if the amendments are adopted would not be "essentially" different from the original title.

Very truly yours,

RALPH N. KLEPS, Legislative Counsel
By TERRY L BAUM, Deputy

Two copies to Hon. Bruce F. Allen,
pursuant to Joint Rule 34.

The following prayer was offered by the Chaplain, Rev. R. Wilbur Simmons:

*Lord God of Hosts,* Be with us yet, lest we forget, lest we forget!
Thou hast moved us on this Memorial Day weekend to take note of "the rock from which we are hewn" and to pay tribute to those who have given life itself for the good world in which we live. Save us from any easy sentiment which becomes a poor substitute for doing our part in preserving liberties, hallowed by their sacrifice. How can we keep faith with them? Give us the same stern devotion to our present duty; the same bravery in this Assembly, where bravery and steadfastness are truly needed; the same willingness to make any sacrifice for truth and right; and so may we "follow in their train."—AMEN.

SEC. 3. Section 1 of this act becomes operative when the Education Code enacted by the Legislature at its 1959 Regular Session takes effect, at which time Section 2421.5 of the Education Code, as amended by Section 2 of this act is repealed.

SEC. 4. This act is an urgency measure necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

There are a number of city annexations pending wherein long "fingers" are being extended out from the annexing city to reach territory with high assessed valuations, which territory is annexed to the city for school and other purposes. Such a procedure has a serious financial impact upon small, outlying school districts to the detriment of the educational program offered by such districts to the children therein. Such outlying districts have at present no way of effectively objecting to this drastic reduction of their tax base and accompanying reduction in the educational program of the districts. To prevent the lowering of the quality and scope of the educational program offered children of these districts, it is necessary that this act take effect immediately."

Amendments read, and adopted.

Bill ordered reprinted and returned to second reading file.

### Recommendation of the Governor

In accordance with Article IV, Section 34, of the Constitution, the Governor presented the following communication recommending the consideration of Assembly Bill No. 1000.

STATE OF CALIFORNIA, GOVERNOR'S OFFICE
SACRAMENTO, May 29, 1959

*To the Honorable Members of the Assembly of the State of California:*

Assembly Bill No 1000 is an urgency measure setting forth the apportionment of public school funds and making an appropriation therefor

The bill is of statewide importance inasmuch as it affects every school district in the State, and is the major appropriation of moneys in the State General Fund. It should receive adequate and careful study. In order that this can be accomplished, it should not await final passage of the Budget Bill

However, I cannot, in view of the fiscal condition of the State, sign this bill, if approved by the Legislature, should the sum total of the appropriation exceed that recommended in the Budget Bill, as adjusted This amount is $636,489,260, which includes $24,348,000 over and above normal growth requirements for increased assistance to education as set forth in my Budget Message.

Pursuant to authority granted me under Article IV, Section 34, of the State Constitution, I recommend consideration be given Assembly Bill No. 1000 prior to final enactment of the Budget Bill.

Sincerely,

EDMUND G. BROWN, Governor

### PRAYER

The following prayer was offered by the Chaplain, Rev. R. Wilbur Simmons:

*Gracious and Eternal God,* Less than three weeks remain; weeks which will demand some of the most careful thinking of this Legislative session, for there will be numerous adjustments between Senate and Assembly, and the import of every proposed change must be thoroughly understood. To the cumulative pressures already existing there is added still another, the pressure of time itself. We pray earnestly that all vital and important things may get done and that in no way will the people of the State suffer by any omission of this Assembly. Give us poise for a feeling of panic; deliver us from haste which makes waste; spare us the friction which creates only heat; and save us from uncontrolled words which were better unspoken. Give us strength which is greater than our own.—AMEN.

### PRAYER

*Almighty God*, As Thou hast revealed Thyself in Holy Writ, we read: "Then stood up * * * Gamaliel," one man standing for justice in the face of angry opposition What do we stand for, and why? Are we nudged to our feet by some powerful interest group? When the press reports, as it so often does, that a certain lobby was just too strong, what does that say about the men who are thereby imputed to be just too weak? Gamaliel stood, straight and tall, and said: "If this counsel or this work be of men, it will come to naught; but if it be of God, ye cannot overthrow it; lest haply ye be found even to fight against God." Spare us that, we humbly pray.—AMEN.

### House Resolution No. 312

Relative to commending Messrs. Russel Ynzunza and Verlon Roth

WHEREAS, It has come to the attention of the Members of this House that Messrs. Russel Ynzunza and Verlon Roth, both of Stockton, recently performed outstanding acts of humanitarian heroism when they co-operated, at great personal danger, in a dramatic rescue of Mr. Fred Bjornson, also of Stockton; and

WHEREAS, While Mr. Bjornson was traveling on Highway 4, his automobile suffered a blowout, overturned and plummeted into the deep waters of a drainage ditch; and

WHEREAS, Mr. Russel Ynzunza, who was driving close behind Mr. Bjornson, upon observing the accident, immediately halted his automobile, ran to the ditch and began striving to extricate the trapped driver; and

WHEREAS, Though Mr. Ynzunza, a man of small physical stature, made truly herculean efforts, he was unable singlehandedly to remove Mr Bjornson, who is 6'2" and weighs 220 pounds, from his watery prison; and

WHEREAS, It was truly fortunate that at this dark moment Mr. Verlon Roth, who chanced to be driving by the scene of the accident, observed the partially submerged vehicle and immediately stopped to render aid; and

WHEREAS, Mr. Roth, despite the fact that he does not swim, without hesitation clambered down the steep bank of the ditch to the Bjornson vehicle to assist Mr. Ynzunza in his rescue efforts; and

WHEREAS, Showing great presence of mind, Mr. Roth smashed the windshield of the car, thus furnishing the rescuers with a new avenue through which to pull Mr. Bjornson to safety, and thereupon the two men extricated the badly shocked victim and took him immediately to a hospital, which acts are indicated as saving his life; and

WHEREAS, The State of California is indeed fortunate that she possesses citizens of the caliber of Messrs. Russel Ynzunza and Verlon Roth, who are willing, even at great personal risk, to render aid and assistance to their fellow men; now, therefore, be it

*Resolved by the Assembly of the State of California*, That the Members of this House extend their sincere congratulations and commendations to these two brave men for their heroic act; and be it further

**House Resolution No. 313**

Relative to congratulating Hazel Marie Lenhart Stevens and Jay W. Stevens on their Golden Wedding Anniversary

WHEREAS, Today, June 2, 1959, is the Golden Anniversary of the marriage of Hazel Marie Lenhart Stevens and Jay W. Stevens, who were united in holy matrimony fifty years ago in Portland, Oregon; and

WHEREAS, Jay W. Stevens, who was at that time employed as a fireman in the Portland Fire Department, shortly thereafter became inspired with the fervent belief that many lives and millions of dollars in property values were needlessly being lost because the public, through lack of knowledge, was failing to practice the proper methods of fire prevention; and

WHEREAS, Jay W. Stevens, in following this belief, has since dedicated himself with unswerving devotion to an educational campaign to inform the public and fire fighting agencies as to the proper methods of fire prevention; and

WHEREAS, While this man's efforts have largely gone unsung, nonetheless, in a very real sense a monument to his work exists today in the many lives saved and the countless millions of dollars of property prevented from burning; and

WHEREAS, While Jay W Stevens was zealously working on his ideal of a world without preventable fires, Marie Stevens was busily engaged in raising a family of two sons, Lawrence C and J. Wesley, and a daughter, Patti Marie, to whom by her good example she taught the virtues that help children become good citizens; and

WHEREAS, Our Nation is indeed fortunate that she is possessed of citizens of the caliber of Hazel Marie Lenhart Stevens and Jay W Stevens who, while establishing a solid family relationship, the foundation of our Country's strength, could still find the time and willingness to perform a service for their fellow citizens; now, therefore, be it

*Resolved by the Assembly of the State of California*, That the Members of this House join together to extend their sincere congratulations to Mr. and Mrs. Stevens for their contributions to fire prevention and for their contributions to the American home, but most of all on the glorious occasion of their Golden Wedding Anniversary; and be it further

*Resolved*, That the Chief Clerk of the Assembly be hereby directed to transmit suitably prepared copies of this resolution to Hazel Marie Lenhart Stevens and Jay W. Stevens.

*Resolved by the Assembly of the State of California*, That the Members of the Assembly hereby express their deep regret at the passing of J. A. Waite and wish to convey their heartfelt condolences to the members of his family and his many friends; and be it further

*Resolved*, That the Chief Clerk of the Assembly is directed to transmit suitably prepared copies of this resolution to Mr. Waite's daughter, Mrs. Victor A. Overman, and his sister, Phoebe Waite.

WHEREAS, This family newspaper has received numerous awards of excellence from the California Newspaper Publishers Association, the National Editorial Association, the National Newspaper Publishers Association, and others; now, therefore, be it

*Resolved by the Assembly of the State of California*, That the Members hereby commend this significant event and express to the editor and staff of the *Los Angeles Sentinel* their appreciation for a quarter-century of devotion and service; and be it further

Amendment No. 1

Amendment No. 2

On page 1, strike out lines 1 to 20, inclusive, and insert

"SECTION 1. The heading of Chapter 2 (commencing at Section 30600) of Division 17 of the Streets and Highways Code is amended to read:

CHAPTER 2. PARTICULAR HIGHWAY CROSSINGS

SEC. 2 Section 3068 of the Streets and Highways Code is amended to read:

30608. Pending the issuance and sale of bonds secured by the tolls of the San Francisco-Oakland Bay Bridge for the financing of the

rapid transit tube specified in Article 5 of this chapter, the authority shall continue to fix and the department shall collect tolls at substantially the same rates as in effect January 1, 1959, except that the authority may vary the rates applicable to commercial vehicles as it deems desirable to permit the rates to be based on the number of axles rather than gross weight. Revenues therefrom shall continue to be devoted to fulfilling any obligations of the authority pursuant to any bond indenture or statute in effect on said date, and any surplus revenues shall be held and invested as authorized by law for assistance in the financing of the rapid transit tube or such other purpose as may be authorized or provided by law Subsequent to the issuance of the aforesaid bonds for the financing of the aforesaid rapid transit tube, the authority and the department shall fix and collect such rates of tolls as are necessary to comply with the obligations assumed by the authority in connection with the issuance of such bonds and the requirements of Article 5 (commencing at Section 30770).

SEC. 3. Section 30609 of the Streets and Highways Code is amended to read:

30609. Subject to the limitations hereinafter prescribed and under the provisions of Chapter 1 of this division, the department may make such revisions of, and improvements or alterations to, the San Francisco-Oakland Bay Bridge, its approaches, connections and other appurtenances, including the terminal building in San Francisco, as are deemed desirable and necessary by the department to permit the use of the entire San Francisco-Oakland Bay Bridge for traffic Such revisions may include work necessary for the routing of traffic in one direction on each deck of the bridge.

The department may use for such purposes any funds now on hand from the revenues of the San Francisco-Oakland Bay Bridge, and the future revenues of the bridge accruing up to July 1, 1961, or so much thereof as may be necessary, over and above those required to repay the State Highway Fund as required by Section 30605 and 30607, and to provide the costs of maintenance, operation, insurance and other expenses of the San Francisco-Oakland Bay Bridge.

In the event bonds are ~~to be~~ issued for the construction of the ~~Southern Crossing~~ *rapid transit tube* to be secured by the revenues of the San Francisco-Oakland Bay Bridge, the authority may provide for the completion of the work on the San Francisco-Oakland Bay Bridge, *and for any work on the San Mateo-Hayward Bridge or the Dumbarton Bridge authorized by the 1959 Session of the Legislature,* from the proceeds of bonds to be included in such an issue or it may reserve from the revenues which would secure such a bond issue sufficient revenues to complete the work. ~~To the greatest extent found feasible by the department in planning and conducting the work to be carried out, but without delaying the ultimate completion thereof, the department shall so plan and conduct the work as to permit the rails on the San Francisco-Oakland Bay Bridge to remain in place as long as possible so as to minimize the interruption of transbay rail transportation.~~

SEC. 4. Article 5 (commencing at Section 30770) is added to Chapter 2 of Division 17 of the Streets and Highways Code, to read:

Article 5. San Francisco-Oakland Rapid Transit Tube

30770. It is hereby declared to be the policy of the Legislature to take the action necessary to relieve effectively the vehicular congestion on the San Francisco-Oakland Bay Bridge and to thus insure the free-flowing movement of people and goods between the east and the west side of San Francisco Bay and to provide a main link in a system of rapid transit designed to ultimately serve the peoples of the Counties of Alameda, Contra Costa, Marin, Napa, San Francisco, San Mateo, Santa Clara, Solano and Sonoma.

Further, the Legislature finds that the relief of vehicular congestion on the San Francisco-Oakland Bay Bridge can be obtained most efficiently and at the least cost in public funds and with the greatest promotion and accommodation of commerce and navigation through providing an underwater rapid transit tube connecting the east and west sides of San Francisco Bay accommodating facilities for rapid transit which will co-ordinate with and supplement the San Francisco-Oakland Bay Bridge, relieve congestion thereon and make possible the most efficient and economical movement of persons, property and traffic across San Francisco Bay.

30771. As used in this article:

(a) "District" means the San Francisco Bay Area Rapid Transit District.

(b) "Rapid transit tube" means a subaqueous tube across San Francisco Bay between the City and County of San Francisco and the County of Alameda, its approaches and fixed transit facilities, including but not limited to ventilation towers and equipment, tracks and electrical distribution, control, lighting and communication systems for the accommodation of rail rapid transit. The San Francisco terminus of the underwater portion of such rapid transit tube shall be located westward of the shoreline of San Francisco Bay as close thereto as may be reasonably practicable between Howard and Jackson Streets in the City and County of San Francisco. The Alameda County terminus shall be the Southern Pacific mole or as close thereto as may be reasonably practicable.

(c) "Approaches" means all facilities between each of the aforesaid termini and the first station thereafter for the discharge of passengers.

(d) "Authority" means the California Toll Bridge Authority.

(e) "Department" means the Department of Public Works.

30772. The department is authorized and directed to use the sum of seven hundred fifty thousand dollars ($750,000), or so much thereof as may be necessary, from the Revenue Fund of the San Francisco-Oakland Bay Bridge for engineering work including but not limited to surveys, plans, estimates of costs, specifications and other engineering expenses for the construction of a rapid transit tube.

No use of such funds shall be made nor construction of the rapid transit tube commenced, however, unless or until the federal law permits the authority to collect tolls upon the existing San Francisco-Oakland Bay Bridge for the purpose of paying the costs of engineering and planning, including the aforesaid engineering expenses, and the

construction of such rapid transit tube *and the voters of the district have approved the issuance of general obligation bonds as provided for in Section 30775.*

It is hereby declared to be the intent of the Legislature that the aforesaid engineering work shall be commenced as soon as the federal law permits the collection of tolls upon the existing Bay Bridge for the aforesaid purpose and that construction of the rapid transit tube shall commence as soon as possible after the completion of the aforesaid engineering work and the approval by the voters of the issuance of general obligation bonds referred to in Section 30775.

30773. The authority and the department shall give full consideration to the recommendations of the district with respect to features of the rapid transit tube including but not limited to the following:

(a) Exact locations of the termini and approaches.

(b) Alignment.

(c) Facilities to be accommodated and installed.

30774. Upon determining the locations of the termini and approaches and the alignment to the satisfaction of the district, the authority shall apply promptly to the appropriate officials of the Federal Government and any other government or agency or instrumentality thereof, or political subdivision for any necessary permission to construct the rapid transit tube.

30775. The authority shall issue revenue bonds pursuant to the California Toll Bridge Authority Act (Chapter 1 (commencing at Section 30000) of this division) for the construction of the rapid transit tube and the department shall construct the rapid transit tube; but the issuance of revenue bonds shall be contingent upon, and shall be accomplished promptly after, the approval by the voters of the district of a proposition for the issuance of general obligation bonds of the district to finance acquisition or construction of such transit facilities as the board of directors of the district, whose determination shall be final, determines to be the entire regional rapid transit system, other than the rapid transit tube and its approaches, that should be acquired or constructed pursuant to Section 28764 of the Public Utilities Code at the time the rapid transit tube is constructed; provided, that said issuance of general obligation bonds shall be in an amount that, combined with any other financing then provided for to the district, will equal at least five hundred million dollars ($500.000,000).

30776. All the provisions of the California Toll Bridge Authority Act (Chapter 1 (commencing at Section 30000) of this division) applicable to toll highway crossings shall apply to the activities of the department and the authority in connection with the rapid transit tube insofar as they are not inconsistent with the provisions of this article. The provisions of said act shall not apply to the district and shall not require or permit the fixing of a toll by the department or the authority for the use of the rapid transit tube. The district shall have the sole and exclusive right to the use of the rapid transit tube in the absence of an agreement between the district and any other party for any use by such other party on payment of appropriate compensation to the district.

30777. The authority and the department are authorized and directed to do any and all things pursuant to law necessary to finance, construct and complete the rapid transit tube provided for in this article.

30778 The annual tolls and revenues of the San Francisco-Oakland Bay Bridge or so much thereof as may be necessary after provision for the payment in full of all annual costs of maintenance, operation, insurance and other expenses of the San Francisco-Oakland Bay Bridge, and after payment or provision for payment in full of all the costs of revisions, improvements and alterations referred to in and subject to the limitations of Section 30609, and all of the costs of any project involving the San Mateo-Hayward or Dumbarton Bridge authorized by the 1959 Session of the Legislature, shall be pledged and used to finance and pay for the cost of construction of the rapid transit tube, including but not limited to payment of the principal of, and interest and premiums, if any, on, and provision for security of, the revenue bonds of the authority issued pursuant to this article. The costs of the approaches of the rapid transit tube, including but not limited to the portion of all financing costs attributable to such approaches, shall be reimbursed to the authority by the district in accordance with Section 29081 of the Public Utilities Code, over a period to be fixed by agreement between the district and the authority at not less than the estimated period for retirement of said revenue bonds and not longer than the full term of such bonds having the latest maturity Such reimbursement shall be in equal annual installments or in such installments as may be agreed upon. The district at its option may anticipate any of such installments in whole or in part. No other payments shall be required of the district for the use of the rapid transit tube.

30779. Other than the improvement of the San Francisco-Oakland Bay Bridge and the improvement, if authorized by the 1959 Session of the Legislature, of the San Mateo-Hayward Bridge, the construction of the rapid transit tube shall precede the construction of any additional crossing of San Francisco Bay, financed in whole or in part by the tolls or revenues of the San Francisco-Oakland Bay Bridge, providing, however, that if by November 30, 1962, the voters of the district have not approved the issuance of general obligation bonds of the district for the construction of a regional rapid transit system, the provisions of this section and Sections 30775, 30777, and 30778 shall be of no further force or effect.

In the event the voters of the district have not approved the issuance of such bonds by November 30, 1962, the accumulated tolls or revenues from the San Francisco-Oakland Bay Bridge shall immediately be used to finance a vehicular crossing of San Francisco Bay from a point south of the San Francisco-Oakland Bay Bridge to an eastern terminus in Alameda County. A portion of such accumulated tolls and revenues may be used to finance engineering studies by the department to determine the most appropriate termini for, and the approaches to, the crossing.

30780. The rapid transit tube shall be repaired, maintained and operated, and insured against such risks and in such amount as the district deems proper by or at the expense of the district.

30781. The Legislature finds that the rapid transit tube would further the promotion and accommodation of commerce and navigation."

To complete such studies, the department is authorized to use the additional sum of one hundred fifty thousand dollars ($150,000), or so much thereof as may be necessary, from the Revenue Fund of the San Francisco-Oakland Bay Bridge. Only so much of said sum shall, however, be expended as the California Toll Bridge Authority determines will not jeopardize the improvement of the San Mateo-Hayward Bridge in the event that such improvement is financed by use of tolls and revenues of the San Francisco-Oakland Bay Bridge accruing and to accrue up to December 31, 1962

### REQUEST FOR UNANIMOUS CONSENT TO PRINT IN JOURNAL

Mr. Biddick was granted unanimous consent that the following opinion of the Legislative Counsel be ordered printed in the Journal:

### OPINION OF LEGISLATIVE COUNSEL RELATIVE TO EXPUNGED RECORDS

STATE OF CALIFORNIA
OFFICE OF LEGISLATIVE COUNSEL
SACRAMENTO, May 29, 1959

*Hon. William Biddick*
*Assembly Chamber*

**Legislative Procedure—No. 15975**

DEAR MR. BIDDICK:

*Question*

You have asked whether the Chief Clerk of the Assembly is obligated to give members copies of the original roll call vote on passage of a bill in the Assembly following the adoption of a motion to rescind the action and expunge the record. You have also asked, under the same circumstances, whether records of roll calls on such bills should be deposited in the state archives.

*Opinion*

In our opinion the answer to both questions is no.

*Analysis*

This matter is governed by Assembly Standing Rule No. 104, which provides in pertinent part as follows:

> "Whenever any action of the Assembly is rescinded and its record ordered expunged, the record of the action expunged *shall not appear in any form whatsoever*, but the record of the proceedings on the motion to rescind and expunge shall appear in the Assembly Journal as and when printed." (Emphasis added)

We believe that the proper interpretation of this rule is that all records of roll call votes on a matter as to which the action has been rescinded and the record expunged should be destroyed.

Very truly yours,

RALPH N. KLEPS, Legislative Counsel
By ROBERT G. HINSHAW, Deputy

## REQUEST FOR UNANIMOUS CONSENT TO PRINT IN JOURNAL

Mr. Charles H. Wilson was granted unanimous consent that the following communications be ordered printed in the Journal:

## COMMUNICATION RELATIVE TO ASSEMBLY BILL NO. 846

Los Angeles, May 30, 1959

*Assemblyman Charles Wilson*
*Assembly Chamber*
*State Capitol, Sacramento*

DEAR ASSEMBLYMAN WILSON: I have enclosed a copy of a resolution which will be presented to the members of the authority for adoption at their meeting to be held on June 2, 1959, at 10 a.m. Mr. Wyman C.

Knapp, as counsel for Tanner Motor Coach and various other charter companies, has stated that this resolution is acceptable to his clients and that accordingly, his clients will not object if Assembly Bill No. 846 is amended by the deletion of all reference to charter service. Mr. Knapp has also agreed to a slight modification of the definition of "sightseeing service" that is now contained in Assembly Bill No. 846. For your convenience I have also enclosed an altered form of Assembly Bill No. 846 which is acceptable both to the Los Angeles Metropolitan Transit Authority and to Mr. Knapp's clients.

The foregoing information has been furnished to Senator Richard Richards.

Thank you again for your assistance and interest.

Sincerely,

RODERICK M. HILLS
of MUSICK, PEELER & GARRETT
General Attorney for
Metropolitan Transit Authority

Enclosures

WHEREAS, Assembly Bill No. 846 is pending in the 1959 Regular Session of the California Legislature; and

WHEREAS, This Bill would prevent the authority from conducting a charter service or a sightseeing service; and

WHEREAS, Members of the Assembly and the Senate have asked the authority to state its policies in relation to these matters; now, therefore, be it

*Resolved:*

1. The authority now conducts no sightseeing activities and intends to conduct no sightseeing activities, and has no objection if Assembly Bill No. 846 were amended to apply solely to sightseeing activities and were then passed by the California Legislature in such form that it would prohibit the authority from engaging in sightseeing activities.

2. By "sightseeing activities," the authority means the recognized sightseeing guided tour with a loudspeaker system wherein the public is transported on a *per capita basis without concern for expeditious travel but with a primary concern* with being informed about and seeing points of pleasure, culture and interest.

3. Each of the authority's predecessors operated some charter services. The authority now operates charter services and wishes to continue such charter services in competition with other charter companies. By conducting such charter services the authority is able to make use of equipment which is required for the peak-load hours of 7 to 9 a.m. and 4 to 6 30 p m on weekdays, but which would otherwise be idle during off-peak hours. Accordingly, the vast majority of the authority charters are operated during off-peak hours, since under normal circumstances only a very small number of buses, less than 1 percent of the buses operated by the authority, could or would ever be available during the peak-load *periods. Such minimum figure, of course, must necessarily fluctuate, depending* upon the number of buses which are made unavailable by mechanical failure or accident. In any event the authority will not purchase buses for the purpose of increasing its charter services. In continuing to conduct these charter services the authority will refrain from engaging in any rate-cutting practices. The authority has not done so in the past and does not intend to do so in the future. Its charter service charges will not be less than the charter service charges of competing private companies where those charges are set by the public utility and transportation departments of the various cities in the Los Angeles Metropolitan area.

4. By "charter service" the authority means the furnishing of transportation service to the public over routes and at times not regularly scheduled pursuant to an agreement or contract for payment made upon a trip, mileage, or unit basis, rather than upon a per capita basis.

5. This resolution shall be distributed to members of the California Legislature and to the charter and sightseeing companies of the Los Angeles Metropolitan area.

## COMMUNICATION RELATIVE TO ASSEMBLY BILL NO. 846, AS AMENDED

GORDON, KNAPP, GILL AND HIBBERT
LOS ANGELES, June 2, 1959

*Hon. Charles H. Wilson*
*Assemblyman, Sixty-sixth District*
*California Legislature*
*State Capitol, Sacramento*

DEAR MR. WILSON: As you know, the charter and sightseeing companies serving the Los Angeles Metropolitan territory and adjacent areas have contended, and do contend, that the Los Angeles Metropolitan Transit Authority Act of 1957 (Chapter 547 of the Statutes of 1957) does not give the authority power to engage either directly or indirectly in so-called "side line" activities, such as charter and sightseeing services.

Assembly Bill No. 846, as amended, was designed to make clear, assuming clarification is needed, the fact that "the authority shall not have the power to operate or provide a charter service or sightseeing service." As the result of conferences with authority representatives and their chief counsel, Mr. Gerald G. Kelly, the authority has agreed to adopt a resolution reflecting its policy for the future respecting the conduct of charter services The authority concedes that it has not engaged in, and does not intend to engage in, sightseeing services You have been furnished with a copy of this resolution.

By its terms, the resolution is to be distributed to other Members of the California Legislature. In exchange, we have agreed as acceptable an amendment to Assembly Bill No 846, deleting reference to charter service. By such action, the charter and sightseeing companies represented by me do not wish to be understood as changing their views on the subject of legislative intent. We think it desirable, however, to co-operate with the Legislature and with the authority in solving our problems short of legislation if the same can be done without undue harm or financial detriment befalling anyone concerned.

Very truly yours,

WYMAN C. KNAPP

## RESOLUTIONS

The following resolutions were offered:

By Mr. O'Connell:

**House Resolution No. 316**

Relative to recodification of the Penal Code

WHEREAS, The Penal Code was enacted in 1872 and numerous provisions have been added to it over a period of 87 years; and

WHEREAS, Much of the Penal Code is characterized by archaic language, undue prolixity, real and apparent conflicts, obsolecteness, illogical organization, and failure to reflect the interpretations of the courts; and

WHEREAS, Persons seeking to apprise themselves of the criminal law of this State and who, for this purpose, logically refer to the Penal Code, are in grave danger of being misled as to the law because so many laws of a criminal nature are in codes other than the Penal Code; and

WHEREAS, It is basic that the people of this State, in order to avoid prohibited conduct, are entitled to have the law presented in understandable convenient form; and

WHEREAS, It is desirable that peace officers in this State, on whom is imposed the duty of enforcing the State's criminal laws, and who are often in situations requiring immediate reference to the law, be able, if this is feasible, to have the laws they must enforce set forth clearly in a single volume, to which ready reference can be made; now, therefore, be it

*Resolved by the Assembly of the State of California*, That the Assembly Interim Committee on Criminal Procedure, in addition to the other matters committed to it for study, is authorized and directed to study the feasibility of recodifying the Penal Code, in such manner as to eliminate the undesirable characteristics described above in this resolution and to include therein criminal laws found in other codes of this State, and shall report thereon to the Assembly at the 1961 Regular Session of the Legislature, including in its reports its recommendations for legislation.

Resolution read, and referred to the Committee on Rules.

By Mr. Lunardi:

**House Resolution No. 317**

Relative to a function at the Junction by E Clampus Vitus

WHEREAS, It has come to the attention of the Members of the Assembly that June 13, 1959, will be an auspicious occasion in the long and eventful history of the City of Roseville, California, as it is on that date that the city will be honored by the world renowned organization known as E Clampus Vitus; and

WHEREAS, The primary purpose, or at least one of the purposes, of the celebration is to commemorate the Fiftieth Anniversary of Roseville; and

WHEREAS, The growth of Roseville reads like the story of the "Great Train Robbery" since the remarkable expansion of the city was the direct result of the swiping of the Southern Pacific Company from Rocklin; and

WHEREAS, Junction, as Roseville was known as in 1906, was a tiny village of 250 inhabitants and Rocklin a bustling giant of a railroad town, but, by 1909, Junction had successfully pilfered the railroad and changed its name to Roseville to make the deal smell sweeter; and

WHEREAS, In a fitting tribute to the City of Roseville and the citizens thereof, E Clampus Vitus is holding a big celebration on June 13, 1959, and it promises to be quite a blowout; now, therefore, be it

*Resolved by the Assembly of the State of California*, That the Members of this body take this opportunity to congratulate the City of Roseville on its Fiftieth Anniversary, to commend the significant achievements of E Clampus Vitus, and to wish all participants in the grand and glorious occasion a good time; and be it further

*Resolved*, That the Chief Clerk of the Assembly is hereby directed to transmit suitably prepared copies of this resolution to the City of Roseville and to Ray Carlisle, Grand Noble Humbug of Lord Sholto Douglas Chapter of E Clampus Vitus.

Resolution read, and referred to the Committee on Rules.

By Mr. Thomas:

**House Resolution No. 318**

Relative to a study by the Assembly Committee on Interstate Co-operation of a port authority for Los Angeles-Long Beach Harbor

WHEREAS, There is unnecessary duplication of facilities and administration by the Cities of Los Angeles and Long Beach in connection with their harbors; and

WHEREAS, These harbors could be more efficiently and economically administered by a single authority which would accomplish the following desirable ends:

1. Attract more trade and commerce through improved facilities.
2. Reduce the tax burden on the public.
3. Cut administrative costs.
4. Provide a vehicle for co-ordinated future planning in the area.
5. Remove the management of key transportation facilities from politics.
6. Provide a compact administrative setup allowing better salaries with which to attract the most competent men.
7. Broaden the credit base and make bonds more salable.
8. Reduce intra-area competition and put both harbors on a more competitive footing with other cities.
9. Allow a greater administrative elasticity to the management of enterprises presently encumbered with restrictions.
10. Pool assets and expenditures in a more vigorous areawide promotion program.
11. Improve the position or bargaining power of the harbors in lease negotiations; and

WHEREAS, Port authorities have been established and are operating successfully in other states, including New York, Delaware, Maryland, Massachusetts, North and South Carolina, Virginia, Texas, Louisiana and Washington; now, therefore, be it

*Resolved by the Assembly of the State of California*, That the Assembly Committee on Interstate Co-operation is hereby authorized and directed to study the organization and administration of the port authorities in the states referred to hereinabove and the desirability and feasibility of establishing a port authority for the operation of the Los Angeles and Long Beach Harbors, including the matters referred to in this resolution and any other matters pertaining thereto, and to report thereon to the Assembly not later than the final day of the 1961 Regular Session of the Legislature.

Resolution read, and referred to the Committee on Rules.

## REQUEST FOR UNANIMOUS CONSENT TO PRINT IN JOURNAL

Mr. Chapel was granted unanimous consent that the following opinion of the Legislative Counsel be ordered printed in the Journal:

## OPINION OF LEGISLATIVE COUNSEL RELATIVE TO LEGISLATIVE ADVOCACY

STATE OF CALIFORNIA
OFFICE OF LEGISLATIVE COUNSEL
Sacramento, June 2, 1959

*Hon. Charles Edward Chapel*
*Assembly Chamber*

**Legislative Advocacy—No. 16415**

*Facts*

DEAR MR. CHAPEL: A group of people in a specified business or industry raise a fund to procure the defeat of pending legislation by, among other things, employing a legislative advocate to make direct contact with Members of the Legislature to procure the defeat of the bill.

*Question*

Is the group required to register or file reports under Sections 9901-9905 of the Government Code? If so, what are the penalties for failure to do so?

*Opinion*

If the particular facts of the situation are such that it can be concluded that a "person" (which can be an association) has solicited, collected, or received money for the *principal* purpose of bringing about defeat of legislation by the Legislature, there is a duty to file reports under Sections 9901 to 9905 of the Government Code. Failure to do so would be a misdemeanor, punishable by fine up to $5,000 or imprisonment up to a year or both. Also, a person convicted of such offense is prohibited for three years from engaging in activity to influence legislation.

*Analysis*

For the purposes of the lobbying law (Secs. 9900-9911, Gov. C.) "person" is defined as including an individual, partnership, committee, association, corporation, and any other organization or group of persons. Section 9901, in part, provides that "It shall be the duty of every person who shall in any manner solicit or receive a contribution to any organization or fund for the purposes hereinafter designated to keep a detailed and exact account of [contributions and expenditures] * * * " Section 9902 requires "Every individual who receives a contribution of $100 or more for any of the purposes hereinafter designated" to render an account thereof to the person or organization for which it was received. Section 9903 requires "Every person receiving any contributions or expending any money for the purposes designated in subparagraphs (a) or (b) of Section 9905" to file with the legislative analyst a report thereof. Section 9905 reads as follows:

> "The provisions of Sections 9901 to 9903, inclusive, shall apply to any person, except a political committee, who by himself, or through any agent or employee or other persons in any manner

whatsoever, directly or indirectly, solicits, collects, or receives money or any other thing of value to be used *principally* to aid, or the *principal purpose* of which person is to aid, in the accomplishment of any of the following purposes:

"(a) The passage or defeat of any legislation by the Legislature of the State of California or the approval or veto of any legislation by the Governor of the State of California.

"(b) To influence, directly or indirectly, the passage or defeat of any legislation by the Legislature of the State of California or the approval or veto of any legislation by the Governor of the State of California." (Emphasis added)

Among Sections 9901 to 9903 only Section 9903 relates to filing of reports with the State. Section 9905 provides that Section 9903 applies to a person who solicits, collects, or receives money or any other thing of value principally for the purposes described in Section 9905. Thus, as we understand these provisions, the reporting requirements would not apply merely by reason of expenditure of funds, so that if a person merely spent his own money for the purposes described in Section 9905 it would not bring him within the scope of Section 9903. Similarly, it would seem that several people could spend money for such purposes without necessarily having to file reports under Section 9903. However, if, in the transaction, anyone solicits, collects or receives funds for such principal purpose he would be subject to Section 9903. The use of the term "principal" or "principally" excludes those cases where the purpose to influence legislation is merely incidental (*United States* v. *Harriss*, 347 U. S. 612, 98 L. Ed. 989).

The applicable penalties are prescribed by Section 9908, which reads as follows:

"(a) Any person who violates any of the provisions of the foregoing sections of this chapter, and any person who wilfully files any document provided for in this chapter that contains any materially false statement or material omission, or any person who wilfully omits to comply with any material requirement of the foregoing sections of this chapter, shall be guilty of a misdemeanor, and shall be punished by a fine of not more than five thousand dollars ($5,000) or imprisonment for not more than 12 months, or by both such fine and imprisonment.

"SECTION 1. A municipal water district may be formed in all or any part of one or more municipalities with or without unincorporated territory for the purpose of the acquisition, construction, improvement or extension and financing of waterworks, water systems or water distribution system for supplying said district and the inhabitants thereof with water for domestic, agricultural, industrial or other purposes which a municipality is authorized by law to acquire, construct or extend, and to provide for the incurring of indebtedness and the issuance of bonds therefor to pay all of the costs and incidental expenses thereof, including costs of issuance and working capital and interest estimated to accrue during and for a period of not to exceed 12 months after the completion of the acquisitions or the construction, whichever shall be longer. Such districts shall be formed and such bonds shall be issued and sold in the manner and under the proceedings hereinafter set forth.

SEC 2. Whenever a petition verified by one or more persons and signed by not less than 10 percent of the qualified electors residing in territory located wholly within one municipality which is proposed to be formed into a municipal water district, setting forth a general description of the waterworks, water system or water distribution system to be acquired, constructed or extended and a general description of the exterior boundaries of such proposed district, shall have been filed in the office of the clerk of the legislative body of said city, and the genuineness of the signature thereto shall have been certified to by the city clerk, said legislative body may adopt a resolution declaring its intention to form said proposed district, or as the same may have been modified as herein provided, for the purposes in this act provided. Said legislative body shall have power to change or modify the boundaries of said district and the nature, character or extent of such proposed waterworks, water system or water distribution system Said resolution of intention shall also contain:

1. A description of the exterior boundaries of the proposed municipal water district, and a statement that a map showing the exterior boundaries of the district with relation to the territory immediately contiguous thereto is on file in the office of the clerk of the legislative body of the city, which map shall govern for all details as to the extent of the district.

2. A general description of the waterworks, water system or water distribution system proposed to be acquired, constructed or extended;

3. An estimate of the cost of the proposed waterworks, water system or water distribution system and an estimate of the incidental expense in connection therewith;

4 A date, hour and place fixed for the hearing of protests

SEC 3. Said resolution shall be published once a week for at least two weeks before the day fixed for the hearing in a newspaper of general circulation designated by the legislative body of the city as being the newspaper most likely to give notice of the hearing Such publication may be made in a daily or weekly

newspaper and need not be on the same day of each week. Said resolution shall also be posted in three (3) public places within the proposed district, as fixed and determined by the legislative body, for at least two weeks before the day fixed for the hearing.

SEC. 4. Any person interested, objecting to the formation of said district, or to the extent of said district, or to the proposed waterworks, water system or water distribution system, or to the acquiring, construction, improvement or extension thereof, or to the inclusion of his property in said district, may file a written protest, setting forth such objection, with the clerk of the legislative body at or before the time set for the hearing. The clerk of said legislative body shall indorse on each such protest the date of its reception by him, and, at the time appointed for the hearing above provided for, shall present to said board all protests so filed with him. Said legislative body shall hear said protests at the time appointed or at any time to which the hearing thereof may be adjourned. If written objection to the formation of the district or requesting an election, signed by ten (10) percent of the voters registered in the district, is filed with the clerk, the legislative body shall, and in any event it may, either adopt an order abandoning the formation of the proposed district or order the matter of the formation of the district with *the boundary lines determined at the close of the hearing submitted to the voters* of the proposed district at an election. At the election only voters registered in the proposed district may vote. Election precincts shall be established by the legislative body and precinct boards, composed of one inspector, one judge and one clerk, shall be appointed. Notice of such election shall be published in the same manner as the notice of election provided in Section 6. In other particulars the election shall be held as provided by law for the holding of general municipal elections in such city. If any of such protests be against the extent of said district, or against the inclusion of property in said district, then the legislative body shall have power to make such changes in the boundaries of the proposed district as it shall find to be proper and advisable, and shall define and establish such boundaries, but said legislative body shall not modify such boundaries so as to include any territory which will not in its judgment, be benefited by said waterworks, water system or water distribution system.

Upon the final hearing and after making all necessary and proper changes in the boundaries of the district, or if an election is held and the canvass of the election returns shows that a majority of all the votes cast in the entire proposed district and that a majority of the votes cast on the question in each city or part thereof in the proposed district were in favor of the formation of the district, the legislative body by resolution shall establish the district and fix and determine its boundaries. Such boundaries shall be described by metes and bounds sufficient to identify the same for purposes of taxation. The resolution establishing the district shall be recorded in the office of the county recorder, and copies thereof certified by the clerk of the legislative body of the city, together with a map or plat showing such boundaries, shall be filed with the county assessor, the county clerk and the State Board of Equalization. From and after such filing, the district shall be deemed organized. No action or proceeding contesting the validity of the district or its organization shall be had or taken in any court, state or federal, unless the same is commenced *within sixty (60) days from and after the date of the recordation of the resolution* establishing the district in the office of the county recorder.

SEC. 5. At any time after said legislative body shall have so acquired jurisdiction and the district shall have been formed, it may call an election to be held within the district, and provide for the submission to the qualified voters thereof, the proposition of incurring a debt by the issuance of bonds of such district, for the purposes set forth in the resolution of intention. The ordinance or resolution calling such election, shall also recite the objects and purposes for which the proposed indebtedness is to be incurred, the nature of the waterworks, water system or water distribution system, contemplated thereby, the total estimated cost thereof, which shall include the estimated cost of the incidental expense in connection therewith, the amount of the principal of the indebtedness to be incurred therefor, and the rate of interest to be paid on such indebtedness; provided, however, that in its discretion said legislative body may recite in such ordinance or resolution a maximum rate of interest to be paid on such indebtedness, which rate when so recited, shall not be exceeded in the issuance of bonds for such indebtedness; and said ordinance or resolution shall fix the date on which such election shall be held, the manner of holding the same and the manner of voting for or against said proposition. The maximum rate of interest to be paid on such indebtedness shall be 6 per centum per annum, payable semiannually.

SEC. 6. For the purposes of said election said legislative body shall in said ordinance, or resolution, establish one or more precincts within the boundaries of said district, designate a polling place and appoint one inspector, one judge and one clerk for each such precinct. In all particulars not recited in such ordinance, or resolution, such election shall be held as provided by law for the holding of general municipal elections in such city. Said ordinance, or resolution, ordering the holding of said election shall be published five times in a daily, or once a week for two

weeks prior to the date fixed for such election in a newspaper of general circulation, designated by the legislative body as being the newspaper most likely to give notice of the election. Such ordinance, or resolution, shall also be posted in three public places within the district two weeks preceding the date fixed for the holding of such election. No other notice of such election need be given. If at such election two-thirds of all the voters voting at said election, shall vote in favor of incurring such bonded indebtedness, then such legislative body shall thereupon be authorized and empowered to issue the bonds of said district for the amount provided for in such proceedings, payable out of funds of such district, to be provided as in this act prescribed.

SEC. 7. The Revenue Bond Law of 1941 is applicable to districts for the purpose of providing funds for the acquisition, construction, improvement or extension and financing of a waterworks, water system or water distribution system.

SEC. 8. All bonds issued hereunder shall be issued in the name of the city by whom the district has been formed, and shall specify by number or title the district for which they are issued. Said legislative body shall, subject to the provisions of this act, prescribe the form of said bonds, and of the interest coupons attached thereto. Said bonds shall be payable in the manner determined by the legislative body, at a place within the United States, to be fixed by the legislative body and designated in the bonds, together with interest on all sums unpaid at that date, until the whole of the indebtedness has been paid. The legislative body may divide the principal amount of any issue of bonds into two or more series or divisions and fix different dates for the bonds of each series or division. The bonds of one series or division may be made payable at different times from those of any other series or division. The final maturity of any issue of bonds, or of any series or division, shall not exceed 40 years from the date of such bonds, or the date of such series or division thereof.

The bonds shall be issued in such denomination as said legislative body may determine, except that no bonds shall be of a less denomination than one hundred dollars ($100), nor of a greater denomination than one thousand dollars ($1,000), and shall be payable on the day and at the place fixed in such bonds, and with interest at the rate specified in such bonds, which rate shall not be in excess of 6 percentum per annum, and shall be paid semiannually; and said bonds shall be signed by the chief executive of the municipality, or by such other officer thereof as the legislative body of the municipality shall, by resolution adopted by a two-thirds vote of all its members, authorize and designate for that purpose, and also signed by the treasurer thereof, and shall be countersigned by the clerk. All signatures, except that of the clerk, may be printed, lithographed or engraved.

The interest coupons on said bonds shall be numbered consecutively and signed by the treasurer of such municipality by his printed, engraved or lithographed signature. In case any such officers, whose signatures or countersignatures appear on the bonds or coupons shall cease to be such officer before the delivery of such bonds to the purchaser, such signature or countersignature shall nevertheless be valid and sufficient for all purposes, the same as if such officer had remained in office until the delivery of the bonds.

At any time prior to the sale of said bonds and notwithstanding the fact that a tax may have been levied to pay principal and interest or principal or interest of any of said unsold bonds, the said unsold bonds may be redated and the maturities, denominations, form, interest rate or any thereof may be changed, and, after such changes are made, the bonds issued pursuant thereto may be sold; provided, the interest rate of the bonds shall not exceed the rate authorized at the election. If a tax has theretofore been levied to pay principal and interest or principal or interest of any of said unsold bonds, the said tax, when collected, shall be used to pay the principal and interest or principal or interest of the bonds actually issued and sold.

SEC. 9. Said legislative body may issue and sell the bonds of such district authorized as hereinabove provided, at a price below par value, but the maximum net interest cost on bonds sold below par or face value shall not exceed an average of 6 percent a year payable semiannually to the respective maturity dates of the bonds determined by standard tables of bond values. The proceeds of the sale of such bonds shall be placed in the treasury of such municipality to the credit of the proper district fund and shall be applied exclusively to the purposes and objects mentioned in the ordinance or resolution ordering the holding of the bond election as aforesaid and to the incidental expense in connection therewith.

At any time prior to the actual sale of any of the bonds of any issue authorized under the provisions of this act, a petition verified by one or more persons and signed by not less than 25 percent of the qualified electors residing in the municipal water district and praying that no bonds be sold and the entire issue be canceled and all proceedings thereunder abandoned may be filed in the office of the clerk of the legislative body of said city.

The genuineness of the signatures thereto must be examined and certified to by the city clerk within two weeks from and after the filing thereof and within three weeks after the clerk has so certified the legislative body of the city must by ordinance call an election and submit to the qualified electors within the district the proposition of whether or not the bonds shall be canceled and all proceedings for the issuance thereof abandoned. The ordinance or resolution calling

such election shall fix the date thereof and recite the objects and purposes for which the proposed bonded indebtedness was to be incurred, the nature of the water works, water system or water distribution system contemplated thereby, the estimated cost thereof, the estimated cost of the incidental expenses in connection therewith, the amount of the principal of the indebtedness to be incurred, and the rate of interest all as specified in the ordinance or resolution calling the election upon the proposition of incurring the bonded debt. In all other particulars such election shall be called and held in the manner provided by Section 6 of this act

If at such election a majority of the voters voting thereat vote in favor of canceling the bonds and abandoning proceedings for the issuance thereof, then such legislative body shall order the bonds canceled and declare the proceedings for the issuance thereof abandoned and thereafter the legislative body shall have no power to issue the said bonds. If said bonds have been printed or prepared for delivery they shall forthwith be destroyed.

In case the proceeding is abandoned the legislative body of such city shall, if the district is located wholly within its boundaries, at the time of fixing the general tax levy, and in the manner for such general tax levy provided, levy and collect a tax upon all of the taxable property within the boundaries of the district theretofore formed under this act, sufficient to pay the engineering, legal and other incidental expenses incurred by such city in the proceedings theretofore had under the provisions of this act and to reimburse the said city for such sums as it may have advanced therefor, and from the funds derived from said tax shall pay such engineering, legal and other incidental expenses and reimburse the city for such sums as it has advanced therefor.

If the district is located in two or more cities, or if the district contains unincorporated territory, such tax shall be levied and collected at the same times and in the same manner as provided in Section 18 for the levy and collection of district bond principal and interest taxes

SEC. 10. The legislative body of such city shall, at the time of fixing the general tax levy, and in the manner for such general tax levy provided, levy and collect a tax each year upon the taxable property in such district sufficient to pay the interest on such bonds for that year, and such portion of the principal thereof as is to become due before the time for making the next general tax levy, provided, however, that if the maturity of the indebtedness created by the issue of such bonds be made to begin more than one year after the date of such issue, such tax shall be levied and collected, at the time and in the manner aforesaid, each year sufficient to pay the interest on such indebtedness as it falls due, and also to constitute a sinking fund for the payment of the principal thereof on or before maturity. Such tax shall be in addition to all other taxes levied for municipal purposes and when collected shall be paid into the treasury of such city and be used for the payment of the principal and interest on such bonds, and for no other purpose. The principal and interest on such bonds shall be paid by the treasurer of such city in the manner provided by law for the payment of principal and interest on bonds of such city

SEC. 11. All contracts for the construction or extension of any waterworks, water system or water distribution system, or for furnishing labor, materials or supplies therefor as herein provided, shall be let to the lowest responsible bidder. The legislative body of such city shall advertise for two or more days in a newspaper of general circulation printed and published in such city, inviting sealed proposals for furnishing labor, materials and supplies for the proposed water works, water system or water distribution system before any contract shall be made therefor. The said legislative body shall have the right to require such bonds as it may deem best from the successful bidder to insure the faithful performance of the contract, and shall also have the right to reject any and all bids; provided, however, that nothing herein contained shall be construed as prohibiting the municipality itself from constructing or extending such water works, water system or water distribution system and employing the labor necessary therefor, without a contractor; and provided further, that in municipalities operating under a charter heretofore or hereafter framed under the provisions of the Constitution of the State of California, all acts required to be performed subsequent to the sale of such bonds by this act, shall be done and performed by the proper body, board, officer or commission of such municipality, as is required or authorized by such charter to perform such acts, and in case such charter also prescribes the manner of letting and entering into contracts for the furnishing of labor, materials or supplies for the constructing or extending of such water works, water system or water distribution system, the contracts therefor shall be let and entered into in conformity with such charter

SEC. 12. Said municipality shall, by and through its proper officers, have full power and authority to expend the proceeds acquired from the sale of such bonds for the acquisition, construction or extension of the water works, water system or water distribution system set forth in the ordinance calling said election, and shall also have full power and authority to acquire, construct or extend such water works, water system or water distribution system and such water works, water system or water distribution system so acquired, constructed or extended shall be the property of such municipality.

SEC. 13. Whenever the legislative body of any municipality in which a municipal water district has been formed hereunder, shall by resolution declare that it is no longer necessary to expend the money raised by the sale of bonds of such municipal water district for the purpose for which said bonds were voted, by reason of the fact that such purpose has been accomplished by other means, or by reason of the fact that the acquisition, construction or extension of the water works, water system or water distribution system for which said bonds were voted is no longer required by the public interest, convenience, and necessity, or if a surplus remains in said bond fund after the completion of such water works, water system or water distribution system for which said bonds were voted, the legislative body of said municipality shall by resolution order that said money be placed into a sinking fund for the purpose of paying the principal and interest of said bonds.

In the event that after the legislative body shall have found that it is no longer necessary to expend the money raised by the sale of bonds for any municipal water district for the purpose for which said bonds were voted as therein provided, or if upon the completion of such water works, water system or water distribution system a surplus exists in the sinking fund created for the purpose of paying the principal and interest on said bonds, then and in that event the legislative body may authorize and direct the city treasurer to advertise for the purchase of any outstanding bonds at par. Said treasurer shall thereupon cause to be published once in a newspaper of general circulation in the municipality a notice that upon a day and hour certain the said treasurer will purchase at par and to the extent of the surplus remaining any outstanding bonds of the district. In purchasing said bonds the treasurer shall purchase any bonds offered in the inverse order of their maturity. Any bonds so purchased shall be canceled and the interest and sinking fund credited therewith

SEC. 14. Any municipality may initiate proceedings for the formation of a municipal water district in two or more municipalities and with or without unincorporated territory or in one municipality and in unincorporated territory whenever in the judgment of the legislative body of such city it is deemed desirable that a district be organized hereunder. The legislative body of the initiating city shall by a resolution set forth (a) that the public interest and necessity require that a district be so organized, (b) a general description of the area of the proposed district, (c) a general description of the improvement deemed desirable, and (d) a general estimate of the cost of the proposed work The district may be described by reference to a map on file in the office of the clerk of the legislative body and it shall not be necessary to set forth a metes and bounds description thereof A general description of the proposed improvements shall be sufficient and it shall not be necessary to prepare detailed plans and specifications of the work to be done. The estimate of cost may include an estimate of all expenses to be incurred in connection with the formation of the district, including all incidental expenses of financing the proposed work, but neither the cost of physical construction nor the incidental expense need be itemized. The foregoing findings of the legislative body of the initiating municipality shall be expressed in a resolution of public interest and necessity adopted by two-thirds vote of all members of the legislative body

SEC. 15. If the proposed district includes the whole or any part of any other incorporated city or cities, the legislative body of the initiating city shall file with the legislative body of such other city or cities a certified copy of its resolution of public interest and necessity together with a request that the legislative body of such other city or cities consent to the formation of such district. No further proceedings shall be taken by the initiating city unless the legislative body of the city or cities, any part of which is proposed to be included in the district, by resolution, consents and agrees to the formation of the district.

SEC. 16. If any part of the district includes any unincorporated territory of the county, the legislative body of the initiating city shall file with the board of supervisors of the county in which such unincorporated territory is situated, a certified copy of its resolution of public interest and necessity. No further proceedings shall be taken by the legislative body of the initiating city unless the board of supervisors of the county in which such unincorporated territory is located, by resolution, consents and agrees to the formation of the district which will include such unincorporated territory within its boundaries.

SEC. 17 Whenever the legislative body of any city in which the whole or any part of the district to be organized lies and, if the district includes any unincorporated territory, the board of supervisors of the county in which any part of the unincorporated are proposed to be included within the district lies, agree and consent to the formation of the district, then from and after the filing of such resolutions of concurrence with the legislative body of the initiating city, the legislative body of the initiating city shall be vested with full jurisdiction to proceed hereunder. From and after the filing with the legislative body of the initiating city of all necessary concurring resolutions of the legislative body of any city or of the board of supervisors of the county, as the case may be, the legislative body of the initiating city shall have the sole and exclusive jurisdiction to proceed with the formation of the district, to conduct all hearings on the formation of the district, to consent or

permit or cause all necessary changes to be made in the boundaries of the proposed district and to conduct all proceedings on the formation of the district with like force and effect as though such district were wholly within the boundaries of the initiating city and a certified petition had been filed

SEC. 18. In the event that bonds are authorized to be issued on behalf of any district in two or more municipalities and with or without unincorporated territory, or in one municipality and in unincorporated territory, the legislative body of the initiating city shall on or before the fifteenth day of July of each year certify to the board of supervisors of the county in which the district is located, the amount to be raised for the payment of the principal of and interest on the bonds. It shall be the duty of the county auditor to estimate and determine the rate of taxation for the payment of principal and interest of the bonds which will become due during the next succeeding year, or which the legislative body of the initiating city believes will become due during the next year on bonds authorized but not sold. The county auditor shall compute and enter in a separate column in the county assessment roll the respective sums to be paid as the district tax on the taxable property in the district. The board of supervisors of the county in which the district is located shall at the time of fixing the general county tax levy and in the manner provided therefor levy and collect each year upon all of the taxable property in the district a tax sufficient to pay the annual interest on the bonds and such part of the principal thereof as will become due before the time of fixing the next general county tax levy The taxes so levied shall be collected at the same time and in the same manner as county taxes are collected and when collected shall be paid to the county treasurer who shall forthwith remit the same to the city treasurer of the initiating city. The taxes are a lien on all property in the district and shall be of the same force and effect as the lien for county taxes and their collection shall be enforced by the same means as provided for the enforcement of the lien of county taxes The city treasurer of the initiating city shall hold such taxes in trust, separate and apart from all other city funds and use and apply the same solely to the payment of bond principal and interest.

SEC. 19. The legislative body may cause to be levied and collected an annual tax not to exceed twenty cents ($0.20) on each one hundred dollars ($100) of assesed valuation in the district for each year for the payment of the cost of maintenance and operation of the properties of the district. If the district is not wholly contained within one city, the legislative body shall on or before July 15th of each year certify to the board of supervisors of the county in which the district is located the amount of the maintenance and operation costs required to be raised by taxes for the then fiscal year. It shall be the duty of the board of supervisors to levy and collect taxes upon the taxable property in the district sufficient to raise the amount so certified as the cost of maintenance and operation for the fiscal year and it shall be the duty of the county auditor to compute the rate of taxation required to raise such sum. Such annual maintenance and operation tax shall be levied and collected in the same manner as district bond principal and interest taxes are levied and collected, and when collected shall be paid by the county treasurer to the city treasurer. If the district is located wholly within one city, such tax shall be levied and collected at the same time in the same manner as provided for general taxes of the city. The proceeds of such tax shall be used and applied solely for the maintenance and operation of the works of the district.

SEC. 20. Territory which is not within the boundaries of any other water district formed pursuant hereto may be annexed to any existing water district by the legislative body of the city.

SEC. 21. If the territory proposed to be annexed includes the whole or any part of any other incorporated city or cities or any unincorporated territory, the legislative body of the city shall by resolution adopted by two-thirds vote of all its members set forth (a) the boundaries of the territory proposed to be annexed and (b) that the public interest and necessity require that the territory be annexed A certified copy of such resolution shall be filed with the legislative body of such other city or cities or, if the territory proposed to be annexed includes any unincorporated area, with the board of supervisors of the county in which such area lies, together with a request that such legislative body or board of supervisors consent to the annexation. No such territory shall be annexed without such consent

SEC. 22. Whenever the legislative body determines and finds that additional territory will be benefited by annexation to an existing water district and that all necessary consents have been obtained in accordance with Section 21, it shall, by a vote of two-thirds of all of its members, adopt a resolution to that effect

SEC 23 The resolution shall: (a) Describe the boundaries of the territory proposed to be annexed. (b) Designate the proposed annexation by an appropriate name and number. (c) Declare that the area to be annexed to the district will be benefited by such annexation. SEC. 24. The resolution shall be published once a week for two weeks before the day fixed for the hearing in a newspaper of general circulation designated by the legislative body of the city as being the newspaper most likely to give notice of the hearing.

SEC. 25. On the day fixed for the hearing, or any day to which the hearing is adjourned, the legislative body shall hear and consider any objections presented to the annexation of the territory to the district or to the inclusion of any territory proposed to be annexed. After the hearing of objections, if it shall be determined by a vote of two-thirds of all the members of the legislative body that the territory proposed to be annexed will be benefited by such annexation, the legislative body shall proceed to fix and determine the boundaries of the territory to be annexed to the district.

SEC. 26. After making all necessary and proper changes in the boundaries, by a resolution passed by a vote of two-thirds of all its members, and approved by the mayor of the city, the legislative body shall order the annexation of the territory so described. This resolution, together with the names of the members of the legislative body voting for and against the resolution and the name of the mayor approving it shall be spread upon the minutes of the legislative body.

SEC. 27. Upon the adoption of the resolution ordering the annexation, the territory so annexed thereupon becomes a part of the district and is subject to all of its liabilities and entitled to all of its benefits.

SEC. 28. Territory may be excluded from the district in the manner now or hereafter provided for the exclusion of territory from a county water district. Notice of hearing shall be published in the same manner prescribed for giving notice of a hearing on formation of a district.

Such person shall serve for a term of three years.

SEC. 30. This act is effective in Santa Clara County only. The peculiar problems of municipal growth and water shortage in Santa Clara County necessitate that this act be enacted as special legislation applicable only to this county.

## REQUEST FOR UNANIMOUS CONSENT TO PRINT IN JOURNAL

Mr. Rees was granted unanimous consent that the following opinion of the Legislative Counsel be ordered printed in the Journal:

## OPINION OF LEGISLATIVE COUNSEL RELATIVE TO ASSEMBLY BILL NO. 1802—INSURANCE LICENSING

STATE OF CALIFORNIA
OFFICE OF LEGISLATIVE COUNSEL
SACRAMENTO, April 13, 1959

*Hon. Thomas M. Rees*
*Assembly Chamber*

**Assembly Bill No. 1802, Relating to Insurance Licensing—No. 11549**

*Question*

DEAR MR. REES: You ask whether Assembly Bill No. 1802, relating to insurance licensing, would have the effect of preventing a city from adopting an ordinance which totally prohibits any door-to-door solicitation within the city.

*Opinion*

The answer to your question is in the negative.

*Analysis*

Article XI, Section 11 of the California Constitution grants to counties, cities and towns the power to make and enforce within their limits "all such local, police, sanitary, and other regulations as are not in conflict with general laws."

The exercise of this local police power to enact ordinances prohibiting uninvited visitation of private residences for commercial sales purposes is well recognized and has been upheld against claimed violation of the Federal Constitution (*Town of Green River* v. *Fuller Brush Co.*, 65 F. 2d 112).

Article XI, Section 11 of the California Constitution has been viewed as a delegation of power to local governments which the State may not properly invade save by the adoption of "general laws" within the meaning of the constitutional provision. By "general law" is meant law having general or statewide, as opposed to local, application, and which, furthermore, so completely occupies the legislative field as to render any legislation in that field by local bodies necessarily inconsistent therewith (*In re Iverson*, 199 Cal. 582; *Mann* v. *Scott*, 180 Cal. 550).

Assembly Bill No. 1802 would add Section 1633.5 to the Insurance Code, declaring the Legislature's intent in enacting Chapter 5, Part 2, Division 1, of the Insurance Code, relative to the regulation of "production agencies," that they be the exclusive regulations to be applied to persons licensed thereunder.

Whether this provision would prevent city ordinances prohibiting uninvited door-to-door solicitation depends on whether these aforementioned Insurance Code provisions dealing with production agencies are "general laws" within the meaning of Article XI, Section 21 of the California Constitution, which so completely occupy the legislative field as to render any legislation in that field by local bodies necessarily inconsistent therewith.

We believe it is clear from an examination of Chapter 5, Part 2, Division 1, of the Insurance Code, as enacted in the 1959 General Session, that we are discussing two separate legislative areas. The Insurance Code provisions relate to the regulation and licensing of insurance agents for the purpose of *controlling the qualifications of persons licensed* to so act. The exercise of the local police power to prohibit uninvited door-to-door solicitation relates to the *time and place of solicitation*. The latter legislative area was left untouched by the enactment of the Insurance Code provisions alluded to above.

Therefore, we conclude that while by the enactment of Chapter 5, Part 2, Division 1 of the Insurance Code the Legislature enacted a "general law" within the meaning of the constitutional provision, and while it was intended to totally occupy the legislative field with regard to insurance licensing qualifications, it left the area of local regulation of the time and place of door-to-door solicitation unhampered.

Very truly yours,

RALPH N. KLEPS, Legislative Counsel

**Amendment No. 1**

In line 3 of the title of the printed bill, as amended in the Assembly on April 22, 1959, after "Ferry", insert ", declaring the urgency thereof, to take effect immediately".

**Amendment No. 2**

On page 1 after line 27, insert

"SEC. 3. This act is an urgency measure necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Unusually high expenses for repairs to the Benicia-Martinez Ferry, together with other factors, indicate that expenses to maintain and operate that ferry will exceed the ceiling provided under the present law by June 12, 1959. Unless this ceiling is removed, it will be necessary to cease the operation of the ferry on that date. It is necessary that the ferry continue in operation to transport automobiles and persons across the Carquinez Straits until the construction of the Benicia-Martinez Bridge, which construction is expected to begin in the near future, is completed."

Bill ordered reprinted, and to third reading.

## OPINION OF LEGISLATIVE COUNSEL RELATIVE TO STATE DISTRICTS: TAXATION

STATE OF CALIFORNIA
OFFICE OF LEGISLATIVE COUNSEL
SACRAMENTO, June 4, 1959

*Hon. Bruce V. Reagan*
*Assembly Chamber*

**State Districts: Taxation—No. 16671**

DEAR MR. REAGAN: You ask two questions concerning districts organized under any state law which are stated and considered below.

*Question No. 1*

Would the enactment of Assembly Constitutional Amendment No. 44 exempt real property from ad valorem taxation by any such districts?

*Opinion No. 1*

It is our opinion that real property would be exempt from taxation by any such district to the extent such taxation is for state purposes.

*Analysis No. 1*

Assembly Constitutional Amendment No. 44 would exempt all real property from taxation for state purposes.

The Legislature may authorize a district to impose a tax for state purposes (see *Santa Barbara Etc. Agency* v. *All Persons* (1957), 47 Cal. 2d 699, 708).

We, therefore, believe that any district which was authorized to impose a property tax for state purposes would be prohibited in its imposition of such tax on real property if Assembly Constitutional Amendment No. 44 were enacted.

*Question No. 2*

Is the real property of such a district exempt from taxation?

*Opinion and Analysis No. 2*

Under Section 1 of Article XIII of the State Constitution, all property owned by and located within or without the boundaries of a district organized pursuant to state law, other than land or any improvements thereon located without the boundaries of such district which were taxable at the time of acquisition by the district, is exempt from taxation (see *Rock Creek Water District* v. *County of Calaveras* (1946), 29 Cal. 2d 7; *County of Mariposa* v. *Merced Irrigation District* (1948), 32 Cal. 2d 467; *Rock Creek Water District* v. *County of Calaveras* (1955), 133 Cal. App. 2d 141).

14351. Retirement allowances, excluding annuities under the Annuity Deposit Fund, payable for time commencing on July 1, ~~1956~~ *1960*, to persons whose retirement is effective prior thereto, shall be changed as of said date and on the basis of the ages of, and service credited to the respective persons at the effective dates of their retirement, to retirement allowances which are the sum of amounts calculated under the Permanent and Retirement Annuity Funds respectively, on the basis of current interest rate and mortality tables, and in the manner prescribed herein for the calculation of retirement allowances of members whose retirement is effective after said date, but not subject to the limit of 75 percent of average compensation earnable. Such changed retirement allowance, prior to modification under options in Section 14363, shall be at least an amount, by increase in the annuity under the Retirement Annuity Fund, based on service rendered prior

to July 1, 1944, which, when added to the retirement allowance, prior to optional modification, the person is entitled to receive from a local retirement system, shall equal the retirement allowance, prior to optional modification, to which the person would be entitled under this system if he were not entitled to any allowance from a local retirement system, minus one-half the retirement annuity on account of service rendered after June 30, 1944, to which the person would be so entitled, but for which he did not make annuity contributions. Contributions and interest thereon owed to the system by said persons on said effective date, shall be deducted from the respective increased allowances, in the manner prescribed in Section 14106. If the person elected at retirement to have his annuity modified under one of the options in Section 14363, and if his beneficiary is living on July 1, ~~1956~~ *1960*, the increase in his annuity shall be modified under the option then elected and on the basis of current ages. This section does not authorize any decrease in any retirement allowance, nor does this section give any retired member, or his successors in interest, any claim against the State for any increase in any retirement allowance paid or payable for time prior to July 1, ~~1956~~ *1960*.

SEC. 2. Section 14356 of said code is amended to read:

14356. The retirement allowance in Section 14355, exclusive of the annuity in subdivision (c) of that section, but when added to the retirement allowance, prior to optional modification, the person is entitled to receive from a local retirement system, shall be, by increase in the annuity under the Retirement Annuity Fund, at least seventy dollars ($70) *until July 1, 1960, and thereafter eighty dollars ($80)* per year, multiplied by the member's years of service, not to exceed forty (40); provided, the retired member is at least 60 years of age at the time of retirement. If retirement is at an age less than 60 years, the minimum retirement allowance under this section is an amount equal to a fraction of the minimum retirement allowance calculated under the preceding sentence, said fraction being that set forth in Section 14359 opposite the member's age at retirement, taken to the preceding completed quarter year, in the column applicable to the member's sex. For any member under retirement who re-enters membership in the retirement system and subsequently retires, the lesser age to be taken to the preceding quarter year, in the next preceding sentence, for calculating the minimum retirement allowance under this section, shall be determined by deducting from the member's age at the subsequent retirement, the aggregate time during which the member was under retirement prior to re-entry into membership in the system; provided, however, that the fraction to be taken at such adjusted lesser age shall not be less than nine-tenths if the subsequent and prior retirements were for disability. Speaker Brown ordered the following opinion of the Legislative Counsel printed in the Journal:

## OPINION OF LEGISLATIVE COUNSEL RELATIVE TO LENGTH OF SESSION

STATE OF CALIFORNIA, OFFICE OF LEGISLATIVE COUNSEL
SACRAMENTO, June 5, 1959

*Hon. Allen Miller*
*Assembly Chamber*

**Length of Session—No. 16976**

*Question*

DEAR MR MILLER: You have asked whether a Saturday or Sunday on which the Assembly is in session would be counted in computing the 120-day limit on the length of the session of the Legislature under the provisions of subdivision (a) of Section 2 of Article IV of the Constitution.

*Opinion*

In our opinion it would not be so counted.

*Analysis*

The pertinent provision of subdivision (a) of Section 2 of Article IV provides as follows:

> "All regular sessions in odd-numbered years shall be known as general sessions and no general session shall exceed 120 *calendar days* in duration, *not including Saturdays or Sundays.*" (Emphasis added)

The Constitution clearly refers to calendar days rather than legislative days, and the exclusion of Saturdays and Sundays relates merely to the computation of the length of the session. Thus, the Legislature is free to meet on Saturdays and Sundays if it so desires and such meetings would not affect the 120-day limit on the length of the session.

This conclusion was previously reached in an opinion of this office construing the provisions of the Constitution here in question before the adoption of such provisions by the electors. That opinion appears in the Assembly Journal for June 12, 1957, at page 6856.

Very truly yours,

RALPH N KLEPS, Legislative Counsel
By ROBERT G HINSHAW, Deputy

## OPINION OF LEGISLATIVE COUNSEL RELATIVE TO FALSE CHARGE OF BEING COMMUNIST OR FASCIST

STATE OF CALIFORNIA, OFFICE OF LEGISLATIVE COUNSEL
SACRAMENTO, June 5, 1959

*Hon. Sheridan N. Hegland*
*Assembly Chamber*

**Assembly Bill No. 2611—False Charge of Being Communist of Fascist—No. 16672**

DEAR MR. HEGLAND: Assembly Bill No. 2611, with amendments which you advise us have been adopted in committee, would add Section 5005.1 to the Elections Code, to read:

"5005.1. Every person is guilty of a misdemeanor who writes or causes to be written, printed, posted, or distributed, any circular, pamphlet, letter, newspaper advertisement, or statement in a newspaper, or a poster which is designed to injure or defeat any candidate for nomination or election to any public office by falsely charging that the candidate is a Communist or Fascist, a Communist or Fascist sympathizer, has the endorsement of Communists or Fascists, or is a follower of the Communist or Fascist line.

"This section shall not apply to newspapers of general circulation."

It would amend Section 5005.5 of that code to read as follows:

"5005.5. Any circular, pamphlet, letter, or poster issued or distributed in violation of Sections 5005 or 5005.1 of this code is conclusively presumed not to be a privileged communication within the meaning of Section 47 of the Civil Code."

It would add Section 45b to the Civil Code, to read:

"45b. Any circular, pamphlet, letter, newspaper advertisement, statement in a newspaper, or poster, which is designed to injure or defeat any candidate for nomination or election to any public office by falsely charging that the candidate is a Communist or Fascist, a Communist or Fascist sympathizer, has the endorsement of Communists or Fascists, or is a follower of the Communist or Fascist line, is a libel on its face.

"This section shall not apply to newspapers of general circulation."

*Question*

(1) Apart from the exemption for newspapers of general circulation, would the bill violate freedom of the press?

(2) Would the bill be unconstitutional in exempting newspapers of general circulation?

*Opinion*

(1) Disregarding the exemption for newspapers of general circulation, the bill would, in our opinion, be held constitutional.

(2) The exemption for newspapers of general circulation, in our opinion, casts serious doubts on the constitutionality of the bill.

*Analysis*

(1) The bill, in effect, declares a false charge of being a communist or fascist or ally of such persons to be a libel on its face, if made with intent to injure or defeat a candidate, and makes a charge so made a special type of criminal libel. The United States Supreme Court has declared that libelous statements are beyond the scope of constitutionally protected speech (*Beauharnais* v. *Illinois*, 343 U. S. 250, 96 L. ed. 919). We do not believe that the court would have any difficulty in concluding that there is a rational basis for legislation declaring false charges of being a communist or fascist or being a friend of Communism or Fascism to be libelous.

(2) In discussing your second question, we should consider first what the exemption for newspapers of general circulation means. In the case of Section 5005.1, it could be construed to mean (1) that a newspaper of general circulation cannot commit the crime, or (2) that whoever causes the charge to be printed, if it is printed in a newspaper of general circulation, no crime can be committed by anyone under the section. In the case of Section 45b, it would seem that the only way in which the exemption can be construed is that if the false charge is made in a newspaper of general circulation the section does not apply and the rule making the charge libelous per se is inapplicable. That is, if a rival candidate makes the false charge in a throwaway distributed from door to door, the section applies, but if he puts it in an advertisement in a newspaper of general circulation the section does not apply.

In a recent case the Supreme Court of the State of Washington was presented with the question of the validity of a statute providing for the licensing of "crime comic books" publishers which contained an exemption for "regularly published daily or weekly newspapers." The court held that this discrimination (among other features of the statute) rendered the statute invalid (*Adams* v. *Hinkle*, 332 Pac. 2d 844). Though noting the great leeway which the courts have allowed legislatures in classifying the subject matter of legislation, it concluded that where freedom of expression is involved, the guarantee of equal protection assumes greater importance

We note that in a still more recent case, a California district court of appeal upheld a Los Angeles County comic book ordinance though it contained an exemption for accounts of crime in a newspaper of general circulation (*Katzev* v. *County of Los Angeles*, 168 A.C.A. 204). The court referred to the rule of a legislature not having to deal

with all evils or degrees of evil at once and laid stress on evidence presented to the effect that the evil at which the ordinance was aimed did not exist in newspapers. However, the California Supreme Court has granted a hearing in this case and we do not yet know how the case will be finally resolved.

There is, generally, as noted, a presumption favoring the validity of legislative classifications, and the burden is on the person who assails the validity of such a classification. Nevertheless it would seem a difficult task to justify, for example, a statute providing that a false charge of being a communist, made with intent to injure a person, is libelous per se if made in a magazine, but not if made in a newspaper of general circulation. Bearing in mind that this legislation is in a sensitive area and bearing in mind also the recent Washington authority, we conclude that there are serious doubts about the validity of the exemption.

Very truly yours,

RALPH N. KLEPS, Legislative Counsel

*Now on the First Day of a New Week, Our Father God,* We pray for Thy guidance We must take up where we left off, and our question is deeply reverent· where do we go from here? Show us the way, Our Father, that we may walk humbly therein. Help us to proceed on the basis of two inviolate principles: the greatest good for the greatest number, and the stout refusal to accept any personal benefit. May the love of God, which is broader than the measure of man's mind; the grace of our Lord Jesus Christ, which is sufficient for all our needs; and the fellowship of the Holy Spirit, which shall lead us into all truth, be with us all this day—AMEN.

## COMMUNICATION FROM LEGISLATIVE ANALYST

JOINT LEGISLATIVE BUDGET COMMITTEE
CALIFORNIA LEGISLATURE
SACRAMENTO, June 4, 1959

*Hon. Vernon Kilpatrick*
*Assemblyman, 55th District*
*State Capitol, Sacramento*

DEAR ASSEMBLYMAN KILPATRICK: Pursuant to your request for current information relative to state tax collections, state subventions and property tax collections, by county, similar to tabulations printed in the Assembly Journal for April 3, 1957, we are submitting the following schedules.

Schedule 1 shows state tax collections and state subventions for each of the counties, and in total for 1957-58. Subventions are the actual amounts of direct contributions and shared revenues exclusive of allocations or payments from Highway Users Tax Fund to cities shown in the

Controller's report. State tax collections represent the following as shown for 1957-58 on page A-9 of the printed budget for 1959-60.

| | |
|---|---|
| Alcoholic beverage taxes and licenses: | |
| Excise tax on beer and wine | $4,960,000 |
| Excise tax on distilled spirits | 33,300,043 |
| Liquor license fees | 11,296,066 |
| Bank and corporation (income) taxes | 173,598,817 |
| Gift tax | 2,779,644 |
| Horse racing (parimutuel) license fees | 25,948,232 |
| Inheritance | 42,551,126 |
| Insurance gross premiums tax | 46,037,235 |
| Motor vehicle license (in lieu) fees | 109,580,760 |
| Motor vehicle fuel tax (gasoline) | 285,374,016 |
| Motor vehicle fuel tax (diesel) | 17,297,066 |
| Motor vehicle registration and other fees | 117,572,312 |
| Motor vehicle transportation tax | 15,608,800 |
| Personal income tax | 149,269,337 |
| Private car tax | 1,589,801 |
| Retail sales and users tax | 605,237,617 |
| Total, major taxes and licenses | $1,642,299,050 |

Sales tax collections and personal income tax are allocated by county as these are reported by the respective tax collecting agencies. All other tax sources have been allocated on the basis of population. In the last column of this tabulation is shown the relationship between this calculated amount of state tax payments in each county and the amount of state subventions to the county.

Schedule 2 deals with assessed valuations and property tax levies in each of the counties for the 1957-58 Fiscal Year. The average tax rate expressed in the next to the last column is as reported in the 1957-58 Annual Report of the State Board of Equalization.

Schedule 3 shows counties listed in the order of the percentage which subventions bear to state tax collections in the counties from highest to lowest, as shown in column 6 of Schedule 1. It also shows the assessed valuation per capita, property tax levies per capita, and property tax per $100 of assessed valuation, with the rank of each county on the basis of the last named factor, from lowest to highest.

Schedule 4 shows certain of the information included in Schedule 3 for 10 representative counties.

The source of the basic information is identified on each of the individual schedules.

Sincerely,

A. ALAN POST, Legislative Analyst
