SEC 5. This act is an urgency measure necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Sweeping changes have been made in the Social Security Act during 1954, providing, among other matters, that public agencies in this State with retirement systems may now be covered by the old age and survivors' insurance system of the Federal Government. Such agencies cannot be so covered unless and until the Government Code of this State is changed as herein provided, to conform with such changes in federal law. These amendments are necessary to allow such agencies to come under such federal program without making their participation retroactive, with a minimum of confusion."

We thank Thee for the advances that have been brought to mankind through the efforts of honest industry under sincere leadership. WHEREAS, The Assembly of the State of California has received the sad news of the passing, at the age of 76, of Dr. Albert Einstein; and

article, and to make such modification, improvement and reconstruction of the existing bridge as is necessary adequately to handle anticipated traffic and permit the collection of tolls. The existing bridge and the additional Carquinez Bridge may be operated as a single unit.

30702. For the purpose of obtaining funds to carry out the provisions of this article, the authority is authorized to issue revenue bonds Except as herein otherwise provided, the provisions of the California Toll Bridge Authority Act are hereby made applicable to such revenue bonds, and the authority and the department are authorized to do any and all things pursuant to law necessary to finance, construct and complete the bridges mentioned in this article and the improvement of the existing bridge. The authority may authorize the issuance of bonds in series in an amount estimated to be sufficient to complete the entire work authorized hereunder in successive stages, and may provide for the issuance and sale of sufficient revenue bonds to finance the construction of the additional Carquinez Bridge and the modification, improvement and reconstruction of the existing bridge as the initial stage of such work. The authority may insert in the bond indenture or resolution authorizing such bonds such conditions as it deems necessary upon the issuance and sale of the additional bonds necessary to finance the acquisition, construction and completion of the Benicia-Martinez Bridge. The revenues of each bridge need not be accounted for separately, but may be allocated as security for all of the bonds issued or to be issued hereunder as the authority may determine.

30703. The authority is hereby authorized to reimpose tolls upon the existing bridge and to continue to collect tolls thereon for the purposes of this Article 3, the collection of said tolls to commence upon the date the additional Carquinez Bridge is opened to public traffic. The authority is likewise authorized to impose tolls upon the use of the additional Carquinez Bridge when it is opened to public traffic and the Benicia-Martinez Bridge when it is opened to public traffic. The authority may provide for the collection of tolls upon the existing bridge and the additional Carquinez Bridge under such rules and regulations as the authority deems necessary in order to operate both bridges as a single toll bridge No tolls shall be charged for the use only of the approaches of any of such bridges as said approaches are defined in Section 30700. Subject to the limitations provided in this article, such tolls shall be used and applied as may be provided in a bond indenture or resolution of the authority authorizing the issuance of bonds for (a) the payment of principal and interest on said bonds; (b) the creation, establishment and maintenance of reserve and other funds for the protection or retirement of such bonds; (c) operation and insurance expenses, and (d) any other charges in connection with the construction, operation, insuring, and financing of said bridges and the improvement of the existing bridge as may be determined by the authority, including the establishment of rehabilitation and improvement funds for further rehabilitation and improvement of the bridges. Tolls shall continue to be collected upon the existing bridge, the additional Carquinez Bridge, and the Benicia-Martinez Bridge until all revenue bonds issued under this article have been fully paid and retired

30704 The cost of operation of the existing bridge, the additional Carquinez Bridge, and the Benicia-Martinez Bridge, including the cost of insurance against loss of tolls or other revenue therefrom shall be paid from the tolls and revenue received from the use and operation of said bridges. The cost of physical maintenance, including the cost of insurance of said bridges against all risks, shall be paid by the department out of funds available to it for the maintenance of state highways The department shall provide all engineering services for the work authorized in this article and the cost thereof shall be paid from funds available for the construction of state highways in Solano and Contra Costa Counties

30705. The bridges referred to in this article shall become toll free as soon as all bonds issued under this article are fully paid and retired.

30706. While any revenue bonds issued pursuant to this article are outstanding, at such time as funds may be made available to the State of California from any federal interstate or main line highway system program in excess of federal allotments existing on January 1, 1955, the proportionate share of such funds which would have been allotted to the bridges mentioned in this article, or any of them, or the refund obtained because of the construction thereof, to the extent permitted by federal law, shall be credited to Solano and Contra Costa Counties in the proportions expended in each county (the cost of the bridges being evenly divided) for expenditure in accordance with law for construction on the state highways located in said counties.

SEC. 2 This act is an urgency measure necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Traffic congestion is becoming more and more acute on the existing Carquinez Bridge and the portions of state highways leading to and from it, resulting not only in economic loss, but in hazards to traffic using the same; existing ferry

accommodations between Benicia and Martinez are wholly inadequate; all resulting in a serious impediment to workers attempting to reach the military installations and defense industries in the areas affected. It is imperative that the bridges be constructed as soon as possible and this act shall therefore take effect immediately."

Amendments read, and adopted.

Bill ordered reprinted, and re-engrossed.

3081.1 Every person, other than a lender, who, for compensation payable by a borrower either directly or from the proceeds of a loan, negotiates a loan to be secured by real property must, before the borrower shall be obligated to complete the loan, deliver to the borrower a statement in writing, containing all the information required by Section 3081.2. (a) The total amount of all costs and expenses referred to in paragraph (a) of Section 3081.2 which are to be paid by the borrower shall not exceed five percent (5%) of the principal amount of the note or one hundred dollars ($100), whichever is greater, but not exceeding costs and expenses actually paid, incurred or earned. If the total amount of the costs and expenses exceed the estimated amount in the statement furnished to the borrower, the person negotiating the loan shall so inform the borrower in writing and the borrower may withdraw from the transaction, subject however, to the borrower's obligation for costs and expenses theretofore incurred or paid to persons other than the person negotiating the loan
(b) The total amount of the charges referred to in paragraph (b) of Section 3081.2 shall not exceed five percent (5%) of the principal amount of the note referred to in paragraph (e) of Section 3081.2 in the case of a loan secured in whole or in part by a first mortgage or first trust deed, and shall not exceed ten percent (10%) in the case of a loan secured in whole or in part by a mortgage or trust deed other than a first mortgage or first trust deed.
(c) No loan secured by real property shall be made which provides for payment of interest in excess of ten percent (10%) per year as provided by Section 22 of Article XX of the California Constitution, and of the Statutes of 1919, page LXXXIII, known as the "Usury Law."
3081.4. If, due to the failure of the borrower to disclose to the person negotiating the loan, as provided by paragraph (c) of Section 3081.2, the outstanding liens upon the real property, the loan is not consummated, the borrower shall be liable for the costs and expenses provided in paragraph (a) of Section 3081.2 which have been paid or incurred and shall be liable for not to exceed one-half of the charges as provided in paragraph (b) of said section.
3081.5. If any loan having a maturity period of less than three years is renewed or refinanced through the person who negotiated the original loan, the total amount of charges to be paid for negotiating both the original obligation and in renewing or refinancing such obligation, shall not in the aggregate exceed one and one-fourth of the maximum charges as provided in paragraph (b) of Section 3081.3, and the amount of costs and expenses connected with said renewing or refinancing shall not exceed those authorized in paragraph (a) of said section.

3081.8. If any amount other than or in excess of the charges preferred to in paragraph (b) of Section 3081.2 and limited by paragraph (b) of Section 3081.3 is charged, contracted for, negotiated, or received, except as the result of an accidental and bona fide error in computation, the borrower may recover in a civil action against the person who shall have taken or received the same, three times the amount of any portion of the entire charge which has been paid, and the borrower shall be entitled to be awarded a reasonable attorney's fee.

3081.9. Any person, including officers, directors, agents, or employees of partnerships and corporations, who violates or participates in the violation of any provisions of this chapter is guilty of a misdemeanor, punishable by fine not to exceed one thousand dollars ($1,000) or imprisonment not to exceed one year, or both.

SEC. 2. Section 25006.1 is added to the Corporations Code, to read:

25006.1. "Broker" does not include a broker licensed by the Real Estate Commissioner in selling securities described in Section 25102.1 of this code.

SEC. 3. Section 25102.1 is added to the Corporations Code, to read:

25102.1. Except as expressly provided in this division, the Corporate Securities Law does not apply to the sale of a promissory note secured by a lien on real property, when sold by a real estate broker licensed by the Real Estate Commissioner, and when such note is not sold to an underwriter or is not one of a series of notes.

SEC. 4. Section 10131.1 is added to the Business and Professions Code, to read:

10131.1. A real estate broker within the meaning of this part also includes a person who, for a compensation, sells or offers to sell, buys or offers to buy, negotiates the purchase or sale or exchange of a promissory note secured by a lien on real property, unless such note is sold to an underwriter or is one of a series of notes.

SEC. 5. Section 10132.1 is added to the Business and Professions Code, to read:

10132.1. A real estate salesman within the meaning of this part includes a natural person who for a compensation is employed by a licensed real estate broker to sell a promissory note secured by a lien on real property, unless such note is sold to an underwriter or is one of a series of notes.

SEC. 6. Section 10134.1 is added to the Business and Professions Code, to read:

10134.1. One act, for a compensation, of selling or offering to sell, buying or offering to buy, or negotiating the purchase or sale or exchange of a promissory note secured by a lien on real property, and when such note is not sold to an underwriter or is not one of a series of notes, constitutes the person making such offer, sale, purchase or exchange a real estate broker or real estate salesman within the meaning of this part.

SEC. 7. Section 10176.1 is added to the Business and Professions Code, to read:

10176.1. Pursuant to the provisions of Section 10176 of this part, the commissioner may also temporarily suspend or permanently revoke a real estate license at any time where the licensee violates the provisions of Sections 3081.1 to 3081.11, inclusive, of the Civil Code.

SEC. 8. Section 10176.2 is added to the Business and Professions Code, to read:

10176.2. The commissioner is authorized to adopt and enforce regulations applicable to licensees for the purpose of enforcing the provisions and purposes of the Sections 3081.1 to 3081.11, inclusive, of the Civil Code.

SEC. 9. If any provision of this act, or the application of such provision to any person or circumstance, shall be held invalid, the remainder of this act, or the application of such provisions to persons or circumstances other than those as to which it is held invalid, shall not be affected thereby.

SEC. 10. This act is an urgency matter necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall therefore go into effect immediately. The facts constituting such necessity are: There has come to the attention of the Legislature the fact that in many parts of the State citizens of small means who are in need of borrowing money secured by liens on real estate, especially but not entirely on mortgages and deeds of trust representing equities on their homes, are being required or induced to pay exorbitant fees to persons negotiating said loans in the form of brokerage charges

and costs and expenses in great disproportion to the amount of the money actually received. The total amount of the charges, costs and expenses and interest exacted are so high that such necessitous persons are faced with loss of their security or find themselves continuing in debt far beyond the normal payment period of the loan. There is also evidence that the charges and costs and expenses are indirect means by which money lenders secure rates of interest beyond those permitted by the State Constitution

In a recent opinion of the Attorney General (24 Ops Cal Atty. Gen. 60), it was held that promissory notes referred to in Section 25102 of the Corporations Code are securities within the meaning of the Corporate Securities Law and if offered to the public are not exempt from that law Consequently, it appears that such an offer to the public constitutes the offerer or negotiator a security broker As such transactions in promissory notes relating to real estate have traditionally been conducted by real estate brokers and not by security brokers, and as such transactions are also within the jurisdiction of the Division of Real Estate, a divided authority now exists as between the said Division and the Department of Corporations If the Corporate Securities Act, as interpreted by the Attorney General, is correct, it will be necessary for the State to require the dual licensing of many thousands of real estate licensees. Not to immediately alter the law as above proposed would impose a great hardship on the public, the real estate brokers and the departments involved At the same time, certain transactions involving the negotiation for or the offering of promissory notes secured by liens on real estate are the means by which exorbitant and unconscionable charges, costs and expenses are exacted from the borrowing public. It becomes urgent, therefore, that, while such transactions hereby are placed clearly within the jurisdiction of the Division of Real Estate, limitations be placed upon the charges and costs and expenses being exacted."

6106.1. (1) The Legislature of the State of California finds that:

(a) There exists a world-wide revolutionary movement to establish a totalitarian dictatorship based upon force and violence rather than upon law.

(b) This world-wide revolutionary movement is predicated upon and it is designed and intended to carry into execution the basic precepts of Communism as expounded by Marx, Lenin and Stalin.

(c) Pursuant to the objectives of the World Communism movement, in numerous foreign countries the legally constituted governments have been overthrown and totalitarianism dictatorships established therein against the will of the people, and the establishment of similar dictatorships in other countries is imminently threatening. The successful establishment of totalitarian dictatorships has consistently been aided, accompanied or accomplished by repeated acts of treachery, deceit, teachings of false doctrines and teaching untruth, together with organized confusion, insubordination and disloyalty to established government, fostered, instigated, or employed by Communist organizations and their members in such countries.

(d) Within the boundaries of the State of California and elsewhere in the United States there are active Communist organizations presently functioning for the primary purpose of advancing the objectives of the World Communism movement, which organizations promulgate, advocate, and adhere to the precepts and the principles and doctrines of the World Communism movement. These Communist organizations are characterized by identification of their programs, policies and objectives with those of the World Communism movement, and they regularly and consistently cooperate with an endeavor to carry into execution programs, policies and objectives substantially identical to programs, policies and objectives of such World Communism movement.

(e) Among the objectives of the World Communism movement are (i) to bring disrespect and dishonor upon the courts of justice and judicial officers of the United States and of the State of California; (ii) to impede the administration of justice; and (iii) to bring disrespect and dishonor upon the profession of the law.

(f) There is a clear and present danger which the Legislature of the State of California finds is great and imminent, that in order to advance the program, policies and objectives of the World Communism movement, Communist organizations in the State of California, and their members, will engage in activities to bring disrespect and dishonor to the courts of justice and judicial officers of the United States and the State of California, to impede the administration of justice, and to bring disrespect and dishonor upon the profession of the law.

(2) It shall constitute a cause for disbarment or suspension.

(a) If any attorney advocates, advises, or teaches the duty, necessity, desirability, or propriety of overthrowing or destroying the Government of the United States or the government of any state, territory, district or possession thereof, or the government of any political subdivision therein, by force or violence, or by the assassination of any officer of any such government; or

(b) If any attorney with intent to cause the overthrow or destruction of any such government, prints, publishes, edits, issues, circulates, sells, distributes, or publicly displays any written or printed matter advocating, advising, or teaching the duty, necessity, desirability, or propriety of overthrowing or destroying any government in the United States by force or violence, or by the assassination of any officer of any such government; or

(c) If any attorney organizes or helps or attempts to organize any society, group, or assembly of persons to advocate, advise or teach the duty, necessity, desirability or propriety of the overthrow or destruction of any such government by force or violence; or becomes or remains a member of, or affiliates with any society, group, or assembly of persons organized for the purpose of advocating, advising or teaching the duty, necessity, desirability or propriety of overthrowing or destroying any such government by force or violence, knowing the purposes thereof."

COMMUNICATION

The following communication was presented by Mr. Speaker, read, and ordered printed in the Journal:

STATEMENT RELATIVE TO THE COBALT BOMB

A powerful potent bomb from the atomic pile in Oakridge, Tennessee, is on its way to California.

It is due to arrive in Reno, Nevada April 19th, arriving in Sacramento April 20th, and in San Francisco April 21st.

Known as the Cobalt Bomb, it will not be used for death and destruction but for man's fight against cancer.

Encased in a three ton lead pig container, it is being transported across the Country by the International Brotherhood of Teamsters from Oakridge to the City of Hope, Medical Center, Duarte, California.

The legend on the truck will state, ATOMS FOR PEACE—FOR THE CITY OF HOPE, NATIONAL MEDICAL CENTER, DUARTE, CALIFORNIA, TRANSPORTED BY THE INTERNATIONAL BROTHERHOOD OF TEAMSTERS.

The bomb is the size of a short stack of nickels. It is a blue metallic metal with an atomic weight of 60. Its power is measured at two and a half million volts, projecting gamma rays 10 times greater than X-ray machines now in operation. It will be used to treat cancer, and will be able to treat those types of cancer that have been inaccessible to medical science, such as: cancer of the liver, spleen, etc. A special feature of the bomb is its ability to treat cancerous tissue without harming noncancerous secondary tissue.

The bomb will be installed in a specially constructed five sided chamber, 25 feet in diameter lined with 18 inches of lead. The patients will occupy a chair in the middle of the chamber under a special hydraulic installation that will house the bomb. The rays of the bomb to be projected on the source of the cancerous growth in the patient's body.

The chamber has been under construction for the past two years. Designed and installed by Dr. Chang Wu Li. Dr. Li is one of those exchange students from China who refused to return to Communist China. Dr. Li studied nuclear physics at Cal. Tech. and now holds the specially created degree of Health Physicist—a degree that is held by few men in the world. He has been working for the City of Hope since 1950 with Dr. Melville L. Jacobs, Director of Radiology for the Health Center.

The City of Hope has been designated by the American College of Surgeons as a Cancer Research Hospital in the first category.

The bomb's correct title is Radio Active Cobalt Teletherapy Unit.

Cobalt is the same material described in recent Drew Pearson broadcasts, a radioactive material that, if the proper winds existed, could destroy all life in California.

On the other hand, the Cobalt Bomb is the strongest and most effective weapon against cancer.

ANNOUNCEMENT

Speaker Lincoln announced that at 1.45 p.m. today, on the steps at the south side of the Capitol, the Cobalt Bomb equipment will be displayed.

CONSIDERATION OF DAILY FILE (RESUMED)
THIRD READING OF ASSEMBLY BILLS (RESUMED)

Recommendation of the Governor

In accordance with Article IV, Section 34, of the Constitution, the Governor presented the following communication recommending the consideration of Assembly Bill No. 980:

STATE OF CALIFORNIA, GOVERNOR'S OFFICE
SACRAMENTO, April 12, 1955

To the Honorable Members of the Assembly
Sacramento, California

GENTLEMEN:

Assembly Bill No. 980, "An act to amend Sections 19601, 19601.5, 19601.6, 19601.7, 19604, 19607.1, 19607.2, 19607.4, 19607.6, 19608, 19610, 19611, and 19613 of, to add Sections 19608.1, 19611.3, and 19614.1 to, and to repeal Section 19620 of the Education Code, relating to child care centers, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately," in my opinion constitutes an emergency bill within the meaning of that term as used in Section 34 of Article IV of the Constitution of the State of California, the consideration of which should not await the final enactment of the Budget Bill.

Unless a bill is passed continuing child care centers, it will be necessary to take steps prior to June 1st to terminate them, and since this would cause serious inconvenience and loss of time, energy, and result in confusion, it appears necessary that this bill be passed prior to the passage of the Budget Bill.

I therefore recommend consideration of Assembly Bill No. 980 as an emergency measure.

Respectfully submitted.

GOODWIN J. KNIGHT, Governor

Assembly Bill No. 980—An act to amend Sections 19601, 19601.5, 19601.6, 19601.7, 19604, 19607.1, 19607.2, 19607.4, 19607.6, 19608, 19610, 19611, and 19613 of, to add Sections 19608.1, 19611.3, 19614.1 to, and to repeal Section 19620 of the Education Code, relating to child care centers, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

Relative to congratulating the *El Monte Herald* on its 50 years in the newspaper business

WHEREAS, The *El Monte Herald* has been instrumental in the history of El Monte, California, for the past 50 years; and

WHEREAS, Its predecessor, the *El Monte Gazette*, published the first issue of this then infant tabloid on June 10, 1905, a now time-yellowed edition of four pages, which was printed in the days when type was hand-set and "going to press" was a great chore; and

WHEREAS, On July 13, 1923, the present editor, Mr. Neil Murray, and his wife, Merle, published the first issue under the name "*El Monte Herald*," which was eight pages in length; they were complimented for this splendid edition, but were assured that they could not continue publishing such a large paper in a small town, which assurance was disproved as the *Herald* thrived and grew in importance; and

WHEREAS, Mr. Murray had been a city editor of the *Omaha Daily News*, the *Atlantic News-Telegraph*, and the *New York Tribune*, he brought this vast experience in the metropolitan journalism field to El Monte, which showed itself in the great growth and stature of the newspaper in the area, and

WHEREAS, Mrs. Murray became society editor and devoted a full page to the coverage of news of interest to women, which was the only weekly in California to publish a woman's page devoted entirely to news; and

WHEREAS, The *El Monte Herald* has always taken an active part in the progress of the community, backing all constructive enterprises for the growth and development of the area, fighting unceasingly for what was believed to be in the best interests of the community, and its editorial policy has always upheld the ideals embraced in its slogan, "Clean Constructive and Comprehensive;" and

WHEREAS, The *El Monte Herald* has recently become a semi-weekly newspaper to keep pace with the tremendous growth of the community, having received many awards as one of the best national weekly newspapers; and

WHEREAS, The *El Monte Herald* has actively participated in the last 50 years which have formed such an integral part in the history that has built El Monte into its present thriving and prosperous era, continually striving to work for the best interest of El Monte and its wonderful people, now, therefore, be it

Resolved by the Assembly of the State of California, That the Assembly hereby extends to the *El Monte Herald* its heartiest congratulations upon its history of 50 glorious years in the newspaper business; and be it further

Resolved, That the Chief Clerk of the Assembly is hereby directed to transmit a suitably prepared copy of this resolution to the publishers of the *El Monte Herald*, Mr. and Mrs. Neil R. Murray.

Be with all who work in field and on farm, in store and office, in mine and mill, in school and college, in hospital, in government and church. As so much of human creation is material, help us not to forget that life at its core is spiritual. May all our work be done in the spirit of the Master Worker, to Thy glory forever.—AMEN.

"9000. This division shall be known and may be cited as the Community Mental Health Services Law. Increasing numbers of children, adolescents, and adults are afflicted with psychiatric disorders that require care and treatment in mental or correctional institutions because of (for example) mental illness, mental deficiency, brain damage, juvenile delinquency, alcoholism, sexual aberration, etc. The human suffering and social and economic loss caused by these costly disabilities are a matter of grave social and economic concern to the people of the State. This division is designed to encourage and financially assist local governments in the voluntary establishment and development of preventive, rehabilitative, and treatment services through new, locally administered community mental health programs. It is furthermore designed to augment and promote the improvement and expansion of already existing community services that help to conserve the mental health of the people of California.

9001. As used in this chapter:

(a) "Governing body" means, in the case of a county, the county board of supervisors, or, in the case of a city, the city council or other governing body thereof.

(b) "Psychiatric disorder" means psychotic reactions, neurotic reactions, mental deficiencies, behavior disorders, addictions, perversions, and psychosomatic disorders insofar as they are amenable to prevention, rehabilitation, or treatment by means of one or more of the six specific types of mental health services mentioned in Section 9031 of this code.

(c) "Community mental health services" and "local mental health services" include city mental health services, county mental health services, and joint county mental health services.

9002. Any city having a population of more than 50,000 may by ordinance establish a city mental health service.

9003. Any county may by ordinance establish a county mental health service to cover the entire area of the county outside of cities having a population of 50,000 or more. Any city having a population of 50,000 or more may be included in a county mental health service if it consents to its inclusion therein.

9004. The governing body of any county may by agreement with the governing bodies of any other county or counties establish a joint county mental health service.

9005. Where mental health services have been established for a city or a county or a part thereof under the provisions of this division, the area covered thereby shall not be included in any subsequently organized community mental health service except by consent of the governing body of the area concerned.

9006. Each community mental health program shall have an advisory board to be appointed by and to serve at the pleasure of the governing body, consisting

of not less than seven members. Two members of the advisory board shall be physicians actually engaged in private practice. The other members shall be persons representative of the public interest in mental health.

9007. The expenses incurred under the provisions of this division shall be a charge against the city, county or counties, as the case may be, and shall be audited, levied, collected, and paid in the same manner as other city and county charges.

9008. The local mental health advisory board shall:

(a) Review and evaluate the community's mental health needs, resources, and special problems.

(b) Advise the governing body as to a program of community mental health services and facilities, and upon request make recommendations regarding the appointment of the local director of mental health services.

(c) Continue to act in an advisory capacity.

9009. At the option of the governing body, the local mental health services shall be administered either by the local director of mental health services or by the local health officer.

9010. Where there is a local director of mental health, he shall be appointed by the governing body and shall be a physician and surgeon licensed as such in the State of California, and shall have specialized in the diagnosis, treatment, and prevention of psychiatric disorders. He shall also possess the necessary administrative skills. He need not be a resident of the city, county or State and he may be employed on a full or part-time basis.

9011. The local director of mental health services may be removed by the appointing power for cause upon written charges and after due notice and opportunity to be heard.

9012. Any agreement between two or more counties for the establishment of a joint mental health services shall provide:

(a) That each county shall bear its proportionate share of the cost of joint mental health services provided.

(b) That the treasurer of one participating county shall be the custodian of moneys made available for the purposes of such joint services, and that the treasurer may make payments from such moneys upon audit of the appropriate auditing officer or body of the county for which he is treasurer.

Such agreement may also provide:

(a) For the joint rendition or operation of services and facilities or for the rendition or operation of services and facilities by one participating county under contract for other participating counties.

(b) For the allocation of appointments of members of the local mental health advisory board between or among participating counties.

(c) That for specified purposes, officers and employees of a joint mental health service shall be considered to be officers and employees of one participating county only.

(d) For such other matters as are necessary or proper to effectuate the purposes of this division.

9013. Unless otherwise expressly provided or required by context, the provisions of this division relating to community mental health services, and the appointment of local mental health advisory boards and directors, shall apply to joint mental health services.

9014. A community mental health service may contract for services and facilities with any hospital, clinic, laboratory, or other similar institution, notwithstanding that the director of such service is a member of the medical or consultant staff thereof.

In the event such state mental hygiene clinic renders services to persons residing outside the boundaries of the area being served by the local mental health service which claims reimbursement, then only that proportion of the amount of the operating costs of the state mental hygiene clinic attributable to serving residents within the boundaries of the local mental health service shall be deducted. "SECTION 1. Section 21 of the Budget Act of 1954 shall not apply to that portion of the appropriation made by Item 84 of said act which is available for use in connection with eating facilities installed by the Bureau of Vocational Rehabilitation when hot foods are not prepared on the premises.

SEC. 2. This act is an urgency measure necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Section 21 of the Budget Act of 1954 prevents the spending of money for the purchasing of equipment or supplies for the cafeteria type blind vending stand where hot meals are served, unless previously established. It is of the greatest importance that blind persons be provided with remunerative employment. Their economic opportunities must be enlarged and it is in the best interests of the State that the blind are stimulated to greater efforts in striving to make themselves self-supporting. Construction is now in progress on various cafeteria facilities for the blind which now appear to be within the restrictive provisions of Section 21 of the Budget Act of 1954. Unless such portion of the appropriation made by Item 84 of such act, which portion is available for use in connection with eating facilities installed by the Bureau of Vocational Rehabilitation, is released from the restriction of Section 21 of such act, monies set aside for the completion of facilities now in the process of construction will be lost and such facilities will not be capable of being completed. Also, plans for the construction of other similar facilities in the near future will be greatly curtailed, if not completely nullified. The money for these facilities is urgently needed to effectuate the interests of the State in blind persons hereinbefore set forth. It is therefore necessary that this act go into effect immediately."

RESOLUTIONS

The following resolution was offered:

By Mr. Kelly:

House Resolution No. 138

Relative to congratulating Lonnie Spurrier

WHEREAS, Proper recognition should be given to events which have not only state-wide and nation-wide significance, but are world-record shattering in their importance; and

WHEREAS, Lonnie Spurrier carved his niche in the track Hall of Fame on March 26, 1955, by running the fastest half mile in the history of mankind; which record smashing performance was in the fabulous time of one minute 47.5 seconds, more than one second below the world record of one minute 48.6 seconds; and

WHEREAS, This event was as spectacular as the breaking of the four minute mile, because the time of one minute 48 seconds flat was the mythical barrier in the half mile that four minutes was to the mile; what Roger Bannister and John Landy are in the annals of the mile, so is Lonnie Spurrier in the half mile; and

WHEREAS, Competing for the Olympic Club against his alma mater, the University of California, this handsome, tanned and blond speedster breezed past the quarter mile post in 51.6 seconds and continued his smooth long striding gait to the finish line in the record shattering time, which was a just reward for his perseverance over many disappointments in his track life; and

WHEREAS, Delano High School is the site of Lon's prep days, where he also had a reputation for his speed, it is fitting that the wonderful people of Delano are going to honor their "boy," and

WHEREAS, Delano, California, has declared that Monday, April 25, 1955, starting at the hour of 1.30, post meridian, will be Lonnie Spurrier Day, which day will be one of the most joyous in the history of Delano, the celebration to include a grand parade, a band concert and a magnificent and eventful program; and

WHEREAS, Lonnie Spurrier Day will commemorate the victorious assault that Lon Spurrier made upon the world record in the 880 and will be a memorial to his notable sportsmanship and spirit of competition; now, therefore, be it

Resolved by the Assembly of the State of California, That the Members of this Assembly extend their heartiest congratulations to Lonnie Spurrier upon his outstanding achievement in establishing a new world's record in the half mile in the astonishing time of one minute 47.5 seconds, and be it further

Resolved, That the Chief Clerk be directed to transmit a suitably prepared copy of this resolution to Lonnie Spurrier and to the Mayor of the City of Delano.

Resolution read, and ordered referred to the Committee on Rules.

Applications for such license shall be in the form prescribed by the director, and shall state the name and address of the applicant and the type of pest control in which he intends to engage. The application, except as hereinafter provided, shall be accompanied by a fee of fifteen dollars ($15). Each applicant shall further satisfy the director of his character, qualifications, responsibility, and good faith in seeking to carry on the business of pest control.

The director shall thereupon issue to such applicant a license entitling the applicant to conduct the business described in the application for the calendar year for which the license is issued, unless the license is sooner revoked or suspended. Such license may be renewed annually upon application to the director, accompanied by the proper fee, on or before the last day of January of the calendar year for which the license is issued. The determination of the director that a person is engaged in the business of pest control beyond the vicinity of his own property or for the accommodation of others than his neighbors shall be final.

The director may refuse to grant a license or renewal of license and may revoke or suspend any license, as the case may require, when, after a hearing as herein provided, he is satisfied that the applicant or licensee is not qualified to perform the type of pest control under the conditions and in the locality in which he intends to operate, or, that he has committed any of the following acts, each of which is declared to be a violation of this chapter:

The registrant shall further keep and maintain a record of each property treated, showing the date of treatment, the material and dosage used, the number of units treated, and such other information as may be required, and shall report the same to the commissioner or the director when and as required.

The board of supervisors of any county may establish reasonable fees for such registration.

Registration may be canceled or refused, if the commissioner, or the director in the event there is no commissioner, finds that the equipment of the registrant or applicant is unsuitable, or that the operators employed by him are incompetent or unqualified, or that he has refused or neglected to comply with any provision of this chapter or of rules and regulations issued hereunder, or of any lawful order of the commissioner. Any person whose registration has been canceled or refused may appeal to the director, within ten days, for a hearing thereon.

No person shall be registered under this section if his business includes the furnishing of any agricultural aircraft service as defined in Section 9804 of the Business and Professions Code unless such person is licensed to furnish such service under Chapter 20 of Division 3 of the Business and Professions Code. If the license of any person to furnish agricultural aircraft services, issued under Chapter 20 of Division 3 of the Business and Professions Code, is suspended or revoked, he shall not thereafter furnish any agricultural aircraft service, and the registration pursuant to the section shall not authorize the furnishing of any such service, until his license under Chapter 20 of Division 3 of the Business and Professions Code is restored or a new license issued."

Resolution ordered transmitted to the Senate.

Explanations of Vote

I voted "No" on Senate Concurrent Resolution No. 57 in order to express disapproval of seven meetings held by members of the committee tacitly appointed in advance of the submission of the legislation and without the knowledge of other members.

ERNEST R. GEDDES

I voted against the passage of Senate Concurrent Resolution No. 57 to send a committee to Washington to discuss the highway needs of this State with the Members of Congress because all the members of this committee were from the rural areas of our State with no representation of the metropolitan areas, and especially because there was no representative on this committee from Los Angeles County, the most populous county in the State and the county supplying the largest share of the gas tax monies used for the construction of highways and freeways in our State!

30158. Unless the contrary is established, it shall be presumed that all cigarettes manufactured in this State, or transported to this State and no longer in the possession of the distributor, have been distributed.

CHAPTER 3. LICENSES, BONDS AND REGISTRATION

Article 1. Licenses and Bonds

30180 Every person desiring to engage in the sale of cigarettes as a distributor, except a person who desires merely to sell or accept orders for cigarettes which are to be transported from a point outside this State to a consumer within this State, shall file with the board an application, in such form as the board may prescribe, for a distributor's license The application shall be accompanied by a license fee of one dollar ($1) payable to the board.

30181 Every applicant for license as a distributor shall file with the board, in such form as the board prescribes, a bond or bonds executed by him as principal and a corporation such as is mentioned in Section 1056 of the Code of Civil Procedure in this State as surety, payable to the people of the State of California, conditioned upon the payment of all taxes, penalties, and other obligations of the distributor arising under this part.

30182. The board shall fix the total amount of the bond or bonds required of any taxpayer and may increase or reduce the amount at any time.

30183. Every bond shall contain a provision substantially that when the surety exercises his right to withdraw as surety the withdrawal shall be effective on the first day of the calendar month after receipt of the notice by the board if the notice is received on or before the fifteenth day of the month, otherwise the withdrawal shall be effective on the first day of the second calendar month after receipt of the notice by the board.

30184. The license of any distributor shall be automatically suspended upon cancellation of his bond, or if the bond becomes void or unenforcable for any reason, or if the distributor fails to pay any taxes or penalties due under this part. The license shall be automatically reinstated if the distributor files a valid bond, or pays his delinquent taxes, as the case may be.

Upon the petition of any distributor whose license has been suspended under this section, a hearing shall be afforded him after five days' notice of the time and place of hearing.

30185. In lieu of a bond or bonds a distributor, under such conditions as the board may prescribe, may deposit with the State Treasurer an amount of lawful money equivalent to the amount of the bond or bonds or he may deposit bonds or other obligations of the United States, the State of California, or any county or city and county of this State of an actual market value not less than the amount of the bond or bonds fixed by the board.

30186. Upon receipt ot a certificate of the board setting forth the amount of a distributor's delinquencies, the State Treasurer shall pay to the board the amount so certified from the money deposited with him by the distributor or from the amounts received from the sale of bonds or other obligations deposited with the Treasurer by the distributor. Securities deposited with the State Treasurer which have a prevailing market price may be sold by him for the purposes of this section at private sale at a price not lower than the prevailing market price thereof.

30187. Whenever any distributor fails to comply with any provision of this part or any rule or regulation of the board prescribed and adopted under this part, the board upon hearing, after giving the distributor at least 10 days' notice in writing specifying the time and place of hearing and requiring him to show cause why his license should not be revoked, may revoke the license held by him. The notice may be served personally or by mail in the manner prescribed for service of notice of a deficiency determination. The board shall not issue a new license to a distributor whose license has been revoked unless it is satisfied that he will comply with the provisions of this part and the rules and regulations of the board.

30188. Any person required to obtain a license as a distributor under this chapter who engages in business as a distributor without a license or after a license has been canceled or revoked, and each officer of any corporation which so engages in business, is guilty of a misdemeanor.

Article 2. Registration

CHAPTER 4. COLLECTION AND LIEN OF TAX

30260. The taxes imposed and levied by Article 1 of Chapter 2 of this part shall be paid through the use of stamps. The board shall secure stamps of such designs and denominations as it may prescribe suitable to be affixed to packages and provide for the sale thereof to licensed distributors. Only licensed distributors shall affix and cancel stamps. On sales of revenue stamps the board shall allow as compensation for the services and expenses of distributors in the affixing and handling of such stamps a discount of three percent (3%) of the face value of any sale of one hundred dollars ($100) or more; provided, that the distributor has complied with all of the provisions of this part. No discount shall be allowed on any sale of less than one hundred dollars ($100) and stamps shall not be sold in blocks of less than one hundred (100) stamps.

30261. Distributors shall not sell, borrow, loan, buy or exchange unstamped cigarettes or stamps to, from or with other distributors.

30262. The board shall regulate and prescribe the manner of affixing and canceling stamps.

30263. Every distributor shall cause to be affixed on every package of cigarettes on which the tax required under Article 1 of Chapter 2 of this part has not previously been paid as evidenced by stamps affixed thereto, stamps of an amount equal to the tax due thereon before such person sells, offers for sale, uses, consumes, handles, removes or distributes such cigarettes in this State.

30264. Stamps shall be affixed to each package of cigarettes of an aggregate denomination not less than the amount of tax upon the contents therein, and shall be affixed in such manner as to be visible to the purchaser and that they cannot be removed from the package or container without being mutilated or destroyed.

30265. The board, if it shall determine that it is practicable in any case to permit licensed distributors to impress on or attach to each package of cigarettes, evidence of tax payment, by means of a metering machine, in lieu of stamps, may authorize any licensed distributor to use any metering machine approved by the board, such machine to be sealed by the board before being used and used in accordance with rules and regulations prescribed by the board. Any licensed distributor authorized by the board to affix evidence of tax payment to packages of cigarettes by means

of a metering machine shall make a prepayment, allowing for the discount, if any, provided for herein and subject also to the same conditions as in the case of the sale of stamps, covering the amount of the tax for which the meter is set.

On or before the fifteenth day of each month the common carriers and authorized persons specified in Section 30154 shall file with the board a report of the sales of tobacco products made by them on the facilities of the carriers in California in the calendar month immediately preceding the month in which the report is received, in such detail and form as the board may prescribe, accompanying the report with the amount of the tax due under Section 30154.

30302. The consumer or user specified in Section 30156 shall on or before the fifteenth day of the month following receipt of cigarettes file with the board a report of the amount of cigarettes received by him in the calendar month immediately preceding the calendar month in which the report is received, in such detail and form as the board may prescribe, accompanying the report with the amount of tax due.

30303. The board may require warehousemen to make such reports relating to the cigarettes handled by them as the board deems necessary for the purposes of administering this part.

30304. Any person who shall fail to file any report on the day when it shall be due, shall forfeit as a penalty, for each day thereafter until the report is filed, the sum of one dollar ($1), to be collected in the manner provided in this part for the collection of penalties. The board, if satisfied that the failure to file any report required by this chapter on the day when it became due, was excusable, may remit the whole or any part of such penalty.

CHAPTER 6. DETERMINATIONS

30330. If any person fails to pay the tax required under this part the board shall make an estimate of the quantity of cigarettes sold, used, consumed, handled or distributed by such person in this State on which the tax was not paid. The estimate shall be based upon any information which is in the board's possession or may come in its possession. Upon the basis of this estimate the board shall compute and determine the amount required to be paid to the State, adding to the sum thus arrived at a penalty of an amount equal to the total tax computed, and interest on the amount of the tax at the rate of 1 percent for each 30 days or fraction thereof from the date the tax should have been paid until the date of payment.

When the board has good reason to believe that any cigarettes are being kept, sold, or offered for sale, in violation of the provisions of this part or its regulations it may make an affidavit of such fact, describing the place or thing to be searched, before a judge of any court in this State, and such judge shall issue a search warrant directed to the sheriff, any constable, police officer, or duly authorized agent of the board commanding him diligently to search any building, room, place, or vehicle as may be designated in the affidavit and search warrant, and to seize such cigarettes so possessed and to hold the same until disposed of by law, and to arrest the person in possession or control of the same. 21600. It is the intent of the Legislature that the enactement of this part shall authorize members of the State Employees Retirement System to participate in the federal old age and survivors insurance provisions of the Social Security Act without jeopardizing the continued maintenance of their state system by offsetting the costs of participation in the federal system against current costs under the state system, and offsetting the apportioned federal benefit against allowances payable for retirement under the state system.

To this end and notwithstanding any other provisions of the State Employees Retirement Law, the provisions of this part shall supersede or modify any inconsistent provision in such law in its application to every member whose position is included in an agreement between the State and the Federal Government for coverage under the old age and survivors insurance provisions of the Social Security Act. The provisions of this part shall be applicable to each such employee upon the effective date of the agreement or modification of agreement which includes such employees' position.

REQUEST FOR UNANIMOUS CONSENT THAT OPINION BE PRINTED IN JOURNAL

Mr. Allen asked for, and was granted, unanimous consent that an opinion of the Legislative Counsel, relative to Assembly Bill No. 2797, be ordered printed in the Journal, in 10-point type, as follows:

OPINION OF LEGISLATIVE COUNSEL

STATE OF CALIFORNIA
OFFICE OF LEGISLATIVE COUNSEL
SACRAMENTO, CALIFORNIA, April 23, 1955

Honorable Bruce F. Allen
Assembly Chamber

Assembly Bill No. 2797, as Amended April 7, 1955, (Trade Names)—No. 10296

DEAR MR. ALLEN: You ask whether Assembly Bill No. 2797, as amended on April 7, 1955, will change the existing law on the ownership of trade names.

We do not believe that the bill will result in any substantive change in that law.

The general purpose of the bill is apparently only to prevent the use of an organization's name without its written consent or other specified authorization in any commercial venture, trade or business, in the solicitation of newspaper or other publication subscriptions or advertising, or in the solicitation of donations, aid or other benefits, on the representation that the venture, trade, business, newspaper, other publication, donation or solicitation for a donation is sponsored or endorsed by the organization.

Under subdivision (b) of the Section 14492 that would be added by the bill to the Business and Professions Code, the name to be thus protected is the one "which has first been adopted and used by an organization within or beyond the limits of this State * * *," and which has either been registered with the Secretary of State (see B. & P. C. 14200 and following) or as to which, if it is a fictitious name used for partnership or other business purposes, a certificate has been filed with the county clerk (see C. C. 2466 and following) and there has been no prior registration. It seems to us that the language of the subdivision, coupled with that in the proposed Section 14493, indicates quite clearly that the bill is not designed to make any change in the ownership of trade names, but has been drafted rather to give added protection to such ownership.

Very truly yours,

RALPH N. KLEPS, Legislative Counsel
By J. GOULD, Deputy

Two copies to Honorable Joseph C. Shell pursuant to Joint Rule 34.

LETTER OF TRANSMITTAL

CALIFORNIA LEGISLATURE
SACRAMENTO, CALIFORNIA, April 22, 1955

Hon. L. H. Lincoln
Speaker of the Assembly
Room 3190, State Capitol
Sacramento, California

DEAR MR. SPEAKER: There is transmitted herewith a report prepared upon request by the Legislative Auditor showing the status of the various funds and the operations from tidelands revenues for the City of Long Beach.

Respectfully yours,

THOMAS W. CALDECOTT, Chairman
Ways and Means Committee

REPORT ON LONG BEACH TIDELANDS OIL OPERATIONS

Prepared by Legislative Auditor

April 20, 1955

HISTORICAL BACKGROUND

The Legislature of the State of California, in 1911, passed an act, Chapter 676 of the Statutes, which granted to the City of Long Beach in trust "all the right, title and interest of the State of California, held by said State by virtue of its sovereignty, in and to all the tidelands and submerged lands, whether filled or unfilled, within the present boundaries of said city and situated below the line of mean high tide of the Pacific Ocean,". The purpose of this grant was to enable the City of Long Beach to develop a harbor with wharves, docks, piers, slips, and other utilities and structures incidental to the operation of a harbor for ocean-going vessels. This development was to be undertaken without expense to the State.

Chapter 102 of the Statutes of 1925 restated the grant of the tidelands to the City of Long Beach, but somewhat broadened the trust

purposes to include, in addition to the development of a harbor, a provision that the lands could be used for "public park, parkway, highway, playground," purposes.

Chapter 158 of the Statutes of 1935 amended Chapter 102 of the Statutes of 1925 to include in the trust purposes for which the land was being granted the authority to lease or use the tidelands for "the construction, maintenance, and operation of non-profit, benevolent and charitable institutions organized and conducted for the promotion of the moral and social welfare of seamen, naval officers and enlisted men, and other persons engaged in and about the harbor and commerce, fishery, and navigation."

Chapter 915 of the Statutes of 1951 recognized that the City of Long Beach had been and was producing oil and gas from the tidelands granted to it by the State since 1939. This chapter further recognized that many millions of dollars from the proceeds of the sale of the oil production had already been expended in the development of a harbor and that the further expenditure for harbor developments of more than 50 percent of the unexpended balances remaining in the fund and of the future revenues to be derived from the sale of oil and gas products for additional harbor purposes would be uneconomical. This chapter declared therefore that 50 percent of the unexpended funds and of the anticipated revenues from the sale of oil products and all of the revenues from the sale of "dry gas" was freed from the restrictions imposed by the trust. The Long Beach charter provides that the funds which were freed from the trust are to be accumulated in a fund entitled "Public Improvement Fund", which is to be used "exclusively for the payment of costs and expenses for the acquisition, construction, reconstruction, development, operation, repair and maintenance of public improvements, and the acquisition of such lands, rights and property as may be necessary or convenient therefor." (Assembly Concurrent Resolution No. 20 (Chapter 22) of the Statutes of 1953)

The legality of Chapter 915 of the Statutes of 1951, and the right of the City of Long Beach and its officers to expend any of these monies for municipal purposes, was challenged in a suit brought by Felix Mallon in which Alma Swart, a Long Beach taxpayer, intervened. Under date of April 5, 1955, the Supreme Court of the State of California found that, in effect, the plaintiffs were correct, and that Chapter 915 of the Statutes of 1951, by releasing these funds from the restraint of the original trust in effect made these funds the property of the original grantor, the State of California.

STATEMENT OF REVENUES

The first oil development in the tidelands was undertaken by the City of Long Beach in 1939 in conjunction with the Long Beach Oil Development Company, acting as development agent for the city under an arrangement whereby the city, in effect, retained ownership and operation of the wells, paid for the development, allowed the Long Beach Oil Development Company an overhead or operating cost, and retained the balance remaining from the gross sales of the production for itself. From the start of production to June 30, 1954, this joint

venture produced approximately 156 million barrels of oil from approximately 820 wells drilled in parcels W, X, Y, Z, Z-1, and J. The gross value of this oil was $309,398,440, distributed as follows:

Cost of Development and Production	$93,136,468	(30.1%)
L.B.O.D. Overhead Allowance	44,708,056	(14.45%)
Net to Long Beach Harbor Department	171,553,915	(55.45%)

In 1947, the City of Long Beach undertook a second joint venture with the Richfield Oil Coporation on a somewhat similar basis as that which it undertook with the Long Beach Oil Development Company. From the start of operations until June 30 of 1954, this venture produced approximately 23,235,000 barrels of oil from Parcel A, which involved the drilling of 123 wells. The gross value of this production was $51,411,103 distributed as follows:

Cost of Development and Operation	$11,862,571	(23.07%)
Richfield Oil Corporation Overhead Allowance	3,033,255	(5.9%)
Net Proceeds to Long Beach Harbor Department	36,515,277	(71.03%)

From the foregoing, the total gross proceeds were $360,809,543, and the net proceeds to the Long Beach Harbor Department were $208,069,192.

While the records of the City of Long Beach designate the foregoing proceeds as resulting from the sale of oil and *gas* products, actually the direct dry gas and the dry gas resulting from the processing of wet gas was delivered free of charge to the natural gas distribution system of the City of Long Beach for sale to domestic and commercial consumers The total gas delivered to the Long Beach Municipal Gas Department by the Long Beach Harbor Department from production under its Long Beach Oil Development Company and Richfield Oil Corporation operations, from the beginning of production through June 30, 1954, was 132,685,236 M C.F. (M.C.F. is the symbol for 1,000 cubic feet). During this same period, the profit shown by the Long Beach Municipal Gas Department, which apparently received its gas free of charge, was approximately $43,422,426. During this period the Long Beach Municipal Gas Department transferred to the General Purpose Fund of the City of Long Beach $34,609,750.

It should be pointed out that during the period from 1938 through June 30 of 1954, the City of Long Beach also obtained revenues from the production of oil wells in upland areas which were not part of the tidelands granted to it by the Legislature of the State of California. The total net proceeds to the City of Long Beach from this source, for this period, was $21,574,812 This made a grand total from the three oil ventures of $229,644,004 accruing to the City of Long Beach in net proceeds from its oil operations. In addition, there was delivered to the Long Beach Municipal Gas Department 19,159,440 M.C.F. of dry gas, in addition to the deliveries made by the Long Beach Oil Development Company and the Richfield Oil Corporation.

DISTRIBUTION OF OIL REVENUES

The initial development of the Long Beach Harbor took place prior to the discovery of oil. Consequently, the city resorted to the use of bonds in order to provide funds for the initial development. These bonds were non-callable and the issues of 1916, 1924, and 1928 are still outstanding. With the discovery of oil, a Harbor Bond Redemption and Interest Fund was established into which proceeds from its oil revenues were deposited in amounts sufficient to insure all interest and total redemption upon maturity. At present there is approximately $8,559,945 in this fund. It was accumulated by putting into it 50 percent of the upland oil revenues during the period, January 9, 1938 through June 30, 1939, and subsequently 50 percent of the revenues from the Long Beach Oil Development Company operation from July 1, 1939 through June 30, 1945, by which time a sufficient amount had been accumulated to take care of both interest and principal. Deposits into this fund were then discontinued.

The Harbor Revenue Fund was created by amendments to the charter of the City of Long Beach which was approved by the Legislature by Assembly Concurrent Resolution No 13 (Chapter 30) of the Statutes of 1931. The section of the charter which created this fund was numbered 229D. The fund was created to receive all moneys obtained or collected from the use or operation of any and all harbor or port improvements, facilities, services, et cetera. Expenditures from this fund were limited to expenses incidental to conducting the operations of the Harbor Department, including operation and maintenance of all harbor and port facilities; acquisition, construction, and maintenance of harbor and port improvements, appliances, watercraft, et cetera; the payment of principal and interest on harbor improvement bonds; and for the return into the General Fund of the City any sums which were advanced from the General Fund for the payment of principal or interest of bonds issued on account of the harbor improvement work.

For the first several years of the existence of this fund, the only moneys paid into it, in the absence of revenue from oil which had not yet been discovered, were revenues from the actual operation of the harbor. Oil was first developed in the upland areas, and 50 percent of the upland revenues were deposited in the Harbor Revenue Fund and 50 percent in the Harbor Bond Redemption and Interest Fund. With the first development of oil in the tidelands by the Long Beach Oil Development Company, 50 percent of the proceeds from that operation were deposited in the Harbor Revenue Fund and 50 percent in the Harbor Bond Redemption and Improvement Fund. Commencing with May 10, 1945, 100 percent of the revenues from the Long Beach Oil Development Company operation were deposited in the Harbor Revenue Fund, and commencing January 7, 1949, only 40 percent of the revenues from L.B.O.D. were deposited in the Harbor Revenue Fund, and 60 percent was deposited in the Harbor Reserve Fund. By June 30, 1954, there had been deposited in the Harbor Revenue Fund from the operations of the Long Beach Oil Development Company $91,346,143. From the commencement of operations in the venture with the Richfield Oil Company on Parcel A, to January 6, 1949, all the net proceeds from this operation were also deposited in the Harbor Revenue Fund.

As of the date mentioned above, 100 percent of the proceeds were deposited in the Tideland Oil Fund. The total deposits from the Richfield operation into the Harbor Revenue Fund was $3,179,507, making a grand total deposited to this fund from both the Richfield and the L B.O.D. operations of $94,525,650. While we have not attempted to make an accurate determination of the toatl expenditures from the Harbor Revenue Fund from its inception, we have obtained figures which indicate that from the beginning to June 30 of 1953 there had been expended a total of approximately $47,802,815 for various capital improvements.

The Harbor Reserve Fund was created by amendment to the Charter of the City of Long Beach which added Subdivision 3 to Subsection C of Section 229X and which was approved by Assembly Concurrent Resolution No. 2 (Chapter 3) of the Statutes of 1949. The Harbor Reserve Fund was to receive 60 percent of all money to be derived by the city from the development of oil, gas, and other hyrocarbon substances from beneath tidelands required by the charter to be paid into the Harbor Revenue Fund. In effect, this meant that 60 percent of the proceeds from the L. B. O. D. operation were to go into the Harbor Reserve Fund. The monies accumulated in this new fund were not to be expended for any purpose whatsoever, but were to be invested and reinvested. The interest, earnings, income, and profit from the investment of these reserves were also to be paid into the Harbor Reserve Fund and could likewise be invested and reinvested. Amounts equal to the earnings or profits could be expended by the Board of Harbor Commissioners for any purpose for which the money in the Harbor Revenue Fund could be lawfully used.

Commencing with January 7, 1949 until June 30, 1954, there was paid into the Harbor Reserve Fund from the 60 percent share of the L. B. O. D. operations a total of approximately $58,737,536.

The Tideland Oil Fund was created by an amendment to the charter of the City of Long Beach which added Section 260.6 to the charter and which was approved by Assembly Concurrent Resolution No. 6 (Chapter 6) of the Statutes of 1946 (Second Extraordinary Session). This new section was further amended, to provide technical corrections, by charter amendments which were approved by Assembly Concurrent Resolution No. 2 (Chapter 3) of the Statutes of 1949. This new fund was to receive all money derived by the City of Long Beach from the development of oil, gas, or other hydrocarbon substances from tidelands located outside of the harbor district of the City of Long Beach. Since the entire operation of L. B. O. D. was within the district designated as the harbor district, the effect of this fund was that it would receive the net revenues derived from the Richfield Oil Corporation operation, which was located outside of the harbor district. Commencing with January 6, 1949, 100 percent of the proceeds of the Richfield operation were deposited in the Tideland Oil Fund, and commencing with February 16, 1953, only 50 percent of the proceeds were deposited in this fund, the other 50 percent going to the Public Improvement Fund. From January 6, 1949 to June 30, 1954, there was deposited in the Tideland Oil Fund $27,756,552.

The Public Improvement Fund was first created by an amendment to the charter of the City of Long Beach, which affected Subdivision 1 of Subsection C of Section 229X, which was approved by Assembly Concurrent Resolution No. 6 (Chapter 6), of the Statutes of 1946 (Second Extraordinary Session). It was subsequently re-established by the addition of Section 260.8 as an amendment to the charter of the City of Long Beach, which was approved by Assembly Concurrent Resolution No. 20 (Chapter 22), of the Statutes of 1953. The monies to be paid into this fund were designated as 50 percent of all revenues otherwise going into the Harbor Revenue Fund, the Harbor Reserve Fund and the Tideland Oil Fund. In addition, there was to be transferred, as of the date of the transfer, 50 percent of all monies in the Harbor Revenue, Harbor Reserve, and Tideland Oil Funds.

The date of the transfer was February 16, 1953, and on that date there was transferred to the Public Improvement Fund the following sums:

Harbor Reserve Fund	$25,998,947
Tideland Oil Fund	10,778,192
Harbor Revenue Fund	19,286,182
Total	$56,063,321

From the effective date of February 16, 1953, up to June 30, 1954, there was transferred, as the 50 percent share to the Public Improvement Fund, $5,579,217 from the Richfield operation and $15,109,514 from the L.B.O.D. operation, making a grand total of $20,688,731. The grand total that would be in the Public Improvement Fund as of June 30, 1954, would be $76,752,053.

Expenditures from the Public Improvement Fund under the Long Beach charter, could be made for the acquisition, construction, reconstruction, development, operation, repair, and maintenance of public improvements, and the acquisition of such lands, rights, and property as might be necessary or convenient therefor. Also, the money might be used for land subsidence remedial work or to meet a public emergency caused by war, fire, flood, explosion, storm, earthquake, epidemic, riot, or insurrection.

NET CASH ASSETS

The following tabulation indicates the available net cash assets as of January 31, 1955 in the Harbor Revenue, Harbor Reserve, Tideland Oil and Public Improvement Funds It should be noted that the value of investments is shown "at par." REMARKS RELATIVE TO ASSEMBLY CONCURRENT RESOLUTION NO. 102

REMARKS BY MR. GRANT

We learned today with sorrow of the passing of former Governor Frank F. Merriam. I speak in deepest respect for a man I knew for many years. I knew him as a fellow citizen of Long Beach and my family knew him in Iowa before he came West to carve out a distinguished career that carried him to the highest office in our State.

Mr. Merriam was an able and dedicated public servant in Iowa and California. He was for decades a leading citizen of Long Beach giving his aid to every worthy community cause. He was a man of strong principle, forethought and frank in his every act. He was kindly but firm, and he could not be swayed from a course he knew to be right.

In his later years of retirement he continued his active interest in affairs of State and his community. His wit and intellect were keen to the day of his death. He was our first citizen in Long Beach—a fact we of that community will always remember with pride.

REMARKS BY MR. KLOCKSIEM

Governor Frank Merriam, a citizen of Long Beach, was an outstanding figure in the history of the State of California not only as a politician but as a man whose reputation for honesty and integrity was well known throughout the State. He defended this body against ridicule and those who would degrade it.

One thing to me that was outstanding in this fine Governor was his sense of humor. We attended his birthday parties and other civic affairs and he was always in a cheerful mood and able to tell a good story appreciated by his friends. Although he took life very seriously he never let his problems outshine his sense of humor.

The citizens of Long Beach have always regarded him with a loving respect, and we were proud that he had made our city his home.

But let us not think that Frank Merriam's life is ended. Life is indestructible. When we look at the beautiful redwoods that have stood for thousands of years, can we believe that God would give a tree a longer life than He would give to His beloved image and likeness? No! Man's life is eternal and immortal.

We recently celebrated Easter Sunday, and I am sure that no matter what our religious beliefs may be, we are all of one mind in that we know that Jesus proved death to be unreal and life eternal.

We should be grateful that our friend was given to us for so many years. Frank Merriam is going on to a life of greater activity, better achievement, and more harmonious being.

REMARKS BY MR. LUCKEL

I feel that it is a great honor to add my tribute to the late Governor Merriam. I was closely associated with him when he was Governor back in the Thirties. He was a true Christian gentleman, and will go down in history as one of our really great Governors.

REMARKS BY MR. ERNEST R. GEDDES

I first knew Frank Merriam in early 1917, when I was engaged in business in Long Beach, and he picked up my advertising copy for the old *Long Beach Press.*

Year later, when he was Governor and visiting the *Pomona Progress* where I was on the advertising staff, he left the party he was with to come over and say hello.

In 1945, when I first came to the Assembly, and had occasion to meet him from time to time he still remembered the early association.

Such a memory for persons, times and places is indeed a gift to one in politics—but he used it for friendliness.

I am proud to say he was a friend.

REMARKS BY MR. CHAPEL

Mr. Speaker, Ladies and Gentlemen of the Assembly: I rise to support the memorial resolution introduced by the Honorable William S. Grant of Long Beach and the Honorable Herbert R. Klocksiem, also of Long Beach. These gentlemen have spoken reverently and interestingly of the life and work of the late Frank F. Merriam, former Governor of California, who has passed on to the other world.

I am especially impressed by the inspired words of Assemblyman Herbert R. Klocksiem because he has offered all of us a universal solvent which dissolves all tears in his explanation of the fact that there is in reality no death, that "Life is indestructible." Also, Mr. Klocksiem has said that "Man's life is eternal and immortal." Men and women of all religions can join in the acknowledgment of the truth of these comforting words which we eagerly accept today in our sorrow for the passing of the late great and good Frank F. Merriam.

My own contribution to these brief moments is my personal knowledge of Frank F. Merriam's early life in Iowa. He was born in Delaware County, Iowa, December 22, 1865, only a few miles from Manchester, Iowa, a little county-seat town in which I was born. In his

youth he attended Lennox College, in Hopkinton, Iowa, a still smaller town near Manchester. Ninety days after he graduated from Lennox College he became Superintendent of the Public Schools of Hopkinton, where he was also a teacher for seven years He served two terms in the State Legislature of Iowa and also was State Auditor.

For several years Frank was the publisher of the *Hopkinton Leader,* in Hopkinton, Iowa, and there he learned the newspaper business which was the background for his later business and political success.

In 1917, Frank F. Merriam was serving his first term in the California State Legislature. Back in Hopkinton, Iowa, my second cousin, Claude Chapel, was on the staff of the *Hopkinton Leader.* When World War I broke out, Claude was one of the first to leave Manchester, Iowa, on a troop train. I distinctly remember that I was then 13 years old, and very proud to wear a Boy Scout uniform down to the train to see Claude leave with the other soldiers. As the Illinois Central train was pulling out of the depot, Claude leaned out of the window and said: "Charlie, if you ever get to California and need a job, see Frank Merriam, my old publisher of the *Hopkinton Leader.* He'll give you a job. He's my loyal friend."

Claude lost his life overseas. Eventually I met Frank F. Merriam. I didn't ask him for a job, but I told him what Claude had said. Frank replied "He was my friend. I shall never forget him."

That little episode was characteristic of Frank F. Merriam. Those who knew him were his friends and he was theirs. Now the bell tolls, but it does not toll for Frank F. Merriam alone, it tolls for you and for me, because death must come to all of us, just as it has come now to our great native son of Iowa and our great former Governor of California. Fortunately, we find comfort in the thought expressed by Herbert R. Klocksiem that in the real sense of the term—"Man's life is eternal and immortal."

REMARKS BY SPEAKER PRO TEMPORE MALONEY

I join with Mr. Klocksiem, Mr. Grant, and other Members of this Assembly in paying just and deserving tribute to our beloved and departed late Governor of the State of California, His Excellency Frank F. Merriam.

While I have served under seven Governors as a Member of the California State Legislature, Governor Frank Merriam was the fourth Governor with whom I had the privilege of serving during my long years of service in our legislative bodies,

He was a great statesman, a great parliamentarian and a very efficient recognized public official. While serious minded on each and every occasion when major legislation was introduced, he always managed to be humorous and understanding when the occasion presented itself.

California has lost a great citizen and a great American and I am sure that as we go to our bed tonight you and I, regardless of our religion, will say a prayer for the repose of his soul.

COMMUNICATIONS

The following communication was presented by the Chief Clerk:

UNITED STATES ATOMIC ENERGY COMMISSION
WASHINGTON 25, D. C., April 25, 1955

IN REPLY REFER TO: RM:CWT

Mr. Arthur A. Ohnimus, Chief Clerk
Assembly, California Legislature
Room 3196 State Capitol
Sacramento 14, California

DEAR MR. OHNIMUS: The Secretary of the Interior has referred to us for consideration your letter of April 8, 1955, addressed to the President, transmitting a copy of House Resolution No. 82, adopted by the California Assembly on April 6, 1955, relative to the establishment of a uranium purchasing and milling depot at Doyle, California.

The commission's field personnel have been closely following the progress of private exploration activity being conducted in the vicinity of Doyle, California. Although ore grade material has been reported from several occurrences in the area, exploration undertaken to date has not indicated the presence of sufficient ore reserves to justify an ore-buying station at this time. Should subsequent developments show that such an installation is warranted in the area, consideration will be given to the benefits which would result from locating an ore-buying station at Doyle. Because of the expense to the commission of constructing and operating such facilities there should be a continuing supply of at least 50 to 100 tons of ore per day.

As to the construction of uranium ore-processing plants, all of the existing plants, with one exception, are financed, erected, and operated by private companies which sell uranium concentrates to the commission on a unit price basis In the event of the development of sufficient ore reserves in this area to warrant consideration of a mill, the commission would be pleased to enter into discussions with private companies looking toward construction of a privately-financed plant for the treatment of these ores

Sincerely yours,

JESSE C. JOHNSON, Director
Division of Raw Materials

Above communication ordered referred to Mrs. Davis.

A communication was presented by the Chief Clerk from:

1269b. In a municipal court, the clerk of the court shall, in the absence of a judge of said court, have authority to accept bail for the appearance before said court of any defendant [charged in such court with] *arrested within the jurisdictional territory of such court for* a misdemeanor; provided, the amount thereof shall be in accordance with a schedule of bail in such cases previously fixed and approved by the judges of said court unless a warrant shall have been issued for the arrest of the defendant, in which case the bail shall be in the amount fixed in the warrant; and provided also, the bail shall be cash or a surety bond executed by a certified, admitted surety insurer as provided in the Insurance Code of the State of California.

The authority to accept bail as in this section provided shall include authority to approve the same, to issue and sign an order for the release of the defendant, and to set a time and place for the appearance of the defendant before the appropriate division or judge of such court and give the defendant notice thereof.

SEC. 2. This act is an urgency measure necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Section 1269b of the Penal Code at present provides that a clerk of a municipal court has authority, in the absence of a judge of the court, to accept bail for the appearance before said court of any defendant *charged in such court* with a misdemeanor. It has been the practice to admit most misdemeanants to bail within a few hours after arrest and before the filing of a complaint. However, the Los Angeles County Counsel has recently advised, and the interpretation appears correct, that in view of the italicized language above, Section 1269b does not grant authority to admit to bail until after a complaint has been filed.

As so interpreted Section 1269b would impose a staggering burden on our already overcrowded jails. In the City of Los Angeles alone, there were 148,662 misdemeanor arrests last year. This bill would relieve this situation by making it clear that a misdemeanant can be admitted to bail, under the conditions prescribed by Section 1269b, at any time after arrest."

For the purpose of examination the board and its representatives shall have free access to the offices and places of business, books, accounts, papers, records, files, safes, and vaults of all such persons.

21302. In making any examination or investigation the board may, for a reasonable time, not exceeding 30 days, take possession of the books, records, accounts, and other papers pertaining to the business and place a keeper in exclusive charge

and custody of the books, records, accounts, and other papers in the office or place where they are usually kept. During such possession no person shall remove or attempt to remove any of the books, accounts, papers, records, files, safes, and vaults, or any part thereof, except in compliance with a court order or written consent of the board.

21303. The officers, employees, partners, directors and stockholders may inspect and examine the books, accounts, papers, records, files, safes and vaults while they are in the custody of the board and employees may make entries therein reflecting current operations or transactions.

21308. The actual cost of each examination shall be paid to the board by each licensee examined, and the board may maintain an action for the recovery of such costs in any court of competent jurisdiction.

21309. After an examination, investigation or hearing under this division, if the board deems it of public interest or advantage, it may certify a record to the proper prosecuting official of the county or city in which the act complained of, examined, or investigated, occurred.

21312. Any licensee may surrender any license by delivering to the board written notice that he surrenders his license, but surrender of the license does not affect the licensee's civil or criminal liability for acts committed prior to surrender of the license

21313. Whenever in the opinion of the board the business of a licensee, or a portion of the business, is not being operated honestly, fairly, and efficiently within the purposes of this division, the board may order the licensee to desist and refrain from any acts or omissions to act which result in such unfairness, dishonesty, or inefficiency. If, after the order is made, a written request for a hearing is filed and no hearing is held within 30 days thereafter, the order is rescinded.

21314. Whenever the board believes from evidence satisfactory to it that any person has violated or is about to violate any provision of this division, or any provision of any order, license, decision, demand, or requirement, the board may bring an action in the name of the people against that person, to enjoin him from continuing such violation or engaging therein or doing any act in furtherance thereof. In the action the court may enter an order or judgment awarding such preliminary or final injunction as is proper.

21315. The board shall revoke any license, upon notice and reasonable opportunity to be heard, if it finds any of the following:

(b) That the licensee has violated any provision of this division or any rule or regulation made by the board under and within the authority of this division

(c) That any fact or condition exists which, if it had existed at the time of the original application for such license reasonably would have warranted the board in refusing originally to issue the license.

21316. The revocation, suspension, or surrender of any license does not impair or affect the obligation of any pre-existing lawful contract between the licensee and any borrower.

21317. Except in cases in which the time for setting the hearing is shortened as provided in this division, the proceedings under this article shall be conducted in accordance with Chapter 5, Part 1, Division 3, Title 2, of the Government Code, and in all cases the board has all the powers granted therein.

MESSAGES FROM THE GOVERNOR

STATE OF CALIFORNIA, GOVERNOR'S OFFICE
SACRAMENTO 14, April 27, 1955

To the Assembly of the State of California
Sacramento, California

GENTLEMEN: I am transmitting to you herewith a copy of a message with reference to Assembly Bill No. 3515, entitled, "An act to amend Section 1732 of the Harbors and Navigation Code, relating to the Board of State Harbor Commissioners for San Francisco Harbor."

This bill, with my message relative thereto, I (through my Legislative Secretary) delivered to Arthur A. Ohnimus, Chief Clerk of the Assembly, at 4.20 o'clock p.m. on the twenty-sixth day of April, 1955, at which time your honorable body had adjourned for the day but not for the session.

Respectfully submitted.

GOODWIN J. KNIGHT, Governor

Acknowledgment of Receipt of Assembly Bill No. 3515

April 26, 1955

I acknowledge receipt this twenty-sixth day of April, 1955, at 4.20 o'clock p.m. of Assembly Bill No. 3515 without the Governor's signature, together with a statement of his objections thereto signed by the Governor, delivered to me personally by Paul Mason, Legislative Secretary to the Governor.

ARTHUR A. OHNIMUS, Chief Clerk

Veto Message From the Governor Concerning Assembly Bill No. 3515

STATE OF CALIFORNIA, GOVERNOR'S OFFICE
SACRAMENTO, April 26, 1955

To the Honorable Members of the Assembly
Sacramento, California

GENTLEMEN: I am returning herewith, without my signature,

Assembly Bill No. 3515, entitled: An act to amend Section 1732 of the Harbors and Navigation Code, relating to the Board of State Harbor Commissioners for San Francisco Harbor."

My objections to this bill are as follows:

This bill would provide for the appointment of the Manager of the Port of San Francisco for a term of four years, and would make him subject to removal only for inefficiency, neglect of duty, insubordination, or other legal reason.

I understand that when this bill was introduced there was rather strong feeling that it would be necessary to give a secure tenure to the position of port manager in order to attract a competent person to the position. Since that time the situation at the harbor has been considerably clarified.

The port manager is the executive officer of the Board of State Harbor Commissioners and the officer through whom it acts in the administration of the port. In my judgment, it would be unfair to take the port manager from the control of the board, and he should serve only so long as he carries out the policy of the board.

The bill would be inconsistent with the sound administrative rule that an agency upon which a duty is imposed should be given the facilities to carry out those duties.

Respectfully submitted.

GOODWIN J. KNIGHT, Governor

"SECTION 1. Section 1676.1 is added to the Insurance Code to read:

1676.1. On and after January 1, 1956 a certificate of convenience to act as an insurance agent shall not be issued to a person unless at least one insurer who has filed, pursuant to Section 1656, and not terminated an appointment of such person, certifies to the commissioner that he is enrolled in and will pursue a course or courses of study and instruction previously approved by the commissioner and given by the appointing insurer or by a person other than an insurer on behalf of such insurer.

Before approving such course or courses the commissioner shall be satisfied that they:

(a) In a manner designed to protect the insuring public, cover the fundamentals of insurance licensing and disciplinary laws and of the coverages included in all classes of insurance which may be transacted under a license to act as an insurance agent.

COMMUNICATIONS

The following communication was presented by Mr. Speaker, and ordered printed in the Journal:

STATE OF CALIFORNIA
DEPARTMENT OF FINANCE
SACRAMENTO 14, April 27, 1955

Honorable L. H. Lincoln
Speaker of the Assembly
State Capitol, Sacramento, California

DEAR MR. LINCOLN:

Subject: Assembly Bill 2368 by Mr. Fleury

Recent changes in the federal law now permit employees of public agencies who are members of a retirement system to participate in the Federal Old Age and Survivors Insurance Program. Three basic requirements must be met, however.

(1) State enabling legislation must be passed
(2) The legislative or governing body of each public agency seeking Old Age and Survivors Insurance coverage for its employees must authorize a referendum among its eligible employees, and
(3) An affirmative vote must be cast by the majority of the eligible employees of such public agencies or retirement system groups The federal law specifically excludes certain classes of employees such as policemen and firemen Certain other classes of employees such as elected officials may be excluded at the option of the agency which seeks coverage for its employees.

The State Legislature is now considering the enabling legislation required for this program. This legislation, contained in Assembly Bill No. 2368, is being guided by the Department of Finance in its capacity as the state agency currently designated to administer the program. Because the wishes of certain state officers and employees who may be arbitrarily included or excluded from the program have not been known, the Department of Finance has adopted the policy that no state officer or employee shall be denied arbitrarily the opportunity of obtaining coverage under the Old Age and Survivors Insurance Program. Therefore, provision has been made in Assembly Bill No. 2368 that all state employees, including elective officials and members of the Judges' and the Legislators' Retirement Systems, may elect to participate in the federal program at such time as the Legislature may further authorize. We wish to point out that once such authorization is subsequently given, and a vote has been cast by the eligible members of the system of which you are a part, those within the group will be bound by the results of such election.

This matter is being respectfully called to your attention so that you may in turn call it to the attention of the Members of the Assembly because it is possible by your action to amend this initial enabling legislation so as to exclude elective officials and other members of the Judges' and the Legislators' Retirement Systems from O.A.S.I. coverage. In such case you would be excluded from any referendum that might be held for state employees and you would not participate in any way in the O.A.S.I. program by reason of your employment by the State of California. If such amendments are introduced, the Department of Finance will not oppose them. We ask however, that such amendments be referred to us so that we may integrate them properly with the other highly technical aspects of the bill

Sincerely yours,

JOHN M. PEIRCE, Director of Finance

Amendment No. 3

On page 1, strike out lines 1 to 11, inclusive, and insert

"SECTION 1. Section 1269b of the Penal Code is amended to read:

1269b. In a municipal court, the clerk of the court shall, in the absence of a judge of said court, have authority to accept bail for the appearance before said court of any defendant charged in such court with a misdemeanor; *provided, however, that whenever a defendant has been arrested and booked for having committed a misdemeanor and is held in custody in a county jail or a city jail, the clerk of the municipal court in the judicial district wherein the defendant was arrested and booked may, prior to the filing of a formal complaint, accept bail for the appearance before said court;* provided, *however*, the amount thereof, *in either event*, shall be in accordance with a schedule of bail [in such cases] previously fixed and approved by the judges of said court unless a warrant shall have been issued for the arrest of the defendant, in which case the bail shall be in the amount fixed in the warrant; and *provided also, the bail shall be cash or a surety bond executed by a certified,* admitted surety insurer as provided in the Insurance Code of the State of California.

The authority to accept bail as in this section provided shall include authority to approve the same, to issue and sign an order for the release of the defendant, and to set a time and place for the appearance of the defendant before the appropriate division or judge of such court and give the defendant notice thereof.

SEC. 2. Section 1295 of the Penal Code is amended to read:

1295. The defendant, or any other person, at any time after an order admitting defendant to bail *or after the arrest and booking of a defendant for having committed a misdemeanor*, instead of giving bail may deposit with the clerk of the court in which defendant is held to answer *or notified to appear for arraignment*, the sum mentioned in the order, *or if no order, in accordance with the schedule of bail previously fixed by the judges of said court*, and upon delivering to the officer in whose custody defendant is a certificate of the deposit, defendant must be discharged from custody.

Whenever the defendant has been arrested and booked *for having committed a misdemeanor for which the amount of bail has been fixed in a schedule of bail by the judges of the court having jurisdiction*, [and] *or* the amount of bail *is* indorsed on the warrant *of arrest* [or fixed by order of the court] *and* does not exceed one thousand dollars ($1,000), the defendant, or any other person, may deposit with the officer in charge of the jail wherein the defendant is detained, cash in the amount of the bail [indorsed on such warrant or fixed by the order of the court] *so fixed.* Upon such deposit being made the defendant [must be] *shall be notified of the time and place to appear for arraignment and* discharged from custody. The money so deposited shall be transmitted to the judge or clerk of the court *wherein the defendant is notified to appear for arraignment or* by which the warrant was issued not later than the next business day.

SEC. 3. Section 72301 of the Government Code is amended to read:

72301. The clerk of the court or one or more deputy clerks shall be in attendance at the department at all hours of the day and night, including Sundays and holidays, and may fix and accept bail for the appearance before the court of any defendant charged in the court with an offense of which the court has jurisdiction *or whenever a defendant has been arrested and booked within the territorial limits of said judicial district for having committed a misdemeanor.* The amount of bail shall be pursuant to a schedule of bail in such cases previously fixed and approved by the judges of the court at their annual meeting. If a warrant has been issued for the arrest of the defendant, the bail shall be in the amount fixed in the warrant. The bail shall be cash, negotiable United States Treasury bonds, or a surety bond executed by a certified, admitted surety insurer as provided in the Insurance Code.

SEC. 4. This act is an urgency measure necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Sections 1269b of the Penal Code and 72301 of the Government Code grant authority to clerks of municipal courts to accept bail from persons *charged* with misdemeanors in such courts. It has been the practice to admit most misdemeanants to bail within a few hours after arrest and before the filing of a complaint. However, the Los Angeles County Counsel has recently advised, and the interpretation appears correct, that in view of the italicized language above, these sections do not grant authority to admit to bail until after a complaint has been filed.

As so interpreted these sections would impose a staggering burden on our already overcrowded jails. In the City of Los Angeles alone there were 148,662 misdemeanor arrests last year. This bill would relieve this situation by making it clear that a misdemeanant can be admitted to bail at any time after arrest and booking. This bill would also make it clear that a person may deposit cash in lieu of bail after arrest and booking for commission of a misdemeanor."

Amendments read, and adopted.

Bill ordered reprinted, engrossed, and to be re-referred to the Committee on Judiciary.

PART 4. TEMPORARY HOUSING PROJECTS LAW

CHAPTER 1. GENERAL PROVISIONS

35450. This part may be cited as the Temporary Housing Projects Law.

35451. The existing federal law contemplates the transfer of federally owned temporary housing projects to qualified public agencies without monetary consideration, except for payment for the costs of transfer and the land owned by the Federal Government in such projects.

In enacting this part, the Legislature hereby finds and declares that cities, counties, cities and counties, and housing authorities in California should be provided with standards and should have clear and explicit authority to accept the transfer, to operate and dispose of the housing consistent with conditions imposed on such transfers by federal law, and that the continued operation of such housing by cities, counties, cities and counties, and housing authorities in the State during the period of the present housing shortage is a public use and purpose for which public money may be spent and private property acquired and is a governmental function of state concern, and that the necessity in the public interest for the provisions herein enacted is hereby declared as a matter of legislative determination and of state-wide application.

35452. The definitions and general provisions contained in this chapter govern the construction of this part, unless the context otherwise requires.

35453. "Governing body" means the city council in the case of a city and the board of supervisors in the case of a county.

35454. "Area of operation" means:

(a) In the case of a city, the area embracing the territory included in a city and area within five miles of its territorial boundaries. It does not include any area which lies in the territorial boundaries of another city unless the governing body of such other city has consented by resolution. It does not include any area which lies within the unincorporated area of any county for which a housing authority has been authorized to transact business pursuant to the Housing Authorities Law.

(b) In the case of a county, the area embracing all of the territory of the county. A county shall not own or operate a temporary housing project within the boundaries of a city unless a resolution is adopted by the governing body of such city

declaring that there is a need for the county to exercise the powers granted by this part within such city.

(c) In the case of a housing authority, the area of operation prescribed for such housing authority by Sections 34208 and 34209.

35455. "Temporary housing project" means any federally owned temporary housing project or any part thereof in the State of California or any such project after the ownership has been transferred to a city, county, or housing authority. It also includes all real and personal property, assets, cash or other funds held or used in connection with the acquisition, operation, or disposition of a temporary housing project.

CHAPTER 2. ACQUISITION AND OPERATION OF TEMPORARY HOUSING PROJECTS

35480. Any city, county, or housing authority may acquire through purchase or gift any federally owned temporary housing project within the area of operation of such city, county, or housing authority, and own, operate, maintain, and dispose of such project pursuant to this part.

35481. Every city, county, or housing authority shall have all the powers necessary or convenient to carry out the purposes and provisions of this part, including the powers granted by this part or by any other provision of law.

35482. Within its area of operation and with reference to temporary housing projects, a city, county, or housing authority may contract for and accept the transfer of temporary housing projects or parts thereof from the Federal Government and operate the projects and provide for the improvements, reconstruction, alteration, repair or disposition of all or part of any existing project. This chapter does not authorize a city, county, or housing authority to construct additional dwelling units.

35483. Within its area of operation and with reference to temporary housing projects, a city, county, or housing authority may arrange and contract for the furnishing by any person or agency, public or private, of services, privileges, works, or facilities for or in connection with its project and, notwithstanding anything to the contrary contained in this part or in any other provision of law, may include in any contract let in connection with a project, stipulations, requiring that the contractor and any subcontractors comply with requirements as to minimum wages and maximum hours of labor, and comply with any conditions which may be attached to the transfer of the project from the Federal Government.

35484. Within its area of operation and with reference to temporary housing projects a city, county, or housing authority may:

(a) Lease or rent any dwellings, accommodations, lands, buildings, structures, or facilities embraced in any project, and subject to the preference provisions contained in this part or any conditions which may be imposed on the transfer of the project from the Federal Government with respect to the rental of dwellings in temporary housing projects, establish standards of eligibility for occupancy and revise the rents or charges therefor.

(b) Own, hold, and improve real or personal property.

(c) Purchase, lease, obtain options upon, acquire by gift, bequest, devise or otherwise, any real or personal property or any interest therein.

(d) Sell, lease, exchange, transfer, assign, purchase, or dispose of, any real or personal property or any interest therein.

(e) Insure or provide for the insurance of any real or personal property or operations of any projects against any risks or hazards.

(f) Employ such officers and employees, permanent and temporary, as may be required, determine their qualifications, duties and compensation, and delegate to one or more of them such powers or duties as may be necessary for the acquisition, operation, or disposition of any temporary housing project.

35485. Within its area of operation and with reference to a temporary housing project, a city, county, or housing authority may agree to any conditions required by the Federal Government pursuant to federal law as a condition to the transfer of any federally owned temporary housing project or part thereof.

35486. Within its area of operation and with reference to a temporary housing project, a city, county, or housing authority may exercise all or any part of combination of powers granted in this part. After the date this part becomes effective, no provision of any other statute or rule relating to the acquisition, operation, or disposition of property shall be applicable to the acquisition, operation, or disposition of federally owned temporary housing projects by any city, county, or housing authority, unless the Legislature shall specifically so state.

35487. The exercise by a city, county, or housing authority of the powers herein granted may be authorized by resolution of the governing body of such city, county, or housing authority, adopted by a majority of the members of its governing body present at a meeting of such governing body, which resolution may be adopted at the meeting at which such resolution was introduced. Such a resolution shall be deemed to be administrative in character and shall take effect immediately and need not be laid over, published, or posted.

35488. Cities, counties, and housing authorities may join with one another in the exercise of any or all of the powers conferred hereby for the purpose of operating a temporary housing project located within the area of operation of any one or

more of such cities, counties, or housing authorities. With the approval of the governing body of any city or county in which a temporary housing authority has been authorized to operate, any housing authority may operate, as agent or under a lease, any temporary housing project owned by any such city or county.

35489. It is hereby declared to be the policy of this State that each city, county, or housing authority shall manage and operate its projects which are subject to the provisions of this part in an efficient manner and that it shall in any event establish the rentals or payments for dwelling accommodations at rents which shall be ample to cover all costs of operation, maintenance, and disposition of such project, including amounts necessary for payments in lieu of taxes, the creation of reserves, and the payment of currently maturing installments of principal and interest on any indebtedness incurred in connection with the acquisition of land acquired for such project.

35490. Each city, county, or housing authority shall establish reserves which it determines to be reasonable for the maintenance of the project and its eventual disposition.

35491. In the selection of tenants for temporary housing projects subject to the provisions of this chapter, a city, county, or housing authority shall give preference in occupancy to families of distressed veterans and servicemen. Any city, county, or housing authority may agree to any conditions concerning preference in occupancy which may be imposed on the transfer of the project from the Federal Government.

35492. Notwithstanding the preferences required by this part, any city, county, or housing authority, may agree to give preference in occupancy to military personnel and persons engaged in national defense or mobilization activities as the Secretary of Defense or his designatee may prescribe.

35493. A temporary housing project is declared to be public property used for essential public and governmental purposes and is for a public use and purpose and involves a governmental function of state concern. As a matter of legislative determination, it is hereby found and declared that the properties involved in temporary housing projects are of such character and shall be exempt from taxation. In lieu of taxes on the property incorporated in a temporary housing project, a city, county, or housing authority may make such payments in lieu of taxes out of revenues of such temporary housing project to the taxing bodies, except that in no event shall such payments in lieu of taxes to any taxing body exceed in any year the amount which would be received by the taxing body in taxes from the temporary housing project if the temporary housing project were privately owned and subject to taxation.

CHAPTER 3. FINANCIAL PROVISIONS

35520. A city, county, or housing authority may issue notes to the Federal Government, or any agency thereof, to finance the acquisition of real property involved in a temporary housing project and execute a mortgage or deed of trust secured by the property so acquired, and by the net revenue from the project before reserves

The obligation of the city, county, or housing authority is limited to the security on the mortgage or deed of trust and is not secured by the taxing power of the city, county, or housing authority. The general fund of such city, county, or housing authority is not liable for the payment of such notes or their interest.

35521 The members of the governing body of a city, county, or housing authority, or any person executing a note authorized by this article, shall not be liable personally on any such note by reason of the issuance thereof hereunder.

35522 Notes of a city, county, or housing authority, issued pursuant to this part are declared to be issued for an essential public and governmental purpose and to be public instrumentalities and, together with interest thereon and income therefrom, shall be exempt from taxes. No other act or law with regard to the authorization or issuance of notes of a city, county, or housing authority shall be construed as applying to any proceedings taken hereunder or acts done pursuant hereto.

CHAPTER 4. DISPOSITION OF TEMPORARY HOUSING PROJECTS

35540. Any temporary housing project transferred by the Federal Government to any city, county, or housing authority, may be disposed of in whole or in part by the city, county, or housing authority, after the governing body of the city, county, or housing authority, determines by resolution that the need for the operation of the housing, or any part thereof, pursuant to the provisions of this part, has passed.

35541. Dwelling structures in any such temporary housing project shall not be disposed of for use as housing, but such dwelling structures shall be demolished.

35542. Any city, county, or housing authority, may agree to any conditions concerning the eventual disposition of the structures which are attached to the transfer from the Federal Government if such conditions are not inconsistent with the provisions of this part.

35543. In demolishing the dwelling structures in the manner required by this chapter, any city, county, or housing authority may employ its own forces, but

if the dwelling structures are to be offered for sale and demolition by contract, the contract for such sale and demolition shall be executed only after advertising and the receipt of sealed bids. The award or awards shall be made to the responsible bidder or bidders submitting the best offers.

35544. After the disposition of the housing pursuant to the provisions of this part, any part of the land included in the project may thereafter be devoted to other authorized public uses of the city, county, or housing authority. If the city, county, or housing authority, does not require the land for other public uses, the sale of the land either in its entirety or in suitable parcels shall be conducted under the laws of the State controlling the sale of other lands of the city, county, or housing authority.

35545. Upon the disposition of the housing or the sale of all or part of the land included in the project, the proceeds derived from the operation of the temporary housing project and any such disposal or sale, after the payment of any expenses incident to the sale and the liquidation of any indebtedness outstanding in relation to the temporary housing project, shall be deposited in the general fund of such city, county, or housing authority. Any housing authority may agree, notwithstanding the provisions of any other law, with any city or county in which the temporary housing project is situated or any city for which the housing authority was established to pay to the city or county any part of the net proceeds derived from the operation and disposition of such temporary housing project.

CHAPTER 5. VALIDATION

35546. Every acquisition of, transfer to and contract for the acquisition of a temporary housing project or part thereof by a city, county, or housing authority from the Federal Government and the operation and disposal of such temporary housing project and the revenues therefrom by a city, county, or housing authority heretofore completed, executed, made or done which acquisition, transfer, contract for acquisition, operation or disposal of a temporary housing project conforms to the requirements of this part is hereby validated, confirmed, ratified and declared legally effective and all acts and proceedings heretofore taken by or on behalf of any city, county, or housing authority for such acquisition, contract for the acquisition, transfer of a temporary housing project or the operation or disposal of a temporary housing project and the revenues therefrom, are hereby confirmed, validated and declared legally effective. This shall include all acts and proceedings of the governing board of such city, county, or housing authority or of any person, public officer, board or agency heretofore done or taken in connection with acquisition, contract for acquisition, transfer or operation or disposal of such a temporary housing project and the revenues therefrom. This part shall be construed to supply such legislative authorization as might have been necessary to authorize such acquisition, contract for acquisition, transfer, operation or disposal of a temporary housing project and the revenues therefrom by a city, county, or housing authority

SEC 53. The tax levied by the boards of supervisors for the purposes of the authority shall be known as the authority assessment and shall be assessed and levied, except as otherwise indicated, at the same time and in the same manner as prescribed by law for county taxes.

SEC. 54. The authority assessment in any one year shall not exceed ten cents ($0.10) on each one hundred dollars ($100) of assessed valuation of the land, exclusive of improvements, within the authority according to the last equalized assessment roll.

SEC. 55. The authority assessment shall not be levied after the thirtieth day of June, 1962.

(2) The governing body of any public agency, whether within or without the boundaries of the Counties of Alameda, San Benito or Santa Clara, may apply to the board of directors of the authority for consent to annex the corporate area of such public agency to the authority. The board of directors may grant or deny such application and in granting the same may fix the terms and conditions of such proposed annexation. Such terms and conditions may provide, among other things, for the levy by the authority of special taxes upon taxable property within such public agency in addition to the taxes elsewhere in this act authorized to be levied by the authority, and in case such terms and conditions shall provide for the levy of such special taxes, the board of directors in fixing such terms and conditions shall specify the aggregate amount to be so raised and the number of years prescribed for raising such aggregate sum, and that substantially equal annual levies will be made for the purpose of raising such sum over the period so prescribed. The action of the board of directors evidenced by resolution shall be promptly transmitted to the governing body of such applying public agency, and if such action shall grant consent to such annexation, such governing body may thereupon submit to the qualified electors of such public agency at any general or special election held therein, the proposition of such annexation subject to the terms and conditions fixed as herein provided. Upon the filing in his office of the aforesaid certificate of proceedings the Secretary of State shall, within ten (10) days, issue his certificate, reciting the filing of said papers in his office and the annexation of the corporate area of such public agency to the authority. The Secretary of State shall transmit the original of his certificate to the secretary of the authority and shall forward a certified copy thereof to the county clerk of the counties in which the authority is situated

SEC. 52 The original inclusion within or the later annexation to the authority of the corporate area of any public agency shall not destroy the identity or legal existence or impair the powers of such public agency notwithstanding the identity of purpose or substantial identity of purpose of the authority.

PART 6. EXCLUSION

SEC. 61. Territory may be excluded from the authority by the following method:

(1) The governing body of any member agency shall, by resolution adopted by not less than four-fifths vote, determine and declare that the public interest demands the withdrawal of said member agency from the authority.

(2) Said governing body shall thereupon submit to the qualified electors of such member agency at any general or special election held therein the proposition of such withdrawal. Notice of such election shall be given in the manner and for the time provided by law for notice of annexation elections in such member agency; provided, that said governing body may shorten the time of notice of such election to a period of 30 days. Such election shall be conducted and the returns thereof canvassed in the manner provided by law for annexation elections in such member agency. If such proposition shall receive the affirmative vote of more than 60 percent of the registered and qualified electors of such member agency the governing body of such member agency shall certify the result of such election on said proposition to the board of directors of the authority. A certificate of proceedings hereunder shall be made by the secretary of the authority and filed with the Secretary of State. Upon the filing thereof in the Office of the Secretary of State the corporate area of such member agency shall cease to be a part of the authority; provided, that the corporate area of such former member agency shall be and remain liable for any authority assessment already levied pursuant hereto.

PART 7 DISSOLUTION

SEC. 71. The authority may be dissolved by the board of supervisors of the principal county as hereinafter provided:

(1) The board of directors of the authority shall by resolution adopted by not less than four-fifths vote, request the board of supervisors of the principal county for dissolution of the authority.

(2) The board of supervisors of the principal county shall thereupon submit to the qualified electors of the authority at any general or special election held therein, the proposition of such dissolution in accordance with the general election laws, except as otherwise herein provided Said election shall be noticed by publication once a week for three weeks in a newspaper of general circulation in each of the counties wherein any portion of the authority lies The cost of publication of the notice shall be paid by the principal county and shall be a county charge. The notice shall appear on at least three different days prior to the date of election, and the first publication shall be at least 15 days prior to the election. The board of supervisors of the principal county shall meet on the first Monday following the election and canvass the votes.

(3) If the proposition for dissolution shall receive the affirmative votes of more than 60 percent of the electors voting at such election the board of supervisors shall make and declare an order declaring the authority dissolved and thereupon the authority is dissolved.

SEC. 72. The board of supervisors of the principal county shall wind up the affairs of the dissolved authority and may do anything necessary to accomplish that purpose.

SEC. 73. If, upon dissolution, there are any outstanding obligations of the authority the board of supervisors of the principal county shall determine the amount of the assessments required to be levied to pay such outstanding obligations and the boards of supervisors of each county in which any part of the authority lies shall levy assessments sufficient to pay their respective proportion of the outstanding obligations.

SEC. 74. Upon completion of the winding up of the affairs of the authority the real property of the authority shall become the property of the member agency of the authority in which such real property is situated. Real property of the authority situate outside the authority and the personal property of the authority shall be sold by the board of supervisors of the principal county and the proceeds of such sale and any other money of the authority remaining after the payment of all the obligations of the authority shall be paid to the general funds of the member agencies in the proportion which the assessed value of the land in such member agency bears to the total assessed value of land within the authority as determined by the last assessment rolls.

PART 8. OTHER PROVISIONS

SEC. 101. If any provision of this act or the application thereof to any person or circumstances is held invalid, such invalidity shall not affect other provisions or applications of the act which can be given effect without the invalid provision or application, and to this end the provisions of this act are severable.

SEC. 102. This act is an urgency measure necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The public agencies within the area of water shortage in the Counties of Alameda, San Benito and Santa Clara must take immediate action to organize in order to be in a position to make and complete applications to appropriate unappropriated waters originating outside said area before the possibility of securing such appropriative rights is lost forever. The end of local supplies of water for irrigation and industrial use is in sight and a shortage in domestic supply may follow. An outside source of water is absolutely vital to the people of the affected areas of these three counties. To protect the underground basin and to insure an adequate supply of pure water and so preserve the public health and safety the immediate availability of this act is essential.

PRAYER

The following prayer was offered by the Chaplain, Rev. William C. Pearson:

Eternal Father, Strong to save, we thank Thee that across life's troubled sea comes the assurance: I will never leave Thee nor forsake Thee. Underneath are the everlasting arms of power and unchanging goodness. Let Thy blessing rest upon the Assembly as the members apply themselves to the tasks and problems now confronting them. Thy spirit alone can dissolve differences and produce accord. Let it be our pride to serve the people with free minds and warm hearts, and inspire us with those plain and heroic virtues out of which good men and great souls are fashioned. In Christ's name.—AMEN

MESSAGES FROM THE GOVERNOR

STATE OF CALIFORNIA, GOVERNOR'S OFFICE
SACRAMENTO, May 2, 1955

To the Assembly of the State of California
Sacramento, California

GENTLEMEN: I am transmitting to you herewith a copy of a message with reference to Assembly Bill No. 2554, entitled, "An act to add Section 2007.1 to the Welfare and Institutions Code, relating to aid to the aged"

This bill, with my message relative thereto, I (through my Legislative Secretary) delivered to Mr. Arthur A. Ohnimus, Chief Clerk of the Assembly at 4:40 o'clock p.m. on the second day of May, 1955, at which time your honorable body had adjourned for the day but not for the session.

Respectfully submitted.

HAROLD J. POWERS, Acting Governor

Acknowledgment of Receipt of Assembly Bill No. 2554

May 2, 1955

I acknowledge receipt this second day of May, 1955, at 4:40 o'clock p.m. of Assembly Bill No. 2554 without the Acting Governor's signature, together with a statement of his objections thereto signed by the Acting Governor, delivered to me personally by Paul Mason, Legislative Secretary to the Acting Governor.

ARTHUR A. OHNIMUS, Chief Clerk of the Assembly

Veto Message Concerning Assembly Bill No. 2554

STATE OF CALIFORNIA, GOVERNOR'S OFFICE
SACRAMENTO, May 2, 1955

To the Honorable Members of the Assembly
Sacramento, California

GENTLEMEN: I am returning herewith, without my signature,

Assembly Bill No. 2554, entitled: "An act to add Section 2007.1 to the Welfare and Institutions Code, relating to aid to the aged."

Assembly Bill No. 2554, as last amended, prohibits any person administering aged aid from demanding that a recipient of such aid sign any checks, or other documents transferring his property to the county, as reimbursement for overpayment of aid made to the recipient unless the recipient is accompanied by a relative or representative of his own choosing, or by the public administrator if the recipient desires the assistance of that official, at all times the demand for reimbursement is discussed with him, and at the time he signs or delivers any instrument or paper by way of reimbursement. The bill further provides that if the recipient fails to name a representative and fails to make arrangements with the county to discuss the matter of overpayment within 15 days after notification of his rights under the bill, the county may proceed with its demand for repayment.

Everyone concerned with the bill appears to agree that our older people should be given every protection possible in these matters, and that it is advisable to provide in the law that a person who may be called upon to return funds will have a clear right to bring in a person of his choosing to be present when any action is taken to return funds. The public administrators and the supervisors of a number of the counties object that the specific provisions of the bill, particularly with reference to the right to require the attendance of a public administrator, will be difficult to administer.

I have discussed the bill with its sponsors and they agree with me that it would be better to introduce a new bill and undertake to work out the procedural provisions in the new bill to the satisfaction of all persons concerned. In view of this fact, the principal sponsors agree with me that it is best to veto this bill.

Respectfully submitted.

HAROLD J. POWERS, Acting Governor
