COMMUNICATIONS

The following communication was presented by Mr. Speaker and ordered printed in the Journal:

ASSEMBLY, CALIFORNIA LEGISLATURE
SACRAMENTO, May 12, 1955

The Honorable L. H. Lincoln
Speaker, the Assembly
California Legislature
State Capitol, Sacramento, California

DEAR MR. SPEAKER: For 10 years, which included some 20 regular and special sessions, the Assembly of the California Legislature has honored me by electing me **its Minute Clerk.**

This opportunity in the field of political science has been personally rewarding as I have enjoyed the mental challenge involved in my work and the acquaintanceship and friendships of many worthwhile persons.

Hence, it is with reluctance that I respectfully ask this distinguished body to grant me relief from my post of duty at the close of the business day on Sunday, May 15th, because a new work opportunity has been offered me in Los Angeles, where I make my home.

I have been appointed Assistant Deputy Director of Civil Defense for Los Angeles, in charge of women's activities and desire to transfer to this new assignment at the earliest possible moment.

If I felt that I were in any way leaving at an inopportune time I would not ask for this release but Geoffrey Cook, who has so ably assisted us this session, is eminently qualified to carry on in my place. He is a fine chap and will do an excellent job with the loyal and conscientious assistance of Lillian Slater, who also has done fine work in the years she has been with us.

The air raid alert of last week focused attention upon the need for efficient civilian organization in case of a major emergency, and as organizational work has in past years been my specialty, this new opportunity will bring with it a chance to demonstrate executive, administrative and leadership abilities.

Please extend to all Members of the Assembly, to the officers, attaches and the legislative group in general, my sincere appreciation for the many courtesies, and

the warm friendships, extended to me the past many years, and especially during a recent serious illness.

My kindest thoughts are with everyone. I anticipate frequent return visits to Sacramento so will look forward to seeing everyone again, from time to time.

My gratitude for many kindnesses.

Cordially yours,

GERALDINE B. HADSELL, Minute Clerk

House Resolution No. 157

Relative to congratulating Miss Geraldine Hadsell upon her retirement as Minute Clerk of the Assembly

WHEREAS, Miss Geraldine Hadsell is resigning at the end of this week as Minute Clerk of the Assembly; and

WHEREAS, Miss Hadsell has been an untiring worker in the behalf of the Republican Party both at the state and the national levels, serving on innumerable committees, often as the president or chairman thereof, and taking an active part in all party campigns; and

WHEREAS, This remarkable woman has in addition found time to lend her time, energy, and tremendous ability to many worthwhile civic activities in this State, and is a leader in state-wide activities of Business and Professonal Women's Clubs, and

WHEREAS, Being of early American stock, with her forebears arriving in the New England States from England in 1635 and her ancestors playing an important part in colonial history, it is no surprise that Geraldine Hadsell has spoken out time and time again against un-American activities and has fought subversive activities with all the powers at her command; and

WHEREAS, Miss Hadsell is the only woman in the State who is an elected officer of the Legislature, having been elected as Minute Clerk of the Assembly at 20 regular and special sessions by the Members of the Assembly; and

WHEREAS, As Minute Clerk, Miss Hadsell has had the tremendous responsibility of recording all floor actions and turning out a daily volume of the Assembly Daily Journal, which is to California and our Legislature what the Congressional Record is to the United States Congress and the Nation; and

WHEREAS, Since 1945, when she commenced her work with the Legislature here in Sacramento, Miss Hadsell has seen many legislators come and go and has served them all not only efficiently, but with such a measure of kindliness and personal regard that she has endeared herself to all of us who have worked with her during the always hectic and busy sessions of the Legislature; and

WHEREAS, Miss Hadsell now leaves us to take a position as Deputy Director of Civil Defense for Los Angeles, in charge of women's activities, which position we know Miss Hadsell will fill ably; and

WHEREAS, Her departure from the Assembly means more than the loss of a loyal and capable worker, which is a loss which will be difficult to replace; it means the loss of a close and dear friend of all of us, which is a loss which will be impossible to replace; now, therefore, be it

Resolved by the Assembly of the State of California, That the members of this body express their deep felt appreciation to Miss Geraldine Hadsell for the outstanding service she has rendered to this Assembly, the members thereof, and to the people of the State of California, and extend to her their sincere wishes for success and happiness in her future venture; and be it further

Resolved, That the Chief Clerk of the Assembly be directed to transmit to Miss Hadsell a suitably prepared copy of this resolution.

Resolution read, as amended, and adopted unanimously.

MESSAGES FROM THE GOVERNOR

Acknowledgment of Receipt of Assembly Bill No. 1519

May 13, 1955

I acknowledge receipt this 13th day of May, 1955, at 11 30 o'clock a.m. of Assembly Bill No 1519 without the Governor's signature, together with a statement of his objections thereto signed by the Governor, delivered to me personally by Paul Mason, Legislative Secretary to the Governor.

ARTHUR A. OHNIMUS, Chief Clerk of the Assembly

Governor's Veto Message Concerning Assembly Bill No. 1519

STATE OF CALIFORNIA, GOVERNOR'S OFFICE
SACRAMENTO, May 13, 1955

To the Honorable Members of the Assembly
Sacramento, California

GENTLEMEN. I am returning herewith, without my signature,

Assembly Bill No. 1519, entitled: "An act to add Section 69751 to the Government Code, relating to sessions of the superior court in places other than the county seat".

My objections to this bill are as follows:

This bill, I am told, is intended to provide for an additional branch of the Superior Court of the County of Los Angeles in Beverly Hills. The bill itself, however, is far broader, and it is impossible to determine what its present or future results would be. It does set a new and more liberal formula by which to determine whether additional branches of the superior court are to be established.

I have been requested by a unanimous vote of the Board of Supervisors of Los Angeles County to disapprove Assembly Bill No. 1519, and since the board of supervisors is responsible for establishing and maintaining court facilities of Los Angeles County, and must provide the money to pay the costs of the additional branch court, that request is entitled to very substantial weight.

The estimate of the County Administrators Office of Los Angeles is that the additional branch of the court would cost the County of Los Angeles $150,000 to build the necessary courthouse, $50,000 additional to equip it, and $65,000 per year thereafter to pay the operating costs.

I have likewise been asked by judges of the superior court, including the presiding judge, to veto the bill. One-judge courts have proved to be very inefficient in handling judicial work because it is impossible to schedule the flow of work in a single judge court in a manner to efficiently use the time of the judge.

Since no additional judges are provided by the act, the effect of this act would be to take one judge from the county seat and set him up in a one-judge court, placing an additional burden on the administration of justice in Los Angeles County.

This is not a new bill. It was before the 1953 Session of the Legislature, and was not approved by the Governor at that time.

It is argued that it is necessary for the convenience of the people of the area that they have a court in their own community. This claim does not appear to be supported by the record in Los Angeles County The planning commission of the county estimates that 74 percent of the population of the county resides in districts covered by branch courts, yet in 1954 only 16 percent of the civil cases were filed in the same branch courts. It is true that there is a higher percentage of probate filings, particularly divorce, annulment and separate maintenance cases in the branch courts.

The center of Beverly Hills is seven miles from Santa Monica where there is now established a branch court of three judges and which, I am informed, is well able

to handle any court business arising in Beverly Hills. There appears to be no general support from the people of Beverly Hills for the court, although several of the lawyers of the area have asked me to approve the bill.

While I recognize the establishment of a new branch of the superior court in Beverly Hills would be a convenience to the attorneys having offices in that immediate area, I feel that a broader consideration of the general good and, in particular, the efficiency of the Superior Courts of Los Angeles County, requires that the bill be not approved.

Respectfully submitted.

GOODWIN J. KNIGHT, Governor

"SECTION 1. Section 2020 of the Welfare and Institutions Code is amended to read:

2020. [Amount of aid allowed.] The amount of aid to which any applicant shall be entitled shall be, when added to the income (including the value of currently used resources, but excepting casual income and inconsequential resources) of the

applicant from all other sources, [seventy-five dollars ($75)] *ninety dollars ($90)* per month. [If, however, in any case it is found the actual need of an applicant exceeds seventy-five dollars ($75) per month, such applicant shall be entitled to receive aid in an amount, not to exceed seventy-five dollars ($75) per month, which when added to his income (including the value of currently used resources, but excepting casual income and inconsequential resources) from all other sources, shall equal his actual need.]

The State Department of Social Welfare may provide by rule that any change in grant for an amount of two dollars ($2) or less may be delayed for not more than two months beyond the month in which the recipient reported the change in circumstances.

The amount of aid herein allowed is intended to assist the applicant in securing not only the more common necessaries of life, but also in securing basic medical care. If, however, in any case it is found the actual need of the applicant or recipient for extraordinary medical needs is not adequately provided for by the said amount, the applicant or recipient shall be entitled to receive an additional amount of aid pursuant to Section 2020.002.

SEC. 2. Section 2020.002 is added to said code, to read:

2020.002. "Extraordinary medical needs" as used in Section 2020 means the needs of an applicant or recipient for unusual care, supervision, or treatment by licensed practitioners of medicine or the healing arts, special needs for nursing care or supervision, need for hospitalization or prolonged care in a nursing or boarding home, and needs for medicine, drugs, special foods and prosthetic appliances. The additional moneys paid to any applicant or recipient for extraordinary medical needs under Section 2020 shall be paid from the fund provided for by Section 2026, known as the Old Age Assistance Health Fund, and shall be paid pursuant to rules and regulations of the Social Welfare Board, which rules and regulations shall define "extraordinary medical needs" in accordance with this section and which shall provide for the manner of determining and paying, in a manner by which the recipients will share according to their actual needs to the extent of available funds, the additional amounts when in any case the applicant or recipient is entitled to additional aid under this section.

SEC. 3. Section 2026 is added to said code, to read:

2026. There is hereby created a special fund in the State Treasury, to be known as the Old Age Assistance Health Fund. All moneys received for deposit to the said fund pursuant to any section of this code shall, on order of the State Controller, be deposited in the Old Age Assistance Health Fund.

SEC. 4. Section 2026.1 is added to said code, to read:

2026.1. Payments for extraordinary medical needs shall be made exclusively from the Old Age Assistance Health Fund, which fund shall consist of deposits received pursuant to Section 2017 and other provisions pertinent thereto, and in addition such funds as the Legislature shall appropriate from time to time to provide sufficient moneys to allow expenditures from the said fund for extraordinary medical needs as may be necessary. State appropriations, however, shall be made only to the extent necessary to equal the deficiency, if any, between the sum equal to sixty dollars ($60) per year times the average number of persons receiving old age assistance during the preceding calendar year and the amount received pursuant to Section 2017. Each county shall reimburse the State one-seventh of its pro rata share of any appropriation made to the said fund by the State on the basis of the average number of persons receiving aid to the aged in the county during the period of time for which the State Appropriation is calculated.

SEC. 5. Section 2026.2 is added to said code, to read:

2026.2. Out of the Old Age Assistance Health Fund there is hereby appropriated to the Department of Social Welfare the amounts necessary to reimburse the counties for additional assistance paid to or for recipients of aid to the aged for extraordinary medical needs.

SEC. 6. Section 2017 is added to said code, to read:

2017. Every person who receives aid under this chapter shall, as a condition for the receipt of such aid, enter into and execute a written agreement with the county granting the aid, which agreement shall provide that in consideration of the receipt of aid on and after October 1, 1955, the recipient agrees and promises that if he then owns or shall thereafter own any real property or interest in real property, the amount of aid granted him on and after the said date shall be paid to the Old Age Assistance Health Fund out of the proceeds of the said property upon his death or upon the later death of his surviving spouse or other dependent relative who is in possession of the real property or interest therein after the death of the recipient, and that the agreement shall constitute a charge upon any of such property owned by the recipient as security for the eventual enforcement of such payment to the Old Age Assistance Health Fund and as an equitable encumbrance subject only in priority to any prior bona fide lien or encumbrance that exists upon such property.

The agreement shall be acknowledged by the recipient in the same manner a grant of real property is acknowledged, and the county shall forthwith cause the agreement to be recorded in each and every county or other jurisdiction in which the recipient then or thereafter owns real property.

SEC. 7. Section 2017.1 is added to said code, to read:

2017.1. The agreement shall contain the recital that repayment of aid pursuant to the agreement is for the limited purpose of deposit in the Old Age Assistance Health Fund, for repayment to the Federal Government of any sums which shall by reason of such repayment be due and owing to the Federal Government, and for the uses and purposes of the Old Age Assistance Health Fund, as a means of mutual assistance among the aged persons of this State receiving aid under this chapter, for serving the health needs of such persons, for the better protection and health of those persons who share the health problems created by advancing age and the necessity for increased care and protection under circumstances in which they cannot afford to provide out of their own resources the costs of such care and protection.

The agreement shall contain the further recital that it is expressly intended to cover the real property of the recipient only, for the reason that the ownership of personal property by persons receiving old age assistance is limited by law to such extent as a condition of eligibility for such assistance that a plan for a repayment of aid from the proceeds of personal property would not be feasible, and the cost of administration of such plan would be so high as to overcome any practical benefits that might accrue thereby to the maintenance of the Old Age Assistance Health Fund The recital shall state that the Legislature by enactment of these sections does not intend to discriminate against those persons who own real property, but is guided in the enactment of these sections by the practical necessity of providing for payment only from those persons who have the resources to make such payment in a practical manner.

SEC. 8. Section 2017.2 is added to said code, to read:

2017 2. The agreement specified in Section 2017 shall be executed upon a form prescribed by the Director of Social Welfare, with the advice and assistance of the Attorney General. As to property or interest in property held in joint tenancy by the recipient and any other person, the agreement shall provide for the execution by the recipient of all instruments necessary to sever such joint tenancy interest so that the recipient thereafter holds the said interest as a tenant in common subject to the charge created by the agreement, unless the other joint tenant joins in making said agreement and agrees to the creation and enforcement of the charge for the amount of aid received against the interest of the recipient in the property upon the date of his death, regardless of the survivorship of the other joint tenant, or unless the other joint tenant is the spouse of the recipient and such spouse also agrees that the charge upon the recipient's interest in favor of the Old Age Assistance Health Fund shall attach to the property until the death of the surviving joint tenant and then be enforceable, at the time provided in these sections, in favor of the Old Age Assistance Health Fund.

As to property or interest in property owned by the recipient subject to a homestead declared under the provisions of the Civil Code, aid shall not be granted to the recipient unless the spouse of the recipient joins in the said agreement and both parties agree that upon the death of the survivor of them the value of any interest in any property owned by the recipient subject to such homestead at the date of his death shall be subject to the charge provided in the agreement for repayment of aid received by the recipient.

SEC 9. Section 2017 3 is added to said code, to read:

2017 3. The agreement shall provide that any person interested in the property, whether as heir, devisee, or owner of any interest under agreement or other transaction with the recipient, which is subject to the charge in favor of the Old Age Assistance Health Fund, may at any time after the death of the recipient cancel the said charge by paying to the county treasurer for transmittal and deposit in the Old Age Assistance Health Fund the amount of aid actually paid for which the charge is security.

SEC. 10. Section 2017.4 is added to said code, to read:

2017 4. Nothing in this code shall be construed to prevent or hinder a recipient of aid in providing for the maintenance of his surviving spouse or other dependent relative out of any estate owned by him at the time of his death, and no charge provided by any agreement executed pursuant to Section 2017 shall be enforceable for repayment of aid from the property or the proceeds of property which descends by probate distribution, survivorship, termination of joint tenancy, life estate, or homestead, or otherwise, to the surviving spouse or other dependent relative of a recipient of aid during the lifetime of such surviving spouse or during the dependency of such other relative. Any charge created pursuant to such agreement which attaches to property held or enjoyed by such surviving spouse or dependent relative after the death of the recipient shall remain subject to the charge and enforcement of the charge upon the death of the surviving spouse or the cessation of dependency of such other relative.

The charges against property provided for by any agreement pursuant to Section 2017, when enforceable, may be enforced by the county by demand for payment made

upon the persons who claim the ownership or possession, or both, of the property, and, if necessary, by the filing of a complaint in the superior court, addressed to the equitable powers of the court, praying that the charge in favor of the county and the amount thereof be judicially established, and that the property be disposed of by direction of the court in any manner provided by law for the enforcement of equitable encumbrances.

SEC. 11. Section 2160.4 is added to said code, to read:

2160.4. Notwithstanding any provision of subdivision (b) of Section 2160 to the contrary, aid shall be granted to any person who has lived in the United States continuously for 25 years at time of making application, if he satisfies the other requirements of law.

SEC. 12. Section 2164 of said code is amended to read:

2164. No aid under this chapter shall be granted or paid to any person who owns real property the assessed value of which as assessed by the county assessor, less all encumbrances thereon of record, exceeds [three thousand five hundred dollars ($3,500)] *five thousand dollars ($5,000)*. Real property owned but not occupied as a home by an applicant or recipient shall be utilized to provide for the needs of the applicant or recipient.

SEC. 13. Section 2165 of said code is amended to read:

2165. No aid under this chapter shall be granted or paid to any married person, if the assessed value of the combined real property of the husband and wife, as assessed by the county assessor. less all encumbrances thereon of record, exceeds [three thousand five hundred dollars ($3,500)] *five thousand dollars ($5,000)*.

SEC. 14. Section 663 of the Probate Code is amended to read:

663. If the homestead selected by the husband and wife, or either of them, during their coverture, and recorded while both were living, was selected from the community property, or from the separate property of the person selecting or joining in the selection of the same, and if the surviving spouse has not conveyed the homestead to the other spouse by a recorded conveyance which failed to expressly reserve his homestead rights as provided by Section 1242 of the Civil Code, the homestead vests, on the death of either spouse, absolutely in the survivor.

If the homestead was selected from the separate property of the decedent without his consent, or if the surviving spouse has conveyed the homestead to the other spouse by a conveyance which failed to expressly reserve homestead rights as provided by Section 1242 of the Civil Code, the homestead vests, on death, in his heirs or devisees, subject to the power of the court to set it apart for a limited period to the family of the decedent as hereinabove provided. In either case the homestead is not subject to the payment of any debt or liability existing against the spouses or either of them, at the time of the death of either, except as provided in the Civil Code, *and except as provided in any agreement executed pursuant to Section 2017 of the Welfare and Institutions Code.*

SEC. 15. Section 2020.003 is added to the Welfare and Institutions Code, to read:

2020.003. If in any case it is found that an applicant or recipient has non-medical needs which would amount to serious hardship if not met, and which are not provided for in his aid granted under Section 2020, such applicant or recipient shall be entitled to receive aid in an amount, not exceeding a total of ninety dollars ($90) a month, which when added to his income (including the value of currently used resources but excepting casual income and inconsequential resources) from all other sources, shall include provision for such non-medical hardship needs. The total amount of extra aid allowed under this section, however, shall not exceed the sum of two hundred fifty thousand dollars ($250,000) per month. The State Department of Social Welfare shall provide rules and regulations for the administration of the provisions of this section.

This section shall remain in effect only until the ninety-first day after adjournment of the 1957 Regular Session of the Legislature.

SEC. 16. This act shall become operative on the first day of the first calendar month next succeeding its effective date, unless its effective date is the first day of a calendar month, in which case this act shall become operative on its effective date."

UNANIMOUS CONSENT REQUEST TO PRINT REMARKS IN JOURNAL

Mr. Thomas J. Doyle asked for, and was granted, unanimous consent that Mrs. Davis' remarks relative to the passing of the late Senator Dale C. Williams be printed in the Journal.

REMARKS BY ASSEMBLYWOMAN PAULINE L. DAVIS

Mr. Speaker and Members of the Assembly:

I am not accustomed to speaking on memorial resolutions and I am sure you fully understand my position as to why I do not take the floor and voice what is in my heart at the time memorial resolutions are read.

However, once again sorrow has entered not only into this Assembly Chamber, but into the First Senatorial District of the State of California in the Counties of Lassen, Modoc, and Plumas, because we have lost a real friend, a devoted public servant, in the passing of Senator Dale C. Williams of Alturas.

His career as a State Senator was short, having been elected in 1953, when Senator Harold J. Powers became the Lieutenant Governor, being elevated to the position held by Goodwin J Knight who succeeded Earl Warren as Governor when Mr. Warren became the Chief Justice of the United States.

For almost 10 years, I have known this friend and his family. It is indeed difficult, sometimes, for us to understand why a young man of

35 would be taken, leaving behind a lovely young wife and three very small children. I am sure that in many of our hearts, and particularly in the hearts of the members of Senator Williams' family, we are asking that which everyone who loses a loved one asks, and that is the question, "Why?"

"Not until each loom is silent,
And the shuttles cease to fly,
Will God unroll the pattern
And explain the reason why
The dark threads are as needful
In the Weaver's skillful hand,
As the threads of gold and silver,
For the pattern which He planned."

Mr. Speaker and members, may I request that when we adjourn today we do so in the memory and in respect for Senator Dale Williams.

ANNOUNCEMENT

Acting Speaker McGee announced that the Select Committee appointed to attend the funeral services of the late Senator Dale C. Williams had been unable to do so, due to bad flying weather in the Alturas area; and expressed the sympathy of the Assembly to the family of the late Senator Dale C. Williams; and the regrets of the committee for said failure to attend the services.

UNANIMOUS CONSENT REQUEST TO PRINT OPINION OF THE LEGISLATIVE COUNSEL IN JOURNAL

Mr. Brady asked for, and was granted, unanimous consent that the following opinion of the Legislative Counsel be printed in the Journal:

OPINION OF LEGISLATIVE COUNSEL

STATE OF CALIFORNIA
OFFICE OF LEGISLATIVE COUNSEL
SACRAMENTO, CALIFORNIA, May 16, 1955

Honorable Bernard R. Brady
Assembly Chamber

Attendance of Members at Funerals—No. 11589

DEAR MR. BRADY: You have asked us whether there is a duty on the part of the Assembly Committee on Rules or the Legislative Process Committee to ascertain what transportation was used by a Member of the Assembly or whether he was given transportation without charge when a claim for mileage is submitted to such committee by a member who had been designated by the Speaker as a representative of the Assembly to attend a funeral.

It is our opinion that there is no duty on the part of a committee to whom such a claim is submitted to ascertain either the method of transportation or the amount, if any, that the member actually expended in making the necessary trip. Under the Rules, the member is entitled to mileage at the fixed rate of 10 cents a mile, and it is immaterial whether he actually expended more or less than that amount or that he may have been provided with transportation without charge for the particular trip.

Assembly Standing Rule 21 provides that Members of the Assembly who are designated to attend funerals as representatives of the Assembly are entitled to mileage as provided by the Joint Rules for members of investigating committees. Joint Rule 36 provides for a mileage allowance of 10 cents per mile, each way, incurred in connection with their services.

Unlike the allowance for living expenses, where the actual and necessary expenses or a fixed amount in lieu thereof may be claimed, in the case of mileage there is no provision whereby the member can claim his actual expense for transportation. The Legislature has fixed a flat sum to be paid for each mile traveled without regard to the actual and necessary outlay for transportation and without regard to whether such amount is more or less than the flat rate so fixed

The allowance of flat sums as mileage is by no means unusual and the fact that on any particular trip a loss or gain would result is of no consequence.

In holding that an allowance of 10 cents per mile for transporting insane persons to state hospitals was not part of a sheriff's "salary or emolument" the court in *Scharrenbroich* vs. *Lewis and Clarke County* (Mont. 1905), 83 Pac. 482, said that "the Legislature probably understood that the expenses averaged about 10 cents per mile * * * and that in some cases sheriffs saved something honestly, and in other cases they lost," but that "whether loss or gain, it was for the Legislature to say how much they should have to meet expenses."

In sustaining an allowance of 20 cents per mile to a state attorney in lieu of all actual and necessary expenses when he used his own automobile in traveling, the court in *Clark* vs. *Board of Commissioners* (S.D. 1936), 267 N.W. 138, said the provision "was adopted by the Legislature as a method of computing what should be paid to him to cover his actual and necessary expenditures upon official business instead of requiring the keeping of a precise record of all expenditures in detail * * *."

Similarly, in sustaining a fixed rate per mile for use of an automobile in performance of official duties the court in *Taxpayers League* vs. *McPherson* (Wyo. 1936), 54 Pac. 2d 897, after reviewing the decisions on the subject, said "It seems to us entirely proper for the Legislature, under such circumstances, to fix an arbitrary lump sum, which they thought would fairly and ordinarily reimburse both state and county officers for such use," and that the allowed payment was solely "an estimated recompense."

We believe the same principle which appears in the language quoted from the decisions of the courts above is applicable to your question. It follows that the amount of money actually expended by the legislator for traveling is immaterial and that he is entitled to receive the stated mileage irrespective of whether he travels by air, train, or bus publicly or privately owned, or any combination thereof, and irrespective of whether he pays an amount equal to the mileage allowance for such transportation, or whether he makes the particular trip as a guest without any cash outlay.

Very truly yours,

RALPH N. KLEPS, Legislative Counsel
By LAWRENCE G. ALLYN, Deputy

It does not exclude the continuance of existing buildings or uses whose demolition and rebuilding or change of use are not deemed essential to the renewal and rehabilitation of the area. It may include:

(a) Acquisition of the real property in a project area by an agency unless any such property is retained by the owners thereof for use or improvement, or both, by them in accordance with the urban renewal plan, as provided in this part.

(b) Demolition and removal of improvements.

(c) Installation, construction, or reconstruction of streets, utilities, parks, playgrounds, and other improvements necessary to carry out the urban renewal plan

(1) The areas are stagnant or improperly utilized because of defective or inadequate street layout, faulty lot layout in relation to size, shape, accessibility, or usefulness, or for other causes.

(2) The areas require replanning and land assembly for reclamation or urban renewal in the interest of the general welfare because of widely scattered ownership, tax delinquency, or other reasons.

37015. "Rehabilitation" or "conservation" may include the restoration and renewal of a blighted, deteriorated, or deteriorating area by:

(a) Carrying out plans for a program of voluntary or compulsory repair and rehabilitation of buildings or other improvements in accordance with the urban renewal plan;

(b) Acquisition of certain real property and demolition or removal of buildings and improvements thereon where necessary to eliminate unhealthful, insanitary or unsafe conditions, lessen density, eliminate obsolete or other uses detrimental to the public welfare, or to otherwise remove or prevent the spread of blight or deterioration, or to provide land for needed public facilities;

(d) Disposing of any real property acquired to private enterprise or public agencies for use in accordance with an urban renewal plan.

37016. "Urban renewal plan" means a plan for the urban renewal of a project area.

37017. "Urban renewal project" means an undertaking of an agency pursuant to an urban renewal plan as provided in this part.

37018. "State" includes any state agency or instrumentality.

Article 2. Declaration of State Policy

37040. It is found and declared that there exist in many communities blighted areas which constitute either social or economic liabilities, or both, requiring urban renewal in the interest of health, safety, and general welfare of the people of such communities and of the State. These blighted areas are characterized by one or more of the conditions set forth in Sections 37041 to 37044, inclusive.

37041. A blighted area is characterized by the existence of buildings and structures, used or intended to be used for living, commercial, industrial, or other purposes, or any combination of such uses, which are unfit or unsafe to occupy for such purposes and are conducive to ill health, transmission of disease, infant mortality,

juvenile delinquency, and crime because of any one or a combination of the following factors:

(a) Defective design and character of physical construction.

(b) Faulty interior arrangement and exterior spacing.

(c) High density of population and overcrowding.

(d) Inadequate provision for ventilation, light, sanitation, open spaces, and recreation facilities.

(e) Age, obsolescence, deterioration, dilapidation, mixed character, or shifting of uses.

37042. A blighted area is characterized by:

(a) An economic dislocation, deterioration, or disuse, resulting from faulty planning.

(b) The subdividing and sale of lots of irregular form and shape and inadequate size for proper usefulness and development.

(c) The laying out of lots in disregard of the contours and other physical characteristics of the ground and surrounding conditions.

(d) The existence of inadequate streets, open spaces, and utilities.

(e) The existence of lots or other areas which are submerged or subject to being submerged by water.

37043. A blighted area is characterized by a prevalence of depreciated values, impaired investments, and social and economic maladjustment to such an extent that the capacity to pay taxes is reduced and tax receipts are inadequate for the cost of public services rendered.

37044. A blighted area is characterized by:

(a) In some parts of the blighted area, a growing or total lack of proper utilization of areas, resulting in a stagnant and unproductive condition of land potentially useful and valuable for contributing to the public health, safety, and welfare.

(b) In other parts of the blighted area, a loss of population and reduction of proper utilization of the area, resulting in its further deterioration and added costs to the taxpayer for the creation of new public facilities and services elsewhere.

37045 It is further found and declared that:

(a) The existence of blighted areas characterized by any or all of such conditions constitutes a serious and growing menace which is condemned as injurious and inimical to the public health, safety, and welfare of the people of the communities in which they exist and of the people of the State.

(b) Such blighted areas present difficulties and handicaps which are beyond remedy and control solely by regulatory processes in the exercise of the police power.

(c) They contribute substantially and increasingly to the problems of, and necessitate excessive and disproportionate expenditures for, crime prevention, correction, prosecution, and punishment the treatment of juvenile delinquency, the preservation of the public health and safety, and the maintaining of adequate police, fire, and accident protection and other public services and facilities.

(d) This menace is becoming increasingly direct and substantial in its significance and effect.

(e) The benefits which will result from the remedying of such conditions and the urban renewal of blighted areas will accrue to all inhabitants and property owners of the communities in which they exist.

37046 It is further found and declared that:

(a) Such conditions of blight tend to further obsolescence, deterioration, and disuse because of the lack of incentive to the individual landowner and his inability to improve, modernize, or rehabilitate his property while the condition of the neighboring properties remain unchanged.

(b) As a consequence the process of deterioration of a blighted area frequently cannot be halted or corrected except by renewing the entire area, or substantial portions of it.

(c) Such conditions of blight are chiefly found in areas subdivided into small parcels, held in divided and widely scattered ownerships, frequently under defective titles, and in many such instances the private assembly of the land in blighted areas for renewing is so difficult and costly that it is uneconomic and as a practical matter impossible for owners to undertake because of lack of the legal power and excessive costs.

(d) The remedying of such conditions may require the public acquisition at fair prices of adequate areas, the clearance of the areas through demolition of existing obsolete, inadequate, unsafe, and insanitary buildings, and the urban renewal of the areas suffering from such conditions under proper supervision, with appropriate planning, and continuing land use and construction policies.

37046 1. It is hereby further found and declared that:

(a) There exist in many communities other areas in which the conditions by which blighted areas are characterized are present to a lesser degree but still to such an extent that such areas are deteriorated or deteriorating and threaten to become blighted areas if the conditions of blight in them are not remedied

(b) The existence of such deteriorated and deteriorating areas thus threatens to increase still further the extent, scope and effect of blighted areas and is itself declared to be a menace which is condemned as injurious and inimical to the public

health, safety and welfare of the people of the communities in which they exist and of the State.

(c) In such deteriorated and deteriorating areas, and in some blighted areas, the conditions of blight can be remedied, the process of deterioration halted, and the spread of blight and development of blighted areas prevented by rehabilitation and conservation.

(d) The effective rehabilitation and conservation of such areas may require public acquisition at fair prices of certain parcels of land where necessary to eliminate unhealthful, insanitary or unsafe conditions, lessen density, eliminate obsolete or other uses detrimental to the public welfare, or to otherwise remove or prevent the spread of blight or deterioration, or to provide land for public facilities.

37046.2. It is further found and declared that there exists in many communities still other areas, parts of which are blighted to the extent that they require redevelopment, and other parts of which are blighted, deteriorated and deteriorating to the extent that they require rehabilitation and conservation, and the effective remedying of the conditions of blight and urban renewal of such areas requires the combination of redevelopment, rehabilitation and conservation measures

37046.3. For these reasons it is declared to be the further policy of the State and the further purposes of this part

(a) To promote and advance the urban renewal of blighted, deteriorated and deteriorating areas and the general welfare of the inhabitants of the communities in which such areas exist by the employment of all appropriate means.

(b) That whenever the urban renewal of blighted, deteriorated and deteriorating areas cannot be accomplished by private enterprise alone, without public participation and assistance in planning, in the acquisition of land, in the work of clearance, relocation of families and preparing the land for new building, in carrying out programs of voluntary or compulsory repair and rehabilitation of structures or other improvements, and in making site improvements and providing community facilities, it is in the public interest to employ the power of eminent domain and to advance or expand public funds for these purposes and otherwise to provide means by which blighted, deteriorated and deteriorating areas may be renewed.

(c) That the urban renewal of blighted, deteriorated and deteriorating areas and the provision of continuing land use and construction policies in them are public uses and purposes for which public money may be advanced or expended and private property acquired, and are governmental functions of state and community concern in the interest of the health, safety and general welfare of the people of the State and of the communities in which the areas exist.

(d) That the benefits which will result from the remedying of conditions of blight and the elimination and the prevention of the spread of blighted areas by the urban renewal of blighted, deteriorated and deteriorating areas shall accure to all the inhabitants and property owners of the communities in which such areas exist.

(e) That the necessity in the public interest for the provisions of this part is a matter of legislative determination.

37048. It is found and declared that blighted areas may include housing areas constructed as a temporary government-owned wartime housing projects, and that such areas may be characterized by one or more of the conditions enumerated in Sections 37041 to 37044, inclusive.

CHAPTER 2. URBAN RENEWAL AGENCIES

Article 1. Creation

37200. There is in each community a public body, corporate and politic, known as the urban renewal agency of the community.

37201. An agency shall not transact any business or exercise any powers under this part unless, by resolution, the legislative body declares that there is need for an agency to function in the community.

37202. In any proceeding involving the validity or enforcement of, or relating to, any contract by an agency, the agency is conclusively deemed to have been established and authorized to transact business and exercise its powers upon proof of the adoption of such a resolution.

37203. If an agency has not renewed or acquired land for, or commenced the urban renewal of, a project, or entered into contracts for urban renewal within two years after the adoption of such a resolution, the legislative body may by resolution declare that there is no further need for the agency. Upon the adoption of the resolution the offices of the agency members are vacated and the capacity of the agency to transact business or exercise any powers is suspended until the legislative body adopts a resolution declaring the need for the agency to function.

Article 2. Urban Renewal Agency, Officers, and Employees

37230. When the legislative body adopts a resolution declaring the need for an agency, the mayor or chairman of the board of supervisors, with the approval of the legislative body, shall appoint five members of the agency.

37231. Any person who is an elective officer or employee of the community is not ineligible for the office of member of the agency by reason of being an officer or employee of the community.

37232. As an alternative to the appointment of five (5) members of the agency, the legislative body, at the time of or in connection with the adoption of a resolution declaring the need for an agency, may declare itself to be the agency in which case, all the rights, powers, duties, privileges and immunities, vested by this part in the members of an agency shall be vested in the members of the legislative body of the community.

37233. For the purposes of this part, a chartered city may establish its own procedural ordinance and exercise the same powers as those granted by this part.

37234. An urban renewal agency is authorized to delegate to a city any of the powers or functions of the agency with respect to the planning or undertaking of an urban renewal project in the area in which such city is authorized to act, and such city is hereby authorized to carry out or perform such powers or functions for the agency.

37235. Three of the members first appointed shall be designated to serve for terms of one, two, and three years, respectively, from the date of their appointments and two shall be designated to serve for terms of four years from the date of their appointments. Their successors shall be appointed for four-year terms. Vacancies occurring during a term shall be filled for the unexpired term. A member shall hold office until his successor has been appointed and has qualified

37236. The appointing officer shall designate the first chairman from among the members. When there is a vacancy in such office, the agency shall elect a chairman from among its members. Unless otherwise prescribed by the legislative body, the term of office as chairman is for the calendar year, or for that portion remaining after he is designated or elected

37237. Members shall receive their actual and necessary expenses, including traveling expenses incurred in the discharge of their duties. They may receive such other compensation as the legislative body prescribes.

37238. For inefficiency, neglect of duty, or misconduct in office, a member may be removed by the appointing officer, but only after he has been given a copy of the charges at least 10 days prior to a public hearing on them and has had an opportunity to be heard in person or by counsel. If a member is removed, a record of the proceedings and the charges and findings shall be filed in the office of the clerk of the community.

37239. No agency or community officer or employee who in the course of his duties is required to participate in the formulation of or to approve plans or policies for the urban renewal of a project area shall acquire voluntarily any interest in any property included within a project area within the community If at any time any such officer or employee owns or has any direct or indirect financial interest in such property, he shall immediately make a written disclosure of it to the agency and the legislative body which shall be entered on their minutes Failure to so disclose constitutes misconduct in office

37240. An agency shall not acquire from any of its members, or officers, agents, counsel, or employees any property or interest in property except through eminent domain proceedings.

Article 3. Powers of An Urban Renewal Agency

37260. The powers of each agency are vested in the members in office.

37261. Each urban renewal agency exercises governmental functions and has the powers prescribed in this part.

37268.01. Notice of such hearing shall state the purpose of the hearing and refer to the proposed disposition of the property and shall be published at least once at least 15 days prior to the hearing in a newspaper of general circulation in the community or, if there is none, in a newspaper selected by the agency.

37269. An agency may develop as a building site any real property owned or acquired by it. 37275 Without the consent of an owner an agency shall not acquire any real property on which an existing building is to be continued on its present site and in its present form and use unless such building requires structural alteration, improvement, modernization or rehabilitation, or the site or lot on which the building is situated requires modification in size, shape or use or it is necessary to impose upon such property any of the standards, restrictions and controls of the plan and the owner fails or refuses to agree to participate in the redevelopment plan pursuant to subdivision (f) of Section 37702

The community so authorized may undertake the urban renewal of such area in all respects as if the area was within its territorial limits and its legislative body, agency, and planning commission shall have all the rights, powers, and privileges with respect to such area as if it was within the territorial limits of the community so authorized. Neither the legislative body, agency, nor planning commission of the community so authorizing shall be required to comply with any requirements of this part except as set forth in this section. Any urban renewal plan for such area shall be approved by ordinance enacted by the legislative body of the community so authorizing.

37503 The preliminary plan shall be a public document and the planning commission shall transmit a copy of the preliminary plan to the agency.

Article 2. Approval of Urban Renewal Plans

37720. Upon receipt of the urban renewal plan the legislative body shall refer it to the planning commission for its report and recommendations. Such referral shall not be required if the agency certifies in its submittal of the plan to the legislative body that the plan was prepared by the planning commission and was not altered in any respect after its preparation.

37721. Before passing upon the urban renewal plan, the legislative body shall set a time and fix a place for a public hearing on it.

37726. The legislative body may continue the public hearing by a vote of the majority of those present.

37727. 37728. The legislative body may approve the urban renewal plan in the form submitted by the agency, or it may modify or amend either and approve either as amended or modified; provided, that before approving any modification or amendment, the legislative body shall obtain the reports and recommendations of the agency and the planning commission on any such modification or amendment, and hold a hearing on such reports and recommendations.

37729. The legislative body shall not approve any urban renewal plan until it first shall have determined:

(a) That the urban renewal of the project area in accordance with the plan will be in conformity with this part and in the interest of the public peace, health, safety and welfare.

(b) That if the plan provides for the temporary or permanent displacement of any occupants of housing facilities in the project area, adequate permanent housing facilities are or will be made available in the community for such displaced occupants at rents comparable to those in the community at the time of their displacement. And, also, that such permanent housing facilities will be made available within three years from the time such occupants are displaced and that pending the development of such facilities there will be available to such displaced occupants adequate temporary housing facilities at rents comparable to those in the community at the time of their displacement.

(c) That urban renewal of the project area in accordance with the plan is economically sound and feasible and that, if the plan provides for the issuance of bonds or other obligations of the agency, it contains adequate provision for the payent of the principal and the interest when they become due and payable.

37741. If the plan provides for the opening, closing or widening or changing the grade of any streets or alleys or any other modification of street layout in or related to the project area, the legislative body shall declare its intention to institute proceedings therefor at the time of or in connection with the adoption of the plan

37742. At the time of or in connection with the approval of the plan the legislative body may require that the agency, before entering into any or certain types of contracts in connection with the project, shall submit such contracts to the legislative body and obtain its approval.

37743. Upon the filing of the ordinance approving the plan with the clerk or other appropriate officer of the community, a copy of the ordinance shall be transmitted to the agency, and the agency thereupon is vested with the responsibility for carrying out the plan.

37746. After the approval of the plan by the legislative body, further proceedings which affect the portion or portions of the project area in which property may be acquired by the agency shall be stayed for thirty (30) days. Any action to contest the validity of the proceedings for the approval of the plan is barred upon the expiration of such period or stay of thirty (30) days. 37747. At any time following the approval of an urban renewal plan by the legislative body, the legislative body may amend the plan upon the recommendation of the agency; provided, that any amendment shall be subject to all the requirements of this part for public hearing, consideration and approval in respect to the plan initially approved by the legislative body.

CHAPTER 5. FINANCIAL PROVISIONS

Article 1. General

37850. At any time after the agency created for any community becomes authorized to transact business and exercise its powers, the legislative body of the community may appropriate to the agency such amounts as the legislative body deems necessary for the administrative expenses and overhead of the agency. The money appropriated may be paid to the agency as a grant to defray the expenses and overhead, or as a loan to be repaid upon such terms and conditions as the legislative body may provide.

In addition to the common understanding and usual interpretation of the term, "administrative expense" includes, but is not limited to, expenses of urban renewal planning and dissemination of urban renewal information.

37851. Each agency transacting business and exercising powers under this part shall at the request of the legislative body submit to the legislative body of the community a proposed budget of its administrative expenses.

37852. The legislative body may adopt an annual budget for the administrative expenses of the agency in such amounts as it deems necessary and may provide such conditions and restrictions upon the expenditure or encumbrance of the money appropriated pursuant to the budget as it deems advisable.

37853. The money appropriated for administrative expenses shall be kept in the treasury of the community in a special fund to be known as the urban renewal agency administrative fund, and money shall be drawn from the fund to meet the administrative expenses of the agency in substantially the same manner as money is drawn by other agencies and departments of the community subject to budgetary control.

37854. The money appropriated by the legislative body to the urban renewal agency administrative fund is money granted by the community to defray the administrative expenses of the agency which is performing a public function of the community and the grant of money in this manner is not to be construed as making the agency a department of the community or as placing the officers, agents, counsel, and employees under civil service of the community.

37855. Each such agency shall file with the legislative body a detailed report of all its transactions, including a statement of all revenues and expenditures, at monthly, quarterly, or annual intervals as the legislative body may prescribe.

Article 2. Urban Renewal Revolving Fund

37880. At any time after it has adopted a resolution declaring that there is need for an agency to function in the community, the legislative body may establish an urban renewal revolving fund to be kept in the treasury of the community.

37881. For the purpose of raising money to be deposited in such fund, the legislative body may appropriate money or the community may issue and sell its general obligation bonds.

37882. Except as otherwise provided in this part, any general obligation bonds issued by any community pursuant to this article shall be authorized and issued in the manner and within the limitations prescribed by law or the charter of the community for the issuance and authorization of such bonds for public purposes generally. Irrespective of any limitation as to the amount of general obligation bonds which may be issued, a community may issue such bonds for the purposes prescribed in this article, in excess of the limitation, in such amount as may be authorized by the voters of the community at any general or special election.

37883. By resolution of the legislative body adopted by a majority vote any money in the urban renewal revolving fund may be expended from time to time for:

(a) The acquisition of real property in any project area.

(b) The clearance, aiding in relocation of site occupants, and preparation of any project area for urban renewal.

37884. By resolution of the legislative body adopted by a two-thirds vote, any money in the urban renewal revolving fund may be paid to the agency, upon such terms and conditions as the legislative body may prescribe for any of the following purposes:

(a) Deposit in a trust fund to be expended for the acquisition of real property in any project area

(b) The clearance of any project area for urban renewal.

(c) Any expenses necessary or incidental to the carrying out of an urban renewal plan which has been adopted by the legislative body.

37885. No real or personal property, or any interest therein, acquired or constructed in whole or in part with money from the urban renewal revolving fund shall be sold or leased for an amount less than its fair value for uses in accordance with the urban renewal plan as determined by resolution or ordinance of the legislative body.

37886. All money received by the agency from the sale, lease, or encumbering of property acquired with money from the urban renewal revolving fund in excess of the money required to repay the loans and interest thereon authorized by this part shall be redeposited in the fund.

37887. If any property acquired in whole or in part from the urban renewal revolving fund is to be sold or leased by the agency, the sale or lease shall be first approved by the legislative body by resolution adopted after public hearing. Notice of the time and place of the hearing shall be published once in the official newspaper of the community at least one week prior to the hearing. The resolution shall be adopted by a majority vote unless the legislative body has provided by ordinance for a two-thirds vote for such purpose.

37888. All other provisions of this part that relate to financing are subject to Sections 37885 to 37887, inclusive. Nothing contained in such sections shall authorize an agency to construct any buildings, but an agency is subject to the limitations imposed by Article 3 of Chapter 2.

37889. The legislative body of any community may abolish the urban renewal revolving fund whenever it finds that the purposes for which it was established have

been accomplished. At the time of abolishing the fund, the legislative body shall transfer all money in it to the general obligation bond redemption fund and provide that all money thereafter to be deposited or redeposited in the urban renewal revolving fund shall be deposited in the general obligation bond redemption fund.

Any surplus existing in the general obligation bond redemption fund after payment of principal and interest shall be transferred to the general fund of the community.

Article 3. Bonds

37910. From time to time an agency may issue bonds for any of its corporate purposes. An agency may also issue refunding bonds for the purpose of paying or retiring bonds previously issued by it.

37916. The application shall be made and the permit issued pursuant to reasonable regulations therefor which the commissioner may adopt and amend from time to time. The commissioner shall issue the permit if he finds that the project is financially sound and that the sale of the bonds would not be unfair, unjust, or inequitable to the purchasers. 37919. If any agency member or officer whose signature appears on bonds or coupons ceases to be such member or officer before delivery of the bonds, his signature is as effective as if he had remained in office.

37920. Bonds issued pursuant to this part are fully negotiable.

37921. In any action or proceedings involving the validity or enforceability of any bonds or their security, any such bond reciting in substance that it has been issued by the agency to aid in financing an urban renewal project is conclusively

deemed to have been issued for an urban renewal project and the project is conclusively deemed to have been planned, located, and constructed pursuant to this part.

CONSIDERATION OF DAILY FILE (RESUMED)
THIRD READING OF ASSEMBLY BILLS

Assembly Bill No. 1159—An act to add Division 8 to the Welfare and Institutions Code, relating to community mental health services.

Bill read third time.

Recommendation of the Governor

In accordance with Article IV, Section 34, of the Constitution, the Governor presented the following communication recommending the consideration of Assembly Bill No. 1159.

STATE OF CALIFORNIA, GOVERNOR'S OFFICE
SACRAMENTO, May 16, 1955

To the Honorable Members of the Assembly
Sacramento, California
GENTLEMEN:

Assembly Bill No. 1159, "An act to add Division 8 to the Welfare and Institutions Code, relating to community mental health services, and making an appropriation,"

in my opinion constitutes an emergency bill within the meaning of that term as used in Section 34 of Article IV of the Constitution of the State of California, the consideration of which should not await the final enactment of the Budget Bill.

This bill sets up an extensive state-wide program for the early care and treatment of persons afflicted with mental disturbances and similar conditions of persons who, in the ordinary course of events, are likely to become inmates of state institutions. It is important that the program be placed in operation as early as possible, and that the bill be passed promptly in order that the planning and preparations for placing the act in effect can begin.

I therefore recommend consideration of Assembly Bill No. 1159 as an emergency measure.

Respectfully submitted.

GOODWIN J. KNIGHT, Governor

2020.002. "Extraordinary medical needs" as used in Section 2020 means the needs of an applicant or recipient for unusual care, supervision, or treatment by licensed practitioners of medicine or the healing arts, special needs for nursing care or supervision, need for hospitalization or prolonged care in a nursing or boarding home, and needs for medicine, drugs, special foods and prosthetic appliances. The additional moneys paid to any applicant or recipient for extraordinary medical needs under Section 2020 shall be paid from the fund provided for by Section 2026, known as the Old Age Assistance Health Fund, and shall be paid pursuant to rules and regulations of the Social Welfare Board, which rules and regulations shall define "extraordinary medical needs" in accordance with this section and which shall provide for the manner of determining and paying, in a manner by which the recipients will share according to their actual needs to the extent of available funds, the additional amounts when in any case the applicant or recipient is entitled to additional aid under this section.

SEC. 3. Section 2026 is added to said code, to read:

2026. There is hereby created a special fund in the State Treasury, to be known as the Old Age Assistance Health Fund. All moneys received for deposit to the said fund pursuant to any section of this code shall, on order of the State Controller, be deposited in the Old Age Assistance Health Fund.

SEC. 4. Section 2026.1 is added to said code, to read:

2026.1. Payments for extraordinary medical needs shall be made exclusively from the Old Age Assistance Health Fund, which fund shall consist of deposits received pursuant to Section 2017 and other provisions pertinent thereto, and in addition such funds as the Legislature shall appropriate from time to time to provide sufficient moneys to allow expenditures from the said fund for extraordinary medical needs as may be necessary. State appropriations, however, shall be made only to the extent necessary to equal the defficiency, if any, between the sum equal to sixty dollars ($60) per year times the average number of persons receiving old age assistance during the preceding calendar year and the amount received pursuant to Section 2017. Each county shall reimburse the State one-seventh of its prorata share of any appropriation made to the said fund by the State on the basis of the average number of persons receiving aid to the aged in the county during the period of time for which the State Appropriation is calculated.

SEC. 5. Section 2026.2 is added to said code, to read:

2026.2. Out of the Old Age Assistance Health Fund there is hereby appropriated to the Department of Social Welfare the amounts necessary to reimburse the counties for additional assistance paid to or for recipients of aid to the aged for extraordinary medical needs.

SEC. 6. Section 2017 is added to said code, to read:

2017. Every person who receives aid under this chapter shall, as a condition for the receipt of such aid, enter into and execute a written agreement with the county granting the aid, which agreement shall provide that in consideration of the receipt of aid on and after October 1, 1955, the recipient agrees and promises that if he then

owns or shall thereafter own any real property or interest in real property, the amount of aid granted him on and after the said date shall be paid to the Old Age Assistance Health Fund out of the proceeds of the said property upon his death or upon the later death of his surviving spouse or other dependent relative who is in possession of the real property or interest therein after the death of the recipient, and that the agreement shall constitute a charge upon any of such property owned by the recipient as security for the eventual enforcement of such payment to the Old Age Assistance Health Fund and as an equitable encumbrance subject only in priority to any prior bona fide lien or encumbrance that exists upon such property.

The agreement shall be acknowledged by the recipient in the same manner a grant of real property is acknowledged, and the county shall forthwith cause the agreement to be recorded in each and every county or other jurisdiction in which the recipient then or thereafter owns real property.

SEC. 7. Section 2017.1 is added to said code, to read:

2017.1. The agreement shall contain the recital that repayment of aid pursuant to the agreement is for the limited purpose of deposit in the Old Age Assistance Health Fund, for repayment to the Federal Government of any sums which shall by reason of such repayment be due and owing to the Federal Government, and for the uses and purposes of the Old Age Assistance Health Fund, as a means of mutual assistance among the aged persons of this State receiving aid under this chapter, for serving the health needs of such persons, for the better protection and health of those persons who share the health problems created by advancing age and the necessity for increased care and protection under circumstances in which they cannot afford to provide out of their own resources the costs of such care and protection.

The agreement shall contain the further recital that it is expressly intended to cover the real property of the recipient only, for the reason that the ownership of personal property by persons receiving old age assistance is limited by law to such extent as a condition of eligibility for such assistance that a plan for a repayment of aid from the proceeds of personal property would not be feasible, and the cost of administration of such plan would be so high as to overcome any practical benefits that might accrue thereby to the maintenance of the Old Age Assistance Health Fund. The recital shall state that the Legislature by enactment of these sections does not intend to discriminate against those persons who own real property, but is guided in the enactment of these sections by the practical necessity of providing for payment only from those persons who have the resources to make such payment in a practical manner.

SEC. 8. Section 2017.2 is added to said code, to read.

2017.2 The agreement specified in Section 2017 shall be executed upon a form prescribed by the Director of Social Welfare, with the advice and assistance of the Attorney General. As to property or interest in property held in joint tenancy by the recipient and any other person, the agreement shall provide for the execution by the recipient of all instruments necessary to sever such joint tenancy interest so that the recipient thereafer holds the said interest as a tenant in common subject to the charge created by the agreement, unless the other joint tenant joins in making said agreement and agrees to the creation and enforcement of the charge for the amount of aid received against the interest of the recipient in the property upon the date of his death, regardless of the survivorship of the other joint tenant, or unless the other joint tenant is the spouse of the recipient and such spouse also agrees that the charge upon the recipient's interest in favor of the Old Age Assistance Health Fund shall attach to the property until the death of the surviving joint tenant and then be enforceable, at the time provided in these sections, in favor of the Old Age Assistance Health Fund.

As to property or interest in property owned by the recipient subject to a homestead declared under the provisions of the Civil Code, aid shall not be granted to the recipient unless the spouse of the recipient joins in the said agreement and both parties agree that upon the death of the survivor of them the value of any interest in any property owned by the recipient subject to such homestead at the date of his death shall be subject to the charge provided in the agreement for repayment of aid received by the recipient

SEC. 9. Section 2017.3 is added to said code, to read:

2017.3. The agreement shall provide that any person interested in the property, whether as heir, devisee, or owner of any interest under agreement or other transaction with the recipient, which is subject to the charge in favor of the Old Age Assistance Health Fund, may at any time after the death of the recipient cancel the said charge by paying to the county treasurer for transmittal and deposit in the Old Age Assistance Health Fund the amount of aid actually paid for which the charge is security

SEC 10. Section 2017.4 is added to said code, to read·

2017.4. Nothing in this code shall be construed to prevent or hinder a recipient of aid in providing for the maintenance of his surviving spouse or other dependent relative out of any estate owned by him at the time of his death, and no charge provided by any agreement executed pursuant to Section 2017 shall be enforceable for repayment of aid from the property or the proceeds of property which descends by

probate distribution, survivorship, termination of joint tenancy, life estate, or homestead, or otherwise, to the surviving spouse or other dependent relative of a recipient of aid during the lifetime of such surviving spouse or during the dependency of such other relative. Any charge created pursuant to such agreement which attaches to property held or enjoyed by such surviving spouse or dependent relative after the death of the recipient shall remain subject to the charge and enforcement of the charge upon the death of the surviving spouse or the cessation of dependency of such other relative

The charges against property provided for by any agreement pursuant to Section 2017, when enforceable, may be enforced by the county by demand for payment made upon the persons who claim the ownership or possession, or both, of the property, and, if necessary, by the filing of a complaint in the superior court, addressed to the equitable powers of the court, praying that the charge in favor of the county and the amount thereof be judicially established, and that the property be disposed of by direction of the court in any manner provided by law for the enforcement of equitable encumbrances

SEC 11. Section 2160 4 is added to said code, to read.

2160.4. Nothwithstanding any provision of subdivision (b) of Section 2160 to the contrary, aid shall be granted to any person who has lived in the United States continuously for 25 years at time of making application, if he satisfies the other requirements of law.

SEC 12. Section 2164 of said code is amended to read:

2164. No aid under this chapter shall be granted or paid to any person who owns real property the assessed value of which as assessed by the county assessor, less all encumbrances thereon of record, exceeds [three thousand five hundred dollars ($3,500)] *five thousand dollars ($5,000)* Real property owned but not occupied as a home by an applicant or recipient shall be utilized to provide for the needs of the applicant or recipient.

SEC 13. Section 2165 of said code is amended to read:

2165. No aid under this chapter shall be granted or paid to any married person, if the assessed value of the combined real property of the husband and wife, as assessed by the county assessor, less all encumbrances thereon of record, exceeds [three thousand five hundred dollars ($3,500)] *five thousand dollars ($5,000).*

SEC 14. Section 663 of the Probate Code is amended to read:

663 If the homestead selected by the husband and wife, or either of them, during their coverture, and recorded while both were living, was selected from the community property, or from the separate property of the person selecting or joining in the selection of the same, and if the surviving spouse has not conveyed the homestead to the other spouse by a recorded conveyance which failed to expressly reserve his homestead rights as provided by Section 1242 of the Civil Code, the homestead vests, on the death of either spouse, absolutely in the survivor.

If the homestead was selected from the separate property of the decedent without his consent, or if the surviving spouse has conveyed the homestead to the other spouse by a conveyance which failed to expressly reserve homestead rights as provided by Section 1242 of the Civil Code, the homestead vests, on death, in his heirs or devisees, subject to the power of the court to set it apart for a limited period to the family of the decedent as hereinabove provided. In either case the homestead is not subject to the payment of any debt or liability existing against the spouses or either of them, at the time of the death of either, except as provided in the Civil Code, *and except as provided in any agreement executed pursuant to Section 2017 of the Welfare and Institutions Code.*

SEC 15. Section 2020.003 is added to the Welfare and Institutions Code, to read:

2020.003. If in any case it is found that an applicant or recipient has non-medical needs which would amount to serious hardship if not met, and which are not provided for in his aid granted under Section 2020, such applicant or recipient shall be entitled to receive aid in an amount, not exceeding a total of ninety dollars ($90) a month, which when added to his income (including the value of currently used resources but excepting casual income and inconsequential resources) from all other sources, shall include provision for such non-medical hardship needs. The total amount of extra aid allowed under this section, however, shall not exceed the sum of two hundred fifty thousand dollars ($250,000) per month The State Department of Social Welfare shall provide rules and regulations for the administration of the provisions of this section

This section shall remain in effect only until the ninety-first day after adjournment of the 1957 Regular Session of the Legislature.

SEC. 16 This act shall become operative on the first day of the first calendar month next succeeding its effective date, unless its effective date is the first day of a calendar month, in which case this act shall become operative on its effective date."

NOTICE OF MOTION TO RECONSIDER ASSEMBLY BILL NO. 192 WAIVED

Mr. Unruh waived his notice of motion to reconsider the vote whereby Assembly Bill No. 192 was passed.

Assembly Bill No. 192 ordered transmitted to the Senate.

REQUEST FOR UNANIMOUS CONSENT TO PRINT STATEMENT IN JOURNAL

Mr. Unruh asked for, and was granted, unanimous consent to have the following statement printed in the Journal.

STATEMENT BY MR. UNRUH

I gave notice of reconsideration yesterday on Assembly Bill No. 192 because it completely repealed Section 515 of the Vehicle Code and then rewrote the same section. Since I was unaware of what was contained in the old Section 515, I wanted an opportunity to investigate it. I now find that the only change made was to raise the speed limit of trucks from 40 to 45 miles per hour

While I am still dubious as to the wisdom of increased speed limits for trucks, I am informed by the Highway Patrol and safety groups that this is a more realistic approach However, I believe the Legislature should watch with interest this new proposal, if it becomes law, to see if the Highway Patrol does a better job of enforcement than they are currently doing under the old limits.

JESSE M. UNRUH

Mr. Backstrand made the following announcement:

I rise to make a short report on the meeting of the Western Interstate Committee on Highway Policy Problems held yesterday, May 16th, in San Francisco. This body was represented by Assemblyman Lowrey, Assemblyman Dolwig, and me.

Ten of the 11 Western States were represented by legislators and highway officials. The day was devoted to a discussion of the several bills on interstate highway legislation now pending before Congress. Much information and data was furnished to those in attendance. A full and complete discussion of Senate Concurrent Resolution No. 28, passed by this House some weeks ago, resulted in the unanimous adoption of this resolution as a policy guide for the 11 Western States.

California was commended for our leadership. We can be very proud that this resolution adopted by this body some weeks ago received unanimous, and I might say enthusiastic, support.

Amendment No. 4

On page 1, between lines 2 and 3, insert

"2421. Except as provided in [Section] *Sections 2421.5 and 2421.7* every city, except cities of the sixth class, unless otherwise prescribed in its original city charter, constitutes a separate school district, which shall be governed by the board of education or board of school trustees of the city. If the consent of the governing board of the district is first obtained, territory within the exterior boundaries of a city may be withdrawn from the school district of that city and annexed to an adjoining school district in the manner provided elsewhere in this code for the change of school district boundaries.

SEC. 2. Section 2421.7 is added to said code, to read:

2421.7. (a) Territory annexed to a city in which there is situated a school building maintained by the governing board of an elementary school district or high school district shall not become a part of any school district within such city, as provided in Section 2421, under any of the following circumstances unless prior to the annexation the governing boards of the affected districts otherwise agree thereto in the manner prescribed by subsection (b) of this section:

1. The territory annexed to the city comprises less than three and one-half square miles of the territory lying within one and one-half miles of a school building maintained by a high school district.

2. The territory annexed to the city comprises less than seven-eighths of a square mile of territory lying within three-fourths of a mile of a school building maintained by an elementary school district.

3. The territory annexed to the city comprises an area in which there resides less than 85 percent of the pupils attending the school situated in the territory proposed to be annexed to the city.

(b) Prior to the annexation, the governing boards of the affected districts may agree in writing that the territory shall become part of the city school district. In order for the agreement to be effective, a certified copy thereof shall be filed with the county superintendent of schools, the county board of supervisors, and the city council prior to the adoption of the resolution specified in Section 35117 or Section 35306 of the Government Code, and such resolution shall contain a statement that the annexed territory shall become part of the city school district.

(c) The provisions of this section shall apply to any proceedings to annex territory to a city which have not been completed on or before the effective date of this section, except proceedings in which the resolution provided for in Section 35117 of the Government Code has been adopted, or in which the city legislative body or the board of supervisors has approved the annexation by ordinance, or resolution, as the case may be, for other city annexation proceedings.

(d) Nothing in this section shall prohibit the change of boundaries between school districts under procedures otherwise authorized in Article 5 of this chapter.

SEC. 3. This act is an urgency measure necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The rapid urban development and growth in many parts of California has resulted in numerous city annexation proceedings affecting the organization and boundaries of school districts situated in unincorporated areas. In many instances these annexation proceedings have caused the loss of school facilities and attendance centers by non-city school districts and left such districts with territory to be served but without the necessary school facilities. In order to prevent city school districts from acquiring attendance centers of non-city school districts without, at the same time, annexing all of the territory ordinarily served by such facilities, it is necessary that this act take effect immediately."

Amendment No. 5

On page 1, strike out lines 3 to 6, inclusive.

Amendments read, and adopted.

Bill ordered reprinted, engrossed, and to be re-referred to the Committee on Education.

REQUEST FOR UNANIMOUS CONSENT TO PRINT LEGISLATIVE COUNSEL OPINION IN JOURNAL

Mr. Ernest R. Geddes asked for, and was granted, unanimous consent to have the following opinion of the Legislative Counsel printed in the Journal:

OPINION OF THE LEGISLATIVE COUNSEL

STATE OF CALIFORNIA
OFFICE OF LEGISLATIVE COUNSEL
SACRAMENTO, CALIFORNIA, May 4, 1955

Honorable Ernest R. Geddes
Assembly Chamber

Analysis of Assembly Bill No. 983 as Amended in Senate April 27, 1955—No. 10937

DEAR MR. GEDDES: You have asked us to summarize the effect of the amendments adopted to Assembly Bill No. 983 in the Senate on April 27, 1955, with particular reference to life insurers. Section 1101 of the Insurance Code now imposes certain restrictions relating to their interest in the company business upon the officers, directors and trustees of an "admitted insurer," a general term which includes all persons entitled to transact insurance business in California (Ins. C., Secs. 23 and 24).

The Senate amendment of April 27, 1955, is divided into two parts, one relating to all admitted insurers (lines 1 through 37 on page 2 of the printed bill) and the other relating to "life insurers" (lines 38 through 44 of page 2 of the printed bill).

The first part of the amendment provides for an exemption of admitted insurers from the prohibitions contained in subdivisions (a), (b) and (c) with respect to certain specified types of transactions if there is compliance with the conditions set forth in new subdivisions (1), (2) and (3), which conditions generally are that the transaction is just and reasonable and that there be a complete disclosure of the interests of the officers, directors or trustees involved.

The second part of the Senate amendment is contained in the last paragraph of the bill and reads:

> "The provisions of subdivisions (a), (b), and (c) of this section shall not apply to any transaction relating to a life insurer *if the transaction meets the other requirements of this section* and such officers, directors, and trustees of the life insurer do not in the aggregate own more than 5 percent of the stock of any corporation with which the life insurer is entering into a transaction." (Emphasis added)

The "other requirements" of the section referred to in the paragraph relating to life insurers are the immediately preceding provisions which were added to the bill by the Senate amendment.

The net effect of the Senate amendment is, as to admitted insurers generally, to permit certain specified transactions that would otherwise be prohibited if the conditions set forth in subdivisions (1), (2) and (3) are complied with. In addition, for a life insurer to obtain this exemption there must not only be compliance with the provisions of these subdivisions but the officers, directors and trustees of the life insurer may not in the aggregate own more than 5 percent of the stock in any corporation with which the life insurer is entering into a transaction.

Very truly yours,

RALPH N. KLEPS, Legislative Counsel
By LAWRENCE G. ALLYN, Deputy

RESOLUTIONS

The following resolutions were offered:

By Mr. Fleury:

House Resolution No. 164

Relative to directing the Attorney General to make a study of uniform standards for certain peace officers

WHEREAS, The high rate of crime in California is a matter of the utmost concern to the Members of the Assembly; and

WHEREAS, The Assembly Interim Committee on Judiciary, created by House Resolution No. 197, 1953 Regular Session, considered the problem and concluded that a substantial contribution to solution of the problem could be made by the establishment of mandatory standards for the recruiting, selection, training, and retention of policemen of cities and towns, and sheriffs and their deputies, to the end that persons occupy such positions because they are best fitted to cope with crime; and

WHEREAS, The committee further concluded that the Attorney General of California has the best facilities for making a thorough and expeditious inquiry into this matter and recommended that this Assembly request and direct the Attorney General to study the problem and report his findings and recommendations to the appropriate Assembly interim committee not later than September 1, 1956; now, therefore, be it

Resolved by the Assembly of the State of California, That the Attorney General of California is requested and directed to undertake a study of the subject of mandatory standards, uniform throughout the State, for recruiting, selection, training, and retention of policemen of cities and towns and sheriffs and their deputies, to ascertain the feasibility of establishing such standards, to the end of better coping with crime, and, if he deems such establishment feasible, to prepare such standards, and to report his findings and recommendations to the Assembly Interim Committee on Judiciary no later than September 1, 1956; and be it further

Resolved, That the Chief Clerk of the Assembly is directed to transmit a copy of this resolution to the Attorney General of California.

Resolution read, and ordered referred to the Committee on Rules.

By Mr. McCollister:

House Resolution No. 165

Resolved by the Assembly of the State of California, That the State Controller be and he is hereby directed to draw his warrant upon the Contingent Fund of the Assembly in favor of the Chief Clerk of the Assembly, and the State Treasurer is hereby directed to pay the same, in the amount of three thousand nine hundred dollars ($3,900), said amount being for the purchase of postage stamps to be used by Members of the Assembly for official mail; and be it further

Resolved, That the Chief Clerk be and he is hereby directed to purchase postage stamps in such amounts and denominations, not exceeding three thousand nine hundred dollars ($3,900), in the aggregate, as shall be necessary for the use of the Members of the Assembly for official mail; and be it further

Resolved, That the amount of stamps requisitioned by any one Member of the Assembly for official mail shall not exceed the sum of fifty dollars ($50).

Resolution read, and ordered referred to the Committee on Rules.

By Mr. Kelly:

House Resolution No. 166

Relative to the 1955 Harvest of The California Long White Potato in the nine-county area in Southern California

WHEREAS, The California growers of the famed California long white potato have through diligence and tenacity, developed a product which is known as an all-purpose, all-menu potato, which has won the widespread acceptance of the Nation; and

WHEREAS, The growers of this superior potato, on their own volition, for the purpose of maintaining quality, saw fit to enter into marketing agreements, so that in 1954 for the first time, minimum quality regulations were in effect and it was impossible for shippers to market inferior quality potatoes, that under this order in the same year 13 million bags of potatoes had a farm value in excess of $37,000,000 as measured at the producer level; and

WHEREAS, This is indeed a substantial contribution to the general prosperity of the State's agricultural economy; and

WHEREAS, These growers have not only taken advantage of existing laws to further their needs but have closely cooperated with our State Department of Agriculture and the result has proven tremendous by advantages to all; now, therefore, be it

Resolved by the Assembly of the State of California, That the Members of the Assembly of the State of California extend their best wishes for a successful harvest which will reach its peak during the month of June. The members also desire to congratulate these growers in bringing California into second place in the Nation in potato production; and be it further

Resolved, That the Chief Clerk of the Assembly is hereby directed to transmit suitably prepared copies of this resolution to Mr. Arnold Kirschenmann, President of the California Long White Advisory Board, in Bakersfield, California.

REQUEST FOR UNANIMOUS CONSENT TO PRINT LEGISLATIVE COUNSEL OPINION IN JOURNAL

OPINION OF THE LEGISLATIVE COUNSEL

STATE OF CALIFORNIA
OFFICE OF LEGISLATIVE COUNSEL
SACRAMENTO, CALIFORNIA, May 18, 1955

Honorable Richard H. McCollister
Assembly Chamber

Passage of Appropriation Bills—No. 11899

DEAR MR. MCCOLLISTER: You have asked our opinion whether either house of the Legislature may pass appropriation bills without the recommendation of the Governor prior to the time that the Budget Bill has been signed by the Governor and deposited with the Secretary of State.

It is our opinion that appropriation bills not recommended by the Governor may not be placed upon final passage in either house prior to the time the Budget Bill has been finally enacted at this session, which includes the signing of the bill by the Governor, and the filing of it with the Secretary of State, plus legislative approval or disapproval of any items in the bill that have been reduced or eliminated by the Governor.

Section 34 of Article IV of the Constitution provides:

> "Until the Budget Bill has been finally enacted, neither house shall place upon final passage any other appropriation bill, except emergency bills recommended by the Governor, or appropriations for the salaries, mileage and expenses of the Senate and Assembly."

We interpret this provision as meaning that all action with respect to the Budget Bill must be completed by the Legislature and the Governor before other appropriation bills are placed upon final passage in either house of the Legislature. This means that the Budget Bill must be signed and deposited with the Secretary of State and, if any item has been reduced or eliminated, the Legislature must act with reference thereto before it can be held that the Budget Bill has been finally enacted, and that other appropriation bills not recommended by the Governor can be placed upon final passage in either house.

Very truly yours,

RALPH N. KLEPS, Legislative Counsel
By LAWRENCE G. ALLYN, Deputy

(c) The bags shall be made of material sufficiently clear to permit satisfactory inspection of the color, size and defective condition of the carrots and shall not be colored to the extent that the color of the carrots appears to be improved. In addition to other markings required, each bag shall be marked with some appropriate designation to show that the carrots were grown in California. Printing, designs and colored areas shall not be permitted on the bag unless at least one-half of the surface of each side of each bag is clear so as to permit satisfactory inspection of a portion of the tops, centers and tips of the carrots. SEC. 3. Section 812.9 is added to said code, to read:

(2) Shall be free from decay and free from objectionable flavor of odor from oil;

"Ring scab" is serious if more than four such rings appear on a carrot or if any one ring is over one-half inch in length.

The tolerances allowed in Section 812 shall not apply to the provisions of this section. "Film bag carrots" when in any container or bulk lot shall be deemed to meet the requirements of Section 812 and of this section so long as not over 10 percent, by count, of the individual carrots in such container or bulk lot are below the requirements, and so long as not over 5 percent, by count, thereof are below any one of said requirements; provided, however, that no one bag of "film bag carrots" shall contain more than 25 percent of individual carrots failing to meet the requirements."

(2) A seller or mortgagee may file with the officer levying on personal property a verified written claim, together with a copy thereof, containing a detailed statement of the sales contract or mortgage and the total amount of sums due or to accrue to him under the contract or mortgage, above set-offs, with interest to date of tender, and also stating therein his address within this State for the purpose of permitting service by mail upon him of any notice in connection with said claim. The officer making the levy may demand and exact the payment or undertaking herein provided for notwithstanding any defect, informality or insufficiency of the verified claim delivered to him.

(3) Within five days after being served with such verified claim the officer levying on such property must make demand by registered mail *or certified mail* on the plaintiff or his attorney for the amount of the claimed debt and interest due to date of tender or the delivery to the officer of an undertaking and statement as hereinafter provided, which demand shall include the copy of such claim.

(7) If the tender is refused, the amount thereof shall be deposited with the county treasurer, payable to the order of the seller or mortgagee.

(8) Until such payment or deposit covering such claim is made, or the undertaking and statement herein provided delivered to the officer, the property cannot be sold under the levy; but when made (and also in case the seller or mortgagee fails to render his claim within 30 days after the personal service upon him by the levying officer of a written demand therefor, which service must be attested by the officer's certificate thereof, filed before the sale with the papers of the action wherein the attachment or execution was issued), then the officer must retain the property, and, in the case of an execution sell it in the manner provided by law, free of all liens or claims of the seller or mortgagee

(9) When an attachment or execution creditor presents to the officer, within the time allowed from the officer's demand, a verified statement that the sales contract or mortgage is void or invalid for the reasons specified therein, and delivers to the officer a good and sufficient undertaking in double the amount of the indebtedness claimed by the seller or mortgagee or double the value of the personal property as the officer may determine and require, the officer shall retain the property and in case of an execution sell it in the manner provided by law, free of all liens or claims of the seller or mortgagee

At the conclusion of the hearing the court shall give judgment determining the validity of the claim under the sales contract or chattel mortgage which shall be conclusive between the claimant and the plaintiff, or other person in whose favor the writ runs. The court in which the action is pending, or which issued such writ, shall have original jurisdiction in all proceedings under this section.

If the property shall have been released by the officer for want of an undertaking or payment, and final judgment shall go for the plaintiff or other person in whose favor the writ runs, the officer shall retake the property on such writ, if the writ shall still be in his hands, or if the writ shall have been returned, another writ may be issued on which the officer may take such property."

that the payee of a check or warrant drawn against funds of the United States will actually receive such check or warrant and negotiate the same for full value, the probate court may order that the share of such person be converted into cash and, less such fees as the court may fix and allow for the services of his attorney, be deposited in a savings bank in the State of California at interest to the credit of such person. The pass book or other evidence of such deposit shall be delivered to the clerk of the court.

The Attorney General may enforce the provisions of this section and intervene in any proceeding where the rights of any such heir, legatee or distributee are involved.

Any money so deposited shall be withdrawn only upon order of the court which ordered the deposit. A petition for an order authorizing withdrawal shall be filed by the distributee or his successors in interest and shall allege that the country where the petitioner resides is not on the list of countries designated by the Secretary of Treasury pursuant to 31 U S C.A. 123 and that the beneficiary will have the benefit, use and control of the money to be withdrawn. If the court determines that the country where the petitioner resides is not on the list of countries designated by the Secretary of Treasury pursuant to 31 U S C.A. 123, and that the petitioner will have the benefit, use and control of such money, the court shall make an order that the money may be withdrawn and the bank book delivered to the petitioner or his attorney in fact.

At least 20 days before the hearing of the petition for an order a copy of the petition and notice of the hearing must be served on the Attorney General, and the Attorney General may answer the same at his discretion.

If any money deposited in a savings bank pursuant to this section remains unclaimed after the lapse of 10 years the Attorney General may petition the court for an order directing deposit of the money in State Treasury where it will be held for the benefit of the owner thereof. After deposit in the State Treasury the money may be recovered in the manner provided for the recovery of unclaimed property."

Amendment No. 2

On page 1, strike out lines 1 to 13, inclusive, and insert

"SECTION 1. Section 2020 of the Welfare and Institutions Code is amended to read:

2020. [Amount of aid allowed.] The amount of aid to which any applicant shall be entitled shall be, when added to the income (including the value of currently used resources, but excepting casual income and inconsequential resources) of the applicant from all other sources, [seventy-five dollars ($75)] *ninety dollars ($90)* per month. [If, however, in any case it is found the actual need of an applicant exceeds seventy-five dollars ($75) per month, such applicant shall be entitled to receive aid in an amount, not to exceed seventy-five dollars ($75) per month, which when added to his income (including the value of currently used resources, but excepting casual income and inconsequential resources) from all other sources, shall equal his actual need.]

The State Department of Social Welfare may provide by rule that any change in grant for an amount of two dollars ($2) or less may be delayed for not more than two months beyond the month in which the recipient reported the change in circumstances

The amount of aid herein allowed is intended to assist the applicant in securing not only the more common necessaries of life, but also in securing basic medical care If, however, in any case it is found the actual need of the applicant or recipient for extraordinary medical needs is not adequately provided for by the said amount, the applicant or recipient shall be entitled to receive an additional amount of aid pursuant to Section 2020.002

SEC. 2. Section 2020.002 is added to said code, to read:

2020.002. "Extraordinary medical needs" as used in Section 2020 means the needs of an applicant or recipient for unusual care, supervision, or treatment by licensed practitioners of medicine or the healing arts, special needs for nursing

care or supervision, need for hospitalization or prolonged care in a nursing or boarding home, and needs for medicine, drugs, special foods and prosthetic appliances. The additional moneys paid to any applicant or recipient for extraordinary medical needs under Section 2020 shall be paid from the fund provided for by Section 2026, known as the Old Age Assistance Health Fund, and shall be paid pursuant to rules and regulations of the Social Welfare Board, which rules and regulations shall define "extraordinary medical needs" in accordance with this section and which shall provide for the manner of determining and paying, in a manner by which the recipients will share according to their actual needs to the extent of available funds, the additional amounts when in any case the applicant or recipient is entitled to additional aid under this section.

SEC. 3. Section 2026 is added to said code, to read:

2026. There is hereby created a special fund in the State Treasury, to be known as the Old Age Assistance Health Fund. All moneys received for deposit to the said fund pursuant to any section of this code shall, on order of the State Controller, be deposited in the Old Age Assistance Health Fund.

SEC. 4. Section 2026.1 is added to said code, to read:

2026.1. Payments for extraordinary medical needs shall be made exclusively from the Old Age Assistance Health Fund, which fund shall consist of deposits received pursuant to Section 2017 and other provisions pertinent thereto, and in addition such funds as the Legislature shall appropriate from time to time to provide sufficient moneys to allow expenditures from the said fund for extraordinary medical needs as may be necessary. State appropriations, however, shall be made only to the extent necessary to equal the deficiency, if any, between the sum equal to sixty dollars ($60) per year times the average number of persons receiving old age assistance during the preceding calendar year and the amount received pursuant to Section 2017. Each county shall reimburse the State one-seventh of its pro rata share of any appropriation made to the said fund by the State on the basis of the average number of persons receiving aid to the aged in the county during the period of time for which the state appropriation is calculated.

SEC. 5. Section 2026.2 is added to said code, to read:

2026.2. Out of the Old Age Assistance Health Fund there is hereby appropriated to the Department of Social Welfare the amounts necessary to reimburse the counties for additional assistance paid to or for recipients of aid to the aged for extraordinary medical needs.

SEC. 6. Section 2017 is added to said code, to read:

2017. Every person who receives aid under this chapter shall, as a condition for the receipt of such aid, enter into and execute a written agreement with the county granting the aid, which agreement shall provide that in consideration of the receipt of aid on and after October 1, 1955, the recipient agrees and promises that if he then owns or shall thereafter own any real property or interest in real property, the amount of aid granted him on and after the said date shall be paid to the Old Age Assistance Health Fund out of the proceeds of the said property upon his death or upon the later death of his surviving spouse or other dependent relative who is in possession of the real property or interest therein after the death of the recipient, and that the agreement shall constitute a charge upon any of such property owned by the recipient as security for the eventual enforcement of such payment to the Old Age Assistance Health Fund and as an equitable encumbrance subject only in priority to any prior bona fide lien or encumbrance that exists upon such property.

The agreement shall be acknowledged by the recipient in the same manner a grant of real property is acknowledged, and the county shall forthwith cause the agreement to be recorded in each and every county or other jurisdiction in which the recipient then or thereafter owns real property.

SEC. 7. Section 2017.1 is added to said code, to read:

2017.1. The agreement shall contain the recital that repayment of aid pursuant to the agreement is for the limited purpose of deposit in the Old Age Assistance Health Fund, for repayment to the Federal Government of any sums which shall by reason of such repayment be due and owing to the Federal Government, and for the uses and purposes of the Old Age Assistance Health Fund, as a means of mutual assistance among the aged persons of this State receiving aid under this chapter, for serving the health needs of such persons, for the better protection and health of those persons who share the health problems created by advancing age and the necessity for increased care and protection under circumstances in which they cannot afford to provide out of their own resources the costs of such care and protection.

The agreement shall contain the further recital that it is expressly intended to cover the real property of the recipient only, for the reason that the ownership of personal property by persons receiving old age assistance is limited by law to such extent as a condition of eligibility for such assistance that a plan for a repayment of aid from the proceeds of personal property would not be feasible, and the cost of administration of such plan would be so high as to overcome any practical benefits that might accrue thereby to the maintenance of the Old Age Assistance Health

Fund. The recital shall state that the Legislature by enactment of these sections does not intend to discriminate against those persons who own real property, but is guided in the enactment of these sections by the practical necessity of providing for payment only from those persons who have the resources to make such payment in a practical manner

SEC. 8. Section 2017.2 is added to said code, to read:

2017.2. The agreement specified in Section 2017 shall be executed upon a form prescribed by the Director of Social Welfare, with the advice and assistance of the Attorney General. As to property or interest in property held in joint tenancy by the recipient and any other person, the agreement shall provide for the execution by the recipient of all instruments necessary to sever such joint tenancy interest so that the recipient thereafter holds the said interest as a tenant in common subject to the charge created by the agreement, unless the other joint tenant joins in making said agreement and agrees to the creation and enforcement of the charge for the amount of aid received against the interest of the recipient in the property upon the date of his death, regardless of the survivorship of the other joint tenant, or unless the other joint tenant is the spouse of the recipient and such spouse also agrees that the charge upon the recipient's interest in favor of the Old Age Assistance Health Fund shall attach to the property until the death of the surviving joint tenant and then be enforceable, at the time provided in these sections, in favor of the Old Age Assistance Health Fund.

As to property or interest in property owned by the recipient subject to a homestead declared under the provisions of the Civil Code, aid shall not be granted to the recipient unless the spouse of the recipient joins in the said agreement and both parties agree that upon the death of the survivor of them the value of any interest in any property owned by the recipient subject to such homestead at the date of his death shall be subject to the charge provided in the agreement for repayment of aid received by the recipient.

SEC. 9. Section 2017.3 is added to said code, to read:

2017.3. The agreement shall provide that any person interested in the property, whether as heir, devisee, or owner of any interest under agreement or other transaction with the recipient, which is subject to the charge in favor of the Old Age Assistance Health Fund, may at any time after the death of the recipient cancel the said charge by paying to the county treasurer for transmittal and deposit in the Old Age Assistance Health Fund the amount of aid actually paid for which the charge is security.

SEC. 10. Section 2017.4 is added to said code, to read:

2017.4. Nothing in this code shall be construed to prevent or hinder a recipient of aid in providing for the maintenance of his surviving spouse or other dependent relative out of any estate owned by him at the time of his death, and no charge provided by any agreement executed pursuant to Section 2017 shall be enforceable for repayment of aid from the property or the proceeds of property which descends by probate distribution, survivorship, termination of joint tenancy, life estate, or homestead, or otherwise, to the surviving spouse or other dependent relative of a recipient of aid during the lifetime of such surviving spouse or during the dependency of such other relative. Any charge created pursuant to such agreement which attaches to property held or enjoyed by such surviving spouse or dependent relative after the death of the recipient shall remain subject to the charge and enforcement of the charge upon the death of the surviving spouse or the cessation of dependency of such other relative.

The charges against property provided for by any agreement pursuant to Section 2017, when enforceable, may be enforced by the county by demand for payment made upon the persons who claim the ownership or possession, or both, of the property, and, if necessary, by the filing of a complaint in the superior court, addressed to the equitable powers of the court, praying that the charge in favor of the county and the amount thereof be judicially established, and that the property be disposed of by direction of the court in any manner provided by law for the enforcement of equitable encumbrances.

SEC. 11. Section 2160.4 is added to said code, to read:

2160.4. Notwithstanding any provision of subdivision (b) of Section 2160 to the contrary, aid shall be granted to any person who has lived in the United States continuously for 25 years at time of making application, if he satisfies the other requirements of law.

SEC. 12. Section 2164 of said code is amended to read:

2164. No aid under this chapter shall be granted or paid to any person who owns real property the assessed value of which as assessed by the county assessor, less all encumbrances thereon of record, exceeds [three thousand five hundred dollars ($3,500)] *five thousand dollars ($5,000)*. Real property owned but not occupied as a home by an applicant or recipient shall be utilized to provide for the needs of the applicant or recipient.

SEC. 13. Section 2165 of said code is amended to read:

2165. No aid under this chapter shall be granted or paid to any married person, if the assessed value of the combined real property of the husband and wife, as

assessed by the county assessor, less all encumbrances thereon of record, exceeds [three thousand five hundred dollars ($3,500)] *five thousand dollars ($5,000).*

SEC. 14. Section 663 of the Probate Code is amended to read:

663. If the homestead selected by the husband and wife, or either of them, during their coverture, and recorded while both were living, was selected from the *community property, or from the separate property of the person selecting or join*ing in the selection of the same, and if the surviving spouse has not conveyed the homestead to the other spouse by a recorded conveyance which failed to expressly reserve his homestead rights as provided by Section 1242 of the Civil Code, the homestead vests, on the death of either spouse, absolutely in the survivor.

If the homestead was selected from the separate property of the decedent without his consent, or if the surviving spouse has conveyed the homestead to the other spouse by a conveyance which failed to expressly reserve homestead rights as provided by Section 1242 of the Civil Code, the homestead vests, on death, in his heirs or devisees, subject to the power of the court to set it apart for a limited period to the family of the decedent as hereinabove provided. In either case the homestead is not subject to the payment of any debt or liability existing against the spouses or either of them, at the time of the death of either, except as provided in the Civil Code, *and except as provided in any agreement executed pursuant to Section 2017 of the Welfare and Institutions Code*

SEC. 15. Section 2020.003 is added to the Welfare and Institutions Code, to read:

2020.003 If in any case it is found that an applicant or recipient has nonmedical needs which would amount to serious hardship if not met, and which are not provided for in his aid granted under Section 2020, such applicant or recipient shall be entitled to receive aid in an amount, not exceeding a total of ninety dollars ($90) a month, which when added to his income (including the value of currently used resources but excepting casual income and inconsequential resources) from all other sources, shall include provision for such nonmedical hardship needs. The total amount of extra aid allowed under this section, however, shall not exceed the sum of two hundred fifty thousand dollars ($250,000) per month. The State Department of Social Welfare shall provide rules and regulations for the administration of the provisions of this section.

This section shall remain in effect only until the ninety-first day after adjournment of the 1957 Regular Session of the Legislature

SEC. 16. This act shall become operative on the first day of the first calendar month next succeeding its effective date, unless its effective date is the first day of a calendar month, in which case this act shall become operative on its effective date."

PRINTER'S NOTE—**There being no 7-point strikeout type available, the material which should appear in strikeout type in the following amendment is indicated by being enclosed within brackets.**

Amendment No. 1

On page 3 of the printed bill, strike out line 28, and insert

690.26. (1) If the property mentioned in Sections 690.1 to 690.25, inclusive, shall be levied upon under writ of attachment or execution, the defendant or judgment debtor (herein referred to as "the debtor"), in order to avail himself of his exemption rights as to such property, shall deliver to the levying officer an affidavit of himself or his agent, together with a copy thereof, alleging that the property levied upon, identifying it, is exempt, specifying the sections or sections of this code on which he relies for his claim to exemption, and all facts necessary to support his claim, and also stating therein his address within this State for the purpose of permitting service by mail upon him of the counter-affidavit and any notice of the motion herein provided.

[(2) When an affidavit of exemption is filed in accord with Section 690.11, the debtor shall be entitled to an immediate release of one-half of his earnings earned within 30 days next preceding the date of levy.]

[(3)] *(2)* Forthwith upon receiving the affidavit of exemption the levying officer shall serve upon the plaintiff or the person in whose favor the writ runs (herein referred to as "the creditor"), either personally or by mail, a copy of the affidavit of exemption, together with a writing, signed by the levying officer, stating that the claim to exemption has been received and that the officer will release the property unless he receives from the creditor a counter-affidavit within five days after service of such writing.

[(4)] *(3)* If the creditor desires to contest the claim to exemption, he shall within such period of five days, file with the levying officer a counter-affidavit alleging that the property is not exempt within the meaning of the section or sections relied upon, or if the claim to exemption be based on Sections 690.1, 690.3, 690.6, 690.8, 690.9, 690.12, 690.17, 690.18, 690.21, 690.24, alleging that the value of the property claimed to be exempt is in excess of the value stated in the applicable section or sections, together with proof of service of a copy of such counter-affidavit upon the debtor.

[(5)] *(4)* If no such counter-affidavit, with such proof of service, is so filed with the levying officer within the time allowed, the officer shall forthwith release the property.

[(6)] *(5)* If such counter-affidavit, with such proof of service, is so filed, either the creditor or the debtor shall be entitled to a hearing in the court in which the action is pending or from which the writ issued for the purpose of determining the claim to exemption, or the value of the property claimed to be exempt. Such hearing must be granted by the court upon motion of either party made within five days after the counter-affidavit is filed with the levying officer, and such hearing must be had within 15 days from the date of the making of such motion unless continued by the court for good cause. The party making the motion for hearing must give not less than five days' notice in writing of such hearing to the levying officer and to the other party and specify therein that the hearing is for the purpose of determining the claim to exemption. The notice may be of motion or of hearing and upon the filing of the notice with the clerk of court, the motion is deemed made.

[(7)] *(6)* If neither party makes such motion within the time allowed, the levying officer shall forthwith release the property to the debtor.

[(8)] *(7)* At any time while the proceedings are pending, upon motion of either party or upon its own motion, the court may (a) order the sale of any perishable property held by such officer and direct disposition of the proceeds of such sale; and (b) make such other orders as may be proper under the particular circumstances of

the case. Any orders so made may be modified or vacated by the court or judge granting the same, or by the court in which the proceedings are pending, at any time during the pendency of the proceedings, upon such terms as may be just.

[(9)] *(8)* The levying officer in all cases shall retain physical possession of the property levied upon if it be capable of physical possession, or in the case of property not capable of physical possession, the levy shall remain in full force and effect, pending the final determination of the claim to exemption; provided, however, that no sale under execution shall be had prior to such final determination unless an order of the court hearing the claim for exemption shall so provide.

[(10)] *(9)* At such hearing, the party claiming the exemption shall have the burden of proof. The affidavits and counter-affidavits shall be filed by the levying officer with the court and shall constitute the pleadings, subject to the power of the court to permit an amendment in the interests of justice. The affidavit of exemption shall be deemed controverted by the counter-affidavit and both shall be received in evidence. *Nothing herein contained shall be construed to deprive anybody* of the right to a jury trial in any case where by the Constitution such right is given, but a jury trial shall be waived in any such case in like manner as in the trial of an action. No findings shall be required in a proceeding under this section. When the hearing is before the court sitting without a jury, and no evidence other than the affidavit and counter-affidavit is offered, the court if satisfied that sufficient facts are shown thereby, may make its determination thereon; otherwise, it shall order the hearing continued for the production of other evidence, oral or documentary, or the filing of other affidavits and counter-affidavits. At the conclusion of the hearing, the court shall give judgment determining whether the claim to exemption shall be allowed or not, which judgment shall be determinative as to the right of the creditor to have the property taken and held by the officer or to subject the property to payment or other satisfaction of his judgment. In such judgment the court shall make all proper orders for the disposition of such property or the proceeds thereof.

[(11)] *(10)* A copy of any judgment entered in the trial court shall be forthwith transmitted by the clerk to the levying officer in order to permit such officer to either release the property attached or to continue to hold it or sell it, in accordance with the provisions of the writ previously delivered to him. Such officer, unless an appeal from the judgment be waived, or the judgment has otherwise become final, shall continue to hold such property under attachment or execution, continuing the sale of any property held under execution until such judgment becomes final.

[(12)] *(11)* When any documents required hereunder are served by mail, the provisions of this code relating to service by mail shall be applicable thereto.

[(13)] *(12)* Whenever the time allowed for an act to be done hereunder is extended by the court, written notice thereof shall be given promptly to the opposing party, unless such notice be waived, and to the levying officer.

[(14)] *(13)* An appeal lies from any judgment under this section; such appeal to be taken in the manner provided for appeals in the court in which the proceeding is had."

Amendment No. 2

On page 3, strike out lines 29 through 51, inclusive; and strike out pages 4 and 5

Amendment No. 3

On page 5, line 21, of the printed bill, as amended in the Senate on May 6, 1955, after "not," insert "in whole or in part,".

On page 5, line 36, after "final", insert "; provided, however, that if a claim to exemption under Section 690 11 be allowed by such judgment, the debtor shall be entitled to a release of the earnings so exempted at the expiration of three days, unless otherwise ordered by the court or unless the levying officer shall have been served with a copy of a notice of appeal from the judgment".

COMMUNICATIONS

The following communication was presented by Mr. Speaker, and ordered printed in the Journal:

Letter of Transmittal

STATE OF CALIFORNIA, DEPARTMENT OF FINANCE
SACRAMENTO 14, May 13, 1955

Honorable Harold J. Powers
President of the Senate
Honorable L. H. Lincoln
Speaker of the Assembly

GENTLEMEN: Pursuant to the provisions of Chapter 1573, Statutes of 1951, the Department of Finance submits herewith a Report to the Legislature on Surplus State-Owned Lands

On July 19, 1954, the Department of Finance issued Management Memorandum No. 54-13 to all state agencies under the subject, "Annual Inventory and Report of Excess State Lands." This memorandum reads in part as follows:

"This is to call to your attention Section 11011 of the Government Code, which requires all state agencies to submit to the Department of Finance annually a report on lands that are in excess of foreseeable needs. If there then appears to be no other state use for such properties, the Department of Finance will request legislative authority to dispose of the surplus parcels and return them to local tax rolls.

It is requested that each agency make an extremely careful and thorough review of the state lands under its jurisdiction, and on or before September 30, 1954, inform this department of properties that are in excess of needs."

In response to this memorandum, 17 parcels comprising approximately 650 acres have been submitted by various agencies as being surplus to their foreseeable needs. These properties have an estimated value of $250,000, and are described in detail in the body of this report. It is recommended that legislation to sell, exchange, or otherwise dispose of these parcels be enacted at the 1955 Session. The Department of Finance has caused Senate Bill No 743 to be introduced for this purpose.

Under statutory authority granted at prior legislative sessions, the Department of Finance sold six parcels of surplus property during the past year. In addition to realizing $174,531 for the General Fund, these sales resulted in the return of the properties involved to various city and county tax rolls. A more complete description of the six parcels and details of their sale may be found in Supplement "A" of this report.

On the general subject of surplus state lands, the Department of Finance wishes to acknowledge receipt of a copy of a report recently issued by the Senate Interim Committee on Public Lands. This is a most comprehensive study of state-owned lands, including significant comments on certain apparent excess holdings, and the benefits to be realized from the information contained in the committee's report should be reflected in future Department of Finance reports on surplus state-owned lands.

Yours very truly,

JOHN M. PEIRCE, Director of Finance

Above transmitted report ordered referred to the Committee on Conservation, Planning, and Public Works.

REQUEST FOR UNANIMOUS CONSENT TO PRINT STATEMENT IN JOURNAL

Mr. Brady asked for, and was granted, unanimous consent to have the following statement printed in the Journal:

STATEMENT BY MR. BRADY RELATIVE TO AMENDMENTS TO ASSEMBLY BILL NO. 2932

Under the present law the Parking Authority of the City and County of San Francisco is authorized to issue revenue bonds, inasmuch as general obligation bonds have already been authorized by the voters of the City and County of San Francisco for off-street parking purposes. In other words, the present law provides that where any city or authority has authorized general obligation bonds, either since or before the Parking Act of 1949, the parking authority now has a carte blanche authority to issue revenue bonds without going to the people for a vote.

It is my understanding that the bonds could not be issued under the present state of law, and that Assembly Bill No. 2932 as it presently reads is an attempt to clear up the language so that the parking authority can operate and issue these revenue bonds. The bill as presently written, so far as we are able to determine, would only affect San Francisco in relation to the general obligation bond issue. All other communities would have to submit to the people the proposition of revenue bonds for off-street parking at least once.

The amendments which are being offered by the City and County of San Francisco would change the law and the bill so that there would be no reference to the issue of general obligation bonds in the bill, and would permit and require the Parking Authority of San Francisco, as well as any other community, to submit to the voters the question of revenue bonds being issued and then allowing these bonds to be issued as needed, without going to the people for a vote for each issuance.

I believe that there is nothing unusual about my amendments, since all they do is to eliminate the singling out of the City and County of San Francisco from all other communities in the manner in which revenue bonds are to be voted by the people of the City and County of San Francisco for off-street parking purposes

I again wish to reiterate that in San Francisco, as elsewhere, the parking authority is a creature of the board of supervisors, and while considered a state agency for some purposes, does not come into existence until created by resolution of the board of supervisors, and the Board of Supervisors of San Francisco have established the policy that they desire these amendments in this bill Otherwise, it is the position of the City and County of San Francisco that the bill should not be passed in its present form I do not believe that these amendments in any way affect any other parking authority or city in the State of California, and only give to San Francisco the protection which all other cities would have, to wit: the voice of the people as to whether they desire revenue bonds to be issued.

BERNARD R. BRADY

REQUEST FOR UNANIMOUS CONSENT TO WAIVE RULE 56 ON ASSEMBLY BILL NO. 3465

Article 8. Sale or Lease of Real Property

25520. The board of supervisors of any county shall receive in the name of the county conveyances for all property received and purchased by it, and shall make in the name of the county conveyances of all property belonging to the county and sold by it.

25521. The board of supervisors of any county may sell or lease for a term not exceeding 99 years, without a vote of the electors of the county first being taken, any real property belonging to the county.

25522. The sale may be made for cash, or for part cash and upon such terms of deferred payments secured by purchase money, mortgage, or deed of trust as are determined by the action of the board of supervisors.

25523. The funds derived from the sale shall be used for capital outlay.

25524. Any lease may be made upon such consideration or for such rental, as is authorized by the action of the board of supervisors.

25525. Every sale or lease shall be made in the manner provided by this article.

25526. Before ordering the sale or lease of any property the board of supervisors shall, in a regular open meeting, by a two-thirds vote of all its members, adopt a resolution, declaring its intention to sell the property, or a resolution declaring its intention to lease it, as the case may be. The resolution shall describe the property proposed to be sold, or leased, in such manner as to identify it and shall specify the minimum price, or rental, and the terms upon which it will be sold, or leased, and the commission, or rate thereof, if any, which the board will pay to a licensed real estate broker, either out of the minimum price, rental, or otherwise, and shall fix a time, not less than three weeks thereafter for a public meeting of the board of supervisors to be held at its regular place of meeting, at which sealed proposals to purchase or lease will be received and considered.

25527. If, in the discretion of the board, it is advisable to offer to pay a commission to a licensed real estate broker who is instrumental in obtaining any proposal, the commission shall be specified in the resolution. No commission shall be paid unless there is contained in or with the sealed proposal or stated in or with the oral bid, which is finally accepted, the name of the licensed real estate broker to whom it is to be paid, and the amount or rate thereof. Any commission shall, however, be paid only out of money received by the board from the sale or rental of the real property.

25528. Notice of the adoption of the resolution and of the time and place of holding the meeting shall be given by posting copies of the resolution signed by the board or by a majority thereof in three public places in the county, not less than 15 days before the date of the meeting, and by publishing the notice not less than once a week for three successive weeks before the meeting in a newspaper of general circulation published in the county, if any such newspaper is published therein.

25529. Whenever it is proposed to lease real property and the board of supervisors unanimously determines in the resolution that in its opinion, the monthly rental value of the property does not exceed the sum of fifty dollars ($50), the resolution may, before the date of the meeting, be published in two successive issues of a weekly newspaper of general circulation or in five successive issues of a newspaper of general circulation, published daily.

25530. At the time and place fixed in the resolution for the meeting of the board of supervisors, all sealed proposals which have been received shall, in public session, be opened, examined, and declared by the board. Of the proposals submitted which conform to all terms and conditions specified in the resolution of intention to sell or to lease and which are made by responsible bidders, the proposal which is the highest, after deducting therefrom the commission, if any, to be paid a licensed real estate broker in connection therewith, shall be finally accepted, unless a higher oral bid is accepted or the board rejects all bids.

25531. Before accepting any written proposal, the board shall call for oral bids If, upon the call for oral bidding, any responsible person offers to purchase the property or to lease the property, as the case may be, upon the terms and conditions specified in the resolution, for a price or rental exceeding by at least 5 percent, the highest written proposal, after deducting the commission, if any, to be paid a licensed real estate broker in connection therewith, then the oral bid which is the highest after deducting any commission to be paid a licensed real estate broker, in connection therewith, which is made by a responsible person, shall be finally accepted.

25532. In the event of a sale on a higher oral bid to a purchaser procured by a licensed real estate broker, other than the broker who submitted the highest written proposal, and who is qualified as provided in Section 25527 of this code, the board

shall allow a commission on the full amount for which the sale is confirmed. One-half of the commission on the amount of the highest written proposal shall be paid to the broker who submitted it, and the balance of the commission on the purchase price to the broker who procured the purchaser to whom the sale was confirmed.

25533. The final acceptance by the board of supervisors may be made either at the same session or at any adjourned session of the same meeting held within the 10 days next following.

25534. The board of supervisors may at the session, if it deems such action to be for the best public interest, reject any and all bids, either written or oral, and withdraw the property from sale or lease.

25535. Any resolution of acceptance of any bid made by the board of supervisors authorizes and directs the president of the board of supervisors, or other presiding officer, or the members thereof, to execute a deed or lease and to deliver it upon performance and compliance by the purchaser or lessee of all the terms or conditions of his contract to be performed concurrently therewith.

25536. Nothing in this article shall prevent the board of supervisors of any county from acquiring, leasing or subleasing property pursuant to Section 1261 of the Military and Veterans Code."

Recommendation of the Governor

In accordance with Article IV, Section 34, of the Constitution, the Governor presented the following communication recommending the consideration of Assembly Bill No. 1995:

STATE OF CALIFORNIA, GOVERNOR'S OFFICE
SACRAMENTO, May 18, 1955

To the Honorable Members of the Assembly
Sacramento, California

GENTLEMEN:

Assembly Bill No. 1995, "An act to add Section 12164.5 to the Government Code, relating to microfilming and disposition of articles of incorporation and other corporate documents and records by the Secretary of State, and making an appropriation therefor,"

in my opinion constitutes an emergency bill within the meaning of that term as used in Section 34 of Article IV of the Constitution of the State of California, the consideration of which should not await the final enactment of the Budget Bill.

This bill provides for microfilming and disposition of a large quantity of old documents in the Secretary of State's Office and, in my judgment, the work of microfilming should be started promptly if it is to be done.

I therefore recommend consideration of Assembly Bill No. 1995 as an emergency measure.

Respectfully submitted.

LA MESA-SPRING VALLEY TEACHERS ASSOCIATION
LA MESA, CALIFORNIA, May 19, 1955

Assemblyman L. H. Lincoln
Speaker of the Assembly
State Capitol, Sacramento, California

DEAR MR. LINCOLN: We, the members of the La Mesa-Spring Valley Teachers Association, (300 in number) have been watching with keen interest the activities of our Legislators during this session. We have become very concerned, even alarmed, at the pace that has been set as acceptable procedure In view of the recent untimely deaths of Senators and reported heart attacks, we feel that the present time schedule is unrealistic, impracticable, and dangerous. Such a schedule is harmful to the Legislators and is not in the best interests of good government. Therefore, we would like to see some action taken to lengthen the present session with added proportional compensation. We are favorable to a constitutional amendment to correct this situation.

We will appreciate it if you would present our sentiments to the Assembly.

Sincerely yours,

PEARL HOVERSON, President

The counselor in mental health shall, after financial investigation of the patient and his responsible relatives, determine the ability of the estate of the patient and his responsible relatives to pay the cost of such maintenance, care, and treatment.

Where the amounts so established as being within the financial ability of the estate of the patient and his responsible relatives to pay are regularly paid to the institution in which the patient is maintained, cared for, and treated, or to the county providing the services, as long as the patient is receiving such maintenance, care, and treatment, the estate of the patient and his responsible relatives shall be discharged from further liability for the cost of maintenance, care, and treatment.

Where such amounts are not regularly paid to the institution in which the patient is maintained, cared for, and treated, or to the county providing the services, as long as the patient is receiving such maintenance, care, and treatment, the estate of the patient or his responsible relatives shall become liable for the total reasonable cost of such maintenance, care, and treatment, and the district attorney or county counsel shall bring legal action to enforce payment thereof.

If the estate of such patient or his responsible relatives has or acquires real property, the county may require that the representative of the estate of the patient or

responsible relatives execute a lien thereon in favor of the county as security for the payment of any amounts for the payment of which the patient or his responsible relatives may become liable, under the provisions of this section. An action may be brought by the district attorney or county counsel to enforce such a lien

5077.1. If the patient is found to be an indigent resident of the county, in accordance with the definition of such residence prescribed in Article 2 of Chapter 2 of Division 4 of the Welfare and Institutions Code as amended, and without funds or relatives responsible for his maintenance able to pay such charge, then the expense of his maintenance, care, and treatment shall be a charge upon the county in which the court has jurisdiction.

If the indigent patient is a nonresident of the county or if a relative or friend of the patient is found outside the county, of whose ability and willingness to assume the responsibility and the expense of the proper care of the patient the court is satisfied, the court may release the patient to the custody of such relative or friend, and the cost and expense of transporting the patient to the home of the relative or friend, or to the county or state where the patient has a legal residence, shall be a charge upon the county.

Where the county has incurred expense upon order of court or is likely to incur such expense for the maintenance, care, and treatment of such patient and he has estate for which no guardian has been appointed, out of which the county is or may be entitled to reimbursement, the district attorney or county counsel, as the case may be, shall apply to the proper court for the appointment of a guardian of the estate of such patient. It shall be competent for a county employee to act as such guardian. Where such county employee is appointed and acts as such guardian, he shall act without guardianship fees being charged or received from said estate, and the board of supervisors may order that expenses necessary in the conduct of the guardianship and the necessary premiums on the bonds of the guardian be advanced by the county, and if so ordered by said board of supervisors, such expenses shall be a charge against the county, but the county shall be reimbursed therefor out of any funds or property of the estate of such patient by such guardian.

Any such guardian may sell or encumber the property of the estate of such patient under the provisions of Section 1530 of the Probate Code and from the proceeds of any such sale or encumbrance or from any other funds of the estate which may come into his possession, he shall pay to the county the expense incurred by it for the maintenance of such patient and shall pay, when available, the expense subsequently incurred by the county for any such maintenance.

No fee shall be charged or received by the county clerk for the filing of any such guardianship petition nor for any official service performed by him in the course of the guardianship proceedings.

5077.2. The following patients shall be exempt from financial liability for costs of detention and observation:

(1) Patients who are admitted into a state or county hospital under the emergency admission procedure and released within one hundred twenty (120) hours without further proceedings;

"35350. This article may be cited as the Consolidation Law of 1955.

35351. Contiguous territory which is also contiguous to a city may be consolidated with a city if the number of inhabitants of all of the area proposed to be consolidated with a city equals or exceeds the number of inhabitants of the city, pursuant to this article. For the purposes of this article, the number of inhabitants of an area proposed to be consolidated with a city shall be determined by multiplying the number of registered electors in such area by two and one-half.

35351.5. As used in this article, "consolidated area" means the city and the unincorporated territory consolidated therewith, and "consolidated territory" means the unincorporated territory consolidated with the city.

35352. Petitions for the consolidation of territory with a city, shall show the date each signature was affixed. Such petition for consolidation shall contain a request that the question submitted to the electors shall be whether the city and the unincorporated territory shall be consolidated into a single city and the property in the consolidated area subjected to taxation after consolidation for the payment of:

(a) All of the indebtedness of the city existing or authorized at the date of filing the petition

(b) All of the indebtedness, existing or authorized at the date of filing the petition, of any district in the unincorporated territory which will cease to function if the unincorporated territory is consolidated with the city

(c) The portion of such indebtedness which the territory separated from any district and so consolidated is obligated to pay.

35353. If the petition is not filed with the required officer within six months of the date on which the first signature was affixed, it is void.

35354. Territory shall not be deemed "contiguous" as the word "contiguous" is used in this article if the only contiguity is based on a strip of land over 300 feet long and less than 200 feet wide exclusive of highways

35355 Contiguous inhabited territory may be consolidated as one parcel although divided by a road, stream, or other natural or artificial barrier or right of way.

35357. Before any petition is circulated the proponents shall first present a general description of the exterior boundary lines of proposed consolidated area to the planning commission in cities having a planning commission.

35358. If, within 40 days from the date the matter is referred to the commission, the report or recommendation is not filed with the legislative body, it may act without such report or recommendations

35359. The consent of the city legislative body shall be obtained before any proceedings are commenced pursuant to this article.

35360. After approval by the legislative body to circulate the petition, the description shall be referred to the county boundary commission who shall report to the legislative body and the proponents with respect to the definiteness and certainty of the proposed boundaries.

35361. No petition seeking the consolidation of territory with a city shall be circulated or filed, nor shall any public officer accept any such petition for filing, nor shall any legislative body initiate proceedings to consolidate on its own motion, until the proposal for the consolidation of territory with a city has been submitted to and reported upon to the legislative body of the city by the boundary commission of the county with respect to the definiteness and certainty of the proposed boundaries.

If the boundary commission does not report upon the petition description within 20 days after it is submitted to it, or within such additional time, not exceeding 60

days, as may be granted by the legislative body of the city, the description shall be deemed correct.

35362. Whenever any petition for consolidation is being circulated, all plans for new subdivisions within said territory shall first have the approval of the planning commission of the city.

35363. Before circulating a petition relating to consolidation of territory with a city, the proponents shall publish a copy of a notice of intention to do so pursuant to the Elections Code The notice shall contain the names of the proponents intending to circulate the petition and the specific exterior boundaries of the proposed consolidated area, and may be accompanied by a printed statement not exceeding 500 words in length, containing reasons for the petition. The original notice of intention to circulate petition shall be filed with the city clerk.

35364. Within 10 days after publication, the proponents shall file a copy of the notice and accompanying statement, if any, and an affidavit of the publishing or posting, with the city clerk.

35365. Within 15 days after such filing, the legislative body may adopt a resolution acknowledging receipt of the notice and approving the circulation of the petition. A petition asking for the consolidation of any portion of the territory described in the notice, shall not be filed with any other city for 50 days after the adoption of such a resolution.

35366. Twenty-one days after the publication or posting of the notice, and statement, if any, the petition may be circulated among the voters within the area proposed to be consolidated with the city, pursuant to the Elections Code.

35367. When a petition for the consolidation of any new territory with a city has been received by its legislative body, unless and until consolidation with such city has been defeated:

(a) No other petition asking for the consolidation of any of the territory described in the filed petition shall be presented to the legislative body or electors of any other city.

(b) No other legislative body shall submit the question of consolidation of any part of the territory described in the petition to its electors.

35368. Territory as used herein may include any or all streets, highways and roads abutting the area to be consolidated with the city; provided, that if any portion of such territory or street, highway or road is situated within three miles of the boundaries of any other city, the consent of the legislative body of such other city shall first be obtained

35369 No consolidation shall include a portion of the width of a street or public right of way, but shall include the whole width of such street or public right of way.

35370. Upon receiving a petition signed by not less than 10 percent of the qualified electors residing within the territory, as shown by the county registration of voters, containing a description of the exterior boundaries of the proposed consolidated area asking that the area be consolidated, the city legislative body shall without delay pass a resolution of intention to call a special election giving at least 50 days notice thereof and of its intention to submit the question of consolidation to the electors residing in the unincorporated territory proposed to be consolidated with the city and the city. The city clerk and the county officer having charge of the registration of voters shall within two weeks check the petition and certify the sufficiency thereof.

35371. The resolution shall describe specifically the exterior boundaries of the proposed consolidated areas, and shall designate the area by some appropriate name by which it may be referred, upon the ballots used at the election. It shall contain a notice of the day, hour and place any person owning real property within such territory, or within the city, may appear before the legislative body and show cause why it should not be consolidated with the city.

35372. A hearing shall be held not less than 15 nor more than 40 days after the passage of the resolution.

35373 The city clerk shall cause a copy of the resolution to be published at least once a week for the two weeks prior to the hearing in a newspaper of general circulation published in the territory proposed to be consolidated, and in a newspaper of general circulation published in the city. If no such newspapers are published, a copy of the resolution shall be posted not less than 10 days before the hearing, in at least three public places within the territory, and at least three public places within the city.

35374. At any time not later than the hour set for hearing objections to the election, any owner of property within the territory and the city may make a written protest against the election The protest shall state in general terms the name of the owner of the property affected and the location and area of the property.

35375. At the time set for hearing protests, or any continuance thereof, by the city legislative body, the legislative body shall hear all protests so made. If it finds that protest is made by the owners of land within the territory, or with the city, the assessed value of which as shown by the last equalized assessment roll constitutes more than one-half of the total assessed value of the land within the territory,

or within the city, no further proceedings for the consolidation of any of the territory shall be taken for one year after the finding, provided, however, that the provisions of this section shall not prohibit the annexation within such one year period of any lesser area of said territory to the city under several laws providing for annexation of territory to the city.

35376. The election upon the question of consolidation shall be held at the same time in both the city and all the unincorporated territory proposed to be consolidated, but the ballots cast in the city shall be totaled as one unit and ballots cast in all the unincorporated territory proposed to be consolidated, shall be totaled as a second unit. In order for the proposition of consolidation to carry, a majority of the votes in each unit must be in favor of the consolidation.

35377. If it finds that protest is not made as specified in Section 35375, the city legislative body shall call a special election without delay and submit to the electors residing in the territory and the electors residing in the city, the question whether such territory shall be consolidated with such city.

35378. The city legislative body shall cause notice of the election to be published at least once a week for the four weeks prior to the election, in a newspaper of general circulation, printed and published outside the city, but in the county in which the territory is situated, and also in a newspaper of general circulation, printed and published inside the city, or if there are no such newspapers, by posting it at least four weeks next preceding the election in three public places within the territory and three public places within the city.

35379. The notice shall:

(a) State the date of the election.

(b) State distinctly the proposition to be submitted.

35380. When the consolidation has been completed, the property of the consolidated city shall be taxed to pay the indebtedness or liability specified in the notice.

35381. The legislative body shall establish and designate in the notice the voting precincts and the places at which polls will be open for the election. The places shall be those commonly used for voting within the territory, if there are any, and those commonly used for voting within the city.

35382. The legislative body shall appoint two judges and one inspector for each voting place in the territory to be consolidated with the city, as officers. For the conduct of such election such legislative body shall appoint the officers of election in the city in the same manner as for regular municipal elections. Each officer shall be a qualified elector of the voting precinct in which he is appointed to act.

35383. Upon the ballots used at the election shall be printed the words: "Shall (insert name given territory in the notice of election) be consolidated with the City of (stating name of city)?" Opposite these words shall be printed the words "yes" and "no," with a voting square to the right of each.

35384. If an elector stamps a cross in the voting square after the word "yes," his vote shall be counted for the consolidation, and if he stamps a cross in the voting square after the word "no," his vote shall be counted against the consolidation.

35385. Except as otherwise provided, the ballots used, the opening and closing of the polls, and the conduct of the election in both the territory and the city shall conform as nearly as possible with the Elections Code provisions concerning general elections.

35386. Immediately on the closing of the polls the election officers for each polling place shall count the ballots, make up, certify, and seal the ballots and tally sheets of the ballots cast, and deliver them with the returns to the clerk of the city legislative body.

35387. At its next regular meeting held at least three days after the election, the city legislative body shall canvass the returns. The canvass shall be completed at the meeting, if practicable, or as soon as possible, avoiding adjournments.

35388. Immediately upon the completion of the canvass, the legislative body shall cause a record to be entered upon its minutes, stating the proposition submitted, the number of votes cast for and against consolidation.

35389. If a majority of the votes cast both in the city and in the territory on the question is for consolidation, the clerk of the legislative body shall make, certify under seal, and transmit to the Secretary of State, a copy of the record of the canvass in the territory and in the city, with a statement showing the dates of the election, the time and the result of the canvasses and a description of the exterior boundary lines of the consolidated area. Immediately upon receipt of the document, the Secretary of State shall file it, and transmit a certificate of the filing to the clerk of the legislative body, and to the board of supervisors of the county in which the city is situated.

35390. If a majority of the votes cast is against consolidation, a new petition embracing any of the same territory shall not be filed with the same city within 12 months after the result of the election has been canvassed and declared.

35391. Immediately upon completion of the canvass of any municipal election on the question of consolidation, the legislative body shall cause a record to be entered upon its minutes, showing the number of votes cast upon the question and the number cast for and against consolidation.

35392. From the date of filing by the Secretary of State, consolidation is complete, and the consolidated territory is a part of the city.

35393. The consolidated territory and city shall be known as the name of the city unless otherwise voted on at the time of election.

35394. In all other particulars, the consolidation shall be conducted as if there were no question of assuming an indebtedness, or tax liability for municipal improvements already paid for by city taxpayers.

35395. When the consolidation of territory voting to assume such city indebtedness or fixed amount, or both, has been completed, the property within the consolidated territory shall be taxed to pay the bonded indebtedness, or fixed amount, or both as specified in the notice.

35397. Except as provided in this article, property within such consolidated territory shall not be taxed to pay any indebtedness or liability of the city contracted prior to or existing at the time of consolidation.

35398. Where territory is consolidated with a city divided into wards, or with a city which later divides itself into wards, the legislative body, by ordinance, shall alter the boundaries of the city wards to include the consolidated territory in one or more wards adjoining the territory, or make one or more additional wards out of the consolidated territory. The number of wards shall not be increased to exceed the number which the city is allowed by law.

35399. Any proceeding held pursuant to this article does not alter or affect the boundaries of any senatorial or assembly district

35400. Consolidation of territory with a city pursuant to this article does not affect, terminate, or invalidate any proceeding pending at the time of such consolidation, under the Drainage District Improvement Act of 1919, or any act relating to proceedings for the acquisition of lands or rights of way for the use of, or for the improvement of roads, highways, streets, parks, drains, sewers, or other public property, or to proceedings for the opening, widening, extending, or change of grade of streets or other public places. Such proceedings shall be continued by the county initiating them as if the territory affected were not consolidated.

35401. All proper expenses of proceedings for consolidation of territory pursuant to this article, whether such proceedings are completed or not, shall be paid by the city consolidating or attempting to consolidate the territory.

35402. Territory shall not be consolidated with a city pursuant to this article if, as a result of such consolidation, unincorporated territory is completely surrounded by such city.

35403. Notwithstanding any provision in this article to the contrary, if there is filed with the city clerk, within 50 days after the adoption by the legislative body of the city of its resolution authorizing the circulation of consolidation petitions, a petition signed by not less than 10 percent of the registered voters in any territory proposed to be consolidated with the city, which territory has a population in excess of 10,000 and includes an area of territory sufficient to prevent the area from being entirely surrounded by the newly consolidated city in the event a majority of the votes cast in the area is against consolidation, asking that the vote cast in such territory be counted separately, the vote shall be so counted, and if the majority of votes cast in such territory is against consolidation the territory shall not be consolidated. Failure to consolidate such territory shall not affect the consolidation of any other area even though such failure causes such other area to be noncontiguous to the city and even though the effect of such failure is to reduce the population of the total area consolidated below the population of the city."

One of the requirements of Chapter 1500-53 was that the commission shall biennially submit a report of its activities to the Governor and the Legislature. Assemblyman L. H Lincoln
Speaker of the California Assembly

I have been asked to transmit to you the following resolution by the Thirty-fourth Annual Convention of the League of Women Voters of California, May 19, 1955:

"*Resolved*, That this convention address a communication to the President of the Senate and to the Speaker of the Assembly commending the Members of the Legislature for their hard work and endurance in the discharge of their burdensome constitutional duties.

While our delegate-members have had little opportunity to visit and observe the Legislature at work, many of them were able to attend the hearing of the Assembly Committee on Education the evening of May 18th when a controversial bill—S B. No. 1671 concerning textbook selection—was under discussion and to observe the degree of skill, patience, judgment and objectivity demanded of presiding officers and members in formulating public policy through the democratic process.

Our delegates will return to their communities with a keener awareness of the complexity and scope of the Legislature's problems"

Respectfully submitted.

Report Relating to Sonoma State Hospital

STATE OF CALIFORNIA
DEPARTMENT OF MENTAL HYGIENE
SACRAMENTO, May 12, 1955

Honorable Harold J. Powers
President of the Senate
Honorable L. H Lincoln
Speaker of the Assembly

Re: Senate Resolution 96 Relating to Sonoma State Hospital

DEAR SIRS: In Senate Resolution 96 of April 27, 1955, the Director of Mental Hygiene is requested to report the status of measures taken at Sonoma State Hos-

pital to increase the security, to report on the number of psychopathic delinquents kept at such hospital, frequency of escapes, and the relative public danger involved by such escapes.

In response, I submit the following:

1. In 1949, additional personnel were employed for the locked wards together with a force of watchmen. Structural changes were made in three ward units to make them more secure, and a fence was constructed around Paxton and Goddard Cottages. All patients believed to be serious security risks were transferred to Mendocino State Hospital.

The opening of Atascadero made it unnecessary to house maximum security patients at Sonoma. The watchman force has been reduced, and the gate leading to Paxton and Goddard Cottages is no longer kept locked.

2. Existing law permits commitment of wards of the juvenile court and psychopathic delinquents to hospitals for the mentally deficient. There is also provision for transfer of Youth Authority cases to these institutions

During the Fiscal Year 1952-53, one psychopathic delinquent was committed to Sonoma. None was committed in 1953-54. One has been committed so far in 1954-55 Fiscal Year. One is now at Sonoma. This is a boy, age 13, who is diagnosed mentally retarded and epileptic rather than psychopathic delinquent.

3. The ratio of escapes at Sonoma is lower than at Pacific and Porterville State Hospitals, which also care for the mentally deficient. The ratio of escapes from Sonoma is currently less than one-half of the ratio of escapes from the hospitals for the mentally ill.

4. Statistics concerning patients released from California institutions show that the ratio of crimes of violence committed by such patients is only 30 percent of that of the national average for the population in general On the average, the approximately 3,000 patients at Sonoma can be expected to create a lesser hazard than the same number of persons residing in the community.

It is not humanly possible to predict with absolute certainty what a mental patient might do any more than it is possible to predict what any other person might do. Escapes can be kept at a minimum by adequate security measures but they cannot be prevented altogether in a mental hospital, nor for that matter, in a prison.

The patient giving rise to the present inquiry had been at Sonoma since 1949 He was not a psychopathic delinquent. He had not shown any of the tendencies which would indicate a potentiality for violence.

Some of the patients we are required to accept at Sonoma need medium security such as locked wards, fences, etc., therefore, we could not concur in abolishing all security features at the institution.

Yours very truly,

WALTER RAPAPORT, M.D.
Director of Mental Hygiene

Recommendation of the Governor

In accordance with Article IV, Section 34, of the Constitution, the Governor presented the following communication recommending the consideration of Assembly Bill No. 2327:

STATE OF CALIFORNIA, GOVERNOR'S OFFICE
SACRAMENTO, May 20, 1955

To the Honorable Members of the Assembly
Sacramento, California
GENTLEMEN:

Assembly Bill No. 2327, "An act making an appropriation to the California Commission on Drug Addiction for the investigation and study of the treatment and rehabilitation of drug addicts,"

in my opinion constitutes an emergency bill within the meaning of that term as used in Section 34 of Article IV of the Constitution of the State of California, the consideration of which should not await the final enactment of the Budget Bill.

This bill provides an appropriation to institute the work of the California Commission on Drug Addiction and, because of the urgent nature of the problem, the bill should not be required to wait until the enactment of the budget.

I therefore recommend consideration of Assembly Bill No. 2327 as an emergency measure.

Respectfully submitted.

House Resolution No. 190

Relative to the maintenance of a uniform statutory system governing the publication of legal notices

WHEREAS, The Assembly Interim Committee on Judicial System, the Code Commission and the Legislative Counsel expended a great deal of effort, over a period from 1945 to 1951, in an endeavor to devise and implement a uniform and consistent plan for the publication by newspapers of legal notices, which plan was enacted by the Legislature as Sections 6060 to 6066 of the Government Code; and

Resolved by the Assembly of the State of California, That the Legislative Counsel is requested and directed, in connection with the performance of his duties under Section 10242 of the Government Code, to submit to the Legislature a report and recommendation indicating which provisions of our statutes should be amended so as to bring them into conformity with the uniform plan for publication of notices heretofore mentioned; and be it further

CHAPTER 3. PHOTOGRAPHIC INDUSTRY

17800. As used in this chapter:

(a) "Industry member" includes any person, firm, corporation, association, or organization engaged in the business of taking and selling photographs of human beings.

(b) "Industry products" includes photographs, whether in black and white or in color, duplicates, enlargements, and reductions of such photographs, and also frames and accessories for such photographs when sold in combination therewith; except that motion pictures or photographs which are to be used primarily or exclusively in theater exhibition or television broadcasting, or for appearance in newspapers, magazines, books, or some form of commercial advertisement, are not to be considered as industry products, and persons, firms, corporations, and organizations engaged exclusively in taking or selling such photographs or pictures are not to be considered as industry members.

17801. In connection with the sale, offering for sale, or distribution of industry products, it is unlawful for any industry member to make any representation concerning the size, quality, kind of finish, workmanship, or price, of any industry product, or concerning the experience or competency of the industry member or his employees in the taking or processing of photographs or concerning the equipment and facilities used by the industry member in the taking or processing of photographs which has the capacity and tendency or effect of deceiving purchasers or prospective purchasers. The prohibitions of this section are applicable to any and all advertising or sales promotional presentations of an industry member, whether appearing in a newspaper or other periodical, in a radio or television broadcast, in a telephone directory listing, as a statement or mark on a photograph or on the frame or wrapping thereof, or otherwise. Such prohibitions also apply to any verbal representation made by an industry member or his employee or agent.

17802. In the sale, offering for sale, or distribution of industry products, it is unlawful for any industry member to deceive purchasers or prospective purchasers as to the nature, type, extent, or volume of his business. Among the practices to be regarded as prohibited by this section is that of an industry member using a corporate or trade name:

(a) Containing the word "studio," or any word or term of similar import, when the industry member does not own and operate, or directly and absolutely control, a photographic studio; or

(b) Containing the words "art institute," "art association," "art gallery," or any word or term of similar import, when the industry member does not own and operate, or directly and absolutely control, an establishment of the character indicated and comprehended by the said word or words; or

(c) Containing the word "press" or "news," or any word or term of similar import, when no part of, or but an insubstantial portion of, the business of the industry member consists of the taking of photographs for use by a newspaper or other news-gathering or news-disseminating agency and when the business of the industry member is not associated with any newspaper or other news-gathering or news-disseminating agency.

17803. In the sale, offering for sale, or distribution of industry products, it is unlawful for any member of the industry to make, or cause to be made, any statement or representation which has the capacity and tendency or effect of deceiving customers or prospective customers with respect to the size or reputation of his business, or as to his business status or affiliation, or as to the training, skill, or reputation of himself or any of his employees. Among the practices prohibited by this section are.

(a) Representing or implying that photographs will be taken by photographers from, or experienced in photography in, Hollywood, California, when such is not the fact.

(b) Making or causing to be made any false or misleading representation with respect to the skill, reputation, or training of photographers, as for example, the use of such term as "noted photographer of children" as descriptive of the fitness or ability of a photographer to photograph children when in fact such photographer has not acquired a reputation for the taking of children's pictures.

(c) Making or causing to be made any false or misleading representation with respect to membership in trade associations, photographic associations or clubs, or art associations, or in any other similar group.

17804. It is unlawful for any member of the industry to make, or cause to be made, any false, misleading, or deceptive statement as to equipment and methods used by the industry member in the taking or processing of photographs. Among the statements within the prohibitions of this section are (a) "electronic color camera," when no such camera is being used, and (b) "Hollywood studio lighting," when such lighting is not being used.

17805. It is unlawful to make, or cause to be made, any false, misleading, or deceptive statements as to the quality and type of finish or photographic prints being offered. Among the types of statements prohibited by this section are:

(a) Using the terms "oil painting," "portrait painting," or any other word or term of similar import, as a designation for, or descriptive of, a tinted or colored photograph or picture made from a photographic base, except that nothing in this subdivision should be construed as prohibiting the use of such terms as "oil painted photograph" or "oil colored portrait photograph" as descriptive of a product made from a photographic base and colored in oil

(b) Using the term "gold-tone," or any other word or term of similar import or meaning, either alone or in combination with other words or terms, to designate, describe, or refer to a photographic reproduction which is not a product resulting from a finishing process involving the use of a toning or developing bath employing salts or chloride of gold.

(c) Using the word "platinum" as descriptive of a photographic product not made by what is known as the Platinotype Process involving the use of a platinum salt in the sensitizing solution or developer.

(d) Using the word "etching," or any other word or term of similar import or meaning, either alone or in combination with other words or terms, as a designation for, or as descriptive of, any picture, print, photograph, or other product not produced from etched plates.

(e) Using the word "silk," or any term containing the word "silk," in any way to describe or refer to pictures which are not in fact printed on silk; or to make any other misleading, false, or deceptive statement as to the material upon which the photograph or other photographic product is printed.

17806 It is unlawful to represent or imply that any photograph or miniature, or any other photographic product, has been included in, or made a part of, an exhibit or an exhibition of photographs when such is not the fact, or to represent that any such photograph or photographic product will be exhibited or made a part of an exhibition when it is not contemplated or intended that such products will be exhibited or made a part of an exhibition.

17807. It is unlawful to make, or cause to be made, directly or by implication, through advertising of any kind, or otherwise, any false, misleading, or deceptive statement as to "contests" of any type or description. Among the practices prohibited by this section are:

(a) Representing or implying that a specified sum of money or monetary amount in awards will be made to winners in a contest unless the specified sum or amount in awards is made in cash.

(b) Failing to disclose in the advertising of any contest the conditions and requirements which govern the selection of contest winners, including the extent to which such selection is controlled or influenced by the purchase of advertiser's merchandise.

(c) Representing, directly or by implication, that awards in a specified number or value will be made in any contest unless such awards are actually conferred.

17808. It is unlawful to make, or cause to be made, directly or by implication, in advertising or otherwise, any false, misleading, or deceptive statements with regard to subject matter carried on so-called "coupons." Included in the scope of this section are statements referring to "limited" dates, when there is, in fact, no limit; "one per family" limitations, when, in fact, there are no such limitations; and failing to disclose on such coupons that additional purchases of any type are a prerequisite to receiving the offer made on the coupon itself, if in fact such a prerequisite is imposed.

17809. It is unlawful to use the word "free," or any other word or term of similar import or meaning, to designate, describe, or refer to any article of merchandise which is not in fact a gift or gratuity or which is not given without requiring the purchase of other merchandise or the performance of some service inuring, directly or indirectly, to the benefit of the donor of such alleged gift.

17810. It is unlawful to represent, directly or indirectly, that photographs sold in the regular course of business at the usual and customary prices therefor are, or will be, sold only to a limited number of customers, or to "a few lucky persons," or to indicate that the recipient of such offer 'has been selected," or to represent in any manner that the purchaser is receiving an advantage in price or other consideration not ordinarily available.

17811. (a) It is unlawful to use any guarantee respecting a photograph or other industry product which does not make reasonable disclosure of the conditions or limitations of such guarantee, or which contains statements, representations, or assertions which have the capacity and tendency or effect of misleading or deceiving in any respect, or which are of such form, text, or character as to represent or imply that the guarantee is broader than is in fact true.

(b) It is unlawful for the guarantor to fail to observe scrupulously his obligation under the guarantee by him used or caused to be used.

The provisions of this section shall be applicable also to warranties or any writing purported to be a guarantee or warranty.

17812. It is unlawful deceptively to conceal from or fail to disclose to customers at the time photographs are ordered that the finished picture, when delivered, will be so shaped and designed that it can only be used in a specially designed, odd-style frame which can only be purchased from the producer of the photographs or which is not generally available on the open market or that segment of the market open and convenient to the customer.

17813. It is unlawful to exhibit to prospective customers as samples of work any photographs or pictures which are not in fact representative of pictures produced and sold by the exhibitor of such samples, or to represent, directly or by implication, that a photograph to be made and delivered will be equal in type, quality, and workmanship to the samples displayed to the customer, unless the picture delivered is, in fact, equal in type, quality, and workmanship to such samples.

17814. (a) It is unlawful for any member of the industry to represent or imply that an industry product may be purchased for a specified price when such is not the fact, or to represent or imply that an industry product is being offered for sale at a reduced price or special price saving when the claimed reduced price or saving is not based on the bona fide usual and customary selling price of the product in effect immediately prior in point of time to such representation, or otherwise to represent the prices or terms of sale of industry products in such manner having the capacity and tendency or effect of misleading or deceiving purchasers or prospective purchasers.

(b) It is unlawful to sell or offer for sale any industry product at a price less than the cost thereof to the seller as a "loss leader" used in inducing, and sold only in combination with, the purchase of other merchandise on which the seller recoups such loss, when this practice has the capacity and tendency or effect of misleading or deceiving the purchasing public.

17815. It is unlawful for any member of the industry:

(a) To imitate or cause to be imitated, or directly or indirectly promote the imitation of, the trade-marks, trade names, or other exclusively owned symbols or marks of identification of competitors in a manner having the capacity and tendency or effect of misleading or deceiving purchasers, prospective purchasers, or the buying public; or

(b) To use any trade name, corporate name, trade-mark, or other trade designation which has the capacity and tendency or effect of misleading or deceiving purchasers or prospective purchasers as to the character, name, nature, or origin of any product of the industry, or of any material used therein, or which is false or misleading in any material respect.

17816. The offering or giving of prizes, premiums, or gifts in connection with the sale or offering for sale of industry products, or as an inducement thereto, by means of a game of chance or lottery scheme, is an unfair trade practice. Among the practices prohibited by this section are the use of a "draw," "draw contest," or so-called "lucky" blank or any other lottery scheme or game of chance to promote the sale of industry products.

17817. It is unlawful to defame competitors by falsely imputing to them dishonorable conduct, inability to perform contracts, questionable credit standing, or by other false representations, or falsely to disparage competitors' photography in any respect, or their business methods, selling prices, values, credit terms, policies, or services.

17818. The practice of selling products of the industry at a price less than the cost thereof to the seller, with the intent or purpose, and where the effect may be, to injure, suppress, or stifle competition or tend to create a monopoly in the production or sale of such products, is unlawful.

As used in this section the term "cost" means the total cost to the seller, including the costs of acquisition, processing, preparation for marketing, sale, and delivery. All elements recognized by good accounting practice as proper elements of such cost shall be included in determining cost under this section. The costs referred to in the section are actual costs of the respective seller and not some other figure or average costs in the industry determined by an industry cost survey or otherwise.

This section is not to be construed as prohibiting all sales below cost, but only such selling below the seller's cost as is resorted to and pursued with the wrongful intent or purpose referred to and where the effect may be to injure, destroy, or prevent competition, or tend to create a monopoly.

17819. It is unlawful for any person, firm, or corporation to aid, abet, coerce, or induce another, directly or indirectly, to use or promote the use of any unfair trade practice specified in this chapter.

17820. Any person, firm, corporation, partnership or association engaged in the business of taking and selling photographs or any employee or agent thereof who violates the provisions of this chapter is guilty of a misdemeanor.

17821. Any person, corporation, firm, partnership, joint stock company, or any other association or organization engaged in the business of taking and selling photographs which violates or proposes to violate the provisions of this chapter may be enjoined by any court of competent jurisdiction

Actions for injunction under this section may be prosecuted by the Attorney General or district attorney in this State in the name of the people of the State of California upon their own complaint or upon the complaint of any board, officer, person, corporation or association or by any person acting for the interests of itself, its members or the general public."

UNANIMOUS CONSENT REQUEST TO PRINT LEGISLATIVE COUNSEL OPINIONS IN JOURNAL

Mr. Brady asked for, and was granted, unanimous consent that the following opinions of the Legislative Counsel be printed in the Journal:

OPINION OF LEGISLATIVE COUNSEL

STATE OF CALIFORNIA
OFFICE OF LEGISLATIVE COUNSEL
SACRAMENTO, CALIFORNIA, May 24, 1955

Honorable Bernard R. Brady
Assembly Chamber

Referral by Rules Committee of Subjects for Interim Study—No. 12366

DEAR MR. BRADY: You have presented the following questions:

(1) Is there any Assembly Rule or Joint Rule which requires that resolutions directed towards the study of any subject or any legislative proposal or any Assembly or Senate bill be directed to the Assembly Committee on Rules for assignment to a committee for interim study?

(2) Has there ever been any such resolution in the past which was directed to the Assembly Committee on Rules during a general session, or a budget session which asked this committee to assign any subject matter to the appropriate interim committee?

(3) Is there any such resolution presently before the Assembly?

Opinion and Analysis

(1) There is no rule in the Standing Rules of the Assembly or in the Joint Rules which requires that such resolutions be directed to the Committee on Rules for assignment of the subject to a committee for interim study.

(2) House Resolution No. 218 of the 1953 Session was a resolution of this type. This resolution provided "That the Rules Committee authorize and direct the appropriate committee to study and ascertain all facts and problems relating to the subject of this resolution." The subject was the terms of employment of court reporters. The resolution died in committee.

(3) To the best of our knowledge, no resolution of this type is at present before the Assembly.

Very truly yours,

RALPH N. KLEPS, Legislative Counsel
By TERRY L. BAUM, Deputy

OPINION OF LEGISLATIVE COUNSEL

STATE OF CALIFORNIA
OFFICE OF LEGISLATIVE COUNSEL
SACRAMENTO, CALIFORNIA, May 24, 1955

Honorable Bernard R. Brady
Assembly Chamber

Notice of Motion to Reconsider—No. 12368

DEAR MR. BRADY: You have called our attention to Assembly Standing Rule 43 which, as amended March 15, 1955, lists "Notices of Motions" as the twelfth order of business You asked whether this provision means that a notice of motion to reconsider, as provided in Rule 104 is out of order unless made under this item of business.

In our opinion notice of motion to reconsider can be given only under the twelfth order of business as specified in Standing Rule 43. Such notice cannot be given at any other time unless the rule is first suspended.

The procedure of the Assembly in considering the business of that body is controlled by the order of business as fixed by its Rules.

As stated in Section 460 of Mason's Manual of Legislative Procedure, the right of a legislative body to make rules to govern its own proceedings includes the right to prescribe the use of and regulate the procedure applicable to the motion to reconsider. Prior to the March 15th amendment to the Rules, the procedure for reconsideration was as provided in Rule 104 and in the pertinent portions of Mason's Manual, and the practice was to permit the notice of motion to be given at any time prior to adjournment. When Rule 43 was amended to list Notice of Motions in the order of business, we can attribute to the amendment no other purpose than to restrict the giving of such notices to this item on the calendar, and we so conclude.

Very truly yours,

RALPH N. KLEPS, Legislative Counsel
By LAWRENCE G. ALLYN, Deputy

WHEREAS, This window, completely financed by private gifts, made up of an arrangement of the 96 coats of arms, in 18 panels, beginning with the first European university at Salerno, makes possible the tracing of the ancestry of the colleges and universities from the various denominations by which they were established; and

WHEREAS, The University Window memorializes the saga of the birth of the colleges and universities out of the Christian faith, of their re-birth in the great 300-year intellectual and spiritual awakening of the Renaissance, and of the indissoluble partnership between the proud mother of her children of light in the constant battle with the powers of darkness; now, therefore, be it

MESSAGES FROM THE GOVERNOR

STATE OF CALIFORNIA, GOVERNOR'S OFFICE
SACRAMENTO, May 26, 1955

To the Assembly of the State of California
Sacramento, California

GENTLEMEN: I am transmitting to you herewith a copy of a message with reference to

Assembly Bill No. 569, entitled, "An act to add Section 13841.4 to the Education Code, relating to leaves of absence for employees of school districts."

This bill, with my message relative thereto, I (through my Legislative Secretary) delivered to Arthur A. Ohnimus, Chief Clerk of the Assembly, at 4:10 o'clock p.m. on the twenty-fifth day of May, 1955, at which time your honorable body had adjourned for the day but not for the session.

Respectfully submitted.

GOODWIN J. KNIGHT, Governor

Acknowledgment of Receipt of Assembly Bill No. 569

May 25, 1955

I acknowledge receipt this twenty-fifth day of May, 1955, at 4.25 o'clock p.m., of Assembly Bill No. 569 without the Governor's signature, together with a statement of his objections thereto signed by the Governor, delivered to me personally by Paul Mason, Legislative Secretary to the Governor.

ARTHUR A. OHNIMUS, Chief Clerk

Veto Message From the Governor Relative to Assembly Bill No. 569

STATE OF CALIFORNIA, GOVERNOR'S OFFICE
SACRAMENTO, May 25, 1955

To the Honorable Members of the Assembly
Sacramento, California

GENTLEMEN: I am returning herewith, without my signature,

Assembly Bill No. 569, entitled, "An act to add Section 13841.4 to the Education Code, relating to leaves of absence for employees of school districts."

This bill would permit a teacher on a leave of absence to continue to draw part pay while his place is taken by a substitute teacher drawing a lesser salary. I do not feel that a school district should be called upon to give part pay to a person who is on leave, and that if it is receiving only the services of a substitute teacher it should be called upon to pay only the salary of the substitute.

Respectfully submitted.

GOODWIN J KNIGHT, Governor

Assembly Bill No. 569 ordered to unfinished business file.
