*Opinion and Analysis*

Joint Rule 22.2 of the Joint Rules of the Senate and Assembly provides in part:

> "* * * No consent calendar bill shall be considered for adoption until the second legislative day following the day of its placement on the Consent Calendar."

Under this rule a bill placed on the Consent Calendar on March 12th could not be considered for adoption until the second legislative day following the day of its placement on the Consent Calendar. Placement on the Consent Calendar occurs by order of the Speaker and upon second reading of the bill. (See Assembly Journal, page 1252, with respect to Assembly Bill No. 1014). Therefore if a bill were read for the second time and placed on the calendar on March 12th, it could not be considered for adoption until March 14th, assuming the 13th was a legislative day.

Very truly yours,

RALPH N. KLEPS, Legislative Counsel
By KENT L. DECHAMBEAU, Deputy

## REMARKS BY MR. GAFFNEY RELATIVE TO SAINT PATRICK

*Mr. Speaker and Members of the Assembly:*

On this day, the seventeenth of March, people of all races and creeds pause to remember a one-time shepherd slave boy who tended his flocks on the hills of Antrim, Ireland, and who rose to command the respect and devotion of the Irish race and the love and affection of people throughout the world for 15 centuries.

Patrick was the son of Calphurnius, a Roman civil officer of high rank and on his mother's side Patrick was a nephew of Saint Martin of Tours. As to his birthplace about the year 387, whether it was at a Roman campsite city at the mouth of the Clyde in Scotland, Normandy, or Rome, we do not know, and the Irish say "na bocklish" or "never mind."

At the age of 16 he was kidnaped by a band of Irish marauders and sold into slavery to an Irish chief. He tended his flock for six years and in the long days and nights of solitude, Patrick prayed that God would deliver him back to his people and his prayer was answered in a flight to the coast and a ship to the continent. Patrick had learned to love the Irish people and yearned to someday return to them. So, it seems he was destined to become a bishop and an apostle of Christianity to the pagan people he had served and loved. Patrick did return 18 years later in the year of A.D. 433 at the mouth of the Vantry near the present city of Wicklow, and with his small group of followers converted a whole nation to Christendom without a single martyrdom. He was, however, taken captive by certain war-like Druids and once was loaded with chains and condemned to die.

Then for decades he carried on his missionary zeal by building 350 monasteries of profound learning and dispatching hundreds of monks to found monasteries, churches, and colleges, throughout Europe, to relight the torch of faith and knowledge, which had almost flickered out due to the ravages of the barbarian Vandals and Goths.

His courage and steadfast faith in God—his zeal for the spreading of faith and knowledge as weapons to destroy tyranny and error endear Saint Patrick to men and women everywhere today as they inspired his fellow men of the Fifth Century.

May the blessing of Saint Patrick descend upon us today.

## REQUEST FOR UNANIMOUS CONSENT TO PRINT IN JOURNAL

Mr. Masterson was granted unanimous consent that the following opinion of the Legislative Counsel be ordered printed in Journal:

## OPINION OF LEGISLATIVE COUNSEL RELATIVE TO PROPERTY TAXATION: EXEMPTIONS

STATE OF CALIFORNIA
OFFICE OF LEGISLATIVE COUNSEL
SACRAMENTO, March 16, 1959

*Hon. S. C. Masterson*
*Assembly Chamber*

*Property Taxation: Exemptions—No. 10456*

*Question*

DEAR MR. MASTERSON: You have asked whether amendments of Assembly Bill No. 215 of the current session to incorporate the provisions of Assembly Bill No. 2214 of the 1957 Regular Session, as amended on May 4, 1957, would be consistent with the constitutional guarantees of free speech.

*Opinion*

It is our opinion that the amendments would be consistent with such guarantees.

*Analysis*

Assembly Bill No. 2214 of the 1957 Session, as amended on May 4, 1957, would have amended Sections 32 and 23705 of the Revenue and Taxation Code.

Prior to the amendment, Section 32 required an applicant for a property tax exemption, other than the householder's exemption, to file a declaration to the effect that he does not advocate unlawful overthrow of the government, provided that in the absence of such a declaration the exemption should not be allowed, and made it a felony to make such a declaration knowing it to be false.

As amended on May 4, 1957, Assembly Bill No. 2214 would have changed Section 32 to prohibit the receipt of a tax exemption by any

subversive; to make it a felony for any such person willfully to make, subscribe, prepare or present any return or other document in which he should claim an exemption, or to assist another in doing so; and to require a person claiming a tax exemption to file a prescribed oath to support and defend the Constitutions of the United States and of the State of California and "bear true faith and allegiance to the same."

Prior to the amendment, Section 23705 was similar to Section 32 in its scope, although applicable only to organizations claiming exemptions under the Bank and Corporations Tax Law.

Assembly Bill No. 2214 as it read after the amendment on May 4, 1957, would have made changes in Section 23205 similar to those that it would have made in Section 32. It also would have prohibited and made it a felony for any organization once granted an exemption to receive the exemption thereafter upon advocating the overthrow of the Federal or State Governments by force or violence or other unlawful means. In addition it would have made any loyalty declaration filed prior to its effective date, prima facie evidence of loyalty.

In this connection, we have considered the holding of the United States Supreme Court in the 1958 case of *Speiser* v. *Randall*, 2 L. Ed. 2d 1460, to the effect that Section 32 of the Revenue and Taxation Code unconstitutionally limited or penalized the right of free speech in that it placed on the taxpayer the burden of proving that he does not advocate the unlawful overthrow of the government in order to qualify for an exemption

The court concluded that under the section the appellant had the affirmative burden of proof, in court as well as before the assessor, to show that he was qualified for an exemption; that is, that he was not a person who advocated the overthrow of the Government of the United States, or of the State, by force or violence or unlawful means, or who advocated the support of a foreign government against the United States in the event of hostilities.

It declared that when the constitutional right to speak is sought to be deterred by a state's general taxing program, due process demands that the speech be unencumbered until the state comes forward with sufficient proof justifying its inhibition, and that the state bear the burden of proof in that regard.

As we see it, the oath that Assembly Bill No. 2214 would have required would not have shifted to a taxpayer the burden of proving that he does not advocate the unlawful overthrow of the government. That bill would in part have restated the California constitutional language denying a tax exemption to those who advocate the unlawful overthrow of the government, and the United States Supreme Court has indicated (at least for the purpose of the *Speiser* decision) that such a provision is sustainable (2 L. Ed. 2d 1474).

The only serious problem involved here, therefore, turns on the question of whether the oath that would have been required by Assembly Bill No. 2214 would have had the effect of restraining freedom of speech. That oath read:

> "(b) The following oath or affirmation shall be filed with the appropriate taxing agency by each person claiming an

exemption or on its behalf by a duly authorized officer, member, or agent, at the time the exemption is first claimed:

"I do solemnly swear (or affirm) that I will support and defend the Constitution of the United States and of the State of California against all enemies, foreign and domestic; that I will bear true faith and allegiance to the same; and that I take this obligation freely without any mental reservations or purpose of evasion."

This oath does not require a declaration that the person seeking tax exemption "does not advocate" the overthrow of the government. It is the traditional oath to support and defend the Constitution of the United States and the State of California, and the obligation involved is wholly consistent with an exercise of all rights guaranteed by those constitutions, including the right of free speech.

While the oath which would have been imposed by Assembly Bill No. 2214 is stated to be in implementation of Section 19, Article XX, we do not think this alone is sufficient to render a statute objectionable as an invasion of freedom of speech. It will be presumed that the Legislature acted within the limits of its constitutional power and, where possible, our courts construe statutes in such a way as to sustain them constitutionally. (*Shealor* v. *City of Lodi,* 23 C. 2d 647, 653, 45 Cal. Jur. 2d 624).

It may be noted that the oath provided by Assembly Bill No. 2214 involved a declaration that it is taken without any mental reservations or purpose of evasion. Under such language, the possibility exists that the taxpayer may be prosecuted for making a false declaration. But, if the statement is false, the taxpayer can be prosecuted for perjury (Pen. C. Secs. 118, 129) only in accordance with the strict procedural safeguards surrounding criminal prosecutions in which guilt must be established by the State beyond a reasonable doubt. In the *Speiser* case, the court took pains to note that when such is the situation there is not present the vice which it found in Section 32 (2 L. Ed. 2d, at pp. 1472, 1474).

Very truly yours,

RALPH N. KLEPS, Legislative Counsel
BY J. GOULD, Principal Deputy

## REQUEST FOR UNANIMOUS CONSENT TO PRINT IN JOURNAL

Mr. Lowrey was granted unanimous consent that the following letter of transmittal and report be ordered printed in the Journal:

## LETTER OF TRANSMITTAL

JOINT LEGISLATIVE BUDGET COMMITTEE
CALIFORNIA LEGISLATURE
SACRAMENTO, March 16, 1959

*Hon. Lloyd W. Lowrey*
*Assemblyman, Third District*
*State Capitol, Sacramento*

DEAR ASSEMBLYMAN LOWREY: Pursuant to your request, we have secured a cost comparison between the use of automatic versus standard transmission for state automobiles.

A statement of the cost factors involved is contained in two enclosures The first consists of a summary of the data submitted to us by the Chief of Automotive Management, Department of Finance, and the second is a copy of the more detailed statement submitted.

These data indicate that it is apparently significantly more economical to continue the use of standard transmission and clutch.

Sincerely,

A. ALAN POST, Legislative Analyst

Encls.

## COST COMPARISONS
## AUTOMATIC VERSUS STANDARD TRANSMISSION
(100,000 Miles)

| | *Automatic* | *Standard* |
|---|---|---|
| Extra cost, new car | $150.00 | – |
| Preventive maintenance (100,000 miles) | | |
| Band adjustment (every 20,000) | 26.40 | – |
| Transmission oil change (every 20,000) | 21.00 | – |
| Clutch pedal adjustment (4) | – | $4.80 |
| | $197.40 | $4.80 |
| Overhaul costs (if required) | | |
| Transmission overhaul—labor | $64.20 | $22.20 |
| Transmission overhaul—parts | 100.00 | 50.00 |
| | $164.20 | $72.20 |
| Complete replacement, transmission | | |
| Automatic transmission and torque conversion | $315.00 | – |
| Standard transmission and clutch | – | $147.00 |
| | $315.00 | $147.00 |

In addition to the above cost factors, the Automotive Management Division has offered the following:

1. Their considered opinion is that it costs approximately three mills per mile more to operate an automatic transmission equipped vehicle as opposed to one with a standard transmission, or a total of $300 more in 100,000 miles.
2. In at least one instance, the brakes required relining at 13,000 miles in a car equipped with automatic transmission and generally it is felt that brake lining life is much less by comparison with standard transmission principally because of the lack of engine compression for braking in automatic transmission equipped vehicles.
3. It is generally acknowledged that fuel consumption in automatic transmission cars exceeds that of standard transmission equipped vehicles, often by as much as 10 percent.

## COSTS OF AUTOMATIC TRANSMISSION EQUIPPED PASSENGER CARS AS COMPARED TO STANDARD TRANSMISSION AND CLUTCH

1. Extra cost of new car equipped with automatic transmission.

Fordomatic ..... $189.60 list ..... $150 net

2 Cost of preventive maintenance, oil change and band adjustment at 20,000 mile intervals. Four services required during 100,000 miles of driving.

Labor ..... 1.1 hours per operation
Total 4 4 hours @ $6 per hour ..... $26.40

Four changes of oil, 10 quarts per change, total 40 quarts @ $0.525 per quart.

Total ..... $21

In addition to the above, we can expect that it will be necessary to adjust the manual and throttle linkage at least four times during the life of the car. Cost per operation:

1 hour @ $6. Total ..... $24.00
Total Cost of Preventive Maintenance ..... 71.40

Standard transmissions do not require periodic adjustments or oil changes.

Clutch pedal adjustments may be needed. Four of these should be sufficient at a cost of

.2 hour each @ $6 per hour. Total ..... $4.80

Difference in cost of preventive maintenance $66.60 per car.

Cost of overhaul on automatic transmissions far exceeds the cost of the same work on standard shift transmissions.

Labor on automatics using Ford as an example requires:

10.7 hours @ $6 cost is ..... $64.20

Labor on standard shift transmission and clutch requires:

3.7 hours @ $6 cost is ..... $22.20

Added cost of labor on automatic $42.

Because of the greater number of parts incorporated in an automatic transmission, the cost of material necessary will generally exceed the cost of parts needed for a standard transmission and clutch. The average standard transmission and clutch overhaul can usually be accomplished at a material cost not in excess of $50. Material necessary for an automatic transmission overhaul will generally cost double this amount—$100.

As an example, we are listing the cost of a complete automatic transmission as compared to the cost of a standard transmission and clutch:

Automatic transmission and torque converter ..... $315
Standard transmission and clutch ..... 147

It is generally acknowledged that fuel consumption in an automatic transmission equipped car will exceed that of a standard transmission often by as much as 10 percent. As an example, we are quoting a report received from one state operator:

> "Driving a car not familiar with which apparently consumes more gas because of automatic drive. Standard stations extremely limited between Reno and and Alturas. One station was closed for no apparent reason. Had to walk in order to get gas."

It is also true that brake lining life is shorter in an automatic transmission equipped car because of reduced effectiveness of engine compression as a brake. For example, we recently found it necessary to reline the brakes on a 1958 Ford station wagon equipped with an automatic transmission at 13,000 miles. This is a pool car on regular dispatch with a high percentage of highway driving. The mileage obtained from this lining was less than 50 percent of the mileage generally delivered by standard transmission cars doing like work.

The average life of state-owned passenger cars exceeds five years. According to Kelly Blue Book, an automatic transmission adds approximately $50 to the wholesale value of a five-year-old car. Added depreciation cost $125 ($100 net).

We believe that the principal reason for the popularity of automatic transmissions is the added driving ease; however, under certain road conditions, such as rough hilly terrain or icy roads. Operation is more difficult on icy roads; an automatic transmission may shift at a time which can result in dangerous skids and thereby contribute to the possibility of accident. In rough hilly terrain, some automatic transmissions will shift when shifting is a disadvantage.

It is our considered opinion that the use of automatic transmissions has increased the per mile cost of state-owned passenger cars and will continue to do so. Exact comparison of these costs are not available because of the many intangibles involved; however, we feel it is safe to say that the added cost per vehicle is not less than $300 or 3 mills per mile, based on 100,000 miles.

It is true that there are some drivers that are not familiar with the operation of a standard shift car; also, that some handicapped operators require an automatic transmission. These must be considered when formulating a policy regarding purchase of automatic transmissions. A program of instruction may be necessary for those operators who are not familiar with standard transmissions.

Chief of Automotive Management

Inspector of Automotive Equipment

*O God*, Thou who dost call some men to special leadership, guide and sustain the President of the United States and the Governor of California. In like manner, we would pray for leaders with whom we work each day: the Speaker of this Assembly, the Speaker pro Tempore, and all committee chairmen. In loyal support, let there be no tinge of envy, no subtle attempt to correct or discipline, no feeling of superiority, no stalling which drops to the level of obstructionism. Working together constructively, may every legislator be glad to note the effort of every other. We pray in the name of the greatest leader of men the world has known, of whom it was said, "Never man spake as this Man."—AMEN

**Explanation of Votes on House Resolution No. 132**

We abstained from voting on House Resolution No. 132 because, as representatives of the Sixteenth and Eighteenth Districts, respectively, located in Alameda County, and as the Chief Justice of the United States has maintained his residence of record

in Oakland (Sixteenth District) for many years, we felt that we should have been granted the traditional courtesy to help prepare a proper resolution of congratulations on the occasion of his birthday. Nor were we afforded the courtesy of being invited to co-author the measure before the vote was taken. We feel that the language in the resolution did not treat with sufficient detail the record of the Chief Justice of the United States as a former District Attorney of Alameda County, former Attorney General and Governor of the State of California, nor did it refer to the fact that Chief Justice Warren has long been a proud and happy father of five wonderful children who are outstanding citizens in their own right in California.

### OPINION OF LEGISLATIVE COUNSEL AND ANALYSIS OF ASSEMBLY BILL NO. 156, AS AMENDED

STATE OF CALFORNIA
OFFICE OF LEGISLATIVE COUNSEL
SACRAMENTO, March 17, 1959

*Hon. William Biddick, Jr.*
*Assembly Chamber*

**Analysis of Assembly Bill No. 156, as Amended**
**February 24, 1959—No. 10546**

DEAR MR BIDDICK: You have asked us for an analysis of Assembly Bill No 156, as amended February 24, 1959. Our analysis is set forth below.

*Summary Analysis*

The bill would require, with certain exceptions, each local agency (as defined in the bill) to comply with all applicable building ordinances and zoning ordinances of the county or city in which the local agency is situated.

It would allow a local agency aggrieved by the application of a zoning ordinance or the decision of a county or city officer or agency in connection with the ordinance to appeal to the local planning advisory committee.

It would allow the State Department of Public Works to delegate to a county or city the functions of the Division of Architecture relating to the inspection of school building construction.

*Detailed Analysis*

*Definition* (Sec. 53090)

Defines "local agency" to mean an agency of the State for the local performance of governmental or proprietary function within limited boundaries. Excludes a city or a county from the term.

Defines "building ordinance" to mean county or city ordinances regulating building and construction and removal of buildings including ordinances relating to matters set forth in Government Code Section 38660 * and similar matters, and including ordinances relating to building permits and building inspection.

*Requirement of Compliance* (Sec. 53091)

Requires each local agency to comply with all applicable building ordinances and zoning ordinances of the county or city in which the territory of the local agency is situated.

Provides, where the local agency is situated in more than one city or county or partly in a city and partly in a county, that the local agency shall comply with such ordinances of the county or city with respect to the territory of the local agency situated therein and that the ordinance of a city or county shall not be applied to territory of a local agency which is outside of the boundaries of the county or city.

*Exceptions from Requirement of Compliance* (Sec. 53091)

2. Excepts the State when acting under the State Contract Act (commencing at Gov C. Sec. 14250) from the provision requiring compliance with building ordinances of a county or city.

2. Excepts school districts from the provision requiring compliance with building ordinances. Also excepts school districts from the provision requiring compliance with a zoning ordinance unless the zoning ordinance makes provision for the location of public schools.

*Provisions re School Districts* (Secs. 53091 and 53092)

Provides that on projects for which state school building aid is requested by a local agency for the construction of school facilities, the planning commission of the county or city in which the local agency is located must consider in its review for approval information relating to the attendance area enrollment, adequacy of the site upon which the construction is proposed, safety features of the site and proposed construction, and present and future land utilization, and report thereon to the State Allocation Board.

Allows the State Director of Public Works, on recommendation of the Division of Architecture, to delegate to a county or city all or part

---

* Gov. C. Sec 38660 provides

"The legislative body of a city may:

"(a) Regulate the construction of and the materials used in all buildings, chimneys, stacks, and other structures and in foundations and foundation walls.

"(b) Regulate the construction, repair, or alteration of buildings pursuant to Health and Safety Code Section 17953

"(c) Prevent the erection and maintenance of unsafe building walls, chimneys, stacks, or other structures

"(d) Provide for the summary abatement, destruction, or removal of such unsafe structures and of unsightly or partially destroyed buildings

"(e) Regulate the construction and location of drains and sewers.

"(f) Regulate the materials used in wiring structures for electricity and in piping them for a water, gas, or electric supply, and regulate the manner of such piping

"(g) Prohibit the construction of structures not conforming to such regulations."

of the powers and duties of the Division of Architecture relating to the inspection of the construction of school buildings of school districts within the county or city, if, as determined by the Division of Architecture, the county or city has an adequate building inspection program. Makes such delegation effective only if the legislative body of the county or city consents thereto.

*Fees* (Sec. 53091)

Makes each local agency required to comply with building or zoning ordinances and each school district whose buildings are inspected by a county or city subject to the applicable county or city ordinances requiring the payment of fees. Limits the amount of fees charged to the amount charged under the ordinance to nongovernmental entities for the same services or permits.

*Appeal to the Local Planning Advisory Committee* (Sec. 53093)

Allows appeal to the Local Planning Advisory Committee by any local agency aggrieved by the application of a zoning ordinance or by the decision of an officer or agency of the county or city made in connection with the ordinance, on the ground of arbitrariness, capriciousness, error, or illegality, in any decision, order, requirement, permit, or determination of the city, county or city officer or agency.

Requires the Local Planning Advisory Committee to adopt rules for such appeals. Requires the appeal to be taken within a reasonable time, as provided in the rules. Provides for commencement of appeal, by the local agency, by filing a notice of appeal, stating the grounds, with the committee and with the city clerk or county clerk, as the case may be.

Requires the county or city, at the request of the committee, to transmit to it all papers constituting the record upon which the action appealed from was taken.

Prohibits the filing of an appeal unless the local agency has exhausted the administrative remedies provided by county or city ordinance.

Requires the committee to hear and decide the appeals and, by its decision, to affirm, suspend, modify, or reverse the act or determination of the county or city.

Very truly yours,

RALPH N. KLEPS, Legislative Counsel

## REQUEST FOR UNANIMOUS CONSENT TO PRINT IN JOURNAL

Mr. Bruce F. Allen was granted unanimous consent that the following opinion of the Legislative Counsel be ordered printed in the Journal:

## OPINION OF LEGISLATIVE COUNSEL RELATIVE TO INTRODUCTION OF CONSTITUTIONAL AMENDMENTS

STATE OF CALIFORNIA
OFFICE OF LEGISLATIVE COUNSEL
SACRAMENTO, March 5, 1959

*Hon Bruce F. Allen*
*Assembly Chamber*

Introduction of Constitutional Amendments—No. 9448

*Question*

DEAR MR. ALLEN: You ask whether a constitutional amendment can be heard by a standing committee within the period of 30 days following its introduction.

*Opinion*

In our opinion the Constitution does not prevent committee consideration of a constitutional amendment within the 30-day period, but the Joint Rules do prevent such committee consideration.

*Analysis*

Section 2 of Article IV of the Constitution provides in part as follows:

> "At the general session, no bill * * * shall be heard by any committee or acted upon by either house until 30 calendar days have elapsed following the date the bill was first introduced; provided, that this provision may be dispensed with by the consent of three-fourths of the members of the house."

No definition of the word "bill" is contained in the Constitution. However, the Legislature has for many years construed constitutional references to "bills" as not including concurrent resolutions. Prior to the recent amendment to Article IV, Section 2, at the November 4th election, the section made reference to bills in the provision that "On the reassembling of the Legislature, no bill shall be introduced in either house without the consent of three-fourths of the members thereof, nor shall more than two bills be introduced by any one member after such reassembling." Under the provisions of Joint Rule 6, which appear to have been first adopted in 1915 (Stats. 1915, Res. Ch. 14, p. 1730) and

readopted at each subsequent session, concurrent resolutions, as well as constitutional amendments and joint resolutions, were not deemed bills within the meaning of Section 2 of Article IV of the Constitution and did not require a vote to authorize their introduction.

It is a general rule that the Legislature cannot authoritatively fix the meaning of the Constitution, and its interpretation is not controlling in the courts. Yet where the meaning is doubtful, long-continued construction by the Legislature is entitled to deference (11 Cal. Jur. 2d 372). We have no doubt that a court would conclude that the new constitutional restriction upon the handling of bills, as was the case with the former operation of the section, has no application to concurrent and joint resolutions or constitutional amendments. (See, also, Const. Art. IV, Secs. 15 and 16.)

However, Rule No. 10.8 of the Joint Rules of the Senate and Assembly provides that no bill shall be heard by any committee or acted upon by either house until 30 days have elapsed following the date of introduction. The rule prescribes the conditions which must be met before the rule can be dispensed with. Unless those conditions are met, the 30-day waiting period applies.

Unlike the constitutional provision mentioned above, Joint Rule No. 10.8 is specifically made applicable to constitutional amendments as well as bills. It does not apply to joint or concurrent resolutions.

Very truly yours,

RALPH N KLEPS, Legislative Counsel

Make us to choose the harder right instead of the easier wrong, and never to be content with a half truth when the whole can be won. Endow us with courage that is born of loyalty to all that is noble and worthy, that scorns compromise with vice and injustice and knows no fear when truth and right are in jeopardy. Guard us against flippancy and irreverence in the sacred things of life . . . May we find genuine pleasure in clean and wholesome mirth and feel inherent disgust for all coarse-minded humor. Help us, in our work and in our play, to keep ourselves physically strong, mentally awake, and morally straight.—AMEN."

### House Resolution No. 150

Relating to a study of highway safety markings

WHEREAS, The high speed of vehicles and the crowded conditions on the highways of this State makes good driver visibility increasingly important; and

WHEREAS, The visibility of the white line normally used to indicate the division of vehicle lanes is of prime importance, especially in times of inclement, hazy or foggy weather when other guiding points are obscured; and

WHEREAS, Improvement of the visibility of the white dividing line would result in the saving of lives and the prevention of injury to persons and property; now, therefore, be it

*Resolved by the Assembly of the State of California*, That the Department of Public Works is hereby directed to conduct a study as follows:

1. The department shall study the feasibility of, and the cost of, maintaining white dividing lines of reflectorizing paint.

2. The study shall include a consideration of those areas in this State having peculiar local problems of visibility.

3. The department shall submit its report to the Legislature at the 1960 Regular Session; and be it further

*Resolved*, That the Chief Clerk of the Assembly is hereby directed to transmit copies of this resolution to the Department of Public Works.

Resolution read, and referred to the Committee on Rules.

By Mr. Hanna:

### House Resolution No. 151

Relative to a study of the costs of education to be conducted by the Superintendent of Public Instruction

WHEREAS, While the Legislature is primarily interested in making available the highest possible quality of education in the public schools of the State, it also has the duty of ascertaining that the cost of education is reasonable when related to the results produced; and

WHEREAS, The Superintendent of Public Instruction has been encouraging school districts to organize the seventh and eighth grades on a "departmentalized" basis so that the pupils change rooms for certain instructional periods; and

WHEREAS, The state maximum requirement of 75 square feet of room space for each pupil and 20 acres ground space for each junior high school has been adopted for all practical purposes as the minimum requirement in this State; and

WHEREAS, The requirement of departmentalization and size extensions as mentioned herein has resulted in the following increases in cost of operation, to-wit:

a. Increase in maintenance and upkeep cost of both interior and exterior of buildings and upon grounds surrounding them

b. Increase in cost of certified personnel per pupil calculated on the average of 1 to every 25 pupils in junior high schools as in contrast to 1 to every 32 pupils in elementary schools.

c. Increase in administrative cost per pupil.

d. Increase in transportation for greater area served; and

WHEREAS, These additions result in an average daily attendance cost substantially higher for junior high schools than for self-contained elementary schools, which costs presently must be met by robbing average daily attendance support in grades kindergarten to sixth or by increasing local taxation above present set limits, now, therefore, be it

*Resolved by the Assembly of the State of California*, That the Assembly hereby requests the Superintendent of Public Instruction to report to the Legislature at its 1961 Regular Session, within five days after the convening thereof, on the following matters.

(a) Whether the education provided for seventh and eighth grade pupils by the departmentalized system is superior to that provided by the self-contained classroom system.

(b) If so, whether the degree of superiority of the departmentalized system is great enough to justify the excess cost of maintaining such a system

(c) If so, the recommendations of the Superintendent of Public Instruction setting forth the methods of raising additional state and local funds to finance the additional cost entailed in substituting the departmentalized system for the self-contained classroom system of educating seventh and eighth grade pupils, including the needs of the State for such a substitution on a statewide basis, and the changes which would be required in the present state and local tax structure to finance the more expensive system; and be it further

*Resolved*, That the Chief Clerk of the Assembly is directed to transmit a copy of this resolution to the Superintendent of Public Instruction.

Resolution read, and referred to the Committee on Rules.

## REQUEST FOR UNANIMOUS CONSENT TO PRINT IN JOURNAL

Mr. Unruh was granted unanimous consent that the following opinion of the Legislative Counsel be ordered printed in the Journal:

## OPINION OF LEGISLATIVE COUNSEL RELATIVE TO COMMITTEE REPORTS

STATE OF CALIFORNIA, OFFICE OF LEGISLATIVE COUNSEL
SACRAMENTO, March 18, 1959

*Hon. Allen Miller*
*Assembly Chamber*

**Committee Reports: H. R. No. 125—No. 10704**

*Question No 1*

DEAR MR. MILLER: With respect to House Resolution No. 125, you have asked whether, if the resolution is adopted, the Assembly Committee on Rules could adopt a policy statement providing that the

required financial data can be in a letter of transmittal, rather than incorporated in the committee report itself.

*Opinion No. 1*

We do not believe such a procedure would be permitted under the provisions of the resolution in question.

*Analysis No. 1*

House Resolution No. 125 would add a new Rule No. 12.3 to the Permanent Standing Rules of the Assembly to read:

> "Each report of an interim committee shall include a financial statement therein showing the total cost of the report, including the amount expended for expenses of the members, the number of hearings held, the name of, and amount paid to, each consultant, the name of, and amount paid to, each committee employee, and the amount expended for other goods and services in preparation of the report."

We are of the opinion that the language of the proposed new rule in requiring each report to include a financial statement "therein" clearly contemplates the inclusion of the statement as a part of the report itself. We do not believe inclusion of financial data in a letter of transmittal, even if such a letter were printed in the Journal of the Assembly, would constitute compliance with the proposed rule.

*Question No. 2*

Relative to the above-mentioned resolution, you have also asked our opinion as to whether the proposed new rule would require every subcommittee report to contain the financial statement, or whether an overall statement of the full committee in a report would suffice.

*Opinion No. 2*

In our opinion, the proposed rule would require the inclusion of a financial statement in a report of a subcommittee as well as in a report of the full committee

*Analysis No. 2*

The purpose of the proposed new rule is indicated in three "whereas" clauses preceding the text of the rule which state that many reports of interim committees are widely distributed to the public and that the public is entitled to know what work and expense went into each report and by whom it was prepared.

The proposed rule itself, with respect to each report, requires a statement of the amount expended for member's expenses, the number of hearings held, amounts paid to consultants and employees, and amounts expended for goods and services in preparation of the report.

It is true that the rule refers to a "committee" and does not expressly mention a "subcommittee." However, a "committee" is "a body of persons appointed or elected to consider, investigate, or take action upon, and usually to report concerning, some matter of business," and a "subcommittee" is "an under committee; a part or division of a committee" (Webster's New International Dictionary, Second Edition).

We believe that the language of the proposed rule in requiring financial statements in each report of a "committee" is intended to cover a

report of any group of Members of the Legislature appointed or selected in any manner to consider, investigate, and report to the full body of the Legislature. The fact that the group of members is designated a "subcommittee" rather than a "committee" would be immaterial, in our opinion.

Very truly yours,

RALPH N. KLEPS, Legislative Counsel
By ROBERT G. HINSHAW, Deputy

Two copies to Hon. Jack A. Beaver, pursuant to Joint Rule No. 34.

### PRAYER

The following prayer was offered by the Chaplain, Rev. R. Wilbur Simmons:

*God of Wisdom, God of Love,* We lift up to Thee important issues which are never simple, for they are surrounded by various kinds of values. Bills seldom seem to be perfect, for they reveal the limitations of their authors and the imperfect society out of which they come. There are always two sides to every question, and sometimes three, or more. The matters before this Assembly run the wide gamut of our complex public life. Who is wise enough for all these things? We pray for Thy wisdom, all-wise and loving Father, that the decisions made may prove to be right, and wiser than we know. Thy Wisdom and Will, not ours, be done on earth as it is in heaven.—AMEN.

### Letter of Transmittal
### Report on Surplus State-owned Lands

STATE OF CALIFORNIA, DEPARTMENT OF FINANCE
SACRAMENTO, March 13, 1959

*Hon. Glenn M. Anderson*
*President of the Senate*
*Hon. Ralph M. Brown*
*Speaker of the Assembly*

GENTLEMEN: Pursuant to the provisions of Chapter 1573, Statutes of 1951, the Department of Finance submits herewith its annual report to the Legislature on surplus state-owned lands.

On August 27, 1958, the Department of Finance sent instructions to all land-holding state agencies under the subject "Annual Inventory and Report of Excessive State Lands." These instructions read in part as follows:

> "Government Code Section 11011 requires all state agencies to submit an annual report of lands that are in excess of foreseeable needs
>
> "Each agency should make a thorough review of the state lands under its jurisdiction and submit a written statement that all lands owned by the agency have been checked. The statement should also list those lands that are excess, or should state that there are no excess lands"

In response to the above, ten parcels comprising approximately 493 acres have been submitted by various agencies as being surplus to their foreseeable needs. These properties have an estimated value of $1,500,000 and are described in detail in the body of this report. It is recommended that legislation to sell, exchange, or otherwise dispose of these parcels be enacted at the 1959 Session. The Department of Finance has caused Senate Bill No 589 to be introduced for this purpose.

Since the beginning of the surplus property program established by Chapter 1573, the Department of Finance has sold approximately 1,996 acres of property under specific legislative authority and the property returned to the local tax rolls, with the exception of a few parcels that were sold to property tax-exempt agencies, such as local municipalities. The total revenue received by the State as a result of these sales has amounted to $2,161,090. Supplement "A" to this report describes in detail those properties disposed of during the period 1957-58 for a total consideration of $266,590.

Not directly related to the surplus property program were several transactions negotiated by the Property Acquisition Division of this department. These transactions involved the transfer of surplus properties between state agencies. Supplement "B" describes in detail such transfers.

Presently held as surplus by the Department of Finance but not yet sold are properties valued at approximately $4,235,910. The current status of these lands is shown in Supplement "C" of this report.

Yours very truly,

BERT W. LEVIT, Director of Finance

SEC. 70. Section 17300 is added to said code, to read:

17300. It is the intent of the Legislature that the administration of the laws governing the financial support of the public school system in this State be conducted within the purview of the following principles and policies:

The system of public school support should be designed to strengthen and encourage local responsibility for control of public education. Local school districts should be so organized that they can facilitate the provision of full educational opportunities for all who attend the public schools. Local control is best accomplished by the development of strong, vigorous, and properly organized local school administrative units. It is the State's responsibility to create or facilitate the creation of local school districts of sufficient size to properly discharge local responsibilities and to spend the tax dollar effectively.

Effective local control requires that all local administrative units contribute to the support of school budgets in proportion to their respective abilities, and that all have such flexibility in their taxing programs as will readily permit of progress in the improvement of the educational program. Effective local control requires a local taxing power, and a local tax base which is not unduly restricted or overburdened.

The system of public school support should assure that State and local funds are adequate for the support of a realistic foundation program. It is unrealistic and unfair to the less wealthy districts to provide for only a part of the financing necessary for an adequate educational program.

The system of public school support should permit and encourage local school districts to provide and support improved educational programs. Improvement of programs in particular districts is in the interests of the State as a whole as well as of the people in individual districts, since the excellence of the programs in some districts will tend to bring about program improvement in other districts.

The system of public school support should make provision for the apportionment of state funds to local school districts on a strictly obejctive basis that can be computed as well by the local districts as by the State. The principle of local responsibility requires that the granting of discretionary powers to state officials over the distribution of state aid be avoided.

The system of public school support should effect a partnership between the State and each local district, with each participating in accordance with its relative ability. The respective abilities should be combined to provide a financial plan between the State and the local school district that may be known as the foundation program for public school support.

The system of public school support should provide, through the foundation program, for essential educational opportunities for all who attend the public schools. Provision should be made in the system for adequate financing of all educational services.

The system of public school support should provide for both guaranteed minimum support and equalization support from state funds. State support should be extended to all local districts regardless of wealth, for this not only develops a sense of broader responsibility, but also creates flexibility taxwise permitting the exercise of local initiative. State support should, to assure equal educational opportunity, provide for as large a measure of equalization as possible among districts. The taxing power of the State should be utilized to raise the level of educational opportunity in the financially weakest districts of the State.

The system of public school support should provide for an equitable system of state and local sharing in the foundation program. The degree of local sharing should be based, as nearly as possible, on the true ability of the local district, so that each may contribute uniformly to the foundation program.

SEC. 71. Section 17602.5 is added to said code, to read:

17602.5. The amount allowed under this article to an elementary school district having an average daily attendance during the preceding fiscal year of less than 101, exclusive of pupils attending the seventh and eighth grades of a junior high school, shall not be more than the amount that would have been computed under Section 17901 had the foundation program for the district been computed under Section 17656, except that to this allowance shall be added an amount equal to 80 percent, reduced by an additional 20 percent in each of the subsequent fiscal years, of the difference between the allowance computed for the district under Section 17901 and the amount that would have been computed for the district under Section 17901 had the foundation program for this district been computed under Section 17656 except as to any elementary school district determined to be a necessary school district by the existence of any one or more of the following conditions:

(a) The projection of its enrollment for five years, based on the current enrollment of the district and children residing in the district, not yet old enough to attend school, shows that the enrollment will then exceed 100 pupils, or

(b) If as many as five pupils residing in the district and attending grades kindergarten to eight, inclusive, exclusive of pupils attending the seventh and eighth grades of a junior high school in the elementary school with an average daily attendance of less than 101 would be required to travel more than 15 miles one way from a point on a well-traveled road nearest their home to the nearest other public elementary school, or

(d) If topographical, climatic, time required to reach school, or other conditions exist in a district which would impose unusual hardships on pupils if the number of miles specified in (b) or (c) were required to be traveled.

In such cases, the Superintendent of Public Instruction may, when requested and after investigation, grant exceptions from the distance requirements, or

(e) If the Superintendent of Public Instruction approves the recommendation of the county committee on school district organization designating one of five or more schools as an isolated small school, in cases when the proximity of one small school to another causes both schools to be classified as other than necessary small schools as defined by the other subdivisions of this section, and the schools are operated by two or more districts and if the combined average daily attendance is less than 101.

If a small school has once been determined to be a necessary small school, that determination shall not be changed except as a review of the factors on which the determination is based made at intervals of five years following the date of the determination indicates that a change is necessary. Any school not determined to be a necessary small school may be so determined, effective at the beginning of any fiscal year if it meets the necessary conditions of this section.

(a) Not less than 65 percent of the foundation program for elementary school attendance in elementary districts with an average daily attendance during the preceding year of less than 101, exclusive of pupils attending the seventh and eighth grades of a junior high school, as such foundation program is actually computed for apportionments in the same fiscal year pursuant to Article 2 (Sections 17651 to 17667, inclusive [, whichever are in effect] ) of Chapter 3 of this division, or pursuant to Section [17901.1] *17901*, if the foundation program for such district is computed pursuant to Section [17901.1] *17901*, whichever is the case for the particular district, or 65 percent of the total state basic and equalization aid plus the amount which would be raised by the levy of the maximum tax rate prescribed for the district by Section 20751 on each one hundred dollars ($100) of assessed valuation of the district during the current fiscal year, reduced by the amount chargeable to the district for tuition for interdistrict attendance, pursuant to Section 5659, if such amount is less than the amount computed on the basis of the foundation program.

(b) Not less than 65 percent of the foundation program for elementary school attendance of an elementary district with an average daily attendance during the preceding year of 101 or more, exclusive of the average daily attendance of pupils attending the seventh and eighth grades of a junior high school, as such foundation program would be computed for apportionments in the same fiscal year pursuant to Article 2 (Sections 17651 to 17667, inclusive, whichever are in effect) of Chapter 3, or as it would be computed pursuant to Section 17901.1 for apportionments in the same fiscal year, whichever is the larger amount; but if an amount computed by determining 65 percent of the total basic and equalization aid plus the amount which would be raised by the levy of the maximum tax rate prescribed for the district by Section 20751 on each one hundred dollars ($100) of assessed valuation of the district during the current fiscal year, reduced by the amount chargeable to the district for tuition for interdistrict attendance, pursuant to Section 5659, is less than the larger of the two amounts computed on the basis of the foundation program, such amount shall be used in lieu of the amount computed on the basis of the foundation program.

(c) Not less than 65 percent of the foundation program for high school attendance in high school districts with an average daily attendance during the preceding

year of less than 267, as such foundation program is actually computed for apportionments in the same fiscal year pursuant to Article 2 (Sections 17651 to 17667, inclusive [, whichever are in effect]) of Chapter 3 of this division, or pursuant to Section [17903.1] *17903* if the foundation program for such district is computed pursuant to Section [17903.1] *17903*, whichever is the case for the particular district, or 65 percent of the total state basic and equalization aid plus the amount which would be raised by the levy of the maximum tax rate prescribed for the district by Section 20751 on each one hundred dollars ($100) of assessed valuation of the district during the current fiscal year, increased by amounts received as tuition payments for interdistrict attendance, if such amount is less than the amount computed on the basis of the foundation program.

(d) Not less than 65 percent of the foundation program for high school attendance in a high school district which had an average daily attendance during the preceding year of 267 or more, which would be computed for apportionments in the same fiscal year pursuant to Article 2 (Sections 17651 to 17667, inclusive [, whichever are in effect]) of Chapter 3 of this division, or which would be computed for apportionments in the same fiscal year pursuant to Section [17903.1] *17903*, which ever is the larger amount; but if an amount computed by determining 65 percent of the total basic and equalization aid plus the amount which would be raised by the levy of the maximum tax rate prescribed for the district by Section 20751 on each one hundred dollars ($100) of assessed valuation of the district during the current fiscal year, increased by amounts received as tuition payments for interdistrict attendance, is less than the larger of the two amounts computed on the basis of the foundation program, such amount shall be used in lieu of the amount computed on the basis of the foundation program

(e) Not less than 65 percent of the foundation program computed for apportionments in the same fiscal year for junior college attendance, or 65 percent of the total state basic and equalization aid plus the amount which would be raised by the levy of the maximum tax rate prescribed for the district by Section 20751 on each one hundred dollars ($100) of assessed valuation of the district during the current fiscal year, increased by amounts received as tuition payments for interdistrict attendance and reduced by amounts of interdistrict attendance payments chargeable to it, if such amount is less than the amount computed on the basis of the foundation program.

(f) In addition to the above amounts, as determined for each district, not less than 65 percent of the apportionments for growth computed for the district during the preceding fiscal year, and not less than 65 percent of the apportionments computed pursuant to Sections [17951.1] *17951* and [17411.1] *17411* during the same fiscal year.

In the event it appears to the governing board of a school district that the application of the preceding paragraphs of this section during a fiscal year would result in serious hardship to the district, or in the payment of salaries to persons employed by the district in positions requiring certification qualifications substantially in excess of the salaries paid persons employed in positions requiring certification qualifications by other districts of comparable type and functioning under comparable conditions, the board may, with the written approval of the county superintendent of schools having jurisdiction over the district apply to the Superintendent of Public Instruction in writing not later than July 15th of the succeeding fiscal year for exemption from the requirements of the preceding paragraphs of this section for the fiscal year on account of which the application is made. Upon receipt of such application, duly approved, the Superintendent of Public Instruction may grant the district exemption, to the extent deemed necessary by him, from such requirements for the fiscal year on account of which the application is made.

If any portion of the money is not expended as required by this section and is not exempted by the Superintendent of Public Instruction, the county superintendent of schools having jurisdiction over the district shall add such portion to the amount required to be expended for salaries or tuition for the next succeeding fiscal year or he may transfer 80 percent of such amount to the county school service fund pursuant to Section 20104.

### Explanations of Votes on Assembly Bill No. 1062

We voted "No" on the Coolidge Amendments to Assembly Bill No. 1062 and "No" on the vote on final passage of Assembly Bill No. 1062 because we felt that both the amendments and the bill itself attempted to dispose prematurely of either all or part of the Investment Fund.

Funds for water development are adequately protected by their retention in the Investment Fund for the time being.

We voted "Aye" on the Hawkins Amendments because they would have reserved the determination of this question until the legislative session has acted upon the pending budget and tax program.

We both favor enactment of a comprehensive state water program.

MILTON MARKS
JOHN A. BUSTERUD

Even though I am not opposed to using the Investment Fund for water development, I voted against Assembly Bill No. 1062 because I feel that the Investment Fund should be a part of a Constitutional Amendment covering the water program instead of a separate bill.

L. M. BACKSTRAND

### ANNOUNCEMENT

Mr. Porter announced that he had at his desk a constitutional amendment relative to water, which he will introduce tomorrow morning, and invited all members who desired to become co-authors to affix their signatures before that time.

March 16, 1959

*Mr. Harrison W. Hertzberg*
*Attorney at Law*
*3540 Wilshire Boulevard*
*Los Angeles, California*

DEAR MR. HERTZBERG: I was glad that I learned of your interest in Assembly Bill No. 1729 now pending before the California Legislature, while I was in Los

Angeles this past week. I believe that our telephone discussion of this legislative measure was most informative and that we can be mutually helpful to each other in our efforts to obtain the defeat of this legislation!

It occurs to me that you may want to supplement the information I gave to you regarding certain Assemblymen who are members of the Assembly Revenue and Taxation Committee in which committee this bill is presently located As I indicated the bill cannot be heard before early April because of the thirty-day rule after introduction but meanwhile you might want to alert your clients to write letters to those members of the Assembly Revenue and Taxation Committee with which they might be personally acquainted or have contacts through friends. In any event, we should by all means stay away from the author of the bill, Assemblyman Charles Chapel of Inglewood.

If you will call Arch Riddell, Sr. at RYan 1-8084 in Pasadena, he can give you the full list of the Assembly Revenue and Taxation Committee, including the areas from which each of the 17 members come. This will facilitate your determination of which of your client members could best communicate with these Assemblymen in opposition to the measure. As previously indicated in our discussion last Wednesday, particular emphasis should be placed on the fact that cities have already fully occupied this type of business license taxation which should not be duplicated by the State with the probable confiscation of many local businesses

As promised, I will be sure to advise you in the event the bill is set for hearing because of my interest in the measure as California tax counsel for the National Automatic Merchandising Association.

Sincerely yours,

PERRY H. TAFT

STATE OF CALIFORNIA
DEPARTMENT OF PUBLIC WORKS
SACRAMENTO, March 19, 1959

*Hon. Arthur A. Ohnimus*
*Chief Clerk of the Assembly*
*State Capitol*

DEAR MR. OHNIMUS: House Resolution No. 80, adopted by the California Assembly on February 26, 1959, and printed in the Assembly Journal of that date at pages 928 and 929, requested that the Department of Public Works conduct a survey and report to the Legislature the cost of completing the San Diego Freeway from the Harbor Freeway to Studebaker Road.

The construction projects cited in the resolution will provide a usable unit of eight-lane freeway 1.3 miles long between 0.1 mile east of the Long Beach Freeway and Alameda Street at a cost of $6,500,000, and the start of the structures for the 7.1-mile section of eight-lane freeway between Studebaker Road and 0.1 mile east of the Long Beach Freeway at a cost of $8,500,000. In addition to these two construction projects, there are items of $6,448,000 in the 1958-59 right-of-way budget and items of $2,515,000 in the 1959-60 right-of-way budget for acquisition of right-of-way between Studebaker Road and Main Street. Budgeted items for construction and right-of-way, therefore, total $23,963,000.

The cost of completing the structures, grading, and paving the 7.1-mile section between Studebaker Road and 0.1 mile east of the Long Beach Freeway is estimated to be $20,500,000 for construction and $4,000,000 for right-of-way. The cost of the 4.5-mile section between Alameda Street and the Harbor Freeway is estimated to be $12,800,000 for construction and $200,000 for right-of-way. The total estimated cost of completing an eight-lane freeway on the 12.9-mile portion of the San Diego Freeway between Studebaker Road and the Harbor Freeway, therefore, is $37,500,000 which consists of $33,300,000 for construction and $4,200,000 for right-of-way.

Mr Lowrey arose to the following parliamentary inquiry: Did Senate Bill No 231 go to the Committee on Ways and Means, and if not, why was it not so re-referred?

### Point of Order

Mr. Hanna arose to the following point of order. That Mr Lowrey should make a motion either to reconsider the vote or expunge the record on this bill, before his remarks are in order

**Ruling by Speaker pro Tempore**

WHEREAS, The many festivities planned to commemorate the event will include the placing of a plaque at the site of Dr Herrold's first station in San Jose, parades, special broadcasts by Station KCBS recalling the times and the beginnings of its predecessor station, as well as numerous other activities; now, therefore, be it

*Resolved by the Assembly of the State of California,* That this body, by this resolution, joins in the commemoration of the establishment of the first radio broadcasting station and the Fiftieth Anniversary of broadcasting, and extends congratulations and best wishes on the occasion to the management and personnel of Station KCBS, to Professor Gordon Greb for his work in establishing the historical background for the event, and to Mr. Ray Newby and Mrs Sybil M. ## REQUEST FOR UNANIMOUS CONSENT TO PRINT IN JOURNAL

Mr. Masterson was granted unanimous consent that the following opinions of the Legislative Counsel be ordered printed in the Journal:

## OPINION OF LEGISLATIVE COUNSEL—ANALYSIS OF ASSEMBLY BILL NO. 1196

STATE OF CALIFORNIA
OFFICE OF LEGISLATIVE COUNSEL
SACRAMENTO, March 25, 1959

*Hon. S. C Masterson*
*Assembly Chamber*

**Analysis of Assembly Bill No. 1196—No. 10867**

DEAR MR. MASTERSON: This is in response to your request for an analysis of Assembly Bill No. 1196.

Taxes on the secured roll are ordinarily distributed to the funds for which they were levied upon collection (Sec. 4653 4, R. & T. C.).

Chapter 3 (commencing with Sec. 4701) of Part 8 of Division 1 of the Revenue and Taxation Code * provides an alternative method of distributing taxes on the secured roll to permit the apportionment of such taxes to the respective funds prior to collection, on the basis of the assets represented by the tax liens created on the lien date. The method becomes effective in any county upon the adoption of a resolution by the board of supervisors to that effect (Sec. 4702, R. & T. C.).

In brief, under the method each fund involved is credited with the full amount of the tax levied for it as soon as such amount is determined, and the aggregate cash on hand then becomes available to meet the drafts drawn on any of the funds, with a statutory accounting procedure set up for such purpose.

Assembly Bill No. 1196 makes numerous changes in the provisions constituting the alternative method. A detailed analysis of the apparently principal such changes is as follows:

Specifically authorizes extension of the method to assessments as well as taxes on the secured roll (Sec. 4702.5).

Substitutes for specified tax resources accounts, accrued record accounts and fund accounts to be kept by the county auditor and county treasurer, a requirement that such officers keep apportioned tax resources accounts in such manner that the balances of amounts apportioned to the several funds will be known to such officers (Sec. 4703). Requires also that auditor keep secured taxes receivables accounts in such manner as to establish accountability for accounts receivable (Sec. 4703). Makes other related changes on the crediting and charging of accounts (Secs. 4705-4711, 4713).

Provides that if valuations of tax-deeded property required to be entered on assessment roll exceed 1 percent of the total amount of the roll, the valuations shall not be included in any statements of equalized assessed valuations for bond debt limitation purposes (Sec. 4704).

Imposes on auditor only, rather than on both auditor and treasurer, duties relating to recording and accounting for delinquent penalties and costs (Sec. 4706).

* Section references hereafter are to existing or proposed sections of the Revenue and Taxation Code contained in Assembly Bill No. 1196.

Provides for apportionment of 100 percent of assessment levies, as distinguished from tax levies, to funds for which levied (Sec. 4713.5).

Very truly yours,

RALPH N. KLEPS, Legislative Counsel
By EDWARD F. NOWAK, Deputy

## OPINION OF LEGISLATIVE COUNSEL RELATIVE TO TRADING STAMPS

STATE OF CALIFORNIA
OFFICE OF LEGISLATIVE COUNSEL
SACRAMENTO, March 24, 1959

*Hon. S. C. Masterson*
*Assembly Chamber*

**Trading Stamps—No. 10995**

*Question*

DEAR MR. MASTERSON: You have directed our attention to Assembly Bill No. 687 as amended in Assembly March 5, 1959, relating to trading stamps. You ask if there is anything in this bill which would require the giving of trading stamps on the amount of taxes that might be included in the price of the item sold.

*Opinion and Analysis*

Assembly Bill No. 687 as amended in Assembly March 5, 1959, would require any person who advertises the giving of trading stamps or who gives such stamps with the sale of any merchandise to give trading stamps with the sale of all items of merchandise offered for sale at his place of business, unless he advertises that he does not give trading stamps on certain items of merchandise and designates such items (proposed Sec. 17801).

While the bill requires trading stamps to be given with the sale of merchandise under certain conditions, it does not require trading stamps to be given for the full amount of the purchase price of such merchandise. Therefore, it is our opinion that the bill would not require trading stamps to be given on the amount of taxes that might be included in the price of the item sold.

Very truly yours,

RALPH N. KLEPS, Legislative Counsel
By (MRS.) ANN MACKEY, Deputy

### PRAYER

The following prayer was offered by the Chaplain, Rev. R. Wilbur Simmons:

*Our Heavenly Father*, As we commemorate today the first assembly of Christ and His disciples in an upper room, this Assembly room, too, becomes a place where men are held together by important business, the changing of a part of the world. Since no divisive forces in history have been able to destroy the essential unity of Christ and His followers, we venture to pray for unyielding unity among lawmakers in this Legislature that, sharing one far purpose, and welded together by the spirit of service, men may stand shoulder to shoulder, transcending sectionalism and party lines, knowing themselves to be leaders of a great State, citizens of a still greater Nation, part of a world community, members of the human race, children of the Most High God.—AMEN.

## COMMUNICATIONS

The following communication was presented by the Chief Clerk, and ordered printed in the Journal:

STATE OF CALIFORNIA, DEPARTMENT OF PUBLIC WORKS
SACRAMENTO, March 20, 1959

*Hon. Arthur A. Ohnimus*
*Chief Clerk of the Assembly*
*State Capitol*

DEAR MR. OHNIMUS: Please refer to your letter dated March 12, 1959, and my acknowledgment dated March 16, relative to the construction of State Highway Route 23 between Soledad Junction and Palmdale as a four-lane freeway.

The need for improvement of this section of state highway has been very forcefully brought to the attention of the California Highway Commission on numerous occasions in the past, especially in providing service to the industrial development in the Antelope Valley and the rapid increase in population to serve this expanding development. The location for this section of Route 23 has previously been adopted by the commission and declared a freeway. The State Highway Engineer has reported to the commission that the design is proceeding on schedule, with the major effort being made on the 13-mile section between Solemint and Red Rover Mine Road. Plans have progressed so that the Division of Highways is in a position to negotiate a freeway agreement with the County of Los Angeles. Anticipating the execution of such an agreement without undue delay, the commission has approved an item of $1,245,000 in the right-of-way program for the present fiscal year and an additional item of $1,500,000 in the right-of-way program for the 1959-60 Fiscal Year, which is available for purchase of right-of-way between U. S. Highway No. 99 and the Kern County Line.

The Department of Public Works operates on an annual budgetary basis and each year the California Highway Commission reviews the requirements on the entire State Highway System and prepares its budget on a priority of needs commensurate, of course, with legal requirements, in the distribution of state highway funds.

It is the intention of the department to complete the preparation of the plans just as rapidly as possible, and to clear the right-of-way, so that construction can be advertised as soon as the funds are made available by the California Highway Commission. The commission is well aware of the need for the improvement of this section of highway and will give it full consideration in preparing the 1960-61 Fiscal Year construction budget.

Respectfully,

ROBERT B. BRADFORD, Director of Public Works

**Communication**

STATE OF CALIFORNIA, DEPARTMENT OF FINANCE
SACRAMENTO, March 24, 1959

*All members, State Public Works Board*

Attached you will find a copy of an opinion of the Office of the Legislative Counsel pertaining to the various powers and duties of the members of the legislative interim committee meeting with the State Public Works Board. This opinion is incorporated in a memorandum dated March 17, 1959, and was prepared by Lawrence C. Allyn, Deputy Legislative Counsel.

As you know, a similar inquiry was addressed to the Office of the State Attorney General. When an official reply to this letter has been received, copies will be sent to each of the board members.

Yours very truly,

STATE PUBLIC WORKS BOARD

**OPINION OF LEGISLATIVE COUNSEL RELATIVE TO THE STATE PUBLIC WORKS BOARD**

STATE OF CALIFORNIA
OFFICE OF LEGISLATIVE COUNSEL
SACRAMENTO, March 17, 1959

*Hon. Bert W. Levit*
*Director of Finance*
*State Capitol, Sacramento*

**State Public Works Board—No. 10089**

DEAR MR. LEVIT: You have called our attention to the provisions of Section 15770 of the Government Code which reads:

"15770. There is in the State Government the State Public Works Board. The board consists of the Director of Finance, the

Director of Public Works, and the Real Estate Commissioner. Two Members of the Senate, appointed by the Senate Committee on Rules, and two Members of the Assembly, appointed by the Speaker, shall meet with and participate in the work of the board to the extent that such participation is not incompatible with their positions as Members of the Legislature. The appointed Members of the Legislature constitute a legislative interim committee on the subject of this part with all the powers and duties imposed upon such committees by the Joint Rules of the Legislature."

You state that uncertainty has arisen as to the extent of the powers and duties of the members of the legislative interim committee meeting with the board pursuant to the section quoted. You have asked us to advise you with respect to those powers and duties and particularly whether the members of the legislative interim committee (1) are members of the board, (2) should be counted for purposes of determining whether a quorum of the board is present, (3) may vote, and (4) as a legislative interim committee or as individual members have any veto power over actions of the board or its nonlegislative members.

It is our opinion that your four specific questions must all be answered in the negative. The basic function of the legislative interim committee created by Section 15770 is to observe the operations of the board and to report back to the Legislature with respect thereto and to exercise such powers as are authorized to be performed by interim committees pursuant to the Joint Rules of the Legislature. We believe that the extent of active "participation" in the work of the board is essentially limited to discussion and recommendations regarding matters which are under consideration by the board.

We think it is clear that the powers and duties of the State Public Works Board, as set forth in the sections of the Government Code immediately following Section 15770, are clearly executive in nature. It likewise should be noted that Section 15770 does not purport to make the members of the legislative interim committee also members of the board and that the section expressly permits them to participate in the work of the board only to the extent that such participation is not incompatible with their positions as Members of the Legislature.

Article III of the Constitution of California provides that the powers of the Government shall be divided into three separate departments—the legislative, executive, and judicial; and no person charged with the exercise of powers properly belonging to one of these departments shall exercise any functions appertaining to either of the others.

Section 19 of Article IV further provides that no Senator or Member of the Assembly shall, during the term for which he shall have been elected, hold or accept any office, trust, or employment under this State; provided, that this provision shall not apply to any office filled by election by the people.

We believe that the Legislature had these constitutional limitations in mind when the provisions of law now codified in Section 15770 of the Government Code were enacted. We believe that any attempt by the

Legislature to allow the members of this interim committee to participate in the work of the board in any such manner as suggested by the specific questions you asked would be held invalid and unconstitutional.

This conclusion finds support in the decision of the Supreme Court of this State in *Parker* v. *Riley*, 18 Cal. 2d 83. In that case, while the court upheld provisions of a statute authorizing legislative members to serve on the California Commission on Interstate Co-operation, it stated (page 88):

> "It must not be assumed, however, that legislative activities may be expanded indefinitely through the creation of separate agencies responsible primarily to the legislature. This sort of expansion would soon lead to a legislative usurpation of power incompatible with the proper exercise of its law-making function. The Constitution forbids any such assumption of duties by the legislative branch of government, and a statute conferring a nonlegislative office or trust upon members of the legislature would be clearly unconstitutional. But under the particular facts set forth, where the responsibilities imposed are merely those of gathering information and making recommendations, we think the duties must be considered incidental to the law-making function. The creation of a separate commission in this instance involved merely the use of new machinery in carrying out a trust already reposed in the Members of the Legislature. Under such circumstances the statute does not fall within the prohibition of the constitutional provisions replied upon, * * *"

This conclusion finds further support in Senate Constitutional Amendment No. 30 of the 1949 Session which appeared on the ballot as Proposition 5 at the General Election of 1950 which would have permitted a Member of the Legislature to "hold office and serve as a member of a board or commission created to apportion or allocate state funds to other state or local agencies." This measure was rejected by the people.

We note that the Attorney General considered very similar questions regarding the California Centennials Commission and reached the same conclusions as those herein expressed (13 Ops. Atty. Gen. 115).

In order to avoid any misunderstanding with respect to legislative participation in the work of the State Public Works Board and other boards performing executive duties, we believe it appropriate to call your attention to the unique status of the State Allocations Board with respect to the allocation of funds for construction of school buildings derived from bond issues. These bond issues were authorized by Sections 15 through 19, inclusive, of Article XVIII of the State Constitution, and in each instance the constitutional amendments authorized the Members of the Legislature who are required to meet with the State Allocations Board to have equal rights and duties with nonlegislative members to vote and act upon matters pending before the board.

Very truly yours,

RALPH N. KLEPS, Legislative Counsel
By LAWRENCE G. ALLYN, Deputy

## REQUEST FOR UNANIMOUS CONSENT TO PRINT IN JOURNAL

Mr. Unruh was granted unanimous consent that the following communications be ordered printed in the Journal:

### Communication From Harold T. Johnson

CONGRESS OF THE UNITED STATES
HOUSE OF REPRESENTATIVES
WASHINGTON, D. C., March 9, 1959

*Hon. Jess M. Unruh, Chairman*
*Assembly Ways and Means Committee*
*State Capitol, Sacramento*

DEAR JESS: How goes the battle of the budget? I presume you have been very, very busy at this session of the Legislature because I know how important the Chairmanship of the Ways and Means Committee is as to giving of consideration and time to the budget.

Jess, I am writing to you in behalf of the County Service Officers and the Boards of Supervisors in the counties I represent as to the

County Service Offices funds that Governor Brown deleted from the budget. Our smaller counties consider this a very important item and unless it is restored and the counties receive this assistance, I am afraid our County Service Offices will be closed in many of the counties, thereby depriving the veterans of their just consideration on veteran problems.

I certainly miss all the gang around Sacramento and will enjoy my visit there during the Easter recess, I know. Jess, at any time I can be of assistance to you I want you to feel free to call on me. Our office is located in Room 1031 of the New House Office Building.

Sincerely yours,

HAROLD T. (Bizz) JOHNSON, Member of Congress

**Communication From Mr. Unruh**

ASSEMBLY, CALIFORNIA LEGISLATURE
SACRAMENTO, March 16, 1959

*Hon. Harold T. (Bizz) Johnson*
*House Office Building*
*Washington, D. C.*

DEAR BIZZ: Thank you for your very nice letter.

I suppose you know, the Governor has recommended that the funds to which you refer be eliminated from this year's budget. It is my understanding that these services were provided after World War II because of the vast number of veterans' claims that needed to be processed.

Since the volume of these claims has greatly subsided in the 13 years since World War II. it now seems unnecessary to continue to spend over $1,100,000 of the State's money to recover from the Federal Government what should rightfully belong to our veterans.

I certainly do not mean to be facetious in saying that it seems to me the shoe should be on the other foot and that Congress should take immediate steps to force the Veterans Administration to pay these claims without the necessity for the State to spend thousands of dollars of taxpayers' money to recover what should belong to the veterans anyway.

May I take this opportunity to congratulate you upon your election. I know that you will continue to render to the people of the Second Congressional District the same kind of vigorous leadership which you have given in the California State Senate over the past years.

Sincerely,

JESSE M. UNRUH

**WITHDRAWAL AND RE-REFERENCE OF ASSEMBLY BILL NO. 1639**

Mr. Francis was granted unanimous consent that Assembly Bill No. 1639 be withdrawn from the Committee on Criminal Procedure and re-referred to the Committee on Public Utilities and Corporations.

## LETTER OF TRANSMITTAL

### Status of Studies re Proposed Route 174 Freeway Between Lincoln Boulevard and Santa Ana Freeway

STATE OF CALIFORNIA, DEPARTMENT OF PUBLIC WORKS
SACRAMENTO, March 24, 1959

*Hon. Arthur A. Ohnimus, Chief Clerk*
*State Assembly, State Capitol*

DEAR MR. OHNIMUS: This is in response to House Resolution No. 68 forwarded with your letter of February 4, 1959, requesting a report from the Department of Public Works on the current status of the studies relative to the proposed Route 174 Freeway between Lincoln Boulevard (State Highway Route 60) and the Santa Ana Freeway.

The California Highway Commission has, since July, 1948, followed a definite procedure in matters pertaining to the adoption of freeway locations. This procedure has been modified by the commission from time to time for the purpose of clarification and of attaining a closer working relationship between the Division of Highways and the local legislative bodies. The currently effective procedure, a copy of which is attached for your information, was adoped by the commission on February 26, 1958.

In conformance with this procedural policy, the State Highway Engineer's representative in Los Angeles, under date of December 10, 1958, notified the City Councils of Los Angeles, Norwalk, Inglewood, Downey and South Gate and the Board of Supervisors of Los Angeles County that studies had been started for a freeway replacement of Legislative Route 174 between Lincoln Boulevard (State Highway Route 60) and the Santa Ana Freeway. The city councils and the board of supervisors were advised that as studies progressed they and their technical staffs would be contacted further to discuss possible locations and to obtain available information regarding local interests. They were also advised that prior to submission of a recommendation to the California Highway Commission, a public meeting or meetings would be held by the Division of Highways for the purpose of securing local reaction as to the community benefits of the freeway proposal.

The intent of this procedure is to give notice to the communities of the start of engineering studies and to solicit their assistance and co-operation in developing a route location that will be most compatible with community interests and planning as well as consistent with traffic service, engineering and economics

There is attached a small map showing in red the existing location of Route 174 Mr G. T. McCoy, State Highway Engineer, has informed me that in making a study of a freeway replacement for this route, several alternates will be given consideration.

On projects of this magnitude, it is conceivable that a period of several years could elapse before the entire route matter can be resolved There is no way of estimating this period at this time The Division of Highways, I am sure, is cognizant of the local interest in the route selection and will attempt to advance the

studies in as reasonable a manner as possible consistent with the complexities involved.

Respectfully,

ROBERT B. BRADFORD, Director of Public Works

Attach.

Above transmitted copy of currently effective procedure and map referred to the Committee on Transportation and Commerce.

The following resolution was presented by the Chief Clerk from:

Placer County Board of Supervisors, relative to Senate Bill No. 501. Referred to the Committee on Public Health.

The following communication was presented by the Chief Clerk, and ordered printed in the Journal:

NEWPORT HARBOR CHAMBER OF COMMERCE
NEWPORT BEACH, March 26, 1959

*California Legislature*
*Sacramento*

GENTLEMEN: It has been reported by Mr. Ferris M. Smith, Chairman of the Aeronautics Committee of the Newport Harbor Chamber of Commerce, that the Legislature of California is considering the abolishment of the California Aeronautics Commission and its staff. It is felt by this Chamber, which speaks for a very large group of businessmen and taxpayers in the Newport Harbor area, that the abolishment of the California Aeronautics Commission would do irreparable damage to the State of California. The work performed by Mr. Clyde P. Barnett, director of said commission, and Mr. William A. Drum, field representative, has been considered outstanding

We respectfully request Members of the Legislature of California to recognize these valuable services and request the Legislature to defeat any legislation which might have the effect of abolishing said commission and its staff, with particular reference to Assembly Bill No. 815.

Yours very truly,

JACK BARNETT, Secretary-Manager

8125 S. HOOVER AVE.
LOS ANGELES, March 26, 1959

*Mr. Hugh M. Burns, President pro Tempore*
*State Senate, Sacramento*

*and*

*Mr. Ralph M. Brown, Speaker*
*State Assembly, Sacramento*

GENTLEMEN: This is a joint letter to both of you, since I do not know exactly how our Legislature functions in Sacramento.

I wish to bring to your attention the matter of *easy divorces*. Our existing state laws allow the *orgy* that is going on, and I do not believe that there is *anything* that you are now considering that is as important as *the immediate intensive study of what can be done to amend our laws to conform to the Word of the Lord.* And God has said "What God hath put together, let not man put asunder."

Yet, here in the Los Angeles Superior Courts, during the past five and a half months there have been issued *9,500* decrees—that means *19,000* persons have been put asunder"! By the end of a year's tabulation the total will be about 40,000. Just here in Los Angeles County!

Gentlemen, this is a deadly serious matter. I have written about it to many officials —from President Eisenhower down; but up to now I haven't gotten anywhere.

I have charts and data galore on this subject. Would it be possible for a nobody like me to come to Sacramento and present this picture, horrible as it is, to the Legislature? I am not an experienced public speaker, but I *have* spoken about this to groups, and I assure you that I have the facts; and it is highly important, I think, that we begin to consider how we can conform to God's wishes that *there shall be no divorce.*

I have furnished Governor Brown much data on this topic, but he has not bothered to answer me. But that does not make this condition any the less urgent. So I implore the two of you to consider looking at the data that I have collected. Please, in the Name of the Lord!

Very sincerely,

SAMUEL M. SHAGALOFF

*Please see the attached.*

Some time ago, last year, a man in Pasadena shot himself on the day that his wife got a divorce.

Two days ago a man in West Covina strangled his wife with his bare hands because she had filed for her divorce, and the man had gotten on his knees begging her to reconcile, but she wouldn't. And why should she? Out of the 9,500 divorces I mentioned, the women are shedding their spouses at the ratio of five to one against the men shedding theirs.

So they see how easy it is to get divorced here—and one more thing: Just two or three weeks ago, Judge Burke, the Presiding Judge of the Superior Courts, issued an order that hereafter no suit for divorce could be filed without furnishing the address of the defendant. Isn't this a horrible admission of the weakness of the present system?

And the Bible clearly states, in both the Old and New Testaments, that "in the mouth of two, or in the mouth of three, witnesses, shall any matter be established." Yet, in direct disobedience to this Word of the Lord, a woman can go into court, bring along a woman witness (*one*) and the court says "entitled to a divorce"

What is this but practically spitting in the Face of our precious Heavenly Father?

Do you gentlemen begin to see what a mess this is, and *what an honor it would be to Almighty God if the California Legislature announced to the world that it was commencing an immediate study of our existing laws to see what can be done to make them conform to God's wishes?*

God would certainly honor *us* for that. And many other states might catch this idea and do likewise. Of course, the ultimate goal is to *close every divorce court*, but until that happy day arrives, how about us making a start, at least?

I am at your service—please let me hear from you.

As we love mercy, let our public programs go beyond welfare, detention, and punishment, extending to rehabilitation and reclamation, restoring men to worthy places in our society Since we cannot do these things in our own strength, make us willing to seek Thy help and ready to walk humbly with Thee, through Jesus Christ, our Lord.—AMEN

### House Resolution No. 181

Relative to designating May, 1959, as Senior Citizens' Month

WHEREAS, The well-demonstrated greatness of the State of California is due in large measure to the efforts of those people who are now the senior citizens of California; and

WHEREAS, The blessings of longer life and better health are being made available to our senior citizens while technological progress is making the task of earning a living less toilsome physically and bringing arbitrary retirement to older persons at an age when most of them can and want to continue as productive members of society; and

WHEREAS, Arbitrary retirement tends to minimize the usefulness of older people to their communities and at the same time make it difficult for them to obtain good housing, adequate nourishment, adequate medical care and necessary recreational and educational opportunities because of sharply limited income; and

WHEREAS, The efforts of science will continue to increase the human life span and accelerate the increase in the number of persons surviving into the later years; and

WHEREAS, The foregoing factors make it necessary that proper planning be done to meet the needs and problems of California's senior citizens; now, therefore, be it

*Resolved by the Assembly of the State of California*, That the month of May, 1959, be designated as Senior Citizens' Month; and be it further

*Resolved*, That the efforts of the Governor of the State of California to establish May, 1959, as a fittingly observed Senior Citizens' Month be commended; and be it further

*Resolved*, That the communities of the State of California are urged to mark the importance of Senior Citizens' Month by observances which will acknowledge the contribution made to California's progress by its senior citizens; and be it further

*Resolved*, That the communities of the State of California are urged to stress the importance of the contribution to the welfare and well-being of the entire community, which can be made by the senior citizen; and be it further

*Resolved*, That the people of the State of California are urged to continue in their world-wide recognized leadership in meeting the needs and problems of the senior citizen and in making their communities places where the senior citizen can live out his years in dignity, self-respect, usefulness, and good citizenship; and be it further

*Resolved*, That every state department and agency is urged to give all the necessary encouragement and assistance to the communities of the State in marking Senior Citizens' Month with fitting observances; and be it further

*Resolved*, That the Chief Clerk of the Assembly is hereby directed to transmit copies of this resolution to the Honorable Edmund G. Brown, Governor of the State of California, the Citizens' Advisory Committee on Aging, and that copies be directed to be transmitted to the directors of all state agencies.

We thank Thee, O God, for a way of life, for noble traditions and high ideals, for civil and religious liberty, and for all good gifts of the past committed to our charge. ## REQUEST FOR UNANIMOUS CONSENT TO PRINT IN JOURNAL

Mr. Lanterman was granted unanimous consent that the following opinions of the Legislative Counsel be ordered printed in the Journal:

## OPINION OF LEGISLATIVE COUNSEL RELATIVE TO ASSEMBLY BILL NO. 487, AS AMENDED MARCH 2, 1959

STATE OF CALIFORNIA, OFFICE OF LEGISLATIVE COUNSEL
SACRAMENTO, April 1, 1959

*Hon. Frank Lanterman*
*Assembly Chamber*

**Assembly Bill No. 487, as Amended March 2, 1959: Taxation of Possessory Interests—No. 11523**

*Question*

DEAR MR. LANTERMAN: You ask whether the taxes that would be authorized by Assembly Bill No. 487, as amended on March 2, 1959, would apply to a possessory interest or use of property by a contractor performing work for the State or a county, city or district, as well as for the Federal Government.

*Opinion*

It is our opinion that the answer to this question is "yes."

*Analysis*

The bill would amend Section 106 of the Revenue and Taxation Code to include within the definition of "personal property" all property other than real estate, "including the possession of, claim to, ownership of, or right to the possession of tangible personal property and every legal and equitable interest therein," excepting only certain vessels and aircraft.

The bill would also provide for the imposition of local in-lieu taxes on the use or storage of property as follows (proposed Sec. 5150, R. & T. C.):

> "As provided in this part, a tax may be imposed annually on the use, storage for purposes of use by the assessee, processing or other consumption in this State, by a person in connection with the conduct of a business for profit, of tangible personal property consisting of inventories, raw materials, supplies, or work in process, where any or all interests in such property are exempt from property taxation."

We find nothing in the bill that would exclude a contractor with the State or a local agency thereof from the general impact of any tax authorized by the bill, either on a possessory interest on personal property or on the use or storage of property. On the contrary, the wording throughout the bill is such as to apply without exception to any contractor irrespective of the agency with whom he may contract.

It should also be noted that any tax imposed pursuant to the bill would necessarily have to apply to all persons similarly situated in order to stand up constitutionally (see *Aerojet-General Corporation* v.

*County of Los Angeles* and *General Dynamics Corporation* v. *County of Los Angeles*, 51 AC 2d 59, 66).

Very truly yours,

RALPH N. KLEPS, Legislative Counsel
By J. GOULD, Principal Deputy

Two copies to Hon. Thomas J. MacBride pursuant to Joint Rule 34.

### OPINION OF LEGISLATIVE COUNSEL RELATIVE TO ASSEMBLY BILL NO. 487, AS AMENDED APRIL 2, 1959

STATE OF CALIFORNIA, OFFICE OF LEGISLATIVE COUNSEL
SACRAMENTO, April 3, 1959

*Hon. Frank Lanterman*
*Assembly Chamber*

**Assembly Bill No. 487, as Amended April 2, 1959: Taxation, Possessory Interests in Personality—No. 11763**

DEAR MR. LANTERMAN: You ask whether the amendments made to Assembly Bill No. 487 in the Assembly on April 2, 1959, would in any way require a modification in the opinion on the bill as amended March 2, 1959, which we gave you on April 1, 1959 (Req. No. 11523). The opinion we gave you was to the effect that Assembly Bill 487 was applicable to persons under contract with the State and other public agencies in California, as well as to federal contractors.

As amended on April 2, 1959, the bill would modify two of its provisions relative to local privilege and use taxes in respects unrelated to the subject of our opinion on April 1, 1959. Therefore, as thus amended, the bill would not require any alteration of the views we expressed in that opinion.

Very truly yours,

RALPH N. KLEPS, Legislative Counsel
By J. GOULD, Principal Deputy

Two copies to Hon. Thomas J. MacBride, pursuant to Joint Rule 34.

The board shall for such purposes have access by its duly authorized representatives to all records, public or otherwise of any county assessor. The board shall make surveys each year in no fewer than 18 and no more than 22 counties.

The board shall use as the basis for such estimate data on school enrollment, retail sales, wages, or other factors reasonably indicative of change or lack of change in the total full cash value of the property. While so in session, under rules of notice prescribed by the board, it shall equalize the assessment of property as prescribed by law. If the number of such matters to be heard, or the amount of time required to hear them, prevents the board from concluding this session by August 10th, the board may continue its equalization proceedings to and including August 20th, and may defer its final action on the equalization of assessments accordingly, but it shall not hear any matter as to which timely applicaion or notice as not been made or given during July.

SEC 18 In making any determinations under Section 1817 of the Revenue and Taxation Code in the years 1960, 1961, and 1962, the board shall use for any county the latest comparable survey previously made by it for the county in lieu of a survey made pursuant to Section 1815 of that code."

1700.42. All actions brought in any court against any licensee may be brought in the name of the person damaged upon the bond deposited with the State by the licensee, and may be transferred and assigned as other claims for damages. Except as otherwise provided in this section, any such arbitration shall be governed by the provisions of Title 9 (commencing at Section 1280) of Part 3 of the Code of Civil Procedure.

If there is such an arbitration provision in such a contract, the contract need not provide that the artists' manager agrees to refer any controversy between the applicant and the artists' manager regarding the terms of the contract to the Labor Commissioner for adjustment, and Section 1700.43 shall not apply to controversies pertaining to the contract

1700.46. Any person, or agent or officer thereof, who violates any provision of this chapter is guilty of a misdemeanor, punishable by a fine of not less than twenty-five dollars ($25) nor more than two hundred fifty dollars ($250) or imprisonment for a period of not more than 60 days, or both.
