*Almighty and Most Merciful Father*, We have erred, and strayed from Thy ways like lost sheep. We have followed too much the devices and desires of our own hearts. We have offended against Thy holy laws. We have left undone those things which we ought to have done; and we have done those things which we ought not to have done; and there is no health in us. But Thou, O Lord, have mercy upon us, miserable offenders. Spare Thou those, O God, who confess their faults Restore Thou those who are penitent; according to Thy promises declared unto mankind in Christ Jesus, our Lord. And grant, O Most Merciful Father, for His sake; that we may hereafter live a godly, righteous, and sober life, to the glory of Thy Holy Name.—AMEN

(b) The department shall decide in each case whether, in order to assure to employees the fullest freedom in exercising the rights guaranteed by this act, the unit appropriate for the purposes of collective bargaining shall be the employer unit, craft unit, plant unit, or subdivision thereof; provided, that the department shall not (1) decide that any unit is inappropriate for such purposes if such unit includes both professional employees and employees who are not professional employees unless a majority of such professional employees vote for inclusion in such unit; or (2) decide that any craft unit is appropriate for such purposes on the ground that a different unit has been established by a prior department determination, unless a majority of the employees in the proposed craft unit vote against separate representation or (3) decide that any unit is appropriate for such purposes if it includes, together with other employees, any individual employed as a guard to enforce against employees and other persons rules to protect property of the employer or to protect the safety of persons on the employer's premises; but no labor organization shall be certified as the representative of employees in a bargaining unit of guards if such organization admits to membership, or is affiliated directly or indirectly with an organization which admits to membership, employees other than guards.

1140. Whenever a petition shall have been filed, in accordance with such uniform regulations as may be prescribed by the department,

(b) by an employer, alleging that one or more individuals or labor organizations have presented to him a claim to be recognized as the representative defined in Section 1139(a) ;

The department shall investigate such petition and if it has reasonable cause to believe that a question of representation exists shall provide for an appropriate hearing upon due notice. If the department finds upon the record of such hearing that such a question of representation exists, it shall direct an election by secret ballot and shall certify the results thereof In any election where none of the choices on the ballot receive a majority, a runoff shall be conducted, the ballot providing for a selection between the two choices receiving the largest and second largest number of valid votes cast in the election. Employees who are engaged in an unlawful strike shall not be entitled to vote in any election provided herein.

1141. In determining whether or not a question of representation exists, the same regulations and rules of decision shall apply irrespective of the identity of the person filing the petition or the kind of relief sought.

1142 After conducting such investigation and election, the department shall, in each case, certify the appropriate labor organization which receives a majority of the votes as the representative defined in Section 1139(a), or certify that the employees have declined to select such a representative. The department shall not again consider a second representation petition or conduct any election in the designated unit, (i) within one (1) year after the date of certification that the employees have declined to select such a representative, or (ii) until the expiration date of a collective bargaining agreement between a labor organization which has been certified as such a representative not to exceed two (2) years from the date of the execution of such collective bargaining agreement.

After the filing of a petition for an election and within the period of the certification or collective bargaining agreement as hereinabove set forth, no labor organization shall engage in striking, picketing or boycotting for the purpose of obtaining a contract, obtaining recognition, or for the solicitation of members with respect to the employees in the designated unit."

### PRAYER

The following prayer was offered by the Chaplain, Rev. R. Wilbur Simmons:

Create in us clean hearts, O God, and renew right spirits within us. Like men of old, we need thus to pray, for our spirits become frayed, especially on the days in this Assembly when great issues arise and hard decisions must be made. In the midst of honest differences let there be more light than heat, more firmness than stubbornness, and rather than hard words, more soft answers which turn away wrath. Let each day's debate belong to the day that is gone, and with each new day let us come to our labors with rested bodies and minds, with no rancor remaining. We pray in the name of our Most Gracious Lord and Master.—AMEN.

CONGRESS OF THE UNITED STATES
HOUSE OF REPRESENTATIVES
WASHINGTON, D. C., April 3, 1959

*Mr. Arthur A. Ohnimus, Chief Clerk*
*Assembly, California Legislature*
*State Capitol, Sacramento*

DEAR ARTHUR: I thought you would be interested in the information contained in a letter I have received from Acting Secretary of Agriculture True D. Morse in response to my letter of March 11th to the department in which I transmitted a copy of Assembly Joint Resolution No. 10, relative to the establishment in California of a soil and water conservation laboratory.

Secretary Morse states that the Joint Resolution apparently refers to H. R. 2251, introduced by Congressman Moss on January 12th and to S. 905, introduced February 3d by Senator Kuchel and Senator Engle. S. 905 provides for the establishment of four soil and water conservation laboratories, one to be located in the north central area, one in the southeastern area, one in the Great Plains area, and one in the Pacific Coast area. H. R. 2251 is quite similar except that it substituted "State of California" for "Pacific Coast area."

It is my understanding that both Congressional Subcommittees on Agricultural Appropriations requested the Secretary of Agriculture to furnish information as to the needs for soil and water conservation research; that a study group was appointed

by the Secretary for this purpose; and that the Secretary has transmitted the report of the study group's findings to the Chairmen of the aforementioned subcommittees.

If you have any further questions or comments on this matter, please feel free to let me know.

With warm regards,

Sincerely yours,

GLENARD P. LIPSCOMB, Member of Congress

## REQUEST FOR UNANIMOUS CONSENT TO PRINT IN JOURNAL

Mr. Chapel was granted unanimous consent that the following statement be ordered printed in the Journal:

## STATEMENT OF CHARLES EDWARD CHAPEL, MEMBER OF THE ASSEMBLY, REGARDING ATTEMPTED INTIMIDATION PERTAINING TO LEGISLATION

On or about Thursday, March 26th, at 9.30 a.m., when I was in my office at 4001, State Capitol, Sacramento, California, I received a long distance telephone call. The man at the other end said that he was Mr. Herb Beitel. I then said:

"Where are you telephoning from?" He said:

"From Chicago." I then said:

"Are you Mr. Herb Beitel, Legislative Counsel, National Automatic Merchandising Association, 7 South Dearborn Street, Chicago, Illinois?" He said:

"I am." I then said to my secretary, Mrs. Vera Wells:

"Get on the telephone extension and listen to this conversation." I then said to the man to whom I was talking whom I shall refer to hereafter as Mr. Beitel:

"My secretary is listening to this conversation. Do you wish to proceed?" He then said that he would and he wished to discuss my Assembly bill regarding the licensing of vending machines. I then said:

"Did you receive a copy of a letter from Mr. Perry H. Taft, addressed to Mr. Hertzberg and dated March 16, 1959?" He answered in the affirmative. I then said:

"Are you sure you want to talk to me?" He said he did. I then asked him what he wanted to talk to me about. He said that the proposed license fee of $10 a year on machines operated by a nickel ($0.05 piece) and a license fee of $15 a year for a machine operated by a coin of a larger amount was such a burden on the vending machine business that it would put them out of business I then said to him:

"How many people do you represent?" He replied that he represented about 1,700 people, although it is possible that he said 700 but it sounded to me like 1,700. I asked him if he would put in writing his objections to the bill and give me statistics to show that the proposed license fee was unreasonable if this is possible. He replied that he

wanted to discuss the bill more and he insisted that there is no racketeering in the vending machine business. I then said to him:

"Did you read in the newspapers and did you see on TV the testimony by a Mr. Seedman who testified before the McClellan Committee that he had given Mickey Cohen $10,000 to stay out of the vending machine business?" Mr. Beitel said that he knew about this testimony. I then said:

"In view of this, how can you tell me that there is no racketeering in the vending machine business?" Mr. Beitel then explained that he thought Mr. Seedman paid Mickey Cohen the $10,000 because Seedman was afraid of getting hurt by Mickey Cohen. I then said:

"Do you mean that you believe that Cohen was threatening to kill Seedman if he did not get $10,000?" Mr. Beitel said:

"Well, it amounted to that." I then said:

"Isn't this blackmail?" and Mr. Beitel replied:

"Maybe you would call it that but I just think that Seedman was paying the money so he wouldn't get hurt." Then I said:

"If this is the case, why didn't Seedman report this threat by Mickey Cohen to law enforcement officers such as the district attorney, the grand jury, and the police department?" Mr. Beitel replied:

"I don't think you understand how things operate," or words to that effect. Mr. Beitel then said to me:

"I think you should know that we had a city councilman in Chicago who got interested in this subject. People who did not like what he was doing constantly telephoned and harassed his wife, his family, and him so badly that the councilman was afraid to run for re-election." Mr. Beitel then made some remarks which lead me to believe that he was telling me this story to frighten me. At this, I became angry and said to him:

"I remind you again that this conversation is being listened to by the secretary and if my wife, my family, or I are harassed or bothered in any way, I will have several of your boys thrown in the can." By "can" I meant jail and I believe I explained that to Mr. Beitel. I also told Mr. Beitel that if any of his hoodlums get in my way, I am quite capable of taking care of myself and I resented threats. Mr. Beitel then wanted to know if he could have a copy of the notes taken by the secretary and then I told him he couldn't. He wanted to know what I was going to do about the matter and I told him that I was going to notify the United States Senate Committee on Rackets, the Attorney General of the State of California, various district attorneys and various police chiefs. He again asked for a copy of the transcript of the conversation and I told him that if I had an exact transcript I might let him have it but that I didn't have to. I also told him the whole matter was already under investigation by the State of California.

I told Mr. Beitel that I had been advised by lawyers that Mr. Perry H. Taft has apparently violated Section 9906 of the Government Code which makes it a criminal offense to conduct lobbyist activities without being registered as a lobbyist for the organization represented. Mr. Beitel replied that he was willing to admit that Mr. Perry Taft is and has been, retained as a lawyer for them regarding taxes on vending machines but that Mr. Perry Taft had not yet been paid anything for

his recent activities. I told him that regardless of whether or not Mr. Taft had received his fees as a lawyer that I was advised by lawyers of the State of California that the letter written by Taft to Hertzberg, with a copy to him—Beitel, in itself showed an attempt to influence legislation in a field for which Mr. Taft was not registered as a lobbyist. I explained that this is being referred to the Attorney General and to various District Attorneys. Mr. Beitel insisted again that Mr. Taft was retained on tax matters to represent the vending machine industry and that Mr. Taft had not been paid anything *recently*. I answered that regardless of this, the crime had been committed when the letter was written and mailed in the opinion of lawyers who had been consulted. I am aware that this may be a violation of a law of California but not necessarily a federal offense. The main thing I am emphasizing is that I have been advised repeatedly that there was a threat, or an implied threat, in the telephone call which may, or may not, constitute a federal crime.

The conversation continued until appoximately 9.40 that is, twenty minutes to 10 a.m., at which time I told Mr. Beitel that I was due on the floor of the Assembly at 9 30 a.m., in order to present more material pertaining to the vending machine racket and that I did not care to talk to him anymore. He wanted to continue the conversation but I told him that anything more he wanted to say he would have to put in writing, that all telephone calls to me would be intercepted and monitored, that any packages sent to me would be opened in the presence of witnesses and that any mail from him or from any of his associates would be opened in front of witnesses

CHARLES EDWARD CHAPEL

*All-wise God, Our Father*, We pray for a long, objective look at our beloved State of California. Enable us to see the areas of need as Thou dost see them: masses of humanity in the skid rows of our cities at whose expense the great cheap food supply seems to be in part provided; a society which produces too many criminals, juvenile and adult; a great increasing population in our mental institutions; a tragic divorce rate; too many children for existing school facilities and faculties; public welfare loads which ought not to have to exist; thirsty and potentially productive acres waiting for water. We pray humbly for wisdom to meet the needs in this moment of eternity —AMEN

**House Resolution No. 179**

Relative to the posting of highway directional signs

WHEREAS, In the less populous and isolated areas of this State it is often difficult to locate emergency hospital facilities at times when minutes saved may mean lives saved; and

WHEREAS, An occasional directional sign indicating a nearby hospital would be of great benefit to the motoring public at a relatively small expense to the State; now, therefore, be it

*Resolved by the Assembly of the State of California*, That the Department of Public Works is hereby requested to place directional signs indicating emergency hospital facilities, whether publicly or privately owned, at such points along state highways as the department deems appropriate to indicate any hospital having 24-hour emergency treatment available to the general public, having a licensed physician available at all times, and which is in such a mountainous or otherwise remote area as to make alternative facilities difficult to reach; and be it further

*Resolved*, That the Chief Clerk of the Assembly is hereby directed to transmit copies of this resolution to the Department of Public Works.

By Mr. Samuel R. Geddes:

**House Resolution No. 181**

Relative to designating May, 1959, as Senior Citizens' Month

WHEREAS, The well-demonstrated greatness of the State of California is due in large measure to the efforts of those people who are now the Senior Citizens of California; and

WHEREAS, The blessings of longer life and better health are being made available to our senior citizens while technological progress is making the task of earning a living less toilsome physically and bringing arbitrary retirement to older persons at an age when most of them can and want to continue as productive members of society; and

WHEREAS, Arbitrary retirement tends to minimize the usefulness of older people to their communities and at the same time make it difficult for them to obtain good housing, adequate nourishment, adequate medical care and necessary recreational and educational opportunities because of sharply limited income; and

WHEREAS, The efforts of science will continue to increase the human life span and accelerate the increase in the number of persons surviving into the later years; and

WHEREAS, The foregoing factors make it necessary that proper planning be done to meet the needs and problems of California's senior citizens; now, therefore, be it

*Resolved by the Assembly of the State of California*, That the month of May, 1959, be designated as Senior Citizens' Month; and be it further

*Resolved*, That the efforts of the Governor of the State of California to establish May, 1959, as a fittingly observed Senior Citizens' Month be commended; and be it further

*Resolved*, That the communities of the State of California are urged to mark the importance of Senior Citizens' Month by observances which will acknowledge the contribution made to California's progress by its senior citizens; and be it further

*Resolved*, That the communities of the State of California are urged to stress the importance of the contribution to the welfare and well-being of the entire community, which can be made by the senior citizen; and be it further

*Resolved*, That the people of the State of California are urged to continue in their world-wide recognized leadership in meeting the needs and problems of the senior citizen and in making their communities places where the senior citizen can live out his years in dignity, self-respect, usefulness, and good citizenship; and be it further

*Resolved*, That every state department and agency is urged to give all the necessary encouragement and assistance to the communities of the State in marking Senior Citizens' Month with fitting observances; and be it further

*Resolved*, That the Chief Clerk of the Assembly is hereby directed to transmit copies of this resolution to the Honorable Edmund G. Brown, Governor of the State

*Clerk, California Assembly*
*Sacramento*

DEAR SIR: Enclosed is a certified copy of Resolution No 59-55 of the Placer County Board of Supervisors urging continued support of Senate Bill No 261, providing for continuation of present allocations of federal secondary highway funds to counties

## COMMUNICATIONS

The following communication was presented by the Speaker, and ordered printed in the Journal:

9504 Harvard Avenue
Bellflower, April 11, 1959

*To Members of*
*The Assembly and the Senate*
*State of California*

GENTLEMEN, and/or LADIES: We, the people who pay your salaries, have been following the movement by hoodlums, and their political connections, to get capital punishment abolished in California.

We felt that the complaints of (1) law enforcing agents throughout the Land; (2) most churches, both Catholic and Protestant; (3) prominent people such as mayors of our great cities; and (4) lastly, the voters (who elected you) through our open letters to the press, were sufficient media for any such bill to die in the committee; but now that the "eight-year moratorium" has been moved out of the

committee "without recommendation," we are becoming alarmed lest our elected representatives are being bought by the hoodlums with "blood money," looted from the voters via murder, dope, prostitution, blackmail, etc.

To remove the death penalty law for the heinous crimes that are being committed in our midst every day is parallel to tearing down one's house because the roof leaks. Suffice it to say: When our roof leaks, we repair it. Hence, when criminals "leak" through our antiquated and inadequate laws, don't abolish them, repair them!

If you are "committed" to act on this vital legislation, then for God's sake, let the voters decide it!

Honorably yours,

WILLIAM E. COOK, a voter

(1) On page 2213 under amendment number 1 Section 1139, subsection (b), subsubsection (2) the word "appropriate" should be "inappropriate"

(2) On page 2214, under amendment number 2, Section 1143, subsection (a), in the third line of the subsection as it appears in the Journal of April 8th, the comma appearing between the word "in" and the word "a" should be stricken.

### House Resolution No. 198

Relative to the passing of Samuel Wilder King

WHEREAS, The Members of this House have been deeply shocked and grieved to learn of the passing of Samuel Wilder King, former Governor of Hawaii, on March 24, 1959, just a few days after the fruition of his life-long battle for the admission to statehood of his beloved island territory; and

WHEREAS, Governor King was not only Hawaii's first island-born Chief Executive, holding office from 1953 to 1957, but was, as well, the first person of Hawaiian descent to serve in that high position; and

WHEREAS, The executive and leadership abilities of this man were early recognized when, after attending Hawaiian schools, he was one of the select group appointed to the United States Naval Academy at Annapolis, where he was a classmate of our esteemed colleague, Captain Frank Luckel; and

WHEREAS, After a decade of distinguished service for the United States Navy aboard ships based in the San Diego area, Samuel Wilder King returned to his beloved island home and began a life-long battle to secure the admission of Hawaii as a state; and

WHEREAS, Starting his long career in territorial politics as a member of the Board of Supervisors in Honolulu, he was subsequently elected Territorial Delegate to Congress in 1934, and, because of his outstanding service to the citizens of Hawaii, was re-elected three times; and

WHEREAS, In 1942, heeding the call of duty when his Nation's very life was threatened by the Japanese attack on Pearl Harbor and subsequent events, Samuel Wilder King, at the age of 56, gave up his congressional seat to volunteer his services to the United States Navy; and

WHEREAS, While serving with the wartime Navy his sterling character, his understanding and friendly personality and his ability to command quickly won for him the respect and devotion of all those with whom he served; and

WHEREAS, After his discharge at the end of World War II with the rank of Captain, Governor King returned to the leadership of the struggle for Hawaiian statehood, heading the Islands' 1950 Constitutional Convention, which drafted the document under which Hawaii assumed statehood; and as well the Hawaii Statehood Commission, the group which had long led the battle to make the Islands a state; and

WHEREAS, Second only to his affection for his beloved Hawaii, Governor King had always possessed a deep feeling of love and kinship for the people of California, and was last in this State during the summer of 1956, when he attended a reunion of his Annapolis class in the City of San Diego; and

WHEREAS, Throughout almost one-half a century of dedicated service to the United States Navy and to his beloved island home, Governor King was a pillar of strength, a man whose great courage, rare ability, outstanding leadership and sincere devotion to duty made him indispensable to the political progress of the Territory of Hawaii; and

WHEREAS, To mourn his passing and to receive the heartfelt sympathy of all, he leaves his widow, Mrs. Pauline King; now, therefore, be it

*Resolved by the Assembly of the State of California*, That the Members of this House pay tribute to the memory of a great American, Samuel Wilder King, and convey to his bereaved widow thir most sincere condolences; and be it further

*Resolved*, That the Chief Clerk of the Assembly be hereby directed to transmit a suitably prepared copy of this resolution to Mrs. Pauline King.

"1139. (a) Representatives designated or selected for the purposes of collective bargaining by the majority of the employees in a unit appropriate for such purposes, shall be the exclusive representatives of all the employees in such unit for the purposes of collective bargaining in respect to rates of pay, wages, hours of employment, or other conditions of employment; provided, that any individual employee or a group of employees shall have the right at any time to present grievances to their employer and to have such grievances adjusted, without the intervention of the bargaining representative, as long as the adjustment is not inconsistent with the terms of a collective bargaining contract or agreement then in effect; provided further, that the bargaining representative has been given opportunity to be present at such adjustment.

(b) The department shall decide in each case whether, in order to assure to employees the fullest freedom in exercising the rights guaranteed by this act, the unit appropriate for the purposes of collective bargaining shall be the employer unit, craft unit, plant unit, or subdivision thereof; provided, that the department shall not (1) decide that any unit is appropriate for such purposes if such unit includes both professional employees and employees who are not professional employees unless a majority of such professional employees vote for inclusion in such unit, or (2) decide that any craft unit is inappropriate for such purposes on the ground that a different unit has been established by a prior department determination, unless a majority of the employees in the proposed craft unit vote against separate representation or (3) decide that any unit is inappropriate for such purposes if it includes, together with other employees, any individual employed as a guard to enforce against employees and other persons rules to protect property of the employer or to protect the safety of persons on the employer's premises; but no labor organization shall be certified as the representative of employees in a bargaining unit of guards if such organization admits to membership, or is affiliated directly or indirectly with an organization which admits to membership, employees other than guards

1140. Whenever a petition shall have been filed, in accordance with such uniform regulations as may be prescribed by the department,

(a) by an employee or group of employees or any individual or labor organization acting in their behalf alleging that a substantial number of employees (i) wish to be represented for collective bargaining and that their employer declines to recognize their representative as the representative defined in Section 1139(a), or (ii) assert that the individual or labor organization which has been certified or is currently being recognized by their employer as the bargaining representative, is no longer a representative as defined in Section 1139(a); or

(b) by an employer, alleging that one or more individuals or labor organizations have presented to him a claim to be recognized as the representative defined in Section 1139(a);

The department shall investigate such petition and if it has reasonable cause to believe that a question of representation exists shall provide for an appropriate hearing upon due notice. If the department finds upon the record of such hearing that such a question of representation exists, it shall direct an election by secret ballot and shall certify the results thereof. If any election where none of the choices on the ballot receive a majority, a runoff shall be conducted, the ballot providing for a selection between the two choices receiving the largest and second largest number of valid votes cast in the election. Employees who are engaged in an unlawful strike shall not be entitled to vote in any election provided herein.

1141. In determining whether or not a question of representation exists, the same regulations and rules of decision shall apply irrespective of the identity of the person filing the petition or the kind of relief sought.

1142. After conducting such investigation and election, the department shall, in each case, certify the appropriate labor organization which receives a majority of the votes as the representative defined in Section 1139(a), or certify that the employees have declined to select such a representative. The department shall not again consider a second representation petition or conduct any election in the designated unit, (i) within one (1) year after the date of certification that the employees have declined to select such a representative, or (ii) until the expiration date of a collective bargaining agreement between a labor organization which has been certified as such a representative not to exceed two (2) years from the date of the execution of such collective bargaining agreement.

After the filing of a petition for an election and within the period of the certification or collective bargaining agreement as hereinabove set forth, no labor organization shall engage in striking, picketing or boycotting for the purpose of obtaining a contract, obtaining recognition, or for the solicitation of members with respect to the employees in the designated unit."

### PRAYER

The following prayer was offered by the Chaplain, Rev. R. Wilbur Simmons:

*Almighty God*, Days turn into weeks and weeks into months, and in these legislative halls it will be easy to become weary in well-doing Amendments pointing to essential change may seem less imperative; the fine line of discriminating thought may be harder to achieve; the party line may be too easy to follow; the "Daily File" may not seem too interesting or important on a given day; the fight for the right as we see it may seem to be just not worth the effort. We find in ourselves, O God, an instinct to finish the course; we would keep the faith a day at a time; finally, we would be able to say, "I have finished the work Thou gavest me to do."—**AMEN.**

## REPORT OF SUBCOMMITTEE ON MARKETING AND TRADE PRACTICES

# I. ENFORCEMENT OF CALIFORNIA'S ANTITRUST AND UNFAIR PRACTICES LAWS

### A. BACKGROUND

Assembly Bill No. 14 (1958 Second Extraordinary Session) asked for an appropriation of one hundred thousand dollars ($100,000) to the State Department of Justice for investigation of alleged illegal trade practices and matters pertinent thereto. This bill was referred to the Assembly Interim Committee on Judiciary for interim study.

The Subcommittee on Marketing and Trade Practices, appointed by Interim Judiciary Committee Chairman Bruce F. Allen to study and analyze all facts relating to or affecting marketing and trade practices, combinations in restraint of trade, gasoline price wars, price fixing, price discrimination, and all matters and agreements in any way bearing upon or relating thereto, held a hearing in Sacramento on November 17 and 18, 1958, at which testimony was taken regarding the marketing practices of the petroleum industry.

### B. FINDINGS

Clarence A. Linn, Chief Assistant Attorney General, testified at the hearing that the Attorney General's Office needed more money and personnel to adequately enforce the state antitrust laws—the Cartwright Act (Business and Professions Code 16700-16758) and the Unfair Practices Act (Business and Professions Code 17000-17101). He stated that there was a need for more enforcement and that the office was not equipped to handle the many complaints that it received, not only in the field of gasoline price wars but in other areas, such as bread, dry cleaning, and laundry as well. He said that at the present time the office was only able to handle one-man jobs, thus avoiding or only giving superficial consideration to larger problems that could affect the economy of the State. In Mr. Linn's opinion, a staff of lawyers, investigators, and secretaries would be necessary to provide adequate enforcement machinery for violations of the State's antitrust laws.

Several suggestions were made to the subcommittee as to how to organize a staff for enforcement of the state antitrust laws. The first called for the creation of a special section within the Attorney General's Office. This would be an administrative change and could be accomplished by the Attorney General without necessity of further statutory authorization. A second proposal called for the establishment of a California trade commission, an agency separate from the Attorney General's Office similar to the Federal Trade Commission. Such a commission would have the power to institute investigations into alleged unfair trade practices, to make findings of fact, and to issue orders to cease and desist. It would be headed by commissioners appointed by the Governor with the advice and consent of the Senate.

A letter dated February 16, 1959, from Clarence A. Linn, written for Attorney General Stanley Mosk, stated:

> "It is our opinion that the enforcement of the Cartwright Act and other statutes prohibiting unfair practices can best be improved by providing additional staff within the Attorney General's

Office as it is presently constituted. This could be accomplished by earmarking an appropriation to be expended for this purpose. * * * The Attorney General could then set up an antitrust and trade law enforcement section in the same manner as sections such as tax, government law, criminal law, etc., are now set up and administered in the office. Greater flexibility will be accomplished in this way and intra-office empire building will be avoided."

The letter further stated that a separate and independent trade commission "sounds intriguing" but deferred stating whether the Attorney General's Office favored or opposed the idea.

In addition to the aforementioned, the letter of February 16th presented a "rough estimate" of the amount believed necessary to staff an antitrust division within the Office of the Attorney General, as follows:

| | |
|---|---|
| 1 Asst. Attorney General Grade I | $15,000 |
| 3 Deputy Attorney General Grade IV | 43,200 |
| 6 Deputy Attorney General Grade I or II, to act as research attorneys, investigators, accountants, and economists | 51,120 |
| 5 Legal Stenographers at $4,700 | 23,500 |

The total amount is an estimated $132,820.

The letter also set out a rough estimate of the amount believed necessary to staff a proposed California trade commission, as follows:

| | |
|---|---|
| 1 chairman | $18,000 |
| 3 members | 16,500 |
| 1 administrative assistant | 15,000 |
| 1 secretary | 12,000 |
| 4 clerical staff at $4,700 | 18,000 |
| 8 research attorneys, 2 for each commissioner | 70,160 |
| 4 secretaries, one for each commissioner | 18,800 |
| 6 lawyers, investigators, or economists | 51,120 |
| space, furniture, equipment, etc. | |

The total amount is an estimated $220,380. The letter concludes, "The initial cost of the commission will be greater than that of a section in the Attorney General's Office because it will have to be independently staffed at the beginning and will not be able to lean on any existing organization, while a section in the Attorney General's Office can lean on a going organization for help from time to time."

### C. RECOMMENDATIONS

The subcommittee recommends that a separate section be established within the Attorney General's Office for the purpose of antitrust and trade law enforcement and that sufficient funds be appropriated by the Legislature to provide adequate staffing in order to insure proper enforcement of the Cartwright Act and other statutes prohibiting unfair trade practices in California. The subcommittee further recommends that special consideration and further study be given to the creation of a California Trade Commission.

## II. AMENDMENT OF THE UNFAIR PRACTICES ACT

### A. BACKGROUND

The Subcommittee on Marketing and Trade Practices of the Assembly Interim Committee on Judiciary also received testimony at its November 17 and 18, 1958 hearing concerning the effectiveness of the California Unfair Practices Act (Business and Professions Code 17000-17101) in eliminating unfair trade practices in the State.

### B. FINDINGS

The purpose of the Unfair Practices Act is "* * * to safeguard the public against the creation or perpetuation of monopolies and to foster and encourage competition, by prohibiting unfair, dishonest, deceptive, destructive, fraudulent, and discriminatory practices by which fair and honest competition is destroyed or prevented."[1]

The Unfair Practices Act makes three practices illegal:

1. *Locality discriminations* are unlawful when they are done by any person engaged in the production, manufacture, distribution or sale of any article or product of general use or consumption, with the *intent* to destroy the competition of any regular established dealer in such article or product, or with the *intent* to prevent the competition of any person who in good faith intends and attempts to become such dealer.[2] A locality discrimination is defined as "* * * a discrimination between different sections, communities or cities or portions thereof, or between different locations in such sections, communities, cities or portions thereof in this State, by selling or furnishing an article or product, at lower price in one section, community or city, or any portion thereof, or in one location in such section, community, or city or any portion thereof, than in another."[3]

Section 17040 is applicable only when the locality discrimination is done with the intent to destroy competition or with the intent to prevent a person from becoming a competitor. It does *not* cover locality discrimination done with the intent to substantially lessen competition or to create a monopoly, nor does it cover locality discriminations that in fact destroy or substantially lessen competition, create or tend to create a monopoly or prevent or tend to prevent a person from becoming a competitor regardless of intent.

2. *Sales at less than cost* are unlawful when made with the *intent* to injure competitors or destroy competition.[4] The practice of using any article or product as a "loss leader" is also illegal.[5] Section 17043 does *not* cover sales at less than cost that are made with the intent to substantially lessen competition or create a monopoly nor does it cover sales at less than cost that in fact destroy or substantially lessen competition or create or tend to create a monopoly regardless of intent.

3. *Secret payment or allowance of rebates, refunds, commissions, or unearned discounts,* or secretly extending to certain purchasers special services or privileges not extended to all purchasers purchasing upon like terms and conditions, to the injury of a competitor and where such payment or allowance tends to destroy competition, is unlawful.[6] This section only applies to the extension of secret rebates, *etc.*, that *in fact* cause both injury to a competitor and tend to destroy competition. It does *not* cover the extension of secret rebates, *etc.*, which in fact destroy

or substantially lessen competition or create or tend to create a monopoly, nor does it cover the extension of secret rebates, *etc.*, with the intent to injure a competitor, destroy or substantially lessen competition or create a monopoly.

At the hearing, Miles J. Rubin, Deputy Attorney General, testified that the Unfair Practices Act could be made more effective if acts done with either the intent to destroy competition or acts done that result in a substantial lessening of competition or tendency to monopolize, regardless of intent, be made illegal This would, he stated, bring the California statute more in line with the federal Robinson-Patman Act and would eliminate the necessity of proving intent in every case, an almost impossible task in some instances He said, "Whether the intent is there or not, the result is just as bad."

In a letter dated February 20, 1959, written for Attorney General Stanley Mosk, Chief Assistant Attorney General Clarence A. Linn stated, "I am convinced that the proposed amendments eliminating the necessity for intent are constitutional and would have no reluctance in defending the statute." The amendments referred to would make it illegal to engage in locality discriminations, sales at less than cost, or secret rebates, *etc.*, when said acts were done with the intent to destroy or substantially lessen competition, create a monopoly, or injure competitors, or when said acts have the effect of destroying or substantially lessening competition or creating or tending to create a monopoly regardless of the presence of intent.

Another possible amendment to Section 17045 is to eliminate the word "secret" from the prohibition At present, the payment of a rebate, refund, commission, or unearned discount, or the extension of special services or privileges to certain purchasers and not to others, must be done secretly. It appears that when the intent or effect of such payment is to destroy or substantially lessen competition or create or tend to create a monopoly, the fact that the payment is secret or not makes little difference. The result is just as bad whether the payment is done secretly or openly.

### C. RECOMMENDATIONS

The subcommittee recommends that the Unfair Practices Act be amended as follows:

1. *Locality discriminations.*

a. Section 17040 of the Business and Professions Code be amended to read:

> 17040. It is unlawful for any person engaged in the production, manufacture, distribution or sale of any article or product of general use or consumption *to create locality discrimination* with *the* intent to destroy *or substantially lessen* the competition of any regular established dealer in such article or product, *to create a monopoly in such article or product*, or to prevent the competition of any person who in good faith, intends and attempts to become such dealer ~~to create locality discriminations~~.
>
> Nothing in this section prohibits the meeting in good faith of a competitive price.

b. Section 17040.1 be added to the Business and Professions Code, to read:

17040.1. It is unlawful for any person engaged in the production, manufacture, distribution, or sale of any article or product of general use or consumption to create locality discriminations which destroy or substantially lessen the competition of any regular established dealer in such article or product, which create or tend to create a monopoly in such article or product, or which prevent or tend to prevent the competition of any person who in good faith, intends and attempts to become such dealer.

Nothing in this section prohibits the meeting in good faith of a competitive price.

2. *Sales at less than cost.*

a. Section 17043 of the Business and Professions Code be amended to read:

17043. It is unlawful for any person engaged in business within this State to sell any article or product at less than the cost thereof to such vendor, or to give away any article or product, for the purpose of injuring ~~or~~, destroying *or substantially lessening* competition, *or creating a monopoly*.

b. Section 17043.1 be added to the Business and Professions Code, to read:

17043.1. It is unlawful for any person engaged in business within this State to sell any article or product at less than the cost thereof to such vendor, or to give away any article or product, if such sale or giving away destroys or substantially lessens competition, or creates or tends to create a monopoly.

3. *Secret rebates, refunds, commissions or unearned discounts.*

a. Section 17045 of the Business and Professions Code be amended to read:

17045. The ~~secret~~ payment or allowance of rebates, refunds, commissions, or unearned discounts, whether in the form of money or otherwise, or ~~secretly~~ extending to certain purchasers special services or privileges not extended to all purchasers purchasing on like terms and conditions, ~~to the injury of a competitor and where such payment or allowance tends to destroy~~

SEC. 4. This act is an urgency measure necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The county superintendent of schools is required to certify to the board of supervisors and to the county auditor, not later than the twentieth day of July, the total of the amount which must be raised by a county without a county junior college, to pay the local share of the cost of educating junior college pupils residing in the county and not in a junior college district. The special tax required must be included in the tax levy made for the year by the board of supervisors.

One or more junior college districts have recently been formed, and in order for them to be able to avail themselves of the advantages provided by this act, it is essential that the act take effect immediately, rather than on the ninety-first day following the adjournment of the 1959 Regular Session, in order that the new procedures may be effective prior to the date on which the special county tax procedures must otherwise become operative."

"Article 13.5. Disability Insurance Reserves

997. (a) For statement purposes as defined in Article 10, for insolvency calculations as defined in Article 13, and for the valuation of the liabilities of insurers for all other purposes, every admitted insurer shall maintain an active life reserve which shall place a sound value on its liabilities under all disability policies and which shall not be less than the reserve according to the standards set forth in regulations issued by the commissioner and, in no event, less in the aggregate than the pro rata gross unearned premium reserve for such policies. The promulgation of such regulations by the commissioner or any changes or amendments thereof shall be in accordance with the procedure provided in Chapter 4 of Part 1, Division 3, Title 2 of the Government Code.

Subsections (b), (c) and (d) of this section shall control the amounts of reserves and liabilities, other than for specific claim losses, upon all individual disability policies until the effective date of regulations issued by the commissioner as provided in the next preceding paragraph. Such regulations, in lieu of subsections (b), (c) and (d) of this section, shall control the amounts of such reserves and liabilities during the time such regulations continue in force. In the event such regulations shall cease to be in effect, such reserves and liabilities again shall be controlled by subsections (b), (c) and (d) of this section during the time no such regulations shall be in force.

(b) Every admitted insurer which issues one or more of the following three types of individual disability policies shall maintain a reserve not less than the minimum reserve required under the provisions of this subsection (b):

(1) Policies which are guaranteed renewable for life or to a specified age at guaranteed premium rates.

(2) Policies which are guaranteed renewable for life or to a specified age but under which the insurer has reserved the right to change the scale of premiums

(3) Policies, other than those described in type (1) of subsection (c), in which the insurer has reserved the right to cancel or to refuse renewal for one or more reasons, but has agreed implicitly or explicitly that, prior to a specified time or age, it will not cancel or decline renewal solely because of deterioration of health after issue.

During the period within which the renewability of the policy is guaranteed or the insurer's right to cancel the policy or to refuse renewal thereof is limited, the minimum reserve shall be an amount computed on the basis of two-year preliminary term tabular mean reserves employing the following assumptions.

Mortality: 1958 Commissioners Standard Ordinary Table or 1941 Commissioners Standard Ordinary Table or American Men Ultimate Table.

Interest: 3½ percent.

Morbidity or other contingency:

Disability due to Accident and Sickness—Conference Modification of Class (3) Disability Table (1926).

Hospital Expense Benefits due to Accident and Sickness—1956 Inter-company Hospital Table

Surgical Expense Benefits due to Accident and Sickness—1956 Inter-company Surgical Table.

For other benefits not specified above, each company shall establish reserves that place a sound value on the liabilities under such benefit.

Such mean reserves shall be diminished or offset by appropriate credit for the valuation net deferred premiums In no event, however, shall the aggregate reserves for all policies valued on the mean reserved basis, diminished by any credit for deferred premiums, be less than the gross pro rata unearned premiums under such policies.

Negative reserves for any benefit may be offset against positive reserves for other benefits in the same individual or family policy, but if all benefits of such policy collectively develop a negative reserve, credit shall not be taken for such amount

(c) Every admitted insurer which issues one or more of the following types of individual disability policies shall maintain the minimum unearned premium reserve required under the provisions of this subsection (c):

(1) Selected group disability policies issued under or subject to an agreement that, except for stated reasons, the insurer will not cancel or refuse to renew the coverage of individual insureds prior to a specified age unless all coverage under the same group is terminated

(2) Any type of individual disability policy not included in one of the three types described in subdivision (b) and not included in type (1) of this subsection (c).

The minimum unearned premium reserve shall be the pro rata unearned portion of gross premiums in force and, subject to the limitations contained in Sections 922.2 to 922.8 inclusive, shall be reduced by premiums paid or credited for risks reinsured in solvent insurers.

(d) Provided the reserve on all policies to which the method or basis is applied is not less in the aggregate than the required amount determined according to the applicable standards specified in subsections (b) and (c), an insurer may use any reasonable assumptions as to the interest rate, mortality rates or the rates of morbidity or other contingency, and may introduce an assumption as to the voluntary termination of policies Also, subject to the preceding conditions, the insurer may employ methods other than the methods stated in subsections (b) and (c) in determining a sound value of its liabilities under such policies, including but not limited to the following: (1) the use of mid-terminal reserves in addition to either the gross pro rata unearned premium reserves described in subsection (c) or the net pro rata unearned premium reserve; (2) optional use of either the level premium, the one-year preliminary term or the two-year preliminary term method; (3) prospective valuation on the basis of actual gross premiums with reasonable allowance for future expense, (4) the use of approximations such as those involving age groupings, groupings of several years of issue, average amounts of indemnity; (5) the computation of the reserve for one policy benefit as a percentage of, or by other relation to, the aggregate policy reserves, exclusive of the benefit or benefits so valued, (6) the use of a composite annual claim cost for all or any combination of the benefits included in the policies valued

For statement purposes the net reserve liability for active lives may be shown as the mean reserve with offsetting asset items for net unpaid and deferred premiums or it may be shown as the excess of the mean reserve over the amount of net unpaid and deferred premiums, or, regardless of the underlying method of calculation, it may be divided between the gross pro rata unearned premium reserve and a balancing item for the 'additional reserve.'"

On page 5, after line 37, insert

"SEC. 14. The Legislature finds the necessity for the enactment of the legislation contained in Chapter 1678, Statutes 1955 and in this act to be as follows:

That since 1948 a number of individuals and corporate entities, hereafter for convenience referred to as advance fee promoters, some operating with their principal or main offices in California, have themselves and through their high-pressure salesmen and agents, engaged in the business of appraising the property, making false and fraudulent misrepresentations to the owners, lessees or renters of property, hereafter for convenience referred to as owners, for the purpose of inducing the owners to entrust money to, or to execute agreements to pay money to the promoters to be utilized by the promoters for promised services, such as advertising on a national scale in newspapers, magazines and radio, distribution of brochures, and to establish contact with brokers and to locate and find prospective buyers, in order to promote the sale, lease, rental or exchange of the property of the owners; that said promoters often misrepresent that there will be no charge for their services unless and until the property is sold to a buyer found by them but that an "advance fee," deposit or retainer is required from, or charged against, the owner, all of which will be used to pay the cost of promotional advertising and which will be deducted from the sales commission when the property is eventually sold; that the said promises are made by the promoters with no intent of making a bona fide effort to render such service, and with the intent to render merely token services; and the effectiveness and efficiency of their service is grossly misrepresented by the promoters.

That the aforesaid activities are commonly referred to as the advance fee business.

Newspapers and magazines of general circulation have not been found to engage in the aforesaid reprehensible practices.

That as a result of the aforesaid practices thousands of owners, both within and outside of California, have been deceived and defrauded by said promoters, and have lost millions of dollars.

That said promoters have sought to shield their activities under the guise of operating as mere finders or locators of buyers, or as being engaged exclusively in the advertising or publishing business, and to claim that they are not operating as real estate or business opportunity brokers or salesmen.

To protect the aforesaid owners of property, as well as the general public, and to insure the general welfare, it is necessary to subject the advance fee business to regulation and to limit the persons or entities who engage in the advance fee business to those of proven honesty and integrity, and to establish a fiduciary relationship between the promoters and the owners by requiring that they be licensed as business opportunity brokers and salesmen, and to require them to account to their principals for the expenditure of the funds entrusted to them.

Recently persons engaged in the advanced fee promotion business have switched to the lending field from the selling field, and have applied the same modus operandi to inducing persons to sign advance fee contracts on the representation that the advance fee operator will aid and assist them to secure loans on their personal or real property, or both. These are often called "advance fee lenders" as distinguished from their prototype, the "advance fee seller." Each is equally in need of regulation and licensing."

The county or district agricultural association shall deposit such money in a separate bank account approved by the ~~Director of Finance~~ *California State Fair Commission* in accordance with the provisions of Section 16506 of the Government Code. Such money may be expended for premiums, capital outlay, including purchase of land, construction, improvements, equipment, for the acquisition, installation, maintenance, and operation of recreational facilities at fairgrounds of the county or district agricultural associations or support of county or district agricultural association fairs pursuant to a budget submitted to, and approved by, the ~~Department of Finance~~ *California State Fair Commission* subject to the provisions of Sections 13320 to 13324, inclusive, of the Government Code.

All sums expended from such moneys for construction and improvements by counties shall be subject to the provisions of Sections 25450 to 25463, inclusive, of the Government Code. The county auditor or

secretary of any such fair desiring to share in any such appropriation shall file with the ~~Department of Finance~~ *California State Fair Commission* on or before December 31st, of each year, a sworn statement setting forth the actual amount paid for premiums by such fair held in that year.

Six thousand dollars ($6,000) shall be the maximum base of allocation paid any fair for its first year of operation, and thereafter in each subsequent year in which a fair is held the maximum base of allocation shall increase by 10 percent over the maximum base for the year in which a fair was last held.

In the event the premiums paid during any year in which a fair is held are less than the maximum base of allocation for that year, the base of allocation for that year shall be the premiums so paid during such year. For any fair operated prior to 1933 which received, or was qualified to receive, money from appropriations for the support of agricultural fairs, the basis may be increased 10 percent for each year in which a fair was held from the time the fair was first held, except that if no fair was held by the county or district for a period of five or more years the percentage of increase shall apply only from the first fair held after said period. Any fair may pay premiums in an amount greater than that used as the base of apportionment to it.

The ~~Department of Finance~~ *California State Fair Commission* shall prescribe rules and regulations for the judging of exhibits, and the maximum amount of premiums which may be offered and paid for all classes, sections, and types of exhibits. Said rules and regulations and the maximum amount of premiums which may be offered and paid shall be exempt from the provisions of Section 11380 of the Government Code but may be filed with the Secretary of State under the provisions of Section 11385 of the Government Code. No fair shall receive any apportionment of funds under this section unless it complies with such rules and regulations.

No allotment from the apportionment herein provided shall be made for more than one fair in any one year in any county or district. The fact that a county or district contracts one with the other or with a county fair association to hold an agricultural fair shall not bar it from receiving a proper proportion of the moneys herein appropriated, except that no county or district may hold a joint or combined fair and receive an allotment of money under the provisions of this section. No fair for which a separate appropriation is made by the State shall participate in the apportionment of any money appropriated for the encouragement of county and district agricultural fairs. On or after January 1, 1943, allotments from the appropriation herein provided shall be made only to district agricultural associations or counties which received allotments under this section on the basis of the premiums paid at fairs held during the calendar year 1941 except that: (1) A district agricultural association which did not receive an allotment under this section on the basis of the premiums paid at a fair held during the calendar year 1941 may receive an allotment as provided in this section unless a county whose area lies in whole or in part within the boundaries of the agricultural district received an allotment under this section on the basis of the premiums paid at a

fair held during the calendar year 1941; (2) Solano County may receive an allotment although that county held no fair in the calendar year 1941 and the agricultural association of the agricultural district comprising Solano County received an allotment during the calendar year 1941; (3) Marin County may receive an allotment although that county held no fair in the calendar year 1941 and the agricultural association of the agricultural district of which Marin County is a part received an allotment during the calendar year 1941; (4) Santa Cruz County may receive an allotment although that county held no fair in the calendar year 1941 and the agricultural association of the agricultural district comprising Santa Cruz County received an allotment during the calendar year 1941; (5) Merced and Madera Counties may each receive an allotment although those counties held no fairs in the calendar year 1941 and the agricultural associations of the agricultural districts comprising Merced and Madera Counties each received an allotment during the calendar year 1941; (6) a district agricultural association which did not receive an allotment under this section on the basis of the premiums paid at a fair held during the calendar year 1941, may receive an allotment as provided in this section; provided, the board of supervisors of each county, whose area lies in whole or in part within the boundaries of the agricultural district and which received an allotment under this section on the basis of the premiums paid at a fair held during the calendar year 1941, shall by resolution announce its intention to permanently discontinue the holding of fairs for which the county would be eligible to participate in the allocation from the appropriation herein provided. A certified copy of said resolution shall be filed with the ~~Department of Finance~~ *California State Fair Commission*. Upon adoption of said resolution by the board of supervisors, and the filing thereof as herein provided, the county referred to shall no longer be eligible to receive allotments under this section and the district agricultural association which becomes eligible to receive an allotment due to the adoption of said resolution shall, for the purpose of determining the maximum base of allocation for said association, be entitled to receive credit for the fairs previously held by said county and said fairs shall be considered as fairs held by the association in calculating the maximum base for said association as provided herein. Within one year from and after the date said resolution is adopted, the county shall pay to said district agricultural association the unexpended balance of any moneys previously apportioned to said county under this section. Notwithstanding the foregoing provisions of this paragraph a district agricultural association of a district created subsequent to January 1, 1943, may receive an allotment as provided in this section.

The ~~Department of Finance~~ *California State Fair Commission*, in its discretion, may at any time examine the books and records of any fair to determine the correctness of any statement or report filed with ~~the Department of Finance~~ *it*.

SEC. 14 Section 92.5 of said code is amended to read:

92.5 In the event the audited total of eligible premiums paid by any fair in any year differs from the total set forth in the sworn state-

ment filed with the ~~Department of Finance~~ *California State Fair Commission* under Section 92 of the Agricultural Code, the amount of the apportionment made to such fair for such year under Section 92 shall be recalculated on the basis of the audited total of eligible premiums paid multiplied by the factor used in calculating the original apportionment. If the recalculated apportionment is less than the original apportionment, the amount of such difference shall be returned to the Fair and Exposition Fund and be added to and become a part of the funds appropriated for the encouragement of agricultural fairs under subdivision (b) of Section 19624 of the Business and Professions Code, during the fiscal year in which said difference is returned to said fund.

If it appears that the best interests of the child may be promoted by granting the petition, the court shall order that a hearing be held within 10 days after the filing of the petition and shall prescribe how and to whom notice of the hearing shall be given If the court finds for the petitioner, it shall grant the relief requested

SEC 3. This act is an urgency measure necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Cases now exist in which a county adoption agency is demanding return of a child from a foster home, though the child has been in the foster home for a *substantial period and has received tender and loving care from its foster parents*, and though the county adoption agency will announce no reason for its action It is harmful for a child to be shunted about from home to home, and this should be avoided if at all possible. At the present time, if a child is relinquished to a county adoption agency and is not placed for adoption, no person has an adequate remedy to provide a permanent home for the child, since there is nothing to prevent the adoption agency, at its unlimited discretion, from removing a child from a foster home This act provides this remedy, and it is imperative to prevent irreparable harm, that this act go into immediate effect."

### House Resolution No. 198

Relative to the passing of Samuel Wilder King

WHEREAS, The Members of this House have been deeply shocked and grieved to learn of the passing of Samuel Wilder King, former Governor of Hawaii, on March 24, 1959, just a few days after the fruition of his life-long battle for the admission to statehood of his beloved island territory; and

WHEREAS, Governor King was not only Hawaii's first island-born Chief Executive, holding office from 1953 to 1957, but was, as well, the first person of Hawaiian descent to serve in that high position; and

WHEREAS, The executive and leadership abilities of this man were early recognized when, after attending Hawaiian schools, he was one of the select group appointed to the United States Naval Academy at Annapolis, where he was a classmate of our esteemed colleague, Captain Frank Luckel; and

WHEREAS, After a decade of distinguished service for the United States Navy aboard ships based in the San Diego area, Samuel Wilder King returned to his beloved island home and began a life-long battle to secure the admission of Hawaii as a state; and

WHEREAS, Starting his long career in territorial politics as a member of the Board of Supervisors in Honolulu, he was subsequently elected Territorial Delegate to Congress in 1934, and, because of his outstanding service to the citizens of Hawaii, was re-elected three times; and

WHEREAS, In 1942, heeding the call of duty when his Nation's very life was threatened by the Japanese attack on Pearl Harbor and subsequent events, Samuel Wilder King, at the age of 56, gave up his congressional seat to volunteer his services to the United States Navy; and

WHEREAS, While serving with the wartime Navy his sterling character, his understanding and friendly personality and his ability to command quickly won for him the respect and devotion of all those with whom he served; and

WHEREAS, After his discharge at the end of World War II with the rank of Captain, Governor King returned to the leadership of the struggle for Hawaiian statehood, heading the Islands' 1950 Constitutional Convention, which drafted the document under which Hawaii assumed statehood; and as well the Hawaii Statehood Commission, the group which had long led the battle to make the Islands a state; and

WHEREAS, Second only to his affection for his beloved Hawaii, Governor King had always possessed a deep feeling of love and kinship for the people of California, and was last in this State during the summer of 1956, when he attended a reunion of his Annapolis class in the City of San Diego; and

WHEREAS, Throughout almost one-half a century of dedicated service to the United States Navy and to his beloved island home, Governor King was a pillar of strength, a man whose great courage, rare ability, outstanding leadership and sincere

devotion to duty made him indispensable to the political progress of the Territory of Hawaii; and

WHEREAS, To mourn his passing and to receive the heartfelt sympathy of all, he leaves his widow, Mrs Pauline King; now, therefore, be it

*Resolved by the Assembly of the State of California*, That the Members of this House pay tribute to the memory of a great American, Samuel Wilder King, and convey to his bereaved widow their most sincere condolences; and be it further

*Resolved*, That the Chief Clerk of the Assembly be hereby directed to transmit a suitably prepared copy of this resolution to Mrs. Pauline King.

Bill read second time.

**Motion to Amend**

Mr. Winton moved the adoption of the following amendment:

**Amendment No. 1**

On page 2 of the printed bill, strike out lines 36 to 52, inclusive; on page 3, strike out lines 1 to 13, inclusive, and insert

"17753 If a company fails to redeem any of its trading stamps, any rightful holder of such trading stamps may file a complaint with the Secretary of State within three months after such failure to redeem. The complaint shall be accompanied by the unredeemed stamps

Upon the filing of any complaint or complaints involving the alleged failure of a trading stamp company to redeem trading stamps, the Secretary of State shall request the trading stamp company in writing by certified mail, mailed to the company's last address of record with the Secretary of State, to redeem the trading stamps in cash on or before 10 days from the date on which the request is mailed.

If the amount demanded is paid, the Secretary shall make an equitable distribution of the amount to the persons who filed pursuant to this section, and shall forthwith forward the redeemed stamps to the trading stamp company

If the trading stamp company fails to redeem the trading stamps within the specified time, the secretary shall publish notice of such fact in three consecutive publications of one or more newspapers of general circulation published in the Cities of Sacramento, San Francisco and Los Angeles, and therein advise that any additional claim may be filed with him, together with the trading stamps upon which the claim is based, within three months after the date of the first such publication. Retailers in possession of trading stamps for issuance to their customers shall also be deemed rightful holders entitled to make such claims. If any person fails to file a claim with the secretary within such three months period, the secretary shall thereupon be relieved of further duty or action hereunder on behalf of such person until such time as complaints involving the alleged default of the trading stamp company to redeem trading stamps have been again filed with the secretary.

The publication shall also give notice of the time and place that the secretary will hold a hearing to consider any evidence concerning the alleged default of the trading stamp company.

Within 30 days after the expiration of the claim period prescribed in this section, the secretary shall notify the trading stamp company in writing by certified mail, mailed to the company's last address of record with the secretary, and the surety on company's bond in writing by certified mail, mailed to the address shown on the bond inviting it to appear at a hearing before the secretary to present any relevant evidence concerning the trading stamp company's alleged failure to redeem the trading stamps.

If at any such hearing, which may be held at any time after 20 days from the date notification is mailed, the secretary finds that the trading stamp company has defaulted in the redemption of its trading stamps, the secretary shall demand cash payment from the company in an amount sufficient to satisfy all valid claims filed with him.

If the amount demanded is paid within 10 days of the making of the demand, the secretary shall make an equitable distribution of the amount to persons who filed pursuant to this section and shall forthwith forward the redeemed stamps to the trading stamp company.

If the amount demanded is not paid within 10 days of the making of the demand, the secretary shall bring an action in a court of competent jurisdiction against the trading stamp company and its surety to recover, on behalf of the complainants, the value of the unredeemed stamps.

The costs incurred by the secretary in performing the duties set forth in this section shall constitute a proper charge against the trading stamp company which has defaulted, or, in the event of the trading stamp company's failure to pay, against the bond filed by that company, and shall constitute a prior claim against such company or such bond, except that in no event shall the surety be liable for such charge and all other valid claims as an aggregate in excess of the principal sum of the bond."

STATE OF CALIFORNIA
DEPARTMENT OF PUBLIC WORKS
SACRAMENTO, April 15, 1959

*Hon. Arthur A. Ohnimus*
*State Assembly, State Capitol*

DEAR MR. OHNIMUS: This will supplement my letter of April 8, 1959, wherein I acknowledged receipt of a copy of Assembly Concurrent Resolution No. 87 adopted by the Legislature on April 1, 1959.

This resolution requests the California Toll Bridge Authority to extend commuter rates to trucks of the type commonly referred to as half-ton and three-quarter-ton pickups, with the further condition that such rates shall be restricted to those pickups performing the same function as passenger automobiles and shall not be applicable to those engaged in transporting property. The resolution recognizes the restrictions of Article V of the Resolution of the California Toll Bridge Authority authorizing the creation of an issue of not exceeding 80 million dollars Carquinez Strait Bridges Toll Bridge Revenue Bonds. By the terms of that article the initial toll schedule, or any authorized modifications thereof, cannot be reduced unless the authority can meet the following conditions:

1. The proposed new rates when applied to actual traffic for the preceding 12-month period must produce revenues sufficient in amount to equal the cost of operating the bridges plus 120 percent of the annual interest and minimum sinking fund payments, plus required payments for the reserve fund.
2. The reserve fund established by Article VI of the resolution must equal at least six million dollars, or 10 percent of the principal amount of bonds outstanding, whichever is less.
3. The authority must furnish to the fiscal agent a certificate in such detail as the fiscal agent requires, setting forth the facts called for above.

In the normal situation, the effect of such a covenant is to prevent reductions in tolls for a period of one year from the date on which a toll facility is opened to public traffic. In the case of the Carquinez Strait Bridges, it would appear that this covenant can well operate to prevent reductions for a period well in excess of one year. This is so since the California Toll Bridge Authority is presently contemplating the issuance of an additional 34 million dollars in bonds under the terms of the Carquinez Strait Bridges Resolution. Thus, the requirements imposed by Article V cannot be met, even upon the expiration of one year from the date of opening of the additional Carquinez Bridge. This being the case, any action by the authority to reduce tolls in the manner provided by Article V would constitute a breach of its contract with the bondholders.

In addition to the legal inability of the authority to undertake the toll reductions requested by Assembly Concurrent Resolution No. 87, there are certain practical problems of administration presented by the proposal. The determination of which pickups would be entitled to commuter rates and which would not can easily result in a great deal of argument and ill will For example, it is not possible to tell by looking at the vehicle whether a pickup is a three-quarter-ton or a one-ton. The license plate would furnish no assistance since exemption from weight fees and the use of private passenger plates is not restricted to trucks of the pickup type.

These are some of the problems in connection with implementing the request of the Legislature which we most respectfully call to your attention.

Respectfully,

ROBERT B. BRADFORD, Director of Public Works,
Secretary and Member,
California Toll Bridge Authority

CHAPTER 2. PARTICULAR *HIGHWAY* CROSSINGS

SEC. 2. Section 30608 of the Streets and Highways Code is amended to read:

30608. Pending the issuance and sale of bonds secured by the tolls of the San Francisco-Oakland Bay Bridge for the financing of the ~~Southern Crossing~~ *rapid transit tube* specified in Article ~~2~~ *5* of this chapter, the authority shall continue to fix and the department shall collect tolls at substantially the same rates as in effect January 1, ~~1955~~ *1959*. Revenues therefrom shall continue to be devoted to fulfilling any obligations of the authority pursuant to any bond indenture or statute in effect on said date, and any surplus revenues shall be held and invested as authorized by law for assistance in the financing of the ~~Southern Crossing~~ *rapid transit tube* or such other purpose as may be authorized or provided by law. *Subsequent to the issuance of the aforesaid bonds for the financing of the aforesaid rapid transit tube, the authority and the department shall fix and collect such rates of tolls as are necessary to comply with the obligations assumed by the authority in connection with the issuance of such bonds and the requirements of Article 5 (commencing at Section 30770).*

*SEC. 3. Section 30609 of the Streets and Highways Code is amended to read:*

30609. Subject to the limitations hereinafter prescribed and under the provisions of Chapter 1 of this division, the department may make such revisions of, and improvements or alterations to, the San Francisco-Oakland Bay Bridge, its approaches, connections and other appurtenances, including the terminal building in San Francisco, as are deemed desirable and necessary by the department to permit the use of the entire San Francisco-Oakland Bay Bridge for traffic. Such revisions may include work necessary for the routing of traffic in one direction on each deck of the bridge.

The department may use for such purposes any funds now on hand from the revenues of the San Francisco-Oakland Bay Bridge, and the future revenues of the bridge accruing up to July 1, 1961, or so much thereof as may be necessary, over and above those required to repay the State Highway Fund as required by Sections 30605 and 30607, and to provide the costs of maintenance, operation, insurance and other expenses of the San Francisco-Oakland Bay Bridge.

In the event bonds are ~~to be~~ issued for the construction of the ~~Southern Crossing~~ *rapid transit tube* to be secured by the revenues of the San Francisco-Oakland Bay Bridge, the authority may provide for the completion of the work on the San Francisco-Oakland Bay Bridge from the proceeds of bonds to be included in such an issue or it may reserve from the revenues which would secure such a bond issue sufficient revenues to complete the work. ~~To the greatest extent found~~

~~feasible by the department in planning and conducting the work to be carried out, but without delaying the ultimate completion thereof, the department shall so plan and conduct the work as to permit the rails on the San Francisco-Oakland Bay Bridge to remain in place as long as possible so as to minimize the interruption of transbay rail transportation.~~"

SEC. 4. Article 5 (commencing at Section 30770) is added to Chapter 2 of Division 17 of the Streets and Highways Code, to read:

Article 5. San Francisco-Oakland Rapid Transit Tube

30770. It is hereby declared to be the policy of the Legislature to take the action necessary to relieve effectively the vehicular congestion on the San Francisco-Oakland Bay Bridge and to thus insure the free-flowing movement of people and goods between the east and the west side of San Francisco Bay to provide a main link in a system of rapid transit designed to ultimately serve the peoples of the Counties of Alameda, Contra Costa, Marin, Napa, San Francisco, San Mateo, Santa Clara, Solano and Sonoma.

Further, the Legislature finds that the relief of vehicular congestion on the San Francisco-Oakland Bay Bridge can be obtained most efficiently and at the least cost in public funds and with the greatest promotion and accommodation of commerce and navigation through providing an underwater rapid transit tube connecting the east and west sides of San Francisco Bay accommodating facilities for rapid transit which will co-ordinate with and supplement the San Francisco-Oakland Bay Bridge, relieve congestion thereon and make possible the most efficient and economical movement of persons, property and traffic across San Francisco Bay.

30771. As used in this article:

(a) "District" means the San Francisco Bay Area Rapid Transit District.

(b) "Rapid transit tube" means a subaqueous tube across San Francisco Bay between the City and County of San Francisco and the County of Alameda, its approaches and fixed transit facilities, including but not limited to ventilation towers and equipment, tracks and electrical distribution, control, lighting and communication systems for the accommodaton of rail rapid transit. The San Francisco terminus of the underwater portion of such rapid transit tube shall be located westward of the shoreline of San Francisco Bay as close thereto as may be reasonably practicable between Howard and Jackson Streets in the City and County of San Francisco. The Alameda County terminus shall be the Southern Pacific mole or as close thereto as may be reasonably practicable.

(c) "Approaches" means all facilities between each of the aforesaid termini and the first station thereafter for the discharge of passengers.

(d) "Authority" means the California Toll Bridge Authority.

(e) "Department" means the Department of Public Works.

30772. The department is authorized and directed to use the sum of seven hundred fifty thousand dollars ($750,000), or so much thereof as may be necessary, from the Revenue Fund of the San Francisco-Oakland Bay Bridge for preliminary engineering work including but

not limited to surveys, plans, estimates of costs, specifications and other engineering expenses for the construction of a rapid transit tube.

No use of such funds shall be made nor construction of the rapid transit tube commenced, however, unless or until the federal law permits the authority to collect tolls upon the existing San Francisco-Oakland Bay Bridge for the purpose of paying the costs of engineering and planning, including the aforesaid engineering expenses, and the construction of such rapid transit tube.

It is hereby declared to be the intent of the Legislature that the aforesaid preliminary engineering work shall be commenced as soon as the federal law permits the collection of tolls upon the existing Bay Bridge for the aforesaid purpose and that construction of the rapid transit tube shall commence as soon as possible after the completion of the aforesaid engineering work and the approval by the voters of the issuance of general obligation bonds referred to in Section 30775.

30773. The authority and the department shall give full consideration to the recommendations of the district with respect to features of the rapid transit tube including but not limited to the following:

(a) Exact locations of the termini and approaches.

(b) Alignment.

(c) Facilities to be accommodated and installed.

30774. Upon determining the locations of the termini and approaches and the alignment to the satisfaction of the district, the authority shall apply promptly to the appropriate officials of the Federal Government and any other government or agency or instrumentality thereof, or political subdivision for any necessary permission to construct the rapid transit tube.

30775. The authority shall issue revenue bonds pursuant to the California Toll Bridge Authority Act (Chapter 1 (commencing at Section 30000) of this division) for the construction of the rapid transit tube and the department shall construct the rapid transit tube; but the issuance of revenue bonds shall be contingent upon, and shall be accomplished promptly after, the approval by the voters of the district of a proposition for the issuance of general obligation bonds of the district to finance acquisition or construction of such transit facilities as the board of directors of the district, whose determination shall be final, determines to be a substantial regional rapid transit system that should be acquired or constructed pursuant to Section 28764 of the Public Utilities Code at the time the rapid transit tube is constructed.

30776. All the provisions of the California Toll Bridge Authority Act (Chapter 1 (commencing at Section 30000) of this division) applicable to toll highway crossings shall apply to the activities of the department and the authority in connection with the rapid transit tube insofar as they are not inconsistent with the provisions of this article. The provisions of said act shall not apply to the district and shall not require or permit the fixing of a toll by the department or the authority for the use of the rapid transit tube. The district shall have the sole and exclusive right to the use of the rapid transit tube in the absence of an agreement betweent the district and any other party for any use

by such other party on payment of appropriate compensation to the district.

30777. The authority and the department are authorized and directed to do any and all things pursuant to law necessary to finance, construct and complete the rapid transit tube provided for in this article.

30778. The annual tolls and revenues of the San Francisco-Oakland Bay Bridge or so much thereof as may be necessary after provision for the payment in full of all annual costs of maintenance, operation, insurance and other expenses of the San Francisco-Oakland Bay Bridge, and after payment or provision for payment in full of all the costs of revisions, improvements and alterations referred to in and subject to the limitations of Section 30609, shall be pledged and used to finance and pay for the cost of construction of the rapid transit tube, including but not limited to payment of the principal of, and interest and premiums, if any, on, and provision for security of, the revenue bonds of the authority issued pursuant to this article. The costs of the approaches of the rapid transit tube, including but not limited to the portion of all financing costs attributable to such approaches, shall be reimbursed to the authority by the district from any excess of passenger fares received by the district attributable to passage through the rapid transit tube over and above any and all costs incurred by the district in connection with its transportation of passengers through the rapid transit tube. No other payments shall be required of the district for the use of the rapid transit tube.

30779. The construction of the rapid transit tube shall precede the construction of any additional crossing of San Francisco Bay, financed in whole or in part by the tolls or revenues of the San Francisco-Oakland Bay Bridge, providing, however, that if by November 30, 1962, the voters of the district have not approved the issuance of general obligation bonds of the district for the construction of a regional rapid transit system, the provisions of this section and Sections 30775, 30777, and 30778 shall be of no further force or effect.

30780. The rapid transit tube shall be repaired, maintained and operated, and insured against such risks and in such amount as the district deems proper by or at the expense of the district.

30781. The Legislature finds that the rapid transit tube would further the promotion and accommodation of commerce and navigation."

### PRAYER

The following prayer was offered by the Chaplain, Rev. R. Wilbur Simmons:

*Help us, O God,* "It just won't come right." We have often said so, seeking words to match our thoughts. So it is, even with this prayer. So it is with the first draft of bills, with amendments, and yet the laws are not all that we would like them to be. "It just won't come right," we have said looking at the affairs of State, Nation, and the world. Remind us, our Father, that as Thy spirit strives to make our lives and hearts more perfect, that even Thou dost find that "It just won't come right." That explains so much. God, help us, each one, to become right within.—AMEN.

### Letter of Transmittal
### Water Resources Bulletin No. 70—Orange County Land and Water Use Survey, 1957

STATE OF CALIFORNIA
DEPARTMENT OF WATER RESOURCES
SACRAMENTO, April 17, 1959

*Hon. Arthur A. Ohnimus*
*Clerk of the Assembly*
*State Capitol, Sacramento*

DEAR MR. OHNIMUS: I have the honor to transmit herewith for the information of the California State Assembly, Department of Water Resources Bulletin No. 70, entitled "Orange County Land and Water Use Survey, 1957", dated January, 1959.

Orange County is experiencing a rapid growth in population and a corresponding transformation from an agricultural to an urban economy. The Department of Water Resources, under its responsibility to carry on continuing investigations of the water problems of the State, has analyzed the effect of this changing economy on Orange County's water requirements.

With Southern California's economy closely geared to available water supplies, inventories such as the one presented in this report are playing an increasingly important role. The data derived from this and other land and water use surveys are fundamental to determining the time when additional water supplies will be needed and the planning and construction of projects to assure the satisfaction of these water demands.

Sincerely,

HARVEY O. BANKS, Director

Attach.

Above transmitted report referred to the Committee on Water.

*The Hon. Ralph M. Brown*
*Speaker of the Assembly*
*State Capitol, Sacramento*

DEAR SPEAKER BROWN: Pursuant to your request, I am sending you copies of the resolution adopted by the State Board of Education and The Regents of the University of California, meeting in joint session on April 15, 1959, setting forth "Joint Board Policies Relative to New Campuses."

Sincerely,

ROBERT M. UNDERHILL

### Resolution of State Board of Education and the Regents of the University of California

April 15, 1959

### Joint Board Policies Relative to New Campuses

WHEREAS, By legislative and other official action, additional campuses of higher education have been approved for state colleges in Alameda, Stanislaus, Orange, and North Bay counties, and for University campuses in San Diego, Southeast Los Angeles-Orange and South Central Coast counties; and

WHEREAS, The present fiscal condition of the State threatens delay in providing expansion of facilities and institutions necessary to accomodate the projected enrollments for state-supported higher education in California; and

WHEREAS, Protracted delay in beginning these new centers will force upon existing institutions excessive congestion and over-expansion and will deprive qualified young Californians of a full measure of learning and student life; therefore, be it

*Resolved*, That the joint boards declare that:

(1) The new campuses already approved for the state colleges and the University should be placed in operation as soon as the fiscal condition of the State will permit;

(2) The boards will continue, both individually and jointly through the Liaison Committee, to re-assess "priorities for the establishment of new public institutions" as provided in the resolution adopted by the State Board of Education on December 17, 1958, and by The Regents of the University of California on December 19, 1958;

(3) For new campuses both already approved and to be approved in the future, the State should adopt a policy of early site acquisition for those assigned the highest priority in order to make possible proper community planning, to forestall high acquisition costs, and to avoid delays after construction money becomes available;

(4) No new state colleges or campuses of the University, other than those already approved, shall be established until adequate Junior College facilities have been provided, the determination of adequacy to be based on studies made under the direction of the Liaison Committee of the State Board of Education and The Regents of the University of California;

(5) (a) The principles enunciated on pages v and vi of the *Study of the Need for Additional Centers of Public Higher Education in California*, approved by both boards, shall continue to be accepted as a basis for further planning by both boards; (copy of these principles attached to this resolution).

(b) These principles and any subsequent modifications approved by both boards shall guide each board in determining priorities for new campuses and the timetable for future acquisition of sites;

(c) No new campus for the state colleges or for the University of California, other than those already approved, shall be established without prior approval of both boards;

(d) The Governor and the State Legislature be requested to approve only those bills and appropriation items which conform to this understanding.

(6) Following the submission to the Legislature of the master plan for higher education in California, to be prepared in accordance with Assembly Concurrent Resolution No. 88, if enacted in the 1959 Regular Session of the Legislature, the above agreements shall be re-appraised by The Regents and the State Board of Education.

(SEAL)

Attest:
ROBERT M. UNDERHILL
Secretary of The Regents of the

We are grateful for men of sincere convictions who are able advocates for their opinions. We believe, our Father, that good laws can only be achieved by strong and courageous lawmakers; men who are not concerned with whether their position is popular; men who keep no weather eye out for personal advantage or advancement; men who, above all else, take counsel with their own consciences and seek to enact God's laws in human society. O God, send us such men and leaders to shape our future.—AMEN.

### LETTER OF TRANSMITTAL

**Brief—State Board of Education vs. Bert W. Levit**

STATE OF CALIFORNIA, DEPARTMENT OF FINANCE
SACRAMENTO, April 17, 1959

*Mr Arthur A. Ohnimus*
*Chief Clerk of the Assembly*
*California State Legislature*
*State Capitol, Sacramento*

DEAR MR. OHNIMUS: Knowing your special interest in the litigation which has recently been filed against me by the State Board of Education in connection with the budgetary restriction imposed by the Legislature on the printing of certain textbooks, I am taking the liberty of handing you a copy of the brief just filed by me in the Supreme Court of California.

In view of the fact that the Attorney General is representing the State Board of Education, and in pursuance of my firm intention to vigorously defend the legislative control over appropriations, I have employed special counsel of distinct ability, Mr. Macklin Fleming of Los Angeles. His fee for handling this matter will be $2,500, which I consider to be a very reasonable charge.

In my opinion the question involved is not without difficulty from a legal aspect, but I anticipate a successful outcome Even if the precise method of limitation of the appropriation used by the Legislature in this case is not upheld by the court, the opinion should clarify the problem and chart the future course by which the Legislature may retain its fiscal control in this area

Yours very truly,

BERT W. LEVIT, Director of Finance

Above transmitted brief referred to the Committee on Education.

The following resolution was presented by the Chief Clerk from:

"SECTION 1 Section 3601 of the Labor Code is amended to read:

3601. *(a)* Where the conditions of compensation exist, the right to recover such compensation, pursuant to the provisions of this division is, except as provided in Section 3706, the exclusive remedy ~~against the employer~~ for ~~the~~ injury or death *of an employee against the employer or against any other employee of the employer acting within the scope of his employment, except that an employee, or his dependents in the event of his death, shall, in addition to the right to compensation against the employer, have a right to bring an action at law for damages against such other employee, as if this division did not apply, in the following cases:*

*(1) When the injury or death is proximately caused by the willful and unprovoked physical act of aggression of such other employee.*

*(2) When the injury or death is proximately caused by the intoxication of such other employee.*

*(3) When the injury or death is proximately caused by an act of such other employee which evinces a reckless disregard for the safety of the employee injured, and a calculated and conscious willingness to permit injury or death to such employee.*

*(b) An act which will not sustain an independent action for damages against such other employee under subsections (1), (2), or (3) of subdivision (a) of this section may nevertheless be the basis of a finding of serious and willful misconduct under Section 4553 or 4553.1, if (1) such other employee is established to be one through whom the employer may be charged under Section 4553; (2) such act of such other employee shall be established to have been the proximate cause of the injury or death; and (3) such act is established to have been of a nature, kind, and degree sufficient to support a finding of serious and willful misconduct under Section 4553 or 4553.1.*

*(c) In no event, either by legal action or by agreement whether entered into by such other employee or on his behalf, shall the employer be held liable, directly or indirectly, for damages awarded against, or for a liability incurred by such other employee under subsections (1), (2), or (3) or subdivision (a) of this section.*

*(d) No employee shall be held liable, directly or indirectly, to his employer, for injury or death of a co-employee except where the injured employee or his dependents obtain a recovery under subdivision (a) of this section.*

SEC. 2. Section 4453 of said code is amended to read:

4453. In computing average annual earnings for the purposes of temporary disability indemnity only, the average weekly earnings shall be taken at not less than ~~twenty-three dollars and eight cents ($23.08)~~ *thirty dollars and seventy-seven cents ($30.77)* nor more than ~~seventy-six dollars and ninety-three cents ($76.93)~~ *one hundred dollars ($100)*. In computing average annual earnings for purposes of permanent disability indemnity, the average weekly earnings shall be taken at not less than ~~twenty-three dollars and eight cents ($23.08)~~ *thirty dollars and seventy-seven cents ($30.77)* nor more than ~~sixty-one dollars and~~

~~fifty-four cents ($61.54)~~ *eighty dollars and seventy-seven cents ($80.77)* . Between these limits the average weekly earnings, except as provided in Sections 4456 to 4459, shall be arrived at as follows:

(a) Where the employment is for 30 or more hours a week and for five or more working days a week, the average weekly earnings shall be 95 percent of the number of working days a week times the daily earnings at the time of the injury.

(b) Where the employee is working for two or more employers at or about the time of the injury, the average weekly earnings shall be taken as 95 percent of the aggregate of such earnings from all employments computed in terms of one week; but the earnings from employments other than the employment in which the injury occurred shall not be taken at a higher rate than the hourly rate paid at the time of the injury.

(c) If the earnings are at an irregular rate, such as piecework, or on a commission basis, or are specified to be by the week, month, or other period, then the average weekly earnings mentioned in subdivision (a) above shall be taken as 95 percent of the actual weekly earnings averaged for such period of time, not exceeding one year, as may conveniently be taken to determine an average weekly rate of pay.

(d) Where the employment is for less than 30 hours per week, or where for any reason the foregoing methods of arriving at the average weekly earnings cannot reasonably and fairly be applied, the average weekly earnings shall be taken at 95 percent of the sum which reasonably represents the average weekly earning capacity of the injured employee at the time of his injury, due consideration being given to his actual earnings from all sources and employments.

SEC. 3. Section 4455 of said code is amended to read:

4455. If the injured employee is under 21 years of age, and his incapacity is permanent, his average weekly earnings shall be deemed, within the limits fixed in Section 4453, to be the weekly sum which under ordinary circumstances he would probably be able to earn at the age of 21 years, in the occupation in which he was employed at the time of the injury or in any occupation to which he would reasonably have been promoted if he had not been injured. If such probable earnings at the age of 21 years cannot reasonably be determined, his average weekly earnings shall be taken at ~~sixty-one dollars and fifty-four cents ($61.51)~~ *eighty dollars and seventy-seven cents ($80.77)* .

SEC. 4. Section 4460 of said code is amended to read:

4460. For the purpose of computing the temporary disability indemnity payable to any employee who sustains an original injury causing temporary disability, the maximum average weekly earnings shall be taken at ~~seventy-six dollars and ninety-three cents ($76.93)~~ *one hundred dollars ($100)* . For the purpose of computing the permanent disability indemnity payable to any employee who sustains an original injury causing permanent disability, the maximum average weekly earnings shall be taken at ~~sixty-one dollars and fifty-four cents ($61.54)~~ *eighty dollars and seventy-seven cents ($80.77)* .

Every computation made pursuant to this section as last amended shall be made only with reference to temporary disability or such permanent disability resulting from an original injury sustained after

the act last amending this section becomes effective; provided, however, that all rights presently existing under this section shall be continued in force.

SEC. 5. Section 4553 of said code is amended to read:

4553. The amount of compensation otherwise recoverable shall be increased one-half where the employee is injured by reason of the serious and willful misconduct of any of the following:

(a) The employer, or his managing representative.

(b) If the employer is a partnership, on the part of one of the partners or a managing representative or general superintendent thereof.

(c) If the employer is a corporation, on the part of an executive, managing officer, or general superintendent thereof.

But such increase of award shall in no event exceed ~~three thousand seven hundred fifty dollars (\$3,750)~~ *seven thousand five hundred dollars ($7,500); together with costs and expenses incident to procurement of such award, not to exceed two hundred fifty dollars ($250)*.

SEC. 6. Section 4553.1 is added to said code, to read:

4553.1. In order to support a holding of serious and willful misconduct by an employer based upon violation of a safety order, the commission must specifically find:

(1) That the safety order was established as having been known to a particular identified and named person or persons, either the employer or a representative of the employer designated by Section 4553;

(2) That the violation was established to have been committed by a particular identified and named person or persons, either the employer or a representative of the employer designated by Section 4553;

(3) That the condition making the safety order applicable at the time of the injury or death was established to have been known to a particular identified and named person or persons, either the employer or a representative of the employer designated by Section 4553;

(4) The specific manner in which the order was violated; and

(5) That the violation of such safety order did proximately cause the injury or death, and the specific manner in which the violation constituted such proximate cause.

SEC. 7. Section 4554 of said code is amended to read:

4554. In case of the willful failure by an employer to secure the payment of compensation, the amount of compensation otherwise recoverable for injury or death as provided in this division shall be increased 10 percent ~~, but such increase of award shall in no event exceed one thousand dollars (\$1,000)~~. Failure of the employer to secure the payment of compensation as provided in Article 1 *(commencing at Section 3700)* of Chapter 4 of Part 1 of this division is prima facie evidence of willfulness on his part.

SEC. 8. Section 4555.5 is added to said code, to read:

4555.5. Whenever a petition to reduce an award, based upon a permanent disability rating which has become final, is denied, the commission may order the petitioner to pay to the injured employee all costs incident to the furnishing of X-rays, laboratory services, medical reports, and medical testimony incurred by such employee in connection with the proceeding on such petition.

SEC. 9. Section 4600 of said code is amended to read:

4600. Medical, surgical, and hospital treatment, including nursing, medicines, medical and surgical supplies, crutches, and apparatus, including artificial members, which is reasonably required to cure or relieve from the effects of the injury shall be provided by the employer. In the case of his neglect or refusal reasonably to do so, the employer is liable for the reasonable expense incurred by or on behalf of the employee in providing treatment.

In accordance with the rules of practice and procedure of the commission, the employee, or the dependents of a deceased employee, shall be reimbursed for expenses reasonably, actually, and necessarily incurred for X-rays, laboratory fees, ~~and~~ medical reports, *and medical testimony to* ~~required to successfully~~ prove a contested claim. *The reasonableness of and necessity for incurring such expenses to prove a contested claim shall be determined with respect to the time when such expenses were actually incurred. Expenses of medical testimony shall be presumed reasonable if in conformity with the fee schedule charges provided for impartial medical experts appointed by the commission.*

*Where at the request of the employer, the employer's insurance carrier, the commission, or any commissioner or referee, the employee submits to examination by a physician, he shall be entitled to receive in addition to all other benefits herein provided all reasonable expenses of transportation, meals and lodging incident to reporting for such examination, together with one day of temporary disability indemnity for each day of wages lost in submitting to such an examination.*

SEC. 10. Section 4601 of said code is amended to read:

4601. If the employee so requests, the employer shall tender him one change of physicians. ~~and shall~~ *Upon request of the employee for a change of physicians, 14 days shall be the maximum amount of time permitted by law for the employer or insurance carrier to* nominate at least three additional practicing physicians competent to treat the particular case; ~~or as many as are available if three cannot reasonably be named,~~ from among whom the employee may choose. *In the event the employee is not so notified, the employee may select a physician of his choice and the employer or insurance carrier shall be liable to pay the reasonable cost of treatment.* The employee is also entitled, in any serious case, upon request, to the services of a consulting physician ~~provided by the employer~~ *of his own choice at the expense of the employer*. All of such treatment shall be at the expense of the employer.

SEC. 11. Section 4650 of said code is amended to read:

4650. If an injury causes temporary disability, a disability payment shall be made for one week in advance as wages on the eighth day after the injured employee leaves work as a result of the injury; provided, that in case the injury causes disability of more than 49 days *or necessitates hospitalization* the disability payment shall be made from the first day the injured employee leaves work *or is hospitalized* as result of the injury. If the injury causes permanent disability, a disability payment shall be made for one week in advance as wages on the eighth day after the injury becomes permanent or the date of last payment for temporary disability, whichever date first occurs.

SEC. 12. Section 4656 of said code is amended to read:

4656. Aggregate disability payments for a single injury causing temporary disability shall not extend ~~beyond~~ *for more than* 240 *compensable* weeks *within a period of five years* from the date of the injury.

SEC. 13. Section 4658 of said code is amended to read:

4658. If the injury causes permanent disability, the percentage of disability to total disability shall be determined and the disability payment computed and allowed according to the following schedule:

| Percentage of permanent disability incurred | Number of weeks for which 65 percent of average weekly earnings allowed | Percentage of average weekly earnings allowed for remainder of life after period for which 65 percent of average weekly earnings allowed |
|---|---|---|

(b) If 70 percent or over, ~~1~~ *1.5* percent of the average weekly earnings for each 1 percent of disability in excess of 60 percent to be paid during the remainder of life, after payment for the maximum number of weeks specified in the foregoing schedule has been made.

SEC. 15. Section 4701 of said code is amended to read:

4701. Where an injury causes death, either with or without disability, the employer shall be liable, in addition to any other benefits provided by this division, for:

(a) Reasonable expenses of the employee's burial, not exceeding ~~four~~ *six* hundred dollars ~~($400)~~ *($600)*.

Every computation made pursuant to this section shall be made only with reference to death resulting from an original injury sustained after this section as amended during the ~~1957~~ *1959* Regular Session of the Legislature becomes effective; provided, however, that all rights presently existing under this section shall be continued in force."

## MESSAGES FROM THE GOVERNOR

The following messages from the Governor were received, and read:

### Veto Message Relative to Assembly Bill No. 598

STATE OF CALIFORNIA, GOVERNOR'S OFFICE
SACRAMENTO, April 22, 1959

*To the Honorable Members of the Assembly*
*State of California*
*Sacramento*
*Greetings:*

I am returning, herewith, without my signature,

**Assembly Bill No. 598** entitled "An act to amend Sections 134, 2921.5 and 4986 of the Revenue and Taxation Code, relating to canceling of uncollected taxes, penalties, or costs".

My objections to this bill are as follows:

The general purpose of the bill is to provide for transfer of real property taxes to the unsecured roll in lieu of cancellation when such property is acquired by tax exempt public agencies in negotiated transactions. In condemnation cases the bill provides for proration of such taxes.

My objections to the bill are not concerned with its merits, but with a technical defect in Section 3, rendering the bill unintelligible in the form enacted, and with a defect in the proration formula, in that it does not provide for disposition, by cancellation, of the public agency's portion of the tax obligation.

These deficiencies in the form of the bill as enacted by the Legislature have been discussed with the author. It is my understanding that he will introduce a new bill that will correct errors in draftsmanship, and prescribe a workable formula for proration of the tax obligation in condemnation cases.

I am, therefore, returning Assembly Bill No. 598 without my signature.

Respectfully submitted,

EDMUND G. GROWN, Governor

Assembly Bill No. 598 ordered to unfinished business.

### Veto Message Relative to Assembly Bill No. 33

STATE OF CALIFORNIA, GOVERNOR'S OFFICE
SACRAMENTO, April 21, 1959

*To the Honorable Members of the Assembly*
*State of California*
*Sacramento*
*Greetings:*

I am returning, herewith, without my signature,

**Assembly Bill No. 33** entitled: "An act to repeal Section 20987 of, and to add Section 20987 to, the Government Code, relating to the compulsory age for retirement under the State Employees' Retirement System, declaring the urgency thereof, to take effect immediately".

My objections to this bill are as follows:

This bill would make inoperative the compulsory retirement provisions of the State Employees' Retirement System until the ninety-first day after final adjournment of this session of the Legislature. If legislation is enacted at this session providing for survivorship benefits as a part of the State System, or providing for the integration of the State Employees' Retirement System with the Federal Old Age and Survivors Insurance Program, this period would be extended.

The principle of compulsory retirement at age 70 has long been an established part of the State Employees' Retirement System, and is, I believe, an essential part of any retirement system.

There are bills now pending before the Legislature which would either provide survivors benefits as a part of the State System, or provide for the integration of the State System with the Federal System. Either alternative involves a large additional expenditure of general funds, which has not been budgeted, and which has not been funded as a part of the program of additional taxes which I have requested the Legislature to enact.

Similar legislation was enacted at the last General Session of the Legislature (Statutes of 1957, Chapter 357). A proposal for integration of the State and Federal Systems, included therein, was thereafter overwhelmingly rejected by vote of the state employees. As a net result of that enactment, certain state employees were employed for additional periods after the mandatory retirement age. To enact the present measure into law would again permit certain employees to serve an additional period of time beyond the mandatory retirement age, irrespective as to

whether any legislation now being considered is adopted by this session of the Legislature providing for survivor benefits.

To approve this measure would encourage legislation every two years of a similar nature solely for the purpose of extending the mandatory retirement age.

I am, therefore, returning Assembly Bill No. 33 without my signature.

Respectfully submitted,

EDMUND G. BROWN, Governor

Assembly Bill No. 33 ordered to unfinished business.

### PRAYER

The following prayer was offered by the Chaplain, Rev. R. Wilbur Simmons:

*Almighty and Eternal God,* If in jest we suggest that looking at the men of this Assembly, we ought to be moved in sympathy to pray for the people of the State, let us in dead earnestness, as we look at the people, be moved to pray for their elected representatives. So much is expected; so many and strange demands are made. How can one man represent diverse elements, or be responsible for opposing interests, or agree to demands for which there is no money? Give to those who are thus called to do the impossible, spiritual graces unlimited and unending, through Jesus Christ, our Lord.—AMEN.

## REQUEST FOR UNANIMOUS CONSENT TO PRINT IN JOURNAL

## OPINION OF LEGISLATIVE COUNSEL RELATIVE TO ASSEMBLY BILL NO. 419

STATE OF CALIFORNIA
OFFICE OF LEGISLATIVE COUNSEL
SACRAMENTO, March 31, 1959

*Hon. Joseph C. Shell*
*Assembly Chamber*

*Assembly Bill No. 419: Labor Organization Representation—No. 11378*

*Question*

DEAR MR. SHELL: You have asked if the provisions of Assembly Bill No. 419, as amended in Assembly March 10, 1959, would prevent the courts from enjoining, on the petition of the employer involved, unlawful mass or violent picketing or picketing for an unlawful objective when such picketing is done by only one labor organization in connection with a claim by the labor organization that it represents a given unit of workers.

*Opinion*

We are of the opinion that the provisions of Assembly Bill No. 419 would not prevent the courts from enjoining any picketing that is presently unlawful on the petition of the employer involved, when such picketing is done by only one labor organization in connection with a claim of representation of a given unit of workers where no other labor organization has been previously certified by the department as the exclusive representative of such workers.

*Analysis*

Briefly, the provisions of Assembly Bill No. 419, as amended March 10, 1959, provide a system whereby a labor organization claiming to

represent a unit of workers may petition the Department of Industrial Relations to have the department hold an election to determine if such workers desire to have that labor organization represent them, and if the department determines that an election would be appropriate, to conduct such an election. If a majority of the workers vote in favor of the labor organization, the department certifies that organization as the exclusive representative of that unit of workers (Secs. 1139 to 1142,* incl.).

The bill states that such certification by the department shall have two results:

(1) The department is foreclosed, for at least one year, from considering a petition from another labor organization, claiming that that labor organization does or should represent that unit of workers; and

(2) It prohibits, for at least one year, any other labor organization from engaging in striking, picketing or boycotting the employer for the purpose of obtaining a contract, obtaining recognition, or for the solicitation of members with respect to the workers in that designated unit of workers (Sec. 1142).

We find nothing in these provisions which purports to either prevent or allow the courts to enjoin, on the petition of the employer involved, picketing of the type which has been declared to be unlawful in the cases of *Garmon* v. *San Diego Building Trades Council,* 49 Cal. 2d 595; *Southern California Iron and Steel Co* v. *Amalgamated Assn. of Iron, Steel and Tin Workers,* 186 Cal. 604; *Steiner* v. *Long Beach Oil Workers,* 19 Cal. 2d 676, when such picketing is done by only one labor organization in connection with a claim of representation where no other labor organization has been previously certified by the department.

Assembly Bill No. 419 also provides a system for the arbitration and mediation of jurisdictional strikes which are defined as any concerted refusal to perform work for an employer or any striking, picketing, boycotting or work stoppage arising out of a controversy between two or more labor organizations as to which of them has or should have the exclusive right to have its members perform work for an employer. Since the question states that there is only one labor organization claiming to represent the designated unit of workers, the provisions of Assembly Bill No. 419 relative to jurisdictional strikes would not be applicable.

Other than the provisions relating to jurisdictional strikes and those relating to the procedure of certifying a labor organization as the exclusive representative of a given unit of workers, the only remaining provisions of Assembly Bill No. 419 which could affect the ability of a court to enjoin the type of picketing found in the question are Sections 1145 and 1146.

Section 1145 reads as follows:

> "The provisions of this chapter shall be exclusive with respect to the establishment and determination of all rights, duties and remedies concerning representation and claims to jurisdiction and nothing in this chapter shall be deemed to authorize any action in any court or administrative agency of this State, other than as provided herein * * *"

* Section citations refer to sections of the Labor Code as proposed to be added by Assembly Bill No. 419.

If this section is construed to mean that an employer shall have only those remedies provided for by the bill in all situations relative to representation and claims to jurisdiction, then the courts would not be able to grant an injunction to prohibit such picketing on the petition of the employer where there is no jurisdictional strike or where no other labor organization has been previously certified as the exclusive representative of that unit of workers by the department pursuant to the provisions of the bill, as these are the only two areas in which a remedy is provided by the bill. It is, however, our opinion that Section 1145 is not to be construed in this manner, but rather that Section 1145 is to be construed as meaning that where there is a jurisdictional strike situation or where another labor organization has been previously certified by the department as the exclusive representative of that unit of workers pursuant to the provisions of the bill, and which certification is still in effect, the provisions of the bill shall be exclusive with respect to the determination of all rights, duties and remedies concerning representation and claims to jurisdiction, and is to be construed as not being exclusive in all other situations. We feel that this conclusion is supported by two factors. First, Section 1139, in providing for the initiation of the election and certification procedure, states:

> "If a question of representation exists, any labor organization * * * *may* file a representation petition * * *" (Emphasis added.)

It is our opinion that the use of the permissive word "may" rather than the mandatory "shall" indicates that the election and certification procedure is not to be the sole way in which questions of representation may be determined in a nonjurisdictional strike situation. This is further borne out by a second factor which is Section 1146, which reads, in part:

> "* * * Subject to the prohibitions and provisions above set forth the provisions of this chapter shall not be interpreted or applied to restrain, prevent, or interfere with the rights of labor organizations to negotiate terms or conditions of labor or employment with employers or to engage in concerted activities for collective bargaining, solicitation of membership, advertising wages, hours, hours and working conditions, or any other mutual aid or protection."

It is our opinion that these two factors indicate that the election and certification procedure is not to be the sole method for determining claims of representation in the nonjurisdictional strike situation, but rather that such procedure is one method that a labor organization may use to establish its claims to represent a given unit of workers, leaving the organization free to pursue any other methods, such as picketing, striking and boycotting, as such labor organizations presently lawfully engage in. It should be noted here that this is not to be construed as meaning that a labor organization may engage in any form of picketing which is presently unlawful under the law. Thus it is our opinion that Section 1145 is not to be construed as meaning that the provisions of the bill are exclusive in all situations involving

claims of representation and jurisdiction, but rather they are exclusive only where there is a jurisdictional strike or where another labor organization has been previously certified by the department as the exclusive representative of that unit of workers pursuant to the provisions of the bill, and which certification is still in effect. It follows therefore, that if the provisions of the bill are applicable and exclusive only in these two situations, the remedies provided for in the bill are likewise applicable and exclusive only in these two situations.

Thus Section 1145 would not, in our opinion, affect the ability of a court, upon the petition of the employer involved, to enjoin unlawful mass or violent picketing or picketing for an unlawful objective when such picketing is done by only one labor organization in connection with a claim of representation of a given unit of workers where no other labor organization has been previously certified by the department as the exclusive representative of such workers.

Very truly yours,

RALPH N. KLEPS, Legislative Counsel

### PRAYER

Quorum present.

*Great and Good God*, Let no one consider himself good merely on the basis of things he does not do, for that is only to be good for nothing. To be good for something, on the basis of deeds done, that is our prayer today. Grant us a goodness which breaks out into kindness; a courage which scorns the risk of criticism; a faithfulness to duty which enables us to be effective. Make us to be salty characters, something like those whom Jesus described as "the salt of the earth," and let there be such light in the lives of those assembled here that we may merit His further word, "Ye are the light of the world."—AMEN.

## REQUEST FOR UNANIMOUS CONSENT TO PRINT IN JOURNAL

Mr. Don A. Allen was granted unanimous consent that the following memorandum be ordered printed in the Journal:

### MEMORANDUM

**By Don A. Allen, Sr., Assemblyman, 63d District**

April 20, 1959

During the past year, it was my good fortune to have been a participant in a training course for high-level management analysts. The panel consisted of 30 members: attorneys, controllers, personnel directors, auditors, general and plant managers.

One of the principal subjects under study was the effect of legislative and governmental decisions or regulations and their impact on the general welfare of the State.

All of the study data was taken from printed records obtained from the various state agencies. Therefore, the subjects to follow were only cursory and partial and have as their purpose further suggested interim study by the proper committees of either house of the Legislature.

Some of the material studied at that time is attached, because I felt it might be of reference interest to all members. From these exhibits many of the following questions were brought forth, which I shall discuss from the field notes:

The first exhibit shows the number of bills introduced from 1899 to the present date in both houses of the Legislature. It also shows the action of the Governor and the final disposition. (It does not deal with the voluminous amount of house resolutions, joint resolutions, or constitutional amendments.)

It is interesting to note the relationship of the number of bills introduced showing their impact over the control of the cost of government.

During the checking process, the results showed that a great majority of these bills called for new services of one form or another, imposing the cost on either state or local government. Too often, many of the costs were hidden and could only be found by implication.

Many of the bills created functions to deal with a temporary situation only. However, once having been activated, many of them remain. It was believed by many of the panel members that it is due to this method that a great deal of unnecessary governmental activities are still being performed and growing.

Many of the participants on the panel believed that, through this method, many governmental functions are sold to the public by empire-building bureaucrats. It was the feeling of all that here is a fertile field for a realistic study by a committee or committees.

In previous years, many of the bills were introduced in behalf of industry, labor, and the general public, as a result of some need for correction or clarification.

Comparisons in this field brought to light a new trend in the type of legislation being introduced in the past few sessions of the Legislature. Most of it appears to be introduced in behalf of or through the various governmental agencies.

Various estimates were made. Such estimates have been as high as 96 percent coming either from city, county, school board levels, or from departmental heads of the State Government.

It was estimated by a large percentage of those on the panel that less than 3 percent of the legislation of the last three sessions was introduced by business, labor, professions, or the general citizenry.

The addition of new and novel duties, of the changing of methods that has taken place within the legislation introduced in recent years, imposes a tremendous amount of extra costs upon business within this State, in addition to the taxes collected.

Another marked phase is the defensive positions that labor, management and the professions now find themselves in. Many of the laws being advocated are unquestionably presented by many of the department heads of several governmental agencies seeking more and more control over business, labor, and others.

It was the feeling that sooner or later the millennium would arrive; that labor and management would find themselves hand in hand as allies fighting for their very lives within this State. One very blunt member had this to say: "The end result will find the State with one hell of a lot of tax-deeded industrial properties on its hands one of these days."

Many of the panel members are active in the field of wage administration, or in the managerial field in one way or another. They were quick to note the tremendous rise in the number of state employees since 1935.

Serious study and attention should be directed to this rapid growth, especially over the past five years. Immediate attention must be directed to the projected amount of employees for the next two years.

It was felt that the acquisition of these employees had been so greatly accelerated that their introduction into the tables of organization of the State Government was not conducive to real efficiency. It was felt that the training programs within the State, such as those that were examined briefly, were not sufficient in their scope to properly train and obtain the most efficient results from these employees.

The wage structure of the State was examined. Its five-range program raised many questions. While its original intent was to furnish some sort of incentive, it appeared to work in the reverse. Most state employees are hired on the first step or range, which is 11 percent below the prevailing wage. After one year's service, the employee reaches the second range, which is 5½ percent below the prevailing wage. Artisan classes have four ranges. The third step or third range is actually the prevailing wage, occurring after three years of service.

This brought about a discussion as to whether or not, under the present and past competition for skilled workmen, the State actually recruited the top-flight employee.

It was the unanimous opinion that, while it had for its purpose, no doubt, some compensation for training, this method of compensation did not accelerate rapidly enough; the step raises were automatic and certainly not merit.

It was the feeling that this method of hiring would pick an employee's pocket for the first two years. The end result could well be that when the employee finally reached the prevailing wage, he might become a malcontent. To the extent that when he went into the final two steps (5½ percent the fourth year and to a full 11 percent above the beginning rate after the fifth year, this might well result in a payment on inefficiency.

It appears to defeat its original intent of serving as an incentive. This should call for a thorough study by proper committees.

A considerable portion of the study and discussion was devoted to the structure of the Legislature itself. The panel quickly noted the rapid turnover of membership in the Assembly, while the length of service in the Senate appeared to be longer. This can be noted from the attached charts over the last 20 years, 1939 to 1959. Studies made from 1899 to 1938 show the turnover in the Assembly and the Senate was considerably slower during that period.

During the past 20 years, the attached exhibits show that the membership of the Assembly changes almost once every five years. That the membership of the Senate has turned over two and one-half times during the same period.

The record taken from the 1959 Handbook shows the length of service of the Assembly. Forty-four members have four or less years of service, or there are 64 members with 10 or less years of service. Sixteen members have from 12 to 24 years of service. (Note the attached chart showing distribution.)

The record of turnover occurring in the Assembly shows two distinct phases. The most serious phase, is the overwhelming majority that have

quit. Most of these voluntary separations occur after one or two terms. In the main, most of those former members interviewed stated their reason for quitting was a matter of personal economics.

Secondary, the search of its membership for other political office. Over the past 20 years, 15 Members of the Assembly have been elected to the United States Congress. Approximately 20 members have received other elective positions. Five have been elected from the State Senate.

While the turnover in the Assembly has been quite rapid, the record plainly shows it has not been due to defeat of former members.

Only 15 Members of the present Assembly were elected to this body by defeating incumbents. Six of those occurred this last election. Sixty-five of the present Members of the Assembly were elected to fill vacancies caused by one form or another, other than the defeat of the incumbent.

Due to the inclination of Senators to serve longer periods of time, their compensation being the same as Members of the Assembly, the question was raised as to whether or not the four-year term was a factor.

This led to a discussion of the possibility of a state election being held wherein all elective state officers would appear on the ballot simultaneously. It would provide for the election of the Governor, Controller, Secretary of State, Treasurer, 40 Members of the Senate, and the 80 Members of the Assembly. Whether or not any savings could be had under this method was problematical. However, it is worthy of consideration.

Many advantages of the four-year term were discussed. Some of the major advantages appeared to be the elimination of the constant campaigning by Members of the Assembly. It was felt that the great number of bills introduced in the past were for the purposes of publicity.

Then, too, it would resolve a possible conflict between the Senate and the Assembly by precluding any opportunity for a so-called "free ride" by any Member of the Assembly to oppose a Senator because all would have to seek re-election at the same time. It would also separate the state elections from the national elections, with some notable exceptions.

One of the most challenging suggestions made during this discussion (if a four-year term were to be adopted), was the possibility of a general law session on the odd-numbered years. The method suggested would provide for a bill introduction period of 60 days, prohibiting skeleton measures.

The Legislature would recess for a period of 60 days. The then constituted committees would thereafter hold meetings throughout the state in major populated areas. The bills being the complete property of the House, it would then be the duty of the chairman to set all bills. It would be the duty of each author to present his bill before each audience.

It was felt that this would eliminate some of the old perennials that have haunted the Legislature for years. After such hearings, all findings and reports would be made to the Legislature. This would give real meaning to the committee system.

This idea was projected by two of the members of the panel only. It is the feeling of this writer that it would be a traveling carnival. However, others may have different opinions.

The 30 members of this group concurred without question that immediate and conclusive steps should be taken to first resolve the question of a full- or part-time legislative body.

They view this Legislature as a board of directors of a two billion-dollar-plus corporation. They were appalled at the tremendous turnover of the membership, especially as it occurs in the Assembly. The question was frequently asked, "What would be the dire results to any private corporation if such a turnover of its policy-makers was similar to that of the State?"

On the matter of compensation, the panel found, by comparison, the net salary of the present Legislature was below that paid to the members of the territorial Legislature 110 years ago.

Further comparisons showed that the City of Los Angeles pays the Foreman of Dogcatchers $677 per month, Streetsweeper (Motor) $545 per month, while Assemblymen and Senators receive $500 per month.

For the sake of re-emphasis, it was the feeling of the panel that, first, a determination must be made as to whether or not the Legislature should be full- or part-time.

If it is to be full-time, compensation should be fixed, carefully taking into consideration the sacrifice of private practice and business. If it is to be part-time, such considerations must also be made.

While the Mangore Study that was made by the Citizens' Advisory Committee, was the first known study made of the Legislature and was considered good in the direction it took, however, it was felt that it was not all-inclusive.

It should be followed by a full and comprehensive study for comparative evaluation by another agency. Such firms as E. O. Griffinhaugan and Associates, and other nationally known firms were discussed.

It was recommended that one of these firms be engaged forthwith. This should be done while the Legislature is actually in session, so that time and motion studies could be made first-hand and on the ground floor.

As I stated in the beginning of this memorandum, these are some of the questions raised by others. It is my purpose in submitting them to you that if, in your opinion, something should be done about it, it is up to you. If not, I still hope that some of the exhibits can be used by you to a good advantage.

Respectfully submitted,

DON A. ALLEN, SR.
Assemblyman, 63d District

## REQUEST FOR UNANIMOUS CONSENT TO PRINT IN JOURNAL

Mr. Biddick was granted unanimous consent that the following opinion of the Legislative Counsel be ordered printed in the Journal:

## OPINION OF LEGISLATIVE COUNSEL RELATIVE TO ASSEMBLY BILL NO. 29

STATE OF CALIFORNIA
OFFICE OF LEGISLATIVE COUNSEL
SACRAMENTO, April 23, 1959

*Hon. William Biddick, Jr.*
*Assembly Chamber*

**Assembly Bill No. 29: Church Exemption—No. 12874**

*Question*

DEAR M. BIDDICK: You have asked whether Assembly Bill No. 29, as enacted, and now Chapter 25 of the Statutes of 1959, is constitutional.

*Opinion*

It is our opinion that the bill is constitutional.

*Analysis*

Assembly Bill No. 29, as enacted, amends Section 262 of the Revenue and Taxation Code to require the cancellation or refund of any tax, or penalty or interest thereon, for any fiscal year commencing in 1958 on property as to which the "church exemption" for such fiscal year was available.

The "church exemption" is granted by Section 1½ of Article XIII of the State Constitution with respect, generally, to property used solely and exclusively for religious worship.

In addition to the requirements set forth in Section 1½ of Article XIII for the application of the exemption, the Legislature has prescribed as an additional condition for its obtainment, the filing of an

affidavit between noon of the first Monday in March and 5 p.m. of the last Monday in May, showing compliance with the section (R. & T C. 254, 255, 260).

It appears from the statement of facts in the urgency clause of the bill that the bill was enacted in order to extend the benefits of the church exemption to churches which inadvertently failed to file the affidavit in support of the exemption for a fiscal year commencing in 1958 within the time allowed.

Inasmuch as taxes have already become due and payable for the Fiscal Year 1958-59, it might be contended that the bill violates the gift prohibition in Section 31 of Article IV of the State Constitution. This contention, however, could be met on the ground that the bill serves a public purpose in providing for a cancellation or refund.

Legislation which serves a public purpose is not inconsistent with the gift prohibition in Section 31 of Article IV (see *County of Los Angeles* v. *Jones* (1936), 6 Cal. 2d 695, 704-707; *County of San Diego* v. *Hammond* (1936), 6 Cal. 2d 709, 720-727; and *California Employment Stabilization Commission* v. *Payne* (1947), 31 Cal. 2d 210, 216-217).

The very fact that the church exemption is granted by the Constitution is evidence that it serves a public purpose.

It seems to us that it is equally consistent with the Constitution to grant the exemption retroactively, which is the effect of Assembly Bill No. 29, as it is to grant it prospectively, as normally. The more so when it is considered that nothing more would thereby be relinquished than would have been in the first instance, and that the effect is like treatment for all taxpayers similarly situated (see *Gartner* v. *Roth* (1945), 26 Cal. 2d 184, 189-190; *Allen* v. *Franchise Tax Board* (1952), 39 Cal. 2d 109, 112-113).

Thus we are of the opinion that Assembly Bill No. 29 as enacted is constitutional.

Very truly yours,

RALPH N. KLEPS, Legislative Counsel
By EDWARD F. NOWAK, Deputy

"SECTION 1. Section 5304.5 of the Agricultural Code is amended to read:

5304.5. Within 45 days after the effective date of this chapter, the director shall prepare a list of producers. To enable the director to prepare an accurate list, the director is authorized to require all buyers, receivers or other handlers of such products to file with him the correct names and address of all producers from whom they bought, received or handled such products during the preceding calendar year. The

director shall also issue press releases for state circulation requesting all producers who market their own production to file their names and addresses with the director, and the director shall include the names of any producers so received upon the list.

From the reports filed by buyers, receivers and handlers and from the other sources specified in this section, the director shall prepare a list of producers and, for the purposes of carrying on the assent procedures required in this act, such list shall constitute a complete and conclusive list of producers in this State.

When such list has been prepared, the director shall prepare and mail to all producers a ballot form and summarization of the provisions of this chapter and its intents and purposes, together with a self-addressed stamped envelope.

Should less than 51 percent of such ~~total number of~~ producers *who return ballots* fail to assent, the director shall not proceed under this chapter. Such failure shall not preclude the circulation of a new summarization and a new ballot at some future time as deemed appropriate by the director; provided, however, that if the promotion program authorized by this act is not activated prior to January 31, 1961, this entire chapter shall expire and automatically stand repealed. SEC. 2. This act is an urgency measure necessary for the immediate preservation of the public peace, health and safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The public peace, health and safety are dependent upon the establishment of sufficient courts for the convenient and timely administration of justice. County officers, and judges of the superior courts, are charged with the responsibility of providing the most reasonable and efficient facilities and personnel possible for the efficient and timely administration of justice within their respective counties, consistent with their responsibility to the electors and taxpayers thereof for the costs thereof. The solution of these problems is very complex and difficult in the counties affected by this act, because of the tremendous influx of population and the accelerated growth and development therein. Satisfactory solution of these problems in such counties cannot be effected without the benefit of the final action of the Legislature on legislation being considered at this session of the Legislature affecting the jurisdiction and sessions of the superior court, the jurisdiction and abolition of courts inferior thereto, the officers and attaches thereof, and other legislation affecting such courts and the costs of maintenance thereof."

Mr. Ernest R. Geddes was granted unanimous consent that the following Report of the Subcommittee on Assembly Bill No. 1000 be ordered printed in the Journal:

### REPORT OF THE ASSEMBLY COMMITTEE ON EDUCATION SUBCOMMITTEE ON ASSEMBLY BILL NO. 1000

Wednesday, April 22, 1959

*Honorable Members of the*
*Assembly Committee on Education:*

During the April 1 double session hearing on Assembly Bills Nos. 1000 and 1195, a number of amendments were offered to Assembly Bill No. 1000. Since these amendments were substantive and proposed both fiscal and policy changes they were referred to your subcommittee appointed by the Chair. Assembly Bill No. 1195, which is a bill continuing in effect the provisions of Assembly Bill No. 3045 which expire June 30, 1959, was also referred to this subcommittee without amendments.

Your subcommittee reports as follows:

Three hearings were held and careful consideration given to the subject matter. Various interested persons were heard as well as representatives of the Department of Education and the Department of Finance.

Our recommendations are:

That Assembly Bill No. 1195 be referred back to committee and held on file in order that it may be available should Assembly Bill No. 1000 fail to secure legislative approval.

That the revised amendments to Assembly Bill No 1000 be adopted and the bill, as amended, be re-referred to Ways and Means Committee.

The above recommendation is the summary of amendments referred with Assembly Bill No 1000 for study and action taken

The following amendments were referred to the subcommittee for study with the bill by the Education Committee:

Amendment No. 1, by Mrs. Davis
Provides that no change be made in the present formula affecting grants from Federal Government on Federal Forest land.

Amendment No. 2, by Mr. Porter
Provides that amount provided by State Department of Education be increased by $10 for basic and equilization aid.

Amendment No. 3, by Mr. Porter
Provides that the present formula with respect to Public Law 874 money be retained rather than formula recommended by State Department of Education.

Amendment No. 4, State Department of Finance
These amendments would reduce the amounts proposed in various sections of the bill as proposed by the State Department of Education to amounts recommended by the Governor with the raising of A. D. A. basic aid to the constitutional amount of $120 for Adult Education.

With respect to the above amendments, the subcommittee recommends against Amendment No. 2, by Mr. Porter, which would increase the total allocation by $10 per A. D. A.

It is also recommended that Amendment No. 4 be modified to accomplish the following:

(1) No change in the present formula for treatment of Federal Aid money, Forest Land or P.L. 874 and miscellaneous income.

(2) Modification of the Department of Finance proposed amendments to provide that no district shall receive less allocation for adult education than under present law.

(3) That the proposed amendments of the Department of Finance as modified by the above be adopted.

(4) That a further amendment be adopted making it permissive for a district to make a uniform charge for adult education courses for those not presently exempted by law rather than charges in individual cases which present a serious accounting problem.

It is further recommended that the problem of the distribution of federal funds and miscellaneous income be made the object of an interim study and, also, a like study be made on the overall effect of the support of adult education on the finances of the districts affected.

Your subcommittee recommends that the proposal to lengthen the school year and the method of calculation of A. D. A. allocations as proposed by the State Department of Education be studied by an interim committee. In making this recommendation we point out that in Assembly Bill No. 1000 as originally submitted it is not proposed that this change in the law become effective until 1960 This subject has a direct relation to greater utilization of school plant but an analysis of the impact on each school district must be studied as well as the increased cost, not only to the State, but to local taxpayers.

Your subcommittee appreciates the faithful attendance of Dr. Wallace Hall of the Department of Education and Mr. Roy Bell of the Department of Finance and their staff members who assisted. We also express apreciation to Mr. Kunzie from the Office of the Legislative Counsel and to Mr. Sexton, our committee consultant, and Miss Hansen, our efficient secretary.

As chairman of the subcommittee, I personally wish to thank the members, Miss Donahoe and Mr. Collier, Mr. Hanna and Mr. Winton for their faithful attendance, which was often under the trying circumstances of short lunch hours and conflict with other committees. On their behalf, I respectfully submit this report.

ERNEST R. GEDDES
Chairman, Education Subcommittee on
Assembly Bill No. 1000

### Explanation of Vote on Assembly Bill No. 1425

In my opinion Assembly Bill No. 1425 is loosely drawn and might be interpreted to make even simple negligence a misdemeanor. Agreed that the reports required under the bill should be made, but it seems to me that the penalty for failure to do so should be no more than grounds for dismissal from state service.

DEPARTMENT OF AGRICULTURE
WASHINGTON, D. C., April 23, 1959

*Mr Arthur A. Ohnimus*
*Chief Clerk, Assembly*
*California Legislature*
*State Capitol, Sacramento*

DEAR MR. OHNIMUS: This will acknowledge receipt of your letter of April 7, 1959, transmitting a copy of the Assembly Joint Resolution No 9 adopted by the California State Legislature on March 25, 1959, relative to public inspection of crop allotment records in the State of California.

Our general policy is to make all records, not required by law to be kept confidential, available for inspection in each ASC county office. In some cases, however, the information is not made public until after a stated time. For example, the amount of any payment or loan to a farmer is not made public until 30 days after the amount has been received by him.

The basis for determining which acreage allotment and marketing quota records may be made public is contained in the Agricultural Adjustment Act of 1938, as amended. In this connection, Section 362 of the act provides in part as follows:

"All acreage allotments, and the farm marketing quotas established for farms in a county or other local administrative area shall, in accordance with regulations of the Secretary, be made and kept freely available for public inspection in such county or other local administrative areas."

Section 373 (c) of the same act provides:

"All data reported to or acquired by the Secretary pursuant to this section shall be kept confidential by all officers and employees of the Department, and only such data so reported or acquired as the Secretary deems relevant shall be disclosed by them, and then only in a suit or administrative hearing under this title."

Section 344 (j) of the same act provides:

"Notwithstanding any other provision of this Act, State and county committees shall make available for inspection by owners or operators of farms receiving cotton acreage allotments all records pertaining to cotton acreage allotments and marketing quotas."

In formulating our regulations on availability of allotment records, we have complied with the above-cited provisions The acreage allotments and marketing quotas established for each farm are available in ASC county offices to anyone; all records pertaining to cotton acreage allotments are available to cotton farmers; but other records acquired in connection with the administration of acreage allotment and marketing quota programs are available only in a suit or administrative hearing with respect thereto.

Sincerely yours,

MARVIN L. McLAIN, Assistant Secretary

The following letter of transmittal was presented by the Chief Clerk, and ordered printed in the Journal:

WHEREAS, Disneyland has indicated a desire to assist in rapid transit and smog problems, and

WHEREAS, The use of the monorail system of transportation as an aid to solving the rapid transit problems of the State's metropolitan areas is worthy of study by the Legislature; and

WHEREAS, Invitations have been issued by Disneyland to the Legislature to view and inspect the monorail system prior to the time when it goes into operation at a time when international engineers are available to explain the mechanical operation of the system, now, therefore, be it

**House Resolution No. 220**

Relative to the solving of the water problems of the East Bay area

WHEREAS, The increasing population and the rapidly expanding economy of the East Bay area of the State require additional water supplies to meet its needs; and

WHEREAS, The East Bay Municipal Utility District, a public service agency, had for many years made plans for the transport of these needed water supplies from the watershed of the Mokelumne River within the Counties of Amador and Calaveras, and had requested the State of California to assign to it certain state filings on these waters; and

WHEREAS, In their best judgment and in the interests of their citizens, these counties and the County of San Joaquin engaged in litigation to forestall the assignment of state filings to the East Bay Municipal Utility District until such time as the counties could be assured that the interests of their citizens and their own economies were properly and adequately protected; and

WHEREAS, By mutual agreement the East Bay Municipal Utility District and the counties have provided that the East Bay Municipal Utility District grant to the Counties of Amador and Calaveras each the sum of two million dollars ($2,000,000) to be used for the future development of water supplies in these counties, and the State reserve to these two counties certain amounts of water for the beneficial use within these counties, and has assured the County of San Joaquin an adequate supply of water; and

WHEREAS, As a result of this mutual agreement, the counties have dismissed their litigation, thus enabling the East Bay Municipal Utility District to proceed with its plan for meeting the needs of the communities it serves; and

WHEREAS, The State Director of Water Resources at all times extended his advice and co-operation to all parties and approved the agreement which was reached, and

WHEREAS, The arrangement meets the needs of the counties of origin as well as those of the area needing and additional water supply without recourse to legislation or the use of state funds or credit, thus establishing a pattern for mutual co-operation in the development and utilization of the State's water resources; now, therefore, be it

*Resolved by the Assembly of the State of California*, That the Counties of Amador, Calaveras and San Joaquin, the East Bay Municipal Utility District and the State Director of Water Resources be commended for their diligence, patience and success in the settlement of the problem presented, and their great contribution to the public interest in making possible the development of these water resources to serve the needs of the counties wherein the water originates and those essential to the further development of the area served by the East Bay Municipal Utility District; and be it further

*Resolved*, That the Chief Clerk of the Assembly is directed to transmit copies of this resolution to the Counties of Amador, Calaveras and San Joaquin, the East Bay Municipal Utility District and the Director of the State Department of Water Resources.
