LEGISLATIVE INDEX TO BILLS, CONSTITUTIONAL AMENDMENTS, JOINT AND CONCURRENT RESOLUTIONS AND HOUSE RESOLUTIONS

PREFACE

INDEX

The index indicates the subject of each bill, constitutional amendment, concurrent or joint resolution as introduced and as amended. Entries are not removed from the index when subject matter is deleted from the measure in course of passage.

The index also indicates the subject of each house resolution as introduced. House resolutions are indexed under "House Resolutions" or "Senate Resolutions."

TABLE

The table shows each section of the Constitution, codes and uncodified laws affected by measures introduced in the Legislature. It may be used in two ways:

1 As a means of locating measures where the section of the Constitution, code or law is known.
2. To locate measures upon a particular subject, by using a published index to the codes and laws, such as Deering's General Index, Larmac's Index to California Laws, and West's General Index, to locate the existing sections, and then by using this table to locate the measures which affect those sections

The table is arranged by codes and the Constitution listed in alphabetical order. Uncodified laws are listed at the end of table under the heading "Statutes Other Than Codes," and are cited by year and chapter.

A. C. Morrison
Legislative Counsel

40A—L-3484
