OPINION OF LEGISLATIVE COUNSEL

STATE OF CALIFORNIA
OFFICE OF LEGISLATIVE COUNSEL
SACRAMENTO, May 9, 1963

Hon W Byron Rumford
Assembly Chamber

Assembly Bill No. 1240—No 17392

Question

DEAR MR RUMFORD Your question relates to Assembly Bill No 1240, as amended April 23, 1963, which, generally speaking, would prohibit

certain discrimination in housing and vest certain enforcement powers in the State Fair Employment Practice Commission

You ask Would the bill make it a misdemeanor to willfully interfere with the commission in the exercise of its powers under the bill or to willfully violate an order of the commission made under the bill?

Opinion

We do not believe the bill would be held to have this effect

Analysis

As introduced, the bill contained a penal provision, which read as follows

> "35732 Any person who shall willfully resist, prevent, impede or interfere with any member of the commission or any of its agents or agencies in the performance of duties pursuant to this part, or who shall in any manner willfully violate an order of the commission, shall be guilty of a misdemeanor, punishable by imprisonment in a county jail, not exceeding six (6) months, or by a fine not exceeding five hundred dollars ($500), or both."

This provision was deleted from the bill by an amendment thereto April 23, 1963

It is true that the bill, as last amended, does contain provisions (1) that the Fair Employment Practice Commission may proceed upon complaints filed with it under the bill "in the same manner and with the same powers" as provided in the California Fair Employment Practice Act (Pt 4 5 (commencing with Sec 1410), Div. 2, Lab C) for unlawful employment practice cases, and (2) and that the provisions of that act "as to the powers, duties and rights of the State Fair Employment Practice Commission, its chairman, members, attorneys, or agents, the complainant, the respondent, the Attorney General, and the superior courts" shall apply under the bill (new Sec 35731, H & S C)

The question presented is whether these provisions of the bill, by incorporating by reference certain parts of the California Fair Employment Practice Act, make applicable to cases under the bill Section 1430 of the Labor Code, which is part of that act and which provides·

> "1430 Any person who shall willfully resist, prevent, impede or interfere with any member of the commission or any of its agents or agencies in the performance of duties pursuant to this part, or who shall in any manner willfully violate an order of the commission, shall be guilty of a misdemeanor, punishable by imprisonment in a county jail, not exceeding six (6) months, or by a fine not exceeding five hundred dollars ($500), or both "

We do not believe that a court would construe either of these provisions (new Sec 35731, H & S C) as making Section 1430 of the Labor Code applicable to cases under the bill. One provision refers to

those sections of the California Fair Employment Practice Act which relate to the manner in which, and the powers with which, the commission is authorized to proceed. The other provision refers to those sections of that act which relate to the "powers, duties, and rights" of the various listed persons and agencies Section 1430 of the Labor Code, which relates to the criminal liability of persons interfering with, or violating the orders of, the commission, would not, we feel, be held to come within either of these categories. It might be argued that Section 1430 relates to the implied negative "duty" of persons against whom complaints have been filed to refrain from interfering with the commission or violating its orders But we feel that this would be a strained construction of the language in question, and that a court would hold that the Legislature, if this had been its intent, could have specifically referred to those sections of the California Fair Employment Practice Act prescribing the criminal penalties of respondents in actions under that act Moreover, we feel that the amendment of April 23, 1963, which deleted the penal provision from the bill, would be held to reflect a legislative intent consistent with this conclusion; that is, that the bill should not be construed as making the penal provision of the California Fair Employment Practice Act applicable to cases under the bill.

Very truly yours,

A. C. MORRISON,
Legislative Counsel
By RONALD W. TOCHTERMAN,
Deputy Legislative Counsel

God, Our Loving Father, As in our Country and throughout the world, there are so many potential eruptions which would engulf us in conflict, give us cool heads and warm hearts as we face our daily decisions Take from us a parochial complex and may we see we are all closely related on this little planet and our actions or indifference to act have world implications Keep us from frustration at the many decisions to be made, and calmly may we continue to act within our strength and judgment

We ask Thy divine presence to sustain our friends the Pattees May they and we have such an adequate philosophy and faith that the crises of life never thwart but only more certainly draw us within Thy divine orbit of everlasting love

We pray in our Lord's name —AMEN

May our expanded knowledge give us not pride but greater humility as we contemplate the distance we travel in space compared to the slow progress we make in

human understanding Thou alone knowest how much easier it is to guide a missile than a man May we see that the greatest advances need now to be made in the field of human brotherhood and love for all mankind

We are grateful that we live in a universe which has at its center not a formula but a person Forgive us for doubting Thy love for us when we can hear a heartbeat in outer space —AMEN

'SECTION 1. Section 14128.1 is added to the Education Code, to read

14128.1. Whenever the board determines that payments to a member who has applied for retirement, and who has expressed an interest in an option but has not made his final election as outlined in Sections 14363 and 14364, cannot be made *until after the first day of the month following that month for* which such payments are due, the board may present claims for advances on retirement allowances which would normally be due a retired member of the system estimated on preliminary information in the possession of the board, and the State Controller shall draw warrants in payment of such claims. If the member has expressed an interest in Option 2 or Option 3, the advance payment shall be in the amount of the monthly payment due on the assumption that the member had elected to modify his allowance under Option 2.

Any loss incurred in connection with an advance payment shall be a charge against the fund from which the payment was derived. Such advances to an individual may not be made in excess of the amount of Permanent Fund contributions and accumulated Retirement Annuity Fund contributions credited to his account and shall be a lien on said contributions until otherwise accounted for.

If a member receiving payments under this Section has made an election of Option 2 or Option 3, and dies after 30 days from the date such election is received in the retirement office in Sacramento, the member shall be considered as a retired person on the date of death and his beneficiaries shall be entitled to the benefits provided in this chapter for payments ordinarily due on account of the death of a retired person. In the event of the death of a person receiving payments under this section who has not made such an election of Option 2 or Option 3, or if death occurs within 30 days from the date of filing such an election, the person shall be considered as an active member on the date of death and the benefits *payable to beneficiaries, or to other persons as prescribed by law, shall be in the* amounts which are ordinarily payable upon the death of an active member.

Warrants drawn pursuant to this section shall not be considered as warrants drawn in payment of retirement allowances pursuant to the provisions of Section 14363, and the member may make a final selection of an option following the mailing of warrants drawn pursuant to this section if the member does not make his final election of an option within 30 days of the date of mailing by the board of a notice containing information on the prospective modified benefits as requested by the member, payments under this section shall be terminated.

If any such advances are more or less than the correct amount due to the member or beneficiary of the member receiving the advances, the difference between such correct amount and the advance shall be adjusted in subsequent payments to such retired member or beneficiary, or the State Controller may state an account with the member or beneficiary, pursuant to Government Code Section 12419.

SEC. 2. This act is an urgency measure necessary for the *immediate* preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

There are approximately 260,000 members of the State Teachers' Retirement System and a considerable number of teachers will retire at the conclusion of the current school year ending in June 1963. Since many of these teachers will consider the election of optional settlements it is necessary that this measure take effect immediately so that the increased responsiveness of the system to the needs of retiring members will be available for these teachers."

PRAYER

Eternal God, We thank Thee for the privilege of living in these days although they oscillate between the possibilities of a fuller life or extinction Save us from living small and sheltered lives in these expanding times May we see it is not merely what

we do and accomplish, but what we identify ourselves with that leaves the deepest footprint May we not be content in winning little issues when we should face the challenge of losing, but for great issues. Give to these, Thy servants, eyes seeking the right pathway, ears which hear evidence impartially, minds which evaluate accurately and seek truth tenaciously. Equip them morally and spiritually for meeting the challenge of this hour

In our Lord's name —AMEN.

MESSAGES FROM THE GOVERNOR

The following veto message from the Governor was received, and read

Veto Message Concerning Assembly Bill No. 889

STATE OF CALIFORNIA, GOVERNOR'S OFFICE
SACRAMENTO, May 20, 1963

To the Honorable Members of the Assembly
State of California
Sacramento, California

GREETINGS: I am returning herewith unsigned,

Assembly Bill No. 889, entitled "An act to amend Public Utilities Code, Section 24505, relating to transit districts in Alameda and Contra Costa Counties."

This bill would deprive the Alameda-Contra Costa County Transit District of authority to transport passengers by charter or sightseeing bus.

The district, with bond moneys, paid a valuable consideration for its existing charter business in that the value of the charter operations of the predecessor Key System Transit Lines were included in the latter's "going concern" purchase price. This measure would destroy this investment made by the taxpayers of the district.

The Boards of Supervisors of Alameda and Contra Costa County, and the City Councils of *Alameda, Berkeley, Oakland, El Cerrito, San Pablo* and *San Leandro,* as well as certain school districts, organizations and interested citizens, have joined in opposition to the bill. They point out that the transit district, in the course of purchasing new equipment and increasing the frequency and area of transit service, operated at a net deficit exceeding $425,000 for fiscal 1962, and will operate at a similar deficit for this fiscal year.

This deficit, now borne by the property owners of the district would be substantially increased if charter operations were prohibited.

While a forceful argument is made that the present law puts government in competition with private business, I have concluded that the greater public interest favors encouragement of efficient and economically sound systems. Also, this district especially must be in a strong financial position if it is to provide new and adequate feeder service for the proposed Bay Area Rapid Transit System.

To sign this measure would be to place in jeopardy the opportunity to establish a comprehensive Bay area transit system that is economically sound. Privately owned transportation generally has been unable to provide a comprehensive system of mass transportation and to remove one of the lucrative sources of revenue from the public district at taxpayers' expense for the benefit of private concerns who have been unable to meet the public's overall transportation needs is an unwarranted

imposition on the local taxpayer and commuter I can therefore see no reason to divorce the profitable portions of public transportation from the unprofitable, and give the profitable to private concerns when it is the total service concept that in the long term is of major concern

Accordingly, I am returning this bill to you without my signature

Respectfully,

EDMUND G BROWN, Governor

Acknowledgment of Receipt of Bill

Urgency Clause

Urgency clause read

Point of Order

Mr Conrad arose to the following point of order: That copies of each printed amended form of the bill have not been placed in his bill book

Ruling by Acting Speaker

The Acting Speaker ruled the point of order well taken, but stated that a complete summary of the Senate amendments appears in the Legislative Counsel's digest printed in the Daily File, and that the Sergeant at Arms would provide the amended copies for Mr Conrad and for any other member so requesting

Motion to Grant Additional Time for Debate

Mr Willson moved that Mr Burton be granted five minutes additional time for debate

Mr. Winton seconded the motion

Motion carried.

Announcement by Majority Floor Leader

Acting Speaker Waldie announced that the complete series of the printed amended bill were in most of the members' bill books, and that only a few of the books were incomplete

Motion to Re-refer

Mr Conrad moved that the bill be re-referred to the Committee on Social Welfare

Mr Chapel seconded the motion.

Statement by Majority Floor Leader

Acting Speaker Waldie stated that, if the bill goes back to committee, the committee can not propose any changes in the amendments to the bill; but has only the power to recommend concurrence or nonconcurrence in the Senate amendments

Parliamentary Inquiry

Mr. Cologne arose to the following parliamentary inquiry: Does not the committee have power to recommend that further amendments be adopted in conference?

Reply by Acting Speaker

The Acting Speaker replied that the committee has only the power to recommend concurrence or nonconcurrence in the amendments.

Parliamentary Inquiry

Mr Willson arose to the following parliamentary inquiry: If the motion to re-refer were carried, would there, later, be any opportunity for the bill to be considered in the Committee on Ways and Means?

Reply by Acting Speaker

The Acting Speaker replied that the only power of any committee would be to recommend concurrence or nonconcurrence in the Senate amendments, and that its re-reference to the Committee on Ways and Means would be at the will of the House

Parliamentary Inquiry

Mr Willson arose to the following parliamentary inquiry· Does not the Legislative Counsel have the right to list the bill for re-reference to the Committee on Ways and Means, since money is involved?

Reply by Acting Speaker

The Acting Speaker replied that the Legislative Counsel merely recommends such re-reference, and that the bill can be re-referred to the committee only by order of the Speaker or by action of the House

Parliamentary Inquiry

Mr Lanterman arose to the following parliamentary inquiry· Would it not be permissible for the Committee on Ways and Means to provide a written report of recommendations to the House?

Reply by Acting Speaker

The Acting Speaker replied that the only recommendation the committee could make would be acceptance or rejection of the Senate amendments.

Parliamentary Inquiry

Mr Lanterman arose to the following parliamentary inquiry: Would there be anything to prevent the Committee on Ways and Means from submitting a financial report?

Reply by Acting Speaker

The Acting Speaker replied that such a report could be submitted with the committee's recommendation as to concurrence or nonconcurrence.

Parliamentary Inquiry

Mr. Thomas arose to the following parliamentary inquiry. Since this is an Assembly bill, can not the House do anything with it that it desires, once it has regained possession of the bill?

Reply by Acting Speaker

The Acting Speaker replied that the only power the House has is to either concur or refuse to concur in the Senate amendments; except that the bill could be re-referred to a committee for its recommendation on this question only.

Parliamentary Inquiry

Mr. Thomas arose to the following parliamentary inquiry. What happens if the House takes no action whatever upon the Senate amendments?

Reply by Acting Speaker

The Acting Speaker replied that the bill would then die on file

Parliamentary Inquiry

Mr. Thomas arose to the following parliamentary inquiry: Then the House does not have to take any action on the Senate amendments?

Reply by Acting Speaker

The Acting Speaker replied that the House was not required to take an action; and that the bill would die on file if no action were taken

Parliamentary Inquiry

Mr. Thomas arose to the following parliamentary inquiry: To that extent, then, the bill is the property of the House?

Reply by Acting Speaker

The Acting Speaker replied in the affirmative

Explanations of Vote on Assembly Bill No. 59

My "No" vote on Assembly Bill No 59, concurrence in Senate amendments, was based on my objection to having to decide major policy determinations without proper committee hearings and no actual determination as to major costs to the state and county governments Senate amendments required three pages to explain in the Daily File

FRANK LANTERMAN

MR SPEAKER: I wish to explain my action on Assembly Bill No 59 I did not vote because of unavailability of figures within time limits provided. Because of the major impact of this measure, I had hoped for committee study of the Senate amendments This was not undertaken and thus information on financial questions was simply not available.

PRAYER

The following prayer was offered by the Chaplain, Rev Robert R Ferguson·

God of Abraham, Isaac, Jacob and Our Father, Thou hast spoken to us in many ways through nature, the Prophets, the Scriptures, Christ, and fallible men in our own Nation May we have the insight to pray as did Benjamin Franklin in the Constitutional Convention. "We have been assured, Sir, in the sacred writings, that except the Lord build the house, they labor in vain that build it I firmly believe this; and I also believe that without His concurring aid we shall succeed in this political building no better than the builder of Babel I, therefore, beg leave to move that henceforth prayers asking the assistance of Heaven and its blessings on our deliberations be held in this Assembly every morning before we proceed to business"

May we have this sense of urgency and receive divine guidance given to those who diligently seek.—AMEN

OPINION OF LEGISLATIVE COUNSEL

STATE OF CALIFORNIA
OFFICE OF LEGISLATIVE COUNSEL
SACRAMENTO, May 4, 1963

Hon Harvey Johnson
Assembly Chamber

Alcoholic Beverage Control—No. 17255

Question

DEAR MR JOHNSON: You have directed our attention to Section 2 of Assembly Bill No 1241, as amended in Assembly April 17, 1963, concerning alcoholic beverages.

You ask if that section would grant authority to the Department of Alcoholic Beverage Control to adopt rules and regulations to limit or control discounts

Opinion

No

Analysis

Assembly Bill No 1241, as amended in Assembly April 17, 1963, would authorize the Department of Alcoholic Beverage Control to investigate violations of those portions of the Alcoholic Beverage Control Act concerning alcoholic beverages fair trade contracts and price posting, wine fair trade contracts and price posting, beer price posting and marketing regulations, and the tied house restrictions

The bill is an urgency measure and contains a statement of facts in Section 2 thereof setting forth the reasons for the urgency In part the statement reads:

> "It is the established policy of this State that the manufacture, sale and distribution of alcoholic beverages be controlled to promote temperance and respect for law Such established policy recognizes that price wars unduly stimulate the sale and consumption of alcoholic beverages and disrupt the orderly sale and distribution thereof"

As can be seen, the quoted language is merely a part of the statement of facts describing the reason why the bill must take effect immediately Such a legislative declaration is required by the California Constitution for urgency measures (Sec 1, Art IV, Cal. Const) and is, generally speaking, binding on the courts insofar as the declaration of urgency is concerned (*Davis v Los Angeles County* (1939), 12 Cal 2d 412) However, the statement, in and of itself, does not authorize or prohibit a course of conduct It is merely a statement of facts

Thus, in our opinion, Section 2 of Assembly Bill No 1241 would not authorize the department to adopt rules and regulations to limit or control discounts

Very truly yours,

A C MORRISON
Legislative Counsel

Pharmacies—No. 13681

DEAR MR HOLMES You have asked the following questions, which we will answer in series, regarding the operation of pharmacies

Question No 1

Can the Legislature prohibit the location of pharmacies in food markets and other such establishments?

Opinion No. 1

In our opinion, it can

Analysis No 1

The State, under its police power, may enact legislation to protect the public health, safety, morals, and general welfare (*Atlantic Coast Line R Co* v *Goldsboro* (1914), 232 U S 548, 558) The due process clause of the Federal Constitution (U S Const, Amdt 14) constitutes a limitation on the exercise of this power

In reviewing legislation as to its propriety as an exercise of the police power, the court must determine whether the object of the legislation is within the scope of the police power and, if so, whether the legislation bears a reasonable and substantial relation to the object sought to be attained (*Wholesale T. Dealers* v *National Etc Co* (1938), 11 Cal. 2d 634, 643)

In regard to the first consideration, there can be no doubt that the broad scope of the police power permits the Legislature to regulate the operation and conduct of pharmacies in this State (*Rosenblatt* v *Cal St. Bd. of Pharmacy* (1945), 69 Cal App 2d 69). Thus, in our opinion, the object of the legislation is within the scope of the police power.

Whether legislation bears a reasonable and substantial relation to the object it is designed to promote is a question primarily for the Legislature. An act of the Legislature is presumed to be within its power (*Hart* v *City of Beverly Hills* (1938), 11 Cal 2d 343, 348), and a court may disturb a legislative determination of reasonableness only when the questioned legislation is so manifestly unnecessary for the promotion or preservation of the public health that the court may declare that no rational ground existed for its enactment (*Southern Pac. Co* v. *Railroad Com* (1939), 13 Cal 2d 89, 121)

Statutes prohibiting professional offices from being located in commercial establishments have been upheld Thus, in *Williamson* v *Lee Optical of Okla* (1954), 99 L Ed 2d 563, the United States Supreme Court upheld a statute which, in part, prohibited the furnishing of space in retail stores to persons purporting to give eye examinations or visual care. The court stated as follows (at p 574):

> "It seems to us that this regulation is on the same constitutional footing as the denial to corporations of the right to practice dentistry Semler v Oregon State Dental examiners, supra (294 US at 611) It [the statute] is an attempt to free the profession, to as great an extent as possible, from all taints of commercialism It certainly might be easy for an optometrist with space in a retail store to be merely a front for the retail establishment In any case, the opportunity for that nexus may be too great for safety, if the eye doctor is allowed inside the retail store Moreover, it may be deemed important to effective regulation that the eye doctor be restricted to geographical

locations that reduce the temptations of commercialism. Geographical location may be an important consideration in a legislative program which aims to raise the treatment of the human eye to a strictly professional level We cannot say that the regulation has no rational relation to that objective and therefore is beyond constitutional bounds."

We are of the opinion the same reasoning could be applied to a statute prohibiting pharmacies from being located in food markets and other such establishments

Question No 2

Can the Legislature prohibit a physician and surgeon from owning a pharmacy?

Opinion No 2

In our opinion, it can.

Analysis No 2

The principles discussed above regarding the scope of the police power are equally applicable to a consideration of this question Based thereon, it is our opinion that the object of the proposal, that is the regulation of pharmacies, would be within the State's police power. The only question is whether the means proposed to accomplish the desired result are reasonably designed for that purpose and have a real and substantial relation to the objective sought to be attained

In this connection we note the decision reached in *Liggett Co* v *Baldrige* (1928), 278 U S 105, 73 L Ed 204, wherein the United States Supreme Court considered the constitutionality of a Pennsylvania statute which required every pharmacy or drug store to be owned only by a licensed pharmacist and which prohibited any corporation, association, or partnership from such ownership unless all the partners or members were licensed pharmacists Existing pharmacies and drug stores were exempted

The case involved a corporation, all of the members (stockholders) of which were not licensed pharmacists

The court held the act unconstitutional as a deprivation of the corporation's property without due process of law

The court conceded that a state may regulate the prescription, compounding of prescriptions, purchase and sale of medicines by appropriate legislation to the extent reasonably necessary to protect the public health, and reviewed the Pennsylvania statutory regulations on the subject, which correspond to the California provisions, including the requirement that the drug store must be in charge of and managed by a registered pharmacist. The court then stated (at 73 L Ed, p. 209).

"In the light of the various requirements of the Pennsylvania statutes, it is made clear, if it were otherwise doubtful, that mere stock ownership in a corporation, owning and operating a drug store, can have no real or substantial relation to the public health; and that the act in question creates an unreasonable and unnecessary restriction upon private business. No facts are presented by the record, and, so far as

appears, none were presented to the legislature which enacted the statute, that property could give rise to a different conclusion It is a matter of public notoriety that chain drug stores in great numbers, owned and operated by corporations, are to be found throughout the United States They have been in operation for many years We take judicial notice of the fact that the stock in these corporations is bought and sold upon the various stock exchanges of the country and, in the nature of things, must be held and owned to a large extent by persons who are not registered pharmacists If detriment to the public health thereby has resulted or is threatened, some evidence of it ought to be forthcoming None has been produced, and, so far as we are informed, either by the record or outside of it, none exists *The claim, that mere ownership of a drug store by one not a pharmacist bears a reasonable relation to the public health, finally rests upon conjecture, unsupported by anything of substance* This is not enough, and it becomes our duty to declare the act assailed to be unconstitutional as in contravention of the due process clause of the 14th Amendment " (Emphasis added) (Justices Holmes and Brandeis dissented from this holding)

Based upon this decision a New York law providing that a pharmacy could be owned only by a licensed pharmacist was held unconstitutional by the New York Court of Appeals (*Pratter* v *Lascoff* (1933), 185 N E 716) and a similar Delaware Law was also held unconstitutional (*State* v *People's Drug Stores* (1934), 172 Atl 257)

However, as indicated above, the *Liggett* case involved a statute which restricted ownership of pharmacies to registered pharmacists The proposal under consideration can be distinguished from the statute in the *Liggett* case It would only prohibit physicians and surgeons from owning pharmacies Anyone else could own such establishments We cannot say that such a proposal is unreasonable The Legislature might well conclude that it is in the best interest of the public to specifically prohibit a person who may write prescriptions for medicine from owning an establishment which fills such prescriptions We note that the Legislature has prohibited a physician and surgeon from having any membership, proprietary interest or co-ownership in any form in or with a dispensing optician (Sec 654, B & P C).

Thus, in our opinion, the Legislature has the power to prohibit physicians and surgeons from owning pharmacies.

REQUEST FOR UNANIMOUS CONSENT TO PRINT IN JOURNAL

Mr Bagley was granted unanimous consent that the following opinion of the Legislative Counsel be ordered printed in the Journal.

OPINION OF LEGISLATIVE COUNSEL

STATE OF CALIFORNIA
OFFICE OF LEGISLATIVE COUNSEL
SACRAMENTO, May 17, 1963

Hon William T Bagley
Assembly Chamber

Assembly Bill No. 1811—Pleas in Criminal Cases—No. 18309

DEAR MR BAGLEY: You have directed our attention to Assembly Bill No 1811 (as introduced), which would add to Section 1018 of the Penal Code the following:

> "Any plea required to be put in by defendant himself in open court can be withdrawn only by defendant himself in open court"

You ask that we consider the effect of the bill on the practice of defense counsel changing a plea from guilty to not guilty, the effect of the bill on Section 1203 4 of the Penal Code, and the effect of the bill in relation to the situation where defendant is so obviously disturbed that he should not be permitted to make the decision to withdraw his plea

The bill appears to require that, in felony cases generally, a plea of guilty must be withdrawn by defendant personally in open court (as misdemeanor pleas are not required to be entered personally by defendant, they would not be required by this provision to be withdrawn by him personally (see Sec 1429, Pen C)) We doubt, however, that it would be held that a withdrawal of a plea of guilty pursuant to Section 1203 4 of the Penal Code must be made by defendant personally That section deals with a technical type of withdrawal incident to a so-called expungement of a conviction of a person who successfully completed probation The section now provides that "The probationer may make such application and change of plea in person or by attorney, or by the probation officer authorized in writing" Thus, this provision governing a special situation would not be amended by the bill and thus would continue on the books The rule of the later enactment being the governing enactment would have to be contended with, but the case appears to be an appropriate one for application of the rule of the special governing the general An additional factor is the historical background to this bill It is our understanding that the bill is designed to overrule *People* v *Gaines*, 58 Cal 2d 630, in which it was held that though defendant was required personally to enter the plea of not guilty by reason of insanity, his counsel could withdraw the plea The three dissenters were of the view that since the withdrawal resulted in eliminating from the case issues that defendant raised by his plea, the withdrawal must also be made personally by defendant in open court We understand, and the courts could infer, that the bill is

intended to put the views of the dissenters into the law The withdrawal of a plea of guilty under Section 1203 4 is not a withdrawal of a plea that has the effect of reducing the issues in the case It is possible that this reasoning could be employed to justify the conclusion that the bill has no reference to any case where it is a guilty plea that is being withdrawn However, where there is no language such as that in Section 1203 4 to weigh against the language of the bill, we doubt that such a view would be sustained

If the defendant is believed by the court to be incompetent, so that he should not be allowed personally to withdraw a plea, it would appear that it is incumbent on the court immediately to suspend the proceedings so that proceedings may be commenced to determine the present sanity of the defendant (Secs 1367, 1368, Pen C), and the situation would not be presented of the court being forced to accept the withdrawal.

Very truly yours,

On page 1, strike out lines 3 to 12, inclusive, and insert

"214 10 The 'welfare exemption" granted by Section 214 shall extend, within the limits herein specified, to the property of any person or entity otherwise qualified under said section if the property is used to provide a home licensed by the State for the care of aged persons No home for the aged shall be exempt unless it is licensed by the State

Property so used, at its value as shown on the local assessment roll, shall be exempt in the same proportion as the number of those persons who were residents both on the effective date of this section and on the lien date of the year for which the assessment roll is prepared, plus the home's capacity licensed for nursing care by the Department of Public Health, bears to the total capacity of the home on said lien date Persons regularly occupying accommodations licensed for nursing care on the lien date shall not be included in the count of those who were residents both on the effective date of the section and on the lien date

SEC 2 Section 214 11 is added to said code, to read

214 11 Any property not exempted by application of the provisions of Section 214 10 shall nevertheless be exempt if the sum of (a) the average annual charge to occupants and (b) the assessed value of the improvements per unit of capacity does not exceed three thousand one hundred dollars ($3,100) When this sum exceeds three thousand one hundred dollars ($3,100) but is less than five thousand dollars ($5,000), only a fractional part of the property not exempted pursuant to Section 214 10 shall be exempt and the remainder shall be taxable The taxable fraction shall be determined by subtracting three thousand one hundred dollars ($3,100) from the sum described in the preceding sentence and dividing the difference by one thousand nine hundred dollars ($1,900) This fraction shall be multiplied by the assessed value of the property less the assessed value exempted under Section 214 10 to derive the taxable value

For the purpose of making computations under this section the term "charge to occupants" includes (a) an allowance for lump sum prepayments amortized in accordance with sound actuarial principles and (b) periodic charges for services and facilities in effect on the lien date

Shares and interests in any corporation or company, and debts and credits, and all other property, both

real and personal, or any interest in either real or personal property, and all other property not capable of manual delivery, may be levied upon or released from levy in like manner as like property may be attached or released from attachment, except that a copy of the complaint in the action from which the writ issued need not accompany the writ, provided, that no cause of action nor judgment as such, nor license issued by this State to engage in any business, profession or activity shall be subject to levy or sale on execution. Gold dust must be returned by the officer as so much money collected at its current value, without exposing the same to sale Until a levy, the property is not affected by the execution, but no levy shall bind any property for a longer period than one year from the date of the issuance of the execution, except a levy on the interests or claims of heirs, devisees or legatees in or to assets of deceased persons remaining in the hands of executors or administrators, thereof prior to distribution and payment, provided, however, an alias execution may be issued on said judgment and levied on any property not exempt from execution.

SEC. 8 Section 690 26 of said code is amended to read

690 26 (1) If the property mentioned in Sections 690 1 to 690 25, inclusive, *except Section 690 11*, shall be levied upon under writ of attachment or execution, the defendant or judgment debtor (herein referred to as "the debtor"), in order to avail himself of his exemption rights as to such property, shall deliver to the levying officer an affidavit of himself or his agent, together with a copy thereof, alleging that the property levied upon, identifying it, is exempt, specifying the section or sections of this code on which he relies for his claim to exemption, and all facts necessary to support his claim, and also stating therein his address within this State for the purpose of permitting service by mail upon him of the counteraffidavit and any notice of the motion herein provided

(2) Forthwith upon receiving the affidavit of exemption the levying officer shall serve upon the plaintiff or the person in whose favor the writ runs (herein referred to as "the creditor"), either personally or by mail, a copy of the affidavit of exemption, together with a writing, signed by the levying officer, stating that the claim to exemption has been received and that the officer will release the property unless he receives from the creditor a counteraffidavit within five days after service of such writing

(3) If the creditor desires to contest the claim to exemption, he shall within such period of five days, file with the levying officer a counteraffidavit alleging that the property is not exempt within the meaning of the section or sections relied upon, or if the claim to exemption be based on Sections 690 1, 690 3, 690 6, 690 8, 690 9, 690 12, 690 17, 690 18, 690 21, 690 24, alleging that the value of the property claimed to be exempt is in excess of the value stated in the applicable section or sections, together with proof of service of a copy of such counteraffidavit upon the debtor

(4) If no such counteraffidavit, with such proof of service, is so filed with the levying officer within the time allowed, the officer shall forthwith release the property

(5) If such counteraffidavit, with such proof of service, is so filed, either the creditor or the debtor shall be entitled to a hearing in the court in which the action is pending or from which the writ issued for the purpose of determining the claim to exemption, or the value of the property claimed to be exempt Such hearing must be granted by the court upon motion of either party made within five days after the counteraffidavit is filed with the levying officer, and such hearing must be had within 15 days from the date of the making of such motion unless continued by the court for good cause The party making the motion for hearing must give not less than five days' notice in writing of such hearing to the levying officer and to the other party and specify therein that the hearing is for the purpose of determining the claim to exemption The notice may be of motion or of hearing and upon the filing of the notice with the clerk of court, the motion is deemed made

(7) At any time while the proceedings are pending, upon motion of either party or upon its own motion, the court may (a) order the sale of any perishable property held by such officer and direct disposition of the proceeds of such sale, and (b) make such other orders as may be proper under the particular circumstances of the case Any orders so made may be modified or vacated by the court or judge granting the same, or by the court in which the proceedings are pending, at any time during the pendency of the proceedings, upon such terms as may be just

(8) The levying officer in all cases shall retain physical possession of the property levied upon if it be capable of physical possession, or in the case of property not capable of physical possession, the levy shall remain in full force and effect, pending the final determination of the claim to exemption; provided, however, that no sale under execution shall be had prior to such final determination unless an order of the court hearing the claim for exemption shall so provide

(9) At such hearing, the party claiming the exemption shall have the burden of proof The affidavits and counteraffidavits shall be filed by the levying officer with the court and shall constitute the pleadings, subject to the power of the court to permit an amendment in the interests of justice. The affidavit of exemption shall be deemed controverted by the counteraffidavit and both shall be received in evidence Nothing herein contained shall be construed to deprive anybody of the right to a jury trial in any case where by the Constitution such right is given, but a jury trial shall be waived in any such case in like manner as in the trial of an action No findings shall be required in a proceeding under this section When the hearing is before the court sitting without a jury, and no evidence other than the affidavit and counteraffidavit is offered, the court if satisfied that sufficient facts are shown thereby, may make its determination thereon; otherwise, it shall order the hearing continued for the production of other evidence, oral or documentary, or the filing of other affidavits and counteraffidavits At the conclusion of the hearing, the court shall give judgment determining whether the claim to exemption shall be allowed or not, in whole or in part, which judgment shall be determinative as to the right of the creditor to have the property taken and held by the officer or to subject the property to payment or other satisfaction of his judgment In such judgment the court shall make all proper orders for the disposition of such property or the proceeds thereof

(10) A copy of any judgment entered in the trial court shall be forthwith transmitted by the clerk to the levying officer in order to permit such officer to either release the property attached or to continue to hold it or sell it, in accordance with the provisions of the writ previously delivered to him Such officer, unless an appeal from the judgment be waived, or the judgment has otherwise become final, shall continue to hold such property under attachment or execution, continuing the sale of any property held under execution until such judgment becomes final ~~; provided, however, that if a claim to exemption under Section 690 11 be allowed by such judgment, the debtor shall be entitled to a release of the earnings so exempted at the expiration of three days, unless otherwise ordered by the court or unless the levying officer shall have been served with a copy of a notice of appeal from the judgment~~

(11) When any documents required hereunder are served by mail, the provisions of this code relating to service by mail shall be applicable thereto

(12) Whenever the time allowed for an act to be done hereunder is extended by the court, written notice thereof shall be given promptly to the opposing party, unless such notice be waived, and to the levying officer

"SEC 7 Article 4 (commencing with Section 1080) is added to Chapter 7, Division 5 of said code, to read

Article 4 Use and Application of Injurious Materials

1080 "Injurious material," as used in this article, means any substance or material which the director, pursuant to Section 1080 2, has declared to be an injurious material

1080 1 "Person," as used in this article, includes any natural person, firm, association, organization business trust, corporation, company, and, except to the extent they are engaged in bona fide research regarding any injurious material, any state agency, city, county, city and county, district, or other municipal corporation

1080 2 The director shall, by regulation, designate as an injurious material any substance or material used or usable in any pest control operation, not subject to

~~Chapter~~ 14 (commencing with Section 8500), Division 3 of the Business and Professions Code, or in any agricultural operation, including, but not limited to, any economic poison, as defined in Section 1061 of this code, which is composed in whole or in part of any organic phosphate, chlorinated hydrocarbon, or any cancer-producing material, which he finds and determines is injurious in any way to persons, animals, crops, or wildlife, other than the pest or vegetation which it is intended to destroy.

1080 3 The director shall adopt such regulations governing the application of injurious materials used or usable in pest control operations, not subject to Chapter 14 (commencing with Section 8500), Division 3 of the Business and Professions Code, or in any agricultural operations, which he determines are reasonably necessary for the protection of the public health. Such regulations shall require that any person who desires to receive or use any injurious material shall first apply for a permit to receive or use the injurious material from the county agricultural commissioner. A person who holds a valid agricultural pest control license issued by the director pursuant to Chapter 1a (commencing with Section 1691), Division 2 of this code shall not, however, be required to obtain such a permit if the person who employs him has obtained a permit to receive or use injurious materials.

1080 4 A county agricultural commissioner shall not issue any permit to any person to receive or use any injurious material unless he determines that the time, place, and manner of application of such injurious material will not create an unreasonable hazard to the public health.

1080 5 A county agricultural commissioner may, if he determines that such action is necessary for the protection of the public health, require that a less toxic injurious material be used rather than the one which the person has made application to receive or use. The county agricultural commissioner shall encourage the use of biological control methods when feasible.

1080 6 Before a county agricultural commissioner shall issue any permit to any natural person, firm, association, organization, business trust, corporation, or company, which proposes to cause any injurious material to be applied by any aircraft to any property which the applicant does not own or which is not under his or its control, the county agricultural commissioner shall call a public hearing, with adequate notice, to hear and consider any protests against such method of application of the injurious material, unless the applicant for the permit presents to the county agricultural commissioner a written waiver of the public hearing signed by all of the owners of property to which the injurious material is to be applied. The county agricultural commissioner shall not issue any permit to a person, firm, association, organization, business trust, corporation, or company which intends to cause any injurious material to be applied by any aircraft to any property which the applicant does not own or which is not under his possession or control unless the county agricultural commissioner determines that unless such method of application is used, economic hardship or danger to the public health would result.

1080 7 It is unlawful for any person to sell or give any injurious material to any other person unless the person who is to receive the injurious material has obtained and produces a permit to receive or use the injurious material signed by a county agricultural commissioner.

1080 8 It is unlawful for any person to use any injurious material in any pest control operation not subject to Chapter 14 (commencing with Section 8500), Division 3 of the Business and Professions Code, or in any agricultural operation, in any manner which violates any provision of this article or any regulation adopted by the director pursuant to this article.

1080 9 No provision of this article shall be construed to relieve any person from liability for any injury or damage to any other person or to the property of any other person which is caused by the use of any injurious material.

1080 10 Every permit which is issued pursuant to this article is conditioned upon compliance with the regulation adopted by the director pursuant to Section 1080 3 and any conditions which the county agricultural commissioner determines are necessary for the protection of the public health and specifies in the permit.

1080 11 Any permit to receive or use any injurious material may be refused, revoked, or suspended if the county agricultural commissioner determines that the applicant for the permit, or the holder of the permit, has violated any conditions of a permit, or any regulation adopted by the director pursuant to Section 1080 3.

1080 12 Any interested person, upon request, is entitled to a hearing before the director to review the action of any county agricultural commissioner in issuing, refusing to issue, revoking, or suspending any permit to receive or use any injurious material. The hearing shall be called and conducted in accordance with the provisions of Chapter 5 (commencing with Section 11500), Part 1, Division 3, Title 2 of the Government Code, except that the provisions of Sections 11505 and 11506 of the Government Code shall not apply, and the statement of issues or accusation,

as the case may be, shall be delivered to or mailed to the parties as provided in Section 11509 of the Government Code

1080 13 It is unlawful for any person to use any form of 2,4-dichlorophenoxyacetic acid (2,4-D) or other herbicide which the director finds and determines, after hearing, to be injurious to crops, except as provided in this section and the regulations of the director

The director after investigation and hearing shall adopt regulations governing the use of 2,4-D and other herbicides which he finds and determines to be injurious to crops that are being grown in any area of the State Such regulations may prescribe the time when and the conditions under which such herbicides may be used in different areas of the State, and may provide that such herbicides shall be used only under permit of the commissioner, or under his direct supervision, in certain areas, or under certain conditions, or in excess of certain quantities or concentrations

Nothing in this section shall be construed to operate to relieve any person from liability for any damage to the property of another caused by the use of the herbicides named in the regulations of the director

1080 14 It is unlawful for any person to sell or deliver any material or herbicide for which regulations have been adopted pursuant to Sections 1080 3 or 1080 13 to any person who is required by such regulations to have a permit to use such material or herbicide unless such person, or his agent to whom delivery is made, signs a written statement, in a form prescribed by the department, that such person holds a valid permit to use the kind and quantity of such material or herbicide delivered

1080 15 As used in this section "thallium" includes any preparation of thallium or of the salts thereof

It is unlawful for any person to sell, use or possess thallium except that

(a) Federal, state, county, or municipal officers or employees, in their official capacities, or persons under the immediate supervision of such officers or employees, may possess thallium for use for pest control purposes

(b) Licensed physicians, surgeons, pharmacists, or veterinaries may possess thallium for use in their respective professions

(c) Metallurgists and manufacturers of alloys of which thallium is a component part may possess thallium for laboratory use or manufacture of alloys

(e) Registered manufacturers of ant poison may manufacture and sell, and dealers in ant poison may possess for sale and sell, ant poison containing not more than 1 percent of thallium, expressed as metallic, prepared, packaged, and sold in accordance with such rules and regulations as the director may deem necessary to protect the public health

(f) Wholesalers or jobbers of economic poisons may possess for sale or sell thallium to any person included within the above classifications, or for export

1080 16 It is unlawful for any person to sell, use or possess any sodium fluoroacetate, also known as "Compound 1080," or any preparation thereof, except that, subject to rules and regulations of the director

(a) Federal, state, county, or municipal officers or employees, in their official capacities, or persons under the immediate supervision of such officers or employees, may possess said compound for use for pest control purposes

(b) Research or chemical laboratories may possess said compound for use for the purposes of such laboratories

(c) Persons duly licensed as structural pest control operators under the provisions of Chapter 14 (commencing with Section 8500), Division 3, Business and Professions Code, may possess said compound for use in their business

(d) Wholesalers or jobbers of economic poisons may possess for sale and sell said compound to any person included within the above classifications, or for export

1080 17 The director, and each county agricultural commissioner within his respective local jurisdiction, shall enforce this article and the regulations adopted by the director pursuant to this article

1080 18 Any natural person, firm, association, organization, business trust, corporation or company that willfully violates any provision of this article, or any regulation adopted by the director pursuant to this article shall not be issued any permit to receive or use any injurious material and is guilty of a misdemeanor which is punishable by a fine of not more than one thousand dollars ($1,000)

1080 19 Any natural person, firm, association, organization, business trust, corporation, or company which receives any compensation for applying any injurious material to any property in excess of the actual cost of such operation shall either:

(a) Carry public liability insurance in an amount of at least twenty-five thousand dollars ($25,000) which insures any person injured as a result of the operation against loss.

(b) Maintain a bond with the director by a surety admitted to do business in this State in the amount of at least twenty-five thousand dollars ($25,000) in favor of any person injured as a result of the operation"

RESOLUTIONS

The following resolutions were offered:

By Mr Conrad.

House Resolution No. 342

Relative to the tabulation of votes

WHEREAS, The ballots cast in the general election of November 6, 1962, in Kern County, were, for the first time in any official election, tallied by means of an electronic tallying system; and

WHEREAS, Plans have now been formulated to tabulate paper ballots in several counties by means of such devices, and

WHEREAS, It is essential that the accuracy of such devices, when used in actual election conditions, be tested to insure that the votes are properly and correctly counted; and

WHEREAS, This can be done only if a manual count of ballots is conducted to verify the totals recorded on the devices used; and

WHEREAS, It is deemed advisable that such test be conducted at the earliest opportunity, and could be expeditiously performed with respect to the ballots cast in the November 6, 1962, election in Kern County, and

WHEREAS, Interested parties have agreed to bear the expense of such annual count so that it will not impose additional expenses on the taxpayers; and

WHEREAS, It is necessary, however, that the county clerk and registrar of voters of said county co-operate in the conduct of the manual count so that the ballots may be made available for the count and the experience of the clerk and registrar can be utilized to insure that the count will be conducted efficiently and accurately, and

WHEREAS, It is understood that such test by recount shall be for information only and shall have no bearing upon the official results certified; now, therefore, be it

Resolved by the Assembly of the State of California, That the County Clerk and Registrar of Voters of Kern County are requested to co-operate in a manual recount of ballots cast in the November 6, 1962, general election in said county, provided the amount estimated by the County Clerk of said county to be the cost of such recount is deposited with said County Clerk within sixty (60) days from the date of adoption of this resolution, together with an agreement of a responsible party or parties to pay any expenses incurred in excess of those estimated, and be it further

Resolved, That the Assembly, through the appropriate committee, supervise said recount and report to the Assembly its findings thereon in due course, and be it further

Resolved, That the Chief Clerk of the Assembly is directed to transmit copies of this resolution to the Registrar of Voters and County Clerk of Kern County

Resolution read, and referred by the Speaker pro Tempore to the Committee on Rules.

By Mr. Pattee

House Resolution No. 343

Relative to the Junior Chamber of Commerce Seat Belt Clinic

WHEREAS, The National Safety Council estimates that 5,000 lives could be saved every year if all American motorists drove automobiles equipped with seat belts, and

WHEREAS, The Junior Chamber of Commerce of Santa Cruz County is currently mounting a campaign to educate Santa Cruz residents to the vital need for the use of seat belts by all motorists in the county, and

WHEREAS, The Junior Chamber of Commerce of Santa Cruz County will hold three "Jaycee Seat Belt Clinics" at the Sky-View Drive-In Theater in Soquel on May 25, 26 and June 2 when volunteer members of that organization will provide free installation of the seat belts to all residents of Santa Cruz County, and

WHEREAS, The Junior Chamber of Commerce will also sell seat belts at such clinic to those Santa Cruz residents who do not own same, and

WHEREAS, The City Council of the City of Watsonville is on record as favoring all efforts to increase traffic safety as a matter of public policy, now, therefore, be it

Resolved by the Assembly of the State of California, That the Members of the Assembly commend the Santa Cruz County Junior Chamber of Commerce for undertaking this program of public education as to the lifesaving aspects of the use of automobile seat belts, and, be it further

Resolved, That this Assembly strenuously urges all citizens of Santa Cruz County to have their automobiles equipped with seat belts as a traffic safety measure

Resolution read, and referred by the Speaker pro Tempore to the Committee on Rules

By Mr Bane

House Resolution No. 344

Relative to an interim study of the subject of beach erosion

WHEREAS, The federal government, acting through the U S Corps of Engineers, has established a beach erosion control program providing for federal, state and local sharing of the costs of works to be constructed to remedy beach erosion problems, and

WHEREAS, The State's costs for participation in the work are increasing rapidly, and

WHEREAS, There is increasing evidence that natural factors, such as the absence of heavy rains and floods in Southern California to wash sand down the rivers and into the bays where it can be washed onto the beaches by wave action, are contributing to the erosion of ocean beaches; and

WHEREAS, There is increasing evidence that the construction of dams prevents the movement of sand down rivers to the beaches and the construction of boat harbors and other installations prevents the littoral movement of sand along the beaches, thus increasing the beach erosion problem; and

WHEREAS, Some of the federal beach erosion control projects are "rescue" projects to keep beach-front property from being washed away after the sands of a beach have been lost due, in part, to the reasons cited above; and

WHEREAS, Certain beach erosion control projects give evidence of stopping the littoral movement of sand at one beach and thereby depriving beaches further down the coast of a sand supply, which creates beach erosion problems at these latter beaches, and may only accentuate the beach erosion control problem; and

WHEREAS, Many breakwaters and harbor facilities require periodic pumping of sand around such facilities and some beach erosion control projects will require periodic pumping of the sand onto the beaches, and such pumping of sand is a continuing financial burden; now, therefore, be it

Resolved by the Assembly of the State of California, That the Assembly Committee on Rules be directed to assign the subject of beach erosion in all its aspects, both natural and man-made, to an appropriate interim committee for study and to direct such interim committee to report to the Assembly its findings and recommendations no later than the fifth legislative day of the 1965 General Session of the Legislature

PRAYER

The following prayer was offered by the Chaplain, Rev Robert R. Ferguson:

God Our Eternal Father, We pray this morning for the Christian ingredient of ——. We confess that some of us are so wound up that when we have a moment calmness, we are tense. We can be perturbed at missing an elevator Thou knowest

our need for help when our decisions must be made at a given second and we must decide often without sufficient evidence.

Give us stability to act under pressure. But may we occasionally throughout the day have an oasis of thought and spirit with the realization that we are Thine

With Thee a thousand years is as a day, and a day as a thousand years May we use our time, not nervously, but effectively Give us deep spiritual resources upon which to draw in making hard decisions

We pray in Thy name.—AMEN.

House Resolution No. 349

Relative to an interim study of the multiple state and local taxation of boat owners

WHEREAS, The multiple state and local taxation of the boat owners of California has reached serious proportions, raising basic questions of fairness and equity, and

WHEREAS, A broad new approach to the general problems of the operation of boats on, and the maintenance of, the navigable waters of the State appears to be necessary to alleviate the problems of multiple taxation; and

WHEREAS, One state-imposed "in lieu" tax may be a more desirable method of taxation than the state and local taxes and fees which are presently imposed upon boat owners, including those imposed with respect to the inspection of boats and the use of the navigable waters, and

WHEREAS, No previous study has attempted to evaluate the alternatives available to the present haphazard and unjust method of taxation of boat owners, now, therefore, be it

Resolved by the Assembly of the State of California, That the Assembly Committee on Rules is directed to assign for study to an appropriate interim committee the subject matter of the multiple state and local taxation of boat owners, including but not limited to, an evaluation of alternative methods of taxation, and to direct such interim committee to report thereon to the Assembly not later than the fifth legislative day of the 1965 Regular Session of the Legislature

PRAYER

The following prayer was offered by the Chaplain, Rev Robert R Ferguson.

Eternal God, In the maze of life may we be quiet long enough to hear Thy still small voice saying "this is the way, walk in it"

May our physical accomplishments never explode our egos but deepen our sensitivity to our goals We have climbed Mt Everest; now may we make progress in surmounting racial inequalities here in our own Nation We have circled our world

and reach for the moon and planets, may we now have the will to make bridges between different peoples, nations, and ideologies We have gone to the depths of the sea, may we have courage to look within our lives and deal with our inner frustrations which keep us from knowing ourselves and one another

In Thy name we pray —AMEN.

Explanation of Vote

Speaker of the Assembly
State Legislature
State Capital, Sacramento

DEAR SIR This is to advise that I did not cast my ballot on Assembly Bill No 2509 because I felt I had a conflict of interest which prohibited my exercise of independent judgment

I presently represent the owners of a privately owned hospital, one of whom is a medical doctor, who would be unable to dispense drugs at the hospital if this bill becomes law. The prohibiting of dispensing of these drugs in small amounts from their stock might work a hardship on the patients and on the efficiency of their operation

Under the circumstances, I felt I might be doing an injustice by my vote in this instance

Yours very truly,

GORDON COLOGNE

House Resolution No. 357

Relative to the study of special education

WHEREAS, The development of special education in California has resulted in a proliferation of special programs to meet the needs of more and more exceptionalities, often creating competition for services and funds; and

WHEREAS, A deficit in state support of mandated special education programs has been created and is increasing due to this proliferation of programs, and to the differential in growth between the normal pupil population and the discovery of and enrollment of children in special education—a formula for the support of special education being based upon normal population growth, and

WHEREAS, There is a lack of knowledge of the actual incidence in California of the handicaps requiring special programs for children and the population movements of families having such children, and

WHEREAS, There is an unexplained wide variation in class size, per pupil costs and program offerings within the various categories of special education, and

WHEREAS, There is inconsistency, overlapping and some confusion in existing laws pertaining to the education of exceptional children, now, therefore, be it

Resolved by the Assembly of the State of California, as follows.

1 The Assembly Interim Committee on Education is directed to make a thorough study of the broad aspects of special education in the following areas

(a) Actual incidence and number of pupils with each type of handicap presently involved in special education programs

(b) Identification of the components of a quality program needed by exceptional children, such as identification, diagnoses, class size, administration, supervision, auxiliary services, curriculum and supplies, transportation, and related matters

(c) Determination of costs involved in providing needed quality programs.

(d) Determining the level of state financial support for a quality program

(e) Determining the needs for assuring sufficient and adequately prepared teachers for exceptional children

(f) Determining the need for school housing for exceptional children and the State's role in assuring such housing

(g) Determining levels of reimbursement appropriate to the type of special education needed by specific kinds of exceptional children in the type of programs in which enrolled.

(h) Determining a formula for state support of special education which will automatically assure reimbursement at 100 percent of the ceilings established by law to enable school systems to budget for and actually provide such programs without incurring difficulty because state reimbursement falls below such authorized ceilings

(i) Such other items as are pertinent to the study

2 Such committee shall report thereon to the Assembly, including in the report its recommendations for appropriate legislation, not later than the fifth legislative day of the 1965 Regular Session.

House Resolution No. 361

Relative to the teaching of English in the public schools

WHEREAS, The quality of instruction in English for California students is in serious jeopardy because of increasing teaching loads, a growth in enrollment far exceeding the growth of financial support for schools, and the inadequate teaching skill of many of the State's English teachers; and

WHEREAS, To improve the effectiveness of teaching and learning, the California Association of Teachers of English has repeatedly expressed its concern with the reduction of class size and load in English to manageable proportions, and

WHEREAS, Studies of the State Department of Education and other studies of the preparation of elementary and secondary school teachers in California indicate a majority of teachers have inadequate or outmoded preparation for teaching English, and

Resolved by the Assembly of the State of California, That the Assembly Committee on Rules is directed to assign the subject of the teaching of English and methods for improving such teaching in the public schools in all of its aspects to an appropriate interim committee for study and to direct such interim committee to report to the Assembly its findings and recommendations no later than the fifth legislative day of the 1965 General Session of the Legislature.

Eternal God, Lord of Life, We pause for a moment at the beginning of this new week and pray for strength, courage, and perspective As one of the ancients stated that if he had a place to stand and the needed equipment, he could move the earth

Give us a place to stand so that we may endeavor to hold the world together Our scientists never understood the earth 'til they looked at the stars We don't understand ourselves and our relationship to one another until we realize Thou art the Father of us all and each individual is equally precious in Thy sight

May we stand with Thee this day and strive for righteousness and justice In Thy name —AMEN.

The election to redeposit withdrawn contributions as provided by this section shall be extended to all persons who withdrew contributions prior to October 1, 1961, and who have not redeposited prior to that date, provided that an election to redeposit such contributions was not available at the time of re-entry to membership

Upon re-entry to membership the person's rate of contributions shall be the rate applicable to his age on the date of re-entry If he elects to redeposit contributions, as provided in this section, his rate of contributions on service rendered subsequent to the first of the month following the date such election is received in the retirement office shall be the rate applicable to the age attained by deducting the period from the date of refund to the date of re-entry from the exact age attained at the time of re-entry

If the member dies after he has rendered six months of service subsequent to his re-entry to membership, and before making an election with respect to the redeposit of the refunded contributions, the service upon which such contributions were based and the service rendered after his re-entry shall be included in the determination of the benefits payable under Sections 14251 and 14256

SEC 10 Section 14251 of said code is amended to read

14251 Except as otherwise provided in Sections 14364, 14365, or 14366, upon receipt of proof of a member's death which occurred before the effective date of his retirement or after said date but before the date upon which the warrant for his first retirement allowance is mailed, including a warrant for an advance payment as permitted by Section 14128, and within four months after the termination of the member's employment in a status requisite for membership in this retirement system, or while the member was physically or mentally incapacitated for performance of his duty, if such incapacity had been continuous from said termination there shall be paid to such beneficiary as he has nominated by written designation duly filed with the retirement board

(a) The Permanent Fund contributions, without interest, standing to the credit of his individual account, as having been made after July 1, 1935

(b) The accumulated contributions standing to the credit of his individual account in the Retirement Annuity Fund

(c) Any moneys standing to the credit of his individual account in the Annuity Deposit Fund pursuant to Section 13906, together with the interest accumulated thereon

(d) An amount, provided from contributions by the State, and payable from the Retirement Annuity Fund, for each completed year of service as a member, not to exceed six and excluding those years of service with respect to which contributions have been refunded and the member had not elected to redeposit pursuant to Section 14155, equal to one-twelfth of the salary which would have been earned by the member at the rate of salary at which he was last employed preceding death, assuming engagement in duties for the number of school days during the school year in which said employment existed From the amount determined under the sentence next preceding, there shall be deducted an amount equal to that portion of the benefit payable on account of said death by a local retirement system or the State Employees' Retirement System, which is provided from contributions of the employer, and is in addition to the portion of the benefit payable by said systems which is made up of the accumulated contributions of the member, and independently of any optional election made by said person at the time of his retirement under which he received a reduced retirement allowance and a benefit was provided at his death

(e) The accumulated shelter contributions standing to the credit of his account

SEC 11 Section 14355 of said code is amended to read

14355 Upon retirement for service, a retired member shall receive a retirement allowance which shall consist of

(a) A monthly retirement salary derived from the Permanent Fund, equal to the fraction of an amount which bears the same ratio to fifty dollars ($50) as the

number of years of service credited, not to exceed 30 years, bears to 30 years, set forth in Section 14359, opposite his age at retirement, taken to the preceding completed quarter year, in the column applicable to his sex. The retirement salary shall be subject to the deductions provided in Section 14106, if the member is not credited at the time of retirement with the total Permanent Fund contributions required of each member

(b) A retirement annuity derived from the Retirement Annuity Fund based upon the number of years of service credited to him, less any service for which he is entitled to receive retirement benefits under a local retirement system, computed pursuant to Section 14359

(c) An annuity which shall be the actuarial equivalent of the accumulated annuity deposits standing to the credit of his individual account at the time of his retirement

Such retirement allowance, prior to modification under options in Section 14363, and exclusive of the annuity derived from accumulated annuity deposits, shall be at least an amount, by increase in the annuity under the Retirement Annuity Fund, based on service rendered prior to July 1, 1944, which, when added to the retirement allowance, prior to optional modification, the person is entitled to receive from a local retirement system, shall equal the retirement allowance prior to optional modification, to which the person would be entitled under this system if he were not entitled to any allowance from a local retirement system, minus one-half the *retirement annuity on account of service rendered after June 30, 1944,* to which the person would be so entitled, but for which he did not make annuity contributions However, no amount shall be paid under this paragraph to any retired person who has the right to receive a retirement allowance from a local retirement system upon his subsequent attainment of a minimum age after the retired person attains that minimum age unless he affirmatively exercises his right to receive the retirement allowance from the local retirement system, and if such a retired person does so exercise his right, only if some amount is then payable under this paragraph

(d) A "shelter annuity" which shall be the actuarial equivalent of the accumulated shelter contributions standing to the credit of his individual account at the time of his retirement

SEC. 12. Section 14356 of said code is amended to read.

14356. The retirement allowance in Section 14355, exclusive of the ~~annuity~~ *annuities* in ~~subdivision~~ *subdivisions* (c) *and (d)* of that section, but when added to the retirement allowance, prior to optional modification, the person is entitled to receive from a local retirement system, shall be, by increase in the annuity under the retirement annuity fund, at least seventy dollars ($70) per year, multiplied by the member's years of service, not to exceed forty (40); provided, the retired member is at least 60 years of age at the time of retirement. If retirement is at an age less than 60 years, the minimum retirement allowance under this section is an amount equal to a fraction of the minimum retirement allowance calculated under the preceding sentence, said fraction being that set forth in Section 14359 opposite the member's age at retirement, taken to the preceding completed quarter year, in the column applicable to the member's sex. For any member under retirement who re-enters membership in the Retirement System and subsequently retires, the lesser age to be taken to the preceding quarter year, in the next preceding sentence, for calculating the minimum retirement allowance under this section, shall be determined by deducting from the member's age at the subsequent retirement, the aggregate time during which the member was under retirement prior to re-entry into membership in the system, provided, however, that the fraction to be taken at such adjusted lesser age shall not be less than nine-tenths if the subsequent and prior retirements were for disability. No retirement allowance shall be increased under this section to exceed, annually, 75 percent of the final compensation of the retired member.

SEC. 13. Section 14366 of said code is amended to read

14366. Upon the death before retirement of a member who is qualified for service retirement under subsection (a) of Section 14301, and on account of whose death the benefit provided by Section 14251 is otherwise payable, or who could have qualified for service retirement under subsection (b) of Section 14301 at the time of his death, a monthly allowance equal to one-half of the monthly retirement allowance prior to modification under options in Section 14363, which the member would have been entitled to receive if he had retired for service on the date of his death, shall be payable

(a) To the member's widow, or to the member's widower who was receiving at least one-half of his support from the member at the time of the member's death, and with respect to both widow and widower, who was married to such member prior to the occurrence of the injury or onset of the illness which resulted in death, provided, such widow or widower does not qualify for an allowance under Section 14365, or

(b) If there is no qualifying surviving spouse, or if such spouse dies or remarries, to unmarried children, including stepchildren, of the member, who are under 18 years of age

The allowances payable under this section shall be in lieu of the death benefit provided by Section 14251 or by Section 14151, except for the accumulated annuity deposits *and accumulated shelter contributions* included therein, but a person qualifying for the allowance or such person's guardian may elect, before the first payment on account of it, to receive such death benefit in lieu of the allowance. The member's accumulated annuity deposits *and accumulated shelter contributions* shall be paid to the person qualifying for the allowance, and the remainder of the accumulated contributions of the member shall be applied toward providing the allowance, and the balance not so provided shall be payable from state contributions.

If the guardian of one or more children otherwise eligible to receive the allowance elects that such death benefit be paid in lieu thereof, there shall be paid to each such child an amount equal to what said child would have received as an allowance hereunder had the election not been made (disregarding interest and the probability of death or marriage), and under the assumption that each monthly allowance would have been divided equally among such unmarried children then under age 18, said amounts to be reduced proportionally if their total would otherwise be in excess of the amount of such death benefit. Any balance of such death benefit remaining after such payments have been made shall be paid to the surviving spouse of the member, or if none, to the surviving children of the member, share and share alike

SEC. 14. Section 14369 of said code is amended to read

14369. Upon retirement for disability, a member shall receive a retirement allowance which shall consist of

(a) A retirement salary derived from the Permanent Fund, payable monthly, equal to the retirement salary calculated under subdivision (a) of Section 14355 if the member has attained the age 60 years at the effective date of his retirement, or if the member has not attained such age, a retirement salary payable monthly equal to ninety percent (90%) of an amount which bears the same ratio to fifty dollars ($50) as the number of years of service credited, not to exceed thirty (30) years, bears to 30 years. The retirement salary shall be subject to the deductions provided in Section 14106, if the member is not credited at the time of retirement with the total Permanent Fund contributions required of each member

(b) A disability annuity, derived from the Retirement Annuity Fund, computed pursuant to Section 14370

(c) An annuity which shall be the actuarial equivalent of the accumulated annuity deposits standing to the credit of his individual account at the time of his retirement

Such retirement allowance, prior to modification under options in Section 14363, and exclusive of the annuity derived from accumulated annuity deposits, shall be at least an amount, by increase in the annuity under the Retirement Annuity Fund, which, when added to the retirement allowance, prior to optional modification, the person is entitled to receive from a local retirement system, shall equal the retirement allowance, prior to optional modification, to which the person would be entitled under this system if he were not entitled to any allowance from a local retirement system, minus one-half the retirement annuity on account of service rendered after June 30, 1944, to which the person would be so entitled, but for which he did not make annuity contributions. However, no amount shall be paid under this paragraph to any retired person who has the right to receive a retirement allowance from a local retirement system upon his subsequent attainment of a minimum age after the retired person attains that minimum age unless he affirmatively exercises his right to receive the retirement allowance from the local retire-

ment system, and if such a retired person does so exercise his right, only if some amount is then payable under this paragraph

(d) A shelter annuity which shall be the actuarial equivalent of the accumulated shelter contributions standing to the credit of his individual account at the time of his retirement"
