STATUTES OF CALIFORNIA

REGULAR SESSION

1959

Began Monday, January 5, 1959, and Adjourned
Friday, June 19, 1959

STATUTES OF CALIFORNIA

PASSED AT THE 1959 REGULAR SESSION OF THE LEGISLATURE

CHAPTER 1

An act to amend Sections 140 and 161 of, and to add Section 160.2 to, the Vehicle Code, and to amend Section 4606 of, and to add Sections 4014 and 4611 to, the Vehicle Code as proposed by Assembly Bill No. 5, and to add Section 10787 to the Revenue and Taxation Code, relating to vehicle registration, and declaring the urgency thereof to take effect immediately.

[Approved by Governor January 30, 1959. Filed with Secretary of State January 30, 1959.]

In effect immediately

The people of the State of California do enact as follows:

SECTION 1. Section 140 of the Vehicle Code is amended to read:

140 Misdemeanor to Violate Registration Requirements. It is a misdemeanor for any person to drive or move, or for an owner knowingly to permit to be driven or moved, upon any highway any vehicle of a type required to be registered hereunder which is not registered or for which the appropriate fee has not been paid as required hereunder, subject to such exceptions as are stated in this code.

Registration violations Misdemeanor

This section does not apply:

(a) To the moving or operating of a vehicle not previously registered from a dealer's, distributor's, or manufacturer's place of business to a place where essential parts of the vehicle are to be altered or supplied.

(b) To the transportation of a vehicle upon a highway when no part of such vehicle is in contact with the highway.

(c) To the moving of a vehicle from a place of storage to another place of storage within a radius of 100 miles.

(d) To the moving of a vehicle which has been disabled as the result of an accident, for the purpose of repairs.

(e) To the moving or operating of a vehicle for the purpose of dismantling or wrecking the same and permanently removing it from the highway.

(f) To the moving or operating of a vehicle during the period of time in which application may be made for registration of the vehicle without penalty as provided in Sections 160 and 160.2.

No vehicle shall be operated under the provisions of paragraphs (a), (c), (d) or (e) except under a special permit issued by the department.

SEC. 2. Section 160.2 is added to said code, to read:

Nonresident's application

160.2 Nonresident Application for Registration. When the home state license plates of a foreign vehicle expire on December 31, and the owner of such vehicle has previously established residence or accepted gainful employment in this State, such owner shall make application for registration of said vehicle in this State between January 1st, and midnight of February 4th succeeding such expiration date. Such application shall be deemed an application for renewal of registration.

SEC. 3. Section 161 of said code is amended to read:

Vehicle operation pending registration

161. Operation of Vehicle Pending Registration. When application for registration of a vehicle has been made as required in Sections 160 and 160.2 hereof, such vehicle may be operated on the highways until the new indicia of current registration has been received from the department upon condition that there be displayed on such vehicle the license plate or plates and validating devices issued to such vehicle for the previous year.

SEC. 4. Section 10787 is added to the Revenue and Taxation Code, to read:

Vehicle license fee exception re Civil Air Patrol

10787. The license fee imposed by this part does not apply to any vehicle operated by the Civil Air Patrol, when the vehicle has been transferred to the Civil Air Patrol by the United States Government, or any agency thereof, if by federal regulation or directive the use of such vehicle is restricted to defined activities of the Civil Air Patrol, and if by federal regulation or directive the vehicle must be returned to the United States Government when no longer required or suited for use by the Civil Air Patrol.

SEC. 5. Section 4014 is added to the Vehicle Code as proposed by Assembly Bill No. 5, to read:

Exception re vehicle registration

4014. The provisions of Section 4000 shall not apply to the moving or operating of a vehicle during the period of time in which application may be made for registration of the vehicle without penalty as provided in Sections 4602 and 4611.

SEC. 6. Section 4606 of said proposed code is amended to read:

Vehicle operation pending registration

4606. When application for registration of a vehicle has been made as required in Sections 4602 and 4611, the vehicle may be operated on the highways until the new indicia of current registration have been received from the department upon condition that there be displayed on the vehicle the license plates and validating devices, if any, issued to the vehicle for the previous year.

SEC. 7. Section 4611 is added to said proposed code, to read:

Nonresident's application

4611. When the home state license plates of a foreign vehicle expire on December 31, and the owner of such vehicle has previously established residence or accepted gainful employment in this State, such owner shall make application for registration of said vehicle in this State between January 1st

and midnight of February 4th succeeding such expiration date. Such application shall be deemed an application for renewal of registration.

SEC. 8. Sections 5, 6, and 7 of this act shall become operative only if the Vehicle Code as proposed by Assembly Bill No. 5 is enacted by the Legislature at its 1959 Regular Session, and in such case at the same time as Assembly Bill No. 5 becomes operative; at which time Sections 140, 160.2 and 161 of the Vehicle Code adopted in 1935 are repealed. Effect Stats 1959, Ch 3

SEC. 9. This act is an urgency measure necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are: Urgency

Application for renewal of California registration may be made up to midnight of February 4th without penalty. However, under a recent legal interpretation, a nonresident who has become a resident or who has accepted gainful employment in California and whose vehicle registration expired on December 31st must apply for California registration on or before the succeeding January 30th in order to avoid penalty.

Also, in the 1958 legislative session, vehicles of the Civil Air Patrol were exempted from registration but, through error, such vehicles were not exempted from vehicle license fees which are normally collected at the time of vehicle registration.

Renewal of registration for 1959 has already begun. In order to prevent confusion resulting from two different penalty dates for the current registration renewal period and to prevent the imposition of excessive penalties upon a substantial number of new residents, it is necessary that this act take effect immediately.

CHAPTER 2

An act to recodify the Education Code by repealing and reenacting said code, relating to the establishment, maintenance, government and operation of schools, libraries and institutions of learning, arts and sciences.

[Approved by Governor February 3, 1959. Filed with Secretary of State February 3, 1959]

The people of the State of California do enact as follows:

SECTION 1. The Legislature intends by this act to rearrange the provisions of the Education Code in more logical sequence, making only such other changes as are necessitated by changing the sequence of existing provisions. The Legislature intends to accomplish this objective without making any substantive change in the law. Legislative intent

Repeal

SEC. 2. The Education Code is repealed.

SEC. 3. The Education Code is enacted, to read:

EDUCATION CODE

PART 1. GENERAL PROVISIONS AND ORGANIZATIONAL STRUCTURE OF THE PUBLIC SCHOOL SYSTEM

DIVISION 1. GENERAL PROVISIONS

CHAPTER 1. ESTABLISHMENT AND CONSTRUCTION OF EDUCATION CODE

Article 1. Construction of Provisions

Short title

1. This act shall be known as the Education Code.

Construction

2. The code establishes the law of this State respecting the subjects to which it relates, and its provisions and all proceedings under it are to be liberally construed, with a view to effect its objects and to promote justice.

Continuation of existing law

3. The provisions of this code, insofar as they are substantially the same as existing statutory provisions relating to the same subject matter, shall be construed as restatements and continuations, and not as new enactments.

References

4. Whenever reference is made to any portion of this code or of any other law of this State, such reference applies to all amendments and additions now or hereafter made.

Effect of headings

5. Division, chapter, article, and section headings do not in any manner affect the scope, meaning, or intent of the provisions of this code.

Constitutionality

6. If any provision of this code, or the application thereof to any person or circumstances is held invalid, the remainder of the code, and the application of such provision to other persons or circumstances, shall not be affected thereby.

Delegation of powers

7. Whenever a power is granted to, or a duty is imposed upon, a public officer, the power may be exercised or the duty may be performed by a deputy of the officer or by a person authorized, pursuant to law, by the officer, unless this code expressly provides otherwise.

Words of joint authority

8. Words giving a joint authority to three or more public officers or other persons are construed as giving such authority to a majority of them, unless it is otherwise expressed in the provisions of the code giving the authority.

Computation of time

9. The time in which any act provided by this code is to be done is computed by excluding the first day, and including the last, unless the last day is a holiday, and then it is also excluded.

Construction and definitions

10. Unless the provisions or the context otherwise requires these general provisions, rules of construction, and definitions shall govern the construction of this code

Article 2. Continuation of Rights and Duties

21. All persons who, at the time this code goes into effect, hold office under any of the acts repealed by this code, which offices are continued by this code shall continue to hold them according to their former tenure. Continuation in office

22. No action or proceeding commenced before this code takes effect, and no right accrued, is affected by the provisions of this code, but all procedure thereafter taken therein shall conform to the provisions of this code so far as possible. Effect on actions and proceedings

23. No rights given by any license or certificate under any act repealed by this code are affected by the enactment of this code or by such repeal, but such rights shall hereafter be exercised according to the provisions of this code. Existing rights

24. All persons who, at the time this code goes into effect, are entitled to a certificate or credential under any act repealed by this code, are thereby entitled to a certificate or credential under the provisions of this code so far as the provisions of this code are applicable. Certificates and credentials

Article 3. Definitions

31. Writing includes any form of recorded message capable of comprehension by ordinary visual means. Whenever any notice, report, statement, or record is required or authorized by this code, it shall be made in writing in the English language unless it is expressly provided otherwise. Writings

32. "Section" means a section of this code unless some other statute is specifically mentioned. "Section"

33. The present tense includes the past and future tenses, and the future, the present. Present and future tenses

34. The masculine gender includes the feminine. Gender

35. The singular number includes the plural, and the plural, the singular. Singular and plural numbers

36. "Shall" is mandatory and "may" is permissive. "Shall" and "may"

37. "Oath" includes affirmation. "Oath"

38. "State" means the State of California, unless applied to the different parts of the United States. In the latter case, it includes the District of Columbia and the territories. "State"

39. "Governing board" means board of school trustees, and city, and city and county board of education. "Governing board"

40. "City superintendent of schools" includes the superintendent of schools of a district lying wholly or partly within a city and county. "City superintendent of schools"

41. "Any school district" and "all school districts" mean school districts of every kind or class. "Any school district," etc.

42. "Union school district" means a district composed of two or more school districts situated in the same county. "Union school district"

43. "Joint union school district" means a district composed of two or more school districts situated wholly or in part in different counties. "Joint union school district"

Same

44. A union school district formed of elementary school districts not all in the same county is designated a joint union school district.

"City school district"

45. "City school district" includes a school district lying wholly or partly within a city and county.

"High school district"

46. Whenever "high school district" is used in this code, unless a contrary intent appears, it includes union high school districts, joint union high school districts, and county high school districts.

"Union high school district"

47. A high school district, other than a city high school district, comprising two or more elementary school districts lying wholly in the same county is a union high school district, and such designation shall be part of its name.

Joint union high school district

48. A high school district comprising two or more elementary school districts lying wholly or in part in more than one county is a joint union high school district, and such designation shall be part of its name.

"War"

49. Whenever used in this code, in specifying or defining the rights of employees of school districts who are absent from their duties as employees of the district while in the active military service of the United States of America or of the State of California, or while assigned to duty with the military forces of the United States of America or of the State of California in the full-time paid service of the American Red Cross, the word "war" shall mean: (a) whenever Congress has declared war and peace has not been formally restored; (b) whenever the United States is engaged in active military operations against any foreign power, whether or not war has been formally declared; or (c) whenever the United States is assisting the United Nations, in actions involving the use of armed force, to restore international peace and security.

CHAPTER 2. ADMINISTRATION AND CERTIFICATION OF OATHS

Power to administer oaths

61. The Superintendent of Public Instruction, Deputy and Assistant Superintendents of Public Instruction, secretary of the Superintendent of Public Instruction, county superintendents of schools, school trustees, members of boards of education, secretaries and assistant secretaries of boards of education, city superintendents of schools, district superintendents of schools, assistant superintendents of schools, deputy superintendents of schools, principals of schools, and every other officer charged with the performance of duties under the provisions of this code may administer and certify oaths relating to officers or official matters concerning public schools.

CHAPTER 3. LANGUAGE OF INSTRUCTION

71. All schools shall be taught in the English language. Language of instruction

DIVISION 2. STATE EDUCATIONAL AGENCIES

CHAPTER 1. THE STATE BOARD OF EDUCATION

Article 1. Composition, Terms and Organization

101. There is in the State Government a State Board of Education, consisting of 10 members, who are appointed by the Governor with the advice and consent of two-thirds of the Senate. State Board of Education

102. The term of office of the members of the board is four years, and they shall hold office until the appointment and qualification of their successors. The terms of the members of the board in office when this section takes effect shall expire as follows: Term of office

Three members January 15, 1960.
Two members January 15, 1961.
Three members January 15, 1962.
Two members January 15, 1963.

The terms shall expire in the same relative order as to each member as the term for which he holds office before this section takes effect.

103. Any vacancy shall be filled by appointment by the Governor, subject to confirmation by two-thirds of the Senate. The appointee to fill a vacancy shall hold office only for the balance of the unexpired term. Vacancies

104. At the first meeting following any change in the membership of the board, the board shall reorganize by electing one of its members president. Organization

105. The Superintendent of Public Instruction shall be secretary and shall act as executive officer of the board. He shall have charge of all its correspondence and shall keep a record of its proceedings. Superintendent of Public Instruction, Secretary

106. The board shall appoint an acting secretary, who shall also act as executive officer of the board in the absence of the Superintendent of Public Instruction from the State, or in case of his incapacity for duty. Acting secretary

107. Members of the board shall serve without pay. They shall receive their actual and necessary traveling expenses while on official business. Compensation and expenses

108. The board shall meet every three months at such times as it may by resolution determine. Meetings

109. Special meetings may be called by the president. Upon the request of any four members in writing, the secretary shall call a special meeting. Special meetings

110. Notice of each meeting shall be given by the secretary by registered mail to each member of the board at least Notice

10 days prior to the time of the meeting. Notice of the meeting may be waived in writing by all members of the board.

Open meetings

111. All meetings of the board shall be open and public

112. The concurrence of six members of the board shall be necessary to the validity of any of its acts.

Records

113. All records of the board shall be open to inspection by the public during regular office hours, except as otherwise provided by law.

Article 2. Powers and Duties

Policy determination

151. The board shall determine all questions of policy within its powers.

Rules and regulations

152. The board shall adopt rules and regulations not inconsistent with the laws of this State (a) for its own government, (b) for the government of its appointees and employees, (c) for the government of the day and evening elementary schools, the day and evening secondary schools, and the technical and vocational schools of the State, (d) for the government of the several teachers colleges of the State, and (e) for the government of such other schools, excepting the University of California, as may receive in whole or in part financial support from the State.

The rules and regulations adopted shall be published for distribution as soon as practicable after adoption.

Study and plans

153. The board shall study the educational conditions and needs of the State. It shall make plans for the improvement of the administration and efficiency of the public schools of the State.

Courses in state institutions

154. The State Board of Education may:

(a) Establish at the request of the governing authorities of any state institution, courses of instruction for the inmates of the institution.

(b) Examine under arrangements with the governing authorities of the institution the progress of students taking the courses and grant certificates of progress or completion as the State Board of Education may determine.

Witnesses

155. The board shall issue subpenas to compel the attendance of witnesses before the board, or any member thereof, in the same manner as any court in this State. Whenever the testimony of any witness upon any matter pending before it is material, the president shall cause the attendance of the witnesses before the board, or a member of the board, to testify concerning the matter, and the board may make a reasonable allowance for this purpose not exceeding the fees of witnesses in civil cases. The allowance shall be paid for out of the appropriation for the expense of the board, but in no instance shall an allowance be made in favor of a witness who appears in behalf of a claimant. The provisions of this section shall not apply to proceedings conducted in accordance with Chapter 5 of Part 1 of Division 3 of Title 2 of the Government Code.

Seal

156. The board shall adopt and use an official seal in authentication of its acts.

157. The board shall cause the State Printer or other officer having the management of state printing to do any printing required by it. All orders for printing shall first be approved by the Department of Finance. Printing

158. The board shall submit to the Governor biennially on or before the fifteenth day of September next preceding the regular session of the Legislature, a report of its transactions for the preceding two years, together with recommendations of its needs for the coming biennium, and such recommendations as to changes in laws or new educational legislation as may seem to it to be necessary. Biennial report

CHAPTER 2. SUPERINTENDENT OF PUBLIC INSTRUCTION

Article 1. Appointment, Salaries and Bond

201. A vacancy in the Office of Superintendent of Public Instruction shall be filled by appointment by the Governor. Vacancy

202. The annual salary of the Superintendent of Public Instruction is provided for by Chapter 6 of Part 1 of Division 3 of Title 2 of the Government Code. He shall execute an official bond in the sum of ten thousand dollars ($10,000). Salary and bond

203. The actual and necessary traveling expenses of the Superintendent of Public Instruction, his deputy and assistants, shall be ordered and paid out of the appropriation made for the Department of Education. Traveling expenses

Article 2. Powers, Duties, and Responsibilities

251. The Superintendent of Public Instruction may employ one deputy superintendent of public instruction and necessary clerical and expert assistants, and may fix the compensation of all statutory and other employees as provided by law, except as otherwise provided. Deputy and assistants

252. The Superintendent of Public Instruction shall execute, under direction of the State Board of Education, the policies which have been decided upon by the board and shall direct, under general rules and regulations adopted by the State Board of Education, the work of all appointees and employees of the board. Execution of policies, etc

253. The Superintendent of Public Instruction shall: Duties

(a) Superintend the schools of this State.

(b) Prepare, have printed, and furnish to teachers and to all officers charged with the administration of the laws relating to the public schools such blank forms and books as may be necessary to the discharge of their duties, including blank teachers' certificates to be used by county and city and county boards of education.

(c) Visit the several orphan asylums to which state appropriations are made, and examine into the course of instruction in the asylums.

(d) Visit the schools in the different counties, and inquire into their condition; and the actual traveling expense thus

incurred, not exceeding one thousand eight hundred dollars ($1,800) per annum, shall be allowed, audited and paid out of the General Fund in the same manner as other claims are audited and paid.

(e) Visit and inspect each state college from time to time, inquire into its condition and management, require such reports as he may deem proper from the teachers of the school, and exercise general supervision over the colleges.

(f) Authenticate with his official seal all drafts or orders drawn by him, and all papers and writings issued from his office.

(g) Have bound, at the state bindery, all valuable school reports, journals, and documents in his office, or received by him.

(h) Deliver over, at the expiration of his term of office, on demand, to his successor, all property, books, documents, maps, records, reports, and other papers belonging to his office, or which may have been received by him for the use of his office.

Contracts, etc., with Federal Government

254. The Superintendent of Public Instruction shall prescribe regulations under which contracts, agreements or arrangements may be made with agencies of the Federal Government for funds, services, commodities, or equipment to be made available to schools of the Public School System.

Compliance with regulations

255. All such contracts, agreements or arrangements shall be entered into in accordance with regulations prescribed by the Superintendent of Public Instruction and in no other manner.

Aeronautics courses agreements

256. The Superintendent of Public Instruction may enter into an agreement with the Government of the United States or any agency thereof relative to the establishment of courses of study in aeronautics in the junior colleges, state colleges, and technical schools of the Public School System.

Agreements with Federal Government

257. The Director of Education may enter into agreements with any agency of the Federal Government for the education of persons in the service of the Federal Government in schools or colleges under the jurisdiction of the Department of Education. All moneys received from an agency of the Federal Government for the education of persons in any such school or college are hereby appropriated for the support of such school or college in addition to such other funds as may be appropriated therefor by the Legislature.

Same: Performance of services

258. The Director of Education may enter into agreements with agencies of the Federal Government, county superintendents of schools, county boards of education, any school district, and state college foundations or other auxiliary organizations, including those established pursuant to Sections 23603 to 23607, inclusive; Sections 23751 to 23803, inclusive; Sections 24051 to 24104, inclusive; Sections 24451 to 24455, inclusive; Sections 24581 and 24582; and Section 24601, for the performance of any services for such agencies by any school or college under the jurisdiction of the Department of Education. All moneys received under any such agreement,

except recovery of contributions to the State Employees' Retirement Fund, are hereby appropriated for the support of such school or college in addition to such other funds as may be appropriated therefor by the Legislature.

Estimate of school money to be apportioned

259. The Superintendent of Public Instruction shall, not later than the twenty-fifth day of July in each year, prepare an estimate of the amount of state school money that will be apportioned to each county or city and county during the current school year, and furnish a certified copy of the estimate to each county or city and county superintendent of schools.

Length of vacations

260. Other than for persons in the state civil service, the length of, and the time for, vacations of teachers, officers, and employees of state colleges, the schools for the deaf, the school for the blind, and orientation centers for the blind shall be prescribed by the Director of Education, except that the length of vacations for teachers at orientation centers for the blind shall not exceed 30 days.

Report to Governor

261. The Superintendent of Public Instruction shall report to the Governor, on or before the fifteenth day of September, preceding each regular session of the Legislature, a statement of the condition of the public elementary and secondary schools, the state colleges, and other educational institutions, supported in whole or in part by the State.

He shall accompany his report with tabular statements, showing:

(a) The number attending public schools, and the average attendance.

(b) The amount of state school funds apportioned, and the sources from which derived.

(c) The amount raised by county, city and county, and district taxes, or from other sources of revenue, for school purposes.

(d) The amount expended for salaries of teachers, for building schoolhouses, for district school libraries, and for incidental expenses.

Experimental work

262. The Director of Education may conduct experimental work in education through various media, including radio and vision.

Audial and visual materials

263. The Director of Education may develop audial and visual curriculum materials, evolve means and methods, and prescribe standards, for the use of such materials in the public elementary and secondary schools.

Consultant services

264. The Director of Education shall provide consultant services in connection with the education of hard of hearing children in areas where said services are not available. The services shall be provided through an expert in the fields of organization and planning for the education of the hard of hearing who shall be employed for that purpose by the Director of Education.

Article 3. Deputy and Associate Superintendents

Deputy and associate superintendents Duties

301. The duties of the Deputy Superintendent of Public Instruction and of the associate superintendents of public instruction appointed by the State Board of Education under Section 2 1 of Article IX of the Constitution of this State shall be such as are assigned to them by the Superintendent of Public Instruction.

Same: Salaries

302. The annual salaries of the Deputy Superintendent of Public Instruction and of the associate superintendents of public instruction appointed by the State Board of Education under Section 2.1 of Article IX of the Constitution of this State shall be fixed by the Superintendent of Public Instruction with the approval of the Director of Finance.

CHAPTER 3. DEPARTMENT OF EDUCATION

Article 1. General Provisions

Department of Education

351. There is in the State Government a Department of Education.

Administration

352. The Department of Education shall be administered through:

(a) The State Board of Education which shall be the governing and policy determining body of the department.

(b) The State Director of Education in whom all executive and administrative functions of the department are vested and who is the executive officer of the State Board of Education.

Executive officers

353. The Department of Education shall be conducted under the control of an executive officer known as the Director of Education.

Director of Education

354. The State Superintendent of Public Instruction is ex officio Director of Education.

Conduct of department

355. Except as otherwise in Sections 351 to 363, inclusive, Sections 401 to 404, inclusive, Sections 406 to 457, inclusive, and Section 24001 prescribed, the provisions of Article 2, Chapter 2, Part 1, Division 3 of Title 2 of the Government Code, shall govern and apply to the conduct of the Department of Education in every respect as if such provisions were herein set forth at length.

"Head of department"

356. Wherever in Article 2, Chapter 2, Part 1, Division 3 of Title 2 of the Government Code, the term "head of the department," or similar designation occurs, it shall, for the purposes of Sections 351 to 363, inclusive, Sections 401 to 404, inclusive, Sections 406 to 457, inclusive, and Section 24001 mean the Director of Education.

Successor to boards and offices

357. The Department of Education is the successor to, and is vested with all the duties, powers, purposes, responsibilities, and jurisdiction of the State Board of Education, boards of trustees of the several state normal schools, teachers colleges, board of trustees of the California Polytechnic School, board of directors of the California School for the Deaf and

the Blind, and of the several officers, deputies, and employees of such bodies and offices.

Successor to powers

358. Except as otherwise provided in Sections 101 to 153, inclusive, Sections 155 to 253, inclusive, Sections 259 and 261, Sections 301 to 363, inclusive, Sections 401 to 404, inclusive, and Section 24001, whenever by the provisions of any statute or law now in force, or that may hereafter be enacted, a duty or jurisdiction is imposed or authority conferred upon any of the bodies, offices, officers, deputies, or employees mentioned in Sections 351 to 363, inclusive, Sections 401 to 404, inclusive, and Sections 406 and 24001, such duty, jurisdiction, and authority are imposed upon and transferred to the Department of Education with the same force and effect as though the title of the Department of Education had been specifically set forth and named therein.

Records and property

359. The Department of Education shall be in possession and control of all records, books, papers, offices, equipment, supplies, moneys, funds, appropriations, land, and other property, real or personal, now or hereafter held for the benefit of the bodies, offices, and officers whose duties, powers, purposes, responsibilities, and jurisdiction are transferred to and vested in the Department of Education.

Administration of laws

360. The Department of Education shall administer and enforce all laws now or hereafter imposing any duty, power, or function upon any of the bodies, offices, officers, deputies, or employees transferred to the Department of Education under the provisions of Sections 351 to 363, inclusive, Sections 401 to 404, inclusive, and Sections 406 and 24001.

Offices and positions abolished

361. The following bodies and offices and the position of all deputies, officers, and employees thereunder are abolished: the boards of trustees of the several state normal schools, or teachers colleges, of the California Polytechnic School, and of the California School for the Deaf and the Blind; but the statutes and laws under which they existed, and all laws prescribing their duties, powers, purposes, responsibilities, and jurisdiction, together with all lawful rules and regulations established thereunder, are expressly continued in force.

Establishment of divisions in department

362. In addition to the Division of Libraries of the Department of Education, established by law, the State Board of Education may, upon recommendation of the Director of Education, establish such divisions as in the judgment of the board are necessary for the proper transaction of the business of the department.

Commission on employment discrimination

363. The State Board of Education may, upon recommendation of the Director of Education, establish in the Department of Education a commission to assist and advise local school districts in problems relating to racial, religious or other discrimination in connection with the employment of certificated employees.

Printing and binding

364. All printing or binding required by the Superintendent of Public Instruction or the State Board of Education, or by any educational institution, except the University

of California, supported entirely out of state funds, and all school registers and blank forms prescribed by the Superintendent of Public Instruction for the use of officers charged with the administration of the laws relating to the public schools, including blank teachers' certificates, and diplomas of graduation from elementary schools in districts not governed by city boards of education, shall be performed by the Department of Finance in the form and manner and at the prices of other state printing, and be paid for in like manner.

Sale of publications

365. With the approval of the Department of Finance, the State Department of Education may fix the price for the sale of any bulletin or publication of the department, or any institution of the department.

Free copies

366. When the Department of Education fixes the price of any publication, it shall specify the class of persons or institutions that may receive copies of the publication free of charge.

Purchase of publications

367. Any county, or any school district, in this State may purchase the publications described in Sections 364 to 368, inclusive, from the State Department of Education.

Deposit of proceeds

368. All moneys received from the sale of publications shall be deposited in the State Treasury to the credit of the fund against which the cost of printing the publication was charged.

Article 2. Specific Provisions—Finances

Expenditure of money

401. The department may expend the moneys in any appropriation, or in any special fund in the State Treasury now remaining or made available by law for the administration of the provisions of any of the statutes enumerated in this article or for the use, support, or maintenance of any board, commission, office, or officer that is abolished by the provisions of Sections 351 to 363, inclusive, Sections 401 to 404, inclusive, and Sections 406 and 24001, and whose duties, powers, and functions are, by the provisions of Sections 351 to 363, inclusive, Sections 401 to 404, inclusive, and Sections 406 and 24001, transferred to and conferred upon the Department of Education, excepting that the funds of the State Board of Education in respect to functions retained by it, including such funds as are now or may hereafter be entrusted to the State Board of Education for administration, and the funds of the Superintendent of Public Instruction shall be administered as heretofore.

Appropriations

402. The Department of Education may expend the moneys in any appropriation heretofore or hereafter made for the support of the State Board of Education.

Gifts and bequests

403. The Director of Education may, with the approval of the Director of Finance, accept on behalf of, and in the name of, the State such gifts, donations, bequests, and devises as may be made to the Department of Education, or to any school, college, or other institution administered by the Director of Education or the Department of Education, which in his judgment would be of benefit to the State and, if made to a school, college, or other institution, would be of benefit to the school,

college, or other institution. Gifts, donations, bequests, and devises may be made subject to such conditions or restrictions as the Director of Education may deem advisable.

The "Fund of the Industrial Home of Adult Blind" is hereby abolished and the moneys therein are transferred to the Special Deposit Fund in the State Treasury.

Disposition of funds

404. Money received under Section 403 may, with the approval of the Director of Finance, be deposited by the Director of Education to the credit of the department or of the school, college, or institution designated by him, in accounts in banks or transmitted by him to the State Treasurer for deposit in trust accounts. Withdrawals may be made from any such bank account or trust account by the Director of Education or any employee of the Department of Education authorized by him to make withdrawals therefrom.

Appropriation: Education of veterans

405. All moneys received by or for any school or college under the jurisdiction of the Department of Education from any agency of the Federal Government, directly or indirectly, for the education of veterans, are hereby appropriated for the support of such school or college in addition to such other funds as may be appropriated therefor by the Legislature. Such moneys shall augment such support appropriation of the state college current at the date of issuance of the State Controller's receipt therefor as may be designated by the state college prior to their deposit in the State Treasury.

Traveling expenses

406. For the purposes of Government Code Section 11032, the following constitute, among other proper purposes of like or different character, state business for officers and employees of the Department of Education for which the officers and employees shall be allowed actual and necessary traveling expenses:

(a) Attending meetings of any national association or organization having as its principal purpose the study of matters relating to education or to a particular field or fields of education, or any agency of such association.

(b) Conferring with officers or employees of the United States, or appearing before committees of either house of the Congress of the United States, relative to problems relating to education in California.

(c) Conferring with officers or employees of other states engaged in the performance of similar duties.

(d) Obtaining information useful to the department in the conduct of its work.

When traveling is outside the State, traveling and expense shall be approved by the Governor and Director of Finance as provided in Government Code Section 11032.

Article 3. Specific Provisions—Surplus Property

Designation

451. The State Department of Education is hereby designated as the California State Educational Agency for Surplus Property.

Co-operation with Federal Government

452. Said agency is authorized and directed to co-operate with the Federal Government and its agencies in securing the expeditious and equitable distribution of surplus property of the Federal Government to eligible institutions in California, to assist said institutions in securing such property and to do all things necessary to the execution of its powers and duties.

Acquisition and disposition of property

453. Whenever by the provisions of any act of Congress or any rule or regulation adopted thereunder the agency is authorized to accept, receive, or purchase for resale from the Federal Government or any agency thereof, any property and to provide for its disposition or resale, it is authorized to do so and is vested with all necessary power and authority to accomplish such acceptance, purchase, receipt, disposition and resale. The agency is hereby exempted from the provisions of Article 2, Chapter 4, Part 3, Division 3, Title 2 of the Government Code.

Reimbursement and refunds

454. The California State Educational Agency for Surplus Property in providing for the disposition of such property shall require the payment of such charges by the parties to whom property is transferred as the agency estimates will reimburse the agency for the average costs of procuring, storing, handling, and disposing of such property. All moneys received by the agency for charges billed on or after July 1, 1947 under this section or its predecessor shall be paid into the State Treasury to the credit of the Educational Surplus Property Revolving Fund. Any moneys found by the agency to be in excess of the costs incurred in procuring, storing, handling and disposing of such property may, upon approval of the Department of Finance, be refunded to the parties from whom such moneys were received. The agency may reduce or eliminate charges on property found not to be usable for the purpose for which procured.

Surplus Educational Property Revolving Fund

455. There is hereby created in the State Treasury the Surplus Educational Property Revolving Fund. Accumulated reserves resulting from handling and service charges shall be transferred from the appropriation made by Chapter 95 of the Statutes of the First Extraordinary Session of the Fifty-sixth Legislature to said fund, upon the approval of the Director of Finance. On and after July 1, 1947, all costs of the State Educational Agency for Surplus Property, including but not limited to costs of procuring, transporting, shipping, and storing surplus property of the Federal Government and its distribution to educational agencies, and costs of general assistance and real property procurement, shall be paid from this fund. The Surplus Educational Property Revolving Fund shall be reimbursed from the support appropriation for the agency for costs of general assistance and real property procurement in accordance with Sections 11251 and 11252 of the Government Code.

Out-of-state travel

456. The California State Educational Agency for Surplus Property may send representatives out of this State for the purpose of inspecting property or conferring with federal and other state officials, provided such traveling and expenses have

been approved by the Governor and by the Department of Finance. Such out-of-state travel shall not come within the limitation imposed in Section 406 of the Education Code.

457. The State Educational Agency for Surplus Property may, without at the time furnishing vouchers or itemized statements, draw from the Surplus Educational Property Revolving Fund for use as a departmental revolving fund: Departmental revolving fund

(a) A sum not to exceed thirty thousand dollars ($30,000), or

(b) With the approval of Department of Finance a sum in excess of thirty thousand dollars ($30,000).

Any moneys so withdrawn may only be used, in accordance with law and Board of Control rules, for payment of compensation earned, traveling expense, traveling expense advances, or where immediate payment is otherwise necessary. All disbursements from such revolving fund must be substantiated by vouchers filed with and audited by the Controller. From time to time, disbursements, supported by vouchers, may be reported to the Controller in connection with claims for reimbursement of the departmental revolving fund. At any time upon the demand of the Department of Finance or the Controller, such revolving fund must be accounted for and substantiated by vouchers and itemized statements submitted to and audited by the Controller.

CHAPTER 4. STATE COUNCIL OF EDUCATIONAL PLANNING AND CO-ORDINATION

501. There is in the State Government, a State Council of Educational Planning and Co-ordination consisting of nine members. The Superintendent of Public Instruction and the President of the University of California are ex officio members of the board. Establishment and composition

Of the seven other members of the board, five shall be persons not engaged in any manner in the direction or supervision of education, not engaged, employed, or serving in any capacity in any body charged with the direction or supervision of education, and not engaged, employed, or serving in any capacity in any school, college, or university. Each of the appointed members of the board shall be appointed for a term of one year jointly by the State Board of Education and the Board of Regents of the University of California upon the joint nomination of the Superintendent of Public Instruction and the President of the University of California

Thereafter their successors shall be chosen in like manner for a like term. Any vacancy shall be filled by appointment by the Superintendent of Public Instruction and the President of the University of California jointly. Any person appointed to fill a vacancy shall serve only for the balance of the unexpired term.

Function

502. The function of the State Council of Educational Planning and Co-ordination is to study problems affecting the relationships between the schools of the Public School System and the University of California, and to make recommendations thereon jointly to the State Board of Education and the Regents of the University of California through the Superintendent of Public Instruction and the President of the University of California.

DIVISION 3. COUNTY ORGANIZATION

CHAPTER 1. COUNTY BOARDS OF EDUCATION

Article 1. Election, Jurisdiction, Organization and Procedure

County boards of education. Composition, etc

601. Except in a city and county, there shall be a county board of education, which shall consist of five or seven members to be determined by the county committee on school district organization. Not later than March 1, 1956, the county committee on school district organization shall file in writing its determination of the number of members of the county board of education and the designated trustee areas in the county with the county board of supervisors. Each member of the board shall be an elector of the trustee area which he represents and shall be elected by the electors of the trustee area. In chartered counties the manner of selection of the county board of education shall be prescribed in the county charter, or by the county board of supervisors. In a county unified school district or in a unified school district which includes all of the territory over which a county superintendent of schools has jurisdiction, the governing board of the district shall serve as the county board of education. This section shall become effective on July 1, 1959.

Same

601.1. Except in a city and county, there shall be a county board of education, which shall consist of five or seven members to be elected at large with at least one residing in each of designated trustee areas to be determined by the county committee on school district organization. Not later than March 1, 1956, the county committee on school district organization shall file in writing its determination of the number of members of the county board of education and the designated trustee areas in the county with the county board of supervisors. In chartered counties the manner of selection of the county board of education shall be prescribed in the county charter, or by the county board of supervisors. In a county unified school district or in a unified school district which includes all of the territory over which a county superintendent of schools has jurisdiction, the governing board of the district shall serve as the county board of education. This section shall remain in effect until July 1, 1959, and thereafter shall have no further force and effect.

602. Upon request of the county board of education, the county committee on school district organization by a two-thirds vote of the members, may change the boundaries of any or all of the trustee areas of the county. The trustee areas shall be as nearly equal in population as may be, except that in establishing the boundaries of the trustee areas the county committee may give consideration to the following factors: (a) topography, (b) geography, (c) cohesiveness, contiguity, integrity, and compactness of territory, and (d) community of interests of the trustee areas. Changes in boundaries shall be made in writing and filed with the county board of supervisors not later than the first day of March of any school year. Change in trustee areas

603. The boundaries of any trustee area shall not at any time be changed so as to affect the term of office of any member of the county board of education who has been elected and whose term of office has not expired. Term of office

604. Any registered voter is eligible to be a member of the county board of education except the county superintendent of schools, any member of his staff, or any employee of a school district. Eligibility

605. Members of the county board of education shall be elected on the date and in the manner prescribed for the election of members of governing boards of school districts; provided, such elections are held throughout the county on the same date; otherwise the election shall be consolidated with the direct primary election. Where the elections for governing board members are held on the same date then the provisions of Section 940 of this code shall apply to the election of members of the county board of education. The first election held under Sections 601 to 653, inclusive, and Sections 701 to 707, inclusive, shall be conducted by the county board of supervisors and thereafter by the county board of education. They shall take office on the first day of July subsequent to their election and shall serve for a term to be determined for each county by the county committee on school district organization. The county committee on school district organization shall also determine the manner in which the county board of education first elected under Sections 601 to 653, inclusive, Sections 701 to 811, inclusive, Section 816, and Sections 851 to 856, inclusive, shall effect a staggering of terms. Election procedure

The county committee on school district organization shall file in writing its determinations under this section with the county board of supervisors not later than March 1, 1956.

606. Any vacancy shall be filled by the majority of the remaining members of the board. The appointee shall hold office only until the first day of the month following the next election at which a member of the county board of education is elected in the county and until his successor is qualified. At such election the person elected to fill the vacancy shall be elected to serve for the remainder of the unexpired term. Vacancies

Annual organization

607. The county board of education shall organize on the first meeting subsequent to the first of July in each year by electing one of their number president of the board.

Secretary

608 The county superintendent of schools is ex officio secretary and executive officer of the board.

Regular meetings

609. Regular meetings of the board shall be held at such time as it may determine, but not less than once per month.

Special meetings

610. Special meetings may be called by the president whenever, in his judgment, the exigencies of the schools require them to be held. Upon the request of any three members, in writing, the president shall call a special meeting.

Quorum

611. A majority of the members shall constitute a quorum for the transaction of business.

Majority vote

612. No teacher's certificate shall be issued or renewed, nor shall any books or apparatus be adopted except by an affirmative vote of at least a majority of the members of the board.

Recording of vote

613. On the call of any member, the ayes and nays shall be taken upon any proposition, and the vote shall be recorded in the minutes of the board.

Special meetings Business

614. At special meetings, no business shall be transacted other than such as may be specified in the call of the president, except that certificates to teach, upon credentials, may be granted, and unexpired certificates to teach may be renewed at any meeting of the board.

Article 2. Duties and Responsibilities

Duties

651. County boards of education shall:

(a) Adopt rules and regulations not inconsistent with the laws of this State, for their own government.

(b) Keep a record of their proceedings.

(c) Review and make recommendations on the annual budget of the county superintendent of schools before its submission to the county board of supervisors.

(d) Review and make recommendations on the annual county school service fund budget of the county superintendent of schools before its submission to the Superintendent of Public Instruction.

Powers

652. County boards of education may:

(a) Adopt and use an official seal in authentication of their acts.

(b) Have such printing done as may be necessary.

Same

653. County boards of education in counties governed by charters which provide for an elected board of education may:

(a) Adopt rules and regulations governing the administration of the office of the county superintendent of schools.

(b) Review the county superintendent of schools annual itemized estimate of anticipated revenue and expenditures before such annual itemized estimate is filed with the auditor as required by Section 29040 of the Government Code and make such revisions, reductions or additions therein that it

deems advisable and proper. No such itemized estimate shall be filed by the county superintendent of schools or be approved by the board of supervisors until it has first been so reviewed and approved by the county board of education.

Courses of instruction

654. County boards of education shall prescribe, on or before the first day of July of each year, the course of study in and for each grade of the elementary schools of the county for the ensuing school year.

Same: Exclusion

655. Such course of study shall not apply to elementary schools in cities governed by city boards of education.

Same: Changes

656. Whenever necessary the board may amend and change the course of study, subject to the provisions of Sections 645 to 656, inclusive, and Sections 7601 to 7606, inclusive.

Article 3. Salaries and Expenses

Compensation

701. The board of supervisors may allow to each member of the county board of education as compensation ten dollars ($10) a day for his services, and to each member who uses a privately owned automobile in the discharge of necessary official duties as a member of the county board of education the same amount as allowed any county official in the performance of his official duties. The mileage rates allowed in this section should be based on the total mileage claimed in a calendar month.

Mileage

702. If the members of the board of supervisors of any county are not allowed mileage, the board of supervisors of the county shall allow to each member of the county board of education of that county actual and necessary traveling expenses not exceeding twenty-five cents ($0.25) per mile one way in attending the meetings of the board.

Compensation of secretary

703. The secretary may be allowed the sum of ten dollars ($10) per day for the actual time that the board may be in session.

Same: Payment

704. Compensation of the members of the board, shall be payable out of the county general fund.

Printing and other expenses

705. Expenses for printing required by the county board of education, and all incidental expenses incurred for stationery or other purposes in the performance of its duties, shall be audited and paid as other claims against the general fund of the county are paid.

Membership in organizations

706. The county board of education may subscribe for membership in, or otherwise become a member of, any state or local organization of governing boards of school districts or members thereof, or of county boards of education or members thereof, or both, which has for its primary purpose the promotion and advancement of public education through research and investigation, and the co-operation with persons and associations whose interests and purposes are the betterment of the educational opportunities of the children of the State. The costs incurred for the purposes of this section shall be payable out of the county general fund.

Expenses re attendance at meetings

707. The county board of education of each county may select a member or members of the board to attend meetings of any society, association, or organization for which the board has subscribed for membership, or any convention to which the governing board of a school district may pay the expenses of any employee. The actual expenses of the member or members shall be allowed and paid out of the county general fund with prior budgetary approval.

CHAPTER 2. COUNTY SUPERINTENDENT OF SCHOOLS

Article 1. Appointment, Qualifications, Salary and Expenses

Traveling expenses

751. Each county superintendent shall receive his actual and necessary traveling expenses. The expenses shall be allowed by the board of supervisors, and be paid out of the county general fund.

Convention expenses

752. Each county school superintendent shall also receive his actual and necessary traveling expenses, when, with the approval of the board of supervisors, he attends any convention or conference to which he is called by the State Board of Education, or the Superintendent of Public Instruction, and when the board of supervisors delegates him to perform services outside of his county either within or without the State.

Office expenses

753. The expenses of the office of superintendent of schools for its stationery, blank books, postage, expressage, freight, telephone, telegraphing, and other necessary office expenses shall be allowed by the supervisors of the county and paid out of the general fund of the county in the same manner as other claims against the county are paid.

Expense of housing services

754. The expense of providing housing for all the services of the county superintendent of schools shall be allowed by the board of supervisors of the county and paid out of the general fund of the county.

Retirement system contributions and benefits

755. For the purposes of the retirement system of which a county superintendent of schools is a member, all contributions by or on account of the county superintendent and all benefits to him shall be based, insofar as, and to the extent that, such contributions and benefits are based upon the compensation received by him as county superintendent of schools, upon the whole of his annual salary as county superintendent of schools regardless of the fund or funds from which paid, subject only to the maximum amount of salary on which contributions can be paid the system. If such contributions are required to be paid to the system from any fund from which any part of the annual salary of the county superintendent of schools is paid, then contributions shall be paid from each of the funds from which his annual salary is actually paid in the same proportion of the total contribution as that part of his annual salary paid from such fund is of the whole of his annual salary. Contributions which would have been made by any county superin-

tendent of schools, or by an employer on account of said superintendent, if this section had been in effect on and after September 19, 1947, shall be made in accordance with the provisions of this section.

Classification of counties

756. For the purposes of prescribing the qualifications required of county superintendents of schools and fixing their salaries the counties are classified on the basis of the average daily attendance in the public schools of the State in the respective counties as follows:

Class one (1) includes all counties with an average daily attendance of seven hundred fifty thousand (750,000) and over.

Class two (2) includes all counties with an average daily attendance of one hundred forty thousand (140,000) to seven hundred forty-nine thousand nine hundred ninety-nine (749,999), inclusive.

Class three (3) includes all counties with an average daily attendance of sixty thousand (60,000) to one hundred thirty-nine thousand nine hundred ninety-nine (139,999), inclusive.

Class four (4) includes all counties with an average daily attendance of fifteen thousand (15,000) to fifty-nine thousand nine hundred ninety-nine (59,999), inclusive.

Class five (5) includes all counties with an average daily attendance of seven thousand (7,000) to fourteen thousand nine hundred ninety-nine (14,999), inclusive.

Class six (6) includes all counties with an average daily attendance of one thousand (1,000) to six thousand nine hundred ninety-nine (6,999), inclusive.

Class seven (7) includes all counties with an average daily attendance of one hundred (100) to nine hundred ninety-nine (999), inclusive.

Class eight (8) includes all counties with an average daily attendance of under one hundred (100).

Credential required

757. Except as provided in this section no person shall hereafter be elected or appointed to office as county superintendent of schools of any county who does not possess a valid credential issued by the State Board of Education of the type designated in Sections 756 to 766, inclusive, for each class.

Where a county changes from one class to another because of an increase in the average daily attendance in the public schools of such county, the incumbent county superintendent of schools in that county shall not be prohibited from continuing in office and shall be eligible for re-election to the same office regardless of whether he possesses a valid credential otherwise required in a county of that class.

Salaries and qualifications

758. The salary and qualifications of the county superintendent of schools in each county shall be as set forth in Sections 756 to 766, inclusive, for that class into which the county falls. The class into which each county falls shall be determined on October 1st of each year based upon the average daily attendance in the public schools of such county for the preceding school year as reported to the State Department

of Education. In no case will the salary of the county superintendent be lowered during his term of office.

The salaries set forth in Sections 756 to 766, inclusive, are payable to incumbent county superintendents of schools; provided, however, that the salary of an incumbent shall not be reduced during the term for which he was elected or appointed or for any consecutive new term to which he is elected or appointed.

Salaries: Class 1 counties

759. All county superintendents of schools in counties within class one (1) shall receive an annual salary of nineteen thousand dollars ($19,000) and each shall possess a valid general administrative credential issued by the State Board of Education. Of the amount prescribed in this section, the State shall pay twelve thousand dollars ($12,000), and the county seven thousand dollars ($7,000).

Class 2 counties

760. All county superintendents of schools in counties within class two (2) shall receive an annual salary of sixteen thousand five hundred dollars ($16,500) and each shall possess a valid general administrative credential issued by the State Board of Education. Of the amount prescribed in this section, the State shall pay ten thousand five hundred dollars ($10,500), and the county shall pay six thousand dollars ($6,000).

Class 3 counties

761. All county superintendents of schools in counties within class three (3) shall receive an annual salary of fourteen thousand five hundred dollars ($14,500) and each shall possess a valid general administrative credential issued by the State Board of Education. Of the amount prescribed in this section, the State shall pay nine thousand five hundred dollars ($9,500), and the county shall pay five thousand dollars ($5,000).

Class 4 counties

762. All county superintendents of schools in counties within class four (4) shall receive an annual salary of twelve thousand dollars ($12,000) and each shall possess a valid elementary or secondary administrative credential issued by the State Board of Education. Of the amount prescribed in this section, the State shall pay eight thousand dollars ($8,000), and the county shall pay four thousand dollars ($4,000).

Class 5 counties

763. All county superintendents of schools in counties within class five (5) shall receive an annual salary of nine thousand five hundred dollars ($9,500) and each shall possess a valid elementary or secondary administrative credential issued by the State Board of Education. Of the amount prescribed in this section, the State shall pay six thousand five hundred dollars ($6,500), and the county shall pay three thousand dollars ($3,000).

Class 6 counties

764. All county superintendents of schools in counties within class six (6) shall receive an annual salary of eight thousand dollars ($8,000) and each shall possess a valid elementary or secondary administrative credential issued by the State Board of Education. Of the amount prescribed in this

section, the State shall pay six thousand dollars ($6,000), and the county shall pay two thousand dollars ($2,000).

765. All county superintendents of schools in counties within class seven (7) shall receive an annual salary of six thousand dollars ($6,000) and each shall possess a valid elementary or secondary administrative credential issued by the State Board of Education. Of the amount prescribed in this section, the State shall pay five thousand dollars ($5,000), and the county shall pay one thousand dollars ($1,000). Class 7 counties

766. All county superintendents of schools in counties within class eight (8) shall receive an annual salary of four thousand two hundred dollars ($4,200) and each shall possess a valid elementary or secondary teaching credential issued by the State Board of Education. Of the amount prescribed in this section, the State shall pay three thousand two hundred dollars ($3,200), and the county shall pay one thousand dollars ($1,000). Class 8 counties

Article 2. Duties, Responsibilities and Powers

801. The superintendent of schools of each county shall: Duties

(a) Superintend the schools of his county.

(b) Visit and examine each school in his county at reasonable intervals to observe their operation and to learn of their problems. He may annually present a report of the state of the schools in his county, and of his office, including but not limited to his observations while visiting the schools, to the board of education and the board of supervisors of his county.

(c) Distribute all laws, reports, circulars, instructions, and blanks which he may receive for the use of the school officers.

(d) Keep in his office the reports of the Superintendent of Public Instruction.

(e) Keep a record of his official acts, and of all the proceedings of the county board of education, including a record of the standing, in each study, of all applicants for certificates who have been examined, which shall be open to the inspection of any applicant or his authorized agent.

802. The county superintendent of schools shall also: Same

(a) Enforce the course of study.

(b) Enforce the use of state textbooks and of high school textbooks regularly adopted by the proper authority.

(c) Preserve carefully all reports of school officers and teachers.

(d) Deliver to his successor, at the close of his official term, all records, books, documents, and papers belonging to the office, taking a receipt for them, which will be filed in the office of the county clerk.

803. The county superintendent of schools shall make reports, when directed by the Superintendent of Public Instruction, showing such matters relating to the public schools in his county as may be required of him. Reports

If he fails to make full and correct report as required under the provisions of this section at the time fixed by the Superintendent of Public Instruction, he shall forfeit one hundred dollars ($100) of his salary; and the county auditor whose duty it is to draw the warrant for the salary of the superintendent of schools shall deduct this amount from the warrant on receiving notice from the Superintendent of Public Instruction to the effect that the superintendent of schools has failed to make the report as directed.

Attendance reports

804. Each county superintendent of schools shall annually, at such time as is required by the Superintendent of Public Instruction but not later than July 15th, submit to the Superintendent of Public Instruction a complete report of the attendance credited to the public schools of the county for the school year closing June 30th immediately preceding July 15th. Forms for the reports shall be furnished by the Superintendent of Public Instruction. Reports shall contain and be accompanied by such other information and reports relating to the computation of state apportionments as may be required by the Superintendent of Public Instruction.

Financial and other statistics

805. Each county superintendent of schools shall also submit to the Superintendent of Public Instruction a general annual report of financial and other statistics relating to the public schools of the county. The report shall be submitted on forms furnished by, and at the time required by, the Superintendent of Public Instruction.

Additional reports

806. Each county superintendent of schools shall submit such additional reports as may from time to time be required by the Superintendent of Public Instruction. It shall be the duty of each school district to furnish to the county superintendent of schools any records, reports, documents, maps or other data pertaining to reports required by the Superintendent of Public Instruction.

Destruction of records

807. Whenever the destruction of records of a county superintendent of schools is not otherwise authorized or provided for by law, the county superintendent of schools may destroy such records of his office in accordance with regulations of the Superintendent of Public Instruction which he is herewith authorized to adopt.

Sale of publications

808. The county superintendent of schools may sell publications produced by him.

Sections 808 to 810, inclusive, do not authorize a county superintendent of schools to prepare or publish written materials, the preparation or publication of which is not otherwise authorized by law.

Price

809. The county superintendent of schools, with the approval of the county board of education, may fix the price not to exceed the estimated cost of production for the sale of any publication produced by him.

Proceeds

810. All moneys received from the sale of publications produced by the county superintendent of schools shall be de-

posited to the credit of the fund against which the cost of printing the publication was charged.

Agreements re audio-visual services

811. The county superintendent of schools, with the approval of the county board of education, may enter into an agreement with the governing board of any school district under his jurisdiction, to provide for the use by the district of audio-visual equipment and apparatus. The county superintendent of schools is authorized to acquire by purchase, lease, or any other means the equipment and apparatus necessary to provide the service, and to establish facilities for maintaining and servicing such equipment, and for its distribution to school districts. The title to all equipment and apparatus acquired by the county superintendent of schools under this section shall be vested in the office of the county superintendent of schools.

The agreement shall, among other matters, provide for the amount of the payment to be made by the district to the county superintendent of schools, and the time the payments shall be made. The payments made by all districts that have entered into an agreement with the county superintendent of schools under this section shall not exceed the costs of rendering the service. The costs may include any expense necessary to carry out the provisions of this section.

The governing board of a school district may withdraw from an agreement by giving notice six months prior to the beginning of the next fiscal year, and the agreement shall terminate on the last day of the then current fiscal year. The terms of an agreement may be changed by mutual consent at any time.

The county superintendent of schools shall transfer the amounts agreed upon, at the time or times agreed upon, from the general fund of the district to the special equipment and apparatus fund of the county superintendent of schools, which fund is hereby authorized. All funds received for the purposes of this section shall be deposited in said fund, and all expenditures made for the purposes of this section shall be made from the fund.

Group workmen's compensation insurance

812. The county superintendent of schools of any county may, with the approval of the State Compensation Insurance Fund, insure the liability for compensation of any school districts under his jurisdiction, the governing boards of which consent thereto, with the State Compensation Insurance Fund under one policy or contract of insurance and pay the premium for the insurance from the county school service fund. Immediately following the payment of the final premium the county superintendent of schools shall transfer from the funds of each insured district to the county school service fund an amount which bears the same ratio to the premium as the payroll of each district bears to the total payroll of all the insured districts.

Any dividends earned on the premiums paid under the provisions of this section shall be credited to the individual dis-

tricts in proportion to the amount of the premium charged to each district.

Jurisdiction Unified districts

813. The county superintendent of schools of the county in which the greatest part of the assessed valuation of any unified school district lies has jurisdiction over the unified school district for the purposes specified in this code.

Same Junior college districts

814. In each junior college district, the superintendent of schools of the county in which the junior college buildings are located shall have jurisdiction over all matters in which his office is concerned.

Power to operate school

815. The county superintendent of schools shall, when there is sufficient money in the fund of any school district to maintain a free school in the district for 175 days of actual teaching, if the trustees neglect or refuse to employ a teacher, appoint a teacher, and open and keep the school. He may draw his requisition upon the county auditor, who shall draw his warrant upon the fund of the district for the expense incurred.

Appointment of janitor

816. In case of the failure of the governing board of any school district to employ a janitor as provided elsewhere in this code, the county superintendent shall appoint a janitor who shall be paid out of the school fund of the district.

If the governing board of any district fails or refuses to issue an order for the compensation for services provided for in this section, he shall issue his requisition upon the county fund apportioned to the district.

Article 3. Staff

Deputy superintendents

851. Except as otherwise provided by law, every county superintendent may appoint a deputy.

Same Salary

852. A deputy appointed pursuant to Section 851 shall not be allowed a salary, payable out of the school fund.

Compensation in city and county

853. The compensation of each deputy school superintendent of a city and county shall be not less than the minimum received by any high school principal in the city and county.

Employment contracts

854. A county superintendent of schools may enter into contracts of employment with persons employed by him in positions requiring certification qualifications for periods of not to exceed the end of the school year in which the term for which the county superintendent of schools was elected or appointed expires and in no event, for more than four years and six months.

Employees' rights

855. Each person employed by a county superintendent of schools in a position requiring certification qualifications, and whose salary is paid from the county school service fund, has the same right with respect to leaves of absence, sick leave, and bereavement leave as a person employed by a school district in a position requiring certification qualifications.

The provisions of Sections 13453 to 13466, inclusive, and Sections 13467, 13468, 13469, and 13470 apply to persons so employed by a county superintendent of schools and so paid from the county school service fund. Whenever, in such provi-

sions, a duty or power is imposed upon or granted to the governing board of a school district or an employee thereof, such power or duty shall, for the purposes of this section, be deemed to be granted to or imposed on the county superintendent of schools or his employee, respectively. When "district" is used in such provisions, it shall, for the purposes of this section, be deemed to mean "county superintendent of schools." Compensation paid to such employees during such leaves shall be paid from the county school service fund.

The granting of leaves of absence to such employees pursuant to Section 13457 shall be by the county superintendent of schools, upon approval by the county board of education.

Classification as permanent employee

856. If the average daily attendance of the schools and classes maintained by a county superintendent of schools is 850 or more, each person who, after being employed for three complete consecutive school years by such superintenedent in a teaching position in such schools or classes requiring certification qualifications and whose salary is paid from the county school service fund, is re-elected for the next succeeding school year to such a position in such schools or classes, shall be classified as and become a permanent employee of the county superintendent of schools.

Such an employee shall have the same rights and duties as employees of school districts to which Section 13304 applies.

Workmen's compensation insurance

857. For the purpose of insurance under the workmen's compensation laws of this State, any person employed by a county superintendent of schools to supervise instruction or to give instruction in the school districts under the jurisdiction of the county superintendent of schools shall be deemed an employee of the county. The cost of insuring any person employed to supervise instruction shall be paid by the county superintendent of schools from the county elementary school supervision fund. The cost of insuring any person employed by the county superintendent of schools to give instruction shall be paid by the county superintendent of schools from the unapportioned county elementary school fund.

DIVISION 4. LOCAL EDUCATIONAL AGENCIES

CHAPTER 1. LOCAL GOVERNING BOARDS GENERALLY

Article 1. General Provisions

Control of school district

901. Except when otherwise authorized by law, every school district shall be under the control of a board of school trustees.

Liability: Contracts and debts

902. The governing board of any school district is liable as such in the name of the district for salary due any teacher on contract, and for all debts contracted under the provisions of this code.

Same: Personal injury or property damage

903. The governing board of any school district is liable as such in the name of the district for any judgment against the district on account of injury to person or property arising because of the negligence of the district, or its officers, or employees in any case where a verified claim for damages has been presented in writing and filed with the secretary or clerk of the school district within ninety (90) days after the accident has occurred. The claim shall specify the name and address of the claimant, the date and place of the accident, and the extent of the injuries or damages received.

Payment of judgments

904. The governing board of any school district shall pay any judgment for debts, liabilities, or damages out of the school funds to the credit of the district, subject to the limitation on the use of the funds provided in the Constitution. If any judgment is not paid during the tax year in which it was recovered:

(a) And if, in the opinion of the board, the amount is not too great to be paid out of taxes for the ensuing tax year, the board shall include in its budget for the ensuing tax year a provision to pay the judgment, and shall pay it immediately upon the obtaining of sufficient funds for that purpose.

(b) If, in the opinion of the board, the amount of the judgment is so great that undue hardship will arise if the entire amount is paid out of taxes for the next ensuing tax year, the board shall provide for the payment of the judgment in not exceeding three annual installments with interest thereon, at a rate not exceeding 4 percent per annum, up to the date of each payment, and shall include provision for the payment in each budget for not exceeding three consecutive tax years next ensuing. Each payment shall be of an equal portion of the principal of the judgment.

Contract limitations

905. Contracts mentioned in this article (commencing with Section 901) shall not be made in excess of the school moneys accruing to the district and usable for the purposes of the contracts during the school year for which the contracts are made. The district shall not be liable for contracts made in violation of this section.

District attorney's defense of suits

906. The district attorney of the county in which a school district is located shall, without fee or other charge, defend the district in any suit brought for injury to any pupil for any cause.

Disinterest of members in contracts

907. No member of the governing board of any school district shall be interested in any contract made by the board of which he is a member.

Permitted interest in contracts, etc.

908. Except as provided in Section 909, no contract or other transaction entered into by the governing board of any school district is either void or voidable under the provisions of Section 907, nor shall any member of such board be disqualified or deemed guilty of misconduct in office under said provisions, if the circumstances specified in the following subdivisions exist:

(a) The fact of such interest is disclosed or known to the governing board and noted in the minutes, and the governing board thereafter authorizes, approves, or ratifies the contract or transaction in good faith by a vote sufficient for the purpose without counting the vote or votes of such interested member or members, and

(b) The contract or transaction is just and reasonable as to the school district at the time it is authorized or approved.

Exceptions

909. The provisions of Section 908 shall not be applicable if the circumstances specified in any of the following subdivisions exist:

(a) The contract or transaction is between the school district and a member of the governing board of that district.

(b) The contract or transaction is between the school district and a partnership or unincorporated association of which any member of the governing board of that district is a partner or in which he is the owner or holder, directly or indirectly, of a proprietorship interest.

(c) The contract or transaction is between the school district and a corporation in which any member of the governing board of that district is the owner or holder, directly or indirectly, of five percent (5%) or more of the outstanding common stock.

(d) A board member is interested in a contract or transaction within the meaning of Section 907, and without first disclosing such interest to the governing board at a public meeting of the board, influences or attempts to influence another member or members of the board to enter into the contract or transaction.

Applicability

910 The question of the validity or invalidity of a contract or other transaction entered into by the governing board of any school district where a member of the governing board of that district is interested in such contract or transaction, as well as the question of disqualification or misconduct in office of such interested member, shall be exclusively governed by the provisions of the Education Code which are hereby declared to and shall supersede (1) any and all provisions of law contained in any code or law of this State, except those which specifically refer to members of the governing board of school districts and which might otherwise be applicable and (2) any and all provisions of law contained in any charter or ordinance of a city, county or city and county, which might otherwise be applicable.

Permitted interest in contracts

911. A board member shall not be deemed to be interested in a contract within the meaning of Section 907 of this code solely by reason of his membership in a nonprofit corporation formed under the Agricultural Code, or in a nonprofit corporation formed under the Corporations Code for the sole purpose of engaging in the merchandising of agricultural products providing that the fact of such membership is disclosed or known to the governing board and noted in the minutes, and the governing board thereafter authorizes, approves, or ratifies the contract in good faith by a vote sufficient for the purpose without counting the vote of such member.

Compensation of board member re supplies, etc.

912. In a school district which during the preceding fiscal year had an average daily attendance of 70 or less, a member of the governing board may receive a reasonable compensation from the district for necessary work and labor performed by him for the district in repairing the schoolhouse, fences, and other property belonging to the district, or in furnishing wood or other necessary supplies. In all such cases the requisition drawn in his favor in payment of services or supplies shall be signed by the other members of the governing board and shall be subject to approval by the county superintendent of schools.

Void contracts

913. Any contract made in violation of Sections 907 or 912 is void.

Unlawful influence

914. The offering of any valuable thing to any member of the governing board of any school district, with the intent to influence his action in regard to the granting of any teacher's certificate, the appointment of any teacher, superintendent, or other officer or employee, the adoption of any textbook, or the making of any contract to which the board of which he is a member is a party, or the acceptance by any member of the governing board of any valuable thing, with corrupt intent, is a misdemeanor.

Corruption

915. Any contract or appointment obtained from the governing board of any school district by corrupt means is void.

Testimony

916. Any person may be compelled to testify in any lawful investigation or judicial proceeding against any person who is charged with any offense described in Sections 914 or 915.

Tuberculosis examination

917. The governing board of each school district shall require each employee of the district, including but not limited to school teachers, to undergo an examination to determine that he is free from active tuberculosis, by a physician and surgeon licensed under Chapter 5 of Division 2 of the Business and Professions Code, at least once in each two years, or oftener if the governing board so determines by rule. This examination shall consist of an X-ray of the lungs, or an approved intradermal tuberculin test, which, if positive, shall be followed by an X-ray of the lungs. After such examination, each employee shall file with the board a certificate from the physician or surgeon who examined him showing that the employee was examined and found free from active tuberculosis.

The provisions of this section shall not apply to any person who files with the governing board an affidavit stating that he adheres to the faith or teachings of any well-recognized religious sect, denomination, or organization and in accordance with its creed, tenets, or principles depends for healing upon prayer in the practice of religion and that to the best of his knowledge and belief he is free from active tuberculosis. If at any time there should be probable cause to believe that such affiant is afflicted with active tuberculosis, he may be excluded from service until the governing board of the employing school district is satisfied that he is not so afflicted.

Article 2. Election and Appointment

931. As used in Sections 931 to 974, inclusive, Sections 1231 to 1285, inclusive: Definitions

(a) "Any school district" means school districts of every kind or class.

(b) "Joint school district" means a school district situated in more than one county.

(c) "Union school district" means a school district composed of two or more school districts situated in the same county.

(d) "Joint union school district" means a school district composed of two or more school districts situated wholly or in part in different counties.

(e) "Voter" means "registered voter."

Except as provided in any city charter or in Sections 1209, 1210, and 987, the provisions of Sections 931 to 974, inclusive, Sections 1231 to 1285, inclusive, other than Sections 1244 and 1245 shall not apply to any school district governed by a city board of education.

932. Any person, regardless of sex, who is 21 years of age or older, a citizen of the State, a resident of the school district, a registered voter, and who is not disqualified by the Constitution or laws of the State from holding a civil office, is eligible to be elected or appointed a member of a governing board of a school district. Eligibility

933. Any member of the governing board of any school district whose term has expired shall continue to discharge the duties of his office until his successor has qualified. The term of the successor shall begin upon the expiration of the term of his predecessor. Term

934. The provisions of Division 10 (commencing at Section 8500) of the Elections Code, relating to election contests shall apply to school board member elections. Applicability of Election Code

935. Within 15 days after the action necessary for the formation of any elementary or union school district is completed, the county superintendent of schools shall appoint an interim governing board. Interim governing board

Within 15 days after the action necessary for the formation of any joint or joint union school district is completed, the county superintendent of schools having jurisdiction over the district shall appoint a majority of the members of an interim governing board. If the new district is in two counties, the other county superintendent shall appoint the rest of the interim governing board members within such 15-day period. If the new district is in more than two counties, the other county superintendents shall appoint the rest of the interim governing board members within such 15-day period as may be agreed upon by them. If they cannot agree within such 15-day period, the county superintendent who appointed the majority of the interim governing board members shall appoint the rest of the members.

The term of each governing board member so appointed shall expire on the July 1st following the election of the first elected governing board of the district.

County superintendent's powers

936. If a majority of the members of the interim governing board of any school district is not appointed and qualified within such 15-day period, the county superintendent of schools having the power to appoint the interim governing board, or a majority thereof, shall assume the powers and duties belonging to the governing board until a majority of the governing board is selected and qualified.

Election date

937. When the action necessary for the formation of a new school district is completed prior to the first of February of any calendar year, a governing board member election shall be held on the third Tuesday in May of such year. When the action necessary for the formation of a new school district is completed after the first of February of any calendar year, a governing board member election shall be held on the third Tuesday in May of the following year.

Terms

938. The terms of the members elected at the initial election of governing board members in any new school district shall begin on July 1st next succeeding their election. If the governing board has three members, the member receiving the highest number of votes shall hold office for a term of three years, the member receiving the next highest number of votes shall hold office for a term of two years, and the third member shall hold office for a term of one year. If the governing board has five members, the two members receiving the highest number of votes shall hold office for a term of three years, the two members receiving the next highest number of votes shall hold office for a term of two years, and the fifth member shall hold office for a term of one year.

Annual elections

939. After the initial election of governing board members in any school district, a governing board member election shall be held annually on the third Tuesday of May to fill the offices of members whose terms expire on July 1st next succeeding the election. Each person elected shall hold office for a term of three years from July 1st next succeeding his election.

Consolidation of elections

940. Whenever school district governing board member elections for two or more school districts of any type are required by law to be held in the same district or area on the same day the elections shall be consolidated so that a person entitled to vote in both or all of such elections may do so at the same time and place and using the same ballot.

When a consolidated election is required by this section to be held, the basic unit for conducting the election shall be the elementary district and the county superintendent of schools having jurisdiction over the elementary district shall, at least 120 days prior to the election, notify in writing the governing boards concerned that a consolidated election is required to be held. He shall also perform those duties placed upon the county

superintendent of schools in Sections 942, 947, 948, 954, 955, 958, 962, 964, 966, and 971 of this code.

Tie vote

941. If a tie vote makes it impossible to determine either which of two or more candidates has been elected to the governing board or the term of office of a governing board member, the governing board shall forthwith notify the candidates who have received the tie votes to appear before it either personally or by a representative at a time and place designated by the governing board. The governing board shall at that time and place determine the tie by lot.

Notice publication

942. When a governing board member election is required to be held in any school district the county superintendent of schools having jurisdiction shall cause to be posted notices of the election in three public places in the district for 60 days and publish notices of the election in the district pursuant to Section 6063 of the Government Code. Notices shall not be posted more than 100 days before the election. The publishing shall begin no more than 100 days before the election and shall be completed at least 60 days before the election. If there is no newspaper of general circulation published in the district, notice need not be published.

When consolidated elections are required to be held in any district or area the county superintendent may consolidate the notice given in such district or area of such elections.

Same Registered voters

943. If the county superintendent of schools neglects or refuses to comply with Section 942, then at any time not later than 30 days before the third Friday of May, any three registered voters of the district may post election notices in three public places in the district. They shall also publish notices of the election in the district pursuant to Section 6066 of the Government Code. Publication shall be completed not less than 15 days before the election. If there is no newspaper of general circulation published in the district, notice need not be published. The cost of posting and publishing shall be a charge against the district.

Contents of notice

944. Any notice of any school governing board member election shall contain the following:

(a) The time, place, and purpose of the election.

(b) The number of governing board members to be elected.

(c) The location of the polls.

(d) The hours during which the polls will be kept open.

(e) The day and hour when the election returns will be canvassed by the county superintendent of schools which shall be within 24 hours after the deadline for the receipt of the absentee ballots.

(f) The place where the election returns will be canvassed.

(g) The deadline for the receipt of absentee ballots.

(h) The last day for filing declarations of candidacy with the county superintendent of schools.

(i) Where forms upon which to file declarations of candidacy may be obtained.

Information

945. Upon request by the county superintendent of schools having jurisdiction the governing board of any school district shall furnish him with any information necessary to enable him to comply with Sections 942 and 944.

Polling places

946. The governing board of the district shall designate polling places at one or more of the public school buildings in the district. The governing board may also designate additional polling places in the district.

When a consolidated election is required to be held in any district or area, the governing boards of the districts concerned shall agree upon the polling places.

If the governing board or boards concerned fail to designate the polling places within 100 days preceding the election, the county superintendent of schools having jurisdiction may designate them.

Precincts

947. The governing board of any school district may subdivide the district into precincts for the holding of elections, and may change and alter the precincts from time to time. The board shall number the precincts consecutively and each precinct shall for the purpose of any school district election be known by the number designated. If the governing board does not subdivide the district into precincts, the entire district shall constitute one precinct.

When a consolidated election is required to be held in any district or area, the governing boards of the districts concerned shall agree upon the precincts, if any, into which the district or area is to be divided and the numbers to be given them and shall inform the county superintendent of schools having jurisdiction of their decision.

If the governing board or boards concerned fail to designate the precincts within 100 days preceding the election, the county superintendent of schools having jurisdiction may subdivide the district or area into precincts and number them consecutively.

Election officers

948. The governing board shall appoint, as election officials, one inspector and two judges of election for each precinct. The governing board may appoint not more than two additional judges of election for any precinct. If some or all the election officials are not present at the time for opening the polls, the registered voters present may appoint substitutes for them. The substitutes, together with any inspector or judges appointed by the governing board who are present, shall proceed to conduct the election.

When a consolidated election is required to be held in any district or area the governing boards of the districts concerned shall agree upon the persons to be appointed as election officials for the precincts in the district or area and shall inform the county superintendent of schools having jurisdiction of their decision.

If any governing board fails to appoint some or all of the election officials, or if, in the case of a consolidated election the governing boards of the districts concerned fail to agree

upon the election officials, within five days preceding the election, the county superintendent of schools having jurisdiction shall appoint them.

Same Compensation

949. Any inspector and judge of election serving at any school district election may be paid out of the funds of the district as compensation for his services as an election official such sum as the governing board may determine, not to exceed the amount paid from the county treasury to officers of the last preceding general election. In districts in which the polls are not kept open for the same number of hours as at the last general election, the maximum compensation for election officers shall be the sum bearing the same relation to the amount paid to election officers of the last preceding general election as the number of hours the polls were open at the governing board member election bears to the number of hours the polls were open in the preceding general election.

Mailing of sample ballots

950. The governing board may mail to each registered voter within the district a sample ballot and a notice designating his polling place. The cost thereof may be paid out of the funds of the district. The sample ballot shall be printed on paper of a color different from that of the official ballot and shall be designated "Sample Ballot" upon the face thereof.

Poll hours

951. In any school district governing board member election, the polls shall be opened at the same hour and kept open at least until the same hour as were the polls at the last preceding general election, except that in elementary school districts having an average daily attendance during the preceding fiscal year of less than 500, the governing board may provide that the polls shall not be opened before 9 o'clock a.m. nor closed before 7 o'clock p.m. and shall be kept open for not less than six consecutive hours. If in the latter case the elementary school district election is consolidated with a high school district election or a junior college district election or the elementary school district is a precinct for the purpose of holding such an election, the polling hours determined by the governing board of the elementary school district shall also be the polling hours for the high school or junior college district.

If the governing board of any elementary school district having an average daily attendance during the preceding fiscal year of less than 500 fails to designate the polling hours within 100 days preceding the election, the county superintendent of schools having jurisdiction may designate them.

Voter qualifications

952. In any school district governing board member election, any resident of the district, who is a voter of the county and who is registered in a general election precinct wholly or partially within the school district at least 54 days before the election, may vote at the election.

Voting place

953. A voter shall cast his ballot only in the school district precinct in which his place of residence is located.

Index of registration

954. The county superintendent of schools of each county, at the time that notice of any governing board member election is given, shall in writing officially request the county clerk or registrar of voters of each county or city and county within which the school district is wholly or partially situated to furnish the governing board of the district with as many copies as may be requested by the governing board, not exceeding four, of the index of the registration book, as of the fifty-fourth day preceding the election, for each precinct in the county or city and county contained in whole or in part in the school district.

Upon receipt of the request, at least 40 days before the election, the county clerk or registrar of voters shall forward to the clerk or secretary of the governing board the number of copies of the index requested. Copies of the index shall be supplied from any available copies in the custody of the county clerk or registrar of voters. If no copies are available, copies of the index of the registration book or any supplements thereto, shall be prepared by the county clerk or registrar of voters. The actual expense of the preparation of the index shall be a charge against the school district requiring the index. If a consolidated election is to be held copies need be furnished to the governing board of only one of the districts concerned, which board shall be designated by the county superintendent of schools.

Declaration of candidacy

955. In any school district governing board member election the name of any registered voter shall be placed on the official ballot if such person files with the county superintendent of schools having jurisdiction not less than 30 days prior to the election a declaration of candidacy substantially as follows:

"I, _____, do hereby declare myself as a candidate for election to the governing board of _____ district, of the county of _____; I am a registered voter; if elected I will qualify and serve to the best of my ability; and I request my name be placed on the official ballots of the district, for the election to be held May _____, 19___.

_____

Residence address: _____."

In an election held under Section 1231 to elect additional governing board members all candidates for member of the governing board shall also indicate on their declaration of candidacy whether they are candidates for the existing office or for the new offices.

In a recall election all candidates for member of the governing board shall also state on their declaration of candidacy that they are candidates in the recall election to succeed the incumbent (naming him) if he is recalled.

Nomination by sponsors

956. In lieu of the method prescribed in Section 955, the name of any registered voter in the district shall be placed on the official ballot if proposed by written declaration with his consent. The declaration shall:

(a) Be signed by not less than three nor more than 10 persons each of whom is a registered voter and is a parent of a pupil attending a school of the district.

(b) State the place of residence and the occupation of the signers.

(c) Contain an acceptance of nomination signed by the candidate.

(d) Be filed with the county superintendent of schools having jurisdiction not less than 30 days prior to the election.

(e) In an election held under Section 1231 to elect additional governing board members, contain a statement whether the proposed candidate is a candidate for the existing office or for the new offices.

(f) In a recall election, contain a statement that the proposed candidate is a candidate in the recall election to succeed the incumbent (naming him) if he is recalled.

Same: Form

957. The declaration of parents proposing a candidate for election to the governing board shall be in substantially the following form, subject to the provisions of Section 956:

DECLARATION OF CANDIDACY BY SPONSORS

"I, the undersigned, am a registered voter and a parent of a pupil attending a school of the _____ School District. I hereby propose and sponsor _____, who resides at _____ (giving street address and name of city or town of residence, if any), _____ School District, County of _____, State of California, and who is a registered voter in the district, as a candidate for election to the governing board of the _____ School District, to be voted for at the election to be held on the _____ day of May, 19___, and I hereby assert as follows:

My knowledge of _____ is sufficient to warrant my urging his election to the governing board, and in my opinion he is mentally, morally, and physically fit for the office and should be elected to fill it.

My residence and occupation are correctly set forth after my signature hereto.

NAME	RESIDENCE	OCCUPATION
_____	_____	_____
_____	_____	_____
_____	_____	_____

I hereby accept the nomination as above proposed. If elected I will qualify and serve to the best of my ability.

_____
Signature of proposed candidate"

Uniform ballot

958. The county superintendent of schools having jurisdiction shall furnish a uniform ballot for elementary school district governing board member elections and no other form of ballot shall be used, except as provided in this section.

When a consolidated election is held in any district or area the county superintendent of schools shall furnish a uniform ballot to be used within that district or area. The ballot shall contain the names of all of the candidates for all of the governing board positions for which the voters in the district or area are entitled to vote at the consolidated election. No other form of ballot shall be used.

Cost of consolidated elections

959. The cost of conducting any consolidated election shall be paid by the county superintendent of schools and prorated among the school districts concerned.

Form of uniform ballot

960. The form of the ballot shall be as follows:

"Official ballot provided by the superintendent of schools to be used in the governing board member election on May _____, 19 ___, in _____ district or districts in the County of _____."

The name of the county and school district or districts and the date of the election shall be printed or typewritten in as part of the official ballot.

Following the above there shall be listed the names of the candidates.

When a consolidated election is required to be held there shall be as many separate lists of candidates as there are school districts for which governing board members are to be elected. Each list of candidates shall be headed by the name of the school district for which the persons listed are governing board member candidates. The name of each school district shall be printed in heavy-faced gothic type, or in capital letters, and shall be separated from the list of candidates beneath it by a line. The names of the school districts with the list of candidates for governing board member of each district following each name shall be arranged in the following order, as the case may require:

(a) First, elementary school district; second, high school district; third, junior college district, if there be one; or

(b) First, unified district; second, junior college district; or

(c) First, high school district; second, junior college district.

The names of the candidates for the office of governing board member of one district shall not be separated from each other on the ballot by the names of candidates for governing board member of another district, and the list of candidates for each district shall be separated from the other lists by two double rules, one below the list of candidates and one above the name of the district which precedes the list. Within each series or list the order of candidates' names shall be alphabetical, except the names of the incumbents, so designated, shall appear first in alphabetical order on the ballot. The name of each candidate shall be printed or typewritten on the ballot with a blank square after each name in which the voter may place his cross (+). Following each list of candidates, the ballot shall provide at least as many blank lines, with

blank squares following, as there are members to be elected in the particular school district concerned.

Candidates for office in each school district shall be listed on the ballot as follows, whether on a separate ballot for the district or on the list for the district on a consolidated ballot:

(a) The candidates shall be placed on a single list on the ballot regardless of how many members are to be elected;

(b) In an election held under Section 1231 to elect additional governing board members, the candidates for the new offices shall be listed separately from the candidates for the existing office and shall be voted for separately;

(c) When an election to recall a governing board member is held on the third Friday in May, the candidates for the office to succeed the incumbent if he is recalled shall be listed separately from the candidates to succeed governing board members whose recall is not sought.

Election

961. When one member of the governing board is to be elected, the candidate receiving the highest number of votes shall be elected. When two or more members are to be elected, the two or more candidates receiving the highest number of votes shall be elected. Each voter may vote for as many candidates as there are members to be elected. The ballot shall contain instructions stating the maximum number of candidates for whom each voter may vote.

Roster and tally list

962. The county superintendent of schools having jurisdiction shall furnish for any school district governing board member election, in addition to the official ballots, an official roster of voters and tally lists. The heading of the roster of voters shall read: "Official roster of voters of _____ precinct of _____ school district (or districts, giving the names of all districts for which elections are being held) for the school election held on the _____ day of May, 19___." Under this heading shall be arranged two columns. The first column shall have printed as its heading: "Write your name as it appears on the great register." The second column shall have printed as its heading: "Write your residence, street and number." Any person offering to vote at the school election shall write his name in the first column of the roster of voters, and his residence in the second column.

Tally list form

963. The tally list shall have printed as its heading: "An official tally list precinct of _____ of _____ school district (or districts, giving names of all districts for which elections are being held) for the school election held on _____ day of May, 19___." It shall be arranged in lines so as to give room for at least five candidates for each governing board position for each district participating in the election in that precinct. The name of the district shall be clearly indicated above the candidates for governing board of that district. It shall be vertically ruled, providing for counting the votes under a tally system. The final column shall have as its heading: "Total votes cast for each candidate." At the bottom of

the page shall be provided a space for the signatures of the election officers and over these signatures shall be printed the words: "We hereby certify that this is a correct report of the election held in precinct of _____ of _____ school district (or districts, giving names of all districts for which elections are being held) on _____ of May, 19___."

Envelope for returns

964. The county superintendent of schools having jurisdiction shall furnish, in addition to the ballots and roster of voters and tally list, an envelope on which shall be printed his name and address, and in the lower left-hand corner the words: "Returns of election held in _____ precinct of _____ school district (or districts, giving names of all districts for which elections are being held), _____ county, on May ___, 19___."

Voting method

965. In casting his vote the voter shall stamp or write a cross (+) in the square space immediately following the name of the candidate or candidates of his choice. If the voter desires to vote for a person whose name does not appear on the ballot, he shall himself write the name of the person in the space provided for that purpose on the ballot. When the voter writes the name of a person on the ballot he may, but need not, place a cross (+) after the name. After properly marking his ballot the voter shall hand it to the inspector who shall, in the presence of the voter, deposit the ballot in the ballot box.

Voting area

966. The county superintendent of schools having jurisdiction shall provide a private booth or room in which the voter may prepare his ballot.

Electioneering

967. No electioneering shall be carried on within any building in which the polls are located or within 100 feet of any entrance to the building.

Election procedure

968. Any voter desiring to vote at the election shall write his name and address, or if he is unable to write, shall have his name and address written for him, on a roster of voters provided for that purpose. He shall announce his name and address to one of the election officers, who shall in an audible tone of voice repeat the name and address. If another election officer finds the name on the printed index, and it has not been canceled, he shall in like manner repeat the name and address and deliver to the voter a ballot which he shall be allowed to vote.

The election clerk having in charge the copy of the index to the register or affidavits of registration shall, in like manner, repeat the name and shall write in the ruled space opposite the name, in figures, the line number designating the position of the name of the voter on the roster.

Right to challenge voter

969. Any person offering to vote may be challenged by any person entitled to vote in the election. The judges of the election shall thereupon administer to the person challenged an oath, in substance as follows: "You do swear (or affirm) that you are a citizen of the United States, that you are 21 years of age, that you have resided in this State one year, in this county 90 days, and in this school district 54 days preced-

ing this election, that you reside in this school district precinct, and that your name is on the great register of this county, and was on the great register of a general election precinct wholly or partially within this school district at least 54 days before this election, and that you have not before voted this day." If he takes the oath prescribed in this section, his vote shall be received, otherwise his vote shall be rejected.

Canvass votes

970. In any school district governing board member election, the election officials shall publicly canvass the votes immediately after closing the polls, fill out the tally sheet, certify to the correctness of the canvass made, and post conspicuously on the outside of the polling place a copy of the result of the votes cast at the polling place.

Canvass returns

971. The election officials shall fill in the blanks on the envelopes provided by the county superintendent of schools and shall enclose and seal in the envelopes the roster of voters and tally list and ballots cast at the election. The inspector of the election shall take possession of the returns. He shall either deliver them in person or mail them to the county superintendent of schools having jurisdiction who shall sign a receipt for the returns. At the time and place fixed in the notice of the election the county superintendent shall publicly canvass the returns. Upon completion of the canvass he shall certify to the governing board of each school district the names of those elected to the governing board of the district and shall issue certificates of election to the person or persons elected. Duplicates of all certificates shall be retained by the county superintendent of schools.

Joint or joint union high school election

972. In the case of the election of members of the governing board of a joint or joint union high school district the county superintendent under whom the consolidated election was conducted shall certify to the county superintendent having jurisdiction over the high school district the results of the canvass of returns for the high school governing board election in those elementary districts belonging to the joint or joint union high school district in which he conducted the election.

Tie vote

973. In the event of a tie vote the county superintendent shall so certify to the governing board and the board shall thereupon determine the tie in accordance with Section 941 of this code. The county superintendent shall thereupon issue certificates of election to the person or persons elected. The county superintendent shall keep the returns on file for one year.

Suspended district

974. Governing board members shall be elected or appointed in a suspended district at the same time and in the same manner as if it were not suspended.

Article 3. Powers and Duties

City board's powers and duties

981. The powers and duties of boards of education in cities are as prescribed in the laws governing the respective cities, except as otherwise provided by this code.

Rent or lease realty

982. The governing board of any school district may rent suitable quarters for administrative offices for a period of not to exceed 22 years.

The governing board of any school district may lease buildings and other facilities such as warehouses, athletic facilities, outdoor assembly facilities, auditoriums, quarters for adult education, and communication facilities for a period of not to exceed three years At the expiration of such lease, the governing board may continue to renew the lease for a period not to exceed three years and may continue to renew for periods not to exceed three years as long as the buildings and other facilities are needed.

Travel expenses

983. The governing board of each school district shall provide for the payment of the traveling expenses of any representatives of the board when performing services directed by the board.

Powers and duties

984. The governing board of any school district shall:

(a) Prescribe and enforce rules not inconsistent with law or with the rules prescribed by the State Board of Education, for its own government, and for the government of the schools under its jurisdiction.

(b) Transact its business at regular or special meetings called for the purpose.

(c) Fix the time for its regular meetings. Such action shall be proper notice to all members of the board of the regular meetings.

(d) Call special meetings by written notice which shall be given to each member of the board at least 24 hours prior to the time for the meeting, unless at the time of the meeting each member of the board waives written notice.

(e) Make an annual report, on or before the first day of July, to the superintendent of schools in the manner and form and on the blanks prescribed by the Superintendent of Public Instruction.

(f) Visit each school in its district at least once in each term, and examine carefully into the management, conditions, and needs of the schools. In any school district which employs district or city superintendents of schools, it shall either visit the schools or provide that they shall be visited by the district or city superintendent of schools or his assistants.

(g) Have the power to execute and deliver quitclaim deeds, either with or without consideration to the owners of real property adjacent to any real property owned by the school district, for the purpose of removing defects in and otherwise clearing up the title to such adjacent real property.

Open meeting

985. No action authorized or required by law shall be taken by the governing board of a school district except in a meeting open to the public.

Executive sessions

986. Notwithstanding the provisions of Section 985 of this code and Section 54950 of the Government Code, the governing body of a school district may hold executive sessions to consider the expulsion, suspension, or disciplinary action in

connection with any pupil of the school district, if a public hearing upon such question would lead to the giving out of information concerning school pupils which would be in violation of Section 10751 of the Education Code.

Before calling such executive session of the governing board of the district to consider these matters, the governing board of the district shall, in writing, by registered or certified mail or by personal service, if the pupil is a minor, notify the pupil and his parent or guardian, or the pupil if the pupil is an adult, of the intent of the governing board of the district to call and hold such executive session. Unless the pupil, or his parent, or guardian shall, in writing, within 48 hours after receipt of such written notice of intention, request that the hearing of the governing board be held as a public meeting, then the hearing to consider such matters may be conducted by the governing board in executive session. If such written request is served upon the clerk or secretary of the governing board, the meeting shall be public. Whether the matter is considered at an executive session or at a public meeting, the final action of the governing board of the school district shall be taken at a public meeting and the result of such action shall be a public record of the school district.

Elementary districts granted powers of city boards

987. The governing board of any elementary school district having an average daily attendance of 1,000 or more pupils and an assessed valuation of twenty million dollars ($20,000,000) or more may, and upon petition signed by 25 percent of the heads of families resident in the district, shall call an election to determine whether or not, it shall have the rights, powers, and duties of a city board of education and whether or not the district shall for all purposes be deemed to be a district governed by a city board of education.

Notice and proceedings of the election shall be in accordance with the provisions of this code relating to the election for school trustees, so far as applicable. There shall be elected at the election, to take office if the change in the rights, powers, and duties of the board is approved by majority vote of the qualified electors in the district, two additional members to the board, one to hold office until the first of July next succeeding the election and one to hold office until one year after the first of July next succeeding the election and until the election and qualification of their respective successors who shall hold office for three years. Thereafter, if the change in the rights, powers, and duties of the board is approved, the number of school trustees for the elementary school district shall be five, and they shall be elected in the same manner and for the same term as provided by law for trustees of elementary school districts, except that two trustees may be elected at the same time when the terms of their predecessors terminate in the same year. If the change is approved by a majority vote of the qualified electors of the district, the board shall have the rights, powers, and duties of a city board of education, and the district shall for all purposes be deemed to be a district governed by a city board of education.

If the office of any member of the board becomes vacant prior to the expiration of his term, the vacancy shall be filled by a person appointed by a majority of the remaining members of the board. The person appointed shall serve for the remainder of the unexpired term, except that where the term of office of members of the governing board is three years or more, such appointments shall be for the period ensuing from the date of the appointment until the date for the beginning of the term of office of newly elected members after the next election for members of the board or, if no such election is held within one year after the appointment, such appointments shall be for the period ensuing from the date of the appointment until the date of certification of newly elected members after the next school district election or city general election whichever comes first. Elections to fill such vacancies shall be for the balance of the unexpired term.

Gifts, etc

988. The governing board of any school district may accept on behalf of, and in the name of, the district such gifts, donations, bequests, and devises as are made to the district or to or for the benefit of any school or college administered by the district. Such gifts, donations, bequests and devises may be made subject to such conditions or restrictions as the governing board may prescribe.

Same

989. The governing board of any district maintaining a junior college may accept on behalf of, and in the name of, the district such gifts, donations, bequests, and devises as are made to the district for junior college purposes or to or for the benefit of any junior college administered by the district. Such gifts, donations, bequests, and devises may be made subject to such conditions or restrictions as the governing board may prescribe. In no event shall the approval of any state agency be a prerequisite to acceptance of such a gift, donation, bequest, or devise. No real or personal property, including money, accepted by a governing board pursuant to this section shall be considered in determining the eligibility of the district for an apportionment from the State School Fund nor in determining the amount thereof.

Lighting in underpass

990. The governing board of any school district may install and maintain a lighting system in any underpass in the vicinity of a schoolhouse.

Educational exhibits

991. The governing board of any school district may install and maintain exhibits of educational programs and activities of the schools of the district at any county fair held in the county in which the district is located in whole or in part, or at any agricultural district fair held in the county in which the agricultural district is located in whole or in part.

All necessary costs including transportation costs, incurred in connection with the installing, maintaining, and returning of the exhibits to the district may be paid out of any funds of the district not required to be used for other purposes.

992. The governing board of any city school district may inform and make known to the citizens of the district, the educational programs and activities of the schools therein. Publicity re educational programs

Nothing in this section shall authorize the preparation or dissemination of information for the purpose of influencing the electors in the district in voting at any school district election or in voting upon any proposition affecting the public schools of the district.

993. Each member of the governing board of a school district may be allowed for travel necessary to attend annual, regular monthly, and special meetings of the governing board, the rate of mileage determined by the governing board but not to exceed ten cents ($0.10) a mile. Mileage shall not be allowed to any member to attend any meeting except for travel required in excess of 10 miles. Orders for travel allowances shall be drawn upon the funds of the district and signed by a majority of the governing board exclusive of the payee. Mileage allowance

994. The governing board of each school district may select a member or members of the board to attend meetings of any society, association, or organization for which the school district has subscribed for membership, or any convention to which it may pay the expenses of any employee. The actual expenses of the member or members shall be allowed and paid out of the funds of the district. Attendance at conventions

995. The governing boards of two or more school districts whose boundaries are contiguous or coterminous may enter into an agreement upon such terms and conditions as may be agreeable to the respective governing boards, and subject to the approval of the county superintendent of schools, for the joint use and maintenance of school buildings and other school facilities. Joint use of facilities

996. The governing board of any school district may make a charge for furnishing transcripts of former pupils' records in excess of two copies, and for more than two verifications of various records of former pupils. Such a charge shall be fifty cents ($0.50) or an amount not to exceed the cost of rendering the service, whichever is the lesser. Transcripts Charge

997. Governing boards may employ a person not a member of the board to act as secretary and bookkeeper for the board. Secretary and bookkeeper

998. Anything in a city, county, or city and county charter to the contrary notwithstanding, when the average daily attendance of any school district, or of two or more school districts governed by governing boards of identical personnel, is 40,000 or more, the governing board or boards of the district, or districts, may appoint an administrative adviser and fix and order paid his compensation. The duties of the administrative adviser are to render administrative advice to the superintendent of schools and to other officers and employees of the school district, or districts, such other administrative duties as may be assigned by the superintendent of schools and the governing board, or boards, of the district, and to assist the legal counsel of the district, or districts, in the Administrative adviser

preparation and conduct of school district litigation. The employee shall have been admitted to practice law in the State, and shall not be required to have any certification qualifications. The employee shall be employed under the same conditions for employment as set forth in Sections 13303, 13304, and 13306.

Director of school building planning

999. The governing board of any school district having an average daily attendance of 10,000 or more may appoint a director of school building planning, who shall be a person qualified by training, experience and demonstrated ability to manage the building, construction and contracting business of the district. The director shall be responsible for the coordination of the building program of the district and shall advise the superintendent of schools and other employees of the district with respect to the negotiation and performance of school building construction contracts let by the governing board of the school district.

Employment of principals

1000. The governing boards of each school district shall employ a principal for each school under their control.

Supervising principals

1001. Whenever in their judgment it is deemed advisable, the board of trustees for any union or joint union school district may unite with the trustees of any other school district, single, union, or joint, in the employment of a supervising principal, who shall devote such time to the supervision of instruction in the several school districts as may be agreed upon by the several boards of trustees.

Duties of employees

1002. The governing board of each school district shall fix and prescribe the duties to be performed by all persons in public school service in the school district.

Equal rights and privileges

1003. The governing board of any school district shall maintain all of the elementary day schools established by it, and all of the day high schools established by it with equal rights and privileges as far as possible.

Maintenance of schools outside district

1004. The governing board of any school district, may establish and maintain outside of the boundaries of the district, for persons in the service of the United States or of the State assigned to, or serving at any camp, post, or other place under the jurisdiction of the United States or of the State, or for persons employed or living on any such camp, post, or other place, or for persons evacuated from the district by order of any military officer of the United States or of the State to meet an emergency created by war, or of any civil officer of the United States, the State, or any county, city and county, or city authorized to order such evacuation to meet an emergency created by war, and for the children or wards of such persons any schools or classes which the board may lawfully establish and maintain within the boundaries of the district.

The governing board of the district shall not maintain any school or class for other than persons and their children or wards evacuated from the district, under the provisions of this section in any other school district without the consent of the governing board of the other district.

1005. Whenever a school building or buildings of a school district are or have been destroyed, or made unusable through any cause for the maintenance of school, and the Superintendent of Public Instruction is satisfied no suitable quarters for the school can be or could have been obtained within the district, he may authorize the governing board of the district to maintain a school elsewhere than within the district or to contract for the education of the pupils of such district with the governing board of another district. Same

The maintenance of a school by a district outside the boundaries of the district as provided in Section 815, Sections 1003 to 1006, inclusive, and Section 5001 shall be deemed for all purposes to be or have been the maintenance of a school within the boundaries of the district.

The making of a contract by the governing board of a district as provided in Section 815, Sections 1003 to 1006, inclusive, and Section 5001 shall be deemed to be or have been maintenance of a school within the boundaries of the district except that the attendance of the pupils under such contract shall be reported by, and allowances because of the attendance of pupils under such a contract shall be made, to the district of attendance. For the purposes of Sections 1871 to 1885, inclusive, of this code, the average daily attendance of the district in which such pupils reside who are educated under such contract shall be the average daily attendance of the pupils educated under such contract.

1006. Whenever the governing board of a school district is unable to maintain the school or schools in the district because of its inability to secure a teacher, or teachers, the board may, with the approval of the county superintendent of schools having jurisdiction and the Superintendent of Public Instruction, maintain the school, or schools, of the district elsewhere than within the district or contract for the education of the pupils of such school, or schools, with the governing board of another district. Same Inability to secure teachers

The maintenance of a school by a district outside the boundaries of the district as provided in Section 815, Sections 1003 to 1006, inclusive, and Section 5001 shall be deemed for all purposes to be or have been the maintenance of a school within the boundaries of the district.

The making of a contract by the governing board of a district as provided in Section 815, Sections 1003 to 1006, inclusive, and Section 5001 shall be deemed to be or have been the maintenance of a school within the boundaries of the district except that the attendance of the pupils under such contract shall be reported by, and allowances because of attendance of pupils under such a contract shall be made, to the district of attendance. For the purposes of Sections 1871 to 1885, inclusive, of this code, the average daily attendance of the district in which such pupils reside who are educated under such contract shall be the average daily attendance of the pupils educated under such contract.

Bonds re education of Indian children

1007. Whenever by the provisions of any agreement entered into between the State or any officer or agency thereof and the Government of the United States or any officer or agency thereof under the authority of any law for the education and welfare of Indian children, a school district or the governing board of a school district is required to execute a bond in favor of the Government of the United States, or any officer or agency thereof, the bond may be executed by the governing board of the district and the cost shall be a proper charge against the funds of the district.

School in federal facilities

1008. Notwithstanding any other provision of this code to the contrary, whenever under the provisions of Section 310 of the act of Congress entitled, "An act relating to the construction of school facilities in areas affected by federal activities, and for other purposes" (Public Law 815—Eighty-first Congress), or under any similar provisions of any other act of Congress, school facilities are constructed by any agency of the Federal Government on federal property for the education of children residing on property owned by the Federal Government, the governing board of the school district in which such facilities are located or the governing board of any adjacent school district, with the approval of the Superintendent of Public Instruction, may make arrangements with the agency of the Federal Government to maintain school in such facilities. The children residing on such federal property and attending such school shall be deemed to be residents of the district maintaining such school.

Lease from Federal Government

1009. The governing board of any school district may lease property from the Federal Government for the purpose of constructing school buildings and facilities thereon for a term not to exceed 99 years. Subject to the approval of the Superintendent of Public Instruction, such lease shall be on such terms and conditions as may be agreed upon between the governing board of the school district and the agency of the Federal Government executing such lease.

Article 4. Instructions From Electors

Meetings of electors

1021. Boards of trustees in school districts, except districts having city boards of education, may, and upon a petition signed by a majority of the electors resident in the district, shall call meetings of the qualified electors of the district for determining or changing the location of the schoolhouse, or for consultation in regard to any litigation in which the district is engaged, or is likely to become engaged, or in regard to any affairs in the district.

Notice

1022. The meeting shall be called by posting three notices in public places, one of which shall be in a conspicuous place on the schoolhouse, for not less than 10 days prior to the time for which the meeting is called. The notices shall specify the purposes for which the meeting is called, and no other business shall be transacted at the meeting.

1023. Any district meeting shall be organized by choosing a chairman from the electors present. The district clerk shall be clerk of the meeting, and shall enter the minutes on the records of the district. Organization of meeting

1024. Any district meeting may be adjourned from time to time as found necessary. Power to adjourn

1025. All votes instructing the board of trustees shall be taken by ballot, or by "ayes" and "noes" vote as the meeting may determine. Method of voting

1026. The board of trustees shall, in all cases, be bound by the instruction of the district meeting in regard to the subjects mentioned in Sections 1021 to 1027, inclusive. Effect

1027. A meeting called under the provisions of Sections 1021 to 1027, inclusive, shall be competent to instruct the board of trustees upon the following subjects: Powers

(a) The location or change of location of the schoolhouse. The vote in favor of changing the location of the schoolhouse shall be two-thirds of all the electors voting at the meeting upon the proposition.

(b) The use of the schoolhouse for other than school purposes. In no case shall the schoolhouse be used for purposes which necessitate the removal of any school desks or other school furniture.

(c) The sale and purchase of school sites.

(d) The prosecution, settlement, or compromise of any litigation in which the district is engaged, or is likely to become engaged.

The meeting may vote money not exceeding one hundred dollars ($100) in any one year, for any of these purposes in addition to any amount which may be raised by the sale of district school property, and the insurance of property destroyed by fire, except that the proceeds of the insurance of the library and apparatus shall be paid into the library fund. All funds raised by the sale of school property may be disposed of by direction of a district meeting.

Article 5. Liability and Insurance

1041. No member of the governing board of any school district shall be held personally liable for accidents to children going to or returning from school, or on the playgrounds, or in connection with school work. Nonliability of member For accidents

1042. No member of the governing board of any school district shall be held personally liable for the death of, or injury to, any pupil enrolled in any school of the district, resulting from his participation in any classroom or other activity to which he has been lawfully assigned as a pupil in the school unless negligence on the part of the member of the governing board is the proximate cause of the injury or death. Same For injury incurred in school work

1043. If suit is brought against any member of the governing board of any school district as an individual, for any act, or omission, in the line of his official duty as member of Duty of district attorney to defend member

the board, or if suit is brought against any employee of any school district for any act performed in the course of his employment, the district attorney of the county shall defend the member of the board or the individual employee upon request of the governing board of the school district, without fee or other charge.

Liability insurance

1044. The governing board of any school district shall insure against the liability (other than a liability which may be insured against under the provisions of Divisions 4 and 5 of the Labor Code) of the district and against the personal liability of the members of the board and of the officers and employees of the district, for damages to property or damage by reason of the death of, or bodily injury to, any person or persons, as the result of any negligent act by the district, or by a member of the board, or any officer or employee when acting within the scope of his office or employment. The insurance may be written in any insurance company authorized to transact the business of insurance in the State.

Fund in lieu of insurance

1045. In districts situated within or partly within cities having a population of more than 500,000 any board of education may provide, from its own funds, for the purpose of covering the liability of the district, its officers, agents, and employees, in lieu of carrying insurance in insurance companies as provided in Section 1044. Nothing contained herein shall be construed as prohibiting the board of education of the district from providing protection against such liability partly by means of its own funds and partly by means of insurance written by insurance companies as provided in Section 1044.

Article 6. Clerks of the Board

Annual meeting, election of clerk

1061. The board of school trustees shall meet annually on the first day of July and elect one of its members clerk of the district.

Election of president

1062. If the district is governed by a board of trustees consisting of five members, one of the members shall be elected president at the annual meeting of the board.

Appointment of clerk

1063. If a clerk is not elected on the date prescribed, the superintendent of schools of the county shall appoint one of the members of the board of school trustees district clerk.

Same Vacancy

1064. If a vacancy occurs in the postion of district clerk, the superintendent of schools shall appoint one of the members of the board of school trustees to the position.

Dismissal

1065. If the clerk of the district refuses to keep the minutes, or draw warrants, or perform other duties ordered by the board, the board at a regular meeting may dismiss him and appoint another member clerk. It shall immediately notify the superintendent of schools of the county of its action.

Compensation

1066. In any school district organized under the provisions of Sections 1721 to 1727, inclusive, and which is also a high school district, and which districts are governed by a board of

school trustees, and which districts have an average daily attendance in the elementary school district of at least 800, as shown by the last report of the principal of schools in the elementary school district, on file in the office of the county superintendent of schools, the trustees of the school district may appoint a clerk, who shall not be one of their own number, to act for the elementary district trustees and the high school district trustees to hold office at the pleasure of the board of trustees. The board may fix the salary of the clerk at a sum not exceeding twenty-five dollars ($25) per month for the two districts, which shall be paid in the same manner and from the same funds as other incidental expenses of the districts are paid.

Duties

1067. The clerk shall call meetings of the board at the request of two members, act as clerk of the board, and keep a record of its proceedings and an accurate account of the receipts and expenditures of school moneys.

Public records

1068. The clerk shall keep his records, minutes of board meetings, and accounts open to public inspection.

School libraries

1069. The clerk shall place in the library of the school all pamphlets, books, or supplies received by purchase or otherwise for the school district.

Other duties

1070. The clerk shall perform such duties other than those enumerated in Sections 1061 to 1070, inclusive, as are prescribed by the board.

Article 7. Performance of Services

Service agreements
County superintendents

1091. Notwithstanding any other provision of this code, the governing board of any school district and the county superintendent of schools having jurisdiction over the district may, with approval of the county board of education, enter into an agreement for service which by law the county superintendent of schools is authorized to render to be rendered by one for the other. The agreement shall provide for the payment of an amount not less than the cost of providing such service. The county superintendent of schools shall transfer from the funds of the district to the county schools service fund or from the county schools service fund to the funds of the district the amount set forth in the agreement.

Same
Between districts

1092. One school district may perform school services for another school district, and receive pay from the other school district for the performance of the school service, whenever a contract approved by the county superintendent of schools covering the performance of and the payment for school service has been entered into by and between the governing boards of the school districts concerned. Nothing contained in this section shall be construed to authorize the establishment of separate schools for pupils for any reason other than those set forth in this code.

Same
Mental health services

1093. The governing board of any school district may enter into a contract with a mental health clinic or child guidance clinic for the furnishing to the district by the clinic of

mental health services for the pupils of the district. The terms and conditions governing the providing of such services shall be set forth in the contract. No payment shall be made by the district for services performed by persons who do not possess a credential issued by the State Board of Education covering such service. When the conditions of the contract have been fulfilled, the cost of services rendered pursuant to such contract may be paid from the funds of the district. The governing board of any city, county, or district which maintains a public mental clinic or child guidance clinic is authorized to enter such an agreement.

Same: School districts

1094. The governing board of any school district or the county superintendent of schools of any county may enter into agreements to render to a state college, to the University of California, or to any state institution any service which such governing board or county superintendent of schools is authorized to provide to school districts. Any such agreement must provide for the payment for services rendered of an amount not less than the cost of rendering such service. The Director of Education, the Regents of the University of California, and the Director of Finance are hereby authorized to enter into such agreements as to any state college, the University of California, and any state institution, respectively.

All funds received by a county superintendent of schools under this section shall be paid by him into the county treasury to the county school service fund and all funds received by the governing board of a school district under this section shall be paid by it into the county treasury to the credit of the general fund of the district.

Practice teaching

1095. The governing board of any school district may enter into agreements with a state college, the University of California, or any other university or college accredited by the State Board of Education as a teacher education institution, to provide teaching experience through practice teaching and to provide for supervised field experience in the public schools in such areas as may be called for in the requirements of the various authorized credentials for public school service to students enrolled in teacher education curricula of such institutions. Any such agreement may provide for the payment for the services rendered by the school district of an amount not to exceed the actual cost to the school district of the services rendered or such agreement may provide for the rendering of services to the school district of a value not to exceed the actual cost to the school district of the services rendered by the district. The Director of Education and the Regents of the University of California are hereby authorized to enter into such agreements with the governing board of any school district as to any state college, and the University of California, respectively.

All funds received by the governing board of a school district under this section shall be paid by it into the county treasury to the credit of the general fund of the district.

Article 8. Destruction of Records

Destroyed records: Affidavits accepted

1111. Whenever in any school year the school register of any teacher, or other records of any elementary or high school district are destroyed by conflagration or public calamity, preventing the teacher and school officers from making their annual reports in the usual manner and with accuracy, affidavits of the teacher, the school principals, or other officers of the school district, certifying as to the contents of the destroyed register or other records, shall be accepted by all school authorities for all school purposes appertaining to the school district, except that of average daily attendance.

Acceptance of regular annual reports

1112. Whenever the average daily attendance of any elementary or high school district has been materially affected in any school year by conflagration, public calamity, or epidemic of unusual duration and prevalence, the regular annual reports of the teacher, the school principal, or officers of the school district, shall be accepted by all school officers for all school matters appertaining to the school district, except that of average daily attendance.

Regulations for destruction

1113. Whenever the destruction of records of a district is not otherwise authorized or provided for by law, the governing board of the district may destroy such records of the district in accordance with regulations of the Superintendent of Public Instruction which he is herewith authorized to adopt.

Microfilm

1114. The governing board of any school district may make microfilm or photographic copies of any records of the district. The original of any records of which a photographic or micofilm copy has been made may be destroyed when provision is made for permanently maintaining such photographic or microfilm copies in the files of the district, except that no original record that is basic to any required audit shall be destroyed prior to the second July 1st succeeding the completion of the audit.

Article 9. Membership of Boards and Schools in Educational Organizations

Memberships

1131. The governing board of any school district, the governing board of any junior college district may subscribe for membership for any school under its jurisdiction, and the county superintendent of schools with the approval of the county board of education may subscribe for membership in any society, association, or organization which has for its primary purpose the promotion and advancement of public or private education. The State Board of Education shall approve a list of societies, associations, and organizations in which membership may be taken. No payment shall be made out of school funds for membership in any society, association, or organization whose name does not appear in the list approved by the State Board of Education. The total amount paid on account of all such memberships for any school or

for any county superintendent of schools shall not exceed the amount of the actual dues of the society, association, or organization during any school year.

Governing boards

1132. The governing board of any school district may subscribe for membership in, or otherwise become a member of, any state or local organization of governing boards of school districts or members thereof which has for its primary purpose the promotion and advancement of public education through research and investigation, and the co-operation with persons and associations whose interests and purposes are the betterment of the educational opportunities of the children of the State.

Accreditation costs

1133. The governing board of a district maintaining a secondary school may pay the costs of accreditation of the secondary school by any accrediting association.

Article 10. Expenses and Notice of Elections

Election expenses

1151. The expenses of any district election called by the governing board of a school district, or required by law, shall be borne by the entire district, and shall be paid out of its funds.

Notice

1152. In the case of any school district election called or conducted under the provisions of this code, the county clerk, or the registrar of voters if such office has been established, of the county in which the majority of the territory of the district is located, shall, at least 10 days before the day fixed for the election, mail to each registered voter residing within the district, a card designating the polling place and time of the election and containing a statement of the purposes of the election. Costs incurred by the county clerk or the registrar of voters in connection with this section shall be paid out of the funds of the district.

Chapter 2. Governing Boards of Union and Joint Union Districts

Powers and duties

1171. The powers and duties of boards of trustees of union or joint union school districts are such as are now or may hereafter be assigned by law to boards of school trustees except as otherwise provided by this code.

Executive committee

1172. Boards of trustees of union and joint union districts may appoint an executive committee, consisting of the president, the clerk, and one other member of the board, to attend to the routine business of the board. Their action shall be reported to the board for ratification at its first meeting ensuing.

Bonds employees and organization

1173. The board of trustees elected or appointed for a union school district may call elections for the issuance of bonds or for special taxes, and may select employees and arrange for the organization of the school for the next ensuing school year.

1174. At any time after the appointment or election of the board of trustees of a union or joint union school district, and the naming of the school district, the board may secure an option to purchase land for school purposes and may call a bond election for any of the purposes for which elementary school district bonds may be issued. The board may proceed thereafter in accordance with the provisions of this code governing the issuance of elementary school district bonds, with the same effect as though control of the property of the union or joint union district had already been vested in them. School buildings

CHAPTER 3. CITY BOARDS OF EDUCATION

1201. Boards of education are elected in cities under the provisions of the laws governing the respective cities, except as otherwise provided in this chapter, commencing with Section 1201. Election

1202. The members of any elective city board of education shall be elected at large from the territory within the boundaries of the school district or districts which are under the jurisdiction of the city board of education, whether sitting as a board of education, high school board, or junior college board, and any qualified elector of the territory shall be eligible to be a member of such city board of education. Election at large

1203. In any school district situated wholly or partly within a city containing a population of over 1,900,000 according to the 1950 federal census, the governing board shall be composed of seven members holding office numbers 1, 2, 3, 4, 5, 6, and 7, and shall be elected at large at the same time and in the same manner as the members of the city council of said city, and shall serve for a term of four years. The four members of such board whose terms of office expire July 1, 1947, shall be considered as holding office numbers 1, 3, 5, and 7 (such members within 15 days after the effective date of this act to determine by lot at a regular board meeting the number of the office each holds), and the remaining offices shall be known as office numbers 2, 4, and 6 (to be allocated by lot in the same manner as hereinbefore provided for office numbers 1, 3, 5, and 7). All such members' terms shall commence on the first day of July next succeeding their election. City with population over 1,900,000 Board membership

1204. In any school district situated wholly or partly within a city containing a population of over 1,900,000 according to the 1950 federal census, each member of the city board of education shall receive as compensation for his services the sum of five hundred dollars ($500) per month. A member may be paid for any meeting when absent if the board by resolution duly adopted and spread upon its minutes finds that at the time of the meeting he is performing services outside the meeting for the school district or districts. The compensation shall be a charge against the funds of the school district. If the city board of education is the governing board of more than one school district the compensation shall be charged Same Compensation

against and paid by the respective school districts in the same proportion as the salary of the city superintendent of schools is charged against them. Compensation shall be reduced by an amount equal to any salary or compensation paid to the members of the city board of education from any funds of the city. The member shall receive full compensation only if he attends not less than ten (10) meetings of the board for the month for which he receives compensation. In the event he attends less than ten (10) meetings in any month he shall receive compensation for that month in an amount that bears the same ratio to five hundred dollars ($500) as the number of meetings he actually attends bears to ten (10).

City with population over 250,000: Compensation

1205. In any school district which is situated wholly or partly within a city containing a population of over 250,000 and less than 1,900,000 according to the 1950 Federal Census and which is not a city and county, each member of the city board of education may receive as compensation for his services the sum of twenty-five dollars ($25) for each meeting of the board actually attended, not to exceed one hundred dollars ($100) in any one calendar month. A member may be paid for any meeting when absent if the board by resolution duly adopted and spread upon its minutes finds that at the time of the meeting he is performing services outside the meeting for the school district or districts. The compensation shall be a charge against the funds of the school district. If the city board of education is the governing board of more than one school district the compensation shall be charged against and paid by the respective school districts in the same proportion as the salary of the city superintendent of schools is charged against them. Compensation shall be reduced by an amount equal to any salary or compensation paid to the members of the city board of education from any funds of the city.

Reimbursement to city for election costs

1206. In those cases in which the boundaries of the school district, high school district, or junior college district, governed by a city board of education, are not coterminous with the boundaries of the city, and where elections, either primary, general, or recall, of members of the board of education are by the provisions of the laws governing the cities held at times other than on the day of municipal elections, general or special, the cost and expense of the district elections shall be a legal charge against the funds of the district or districts governed by the board of education. The city shall be reimbursed by the district or districts for its actual cost and expense incurred in the conduct of the election or elections. The cost and expense of conducting the election in territory common to two or more districts shall be borne by the districts in equal shares. In territory within a single district the cost shall be borne by the district.

Election expenses Proportionate reimbursement

1207. In those cases in which the boundaries of the school district, high school district, or junior college district, governed by a city board of education, are not coterminous with the boundaries of the city, and where elections, either primary,

general, or recall, of members of the board of education are by the provisions of the laws governing the cities held on the same day as municipal elections, general or special, a proportionate part of the actual cost and expense of the election shall be a legal charge against the school districts governed by the board of education. The city shall be reimbursed for the proportionate cost and expense incurred in the conduct of the election. The cost and expense of the elections within the boundaries of the city shall be apportioned between the city and the districts in the ratio that the total number of offices to be filled and propositions to be voted upon by the electors of the city and the school district or districts, respectively, bears to the total number of offices to be filled and propositions submitted. The cost and expense of the election in territory outside of the municipal boundaries shall be borne by the districts affected. As between the districts, costs and expense shall be apportioned as follows: In territory common to two or more districts the cost of conducting the election shall be borne in equal shares, and in territory within a single district the cost shall be borne by the district.

Consolidation of elections

1208. Elections of members of city boards of education, primary, general, or recall, may be consolidated with municipal elections, primary, general, or special, in accordance with the provisions of Chapter 4 of Part 2 of Division 11 of the Elections Code. In event of consolidation, the cost and expense shall be apportioned between the city and districts, elementary, high school, or junior college, as provided in Section 1207.

Governing board as city board of education

1209. Whenever the charter of a city comprising in whole or in part an elementary school district, fails to provide for the manner in which, the times at which, and the terms for which the members of the board of education of such city are appointed, and for the number which shall constitute such board, the governing board of the elementary school district within which the city is located or with which the city is coterminous is the board of education of the city.

Applicability

1210. Except as provided in Section 1209, whenever the charter of any city fails to provide for the manner in which, the times at which, or the terms for which the members of the city board of education shall be elected or appointed, for their qualifications, removal, or for the number which shall constitute such board, the provisions of Sections 931 to 974, inclusive, and Sections 1231 to 1285, inclusive, shall apply to the matter not provided for.

CHAPTER 4. ELEMENTARY SCHOOL DISTRICT GOVERNING BOARDS

Article 1. Composition of Boards

Composition of governing board

1231. Except as provided in this section or in Section 1232, the governing board of any elementary school district shall be composed of three members selected at large from the territory comprising the district. Whenever, in any elementary school district having a governing board of three members, the average daily attendance during the preceding fiscal year became 300 or more, the governing board of the district shall do either of the following:

(a) By its own action determine that the number of members of the governing board shall be increased to five, in which case two additional members shall be elected at the next regular governing board member election.

(b) Request the county superintendent of schools having jurisdiction to submit the question of whether the number of members of the governing board shall be increased to five to the voters of the elementary school district at the next regular governing board member election. At the same election two additional members shall be elected to take office if the number of governing board members is increased.

If, pursuant to either subdivision (a) or subdivision (b) of this section, two additional governing board members are authorized and elected, the one receiving the higher number of votes shall hold office for a term of two years from July 1st succeeding the election, and the other one shall hold office for a term of one year from July 1st succeeding the election. Thereafter the governing board shall be composed of five members elected in the same manner and for the same term as provided in Sections 931 to 974, inclusive, and Sections 1231 and 1232 for governing boards having five members.

Same Union or joint union elementary districts

1232. The governing board of any union or joint union elementary school district shall be composed of five members selected at large from the territory comprising the district.

Article 2. Vacancies and Resignations

Causes of vacancy

1241. Vacancies on elementary school district governing boards are caused by any of the events specified in Section 1770 of the Government Code, or by a failure to elect. A vacancy resulting from resignation occurs when the written resignation is filed with the county superintendent of schools having jurisdiction over the district.

Appointment to fill vacancy

1242. When such a vacancy occurs, the county superintendent of schools having jurisdiction with the approval of the county board of education shall appoint an eligible person to hold the office until the next regular election for governing board members, at which, in addition to filling the offices of members whose terms are expiring, an election shall be held to fill the vacancy.

1243. When vacancies exist in a majority of the positions on the governing board of an elementary school district the county superintendent of schools having jurisdiction, with the approval of the county board of education, may call a special election within the district at which election the vacancies shall be filled. Those elected shall fill out the unexpired terms to which they were respectively elected. If called, the election shall be held and conducted by the county superintendent of schools in as nearly the same manner as is practicable as are elections of governing boards. Special election

1244. If for any reason vacancies should occur in all of the offices on any elementary school district governing board, the county superintendent of schools having jurisdiction shall have all the powers and perform all the duties of the governing board until one or more members are appointed and qualified. Vacancies in all offices on board

1245. Whenever any of the offices on any elementary school district governing board is vacant, the remaining governing board member or members, if any, and any governing board member or members appointed to fill the vacancies or elected, who have qualified, shall have all the powers and perform all the duties of the governing board. Powers and duties

Article 3. Recall of Members

1261. Any elected or appointed member of any elective elementary school district governing board may be recalled pursuant to this article (commencing with Section 1261). Recall

1262. A petition demanding the recall of any governing board member shall be filed for verification of signatures with the county superintendent of schools having jurisdiction over the district. If more than one governing board member is sought to be recalled, separate petitions shall be filed for each member sought to be recalled. Petition

Before any signatures are obtained to a recall petition, a copy of the text of the petition shall be filed with the county superintendent of schools having jurisdiction, and the recall proceedings shall be deemed to be pending from the date of such filing.

1263. No recall petition shall be circulated or filed for verification of signatures against any governing board member until he has held his office for at least six months. Member in office for six months

1264. The recall petition shall not be circulated by any person other than a registered voter of the district. Circulation

1265. The recall petition shall contain a statement of not more than 200 words of the grounds on which the recall is sought, for the information of the voters. Any insufficiency of form or substance in this statement shall not affect the validity of the election and proceedings held thereunder. Statement of grounds

1266. The recall petition shall be signed by registered voters equal in number to at least 20 percent of the registered voters of the district as of the time of filing the petition for verification of signatures. Signatures required

Same: To recall petition

1267. The signatures to the recall petition need not all be appended to one paper. If the district is situated in more than one county, each paper of the recall petition shall designate one of the counties and, of the signatures appended to such paper, only the signatures of the voters of the county designated shall be valid. Each signer shall add to his signature his place of residence, giving street and number. If no street or number exists, then a designation of the place of residence shall be given which will enable the location to be readily ascertained.

The date on which each signature was placed on the petition shall be indicated thereon either by the signer or by the person circulating the petition.

Affidavit of circulator

1268. Each separate paper of each recall petition shall have attached to it an affidavit. The affidavit shall state that the affiant is a registered voter of the district; that the affiant circulated that particular paper and saw each signer write his signature and residence thereon; and that according to the best information and belief of the affiant:

(a) Each is the genuine signature of the person whose name it purports to be.

(b) Each signer is a registered voter of the district.

(c) Each signature was obtained on the date indicated on the petition.

Petition filed within six months

1269. No petition shall be valid for the purpose for which it was circulated unless it shall be filed for verification of signatures within six months after the date on which a copy of the text of the petition was filed.

Signature verification

1270. The signatures to the recall petition shall be verified as follows:

(a) If the school district is situated wholly in one county, the county superintendent of schools shall send the petition to the county clerk immediately upon the filing of the petition for verification of signatures. The county clerk shall examine the signatures and from the records of registration ascertain whether or not the petition is signed by the requisite number of registered voters. Within 10 days after the county clerk receives the petition, he shall attach to it his certificate showing the results of his examination and shall return the petition to the county superintendent.

(b) If the school district is situated in more than one county, the county superintendent shall, immediately upon the filing of the petition for verification of signatures, send each separate paper constituting the recall petition to the county clerk of the county designated on each paper. Each county clerk shall examine the signatures and from the records of registration ascertain the number of signatures of registered voters in the portion of the district lying in his county. The county clerk shall attach to the papers his certificate showing the results of his examination and also showing the total number of registered voters in the portion of the district lying in

his county. Within 10 days after each county clerk receives the papers he shall return them to the county superintendent.

Supplemental petition

1271. If the number of signatures is not sufficient, a supplemental petition, in form a duplicate of the original petition, but bearing additional signatures, may be filed with the county superintendent of schools having jurisdiction within 10 days from the date on which the county superintendent received the last of the county clerks' certificates. In the manner provided in Section 1270, the county superintendent shall send the supplemental petition to the county clerks of the counties in which the district is situated, and the county clerks shall examine, certify, and return the supplemental petition to the county superintendent. If the signatures to the petition are still insufficient, no action shall be taken thereon. The petition shall remain on file as a public record, and the failure to secure sufficient signatures shall not prejudice the filing later of an entirely new petition to the same effect.

Special recall election

1272. If the county superintendent of schools finds the petition, together with supplementary petitions, if any, sufficient he shall at once call a special election to be held in the district within not less than 35 nor more than 40 days after the date of the call, to determine whether the voters will recall the governing board member. If a regular election for the election of members of the governing board of the district is to occur not less than 35 nor more than 60 days from the date of the call for the special election, the county superintendent may, in his discretion, order the holding of the special election at the time the regular election is held.

Notice

1273. The county superintendent of schools shall call the recall election by posting election notices in three public places in the district at least 35 days before the election, and by publishing a notice of the election in the district pursuant to Section 6063 of the Government Code. If there is no newspaper of general circulation published in the district, notice need not be published.

Election conduct

1274. Except as provided in this article (commencing with Section 1261), the recall election shall be held and conducted by the county superintendent of schools having jurisdiction in substantially the same manner as elections held under Sections 935 to 974, inclusive.

Election consolidation

1275. The county superintendent of schools may consolidate recall elections of two or more governing board members.

Candidates

1276. Any registered voter of the district, except the governing board member whose recall is sought, may become a candidate for election at a recall election in the manner provided in Sections 935 to 974, inclusive.

Vacancy after recall

1277. If a vacancy occurs in the office of the member sought to be recalled after a recall petition is filed for verification of signatures, the election shall nevertheless proceed as provided in this article (commencing with Section 1261).

Statement on sample ballot

1278. The county superintendent of schools having jurisdiction shall mail to each registered voter within the district

a sample ballot on which there shall be printed in not more than 200 words the statement of the grounds on which the recall is sought set forth in the recall petition. Upon the same ballot there shall also be printed, in not more than 200 words, any statement submitted by the member sought to be recalled justifying his course in office.

Ballot: Contents

1279. There shall be printed on the recall ballot, as to every member whose recall is sought, the following question: "Shall (name of person against whom the recall petition has been filed) be recalled from the office of (title of the office)?" following which question shall be the words "Yes" and "No" on separate lines, with a blank space at the right of each, in which the voter shall indicate, by stamping or writing a cross (+), his vote for or against the recall.

Same

1280. On the recall ballots, under each question, there shall be printed the names of the candidates to succeed the incumbent if he is recalled. Following each list of candidates, the ballot shall provide one blank line with a blank square following, to allow the voter to write in a name not printed on the ballot.

Same

1281. On the recall ballots there shall be printed the same statements which were printed on the sample ballots.

Required recall vote for candidate vote

1282. No vote cast in the recall election shall be counted for any candidate for the office unless the voter also voted for or against the recall of the person sought to be recalled from that office.

Majority vote

1283. If a majority or exactly half of those voting on the question of the recall of any incumbent from office vote "No," the incumbent shall continue in office. If a majority vote "Yes," the incumbent shall be deemed recalled from office, upon the qualification of his successor.

Canvass of votes

1284. The inspector of the election shall deliver the returns to the county superintendent of schools having jurisdiction. At the time and place fixed in the notice of the election, the county superintendent shall publicly canvass the returns and declare the results. If a majority of the votes cast favor the recall of the member, the county superintendent shall declare the candidate who has received the highest number of votes for the office elected for the remainder of the term and shall issue a certificate of election to him. If the elected candidate fails to qualify within 10 days after receiving the certificate of election, the office shall become vacant and shall be filled as provided in Sections 1241 to 1245, inclusive.

Election costs

1285. All costs of any recall election held under this article (commencing with Section 1261) shall be a charge against the school district in which such election is held.

Article 4. Boards of Districts Including Military Stations

Governing board

1301. The governing board of an elementary school district formed pursuant to Sections 2131 to 2133, inclusive, shall consist of three members elected at large and serving for three years except as otherwise herein provided.

1302. Within 10 days after the formation of the district, the county superintendent of schools shall call an election for the election of the members of the governing board of the district. The election shall be called, held and conducted as provided in Sections 931 to 974, inclusive, Sections 1231 and 1232, insofar as said sections are not inconsistent or in conflict with this article (commencing with Section 1301). The members of the governing board elected at said election shall take office immediately following the canvass of the returns of the election. First election

The first members of the governing board of the district elected under this section shall determine by lot the term of each so that the term of one member will expire on June 30th of the following school year, the term of one member will expire on June 30th of the succeeding school year and the term of one member will expire on June 30th of the third succeeding school year.

1303. Annually, beginning with the school year following that in which the district was formed an election shall be held as provided in Sections 931 to 974, inclusive, and Sections 1231 and 1232 for the election of members to succeed those whose terms expire on June 30th of the school year in which the election is held. Annual election

CHAPTER 5. HIGH SCHOOL DISTRICT BOARDS

Article 1. Composition, Election and Appointment in Union or Joint Union Districts

1321. In every union or joint union high school district, the governing board shall be composed of five members selected at large from the territory comprising the district. Membership

1322. Except as provided in this article (commencing with Section 1321), when any union or joint union high school district is formed, it shall be governed by a high school board selected in the manner and for the terms provided in Sections 931 to 974, and Sections 1231 and 1232. Vacanies on governing boards of union or joint union high school districts shall be determined and filled, and governing board members may be recalled in the manner provided in Sections 1241 to 1285, inclusive, for elementary school district governing boards. Applicable provisions

1323. In any election for members of the governing board of a union or joint union high school district, including recall elections, at least one polling place in each of the elementary school districts composing the high school district shall be designated; provided, that, except when a consolidated election is being conducted in which the suspended district participates, a suspended elementary school district may be combined with a contiguous elementary school district for the purposes of the election and the voters of both shall vote at the polling place designated in the active school district. Polling places

1324. Within 20 days after the appointment of the interim governing board, the county superintendent of schools having First meeting and organization

jurisdiction shall call a meeting of the high school board, by giving at least 10 days' notice by registered mail to each member, for the purpose of organizing the board. At the meeting the high school board shall organize by electing a president from its members and a secretary, and may transact any other business relating to the affairs of the district.

Article 2. Composition, Election and Appointment in County Districts

County high school districts

1341. Any county high school district governing board shall be composed of five members elected in the same manner and for the same terms as governing board members of union and joint union high school districts. Vacancies on governing boards of county high school districts shall be determined and filled, and governing board members may be recalled in the manner provided for union and joint union high school districts.

Member from each district

1342. Whenever the boundaries of a county high school district are coterminous with the boundaries of a county, the board shall consist of one member from each supervisorial district in the county elected at large from the district.

On or before the first day of January preceding the expiration of the term of a member in office on the effective date of this section the board shall, by resolution adopted by the board, determine the supervisorial district from which his successor shall be elected.

Notice of meeting

1343. Within 20 days after the appointment of the high school board, the county superintendent of schools shall call a meeting of the board by giving at least five days notice by registered mail to each member, for the purpose of organizing the board.

Organization

1344. At the meeting, the high school board shall organize by electing a president from its members and a clerk, and may transact any other business relating to the affairs of the county high school.

Powers

1345. The high school board of a county high school district shall have the same powers and duties in regard to the county high school district as high school boards of other high school districts

Article 3. Meetings of Boards

First meeting and organization

1361. Each district, union, and joint union high school district governing board shall meet on the first day of July of each year at 12 o'clock noon, and organize by electing a president from its members and a clerk.

The governing board of any district, union, or joint union high school district may, at a meeting held between May 15th and June 15th, determine that the meeting on the next succeeding July 1st shall be held at some other time than at 12 o'clock noon. In case such action is taken, the clerk of the

board shall notify in writing all members and members-elect of the time of the July 1st meeting and shall also publish this action of the governing board.

Regular meetings

1362. Every high school board shall hold regular monthly meetings at such times as are provided in the rules and regulations adopted by them for their own government. In union or joint union high school districts the regular meetings may be quarterly.

Special meetings

1363. Special meetings may be held at the call of the president of the board. Upon the request, in writing, signed by a majority of the board, the president shall call a meeting. The members of the board shall have at least two days notice of all special meetings, issued and served by the clerk. At special meetings no business shall be transacted other than that specified in the call for the meeting

Open meetings

1364. All meetings of the high school board shall be open to the public.

Meeting place

1365. Meetings of the high school board shall be held in the high school building. If there is no high school building in the high school district, or if in the judgment of the board, the interests of the district may be better served by holding its meetings elsewhere, it may meet at such other place in the high school district as it may by resolution determine.

Article 4. Reorganization of Boards

New district

1381. Whenever a new school district becomes a part of any union or joint union high school district, the newly added school district shall be entitled to participate in all elections of members of the high school boards thereafter held.

Article 5. Powers and Duties

Powers

1391. Except as otherwise provided, high school boards have the same powers and duties as boards of education, or boards of school trustees in school districts.

High schools not supported by district taxes

1392. The duties, powers, purposes, responsibilities, and jurisdiction of the governing board of any high school district with respect to any high school established in the district prior to August 14, 1929, and not supported in whole or in part by any funds derived from the levy of any district tax may, with the approval of the State Board of Education, acting upon the recommendation of the Superintendent of Public Instruction, be transferred to the Chief of the Division of Vocational Education in the State Department of Education who may appoint any qualified person to exercise immediate supervision over the school.

CHAPTER 6. JUNIOR COLLEGE DISTRICT BOARDS

Article 1. Composition, Election and Appointment

Governing board. Management and control

1401. In any junior college district coterminous with a single high school district, of any type, the governing board of the high school district shall constitute the junior college board and after organizing as a junior college board shall have the management and control of the junior college in the district

Election by wards

1402. In every junior college district which was divided into five wards on or before September 7, 1955, one member of the board shall be elected from each ward by the registered voters of the ward. On or before January 1st of a fiscal year the governing board of the district may rearrange the boundaries of the wards to provide for representation in accordance with population and geographic factors or may abolish the wards.

Trustee areas

1403. The county committee on school district organization, upon petition of the governing board of any junior college district, may provide for trustee areas in junior college districts or the rearrangement of trustee areas in the same manner as trustee areas may be provided for in unified districts under Sections 3128 to 3134, inclusive. The governing board of a junior college district shall be composed of five or seven members elected for a four-year term when trustee areas are provided under this section.

Governing boards:

1404. In every junior college district formed pursuant to Section 814 and Sections 2551 to 2768, inclusive, there shall be a governing board of five members elected at large from the district to serve a term of four years, except that if trustee areas are formed the governing board shall consist of a member from each trustee area elected by the voters of the entire district.

Election

1405. Upon the formation of a junior college district the county superintendent of schools having jurisdiction shall call and set the date of an election for the purpose of electing the governing board of the district. Such call shall be issued not later than 30 days after the formation of the district. The election shall be called, held, and conducted as are elections for members of governing boards of elementary school districts.

Terms of office

1406. The first members of the governing board shall take office on the first day of the second month following their election. The term of office of subsequent members of the board shall begin on July 1st following their election.

Officers

1407. At the initial meeting of the governing board of a newly formed junior college district it shall elect one of its members as chairman, and shall designate a secretary.

When the number on the governing board is five (5) the term of office of each member of the first governing board shall be determined by lot. The term of one member shall expire on June 30th of the year following his election; the term of

one member shall expire on June 30th of the second year following his election; and the term of one member shall expire on June 30th of the third year following his election; and the terms of two members shall expire on June 30th of the fourth year following their election.

In the event that provision is made for a governing board of seven (7) members, the governing board shall determine by lot the term of office of each member of the first governing board. The term of one member shall expire on June 30th of the year following his election; the terms of two members shall expire on June 30th of the second year following their election; the terms of two members shall expire on June 30th of the third year following their election; and the terms of two members shall expire on June 30th of the fourth year following their election.

Vacancies

1408. Any vacancy on the governing board of a junior college district shall be filled by appointment of the remaining members of the board for the remainder of the unexpired term. If the remaining members of the board fail to agree, the county superintendent of schools shall appoint a person to fill the vacancy for the remainder of the unexpired term.

Recall

1409. Governing board members may be recalled in the manner provided in Sections 1241 to 1285, inclusive.

Polling places

1410. In any junior college board member election including recall elections, at least one polling place in each of the elementary and unified school districts located in the junior college district shall be designated; provided, that, except when a consolidated election is being conducted in which the suspended district participates, a suspended elementary school district may be combined with a contiguous elementary school district for the purpose of the election and the voters of both shall vote at the polling place designated in the active school district.

Article 2. Organization of Boards

First meeting

1421. Within 20 days after the appointment of the junior college board provided for by Section 1404, the county superintendent of schools having jurisdiction shall call a meeting of the board by giving at least 10 days' notice by registered mail to each member, for the purpose of organizing the junior college board.

Organization

1422. At the meeting the junior college board shall organize by electing a president from its members and a secretary, and may transact any other business relating to the affairs of the junior college district.

Annual organization

1423. Junior college boards shall meet on the first day in July of each year at 11 o'clock a.m., and organize by electing a president from its members, and a secretary.

Any junior college board may, at a meeting held between May 15th and June 15th, determine that the meeting on the next succeeding July 1st shall be held at some other time than

11 a.m. In case such action is taken, the clerk of the board shall notify in writing all members and members-elect of the time of the July 1st meeting and shall also publish this action of the governing board.

Article 3. Meetings of Boards

Regular meetings

1431. Every junior college board shall hold regular monthly meetings at such times as may be provided in the rules and regulations adopted by them for their own government, except that in junior college districts composed of two or more high school districts, the regular meetings may be quarterly.

Special meetings

1432. Special meetings may be held at the call of the president of the board or upon a call issued in writing and signed by a majority of the members of the board, except that by unanimous consent a special meeting may be convened at any time.

Date

1433. The date set for special meetings shall be at least two full days subsequent to the completion of the call.

Business

1434. No business shall be transacted at a special meeting other than that specified in the call, except that by unanimous consent any business matter may be transacted at any special meeting.

Meeting place

1435. All meetings of the junior college board shall be held at the junior college building. If no junior college building exists in the district, or if the junior college consists of a single high school district, the junior college board may meet at any place in the district as it may by resolution determine.

Article 4. Powers and Duties of Boards

Powers

1451. Except as otherwise provided in this code, the powers and duties of junior college boards are such as are assigned to high school boards.

Chapter 7. Unified District Boards

Government

1481. Any unified school district which is coterminous with or includes within its boundaries a chartered city or city and county shall be governed by the board of education provided for in the charter of the city or city and county. Sections 1483 to 1488, inclusive, shall not apply to such unified school districts, except as follows:

(a) As provided in the charter of the city or city and county.

(b) If the charter of the city or city and county fails to provide for a board of education or for any or all of the matters specified in Section 1210, Sections 1483 to 1488, inclusive, shall apply as to the matter not provided for in the charter.

Election of board members on failure of charter to provide

1482. If the charter of any city provides for or has within two years prior to January 1, 1955, provided for a board of education of five members of a unified school district, and said charter has been or is hereafter amended so that it fails to provide for a board of education, a new board of education composed of five members is created under this section immediately upon the effective date of such amendment; the positions thereto shall be filled by appointment of the county superintendent of schools. The terms of the members first so appointed shall expire the last day of June next following the effective date of such charter amendment, and an election shall be held for the members of such board at the time fixed by law for the regular election of members of governing boards of school districts, and the members so elected shall assume office on the first day of July following. If the effective date of such charter amendment is such that a legal election for board members cannot be held as aforesaid prior to the first day of July next following such charter amendment, then the county superintendent of schools shall again appoint the members of such board who shall assume office on the first day of July as aforesaid. The terms of the board members who take office on the first day of July as aforesaid and thereafter shall be for a period of four years except that of the members who take office the first day of July next succeeding such charter amendment, two shall be for a term of two years from such July 1st and three shall be for a term of four years therefrom thereby securing a rotation in membership, and the county superintendent of schools, upon the making of the appointments aforesaid or within 30 days after September 7, 1955, whichever is later, shall designate which positions are for the two-year and which for the four-year terms. Except as herein otherwise provided, the members of the board shall be elected at the last time fixed by law for the election of members of governing boards of school districts prior to the commencement of a new term of office. If a general municipal election is to be held within 60 days prior to the time when an election for board members would be held as aforesaid, the board of education may, by resolution filed with the governing body of such city at least 60 days prior to such municipal election, call the school district election to coincide with the municipal election and request the governing body of such city to consolidate such elections in that portion of the school district which lies within such city, and the governing body of such city shall order such elections to be consolidated and to be held as are consolidated elections under the provisions of the Elections Code relating to consolidated elections, in which event the school district shall simultaneously with the holding of such consolidated election conduct an election in any portion of the district not included within such municipality. In the event of the holding of such consolidated election, the school district shall reimburse the city for its proportionate share of the costs of conducting such consolidated election in an amount

to be agreed upon between the governing bodies of such school district and such city.

Members selected at large

1483. The governing board of any unified school district created under the provisions of Section 813, Sections 1481 to 1493, inclusive, Sections 2811 to 2931, inclusive, and Sections 13005, 13554, and 21802 shall be composed of five members selected at large from the territory comprising the district.

Election

1484. When any unified school district is created under the provisions of Section 813, Sections 1481 to 1493, inclusive, Sections 2811 to 2931, inclusive, and Sections 13005, 13554, and 21802, the county superintendent of schools having jurisdiction shall call and set the date for an election for the purpose of electing the governing board of the district. The call shall be issued not later than the fourth Friday of January next succeeding the creation of the district and the election shall be held not later than the third Friday in May next succeeding the call. The election shall be held and conducted by the county superintendent of schools having jurisdiction in substantially the same manner as elections held under Sections 931 to 974, inclusive, and Sections 1231 and 1232.

Terms

1485. The terms of the members elected at the initial election of governing board members in any new unified school district created under the provisions of Section 813, Sections 1481 to 1493, inclusive, Sections 2811 to 2931, inclusive, and Sections 13005, 13554, and 21802 shall begin on the first day of the second calendar month following their election. The term of the two members receiving the highest number of votes shall expire on June 30th of the fourth year following the election. The term of the member receiving the next highest number of votes shall expire on June 30th of the third year following the election. The term of the member receiving the next highest number of votes shall expire on June 30th of the second year following the election, and the term of the fifth member shall expire on June 30th of the year following the election.

Recall

1486. Any member of any unified school district governing board may be recalled in the manner provided in Sections 1261 to 1285, inclusive, for elementary school district governing boards.

Annual elections

1487. After the initial election of governing board members in any new unified school district created under the provisions of Sections 813, Sections 1481 to 1493, inclusive, Sections 2811 to 2931, inclusive, and Sections 13005, 13554 and 21802, a governing board member election shall be held annually at the time and in the manner provided in Sections 931 to 974, inclusive, and Sections 1231 and 1232 to fill the offices of members whose terms expire on June 30th next succeeding the election. Each person elected shall hold office for a term of four years from July 1st next succeeding his election.

Vacancies

1488. Vacancies on the governing board of any unified school district created under the provisions of Section 813, Sections 1481 to 1493, inclusive, Sections 2811 to 2931, in-

clusive, and Sections 13005, 13554, and 21802 shall be determined in accordance with the provisions of Sections 1241 to 1245, inclusive, and shall be filled by appointment by the remaining members of the board for the remainder of the unexpired term. If there are no remaining board members, or if the remaining board members fail to agree, the county superintendent of schools having jurisdiction, with the approval of the county board of education, shall appoint an eligible person to hold the office for the remainder of the unexpired term.

Powers and duties

1489. The governing board of each unified school district shall have the same powers and duties as are by law granted to the governing boards of the elementary school districts, the high school districts, and the junior college districts merged into, or otherwise included within, the unified school district.

Additional powers

1490. The governing board of a unified school district which has an average daily attendance of 3,500 or more pupils in grades 9 through 12 as shown by the last reports of the teachers in the district and a total assessed valuation of at least one hundred million dollars ($100,000,000), in addition to the powers conferred by Section 1489 may exercise such powers as are granted by law to governing boards of all junior college districts.

City board of education

1491. Whenever a unified school district has within its boundaries a chartered city or a city of the first to the fifth classes, inclusive, or whenever the average daily attendance of a unified school district is 1,500 or more, for all purposes the district shall be deemed a city school district governed by a city board of education and the governing board thereof shall be deemed a city board of education.

Powers outside district boundaries

1492. The governing board of a unified school district may acquire property, construct buildings, and maintain classes outside its boundaries on sites immediately adjacent to school sites of the district within its boundaries.

Contracts

1493. The governing board of any unified school district may enter into an agreement with the governing board or boards of one or more other school districts, for the joint employment of supervisors of instruction.

Chapter 8. Superintendents

Article 1. Appointment, Salary and Expenses

District superintendents

1531. The governing board of any school district, except a junior college district, may employ a district superintendent for one or more schools employing eight teachers or more. The governing board of a junior college district may employ a district superintendent regardless of the number of teachers employed.

Deputy or assistant district superintendent

1532. The governing board of any school district employing a district superintendent of schools and having an average daily attendance of 1,500 or more pupils may employ such deputy and assistant district superintendents of schools as the board deems necessary.

City superintendents

1533. In each city school district governed by a city board of education, the board may employ a city superintendent of schools and such associate superintendents of schools, and deputy or assistant city superintendents of schools as it deems necessary, and may fix and order paid their compensation, unless otherwise prescribed by law.

Terms

1534. A city superintendent of schools elected by a board of education shall be elected for a term of four years. Any district superintendent of schools, associate superintendent of schools, or deputy city or district superintendent of schools, or assistant city or district superintendent of schools may be elected for a term of four years.

Termination and re-employment

1535. The governing board of any school district, with the consent of the employee concerned, may at any time terminate, effective on the next succeeding first day of July, the term of employment of, and any contract of employment with, the superintendent of schools, or any associate, deputy, or assistant superintendent of schools of the district, and re-elect or re-employ the employee, on such terms and conditions as may be mutually agreed upon by the board and the employee, for a new term to commence on the effective date of the termination of the existing term of employment.

Notice of determination not to re-employ

1536. In the event the governing board of a school district determines the superintendent of schools of the district is not to be re-elected or re-employed as such superintendent upon the expiration of his term, the superintendent of schools shall be given written notice thereof by the governing board at least six months in advance of the expiration of his term. In the event the governing board of a district fails to re-elect or re-employ the superintendent of schools of the district as such superintendent and the written notice herein provided for has not been given, the superintendent of schools shall be deemed re-elected for a term of the same length as the one completed, and under the same terms and conditions and with the same compensation.

Qualifications

1537. No person shall be eligible to hold a position as city superintendent, district superintendent, deputy superintendent, associate superintendent, or assistant superintendent of schools unless he is the holder of both a valid school administration certificate and a valid teacher's certificate, but any person employed as a deputy, associate, or assistant superintendent in a purely clerical capacity shall not be required to hold an administration certificate.

Compensation

1538. Each deputy school superintendent of any city or city and county may receive such compensation as the board of education prescribes, payable in the same manner and out of the same fund as the superintendent of schools.

Article 2. Duties and Responsibilities

Powers and duties

1551. The superintendent of each school district shall, in addition to any other powers and duties granted to or imposed upon him:

(a) Be the chief executive officer of the governing board of the district.

(b) Excepting in districts where the governing board has appointed or designated an employee other than the superintendent, or a deputy, or assistant superintendent, to prepare and submit a budget, prepare and submit to the governing board of the district, at such time as it may direct, the budget of the district for the next ensuing school year, and revise and take such other action in connection with the budget as the board may desire.

(c) Subject to the approval of the governing board, assign all employees of the district employed in positions requiring certification qualifications, to the positions in which they are to serve.

(d) Enter into contracts for and on behalf of the district pursuant to Section 15961.

Unified district superintendents

1552. The superintendent of schools of a unified school district which is coterminous with the boundaries of a city and county shall have all the powers and duties set forth in this code for a superintendent of any school district of the class of school which is included within said unified school district; said superintendent shall have his compensation fixed and ordered paid by the board of education, anything in a city, county, or city and county charter to the contrary notwithstanding.

Same

1553. The superintendent of schools of a unified school district which is coterminous with the boundaries of a city and county shall also perform the duties of the county superintendent and shall be entitled to have such associate superintendents and assistant superintendents of schools as appointed by the board of education, and when appointed, they shall be designated as associate superintendents and assistant superintendents.

DIVISION 5. ORGANIZATION AND REORGANIZATION OF DISTRICTS

CHAPTER 1. GENERAL PROVISIONS

Article 1. Formation and Changes in Territory and Status of Districts

Effective dates of proceedings

1601. Any action undertaken to form a new school district of any type or class, to annex or unite any territory or school district to or with another school district, to withdraw or exclude territory from any school district, to unionize or merge two or more school districts, to disestablish or disincorporate any school district, or to change the boundaries of any school district, shall be effective as herein provided:

(a) Any such actions completed before February 1st of any school year shall be effective on the next succeeding first day of July, except as herein otherwise provided.

(b) Any such actions completed on or after February 1st of any school year shall become effective on the second succeeding first day of July, except as herein otherwise provided.

Effective date of attachment of lapsed districts

1602. An order of a board of supervisors attaching the territory of any lapsed elementary school district to one or more adjoining districts shall be effective as of the date of the order for all purposes.

Effective date of formation, etc., of school districts

1603. In the case of every other action referred to in Sections 1601 to 1620, inclusive, the action shall be effective as to any district in any way affected by the action on the date the action is completed for the following purposes:

(a) The determination of the assessed valuation of any district or districts affected by the action.

(b) The appointment or election of members of the governing boards of the school districts affected.

(c) The preparation and submission of school district budgets.

(d) The election or appointment of employees for the ensuing school year.

(e) The election or appointment of an executive officer and necessary clerical help for the governing board.

(f) The calling and conducting of elections for and the issuance and sale of school district bonds as to any district in any way affected by the action whether it be a newly formed district or one which territory has been added to or taken from by the action and including the calling and conducting of such elections only in that portion of the district remaining after territory has been excluded therefrom in any manner by such action.

(g) The exercise by the governing boards of the school districts affected of other powers and duties vested in governing boards of school districts of the same type or class and not inconsistent with other provisions of this code.

(h) The holding of an election to determine whether a newly formed elementary school district, or a district comprised within a newly formed union or joint union elementary school district shall become a part of a high school district.

(i) The calling and conducting of elections to increase the maximum rates of tax for district or districts affected.

(j) The calling and conducting of elections for the assumption of bonded indebtedness.

(k) The unionization or uniting of the district with one or more school districts, its annexation to another school district, the unification of the district, the changing of its boundaries, or other reorganization affecting it.

(*l*) The calling and conducting of elections for the acceptance and repayment of any allocation of state funds under any state school building aid law, as to any district in any way affected by the action, whether it be a newly formed district or one which territory has been added to or taken from by the action.

(m) To expend funds acquired from the sale of school district bonds or other sources for the acquisition of school sites and the construction of school facilities.

Effective date of unified school district

1604. The formation of a unified school district under Sections 1481 to 1493, inclusive, Sections 2811 to 2931, inclusive, and Sections 813, 13005, 13554 and 21802 shall be effective for the purposes set forth in Section 1603 upon the date upon which the boundaries of the component districts thereof became or become coterminous.

When territory may not be annexed

1605. Notwithstanding anything in this code to the contrary, no territory shall be taken from any school district having any outstanding bonded indebtedness and made a part of another district where the action, if taken, would so reduce the assessed valuation of the district from which the territory was taken that the outstanding bonded indebtedness of the district would exceed 5 percent of the assessed valuation remaining in the district. If the territory taken from any school district remains liable for the outstanding bonded indebtedness for which it would have been liable if it had not been taken from any school district, the provisions of this section shall not apply.

Annexation of two or more districts

1606. Whenever provision is made in this code for the annexation of one school district to another, two or more school districts adjoining each other may be annexed simultaneously to a school district contiguous to one or more of the adjoining districts. If one of the adjoining districts is not annexed to the contiguous school district and by reason of the failure to annex the district one or more of the adjoining districts is made noncontiguous to the district to which the district or districts were to be annexed, the annexation of such district or districts shall be void and of no effect.

Noncontiguous territory

1607. No territory which is not contiguous to a school district may be annexed, merged, united, or otherwise attached to, or made a part of, the district except in such cases as are specifically provided for.

School site contiguous to district

1608. The governing board of a school district may acquire a site for a school building contiguous to the boundaries of the district and upon the acquisition of such site it shall become a part of the district. No proceedings affecting school district boundaries, including annexation proceedings of any nature whatsoever, shall operate to exclude a school site from the school district owning the same if after such proceedings are complete the school site remains contiguous to the boundaries of the district. The school site remains contiguous for the purpose of this section although separated from the boundaries of the district by a road, street, stream, or other natural or artificial barrier or right-of-way. Notwithstanding such proceedings the site shall continue to be a part of the district owning or occupying the same, and the buildings and improvements thereon shall remain the property of such district.

Liability for bonded indebtedness

1609. When school districts are created or abolished, or the boundaries thereof changed, the liability to taxation for the

outstanding bonded indebtedness of the district is, when not otherwise prescribed by this code, as provided in Sections 1601 to 1620, inclusive. The authorities whose duty it is to levy taxes for the payment of principal and interest on the outstanding bonds, shall levy the taxes upon the districts affected in such proportions as are provided in or are determined under the authority of this article.

Same annexed district

1610 Notwithstanding any provision of this code to the contrary, no territory which comprises the whole or a part of a district and which is made a part of another district or of a new district through any proceeding involving any affirmative action taken by the residents of such territory shall be liable for any of the then outstanding bonded indebtedness of the district of which it is made a part unless such liability is specifically authorized by a vote of two-thirds of the electors of the territory or district voting at an election called for that purpose in accordance with applicable provisions of this code.

Election to assume debt

1611. The election provided for in Section 1610 shall be called by the governing board of the district having the outstanding bonded indebtedness, held and conducted in as nearly the same manner as are elections under Sections 21701 to 21801, inclusive, and Sections 21803 to 22152, inclusive, of this code, except that the ballots used at such election shall contain the words: "For assumption of liability for outstanding bonded indebtedness of _____ District ___ Yes" and "For assumption of liability for outstanding bonded indebtedness of _____ District ___ No." The name of the district having the outstanding bonded indebtedness shall be inserted in the blank spaces.

Effect of annexation election

1612. Whenever territory which comprises the whole or part of a district and which is made a part of a unified district because of annexation of such territory to the city in which is situated all or part of such unified district by means of an election, such election shall constitute affirmative action taken by the residents of such territory for the purposes of Section 1610. This section applies to any such annexation to a city which was completed on or after November 20, 1952.

Formation of single district

1613. When any school district is united or in any manner merged with one or more school districts so as to form a single district, the district so formed is liable for all the outstanding bonded indebtedness of the districts united or merged; provided, however, if the territory included in a school district which has been lapsed by the board of supervisors and attached to an adjoining district withdraws from said district to which it has been attached through a proceeding involving affirmative action by the residents of such territory within one year from the date of lapsation, such territory shall cease to be liable for any such bonded indebtedness unless such indebtedness was incurred during the period the territory is attached to the adjoining district.

Annexation to another district

1614. When territory is taken from one school district and annexed to another, the territory becomes liable to taxation

for the bonded indebtedness of the district to which it is annexed.

The board of supervisors of the county in which the territory is situated shall, by order entered on its minutes, within 60 days after the changes, determine what proportion of the outstanding bonded indebtedness of the district from which it was taken was incurred for the acquisition or improvement of school lots or buildings, or fixtures therein, situated in the territory transferred. The district to which the territory was annexed shall thereupon become liable for the proportion of the indebtedness so determined.

Annexation of original districts

1615. Notwithstanding any provisions of this code to the contrary, whenever a portion of a school district referred to in this section as the "original school district" is taken from such district and annexed, either by way of affirmative action taken by the residents within such portion of the original school district or by operation of law or otherwise, to any other school district referred to in this section as the "new school district," the new school district shall, on the date the portion of the original school district becomes a part of the new school district for all purposes, take possession of all real property and all fixtures therein or thereon of the original school district located in such territory, and shall pay the original school district for the use of such property as herein provided.

Within sixty (60) days after the annexation has been effected, the board of supervisors of the county in which the original school district and the new school district are situated shall, by order entered upon its minutes, determine what proportion of the then outstanding bonded indebtedness of the original school district was incurred for the acquisition or improvement of said real property and all fixtures therein or thereon. Commencing one (1) year after the date of such determination, the new school district shall pay annually to the original school district for the use of such property an amount equal to the annual amount required for the payment of interest and for redemption of such portion of the bonded indebtedness as was determined by said board of supervisors.

The rate of tax required to provide funds for the making of the payments required to be made by the annexing district shall be in addition to the maximum rate of tax for such district fixed or established by or under Sections 20751 and 20803.

New district's liability for bonded indebtedness

1616. When any new school district is formed from a portion of the territory of one or more existing districts, either by incorporation of a city, or otherwise, and the territory comprising the new district does not continue to be liable for taxation for the payment of the bonded indebtedness of the district or districts from which it was transferred, incurred before the transfer, the board of supervisors of the county shall, within 60 days after the formation of the new district, by order entered on its minutes, determine what proportion of the outstanding bonded indebtedness of the district or districts out of

which the new district is formed, was incurred for the acquisition or improvement of school lots or buildings, or fixtures or furniture or necessary apparatus of a permanent nature therein, situated in the new district. The new district shall thereupon become liable for the proportion of such indebtedness so determined.

In the case of joint districts, the board of supervisors of each county shall in the same manner determine the liability as to the territory in its county.

Withdrawal from existing district

1617. Whenever any territory withdraws from a union elementary or union high school district, the territory withdrawing shall continue to be liable for such portion of the bonded indebtedness of the union elementary school district or union high school district incurred before the withdrawal as it would have been liable for had it not withdrawn.

If territory is withdrawn from a union elementary or union high school district and is included in a unified school district, and if such unified district assumes, pursuant to Section 2890, a portion of the bonded indebtedness of the union elementary or union high school district and repays the principal and interest of such portion of bonded indebtedness as it falls due, such assumption and repayment shall be deemed to fulfill the obligation of such territory with respect to such liability.

Effect of repeal

1618. The repeal of Section 2.75 of the School Code shall not impose any liability upon, or affect the liability of, any territory of a lapsed elementary school district situated in one high school district, which during the period when Section 2.75 was effective was attached to an elementary school district lying in another high school district.

Uninhabited realty annexation

1619. Any uninhabited real property, which is purchased or leased for a period of one year or more by a junior college district, shall be automatically excluded from any other junior college district and become a part of the junior college district purchasing or leasing the property, if the property is:

(a) Contiguous to the boundaries of the district purchasing or leasing the same and included in another junior college district.

(b) Not included within the territorial boundary of any chartered city.

Such real property shall be automatically excluded from the high school district and the elementary school district of which it is a part, and shall be annexed to and become a part of any high school district and elementary school district included within the junior college district purchasing or leasing such property and to which such property is contiguous, and as designated by the county superintendent of schools.

Upon the filing with the county superintendent of schools of the county having jurisdiction over the districts affected of a certificate executed by the governing board of the junior college district describing the property concerned and certifying that such property is owned or leased for a period of one year or more by the junior college district, the changes of

boundaries provided for in this section shall be effective for all purposes.

Annexation or withdrawal

1620. When it is proposed to annex a portion of any school district to any other school district, or when a portion of a school district proposes to withdraw from a school district, and the area proposing to annex or withdraw contains a school building, such annexation or withdrawal shall not take place without the prior approval of both boards or of the county committee on school district reorganization, augmented in the same manner as provided in Section 3113.

Article 2. Change of Names of Districts

Petition

1641. Whenever a petition is presented to the board of supervisors, signed by at least 15 qualified electors of any school district, asking that the name of the district be changed, the board of supervisors shall designate a day upon which it will act upon the petition, which shall not be less than 10 days nor more than 40 days after the receipt of the petition.

Hearing

1642. The clerk of the board of supervisors shall give notice to all parties interested by sending by registered mail to each of the trustees of the school district a notice of the time for the hearing of the petition. Notices shall be mailed at least 10 days before the day set for hearing. At the hearing the board shall by resolution either grant or deny the petition, and, if granted, the clerk shall notify the county superintendent of the change of the name of the district.

Article 3. Boundaries of Districts

Ascertainment of boundaries

1651. Every county superintendent shall inquire and ascertain whether the boundaries of the school districts in his county are definitely and plainly described in the records of the board of supervisors and keep in his office a full and correct transcript of the boundaries.

If the boundaries of districts are conflicting or incorrectly described, or if, by reason of the resubdivision of land or other change of property lines, the location of the boundaries becomes indefinite or conflicts with lines of assessment, the board of supervisors may correct and relocate the boundaries to follow definite, established property lines, conforming as nearly as practicable to the general location of the former boundaries.

Where boundary lines are corrected or relocated, the relocation of the new lines shall be made in such a manner that the majority of the area of the parcel or property affected determines the district in which the parcel or property is located. Nothing herein contained authorizes the board of supervisors, in relocating the boundaries, to substantially alter the former boundaries of school districts.

Meaning of description

1652. Whenever the boundary line of any school district is described as being "to" or "from" the ocean shore, such

description means to or from a point three miles seaward from the shore.

Whenever the boundary line of any school district is described as being "along," "with," "by," or "on" the ocean shore, such description means on a line parallel with and three miles seaward from the shore.

Nothing contained in this section shall retroactively alter, enlarge, diminish or otherwise affect the powers, jurisdiction, rights, duties, responsibilities, obligations or liabilities of any such school district.

Article 4. Districts Partly Within a Chartered City

Control by charter provisions

1661. A school district, a portion of which is embraced within the limits of any city governed by a charter proposed and adopted as provided by Section 8 of Article XI of the Constitution, may be subject to, controlled, and governed by the provisions of the charter relating to and providing for the management of public schools pursuant to this article.

Election

1662. The board of trustees of such school districts may provide for the holding of an election at the time and in the form and manner for holding elections for school trustees, for the purpose of submitting to the electors the question of whether the district shall be governed by the provisions of the charter.

Ballots

1663. The ballots used at the election shall contain the words "Shall the (name of district) be governed by the charter of the City of _____?" and the words "Yes" and "No" so placed that the voters may clearly indicate their choice in this connection.

Election returns

1664. The board having charge of the election shall count the ballots cast on the proposition and make return thereof to the board of trustees of the school district. If it appears from the returns that a majority of the votes cast on the proposition is in favor of the proposal, then the board of trustees shall certify the result to the board of education, provided for in the charter of the city. From and after the date of the certificate the school district shall be governed by the provisions of the charter relating to the establishment, management, and control of the public schools.

Participation in subsequent election

1665. If any school district or portion of any school district is embraced within the corporate limits of a city having a charter, and the electors of the school district have participated in and voted at any school election held subsequent to the adoption of and under the provisions of the charter, they shall be deemed to have submitted to be governed in all matters relating to the management of public schools within the school district or high school district as fully and to all intents and purposes as though the electors of the school district or high school district had by their votes elected to be governed by the provisions of the charter.

Electors

1666. All qualified electors residing in a school district described in this article (commencing with Section 1661),

whether residing within or without the boundaries of the city, shall be entitled to vote for members of the board of education at any election held for that purpose.

Article 5. Districts in More Than One County

1681. When any school district is situated partly in two or more counties, all returns, reports, certificates, estimates, petitions, and other papers of any kind required to be filed with or presented to the board of supervisors by this code relating to schools and school districts, shall be filed with or presented to the supervisors of each county in which any portion of the district is situated. All actions required to be taken by the board of supervisors regarding such matters shall be taken by the concurrent action of the respective boards of supervisors of each county in which any portion of the district is situated. Concurrent action of boards of supervisors

1682. Whenever any school district is situated partly within two or more counties, jurisdiction over it is, unless otherwise provided in this code, in the county superintendent of schools of the county in which the schoolhouse of the district is located, or, if there be a schoolhouse of the district in each of two or more counties, jurisdiction over the district is in the county superintendent of schools of the county in which the greatest area of the district lies. Jurisdiction

CHAPTER 2. ELEMENTARY SCHOOL DISTRICT ORGANIZATION

Article 1. Names of Districts

1701. Every school district shall be designated by the name and style of "_____ District (using the name of the district), of _____ County" (using the name of the county in which the district is situated). Name

1702. In the name by which the district is designated the trustees may sue and be sued, and hold and convey property for the use and benefit of the school district. Suits and property

1703. A number shall not be used as a part of a designation of any school district. Number

1704. The word "elementary" shall not be used as a part of a designation of any school district. "Elementary" not to be used

Article 2. Formation of Districts Within Cities

1721. Except as provided in Section 1722 every city heretofore organized before September 11, 1957, except general law cities, unless otherwise prescribed in its original city charter, constitutes a separate school district, which shall be governed by the board of education or board of school trustees of the city. Every chartered city organized on and after September 11, 1957, unless otherwise provided in its original charter, Cities as school districts

constitutes a separate school district if approved by resolution of the State Board of Education after favorable recommendation of the county committee on school district organization and the county superintendent of schools of the county in which the city is situated; provided, that the provisions of Section 1722 shall apply to any annexation of territory to such a city constituting a separate school district. If the consent of the governing board of the district is first obtained, territory within the exterior boundaries of a city may be withdrawn from the school district of that city and annexed to an adjoining school district in the manner provided elsewhere in this code for the change of school district boundaries.

Annexed territory

1722. (a) Territory annexed to a city which is not contiguous to a school district within the city shall not become a part of any school district within such city pursuant to Section 1721.

(b) Territory annexed to a city which is part of a unified school district shall not become a part of any school district within the city pursuant to Section 1721 unless prior to the annexation, the governing boards of the affected districts agree in writing that the territory shall become part of the city school district. In order for the agreement to be effective, a certified copy thereof shall be filed with the city council prior to the adoption of the resolution specified in Section 35117 or Section 35306 of the Government Code, and such resolution shall contain a statement that the annexed territory shall become part of the city school district.

(c) Territory annexed to a city which is contiguous to a city school district within such city, except as otherwise provided in subdivision (b) of this section, shall not become part of any elementary, high school, junior college, or any other school district within said city as provided in Section 1721 unless proceedings are had and completed for the annexation or inclusion of such territory to the school district in the manner provided elsewhere in this code, or unless the resolution required by Section 35117 of the Government Code in the case of proceedings for the annexation of inhabited territory, or the resolution required by Section 35306 of the Government Code in proceedings for the annexation of uninhabited territory contains a statement that the annexed territory shall become part of the school district of the city.

The provisions of subdivision (a), (b), or (c) of this section, as the case may be, apply to territory proposed to be annexed to a city in which territory is situated any school district or part of any school district.

The provisions of subdivision (a), (b), or (c) of this section, as the case may be, apply to any proceedings to annex territory to a city which have not been completed on or before September 7, 1955, except proceedings in which the resolution provided for in Section 35117 of the Government Code has been adopted, or in which the city legislative body or the board of supervisors has approved the annexation by ordinance, or

resolution, as the case may be, for other city annexation proceedings.

The provisions of subdivision (a), (b), or (c) of this section, as the case may be, shall not apply to general law cities or to cities which have provided in their original charter that they shall not constitute a separate school district.

Incorporation of city and annexation of territory

1723. Whenever a city is incorporated, except a city of the sixth class, the board of supervisors of the county may annex to the city for school purposes only, the remainder, or any part of the remainder, of the district or districts from which the city was organized, whenever a majority of the electors residing therein petition for such annexation.

Annexation of additional territory

1724. The board of supervisors either when the district is formed or subsequently may include more territory than the remainder of the district or districts from which the city was organized, whenever a petition for this purpose is presented to them, signed by the majority of the electors residing in the additional territory.

The territory annexed may be in either the same or a different county than that of the school district to which it is annexed. If the territory annexed lies in a county other than the county in which the school district to which the territory is annexed lies, the school district shall not become a joint school district by reason of the annexation of such territory.

Elections

1725. When outside territory has been annexed to a city, it shall be deemed a part of the city for the purpose of holding the general municipal election, and shall form one or more election precincts, as may be determined by the legislative authority of the city. The qualified electors of the annexed territory shall vote only for the board of education or the board of school trustees.

Inclusion of outside territory

1726. The outside territory shall be deemed to be a part of the city for all matters connected with the school department of the city, for the annual levying and collecting of the property tax for the school fund of the city, and for all purposes specified in Sections 21701 to 21801, inclusive, and Sections 21803 to 22152, inclusive.

Assessment roll

1727. The last assessment roll made by the county assessor shall be the only basis of taxation for the school district on the property outside the corporate limits annexed for school purposes.

Article 3. Formation of Districts Outside Cities

Petition

1741. Except as provided in this article (commencing with Section 1741), no new school district shall be formed unless the parents or guardians of at least 15 children between the ages of 5 and 17 years as shown by the petition, residents of the proposed new district and residing at a greater distance than five miles by a state or county traveled road from the public schoolhouse in the district in which the parents or guardians reside, present a petition to the superintendent of

schools, setting forth the boundaries of the proposed new district.

Same

1742. When any number of children less than 15 in number, between the ages of 5 and 17 years, reside at a distance of seven miles or more by state or county traveled road, or five miles or more where there is no state or county traveled road, from a public school, or where the children are unable to attend the public school for reasons that are deemed good and sufficient by the superintendent of schools of the county or city and county in which the children reside, the parents or guardians of the children may present a petition to the superintendent of schools for the formation of a new school district, setting forth the boundaries thereof.

Same

1743. The provisions of this article (commencing at Section 1741) requiring that petitioners shall reside a distance of more than five miles by a state or county traveled road from a public schoolhouse may be dispensed with when the petition is signed by parents or guardians of 50 or more children between the ages of 5 and 17 years, residents of a district or districts containing an average daily attendance of 200 or more children in the elementary schools of the district, or districts, as shown by the report of the teacher or principal of the school or schools on file in the office of the county superintendent of schools for the school year immediately preceding.

Separate districts in cities

1744. No city shall be divided into separate school districts under the provisions of this article (commencing at Section 1741). In the event of the consolidation of territory with any city and county pursuant to the provisions of Subdivisions 6 and 7 of Section 8½ of Article XI of the Constitution, the territory within the territory consolidated with the city and county may be divided into separate school districts. Any school districts within the consolidated territory at the time of consolidation shall continue as separate districts until otherwise changed by law.

Examination

1745. When a petition for a new district is presented to the county superintendent of schools, he shall examine it. If he finds the petition sufficient, and signed as required by this article (commencing at Section 1741), he shall set the petition for hearing by the board of supervisors of his county at a regular meeting of the board and shall immediately forward the petition to the Superintendent of Public Instruction for investigation.

Notice of hearing for formation of new district

1746. The Superintendent of Public Instruction shall set the petition for hearing and at least 30 days prior thereto shall send by registered mail to the superintendent of each school district which will be affected by the formation of the new district a notice containing a general statement of the purpose of the petition and the time and place when and where the petition will be heard by the Superintendent of Public Instruction.

Approval

1747. If the Superintendent of Public Instruction finds that a new district is necessary, he shall attach his certificate

to the petition approving it and immediately return it to the county superintendent of schools.

Disapproval

1748. If the Superintendent of Public Instruction finds that a new district is not necessary, he shall disapprove the formation of the district, and shall return the petition, together with a statement of his reasons for disapproval, to the county superintendent of schools.

Filing

1749. On receiving the petition with the approval or disapproval of the Superintendent of Public Instruction, the county superintendent of schools shall forthwith file the petition with the board of supervisors of his county, accompanied by his recommendations and the approval or disapproval of the Superintendent of Public Instruction, and a notice containing a general statement of the purpose of the petition and of the boundaries of the proposed new district, and the time and place when and where the petition will be heard.

Appeal

1750. If the Superintendent of Public Instruction does not approve the petition, the county superintendent of schools, or the board of supervisors may appeal to the State Board of Control for a hearing on the matter. The State Board of Control shall review the evidence as presented to it and approve or disapprove the formation of the district. Thereupon the board of supervisors may establish or refuse to establish the new district as provided in this article (commencing at Section 1741).

Effect of disapproval

1751. No state moneys shall be apportioned to a district established under the provisions of this article (commencing at Section 1741), unless its establishment has been approved by the Superintendent of Public Instruction, or, upon appeal, by the State Board of Control.

Opening of school

1752. After the board of supervisors has made an order creating a new district, the school shall be opened in the district not later than the second Monday of November following. Otherwise the order shall become null and void.

New district joining union district

1753. When any newly created district becomes a part of a union school district prior to the second Monday of November following the date on which the order creating the district was made, the district shall be exempt from the provisions of Section 1752.

New district from territory of existing parts

1754. A new elementary school district may be formed in whole or in part from territory lying within either an elementary school district, a union elementary school district, or a joint union elementary school district. Territory lying within an elementary school district, or a union elementary school district, or a joint union elementary school district when formed in whole or in part into a new elementary school district ceases to be a part of the district in which it was formerly included.

Article 4. Annexation of Districts to City Districts

Petition

1771. The board of supervisors of a county may annex, or may order an election held to determine whether or not the

elementary school district wishes to be annexed, to an elementary school district situated in whole or in part in any city in the county, other than a city of the sixth class, any contiguous elementary school district situated in the same county lying within or without a high school district, regardless of whether the elementary school district lies in whole or in part in any other city whenever a majority of the electors residing in the district to be annexed petition the board of supervisors in writing for annexation. The governing board of the district annexed ceases to exist upon the effective date of the annexation.

If an election is held, it shall be called and conducted in accordance with the provisions of Sections 1854 and 1855 of the Education Code.

Article 5. Annexation of Territory to Elementary District

Recommendation re annexation

1781. Whenever any territory within a county is listed in the Annual Report of Assessed Valuation and Tax Rates as territory not in any elementary or high school district, the Committee on School District Organization shall recommend to the board of supervisors of the county in which such territory is located between July 1st and August 31st, that such territory be annexed to one or more adjoining school districts as the board of supervisors considers most convenient and proper.

Notice of hearing

1782. Upon receipt of the recommendation of the report of the Committee on School District Organization, the board of supervisors shall set a date of hearing and shall give notice thereof as provided in Sections 1811 to 1816, inclusive.

Hearing

1783. The board of supervisors shall at the time and place fixed in the notice hear all persons interested in the matter and may continue the hearing from time to time but for not more than two weeks in all. After the hearing the board may make an order entered upon its minutes annexing the territory to such district as it deems proper and most convenient.

Article 6. Change of Boundaries

Petition

1791. The boundaries of a school district may be changed only when at least 25 percent of the registered electors, residing in the territory to be transferred from one district to another district by the proposed change of boundaries, present to the superintendent of schools a petition setting forth the changes of boundaries desired, and the reasons for the changes, except that territory in which no registered electors reside may be transferred from one school district to another upon the petition of 10 electors residing in the districts which would be affected by the proposed change of boundaries.

Same

1792. When a petition for a change of boundaries is presented, the county superintendent of schools shall examine the petition. If he finds it sufficient and signed as required

by law, he shall transmit a copy of the petition to the governing board of each district affected by the proposed change of boundaries. He shall file the petition with the board of supervisors accompanied by his recommendation, which shall include a statement of his belief as to whether the electors residing in the districts which would be affected are substantially divided in opinion with respect to the desirability of such change.

Determination by board of supervisors

1793. The board of supervisors may determine that it will hold a hearing of the petition or it may order that an election be held.

Same: Hearing

1794. In the event the board of supervisors determines that a hearing of the petition shall be had, the county superintendent of schools shall set the petition for hearing by the board of supervisors at a regular meeting of the board, but the hearing shall be more than 60 days after receipt of a copy of the petition by the governing board of each district which would be affected by the proposed change of boundaries. The county superintendent of schools shall file with the board a notice containing a general statement of the purpose of the petition, and of the proposed change of boundaries, and the time and place when and where the petition will be heard. The provisions of Sections 1811 to 1816, inclusive, shall then be applicable to the proceedings which shall then be taken.

Election

1795. In the event the board of supervisors orders that an election be held, the election shall be called, held, and conducted by the county superintendent of schools in the territory proposed to be transferred.

Except as provided in this section, the election shall be called, held, and conducted in as nearly the same manner as is practicable as are elections for governing boards and the county superintendent of schools shall have all the applicable powers and duties with respect to the election which school district governing boards have in elections for such governing boards.

The election shall be called by posting notices in at least three public places in the territory proposed to be transferred at least 30 days before the election. Notices may, in the discretion of the county superintendent of schools, be published in the territory pursuant to Section 6066 of the Government Code. Notices shall specify the time and place of election and the proposition to be voted on by the electors, shall describe the territory proposed to be transferred, and shall specify the location of the polls, the hours during which the polls will be kept open, and the hour when the returns of the election will be canvassed.

The ballots used in the election shall contain substantially the words "Shall the territory in which this election is held be transferred from the _____ School District(s) to the _____ School District?" Opposite such words, in separate lines, the words "yes" and "no" shall be printed, with a voting square opposite each such word.

The costs of the election shall be paid in equal shares out of the funds of the school districts to be affected by the proposed change of boundaries.

The county superintendent of schools shall certify the results of the election to the board of supervisors. If a majority of the votes cast were in favor of the proposed change of boundaries, the board of supervisors shall, by an order placed on its minutes, order the change of boundaries. A copy of the order shall be recorded as provided in Section 1815. The provisions of Section 1816 shall apply to the effect of the order.

Article 7. Hearing of Petition for New District or Change of Boundaries

Notice

1811. At least 10 days prior to the date of hearing of a petition for a new district, or for change of boundaries, the county superintendent of schools shall send by registered mail a copy of the notice required to be filed with the board of supervisors to each of the trustees of each school district which will be affected by the proposed change, and shall post or cause to be posted for the same period copies of the notice in at least three public places in the territory proposed to be included in the new district, and in at least three public places in each of the districts affected thereby. One copy of the notice shall be posted at the door of a schoolhouse, if any, of each of the districts. He shall attach to the original notice and submit to the board of supervisors having jurisdiction an affidavit of mailing and posting of the copies.

Jurisdiction

1812. Upon the filing with it of the petition, the recommendations, notice, and affidavit, the board of supervisors has jurisdiction to hear and determine the petition.

Hearing

1813. The board of supervisors shall at the time and place fixed in the notice, hear all persons interested in the petition and may continue the hearing from time to time, but for not more than two weeks in all. If it approves the petition it shall, by an order entered upon its minutes, establish the district and define its boundaries, or, order the change of boundaries, as the case may be.

Inclusion of territory

1814. Territory not included in the petition shall not be included in any district until a notice and hearing has been given as required by this article (commencing at Section 1811).

Recordation of order

1815. A copy of the order of the board of supervisors, certified by the clerk of the board, shall be recorded in the office of the county recorder of each county in which the new district is situated, or in each county where the district whose boundaries are changed is situated.

Conclusiveness of order

1816. After the expiration of one year from the date of the recording of the order, the order shall be conclusive evidence that the district has been legally organized, or the boundaries legally changed, as the case may be, and no suit shall be maintained which questions the validity of the organization or change of boundaries.

Article 8. Uniting of Districts

1831. Two or more contiguous elementary school districts may be united to constitute but one district, whenever a petition, signed by a majority of the registered electors residing in each of the districts who have children attending the schools of the district as shown by the teachers' registers or other records of the district for the current or next preceding school year, is presented to the county superintendent of schools. The petition shall be acted upon in the same manner as in the case of the formation of new school districts, except that Section 1746 shall not apply. Petition

1832. The persons securing the signatures to the petition shall attach an affidavit thereto that all persons who sign the petition did so in the presence of the affiant and that each signature is a genuine signature of the person whose name it purports to be. Affidavits re signatures

1833. When it appears from the records of the county clerk or registrar of voters that there are fewer than six registered electors residing in an elementary school district, the county superintendent of schools shall, not later than December 15th of that year, make a written recommendation to the board of supervisors concerning such elementary school district. The board of supervisors may, at its discretion, continue such district in effect or order it annexed to any adjoining elementary school district. Continuation or annexation of small districts

1834. When the schoolhouse in any school district is within three miles by traveled road from the schoolhouse in an adjoining district, the board of supervisors may, upon recommendation of the superintendent of schools and the supervisor or supervisors in whose district or districts the school districts are located, unite the school districts to constitute one school district. Uniting

1835. Whenever two or more elementary school districts are united to constitute but one school district, all funds, property, and obligations of the districts united shall become the funds, property, and obligations of the district formed. The bonded indebtedness of any elementary school district incurred prior to its uniting with any other elementary school district or districts shall remain the sole obligation of the territory within the elementary school district as it existed prior to its being united with the other elementary school district or districts. Property and indebtedness

Article 9. Annexation of Districts to Elementary Districts

1851. A single elementary school district may be annexed to another single elementary school district which during the last preceding fiscal year had an average daily attendance in excess of the district to be annexed pursuant to this article (commencing at Section 1851), and upon such terms as may Annexation

be agreed upon between the governing boards of the school districts.

Districts not wholly in same county

1852. If the petitioning school district and the school district to which annexation is sought are not wholly situated in the same county, then the petition shall be presented in duplicate to the county superintendent of schools of each county in which any part of either of the districts is situated.

Petition

1853. A majority of the registered electors residing in the district and who have children enrolled in any elementary school, whether in the district of residence or another district, as shown by the teachers' registers for the current or next preceding term, shall present to the county superintendent of schools a petition for annexation. The petition shall be accompanied by an agreement to the annexation, signed by a majority of the members comprising the board of trustees of the district to which annexation is desired.

Election

1854. Upon presentation of the petition, the county superintendent of schools, or each of them, shall, within 20 days, call an election in the petitioning district in his county for determination of the question and shall appoint three qualified electors in the petitioning district, to conduct the election.

Same

1855. The election shall be called and conducted in all respects as specified in Sections 1941 to 1948, inclusive, except that the form of the ballot shall be: "For the annexation to the _____ School District, Yes _____, No _____." Each elector voting at the election shall mark a cross with pencil, ink, or rubber stamp after the answer he desires to give. If a majority of the votes cast is in favor of the annexation, the annexation is complete. The result of the election shall be reported by the election officers in each district to the superintendent of the county in which the district is situated within five days after the election.

Funds etc. of annexed district

1856. Whenever a district is annexed to another district, pursuant to this article (commencing at Section 1851), all funds, property, and obligations of the districts shall become funds, property, and obligations of the enlarged district. The bonded indebtedness of any district incurred prior to an annexation action, pursuant to this article (commencing at Section 1851), shall remain the sole obligation of the territory of the district as it existed prior to the annexation.

Governing board of annexed district

1857. Upon the effective date of the annexation of the district, for all purposes, to another district the governing board of the district annexed ceases to exist.

Article 10. Suspension and Lapsation of Districts

Recommendation of county superintendent

1871. If in any elementary school district there has been an average daily attendance of only five or less during the whole school year, the county superintendent of schools having jurisdiction shall report the fact to the board of supervisors at its first meeting in July or August with his recommendation that the district be suspended or lapsed.

1872. The average daily attendance of pupils residing in an elementary school district and attending the seventh and eighth grades of a junior high school, and credited to the elementary school district, constitutes average daily attendance in the elementary school district for all the purposes of this article (commencing at Section 1871). Average daily attendance

1873. The board of supervisors shall at the meeting at which the report and recommendation of the county superintendent of schools is received suspend or lapse the district as he may recommend. Suspension or lapsation

1874. The governing board of a suspended district shall have, among other powers possessed by said board, power to repair and insure the school property of the district and to contract for the transportation of the children eligible to attend the school of and resident in the district to the adjoining school district or districts where they are attending public schools, and for these purposes the board may expend any money available for such purposes and credited to the district. The insurance shall be written in any admitted insurer. Powers of governing board of suspended district

1875. A suspended district may be merged with one or more adjoining districts, including an elementary school district within a union elementary school district, joint union elementary school district or a unified school district, whenever a petition signed by the majority of electors residing in the suspended district is presented to the board of supervisors. The petition shall be filed with the county superintendent and by him presented to the board of supervisors with such suggestion as he thinks best. Merger with adjoining districts

1876. After a district has been declared lapsed, the territory of the district shall be attached by the board of supervisors to one or more of the adjoining districts, including an elementary school district within a union elementary school district, joint union elementary school district or a unified school district, in such manner as the board considers most convenient for the residents of the lapsed district. Attachment to adjoining district

1877. When all the area of a county is located within three union or joint union high school districts, one of which contains more than three-fourths of the area of the county and four times the average daily attendance, and seven times the assessed valuation, of any other high school district located in whole or in part in the county, the board of supervisors of such county may not annex the territory of any suspended or lapsed elementary school district to an elementary school district in a high school district other than that in which such elementary school district is located except by the unanimous vote of all the members of the board of supervisors. Conditions requiring unanimous vote

1878. When any district has been declared lapsed, the board of supervisors shall, in such manner and upon such terms and conditions as it shall by resolution prescribe, sell or otherwise dispose of the property belonging to the district. All necessary instruments shall be executed in the name of the district by the chairman and clerk of the board of supervisors, Property

and the consideration for the sale or other disposition shall be placed in the county treasury to the credit of the district.

Indebtedness

1879. After the sale of the property, the superintendent shall determine all outstanding indebtedness of the lapsed district, and shall draw his requisition upon the county auditor in payment of the indebtedness.

Balance of moneys

1880. Any balance of moneys remaining to the credit of the lapsed district after all indebtedness has been paid shall be transferred by the superintendent to the credit of the district into which the lapsed district has been merged.

Same

1881. If the lapsed district has been attached to more than one of the adjoining districts, the superintendent shall apportion the moneys remaining to the credit of the lapsed district to the several districts in proportion to the number of pupils in average daily attendance in the respective districts, as shown by the teacher's report for the preceding school year.

Insufficient funds

1882. If there are not sufficient funds to the credit of the lapsed district to liquidate all of the outstanding indebtedness, the superintendent shall draw his requisition upon the county auditor pro rata for the several claims.

Joint union districts

1883. In the case of a joint union elementary school district, the county superintendent of schools and the county board of supervisors of each county in which a district comprising a part of the joint union elementary school district is wholly situated, shall for the purposes of this article (commencing at Section 1871) be the county superintendent of schools and county board of supervisors having jurisdiction over the district comprising a part of the joint union elementary school district.

Re-establishment

1884. At any regular meeting between July 1st and November 20th of any year, the board of supervisors may re-establish a suspended school district upon proper showing of the residents, or board of school trustees of the district, that there are eight or more pupils of the district ready to attend school.

Lapsation

1885. If a district is not re-established within two years after having been suspended the board of supervisors shall declare the district lapsed.

Article 11. Inclusion of Territory in Indian Reservation

Territory in Indian reservation

1901. The territory in any Indian reservation of the United States Government may be formed into an elementary school district in the manner provided for the formation of new elementary school districts, or may be included in whole or in part as a part of any new elementary school district hereafter formed in the same manner as other territory may be included in a new elementary school district.

Article 12. Inclusion in District of Land Owned by United States of America

1911. Any land owned by the United States and lying within the boundaries of any school district is a part of the school district and has been continuously a part of the school district from the time the land first lay within the boundaries of the school district. Land owned by United States

CHAPTER 3. ELEMENTARY UNION AND JOINT UNION DISTRICT ORGANIZATION

Article 1. Formation of Union Districts

1941. (a) A majority of the registered electors who reside in two or more contiguous elementary school districts of any kind or class, lying in the same county, and who have children attending school as shown by the teachers' registers or other records of the districts for the current or next preceding year or, (b) if any of such districts has an average daily attendance of 300 or more, a majority of the members of the governing board of such district may unite in a petition to the county superintendent of schools for the formation of a union elementary school district to comprise the districts petitioning. The superintendent of schools shall within 20 days after receiving the petition, call an election for the determination of the question and shall appoint three qualified electors in each of the districts petitioning to conduct the election. The county superintendent of schools may divide any school district in which the election is held into precincts for such election and, in such case, shall appoint three qualified electors in each precinct to conduct the election. Petition

1942. The persons securing the signatures to the petition shall attach an affidavit thereto that all persons who sign the petition did so in the presence of the affiant and that each signature is a genuine signature of the person whose name it purports to be. Affidavits re signatures

1943. The election shall be called by posting notices in three of the most public places in each district, one of which shall be a public schoolhouse in each district, if there is one, at least 10 days before the election. Notice of election

1944. The election shall be held separately and simultaneously in each of the districts petitioning. The election shall be conducted by the officers appointed for that purpose in the manner provided for conducting elections for members of governing boards of elementary school districts. Election

1945. Ballots at the election, in each district, shall contain the words, "For the Union School District." After the words shall be printed the words "Yes_____, No_____." Each elector voting at the election shall mark a cross with pencil, ink, or rubber stamp after the answer he desires to give. Ballots and voting

Canvass and report of election

1946. The election officers in each district shall canvass the vote at the election and report the result to the county superintendent of schools within five days after the election.

Formation of district

1947. If a majority of the votes cast at the election in each of any two or more of the school districts is in favor of the union school district, the union school district is formed but if a majority of the votes cast in any district are against the formation of the union school district, that district shall not be included in the union school district and the union school district shall be formed to include only those districts which are contiguous to each other and in which a majority of the votes cast favored the formation of the union school district. The county superintendent shall, within 15 days after receiving the returns of the election, notify the county assessor, the county clerk, and the county auditor of the formation of the union school district.

Name

1948. The trustees shall name the union school district.

Article 2. Formation of Joint Union Districts

Petition

1961. (a) A majority of the registered electors residing in two or more contiguous school districts of any kind or class, not all in the same county, and who have children attending the schools in the district as shown by the teachers' registers or other records of the district for the current or next preceding school year or, (b) if any of such districts has an average daily attendance of 300 or more, a majority of the members of the governing board of such district, may unite in a petition to the county superintendents of their respective counties for the formation of a joint union school district, to comprise the districts petitioning. Each of the superintendents shall, within 20 days after receiving the petition, call an election in the district or districts in his county petitioning, for the determination of the question and shall appoint three qualified electors in each of the petitioning districts, to conduct the election. The county superintendent of schools may divide any school district in which the election is held into precincts for such election and in such case, shall appoint three qualified electors in each precinct to conduct the election.

Affidavits to signatures

1962. The persons securing the signatures to the petition shall attach an affidavit thereto that all persons who sign the petition did so in the presence of the affiant and that each signature is a genuine signature of the person whose name it purports to be. No petition shall be accepted by the superintendent of schools after December 15th of any fiscal year.

Election

1963. The election shall be called and conducted in all respects as specified in Sections 1941 to 1948, inclusive, except that the form of the ballot shall be: "for the Joint Union School District." The result of the election shall be reported by the election officers in each district to the superintendent of the county in which the district is situated within five days after the election.

1964. The trustees shall meet at a time and place to be agreed upon among themselves, and name the joint union school district. Name

Article 3. Districts Composing Union or Joint Union Districts as Separate Entities

1971. For the purposes of teachers' reports, the several districts uniting to form a union or joint union elementary school district and the several districts of the union elementary school districts uniting to form a union elementary school district shall continue their separate existence. Teachers' reports

1972. The enrollment and attendance of each component district shall be kept separate from that of the other component districts composing the union or joint union elementary school district. Attendance reports

The Superintendent of Public Instruction may, on the request of the governing board of a district, exempt the district from the requirements of this section whenever compliance by such district with such requirements is in his judgment unnecessary to the administration of the laws relating to the apportionment of the State School Fund, and may withdraw such exemption when compliance with such requirements in his judgment becomes necessary to the administration of such laws.

1973. Elementary school districts uniting to form a union or joint union elementary school district, and union elementary school districts uniting to form a union elementary school district, under the provisions of Section 44, and Sections 1941 to 2056, inclusive, shall remain under the control of their respective boards of trustees until the first day of July next succeeding the formation of the union or joint union district and the location of the union or joint union school, or schools. Governing board

1974. After the time set forth in Section 1973 the districts uniting to form the union or joint union district shall cease to exist, except for the purposes specified in Section 44, and Sections 1941 to 1956, inclusive, and the terms of office of the school trustees of the districts shall expire. Effect of formation

1975. When the districts uniting to form the union or joint union school district cease to exist, the district property of each district uniting shall vest in the union or joint union school district and pass to the control of the board of trustees of the district to be held and disposed of by them pursuant to the provisions of this code relating to the powers and duties of boards of school trustees. Property

1976. The proceeds of any sale by the board of trustees of the union or joint union school district of school property that originally belonged to any of the original districts shall first be applied to the discharge of any bonded or other indebtedness of the original district Indebtedness

1977. Any balance on hand in any fund remaining to the credit of the elementary districts uniting to form a union or joint union school district shall be transferred to the credit of the union school district. Balance of funds

Assumption of bonded indebtedness

1978. Upon petition of 10 percent of the qualified electors residing in any elementary school district which has been included in or annexed to a union or joint union school district requesting him to do so, or by resolution adopted by the governing board of the union or joint union district, the county superintendent of schools having jurisdiction of the district shall call an election in the union or joint union district for the purpose of permitting the qualified electors to vote upon the question of whether or not the union or joint union district shall assume the bonded indebtedness of the elementary district. The election shall be called, held, and conducted as are elections for the issuance of school district bonds, except as provided in this section. The notice for the election shall contain the following:

(a) The time and place or places of holding the election.

(b) The names of the officers of the election appointed to conduct the election.

(c) The hours of the day during which the polls will be open.

(d) The amount of the bonded indebtedness and the interest rate thereon proposed to be assumed by the union or joint union district.

The ballot at the election shall contain the words "Assumption of Bonded Indebtedness—Yes" and "Assumption of Bonded Indebtedness—No" or words of similar import.

No bonded indebtedness shall be assumed by a union or joint union school district unless two-thirds of the qualified electors voting at the election vote in favor of the assumption.

Article 4. Annexation of Districts

Union or joint union districts

2001. Any single school district or any union or joint union school district, hereinafter in this article (commencing at Section 2001) called the petitioning district, may be admitted to a union or joint union school district, hereinafter in this article (commencing at Section 2001) called the admitting district, pursuant to this article (commencing at Section 2001), and upon such terms as may be agreed upon between the governing board of the petitioning district and the governing board of the admitting district.

Petition

2002. If the petitioning school district and the admitting district are not wholly situated in the same county, then the petition shall be presented in duplicate to the county superintendent of schools of each county in which any part of either of the districts is situated.

Same

2003. A majority of the registered voters who reside in the petitioning district and who have children enrolled in any elementary school, whether in the district of residence or another district, as shown by the teachers' register for the current or next preceding term, shall present to the county superintendent of schools a petition for annexation. The petition shall be accompanied by an agreement to the annexation,

signed by a majority of the members composing the governing board of the admitting district.

Election call

2004. Upon presentation of the petition, the county superintendent of schools, or each of them, shall, within 20 days, call an election in the petitioning district in his county for determination of the question and shall appoint three qualified electors in the petitioning district, to conduct the election.

Conduct of election

2005. The election shall be called and conducted in all respects as specified in Sections 1941 to 1948, inclusive, except that the form of ballot shall be: "For annexation to the _____ Union or Joint Union School District." If a majority of the votes cast in the entire petitioning district is in favor of the annexation, the annexation is complete. The result of the election shall be reported by the election officers in each district to the superintendent of the county in which the district is situated within five days after the election.

Change of boundaries part of union or joint union district

2006. The boundaries of a district which is part of a union or joint union district may be changed pursuant to the provisions of Sections 1791 to 1816, inclusive, and said district continues its separate existence for the purpose of being the subject of said change of boundaries proceedings; provided, that: (1) In said proceedings the governing board of the district shall mean the governing board of the union or joint union district governing said district and the schoolhouse of the district shall mean the schoolhouse of the union or joint union district serving the pupils, if any, resident of said district; and (2) the final order, if any, in said proceedings changing the boundaries of said district shall also show the necessary change effected of the boundaries of the union or joint union district of which said district is a part.

Assumption of indebtedness

2007. Whenever it appears that the terms agreed upon by the trustees of the district seeking to be annexed and the union or joint union board include the assumption by the district to be annexed of its pro rata portion of any bonded indebtedness existing against the union or joint union school district, the board of supervisors shall call an election in the district proposing to assume the indebtedness for the purpose of determining whether the indebtedness shall be authorized and assumed.

Conduct of election

2008. The election for the assumption by the district of its pro rata portion of any bonded indebtedness existing against the union or joint union school district shall be held in the same manner as are school district bond elections, except that the returns shall be made to the board of supervisors.

Two-thirds vote

2009. Notwithstanding any provisions of this article (commencing at Section 2001) to the contrary, unless it appears from the returns of the election held pursuant to Section 2008 that two-thirds of the votes cast at such election are in favor of the assumption by the district seeking to be annexed of its pro rata portion of the bonds, the district shall not be annexed to the union or joint union school district.

Tax levy

2010. If the bonded indebtedness is assumed by the annexed district, all levies of taxes made for the payment of the bonds and interest thereon, shall be upon the property of the annexed district at the same rate as levied upon the property of the original union or joint union school district.

Article 5. Withdrawal of Districts

Procedure

2021. Any school district contained in a union or joint union school district may withdraw from the union or joint union district by action of the board or boards of supervisors of the county, or counties, in which the union or joint union district is located. A district may withdraw in the same manner as provided in Sections 2001 to 2010, inclusive, for annexation to union or joint union school districts.

Petition

2022. Before the board or boards of supervisors may act, a majority of the electors residing in the union or joint union district, including two-thirds of the electors who reside in the district wishing to withdraw and who have children attending the school as shown by the teacher's register, shall present to the board or boards of supervisors a petition for withdrawal. The petition shall be accompanied by a written consent to the withdrawal, signed by a majority of the members composing the board of trustees of the union or joint union district and setting forth the terms for the withdrawal of the district agreed upon by a majority of the electors of the district wishing to withdraw and by the board of school trustees of the union or joint union school district.

Article 6. Lapsation and Suspension of Districts

Average daily attendance 5 or less

2031. If the average daily attendance from any one of the school districts composing a union or joint union school district falls to five or less for the entire year, the county superintendent shall report the fact to the board of supervisors, as provided in Sections 1871 to 1885, inclusive, and the board of supervisors shall lapse or suspend the district.

Article 7. Dissolution of Districts

Procedure

2041. Any union or joint union school district formed under Section 44 and Sections 1941 to 2056, inclusive, and which has been in existence three years or more, may be dissolved in the manner prescribed by this article (commencing with Section 2041)

Petition

2042. A petition signed by two-thirds of the electors residing in the district and who have children attending the school as shown by the teacher's register, or as may be shown by a census of the district ordered by the board of school trustees, shall be presented to the county superintendent of schools of the county in which the district is situated, setting forth briefly the reasons for dissolution and praying that the question be submitted to the voters in the district.

2043. If the petitioning district is not wholly situated within the same county, the petition shall be presented in duplicate to the superintendent of each county having territory within the district. Districts in more than one county

2044. Where the petitioning district is wholly situated within one county, the superintendent upon receiving the petition shall, within 20 days, call an election in the district, submitting to the voters of the district the question of dissolution. Election

2045. Where the district is not wholly situated within the same county, each superintendent petitioned shall, within 20 days after receiving the petition, call an election in the territory within his county and forming part of the district. He shall appoint three electors, resident within the territory, to conduct the election. Same

2046. The election shall be held throughout the district on the same day and during the same hours. Notice of the election shall be given by posting the written or printed notices in at least three of the most public places in the district for at least 12 days next before the day set for the election. If the district is not wholly situated in the same county, the notice shall be posted for the prescribed time in three of the most public places in the portion of the district in each county. Notice

2047. The election shall be conducted in the manner provided for conducting school elections. Conduct of election

2048. The ballots shall have printed on them the words, "For dissolution." The voters shall write or print after the words on the ballot, the word "yes" or the word "no." Ballots and voting

2049. The election officers shall report the result of the election within five days after the election to the county superintendent of schools of the county of which they are residents. Report of results

2050. If a majority of all the votes cast at the election is opposed to dissolution, no further petition shall be entertained or election ordered for a similar purpose within three years following the election. Unfavorable vote

2051. If the district in which the election is held is wholly situated in one county, and if two-thirds of all the votes cast at the election are in favor of dissolution the county superintendent of the county shall forthwith certify the result of the election to the board of supervisors of the county, and the board shall, at its first regular meeting after the election, make an order declaring the union district dissolved. The order shall take effect at the end of the current school year, except as provided in this article (commencing at Section 2041). Order of dissolution

2052. If the district in which the election is held is not wholly situated in one county, each of the county superintendents of the counties having territory in the district, shall immediately certify to the others the result of the election in his county. If two-thirds of all the votes cast at the election are in favor of dissolution all of the county superintendents Districts in more than one county

shall jointly forthwith certify the result of the election to the board of supervisors in each of the counties. The boards of supervisors shall, at the first regular meetings after the election, make an order declaring the joint union district dissolved. The order shall take effect at the end of the current school year, except as provided in this article (commencing at Section 2041).

Property

2053. When a union or joint union school district has been dissolved, the property of the district shall be sold by the board of supervisors of the county in which the property is situated. The proceeds of the sale, together with any moneys in the treasury to the credit of the dissolved district, shall be apportioned to and placed to the credit of the school districts that compose the dissolved district in proportion to the value of property of each of the school districts as determined by the last previous assessment in the district for school purposes. The board or boards of supervisors of the county or counties in which the dissolved district is situated shall make such orders, and such transfers from county to county, as may be necessary or proper to effect the apportionment.

Revival of original districts

2054. From and after the time of making of the order or orders provided for in this article (commencing at Section 2041), declaring a union or joint union school district dissolved, the original school districts composing the district, with such additional territory as has been annexed to them, shall be considered to be in existence again as separate districts and subject to the provisions of this code relating to elections of school trustees. The first elections in each of the districts shall be held as in the case of a newly formed district.

Effect of dissolution

2055. The order or orders declaring a union or joint union district dissolved shall not affect the continuance of the union or joint union board of trustees or the maintenance of the union or joint union school, until the end of the current school year. At the expiration of the current school year, the board and school shall cease to exist.

Same

2056. Whenever the number of districts comprising a union or joint union elementary school district has been reduced to one, the union or joint union elementary school district shall cease to be a union or joint union elementary school district and the district comprising the union or joint union elementary school district shall revert to the status possessed by it prior to the time it became a part of the union or joint union elementary school district.

The governing board of the union or joint union elementary district shall cease to exist when the union or joint union elementary school district ceases to exist. The county superintendent of schools having jurisdiction over the district comprising the union or joint union elementary school district prior to the cessation of its existence shall appoint the governing board of the surviving district to serve until the next succeeding first day of July.

CHAPTER 4. ELEMENTARY JOINT DISTRICT ORGANIZATION

Petition

2091. To form a joint district a petition signed by the parents or guardians of at least 15 children between the ages of five and 17 years as shown by the petition, residents of the proposed joint district, and residing at a greater distance than five miles by state or county traveled road from any public schoolhouse, shall be presented to the superintendent of schools of each county affected by the proposed formation of the joint district.

Same: Waiver of distance requirement

2092. The provisions of Section 2091 requiring that the petitioners shall reside a distance of more than five miles by a state or county traveled road from a public schoolhouse may be dispensed with when the petition is signed by the parents or guardians of 50 or more children, between the ages of five and 17 years as shown by the petition, residents of a school district or of school districts containing an average daily attendance of 200 or more in the elementary schools of the district or districts, as shown by the reports on file in the office of the superintendent of schools for the school year immediately preceding.

Formation of district

2093. Excepting as otherwise provided in this chapter (commencing at Section 2091), joint elementary school districts shall be formed in the same manner as is prescribed by Sections 1741 to 1754, inclusive, for the formation of elementary school districts.

Concurrent action

2094. All actions pursuant to this chapter (commencing at Section 2091) relative to the formation of joint districts shall be by concurrent action of the superintendent of schools and the board of supervisors of each county affected. By concurrent action of the board of supervisors and the county superintendents of schools, contiguous school districts or parts of contiguous school districts lying in different counties may, on proper petitions and approval be united to form a joint school district.

Formation of new county

2095. Whenever any school district has been or is hereafter intersected by any county boundary line in the formation of any new county, or in changing the boundary of any county, and portions of the district then lie in different counties, the district shall, by operation of law, constitute and become established as a joint school district, at the time of the intersection, unless otherwise provided.

School property

2096. All school property within territory united pursuant to this chapter (commencing at Section 2091) shall become the property of the newly formed joint school district.

Textbooks and rules

2097. The textbooks to be used, and the rules governing the school in a joint district, shall be those adopted by the board of education of the county in which the schoolhouse in the joint district is located.

Reports of trustees

2098. The trustees of a joint district shall make to the superintendents of each county in which the district is located, reports which other trustees shall make.

Terms of trustees

2099. The terms of the trustees in the districts uniting to form the joint district shall expire on the formation of the district.

CHAPTER 5. ELEMENTARY SCHOOL DISTRICTS INCLUDING MILITARY STATIONS

Article 1. Formation

Elementary school district at military station

2131. Whenever during the school year 1944-1945 the commanding officer of a military station comprising an area of not less than 650 square miles on which reside not less than 5,000 persons employed or stationed at such station, and on which permanent school buildings for the accommodation of the children of such persons are to be constructed, file with the county clerk of the county in which the greater part of the population of the station is located, a verified statement setting forth the fact of the existence of such station and describing by metes and bounds the boundaries thereof and stating the formation of an elementary school district to include all territory within such area or station is desirable, such territory shall upon the filing of the statement become an elementary school district.

Uniting with contiguous district

2132. At any time following the formation of the elementary school district, the governing board of any contiguous elementary school district or the governing boards of one or more elementary school districts contiguous to each other and one of which is contiguous to the elementary school district formed under Sections 1301 to 1303, inclusive, and Sections 2131 to 2173, inclusive, may petition the governing board of such elementary school district to unite with it. If the petition is granted, the districts are united and become a union elemenary school district.

Same Election

2133. At any time following the formation of the elementary school district, the governing board of any contiguous elementary school district lying wholly within the county in which the greater part of the population of the district formed under Sections 1301 to 1303, inclusive, and Sections 2131 to 2173, inclusive, is located may call an election in the contiguous elementary school district for the purpose of submitting to the electors of such contiguous elementary school district the question of whether such contiguous elementary school district shall become a part of the elementary school district formed under Sections 1301 to 1303, inclusive, and Sections 2131 to 2173, inclusive. Such election shall be called, held and conducted substantially in the manner provided for in Sections 935 to 974, inclusive, except that the ballot shall contain the words: "Shall the (_____) School District be-
Insert name
come a part of the (_____) School District?"
Insert name

The voter shall write or print after the words on his ballot the word "yes" or the word "no."

If a majority of the votes cast at such election is in the affirmative, such contiguous elementary school district shall thereafter become a part of the elementary school district formed under Sections 1301 to 1303, inclusive, and Sections 2131 to 2173, inclusive.

Article 2. Annexation to a High School District

Petition for annexation

2141. Upon the formation of an elementary school district under Sections 1301 to 1303, inclusive, and Sections 2131 to 2173, inclusive, the governing board thereof may file with the governing board of any contiguous high school district lying wholly within the county in which the greater part of the population of military station is located, a petition requesting the annexation of the elementary school district to said high school district. If the governing board of the high school district grants the petition, the elementary district is annexed to the high school district.

High school facilities, etc.

2142. Upon such annexation the governing board of the high school district shall maintain in the elementary school district and within the military station in quarters made available and maintained by the commanding officer of the military station adequate high school facilities and instruction.

Withdrawal from high school district

2143. After the first full school year following the annexation of the elementary school district to a high school district under this article (commencing at Section 2141), the elementary school district may withdraw from the high school district at the end of any succeeding school year by filing a written statement of such withdrawal with the county superintendent of schools having jurisdiction over the district; provided, the governing board of the elementary school district shall have given the governing board of the high school district written notice one school year prior to such withdrawal.

Article 3. Employment of Supervising Principal

Supervising principal

2151. The governing board of the elementary district and the governing board of the high school district may jointly employ a supervising principal for the elementary schools and high schools maintained within the elementary district.

Article 4. Crediting of Attendance

Report of average daily attendance

2161. The county superintendent of schools having jurisdiction over an elementary school district created hereunder shall, if such district be formed prior to July 1, 1945, calculate the units of average daily attendance resulting from the attendance of elementary school pupils residing in the territory comprising the elementary school district and attending school

during the school year 1944-1945 in the district in which such territory was situated or in a contiguous school district and shall in making his report to the Superintendent of Public Instruction pursuant to Section 804 credit such attendance to the elementary school district formed hereunder.

Article 5. Miscellaneous Provisions

Exclusion from high school district

2171. Upon the formation of an elementary school district under Sections 1301 to 1303, inclusive, and Sections 2131 to 2173, inclusive, the elementary school district shall cease to be a part of any high school district formed during the school year 1944-1945 of which the elementary school district may be a part.

Inapplicable sections

2172. Sections 1601 and 1602 of this code are not applicable in the case of the formation or establishment of a school district or the annexation thereof to, or the withdrawal thereof from, a high school district, pursuant to Sections 1301 to 1303, inclusive, and Sections 2131 to 2173, inclusive.

Attendance by pupils of other districts

2173. The governing board of an elementary school district formed under Sections 1301 to 1303, inclusive, and Sections 2131 to 2173, inclusive, shall permit the attendance, without discrimination, upon the school or schools of such district of pupils residing in contiguous school districts to the full extent of the ability of the school or schools of the district to accommodate them.

Chapter 6. High School District Organization

Article 1. General Provisions

Formation and government

2201. High school districts may be formed, organized, and maintained pursuant to this code.

Affidavit

2202. The superintendent of schools may require an affidavit from one or more of the petitioners as to the correctness of the facts given in the petition.

Conclusiveness of certificate

2203. The certificate of the county superintendent relating to the formation or organization and establishment of high school districts, when filed with the county clerk, shall after the expiration of one year from the date of filing be conclusive evidence that the high school district has been legally formed, when the result of the election, as declared in the certificate, is in favor of the formation of the district.

Separation of territory

2204. Whenever, by reason of any action taken in accordance with law, territory is removed from a high school district, and the high school district is separated into two or more noncontiguous parts, the validity of the high school district shall not be affected by the withdrawal of the territory, and the rights, powers, duties, responsibilities, and jurisdiction of the high school district shall not be affected by reason of the separation of the high school district into two or more noncontiguous parts.

Article 2. Formation of High School Districts and Annexation of Elementary Districts to Existing High School Districts

2221. The Legislature hereby declares as its policy that all elementary school districts shall be included in a high school district or in a unified school district. In order to permit school districts to conform voluntarily to this policy, the provisions of this article (commencing at Section 2221) shall not become operative until February 1, 1957. Declaration of policy

2222. The county committee established under Section 3101 of each county in which there is any elementary school district not included within a high school district shall formulate plans and recommendations to be submitted to the State Board of Education for one of the following: County committee Plans and recommendations

(a) The formation of high school districts or unified school districts comprising one or more of such elementary school districts and the annexation of any such elementary school districts not included therein to the existing high school district or unified school district whose high school is most easily accessible to the pupils of the elementary school district.

(b) The annexation of each of the elementary districts to the existing high school district or unified school district whose high school is most easily accessible to the pupils of the elementary school district.

2223. The county committee established under Section 3101 of each county in which there is a portion of any elementary school district not included within a high school district shall formulate plans and recommendations to be submitted to the State Board of Education for the annexation of such portion of such elementary school district to the existing high school district or unified school district whose high school is most easily accessible to the pupils of the elementary school district. Same

2224. Plans and recommendations submitted to the State Board of Education which include the territory of two or more counties shall be concurred in by the county committee of each such county. Same

2225. When territory has been selected for the tentative preparation of plans and recommendations, the county committee shall hold one or more public hearings in the territory at which any interested person may be heard. If the territory selected includes territory in two or more counties, the public hearings herein provided for shall be held jointly by the county committees of such counties. Any public hearing may be continued from time to time. Hearing

2226. At least 20 days prior to the date of a public hearing by a county committee, the county superintendent of schools of the county in which the greater part of such territory is located shall give notice of the hearing by each of the following means: Notice

(a) By mail to the governing board of each school district affected;

(b) By posting in at least three public places in each school district affected; and

(c) By publication pursuant to Section 6066 of the Government Code in a newspaper of general circulation published in the territory, or if there is none, then in a newspaper of general circulation published in the county. The first publication in a newspaper shall be at least 20 days prior to the date of the public hearing.

Contents of notice

2227. The notice of a public hearing by a county committee shall contain a general statement of the purpose of the hearing and the time and place thereof.

Submission of plans, etc.

2228. Plans and recommendations required by this article (commencing at Section 2221) shall be formulated and submitted by county committees to the State Board of Education on or before December 1, 1957.

Approval or rejection of plans, etc

2229. (a) The State Board of Education shall consider plans and recommendations submitted to it by a county committee and shall either approve or reject them, or in the event the plans and recommendations submitted by a county committee provide for the inclusion of an elementary district which is coterminous with the boundaries of the county in a high school district or a unified district the State Board of Education may postpone any action until such time as they deem it appropriate for action to be taken.

(b) If the State Board of Education approves plans and recommendations submitted to it by a county committee, it shall enter an order of such approval in its minutes. The order shall describe the boundaries of a new high school district or unified school district and the boundaries as changed in an existing high school district or unified school district.

(c) If the State Board of Education rejects plans and recommendations submitted to it by a county committee, it shall order the county committee to formulate and submit, in the manner provided in this article (commencing at Section 2221), new plans and recommendations to the board within such time as may be determined by the board.

(d) The State Board of Education may, when it deems advisable, refer the recommendation of a county committee relating to a single elementary school district to a board of review consisting of three county superintendents of schools of counties not contiguous to the county in which the school district is located. Such board of review shall be appointed by the Superintendent of Public Instruction. The board of review shall investigate and hear the matter in the same manner as prescribed in Sections 2409 through 2413, except that the hearing shall be held in the school building maintained by the district in question and the recommendation of the review board shall be filed with the State Board of Education. The recommendation shall be either to approve or to reject the plans and recommendations of the county committee.

(e) If a petition signed by two-thirds of the registered voters residing in any elementary school district, is filed with the State Board of Education within 60 days of the receipt of the plans and recommendations of the county committee affecting such district, protesting the plans and recommendations, the State Board of Education shall reject the plans and recommendations. Prior to being filed with the State Board of Education the signatures on the petition shall be verified by the county superintendent of schools who shall attach his affidavit that the signatures have been verified and that the petition is sufficient.

Order

2230. (a) Upon approval of plans and recommendations submitted to it by a county committee, the State Board of Education shall notify all school districts affected and the county board of supervisors, the county superintendent of schools, and the county clerk of each county in which any part of the territory affected is situated. The county clerk of each county shall thereupon make an appropriate entry in his record of high school districts or unified school districts, as the case may be.

(b) A certified copy of the order of the State Board of Education shall be recorded in the office of the county recorder of each county in which any portion of a new high school district or unified school district is situated and in each county in which any portion of a high school district or unified school district whose boundaries are changed is situated.

When action deemed complete

2231. The action to form a high school district or unified school district or to annex all or a portion of an elementary school district to a high school district or unified school district under this article (commencing at Section 2221) shall be deemed to be complete upon compliance by the State Board of Education with Section 2230. The action, regardless of when commenced, shall become effective on the next succeeding first day of July if completed prior to February 1st of a school year, but if not so completed, the action shall become effective on the second next succeeding first day of July, except that for the purposes enumerated in Section 1604 the action shall be effective on the date the action is completed.

Order conclusive evidence of legal boundaries

2232 After the expiration of one year from the date of the recording of the order of the State Board of Education, as provided in Section 2230, the order shall be conclusive evidence that the high school district has been legally organized or the boundaries of the high school district or unified school district legally changed, as the case may be, and no suit shall be maintained which questions the validity thereof.

Article 3. Formation of Countywide Union High School District Including a Unified School District

Procedure

2241. The formation of a union high school district to include all the territory within a county, exclusive of the territory lying in any unified school district lying partly in said

county and partly in one or more other counties, is hereby authorized but may be effected only as a reorganization under Sections 3001 to 3451, inclusive.

Effect

2242. Upon the formation of a union high school district under the provisions of this article (commencing at Section 2241), all high school districts and all unified school districts comprising only elementary school districts and high school districts included therein shall cease to exist and the elementary school district or districts theretofore merged into each such unified school district shall be and become a single elementary school district.

Property funds, etc.

2243. The property, funds, and obligations of each high school district included within a union high school district formed under Sections 46 to 48, inclusive, and Sections 2201 to 2512 shall become the property, funds, and obligations of said union high school district. The property, funds, and obligations of each unified school district included within a union high school district formed under this article (commencing at Section 2241) used, received by, or incurred, respectively, for high school purposes shall become the property, funds, and obligations of the union high school district.

Election

2244. After the approval by the State Board of Education of plans and recommendations of a county committee for the reorganization of school districts calling for the formation of a union high school district pursuant to this article (commencing at Section 2241), an election for the formation of such district shall be called, held, and conducted pursuant to Article 3 of this chapter, except that the formation shall not be effected unless a majority of all votes cast in each unified school district included in the proposed union high school district are cast for the formation of the union high school district.

Article 4. Formation of Union High School District Including a Unified School District

Procedure

2261. The formation of a union high school district to include the territory of a unified school district formed pursuant to Sections 1481 to 1493, inclusive, Sections 2811 to 2931, inclusive, and Sections 813, 13005, 13554 and 21802 and the territory of a contiguous union high school district within the same county is hereby authorized but may be effected only as a reorganization under Sections 3001 to 3451, inclusive.

Effect

2262. Upon the formation of a union high school district pursuant to this article (commencing at Section 2261), any union high school district and any unified school district comprising only elementary school districts and high school districts included therein shall cease to exist and the elementary school district or districts theretofore merged into such unified school district shall be and become a single elementary school district.

2263. The property, funds, and obligations of each union high school district included within a union high school district formed under this article (commencing at Section 2261) shall become the property, funds, and obligations of such union high school district formed under this article (commencing at Section 2261). The property, funds, and obligations of any unified school district included within the union high school district formed pursuant to this article (commencing at Section 2261) used, received by, or incurred, respectively, for high school purposes shall become the property, funds, and obligations of the union high school district. Property, funds etc

2264. After the approval by the State Board of Education of plans and recommendations of a county committee for the reorganization of school districts calling for the formation of a union high school district pursuant to this article (commencing at Section 2261), and election for the formation of such district shall be called, held, and conducted pursuant to Article 3 of this chapter, except that the formation shall not be effected unless a majority of all votes cast in each unified district included in the proposed union high school district are cast for the formation of the union high school district. Election

Article 5. Formation of Union High School Districts From Territory in County High School Districts

2281. Whenever one or more city, district, or union high school districts, have been organized in any county maintaining one or more county high schools, all elementary school districts not included in any city, district, union, or joint union high school district shall constitute a union high school district, and shall be governed by a high school board elected in the same manner as are boards of trustees of union and joint union high school districts. Elementary schools

2282. All funds standing to the credit of the county high school district at the time of the reorganization, or that may be credited to the district during the current fiscal year, shall be apportioned by the county superintendent of schools to the union high school district or districts in the manner provided in this article (commencing at Section 2281). Apportionment of funds

2283. If only one union high school district is formed out of the territory not included in any city, district, union, or joint union high school district, the county superintendent shall apportion the entire amount to the union high school district. Same

2284. If two or more union high school districts are formed out of the territory, the county superintendent shall apportion one-third of the entire amount among the union high school districts, irrespective of the number of pupils enrolled or in average daily attendance in the districts. He shall apportion the remaining two-thirds among the schools pro rata upon the basis of average daily attendance during the preceding school year as shown by the last official annual reports of the prin- Same

cipals on file in the office of the county superintendent of schools.

Property

2285. After the organization of the first high school board in any union high school district formed under this article (commencing at Section 2281), all property belonging to the county high school district and located in the union high school district, shall be the property of the union high school district.

Article 6. Formation of High School Districts From Territory in Existing High School Districts

Authorization

2301. The formation of a high school district to include all the territory of one or more elementary school districts which are a part of an existing union high school district maintaining five or more high schools, each of which high schools is separated by a distance of eight or more miles by the nearest traveled road, is hereby authorized but may be effected only in the manner prescribed by this article (commencing at Section 2301).

Petition

2302. A petition signed by not less than 10 percent of the registered electors residing in any elementary school district which is a part of the existing high school district and in which there is located one of the high schools maintained by the high school district, shall be presented to the county superintendent of schools having jurisdiction over the districts, setting forth the name of the elementary school district or districts to be included in the proposed high school district and specifying the name of the proposed district The person securing the signatures to any such petition shall attach an affidavit thereto that all persons who signed the petition did so in the presence of the affiant and that each signature is the genuine signature of the person whose name it purports to be.

Proposal

2303. The petition may propose the formation of a high school district to include all the territory of two or more contiguous elementary school districts which are a part of the existing high school district if there is situated in one or more of the contiguous elementary school districts one or more of the high schools maintained by the existing high school district.

Rejection

2304. The county superintendent of schools shall reject the petition and take no further action under such petition if at the time the petition is presented to him the assessed valuation of the territory to be included in the proposed high school district is less than seventeen million dollars ($17,000,000) as shown by the last equalized assessment roll. Within 20 days after receiving the petition the county superintendent of schools shall, if he finds its sufficient and signed as required, call an election in the territory proposed to be included in the high school district. Except as otherwise provided in this article (commencing at Section 2301), the election shall be

conducted as elections for governing boards and the county superintendent of schools shall have all the powers and duties with respect to the election as governing boards of school districts have in elections for members of school boards.

Election

2305. The election shall be called by posting notices in three public places in each elementary school district proposed to be included in the high school district, one of which shall be a public schoolhouse, at least two weeks before the election, and by publishing the notice at least once a week for two successive weeks in a newspaper of general circulation published at least as often as once a week in the proposed high school district, if there is such a newspaper. The first publication shall be not less than two weeks before the election.

Polling places

2306. The election shall be held separately and simultaneously at a public schoolhouse in each of the districts proposed to be included in the high school district.

Ballots

2307. The ballots used at the election in each district shall contain the words "High School District—Yes" and "High School District—No." The electors voting at the election shall make a cross with pencil, ink, or rubber stamp after the answer they desire to give.

Canvass of votes

2308. The election officers in each district shall canvass the vote as soon as the polls are closed, and report the result to the county superintendent of schools within five days after the election.

Election result

2309. Within 10 days after receiving the returns of the election, the county superintendent of schools shall combine the votes "for" and "against" the formation of the high school district, declare the result, and record it, with the details of the vote in each district, in a book kept by him for that purpose.

Certificate of votes cast

2310. If a majority of the votes cast at the election is in favor of the formation of the high school district, he shall file with the county clerk of the county, a certificate showing the total number of votes cast in each district in favor of the high school district, the total number of votes in each district against the high school district, the aggregate result of the election, and the boundaries of the proposed district.

Formation

2311. If it appears from the certificate filed by the county superintendent of schools that a majority of the votes cast at the election is in favor of the formation of the district, the new high school district is formed.

Recordation

2312. The county clerk shall record the certificate in full in his record of high school districts.

Property

2313. Whenever any high school district is formed pursuant to this article (commencing at Section 2301), all real property of the union high school district which is situated within the boundaries of the newly formed high school district shall become the property of the newly formed district. Within 30 days after the newly formed high school district becomes effective for all purposes, the county auditor shall determine the balance of the funds standing to the credit of

the general fund of the union high school district from which the new district was formed as of the effective date of the formation of the new district. Thereupon he shall transfer from the general fund of the union high school district to the credit of the general fund of the newly formed district an amount which is in the same proportion as the ratio of the assessed valuation of the territory included in the newly formed district bears to the total assessed valuation of the union high school district immediately prior to the formation of the new district for all purposes.

Funds

2314. During the first fiscal year after the formation of a high school district pursuant to this article (commencing at Section 2301), the new high school district shall receive from the union high school district from which the new district was formed a sum equal to all apportionments of the State School Fund which it would have received had it been formed on July 1st of the year preceding its formation for all purposes, as such apportionments are received by the union high school district. During such first fiscal year the county superintendent of schools having jurisdiction over the districts shall draw his requisition upon the county auditor to the credit of the newly formed high school district in the amount necessary to accomplish the transfer of funds required by this section.

Article 7. Uniting of High School Districts

Procedure

2331. Two or more contiguous high school districts in the same county or in adjoining counties may be united to form a single union or joint union high school district pursuant to this article (commencing at Section 2331).

Petition

2332. A petition, signed by two-thirds of the high school board or a majority of the registered voters in each of two or more contiguous high school districts, asking that the high school districts be united to form a single union or joint union high school district under a name stated in the petition may be presented to the county superintendent of schools who would have jurisdiction of an original petition for the formation of a high school district out of the territory comprised in the high school district proposed to be formed. The county superintendent of schools shall, within 20 days after receiving the petition, call an election for the determination of the question.

Separate elections

2333. The election shall be held separately in each of the school districts composing the high school districts petitioning.

Conduct of election

2334. The election shall be called and held as in the case of the formation of a union high school district, except that the ballots shall contain the words "For the union of high school districts—Yes" and "For the union of high school districts—No."

Canvass and certificate of result

2335. The superintendent of schools shall canvass the returns and file a certificate of result in the same manner as

provided in the case of an election for the formation of a union high school district.

2336. If a majority of the votes cast at the election in each of the high school districts is in favor of the union of the high school districts, the high school districts, from the time of filing the certificate, are united to form a single union or joint union high school district under the name stated in the petition. Date of formation

2337. The new high school district shall be liable for the outstanding bonded indebtedness of any of the high school districts united. Bonded indebtedness

Article 8. Uniting of Elementary Districts to Form Union or Joint Union High School Districts

2351. (a) A majority of the registered voters residing in each of one or more elementary, union elementary, or joint union elementary school districts which are part of one or more high school districts, may present to the county superintendent of schools who has jurisdiction over the elementary school districts or a majority thereof, a petition asking for the organization of a union or joint union high school district, as the case may be, to include all of the elementary school districts represented in the petition; provided, the following conditions exist: Petition

(1) There are resident in the districts 1,000 or more pupils enrolled in grades 9 through 12 as shown by the last reports of the teachers of the school districts attended, and

(2) The assessed valuation of the districts totals twenty million dollars ($20,000,000) or more.

The petition shall specify the name of the proposed union or joint union high school district. The person securing the signatures to any such petition shall attach an affidavit thereto that all persons who signed the petition did so in the presence of the affiant and that each signature is the genuine signature of the person whose name it purports to be. The county superintendent of schools shall, within 20 days after receiving the petition, verify the signatures and, if he finds them sufficient, submit the petition to the State Board of Education for approval.

(b) A high school district may be formed to comprise one or more elementary school districts meeting the conditions set forth in subsection (a) except having in the aggregate less than 1,000 pupils resident therein enrolled in grades 9 through 12, but may be effected only as a reorganization under Sections 3001 to 3451, inclusive.

2352. The State Board of Education shall set the petition for hearing and at least 30 days prior thereto shall send by registered mail to the superintendent of each school district which will be affected by the proposed organization of the union high school or joint union high school district a notice containing a general statement of the purpose of the petition and the time and place when and where the petition will be Hearing on petitions, election

heard. Should the State Board of Education approve the petition, the county superintendent of schools shall within 20 days after receiving notice from the State Board of Education of its approval of the petition, call an election for the determination of the question and shall appoint three qualified electors in each of the districts petitioning, to conduct the election therein.

Same Approval

2353. The petition shall not be approved by the State Board of Education (a) unless it appears from a certified statement of the county assessor of the county or counties within which the high school districts are situated from which the elementary, union elementary, or joint union elementary school districts are withdrawing, that the assessed valuation of the territory remaining in each high school district after the withdrawal of the elementary, union elementary, or joint union elementary school districts will be in excess of twenty million dollars ($20,000,000), and (b) unless it appears from a certified statement of the county superintendent of schools having jurisdiction over the high school districts that the average daily attendance in the high schools of each high school district after the withdrawal of the elementary, union elementary, or joint union elementary school districts will be in excess of 1,000.

Limitation on election

2354. The State Board of Education may determine that the election shall be held only in the districts petitioning. In the event the board makes such determination and notifies the county superintendent of schools whose duty it is to call the election, prior to the date he calls the election, the county superintendent of schools shall call the election only in the districts petitioning.

Statement of arguments

2355. The county superintendent of schools calling such election shall cause to be prepared and distributed at least 10 days before the election to each qualified elector in each such district or portion of a district, as the case may be, in which the election is to be held, a statement of the arguments in favor of, and of the arguments against, the formation of the proposed new district.

Notice of election

2356. The election shall be called by posting notices in three public places in each elementary school district in the high school district in which the election is to be held, one of which shall be a public schoolhouse of the district, at least two weeks before the election, and by publishing the notice at least once a week for two successive weeks in a newspaper of general circulation published within the high school district, if there is such a newspaper. The first publication shall be not less than two weeks before the election.

Separate election

2357. The election shall be held separately and simultaneously at a public schoolhouse in each of the elementary school districts in the high school district, or if the State Board of Education has so determined under Section 2354, in each of the districts petitioning.

Election officers

2358. The election shall be conducted by the officers appointed for that purpose in the manner provided for conducting elections of school trustees.

2359. The ballots used in the election in each district shall contain the words "New Union High School District—Yes" and "New Union High School District—No"; or "New Joint Union High School District—Yes" and "New Joint Union High School District—No" as the case may be. The electors voting at the election shall make a cross with pencil, ink, or rubber stamp after the answer they desire to give. Ballots and methods of voting

2360. The election officers in each district shall canvass the vote of the election as soon as the polls are closed, and report the result to the superintendent of schools within five days after the election. Canvass

2361. Within 10 days after receiving the returns of the election, the superintendent of schools of the county, or, in the case of a joint union high school district, the superintendent of the county who will have jurisdiction over the proposed district if formed, shall combine the votes "for" and "against" the formation of the union or joint union high school district and declare and record the result, with the details of the vote in each district, in a book kept by him for that purpose. Declaration of result

2362. If a majority of the votes cast at the election is in favor of the formation of the union or joint union high school districts, the superintendent of schools shall file with the county clerk of the county, or of each county in which any part of the elementary school districts is situated, a certificate showing the total number of votes cast in each district in favor of the union or joint union high school district, the total number of votes in each district against the union or joint union high school district, the aggregate result of the election, and the boundaries of the proposed district. Certificate of result

2363. If it appears from the certificate filed by the superintendent of schools that a majority of the votes cast at the election is in favor of the formation of the district, the board of supervisors shall make an order excluding any elementary school district in its county, taking part in the election, from the high school district of which it is a part. Order of exclusion

2364. No order excluding territory from any union or joint union high school district shall be made if the exclusion of the territory will reduce the assessed valuation of the union or joint union high school district to three million five hundred thousand dollars ($3,500,000) or less. Denial of exclusion

2365. Any elementary or union elementary school district electing to withdraw from a high school district shall continue to be liable for the same proportion of the bonded indebtedness of the high school district incurred before the withdrawal, as it would have been liable for had it not withdrawn. Liability of withdrawing district for bonded indebtedness

2366. The order of the board of supervisors excluding the elementary school districts from a joint or joint union high school district shall be entered by the clerk of the board of supervisors in his record of high school districts. He shall send a copy of the order to the county clerk of each county in which any part of the high school district is situated, who shall enter it in his record of high school districts. Entry of order

Establishment of district

2367. The board of supervisors, after making the order of exclusion, shall make an order establishing the union or joint union high school district asked for in the petition, and the county clerk shall record the certificate of the county superintendent of schools and the orders of the board of supervisors in full in his record of high school districts.

Article 9. Annexation of a High School District to Another High School District

Procedure

2381. A high school district, hereinafter in this article (commencing at Section 2381) called the petitioning district, of any kind or class may be annexed to another contiguous high school district of any kind or class, hereinafter in this article (commencing at Section 2381) called the admitting district, as provided in this article (commencing at Section 2381), upon such terms and conditions as may be agreed upon between the governing board of the petitioning district and the governing board of the admitting district.

Petition

2382. A majority of the registered electors residing in any high school district may present to the superintendent of schools of the county a petition asking for the annexation of the high school district to a contiguous high school district. The petition shall be accompanied by an agreement signed by a majority of the members of the governing board of the admitting district, consenting and agreeing to the annexation and setting forth the terms and conditions upon which the annexation shall be made.

Duplicate petitions

2383. If the petitioning school district and the admitting district are not wholly situated in the same county, then the petition shall be presented in duplicate to the county superintendent of schools of each county in which any part of either of the districts is situated.

Election

2384. Upon presentation of the petition, the county superintendent or superintendents of schools, as the case may be, shall, after verifying the signatures and finding them sufficient, within 20 days, call an election in the petitioning district in his county for determination of the question and shall appoint three qualified electors in each component elementary school district of the petitioning district to conduct the election.

Election procedure

2385. The election shall be called and conducted in all respects as specified in Sections 1941 to 1948, inclusive, except that the form of ballot shall be: "For annexation to the _____ High School District—Yes" and "For annexation to the _____ High School District—No" or words of similar import. If a majority of the votes cast in the entire petitioning district is in favor of the annexation, the annexation is complete. The result of the election shall be reported by the election officers in each district to the superintendent of the county in which the district is situated within five days after the election.

2386. Whenever a district is annexed to another district, pursuant to this article (commencing at Section 2381), all funds, property, and obligations of the petitioning district shall become the funds, property, and obligations of the admitting district. The bonded indebtedness of any district incurred prior to the annexation shall remain the sole obligation of the territory of the district as it existed prior to the annexation. Transfer of funds, etc

2387. Upon the effective date of the annexation of the district, for all purposes, to another district the governing board of the district annexed ceases to exist. Cessation of board of annexed district

Article 10. Transfer of Elementary Districts From One High School District to Another

2401. Two-thirds of the electors residing in any elementary school district which is part of any high school district, and the nearest part of which is more than six miles by traveled road from the high school building of the high school district, as shown by the affidavit of one or more of the petitioners, may present to the county superintendent of schools having jurisdiction over the high school district, a petition asking that the elementary school district be excluded from the high school district and annexed to a contiguous high school district. The petition shall be accompanied by an agreement signed by the high school board of the high school district to which annexation is sought, agreeing to the annexation. The superintendent of schools shall verify the signatures If he finds them sufficient, he shall transmit the petition and agreement, with or without his recommendation, to the board of supervisors of the county in which the elementary school district is situated. Petition

2402. (a) If, by the exclusion of the elementary school district, the assessed valuation of the property of the high school district would be less than ten million dollars ($10,000,000), except where an elementary school district has become severed from the other districts comprising the high school district, or, (b) if by the exclusion of the elementary school district the outstanding bonded indebtedness of the district would exceed 5 percent of the value of the taxable property remaining in the district, the board of supervisors shall refuse to call an election for the purpose of determining whether the elementary school district shall be excluded. Denial of exclusion

2403. If the calling of an election is not prohibited, the board of supervisors may, within 30 days after the receipt of the petition and agreement, call an election in the district petitioning, and shall appoint three qualified electors of the district to conduct the election. Election call

2404. The election shall be called by posting notices at least 15 days before the election in three public places in the district, one of which shall be at the public schoolhouse, if there is one in the district. The board of supervisors shall Notice

also publish the notice once a week for two weeks in a newspaper published in the district, or, if there is none, in a newspaper in general circulation in the district.

Conduct of election

2405. The election shall be held at the public schoolhouse of the district petitioning, and shall be conducted by officers appointed for that purpose in the manner provided for conducting school elections.

Ballots and method of voting

2406. The ballots at the election shall contain the words "For exclusion from _____ high school district and annexation to _____ high school district." The name of the high school district from which exclusion is sought, and the name of the high school district to which annexation is desired shall be printed on the ballot. The elector shall stamp or make a cross after the word "yes" or the word "no," also printed on the ballot.

Canvass

2407. The election officers shall canvass the vote of the election and report the result to the board of supervisors within five days after the election.

Notification and protest

2408. If two-thirds of the votes cast at the election are in favor of the exclusion and annexation, the board of supervisors shall, within 15 days after receiving the notice, notify the governing board of the high school district of the result of the election. If the high school board does not protest the exclusion of the district from the high school district within 30 days after receiving the notice, the board of supervisors shall exclude the territory from the high school district and annex it to the contiguous high school district.

Board of review

2409. If the governing board of the high school district protests the exclusion and annexation, the board of supervisors shall notify the Superintendent of Public Instruction of the election and its result, and of the protest of the high school board. Upon receipt of the notice the Superintendent of Public Instruction shall create a board of review composed of three county superintendents of schools of counties not contiguous to the county or counties in which is located the high school district from which the elementary school district desires separation.

Survey and hearing

2410. The board of review shall, upon a date set by the Superintendent of Public Instruction, survey the situation and conduct a public hearing on the question as to whether or not the elementary school district shall be excluded from the local high school district and annexed to a contiguous high school district.

Notice

2411. The Superintendent of Public Instruction shall notify the county superintendents concerned and the county superintendents shall notify the interested high school and elementary school boards of the date of the inspection and the date and place of the public hearing, and shall give publicity to the meeting by printing an announcement of the hearing in a newspaper published in the high school district, or, if there is none, in a newspaper in general circulation in the district.

2412. The hearing shall be held at the high school building of the high school district to which the territory desiring exclusion at the time belongs. The hearing shall be conducted under such rules of procedure as may be prescribed by the board of review, which may require any or all evidence and information to be submitted under oath administered by a member of the board. The board shall receive evidence and information on the date set for the hearing and may continue the hearing from time to time within the next succeeding 30 days for the purpose of receiving further evidence or giving further consideration to the question. If the hearing is continued, the date to which the hearing is continued shall be publicly announced at the meeting set by the Superintendent of Public Instruction or, if the hearing is continued more than one time, the continuance shall be publicly announced at the meeting preceding the date to which the hearing is continued. Conduct of hearing

2413. In arriving at its conclusion, the board of review shall take into consideration the present and future effect on the public welfare only. The board shall, not later than 30 days after the date set by the Superintendent of Public Instruction for the hearing, recommend in writing to the board of supervisors either that the petition of the elementary school district be granted or denied. Recommendations

2414. The board of supervisors shall within 15 days after the hearing, act in accordance with the recommendations of the board of review, entering upon its minutes an order excluding the territory of the elementary school district from the high school district and annexing it to the contiguous high school district, or denying exclusion and annexation of the elementary school district. Order

2415. A certified copy of the order of the board of supervisors shall be entered by its clerk in his record of high school districts. He shall send copies of the order to the county clerks of each county in which any part of the elementary school district or high school district is situated who shall enter it in their records of high school districts. Entry of order

2416. Any district withdrawing pursuant to this article (commencing at Section 2401) shall not be released from responsibility for any of the bonded indebtedness incurred while it was a part of the high school district from which it has withdrawn. Bonded indebtedness

2417. Superintendents of schools shall perform the duties prescribed in this article (commencing at Section 2401). Superintendent of schools

2418. The governing board of any high school district in which the Superintendent of Public Instruction has ordered a review of the petition of an elementary school district to be excluded from a high school district and annexed to a contiguous high school district, shall pay the actual and necessary traveling expenses of the members of the board of review. Traveling expenses

Article 11. Transfer of Elementary Districts From One High School District to Another on Petition of the Governing Boards of the High School Districts

Petition

2431. The governing boards of two high school districts contiguous to an elementary school district may present to the county superintendent of schools a petition signed by a majority of the members of the governing board of each of the high school districts and of the elementary school district asking that the boundaries of the high school districts be changed by the exclusion of the elementary school district from one of the high school districts and its annexation to the other high school district. If all of the districts are not under the jurisdiction of the same county superintendent of schools, then the petition shall be presented in duplicate to the county superintendent of schools of each county in which any part of any of the districts is situated. The county superintendent, or each of the county superintendents, of schools shall verify the signatures of the governing boards of the district, or districts, under his jurisdiction.

If the county superintendent of schools having jurisdiction of the elementary district finds that the signatures are sufficient, the petition shall be acted upon in the same manner as a petition for a change of boundaries of school districts presented to him under Sections 1791 to 1795, inclusive, and the board of supervisors of the county of which he is superintendent of schools shall act thereon. The transfer, however, shall not be made by the board of supervisors until the proposed transfer first has been submitted to the voters of the elementary district and approved by them by a majority vote. Such election shall be held in the same manner as are high school district bond elections, except that the election shall be called by, and the returns shall be made to, the county superintendent of schools having jurisdiction of the elementary district.

Change of boundaries: Prohibitions

2432. The board of supervisors shall not make any order changing the boundaries of the high school districts if by reason of the exclusion of the elementary school district the assessed valuation of the high school district from which the elementary school district would be excluded would be reduced by such exclusion to less than ten million dollars ($10,000,000), or if the outstanding bonded indebtedness of such high school district would exceed 5 percent of the assessed valuation of the high school district.

Article 12. Transfer of Portion of Union Elementary District From One High School District to Another

Petition

2451. Whenever a union or joint union elementary school district is comprised of territory situated in two high school districts, the governing boards of the high school districts and the governing board of the union or joint union elementary

school district may present to the county superintendent of schools a petition signed by a majority of the members of the governing boards of each of said districts asking that the boundaries of the high school districts be changed by the exclusion of the union or joint union school district from one of the high school districts and the inclusion of the entire district in the other high school district. If all of the districts are not under the jurisdiction of the same county superintendent of schools, then duplicate copies of the petition shall be presented to the county superintendent of schools of each county in which any part of any of the districts is situated. The county superintendent of schools shall verify the signatures of the governing boards of the district, or districts, under his jurisdiction. If all of the districts are not under the jurisdiction of the same county superintendent of schools, the county superintendents having jurisdiction of the high school districts shall certify to the county superintendent having jurisdiction of the union or joint union elementary school district their findings concerning the signatures of the governing boards of the high school districts under their jurisdiction.

If the county superintendent of schools having jurisdiction of the union or joint union elementary school district finds that the signatures are sufficient, the petition shall be acted upon in the same manner as a petition for a change of boundaries of school districts presented to him under Sections 1791 to 1795, inclusive, and the board of supervisors of the county of which he is superintendent of schools shall act thereon. Any order of the board of supervisors directing the change of boundaries shall not become effective nor shall it be recorded unless and until it is approved by the county committee on school district organization of the county having jurisdiction of the union or joint union elementary school districts.

Article 13. Change of Boundaries

Date of change

2461. The boundaries of a high school district shall not be changed subsequent to the first day of February in any school year.

Inclusion in high school district

2462. Except as otherwise provided in this code, a school district shall not lie partly within a high school district and partly without.

Added territory

2463. In all cases where the boundaries of a school district comprised within any high school district are for any cause changed to include territory not previously in the school district, the territory added to the school district shall become and constitute a part of the high school district.

Excluded territory

2464. In all cases where the boundaries of the school district comprised within any high school district are changed so as to exclude territory from the district, the excluded territory shall, except as provided in this article (commencing at Section 2461), be excluded from the high school district.

Continuance in high school districts

2465. Where a new school district is formed from territory situated wholly within one high school district, the new school district shall continue to be a part of the high school district.

Choice of districts

2466. Where a new elementary school district, other than a union or joint union elementary school district, is formed from territory situated in two or more high school districts, the registered voters of the new school district shall decide by a majority vote to which high school district the new school district shall belong. The election shall be held within 30 days after the formation of the school district, and called by the superintendent of schools of the county in which the school district is situated in the manner provided for the election of the governing board of an elementary school district. The result of the election shall be certified by the superintendent of schools to the county clerk of the county in which the school district is situated, and to the clerk of every other county in which any part of the high school district, selected by the registered voters, is situated, and entered in the clerk's record of high school districts.

Choice of districts

2467. Where a new union or joint union elementary school district is formed from territory situated in two or more high school districts, the boundaries of the high school districts involved are not changed; provided, however, that prior to the first day of February next succeeding the formation of the union or joint union, or within one year of the date of the election to form the union or joint union, the component districts of such union or joint union school district shall elect to become a part of one high school district, a portion of the territory of which is embraced within the union or joint union school district.

The component districts of a union or joint union school district shall become a part of the high school district which receives the largest number of votes cast at said election.

The election shall be called and conducted by the county superintendent of schools having jurisdiction in the manner provided for the election of the governing board of an elementary school district. The result thereof shall be certified by the superintendent of schools to the county clerks of the counties in which the union or joint union school district is situated and to the clerk of every other county in which any part of the high school district selected by the registered voters is situated, and shall be entered in the clerk's record of high school districts.

Annexation to district in another high school district

2468. Whenever an elementary school district situated in a high school district is annexed or admitted, to a union elementary school district situated in another high school district, the boundaries of the high school districts are not changed.

Article 14. Change of Name

Petition

2491. A petition may be presented to the superintendent of schools having jurisdiction of any high school district signed

by at least two-thirds of the members of the high school board asking that the name of the district be changed and stating the new name desired. The superintendent of schools shall transmit the petition to the board of supervisors of his county. The board of supervisors shall designate a day upon which they will act upon the petition which shall be not less than 10 nor more than 40 days after the receipt of the petition.

District maintaining junior college

2492. The governing board of any high school district maintaining a junior college may request that the name of the district be changed to include the words "high school district and junior college."

Notice

2493. The clerk of the board of supervisors shall give notice to all persons interested, by publication in a newspaper published within the high school district, or, if there is none, then in any newspaper published in the county, of the time set for the hearing of the petition. The notice shall be published at least twice before the day set for hearing.

Hearing

2494. On the day set for the hearing of the petition the board of supervisors shall, by resolution, either grant or deny the petition. If the petition is granted, the clerk of the board of supervisors shall notify the county superintendent of schools of the change of name of the district.

Entry of order

2495. The change shall be certified to the county clerk of each county in which any part of the high school district is situated and entered by him in his record of high school districts.

Article 15. Suspension and Lapsation

Suspension and report

2511. When the average daily attendance of pupils in any high school district during the whole of any school year, after the first school year, is 10 or less, the county superintendent of schools having jurisdiction over the high school district shall suspend the high school in the district except that if any high school of the district is more than 50 miles by traveled road from any other public high school in California, the suspension of the district shall be at the discretion of the county superintendent of schools. If he suspends the district he shall report the fact of the suspension of the district to the board of supervisors of his county.

Lapsation

2512. Upon receiving the report from the county superintendent of schools the board of supervisors shall declare the high school district lapsed. The board of supervisors shall attach the territory of the lapsed high school district to a contiguous high school district or unified school district. The property and obligations of the lapsed district shall become the property and obligations of the high school district or unified school district to which the territory is attached.

CHAPTER 7. JUNIOR COLLEGE DISTRICT ORGANIZATION

Article 1. Formation

Formation

2551. Junior college districts shall be formed pursuant to this article (commencing at Section 2551).

"High school district"

2552. "High school district," as used in this chapter Section 814 and Sections 2551 to 2668, inclusive, means high school district or unified school district.

Territory

2553. A junior college district shall include all the territory in one high school district or in two or more contiguous high school districts.

Other territory permitted

2554. A junior college district may also include all the territory in one or more high school districts and one or more unified school districts if all such districts are contiguous.

Same

2555. A junior college district may be formed to include all the territory of an existing junior college district and one or more high school districts if all such districts are contiguous.

Standards

2556. The State Board of Education shall establish minimum standards for the formation of junior college districts. The standards shall include, in addition to such others as the board may establish, a requirement that the assessed valuation of the area proposed to be included in a junior college district shall be an amount which, upon the levy of a district tax, when added to the available state financial aid for junior college education, will be deemed adequate for a junior college in the proposed area.

Petition

2557. The governing board of any high school district or the governing boards of two or more contiguous high school districts, or the governing board of an existing junior college district and the governing board of one or more contiguous high school districts, may present to the State Board of Education a petition in the form prescribed by the Superintendent of Public Instruction, asking permission to call an election for the formation of a junior college district to include all the territory in the high school district or districts, as the case may be. The petition may include a proposal to form trustee areas in the proposed junior college district, and shall state whether five or seven members shall constitute the governing board of the district if formed. The Superintendent of Public Instruction shall make or cause to be made a survey of the proposed junior college district and of high school districts contiguous to the proposed junior college district, which may appropriately be included in the proposed district and the proposal to form trustee areas.

Cost of survey

2558. The cost of the survey shall be borne by the high school district, the governing board of which signed the petition, or, if there are two or more high school districts petitioning the cost shall be borne by the high school districts in proportion to their assessed valuation. The cost of the survey to a high school district is a proper charge against the maintenance fund of the district.

2559. Upon the completion of the survey the Superintendent of Public Instruction shall report the findings to the State Board of Education together with his recommendations as to the action to be taken on the petition. Findings and recommendations

2560. If the State Board of Education approves the petition, it shall within 30 days after approval notify the superintendent of schools of the county in which the greatest area of the proposed junior college district lies Approval

2561. Within 30 days after receiving the notice the superintendent of schools of the county within which the greatest area of the proposed junior college district lies, shall call an election to be held in every elementary district in the proposed junior college district. He shall appoint three qualified electors in each elementary district to conduct the election. Election

2562. In city school districts the county superintendent of schools shall divide the city school district into precincts and appoint three qualified electors in each precinct to conduct the election. Precincts

2563. The election shall be called by posting notices in three public places in each district, one of which shall be a public schoolhouse of the district, at least two weeks before the election, and by publishing the notice at least once a week for two successive weeks in a newspaper having a general circulation in the proposed junior college district. The first publication shall be not less than two weeks before the election. The notice shall specify the polling places, and, in cities, the precinct lines. Notice

2564. The expenses of printing notices and ballots and other necessary expenses incurred in the calling, holding, and conducting of the election shall be paid by the board of supervisors out of the county general fund. Expense

2565. The election shall be held separately and simultaneously at a public schoolhouse in each elementary school district or in each precinct, and shall be conducted in the manner provided for conducting elections of governing boards of elementary school districts. Conduct of election

2566. The ballots used at the election in each district shall contain the words "Junior college district—Yes" and "Junior college district—No." Each elector voting at the election shall make a cross with a pencil, ink, or rubber stamp after the answer he desires to give. Ballots and method of voting

2567. The election officers in each district or precinct shall canvass the vote of the election as soon as the polls are closed. They shall report the result to the superintendent of schools who called the election within five days after the election. Canvass

2568. Within 10 days after receiving the returns of the election, the superintendent of schools shall combine the votes "for" and the votes "against" the formation of the junior college district and declare and record the result, with the details of the vote in each district, in a book kept by him for that purpose. Declaration of result

Certificate of result

2569. If a majority of the votes cast at the election is in favor of the formation of the junior college district, he shall file with the county clerk of the county or of each of the counties in which the proposed junior college district lies, a certificate showing the total number of votes cast in each district in favor of the junior college district, the total number of votes in each district against the junior college district, the aggregate result of the election, and the boundaries of the proposed district.

Formation of district

2570. If it appears from the certificate filed by the superintendent of schools that a majority of the votes cast at the election is in favor of the formation of the junior college district, the junior college district is formed from and after the first day of July next succeeding the election. The county clerk shall record the certificate in full in his record of school districts.

Article 2. Uniting of Junior College Districts

Procedure

2601. Two or more contiguous junior colleges may be united to form a single junior college district in the same manner as provided in this code for the uniting of two or more contiguous elementary school districts.

Article 3. Annexation of High School Districts Upon Petition of Electors

Petition

2621. A majority of the electors residing in any high school district contiguous to a junior college district, in the same or adjoining counties, as shown by the affidavits of one or more of the petitioners, may present to the superintendent of schools who has jurisdiction over the junior college district, a petition for the annexation of the high school district to the junior college district. The petition shall be accompanied by an agreement, signed by a majority of the members of the governing board of the junior college district to which annexation is desired, and by a majority of the trustees of the high school district, consenting to the annexation and setting forth the terms of the annexation. The superintendent of schools shall, after verifying the signatures and finding them sufficient, transmit the petition and agreement to the board of supervisors of his county with his recommendations.

Order

2622. The board of supervisors, after receiving the petition and agreement, and the recommendation of the superintendent, may make an order annexing the high school district to the junior college district upon the terms agreed on.

Assumption of bonded indebtedness

2623. Whenever it appears that the terms agreed upon by the trustees of the high school district seeking to be annexed and the junior college board include the assumption by the high school district of its pro rata portion of any bonded indebtedness existing against the junior college district, the board of supervisors shall call an election in the high school

district proposing to assume the indebtedness for the purpose of determining whether the indebtedness shall be authorized and assumed.

Election

2624. The election shall be held in the same manner as are elections for the issuance of high school district bonds, except that the returns shall be made to the board of supervisors.

Annexation

2625. If it appears from the returns of the election that two-thirds of the votes cast at the election are in favor of the assumption by the district seeking to be annexed of its pro rata portion of the bonds, the high school district shall be annexed to the junior college district.

Tax levy

2626. If the bonded indebtedness is assumed by the annexed high school district, all levies of taxes made for the payment of the bonds and interest thereon, shall be upon the property of the annexed high school district at the same rate as levied upon the property of the original junior college district.

Recordation of order

2627. The order of the board of supervisors annexing the high school district to a junior college district shall be entered by the clerk of the board in his record of junior college districts. He shall send a copy of the order to the county clerk of each county in which any part of the junior college district is situated, who shall enter it in his record of junior college districts.

Article 4. Annexation of High School Districts Upon Petition of Junior College Boards

Petition

2641. Whenever a principal of a junior college in any junior college district presents to the governing board of the junior college district a statement made under oath that the average daily attendance in the junior college, of pupils whose parents reside in a high school district not maintaining a junior college and which is contiguous to the junior college district, was an average of three or more for the two school years next preceding, setting forth the names of the pupils, the governing board of the junior college district may petition the board of supervisors of the county, the superintendent of schools of which has jurisdiction over the high school district, to annex the high school district to the junior college district.

Where a junior college was maintained by a high school district which has been formed as a junior college district or portion thereof, the governing board of the junior college district so formed may petition the board of supervisors of the county, the superintendent of schools of which has jurisdiction over another high school district, to annex such other high school district if it does not maintain its own junior college and if it is contiguous to the junior college district and the principal of the junior college presents to the governing board of the junior college district a statement, made under oath, that the average daily attendance in the junior college of pupils whose parents reside in such other high school district was three or more for

the two school years next preceding, setting forth the names of the pupils.

Notice of hearing

2642. Upon presentation of the petition, accompanied by the sworn statement of the principal of the junior college concerning the attendance and residence of the pupils, and the verification of the facts by the county superintendent of schools having jurisdiction over the junior college district, the board of supervisors shall set the petition for hearing at a regular meeting of the board and shall publish in a newspaper of general circulation in the county once each week for at least two weeks prior to the hearing a notice containing a general statement of the purpose of the petition and the time and place when and where the petition will be heard. The clerk of the board of supervisors shall mail a copy of the notice to each of the trustees of the high school district at least 10 days prior to the hearing.

Protests

2643. The board of supervisors shall at the time and place named in the notice meet to receive any protest which interested persons may present. If no protest is filed it shall make an order annexing the high school district to the junior college district.

Election

2644. If a petition protesting against the annexation, signed by 20 percent or more of the qualified electors of the high school district, as shown by the affidavit of one of the petitioners, is filed at the meeting, the board of supervisors shall order an election to be held in the high school district within 30 days after the making of the order, to determine the question. The election shall be called and held in the same manner as the elections for high school district bonds, except that the words to appear upon the ballot shall be "For annexation to (insert name of) junior college district—Yes" and "For annexation to (insert name of) junior college district—No," and except that the returns shall be made to the board of supervisors.

Order of annexation

2645. If it appears that a majority of the votes cast at the election is in favor of the annexation, the board of supervisors shall make an order annexing the high school district to the junior college district. The order shall be entered by the clerk of the board in his record of high school districts. He shall send a copy of the order to the county clerk of each county in which any part of the junior college district is situated, who shall enter it in his record of junior college districts.

Refusal of annexation

2646. If it appears that a majority of the votes cast at the election is against the annexation, no other election shall be called on the question of annexation until one year from the date of the filing of the original petition.

Determination between districts

2647. Whenever the governing board of each of two or more junior college districts, under the provisions of this article (commencing at Section 2641), petitions the board of supervisors having jurisdiction for the annexation of the same high school district, the board shall refer the matter to the county

superintendent of schools having jurisdiction over the high school district. The county superintendent shall make a recommendation on the matter, after which the board of supervisors shall make an order stating to which of the junior college districts the high school district may be annexed.

Bonded indebtedness

2648. Whenever a high school district is annexed to a junior college district pursuant to this article (commencing at Section 2641), the territory annexed to the junior college district shall not be liable for the payment of any part of the interest on, or principal of any bonded indebtedness of the junior college district theretofore incurred, unless a pro rata portion of the indebtedness is assumed pursuant to this article (commencing at Section 2641). Whenever a high school district is annexed to any junior college district, the junior college district shall constitute the same type of junior college district as if the district were newly formed and shall be governed and administered as such.

Property

2649. After the annexation of a high school district pursuant to this article (commencing at Section 2641), all property belonging to the original junior college district, is the property of the new junior college district so formed.

Article 5. Annexation of High School Districts Upon Election

Petition

2671. The governing board of a high school district in which reside persons attending a regular day junior college in a contiguous junior college district may petition the board of supervisors of the county having jurisdiction over the high school district to annex the high school district to the junior college district.

Election call

2672. Upon presentation of the petition accompanied by a verified copy of a resolution adopted by the governing board of the junior college district named in the petition consenting to the annexation thereto of the high school district, the board of supervisors shall call an election to be held in each elementary school district in the high school district named in the petition for the purpose of determining whether the high school district shall be annexed to the junior college district.

Conduct of election

2673. The election shall be called, held, and conducted in the same manner as are the elections of governing boards of elementary school districts, except that the words to appear upon the ballot shall be "For annexation to _____ junior
(insert name)
college district—Yes" and "For annexation to _____ junior
(insert name)
college district—No," and except that the returns shall be made to the board of supervisors.

Order of annexation

2674. If it appears that a majority of all votes cast at the election were cast in favor of the annexation, the board of supervisors shall make an order annexing the high school

district to the junior college district. Upon the making of the order the annexation shall be deemed to have been made.

Liability for existing bonded indebtedness

2675. Whenever a high school district is annexed to a junior college district pursuant to this article (commencing at Section 2671), the territory annexed to the junior college district shall not be liable for any bonded indebtedness theretofore existing against the junior college district.

Article 6. Change of Boundaries

Effect

2701. The boundaries of every junior college district shall be coextensive with the boundaries of the high school district or districts included in the junior college district. If the boundary of any high school district included in a junior college district is changed by annexation, withdrawal, operation of law or in any other manner, such change shall automatically effect a corresponding change in the junior college district boundary, and any such change in junior college district boundaries shall be effective at the same time as the change in high school district boundaries is effective, except that if a new high school district is formed from territory entirely within an existing junior college district, the new high school district shall continue to be part of the junior college district.

Validation

2702. The boundaries of every junior college district as the same were established for the purpose of the levy and collection of taxes for the Fiscal Year 1947-48, are hereby confirmed, validated, and declared legally effective for all purposes.

Article 7. Exclusion of High School Districts

Petition

2721. On or before the first day of February in any school year a majority of the electors residing in a junior college district, and two-thirds of the electors residing in any high school district which is a part of the junior college district, as shown by the affidavit of one or more of the petitioners, may present to the superintendent of schools who has jurisdiction over the junior college district, petitions asking for the exclusion of the high school district from the junior college district for the purpose of permitting the territory in the high school district to be formed into a junior college district or to become a part of another junior college district. The petitions shall be accompanied by an agreement signed by a majority of the governing board of the junior college district, and a majority of the trustees of the high school district consenting to the exclusion and setting forth the terms of the agreement. The superintendent of schools shall, after verifying the signatures to the petitions and agreements and finding them sufficient, transmit the petitions and agreement to the board of supervisors of his county with his recommendations.

2722. The board of supervisors, after the receipt of the petitions and agreements, together with the recommendations of the superintendent of schools, may make an order excluding the high school district from the junior college district upon the terms agreed on. The order withdrawing the high school district from the junior college district shall not become effective until the high school district becomes a junior college district or becomes a part of a junior college district. Order of exclusion

2723. Any high school district excluded from a junior college district shall continue to bear its proportionate share of the bonded indebtedness of the junior college district incurred prior to the exclusion of the high school district, as though the exclusion had not taken place. Bonded indebtedness

2724. The order of the board of supervisors excluding a high school district from a junior college district shall be entered by the clerk of the board in his record of junior college districts. He shall send a copy of the order to the county clerk of each county in which any part of the junior college district is situated, who shall enter it in his record of junior college districts. Recordation of order

Article 8. Formation From Unified Districts

2741. A junior college district may be formed to comprise two or more unified school districts in the same manner as the formation of other junior college districts, except that a majority vote in favor of the formation of the district in each unified school district is required. Procedure

2742. Each junior college district comprising two or more unified school districts shall be governed by a board of five members who shall be elected in the same manner, for the same terms, and at the same time as are members of governing boards of other junior college districts Governing board

Within 15 days after the formation of a junior college district comprising two or more unified school districts, the county superintendent of schools having jurisdiction over the junior college district shall appoint a board of five members to govern the district until the next succeeding election.

2743. Each unified school district created under Sections 1481 to 1493, inclusive, Sections 2811 to 2931, inclusive, and Sections 813, 13005, 13554 and 21802 which includes a junior college district shall be considered as a junior college district for purposes of the apportionment of State junior college funds and for purposes of nonresident county junior college tuition. Apportionment of state funds

2744. A junior college district may be formed to comprise a single unified school district in the same manner as the formation of other junior college districts, except that a majority vote in favor of the formation of the district is required. Formation from single district

2745. A junior college district formed to comprise a single unified school district shall be considered a junior college dis- Effect of formation

trict only for the purposes of State apportionments and nonresident county junior college tuition. For all other purposes it shall be considered an integral part of the unified school district and shall be governed by the governing board of the unified school district.

Article 9. Withdrawal of Joint Union High School Districts

Procedure

2761. Any joint union high school district which is a part of a junior college district as a result of proceedings initiated by petition presented to the State Board of Education, and which petition was signed by an interim governing board of the joint union high school district, may withdraw from the junior college district in the manner prescribed by this article (commencing at Section 2761).

Petition

2762. A petition signed by a majority of the registered electors residing in the joint union high school district shall be presented to the county board of supervisors of the county in which the greatest portion of the assessed valuation of the joint union high school district is situated asking for the exclusion of such district from the junior college district.

Affidavit

2763. The persons securing the signatures to the petition shall attach an affidavit thereto that all persons who signed the petition did so in the presence of the affiant and that each signature is a genuine signature of the person whose name it purports to be.

Jurisdiction

2764. Upon the filing with it of the petition, the board of supervisors shall have jurisdiction to hear and determine the petition.

Hearing

2765. The board of supervisors shall at the next regular meeting of the board, hear all persons interested in the petition and may continue the hearing from time to time but not for more than two weeks in all. If it approves the petition it shall, by an order entered upon its minutes, exclude the joint union high school district from the junior college district.

Indebtedness

2766. No high school district shall be excluded from a junior college district pursuant to this article (commencing at Section 2761) if the junior college district has any outstanding bonded indebtedness on the date of the hearing of the petition.

Board order

2767. The order of the board of supervisors excluding a joint union high school district from a junior college district shall be entered by the clerk of the board in his record of junior college districts. He shall send a copy of the order to the governing board of the junior college district and to the county clerk of each county in which any part of the junior college district is situated, who shall enter it in his record of junior college districts.

Filing

2768. Before any signatures are obtained to the petition asking for the exclusion of the joint union high school district from the junior college district, a copy of the text of the peti-

tion may be filed with the board of supervisors of the county whose county superintendent of schools has jurisdiction over the junior college district, and the withdrawal proceedings shall be deemed to be pending from the date of such filing.

During the first 90 days that the proceedings are pending for the withdrawal of a joint union high school district from a junior college district, no election shall be called, held, or conducted in the junior college district for the purpose of authorizing the issuance of bonds of the junior college district.

CHAPTER 8. UNIFICATION OF DISTRICTS

Article 1. General Provisions

Name

2811. Every school district created under the provisions of Sections 1481 to 1493, inclusive, Sections 2811 to 2931, inclusive, and Sections 813, 13005, 13554, and 21802 shall be given the name selected for it by the governing board of the district and shall be designated as the "_____ (using the name of the district) Unified School District." In the name by which the district is designated the governing board of the district may sue and be sued, and hold and convey property for the use and benefit of the school district A number shall not be used as a part of the designation of any school district.

Code applicability

2812. All provisions of this code applicable to the government, maintenance, support, functions, and administration of elementary, high school, and junior college districts are applicable to the government, maintenance, support, and administration of unified school districts, excepting insofar as such provisions are in conflict with, or inconsistent with Sections 1481 to 1493, inclusive, Sections 2811 to 2931, inclusive, and Sections 813, 13005, 13554, and 21802.

Inclusion of districts

2813. The provisions of Section 11 of an act entitled "An act to provide for the replacement and/or the reconstruction in whole or in part of all city, county, school district, or other special district buildings wholly or partially destroyed by earthquakes since January, 1933, declaring the urgency thereof and providing that this act shall take effect immediately," approved May 26, 1933, shall not operate to prevent the inclusion of any elementary school district, high school district, or junior college district, in whole or in part, in any unified school district created under the provisions of Sections 1481 to 1493, inclusive, Sections 2811 to 2931, inclusive, and Sections 813, 13005, 13554, and 21802.

Separation of district Effect

2814. Whenever, by reason of any action taken in accordance with law, territory is removed from a unified school district, and the unified school district is separated into two or more noncontiguous parts, the validity of the unified school district shall not be affected by the withdrawal of the territory, and the rights, powers, duties, responsibilities, and jurisdiction of the unified school district shall not be affected by

reason of the separation of the unified school district into two or more noncontiguous parts.

Article 2. Formation of Unified Districts

Merger of coterminous districts

2841. On the first day of July succeeding the date upon which the boundaries of an elementary district, high school district, and junior college district become coterminous, the districts shall be merged into a new district to be known as the "_____ Unified School District" and the elementary district, high school district, and junior college district shall cease to exist except for such purposes as are set forth in Sections 1481 to 1493, inclusive, Sections 2811 to 2931, inclusive, and Sections 813, 13005, 13554, and 21802.

Same

2842. On the first day of July next succeeding the date upon which the boundaries of an elementary school district and high school district become coterminous, the districts shall be merged into a new district to be known as the "_____ Unified School District" and the elementary school district and high school district shall cease to exist except for such purposes as are set forth in Sections 1481 to 1493, inclusive, Sections 2811 to 2931, inclusive, and Sections 813, 13005, 13554, and 21802.

Tax rate

2843. If prior to the date when the boundaries of an elementary district and a high school district become coterminous, the voters of the elementary or high school district at an election had voted a district tax rate in excess of the maximum tax rate prescribed by Section 20751, such excess tax rate in either or both districts shall be continued at the option of the governing board of the newly formed unified school district for a period not to exceed the remaining number of years for which the tax was previously authorized. This section shall apply to unified districts in existence for all purposes on and after July 1, 1954.

Article 3. Change of Boundaries. Merger and Annexation of Districts

Date of change

2881. The boundaries of a unified school district may be changed not later than February 1st of any school year in the same manner as boundaries of elementary school districts. Change of boundaries shall not become effective until the first day of July next succeeding, except that, for the purpose of assessing the property contained in the territory or school districts affected by the change of boundaries for determining the rate of school district tax to be levied, the change of boundaries shall become effective on the first Monday in March next succeeding the change of boundaries.

Effect of merger

2882. Two or more adjoining unified school districts may merge at any time during a school year, but not later than the first day of February, to form a single unified school district in the same manner as elementary school districts may be

united. Whenever a unified school district is merged with another unified school district, the resulting district is a single unified school district. The merger shall become effective on the first day of July next succeeding, except that for the purpose of assessing the property contained in the territory or school districts affected by the merger for determining the rate of school district tax to be levied, the merger shall become effective on the first Monday in March next succeeding the merger.

Annexation

2883. A unified school district may be annexed to another unified school district in the same manner as a single elementary school district may be annexed to another single elementary school district pursuant to Sections 1851 to 1857, inclusive.

Same

2884. One or more contiguous elementary or high school districts, one of which is contiguous to a unified school district, may be annexed to the unified school district not later than the first day of February in any school year by the board of supervisors of the county having jurisdiction over the unified school district whenever a majority of the registered voters in each of the elementary or high school districts voting at an election held for that purpose vote in favor of the annexation and the governing board of the unified school district has filed its approval of the annexation, in writing, with the board of supervisors. The election shall be called by the county superintendent of schools having jurisdiction over the unified school district whenever a majority of the registered voters residing in each of the elementary or high school districts petition the county superintendent of schools to call the election or whenever the State Board of Education notifies the county superintendent of schools of its approval of plans and recommendations of a county committee pursuant to Section 3152.

Election

2885. When an election is called for the annexation of one or more contiguous elementary or high school districts, one of which is contiguous to a unified school district, after the approval by the State Board of Education of plans and recommendations of a county committee for the reorganization of school districts, the election shall be held and conducted in accordance with the provisions of this article (commencing at Section 2881) and the annexation of such elementary or high school districts to a unified school district may be effected without such elementary or high school districts first withdrawing from any school district.

Notice

2886. An election for the annexation of an elementary school district or high school district to a unified school district shall be called by posting notices in three public places in the elementary school district or high school district not less than 15 days before the election and by publishing the notice at least once a week for two consecutive calendar weeks before the election in a newspaper having general circulation in the elementary or high school district. The notice shall contain:

(a) The election precincts, if any, established for the election and the time and place, or places, of holding the election.

(b) The names of the officers of the election appointed to conduct the election.

(c) The hours during the day which the polls will be open.

(d) The purposes for which the election is to be held.

The election shall be conducted in the same manner as are elections of school trustees, except that the returns of the election shall be made to the county superintendent of schools calling the election.

Certification of result

2887. The county superintendent of schools shall record the result of the election in a book kept by him for that purpose. If a majority of the votes cast at the election is in favor of the annexation, he shall make and file with the county clerk of every county in which any part of the unified school district and the district annexed lies, a certificate declaring the results of the election. Each county clerk shall record the certificate in a book to be kept by him for that purpose.

Effect of annexation

2888. If it appears from the certificate filed by the county superintendent of schools that a majority of the votes is cast in favor of the annexation, the annexation shall become effective on the first day of July next succeeding, except that for the purpose of assessing the property contained in the territory or school districts affected by the annexation for determining the rate of school district tax to be levied, the annexation shall become effective on the first Monday in March next succeeding the annexation. Elementary and high school districts which have been annexed to a unified school district shall cease to exist except for such purposes as are specified in Sections 1481 to 1493, inclusive, Sections 2811 to 2931, inclusive, and Sections 813, 13005, 13554, and 21802.

Bonded indebtedness

2889. The bonded indebtedness of any elementary, high school, or junior college district incurred prior to the inclusion of all or any part of the district in a unified school district shall continue to be an obligation of the territory within the elementary, high school, or junior college district as it existed prior to the inclusion of all or any part thereof in a unified school district.

Assumption of bonded indebtedness

2890. Upon petition of 10 percent of the qualified electors residing in any elementary school district, high school district, or junior college district which has been included in a unified school district requesting him to do so, or by resolution adopted by the governing board of the unified school district, the county superintendent of schools having jurisdiction of the district shall call an election in the unified school district for the purpose of permitting the qualified electors to vote upon the question of whether or not the unified school district shall assume the bonded indebtedness of the elementary school district, high school district, or junior college district, as the case may be.

When a portion of a union elementary or union high school district has been included in a unified district and the territory

comprising such portion is liable, under Section 1617, for a portion of the bonded indebtedness of the union elementary or union high school district, the county superintendent of schools having jurisdiction over the unified district shall, upon petition of 10 percent of the qualified electors residing in the portion of the union elementary or union high school district which has been included in the unified district requesting him to do so, or by resolution adopted by the governing body of the unified district, call an election in the unified district for the purpose of permitting the qualified electors to vote upon the question of whether or not the unified district shall assume the portion of the bonded indebtedness of the union elementary or union high school district for which the territory is liable under Section 1617.

The election shall be called, held, and conducted as are elections for the issuance of school district bonds excepting that the notice for the election shall contain the following:

(a) The time and place, or places of holding the election.

(b) The names of the officers of the election appointed to conduct the election.

(c) The hours of the day during which the polls will be open.

(d) The amount of the bonded indebtedness and the interest rate thereon proposed to be assumed by the unified school district.

The ballot at the election shall contain the words "Assumption of Bonded Indebtedness—Yes" and "Assumption of Bonded Indebtedness—No," or words of similar import.

No bonded indebtedness shall be assumed by a unified school district unless two-thirds of the qualified electors voting at the election vote in favor of the assumption.

Property

2891. Whenever any unified school district is created, all funds, property, and obligations of the elementary, high school, or junior college districts lying wholly within the unified school district shall become the funds, property, and obligations of the unified school district except as provided in Sections 2889 and 2890.

Same

2892. Whenever any elementary school district is annexed to a unified school district, all property, funds, and obligations of the elementary school district shall become the property, funds, and obligations of the unified school district.

Same

2893. Whenever any portion of an elementary school district is annexed to a unified school district, all property of the elementary school district situated in the portion annexed shall become the property of the unified school district.

Same

2894. Whenever the entire territory of an elementary school district is annexed to two or more unified school districts, all property of the elementary district situated in the portion annexed to any unified school district shall become the property of the unified school district, and a portion of the funds to the credit of the elementary school district shall be transferred to the credit of each unified school district after any outstanding

obligations of the elementary school district have been discharged which bears the same ratio to the total amount of the funds to the credit of the elementary school district as the assessed valuation of the portion of the district made a part of the unified school district bears to the total assessed valuation of the entire elementary school district.

Same

2895. Whenever by reason of the annexation of the elementary school district or districts composing a high school district to a unified school district the high school district ceases to exist, all property, funds, and obligations, except as otherwise provided, of the high school district shall become the property, funds, and obligations of the unified school district.

Same

2896. Whenever an elementary school district or portion of an elementary school district lying within a high school district is annexed to a unified school district, all property of the high school district which is located in the annexed territory shall become the property of the unified school district.

Same

2897. Whenever all territory in an elementary school district lying within a high school district is annexed to two or more unified school districts, all property of the high school district which is located in any portion of the elementary school district shall become the property of the unified school district to which the portion is annexed, and a portion of the funds to the credit of the high school district shall be transferred to the credit of each unified school district after any outstanding obligations of the high school district have been discharged, which bears the same ratio to the total amount of the funds to the credit of the high school district as the assessed valuation of the portion of the high school district merged or annexed to each unified school district bears to the total assessed valuation of the entire high school district.

Article 4. Schools Maintained

Elementary and high schools

2901. Each unified school district shall maintain at least one elementary school and one four-year high school, or in lieu of one four-year high school, one junior high school and one senior high school.

Kindergartens

2902. Kindergartens may be maintained by the governing board of a unified school district. The kindergartens maintained by an elementary school district at the time it became a part of the unified school district shall be continued, except that the kindergartens may be discontinued or additional kindergartens may be established as prescribed in this code. In any elementary school district or portion of elementary school district included in a unified school district, in which a kindergarten was not maintained at the time of the merger of the elementary school district or portion of elementary school district into a unified school district, a kindergarten may be established by the governing board of the unified school district as provided in this code.

2903. The governing board of a unified school district coterminous with the boundaries of a city and county, may conduct classes for wards of the juvenile court of said city and county, and acquire the necessary property and erect the necessary buildings therefor, outside of the boundaries of the said school district. Schools for wards of juvenile courts

Article 5. Suspension and Lapsation of Elementary Districts in Unified Districts

2931. The individual elementary school districts, or portions of districts, composing a unified school district shall be subject to suspension and lapsation in the same manner as provided for the suspension and lapsation of the individual elementary school districts composing a union elementary school district, except that any elementary school district so lapsed shall be attached to another elementary school district in the unified school district for computing teacher units. Procedure

CHAPTER 9. OPTIONAL REORGANIZATION OF SCHOOL DISTRICTS BY ELECTORS

Article 1. General Provisions

3001. "Unified school district" means a unified school district formed under this chapter (commencing at Section 3001). "Unified school district"

3002. "Component district" means any district included in whole or in part in a unified school district formed under this chapter (commencing at Section 3001). "Component district"

3003. "Reorganization" means the formation, annexation, uniting, unification, unionization, merger, division or change of boundaries of school districts authorized by this code. "Reorganization"

3004. "County committee" means the county committee on school district organization. "County committee"

Article 2. Powers and Duties of State Board of Education

3051. The State Board of Education shall: Powers and duties

(a) Determine policies for, direct, and govern a statewide survey of all local school districts for purposes of effecting feasible unifications or other reorganization of school districts.

(b) Approve plans for the unification or other reorganization of school districts which have been formulated by the county committees hereinafter provided for prior to the submission of such plans to the people of the areas affected for approval.

(c) Establish standards which shall be applied in approving plans for the unification or other reorganization of school districts.

(d) Utilize the resources, records, and personnel of the State Department of Education, whenever advantageous in

carrying out the provisions of this chapter (commencing at Section 3001).

Article 3. County Committees on School District Organization

County committee on school district organization

3101. There is hereby created in each county, with the exception of a county which is also a city and county, a committee which shall be known as the county committee on school district organization, which committee shall be composed of not less than five (5) nor more than eleven (11) qualified electors of the county, the number in each county to be determined by the representatives of the governing boards of all school districts of the county or the county superintendent of schools, as hereinafter provided. In the event the representatives of the governing boards fail to elect a county committee as provided in this article (commencing at Section 3101), the county superintendent of schools of such county shall determine the number of members to constitute the county committee within the limitation above prescribed and shall appoint such members.

Same: Vacancies

3102. Neither the county superintendent of schools nor any member of his staff nor any employee of a school district shall be a member of the county committee. At least one (1) member of the county committee shall be elected from among the qualified electors of each county supervisorial district in the county. Vacancies in the membership of the county committee are caused by the happening of any of the events specified in Section 1770 of the Government Code and shall be filled by the remaining members of the committee, or by the county superintendent of schools having jurisdiction over the county in the event the remaining members of the committee fail to fill such vacancies with qualified electors within 60 days, or in the event the vacancies occur in a county having less than six (6) school districts.

Election by governing boards

3103. (a) Every county having six (6) or more elementary school districts shall elect a county committee composed of the number of members as shall be determined by a majority of the representatives of the governing boards at a meeting called by the county superintendent of schools having jurisdiction over the county. Notice of such meeting shall be deemed sufficient and complete when deposited in the United States mail with postage prepaid, addressed to the clerk or secretary of the governing board of each school district.

(b) The governing board of each school district of every kind or class shall annually at its first meeting in the fiscal year select one of its members as its representative who shall have one vote in determining the number of members, and one vote for each member to be elected to the county committee. The county superintendent of schools shall be furnished with a certificate from the secretary or clerk of each governing board which shall name the representative selected by the

board. An annual meeting for the purpose of electing members to the county committee shall thereafter be called by the county superintendent of schools which shall be held between the first day of October and the first day of December. The qualified electors of the county receiving the highest number of votes cast by the representatives of the governing boards shall be declared elected to membership of the county committee if a quorum of the representatives are present.

Appointment by county superintendent

3104. (a) The members of the county committee for a county which has less than six (6) elementary school districts shall be appointed by the county superintendent of schools except as provided in subsection (b) hereof.

(b) Where all of the territory of a county is included in one unified school district, except such portions as may be in joint districts under the jurisdiction of county superintendents of other counties, the governing board of the unified school district shall constitute the county committee.

Change in district organization

3105. In the event a county district organization changes from a county with six (6) or more districts to a county with less than six (6) districts, then Section 3104 shall apply or if the district organization changes from a county with less than six (6) districts to a county with six (6) or more districts Section 3103 shall apply; provided, however, that each member of the county committee shall serve out his term of office.

Term

3106. The term of office of each member of the county committee shall begin upon election or appointment and shall be for four (4) years and until his successor is elected, or appointed by the county superintendent of schools, as the case may be, and qualified; provided that the terms of the members first selected shall be determined by lot to the end that as nearly as possible thereafter one-fourth ($\frac{1}{4}$) of the members shall be elected annually.

Organization

3107. The county committee shall organize by electing from its membership a chairman and a vice chairman. The county superintendent of schools shall act as the secretary of the committee Meetings of the committee shall be held upon call of the chairman or of a majority of the members thereof; provided, however, that the first meeting of said committee shall be held within thirty (30) days after election or appointment on a call issued by the county superintendent of schools. A majority of the committee shall constitute a quorum.

Plans and recommendation

3108. Each county committee shall study the school district organization of the county and shall, under the direction of the State Board of Education, formulate plans and recommendations for the unification or other reorganization of the school districts in the county or any portion thereof including, if necessary, a portion of one (1) or more adjacent counties. It shall transmit the plans and recommendations to the State Board of Education. If any proposed reorganization affects the territory of any adjacent county, the county committee or county committees, as the case may be, of any such adjacent county or counties shall be requested in writing to concur in

the plans and recommendations of the county committee. If the county committee or committees of the adjacent county or counties, as the case may be, concur in the plans and recommendations, such concurrence shall accompany the recommendations transmitted to the State Board of Education. If the county committee of any adjacent county fails to respond to the request of the county committee of another county within 90 days of the date of such request, such failure shall be deemed to be a concurrence in the plans and recommendations. If the county committee of any adjacent county does not concur in the plans and recommendations as formulated by another county committee, it shall notify the other county committee in writing of its failure to concur and accompany such notification with plans and recommendations for the unification or other reorganization of the school districts of its county which includes the territory that would be affected by the plans and recommendations of the other county committee.

Board of review

3109. The county committee of any county which has formulated plans and recommendations for the unification or other reorganization of the school districts of the county and in which the county committee of an adjacent county fails to concur, may request the Superintendent of Public Instruction to appoint a board of review to consider the plans and recommendations of the county committee and the alternate plans and recommendations of the nonconcurring county committee. Upon receipt of the request the Superintendent of Public Instruction shall create a board of review composed of the chairmen of the county committees of five counties other than the counties in which any territory included in the proposed reorganization is located.

The members of the board of review shall receive their actual and necessary traveling expenses. The board of supervisors of each county, the school districts of which would be affected by the plans and recommendations to be considered by the board of review, shall allow to each member an equally proportionate part of his expenses, which amount shall be paid out of the county general fund.

Hearing, notice

3110. The board of review shall, upon a date set by the Superintendent of Public Instruction, survey the situation and conduct a public hearing on the question as to whether or not the plans and recommendations of the county committees, or either of them, shall be transmitted to the State Board of Education for approval.

The Superintendent of Public Instruction shall notify the county superintendents concerned and the county superintendents shall notify the interested school districts and members of the county committees of the date, time, and place of the public hearing. The hearing shall be held at one of the school buildings located in the area of the proposed reorganization.

Procedure

3111. The hearing shall be conducted under such rules of procedure as may be prescribed by the board of review,

which may require any or all evidence and information to be submitted under oath administered by a member of the board. The board shall receive evidence and information on the date set for the hearing and may continue the hearing from time to time within the next succeeding 30 days for the purpose of receiving further evidence or giving further consideration to the question. If the hearing is continued, the date to which the hearing is continued shall be publicly announced at the meeting set by the Superintendent of Public Instruction or, if the hearing is continued more than one time, the continuance shall be publicly announced at the meeting preceding the date to which the hearing is continued.

Deliberation and conclusion

3112. In arriving at its conclusion, the board of review shall take into consideration the standards established by the State Board of Education pursuant to Section 3051 of this code, and to be applied in the approving of plans and recommendations of county committees, as they appear in Article 15 7 (commencing at Section 135.1) of Subchapter 1 of Chapter 1 of Title 5 of the California Administrative Code, and such other factors as the board of review deems pertinent. The board shall, not later than 30 days after the date set by the Superintendent of Public Instruction for the hearing, recommend in writing to the county committee which requested the appointment of the board of review, either that the plans and recommendations be or not be transmitted to the State Board of Education. If the recommendation of the board of review is in the affirmative, the State Board of Education may approve such plans and recommendations without concurrence of any other county committee.

Notice re recommendations

3113. (a) When the county committee has selected all or any portion of the county for possible recommendation for reorganization other than for the formation of a junior college district, or when the county committee has changed the territory so selected as provided in subparagraph (c), each member of the governing board of each school district included in whole or in part within the territory to be considered shall be included in the membership of the committee and shall be so notified by letter sent by the county superintendent of schools.

(b) When the county committee has selected all or any portion of the county for possible recommendation for the organization of a junior college district, or when the county committee has changed the territory so selected as provided in subparagraph (c), each member of the governing board of each high school district and unified district included in whole or in part within the territory to be considered shall be included in the membership of the committee and shall be so notified by letter sent by the county superintendent of schools.

(c) At any time, and from time to time, after the county committee has selected all or any part of the county for possible recommendation for reorganization and prior to the adoption by the augmented county committee of plans and recommendations for unification or other reorganization, a

majority of the county committee as established in Section 3101 may change the territory selected for possible recommendation for reorganization. For purposes of membership on the augmented county committee, the change shall be effective immediately thereafter. Each member of the governing board of each school district, if the action is pursuant to subparagraph (a), or of each high school district and each unified district, if the action is pursuant to subparagraph (b), which, as a result of the change, is included in whole or in part within the area to be considered, shall be included in the membership of the committee and shall be so notified by letter sent by the county superintendent of schools. Members of the governing board of any school district which, as a result of the change, is no longer included in whole or in part within the territory as so changed, shall cease to be members of the committee, and shall be notified of the termination of membership by letter sent by the county superintendent of schools.

(d) For the purposes of constituting a quorum at the committee meetings, all of the members of the governing board of one school district attending the meeting shall count only as one member of the committee. For the purposes of voting upon a recommendation, each school district so represented on the committee shall have only one vote and shall be entitled to vote only if the recommendation would affect that district. The district vote shall represent the decision of a majority of the members of the governing board of that district.

(e) No recommendation for reorganization pursuant to Section 3108 shall be made until the augmented county committee established by this section has adopted the recommendation by a majority of all entitled to vote and no such action shall be taken prior to the third meeting following the date when the governing boards of all districts included in the recommendation have been members of the augmented committee.

Same

3114. When a county committee selects an area for possible recommendation for reorganization which includes territory of another county, it shall so notify the members of the county committee of such other county. Thereafter the members of the county committee of such other county shall be notified by mail of each public hearing or meeting of the county committee, or augmented county committee, at which the proposed reorganization will be considered at least 10 days prior to the day of such hearing or meeting.

Notice of meetings

3115. Notice of each meeting of the augmented committee established in Section 3113 shall be mailed to all members appointed pursuant to Section 3113 by the county superintendent of schools at least 10 days prior to the date of such meeting.

Augmentation of committee

3116 The county committee as established in Section 3101 shall be augmented pursuant to Section 3113 for the purposes of action taken under Sections 3128 and 3132.

Public hearings

3117. The county committee or committees, as the case may be, shall hold one (1) or more public hearings in the area proposed for reorganization at a place or places designated by

the county committee or committees at least thirty (30) days prior to the submission of a recommendation for unification or other reorganization to the State Board of Education.

Petition

3118. On receipt of a petition signed by at least five (5) qualified electors residing in any district for a consideration of unification or other reorganization the county committee shall hold a public hearing, as described in this chapter (commencing at Section 3001), and determine whether the committee shall study further the matter petitioned in the manner herein described in this chapter (commencing at Section 3001).

Reorganization recommendations for assumption of bonded indebtedness

3119. The plans and recommendations formulated by the county committee pursuant to Section 3108 may include recommendations for the assumption by any new school district the formation of which is recommended by the county committee of all or any part of the bonded indebtedness of any existing school district included in whole or in part in the new school district.

Same Location of school buildings

3120. The plans and recommendations formulated by the county committee may include recommendations with reference to the location of school building or buildings after reorganization is accomplished.

Same Use or division of school property

3121. The county committee may propose plans and recommendations which include either one or both of the following provisions: (a) Plans for the use of the school property of the component districts as provided in Sections 3122, 3354, 3355, 3356, and 3357; (b) plans for dividing the property, other than real property, of any school district proposed to be divided between two or more unified school districts or between one or more unified school districts and any other type of district, or proposed to be partially included in one or more unified school districts or one or more unified school districts and any other type of district.

Same Use of school property

3122. When the county committee includes in its plans and recommendations proposals for the use of the school property of the component districts as provided in Sections 3121 and 3354, such proposal shall be deemed to be an integral part of the plans and recommendations, and a favorable vote on the question of reorganization, as provided in Sections 3151 to 3169, inclusive, shall be deemed to be a favorable vote upon the plans and recommendations as a whole.

Same Division of school property

3123. When all or a portion of the territory of any school district is divided between two or more unified school districts, or between one or more unified school districts and any other type of district, the county committee, in the formulation of plans, may provide for the division of school property, except real property, of such district. In providing for the division, the county committee shall consider the equalized assessed valuation of each portion of the existing district, the number of children of school age residing in each portion of such district, the value and location of the school property of such district, and such other matters as the members of the county committee deem important and pertinent.

Same

3124. When the county committee includes in its plans and recommendations proposals for the division of the school property of an existing district under Sections 3121 and 3123, such proposal shall be deemed to be an integral part of the plans and recommendations and a favorable vote by a majority of the voters on the question of reorganization, as provided in Sections 3151 to 3169, inclusive, shall be deemed to be a favorable vote upon the plans and recommendations as a whole; provided, however, that if the plans and recommendations require the incurring of a bonded indebtedness in any district or portion of a district remaining upon the unification or other reorganization in order to provide funds to equalize the division of the school property among the newly organized districts, then the proposition for the incurring of such bonded indebtedness shall be submitted as a separate proposition to the electors of the district or portion thereof which is to incur such indebtedness at the same election at which the proposition of approving the plans and recommendations is submitted to vote of the electors of the proposed unified or otherwise reorganized districts. The plans and recommendations shall not be deemed to have been approved unless the proposition of incurring such indebtedness is approved by two-thirds ($\frac{2}{3}$) vote of the voters of the district or portion thereof which is to incur such indebtedness voting on such proposition at said election. The proceedings for the issuance and sale of said bonds shall be taken in substantial conformity with the provisions of Sections 21701 to 21801, inclusive, and Sections 21803 to 22152, inclusive, of this code except that said bond election shall be called and canvassed by the county superintendent of schools and the proposition submitted thereat shall be

> "Shall _____ district incur a bonded indebtedness in the aggregate principal amount of $_____ for the purpose of paying its share of the equitable adjustment resulting from the reorganization of said school district?"

The county superintendent of schools shall certify to the board of supervisors of the county whose superintendent of schools has jurisdiction over the district, all proceedings had in the premises and said board of supervisors shall cause said bonds to be issued and sold as provided in Sections 21701 to 21801, inclusive, and Sections 21803 to 22152, inclusive, of this code except that the proceeds of sale of said bonds shall be deposited to the credit of the reorganized district entitled to such proceeds pursuant to said plans and recommendations.

Division of school property

3125. When the county committee includes in its plans and recommendations proposals for the division of the school property of an existing district under Sections 3121, 3123, and 3124, the total amount of bonds required may be in excess of the limitation provided in Sections 21801 and 21803.

Assistance, etc

3126. It shall be the duty of each county superintendent of schools, every other county officer, and officers or employees of any presently organized school district in any county to fur-

nish to the county committee any records, reports, documents, maps or other data pertaining to the survey of the area by the county committee and to confer with the county committee concerning the problems of such county or portion thereof, when requested to do so by the county committee.

Compensation

3127. The members of the county committee shall serve without pay, but they shall receive their actual and necessary travel expenses incurred in the performance of their duties. The expenses shall be allowed by the board of supervisors, and be paid out of the county general fund.

Trustee areas

3128. A unified school district established pursuant to this chapter (commencing at Section 3001) subsequent to October 1, 1949, may be divided into trustee areas by the county committee. In establishing trustee areas each county committee shall provide for representation in accordance with population and geographic factors of the entire area of the unified school district. As many trustee areas as needed, not to exceed seven (7), may be established. The county committee shall designate the number of members of the governing board to be elected from among the registered voters of each trustee area so that a governing board of either five (5) or seven (7) members is provided, but the members of the governing board shall be elected by the registered voters of the entire school district. The county superintendent of schools having jurisdiction shall call an election for the purpose of electing the new governing board of the district not later than the fourth Friday of January next succeeding the formation of the trustee areas. The election shall be called and conducted as are elections for members of governing boards of elementary school districts and the term of office and organization of the new board shall be pursuant to Sections 3257 and 3258, respectively. This section does not supersede or modify the provisions of Sections 3252 and 3253.

Same

3129. In any proposal for unification recommended by a county committee such committee may include a provision for trustee areas and such provision shall be considered as an inherent part of the proposal and not be construed as a separate proposition; provided, that such provision shall indicate the boundaries of the proposed trustee areas.

Maximum tax rate

3130. In any proposal for unification recommended by a county committee, the committee may include a provision for the authorization of a maximum tax rate for the proposed unified district, and such provision shall be considered an inherent part of the proposal, and not be construed as a separate proposition. If the unification is approved by the registered voters of the area, such tax rate shall be the maximum tax rate for the unified district in lieu of any rate specified in Section 20751 until changed by the registered voters of the district in the manner prescribed in Section 20803. Such tax rate established by the county committee shall not be less than the tax rates for a unified district provided in Section 20751 nor more than a rate which would produce revenue for the

proposed unified district equal to the sum of the revenue of each of the component districts had the maximum allowable tax rate been in effect in each component district during the school year immediately preceding the date upon which the unification would be effective for all purposes.

Map of boundaries

3131. The county superintendent of schools shall prepare and keep in his office (a) a map showing the boundaries of the trustee areas of all school districts in or belonging to his county that are so divided, and (b) a record of the action taken by the county committee in establishing such boundaries.

Rearrangement of boundaries, etc.

3132. The county committee shall have power to establish trustee areas, rearrange the boundaries of any trustee areas and abolish trustee areas in any unified school district formed under the provisions of this chapter (commencing at Section 3001) at any time the committee deems such action advisable. Any such proposal may also be made by a petition signed by at least five (5) qualified electors residing in the school district concerned. The petition shall be presented to the committee which shall hold at least one (1) public hearing thereon. The hearing shall be called and conducted in the manner prescribed herein for calling and conducting other public hearings except that notice thereof shall be posted at some public place in each trustee area of the school district concerned, on a prominent place in each schoolhouse, and at the place of holding the hearing.

Election

3133. (a) Any such proposal resulting from committee action or from a petition acted upon favorably by the county committee, pursuant to Section 3132, shall be presented to the electors of the district at the next succeeding election for members of the governing board. The election provided for in this section shall be called by the governing board of the district and shall be held and conducted in as nearly the same manner as may be practical as are elections for members of boards of school trustees. The words to appear on the ballot shall be: "For the establishment of trustee areas in _____ Unified
(Insert name)
School District—Yes" and "For the establishment of trustee areas in _____ Unified School District—No."
(Insert name)

(b) In the event the election is called for the purpose of rearranging the boundaries of trustee areas, then there shall appear upon the ballot the words "rearranging the boundaries" in lieu of the word "establishment."

(c) In the event the election is called for the purpose of abolishing trustee areas, then there shall appear upon the ballot the word "abolishment" in lieu of the word "establishment."

Governing boards

3134. (a) If a proposal for the establishment of trustee areas is approved by a majority of the electors voting at such election, any affected incumbent board member shall serve out his term of office and succeeding board members shall be nominated and elected in accordance with Section 3128. In the

event two or more trustee areas are established at such election which are not represented in the membership of the governing board of the unified school district, the county committee shall determine by lot the trustee area from which the nomination and election for the next vacancy on the governing board shall be made.

(b) If a proposal for rearrangement of boundaries is approved by the electors, and if the boundary changes affect the board membership, any affected incumbent board member shall serve out his term of office and succeeding board members shall be nominated and elected in accordance with Section 3128.

(c) If a proposal for abolishing trustee areas is approved by the electors, the incumbent board members shall serve out their terms of office and succeeding board members shall be nominated and elected at large from the district.

Report and recommendations re facilities

3135. The county committee shall prepare and submit to the Superintendent of Public Instruction, upon request of said officer, a report and recommendations respecting the urgency of need for school plant facilities, the kind and extent of the facilities required, and the development of improved local school administrative units and attendance areas in the case of school districts that seek state assistance in providing school plant facilities.

Article 4. Approval of Recommendations

Notification of approval

3151. After the State Board of Education has approved the plans and recommendations for the unification or other reorganization of the school districts in any area, the State Board of Education shall notify the county superintendent of schools of each county in which any part of such local area is located, of such approval.

Reorganization other than unification

3152. In the event the county committee transmits plans and recommendations to the State Board of Education, pursuant to Section 3108, for the reorganization of the school districts in the county other than the formation of a unified school district, the proposed reorganization, if approved by the State Board of Education, shall be deemed to be the filing of a petition with the State Board of Education, the appropriate board of supervisors, or with the county superintendent of schools, as the case may be. The State Board of Education shall notify the board of supervisors and the county superintendent of schools having jurisdiction over the school districts affected thereby of its action, and the proposed reorganization of the school districts, other than the formation of a unified school district, shall then be held and conducted in accordance with the applicable provisions of other chapters of this code as though the petition required by the other chapters had been originally filed with such board of supervisors or with the county superintendent of schools, except that no action required by any other provision of this code shall be necessary

to give the board of supervisors or county superintendent of schools jurisdiction in the matter.

Special election

3153 Except as otherwise provided in Section 3155, the county superintendent of schools of the county in which the greater part of such area is located shall cause to be held a special election in the elementary school district or unified school district, or districts included in whole or in part in the plans and recommendations of the county committee or committees for the formation of a unified school district for the purpose of adopting or rejecting the plans and recommendations. The county committee or committees shall hold, following the approval by the State Board of Education of the recommendations of the county committee, one (1) or more public hearings at least ten (10) days prior to such election within the area included in a proposal for unification. The county committee or committees may designate any member to hold and conduct any public hearing required to be held. Such election shall be held between July 1st and June 30th of the school year in which the county superintendent of schools was given notice by the State Board of Education under Section 3151, except that if such notice is not received on or before May 1st, the election may be held between July 1st and June 30th of the following school year.

Notice of hearing

3154 The county superintendent of schools shall cause to be posted, at least twenty (20) days prior to the date set for any such hearing, a written or printed notice thereof (a) in at least three (3) places, other than schoolhouses, in each such district or portion of a district, as the case may be, affected thereby; (b) on each schoolhouse door of each district or portion of district, as the case may be, involved or affected by any proposed change; and, (c) at the place or places of holding the hearing if any of these places be other than the public schools.

Plans providing for exclusion

3155. In the event the plans and recommendations of a county committee for an area provide for the exclusion of territory from a school district, the county committee shall determine if as to said district the election shall be held only in said territory. The county superintendent of schools shall call the election in the district or portion thereof in accordance with this section.

Qualified voters

3156. Every qualified elector residing within the boundaries of each elementary school district or unified school district, or portion of district, as the case may be, in which the election is called shall be eligible to vote at such election.

Notice of election

3157. The election shall be called by posting notices thereof at least twenty (20) days before the election (a) in at least three (3) public places, other than schoolhouses, in each such district or portion of a district, as the case may be, affected thereby; (b) on each schoolhouse door of each such district or portion of district, as the case may be, involved or affected by any proposed change; and, (c) at the place or places of holding the election if any of these places be other than the public

schools. If there is a newspaper of general circulation published in any county in which any part of the district is situated, the notice and a statement of the recommendation of the county committee must be published therein at least once in each calendar week for three successive calendar weeks prior to the election.

Copies of recommendations

3158. The county superintendent of schools calling such election shall cause to be prepared and distributed to each registered voter in each such district or portion of a district, as the case may be, in which the election is to be held at least ten (10) days prior to such election a copy of the recommendations of the county committee. The copy of the recommendations shall include any proposal made in accordance with Section 3129.

Arguments for and against recommendations

3159. The county superintendent of schools of the county in which the largest portion of the area affected is located shall cause to be prepared and distributed a statement setting forth arguments for and against the recommendations of the county committee. Such arguments shall not exceed 500 words. The argument in favor of the recommendations shall be prepared by the chairman of the county committee, or by a proponent of the recommendations designated by the chairman. The argument against the recommendations shall be prepared by a member of the county committee who voted against the recommendations, or, if there be none, by an elector designated by the county superintendent of schools who has appeared before the committee or at a public hearing in opposition to the recommendations.

Costs

3160. The cost of preparation and distribution of the statement setting forth the arguments in favor of, and those opposed to, the recommendations of county committees and the cost of any election held hereunder shall be a charge against the general fund of the county in which the elementary school district or unified district is situated. If such district is situated in more than one county, the cost shall be prorated against each county in the same proportion as the area of the district lying in such county bears to the total area of the district.

Notice of recommendation for unification

3161. The county committee shall prior to submitting a recommendation to the State Board of Education for the unification of any school district or school districts notify, in writing, the board of supervisors of each county affected. If such notice is not given on or before April 1st of the school year preceding notice by the State Board of Education under Section 3151, and if funds are not available for the conduct of the election, the board of supervisors of any such county may require the county superintendent of schools charged with the duty of holding the election on such plans and recommendations to postpone the holding of such election until on or after July 1st of the school year following such notice.

Contents of notice

3162. The said notice must contain:

(a) The time and place or places of holding the election;

(b) The hours during the day in which the polls will be open;

(c) The purpose for which the election is to be held.

Conduct of election

3163. The election shall be conducted as elections for members of governing boards of elementary school districts are conducted, except as may be otherwise provided in this chapter (commencing at Section 3001). The county superintendent of schools may divide the district or districts into election precincts for the holding of the election and shall appoint one inspector and two judges of election in each precinct. If none are appointed, or if those appointed are not present at the time for opening the polls, the registered voters present may appoint them, and they shall conduct the election. The polls shall be open at 7 o'clock a.m. and closed at 7 o'clock p.m.

Special election

3164. If the proposal for reorganization involves a question as to whether a countywide unified school district shall be established, the proposal may be submitted at a special election or at an election consolidated with a general, county or state election. If so consolidated, the polling places shall be those used in the general election.

Ballot

3165. If the recommendations of the county committee include a recommendation made pursuant to Section 3119, two forms of ballots shall be used at the election and each form shall be of a different color.

Contents of ballots

3166. The words to appear upon the ballots used for voting upon the adoption or rejection of the plans and recommendations of the county committee with respect to the unification of school districts shall be "Unification of school districts—Yes," and "Unification of school districts—No," or words of similar import. If the county committee made a proposal in accordance with Section 3129 such proposal shall be considered a part of the reorganization proposition to be voted upon and the ballot shall include wording to that effect. Suggestions made in accordance with Section 3120 shall not be considered a part of the reorganization proposition to be voted upon.

The words to appear upon the ballots used for voting upon the adoption or rejection of the plans and recommendations of the county committee made pursuant to Section 3119 with respect to the assumption of bonded indebtedness by any school district created as a result of the unification of school districts recommended by the county committee shall contain the words "Assumption of bonded indebtedness—Yes" and "Assumption of bonded indebtedness—No" or words of similar import.

Each elector voting at the election shall mark a cross with a pencil, ink, or rubber stamp after the answer he desires to give.

Canvass of votes

3167. The officers of the election in each district or portion of a district in which the election is held shall canvass the votes immediately after the closing of the polls. The canvass may be continued from day to day until completed. The provisions of the Election Code providing for absentee voting shall apply and the county superintendent of schools shall count absentee ballots on the seventh day after the election. Upon the completion of the canvass the election officers shall notify the county superintendent of schools of the votes cast for and

against the proposed unification of school districts. The county superintendent of schools, after receiving the returns from all election officers, shall tabulate them and the absentee ballots and notify the board of supervisors of the number of votes cast for, and the number of votes cast against, the unification of school districts in each elementary school district or unified school district and also the total number of votes cast for, and the total number of votes cast against, the unification of school districts.

If a majority of all the votes cast are cast in favor of the unification, the proposal carries; except, that if the voters in one (1) district, or portion of a district cast a majority of all the votes cast at the election, then, the proposal must carry by a majority in such district, or portion of a district, and, in addition, by a majority of the combined votes of all the other districts or portion of districts, as the case may be, concerned. If the majority of all votes cast in a unified district containing an incorporated city in which a high school has been maintained for 40 years or more are opposed to unification, the unified district shall not be included. If the unification carries at the election the board of supervisors of the county in which the area, or the greater part thereof, is situated, shall cause an entry of that fact to be entered in its minutes and the unification shall be deemed to be accomplished, subject to the provisions of Sections 3201 and 3202.

Favorable vote

3168. If two-thirds of all the votes cast in each district at the election on the question of the assumption of bonded indebtedness by a school district created as the result of the unification of school districts recommended by the county committee are cast in favor of the assumption of such bonded indebtedness, the district created shall be liable for the assumption of such bonded indebtedness.

Rejection of recommendations

3169. (a) If the plans and recommendations of the county committee are rejected by the voters, the county committee shall resurvey the territory in the manner hereinbefore provided and make plans and recommendations.

(b) When the new plans and recommendations are identical with those previously submitted, the augmented county committee, without resubmitting the plans to the State Board of Education, may determine that a second election shall be held thereon not later than a year from the previous election. The county superintendent of schools shall thereupon call and conduct an election as provided in this article (commencing at Section 3151).

(c) When the new plans and recommendations are not identical with those previously submitted to the State Board of Education, or when they are identical but the augmented county committee does not make the determination provided in subsection (b) of this section, the county committee shall transmit the new plans and recommendations to the State Board of Education. If the State Board of Education approves the new plans and recommendations, the county superintendent

of schools shall thereupon call and conduct the election as provided in this article (commencing at Section 3151).

Article 5. Effective Date of Reorganization

Unification's effective date

3201. (a) The unification of school districts under this chapter before February 1st of any school year shall become effective on the next succeeding first day of July, except as herein otherwise provided.

(b) The unification of school districts under this chapter (commencing at Section 3001) on or after February 1st of any school year shall become effective on the second succeeding first day of July, except as herein otherwise provided.

Bond assumption's effective date

3202. If a proposal for the assumption of bonded indebtedness is approved by the voters the assumption shall become effective on the same date as the unification of the school districts becomes effective as provided in Section 3201.

Article 6. Governing Boards

Governing board

3251. A unified school district formed pursuant to this chapter (commencing at Section 3001), whether prior or subsequent to October 1, 1949, shall have a governing board of five (5) members, elected at large to serve for four (4) years, except that:

(a) In the event seven (7) trustee areas are established in a unified district, the governing board shall have seven (7) members elected at large to serve for four (4) years;

(b) In a unified school district which includes a chartered city, the governing board of the district shall be the board of education of such city or city and county; provided, that all qualified electors residing within the unified school district are eligible to vote at all elections held for the election of members of the city board of education and any elector residing in the district, or in a trustee area if the district is divided into trustee areas, is eligible to serve as a member of said board;

(c) In the event a unified district includes a chartered city and the charter does not provide for a method of selecting the governing board of education of the city or the charter provides that this code shall apply, the governing board of the unified district shall be elected at large and any elector residing in the district, or in a trustee area if the district is divided into trustee areas, is eligible to serve as a member of the board.

Board of trustees when district and county boundaries coterminous

3252. Notwithstanding the provisions of this article (commencing at Section 3251), any unified school district which before July 1, 1955, became coterminous with the boundaries of a county shall be governed by an elective board of trustees. The board shall consist of one member from each supervisorial district in the county.

Same: Appointment

3253. When a unified school district coterminous with the boundaries of a county is formed before July 1, 1955, the county superintendent of schools shall appoint a board of

school trustees of five members for it, one from each supervisorial district. The three members appointed from the odd-numbered districts shall hold office until the election of their successors.

At the first election for members of the board, which shall be held at the next general election, there shall be three trustees elected by the electors of the county at large, one of whom shall be a resident of each odd-numbered supervisorial district, whose terms shall begin at noon on the first Monday after the first day of January following the election, and they shall hold office for four years, or until their successors are qualified. Two years after the first election the remaining trustees shall be elected by the electors of the county at large, one trustee from each of the even-numbered supervisorial districts, each trustee being a resident of the district he represents. Their terms of office shall begin at noon on the first Monday after the first day of January following their election, and they shall hold office for four years, or until their successors are qualified. Four years from the date of each of these elections, and in a similar manner subsequently, there shall be elected in a like manner a sufficient number of trustees to replace those trustees whose terms expire the following January.

Each election provided for in this section shall be consolidated with the general election held within the county on the same date. Only one form of ballot shall be used and the returns shall be canvassed by the board of supervisors. The expenses of the election shall be borne by the county.

Qualification of member

3254. No member of the governing board of any component district of a unified school district shall be a member of the governing board of the unified school district unless elected thereto.

Election

3255. Upon the formation of a unified school district, the county superintendent of schools having jurisdiction shall call and set the date for an election for the purpose of electing the governing board of the district. Such call shall be issued not later than the fourth Friday of January next succeeding the formation of the district. The election shall be called, held and conducted as are elections for members of governing boards of elementary school districts.

First board

3256. The first members of the governing board of a unified school district shall take office on the first day of the second month following their election.

Term of office

3257. The term of office of the members of the governing board of a unified school district elected subsequent to the election of the first members of the board shall begin on the first day of July next following their election.

Organization of board

3258. At the initial meeeting of the governing board of a newly formed unified school district it shall elect one of its members as chairman, and shall designate a temporary secretary.

When the number on the governing board is five (5) the term of office of each member of the first governing board shall be determined by lot. The term of one member shall expire on June 30th of the year following his election; the term of one member shall expire on June 30th of the second year following his election; and the term of one member shall expire on June 30th of the third year following his election, and the terms of two members shall expire on June 30th of the fourth year following their election.

In the event that provision is made for a governing board of seven (7) members in accordance with Section 3251, the governing board shall determine by lot the term of office of each member of the first governing board. The term of one member shall expire on June 30th of the year following his election, the terms of two members shall expire on June 30th of the second year following their election, the terms of two members shall expire on June 30th of the third year following their election, and the terms of two members shall expire on June 30th of the fourth year following their election.

Election of board of education

3259. If a unified district governed by a board of education of five members includes a chartered city, the charter of which provides for a board of education, the members of which are to be elected pursuant to this code and to hold office for the terms provided by this code, and three members of such board of education were elected to hold office for a term expiring during the school year commencing on the date the district was formed for all purposes, the office of three members of the board of education shall be filled at the first election of governing board members following such date of formation for all purposes.

The term of office of such three members shall be determined by lot. The term of one member shall expire on June 30th of the year following his election; the term of one member shall expire on June 30th of the third year following his election; and the term of one member shall expire on June 30th of the fourth year following his election. The persons elected to succeed such three members shall hold office for four years.

Vacancies

3260. Any vacancy on the governing board of a unified school district shall be filled by appointments by the remaining members of the board for the remainder of the unexpired term. If the remaining members of the board fail to agree, the county superintendent of schools shall appoint a person to fill the vacancy for the remainder of the unexpired term.

Recall

3261. Except in unified school districts which include a city or city and county, the charter of which provides for the recall of members of the governing board, any member of any unified school district governing board may be recalled in the manner provided in Sections 935 to 974, inclusive, of this division for elementary school district governing board members

Article 7. Powers and Duties of Governing Board of Unified School Districts

Superintendent of schools

3301. (a) The members of the governing board of each unified school district shall elect a superintendent of schools, for a term of four years, who shall be executive officer and secretary of said governing board. Where the entire area of a county is included within one unified school district or where the entire area of a county is included within one unified school district except for such portions of the county as are included in a school district which is under the jurisdiction of the county superintendent of schools of another county, the county superintendent of schools may be employed as the superintendent of schools of the unified school district; provided, he is the holder of a certification document authorizing him to perform such services. If a county superintendent of schools is employed as the superintendent of schools of a unified school district, he may be paid such salary, in addition to that provided by law for his office of county superintendent of schools, as he and the governing board of the unified school district may agree upon.

(b) Any county superintendent of schools who is employed as a district superintendent of a unified school district on the effective date of this section, may continue to perform such services without possessing the certification document otherwise required as long as he remains continuously employed or re-employed in his position.

Name of district

3302. The governing board of any school district unified under this act shall choose an official name for said district, in which name the said district may sue and be sued, and hold and convey property. The name shall be in the following style: "(Using the name of the district) Unified School District."

Governing board of unified district

3303. The governing board of each unified school district shall have the same powers and duties as are by law granted to governing boards of elementary school districts, high school districts and junior college districts.

Discontinuance of elementary school

3304. The governing board of a unified school district established under this chapter (commencing at Section 3001) may discontinue an elementary school by order or resolution unless within 30 days of such order or resolution a petition is filed with the governing board requesting the continuance of the school signed by at least one-third of the parents or guardians of children who have not reached their fourteenth birthday, including children of preschool age, at the time of the petition. The parents or guardians eligible to sign such petitions shall be residents within the boundaries of the component elementary school district which maintained the school prior to the establishment of the unified school district and shall be qualified electors within such district at the time the petition

is filed. If a school is discontinued as herein provided, the governing board of the unified school district may maintain the building for community and civic center and other lawful purposes.

Article 8. Property, Funds and Obligations

Existing bonded indebtedness

3351. The bonded indebtedness of any district included as a whole in a unified school district outstanding at the time of unification shall except as otherwise provided in this chapter (commencing at Section 3001) remain an obligation of the district so included.

Liability for bonded indebtedness

3352. In each unified school district, each district included in whole in a unified school district formed under this chapter (commencing at Section 3001) shall be continued in existence, notwithstanding any provision of law to the contrary, for the purpose of retaining liability for the bonded indebtedness of such district.

Assets

3353. Except as provided in Section 3354 all property, funds, and obligations of a component district included in whole in a unified school district, other than the bonded indebtedness thereof as provided in this article (commencing at Section 3351), and other than funds derived from the sale of bonds issued by the component district, shall become the property, funds, and obligations of the unified school district. Any funds derived from such bonds issued by the component district shall be expended by the governing board of the unified district either for the retirement of said bonds or for the acquisition of school property only in the area comprising said component district.

Charge for use of real property

3354. Any unified or otherwise reorganized district which includes at the time of unification or other reorganization any component district or districts having any outstanding bonded indebtedness shall pay, in accord with proposals made under Sections 3121 and 3122, for the use of the school property of such district acquired or constructed from the proceeds of its own bonds, an annual charge to the account of such component district or districts, to be administered as a trust fund by or under the direction of the county superintendent of schools The annual charge shall be equal to the annual amount required for the interest and redemption of such bonds. The county superintendent of schools is authorized to apply the annual charge to the interest and bond redemption of the component district, or to use it for any other lawful purpose for the use and benefit of the area comprising the component district. Any unified or otherwise reorganized district acquiring the use of school property under the provisions of this section shall fully maintain and keep in repair such property during the period of the use thereof by the unified district and the cost of such maintenance shall be a

lawful charge against the funds of the unified district. Any school property acquired or constructed by any component district as a result of the sale of its own bonds shall remain the property of such component district until such time as the bonds are retired.

Same Inclusion in annual budget

3355. The governing board of any unified school district shall include in its annual budget an amount equal to the annual charge provided in Section 3354; provided, however, that if the governing board of the district fails to include such annual charge in its budget, it shall be the duty of the county superintendent of schools to add it to the budget submitted by the governing board.

Same Inclusion in tax

3356. The board of supervisors of any county shall include in the annual tax to be levied upon the assessed valuation of any unified district a tax sufficient to provide for any annual charge required under Section 3354. Such tax may be at a rate over and above the maximum rate provided in Section 20751; provided, that during the period that such annual charge is in effect, the board of supervisors need not levy a tax on the assessed valuation of the component district for interest and bond redemption of such component district, so long as the amount of the annual charge upon the unified district is sufficient for and is actually used for such interest and bond redemption of such component district.

Same Continuance

3357. The annual charge provided in Section 3354 shall continue for the entire period during which any bonded indebtedness is outstanding against any component district or districts; provided, that upon the retirement of the entire bonded indebtedness of such component district or districts such charge shall cease to accrue, and the school property of such component district or districts shall become the property of the unified district.

Charge for use of school property

3358. Notwithstanding any provision of law to the contrary, where any unified or otherwise reorganized district located entirely within one county which was unified or otherwise reorganized between January 1, 1950, and January 1, 1952, which included at the time of unification or other reorganization any component district or districts having any outstanding bonded indebtedness, and no proposals were made under Sections 3121 and 3122 for the use of the school property of such component district or districts, the board of supervisors of the county may, within sixty (60) days after July 1, 1953, fix and determine the amount of the annual charge for the use of the school property of such component district or districts acquired or constructed from the proceeds of the bonds of such component district or districts. Such annual charge shall be in the amount and subject to the terms, provisions and conditions of Sections 3354, 3355, 3356, and 3357.

Funds and obligations

3359. When all or a portion of the territory of any district is divided between two (2) or more unified school districts or

between one or more unified school districts and any other type of district, all funds and obligations of the district shall be divided among the affected school districts in the same proportion as the ratio of the assessed valuation of the territory included in an affected school district bears to the total assessed valuation of the district which is being divided, except as otherwise provided in this section.

In making a division of the funds and obligations of a district pursuant to this section, unsecured property taxes levied for the fiscal year commencing on the date when reorganization or unification becomes effective for all purposes but which are due and payable upon the first Monday in March preceding such date shall be distributed to the affected districts in which such taxes are collected as the districts exist on and after the date when the reorganization or unification becomes effective for all purposes.

Requisition for division of funds

3360. During the first fiscal year of the existence of a newly formed unified school district, including districts which became effective for all purposes on July 1, 1953, under the provisions of this chapter (commencing at Section 3001) the county superintendent of schools having jurisdiction over the districts affected shall draw his requisition upon the county auditor to the credit of the districts affected in the amounts necessary to accomplish the division of funds required by, as the case may be, Section 3124 or 3359.

Continuance of special tax

3361. In the event a recommendation is made for the unification of an area which is coterminous with a union high school district, or a city high school district, and if the voters of the high school district at an election prior to reorganization had voted a special tax for a specified period of years, the tax shall, if the unified district is subsequently established by the voters, be continued at the option of the governing board of the newly formed unified school district for only those purposes for which the tax was originally voted and for a period not to exceed the number of years for which the tax was previously authorized.

Continuance of tax rate in excess of maximum

3362. In the event a recommendation is made for the unification of an area which is coterminous with an elementary school district and if the voters of the elementary school district at an election prior to the reorganization had voted a district tax rate in excess of the maximum tax rate prescribed by Section 20751, the tax shall, if the unified district is subsequently established by the voters, be continued at the option of the governing board of the newly formed unified school district for a period not to exceed the remaining number of years for which the tax was previously authorized. This section shall apply to unified districts in existence for all purposes on and after July 1, 1954.

Petition

3363. At any time following the formation of a unified school district any portion of the unified school district may be transferred to a contiguous unified school district, as herein

provided. A petition of 25 percent of the electors of the unified school district in which the territory proposed to be transferred is located shall be filed with the State Board of Education, giving a description of the territory and the reasons for its transfer to another unified school district. If the Superintendent of Public Instruction recommends, and the State Board of Education approves, the proposed transfer, the State Superintendent of Public Instruction shall so notify the county superintendent of schools in the county having jurisdiction over the unified school district from which it is proposed to transfer the territory.

The county superintendent of schools within 30 days after receiving such notice shall call an election in the unified school district from which the territory is to be transferred. The election shall be called, held and conducted as are elections for the election of members of governing boards of elementary school districts except that the ballots shall contain the words "For Transfer—Yes," and "For Transfer—No." The voters shall mark a cross with pencil, ink or rubber stamp after the answer they desire to give.

Article 9. Employees

Formation of unified district

3401. The formation of a unified school district shall be deemed a unification of school districts within the meaning of Education Code Sections 13321 and 13322 of this code.

Continuance of employment

3402. Any principal, supervisor, or district superintendent, in any school district, which district is included in whole in a unified school district, shall continue as an employee of the unified school district under the terms of his then current contract; providing that the term of such employment shall not be less than two years; and provided also, that the governing board of the unified school district may make any reasonable reassignment of his duties.

If all of the territory of any school district becomes part of two or more unified districts and the inclusion in the two or more unified districts of the several portions of territory comprising the whole of such district is effective for all purposes upon the same date, any principal shall continue as an employee of the unified district in which the school to which he was assigned is included, and any supervisor or district superintendent shall continue as an employee of one of the unified districts in which a portion of the former district is included, at the election of such supervisor or superintendent. Continued employment shall be under the terms of the employee's current contract; providing that the term of such employment shall not be less than two years; and provided also, that the governing board of the unified school district may make any reasonable reassignment of his duties.

Same

3403. Persons employed in component districts in positions not requiring certification qualifications shall continue as

employees of the unified school district for not less than one year, providing that the governing board of the unified school district may make any reasonable reassignment of their duties.

Adoption of merit system for reorganized district

3404. If a component district, or districts, representing the majority of registered voters within a district as reorganized under this chapter (commencing at Section 3001), has, or have, previously adopted the merit system, all noncertificated employees of said school district shall be employed in accordance with Sections 13701 to 13756, inclusive, and the merit system of the component district having the greatest number of registered voters at the time of the election for unification or other reorganization shall become the merit system for the reorganized district and the personnel of all component districts shall become the personnel of the reorganized district, retaining all rights and privileges as if they had been employed under the provisions of Sections 13701 to 13756, inclusive, with seniority commencing as of the date of original employment in the component district, except that where there are more than a sufficient number of employees for a given classification under provisions of Sections 13701 to 13756, inclusive, the excess personnel of the reorganized district shall be placed upon appropriate re-employment lists for three years and may accept positions of lower rank in their line of promotion in the order of seniority as established by this section in accordance with rules drawn in compliance with the provisions of Sections 13701 to 13756, inclusive.

In the event a component district, or districts, representing less than a majority of the registered voters within a reorganized school district has, or have, previously adopted the merit system for noncertificated employees, the governing board of the reorganized school district shall either adopt the merit system for the reorganized school district, or it shall cause to be placed on the ballot at the first school election following the reorganization of the district, a measure to adopt the merit system for the reorganized district. A majority of the votes cast shall be required to adopt the merit system. Until such election is held, the merit system shall continue in force for the affected employees, and the cost thereof shall be borne by the reorganized district.

Article 10. Applicable Provisions of Law

Applicability

3451. All provisions of Sections 1481 to 1493, inclusive, Sections 2811 to 2931, inclusive, and Sections 813, 13005, 13554, and 21802 not in conflict with, or inconsistent with provisions of this chapter (commencing at Section 3001) are hereby made a part of this chapter (commencing at Section 3001) with the same force and effect as though set forth in this chapter (commencing at Section 3001) as a part hereof.

PART 2. THE EDUCATIONAL PROGRAM AND PERSONNEL

DIVISION 6. THE SYSTEM OF PUBLIC INSTRUCTION

CHAPTER 1. GENERAL PROVISIONS

5001. The public schools other than those supported exclusively by the State, are day and evening elementary, and day and evening secondary schools. Types of schools

CHAPTER 2. SCHOOL TERMS

Article 1. Generally

5101. The school year begins on the first day of July and ends on the last day of June. "School year"

5102. A school month is 20 days or four weeks of five days each, including legal holidays; provided, however, that for the purposes of counting attendance only in providing for a school calendar the Christmas vacation period, or any portion thereof, may be excluded by the school district in the definition of a school month. "School month"

5103. Except where a school has been closed by order of a city or a county board of health, or of the State Board of Health, on account of contagious disease, or where the school has been closed on account of fire, flood, or other public disaster, the governing board of any school district shall maintain all of the elementary day schools established by it for an equal length of time during the school year, all of the day high schools established by it for an equal length of time during the school year and all of the day junior colleges established by it for an equal length of time during the school year. Equality of term lengths

5104. When it is necessary for the convenience of the residents of any district that the school be maintained a part of the year in one portion of the district, and a part of the year in another portion of the district, the aggregate of the time the school is maintained in the different portions of the district shall be the time for which a school has been maintained in the district during a school year. Maintenance in different locations

Article 2. Closing of Schools and Postponement of Openings

5151. During the continuance of a state of war between the United States and any foreign power, the Superintendent of Public Instruction, with the approval of the Governor, may, whenever in his opinion it is necessary for the planting or harvesting of crops or for other agricultural or horticultural purposes and is for the welfare of the State, make an order closing, for such time as may be specified, any or all State of war

educational institutions supported wholly or in part by the State, or any grade or class thereof, and may, in like manner, by similar order, postpone the opening of any or all such educational institutions, or any grade or class thereof, during the continuance of a state of war.

Minimum term

5152. The annual school term shall not be reduced to less than six months pursuant to this article (commencing at Section 5151).

Teachers' salaries

5153. Whenever any educational institution is closed, or the opening is delayed pursuant to this article (commencing at Section 5151), the salary of any teacher regularly employed shall be paid according to any written contract between the governing board of the educational institution and the teacher, or, if there is no written contract, according to any salary schedule adopted by the board. If there is neither contract nor salary schedule, the total salary paid for any school year in which the order closing or postponing the opening of schools is made shall not be less than the salary paid by the governing board of the educational institution for similar services during the preceding school year.

Application of order

5154. An order issued under this article (commencing at Section 5151) may be made applicable to any district, city, city and county, county or any group thereof, as the Superintendent of Public Instruction may determine and specify, and may be altered, amended, or rescinded from time to time.

Apportionment of funds

5155. Nothing contained in this article (commencing at Section 5151) shall in any manner affect the amount of money apportioned to any school district during any school year.

Article 3. Holidays and Observances

School holidays

5201. Except as otherwise provided the public schools shall continue in session or close on holidays as follows:

(a) The public schools shall close on Saturday, Sunday, January 1st, February 12th, February 22d, May 30th, July 4th, September 9th, November 11th, and December 25th.

(b) The Governor in appointing any other day for a public fast, thanksgiving, or holiday may provide whether the public schools shall close on the day. If the Governor does not provide whether the public schools shall close, they shall continue in session on all special or limited holidays appointed by the Governor, but shall close on all other days appointed by the Governor for a public fast, thanksgiving, or holiday.

(c) The public schools shall close on every day appointed by the President as a public fast, thanksgiving, or holiday, unless it is a special or limited holiday.

(d) The public schools shall continue in session on all legal holidays other than those designated by or pursuant to this section and shall hold proper exercises commemorating the day.

(e) When any of the holidays on which the schools would be closed fall on Sunday, the public schools shall close on the Monday following.

Power of governing board

5202. Notwithstanding any other provision of Sections 5201 to 5210, inclusive, and Sections 5713, 5901 and 6362, the governing board of any school district may declare a holiday in the public schools under its jurisdiction when good reason exists.

Lincoln and Washington birthday exercises

5203. All public schools throughout the State shall, on the school day next preceding February 12th and February 22d, hold the customary exercises in memory of Abraham Lincoln and George Washington, respectively.

Anniversary of Constitution's adoption

5204. All public schools and educational institutions shall include in the school work on or near the anniversary of the adoption of the Constitution of the United States exercises and instruction for pupils suitable to their ages in the purpose, meaning, and importance of the Constitution of the United States, including the Bill of Rights.

Conservation, Bird and Arbor Day

5205. March 7th of each year, the anniversary of the birthday of Luther Burbank, is set apart and designated Conservation, Bird, and Arbor Day.

All public schools and educational institutions shall observe Conservation, Bird, and Arbor Day not as a holiday, but by including in the school work of the day, suitable exercises having for their object instruction as to the economic value of birds and trees, and the promotion of a spirit of protection toward them, and as to the economic value of natural resources, and the desirability of their conservation.

Susan B Anthony Day

5206. February 15th of each year, the anniversary of the birthday of Susan B. Anthony, is designated and set apart as Susan B. Anthony Day.

All public schools and educational institutions shall observe this day with suitable exercises, directing attention to the development of the political and economic status of women in the United States, through the efforts of Susan B. Anthony.

Saturday classes

5207. The governing board of any school district authorized or required to maintain continuation education classes may maintain such classes on Saturday.

Automobile driver training classes

5208. The governing board of any school district authorized to maintain automobile driver training classes may maintain such classes on Saturday, and during summer vacation when schools are not in session.

Harvesting by students

5209. During any national emergency declared by the President of the United States of America, or during any war in which the United States of America is engaged, upon a finding by the California Department of Employment that spoilage of a perishable crop will result because of a critical shortage of farm labor the governing board of a school district in which such crop is located may maintain the schools of the district on Saturdays, the first day of January, the twelfth day of February, the twenty-second day of February, the thirtieth day of May, and the eleventh day of November, in

order to make pupils of the district available for the harvesting of crops without undue reduction in the number of days the schools of the district are maintained.

Nothing in this section shall permit or allow any student under the age of fourteen (14) to harvest such crops nor shall any student be permitted or allowed to use or to be in a position to use any dangerous equipment.

Maintenance of schools and classes

5210. Whenever climatic conditions of a school district are such as to render it necessary that the schools be closed as early in the year as possible or opened as late in the year as possible, the governing board of the school district may maintain schools and classes on any days other than Saturday, Sunday, the twenty-fifth day of December, the first day of January, the fourth day of July, and any day appointed by the President or the Governor for a public thanksgiving.

When classes are maintained on holidays pursuant to this section, proper exercises shall be held commemorating the day.

CHAPTER 3. KINDERGARTENS

Establishment, etc., of kindergartens

5251. The governing board of any school district shall establish and maintain a kindergarten upon petition of the parents or guardians of 25 or more children who will be between the ages of four years and nine months and six years on the next September 1st following the signing of the petition, and who reside within the district.

The governing board of any school district may, with the approval of the county superintendent of schools and county board of education having jurisdiction over the district, establish and maintain a kindergarten.

Time of establishment

5252. The order of the board establishing a kindergarten shall be made only between the first day of June and the first day of August in any year.

Number

5253. After the first year in which any kindergarten has been established and maintained, the number of kindergartens which shall be maintained in any city, city and county, or school district, during any particular school year, shall be determined by the governing body of the schools of the city, city and county, or school district.

Minimum age of admission

5254. A child shall be admitted to a kindergarten in any term during the first school month of the term, if he is of the age prescribed. For good cause the governing board of a school district may permit a child of proper age to be admitted to a class after the first school month of the school term.

If there is but one term during the school year, the child shall be four years and nine months of age on or before September 1st of the current school year. If there are two terms maintained during the school year the child shall be four years and nine months of age on or before September 1st, of the current school year, before he may be admitted in the first term of the school year, or four years and nine months of age

on or before February 1st of the current school year, before he may be admitted in the second term in any school year.

5255. The reports for the kindergarten classes shall be kept and made separate from other school reports. Reports

5256. If the average daily attendance in any kindergarten in any school district is 10 or less for the school year, the governing body of the school district shall, at the close of the school year, either discontinue the kindergarten or combine the kindergarten with the first grade of an elementary school of the district. In the latter event, the attendance of the children enrolled in the kindergarten shall be counted as attendance upon a kindergarten. Discontinuance

5257. If the minimum age fixed by Section 5254 at which children may be admitted to kindergarten is increased, the provisions of Section 5256 shall not apply to any kindergarten the average daily attendance of which for the first school year in which such increase becomes effective is 10 or less, and the governing board of the district maintaining the kindergarten may, in its discretion, continue to maintain the kindergarten in the following school year, without combining it with the first grade. Increase of minimum age

5258. The governing board of any elementary or unified school district maintaining a kindergarten may combine the kindergarten with the first grade maintained by the district. The minimum school day for pupils of a kindergarten which is combined with a first grade is 130 minutes, inclusive of recesses, and the attendance of the children enrolled in the kindergarten shall be counted as attendance upon a kindergarten. The minimum school day for pupils of the first grade which is combined pursuant to this section is 200 minutes, exclusive of noon intermissions and recesses, and the attendance of the children enrolled in the first grade shall be counted as attendance upon the first grade. Combining kindergarten and first grade

No teacher shall teach more than one such combined class in any single school day.

5259. If a city, city and county, or school district maintains but one kindergarten, and the kindergarten is discontinued, the funds of the kindergarten shall immediately revert to the elementary schools of the city, city and county, or school district in which the kindergarten is located. Reversion of funds

5260. If any city, city and county, or school district maintains two or more kindergartens the property and funds of the kindergarten which is discontinued shall revert to the kindergarten or kindergartens which are still in operation in the city, city and county, or school district. Same

Chapter 4. Elementary Schools

Article 1. Admission

5301. A child shall be admitted to the first grade of an elementary school during the first month of any school term if Minimum age of admission

he is of the age prescribed in this section. For good cause, the governing board of a school district may permit a child of proper age to be admitted to a class after the first school month of the school term.

If there is but one term during the school year, the child shall be five years and nine months of age on or before September 1st, of the current school year. If there are two terms maintained during the school year, the child shall be five years and nine months of age on or before September 1st, of the current school year, before he may be admitted in the first term of the school year, or five years and nine months of age on or before February 1st, of the current school year, before he may be admitted in the second term of any school year.

Admission to first grade

5302. A child who has been lawfully admitted to the public school kindergarten in California and who has completed one year therein shall be admitted to the first grade of an elementary school regardless of age.

Newly formed district

5303. The children residing in any newly formed district, in any district whose boundaries have been changed, or in any joint district, may attend the school in the district or districts from which the newly formed district was constituted, until the first day of July next succeeding the formation or change.

Adults

5304. The day elementary schools of each school district may be open for the admission of adults if the governing body of the district deems the admission advisable.

Article 2. Graduation

Diplomas

5351. County boards of education may provide for the conferring of diplomas of graduation, by examination, and may issue diplomas of graduation from the elementary schools of the county and from special day and evening classes of elementary grade maintained by a district of any type or class, excepting schools or classes maintained by a district governed by a city board of education or by a board composed, by law, of the members of a city board of education.

Accredited schools

5352. Nothing in this article (commencing at Section 5351) shall be construed as prohibiting the county board of education from issuing diplomas of graduation without examination to the pupils in any school which has been accredited by the county board of education.

Completion of prescribed course of study

5353. The diplomas of graduation from elementary schools shall be conferred only upon the pupils who have completed the course of study prescribed by the county board of education.

Blanks

5354. All diplomas granted by the county board of education shall be on blanks furnished by the Superintendent of Public Instruction, and shall be signed by the president and secretary of the board.

Article 3. Postgraduate Courses

5401. The county board of education, upon request of the board of trustees of any elementary school district, not included in any city, district, union, or joint union high school district, and when the request has been approved by the county superintendent of schools, shall prescribe for the elementary school district, a postgraduate course of study requiring one or two years for completion, as may be desired by the board of trustees. Prescribed course of study

5402. An elementary school district located within a union, joint union, or county high school district may, with the approval of the principal of the high school of the district involved, establish and maintain a postgraduate course of study pursuant to Section 5401. Same

5403. Postgraduate courses of study shall be open to students who have graduated from the elementary schools or who may be admitted upon examination by the principal of the school offering the postgraduate course. Qualifications of students

5404. No student who has not graduated from the elementary schools shall be admitted, except upon the approval of the county superintendent of schools. Approval of county superintendent

5405. Whenever a student, enrolled in a postgraduate elementary school course, ceases to attend school, the principal of the school shall, upon request, give to the pupil a written statement showing the subjects studied, the time devoted to each subject and the standing obtained in each subject. Statement of subjects and standing

5406. Whenever a student has successfully completed a postgraduate elementary school course embracing two years, the county board of education shall issue to him a postgraduate elementary school diploma. Diploma

5407. County boards of education may determine whether the student is entitled to the postgraduate elementary school diploma, by a written examination or otherwise Examination

Article 4. Contracts With State Colleges

5451. The governing board of any elementary school district within which a state college is located may contract with the state college for the education by the state college of pupils eligible to attend school in the elementary school district. The pupils educated by the state college under the contract may be housed on the campus of the state college or in a building of the school district. Education by state colleges

Article 5. High School Courses in Elementary Schools

5501. The board of school trustees of any elementary school district not included in any high school district, the school of which is situated more than 10 miles from any high school by the nearest traveled road, may, with the approval of the county superintendent of schools, ask the county board Application

of education to outline a course of study to include subjects usually taught in the first and second years of the high school.

Outline of courses

5502. The county board of education on receiving the application shall outline for the elementary district a course of study for pupils who are entitled to attend a high school, to include the first and second years of the regular high school work.

Notification

5503. The secretary of the county board of education shall notify the board of school trustees applying for permission to teach high school subjects that permission has been granted

Teachers

5504 When the course of study is established it shall be taught only by a teacher holding a full high school certificate.

CHAPTER 5. SECONDARY SCHOOLS

Article 1. General Provisions

Establishment and maintenance

5551. Secondary schools may be established and maintained pursuant to this code

Definition

5552 The secondary schools of the State are designated as high schools, technical schools, and junior colleges.

Designation of high schools

5553 The high schools of the State are designated as four-year high schools, junior high schools, senior high schools, continuation high schools, and evening high schools.

Summer school

5554. The governing board of a district maintaining one or more high schools may maintain a summer school at any of such high schools during the period between the close of one academic year and the beginning of the succeeding academic year in accordance with rules and regulations of the State Board of Education and with the prior written approval of the Superintendent of Public Instruction.

The term "academic year" as used in this section means that portion of the school year during which the regular day high school is maintained, which period must include not less than the number of days of teaching required to entitle the district to apportionments of state funds.

Adult evening classes

5555. Evening high schools and evening junior colleges shall consist of classes for adults.

Article 2. Junior High Schools

Establishment in cities

5601. In any high school district governed by a city or a city and county board of education, one or more junior high schools may be established at any time by resolution of the board.

Establishment in districts

5602 The governing board of a county, a union, or joint union high school district may establish a junior high school or a system of junior high schools only when a majority of the boards of trustees of the elementary school districts comprising the high school district approve the organization of the course in writing, and file a statement of approval with the high school board, or, when at an election called for that

purpose in the same manner as the election for the formation of the high school district, a majority of the qualified electors voting thereat vote in favor of the junior high school. The ballots used at the election shall contain the words "Junior High School—Yes" and "Junior High School—No." The result of the election shall be determined and certified to the superintendent of schools as provided in case of the election for the formation of the district.

Election

5603. The governing board of any high school district comprising a single elementary school district and not governed by a city or city and county board of education may establish a junior high school or junior high schools when at an election called for that purpose in the same manner as the election for the formation of the high school district, a majority of the qualified electors voting thereat vote in favor thereof. The ballots used at the election shall contain the words "Junior High School—Yes" and "Junior High School—No." The result of the election shall be determined and certified to the superintendent of schools as provided in the case of the election for the formation of the district.

Qualifications of pupils

5604. All minors who have completed the work of the sixth grade and such other minors as are, in the judgment of the principal of the junior high school and of the superintendent having immediate jurisdiction thereof, capable of doing the required work, may be admitted to a junior high school.

Tuition for junior high schools

5605. The governing board of any elementary school district situated within a high school district maintaining a junior high school shall permit pupils who have completed the sixth year of the elementary school to attend the junior high school and shall pay to the high school district for the education of the pupils a tuition charge determined pursuant to this section. The amount of the tuition charge shall be the amount fixed in an agreement entered into by the governing board of the elementary district and the governing board of the high school district. The governing boards are hereby authorized to enter into such an agreement. If the governing boards fail to enter such an agreement, the amount of the tuition charge shall be fixed by the county board of education. In either event, the tuition charge shall not be less than the average net cost of educating pupils in the first six grades of the elementary schools of the elementary school district, less the amount of any apportionments withheld from the said elementary school district and added to said high school district pursuant to Section 17411 or Section 17411.1, whichever is in effect, nor more than the actual net cost to the high school district of educating such pupils, less the amount of any apportionments withheld from said elementary school district and added to said high school district pursuant to Section 17411 or Section 17411.1, whichever is in effect. On or before January 1st of each fiscal year, the county superintendent of schools shall draw his warrant in favor of the high school district against the general fund of the elementary school district in the

amount of the tuition charge due to the high school district for the attendance of pupils at the junior high school during the preceding fiscal year. The amount of the warrant shall be credited to the general fund of the high school district.

Same

5606. If the tuition is not fixed before the time fixed for the county superintendent of schools to submit the budgets of the districts to the board of supervisors, the county superintendent shall fix the amount of the tuition and shall incorporate the amount in the budgets of the districts concerned.

Failure to pay tuition

5607. If the trustees in any school district fail to draw warrants for tuition due to a high school district, the county superintendent of schools shall draw his warrant therefor.

Termination of payments

5608. The tuition charge shall cease to be paid after the pupil has completed two years of work in the junior high school.

Attendance records

5609. The average daily attendance of all pupils from a district paying the tuition provided for, enrolled in the first two years of the junior high school, shall be kept separate and shall be credited to the elementary school district in which the pupils reside.

Permission to attend in another district

5610. The governing board of any elementary school district not situated in a high school district maintaining a junior high school may permit pupils of their district who have completed the sixth year of the elementary school to attend any junior high school in any district, and shall pay to the district for the education of the pupils by order of the county superintendent of schools, a tuition charge which shall be agreed upon by the governing board of the elementary school district and the governing board of the district maintaining the junior high school.

Tuition

5611. The board of school trustees shall not pay a tuition charge greater than the average net cost per pupil for educating pupils in the junior high schools of the district of attendance, as ascertained by the county superintendent of schools, less the amount of any apportionments withheld from said elementary school district and added to said high school district pursuant to Section 17411 or Section 17411.1, whichever is in effect, and the tuition charge shall cease to be paid after the pupil has completed two years of work in the junior high school.

Attendance records

5612. The average daily attendance of all pupils from a district paying the tuition provided for, enrolled in the first two years of the junior high school, shall be kept separate and shall be credited to the elementary school district in which the pupils reside.

Lapsation

5613. Whenever the average daily attendance of pupils enrolled in the first two years of the junior high school of a district is less than 25 for any school year, the junior high school shall lapse.

Discontinuance

5614. Any junior high school or system of junior high schools maintained by the governing board of a county, union,

or joint union high school district may be discontinued pursuant to Sections 5614 to 5623, inclusive.

Resolution

5615. Whenever the governing board of the high school district deems it for the best interest of the district to discontinue the maintenance of junior high schools it may adopt a resolution reciting such fact and proposing the discontinuance of the junior high school or system of junior high schools in the high school district.

Same: Forwarding copy

5616. A copy of the resolution shall be forwarded to the governing board of each of the elementary school districts comprising the high school district and to the county superintendent of schools of the county having jurisdiction of the high school district.

Approval

5617. If each of the governing boards of the elementary school districts comprising the high school district adopt a resolution approving the proposal of the high school district to discontinue the junior high school or system of junior high schools and forward a copy of the resolution to the governing board of the high school district and to the county superintendent of schools having jurisdiction of the high school district, the maintenance of the junior high school or system of junior high schools by the governing board of the high school district shall be discontinued as provided in Sections 5614 to 5623, inclusive.

Completion date

5618. Any action undertaken to discontinue the maintenance of a junior high school or system of junior high schools shall be complete prior to the first day of June of the school year in which the action was begun and shall be effective on the first day of July next succeeding.

Education of eighth grade pupils

5619. During the first school year succeeding the discontinuance of a junior high school or system of junior high schools in any high school district, the pupils of the eighth grade residing in any elementary school district situated in such high school district shall be educated by the high school district pursuant to an agreement entered into between the governing boards of the school districts concerned stipulating the terms upon which the interdistrict attendance shall be permitted, or upon order of the county board of education prescribing the terms upon which such pupils shall be educated by the high school district.

Cost

5620. The governing board of the elementary school district shall not pay, or be required to pay, to the high school district for the education of the eighth grade pupils under Sections 5614 to 5623, inclusive, an amount in excess of the actual net cost to the high school district of educating such pupils but such amount shall not be less than the average net cost of educating pupils in the first seven grades of the elementary schools of the elementary school district.

Warrants for cost

5621. If the governing board of any elementary school district fails to draw warrants for the amount agreed upon for the education of the eighth grade pupils, or the amount

ordered paid by the county board of education, the county superintendent of schools shall draw his warrant therefor.

Average daily attendance

5622. The average daily attendance of all eighth grade pupils educated by a high school district pursuant to Sections 5614 to 5623, inclusive, shall be kept separate and credited to the elementary school district in which the pupils reside.

Exception

5623. Sections 5614 to 5623, inclusive, shall not apply to any high school district which has received an apportionment of funds pursuant to the provisions of Sections 19401 to 19486, inclusive, or Sections 19551 to 19689, inclusive, of this code.

Change in course of instruction

5624. Whenever a majority of the boards of trustees of the elementary school districts comprising the high school district approve a change in the course of instruction in the junior high school or junior high schools established pursuant to Sections 5601 to 5613, inclusive, and Section 5624, and file a written statement of approval with the high school board, then the course of instruction in the junior high school or junior high schools may be changed in accordance with the written statement of approval.

Article 3. High Schools

Permitted schools

5651. Each high school district may, in accordance with law, establish and maintain any of the secondary schools mentioned in Sections 5501 to 5712, inclusive, Sections 5714 to 5720, inclusive, and Section 6363.

Mandatory schools

5652. Each high school district shall establish and maintain for the convenience of the day pupils of the district at least one four-year high school, or in lieu thereof, at least one junior high school, and one senior high school, or if the high school district is situated within a junior college district maintaining a four-year junior college, at least one junior high school providing for the education of pupils of grades 7 to 10, inclusive.

A high school district which is coterminous with an elementary school district and which is a part of a junior college district maintaining a junior college offering four years of work including the eleventh, twelfth, thirteenth, and fourteenth grades may, at the option of the governing board, maintain only one or more junior high schools.

No junior high school or system of junior high schools may be established in a high school district under the provisions of this section except as authorized by Sections 5601 to 5613, inclusive, and Section 5624.

County high schools

5653. If the governing board of any county high school district deems it expedient to establish and maintain more than one county high school, the additional schools may be established and maintained in the manner prescribed in Sections 5501 to 5712, inclusive, Sections 5714 to 5720, inclusive, and Section 6363 for establishing and maintaining a county high school.

5654. Each high school district may, in addition to the schools provided for in Section 5652, establish and maintain one or more continuation high schools. Continuation high schools

5655. Any graduate of the elementary schools of this State and any other person who furnishes to the principal of the high school and to the county or to the city superintendent of schools having immediate jurisdiction over the high school, satisfactory evidence of his fitness for high school work, may attend high school in the district in which he resides under such regulations as the high school board may prescribe. Student qualifications

5656. Any person who is eligible to attend high school and who does not reside in a high school district or in a unified school district may attend high school in any high school district or unified school district in the county in which he resides or in another county. Nonresidents

5657. No charge for tuition shall be made in any high school district of this State, except as provided in Sections 5651 to 5664, inclusive. Tuition

5658. Whenever a person residing in an elementary school district but not in any high school district or in any unified school district attends a high school in any district within the State, the governing board of the district maintaining the high school shall on or before July 15th of the succeeding school year certify, separately, to the county superintendent of schools having jurisdiction over the elementary school district the amount chargeable to the elementary school district and the amount chargeable to the county school service fund under the jurisdiction of the county superintendent of schools, as tuition for the education of the person during the preceding school year. Certification

5659. The tuition for the education of any person described in Section 5658 shall be computed as follows: Computation

From the total current expense of education, exclusive of the expense of transportation, of pupils in grades 9 through 12 of the high school district or unified school district for the preceding school year subtract state and federal apportionments received by the district except federal apportionments under the act of Congress entitled, "An act to provide financial assistance for local educational agencies in areas affected by federal activities, and for other purposes," approved September 30, 1950 (Public Law 874—Eighty-first Congress), or under any similar provision of any other act of Congress received on account of the attendance of pupils residing in the district; and divide the remainder by the total number of units of average daily attendance in grades 9 through 12 of the high school district or unified school district during the preceding school year.

The total tuition chargeable to any elementary school district shall be computed as follows:

Multiply the resulting quotient by the units of average daily attendance during the preceding school year of pupils in grades 9 through 12 residing in the elementary school district,

and not residing on a military reservation of the United States, and attending the high schools of the high school district or unified school district; subtract the amount of federal apportionments under the act of Congress entitled, "An act to provide financial assistance for local educational agencies in areas affected by federal activities and for other purposes," approved September 30, 1950 (Public Law 874—Eighty-first Congress), or under any similar provision of any other act of Congress received on account of attendance of pupils residing in the elementary school districts, and not residing on a military reservation of the United States, and attending the high schools of the high school district or unified school district; add two hundred dollars ($200) for each of such units of average daily attendance for the use of buildings and equipment; and add the actual expense of transportation provided by the high school district to such pupils.

The total amount chargeable against the county school service fund of any county shall be determined by multiplying the quotient by the units of average daily attendance during the preceding school year of pupils in grades 9 through 12 residing in the elementary school district, and on a military reservation of the United States, and attending the high schools of the high school district or unified school district.

For the purposes of this section, the Superintendent of Public Instruction shall define the term "total current expense of education" and the term "actual expense of transportation."

Transmittal of certificate

5660. The county superintendent of schools shall transmit a copy of the certificate certifying the amount chargeable against any elementary school district under his jurisdiction not later than the succeeding July 20th to the board of supervisors of each county within which any part of the elementary school district is located.

Tax levy

5661. If the elementary school district is located entirely within one county, the board of supervisors shall at the time and in the manner prescribed by Sections 20701 to 20704, inclusive, Sections 20751 to 20804, inclusive, and Sections 20901 and 21001 of this code levy a tax on all taxable property in the elementary school district sufficient to raise the amount set forth in the certificate. If the elementary school district is located in more than one county, the tax shall be determined, levied, and collected at the time and in the manner prescribed by Sections 20701 to 20704, inclusive, Sections 20751 to 20857, inclusive, and Sections 20901 and 21001 of this code. The maximum rate of school district tax which may be levied pursuant to this section for any high school district or unified school district in any school year on each one hundred dollars ($100) of assessed valuation within the elementary school district shall be seventy-five cents ($0.75) if the average daily attendance of high school pupils living within the elementary school district and attending a high school in such high school district or unified school district during the preceding school year did not exceed 15.

5662. The receipts of the tax shall be credited by the county treasurer of each county to the credit of the high school district or unified school district, except that if the county superintendent of schools of another county has jurisdiction over the high school district or unified school district, the county auditor of each county in which any portion of the tax is collected shall determine the amount of the receipts of the tax and shall direct the county treasurer of his county to transmit the amount to the county treasurer of the county of which the superintendent of schools has jurisdiction, who shall credit the amount to the credit of the high school district or unified school district. The county treasurer of any county crediting the receipts of the tax to a high school district or unified school district shall notify the county superintendent of schools and county auditor of the county and the governing board of the high school district or unified school district of the fact, naming the amount credited. Credit of amount

5663. The county superintendent of schools shall pay to each high school district and unified school district from the unapportioned county high school fund under his jurisdiction, the amount chargeable to the fund as shown by the certificate of the governing board of the high school district or unified school district. Payment

5664. This section applies to any elementary school district wholly included in a unified school district or a high school district, including a union high school district, joint union high school district, or county high school district, and which inclusion is effective for all purposes on or after July 1, 1956, and which elementary school district is required, pursuant to this article (commencing at Section 5651), to pay, during the first fiscal year commencing on the date inclusion is effective for all purposes, to the unified district or high school district in which it is included two hundred dollars ($200) for each unit of average daily attendance for use of buildings and equipment as part of the tuition charge on account of persons residing in the elementary district who, during the preceding fiscal year, attended high school in the high school district or unified district in which such elementary district is included. Assumption of liability for bonded indebtedness

Notwithstanding other provisions of law, such elementary district shall not be liable for the payment of such two hundred dollars ($200) a unit of average daily attendance if, prior to the date the inclusion is effective for all purposes, the elementary district assumes liability for the outstanding bonded indebtedness of the high school district, if it is included in a high school district, or for the outstanding bonded indebtedness of the unified district for high school and junior college purposes, if the elementary district is included in a unified district.

For the purposes of this section, the county superintendent of schools shall determine, pursuant to Section 21802, the amount of outstanding indebtedness of a unified school district issued for high school and junior college purposes.

Liability for such outstanding bonded indebtedness may be assumed at any election held for such purpose in accordance with law except that, if the elementary district is included in a unified school district, at the request of the governing board of such elementary district, the ballot shall contain, in addition to other required provisions, the words "For assumption of liability of outstanding bonded indebtedness of _____ District issued for high school purposes and junior college purposes [if there is no such indebtedness for junior college purposes the reference to junior college purposes shall be deleted] —Yes" and "For assumption of liability for outstanding bonded indebtedness of _____ District, issued for high school purposes and junior college purposes [if there is no such indebtedness for junior college purposes, the reference to junior college purposes shall be deleted]—No"

Article 4. Junior Colleges

Procedure

5701. Junior colleges shall be established and maintained in junior college districts and maintained in high school districts pursuant to Sections 5701 to 5712, inclusive, and Sections 5714 to 5720, inclusive.

Junior college districts

5702. The governing board of each junior college district shall establish and maintain one or more junior colleges.

Maintenance by high school district

5703. Notwithstanding anything in this code to the contrary, junior colleges maintained on July 1, 1952, by the governing board of a high school district are herewith authorized to be maintained by the governing board of a high school district.

Separate schools

5704. Junior colleges may be maintained as separate day or evening junior colleges or in conjunction with any day or evening high school.

Education

5705. Each junior college shall provide for the education of pupils in the thirteenth and fourteenth grades and for the education of such adults and minors as may properly be admitted but who are not classifiable by grade.

Admission requirements

5706. The principal of any two-year junior college shall admit to the junior college any high school graduate and any other person over 18 years of age who in his judgment is capable of profiting from the instruction offered. The principal of any two-year junior college may admit to the junior college any apprentice, as defined in Section 3077 of the Labor Code, who in the principal's judgment is capable of profiting from the instruction offered.

Admission of veterans

5707. The principal of any junior college may, notwithstanding any provision of this code to the contrary and in accordance with such rules as the governing board of the district maintaining the junior college may adopt, admit to the junior college any person who has served in the active military service of the United States or of the State of California for at least 90 days during a war with any foreign power or

during any period of national emergency declared by the President of the United States.

5708. With the approval of the Superintendent of Public Instruction and the State Board of Education, the governing board of any district authorized to establish and maintain a junior college may, by resolution establish one or more four-year junior colleges for the education of pupils in grades 11 to 14, inclusive. In any junior college district embracing two or more high school districts, the resolution shall be approved in writing by a majority of the members of the governing board of each high school district before the four-year junior college may be established. Four-year junior colleges

5709. The principal of any four-year junior college shall admit to the junior college any pupil who has completed the work of the tenth grade and any other person over 16 years of age who in his judgment is capable of profiting from the instruction offered. Same. Admission requirements

5710. Four-year junior colleges shall be financed in the same manner and from the same funds as provided for the financing of two-year junior colleges. The provisions of Sections 20201 to 20209, inclusive, of this code relating to the Junior College Tuition Fund shall not be applicable in the case of pupils attending the eleventh and twelfth grades in any four-year junior college except in the case of pupils who reside in an elementary school district not situated in a high school district. Same: Financing

5711. The governing board of any school district which is authorized to maintain a junior college may contract with the Director of Education for the maintenance of a junior college in a state college situated in the district. Any contract executed pursuant to this section shall include among its provisions a requirement that all expenditures incurred for junior college maintenance shall be payable only on order of the governing board as all other expenditures of the district are payable, and an additional provision that the president of the state college shall serve as principal of the junior college and in that capacity shall be responsible to the governing board through the superintendent of schools of the district if there is one. Otherwise he shall be responsible directly to the governing board. Contracts

5712. Junior colleges or junior college classes maintained in a high school district may be maintained for such period and at such times during the school year as the governing board of the high school district may determine. Term

5713. The governing board of any district maintaining a junior college may provide for the maintenance of junior college classes on Saturday. Saturday classes

5714. The governing board of any junior college district in which is located a high school district required to maintain only one or more junior high schools, may establish and maintain special continuation education classes and, in such case, the governing board of the high school district shall not be required Continuation classes

to establish and maintain any such classes under any other provisions of this code.

Special continuation education classes established and maintained under this section shall be deemed to be established and maintained by the governing board of the high school district for all the purposes of Sections 5951 to 5956, inclusive, and Sections 12551 to 12759, inclusive, of this code.

Classes outside district

5715. The governing board of any school district which maintains a junior college may conduct junior college classes and acquire the necessary property and erect the necessary buildings therefor, outside of the boundaries of the school district if all of the following conditions exist:

(a) The proposed location is within the State.

(b) The activities, trades, businesses, or work to be carried on at the proposed location is such as to offer educational opportunities in the subject or all of the subjects proposed to be taught at that location, and facilities for such instruction are not available either at the location of the principal buildings of the junior college, or elsewhere within the district.

Classes outside State

5716. The governing board of any district which maintains a junior college may establish and maintain junior college classes outside of the State, comprising a part of an aircraft pilot training program conducted by the district under an agreement with the Federal Government or any agency thereof, during the time that it is unlawful by reason of any law or order of the Federal Government or any agency thereof for such classes to be maintained within the district.

The governing board may make such expenditures and do such things in connection with the establishment and maintenance of classes under this section as it could do were the classes established and maintained within the district.

Minimum standards

5717. The State Board of Education shall adopt rules and regulations fixing minimum standards entitling districts to receive state aid for the support of junior colleges.

Annual investigation

5718. The State Department of Education shall annually investigate each junior college to determine whether it has met the standards.

Cost accounting

5719. The State Department of Education shall provide for a uniform system of cost accounting for all junior colleges.

Summer school

5720. The governing board of a district maintaining one or more junior colleges may maintain a summer school at any of such junior colleges during the period between the close of one academic year and the beginning of the succeeding academic year in accordance with rules and regulations of the State Board of Education and with the prior written approval of the Superintendent of Public Instruction.

The term "academic year" as used in this section means that portion of the school year during which the regular day junior college is maintained, which period must include not less than the number of days of teaching required to entitle the district to apportionments of state funds.

CHAPTER 6. SPECIAL CLASSES AND COURSES OF INSTRUCTION

Article 1. Special Day and Evening Classes in Elementary School

Regular course of study

5751. The governing body of any elementary school district may establish and maintain, in connection with any school under its jurisdiction, special day and evening classes and summer schools, consisting of special day classes or special evening classes or both, for the purpose of giving instruction in any of the branches of study prescribed and authorized for the elementary schools.

Term

5752. These classes may be convened at such hours and for such length of time during the school day or evening, and at such period and for such length of time during the school year as may be determined by the governing authority in accordance with rules and regulations of the State Board of Education and with the prior written approval of the State Superintendent of Public Instruction.

Qualifications of pupils

5753. The evening elementary schools and the special day and evening classes of the elementary schools of any school district shall be open for the admission of such minors and adults as in the judgment of the governing board of the school district maintaining the schools or classes may profit from the instruction offered.

Article 2. Special Classes for Elementary Pupils

Special course of study

5801. The board of education of any city school district, upon the recommendation of the city superintendent of schools, or the board of school trustees of any elementary school district, upon recommendation of the county superintendent of schools, may establish and maintain separate classes for pupils who would profit more from a course other than the regular course of study prescribed for the elementary schools, and may substitute for the regular course of study other types of school work or study approved by the superintendent of schools as being better adapted to the mental needs of the pupils.

Textbooks

5802. Pupils enrolled in such classes shall be required to use the state series of textbooks only insofar as the textbooks are adapted to the work of the classes. All textbooks and materials required in the classes shall be furnished free.

Article 3. High School Vocational Courses

Saturday classes National defense

5901. The governing board of any high school district may provide for the maintenance on Saturday of special day and evening classes in vocational training authorized and provided for by any program of national defense of the Federal Government, or any agency thereof, acting through the State Department of Education.

No apportionments from state funds based upon average daily attendance in such special day or evening classes, whether maintained on Saturday or other days, shall be made where the total cost of the classes is borne by the Federal Government, or any agency thereof.

Co-operative courses

5902. The governing board of any high school district, subject to the provisions of this code relating to courses of study for high schools, may establish and maintain, in connection with any high school under its jurisdiction, co-operative courses in accordance with standards prescribed by the State Board of Education.

Transportation

5903. The governing board of any high school district maintaining an agriculture course may transport pupils, instructors, or supervisors of classes to and from any classes or places where the work of the classes is being done, whether within or without the district, in the same manner and subject to the same limitations as in transporting pupils to and from school.

Article 4. Continuation Education Classes in High School

Minors subject to compulsory continuation education

5951. The governing board of each high school district shall establish and maintain a program of guidance, placement, and follow-up for all minors within the district subject to compulsory continuation education.

Mandatory classes

5952. The governing board of each high school district shall establish and maintain special continuation education classes whenever there are any minors residing within the high school district who are subject to compulsory continuation education; provided, that if there are less than 50 such minors, they may be enrolled in regular high school classes or in approved correspondence courses, home-study, or such other educational program as the governing board is authorized to, and may provide; and provided further, that minors living more than two miles from the schoolhouse by the nearest traveled road may be exempted by the governing board of said district.

Minimum hours

5953. Special continuation education classes shall provide at least four 60-minute hours of instruction per week for each minor within the high school district who is subject to compulsory continuation education.

Hours of instruction

5954. Such classes shall be maintained between the hours of 8 a.m. and 5 p.m.

Courses

5955. Such classes shall provide suitable instruction for the various individuals for whose benefit they are established.

Standards

5956. The State Board of Education shall prescribe and enforce standards and regulations for the organization and administration of programs of guidance, placement and follow-up, for programs of co-ordination and instruction in continuation education, for the special reimbursement thereof, and for the certification of teachers and co-ordinators for continuation education.

Article 5. Classes for Adults Deficient in English

6001. Upon application of 20 or more persons above the age of 21 years residing in a high school district who cannot speak, read, or write the English language to a degree of proficiency equal to that required for the completion of the sixth grade of the elementary schools, the governing board of the high school district shall establish classes in English. Establishment upon demand

6002. Application for classes shall be made in time to permit the board to arrange to meet the expenses of the classes. Time of application

6003. The board may establish the classes without demand and with a less number of students. Establishment without demand

6004. The classes shall be held at least twice a week for a two-hour period. Classes

6005. If the enrollment in any class falls to 10 or less for a one-month period, the governing board may discontinue the class for that year. Discontinuance

Article 6. Classes in Citizenship and English for Minors

6051. The governing board of each high school district in which there are living, within a radius of three miles of any high school, located in the district, 20 or more persons over 18 and under 21 years of age who expect to remain in the district for a period of two or more months, who are not in attendance for at least four 60-minute hours per week upon regular full-time public or private day schools or suitable part-time classes, and who cannot speak, read, or write the English language, to a degree of proficiency equal to that required for the completion of the sixth grade of the elementary schools, shall establish and maintain classes for such persons. Establishment

6052. Classes shall provide instruction in citizenship for at least four 60-minute hours per week for at least 36 weeks of the school year. Classes

6053. The board shall provide, for persons who cannot speak, read, or write the English language to a degree of proficiency equal to that required for the completion of the sixth grade of the elementary schools, instruction in the English language and in the duties and responsibilities of citizenship. Courses

Article 7. Classes in Citizenship for Persons Seeking Citizenship

6101. The county clerk in each county or city and county shall furnish to the superintendent of schools of the county or city and county on or before the tenth day of each month the names and addresses of all persons filing during the previous month their declarations of intention to become citizens of the United States or their petitions for naturalization. List of names

6102. In counties in which the United States district courts are located, the superintendent of schools of the county or city Same

and county shall obtain monthly from the clerk of the United States district court the names and addresses of all persons filing their declarations of intention to become citizens of the United States or their petitions for naturalization.

Notice

6103. The superintendent of schools of the county or city and county, after obtaining the names and addresses of the applicants, shall send a written or printed notice to the applicants, stating that this article (commencing at Section 6101) authorizes the governing board of any school district to establish upon application classes in training for citizenship. The form of this notice shall be furnished by the Superintendent of Public Instruction.

Application

6104. Upon application of 25 or more persons desiring training for citizenship and residing in a high school district, the governing board shall establish special classes in training for citizenship. Upon demand the board may establish the classes with a less number of applicants.

Time of application

6105. Application for classes shall be made in time to permit the governing board to arrange to meet the expenses of the classes.

Failure to establish classes

6106. Upon satisfactory evidence that any school district required to do so has failed to establish and maintain classes in training for citizenship, the Superintendent of Public Instruction and county superintendent of schools may withhold 5 percent of state and county apportionments until the district has complied with the provisions of this article (commencing at Section 6101).

Courses

6107. The course of study in training for citizenship shall consist of the teaching of United States history, State and community civics, and the Constitution of the United States, with special reference to those sections in the Constitution which relate directly to the duties, privileges, and rights of the individual, and such allied subjects, including English for foreigners, or activities as will properly prepare the applicants to understand and assume the responsibilities of citizenship.

Term

6108. The classes shall be held at least twice a week for three months. At the close of this period, if the enrollment in any class has fallen to 10 or less for the month, the governing board of the district may discontinue the class for that year.

Article 8. Home Teaching

"Home teachers"

6151. The governing board of any school district, may employ teachers known as "home teachers" not exceeding one teacher for every 500 units of average daily attendance in the elementary or high schools of the district as shown by the report of the county superintendent of schools for the next preceding school year.

Duties

6152. The home teacher shall work in the homes of the pupils, instructing children and adults in matters relating to school attendance and preparation therefor, in sanitation, in the English language, in household duties, such as purchase,

preparation, and use of food and clothing, and in the fundamental principles of the American system of government and the rights and duties of citizenship.

Article 9. Teaching Service and Opportunity and Orientation Centers for the Adult Blind

Oakland Orientation Center for the Blind

6201. There is established in the City of Oakland at the premises known as 3601 Telegraph Avenue an orientation center for the blind which shall be known as the Oakland Orientation Center for the Blind. This orientation center for the blind is under the jurisdiction and supervision of the Department of Education, and shall be administered by the Director of Education in accordance with the provisions of Sections 5751 to 5802, inclusive, Sections 5902 to 6306, inclusive, Sections 6353 and 6354, Sections 6365 to 6367, inclusive, and Sections 18601 to 18653, inclusive. The department shall make and promulgate such rules and regulations as are necessary to carry out the provisions of Sections 6201 to 6208, inclusive, for the administration of the Oakland Orientation Center for the Blind and such other orientation centers as may be established under Sections 6201 to 6208, inclusive.

Nature of centers

6202. Each orientation center established under Sections 6201 to 6208, inclusive, shall be residential in character. Blind persons shall be admitted as residents and trainees in an intensive program designed for maximum vocational and personal rehabilitation and for the preparation of blind persons for useful and remunerative work in trades, professions, private business, private industry, or public service. A person shall be considered blind who has 20/200 or less visual acuity in the better eye with correction, as measured by the Snellen test, or who has such limitation of field or other defect as to render him incapable of obtaining an education or making a living with ordinary visual proficiency.

Other centers

6203. The department may establish other orientation centers, in accordance with the provisions of Sections 6201 to 6208, inclusive, as are necessary to provide on a statewide basis the services to be rendered by an orientation center for the blind as outlined in Sections 5751 to 5802, inclusive, Sections 5902 to 6306, inclusive, Sections 6353 and 6354, Sections 6365 to 6367, inclusive, and Sections 18601 to 18653, inclusive.

Orientation

6204. Orientation centers shall provide for short periods of intensive personal and pre-vocational orientation for blind persons, and for specific vocational training. The program of an orientation center shall include such training as training in techniques of daily living, techniques of travel, physical conditioning, sensory training, instruction in Braille, instruction in skills for the handicapped, typing, and business principles and methods, and shall provide for social and vocational diagnostic testing and individual counseling.

Director

6205. For each orientation center for the blind the Director of Education shall appoint a director who shall administer

and supervise the institutional and educational aspects of the program at that center in accordance with the provisions of Sections 5751 to 5802, inclusive, Sections 5902 to 6306, inclusive, Sections 6353 and 6354, Sections 6365 to 6367, inclusive, and Sections 18601 to 18653, inclusive, and under the supervision of the Director of Education. The director of an orientation center for the blind shall be either (1) a visually handicapped person who has been employed for at least five years in the education or rehabilitation of the blind, or (2) a sighted or visually handicapped person who has completed four years of college education and at least three years of successful experience in the rehabilitation of the blind, or (3) a veteran, blinded in war, who has completed a special training course in orientation under the direction of the armed services or the Veterans Administration and 30 semester hours of college work in the fields of education or psychology, or both, or (4) a person with comparable qualifications as determined by the Director of Education with the approval of the State Personnel Board.

Staff

6206. The staff of an orientation center shall be composed of persons trained to assist blind persons in achieving social and economic independence, and whose qualifications include successful experience in teaching blind persons. The staff shall include as large a proportion as is practicable of visually handicapped persons who have achieved outstanding success in adjustment to their handicap.

Separate units

6207. Each orientation center shall be operated as a unit separate and apart from any state-operated workshop for the blind. The program of each orientation center shall be closely co-ordinated with the services of the Bureau of Vocational Rehabilitation, with the home teacher and field service program, and with programs for training teachers and other personnel directed toward serving the blind.

Rules and training programs

6208. The department may:

(a) Make rules for the government and direction of orientation centers established under Sections 5751 to 5802, inclusive, Sections 5902 to 6306, inclusive, Sections 6353 and 6354, Sections 6365 to 6367, inclusive, and Sections 18601 to 18653, inclusive, and may prescribe conditions for the admission and discharge of trainees having regard to an equitable representation from each county of the State.

(b) Designate the subjects which shall be regularly taught and the training which shall be given.

Instruction of blind adults

6209. The Department of Education may appoint field officers or field workers to teach handicrafts to the adult blind of the State in their homes, in opportunity centers, or in other suitable places, and to give them such other instruction as may ameliorate their condition.

Opportunity Centers

6210. In connection with the teaching service provided in Section 6209, the Department of Education, with the approval of the Director of Finance, may establish and maintain opportunity centers for the blind in communities where the active

co-operation of local sponsoring organizations has been secured and in which fifty (50) or more adults who are blind, as blind is defined in Section 6202, indicate a desire to receive instruction in handicrafts and to make or assemble articles for sale in the local community or through the sales facilities of the California Industries for the Blind.

Facilities, employees, etc

6211. The Department of Education, with the approval of the Director of Finance, may:

(a) Rent, lease, or otherwise provide suitable rooms or buildings to house the activities of the opportunity centers for the blind.

(b) Employ such employees at the centers as it deems necessary.

(c) Perform all necessary and proper acts to carry out the provisions of Section 6210 and of this section.

Article 10. Vocational Education

Acceptance of grant

6251. The people of the State accept the provisions of, and each of the funds provided by, the act of Congress entitled "An act to provide for the promotion of vocational education; to provide for co-operation with the states in the promotion of such education in agriculture and the trades and industries; to provide co-operation with the states in the preparation of teachers in vocational subjects; and to appropriate money and regulate its expenditure," and approved February 23, 1917.

Same

6252. The people of the State accept the provisions of, and each of the funds provided by, the Act of Congress entitled "An act to provide for the further development of vocational education in the several states and territories" approved June 8, 1936, and amended August 1, 1946.

Compliance with act

6253. In accepting the benefits of the acts of Congress referred to in Sections 6251 and 6252 the people of the State agree to comply with all of their provisions and to observe all of their requirements.

Duties of State Board of Education

6254. The State Board of Education is designated as the state board to carry out the purposes and the provisions of the acts of Congress, and is given all necessary power and authority to co-operate with the Federal Board for Vocational Education in the administration of the provisions of the federal acts and of this article (commencing at Section 6251).

Fire training program instructors

6255. The State Board of Education and the governing bodies of any county, city, and fire protection district are authorized to enter into agreements providing for the assignment of employees of the fire departments of such counties, cities, and fire protection districts to serve as instructors in fire training programs conducted under the auspices of the State Board of Education and providing for the payment to such counties, cities, and fire protection districts by the State Board of Education from the funds appropriated for vocational education of such amount as may be agreed upon for the services of such employees.

Article 11. Veterans Education

Contracts for education of veterans

6301. Subject to the provisions of this article (commencing at Section 6301), the Department of Education acting by and through the Director of Education is hereby authorized to enter into an agreement, or agreements, with the Veterans Administration, or any other agency of the Federal Government, for the education of veterans in any of the schools and colleges of the public school system. Such contract shall provide for the payment to such schools and colleges through the Department of Education or otherwise of the maximum amount permitted by the act, or acts, of Congress under which the agreement, or agreements, is entered into by the Veterans Administration, or any other agency of the Federal Government.

Powers of director

6302. The Director of Education is vested with all necessary power and authority to co-operate with any such agency of the Federal Government in the administration of any applicable act of Congress and rules and regulations adopted thereunder.

Agreements with school districts

6303. The Department of Education through the Director of Education is authorized to enter into agreements with governing boards of school districts for the education by such districts of veterans in accordance with the agreement between the Department of Education and the agency of the Federal Government.

Powers of school district board

6304. The governing board of any school district which entered into an agreement with the Department of Education under this article (commencing at Section 6301) may do any and all things required or authorized by such agreement of the board or district, including, but not limited to, the purchase of books, supplies and equipment for veterans educated under such agreement.

Supervision by department

6305. The Department of Education shall exercise general supervision over, and shall provide for the co-ordination of, all services and facilities performed and provided by school districts for the education of veterans to the end that the needs of the veterans shall be met in the most adequate manner.

Funds

6306. The provisions of Sections 18601 to 18653, inclusive, shall apply to all funds received by the State or any agency of the State under this article (commencing with Section 6301).

Article 12. Adult Education

Establishment and maintenance of classes

6351. The governing board of any school district maintaining secondary schools shall have power with the approval of the State Department of Education to establish and maintain classes for adults, except programs and classes in outdoor science education and conservation education as the term is employed in Section 7951, for the purpose of providing instruction in civic, vocational, literacy, health, homemaking, technical and general education.

6352. For the purpose of crediting attendance for apportionments from the State School Fund during the 1954-1955 Fiscal Year and thereafter, "adult" means any person who has attained his twenty-first birthday on or before September 1st or February 1st of the semester for which he has enrolled, and who has enrolled in less than 10 class hours as defined in Section 11451 for junior college districts or 10 periods of not less than 40 minutes each per week for high school district. "Adult"

6353. Adults enrolled in all classes, except classes maintained in English and citizenship for foreigners and classes in elementary subjects, where no charge of any kind shall be made, may be required by the governing board of the district maintaining the class to pay a tuition not to exceed the cost of maintaining such classes. Amount

6354. The charge per pupil shall not exceed the estimated cost to the district per pupil for maintaining the class. Same

6355. Such classes shall be open for the admission of adults and of such minors as in the judgment of the governing board may be qualified for admission thereto. Qualifications for admission

6356. Such classes may be convened at such hours and for such length of time during the day or evening and at such period and for such length of time during the school year as may be determined by the governing authority. Hours

6357. Governing boards shall have the authority to provide for granting appropriate credits, certificates, diplomas or other recognition of skill or accomplishment in such classes which such districts are otherwise authorized to grant. Credits, etc.

6358. The State Department of Education shall establish standards including standards of attendance, curriculum, administration, and guidance and counseling service for such classes as a basis for the several apportionments of state funds provided herein for the support of such classes. Standards

6359. Classes for adults may be maintained in connection with day or evening high schools or day or evening junior colleges. Schools in which maintained

6360. No class for adults shall be maintained by any district: (1) if the district receives compensation for such class from any public or private agency, individual or group of individuals, except fees authorized by Section 6353 and apportionments from the State and Federal Government; or (2) if such classes are not open to the general public; or (3) if the pupils attending such classes are paid for such attendance. The State Board of Education may adopt such regulations as may be necessary to define "payment" and "payment for attendance" as used in this section. Restrictions

No classes for adults shall be maintained by any district if the cost of such class is paid entirely from federal funds.

6361. No class for adults in dancing or recreational physical education shall be maintained by any district for which the district receives money from the State School Fund. Same

Saturday classes for adults

6362. The governing board of any high school district or unified school district may provide for the maintenance on Saturday of classes for adults.

Adult classes in jails, etc.

6363. High schools and junior colleges maintained in any state institution for adults or in any city, county, or city and county jail, road camp or farm shall consist only of classes for adults.

Hospital classes

6364. Anything in Sections 6351 and 6352, Sections 6355 to 6361, inclusive, and Section 6364, to the contrary notwithstanding, whenever any county or city and county maintains a tuberculosis ward, hospital or sanatorium in another county of this State, the governing board of any school district of the county or city and county maintaining such institution, if authorized to maintain classes for adults, may establish and maintain such classes in such institution for pretuberculous, tuberculous, and convalescent minors and adults, and the attendance of pupils in the classes shall be credited to the district maintaining the classes.

Incidental expense accounts

6365. The governing board of a school district conducting classes for adults may establish an account in a bank for each school of the district in which classes for adults are maintained. The account shall be known as "The Incidental Expense Account of (insert name of school) school of (insert name of district) District." The governing board may establish regulations providing for the collection of an incidental fee from each pupil enrolled in such classes for adults as the governing board may determine. The fee collected from each pupil shall not exceed fifty cents ($0.50) in any school year. All fees shall be deposited in the account for that school and shall be expended only for (1) materials, services, or supplies for the operation of classes for adults in such school; and (2) activities of particular benefit to pupils in classes for adults in such school.

For the purposes of Sections 6353 and 6354, and Sections 6365 to 6367, inclusive, classes for adults maintained in connection with a school shall be deemed to be maintained in such school.

Same Custody

6366. The governing board of the district shall designate an employee or employees of the district to have custody of the incidental expense account, or accounts, who shall be responsible for the payment into the account, or accounts, of all moneys required to be paid into the account or accounts, and for all expenditures therefrom, subject to such regulations as the governing board prescribes.

Sale of materials to pupils

6367. The regulations of the governing board may provide for the sale of materials purchased from the incidental expense account to pupils in classes for adults, for use in connection with such classes. The proceeds of all such sales shall be deposited in that account and shall be available for the purposes of that account.

Special classes

6368. The governing board of any school district maintaining secondary schools is authorized without the approval of

the State Department of Education to establish and maintain special day and evening classes for adults in civic, vocational, literacy, health, homemaking, technical and general education, including but not limited to classes in the fields of music, drama, art, handicraft, science, literature, nature study, nature contacting, aquatic sports and athletics. Such classes shall be designed to provide instruction and to contribute to the physical, mental, moral, economic, or civic development of the individuals or groups enrolled therein.

Admission

6369. Special day and evening classes for adults shall be open for the admission of adults and of such minors as in the judgment of the governing board may profit therefrom.

Time and term

6370. Special day and evening classes for adults may be convened at such hours and for such length of time during the day or evening and at such period and for such length of time during the school year as may be determined by the governing board of the district.

Certificates, etc.

6371. Governing boards shall have the authority to provide for granting appropriate certificates or other recognition of skill or accomplishment in such classes.

No apportionment

6372. Attendance or average daily attendance in special day or evening classes for adults pursuant to Sections 6368 to 6373, inclusive, shall not be reported to the State Department of Education for apportionment. No apportionment from state funds shall be made to establish or maintain such classes.

Support from funds for community services

6373. Governing boards may expend from the general fund of the district any money which is budgeted for community services to establish and maintain special day or evening classes for adults and may charge student fees not to exceed the cost of maintaining such classes or may provide instruction in such classes for remuneration by contract, or with contributions or donations of individuals or groups.

CHAPTER 7. SPECIAL SCHOOLS

Article 1. Parental Schools

Purposes

6501. The board of education of any city, or of any city or county, or the board of trustees of any school district having at least 300 children, according to the official school record of the preceding school term, may establish schools pursuant to this article (commencing at Section 6501), or set apart in public school buildings a room or rooms for children between 8 and 15 years of age, who are habitual truants from instruction upon which they are lawfully required to attend, or who are insubordinate or disorderly during their attendance upon instruction, or irregular in attendance. The school or room shall be known as a parental school.

Consent of governing body

6502. Before establishing a parental school in a city or city and county, the consent of the city council, or other governing body of the city or city and county shall be granted.

Powers of governing board

6503. Any governing board establishing and maintaining a parental school may make such special rules and regulations for its government as are consistent with the provisions and purposes of this article (commencing at Section 6501), and not contrary to law. The board may provide for the detention, maintenance, and instruction of children committed to the school.

Pupils

6504. The parental school shall be established and maintained specially for the instruction of such pupils, between the ages of 8 and 15 years, as are committed thereto as provided by this code, and no pupil shall be committed to, or required to attend, the school except as provided in this article (commencing at Section 6501).

Elementary school

6505. A parental school shall be one of the elementary schools of the city, city and county, or school district.

Purpose

6506. The confinement of any child in a parental school shall be conducted with a view to the improvement of the child, and to his restoration, as soon as practicable, to the school in which he would, if not confined, be required to attend.

Complaint

6507. If any child in any city, city and county, or school district, in which a parental school is established is a habitual truant or is irregular in attendance at school, within the meaning of these terms, as defined by this code, or is insubordinate or disorderly during attendance at school, the supervisor of attendance or the secretary of the board of education or clerk of the board of trustees, if there is no supervisor of attendance, shall make and file a complaint against the child in the proper court, charging the fact, and shall see that the charge is prosecuted by the proper authority.

Commitment

6508 If the court, upon the hearing of the complaint, finds that the charge is sustained, it shall render judgment that the child be committed to, and be detained and maintained in a parental school in the city, city and county, or school district for a term not to exceed the remainder of the current school year.

Order to attend

6509. The county superintendent of schools or boards of education or boards of school trustees, or the city superintendent of schools in any city or city and county may, after reasonable notice to any child subject to the provisions of this article (commencing at Section 6501), and an opportunity for the child to be heard, and with the consent of the parent, guardian, or other person having control or charge of the child, order the child to attend a parental school, or to be detained and maintained therein for such period and under such rules and regulations as the boards may prescribe, not exceeding the remainder of the school year. If the parent, guardian, or person having control or charge of the child does not consent to the order, the child may be proceeded against pursuant to this article (commencing at Section 6501)

6510. When the commitment to a parental school of any child is by judgment or order of a court, the court may, on the recommendation of the city superintendent of schools or the board of education or county superintendent of schools, make an order paroling the child, upon such terms and conditions as are specified in the order. Parole

6511. The city superintendent of schools, or, if there is no city superintendent, the board of education of any city or city and county or county superintendent of schools, may, in his discretion, parole at any time any child committed to, or ordered to attend, a parental school, except when the commitment is by judgment or order of a court. Same

6512. The expense incurred by any city, city and county, or school district in purchasing or renting a school site, erecting or renting a building and equipping it for the maintenance of a parental school, shall be paid out of funds other than those collected for the maintenance of schools. Expenses

6513. The salaries of teachers and the expense for all school supplies in a parental school shall be paid out of the same funds from which similar salaries and expenses are paid for elementary schools. All other expenses incurred in the maintenance of the parental schools shall be paid out of the parental school fund. Same

Article 2. Joint Parental Schools

6551. Two or more school districts or cities may unite, pursuant to this article (commencing at Section 6551), to form a joint district for the maintenance of a joint parental school. Procedure

6552. When the governing board of any school district has secured the consent of the legislative body of the city or school district, in which the governing board holds office, for the union of two or more districts to form a joint parental school district, the governing board shall transmit the information to the board of supervisors of the county of which the city or school district or districts forms a part, setting forth the cities or districts with which the city or district seeks to unite for the maintenance of a joint parental school. Consent of governing body

6553. When the information has been received by the board of supervisors from all the cities or school districts seeking to be united, the board of supervisors, by resolution, shall declare the cities or school districts united for the maintenance of a joint parental school, to be known as the "Joint Parental School District of (give the names of the school districts uniting)." Resolution

6554. When the districts have been united, the governing boards of the cities or school districts uniting shall appoint a board of trustees for the joint parental school district, to consist of five members, unless the number of cities or school districts uniting exceeds five, who shall be appointed from the membership of the boards of the several districts or cities Board of trustees

uniting, by the respective boards in approximate proportion to the census of children between 5 and 17 years of age in the district uniting. Each district shall be represented by at least one member on the board of trustees of the joint parental school district.

Term

6555. The members of the board of trustees of the joint parental school district so appointed shall serve for the remainder of the term of office for which they were elected on their respective boards of education or boards of trustees.

Vacancies

6556. When vacancies occur on the board of trustees of a joint parental school district, they shall be filled by the board making the original appointment.

Superintendents of schools

6557. The superintendents of schools of each of the cities, or school districts uniting, shall be ex officio members of the board of trustees of a joint parental school district without the right to vote.

Secretary

6558. The board of trustees of joint parental school districts shall organize by the election of one of their number as chairman and by the election of a secretary. The secretary shall be the city superintendent of schools, or the secretary of a board of education, or the clerk of one of the boards of education, boards of trustees of the cities, or school districts united. The secretary shall serve without additional salary.

Powers

6559. All the powers and duties of boards of school trustees or boards of education of any city or city and county in the management of and the securing of funds for a parental school within a city or school district, are conferred and imposed upon the board of trustees of any joint parental school district in the management of and the securing of funds for the support of a joint parental school.

Article 3. Cosmopolitan Schools

Establishment

6601. The board of education in every city of the first and first and one-half classes shall establish and maintain in each of the cities of the first and first and one-half classes at least one public school in which shall be taught the French, Spanish, Italian, and German languages, or any of them in connection with the studies in the English language prescribed and authorized to be taught in the elementary schools.

Same

6602. The schools provided for by this article (commencing at Section 6601) may be established by the board of education of any city or city and county when the board deems it necessary or advisable.

Rules

6603. Schools established pursuant to this article (commencing at Section 6601) shall be designated as cosmopolitan schools, and shall be subject to such rules and regulations as may be prescribed by the boards of education of cities of the first and first and one-half classes in which the schools are established and maintained.

Article 4. Adjustment Schools

6651. This article (commencing at Section 6651) shall be construed in conformity with the intent as well as the expressed provisions thereof, and the governing board of any adjustment school may do all those lawful acts which it deems necessary to promote the prosperity of the adjustment school, or to promote the well-being and education of all minors entrusted to its charge. Purpose

6652. The terms and provisions of Article 10 of Chapter 2 of Part 1 of Division 2 of the Welfare and Institutions Code shall, so far as applicable, govern and control proceedings under this article (commencing at Section 6651). Juvenile court laws

6653. The boards of supervisors or other governing bodies of counties and cities and counties may organize, establish, equip, and maintain, including the purchase of suitable sites and the construction of suitable buildings, adjustment schools in each county or city and county for the purpose of furnishing to minors under the age of 18 years pursuant to this article (commencing at Section 6651), care, custody, education, training, and adjustment to good citizenship, which shall be continuous and uninterrupted during the period the minors remain in school. Establishment

6654. The boards of supervisors of two or more counties may by regularly adopted resolutions or ordinances duly entered on the minutes or proceedings of their respective boards, unite in the organization, establishment, equipment, and maintenance of adjustment schools for the respective counties. In that event, the schools shall be located in one or more of the counties as shall be mutually agreed upon and designated in the resolutions or ordinances. Same

6655. If adjustment schools are organized by only one county or city and county, the government and management shall be vested in a governing board which shall be either the board of education, or similar school governing body, or the county probation committee of the juvenile court, or a board of trustees composed of seven members selected from both the board of education and the probation committee, as may be determined or chosen in the exercise of a sound discretion by the board of supervisors or other governing body of the county or city and county. Governing board

6656. If adjustment schools are organized by the joint action of two or more counties, the boards of supervisors of the counties may by concerted action by duly adopted resolutions entrust the government and management to a governing board, which shall be any of the following: Same

(a) The board of education of the county in which at least one adjustment school is located.

(b) The probation committee of the juvenile court of the county in which at least one adjustment school is located.

(c) A board of trustees composed of seven members who shall represent all of the counties and each of whom may be

selected from either the county board of education or the probation committee of the juvenile court of his respective county as shall be determined in the joint resolutions of the boards of supervisors.

Term

6657. If a board of trustees is chosen to govern and manage the adjustment school the term of office of the trustees shall be six years, except that of the seven trustees first selected, two shall hold office for two years, two shall hold office for four years, and three shall hold office for six years. Each of the two-, four-, and six-year terms shall be assigned by lot to each of the seven trustees.

Powers

6658. The governing board shall make all needful rules and regulations for the transaction of business and for the management and government of the adjustment school under its jurisdiction, and it shall see that proper care, custody, education, and training are provided for the minors under its care, to the end that the minors shall be adjusted to good citizenship and prepared to become honorable, self-supporting members of society.

Same

6659. The governing board shall make all contracts for the organization, establishment, including the purchase of a suitable site and the construction of suitable buildings, equipment, operation, and maintenance of the adjustment school that may be necessary or advisable. In no event shall the amount of money appropriated for any such purpose or other limitation prescribed by law or by order of the governing board, be exceeded or violated.

Contracts

6660. No member of the governing board, nor officer, nor employee of any adjustment school shall be interested, personally, directly, or indirectly, in any contract, purchase, or sale made, or in any business carried on in behalf of the school. Any money paid on such contracts or sales may be recovered by a civil suit, and the governing board upon the proof of such interest shall remove from office immediately the member, officer, or employee.

Superintendent

6661. The governing board of the adjustment school shall appoint a superintendent, not of its own number, who shall be a person qualified by training and experience for the character of work to be performed at the adjustment school, and who shall hold office at the pleasure of the governing board.

Officers and employees

6662. The governing board shall determine the number, title, duties, and terms of office of all other officers and employees and shall fix their salaries, and that of the superintendent.

Superintendent's oath and bond

6663. The superintendent of the adjustment school shall, before entering upon the discharge of his duties, make and file with the governing board an oath that he will faithfully and impartially discharge his duties. He shall also file with the governing board a bond, running to the State of California in such sum as the board may determine, and with sureties to be approved by the board, conditioned upon the faithful perform-

ance of his duties. The premium of the bond shall be a part of the cost of maintaining the adjustment school.

Property

6664. The superintendent, after making and filing the bond, shall, subject to the direction of the governing board, be invested with the custody of the lands, buildings, and all other property pertaining to or under the control of the adjustment school. He shall account to the governing board in such manner as it may require for all property entrusted to him and for all money received by him as superintendent of the adjustment school, or for any of the minors entrusted to its care.

Appointment of officers and employees

6665. The superintendent shall also, subject to the direction of the governing board, appoint all officers and employees of the adjustment school, who shall hold office at his pleasure. He shall exercise such supervisory, executive, and managing powers as are conferred upon him by the governing board.

Residence

6666. The superintendent shall reside in the adjustment school or one of the adjustment schools under his jurisdiction, and he shall be furnished suitable quarters, furniture, food supplies, and laundry for himself and his family. The governing board may make similar provision for such other officers and employees as the interests of the adjustment school may in its judgment require to reside on the premises.

Commitment of minors

6667. The adjustment school shall receive into its care, custody, and control all boys and girls under 18 years of age who are committed to it by order of the juvenile court of the county or city and county maintaining or contributing to the maintenance of the adjustment school.

Term

6668. Any minor who has been committed to the care, custody, and control of any adjustment school shall remain in the school for the duration of the period provided in the order of commitment, or until further order of the juvenile court.

Review of commitment

6669. The juvenile court shall review the order of commitment at least once each year, and upon review the court may continue, terminate, or modify the order of commitment.

Revocation of commitment

6670. If at any time in the opinion of the superintendent of the adjustment school the further detention of the minor is detrimental to the interests of the school, the minor may immediately, upon order of the superintendent, be returned to the committing court, and the court may revoke its previous order, and proceedings may be resumed where they were suspended when the commitment was made.

Conduct of school

6671. The governing board of any adjustment school shall cause the school to be conducted as may seem best calculated to carry out the intentions of this article (commencing with Section 6651).

Course of study

6672. There shall be organized a course of study, corresponding as far as practicable with the course of study in the public schools of the State.

Vocational training

6673. There shall be provided in the adjustment school the proper facilities and equipment for vocational and trade training, in addition to such other public school education or training as may be determined upon by the governing board.

Vocational or trade training education shall be given to each minor while under the care of the adjustment school, to the end that he may upon discharge be qualified for honorable and self-supporting employment.

Support of minors

6674. Any order of the juvenile court committing a minor to the care, custody, and control of an adjustment school may make provision for the expense of his support and maintenance by directing that the expense be paid in whole or in part by his parent, guardian, or other person liable for his support and maintenance.

Expenses of school

6675. If the adjustment school is organized, established, equipped, and maintained by only one county or city and county, the entire expense of the school shall be borne by the county or city and county, and the board of supervisors, or other governing body of the county or city and county shall make due and annual provision therefor. The necessary items of expense shall be set forth in the annual budget of the county or city and county.

Same

6676. If an adjustment school is organized, established, equipped, and maintained by two or more counties, the initial expense of organizing, establishing, and equipping the school shall be apportioned between each of the counties on a pro rata basis in the ratio that the number of children of school age residing in each county bears to the number of children of school age residing in all of the counties.

Apportionment between counties

6677. The annual expense of maintaining the school by two or more counties, shall be apportioned between the counties on a pro rata basis in the ratio that the average daily enrollment of minors placed in the school from each county during the preceding year bears to the total average daily enrollment in the school from all of the counties during the year.

Bond of officers

6678. The governing board shall require any officer entrusted with money belonging to an adjustment school or to any of the minors entrusted to its care, or any officer placed in a position of trust and responsibility in the custody of property or in the handling of supplies belonging to the school, to file with the board a bond with sureties approved by the board and in such sum as it may determine, conditioned upon the faithful performance of the duties required, and upon the faithful accounting of all money and property coming into his hands or under his control by virtue of his office. The premiums on the bonds shall be a part of the cost of maintaining the adjustment school.

Article 5. Twenty-four Hour Elementary Schools

Purposes

6701. The purpose of this article (commencing at Section 6701) is to authorize the establishment of 24-hour elementary schools for minors between the ages of 8 and 16 years and to provide for the attendance, maintenance, care, home supervision, guidance, observation, and education of minors attending the schools, and to provide the minors with such vocational,

homemaking, mental, moral, physical, and other training as will tend to strengthen and develop them and enable them to become good and useful citizens. The staff of every 24-hour school shall make adjustment as rapidly as possible in order that the period of time the child is away from ordinary community life may be as brief as possible. They shall place the minors in proper homes where they will be assured of suitable educational opportunities, and shall co-operate with child placement agencies to this end and to stimulate proper care of the minors by their parents.

Construction

6702. This article (commencing at Section 6701) shall be construed in conformity with the intent as well as the express provisions thereof and shall confer upon the governing board of any 24-hour school that may be created, authority to do all those lawful acts which it may deem necessary to promote the prosperity of the school, or to promote the well-being and education of all minors entrusted to its charge.

Establishment

6703. Any elementary school district, with the approval of the State Board of Education, may establish and maintain one or more 24-hour elementary schools in the discretion of the governing board of the district. The schools shall be under the management and control of the governing board of the district which shall have in reference to the schools the same powers and duties which are now or may hereafter be assigned by law to the boards for the management of other schools of the district. A 24-hour elementary school shall be one of the public elementary schools of the district.

Expenses of school

6704. The cost of securing sites or constructing and equipping buildings and in general the cost of housing and equipping any 24-hour school including the necessary dormitories, dining halls, and other living quarters for pupils and employees of the district shall be a charge against the funds of the school district maintaining it. The governing board of any district may employ such principals, assistants, teachers, and employees as are necessary in the judgment of the board for the proper conduct of the 24-hour school and may pay them from the funds of the school district. The expenses of lodging and boarding pupils residing within the buildings of any 24-hour school shall be paid from the sums received from contracts with the parents or guardians of the pupils, or from the funds of the county within which the school is located paid to the school district in pursuance of court orders for the maintenance of pupils.

Residence

6705. The principal shall reside in the 24-hour school and shall be furnished suitable quarters, furniture, food, supplies, and laundry for himself and his family. The governing board of the district may make provision for maintenance of such individual instructors, officers, and employees as the interests of the school in its judgment require to reside on the premises.

Board of Admission

6706. The governing board of any school district maintaining a 24-hour school shall, upon the recommendation of the superintendent of schools of the district, appoint a board of admission to the 24-hour school consisting of one member of

the governing board of the district, a representative of the welfare or charities department, if such a department exists, of the city within which the district is situated, if within a city, otherwise of the county the superintendent of schools of which has jurisdiction over the district, and two other persons designated by the superintendent. At least one member of the board of admission shall be a woman. The principal of each 24-hour school, the superintendent of schools of the district and a representative of the State Department of Education shall be ex officio members of the board of admission. The chairman of the board of admission shall be the superintendent of schools of the district. The board shall meet at such times and places as may be designated by the chairman. Children admitted will be those whose cases represent such serious behavior problems as to need constant study and care and those who need more than foster home placement and definitely require 24-hour supervision. Admission of pupils to a 24-hour school shall be by one of the methods provided in this article (commencing at Section 6701). No child shall be admitted to a 24-hour school except upon the recommendation of the board of admission.

Investigation

6707. The board of admission, or some person or persons designated by it, shall investigate the case of any child whose name is submitted in writing accompanied by a signed statement for consideration for admission to the school and shall make recommendations in each case. The board of admission shall observe the progress of each child, and shall advise and recommend his release as soon as sufficient progress is indicated.

Assignment of minors

6708. The governing board maintaining a 24-hour school may assign to the school any minor between the ages of 8 and 16 years who is a resident of the school district whose parent or guardian does not exercise proper care, supervision, and guidance over him, or who is, by reason of insubordinate conduct, or refusal to obey the rules and regulations of the school authorities, in need of special educational training and discipline to prevent him from becoming subject to the provisions of the juvenile court law. The pupil may be assigned to the school by order of the superintendent of schools of the district, approved in writing by the parent, or guardian in compliance with the recommendation of the board of admission. If the parent or guardian of the pupil enters into a contract with the school district for the support of the pupil, he may be maintained in the school for the period of the assignment.

Commitment

6709. If the parent or guardian of the pupil refuses to enter into a contract providing for the payment to the school district of a sum sufficient to meet the average cost of maintaining a pupil within the school, including meals and a reasonable sum for lodging, and if the presence of the child within another school of the district or within its home is a menace to the future welfare of other children or of the child itself, the superintendent of schools of the district shall cause to be filed in the

superior court of the county in which the district is located, acting in the department of the court performing the functions of the juvenile court, or in any other court of competent jurisdiction, a complaint asking for an order of the court, committing the child to the 24-hour school and fixing the amount the parent or guardian shall pay for his maintenance until such time as the superintendent of schools of the district reports to the court that the best interests of the minor will be served by his discharge from the school. A copy of the complaint shall at the same time be furnished the parent or guardian. If the parent or guardian is unable to pay the amount, the court may in the order provide for the payment by the county in which the district is located of a sum sufficient to cover the costs of maintenance of the child during the period of his commitment to the school.

Report

6710. The principal of any school in the district in which there has been established a 24-hour school shall report to the superintendent of schools of the district, after conference held with the parent or guardian, any pupil in his school who he believes comes within the provisions and intent of this article (commencing at Section 6701). This report shall be in writing and shall set forth the facts upon which he believes that the child comes within the provisions of this article (commencing at Section 6701).

Term

6711. Any minor who has been placed in the care and control of the 24-hour school with the consent of the parent or guardian, shall remain therein, if placed there by order of the superintendent of schools of the district, for the duration of the period provided by the order or until further order of the superintendent of schools of the district. The superintendent making the order shall review the order at intervals of at least twice a year following the order and upon the review may order the continuance or termination of the stay of the child in the 24-hour school.

Release

6712. If the minor has been placed in the 24-hour school by order of the superintendent of schools of the district, the parent or guardian with whose consent the minor was placed in the school, upon application to the superintendent of schools who placed him therein, may secure the release of the minor and his restoration to the care, custody, and control of the parent or guardian. The superintendent of the district shall require a written report from the principal of the 24-hour school, giving the progress of the child and the advisability of the release of the child from the 24-hour school. If the report indicates that the minor is in need of further care and treatment and that his release would be detrimental to his own welfare or the welfare of others, the superintendent of the district may report the minor to the juvenile court or other proper court for action.

Return of minor

6713. If, in the opinion of the principal of any 24-hour school, the further detention of any minor is detrimental to the minor, the minor may upon order of the principal be re-

turned to the superintendent of schools of the district in which the school is located or to the court which committed him, as may seem necessary for the best interest of the child.

Absence

6714. Any pupil who absents himself from any 24-hour elementary school without permission being first obtained from the principal shall be deemed an habitual truant within the meaning of paragraph (j) of Section 700 of the Welfare and Institutions Code, and dealt with as such.

Any person who contributes to the absence of any pupil from the school without permission first having been obtained from the principal, or advises, connives at, or aids or assists in such absence or conceals any pupil after such absence is guilty of a misdemeanor

Course of study

6715. The course of study for the pupils and the methods used in enforcing the course of study shall be approved by the governing board of the district. There shall also be provided in the schools the proper facilities and equipment for vocational and trade training.

Clinics

6716. Each 24-hour school may conduct clinics for the diagnosis and observation of children and may advise parents and school authorities regarding courses of study or treatment in the interests of the normal development of any child and to prevent waywardness and delinquency.

CHAPTER 8. EDUCATION OF PHYSICALLY HANDICAPPED MINORS

Article 1. General Provisions

Powers of governing board

6801. Subject to the provisions of this article (commencing at Section 6801) the governing board of any school district may make such special provisions as in its judgment may be necessary for the education of physically handicapped minors. "Physically handicapped minor," as used in this article (commencing at Section 6801) means a physically defective or handicapped person under the age of 21 years who is in need of education.

Qualification of pupils

6802. Any minor who, by reason of a physical impairment, cannot receive the full benefit of ordinary education facilities, shall be considered a physically handicapped individual for the purposes of this chapter (commencing at Section 6801). Minors with speech disorders or defects shall be considered as being physically handicapped. Minors with physical illnesses or physical conditions which make school attendance impossible or inadvisable shall be considered as being physically handicapped.

Special instruction in public schools

6803. The Superintendent of Public Instruction shall promote and direct special instruction in the public schools for physically handicapped minors. He may employ such professional and other personnel as are necessary for this purpose, and may perform such other duties as are necessary to give full effect to this article (commencing at Section 6801).

6804. The State Department of Education may prescribe minimum standards for the special education of physically handicapped minors. No apportionment of state funds shall be made by the Superintendent of Public Instruction to any school district on account of the instruction of physically handicapped minors unless the standards prescribed for the instruction are complied with. Standards

6805. Any school district furnishing education to physically handicapped minors pursuant to this article (commencing with Section 6801) shall furnish such education to all such handicapped minors actually living within the district five or more days a week, although their legal residence may be outside the district. Residence

6806. Any school district which does not maintain facilities for the education of physically handicapped minors shall enter into a contract with a school district in the same county maintaining such facilities. If there is no district in the same county maintaining such facilities, the governing board of the school district shall enter into a contract with a school district maintaining such facilities in any other county. If any question arises concerning the adequacy of the facilities provided for the education of physically handicapped minors by the school district in which the child is actually living, the parent or guardian of such child may appeal to the county superintendent of schools, and if the county superintendent of schools determines that the facilities offered are inadequate, he shall order the school district in which the child is actually living either to provide the facilities or enter into a contract with a school district maintaining adequate facilities. Contracts for education of physically handicapped minors

Such contract shall provide for the payment of the cost of tuition by the district in which the physically handicapped minor actually lives and may provide for payment of the cost of the use of the buildings and equipment. The cost of tuition shall not be greater than the difference between current expenditures per unit of average daily attendance, including transportation, for the education of a pupil in the particular category of physically handicapped minors to which the pupil belongs and the apportionment of state funds for the education of physically handicapped minors in that category.

The amount shall be determined not later than the last Monday in December and the last Monday in May of each year by the county superintendent of schools of the county in which the child attends schools and certified to the superintendent of schools having jurisdiction over the schools of the school district in which the child actually lives. The amount shall be forthwith paid from any funds of the school district available for that purpose.

6807. The governing board of a school district may provide for the transportation of pupils assigned to special schools or classes for physically handicapped pupils, and shall provide transportation for those pupils whose physical handicaps prevent their walking to school. Transportation

Same

6808. The governing board of the school district in which any physically handicapped minor is actually living, although the residence of his parents or guardian is outside the district, shall provide for the transportation of such minor to the school at which education is furnished, if his handicap prevents his walking to school or if the distance is greater than one mile, regardless of whether such education is furnished within or without the district.

Special schools or classes

6809. Physically handicapped minors may be admitted at the age of three years to special schools or classes established for such minors.

Care of pupils

6810. Necessary care may be provided during school hours for pupils whose attendance has been irregular because of physical handicaps, and such employees as may be needed may be employed to provide the care.

Rules

6811. The governing board of a school district may establish regulations determining who can profit by and who shall receive the special instruction provided by this article (commencing with Section 6801). The regulations shall be subject to such standards as may be prescribed by the State Department of Education.

Method of instruction

6812. Physically handicapped minors may be instructed in special schools or special classes, in hospitals, sanatoriums, or preventoriums, in the home through the employment of home instructors, by co-operative arrangement with the Bureau of Vocational Rehabilitation of the State Department of Education, or by any other means approved by the State Department of Education.

Minors with speech disorders or defects may be admitted at school for individual instruction at the age of three years for the purpose of remedying such speech disorders or defects.

Instruction outside district

6813. Special classes or individual instruction provided for pretuberculous, tuberculous, convalescent, or other physically handicapped minors in hospitals, sanatoriums, and preventoriums, may be maintained in the institutions within or without the school district, and the attendance of pupils in the institutions shall be credited to the district providing the instruction.

Exemptions

6814. No minor shall be required to take advantage of the special provisions for the education of physically handicapped minors if the parent or guardian of the minor files a statement with the governing board of the school district showing that the minor is receiving adequate educational advantages.

Expenditures for cerebral palsied minors

6815. A minor with cerebral palsy may attend a special school or class maintained by any school district for minors with cerebral palsy. The governing board of the district of residence shall pay to the district of attendance at the close of each school year the total current expenditures of the district of attendance, for the education of such minor during such school year, less all apportionments of state and federal funds made on account of the attendance of such pupils. The governing board of the district of residence may agree to reimburse the

district of attendance for use of buildings and equipment. If the district of residence has insufficient funds to make such payment, the county superintendent of schools having jurisdiction over the district of residence shall apportion to the district from the county school service fund such sum as may be necessary to permit the district to meet its obligation under this section.

"Excess expense"

6816. The Superintendent of Public Instruction shall determine the amount of the excess expense incurred by each school district for the education of physically handicapped pupils. "Excess expense" as employed in this section includes the total current expenses of education incurred for remedial classes and for individual instruction of physically handicapped children in the home or in an institution, plus the excess amount of the current expenses incurred for all other physically handicapped pupils instructed in special schools, in special classes, in individual instruction at school of minors with speech disorders or defects who may be admitted at the age of three years, or in regular classes over the expense for an equal number of units of average daily attendance of pupils not classified as physically handicapped or mentally retarded pupils. "Remedial classes" as herein employed includes special classes providing remedial instruction for physically handicapped pupils who are excused in small numbers for a portion of a class period from regular, special day, and special training schools or classes, without appreciable reduction in the costs of such schools or classes.

Counselors for blind students

6817. The Department of Education may appoint counselors to assist blind students attending public schools in the State to solve problems in connection with their school program. The counselors may visit blind pupils attending any public school in the State, in their homes to advise them and discuss with their parents the solution of problems pertaining to their school attendance. The counselors shall be available to teachers and administrators in the public schools where blind pupils are in attendance to advise and counsel them regarding the best methods and procedures for teaching blind children. The counselors shall be persons who have had special training for such work, and shall be thoroughly familiar with problems peculiar to the blind and their public school education. Blindness shall not be grounds to disqualify persons for these positions.

Counsel and guidance

6818. Individual counseling and guidance in social and vocational matters shall be provided as part of the instructional program for physically handicapped pupils. Upon approval by the State Department of Education the governing board of any school district may separately, or in co-operation with the governing board or boards of one or more other school districts, or in co-operation with the Bureau of Vocational Rehabilitation of the State Department of Education, employ a special co-ordinator, who shall make a study of employment and occupational opportunities and shall assist in

the co-ordination of the education of the physically handicapped minors with the commercial and industrial pursuits of the community, so as to prepare the minors for employment.

Co-operation

6819. The State Department of Employment shall, through the State Employment Service, co-operate with local school officials and the State Department of Education in the placement of physically handicapped individuals.

Teacher qualifications

6820. On and after September 1, 1955, no person shall be employed to teach blind, partially seeing, deaf, hard of hearing, speech handicapped, or orthopedically handicapped minors in a special day or remedial class for such minors who does not hold a valid credential authorizing such teaching. Nothing herein shall be deemed to prohibit the employment, as a substitute teacher of each such special day class for not more than 20 school days in any school year, of a person holding some other valid credential authorizing substitute teaching.

Braille books, etc.

6821. The State Department of Education may co-operate with the American Printing House for the Blind in the provision and distribution of Braille books and other materials and equipment available from the American Printing House for the Blind for the use of blind pupils in the public schools of California under the provisions of an act entitled: "An act to amend the act to promote the education of the blind, approved March 3, 1879, as amended, so as to authorize wider distribution of books and other special instructional material for the blind, to increase the appropriations authorized for this purpose, and for other purposes," approved August 2, 1956 (Public Law 922, 84th Congress, 2d Session).

Article 2. Schools and Classes in County Institutions

Residence of students in hospital etc., classes

6851. Whenever a school district maintains a school or classes at a tuberculosis or polio ward, hospital or sanatorium established and maintained by a county or group of counties, any minor or adult who has been admitted to such ward, hospital or sanatorium is, if otherwise qualified, eligible to attend such school or classes but shall be deemed to be, for the purposes of this code, a resident of the school district in which he resided prior to his admission to such tuberculosis or polio ward, hospital or sanatorium.

The minimum school day for such classes is 180 minutes. Whenever two or more districts are authorized and operate such schools or classes the governing boards of the districts may jointly employ personnel to administer and conduct the programs.

Cost of education

6852. The school district of which any such minor or adult is a resident shall at the close of each school year pay to the district maintaining a school or class in which such minor or adult is enrolled the cost of educating such minor or adult during the school year. The cost shall be determined by dividing the total current expenditures of the school district during such school year for the maintenance of such school or classes,

less all apportionments from the State or allocations from the Federal Government on account of such school or classes, by the total number of units of average daily attendance in such school or classes during such school year.

Minors in such schools or classes shall be apportioned excess cost apportionments for handicapped minors as stated elsewhere in this code.

The Superintendent of Public Instruction shall adopt standards and regulations relating to administration, attendance, accounting and counseling in hospital schools and classes.

Claim for cost

6853. The district maintaining such school or classes shall forward its claim to the district of residence and the governing board of such district shall upon the receipt thereof pay such claim.

CHAPTER 9. EDUCATION OF MENTALLY RETARDED MINORS

"Mentally retarded minors"

6901. "Mentally retarded minors" means all minors who because of retarded intellectual development as determined by individual psychological examination are incapable of being educated efficiently and profitably through ordinary classroom instruction.

Provisions for education

6902. The education of mentally retarded minors who are of compulsory school age and who may be expected to benefit from special educational facilities designed to make them economically useful and socially adjusted shall be provided for in the manner set forth in Sections 6901 to 6913, inclusive, and in Sections 8951 to 8956, inclusive.

Same

6903. The education of mentally retarded minors who do not come within the provisions of Section 6902, who are five or more, and less than 18 years of age, and who may be expected to benefit from special educational facilities designed to educate and train them to further their individual acceptance, social adjustment, and economic usefulness in their homes and within a sheltered environment, may be provided for in the manner set forth in Sections 6901 to 6913, inclusive, and in Sections 8951 to 8956, inclusive.

Each school district maintaining special training schools or classes for such mentally retarded minors may limit the number of minors to be admitted to such schools or classes.

Any such minor who becomes 18 years of age while in attendance upon a special training school or class shall be permitted to continue to attend thereon for the remainder of the time such school or class is maintained during the then current school year.

From the effective date of the 1957 amendment to this section, until the end of the 1961-1962 school year, this section shall also apply to the education of mentally retarded minors who are five or more, and less than 21 years of age, and who meet the other requirements of this section.

Special training schools or classes

6904. The governing board of any elementary or unified school district which has an average daily attendance of 900

or more in the elementary schools of the district, or any high school district which has an average daily attendance of 900 or more shall provide for the education in special training schools or classes of mentally retarded minors residing in the district who come within the provisions of Section 6902 and who are not in attendance upon other special training schools or classes maintained under the provisions of Sections 6901 to 6913, inclusive. The mandatory provisions of the section as they apply to high school districts shall become effective July 1, 1956, but the governing board of any high school district may provide for such education for all or any portion of the mentally retarded minors residing in the high school district prior to said date.

The governing board of any elementary or unified school district may provide for the education of mentally retarded minors residing in the district who come within the provisions of Section 6903.

Same In certain high school districts

6905. The governing board of any high school district which has an average daily attendance of less than 900 may establish and maintain special training schools or classes for the education of such mentally retarded minors as may be admitted to such schools or classes by the governing board of the district.

Minimum standards

6906. The Department of Education shall establish minimum standards for all such special schools and classes and shall enforce these standards throughout the State.

Supervision, etc

6907. One person in the Department of Education shall devote his entire time to the supervision of training of mentally retarded minors. The department shall employ such other persons as are necessary to carry out the purposes of Sections 6901 to 6913, inclusive, and of Sections 8951 to 8956, inclusive.

Individual examination of child

6908. Before any child is placed in a school or class for mentally retarded children, he shall be given a careful individual examination by a competent psychologist holding a credential for that purpose issued by the State Board of Education, or by a person serving under the supervision of such a psychologist and holding a credential for that purpose issued by the State Board of Education, and a consultation with his parents or guardian held. A psychiatrist may be consulted in any specific case when the governing board of the district deems it necessary.

Objections by parent or guardian

6909. No examination as specified in Sections 6901 to 6913, inclusive, shall be given if the parent or guardian objects on the ground that such examination is contrary to the religious beliefs of such parent or guardian.

Agreements for transportation and education

6910. The governing board of any school district otherwise required or authorized to maintain special training schools and classes under Sections 6904 and 6905 for mentally retarded minors may provide for the education of such minors in, and for the transportation of such minors to, special training schools or classes maintained by another school district under Sections 6901 to 6913, inclusive, or by a county superin-

tendent of schools under Sections 8951 to 8956, inclusive, subject to such terms and conditions as may be agreed upon.

Transportation

6911. In lieu of entering into an agreement for the transportation of mentally retarded minors by the school district or county superintendent of schools, in the special training schools and classes of which the education of such minors is provided under Section 6910 or 9572, the school district or county superintendent of schools of the county required to provide for their education may provide such transportation.

Teacher qualifications

6912. No person shall be employed as a teacher of mentally retarded minors who does not hold a valid credential for the education of mentally retarded children. Nothing herein shall be deemed to prohibit the employment, as a substitute teacher of each special training class of mentally retarded children for not more than 20 school days in any school year, of a person holding some other valid credential authorizing substitute teaching.

"Excess expense"

6913. The Superintendent of Public Instruction shall determine the amount of the excess expense incurred by each school district for the education of mentally retarded minors. "Excess expense" as employed in this section includes the total current expenses of education incurred for mentally retarded minors instructed in special schools or classes, over the expense for an equal number of units of average daily attendance of pupils not classified as mentally retarded minors or physically handicapped minors.

Mentally retarded minors
Special training schools

6914. Whenever any school district establishes special training schools or classes for the education of mentally retarded minors who come within the provisions of Section 6903, the governing board of the school district may apply to the Superintendent of Public Instruction for an apportionment pursuant to Sections 6914 to 6919, inclusive.

Application

6915. The application shall be made prior to September 1st of each school year in the form and manner prescribed by the Superintendent of Public Instruction and shall include an estimate of the average daily attendance that will be credited to such schools or classes during the school year in which they are established. Such estimate shall be based upon the number of minors residing in the district or in an adjacent district that come within the provisions of Section 6903 and who will attend such schools and classes shall be subject to the approval of the Superintendent of Public Instruction.

Apportionments

6916. Not later than 30 days after such application, the Superintendent of Public Instruction, if he approves, shall apportion to each applicant school district from the State General Fund, as an advance against future apportionments from the State School Fund to such district, an amount equal to the maximum amount allowable per unit of average daily attendance to school districts for the excess expense of educating mentally retarded minors who come within the provisions of Section 6903, multiplied by eight and the product

thereof multiplied by the number of special training classes established by the applicant school district for such minors.

Abstract of apportionments

6917. The Superintendent of Public Instruction shall furnish an abstract of all apportionments made to school districts of any county under Sections 6914 to 6919, inclusive, to the State Controller, the Department of Finance and to the county auditor, county treasurer and county superintendent of schools of the county and shall certify such apportionments to the State Controller who shall thereupon draw his warrants on the State General Fund in favor of the county treasurer of each county for the amounts apportioned to the districts of the county.

Crediting of funds

6918. All moneys received by the treasurer of a county under Sections 6914 to 6919, inclusive, shall be credited by the treasurer to the general fund of the school district of the county exactly as apportioned by the Superintendent of Public Instruction.

Deductions

6919. During the next two fiscal years after the fiscal year in which such apportionment is advanced to a school district under Sections 6914 to 6919, inclusive, the State Controller shall deduct from apportionments made to each such school district from the State School Fund an amount equal to the amount apportioned to such district under Sections 6914 to 6919, inclusive, and pay the same into the State General Fund.

Chapter 10. Education of Children Residing in Children's Institutions

Child residing in children's institution

6951. Whenever a school district educates a child who resides in a regularly established licensed children's institution located either within or without the boundaries of the district; and provided, the average daily attendance of all the children residing in such an institution is equal to or greater than 1 percent of the total average daily attendance of that school district, the child shall be deemed to be, for the purposes of this code, a resident of the school district in which he resided prior to his admission to the children's institution.

Payment of cost of educating minor

6952. The school district of which any such minor is a resident shall at the close of each school year pay to the district educating such minor the cost of educating such minor during the school year. The cost shall be determined by dividing the total current expenditures of the school district during such school year less all apportionments from the State or allocations from the Federal Government on account of such school or classes, by the total number of units of average daily attendance in such school or classes during such school year.

Claim for cost

6953. The district maintaining such school or classes shall forward its claim to the district of residence and the governing board of such district shall upon receipt thereof pay such claim.

6954. If payment is not made within thirty (30) days prior to the close of the fiscal year in which the claim is submitted, the county superintendent shall, after verifying the claim, take the necessary steps to have the money transferred from the district of residence to the district maintaining the school or classes. Transfer of funds on nonpayment

CHAPTER 11. VOCATIONAL REHABILITATION—GENERAL PROVISIONS

7001. It is the public policy of this State to encourage and assist physically and mentally handicapped persons to achieve the maximum degree of self-support, and for that purpose to make adequate provision for such services as will enable them to prepare for and engage in remunerative employment to the maximum extent of their capabilities. This policy should be carried out by strengthening the existing program of vocational rehabilitation, by adding such services as will enable the greatest number of disabled persons to become self-supporting, and by the establishment of this service upon an adequate legal basis in the laws of this State. Policy

7002. Pursuant to agreements the department shall co-operate with the Federal Government in carrying out the purposes of any federal statutes pertaining to the purposes of this chapter (commencing at Section 7001) and may adopt such methods of administration found necessary by the Federal Government for the proper and efficient operation of such agreements or plans for vocational rehabilitation and may comply with such conditions as may be necessary to secure the full benefits of such federal statutes. Co-operation with Federal Government

7003. The people of the State accept the provisions and benefits of the act of Congress entitled "An act to provide for the promotion of vocational rehabilitation of persons disabled in industry or otherwise and their return to civil employment," approved June 2, 1920, and as the same has been amended. Acceptance of federal act

7004. In accepting the provisions and benefits of the act of Congress referred to in Section 7003, the people of the State agree to observe and comply with all of its requirements. Compliance with act

7005. "Department" means Department of Education. "Department"

7006. "Bureau" means the Bureau of Vocational Rehabilitation in the State Department of Education. "Bureau"

7007. "Executive officer" means the Director of Education who is the executive officer of the State Board of Education. "Executive officer"

7008. "Employment handicap" means a physical or mental condition which constitutes, contributes to, or if not corrected will probably result in, an impairment of occupational performance. "Employment handicap"

7009. "Disabled individual" means any person who has a substantial employment handicap. "Disabled individual"

"Vocational rehabilitation" and vocational rehabilitation services

7010. "Vocational rehabilitation" and "vocational rehabilitation services" mean any service provided directly or through public or private instrumentalities to a disabled individual to compensate for his employment handicap and to enable him to engage in a remunerative occupation. Such services include, but are not limited to, medical and vocational diagnosis, vocational guidance, counseling and placement, rehabilitation training, physical restoration, transportation, occupational and business licenses, equipment, initial stocks and supplies, including livestock, maintenance, and instructional supplies and equipment which the department may permit to be retained by any trainee to whom furnished if essential to permit him to enter upon and follow an occupation.

"Rehabilitation training"

7011. "Rehabilitation training" means all necessary training provided to a disabled individual to compensate for his employment handicap including, but not limited to, manual, preconditioning, prevocational, vocational, and supplementary training and training provided for the purpose of developing occupational skills and capacities.

"Physical restoration"

7012. "Physical restoration" means any medical, surgical, or therapeutic treatment necessary to correct or substantially reduce a disabled individual's employment handicap within a reasonable length of time including, but not limited to, medical, psychiatric, dental, and surgical treatment, nursing service, hospital care, drugs, medical and surgical supplies, and prosthetic appliances, but excluding curative treatment for acute or transitory condition.

"Prosthetic appliance"

7013. "Prosthetic appliance" means any artificial device necessary to support or take the place of a part of the body or to increase the acuity of a sense organ.

"Occupational licenses"

7014. "Occupational licenses" means any licenses, permit, or other written authority required by any governmental unit to be obtained in order to engage in an occupation.

"Maintenance"

7015. "Maintenance" means money payment not exceeding the estimated cost of subsistence during the provision of vocational rehabilitation or rehabilitation services. It further includes amounts, in cash or in kind, to cover the cost, if any, of short periods of medical care for acute conditions arising during the provision of vocational rehabilitation or rehabilitation services.

"Industrial rehabilitation workshop"

7016. An "industrial rehabilitation workshop" means an establishment that is operated for the primary purpose of providing remunerative employment, prevocational, exploratory, employment training or conditioning for employment to persons who cannot be absorbed in the competitive labor market due to physical or mental handicaps. Employment may be offered through the manufacture and sale of products by the workshop or through the subcontracting of work from other government agencies or from private industry. Handicapped persons employed in such workshops shall be paid wages based upon the unit value of the work produced comparable to the wages paid in private industry for similar units of work.

7017. "Blind person" means either a person who has not more than 20/200 central visual acuity in the better eye after correction, or a person who has visual acuity greater than 20/200 but with a limitation in the fields of vision such that the widest diameter of the visual field subtends an angle no greater than 20 degrees. "Blind person"

7018. The State Board of Education shall administer this chapter (commencing at Section 7001) through the Department of Education. Administration

7019. The department shall direct its program of vocational rehabilitation through the director. Director

7020. The department shall provide the services defined authorized by this chapter (commencing at Section 7001) to the physically or mentally impaired, including the blind, determined to be eligible therefor. Services

7021. The department may co-operate with other departments, agencies, and institutions, both public and private, in providing the services authorized by this chapter (commencing at Section 7001) to impaired individuals, in studying the problems involved therein, and in establishing, developing, and providing, in conformity with the purposes of this chapter (commencing at Section 7001), such programs, facilities, and services as may be necessary or desirable. Co-operation

7022. The department and the Industrial Accident Commission shall formulate a plan of co-operation for the referral and rehabilitation of persons in industry. Plan of co-operation

7023. The department may enter into reciprocal agreements with other states to provide for the services authorized by this chapter (commencing at Section 7001) to residents of the state concerned. Agreements

7024. The department may prepare and promulgate regulations and statements of policy governing the protection of records and confidential information, the manner and form of filing applications, eligibility and investigation and determination thereof, for vocational rehabilitation services, procedure for fair hearings and such other regulations and policies as are found necessary to carry out the purposes of this chapter (commencing at Section 7001). Regulations

7025. The department may conduct research and compile statistics relating to the provision of services or the need of services by impaired individuals. Research

7026. The department may utilize funds made available from appropriations by Congress, by gifts or grants from private sources or by state appropriations, or both, or by transfer of funds from other state departments subject to usual budgetary controls for the purpose of establishing and operating workshops, or of co-operating with other public or private agencies for this purpose. Funds

7027. Vocational rehabilitation services may only be provided any disabled individual 16 years of age or over: Eligibility

(a) For whom it has been determined vocational rehabilitation may be satisfactorily achieved;

(b) Who has resided within the State for one year, or who is eligible therefor under terms of an agreement with another state or the Federal Government;

(c) Who is found to be in financial need with respect to rehabilitation services, except that counseling, rehabilitation training, and job placement shall be made available without regard to financial need.

CHAPTER 12. SCHOOL LIBRARIES

Article 1. Establishment and Maintenance

Control

7051. Libraries may be established and maintained under the control of the governing board of any school district.

Use

7052. The libraries shall be open to the use of the teachers and the pupils of the district.

Article 2. Books

List of books and apparatus

7101. County boards of education may adopt a list of books and apparatus for district school libraries of districts not employing a superintendent of schools or a librarian for full time.

Exclusion

7102. The governing board of any school district may exclude from schools and school libraries all books, publications, or papers of a sectarian, partisan, or denominational character.

Stamps

7103 The trustees of each district shall cause each book placed in the library, to be stamped on the flyleaf, on the title page, and on each 100th page of the book, with the words "Department of Public Instruction, State of California, _____ County _____ District Library." The county superintendent shall procure the stamp for each district in his county, and pay for it out of the county school fund of the district.

Article 3. Management

District librarian

7151. The school trustees of a district maintaining its own library may appoint a person who is the holder of a librarianship credential as librarian of the district library.

Duties of librarian

7152. The librarian shall manage the library as efficiently as possible, and shall be accountable to the trustees for the proper care of the library; collect all fines, penalties, and fees of membership; organize and maintain an appropriate collection of books and other printed material for the use of teachers and pupils of the district.

Duties of trustees

7153. The trustees are accountable for the proper care and preservation of the library, and may assess and collect all fines, penalties, and fees of membership and make all needful rules and regulations not provided for by the State Board of Education, and not inconsistent therewith.

7154. The trustees shall, on or before August 31st, in each year, report to the State Librarian on the condition of the library, for the year ending June 30th preceding. The report shall, in addition to other matters deemed expedient by the trustees or the librarian, contain such statistical and other information as is deemed desirable by the State Librarian. For this purpose the State Librarian may send to the several librarians instructions or question blanks so as to obtain the material for a comparative study of library conditions in the State. Reports

Article 4. Affiliation with County and City Libraries

7201. Whenever the county in which a district is situated maintains a county library, the governing board of any school district may agree with the proper authorities of the county to make the school library a branch of the county library. Branch of county library

7202. If the school library becomes a branch of the county library, the governing board of the school district shall turn over the books and other property of the district library to the county library, and shall annually transfer to the county library its library fund, as soon as it is available. The county library shall thereafter make the district library a branch library, managed and maintained according to the rules and regulations established by the authorities of the county library. Property and funds

7203. All funds transferred to a county library pursuant to this article (commencing at Section 7201) shall be used by the county library only for: (a) the acquisition of such books and other materials as are adopted by the body authorized to adopt courses of study for the school districts of the county, and (b) the care and distribution of the books and other materials to school libraries which are branches of the county library. Use of funds

7204. The county librarian may (a) at his discretion dispose of books and other materials no longer fit for service, and (b) with the approval of the county board of education dispose of any books or other materials no longer needed by the course of study. Disposal of books

7205. In any city conducting a public library owned and managed by the city, the governing board of any school district may enter into an arrangement with the governing body of the public library of the city similar to the arrangement authorized by this article (commencing at Section 7201) between the governing boards of any school district and the county library. Agreement with city

7206. Whenever a district library becomes a branch library, the provisions of this chapter (commencing at Section 7051) relating to the stamping of library books and the care and preservation of the library shall not apply to it. Stamps

7207. Whenever a district library becomes a branch library the county, or city and county, or city superintendent of Transfer of fund

schools may draw a warrant for the whole amount of the district library fund, payable to the proper authorities of the library, upon the filing with him of a copy of the resolution of the governing board of the district embodying the agreement made with the library. The copy shall be duly certified as correct by the clerk of the district or other proper officer.

Agreement with county

7208. The governing board of any high school district lying wholly or partly within a county maintaining a county free library may enter into a contract or agreement with the board of supervisors of the county by which the high school district may secure the advantages of the county free library upon such terms and conditions as are fixed in the contract or agreement.

Care of property

7209. Whenever a district library shall have become a branch library the district shall provide for the care and custody of and assume responsibility for the books and other property delivered to it subject to the rules and regulations of the county or city library.

Termination of agreement

7210. With the consent of the county superintendent of schools the governing board of the school district may agree with the proper authorities of the county or city to terminate the affiliation of the district with the county or city library. The proceedings shall be terminated prior to the first day of February of the school year in which begun and shall be effective on the first day of July next succeeding.

Termination of services

7211. With the consent of the county board of education, in those counties in which the county superintendent of schools performs library services for the school library of any district, the governing board of the school district may agree with the proper authorities of the county to terminate the affiliation of the district with the county superintendent of schools with respect to library services. The proceedings shall be terminated prior to the first day of February of the school year in which begun and may provide for either:

(a) The complete withdrawal of affiliation effective on the first day of July next succeeding, or

(b) A gradual withdrawal over a period of not to exceed five years beginning on the first day of July next succeeding the termination of proceedings.

The county board of education shall adopt rules and regulations governing such a gradual withdrawal, including the period to be covered, not to exceed five years, the amount of payment for each year, and the amount of service to be rendered. The terms of such gradual withdrawal shall comply with such rules and regulations.

Article 5. District Library Fund

Annual apportionment

7251. Except in cities governed by boards of education, the county superintendent of each county shall annually apportion to each school district, as a library fund, such sum as is requested by the governing board of the school district.

7252. The request shall be in writing and filed with the county superintendent of schools in the month of June of each year. Request

7253. In no case shall the sum transferred to the library fund of any district be less than seventy-five dollars ($75) for each 35 units of average daily attendance or fraction thereof and for each 300 units of average daily attendance in the district during the preceding fiscal year exclusive of the average daily attendance of pupils of the seventh and eighth grades of the district attending a junior high school. Amount

7254. If the governing board of a district fails to file the request in writing, the county superintendent of schools shall transfer from the general fund of the district to the library fund of the district an amount not to exceed one hundred dollars ($100) for each 35 units of average daily attendance or fraction thereof and for each 300 units of average daily attendance in the district during the preceding fiscal year exclusive of the average daily attendance of pupils of the seventh and eighth grades of the district attending a junior high school. Failure to file request

Article 6. Library Fund in Cities

7301. The county superintendent of each county or city and county shall annually apportion to each city or city and county not divided into school districts, as a library fund, such sums as are requested by the board of education of the city or city and county. Annual apportionment

7302. The request shall be in writing and shall be filed with the county superintendent of schools at least 30 days before the first day of the month in which the supervisors of the county or city and county are required by law to levy the amount of taxes required for county or city and county purposes for each year. Request

7303. In each city or city and county, comprising a single district, the amount apportioned shall not be less than one dollar and fifty cents ($1.50) for each pupil of average daily attendance in the elementary schools. Amount

7304. The amount apportioned shall be deducted from the county school fund apportioned to each city or city and county and credited to the library fund of each city or city and county. Deduction

7305. If the board of education of any city or city and county fails to file the request in writing, the county or city and county superintendent shall apportion to the library fund of each city or city and county failing to make the request in writing, such amount, but not less than the amount specified in Section 7303, as he deems advisable. Failure to file request

7306. The total amount of each apportionment shall constitute the library fund of each city or city and county not divided into school districts, and shall be expended only in accordance with the provisions of this chapter (commencing at Section 7051). Library fund

Article 7. Use of Library Fund

School apparatus and books

7351. The governing board of any school district shall expend the library fund, together with such money as is added thereto by donation, in the purchase of school apparatus and books for a school library, including books for supplementary work.

Conditions of purchase

7352. No warrant shall be drawn by the superintendent of schools upon the order of any governing board of any school district against the library fund of any district unless the order is accompanied by an itemized bill, showing the books and apparatus, and the price of each in payment of which the order is drawn, and unless the books and apparatus, except in the case of library books and apparatus purchased by a district employing a district superintendent of schools or a school librarian for full time, have been adopted by the county, city, or city and county board of education.

Approval

7353. All orders of the governing board of any school district for books or apparatus shall in every case be submitted to the superintendent of schools of the county, city, or city and county, respectively, for his approval, before the books or apparatus shall be purchased.

Chapter 13. School Farms

Power to establish

7401. The governing board of any school district may, for the purpose of providing practical instruction in agriculture, establish one or more school farms for any one or more of the schools of the district whenever in its judgment it is advisable to do so.

Costs

7402. The cost of purchasing and equipping a school farm and all other costs not met from the receipts of the operation of the farm shall be a charge against the funds of the school district.

Supervision

7403. The governing board of the district may provide for the general supervision of the farm and the cost of the supervision may be a charge against the funds of the district.

Disposition of money

7404. All moneys received from the sale of produce, livestock and other products of a farm shall be paid into the county treasury to the credit of the general fund of the district.

"The School Farm Account"

7405. The governing board of the school district may, as an alternative to the procedure provided for in Section 7404, establish an account for each such farm established in the district, or for all such farms established by the district, in one or more banks to be known as "The School Farm Account" of (insert name of district) District. If the account is established for one of several farms, it shall be known as "The School Farm Account of (insert name of school) School of (insert name of district) District." All receipts of the school farm, or farms, derived from the sale of produce, livestock, and other products, may be withdrawn from the general fund in the

same manner as other moneys may be withdrawn from funds of the district and deposited in the account for expenditure for the operation and maintenance of the farm, or farms, in accordance with the direction of the governing board.

Custody of account

7406. The governing board may designate an employee or employees of the district to have custody of the account or accounts established under Section 7405, who shall be responsible for the payment into the account or accounts of all moneys received for or to be paid into the account or accounts, and for all expenditures therefrom, subject to such regulations as the governing board may prescribe.

Livestock, produce, etc

7407. The governing board may buy feed, livestock, and materials and supplies for a farm and may sell produce, livestock and other products of a farm in accordance with rules and regulations adopted by the board notwithstanding any provision of this code in conflict with such rules and regulations.

DIVISION 7. EDUCATIONAL PROGRAM

CHAPTER 1. GENERAL PROVISIONS

Article 1. State Curriculum Commission

Curriculum Commission

7501. There is in the State Government the State Curriculum Commission consisting of the Superintendent of Public Instruction, and 10 additional members appointed by the Superintendent of Public Instruction with the approval of the State Board of Education.

Members

7502. Among the appointive members of the Curriculum Commission there shall be at least one county superintendent of schools, one city superintendent of schools, one person employed in a junior college in a position requiring certification qualifications, one high school principal, one elementary school principal, one college teacher of education and one classroom teacher.

Term

7503. All members of the commission shall be appointed for a term of four years.

Vacancies

7504. In case of a vacancy on the Curriculum Commission, the Superintendent of Public Instruction shall appoint a member to serve for the remainder of the unexpired term.

Chairman

7505. The Superintendent of Public Instruction shall be the chairman of the Curriculum Commission.

Annual meeting

7506. The annual meeting of the State Curriculum Commission shall be held on the third Saturday in June of each year, but the commission may fix another date for the annual meeting. The Superintendent of Public Instruction shall call meetings of the commission when in his discretion meetings are necessary.

Compensation

7507. Members of the State Curriculum Commission shall serve without compensation, but they shall be allowed their

actual and necessary traveling expenses in attending meetings of the commission and in attending meetings of any committee or subcommittee of the commission of which they are members

Expenses

7508. The expenses of the State Curriculum Commission shall be paid out of appropriations made to the Superintendent of Public Instruction or State Department of Education.

Courses of study

7509. The Curriculum Commission shall study problems of courses of study in the schools of the State and may recommend to the State Board of Education the adoption of minimum standards for courses of study in the kindergarten, elementary, and secondary schools.

Standards

7510. Courses of study in the public schools shall conform to such minimum standards when adopted.

Article 2. Enforcement of Courses of Study

Powers of district boards

7551. The governing board of any school district shall enforce in the schools the course of study and the use of textbooks prescribed and adopted by the proper authority.

Powers of city boards of education

7552. Each city board of education shall prepare annually and keep on file for public inspection the courses of study prescribed for the kindergarten, elementary, and high schools of the city school district under its jurisdiction.

Powers of county boards of education

7553. County boards of education shall, except in cities having a city board of education, prescribe and enforce in the public schools a course of study.

Chapter 2. General Courses of Study

Article 1. Elementary School Courses

Years of instruction

7601. Except as otherwise provided, the courses of study for the day elementary schools in districts maintaining junior high schools shall embrace six years of instruction, and in districts in which junior high schools are not maintained, the courses of study shall embrace eight years of instruction. Courses shall allot six or eight years, respectively, for instruction in subjects required to be taught in such schools and may allot not more than two years for kindergarten instruction.

The course of study for any day elementary school located in an elementary school district situated in a high school district maintaining one or more junior high schools, where the districts are governed by boards of identical personnel, shall embrace six years or eight years at the discretion of the governing board of the elementary school district.

The courses of study for the day elementary schools of a unified school district maintaining one or more junior high schools shall embrace six years or eight years, or some of the elementary schools may be maintained for six years and some may be maintained for eight years. The courses of study for any day elementary school located in an elementary school

district situated in a union or joint union high school district maintaining one or more junior high schools shall be six years or eight years at the discretion of the governing board of the elementary school district if such high school district did not maintain a junior high school prior to July 1, 1943, and if such elementary school is located 40 miles or more by the nearest traveled road from any junior high school maintained by such high school district.

In all other cases, the courses of study of any elementary school shall embrace eight years.

Each day elementary school may allot not more than two years for kindergarten instruction.

Same

7602. Notwithstanding anything in Section 7601 to the contrary, an elementary school district otherwise authorized to maintain a course of study for the day elementary schools of the district embracing only six years of instruction which during the school years 1943-1944 and 1944-1945 maintained a course of study for the day elementary schools of the district embracing eight years of instruction is hereby authorized to maintain a course of study for such schools embracing six years of instruction or eight years of instruction at the discretion of the governing board of the district.

Agreements for education of seventh and eighth grade pupils

7603. Notwithstanding anything in Section 7601 to the contrary, an elementary school district otherwise authorized to maintain a course of study for the day elementary schools of the district embracing only six years of instruction which during the school years 1953-1954 and 1954-1955 maintained a course of study for the day elementary schools of the district embracing seven or eight years of instruction is hereby authorized to enter into an agreement with the governing board of the high school district maintaining junior high schools in the district, subject to the approval of the county superintendent of schools having jurisdiction, stipulating the terms upon which the elementary school district shall educate pupils of the seventh or eighth grades, or both, of the junior high school.

Any contract entered into pursuant to this section does not in any manner change the legal status of any high school district authorized to maintain seventh and eighth grades, and the authorization and obligation of such high school district to furnish school buildings for such seventh and eighth grade pupils is and shall continue to be a sole responsibility of such district.

Contracts entered into pursuant to this section may be for a term of not to exceed five (5) consecutive school years.

Courses of study in elementary schools

7604. The course of study in the elementary schools shall include instruction in the following prescribed branches in the several grades in which each is required pursuant to this article (commencing at Section 7601): (a) Reading, (b) writing, (c) spelling, (d) language study, (e) arithmetic, (f) geography, (g) history of the United States and of California, (h) civics including a study of the Declaration of Independence and of the Constitution of the United States, (i) music,

(j) art, (k) training for healthful living, (*l*) morals and manners, and such other studies not to exceed three as may be prescribed by the board of education of the city, county, or city and county; provided, however, that whenever any part of "training for healthful living" conflicts with the religious beliefs of the parent or guardian of any pupil, then on written request of the parent or guardian the pupil may be excused from the part of the training which conflicts with such religious beliefs.

Minimum requirements

7605. A minimum of 50 percent of each school week shall be devoted to reading, writing, language study, spelling, arithmetic, and civics in grades one to six, inclusive, and a minimum of 600 minutes of each school week shall be devoted to such subjects in grades seven and eight.

Construction

7606. Nothing contained in this article (commencing at Section 7601) shall be construed as repealing any other provisions of law relative to the elementary school courses of study.

Article 2. Postgraduate Courses in Elementary Schools

Subjects

7651. The postgraduate courses in elementary schools shall consist of business English, commercial arithmetic, commercial and physical geography, bookkeeping, and United States history and civics.

Permitted subjects

7652. The county board of education may provide work in elementary agriculture, manual arts, stenography, and typewriting.

Article 3. Junior High School Courses

Junior high school courses

7701. The course for junior high school shall be designed to fit the needs of pupils of the seventh and eighth, or of the seventh, eighth, and ninth, or of the seventh, eighth, ninth, and tenth grades.

Same: Seventh and eighth grades

7702. The course for junior high school comprising the seventh and eighth grades only shall be designed to fit the needs of pupils of the seventh and eighth grades. The course shall be prepared under the direction of the governing board having control thereof and shall be subject to the approval of the State Board of Education.

Article 4. High School Courses

Preparation and approval

7751. A course of study for each high school shall be prepared under the direction of the governing board having control thereof, and shall be subject to the approval of the State Board of Education.

High school courses

7752. The course for four-year high schools shall be designed to fit the needs of pupils of the ninth, tenth, eleventh, and twelfth grades of the public schools.

Continuation high school courses

7753. The course for continuation high schools shall be designed to fit the needs of minors who are required to attend part-time continuation classes.

7754. The course for senior high schools shall be designed to fit the needs of pupils of the tenth, eleventh, and twelfth, or of the eleventh and twelfth grades. Senior high school courses

7755. Each high school district shall maintain, in one or more of its day high schools, a course of study designed to prepare prospective students for admission to state colleges and the state university. Preparation for college or university

7756. In addition to other subjects of instruction each high school course of study may include training in athletics, military drill and tactics, manual training, domestic science and art, agriculture, horticulture, dairying, or other vocational work, for which credit may be given as a part of the high school work. Instruction therein shall be given at such times and in such manner as the high school board shall determine. Permitted courses

7757. Upon satisfactory evidence being shown to the superintendent of Public Instruction that the high school board of any high school district has neglected or refused to establish only such courses of study as have been approved by the State Board of Education, or to comply with any of the other provisions of Sections 7756 and 7757, the Superintendent of Public Instruction shall withhold from the high school district, all apportionments from the State High School Fund, until the high school board fully complies with the provisions of Sections 7701 to 7760, inclusive. Failure to establish approved courses

7758. The governing board of any district maintaining a four year high or senior high school may, subject to such rules and regulations as may be prescribed by the State Board of Education, evaluate courses completed by a veteran in any high school, junior college or state college, grant credit toward graduation for military service and training received while in the military service of the United States and if satisfied that such veteran has completed the equivalent of the requirements for graduation from such high school, may grant such veteran a diploma of graduation from such high school. Credit for training in military service

7759. A veteran who entered the military service of the United States while a student in the twelfth grade of a high school and who at the time of his entrance into such military service had satisfactorily completed the first half of the work required for the twelfth grade shall be granted a diploma of graduation from such high school. Graduation of veteran

7760. "Veteran" as used in Sections 7758 to 7760, inclusive, means a person who has served 90 days or more in the military service of the United States during a war with a foreign power or during any national emergency declared by the President of the United States and who has been honorably discharged from such service. "Veteran"

Article 5. Junior College Courses

7801. A course of study for each junior college shall be prepared under the direction of the governing board of the Preparation of courses

district maintaining the junior college and shall be subject to the approval of the State Board of Education.

Two-year junior colleges

7802. The course of study for two-year junior colleges shall be designed to fit the needs of pupils of the thirteenth and fourteenth grades and may include courses of instruction designed to prepare for admission to the upper division of higher institutions of learning and such other courses of instruction designed to prepare persons for agricultural, commercial, homemaking, industrial and other vocations, and such courses of instruction as may be deemed necessary to provide for the civic and liberal education of the citizens of the community.

Approval of courses

7803. No state funds shall be apportioned to any district on account of the attendance of students enrolled in junior college courses unless the courses have been approved by the State Board of Education.

Standards of graduation

7804. The governing board of each district maintaining a junior college shall prescribe requirements for graduation from junior college courses.

Two-year junior colleges

7805. The minimum requirement for graduation from a two-year junior college course of study shall be at least 60 credit hours of work.

Four-year junior colleges

7806. The minimum requirement for graduation from a four-year junior college course of study shall be at least 120 credit hours of work.

Credit hour

7807. One credit hour of junior college work is approximately three hours of recitation, study, or laboratory work per week throughout a term of 16 weeks. Where a term is more or less than 16 weeks more or less than one credit hour shall be allowed in the same ratio that the length of the term is to 16 weeks.

CHAPTER 3. SPECIFIED REQUIRED COURSES OF STUDY

Article 1. Morals, Manners, and Citizenship

Training of pupils

7851. Each teacher shall endeavor to impress upon the minds of the pupils the principles of morality, truth, justice, and patriotism, to teach them to avoid idleness, profanity, and falsehood, to instruct them in the principles of a free government, and to train them up to a true comprehension of the rights, duties, and dignity of American citizenship.

Mandatory instruction

7852. Instruction shall be given in all grades of school and in all classes during the entire school course, in manners and morals. Instruction upon the nature of alcohol and narcotics and their effects upon the human system as determined by science shall be included in the curriculum of all elementary and secondary schools. The governing board of the district shall adopt regulations specifying the grade or grades and the course or courses in which such instruction with respect to alcohol and narcotics shall be included.

7853. All persons responsible for the preparation or enforcement of courses of study shall provide for instruction on the subjects of alcohol and narcotics. Alcohol and narcotics

7854. No board, commission, or any public officer or employee of the State or of any district, county, city and county, or city is liable for any damage or injury to any person resulting from the publication of any reports, records, prints, or photographs of or concerning any person convicted of violation of any law relating to the use, sale, or possession of narcotics, to school authorities for use in instruction on the subject of narcotics or to any person when used for the purpose of general education; provided, however, that the name of any person concerning whom any such reports, records, prints, or photographs are used shall be kept confidential and every reasonable effort shall be made to maintain as confidential any information which may tend to identify such person. Narcotic offenders Disclosure of information

Article 2. History and Government

7901. In all public and private schools located within the State, there shall be given regular courses of instruction in the Constitution of the United States, and in American history, including the study of American institutions and ideals, and of the principles of State and local government established under the Constitution of this State. Mandatory instruction

7902. Instruction in the courses required by Section 7901 shall begin not later than the opening of the eighth grade and shall continue in the high school course and in courses in state colleges, the universities, and educational departments of state, municipal, and private institutions, to an extent to be determined by the Superintendent of Public Instruction. Courses

7903. Basic instruction in geography, United States history, civics, the Declaration of Independence, the Constitution of the United States, and in American institutions and ideals as prescribed by Sections 7901, 7902 and 7604 of this code shall be prerequisite to participation by pupils in advanced courses involving the study of problems in sociology, political science, economics, foreign trade, and foreign affairs. Prerequisite to advanced courses

7904. No pupil shall receive a certificate of graduation from any school described in Section 7902 unless he has satisfactorily passed an examination on the courses required by Section 7901. Examination

A student of a college or university who after having completed a course of instruction prescribed by this article (commencing at Section 7901) and successfully passed an examination on the courses required by Section 7901, transfers to another college or university shall not be required to complete another such course or pass such an examination as a condition precedent to his graduation from the college or university.

7905. The Superintendent of Public Instruction shall make arrangements for carrying out the provisions of this article Administration

(commencing at Section 7901) and prescribe a list of suitable texts adapted to the needs of the schools and college grades.

Violations

7906. The wilful neglect or failure of any superintendent, principal, or teacher, to observe and carry out the requirements of this article (commencing at Section 7901), shall be sufficient cause for dismissal or removal from his position.

Article 3. Outdoor Science, Conservation and Forestry

Powers of governing boards

7951. The governing board of any school district may:

(a) Conduct programs and classes in outdoor science education and conservation education within or without the boundaries of the school district and for that purpose employ instructors, supervisors, and other personnel and provide necessary equipment and supplies.

(b) Acquire and maintain real or personal property needed for outdoor science education and conservation education programs and classes either within or without the boundaries of the school district either by purchase, rental, lease, gift, or other means in the same manner as if the property were within the boundaries of the school district.

(c) Contract with the United States, the State of California, any city, county, city and county or school district therein, or any combination thereof for the joint operation and maintenance of such programs and classes in outdoor science education and conservation education or for assistance in their operation and maintenance.

(d) Transport or arrange transportation of pupils, instructors, supervisors or other personnel to or from places where such programs and classes are being conducted, whether within or without the district; provided, such transportation is within the State and not in excess of a radius of 180 miles from the school or schools of the district.

Same

7952. The governing board of any school district may:

(a) Conduct courses in forestry, and for that purpose employ instructors and supervisors of classes, and acquire necessary equipment.

(b) Acquire forest lands outside the boundary of the district by lease for a period not exceeding five years, or purchase or sell such lands in the same manner as lands within the boundary of the district are purchased or sold.

(c) Afforest and reforest, and plant trees, shrubs, and vines, on such lands, or upon any public lands which may be placed at its disposal, and enter into contracts and agreements with the Government of the United States, the State, or any political subdivision thereof for such purpose.

(d) Transport pupils, instructors, or supervisors of classes to or from classes or places where such work is being done, whether within or without the district, in the same manner and subject to the same limitations as in transporting pupils to and from school.

7953. The county superintendent of schools may, with the approval of the county board of education, enter into an agreement with the governing board of any school district to provide programs and classes in outdoor science education and conservation education for pupils in the district of the sixth grade or any higher grade. The agreement shall provide for the payment by the district of the actual cost of providing such programs or classes. The county superintendent of schools shall transfer from the funds of the district to the county school service fund the amounts set forth in the agreement. Agreements for outdoor science and conservation education

All of the powers and duties authorized for governing boards of school districts by Section 7951 are powers and duties of the county superintendent of schools whenever, pursuant to this section, he provides programs and classes in outdoor science education and conservation education.

Article 4. Public Safety and Accident Prevention

8001. Instruction shall be given in every elementary and secondary school in the State in the subjects of public safety and accident prevention. Special emphasis shall be devoted to the avoidance of hazards upon streets and highways Mandatory instruction

8002. The State Board of Education shall: Rules and manual

(a) Adopt such rules and regulations as it deems necessary and proper to secure instruction in public safety and accident prevention in the elementary and secondary schools of this State in accordance with the provisions of this article (commencing at Section 8001).

(b) Compile or cause to be compiled and printed a manual in public safety and accident prevention, primarily devoted to avoidance of hazards incident to the use of streets and highways for distribution to teachers in the public elementary and secondary schools of the State.

8003. The State Board of Education in standardizing the courses of instruction offered in the state colleges shall prescribe a course in public safety and shall make the completion of the course a requirement for graduation. Courses

8004. The Superintendent of Public Instruction shall make arrangements for carrying out the provisions of this article (commencing at Section 8001), and the superintendent of schools of every county, city and county, or city, and the governing board of every school district shall require that instruction in public safety be given in the schools under its jurisdiction or control. Enforcement

Article 5. Fire Prevention

8051. The board of education of each county, city and county, and city, whose duty it is to prescribe the course of study for the elementary schools of the county, city and county, and city, shall prescribe a course of study in fire prevention dealing with the protection of lives and property against loss Courses

and damage as a result of preventable fire pursuant to this article (commencing at Section 8051) for all pupils enrolled in the day elementary schools.

Same

8052. The governing board of each high school district shall prescribe a suitable course of fire prevention for all pupils enrolled in the day high school of the district.

Purposes

8053. The aims and purposes of the courses of fire prevention shall be as follows:

(a) To create an understanding of the cause and origin of fires.

(b) To emphasize the dangers of carelessness and neglect in homes and public buildings, and the necessity of care in the use of fires.

(c) To promote an interest in preventing fires and the protection of lives and property.

Establishment of courses

8054. The State Board of Education shall adopt such rules and regulations as it deems necessary and proper to secure the establishment of a course in fire prevention in the elementary and secondary schools.

Enforcement

8055. The superintendent of schools of every county, city and county, or city, and every board of education, board of school trustees, or high school board, shall enforce the course of fire prevention prescribed by the proper authority.

Duty of teachers

8056 Each teacher in any public school of the State shall devote a reasonable time in each month during which the school is in session to the instruction of the pupils in the course of study and in fire prevention comprising the ways and means of preventing loss and damage to lives and property through preventable fires.

Article 6. Driver Education and Training

Courses in automobile driver education

8101. The Director of Education shall prepare and recommend to the State Board of Education, and the Board shall adopt, not later than May 1, 1948, rules and regulations governing the establishment, conduct and scope of automobile driver education and automobile driver training in secondary schools of this State subject to the requirements and exceptions set forth in this article (commencing at Section 8101).

Purposes

8102. The aims and purposes of automobile driver education shall be to develop a knowledge of those provisions of the Vehicle Code and other laws of this State relating to the operation of motor vehicles, a proper acceptance of personal responsibility in traffic and a true appreciation of the causes, seriousness and consequences of traffic accidents.

Same

8103. The aims and purposes of automobile driver training shall be to develop the knowledge, attitudes, habits, and skills necessary for the safe operation of motor vehicles. The governing board of any district maintaining a secondary school which includes any of the grades 9 to 12, inclusive, may in its discretion establish and maintain automobile driver training for pupils enrolled in the day secondary schools in the district.

8104. On and after the effective date of the rules and regulations adopted by the State Board of Education under Section 8101, automobile driver education and automobile driver training shall be established and maintained only in accordance with such regulations. Regulations governing

8105. (a) From and after the effective date of this amendment the governing board of each district maintaining a secondary school shall provide automobile driver education for pupils enrolled in the regular full time day secondary schools in the district. Such driver education shall be given in one of the grades 9, 10, 11, or 12 in every such secondary school but need not be given in any such secondary school which terminates with the ninth or tenth grade. Such driver education shall be given all such pupils prior to graduation from the twelfth grade except as otherwise permitted under this section. Mandatory courses

(b) A pupil who has completed such driver education in any secondary school shall not be required to repeat such driver education in another secondary school in the same or another district.

(c) The governing board of a district may grant such exemptions as it determines to be desirable in respect to twelfth grade pupils who transfer to a school in such district in which driver education is given in a lower grade.

(d) Notwithstanding the foregoing provisions of this section the governing board of a school district may make application to the State Department of Education for a partial or total exemption during each succeeding school year in respect to one or more of the schools in the district from the requirement that the district maintain automobile driver education in the school or schools named in the application. The application may be granted by the State Department of Education only when it determines upon the basis of the application that it is not practical for good and sufficient reasons to maintain driver education in any designated school or schools.

8106. "Automobile driver training" as used in this article (commencing at Section 8101) means that type of instruction which has as its purpose the development of knowledge, attitudes, habits, and skills necessary for the safe operation of motor vehicles, including behind-the-wheel driving and observation in a dual control automobile. "Automobile driver training"

8107. The governing board of the school district may prescribe regulations determining who can profit by and who shall receive instructions in automobile driver training; provided, however, that no pupil shall be permitted to enroll in automobile driver training unless such pupil is presently enrolled in a course of instruction in automobile driver education, or has satisfactorily completed such course. The regulations shall be subject to such standards for driver education and driver training as may be prescribed by the State Board of Education. Eligibility regulations

8108. The Superintendent of Public Instruction shall promote and direct the establishment and maintenance of courses Promoting, etc. of courses

of instruction in automobile driver training in the public schools. For that purpose, he shall employ such professional and other personnel as are necessary to give full effect to this article (commencing at Section 8101).

Excess cost allowance

8109. The Superintendent of Public Instruction shall allow to each district the actual excess cost of training each pupil in such driver training in accordance with the rules and regulations as set forth by the State Board of Education. However, there shall not be allowed a sum in excess of thirty-five dollars ($35) per pupil trained. Not more than the maximum enrollment of the tenth, eleventh, or twelfth grade classes of the district shall be counted as eligible for instruction in automobile driver training each year.

Reports

8110. The governing board of each school district shall report annually to the county superintendent of schools and to the Superintendent of Public Instruction on forms provided by the Superintendent of Public Instruction, the cost of instructing such pupils, and such other information as may be required for the computation of the excess cost incurred in the instruction of the pupils in automobile driver training.

Excess cost Determination

8111. The Superintendent of Public Instruction shall determine the amount of excess cost incurred by each school district during the preceding fiscal year for the establishment and maintenance of automobile driver training for pupils enrolled in the schools of the district in accordance with such regulations as he may prescribe. "Excess cost" as employed in this section includes the total current expenditures incurred for instructing pupils in automobile driver training in special classes, including, but not limited to, automobile replacement, insurance, upkeep and maintenance of automobiles used in such training. "Special classes" as employed herein includes classes providing automobile driver training for pupils who may be excused either in small numbers from regular classes, including academic classes, physical education classes, and other approved classes, or at such time as may be determined by the governing board of the district.

Authority to insure, etc

8112. The governing board of a district maintaining courses in driver education and automobile driver training may insure against any liability arising out of the use of motor vehicles in connection with such courses. The cost of such insurance shall be paid from available school district funds.

Article 7. Physical Education

Health

8151. Attention shall be given to such physical exercises for the pupils as may be conducive to health and to vigor of body, as well as mind, and to the ventilation and temperature of schoolrooms.

Courses in physical education

8152. The Department of Education shall:

(a) Adopt such rules and regulations as it deems necessary and proper to secure the establishment of courses in physical education in the elementary and secondary schools.

(b) Compile or cause to be compiled and printed a manual in physical education for distribution to teachers in the public schools of the State.

8153. The Department of Education may: Employees

(a) Employ the necessary expert and clerical assistants in order to carry out the provisions of Sections 8152 to 8164, inclusive.

8154. The Department of Education shall exercise general supervision over the courses of physical instruction in elementary and secondary schools of the State; exercise general control over all athletic activities of the public schools; advise school officials, school boards, and teachers in matters of physical education; and investigate the work in physical education in the public schools. General supervision

8155. The aims and purposes of the courses of physical education established shall be as follows: Purposes

(a) To develop organic vigor.

(b) To provide neuromuscular training.

(c) To promote bodily and mental poise.

(d) To correct postural defects.

(e) To secure the more advanced forms of co-ordination, strength, and endurance.

(f) To promote such desirable moral and social qualities as appreciation of the value of co-operation, self-subordination, and obedience to authority, and higher ideals, courage, and wholesome interest in truly recreational activities.

(g) To promote a hygienic school and homelife.

(h) To secure scientific supervision of the sanitation and safety of school buildings, playgrounds, and athletic fields, and the equipment thereof.

8156. The board of education of each county, city and county, and city, whose duty it is to prescribe the course of study for the elementary schools of the county, city and county, or city, shall prescribe suitable courses of physical education for all pupils enrolled in the day elementary schools, except pupils who may be excused in accordance with the provisions of Sections 8152 to 8164, inclusive. Courses

8157. The governing board of each school district maintaining a secondary school shall prescribe suitable courses of physical education for all pupils enrolled in the day secondary schools of the district, except pupils who may be excused. Same

8158. The superintendent of schools of every county, city and county, or city, and the governing board of every school district shall enforce the courses of physical education prescribed by the proper authority, and require that such physical education be given in the day schools under their jurisdiction or control. Enforcement

8159. All pupils enrolled in the elementary schools, except pupils excused, shall be required to attend upon the courses of physical education for an instructional period in each school day which shall be not less than 20 minutes exclusive of recesses and the lunch period. Minimum instruction Elementary schools

Same High schools

8160. All pupils enrolled in the junior or senior high schools, except pupils excused, shall be required to attend upon the courses of physical education for an instructional period in each school day which shall be not less than the length of the regular academic periods of the school.

Same Junior colleges

8161. All pupils enrolled in the junior colleges, except pupils excused, shall be required to attend upon the courses of physical education for a minimum of 120 minutes per week. Where adequate facilities are available a daily program is recommended.

Exemptions

8162. The governing board of each district may grant temporary exemption to pupils who are ill or injured where a modified program to meet the needs of the pupils cannot be provided, and to pupils while enrolled for one-half, or less, of the work normally required of full-time students. Permanent exemption may be granted a pupil who has reached, in the case of an elementary school or high school pupil, his twenty-first birthday, or in the case of a junior college pupil, his twenty-fifth birthday, or a pupil enrolled as a postgraduate student.

Supervisor and teachers

8163. When the number of pupils in any city, or city and county, or school district is sufficient, the governing board shall employ a competent supervisor and such special teachers, trained in physical education, as are necessary to obtain the aims and purposes set forth in Sections 8152 to 8164, inclusive.

Employment by more than one district

8164. The governing boards of two or more contiguous school districts may, by a written agreement, join in the employment of competent supervisors and teachers trained in physical education for the districts, and the salary of the supervisors and teachers and the expenses incurred on account of the instruction shall be apportioned as the governing boards concerned may agree.

Chapter 4. Permissive Courses of Study

Article 1. Moral and Religious Instruction

Moral and religious instruction

8201. Pupils, with the written consent of their parents or guardians, may be excused from school in order to participate in religious exercises or to receive moral and religious instruction at their respective places of worship or at other suitable place or places away from school property designated by the religious group, church, or denomination, which shall be in addition and supplementary to the instruction in manners and morals required elsewhere in this code. Such absence shall not be deemed absence in computing average daily attendance, if all of the following conditions are complied with:

(a) The governing board of the district of attendance, in its discretion, shall first adopt a resolution permitting pupils to be absent from school for such exercises or instruction.

(b) The governing board shall adopt regulations governing the attendance of pupils at such exercises or instruction and the reporting thereof.

(c) Each pupil so excused shall attend school at least the minimum school day for his grade for elementary schools, and as provided by the relevant provisions of the rules and regulations of the State Board of Education for secondary schools.

(d) No pupil shall be excused from school for such purpose on more than four days per school month.

It is hereby declared to be the intent of the Legislature that this section shall be permissive only.

Article 2. Military Science and Tactics

Establishment

8251. The governing board of any school district maintaining a secondary school may establish in the school courses in military science and tactics complying with the laws of the United States made and provided with reference to Reserve Officers Training Corps units in educational institutions.

No student enrolled in any such school shall be required to enroll in any course in military science and tactics.

Article 3. Instruction by Correspondence

Instruction by correspondence

8301. The governing board of a district maintaining one or more secondary schools may, subject to such rules and regulations as may be prescribed by the State Board of Education and upon the authorization of the Superintendent of Public Instruction, provide pupils enrolled in the regular day schools of the district with instruction by correspondence provided by the University of California, or other university or college in California accredited for teacher training under this code, in subjects included within the courses of study offered in the school and which for good reason cannot be given by the school, and pay the cost thereof. Such instruction when provided for a pupil must be a part of the regular course of study of such pupil.

Same For veterans

8302. Notwithstanding anything in Section 8301 to the contrary, the governing board of any school district may, subject to such rules and regulations as may be prescribed by the State Board of Education and upon the authorization of the Superintendent of Public Instruction, provide veterans enrolled in schools or classes of the district with instruction by correspondence, provided by any university or college referred to in Section 8301 or by any other university, college, school, institution or organization approved by the Superintendent of Public Instruction in subjects which may be necessary to adjust the veteran to an occupation and which, for good reason, cannot be given by the school, and pay for the cost thereof.

Article 4. Work Experience Education

Powers of board

8351. The governing board of any district maintaining a high school or junior college may:

(a) Provide for the instruction of pupils in the skills, attitudes, and understandings necessary to success in employment by means of courses of work experience education as provided in this article (commencing at Section 8351).

(b) Provide for guidance and supervision procedures designed to insure maximum educational benefit to students from placement in suitable work experience education courses.

(c) Provide for arranging, approving, co-ordinating, and awarding credit for work experience education courses, and for those purposes employ instructors, co-ordinators, and other necessary personnel.

Standards

8352. The State Board of Education shall establish standards for work experience education, including but not limited to, the following:

(a) Selection and approval of work stations.

(b) Supervision of pupils.

(c) Credit allowable for work experiences.

(d) Guidance procedures related to work experience education.

Rules and regulations

8353. The Department of Education shall adopt such rules and regulations as are necessary to implement the standards set by the State Board of Education, so as to maintain the educational purpose and character of work experience education.

Applicability Laws or rules re employment of minors

8354. All laws or rules applicable to minors in employment relationships are applicable to students enrolled in work experience education courses.

Employment in part-time jobs

8356. Work experience education as authorized by this article (commencing at Section 8351) includes the employment of pupils in part-time jobs selected or approved as having educational value for the students employed therein and co-ordinated by school employees.

Apprenticeable occupations

8356. Work experience education involving apprenticeable occupations shall be consistent with the purposes of Chapter 4, Division 3, of the Labor Code and with standards established by the California Apprenticeship Council.

Programs in contiguous areas

8357. The governing board of any school district which maintains one or more high schools or junior colleges may provide for the establishment and supervision of work experience education programs in contiguous areas outside the district.

Article 5. Aviation Education

Aviation education program

8401. The Department of Education shall aid and assist local school districts in the development and conduct of a program of aviation education. The California Aeronautics Commission may aid and assist in the selection of airports

and pilots used by the local school districts in flight indoctrination and instruction

8402. The governing board of each district is encouraged to develop aims and purposes of aviation education designed to include: (a) integration of appropriate aviation concepts throughout the elementary school with units of instruction in science, social studies, and arithmetic; (b) aviation experiences in junior high schools in the areas of social studies, science, and arithmetic; (c) elective courses in senior high schools and four-year high schools including air transportation, vocational training, economic, social and political implications of aviation, the science of flight, history of aviation, and flight experience where appropriate airports, planes, and pilots are available, and the need for such instruction is indicated. Periodic reports shall be made to the California Aeronautics Commission concerning the flight indoctrination and instruction program. Aims and purposes

8403. The governing boards of districts maintaining junior colleges are urged to design courses including air transportation, vocational education, career opportunities in civil and military aviation, technical training, flight experience, and ground instruction in localities where the needs of the youth in these communities warrant such a course in these schools. Courses

8404. The California Aeronautics Commission is authorized to make available to public schools offering actual flight experience as part of the regular curriculum a basic insurance program and to assure that adequate supervision and precautionary measures are taken by the flight school operators contracted to provide services for public school students. The governing board of any school district offering actual flight experience as part of the regular curriculum may participate in the basic insurance program provided by the commission and pay from the funds of the district a pro rata share of the cost of the insurance program. Insurance program

CHAPTER 5. PROHIBITED INSTRUCTION

8451. No teacher in giving instruction, nor entertainments permitted in or about any school, shall reflect in any way upon citizens of the United States because of their race, color, or creed. Race, color and creed

8452. No textbook, chart, or other means of instruction adopted by the State, county, city, or city and county boards of education for use in the public schools shall contain any matter reflecting upon citizens of the United States because of their race, color, or creed. Same

8453. No publication of a sectarian, partisan, or denominational character, shall be used or distributed in any school, or be made a part of any school library, nor shall any sectarian or denominational doctrine be taught in any school. Any school district or city, the officers of which knowingly allow any schools to be taught in violation of this section, forfeits Sectarian, etc. publications

all right to any state or county apportionment of school moneys, and upon satisfactory evidence of any violation, the Superintendent of Public Instruction and school superintendent shall withhold both state and county apportionments.

Propaganda and solicitation of funds

8454. (a) No bulletin, circular, or other publication of any character whose purpose is to spread propaganda or to foster membership in or subscriptions to the funds of any organization not directly under the control of the school authorities, or to be used as the basis of study or recitation or to supplement the regular school studies shall be distributed or suffered to be distributed or shown to the pupils of any public school, on the school premises during school hours or within one hour before the time of opening or within one hour after the time of closing of the school. (b) No pupils of the public school shall be solicited by teachers or others to subscribe to the funds of, or work for, any organization not directly under the control of the school authorities. (c) No instruction shall be given through lectures or other means, unless the material contained in the bulletin, circular, or publication, or the purpose of the subscription or instruction has been approved by the State Board of Education, or by the county board of education, or by the governing board of the school district in which the school is situated.

No prohibition of this section shall apply to bulletins or circulars concerning the meetings of their organizations issued by any parent-teacher association or by any organization of parents formed for the purpose of co-operating with the school authorities in improving school conditions in the district.

Advocacy or teaching of communism prohibited

8455. No teacher giving instruction in any school, or on any property belonging to any agencies included in the Public School System, shall advocate or teach communism with the intent to indoctrinate any pupil with, or inculcate a preference in the mind of any pupil for communism.

The Legislature in prohibiting the advocacy or teaching of communism with the intent to indoctrinate any pupil with or inculcate a preference in the mind of any pupil for, such doctrine does not intend to prevent the teaching of the facts of the above subject but intends to prevent the advocacy of, and inculcation and indoctrination into communism as is hereinafter defined, for the purpose of undermining the patriotism for, and the belief in, the Government of the United States and of this State in the minds of the pupils in the Public School System.

For the purposes of this section, communism is a political theory that the presently existing form of government of the United States or of this State should be changed, by force, violence, or other unconstitutional means, to a totalitarian dictatorship which is based on the principles of communism as expounded by Marx, Lenin and Stalin.

CHAPTER 6. COUNTY SCHOOL SERVICE FUND SERVICES

Article 1. General Provisions

8501. The Legislature hereby declares that it is in the interest of the State and of the people for the office of the county superintendent of schools, through the county school service fund, to provide co-ordination of the educational program among districts under his jurisdiction and to provide professional and financial assistance to school districts which otherwise, because of size or location, would not be able to furnish a satisfactory program of education for their children. Such assistance is a matter of general concern inasmuch as the education of the children of the State is an obligation and function of the State. Legislative declaration

In adopting this act, the Legislature considers that the co-ordination of the educational program constitutes the greatest continuing need to be met through the county school service fund. To meet this need the necessity is recognized to provide professional services to co-ordinate courses of study, guidance services, health services, special education, attendance activities, and advisory services in school business administration.

As an additional need, the Legislature recognizes the necessity to provide professional services in districts too small to supply such services for themselves economically and effectively, such as, (1) to prepare courses of study; (2) to supervise instructional practices; (3) to provide direct guidance services, health services, and attendance services normally provided in an educational program; (4) to provide for the purchase, distribution, and use of supplementary instructional materials and equipment; and (5) to provide educational opportunity to normal and special pupils who would otherwise be denied it. It is recognized further that providing for professional service is a transitory function of the county school service fund to be assumed by school districts when, through growth or reorganization, they will be able to perform the services for themselves.

It is the further intent of the Legislature that:

(a) Services involving the co-ordination of the educational program which have among others the purposes of (1) enforcing minimum standards, (2) improving the educational program, and (3) promoting order and reasonable uniformity in the educational program shall be provided, except as may be specifically authorized, at the district level, reserving to the district the opportunity and responsibility for internal improvement, and that such services will be provided in such a manner that recognition will be given to the responsibilities placed upon school districts by the Legislature to determine and administer their own educational program.

(b) Services to school districts which do not constitute co-ordination among districts shall be provided in such a manner that impetus will be given to strengthening school districts

and to improving district organization to the end that more effective programs of education may be offered, and that the provision of services through the county school service fund shall not act to deter or delay any school districts from furnishing such services for themselves.

(c) Services to school districts shall be co-operatively provided by two or more county superintendents of schools without regard for county boundaries whenever a particular service may be so provided with economy and effectiveness.

(d) The direct operation of an educational program by the county superintendent of schools shall, except as specifically authorized by the Legislature, be limited to those emergency cases where children would otherwise be denied an opportunity for education.

County school service fund

8502. The county school service fund shall be used to pay for those services provided by the county superintendent of schools that are authorized by this chapter (commencing at Section 8501), and for such other purposes as are specifically authorized elsewhere in this code.

Co-ordination of courses of study, etc.

8503. The county superintendent of schools may, with the approval of the county board of education and in accordance with regulations of the Superintendent of Public Instruction which he is hereby authorized to adopt, employ qualified personnel to provide for the co-ordination of courses of study, guidance services, health services, special education, attendance activities, and advisory services in school business administration activities among the school districts under his jurisdiction. The regulation of the Superintendent of Public Instruction adopted pursuant to this section shall be adopted with the advice of an advisory committee to include county superintendents of schools, which the Superintendent of Public Instruction is herewith authorized to appoint.

Credential required

8504. The services described in Section 8503 shall, except in advisory services in school business administration activities, clerical, accounting, and stenographic services, be performed by persons who hold a valid credential of one or more of the following types issued by the State Board of Education:

(a) Elementary or secondary school administration credential

(b) Elementary or secondary school supervision credential

(c) Special subject supervision credential

(d) A credential which authorizes service similar to that authorized by one or more of the foregoing types of credentials.

Any person who is employed in the office of a county superintendent of schools on the effective date of this section and is performing any of the services described in Sections 8503 and 8504 may continue to perform such services without possessing the credential otherwise required as long as he remains continuously employed in his position.

Article 2. Preparation of Courses of Studies

8551. The county superintendent of schools may, with the approval of the county board of education, provide for the preparation of courses of study to be used in the elementary school districts under his jurisdiction, except dsitricts governed by a city board of education. Courses of study

8552. The county superintendent of schools may, with the approval of the county board of education, enter into an agreement with the governing board of any school district under his jurisdiction, other than specified in Section 8551, to provide for the preparation of courses of study by the county superintendent of schools for use in such districts. The agreement shall provide for the payment of the cost of services rendered. School district service agreement

8553. The services described in Sections 8551 and 8552 shall, except clerical, accounting, and stenographic services, be performed by persons who hold a valid credential of one or more of the following types issued by the State Board of Education: Credential required

(a) Elementary school administration credential
(b) Elementary school supervision credential
(c) Special subject supervision credential
(d) A credential which authorizes service similar to that authorized by one or more of the foregoing types of credentials.

Any person who is employed in the office of a county superintendent of schools on the effective date of this section and is performing the services described in this article (commencing at Section 8551) may continue to perform such services without possessing the credential otherwise required as long as he remains continuously employed in his position.

Article 3. Supervision of Instruction

8601. The county superintendent of schools may, with the approval of the county board of education, employ supervisors to supervise instruction in the elementary school districts under his jurisdiction which had less than 901 units of average daily attendance during the preceding fiscal year and in the elementary schools of unified school districts under his jurisdiction which had less than 1,501 units of average daily attendance during the preceding fiscal year. The services of supervisors shall be made available in such elementary and unified districts in which adequate supervision of instruction is not being provided by the district. Supervision in elementary school districts

8602. The county superintendent of schools may, with the approval of the county board of education, enter into an agreement with the governing board of any elementary school district under his jurisdiction for the supervision of instruction in the district by the county superintendent of schools. The agreement shall provide for the payment of the cost of providing the supervision of instruction. The county superin- Agreement

tendent of schools shall transfer from the funds of the district to the county school service fund the amounts set forth in the agreement.

Credential required

8603. The services described in Sections 8601 and 8602 shall be performed by persons who hold a valid credential issued by the State Board of Education authorizing such service.

Article 4. Supervision of Attendance

Personnel to supervise attendance of pupils

8651. The county superintendent of schools may, with the approval of the county board of education, employ personnel to supervise the attendance of pupils in elementary school districts under his jurisdiction which had less than 901 units of average daily attendance during the preceding fiscal year, in high school districts under his jurisdiction which had less than 301 units of average daily attendance during the preceding fiscal year, and in unified school districts under his jurisdiction which had less than 1,501 units of average daily attendance during the preceding fiscal year, if the districts are not served by any district supervisor of attendance.

Same: School districts

8652. The county superintendent of schools may, with the approval of the county board of education, provide for the supervision of the attendance of pupils in school districts under his jurisdiction other than specified in Section 8651. The county superintendent of schools shall transfer from the funds of the district to the county school service fund an amount equal to the actual cost of providing for the supervision of attendance.

Credential required

8653. The services described in Sections 8651 and 8652 shall be performed by persons who hold a valid credential issued by the State Board of Education authorizing performance of the service.

Article 5. Supervision of Health

Supervision of health

8701. The county superintendent of schools may, with the approval of the county board of education, employ one or more supervisors of health, as supervisors of health are defined in Section 11751, to provide health services to pupils in elementary school districts under his jurisdiction which had less than 901 units of average daily attendance during the preceding fiscal year, to pupils in high school districts under his jurisdiction which had less than 301 units of average daily attendance during the preceding fiscal year, and to pupils in unified school districts under his jurisdiction which had less than 1,501 units of average daily attendance during the preceding fiscal year.

Alternative health services

8702. In lieu of employing supervisors of health, the county superintendent of schools may, with the approval of the county board of education, contract with the board of supervisors of the county in which he holds office, or with any local health

district located wholly or partially within such county, for the provision of health services by employees of the county health department or local health district to pupils in the school districts specified in Section 8701.

Agreement for services to school districts

8703. The county superintendent of schools may, with the approval of the county board of education, enter into an agreement with the governing board of any school district under his jurisdiction for the provision of any or all health services to the district by the county superintendent of schools. The agreement shall provide for the payment of the cost of providing the services. The county superintendent of schools shall transfer from the funds of the district to the county school service fund the amounts set forth in the agreement.

Credential required

8704. The services described in Sections 8701, 8702, and 8703 shall be performed by persons who hold a valid health and development credential issued by the State Board of Education; provided, however, that a psychologist may be employed to perform psychological services or may perform psychological services under contract if he is the holder of a valid school psychologist credential issued by the State Board of Education.

Duties of supervisors of health

8705. A supervisor of health employed by the county superintendent of schools shall perform such duties in connection with the supervision of health of pupils as are prescribed by the county superintendent of schools. All rules governing health services provided pursuant to Sections 8701, 8702, or 8703 shall be made by the county superintendent of schools.

Article 6. Provision of Guidance Services

Personnel to provide guidance services

8751. The county superintendent of schools may, with the approval of the county board of education, employ personnel to provide necessary guidance services to pupils in elementary school districts under his jurisdiction which had less than 901 units of average daily attendance during the preceding fiscal year, in high school districts under his jurisdiction which had less than 301 units of average daily attendance during the preceding fiscal year, and in unified school districts under his jurisdiction which had less than 1,501 units of average daily attendance during the preceding fiscal year; provided, adequate guidance services are not being furnished by the district.

Services to school districts

8752. The county superintendent of schools may, with the approval of the county board of education, enter into an agreement with the governing board of any district for the provision of guidance services in the district by the county superintendent of schools. The agreement shall provide for the payment by the district of the cost of providing the guidance services. The county superintendent of schools shall transfer from the funds of the district to the county school service fund the amounts set forth in the agreement.

Credential required

8753. The services described in Sections 8751 and 8752 shall be performed by persons who hold a valid credential issued by the State Board of Education authorizing performance of the service.

Article 7. Provision of Library Services

Library services

8801. (a) The county superintendent of schools may, with the approval of the board of supervisors and the county board of education, agree with the county librarian to take over all existing contracts for supplementary books and other material adopted for the course of study between the school districts and the county librarian entered into pursuant to the provisions of Sections 7201 to 7211, inclusive, of this code. Thereafter the county superintendent of schools shall generally perform such library services for the school districts as were theretofore performed by the county library.

(b) After the above agreement has been entered into, the governing board of any school district which had not yet joined the county library may enter into an agreement with the county superintendent of schools for the performance of supplementary book services for the school library.

(c) Whenever the county superintendent of schools performs supplementary book services for the school library of any district, the provisions of Sections 7201 to 7211, inclusive, of this code, so far as applicable, shall control. The county superintendent shall employ a librarian holding a valid credential authorizing services as a librarian issued by the State Board of Education or having possession of a certificate showing completion of a year's work in an accredited library school. He shall also employ such assistants as may be necessary to carry on this service. The cost of the salaries of such librarian and assistants, and the other necessary expenses of maintenance of the library, including necessary supplies, equipment, and books, may be paid from the county school service fund.

County school library service

8802. (a) The county superintendent of schools of any county in which no county library is maintained may, with the approval of the county board of education, establish and maintain a county school library service for such elementary school districts of the county as elect to participate in such service.

(b) Upon the governing board of any elementary school district electing to participate in such service, the governing board of the district shall enter into an agreement with the county superintendent of schools, and the provisions of Sections 7201 to 7254, inclusive, of this code shall control and be applicable in the same manner as they apply to a school district which agrees to make the school library a branch of the county library.

(c) The county superintendent of schools shall have the same powers, duties, responsibilities, and jurisdiction with

respect to the furnishing and performance of library services to elementary school districts which have elected to participate in the county school library service as may be exercised by a county library with respect to school district libraries which are branches thereof.

(d) Whenever the county superintendent of schools establishes and maintains a county school library service pursuant to subdivision (a) of this section, he shall employ a librarian holding a valid credential in librarianship issued by the State Board of Education or having possession of a certificate showing completion of a year's work in an accredited library school.

(e) The county superintendents of schools of two or more contiguous counties which have established county school library services under the provisions of this section may co-operate with each other and to that end may enter into agreements with each other, and may do any and all things necessary or convenient to aid and co-operate in carrying out the provisions of this section.

Purchase of books

8803. The county superintendent of schools may, with the approval of the county board of education, agree with the proper authorities of the county to transfer funds from the county school service fund to the county library for the purchase of such books and other materials as are adopted by the body authorized to adopt courses of study for the school districts of the county.

Emergency elementary schools

8804. The county superintendent of schools of any county maintaining one or more emergency elementary schools may, if the county maintains a county library, enter into an agreement with the proper authorities of the county to establish a branch county library in each of the schools under such terms and conditions as may be agreed upon. The agreement may, among other matters, provide for the payment by the county superintendent of schools to the proper authorities for the use of the county library from the county school service fund of such money at such times as may be agreed upon. All money transferred shall be used solely by the authorities of the county library for the purchase of books and other materials as may be adopted by the county board of education and for the care and distribution of such books and other materials to school libraries which are branch county libraries.

County teachers' library

8805. (a) The county superintendent of schools may establish a county teachers' library and expend from the county school service fund such amounts as are necessary for the purchase of books therefor and for the payment of the necessary expenses of maintenance thereof.

(b) If there is a county library in any county, the county superintendent of schools may enter into an agreement with the county library for the transfer to it of all books and other property belonging to the county teachers' library and may order such sums to be transferred from the county school service fund as are necessary for expenditure for the purchase

and maintenance of books of professional interest to teachers. Thereupon the teachers' library shall be administered as a part of the county library.

Reports

8806. Whenever the county superintendent of schools assumes responsibility for the establishment of a library or the performance of library services pursuant to this article (commencing at Section 8801), the county superintendent shall, on or before August 31st, in each year, report to the State Librarian on the condition of the libraries under his supervision, for the year ending June 30th preceding. The reports of the superintendent shall, in addition to other matters deemed expedient by the librarian and the superintendent, contain such statistical and other information as is deemed desirable by the State Librarian. For this purpose the State Librarian may send to the several county superintendents or librarians, as the case may be, instructions or question blanks so as to obtain the material for a comparative study of library conditions in the State.

Article 8. Provision of Audiovisual Services

Facilities

8851. (a) The county superintendent of schools may, with the approval of the county board of education, establish, conduct, and maintain facilities, for use in the elementary and secondary schools of the school districts under his jurisdiction that elect to participate in the use of the facilities, which provide for audial and visual curriculum materials, including the necessary salaries, supplies, materials, apparatus, and equipment and other necessary expenses.

(b) The county superintendent of schools shall, with the approval of the county board of education, enter into an agreement with the governing board of any district electing to participate which shall provide for payment by the district for the use of audiovisual facilities. The county superintendent of schools shall, with the approval of the county board of education, prescribe the method for determining the amount to be paid for the use of the facilities, but in no event shall the total payments made to the county superintendent of schools of any county by the school districts of that county be less than one-fourth in the Fiscal Year 1956-57, one-third in the Fiscal Year 1957-58, and one-half in the Fiscal Year 1958-59 and thereafter, of the total cost of the use of the facilities provided to the school districts electing to participate, except that the Superintendent of Public Instruction may provide county school service fund money in addition to the established ratio of support in those counties in which he determines that sparsity of population increases operational costs.

(c) Films and filmstrips shall be adopted by the county board of education before they are purchased by the county superintendent of schools.

Credential required

8852. The services described in Section 8851, except clerical, accounting, and stenographic services, shall be performed

by persons who hold a valid credential issued by the State Board of Education of one or more of the types specified in Section 8504.

Any person who is employed in the office of a county superintendent of schools on the effective date of this section and is performing any of the services described in this article (commencing with Section 8851) may continue to perform such services without possessing the credential otherwise required as long as he remains continuously employed in his position.

Distribution of materials

8853. The county superintendent of schools may, with the approval of the county board of education, enter into an agreement with the State, any political subdivision, or any agency of the State or of any political subdivision, to conduct and maintain distribution among schools of districts under the jurisdiction of the county superintendent of schools, under such conditions as are agreed upon, of audial and visual instruction materials and apparatus approved by the constituted educational authorities. The State, any political subdivision, or any agency of the State or of any political subdivision may enter into any agreement with a county superintendent of schools authorized by this article (commencing at Section 8851).

Payments for materials, etc.

8854. The agreement may, among other matters, provide for the payment by the county superintendent of schools, at such times as are agreed upon, from the county school service fund to the State, political subdivision, or agency, of money for the distribution of materials and apparatus among the schools under his jurisdiction. All money transferred shall be used by the authorities of the State, political subdivision, or agency solely for the acquisition of audial and visual materials and apparatus as may be designated by the constituted educational authorities and for the care and distribution to schools of the county of the materials and apparatus.

Acquisition of materials, etc

8855. The county superintendent of schools and the State or any political subdivision, or any agency of the State or of any political subdivision, may acquire materials and apparatus for distribution pursuant to this article (commencing at Section 8851), by purchase, rental, lease, loan, or donation, if the materials and apparatus have been adopted as required by law.

Service to school districts

8856. The governing board of any school district may contract with the county superintendent of schools having jurisdiction over the district, with the State, any political subdivision, or any agency of the State or of any political subdivision, for the rendering to the schools of the district of any service authorized by this article (commencing at Section 8851), and may pay for the service out of any funds of the district.

All funds paid by a school district to a county superintendent of schools for services rendered to the schools of the district shall be deposited in the county school service fund.

Educational television broadcasts

8857. The governing board of any school district or the county superintendent of schools acting with its permission

and on behalf of such a board, or boards, may enter into contracts, either alone or in co-operation with other school districts, for the purpose of participating in or the procuring of television broadcasts for use in the educational program of the schools. Nothing contained in this section, however, shall be construed as authorizing a school district or county superintendent of schools to own, lease, or operate a television broadcasting station.

Article 9. Education of Physically Handicapped

Agreements for education of handicapped

8901. The county superintendent of schools of any county maintaining a school or special day classes for minors who are cerebral palsied, orthopedically handicapped, visually handicapped, or aurally handicapped may, with the approval of the county board of education, enter into an agreement with the governing board of any school district under his jurisdiction for the education, under such terms and conditions as are set forth in the agreement, by the county superintendent of schools of such minors residing in the district.

Agreements re remedial classes

8902. The county superintendent of schools may, with the approval of the county board of education, enter into an agreement with the governing board of any school district under his jurisdiction for the education in remedial classes of physically handicapped pupils who are excused from regular classes for a portion of a class period. The cost of such education to the school district shall not exceed the actual cost thereof to the county superintendent of schools.

Education of physically handicapped minors

8903. The county superintendent of schools may, with the approval of the county board of education, provide for the education of physically handicapped minors who otherwise would be denied proper educational advantages. The education may be provided:

(a) In emergency elementary schools;

(b) By the employment of emergency teachers to provide special instruction in the regular schools of the districts of the county;

(c) By the maintenance of special classes of secondary grade;

(d) By the employment of home instructors to give individual instruction in the home or at the bedside in institutions and by the employment of instructors to provide remedial instruction for physically handicapped minors in regular, special day, and special training schools or classes which he may be authorized to conduct;

(e) By co-operation with the Bureau of Vocational Rehabilitation of the State Department of Education in the provision of individual instruction and co-ordination services; or

(f) By contract with the county superintendent of schools of another county or with the governing board of any school district.

8904. Each county superintendent of schools providing for the education of physically handicapped children pursuant to this article (commencing at Section 8901) shall report annually to the Superintendent of Public Instruction on forms provided by him the total average daily attendance of physically handicapped pupils by types of instruction provided, the cost of educating the pupils, and such other information as may be required, for each elementary and high school district in which the education is provided. Report

8905. The Superintendent of Public Instruction shall determine the amount of excess expense incurred by each county superintendent of schools for the education of physically handicapped pupils. "Excess expense" as used in this section means that amount by which the current expense of education incurred for physically handicapped pupils exceeds the amount to be apportioned under the provisions of Sections 18355, 18356, 18357, and 18358, or Sections 18355.1, 18356.1, 18357.1, and 18358.1, whichever are in effect, to the county school service fund during the then current year on account of the average daily attendance of all pupils whose attendance is credited to the county school service fund at the level for which the excess expense is to be determined, exclusive of the average daily attendance of pupils in a juvenile hall school maintained by the county superintendent of schools during the preceding fiscal year. "Excess expense"

8906. In determining the excess expense incurred by a county superintendent of schools for the education of physically handicapped minor pupils under Section 8905, the Superintendent of Public Instruction shall exclude all current expenses of the county superintendent of schools for the transportation of blind, deaf, cerebral palsied, and orthopedically handicapped pupils, referred to in Sections 18060 or 18060.1, whichever is in effect to and from special day classes. Same

Article 10. Education of Mentally Retarded

8951. (a) The county superintendent of schools shall establish and maintain special training schools or classes for mentally retarded minors who reside in the county and in elementary or unified school districts which have an average daily attendance of less than 901 in the elementary schools of the district and who come within the provisions of Section 6902. Such schools and classes shall be established at centrally located places, and the county superintendent of schools shall provide transportation to the pupils attending them. Special training schools or classes

(b) The county superintendent of schools may, with the approval of the county board of education, establish and maintain special training schools or classes for mentally retarded minors who reside in the county and who come within the provisions of Section 6902 and contract with an elementary or unified school district with an average daily attendance of 901 or more in the elementary schools of the district, subject

to such terms and conditions as may be agreed upon. The contract shall be approved by the county board of education and shall require the district to pay to the county school service fund of the county in which the district is located all costs of the education of such minors which are in excess of the amounts apportioned from the State School Fund for the average daily attendance of such minors.

Whenever a special training school or class is established under the provisions of this subdivision, the computations prescribed by Sections 17658 and 17663, or Sections 17658.1 and 17663.1, whichever are in effect, shall not apply.

(c) The county superintendent of schools may, with the approval of the county board of education, establish and maintain special training schools or classes for mentally retarded minors who reside in the county and who come within the provisions of Section 6903.

Limit on admissions

8952. Each county superintendent of schools maintaining special training schools or classes for mentally retarded minors pursuant to subdivision (c) of Section 8951 may limit the number of minors to be admitted to such schools or classes. Any minor who becomes 18 years of age while in attendance upon a special training school or class shall be permitted to continue to attend thereon for the remainder of the time the school or class is maintained during the then current school year.

Transportation to schools

8953. Any county superintendent of schools otherwise required or authorized to maintain special training schools and classes under Section 8951 for mentally retarded minors may provide for the education of such minors in, and for the transportation of such minors to, special training schools or classes maintained by a school district under Sections 6901 to 6913, inclusive, or by a county superintendent of schools under this article (commencing at Section 8951), subject to such terms and conditions as may be agreed upon. The agreement shall be approved by the county board of education.

Same

8954. In lieu of entering into an agreement for the transportation of mentally retarded minors by the school district or county superintendent of schools, in the special training schools and classes of which the education of such minors is provided under Section 6910 or 8953, the school district or county superintendent of schools of the county required to provide for their education may provide such transportation.

Certification of funds required

8955. The county superintendent of schools shall, with the approval of the county board of education, certify to the county auditor and the board of supervisors, on or before July 15th of each year, the amount of money required to be raised by a county tax for the education of mentally retarded minors who come within the provisions of Section 6902 and for rental of property by the county superintendent of schools for special training schools or classes for such minors. Also, the county superintendent of schools shall, with the approval of the county board of education, certify to the county auditor and the board of supervisors, on or before July 15th of each year, the amount

of money required to be raised for the education of mentally retarded minors who come within the provisions of Section 6903. The amount shall be determined by subtracting from the total cost of the education of such minors, including transportation, to the county superintendent of schools the total amount to be apportioned by the Superintendent of Public Instruction to the county school service fund for the education of mentally retarded minors and by adding to the result the amount required for rental of property. The board of supervisors may include in such amount a sum for capital outlay.

The board of supervisors shall at the time of levying other county taxes levy a county tax for the education of mentally retarded minors who come within the provisions of Section 6902 upon the taxable property of the county sufficient to produce the amount required and may increase such tax in such amount as will produce the amount required for the education of mentally retarded minors who come within the provisions of Section 6903. The amount received from this tax shall be deposited in the county school service fund.

"Excess expense"

8956. The Superintendent of Public Instruction shall determine the amount of the excess expense incurred by each county superintendent of schools for the education of mentally retarded minors. "Excess expense" as employed in this section includes the total current expenses of education incurred for mentally retarded minors instructed in special schools or classes, over the amount to be apportioned as basic state aid under the provisions of Sections 18355, 18356, 18357, and 18358, or Sections 18355.1, 18356.1, 18357.1, and 18358.1, whichever are in effect, to the county school service fund during the then current fiscal year on account of all pupils whose attendance is credited to the county school service fund at the level for which the excess expense is to be determined, exclusive of the average daily attendance of pupils in a juvenile hall school maintained by the county superintendent of schools during the preceding fiscal year.

Article 11. Emergency Schools

Children residing in county, etc

9001. In order to provide elementary education for children residing in the county, or in order to provide elementary education for children of migratory laborers engaged in seasonal industries within the county, the county superintendent of schools may, with the approval of the county board of education, when funds are not available from other sources and in his judgment it is necessary, do any one or more of the following acts:

(a) Establish and maintain one or more emergency elementary schools for children.

(b) Provide one or more emergency teachers for the regular elementary schools of the districts in the county for the pupils.

(c) Provide transportation for the children to an elementary school.

In lieu of providing transportation of any pupil, the county superintendent of schools may, with the approval of the county board of education, pay to the parents or guardian of the pupil the cost of food and lodging for the pupil at a place convenient to an elementary school. The amount so paid shall not exceed the cost of providing for the transportation of the pupil to and from his home and the school.

The county superintendent of schools may, with the approval of the county board of education, pay the expenses incurred in providing all the facilities and services authorized in this section, including necessary capital outlays, from the county school service fund.

All emergency schools shall be maintained in accordance with standards prescribed by the Superintendent of Public Instruction.

Payment of expenses

9002. The county superintendent of schools shall draw requisitions upon the unobligated funds of any suspended school district under his jurisdiction to pay in whole or in part the expenses incurred for the maintenance of emergency schools in the district.

Insurance

9003. The county superintendent of schools may, with the approval of the county board of education, insure all real and personal property constructed, purchased, or otherwise provided by him for emergency schools established by him.

Transfer or sale of property

9004. The county superintendent of schools may, with the approval of the county board of education, transfer or sell the real and personal property of any emergency school maintained by him to any elementary school district under his jurisdiction, or to any other political subdivision of the State within which the school is located, upon such terms and conditions as are agreed upon by the county superintendent of schools, with the approval of the county board of education, and the governing board or authority of the district or other political subdivision. Districts and other political subdivisions may enter into such agreements and acquire such property. Any funds received by the county superintendent of schools under this section shall be paid by him into the county school service fund.

Article 12. Institutes

Annual teachers institute

9051. The county superintendent of schools may, with the approval of the county board of education, hold an annual teachers institute in each year as provided in Sections 13361 to 13380, inclusive, of this code.

Annual institute of noncertificated employees

9052. The county superintendent of schools may, with the approval of the county board of education, hold an annual institute of noncertificated employees in each year as provided in Sections 13621 and 13622 of this code.

Article 13. Annual Meeting of School Trustees

9101. The county superintendent of schools may, with the approval of the county board of education, hold one trustees meeting in each year as follows: Trustees' meetings

(a) One school trustee of each school district of the county shall attend the meeting and participate in its proceedings but more than one trustee of any district may attend if the board of trustees of that district so directs.

(b) School trustees of each school district shall select the trustee or trustees who shall attend the meeting.

(c) Each trustee selected to attend the meeting shall be allowed his actual traveling expenses for not to exceed one day incurred in going to and returning from the meeting. The expenses shall be verified by the county superintendent of schools.

(d) The county superintendent shall notify each trustee of the county at least 10 days prior to calling of the trustees meeting of the time and place of the meeting.

(e) Each session of the trustees meeting may be called at any hour on the day specified and may continue for such time as those meeting see fit.

(f) The county superintendent shall draw his requisition on the county auditor who shall draw his warrant on the county school service fund to pay the expenses of holding the trustees meeting.

Article 14. Miscellaneous

9151. The county superintendent of schools may, with the approval of the county board of education, expend county school service funds for the purpose of administering and accounting for the county school service fund, or he may, with the approval of the county board of education, contract with and pay the board of supervisors for services rendered in administering and accounting for the county school service fund. Expenses of administering county school service fund

9152. The county superintendent of schools may, with the approval of the county board of education, provide services to school districts in screening and directing teachers to the schools under his jurisdiction. Screening, etc., of teachers

9153. The county superintendent of schools may, with the approval of the county board of education, pay actual and necessary travel expenses incurred in connection with curricular and special services by the county superintendent of schools or by his designated staff members in accordance with regulations established by the Superintendent of Public Instruction. Travel expenses of superintendent, etc

9154. The county superintendent of schools may, with the approval of the county board of education, employ personnel to conduct projects in research that are in connection with curricular and special services of the county superintendent Research project

of schools and which have been approved by the county board of education.

Publication of materials

9155. The county superintendent of schools may with the approval of the county board of education provide for the publication of materials that are necessary in connection with the curricular and special services that the superintendent of schools is authorized to perform in the county.

Description of boundaries

9156. The county superintendent may, if he deems it necessary, order a description of the boundaries of any district under his jurisdiction printed in pamphlet form and pay for the pamphlets out of the county school service fund.

Advisory services

9157. The county superintendent of schools may, with the approval of the county board of education, provide advisory services in maintenance of school building and grounds, and in the processing of special problems concerning credentials as designated by the State Department of Education.

DIVISION 8. INSTRUCTIONAL MATERIALS

CHAPTER 1. GENERAL PROVISIONS

Article 1. Preferences for California Produced Books

Books prepared within State

9201. The governing board of any school district and any official, officer, or other person elected or appointed to carry out the provisions of law relating to the public schools of the State and vested with the power of designating textbooks to be used in the public schools shall, in so designating textbooks, unless otherwise provided by general law, give preference to any textbook on any given subject of public instruction which is entirely written, compiled, printed, and published in the State, to the exclusion of any textbook entirely or partly written, compiled, printed, and published outside of the State, if it appears to them that the textbook produced in the State is of superior or equal educational merit to, and can be procured at the same or less cost than any textbook, entirely or partly written, compiled, printed, and published outside of the State

Article 2. Use of Textbooks and Supplementary Books

Enforcement: District

9251. The governing boards of every school district shall enforce in their schools the use of textbooks prescribed and adopted by the proper authority.

Same: County board of education

9252. County boards of education, except in cities having a city board of education, may enforce in the public schools the use of a uniform series of textbooks.

Reports

9253. The governing board of every school district shall make a report, whenever required, directly to the Superintendent of Public Instruction, of the textbooks used in its schools.

Same

9254. Each fiscal year, commencing with the Fiscal Year 1957-58, the governing board of each school district, each

county superintendent of schools, and each county librarian shall prepare and transmit to the Superintendent of Public Instruction, on forms that he shall provide, a report on supplementary books or textbooks, which shall include the total amount expended by the district, county superintendent of schools, or library for the purchase of supplementary books or textbooks during the fiscal year immediately preceding. The Director of Education shall keep such reports available for inspection by any citizen of the State. The director shall also compute the total amount expended during each fiscal year for supplementary books or textbooks, as shown by the reports of all districts, and shall keep a report of such total available for inspection by any citizen of this State.

Refusal to require use of prescribed textbooks, etc

9255. Any city, county, city and county, or district superintendent of schools or any principal of any elementary or secondary school under his charge, who refuses or neglects to require the use of the series of the textbooks prescribed by the State Board of Education or who shall require any pupil, except pupils in classes for adults or junior colleges, to purchase any supplementary book or books for the pupils' use in the schools is guilty of a misdemeanor.

Prohibited acts; royalties

9256. No officer named in this code, and no teacher in any public school, shall act as agent for any author, publisher, bookseller, or other person, to introduce any book, apparatus, furniture, or other article whatever, in the common schools of this State, or directly or indirectly contract for, or receive any gift or reward for introducing or recommending the article

Any officer so acting or receiving is guilty of a misdemeanor, and, shall be punished by fine or imprisonment, and shall be removed from office.

Nothing herein contained shall be construed to prohibit or restrict a teacher in any public school from receiving royalties or other compensation from the publisher or producer of a book or other instructional material written, designed or prepared by such teacher, and adopted or purchased by the State or by any school district, other than compensation paid as commission to the teacher for negotiating sales to the district by which the teacher is employed. No district shall have or claim the right to receive any such royalty or other compensation due to any teacher employed by the district unless the textbook or other material was written or prepared during the normal school day during which the teacher is required by the district to be on duty.

CHAPTER 2. ELEMENTARY TEXTBOOKS

Article 1. Adoption

"Elementary schools"

9301. The term "elementary schools" as used in this chapter (commencing with Section 9301) includes all public schools, except junior high schools, in which instruction is given in the first to the eighth grades, inclusive, or in any one or more of such grades.

Adoption of basic textbooks, etc

9302. The State Board of Education shall adopt one or more basic textbooks in each of the subjects prescribed for the elementary schools by Section 7604 of this code, except in art and in morals and manners. The board may adopt a single textbook covering two or more of these subjects. The board may adopt other textbooks, supplementary textbooks, and teachers' manuals for use in the elementary schools. The board may adopt teachers' manuals for use in the kindergarten schools. The board shall determine the grade or grades for which each basic textbook, other textbook, supplementary textbooks, and teachers' manual is adopted.

The board shall determine the period for which each basic textbook, other textbook, supplementary textbook, and teachers' manual is adopted, which period shall not be less than four years nor more than eight years. After an original adoption period has expired, the board may extend the adoption period of such books for not less than one year nor more than four years.

Nothing in this section shall be construed as prohibiting the governing board of any school district, or any county library from ordering and purchasing such supplementary textbooks as are required.

Specifications

9303. The State Curriculum Commission shall recommend to the State Board of Education, specifications for textbooks for uniform use in the schools of the State so that the textbooks adopted shall conform to the minimum standard for courses of study.

Study and recommendations

9304. The State Curriculum Commission may also study the textbooks submitted to the State Board of Education for adoption and make recommendations thereon to the State Board of Education. The State Curriculum Commission shall give preference to California-produced books of equal or superior merit. The State Curriculum Commission may, without at the time furnishing vouchers and itemized statements, draw from funds appropriated for publishing, purchasing and shipping free textbooks a sum not to exceed ten thousand dollars ($10,000). The sum shall be used as a revolving fund for the purpose of having manuscripts of proposed textbooks prepared.

Public hearing

9305. The State Board of Education shall give the State Curriculum Commission a public hearing before making any adoption of textbooks for use in the elementary schools of the State.

Public inspection

9306. Before final adoption of a textbook, it shall be made available for public inspection for 30 days in not less than 10 public libraries as directed by the State Board of Education.

Provision of textbooks

9307. The State Board of Education shall make available for the use of each pupil enrolled in the elementary schools the textbook that is adopted for the grade in which the pupil is enrolled, except that, in lieu thereof, a copy of a basic textbook covering the same or closely related subject matter and adopted for a lower or higher grade may be made

available for any pupil for whom such a textbook would be more appropriate. The board shall provide copies of basic textbooks for teachers of subjects for which such textbooks are adopted. The board shall determine the quantities in which copies of basic textbooks, other textbooks, supplementary textbooks, and teachers' manuals adopted by the board shall be provided for pupils and teachers.

Whenever the board adopts two or more basic textbooks in a subject, they shall be provided in quantities that shall be determined by the board at the time the textbooks are adopted.

Visual impairment

9308. The State Board of Education shall make available copies of adopted textbooks in large print for pupils enrolled in the elementary schools whose visual acuity is 20/70 or less or who have other visual impairment making the use of such textbooks necessary.

Special material

9309. The State Board of Education shall include in the textbooks and teachers' manuals adopted such materials as it may deem necessary and proper to encourage thrift, fire prevention, and the humane treatment of animals, and teach the evil effects of alcohol and tobacco and other narcotics on the human system.

Civics

9310. The State Board of Education shall include in textbooks and teachers' manuals adopted for a textbook for use in elementary schools for the teaching of civics, particularly the Declaration of Independence and the Constitution of the United States. This textbook shall be in simple form and suited to the comprehension of the pupils.

Article 2. Purchase, Compilation, Publication

Powers of State Board of Education

9351. The State Board of Education may:

(a) Compile in whole, or in part, and manufacture such textbooks as are now in use.

(b) Compile, or cause to be compiled and manufacture such other additional textbooks or books as it may deem necessary or proper for use in the elementary schools of the State.

(c) Purchase books when necessary, or lease plates, maps, engravings, or copyright matter for use in manufacturing textbooks.

(d) Contract for, or lease copyrights for use in compiling, printing, or publishing textbooks.

(e) Provide for the payment of royalties or for the leasing of plates or making the whole or any part of a book, and do any or all things that may be necessary for the purpose of procuring a uniform series of textbooks for use in the elementary day and evening schools of this State.

(f) Arrange for the printing of textbooks by the State Department of Finance.

Cost of publication

9352. The cost of publishing textbooks, and teachers' manuals shall be paid out of funds appropriated for publishing, purchasing and shipping free textbooks.

Criteria of evaluation

9353. Whenever the State Board of Education calls for bids on any textbook, it shall furnish to any person desiring to file a bid the detailed criteria prepared by the State Curriculum Commission and by which the book will be judged and evaluated.

Braille books

9354. The State Board of Education shall provide adopted textbooks in Braille characters for pupils enrolled in elementary schools whose corrected visual acuity is 20/200 or less. For such purpose, the board may acquire such textbooks in any manner allowed by Section 9351. Any cost of providing elementary school pupils with such books shall be paid from amounts appropriated to the Department of Education for the publishing, purchasing, and shipping of free textbooks.

Contracts

9355. Whenever any plates, maps, or engravings of any publisher or author are adopted for use, or whenever any books are purchased, the State Board of Education shall enter into a contract for not less than four years nor more than eight years for their use in the elementary day and evening schools of the State, and shall require a good and sufficient bond of the owners of the books, plates, maps, or engravings under a written guarantee that they shall be kept, revised and free from all errors and up to date as may be required by the State Board of Education.

After an original adoption period has expired, and whenever the State Board of Education extends the adoption period of such books pursuant to Section 9302, such extension shall be for not less than one year nor more than four years in the same manner as prescribed by Section 9351, and Sections 9353 to 9360, inclusive.

Royalties and plates

9356. The amount fixed for royalty and costs of plates or copyright matter in favor of any company, or individual, shall be presented by the Superintendent of Public Instruction to the State Board of Education for its approval. Claims shall be paid quarterly, in the same manner as other claims upon the State Treasury.

Copyrights

9357. The State Board of Education may secure copyrights in the name of the people of the State to any book that is compiled.

Statement by State Board of Education

9358. The State Board of Education, before purchasing textbooks from any source other than the Department of Finance shall file with the department a statement showing:

(a) The price which will be paid for the books.

(b) The cause preventing its production by the department.

(c) Evidence that will support the fact that the publisher actually refused to lease copyright matter, if such refusal is assigned as a cause preventing the production of the book by the department.

(d) The particular advantages of the textbook proposed to be purchased as compared generally with other textbooks on the same subject.

Statement by State Printer

9359. Whenever the State Board of Education files a statement described in Section 9358 the State Printer may also file

with the Department of Finance a statement showing the names of textbooks which he is able to publish, the cost of publishing them, the names of their authors, and, if they have been published previously, the names of their publishers.

9360. The information contained in the statements described in Sections 9358 and 9359 shall be open and available to the public. Public record

Article 3. Printing

9401. Subject to the approval of the State Board of Education or a representative of the State Board of Education appointed to supervise the work, the Department of Finance shall have supervision of all the mechanical work connected with the printing of such books as may be compiled and adopted. The Department of Finance, after printing and binding the books, shall deliver them to the Superintendent of Public Instruction. Mechanical work

9402. The Department of Finance shall receive payment on the approval of the items of cost by the State Board of Education or its duly authorized agent. Payment

9403. The Department of Finance shall furnish one copy of a cost-finding report showing items of work and the materials and the exact cost of each item for each of the lot of books, to the State Board of Education. Cost-finding report

9404. The Department of Finance shall on the first day of each month furnish to the State Board of Education a detailed statement showing the name and number of books published by it during the preceding month, and the number in course of publication. Detailed statement

Article 4. Uniform Use of Textbooks

9451. At the time of adoption the State Board of Education shall determine the date a textbook shall be put into use, which shall be the beginning of a school year. Use

9452. Following the adoption of a textbook the Superintendent of Public Instruction shall give notice of the adoption, the grade or grades for which it is adopted, the date it is to be put into use, the period of years during which it is to remain in use, the quantities in which it will be provided and other matters affecting its use to each county superintendent of schools and to the governing board of each school district. Similar notice shall be given by him following the readoption of a textbook. Notice of adoption, etc

9453. The State Board of Education shall enforce the uniform use of textbooks in the grades of the public elementary schools for which they are adopted. Enforcement

9454. Nothing contained in this article (commencing with Section 9451) shall in any way restrict the additional use of such supplementary books as may be purchased for school libraries pursuant to this code. Construction

Article 5. Distribution of Textbooks

Supply

9501. The Superintendent of Public Instruction shall maintain a supply of state textbooks and distribute them to the school districts and county superintendents of schools in conformity with the provisions of this code and with the rules, regulations and resolutions of the State Board of Education made pursuant thereto.

Charges

9502. No charge shall be made to any school district or county superintendent of schools for state textbooks or teachers' manuals to be used in grades one through eight of the public schools, nor shall any charge be made to any pupil or teacher for the use of such textbooks or teachers' manuals.

Article 6. Supplementary Textbooks

Adoption

9551. County boards of education may adopt books for supplementary use in elementary schools in their respective counties and cities and counties pursuant to this code.

Purchase of books

9552. No pupils shall be required to purchase supplementary books, and pupils shall be expressly notified by teachers that it is not required or desirable that books for supplementary use be purchased by pupils or parents.

Payment

9553. When supplementary books are purchased, they shall be paid for by the school district.

Article 7. Orders for Textbooks for State Institutions

Orders by state institutions

9601. The president, principal, or other head of any state institution, in which instruction is given in the elementary branches, may order such state textbooks as may be used to advantage, for use in the institution, on blanks supplied by the Superintendent of Public Instruction.

Orders of state colleges

9602. The president of any state college may order such state textbooks as may be used to advantage by the college in giving instruction in elementary subjects, or in giving instruction in the teaching of elementary subjects.

Revision of orders

9603. Orders for state institutions and state colleges are subject to revision by the Superintendent of Public Instruction.

Delivery

9604. Books shall be delivered free of cost to state institutions or state colleges on the order of the Superintendent of Public Instruction, in the usual method of shipment.

Article 8. Sale and Price

Cost price

9651. On receiving a copy of the cost-finding report and the estimated cost of the publishing of any book, the State Board of Education shall determine and fix the cost price of the books. The cost price shall be determined by adding: (a) the cost of manufacture, (b) the contract price to be paid as royalty or for the use of plates, maps, engravings, or copy-

righted matter, and (c) overhead expense, which shall be computed at 10 percent of items (a) and (b).

9652. The cost price shall be deemed to be the whole cost of publication of the book at Sacramento. Cost of publication

9653. The State Board of Education may provide for the sale at not less than cost price of state textbooks to private schools, individuals, or dealers under such rules and regulations as may be adopted by the Board of Education. Sales

9654. Books shall not be sold by dealers for more than their cost price, which price shall be established by the State Board of Education. Sale price

9655. All orders for textbooks shall be forwarded to the Superintendent of Public Instruction on forms provided by him. Orders

9656. The Superintendent of Public Instruction shall keep an accurate account of the amount of money received from the sale of textbooks and report to the Controller in accordance with provisions of Chapter 1 (commencing at Section 16300) of Part 2 of Division 4 of Title 2 of the Government Code. The amount of money collected therefor shall be paid into the Treasury to the credit of the current appropriation for publishing, purchasing, and shipping free textbooks. Accounts and sales proceeds

Article 9. Disposal of Old Books

9701. The State Board of Education may provide for the disposition of such textbooks as are no longer in a fit condition to be used for purposes of instruction. Books unfit for further use

9702. Whenever in the judgment of the State Board of Education it is practicable to sell old textbooks for use in the manufacture of paper pulp or similar substances, the highest price obtainable shall be secured, and the money obtained deposited in the State General Fund. Sale

Chapter 3. Textbooks for Postgraduate Courses in Elementary Schools

Article 1. Adoption

9801. The county board of education may adopt, for a period of not less than four years, such textbooks as may be necessary to carry out the postgraduate course. Power of county board of education

9802. The state series of textbooks shall be used wherever adapted to the teaching of any subject. Use of state textbooks

Article 2. Furnishing of Textbooks to Pupils

9851. All textbooks, supplementary books and instructional material, except books of the state series, shall be purchased by the school district out of the county or special fund and furnished free to the pupils. This textbook fund shall be separate and distinct from the library fund. Free use

CHAPTER 4. HIGH SCHOOL TEXTBOOKS

Article 1. Listing of Textbooks

Application

9901. Any publisher desiring to offer textbooks for the use of pupils enrolled in the high schools of the State shall file with the State Board of Education at Sacramento a written application for the listing of the books accompanied by a uniform fee to be fixed by the State Board of Education which shall not exceed five dollars ($5) for each book for which listing is applied. The fee shall be deposited in the State Treasury to the credit of the General Fund.

Publisher's statement

9902. The publisher shall submit one copy of each book, together with a statement of the list price of the book as shown by the publisher's catalog, a statement of all discounts allowed when new copies of the book are purchased, and a statement of the lowest exchange price that will be given when old books on the same subject and of the like kind and grade, but of a different series, are received in exchange.

Article 2. Bond of Publisher

Bond

9951. Every publisher desiring to offer books for official listing shall file with the State Board of Education a bond in a form approved by the Attorney General payable to the State of California in a sum to be determined by the State Board of Education.

Amount

9952. The sum of the bond for any publisher offering books shall be not less than one thousand dollars ($1,000) nor more than ten thousand dollars ($10,000).

Conditions of bond
Price

9953. The bond shall provide that the publisher will furnish the books offered by him and listed by the State Board of Education, to any high school district at a price which shall not exceed the lowest price the publisher has made for the books offered anywhere in the United States under similar conditions of transportation and marketing.

Same

9954. The bond shall also provide that the publisher will reduce the price automatically to purchasers within the State whenever reductions are made elsewhere in the United States, so that at no time shall any book filed and listed be sold to school authorities in the State at a higher net price than is received for the book elsewhere in the United States, and that upon failure or refusal of the publisher to make such reduction all contracts for the book or books shall become null and void.

Same
Quality

9955. The bond shall also provide that all books offered for sale, adoption, or exchange in the State shall be equal in quality to that officially filed in the office of the State Board of Education as regards paper, binding, print, illustration, subject matter, and all other particulars that affect the value of the school books.

9956. The bond shall further provide that the publisher will not in any way, directly or indirectly, become associated or connected with any combination in restraint of trade in textbooks, and that he will not enter into any understanding, agreement, or combination to control prices or restrict competition in the sale of school books for use in the State. Same: Agreements to control price

9957. The bond shall further provide that the publisher will maintain an office in California or designate two or more separate agents or arrange with two or more independently owned and operated depositories which are recommended as such depositories by the Department of Education, to receive and handle orders for the books. Same: Depositories

9958. The bond shall further provide that the publisher will pay the costs in a sum not to exceed five hundred dollars ($500) of any investigation of the merits of any book filed by him if a commission of impartial experts finds, after public hearing, that the book filed by the publisher and sold by him in the State contained sectarian or denominational doctrine contrary to law, or propaganda injurious, in the judgment of the commission, to the schools. Same Cost of investigation

9959. When, in the judgment of the State Board of Education, there exists sufficient evidence that a textbook listed by the board contains sectarian or denominational doctrine contrary to law or contains propaganda injurious to the welfare of the public schools, the board shall cause the book to be investigated by a committee of impartial experts. The committee shall be constituted and shall conduct its investigation under such rules and regulations as may be prescribed by the State Board of Education. If, in the opinion of the committee, the textbook does contain sectarian or denominational doctrine contrary to law or does contain propaganda injurious to the welfare of the public schools, the Board of Education may remove the book from the official list. Sectarian or denominational doctrine

Article 3. Adoption and Purchase

10001. The governing board of each high school district shall adopt textbooks for use in the schools under its control. Only books which have been filed with and officially listed by the State Board of Education under regulations prescribed by it, may be adopted by the governing board. Official listing

10002. The State Board of Education shall classify all instructional material used in high schools, and shall indicate which materials are textbooks. Instructional materials not classified as textbooks may be purchased by governing boards of high school districts without reference to the list of state textbooks. Classification of instructional material

10003. The books adopted shall be put in actual use in the district not later than the school year next following their adoption. Effective date

10004. After any book has been selected and adopted by the board, it shall not be changed nor any other book substi- Effective period

tuted therefor, except as provided in Sections 9901 to 10202, inclusive, for the period of three years after the date of its adoption, as shown by the official records of the board.

Difference in courses

10005. Whenever courses of study designed to meet the needs of pupils of differing degrees of ability and preparation have been adopted by the governing board of a high school district, different textbooks may be adopted in the courses under regulations prescribed by the State Board of Education.

Notice of listing

10006. The Department of Education shall provide each publisher with a certificate for each book officially listed and shall from time to time notify county superintendents of schools, city superintendents of schools, and high school principals, which books have been officially listed and the maximum prices at which the books may be purchased.

Publication of lists

10007. At least once each year the Department of Education shall publish a complete list of all books officially listed for use in the high schools of the State, one copy of which shall be sent to each county superintendent of schools, each city superintendent of schools, each high school principal, each clerk of the governing board of every high school district, and to each publisher whose books are listed.

Effect of removal from list

10008. Whenever a book has been removed from the list by action of the State Board of Education, it shall be illegal for any high school district to purchase copies of the book or to continue the use of the book in high schools in the district, beyond the close of the current school year.

Removal

10009. Books shall be removed from the list in any one of the following ways: (a) upon written request of the publisher; (b) by action of the State Board of Education after formal investigation as provided in Sections 9901 to 10202, inclusive; (c) by action of the Department of Education after the book has been on the list for a period of 10 years, but such action shall not prevent the publisher again officially filing the book for listing.

Purchase

10010. The clerk, secretary, or other person named by the board for the purpose shall purchase textbooks on order of the governing board of the high school district and shall examine the books when received. If they are found to be correct and in accordance with the order, a warrant shall be drawn for the proper amount, including the cost of transporting the textbooks, against any fund of the high school district available for the purpose and remitted to the publisher within 30 days after receipt of the books.

Article 4. Furnishing Textbooks to Pupils

Classes for adults: Charge

10051. The governing board of each high school district may fix a charge not to exceed the cost of the books to the high school district for books furnished pupils in classes for adults. In lieu of fixing such charge, the board may lend books to such pupils and require the making of deposits by the pupils, the amount of deposit made by a pupil to be refunded to him upon

the return by him of the books lent him in good condition, reasonable wear and tear excepted.

High school courses

10052. The governing board of each high school district shall purchase textbooks for the use of pupils enrolled in the high schools of the district. The textbooks shall at all times remain the property of the district, and shall be supplied to the pupils for use without charge.

Accessibility of books

10053. The governing board of each high school district shall make all necessary provisions and arrangements to place the books purchased within easy reach and accessible for the use of all the pupils in the schools under its control.

Sale of used books

10054. The governing board of a high school district may at the end of any school term sell textbooks owned by the district to pupils of the district at prices which shall not exceed the actual value of the textbooks. The governing board shall not require pupils of the district to purchase textbooks offered for sale by the board.

The proceeds of the sales shall be placed in the county treasury to the credit of the general fund of the school district.

Article 5. Failure to Furnish Books

Notice to State Board of Education

10101. If any publisher complies with Sections 9901 to 10202, inclusive, and then fails or refuses to furnish the books to any high school board upon the terms provided in Sections 9901 to 10202, inclusive, within a reasonable time after an order is filed, the board shall at once notify the State Board of Education of the failure or refusal, and cause an investigation of the charge to be made.

Notice by State Board of Education

10102. If the State Board of Education finds the charge to be true, it shall notify the publisher and the principal of each high school and the clerk of each high school board in the State that the books shall not thereafter be adopted or purchased by any of the public school authorities.

Penalty

10103. The publishers shall forfeit and pay to the State of California the sum of one hundred dollars ($100) for each failure or refusal to furnish the books, to be recovered in the name of the State of California in an action to be brought by the Attorney General in any proper court. The amount when collected shall be paid into the Treasury to the credit of the High School Fund of the State.

Offering unlisted books for sale

10104. It is a misdemeanor for any publisher or his representative to offer for sale any textbook to the high schools of the State unless the book has been officially filed and there is on file in the Office of the State Board of Education a valid bond, conditioned as provided in Sections 9901 to 10202, inclusive, in full force and effect.

Article 6. Offenses and Penalties

Offering bribe

10151. No publisher of school textbooks nor any agent of any publisher shall offer or give any emolument, money, or other valuable thing, or any inducement, to any member of any high school board, or school official, or teacher connected with any of the high schools of the State, for his vote, or promise to vote, or for the use of his influence for the adoption of any school textbook to be used in any of the high schools of the State.

Accepting bribe

10152. No member of any high school board or school official connected with any of the public schools of the State, shall accept any emolument, money, or other valuable thing, or any other inducement from any publisher, or agent of any publisher, for his vote, or promise to vote, or for the use of his influence for the adoption of any school textbooks.

Supplying sample copy

10153. Nothing in this article (commencing at Section 10151) shall be construed to prevent any person, publisher, or publisher's agent from supplying for purposes of examination necessary sample copies of school textbooks to any member of a high school board, school official, or teacher.

Receiving sample copy

10154. Nothing in this article (commencing at Section 10151) shall be construed to prevent a member of a high school board or school official from receiving sample copies of school textbooks. All copies of textbooks so received shall be returned within 30 days after the adoption of textbooks in the subject by the high school board.

Penalty

10155. Any publisher of school textbooks, or any agent of any publisher, or any member of any high school board or public school official in the State who violates any of the provisions of Sections 9901 to 10202, inclusive, is guilty of a misdemeanor. Any member of a high school board or public school official shall, in addition to any other penalty be removed from his official position.

Article 7. Application of Chapter

Junior college

10201. No provision of Sections 9901 to 10202, inclusive, or of this code shall be construed as requiring the governing board of any district maintaining a junior college to provide textbooks free of charge, or otherwise, to any student enrolled in other than grades 11 and 12 of the junior college, nor shall any of the provisions of Sections 9901 to 10202, inclusive, be construed as applicable to textbooks required or authorized to be used by students in other than grades 11 and 12 of the junior college.

Classes for adults

10202. No provision of Sections 9901 to 10202, inclusive, or of this code shall be construed as requiring the governing board of any district to provide textbooks, free of charge, or otherwise, to any adult enrolled in a class for adults, nor shall any of the provisions of Sections 9901 to 10202, inclusive, be construed as applicable to textbooks required or au-

thorized to be used by adults in classes for adults; provided, however, that whether or not a charge shall be made for textbooks for adults in said classes shall be within the discretion of the governing board.

DIVISION 9. PUPILS

CHAPTER 1. GENERAL PROVISIONS

Article 1. Admission of Pupils

Kindergarten Order of registration

10501. Children shall, except as otherwise provided in this article (commencing at Section 10501), be admitted to kindergarten in the order in which they apply for registration.

Same Chronological age

10502. The governing board of a school district may require that applicants for admission to kindergarten on the first day of a term and presenting themselves for admission on that day, shall be admitted according to chronological age, the oldest first and the youngest last, and for that purpose may provide for the registration of applicants according to chronological age on and before the first day of the term and prior to the admission of applicants to kindergarten.

Applicants who do not present themselves for admission on the first day of the term shall, regardless of any previous registration, be registered and admitted in the order of registration.

Same Notification

10503. The principal in each of the public schools maintaining a kindergarten shall keep a register, open to the inspection of the public, of all children applying for, and entitled to, admission to kindergarten, and shall notify the parents or guardians of the children when vacancies occur.

Kindergarten or first grade: Evidence of minimum age

10504. The parent or guardian of a child shall prior to the admission of the child to the kindergarten or first grade of a school district, present proof to the authorities of the district evidencing that such child is of the minimum age fixed by law for admission thereto. Such evidence shall be in the form of a certificate of birth, or a baptism certificate duly attested, or a passport, or an affidavit of the parent, guardian, or custodian of the minor.

Same

10505. Anything in Section 10504 to the contrary notwithstanding, governing boards of school districts having an average daily attendance of 60,000 or more pupils shall admit a child to the kindergarten or first grade of the school district upon presentation of such proof of age of the child as shall be prescribed by the governing board of the district.

Residents of adjoining states

10506. The governing board of any school district may, with the approval of the county superintendent of schools, admit to the schools of the district pupils living in an adjoining state which is contiguous to the school district. An agreement shall be entered into between the governing board and the governing board or authority of the school district in which the pupils reside providing for the payment by the latter of such tuition

as is agreed upon. The amount of the tuition per unit of average daily attendance of pupils from the adjoining state shall not exceed the average current expenditure, exclusive of all transportation expenditures, per unit of average daily attendance in the district of attendance, plus the actual expenditure, not to exceed ten dollars ($10) per pupil per month for the transportation of the pupils.

Residents of adjacent foreign country

10507. Any person, otherwise eligible for admission to any class or school of a school district of this State, whose parents are or are not citizens of the United States and whose actual and legal residence is in a foreign country adjacent to this State may be admitted to the class or school of the district by the governing board of the district.

Tuition and transportation cost

10508. The governing board of the district may, as a condition precedent to the admission of any person, under Section 10507, require the parent or guardian of such person to pay to the district an amount not more than sufficient to reimburse the district for the total cost, exclusive of capital outlays, of educating the person and providing him with transportation to and from school. The cost of transportation shall not exceed ten dollars ($10) per month. Tuition payments shall be made in advance for each month or semester during the period of attendance. If the amount paid is more or less than the total cost of education and transportation, adjustment shall be made for the following semester or school year. The attendance of the pupils shall not be included in computing the average daily attendance of the class or school for the purpose of obtaining apportionment of state funds.

Article 2. Exclusions of Pupils

Age

10551. Children under six years of age are excluded from the public schools, except as provided in this code.

Habits and disease

10552. The governing body of any school district may exclude children of filthy or vicious habits, or children suffering from contagious or infectious diseases.

Mental and physical disability

10553. The governing board of the school may exclude from attendance on regular school classes any child whose physical or mental disability is such as to cause his attendance to be inimical to the welfare of other pupils.

Article 3. Suspension or Expulsion

Suspension by teacher

10601. Teachers may suspend, for good cause, any pupil from the school, and shall report the suspension to the governing board of the school district for review. If the action is not sustained by them, the teacher may appeal to the county superintendent, whose decision shall be final.

Grounds for suspension or expulsion

10602. Continued wilful disobedience, open and persistent defiance of the authority of the teacher, habitual profanity or vulgarity, upon school premises, constitute good cause for suspension or expulsion from school. Smoking or having tobacco

on school premises constitutes good cause for the suspension or expulsion of a pupil except when permitted as provided in this section. The governing board of any school district maintaining a junior college may adopt rules and regulations permitting the smoking and possession of tobacco on the campus of a junior college by pupils of the junior college 18 years of age and over and enrolled in grades above the twelfth, if the campus is not shared with a high school.

Expulsion: Narcotics

10603. The governing board of any school district may suspend or expel a pupil whenever it is established to the satisfaction of the board that the pupil has on or near the school premises used, sold, or been in possession of narcotics.

Secret fraternities

10604. It is unlawful for any pupil, enrolled in any elementary or secondary school of this State, to join or become a member of any secret fraternity, sorority, or club, wholly or partly formed from the membership of pupils attending the public schools, or to take part in the organization or formation of any fraternity, sorority, or secret club. Nothing in this section shall be construed to prevent any pupil from joining the order of the Native Sons of the Golden West, Native Daughters of the Golden West, Foresters of America, or other kindred organizations not directly associated with the public schools of the State.

The governing board of any school district may make and enforce all rules and regulations needful for the government and discipline of the schools under its charge. Any governing board shall enforce the provisions of this section by suspending, or, if necessary, expelling a pupil in any elementary or secondary school who refuses or neglects to obey any such rules or regulations.

Powers of governing board

10605. The governing board of any school district shall suspend or expel pupils for misconduct when other means of correction fail to bring about proper conduct.

Liability for school property

10606. Any pupil who wilfully cuts, defaces, or otherwise injures in any way any property, real or personal, belonging to a school district is liable to suspension or expulsion, and the parent or guardian shall be liable for all damages so caused by the pupil. The parent or guardian of a pupil shall be liable to a school district for all property belonging to the school district loaned to the pupil and not returned upon demand of an employee of the district authorized to make the demand.

Duration of suspension

10607. No pupil shall be suspended from school for more than two consecutive weeks.

Appeal

10608. If a pupil is expelled from school, the parent or guardian of the pupil may appeal to the county board of education which shall hold a hearing thereon and render its decision. The decision of the county board of education shall be final and binding upon the parent or guardian and the governing board expelling the pupil.

Article 4. Assistance for Special Classes of Students

Readers for blind students

10651. Whenever any blind person with the proper educational qualifications regularly matriculates, enters, and works for a degree, or for a diploma of graduation, in any university, college, or state college in this State, the Director of Education may provide, from any funds appropriated for the purpose or appropriated for the support of the California School for the Blind, a reader to assist him in his studies. Any person so employed shall be exempt from the provisions of any retirement system supported in whole or in part by the State of California. No more than one thousand dollars ($1,000) per annum shall be expended for the instruction of any one student, except that for graduate students no more than one thousand two hundred dollars ($1,200) shall be expended for the instruction of any one student.

Children of disabled veterans

10652. No state-owned college, university, or other school shall charge any tuition, or incidental fees to any child of any veteran of the United States military service who has a service-connected disability, and whose annual income not including governmental compensation for such service-connected disability, does not exceed one thousand eight hundred dollars $1,800). Nothing contained in this section shall prevent the Regents of the University of California from charging to and collecting from nonresident students an admission fee and rate of tuition in accordance with Section 23053, nor shall anything in this section prevent the charging and collecting of fees required of nonresident students admitted to colleges and schools under the jurisdiction of the Department of Education, or the Director of Education.

Article 5. Student Organizations

Purpose and privileges

10701. Any group of students may organize a student body association within the public schools with the approval and subject to the control and regulation of the governing board of the school district. Any such organization shall have as its purpose the conduct of activities on behalf of the students approved by the school authorities and not in conflict with the authority and responsibility of the public school officials. Any student body organization may be granted the use of school premises and properties without charge subject to such regulations as may be established by the governing board of the school district.

Authorization

10702. The governing board of any school district may authorize any organization composed entirely of pupils attending the schools of the district to maintain such activities as may be approved by the governing board. The governing board of any school district may by resolution authorize student organizations to sell food; provided, that in elementary or high schools no food items prepared on the premises shall be sold by such student organizations during the school day. The

Superintendent of Public Instruction by regulation shall determine the food items requiring preparation.

Deposit and expenditure

10703. The funds of any student body organization shall be deposited in a bank approved by the governing board of the school district and shall be expended subject to such procedure as may be established by the student body organization subject to the approval of an employee or official of the school district designated by the governing board.

Funds

10704. The governing board of any school district shall provide for the supervision of all funds raised by any student body or student organization using the name of the school.

The cost of supervision may constitute a proper charge against the funds of the district.

The governing board of a school district may also provide for a continuing audit of student body funds with school district personnel.

Student body funds: Trustee

10705. In schools or classes for adults or in elementary schools in which the student body is not organized, the governing board may appoint an employee or official to act as trustee for student body funds and to receive said funds in accordance with procedures established by the board. These funds shall be deposited in a bank approved by the board and shall be expended subject to the approval of said appointed employee or official and also subject to such procedure as may be established by the board.

Article 6. Pupil Records

Prohibition re information concerning pupils

10751. No teacher, principal, employee, or governing board member of any public, private, or parochial school shall give out any personal information concerning any particular minor pupil enrolled in the school in any class of the twelfth grade or below or in the thirteenth or fourteenth grades of a public junior college to any person except under judicial process unless the person is one of the following:

(a) A parent or guardian of such pupil.

(b) A person designated by such parent or guardian in writing.

(c) An officer or employee of a public, private, or parochial school where the pupil attends, has attended, or intends to enroll.

(d) An officer or employee of the United States, the State of California, or a city, city and county, or county seeking information in the course of his duties.

(e) An officer or employee of a public or private guidance or welfare agency of which the pupil is a client.

Restrictions imposed by this act are not intended to interfere with the giving of information by school personnel concerning participation in athletics and other school activities, the winning of scholastic or other honors and awards, and other like information. Notwithstanding the restrictions imposed by this section, an employer or potential employer of the pupil

may be furnished the age and scholastic record of the pupil and employment recommendations prepared by members of the school staff, and rosters or lists containing the names and addresses of seniors in public, private, or parochial high schools or junior colleges may be furnished to private business or professional schools and colleges.

Transfer of cumulative records

10752. Whenever a pupil transfers from one school district to another within this State, the cumulative record of the pupil, which shall be available to the pupil's parent for inspection on request, shall be transferred to the district to which the pupil transfers; provided, a request for such cumulative record is received from the district to which the transfer is made. The State Board of Education is hereby authorized to adopt rules and regulations concerning the transfer of cumulative records from one school district to another. The effective date of this section shall be July 1, 1960.

Article 7. Interdistrict Attendance

Interdistrict attendance

10801. The governing board of any school district may admit to the schools or classes maintained in the district any pupils who live in another school district which maintains schools or classes of the grade levels which the pupils desire to attend, whenever an agreement is entered into between the governing board and the governing board of the district in which the pupil lives stipulating the terms upon which the interdistrict attendance shall be permitted. Said interdistrict attendance agreement may be for a term of not to exceed five (5) consecutive school years. In the event the governing board of either district neglects or refuses to enter into such an agreement within 30 days after the person having the custody of any pupil has requested the board so to do, such person may appeal to the county board of education having jurisdiction over the district in which the pupil lives which shall, within 30 days after the filing of such appeal, determine whether the pupil should be permitted to attend in the district in which he desires to attend and for what period of time. If the county board of education determines that the pupil should be permitted to attend in the district in which he desires to attend, the pupil shall be admitted to school in said district without delay and the governing board of the district in which the pupil lives shall pay to the district of attendance, at the close of each school year in which the pupil attends in the district of attendance an amount which shall be: (a) the actual cost to the district of attendance of the education of such pupil, less all state and federal funds apportioned to the district on account of such pupil, or (b) if the school attended by the pupil is one which came into the possession of the district of attendance by reason of the annexation or transfer of territory, including the site of the school, of the district in which the pupil lives to the district of attendance and the pupil would have normally attended such school had its site remained in

the district in which the pupil lives, such amount as the county board of education may fix but not more than the actual cost to the district of attendance of educating such pupil, less all state and federal funds apportioned to the district on account of the attendance of such pupil, nor less than the actual average cost to the district in which the pupil lives of educating pupils in schools of the same grade level, less the average amount per pupil of all state and federal funds apportioned to the district on account of the attendance of pupils.

A pupil may be admitted provisionally to the schools of a district other than that in which he lives by the governing board of such district for a period of not exceeding two school months, pending decision by the governing boards of the school districts concerned, or by the county board of education relative to his admittance.

The provisions of this section do not apply to the attendance of pupils in the seventh and eighth grades of a junior high school.

Admission of pupil residing in another county

10802. Where the county boards of education of the two counties concerned agree that it is for the best educational and health interest of the child, a school district located in one county shall admit to the schools or classes maintained by it any pupil who resides in a school district located in another county.

Payment by district in which pupil resides

10803. The governing board of the district in which a pupil resides shall not pay, or be required to pay, to another district in which such pupil may be lawfully attending under Sections 1091 to 1093, inclusive, and Sections 10801 to 10809, inclusive, any amount in excess of the actual cost to the district of attendance for the education of such pupil, less state and federal funds apportioned or allocated to the district on account of the attendance of the pupil.

Education by other districts

10804. Whenever three-fourths of the electors residing in an elementary school district and having children attending in the schools of the district petition the governing board of the district so to do, the governing board of such district with the approval of all the members of the county board of education may provide for the education of all elementary school pupils in the district by another elementary or unified school district subject to such terms and conditions as the governing boards of the two districts may agree upon. The attendance of the pupils shall be credited to the district of attendance and on the next succeeding July 1st, the district of residence shall be subject to the provisions of Sections 1871 to 1885, inclusive.

Interdistrict kindergarten attendance

10805. The governing board of an elementary school district or unified school district may admit to the kindergartens maintained by the district children eligible for admission to kindergarten classes who reside in an elementary school district or unified school district not maintaining a kindergarten whenever an agreement is entered into between the governing board of the district of attendance and the governing board

of the district of residence stipulating the terms upon which the interdistrict attendance shall be permitted.

Payment by county superintendent of district of residence

10806. If the governing board of a school district in which pupils reside who are lawfully attending in another district fails or refuses to pay, when due, the amount required to be paid the district of attendance for the education of such pupils under any provision of this code, the county superintendent of schools having jurisdiction over the district of residence shall draw a requisition against the funds of the district of residence in favor of the district of attendance in payment of such amount and transmit the requisition to the governing board of the district of attendance.

Interdistrict attendance agreements

10807. The governing board of any school district may admit to the schools or classes maintained in the district any pupils who reside in another school district during any of the first three (3) fiscal years of existence for all purposes of the district of residence, whenever an agreement is entered into between the governing boards stipulating the terms upon which the interdistrict attendance shall be permitted.

Credit for attendance

10808. The average daily attendance of all pupils, excepting pupils attending the seventh and eighth grades of a junior high school, who reside in one school district and attend school in another school district shall be credited to the district attended for apportionment purposes.

Credit for attendance from suspended district

10809. The attendance of a pupil residing in a suspended elementary school district included within a union or joint union elementary school district and attending school in the union or joint union elementary school district, shall be credited to the elementary school district within the union or joint union elementary school district in which the school attended by the pupil is located.

Article 8. Miscellaneous

Duties of pupils

10851. All pupils shall comply with the regulations, pursue the required course of study, and submit to the authority of the teachers of the schools.

Hazing

10852. No student, or other person in attendance at any public, private, parochial, or military school, college, or other educational institution, shall conspire to haze, engage in hazing, or commit any act that injures, degrades, or disgraces, or tends to injure, degrade, or disgrace any fellow student or person attending the institution. The violation of this section is a misdemeanor, punishable by a fine of not less than fifty dollars ($50), nor more than five hundred dollars ($500), or imprisonment in the county jail for not more than six months, or both.

CHAPTER 2. ATTENDANCE—GENERAL REQUIREMENTS AND RECORDS

Article 1. General Provisions

10951. Attendance in all schools and classes shall be recorded and kept according to regulations prescribed by the State Board of Education, subject to the provisions of this chapter (commencing at Section 10951). Records

10952. The governing board of each school district shall, subject to the provisions of this chapter (commencing at Section 10951), fix the length of the school day for the several grades and classes of the schools maintained by the district. Length of school day

10953. The total days of attendance of a pupil upon a regular full-time day kindergarten, elementary school, high school, junior college, or schools or classes maintained by the county superintendent of schools during the fiscal year shall be the number of days school was actually taught for not less than the minimum school days during the fiscal year less the sum of his absences due to causes other than his illness. Absence due to illness shall be verified by the district or the county superintendent of schools in such manner as the Superintendent of Public Instruction shall require. Total days of attendance

10954. The absence of a pupil due to his quarantine under the direction of a county or city health officer is not an absence in computing the total days of attendance. Absenee due to quarantine shall be verified by the district in such manner as the Superintendent of Public Instruction shall require. Absences

10955. No absence of a pupil from school for the purpose of having optometrical, or medical service rendered shall be deemed an absence in computing average daily attendance. Same

10956. No absence of a pupil from school for the purpose of having dental services rendered shall be deemed an absence in computing average daily attendance Same

Article 2. Attendance in Kindergartens and Elementary Schools

11001. No pupil in a kindergarten or in any grade of an elementary school shall be credited with more than one day of attendance in any calendar day and nothing in this article (commencing at Section 11001) shall be construed to the contrary. Attendance credits

11002. No pupil in a kindergarten or in grades one or two shall be kept in school in any day more than four hours exclusive of recesses. Maximum school day

11003. The minimum school day for pupils of kindergartens, and for mentally retarded minors in special training schools or classes prescribed in Section 6903, is 180 minutes inclusive of recesses except that if a school district maintains two such classes on the same day which are taught by the Minimum school day

same teacher, the minimum school day for each of such classes shall be 130 minutes inclusive of recesses.

Kindergarten day of attendance

11004. A day of attendance in a kindergarten is 180 minutes of attendance.

Minimum school day

11005. The minimum school day in grades one, two, and three in elementary schools is 200 minutes. A day of attendance is 200 minutes of attendance. This section shall become effective on July 1, 1959.

Same

11005.1. The minimum school day in grades one, two, and three in elementary schools is 200 minutes. This section shall remain in effect until June 30, 1959.

Same

11006. The minimum school day in grades four, five, six, seven, and eight in elementary schools and in special day and evening classes of an elementary school district, is 240 minutes. A day of attendance is 240 minutes of attendance. This section shall become effective on July 1, 1959.

Same

11006.1. The minimum school day in grades four, five, six, seven, and eight in elementary schools and in special day and evening classes of an elementary school district, is 240 minutes. This section shall remain in effect until June 30, 1959.

Same

11007. The minimum school day in kindergartens and in grades one to eight, inclusive, in elementary schools, is exclusive of noon intermissions and, except in kindergartens, exclusive of recesses.

Article 3. Attendance in High Schools

Limitation

11051. No pupil in a high school, other than a pupil in an evening high school, continuation high school, or continuation education class, shall be credited with more than one day of attendance in any calendar day and nothing in this article (commencing at Section 11051) shall be construed to the contrary.

Minimum school day

11052. The minimum school day in any high school, except in an evening high school, a continuation high school, and in continuation education classes, is 240 minutes. A day of attendance is 240 minutes of attendance. This section shall become effective on July 1, 1959.

Same

11052.1. The minimum school day in any high school, except in an evening high school, a continuation high school, and in continuation education classes, is 240 minutes. This section shall remain in effect until June 30, 1959.

Continuation high school, etc.

11053. In continuation high schools and continuation education classes, a day of attendance is 180 minutes of attendance but no pupil in any such school or class shall be credited with more than 15 hours of attendance in any calendar week.

Article 4. Attendance in Junior Colleges

Limitation: Pupils in grades 11 and 12

11101. No pupil in grades 11 and 12 of a junior college shall be credited with more than 15 clock hours of attendance in any calendar week and nothing in this article (commencing at Section 11101) shall be construed to the contrary.

11102. In any district maintaining the 13th and 14th grades the pupils in such grades shall not be credited, on a district average, with more than 630 class hours of attendance during any fiscal year, exclusive of attendance at suummer schools. The provisions of this section shall apply in crediting attendance for apportionments made during the 1954-1955 Fiscal Year and thereafter.

Same: Pupils in grades 13 and 14

The department shall adopt such regulations as may be necessary to carry out the provisions of this section.

11103. The minimum school day in any junior college, other than an evening junior college, is 180 minutes.

Minimum school day

11104. A day of attendance in grades 11 and 12 is 180 minutes of attendance.

Computation Grades 11 and 12

Article 5. Attendance in Classes for Adults

11151. In classes for adults, a day of attendance is 180 minutes of attendance but no pupil shall be credited with more than 15 clock hours of attendance during any one school week unless he is enrolled in a class in citizenship or in a trade or industrial subject as trade or industrial subject is defined by the State Board of Education.

Day of attendance

11152. Each clock hour of teaching time devoted to the individual instruction of physically handicapped adults who are patients in a tuberculosis ward or hospital maintained by one or more counties shall count as one day of attendance but no such adult shall be credited with more than one day of attendance in any calendar day.

Physically handicapped adults

Article 6. Attendance of Physically Handicapped Pupils

11201. Attendance of physically handicapped pupils in a graded special class for the same number of minutes as constitute a day of attendance in the same grade of regular classes shall constitute a day of attendance. Each clock hour of teaching time devoted to individual instruction of physically handicapped pupils shall count as one day of attendance. The average daily attendance of all physically handicapped pupils shall be computed by dividing the total number of days of attendance of the pupils by the number of days taught in the regular schools of the district.

Day of attendance

11202. With respect to physically handicapped pupils given instruction at home or in a hospital or in the case of minors with speech disorders or defects who may be admitted at the age of three years for individual instruction at the school, each clock hour of teaching time devoted to the individual instruction of such pupils shall count as one day of attendance. No provision of this chapter (commencing at Section 10951) of this code limiting the number of days of attendance with which a pupil may be credited in any one calendar day is applicable to such pupils but no such pupil shall be given individual instruction for more than three hours in any

Same: Individual instruction

one day or credited with more days of attendance during any fiscal year than the number of days the regular day schools of the district were maintained during such fiscal year.

Report of attendance

11203. The attendance of all physically handicapped pupils given instruction by a school district, including those instructed under co-operative arrangements with the Bureau of Vocational Rehabilitation of the State Department of Education, shall be reported annually to the county superintendent of schools together with all other attendance on forms provided by the Superintendent of Public Instruction.

Attendance credit

11204. The attendance of physically handicapped pupils instructed by the county superintendent of schools pursuant to Section 8903 shall be credited as follows:

(a) The attendance of pupils taught in emergency elementary schools shall be credited to the emergency schools.

(b) The attendance of elementary school pupils given individual instruction in the home or at the bedside in institutions or by co-operative arrangements with the Bureau of Vocational Rehabilitation of the State Department of Education shall be credited to an emergency elementary school maintained for physically handicapped pupils, if such a school is maintained in the county, or if no such school is maintained in the county the attendance shall be credited to an emergency elementary school maintained in the county, but not to more than one emergency elementary school. If no emergency school is maintained in the county, the total number of days of attendance of pupils shall be divided by 175 to compute average daily attendance, and the average daily attendance so computed shall be credited to the county school service fund as attendance upon a single emergency elementary school for individual instruction of physically handicapped children.

(c) The attendance of pupils of secondary grade given individual instruction in the home or in institutions or by co-operative arrangement with the Bureau of Vocational Rehabilitation of the State Department of Education, or instructed in special classes of secondary grade or in remedial classes pursuant to Section 8903, shall be credited to the county school service fund.

(d) The attendance of pupils taught by emergency teachers in the regular schools of the districts of any county shall be credited to the districts, except that the attendance of pupils taught by emergency teachers pursuant to Section 8902 in the regular schools of the district of any county and the attendance of pupils in remedial classes pursuant to Section 8903 shall be credited to the county school service fund in accordance with subdivision (b) of this section.

(e) The attendance of pupils residing in one county and educated under contract with the county superintendent of schools or governing board of a school district of another county, shall be credited to the county school service fund of the county, or district, in which the pupils are educated.

CHAPTER 3. AVERAGE DAILY ATTENDANCE

Article 1. General Provisions

11251. In computing the average daily attendance of a school district, there shall be included only the attendance of pupils while engaged in educational activities required of such pupils and under the immediate supervision and control of an employee of the district who possessed a valid certification document, registered as required by law, authorizing him to render service in the capacity and during the period in which he served. Computation of average daily attendance

11252. Whenever for the purposes of Sections 10951 to 11653, inclusive, Sections 17151 to 18460.1, inclusive, Sections 18654 to 20251, inclusive, Sections 20501 to 21801, inclusive, and Sections 21803 to 22152, inclusive, whichever are in effect, it is necessary to compute the average daily attendance of a school of a district for any certain purpose and no provision is made for the computation thereof for such purpose, the average daily attendance of the school shall be computed by dividing the total number of days of pupils attendance by the number of days school was actually taught in the regular day schools of the district. Same

11253. Where in a high school, junior college, or elementary school four terms of school of at least 12 weeks each are maintained during a fiscal year, and where the course of instruction is so arranged that students may complete a full year's work in any three terms, the total number of days of pupils attendance shall be divided by the greatest number of days school was actually taught in any three of the four terms, but in no case shall the divisor be less than 175. Same

11254. This section shall apply to all allowances, computations, and apportionments made pursuant to Sections 10951 to 11653, inclusive, Sections 17151 to 18460.1, inclusive, Sections 18654 to 20251, inclusive, Sections 20501 to 21801, inclusive, and Sections 21803 to 22152, inclusive, whichever are in effect. Same

(a) If any computation of average daily attendance made under, or necessitated by, any provision of Sections 10951 to 11653, inclusive, Sections 17151 to 18460.1, inclusive, Sections 18654 to 20251, inclusive, Sections 20501 to 21801, inclusive, and Sections 21803 to 22152, inclusive, whichever are in effect, results in a fraction of less than one-half of a unit, the average daily attendance shall be taken as the next lowest whole number, except that if such computation results in an average daily attendance of less than one unit, the average daily attendance shall be deemed to be one unit; but if the fraction is one-half or more of a unit, the average daily attendance shall be taken as the next highest whole number. Fractional units

(b) Whenever any reference is made to a specific whole number of units of average daily attendance said number shall include any fraction above said number which is less than one-half of a unit, and any fraction of one-half or more of a unit above the next lowest whole number.

Pupils of "original district"

11255. If the average daily attendance of pupils residing in territory of a district, hereinafter referred to as the "original district," in the regular day schools of such original district during the fiscal year immediately preceding the effective date of the inclusion of such territory for all purposes in another district of the same type, hereinafter referred to as the "acquiring district," under or pursuant to any provision of law, exceeds 25 units, such average daily attendance shall, for all the purposes of Sections 10951 to 11653, inclusive, Sections 17151 to 18460.1, inclusive, Sections 18654 to 20251, inclusive, Sections 20501 to 21801, inclusive, and Sections 21803 to 22152, inclusive, whichever are in effect, be deemed to have been average daily attendance in the regular day schools of the acquiring district and not average daily attendance in the regular day schools of the original district, except that if the acquiring district was not in existence for all purposes during said preceding fiscal year, such average daily attendance shall be deemed to have been average daily attendance in the regular day schools of the acquiring district during said preceding fiscal year.

The average daily attendance of pupils in the regular day junior colleges of an original high school district during the fiscal year immediately preceding the effective date of the inclusion of such high school district in an acquiring junior college district shall, for all the purposes of Sections 10951 to 11653, inclusive, Sections 17151 to 18460.1, inclusive, Sections 18654 to 20251, inclusive, Sections 20501 to 21801, inclusive, and Sections 21803 to 22152, inclusive, whichever are in effect, be deemed to be average daily attendance in regular day junior colleges of the junior college district during said preceding fiscal year and not average daily attendance in the regular day junior colleges of the high school district during said preceding fiscal year.

For the purposes of this section all elementary school districts are districts of the same type, all high school districts are districts of the same type, and all junior college districts are districts of the same type.

The inclusion of the whole or a portion of an elementary school district, high school district, or junior college district in a unified school district shall be deemed to be the inclusion of such elementary school district, high school district, or junior college district or portion thereof in the elementary school district, high school district, or junior college district as the case may be, within the unified school district.

The Superintendent of Public Instruction shall, and is authorized to do so, adopt such rules and regulations as in his judgment are necessary to give effect to this section.

Interdistrict attendance Pupils of acquiring district

11256. Notwithstanding anything in this code to the contrary, if under Section 11255 average daily attendance of an original district is credited to an acquiring district on or after July 1, 1953, as a result of the unification or other reorganization of school districts, or the change of school district bound-

aries, and if the Superintendent of Public Instruction determines that the acquiring district does not have suitable quarters in which to maintain school for all the day pupils of the district, or that for other good and sufficient reasons the education of pupils in the acquiring district is not practical or in the best interests of such pupils, the governing board of the acquiring district shall contract with the governing board of another school district for the education of those pupils for whom suitable quarters are not available, or who should be educated in another district, as determined by the Superintendent of Public Instruction. No contract for the education of pupils under this paragraph shall be authorized subsequent to the close of the third fiscal year following that in which the acquiring district is formed or reorganized, or the boundaries of the district changed, for all purposes.

Such contract shall provide for the payment of tuition in such amount and in the manner as may be agreed upon by the governing board of the district of attendance and the governing board of the district of residence. The tuition agreed upon shall not be an amount in excess of the actual cost to the district of attendance for the education of such pupils, less federal funds apportioned or allocated to the district of attendance on account of such pupils, and shall be payable during the current school year of attendance.

Any contract for the education of pupils residing in a school district made by the governing board of the district in accordance with the provisions of this section shall be deemed for all purposes to be or have been the maintenance of a school within the boundaries of the district. The average daily attendance of all pupils attending school in a district other than the district in which they reside, pursuant to such contract, shall be credited to the district of residence for apportionment purposes.

The provisions of this section shall apply to any contract made by governing boards of school districts pursuant to this section during the Fiscal Year 1953-54, and thereafter, and attendance of pupils under such a contract shall be credited in the manner prescribed by this section.

Same: Pupils of original district

11257. Notwithstanding anything in this code to the contrary, if under Section 11255 average daily attendance of an original district is credited to an acquiring district on or after July 1, 1953, as a result of the unification or other reorganization of school districts, or the change of boundaries, and if the Superintendent of Public Instruction determines that the original district does not have suitable quarters in which to maintain school for all the day pupils of the district, or that for other good and sufficient reasons the education of pupils in the original district is not practical or in the best interests of such pupils, the governing board of the original district shall contract with the governing board of the acquiring district for the education of those pupils for whom suitable quarters are not available, or who should be educated in another

district, as determined by the Superintendent of Public Instruction. No contract for the education of pupils under this paragraph shall be authorized subsequent to the close of the third fiscal year following that in which the acquiring district is formed or reorganized, or the boundaries of the district changed, for all purposes.

Such contract shall provide for the payment of tuition in such amount and in the manner as may be agreed upon by the governing board of the district of attendance and the governing board of the district of residence. The tuition agreed upon shall not be an amount in excess of the actual cost to the district of attendance for the education of such pupils, less federal funds apportioned or allocated to the district of attendance on account of such pupils, and shall be payable during the current school year of attendance.

Any contract for the education of pupils residing in a school district made by the governing board of the district in accordance with the provisions of this section shall be deemed for all purposes to be or have been the maintenance of a school within the boundaries of the district. The average daily attendance of all pupils attending school in a district other than the district in which they reside, pursuant to such contract, shall be credited to the district of residence for apportionment purposes.

The provisions of this section shall apply to any contract made by governing boards of school districts pursuant to this section during the Fiscal Year 1953-54, and thereafter, and attendance of pupils under such a contract shall be credited in the manner prescribed in this section.

Article 2. Elementary Schools

Computation of average daily attendance

11301. The units of average daily attendance in the elementary schools of a district for a fiscal year shall be computed by dividing the total number of days of pupils attendance in all kindergarten and elementary schools and classes of the district during the fiscal year by the number of days school was actually taught in the regular day elementary schools of the district during the fiscal year, plus the units of average daily attendance credited to the district on account of the education of seventh and eighth grade pupils in a junior high school pursuant to Section 11404.

Article 3. Emergency Schools

Same

11351. The units of average daily attendance for a fiscal year in an emergency school maintained by the county superintendent of schools shall be computed by dividing the total number of days of pupils' attendance in the emergency school during the fiscal year by 175.

Article 4. High Schools

11401. Units of average daily attendance in the high schools of a district other than evening high schools, continuation high schools, and continuation education classes, for a fiscal year are the quotient arising from dividing the total number of days of pupils' attendance in the regular day high schools, summer schools, special high school classes, and the part-time vocational courses of the district, exclusive of the number of days of pupils' attendance in the seventh and eighth grades of junior high schools, during the fiscal year by the number of days school was actually taught in the regular day schools of the district during the fiscal year. Units of average daily attendance in high schools

11402. The units of average daily attendance in the evening high schools, continuation high schools, and continuation education classes of a district for a fiscal year are the quotient arising from dividing the total number of days of pupils' attendance in such high schools and classes by 175. Same Evening high schools, etc

11403. The total units of average daily attendance in the high schools of a district shall be total units of average daily attendance computed under Sections 11401 and 11402. Total computation

11404. The units of average daily attendance for a fiscal year of pupils residing in any elementary school district and attending the seventh and eighth grades of a junior high school shall be determined separately and shall be computed by dividing the total number of days of pupils' attendance in said grades by the number of days school was actually taught during the fiscal year in the regular day high schools of the district maintaining the junior high school. The average daily attendance so computed shall be credited to the elementary school district in which the pupils reside. Re seventh and eighth grade pupils

Article 5. Junior Colleges

11451. The units of average daily attendance in grades 13 and 14 in each junior college of a district for a fiscal year shall be computed by dividing the total number of whole or partial class hours of pupils' attendance in the junior college during the fiscal year by 525. The class hour unit for the purposes of this section is defined as not less than 50 minutes exclusive of passing time. The State Board of Education may define partial class hours and make rules concerning the computation thereof. Computation of average daily attendance: Grades 13 and 14

11452. The units of average daily attendance in the eleventh and twelfth grades of each four-year junior college of the district shall be computed by dividing the total number of days of pupils' attendance in such grades of the junior college during the fiscal year by the number of days school was actually taught in the regular day junior colleges of the district during the fiscal year. Same Grades 11 and 12

11453. The total units of average daily attendance in the junior colleges of a district shall be the total of units of average daily attendance computed under Sections 11451 and 11452. Same Junior colleges

Article 6. Classes for Adults

Same: Adult pupils

11501. The units of average daily attendance in classes for adults for a fiscal year maintained by a district shall be computed by dividing the total days of pupils' attendance in such classes during the fiscal year by 175. The average daily attendance so computed shall be credited to the district maintaining the classes for adults.

Article 7. County School Service Fund

Same: Elementary physically handicapped pupils

11551. The average daily attendance of physically handicapped elementary pupils given instruction by a county superintendent of schools and whose attendance is credited to the county school service fund, shall be computed by dividing the total days of attendance of such pupils during the fiscal year by 175.

Same: Secondary physically handicapped pupils

11552. The average daily attendance of physically handicapped pupils of secondary grade given instruction by a county superintendent of schools and whose attendance is credited to the county school service fund, shall be computed by dividing the total days of attendance of such pupils during the fiscal year by 175.

Same: Mentally retarded minors

11553. The average daily attendance of mentally retarded minors given instruction by a county superintendent of schools shall be computed by dividing the total days of attendance of such pupils during the fiscal year by 175 and the average daily attendance so computed shall be credited to the county school service fund.

Same: Juvenile hall, etc., pupils

11554. The average daily attendance of pupils attending an elementary school or secondary school maintained by a county superintendent of schools for the education of persons in a juvenile hall or in a juvenile home or camp, shall be computed by dividing the total days of pupils attendance in the school during the fiscal year by 175 and the average daily attendance so computed shall be credited to the county school service fund.

Article 8. County School Tuition Fund

Same: Pupils attending school in adjoining state

11601. The average daily attendance for the fiscal year of pupils residing in any county of this State and attending a school in an adjoining state under Sections 20101 to 20251, inclusive, shall be computed by dividing the total number of days of attendance of such pupils in the school by the number of days the school was maintained during said fiscal year, but by not less than 175, and the average daily attendance so computed shall be credited to the county school tuition fund.

Article 9. Emergency Average Daily Attendance

11651. Where a school in a district maintaining more than one school is closed for a part of a term by order of a city or county board of health or of the State Board of Health, or because of fire, flood, impassable roads, epidemic, or other emergency, or by an order provided for in Section 17553, the average daily attendance of the school shall be estimated separately, as provided in Section 11653, and added to the average daily attendance of the other schools of the district. Estimation where emergency

11652. Whenever any attendance records of any district have been lost or destroyed, making it impossible for an accurate report on average daily attendance for the district for any fiscal year to be rendered, which fact shall be shown to the satisfaction of the Superintendent of Public Instruction by the affidavits of the members of the governing board of the district and the county superintendent of schools, the Superintendent of Public Instruction shall estimate the average daily attendance of such district. The estimated average daily attendance shall be deemed to be the actual average daily attendance for that fiscal year for the making of apportionments to the school district from the State School Fund. Lost or destroyed records

11653. Whenever the average daily attendance of any school district during any fiscal year has been materially decreased during any fiscal year because of fire, flood, impassable roads, epidemic, or other emergency, or because of an order provided for in Section 17553, which fact shall be established to the satisfaction of the Superintendent of Public Instruction by affidavits of the members of the governing board of the school district and the county superintendent of schools, the average daily attendance of the district for the fiscal year shall be estimated by the Superintendent of Public Instruction in such manner as to credit to the school district for determining the apportionments to be made to the district from the State School Fund approximately the total average daily attendance which would have been credited to the school district had the emergency not occurred or had the order not been issued. Estimation where emergency

CHAPTER 4. HEALTH SUPERVISION

Article 1. Powers and Duties of Governing Boards

11701. The governing board of any school district shall give diligent care to the health and physical development of pupils, and where sufficient funds are provided by district taxation, shall employ properly certified persons for the work. Health and physical development

11702. The governing board of any school district may provide for proper health supervision of the school buildings and pupils enrolled in the public schools under its jurisdiction. Health supervision

11703. Contracts between any city, county, or local health district and the governing board of any school district located Same: Contracts

wholly or partially within such city, county, or local health district for the performance by the health officers or other employees of the health department of such city, county, or local health district of any or all of the functions and duties set forth in Sections 11701 to 11907, inclusive, and Sections 12051 to 12059, inclusive, relating to health supervision of school buildings and pupils are hereby authorized.

In any such contracts the consideration shall be such as may be agreed upon by the governing board and the city, county, or local health district and shall be paid by the governing board at such times as shall be specified in the contract. This section shall not apply to any district which is under the control of a governing board which has under its control a district or districts having a total average daily attendance of 100,000 or more pupils.

Meals

11704. The governing board of any school district may provide, without charge, breakfasts and lunches, or either, for pupils within the district who do not otherwise receive proper nourishment.

Rules

11705. The governing board of any school district may establish rules by which to determine which pupils are entitled to meals without charge.

District tax

11706. For the purpose of providing funds with which to obtain breakfasts or lunches, or both, for needy pupils, the governing board of any school district may levy and collect a district tax over and above the maximum elsewhere specified in this code.

District funds

11707. District funds may also be used for the purchase of breakfasts or lunches, or both, for needy pupils.

Other public funds

11708. Each official and department of the State having charge of the administering of funds for the relief of indigents may contribute and pay any of the funds subject to his disposal to any school district within the State, to be used by the district for the purchase of breakfasts or lunches, or both, for needy pupils. Every county, city and county, and city within the State may pay any of its funds available for the relief of indigents to any school district, within or partly within the county, city and county, and city for this purpose.

Medical and hospital service

11709. The governing board of any school district or districts may provide, or make available, medical or hospital service, or both, through nonprofit membership corporations defraying the cost of medical service or hospital service, or both, or through group, blanket or individual policies of accident insurance from authorized insurer, for pupils of the district or districts injured while participating in athletic activities under the jurisdiction of, or sponsored or controlled by, the district or districts or the authorities of any school of the district or districts. The cost of the insurance or membership may be paid, from the funds of the district or districts, or by the insured pupil, his parent or guardian.

The insurance may be purchased from, or the membership may be taken in, only such companies or corporations as are authorized to do business in this State.

11710. If the governing board of any school district maintaining junior high schools or high schools does not provide or make available medical and hospital services for pupils of the district injured while participating in athletic activities, in accordance with Section 11709, the board shall notify, in writing, the parent or guardian of each pupil of the district participating in such athletic activities that the services are not provided or made available by the governing board. Notice of noninsurance

11711. The governing board of any school district or districts which does not employ at least five physicians as full time supervisors of health, or the equivalent thereof, may provide, or make available, medical or hospital service, or both, through nonprofit membership corporations defraying the cost of medical service or hospital service, or both, or through group, blanket or individual policies of accident insurance or through policies of liability insurance from authorized insurers, for injuries to pupils of the district or districts arising out of accidents occurring while in or on buildings and other premises of the district or districts during the time such pupils are required to be therein or thereon by reason of their attendance upon a regular day school of such district or districts or while being transported by the district or districts to and from school or other place of instruction, or while at any other place as an incident to school-sponsored activities and while being transported to, from and between such places. No pupils shall be compelled to accept such service without his consent, or if a minor without the consent of his parent or guardian. The cost of the insurance or membership may be paid, from the funds of the district or districts, or by the insured pupil, his parent or guardian. Same

Such insurance may be purchased from, or such membership may be taken in, only such companies or corporations as are authorized to do business in California.

11712. To facilitate the authority referred to in Sections 11709 and 11711 the governing board of the school district or school districts may authorize the distribution by district personnel of such printed matter as may be furnished by the insurer or membership corporation. Same Distribution of printed matter

Article 2. Employment of Physical Inspectors

11751. The governing board of any school district may appoint a supervisor of health, or supervisors of health, consisting of a physician, psychologist, psychiatrist, teacher, nurse, oculist, dentist, optometrist, otologist, chiropodist, school audiometrist, or any one or more of such persons. In case of the appointment of more than one supervisor of health the supervisors may, in the discretion of the board, all be chosen from any one of the classes designated. The board may also appoint such number of nurses and dental hygienists as it may deem necessary to work under the direction of the supervisor of health and may provide for the compensation of such em- Supervisor of health

ployees. No money set aside for the payment of teachers' salaries or for library purposes shall be used for this purpose.

Employment by more that one district

11752. The governing boards of two or more school districts in the same county may join in the employment of a supervisor of health, or supervisors of health, and may use funds not set aside for the payment of teachers' salaries or for library purposes for the expenses of the work. The boards may employ a nurse or nurses under the direction of a supervisor of health to examine the schools under their jurisdiction.

Health and development certificate

11753. No physician, psychiatrist, oculist, dentist, dental hygienist, optometrist, otologist, chiropodist, school audiometrist, or nurse not employed in such capacity by the State Department of Public Health, shall be, nor shall any other person be, employed or permitted to supervise the health and physical development of pupils unless he holds a health and development certificate. Any psychologist employed pursuant to Sections 11751 to 11754, inclusive, shall hold a school psychologist credential issued by the State Board of Education.

Immunization of pupils

11754. Anything to the contrary notwithstanding, the governing board of any school district shall co-operate with the local health officer in measures necessary for the prevention and control of communicable diseases in school age children. For that purpose the board may use any funds, property, and personnel of the district, and may permit any person licensed as a physician and surgeon to administer an immunizing agent to any pupil whose parents have consented in writing to the administration of such immunizing agent.

The provisions of this section shall be retroactive to April 12, 1955.

Duties

11755. A supervisor of health employed by the county superintendent of schools shall perform such duties in connection with the supervision of the health of pupils as are prescribed by the county superintendent of schools.

A parent or guardian having control or charge of any child enrolled in the public schools may file annually with the principal of the school in which he is enrolled a statement in writing, signed by the parent or guardian, stating that he will not consent to the physical examination of his child. Thereupon the child shall be exempt from any physical examination, but whenever there is a good reason to believe that the child is suffering from a recognized contagious or infectious disease, he shall be sent home and shall not be permitted to return until the school authorities are satisfied that any contagious or infectious disease does not exist.

Article 3. Provisions Relating to Mental Health

Report of principal

11801. Upon the report of the principal of a school that a pupil shows evidence of impaired mental health and that a mental examination is desirable, the governing body of the school district may, with the written consent of the pupil's parent or guardian provide for the mental examination of said pupil.

The principal shall not be liable for damages or for any civil or criminal penalty for any report made in good faith in carrying out the provisions of this section.

Rules

11802. The governing board of any school district shall make such rules for the mental examination, as provided in Section 11801, of the pupils in the public schools under its jurisdiction as will insure proper care of the pupils and proper secrecy in connection with any condition of impaired mental health noted by the supervisor of health or his assistant and as may tend to the correction of such condition, and any such governing board may consult and co-operate with the Department of Mental Hygiene in formulating such rules. The Department of Mental Hygiene shall co-operate to the full extent of its capacities in aiding and assisting school districts in carrying out the duties imposed by this article (commencing at Section 11801).

Report to parent etc.

11803. When evidence of impaired mental health has been noted by the supervisor of health or his assistant, a report shall be made to the parent or guardian of the child, asking the parent or guardian to take such action as will cure or correct the condition. Such report must be made on a form prescribed or approved by the Superintendent of Public Instruction and shall not include therein any recommendation suggesting or directing the pupil to a designated individual or class of practitioner for the purpose of curing or correcting any condition referred to in the report.

The provisions of this section do not prevent a supervisor of health from recommending in a written report that the child be taken to a public clinic or diagnostic and treatment center operated by a public hospital or by the state, county, or city department of public health.

Article 4. Vaccination

State Board of Health Smallpox control

11851. The control of smallpox is under the direction of the State Board of Health, and no rule or regulation on the subject of vaccination shall be adopted by school or local health authorities.

Article 5. Physical Examination of Pupils

Rules

11901. The governing board of any school district shall make such rules for the examination of the pupils in the public schools under its jurisdiction as will insure proper care of the pupils and proper secrecy in connection with any defect noted by the supervisor of health or his assistant and may tend to the correction of the physical defect.

Exemption

11902. A parent or guardian having control or charge of any child enrolled in the public schools may file annually with the principal of the school in which he is enrolled a statement in writing, signed by the parent or guardian, stating that he will not consent to a physical examination of his child.

Thereupon the child shall be exempt from any physical examination, but whenever there is a good reason to believe that the child is suffering from a recognized contagious or infectious disease, he shall be sent home and shall not be permitted to return until the school authorities are satisfied that any contagious or infectious disease does not exist.

Sight and hearing tests

11903. The governing board of any school district shall, subject to Section 11902, provide for the testing of the sight and hearing of each pupil enrolled in the schools of the district. The test shall be adequate in nature and shall be given only by duly qualified supervisors of health employed by the district, or by certificated employees of the district or of the county superintendent of schools who possess the qualifications prescribed by the State Board of Education, or by contract with a duly authorized agency, or accredited schools or colleges of optometry, osteopathy, or medicine. The records of the tests shall serve as evidence of the need of the pupils for the educational facilities provided physically handicapped individuals. The equipment necessary to conduct the tests may be purchased or rented by governing boards of school districts. The State, any agency, or political subdivision thereof may sell or rent any such equipment owned by it to the governing board of any school district upon such terms as may be mutually agreeable.

Use of audiometer

11904. A person employed by a school district in a position requiring certification qualifications who holds a valid special credential for teaching lip reading may, subject to Section 11902, test the hearing of pupils of the district through the use of an audiometer for the purpose of detecting pupils with impaired hearing.

Visual acuity examination

11905. Upon first enrollment of a child at school, or at the latest when the child reaches the third grade, the child's visual acuity shall be determined by the school nurse or other authorized person under Section 11903. This examination is to be made without cost to the parents. This examination may be waived, if the child's parents so desire, by their presenting of a certificate from a physician and surgeon or an optometrist setting out the results of a determination of the child's visual acuity.

The provision of this section shall not apply to any child whose parents or guardian file with the principal of the school in which the child is enrolling, a statement in writing that they adhere to the faith or teachings of any well recognized religious sect, denomination or organization and in accordance with its creed, tenets, or principles depend for healing upon prayer in the practice of their religion.

Reports to parents

11906. (a) When a defect other than a visual defect has been noted by the supervisor of health or his assistant, a report shall be made to the parent or guardian of the child, asking the parent or guardian to take such action as will cure or correct the defect. Such report, if made in writing, must be made on a form prescribed or approved by the Superintendent of Public

Instruction and shall not include therein any recommendation suggesting or directing the pupil to a designated individual for the purpose of curing or correcting any defect referred to in the report.

(b) When a visual defect has been noted by the supervisor of health or his assistant, a report shall be made to the parent or guardian of the child, asking the parent or guardian to take such action as will correct the defect. Such report, if made in writing, must be made on a form prescribed or approved by the Superintendent of Public Instruction and shall not include therein any recommendation suggesting or directing the pupil to a designated individual or class of practitioner for the purpose of correcting any defect referred to in the report.

(c) The provisions of this section do not prevent a supervisor of health from recommending in a written report that the child be taken to a public clinic or diagnostic and treatment center operated by a public hospital or by the state, county, or city department of public health.

Reports to governing boards

11907. The supervisor of health shall make such reports from time to time as he deems best to the governing board of the school district, or as the board may call for, showing the number of defective children in the schools of the district and the effort made to correct the defects.

Chapter 5. Protection of Pupils in All Schools

Article 1. First Aid Equipment

First aid kits

11951. The governing board of any school district, superintendent of schools, or principal in whom is vested the administration or supervision of any public or private school in the State shall equip the school with a first aid kit containing the articles mentioned in Section 11953, whenever any pupils of the school are conducted or taken on field trips under the supervision or direction of any teacher in, or employee or agent of, the school.

Field trips

11952. The teacher, agent, or employee shall have the first aid kit in his possession, or immediately available, while conducting the field trip.

Contents of kits

11953. Every first aid kit shall include the following articles and such other equipment as the school officials charged with the duty of maintaining it may consider useful or necessary for the purpose of this chapter:

(a) 12 3″ x 3″ sterile gauze packages
4 1″ gauze roller bandages
4 2″ gauze roller bandages
4 Triangular bandages
1 Roll adhesive tape 1″ (10 yds.)

(b) An American Red Cross first aid textbook or written instructions for use of contents of the first aid kit.

Snake bite kits

11954. Whenever a field trip is conducted into an area which is commonly known to be infested by poisonous snakes, the first aid kit shall include a snake bite kit.

Violations

11955. Any member of the governing board of any school district and any superintendent of schools, principal, teacher, or agent who wilfully violates the provisions of this article (commencing at Section 11951) is guilty of a misdemeanor.

Article 2. Uniform Fire Signals

California uniform fire code signal

12001. The signal system provided for in this article (commencing at Section 12001) shall be known as the California uniform fire code signal.

Fire alarm signals

12002 Every public, private, or parochial school building having an occupant capacity of fifty (50) or more students or more than one classroom shall be provided with a dependable and operative fire warning system. Every person and public officer managing, controlling, or in charge of any public, private, or parochial school shall cause the fire alarm signal to be sounded upon the discovery of fire and not less than once every calendar month in the manner prescribed in this article (commencing at Section 12001) except that when a fire alarm system having a distinctive tone, and which is used for no other purpose, is installed, the manner of sounding alarm shall not be subject to the provisions of Sections 12003, 12004, and 12005 of this article (commencing at Section 12001).

Intermittent sound signals

12003. When the signal is given by means of an apparatus emitting intermittent sound signals, the signal shall be given by repeated successive short intermittent signals for a full period of ten (10) seconds, to be immediately followed by an intermission or period of silence of five (5) full seconds before the signal is repeated.

Continuous sound signals

12004. When the signal is given by means of an apparatus emitting prolonged or continuous sound signals, the signal shall be given by prolonged whistle blast or other sound signal continuously sounded for a full period of ten (10) seconds, to be immediately followed by an intermission or period of silence of five (5) full seconds before the signal is repeated.

Duration

12005. In no case shall the signal be given for less than a one-minute period, and then only in the manner indicated.

Article 3. School Safety Patrols

Establishment and maintenance

12051. The governing board of any school district may, subject to such rules and regulations as shall be adopted by the State Board of Education, establish and maintain a school safety patrol in any of the schools of the district for the purpose of assisting pupils of such school in safely crossing streets and highways adjacent to or near such school.

Membership

12052. A school safety patrol established in any school as herein provided shall be composed of pupils attending in such school. The members of the patrol shall be under the supervision and control of a qualified employee of the district designated by the board, except as otherwise provided in Sections 11701 to 11907, inclusive, and Sections 12051 to 12059, inclu-

sive. The provisions of this section shall not, however, be deemed to require the physical presence of such employee at any particular street or highway location where any such school safety patrol is functioning.

Consent required

12053. The pupils who serve as members of a school safety patrol shall be designated by the principal of the school in which the patrol is established, but no pupil shall be designated to serve on any patrol unless the pupil and the person having legal custody of such pupil consent, in writing, thereto. Upon the revocation, in writing, of the consent of either such pupil or such person, the pupil shall cease to be a member of the patrol.

Rules, etc

12054. The State Board of Education is hereby authorized to adopt all rules and regulations necessary to effect the purposes of this act, and the governing board of each school district is hereby authorized to adopt additional rules and regulations not inconsistent therewith governing school safety patrols established under its jurisdiction.

Duties of members

12055. The members of a school safety patrol established hereunder shall be authorized and required only to give traffic signals and directions in order to assist pupils of the public schools in safely crossing streets and highways.

Police and Highway Patrol co-operation

12056. The chief of police in each city, and the Commissioner of the California Highway Patrol in unincorporated territory, may upon the request of the governing board of any school district, co-operate in the establishment, supervision and control of a school safety patrol to such extent as may be agreed upon.

Medical care

12057. The governing board of a school district which authorizes the establishment of a school safety patrol may provide for adequate hospital and medical attention to care for any injury or disability that may be suffered by any pupil while performing any act within and arising out of his duties as a member of a school safety patrol provided, however, that no pupil shall be compelled to accept such services if his parent or guardian objects.

Expenditures

12058. The governing board of any school district is hereby authorized to expend funds under its jurisdiction for the purpose of carrying out the provisions of Sections 11701 to 11907, inclusive, and Sections 12051 to 12059, inclusive.

Violations Misdemeanor

12059. Any person who shall disregard any traffic signal or direction given by a member of a school safety patrol, shall be guilty of a misdemeanor, and subject to the penalties provided in Section 762 of the Vehicle Code.

CHAPTER 6. COMPULSORY FULL-TIME EDUCATION

Article 1. Persons Subject To

Age

12101. Each parent, guardian, or other person having control or charge of any child between the ages of 8 and 16 years, not exempted under the provisions of this chapter (commenc-

ing at Section 12101), shall send the child to the public full-time day school for the full time for which the public schools of the city, city and county, or school district in which the child lives are in session.

Removal

12102. Any parent, guardian, or other person having control or charge of any minor between the ages of 8 and 16 years who removes the minor from any city, city and county, or school district before the completion of the current school term, shall enroll the minor in a public full-time day school of the city, city and county, or school district to which the minor is removed.

Article 2. Persons Exempt

Exemptions

12151. The classes of children described in this article (Sections 12151 to 12156, inclusive, and Section 12160), shall be exempted by the proper school authorities from the requirements of attendance upon a public full-time day school.

Physical and mental condition

12152. Children whose physical or mental condition is such as to prevent, or render inadvisable attendance at school or application to study shall be exempted, but the governing board of the school district may require satisfactory evidence of the condition to be furnished.

Distance of residence

12153. Children residing more than two miles from the schoolhouse by the nearest traveled road shall be exempted, but only upon the written approval of the superintendent of schools of the county, notice of which shall be filed with the clerk or the governing board of the school district.

Instruction in private schools

12154. Children who are being instructed in a private full-time day school by persons capable of teaching shall be exempted. Such school shall be taught in the English language and shall offer instruction in the several branches of study required to be taught in the public schools of the State. The attendance of the pupils shall be kept by private school authorities in a register, and the record of attendance shall indicate clearly every absence of the pupil from school for a half day or more during each day that school is maintained during the year.

Instruction by tutors

12155. Children not attending a private full-time day school, and who are being instructed in study and recitation for at least three hours a day for 170 days each calendar year by a private tutor or other person, in the several branches of study required to be taught in the public schools of this State and in the English language shall be exempted. The tutor or other person shall hold a valid state credential for the grade taught. The instruction shall be offered between the hours of 8 o'clock a.m. and 4 o'clock p.m.

Blindness

12156. Any child who is blind or deaf or partially blind or deaf to an extent which renders him incapable of receiving instruction in the regular elementary or secondary schools, but whose mental condition is such as to permit application to study shall be exempted from the provisions of this chapter

(commencing at Section 12101), only when he is resident of a city, city and county, or school district which does not maintain special classes for the admission of such pupils and when he may not be admitted to the State School for the Blind, or the State School for the Deaf, but he shall be exempted only upon the written approval of the superintendent of schools of the county.

Assignment to vocational course

12157. Upon the recommendation of the principal of the school which any minor over the age of 14 years is attending and has been attending during the next preceding school year, the supervisor of attendance, or, if there is no supervisor of attendance, the superintendent of schools having jurisdiction over the place of the school attendance may assign the minor to a vocational course in a place of employment. The employment shall be in lieu of the regular school course which the minor is pursuing.

Approval

12158. An assignment to a vocational course shall not be made until the recommendation of the school principal has been approved by the Superintendent of Public Instruction, and until a permit to work has been issued to the minor by the person authorized to issue permits to work. The permit to work shall specify the hours in which the minor shall be required to attend part-time continuation classes.

Return to classes

12159. Any minor assigned to a vocational course shall be continued under the jurisdiction of the school last attended and may at any time be returned to the classes therein by the supervisor of attendance making the assignment when in his judgment the educational, physical, or moral interests of the minor will be best served thereby.

Permits to work

12160. Children who hold permits to work shall be exempted, but such children shall be subject to compulsory attendance upon part-time classes.

Article 3. Enforcement

Absence

12201. No minor having a permit to work and no minor under 16 years of age, who is otherwise required by law to attend school, shall be out of school and unemployed for a period longer than 10 consecutive days while the public schools are in session, but shall enroll and attend school.

Notice

12202 Within five days after any minor has ceased to be employed by any employer, or has ceased to attend any school, the employer or school principal shall, in writing, notify the supervisor of attendance of the school district, in which the minor was employed or has been attending school, giving the latest correct address of the minor known to the employer or principal. The supervisor of attendance shall immediately notify the supervisor of attendance having jurisdiction in the place of the minor's residence, giving the latest known correct address of the minor and stating that he is out of work, or has dropped out of school.

Article 4. Permits to Work and Vacation Permits

Permit to work

12251. The superintendent of schools of any city or of any city and county in which any minor resides, or a person authorized by him in writing, may issue to certain minors permits to work. Where the minor resides in a portion of a county not under the jurisdiction of the superintendent of schools of any city, the permit to work shall be issued by the superintendent of schools of the county or by a person authorized by him, in writing.

Qualifications of pupil

12252. A permit to work may be issued to a minor under the age of 16 years and over the age of 15 years who has completed the equivalent of the seventh grade of a public school course.

Article 3. Enforcement

Work experience education

12253. A permit to work may be issued to a minor who is 16 or 17 years of age who is regularly enrolled in a high school or junior college and who will work part time as a properly enrolled pupil in a work experience education course that meets all the requirements of such course as provided in Sections 8351 to 8357, inclusive, of this code.

Same

12254. A permit to work may be issued to a minor under the age of 16 years and over the age of 14 years who holds a diploma of graduation from the prescribed elementary school course. A permit of this class shall be issued only when the parent, or foster parent, or guardian of the minor child presents a sworn statement that the parent or foster parent, or guardian of the minor is incapacitated for labor through illness or injury, or that through the death or desertion of the father of the minor the family is in need of the earnings of the minor and that sufficient aid cannot be secured in any other manner. In no case shall the permit be issued for a period of time to exceed six months from the date of issuance.

The person issuing the permit shall make a signed statement that he, or a competent person designated by him, has investigated the conditions under which the application for the permit has been made and has found that, in his judgment, the earnings of the minor are necessary for the family to support the minor and that sufficient aid cannot be secured in any other manner.

Issuance of vacation permits

12255. Vacation permits shall be issued by the superintendent of schools of the city or city and county in which the minor resides or by a person authorized by him, in writing. Where the minor resides in a portion of a county not under the jurisdiction of the superintendent of schools of any city, the vacation permit shall be issued by the superintendent of schools of the county or by a person authorized by him, in writing.

Contents

12256. Vacation permits shall contain the name and age of the minor to whom it is issued, and when issued for the regular vacation, the date of the termination of the vacation

for which it is issued; and when issued for the regular weekly school holiday, the termination of the school year for which it is issued. For employment in a mill, cannery, workshop, factory, or manufacturing establishment, the age of the minor shall be established pursuant to Section 12261.

Condition of issuance

12257. For the purpose of issuing vacation permits to minors under 16 years of age during regular summer vacation periods, the governing board of any school district may grant to a minor child a vacation permit or may designate the superintendent of schools so to do upon the submission of records showing the age of the minor pursuant to Section 12261. Permits shall be issued upon forms provided by and under instructions issued by the State Superintendent of Public Instruction.

Minors between 12 and 16 years of age

12258. Any minor over the age of 12 years and under the age of 16 years who holds a vacation permit may be employed on a regular weekly school holiday, and during the regular vacation of the public school and during the period of a specified occasional public school vacation in any of the establishments or occupations not otherwise prohibited by law.

Work outside school hours

12259. The person authorized to issue permits to work may also issue to any minor over the age of 14 years a permit to work outside of school hours for a period of time which when added to the time the minor is required by law to attend school does not exceed eight hours in any one day. The person issuing any permit to work outside of school hours shall immediately notify, in writing, the principal of the school which the minor is attending, and if at any time the teacher of the minor shows to the satisfaction of the person issuing the permit that the school work or the health of the minor is being impaired by the employment, the authority issuing the permit may revoke it.

Appearance

12260. No permit shall be issued until the minor accompanied by his parent or guardian, appears before the person authorized to issue the permit and makes application therefor.

Required papers

12261. No permit shall be issued until the issuing authority has received, examined, approved, and filed, the following papers duly executed:

(a) The school record of the minor giving age, grade, and attendance for the current term signed by the principal or teacher.

(b) Evidence of age, such as the school record of enrollment, or a certificate of birth, or a baptism certificate duly attested, or a passport, or affidavit of the parent, guardian, or custodian of the minor, such as shall convince the officer that the minor is of the age required by law.

(c) The written statement from a prospective employer that work is waiting for the minor and describing the nature of the work.

(d) A certificate signed by a physician appointed by the school board, or by other public medical officer, stating that the minor has been thoroughly examined by him, and, in his

opinion, is physically fit to pursue the work specified. No fee shall be charged the minor for the physical certificate.

Oath

12262. The parent, guardian, or custodian accompanying the minor shall make oath that his statement of the name, address, birthplace, and age of the minor as entered upon the application for the permit to work are true and correct to the best of his knowledge and belief.

Procedure for issuance

12263. Each application for a permit to work or to employ, or for a certificate of age shall be acted upon within three days after the date of the application. The person authorized to issue permits to work or to employ, or certificates of age, may administer the oath necessary for carrying out the provisions of this chapter (commencing at Section 12101), but no fees shall be charged for administering the oaths or issuing the permits or certificates.

Certificate of age

12264. The person authorized to issue permits to work or to employ may issue to any minor a certificate of age when the minor accompanied by his parent, guardian, or other person in control or charge of the minor, presents to the authority, the evidence of age specified in this article (commencing at Section 12251). The certificate of age shall serve as a permit to employ a minor who is not in attendance upon any California school in the next preceding school term, and who is otherwise required to hold a vacation permit.

Forms

12265. All permits to work or to employ, all certificates of age, and certificates of health pursuant to this chapter (commencing at Section 12101), shall be issued on forms prepared and provided by the Superintendent of Public Instruction.

Notice

12266. The authority issuing any permit to work shall immediately notify, in writing, the person in charge of the organization and maintenance of part-time continuation classes of the place of the minor's prospective employment, and the parent or guardian of the minor shall send the minor to the classes designated.

Inspection and cancellation

12267. Permits and certificates shall always be open to inspection by attendance or probation officers, by officers of the Division of Labor Law Enforcement, and by officers of the Superintendent of Public Instruction. All permits to work or to employ and all certificates of age shall be subject to cancellation at any time by the Superintendent of Public Instruction, or by the Labor Commissioner, or by the person issuing the permits or certificates whenever any such officer or person finds that the conditions for the legal issuance of the permits or certificates of age do not exist or did not exist at the time the permit was issued. A permit to work shall be revoked by the issuing authority when he is satisfied that the employment of the minor is impairing the health or education of the minor, or that any provision or condition of the permit is being violated.

Annual reports

12268. An annual report of all permits to work and to employ issued during the year shall be made by the issuing authority to the county or city and county superintendent of

schools. The reports shall be upon forms prepared and provided by the Superintendent of Public Instruction. The superintendent of schools of each county or city and county shall include in his annual report to the Superintendent of Public Instruction a summary of all such reports.

Work done for parent

12269. In order that children may be disciplined and trained in habits of work and industry by their parents, guardians, or other persons standing in the place of parents, nothing in this chapter (commencing at Section 12101) or in Chapter 7 (Sections 12551 to 12759, inclusive) of this division shall require a permit to work to be issued to any minor or require a permit to employ to be issued to the parent or guardian when the work or intended work to be performed by the minor is for or under the control of his parent or guardian and is performed upon or in connection with the premises owned, operated, or controlled by the parent or guardian. Nothing in this section shall be held to affect existing provisions of law which require permits to work to be issued to minors employed in manufacturing, mercantile, or similar nonagricultural commercial enterprises by their parents or guardians. All other provisions of law relating to compulsory education shall be effective as to the minor.

Notice by farm operator

12270. Every owner, tenant, or operator of a farm employing thereon as agricultural labor any parent or guardian having minor children in his immediate care and custody shall post at a conspicuous place on the property or place of employment where it may be easily read by those employed, a notice stating that minor children are not allowed to work upon the premises unless legally permitted to do so by law and unless permits to work have been secured by the minor children from duly constituted authorities. No owner, tenant, or operator posting the notice shall be held to have violated the provisions of this code because work has been performed upon the premises by minor children without permits to work unless minors are directly employed by or for him or under his direction or unless the owner, tenant, or operator has knowledge of the employment of minors on premises owned, leased, or operated by him and fails to ascertain if permits to work have been secured by the minors.

Article 5. Duties of Employer

Permits to employ: Issuance

12301. The person authorized to issue permits to work may issue to any employer a permit to employ any minor who has been granted a permit to work, or, who has been assigned to a vocational course in a place of employment, or to a work experience education course as provided in Sections 8351 to 8357, inclusive, of this code.

Statement of work

12302. No permit to employ shall be issued except upon a statement signed by the prospective employer that work is awaiting the minor and describing the nature of the work.

Contents

12303. The permit to employ shall contain:

(a) The name and address of the employer.

(b) The name, age, and address of the minor.

(c) The kind of work for which the permit is issued.

(d) The place and hours of compulsory part-time school attendance for the minor, or statement of exemption therefrom, the hours of compulsory full-time school attendance for the minor, if the permit is issued for outside of school hours.

(e) The date on which the permit expires.

Employment

12304. No person, firm, or corporation shall employ, suffer, or permit any minor under the age of 16 years to work in or in connection with any establishment or occupation except as provided in Section 12501, without a permit to employ, or a vacation permit issued by the proper educational officers in accordance with law.

Register and notice of hours

12305 Every person, firm, corporation, or agent or officer of a firm or corporation, employing minors under the age of 16 years shall keep a separate register containing the names, ages, and addresses of the minor employees, and shall post and keep posted in a conspicuous place in every room where the minors are employed, a written or printed notice stating the working hours per day for each day of the week required of the minors, and shall keep on file all permits to employ, or vacation permits for minors under the age of 16 years. The records and files shall be open at all times to the inspection of school attendance and probation officers and the officers of the Division of Labor Law Enforcement, of the Superintendent of Public Instruction, and of the State Board of Education.

Notice of termination of employment

12306. All permits to employ shall be kept on file by the employer during the term of the employment. Within five days after the termination of the employment, notification on the forms and in the manner prescribed on the permit to employ, shall be sent by the employer to the supervisor of attendance of the place of the employment. The notification shall contain the latest correct address of the minor known to the employer.

Custody of vacation permits

12307. All vacation permits shall be kept on file by the employer during the term of employment of the minors granted the vacation permits, and at the termination of the employment shall be returned to the minors.

Article 6. Supervisors of Attendance

Appointment

12351. The board of education of any city or city and county shall appoint a supervisor of attendance and such assistant supervisors of attendance as may be necessary for the city or city and county. The board shall fix the compensation, payable from the special school fund of the city or city and county, and shall prescribe the duties of the supervisor and assistant supervisors of attendance, not inconsistent with law.

12352. In any city or city and county no supervisor of attendance or assistant supervisors of attendance shall be appointed, unless he has been lawfully certificated for the work by the county board of education. Certificate

12353. The board of school trustees of any district of a county may appoint a district supervisor of attendance to act under the direction of the county supervisor of attendance. Appointment

12354. Two or more districts may unite in appointing a district supervisor of attendance and in paying his compensation. Employment by more than one district

12355. The compensation of the district supervisor of attendance and the actual and necessary expenses incurred by him in the discharge of his duties shall be paid from the special school fund of the district. Compensation

12356. In any district or districts with an average daily attendance of 1,000 or more school children, according to the annual school report of the last preceding school year, no district supervisor of attendance shall be appointed, unless he has been lawfully certificated for the work by the county board of education. Certificate

12357. Any teacher employed by a district at the time Chapter 885 of the Statutes of 1921 became effective may, without the special certification required by Sections 12353 to 12357, inclusive, be appointed to act as a district supervisor of attendance of the district and may be paid for the additional service. Teacher

12358. The authority appointing a supervisor of attendance may also appoint and remove at pleasure one or more deputy supervisors of attendance to serve without compensation. Deputies

12359. The attendance supervisor of any county, city and county, or school district in which any place of employment subject to the provisions of this chapter (commencing at Section 12101) is situated, or the probation officer of the county, may enter into any such place of employment for the purpose of investigating violations of the provisions of this chapter (commencing at Section 12101). Entrance into place of employment

12360. If any attendance or probation officer acting under the authority of Section 12359 is denied entrance to such place of employment, any magistrate may, upon the filing of an affidavit by the officer, setting forth the fact that he has good cause to believe that the provisions of this chapter (commencing at Section 12101) are being violated in the place of employment, issue an order directing him to enter the place of employment for the purpose of making the investigation. Order of magistrate

Article 7. Truants

12401. Any child may be reported as a truant, in the meaning of this article (commencing at Section 12401), who has been absent from school without valid excuse more than Truant

three days, or tardy on more than three days. Any absence for a part of a day is a tardiness.

Repeated absence

12402. Any child who has once been reported as a truant and who is again absent from school without valid excuse one or more days, or tardy on one or more days, may again be reported as a truant.

Habitual truant

12403. Any child is deemed an habitual truant who has been reported as a truant three or more times.

Same

12404. Any child who has once been declared an habitual truant and who, in a succeeding year is reported as a truant from school one or more days, or tardy on one or more days without valid excuse, may again be declared an habitual truant.

Arrest

12405. The attendance supervisor, any peace officer, or any school officer, shall arrest, during school hours, without warrant, any child between 8 and 16 years of age, found away from his home and who has been reported to him by the teacher, the superintendent of schools, or other person connected with the school department or schools as a truant from instruction upon which he is lawfully required to attend, within the county, city, or city and county, or school district.

Delivery of truant

12406. The arresting officer shall forthwith deliver the child arrested either to the parent, guardian, or other person having control, or charge of the child, or to the teacher from whom the child is a truant, or, if the child has been declared an habitual truant, he shall bring the child before a magistrate for commitment by him to a parental school.

Report

12407. The attendance supervisor or other arresting officer shall promptly report the arrest, and the disposition made by him of the child to the school authorities of the city, or city and county, or school district.

Complaint

12408. If any child in any district of a county where there is not a parental school is an habitual truant, or is irregular in attendance at school, as defined in this article (commencing at Section 12401), or is insubordinate or disorderly during attendance at schools, the county superintendent of schools shall make and file a complaint against him, in the superior court of the county, charging the facts.

Order of detention

12409. If the court upon the hearing of the complaint finds that the charge is sustained by the evidence, it shall render judgment that the child shall be detained and maintained in a parental school, if there is one in the county, during the remainder of the school term.

Order to parent

12410. If there is no parental school in the county, the court shall render judgment that the parent, guardian, or person having the control or charge of the child shall deliver him at the beginning of each school day, for the remainder of the school term, at the school from which he is a truant.

Bond

12411. If the parent, guardian, or other person having control or charge of the child, within three days after the rendition of the judgment executes a good and sufficient bond to the governing board of the school district, with sufficient

sureties in the sum of two hundred dollars ($200), conditioned that the child will, during the remainder of the current school year, regularly attend some public or private school in the city, or city and county, or school district, and not be insubordinate or disorderly during his attendance, then the court shall make an order suspending the execution of the judgment so long as the condition of the bond is complied with. The bond shall be approved by the judge of the court, and be filed with the secretary of the board of education, or clerk of the board of trustees.

Forfeiture

12412. If the condition of the bond is violated, the court upon receiving satisfactory evidence of the fact in any action brought therefor, shall make an order declaring the bond forfeited, and directing judgment to be enforced.

Execution

12413. The governing board of the school district may, at any time within one year after the bond has been declared forfeited, have execution issued against any of the parties to the bond to collect the amount thereof. All money paid or collected on the bond shall be paid over to the parental school fund of the city, or city and county, or school district.

Article 8. Violations

Investigation

12451. The governing board of any school district, shall, on the complaint of any person, make full and impartial investigation of all charges against any parent, guardian, or other person having control or charge of any child, for violation of any of the provisions of this chapter (commencing at Section 12101).

Complaint

12452. If it appears upon investigation that any parent, guardian or other person having control or charge of any child has violated any of the provisions of this chapter (commencing at Section 12101), the secretary of the board of education, except as provided in Section 12453, or the clerk of the board of trustees, shall make and file in the proper court a criminal complaint against the parent, guardian, or other person, charging the violation, and shall see that the charge is prosecuted by the proper authority.

Duty of attendance supervisor

12453. In counties, cities, and cities and counties, and in school districts having an attendance supervisor, the attendance supervisor shall make and file the complaint provided for by this article (commencing at Section 12451), and shall see that the charge is prosecuted by the proper authorities.

Penalty Custodian of child

12454. Any parent, guardian, or other person having control or charge of any child who fails to comply with the provisions of this chapter (commencing at Section 12101), unless excused or exempted therefrom, is guilty of a misdemeanor, and, is liable, for the first offense, to a fine of not more than ten dollars ($10), or to imprisonment for not more than five days. For each subsequent offense he is liable to a fine of not less than ten dollars ($10), or more than fifty dollars

($50), or to imprisonment for not less than five days, nor more than 25 days, or to both such fine and imprisonment.

Same Employer

12455. Any person, firm, corporation, or agent or officer of a firm or corporation that violates or omits to comply with any of the provisions of this chapter (commencing at Section 12101), or that employs, or suffers, or permits any minor to be employed in violation thereof, is guilty of a misdemeanor and is punishable by a fine of not less than fifty dollars ($50), or more than two hundred dollars ($200), or by imprisonment in the county jail for not more than 60 days, or by both such fine and imprisonment, for each and every offense.

Prima facie evidence

12456. A failure to produce any permit to employ, or vacation permit to work, or other permit issued under this chapter (commencing at Section 12101), or to post any notice required by this chapter (commencing at Section 12101) is prima facie evidence of the illegal employment of any minor for whom a permit to employ is not produced.

False statement

12457. Every person authorized to sign any certificate of age or any permit to work or to employ which allows employment of any minor during or outside school hours, during a vacation of the public schools, or upon the regular weekly school holiday who knowingly certifies to any false statement therein, is guilty of a misdemeanor, and is punishable by a fine of not less than five dollars ($5) or more than fifty dollars ($50), or imprisonment for not more than 30 days, or by both such fine and imprisonment.

Disposition of fines

12458. All fines paid as penalties for the violation of any of the provisions of this chapter (commencing at Section 12101) shall, when collected or received, be paid over by the justice or officer receiving them to the treasurer of the city, or city and county, in which the offense was committed, to be placed to the credit of the parental school fund of the city, or city and county, if there is such a fund, otherwise to the credit of the general school fund of the city, or city and county, or to the county treasurer to be placed to the credit of the school fund of the school district in which the offense was committed.

Jurisdiction

12459. Any judge of a municipal or justice court in which the school district is located, or in which the offense is committed, has jurisdiction of all offenses committed under this chapter (commencing at Section 12101).

Fees

12460. No fees shall be charged or received by any court or officer in any proceeding under this chapter (commencing at Section 12101).

Article 9. Child Labor Law Not Affected

Construction

12501. Nothing in this chapter (commencing at Section 12101) shall be construed to repeal or in any way modify the provisions of Sections 1298, 1390, 1394, 1395, 1396, and 1397 of the Labor Code.

CHAPTER 7. COMPULSORY CONTINUATION EDUCATION

Article 1. Persons Subject To

12551. All persons under 18 years of age who are too old to be subject to the provisions of Chapter 6 (Sections 12101 to 12501, inclusive) of this division, who have not been graduated from a high school maintaining a four-year course above the eighth grade of the elementary schools, or who have not had an equal amount of education in a private school or by private tuition, who are not disqualified for attendance upon these classes because of their physical or mental condition, or because of personal services that must be rendered to their dependents, and who are not in attendance upon a public or private full-time day school, or satisfactory part-time classes maintained by other agencies, shall attend upon special continuation education classes maintained by the governing board of the high school district in which they reside, or by the governing board of a neighboring high school district, for not less than four 60-minute hours per week for the regularly established annual school term. Age

12552. The local school authorities may accept, in lieu of the attendance required in this article (commencing at Section 12551), an equivalent amount of instruction at a place of employment under the direction of a duly certified instructor and in accordance with the standards and regulations established by the State Board of Education. Equivalent instruction

12553. Whenever a minor subject to the provisions of this chapter (Sections 12551 to 12759) cannot give satisfactory proof of regular employment he shall attend upon special continuation education classes for not less than three hours per day during the period of unemployment. Period of attendance

12554. The local school authorities may arrange with the parent, guardian, or other person responsible for any minor employed in a seasonal occupation and excused for a period from attendance upon continuation education classes for his full-time attendance upon a special class maintained for him at a convenient season and the parent, guardian, or other person is responsible for his attendance upon these classes for the period. Special classes

Article 2. Persons Exempt

12601. If it appears that the interest of any minor will suffer if he is compelled to attend a special continuation education class, the governing board of the high school district in which he resides may exempt him from compulsory attendance upon the class. Any high school board shall not exempt a number of minors which exceeds 5 percent of the total number of minors subject to attendance upon continuation education classes in its district. Exemption

The board shall cause to be issued to any exempted minor a permit to work, which shall contain a statement of the cause of, and the time covered by, the exemption.

Investigation 12602. If any controversy arise in any high school district as to whether any person is exempt from the compulsory attendance features of this chapter (commencing at Section 12551), the school superintendent having jurisdiction over the district shall provide for an investigation, and he shall render a decision.

Appeal 12603. Any party to any such controversy who is not satisfied with the decision of the superintendent of schools may appeal from the decision to the Superintendent of Public Instruction, who shall provide for further investigation, upon the findings of which he shall render a final decision.

Article 3. Permits to Work

Issuance 12651. The governing board of each high school district shall designate an officer of the board to issue in its name a permit to work to each minor enrolled in continuation education classes. He shall also issue a duplicate of the permit for the parent, guardian, or other person having control or charge of the minor, and from time to time such duplicates of the permits as are necessary for filing with his employer.

Form 12652. The form for the permit shall be prescribed by the State Department of Education.

Qualifications 12653. The permit shall be issued to persons complying with the provisions of Article 1 (commencing at Section 12551) of this chapter.

Expiration 12654. Permits to work issued during the first school term shall expire five days after the opening of the next succeeding school term of the year. Permits issued during the last term of the school year shall remain valid until five days after the opening of the first school term of the succeeding year.

Cancellation 12655. All permits to work or to employ and all certificates of age shall be subject to cancellation at any time by the Superintendent of Public Instruction or by the Labor Commissioner or by the person issuing the permits or certificates whenever such officer or person finds that the conditions for the legal issuance of the permits or certificates of age do not exist or did not exist at the time the permit was issued. A permit to work shall be revoked by the issuing authority when he is satisfied that the employment of the minor is impairing the health or education of the minor or that any provision or condition of the permit is being violated.

Article 4. Duties of Employers

Definition 12701. The employer of any minor subject to this chapter (commencing at Section 12551) shall require of him a permit to work issued by the governing board of the high school district in which he resides. The permit to work is the authoriza-

tion of the employer to employ the minor for the period between the date of the issuance of the permit and the date of its expiration.

Employment

12702. No person shall employ a minor under 18 years of age who is too old to be subject to compulsory full-time school attendance and who does not present the permit to work required by this chapter (commencing at Section 12551). The employer shall file and retain permanently the permit to work.

Notification of employment

12703. The employer of any minor subject to this chapter (commencing at Section 12551) shall, within five days after the beginning of employment, send to the officer of the high school board issuing the permit to work a written notification of the employment. The form of the notification shall be prescribed by the State Department of Education and shall be furnished to the employer by the officer. The employer shall retain and file with the permit to work a copy of the notification.

Hours

12704. Except in agricultural and home-making occupations, no employer shall employ a minor under 18 years of age for a greater number of hours each day than will, if added to the number of hours that the minor is compelled to attend school, equal eight hours.

Notification by principal

12705. The principal of the school which any pupil subject to this chapter (commencing at Section 12551) attends, shall add his hours of compulsory school attendance and employment, and if the sum of the school attendance and employment exceeds eight hours for any day of the week, the principal shall give notification to this effect to any employer who employs the pupil after he has already served during that day eight hours of time in compulsory school attendance and employment combined.

Termination of employment

12706. Within five days after any minor subject to this chapter (commencing at Section 12551) ceases to be employed by any employer, the employer shall in writing notify the person who issued the permit to work under which the minor was employed, that the minor has left his employ.

Article 5. Violations

Duty of custodian of child

12751. Each parent, guardian, or other person having control or charge of any minor required to attend special continuation education classes, shall compel the attendance of the minor upon the classes. He shall retain a copy of the permit to work and shall present it upon request of any officer of the law, or other person authorized to enforce the provisions of this chapter (commencing at Section 12551).

Investigation

12752. The governing board of any high school district in which a minor resides who violates the provisions of this chapter (commencing at Section 12551) shall, on the complaint of any person, make full and impartial investigation of all charges against any parent, guardian, or other person

having control or charge of the minor for violation of the provisions of Section 12751.

Complaint

12753. If it appears upon the investigation that any parent, guardian, or other person having control or charge of the minor has violated the provisions of Section 12751, the clerk of the board, or other person authorized by the board to bring such actions, shall make and file in the proper court a criminal complaint against the parent, guardian, or other person having control or charge of the minor, charging the violation, and shall see that the charge is prosecuted by the proper authorities.

Duty of attendance supervisor

12754. In cities, and in cities and counties, and in school districts having an attendance supervisor, the attendance supervisor shall make and file the complaint provided for in this article (commencing at Section 12751), and shall see that the charge is prosecuted by the proper authorities.

Action

12755. The clerk of the high school board, a supervisor of attendance, or other person authorized by the board shall bring an action against any person, firm, corporation, or agent or officer of a firm or corporation that employs a minor in violation of the provisions of this chapter (commencing at Section 12551).

Penalty Custodian of child

12756. Any parent, guardian, or other person having control or charge of any minor subject to this chapter (commencing at Section 12551) who fails to perform any of the duties imposed upon him by the provisions of Section 12751 is guilty of a misdemeanor, and is liable for the first offense to a fine of not more than ten dollars ($10), or to imprisonment for not more than five days. For each subsequent offense he is liable to a fine of not less than ten dollars ($10), nor more than fifty dollars ($50), or to imprisonment for not less than five days, nor more than 25 days, or to both such fine and imprisonment.

Same Employer

12757. Any person, firm, corporation, or agent or officer of a firm or corporatin, that violates or omits to comply with any of the provisions of this chapter (commencing at Section 12551), or that employs or suffers any minor under 18 years of age who is too old to be subject to compulsory full-time school attendance to be employed in violation thereof, is guilty of a misdemeanor and shall be punished by a fine of not less than fifty dollars ($50), nor more than two hundred dollars ($200), or by imprisonment in the county jail for not more than 60 days, or by both such fine and imprisonment for each and every offense.

Prima facie evidence

12758. Failure to produce a permit to work and a duplicate of the written notification of employment sent to the officer or the high school board are prima facie evidence of the illegal employment of any minor whose permit to work is not produced.

Disposition of fines

12759. Any fine collected under this chapter (commencing at Section 12551) shall be paid into the high school fund of the high school district in which the minor resides.

CHAPTER 8. COMPULSORY EDUCATION FOR THE DEAF

12801. Every parent, guardian, or other person having control of any minor over five years of age and less than 20 years of age who, by reason of deafness or impaired hearing, is unable to benefit materially by the methods of instruction in use in the public schools, shall send the minor to a school or class for the deaf maintained by a school district or by the State for the full time for which the school or class is in session. The minor shall attend the school or class year after year until completion of the prescribed course of study or until discharged for good reason by the principal or other person in charge of the school or class with the approval of the governing board. School or class for deaf

12802. Every attending or consulting physician who examines any child under 20 years of age found to be totally deaf, or with impaired hearing, as defined by the State Board of Education, shall report at once to the Department of Education the name, age, residence, and the name of the parent or guardian of the minor. Reports of deafness

DIVISION 10. EMPLOYEES

CHAPTER 1. PROVISIONS APPLYING TO ALL EMPLOYEES

Article 1. General Provisions

12901. Unless the context otherwise requires, the definitions set forth in Sections 12901 to 12913, inclusive, and Section 13251 shall govern the construction of this part. Definitions

12902. "Educational position" includes every type of service for which certification qualifications are established by Sections 12901 to 12913, inclusive, Sections 13101 to 13112, inclusive, Sections 13117 to 13186, inclusive, and Section 13251. "Educational position"

12903. A "county certificate" is a document issued or approved by a county board of education authorizing the holder to engage in a specified school service. "County certificate"

12904. A "credential" is a document issued by the State Board of Education upon which the holder may secure a county certificate of like grade and kind authorizing him to engage in the service specified in the credential. "Credential"

12905. A "life diploma" is a document issued on the basis of a credential upon completion by the applicant of specified requirements. "Life diploma"

12906. The word "certificate" used as a noun refers to the document issued by a county board of education to license the holder to perform the service specified in the certificate. "Certificate"

12907. The word "certificate" used as a verb refers to the act of licensing individuals for employment in educational positions. "Certificate"

"Certificated person"

12908. The term "certificated person" refers to a person who holds one or more documents such as a certificate, a credential, or a life diploma, which singly or in combination license the holder to engage in the school service designated in the document or documents.

"Certification document"

12909. The term "certification document" as used in this code includes only certificates, credentials and life diplomas.

Termination of probation and dismissal of accusation

12910. A termination of probation and dismissal of an accusation or information pursuant to Section 1203.4 of the Penal Code shall not, for the purpose of Sections 997 to 1002, inclusive, Sections 12901 to 13004, inclusive, Sections 13006 to 13553, inclusive, and Sections 13555 to 14775, inclusive, have any effect.

Conviction of sex offense

12911. A plea or verdict of guilty or a finding of guilt by a court in a trial without a jury is deemed to be a conviction within the meaning of Sections 13130, 13207, 13218, 13255, and 13586 of this code, irrespective of a subsequent order under the provisions of Section 1203.4 of the Penal Code allowing the withdrawal of the plea of guilty and entering of a plea of not guilty, or setting aside the verdict of guilty, or dismissing the accusations or information. The record of such conviction of a sex offense as defined in Section 12912 shall be sufficient proof of conviction of a crime involving moral turpitude for the purposes of Sections 13313, 13327 and 13338, and Sections 13403 to 13441, inclusive, of this code, relating to the dismissal of permanent employees.

"Sex offense"

12912. "Sex offense" as used in Sections 13130, 13207, 13218, 13255, and 13586 of this code means any offense defined in Sections 266, 267, 285, 286, 288, 288a, 647a, subdivision 3 or 4 of Section 261, subdivision 5 of Section 647, or subdivision 2 of Section 311 of the Penal Code; or any offense defined in subdivision 1 of Section 311 of the Penal Code committed on or after the effective date of the amendment of this section made at the 1955 Regular Session by the Legislature; or any offense involving lewd and lascivious conduct under Section 702 of the Welfare and Institutions Code; or any attempt to commit any of the above-mentioned offenses; or any offense committed or attempted in any other state which, if committed or attempted in this State, would have been punishable as one or more of the above-mentioned offenses.

Record of conviction

12913. Any record of conviction of any applicant for, or holder of, a certification document, shall, for the purposes of this division, be admissible in evidence in any civil action or administrative proceedings pertaining to the issuance, suspension or revocation of such certification document, any provision of law to the contrary notwithstanding.

Vacation employment

12914. In order to assist school district employees to secure employment during vacation periods in occupations which tend to contribute to their rendering improved service as employees of the school district, any governing board of a school district or districts, in which the average daily attendance of

all said districts combined is in excess of 200,000, is authorized to provide service necessary for aiding its employees in securing such employment.

Article 2. Prohibition of Communist Party Membership

12951. The Legislature of the State of California finds that: Legislative findings

(a) There exists a world-wide revolutionary movement to establish a totalitarian dictatorship based upon force and power rather than upon law.

(b) This world-wide revolutionary movement is predicated upon and it is designed and intended to carry into execution the basic precepts of communism as expounded by Marx, Lenin, and Stalin.

(c) Pursuant to the objectives of the world communism movement, in numerous foreign countries the legally constituted governments have been overthrown and totalitarian dictatorships established therein against the will of the people, and the establishment of similar dictatorships in other countries is imminently threatening. The successful establishment of totalitarian dictatorships has consistently been aided, accompanied, or accomplished by repeated acts of treachery, deceit, teaching of false doctrines, teaching untruth, together with organized confusion, insubordination, and disloyalty, fostered, directed, instigated, or employed by communist organizations and their members in such countries.

(d) Within the boundaries of the State of California there are active disciplined communist organizations presently functioning for the primary purpose of advancing the objectives of the world communism movement, which organizations promulgate, advocate, and adhere to the precepts and the principles and doctrines of the world communism movement. These communist organizations are characterized by identification of their programs, policies, and objectives with those of the world communism movement, and they regularly and consistently cooperate with and endeavor to carry into execution programs, policies, and objectives substantially identical to programs, policies, and objectives of such world communism movement.

(e) One of the objectives of the world communism movement is to place its members in local government positions and in the Public School System. If this objective is successful, propaganda can be disseminated by the members of these organizations among public school pupils by those members who would have the opportunity to teach them and to whom, as teachers, they would look for guidance, authority, and leadership. The members of such groups would use their positions to advocate and teach their doctrines and teach the prescribed Communist Party line group dogma or doctrine without regard to truth or free inquiry. This type of propaganda is sufficiently subtle to escape detection in the classroom.

There is a clear and present danger, which the Legislature of the State of California finds is great and imminent, that in order to advance the program, policies and objectives of the world communism movement, communist organizations in the State of California and their members will engage in concerted effort to hamper, restrict, interfere with, impede, or nullify the efforts of the governing boards of school districts to comply with and enforce Section 8455 of the Education Code of the State of California which prohibits the advocacy or teaching of communism with the intent to indoctrinate any pupil with or inculcate a preference in the mind of any pupil for communism for the purpose of undermining the patriotism for and the belief in the Government of the United States and of the State of California in the minds of the pupils of the Public School System.

The Legislature specifically finds that the requirement that all persons (certificated or noncertificated) now employed by the school districts of this State, or hereafter making application for employment by any of such districts, shall declare under oath that they are not knowingly members of the Communist Party, is a reasonable measure to meet the clear and present danger hereinabove found.

The Legislature further specifically finds that an indirect or evasive answer to a question relating to any of the matters specified in Section 12955 or 12956, or an answer which neither affirms nor denies shall, for the purposes of this act and chapter, be considered as a failure and refusal to answer, regardless of the ground or explanation given for any such answer.

School district employees Oath

12952. No person who is knowingly a member of the Communist Party shall after September 9, 1953, be employed by, or, except as provided in Section 12953, retained in the employment of, any school district. Prior to the first day of service as an employee of any school district, the applicant shall state under oath whether or not he is knowingly a member of the Communist Party. If the applicant states that he is knowingly a member of the Communist Party, he shall not become an employee of any school district.

Verified statement of *non-membership*

12953. Any employee of any school district who on September 9, 1953, is or since October 3, 1945, was knowingly a member of the Communist Party, and who has not previously filed the statement required by this section, shall within ninety (90) days of the effective date of the amendment of this section made at the 1955 Regular Session of the Legislature, file with the governing board of the school district employing him a verified statement that he is no longer a member of the Communist Party and that such membership has been terminated in good faith. Any such employee who fails to file such a statement within the time specified shall be guilty of insubordination and guilty of violating this section and shall be suspended and dismissed from his employment in the manner provided by law.

12954. Any employee of any school district who after September 9, 1953, knowingly becomes a member of the Communist Party shall be guilty of insubordination and guilty of violating this section and shall be suspended and dismissed from his employment in the manner provided by law. Suspension and dismissal

12955. It shall be the duty of any employee of any school district who may be subpenaed by a United States Congressional Un-American Activities Committee or a subcommittee thereof or a California Legislative Un-American Activities Committee or a subcommittee thereof or any other committee or subcommittee of the United States Congress or the California Legislature or of either house of either thereof to appear before said committee or subcommittee and specifically to answer under oath a question or questions propounded by any member or counsel of the committee or subcommittee relating to: Appearance before legislative committees, etc.

(a) Present personal advocacy by the employee of the forceful or violent overthrow of the Government of the United States or of any state or political subdivision.

(b) Present knowing membership in any organization which, to the knowledge of such employee, advocates the forceful or violent overthrow of the Government of the United States or of any state or political subdivision

(c) Past knowing membership at any time since October 3, 1945, in any organization which, to the knowledge of such employee, during the time of the employee's membership advocated the forceful or violent overthrow of the Government of the United States or of any state or political subdivision.

(d) Past knowing membership of such employee in the Communist Party at any time since October 3, 1945.

(e) Present knowing membership of such employee in the Communist Party.

(f) Present personal advocacy by the employee of the support of a foreign government against the United States in the event of hostilities.

Any employee who fails or refuses to answer under oath on any ground whatsoever any such question propounded by any member or counsel of any such committee or subcommittee shall be guilty of insubordination and guilty of violating this section and shall be suspended and dismissed from his employment in the manner provided by law.

12956. It shall be the duty of any employee of any school district who is ordered to appear before the governing board of the employing school district to appear and specifically to answer under oath a question or questions propounded by a member or counsel of the governing board or by the superintendent of schools relating to any of the matters specified in Section 12955. Appearance before governing boards

Any employee who fails or refuses to appear or to answer under oath on any ground whatsoever any such question propounded by a member or counsel of the governing board or by

the superintendent of schools shall be guilty of insubordination and guilty of violating this section and shall be suspended and dismissed from his employment in the manner provided by law.

Cause for suspension and dismissal

12957. It shall be sufficient cause for the suspension and dismissal, in the manner provided by law, of any employee of a school district when such employee is knowingly a member of the Communist Party.

Same Certificated employees

12958. Any certificated employee of a school district who violates any of the provisions of Sections 12952 to 12957, inclusive, of this code shall be guilty of unprofessional conduct and shall be suspended and dismissed in the manner provided by law.

Article 3. Rights and Duties of Employees

Failure to make report

13001. Any principal, teacher, employee, or school officer of any elementary or secondary school who refuses or wilfully neglects to make such reports as are required by law is guilty of a misdemeanor and is punishable by a fine of not more than one hundred dollars ($100).

Traveling expenses

13002. The governing board of any school district shall provide for the payment of the actual and necessary traveling expenses of any employee of the district when performing services for the district under the direction of the governing board. The governing board may direct any employee of the district to attend any convention or conference or to visit schools for the discussion or observation of any school matter appertaining to the duties of the employee or any question of interest to the school district.

Automobile allowance

13003. The governing board of any school district may provide for the reimbursement of employees of the district for the use of automobiles owned by the employees and used in the performance of regularly assigned duties, by establishing an allowance for such use on a mileage or monthly basis.

Political activities

13004. Neither any local legislative body nor any school district governing board shall enact or enforce any ordinance or promulgate or enforce any rule or regulation which limits, during their off-duty hours, the participation of school employees in political activities not prohibited by this code.

Permanent employees

13005. Every permanent employee of a school district which becomes in its entirety a part of a unified school district, and every permanent employee of a school district employed in a school located in a portion of a district which becomes a part of a unified school district, where the whole of the district does not become a part of a unified school district, shall become a permanent employee of the unified school district.

CHAPTER 2. CERTIFIED EMPLOYEES

Article 1. Licensing of Certified Personnel

Accredited institution

13101. The State Board of Education shall accredit any teacher education institution meeting such standards as may be prescribed by this board as an institution authorized to give the training required for credentials and to recommend to the State Board of Education the issuance of such credentials to persons who have successfully completed prescribed requirements.

The State Board of Education may appoint an accreditation committee of not more than 20 members who shall be educators. The members of such committee shall receive no compensation but shall be allowed actual traveling expenses.

Commission of Credentials

13102. There is continued in existence a Commission of Credentials, consisting of the Superintendent of Public Instruction, and four persons appointed by the Superintendent of Public Instruction.

Duties of Commission of Credentials

13103. The State Board of Education may assign to the Commission of Credentials such duties as it may see fit relating to certification, the issuance of credentials and life diplomas, and to the accreditation of institutions for purposes of certification.

State college graduates

13104. The State Board of Education shall grant the appropriate credential or credentials to an applicant who is the holder of a diploma granted by a state college and who has completed a teacher training course prescribed by the State Board of Education, upon the presentation of the diploma to the State Board of Education within four months after such diploma was issued. If such an applicant does not present his diploma within the period specified, his application shall be acted upon pursuant to the provisions of Section 13106.

County teaching certificate holders

13105. Whenever a person has completed a teacher's training course and has received a diploma granted by the University of California or by a state college and has thereafter been issued a county teaching certificate which has been renewed regularly and has taught for a period of 25 years in the grades authorized by the diploma and has been a member of and made contributions to the State Teachers' Retirement System for said period, the State Board of Education shall grant the appropriate credential or credentials to such person upon presentation of the diploma and a certificate of the county superintendent of schools setting forth the facts of such teaching; provided, however, that no credential shall be issued pursuant to this section to any person who has had a county teaching certificate revoked for any cause whatsoever. The certificate so issued shall authorize the same type of service as the original diploma.

The teaching, service, status, and payment of any person meeting the requirements of this section is hereby validated and confirmed.

Examinations

13106. The State Board of Education shall examine applications for credentials and life diplomas, and when it is satisfied that any candidate fully meets the standards set by the State Board of Education it shall issue the proper credentials and life diplomas.

Period of validity

13107. Each certification document issued by the State Board of Education in accordance with provisions of law and State Board of Education regulations shall be valid for the purpose and for the period for which it is issued.

Appeal from decision

13108. Any applicant for a credential or life diploma who is dissatisfied with any action taken by the Commission of Credentials may appeal to the State Board of Education which shall examine the application and either issue the document or deny the application.

Hearing

13109. When a hearing is held under Sections 13104 to 13110, inclusive, the proceeding shall be conducted in accordance with Chapter 5 of Part 1 of Division 3 of Title 2 of the Government Code, and the State Board of Education shall have all the powers granted therein.

Administration of oath

13110. Any oath required of an applicant for a credential may be administered by any of the persons enumerated in Section 61 and by such employees of the Department of Education as the Director of Education may designate.

Permitted service

13111. Each certification document issued by the State Board of Education shall clearly state the kind of service that it authorizes, the grades or classes, or the types of schools in which it authorizes service, and shall have such other content as the board may prescribe or as may be prescribed by authority of the board.

Other content

13112. Each certification document issued shall contain its date of expiration and shall be issued on a form prescribed by the State Board of Education, and shall bear the signatures of the secretary and the president of the board or their facsimile signatures countersigned by an assistant secretary of the board, who shall be appointed by the board for this purpose on the recommendation of the secretary of the board

Existing primary certificates

13113. Holders of existing primary certificates, or of such certificates when hereafter renewed, shall be eligible to teach in any grades of the day or evening elementary schools below the sixth year and not including the kindergarten grades.

Special certificates

13114. The holders of special city or city and county certificates are eligible to teach the special branches mentioned in their certificates in the grades of all the schools in the city or city and county in which the certificates were granted corresponding to the grade of the special certificates.

Territorial limits

13115. The holders of city or city and county certificates are eligible to teach in cities or cities and counties in which the certificates are granted, in schools or classes of grades corresponding to the grades of the certificates.

13116. The holder of a valid school administration certificate may supervise general instruction in all subjects. School administrative certificates

13117. Provisional credentials may be issued in accordance with regulations adopted by the State Board of Education. Provisional credentials

13118. The minimum standard for a provisional credential shall be such as may be prescribed by the State Board of Education. Standard

13119. The regulations adopted by the State Board of Education prescribing the minimum standards for a provisional credential shall give consideration to training and to teaching experience in California schools. Regulations

It is not the intent of the Legislature to exclude from credentials applicants who have given satisfactory service in the schools of this State in positions requiring certification qualifications.

13120. Any state, county, or city and county superintendent, or any state, county, or city and county board of education, who issues a certification document except as provided for by law is guilty of a misdemeanor. Penalty

13121. Except as provided in this code, no certification document shall be granted to any person unless and until he has subscribed to the following oath or affirmation: "I solemnly swear (or affirm) that I will support the Constitution of the United States of America, the Constitution of the State of California, and will by precept and example, promote respect California, and the laws of the United States and the State of for the Flag and the statutes of the United States and of the State of California, reverence for law and order, and undivided allegiance to the Government of the United States of America." The oath or affirmation shall be subscribed before any person authorized to administer oaths or before any member of the governing board of a school district or of any county board of education and filed with the State Board of Education. Any certificated person who is a citizen or subject of any country other than the United States, and who is employed in any capacity in any of the public schools of the State shall, before entering upon the discharge of his duties, subscribe to an oath to support the institutions and policies of the United States during the period of his sojourn within the State. Upon the violation of any of the terms of the oath or affirmation, the State Board of Education shall suspend or revoke the credential which has been issued. Teacher's oath

13122. No person is eligible to teach in any public school in the State or to receive a certification document who has not attained the age of 18 years. Age requirement

13123. No certification document shall be issued to an applicant who does not meet citizenship requirements established by the State Labor Code except in the case of an exchange teacher who is not a citizen of the United States. Citizenship

13124. When required by the State Board of Education, the application for a certification document or the renewal thereof shall be accompanied by a certificate in such form as Medical certificate

shall be prescribed by the State Board of Education, from a physician and surgeon licensed under the provisions of the Business and Professions Code showing that the applicant is free from any contagious and communicable disease or other disabling disease or defect unfitting the applicant to instruct or associate with children.

Blindness

13125. No person otherwise qualified shall be denied the right to receive credentials from the State Board of Education on the grounds he is totally or partially blind.

Evidence of identification and good moral character

13126. The State Board of Education shall adopt, in addition to any other regulations authorized by law, regulations requiring every applicant for a credential or life diploma, or for the renewal of a credential, to submit reasonable evidence of identification and good moral character.

Application for life diploma, etc.

13127. Each applicant for a life diploma or credential or for the renewal of a credential shall submit with his application, duplicate personal identification cards provided by the Department of Education upon which shall appear the legible fingerprints and a personal description of the applicant.

The State Board of Education is authorized to, and shall adopt such regulations as may in its judgment be necessary for the administration of this section.

Investigation of applicant

13128. The State Board of Education is authorized to secure information, records, reports, and other data relative to the identification or fitness of any applicant for a life diploma or a credential or for the renewal of a credential from any agency or department of the State and for that purpose, any provision of law to the contrary notwithstanding, the State Bureau of Criminal Identification and Investigation shall furnish, upon application of the State Board of Education, all information pertaining to any applicant of whom there is a record in its office.

Denial of application: Grounds

13129. The State Board of Education may deny any application for the issuance of a credential or a life diploma or for the renewal of a credential made by any applicant who:

(a) Lacks the qualifications which are prescribed by law or regulations adopted by the State Board of Education pursuant thereto.

(b) Is physically so disabled as to be rendered unfit to perform the duties authorized by the credential or life diploma for which he applies.

(c) Is addicted to the use of intoxicating beverages to excess.

(d) Is addicted to the use of narcotics or habit-forming drugs.

(e) Has committed any act involving moral turpitude.

(f) Has had a certification document revoked.

(g) Has intentionally practiced or attempted to practice any material deception or fraud in his application.

(h) Fails or refuses to furnish reasonable evidence of identification or good moral character.

(i) Has been convicted of any offense defined in subdivision 1 of Section 311 of the Penal Code prior to the effective date of the amendment of this section made at the 1955 Regular Session by the Legislature.

Same

13130. The State Board of Education shall deny any application for the issuance of a credential or a life diploma or for the renewal of a credential made by any applicant who has been determined to be a sexual psychopath under the provisions of Chapter 4, Part 1, Division 6 of the Welfare and Institutions Code or under similar provisions of law of any other state or who has been convicted of any sex offense as defined in Section 12912.

Minimum standards

13131. The minimum general standards for each type of credential shall be as prescribed in Sections 13131 to 13156, inclusive.

Constitution of United States

13132. For the junior college credential, general secondary credential, junior high school credential, general elementary credential, and kindergarten-primary credential, there is required (1) the passing of a satisfactory examination on the provisions and principles of the Constitution of the United States in a junior college, college, or university of recognized merit in the State or, as to a provisional credential, given by a county superintendent of schools in the State or (2) the satisfactory completion of two semester units of work on the provisions and principles of the Constitution of the United States in any university or college from which undergraduate credits earned are accepted by the State Board of Education as meeting undergraduate credit requirements for credentials issued by the State Board of Education or in any publicly supported junior college in the State. Such a credential, valid only to the credential expiration date in the year next following the date of first issuance of the credential, may be granted without the passing of this examination or the completion of this work; provided, that credentials so granted shall be issued to remain valid for not less than 12 calendar months.

Junior college

13133. The minimum standard for the junior college credential shall be the holding of a master's or a doctor's degree granted by an institution approved by the State Board of Education, and such additional requirements as may be prescribed by said board.

This credential shall authorize service as a teacher in a junior college.

General secondary school

13134. The minimum standard for the general secondary school credential shall be five years of university or college, or of university, college, and normal school education of present-day standard, including: (a) a baccalaureate degree, (b) a fifth year of collegiate education secured in an institution or institutions accredited by the State Board of Education for this purpose, and (c) such additional requirements as may be prescribed by said board.

This credential shall authorize service as a teacher in any secondary school and in grades seven and eight of any elementary school.

Junior high school

13135. The minimum standard for the junior high school credential shall be four years of collegiate training, including a baccalaureate degree secured in an institution accredited by the State Board of Education for this purpose, and such additional requirements as may be prescribed by said board.

This credential shall authorize service as a teacher in grades seven, eight and nine of any elementary or secondary school.

General elementary school

13136. The minimum standard for the general elementary credential shall be the number of years and the same standard of collegiate training required at the time for graduation from a California state college, and such additional requirements as may be prescribed by the State Board of Education.

Each applicant for the general elementary credential shall present evidence showing that he is proficient in the following studies: reading, English, grammar and composition, English and American literature, spelling and defining, penmanship, drawing, vocal music, arithmetic, geography (physical, political, and industrial), physiology and hygiene, history of the United States, civics, history (ancient, medieval, and modern), school law, methods of teaching, fire prevention, public safety and accident prevention, manners and morals, alcohol and narcotics and their effects upon the human system as determined by science, and elementary science.

This credential shall authorize service as a teacher in any elementary school, in grades seven and eight of any junior high school and, if issued prior to October 1, 1949, as principal of a junior high school.

Kindergarten-primary

13137. The minimum standard for the kindergarten-primary credential shall be the number of years and the same standard of collegiate training required at the time for graduation from a California state college, and such additional requirements as may be prescribed by the State Board of Education.

This credential shall authorize service as a teacher in any kindergarten and in grades one, two, and three of any elementary school.

Special secondary

13138. The minimum standard for the special secondary credential shall be as high a general standard for each of the different subjects as conditions at the time will warrant.

No certification to teach, in any grade whatever, a vocational subject shall be granted, unless the candidate has had, as a minimum, three years' experience as a journeyman, or, where this terminology does not apply, its equivalent, in the vocation in which he desires certification.

This credential shall authorize service as a teacher in the subject or subjects named therein in any elementary or secondary school.

Instruction supervisor

13139. The minimum standard for an instruction supervisor's credential in each grade level shall be a credential or a

teacher's certificate authorizing the holder to teach the corresponding grade level in the public schools, and such other professional requirements as may be prescribed by the State Board of Education.

This credential shall authorize service as a supervisor of instruction in the grade level named therein.

13140. The minimum standard for the school administrator's credential of each grade level shall be: (a) the possession of a valid credential or certificate authorizing the holder to teach the corresponding grade level in the public schools of the State, (b) a minimum of not less than two years of experience as a teacher, supervisor, or school administrator, and (c) such additional requirements as may be prescribed by the State Board of Education.

School administrator

This credential shall authorize service in the capacities named in the credential.

13141. The State Board of Education shall issue an elementary school administration credential to the holder of a valid general secondary school credential issued prior to December 31, 1936, or a life diploma based upon a county certificate issued upon such a credential who (1) at the time of application holds a valid credential authorizing secondary school administration or supervision, (2) has had not less than two years of successful teaching experience in public elementary schools in California, and (3) has earned at least six semester hours of college credit in elementary education, including work in elementary principles, elementary curriculum and elementary administration.

Elementary school administration credential

13142. The State Board of Education shall upon application issue a general secondary school life diploma, authorizing the holder to teach in elementary and secondary schools, to the holder of a life diploma issued subsequent to December 30, 1936, on a county certificate which in turn is based upon a general secondary school credential issued prior to December 31, 1936.

General secondary school life diploma

13143. The minimum standard for the librarianship credential shall be four years of collegiate training, including a baccalaureate degree secured in an institution accredited by the State Board of Education for that purpose, and such additional requirements as may be prescribed by said board.

Standards for credentials Librarianship

This credential shall authorize service as a teacher of librarianship and as a librarian in any elementary or secondary school.

13144. The minimum standard for the child welfare and supervision of attendance credential shall be the same as for a general elementary credential or an equivalent in training, and such additional requirements as may be prescribed by the State Board of Education.

Child welfare and attendance

This credential shall authorize service as a child welfare and supervision of attendance officer in any school district or under any county superintendent of schools.

Health and development

13145. The minimum standard for the health and development credential authorizing service as a supervisor of health in the capacity of a school physician, school nurse, school oculist, school optometrist, school otologist, school audiometrist, school dentist, school chiropodist or school dental hygienist shall be the possession of a valid license issued by the California state board or agency in charge of the applicant's profession in California, and such additional requirements as may be prescribed by the State Board of Education.

This credential shall authorize service as a supervisor of health in the capacity shown therein.

Effective period of credentials

13146. Any standard for the granting of any credential, except a provisional credential, when adopted, shall remain in force for not less than four years.

Adult education

13147. The minimum standard for any adult education credential shall be as high a general standard for each of the subjects as conditions at the time will warrant.

This credential shall authorize service as a teacher in any class for adults in the subjects named therein.

Military science and tactics

13148 The standard for the military science and tactics credential shall be the recommendation of the Adjutant General of the State of California.

This credential shall authorize service as a teacher of basic military drill in high school and junior college cadet companies established under Chapter 1 of Part 2 of Division 2 of the Military and Veterans Code. The credential shall be issued only to those who shall qualify as to character in the same manner as required for holders of secondary teaching credentials

Service under such credential shall not be included in computing the service required as a prerequisite to attainment of, or eligibility to, classification as a permanent employee of a school district.

Exchange teacher

13149. The standard for the exchange teacher credential shall be as prescribed by the State Board of Education pursuant to Section 13271.

This credential shall authorize service as an exchange teacher.

Supervisors and administrators

13150. The State Board of Education may establish standards for, and issue, certificates and credentials for the following positions:

(a) Supervising the work of instructors.

(b) Supervising educational and vocational counseling and placement.

(c) Supervising the planning of courses of study

(d) Supervising the selection, collection, preparation, classification, or demonstration of material for any course of study.

(e) Supervising the examination, selection, or assignment of teachers, principals, or other educational administrators.

(f) Supervising the preparation of budgets of funds to be used for educational purposes when this is the major function of a given position.

(g) Supervising the interpretation or evaluation from an educational standpoint of equipment, material, and housing when this is the major function of a given position.

(h) Supervising original research connected with the evaluation and the efficiency of the educational program.

(i) Administering or supervising the school health service.

(j) Administering or supervising the activities connected with the enforcement of the laws relating to compulsory education, co-ordination of child welfare activities involving the school and the home, and school adjustments of the socially maladjusted pupils.

(k) Administering or supervising the library service.

(*l*) Administering or supervising the production and distribution of visual aids, instruction in their use and evaluation of illustrative material.

(m) Administering and supervising menus and diet for the school cafeterias throughout the district.

(n) Administering or arranging institute sessions and other extracurricular educational activities.

(o) Supervising the interpretation and evaluation of school information in terms of educational significance and from an educational standpoint or viewpoint.

Limited credentials

13151. The State Board of Education may issue credentials limiting the service authorized by such credentials to service in the schools or classes specified on the credential.

Education of mentally retarded children

13152. The minimum standard for the credential for the education of mentally retarded children shall be prescribed by the State Board of Education.

Psychologist

13153. The minimum standard for the credential authorizing service as a psychologist shall be graduation with a master's degree in psychology or educational psychology from a higher institution of learning approved by the State Board of Education and such additional requirements as may be prescribed by said board.

For service under psychologist

13154. The standards for the credential authorizing service under the supervision of a psychologist shall be such as are prescribed by the State Board of Education.

General pupil personnel services

13155. The minimum standard for the general pupil personnel services credential in the fields of child welfare and supervision of attendance, psychology, and psychometry, as authorized by Sections 13144, 13153, and 13154, respectively, and, for pupils in the regular elementary and secondary day schools of the Public School System, in the fields of pupil counseling and social work, shall be a baccalaureate degree secured in an institution accredited by the State Board of Education and such additional requirements as may be prescribed by said board.

This credential shall authorize such service as may be prescribed by the State Board of Education.

Teaching blind, deaf, etc.

13156. The minimum standard for each of the following credentials shall be such as may be prescribed by the State Board of Education:

(a) Credential for teaching the blind;
(b) Credential for teaching the partially seeing;
(c) Credential for teaching the deaf;
(d) Credential for teaching the hard of hearing;
(e) Credential for teaching the speech handicapped; and
(f) Credential for teaching the orthopedically handicapped.

Each of these credentials shall authorize such service as may be prescribed by the State Board of Education.

Registration of certification, etc

13157. Each county or city and county board of education may provide for the registration of any valid certification or other document authorizing the holder thereof to serve in a position requiring certification qualifications as an employee of the county superintendent of schools of such county or city and county or of a school district under the jurisdiction of such county superintendent of schools. Such registration shall be deemed to be the issuance of a certificate to the holder of such certification or other document. Such registration shall authorize the service of the holder as an employee of the county superintendent of schools or of any school district under his jurisdiction in the capacity in which and for the period of time for which the certification or other document is valid.

Preliminary certificates

13158. The superintendent of schools of each county shall issue to persons in training for the teaching service preliminary certificates of a temporary character.

Same Student teaching, etc

13159. A preliminary certificate shall be issued to the holder of a recommendation from a state college, the University of California, or any private university or college accredited by the State Board of Education to train teachers. The certificate shall specifically authorize the holder to do student teaching and to do supervised field experience in such areas as may be called for in the requirements of the various authorized credentials for public school service without salary from district funds, and no student teaching or supervised field experience may be performed without such a certificate. The holder shall be deemed a certificated employee of the district with respect to acts performed by him at the direction, suggestion, or consent of the certificated employees under whose supervision and control the holder performs his duties whether or not such duties are performed entirely in the presence of the employees of the district assigned to supervise the holder.

Practice teaching

13160. Practice teaching shall be of the same kind in the same grades, classes, or types of schools as specified in the recommendation.

Period of certificate, etc.

13161. No preliminary certificate shall be granted for a period exceeding two years, nor shall the superintendent of schools collect a fee therefor.

13162. Each county or city and county board of education may issue temporary certificates for the purpose of authorizing salary payments to teachers whose credential applications are being processed. The applicant for such a temporary certificate shall make a statement under oath that to the best of his knowledge no reason exists why he should not be issued a certificate. Such certificate shall be valid for not more than 60 days and only until the credential originally requested is either issued or denied by the State Department of Education. Temporary certificates

13163. The State Board of Education shall grant life diplomas to qualified applicants. Each life diploma shall be valid during the life of the person to whom issued unless sooner suspended or revoked. Life diploma

13164. The service authorized by each life diploma granted shall be that authorized by a valid credential, other than a credential issued on an emergency basis, held by the applicant at least one year prior to the granting of the life diploma. Authorized service

13165. Each applicant for a life diploma must have held for at least one year immediately preceding the issuance of a life diploma, a valid credential other than a credential issued on an emergency basis, of the same grade and type as the life diploma applied for. Qualification for life diploma

13166. Each candidate for a life diploma shall submit over his oath a complete application on a form provided by the State Board of Education. Application

13167. The application shall be accompanied by evidence showing that the applicant is competent to perform the service of the life diploma applied for and by a recommendation from the county board of education of the California county in which the applicant was last employed for one full school year to the effect that the candidate has rendered successful educational service in the public schools of the county for a period of not less than eight consecutive school months and that the candidate is a fit person to possess a life diploma. The recommendation shall be based upon a resolution of the county board approved by at least a majority of its members. Evidence of competency

13168. Only candidates are eligible who have had at least 48 school months of successful school experience, at least 21 of which have been in the public schools of the State or in schools maintained for minors by publicly controlled California institutions. Experience

13169. In computing the school experience of a candidate, no credit shall be allowed for experience had by the candidate while serving under an emergency credential or a provisional credential. Credit for service

13170. Valid certification documents shall be renewed under such conditions as the State Board of Education may prescribe, except as otherwise provided in Sections 13170 to 13180, inclusive. Renewal Generally

13171. A provisional credential may be renewed in accordance with regulations adopted by the State Board of Education. Provisional credential

Same

13172. A certification document may not be renewed after it has expired, but applicants may secure a new one at any time by meeting all standards then in force.

Appeal

13173. Any applicant for the renewal of a certification document who is dissatisfied with any action taken by the Commission of Credentials may appeal to the State Board of Education which shall examine the application and either issue the document or deny the application.

Hearing

13174. When a hearing is held under Sections 13170 to 13180, inclusive, the proceeding shall be conducted in accordance with Chapter 5 of Part 1 of Division 3 of Title 2 of the Government Code, and the State Board of Education shall have all the powers granted therein.

Expiration date Generally

13175. The State Board of Education shall establish the expiration date for each kind of certification document, except as otherwise provided in Sections 13170 to 13180, inclusive.

Period of renewal

13176. The State Board of Education shall establish the period during which each kind of certification document may be renewed.

Certificates issued prior to October 1, 1945

13177. County boards of education may renew any certificate legally issued by them prior to October 1, 1945, and now in force; provided, that no certificate granted upon a credential issued by the State Board of Education for a limited period shall be renewed or extended unless the credential upon which it was issued has been renewed or extended, and then only for the period of the renewal or extension of the state board credential.

Military service, etc

13178. Whenever the date of expiration of any certification document occurs while the person holding the credential or certificate is in the active military service of the United States of America or of the State of California, including active service in any uniformed auxiliary of, or to, any branch of such military service created or authorized as such auxiliary by the Congress of the United States of America or by the Legislature of the State of California or in the service of the United States Merchant Marine, or in the full-time paid service of the American Red Cross, during any national emergency declared by the President of the United States of America, or during a war in which the United States of America is engaged, or within six months after such person honorably leaves such service or has been placed on inactive duty, such certification document is hereby continued in force until six months after such person honorably leaves such service or has been placed on inactive duty.

The holder of a certification document so extended shall be entitled to a renewal of the certification document prior to its date of expiration as herein fixed, subject to provisions of this code relating to the renewal of certification documents.

Renewals validated

13179. The renewal heretofore of a certification document of any person mentioned in Section 13178 which expired within six months after the person honorably left such service

or was placed on inactive duty is hereby confirmed, ratified and validated for the time for which the renewal was made.

Discontinued credentials

13180. Whenever an application is made for the renewal of a credential of a type not provided for by the law then existing, the application shall be issued, in lieu of the renewal of such credential, a credential of the grade and type authorized by law most similar to the credential held by him and which will authorize not less than the same service as the credential then held by him.

Credentials, life diplomas, etc., issued prior to September 9, 1953

13181. All teaching, administrative service and supervisory service credentials, life diplomas, California normal school diplomas, university documents, normal documents, state teachers college and state college credentials, city, city and county, and county certificates of all grades granted prior to September 9, 1953, not heretofore revoked, shall be continued in full force and effect for the full time for which they were granted and shall be valid for all purposes and to the full extent of time that they were intended to be unless revoked or suspended by the State Board of Education.

Fees

13182. The fee for each credential or life diploma or for the renewal of a credential shall be four dollars ($4).

Appropriation

13183. All of the fees prescribed by Sections 13182 to 13184, inclusive, are hereby appropriated for the support of the Department of Education to be used for the issuance of teachers credentials in addition to such other amounts as may be appropriated therefor by the Legislature. Such fees shall augment such support appropriation of the Department of Education current at the date of issuance of the State Controller's receipt thereof as may be designated by the Department of Education prior to their deposit in the State Treasury.

Refund

13184. Any fee or excess amount of fee paid under Sections 13182 to 13184, inclusive, may be refunded by the Director of Education when the applicant does not qualify for a credential or when such fee or excess is paid in error and the amount of any such refund is hereby appropriated for the making of such refund.

Lost, etc., documents

13185. Whenever satisfactory proof is presented to the issuing authority by any person to whom the said authority has heretofore granted a certification document that the same has been lost or destroyed, the issuing authority shall, without fee, issue to him, a new certification document of the same kind, grade, character, and tenure as that lost or destroyed.

Proof

13186. Satisfactory proof shall consist of an affidavit by the person, giving the kind of the certification document, the date of issue, if possible, and the basis upon which it was issued, together with such other information as the issuing authority may require.

Article 2. Revocation and Suspension of Diplomas and Certificates

Failure to fulfill contract

13201. Should any person employed by a school district in a position requiring certification qualifications refuse, without good cause, to fulfill a valid contract of employment with such district or leave the service of such district without the consent of the superintendent, if any, or the governing board, of such district except in the manner provided for by law, the State Board of Education shall, after proof of such fact is made to it, suspend the credentials, including life diplomas and other documents, theretofore issued to him by the State Board of Education for not exceeding one year.

If the credentials, life diplomas and other documents issued to persons by the State Board of Education have once been suspended pursuant to this section, the State Board of Education may, if such credentials, life diplomas and other documents again become subject to suspension under this section, suspend such credentials, life diplomas and other documents for not more than two years.

Revocation of credentials, etc

13202. The State Board of Education shall revoke or suspend for immoral or unprofessional conduct, or for persistent defiance of, and refusal to obey, the laws regulating the duties of persons serving in the Public School System, or for any cause which would have warranted the denial of an application for a certification document or the renewal thereof, or for evident unfitness for service, life diplomas, documents, or credentials issued pursuant to this code.

Hearing

13203. When a hearing is held to suspend or revoke a certification document pursuant to the authority granted the State Board of Education by Sections 13201 or 13202 of this code, the proceedings shall be conducted in accordance with Chapter 5 of Part 1 of Division 3 of Title 2 of the Government Code, and the State Board of Education shall have all the powers granted therein.

Hearing by county board of education

13204. Whenever the holder of any life diploma or other credential or document issued by the State Board of Education is charged with immoral or unprofessional conduct or evident unfitness for service or persistent defiance of, and refusal to obey, the laws regulating the duties of his position, the State Board of Education in its discretion after notifying the person charged of its intention to do so, may require the county board of education of the county in which he is serving or has last served to give notice of, and conduct, a hearing of the charges in the manner prescribed by law for the hearing of charges for the revocation or suspension of a certificate by a county board of education.

The county board of education, after the hearing, shall report to the State Board of Education its findings, and a summary of the evidence, and shall make a definite recommendation concerning the revocation or suspension of the life diploma or other credential or document.

Upon receipt of a copy of the findings, summary of evidence, and recommendation, the State Board of Education may suspend or revoke the life diplomas or other credential or document for the causes stated, or order the charges dismissed.

Revocation at request of holder

13205. Whenever the holder of any life diploma or other teacher's credential or document issued by the State Board of Education requests in writing that the diploma, credential, or document held by him be revoked, the State Board of Education shall revoke such credential.

Conviction of crime

13206. Upon the becoming final of the conviction of the holder of any credential, including a life diploma, or document, issued by the State Board of Education of a violation, or attempted violation, of any one or more of Penal Code Sections 187 to 191, 192 insofar as said section relates to voluntary manslaughter, 193, 194-232, both inclusive, 244, 245, 261 to 267, both inclusive, 273a, 273f, 273g, 278, 285 to 288a, both inclusive, 424, 425, 484 to 488, both inclusive, 503 and 504, or of Welfare and Institutions Code Section 702, the State Board of Education shall forthwith revoke the credential, life diploma, or document.

Same Sex offense

13207. Whenever the holder of any credential, life diploma, or document issued by the State Board of Education has been convicted of any sex offense as defined in Section 12912, the State Board of Education shall forthwith suspend the credential, life diploma, or document. If the conviction is reversed and the holder is acquitted of the offense in a new trial or the charges against him are dismissed, the board shall forthwith terminate the suspension of the credential, life diploma, or document. When the conviction becomes final or when imposition of sentence is suspended the board shall forthwith revoke the credential, life diploma, or document.

Sexual psychopath

13208. Whenever the holder of any credential, life diploma, or document issued by the State Board of Education has been determined to be a sexual psychopath under the provisions of Chapter 4, Part 1, Division 6 of the Welfare and Institutions Code or under similar provisions of law of any other state, the State Board of Education shall forthwith suspend the credential, life diploma, or document. If the determination is reversed and the holder is determined not to be a sexual psychopath in a new proceeding or the proceeding to determine whether he is a sexual psychopath is dismissed, the board shall forthwith terminate the suspension of the credential, life diploma, or document. When the determination becomes final, the board shall forthwith revoke the credential, life diploma, or document.

Powers of county board of education

13209. County boards of education may revoke or suspend, for immoral or unprofessional conduct, evident unfitness for teaching, or persistent defiance of, and refusal to obey the laws regulating the duties of teachers the certificates granted by them.

Hearing and vote

13210. No certificate shall be revoked or suspended, except upon the written request of its holder, until after a hearing

before the county board of education, and then only upon the affirmative vote of at least four members of the board.

Charges

13211. All charges of immoral or unprofessional conduct, of evident unfitness for teaching, or persistent defiance of, and refusal to obey the laws regulating the duties of teachers, shall be presented to the board in writing and shall be verified under oath.

Notice

13212. Notice of the time of hearing and a full and complete copy of the charges shall be furnished to the accused at least 10 days before the hearing.

Hearing

13213. The accused shall be given a fair and impartial hearing and shall have the right to be represented by counsel.

Same

13214. The hearing shall be governed by and conducted under the rules of the board.

Unauthorized departure from service

13215. If any teacher employed by a board of school trustees for a specified time, leaves the school before the expiration of the time, without the consent of the trustees, in writing, the teacher is guilty of unprofessional conduct, and the board of education of the county, upon receiving notice of the fact, may suspend the certificate of the teacher for the period of one year.

Grounds for revocation

13216. Each city or city and county board of examination may for immoral and unprofessional conduct, profanity, intemperance, or evident unfitness for teaching, recommend to the city or city and county board of education, the revocation of any certificate previously granted by the board of education in the city or city and county.

Conviction of crime

13217. Upon the becoming final of the conviction of the holder of a certificate issued by a county board of education of a violation or attempted violation of any one or more of Penal Code Sections 187 to 191, 192 insofar as said section relates to voluntary manslaughter, 193, 194-232, both inclusive, 244, 245, 261 to 267, inclusive, 273a, 273f, 273g, 278, 285 to 288a, both inclusive, 424, 425, 484 to 488, both inclusive, 503 and 504, or of Welfare and Institutions Code Section 702, the county board of education shall forthwith revoke the certificate.

Same: Sex offense

13218. Whenever the holder of a certificate issued by a county board of education has been convicted of any sex offense as defined in Section 12912, the county board of education shall forthwith suspend the certificate. If the conviction is reversed and the holder is acquitted of the offense in a new trial or the charges against him are dismissed, the board shall forthwith terminate the suspension of the certificate. When the conviction becomes final or when imposition of sentence is suspended the board shall forthwith revoke the certificate.

Sexual psychopath

13219. Whenever the holder of a certificate issued by a county board of education has been determined to be a sexual psychopath under the provisions of Chapter 4, Part 1, Division 6 of the Welfare and Institutions Code or under similar provisions of law of any other state, the county board of education shall forthwith suspend the certificate If the determination is reversed and the holder is determined not to be a sexual psy-

chopath in a new proceeding or the proceeding to determine whether he is a sexual psychopath is dismissed, the board shall forthwith terminate the suspension of the certificate. When the determination becomes final, the board shall forthwith revoke the certificate.

Article 3. Employment

Employment of qualified persons

13251. Governing boards of public school districts shall employ in positions for which certification qualifications are established by this code only such persons as are certificated in accordance with the provisions of this code.

Employment

13252. Governing boards of school districts shall employ persons in public school service requiring certification qualifications as provided in this code.

Employment ratification

13253. The employment, heretofore, by governing boards of school districts of all persons in positions requiring certification qualifications and the payment of compensation to such persons is hereby ratified, confirmed and validated provided all of the following conditions have been met:

(a) Each such person has heretofore filed or registered, with the appropriate agency a valid certification document authorizing him to serve in the position in which he was employed.

(b) The application for such certification document was made to the issuing authority on or before the date upon which the actual service of such person in such position commenced.

Validation of prior employment

13254. The employment prior to the effective date of the amendment of this section by the Legislature at the 1957 Regular Session, by governing boards of school districts of all persons in positions requiring certification qualifications and the payment of compensation to such persons for all services rendered to school districts during that period is hereby authorized, ratified, confirmed and validated; provided, all of the following conditions have been met:

(a) Each such person has heretofore filed or registered with the appropriate agency a valid certification document authorizing him to serve in the position in which he was employed.

(b) The application for such certification document was made to the issuing authority on or before the date upon which the actual service of such person in such position commenced.

Employment of persons convicted of sex offenses

13255. Governing boards of school districts shall not employ or retain in employment persons in public school service who have been convicted of any sex offense as defined in Section 12912. If, however, any such conviction is reversed and the person is acquitted of the offense in a new trial or the charges against him are dismissed, this section does not prohibit his employment thereafter.

Employment of sexual psychopath

13256. Governing boards of school districts shall not employ or retain in employment any person in public school service who has been determined to be a sexual psychopath under the provisions of Chapter 4, Part 1, Division 6 of the Welfare and Institutions Code or under similar provisions of law of

any other state. If, however, such determination is reversed and the person is determined not to be a sexual psychopath in a new proceeding or the proceeding to determine whether he is a sexual psychopath is dismissed, this section does not prohibit his employment thereafter.

Military service statement

13257. The governing board of a school district shall, as a condition to employment, require an applicant for a position requiring certification qualification to furnish a statement of the military service of the applicant and, if any was rendered, a copy of the discharge or release from service. If no such document is available, the governing board may accept other suitable evidence of the conditions under which the military service of the applicant was terminated.

Election

13258. Persons in positions requiring certification qualifications may be elected for the next ensuing school year on and after the first day of May, and each person so elected shall be deemed re-elected from year to year except as provided in Sections 1000 and 1001, Sections 13113 to 13116, inclusive, Sections 13252 to 13312, inclusive, Sections 13314 to 13318, inclusive, Sections 13320 to 13326, inclusive, and Sections 13328 to 13337, inclusive.

At any time after the thirty-first day of December, any person not then employed in the school district may be elected for the next ensuing school year to a position requiring certification qualifications.

Acceptance

13259. Any certificated employee not under permanent tenure who fails to signify his acceptance within 20 days after notice of his election or employment has been given him, or mailed to him by United States registered mail with postage thereon prepaid at his last known place of address, by the clerk or secretary of the governing board of the school district, shall be deemed to have declined the employment.

Failure to notify governing board

13260. If, without good cause, a permanent employee of a school district fails prior to July 1st of any school year to notify the governing board of the district of his intention to remain or not to remain in the service of the district, as the case may be, during the ensuing school year if a request to give such notice, including a copy of this section, shall have been personally served upon him not later than the preceding June 10th, all credentials and certificates held by such employee may be suspended for not exceeding one year by the issuing authorities thereof.

Notice of employment

13261. The county superintendent of schools shall be given immediate notice in writing by the governing board of the district of the employment of persons for positions requiring certification qualifications. The notice shall include but not be limited to such data as may be prescribed by the Superintendent of Public Instruction, in regulations he is herewith authorized to adopt.

First acceptance of employment

13262. Except as otherwise provided in Sections 13252 to 13273, inclusive, every probationary or permanent employee employed before July 1, 1947, shall be deemed to have been

employed on the date upon which he first accepted employment in a probationary position.

In case two or more employees accepted employment on the same date, the governing board of the district shall determine the order of employment by lots drawn by the employees concerned.

Paid service, etc.

13263. Every probationary or permanent employee employed after June 30, 1947, shall be deemed to have been employed on the date upon which he first rendered paid service in a probationary position.

In any district in which appointments are made from eligible lists established by examination, if two or more employees rendered their first paid service on the same date, the board shall determine the order of employment of employees so appointed by lot drawn as follows:

First, those who were highest on their respective eligible lists, except as they have waived appointment, shall draw lots for preferred order as among such employees.

Second, those who were next highest on their respective eligible lists shall similarly draw lots for preferred order as among themselves.

In like manner, drawings shall continue until the order of employment of all shall have been determined. Employees appointed subject to examination shall draw last of all.

In districts in which employees are not appointed from eligible lists, all who first rendered paid service on the same date shall participate in a single drawing.

General provisions

13264. The following general provisions shall apply regardless of date of employment:

The order once determined by lot shall be permanent, and shall be entered on the permanent records of the district.

Records showing date of employment, whether kept by the district or by the county, shall be accessible, on demand, to any certificated employee of the district or to his designated representative.

In the absence of records as to any of the matters referred to in the two preceding sections, the board, in accordance with evidence presented, shall determine the order of employment after giving employees a reasonable opportunity to present such evidence.

The governing board of every junior college district shall establish the order of employment of all probationary and permanent employees of the district in the manner prescribed by Sections 13252 to 13273, inclusive, and shall keep a roster of same as a public record.

Whether or not such a roster is kept in other districts, the order of employment in all districts, when required, shall be determined as prescribed by Sections 13252 to 13273, inclusive.

The board shall have power and it shall be its duty to correct any errors discovered from time to time in its records showing the order of employment.

School transferred from one district to another

13265. When any school or part thereof shall have been transferred from one district to another, employment for any employees who transfer with said school or part thereof shall date from the time said employees first accepted employment (if before July 1, 1947) or rendered paid service (if after June 30, 1947) as probationary employees in the district from which the school or part thereof and the said employees were transferred.

Resignation or dismissal of employee, etc

13266. When any certificated employee shall have resigned or been dismissed for cause and shall thereafter have been re-employed by the board, his date of employment shall be deemed to be the date on which he first accepted re-employment (if re-employed before July 1, 1947) or rendered paid service (if re-employed after June 30, 1947) after his re-employment.

When an employee's services are terminated for lack of enrollment or discontinuance of service or are otherwise interrupted in a manner declared by law not to constitute a break in service, his original order of employment shall stand.

Deprivation of rights

13267. Nothing in Sections 997 to 1002, inclusive, Sections 12901 to 13004, inclusive, Sections 13006 to 13553, inclusive, and Sections 13555 to 14775, inclusive, shall be construed in such manner as to deprive any person of his rights and remedies in a court of competent jurisdiction on a question of law and fact.

Charter provisions

13268. Nothing in Sections 997 to 1002, inclusive, Sections 12901 to 13004, inclusive, Sections 13006 to 13553, inclusive, and Sections 13555 to 14775, inclusive, shall be construed so as to repeal or negate any provisions concerning employees of school districts contained in the charter of any city, county, or city and county, adopted and approved in conformity with Article XI of the Constitution of this State.

Amendments

13269. All employments under the provisions of Sections 1000 and 1001, Sections 13113 to 13116, inclusive, Sections 13252 to 13312, inclusive, Sections 13314 to 13318, inclusive, Sections 13320 to 13326, inclusive, and Sections 13328 to 13337, inclusive, shall be subordinate to the right of the Legislature to amend or repeal Sections 1000 and 1001, Sections 13113 to 13116, inclusive, Sections 13252 to 13312, inclusive, Sections 13314 to 13318, inclusive, Sections 13320 to 13326, inclusive, and Sections 13328 to 13337, inclusive, or any provision or provisions thereof at any time, and nothing herein contained shall be construed to confer upon any person employed pursuant to the provisions hereof a contract which will be impaired by the amendment or repeal of Sections 1000 and 1001, Sections 13113 to 13116, inclusive, Sections 13252 to 13312, inclusive, Sections 13314 to 13318, inclusive, Sections 13320 to 13326, inclusive, and Sections 13328 to 13337, inclusive, or of any provision or provisions thereof.

Temporary employment

13270. Nothing in this code shall be construed as prohibiting the employment of persons in positions requiring certifica-

tion qualifications for less than a full school year in temporary schools or classes.

"Exchange employee"

13271. The governing board of any school district, subject to the rules and regulations prescribed by the State Board of Education, and notwithstanding anything to the contrary in Article 2 of Chapter 2 of Part 7 of Division 2 of the Labor Code may enter into an agreement with the proper authorities of any foreign country, or of any state, territory, or possession of the United States, or other district within the State, for the exchange and employment of regularly credentialed employees and employees of public schools of any foreign country, state, territory, or possession, or other district within this State, of a grade corresponding to that in which the certificated employees of the district are employed. Any certificated person so employed as provided in this section shall be known as an "exchange employee." No exchange shall be made without the consent of the employee to be exchanged.

No person may be employed as an exchange employee by a school district in the State unless he holds the necessary valid credential or credentials issued by the State Board of Education authorizing him to serve as a teacher or administrator in the school district proposing to employ him for a period not to exceed one year, except that, by unanimous consent of the governing board, and of the certificated employees concerned, this period may be extended to two years. The State Board of Education may establish minimum standards for the credentials for exchange certificated employees.

Rights

13272. Acceptance of any exchange position by an employee of any school district in the State shall not affect his right to the permanent classification to which he is entitled, at the time of the acceptance, or any of his rights under the state teachers retirement salary provisions of this code, or under any local or district retirement plan, or system, and the time served in the exchange position shall be counted as time served in the service of the district in which he is employed immediately prior to acceptance of the exchange position in determining his status under the provisions of Sections 997 to 1002, inclusive, Sections 12901 to 13004, inclusive, Sections 13006 to 13553, inclusive, and Sections 13555 to 14775, inclusive, and under the provisions of this code relating to state retirement salary, and under any local or district retirement plan.

Payment of salary

13273. If the teacher from the district within the State who serves as an exchange teacher without the State and the governing board regularly employing him so agree, the district may pay his regular salary, making all deductions provided by law for retirement purposes, during the period of the exchange teaching. In such case the district shall not pay the salary of the exchange teacher from without the State, serving the district in exchange for its regular teacher.

In the event a teacher from a district within this State serving as an exchange teacher without the State and to whom the governing board of such district is paying the regular salary

of such teacher as herein provided, is compelled to absent herself from her duties because of injury, illness or quarantine, the governing board of the district within this State may pay the substitute employed to take the place of such teacher and shall deduct the amount so paid the substitute from the compensation of the teacher.

Employment of certificated persons

13274. Governing boards of school districts shall employ for positions requiring certification qualifications, only persons who possess the qualifications therefor prescribed by law. It shall be contrary to the public policy of this State for any person or persons charged, by said governing boards, with the responsibility of recommending such persons for employment by said boards to refuse or to fail to do so for reasons of race, color, religious creed, or national origin of said applicants for such employment.

Registration of certification document

13275. Each person employed by the governing board of a school district for a position requiring certification qualifications must, not later than 60 days after the date fixed by the governing board of the district for the commencement of his service, register in the manner prescribed by Section 13157 a valid certification document, issued on or before said date, authorizing him to serve in the position for which he was employed, and must, not later than 60 days after the renewal thereof, register the renewed certification document in the manner prescribed by Section 13157. If any person so employed is the holder of a California state college, or state teachers college, diploma accompanied by the certificate of the State Board of Education, or of an educational or life diploma of this State, and has presented the same to, and has had his name recorded by, the county superintendent of schools of the county as heretofore provided by this code, such person shall be deemed to have registered such diploma under Section 13157.

Tuberculosis certificate

If required by an order of the county board of education, he shall also have on file with the county superintendent of schools a certificate from a physician and surgeon licensed under Chapter 5 of Division 2 of the Business and Professions Code showing that he has submitted to a physical examination within three years last past, including an X-ray of the lungs, and been found free from active tuberculosis.

Affidavit in lieu of tuberculosis certificate

13276. In lieu of the certificate from a physician and surgeon required under Section 13275, any person who adheres to the faith or teachings of any well-recognized religious sect, denomination, or organization, and in accordance with its creed, tenets, or principles, depends for healing upon prayer in the practice of religion, may file with the county superintendent of schools an affidavit stating such adherence and dependence and that to the best of his knowledge and belief he is free from active tuberculosis, and said affidavit shall be deemed equivalent of such certificate; provided, that if at any time there should be probable cause to believe that such affiant is afflicted with active tuberculosis, he may be excluded from service until

the governing board of the employing district is satisfied that he is not so afflicted.

Discrimination in employment

13277. The Legislature hereby declares that it is contrary to the interest of this State and of the people thereof for any person or persons charged by the governing board of any school district with the responsibility of interviewing and recommending persons for employment in positions requiring certification qualifications to fail or refuse to do so for reason of the age or marital status of any applicant for such employment, except as otherwise provided in this code.

Qualification of principal

13278. No person shall be employed as principal of a school of six or more teachers, including the principal, unless he is the holder of a valid teacher's certificate and a valid school administration certificate of the same grade as the school to be administered.

Substitute principal

13279. A substitute principal holding a valid teacher's certificate of the same grade as the school to be administered may be employed without an administration certification to meet an emergency for not more than five months of any school year.

Teacher

13280. The qualifications for a teacher shall be a life diploma of this State or a special credential in physical education, and a health and development certificate.

Age of teacher

13281. No person is eligible to teach in any public school in the State, or to receive a certificate to teach who has not attained the age of 18 years.

Grade of certificate

13282. No teacher shall be employed to teach in any way in any school if the certificate held by him is of a grade below that of the school or class to be taught.

Subjects

13283. No teacher holding a special certificate shall be employed to teach any subject not authorized in the certificate.

Teachers in joint elementary district

13284. Each teacher in a joint elementary district shall hold a valid certificate in the county in which the schoolhouse is located.

Teachers of beginners

13285. In all schools having more than two teachers, beginners shall be taught by teachers who have had at least two years' experience, or by teachers who have had training equivalent to such experience as determined by the State Department of Education.

Home teachers

13286. The qualifications of a home teacher shall be a valid kindergarten-primary, elementary, or secondary certificate to teach in the schools of the State and special fitness to perform the duties of a home teacher.

Same Physically handicapped pupils

13287. The qualifications of a home instructor of physically handicapped pupils shall be a valid kindergarten-primary, elementary, or secondary certificate to teach in the schools of the State

Parental schools

13288. Teachers in parental schools shall have the same qualifications and shall be employed in the same manner as in other primary and grammar schools of the city, city and county, or school district in which the parental school is situated.

Librarian

13289. No person shall be employed as a librarian for more than two hours a day in any elementary or secondary school, unless he holds a valid certificate of proper grade authorizing service as a librarian, or a valid elementary school teacher's certificate if he is employed to serve in an elementary school, or a secondary school certificate if he is employed to serve in a secondary school.

Same

13290. Any librarian when employed full time as librarian or serving full time, partly as librarian and partly as teachers, shall rank as a teacher.

Supervision certificate

13291. No one shall be employed to supervise the work of teachers for more than half time during any school week unless he is the holder of a valid teacher's certificate authorizing him to teach in the schools and classes in which he is to supervise instruction and a valid supervision certificate.

Districts with merit systems

13292. In school districts which have adopted the merit system for employees in positions not requiring certification qualifications in addition to positions specifically required by this code to be filled by persons holding certification qualifications, all employees of the districts whose principal duties are specifically set forth in Section 13150, shall hold general or special supervisory or administrative certification documents or such special educational certification documents as may be specified and issued by the State Board of Education.

Supervisors of health

13293. The qualifications of supervisors of health shall be as provided in Section 13280 and Sections 13294 to 13298, inclusive.

Physician

13294. The qualifications for a physician shall be an unrevoked certificate to practice medicine and surgery issued by this State and a health and development certificate.

Oculist

13295. The qualifications for an oculist shall be a certificate to practice medicine and surgery in this State and a health and development certificate.

Dentists and dental hygienist

13296. The qualifications for a dentist or a dental hygienist shall be a certificate issued by the Board of Dental Examiners of California and a health and development certificate.

Nurse

13297. The qualifications for a nurse shall be a certificate of registration issued by the Board of Nurse Examiners of the State of California and a health and development certificate.

Optometrist

13298. The qualifications for an optometrist shall be a certificate issued by the State Board of Optometry and a health and development certificate.

Otologist

13299. The qualifications for an otologist shall be a physician's and surgeon's certificate and a health and development certificate.

School audiometrist

13300. The qualifications for school audiometrist shall be a certificate of registration as a school audiometrist issued by the State Board of Public Health and a health and development certificate.

Special lecturers

13301. The principal of any public school may employ when so directed by the governing board of the school dis-

trict, special lecturers well qualified in their subjects to speak before classes and assemblies of students of the school, without the lecturer being required to hold a teacher's credential or certificate.

No such lecturer may be employed by the principal of any school for more than four lectures in any term.

Same

13302. The principal of any day or evening secondary school in which there are special day and evening classes, at his discretion may employ when so directed by the governing board of the school district, special lecturers well qualified in their subjects to speak before such classes, without the lecturer being required to hold a teacher's certificate.

Permission for the employment of the lecturer shall be previously obtained from the Commission of Credentials of the State Department of Education.

Such lecturer shall not be employed in any school for more than four lectures each term.

Permanent employees

13303. Every employee of a joint union or union high school district, having an average daily attendance of 850 or more, maintaining eight or more schools lying not less than six miles apart, who, after having been employed by the district has served for three complete consecutive school years in a position or positions requiring certification qualifications, in a school having an average daily attendance of 850 or more, is re-elected for the next succeeding school year to a position requiring certification qualifications shall, at the commencement of the succeeding school year, be classified as and become a permanent employee of the district.

Same

13304. Every employee of a school district of any type or class having an average daily attendance of 850 or more, except a joint union or union high school district maintaining eight or more schools lying not less than six miles apart, who, after having been employed by the district for three complete consecutive school years in a position or positions requiring certification qualifications, is re-elected for the next succeeding school year to a position requiring certification qualifications shall, at the commencement of the succeeding school year be classified as and become a permanent employee of the district.

Continuing contracts

13305. Every certificated employee of a school district of any type or class having an average daily attendance of less than 850 may be offered a continuing contract to cover a period longer than one year but not to exceed four years.

Same

13306. At the discretion of the governing board of a district with 60,000 average daily attendance or more every employee of the district who, after having been employed by the district for two consecutive school years in a position or positions requiring certification qualifications, is re-elected for the next succeeding school year to a position requiring certification qualifications may, at the commencement of the succeeding school year, be classified as and become a permanent employee of the district. If such board is the governing board of more than one district it may exercise the discretionary power given

it by this section in each district under its jurisdiction, whether or not each of such districts has 60,000 average daily attendance.

Classification by governing board

13307. Every employee of a school district of any type or class having an average daily attendance of less than 850 pupils, who, after having been employed by the district for three complete consecutive school years in a position or positions requiring certification qualifications, is re-elected for the next succeeding school year to a position requiring certification qualifications, may be classified by the governing board of the district as a permanent employee of the district. If the classification is not made the employee shall not attain permanent status and may be re-elected from year to year thereafter without becoming a permanent employee until the classification is made.

Same

13308. Every employee of a joint union or union high school district having an average daily attendance of 850 or more, maintaining eight or more high schools lying not less than six miles apart, who, after having been employed by the district has served for three complete consecutive school years in a position or positions requiring certification qualifications in a school having an average daily attendance of less than 850, and is re-elected to a position requiring certification qualifications, may be classified by the governing board of the district as a permanent employee of the district. If the classification is not made the employee shall not attain permanent status and may be re-elected from year to year thereafter without becoming a permanent employee until the classification is made. If the classification is not made the employee may be dismissed from the service of the district only by an unanimous vote of all the members of the governing board of the district, on the recommendation of the superintendent of schools, if there is one, of the district.

Classes for adults Teacher's tenure

13309. When a teacher of classes for adults serves sufficient probationary time as provided in Sections 13303 to 13308 and 13328 to be eligible for election to permanent classification in that district, his tenure shall be for such service as is equivalent to the average number of hours per week which he has served during his probationary years. In no case shall such an employee be classified as permanent for more than one full-time assignment. The service for which such a person has acquired tenure may be reduced in conformity with Sections 13447 and 13448.

Teacher's tenure Restriction

13310. No employee of a school district or districts, in which the average daily attendance of all said districts combined is in excess of 200,000, governed by the same governing board shall hereafter acquire permanent certificated tenure or permanent noncertificated status, or a combination of such tenure and status, for more than one full-time position. Any employee who hereafter acquires any combination of permanent certificated tenure or permanent noncertificated status or both which exceeds that for one full-time position shall have a

choice which tenure or status to retain so long as that retained does not exceed one full-time position.

It is the intent of this section that an employee holding permanent certificated tenure or permanent noncertificated status for a full-time position may not have permanent tenure or status protection for any additional time in either a certificated or a noncertificated position under any such school district governed by the same governing board.

Employees in day and evening schools

13311. Nothing in Sections 13303 to 13308, inclusive, shall be construed to give permanent classification to a person in the evening school who is already classified as a permanent employee in the day school. In case a teacher obtains permanent classification in the evening school and later is eligible for the same classification in the day school by reason of having served the probationary period therein, he shall be given his choice as to which he shall take.

Construction

13312. Nothing in Sections 13303 to 13311, inclusive, shall be construed as affecting the classification of any employee as it existed on September 13, 1941.

Insufficient funds

13313. No permanent employee of a school district shall be dismissed without his consent or deprived of his classification as a permanent employee of the district when the district does not have sufficient funds to pay his salary.

Advancement to administrative or supervisory position

13314. A permanent employee when advanced from a teaching position to an administrative or supervisory position, or assigned any special or other type of work, or given special classification or designation requiring certification qualifications, shall retain his permanent classification as a classroom teacher.

Administrative or supervisory position

13315. A person employed in an administrative or supervisory position requiring certification qualifications upon completing a probationary period, including any time served as a classroom teacher, in the same district, shall, in a district having an average daily attendance of 850 or more pupils, be classified as and become a permanent employee as a classroom teacher. In a district having an average daily attendance of less than 850 pupils, he may be so classified.

Employment by more than one district

13316. A person employed in an administrative or supervisory position by more than one district shall be given permanent classification in whichever district he may select for the permanent classification. Other permanent classification shall be given to such an employee in a district situated wholly or partly within a city or city and county where the charter of the city or city and county provides for other classification.

Transfer of district

13317. Any certificated employee having permanent classification in any district who is transferred from the district to another district, the governing board of which is composed of the same persons as the first district, shall retain the permanent classification in the district in which the permanent classification has been attained, until permanent classification has been attained in the district to which he is transferred.

Junior college district: Status of high school district employee

13318. A permanent employee of a high school district who was classified as such while serving in a junior college maintained by the high school district shall, if the high school district is included in a junior college district, be classified as a permanent employee of the junior college district if employed by the junior college district in a position requiring certification qualifications.

Teachers in state institution at junior college

13319. Any employee in a position requiring certification qualifications of a junior college school district who teaches in a four-year state institution of higher education maintained on the campus of the junior college pursuant to contracts entered into between the State Director of Education and said district, shall, without regard to subject or grade taught, whether of junior college level or higher, acquire and retain all rights to employment in said district the same as though said employee were teaching exclusively in a junior college of the said district; provided, that nothing in this section shall be construed to prevent said employee from resigning from employment in said district pursuant to the provisions of Section 13401 of this code.

Employment in more than one district

13320. A certificated employee who has served in a position or positions requiring certification qualifications in two or more districts, each having an average daily attendance of 850 or more and governed by governing boards of identical personnel, for a total of three complete consecutive school years, upon being elected for the fourth consecutive school year to a position or positions requiring certification qualifications in any of the districts, shall be classified as a permanent employee of the last district in which he was employed prior to his election for the fourth consecutive school year.

Change in organization of district

13321. The division, uniting, unionization, unification, or consolidation of any school district or districts, or any change in school district boundaries or organization, shall not affect the classification of certificated employees already employed by any school district affected. Such employees shall have the same status with respect to their classification by the district, including time served as probationary employees of the district after the division, uniting, unionization, unification, or consolidation, or change in school district boundaries or organization as they had prior thereto. If such division, uniting, unionization, unification, or consolidation, or change in school district boundaries or organization results in the school or other place in which any such employee is employed being maintained by another district, any such employee, if a permanent employee of the district which formerly maintained such school or other place of employment, shall be employed as a permanent employee of the district which thereafter maintains the school or other place of employment, unless such employee elects to continue in the employ of the first district. If such employee is a probationary employee of the district which formerly maintained such school or other place of employment, he may be employed by the district which

thereafter maintains the school or other place of employment, and, if so employed, his status with respect to classification by such district shall be the same as it would have been had the school or other place of employment continued to be maintained by the district which formerly maintained it.

As used in the preceding paragraph of this section "any change in school district boundaries or organization" includes, but is not limited to, the formation of a junior college district which includes a high school district maintaining a junior college.

In case the unionization, unification, uniting, or consolidation of two or more school districts results in a district in which, under the provisions of this code then in effect, the certificated employees are entitled to probationary or permanent classification, the employees of the union, unified, or consolidated district, or of the school district formed by uniting two or more school districts shall be given such classification on the same basis as certificated employees in other districts of like average daily attendance.

Same

13322. On the unionization, unification, uniting, or consolidation of one or more school districts in which the average daily attendance for the preceding school year was less than 850 pupils, with a district or districts in which the average daily attendance was or, as a result of the unionization, uniting, consolidation, or unification, becomes 850 or more pupils, the regular three-year probationary period shall be served after the effective date of the unionization, unification, uniting, or consolidation, by any probationary employee who has been serving in a district of less than 850 average daily attendance. The elected governing board of any such union, unified, or consolidated district, or of the school district formed by uniting two or more school districts, at its option, may classify as a permanent employee of the district, any probationary employee of the districts making up the union, unified, or consolidated district, or of the school district formed by uniting two or more school districts, who, prior to the unionization, unification, uniting, or consolidation of the districts, had been employed by any of the districts for three complete, consecutive school years in a position or positions requiring certification qualifications.

Reorganizations since January 1, 1931

13323. Sections 13321 and 13322 shall apply to any division, uniting, unionization, unification, or consolidation of school districts, or change in school district boundaries or organization, made at any time subsequent to January 1, 1931, to the same extent as changes made subsequent to April 10, 1937, and the provisions hereof shall be retroactive to January 1, 1931.

Construction

Nothing in this section or in Sections 13321 and 13322 shall be construed to nullify or in any manner affect the classification of any employee of a district now or hereafter classified as a permanent employee thereof by operation of this or any other provision of law.

Decrease in average daily attendance

13324. Nothing in Sections 13303 to 13312, inclusive, Sections 13314 to 13318, inclusive, Sections 13320 to 13326, inclusive, and Sections 13328 to 13337, inclusive, shall be construed as affecting any permanent employee classified as such on August 14, 1931. No decrease in the average daily attendance of any school district shall operate to deprive any permanent employee of the district of his classification.

Attainment of age 65

13325. Except in districts situated wholly or partly within the boundaries of a city of city and county where the charter of the city or city and county provides an age at which employees, including certificated employees of the districts, shall be retired, when a permanent employee reaches the age of 65 years, his permanent classification shall cease and thereafter employment shall be from year to year at the discretion of the governing board. Any certificated employee who is not re-employed under the provisions of this section, and who has not completed the requirements for full retirement salary, shall be deemed to have been retired on account of physical disability.

Age of compulsory retirement

13326. Every certificated permanent employee of any school district which has provided a retirement salary for employees supplementary to the state retirement salary, shall be retired at the close of the school year in which he attains the age of compulsory retirement provided in the teacher retirement plan of the district, if such age is not less than 65 years. Any certificated employee retired under the provisions of this section and who has not completed the requirements for full retirement salary, shall be deemed to have been retired on account of physical disability.

Retirement

13327. The retirement of any employee of a school district under the provisions of any retirement law shall automatically effect the dismissal of the employee from the employ of the district at the end of the current school year.

Complete school year

13328. A probationary employee who, in any one school year, has served for at least 75 percent of the number of days the regular schools of the district in which he is employed are maintained shall be deemed to have served a complete school year. In case of evening schools, 75 percent of the number of days the evening schools of the district are in session shall be deemed a complete school year.

Defense and war training

13329. Service by a person under a credential authorizing service in the public schools only as an instructor in defense training classes for adults or in classes organized for training war production workers in special day and evening classes for adults or in classes conducted under contract with public or private agencies for training in or for military service or for war production shall not be included in computing the service required as a prerequisite to attainment of, or eligibility to, classification as a permanent employee of a school district.

Computation of service

13330. The following service by a person shall not be included in computing the service required as a prerequisite

to attainment of, or eligibility to, classification as a permanent employee of a school district:

(1) Service under an emergency credential;

(2) Service under a war emergency credential.

Inclusion in service computation

13331. Service by a person under a provisional credential shall not be included in computing the service required as a prerequisite to attainment of, or eligibility to, classification as a permanent employee of a school district.

Summer school employment

13332. Nothing in Sections 13303 to 13312, inclusive, Sections 13314 to 13318, inclusive, Sections 13320 to 13326, inclusive, and Sections 13328 to 13337, inclusive, shall be construed as permitting a certificated employee to acquire permanent classification with respect to employment in a summer school maintained by a school district, and service in connection with any such employment shall not be included in computing the service required as a prerequisite to attainment of, or eligibility to, classification as a permanent employee of the district. The provisions of this section do not constitute a change in, but are declaratory of, the pre-existing law.

Substitute and probationary employment

13333. If an employee of a school district has served as a probationary employee of the district in a position requiring certification qualifications, for one complete school year, and in the year immediately preceding the service as probationary employee has served as a substitute employee, or as a substitute and probationary employee, serving in both capacities during the same school year in the schools of the district, at least 75 percent of the number of days the regular schools of the district were maintained, the governing board of the district may count the year of employment as a substitute or as a substitute and probationary employee as one year of the probationary period which he is required by law to serve as a condition to being classified as a permanent employee of the district.

Probationary employees

13334. Governing boards of school districts shall classify as probationary employees, those persons employed in positions requiring certification qualifications for the school year, who have not been classified as permanent employees or as substitute employees.

Time of classification

13335. The classification shall be made at the time of employment and thereafter in the month of July of each school year.

Substitute employees

13336. Governing boards of school districts shall classify as substitute employees those persons employed in positions requiring certification qualifications, to fill positions of regularly employed persons absent from service.

Temporary employees

13337. Governing boards of school districts shall classify as temporary employees those persons requiring certification qualifications, other than substitute employees, who are employed to serve from day to day during the first three school months of any school term to teach temporary classes not to exist after the first three school months of any school term or

to perform any other duties which do not last longer than the first three school months of any school term, or to teach in special day and evening classes for adults or in schools of migratory population for not more than four school months of any school term. If the classes or duties continue beyond the first three school months of any school term or four school months for special day and evening classes for adults, or schools for migratory population, the certificated employee, unless a permanent employee, shall be classified as a probationary employee. The school year may be divided into not more than two school terms for the purposes of this section.

In any district in which appointments are made from eligible lists established by examinations, the governing board may, to prevent the stoppage of school district business when an actual emergency arises and persons on eligible lists are not immediately available, make an appointment to a position on a temporary basis for a period not to exceed 20 working days. The person so appointed shall be deemed to be a temporary employee who is employed to serve from day to day. Service by a person in such an appointment on a temporary basis shall not be included in computing the service required as a prerequisite to attainment of, or eligibility to, classification as a permanent employee of a school district.

Termination of extra assignment

13338. In the event a permanent employee of a school district has tenure as a full-time employee of the district, any assignment or employment of such employee in addition to his full-time assignment may be terminated by the governing board of the district at any time.

Article 4. Teachers' Institutes

Annual institute

13361. The superintendent of schools of every county in which there are 20 or more school districts, and of every city and county, and of every city school district governed by a city board of education and employing 70 or more teachers, may hold an annual teachers' institute in each year.

Same

13362. In any county in which there are less than 20 school districts, the county superintendent of schools may hold an annual teachers' institute.

Uniting of institutes

13363. The superintendents of schools of counties, or cities and counties, or city school districts may unite for the purpose of holding a joint teachers' institute, and shall direct the teachers of their respective counties, cities and counties, or city school districts to attend the joint teachers' institute in lieu of all or a designated part of the annual teachers' institute of the county, city and county, or city school district. Attendance shall be under the same conditions and compensations as provided for the annual teachers' institute of the county, city and county, or city school district.

Local institutes or in-service meetings

13364. In lieu of an annual teachers' institute, the superintendent of schools of any county, or of any city and county, or of any city school district governed by a city board of edu-

cation, or of any other school district employing 200 or more teachers, may hold during the school year, at places in the county, or city and county, or city school district, chosen by the superintendent for their convenience and accessibility to teachers and patrons of the schools, local day or evening institutes or teachers' inservice meeting which shall provide at each of the chosen places, not less than the number of hours of institute work or teachers' inservice meetings as may be determined by the superintendent.

Combined annual and local institutes

13365. The annual teachers' institute may be combined with local institutes, by holding an annual teachers' institute in the county, or city and county, or city school district, or other school district employing 200 or more teachers, and also holding during the school year local day or evening teachers' institutes or teachers' inservice meetings at convenient places in the county, or city and county, or city school district, the whole to provide not less than the number of hours of institute work as may be determined by the superintendent.

Duties of superintendent

13366. The superintendent of schools of each county, city and county, or city school district shall preside over teachers' institutes held therein, and shall secure the attendance of lecturers competent to instruct in the art of teaching.

Report of absence teachers

13367. Each superintendent of schools holding an institute, whether separately or as part of a joint institute, shall report to the governing board of each school district under his jurisdiction the names of all teachers of the district failing to attend any session of the institute.

Attendance of teachers

13368. Every teacher employed in the schools of the county, city and county, or city school district holding an institute shall attend the institute and participate in its proceedings.

Payment of salaries and traveling expenses

13369. Every teacher shall be paid his regular salary for the time covered by his attendance upon an institute. He shall also receive his actual and necessary traveling expenses incurred in attending the institute, not exceeding twenty-five cents ($0.25) a mile, excluding the first six miles, one way from the place of his employment to the place of the institute or thirty-five dollars ($35), whichever is the lesser amount. Claims for traveling expenses are payable from the same fund as teachers' salaries upon verification and approval by the county superintendent of schools. When the institute is held during the time that teachers are employed in teaching, their pay shall not be diminished by reason of their attendance.

Attendance at other institutes

13370. The superintendent of schools of any district or county holding an annual institute may, in his discretion and for good reason, authorize any teacher of the district or county, in lieu of attending one or more days of the institute held by him, to attend an institute held by the superintendent of schools of another district or county, or to attend an educational meeting held by the State Department of Education, or by a recognized institution or organization in the same or another district or county, for an equivalent period.

The period of the attendance of a teacher upon an institute or meeting under the provisions of this section shall be equivalent to attendance for the same period upon the institute he is otherwise required to attend, but shall not constitute attendance upon an institute for the payment of traveling expenses under Section 13369.

Accounts

13371. The county superintendent, the city and county superintendent, and the district superintendent, and the city superintendent shall each keep an accurate account of the actual expenses incurred by him in holding any teachers' institute or teachers' inservice meetings whether separate or joint.

Payment by county

13372. Each county superintendent of schools shall draw his requisition upon the county auditor, who shall draw his warrants on the county school service fund to pay the expenses of the county institute or teachers' inservice meetings.

Payment by city and county

13373. Each city and county superintendent shall draw his requisition upon the city and county auditor, who shall draw his warrant upon the funds of the school district or districts within the city and county to pay the expenses of the city and county institute.

Payment by city

13374. Each city superintendent of schools shall present a statement of the expenses incurred by him in holding the city district institute to the governing board of the city school district, which shall pay the expenses from the funds of the school district in the same manner as other claims against the funds of the district are paid

Expenses of joint institutes

13375. The expense of a joint teachers' institute shall be borne proportionately by the counties, city and county, and city school districts participating therein The amount paid by any county, city and county, or city school district toward the expenses of a joint institute shall not exceed the amount authorized to be expended by the county, city and county, or city school district for a separate annual teachers' institute

Limitation of expenses of separate institutes

13376. Not more than six hundred dollars ($600) shall be paid for the expenses of any separate annual teachers' institute held by the superintendent of schools of any county, city and county, or city school district having less than 100 teachers regularly employed in the elementary and secondary schools of the county, city and county, or city school district. Where the number of teachers regularly employed in the elementary and secondary schools of any county, city and county, or city school district exceeds 100 teachers at the time of holding any separate annual teachers' institute, the superintendent of schools may expend money, in addition to six hundred dollars ($600), at the rate of two dollars ($2) per teacher for each teacher in excess of 100 teachers regularly employed at the time of holding the separate institute.

Expenses of local institutes

13377. Whenever the superintendent of any county, or city and county, or city school district, elects to hold local teachers' institutes, or the combination of annual teachers' institute with a local institute, he may expend money, in addition to the amount provided in Section 13376 for the expenses of any

separate annual teachers' institute in his county, or city and county, or city school district at the rate of ten dollars ($10) per teacher for each teacher regularly employed at the time of holding the first series of local institutes in any school year.

Limitations

13378. The total expenditures for local institutes shall not at any time in the school year exceed one hundred dollars ($100) multiplied by the number of local institutes held.

Computation of time

13379. Whenever the superintendent holds the combination of annual institute with local institutes each day of the annual institute shall be considered for purposes of expenditure the same as one series of local institutes.

Payment

13380. All expenses of local institutes and of combined annual and local institutes shall be paid in the same manner and from the same funds as are the expenses of separate and of joint institutes.

Article 5. Resignation, Dismissal and Leaves of Absence

Effective date

13401. Governing boards of school districts shall accept the resignation of any employee and shall fix the time when the resignation takes effect, which shall not be later than the close of the school year during which the resignation has been received by the board.

Re-employment of permanent certificated employee

13402. Whenever any certificated employee of any school district who, at the time of his resignation, was classified as permanent, is re-employed within 39 months after his last day of paid service, the governing board of the district shall classify him as, and restore to him all of the rights, benefits and burdens of, a permanent employee, except as otherwise provided in this code; provided, that time spent in active military service, as defined in Section 13552, subsequent to the last day of paid service shall not count as part of the aforesaid 39-month period; and provided further, that any such employee who has engaged in active military service subsequent to his last paid service and who resigned more than 39 months prior to October 1, 1949, shall be deemed to have complied with all requirements of this section if he is or has been re-employed before July 1, 1950.

Grounds for dismissal

13403. No permanent employee shall be dismissed except for one or more of the following causes:

(a) Immoral or unprofessional conduct.

(b) Commission, aiding, or advocating the commission of acts of criminal syndicalism, as prohibited by Chapter 188, Statutes of 1919, or in any amendment thereof.

(c) Dishonesty.

(d) Incompetency.

(e) Evident unfitness for service.

(f) Physical or mental condition unfitting him to instruct or associate with children.

(g) Persistent violation of or refusal to obey the school laws of the State or reasonable regulations prescribed for the government of the public schools by the State Board of Education or by the governing board of the school district employing him.

(h) Conviction of a felony or of any crime involving moral turpitude.

(i) Violation of Section 8455 of this code or conduct specified in Section 1028 of the Government Code, added by Chapter 1418 of the Statutes of 1947.

(j) Violation of any provision in Section 12952 to 12958, inclusive, of this code.

(k) Knowing membership by the employee in the Communist Party.

Charges

13404. Upon the filing of written charges, duly signed and verified by the person filing them, with the governing board of the school district, or upon a written statement of charges formulated by the governing board, charging that there exists cause for the dismissal of a permanent employee of the district, the governing board may, upon majority vote, except as provided in Sections 13313, 13327 and 13338, and Sections 13403 to 13441, inclusive, if it deems the action necessary, give notice to the permanent employee of its intention to dismiss him at the expiration of 30 days from the date of service of the notice, unless the employee demands a hearing as provided in Sections 13313, 13327 and 13338, and Sections 13403 to 13441, inclusive.

Notice

13405. The notice shall not be given between May 15th and September 15th in any year. It shall be in writing and be served upon the employee personally or by United States registered mail addressed to him at his last known address. A copy of the charges filed together with a copy of Sections 13313, 13327 and 13338, and Sections 13403 to 13441, inclusive, shall be attached to the notice.

Waiver of hearing

13406. If the employee does not demand a hearing, he may be dismissed at the expiration of the 30-day period.

Incompetency

13407. The governing board of any school district shall not act upon any charges of incompetency unless during the preceding term or half school year prior to the date of the filing of the charge, and at least 90 days prior to the date of the filing, the board or its authorized representative has given the employee against whom the charge is filed, written notice of the incompetency, specifying the nature thereof with such particularity as to furnish the employee an opportunity to correct his faults and overcome his incompetency. "Incompetency" as used in this section means, and refers only to, the incompetency particularly specified as a cause for dismissal in Section 13403 and does not include any other cause for dismissal specified in that section.

Suspension

13408. Upon the filing of written charges, duly signed and verified by the person filing them with the governing board of a school district, or upon a written statement of charges formulated by the governing board, charging a permanent employee of the district with immoral conduct, conviction of a felony or of any crime involving moral turpitude, with incompetency due to mental disability, with violation of Section 8455 of this code, with knowing membership by the employee

in the Communist Party or with violation of any provision in Sections 12952 to 12958, inclusive, of this code, the governing board may, if it deems such action necessary, immediately suspend the employee from his duties and give notice to him of his suspension, and that 30 days after service of the notice, he will be dismissed, unless he demands a hearing.

If the permanent employee is suspended upon charges of knowing membership by the employee in the Communist Party or for any violation of Section 8455, 12952, 12953, 12954, 12957 or 12958 of this code, he may within 10 days after service upon him of notice of such suspension file with the governing board a verified denial, in writing, of the charges. In such event the permanent employee who demands a hearing within the 30-day period shall continue to be paid his regular salary during the period of suspension and until the entry of the superior court judgment, if and during such time as he furnishes to the school district a suitable bond, or other security acceptable to the governing board, as a guarantee that the employee will repay to the school district the amount of salary so paid to him during the period of suspension in case the superior court judgment is that he may be dismissed. If the judgment determines that the employee may not be dismissed, the school district shall reimburse the employee for the cost of the bond.

Compulsory leave of absence: Sex offenses

13409. Whenever any certificated employee of a school district is charged with the commission of any sex offense as defined in Section 12912 by complaint, information or indictment filed in a court of competent jurisdiction, the governing board of the school district shall immediately place the employee upon compulsory leave of absence for a period of time extending for not more than 10 days after the date of the entry of the judgment in the proceedings. The governing board of the school district may extend the compulsory leave of absence of the employee beyond such period by giving notice to the employee within 10 days after the entry of judgment in the proceedings that the employee will be dismissed at the expiration of 30 days from the date of service of the notice, unless the employee demands a hearing as provided in Sections 13313, 13327 and 13338, and Sections 13403 to 13441, inclusive.

Any employee placed upon compulsory leave of absence pursuant to this section shall continue to be paid his regular salary during the period of his compulsory leave of absence if and during such time as he furnishes to the school district a suitable bond, or other security acceptable to the governing board, as a guarantee that the employee will repay to the school district the amount of salary so paid to him during the period of the compulsory leave of absence in case the employee is convicted of such charges, or fails or refuses to return to service following an acquittal of the offense or dismissal of the charges. If the employee is acquitted of the offense, or the charges against him are dismissed, the school district shall

reimburse the employee for the cost of the bond upon his return to service in the school district.

If the employee does not elect to furnish bond, or other security acceptable to the governing board of the district, and if the employee is acquitted of the offense, or the charges against him are dismissed, the school district shall pay to the employee his full compensation for the period of the compulsory leave of absence upon his return to service in the school district.

Notice

13410. The notice of suspension and intention to dismiss, shall be in writing and be served upon the employee personally or by United States registered mail addressed to the employee at his last known address. A copy of the charges filed, together with a copy of Sections 13313, 13327 and 13338, and Sections 13403 to 13441, inclusive, shall be attached to the notice. If the employee does not demand a hearing within the 30-day period, he may be dismissed upon the expiration of 30 days after service of the notice.

Mental disability

13411. No employee shall be suspended on a charge of incompetency due to mental disability until the governing board has appointed an independent recognized psychiatrist to examine him, nor unless the psychiatrist reports in writing to the governing board that the employee is, in his opinion, suffering from mental disability of such character as to render him incompetent to perform his duties. The employee against whom the charge is filed shall submit to the examination, but shall be entitled to be represented thereat by a psychiatrist or physician of his own choice, and the report of the psychiatrist or physician selected by him shall be filed with the governing board at the request of the employee. The employee shall, upon request, and before action by the board, be furnished with a complete copy of all reports made by the psychiatrist appointed by the governing board.

Demand for hearing

13412. When any employee who has been served with notice of the governing board's intention to dismiss him demands a hearing, the governing board shall have the option either (a) to rescind its action, or (b) to file a complaint in the superior court of the county in which the school district or the major part thereof is located, setting forth the charges against the employee and asking that the court inquire into the charges and determine whether or not the charges are true, and if true, whether or not they constitute sufficient grounds for the dismissal of the employee, under the provisions of this code, and for judgment pursuant to its findings.

Complaint

13413. If the board elects to file a complaint, the complaint shall be filed within 30 days from the date of the employee's demand for hearing. If the complaint is not filed within such period the board's action shall be deemed to be rescinded and all charges dismissed.

Appearance of defendant

13414. The employee within 10 days after service upon him of the summons and a copy of the complaint may demur to the complaint or may file an answer, to which the governing

board may demur. If the employeee fails to answer or demur within the 10-day period, or any extension thereof, made by stipulation or order of court, his default shall be entered and judgment shall be entered by the court declaring the right of the governing board to dismiss the employee.

Procedure

13415. Both the complaint and the answer shall be verified. Demurrers to the complaint or answer may be upon any of the grounds specified in the Code of Civil Procedure for demurrer to a complaint or answer, and procedure on the demurrer shall be the same as in any civil proceeding.

Setting for trial

13416. When the employee has filed his answer to the complaint, either party may, upon five days' notice to the other, move the court to set the matter for trial. The proceeding shall be set for trial at the earliest possible date and shall take precedence over all other cases, except older matters of the same character and matters to which special precedence is given by law.

Expert witnesses

13417. Upon any such trial, the court or any party may call and examine expert witnesses to testify as to any matter of professional or personnel standards, skill, fitness, competency, performance, or other such professional matters as may be involved in the subject matter at issue. Any such expert witness so called shall be examined as to his competency and qualifications as an expert and as to his bias, by the party or the court calling him. He shall be subject to objection as to such competency and qualifications or bias. If any such witness is called and examined by the court, the rights of the parties shall be those provided by Section 1871 of the Code of Civil Procedure.

If the court determines that any such witness is competent and qualified to testify as an expert as to any issue or matter involved in the trial, the court may also receive and consider as evidence any report thereon, or any relevant portions thereof, submitted by such expert witness individually or as a member of a commission on personnel standards, or a panel thereof, maintained by a statewide professional educational association or by a statewide organization of governing boards of school districts, but only if during such trial all members of such commission or panel are subject to the process of the court. The members of the commission, or of the panel which prepared the report may be called by the court or by any party to the proceeding to testify as expert witnesses as to the matters reported upon.

Before any such report or portion thereof may be introduced as evidence, a copy shall have been served upon the defendant at least 10 days before trial. Any report so received, and all testimony, statements and other proceedings before the commission, or the panel thereof, shall be deemed to be in connection with judicial proceedings within the meaning of Section 47 of the Civil Code.

The court may fix, and apportion and charge, the compensation and necessary expenses of any such expert or experts

in the manner provided by Section 1871 of the Code of Civil Procedure.

Referees

13418. Upon motion of either party, the court in its discretion, or on its own motion, may appoint three disinterested persons over 21 years of age as referees, to ascertain the facts and report their findings to the court.

Qualifications

13419. The persons appointed as referees shall be persons of suitable experience and educational qualifications, and in sympathy with the merit system for employing teachers.

Compensation

13420. The compensation of the referees shall be fixed by the court but shall not exceed ten dollars ($10) for each day served.

Oath, etc

13421. Each of the referees within five days after his appointment shall take and file with the court an oath to discharge his duties faithfully and impartially. If any referee fails to qualify, or resigns, or is removed by order of court, or is, or becomes unable to act, the vacancy shall be filled by the court.

Date and place of hearing

13422. The referees shall at once organize by electing one of their number chairman. They shall fix a date and place for a hearing which shall be not less than 10 days and not more than 20 days after the date of their appointment. Either the board or the employee shall have the right to one continuance for a period of not more than 10 days.

Notice

13423. Written notice of the time and place of the trial or hearing shall be served upon the employee or his attorney at least five days before the date of the hearing.

Public hearing

13424. The hearing shall be open to the public except upon stipulation of the parties.

Hearing

13425. Upon the date set for the trial or hearing, both the board and the employee shall have the right to be represented by counsel, and to introduce such testimony and other evidence as may be relevant to the issue. The referees may examine witnesses under oath, to be administered by any of them, or on affirmation. The referees and either party may have subpenas issued by the clerk of the court requiring the attendance of witnesses or the production of evidence before them.

Rules of evidence

13426. Technical rules of evidence shall not apply to hearings before the referees.

Report

13427. The referees shall make and file with the court a written report of their findings, and of their necessary expenses, within 30 days after their appointment, but the time may be extended by the court, for good cause shown for an additional period not exceeding 60 days. If any vacancy in the referees is created and filled, or if new referees are appointed, or a new report from the same referees ordered, the time for the filing of the report shall run from the date of filling the vacancy or appointing of new referees or ordering a new report from the same referees. Any majority of the referees, who have been present during the entire hearing or trial and who agree thereto may make the report.

13428. A complete transcript of all the testimony and evidence, taken by a competent reporter, who shall be paid by the governing board, shall be attached to the report. A copy of the report and transcript shall be delivered to each of the parties. Transcript

13429. Upon the filing of the report the court, upon motion of either party, shall set a day for hearing the report, not over 15 days thereafter. Notice of the time and place of the hearing shall be served upon the other party at least five days before the time set. Notice of hearing report

13430. Either party may file exceptions, in writing, to the report, specifying the grounds upon which the exceptions are based, at any time within not less than two days prior to the hearings. Any party filing exceptions may appear at the hearing of the report and contest the report. Exceptions

13431. After hearing the report and any exceptions thereto, the court may either confirm the report, or may set aside the report and order a new report from the same referees or from other referees appointed by it. If a new report is ordered, the same procedure shall be had as upon the first reference. New reports

13432. The court in its discretion may take additional evidence of or concerning any fact with respect to which the report of the referees is not sufficient to justify a judgment. Additional evidence

13433. No witness shall be permitted to testify at the trial or hearing before the referees, except upon oath or affirmation. No testimony shall be given or evidence introduced relating to matters which occurred more than three years prior to the date of the filing of the complaint. This shall not be construed to prevent the introduction in evidence of records regularly kept by the governing board concerning the employee, but no judgment permitting the dismissal or suspension of any employee shall be made or entered based on charges or evidence of any nature relating to matters occurring more than three years prior to the filing of the complaint. Evidence

13434. All records regularly kept by the governing board concerning employees which relate to the employee charged shall be admissible in evidence, but no dismissal of the employee, or judgment that the governing board may dismiss him may be made on the records alone. Records of governing board

13435. After the trial or after hearing the report of the referees, the court shall make and enter its judgment. The judgment may be at variance with any report of any referees appointed by the court, and shall determine whether or not the governing board may dismiss the employee. Judgment

13436. If the judgment determines that the employee may be dismissed, the governing board may dismiss him upon entry of the judgment. Otherwise the employee may not be dismissed as the result of the charges or of any charges which could have been made or heard at the hearing. Dismissal

13437. If the cause is incompetency due to physical or mental disability, in lieu of dismissal the judgment may require the Incompetency

employee to take a leave of absence for only such period as may be necessary for rehabilitation from the incompetency. The leave of absence shall not exceed two years. During the leave of absence, the employee shall be entitled to the benefits authorized by this code to employees of school districts absent from their duties on account of sickness.

Costs

13438. If the judgment determines that the employee may be dismissed, it shall provide that each party shall pay its own costs. If the judgment determines that the employee may not be dismissed, it shall provide that the district shall pay the costs and necessary disbursements of the employee. A memorandum of costs and disbursements may be filed and taxed by the court within the time and in the manner specified by Section 1033 of the Code of Civil Procedure relating to costs in actions in the superior and municipal courts.

Reinstatement

13439. If the employee has been suspended pending the hearing, he shall be reinstated within five days after the entry of judgment in his favor, and shall be paid full salary by the governing board for the period of his suspension.

Appeal

13440. Either the employee or the governing board may appeal from the judgment to the District Court of Appeal or Supreme Court

Immoral conduct or conviction of crime

13441. If an employee is dismissed for immoral conduct or conviction of a felony or crime involving moral turpitude, the governing board shall transmit to the State Board of Education and to the county board of education which issued the certificate under which the employee was serving at the time of his dismissal, a copy of the reporter's transcript of the hearing accompanied by a request that any certificate issued by the county board of education to the employee be revoked if the employee is not reinstated upon appeal.

Dismissal during school year

13442. Governing boards of school districts shall dismiss probationary employees during the school year for cause only, as in the case of permanent employees.

Notice of dismissal

13443. On or before the fifteenth day of May in any year the governing board may give notice in writing to a probationary employee that his services will not be required for the ensuing year.

The notice shall be deemed sufficient and complete when delivered in person to the employee by the clerk or secretary of the governing board of the school district or deposited in the United States registered mail with postage prepaid, addressed to the employee at his last known place of address.

Dismissal for cause

13444. Anything in Section 13443 to the contrary notwithstanding, governing boards of school districts having an average daily attendance of 85,000 or more pupils shall dismiss probationary employees for cause only. The determination of the board as to the sufficiency of the cause for dismissal shall be conclusive, but the cause shall relate solely to the welfare of the schools and the pupils thereof.

In case a hearing is requested by the employee the proceeding shall be conducted in accordance with Chapter 5 of Part

1 of Division 3 of Title 2 of the Government Code and the governing board shall have all the power granted to an agency in said Chapter 5, except that the respondent shall file his notice of defense, if any, within five days after service upon him of accusation and he shall be notified of such five-day period for filing in the accusation. All expenses of the hearing, including the cost of the hearing officer, shall be paid by the governing board from the district funds.

The board may adopt from time to time such rules and procedures not inconsistent with provisions of this section, as may be necessary to effectuate this section.

Time of dismissal

13445. Governing boards of school districts may dismiss substitute employees at any time at the pleasure of the board.

Same

13446. Governing boards of school districts may dismiss temporary employees requiring certification qualifications at the pleasure of the board. A temporary employee who is not dismissed during the first three school months, or in the case of migratory schools during the first four school months of the school term for which he was employed and who has not been classified as a permanent employee shall be deemed to have been classified as a probationary employee from the time his services as a temporary employee commenced.

Decrease in number of permanent employees

13447. No permanent employee shall be deprived of his position for causes other than those specified in Sections 13313, 13327 and 13338, and Sections 13403 to 13441, inclusive, except in accordance with the provisions of Section 13319 and Sections 13447 to 13452, inclusive.

Whenever in any school year the average daily attendance in all of the schools of a district for the first six months in which school is in session shall have declined below the corresponding period of either of the previous two school years, or whenever a particular kind of service is to be reduced or discontinued not later than the beginning of the following school year, and when in the opinion of the governing board of said district it shall have become necessary by reason of either of such conditions to decrease the number of permanent employees in said district, the said governing board may terminate the services of not more than a corresponding percentage of the certificated employees of said district, permanent as well as probationary, at the close of the school year; provided, that the services of no permanent employee may be terminated under the provisions of this section while any probationary employee, or any other employee with less seniority, is retained to render a service which said permanent employee is certificated and competent to render.

Notice of such termination of services for reduction in attendance shall be given before the fifteenth of May in the manner prescribed in Section 13443 of this code, and services of said employees shall be terminated in the inverse of the order in which they were employed, as determined by the board in accordance with the provisions of Sections 13262 and 13263 of this code.

The board shall make assignments and reassignments in such a manner that employees shall be retained to render any service which their seniority and qualifications entitle them to render.

Rights of employees

13448. Any permanent employee whose services have been terminated as provided in Section 13447 shall have the following rights:

1. For the period of 39 months from the date of such termination, any employee who in the meantime has not attained the age of 65 years shall have the preferred right to reappointment, in the order of original employment as determined by the board in accordance with the provisions of Sections 13252 to 13273, inclusive, if the number of employees is increased or the discontinued service is re-established, with no requirements that were not imposed upon other employees who continued in service; provided, that no probationary or other employee with less seniority shall be employed to render a service which said employee is certificated and competent to render.

2. The aforesaid right to reappointment may be waived by the employee, without prejudice, for not more than one school year, unless the board extends this right, but such waiver shall not deprive the employee of his right to subsequent offers of reappointment.

3. As to any such employee who is reappointed, the period of his absence shall be treated as a leave of absence and shall not be considered as a break in the continuity of his service, he shall retain the classification and order of employment he had when his services were terminated, and credit for prior service under any state or district retirement system shall not be affected by such termination, but the period of his absence shall not count as a part of the service required for retirement.

4. During the period of his preferred right to reappointment, any such employee shall, in the order of original employment, be offered prior opportunity for substitute service during the absence of any other employee who has been granted a leave of absence or who is temporarily absent from duty; provided, that his services may be terminated upon the return to duty of said other employee, that the compensation he receives shall be not less than the amount he would receive if he were being reappointed, and that said substitute service shall not affect the retention of his previous classification and rights.

4a. During the period of the employee's preferred right to reappointment, the governing board of the district, if it is also the governing board of one or more other districts, may assign him to service, which he is certificated and competent to render, in said other district or districts; provided, that the compensation he receives therefor may in the discretion of the governing board be the same as he would have received had he been serving in the district from which his services were terminated, that his service in the said other district or districts shall be counted toward the period required for both state and local retirement, as defined by Section 13822 of this code, as though rendered in

the district from which his services were terminated, and that no permanent employee in said other district or districts shall be displaced by him.

It is the intent of this subsection that the employees of a school district, the governing board of which is also the governing board of one or more other school districts, shall not be at a disadvantage as compared with employees of a unified school district.

5. At any time prior to the completion of one year after his return to service, he may continue or make up, with interest, his own contributions to any state or district retirement system, for the period of his absence, but it shall not be obligatory on State or district to match such contributions.

6. Should he become disabled or reach retirement age at any time before his return to service, he shall receive, in any state or district retirement system of which he was a member, all benefits to which he would have been entitled had such event occurred at the time of his termination of service, plus any benefits he may have qualified for thereafter, as though still employed.

Rights of probationary employees

13449. If the services of any probationary employee are terminated, or if such employee is dismissed, because of a reduction in the attendance of pupils or the discontinuance of a particular kind of service, and such employee is re-employed within a period of 39 months from the last day of the school year within which his service was so terminated, or within 39 months after the cessation of hostilities, if such reduction in attendance or discontinuance of service was due to war conditions, the period of his absence shall not count as a part of the service required as a condition precedent to the classification of such employee as a permanent employee of the district, but such absence shall not be construed as a break in the continuity of the service of such employee.

Every such probationary employee who has been re-employed as indicated in this section shall have all of the rights enumerated in Section 13319 and Sections 13447 to 13452, inclusive, for permanent employees, except the right of reappointment, subject only to the prior rights of permanent employees.

The provisions of this section shall apply to any probationary employee who shall be or who shall have been dismissed or terminated after January 1, 1949, because of reduction in attendance or discontinuance of a particular kind of service

Rights of permanent certificated employees

13450. As to any permanent certificated employee whose services have been terminated because of the effect of wars in which the United States is engaged upon the attendance of pupils or upon the maintenance of a particular kind of service, the effective period covered by all rights enumerated in Section 13448 is extended until two years after the cessation of hostilities, and in addition thereto for a like period the said employees shall have the following rights:

1. He may voluntarily accept termination of service in other than the order of original employment and retain all of the other rights herein provided.

2. If he is engaged in any form of civilian or military war service, any credential or certificate he holds is continued in full force and effect until 90 days after the termination of his employment therein.

3. If, either before or after such termination, he engages in any form of war service for which provision is made in Section 13552 of this code or elsewhere in the laws of this State, he shall retain all rights granted by such war service legislation as though still employed; provided, that the right to reappointment shall be in the order of original employment, as determined in accordance with the provisions of Sections 13262 and 13263 of this code.

The services of all permanent certificated employees dismissed since December 7, 1941, because of the effect of the wars upon attendance of pupils or the maintenance of service shall be deemed to have been terminated in accordance with the provisions of Section 13447, as amended, and said employees shall have all of the rights in this section provided.

Termination of substitute service

13451. The services of any permanent certificated employee referred to in Section 13450 who has been appointed to substitute service in place of another employee who is on leave of absence for civilian or military war service may be terminated upon the return of said other employee from such leave of absence, but only at the end of the current semester or quarter and not less than 30 days after written notice that his services will no longer be required.

"War"

13452. In specifying or defining the rights of employees in Section 13319 and Sections 13447 to 13452, inclusive, the effect of war refers to "war" as defined in Section 49.

Powers of governing board

13453. Governing boards of school districts may grant leaves of absence to persons employed in positions requiring certification qualifications.

Same

13454. When any provision of this code expressly authorizes or requires the governing board of a school district to grant a leave of absence for any purpose or for any period of time to persons employed in positions requiring certification qualifications, that express authorization or requirement does not deprive the governing board of the power to grant leaves of absence with or without pay to such employees for other purposes or for other periods of time, so long as the governing board does not deprive any employee of any leave of absence to which he is entitled by law.

Accident or illness

13455. The governing board of any school district may provide for the leave of absence from duty and may grant compensation during the leave of absence to any employee of the district who is employed in a position requiring certification qualifications and who is compelled to absent himself from his duties because of accident or illness, whether or not the cause of absence arises out of and in the course of the

employment of the employee, or because of quarantine which results from his contact with other persons having a contagious disease while performing his duties, or because of temporary inability to perform the services required of him because of illness, accident, or quarantine.

Pregnancy

13456. The governing board of any school district may provide for such leave of absence from duty as it deems appropriate for any female employee of the district who is employed in a position requiring certification qualifications and who is required to absent herself from her duties because of pregnancy or convalescence following childbirth, and may adopt rules and regulations prescribing the manner of proof of pregnancy, the point during the course of the pregnancy at which leave of absence shall be taken, and the length of time for which the leave of absence shall continue after birth of the child. Anything in Sections 13467 and 13469 to the contrary notwithstanding, the board may also provide in the rules and regulations the amount to be deducted from the salary due the employee for the period in which the absence occurs.

Nothing in this section shall be construed so as to deprive any employee of sick leave rights under other sections of this code for absences due to illness or injury resulting from pregnancy.

The leave provided for in this section is in addition to any other leave provided for by law.

Purpose of study

13457. The governing board of any school district may grant any employee of the district employed in a position requiring certification qualifications, a leave of absence for not to exceed one year for the purpose of permitting study or travel by the employee which will benefit the schools and pupils of the district.

Sabbatical leaves

13458. No leave of absence shall be granted to any employe under Section 13457 who has not rendered service to the district for at least seven consecutive years preceding the granting of the leave, and not more than one such leave of absence shall be granted in each seven-year period. The governing board granting the leave of absence may, subject to the rules and regulations of the State Board of Education, prescribe the standards of service which shall entitle the employee to the leave of absence. No absence from the service of the district under a leave of absence, other than a leave of absence granted pursuant to Section 13457, granted by the governing board of the district shall be deemed a break in the continuity of service required by this section, and the period of such absence shall not be included as service in computing the seven consecutive years of service required by this section. Service under a national recognized fellowship or foundation approved by the State Board of Education, for a period of not more than one year, for research, teaching or lecturing shall not be deemed a break in continuity of service, and the period of such absence shall be included in computing the seven consecutive years of service required by this section.

Compensation

13459. Every employee granted a leave of absence pursuant to Section 13457 may be required to perform such services during the leave as the governing board of the district, with the approval of the county superintendent of schools, and the employee may agree upon in writing, and the employee shall receive such compensation during the period of the leave as the governing board, with the approval of said county superintendent, and the employee may agree upon in writing, which compensation shall be not less than the difference between the salary of the employee on leave and the salary of a substitute employee in the position which the employee held prior to the granting of the leave. However, in lieu of such difference, the board may pay one-half of the salary of the employee on leave or any additional amount up to and including the full salary of the employee on leave.

Payment

13460. Compensation granted by the governing board to the employee on leave may be paid in two equal annual installments during the first two years of service rendered in the employ of the governing board following the return of the employee from the leave of absence. The compensation shall be paid the employee while on the leave of absence in the same manner as if the employee were teaching in the district, upon the furnishing by the employee of a suitable bond indemnifying the governing board of the district against loss in the event that the employee fails to render at least two years' service in the employ of the governing board following the return of the employee from the leave of absence. The bond shall be exonerated in event the failure of the employee to return and render two years' service is caused by the death or physical or mental disability of the employee. If the governing board finds and by resolution declares that the interests of the district will be protected by the written agreement of the employee to return to the service of the district and render at least two years' service therein following his return from the leave, the governing board in its discretion may waive the furnishing of the bond and pay the employee on leave in the same manner as though a bond is furnished.

Service in one or more districts

13461. Where one governing board serves as the governing board of two or more separate districts, an employee may fulfill the service requirements provided in Section 13458 or in 13460, or both, by service in any one or more of the districts under the jurisdiction of such governing board. At the option of the governing board the provisions of this section may apply in whole or in part to service rendered prior to October 1, 1949.

Reinstatement

13462. At the expiration of the leave of absence of the employee, he shall, unless he otherwise agrees, be reinstated in the position held by him at the time of the granting of the leave of absence.

Liability for death or injury

13463. Both the governing board of any district and the district shall be freed from any liability for the payment of any compensation or damages provided by law for the death

or injury of any employee of the district employed in a position requiring certification qualifications when the death or injury occurs while the employee is on any leave of absence granted under the provisions of Sections 13453 to 13466, inclusive.

Effect of leave

13464. No leave of absence when granted to a probationary employee shall be construed as a break in the continuity of service required for the classification of the employee as permanent. The time during which the leave of absence is taken shall not be considered as employment within the meaning of Sections 13303 to 13312, inclusive, Sections 13314 to 13318, inclusive, Sections 13320 to 13326, inclusive, and Sections 13328 to 13337, inclusive.

High school district employee employed by junior college district

13465. Whenever any permanent or probationary employee of a high school district is employed by a junior college district pursuant to Section 13318 or 13321 such employee shall be entitled to retain all sickness and injury, sabbatical and other leave rights accumulated by service prior to such employment and the district shall recognize and grant such rights, including any accumulated rights allowed by the governing board of the high school district, as fully as if there was no change in the district maintaining the junior college.

Transfer of school, etc.: Effect

13466. When any school or other place of employment shall have been transferred from one district to another, any certificated employees who transfer with said school or other place of employment shall be entitled to retain all sickness and injury, sabbatical and other leave rights accumulated by service prior to such transfer and the district to which such school or other place of employment has been transferred shall recognize or grant such rights, including any accumulated rights allowed by the governing board of the district from which the school or other place of employment was transferred, as fully as if there had been no change in the district maintaining such school or other place of employment.

Payment during illness

13467. When a person employed in a position requiring certification qualifications is absent from his duties on account of illness or accident for a period of five school months or less, whether or not the absence arises out of or in the course of the employment of the employee, the amount deducted from the salary due him for any month in which the absence occurs shall not exceed the sum which is actually paid a substitute employee employed to fill his position during his absence.

Excepting in a district the governing board of which has adopted a salary schedule for substitute employees of the district, the amount paid the substitute employee during any month shall be less than the salary due the employee absent from his duties.

When a person employed in a position requiring certification qualifications is absent from his duties on account of illness for a period of more than five school months, or when a person is absent from his duties for a cause other than illness, the amount deducted from the salary due him for the month

in which the absence occurs shall be determined according to the rules and regulations established by the governing board of the district. Such rules and regulations shall not conflict with rules and regulations of the State Board of Education.

Nothing in this section shall be construed so as to deprive any district, city, or city and county of the right to make any reasonable rule for the regulation of accident or sick leave or cumulative accident or sick leave without loss of salary for persons requiring certification qualifications.

This section shall be applicable whether or not the absence from duty is by reason of a leave of absence granted by the governing board of the employing district.

Certificated employees. Sick leave

13468. Every person employed five days a week by a school district in a position requiring certification qualifications shall be entitled to 10 days' leave of absence for illness or injury and such additional days in addition thereto as the governing board may allow for illness or injury, exclusive of all days he is not required to render service to the district, with full pay for a school year of service. A certificated employee employed for less than five school days a week shall be entitled, for a school year of service, to that proportion of 10 days' leave of absence for illness or injury as the number of days he is employed per week bears to five and is entitled to such additional days in addition thereto as the governing board may allow for illness or injury to certificated employees employed for less than five school days a week; pay for any day of such absence shall be the same as the pay which would have been received had the employee served during the day. Credit for leave of absence need not be accrued prior to taking such leave by the employee and such leave of absence may be taken at any time during the school year. If such employee does not take the full amount of leave allowed in any school year under this section the amount not taken shall be accumulated from year to year with such additional days as the governing board may allow.

The governing board of each school district shall adopt rules and regulations requiring and prescribing the manner of proof of illness or injury for the purposes of this section Such rules and regulations shall not discriminate against evidence of treatment and the need therefor by the practice of the religion of any well-recognized church or denomination.

Nothing in this section shall be deemed to modify or repeal any provision of law contained in Article 3 of Chapter 6 of Division 3 of the Health and Safety Code.

The provisions of Section 13467 relating to compensation, shall not apply to the first 10 days of absence on account of illness or accident of any such employee employed five days a week or to the proportion of 10 days of absence to which such employee employed less than five days a week is entitled hereunder on account of illness or accident or to such additional days granted by the governing board.

13469. Section 13467 shall not apply to any school district which adopts and maintains in effect a rule which provides that when a person employed in a position requiring certification qualifications is absent from his duties on account of illness or accident for a period of five school months or less whether or not the absence arises out of or in the course of the employment of the employee, he shall receive 50 percent or more of his regular salary during the period of such absence and nothing in Section 13467 shall be construed as preventing the governing board of any district from adopting any such rule. Exception to sick leave rules when district adopts rule

Notwithstanding the foregoing, when a person employed in a position requiring certification qualifications is absent from his duties on account of illness for a period of more than five school months, or when a person is absent from his duties for a cause other than illness, the amount deducted from the salary due him for the month in which the absence occurs shall be determined according to the rules and regulations established by the governing board of the district. Such rules and regulations shall not conflict with rules and regulations of the State Board of Education.

Nothing in this section shall be construed so as to deprive any district, city, or city and county of the right to make any reasonable rule for the regulation of accident or sick leave or cumulative accident or sick leave without loss of salary for persons requiring certification qualifications.

This section shall be applicable whether or not the absence from duty is by reason of a leave of absence granted by the governing board of the employing district.

13470. Every person employed by a school district in a position requiring certification qualifications is entitled to three days' leave of absence for the death of any member of his immediate family, and to such additional days therefor as the governing board of the district may allow. No deduction shall be made from the salary of such employee on account of such leave of absence. The governing board may enlarge the benefits of this section. Bereavement leave

"Member of his immediate family" as used in this section means the mother, father, husband, wife, son, daughter, brother, or sister of the employee, or any relative living in the immediate household of the employee.

Article 6. Salaries

13501. Females employed as teachers in the public schools of the State shall, in all cases, receive the same compensation as is allowed male teachers for like services, when holding the same grade certificates Female teachers

13502. The governing board of any school district shall fix and order paid the compensation of persons in public school service requiring certification qualifications employed by the board unless otherwise prescribed by law. School districts

Full-time employees

13503. Every person employed by the district in a position requiring certification qualifications in a day school of the district for not less than the minimum school day for each day the schools of the district are maintained during the school year is a full-time employee and his compensation shall be fixed accordingly. With respect to a unified school district, for the purposes of this section all day kindergarten and elementary schools of the unified school district shall be deemed to be maintained by one district, all day high schools of the unified school district shall be deemed to be maintained by a second and separate district, and all day junior colleges of the unified school district shall be deemed to be maintained by a third and separate district.

City boards of education

13504. City boards of education shall have full power to fix the salary of all employees.

Supervising principals

13505. Any supervising principal shall receive such compensation from each board of trustees jointly employing him as may be agreed upon by the boards joining in his employment.

Teachers

13506. In cities, teachers of beginners shall be ranked in the salary schedule with the highest salaried teachers in the elementary grades of equal training and experience.

Uniform allowance may be made in any schedule of salaries for years of training and for years of service.

In no case shall the governing board of a school district draw orders for the salary of any teacher in violation of this section, nor shall any superintendent draw any requisition for the salary of any teacher in violation thereof.

This section shall not apply to teachers of special day and evening classes in elementary schools, special classes for elementary pupils, and special day and evening high school classes.

Teachers in parental schools

13507. Teachers in a parental school shall be paid in the same manner as in other elementary schools of the city, city and county, or the school district in which the parental school is situated.

Substitutes

13508. The governing board of any school district may employ such substitute employeees of the district as it deems necessary from month to month and may adopt a salary schedule for substitute employees.

This section shall not be construed as modifying or repealing any law fixing a minimum annual salary for employees of districts.

Home teachers

13509. The salaries of home teachers shall be paid from the city or district special school funds.

Salary increases

13510. The governing board of a school district may during any school year increase the annual salaries of persons employed by the district in positions requiring certification qualifications at any time; provided, the board has retained the right to increase the salaries of such employees during the school year by appropriate rules and regulations adopted by the board prior to the commencement of the school year or by

appropriate provisions in the contracts of employment entered into with such employees.

Payment of salaries to certificated employees

13511. No order for a warrant shall be drawn in favor of any person employed in a position requiring certification qualifications, unless such person is at the time the holder of a proper certification document in full force for the full time for which the requisition is drawn, and on file or registered as required by law at the time and unless he is employed by the governing board of the school district or by the county superintendent of schools as provided in this code.

Same: On failure of district to pay

13512. If any school district fails to pay the salary of any person employed by it in a position requiring certification qualifications who has on file a contract of employment held valid by the legal adviser of the county superintendent of schools having jurisdiction over the district, such county superintendent of schools may transfer sufficient money from the funds of the district to the county school service fund and pay such salary from such fund.

Payment of salary withheld

13513. Notwithstanding any other provisions of law, if, prior to May 8, 1953, payment of the salary of any person employed in a position requiring certification qualification has been withheld because the certification document of such person was not in force for the period such salary was earned and the credentials of such person have been renewed within 60 days after the end of such period, the district may pay the person the amount of salary withheld.

Same

13514. Notwithstanding any other provisions of law, if, prior to July 7, 1955, payment of the salary of any person employed in a position requiring certification qualification has been withheld because the certification document of such person was not in force for the period such salary was earned and the credentials of such person have been renewed within 90 days after the end of such period, the district may pay the person the amount of salary withheld.

Same

13515. Notwithstanding any other provisions of law, if, prior to June 7, 1957, payment of the salary of any person employed in a position requiring certification qualification has been withheld because the certification document of such person was not in force for the period such salary was earned and the credentials of such person have been renewed within 90 days after the end of such period, the district may pay the person the amount of salary withheld.

Same

13516. Notwithstanding any other provisions of law, if, prior to April 14, 1958, payment of the salary of any person employed in a position requiring certification qualification has been withheld because the certification document of such person was not in force for the period such salary was earned and the credentials of such person have been renewed within 90 days after the end of such period, the district may pay the person the amount of salary withheld.

Number of payments

13517. The governing board of any school district may arrange to pay the persons in positions requiring certification

qualifications employed by it in 10 or 11 or 12 equal payments instead of by the school month.

Monthly installments

13518 Where the governing board of any school district arranges to pay persons employed by it in 12 equal payments for the year, it may pay each monthly installment at the end of each calendar month, whether or not the persons are actually engaged in teaching during the month.

Notwithstanding the provisions of Section 13520, in the event any such person dies during the school year, his estate shall be entitled to receive, as salary owed to the decedent, an amount equal to the salary paid the decedent prior to his death subtracted from the amount equal to that portion of his annual salary as bears the same ratio to the established annual salary for his position as the number of days of the school year (as defined in Section 5101) during which he was employed prior to his death bears to the total number of days of the school year.

The provisions of this section shall apply to the payment of salaries earned during the 1956-57 school year and thereafter.

Withholding

13519. The governing board of any school district not paying the annual salaries of persons employed by the district in 12 equal monthly payments may withhold from each payment made to each employee an amount equal to 16⅔ percent thereof.

The total of the amounts deducted from the salary of any employee during any school year shall be paid to him in two equal installments, one installment to be paid not later than the fifth day of August next succeeding, and one installment to be paid not later than the fifth day of September next succeeding.

In the event any employee leaves the service of the district by death or otherwise before receiving such moneys as may be due him, the amount due him shall be paid within 30 days to him or to any other person entitled thereto by law.

Service less than full year

13520. A person in a position requiring certification qualifications who serves less than a full school year shall receive as salary only an amount that bears the same ratio to the established annual salary for the position as the time he serves bears to the annual school term. For the purpose of this section, the school term as it applies to each certificated employee shall include each day the schools of the district are in session, each school holiday as defined in Sections 5201 to 5210, inclusive, and Sections 5713, 5901, and 6362 of this code, each day of teachers' institute and any other day when the employee is required by the governing board to be present at the schools of the district or to perform services for the district, and the employee shall be deemed to have served the district on each of said days unless he fails to perform the duties required of him for the day and is not entitled to a leave of absence from such duties with pay. This section shall not be so construed as to prevent the payment of compensation to a person while on leave of absence when the payment of the compensation is authorized by law.

13521. Each salary payment for any calendar month shall be paid not later than the fifth day of the succeeding calendar month; provided, that teachers employed for less than full time in an evening high school may be paid on or before the tenth day of the succeeding calendar month

Time of payment

13522. Instead of issuing a single warrant to each employee for salary or wages the district may use a payroll form of warrant making payment to two or more employees on one payroll warrant.

Pay roll warrants

13523. When the payroll form of warrant is used, the approved and allowed payroll warrant shall be deposited with the county treasurer, who shall make payment to the employee or his order.

Deposit with county treasurer

13524. When the payroll form of warrant is used the name of each employee shall be listed and in case of an attachment of the salary or wages of any employee the attachment shall affect only the salary or wages of that employee.

Attachment

13525 The governing board of each school district shall pay to each person employed in a day school of the district for full time in a position requiring certification qualifications and serving under other than an emergency or provisional credential an annual salary of not less than three thousand four hundred dollars ($3,400).

Minimum teachers' salaries

The governing board of each school district shall pay to each person employed for less than full time in a position requiring certification qualifications and serving under other than an emergency or provisional credential an annual salary of not less than an amount which bears the same ratio to three thousand four hundred dollars ($3,400) as the time required of the person bears to the time required of a person employed full time.

"Full time" means not less than the minimum school day for each day the schools of the district are maintained during the school year.

The provisions of this section shall not be construed as applying to substitute employees of a school district.

This section shall become effective on July 1, 1959

13525 1. The governing board of each school district shall pay to each person employed in a day school of the district for full time in a position requiring certification qualifications and serving under other than an emergency or provisional credential an annual salary of not less than four thousand two hundred dollars ($4,200).

Same

The governing board of each school district shall pay to each person employed for less than full time in a position requiring certification qualifications and serving under other than an emergency or provisional credential an annual salary of not less than an amount which bears the same ratio to four thousand two hundred dollars ($4,200) as the time required of the person bears to the time required of a person employed full time.

"Full time" means not less than the minimum school day for each day the schools of the district are maintained during the school year.

The provisions of this section shall not be construed as applying to substitute employees of a school district.

This section shall remain in effect until July 1, 1959.

Same

13526. The governing board of each school district shall pay to each person employed in a day school of the district for full time in a position requiring certification qualifications and serving under an emergency credential or provisional credential an annual salary of not less than two thousand four hundred dollars ($2,400).

The governing board of each school district shall pay to each person employed for less than full time in a position requiring certification qualifications and serving under an emergency credential or provisional credential an annual salary of not less than an amount which bears the same ratio to two thousand four hundred dollars ($2,400) as the time required of the person bears to the time required of a person employed full time.

"Full time" means not less than the minimum school day for each day the schools of the district are maintained during the school year.

The provisions of this section shall not be construed as applying to substitute employees of a school district.

Payment

13527. Except as otherwise provided in this code, no warrant shall be drawn in favor of any teacher, unless the officer whose duty it is to draw the warrant is satisfied that the teacher has faithfully performed all the duties prescribed.

Employees of two districts

13528. Whenever a person is employed by two or more districts under the jurisdiction of a single county superintendent of schools, the governing boards of the districts may authorize, in writing, the county superintendent of schools to act as their agent in the payment of the salaries due such person from the districts. If such authorization is given, the county superintendent of schools may draw a warrant on the unapportioned county elementary school fund in payment of the total salaries due such person and shall immediately draw requisitions in favor of the unapportioned county elementary school fund against the proper funds of each district for the amount paid by him to such person on account of such district.

Filing reports before salary payments

13529. The salary payment due a certificated employee for his last month of service in any district during any fiscal year shall not be approved by the county superintendent of schools until all reports required from the employee have been filed with said superintendent.

Military or naval service: Salary computation

13530. For the purposes of Military and Veterans Code Section 395 or any other provision of law providing for the payment of salary or compensation as such employee to an employee of a school district while absent from duty because engaged in ordered military or naval duty, his salary or compensation as such employee for 30 days shall (a) with respect

to an employee serving in a position requiring certification qualifications be deemed to be one-tenth of the annual salary established for such position and (b) with respect to an employee serving in a position not requiring certification qualifications be deemed to be one month's salary.

Method of payment

13531. The governing board of each school district when drawing an order for the salary payment due to employees of the district, shall without charge reduce the order by the amount which it has been requested in a revocable written authorization by the employee to deduct for any or all of the following purposes: paying premiums on any policy or certificate of group life insurance for the benefit of the employee or for group disability insurance, or both, for the benefit of the employee or his dependents issued by an admitted insurer on a form of policy or certificate approved by the Insurance Commissioner, or paying rates, dues, fees, or other periodic charges on any hospital service contract for the benefit of the employee, or his dependents, issued by a nonprofit hospital service corporation on a form approved by the Insurance Commissioner pursuant to the provisions of Chapter 11A of Part 2 of Division 2 of the Insurance Code. The governing board of the district shall each month draw its order upon the funds of the district in favor of the insurer which has issued the policies or certificates or in favor of the nonprofit hospital service corporation which has issued hospital service contracts, for an amount equal to the total of the respective deductions therefor made during the month.

Deductions for organization dues

13532. The governing board of each school district when drawing an order for the salary payment due to a certificated employee of the district, may with or without charge reduce the order by the amount which it has been requested in a revocable written authorization by the employee to deduct for the purpose of paying the dues of the employee for membership in any local professional organization or in any statewide professional organization, or in any other professional organization affiliated or otherwise connected with a statewide professional organization which authorizes such statewide organization to receive membership dues on its behalf and for the purpose of paying his pro rata share of the costs incurred by the district in making the deduction. No charge shall exceed the actual cost to the district for such dues deduction. The governing board shall each month draw its order upon the funds of the district in favor of the organization designated by the employee for an amount equal to the total of the dues deductions made with respect to such organization during the month. The district shall retain and deposit in the general fund of the district the total amounts deducted from the employee's salary payment for the purpose of paying the employee's pro rata share of the costs incurred by the district in making the dues deductions provided for in this section. If the employees of a district do not authorize the board to make a deduction to pay their pro rata share of the costs of making deductions

for the payment of dues, the board shall deduct from the amount transmitted to the organization on whose account the dues payments were deducted the actual costs of making such deduction.

Article 7. Rights and Duties of Certified Employees

Liability for injuries to pupils

13551. No superintendent, principal, teacher, or other employee of a school district employed in a position requiring certification qualifications shall be held personally liable for the death of, or injury to, any pupil enrolled in any school of the district, resulting from the participation of the pupil in any classroom or other activity to which he has been lawfully assigned as a pupil in the school unless negligence on the part of the employee is the proximate cause of the injury or death.

Employees in active military service, etc.

13552. Every person employed by a school district as a probationary or permanent employee in a position requiring certification qualifications who enters the active military service of the United States of America or of the State of California, including active service in any uniformed auxiliary of, or to, any branch of such military service, created or authorized as such auxiliary by the Congress of the United States of America or by the Legislature of the State of California, or in the service of the United States Merchant Marine, or in full-time paid service of the American Red Cross, during any period of national emergency declared by the President of the United States of America or during any war in which the United States of America is engaged, shall be entitled to absent himself from his duties as an employee of the district.

Such absence shall not affect in any way the classification of such employee. In the case of a probationary employee, the period of such absence shall not count as part of the service required as a condition precedent to the classification of such employee as a permanent employee of the district, but such absence shall not be construed as a break in the continuity of the service of such employee for any purpose.

The dismissal or termination of any probationary employee because of reduced attendance due to war conditions, after his entry into the active military service or service in the American Red Cross, shall not deprive him of any of the benefits of this section.

Within six months after such employee honorably leaves such service or has been placed on inactive duty he shall, subject to the provisions of this section, be entitled to return to the position held by him at the time of his entrance into such service, at the salary to which he would have been entitled had he not absented himself from the service of the school district under this section.

If such employee was employed under a lawful contract for a period in excess of one year in a position in which he had not become a permanent employee of the district, he shall be entitled to return to such position for the period his contract

of employment had to run at the time he entered such service. Notwithstanding any provision of this code to the contrary, a person employed to take the place of any such employee shall not have any right to such position following the return of such employee to the position.

Travel expenses Student teachers of vocational agriculture

13553. The governing board of any school district may provide for the payment of the actual and necessary traveling expenses of student teachers of vocational agriculture who hold certificates issued pursuant to Section 13159 when performing the duties of their positions.

All payments heretofore made to student teachers of vocational agriculture on account of actual and necessary traveling expenses incurred by them when performing the duties of their respective positions are hereby confirmed, ratified, and validated.

Probationary employees

13554. Every probationary employee of a school district which becomes in its entirety a part of a unified school district and every probationary employee of a school district employed in a school located in a portion of a school district which becomes a part of a unified school district, where the whole of the district does not become a part of a unified school district, shall become a probationary employee of the the unified school district. The service of the probationary employee in the annexed district shall be considered as service in the unified school district for the purpose of any law relating to the classification of persons employed in school districts in positions requiring certification qualifications.

Notices required

13555. Every teacher in the public schools shall before taking charge of a school, and one week before closing a term of school, notify the county superintendent of the fact, naming the day of opening or closing.

The governing board of any school district shall in every case give to the teacher a notice of at least two weeks of its intention to close the term of school under its charge.

No superintendent shall draw any requisition for the last month's salary of any teacher until the teacher has filed with him the notice of the closing of the term.

Enforcement of course of study

13556. Every teacher in the public schools shall enforce the course of study, the use of legally authorized textbooks, and the rules and regulations prescribed for schools.

Conduct of pupils

13557. Every teacher in the public schools shall hold pupils to a strict account for their conduct on the way to and from school, on the playgrounds, or during recess.

School register

13558. (a) A state school register shall be kept by every teacher in the public elementary schools, except a teacher in:

(1) A school in which the state school register of each teacher is kept on behalf of the teacher in a central office by an employee of the school district.

(2) A school in which a central file of individual records of pupil enrollment, absence, and attendance is maintained on forms containing at least the minimum items of information prescribed by the State Department of Education, and whose

principal submits periodic reports of pupil personnel data to the city or district superintendent of schools, or, if no superintendent is employed in the district, to the county superintendent of schools on forms approved by the State Department of Education.

(b) There shall be recorded in each state school register the absence and attendance of each pupil enrolled in the classes taught by the teacher keeping the register or on whose behalf the register is kept and any additional information required by the State Department of Education.

Abuse of teacher

13559. Every parent, guardian, or other person who upbraids, insults, or abuses any teacher of the public schools, in the presence or hearing of a pupil, is guilty of a misdemeanor.

Same

13560. Any parent, guardian, or other person who insults or abuses any teacher in the presence of the school is guilty of a misdemeanor, and is punishable by a fine of not less than ten dollars ($10) nor exceeding one hundred dollars ($100).

Teachers' lunch periods

13561. The governing board of every school district shall allow each teacher employed for full time in any regular day school in which two or more teachers are employed, one duty-free lunch period each day in the manner and at the time prescribed by regulation of the State Board of Education.

The State Board of Education shall adopt rules and regulations fixing the duration of the duty-free lunch period of certificated employees of school districts, the time of day when the lunch period shall be granted, and prescribing the conditions under which the duty-free lunch period shall be allowed.

Annual report

13562. Except in districts exempted by the State Department of Education and in which regular periodic reports of pupil and employee personnel data are submitted by the principal of each school to the city or district superintendent of schools, or, if no superintendent is employed in the district, to the county superintendent of schools on forms approved by the State Department of Education, every teacher in the public elementary schools shall at the close of school during each school year make an annual report to the principal of the school in which he is employed; or, in the case of one-teacher schools, to the city or district superintendent of schools, or, if no superintendent is employed, to the county superintendent of schools on forms furnished by the Superintendent of Public Instruction.

Any teacher who is teaching in any school at the close of school shall, in his annual report, include all statistics for the entire school year.

Where one teacher is in charge of a class and keeps the records thereof, assistant teachers or other teachers of the class or any of the pupils thereof who are required to keep no records shall not be required to render reports.

The city, district, or county superintendent of schools shall in no case draw a requisition for the salary of any teacher for

the last month of a school term, until the report has been filed by him and approved.

Same

13563. The principal of each elementary school shall submit an annual report to the city or district superintendent of schools, or, if no superintendent is employed in the district, to the county superintendent of schools, on forms furnished by the Superintendent of Public Instruction.

Same

13564. The principal of each high school shall make an annual report to the city or district superintendent of schools, or, if no superintendent is employed in the district, to the county superintendent of schools, on forms furnished by the Superintendent of Public Instruction.

Same

13565. Each junior college principal shall make an annual report to the city or district superintendent of schools, or, if no superintendent is employed in the district, to the county superintendent of schools on forms furnished by the Superintendent of Public Instruction.

Same

13566. Each city or district superintendent of schools shall make an annual report of the schools under his jurisdiction to the county superintendent of schools on forms furnished by the Superintendent of Public Instruction.

Contents of report, etc.

13567. The principal of every high school shall annually, on or before the date fixed by the Superintendent of Public Instruction, make out under oath and deliver to the Superintendent of Public Instruction and to the county superintendent of schools, a full and complete report of textbooks then in use in the high school, the courses of study offered, the requirements for graduation, and such other information as may be required by the Superintendent of Public Instruction.

If the report is not filed with the Superintendent of Public Instruction on or before the date fixed, the Superintendent of Public Instruction shall notify the county superintendent of schools having jurisdiction of the high school failing to report, and the county superintendent of schools shall withhold the salary of the principal of the high school until he has been notified by the Superintendent of Public Instruction that the report has been filed.

Approval

13568. A high school principal shall not enter into any contract to act as a principal or supervising principal of any elementary school, except an elementary school in the district in which the high school is located, without the approval of the county superintendent of schools.

Principal of elementary school

13569. The principal of any high school may act as principal of any elementary school situated in the high school district.

Supervising principal of elementary schools

13570. The principal of any high school may act as the supervising principal of two or more elementary schools situated in the high school district without regard to the number of teachers employed in each of the elementary schools, if so desired by the trustees of the elementary school district or districts and the high school board.

CHAPTER 3. CLASSIFIED EMPLOYEES

Article 1. Employment

Janitors and other employees

13581. The governing board of any school district shall employ janitors and other employees of the school.

Fixing of duties

13582. Governing boards shall fix and prescribe the duties to be performed by all persons in public school service in the school district.

Duration of contract

13583. No board shall enter into any contract with such employees to extend beyond the close of the next ensuing school year.

Tuberculosis certificate

13584. No person shall be employed by a school district in a position not requiring certification qualifications which requires him to be in frequent or prolonged contact with pupils until, if required by an order of the county board of education, he has on file with the county superintendent of schools a certificate from a physician and surgeon licensed under Chapter 5 of Division 2 of the Business and Professions Code showing that he has submitted to a physical examination within three years last past, including an X-ray of the lungs, and that the results of such examination indicate that he is free of active tuberculosis.

Affidavit in lieu of tuberculosis certificate

13585. In lieu of the certificate from a physician and surgeon required under Section 13584, any person who adheres to the faith or teachings of any well recognized religious sect, denomination, or organization, and in accordance with its creed, tenets, or principles, depends for healing upon prayer in the practice of religion, may file with the county superintendent of schools an affidavit stating such adherence and dependence and that to the best of his knowledge and belief he is free from active tuberculosis, and said affidavit shall be deemed equivalent of such certificate; provided, that if at any time there should be probable cause to believe that such affiant is afflicted with active tuberculosis, he may be excluded from service until the governing board of the employing district is satisfied that he is not so afflicted.

Acquittal of sex offense Re-employment

13586. No person shall be employed or retained in employment by a school district who has been convicted of any sex offense as defined in Section 12912. If, however, any such conviction is reversed and the person is acquitted of the offense in a new trial or the charges against him are dismissed, this section does not prohibit his employment thereafter.

Employment of sexual psychopath

13587. No person shall be employed or retained in employment by a school district who has been determined to be a sexual psychopath under the provisions of Chapter 4, Part 1, Division 6 of the Welfare and Institutions Code or under similar provisions of law of any other state. If, however, such determination is reversed and the person is determined not to be a sexual psychopath in a new proceeding or the proceeding to determine whether he is a sexual psychopath is dismissed, this section does not prohibit his employment thereafter.

13588. The governing board of any school district may require each person applying for, or employed in, a position not requiring certification qualifications to submit duplicate personal identification cards provided by the district upon which shall appear the legible fingerprints and a personal description of the applicant or employee, as the case may be, and may transmit such identification cards to the Department of Education. Upon receiving such identification cards, the department shall ascertain whether the applicant or employee has been convicted of any crime insofar as such fact can be ascertained from information available to the department. Identification cards

A plea or verdict of guilty or a finding of guilt by a court in a trial without a jury or a forfeiture of bail is deemed to be a conviction within the meaning of this section, irrespective of a subsequent order under the provisions of Section 1203.4 of the Penal Code allowing the withdrawal of the plea of guilty and entering of a plea of not guilty, or setting aside the verdict of guilty, or dismissing the accusations or information.

13589. The Department of Education is authorized to secure information, records, reports, and other data relative to the identification or fitness of any person who is an applicant for a position in a school district not requiring certification qualifications or who is employed in such a position and for that purpose, any provision of law to the contrary notwithstanding, the State Bureau of Criminal Identification and Investigation shall furnish, upon application of the department, all information pertaining to any such person of whom there is a record in its office. Securing information

13590. A fee in the sum of two dollars ($2) shall be charged and collected by the Department of Education from each school district for each set of duplicate personal identification cards transmitted to the department by the district. All moneys received by the department pursuant to this section are hereby appropriated for the support of the department in addition to such other funds as may be appropriated therefor by the Legislature. Fee

13591. In any school district situated wholly within the boundaries of a city of the first class, the janitors and other employees of the school district shall be employed in the same manner and under the same conditions as teachers are employed by the district and when employed shall be removed only for cause and after charges have been filed and heard by the board of education. Cities of first class

All employees who have been in the service of the school district continuously for a period of one year prior to July 27, 1917, shall be deemed to have been so employed.

The board of education may make and enforce all necessary rules and regulations to carry out the provisions of this section.

13592. Notwithstanding any other provisions of Sections 997 to 999, inclusive, and Sections 13581 to 13756, inclusive, no minimum or maximum age limits shall be established for the employment of persons who do not require certification Age limits

qualifications. Age shall not be construed to be a minimum qualification for such employment but the permanent classification of any employee who is classified as a permanent employee under any merit system adopted or existing in any district shall cease when the employee reaches the age at which the permanent classification of employees in positions requiring certification qualifications ceases. Thereafter the employment of the employee shall be at the discretion of the governing board of the district.

Any person possessing all of the minimum qualifications for any employment shall be eligible for appointment to that employment, and no rule either written or unwritten shall be adopted prohibiting the employment solely because of his age of any such person in any school employment who is otherwise qualified therefor.

This section does not authorize the employment of any person in a particular school employment who has reached the retirement age for that particular employment prescribed by any retirement system applicable thereto, whether or not the person is a member of the retirement system, or entitled to a retirement salary thereunder, nor shall any person be employed in such employment while he is receiving a retirement allowance under any retirement system by reason of prior school employment in a position that does not require certification qualifications.

Article 2. Salaries

School districts

13601. The governing board of any school district shall fix and order paid the compensation of janitors and other employees of the school or of the school district employed by the board unless otherwise prescribed by law.

City boards of education

13602. City boards of education have full power to fix the salary of all employees.

Article 3. Institutes

Annual institutes

13621. The superintendent of schools of every county in which there are 20 or more school districts, and of every city and county, and of every city school district governed by a city board of education and employing 70 or more teachers, may hold at least one annual institute of noncertificated employees who are responsible for the health and safety of school pupils. The superintendents of schools shall designate the persons to attend the institute.

Procedure and expense

13622. The superintendents of schools may unite institutes of noncertificated employees, and may hold institutes of noncertificated employees in the same manner as teachers' institutes. The expenses of the institute shall be paid in the same manner and from the same funds as are teachers' institutes.

Article 4. Resignation and Leaves of Absence

13651. The governing board of any school district may grant leaves of absence to employees in positions not requiring certification qualifications, in the same manner as is provided in Sections 13455, 13467, 13468, and 13470 for certificated employees and may grant vacation with pay to employees in positions not requiring certification qualifications. Leaves of absence and vacations

13652. When any provision of this code expressly authorizes or requires the governing board of a school district to grant a leave of absence for any purpose or for any period of time to persons employed in positions not requiring certification qualifications, that express authorization or requirement does not deprive the governing board of the power to grant leaves of absence with or without pay to such employees for other purposes or for other periods of time, so long as the governing board does not deprive any employee of any leave of absence to which he is entitled by law. Leaves of absence

13653. Governing boards of school districts may grant leaves of absence to persons employed in positions not requiring certification qualifications, and at their discretion may pay compensation at such rate as the board prescribes, during the absence, to any such employee whose absence is caused by accident or illness, whether or not the absence arises out of or in the course of the employment of the employee, or because of quarantine which results from his contact with other persons having a contagious disease while performing his duties. Accident or illness

13654. The governing boards of any school district may accept the resignation of any employee and may fix the time when the resignation shall take effect, which shall not be later than the close of the school year during which the resignation is received by the board. Effective date of resignations

Article 5. Merit System

13701. In any school district having an average daily attendance of 850 or more except school districts lying wholly within a city or city and county which provides in its charter for a merit system of employment for employees not employed in positions requiring certification qualifications, the governing board may, by affirmative vote of a majority of its members, adopt the procedure set forth in this article (commencing at Section 13701). Power of governing board

13702. The procedure set forth in this article (commencing at Section 13701) may also be adopted by a majority vote of the electors of the school districts assenting to the plan after it has been placed on the ballot at a special or regular election upon the written petition of not less than 10 percent of the qualified electors as determined by the number voting in the last election for a member of the governing board. Adoption by electors

Procedure

13703. In any district in which the procedure is adopted the governing board shall employ, pay, and otherwise control the services of persons in positions not requiring certification qualifications only in accordance with the provisions of this article (commencing at Section 13701) unless otherwise directed by a majority vote of the qualified electors voting thereon at a general election for a member of the governing board of the school district concerned.

Termination

13704. Any measure to terminate the merit system instituted under this article (commencing at Section 13701) shall be placed on the ballot only on petition of not less than 10 percent of the voters within a given district as determined by the number voting in the last election for a member of the governing board.

Personnel commission

13705. In any district which has adopted the provisions of this article (commencing at Section 13701) there shall be appointed a personnel commission composed of three members. If two or more districts are under the jurisdiction of governing boards of identical personnel, only one commission shall be appointed. In such cases this article (commencing at Section 13701) shall apply alike to all of the districts, and the expenses of the commission shall be paid out of the general funds of all of the districts in proportion to the benefits derived therefrom as determined by the governing board.

Qualifications

13706. Qualifications for membership on the commission shall be the same as those for the members of the governing board. No member of the governing board shall be a member of the commission nor shall any commissioner during his service on the commission be employed by the governing board in any other capacity. Appointees shall be known adherents to the principle of the merit system.

Appointment of members

13707. Within 30 days after this article (commencing at Section 13701) becomes effective in any school district, the State Superintendent of Public Instruction shall appoint a member of the personnel commission whose term of office shall be for one year from and after the first day of December, at noon, next succeeding his appointment. The county superintendent of schools in the county in which the district is situated shall appoint a member of the personnel commission whose term of office shall be two years from and after the first day of December, at noon, next succeeding his appointment. The executive officer of the State Personnel Board shall appoint a member of the personnel commission whose term of office shall be three years from and after the first day of December, at noon, next succeeding his appointment. Annually thereafter, on or before the first day of December, or as frequently as vacancies occur, appointments to fill the vacancies shall be made alternately by the State Superintendent of Public Instruction and by the executive officer of the State Personnel Board. The State Superintendent of Public Instruction shall appoint the member of the personnel commission to fill the first vacancy. Appointments after the first year shall

be for terms of three years from and after the first day of December, at noon, next succeeding the appointments, excepting interim appointments which shall be only for the duration of the unexpired term of office.

Compensation

13708. Members of the commission may be paid five dollars ($5) per meeting but not over fifty dollars ($50) per month, except that in any school district situated wholly or partly within a city containing a population of over 1,900,000 according to the 1950 federal census members of the commission may be paid twenty dollars ($20) per meeting but not over one hundred dollars ($100) per month.

Office accommodations

13709. The governing board shall provide the commission with suitable office accommodations.

Budget

13710. The commission shall prepare an annual budget for its own office which, upon the approval of the county superintendent of schools, shall be included by the governing board in the regular budget of the school district. The county superintendent of schools may reject, but may not amend, the proposed budget. In the absence of agreement between the personnel commission and the county superintendent the budget of the preceding year shall determine the amount of the new budget, and the items of expenditure shall be determined by the commission.

First year

13711. The budget for the first year shall be determined by the governing board. Pending receipt of money raised in the manner prescribed in this article (commencing at Section 13701), the governing board may advance funds for the establishment of the work of the commission.

Classification of employees and positions

13712. The commission shall classify all employees and positions within the jurisdiction of the governing board or of the commission. The employees and positions shall be known as the classified service. Positions required to have certification qualifications, part-time playground positions, full-time day students employed part time, apprentices and professional experts employed on a temporary basis for a specific project by the governing board or by the commission when so designated by the commission, shall not be included therein.

However, nothing in this section shall prevent an employee, who has attained regular status in a full-time position, from taking a voluntary reduction in time and retaining his regular status under the provisions of this law.

No person whose contribution consists solely in the rendition of individual personal services and whose employment does not come within the scope of the exceptions listed above shall be employed outside of the classified service.

A part-time position is one for which the assigned time, when computed on an hourly, daily, weekly, or monthly basis, is less than 87½ percent of the normally assigned time of the majority of employees in the classified service.

Rules

13713. The commission shall prescribe and amend, subject to this article (commencing at Section 13701), such rules as may be necessary to insure the efficiency of the service and the

selection and retention of employees upon a basis of merit and fitness. The rules shall be binding upon the governing board.

Subjects of rules

13714. The rules shall provide for the procedures to be followed by the governing board as they pertain to the classified service regarding applications, examinations, eligibility, appointments, promotions, demotions, transfers, dismissals, resignations, layoffs, re-employment, vacations, leaves of absence, compensation within classification, job analyses and specifications, service ratings, public advertisement of examinations, rejection of unfit applicants without competition, and any other matters necessary to carry out the provisions and purposes of this article (commencing at Section 13701).

Printing and distribution

13715. The rules of the commission and copies of this article (commencing at Section 13701) shall be printed and made available to employees in the classified service, the public, and those concerned with the enforcement of this article (commencing at Section 13701).

Apprentice positions

13716. The commission may classify as apprentice positions certain positions where the principal requirement is that of learning to perform efficiently, by study and practice, specific duties concerning which a definite plan of systematic instruction and special supervision has been provided by the California Apprenticeship Council for the designated trade.

The apprenticeship training plan adopted by the governing board of the school district must be approved by the California Apprenticeship Council.

No assignment to any position classified as an apprentice position shall be allowed to continue beyond the predetermined apprenticeship period prescribed by the California Apprenticeship Council for the designated trade. Selection of eligibles shall be made in accordance with their position on employment lists established by competitive or qualifying examinations.

Credit for prior training in a regularly indentured apprenticeship program shall be given to qualified candidates.

In all cases of apprenticeship probationary periods, the standards of duration and qualifications shall be fixed by the commission insofar as they do not exceed the maximum standards set up by the California Apprenticeship Council. Termination for cause may be prescribed for any apprentice who fails to attain the predetermined standards of apprenticeship or for causes as prescribed by the rules of the commission.

The commission shall recommend to the governing board a graduated scale of compensation rates for the various levels of apprentices, taking into consideration the percentage relationship to the districts' journeyman wage of the trade as provided in the statement of policies of the California Apprenticeship Council.

The commission may determine that promotional examinations shall be held for entrance into various levels of apprentice positions and entrance into journeyman positions in a

skilled trade; provided, that there is a field of promotion from adequately trained apprentices in the trade concerned.

Appointments by commission

13717. The commission shall appoint a personnel director within 90 days after the adoption of a merit system from an eligibility list established from a competitive examination given under the auspices of the commission. The commission shall also appoint all other employees paid from funds budgeted for the support of the commission from eligibility lists established pursuant to the provisions of this article (commencing at Section 13701).

Duties

13718. The personnel director shall be responsible to the commission for carrying out all procedures in the administration of the classified personnel in conformity with this article (commencing at Section 13701) and the rules of the commission. He shall also act as secretary of the commission and shall prepare, or cause to be prepared, an annual report which shall be sent by the commission to the governing board.

Salary schedule

13719. The commission shall recommend to the governing board salary schedules for the classified service. The governing board may approve, amend, or reject these recommendations. No amendment shall be adopted until the commission is first given a reasonable opportunity to make a written statement of the effect the amendments will have upon the principle of like pay for like service. No changes shall operate to disturb the relationship which compensation schedules bear to one another, as the relationship has been established in the classification made by the commission.

Existing employees

13720. Any person who has been continuously employed in a position defined as a position in the classified service for a period of six months immediately preceding the date on which the procedure set forth in this article (commencing at Section 13701) is adopted shall be deemed to be in the permanent classified service. No layoff or suspension of service during the time when the schools of the district are not in session shall count as an interruption of continuous service.

Same

13721. All persons who have been continuously employed by a school district for less than six months immediately preceding the date on which the procedure set forth in this article (commencing at Section 13701) is adopted shall be deemed to hold their positions under probationary classification.

Employees of annexed territories

13722. Employees of annexed territories shall without examination become members of the classified service in accordance with the terms of Sections 13720 and 13721. Full seniority rights will be retained, except that no seniority credit will be allowed by virtue of previous service in the former district in case of layoff for lack of funds or lack of work.

New employees

13723. All new employees in the classified service shall be selected pursuant to this article (commencing at Section 13701) and the rules of the commission, from applicants on eligibility lists which, wherever practicable, as determined by

the commission, shall be made up from promotional examinations. Applicants shall be placed on the eligibility lists in the order of their relative merit as determined by competitive examinations. Appointments shall be made from the first two applicants on the eligibility list who are ready and willing to accept the position.

Certification

13724. When an open competitive examination and a promotional examination for a particular class are held at the same time, the commission may prior to the examination authorize certification for employment of candidates from the open competitive eligibility list before the promotional eligibility list has been exhausted if (1) the candidate on the open list has a higher score before adjustment for preferential credits than the score of the highest available candidate on the promotional list after seniority credits have been added, and also if (2) either the class has fewer than three positions in the class or the most recent promotional examination for the class has failed to provide an adequate number of available eligibles on a promotional list to fill all regular vacancies which developed during the first year of the life of the eligibility list.

Reclassification without examination

13725. When all of the positions in a class are reclassified to a higher class or responsibility level, the incumbents of the positions who have been in the class for five or more years may be reclassified without competitive examination. When a portion of the positions within a class are reclassified to a higher class or responsibility level an incumbent who has a continuous employment record of five or more years in one or more of the positions being reclassified is eligible upon passing competitive or qualifying examination as provided by commission rule to reclassification to the higher class.

Limited term employees

13726. Whenever the appointing power shall require the appointment of a person to a position, the duration of which is not to exceed six months, or, in case of an appointment in lieu of an absent employee, is not to exceed the authorized absence of said employee, he shall submit a request in which the probable duration of the appointment is stated. Eligibles shall be certified in accordance with their position on the appropriate employment list and their willingness to accept appointment to such position as limited term employees. Limited term employees shall be subject to such conditions affecting status and tenure during and after such employment as the commission may by rule determine.

Provisional appointments

13727. When no eligibility list exists for a position in the classified service, a new employee may receive provisional appointments which may accumulate to a total of 90 working days. A 90-calendar day interval shall then elapse during which the person will be ineligible to serve in any full-time provisional capacity. No person shall be employed in provisional capacities under a given governing board for a total of more than 126 working days in any one fiscal year, except that when no one is available on an appropriate eligibility list

for a part-time position, as defined in Section 13712, successive 90 working days provisional appointments may be made to the part-time position for a total of more than 126 working days in any one fiscal year.

Successive provisional appointments

13728. Successive provisional appointments of 90 working days or less each may be made in any class in the absence of an appropriate eligibility list; provided, that continuous examination procedures for the class have been authorized by the commission. Such successive provisional appointments may be made and persons employed in temporary capacities under a given governing board for a total of more than six months in any one year. Such appointments may continue for the length of time for which they were made, but may not be extended if a certification can be made from an appropriate eligibility list. While this section is in effect, it shall supersede any other provisions of this article (commencing at Section 13701) which are in conflict with this section, but only to the extent there is a conflict.

Emergency appointments

13729. The appointing power may, to prevent the stoppage of public business when an actual emergency arises and persons on eligibility lists are not immediately available, make appointments for a period not to exceed five working days, in accordance with commission rule.

Combination of eligibility lists

13730. Combinations of successive eligibility lists may be made during their first year. Eligibles on lists established within the first year of the life of another list may be placed in the order of their relative excellence in the examination on the like list, if lists so merged have been promulgated under conditions and techniques which are sufficiently similar to preserve their competitive character.

Continuous examinations

13731. The commission may by rule provide for the continuous examination of eligibles for classes of positions which the commission determines cannot be practicably filled by promotional examination only.

Discrimination

13732. No questions relating to political or religious opinions or affiliations, race, color, or marital status shall be asked of any applicant, or any candidate whose name has been certified for appointment, nor shall any discrimination be exercised therefor.

"Veteran"

13733. "Veteran" as used in this article (commencing at Section 13701) means any person who has served in the United States Army, Navy, Marine Corps, Revenue Marine Service, or as an active nurse in the service of the American Red Cross, or in the Army and Navy Nurse Corps in time of war, or in any expedition of the armed forces of the United States, and received an honorable discharge or certificate of honorable active service, proof of which shall be submitted to the commission at the time of the examination.

"Disabled veteran"

13734. "Disabled veteran" as used in this article (commencing at Section 13701) means any person who has served in the United States Army, Navy, or Marine Corps in time of war or in any expedition of the armed forces of the United

States, and received an honorable discharge or certificate of honorable active service, proof of which shall be submitted to the commission at the time of the examination, and who was disabled as a result of such service. Proof of disability shall be deemed conclusive if it is of record in the United States Veterans Administration.

Veterans' preference

13735. In the case of all entrance examinations, veterans with 30 days or more of service who become eligible for appointment by attaining the passing mark established for the examination, shall be allowed an additional credit of five points and disabled veterans shall be allowed an additional credit of 10 points, which shall be added to the percentages attained in the examinations by the veterans Veterans shall be placed on eligible lists and be eligible for appointment in the order and on the basis of the percentages attained by them in examinations after the credit of five points, or 10 points in the case of disabled veterans, is added.

Right to take examination

13736. Whenever during the absence of an employee of a school district or student body association operating under Sections 10701 to 10704, inclusive, in the active military service of the United States of America during any period of national emergency declared by the President of the United States of America, or during any war in which the United States of America is engaged, the position held by such employee at the time of his entrance into such military service is placed within the classified service of the district and an eligible list is established for such position through competitive examination, the employee shall, at his request made within six months after his leaving such active military service under honorable conditions, be given forthwith an examination of substantially the same character and scope as the competitive examination through which the original eligibility list was established. The grade secured by such employee in such examination shall be deemed to be the grade he would have secured had he taken the competitive examination as a veteran and he shall be placed on the original eligibility list accordingly with all the rights and privileges to which he would have been entitled had he had such place on the original eligibility list at the time of its establishment.

Re-employment

13737. Persons laid off or suspended because of lack of work or lack of funds are eligible to re-employment for a period of 39 months and shall be re-employed in preference to new applicants.

Duration of eligible lists

13738. Eligibility lists shall be established for a period of not less than one year except that when a list is exhausted for appointments to current vacancies, through use and eligibles being unavailable, the commission may, upon the recommendation of the officer charged with certifying eligibles, and after due notice to eligibles who may have made themselves unavailable for appointment, terminate it before a year has expired. A list may be extended for an additional period of one year or less in the discretion of the commission.

13739. A person who has served a probationary period not to exceed six months as prescribed by the rules of the commission for his classification shall be deemed to be in the permanent classified service, except that the commission may establish a probationary period not to exceed one year for classes designated by the commission as executive or administrative classes. The rights of appeal from disciplinary action during the probationary period shall be in accordance with the provisions of Section 13743. Permanent service

13740. No person in the permanent classified service shall be demoted or removed except for reasonable cause designated by rule of the commission as detrimental to the efficiency of the service. This section shall not be construed to prevent layoffs for lack of work or lack of funds. Demotion and removal

13741. In addition to any causes for suspension or dismissal which are designated by rule of the commission, employees in the classified service shall be suspended and dismissed in the manner provided by law for any one or more of the following causes: Additional cause for suspension or dismissal

(a) Knowing membership by the employee in the Communist Party.

(b) Violation of any provision in Sections 12952 to 12957, inclusive, of this code.

(c) Conduct specified in Section 1028 of the Government Code, added by Chapter 1418 of the Statutes of 1947.

13742. For reasonable causes an employee may be suspended without pay for not more than 30 days except as provided in this section or may be demoted or dismissed. In such case the personnel director shall within 10 days of the suspension, demotion, or dismissal file written charges with the commission and give to the employee or deposit in the United States registered mail with postage prepaid, addressed to the employee at his last known place of address, a copy of the charges. Disciplinary action

Upon filing of a complaint, information or indictment that an employee has committed a sex offense as defined in Section 12912, the employee may immediately be suspended for a period of time extending for not more than 10 days after the date of the entry of the court judgment; provided, that the suspension may be extended beyond such 10-day period in case the governing board gives notice within such 10-day period that it will dismiss the employee 30 days after the service of the notice, unless he demands a hearing. An employee so suspended shall continue to be paid his regular salary during the period of the suspension if and during such time as he furnishes to the school district a suitable bond, or other security acceptable to the governing board, as a guarantee that the employee will repay to the school district the amount of salary so paid to him during the period of the suspension in case the employee is convicted of a sex offense as defined in Section 12912 or he does not return to service after such period of suspension. If the judgment determines

that the employee is not guilty of a sex offense as defined in Section 12912, or if the complaint, information or indictment is dropped, the school district shall reimburse the employee for the cost of the bond; or, if the employee has not elected to furnish such bond, the school district shall pay to the employee his full compensation during the period of the suspension; provided, he returns to service after such period of suspension.

Appeal

13743. Any employee in the permanent classified service who has been suspended, demoted, or dismissed may appeal to the commission within 14 days after receipt of a copy of the written charges by filing a written answer to the charges. Such an appeal is not available to an employee who is not in the permanent classified service except as provided by rules of the commission. An employee in the permanent classified service who has not served the time designated by the commission as probationary for the class may be demoted to the class from which promoted without recourse to an appeal or hearing by the commission, except as otherwise provided by rules of the commission; and provided, that such demotion does not result in the separation of the employee from the permanent classified service. Nothing in this section shall operate to alter the protections guaranteed under Section 13747 of this code.

Investigation and hearing

13744. The commission shall investigate the matter on appeal and may require further evidence from either party, and may, and upon request of an accused employee shall, order a hearing. The accused employee shall have the right to appear in person or with counsel and to be heard in his own defense. The decision shall not be subject to review by the governing board.

Reinstatement

13745. If the commission sustains the employee, it may order paid all or part of his full compensation from the time of suspension, demotion, or dismissal, and it shall order his reinstatement. Upon notification of the commission's decision, the board shall reinstate the employee and authorize such compensation as the commission directs.

Layoffs

13746. Classified employees shall be subject to layoff for lack of work or lack of funds. Whenever a classified employee is laid off, the order of layoff within the class shall be determined by length of service. The employee who has been employed the shortest time in the class, plus higher classes, shall be laid off first. Re-employment shall be in the reverse order of layoff.

Reinstatement of permanent noncertificated employees

13747. Whenever any noncertificated employee of any school district who, at the time of his resignation, was classified as permanent, is reinstated without further competitive examination within 39 months after his last day of paid service, the governing board of the district shall disregard the break in service of said employee and classify him as, and restore to him all of the rights, benefits and burdens of, a permanent employee.

13748. No warrant shall be drawn by or on behalf of the governing board of any district for the payment of any salary or wage to any employee in the classified service unless the assignment bears the certification of the personnel director that the person named in the assignment has been employed and assigned pursuant to this article (commencing at Section 13701) and the rules of the commission. Certification for payment

Whenever the commission, after a public hearing, finds that any appointment has been made in violation of this article (commencing at Section 13701) or the rules of the commission as they apply to examination procedures, the commission may order that no salary warrant shall thereafter be drawn to the employee so appointed, for services rendered after the date of said order. Any violation of this article (commencing at Section 13701) or the rules of the commission as they apply to examination procedures shall constitute grounds for the dismissal of the employee or employees guilty of such violation.

13749. The commission may conduct hearings, subpena witnesses, require the production of records or information pertinent to investigation, and may administer oaths. It may, at will, inspect any records of the governing board that may be necessary to satisfy itself that the procedures prescribed by the commission have been complied with. Hearings may be held by the commission on any subject to which its authority may extend as described in this article (commencing at Section 13701). Investigations

13750. The commission may authorize a hearing officer or other representative to conduct any hearing or investigation which the commission itself is authorized by this article (commencing at Section 13701) to conduct. Any such authorized person conducting such hearing or investigation may administer oaths, subpena and require the attendance of witnesses and the production of books or papers, and cause the depositions of witnesses to be taken in the manner prescribed by law for like depositions in civil cases in the superior court of this State. The commission may instruct such authorized representative to present findings or recommendations. The commission may accept, reject or amend any of the findings or recommendations of the said authorized representative. Any rejection or amendment of findings or recommendations shall be based either on a review of the transcript of the hearing or investigation or upon the results of such supplementary hearing or investigation as the commission may order. Same By hearing officer

The commission may employ by contract or as professional experts or otherwise any such hearing officers or other representatives and may adopt and amend such rules and procedures as may be necessary to effectuate this section.

13751. The counsel of the governing board shall aid and represent the commission in all legal matters, and if he refuses, the commission may employ its own attorney, and the reasonable cost thereof shall constitute a legal charge against the general funds of the district. Attorneys

Political activities

13752. No person who is in the classified service or who is upon any eligibility list shall be appointed, demoted, or removed, or in any way discriminated against because of his political acts, opinions, or affiliations. No person in the classified service shall engage in political activities during his assigned hours of employment.

Soliciting funds or service

13753. No member of the governing board in any district in which the procedure has been adopted shall directly or indirectly solicit or be concerned in soliciting any assessment, contribution, or political service of any kind whatsoever for any political purpose from any person who is in the classified service or who is upon any eligibility list.

Coercion

13754. No officer or employee of any governing board of any district in which the procedure has been adopted shall directly or indirectly coerce or attempt to coerce or in any way bring pressure or attempt to bring pressure upon any other such officer or employee, to support or refrain from supporting any political group for any political purpose whatever.

Penalty

13755. Any person who wilfully or through culpable negligence violates any of the provisions of this article (commencing at Section 13701) is guilty of a misdemeanor. It is also unlawful for any person:

(a) Wilfully by himself or in co-operation with another person to defeat, deceive, or obstruct any person with respect to his right of examination, application, or employment under this article (commencing at Section 13701) or commission rule.

(b) Wilfully and falsely to mark, grade, estimate, or report upon the examination or proper standing of any person examined or certified under this article (commencing at Section 13701) or commission rule, or to aid in so doing, or make any false representation concerning the same or the person examined.

(c) Wilfully to furnish to any person any special or secret information regarding contents of an examination for the purpose of either improving or injuring the prospects or chances of any person examined, or to be examined under this article (commencing at Section 13701) or commission rule.

Noncertificated employees

13756. In every unified school district coterminous with the boundaries of a city and county, employees not employed in positions requiring certification qualifications shall be employed, if the city and county has a charter providing for a merit system of employment, pursuant to the provisions of such charter providing for such system and shall, in all respects, be subject to, and have all rights granted by, such provisions; provided, however, that the governing board of the school district shall have the right to fix the duties of all of its noncertificated employees.

CHAPTER 4. STATE TEACHERS' RETIREMENT SYSTEM

Article 1. General Provisions

13801. In order to provide a financially sound plan for the retirement, with adequate retirement allowances, of teachers in the public schools of this State, teachers in schools supported by this State, and other persons employed in connection with the schools, the State Teachers' Retirement System is created to be effective as of July 1, 1944. Retirement plan

13802. This chapter (commencing with Section 13801) may be cited as the State Teachers Retirement Law. Short title

13803. Unless the context otherwise requires, the definitions set forth in this article (commencing with Section 13801) shall govern the construction of this chapter (commencing with Section 13801). Construction

13804. "Retirement System" or "system" means the "State Teachers' Retirement System." "System," etc

13805. "Public school" means any day or evening elementary school, and such day and evening secondary schools, technical schools, and kindergarten schools as may be established by the Legislature, or by municipal or district authority. "Public school"

13806. "Member" means any person included in the membership of the system. "Member"

13807. "Employer" or "employing agency" means the State or any agency or political subdivision thereof by whom a member is paid. "Employer"

13808. "Service" means service rendered for compensation, except as provided in Article 7 (commencing at Section 14051), in a status requisite for membership in the retirement system. "Employment" means employment in a status requisite for membership in the retirement system. "Service" "Employment"

13809. A person is "serving on a part-time basis" or is "employed on a part-time basis" when he engages in his duties for less time than is required of persons serving on a full-time day basis, even though he is subject to call at any time, and service rendered by such person is "part-time service." "Serving on a part-time basis"

13810. "Beneficiary" means any person in receipt of a retirement salary, an annuity, a retirement allowance, or other benefit. "Beneficiary"

13811. "Regular interest" means interest, compounded annually, at the rate per annum adopted and revised from time to time by the retirement board. "Regular interest"

13812. "Permanent Fund contributions" means members' contributions to the Teachers' Permanent Fund at the rates provided for. "Permanent Fund contributions"

13813. "Annuity deposits" means contributions to the Annuity Deposit Fund as provided for. "Annuity deposits"

13814. "Accumulated annuity deposits" means the sum of all the annuity deposits deducted from the compensation of a member and standing to the credit of his individual account, together with interest credited thereon. "Accumulated annuity deposits"

"Annuity contributions"

13815. "Annuity contributions" means members' contributions to the Retirement Annuity Fund at the rates provided for.

"Accumulated annuity contributions"

13816. "Accumulated annuity contributions" means the sum of all the annuity contributions deducted from the compensation of a member and standing to the credit of his individual account, together with interest credited thereon.

"Total contributions"

13817. "Total contributions" means Permanent Fund contributions plus accumulated annuity contributions plus accumulated annuity deposits.

"Annuity"

13818. "Annuity" means payments for life derived from the "accumulated annuity deposits" or from the "accumulated annuity contributions" of a member and contributions of the State, or both. "Annuity" also means payments for life derived from "Permanent Fund contributions" of a member, plus credited interest.

"Retirement salary"

13819. "Retirement salary" means payments for life derived from funds provided by Permanent Fund contributions of members and of the State and any political subdivision thereof.

"Retirement allowance"

13820. "Retirement allowance" means the sum of the "annuity," and the "retirement salary," or any optional benefit payable in lieu thereof.

"Payroll"

13821. "Payroll" includes registers, warrants, and any other documents upon which all persons receiving salary payments are listed.

"Retirement"

13822. "Retirement" means withdrawal from active service with a retirement allowance.

"Actuarial equivalent"

13823. "Actuarial equivalent" means a benefit of equal value when computed upon the basis of such tables as are adopted by the Retirement Board and regular interest. The ages of members and beneficiaries shall be taken to the next lower completed quarter year in the determination of the actuarial equivalent.

"Local retirement system"

13824. "Local retirement system" means any retirement system, exclusive of this Retirement System, for the retirement of teachers, or for membership in which public school teachers are eligible, operated by a city, city and county, county, or other political subdivision of the State.

"Local district"

13825. "Local district" means any political subdivision of the State which contributes to the support of a local retirement system.

"County"

13826. "County" includes "city and county."

"Permanent Fund," etc.

13827. "Permanent Fund," "Annuity Fund," and "Annuity Deposit Fund" means "Teachers' Permanent Fund," "Retirement Annuity Fund," and "Teachers' Annuity Deposit Fund," respectively.

"Superintendent"

13828. "County superintendent" and "superintendent" mean county superintendent of schools.

"Month"

13829. In the provisions of this chapter (commencing with Section 13801) relating to the computation and crediting of service, "month" means a school month, as defined in Section

5102; in all other provisions of this chapter (commencing with Section 13801), "month" means a period commencing on any day of a calendar month and extending through the day preceding the corresponding day of the succeeding calendar month, if there is any such corresponding day, and if not, through the last day of the succeeding calendar month.

"Compensation," "salary"

13830. "Compensation" and "salary" mean remuneration in cash payable by the employer.

"Compensation earnable"

13831. "Compensation earnable" by a member means the compensation as determined by the board which would have been earned by the member if he engaged in his duties the full amount of time he was required by his employment to be so engaged. The computation for any absence of a member shall be based on the compensation earnable by him at the beginning of the absence and that for time prior to becoming a member shall be based on the compensation earnable by him in the position first held by him as a member.

"Final compensation"

13832. "Final compensation" means the highest average annual compensation earnable by a member during any period of three consecutive years during his membership in the system or time during which he was not a member but for which he has received credit under the system, except such time as was so credited pursuant to the provisions of Sections 14067 and 14068. For the purposes of this section, periods of service separated by breaks in service may be aggregated to constitute a period of three consecutive years, if the periods of service are consecutive except for such breaks If a break in service did not exceed six months in duration, time included in the break and compensation earnable during such time shall be included in computation of final compensation. If a break in service exceeded six months in duration, the first six months thereof and the compensation earnable during those six months shall be included in computation of final compensation, but time included in the break which is in excess of six months and the compensation earnable during such excess time shall be excluded in computation of final compensation. With respect to members whose retirements are effective after June 30, 1956, two or more breaks in service which are separated by periods of service each of which does not exceed one-half year of credited service, shall be added together, and for the purpose of this section, the total shall be considered as one break. Time during which a member is in state service or in the employment of a local school district or of a county superintendent of schools and is also a member of another retirement system to which the State or the university contributes shall not be considered to be an absence for the purposes of this section, and the determination of the final compensation of such a member shall take into consideration his compensation earnable while he was a member of such other system. Retirement allowances, hertofore effective and based on such final compensation, are hereby validated and confirmed.

The board may specify a different final compensation with respect to benefits based on part-time service rendered prior to July 1, 1956, for which credit was given under this system under board rules in effect prior to such date.

Overtime compensation exclusion

13833. When the compensation of a member is a factor in any computation to be made under this chapter (commencing with Section 13801), including but not limited to computation of members' and school districts' or other employing agencies' contributions to the Retirement Annuity Fund and excluding computation of compensation earnable during time prior to July 1, 1956, there shall be excluded from such computations any compensation based on overtime put in by a member. For the purposes of this chapter (commencing with Section 13801), overtime is the aggregate service performed by an employee as a member for all employers and in all categories of employment in excess of the hours of work considered normal for employees on a full-time basis.

Status

13834. A member shall be considered to be "entitled to retirement benefits," "entitled to receive benefits," "entitled to any allowance," or "entitled to receive" any advantage referred to, as such phrases are used in this chapter (commencing with Section 13801), if such member occupies a status, which if continued will lead to qualification for a retirement allowance, but such words in the last paragraph of Section 14355, Section 14356, the last paragraph of Section 14369 shall mean current qualification for a retirement allowance.

The application of this definition heretofore made in the administration of the Retirement System is hereby ratified, validated, and confirmed.

Boards

13835. The Teachers Retirement Board and the Retirement Investment Board established by this chapter (commencing at Section 13801), shall be deemed to be continuations of the Teachers Retirement Board and the Retirement Investment Board established prior to June 16, 1944, by the State Teachers' Retirement Act. The members of said boards in office on June 16, 1944, shall continue to hold their offices without the necessity of filing any new oaths of office, and the appointive members of said boards shall continue in office for the terms for which they were appointed.

Tax exemption

13836. The right of a person to a pension, retirement allowance, return of contributions, the pension, retirement allowance, any optional benefit, or any other right accrued or accruing to any person under this part are exempt from taxation, including any inheritance tax, whether state, county, municipal, or district.

Article 2. Retirement Board

Teachers Retirement Board

13851. The Retirement System shall be managed, except for the investment of the funds, by the Teachers Retirement Board, the members of which shall be the members of the State Board of Education and the appointive members of the Retire-

ment Investment Board. The President and Secretary of the State Board of Education shall be the President and Secretary, respectively, of the Retirement Board. Members of the board shall serve without compensation but shall be entitled to reimbursement of any traveling expenses incurred in connection with membership on the Retirement Board.

Officers and employees

13852. The board shall appoint an executive officer, an actuary and other employees necessary to the administration of this system. The executive officer and actuary may administer oaths.

Powers

13853. The Retirement Board has the sole power and authority to hear and determine all facts pertaining to application for benefits under the Retirement System, or any matters pertaining to administration thereof, except as to investment of funds. The Retirement Board shall meet at least once every calendar quarter.

The secretary of the board shall perform and discharge under the direction of the board the powers, duties, purposes, functions and jurisdiction vested in the board and delegated to him by it. The secretary may delegate to the executive officer of the system any act or duty within the power of the secretary to perform unless by affirmative vote recorded in its minutes the board has specifically required the secretary to act personally.

Acts of secretary or executive officer

13854. Acts of the secretary or the executive officer shall be reported to the board at its next meeting, and shall be subject to review and ratification by the board at that meeting. Reversal by the board of any act of the secretary or executive officer shall be effective on the date fixed by the board, but payment, prior to the board's action, of benefits shall not be affected by such action, except for such recovery as the board may direct of the amounts paid, from the beneficiary receiving the amounts.

Hearings

13855. The board may, in its discretion, hold a hearing for the purpose of determining any question presented to it involving any right, benefit or obligation of a person under this part. Where a hearing is held, the proceedings shall be conducted in accordance with Chapter 5 of Part 1 of Division 3 of Title 2 of the Government Code, and the board shall have all of the powers granted therein; provided, that the provisions of Section 11508 of the Government Code shall not apply and the hearing shall be held at such time and place as may determined by the board.

Contributions

13856. The Retirement Board shall credit contributions of the members of the Retirement System to the Retirement Annuity Fund and to the Annuity Deposit Fund with interest at a rate or rates to be declared annually by the board. Earned interest not credited to contributions shall remain in the funds as a reserve against deficiencies in interest earned in other years, losses under investments, and other contingencies. The board, however, may apply to reduce the book value of securities purchased, all or part of the excess of the proceeds of

the sale or redemption prior to maturity of securities over the book value of the securities sold or redeemed; provided, the purchase of securities is made with said proceeds; and provided further, that the terms of both securities from the date of sale, redemption, or purchase, as the case may be, to the respective dates of maturity, do not differ by more than five years. All such applications of excess of sales or redemption proceeds, even with greater difference in terms, heretofore made by the board are hereby validated and confirmed.

Adoption of tables

13857. The board shall adopt, upon the recommendation of the actuary of the system, such mortality and other tables and interest rates as are necessary to:

(a) Permit valuation of the assets and liabilities of the Retirement System.

(b) Make any determination or calculation necessary to carry out the provisions of this chapter (commencing at Section 13801).

Actuarial variations

13858. The board shall keep in convenient form such data as is necessary for the actuarial valuation of the Retirement System. In not to exceed six-year periods after June 30, 1944, the board shall make an actuarial investigation into the mortality, service, and other experience of members and beneficiaries and shall make an actuarial valuation of the assets and liabilities of the Retirement System. From time to time, the board shall determine the rates of interest being earned on the several funds. Upon the basis of any or all of such investigation, valuation, and determination, the board shall adopt for the Retirement System such interest rates, rates of contribution to the Retirement Annuity Fund, mortality, service, and other tables as are deemed necessary. No adjustment shall be included in new rates of annuity contribution adopted by the Retirement Board on the basis of such investigation, valuation, and determination or because of amendment to the Teachers Retirement Law, for time prior to the effective date of the adoption or amendment, as the case may be. No action of the board, other than correction of errors in calculating the annuity at the time of retirement, shall change the annuity payable to a person retired prior to the date the action is taken.

Records and accounts

13859. In addition to other records and accounts, the board shall keep such records and accounts as are necessary to show at any time:

(a) The total Permanent Fund contributions of members.

(b) All other accumulated contributions in the Permanent Fund.

(c) The total accumulated annuity contributions of members in the Retirement Annuity Fund.

(d) The total accumulated annuity contributions of members in the Retirement Annuity Fund less the annuity payments made to the members.

(e) The total accumulated annuity deposits of members in the Teachers' Annuity Deposit Fund.

(f) The total accumulated annuity deposits of members in the Teachers' Annuity Deposit Fund less payments made from that fund for annuities for retired teachers.

(g) The total accumulated contributions of the State to the Retirement Annuity Fund for benefits based upon members' service rendered prior to July 1, 1944.

(h) The total accumulated contributions of the State to the Retirement Annuity Fund for benefits based upon members' service rendered after July 1, 1944.

Service credits

13860. The board shall determine the service rendered by members to be credited toward qualification for retirement, and shall fix retirement allowances and modify the allowances.

Same

13861. Service rendered prior to July 1, 1956, shall be credited according to the provisions of this chapter (commencing with Section 13801) which were applicable prior to such date. With respect to time served after June 30, 1956, by persons included in classifications of employees whose normal tours of duty extend throughout the school year as contrasted with the school term, the board shall credit one year of service for 10 months or more of service rendered by persons employed on a monthly basis, and for 215 days or more of service rendered by persons employed on a per diem basis. With respect to time served after June 30, 1956, by persons included in classifications of employees whose normal tours of duty extend throughout the school term as contrasted to the school year, and do not exceed 180 days of service, the board shall credit one year of service for 145 days or more of service rendered by persons employed on a per diem basis, which shall include persons whose compensation is normally paid in monthly installments and fixed by annual contract. With respect to time served after June 30, 1956, by persons included in classifications of employees whose normal tours of duty extend during any year throughout other periods, the lengths of which fall between those of the school year and school term of 180 days of service, the board may fix the minimum numbers of months and days, as the case may be, upon the basis of which a year of service shall be credited, but the relationship of such minima to the normal time worked by persons who are not absent from duty, in such periods shall agree generally with the relationship between the normal time worked by persons who are not absent from duty, in the respective periods and minima in the two preceding sentences; provided, that no minimum shall be less than 145 days of service.

Witnesses

13862. The board shall subpena witnesses and compel their attendance to testify before it, and each member and the secretary of the board may administer oaths and affirmations to witnesses and others transacting business of the Retirement System.

Employing agencies

13863. The board shall regulate the duties of employing agencies and other public authorities, imposed upon them by this chapter (commencing at Section 13801), and shall require reports from the employing agencies and authorities as it

deems advisable in connection with the performance of the duties.

Regulations

13864. The board shall perform any other acts necessary for the administration of the Retirement System in carrying into effect the provisions of this chapter (commencing at Section 13801). Any rules and regulations adopted by the board for the purpose of the administration, and not inconsistent with the provisions of this chapter (commencing at Section 13801), shall have the force and effect of law.

Membership of system in national council

13865. Subject to the approval of the Department of Finance, the board may subscribe for membership for the State Teachers' Retirement System in the National Council on Teacher Retirement.

Meetings

13866. All meetings of the board shall be open and public.

Records

13867. All records of the board shall be open to inspection by the public during regular office hours, except as otherwise provided for by law.

Article 3. Establishment and Control of Funds

Teachers' Retirement Fund

13901. On and after July 1, 1957, there shall be established and maintained in the State Treasury a Teachers' Retirement Fund and on said date there shall be transferred to said fund all the assets then being held in the State Treasury which are to the credit of, or as are held as belonging to, the Teachers' Permanent Fund, the Retirement Annuity Fund, the Teachers' Retirement Disbursement Fund and the Teachers' Annuity Deposit Fund. Wherever in this chapter (commencing at Section 13801), authority is granted to disburse funds from, or to make payments to, the Teachers' Permanent Fund, the Retirement Annuity Fund, the Teachers' Retirement Disbursement Fund or the Teachers' Annuity Fund, such authority shall also extend to the Teachers' Retirement Fund.

Funds maintained in records

13902. The Retirement Board shall maintain three funds in the records of the Retirement System, as follows:

(a) Teachers' Permanent Fund derived from contributions by members, school districts or other employing agencies, and the State, as provided in Sections 14101, 14201, and 14216, together with interest earned thereon.

(b) Retirement Annuity Fund derived from contributions of members, school districts or other employing agencies, and the State as provided in Sections 14108 and 14210 and in 14563, as added by Chapter 13 of the Statutes of 1943 (Fourth Extraordinary Session) and as subsequently amended, together with interest thereon.

(c) Teachers' Annuity Deposit Fund derived from members' annuity deposits, together with interest earned thereon.

The funds shall also include donations, legacies, gifts, and bequests made thereto and accepted by the Retirement Board and any appropriations made thereto by the Legislature in addition to amounts provided in this chapter (commencing at Section 13801).

13903. Disbursements of money under the Retirement System, of whatever nature, shall be made upon claims duly audited in the manner prescribed for disbursement of other public funds. Disbursements

13904. The Retirement Board may authorize the transfer and disbursement of funds upon the signature of either or both its president and secretary, or, in the absence of the secretary, an officer or employee of the system designated by the secretary. Procedure

13905. Money except interest and other income from investments, in whatever form, received by the State Treasurer for the fund, shall be reported forthwith by him to the Retirement Board, and the money together with money received directly by the board shall be deposited forthwith by the board in the State Treasury to the credit of the fund. Interest, and other income derived from securities shall be collected by the State Treasurer, deposited to the credit of the fund, and reported forthwith to the board. Deposit of money

13906 The Annuity Deposit Fund shall be used for the continued payment of annuities derived from members' deposits in the Annuity Deposit Fund to members retired prior to July 1, 1944, as provided in Section 14351, and for the repayment of deposits and payment of additional annuities as provided in this section. Annuity Deposit Fund

Upon written request therefor by any member to the Retirement Board, he shall be paid the accumulated annuity deposits based on salaries earned prior to July 1, 1944, in the Annuity Deposit Fund standing to the credit of his individual account. Such deposits so withdrawn may not thereafter be redeposited in the Annuity Deposit Fund, but if such accumulated annuity deposits were withdrawn by a member upon termination of employment, the amount so withdrawn may be redeposited in the Annuity Deposit Fund at any time within one year of the re-entry of the person into membership in the retirement system.

Any moneys remaining in the Annuity Deposit Fund to the credit of a member's individual account shall accumulate with interest. Upon the retirement of the member for service or disability, such moneys shall be used to provide an additional annuity for the member in whatever amount they will provide at that time, as provided in Sections 14355 and 14369. In the event that a member dies prior to retirement, any moneys standing to the credit of his individual account in the Annuity Deposit Fund shall be paid to his nominated beneficiary or to his estate.

Earned interest not credited to annuity deposits shall remain in the fund as a reserve against deficiencies in interest earned in other years, losses under investments, and other contingencies.

13907. The cost of the administration of the Retirement System, including the employment of necessary expert and Costs of administration

clerical assistance, the purchase of necessary supplies and equipment, and any other expenses necessary in the administration, shall be paid by the State, but the total of the costs of administration during any fiscal period shall not exceed the amount made available by law for such costs during the fiscal period.

Retirement Investment Board

13908. There is a Retirement Investment Board consisting of the State Superintendent of Public Instruction, the State Director of Finance, the State Controller, and two teachers appointed by the State Board of Education for four-year terms. The State Board of Education shall fill each vacancy in the four-year terms by appointing a teacher to serve the unexpired portion of the term in which the vacancy occurs. The investment board shall annually elect two of its members as president and secretary, respectively. Members of the board shall receive their actual necessary expenses incurred by reason of attending meetings of the board.

Powers

13909. The Retirement Investment Board shall have exclusive control of the investment of the Teachers' Retirement Fund, including the purchase of securities and the sale thereof. Investments shall be confined to securities approved in this State for the investment of funds of savings banks.

Bond investments

13910. Notwithstanding the provisions of Section 13909, investments may be made in bonds issued pursuant to the Improvement Bond Act of 1915; provided, that an ad valorem tax on all property taxable by the public agency which authorized the issuance of such bonds, at a rate not exceeding ten cents ($0.10) for each one hundred dollars ($100) of assessed value, computed as of the date of such investment, would produce an amount equal to at least 100 percent of the principal and interest payable in any year thereafter on the issue of bonds in which such investment is made.

Investment of funds

13911. The board may appoint a committee composed of one or more of its members, which may purchase securities in the open market from time to time, as cash becomes available for investment, from a list of securities previously approved by the board according to title or source of issue and which may sell any securities when it is necessary or advantageous to do so. Purchases and sales of securities by the committee shall be reported forthwith to the other members of the Retirement Investment Board.

Control of funds

13912. The Retirement Board shall have exclusive control of the administration of the funds, except as to the purchase and sale of securities, and custody thereof. No transfers or disbursements, except disbursements made in the purchase of securities, of any amount from the funds shall be made except upon the authorization of the Retirement Board for the purpose of carrying into effect the provisions of this chapter (commencing at Section 13801).

Meetings

13913. The President of the Retirement Investment Board shall call at least one meeting of the board during the first six-months period of each year and at least one meeting during

the second six-months period of each year, and shall call such other meetings of the board as he deems necessary. The president of the board shall designate the time and place of each of the meetings.

Same

13914. All meetings of the Retirement Investment Board shall be open and public.

Records

13915. All records of the Retirement Investment Board shall be open to inspection by the public during regular office hours, except as otherwise provided by law.

Article 4. Membership in Retirement System

Persons excluded

13951. The provisions of this article (commencing at Section 13951) do not apply to persons excluded from membership in the Retirement System by Section 14001.

Members

13952. All persons who were members of the California State Teachers' Retirement System on June 30, 1944, including persons who are members of a local retirement system, are members of the Retirement System.

Teachers

13953. All teachers employed in the public schools of this State who have not claimed exemption, as provided by law, are members of the Retirement System.

Same

13954. All teachers employed in the public schools of this State who claimed exemption but who have elected or shall elect not to be exempt, are members of the system.

Librarians

13955. Certificated librarians in elementary or secondary schools, or persons who serve partly as librarians and partly as teachers, are members of the system.

Employees holding credentials

13956. All other employees in the public schools of this State who hold valid and unrevoked credentials issued by the State Board of Education, and who are employed for the major part of each school month in work authorized by their credentials, are members of the system.

State superintendent and deputies

13957. The State Superintendent of Public Instruction, deputy superintendents of public instruction or associate superintendents of public instruction are members of the system.

Employees performing certain duties

13958. Persons employed in the public schools or in county superintendents' offices of this State to perform duties usually performed by counselors, co-ordinators and research directors, are members of the system.

Employees with credentials

13959. Persons employed by the State Commission on School Districts and persons employed in the Department of Corrections, who hold a valid credential issued by the State Board of Education, are members of the system; provided, they elected under Section 20335 of the Government Code, prior to the ninetieth day following the adjournment of the 1951 Regular Session of the Legislature, to be such members; and provided further, that if employed on or after such date, such persons are members of this system with respect to such employment if they are employed in teaching positions in said department or by said commission.

Transfers

13960. Persons who become members under Sections 13957, 13958 or 13959, and who have been required to become members of the State Employees' Retirement System, may elect, prior to January 1, 1948, to transfer their memberships to the State Teachers' Retirement System.

County superintendents

13961. County superintendents, their deputies, and certificated employees under the direction of county superintendents are members of the system.

State colleges

13962. Teachers of State colleges with or without a certificate, and librarians or other employees in such institutions who are engaged in work that would make them eligible to the provisions of the Retirement Law if rendered in any other branch of the Public School System are members of the system.

California Polytechnic School, etc.

13963. Teachers employed by the California Polytechnic School, the California School for the Deaf, the California School for the Blind, every institution maintained and operated by the Department of Mental Hygiene, every institution maintained and operated by the Youth Authority, the State School for Cerebral Palsied Children, or the State Board of Education, who hold valid teacher's certificates, or a California state teacher's credential, or who after June 16, 1944, secure a teacher's certificate valid in this State, or a state teacher's credential are members of the system. A teacher employed by the State School for Cerebral Palsied Children, who has been required to become a member of the State Employees' Retirement System, may elect, prior to January 1, 1948, to transfer his membership to the State Teachers' Retirement System. A teacher employed by any such institution maintained and operated by the Department of Mental Hygiene who has been required without his option, to become a member of the State Employees' Retirement System, may elect, prior to January 1, 1950, to transfer his membership to the State Teachers' Retirement System.

Training schools

13964. Teachers of elementary or secondary school pupils in a training school connected with State colleges in this State or with the University of California or any branch thereof, or supervisors of practice teaching in the University of California or any branch thereof are members of the system.

Staff of Los Angeles State Normal School

13965. Members of the staff of the Los Angeles State Normal School who continued as members of the faculty of the southern branch of the University of California on June 25, 1919, and who were entitled to the benefits of and subject to the provisions of an act entitled "An act to provide for the payment of retirement salaries to public school teachers of this State; creating a Public School Teachers Retirement Salary Fund, and also a Public School Teachers Permanent Fund, providing for the administration of such funds, and making an appropriation for the use of said fund," approved June 16, 1913, as amended, and who elected to continue under the provisions of the act, on or before December 31, 1923, as provided by law are members of the system.

13966. Persons employed by the State Board or State Department of Education, who hold a valid credential issued by the board and who render service of an educational nature and persons employed in the Agency for Surplus Property in said State Department of Education who hold a valid credential issued by the board, are members of the system. A person employed in the Agency of Surplus Property who has been required to become a member of the State Employees' Retirement System, may elect prior to January 1, 1950, to transfer his membership to the State Teachers' Retirement System. State Board of Education, etc

13967. If a member dies or is retired, or if his contributions are refunded to him upon termination of service, he shall cease to be a member. Termination of membership

For the purposes of this section, deposit in the United States mail of a warrant drawn in favor of a member, as refund of his contribution, and addressed to the latest address of the member on file in the office of this system, constitutes payment to the member of the amount for which the warrant is drawn.

Article 5. Exclusion from Retirement System

14001. The following persons are excluded from membership in the Retirement System: Persons excluded from membership

(a) Any person who shows to the satisfaction of the board, that he will be unable, by reason of the nature of his services, to become eligible to benefits thereunder.

(b) Persons employed in a status requisite for membership, who are entitled to be credited under this system with less than 10 years of service, but who are on June 16, 1944, or who thereafter become members of the State Employees' Retirement System or any other retirement system, except a local retirement system, and receive credit thereunder for service which would be credited hereunder to a member. Persons who are members of a local retirement system shall be members of both the State and the local retirement systems; upon retirement such persons shall be entitled to the full benefits from the Permanent Fund, but shall not receive benefits from the Retirement Annuity Fund for any service for which they are entitled to benefits from a local retirement system, as provided in Article 13 (commencing with Section 14351) of this chapter. Persons who are members of any retirement system other than a local retirement system, and who continue to be members of this system, shall not contribute to this system or receive benefits from it, on account of service or salary earned in service which is credited under such other retirement system. A member whose membership is terminated by this subdivision shall be considered, solely for the purpose of Section 14151, as ceasing to be employed in a status requisite to membership.

(c) Persons serving as exchange teachers from outside of this State.

(d) Persons employed on a substitute basis, who are not already members when they become employed and who accord-

ing to the best judgment of their employer, will not render at least five months of service during the school year. If such persons subsequently enter a status requisite for membership, they shall be credited with service rendered in the substitute status, subject to the board's rule fixing minimum service required for credit.

Member of another system

14002. Nothing in this article (commencing with Section 14001) shall be construed or applied to exclude from membership in this system any member who enters a status requisite for membership in this system in which status he has the right to elect membership in this or another retirement system and who elects membership in the other retirement system, or who enters a status which is not requisite for membership in this system, but time served in which is included in this chapter (commencing with Section 13801). Time served after becoming a member of the other system shall not be credited to the member under this system, nor shall contributions or benefits under this system be based upon such time or the salary received by the member during such time, except as provided in Section 13832.

The member shall not be required to render two years of service in a status requisite for membership in this Retirement System before making application for retirement.

This section shall be retroactively applied to continue the membership in this system of any such member whose contributions have not been refunded to him.

Article 6. Information as to Status

Notice of status

14021. Each county superintendent of schools shall give immediate notice in writing to the Retirement Board of the employment, death, resignation, or discharge of any person employed in a status requisite to membership in the system, by the county or by a school district in the county. Likewise every other employing agency shall give similar notice with respect to each person employed by it in a status requisite to membership in the Retirement System. The county superintendent of schools and other employing agencies shall furnish such further information concerning any member or beneficiary as the board may require.

Withholding of salary

14022. The county superintendent of schools or other employing agency shall withhold the salary of any member who fails to file information required by the Retirement Board in the administration of the Retirement System, or to pay amounts due from the members to the Retirement System. The salary shall be withheld by the county superintendent of schools or employing agency upon his own knowledge, if any, of the failure or upon notice from the Retirement Board of the failure of the teacher to file or pay. The salary shall be withheld and not released until notice is given by the Retirement Board to the county superintendent of schools or employing agency, or until the county superintendent of schools or agency

knows otherwise, that the information has been filed or the payment has been made.

Duties imposed

14023. County superintendents of schools, school districts, and other employing agencies shall also perform the duties imposed upon them in other sections of this chapter (commencing at Section 13801) and by the Retirement Board.

Regulations

14024. Each member and beneficiary is subject to all the provisions of this chapter (commencing with Section 13801) and to all the rules and regulations adopted by the Retirement Board not inconsistent with the provisions of this chapter (commencing with Section 13801).

Information affecting status

14025. Each member and beneficiary shall furnish to the board such information affecting his status as a member or beneficiary of the system, as the board requires. Particularly, each member shall file a statement with the Retirement Board, at the option of, and upon the form furnished by, the board, giving:

(a) His date of birth.

(b) All service previously rendered by him in a status requisite to membership in the Retirement System or its predecessors.

(c) The beneficiaries under the Retirement System to receive any benefits, including retirement allowances accrued but not received prior to death, payable upon the death of the member or beneficiary.

Confidential data

14026. Data filed by any member or beneficiary with the Retirement Board is confidential. No official or employee who has access to the individual records shall divulge any information concerning such records to any person other than the member to whom the information relates or his authorized representative, the governing board of the school district or agency by which he is employed, or any state department or agency. They shall be used by the Retirement Board for the sole purpose of carrying into effect the provisions of this chapter (commencing with Section 13801). The information shall not be open to inspection by anyone except the Retirement Board and its officers and employees, and any person authorized by the Legislature to make inspections.

Article 7. Computation of Service

Computation of service

14051. In the computation of the service to be credited to a member for the purpose of determining whether the member qualifies for retirement, and for the purpose of determining the amount of contributions to be required of and benefits to be paid to a member, time shall be included pursuant to the provisions of this article (commencing at Section 14051).

Same

14052. Service shall be computed by school years and not by calendar years, portions of years served being accumulated and counted as service. All of the service rendered during any one school year in employment requisite for membership in this system shall not count for more than one year, and the

service credited under this system to any member as rendered during any school year, shall not exceed the fraction of a year which makes one year of service, when added to the service credited to such member under the State Employees' Retirement System, the Retiring Annuities System of the University of California, or any locally administered retirement system in California except a local system as defined by Section 13824, as rendered during such year. No time shall be included for which, or on the basis of which a member is entitled to receive a pension in a lump sum or installment payments, for other than naval or military service from any source other than this system or a local retirement system. If a retired member becomes entitled to such a pension, his retirement allowance shall be reduced thereafter to exclude the time upon which the pension is based, without other change in his retirement status. No time shall be included during which a member is on retirement under this system. If, at retirement, there are contributions to the Permanent Fund and the Retirement Annuity Fund remaining to the credit of the member which were made with respect to time on the basis of which the member will not be entitled to receive a benefit from those funds, the board shall refund to the member such contributions as it may allocate to said time with credited interest.

Same Saturdays and Sundays

14053. Saturdays and Sundays shall not be included in determining days of service unless the member is required to perform duties for compensation on such days instead and in lieu of all or part of some other day or days of the week, and in that event such all or part, as the case may be, of such other day or days shall not be included as days of service.

Credits

14054. The member shall receive credit for time served, as a member or prior to becoming a member, in a status requisite for membership in the Retirement System or its predecessors.

Night school or adult education service

14055. The member shall receive credit for time served in a night school or in the adult education program, in the proportion that such time bears to the minimum full-time service required for credit for one year of service, according to Section 13861.

Prior service

14056. The member shall receive credit for time served in a status prior to the date the status is made requisite to membership, whether under the California Public School Teachers' Retirement Salary Fund, the California State Teachers' Retirement System, or this Retirement System.

Member of other retirement system

14057. The member shall receive credit for time during which he is excluded from membership herein while a member of any other retirement system and during which he serves in a status requisite for membership in the State Teachers' Retirement System or its predecessors, if he subsequently ceases to be a member of the other retirement system and becomes a member hereof.

Subsequent qualifications

14058. The member shall receive credit for time served in a position in which, without a change in duties attached

thereto, he subsequently qualifies as being in a status requisite to membership.

Prevented from rendering service

14059. The member shall receive credit for time during which he is prevented from rendering service in a status requisite for membership, by act of God, or by reason of the closing of a school by any duly authorized officer or body because of epidemic or any other reason.

Compensated leave of absence

14060. Except as provided in Sections 14059 and 14061, time during which a member is excused from performance of his duties, such as but not limited to, sick leave, holidays other than Saturdays and Sundays, vacation or sabbatical leave, whether or not he is required to perform any portion of such duties during such time, and for which he receives compensation, including disability from any insurance carrier of his employer, under the Labor Code on account of industrial injury or disease, in an amount less than the full compensation earnable by him while performing his duties when not so excused, shall be credited as service in the proportion that the compensation paid to the member bears to the full compensation which would be earnable by him while performing his duties on a full-time basis.

Military leave, etc

14061. The member shall receive credit for time during which he serves in the active military service of the United States or of the State including active service in any uniformed auxiliary of, or to, any branch of such military service created or authorized as such auxiliary by the Congress of the United States of America or by the Legislature of the State of California, or in the full-time paid service of the American Red Cross rendered prior to September 10, 1957, during war with any foreign power or during other national emergency, or in time of peace if he is drafted for such service by the United States Government, if he was employed in a status requisite for membership, or in a status, time served in which is included in this chapter (commencing at Section 13801), within one year prior to entering such service. Time during which a member for other cause, is absent without compensation, on leave or otherwise, shall not be included except as provided in Section 14059. Time included under this section shall be considered as served in the state in which the member was last employed before entering such service.

Notwithstanding other provisions of this chapter (commencing at Section 13801), a member who has voluntarily requested or hereafter so requests or agrees to an extension of his original term of enlistment, service, or tour of duty shall not receive credit for time during which he serves in such military service and which is after January 1, 1958, or after the expiration of six months following the date of termination of such original term of enlistment, service, or tour of duty, whichever is later.

For the purposes of this section war with a foreign power exists: (a) whenever Congress has declared war and peace has not been formally restored; (b) whenever the United States is

engaged in active military operations against any foreign power, whether or not war has been formally declared; or (c) whenever the United States is assisting the United Nations, in actions involving the use of armed force, to maintain or restore international peace and security.

Credit for service

14062. The member shall receive credit for time served in teaching positions in publicly supported and publicly administered universities and colleges in this State.

Public university service

14063. The member shall receive credit for time served in teaching positions in schools supported and administered by the United States Government in this State.

A member shall also receive credit for time served as a physiotherapist during World War I in the Medical Department of the United States Army; provided, he was employed in a position requisite for membership in this system within one year prior to entering such service.

Uncredited service in certificated positions Election

14064. Notwithstanding the provisions of this chapter (commencing at Section 13801), any member who has rendered service in the employment of a school district in this State in a position the incumbent of which, when such service was rendered, was required by the governing board of such school district to possess a valid school administration certificate and a valid teacher's certificate issued by the State Board of Education, and who is not credited, nor entitled to be credited, with such service in this system or in any other public-employee retirement system established pursuant to any law of this State at the time of making the election herein provided, may elect in writing at any time on or before his retirement under the system to receive credit in the system for such service; provided, that upon making such election, he pays into the system by lump-sum payment, to the credit of the appropriate fund or funds, as determined by the board, the contributions that he would have made had he been in a status requisite for membership in this system at the time such service was rendered, together with the amount of interest that would have been credited to his account or accounts in such fund or funds under such assumption.

Exchange teacher

14065. The member shall receive credit for time served as an exchange teacher in any location.

Teaching service outside State

14066. Except as otherwise provided in Sections 14061, 14065, 14067, and 14068, no member shall receive credit for service outside this State, whether before or after July 1, 1944.

Service prior to July 1, 1944

14067. Every person who was a member or a retired member of the California State Teachers' Retirement System on June 30, 1944, shall receive credit for time served outside this State prior to July 1, 1944, as follows:

(a) He shall receive credit for time served in a status which in this State is requisite for membership, in other states of the United States and its territories and possessions and in Canada.

(b) He shall receive credit for time served in teaching positions in publicly supported and publicly administered universities or colleges in the United States and its territories and

possessions and in Canada. Retirement salaries payable to persons retired after July 1, 1937, and prior to September 13, 1941, shall be adjusted upon the request of the persons, to the provisions of this section, effective on the first day of the month in which the requests are received at the office of the Retirement System in Sacramento.

(c) He shall receive credit for time served in teaching positions in schools supported and administered by the United States Government.

A member shall also receive credit for time served as a physiotherapist during World War I in the Medical Department of the United States Army; provided, he was employed in a position requisite for membership in this system within one year prior to entering such service.

(d) Members who are employed in the California School for the Deaf or the California School for the Blind, or in special classes maintained by the public schools of this State, for the instruction of the deaf, the hard of hearing, the blind, or the semisighted shall receive credit for time served in publicly supported residential schools for the deaf and blind outside this State.

Teachers of deaf and blind

14068. A member shall receive credit for time served, either before or after July 1, 1944, in publicly supported and administered schools in other states of the United States and its territories and possessions and in Canada as a teacher of children who are deaf or blind or both deaf and blind if the member fulfills both of the following conditions:

(a) He is credited with at least 10 years of service in this State as a teacher of children who are both deaf and blind.

(b) Within five years immediately preceding the date when he became a member of this system, he served at least one year in publicly supported and administered schools in other states of the United States, its territories and possessions, or in Canada, as a teacher of children who were both deaf and blind.

Article 8. Members' Contributions

Contribution to Permanent Fund

14101. Each member who retires on or after July 1, 1944, is required to have contributed to the Permanent Fund at the following rates for the service credited to him under the Retirement System:

(a) Twelve dollars ($12) for each year of service prior to July 1, 1935, but contributions shall not be required for more than 30 years of service rendered prior to July 1, 1935.

(b) Twenty-four dollars ($24) for each year of service from July 1, 1935, to July 1, 1944.

(c) Sixty dollars ($60) for each year of service after July 1, 1944.

Part-time teachers

14102. The Retirement Board by rule may provide that members employed on a part-time or substitute basis shall not be required to contribute for months during which they serve

less time than that required for credit for service of one month, as fixed by the Retirement Board.

Deductions from salary

14103. Contributions to the Permanent Fund for service rendered after July 1, 1944, shall be made as service is rendered, being deducted from each salary payment made for service for which the member is entitled to receive benefits from a local retirement system, in an amount determined by dividing sixty dollars ($60) by the number of salary payments normally to be made throughout the entire school year to members who are in service, without interruption. The Retirement Board by rule may modify the method of determining the amount of contributions to be deducted from each salary payment, if a member is employed on a substitute or part-time basis, or if the service of a member is interrupted by absence without compensation.

Members' contributions for credited service

14104. Any person to whom service rendered outside of the State after January 1, 1914, is credited and any person who has claimed exemption from the provisions of the Retirement System or its predecessor or who is excluded from the Retirement System because of being a member of another retirement system while serving in a status requisite for membership in this Retirement System or its predecessor, and who later becomes subject to its provisions shall pay, in addition to the sum due under Section 14101 for each year of credited service rendered outside the State or while exempt or while a member of any other system, interest at the rate of 5 percent per annum on the amount which would have been contributed had he been a member of the Retirement System when the service was rendered. Interest shall begin on the first day of July next following the end of the school year in which the service was rendered, and shall end upon the date of retirement.

Payments after retirement

14105. Every person who retires on or after July 1, 1944, and who is entitled to receive a retirement salary, but who at the time of retirement is not credited with the full amount of contributions to the Permanent Fund required of him by Section 14101, shall pay to the Retirement System such additional amount as is necessary to bring the contributions credited to him up to the full amount of contributions to the Permanent Fund required of him by Section 14101.

Method of payment

14106. The portion of the additional amount which is based on service rendered after July 1, 1944, shall be paid prior to the first payment on account of the retirement allowance, and the balance remaining unpaid at any time, may be paid in one sum by him or in installments as a deduction, at the rate of fifteen dollars ($15) per month, from the retirement allowance payable, if he was retired with 30 or more years of service, or at the rate of twelve dollars ($12) per month if he was retired with less than 30 years of service.

Excess payments

14107. Contributions to the Permanent Fund credited to any member which are determined by the Retirement Board to be in excess of the amount of Permanent Fund contributions required of him by Section 14101 shall be refunded in cash to

the member as soon as possible after it is determined that such contributions are in excess of the amount required, but in no event later than 90 days after action resulting in the retirement of the member.

Contributions to Annuity Fund

14108. Each member of this Retirement System shall contribute to the Retirement Annuity Fund at the rates of annuity fund contributions established by the Retirement Board, except that a member who is also a member of a local retirement system shall not contribute to the Retirement Annuity Fund for or during any service for which he is entitled to retirement benefits under the local retirement system.

Rates of annuity fund contribution

14109. The rates of annuity fund contributions shall be based upon sex and age at the nearest birthday at the time of inclusion in or entrance into this Retirement System or at such later time as the member first is required to make annuity contributions, and shall be such as, when applied to the salary of the member, not counting any salary earned in service for which the member is entitled to retirement benefits from a local retirement system, will produce contributions which will provide, on the average, an annuity at age 60 equal to approximately one-half of the benefit specified in Section 14359 to be derived from the Retirement Annuity Fund for service rendered after July 1, 1944, plus the portion of the retirement salary computed pursuant to Section 14355, on the basis of his service rendered after June 30, 1944, and for which he is not entitled to receive benefits from a local retirement system, as determined by recognized actuarial methods. The increased rates of contribution required by the increase in the annuity to be provided, shall be applied to the salary of the member for each school year after June 30, 1956. No adjustment shall be included in said increased rates for time prior to July 1, 1956.

Change in status

14110. When the status of a member who has not been required to contribute to the Retirement Annuity Fund because of membership in a local retirement system is changed so that he is required to make such contributions, he shall contribute thereafter at a rate based on his age at the time the requirement of such contributions became applicable to him.

Adjustments

14111. Accumulated annuity contributions credited to a member whose date of birth is changed in the records of the Retirement System shall be adjusted to the corrected date by refund to the member or payment by the member, as the case may be.

Deductions from salary

14112. Contributions required of a person to the Retirement Annuity Fund shall be deducted from each salary payment in the manner prescribed in this article (commencing at Section 14101). A portion of such contributions, based on the service for which said salary payment is made, and computed at the rate of sixty dollars ($60) for each year of service for which said person is not entitled to receive benefits from a local retirement system, shall be considered and administered as the contributions to the Permanent Fund, required by Section 14101, for service after July 1, 1944. Every person accept-

ing employment who is required to contribute shall be deemed to consent and agree to the deduction of the annuity contributions from his salary payments.

Annuity deposits for additional benefits

14113. Subject to rules prescribed by the board, any member may elect to make annuity deposits for the purpose of providing additional benefits. Annuity deposits may be (a) deducted from earned compensation, deposited in the county treasury, remitted and reported to the board, in the manner prescribed for annuity contributions or (b) remitted by the member directly to the retirement system. The member may cancel such election and later elect again at any time, but accumulated annuity deposits derived from such deposits made after June 30, 1955, may be withdrawn only as provided in Section 14151.

Full payment of salary

14114. Notwithstanding any other law, rule, or regulation affecting the salary, pay, compensation, other perquisites, or tenure of any person to whom this chapter (commencing at Section 13801) applies, and notwithstanding that the minimum salary, pay, compensation, or other perquisites, provided by law for such person shall be reduced thereby, payment less the contributions required by this article (commencing at Section 14101) shall be in full and complete discharge and acquittance of all claims and demands whatsoever for service rendered by the teacher during the period covered by the payment, except his claim to benefits to which he may be entitled.

Order for payments due

14115. The governing board of each school district shall draw an order for the amount of salary payments due, from time to time, to the respective members employed by the board, less the amount of contributions required to be deducted from the payments, and shall inform the county superintendent of schools of the amount of the contributions.

Requisition against school district funds

14116. The county superintendent of schools at the close of each month shall draw requisitions against the funds of the respective school districts and in favor of the county teachers' permanent fund and county teachers' annuity deposit fund, which are continued in existence in each county treasury, for amounts equal to the total of contributions deducted during the month for the State Permanent Fund and State Retirement Annuity Fund, respectively. The amounts shall be deposited in the county treasury to the credit of the respective funds. At the option of the Retirement Board and with respect only to contributions based on compensation earned after June 30, 1956, such requisitions shall be drawn in favor of one of such funds in the county treasury, for the total contributions, regardless of the fund for which they were deducted, and deposited to that fund.

Deductions from salary

14117. The county superintendent of schools shall deduct from salary payments due, from time to time, to the respective members employed by him, the contributions required and at the close of each month shall draw requisitions against the funds from which the salaries were paid and in favor of the county permanent and annuity funds, respectively, for

amounts equal to the total of the contributions deducted during the month for the State Permanent Fund and State Retirement Annuity Fund, respectively. The amounts shall be deposited in the county treasury to the credit of the respective funds. At the option of the Retirement Board and with respect only to contributions based on compensation earned after June 30, 1956, such requisitions shall be drawn in favor of one of such funds in the county treasury, for the total contributions, regardless of the fund for which they were deducted and deposited to that fund.

County auditor's duties

14118. The county auditor shall deduct from salary payments due, from time to time, to the respective members employed by the county, the contributions required and at the close of each month shall transfer in the county treasury from the funds from which the salaries were paid, to the county permanent and county annuity deposit funds, respectively, amounts equal to the total of the contributions deducted during the month for the State Permanent Fund and State Retirement Annuity Fund, respectively. At the option of the Retirement Board and with respect only to contributions based on compensation earned after June 30, 1956, such transfer of the total contributions, shall be to one of such funds in the county treasury, regardless of the fund for which they were deducted.

Receipt for contributions

14119. The county superintendent of schools in each January and July shall issue a receipt for the contributions to each member from whose salary payments the deductions were made during the six months immediately preceding. The Retirement Board may issue to each member, after the close of the school year in lieu of such receipt, either one receipt for all contributions deducted from his salary during the year or a statement of his individual account.

Warrant for contributions

14120. In January and July of each year, or in each month at the option of the Retirement Board, the county superintendent of schools shall draw his requisition against the county auditor, and the requisition when allowed and signed by the county auditor shall constitute a warrant against the county treasurer, for the amount of contributions deducted from members' salary payments during the six calendar months or month, as the case may be, immediately preceding. The county auditor thereupon shall forward the warrant to the office of the Retirement Board in Sacramento.

Report

14121. The requisition of the county superintendent of schools drawn in January and July, or beginning with the report for the 12 months ending June 30, 1943, only in July at the option of the Retirement Board, shall be accompanied by a report giving the names of the members from whose salary payments contributions were deducted during the preceding 6 or 12 months, as the case may be, the amount of the contributions in the case of each member, and such other information as the board may require. The original copy of the report shall be sent by the county superintendent of

schools to the Retirement Board. If monthly requisitions are required, the reports with respect to members' contributions to the Annuity Deposit Fund alone, or with respect to all members' contributions, may at the option of the board be required monthly.

Deductions by employing agencies

14122. Employing agencies other than school districts or counties shall deduct from each salary payment due, from time to time, to the respective members employed by them, the contributions required, and shall remit in January and July of each year, or in each month at the option of the Retirement Board, to the Retirement Board, in a form satisfactory to it, the contributions deducted during the six calendar months or month, as the case may be, immediately preceding. The remittances shall be accompanied by a report in the manner required of the county superintendent.

Deposits

14123. The amounts received shall be deposited forthwith by the Retirement Board in the State Treasury to the credit of the Permanent Fund or the Retirement Annuity Fund, respectively, except that so much of such moneys as is derived from deductions from members' salaries, for members' contributions to the Annuity Deposit Fund shall be credited to the Annuity Deposit Fund. If Permanent Fund and Retirement Annuity Fund contributions are made without segregation, approximate segregation of such amounts according to such funds shall be made upon their receipt for the purpose of such deposit. On the basis of service recorded in subsequent reports required by the Retirement Board from county superintendents of schools and employing agencies other than school districts accurate segregation, including adjustments of previous approximations, shall be made as may be necessary to comply with the provisions of this chapter (commencing at Section 13801) relating to the Permanent and Retirement Annuity Fund.

Copy of pay roll

14124. The Retirement Board at its option and in lieu of all or part of the method of collecting members' contributions provided in this article (commencing at Section 14101), may require any county, city, city and county, or district superintendent of schools, any governing board of a school district, or any disbursing officer of any other employing agency, to furnish the board with a copy of every pay roll of the school district or other employing agency. The pay roll shall show for the period covered thereby and for each person employed by the district or other employing agency during the period the time served, the compensation earnable, the amount of salary earned, the contributions deducted for the Permanent Fund, the Annuity Deposit Fund, and the Retirement Annuity Fund, respectively, the net amount paid, and such other data as the board may require. The pay roll shall be verified by a duly authorized official, and shall be accompanied by a remittance to the Retirement Board in a form acceptable to the board, of the total of the contributions shown

on the pay roll as deducted from the salary payments of members listed thereon.

Statement of contributions

14125. Upon the request of the Retirement Board, the county superintendent of schools or employer shall furnish the board with a statement of the amount of contributions deducted from salary payments of any member, the service rendered by the member, and the salary earned by him, since the end of the period covered by the last report of the superintendent or employer. The Retirement Board may use the information shown in the statement in determining contributions to be paid to the member or to a beneficiary, or use it in determining the member's status upon retirement, even though the contributions will not be received by the board until after the payment or determination.

Individual account

14126. Contributions made by a member shall be credited to his individual account by the Retirement Board. Interest shall be credited to his individual account on the accumulated annuity contributions therein, at rates declared from time to time by the board.

Adjustments of contributions

14127. If more or less than the correct amount of the contributions is paid with respect to any salary payment, including salary payments to exchange teachers for service outside of this State, proper adjustments shall be made, without interest, in connection with subsequent salary payments, or adjustments may be made by direct cash payments between the member and the county superintendent of schools, employer, or the Retirement Board. Adjustments to correct any other errors in payments to or by the Retirement Board may be made in the same manner.

Advances on retirement allowances

14128. Whenever the board determines that payments to retired members of the system cannot be made until after the first day of the month following that month for which such payments are due, the board may present claims for advances on retirement allowances due a retired member of the system estimated on preliminary information in the possession of the board, and the State Controller shall draw warrants in payment of such claims. Any loss incurred in connection with an advance payment shall be a charge against the fund from which the payment was derived. Such advances to an individual may not be made in excess of the period of time prescribed by the Retirement Board.

If any such advances are more or less than the correct amount due to the member, or beneficiary of the member receiving the advances, the difference between such correct amount and the advance shall be adjusted in subsequent payments to such retired member or beneficiary, or the State Controller may state an account with the member or beneficiary, pursuant to Government Code Section 12419.

Contributions of veterans, etc., for time in military service

14129. Any member of the Retirement System who does not qualify under Section 14131, and who serves or has served in the active military service of the United States or of the State, including active service in any uniformed auxiliary of, or to,

any branch of such military service created or authorized as such auxiliary by the Congress of the United States of America or by the Legislature of the State of California, or in the full time paid service of the American Red Cross, during or after the termination of his service and at his option, may pay to the employing agency from the service of which he entered military service or said auxiliaries thereof, or Red Cross, such amounts as may be necessary, when added to contributions for the Permanent and Retirement Annuity Funds, deducted by the agency during his absence, to make his contributions to the Permanent Fund and to the Retirement Annuity Fund, equal to the contributions he would have made had he not been absent from the service of the employing agency. The contributions made shall be remitted to the Retirement Board and administered by the board in the same manner as contributions deducted from salary payments. The employing agency may at its option, make the contributions for the member, and contributions made by the agency shall be administered as if made by the member. If the member does not pay the contributions to the Permanent Fund and the Retirement Annuity Fund during his service in the military service or said auxiliaries thereof, or Red Cross, the contributions shall be deducted from his salary payments during the 12 months next following his return to duty in a position requisite to membership in the Retirement System. If the member was not employed by an employing agency at the time he entered the military service or said auxiliaries thereof, or the service of the Red Cross, his contributions to and his benefits from the Retirement Annuity Fund for such service shall be based upon the salary he was receiving in his last employment prior to entering the military service or said auxiliaries thereof, or the service of the Red Cross.

Same Non-payment of contributions

14130. Notwithstanding anything in Section 14129 to the contrary if any member of the Retirement System rendering any service for which credit is allowed under Section 14061 does not pay, while rendering such service, the contributions to the Permanent Fund and to the Retirement Annuity Fund provided for in Section 14129, and if said member does not qualify under Section 14131, the contributions shall be paid by him directly to the Retirement System or deducted from his salary payments at the rate of fifty dollars ($50) or at the rate of 20 percent of such contributions, whichever is the greater, during each successive period of 12 months following his return to duty in a position requisite to membership in the Retirement System; provided, that all contributions required to be made to the Retirement Annuity Fund and all contributions required to be made to the Permanent Fund on account of service rendered on or after July 1, 1944, shall be paid before retirement.

Same: Return to employment etc

14131. Notwithstanding anything contained in this article (commencing with Section 14101), members of this system shall not be required to contribute to the Permanent and Re-

tirement Annuity Funds on the basis of service credited under Section 14061 for time they are absent without compensation; provided, they return or have returned to an employment required for membership in this system within six months after September 19, 1947, or within six months after the termination of such service, whichever is later.

If the member was also a member of a local retirement system, the retirement system shall pay, from the Retirement Annuity Fund, to the member, at the time of his retirement, or to the local district maintaining the local system if the local district made local system contributions on the basis of service credited under the local system for time included under Section 14061, an amount equal to the annuity contributions which except for this section would be required of said member under Section 14129 on account of said service credited under the local retirement system, but not to exceed contributions made by him or the local district to the local system on account of such service. Regular interest from September 19, 1947, to the time of such payment, shall be included in such payment. The State shall contribute annually to the Retirement Annuity Fund the amounts required to be paid from said fund to local districts under this paragraph.

Any such member who exercises or did exercise the right to contribute to the system for the period of such service shall have such contributions refunded with credited interest on annuity contributions.

Any employing agency which made the contributions for the member either during his absence or after his return to employment shall have such contributions refunded with credited interest on annuity contributions.

This section shall be retroactively applied to extend its benefits to all members of this system who were absent on military service, in the service of such auxiliary, or in the service of the Red Cross on or after September 16, 1940, and shall be retroactively applied for the period beginning September 16, 1940, to all members of this system whose absence for such reasons began before September 16, 1940; provided, individuals in either class return, or have returned to an employment required for membership in this system within six months after September 19, 1947, or within six months after the termination of such service, whichever is later.

Contributions by the State and payments by the retirement system pursuant to, or as a result of, this section shall not be made for any period of time after January 1, 1950, for any member who has not returned to an employment required for membership in this system prior to that date, except that contributions by the State pursuant to this section may be made for any member who returned to an employment required for membership in this system from military service prior to January 1, 1950, and subsequently re-entered or re-enters the military service and for any member who enters or has en-

tered the military service on or after January 1, 1950, for the period of his military leave of absence.

Article 9. Return of Members' Contributions

Refund of contributions

14151. Upon the termination of a member's employment by any cause other than death on account of which a death benefit is payable or retirement there shall be paid to him:

(a) The Permanent Fund contributions, without interest, standing to the credit of his individual account, as having been made after July 1, 1935.

(b) The accumulated annuity contributions standing to the credit of his individual account in the Retirement Annuity Fund.

(c) Any moneys standing to the credit of his individual account in the Annuity Deposit Fund pursuant to Section 13906, together with the interest accumulated thereon.

Request for refund

14152. Repayments pursuant to Section 14151 to a member shall be made upon request of the member, unless it appears to the Retirement Board that the employment is permanently terminated and unless the member is entitled to be credited with less than five years of service rendered in this State immediately prior to the termination of employment, in which case payment may be made without request.

However, such repayments shall not be made without request to any member who becomes a state member of the State Employees' Retirement System or becomes subject to the Retiring Annuities System of the University of California while he continues to be a state member of the State Employees' Retirement System or a participant in the Retiring Annuities System of the University of California, until he is retired thereunder.

Refund upon service credited in another system

14153. If a member ceases to be entitled to credit for service in this system because he has become entitled to credit for such service in another retirement system supported wholly or in part by funds of the United States Government, or any state government or political subdivision thereof, except a local system, he shall be entitled to a refund of the contributions paid the Teachers' Permanent Fund after July 1, 1935, and the contributions paid the Retirement Annuity Fund with interest, on account of such service

Withholding refunds

14154. The Retirement Board shall withhold for one year payment of contributions upon termination of employment, if the person to whom the contributions are payable previously had been paid contributions and had again become a member within one year after the payment.

Redeposit of contributions

14155. If a person whose contributions have been returned to him thereafter re-enters the system, within one year after such return, he shall thereupon redeposit the contributions returned to him, with interest from the date of the return of the contributions to the date of redeposit at the rate of 3 percent per annum. If such re-entry is one year or more after

such return, he may elect to redeposit such contributions with interest as stated in the preceding sentence. If such employment is terminated before all of such contributions are redeposited with interest he shall pay the balance of the interest on the total contributions to the date of termination. If his contributions are not then returned to him, or being so returned are redeposited by him upon re-entry into the system, the balance of such contributions shall be redeposited with interest from such date, upon his re-entry into the system. Redeposit may be made in installments in accordance with such rules and regulations as may be established by the retirement board.

If not more than five years have elapsed between the return of contributions and the re-entry to membership accompanied by redeposit of such contributions, his rate of contribution to the Retirement Annuity Fund shall be the rate established for persons of his age at the time he first became a member of the retirement system, but if more than five years have elapsed between the return of contributions and the re-entry to membership, his rate of contribution shall be the rate applicable to persons of his age on the date of re-entry.

Contribution rate

14156. If a person upon re-entering the system after his contributions have been returned to him, does not elect to redeposit withdrawn contributions as provided in Section 14155, or, having so elected, subsequently does not make such redeposit, he re-enters as a new member without credit for any service credited to him as rendered before July 1, 1935, and his rate of contribution shall be the rate applicable to persons of his age on the date of re-entry.

Re-entry into system

14157. Any person whose contributions were repaid to him prior to July 1, 1955, and who has or will qualify for the receipt of a retirement allowance from the State Employees' Retirement System as a state member of that system or from the retirement system of the University of California shall have the right to re-enter this system and to redeposit the contributions repaid to him, with interest, as provided in Section 14155, without being employed in a status requisite for membership in this system.

Article 10. Public Contributions

Public contributions

14201. Each school district or other employing agency employing one or more members of the system shall contribute semiannually to the Permanent Fund, six dollars ($6) for each member employed.

Report Number of members

14202. The county superintendent of schools of each county shall certify to the Retirement Board, on or before the fifteenth of each April and November the number of members of the system who appear on the last payroll in the current school year of the respective school districts in the county, preceding the respective dates or who, at the end of the

respective periods covered by the payrolls, were on leave of absence granted for service included in Section 14061.

Member employed by more than one district

14203. At the option of the county superintendent of schools, a member employed in more than one district in any county may be counted in each of the districts as a fraction of one determined by dividing one by the number of the districts or may be counted as one in one of the districts and the pro-rata portions of six dollars ($6) transferred by the county superintendent of schools to the district from the funds of the other districts. Otherwise each of the districts shall contribute six dollars ($6).

Report: Deputies, etc

14204. The county superintendent of schools shall certify likewise the number of his deputies and certificated employees who are members of the system and appear on the last payroll in the current school year, preceding the respective dates, and shall include himself in the number.

Certificate

14205. The Retirement Board shall immediately transmit the certificate to the State Controller with a statement of the amount due from each school district to the Permanent Fund and the amount due to the fund on account of the county superintendent of schools and his deputies and certificated employees.

Deduction from funds

14206. The Controller shall deduct from the apportionment of state funds payable to the county for the school districts therein in installments next following April and November, respectively, a sum equal to six dollars ($6) for each of the members as calculated by the Retirement Board for each school district. He shall deduct from the apportionment of the funds payable to the county for the county school service fund a sum similarly calculated by the Retirement Board for the county superintendent of schools and his deputies and certificated employees. No payment of apportioned funds of the county shall be made until the deductions are made.

Amount less than required contributions

14207. If the apportionment installment to any district or to the county school service fund is less than the contributions required of the district or fund, the contributions shall be deducted from the total amount of the apportionment payable to the county, and the county superintendent of schools shall transfer to the county treasurer from the funds of the district and from the county school service fund such amounts as may be necessary to complete the crediting of the apportionment to the various districts and funds by the county treasurer.

Deductions Procedure

14208. The amounts deducted as contributions to the Permanent Fund shall be transferred forthwith to the Teachers' Retirement Fund, and for accounting purposes shall be included by the county superintendent of schools in his records and reports of the income and disbursements of the school districts or of the county school service fund, as the case may be, in the same manner as if actually received and disbursed by the districts or fund.

Employees of state agency

14209. If the members are employed by any agency of the State, remittances to the Retirement Board of six dollars ($6)

for each member shall be made in April and November of each year by the disbursing officer of the agency by which the members are employed. Remittances shall be made out of funds provided for the support of the agency. Amounts due the Permanent Fund shall be calculated on the basis of the number of members on the last payrolls in the current school year, prior to April 15th and November 15th respectively, or, at the end of the respective periods covered by the payrolls, on leave of absence granted for service included in Section 14061.

Contributions School district etc

14210. Each school district or other employing agency shall contribute to the Retirement Annuity Fund, an amount equal to three (3) percent of the compensation paid by said district or agency, to its employees who are members of the Retirement System, except that (a) no elementary school district, high school district not maintaining a junior college, or junior college district shall be required to contribute to the fund during the 1956-57 Fiscal Year an amount in excess of the amount that would be produced by a tax of six cents ($0.06) on each one hundred dollars ($100) of the taxable property of the district, excluding the unsecured property, as shown by the equalized assessment roll for that year of the county or counties in which the district is located, nor shall such districts be required to contribute to the fund during the 1957-58 Fiscal Year, or any fiscal year thereafter, an amount in excess of the amount that would be produced by a tax of five cents ($0.05) on each one hundred dollars ($100) of the taxable property of the district as shown by the equalized assessment roll for the current fiscal year of the county or counties in which the district is located, and that (b) no high school district maintaining a junior college, or unified school district not maintaining a junior college, shall be required to contribute to the fund during the 1956-57 Fiscal Year an amount in excess of the amount that would be produced by a tax of twelve cents ($0.12) on each one hundred dollars ($100) of the taxable property of the district, excluding the unsecured property, as shown by the equalized assessment roll for that year of the county or counties in which the district is located, nor shall such districts be required to contribute to the fund during the 1957-58 Fiscal Year, or any fiscal year thereafter, an amount in excess of the amount that would be produced by a tax of ten cents ($0.10) on each one hundred dollars ($100) of the taxable property of the district as shown by the equalized assessment roll for the current fiscal year of the county or counties in which the district is located, and that (c) no unified school district maintaining a junior college shall be required to contribute to the fund during the 1956-57 Fiscal Year an amount in excess of the amount that would be produced by a tax of eighteen cents ($0.18) on each one hundred dollars ($100) of the taxable property of the district, excluding the unsecured property, as shown by the equalized assessment roll for that year of the county or counties in which the district is located, nor shall such districts be required to

contribute to the fund during the 1957-58 Fiscal Year, or any fiscal year thereafter, an amount in excess of the amount that would be produced by a tax of fifteen cents ($0.15) on each one hundred dollars ($100) of the taxable property of the district as shown by the equalized assessment roll for the current fiscal year of the county or counties in which the district is located.

Same Remittance

14211. Within 30 days after the close of each calendar month, each school district, or other agency, which employs members of the Retirement System shall pay to the said system the contributions required of it by the provisions of Section 14210, said contributions to be an amount determined by deducting the amount of said contributions paid by said district, or agency, for previous months in the same fiscal year from the lesser of:

(a) An amount determined under Section 14210 on the basis of compensation paid during the fiscal year up to and including the current month, or

(b) A fraction of the amount determined under Section 14210 on the basis of the assessed valuation of the district, said fraction being equal to the number of months that have elapsed in the fiscal year, up to and including the current month, divided by 12.

Each remittance shall be in a form acceptable to the Retirement Board, and shall be accompanied by a statement verified by a duly authorized official, and containing such information as the board may prescribe. The amounts received shall be deposited forthwith in the State Treasury to the credit of the Retirement Annuity Fund.

Same: Requisitions

14212. Within 30 days after the close of each calendar month, the county superintendent of schools shall draw requisitions against the funds of the respective school districts within the county and in favor of the county teachers' annuity deposit fund for amounts equal to the contributions required of said school districts by Section 14211 and shall deposit said amounts in the county treasury to the credit of said fund. The county superintendent of schools thereupon shall draw his requisition against the county auditor in favor of the Retirement Annuity Fund for the amount of said district contributions and the requisition, when allowed and signed by the county auditor, shall constitute a warrant against the county treasurer. The county superintendent of schools thereupon shall forward the warrant to the Retirement Board in Sacramento along with such reports relating thereto as the board may require.

Adjustment

14213. If more or less than the correct amount of contribution is paid for any period, proper adjustments shall be made, without interest, in connection with subsequent deductions by the Controller, or remittances to the Retirement Board, or by direct cash payments between the employer and the board.

Tax levy

14214. For the purpose of providing funds not to exceed the amount which may be necessary to make the contributions

to the Retirement Annuity Fund required by any school district under this article (commencing at Section 14201), district taxes may be levied and collected annually by the respective districts at the same time and in the same manner as other district taxes are levied and collected. The tax shall be in addition to any other district tax now or hereafter authorized by law, and shall not be considered in fixing maximum rates of tax for school district purposes.

Financing of system

14215. In establishing this Retirement System, the Legislature recognizes that the California State Teachers' Retirement System superseded by this Retirement System was actuarially unsound, and that the assets of that system (transferred by this chapter (commencing at Section 13801) to this Retirement System) are insufficient to meet the obligations of that system already accrued or to accrue in the future in respect to service credited to members of that system and rendered prior to the establishment of this Retirement System on July 1, 1944. Therefore, the Legislature declares the following policies in respect to the financing of the State Teachers' Retirement System:

(a) All benefits in respect to service rendered after July 1, 1944, shall be provided approximately equally from members' contributions and public contributions. Public contributions consist of contributions by the State and contributions by school districts and employing agencies.

(b) All benefits in respect to service rendered prior to July 1, 1944, which cannot be met from the assets of the California Teachers' Retirement System shall be provided from contributions by the State.

(c) The costs of administration of this Retirement System shall be met from contributions by the State.

State contributions

14216. The State shall contribute annually to the Teachers' Retirement Fund an amount, determined actuarially, which shall equal the sum of:

(a) An amount equal to so much of the benefits to be paid from the Permanent Fund during that year as is not provided by the Permanent Fund contributions based on service after July 1, 1944, of the members receiving such benefits, plus interest at a rate or rates declared annually by the Retirement Board, and by the contributions of employing agencies during that year.

(b) An amount equal to so much of the benefits to be paid from the Retirement Annuity Fund during that year, as is not provided by the accumulated annuity contributions of the members receiving such benefits, and by the contributions of employing agencies during that year.

Sums to be appropriated

14217. The provisions of this article (commencing at Section 14201) providing for state contributions do not constitute appropriations of money from the State Treasury. The sums required for state contributions shall be appropriated in each State Budget Act, or otherwise.

If the amount of the state contribution for any prior year, as determined actuarially and appropriated by the Legislature, is found to have been greater or less than it should have been, the state contribution for any year shall be reduced or increased, as the case may be, by the sum by which the state contribution for the prior year was greater or less than it should have been, except to the extent that such sum has been applied to reduce or increase the state contribution for any prior year.

Payments to local districts

14218. (a) At the begining of each fiscal year the Retirement System shall pay to each local district maintaining a local retirement system the following amounts:

(1) From the Teachers' Retirement Fund, an amount equal to the difference with respect to all service rendered by persons whose retirement is effective prior to July 1, 1947, and with respect to service rendered prior to July 1, 1944, by persons whose retirement is effective after June 30, 1947, and one-half the difference with respect to service rendered after June 30, 1944, by persons whose retirement is effective after June 30, 1947, between the benefits paid from the Teachers' Retirement Fund during the preceding year to persons who are entitled to receive benefits from the local retirement system and the benefits which would have been paid during the preceding year to those persons if they were not entitled to receive benefits from the local retirement system.

(2) From the Teachers' Retirement Fund, an amount equal to the difference between the death benefits paid from the Teachers' Retirement Fund during the preceding year on account of persons who qualified for death benefits under the local retirement system, and the death benefit which would have been paid during the preceding year on account of such persons if they had not qualified for death benefits from the local retirement system, all regardless of elections of survivor allowances under Section 14366.

(b) The amounts paid under subdivision (a) of this section by the retirement system to each local district maintaining a local retirement system shall be reflected in the records of the system as having been made from the Retirement Annuity Fund and they shall not be used to reduce the contributions required of members of the local retirement system or to increase the benefits payable by the local retirement system, but shall be applied to reduce the cost of support of the local retirement system to the taxpayers of the local district maintaining the local retirement system.

(c) The State shall contribute annually to the Teachers' Retirement Fund the amounts required to be paid from said fund under subdivision (a) of this section.

Article 11. Benefits at Death

Payments to beneficiary

14251. Upon receipt of proof of a member's death which occurred before the effective date of his retirement or before

the date upon which a retirement allowance is granted to him, whichever is the later date, or, with respect to a member who elects an option upon qualification for service retirement as provided in Section 14365, before the effective date of such election, and within four months after the termination of the member's employment in a status requisite for membership in this retirement system, or while the member was physically or mentally incapacitated for performance of his duty, if such incapacity had been continuous from said termination, there shall be paid to such beneficiary as he has nominated by written designation duly filed with the Retirement Board subject to Section 14366 with respect to the amount payable under subdivision (d):

(a) The Permanent Fund contributions, without interest, standing to the credit of his individual account, as having been made after July 1, 1935.

(b) The accumulated annuity contributions standing to the credit of his individual account in the Retirement Annuity Fund.

(c) Any moneys standing to the credit of his individual account in the Annuity Deposit Fund pursuant to Section 13906, together with the interest accumulated thereon.

(d) An amount, provided from contributions by the State, and payable from the Retirement Annuity Fund, equal to one-twelfth for each completed year of service as a member, not to exceed six, of the salary which would have been earned by the member at the rate of salary at which he was last employed preceding death, assuming engagement in duties for the number of school days during the school year in which said employment existed. From the amount determined under the sentence next preceding, there shall be deducted an amount equal to that portion of the benefit payable on account of said death by a local retirement system, which is provided from contributions of the district operating said system, and is in addition to the portion of the benefit payable by said local system which is made up of the accumulated contributions of the member.

Same

14252. Notwithstanding any provisions in this article (commencing at Section 14251) to the contrary but subject to Section 14364, the benefit provided in Section 14251 shall be paid with respect to a member who elects to receive a reduced retirement allowance under options 2 or 3 in Section 14363, only upon receipt of proof of a member's death which occurred before the effective date of his retirement, and within four months after the termination of the member's employment in a status requisite for membership in this Retirement System, or while the member was physicaly or mentally incapacitated for performance of duty if such incapacity had been continuous from such termination.

Death benefit after retirement

14253. Upon receipt of due proof of the death of any person, after retirement and while receiving a retirement

allowance from this system, there shall be paid to such beneficiary as he has nominated by written designation duly filed with the Retirement Board, the sum of four hundred dollars ($400), to be provided from contributions of the State. From the death benefit provided in this section, there shall be deducted an amount equal to that portion of the benefit payable on account of said death by a local system or by the State Employees' Retirement System, regardless of whether before or after retirement under such local or state system, which is provided from contributions of the employer, independently of any optional election made by said person at the time of his retirement, under which he received a reduced retirement allowance and a benefit was provided at his death.

Payments to beneficiary

14254. Anything in Section 14251 to the contrary notwithstanding, the benefits provided therein, except as otherwise provided, shall be payable upon receipt of proof of a member's death which occurred (a) while he was employed in a status requisite for membership in this Retirement System, and was receiving compensation because of such employment, and before the effective date of his retirement or after such date if under the provisions of Section 14364 he is to be considered as an active member at the time of death, or (b) while he was serving in the active military service of the United States or in any other service stated in Section 14061; provided, that time in such service will qualify for credit as service under this Retirement System, or (c) while the member was physically or mentally incapacitated for performance of his duty, if such incapacity had been continuous from the last day for which compensation was paid to him, or (d) while he was on a leave of absence without compensation, granted for reason other than mental or physical incapacity for performance of his duty, and within 18 months after the last day for which such compensation was paid, or (e) within four months after the termination of the member's employment in a status requisite for membership in this Retirement System; provided, first, that such death was not included within the provisions of subdivision (c), and, second, that such death does not occur more than 18 months after the last day for which compensation was paid to him.

Death benefit: Monthly life income

14255. If the spouse is the sole beneficiary nominated by a deceased member to receive the death benefit provided in Section 14251, he may irrevocably elect to have said benefit payable to him as a monthly life income which shall be actuarially equivalent to said death benefit on the basis of the interest rate and mortality tables currently in use under this system on the date of the member's death. Such election to be effective must be filed in writing with the board within 60 days after September 11, 1957, or after the member's death, whichever is later, and prior to payment of any part of said benefit. The right to make such election will extend to the beneficiary of any member whose death occurred on or after October 1, 1956.

Article 12. Retirement for Service or Disability

14301. Any member who comes within any of the following descriptions may be retired for service at his option upon written application therefor to the Retirement Board. Retirement for service

(a) Who is credited with at least five years of service, all of which have been served in this State immediately preceding retirement, and has attained the age of 55 years or more.

(b) Who is credited with service rendered in this State, and which is not used as a basis for benefits under any other public retirement system, except a local system; provided, he has retired since June 30, 1953, or retires concurrently, under the State Employees' Retirement System as a state member of that system, or as an employee of a local school district or of a county superintendent of schools, or under the retirement system of the University of California. In the calculation of allowances of members who qualify for retirement under this subdivision, and who are not qualified for retirement under subdivision (a) of this section, there shall be excluded any service rendered in other states of the United States, its territories and possessions or in the Dominion of Canada. Application for retirement under this subdivision may be made at any time, but applicants shall not otherwise be subject to the provisions of Section 14306.

14302. (a) Any member who is credited with five or more years of service, the last five of which have been served in this State, and who by reason of bodily or mental infirmity becomes incapacitated for further service, may be retired for disability by the Retirement Board upon his application or upon the application of his employer. Retirement for disability

(b) Any member who is credited with less than five years of service, all of which has been served in this State, and who by reason of bodily or mental infirmity becomes incapacitated for further service, may be retired for disability by the Retirement Board upon his application or upon the application of his employer, if he is retired concurrently under the State Employees' Retirement System as a state member of that system or under the Retiring Annuities System of the University of California. In the calculation of allowances of members who qualify for retirement under this subdivision, and who are not qualified for retirement under subdivision (a) of this section, there shall be excluded any service rendered in other states of the United States, its territories and possessions or in the Dominion of Canada. Application for retirement under this subdivision may be made at any time, and shall not be subject to the provisions of Section 14306.

(c) Retirement shall not be made under this section except upon determination, on the basis of competent medical opinion secured by the Retirement Board, that the disability or incapacity is of permanent duration or of extended and uncertain duration.

Over-age member

14303. Any member who applies for retirement after attaining an age at which the classification of persons as permanent employees of school districts ceases and who at the time is credited with five or more but less than 30 years of service, the last four years of which have been served in this State, shall, for the purposes of this chapter (commencing at Section 13801), be deemed to be incapacitated for further service and shall be retired upon his application.

Any such member who, at the time of the application, is credited with 30 or more years of service, the last four years of which have been served in this State, shall be retired under Section 14301, upon his application.

Date of retirement

14304. Every application for retirement shall state the time, not more than ninety (90) days subsequent to the execution of the application, at which the member desires to retire.

Permitted absence from service

14305. The last five years of service in this State immediately preceding retirement, as required in Sections 14301 and 14302, may be broken by periods of absence from service, or by periods of service in universities, colleges, or private schools within this State, or by service outside of this State during a year in which the person has served the minimum time required for a year of service in this State, or by a year of service outside this State if five of the six final years of service have been in this State.

Time to file application for retirement

14306. Application for retirement may be made at any time, unless the last day of service was rendered prior to July 1, 1935, in which case such application shall be made only after additional service in a status requisite for membership, of not less than two years.

Completion of required documents

14307. Failure of a member to complete the documents required for retirement, within 180 days after receipt of the application for retirement, in the office of the Retirement Board in Sacramento, shall make the application null and void.

Allowances

14308. Upon retirement for service or disability a person shall be entitled to the retirement allowances specified in Article 13 (commencing at Section 14351) of this chapter.

Employment of retired person

14309. Except as otherwise provided in this section, no person retired for service shall accept employment in a status requisite for membership in the Retirement System (including, with respect to persons retired after October 1, 1945, a status in which the person may elect membership in this or another retirement system, and only while such status includes the right of election), or in any teaching capacity in a public school, within two years after the effective date of retirement, and in any event not until after notifying the Retirement Board at its office in Sacramento, and if retirement is for disability, until the board has determined by medical examination, that he is no longer incapacitated. If any person fails to comply with these requirements, the employment shall be invalid. At any time prior to July 1, 1947, or prior to the termination of the war in which the United States of America was, on June 16, 1944, engaged, whichever is the earlier, any person

heretofore or hereafter retired for service or after attaining an age at which the classification of persons as permanent employees of school districts ceases and who was not otherwise retired because of bodily or mental infirmity may, after giving notice to the Retirement Board at its office in Sacramento, accept employment in any status requisite for membership in the Retirement System or in any teaching capacity in a public school.

Retirement payments cease

14310. If any person retired pursuant to this article (commencing at Section 14301) is re-employed, after complying with the requirements in Section 14309, in a status requisite to membership in the Retirement System or in any teaching capacity in a public school, or if any person retired for disability ceases to be incapacitated, his retirement allowance shall cease.

Medical examination of beneficiary

14311. The Retirement Board may require any beneficiary who has been retired for disability and who has not attained the age of 58 years, to undergo a medical examination. If the examination, together with other available information, shows to the satisfaction of the Retirement Board that he is no longer incapacitated, his retirement allowance shall cease.

Cancellation of allowance

14312. Upon cancellation of the retirement allowance, the person's individual account shall be credited with amounts which are the actuarial equivalents, at that time, as based on a disabled life, where retirement had been for disability, or on an active life where retirement had been for service of the annuities being paid from the respective fund at the date of reinstatement, not to exceed the amount of his accumulated contributions as they were at the date of retirement. The individual's account shall be credited with the Permanent Fund contributions, whether made by him prior to or after retirement with respect to service rendered prior to July 1, 1944.

Contributions returned

14313. If the person does not re-enter service his contributions, as credited pursuant to Section 14312, shall be returned to him pursuant to Section 14151.

Rate of contributions

14314. If the person re-enters service, his rate of contribution to the Retirement Annuity Fund shall be the rate applicable at his then attained age.

Article 13. Benefits on Retirement for Service or Disability

Persons retired prior to July 1, 1956

14351. Retirement allowances, excluding annuities under the Annuity Deposit Fund, payable for time commencing on July 1, 1956, to persons whose retirement is effective prior thereto, shall be changed as of said date and on the basis of the ages of, and service credited to the respective persons at the effective dates of their retirement, to retirement allowances which are the sum of amounts calculated under the Permanent and Retirement Annuity Funds respectively, on the basis of current interest rate and mortality tables, and in the manner prescribed herein for the calculation of retirement allowances of members whose retirement is effective after said date, but not subject to the limit of 75 percent of average

compensation earnable. Such changed retirement allowance, prior to modification under options in Section 14363, shall be at least an amount, by increase in the annuity under the Retirement Annuity Fund, based on service rendered prior to July 1, 1944, which, when added to the retirement allowance, prior to optional modification, the person is entitled to receive from a local retirement system, shall equal the retirement allowance, prior to optional modification, to which the person would be entitled under this system if he were not entitled to any allowance from a local retirement system, minus one-half the retirement annuity on account of service rendered after June 30, 1944, to which the person would be so entitled, but for which he did not make annuity contributions. Contributions and interest thereon owed to the system by said persons on said effective date, shall be deducted from the respective increased allowances, in the manner prescribed in Section 14106. If the person elected at retirement to have his annuity modified under one of the options in Section 14363, and if his beneficiary is living on July 1, 1956, the increase in his annuity shall be modified under the option then elected and on the basis of current ages. This section does not authorize any decrease in any retirement allowance, nor does this section give any retired member, or his successors in interest, any claim against the State for any increase in any retirement allowance paid or payable for time prior to July 1, 1956.

Increase

14352. Retirement allowances payable for time commencing on October 1, 1957, are hereby increased to the amount they would be if the provisions of Sections 14356 and 14372 as they exist on that date had been in effect on July 1, 1956.

This section does not authorize any decrease in any retirement allowance, nor does this section give any retired person, or his successors in interest, any claim against the State for any increase in any retirement allowance paid or payable for time prior to October 1, 1957.

Same

14353. Retirement allowances payable for time commencing on October 1, 1957, are hereby increased to the amount they would be if the provisions of Section 14371 as they exist on that date had been in effect on July 1, 1956.

This section does not authorize any decrease in any retirement allowance, nor does this section give any retired person, or his successors in interest, any claim against the State for any increase in any retirement allowance paid or payable for time prior to October 1, 1957.

Same

14354. Retirement allowances payable for time commencing on October 1, 1957, are hereby increased to the amount they would be if the provisions of Sections 14063 and 14067 as they exist on that date had been in effect on July 1, 1956.

This section does not give any retired person, or his successors in interest, any claim against the State for any increase in any retirement allowance paid or payable for time prior to October 1, 1957.

14355. Upon retirement for service, a retired member shall receive a retirement allowance which shall consist of: Retirement allowance

(a) A monthly retirement salary derived from the Permanent Fund, equal to the fraction of an amount which bears the same ratio to fifty dollars ($50) as the number of years of service credited, not to exceed 30 years, bears to 30 years, set forth in Section 14359, opposite his age at retirement, taken to the preceding completed quarter year, in the column applicable to his sex. The retirement salary shall be subject to the deductions provided in Section 14106, if the member is not credited at the time of retirement with the total Permanent Fund contributions required of each member.

(b) A retirement annuity derived from the Retirement Annuity Fund based upon the number of years of service credited to him, less any service for which he is entitled to receive retirement benefits under a local retirement system, computed pursuant to Section 14359.

(c) An annuity which shall be the actuarial equivalent of the accumulated annuity deposits standing to the credit of his individual account at the time of his retirement.

Such retirement allowance, prior to modification under options in Section 14363, and exclusive of the annuity derived from accumulated annuity deposits, shall be at least an amount, by increase in the annuity under the Retirement Annuity Fund, based on service rendered prior to July 1, 1944, which, when added to the retirement allowance, prior to optional modification, the person is entitled to receive from a local retirement system, shall equal the retirement allowance prior to optional modification, to which the person would be entitled under this system if he were not entitled to any allowance from a local retirement system, minus one-half the retirement annuity on account of service rendered after June 30, 1944, to which the person would be so entitled, but for which he did not make annuity contributions. However, no amount shall be paid under this paragraph to any retired person who has the right to receive a retirement allowance from a local retirement system upon his subsequent attainment of a minimum age after the retired person attains that minimum age unless he affirmatively exercises his right to receive the retirement allowance from the local retirement system, and if such a retired person does so exercise his right, only if some amount is then payable under this paragraph.

14356. The retirement allowance in Section 14355, exclusive of the annuity in subdivision (c) of that section, but when added to the retirement allowance, prior to optional modification, the person is entitled to receive from a local retirement system, shall be, by increase in the annuity under the retirement annuity fund, at least seventy dollars ($70) per year, multiplied by the member's years of service, not to exceed forty (40); provided, the retired member is at least 60 years of age at the time of retirement. If retirement is at an age less than 60 years, the minimum retirement allowance under this Minimum allowance

section is an amount equal to a fraction of the minimum retirement allowance calculated under the preceding sentence, said fraction being that set forth in Section 14359 opposite the member's age at retirement, taken to the preceding completed quarter year, in the column applicable to the member's sex. For any member under retirement who re-enters membership in the Retirement System and subsequently retires, the lesser age to be taken to the preceding quarter year, in the next preceding sentence, for calculating the minimum retirement allowance under this section, shall be determined by deducting from the member's age at the subsequent retirement, the aggregate time during which the member was under retirement prior to re-entry into membership in the system; provided, however, that the fraction to be taken at such adjusted lesser age shall not be less than nine-tenths if the subsequent and prior retirements were for disability. No retirement allowance shall be increased under this section to exceed, annually, 75 percent of the final compensation of the retired member.

Reduction: Prohibition

14357. The amount of the monthly retirement allowance payable for time after January 31, 1957, from this system shall not be reduced below the amount payable under this system on said date because of any increase in allowances under a local retirement system of a city and county which became effective on February 1, 1957.

Computation of benefits

14358. For the purpose of computing benefits from the Retirement Annuity Fund, there shall be excluded from the service with which a member is credited under Article 7 (commencing at Section 14051) of this chapter any service for which the member is entitled to receive retirement benefits from a local retirement system. In the computation of service for which the member is entitled to receive retirement benefits from a local retirement system, there shall be excluded any service rendered prior to the date upon which members' contributions first were required under the local retirement system, which is in excess of the service required when applied according to the formula used under such system in calculating retirement allowances on the basis of service rendered prior to such date, to produce the maximum retirement allowance provided under the system on account of such prior service. In such computation of service for which the member is entitled to receive retirement benefits from a local retirement system, there also shall be excluded any service rendered on and after the date upon which member's contributions first were required under the local retirement system, for which the member receives the refund of only his own contributions plus credited interest, and the exclusion of such service heretofore made in the administration of the Retirement System is hereby ratified, validated, and confirmed. Retirement allowances, excluding annuities under the Annuity Deposit Fund, being paid on the day next preceding the effective date of the amendment of this section made at the 1948 Regular Session of the Legis-

lature, to persons whose retirement is effective prior thereto, shall be changed as of said date and on the basis of the ages of, and service credited to the respective persons at the effective dates of their retirement, to retirement allowances which are the sum of amounts calculated under the Permanent and Retirement Annuity Funds respectively, on the basis of current interest rate and mortality tables, and in the manner prescribed herein for the calculation of retirement allowances of members whose retirement is effective after said date.

Annuity allowance schedule

14359. Upon retirement for service a member shall receive an annual annuity, sufficient when added to the portion of the retirement salary computed pursuant to Section 14355, on the basis of his service for which he is not entitled to receive benefits from a local retirement system, but excluding his service for which he has not deposited contributions in the Retirement Annuity Fund following a change in membership status, pursuant to Article 15 (commencing at Section 14411) of this chapter, to equal the fraction of one-sixtieth (1/60th) of his final compensation, set forth opposite his age at retirement, taken to the preceding completed quarter year, in the following table in the column applicable to his sex, multiplied by the number of years of his credited service not counting any service for which the member is entitled to retirement benefits from a local retirement system:

Age at retirement	Fractions

The fractions herein set forth at ages other than sixty (60) are based on the interest rate and mortality tables used under the State Teachers' Retirement System on July 1, 1955, and shall be adjusted by the board in accordance with such interest rate and mortality tables as the board may adopt under such system.

Part-time service

14360. For the purpose of calculating retirement allowances, credit for service rendered on a part-time basis in each school year shall be based on the ratio that service rendered bears to the minimum full-time service required for credit for a year of service.

Same

14361. For the purpose of calculating retirement benefits based on part-time service, compensation earnable shall be taken as the compensation which would have been earnable if

the employment had been on a full-time basis and the member had worked full time.

14362. In determining qualification for retirement and calculating benefits payable upon death before retirement, a year of service shall be credited for each year during which the member was employed throughout the year on a part-time basis and was engaged in his duties the full amount of time he was required by his employment to be so engaged. Credit for fractional years shall be granted to the extent of the fraction derived by dividing the time during which the member was engaged in his duties within the year, by the time he was required by his employment to be so engaged. Same

14363. Before the first payment on account of his retirement allowance is made, any member who retires may elect to receive the actuarial equivalent as of the date of retirement, of the retirement allowance payable to him in a reduced retirement allowance, payable throughout life with the provision that: Options

Option 1. If he dies before he has received in payments provided by his total contributions (which for the purposes of this section, shall include only his accumulated annuity contributions, his accumulated annuity deposits and his Permanent Fund contributions based on service after June 30, 1944, and interest credited thereon), the amount of such total contributions as it was at the time of his retirement, the balance of such total contributions shall be paid to his estate or to such person as he has nominated by written designation duly executed and filed with the board; or

Option 2. Upon his death, his reduced retirement allowance shall be continued throughout the life of and paid to such person as he has nominated by written designation duly executed and filed with the board at the time of his election; or

Option 3. Upon his death, one-half of his reduced retirement allowance shall be continued throughout the life of, and paid to such person as he has nominated by written designation duly executed and filed with the board at the time of his election.

He may revoke or change any previous election prior to its approval.

14364. If any person dies after the effective date of his retirement, and within 30 days from the date upon which the election or changed election is received in the office of the Retirement System at Sacramento, then the election shall be void and of no effect, and he shall be considered as an active member at the time of death. If any person who has elected Option 1 dies after the effective date of his retirement and before the mailing of the warrant for his first retirement benefit, then the election shall be void and of no effect, and he shall be considered as an active member at the time of death, irrespective of whether or not the said 30-day period had elapsed before his death. If any person who elected Option 2 or 3 dies after the effective date of his retirement and after the said 30-day Void election

period had elapsed, then the election of the option shall be in full force and effect.

Election of options, etc

14365. Any member who has qualified for service retirement under Section 14301, may elect, as provided in Section 14363, and without right of revocation or change after approval of the election by the retirement board, to receive the actuarial equivalent as of the date of his retirement, of the retirement allowance payable to him when and if he retires for service or disability in a reduced retirement allowance according to the provisions of either Option 2 or Option 3 as stated in Section 14363. If such a member at the time of making the election has a living spouse who would qualify for an allowance under Section 14366, the election under this Section 14365 shall be invalid and of no effect unless and until the consent of such spouse to it, is filed at the office of the Retirement System in Sacramento, California.

Upon such member's death at least 30 days after the date upon which the election is received in the office of the Retirement System in Sacramento, California, and prior to the effective date of his retirement, the person who was nominated by him under the option he elected and who survives him, shall receive an allowance calculated under such option, upon the assumption that such member retired for service on the date of his death and died immediately thereafter. The payment of such allowance to such person shall be in lieu of both the death benefit provided by Section 14251 and the allowance provided by Section 14366, and no such death benefit or such allowance shall be paid on account of such death to any person or beneficiary, regardless of whether the person nominated under the option elected, survives the member. Payment of the allowance under the option following such death, shall be in addition to the payment to any beneficiary, of any survivor allowance provided under this system.

If such member subsequently retires for service or disability, he shall receive, regardless of whether the person nominated by him under the option elected, is then living, a reduced allowance according to the provisions of Section 14363 and the option elected, and he shall be subject to Section 14364.

The amount of the allowance prior to optional modification, shall be calculated on the basis of the member's age at death before retirement, or at retirement, as the case may be, but the reduction of such allowance under the option elected, shall be based on the ages of such member and the person nominated by him under such option, at the effective date of such election.

Death before retirement

14366. Upon the death before retirement of a member who is qualified for service retirement under Section 14301, and on account of whose death the benefit provided by Section 14251 is otherwise payable, a monthly allowance equal to one-half of the monthly retirement allowance prior to modification under options in Section 14363, which the member would have

been entitled to receive if he had retired for service on the date of his death, shall be payable:

(a) To the member's widow, or to the member's widower who was receiving at least one-half of his support from the member at the time of the member's death, and with respect to both widow and widower, who was married to such member prior to the occurrence of the injury or onset of the illness which resulted in death; provided, such widow or widower does not qualify for an allowance under Section 14365; or

(b) If there is no qualifying surviving spouse, or if such spouse dies or remarries, to unmarried children, including stepchildren, of the member, who are under 18 years of age.

The allowances payable under this section shall be in lieu of the death benefit provided by Section 14251, except for the accumulated annuity deposits included therein, but a person qualifying for the allowance or such person's guardian may elect, before the first payment on account of it, to receive such death benefit in lieu of the allowance. The member's accumulated annuity deposits shall be paid to the person qualifying for the allowance, and the remainder of the accumulated contributions of the member shall be applied toward providing the allowance, and the balance not so provided shall be payable from state contributions.

Same

14367. The allowance provided by Section 14336 shall be paid from the Retirement Annuity Fund, and shall begin to accrue on the day next following the date of death of the member, and payments to a surviving spouse shall continue only until death or remarriage, and to or on account of children with respect to each child, until the attainment of age 18 or prior marriage.

If payment of the allowance provided by Section 14366 is stopped because of remarriage of the surviving spouse, or the attainment of the age of 18 years by a child, before the sum of the monthly payments made, equals the death benefit provided by Section 14251, exclusive of accumulated annuity deposits, a lump sum equal to the difference shall be paid to the remarried spouse, or if there is no such spouse, to the surviving children of the member, share and share alike.

From the monthly allowance payable under Section 14366, there shall be deducted a total amount equal to that portion of the benefit payable on account of said death by a local retirement system, which is provided from contributions of the district operating said system, and is in addition to the portion of the benefit payable by said local system which is made up of the accumulated contributions of the member, and no monthly allowance shall be paid under this section until the total amount deducted equals said portion provided by district contributions.

Election to deposit by survivor

14368. If the member, on account of whose death an allowance is payable under Section 14365 or 14366, was a member of a local retirement system, the person who was nominated by him under Section 14365, or, if no option was elected

under that section, then under Section 14366 his surviving spouse who is eligible to receive said allowance, or, if none, the guardian of his children under 18 years of age, shall have the right to elect to deposit in the Retirement Annuity Fund, an amount equal to that which the member would have had the right to deposit if he had retired for service and then had ceased to be entitled to benefits from the local retirement system on the day of his death. In the event that said person, or the surviving spouse or the guardian, as the case may be, (a) makes or (b) does not make such deposit within 90 days after the date of death, the monthly retirement allowance prior to optional modification, which the member would have been entitled to receive if he had retired for service on the date of his death, shall be calculated as if he had ceased to be entitled to retirement benefits from the local retirement system, and (c) had deposited, with respect to (a), or had not deposited, with respect to (b), such contributions in such fund. Any amount so deposited shall be included as having been made by the member, in determining the death benefit provided by Section 14251.

Retirement for disability

14369. Upon retirement for disability, a member shall receive a retirement allowance which shall consist of:

(a) A retirement salary derived from the Permanent Fund, payable monthly, equal to the retirement salary calculated under subdivision (a) of Section 14355 if the member has attained the age 60 years at the effective date of his retirement; or if the member has not attained such age, a retirement salary payable monthly equal to ninety percent (90%) of an amount which bears the same ratio to fifty dollars ($50) as the number of years of service credited, not to exceed thirty (30) years, bears to 30 years. The retirement salary shall be subject to the deductions provided in Section 14106, if the member is not credited at the time of retirement with the total Permanent Fund contributions required of each member.

(b) A disability annuity, derived from the Retirement Annuity Fund, computed pursuant to Section 14370.

(c) An annuity which shall be the actuarial equivalent of the accumulated annuity deposits standing to the credit of his individual account at the time of his retirement.

Such retirement allowance, prior to modification under options in Section 14363, and exclusive of the annuity derived from accumulated annuity deposits, shall be at least an amount, by increase in the annuity under the Retirement Annuity Fund, which, when added to the retirement allowance, prior to optional modification, the person is entitled to receive from a local retirement system, shall equal the retirement allowance, prior to optional modification, to which the person would be entitled under this system if he were not entitled to any allowance from a local retirement system, minus one-half the retirement annuity on account of service rendered after June 30, 1944, to which the person would be so entitled, but for which he did not make annuity contributions. However, no

amount shall be paid under this paragraph to any retired person who has the right to receive a retirement allowance from a local retirement system upon his subsequent attainment of a minimum age after the retired person attains that minimum age unless he affirmatively exercises his right to receive the retirement allowance from the local retirement system, and if such a retired person does so exercise his right, only if some amount is then payable under this paragraph.

Disability annuity

14370. (a) If the retiring member has attained the age of 60 years at the effective date of his retirement, the amount of disability annuity payable under subdivision (b) of Section 14369 shall be the same as the amount of the annuity which would have been payable to him under subdivision (b) of Section 14355 if his retirement were for service instead of for disability.

(b) If the retiring member has not attained the age of 60 years at the effective date of his retirement, the amount of disability annuity payable under subdivision (b) of Section 14369 shall be:

(1) Ninety percent (90%) of the sum of the annuity payable to him under subdivision (b) of Section 14355 at the age of 60 years, on the basis of his final compensation at retirement, and service rendered up to the effective date of his retirement, or

(2) If the retiring member is entitled to be credited with at least 10 years of service in this State, and the resulting disability retirement allowance does not exceed one-fourth of his final compensation, ninety percent (90%) of the sum of the annuity payable to him under subdivision (b) of Section 14355 at the age of 60 years, on the basis of his final compensation at retirement, and the service which would be creditable to him were his service to continue until attainment by him of age 60, but in such case, the retirement allowance shall not exceed one-fourth of such final compensation.

(c) In no event shall the disability annuity under this section be more than sufficient to make the disability retirement allowance, exclusive of any annuity provided by accumulated annuity deposits, exceed the service retirement allowance, exclusive of any annuity purchased by accumulated annuity deposits, receivable by the member should he continue until retirement at age 60.

Minimum allowance

14371. In no event shall the retirement allowance for disability, exclusive of any annuity provided by accumulated annuity deposits, be less than the amount of the service retirement allowance, exclusive of any annuity purchased by accumulated annuity deposits, which the retiring member would have received if he had retired for service instead of disability.

Retirement after prior retirement

14372. When a member who has been retired and has thereafter re-entered membership in the retirement system, subsequently retires, he shall not receive the full retirement annuities specified in subdivision (b) of Section 14355, or

14369, according to whether retirement is for service or disability, but shall receive (1) an annuity, based upon his salary earned in service from the date of re-entry into the retirement system to the date of his subsequent retirement, and calculated under Section 14355 or 14369, as the case may be, plus (2) annuities equal to the annuities he received next preceding his re-entry into membership, adjusted according to any change in the provisions governing the calculation of retirement allowances made after said re-entry and applicable to allowances being paid at the date of the change; provided, that such subsequent retirement occurs before he renders after his re-entry, at least one year of service credited under the retirement system; otherwise, plus (3) annuities based on the same salary and service as that upon which the annuities he received next preceding said re-entry were based, but calculated under Section 14355 regardless of whether retirement is for service or disability, on the basis of an age, taken to the preceding completed quarter year, and determined by deducting from his age at his subsequent retirement, the aggregate time during which he was under retirement; provided, however, that such adjusted age shall be taken at not less than 58 for males or 58½ for females if the subsequent and prior requirements were for disability. If the member renders five years of service after his re-entry into membership, the salary earnable by him after his re-entry shall be used in the calculation of benefits due for service rendered prior to such re-entry into membership.

Such a member likewise shall not receive the full retirement salary specified in subdivision (a) of Section 14355 or 14369, according to whether retirement is for service or disability, but shall receive (1) a retirement salary, based upon his credited service from the date of re-entry into the retirement system to the date of his subsequent retirement, and calculated under Section 14355 or 14369, as the case may be, plus (2) a retirement salary equal to the retirement salary he received next preceding his re-entry into membership, adjusted according to any change in the provisions governing the calculation of retirement allowances made after said re entry and applicable to allowances being paid at the date of the change; provided, that such subsequent retirement occurs before he renders after his re-entry, at least one year of service credited under the retirement system; otherwise, plus (3) a retirement salary based on the same service as that upon which the retirement salary he received next preceding said re-entry was based, but calculated under Section 14355, regardless of whether retirement is for service or disability on the basis of an age, taken to the preceding completed quarter year, and determined by deducting from his age at his subsequent retirement, the aggregate time during which he was under retirement.

When retirement effective

14373. Retirement shall become effective and the retirement allowance shall begin to accrue upon the date designated by

the person as the effective date of retirement, or upon the day following the last day of service for which salary is payable to the person if the last day postdates the day designated by the person as the effective date. In no event shall the retirement become effective or retirement allowance begin to accrue earlier than the first day of the month in which the application is received at the office of the Retirement Board, in Sacramento, or earlier than the date upon and continuously after which he is determined to the satisfaction of the Retirement Board to have been mentally incompetent.

Monthly installments

14374. An annuity, a retirement salary, or a retirement allowance shall be payable in equal monthly installments. The first and last payments due to or on account of any beneficiary may be made in smaller pro rata amounts if the benefits begin after the first day of the month or end before the last day of the month.

Lost warrant

14375. Upon receipt of proof satisfactory to the Retirement Board, that a warrant drawn in payment of a retirement allowance or in payment of any other account due from the Retirement System, has been lost, the Controller upon the request of the Retirement Board shall issue a duplicate warrant in payment of the same amount, without requiring a bond from the payee, and any loss incurred in connection therewith shall be charged against the fund from which the payment was derived.

Employment after retirement

14376. Notwithstanding any provision of law to the contrary, any person who retired for service may be employed as a substitute teacher for not to exceed 90 teaching days in any one fiscal year and may be paid not to exceed one thousand five hundred dollars ($1,500) in any one fiscal year. Such employment shall not operate to reinstate the teacher as a member of this system, or to terminate or suspend his retirement allowance, and no deductions shall be made from his salary as contributions to this system. Such person may be re-employed only if able to pass a physical examination prescribed by the State Board of Education.

A certificate from a physician or surgeon licensed under Chapter 5 (commencing at Section 2000) of Division 2 of the Business and Professions Code showing that he has submitted to and passed a physical examination within one year last past and filed with the county superintendent of schools shall be conclusive evidence of his passing the physical examination required by this section.

Article 14. Procedures Concerning Payments

Nomination of beneficiary

14401. Whenever nomination of a beneficiary is authorized by this chapter (commencing at Section 13801), and no beneficiary has been nominated, the estate of the person authorized to make the nomination shall be the beneficiary. The nomination of a beneficiary under the Retirement System, other than nominations under options 2 and 3 in Section 14363, may be

revoked at the pleasure of the person making the nomination, and a different beneficiary nominated by a written instrument duly executed and filed in the office of the system in Sacramento.

Estate beneficiary

14402. If the estate is the beneficiary, and if the estate need not be probated except for the payments due from the Retirement System, all of the amount due, including retirement allowances accrued but not received prior to death, shall be paid directly without probate to the surviving next of kin of the deceased, or the guardians of the survivors' estates, share and share alike, payment to be made in the order in which the following groups are listed:

(a) Husband or wife.
(b) Children.
(c) Father and mother.
(d) Grandchildren.
(e) Brothers and sisters.
(f) Nieces and nephews.

No payment shall be made to persons included in any of the groups if at the date of payment there are living persons in any of the groups preceding it.

Payment is complete discharge

14403. Payment to the persons in any group, upon receipt from the persons of an affidavit upon a form supplied by the Retirement Board, that there are no living individuals in the groups preceding it and that the estate of the deceased will not be probated, shall be in full and complete discharge and acquittance of the board and system on account of the death.

Uniform Simultaneous Death Act Applicability

14404. The provisions of the Uniform Simultaneous Death Act when applicable shall govern the distribution of money payable under this system, including but not limited to retirement allowance accrued but not received prior to death and refund of member contributions. In applying said act with respect to benefits payable to a beneficiary, membership in the system shall be considered as in the same status as insurance policies.

Payment to minor

14405. If any person entitled to a benefit from the system is a minor who has no guardian of his estate, the benefit not to exceed five hundred dollars ($500) may be paid to the person entitled to the custody of the minor to hold for the minor, upon the written statement, duly acknowledged and verified, of the person that the total estate of the minor does not exceed one thousand dollars ($1,000) in value. The payment shall be full and complete discharge and acquittance of the board and system. The person shall account to the minor for the money when the minor reaches the age of majority.

Payment of funeral expenses

14406. The retirement board, if the whereabouts of the nominated beneficiary cannot be determined, or if the beneficiary is the estate of the deceased person, may pay to the undertaker who conducted the funeral, or to any person who, or any organization which, has paid the undertaker from funds owned by the person or organization, in its discretion all or a portion of any amount payable under the Retirement System,

but not to exceed the funeral expenses of the deceased person, or the portion of the expenses paid by the person or organization, as evidenced by the sworn itemized statement of the undertaker, person, or organization and by such other documents as the board may require. The payment shall be in full and complete discharge and acquittance of the board and system up to the amount paid.

Annuity, etc., not subject to attachment

14407. The right of a person to an annuity, a retirement salary, or a retirement allowance, to the return of contributions, the annuity, retirement salary, or retirement allowance itself, any optional benefit, any other right or benefit accrued or accruing to any person under this chapter (commencing at Section 13801), and the moneys in the fund created under this chapter (commencing at Section 13801) shall not be subject to execution, garnishment, attachment, or any other process whatsoever, and shall be unassignable except as in this chapter (commencing at Section 13801) specifically provided.

Hearing and rehearing on application

14408. An applicant for retirement, or for a benefit, return of contributions, or other payment under this chapter (commencing at Section 13801), may demand a hearing before the board and may be represented by counsel or by a friend. Any applicant may file an application for rehearing of any application within thirty (30) days after written notice of the determination by the Retirement Board has been sent by registered mail to the applicant or his attorney of record, upon any of the following grounds:

(a) That the Retirement Board acted without and in excess of its powers.

(b) That the order, decision, or award was procured by fraud.

(c) That the evidence does not justify the determination of the Retirement Board.

(d) That the applicant has discovered new evidence material to him which he could not, with reasonable diligence, have discovered or procured at the hearing.

Determination on rehearing

14409. The determination of the Retirement Board on any application for rehearing shall be made within one hundred eighty (180) days after the filing thereof, or the application shall be deemed denied. The determination shall be final and conclusive and the Retirement Board shall have no jurisdiction to entertain any subsequent application regarding the same matter.

Unclaimed warrants

14410. Notwithstanding any provision in this or any other code to the contrary, whenever any warrant drawn in payment of contributions or accumulated contributions or benefits under this Retirement System, remains unclaimed or the claimant cannot be found, the proceeds of such warrant shall be redeposited in the respective funds, from which they were derived, and held for the claimant without further accumulation of interest, and such redeposit shall not operate to reinstate the membership of the claimant in this system. If said proceeds, whether heretofore or hereafter redeposited, are not claimed

within four years after the date of redeposit, they shall revert to and become a part of the contributions of the State for the respective year, and shall be applied to meet the liabilities of the State on account of which said contributions were made.

The provisions of this section apply to warrants drawn under this Retirement System and canceled by the Controller pursuant to Section 17070 of the Government Code, except that upon notice of cancellation, the proceeds shall revert to and become a part of the contributions of the State, for the respective year, and shall be applied to meet the liabilities of the State on account of which said contributions were made.

The board may at any time, after reversion of proceeds to the State, and upon receipt of proper information satisfactory to it, return from state contributions, an amount equal to such proceeds, to the credit of the claimant to be administered in the manner provided under this Retirement System.

The deposit in such funds of the proceeds of unclaimed warrants prior to the operative date of Chapter 1481 of the Statutes of 1947, in accordance with the procedure specified in this section, is hereby validated, ratified, and confirmed.

Article 15. Change of Membership Status

Ceasing to be member of local system

14411. If a member of this retirement system who is or has been a member of another retirement system ceases to be entitled to retirement benefits from the other retirement system for any service rendered after July 1, 1944, which qualifies for credit under this retirement system and for which he has not contributed to the Retirement Annuity Fund under Section 14108, but continues to be a member of this retirement system, upon receipt of refund of his contributions to the other retirement system he shall deposit in the Retirement Annuity Fund an amount equal to the contributions which he would have been required to make during such service if he had not then been a member of the other retirement system, with interest from the first of the year next following the date on which such contributions would have been payable to the date the deposit is made at the current rate of interest credited to Retirement Annuity Fund contributions.

Unless such deposit is made within two years after the date upon which notice of the right to make such deposit is mailed by this system to the member's latest address on file in the office of this system and prior to retirement, the member shall not be entitled to benefits from the Retirement Annuity Fund based upon service rendered after July 1, 1944, for which he has not contributed to the Retirement Annuity Fund pursuant to Section 14108, and the minimum retirement allowance applicable to such member shall be the minimum allowance calculated as if the deposit were made, and then reduced by the amount of the annuity which would have been the actuarial equivalent of such deposit. If the deposit is made, the member's rate of annuity contribution shall be based on his age at

the beginning of such service after July 1, 1944, or on a lower age, as determined under this chapter (commencing at Section 13801), because of other credited service.

Entering system with credit for prior service

14412. Any person who enters or changes his status under this retirement system after July 1, 1944, and who thus becomes subject to the Retirement Annuity Fund and receives credit for service rendered after July 1, 1944, but prior to his entry into or change in status under this retirement system, shall deposit in the Retirement Annuity Fund an amount equal to the contributions he would have been required to make to the Retirement Annuity Fund during such service if he had then been a member of this retirement system and subject to said fund, with interest from the first of the year next following the date on which such contributions would have been payable to the date the deposit is made at the current rate of interest credited to Retirement Annuity Fund contributions.

Unless such deposit is made within two years after the date upon which notice of the right to make such deposit is mailed by this system to the member's latest address on file in the office of this system and prior to retirement, the member shall not be entitled to benefits from the Retirement Annuity Fund based upon service rendered after July 1, 1944, for which he has not contributed to the Retirement Annuity Fund pursuant to Section 14108, and the minimum retirement allowance applicable to such member shall be the minimum allowance calculated as if the deposit were made, and then reduced by the amount of the annuity which would have been the actuarial equivalent of such deposit. If the deposit is made, the member's rate of annuity contribution shall be based on his age at the beginning of such service after July 1, 1944, or on a lower age, as determined under this chapter (commencing at Section 13801), because of other credited service.

Refunds

14413. If a member of this Retirement System becomes entitled to retirement benefits from a local retirement system for service, and has made contributions to the Retirement Annuity Fund based on salary paid for such service, the accumulated annuity contributions based on that salary shall be refunded to him.

Cessation of benefits from local system

14414. If a person who has been retired ceases to be entitled to benefits from a local retirement system, on account of which service was excluded in the calculation of such person's annuity, but who continues to be retired under this system, he shall be entitled to an annuity on account of such service, effective on the first day of the month in which he notifies the Retirement Board at its office in Sacramento. If within 90 days after said effective date, said person deposits in the Retirement Annuity Fund, an amount equal to the contributions which he would have been required to make to that fund during service rendered after June 30, 1944, if he had not then been a member of the local retirement system, less the portion of the annuity which would have been payable prior to said date, and an amount equal to which was not

paid to the local district under Section 14218, with interest on the balance of the contributions remaining after deducting said portion as it would have been paid from month to month, from the first of the year next following the date on which such contribution would have been payable to the date the deposit is made at the current rate of interest credited to Retirement Fund contributions, the annuity shall be calculated with respect to all such service on the basis of the effective date of retirement of such person. If deposit of such contributions and interest is not made, the annuity shall be calculated in said manner, but including only such service rendered prior to July 1, 1944, and the minimum retirement allowance applicable to such member shall be the minimum allowance calculated as if the deposit were made, and then reduced by the amount of the annuity which would have been the actuarial equivalent of such deposit.

If a person after retirement becomes entitled to a benefit from a local retirement system, based on service which was included in the calculation of his annuity, the annuity shall be recalculated as the effective date of the person's retirement, excluding said service, and the reduced retirement allowance shall be effective on the day the benefit under the local system began to accrue. Annuity contributions made on account of such service, plus interest and less the annuity paid to him on account of the contributions, shall be paid to him.

Right to change election

14415. If a person who deposits contributions to the Retirement Annuity Fund pursuant to Section 14414, elected either under such local retirement system or under the State Teachers' Retirement System, but not under both, to have his retirement allowance modified according to an option under which he would receive a smaller allowance and provide a benefit for his beneficiary, such person shall have the right, to be exercised not later than sixty (60) days after such deposit or after July 8, 1957, whichever is later, to change his election under the State Teachers' Retirement System with respect to said options. Any computations of actuarial equivalents under a changed election shall be made as of the date of such change, and no adjustment shall be included in the computation on account of retirement allowance payments made prior to that date.

CHAPTER 5. DISTRICT RETIREMENT SALARY PLAN

Article 1. General Provisions

"Teachers"

14501. "Teachers" as used in this chapter (commencing at Section 14501) means all employees of school districts in positions requiring certification qualifications.

Members in armed services

14502. Any member of the retirement system of any school district or districts maintained under the provisions of Sections 14501 to 14775, inclusive of this code, or of any thereof, serving in the military service of the United States of America

or of the State of California, or while assigned to duty with the military forces of the United States of America or of the State of California in the full-time paid service of the American Red Cross, during or after the termination of such service, and at his option, may make payments due to the district retirement fund of such district or districts with the same effect, in all respects, as though he had not been absent from the service thereof. The district or districts by which such employee was employed, at its or their option may make such contributions for and in lieu of such employee, and contributions so made by the school district or districts shall be available only for the purpose of retirement for service or for disability, and shall be made available only for the purpose of retirement, and a member whose services are terminated for reasons other than retirement after reinstatement from military service shall be entitled to withdraw only that portion of his accumulated contributions personally made by him. If such employee shall not pay such contributions as provided in this section during such service in said military service, or Red Cross service, and if same be not made by the district, then such contributions shall be deducted from his salary payments during such period after his return to service as may be agreed upon by the employee and the governing board of the employing district or districts. Contributions by the employing school district or districts pursuant to this section shall not be made for any period of time after January 1, 1950, for any member who has not returned to the service of the employing district or districts prior to that date, except for those members who entered for the first time the services enumerated in this section on or after July 1, 1948, and except that contributions by the employing district or districts pursuant to this section may be made for any member who returned to service with the school district or districts from military service prior to January 1, 1950, and subsequently re-entered or re-enters the military service and for any member who enters or has entered the military service on or after January 1, 1950, for the period of his military leave of absence.

Member of district retirement system

14503. Any "teacher" within the meaning of Section 14501 of this code who is a member of the retirement system of any junior college school district containing 1,000,000 or more inhabitants maintained under the provisions of Sections 14501 to 14775 inclusive of this code, or of any section hereof, who teaches in a four-year state institution of higher education maintained on the campus of the junior college pursuant to contracts entered into between the State Director of Education and said district, shall, without regard to subject or grade taught, whether of junior college level or higher, continue to be a member of the said retirement system of the said district with all obligations and rights appertaining to such membership, and contributions shall be made by said teacher and said district to said retirement system in the same manner and in the same amounts, without regard to subject or grade taught in

said state college, whether of junior college level or higher, as though said teacher were teaching exclusively in a junior college of the said district.

Article 2. Establishment

Establishment

14551. In any school district in which the employees of the district are not entitled to the benefits of a pension or retirement system maintained by a city, city and county, or county in which the district, or a part thereof, is located, the governing board of the district may in its discretion, submit to the qualified electors of the district, and upon petition signed by not less than ten percent (10%) of the qualified electors, the governing board shall submit, to the qualified electors of the district, the proposition of establishing a plan for a district retirement salary, to be paid by the district either to all teachers fulfilling the requirements of the plan in the public schools of the district or to such other employees of the district as the governing board may determine, or both to all teachers and other employees, or in the case of a petition, to teachers or such other employees as may be specified in the petition, and to provide, out of funds of the district, a portion of the cost thereunder, including expenses incident to the administration of the plan.

Election

14552. The proposition of establishing the plan may be submitted to the electors of the district at any general or special election called and held in the district, and governing bodies of school districts desiring to submit the proposition to the electors of their respective districts are authorized to call and hold the elections.

Elections in more than one district

14553. If the governing board calling the election is the governing board of more than one school district and calls elections in two or more districts to submit to the electors of the respective districts, on the same day, in the same territory, or in territory which is in part the same, the question whether a district retirement plan shall be established in the respective districts, the elections may be consolidated by order of the governing board. Within the territory affected by the order of consolidation, the election precinct polling places, and voting booths, shall, in every case, be the same. There shall be only one set of election officers in each precinct. The propositions to be voted upon within the respective districts may be set forth on one ticket or ballot. All proceedings had in the premises shall be recorded in one set of election papers, and the election shall be held in all respects as though there were only one election.

Consolidation

14554. The election may be consolidated with any other election pursuant to Chapter 4 of Part 2 of Division 11 of the Elections Code.

Notice

14555. The election shall be called by posting notices, signed by a majority of the governing board of the district, in at least three public places in the district, or, if more than

one district is affected, then in at least three public places in each of the districts affected, not less than 10 days before the election. If there is a newspaper of general circulation published in the district, or districts, notice shall be published in such a newspaper at least once, and at least 10 days prior to the election.

Conduct of election

14556. In all respects not otherwise specified the election shall be called and held, the returns canvassed, and the result announced in the manner provided for the holding of elections for the purpose of authorizing bonds of the school district so far as the provisions of such laws are applicable.

Ballots

14557. There shall be printed on the ballots to be used at the election the proposition: "Shall the governing board of (here insert the name of the district or districts under the control of the board submitting the proposition) school district (or districts) be authorized to establish a plan for a district retirement salary for the teachers and such other employees of the district (or districts) as the governing board or the petition determines." To the right of the proposition shall be printed the words "Yes" and "No" with voting squares.

Favorable vote

14558. If, at the election, a majority of the voters voting on the proposition cast their ballots in favor of the proposition, the governing board shall establish a district retirement salary for the teachers and for such other employees of the district as the board or the petition determines.

Negative vote

14559. If a majority of the votes cast on the proposition is in the negative, the governing board shall not submit the proposition again within a period of six months after the date of the election.

Article 3. Employees Included in Plan

Inclusion in plan

14601. Every regular full-time teacher and every other employee of any school district for which the plan for district retirement is adopted, who is employed by the district at the time of the adoption of the plan, and who signs an agreement to be subject to the burdens of the district retirement plan, shall be entitled to the benefits and subject to the burdens of the plan and of Sections 14551 to 14698, inclusive. Every regular full-time teacher employed in the public schools of the districts after the adoption of the provisions of Sections 14551 to 14698, inclusive, by the governing boards of the districts, and such other employees as the boards or the petition determines, shall be bound by the benefits and burdens of Sections 14551 to 14698, inclusive.

Cafeteria employees

14602. Every employee of a school district which has adopted, or adopts, a plan for district retirement who is a member or becomes a member of said plan, shall be entitled to the benefits and be bound by the burdens of Sections 14551 to 14698, inclusive, and shall receive full credit for his service as a school cafeteria employee rendered prior to July 1, 1945,

and before he became a member of the plan to the pupils of any of the districts under the same governing board which governs the district of which he is now an employee, whether such service was paid for by the school districts or otherwise. For purposes of computing benefits for service credited as provided in this section, the average monthly salary earned by a cafeteria employee during the year 1944-45 shall be used.

Student body employees

14603. Every employee of a school district which has adopted a plan for district retirement, who is or becomes a member of said plan by virtue of employment by the school district, and who is employed full time jointly by the student body and the school district, shall be entitled to the benefits and be bound by the burdens of Sections 14551 to 14698, inclusive, and shall contribute to said district retirement plan on the basis of the total combined salary received jointly from the student body and the school district and shall receive retirement benefits from the district retirement plan on the basis of the total of such combined salary and shall receive full credit for his service as a school student body employee and a school district employee, rendered prior to July 1, 1947, and before he became a member of the plan to the pupils of any of the districts under the same governing board which governs the district of which he is now an employee, whether such service was paid for by the school district or otherwise. For purposes of computing benefits for service rendered prior to becoming a member of said district retirement plan, the average combined monthly salary earned as a student body employee and a school district employee during the year 1946-47 shall be used.

Article 4. Administration

Requirements of plan

14651. Any plan shall not be adopted or established until the governing board, after such inquiry and hearing as it may direct, finds that the respective contributions of the teachers and other employees and the district provided for in the plan, are substantially in accordance with the more recent generally prevailing rates of contributions in public institutions which have established retirement systems, and that the plan is in accordance with sound business practice and with recognized actuarial methods.

Permitted plan

14652. A plan under which the district establishing it agrees to pay to employees who may become entitled to retirement salaries within a specified period, not exceeding 15 years, after the establishment of the plan, a specified sum, which, during the life expectancy of the employees, will be approximately equal, in the aggregate, to the aggregate difference during the life expectancy, between the maximum salary paid to employees in the respective classes of the retiring employees, and the salaries paid to beginning employees in the classes, shall be construed to comply with the provisions of Sections

14551 to 14698 requiring the plan to be in accordance with sound business practices and recognized actuarial methods.

Amendments to plan

14653. The governing board, after the adoption of the plan, shall at regular intervals, each not exceeding a period of five years, secure a general survey and actuarial report of the plan, and the board shall from time to time amend the plan in such manner as may be found to be advisable to meet changed conditions, or, as in the light of experience, may be considered necessary.

Retirement benefits

14654. The plan may provide that the retirement salary shall be a stipulated monthly sum, or that all benefits under the retirement feature of the plan shall be based upon the salary for future active service in the district of the employee up to the date of retirement and upon the salary of the eligible employee during the year immediately preceding the adoption of the plan and the number of years of past active service of the employee in the district, and subject to such provisions as are made in the plan for minimum benefits, and also subject to such provisions as are made in the plan for benefits subsequent to the date of retirement of the employee. No employee with less than 15 years' service in the district prior to normal retirement age shall receive the benefit of the minimum.

Death benefit

14655. The plan may provide for a death benefit, payable upon receipt of proof of a member's death which occurred before the effective date of his retirement or before the date upon which a retirement allowance is granted to him, whichever is the later date, and within four months after the termination of the member's employment in a status requisite for membership in the retirement plan, in an amount equal to one-twelfth for each completed year of service as a member, not to exceed six, of the salary which would have been earned by the member at the rate of salary at which he was employed immediately preceding his death, assuming engagement in duties for the number of days during the school year in which said employment existed. Any plan which provides for such death benefit shall also provide that such benefit shall not be payable to the beneficiary of any member in respect to whom a death benefit is paid by the State Teachers' Retirement System under Section 14251 of this code, unless such death benefit paid under Section 14251 has been reduced by the amount of the death benefit otherwise payable under the district retirement plan.

Same

14656. This Section 14656, and the death benefit provided in this section, shall only be operative in the district retirement system if, when and during such time as a death benefit is provided and paid by the State Teachers' Retirement System under Section 14253 of this code. Upon receipt of due proof of the death of any person, after retirement and while receiving a retirement allowance under the district retirement plan, there shall be paid to such beneficiary as he has nominated by written designation duly filed with the retirement system, the sum of four hundred dollars ($400) Any plan which provides for such death benefit shall also provide that

such benefit shall not be payable to the beneficiary of any member in respect to whom a death benefit is paid by the State Teachers' Retirement System under Section 14253 of this code, unless such death benefit paid under Section 14253 has been reduced by the amount of the death benefit otherwise payable under the district retirement plan.

District taxes

14657. For the purpose of providing funds which may be necessary to make the payments required by any district retirement plan, district taxes shall be levied and collected annually by the respective districts at the same time and in the same manner as other district taxes are levied and collected. The tax shall be in addition to any other district tax now or hereafter authorized by law, and shall not be considered in fixing maximum rates of tax for school district purposes. For the purposes of this section any local retirement system shall be deemed to be a district retirement plan.

Retirement qualifications

14658. Every district retirement plan shall provide that only those teachers and other employees who have served as teachers or employees of the district for at least 20 years of service preceding retirement, and who have reached a minimum age specified in the district retirement plan, which shall not be less than 55 years, shall be entitled to a district retirement salary.

Disability

14659. The plan may provide for the retirement of teachers or other employees on account of disability after 10 years of service prior to the retirement, the proportion of the disability retirement salary to the full retirement salary to be specified in the plan.

Periods of absence from service

14660. The 20-year period of service required to qualify for retirement may be broken by periods of absence from service, when the plan adopted by the governing board so provides, but the period of absence shall not be counted as time served toward retirement unless the period is so counted under the State Teachers' Retirement Act.

Payment of accumulated contributions

14661. Excepting as provided in Section 14689 of this code, upon the termination of a member's employment, his accumulated contributions shall be paid to him at his request unless the member owes funds to the school district of which he was an employee and of which the district retirement system has been informed, in which case repayment will not be made until his obligation to said school district has been discharged; and provided, he is not reinstated prior to receipt of repayment of his accumulated contributions. It is further provided that, if in the opinion of the district retirement board his employment is permanently terminated, such repayment may be made without request by the member.

Leave of absence

14662. If a person is returned to service prior to the receipt of a refund of his accumulated contributions, the time between the date of termination of his service and his return to service shall be considered as a leave of absence for district retirement system purposes.

14663. If a person whose accumulated contributions have been returned to him thereafter re-enters the system within 39 months after such return of his contributions, he may within 60 days after his re-entry elect to redeposit said contributions, with interest from the date of return of the contributions by the district to the date of redeposit, at such rates and within such period as the rules of the governing board may provide, but such period shall be not less than five years, or limited to the date of retirement or subsequent termination of service for reason other than death, whichever shall first occur. Redeposit of contributions

14664. If not more than 39 months have elapsed between the return of contributions by the district and the re-entry to membership, his rate of contribution thereafter shall be the same as before his termination of service, but if more than 39 months have elapsed his rate of contribution thereafter shall be the rate applicable to persons of his age on the date of re-entry. Rate of contribution

14665. Except as otherwise provided in this code, all rights under the district retirement plan as of the date of termination of service, including the right to pension benefits and credit for prior service, if any, shall be restored to any member who redeposits his accumulated contributions as provided in Section 14663; but any member who re-enters the system more than 39 months after his contributions have been returned to him, or any member who re-enters the system within 39 months after his contributions have been returned to him and does not elect to redeposit his accumulated contributions with interest, as provided in Section 14663, or any member who re-enters the system within 39 months after his contributions have been returned to him and, having elected to redeposit his accumulated contributions, with interest, as provided in Section 14663, subsequently does not make such redeposit, re-enters as a new member without credit for any service except the prior service credited to him before termination of his service, and his rate of contribution for future years is that for his age at re-entrance. Restoration of rights

14666. The provisions of Sections 14661 to 14665 inclusive shall be applicable to any member who returns, or has returned, to service after December 7, 1941. The governing board shall provide by rule for the adjustments required by this section. Application of sections

14667. Time of service may be counted in the aggregate, and fractions of years amounting to whole years may be counted as whole years when payments by the teacher or other employee have been made for all of the time counted. Computation of time

14668. Any district retirement plan established by a governing board which governs more than one district may provide that service by any teacher, or other employee included in the plan, in all of the districts in which the teacher or other employee has served and for which the plan is adopted may be counted in the aggregate in determining eligibility toward retirement. This section shall apply only Service in more than one district

to service rendered in that part of any district which has become a part of any district for which a retirement plan is established by annexation, merger, consolidation, or in any other manner.

Retired list

14669. The governing board of the district shall in all cases determine the teachers and other employees who are entitled to retirement salaries and make and keep a list of the teachers and other employees, known as the retired list. For the purpose of making the retired list the boards may take testimony and examine witnesses under oath which may be administered by any member of the board.

Rules

14670. The governing boards of the school districts may make all necessary and proper rules and regulations in aid or furtherance of the provisions of Sections 14551 to 14698, inclusive, and in order to carry out and administer such provisions. A majority of the governing board of the district shall constitute a quorum for the transaction of all business.

Plan for more than one district

14671. Notwithstanding anything to the contrary in this code, for the purpose of economy of administration, in every instance where two or more school districts for which a district retirement plan is authorized are under the control and management of a single governing board, the board may establish a single retirement plan covering all school districts under its control, or if separate plans are established, may consolidate them in a single plan, for the benefit of all of the districts under its control. It shall apportion the total cost of the retirement plan among all of the districts on the basis of the total salaries of all members of the plan who are paid by each district. The retirement board of the single retirement plan may have more than seven members, if the plan so provides.

"District retirement fund"

14672. When any district establishes a district retirement plan, there shall be created in the treasury of the county in which the district is located, and opened upon the books of the auditor and treasurer of the county, a trust fund account designated as the "district retirement fund." All moneys, whether from contributions by teachers or other employees, or by the district, or from any source, properly belonging to the district retirement fund, shall be placed in the fund. Upon approval of the district retirement board, all incidental expenses, including actual and necessary clerical or other help, incurred in carrying out the provisions of Sections 14551 to 14698, inclusive, shall be paid out of the fund and in the same manner as other expenditures are paid from district funds.

Compensation of governing board

14673. Members of governing boards shall discharge the powers, duties, purposes, responsibilities, and jurisdiction conferred or imposed upon the governing board under Sections 14551 to 14698, inclusive, without extra or additional compensation.

"District retirement board"

14674. The governing board of a district establishing the retirement plan, shall provide for the administration of the funds and the payment of retirement salaries by a "district

retirement board" to be composed of not less than three nor more than seven members. The governing board of the district shall be represented upon the retirement board, and the teachers and any other employees of the district subject to the plan shall be represented in proportion, as nearly as is practicable, to the respective number of teachers and other employees covered by the plan, by representatives chosen by the teachers and other employees by secret ballot. The county treasurer of the county in which the district establishing the plan is located, shall be ex officio a member of the district retirement board. The representatives of the governing board on the "district retirement board," if not members of the plan, shall be paid fifteen dollars ($15) per meeting not to exceed one meeting per month. The compensation shall be a charge against the district retirement fund. All members of the retirement board shall serve for such terms as may be specified by the governing board in establishing the plan. The district retirement board shall have such further powers and duties as may be prescribed by the governing board of the district.

Duties

14675. The district retirement board shall have charge and control of the district retirement fund of the district and of the payment of all retirement salaries and annuities payable from the fund. The district retirement board shall invest the funds in securities which are legal for the investment of funds of savings banks in this State and shall sell the securities and reinvest the proceeds in securities legal for investment of funds of savings banks when in the judgment of the district retirement board any sale and reinvestment is advisable. No investment in or sale of securities shall be made except upon authorization of the district retirement board at a meeting of the board.

The board also shall collect the income from the securities and pay it into the district retirement fund.

Exchange of bonds, etc., of United States

14676. Whenever the United States Government or any department or agency thereof offers to exchange bonds or other interest-bearing notes and obligations of the United States for other bonds or interest-bearing notes and obligations of the United States of a different series or issue, the district retirement board may exchange any bonds or other interest-bearing notes and obligations of the United States in which funds of the district retirement fund are then invested for bonds or other interest-bearing notes and obligations of the United States, in accordance with the terms of such offer.

Suits

14677. The district retirement board may sue in its own name when necessary to carry out the powers and duties conferred upon it. The attorney for the governing board of the district shall act as attorney for the district retirement board without additional compensation.

Securities

14678. All securities purchased by the district retirement board shall be deposited with the county treasurer for safekeeping.

Payments

14679. All payments from the district retirement fund shall be made in the same manner as payments from school district funds but shall be subject to approval of the district retirement board. Warrants drawn on the fund shall be signed by at least one member of the district retirement board who shall be designated by the board.

The duties imposed upon the county treasurer shall be a part of his official duties, for the faithful performance of which he shall be liable upon his official bond.

Deductions for group insurance

14680. The district retirement board established under any school district retirement plan may comply with and give effect to a revocable written authorization signed by a retired employee entitled to a retirement salary allowance or benefit from any such board, authorizing such board to deduct a specified amount from the retirement salary allowance or benefit payable to any such retired employee for the purpose of paying premiums on any policy or certificate of group life insurance or group disability insurance issued by an admitted insurer, or for any prepaid group medical or hospital service plan, or both, approved by such retirement board, for the benefit of such retired employee or his dependents, and each month shall draw its order in favor of the insurer or institution named in said written authorization for an amount equal to the deductions so authorized and made during the month. The board may charge a reasonable fee for the making of such deductions and payments.

Unclaimed retirement benefits

14681. Any other provisions of law to the contrary notwithstanding, whenever any retirement benefits under a district retirement system payable solely by reason of death of the retired member to his estate, heir or beneficiary have been unclaimed for a period of four years from the date of notification, by the district retirement system, by means of United States mail, to the estate, heir or beneficiary, such funds shall revert to and become a part of the contributions of the district and shall be applied to reduce the cost to the taxpayers of the district maintaining the retirement system.

The district retirement system may at any time after reversion of such benefits to the district and upon receipt of proper information satisfactory to it, return from district contributions, an amount equal to that which had, on account of such deceased member, reverted to the district.

Unclaimed warrants

14682. Any other provisions of law to the contrary notwithstanding, whenever any warrant drawn in payment of contributions or accumulated contributions or benefits under a district retirement system, remains unclaimed or the claimant cannot be found, the proceeds of such warrant shall be redeposited in the respective fund, or funds, from which they were derived, and held for the claimant, without further accumulation of interest, and such redeposit shall not operate to reinstate the membership of the claimant in the district retirement system. If said proceeds, whether heretofore or hereafter redeposited, are not claimed within four years after

the date of redeposit, they shall revert to and become a part of the contributions of the district and shall be applied to reduce the cost to the taxpayers of the district maintaining the retirement system and on account of which said contributions were made.

The provisions of this section apply to warrants drawn under a district retirement system and which would become void under the provisions of Section 21151 of the Education Code.

The district retirement system may at any time, after the reversion of proceeds to the district maintaining the retirement system, and upon receipt of proper information satisfactory to it, return from district contributions, an amount equal to such proceeds, to the credit of the claimant to be administered in the manner prescribed under the district retirement system.

The deposit in such funds of the proceeds of unclaimed and unpaid warrants prior to September 7, 1955, in accordance with the procedure specified in this section, is hereby validated, ratified, and confirmed.

Payment without probate of estate

14683. If any benefit is payable by a district retirement system to the estate of a deceased person, whether because the estate is the beneficiary of the person or because no beneficiary was designated or because an allowance payable to the person had accrued and remained unpaid at the date of the death, and the estate would not be probated if no amount were due from said system, then such benefit shall be paid directly without probate to the surviving next of kin of the deceased, or the guardians of such survivors' estates, share and share alike.

Such payment shall be made in the same order in which the following groups are listed:

(a) Husband or wife.

(b) Children and issue of deceased children by right of representation.

(c) Father and mother.

(d) Brothers and sisters.

(e) Nieces and nephews.

Same: Affidavit

14684. No payment shall be made to persons included in any group specified in Section 14683, if at the date of death of any person or persons to whom any benefit is payable by a district retirement system there are living persons in any of the groups preceding it, as listed. Payment to the persons in any group, upon receipt from them of an affidavit upon a form supplied by the system, that there were no surviving individuals in the groups preceding it and that the estate of the deceased will not be probated, is in full discharge of the liability of the board and system on account of the death.

Same: Funeral expenses

14685. If any benefit is payable by a district retirement system to the estate of a deceased person, and the estate would not be probated if no amount were due from said system, but there is no surviving person in any of the groups specified in Section 14683, or if the designated beneficiary cannot be

found by the system, the system may in its discretion pay to the funeral director who conducted the funeral, or to any person or organization that has paid the funeral director from his or the organization's funds, all or a portion of any amount payable under said system to such estate or to such beneficiary, but not more than the expenses of the funeral or the portion of such expenses paid by the person or organization, as evidenced by the sworn itemized statement of the funeral director and by such other documents as the system may require. Payment so made is in full discharge of the liability of the board and system for the amount so paid.

Audit

14686. The county auditor shall audit the accounts of the district retirement board at least once every 12 months and report upon the financial condition thereof to the governing board of the district, except that, in a district operating a district retirement system the funds of which are audited under the provisions of Section 17206 of this code, the county auditor shall not be required to make an audit.

Retirement salaries

14687. The retirement salaries provided for in Sections 14551 to 14698, inclusive, are in addition to any other retirement salaries received by any teacher under Sections 13801 to 14415, inclusive, or as may be otherwise provided by law.

Same

14688. The retirement salaries provided for in Sections 14551 to 14698, inclusive, for all employees other than teachers, are in addition to any other retirement salaries that may be provided by law.

Elections re contributions on discontinuance of service

14689. Any other provision in Sections 14551 to 14698, inclusive, to the contrary notwithstanding, if the service of a member is discontinued other than by retirement or death, and he has been employed by the district for five years and has made the contributions required for that period, he shall have the right to elect not later than 90 days thereafter and without right of revocation, whether to allow his accumulated contributions to remain in the Retirement Fund. Failure to make such election shall be deemed an irrevocable election to withdraw his accumulated contributions. A member whose membership continues under this section is subject to the same age requirements as apply to other members for service retirement, but he is not subject to a minimum service requirement. Upon the qualification of such member for retirement by reason of age, he shall receive a retirement allowance based upon the amount of his accumulated contributions and service standing to his credit at the time of retirement and on the district's contributions held for him and calculated in the same manner as for other members, except that the provisions in Sections 14551 to 14698, inclusive, for minimum service retirement allowances do not apply to him, unless he meets such minimum service requirements. If the district retirement plan provides for a death benefit, upon the death of such a member prior to retirement under this section, the death benefit payable shall be computed upon the basis of his average annual compensation earnable for the year preceding the

date of termination of such service, multiplied by the years of service for the district prior to such termination not to exceed six.

Discontinuance of district retirement plan, etc

14690. (a) A district retirement salary plan established under Sections 14551 to 14698, inclusive, in any unified district having an average daily attendance of less than 70,000 pupils may be discontinued by the governing board of the district; but no discontinuance of any such retirement plan shall be effective for any purpose unless provision is made for retirement allowances for active and retired employees of the district as provided in subdivisions (b), (c), (d), and (e) of this section.

(b) Active and retired employees of the district who otherwise would be members of such plan, other than teachers and persons employed in a status requisite for membership in the State Teachers' Retirement System or who were so employed prior to retirement, shall be made members and benficiaries, respectively, of the State Employees' Retirement System according to the provisions of Part 3, of Division 5, of Title 2 of the Government Code, including transfer to said system of the accumulated contributions of said employees, together with such other assets of said plan allocated to said employees as may be determined.

(c) Notwithstanding any other provisions of Sections 997 to 1002, inclusive, Sections 12901 to 13004, inclusive, Sections 13006 to 13553, inclusive, and Sections 13555 to 14775, inclusive, contributions to the discontinued district retirement plan made by teachers and other persons employed by the district in a status requisite for membership in the State Teachers' Retirement System standing to their individual credit at the date of discontinuance of the district retirement plan shall be deposited forthwith in the Retirement Annuity Fund with credited interest, to be applied on the amount due from said teachers and other persons under Section 14411 of this code, but not to exceed the amount so due. Likewise an amount equal to the actuarial equivalent of the annuity portion of the retirement allowance to which the respective retired teachers and other persons employed by the district, prior to retirement, in a status requisite for membership in the State Teachers' Retirement System were entitled under said plan, based on the interest rate and mortality tables used in its determination, shall be deposited in the Retirement Annuity Fund, to be applied on the amount due from said respective retired teachers and other persons under Section 14414 of this code, but not to exceed the amount so due. Any excess of the contributions with credited interest or the actuarial equivalents, as the case may be, over the respective amounts due under said sections, shall be paid forthwith to the respective active and retired teachers and other persons. Further amounts, if any, due under said sections after said deposits, shall be paid to the Retirement Annuity Fund by the respective active and retired teachers and other persons. The balance of the assets held in

the various funds of the discontinued district retirement plan after the deposits and payments required by this section, shall be delivered to the district in which the plan is discontinued, to be used as provided in subdivision (e) of this section.

(d) The district in which the district retirement plan is discontinued shall pay monthly to teachers and other persons employed by the district, prior to retirement, in a status requisite for membership in the State Teachers' Retirement System who were retired prior to the date of such discontinuance an amount equal to the amount by which the retirement allowance to which any of said retired teachers or other persons was entitled under said plan exceeds the increase in said teacher's or other person's retirement allowance under the State Teachers' Retirement System resulting from said discontinuance. If the amount payable to any such teacher or other person, under the sentence next preceding, is less than two dollars ($2), the district may pay, in lieu of such amount, one amount which shall be actuarially equivalent to such monthly amount thereafter payable, according to the interest rate and mortality table used in the determination of the teacher's or other person's retirement allowance under the said district retirement plan. The payment of such actuarially equivalent amount shall discharge fully the district's liability to such teacher or other person under this subdivision (d). The arrangement under which said amounts are paid by said district shall not be considered to be a local retirement system for the purposes of Sections 13801 to 14415, inclusive, of the Education Code, nor shall said amount be taken into account in the calculation of retirement allowances under the State Teachers' Retirement System.

(e) From the assets delivered to it pursuant to subdivision (c) the district shall create a reserve fund which shall be the actuarial equivalent of the amounts to be paid to retired teachers and other persons under subdivision (d), and the amounts payable under subdivision (d) shall be paid from that reserve fund. If the reserve fund as first created proves insufficient to make the payments required under subdivision (d), the district shall make such additions to the reserve fund as may be necessary to provide for the payments required under subdivision (d). The remainder of the assets delivered to the district pursuant to subdivision (c), after the creation of the reserve fund for payments under subdivision (d), shall be placed in a special reserve, of which part shall be used first as provided in Section 14691, and the part remaining shall be used annually in the interest of the employees of the district, at the discretion of the governing board of the district.

Special reserve, credits, etc.

14691. (a) The special reserve resulting from the discontinuance of a district retirement salary plan as provided in Section 14690, and a part of which is to be used annually in the interest of the employees of the district, at the discretion of the governing board, shall be used first as provided in this section.

(b) The district in which the district retirement plan is discontinued shall credit each teacher or other person employed by the district at the time of discontinuance, in a status requisite for membership in the State Teachers' Retirement System, with an amount which bears the same ratio to the portion of the assets delivered to the district pursuant to subdivision (c) of Section 14690, which remains after the creation of the reserve fund for payments under subdivision (d) of Section 14690, as required by subdivision (e) of Section 14690, as the accumulated contributions credited to the said member in his individual contribution account under the discontinued retirement plan at the time of discontinuance, bore to the total accumulated contributions so credited to all such teachers and persons, but such credit to any active member shall not exceed the amount of the member's accumulated contributions so credited at that time. The amount so credited to any person shall be increased by interest at rates approved from time to time by the governing board of the district, and the accumulated amount at the date upon which the person retires for service or disability under the State Teachers' Retirement System shall be applied according to rates and tables adopted by the said governing board and then in effect, to provide an annuity payable to the person throughout the balance of his life, but subject to Section 14363, which provides for an election by the member as to options, in the same manner that the member's retirement allowance under the State Teachers' Retirement System is subject to Section 14363, if the annuity which would be so provided is at least two dollars ($2) per month; otherwise said accumulated amount shall be paid in one sum to the person, in lieu of the annuity. If the person dies prior to retirement, the said amount, with credited interest, shall be paid to his designated beneficiary, as it appears on the records of the district, if any, otherwise to the member's estate. If the person ceases to be employed by the district for any reason other than death, retirement, or attainment of the age at which his classification as a permanent employee ceases, he shall no longer be credited with or have any right to the said accumulated amount, but the amount shall revert to and belong to the district. If any such active member has retired, died before retirement under the State Teachers' Retirement System, or ceased to be employed by the district by reason of his attainment of the age at which his classification as a permanent employee ceased, between the date of discontinuance of the district retirement plan and September 9, 1953, an annuity or death benefit, as the case may be, nevertheless shall be paid with the same effect as if this section had been in effect at the time of his retirement, death, or cessation of employment by the district. The arrangement under which annuities and death benefits are paid by a district under this subdivision shall not be considered to be a local retirement system for the purposes of Sections 13801 to 14415, inclusive, of this code, nor shall such payments be taken into account in the

calculation of retirement allowances under the State Teachers' Retirement System.

(c) From the assets delivered to it pursuant to subdivision (c) of Section 14690, the district shall create a reserve fund equal in amount to the total contributions credited to employees of the district, under subdivision (b) of this section, and the annuities and death benefits payable under subdivision (b) of this section shall be paid from this reserve fund. If the reserve fund as first created proves insufficient to make the payments required under subdivision (b), the district shall make such additions to the reserve fund as may be necessary to provide for such payments.

Persons retired prior to Jan 1, 1953

14692. If any person who was retired prior to January 1, 1953, from a position requisite for membership in the State Teachers' Retirement System, under a district retirement salary plan which has been discontinued pursuant to Section 14690, elected either under the said plan or under the said system, but not under both, to have his retirement allowance modified according to an option under which he would receive a smaller allowance and provide a benefit for his beneficiary, said person shall have the right, to be exercised not later than sixty (60) days after September 9, 1953, to change his election under the State Teachers' Retirement System with respect to said options. Any computations of actuarial equivalents under a changed election shall be made as of September 9, 1953, and no adjustment shall be included in the computation on account of retirement allowance payments made prior to that date.

Increase of allowances

14693. Retirement allowances which were being paid to retired employees of the unified district under such district's retirement plan when such plan was discontinued under Section 14690, and now are being paid by the State Employees' Retirement System, shall be changed by action of the governing board of such district, effective on the first of the calendar month next following September 11, 1957, to retirement allowances calculated on the basis of service used in the calculation of the respective allowances under such plan, but otherwise according to the formulae now used, under the State Employees' Retirement System in the calculation of allowances of such district's employees. The increase in such allowances resulting from the change shall be paid monthly to such retired employees by such district, from the reserve fund created as required by subdivision (e) of Section 14690, and such board shall transfer such assets to such fund as may be necessary to meet such payments. No allowance shall be reduced by such change.

Discontinuance of district plan, etc

14694. (a) A district retirement salary plan established under Sections 14551 to 14698, inclusive, in any school district or districts, in which the average daily attendance of all districts combined is in excess of 200,000, governed by the same governing board may be discontinued by the governing board of the district or districts, with the consent of the

majority of the active members of the system expressing their desires with respect to the discontinuance of the plan evidenced in such manner as the governing board may prescribe; but no discontinuance of any such retirement plan shall be effective for any purpose unless provision is made for retirement allowances for active and retired employees of the district as provided in subdivisions (b), (c), (d), and (e) of this section.

(b) (1) Active and retired employees of the district or districts who otherwise would be members of such plan, other than teachers and persons employed in a status requisite for membership in the State Teachers' Retirement System or who were so employed prior to retirement, shall be made members and beneficiaries, respectively, of the State Employees' Retirement System according to the provisions of Part 3, of Division 5, of Title 2 of the Government Code, including transfer to said system of the accumulated contributions of said employees, together with such other assets of said plan as may be determined.

(2) With respect to persons who are members of such plan at its discontinuance, it shall be provided in the contract making such employees members of the State Employees' Retirement System, that their respective rates of contribution thereunder shall be based on the age at the nearest birthday at July 1, 1944, or at the respective later effective dates of their membership in such plan, all instead of the age at the nearest birthday at the effective date of membership in such employees' system.

(3) Each employee of the district or districts who is included in such contract, but who during all or part of his employment in a status requisite for membership in such plan was not a member thereof, because of his election under an available option, or who failed to redeposit upon re-entry into membership contributions previously withdrawn, shall have the right to elect by written document filed with the Board of Administration, State Employees' Retirement System, at any time within 90 days after the date upon which the notice of the right to make such election is mailed by such system to the member's latest address on file in the office of such system, and prior to the date of retirement, to contribute to such system, subject to minimum payments fixed by the board of administration, and in one or more sums, or in not to exceed 60 monthly payments, an amount which, when added to his accumulated contributions, including interest, transferred as required in paragraph (1) of this subdivision (b), will make a total amount equal to the accumulated contributions, including interest, which would have been credited to him in such plan, if he had never elected not to be a member thereof, or if he had redeposited such withdrawn contributions upon such re-entry, as the case may be. Such employee shall pay to the State Employees' Retirement System interest on the unpaid balance of the amount payable to such system, beginning with

the date of discontinuance of such plan at the rate of interest currently used from time to time under the system. If such employee elects to make, and makes such contributions, and pays such interest, but not otherwise, he shall receive credit under such employees' system, as state service, for all the service rendered while he was not a member of such plan, because of his optional exclusion, or for all service upon which the withdrawn contributions were based, and for the purpose of paragraph (2) shall be considered as a member of such plan at its discontinuance and from November 1, 1937, or later beginning date of such service. Regardless of whether such contributions are made, such employee shall receive credit for service with which he was credited or would have been credited if he had been a member, as prior service under such plan. The contributions under this paragraph (3) shall be added to and administered in the same manner as the contributions transferred under paragraph (1), of this subdivision (b).

(4) Service rendered by active employees, who are made members of the State Employees' Retirement System, prior to the assumption by the district or districts of the function under which the service was rendered, such as but not limited to cafeterias and student body activities, shall be credited under such employees' system; provided, such service qualified for credit under the discontinued plan.

(5) The contract making such active employees members of the State Employees' Retirement System, shall include such employees with respect to service rendered in a status in which they are not eligible for membership in the State Teachers' Retirement System, as provided in Section 20491 of the Government Code, and also with respect to service rendered in a status in which they are eligible for such membership, but which is no longer credited under such retirement system, and such service shall be credited in the same manner applicable to service otherwise qualifying for credit.

(6) Retirement allowances being paid under the discontinued plan to retired employees of the district or districts, who are made beneficiaries of the State Employees' Retirement System, shall be changed by action of the governing board of such districts, effective at the discontinuance of such plan, to retirement allowances calculated on the basis of service used in the calculation of the respective allowances under such plan, and average annual salary earnable during the highest three consecutive years of creditable service, calculated according to the methods used at the date of discontinuance, under such plan in determining salary earnable, but excluding any salary based on overtime as provided in Section 20025.2 of the Government Code, but otherwise according to the formulae under such employees' system which apply to active employees who are made members thereof. Such changed allowances shall be paid to such beneficiaries for time commencing on the date they are made beneficiaries of such employees' system. No allowance shall be reduced by such change.

(7) If two or more districts under the control and management of a single governing board are participants in such plan, one contract between the board of administration and such governing board may include all such districts. The governing board may apportion the total contributions required under the contract, among the districts on the basis of total salaries upon which the contributions are computed, and on the basis of other pertinent information.

(8) Paragraph (1) of this subdivision notwithstanding, the contract making such active employees members of the State Employees' Retirement System, shall include teachers and persons employed in a status requisite for membership in the State Teachers' Retirement System, with respect to service rendered in a status in which they would have been eligible for membership in the State Employees' Retirement System, if such district or districts by which they were employed had been participating in that system under Part 3 of the Government Code of the State of California. Contributions deducted from salary earned by such employees in such service, together with credited interest, and standing to the credit of such employees at the effective date of discontinuance of such plan, shall be subject to the provisions of paragraph (1), in the same manner as they would have been so subject if said employees had been employed at the date of such discontinuance, in a status which was not requisite for such membership in the State Teachers' Retirement System. Such employees shall be members of the State Employees' Retirement System with the same effect, but only with respect to such service, as if they had been employed in a status which would have qualified them for such membership under other paragraphs of this Section 14694. Such employees shall continue in such membership and shall be entitled to benefits in the same manner as if they individually were credited with at least five hundred dollars ($500) in accumulated contributions. In the computation of such members' benefits under the State Employees' Retirement System, their compensation earnable while they are members of the State Teachers' Retirement System shall be taken into consideration.

(c) Notwithstanding any other provisions of Sections 997 to 1002, inclusive, Sections 12901 to 13004, inclusive, Sections 13006 to 13553, inclusive, and Sections 13555 to 14775, inclusive, contributions to the discontinued district retirement plan made by teachers and other persons employed by the district or districts in a status requisite for membership in the State Teachers' Retirement System standing to their individual credit at the date of discontinuance of the district retirement plan shall be deposited forthwith in the Retirement Annuity Fund with credited interest, to be applied on the amount due from said teachers and other persons under Section 14411 of this code, but not to exceed the amount so due. Likewise an amount equal to the actuarial equivalent of the annuity portion of the retirement allowance to which the respective retired teachers and other persons employed by the district or dis-

tricts, prior to retirement, in a status requisite for membership in the State Teachers' Retirement System were entitled under said plan, based on the interest rate and mortality tables used in its determination, shall be deposited in the Retirement Annuity Fund, to be applied on the amount due from said respective retired teachers and other persons under Section 14414 of this code, but not to exceed the amount so due. Any excess of the contributions with credited interest or the actuarial equivalents, as the case may be, over the respective amounts due under said sections, shall be paid forthwith to the respective active and retired teachers and other persons. Further amounts, if any, due under said sections after said deposits, shall be paid to the Retirement Annuity Fund by the respective active and retired teachers and other persons. If any of such teachers or other persons who is not retired, is not entitled to credit under the State Teachers' Retirement System for all or part of his service credited under such plan, or if any of such retired teachers or other persons is not entitled to a retirement allowance from such system, either before or after such discontinuance, the provisions of this subdivision (c) about contributions and credited interest or about the actuarial equivalent of annuity portions of retirement allowances, as the case may be, shall not apply to him with respect to service which is not credited under such state system, until and unless he becomes entitled to credit for such service or to an allowance from such state system, based on service which was credited to him under the discontinued plan. The balance of the assets held in the various funds of the discontinued district retirement plan after the transfers, deposits and payments required by this section, or after establishment of reserves from which such transfers, deposits and payments shall be made, shall be delivered to the district or districts in which the plan is discontinued.

(d) The district or districts in which the district retirement plan is discontinued shall pay monthly to teachers and other persons employed by the district or districts, prior to retirement, in a status requisite for membership in the State Teachers' Retirement System who were retired prior to the date of such discontinuance an amount equal to the amount by which the retirement allowance to which any of said retired teachers or other persons was entitled under said plan exceeds the increase in said teacher's or other person's retirement allowance under the State Teachers' Retirement System resulting from said discontinuance. If the amount payable to any such teacher or other person, under the sentence next preceding, is less than two dollars ($2), the district or districts may pay, in lieu of such amount, one amount which shall be actuarially equivalent to such monthly amount thereafter payable, according to the interest rate and mortality table used in the determination of the teacher's or other person's retirement allowance under the said district retirement plan. The payment of such actuarially equivalent amount shall discharge fully

the district's liability to such teacher or other person under this subdivision (d). The arrangement under which said amounts are paid by said district shall not be considered to be a local retirement system for the purposes of Sections 13801 to 14415, inclusive, of the Education Code, nor shall said amount be taken into account in the calculation of retirement allowances under the State Teachers' Retirement System. If any of such teachers or other persons is not entitled to a retirement allowance from the State Teachers' Retirement System, either before or after such discontinuance, such district or districts shall pay monthly to him, an amount equal to his retirement allowance under said plan prior to such discontinuance. If any teacher or other person has left the service of the district or districts, and is in a status under such plan, which if continued would qualify him for a retirement allowance without his return to such service, but is in a status otherwise which would not qualify him for retirement under such state system, such district or districts shall pay monthly to such teacher or other person, beginning at the date upon which he would have qualified for service retirement under such plan, an amount equal to the retirement allowance for which he would have qualified if such plan had not been discontinued. If any teacher or other person has credit under such plan for service which does not qualify for credit under either the State Teachers' Retirement System or State Employees' Retirement System, such district or districts shall pay monthly to such teacher or other person, beginning on the date upon which he would have qualified for service retirement under such plan, an amount equal to the retirement allowance for which he would have qualified on the basis of such service if such plan had not been discontinued. If such individual at a later date becomes entitled to a retirement allowance from such state system, based on such service which was credited to him under the discontinued plan, such monthly payments shall cease, and he shall become subject forthwith to the provisions of subdivision (c) of this section, and the provisions of the first four sentences of this subdivision (d), in the same manner as he would have been subject, if he had been entitled to such a retirement allowance at the date of discontinuance, but calculation of actuarial equivalents and amounts payable shall be made as of the later date.

(e) If any person who was retired prior to such discontinuance from a position requisite for membership in the State Teachers' Retirement System, under a district retirement salary plan which is discontinued pursuant to this section, elected either under such plan or under such system, but not under both, to have his retirement allowance modified according to an option under which he would receive a smaller allowance and provide a benefit for his beneficiary, such person shall have the right, to be exercised not later than sixty (60) days after the discontinuance of such plan to change his election under the State Teachers' Retirement System with respect to

said options. Any computations of actuarial equivalent under a changed election shall be made as of the date of discontinuance of the plan, and no adjustment shall be included in the computation on account of retirement allowance payments made prior to that date.

Balance of assets

14695. The balance of the assets delivered to the district or districts pursuant to subdivision (c) of Section 14694, after the transfers, deposits and payments required by such section, or after establishment of reserves from which such deposits and payments shall be made, shall be held intact by the district until the Legislature expressly authorizes the expenditure thereof.

Transfer to State Employees' Retirement System, etc

14696. (a) Notwithstanding the provisions of Section 14694, persons other than (1) teachers and (2) other persons employed in a status requisite for membership in the State Teachers' Retirement System, who are active or retired members of a district retirement salary plan established under Sections 14551 to 14698, inclusive, in any school district or districts, in which the average daily attendance of all districts combined is in excess of 200,000, governed by the same governing board, may be transferred by the governing board of the district or districts, with the consent of the majority of such active members of the plan expressing their desires with respect to the transfer evidenced in such manner as the governing board may prescribe; but no transfer of such active and retired members shall be effective for any purpose unless provision is made for retirement allowances for active and retired employees of the district as provided in subdivision (b) of this section.

(b) (1) Active and retired employees, including future employees, of the district or districts who otherwise would be members of such plan, persons who are members of the district's retirement salary plan under Section 14689 of this code, and persons who were employees on June 30, 1957, and who attained age 65 or over during the 12 months immediately preceding July 1, 1957, other than teachers and persons employed in a status requisite for membership in the State Teachers' Retirement System or who were so employed prior to retirement, shall be made members and beneficiaries, respectively, of the State Employees' Retirement System according to the provisions of Part 3, of Division 5, of Title 2 of the Government Code, including transfer to said system of the accumulated contributions of said members, together with such other assets of said plan as may be determined. The total of such other assets transferred, however, shall not be greater than the portion of the reserves of such plan which is allocable to such active and retired employees, as determined by actuarial valuation. In such valuation the portion of the reserves allocable to such active and retired employees proposed to be transferred shall be determined as an amount which bears the same ratio to the total reserves under such plan as the liabilities under the plan on account of such active and retired

employees bear to the total liabilities under the plan on account of all active and retired employees thereunder. On the effective date of the contract making such active employees members of the State Employees' Retirement System, such employees shall cease to be members of such plan, and neither they nor retired persons who are made beneficiaries of such state system, shall be paid or have any right to any allowance or other benefit under such plan for time beginning with said effective date.

(2) With respect to persons who are members of such plan at such transfer, it shall be provided in the contract making such employees members of the State Employees' Retirement System, that their respective rates of contribution thereunder shall be based on the age at the nearest birthday at July 1, 1944, or at the respective later effective dates of their membership in such plan, all instead of the age at the nearest birthday at the effective date of membership in such employees' system.

(3) Each employee of the district or districts who is included in such contract, but who during all or part of his employment in a status requisite for membership in such plan was not a member thereof, because of his election under an available option, or who, while employed in a status not requisite for membership in such plan, was a member of the State Teachers' Retirement System and was contributing to that system, or who did not redeposit upon re-entry into membership contributions previously withdrawn, shall have the right to elect by written document filed with the Board of Administration, State Employees' Retirement System, at any time within 90 days after the date upon which the notice of the right to make such election is mailed by such system either to the member's latest address on file in the office of such system, or to the office of the governing board of such district or districts, and prior to the date of retirement, to contribute to such system, subject to minimum payments fixed by the Board of Administration, and in one or more sums, or in not to exceed 60 monthly payments, an amount which, when added to his accumulated contributions, including interest, transferred as required in paragraph (1) of this subdivision (b), will make a total amount equal to the accumulated contributions, including interest, which would have been credited to him in such plan, if he had never elected not to be a member thereof, or if he had been a member of such plan during the time he was a member of such State Teachers' Retirement System and was contributing thereto, or if he had redeposited such withdrawn contributions upon such reentry, as the case may be. Such employee shall pay to the State Employees' Retirement System interest on the unpaid balance of the amount payable to such system, beginning with the date of transfer, at the rate of interest currently used from time to time under the system. If such employee elects to make, and makes such contributions, and pays such interest, but not otherwise, he shall receive credit under such

employees' system, as state service, for all the service rendered while he was not a member of such plan, because of his optional exclusion, or for service rendered while he was contributing to such State Teachers' Retirement System; provided, such service is no longer credited under such teachers' system, or for all service upon which the withdrawn contributions were based, and for the purpose of paragraph (2) shall be considered as a member of such plan at such transfer and from November 1, 1937, or later beginning date of such service. Regardless of whether such contributions are made, such employee shall receive credit for service with which he was credited or would have been credited if he had been a member, as prior service under such plan. The contributions under this paragraph (3) shall be added to and administered in the same manner as the contributions transferred under paragraph (1) of this subdivision (b).

(4) Service rendered by active employees who are made members of the State Employes' Retirement System prior to or after the assumption by the district or districts of the function under which the service was rendered, but prior to the effective date of the contract making active employees such members, and the compensation for which was paid wholly or in part from funds other than the funds of the district or districts, shall be credited under such employees' system; provided, such service qualified for credit under such plan.

(5) The contract making such active employees members of the State Employees' Retirement System, shall include such employees with respect to service rendered in a status in which they are not eligible for membership in the State Teachers' Retirement System, as provided in Section 20491 of the Government Code, and also with respect to service rendered in a status in which they are eligible for such membership, but which is no longer credited under such teachers' retirement system, and such service shall be credited in the manner applicable to service otherwise qualifying for credit.

(6) Retirement allowances being paid under such plan to retired employees of the district or districts, who are made beneficiaries of the State Employees' Retirement System, shall be changed by action of the governing board of such districts, effective at such transfer, to retirement allowances calculated on the basis of service used in the calculation of the respective allowances under such plan, and average annual salary earnable during the highest three consecutive years of creditable service, calculated according to the methods used at the date of transfer, under such plan in determining salary earnable, but excluding any salary based on overtime as provided in Section 20025.2 of the Government Code, but otherwise according to the formulae under such employees' system which apply to active employees who are made members thereof. Such changed allowances shall be paid to such beneficiaries for time commencing on the date they are made bene-

ficiaries of such employees' system. No allowance shall be reduced by such change.

(7) If two or more districts under the control and management of a single governing board are participants in such plan, one contract between the board of administration and such governing board may include all such districts. The governing board may apportion the total contributions required under the contract, among the districts on the basis of total salaries upon which the contributions are computed, and on the basis of other pertinent information.

(8) The contract making such active employees members of the State Employees' Retirement System shall provide that the service included in the calculation of the completed years of service as a basis for the portion of the basic death benefit provided in subdivision (b) of Section 21361 of the Government Code for persons who were members of such plan at transfer, shall not be limited to service under the State Employees' Retirement System, but instead that service rendered as members of such plan shall also be included.

Relinquishment of allowances

14697. (a) Notwithstanding any other provisions of Sections 997 to 1002, inclusive, Sections 12901 to 13004, inclusive, Sections 13006 to 13553, inclusive, and Sections 13555 to 14775, inclusive, any person who retired under a district retirement plan established under Sections 14551 to 14698, inclusive, in any school district or districts in which the average daily attendance of all districts combined is in excess of 200,000, governed by the same governing board, from an employment in which he was a member of the State Teachers' Retirement System, and who is entitled to receive a retirement allowance from each of such plan and system, may elect without right of revocation, in writing on a form provided by such plan, and to be filed in the office of such plan not later than 90 days after the date upon which notice of the right to make such election is mailed by such plan to the retired person's latest address on file in the office of such plan, to relinquish his right to a retirement allowance from such district retirement plan. If such person so elects to relinquish such right, his retirement allowance under such plan shall be canceled effective at the close of the last day of the month in which such election is filed at such office, and no payment of such allowance shall be made to him, or on his account, for time after the effective date of cancellation.

(b) An amount equal to the actuarial equivalent of the annuity portion of the retirement allowance to which such retired person was entitled under such plan, based on the interest rate and mortality tables used in its determination at the time of retirement, shall be deposited in the Retirement Annuity Fund of such Teachers' Retirement System, to be applied on the amount due from such retired person under Section 14414 of this code, but not to exceed the amount so due. Any excess of the actuarial equivalent over the amount due under such section shall be paid forthwith to such retired

person. Further amounts, if any, due under such section after such deposit, shall be paid to the Retirement Annuity Fund by such retired person.

(c) If such retired person elected under either such plan or such system, but not under both, to have his retirement allowance modified according to an option under which he would receive a smaller allowance and provide a benefit for his beneficiary, such person shall have the right, to be exercised not later than 60 days after the cancellation of his retirement allowance under such plan, to change his election under such system with respect to such options. Any computation of actuarial equivalents under a changed election shall be made as of the day next following such cancellation, and no adjustment shall be included in the computation on account of retirement allowance payments made for time prior to that day.

Same Prior to Sept 1, 1959

14698. Notwithstanding the provisions of Section 14697, any person who retired under a district retirement plan established under Sections 14551 to 14698, inclusive, in any school district or districts in which the average daily attendance of all districts combined is in excess of 200,000, governed by the same governing board, from an employment in which he was a member of the State Teachers' Retirement System, and who is entitled to receive a retirement allowance from each of such plan and system, may elect without right of revocation, in writing on a form provided by such plan, and to be filed in the office of such plan not later than September 1, 1959, to relinquish his right to a retirement allowance from such district retirement plan. If such person so elects to relinquish such right, his retirement allowance under such plan shall be canceled effective at the close of the last day of the month in which such election is filed at such office, and no payment of such allowance shall be made to him, or on his account, for time after the effective date of cancellation. The provisions of subdivisions (b) and (c) of Section 14697 apply to such person.

CHAPTER 6. JOINT DISTRICT SALARY RETIREMENT PLANS

Article 1. Establishment of the Plan

Establishment

14701. The governing boards of two or more school districts, in none of which the employees are entitled to the benefits of a pension or retirement system maintained by a city, city and county, or county in which the district, or a part thereof, is located, meeting in joint session, may in their discretion, submit to the qualified electors of the districts, and upon petition signed by not less than 10 percent (10%) of the qualified electors of each district the governing boards shall submit to the qualified electors of the districts the proposition of establishing a joint plan for a retirement salary to be paid by the districts to all teachers fulfilling the requirements of the

plan in the public schools of the districts and to such other employees of the districts as the governing boards may determine, or, in the case of a petition, such other employees as may be specified in the petition, and to provide, out of funds of the districts, a portion of the cost thereunder, including expenses incident to the administration of the plan.

Election

14702. The proposition of establishing the plan may be submitted to the electors of the districts at any general or special election called and held in the districts, as the governing boards of the districts may determine. The governing boards of the school districts may call and hold the elections.

Consolidation

14703. The governing boards calling the election shall consolidate the election and submit to the electors of the respective districts on the same day the question of whether a district retirement plan shall be established in the districts. Within the territory affected by the order of consolidation, the election precinct polling places and voting booths shall, in every case, be the same. There shall be only one set of election officers in each precinct. The propositions to be voted upon within the respective districts may be set forth on one ticket or ballot. All proceedings had in the premises shall be recorded in one set of election papers, and the election shall be held in all respects as though there were only one election.

Same

14704. The election may be consolidated with any other election pursuant to Chapter 4 of Part 2 of Division 11 of the Elections Code.

Notices

14705. The election shall be called by posting notices, signed by a majority of the governing board of each district, not less than 10 days before the election. If there is a newspaper of general circulation published in any of the districts, notice shall be published in such a newspaper at least once, and at least 10 days prior to the election.

Conduct of election

14706. In all respects not otherwise specified the election shall be called and held, and returns canvassed and the result announced in the manner provided for the holding of elections for the purpose of authorizing bonds of the school districts, so far as the provisions of such laws are applicable. The governing boards of the school districts in which the election is held shall for the purposes of this section be considered as one board.

Ballots

14707. There shall be printed on the ballots to be used at the election the proposition: "Shall the governing boards of (here insert the names of the districts under the control of the boards submitting the proposition) school districts be authorized to establish a plan for a joint district retirement salary for the teachers and such other employees of the districts as the governing boards or the petition determines." To the right of the proposition shall be printed the words "Yes" and "No" with voting squares.

Favorable vote

14708. If, at the election, a majority of the voters in each district voting on the proposition cast their ballots in favor of the proposition, the governing boards shall establish a joint

district retirement salary plan for the teachers and for such other employees of the districts as the boards or the petition determine.

Negative vote

14709. If a majority of the votes cast in each district on the proposition is in the negative, the governing boards shall not submit the proposition again within a period of six months after the date of the election.

Article 2. Administration of the Plan

Inclusion in plan

14751. Every teacher and every other employee of the school districts for which the plan for district retirement is adopted, who is employed by the districts at the time of the adoption of the plan, and who signs an agreement to be subject to the burdens of the district retirement plan, shall be entitled to the benefits and subject to the burdens of the plan and of this chapter (commencing at Section 14701). Every teacher employed in the public schools of the districts after the adoption of the provisions of this chapter (commencing at Section 14701) by the governing boards of the districts, and such other employees as the boards or the petition determines, shall be bound by the benefits and burdens of this chapter (commencing at Section 14701).

Requirements of plan

14752. Any plan shall not be adopted or established until the governing boards, after such inquiry and hearing as they may direct, find that the respective contributions of the teachers and other employees and the districts provided for in the plan, are substantially in accordance with the more recent generally prevailing rates of contributions in public institutions which have established retirement systems, and that the plan is in accordance with sound business practice and with recognized actuarial methods.

Retirement benefits

14753. The plan may provide that the retirement salary shall be a stipulated monthly sum, or that all benefits under the retirement feature of the plan shall be based upon the monthly salary for each year of future active service in the district earned by the employee up to the date of retirement and upon the average monthly salary earned by the teacher or other eligible employee during the year immediately preceding the adoption of the plan and the number of years of past active service of the employee in the district, and subject to such provisions as may be made in the plan for minimum benefits. No employee with less than 15 years' service in the district prior to normal retirement age shall receive the benefit of the minimum. In no instance shall the retirement benefits be based upon or allowed for any amount of salary in excess of the sum of five hundred dollars ($500) per month.

Basis of retirement salary re substitute plan

14754. In lieu of the authorizations or requirements provided for in Sections 14751 and 14753, the plan may provide only that the retirement salary shall be based on service rendered prior to the effective date of the plan or prior to

July 1, 1944, and shall be an amount which, when added to the retirement allowance the respective member is entitled to receive under the State Teachers' Retirement System, shall equal a sum of not less than one hundred dollars ($100) per month and none of the provisions of Sections 14751 and 14753 shall be applicable thereto. The costs of the benefits under such a plan may be met by the contributions of the districts alone, any other provision of Sections 997 to 1002, inclusive, Sections 12901 to 13004, inclusive, Sections 13006 to 13553, inclusive, and Sections 13555 to 14775, inclusive, to the contrary notwithstanding, and only teachers who have credit for service rendered prior to said date shall be subject to the plan.

Supplemental benefit plans Discontinuance

14755. (a) A plan established under this chapter (commencing at Section 14701) which is intended to provide supplemental benefits only on account of service rendered before July 1, 1944, may be discontinued by the governing board of the district, subject to the following conditions:

1. Notwithstanding any other provisions of Sections 997 to 1002, inclusive, Sections 12901 to 13004, inclusive, Sections 13006 to 13553, inclusive, and Sections 13555 to 14775, inclusive, any teacher who is not retired on July 1, 1956, shall be entitled to the contributions made by him to the discontinued plan with interest credited in accordance with the rules and regulations of the local retirement plan to and including June 30, 1957. Likewise, a teacher who retired prior to July 1, 1956, shall be entitled to a refund equal to the actuarial equivalent, at his attained age, of the annuity which would have been provided by the total contributions required of the member under the system, based on interest and mortality tables currently in use, less the amount of any contributions remaining unpaid on the date of discontinuance. The amount to which any teacher is entitled under this section shall be paid to him within 90 days of his request in writing on a form provided by and filed with the local retirement system. All such requests shall be filed prior to July 1, 1959.

2. The district in which the plan is discontinued shall pay monthly to teachers, who were retired prior to the date of such discontinuance, an amount equal to the amount by which the retirement allowance to which any said retired teacher was entitled under said plan exceeds the increase in said teacher's retirement allowance under the State Teachers' Retirement System after said discontinuance. In lieu of such monthly payment, the district may elect to pay in a single sum the amount which shall be the actuarial equivalent to such monthly amount thereafter payable, according to the interest rate and mortality table currently in use under said plan. Payment of such amount shall discharge fully the district's liability to such teacher under this subdivision. The arrangement under which such amounts are paid by said district shall not be considered to be a local retirement system for the purposes of Sections 13801 to 14415, inclusive, of the

Education Code, nor shall said amount be taken into account in the calculation of the retirement allowances under the State Teachers' Retirement System.

(b) Any person who was retired prior to July 1, 1956, from a position requisite for membership in the State Teachers' Retirement System, under a district supplemental retirement salary plan which has been discontinued pursuant to this section, and elected either under said plan or under said system, but not under both, to have a portion of his retirement allowance modified according to an option under which he would receive a smaller allowance and provide for a benefit for his beneficiary, said person shall have the right, to be exercised not later than 60 days after July 5, 1956, to change his election under the State Teachers' Retirement System with respect to said options. Any computations of actuarial equivalents under a changed election shall be made as of the said effective date, and no adjustment shall be included in the computation on account of retirement allowance payments made prior to that date.

(c) When any local retirement plan is discontinued under the provisions of this section, all funds remaining in the district retirement fund of the local system shall be transferred to the general fund of the school district in which the plan is discontinued. Thereafter any payments to meet continuing obligations of the district arising from the establishment or discontinuance of the plan shall be paid from the general fund of the district.

Amendments to plan

14756. The governing boards, after the adoption of the plan, shall at regular intervals, each not exceeding a period of five years, secure a general survey and actuarial report of the plan, and the boards shall from time to time amend the plan in such manner as may be found to be advisable to meet changed conditions, or, as in the light of experience, may be considered necessary.

Permitted plan

14757. A plan under which the districts establishing it agree to pay to employees who become entitled to retirement salaries within a specified period, not exceeding 15 years, after the establishment of the plan, a specified sum which, during the life expectancy of the employees, will be approximately equal, in the aggregate, to the aggregate difference, during the life expectancy, between the maximum salary paid to employees in the respective classes of the retiring employees, and the salaries paid to beginning employees in the classes, shall be construed to comply with the provisions of this chapter (commencing at Section 14701) requiring the plan to be in accordance with sound business practices and recognized actuarial methods.

District taxes

14758. For the purpose of providing funds which may be necessary to make the payments required by any joint district retirement plan, district taxes shall be levied and collected annually by the respective districts at the same time and in the same manner as other district taxes are levied and col-

lected The tax shall be in addition to any other district tax now or hereafter authorized by law, and shall not be considered in fixing maximum rates of tax for school district purposes.

Retirement qualifications

14759. Every joint district retirement plan shall provide that only those teachers and other employees who have served as teachers or employees of the districts for at least 20 years of service immediately preceding retirement, and who have reached a minimum age specified in the joint district retirement plan, which shall not be less than 55 years, shall be entitled to a district retirement salary.

Disability

14760. The plan may provide for the retirement of teachers or other employees on account of disability after 10 years of service immediately prior to the retirement, the proportion of the disability retirement salary to the full retirement salary to be specified in the plan.

Leaves of absence

14761. Absence from service by reason of a leave of absence granted by the governing board of an employing district shall not be construed as a break in the continuity of service or by any district retirement plan adopted pursuant to the provisions hereof, but the period of leave shall not be counted as time served toward retirement unless the period is so counted under the State Teachers Retirement Act.

Computation of time

14762. Time of service may be counted in the aggregate and fractions of years amounting to whole years may be counted as whole years when payments by the teacher or other employee have been made for all of the time counted.

Retired list

14763. The governing boards of the districts shall in all cases determine the teachers and other employees who are entitled to retirement salaries, and make and keep a list of the teachers and other employees, known as the retired list For the purpose of making the retired list the boards may take testimony and examine witnesses under oath which may be administered by any member of the board.

Rules

14764. The governing boards of the districts may make all necessary and proper rules and regulations in aid or furtherance of the provisions of this chapter (commencing at Section 14701) and in order to carry out and administer such provisions.

"Joint district retirement fund"

14765. When a joint district retirement plan is established there shall be created in the treasury of the county in which the districts are located, or, if the districts are located in more than one county, in the treasury of the county selected by the governing boards of the districts meeting in joint session, and opened upon the books of the auditor and treasurer of the county, a trust fund account designated as the "Joint district retirement fund." All moneys, whether from contributions by teachers or other employees, or by the districts, or from any source, properly belonging to the joint district retirement fund shall be placed in the fund. Upon approval of the joint district retirement board all incidental expenses, including

actual and necessary clerical or other help, incurred in carrying out the provisions of this chapter (commencing at Section 14701) shall be paid out of the fund and in the same manner as other expenditures are paid from district funds.

Compensation of governing board

14766. Members of governing boards shall discharge the powers, duties, purposes, responsibilities, and jurisdiction conferred or imposed upon the governing boards under this chapter (commencing at Section 14701) without extra or additional compensation.

"Joint district retirement board"

14767. The governing boards of the districts establishing the retirement plan shall provide for the administration of the funds and the payment of retirement salaries by a "joint district retirement board" composed of three persons not officers or employees of any of the districts, one representative of each district, one representative of the teachers of each district and one representative of the other employees of each district, who shall serve without compensation. The representatives chosen by the teachers and other employees shall be chosen by secret ballot. The county treasurer of the county in the county treasury of which the "Joint district retirement fund" is created shall be ex officio a member of the joint district retirement board. All members of the retirement board shall serve for such terms as may be specified by the governing boards in establishing a plan. The joint district retirement board shall have such further powers and duties as may be prescribed by the governing boards of the districts.

Duties

14768. The joint district retirement board shall have charge and control of the district retirement fund of the district and of the payment of all retirement salaries and annuities payable from the fund. The joint district retirement board shall invest the funds in securities which are legal for the investment of funds of savings banks in this State and shall sell the securities and reinvest the proceeds in securities legal for investment of funds of savings banks when in the judgment of the joint district retirement board the sale and reinvestment is advisable. No investment in or sale of securities shall be made except upon authorization of the joint district retirement board at a meeting of the board.

The board also shall collect the income from the securities and pay it into the joint district retirement fund.

Suits

14769. The joint district retirement board may sue in its own name when necessary to carry out the powers and duties conferred upon it. The district attorney, or, if there is a county counsel, the county counsel of the county in which are employed the largest number of employees entitled to the benefits and subject to the burdens of the joint district retirement plan shall act as attorney for the joint district retirement board without additional compensation.

Securities

14770. All securities purchased by the joint district retirement board shall be deposited with the county treasurer for safe keeping.

14771. All payments from the joint district retirement fund shall be made in the same manner as payments from school district funds but shall be subject to approval of the joint district retirement board. Warrants drawn on the fund shall be signed by at least one member of the joint district retirement board who shall be designated by the board. Payments

The duties imposed upon the county treasurer shall be a part of his official duties, for the faithful performance of which he shall be liable upon his official bond.

14772. The county auditor of the county in the county treasury of which the "Joint district retirement fund" is created shall audit the accounts of the joint district retirement board at least once every 12 months and report upon the financial condition thereof to the governing boards of the districts. Audit

14773. The retirement salaries provided for in this chapter (commencing at Section 14701) shall be in addition to any other retirement salaries received by any person under Sections 13801 to 14415, inclusive, or as may be otherwise provided by law. Retirement salaries

14774. The retirement salaries provided for in this chapter (commencing at Section 14701) for all other employees, shall be in addition to any other retirement salaries that may be provided by law. Same

14775. Whenever by the provisions of this chapter (commencing at Section 14701), the governing boards of two or more school districts are required, or authorized, to perform any act, the act may be done only at joint meetings of the boards, and no action shall be taken by the boards except upon the affirmative vote of a majority of the members of a majority of the boards. Joint actions

PART 3. PROPERTY, TRANSPORTATION AND FINANCE

DIVISION 11. SCHOOL SITES AND CONSTRUCTION

CHAPTER 1. SITES

Article 1. General Provisions

15001. The State Department of Education shall establish standards for school sites. Standards

15002. The governing board of any school district may, and when so directed by a vote of the voters within the district shall, purchase or improve school lands. Purchase

15003. The provisions of Sections 15051 to 15209, inclusive, apply only to school sites selected during the first two years in a new school district. Applicable provisions

15004. To promote the safety of pupils and comprehensive community planning the governing board of each school dis- Report of planning commission

trict before acquiring title to property for a new school site or for an addition to a present school site, shall give the planning commission having jurisdiction notice in writing of the proposed acquisition. The planning commission shall investigate the proposed site and within 30 days after receipt of the notice shall submit to the governing board a written report of the investigation and its recommendations concerning acquisition of the site.

The governing board shall not acquire title to the property until the report of the planning commission has been received. If the report does not favor the acquisition of the property for a school site, or for an addition to a present school site, the governing board of the school district shall not acquire title to the property until 30 days after the commission's report is received.

Reports: California Aeronautics Commission

15005. To promote the safety of pupils, comprehensive community planning, and greater educational usefulness of school sites, the governing board of each school district, including districts governed by a city board of education if the proposed site is within two miles, measured by air line, of that point on an airport boundary which is nearest the site and excluding them if the property is not so located, before acquiring title to property for a new school site or for an addition to a present site, shall give the State Department of Education notice in writing of the proposed acquisition and shall submit any information required by the Department of Education.

Immediately after receiving notice of the proposed acquisition of property which is within two miles, measured by air line, of that point on an airport boundary which is nearest the site, the Department of Education shall notify the California Aeronautics Commission, in writing, of the proposed acquisition. The California Aeronautics Commission shall make an investigation and report to the Department of Education within 25 days after receipt of the notice. If the California Aeronautics Commission is no longer in operation, the Department of Education shall, in lieu of notifying the commission, notify the Civil Aeronautics Authority or any other appropriate agency, in writing, of the proposed acquisition for the purpose of obtaining from the authority or other agency such information or assistance as it may desire to give.

The State Department of Education shall investigate the proposed site and within 30 days after receipt of the notice shall submit to the governing board a written report and its recommendations concerning acquisition of the site. The governing board shall not acquire title to the property until the report of the State Department of Education has been received. If the report does not favor the acquisition of the property for a school site or an addition to a present school site, the governing board shall not acquire title to the property until 30 days after the department's report is received.

Option agreement

15006. The governing board of any school district may acquire and pay for an option upon a school site. The option

agreement may provide that if the option is not exercised by the district during the period for which it is granted that, upon an additional payment by the district, made on or before the last day of such period, the option may be extended for a further period. Any such option agreement may contain provisions for additional successive renewals.

Before acquiring any such option the governing board shall comply with Sections 15004 and 15005 of this code.

Sewerage, water, etc., facilities

15007. Where a city, district, or other political corporation or subdivision of the State is authorized by law to furnish sewerage, water, or other utility facilities to a school district and is not required to provide for the installation thereof to such school district at its own expense, it may enter into an agreement with such school district whereby the cost of installation will be paid by the school district under such terms as the parties may agree to, with reimbursement from charges made or to be made to other users of such facilities as may be agreed upon between the parties, save insofar as other provisions of law control the terms of such reimbursement. Any agreement made prior to September 11, 1957, between a school district and any of the aforesaid entities, which is otherwise in accordance with this section shall be deemed to be as valid and effective as if such agreement had been entered into subsequent to September 11, 1957.

Article 2. Sites for Union Schools

Temporary location

15051. The governing board of any union school district may make temporary arrangements for the location of one or more union schools in the district.

Trustees' meeting

15052. Within 40 days after the selection of trustees for a union school district, they shall notify the county superintendent of schools that they desire to meet to locate one or more union schools in and for the district. Thereafter they shall meet in conjunction with the county superintendent of schools at a time and place to be named by him, for the purpose of determining the location of a union school or schools pursuant to this article (commencing at Section 15051).

Chairman

15053. At the meeting the superintendent shall be the chairman and is entitled to vote and participate in all its proceedings.

Disagreement

15054. If the trustees fail to agree unanimously upon a location for the school or schools they shall propose in writing to the county superintendent, or if he is not present, they shall transmit to his office, within 10 days, the names of the locations which they, or any of them favor

Election

15055. Within 20 days after receiving the notice the superintendent shall call an election in the same manner as the election for the formation of the union school district, to determine the location of the union school or schools.

Propositions

15056. At the election only sites which have been named by the trustees and certified to the county superintendent shall be voted upon.

Ballot

15057. Any form of ballot by which the voter signifies his choice of location or locations shall be allowed.

Election procedure

15058. The result of the election shall be determined and certified to the county superintendent within five days subsequent to the holding of the election.

Result

15059. The location or locations which receive the largest number of votes shall be chosen as the location or locations of the school or schools.

Option of lease

15060. If satisfactory apartments or buildings in a suitable location are offered or can be procured for a consideration or at a rental which make it advisable to accept them, the board of trustees of the union school district may secure an option of a lease on the apartments or buildings for a period not to exceed three years from the first day of July next ensuing.

Establishment of location

15061. In lieu of the unanimous action required by Section 15054, the location or locations of the school or schools of the district will be established if a majority of the trustees agree on the location having the greatest merit as determined by the State Department of Education pursuant to subdivision (a) of Section 15302.

Article 3. Sites for Joint Union Schools

Joint action

15101. The location of the joint union school or schools, shall be determined by the joint action of the trustees and the county superintendents of the counties in manner and form as provided for the location of a union school or schools.

Article 4. Change of Location of Union or Joint Union Schools

Change of location

15151. No change of location of any union or joint union school, when once established, shall be made, except in accordance with all the provisions for the original location of the school.

Article 5. Sites for High Schools

Meeting

15201. When the money for the purchase of a site for a high school in any newly formed high school district has been provided and is in the county treasury, the superintendent of schools who has jurisdiction over the high school district shall at once call a meeting of the high school board in the same manner as he called the first meeting of the board for organization, for the purpose of making a permanent location of the high school.

Disagreement

15202. If at the meeting the members of the high school board fail to agree unanimously upon the location for the high school, they shall propose, in writing, to the superintendent of schools and shall transmit to his office within 10 days the names of the locations which they favor.

15203. Within 20 days after receiving the proposals, the superintendent of schools shall call an election in the same manner as the election for the formation of the district, to determine the location of the high school. Election

15204. At the election only the sites which have been named by the members of the high school board, and certified to the superintendent of schools shall be voted upon. Propositions

15205. Any form of ballot by which the voter signifies his choice of location shall be allowed. Ballot

15206. The result of the election shall be determined and certified to the superintendent of schools as provided in case of the election for the formation of the district. Election procedure

15207. The location which receives the largest number of votes shall be chosen as the location of the high school. Result

15208. Except in high school districts with more than 60,000 average daily attendance, no change of location of any high school where once established, shall be made except in accordance with the provisions for the original location of the school. Change of location

The election shall be called and held, and the returns thereof made to the superintendent of schools, in the same manner as in the case of the election for the formation of the district.

15209. In lieu of the unanimous action required by Section 15202, the location or locations of the school or schools of the district will be established if a majority of the trustees agree on the location having the greatest merit as determined by the State Department of Education pursuant to subdivision (a) of Section 15302. Establishment of location

Article 6. Roads to Schoolhouses

15251. As used in this article (commencing at Section 15251), "school approach" means any highway or portion thereof which: "School approach"

(a) Runs from a primary or secondary state highway, or from a county highway to a public school building maintained and used as such by the district.

(b) Is not more than one-half mile in length.

(c) Is entirely outside of the boundaries of any city.

15252. The governing board of any school district may contract with the Division of Highways for the construction, improvement, or maintenance of a school approach which runs from any state primary or secondary highway. The Division of Highways may enter into such contracts. Contract with Division of Highways

15253. The governing board of any school district may contract with the board of supervisors for the construction, improvement, or maintenance of a school approach which runs from any county highway. The board of supervisors may enter into such contracts. Contract with board of supervisors

15254. The governing board of any school district may construct, improve, and maintain any school approach, and may use the funds of the school district for the purpose or for Improvement by governing board

the purpose of carrying out any contract entered into by the district pursuant to this article (commencing at Section 15251).

Lease of equipment

15255. For the purpose of constructing, improving, or maintaining a school approach, the governing board of a school district may lease such equipment as is necessary.

CHAPTER 2. CONSTRUCTION OF SCHOOL BUILDINGS

Article 1. Powers and Duties of Department of Education

Rules and regulations for schoolhouse planning

15301. The Department of Education shall establish and make rules and regulations needed for the expeditious handling of the work required to carry out the purposes of this article (commencing at Section 15301).

Duties of department: School sites, etc.

15302. The Department of Education shall:

(a) Advise with the governing board of each school district on the acquisition of new school sites, and after a review of available plots give the governing board of the district in writing a list of the approved locations in the order of their merit considering especially the matters of educational merit, reduction of traffic hazards, and conformity to the organized regional plans as presented in the master plan of the planning commission having jurisdiction.

(b) Establish standards for school buildings.

(c) Review all plans and specifications for buildings in every district required to submit plans and specifications therefor to it for approval. The department may, upon the request of the governing board of any other district, review plans and specifications for buildings in such district.

A schedule of charges for such services shall be formulated by the department.

(d) Approve plans and specifications submitted by governing boards of school districts, and return without approval and with recommendation for changes, any plans not conforming to established standards.

(e) Make all necessary provisions by which governing boards of school districts, or architects engaged by them, may procure by purchase or otherwise, copies of standard specifications, plans, and building codes prepared by the department.

(f) Make, upon the request of the governing board of any school district, except a city board of education, a survey of the building needs of the district, advise the governing board concerning the building needs, suggest plans for financing a building program to meet the needs, and collect the cost of the survey, exclusive of the salaries of the state employees participating therein, from the district.

(g) Employ experts, and clerical, and stenographic assistants as may be required for expediting the checking and approving of plans and specifications.

Money

15303. All money collected by the Department of Education under the provisions of this article (commencing at Section 15301) shall be available for the use of the department.

Article 2. Building of Schoolhouses

15351. The governing board of any school district may, and when directed by a vote of the district shall, build and maintain a schoolhouse. Duty of governing board

15352. When the school enrollment of any school causes overcrowded schoolrooms, the governing board of the school district may make arrangements for the location of the school in temporary quarters or in portable buildings. Temporary quarters

These quarters or portable buildings may be procured for a consideration, or at a rental, or by the construction of temporary or portable buildings on school property. The leasing of any portable buildings for placement on the school property shall not be made for a longer period than seven years and may include a provision for the purchase of such buildings on a depreciated basis at the end of such seven-year period or prior thereto.

Any building leased for placement on the school property for a total time in excess of three years or under a purchase agreement shall be deemed the construction or alteration of a school building as those terms are defined in Sections 15451 to 15465, inclusive, and all the provisions of those sections and of 15409 shall apply thereto.

15353. The governing board of any school district, whenever in its judgment it is desirable to do so, may establish additional schools in the district. Additional schools

15354. The governing board of any school district may purchase property and construct and equip buildings in an area after the legal action has been taken that will result in annexation of the area to the school district, but before the annexation has become effective. Construction, etc., in annexed areas

15355. The State Allocation Board may allocate any funds appropriated therefor to a school district for the necessary repair of a building to be used as a temporary school building because the regular school building of the district has been damaged or destroyed by fire or other causes after January 11, 1955, and before January 30, 1955, if the school building so damaged or destroyed was the only school building of the district. Any money allocated pursuant to this section shall be repaid in full by the district to the General Fund, plus interest as determined by the State Allocation Board, within two years after the making of the allocation. The school district may repay such money from the proceeds of any district bonds issued after the receipt of such allocation. State aid for temporary school building

Article 3. Plans of Schoolhouses

15401. As used in Sections 15401 to 15407, inclusive, "school buildings" refers to only one-story schoolhouses of not more than nine classrooms. "School buildings"

15402. The Department of Education shall:

(a) Establish a pool of duplicate plans for school buildings appropriate for school districts in rural areas. The series shall Plan pool for rural areas

be composed of plans designed to meet the requirements of school districts located in rural areas of varying characteristics. The plans may include landscape suggestions.

(b) Provide specifications for the design and construction of such school buildings.

Payment for use

15403. Any school district may request sets of such plans and specifications appropriate for use in constructing a school building of the type desired by the district. Such plans and specifications shall be furnished to the school district subject to the payment of the actual expense incurred by the Department of Education, but such expense shall not exceed more than 2 percent of the total cost of the project. Any payments received for such plans and specifications shall be paid into the State Treasury to the credit of the General Fund.

Approval of plans

15404. The plans and specifications for any school building as defined in Section 15452, together with estimates of cost, shall be submitted by the board to the Division of Architecture of the Department of Public Works for approval.

Applicable provisions

15405. All provisions of Sections 15451 to 15465, inclusive, are made applicable to school buildings as defined in Section 15452 constructed from plans and specifications furnished under Sections 15401 to 15407, inclusive, except as otherwise provided in the latter sections.

Supervision of construction, etc.

15406. The district shall furnish its own architect or structural engineer, or both, for necessary structural engineering and supervision of construction.

Filing

15407. The governing board of a school district shall, before letting any contract for the construction of a school building as defined in Section 15452 according to such plans and specifications, file a set of the plans and specifications with the Division of Architecture of the Department of Public Works accompanied by a fee in the amount fixed by Section 15457.

Approval by county superintendent

15408. Except in cities having boards of education, the superintendent of schools of each county shall pass upon and approve or reject all plans for schoolhouses. To enable him to do so, the governing board, before adopting any plans for school buildings, shall submit the plans to him for his approval.

Contracts totaling $5,000

15409. The governing board of each school district, except districts governed by a city board of education, before letting any contract or contracts totaling five thousand dollars ($5,000) or more, for the erection of any new school building, or for any addition to, or alteration of, an existing school building, shall submit plans therefor to the State Department of Education, and obtain the written approval of the plans by the department. No contract for building made by any governing board of a school district contrary to the provisions of this section is valid, nor shall any public money be paid for erecting, adding to, or altering any school building in contravention of this section.

Plans, etc., property of district

15410. Any contract entered into by and between the governing board of any school district and any certified architect or structural engineer pursuant to Section 15459 shall provide

that all plans, specifications and estimates prepared pursuant thereto shall be and remain the property of the school district.

Filing

15411. The governing board of any school district shall, upon completion of any school building let pursuant to Sections 15451 to 15465, inclusive, file with the Division of Architecture of the Department of Public Works an ozalid type reproducible duplicate set of architect plans for the new school building plant.

Appointment and qualifications

15412. The county superintendent of schools may appoint a director of school building planning, who shall be a person qualified by training, experience and demonstrated ability to supervise the building, construction and contracting business of the school districts of the county having an average daily attendance of less than 10,000. The director shall be responsible for the co-ordination of the building program of the school districts of the county having such average daily attendance and shall advise the governing boards and other employees of the districts with respect to the negotiation and performance of the school building construction contracts let by the governing boards of the school districts.

Co-operation by contiguous districts

15413. The county superintendent of schools of two or more contiguous counties may co-operate with each other and to that end may enter into agreements with each other for the appointment of a joint director of school building planning, and may do all things necessary or convenient to aid and co-operate in carrying out the provisions of Sections 15412 to 15415, inclusive.

Advice of director before contracting

15414. Before letting any contract for the preparation of plans and specifications for any construction or alteration of any school building, the governing board of any school district having an average daily attendance of less than 10,000 shall consult the director of school building planning of the county and secure the benefit of his technical knowledge with respect to the negotiation and letting of any contract for the construction or alteration of a school building.

Same

15415. If any school district having an average daily attendance of less than 10,000 receives a final apportionment of state school building aid funds under Sections 19551 to 19689, inclusive, of this code, the governing board of such school district shall consult the director of school building planning on all matters relating to the construction of the project for which the apportionment was granted until final completion of the project.

Article 4. Approval of Plans and Supervision of Construction

Construction exceeding $4,000

15451. The Division of Architecture of the Department of Public Works under the police power of the State shall supervise the construction of any school building or, if the estimated cost exceed four thousand dollars ($4,000), the reconstruction or alteration of or addition to any school building, for the protection of life and property.

"School building"

15452. "School building" as used in this article (commencing at Section 15451) means and includes any building used, or designed to be used, for elementary or secondary schools or junior college purposes and constructed, reconstructed, altered, or added to, by the State or by any city or city and county, or by any political subdivision, or by any school district of any kind within the State, or by the United States Government, or any agency thereof.

"Construction or alteration"

15453. "Construction or alteration" as used in this article (commencing at Section 15451) includes any construction, reconstruction, or alteration of, or addition to, any school building.

Approval of plans

15454. The Division of Architecture shall pass upon and approve or reject all plans for the construction or alteration of any school building. To enable it to do so, the governing board of each school district and any other school authority before adopting any plans for a school building shall submit the plans to the Division of Architecture for approval, and shall pay the fees prescribed in this article (commencing at Section 15451).

Safety

15455. Before letting any contract for any construction or alteration of any school building, the written approval of the plans, as to safety of design and construction, by the Division of Architecture, shall be first had and obtained.

Accompanying papers

15456. In each case the application for approval of the plans shall be accompanied by the plans and full, complete, and accurate specifications, and structural design computations, and estimates of cost, which shall comply in every respect with any and all requirements prescribed by the Division of Architecture.

Filing fee

15457. The application shall be accompanied by a filing fee in amounts as determined by the Division of Architecture based on the estimated cost and according to the following schedule:

(a) For the first two hundred fifty thousand dollars ($250,000), a fee of not more than one-half of 1 percent of the estimated cost.

(b) For all costs in excess of two hundred fifty thousand dollars ($250,000), a fee of not more than one-fourth of 1 percent.

The minimum fee in any case shall be fifty dollars ($50). If the actual cost exceeds the estimated cost by more than 10 percent, a further fee shall be paid to the Division of Architecture, based on the above schedule and computed on the amount by which the actual cost exceeds the amount of the estimated cost.

Division of Architecture Public Building Fund

15458. All fees shall be paid into the State Treasury and credited to the Division of Architecture Public Building Fund, which fund is continued in existence, and are available without regard to fiscal years for the use of the Division of Architecture, subject to approval of the Department of Finance, in

carrying out the provisions of this article (commencing at Section 15451)

On July 1st of each year, the State Controller shall transfer from the Division of Architecture Public Building Fund to the General Fund money in said fund in excess of seven hundred fifty thousand dollars ($750,000).

Architect or engineer

15459. All plans, specifications, and estimates shall be prepared by a certified architect holding a valid license under Chapter 3 of Division 3 of the Business and Professions Code or by a structural engineer holding a valid certificate to use the title structural engineer under Chapter 7 of Division 3 of the Business and Professions Code, and the supervision of the work of construction shall be under the responsible charge of such an architect or structural engineer, except that where plans, specifications, and estimates for alterations or repairs do not involve architectural or structural changes said plans, specifications, and estimates may be prepared and work of construction may be supervised by a professional engineer duly qualified to perform such services and holding a valid certificate under Chapter 7 of Division 3 of the Business and Professions Code for performance of services in that branch of engineering in which said plans, specifications, and estimates and work of construction are applicable.

Compliance

15460. No contract for the construction or alteration of any school building, made or executed by the governing board of any school district or other public board, body, or officer otherwise vested with authority to make or execute such a contract, is valid, and no public money shall be paid for any work done under such a contract or for any labor or materials furnished in constructing or altering any such building, unless the plans, specifications, and estimates comply in every particular with the provisions of this article (commencing at Section 15451) and the requirements prescribed by the Division of Architecture and unless the approval thereof in writing has first been had and obtained from the division.

Reports

15461. From time to time, as the work of construction or alteration progresses and whenever the Division of Architecture requires, the certified architect or structural engineer in charge of construction or registered engineer in charge of other work, the inspector on the work, and the contractor shall each make to the Division of Architecture a report, duly verified by him, upon a form prescribed by the division, showing, of his own personal knowledge, that the work during the period covered by the report has been performed and materials used and installed, in every particular, in accordance with the approved plans and specifications, setting forth such detailed statements of fact as are required by the Division of Architecture.

Rules

15462. The Division of Architecture may from time to time make such rules and regulations as it deems necessary, proper, or suitable effectually to carry out the provisions of this article (commencing at Section 15451).

Inspection

15463. The State Division of Architecture shall make such inspection of the school buildings and of the work of construction or alteration as in its judgment is necessary or proper for the enforcement of this article (commencing at Section 15451) and the protection of the safety of the pupils, the teachers, and the public. The school district, city, city and county, or the political subdivision within the jurisdiction of which any school building is constructed or altered shall provide for and require competent, adequate, and continuous inspection during construction or alteration by an inspector satisfactory to the architect or structural engineer and the Division of Architecture. The inspector shall act under the direction of the architect or structural engineer as the board may direct, and be responsible to the governing board.

Violations

15464. Any person who violates any of the provisions of this article (commencing at Section 15451) or makes any false statement in any verified report or affidavit required pursuant to this article (commencing at Section 15451), is guilty of a felony.

Examination of buildings

15465. Upon written request by the governing board of any school district or upon written request by at least 10 percent of the parents having children enrolled as pupils in any school district as certified to by the county superintendent of schools, the Division of Architecture shall make an examination and report on the structural condition of any public school building of the district, subject to the payment by the governing board of the actual expenses incurred by the Division of Architecture. Payment of the expenses may be waived by the Division of Architecture on recommendation of the State Superintendent of Public Instruction when it appears to him that the school district in which the public school building is located cannot afford to pay them.

Article 5. Fitness of Buildings for Occupancy

Report of supervisor of health

15501. If the supervisor of health of any school district notes any defect in plumbing, lighting, or heating, or any other defect in the school building which tends to make the building unfit for the proper housing of the children, he shall at once make a detailed report to the governing board of the school district.

If within 15 days after he has filed this report, he finds that the board has made no provision for the correction of the defect, he shall at once report the defect to the county superintendent of schools who shall under the provisions of Sections 15851 to 15856, inclusive, proceed to have the defect corrected.

Fire escapes

15502. Each school building shall, if two or more stories in height, be provided with suitable and sufficient fire escapes.

The governing board of any school district shall provide the fire escapes for the school buildings under its jurisdiction.

Estimates

15503. Whenever an examination of the structural condition of any school building of a school district has been made

by the Division of Architecture of the Department of Public Works, or by any licensed structural engineer or licensed architect for the governing board of the school district, or under the authorization of law, and a report of the examination, including the findings and recommendations of the agency or person making the examination, has been made to the governing board of the district, and the report shows that the building is unsafe for use, the governing board of the district shall immediately have prepared an estimate of the cost necessary to make such repairs to the building or buildings as are necessary, or, if necessary, to reconstruct or replace the building so that the building when repaired or reconstructed, or any building erected to replace it, shall meet such standards of structural safety as are established in accordance with law.

Repair

15504. After securing the estimate, the governing board of the district shall, if the district has sufficient funds to its credit to permit the repairs, reconstruction, or replacement, immediately proceed in such manner as is authorized by law to secure the necessary authorization for the expenditure of the funds. If authorization to expend the funds is not required by law, the board shall within 60 days from the receipt of the report of the examination of the building proceed with the repair, reconstruction, or replacement of the building.

Insufficient funds

15505. If the district has not sufficient funds available to permit the governing board of the district to proceed with the repair, reconstruction, or replacement of the building, the governing board may after receiving the report of the examination of the building call an election at which there shall be submitted to the qualified electors of the district all of the following propositions:

(a) Authorization of bonds of the district in an amount sufficient, as shown by the estimate, to provide funds for the repair, reconstruction, or replacement of the building

(b) Authorization of the increase of the maximum tax rate of the district for such length of time as will permit raising sufficient funds by district taxation for the repair, reconstruction, or replacement of the building.

(c) Abandonment of the building and use of tents or other temporary structures for school purposes in lieu of the building abandoned.

Election

15506. Where authoriaztion of the qualified electors for the expenditure of the funds is required under any law of this State, the proposition to authorize the expenditure shall be submitted at the election.

Resolution and notice

15507. The resolution or notice calling the election shall specify the building or buildings proposed to be repaired, reconstructed, or replaced, and those proposed to be abandoned.

Conduct of election

15508. The election shall be called and held and the vote canvassed and result declared in the manner provided by law for the calling and holding of district bond elections. Each elector shall be entitled to vote upon each of the propositions.

Bonds

15509. If, at the election, the requisite number of voters cast their ballots in favor of the issuance of bonds, the bonds shall be issued and sold in the manner provided by law for the issuance and sale of bonds of the district, and the proceeds used for the purpose or purposes specified in the resolution or notice calling the election. In such event, the results of the voting upon the other two propositions submitted at the election shall be disregarded.

Increase in tax rates

15510. If, at the election, issuance of bonds of the district is not authorized, and if, on the proposition of increasing the tax rate of the district the number of votes cast in the affirmative is sufficient to authorize an increase in the tax rate of the district, the increase shall be authorized, and the governing board shall proceed to increase the rate and to use the proceeds of the increased tax solely for the purpose or purposes specified in the resolution or notice calling the election. In such event the result of the voting upon the third proposition submitted at the election shall be disregarded.

Temporary structures

15511. If, at the election, neither the proposition to issue bonds nor the proposition to increase the maximum tax rate is authorized by the electors, the result of the voting upon the proposition to authorize the use of tents or other temporary structures shall be considered by the governing board, as an advisory vote, and the tents or other temporary structures may be used for school purposes to the extent that such use is deemed necessary by the governing board.

Liability of members Temporary structures

15512. No member of the governing board shall be held personally liable for any damage or injury to person or property as a result of the use of tents or other temporary structures, except in case of his own personal negligence or misconduct.

Same: Continued use of buildings

15513. If, at the election, neither the issuance of bonds nor the increase of the tax rate is authorized, and the other proposion on the ballot does not receive a majority of the votes cast thereon in favor thereof, no member of the governing board of the district shall be held personally liable for any injury to person or damage to property as a result of the continued use of any building or buildings referred to in the resolution or notice calling the election.

Same: Use of buildings

15514. No member of the governing board of the district shall be held personally liable for injury to person or damage to property by reason of the use of any building.

Liability of district

15515. Nothing in Sections 15512, 15513, or 15514 shall be construed as relieving any school district of any liability for injury to person or damage to property imposed by law.

Voluntary pupils Injury, etc

15516. No member of the governing board of any school district or employee of any school district shall be held personally liable for the death or injury of any pupil above the compulsory school age or for damage to the property of any such pupil resulting from his voluntary attendance upon classes on premises and not under the management and control of the governing board of the district, or resulting from his voluntary

attendance in buidings not owned, rented or leased by the school district or upon field trips, if such death, injury, or damage is caused by the dangerous or defective condition of the premises or buildings in which such classes are maintained or which are entered on field trips.

Article 6. Buildings in Union or Joint Union Districts

15551. After the location of the union or joint union school or schools has been determined, the board of trustees may erect or lease suitable buildings, as they deem advisable. Erection

15552. A lease shall not be made for a longer period than three years. Leases

15553. In all cases the plan shall be approved by the county superintendent of schools of the county in which the schoolhouse is located. Approval of plans

Article 7. High School Buildings

15601. The high school board may, at any time after its organization, make arrangements for the temporary location of the high school. Temporary location

15602. If satisfactory quarters in a suitable location are offered or can be procured for a consideration or at a rental which makes it advisable to accept them, the high school board may secure or lease the quarters for a period not to exceed three years. Lease

15603. At the expiration of the lease or other arrangement, the board may make another lease or other arrangement for the same or different quarters for a period not exceeding three years. Renewal

15604. If rooms can be obtained in a public school building in the place where the high school is temporarily located, on reasonable terms, such rooms shall be given the preference. Rooms

15605. The governing board of any district maintaining a high school, when in its judgment necessity therefor exists, may construct and maintain dormitories in connection with any high school within the district for use and occupancy by pupils in attendance at the high school, and shall fix the rates to be charged the pupils for quarters in the dormitories. Dormitories

Article 8. Junior College Buildings

15651. The governing board of any district maintaining a junior college, when in its judgment necessity therefor exists, may construct and maintain dormitories in connection with any junior college within the district for use and occupancy by pupils in attendance at the junior college, and shall fix the rates to be charged the pupils for quarters in the dormitories. Same

15652. Moneys received by a district from rental of quarters in dormitories constructed with moneys derived from the sale of bonds may, in lieu of being deposited in the county Deposit of dormitory rentals

treasury to the credit of the general fund of the district, be deposited in the county treasury to the credit of the interest and sinking fund of the district.

Leasing quarters

15653. If satisfactory quarters in a suitable location are offered at a rental which makes it advisable to accept them, the governing board of the junior college may lease the quarters for a period not to exceed three years.

At the expiration of the lease or other arrangement, the board may continue to renew said lease or other arrangement, for a period not to exceed three years and may continue to renew for periods not to exceed three years as long as the facilities are needed.

Article 9. Leasing of School Buildings

"Building"

15701. Any school district may enter into leases and agreements relating to real property and buildings to be used by the district pursuant to this article (commencing at Section 15701). As used in this article (commencing at Section 15701), "building" includes on-site and off-site facilities, utilities or improvements which the governing board determines are necessary for the proper operation or function of the school facilities to be leased. It also includes the permanent improvement of school grounds.

Site

15702. Before the governing board of a school district enters into a lease or agreement pursuant to this article (commencing at Section 15701), it shall have available a site upon which a building to be used by the district may be constructed and shall have complied with the provisions of law relating to the selection and approval of sites, and it shall have prepared and shall have adopted plans and specifications for such building which have been approved pursuant to Sections 15408 to 15411, and Sections 15451 to 15465, inclusive. A district has a site available for the purposes of this section if it owns a site or if it has an option on a site which allows the school district or the designee of the district to purchase the site. Any school district may acquire and pay for an option containing such a provision.

Term of lease or agreement

15703. The term of any lease or agreement entered into by a school district pursuant to this article (commencing at Section 15701) shall not exceed 40 years.

Exemption

15704. Sections 16051 to 16068, inclusive, shall not apply to leases made pursuant to this article (commencing at Section 15701).

Lease-purchase

15705. The governing board of a school district may let, at a minimum rental of one dollar ($1) a year, to any person, firm, or corporation any real property which belongs to the district if the instrument by which such property is let requires the lessee therein to construct on the demised premises, or provide for the construction thereon of, a building or buildings for the use of the school district during the term thereof, and provides that title to such building shall vest in the school

district at the expiration of such term. Such instrument may provide for the means or methods by which such title shall vest in the school district prior to the expiration of such term, and shall contain such other terms and conditions as the governing board may deem to be in the best interest of the school district.

Same

15706. The governing board of any school district may enter into an agreement with any person, firm, or corporation under which such person, firm, or corporation shall construct, or provide for the construction of, a building to be used by the district upon a designated site and lease such building and site to the district. Such instrument shall provide that the title to such building and site shall vest in the district at the expiration of such lease, and may provide the means or method by which the title to the building and site shall vest in the district prior to the expiration of such lease, and shall contain such other terms and conditions as the governing board of the district deems to be in the best interest of the district.

The agreement entered into shall be with the lowest responsible bidder who shall give such security as the board requires. The board may reject all bids. For the purpose of securing bids the board shall publish at least once a week for two weeks in some newspaper of general circulation published in the district, or if there is no such paper, then in some paper of general circulation circulated in the county, a notice calling for bids, stating the proposed terms of the agreement and the time and place where bids will be opened.

Election

15707. The governing board of a school district shall call and hold an election, pursuant to Section 15708 or 15709, before or after entering a lease or agreement, as the case may be.

Same: Ballot

15708. Before entering into a lease or agreement pursuant to this article (commencing at Section 15701), the governing board of the district shall call, hold, and conduct an election in the manner provided in Section 20803, except that the ballot used in the election shall contain substantially the words: "shall the governing board of the _ _____ District purchase a site, prepare plans and specifications, [the reference to the site and plans and specifications shall not be included if, prior to calling the election, the governing board of the district has acquired a site or proposes to lease a site and has prepared plans and specifications] and lease [a site and] a building to be constructed for use by the school district [designating the location of the site on which the building will be constructed and generally describing the building], and, for such purposes, shall the maximum tax rate of the district be increased from _____ to _____, such rate to be in effect in the _____ District for the year 19___ to 19 __, be authorized and the amount of such increase used solely and exclusively for such purposes?"

Same Alternative method

15709. In lieu of calling an election pursuant to Section 15708, the governing board of a school district may call an election pursuant to this section. Within 10 days after the governing board has opened the proposals pursuant to Section

15714 it may accept a proposal and execute the lease or agreement, and immediately thereafter call an election pursuant to this section.

The governing board of the district shall call, hold, and conduct an election in the manner provided in Section 20803, except that the ballot used in the election shall contain substantially the words: "shall the governing board of the _____ District lease [a site and] a building to be constructed for use by the school district [designating the location of the site on which the building will be constructed, and generally describing the building and the cost thereof], and, for such purposes, shall the maximum tax rate of the district be increased from _____ to _____, such rate to be in effect in the _____ District for the years 19___ to 19___, be authorized and the amount of such increase used solely and exclusively for such purposes?"

Same: Majority vote

15710. If, at the election held pursuant to Section 15708, a two-thirds majority of the electors voting on the proposition vote "yes," the governing board may proceed pursuant to this article (commencing at Section 15701). If, at the election held pursuant to Section 15709, one-third of the electors voting on the proposition vote "no," any lease or agreement entered into by the governing board for the lease of the site or building, or both, designated in the proposition is void.

Limitation

15711. If the governing board of the district fails to enter into a lease pursuant to this article (commencing at Section 15701) within one year after the result of an election, held pursuant to Section 15708, at which a two-thirds majority of the votes cast favors the proposition submitted, the authorization for an increase in the maximum tax rate shall become void.

Declaration of intention

15712. After the governing board of a school district has complied with Section 15702, it shall, in a regular open meeting, adopt a resolution declaring its intention to enter into a lease or agreement pursuant to this article (commencing at Section 15701). The resolution shall describe, in such manner as to identify it, the available site upon which the building to be used by the district shall be constructed, shall generally describe the building to be constructed and state that the building shall be constructed pursuant to the plans and specifications adopted by the governing board therefor, shall, if such is the case, state the minimum yearly rental at which the governing board will lease real property belonging to the district upon which the building is to be constructed, and shall state the maximum number of years for which the school district will lease the building or site and building, as the case may be, and shall state that the proposals submitted therefor shall designate the amount of rental, which shall be annual, semiannual, or monthly, to be paid by the school district for the use of the building, or building and site, as the case may be. The resolution shall fix a time, not less than three weeks thereafter for a public meeting of the governing board to be held at its regular place of meeting, at which sealed proposals to enter such a lease or agreement with the school district will

be received from any person, firm, or corporation, and considered by the governing board. Notice thereof shall be given in the manner provided in Section 16058.

At the time and place fixed in the resolution for the meeting of the governing body, all sealed proposals which have been received shall, in public session, be opened, examined, and declared by the board. Of the proposals submitted which conform to all terms and conditions specified in the resolution of intention to enter a lease or agreement and which are made by responsible bidders, the proposal which calls for the lowest rental shall be finally accepted, or the board shall reject all bids. The board is not required to accept a proposal, or else reject all bids, on the same day as that in which the proposals are opened.

Law applicable

15713. Any building constructed for the use of a school district pursuant to this article (commencing at Section 15701) is subject to Sections 15451 to 15465, inclusive.

Bonded indebtedness

15714. For the purposes of Sections 21801, 21802, and 21805, 60 percent of any remaining payments which would become due from the district under any leases and agreements entered into by the district pursuant to this article (commencing at Section 15701), if such leases and agreements were to run their full term, shall be considered outstanding bonded indebtedness.

Rental amount

15715. The amount of rental which a district agrees to pay during any one year, under a lease or agreement entered into pursuant to this article (commencing at Section 15701), is an obligation of such district and is an obligation of such district for such year only.

Wages of construction workers

15716. The governing board of the school district shall ascertain the general prevailing rate of per diem wages in the locality in which the building is to be constructed for each craft, classification or type of workman needed for the construction of the building and shall specify in the resolution and in the notice, required by Section 15714, and in the lease or agreement made pursuant to this article (commencing at Section 15701), what the general prevailing rate of per diem wages and the general prevailing rate for holiday and overtime work in the locality is for each craft, classification or type of workmen needed for the construction of the building. The holidays upon which such rate shall be paid need not be specified by the governing board, but shall be all holidays recognized in the collective bargaining agreement applicable to the particular craft, classification or type of workmen employed on the project.

In determining such rates, the governing board shall ascertain and consider the applicable wage rates established by collective bargaining agreements and such rates as may have been predetermined for federal public works, within the locality and in the nearest labor market area. Where such rates do not constitute the rates actually prevailing in the locality, the governing board shall obtain and consider further data

from the labor organizations and employers or employer associations concerned, including the recognized collective bargaining representatives for the particular craft, classification or type of work involved. The rate fixed for each craft, classification or type of work shall not be less than the prevailing rate paid in such craft, classification or type of work.

Any agreement or lease entered into pursuant to this article (commencing at Section 15701) shall require that such general prevailing rates will be paid. It shall also require that work performed by any workman employed upon the project in excess of eight hours during any one calendar day shall be permitted only upon compensation for all hours worked in excess of eight hours per day at not less than 1½ times the basic rate of pay. There may also be included in leases or agreements entered into pursuant to this article (commencing at Section 15701) any other requirements with respect to matters related to the subject of this section which the governing board deems necessary or desirable.

Construction

15717. The provisions of this article (commencing at Section 15701) prevail over any provisions of law which conflict therewith.

Termination date

15718. The provisions of this article (commencing at Section 15701) shall terminate on the ninety-first day after final adjournment of the 1961 Regular Session of the Legislature.

DIVISION 12. MANAGEMENT AND CONTROL OF SCHOOL PROPERTY AND EQUIPMENT

CHAPTER 1. GENERAL

Article 1. Powers and Duties of Governing Boards of School Districts

Control of property

15801. The governing board of any school district shall manage and control school property within its district.

Same Insurance, etc.

15802. The governing board of any school district shall furnish, repair, insure, and in its discretion rent the school property of its districts. The insurance shall be written in any admitted insurer. In districts within or partly within cities of the first class or of the first and one-half class fire insurance on property of the districts may be, in the discretion of the governing board, of the deductible type of coverage. By deductible type of coverage is meant a form of insurance under which the insurance becomes operative when the loss and damage exceeds an amount stipulated in the policy or policies.

Fire loss fund

15803. In districts situated within or partly within cities of the first class or of the first and one-half class any board of education may establish a fund in the county treasury for the purpose of covering fire losses to school property in lieu of carrying fire insurance in admitted insurers as provided in Section 15802 of this code. In such fund shall be placed such

sums, to be provided in the budget of the district, as will create an amount which, together with investments made from such fund, will be sufficient in the judgment of the board of education upon the advice of competent actuaries to protect such board of education against losses by fire on all or any part of the school property within its jurisdiction. Nothing contained herein shall be construed as prohibiting the board of education from providing protection against fire losses partly by means of such fund and partly by means of fire insurance written by admitted insurers as provided in Section 15802 of this code.

Notwithstanding any other provision of law, such fund shall be considered as separate and apart from all other funds of the district and the balance therein shall not be considered as being part of the working cash of the district in compiling annual budgets or fixing annual tax rates.

Notwithstanding any other provision of law, warrants shall not be drawn on or transfers made from the fund so created except to reimburse the district for losses by fire and then only after resolution duly adopted by the board of education based upon findings by competent appraisers.

The cash placed in such fund may be invested and reinvested by the county treasurer with the advice and consent of the board of education in securities which are legal investments for surplus county funds in this State. The income derived from such investments together with interest earned on uninvested funds shall be considered revenue of and be deposited in such fund.

The county treasurer shall make quarterly reports to the board of education as to the condition of the fund, using as a basis for such report the cost or market value, whichever may be the lower, of the securities held as investments plus the cash in such fund.

Improvements

15804. The governing board of any school district may grade, pave, construct sewers, or otherwise improve streets and other public places in front of real property owned or controlled by it, and also may construct in immediate proximity to any school or site owned or controlled by the district, pedestrian tunnels, overpasses, footbridges, sewers and water pipes when required for school or administrative purposes, may acquire property, easements and rights-of-way for such purpose, and may appropriate money to pay the cost and expense of the improvements, whether made by the board under contract executed by the board, or under contracts made in pursuance of any of the general laws of the State respecting street improvements, or under other contracts made in pursuance of the charter of any county or municipality.

Same

15805. Any provision to the contrary notwithstanding, the governing board of any school district, other than a city school district, may construct pedestrian walks, footbridges, and pedestrian tunnels when required for the safety of pupils attending the schools of the district, may acquire easements

and rights-of-way for such purposes, and may appropriate money to acquire such easements and rights-of-way and to pay the cost and expense of the improvements, whether made by the board under contract executed by the board, or under contracts made in pursuance of any of the general laws of the State respecting street improvements, or under other contracts made in pursuance of the charter of any county or municipality. Such pedestrian walks, footbridges, and pedestrian tunnels shall be constructed, and such easements or rights-of-way for such purposes shall be acquired, within one mile of the school for the pupils of which such walks, bridges, and tunnels are necessary.

Improvement assessments

15806. The governing board of any school district may appropriate money to pay assessments, for the improvement of streets or other public places, levied against any real property owned by, or under the control of the board, when the property is included within an assessment district formed in pursuance of any general law of the State or under the charter of any municipality. The assessments may be paid out of any funds belonging to the school district, except funds derived from the sale of bonds or required by law to be used for teachers' salaries.

Water supply

15807. The governing board of each school district shall provide a sufficient, convenient, and healthful supply of water for each school within the district.

If the board, upon investigation by the health officer of the county in which any school under control of the board is located, is found to have neglected to make such provision, the superintendent of schools of any county having jurisdiction over the district shall do so, and may pay the cost thereof out of any funds of the district available for the purpose.

Eating place

15808. The governing board of every school district shall provide a warm, healthful place in which children who bring their own lunches to school may eat the lunches.

Housing employees

15809. The governing board of any school district may construct, lease, or purchase buildings for housing employees of the district, and may equip and maintain the buildings. The employees of the district shall pay rent for the use of the buildings, or the rental value of the buildings used by them shall be taken into account in fixing their compensation.

Water closets

15810. The governing board of every school district shall provide, as an integral part of each school building, or as part of at least one building of a group of separate buildings, sufficient patent flush water closets for the use of the pupils. In school districts where the water supply is inadequate, chemical water closets may be substituted for patent flush water closets by the board.

This section shall apply to all buildings existing on September 19, 1947, or constructed after such date.

Sewers and drains

15811. In addition to the other powers granted the governing board of each school district may provide sewers and drains adequate to treat and/or dispose of sewage and drainage on or

away from each school property. For this purpose it may construct adequate systems or acquire adequate disposal rights in systems constructed or to be constructed by others for these purposes without regard to their proximity. The cost thereof shall be paid from the building fund, including any bond moneys therein.

Football equipment Cleaning, etc

15812. The governing board of each district maintaining a high school or junior college and the president of each state college shall provide for the annual cleaning, sterilizing, and necessary repair of football equipment of their respective schools, junior colleges, or state colleges pursuant to Sections 15812 to 15814, inclusive.

Same

15813. All football equipment actually worn by pupils shall be cleaned and sterilized at least once a year. Football equipment used in spring training shall be cleaned and sterilized before it is used in the succeeding fall term.

Contracts for repair

15814. Any contract with a dealer or craftsman for the repair of football equipment belonging to the district or the state college shall specifically state or describe the materials to be used by the dealer or craftsman in repairing such equipment.

Article 2. Duties of County Superintendents

Repair of buildings

5851. The superintendent of schools of each county may require the governing board of any district, except a district governed by a city or city and county board of education, to repair the school buildings or property or to abate any nuisance in or about the premises if the cost of the repairs or abatement does not exceed fifty dollars ($50) and there is a sufficient amount of money in the treasury to the credit of the district.

Adornment of school grounds

15852. The county superintendent of schools may also require the governing board, where practicable, to adorn the school grounds with fruit and ornamental trees and shrubbery. If the governing board neglects to do so, he may cause it to be done and pay for it on his requisition upon the county auditor, who shall draw his warrant payable out of any money to the credit of the district.

"School maintenance and repair fund"

15853. Whenever the county superintendent of schools of any county provides for the maintenance and repair of the property of such school districts under his jurisdiction as elect to take advantage of the provisions of this article (commencing at Section 15851), he shall upon the request of the governing board of any such district transfer from the general fund of the district to the "school maintenance and repair fund" a sum not to exceed 1 percent of the amount apportioned from the State School Fund to the district during the fiscal year in which the governing board of the district notifies him of its election to take advantage of the provisions of this article (commencing at Section 15851).

Use of fund

15854. Out of the school maintenance and repair fund the superintendent of schools of the county shall purchase mate-

rials, bill the district on supplies and equipment, and employ labor to maintain and repair school premises and property of the school districts under his jurisdiction which have elected to take advantage of the provisions of this article (commencing at Section 15851), and shall deliver a memorandum in triplicate of the cost of the service on or about the first of each calendar month to the school district.

Accounting

15855. Upon receipt of the memorandum the governing board of the district shall draw an order on the funds of the district in favor of the county superintendent of schools in the amount of such cost and forward it with the duplicate and triplicate of the memorandum to the superintendent of schools who shall verify the cost and file the duplicate with the county auditor and the triplicate with the county treasurer. In lieu of the issuance of an order by the governing board of the district in payment of the supplies and equipment, the superintendent of schools of the county may transfer from the proper account of the school district to his school maintenance and repair fund a sum equal to the cost of the services as stated in the memorandum.

Maintenance and repair

15856. The superintendent of schools of the county may employ such extra help as is necessary to perform the labor of the maintenance and repair work, as well as to provide for the supervision and transportation of the labor together with the equipment and materials for the work. The cost price of the maintenance and repair services to any school district is the original cost thereof and in addition a sum sufficient to reimburse the county superintendent of schools for all supervision, transportation, equipment, and other expenses, but the sum added shall not in any case exceed 10 percent of the cost of labor and supplies.

Article 3. Duties of Clerks of Districts

Repair and supervision of property

15901. The clerk of each district except a district governed by a city or city and county board of education shall, under the direction of the governing board, keep the schoolhouse in repair during the time school is taught therein, and exercise a general care and supervision over the school premises and property during the vacations of the school.

Article 4. Contracts

Contracts in excess of $1,000

15951. The governing board of any school district shall let any contracts involving an expenditure of more than one thousand dollars ($1,000) for work to be done or for materials or supplies to be furnished, sold, or leased to the district, to the lowest responsible bidder who shall give such security as the board requires, or else reject all bids. This section applies to all materials and supplies whether patented or otherwise.

Notice

15952. For the purpose of securing bids the board shall publish at least once a week for two weeks in some newspaper

of general circulation published in the district, or if there is no such paper, then in some newspaper of general circulation, circulated in the county, a notice calling for bids, stating the work to be done or materials or supplies to be furnished and the time when and the place where bids will be opened.

Estimates of cost

15953. In school districts, having an average daily attendance of 1,000 or more, as shown by the annual report of the county superintendent of schools for the preceding school year, the board may secure from responsible bidders at least three estimates of the cost of the work to be done or materials or supplies to be furnished. The estimates shall be secured from bona fide dealers or craftsmen engaged in the business or in handling the goods specified.

Estimates shall be submitted in writing and shall be filed with the clerk or secretary of the board, or with such other officer or employee as the board may designate.

If any of the estimates of cost is less than two thousand dollars ($2,000), the board may let a contract for the work, materials, or supplies, to the lowest responsible bidder without publishing the notice calling for bids.

Purchases through public corporations

15954. Notwithstanding any other provisions of Sections 15951 to 15960, inclusive, the governing board of any school district without advertising for bids may authorize by contract, requisition or purchase order, any public corporation or agency within the county whose superintendent of schools has jurisdiction over such school district, including the county, any city, town, district, or other school district of such county under the jurisdiction of the same county superintendent of schools, to purchase materials, supplies, equipment, automotive vehicles, tractors and other personal property for the district in the manner in which such other public corporation or agency is authorized by law to make such purchases. Upon receipt of any such personal property, provided the same complies with the specifications set forth in the contract, requisition or purchase order, the school district shall draw a warrant in favor of such other public corporation or agency for the amount of the approved invoice, including the reasonable costs to such other public corporation or agency for furnishing the services incidental to the purchase of such personal property.

Continuing contracts

15955. Continuing contracts for work to be done, services to be performed, or for materials or supplies to be furnished, sold or leased to the district may be made with an accepted vendor as follows: for work or services, not to exceed five years; for materials or supplies, not to exceed one year.

Emergency repairs

15956. In an emergency when any repairs, alterations, work or improvement is necessary to permit the continuance of existing school classes, or to avoid danger to life or property, the board may by unanimous vote, with the approval of the county superintendent of schools, make a contract in writing or otherwise on behalf of the district for the performance of labor and

furnishing of materials or supplies for the purpose without advertising for or inviting bids.

Work not exceeding $1,000

15957. In each school district, the governing board may make repairs, alterations or additions to school buildings, repair or build apparatus or equipment, make improvements on the school grounds, and erect new buildings by day's labor, or by force account, whenever the total cost of labor on the job does not exceed one thousand dollars ($1,000).

Purchases without estimates or bids

15958. Notwithstanding any other provisions of law to the contrary, the governing board of any school district may purchase supplementary textbooks, library books, and educational films, test materials, and work books, in any amount needed for the operation of the schools of the district without taking estimates or advertising for bids.

Same

15959. Notwithstanding any other provisions of law to the contrary, the governing board of any school district may purchase from the Federal Government or any agency thereof any surplus property, as defined in the Surplus Property Act of 1944, in any amount needed for the operation of the schools of the district without taking estimates or advertising for bids.

Payment of construction contracts

15960. The governing board of any school district shall determine the method of payment for construction contracts, including progress payments for completed portions of the work or for materials delivered on the ground or stored subject to the control of the board and unused.

Majority vote

15961. Wherever in this code the power to contract is invested in the governing board of the school district or any member thereof, such power may by a majority vote of the board be delegated to its district superintendent, or if there be no such officer then to such other officer or employee of the district as the board may designate. Such delegation of power may be limited as to time, money or subject matter or may be a blanket authorization in advance of its exercise, all as the governing board may direct; provided, however, that no contract made pursuant to such delegation and authorization shall be valid or constitute an enforceable obligation against the district unless and until the same shall have been approved or ratified by the governing board, said approval or ratification to be evidenced by a motion of said board duly passed and adopted. The school district official invested by the governing board with such power of contract shall be personally liable to the school district employing him for any and all moneys of said district paid out on any contracts made in violation or disregard of any provision of this section, but may insure himself against such liability with any insurance company authorized to do business in this State, and the cost of such insurance in whole or in part may be made a proper charge against school district funds, in the discretion of the governing board.

CHAPTER 2. SALES, LEASE, OR OTHER DISPOSITION OF PROPERTY

Article 1. Conveyances

16001. The governing board of any school district shall receive in the name of the district conveyances for all property received and purchased by it, and shall make in the name of the district conveyances of all property belonging to the district and sold by it. Conveyances to and from district

Article 2. Sale or Lease of Real Property

16051. The governing body of any school district may sell or lease for a term not exceeding 99 years, without a vote of the electors of the district first being taken, any real property belonging to the school district, and which is not or will not at the time of delivery of title or possession be needed for school classroom buildings by the district owning it. Power of governing board

16052. The sale may be made for cash, or for part cash and upon such terms of deferred payments secured by purchase money, mortgage, or deed of trust as are determined by the action of the governing board. Cash or terms

16053. The funds derived from the sale shall be used for capital outlay. Use of funds

16054. Any lease may be made upon such consideration or for such rental, as is authorized by the action of the governing board. Lease

16055. Every sale or lease shall be made in the manner provided by this article (commencing at Section 16051). Method

16056. Before ordering the sale or lease of any property the governing body shall, in a regular open meeting, by a two-thirds vote of all its members, adopt a resolution, declaring its intention to sell the property, or a resolution declaring its intention to lease it, as the case may be. The resolution shall describe the property proposed to be sold, or leased, in such manner as to identify it and shall specify the minimum price, or rental, and the terms upon which it will be sold, or leased, and the commission, or rate thereof, if any, which the board will pay to a licensed real estate broker, either out of the minimum price, rental, or otherwise, and shall fix a time, not less than three weeks thereafter for a public meeting of the governing body to be held at its regular place of meeting, at which sealed proposals to purchase or lease will be received and considered. Declaration of intention

16057. If, in the discretion of the board, it is advisable to offer to pay a commission to a licensed real estate broker who is instrumental in obtaining any proposal, the commission shall be specified in the resolution. No commission shall be paid unless there is contained in or with the sealed proposal or stated in or with the oral bid, which is finally accepted, the Broker's commission

name of the licensed real estate broker to whom it is to be paid, and the amount or rate thereof. Any commission shall, however, be paid only out of money received by the board from the sale or rental of the real property.

Notice

16058. Notice of the adoption of the resolution and of the time and place of holding the meeting shall be given by posting copies of the resolution signed by the board or by a majority thereof in three public places in the district, not less than 15 days before the date of the meeting, and by publishing the notice not less than once a week for three successive weeks before the meeting in a newspaper of general circulation published in the county in which the district or any part thereof is situated, if any such newspaper is published therein.

Same

16059 Whenever it is proposed to lease real property and the governing body unanimously determines in the resolution that in its opinion, the monthly rental value of the property does not exceed the sum of fifty dollars ($50), the resolution may, before the date of the meeting, be published in two successive issues of a weekly newspaper of general circulation or in five successive issues of a newspaper of general circulation, published daily.

Acceptance of bids

16060. At the time and place fixed in the resolution for the meeting of the governing body, all sealed proposals which have been received shall, in public session, be opened, examined, and declared by the board. Of the proposals submitted which conform to all terms and conditions specified in the resolution of intention to sell or to lease and which are made by responsible bidders, the proposal which is the highest, after deducting therefrom the commission, if any, to be paid a licensed real estate broker in connection therewith, shall be finally accepted, unless a higher oral bid is accepted or the board rejects all bids.

Oral bids

16061. Before accepting any written proposal, the board shall call for oral bids. If, upon the call for oral bidding, any responsible person offers to purchase the property or to lease the property, as the case may be, upon the terms and conditions specified in the resolution, for a price or rental exceeding by at least 5 percent, the highest written proposal, after deducting the commission, if any, to be paid a licensed real estate broker in connection therewith, then the oral bid which is the highest after deducting any commission to be paid a licensed real estate broker, in connection therewith, which is made by a responsible person, shall be finally accepted.

Division of commission between brokers

16062. In the event of a sale on a higher oral bid to a purchaser procured by a licensed real estate broker, other than the broker who submitted the highest written proposal, and who is qualified as provided in Section 16057 of this code, the board shall allow a commission on the full amount for which the sale is confirmed. One-half of the commission on the amount of the highest written proposal shall be paid to the broker who submitted it, and the balance of the commission on the purchase

price to the broker who procured the purchaser to whom the sale was confirmed.

16063. The final acceptance by the governing body may be made either at the same session or at any adjourned session of the same meeting held within the 10 days next following

Final acceptance

16064. The governing body may at the session, if it deems such action to be for the best public interest, reject any and all bids, either written or oral, and withdraw the property from sale or lease.

Rejection of bids

16065. Any resolution of acceptance of any bid made by the governing body authorizes and directs the president of the governing body, or other presiding officer, or the members thereof, to execute a deed or lease and to deliver it upon performance and compliance by the purchaser or lessee of all the terms or conditions of his contract to be performed concurrently therewith.

Deed or lease

16066. Notwithstanding any of the provisions of this article (commencing at Section 16051) to the contrary, the governing board of any school district may, with the approval of the Director of Finance, lease real property owned by the school district to the State Department of Education or to the Regents of the University of California upon such terms and conditions as may be agreed upon. The State Department of Education or the Regents of the University of California may enter into any agreement to lease real property pursuant to this section.

Lease to Department of Education or University of California

16067. Nothing in Sections 16051 to 16453, inclusive, shall prevent the governing board of any school district from acquiring, leasing or subleasing property pursuant to Section 1261 of the Military and Veterans Code.

Lease, etc., to veterans association

16068. The governing board of any school district may, without complying with any other provision of this article (commencing at Section 16051), let in the name of the district any buildings, grounds, or space therein not needed for school purposes upon such terms and conditions as may be agreed upon by the governing board of the district and the lessee thereof for a period not exceeding five separate or consecutive calendar days or portions thereof in each fiscal year.

Letting of unnecessary property

Article 3. Leasing of Real Property for Production of Gas

16101. The governing board of a school district may, upon complying with the provisions of this article (commencing with Section 16101), enter into and be a party to a community lease to which a city or other public agency and one or more private persons or private agencies are also parties for the leasing of the parcels of lands owned by the district and the other parties for the extraction and taking of gas not associated with oil, on such terms and conditions as the governing board of the district may prescribe. Such lease may be entered into without complying with any provisions of this code except as provided in this article (commencing with Section 16101).

Community lease

Conditions

16102. The board shall not enter into and be a party to any such lease unless the following conditions have been met:

(a) A resolution authorizing such action and prescribing the terms of the lease has been adopted by the unanimous vote of all the members elected or appointed to the board;

(b) Such resolution has been published in a newspaper of general circulation published in the district, or if there be no such newspaper, in a newspaper having a general circulation in the district, once a week for three weeks prior to the execution of the lease by the board.

Wells

16103. No well for the production of gas shall be drilled on any land owned by the district and leased pursuant to this article (commencing at Section 16101).

Article 4. Sale or Lease of Real Property by One District to Another, the Majority of Personnel of Boards Being the Same

Powers of governing board

16151. The governing board of any school district, constituting the governing body of an elementary school district, a high school district, and a junior college district, or any two of such districts, may sell, or lease for a term not exceeding 99 years, any real property belonging to one of its respective districts to another district, upon the conditions set forth in this article (commencing with Section 16151), whenever the majority of the personnel of the governing body of the district selling or leasing and the majority of the personnel of the governing body of the district purchasing or to which the property is to be let, are the same.

Resolution of intention

16152. Before ordering any sale or lease of real property the board shall, in open meeting by a two-thirds vote of its members, adopt a resolution declaring its intention to sell the property, or a resolution declaring its intention to lease it.

Terms

16153. The resolution shall describe the property to be sold or leased in such manner as to identify it, and the terms and conditions, not including the price or rental, upon which it will be sold or leased.

Board of appraisers

16154. The board, by the resolution, shall appoint two members of a board of appraisers, the third member of which shall be selected by the county superintendent of schools. The compensation of the board of appraisers shall be fixed by the governing board and is a legal charge against the funds of the district selling the property.

Report

16155. The board of appraisers shall thereafter make a report in duplicate to the board and county superintendent of schools of its finding and determination of the cash market value of the property proposed to be sold, or the rental value of the property proposed to be leased.

Notice

16156. The resolution, together with a notice fixing the time and place within the district at which a public meeting of the board will be held to consider the report of the appraisers and the sale or lease of the real property described in

the resolution, shall be published in a newspaper of general circulation published within the district if there is one, or if none is published in the district, in a newspaper published in the county, for not less than once a week for two weeks prior to the meeting.

16157. At the time and place fixed in the published notice, the board shall meet and consider the sale or lease and the report of the board of appraisers. Meeting

16158. If the county superintendent of schools approves the sale or lease at the price or rental fixed by the board of appraisers and the terms and conditions of sale or lease set forth in the resolution appointing the board of appraisers, the governing board of the district owning the property may thereupon consummate the sale or lease by one district to the other district governed by it, by executing, acknowledging and delivering such instruments as are necessary to convey title or demise the property. Execution

Article 5. Sale or Lease of Property by a District to Other Public Agencies

16201. The governing boards of any school district may sell, exchange, grant or quitclaim all or any of its interest in, or may lease for a term not exceeding 99 years, to the State, or to any county, city and county, city or special district, or to any other school district except in cases included within Article 4 (commencing at Section 16151) of this chapter, any real property belonging to the school district, and which is not or will not at the time of delivery of title or possession be needed for school classroom buildings by the district owning it, as provided in this article (commencing at Section 16201). Disposition of unnecessary realty

16202. Any sale, exchange, lease or grant of an interest in real property by a school district pursuant to Section 16201 shall be upon such terms and conditions as the parties thereto may agree and may be entered into without complying with any provisions of this code except as provided in this article. Same: Terms

16203. The board shall not enter into and be a party to any such sale, exchange or lease unless the following conditions have been met: Procedure

(a) A resolution authorizing such action and prescribing the terms of the sale, exchange or lease has been adopted by the unanimous vote of all the members elected or appointed to the board;

(b) Such resolution has been published in a newspaper of general circulation published in the district, or if there be no such newspaper, in a newspaper having a general circulation in the district, once a week for three weeks prior to the making of the sale, exchange or the execution of the lease by the board.

16204. In any lease made pursuant to this article (commencing at Section 16201), it shall be competent to provide Purchase by lessee

that the school district lessee may purchase the property at an agreed purchase price and that rental paid for the use of the property shall be applied in whole or in part upon the purchase price. The school district lessee may cancel the lease at the end of any budgetary year, and in such case shall not be obligated to complete the lease and shall be released from all obligations thereunder.

Sale to junior college district

16205. In any sale made pursuant to this article (commencing at Section 16201) by a high school district maintaining a junior college to a newly formed junior college district which includes the territory of such high school district, it shall be competent for the governing board of the high school district to give consideration to prior tuition charges for the use of buildings and equipment which have been received by the district as a result of taxes levied upon property in the territory included in the newly formed junior college district and not in the high school district maintaining the junior college.

Article 6. Dedication of Real Property

Powers of governing board

16251. The governing board of any school district may, pursuant to this article (commencing with Section 16251), dedicate or convey to the State, or any political subdivision or municipal corporation thereof, for public street or highway purposes, either with or without consideration and without a vote of the electors of the district first being taken, any real property belonging to the district, either in fee or any lesser estate or interest therein, including abutter's right of access to any public street or highway; and may dedicate or convey to any public corporation, or private corporation engaged in the public utility business, without a vote of the electors of the district first being taken, an easement to lay, construct, reconstruct, maintain, and operate water, sewer, gas, or storm drain pipes or ditches, electric or telephone lines, and access roads used in connection therewith, over and upon any land belonging to the school district, upon such terms and conditions as the parties thereto may agree.

Resolution of intention

16252. Before ordering the dedication or conveyance of any property the governing board shall in regular open meeting by a two-thirds vote of all its members adopt a resolution declaring its intention to dedicate or convey the property. The resolution shall describe the property proposed to be dedicated or conveyed in such manner as to identify it, and shall specify the purposes for which and the terms upon which it will be dedicated or conveyed, and shall fix a time not less than 10 days thereafter for a public meeting of the governing board to be held at its regular place of meeting for a public hearing upon the question of making the dedication or conveyance.

Notice

16253. Notice of adoption of the resolution and of the time and place of holding the meeting shall be given by posting copies of the resolution signed by the members of

the board, or by a majority thereof, in three public places in the district not less than 10 days before the date of the meeting, and by publishing the notice once not less than five days before the date of the meeting in a newspaper of general circulation, published in the district, if there is one, or, if there is no such newspaper published in the district, then in a newspaper published in the county in which the district or any part thereof is situated and having a general circulation in the district.

Public hearing

16254. At the time and place fixed in the resolution for the meeting of the governing board the public hearing shall be held, and the governing board may at the meeting, or at any other meeting of the governing board held within 60 days thereafter, unless a protest is entered, adopt a resolution by a two-thirds vote of all its members authorizing and directing the president of the governing board, or any other presiding officer, or the secretary, or the members thereof, to execute a deed of dedication or conveyance of the property and to deliver it. Upon the delivery and acceptance of the deed the dedication or conveyance is fully effective.

Protest

16255. A petition protesting against the proposed dedication or conveyance signed by at least 10 percent of the qualified electors of the district, as shown by the affidavit of one of the petitioners, may be filed with the governing board at the meeting held at the time and place fixed in the resolution. If a protest is filed, the governing board shall, before taking any further action on the proposed dedication or conveyance, submit the question of whether the proposed dedication or conveyance should be made, to the superintendent of schools of the county having jurisdiction over the district, whose decision is final. If the superintendent approves the proposed dedication or conveyance, the board may proceed as provided in Section 16254. If the superintendent of schools does not approve the proposed dedication or conveyance, no further proceedings shall be had thereon.

Article 7. Sale or Disposition of Buildings, Structures, and Other Fixtures by One District to Another

Powers of governing board

16301. The governing board of any school district, constituting the governing body of an elementary district, a high school district, and a junior college district, or any two of such districts, may sell any building, structure, or other fixture, belonging to one of its respective districts to another district governed by it, for an amount to be fixed by the governing body, and approved by the county superintendent of schools, without advertisement for or receipt of bids or compliance with any other provisions of this code.

Whenever any property is sold under this section it shall be removed from the premises of the district selling it within 60 days from the date of the sale.

Withdrawal from district

16302. When any territory withdrawn from a school district pursuant to this code contains a school building, site or real property, the building or site, together with the fixtures thereof, shall, upon the withdrawal of the territory becoming effective, become the property of the district of which the territory becomes a part or the whole.

Fixtures

16303. If a dispute arises between the governing boards of the two districts concerned as to what constitutes fixtures, a board of arbitrators shall be appointed who shall determine what articles in a school building located within territory withdrawn from any school district are fixtures thereof. The board shall consist of one person selected by the district from which the territory is withdrawn, one person selected by the district of which it has become a part, and a third person appointed by the county superintendent of schools of the county in which the districts are located. The two districts involved may mutually agree that the person appointed as arbitrator by the county superintendent of schools may act as sole arbitrator of the matters to be submitted to arbitration. The necessary expenses and compensation of the arbitrators shall be divided equally between the two districts, and the payment of the portion of the expenses is a legal charge against the funds of the school districts. The arbitrator or arbitrators shall proceed to view and examine such property, articles, equipment, and fixtures as they are requested to pass upon by the respective school districts and make a written finding as to what property, articles, or equipment constitute fixtures. The written finding and determination of a majority of the board of arbitrators is final and binding upon the school districts submitting the question to the board of arbitration.

Article 8. Exchange of Property

Access roadways

16351. The governing board of any school district which has acquired title to property included within an application which has been approved by the State Allocation Board for state school building aid and which property is to be used as an access roadway to such school site may exchange such property for other property to be used as an access roadway which abuts a state highway, if in the opinion of the Division of Highways in the Department of Public Works there is objection to the first access roadway, and if in the opinion of the governing board the property acquired by such exchange will afford more safety to the pupils of the district.

Article 9. Sale of Personal Property

Notice

16401. The governing board of any school district may sell to the highest bidder for cash any personal property belonging to the district not required for school purposes, or which should be disposed of for the purpose of replacement, or because unsatisfactory, or not suitable for school use, after

notice given by publication in a newspaper of general circulation published in the county for a period of not less than two weeks, or by posting notice in at least three public places in the district for not less than two weeks.

Private sale

16402. If in the unanimous judgment of the board the property does not exceed in value the sum of two hundred dollars ($200) it may be sold at private sale without advertising, by any member or employee of the board empowered for that purpose by the majority vote of the board.

Deposit of money

16403. The money received from the sale shall be placed to the credit of the fund from which the original expenditure for the purchase of the property was made.

Sale for replacement

16404. The governing board of any school district may dispose of personal property belonging to the district for the purpose of replacement by providing in the notice calling for bids for furnishing new materials, articles, or supplies that each bidder shall agree in his bid to purchase the property being replaced and to remove it from the school grounds and shall state in his bid the amount which he will deduct from the price bid for furnishing new materials, articles, or supplies as the purchase price for the personal property being purchased from the district. The board shall let the contract to the bidder whose net bid is the lowest, after deducting the amount bid for the purchase of the property, if the bidder is a responsible person.

Exchange for replacement

16405. The governing board of any school district may enter into contracts with manufacturers or suppliers for the exchange of household appliances and equipment belonging to the district and used for instructional purposes for new property of like class and kind for a similar use without advertising for or taking bids; provided, the cost to the district for such exchange shall not exceed the excess, if any, of the manufacturer's or supplier's selling price of the new property over the original cost to the district of the property being disposed of by the district, plus any applicable tax.

Removal of old material

16406. The governing board of any school district may, when calling for bids and letting contracts for constructing new school buildings, or repairing, altering, adding to, or reconstructing existing school buildings, or demolishing existing school buildings, require each bidder for the performance of the work to agree in his bid to purchase and to remove from the school grounds all old materials required by the specifications to be removed from any existing school building on the same school grounds and not required for school purposes and to state in his bid the amount which he will deduct from the price bid for the work as the purchase price of the old materials. The board shall let the contract to the bidder whose net bid is the lowest after deducting the amount bid for the purchase of the old materials, if the bidder is a responsible person.

Property made by pupils

16407. The governing board of a school district may authorize any officer or employee of the district to sell to any

pupil personal property of the district which has been fabricated by such pupil, at the cost to the district of the materials furnished by the district and used therein.

Materials sold to adult pupils

16408. The governing board of a school district may sell to persons enrolled in classes for adults maintained by the district such materials as may be necessary for the making of articles by such persons in such classes. The materials shall be sold at not less than the cost thereof to the district and any article made therefrom shall be the property of the person making it.

Article 10. Sale or Lease of Personal Property by One District to Another

Powers of governing board

16451. The governing board of any school district may sell any personal property or school supplies belonging to the district to another district and the governing board of the other district may purchase the property, for an amount equal to the cost thereof plus the estimated cost of purchasing, storing, and handling the property, without advertisement for or receipt of bids or compliance with any other provisions of this code The governing board of any school district may purchase any personal property or school supplies for the purpose of selling them, pursuant to this section.

This section does not authorize the purchase, for the purpose of resale, of standard school supplies and equipment by any elementary school district governed by school trustees.

Sale of personal property

16452. The provisions of Section 16451 shall be applicable to a sale of personal property from a unified school district whose boundaries are coterminous with a city or city and county to that city or city and county.

Used personal property

16453. The governing board of any school district may sell or lease used personal property belonging to the district to another district, and the governing board of the other district may purchase or lease the property. The selling price and the terms of sale, or the lease price and the terms of lease shall be fixed by the governing boards of the school districts effecting the sale or lease, and approved by the county superintendent of schools. The sale or lease may be made without advertisement for or receipt of bids, or compliance with any other provisions of this code.

Chapter 3. Apparatus and Supplies

Rules and regulations

16501. The county board of education shall on or before the first day of February of each year establish rules and regulations under which elementary school districts governed by school trustees and having an average daily attendance of less than 2,500 during the preceding fiscal year shall purchase standard school supplies and equipment through the county superintendent of schools, or when so directed by him, through a county purchasing agent.

When the county superintendent of schools purchases standard school supplies without directing their purchase through the county purchasing agent or other county, city, or school district agent or agency, he shall make such purchase from the lowest responsible bidder who shall give such security as the county superintendent of schools requires, or else reject all bids. For the purpose of securing bids, the county superintendent of schools shall publish at least once a week for two weeks in a newspaper of general circulation published in the county, a notice calling for bids stating where the list and specifications of standard school supplies and equipment to be furnished may be obtained and the time when, which shall not be less than 30 days after the date of completion of publication, and the place where bids will be opened.

The county board of education shall list as standard school supplies and equipment such supplies and equipment as can be advantageously purchased in quantity. The list of standard school supplies shall be accompanied by a table of specifications giving the minimum grade, quality, substance, or other standard required for the purchase of each item listed.

The cost of advertising for bids and the cost of preparation of a table of specifications shall be paid from the county general fund.

Powers of governing board

16502. The governing board of each school district shall, except as otherwise provided in this code, purchase school furniture, including musical instruments, and apparatus, and such other articles as are necessary for the use of schools, and may, in its discretion, purchase uniforms and other regalia for the use of school bands, orchestras and choirs, and including uniforms and equipment necessary for the use of athletic teams. The provisions of Article 1 of Chapter 4 of Division 5 of Title 1 of the Government Code shall not apply to the purchase of musical instruments made pursuant to this section. Any such articles purchased shall always remain the property of the school district purchasing them Only such books, apparatus, uniforms, and equipment shall be purchased by the governing board of an elementary school district, if the board is not a city board of education, as have been adopted by the county board of education having jurisdiction over the district.

Standard school supplies and equipment

16503. Trustees of elementary school districts having an average daily attendance of less than 2,500 during the preceding fiscal year shall purchase standard school supplies and equipment in accordance with the general regulations of the county board of education established pursuant to this code.

Same

16504. City boards of education, high school boards, and boards of trustees of elementary school districts having an average daily attendance of 2,500 or more during the preceding fiscal year may purchase standard school supplies and equipment in the manner provided for the purchase of such supplies and equipment for elementary school districts governed by school trustees and having an average daily attendance of less than 2,500 during the preceding fiscal year.

Other supplies and equipment

16505. The governing board of any school district may purchase any necessary school supplies and equipment, other than standard school supplies and equipment listed by the county board of education, in the manner provided in this chapter (commencing with Section 16501) for the purchase of standard school supplies and equipment, or they may purchase such supplies and equipment directly from the vendor.

Duty of clerk

16506. The clerk of each district shall, under the direction of the board of trustees, provide all school supplies authorized by this chapter (commencing at Section 16501).

Duty of county superintendent

16507. In accordance with the general rules and regulations prescribed by the county board of education, the county superintendent of schools shall provide for the purchase of all standard school supplies and equipment needed in the elementary districts of his county governed by boards of school trustees and having an average daily attendance of less than 2,500 during the preceding fiscal year.

Agent for high school districts

16508. The county superintendent of schools, when so requested, shall act as agent for the purchase of supplies for the city and high school districts of his county.

County purchasing agent

16509. The county superintendent may arrange with a county purchasing agent for the purchase of standard school supplies and equipment in accordance with the regulations of the county board of education and the purchasing agent shall act in such capacity when so authorized.

School busses

16510. The cost of purchasing and maintaining school busses may be paid out of any funds of the district except funds derived from the sale of bonds and funds required by law to be set aside for teachers' salaries.

School supply revolving fund

16511. The superintendent of schools of each county may transfer at the beginning of any school year from the funds of the elementary school districts of the county which are governed by boards of trustees, and from the funds of other districts of the county the governing boards of which elect to take advantage of Section 16504, to the school supply revolving fund, which fund is continued in existence, a sum not to exceed 10 percent of the amount to be received during the school year by each district from the State General Fund.

Purchase of supplies and equipment

16512. The county superintendent of schools, or, when so directed by him, the county purchasing agent, shall, whenever a school supply revolving fund is established, purchase school supplies and equipment for the school districts of the county which are required or authorized to purchase supplies or equipment through him, and upon requisition therefor by the proper authorities of the district shall deliver or cause the supplies to be delivered to the district together with a memorandum of the amount of the cost of the supplies delivered.

Payment

16513. Upon proper evidence of the receipt by any school district of the school supplies and equipment, and upon approval by the county superintendent of schools for payment of the invoice therefor, he shall draw his requisition upon the county auditor against the proper funds of the district in

favor of the school supply revolving fund for the cost of the supplies and equipment plus a charge, not to exceed 10 percent of the cost, to cover expenses of handling and possible losses. He shall thereupon draw his requisition upon the county auditor against the school supply revolving fund in favor of the vendor of the supplies and equipment in the amount of the approved invoice. The requisitions, when allowed and signed by the county auditor, constitute warrants on the county treasurer against the funds of the district and against the school supply revolving fund, respectively.

Assistants

16514. The county superintendent of schools, or, if so directed by him, the county purchasing agent, may employ such help as is necessary to care for the receiving, handling, and forwarding of school supplies and equipment, and the necessary wages and expenses for the help shall be paid from the school supply revolving fund on requisition by the superintendent.

Abolishment of fund

16515. The superintendent of schools may determine to abolish the school supply revolving fund in his county by serving notice in writing upon the auditor and treasurer of the county. Upon filing the notice discontinuing the fund, the superintendent of schools shall immediately arrange for the sale of supplies in his possession at their market price at the time of the sale plus any handling charges that may be charged against them. The sums secured from the sale shall be deposited by the superintendent of schools in the revolving fund which shall then be returned by the auditor to the respective districts from which it was created. A determination upon the part of the superintendent of schools to dispose of the school supply revolving fund shall not prejudice his right at a future time to recreate the fund.

Payment where no fund exists

16516. If in any county a school supply revolving fund is not established, payment for school supplies and equipment purchased through the county superintendent of schools or through the county purchasing agent shall be made by order of the governing board of the school district purchasing them, in the same manner as other payments are made from school district funds.

Duty of governing board to supply flags

16517. The governing board of each school district throughout the State shall provide for each schoolhouse under its control, a suitable Flag of the United States, which shall be hoisted above each schoolhouse during all school sessions and on school holidays, weather permitting.

The governing board of each school district shall provide smaller and suitable United States Flags to be displayed in each schoolroom at all times during the school sessions.

The governing board of each school district shall enforce this section.

Failure of governing board to supply flags

16518. If a board of school trustees of any school district refuses or neglects to purchase and display United States Flags as provided in Sections 16517 and 16518, the superintendent

of schools of the county shall purchase the Flags and direct the teacher or teachers to display the Flags as provided by law.

The superintendent of schools shall draw his warrant on the current expense fund of the district in payment of the cost of such Flags as he finds necessary to purchase.

Duties of governing board to furnish supplies

16519. Writing and drawing paper, pens, inks, blackboards, blackboard rubbers, crayons, lead and slate pencils, and other necessary supplies for the use of the schools, shall be furnished under the direction of the governing boards of the school districts.

Audit and payment

16520 Charges for supplies shall be audited and paid in the same manner as other claims against the county school fund of the districts.

Subscriptions

16521. The governing board of a school district may pay in advance for subscriptions to newspapers, magazines, periodicals and other publications for the district and the schools thereof when such action will result in a decrease in the cost to the district or which cannot be secured without payment in advance.

CHAPTER 4. USE OF SCHOOL PROPERTY FOR PUBLIC PURPOSES

Conditions

16551. The governing board of any school district may grant the use of school buildings or grounds for public, literary, scientific, recreational, or educational meetings, or for the discussion of matters of general or public interest upon such terms and conditions as the board deems proper, and subject to the limitations, requirements, and restrictions set forth in this chapter (commencing at Section 16551).

Interference with school work

16552. No use shall be inconsistent with the use of the buildings or grounds for school purposes, or interfere with the regular conduct of school work.

Monopoly

16553. No use shall be granted in such a manner as to constitute a monopoly for the benefit of any person or organization.

Term

16554 No privilege of using the buildings or grounds shall be granted for a period exceeding one year. The privilege is renewable and revocable in the discretion of the board at any time.

Personnel examinations

16555. The governing board of any school district may grant the use of school buildings, grounds, and equipment without charge to public agencies for the purpose of holding examinations for the selection of personnel.

Establishment

16556. There is a civic center at each and every public school building and grounds within the State where the citizens, parent-teachers' association, Campfire Girls, Boy Scout troops, farmers' organizations, clubs, and associations formed for recreational, educational, political, economic, artistic, or moral activities of the public school districts may engage in supervised recreational activities, and where they may meet and discuss, from time to time, as they may desire, any subjects and questions which in their judgment appertain to the

educational, political, economic, artistic, and moral interests of the citizens of the communities in which they reside. Governing boards of the school districts may authorize the use, by such citizens and organizations of any other properties under their control, for supervised recreational activities.

Rules

16557. The use of any public schoolhouse and grounds for any meeting is subject to such reasonable rules and regulations as the governing board of the district prescribes and shall in nowise interfere with the use and occupancy of the public schoolhouse and grounds, as is required for the purposes of the public schools of the State.

Management

16558. The management, direction, and control of the civic center is vested in the governing board of the school district.

Powers of governing board

16559. The governing board of the school district shall make all needful rules and regulations for conducting the civic meetings and for such recreational activities as are provided for in this chapter (commencing at Section 16551) and which aid, assist, and lend encouragement to the activities.

Appointee of governing board

16560. The governing board of any school district may appoint a person who shall have charge of the grounds, preserve order, protect the school property, plan, promote, and supervise recreational activities, and do all things necessary in the capacity of a representative of the board. He shall have the power of a peace officer, to carry out the provisions and the intents and purposes of this chapter (commencing at Section 16551).

Free use

16561. The use of schoolhouses, property, and grounds pursuant to this chapter (commencing at Section 16551) shall be granted free, except as otherwise provided by Section 16562, to organizations, clubs, or associations organized for general character building or welfare purposes

For any other use of schoolhouses, property, and grounds pursuant to this chapter, including uses for which charges may be made under Section 16562, the governing board of any school district may charge not to exceed an amount sufficient to pay the cost to the district of supplies, utilities, and salaries paid school district employees necessitated by such use of schoolhouses, property, and grounds of the district.

Admission fees

16562. In the case of entertainments or meetings where admission fees are charged or contributions are solicited and the net receipts of the admission fees or contributions are not expended for the welfare of the pupils of the district or for charitable purposes a charge shall be made for the use of the schoolhouses, property, and grounds.

The governing board may, however, permit such use, without charge, by organizations, clubs, or associations organized for general character building or welfare purposes, when membership dues or contributions solely for the support of the organization, club, or association, or the advancement of its character building or welfare work, are accepted.

Necessary expense

16563. Lighting, heating, janitor service, and the services of the person when needed, and other necessary expenses,

in connection with the use of public school buildings and grounds pursuant to this chapter (commencing at Section 16551), shall be provided for out of the county or special school funds of the respective school districts in the same manner and by the same authority as similar services are provided for.

Individuals, groups, etc., intending overthrow of government

16564. Any use, by any individual, society, group, or organization for the commission of any act intended to further any program or movement the purpose of which is to accomplish the overthrow of the Government of the United States or of the State by force, violence, or other unlawful means shall not be permitted or suffered.

Any individual, society, group, or organization which commits any act intended to further any program or movement the purpose of which is to accomplish the overthrow of the government by force, violence or other unlawful means while using school property pursuant to the provisions of this chapter (commencing at Section 16551), is guilty of a misdemeanor.

Same: Prohibition

16565. No governing board of a school district shall grant the use of any school property to any person or organization for any use in violation of Section 16564.

For the purpose of determination by such governing board whether or not any individual, society, group or organization applying for the use of such school property intends to violate Section 16564, the governing board shall require the making and delivery to such governing board, by such applicant of a written statement of information in the following form:

STATEMENT OF INFORMATION

The undersigned states that, to the best of his knowledge, the school property for use of which application is hereby made will not be used for the commission of any act intended to further any program or movement the purpose of which is to accomplish the overthrow of the Government of the United States by force, violence or other unlawful means;

That _____, the organization on whose behalf he is making application for use of school property, does not, to the best of his knowledge, advocate the overthrow of the Government of the United States or of the State of California by force, violence, or other unlawful means, and that, to the best of his knowledge, it is not a communist-action organization or communist-front organization required by law to be registered with the Attorney General of the United States. This statement is made under the penalties of perjury.

_____
(Signature)

The school board may require the furnishing of such additional information as it deems necessary to make the determination that the use of school property for which application is made would not violate Section 16564 of the Education Code.

Any person applying for the use of school property on behalf of any society, group or organization shall be a member of such applicant group and, unless he is an officer of such group, must present written authorization from such applicant group to make such application.

The governing board of any school district may, in its discretion, consider any statement of information or written authorization made pursuant to the requirements of this section as being continuing in effect for the purposes of this section for the period of one year from the date of such statement of information or written authorization.

Perjury

16566. Written statements of information as required by Section 16565 need not be under oath, but shall contain a written declaration that they are made under the penalties of perjury, and any person so signing such statements who wilfully states therein as true any material matter which he knows to be false, is subject to the penalties prescribed for perjury in the Penal Code of this State.

CHAPTER 5. CHILD CARE CENTERS

Legislative policy

16601. The policy of the Legislature in enacting this chapter (commencing at Section 16601) is to continue child care centers to provide care and supervision of children necessitated by the employment of women with children, without imposing additional taxes on property which the owners of such property cannot, because of the burden now imposed, be reasonably expected to bear.

"Parent"

16602. As used in this chapter (commencing at Section 16601) "parent" includes any person having legal custody of a child.

Determination of need

16603. The need of a parent and child for child care center service shall be determined upon the following conditions:

(a) That there is but one parent in the home who both supports and cares for the child, or there is but one parent in the home who requires not to exceed 12 months of education or training to qualify for entrance upon employment that will make the family economically self-sufficient, or

(b) That there are two parents in the home, both of whom are working, or one of whom is physically or mentally unable to either support the family or care for the child, or

(c) That either parent is a veteran attending school or receiving instruction under the Servicemen's Readjustment Act of 1944 or Veterans Readjustment Assistance Act of 1952 or under Article 2, Chapter 6, Division 4 of the Military and Veterans Code, and the other parent, if any, is gainfully employed, or

(d) That the services of the parent having care of the child are necessary as a qualified and acceptable teacher in a public school or as a qualified and acceptable worker to serve in the care and guidance of children in a child care center or a super-

visor of a child care program, as shall be evidenced by a statement from the employing authority of the public school to the governing body of the child care center, or

(e) That the services of the parent having care of the child are necessary as a registered nurse, as shall be evidenced by a statement from the responsible employer to the governing body of the child care center, or

(f) That the services of the parent having care of the child are necessary as a worker in industry essential to the mobilization effort, as shall be evidenced by a statement from the employer in such industry as shall have been designated as essential to the mobilization effort by the Director of Employment, or

(g) That the services of the parent having care of the child are necessary to meet an emergency arising from the necessity of harvesting or processing crops, or as an agricultural worker where the employer shall have established facilities for use by the child care centers, or

(h) That the parent having care of the child is attending school or receiving instruction under the State Vocational Rehabilitation Program, as shall be evidenced by a statement from that agency.

The need for child care of a parent and child who come within (a) and (b) of this section shall take precedence over the need for child care of a parent, or parents, and child who come within (c) to (h), inclusive, of this section.

Maximum total monthly income

16604. Except as provided in Section 16605, no child shall be admitted to a child care center if the total monthly income from all sources of the child's immediate family:

(a) Where both parents are working, exceeds four hundred sixty-two dollars ($462) if there is one child in the family, and an additional sixty-six dollars ($66) for each additional child.

(b) Where but one parent, who has both custody and care of the child, is the sole wage earner of the child's immediate family, exceeds three hundred thirty dollars ($330) if there is one child in the family, and an additional sixty-six dollars ($66) for each additional child.

Except as provided in Section 16605 the maximum "total monthly income" figure in either case may be exceeded in any month or months of the year if in the opinion of the board the total income from all sources, of the child's immediate family for the calendar year divided by 12 will not exceed such maximum. In computing the maximum "total monthly income" of self-employed persons the gross income of such persons may be reduced by the legitimate business expenses incident to the self-employment. In estimating earnings of any member of the child's immediate family the computation of weekly wages shall be on the basis of wages based on a five-day week if the employer of such person certifies to said governing board that the workweek of such person is five days or more.

16605. If either parent is a veteran coming within (c) of Section 16603 and is attending school or receiving instruction for not less than half-time, or if the parent or if either parent comes within (a), (d), (e), (f), (g), or (h) of Section 16603, and if the income from all sources of the child's immediate family exceeds that fixed by Section 16604, but is not greater than three times the amount fixed by Section 16604, a child of such parent may be admitted to a child care center but the governing board of the school district maintaining the child care center shall, notwithstanding anything in Section 16614 to the contrary, charge and collect from the person having custody of the child, except a parent coming within (a) of Section 16603, a weekly fee which shall be in such amount as will reimburse the district for the cost of supervision, care, and the cost of all food furnished such child. The governing board shall charge a parent coming within (a) of Section 16603 the fee required for the applicable maximum income as provided in Section 16604, plus, for each full eleven dollars ($11) of an additional sixty-six dollars ($66) of income, one-sixth of the difference between that fee and the amount which will reimburse the district for the cost of supervision, care, and all food furnished the child. Same: Veterans

As applied to the families of men on active duty with the United States armed forces, only that portion of the pay and allowances of such men shall be included in the "total monthly income" which is the amount legally required to be made available for the support of the family by rule or regulation.

16606. The governing board of any school district may, subject to the provisions of this chapter (commencing at Section 16601), establish and maintain such child care centers within the district as it may deem necessary to provide for the proper supervision and care, including such health supervision as may be established under the standards established for child care centers by the Superintendent of Public Instruction as hereinafter provided, of children between two years and 16 years of age living within, and in the custody of persons residing in, the district when such care and supervision cannot be provided by such persons because such persons are gainfully employed. Establishment

16607. Children regularly enrolled in a child care center who are absent on account of illness or quarantine shall be considered to be in regular attendance for the number of hours per day for which they are enrolled for the purpose of reporting attendance for state apportionments, whenever the school district certifies that such absence was on account of illness or quarantine and is verified by the district in such manner as the Superintendent of Public Instruction shall require. All attendance shall be recorded and reported in accordance with the requirements of the Superintendent of Public Instruction. Effect of absence

16608. Said governing board may accommodate in a child care center maintained by it children residing in another dis- Nonresident children

trict, upon such terms and under such conditions as may be agreed upon by the governing boards of both districts.

Agreements with public agencies

16609. Said governing board may enter into agreements with any city or city and county or other public agency for the furnishing to, or use by, said governing board in carrying out the provisions of this chapter (commencing at Section 16601), of property, facilities, personnel, supplies, equipment and other necessary items and such city, county, city and county, or other public agency is authorized to enter into such agreements.

Use of school facilities

16610. The said governing board may permit the use of and furnish maintenance for buildings, grounds, and equipment, and the use of existing administrative personnel for the purposes of this chapter (commencing at Section 16601).

Standards

16611. The Superintendent of Public Instruction shall establish reasonable and uniform standards not in conflict with the provisions of this chapter (commencing at Section 16601) for child care centers established and maintained under the provisions of this chapter (commencing at Section 16601) and no child care center shall be so established and maintained which does not comply with such standards.

The Superintendent of Public Instruction may establish such regulations as he deems advisable concerning conditions of service and hours of enrollment for children in child care centers.

Hours

16612. The hours in any day, the days in any week and the months in any year during which such child care centers may be maintained shall be determined by said governing board.

Same

16613. Children shall be accommodated at such child care centers only during the hours in which the person or persons having custody of such children are at work, or unable to care for such children for any reason connected with such work, or unable to care for such children for any reason specified in Section 16603.

Weekly fees

16614. Said governing board shall charge and collect, in advance, from the person having custody of any child admitted to a child care center a weekly fee equal to that specified in the fee schedule prescribed by the Superintendent of Public Instruction.

It is hereby declared to be the policy of the Legislature that child care centers shall be made available first to those who have the greatest financial need, and the sliding scale of fees prepared by the Superintendent of Public Instruction shall provide for a nominal fee for children of families having a monthly income of less than one hundred fifty dollars ($150) or of less than forty dollars ($40) per member of the child's immediate family, and increasingly larger fees shall be charged for children of families having larger incomes. It is further declared to be the policy of the Legislature that so far as possible when it becomes necessary for the Superintendent of Public Instruction to adjust the fee schedule that any increase

shall be made first in fees charged to those in the higher income brackets, and the rate of increase in fees charged for children of families of different income levels need not be uniform as between the different income levels. It is further declared to be the policy of the Legislature that the fee schedule shall so far as reasonably possible, be established on such basis and in accordance with such principles as the Superintendent of Public Instruction may determine to insure proper administration of the child care center program and to establish uniform budgetary and accounting procedures.

Legislative policy re cost of maintenance

16615. It is hereby declared to be the policy of the Legislature that, on a statewide average, of the total amount of the cost for the maintenance and operation of child care centers paid for by state funds apportioned to the districts and fees collected from parents, two-thirds of such total cost shall be paid from such state funds and one-third from such fees. Fund derived from district taxes levied under this chapter (commencing at Section 16601) may be expended in addition to parent fees and state funds, and shall not operate to affect the operation of either the fee schedule or the formula for apportioning state funds provided for in this chapter (commencing at Section 16601).

Fee schedule

16616. The Superintendent of Public Instruction shall prepare a schedule of fees which shall be used by each school district for the charging of fees to parents. For parents who come within the provisions of Section 16604, the schedule shall be on a sliding scale, ranging from a lesser amount for parents within low income levels to a higher amount for higher income levels. The schedule shall provide as nearly as possible an amount equal to thirteen cents ($0.13) per hour per child. The fee schedule shall be on an hourly basis, and shall be uniformly applied.

Same: Revision

16617. The Superintendent of Public Instruction may revise the fee schedule as necessary in order to conform with the provisions of this code. A change in the fee schedule shall become effective 15 days after notice of such change has been given by the Superintendent of Public Instruction in writing to each district maintaining a child care center.

Statewide average state support rate

16618. The statewide average state support per hour per child shall be twenty-six cents ($0.26). The Superintendent of Public Instruction shall apportion state funds to the districts using twenty-six cents ($0.26) per hour per child. If the fees collected by any district shall for any month be less or more than thirteen cents ($0.13) per hour per child, the amount of the apportionment shall be increased or decreased in an amount equal to the amount by which the fees collected are less or more, respectively, than thirteen cents ($0.13) per hour per child, except that in no event shall the amount apportioned exceed thirty-one cents ($0.31) per hour per child.

Consideration of income

16619. Recognizing the fact that certain mothers are forced to work due to the father serving in the armed forces of the United States—the State of California, or as civilians, having

been killed, reported missing, or so disabled so as to be unable to follow his employment, as a result of enemy action, it is the intent of the Legislature that consideration be given to the income of such mother and dependent children in setting fees to be charged by the school district for the care of such children.

Exceptions from computations

16620. Hours of attendance of children of, and fees collected from, parents required by this chapter (commencing at Section 16601) to pay the full cost of supervision, care, and all food of a child in a child care center shall not be used in computing amounts under Section 16618.

"Child care center fund"

16621. The said governing board shall establish in the county treasury a fund to be known as the "child care center fund" into which shall be paid all funds received by the district for, or from the operation of, child care centers, including, but not limited to, all funds derived under Sections 16634 and 16635. The costs incurred in the maintenance and operation of child care centers shall be paid from said fund, except that any contributions authorized or required to be paid by the district on account of services of employees of a child care center to a retirement system shall be paid from the general fund of the district or from funds of the district derived from a special tax levied pursuant to Section 14657 or 14758 of the Education Code or Section 20532 of the Government Code.

No other funds of a district derived from the receipts of district taxes, except a district tax levied under Sections 16633 and 16635, or derived from moneys apportioned to the district for the support of the schools thereof, except state moneys expressly appropriated from the General Fund for the support of child care centers, may be expended for, or in connection with, a child care center.

Excess or deficiency apportionment adjustment

16622. If during any fiscal year there is apportioned to the "child care center fund" more or less than the amount to which the fund was entitled, the Superintendent of Public Instruction during the next or any succeeding fiscal year shall withhold from, or add to, the apportionment during such next or succeeding year, the amount of such excess or deficiency.

Rules and regulations

16623. Said governing board may adopt such reasonable rules and regulations governing the child care center or centers maintained by it as are not in conflict with law or the standards and regulations established for child care centers by the Superintendent of Public Instruction. The rules and regulations adopted by the governing board may include, among others, rules and regulations relating to the admission of children to, and their exclusion from, such center or centers.

Medical examination or immunization

16624. No standard, rule or regulation shall require medical examination or immunization for admission to a child care center of a child whose parent or guardian files a letter with the governing board of the school district stating that such medical examination or immunization is contrary to his or her religious beliefs, or provide for the exclusion of a child from the center because of parent or guardian having filed such a letter; pro-

vided, however, that whenever there is good cause to believe that a child is suffering from a recognized contagious or infectious disease, the child may be temporarily excluded from the center until the governing board of the school district is satisfied that any contagious or infectious disease does not exist.

Qualifications of employees

16625. The said governing board shall employ in a child care center only such persons who hold permits issued by the Superintendent of Public Instruction. The filing with the county superintendent of schools of a regulation of a governing board or a public health agency requiring a physical examination of persons employed in child care centers shall be deemed to be the issuance of a valid permit except for persons employed in positions pertaining to the care and guidance of children or supervision of a child care program. Each person employed by the governing board of a school district for a position requiring a permit shall, not later than 60 days after the date fixed by the governing board of the district for the commencement of his service, file with the county superintendent of schools a valid permit issued on or before said date, authorizing him to serve in the position for which he was employed, and must, not later than 60 days after the renewal thereof, file the renewed permit in the same manner.

Effect of employment

16626. Each person employed by a school district in a child care center under the provisions of this chapter (commencing at Section 16601) shall be deemed for all purposes, including retirement, to be a person employed by the school district in a position not requiring certification qualifications, except that he shall not be subject to the provisions of Sections 13701 to 13756, inclusive, of this code.

Retirement rights of employees

16627. Any city, county, or city and county charter provision to the contrary notwithstanding, each person employed by a school district on July 1, 1955, and each person employed by a school district on the effective date of the amendment of this section at the 1957 Regular Session of the Legislature who was theretofore excluded, solely by reason of the provisions of Section 16626 in effect prior to July 1, 1955, or who was theretofore excluded solely by reason of the provisions of this section prior to the amendment thereof at the 1957 Regular Session of the Legislature, from membership in any retirement system in which the district participates or to which it contributes for the purpose of providing retirement rights and benefits for employees of the district not employed in a status requisite for membership in the State Teachers' Retirement System, shall become a member of the retirement system from which he was so excluded, on July 1, 1955, or on the effective date of the amendment of this section at the 1957 Regular Session of the Legislature if theretofore excluded solely by reason of the provisions of this section in effect prior to that date. Every such member shall be entitled to credit for service in child care centers rendered prior to July 1, 1955, or prior to the effective date of the amendment of this section if there-

fore excluded, and before he became a member of the system, in the same manner as if he had not theretofore been excluded from membership in the retirement system, except that he shall not be required to make any contributions to the retirement system in respect to such service rendered prior to his membership, and all contributions necessary to provide benefits on account of such service shall be paid to the retirement system by the school district by which the member is employed. For the purpose of computing benefits for services rendered prior to July 1, 1955, as provided in this section, the average monthly salary earned by such employee in the Fiscal Year 1954-55 shall be used and for the purpose of computing benefits for service rendered between July 1, 1955, and the effective date of the amendment of this section at the 1957 Regular Session of the Legislature for members receiving credit for service between those dates under the provisions of this section as amended, the average monthly salary earned by such employees in the Fiscal Year 1956-57 shall be used.

Notwithstanding any provision of law to the contrary, any person covered by the provisions of this section shall be given the option as to whether or not he shall be a contract member of the State Employees' Retirement System.

Same

16628. Every employee of a child care center who before his employment in such center was employed by the district maintaining such center in a position entitling him to membership in, and who was a member of, the retirement system maintained by such district, and if such employee's contributions to such retirement system were returned to him when he was employed in the child care center, such employee shall have the right to elect, by written document filed with the Board of Administration, State Employees' Retirement System, at any time within 90 days after the date upon which the notice of the right to make such election is mailed by such system, either to the member's latest address on file in the office of such system, or to the office of the governing board of such district or districts, and prior to the date of retirement, to contribute to such system, subject to minimum payments fixed by the Board of Administration, and in one or more sums, or in not to exceed 60 monthly payments, an amount which, when added to his accumulated contributions, including interest, transferred as required in paragraph (1) of subdivision (b) of Section 14696 of this code, will make a total amount equal to the accumulated contributions, including interest, which would have been credited to him in such plan, if he had never had his contributions returned to him. Such employee shall pay to the State Employees' Retirement System interest on the unpaid balance of the amount payable to such system, beginning with the date of transfer, at the rate of interest currently used from time to time under the system. If such employee elects to make, and makes, such contributions and pays such interest, but not otherwise, he shall receive credit under

such employees' system, as state service, for all prior service rendered while he was not a member of such plan.

Standards for permits

16629. The Superintendent of Public Instruction shall establish standards for the issuance of the permits herein provided for. Such standards may be changed from time to time, but changes therein shall not affect then valid permits issued to persons.

Acceptance of federal funds

16630. The State Department of Education is hereby authorized to accept funds from the Government of the United States and to apportion them to the governing board of such school districts as conduct child care centers which are hereby authorized to accept such funds or funds from any other source for any of the purposes of this chapter (commencing at Section 16601) and all such funds may be accepted subject to such conditions as will further the purposes of this chapter (commencing at Section 16601).

Apportionment of funds

16631. Any money appropriated to be apportioned by the Department of Education to school districts maintaining child care centers pursuant to this chapter (commencing at Section 16601), and to the governing authorities of state institutions maintaining child care centers, shall be apportioned to such school districts and governing authorities solely in accordance with the provisions of this chapter (commencing at Section 16601).

Reversion of unencumbered balance

16632. The unencumbered balance of any appropriation for child care centers shall revert to the General Fund June 30th of the year for which appropriated.

School district tax

16633. Pursuant to Sections 20501 to 21001, inclusive, the governing board of any school district maintaining a child care center may include in its budget the amount necessary to carry out its child care center program pursuant to this chapter (commencing at Section 16601) and the board of supervisors shall levy a school district tax necessary to raise such amount. The tax shall be in addition to any other school district tax authorized by law to be levied.

Support by school districts or counties

16634. After June 30, 1952, if no state funds are made available for the support of child care centers, a school district or a county may provide, either jointly or severally, for the continuance of the child care centers established and maintained in such school district or county. If a county desires to undertake, partially or wholly, the support and maintenance of such child care centers, it may levy a tax to provide funds for such partial or whole support. If a county undertakes the whole support of such child care centers, it may provide for their administration by the county department of social welfare or by contract entered into with the school district in which such child care center is located, or by both. If a county undertakes the partial support of such child care centers, it may either make contributions of the proceeds of the tax levied pursuant to this section to the school districts within such county maintaining child care centers, or may use such proceeds by contributing the services of the county depart-

ment of social welfare to the child care centers for purposes agreeable to the school districts maintaining such centers.

Same. Additional facilities

16635. In any county or school district in which local conditions demand or make desirable the furnishing of additional services or facilities, a school district or a county may provide, either jointly or severally, for such additional services or facilities of the child care centers established and maintained in such school district or county. Any additional services or facilities furnished pursuant to this section shall meet all of the requirements of this chapter. Any county desiring to provide such additional services or facilities may levy a tax to provide funds for such purpose. Pursuant to Sections 20501 to 21001, inclusive, the governing board of any school district desiring to provide such additional services or facilities may include in its budget the amount necessary therefor and the board of supervisors shall levy a school district tax necessary to raise such amount. The school district tax shall be in addition to any other school district tax authorized by law to be levied.

Discontinuance

16636. Any child care center may be discontinued at any time at the discretion of the govering board of the district upon the giving of the notice herein prescribed.

Not less than 30 days before the discontinuance of a child care center the governing board shall mail to each person having custody of a child in attendance at such child care center a notice of the intended discontinuance of the child care center and the date the discontinuance will become effective, and shall post a similar notice at the child care center.

Deposit of unencumbered balance

16637. Any unencumbered balance remaining in a district "child care center fund" may be deposited in the general fund of the school district one year after the discontinuance of its child care center program pursuant to Section 16636 or Section 16640.

Insurance

16638. Said governing board shall insure against the liability, other than a liability which may be insured against under Divsion 4 of the Labor Code, imposed upon the district by any law of this State, in any insurance company authorized to do business in this State. The cost of such insurance shall be paid out of the "Child Care Center Fund" of the district.

Limitation on additional centers

16639. No new child care center shall be established unless specifically authorized by the Department of Education after it has surveyed the financial needs of the existing child care centers and finds that the establishment of the new child care center will not financially jeopardize or otherwise curtail the operations of the existing child care centers.

Closing child care center

16640. A child care center may be closed by order of the Department of Education after it has determined that the economic conditions in the area served by such child care center no longer warrant its continued existence.

CHAPTER 6. COMMUNITY RECREATION

16651. The purposes of this chapter (commencing at Section 16651) are: Purposes

(a) To promote and preserve the health and general welfare of the people of the State and to cultivate the development of good citizenship by provision for adequate programs of community recreation.

(b) To authorize cities, counties, cities and counties, public corporations or districts having powers to provide recreation and public school districts to organize, promote, and conduct such programs of community recreation as will contribute to the attainment of general educational and recreational objectives for children and adults of the State.

16652. The following terms, wherever used or referred to in this chapter (commencing at Section 16651) have the following meanings, respectively, unless a different meaning clearly appears from the context: Definitions

(a) "Public authority" means any city of any class, city and county, county of any class, public corporation or district having powers to provide recreation, or school district in the State.

(b) "Governing body" means, in the case of a city, the city council, municipal council, or common council; in the case of a county or city and county, the board of supervisors; in the case of a public corporation or district, the governing board of the public corporation or district; and in the case of a school district, the governing board of the school district.

(c) "Recreation" means any activity, voluntarily engaged in, which contributes to the physical, mental, or moral development of the individual or group participating therein, and includes any activity in the fields of music, drama, art, handicraft, science, literature, nature study, nature contacting, aquatic sports, and athletics, or any of them, and any informal play incorporating any such activity.

(d) "Community recreation" and "public recreation" mean such recreation as may be engaged in under direct control of a public authority.

(e) "Recreation center" means a place, structure, area, or other facility under the jurisdiction of a governing body of a public authority used for community recreation whether or not it may be used also for other purposes, playgrounds, playing fields or courts, beaches, lakes, rivers, swimming pools, gymnasiums, auditoriums, rooms for arts and crafts, camps, and meeting places.

16653. The governing body of every public authority may (a) organize, promote, and conduct programs of community recreation, (b) establish systems of playgrounds and recreation, and (c) acquire, improve, maintain, and operate recreation centers within or without the territorial limits of the public authority. Powers

No events for which an admission price is charged shall be held pursuant to this chapter (commencing at Section 16651),

except amateur athletic contests, demonstrations, or exhibits and other educational and noncommercial events.

Parent co-operative nursery groups

16654. A public authority may permit the use of a recreation center or facility by parent co-operative nursery groups on a nonexclusive and nondiscriminatory basis when such use does not unreasonably impair or interfere with the right of the public to use the center or facility. As used in this section, a "parent co-operative nursery group" means a group of parents who (1) are licensed by a state agency; (2) on a nonprofit basis; (3) to provide recreation for their preschool age children; (4) on a nondiscriminatory basis.

Co-operation

16655. The governing body of any public authority may co-operate with the Federal Government or any department thereof, and the governing bodies of any two or more public authorities may co-operate with each other or with the Federal Government or any department thereof to carry out the purposes of this chapter (commencing at Section 16651), and to that end may enter into agreements with each other, and may do any and all things necessary or convenient to aid and co-operate in carrying out the purposes of this chapter, or to establish, improve or maintain campgrounds or other recreation facilities under the control of the Federal Government or any department thereof.

The governing bodies of any two or more public authorities having jurisdiction over any of the same territory or over contiguous territories may jointly establish a system or systems of recreation, and may jointly do any act which either is authorized to do under Section 16653. Nothing in this chapter (commencing at Section 16651) shall be construed to prohibit any joint or co-operative action authorized by this section.

Management

16656. The governing body of any public authority other than a school district may designate any already existing board, officer, or employee of the public authority to exercise the powers granted by this chapter (commencing with Section 16651) to carry out the purposes of this chapter (commencing with Section 16651), or may provide for the appointment of a board of recreation commissioners to exercise such powers. A school district may appoint one or more members of the board of trustees, officers or employees, to represent the district on a board of recreation commissioners.

Board of recreation commissioners

16657. The board of recreation commissioners shall consist of either five members or seven members, as determined by the governing body or bodies providing for its appointment, who shall serve with or without compensation at the discretion of the governing body. If compensation is authorized by the governing body it shall not exceed ten dollars ($10) per meeting.

Powers

16658. The board of recreation commissioners in each public authority, or the board, officer, or employee of the authority designted to exercise the powers, shall exercise such powers and perform such duties, pursuant to this chapter (commencing with Section 16651), as the governing body of the public authority may prescribe.

16659. The governing body of any school district may use the buildings, grounds, and equipment of the school district, or any of them, to carry out the purposes of this chapter (commencing at Section 16651), or may grant the use of any building, grounds, or equipment of the district to any other public authority for the purposes, whenever the use of the buildings, grounds, or equipment for community recreational purposes will not interfere with use of the buildings, grounds, and equipment for any other purpose of the public school system. Nothing in this section is intended to repeal any provision of, or to restrict or otherwise affect the use of school buildings under Sections 16551 to 16566, inclusive, of this code. Use of school property

16660. Every public authority may appoint, prescribe the duties of, and provide for the compensation and necessary expenses of such recreational directors, supervsiors, custodians, assistants, deputies, and other employees as it deems reasonably necessary for carrying out the provisions and purposes of this chapter (commencing at Section 16651). Only persons employed in positions requiring certification qualifications shall be paid out of funds set aside for the payment of teachers' salaries. Employees

16661. The governing body of a school district may require persons, other than students, or organizations desiring to use the recreational facilities on school grounds or belonging to a school or the facilities provided by the district at a community recreation center maintained solely by the district to pay such fees for such use as the said governing body may prescribe. Fees

16662. The governing body of a school district may require persons or organizations desiring to use school busses belonging to a school to pay such fees for such use as the governing body may prescribe. Use of school busses: Fees

16663. All necessary expenses incurred by the governing body of any school district in carrying out the purposes of this chapter (commencing at Section 16651) are a charge against the funds of the district from whatever source the funds have been received. All such expenditures shall be made in the same manner as funds are expended for other school purposes. Expenses

Nothing in this chapter (commencing at Section 16651) shall be construed to change in any way existing laws regarding the use of school grounds or school buildings by governing boards of school districts, except as specifically provided in this chapter (commencing at Section 16651).

16664. The Department of Education may advise and assist public school authorities, and upon request any public authority other than school districts, in establishing, developing, and maintaining a system or systems of recreation in accordance with this chapter (commencing at Section 16651). Duties of Department of Education

CHAPTER 7. DISTURBING SCHOOLS

16701. Any person who wilfully disturbs any public school or any public school meeting is guilty of a misdemeanor, and Penalty

punishable by a fine of not less than ten dollars ($10) nor more than one hundred dollars ($100).

DIVISION 13. SUPPLEMENTARY SERVICES

CHAPTER 1. TRANSPORTATION

Article 1. Furnishing Transportation

Powers of governing board

16801. The governing board of any school district may provide, with the written approval of the county superintendent of schools, for the transportation of pupils to and from school whenever in the judgment of the board such transportation is advisable and good reasons exist therefor. The governing board may purchase or rent and provide for the upkeep, care, and operation of vehicles, or may contract and pay for the transportation of pupils to and from school by common carrier, or may contract with and pay responsible private parties for the transportation. Such contracts may be made with the parent or guardian of the pupil being transported.

Bids and contracts

16802. In order to procure the service at the lowest possible figure consistent with proper and satisfactory service, the governing board shall, whenever an expenditure of more than one thousand dollars ($1,000) is involved, secure bids pursuant to Sections 15951 and 15952 of this code whenever it be contemplated that a contract may be made with a person or corporation other than a common carrier or a parent or guardian of the pupils to be transported. The governing board may let the contract for the service to other than the lowest bidder. No board shall make any purchase or enter into any contract for the service without securing the written approval of the county superintendent of schools.

Duration of contracts

16803. Continuing contracts for the furnishing of transportation of pupils in school districts to and from school may be made for a period of not to exceed five years.

Payments in lieu of transportation

16804. In lieu of providing in whole or in part for the transportation of a pupil attending the schools of a district, the governing board may pay to the parents or guardian of the pupil a sum not to exceed the cost of actual and necessary travel incurred in transporting such pupils to and from the regular day schools of the district. No payments shall be made pursuant to this section unless it will be more economical to make the payments than to provide for said transportation.

Food and lodging

16805. In lieu of furnishing transportation to pupils attending the schools of a school district, the governing board may pay to the parents or guardian of each pupil the cost of food and lodging of the pupil at a place convenient to the schools. The amount paid on account of each pupil shall not exceed the estimated cost to the district of providing for the

transportation of the pupil to and from his home and the school he attends.

16806. The governing board of any school district may allow pupils entitled to attend the school of the district, but in attendance at a school other than a public school, under the provisions of Section 12154, transportation upon the same terms and in the same manner and over the same routes of travel as is permitted pupils attending the district school. Attendance in other schools

The allowance of this section shall be restricted to actual transportation when furnished by the district to children attending the district school, and nothing in this section shall be construed to authorize or permit in lieu of transportation payments of money to parents or guardians of children attending private schools.

16807. The governing board of any elementary school district may provide for the transportation to and from school of high school pupils who reside in the elementary school district and attend a high school in the same county. High school pupils

Article 2. Use of School Busses

16851. A school bus is defined as a motor vehicle regularly used for the transportation of pupils of the public schools to and from school or to and from school activities and owned either by any school district or by any person, firm, association, partnership, or corporation, excepting motor vehicles of the pleasure car type designed for and when actually carrying not more than seven pupils and the driver, and excepting motor vehicles subject to and meeting all requirements of the Public Utilities Commission operated by carriers operating under the jurisdiction of the Public Utilities Commission, or operated by and under the exclusive jurisdiction of any municipally owned transit system, if said transit system meets all the safety requirements of the Public Utilities Commission, but not used exclusively for the transportation of public school pupils. When any vehicles, other than vehicles of the pleasure car type designed for and when actually carrying not more than seven pupils and the driver, are being used for the transportation of public school pupils the operators shall possess the qualifications required by the regulations for school bus operators. "School bus"

16852. The State Board of Education may adopt reasonable regulations relating to the construction, design, operation, equipment, and color of school busses. No regulation relating to the construction, design, or color of school busses shall apply to busses purchased prior to September 15, 1935. Any school bus repainted after September 15, 1935, shall be painted to conform to all the regulations relating to the color of school busses. The regulations, if approved by the Commissioner of the California Highway Patrol, shall be enforced by the California Highway Patrol. The State Board of Education Regulations

may issue an order prohibiting the operation on public streets, highways and elsewhere of any school bus which does not comply with the regulations. The order shall be enforced by the California Highway Patrol.

School name on bus

16853. Notwithstanding any other provision of law to the contrary, the name or names of the particular school or schools to which a school bus conveys pupils may be painted on the side of such bus, in the manner prescribed by the State Board of Education.

Use of sold bus

16854. When a school bus is sold to a person, firm, association, partnership, or corporation and is used for purposes other than the transportation of pupils pursuant to this article (commencing at Section 16851), it shall be painted a color different than that prescribed by the State Board of Education for school busses before it is operated on any street or highway.

Violation

16855. Any officer, agent, or employee of a school district, or any other person knowingly operating, or permitting or directing the operation of a school bus in violation of any order of the State Board of Education, and any person knowingly operating a school bus without possessing the qualifications required by the regulations of the State Board of Education for school bus operators, is guilty of a misdemeanor.

Violation

16856. Any officer, agent, or employee of a school district, or any other person, knowingly operating, or permitting or directing the operation of a school bus, when it is loaded with school children in excess of the limits of its seating capacity, is guilty of a misdemeanor.

Permitted uses

16857. The governing board of any school district may use school busses to transport pupils attending the schools of the district and teachers or other employees employed by the district to and from school athletic contests or other school activities or to and from fairs or expositions held in the State or in any adjoining state and in which the pupils participate actively or as spectators. The transportation may be provided on any day or days throughout the school year.

Same

16858. The county superintendent of schools of any county may use school busses to transport pupils attending schools or classes operated by the county superintendent pursuant to Sections 8901 to 9004, inclusive, of this code and teachers or other employees employed by the county superintendent of schools, to and from school athletic contests or other school activities, or to and from fairs or expositions held in the State or in any adjoining state and in which the pupils participate actively or as spectators. The transportation may be provided on any day or days throughout the school year.

Same

16859. The governing board of any school district may use school busses within the county or counties in which the school district is located to provide transportation for teachers, volunteer adults who are assisting in the supervision of pupils, and other school personnel in connection with activities of an educational nature.

16860. The county superintendent of schools of any county may use school busses within the county under his jurisdiction to provide transportation for teachers and other employees of the county superintendent of schools in connection with activities of an educational nature. Same

16861. The governing board of any school district may use school busses to transport graduating twelfth grade pupils attending the schools of the district and teachers or other employees employed by the district to and from other states for educational excursions. The transportation may be provided on any day or days throughout the school year. Same

In computing the average daily attendance of a school district, there shall be excluded the attendance of such pupils while being transported on such educational excursions.

Any school district which transports graduating twelfth grade pupils attending the schools of the district, or teachers or other employees of the district to and from other states for educational excursions shall report to the Superintendent of Public Instruction on forms prescribed by him the total mileage of school busses used in connection with such educational excursions. In computing the additional allowance to such school district for transportation there shall be deducted therefrom an amount equal to the depreciation of school busses used for such transportation in accordance with rules and regulations adopted by the Superintendent of Public Instruction.

16862. (a) The governing board of any school district may use school busses to transport persons for purposes of community recreation as provided in Sections 16651 to 16664, inclusive, of this code. The transportation may be provided on any day or days throughout the school year. Community recreation

(b) Any school district which files forms with the Superintendent of Public Instruction covering the annual report of transportation expense in connection with reimbursement for transportation shall show on said forms the total mileage of school busses used in providing transportation for community recreation purposes. The Superintendent of Public Instruction, in accordance with regulations adopted by him, shall deduct from the allowances to a school district for transportation an amount equal to the depreciation of school busses due to their use in transporting persons for community recreation.

16863. During any national emergency declared by the President of the United States of America or during any war in which the United States of America is engaged, the governing board of a school district may operate any bus owned or under lease to the district for the transportation of pupils of the district engaged in the harvesting of crops to and from the places of harvest and shall require the payment of a reasonable charge for transportation furnished. Use in harvesting crops

Article 3. Contracts for Special Transportation

Contracts re special activities

16901. The governing board of any school district may, with the consent of the superintendent of schools of the county in which the district is located, contract for the transportation of pupils attending schools within the district to and from any exposition or fair, school activities, or other activities which the governing board determines to be for the benefit of the pupils, in this State, and may pay for the transportation out of any funds of the district available for the purpose.

Same: County superintendents

16902 The county superintendent of schools of any county may, with the consent of the county board of education, contract for the transportation of pupils attending schools or classes operated by the county superintendent of schools pursuant to Sections 8901 to 9004, inclusive, of this code, to and from any exposition or fair, school activities, or other activities which the county superintendent of schools determines to be for the benefit of the pupils, in this State, and may pay for the transportation out of the county school service fund.

Chapter 4. Transportation Districts

Creation of district

16951. In each county in which a junior college is not established and maintained there is hereby created a student transportation district.

Boundaries

16952. The boundaries of each student transportation district shall be coextensive with the boundaries of the county within which it is situated.

Resolution of need

16953. A student transportation district shall not transact any business or exercise any of its powers under this article (commencing with Section 16951) until or unless the board of supervisors of the county in which it is situated, by proper resolution, declares at any time hereafter that there is need for a student transportation district to function in such county.

Hearing

16954. The board of supervisors at any time on its own motion may hold a public hearing to determine whether or not there is need for a student transportation district to function.

Notice

16955. The board of supervisors shall give notice of the time and place of a public hearing to determine whether or not there is need for a student transportation district to function by publication pursuant to Section 6061 of the Government Code not less than 15 days before, and not more than 45 days before such hearing.

Resolution of need

16956. The board of supervisors may adopt a resolution declaring that there is need for a student transportation district to function if from the evidence received at such a public hearing it finds:

(a) That a junior college is not established and maintained within the county by a junior college district, high school district, or unified school district.

(b) That there are students residing in the county who are enrolled in the thirteenth or fourteenth grade of a state college, who can be transported daily to the state college in which they are enrolled.

Upon the adoption of this resolution the district shall begin to function.

16957. A resolution declaring that there is need for student transportation district to function is sufficient if it finds that there is need for student transportation district to function, and finds in substantially the wording of Section 16956 that both of the enumerated conditions exist. No further detail is necessary. Same

16958. A copy of a resolution declaring that there is need for student transportation district, duly certified by the county clerk, is admissible in evidence in any suit, action or proceeding. Same

16959. Upon the adoption by the board of supervisors of a resolution declaring there is need for a student transportation district to function the student transportation district in that county shall have power: Powers

(a) To have perpetual succession.

(b) To sue and be sued in the name of the district in all actions and proceedings in all courts and tribunals of competent jurisdiction.

(c) To adopt a seal and alter it at its pleasure.

(d) To take by grant, purchase, gift, devise, or lease, hold, use, enjoy, and to lease or dispose of real or personal property of every kind within or without the district necessary to the full exercise of its powers.

(e) To employ such persons as are necessary to carry into effect any powers of the district.

(f) To provide for the transportation of students who are enrolled in the 13th or 14th grade of a state college and who are residing within the district to and from any state college located within the same or an adjoining county and for that purpose may purchase, or rent and provide for the upkeep, care, and operation of vehicles, or may contract and pay for the transportation of students to and from school by common carrier, or may contract with and pay responsible private parties for the transportation.

(g) To cause to be levied and collected taxes upon all the taxable property in the district in the manner and amount provided to meet the obligations of the district, and to defray the expenses incidental to the exercise of the district powers.

16960. The governing body of a student transportation district is a board of directors consisting of five members. Upon the adoption of a resolution by the board of supervisors declaring there is a need for a student transportation district, the board shall appoint five qualified electors residing within the district as members of the board of directors, and shall fix a time and place for the first meeting of the board and shall cause each member to be given written notice at least five days prior to the meeting. Board of directors

16961. A majority of the members constitutes a quorum, and in the absence of a quorum any lesser number may ad- Quorum

journ the meeting from time to time, and place to place, until the organization of the district board has been completed.

Officers

16962. At the first meeting of the district board at which a quorum is present, the members shall appoint a chairman and a vice chairman from among its membership. They shall appoint a secretary, who need not be a member. The secretary shall perform the duties prescribed by the board.

Same

16963. The board shall adopt rules governing the selection, duties, and term of office of its officers.

Compensation

16964. Members shall receive no compensation for their services, but shall be allowed their actual expenses incurred in connection with the discharge of their duties.

Term of office

16965. After the board has organized and selected its officers, the members shall classify themselves into two groups by lot. The larger group shall consist of three members. Each member in the larger group shall hold office for a term of four years, and until his successor is appointed and qualified. Each member in the smaller group shall hold office for a term of two years, and until his successor is appointed and qualified.

Successors

16966. Immediately upon the expiration of the term of any member, the board of supervisors shall appoint a successor to serve for a term of four years after the expiration of the term of his predecessor, and until his successor is appointed and qualified.

Quorum

16967. A majority of the members constitutes a quorum for the transaction of business. A majority vote of all of the members is necessary to take any action.

Rules

16968. The district board may make necessary rules relative to the orderly transaction of its business and the business of the district.

Vacancies

16969. Any vacancy shall be filled by the board of supervisors of the county in which the district is located. The appointee shall hold office only for the balance of the unexpired term.

Ex officio auditor

16970. The county auditor of the county in which the district is situated is ex officio auditor of the district.

Estimate of expenses

16971. The board of directors shall, at least 15 days before the first day of the month in which the board of supervisors of the county in which the district is situated is required by law to levy the amount of taxes required for county purposes, furnish the board of supervisors and county auditor of the county an estimate in writing of the amount of money necessary for the district's purposes during the next ensuing fiscal year. The county tax collector shall collect the district taxes at the same time and in the same manner as the county taxes are collected. All money collected for district purposes shall be paid into the county treasury and paid out on warrants of the county auditor drawn on the county treasurer, upon order of the board of directors.

Tax levy: Authority

16972. The board of supervisors of the county in which the district is situated shall, at the time of levying county taxes,

levy a tax to raise the amount reported to it by the board of directors. The board of supervisors shall determine the rate of the tax by deducting 10 percent for anticipated delinquencies from the total assessed value of the taxable property of the district within the county as it appears on the assessment roll of the county, and then dividing the sum reported to it by the board of directors by the remainder of the total assessed value, but the tax levied shall not exceed five cents ($0.05) on each one hundred dollars ($100) of taxable property of the district in the county.

Collection

16973. All taxes levied under this article (commencing at Section 16951) shall be computed and entered on the county assessment roll by the county auditor and collected at the same time and in the same manner as other county taxes. When collected, the taxes shall be paid into the county treasury for the use of the district.

Withdrawal of funds

16974. The funds shall only be withdrawn from the county treasury depository upon the order of the board of directors signed by its chairman, and countersigned by its secretary. However, if the county in which the district is situated has adopted a requisition system covering the withdrawal of funds for the purchase of services or supplies, the board of directors may, by resolution, adopt such system and make withdrawals in accordance therewith.

Bids

16975. The board of directors shall let any contract involving an expenditure of more than five hundred dollars ($500) for work or services to be performed, or for materials or supplies to be furnished, sold, or leased to the district, to the lowest responsible bidder who shall give such security as the board requires, or else reject all bids. This section applies to all materials and supplies whether patented or otherwise.

Notice

16976. For the purpose of securing bids, the board shall publish in the district a notice calling for bids, stating the work to be done, or materials, supplies, or services to be furnished, and the time when and the place where the bids will be opened. Publication of the notice shall be pursuant to Section 6066 of the Government Code.

Misdemeanor

16977. A member of the board of directors shall not be directly or indirectly interested in any contract awarded by the district, or in the profits to be derived from any contract entered into by the district. Any member who violates this section is guilty of a misdemeanor, and shall forfeit his office.

CHAPTER 2. CAFETERIAS

Article 1. Establishment and Use

"Cafeteria"

17001. The term "cafeteria" as used in this code is considered synonymous with the term "food service."

Establishment

17002. The governing board of any school district may establish cafeterias in the schools under its jurisdiction whenever in its judgment it is advisable to do so.

Sale of food

17003. Food shall not be sold at any cafeteria operated by a school district to anyone except pupils and employees of any school district, members of the governing board thereof, and members or employees of the fund or association maintaining the cafeteria; provided, however, that nothing herein contained shall prohibit the use of the cafeteria facilities by any work or harvest camp maintained by or within the district, and by persons entitled to use the school under the Civic Center Act; and provided further, that the governing board of any school district operating a cafeteria may exempt by formal resolution of the board other individuals and organizations from the operation of this section.

Junior colleges
Use as classrooms, etc.

17004. Whenever the cafeteria in any junior college is used as a laboratory or classroom for the quantity preparation of food, the governing board may make such financial and administrative arrangements as it may see fit to cover the use of the cafeteria as a laboratory or classroom and the disposition or sale of the food prepared.

Purchase of perishable foodstuffs, etc.

17005. Perishable foodstuffs and seasonal commodities needed in the operation of cafeterias may be purchased by the school district in accordance with rules and regulations for such purchase adopted by the governing board of said district notwithstanding any provisions of this code in conflict with such rules and regulations.

Price of food

17006. The food served shall be sold to the patrons of the cafeterias at such a price as will pay the cost of maintaining the cafeterias, exclusive of the costs made a charge against the funds of the school district by this chapter (commencing at Section 17001), and items made a charge against the funds of the school district by resolution of the governing board under authority of this chapter (commencing at Section 17001).

Article 2. Cafeteria Funds and Accounts

"Cafeteria fund"

17051. Money received for the sale of food or for any services performed by the cafeterias may be paid into the county treasury to the credit of the "cafeteria fund" of the particular school district.

Use of fund

17052. The cafeteria fund shall be used only for such expenditures as are necessary for the operation of school cafeterias.

Cafeteria accounts

17053. The governing board of any school district may establish an account for each cafeteria established in a school of the district, or for all cafeterias established in the schools of the district, in one or more banks. The account shall be known as "The Cafeteria Account of (insert name of district) District." If the account is established for one of several cafeterias, it shall be known as "The Cafeteria Account of the (insert name of school) School of (insert name of district) District." All receipts of the cafeteria, or cafeterias, as the case may be, derived from the sale of food shall be deposited in the account and shall be expended only for the maintenance

of the cafeteria, or cafeterias, exclusive of items made a charge against the funds of the school district by this chapter (commencing at Section 17001), and items made a charge against the funds of the school district by resolution of the governing board under authority of this chapter (commencing at Section 17001).

Custody of account

17054. The governing board of the district shall designate an employee or employees of the district to have custody of the account or accounts, who shall be responsible for the payment into the account or accounts of all moneys required to be paid into the account or accounts, and for all expenditures therefrom, subject to such regulations as the governing board prescribes.

Deposit of money

17055. Upon the order of the governing board of any district having a cafeteria fund in the county treasury and establishing an account, or accounts, the county treasurer shall deposit the money in the fund to the account, or accounts, and shall notify the county auditor and county or city and county superintendent of schools of his action. If the money is to be deposited in more than one account, the governing board of the district shall designate the amount to be placed in each account.

Article 3. Allocation of Charges

Charges against school district funds

17101. The cost of housing and equipping cafeterias is a charge against the funds of the school district. The governing board of a school district may by resolution make the cost of maintenance of the physical plant used in connection with cafeterias, the cost of replacement of equipment, and the cost of water, electricity, gas, coal, wood, fuel oil, and garbage disposal a charge against the funds of the school district.

Cafeteria equipment replacement reserve

17102. The governing board of any school district operating school cafeterias may establish and maintain a cafeteria fund reserve for the replacement of wornout or obsolete cafeteria equipment, to be known as the accumulative cafeteria equipment replacement reserve. The funds for this reserve are to be derived from the sales of food in the school cafeterias in an amount to be determined by the governing board and may be accumulated from year to year until expended for this purpose.

Each school district maintaining an accumulative cafeteria equipment replacement reserve may include in the annual cafeteria fund budget of the district an amount to be allocated to said reserve, as determined by the governing board, which amount shall be a charge against the operations of the cafeterias for that year as a depreciation cost for wear and tear on cafeteria equipment. The cost of replacing cafeteria equipment may be charged to the accumulative cafeteria equipment reserve of the cafeteria fund of the district.

Nothing in this section shall prohibit any school district from replacing cafeteria equipment from district funds as provided in Section 17101 of this chapter.

Charges against school district funds

17103. The governing board may provide for the general supervision of the cafeterias and if provided the cost of the said general supervision may be a charge against the funds of the school district. The governing board may by resolution make the salaries of any or all employees of cafeterias a charge against the funds of the school district.

Contributions to retirement systems

17104. Contributions required of the school district as the employer under any retirement system on account of cafeteria employees may be paid out of school district funds.

DIVISION 14. STATE FINANCIAL SUPPORT AND MANAGEMENT

CHAPTER 1. STATE FINANCIAL MANAGEMENT AND CONTROL

Article 1. Moneys Received by School Districts

Prohibition of fees

17151. Notwithstanding anything to the contrary in Section 25205 of the Government Code, no assessor, tax collector, city, city and county, or county treasurer shall charge or receive any fees or compensation for assessing, collecting, receiving, keeping, or disbursing any school moneys, but the whole moneys collected shall be paid to the city, city and county, or county treasurer.

Deposit of money

17152. The governing board of every school district shall pay all moneys received or collected by it from any source and all moneys apportioned to it from taxes levied and collected under the authority of city councils for school purposes, into the county treasury to be placed to the credit of the proper fund of its district. All money collected by the city council or other governing body of any municipality from taxes levied for school purposes when received shall be paid into the county treasury to the credit of the school district for the schools of which the taxes were levied. All deposits and payments required by this section shall be made daily, unless the county superintendent of schools authorizes them to be made weekly or otherwise, but in no event less frequently than monthly.

General Fund deposits

17153. All moneys received by any school district or paid into the county or city and county treasury to the credit of the district from state apportionments, county, district or municipal taxes, other than moneys required to be placed in a special reserve fund, a building fund or bond interest and sinking fund, and moneys authorized to be paid into a cafeteria fund or account, or school farm account, shall be deposited in the general fund of the district, which fund is continued in existence in each county and city and county treasury.

Nothing in this section shall be construed as discontinuing, nor as affecting the disposition of moneys in emergency cash funds, in revolving funds for warehouse stock, in cafeteria

funds or accounts, or school farm account, in special reserve funds, in building funds, or in bond interest and sinking funds created or established under this code.

Article 2. Accounting Regulations, Budget Controls and Audits

Transfers from General Fund

17201. Notwithstanding any other provision of the Education Code, and for the purpose of achieving clarity in the budgeting and reporting of school district expenditures by funds, whenever certain expenses are authorized or required to be paid from the general fund of the school district and the governing board so authorizes, the amount estimated or actually required to meet these expenditures shall be transferred or paid from the general fund to the cafeteria fund, the cafeteria account, or the child care center fund.

Any amount transferred or paid in excess of the amount actually required shall be refunded to the general fund.

The Superintendent of Public Instruction is hereby authorized to adopt rules and regulations governing the method of accounting for said payments and transfers.

Budgetary accounting

17202. Excepting only as provided in Articles 1 and 2 (Sections 17151 to 17208, inclusive), all constitutional and statutory limitations on the purposes for which moneys derived from particular specified sources may be expended, and all statutory provisions relative to the establishment of specified school district funds, shall be administered by county superintendents of schools, or in the discretion of county auditors, by county superintendents of schools and county auditors by means of budgetary accounting and not by the establishment and maintenance in the county or city and county treasury of special school district funds.

Investment of funds

17203. The governing board of any school district which, on or after May 28, 1943, has funds in a special reserve fund of the district or any surplus moneys not required for the immediate necessities of the district, is hereby authorized to invest all or any part of such funds in bonds, notes, bills or certificates issued by the United States of America Any bonds, notes, bills or certificates so purchased may be sold and the proceeds reinvested in similar bonds, notes, bills or certificates of the United States of America or placed in the county treasury for credit to the fund of the district from which purchased. This section shall not be construed as in any way limiting or modifying the application of any other law providing for or authorizing the investment of any funds of a school district. Notwithstanding any other provision of law, interest earned on funds representing the proceeds of bonds of the district shall be deposited and retained in the interest and sinking fund of the district to meet the principal and interest falling due on such bonds.

Bank accounts as clearing accounts

17204. The governing board of any school district may authorize any school district governed by it to deposit in one or more bank accounts as clearing accounts any miscellaneous

receipts, including receipts from the sale of property or materials pursuant to Section 16407 or 16408 of this code, received or collected by the school district, and may provide for the withdrawals from such accounts. All moneys in any such bank account shall be paid into the county treasury within the time periods specified pursuant to Section 17152. Cashiers' checks, certified checks, and money placed in the custody of the school district as security that a bidder will execute or faithfully perform a contract, if awarded to him, may be deposited in any such bank account but shall not be paid into the county treasury to the credit of the school district unless forfeited or unless unclaimed by the bidder for a period of 12 months.

Such bank accounts shall not be subject to the deposit of funds provisions of Article 2, Chapter 4, Part 1, Division 2, Title 5 of the Government Code, except to the extent provided by Section 53679 of the Government Code.

Annual audit

17206. Not later than the first day of June of each fiscal year each county superintendent of schools shall provide for an audit of all funds under his jurisdiction and control and the governing board of each district shall either provide for an audit of the books and accounts of the district or make arrangements with the county superintendent of schools having jurisdiction over the district to provide for such auditing. In the event the governing board of a school district has not provided for an audit of the books and accounts of the district by May 1st, the county superintendent of schools having jurisdiction over the district shall provide for the audit.

Each audit shall include all funds of the district including the student body and cafeteria funds and accounts and any other funds under the control or jurisdiction of the district.

The cost of the audits provided for by the county superintendent of schools shall be paid from the county school service fund and the county superintendent of schools shall transfer the pro rata share of the cost chargeable to each district from district funds.

The cost of the audit provided for by a governing board shall be paid from district funds. The audit of the funds under the jurisdiction and control of the county superintendent of schools shall be paid from the county school service fund.

The audits shall be made by a certified public accountant or a public accountant, licensed by the State Board of Accountancy. Not later than December 31st, a report of each audit for the preceding fiscal year shall be filed with the county clerk and the county superintendent of schools of the county in which the district is located, the Department of Education and the Department of Finance. The Superintendent of Public Instruction shall make any adjustments necessary in future apportionments of state funds, to correct any discrepancies revealed by such audit reports under the provisions of Section 17414 of this code.

If a governing board or county superintendent of schools fails or is unable to make satisfactory arrangements for audit pursuant to this section, the Department of Finance may make arrangements for the audit and the cost of such audit shall be paid from school district funds or the county school service fund as the case may be.

The Department of Finance with the co-operation of the Department of Education shall prescribe the statements and other information to be included in the audit reports filed with the State. The Department of Finance may make such audits, surveys and reports, and may develop suggested procedures for carrying out the purposes of this section, as in the judgment of the department will serve the best interests of the State.

Nothing in this section shall be considered as authorizing examination into or report on the curriculum used or provided for in any school district.

Employees' bonds

17207. The governing board of every school district shall require each employee of the district, whose duty it is to handle funds of the district, and may, in its discretion, require employees of the district, whose duty it is to handle property of the district, to be bonded under a suitable bond indemnifying the district against loss. Such bond may be a name schedule bond, schedule position bond or blanket bond, and shall be in such amount and type as the board shall consider necessary and desirable. The boards shall pay from the funds of the district the cost of the premium necessary to provide the bond.

Excess expenditures

17208. Except as provided in this section, any election held for the purpose of permitting a school district to exceed the expenditure of school district funds fixed by the Constitution or by the statutes of the State shall be called, held, and conducted as nearly as possible as are elections for the issuance of school district bonds.

The notice of election shall contain only the following:

(a) The time and place or places of holding the election.

(b) The names of the officers appointed to conduct the election.

(c) The hours during the day in which the polls will be open.

(d) The amount by which it is proposed to increase the expenditures of the district during the school year.

(e) The total amount of proposed expenditures of the district, including the proposed increase, for the school year.

The ballots used at the election shall contain the following language: "Shall the total authorized expenditures of the district be increased from ____ (naming the sum) to_____ (naming the sum) for the school year ____ (naming the school year)?"

The hours during which the polls at the election are open shall be fixed in accordance with the provisions of Section 951.

Article 3. Miscellaneous Provisions

"County" or "Counties"

17251. "County" or "counties" as used in Sections 10951 to 11653, inclusive, 17151 to 18460.1, inclusive, 18654 to 20251, inclusive, 20501 to 21801, inclusive, and 21803 to 22152, inclusive, whichever are in effect, includes a city and county.

CHAPTER 2. SOURCES OF, MAINTENANCE OF, DISBURSEMENTS FROM THE STATE SCHOOL FUND

Article 1. Appropriations to State School Fund, Sources, Conditions of Appropriation, Amounts of Support per Average Daily Attendance

State School Fund: Transfer from General Fund

17301. The State Controller shall during each fiscal year transfer from the General Fund of the State to the State School Fund such sums, in addition to the sums accruing to the State School Fund from other sources, as shall provide in the State School Fund for apportionment during the fiscal year a total amount not less than one hundred eighty dollars ($180) per pupil in average daily attendance during the preceding fiscal year accredited to all kindergarten, elementary, high school and junior college schools in the State and to county school tuition funds, as certified by the Superintendent of Public Instruction.

He shall also transfer to the State School Fund any additional amounts appropriated thereto by the Legislature in augmentation of any of the amounts prescribed for any of the purposes set forth in Section 17303 and such additional amounts shall be allowed and apportioned by the Superintendent of Public Instruction and warrants therefor drawn by the Controller in the manner provided in Articles 1 and 2 (Sections 17301 to 17354, inclusive, whichever are in effect) of this chapter and in Sections 11256, 11257, and 17251, and Sections 17401 to 17417, inclusive, and Sections 17601 to 18460, inclusive, whichever are in effect. This section shall become effective on July 1, 1959.

Same

17301.1. The State Controller shall during each fiscal year transfer from the General Fund of the State to the State School Fund such sums, in addition to the sums accruing to the State School Fund from other sources, as shall provide in the State School Fund for apportionment during the fiscal year a total amount not less than one hundred ninety-three dollars and thirty-seven cents ($193.37) per pupil in average daily attendance during the preceding fiscal year credited to all kindergarten, elementary, high school and junior college schools in the State and to county school tuition funds, as certified by the Superintendent of Public Instruction.

He shall also transfer to the State School Fund any additional amounts appropriated thereto by the Legislature in augmentation of any of the amounts prescribed for any of the purposes set forth in Section 17303.1, and such additional

amounts shall be allowed and apportioned by the Superintendent of Public Instruction and warrants therefor drawn by the Controller in the manner provided in Articles 1 and 2 (Sections 17301 to 17354, inclusive, whichever are in effect) of this chapter and in Sections 11256, 11257, and 17251, and Sections 17401 to 17417, inclusive, and Sections 17601 to 18460.1, inclusive, whichever are in effect.

This section shall remain in effect until July 1, 1959.

State assent

17302. The assent of the State is given to the provisions in the act of Congress entitled "An act to promote the mining of coal, phosphate, oil, oil shale, gas and sodium on the public domain," and approved by the President, February 25, 1920.

All money derived from bonuses, royalties, and rentals under the act of Congress referred to in this section and apportioned under the act to the State, shall be received by the State Treasurer and by him credited to the State School Fund.

Expenditure of appropriation

17303. The amount appropriated in Section 17301 shall be expended in accordance with the following schedule:

(a) Ninety-four cents ($0.94) multiplied by the total average daily attendance credited to all kindergarten, elementary, high school and junior college schools in the State and to county school tuition funds during the preceding school year for allowance to county school service funds pursuant to subdivision (a) of Section 18352.

(b) For the Fiscal Years 1955-56 through 1958-59 three dollars and fifty-seven cents ($3.57) multiplied by the total average daily attendance credited to all kindergarten, elementary, high school and junior college schools in the State and to county school tuition funds during the preceding school year for allowance to county school service funds pursuant to subdivision (b) of Section 18352.

(c) Three dollars and twenty cents ($3.20) multiplied by the total average daily attendance credited to all kindergarten, elementary, high school and junior college schools in the State and to county school tuition funds during the preceding school year for the purposes of Article 10 (Sections 18051 to 18061, inclusive) of Chapter 3 of this division, except Section 18060.

(d) Forty cents ($0.40) multiplied by the total average daily attendance credited to all kindergarten, elementary, high school and junior college schools in the State and to county school tuition funds during the preceding school year, for the purposes of Section 18060.

(e) Two dollars and twenty-five cents ($2.25) multiplied by the total average daily attendance credited to all kindergarten, elementary, high school and junior college schools in the State and to county school tuition funds during the preceding school year for the purposes of Article 11 (Sections 18101 to 18106, inclusive) of Chapter 3 of this division.

(f) One dollar ($1) multiplied by the total average daily attendance credited to all kindergarten, elementary, high school and junior college schools in the State and to county

school tuition funds during the preceding school year for the purposes of Article 12 (Sections 18151 to 18156, inclusive) of Chapter 3 of this division.

(g) Five cents ($0.05) multiplied by the total daily average attendance credited to all kindergarten, elementary, high school and junior college schools in the State and to county school tuition funds during the preceding school year for the purposes of Article 13 (Sections 18201 to 18206, inclusive) of Chapter 3 of this division.

(h) Twelve dollars ($12) multiplied by the total average daily attendance credited to all kindergarten, elementary, high school and junior college schools in the State and to county school tuition funds during the preceding school year for the purposes of Article 9 (Sections 18001 to 18009, inclusive, whichever are in effect) of Chapter 3 of this division.

(i) One hundred forty-eight dollars and two cents ($148.02) multiplied by the average daily attendance during the preceding fiscal year credited to all kindergarten, and elementary schools in the State and county school tuition funds on account of elementary school pupils, plus the difference between eight dollars and fourteen cents ($8.14) multiplied by the average daily attendance during the preceding fiscal year credited to all kindergarten, elementary, high school, and junior college schools in the State and to county school tuition funds and one dollar and sixty cents ($1.60) multiplied by the average daily attendance during the preceding fiscal year credited to all high schools in the State and county school tuition funds on account of high school pupils, plus forty-three cents ($0.43) multiplied by the total average daily attendance credited to all kindergarten, elementary, high school and junior college schools in the State and to county school tuition funds during the preceding school year for basic and equalization aid to be apportioned on account of average daily attendance during the preceding fiscal year credited to all kindergarten and elementary schools in the State and county school tuition funds on account of elementary school pupils.

(j) One hundred forty-nine dollars and sixty-two cents ($149.62) multiplied by the average daily attendance during the preceding fiscal year credited to all high schools in the State and county school tuition funds on account of high school pupils for basic and equalization aid to be apportioned on account of average daily attendance during the preceding fiscal year credited to all high schools in the State and county school tuition funds on account of high school pupils.

(k) One hundred forty-eight dollars and two cents ($148.02) multiplied by the average daily attendance during the preceding fiscal year credited to all junior college schools in the State for basic and equalization aid to be apportioned on account of average daily attendance during the preceding fiscal year credited to all junior college schools in the State.

This section shall become effective on July 1, 1959.

17303.1. The amount appropriated in Section 17301.1 shall be expended in accordance with the following schedule: Same

(a) Seventeen dollars and seventy-eight cents ($17.78) multiplied by the total average daily attendance credited during the second preceding school year to elementary school districts which during the second preceding school year had less than 901 units of average daily attendance, to high school districts which during the second preceding school year had less than 301 units of average daily attendance, and to unified districts which during the second preceding school year had less than 1,501 units of average daily attendance for allowance to county school service funds pursuant to subdivision (a) of Section 18352.1.

(b) Three dollars ($3) multiplied by the total average daily attendance credited to all kindergarten, elementary, high school and junior college schools in the State and to county school tuition funds during the preceding school year for allowance to county school service funds pursuant to subdivision (b) of Section 18352.1.

(c) Four dollars ($4) multiplied by the total average daily attendance credited to all kindergarten, elementary, high school and junior college schools in the State and to county school tuition funds during the preceding school year for the purposes of Article 10 (Sections 18051 to 18061, inclusive, whichever are in effect) of Chapter 3 of this division, except Section 18060.1.

(d) Five dollars and fifteen cents ($5.15) multiplied by the total average daily attendance credited to all kindergarten, elementary, high school and junior college schools in the State and to county school tuition funds during the preceding school year, for the purposes of Section 18060.1, and Articles 11, 12 and 13 (Sections 18101 to 18106, inclusive, Sections 18151 to 18156, inclusive, and Sections 18201 to 18206, inclusive, whichever are in effect) of Chapter 3 of this division.

(e) Twelve dollars and fifty-two cents ($12.52) multiplied by the total average daily attendance credited to all kindergarten, elementary, high school and junior college schools in the State and to county school tuition funds during the preceding school year for the purposes of Article 9 (Sections 18001 to 18009, inclusive, whichever are in effect) of Chapter 3 of this division.

(f) One hundred sixty-seven dollars and four cents ($167.04) multiplied by the average daily attendance during the preceding fiscal year credited to all kindergarten, elementary, high school and junior college schools in the State and to county school tuition funds during the preceding school year, plus the difference between one dollar and sixty-six cents ($1.66) multiplied by the average daily attendance during the preceding school year credited to all kindergarten, elementary, high school and junior college schools in the State and to county school tuition funds and seventeen dollars and seventy-eight cents ($17.78) multiplied by the total average

daily attendance credited during the second preceding school year to elementary school districts which during the second preceding school year had less than 901 units of average daily attendance, to high school districts which during the second preceding school year had less than 301 units of average daily attendance, and to unified districts which during the second preceding school year had less than 1,501 units of average daily attendance, for basic and equalization aid, and for allowances in lieu of basic and equalization aid allowed pursuant to Sections 18355.1 to 18401.1, inclusive, whichever are in effect, to be apportioned on account of average daily attendance during the preceding school year credited to all kindergarten, elementary, high school and junior college schools in the State and county school tuition funds.

This section shall remain in effect until July 1, 1959.

Report on average daily attendance

17304. The Superintendent of Public Instruction shall report to the Controller, on or before the twenty-fifth day of September of each year, the total average daily attendance during the preceding fiscal year credited to all kindergarten, elementary, high school and junior college schools in the State and to county school tuition funds.

Automobile driver training: Actual cost reimbursement

17305. (a) In addition there shall be provided such sum as the Superintendent of Public Instruction shall certify as necessary to reimburse school districts for the actual cost of instructing pupils in the operation of motor vehicles. The amount shall not exceed thirty-five dollars ($35) per pupil instructed in automobile driver training, in accordance with the rules and regulations as set forth by the State Board of Education. Such amounts as are necessary to carry out the provisions of this section are appropriated from the General Fund and shall be transferred therefrom to the State School Fund by the State Controller each fiscal year.

Limitation

17306. If any amount is appropriated by the Legislature in augmentation of any of the purposes set forth in the schedule in Section 17303, the amounts allowed for such purpose to districts and funds under Sections 11256, 11257, and 17251, Sections 17401 to 17417, inclusive, and Sections 17601 to 18460, inclusive, whichever are in effect, shall not exceed the amount computed under the formula or provisions of Sections 11256, 11257, and 17251, Sections 17401 to 17417, inclusive, and Sections 17601 to 18460, inclusive, whichever are in effect, for such purpose. If the amount in the schedule plus the amount appropriated in augmentation exceeds the total of the amounts so computed for such purpose for all districts and funds, the excess shall be allowed pursuant to Sections 18459 and 18460, as the case may be, for purposes specified in subdivision (a), (b), (c), (d), (e), (f), (g), and (h) of Section 17303, or pursuant to Sections 18452, 18453, and 18454, as the case may be, for the purposes specified in subdivisions (i), (j) and (k) of Section 17303, whichever section or sections are applicable.

This section shall become effective on July 1, 1959.

17306.1. If any amount is appropriated by the Legislature in augmentation of any of the purposes set forth in the schedule in Section 17303.1, the amounts allowed for such purpose to districts and funds under Sections 11256, 11257, and 17251, Sections 17401 to 17417, inclusive, and Sections 17601 to 18460.1, inclusive, whichever are in effect, shall not exceed the amount computed under the formula or provisions of Sections 11256, 11257, and 17251, Sections 17401 to 17417, inclusive, and Sections 17601 to 18460.1, inclusive, whichever are in effect, for such purpose. If the amount in the schedule plus the amount appropriated in augmentation exceeds the total of the amounts so computed for such purpose for all districts and funds, the excess shall be allowed pursuant to Section 18460 1 for purposes specified in subdivisions (a), (b), (c), (d), (e), and (f) of Section 17303.1. Same

This section shall remain in effect until July 1, 1959.

17307. In addition there shall be provided such amount as the Superintendent of Public Instruction shall certify as necessary to provide the allowances to school districts during each fiscal year under the provisions of Sections 18303 to 18307, inclusive. Such amount is hereby appropriated from the Investment Fund in the State Treasury and shall be transferred therefrom to the State School Fund by the State Controller each fiscal year. Appropriation

17308. Within the first month of the 1957-58 Fiscal Year, the State Controller shall transfer to the General Fund (1) from the School Bond Retirement Fund, ten million dollars ($10,000,000) and (2) from the money deposited in the Teachers' Permanent Fund by Section 3 of Chapter 13, Statutes of 1943, Fourth Extra Session, an amount equal to the appropriation from the General Fund to the Retirement Annuity Fund made by Item 425 of the Budget Act of 1957. Transfers to General Fund

Within the first month of the 1958-59 Fiscal Year, the State Controller shall transfer to the General Fund (1) the remaining balance in the School Bond Retirement Fund, and (2) the balance of the amount, together with all increments thereon, deposited in the Teachers' Permanent Fund by Section 3 of Chapter 13, Statutes of 1943, Fourth Extra Session; provided, that no more shall be transferred from the Teachers' Permanent Fund than is appropriated from the General Fund to the Teachers' Permanent Fund and to the Retirement Annuity Fund for the 1958-59 Fiscal Year.

Transfers to effectuate the purposes of this section need not be made in cash but may be made in investments pursuant to Article 5, Chapter 3, Part 2, Division 4, Title 2 (commencing at Section 16485) of the Government Code, except that investments shall be transferred at actual market value as determined by the State Board of Control rather than at "market value" as defined by Section 16486 of the Government Code.

This section shall remain in effect until July 1, 1959.

Article 2. Maintenance of the State School Fund Account; Amount and Manner of Drawing Warrants

Separate account

17351. The Controller shall keep a separate account of the State School Fund, and of the interest and income thereof, together with such money as is raised by special tax or otherwise for school purposes.

Warrants

17352. (a) The Controller shall draw warrants on the State Treasury in favor of the county treasurer of each county in each month of each year in the amounts and manner as herein prescribed as to provide in each warrant a portion of the total amount certified by the Superintendent of Public Instruction as apportioned under the provisions of Sections 11256, 11257, 17251, Sections 17401 to 17417, inclusive, and Sections 17601 to 18460.1, inclusive, whichever are in effect, during the fiscal year from the State School Fund to the school districts under the jurisdiction of the county superintendent of schools of the county, to the county school service fund, and to the county school tuition fund of the county.

(1) Warrants in the months of July, August and September shall be for amounts equal to 8 percent in July, 16 percent in August, and 12 percent in September of the amounts certified under Section 17401 by the Superintendent of Public Instruction and shall constitute an advance upon the amounts payable under Section 17402.

(2) Warrants in the months from October to June, inclusive, shall include, in addition to the amounts required by subdivisions (3), (4), and (5) of this subdivision, one-tenth of the difference between the amounts certified by the Superintendent of Public Instruction as apportioned under Section 17402, subject to the provisions of Section 17403 or 17403.1, whichever is in effect, and the amounts advanced thereon in the warrants for July, August and September. An additional one-tenth of such difference shall be included in the warrants for the month of November or for another month in the fiscal year as the Controller shall determine.

Warrants for the months of December and January, at the discretion of the Controller, may be reduced not to exceed 50 percent and the amount reduced shall be included in the warrants for any later month or months in the fiscal year as the Controller shall determine.

(3) Warrants in December shall include four-tenths of the amounts certified by the Superintendent of Public Instruction as apportioned under Sections 17405 or 17405.1, whichever is in effect, and 17406 and subdivision (a) of Section 17404. An additional one-tenth of such amounts shall be included in the warrants for the months from January to June, inclusive.

(4) Warrants in February shall include the total amounts certified by the Superintendent of Public Instruction as apportioned under subdivision (a) of Section 17407.

(5) Warrants in June shall include the total amounts certified by the Superintendent of Public Instruction as appor-

tioned under subdivision (b) of Section 17407 and Section 17408.

(b) The drawing of the warrants required to be drawn during any one of the months mentioned may be postponed by the Controller for not to exceed 30 days, but the total amounts due the several counties during any fiscal year shall be paid within the fiscal year. The warrants shall be paid by the State Treasurer from the State School Fund and are not subject to the provisions of Government Code Section 16003.

Same

17353. (a) If the Superintendent of Public Instruction does not certify to the Controller, on or before the twenty-fifth day of September, the amounts apportioned by him under Section 17402, the Controller shall draw warrants on the State Treasury in favor of the county treasurer of each county in the month of October, and in each month thereafter until the month following his receipt of such certification, for amounts equal to one-tenth of the amounts certified under Section 17401 by the Superintendent of Public Instruction.

(b) In the month following the receipt of the certification of the amounts apportioned by the Superintendent of Public Instruction under Section 17402, the Controller shall draw warrants on the State Treasury in favor of the county treasurer of each county in an amount equal to the difference between the amount of the warrants which would have been drawn pursuant to Section 17352 had the certification been received by the Controller not later than September 25th and the amount of the warrants drawn pursuant to subdivision (a) of this section.

(c) Warrants drawn under this section shall be drawn on the State School Fund and are not subject to the provisions of Government Code Section 16003.

Disposition of apportionments by county treasurers

17354. All moneys received by the treasurer of any county from the apportionments of the State School Fund shall be immediately credited by the treasurer to the county school service fund, the county school tuition fund, and the general funds of the several school districts of the county exactly as apportioned by the Superintendent of Public Instruction.

Article 3. Requirements and Calendar for Disbursement for State School Fund; Duties of Superintendent of Public Instruction

Average daily attendance certification

17401. The Superintendent of Public Instruction shall on or before July 10th of each year, certify to the Controller the total number of units of average daily attendance that is estimated, on the basis of the report of the district or fund for the second previous fiscal year, and the report of the district for growth during the second period of the previous fiscal year, for each elementary school district, high school district, junior college district, county school service fund, and county school tuition fund, and the amount to be apportioned to each such school district or fund on account of such average daily at-

tendance during the current fiscal year under Sections 17751, 17751.1, 17801, 17801.1, 17851, 17851.1, and Sections 18355 to 18401.1, inclusive, whichever are in effect.

Principal apportionment

17402. The Superintendent of Public Instruction shall on or before September 25th of each year apportion to each elementary school district, high school district, junior college district, county school service fund, and county school tuition fund the total amounts allowed to them under Sections 17401, 17614 and 17615, Sections 17751 to 17906.1, inclusive, Sections 17951 to 17952.1, inclusive, and Sections 18351 to 18458, inclusive, whichever are in effect. This apportionment shall be called the Principal Apportionment.

Withholding of portion

17403. The Superintendent of Public Instruction shall withhold from the apportionment made to each district for which a computation was made under Section 17655 or 17658 as follows:

If the district had fewer teachers than prescribed by the subdivision of Section 17655 or 17658 under which the computation was made, the Superintendent of Public Instruction shall withhold an amount determined as the difference between the amount allowed under Sections 17751, 17614, 17615, and Sections 17901 to 17906, inclusive, whichever are in effect, and the amount that would have been allowed had the computation for the district under Section 17655 or 17658 been made by multiplying the total average daily attendance by two hundred twelve dollars ($212).

This section shall become effective on July 1, 1959.

Same

17403.1. The Superintendent of Public Instruction shall withhold from the apportionment made to each district for which a computation was made under Section 17655.1 or 17658.1 as follows:

If the district had fewer teachers than prescribed by the subdivision of Section 17655.1 or 17658.1 under which the computation was made, the Superintendent of Public Instruction shall withhold an amount determined as the difference between the amount allowed under Sections 17751.1, 17614 and 17615, and Sections 17901 to 17906.1, inclusive, whichever are in effect, and the amount that would have been allowed had the computation for the district under Section 17655.1 or 17658.1 been made by multiplying the total average daily attendance by two hundred eighteen dollars ($218).

This section shall remain in effect until July 1, 1959.

Additional teachers

17404. (a) If by November 10th of any current fiscal year, an additional teacher or teachers are hired for a school in a district from which a withholding was made pursuant to Section 17403 or 17403.1, whichever is in effect, and the school fully meets the requirements of the appropriate subdivision of Section 17655 or 17658, or 17655.1 or 17658.1, whichever are in effect, the Superintendent of Public Instruction shall apportion at the time the apportionment under Section 17405 or 17405.1, whichever is in effect, is made to the district the amount withheld.

(b) In the event that more money is withheld pursuant to Section 17403 or 17403.1, whichever is in effect, than is apportioned pursuant to subdivision (a) of this section, the balance shall be allowed pursuant to Section 18460 or 18460.1, whichever is in effect.

Special purpose apportionment

17405. The Superintendent of Public Instruction shall on or before December 10th of each year apportion to each elementary, high school, and junior college district, and county school service fund the total of amounts allowed to them under Sections 18051 to 18206, inclusive, whichever are in effect, and Section 18459 and subdivision (a) of Section 17404. This apportionment shall be called the special purpose apportionment.

This section shall become effective on July 1, 1959.

Same

17405.1. The Superintendent of Public Instruction shall on or before December 10th of each year apportion to each elementary, high school, and junior college district, and county school service fund the total of amounts allowed to them under Sections 18051 to 18206, inclusive, whichever are in effect, and subdivision (a) of Section 17404. This apportionment shall be called the special purpose apportionment.

This section shall remain in effect until July 1, 1959.

Same

17406. The Superintendent of Public Instruction shall on or before December 10th of each year apportion to each school district the total of amounts allowed to them under Article 14 (Sections 18251 and 18252) of Chapter 3. This apportionment shall be part of the special purpose apportionment.

First and second period growth apportionments

17407. (a) The Superintendent of Public Instruction shall on or before February 20th for the first period of each fiscal year apportion to each elementary, high school, and junior college district the amount allowed to each district under Article 9 (Sections 18001 to 18009, inclusive, whichever are in effect) of Chapter 3. This apportionment shall be called the first period growth apportionment.

(b) He shall on or before June 25th for the second period of each fiscal year apportion to each elementary, high school, and junior college district the amount allowed to each district under Article 9 (Sections 18001 to 18009, inclusive, whichever are in effect) of Chapter 3. This apportionment shall be called the second period growth apportionment.

Final apportionment

17408. The Superintendent of Public Instruction shall on or before June 25th of each year apportion to each school district or fund the total of the amounts allowed to the district or fund under Section 18460 or 18460.1, whichever is in effect. This apportionment shall be called the final apportionment.

Apportionments to county school service funds

17409. The Superintendent of Public Instruction shall apportion at such times as needed the amounts allowed pursuant to Section 18353.

Withholding portion High school districts

17410. (a) The Superintendent of Public Instruction shall withhold from the apportionment to each high school district all amounts allowed such high school district by reason of the operation of subdivision (b) of Section 17601 for the average

daily attendance of grades 11 and 12 maintained in the district by a junior college district, determined to be an amount which shall bear the same ratio to the total amount computed for the high school district on account of the average daily attendance in grades 9 to 12, inclusive, as the average daily attendance in grades 11 and 12 maintained by the junior college district bears to the whole of the average daily attendance in grades 9 to 12, inclusive, maintained in the high school district, and shall add the amounts so withheld to the apportionment required to be made to the junior college district.

(b) The Superintendent of Public Instruction shall apportion to each high school district the amount computed for the high school district as a junior college district pursuant to subdivision (d) of Section 17601.

Same
Elementary school districts

17411. The Superintendent of Public Instruction shall withhold from the apportionment to an elementary school district the amount allowed the elementary school district for the average daily attendance in grades 7 and 8 in a junior high school by reason of the operation of subdivision (a) of Section 17601. The amount withheld shall be the larger of the following amounts:

(a) One hundred twenty dollars ($120) per unit of average daily attendance in grades 7 and 8 of the junior high school.

(b) An amount determined by the following process:

(1) Divide the district aid computed under Section 17702 or the amount which would have resulted had the tax used for such computation been eighty cents ($0.80), whichever amount was used in computing equalization aid apportioned to the district, by the units of average daily attendance in kindergarten and grades 1 through 8;

(2) Subtract the quotient resulting from the computation in subparagraph (1) from the amount allowed per unit of average daily attendance as a foundation program for units of average daily attendance in grades 7 and 8 in the district;

(3) Multiply the result obtained in subparagraph (2) by the units of average daily attendance in grades 7 and 8 in a junior high school.

The Superintendent of Public Instruction shall add the amount withheld to the apportionment required to be made to the high school district maintaining the junior high school.

This section shall become effective on July 1, 1959.

Same

17411.1. The Superintendent of Public Instruction shall withhold from the apportionment to an elementary school district the amount allowed the elementary school district for the average daily attendance in grades 7 and 8 in a junior high school by reason of the operation of subdivision (a) of Section 17601. The amount withheld shall be the larger of the following amounts:

(a) One hundred twenty-five dollars ($125) per unit of average daily attendance in grades 7 and 8 of the junior high school.

(b) An amount determined by the following process:

(1) Divide the district aid computed under Section 17702.1 or the amount which would have resulted had the tax used for such computation been one dollar and thirty-five cents ($1.35), whichever amount was used in computing equalization aid apportioned to the district, by the units of average daily attendance in kindergarten and grades 1 through 8;

(2) Subtract the quotient resulting from the computation in subparagraph (1) from the amount allowed per unit of average daily attendance as a foundation program for units of average daily attendance in grades 7 and 8 in the district;

(3) Multiply the result obtained in subparagraph (2) by the units of average daily attendance in grades 7 and 8 in a junior high school.

The Superintendent of Public Instruction shall add the amount withheld to the apportionment required to be made to the high school district maintaining the junior high school.

This section shall remain in effect until July 1, 1959.

Certification of apportionments

17412. The Superintendent of Public Instruction shall certify each apportionment made by him under Sections 17402 to 17413, inclusive, whichever are in effect, to the State Controller.

Abstract of apportionments

17413. The Superintendent of Public Instruction shall furnish an abstract of each apportionment of the State School Fund to the State Controller, the Department of Finance and to the county and city and county auditors, county and city and county treasurers, and to the county superintendents of schools of the several counties of the State.

Adjusting apportionments

17414. If during any fiscal year there is apportioned to a school district or to any fund from the State School Fund at least one hundred dollars ($100) more or at least one hundred dollars ($100) less than the amount to which the district or fund was entitled, the Superintendent of Public Instruction, in accordance with regulations that he is herewith authorized to adopt not later than the third succeeding fiscal year shall withhold from, or add to, the apportionment made during such fiscal year, the amount of such excess or deficiency, as the case may be. Notwithstanding, any other provision of this code to the contrary, excesses withheld or deficiencies added by the Superintendent of Public Instruction under this section or Section 17602 shall be added to or allowed from any portion of the State School Fund except that portion reserved as allowances for Basic State Aid.

Judgments requiring apportionments

17415. When any judgment has been rendered which requires the apportionment from the State School Fund to any school district, to any other agency, or to any fund for any fiscal year of more than the amount actually apportioned thereto during such fiscal year, the difference shall be apportioned to the district, agency, or fund by the Superintendent of Public Instruction from the State School Fund during the fiscal year following that in which the judgment becomes final before any other apportionment from the State School Fund is made.

Upon the becoming final of any judgment which requires the apportionment from the State School Fund to any school district, to any other agency, or to any fund for any fiscal year of less than the amount actually apportioned thereto during any fiscal year, the difference shall be deducted from the apportionment made to such district, agency, or fund by the Superintendent of Public Instruction from the State School Fund during the fiscal year following that in which the judgment becomes final.

Effect of tax refunds

17416. Notwithstanding any provision of law to the contrary, whenever in any fiscal year, pursuant to Chapter 5, Part 9, Division 1 of the Revenue and Taxation Code, a refund is made or a judgment rendered, as the case may be, for the return of an amount collected as school district taxes levied during a previous year upon secured or unsecured personal property, because it was determined that such property was exempt from taxation, and such property so determined to be exempt equals 1 percent, or more, of the assessed valuation in the school district upon which school district taxes for such previous year were levied, the Superintendent of Public Instruction shall add to the apportionment from the State School Fund to the district during the fiscal year or years, as determined by him, next succeeding that in which such refund was made or judgment rendered, the additional amount to which the district would have been entitled in the fiscal year next succeeding that for which such taxes were levied had the assessment roll upon which such district taxes were levied not included an amount of assessed valuation equal to the amount of assessed valuation of the property so determined to be exempt.

Any such additional amount shall be apportioned from the State School Fund before any other apportionment from such fund is made and shall be allowed from any portion of such fund except that portion reserved as allowances for basic state aid.

Average daily attendance Additional apportionment

17417. Notwithstanding any provisions of law to the contrary, wherever the attendance of pupils is not included in the computation of the average daily attendance of a school district for any fiscal year because the certification document of the person employed by the district to instruct such pupils was not in force during the period of such attendance, the governing board of the district may, upon payment of the salary of such person pursuant to Section 13515, or similar provisions of law, report such attendance to the Superintendent of Public Instruction during the fiscal year in which such salary is paid. Such report shall be made in such form as shall be prescribed and furnished by the Superintendent of Public Instruction. Thereafter the Superintendent of Public Instruction shall add to the apportionment from the State School Fund to the district during the next succeeding fiscal year or years, as determined by him but not exceeding three, the additional amount to which the district would have been entitled

in the fiscal year next succeeding that in which such attendance was not included in the computation of the average daily attendance of the district if such amount is at least one hundred dollars ($100) or more.

Any such additional amount shall be apportioned from the State School Fund before any other apportionment from such fund is made and shall be allowed from any portion of such fund except that portion reserved as allowances for basic state aid.

Article 4. Requirements for Disbursement From State School Fund for Newly Formed Junior Colleges

Application

17451. Whenever any junior college district is formed which includes a high school district maintaining a separate day junior college, the governing board of the junior college district may apply to the Superintendent of Public Instruction for an apportionment pursuant to this article (commencing at Section 17451).

Same

17452. The application shall be made in the form and manner prescribed by the Superintendent of Public Instruction not later than the effective date of the formation of the junior college district for all purposes. Each application shall include an estimate of the average daily attendance of pupils in the regular day junior college of the high school district during the fiscal year immediately preceding the effective date of the inclusion of such high school district in the newly formed junior college district signed by the county superintendent of schools having jurisdiction over the junior college district. Such estimate shall be based upon enrollment in the regular day junior college of the high school district included in such junior college district during the current fiscal year and shall be subject to the approval of the Superintendent of Public Instruction.

Apportionment

17453. Not later than 30 days after such application, the Superintendent of Public Instruction shall apportion to each applicant school district from the State General Fund, as an advance against future apportionments from the State School Fund to such district, an amount equal to one-half of the basic state aid to which the district is entitled during the first fiscal year of the existence of such district, based upon the estimated average daily attendance of pupils in the regular day junior college of the high school district during the fiscal year immediately preceding the effective date of the inclusion of such high school district in the newly formed junior college district for all purposes.

Abstract certification, etc.

17454. The Superintendent of Public Instruction shall furnish an abstract of all apportionments made to junior college districts of any county under this article (commencing at Section 17451) to the State Controller, the Department of Finance and to the county auditor, county treasurer and county superintendent of schools of the county and shall cer-

tify such apportionments to the State Controller who shall thereupon draw his warrants on the State General Fund in favor of the county treasurer of each county for the amounts apportioned to the junior college districts of the county.

Crediting of moneys received

17455. All moneys received by the treasurer of a county under this article (commencing at Section 17451) shall be credited by the treasurer to the general fund of the junior college district of the county exactly as apportioned by the Superintendent of Public Instruction.

State School Fund deductions

17456. During each of the two successive fiscal years commencing with the first fiscal year of the existence of a newly formed junior college district for all purposes the State Controller shall deduct from apportionments made to each such district from the State School Fund under Sections 10951 to 11653, inclusive, Sections 17151 to 18460.1, inclusive, Sections 18654 to 20251, inclusive, Sections 20501 to 21801, inclusive, and Sections 21803 to 22152, inclusive, whichever are in effect, one-half of the amount apportioned to such district under this article (commencing at Section 17451) and shall pay the same into the State General Fund.

Article 5. General Conditions for use of Apportionments from State School Fund by School Districts

Limitation

17501. The governing board of each school district shall, except as may otherwise be specifically provided by law, use all money apportioned to the district from the State School Fund during any fiscal year exclusively for the support of the school or schools of the district for that year.

Unexpended balance

17502. If at the end of any fiscal year during which the schools of a school district have been maintained for the period required or permitted by law, there is standing to the credit of the district an unexpended balance of money received from the State School Fund, it may be expended for the payment of claims against the district outstanding, or it may be expended during the succeeding fiscal year.

Use of apportioned money

17503. During any fiscal year there shall be expended for the payment of salaries of persons employed by the district in positions requiring certification qualifications or for the payment of tuition by the district to another district the following amounts:

(a) Not less than 65 percent of the foundation program for elementary school attendance in elementary districts with an average daily attendance during the preceding year of less than 101, exclusive of pupils attending the seventh and eighth grades of a junior high school, as such foundation program is actually computed for apportionments in the same fiscal year pursuant to Article 2 (Sections 17651 to 17667, inclusive) of Chapter 3, whichever are in effect, of this division, or pursuant to Section 17901, if the foundation program for such district is computed pursuant to Section 17901, whichever is the case for the particular district.

(b) Not less than 65 percent of the foundation program for elementary school attendance of an elementary district with an average daily attendance during the preceding year of 101 or more, exclusive of the average daily attendance of pupils attending the seventh and eighth grades of a junior high school, as such foundation program would be computed for apportionments in the same fiscal year pursuant to Article 2 (Sections 17651 to 17667, inclusive, whichever are in effect) of Chapter 3, or as it would be computed pursuant to Section 17901 for apportionments in the same fiscal year, whichever is the larger amount.

(c) Not less than 65 percent of the foundation program for high school attendance in high school districts with an average daily attendance during the preceding year of less than 281, as such foundation program is actually computed for apportionments in the same fiscal year pursuant to Article 2 (Sections 17651 to 17667, inclusive, whichever are in effect) of Chapter 3, or pursuant to Section 17903, if the foundation program for such district is computed pursuant to Section 17903, whichever is the case for the particular district.

(d) Not less than 65 percent of the foundation program for high school attendance in a high school district which had an average daily attendance during the preceding year of 281 or more, which would be computed for apportionments in the same fiscal year pursuant to Article 2 (Sections 17651 to 17667, inclusive, whichever are in effect) of Chapter 3, or which would be computed for apportionments in the same fiscal year pursuant to Section 17903, whichever is the larger amount.

(e) Not less than 65 percent of the foundation program computed for apportionments in the same fiscal year for junior college attendance.

(f) In addition to the above amounts, as determined for each district, not less than 65 percent of the apportionments for growth computed for the district during the preceding fiscal year.

The terms "elementary district," "high school district," "elementary school attendance," "high school attendance," and "junior college attendance," as used in this section, have the same meanings as if used in Sections 11256, 11257 and 17251, Sections 17401 to 17417, inclusive, and Sections 17601 to 18460, inclusive, whichever are in effect.

In the event it appears to the governing board of a school district that the application of the preceding paragraphs of this section during a fiscal year would result in serious hardship to the district, or in the payment of salaries to persons employed by the district in positions requiring certification qualifications substantially in excess of the salaries paid persons employed in positions requiring certification qualifications by other districts of comparable type and functioning under comparable conditions, the board may, with the written approval of the county superintendent of schools having

jurisdiction over the district, apply to the Superintendent of Public Instruction in writing not later than July 15th of the succeeding fiscal year for exemption from the requirements of the preceding paragraphs of this section for the fiscal year on account of which the application is made. Upon receipt of such application, duly approved, the Superintendent of Public Instruction may grant the district exemption, to the extent deemed necessary by him, from such requirements for the fiscal year on account of which the application is made.

If any portion of the money is not expended as required by this section and is not exempted by the Superintendent of Public Instruction, the county superintendent of schools having jurisdiction over the district shall add such portion to the amount required to be expended for salaries or tuition for the next succeeding fiscal year or he may transfer 80 percent of such amount to the county school service fund pursuant to Section 20104.

This section shall become effective on July 1, 1959.

Same

17503.1. During any fiscal year there shall be expended for the payment of salaries of persons employed by the district in positions requiring certification qualifications or for the payment of tuition by the district to another district the following amounts:

(a) Not less than 65 percent of the foundation program for elementary school attendance in elementary districts with an average daily attendance during the preceding year of less than 101, exclusive of pupils attending the seventh and eighth grades of a junior high school, as such foundation program is actually computed for apportionments in the same fiscal year pursuant to Article 2 (Sections 17651 to 17667, inclusive, whichever are in effect) of Chapter 3 of this division, or pursuant to Section 17901.1, if the foundation program for such district is computed pursuant to Section 17901.1, whichever is the case for the particular district, or 65 percent of the total state basic and equalization aid plus the amount which would be raised by the levy of the maximum tax rate prescribed for the district by Section 20751 on each one hundred dollars ($100) of assessed valuation of the district during the current fiscal year, reduced by the amount chargeable to the district for tuition for interdistrict attendance, pursuant to Section 5659, if such amount is less than the amount computed on the basis of the foundation program.

(b) Not less than 65 percent of the foundation program for elementary school attendance of an elementary district with an average daily attendance during the preceding year of 101 or more, exclusive of the average daily attendance of pupils attending the seventh and eighth grades of a junior high school, as such foundation program would be computed for apportionments in the same fiscal year pursuant to Article 2 (Sections 17651 to 17667, inclusive, whichever are in effect) of Chapter 3, or as it would be computed pursuant to Section 17901.1 for apportionments in the same fiscal year, whichever

is the larger amount; but if an amount computed by determining 65 percent of the total basic and equalization aid plus the amount which would be raised by the levy of the maximum tax rate prescribed for the district by Section 20751 on each one hundred dollars ($100) of assessed valuation of the district during the current fiscal year, reduced by the amount chargeable to the district for tuition for interdistrict attendance, pursuant to Section 5659, is less than the larger of the two amounts computed on the basis of the foundation program, such amount shall be used in lieu of the amount computed on the basis of the foundation program.

(c) Not less than 65 percent of the foundation program for high school attendance in high school districts with an average daily attendance during the preceding year of less than 267, as such foundation program is actually computed for apportionments in the same fiscal year pursuant to Article 2 (Sections 17651 to 17667, inclusive, whichever are in effect) of Chapter 3 of this division, or pursuant to Section 17903.1, if the foundation program for such district is computed pursuant to Section 17903.1, whichever is the case for the particular district, or 65 percent of the total state basic and equalization aid plus the amount which would be raised by the levy of the maximum tax rate prescribed for the district by Section 20751 on each one hundred dollars ($100) of assessed valuation of the district during the current fiscal year, increased by amounts received as tuition payments for interdistrict attendance, if such amount is less than the amount computed on the basis of the foundation program.

(d) Not less than 65 percent of the foundation program for high school attendance in a high school district which had an average daily attendance during the preceding year of 267 or more, which would be computed for apportionments in the same fiscal year pursuant to Article 2 (Sections 17651 to 17667, inclusive, whichever are in effect) of Chapter 3 of this division, or which would be computed for apportionments in the same fiscal year pursuant to Section 17903 1, whichever is the larger amount; but if an amount computed by determining 65 percent of the total basic and equalization aid plus the amount which would be raised by the levy of the maximum tax rate prescribed for the district by Section 20751 on each one hundred dollars ($100) of assessed valuation of the district during the current fiscal year, increased by amounts received as tuition payments for interdistrict attendance, is less than the larger of the two amounts computed on the basis of the foundation program, such amount shall be used in lieu of the amount computed on the basis of the foundation program.

(e) Not less than 65 percent of the foundation program computed for apportionments in the same fiscal year for junior college attendance, or 65 percent of the total state basic and equalization aid plus the amount which would be raised by the levy of the maximum tax rate prescribed for the district by Section 20751 on each one hundred dollars ($100) of assessed

valuation of the district during the current fiscal year, increased by amounts received as tuition payments for interdistrict attendance and reduced by amounts of interdistrict attendance payments chargeable to it, if such amount is less than the amount computed on the basis of the foundation program.

(f) In addition to the above amounts, as determined for each district, not less than 65 percent of the apportionments for growth computed for the district during the preceding fiscal year, and not less than 65 percent of the apportionments computed pursuant to Sections 17951.1 and 17411.1 during the same fiscal year.

The terms "elementary district," "high school district" and "elementary school attendance," "high school attendance," and "junior college attendance," as used in this section, have the same meanings as if used in Sections 11256, 11257, and 17251, Sections 17401 to 17417, inclusive, and Sections 17601 to 18460.1, inclusive, whichever are in effect.

In the event it appears to the governing board of a school district that the application of the preceding paragraphs of this section during a fiscal year would result in serious hardship to the district, or in the payment of salaries to persons employed by the district in positions requiring certification qualifications substantially in excess of the salaries paid persons employed in positions requiring certification qualifications by other districts of comparable type and functioning under comparable conditions, the board may, with the written approval of the county superintendent of schools having jurisdiction over the district apply to the Superintendent of Public Instruction in writing not later than July 15th of the succeeding fiscal year for exemption from the requirements of the preceding paragraphs of this section for the fiscal year on account of which the application is made. Upon receipt of such application, duly approved, the Superintendent of Public Instruction may grant the district exemption, to the extent deemed necessary by him, from such requirements for the fiscal year on account of which the application is made.

If any portion of the money is not expended as required by this section and is not exempted by the Superintendent of Public Instruction, the county superintendent of schools having jurisdiction over the district shall add such portion to the amount required to be expended for salaries or tuition for the next succeeding fiscal year or he may transfer 80 percent of such amount to the county school service fund pursuant to Section 20104.

This section shall remain in effect until July 1, 1959.

Article 6. General Conditions Disqualifying School Districts from an Apportionment of State School Fund

Required school term

17551. No school district, other than one newly formed, shall, except as otherwise provided in this article (commencing

with Section 17551), receive any apportionment from the State School Fund unless it has maintained the regular day schools of the district for at least 175 days during the next preceding fiscal year.

Newly formed district

17552. A school district is a newly formed district up to the close of the fiscal year in which its formation became effective for all purposes.

District unable to maintain schools for prescribed time

17553. A district which is prevented from maintaining its schools during a fiscal year for at least 175 days because of fire, flood, or epidemic, or because of any order of any military officer of the United States or of the State to meet an emergency created by war, or of any civil officer of the United States, of the State, or of any county, city and county, or city authorized to issue such order to meet an emergency created by war, or because of other extraordinary conditions, or because of inability to secure or hold a teacher, or because of the illness of the teacher, which fact shall be shown to the satisfaction of the Superintendent of Public Instruction by the affidavits of the members of the governing board of the school district and of the county superintendent of schools, shall receive the same apportionment from the State School Fund as it would have received had it not been so prevented from maintaining school for at least 175 days.

24-hour elementary school

17554. No money shall be apportioned to a district for the excess cost of educating pupils in a 24-hour elementary school of the district unless such school has met the requirements of the Superintendent of Public Instruction based upon educational standards and standards established by state agencies authorized by law to inspect or supervise child-caring institutions.

Junior colleges

17555. No junior college district or high school district shall receive any apportionment from the State School Fund on account of any junior college which has failed for three consecutive years to comply with the standards prescribed by the State Board of Education for accredited junior colleges

Chapter 3. Computations of Allowances and Apportionments from State School Fund

Article 1. General Provisions Concerning Computations of Allowances and Apportionments from State School Fund

Application and definitions

17601. For the purposes of Sections 17401 to 17413, inclusive, Sections 17614 and 17615, Sections 17651 to 17667, inclusive, Sections 17702 to 17906.1, inclusive, and Sections 18451 to 18460.1, inclusive, whichever are in effect:

(a) Each elementary school district shall be deemed to comprise the kindergartens and grades 1 to 8, inclusive, maintained by the district, and the seventh and eighth grades of the district not maintained by the district because of the attendance upon a junior high school of pupils who would otherwise

attend upon seventh and eighth grades maintaind by the district.

(b) Each high school district shall be deemed to comprise all of grades 9 to 12, inclusive, maintained within the high school district whether maintained by a high school district or by a junior college district.

(c) Each junior college district shall be deemed to comprise the 13th and 14th grades maintained by the district.

(d) Each high school district maintaining grades 13 and 14 shall be deemed to be a junior college district comprising grades 13 and 14.

(e) Each unified school district shall be deemed to be an elementary school district comprising the kindergartens and grades 1 to 8, inclusive, maintained by the district and the seventh and eighth grades of the district not maintained by the district in elementary schools because of the attendance upon a junior high school of pupils who would otherwise attend the seventh and eighth grades maintained in elementary schools by the district, and a high school district comprising all of grades 9 to 12, inclusive, and a junior college district comprising the 13th and 14th grades maintained by the district.

Substitute for assessed valuation

17602. Whenever in any section of Sections 11256, 11257 and 17251, Sections 17401 to 17417, and Sections 17601 to 18460.1, whichever are in effect, any computation is required to be made which is based in whole or in part on the assessed valuation of a school district as shown by the equalized assessment roll of the district for the preceding year or preceding fiscal year, there shall be substituted for such assessed valuation, as to such computation, a sum determined by adding to such assessed valuation an amount which would, if the current tax rate, as defined in Section 17604, of such district were levied on such added amount, produce or will produce 40 percent of the equivalent of all federal funds as federal funds are defined in Section 17605 and 75 percent of the equivalent of all miscellaneous funds as miscellaneous funds are defined in Section 17606, received or to be received by such district for the fiscal year for which such added amount was determined.

Should the amount of federal funds as defined in Section 17605 actually received by a school district for any fiscal year be more or less than that reported for such district by the United States Commissioner of Education to the Superintendent of Public Instruction, the Superintendent of Public Instruction shall during the fiscal year next succeeding that in which the district has received all of the federal funds actually paid the district for the first mentioned fiscal year withhold from or add to the apportionment made to the district from the State School Fund the amount of the excess or deficiency, as the case may be, in the apportionment of State Equalization Aid from the State School Fund for the preceding year, if the amount of the excess or deficiency in such apportionment was one hundred dollars ($100) or more.

Reduced assessed valuation: Storms and floods

17603. When the total assessed valuation in any school district for the 1956-57 Fiscal Year is at least 2 percent less than the total assessed valuation in the district for the 1955-56 Fiscal Year, as shown by the equalized assessment roll for such year, and such reduction in assessed valuation is the result of property damage caused by the storms and floods occurring in December, 1955, and January, 1956, the county assessor of the county in which such district is situated shall, on or before August 1, 1956, transmit to the Superintendent of Public Instruction the written notice prescribed by this section. The notice shall set forth the amount of assessed valuation in each such district in the county for the 1956-57 Fiscal Year, and shall include a certification that the assessed valuation in each such district for such fiscal year is at least 2 percent less than the assessed valuation in each such district as shown by the equalized assessment roll for the 1955-56 Fiscal Year and that the reduction is the result of property damage caused by storms and floods occurring in December, 1955, and January, 1956. When this section is applied to joint districts, the term "district," as used in this paragraph, means that portion of a joint district lying in the county of which the county assessor is an officer, and, as used in this paragraph, the term "total assessed valuation in the district" or "assessed valuation in the district" means the assessed valuation lying in the portion of the joint district situated in the county of which the county assessor is an officer.

Whenever during the Fiscal Year 1956-57 any computation is required by Sections 11256, 11257, 17251, Sections 17401 to 17417, inclusive, and Sections 17601 to 18460.1, inclusive, whichever are in effect, which is based in whole or in part on the assessed valuation of a school district as shown by the equalized assessment roll for the preceding year or preceding fiscal year, there shall be used, for such computations made for any school district included in the county assessor's notice, the amount of the assessed valuation of the district for the 1956-57 Fiscal Year as set forth in the notice plus an amount equal to 2 percent of the assessed valuation of the district as shown by the equalized assessment roll for the 1955-56 Fiscal Year. If the district included in the notice is a joint district, there shall be used for such computations made for such joint district the total of the following amounts: For any portion of the district for which the notice has not been given, the amount of the assessed valuation lying in such portion of the district as shown by the equalized assessment roll for the 1955-56 Fiscal Year of the county in which such portion is situated, and for any portion for which the notice has been given, the amount of the assessed valuation lying in such portion of the district for the 1956-57 Fiscal Year as set forth in the notice given by the county assessor of the county in which such portion is situated plus an amount equal to 2 percent of the assessed valuation of such portion of the district as shown by

the equalized assessment roll for the 1955-56 Fiscal Year for the county in which such portion is situated.

If the equalized assessment roll of the county for the 1956-57 Fiscal Year is completed by August 1, 1956, the assessed valuation of a district, or a portion of a joint district, for the 1956-57 Fiscal Year as set forth in the notice of the county assessor, shall be the assessed valuation of the district, or portion of a joint district, as shown on such equalized assessment roll. If such roll is not completed by August 1, 1956, the county assessor shall estimate the amount of assessed valuation in the district, or portion of a joint district, for the 1956-57 Fiscal Year and set forth such estimated amount in his notice, and such estimated amount shall be used as the assessed valuation for the district, or portion of a joint district. If the estimated amount of assessed valuation is more or less than that shown by the completed equalized assessment roll for the 1956-57 Fiscal Year, correction in apportionments to the district shall be made pursuant to Section 17414 of this code.

"Current tax rate"

17604. "Current tax rate" as used in Section 17602 shall mean the total of the rates of school district taxes levied for any school district and rates of municipal taxes levied for school purposes of such district in the fiscal year for which such added amount of assessed valuation is determined on each one hundred dollars ($100) of assessed valuation within the district or municipality, as the case may be, other than rates of tax levied under Sections 1615, 3356, 16633, 19443, 19619, 20801, and 22101.

"Federal funds"

17605. "Federal funds" as used in Section 17602 means: The amount the United States Commissioner of Education has determined and reported to the Superintendent of Public Instruction that the district has received or will receive for a fiscal year under Section 3, exclusive of increases in local contribution rates made because of unusual geographic factors, and under subsection (c) of Section 5, of the act of Congress entitled "An act to provide financial assistance for local educational agencies in areas affected by federal activities, and for other purposes," approved September 30, 1950 (Public Law 874—Eighty-first Congress), or under any similar provisions of any other act of Congress.

"Miscellaneous funds"

17606. "Miscellaneous funds" as used in Section 17602 means for the Fiscal Year 1952-53 and for each subsequent fiscal year the amount the county superintendent of schools has determined and reported to the Superintendent of Public Instruction in accordance with regulations the Superintendent of Public Instruction is hereby authorized to adopt that the district has received and which has been deposited to the credit of the general fund of the district for a fiscal year on account of in-lieu taxes or income from bonuses, royalties, rentals or any other income from district property or property within the district or State not being assessed for tax purposes and not being used for school purposes. Federal Forest Reserve funds

received by a district shall not be considered miscellaneous funds as defined by this section.

17607. If any computation made under, or necessitated by, Sections 11252, 11257, and 17251, Sections 17401 to 17417, inclusive, and Sections 17601 to 18460.1, whichever are in effect, including computations of the total amounts allowed under Article 8 (Sections 17951 and 17952.1, inclusive, whichever are in effect) and Article 9 (Sections 18001 to 18009, inclusive, whichever are in effect) but excluding other computations under those articles, results in an amount which is: Computations

(a) Less than one dollar ($1), the amount shall be counted as one dollar ($1).

(b) More than one dollar ($1) and includes a fraction of one-half dollar ($0.50) or more, the fraction shall be counted as one dollar ($1).

(c) More than one dollar ($1) and includes a fraction of less than one-half dollar ($0.50), the fraction shall not be counted.

17608. The term "elementary school district" as used in Sections 11256, 11257, and 17251, Sections 17401 to 17417, inclusive, and Sections 17601 to 18460.1, inclusive, whichever are in effect, means, unless expressly provided otherwise, each elementary school district which is composed of a single elementary school district and each union elementary school district, joint union elementary school district, or unified school district; and does not include any elementary school district included within a union elementary school district or a joint union elementary school district or a unified school district. "Elementary school district"

17609. For the purposes of Sections 10951 to 11653, inclusive, Section 17251, Sections 17401 to 17417, inclusive, and Sections 17501 to 18460.1, inclusive, whichever are in effect, each elementary school district as defined by Section 17608, high school district and junior college district merged or otherwise included within a unified school district shall be deemed a separate and independent district, but all apportionments from the State School Fund on account of any district merged or otherwise included within a unified school district shall be made to the unified school district and shall be available for expenditure by the unified school district for all schools and classes of the district. Merged districts

17610. For the purposes of Sections 10951 to 11653, inclusive, Sections 17151 to 18460.1, inclusive, Sections 18654 to 20251, inclusive, Sections 20501 to 21801, inclusive, and Sections 21803 to 22152, inclusive, whichever are in effect, whenever computations of apportionments based on average daily attendance are made for high school districts only the attendance in all classes of grades 9 to 12, inclusive, and in all types of ungraded classes, including classes for adults, which have been reported as attached to, or as a part of, a school which maintains any of grades 9 to 12, inclusive, shall be included. Average daily attendance High school districts

17611. For the purposes of Sections 10951 to 11653, inclusive, Sections 17151 to 18460.1, inclusive, Sections 18654 to Same Junior college districts

20251, inclusive, Sections 20501 to 21801, inclusive, and Sections 21803 to 22152, inclusive, whichever are in effect, whenever computations of apportionments based on average daily attendance are made for junior college districts only the attendance in all classes of grades 13 and 14 and all types of ungraded classes, including classes for adults, which have been reported as attached to, or as a part of, a junior college which maintains grades 13 and 14 shall be included.

Basic state aid and equalization aid

17612. Notwithstanding anything in Section 11256, 11257 and 17251, Sections 17401 to 17417, inclusive, and Sections 17601 to 18460.1, inclusive, whichever are in effect to the contrary the amounts allowed as basic state aid and state equalization aid by the Superintendent of Public Instruction during the first year of existence for all purposes of a unified school district formed under Sections 3001 to 3451, inclusive, of this code on or after July 1, 1953, shall not be less than the amounts that would have been allowed to all of the districts formed into the unified district, had such unified district not been formed. The amounts allowed as basic state aid and state equalization aid to such unified district during the succeeding four years, and thereafter, of its existence for all purposes shall not be less than the amounts allowed the district under Sections 17614 and 17615, and Sections 17751 to 17906.1, inclusive, whichever are in effect plus 80 percent reduced by an additional 20 percent for each of the succeeding four years, of the difference between the amounts that would have been allowed under Sections 11256, 11257 and 17251, Sections 17401 to 17417, inclusive, and Sections 17601 to 18460.1, inclusive, whichever are in effect to all the districts formed in the unified district had such unified district not been formed and the amounts allowed the unified district under Sections 17614 and 17615, and Sections 17751 to 17906.1, inclusive, whichever are in effect. For the purpose of this section the computation of foundation program under Sections 17651 to 17667, inclusive, whichever are in effect, for each district merged into the unified district shall be made using the average daily attendance during the preceding fiscal year credited to such district, assuming, if such district had an average daily attendance, exclusive of the average daily attendance of pupils attending the seventh and eighth grades of a junior high school, during the preceding fiscal year of less than 101, that the requirement for teacher pursuant to Section 17658 or 17658.1, whichever is in effect, had been met.

Same

17613. Notwithstanding anything in Sections 11256, 11257, and 17251, Sections 17401 to 17417, inclusive, and Sections 17601 to 18460.1, inclusive, whichever are in effect, to the contrary the amounts allowed as basic state aid and state equalization aid by the Superintendent of Public Instruction during the first year of its existence for all purposes of a union or joint union elementary school district formed under Sections 3001 to 3451, inclusive, of this code on or after July 1, 1953, shall not be less than the amounts that would have been al-

lowed to all of the districts formed into the union or joint union district had such district not been formed. The amounts allowed as basic state aid and state equalization aid to such union or joint union district during the second, and succeeding two years, and thereafter, of its existence for all purposes shall not be less than the amounts allowed the district under Sections 17614, 17615, and 17751, 17751.1, and Sections 17901 to 17906.1, inclusive, whichever are in effect, plus 66⅔ percent, reduced by an additional 33⅓ percent for each of the succeeding two years, of the difference between the amounts that would have been allowed under Sections 11256, 11257, and 17251, Sections 17401 to 17417, inclusive, and Sections 17601 to 18460.1, inclusive, whichever are in effect, to all the districts formed into the union or joint union district had such district not been formed and the amounts allowed the union or joint union district under Sections 17614, 17615, and 17751, 17751.1, and Sections 17901 to 17906.1, inclusive, whichever are in effect. For the purpose of this section the computation of foundation program under Sections 17651 to 17667, inclusive, whichever are in effect for each district merged into a union or joint union district shall be made using the average daily attendance during the preceding fiscal year credited to such district, assuming, if such district had an average daily attendance, exclusive of average daily attendance of pupils attending the seventh and eighth grades of a junior high school, during the preceding fiscal year of less than 101, that the requirement for teachers pursuant to Section 17658 or 17658.1, whichever is in effect, had been met.

Original or acquiring districts

17614. Notwithstanding anything in Sections 11256, 11257, and 17251, Sections 17401 to 17417, inclusive, and Sections 17601 to 18460.1, inclusive, whichever are in effect, to the contrary, if under Section 11255 average daily attendance of an original district is credited to an acquiring district, the amounts allowed by the Superintendent of Public Instruction as basic state aid and state equalization aid to the original school district and to the acquiring school district during the first fiscal year in which an apportionment is made to the acquiring school district on account of such average daily attendance, shall be the amounts computed under this section. The Superintendent of Public Instruction shall divide the total amounts of basic state aid and state equalization aid which would have been apportioned to the original school district during said fiscal year had this section not been in effect by the average daily attendance of the original school district for the preceding fiscal year prior to the crediting of any of such average daily attendance to the acquiring school district. He shall allow to the original school district as basic state aid and state equalization aid the amount computed by multiplying the resulting quotients by the units of average daily attendance of the district for the preceding fiscal year less the units credited to the acquiring school district. He shall allow the acquiring school district as basic state aid and state equali-

zation aid the amount computed by multiplying the same quotients by the units of average daily attendance credited to the district under Section 11255.

Acquiring districts

17615. Notwithstanding anything in Sections 11256, 11257 and 17251, Sections 17401 to 17417, inclusive, and Sections 17601 to 18460.1, inclusive, whichever are in effect, to the contrary, if under Section 11255 average daily attendance of an original district is credited to an acquiring district which was formed under Sections 3001 to 3451, inclusive, of this code and which acquiring district became effective for all purposes on or after July 1, 1953, the computation of allowances for such acquiring district under Section 17614 shall be made by the Superintendent of Public Instruction in accordance with the provisions of Section 17653 or 17654, whichever is applicable. It is the intent of the Legislature that the basic state aid and state equalization aid allowed to such acquiring district during the Fiscal Year 1953-54, and thereafter, shall be computed in the manner prescribed by this section.

High school courses

17616. The average daily attendance of pupils attending high school courses maintained by an elementary school district shall be, for the purposes of Sections 10951 to 11653, inclusive, Sections 17151 to 18460.1, inclusive, Sections 18654 to 20251, inclusive, Sections 20501 to 21801, inclusive, and Sections 21803 to 22152, inclusive, whichever are in effect, considered average daily attendance in high school classes maintained by a high school district and apportionments of one hundred twenty dollars ($120) per unit of average daily attendance, and no more, on account of such average daily attendance shall be made to the elementary school district. This section shall become effective on July 1, 1959.

Same

17616.1. The average daily attendance of pupils attending high school courses maintained by an elementary school district shall be, for the purposes of Sections 10951 to 11653, inclusive, Sections 17151 to 18460.1, inclusive, Sections 18654 to 20251, inclusive, Sections 20501 to 21801, inclusive, and Sections 21803 to 22152, inclusive, whichever are in effect, considered average daily attendance in high school classes maintained by a high school district and apportionments of one hundred twenty-five dollars ($125) per unit of average daily attendance, and no more, on account of such average daily attendance shall be made to the elementary school district. This section shall remain in effect until July 1, 1959.

Article 2. Computation of Foundation Program for School Districts

Foundation program

17651. The Superintendent of Public Instruction shall compute for each school district the amount of a foundation program of school support therefor, in the manner prescribed by this article (commencing at Section 17651).

Same: Unified district

17652. With respect to any unified school district which became effective for all purposes between July 1, 1951, and July 1, 1952, inclusive, and any unified district not formed

under Sections 3001 to 3451, inclusive, of this code and which became effective for all purposes on July 1, 1953, the foundation program for such district as computed under this article (commencing with Section 17651) shall be increased five dollars ($5) for each unit of average daily attendance in each of the first five fiscal years of its existence for all purposes.

Same

17653. With respect to any unified district formed under Sections 3001 to 3451, inclusive, of this code, which became effective for all purposes on or after July 1, 1953, and which during the year preceding the effective date for all purposes had, in all the districts which were formed into the unified district, an average daily attendance of less than ten thousand (10,000), the foundation program actually computed for such district under this article and the alternate foundation program for such district under Sections 17901 or 17903, or 17901.1 or 17903.1, whichever are in effect, as the case may be, shall be increased by 5 percent for the first fiscal year, 4 percent for the second fiscal year, 3 percent for the third fiscal year, 2 percent for the fourth fiscal year, and 1 percent for the fifth fiscal year of its existence.

Same

17654. With respect to any unified district formed under Sections 3001 to 3451, inclusive, of this code, which became effective for all purposes on or after July 1, 1953, and which during the year preceding the effective date for all purposes had, in all the districts which were formed into the unified district, an average daily attendance of more than ten thousand (10,000) and in which there was not on July 1, 1952, or thereafter a single chief administrative officer and staff that administered the program of education for all the secondary schools and those elementary schools of the district to which were credited 50 percent or more of the average daily attendance during the year preceding the effective date for all purposes in all the districts formed into the unified district, the foundation program actually computed for such district under this article (commencing at Section 17651) and the alternate foundation program for such district under Sections 17901 or 17903, or 17901.1 or 17903.1, whichever are in effect, as the case may be, shall be increased by 5 percent for the first fiscal year, 4 percent for the second fiscal year, 3 percent for the third fiscal year, 2 percent for the fourth fiscal year, and 1 percent for the fifth fiscal year of its existence.

Computation of amount Elementary schools up to 100 attendance

17655. (a) For each elementary school district which maintained only one elementary school and which had an average daily attendance during the preceding fiscal year of less than 26, exclusive of pupils attending the seventh and eighth grades of a junior high school, and for which school at least one teacher was hired full time, he shall compute five thousand three hundred dollars ($5,300).

(b) For each elementary school district which maintained only one elementary school and which had an average daily attendance during the preceding fiscal year of 26 or more and less than 51, exclusive of pupils attending the seventh and

eighth grades of a junior high school, and for which school at least two teachers were hired full time for more than one-half of the days school was maintained, he shall compute ten thousand six hundred dollars ($10,600).

(c) For each elementary school district which maintained only one elementary school and which had an average daily attendance during the preceding fiscal year of 51 or more but less than 76, exclusive of pupils attending the seventh and eighth grades of a junior high school, and for which school at least three teachers were hired full time for more than one-half of the days school was maintained, he shall compute fifteen thousand nine hundred dollars ($15,900).

(d) For each elementary school district which maintained only one elementary school and which had an average daily attendance during the preceding fiscal year of 76 or more but less than 101, exclusive of pupils attending the seventh and eighth grades of a junior high school, and for which school at least four teachers were hired full time for more than one-half of the days school was maintained, he shall compute twenty-one thousand two hundred dollars ($21,200).

This section shall become effective on July 1, 1959.

Same

17655.1. (a) For each elementary school district which maintained only one elementary school and which had an average daily attendance during the preceding fiscal year of less than 26, exclusive of pupils attending the seventh and eighth grades of a junior high school, and for which school at least one teacher was hired full time, he shall compute five thousand four hundred fifty dollars ($5,450).

(b) For each elementary school district which maintained only one elementary school and which had an average daily attendance during the preceding fiscal year of 26 or more and less than 51, exclusive of pupils attending the seventh and eighth grades of a junior high school, and for which school at least two teachers were hired full time for more than one-half of the days school was maintained, he shall compute ten thousand nine hundred dollars ($10,900).

(c) For each elementary school district which maintained only one elementary school and which had an average daily attendance during the preceding fiscal year of 51 or more but less than 76, exclusive of pupils attending the seventh and eighth grades of a junior high school, and for which school at least three teachers were hired full time for more than one-half of the days school was maintained, he shall compute sixteen thousand three hundred fifty dollars ($16,350).

(d) For each elementary school district which maintained only one elementary school and which had an average daily attendance during the preceding fiscal year of 76 or more but less than 101, exclusive of pupils attending the seventh and eighth grades of a junior high school, and for which school at least four teachers were hired full time for more than one-half of the days school was maintained, he shall compute twenty-one thousand eight hundred dollars ($21,800).

This section shall remain in effect until July 1, 1959.

17656. For each elementary school district which maintained only one elementary school and which had an average daily attendance during the preceding fiscal year of 101 or more, exclusive of pupils attending the seventh and eighth grades of a junior high school, he shall compute an amount determined by multiplying the total average daily attendance by two hundred twelve dollars ($212). Computation of amount Elementary schools over 100 attendance

This section shall become effective on July 1, 1959.

17656.1. For each elementary school district which maintained only one elementary school and which, exclusive of pupils attending the seventh and eighth grades of a junior high school, had an average daily attendance of 101 or more but less than 901 during the preceding fiscal year, he shall compute an amount determined by multiplying the total average daily attendance, exclusive of pupils attending the seventh and eighth grades of a junior high school, by two hundred eighteen dollars ($218). Same

For each elementary school district which maintained only one elementary school and which, exclusive of pupils attending the seventh and eighth grades of a junior high school, had an average daily attendance of 901 or more during the preceding fiscal year, he shall compute an amount determined by multiplying the total average daily attendance, exclusive of pupils attending the seventh and eighth grades of a junior high school, by two hundred twenty dollars ($220).

This section shall remain in effect until July 1, 1959.

17657. For the purposes of Section 17658, or 17658.1, whichever is in effect, a "necessary small school" is an elementary school with an average daily attendance of less than 101, exclusive of pupils attending the seventh and eighth grades of a junior high school, during the preceding fiscal year maintained by an elementary school district which maintained two or more schools and to which school any of the following conditions apply: "Necessary small school"

(a) If as many as five pupils residing in the district and attending grades kindergarten to eight, inclusive, exclusive of pupils attending the seventh and eighth grades of a junior high school in the elementary school with an average daily attendance of less than 101 would be required to travel more than 10 miles one way from a point on a well-traveled road nearest their home to the nearest other public elementary school.

(b) If as many as 15 pupils residing in the district and attending grades kindergarten to eight, inclusive, exclusive of pupils attending the seventh and eighth grades of a junior high school in the elementary school with an average daily attendance of less than 101 would be required to travel more than five miles one way from a point on a well-traveled road nearest their home to the nearest other public elementary school.

(c) If the Superintendent of Public Instruction grants a request made pursuant to this subdivision. If topographical or other conditions exist in a district which would impose unusual hardships if the number of miles specified in (a) or (b) were required to be traveled or if during the fiscal year the roads which would be traveled have been impassable for more than an average of two weeks per year for the preceding five years, the governing board of the district may, on or before April 1st, request the Superintendent of Public Instruction, in writing, for an exemption from such requirements or for a reduction in the miles required. The request shall be accompanied by a statement of the conditions upon which such request is based, giving such information in such form as the Superintendent of Public Instruction may require. The Superintendent of Public Instruction shall cause an investigation to be made, and he shall either grant such request to the extent deemed necessary by him or deny the request.

Computation for necessary small schools

17658. For each district on account of each necessary small school, he shall make one of the following computations, whichever applies:

(a) For each necessary small school which had an average daily attendance during the preceding fiscal year of less than 26, exclusive of pupils attending the seventh and eighth grades of a junior high school, and for which school at least one teacher was hired full time, he shall compute for the district five thousand three hundred dollars ($5,300).

(b) For each necessary small school which had an average daily attendance during the preceding fiscal year of 26 or more and less than 51, exclusive of pupils attending the seventh and eighth grades of a junior high school, and for which school at least two teachers were hired full time for more than one-half of the days schools were maintained, he shall compute for the district ten thousand six hundred dollars ($10,600).

(c) For each necessary small school which had an average daily attendance during the preceding fiscal year of 51 or more but less than 76, exclusive of pupils attending the seventh and eighth grades of a junior high school, and for which school three teachers were hired full time for more than one-half of the days schools were maintained, he shall compute for the district fifteen thousand nine hundred dollars ($15,900).

(d) For each necessary small school which had an average daily attendance during the preceding fiscal year of 76 or or more and less than 101, exclusive of pupils attending the seventh and eighth grades of a junior high school, and for which school four teachers were hired full time for more than one-half of the days schools were maintained, he shall compute for the district twenty-one thousand two hundred dollars ($21,200).

This section shall become effective on July 1, 1959.

Same

17658.1. For each district on account of each necessary small school, he shall make one of the following computations, whichever applies:

(a) For each necessary small school which had an average daily attendance during the preceding fiscal year of less than 26, exclusive of pupils attending the seventh and eighth grades of a junior high school, and for which school at least one teacher was hired full time, he shall compute for the district five thousand four hundred fifty dollars ($5,450).

(b) For each necessary small school which had an average daily attendance during the preceding fiscal year of 26 or more and less than 51, exclusive of pupils attending the seventh and eighth grades of a junior high school, and for which school at least two teachers were hired full time for more than one-half of the days schools were maintained, he shall compute for the district ten thousand nine hundred dollars ($10,900).

(c) For each necessary small school which had an average daily attendance during the preceding fiscal year of 51 or more but less than 76, exclusive of pupils attending the seventh and eighth grades of a junior high school, and for which school three teachers were hired full time for more than one-half of the days schools were maintained, he shall compute for the district sixteen thousand three hundred fifty dollars ($16,350).

(d) For each necessary small school which had an average daily attendance during the preceding fiscal year of 76 or more and less than 101, exclusive of pupils attending the seventh and eighth grades of a junior high school, and for which school four teachers were hired full time for more than one-half of the days schools were maintained, he shall compute for the district twenty-one thousand eight hundred dollars ($21,800).

This section shall remain in effect until July 1, 1959.

Unnecessary small schools

17659 In the event an elementary school district maintains two or more schools none of which are necessary small schools as defined by Section 17657 and the total average daily attendance in the district for the preceding fiscal year was less than 101, exclusive of pupils attending the seventh and eighth grades of a junior high school, he shall compute an amount for the district using such total average daily attendance in accordance with the provisions of Section 17655, or 17655.1, whichever is in effect.

Seventh and eighth grades

17660. For each elementary school district on account of the attendance during the preceding fiscal year of pupils in the seventh and eighth grades of a junior high school which attendance is credited to the elementary school district pursuant to Sections 11404 and 5612, he shall multiply the average daily attendance in such grades by two hundred twelve dollars ($212).

This section shall become effective on July 1, 1959.

Same

17660.1. For each elementary school district with an average daily attendance, exclusive of pupils attending the seventh and eighth grades of a junior high school, of less than 901 during the preceding fiscal year, on account of the attendance during the preceding fiscal year of pupils in the seventh and

eighth grades of a junior high school which attendance is credited to the elementary school district pursuant to Sections 11404 and 5612, he shall multiply the average daily attendance in such grades by two hundred eighteen dollars ($218).

For each elementary school district with an average daily attendance, exclusive of pupils attending the seventh and eighth grades of a junior high school, of 901 or more during the preceding fiscal year, on account of the attendance during the preceding fiscal year of pupils in the seventh and eighth grades of a junior high school which attendance is credited to the elementary school district pursuant to Sections 11404 and 5612, he shall multiply the average daily attendance in such grades by two hundred twenty dollars ($220).

This section shall remain in effect until July 1, 1959.

Two or more elementary schools

17661. For each elementary school district maintaining two or more schools, except those to which Section 17659 applies, he shall compute an amount determined by multiplying the total average daily attendance of the district during the preceding fiscal year, exclusive of the average daily attendance for which a computation was made pursuant to Sections 17658 or 17660, by two hundred twelve dollars ($212).

This section shall become effective on July 1, 1959.

Same

17661.1. For each elementary school district maintaining two or more schools and which, exclusive of pupils attending the seventh and eighth grades of a junior high school, had a total average daily attendance in the district of 101 or more but less than 901 during the preceding fiscal year, he shall compute an amount determined by multiplying the total average daily attendance of the district during the preceding fiscal year, exclusive of the average daily attendance for which a computation was made pursuant to Sections 17658.1 or 17660.1, by two hundred eighteen dollars ($218).

For each elementary school district maintaining two or more schools and which, exclusive of pupils attending the seventh and eighth grades of a junior high school, had a total average daily attendance in the district of 901 or more during the preceding fiscal year, he shall compute an amount determined by multiplying the total average daily attendance of the district during the preceding fiscal year, exclusive of the average daily attendance for which a computation was made pursuant to Sections 17658.1 or 17660.1, by two hundred twenty dollars ($220).

This section shall remain in effect until July 1, 1959.

Same Total amount

17662. The foundation program for each elementary school district maintaining two or more schools shall be the total of the amounts computed for the district pursuant to Sections 17658, 17659, 17660, and 17661, or 17658 1, 17659, 17660.1, and 17661.1, whichever are in effect.

High school district Attendance less than 281

17663. For each high school district which had an average daily attendance during the preceding fiscal year of less than 281, he shall compute, except as otherwise provided, thirteen thousand one hundred dollars ($13,100) and in addition five

hundred five dollars ($505) for each of the first to eightieth units, inclusive, and one hundred twenty-five dollars ($125) for each of the eighty-first to the three hundredth units, inclusive.

No computation shall be made under this section for the average daily attendance of any high school or high school district established after July 1, 1953, without the approval of the Superintendent of Public Instruction. Unless such approval is had, the foundation program for such school or district shall be computed by multiplying the average daily attendance during the preceding fiscal year by two hundred eighty dollars ($280).

This section shall become effective on July 1, 1959.

Same
Attendance less than 267

17663.1. For each high school district maintaining only one high school which had an average daily attendance during the preceding fiscal year of less than 267, he shall compute, except as otherwise provided, thirteen thousand two hundred twenty-eight dollars ($13,228) and in addition five hundred ten dollars ($510) for each of the first to eightieth units, inclusive, and one hundred fifty dollars ($150) for each of the eighty-first to the two hundred sixty-sixth units, inclusive.

No computation shall be be made under this section for the average daily attendance of any high school or high school district established after July 1, 1953, without the approval of the Superintendent of Public Instruction. Unless such approval is had, the foundation program for such school or district shall be computed by multiplying the average daily attendance during the preceding fiscal year by three hundred eight dollars ($308).

This section shall remain in effect until July 1, 1959.

Two or more high schools
Attendance less than 281

17664. For each high school district which maintained two or more high schools, he shall compute for the district an amount which shall be determined by allowing for each day high school for which the governing board of the district has provided separate facilities and a separate administrative head and having an average daily attendance during the preceding fiscal year of less than 281 the amount which would otherwise be computed for the district under Section 17663 except that with respect to any such high school maintaining less than four years the amount computed for such high school shall be an amount determined by multiplying the average daily attendance of such high school by two hundred eighty dollars ($280) or the following percentage of the amount computed under Section 17663, whichever amount is the larger:

(a) Fifty-five percent if the high school maintains but one year,

(b) Sixty-five percent if the high school maintains but two years, or

(c) Eighty percent if the high school maintains but three years.

No computation shall be made under this section for any high school established after July 1, 1952, without the approval of the Superintendent of Public Instruction.

This section shall become effective on July 1, 1959.

Same Attendance less than 267

17664.1. For each high school district which maintained two or more high schools, he shall compute for the district an amount which shall be determined by allowing for each day high school for which the governing board of the district has provided separate facilities and a separate administrative head and having an average daily attendance during the preceding fiscal year of less than 267 the amount which would otherwise be computed for the district under Section 17663.1 except that with respect to any such high school maintaining less than four years the amount computed for such high school shall be an amount determined by multiplying the average daily attendance of such high school by three hundred eight dollars ($308) if the total average daily attendance of the district for the preceding fiscal year was less than 301, or by three hundred ten dollars ($310) if such total average daily attendance was 301 or more, unless the following percentage of the amount computed under Section 17663.1 is the larger, in which case it shall be used.

(a) Fifty-five percent if the high school maintains but one year,

(b) Sixty-five percent if the high school maintains but two years, or

(c) Eighty percent if the high school maintains but three years.

No computation shall be made under this section for any high school established after July 1, 1952, without the approval of the Superintendent of Public Instruction.

This section shall remain in effect until July 1, 1959.

High school district Attendance over 300

17665. For each high school district which had an average daily attendance during the preceding fiscal year of 301 or more he shall multiply the average daily attendance, exclusive of the average daily attendance of a day high school having an average daily attendance of less than 301, by two hundred eighty dollars ($280).

This section shall become effective on July 1, 1959.

Same Attendance of 267 to 300

17665.1. For each high school district which had an average daily attendance of 267 or more and of less than 301 during the preceding fiscal year he shall multiply the average daily attendance during the preceding fiscal year, exclusive of the average daily attendance of a day high school having an average daily attendance of less than 267, by three hundred eight dollars ($308). For each high school district which had an average daily attendance of 301 or more during the preceding fiscal year, he shall multiply the average daily attendance, exclusive of the average daily attendance of a day high school having an average daily attendance of less than 267, by three hundred ten dollars ($310).

This section shall remain in effect until July 1, 1959.

17666. For each junior college district he shall multiply the number of units of average daily attendance in grades 13 and 14 computed for the district under Sections 11451 and 11501, subject to the provisions of Section 17611, by three hundred eighty dollars ($380). Junior college district

This section shall become effective on July 1, 1959.

17666.1. For each junior college district he shall multiply the number of units of average daily attendance in grades 13 and 14 computed for the district under Sections 11451 and 11501, subject to the provisions of Section 17611, by four hundred ten dollars ($410). Same

This section shall remain in effect until July 1, 1959.

17667. For the Fiscal Year 1953-1954 each computation required by this article (commencing at Section 17651) for high school and junior college districts shall be made after excluding from the average daily attendance of the district for the preceding fiscal year the average daily attendance in classes for adults and in classes for inmates of any state institution for adults or for inmates of any city, county, or city and county jail, road camp or farm for adults during the preceding fiscal year. Exclusions from computation

For the Fiscal Year 1954-1955, and thereafter each computation required by this article (commencing at Section 17651) for high school and junior college districts shall be made after excluding from the average daily attendance for the preceding fiscal year the average daily attendance of adults, as adults are defined in Section 6352, and the average daily attendance in classes for inmates of any state institution for adults or of any city, county, or city and county jail, road camp or farm for adults during the preceding fiscal year.

Article 3. Computation of District Aid

17701. On or before November 15th of each year, the county auditor of each county shall furnish to the Superintendent of Public Instruction the assessed valuation and tax rates of each school district or portion of school district situated within his county, as shown by the equalized assessment roll of the county for the year. Duty of county auditor

17702. Except as provided in Section 17703, the Superintendent of Public Instruction shall compute for each district described herein the amount, to be known as district aid, which a tax levied on each one hundred dollars ($100) of 100 percent of the assessed valuation in such district as shown by the equalized assessment roll of the district for the preceding year would produce if levied, if such tax was: Computation of district aid

(a) Sixty cents ($0.60) in an elementary school district.

(b) Forty-five cents ($0.45) in a high school district.

(c) Thirty cents ($0.30) in a junior college district.

This section shall become effective on July 1, 1959.

17702.1. Except as provided in Section 17703, the Superintendent of Public Instruction shall compute for each district Same

described herein the amount, to be known as district aid, which a tax levied on each one hundred dollars ($100) of 100 percent of the assessed valuation in such district as shown by the equalized assessment roll of the district for the preceding year would produce if levied, if such tax was:

(a) Sixty cents ($0.60) in an elementary school district.

(b) Forty-five cents ($0.45) in a high school district with a total average daily attendance during the preceding fiscal year of less than 267.

(c) Fifty cents ($0.50) in a high school district with a total average daily attendance during the preceding fiscal year of 267 or more.

(d) Thirty-three cents ($0.33) in a junior college district.

This section shall remain in effect until July 1, 1959.

Optional method of computation

17703. (a) Upon request of the district, the Superintendent of Public Instruction shall use in computing district aid under Section 17702 or 17702.1, whichever is in effect, the difference between the total assessed valuation of property in a district as shown on the equalized assessment roll for the preceding fiscal year and the assessed valuation of property as shown on the equalized assessment roll for the preceding fiscal year, in excess of 2 percent of such total assessed valuation, with respect to which revenues of the district taxes levied in the 1954-1955 Fiscal Year, or thereafter, have been impounded by the county auditor pursuant to Section 20901.

(b) Whenever, after July 1, 1955, the county auditor notifies the Superintendent of Public Instruction and the Controller of the release of impounded tax revenues to the school district, the Superintendent of Public Instruction shall compute and certify to the Controller the amount to be deducted, and the Controller shall deduct, from the apportionment or apportionments from the State School Fund to the district, in the first fiscal year or the second fiscal year succeeding such notification of release, that amount apportioned to the district in any prior year or years by reason of the exclusion of assessed valuation with respect to tax revenues impounded and thereafter released.

(c) If a request is received from a school district and the assessed valuation of the district is reduced pursuant to subdivision (a) hereof, Section 17416 shall not apply with respect to any tax revenues to which subdivision (a) applies.

Article 4. Computation of Allowances of Basic State Aid for Elementary School Districts

Amount per unit of average daily attendance

17751. The Superintendent of Public Instruction shall allow one hundred twenty dollars ($120) to each elementary school district for each unit of average daily attendance therein during the preceding fiscal year as computed for the district under Sections 11301 and 11404, but not less than two thousand four hundred dollars ($2,400) shall be allowed to any elementary school district, to be known as basic state aid.

This section shall become effective on July 1, 1959.

17751.1. The Superintendent of Public Instruction shall allow one hundred twenty-five dollars ($125) to each elementary school district for each unit of average daily attendance therein during the preceding fiscal year as computed for the district under Sections 11301 and 11404, but not less than two thousand four hundred dollars ($2,400) shall be allowed to any elementary school district, to be known as basic state aid. Same

This section shall remain in effect until July 1, 1959.

Article 5. Computation of Allowances of Basic State Aid for High School Districts

17801. (a) The Superintendent of Public Instruction shall allow to each high school district one hundred twenty dollars ($120) for each unit of average daily attendance in the district during the preceding fiscal year as computed under Sections 11403, 11452, and 11501, subject to the provisions of Section 17610, but not less than two thousand four hundred dollars ($2,400) shall be allowed to any high school district, to be known as basic state aid. Same

(b) For the Fiscal Year 1953-1954 the Superintendent of Public Instruction shall exclude from the computation of allowances provided for in subdivision (a) of this section the average daily attendance during the preceding fiscal year in classes for adults and in classes for inmates of any state institution for adults and of any city, county, or city and county jail, road camp or farm for adults during the preceding fiscal year.

For the Fiscal Year 1954-1955, and thereafter, the Superintendent of Public Instruction shall exclude from the computation of allowances provided by subdivision (a) of this section the average daily attendance during the preceding fiscal year of adults, as adults are defined in Section 6352, and of inmates of any state institution for adults or of any city, county, or city and county jail, road camp or farm for adults.

This section shall become effective on July 1, 1959.

17801.1. The Superintendent of Public Instruction shall allow to each high school district one hundred twenty-five dollars ($125) for each unit of average daily attendance in the district during the preceding fiscal year as computed under Sections 11403, 11452, and 11501, subject to the provisions of Section 17610, but not less than two thousand four hundred dollars ($2,400) shall be allowed to any high school district, to be known as basic state aid. Same

The Superintendent of Public Instruction shall exclude from the computation of allowances provided by this section the average daily attendance during the preceding fiscal year of adults, as adults are defined in Section 6352, and of inmates of any state institution for adults or of any city, county, or city and county jail, road camp or farm for adults.

This section shall remain in effect until July 1, 1959.

Article 6. Computation of Allowances of Basic State Aid for Junior College Districts

Same

17851. (a) The Superintendent of Public Instruction shall allow to each junior college district one hundred twenty dollars ($120) for each unit of average daily attendance in grades 13 and 14, during the preceding fiscal year as computed for the district under Sections 11451 and 11501, subject to the provisions of Section 17611, but not less than two thousand four hundred dollars ($2,400) shall be allowed to any junior college district, to be known as basic state aid.

(b) For the Fiscal Year 1953-1954 the Superintendent of Public Instruction shall exclude from the computation of allowances provided for in subdivision (a) of this section the average daily attendance during the preceding fiscal year in classes for adults and in classes for inmates of any state institution for adults and of any city, county, or city and county jail, road camp or farm for adults during the preceding fiscal year.

For the Fiscal Year 1954-1955, and thereafter, the Superintendent of Public Instruction shall exclude from the computation of allowances provided by subdivision (a) of this section the average daily attendance during the preceding fiscal year of adults, as adults are defined in Section 6352, and of inmates of any state institution for adults or of any city, county, or city and county jail, road camp or farm for adults.

This section shall become effective on July 1, 1959.

Same

17851.1. The Superintendent of Public Instruction shall allow to each junior college district one hundred twenty-five dollars ($125) for each unit of average daily attendance in grades 13 and 14, during the preceding fiscal year as computed for the district under Sections 11451 and 11501, subject to the provisions of Section 17611, but not less than two thousand four hundred dollars ($2,400) shall be allowed to any junior college district, to be known as basic state aid.

The Superintendent of Public Instruction shall exclude from the computation of allowances provided by this section the average daily attendance during the preceding fiscal year of adults, as adults are defined in Section 6352, and of inmates of any state institution for adults or of any city, county, or city and county jail, road camp or farm for adults.

This section shall remain in effect until July 1, 1959.

Article 7. Computation of Allowances to School Districts for Equalization Aid

Elementary districts

17901. The Superintendent of Public Instruction shall compare the total of the amounts allowed to, and computed for, each elementary district pursuant to Sections 17702, 17703, and 17751 with the amount of the foundation program of school support computed for each such district pursuant to Sections 17651 to 17667, inclusive, whichever are in effect.

If the total amount allowed to, and computed for, any elementary school district pursuant to Sections 17702, 17703, and 17751 is less than the amount of the foundation program of school support computed for such district pursuant to Sections 17651 to 17667, inclusive, whichever are in effect, he shall add to the amount computed for such district pursuant to Sections 17702, 17703, and 17751, such additional amount, to be known as state equalization aid, as may be necessary to equal that computed for such district pursuant to Sections 17651 to 17667, inclusive, whichever are in effect.

Except for any elementary school district which was in existence on or before July 1, 1925, and in which district there was levied a tax for the preceding year of an amount not less than five cents ($0.05) less than the maximum tax rate prescribed for the district by Section 20751, the amount allowed under this article, beginning with the Fiscal Year 1955-56, to an elementary school district having an average daily attendance during the preceding fiscal year of less than 101, exclusive of pupils attending the seventh and eighth grades of a junior high school, shall not be more than the amount that would have been computed under Section 17901 had the foundation program for the district been computed under Section 17656, except that to this allowance shall be added an amount for the Fiscal Year 1955-56 equal to 80 percent, reduced by an additional 20 percent in each of the subsequent fiscal years, of the difference between the allowance computed for the district under Section 17901 and the amount that would have been computed for the district under Section 17901 had the foundation program for the district been computed under Section 17656 except as to any elementary school district determined to be a necessary school district by the existence of any one or more of the following conditions:

(a) If as many as five pupils residing in the district and attending grades kindergarten to eight, inclusive, exclusive of pupils attending the seventh and eighth grades of a junior high school would be required to travel more than 10 miles one way from a point on a well-traveled road nearest their home to the nearest other public elementary school, or

(b) If as many as 15 pupils residing in the district and attending grades kindergarten to eight, inclusive, exclusive of pupils attending the seventh and eighth grades of a junior high school would be required to travel more than five miles one way from a point on a well-traveled road nearest their home to the nearest other public elementary school.

If topographical or other conditions exist in a district which would impose unusual hardships if the number of miles specified were required to be traveled or if during the fiscal year the roads which would be traveled have been impassable for more than an average of two weeks per year for the preceding five years, the governing board of the district may, on or before April 1st, request the Superintendent of Public Instruction, in writing, for an exemption from such requirements or for a

reduction in the miles required. The request shall be accompanied by a statement of the conditions upon which such request is based, giving such information in such form as the Superintendent of Public Instruction may require. The Superintendent of Public Instruction shall cause an investigation to be made, and he shall either grant such request to the extent deemed necessary by him or deny the request.

Notwithstanding anything in Sections 17614 and 17615, and Sections 17901 to 17906, inclusive, whichever are in effect, to the contrary, the amount computed for any elementary school district under Sections 17614 and 17615, and Sections 17901 to 17906, inclusive, whichever are in effect, shall be not less than it would have been had the foundation program of school support for such district under Sections 17651 to 17667, inclusive, whichever are in effect, been computed by multiplying the number of units of average daily attendance in the district during the preceding fiscal year as computed under Sections 11301 and 11404 by two hundred thirty-two dollars ($232) and had the tax used in making the computation for the district under Sections 17702 and 17703 been eighty cents ($0.80).

This section shall become effective on July 1, 1959.

Same

17901.1. The Superintendent of Public Instruction shall compare the total of the amounts allowed to, and computed for, each elementary district pursuant to Sections 17751.1, 17702.1 and 17703 with the amount of the foundation program of school support computed for each such district pursuant to Sections 17651 to 17667, inclusive, whichever are in effect.

If the total amount allowed to, and computed for, any elementary school district pursuant to Sections 17751.1, 17702.1 and 17703 is less than the amount of the foundation program of school support computed for such district pursuant to Sections 17651 to 17667, inclusive, whichever are in effect, he shall add to the amount computed for such district pursuant to Sections 17751.1, 17702.1 and 17703 such additional amount, to be known as state equalization aid, as may be necessary to equal that computed for such district pursuant to Sections 17651 to 17667, inclusive, whichever are in effect.

Except for any elementary school district which was in existence on or before July 1, 1925, and in which district there was levied a tax for the preceding year of an amount not less than five cents ($0.05) less than the maximum tax rate prescribed for the district by Section 20751, the amount allowed under this article, beginning with the Fiscal Year 1955-56, to an elementary school district having an average daily attendance during the preceding fiscal year of less than 101, exclusive of pupils attending the seventh and eighth grades of a junior high school, shall not be more than the amount that would have been computed under Section 17901.1 had the foundation program for the district been computed under Section 17656.1, except that to this allowance shall be added an amount for the Fiscal Year 1955-56 equal to 80 percent, reduced by an additional 20 percent in each of the subsequent fiscal years, of the

difference between the allowance computed for the district under Section 17901.1 and the amount that would have been computed for the district under Section 17901.1 had the foundation program for the district been computed under Section 17656.1 except as to any elementary school district determined to be a necessary school district by the existence of any one or more of the following conditions:

(a) If as many as five pupils residing in the district and attending grades kindergarten to eight, inclusive, exclusive of pupils attending the seventh and eighth grades of a junior high school would be required to travel more than 10 miles one way from a point on a well-traveled road nearest their home to the nearest other public elementary school, or

(b) If as many as 15 pupils residing in the district and attending grades kindergarten to eight, inclusive, exclusive of pupils attending the seventh and eighth grades of a junior high school would be required to travel more than five miles one way from a point on a well-traveled road nearest their home to the nearest other public elementary school.

If topographical or other conditions exist in a district which would impose unusual hardships if the number of miles specified were required to be traveled or if during the fiscal year the roads which would be traveled have been impassable for more than an average of two weeks per year for the preceding five years, the governing board of the district may, on or before April 1st, request the Superintendent of Public Instruction, in writing, for an exemption from such requirements or for a reduction in the miles required. The request shall be accompanied by a statement of the conditions upon which such request is based, giving such information in such form as the Superintendent of Public Instruction may require.

The Superintendent of Public Instruction shall cause an investigation to be made, and he shall either grant such request to the extent deemed necessary by him or deny the request.

Notwithstanding anything in Sections 17614, 17615, 17901.1, 17902, 17903.1, 17904, 17905.1, and 17906.1 to the contrary, the amount computed for any elementary school district under Sections 17614, 17615, 17901.1, 17902, 17903.1, 17904, 17905.1, and 17906.1 shall be not less than it would have been had the foundation program of school support for such district under Sections 17651 to 17667, inclusive, whichever are in effect, been computed by multiplying the number of units of average daily attendance in the district during the preceding fiscal year as computed under Sections 11301 and 11404 by two hundred ninety-three dollars ($293) if the total average daily attendance of the district during the preceding fiscal year was less than 901, exclusive of the pupils attending the seventh and eighth grades of a junior high school, or by two hundred ninety-five dollars ($295) if the total average daily attendance of the district during the preceding fiscal year was 901 or more, exclusive of the pupils attending the seventh and eighth

grades of a junior high school, and had the tax used in making the computation for the district under Sections 17702.1 and 17703 been one dollar and thirty-five cents ($1.35).

This section shall remain in effect until July 1, 1959.

High school districts

17902. The Superintendent of Public Instruction shall compare the total of the amounts allowed to, and computed for, each high school district pursuant to Sections 17702, 17702.1, 17703, 17801, and 17801.1, whichever are in effect, with the amount of the foundation program of school support computed for each such district pursuant to Sections 17651 to 17667, inclusive, whichever are in effect.

If the total amount allowed to, and computed for, any high school district pursuant to Sections 17702, 17702.1, 17703, 17801, and 17801.1, whichever are in effect, is less than the amount of the foundation program of school support computed for such district pursuant to Sections 17651 to 17667, inclusive, whichever are in effect, he shall add to the amount allowed to, and computed for such district pursuant to Sections 17702, 17702.1, 17703, 17801, and 17801.1, whichever are in effect, such additional amount, to be known as state equalization aid, as may be necessary to equal that computed for such district pursuant to Sections 17651 to 17667, inclusive, whichever are in effect.

Same

17903. Notwithstanding anything in Sections 17614 and 17615, and Sections 17901 to 17906, inclusive, whichever are in effect, to the contrary, the amount computed for any high school district under Sections 17614 and 17615, and Sections 17901 to 17906, inclusive, whichever are in effect, shall be not less than it would have been had the foundation program of school support for such district under Sections 17651 to 17667, inclusive, whichever are in effect, been computed by multiplying the number of units of average daily attendance in the district during the preceding fiscal year as computed under Sections 6943, 11452, and 11501 for the Fiscal Year 1953-54 and as computed under Sections 11403 and 11452, thereafter, by three hundred fifty dollars ($350) and had the tax used in making the computation for the district under Sections 17702 and 17703 been seventy-five cents ($0.75).

This section shall become effective on July 1, 1959.

Same

17903.1. Notwithstanding anything in Sections 17614 and 17615, and Sections 17901.1, 17902, 17903.1, 17904, 17905.1, and 17906.1 to the contrary, the amount computed for any high school district under Sections 17614 and 17615, and Sections 17901.1, 17902, 17903.1, 17904, 17905.1, and 17906.1 shall be not less than it would have been had the foundation program of school support for such district under Sections 17651 to 17667, inclusive, whichever are in effect, been computed by multiplying the number of units of average daily attendance in the district during the preceding fiscal year as computed under Sections 11403 and 11452 by three hundred eighty-eight dollars ($388) if the total average daily attendance of the district during the preceding fiscal year was less than 301, or

by three hundred ninety dollars ($390) if the total average daily attendance of the district during the preceding fiscal year was 301 or more, and had the tax used in making the computation for the district under Sections 17702.1 and 17703 been eighty-five cents ($0.85).

This section shall remain in effect until July 1, 1959.

Junior college districts

17904. The Superintendent of Public Instruction shall compare the total of the amounts allowed to, and computed for, each junior college district pursuant to Sections 17702, 17703 and 17851, or Sections 17702.1, 17703, and 17851.1, whichever are in effect, with the amount of the foundation program of school support computed for each district pursuant to Sections 17651 to 17667, inclusive.

If the total amount computed for any district pursuant to Sections 17702, 17703 and 17851, or Sections 17702.1, 17703, and 17851.1, whichever are in effect, is less than the amount of the foundation program of school support computed for such district pursuant to Sections 17651 to 17667, inclusive, he shall add to the amount computed for such district pursuant to Sections 17702, 17703 and 17851, or Sections 17702.1, 17703, and 17851.1, whichever are in effect, such additional amount, to be known as state equalization aid, as may be necessary to equal that computed for such district pursuant to Sections 17651 to 17667, inclusive.

Tax levy prerequisite

17905. No state equalization aid shall be allowed to any district under Sections 17614, 17615, and Sections 17901 to 17906, inclusive, whichever are in effect, during the Fiscal Year 1953-54 unless, during the preceding fiscal year, there shall have been levied a tax for such district in an amount equal to forty-five cents ($0.45) or more for an elementary district, forty cents ($0.40) or more for a high school district, or twenty-two cents ($0.22) or more for a junior college district.

This section shall become effective on July 1, 1959.

Same

17905.1. No state equalization aid shall be allowed to any district under Sections 17614, 17615, and Sections 17901.1, 17902, 17903.1, 17904, 17905.1, and 17906.1 during the Fiscal Year 1957-58 unless, during the preceding fiscal year, there shall have been levied a tax for such district, exclusive of a tax levied under Sections 3356, 14214, 14657, 14758, 16633, 19443, 19619, 20801, and 22101, in an amount equal to sixty cents ($0.60) or more for an elementary district, forty-five cents ($0.45) or more for a high school district, or thirty cents ($0.30) or more for a junior college district.

This section shall remain in effect until July 1, 1959.

Same

17906. No state equalization aid shall be allowed under Sections 17614, 17615, and Sections 17901 to 17906, inclusive, whichever are in effect, during the Fiscal Year 1954-55, or during any other subsequent fiscal year unless there shall have been levied pursuant to this code, for such district during the preceding fiscal year, exclusive of tax levied under Sections 3356, 14657, 14758, 16633, 19443, 19619, 20801, and 22101, a

tax not less than sixty cents ($0.60) if an elementary district, forty-five cents ($0.45) if a high school district, and thirty cents ($0.30) if a junior college district.

This section shall become effective on July 1, 1959.

Same

17906.1. No state equalization aid shall be allowed under Sections 17614, 17615, and Sections 17901 1, 17902, 17903.1, 17904, 17905.1, and 17906.1, during the Fiscal Year 1958-59, or during any other subsequent fiscal year unless there shall have been levied pursuant to this code, for such district during the preceding fiscal year, exclusive of tax levied under Sections 3356, 14214, 14657, 14758, 16633, 19443, 19619, 20801, and 22101, a tax not less than sixty cents ($0.60) if an elementary district, forty-five cents ($0.45) if a high school district with a total average daily attendance during the preceding fiscal year of less than 267, fifty cents ($0.50) if a high school district with a total average daily attendance during the preceding fiscal year of 267 or more, and thirty cents ($0.30) if a junior college district.

This section shall remain in effect until July 1, 1959.

Merged districts: Requirement of tax levy

17907. No state equalization aid shall be allowed under Sections 17614, 17615, and Sections 17901 to 17906.1, inclusive, whichever are in effect, to any district included within a unified school district unless there shall have been levied, pursuant to this code, for such unified school district during the preceding fiscal year, exclusive of tax levied under Sections 3356, 14657, 14758, 16633, 19443, 19619, 20801, and 22101, a tax in not less than the amount determined by adding the rates of tax required to be levied under Section 17905 or 17906, or 17905.1 or 17906.1, whichever are in effect, as may be applicable for each type of district included within the unified school district.

Same

17908. No state equalization aid shall be allowed under Sections 17614, 17615, and Sections 17901 to 17906.1, inclusive, whichever are in effect, to any high school district which maintained a junior college unless there shall have been levied, pursuant to this code, during the preceding fiscal year, exclusive of tax levied under Sections 3356, 14657, 14758, 16633, 19443, 19619, 20801, and 22101, a tax in not less than the amount determined by adding the rates of tax required to be levied under Section 17905 or 17906, Section 17905.1 or 17906.1, whichever are in effect, as may be applicable for a high school district and for a junior college district.

Same

17909. No state equalization aid shall be allowed under Sections 17614, 17615, and Sections 17901 to 17906.1, inclusive, whichever are in effect, to any high school district, the boundaries of which are coterminous with and which is governed by the same governing board as a junior college district, or to any junior college district the boundaries of which are coterminous with and which is governed by the same governing board as the high school district, for which a tax is levied under subsection (e) of Section 20751, unless there shall have been levied, pursuant to this code, during the preceding fiscal year, exclusive of tax levied under Sections 3356, 14657, 14758,

16633, 19443, 19619, 20801, and 22101, a tax in not less than the amount determined by adding the rates of tax required to be levied under Section 17906 or 17906.1, whichever is in effect, as may be applicable for a high school district and for a junior college district.

Article 8. Computation of Allowances to School Districts for Education of Adults and Inmates

17951. (a) For the 1953-1954 Fiscal Year, the Superintendent of Public Instruction shall allow each district for each unit of average daily attendance during the preceding fiscal year in classes for adults computed under Section 11501, exclusive of average daily attendance in classes for inmates of any state institution for adults and for inmates of any city, county, or city and county jail, road camp or farm for adults, one hundred twenty dollars ($120) as basic state aid and the same amount as state equalization aid as is computed by dividing the allowance computed for the district under Sections 17614, 17615, and Sections 17901 to 17906, inclusive, whichever are in effect, by the average daily attendance of the district during the preceding fiscal year, exclusive of average daily attendance during the preceding fiscal year in classes for adults and for inmates of state institutions for adults and of city, county, or city and county jails, road camps, or farms for adults. The total of basic and equalization aid allowed shall not exceed two hundred dollars ($200) for each unit of average daily attendance during the preceding fiscal year in classes for adults, exclusive of average daily attendance in classes for inmates of any state institution for adults and for inmates of any city, county, or city and county jail, road camp or farm for adults. Adults

(b) For the 1954-1955 Fiscal Year, and thereafter, the Superintendent of Public Instruction shall allow each district for each unit of average daily attendance during the preceding fiscal year for adults, as adults are defined in Section 6352, exclusive of average daily attendance in classes for inmates of any state institution for adults and for inmates of any city, county, or city and county jail, road camp or farm for adults, one hundred twenty dollars ($120) as basic state aid and the same amount as state equalization aid as is computed by dividing the allowance computed for the district under Sections 17614, 17615, and Sections 17901 to 17906, inclusive, whichever are in effect, by the average daily attendance of the district during the preceding fiscal year, exclusive of average daily attendance during the preceding fiscal year for adults, as adults are defined in Section 6352, and for inmates of state institutions for adults and of city, county, or city and county jails, road camps or farms for adults The total of basic and equalization aid allowed shall not exceed two hundred dollars ($200) for each unit of average daily attendance during the preceding fiscal year for such adults, exclusive of average daily attendance in classes for inmates of any state institution for

adults and for inmates of any city, county, or city and county jail, road camp or farm for adults.

This section shall become effective on July 1, 1959.

Same

17951.1. The Superintendent of Public Instruction shall allow each district for each unit of average daily attendance during the preceding fiscal year for adults, as adults are defined in Section 6352, exclusive of average daily attendance in classes for inmates of any state institution for adults and for inmates of any city, county, or city and county jail, road camp or farm for adults, one hundred twenty-five dollars ($125) as basic state aid and the same amount as state equalization aid as is computed by dividing the allowance computed for the district under Sections 17614, 17615, and Sections 17901.1, 17902, 17903.1, 17904, 17905.1, and 17906.1 by the average daily attendance of the district during the preceding fiscal year, exclusive of average daily attendance during the preceding fiscal year for adults, as adults are defined in Section 6352, and for inmates of state institutions for adults and of city, county, or city and county jails, road camps or farms for adults. The total of basic and equalization aid allowed shall not exceed two hundred twenty dollars ($220) for each unit of average daily attendance during the preceding fiscal year for such adults, exclusive of average daily attendance in classes for inmates of any state institution for adults and for inmates of any city, county, or city and county jail, road camp or farm for adults.

This section shall remain in effect until July 1, 1959.

Inmates in state institutions

17952. For the 1955-56 Fiscal Year, the Superintendent of Public Instruction shall allow each district maintaining classes for adults in any state institution for adults or in any city, county, or city and county jail, road camp or farm for adults during the 1954-1955 Fiscal Year, the total expenses for such classes, as such total expense is reported to him in accordance with regulations that he is herewith authorized to adopt, not to exceed the amount expended for salaries of teachers in such classes increased by one-tenth. Salaries of such teachers for purposes of this section shall not exceed the salaries as set by the governing board for teachers in other classes for adults maintained by the district. The total amount allowed shall not be less than one hundred twenty dollars ($120), nor more than one hundred forty-eight dollars ($148), for each unit of average daily attendance during the preceding fiscal year in such classes for adults.

This section shall become effective on July 1, 1959.

Article 9. Computation of Allowances to School Districts for Growth

Maximum allowance

18001. (a) The Superintendent of Public Instruction shall not allow under this article (commencing at Section 18001) during any fiscal year a total amount in excess of the amount provided by law.

(b) The total amount allowed to all districts for the first period shall not exceed 40 percent of the amount computed under subdivision (a) of this section.

(c) The total amount allowed to all districts for the second period shall not exceed the difference between the amount computed under subdivision (a) of this section and the total amount allowed for the first period under this article (commencing at Section 18001).

District report

18002. The governing board of each school district shall report to the Superintendent of Public Instruction during each fiscal year, as herein provided, the average daily attendance in the regular day schools of the district for all full school months in the fiscal year during (1) the period between July 1st and December 31st, inclusive, hereinafter referred to as the "first period," (2) the period between the end of the last full school month of the first period and May 1st, inclusive, hereinafter referred to as the "second period," and (3) each of the same periods that were reported during the preceding fiscal year. Such report with respect to the first period shall be filed with the Superintendent of Public Instruction on or before the next succeeding January 20th and with respect to the second period shall be filed with the Superintendent of Public Instruction not later than the next succeeding May 10th. Each report shall be made in such form as shall be prescribed and furnished by the Superintendent of Public Instruction.

Computation of allowance Existing district

18003. The Superintendent of Public Instruction shall allow, for each period referred to in Section 18002, to each school district which was in existence for all purposes during the preceding fiscal year an amount which shall be computed as follows:

The average daily attendance in the regular day schools of the district during the period in the then current fiscal year and for the same period in the preceding fiscal year shall be computed in the manner prescribed in Sections 11251 to 11255, inclusive, and Sections 11301 to 11652, inclusive, except that the computation of a day of attendance shall be determined according to the law in effect during said preceding fiscal year.

The Superintendent of Public Instruction shall allow to each school district for each unit by which the average daily attendance for the first period of the then current fiscal year exceeds that of the average daily attendance for the same period during the preceding fiscal year, an amount determined by dividing the total of the amounts allowed the district during the current fiscal year as basic state aid and state equalization aid by the total average daily attendance of the district during the preceding fiscal year multiplied by the ratio of days the regular day schools of the district were maintained during said period of the then current fiscal year to 175.

The Superintendent of Public Instruction shall allow to each school district for each unit by which the average daily attendance for the second period of the then current fiscal year exceeds that of the average daily attendance for the same period

during the preceding fiscal year, an amount determined by dividing the total of the amounts allowed the district during the current fiscal year as basic state aid and state equalization aid, by the total average daily attendance of the district during the preceding fiscal year multiplied by the ratio of the difference between 175 and the days the regular day schools of the district were maintained during the first period of the then current fiscal year to 175.

Same New districts

18004. The Superintendent of Public Instruction shall allow, for each period referred to above, to each school district which was not in existence for all purposes during the preceding fiscal year an amount which shall be computed as follows:

The average daily attendance in the regular day schools of the district during the period in the then current fiscal year shall be computed in the manner prescribed in Sections 11251 to 11255, inclusive, and Sections 11301 to 11652, inclusive, except that the computation of a day of attendance shall be determined according to the law in effect during the preceding fiscal year.

The Superintendent of Public Instruction shall allow to each such district for each unit of average daily attendance so computed for the first period of the then current fiscal year an amount determined by dividing the total of the amounts of basic state aid and state equalization aid which would have been apportioned to such district during the current fiscal year on account of such average daily attendance had the district been in existence for all purposes during the preceding fiscal year and had the tax required to be levied for such district under Section 17905 or 17906, or 17905.1 or 17906.1, whichever are in effect, been levied, by such average daily attendance multiplied by the ratio of days the regular day schools of the district were maintained during said period of the then current fiscal year to 175.

The Superintendent of Public Instruction shall allow to each such district for each unit of average daily attendance so computed for the second period of the then current fiscal year an amount determined by dividing the amounts of basic state aid and state equalization aid which would have been apportioned to such district during the current fiscal year on account of such average daily attendance had the district been in existence for all purposes during the preceding fiscal year and had the tax required to be levied for such district under Section 17905 or 17906, or 17905.1 or 17906.1, whichever are in effect, been levied, by such average daily attendance multiplied by the ratio of the difference between 175 and the days the regular day schools of the district were maintained during the first period of the then current fiscal year to 175.

In making any computation under Section 17702 or 17702.1, whichever is in effect, for the purposes of this section, the assessed valuation of the district for the current year shall be used.

Same
One-school elementary school district

18005. Notwithstanding any provisions of this article (commencing at Section 18001) to the contrary, allowances for growth for elementary school districts maintaining only one elementary school with a total average daily attendance during the preceding fiscal year of less than 101, exclusive of pupils attending the seventh and eighth grades of a junior high school, shall be computed pursuant to this section.

The provisions of subdivisions (a), (b), (c), and (d) of Section 17655 for average daily attendance and number of teachers hired shall apply to such districts.

No allowance for growth shall be made for such a district unless the excess units of average daily attendance for the period of the current fiscal year over units of average daily attendance of the corresponding period of the preceding fiscal year is sufficient to place the district within the requirements of a different subdivision of Section 17655, or is sufficient to place the district outside of the requirements of any of the subdivisions of Section 17655.

If the excess is sufficient to place the district within the requirements of a different subdivision of Section 17655 an apportionment for growth shall be made only if there has been employed for the school during the period of the current fiscal year the number of teachers required by the subdivision of Section 17655 which is applicable to the district according to its average daily attendance during the period of the current fiscal year, exclusive of pupils attending the seventh and eighth grades of a junior high school.

The Superintendent of Public Instruction shall allow, for each period for each district which was in existence for all purposes during the preceding fiscal year an amount equal to the difference between the amount of basic state aid and state equalization aid which was apportioned on account of average daily attendance in such district during the preceding fiscal year and the amount of basic state aid and state equalization aid which would have been apportioned had the total average daily attendance in such district during such year been equal to the total average daily attendance during the period of the current year, multiplied for the first period by the ratio of days the regular day schools of the district were maintained during said period of the then current fiscal year to 175, and for the second period by the ratio of the difference between 175 and the days the regular day schools of the district were maintained during the first period of the then current fiscal year to 175.

If the excess is sufficient to place the district outside of the requirements of any of the subdivisions of Section 17655, the Superintendent of Public Instruction shall deem the average daily attendance of the district during the preceding fiscal year to have been 100 and he shall compute an allowance pursuant to Section 18003 with respect to the units of average daily attendance during the period of the then current fiscal year which are more than 100.

The Superintendent of Public Instruction shall allow to each school district for each unit by which the average daily attendance for each period of the then current fiscal year in the seventh and eighth grades of a junior high school exceeds such average daily attendance for the same period during the preceding fiscal year the following: for the first period, the sum of two hundred twelve dollars ($212) multiplied by the ratio of days the regular day schools of the district were maintained during the first period of the then current fiscal year to 175 and, for the second period, the sum of two hundred twelve dollars ($212) multiplied by the ratio of the difference between 175 and the days the regular day schools of the district were maintained during the first period of the then current fiscal year to 175.

This section shall become effective on July 1, 1959.

Same

18005.1. Notwithstanding any provisions of this article (commencing at Section 18001) to the contrary, allowances for growth for elementary school districts maintaining only one elementary school with a total average daily attendance during the preceding fiscal year of less than 101, exclusive of pupils attending the seventh and eighth grades of a junior high school, shall be computed pursuant to this section.

The provisions of subdivisions (a), (b), (c), and (d) of Section 17655.1 for average daily attendance and number of teachers hired shall apply to such districts.

No allowance for growth shall be made for such a district unless the excess units of average daily attendance for the period of the current fiscal year over units of average daily attendance of the corresponding period of the preceding fiscal year is sufficient to place the district within the requirements of a different subdivision of Section 17655.1, or is sufficient to place the district outside of the requirements of any of the subdivisions of Section 17655.1.

If the excess is sufficient to place the district within the requirements of a different subdivision of Section 17655.1 an apportionment for growth shall be made only if there has been employed for the school during the period of the current fiscal year the number of teachers required by the subdivision of Section 17655.1 which is applicable to the district according to its average daily attendance during the period of the current fiscal year, exclusive of pupils attending the seventh and eighth grades of a junior high school.

The Superintendent of Public Instruction shall allow, for each period for each district which was in existence for all purposes during the preceding fiscal year an amount equal to the difference between the amount of basic state aid and state equalization aid which was apportioned on account of average daily attendance in such district during the preceding fiscal year and the amount of basic state aid and state equalization aid which would have been apportioned had the total average daily attendance in such district during such year been equal to the total average daily attendance during the period

of the current year, multiplied for the first period by the ratio of days the regular day schools of the district were maintained during said period of the then current fiscal year to 175, and for the second period by the ratio of the difference between 175 and the days the regular day schools of the district were maintained during the first period of the then current fiscal year to 175.

If the excess is sufficient to place the district outside of the requirements of any of the subdivisions of Section 17655.1, the Superintendent of Public Instruction shall deem the average daily attendance of the district during the preceding fiscal year to have been 100 and he shall compute an allowance pursuant to Section 18003 with respect to the units of average daily attendance during the period of the then current fiscal year which are more than 100.

The Superintendent of Public Instruction shall allow to each school district for each unit by which the average daily attendance for each period of the then current fiscal year in the seventh and eighth grades of a junior high school exceeds such average daily attendance for the same period during the preceding fiscal year the following: for the first period, the sum of two hundred eighteen dollars ($218) if the total average daily attendance of the district during the preceding fiscal year was less than 901, exclusive of pupils attending the seventh or eighth grades of a junior high school, or two hundred twenty dollars ($220) if the total average daily attendance of the district during the preceding fiscal year was 901 or more, exclusive of pupils attending the seventh or eighth grades of a junior high school, multiplied by the ratio of days the regular day schools of the district were maintained during the first period of the then current fiscal year to 175 and, for the second period, the sum of two hundred eighteen dollars ($218) if the total average daily attendance of the district during the preceding fiscal year was less than 901, exclusive of pupils attending the seventh and eighth grades of a junior high school, or two hundred twenty dollars ($220) if the total average daily attendance of the district during the preceding fiscal year was 901 or more exclusive of pupils attending the seventh and eighth grades of a junior high school, multiplied by the ratio of the difference between 175 and the days the regular day schools of the district were maintained during the first period of the then current fiscal year to 175.

This section shall remain in effect until July 1, 1959.

Same: One-school high school district

18006. Notwithstanding any provision of this article (commencing at Section 18001) to the contrary, allowances for growth for high school districts maintaining only one high school with a total average daily attendance during the preceding fiscal year of less than 281 shall be computed pursuant to this section:

The Superintendent of Public Instruction shall allow, for each period for each district which was in existence for all purposes during the preceding fiscal year an amount equal

to the difference between the amount of basic state aid and state equalization aid which would have been apportioned on account of average daily attendance in the regular day classes in such district during the preceding fiscal year and the amount of basic state aid and state equalization aid which would have been apportioned had the total average daily attendance in the regular day classes in such district during such year been equal to the total average daily attendance during the period of the current year, multiplied for the first period by the ratio of days the regular day schools of the district were maintained during said period of the then current fiscal year to 175, and for the second period by the ratio of the difference between 175 and the days the regular day schools of the district were maintained during the first period of the then current fiscal year to 175.

The Superintendent of Public Instruction shall add the average daily attendance for other than adults as defined in Section 6352 of classes for adults and summer school during the preceding year to, and deduct the average daily attendance for adults as defined in Section 6352 of regular day school and summer school during the preceding year from, the average daily attendance in the regular day school during the period of the current year in determining the total average daily attendance during the period of the current year required in this section.

Reduction

18007. If the total amount which may be allowed to all districts under subdivision (b) of Section 18001 for the first period during any fiscal year is less than the total amount allowed to all districts for the first period under this article (commencing at Section 18001), the amounts allowed shall be reduced proportionately.

Same

18008. If the total amount which may be allowed to all districts under subdivision (c) of Section 18001 for the second period during any fiscal year is less than the total amount allowed to all districts for the second period under this article (commencing at Section 18001), the amounts allowed shall be reduced proportionately.

Proration

18009. If the total amount which may be allowed to all districts under subdivision (c) of Section 18001 is more than the total amount allowed to all districts for the second period under this article (commencing at Section 18001), the balance shall be prorated to any allowance made during the first period to which Section 18007 applied in an amount not to exceed the allowances computed for the first period under this article (commencing at Section 18001). Any portion of the balance remaining after this computation shall be allowed pursuant to Section 18460 or 18460.1, whichever is in effect.

Article 10. Computation of Allowances to School Districts and County School Service Funds for Transportation

Maximum allowance

18051. The Superintendent of Public Instruction shall not allow under this article (commencing at Section 18051), except under Section 18060 or 18060.1, whichever is in effect, during any fiscal year a total amount in excess of the amount provided by law.

Mandatory allowance

18052. The Superintendent of Public Instruction shall allow to each school district and county school service fund such amount as is required by this article (commencing at Section 18051).

Definitions

18053. (a) "Transportation" as used in this article (commencing at Section 18051) means, unless the context otherwise requires:

(1) The transportation of pupils between their homes and the regular full-time day schools attended by them as provided by a school district.

(2) The payment of moneys by a school district to parents or guardians of pupils in lieu of providing for the transportation of such pupils between their homes and the regular full-time day schools attended by them.

(3) The providing of board and lodging to pupils by a school district in lieu of providing for the transportation of such pupils between their homes and the regular full-time day schools attended by them.

(b) "Pupils" as used in this article (commencing at Section 18051) does not include pupils for whom the Superintendent of Public Instruction determines excess costs under Section 6816.

(c) "Total current expenses of transportation" as used in Sections 18055, 18056, and 18057 does not include:

(1) Current expenses for the transportation of pupils for whose transportation the Superintendent of Public Instruction makes an allowance to the district under Section 18060 or 18060.1, whichever is in effect; or,

(2) Any amount of rental of school busses which is in excess of the amount allowable to school districts for replacement of district-owned busses in accordance with regulations of the Superintendent of Public Instruction relating to allowances for pupil transportation. Renting or leasing a school bus does not include a lease-with-option-to-purchase.

Regulations re allowances

18054. The Superintendent of Public Instruction shall make all allowances under this article (commencing at Section 18051) during a fiscal year in accordance with regulations, not in conflict with this article (commencing at Section 18051), adopted by him, and he is hereby authorized and directed to adopt such regulations. None of such regulations shall be binding upon any school district, but no allowance shall be made under this article (commencing at Section 18051) to a school district for any item of current expense or capital outlay with respect to which the school district has failed to comply with

the regulations of the Superintendent of Public Instruction applicable to such item.

The regulations adopted by the Superintendent of Public Instruction hereunder shall, among other matters:

(a) Prescribe the records to be kept by, and reports to be made by, school districts.

(b) Fix the minimum distances for the sole purpose of determining the total current expenses of a district for transportation.

(c) Determine what expenditures constitute "current expenses."

(d) Establish and prescribe formulae for the sole purpose of computing financial allowances under which school busses may be acquired in accordance with the provisions of Section 18058.

(e) Provide for the review and approval of all expenditures upon which allowances are computed.

(f) Establish and prescribe formulae for the sole purpose of computing financial allowances for reimbursement of replacement expenses incurred by a school district replacing school busses.

Computation of allowances

18055. (a) He shall allow to each elementary school district, high school district, and junior college district, except as to any to which subsections (b), (c) and (d) of this section or Section 18057 is applicable, which during the preceding fiscal year provided for the transportation of pupils, an amount which shall be computed as follows:

He shall determine the total current expenses of the district for such transportation during the preceding fiscal year. He shall then determine what rate of tax levied on each one hundred dollars ($100) of 90 percent of the assessed valuation of the district as shown by the equalized assessment roll of the district for the preceding fiscal year, hereinafter referred to in this section as computed tax rate, would, if levied, produce such amount. If the computed rate of tax is more than two cents ($0.02) he shall allow to the district (1) 50 percent of the amount which would be produced by not more than eight cents ($0.08) of the computed tax rate less two cents ($0.02) and (2) 100 percent of the amount which would be produced by the computed tax rate in excess of eight cents ($0.08).

(b) He shall allow to each high school district maintaining a junior college, except as to any to which Section 18057 is applicable, which during the preceding fiscal year provided for the transportation of pupils, an amount which shall be computed as follows:

He shall determine the total current expenses of the districts for such transportation during the preceding fiscal year. He shall then determine what rate of tax levied on each one hundred dollars ($100) of 90 percent of the assessed valuation of the district as shown by the equalized assessment roll of the district for the preceding fiscal year, hereinafter referred to in this section as computed tax rate, would, if levied, produce

such amount. If the computed rate of tax is more than three cents ($0.03) he shall allow to the district (1) 50 percent of the amount which would be produced by not more than twelve cents ($0.12) of the computed tax rate less three cents ($0.03) and (2) 100 percent of the amount which would be produced by the computed tax rate in excess of twelve cents ($0 12).

(c) He shall allow to each elementary school district which is not a part of a high school district and which during the preceding fiscal year provided for the transportation of pupils to the elementary schools of the district and to one or more high schools in other districts an amount which shall be computed as follows:

He shall determine the total current expenses of the districts for such transportation during the preceding fiscal year. He shall then determine what rate of tax levied on each one hundred dollars ($100) of 90 percent of the assessed valuation of the district as shown by the equalized assessment role of the district for the preceding fiscal year, hereinafter referred to in this section as computed tax rate, would, if levied, produce such amount. If the computed rate of tax is more than four cents ($0.04) he shall allow to the district (1) 50 percent of the amount which would be produced by not more than sixteen cents ($0.16) of the computed tax rate less four cents ($0.04) and (2) 100 percent of the amount which would be produced by the computed tax rate in excess of sixteen cents ($0.16).

If an elementary district which is not a part of a high school district provides only for the transportation of pupils to a high school, an amount shall be computed as provided in subdivision (a) of this section.

(d) He shall allow to each high school district not a part of any junior college district which during the preceding fiscal year provided for the transportation of pupils to the high schools of the district and pupils attending junior colleges maintained by other districts an amount which shall be computed as follows:

He shall determine the total current expenses of the districts for such transportation during the preceding fiscal year. He shall then determine what rate of tax levied on each one hundred dollars ($100) of 90 percent of the assessed valuation of the district as shown by the equalized assessment roll of the district for the preceding fiscal year, hereinafter referred to in this section as computed tax rate, would, if levied, produce such amount. If the computed rate of tax is more than four cents ($0.04) he shall allow to the district (1) 50 percent of the amount which would be produced by not more than sixteen cents ($0.16) of the computed tax rate less four cents ($0.04) and (2) 100 percent of the amount which would be produced by the computed tax rate in excess of sixteen cents ($0.16).

If a high school district which is not a part of a junior college district provides only for the transportation of pupils to a junior college, an amount shall be computed as provided in subdivision (a) of this section.

Same Unified districts

18056. (a) He shall allow to each unified school district formed under the provisions of Sections 3001 to 3451, inclusive, of this code, the formation of which became effective on July 1, 1948, or thereafter, an amount equal to the total current expenses of the district during the preceding fiscal year for the transportation of pupils, determined by the Superintendent of Public Instruction to have been required because of a change of the location of schoolhouses or the reorganization of attendance centers within the district during such preceding fiscal year. No allowance shall be made under this paragraph subsequent to the close of the fifth fiscal year following that in which the district was formed and thereafter the provisions of subsection (b) or (c) of this section shall control as to such district.

(b) He shall allow to each unified school district not maintaining a junior college which during the preceding fiscal year provided for the transportation of pupils, an amount which shall be computed as follows:

He shall determine the total current expenses of the district for such transportation during the preceding fiscal year. He shall then determine what rate of tax levied on each one hundred dollars ($100) of 90 percent of the assessed valuation of the district as shown by the equalized assessment roll of the district for the preceding fiscal year, hereinafter referred to in this section as computed tax rate, would, if levied, produce such amount. If the computed rate of tax is more than three cents ($0.03) he shall allow to the district (1) 50 percent of the amount which would be produced by not more than twelve cents ($0.12) of the computed tax rate less three cents ($0.03) and (2) 100 percent of the amount which would be produced by the computed tax rate in excess of twelve cents ($0.12).

(c) He shall allow to each unified school district maintaining a junior college which during the preceding fiscal year provided for the transportation of pupils, an amount which shall be computed as follows:

He shall determine the total current expenses of the district for such transportation during the preceding fiscal year. He shall then determine what rate of tax levied on each one hundred dollars ($100) of 90 percent of the assessed valuation of the district as shown by the equalized assessment roll of the district for the preceding fiscal year, hereinafter referred to in this section as computed tax rate, would, if levied, produce such amount. If the computed rate of tax is more than four cents ($0.04) he shall allow to the district (1) 50 percent of the amount which would be produced by not more than sixteen cents ($0.16) of the computed tax rate less four cents ($0.04) and (2) 100 percent of the amount which would be produced by the computed tax rate in excess of sixteen cents ($0.16).

Same Joint transportation systems

18057. He shall compute for each group of two or more school districts which have been continuously from a time prior of July 1, 1949, governed by boards of identical personnel during the preceding fiscal year and have maintained a single

transportation system for all of such districts which provided for the transportation of pupils, an amount which shall be computed as follows:

He shall determine the total current expenses of the districts for such transportation during the preceding fiscal year.

(a) He shall, if such group comprises an elementary school district and a high school district not maintaining a junior college and each district provided for the transportation of pupils, or comprises an elementary school district, a high school district, and a junior college district and each district except the junior college district provided for the transportation of pupils, or comprises a high school district and a junior college district and each district provided for the transportation of pupils, then determine what rate of tax levied on each one hundred dollars ($100) of 90 percent of the assessed valuation of that one of such districts providing for the transportation of pupils which has the largest assessed valuation as shown by the equalized assessment roll of the district for the preceding fiscal year, hereinafter referred to in this section as computed tax rate, would, if levied, produce such amount. If the computed rate of tax is more than three cents ($0.03) he shall allow the district (1) 50 percent of the amount which would be produced by not more than twelve cents ($0.12) of the computed tax rate less three cents ($0 03) and (2) 100 percent of the amount which would be produced by the computed tax rate in excess of twelve cents ($0.12).

(b) He shall, if such group comprises an elementary school district, and a high school district maintaining a junior college, each of which provided for the transportation of pupils, including those attending the junior college, or comprises an elementary school district, a high school district, and a junior college district, each of which provided for the transportation of pupils, then determine what rate of tax levied on each one hundred dollars ($100) of 90 percent of the assessed valuation of that one of such districts providing for the transportation of pupils which had the largest assessed valuation as shown by the equalized assessment roll of the district for the preceding fiscal year, hereinafter referred to in this section as computed tax rate, would, if levied, produce such amount. If the computed rate of tax is more than four cents ($0 04) he shall allow to the district (1) 50 percent of the amount which would be produced by not more than sixteen cents ($0.16) of the computed tax rate less four cents ($0.04) and (2) 100 percent of the amount which would be produced by the computed tax rate in excess of sixteen cents ($0.16).

He shall then allow to each district in the group the same ratio of the total amount computed for the group as the governing boards of the districts in the groups certify to him is the ratio the amount expended for such transportation in such district during the preceding fiscal year was of the total expenditures of all districts in the group for such transportation during the preceding fiscal year.

Unified school district Cost of buses

18058. In the case of a unified school district formed under Sections 3001 to 3451, inclusive, of this code, the formation of which became effective for all purposes on July 1, 1948, or thereafter, there shall be included in addition to the current expenses of transportation of the district the cost of such school busses for the first five fiscal years in which it purchases school busses as are determined by the Superintendent of Public Instruction to have been required because of changes in the location of schools or the reorganization of attendance centers within the district. This paragraph shall not be effective as to any unified school district after the end of the fifth fiscal year succeeding the formation of the district.

Standards of approval

18059. The Superintendent of Public Instruction in approving, under this article (commencing at Section 18051), current expenses of school districts for the transportation of pupils shall apply the same standards and basis for such approval to expenditures for such transportation provided by a school district in school busses owned and operated by the school district and expenditures for such transportation provided by a contract with a private party.

Allowance for special students

18060. (a) The Superintendent of Public Instruction shall not allow under this section during any fiscal year a total amount in excess of the amount provided by law.

(b) In addition to all other amounts allowed to a school district under this article (commencing at Section 18051), the Superintendent of Public Instruction shall allow to each school district an amount equal to the current expense of the district during the preceding fiscal year of transporting blind, deaf, cerebral palsied, and orthopedically handicapped minor pupils and mentally retarded minors who come within the provisions of Section 6903, to and from special day classes but not in excess of three hundred fifty dollars ($350) for each unit of average daily attendance of such pupils during the next preceding fiscal year resulting from the attendance of such pupils on the special day classes to and from which they were transported by the district.

(c) The Superintendent of Public Instruction shall allow to the county school service fund of each county an amount equal to the current expense of the county superintendent of schools during the preceding fiscal year of transporting blind, deaf, cerebral palsied, and orthopedically handicapped minor pupils and mentally retarded minors who come within the provisions of Section 6903, to and from special day classes but not in excess of three hundred fifty dollars ($350) for each unit of average daily attendance during the next preceding year resulting from the attendance of such pupils on the special day classes to and from which they were transported by the county superintendent of schools.

(d) If the total amount which may be allowed under subdivision (a) during any fiscal year is less than the total allowances computed under subdivisions (b) and (c), the amounts allowed shall be reduced proportionately.

(e) If the total amount which may be allowed under subdivision (a) during any fiscal year is more than the total allowances computed under subdivisions (b) and (c), the balance shall be apportioned pursuant to Section 18459.

This section shall become effective on July 1, 1959.

18060.1. (a) In addition to all other amounts allowed to a school district under this article (commencing at Section 18051), the Superintendent of Public Instruction shall allow to each school district an amount equal to the current expense of the district during the preceding fiscal year of transporting blind, deaf, cerebral palsied, and orthopedically handicapped minor pupils and mentally retarded minors who come within the provisions of Section 6903, to and from special day classes but not in excess of three hundred and fifty dollars ($350) for each unit of average daily attendance of such pupils during the next preceding fiscal year resulting from the attendance of such pupils on the special day classes to and from which they were transported by the district. Same

(b) The Superintendent of Public Instruction shall allow to the county school service fund of each county an amount equal to the current expense of the county superintendent of schools during the preceding fiscal year of transporting blind, deaf, cerebral palsied, and orthopedically handicapped minor pupils and mentally retarded minors who come within the provisions of Section 6903, to and from special day classes but not in excess of three hundred fifty dollars ($350) for each unit of average daily attendance during the next preceding year resulting from the attendance of such pupils on the special day classes to and from which they were transported by the county superintendent of schools.

This section shall remain in effect until July 1, 1959.

18061. (a) In the event that the total amount which may be allowed under Section 18051 during any fiscal year is less than the total allowances computed under Sections 18055, 18056, 18057, and 18058, the amount allowed shall be successively recomputed by adding one-tenth of one cent ($0.001) to the lower tax rates provided for in Sections 18055, 18056, and 18057, respectively, until there is no deficit. Any balance remaining shall be allowed pursuant to Section 18460 or 18460.1, whichever is in effect. Recomputation

(b) In the event the total amount which may be allowed under Section 18051 during any fiscal year is more than the total allowances computed under Sections 18055, 18056, 18057, and 18058, the balance shall be allowed pursuant to Section 18460 or 18460.1, whichever is in effect.

Article 11. Computation of Allowances to School Districts for Excess Expenses for Physically Handicapped Minors

18101. The Superintendent of Public Instruction shall not allow under this article (commencing at Section 18101) dur- Limitation

ing any fiscal year a total amount in excess of the amount provided by law.

This section shall become effective on July 1, 1959.

School districts

18102. The Superintendent of Public Instruction shall allow to each school district an amount equal to the excess current expense of education to such district of educating physically handicapped minor pupils but not in excess of six hundred dollars ($600) for each unit of average daily attendance of physically handicapped minor pupils in the district during the next preceding fiscal year, and an additional amount not in excess of six hundred dollars ($600), or the cost to the district, whichever is the lesser, for each unit of average daily attendance of blind pupils, when a reader has actually been provided to assist him with his studies, or for the purchase of Braille books, the cost of transcribing ink print materials into Braille, the purchase or making of sound recordings and the purchase of special supplies and equipment for blind pupils.

County school service funds

18103. County School Service Fund. The Superintendent of Public Instruction shall allow to the county school service fund of each county an amount equal to the excess current expense of education to the county superintendent of schools of educating physically handicapped minor pupils but not in excess of six hundred dollars ($600) for each unit of average daily attendance of physically handicapped minor pupils educated by the county superintendent of schools during the preceding fiscal year, and an additional amount not in excess of six hundred dollars ($600), or the cost to the county superintendent, whichever is the lesser, for each unit of average daily attendance of blind pupils, when a reader has actually been provided to assist him with his studies, or for the purchase of Braille books, the cost of transcribing ink print materials into Braille, the purchase or making of sound recordings and the purchase of special supplies and equipment for blind pupils.

Reduction

18104. If the total amount which may be allowed under Section 18101 during any fiscal year is less than the total allowances computed under Sections 18102 and 18103, the amounts allowed shall be reduced proportionately.

This section shall become effective on July 1, 1959.

Recomputation

18105. If the total amount which may be allowed under Section 18101 during any fiscal year is more than the total allowances computed under Sections 18102 and 18103, the balance shall be allowed pursuant to Section 18459.

This section shall become effective on July 1, 1959.

Aid for blind pupils Total amount

18106. The total amount which may be allowed to school districts and county superintendents of schools under Sections 18102 and 18103 for readers provided blind pupils to assist them with their studies, or for the purchase of Braille books, the cost of transcribing ink print materials into Braille, the purchase or making of sound recordings and the purchase of special supplies and equipment for blind pupils shall not ex-

ceed forty thousand dollars ($40,000) in any fiscal year. If the total amount which may be allowed under this section during any fiscal year is less than the total allowances computed under Sections 18102 and 18103 for that purpose, the amounts allowed shall be reduced proportionately.

Article 12. Computation of Allowances for Excess Expense for Mentally Retarded Minors

18151. The Superintendent of Public Instruction shall not allow under this article (commencing at Section 18151) during any fiscal year a total amount in excess of the amount provided by law. Limitation

This section shall become effective on July 1, 1959.

18152. The Superintendent of Public Instruction shall allow to each school district an amount equal to the excess current expense of education, including transportation, to the school district, of educating mentally retarded minors who come within the provisions of Section 6902 during the preceding fiscal year in special schools or classes but not in excess of two hundred dollars ($200) per unit of average daily attendance of such minors. School districts

18153. The Superintendent of Public Instruction shall allow to the county school service fund of each county an amount equal to the excess current expense of education, including transportation, to the county superintendent of schools of educating mentally retarded minors coming within the provisions of Section 6902, during the preceding fiscal year in special schools or classes but not in excess of two hundred dollars ($200) per unit of average daily attendance of such minors. County school service funds

18154. If the total amount which may be allowed under Section 18151 during any fiscal year is less than the total allowances computed under Sections 18152 and 18153 the amounts allowed shall be reduced proportionately. Reduction

This section shall become effective on July 1, 1959.

18155. If the total amount which may be allowed under Section 18151 during any fiscal year is more than the total allowances computed under Sections 18152 and 18153 the balance shall be allowed pursuant to Section 18459. Recomputation

This section shall become effective on July 1, 1959.

18156. No allowance shall be made under this article (commencing at Section 18151) for the education of mentally retarded minors in special schools or classes which do not comply with the standards established by the Department of Education. Limitation

Article 13. Computation of Allowances for Excess Expense for Severely Mentally Retarded Minors

18201. The Superintendent of Public Instruction shall not allow under this article (commencing at Section 18201) during Limitation

any fiscal year a total amount in excess of the amount provided by law.

This section shall become effective on July 1, 1959.

School districts

18202. The Superintendent of Public Instruction shall allow to each school district an amount equal to the excess current expense of education to the district, excluding transportation, of educating mentally retarded minors who come within the provisions of Section 6903 during the preceding fiscal year but not in excess of four hundred fifty dollars ($450) per unit of average daily attendance of such minors.

County school service funds

18203. The Superintendent of Public Instruction shall allow to each county school service fund an amount equal to the excess current expense of education to the county superintendent of schools, excluding transportation, of educating mentally retarded minors who come within the provisions of Section 6903 during the preceding fiscal year but not in excess of four hundred fifty dollars ($450) per unit of average daily attendance of such minors.

Reduction

18204. If the total amount which may be allowed under Section 18201 during any fiscal year is less than the total allowances computed under Sections 18202 and 18203 the amounts allowed shall be reduced proportionately.

This section shall become effective on July 1, 1959.

Recomputation

18205 If the total amount which may be allowed under Section 18201 during any fiscal year is more than the total allowances computed under Sections 18202 and 18203 the balance shall be allowed pursuant to Section 18459.

This section shall become effective on July 1, 1959.

Limitation

18206. No allowance shall be made under this article (commencing at Section 18201) for the education of mentally retarded minors in special schools or classes which do not comply with the standards established by the Department of Education.

Article 14. Computation of Allowances for Excess Cost of Driver Training

Amount

18251. The Superintendent of Public Instruction shall allow to each school district an amount equal to the actual cost, but not in excess of thirty-five dollars ($35) per pupil instructed in automobile driver training, during the preceding fiscal year in accordance with regulations set forth by the State Board of Education to districts for instructing pupils in automobile driver training.

Limitation

18252. No allowance shall be made under this article (commencing at Section 18251) for the instruction of pupils in automobile driver training unless the school district has complied with the rules and regulations of the State Board of Education governing the establishment, conduct, and scope of automobile driver education and driver training.

Article 15. Special Allowances for Project-connected Pupils

"Project"

18301. As used in this article (commencing at Section 18301) the term "project" means any major, localized, undertaking by or under the jurisdiction of the State Department of Water Resources which has a duration, estimated by the Director of the Department of Water Resources, of more than three years.

Definition

18302. A project-connected pupil, as used in this article (commencing at Section 18301), means a child of a parent, guardian, or other person standing in loco parentis who has enrolled in the regular full-time day schools of the district subsequent to the commencement of a project, and: (a) whose parent or guardian is employed by a contractor or subcontractor in connection with the project, or by the State of California whose work is in connection with the project; or (b) whose parent or guardian is employed in the school district or in a contiguous school district and such child is in addition to the number of children who would otherwise normally be expected to be in the district, as approved by the Superintendent of Public Instruction in accordance with regulations that he is herewith authorized to adopt. The records identifying, and accounting for the attendance of project-connected children shall be prescribed by the Superintendent of Public Instruction.

Computation of allowances

18303. The Superintendent of Public Instruction shall allow to each eligible district for each unit of average daily attendance in the regular full-time day schools of the district during the preceding fiscal year of project-connected pupils, as project-connected pupils are defined in this article (commencing at Section 18301), an amount equal to the product of the assessed valuation multiplied by the general fund tax rate of the district during the preceding fiscal year, exclusive of taxes levied pursuant to Sections 1615, 19443, and 19619, divided by the average daily attendance of the district, exclusive of the average daily attendance of project-connected pupils, reduced by the difference between the amount of basic state aid and equalization aid per unit of average daily attendance apportioned to the district pursuant to Section 17402 during the current fiscal year and the amount per unit of average daily attendance that would have been apportioned had the computations been made after the exclusion of average daily attendance of project-connected pupils from the average daily attendance of the district.

Computation of average daily attendance

18304. The units of average daily attendance of project-connected pupils, as defined in subdivision (a) of Section 18302, for a fiscal year shall be computed by dividing the total number of days of attendance of such pupils by the number of days school was actually taught in the regular day schools of the district during the fiscal year. The units of average daily attendance of project-connected pupils, as de-

fined in subdivision (b) of Section 18302, for a fiscal year shall be computed by dividing the total number of days of attendance of such pupils by the number of days school was actually taught in the regular day schools of the district during the fiscal year and by multiplying the quotient by 55 percent. Section 11254 shall apply only to the total number of units of average daily attendance computed pursuant to this section.

Eligible districts

18305. A district shall be eligible for an allowance under Section 18303 if the average daily attendance of project-connected pupils is at least 10 and is at least 3 percent of the total average daily attendance in the district during the preceding fiscal year.

Attendance

18306. For the purposes of this article (commencing at Section 18301), pupils in grades 7 and 8 attending a junior high school maintained by a high school district shall be deemed to be in attendance in the schools of the elementary district of residence.

Apportionments

18307. Amounts allowed pursuant to this article (commencing at Section 18301) shall be apportioned by the Superintendent of Public Instruction at the same time and as a part of the special purpose apportionment made under the provisions of Section 17405 or 17405.1, whichever is in effect.

Article 16. Computation of Allowances to County School Service Funds and Budgetary Requirements of County School Service Funds

Budget

18351. The county superintendent of schools shall on or before April 1st of each year submit to the Superintendent of Public Instruction a budget for the succeeding fiscal year, in such form as the Superintendent of Public Instruction shall prescribe, setting forth all known and estimated revenues of the county school service fund for such fiscal year from all sources, and the proposed expenditures from the county school service fund for such fiscal year. The budget shall be approved by the Superintendent of Public Instruction. No allowance shall be made under Sections 18351 to 18354, inclusive, whichever are in effect, to a county superintendent of schools for any item of current expenses or capital outlay with respect to which the county superintendent has failed to comply with the regulations of the Superintendent of Public Instruction which he is herewith authorized to adopt applicable to such item. The regulations adopted by the Superintendent of Public Instruction hereunder shall not be limited to, but shall, among other matters:

Regulations

(a) Prescribe procedures relating to budgeting, purchasing and replacing capital outlay items.

(b) Prescribe procedures relating to the purchase, replacement, operation and maintenance of automotive equipment.

(c) Prescribe the conditions under which the county superintendent of schools may provide services to districts by contract.

(d) Prescribe the conditions under which allowances may be made to the county superintendent of schools to contract for the services of special consultants.

(e) Prescribe the conditions under which allowances may be made to the county superintendent of schools to assume functions authorized by law to be performed either by the county superintendent of schools or another public agency.

(f) Prescribe conditions under which allowances will be made to meet conditions of an emergency nature requiring the establishment and maintenance of emergency schools, the providing of emergency teachers for regular elementary schools, the providing of emergency transportation to regular elementary schools, or emergency apportionments to school districts.

(g) Define county school service fund publications and prescribe the procedures to be followed relating to budgeting, printing and distributing such publications.

(h) Establish, solely for budget approval purposes, a classification of county school service fund personnel and a salary schedule for each classification.

(i) Establish and prescribe formulae for the sole purpose of guidance in determining the amount that may be allowed each county superintendent of schools.

Upon the approval of the budget by the Superintendent of Public Instruction, he shall note his approval thereon and transmit one copy thereof to the county superintendent of schools and one copy to the county auditor of the county.

Total amount allowed

18352. The Superintendent of Public Instruction shall during each fiscal year allow to the county school service fund of each county from the State School Fund such amounts as the budget submitted by the county superintendent of schools and approved by the Superintendent of Public Instruction, under Section 18351, shows is necessary, but:

(a) The total amount allowed by the Superintendent of Public Instruction under this section to all county school service funds for supervision of instruction in all grades and classes of elementary school districts which during the next preceding fiscal year had less than 901 units of average daily attendance and in the elementary schools of unified school districts which during the next preceding fiscal year had less than 1,501 units of average daily attendance shall not exceed the sum provided by law for such purpose or the amounts shown necessary by such budgets, for such purpose, whichever is the lesser.

(b) The total amount allowed by the Superintendent of Public Instruction under this section to all county school service funds for all other purposes shall not exceed the sum provided by law for such purposes or the amounts shown necessary by such budgets, whichever is the lesser.

(c) The Superintendent of Public Instruction is herewith authorized to withhold from the allowances made pursuant to subdivision (b) of this section such amount as he determines is needed, but not in excess of five hundred thousand dollars ($500,000), to reimburse county superintendents of schools for expenses incurred in providing emergency education to pupils and making emergency financial grants to school districts pursuant to the provisions of Section 20105.

(d) The Superintendent of Public Instruction is herewith authorized to withhold from the allowances made pursuant to subdivision (b) of this section such amount as he determines is needed to reimburse county superintendents of schools for the actual and necessary travel expenses incurred in connection with co-operative county publication projects by the county superintendent of schools or members of his staff.

Same

18352.1. The Superintendent of Public Instruction shall during each fiscal year allow to the county school service fund of each county from the State School Fund such amounts as the budget submitted by the county superintendent of schools and approved by the Superintendent of Public Instruction, under Section 18351, shows is necessary, but:

(a) The total amount allowed by the Superintendent of Public Instruction under this section to all county school service funds for supervision of instruction in all grades and classes of elementary school districts which during the next preceding fiscal year had less than 901 units of average daily attendance and in the elementary schools of unified school districts which during the next preceding fiscal year had less than 1,501 units of average daily attendance shall not exceed the sum provided by law for such purpose or the amounts shown necessary by such budgets, for such purpose, whichever is the lesser.

(b) The total amount allowed by the Superintendent of Public Instruction under this section to all county school service funds for all other purposes shall not exceed the sum provided by law for such purposes or the amounts shown necessary by such budgets, whichever is the lesser.

(c) The Superintendent of Public Instruction is herewith authorized to withhold from the allowances made pursuant to subdivision (b) of this section such amount as he determines is needed, but not in excess of five hundred thousand dollars ($500,000), to reimburse county superintendents of schools for expenses incurred in providing emergency education to pupils and making financial grants to school districts pursuant to the provisions of Sections 20105 and 20106.

(d) The Superintendent of Public Instruction is herewith authorized to withhold from the allowances made pursuant to subdivision (b) of this section such amount as he determines is needed to reimburse county superintendents of schools for the actual and necessary travel expenses incurred in connection with co-operative county publication projects by the county superintendent of schools or members of his staff.

18353. The Superintendent of Public Instruction shall allow at such times as needed to the county school service fund of each county eligible to receive reimbursement from the amounts withheld pursuant to subdivisions (c) and (d) of Section 18352 or 18352.1, whichever is in effect, the amounts claimed by the county superintendent of schools as expenditures from the county school service fund eligible for reimbursement. Reimbursement amounts

18354. The budget submitted pursuant to Section 18351 shall include an amount equal to that specified by law as the State's contribution toward payment of the annual salary of the county superintendent of schools to be used exclusively for the partial payment of the annual salary of the county superintendent of schools. Such amount shall be paid for such purpose from the allowance made to the county school service fund pursuant to Section 18352 or 18352.1, whichever is in effect. Salary State's contribution

18355. The Superintendent of Public Instruction shall allow, in addition to all other allowances, to the county school service fund: County school service fund allowances

(a) For all emergency schools maintained in each elementary school district of the county by the county superintendent of schools during the preceding fiscal year, the same amount as he would compute as the foundation program of an elementary school district under Sections 17651 to 17667, inclusive, whichever are in effect, except that the provisions of Section 17657 shall not apply. No allowance shall be made under this subdivision which is in excess of the actual expense of maintaining the emergency schools during the preceding fiscal year.

(b) Two hundred eighty dollars ($280) for each unit of average daily attendance of physically handicapped pupils of secondary grade educated by the county superintendent of schools during the preceding fiscal year.

This section shall become effective on July 1, 1959.

18355.1. The Superintendent of Public Instruction shall allow, in addition to all other allowances, to the county school service fund: Same

(a) For all emergency schools maintained in each elementary school district of the county by the county superintendent of schools during the preceding fiscal year, the same amount as he would compute as the foundation program of an elementary school district under Sections 17651 to 17667, inclusive, whichever are in effect, except that the provisions of Section 17657 shall not apply and whenever Section 17656.1, 17660.1, or 17661.1 require him to multiply average daily attendance by two hundred eighteen dollars ($218) he shall, for the purposes of this section multiply by two hundred twenty dollars ($220). No allowance shall be made under this subdivision which is in excess of the actual expense of maintaining the emergency schools during the preceding fiscal year.

(b) Three hundred ten dolars ($310) for each unit of average daily attendance of physically handicapped pupils of secondary grade educated by the county superintendent of schools during the preceding fiscal year.

This section shall remain in effect until July 1, 1959.

Special schools or classes

18356. The Superintendent of Public Instruction shall allow to the county school service fund for all special schools or classes for mentally retarded minors maintained in each elementary school district of the county by the county superintendent of schools, the same amount as he would compute as the foundation program of an elementary school district under Sections 17651 to 17667, inclusive, whichever are in effect, except that the provisions of Section 17657 shall not apply.

This section shall become effective on July 1, 1959.

Same

18356.1. The Superintendent of Public Instruction shall allow to the county school service fund for all special schools or classes for mentally retarded minors maintained in each elementary school district of the county by the county superintendent of schools, the same amount as he would compute as the foundation program of an elementary school district under Sections 17651 to 17667, inclusive, whichever are in effect, except that the provisions of Section 17657 shall not apply and whenever Section 17656.1, 17660.1, or 17661.1 require him to multiply average daily attendance by two hundred eighteen dollars ($218) he shall, for the purposes of this section multiply by two hundred twenty dollars ($220).

This section shall remain in effect until July 1, 1959.

Elementary schools in juvenile halls, etc

18357. The Superintendent of Public Instruction shall allow to the county school service fund for all elementary schools maintained in juvenile halls, juvenile homes, and juvenile camps by the county superintendent of schools, the same amount as he would compute as the foundation program of an elementary school district under Sections 17651 to 17667, inclusive, whichever are in effect, except that the provisions of Section 17657 shall not apply.

This section shall become effective on July 1, 1959.

Same

18357.1. The Superintendent of Public Instruction shall allow to the county school service fund for all elementary schools maintained in juvenile halls, juvenile homes, and juvenile camps by the county superintendent of schools, the same amount as he would compute as the foundation program of an elementary school district under Sections 17651 to 17667, inclusive, whichever are in effect, except that the provisions of Section 17657 shall not apply and whenever Sections 17656.1, 17660.1, or 17661.1 require him to multiply average daily attendance by two hundred eighteen dollars ($218) he shall, for the purposes of this section, multiply by two hundred twenty dollars ($220).

This section shall remain in effect until July 1, 1959.

Secondary schools in juvenile halls, etc.

18358. The Superintendent of Public Instruction shall allow to the county school service fund for all secondary

schools maintained in juvenile halls, juvenile homes and juvenile camps by the county superintendent of schools, an amount computed by multiplying the average daily attendance in such secondary schools during the preceding fiscal year by two hundred eighty dollars ($280).

This section shall become effective on July 1, 1959.

Same

18358.1. The Superintendent of Public Instruction shall allow to the county school service fund for all secondary schools maintained in juvenile halls, juvenile homes and juvenile camps by the county superintendent of schools, an amount computed by multiplying the average daily attendance in such secondary schools during the preceding fiscal year by three hundred ten dollars ($310).

This section shall remain in effect until July 1, 1959.

Article 17. Computations of Allowances to County School Tuition Funds

Attendance in schools in adjoining state

18401. The Superintendent of Public Instruction shall allow to each county school tuition fund one hundred twenty dollars ($120) for each unit of average daily attendance of pupils residing in the county and attending school in an adjoining state during the preceding fiscal year.

This section shall become effective on July 1, 1959.

Same

18401.1. The Superintendent of Public Instruction shall allow to each county school tuition fund one hundred twenty-five dollars ($125) for each unit of average daily attendance of pupils residing in the county and attending school in an adjoining state during the preceding fiscal year.

This section shall remain in effect until July 1, 1959.

Article 18. Recomputation of Allowances

Maximum allowances

18451. (b) The total amount allowed from the State School Fund as basic and equalization aid to be apportioned on account of average daily attendance during the preceding fiscal year credited to all kindergarten and elementary schools in the state and county school tuition funds on account of elementary school pupils shall not exceed the amount provided by law.

(c) The total amount allowed from the State School Fund as basic and equalization aid to be apportioned on account of average daily attendance during the preceding fiscal year credited to all high schools in the state and county school tuition funds on account of high school pupils shall not exceed the amount provided by law.

(d) The total amount allowed from the State School Fund as basic and equalization aid to be apportioned on account of average daily attendance during the preceding fiscal year credited to all junior college schools in the State shall not exceed the amount provided by law.

This section shall become effective on July 1, 1959.

Same

18451.1. (a) The total amount allowed from the State School Fund as basic and equalization aid, and allowances in lieu of basic and equalization aid allowed pursuant to Sections 18355.1, 18356.1, 18357.1, 18358.1 and 18401.1, to be apportioned on account of average daily attendance during the preceding fiscal year credited to all kindergarten, elementary, high school, and junior college schools in the state and county school tuition funds on account of elementary, high school, and junior college school pupils shall not exceed the amount provided by law therefor.

(b) The total amount allowed from the State School Fund pursuant to Section 18060.1 and Sections 18101 to 18206, inclusive, shall not exceed the amount provided by law therefor.

This section shall remain in effect until July 1, 1959.

Increased allowances

18452. If the total amount allowed from the State School Fund to all elementary school districts, county school service funds, and county school tuition funds under Sections 17614, 17615, 17751, Sections 17901 to 17906, inclusive, and Sections 18355 to 18401, inclusive, whichever are in effect, on account of average daily attendance during the preceding fiscal year credited to all kindergarten and elementary schools in the state and county school tuition funds on account of elementary school pupils is less than the total amount provided in subdivision (b) of Section 18451, the balance shall be used to increase proportionately the allowances made to which Sections 18456 and 18457 applied. The increased allowances shall not exceed the amounts computed under Sections 17614 and 17615, Sections 17801 to 17906, inclusive, Sections 17951 and 17952, and Sections 18355 to 18401, inclusive, whichever are in effect. The total increase for all high school or all junior college districts shall not exceed an amount that bears the same ratio to the total balance as the amount of the reduction for such districts under Section 18456 or 18457 bears to the total amount of the reduction. Any portion of the balance remaining after the computations required by this section shall be allowed pursuant to Section 18460.

This section shall become effective on July 1, 1959.

Same

18452.1. If the total amount allowed from the State School Fund to all school districts, county school service funds, and county school tuition funds under Sections 17614, 17615, 17751.1, 17801.1, 17851.1, 17901.1, 17902, 17903.1, 17904, 17905.1, 17906.1, 17951.1, 17952, 18355.1, 18356.1, 18357.1, 18358.1, and 18401.1 on account of average daily attendance during the preceding fiscal year credited to all kindergarten, elementary, high school, and junior college schools in the state and county school tuition funds is less than the amount provided by law for such purposes, the balance shall be allowed pursuant to Section 18460.1.

This section shall remain in effect until July 1, 1959.

Same

18453. If the total amount allowed from the State School Fund to all high school districts, county school service funds, and county school tuition funds under Sections 17614, 17615,

17801, Sections 17901 to 17906, inclusive, Sections 17951, 17952, and Sections 18355 to 18401, inclusive, whichever are in effect, on account of average daily attendance during the preceding fiscal year credited to all high schools in the state and county school tuition funds on account of high school pupils is less than the total amount provided in subdivision (c) of Section 18451, the balance shall be used to increase proportionately the allowances made to which Sections 18455 and 18457 applied. The increased allowances shall not exceed the amounts computed under Sections 17614, 17615, 17751, 17851, 17901 to 17906, inclusive, 17951, 17952, and Sections 18355 to 18401, inclusive, whichever are in effect. The total increase for all elementary or all junior college districts shall not exceed an amount that bears the same ratio to the total balance as the amount of the reduction for such districts under Section 18455 or 18457 bears to the total amount of the reduction. Any portion of the balance remaining after the computations required by this section shall be allowed pursuant to Section 18460.

This section shall become effective on July 1, 1959.

Same

18453.1. If the total amount allowed from the State School Fund to all school districts and county school service funds under Section 18060.1, and Sections 18101 to 18206, inclusive, whichever are in effect, on account of average daily attendance during the preceding fiscal year is less than the total amount provided by law for such purposes, the balance shall be allowed pursuant to Section 18460.1.

This section shall remain in effect until July 1, 1959.

Same Junior colleges

18454. If the total amount allowed from the State School Fund to all junior college districts and county school service funds under Sections 17614 and 17615, Sections 17851 to 17906, inclusive, Sections 17951 and 17952, and Sections 18355 to 18358, inclusive, whichever are in effect, on account of average daily attendance during the preceding fiscal year credited to all junior college schools in the State is less than the total amount provided in subdivision (d) of Section 18451, the balance shall be used to increase proportionately the allowances made to which Sections 18455 and 18456 applied. The increased allowances shall not exceed the amounts computed under Sections 17614, 17615, 17751 and 17801, Sections 17901 to 17906, inclusive, Sections 17951 and 17952, and Sections 18355 to 18401, inclusive, whichever are in effect. The total increase for all elementary or all high school districts shall not exceed an amount that bears the same ratio to the total balance as the amount of the reduction for such districts under Section 18455 or 18456 bears to the total amount of the reduction. Any portion of the balance remaining after the computations required by this section shall be allowed pursuant to Section 18460.

This section shall become effective on July 1, 1959

Reduction in apportionment

18455. If the total amount allowed from the State School Fund to all elementary school districts, county school service

funds, and county tuition funds under Sections 17614, 17615, 17751, Sections 17901 to 17906, inclusive, and Sections 18355 to 18401, inclusive, whichever are in effect, on account of average daily attendance during the preceding fiscal year credited to all kindergarten and elementary schools in the state and county school tuition funds on account of elementary schools pupils is more than the total amount provided in subdivision (b) of Section 18451, the amount allowed each such district as equalization aid from the State School Fund shall be reduced proportionately.

This section shall become effective on July 1, 1959.

Same

18455.1. If the total amount allowed from the State School Fund to all school districts, county school service funds, and county tuition funds under Sections 17614, 17615, 17751.1, 17801.1, 17851.1, 17951.1, 17952, 17901.1, 17902, 17903.1, 17904, 17905.1, 17906.1, 18355.1, 18356.1, 18357.1, 18358.1, and 18401.1, on account of average daily attendance during the preceding fiscal year credited to all kindergarten, elementary, high school, and junior college schools in the state and county school tuition funds is more than the total amount provided by law for such purposes, the amount allowed each such district as equalization aid from the State School Fund shall be reduced proportionately.

This section shall remain in effect until July 1, 1959.

Same

18456. If the total amount allowed from the State School Fund to all high school districts, county school service funds, and county tuition funds under Sections 17614, 17615, 17801, Sections 17901 to 17906, inclusive, Sections 17951 and 17952, and Sections 18355 to 18401, inclusive, whichever are in effect, on account of average daily attendance during the preceding fiscal year credited to all high schools in the state and county school tuition funds on account of high school pupils is more than the total amount provided in subdivision (c) of Section 18451, the amount allowed each such district as equalization aid from the State School Fund shall be reduced proportionately.

This section shall become effective on July 1, 1959.

Same

18456.1. If the total amount allowed from the State School Fund to all districts and county school service funds under Section 18060.1 and Sections 18101 to 18206, inclusive, whichever are in effect, on account of average daily attendance during the preceding fiscal year is more than the total amount provided by law for such purposes, the total amount allowed each such district and each such county school service fund from the State School Fund pursuant to said sections shall be reduced proportionately.

This section shall remain in effect until July 1, 1959.

Same

18457. If the total amount allowed from the State School Fund to all junior college districts and county school service funds under Sections 17614 and 17615, Sections 17851 to 17906, inclusive, Sections 17951 and 17952, and Sections 18355 to 18358, inclusive, whichever are in effect, on account of aver-

age daily attendance during the preceding fiscal year credited to all junior college schools in the State is more than the total amount provided in subdivision (d) of Section 18451, the amount allowed each such district as equalization aid from the State School Fund shall be reduced proportionately.

This section shall become effective on July 1, 1959.

Additional adjustment

18458. If the federal funds as defined in Section 17605 are in a school year reduced by more than 20 percent below those of the previous year upon which the current year's equalization aid has been computed, the Superintendent of Public Instruction shall then allow the district in the next fiscal year such additional amount as will make the total amount allowed the district equal to that which would have been allowed under Sections 17614, 17615, 17901, 17901.1, 17902, 17903. 17903.1, 17904, 17905, 17905.1, 17906, and 17906.1, whichever are in effect, to the district had the reduction occurred in the preceding fiscal year.

Same

18459. The total balance resulting from the provisions of subdivision (e) of Section 18060 and Sections 18105, 18155 and 18205 shall be added proportionately to such of the allowances made under subdivisions (b) and (c) of Section 18060 and Sections 18102, 18103, 18152, 18153, 18202 and 18203 to which subdivision (d) of Section 18060 and Sections 18104, 18154, or 18204, respectively, applied, but not to exceed the amounts computed under subdivisions (b) and (c) of Section 18060 and Sections 18102, 18103, 18152, 18153, 18202 and 18203 without respect to subdivision (d) of Section 18302 and Sections 18104, 18154, or 18204. Any portion of the total balance remaining after such computation shall be allowed pursuant to Section 18460.

This section shall become effective on July 1, 1959.

Allowance of balance

18460. If the total amount allowed county school service funds under Sections 18351 to 18354, inclusive, whichever are in effect, is less than the amounts provided by Section 18352 the balance shall be added to the balances resulting from the application of Sections 18009, 18061, 18452, 18453, 18454, 18459, and subdivision (b) of Section 17404, and the total of such balances shall be used as follows:

(a) First, to increase proportionately the allowances made to which Sections 18455, 18456, and 18457 applied. The increased allowances shall not exceed the amounts computed under Sections 17614 and 17615, Sections 17751 to 17906, inclusive, Sections 17951 and 17952, and Sections 18355 to 18401, inclusive, whichever are in effect. The total increase for all elementary, or all high school, or all junior college districts shall not exceed an amount that bears the same ratio to the total balance as the amount of the reduction for such districts under Section 18455, 18456, or 18457 bears to the total amount of the reduction.

(b) Second, to restore, in the order herein listed, the amounts reduced under Sections 18007, 18008, subdivision (a)

of Section 18061, subdivision (d) of Sections 18060, 18104, 18154, and 18204.

(c) Thereafter, to allow any remaining balance as additional state equalization aid to the districts that were allowed state equalization aid pursuant to Sections 17614 and 17615, and Sections 17901 to 17906, inclusive, whichever are in effect, during the then current fiscal year. The amount of additional state equalization aid allowed each such district for each unit of average daily attendance shall be determined by dividing such remaining balance by the average daily attendance of all districts receiving equalization aid.

This section shall become effective on July 1, 1959.

Same

18460.1. If the total amount allowed county school service funds under Sections 18351 to 18354, inclusive, whichever are in effect, is less than the amounts provided by Section 18352.1 the balance shall be added to the balances resulting from the application of Sections 18009, 18061, 18452.1, 18453.1, and subdivision (b) of Section 17404. The total of such balances shall be used as follows:

(a) First, to increase proportionately the allowances made to which Section 18455.1 applied. The increased allowances shall not exceed the amounts computed under Sections 17614, 17615, 17751.1, 17801.1, 17851.1, 17951.1, 17952, 17901.1, 17902, 17903.1, 17904, 17905.1, 17906.1, 18355.1, 18356.1, 18357.1, 18358.1, 18401.1. The increase for each elementary, high school, or junior college district shall be an amount that bears the same ratio to the total balance as the amount of equalization aid allowed such district bears to the total amount of equalization aid allowed to all districts.

(b) Second, to restore, in the order herein listed, the amounts reduced under Sections 18007, 18008, 18456.1, and subdivision (a) of Section 18061.

(c) Thereafter, to allow any remaining balance as additional state equalization aid to the districts that were allowed state equalization aid pursuant to Sections 17614, 17615, 17901.1, 17902, 17903.1, 17904, 17905.1, and 17906.1, during the then current fiscal year. The amount of additional state equalization aid allowed each such district for each unit of average daily attendance shall be determined by dividing such remaining balance by the average daily attendance of all districts receiving equalization aid.

This section shall remain in effect until July 1, 1959.

CHAPTER 4. FEDERAL FUNDS FOR EDUCATION

Article 1. General Provisions

Administration of Federal programs

18601. Whenever by the provisions of any act of Congress the act is to be administered in the State by the Superintendent of Public Instruction, Director of Education, Department of Education, State Board of Education, State Board for Vocational Education, State Board for Vocational Rehabilitation, or

any one or more of such officers, or agencies, the officers and agencies designated in the act of the Congress are authorized to administer the act in the State. Such officers and agencies are vested with all necessary power and authority to co-operate with the Government of the United States, or any agency or agencies thereof in the administration of the act of Congress and rules and regulations lawfully adopted thereunder.

Federal funds

18602. Notwithstanding any provisions of Sections 18601 to 18653, inclusive, whenever by any act of Congress funds are provided as federal aid to education to the several states and the disposition of said funds is not otherwise provided for by or under said act of Congress or by or under any law of this State, said funds received by the State shall be paid into the Auxiliary State School Fund in the State Treasury, which fund is hereby created. The Superintendent of Public Instruction shall apportion seventy-five percent (75%) of said funds pro rata on the average daily attendance in each school district during the preceding school year. The Superintendent of Public Instruction shall compute the proportion that twenty-five percent (25%) of said funds bears to the average daily attendance during the preceding year of all elementary districts, all districts maintaining high school grades, and all districts maintaining junior colleges, and shall apportion these amounts as state equalization aid to those districts receiving state equalization aid under Sections 11256, 11257 and 17251, Sections 17401 to 17417, inclusive, and Sections 17601 to 18460.1, inclusive, whichever are in effect, of this code. The Superintendent of Public Instruction shall certify the apportionment made by him under this section to the Department of Finance, to the county and city and county auditors, county and city and county treasurers, to the county superintendents of the several counties, and to the State Controller, who shall draw his warrants during the school year on the Auxiliary State School Fund in favor of the treasurer of each county for the amount apportioned to all the school districts of the county. All moneys received by the treasurer of any county from the apportionments made under this section shall be immediately credited by the treasurer to the general funds of the several school districts of the county exactly as apportioned by the Superintendent of Public Instruction.

Auxiliary State School Fund

This section shall not apply to funds appropriated by Congress for (a) the purchase and improvement of school sites; or (b) the purchase of furniture and equipment; or (c) the planning and construction, reconstruction, repair, alteration of, and addition to, school buildings and incidental facilities.

This section shall be effective to the extent to which it does not conflict with the act of Congress under which such federal aid to education is provided. The Governor is authorized to take such action as may be required to qualify the State for receiving funds under such act of Congress.

Article 2. Potash Mining Act and Potassium Mining Act

Federal funds By State Allocation Board

18651. Notwithstanding any provisions of Sections 18601 to 18653, inclusive, whenever by any act of Congress funds are provided as federal aid to education to the several states for apportionment or allocation to school districts for the purposes set forth in this section, and such act of Congress does not require that it be administered in this State by a state officer or agency other than the State Allocation Board, such act, with respect to the funds herein mentioned, shall be administered and such funds shall be apportioned by the State Allocation Board under the Local Agency Allocation Act.

The funds to which this section shall apply are funds appropriated by Congress for (a) the purchase and improvement of school sites; or (b) the purchase of furniture and equipment; or (c) the planning and construction, reconstruction, repair, alteration of, and addition to, school buildings and incidental facilities.

The State Allocation Board shall by rule provide for securing the recommendations or approval of the Department of Education as to the facilities to be provided.

Funds apportioned under this section shall be paid in accordance with the provisions of Section 18653 of this code on claims submitted by the Director of Finance.

The State Allocation Board is hereby authorized to accept any such funds on behalf of the State, and to co-operate with the Government of the United States or any agency or agencies thereof in the administration of the act of Congress and rules and regulations lawfully adopted thereunder.

Custodian

18652. The State Treasurer is designated as the custodian of all funds received by the State from the Government of the United States or of any agency or agencies thereof and he is authorized to receive, and provide for the proper custody of, all moneys so received.

Expenditure

18653. The funds received by the State under the provisions of Sections 18601 to 18653, inclusive, shall be expended by the officers or agency administering the program to carry out the provisions of the act of the Congress and rules and regulations lawfully adopted thereunder. Such funds are exempt from the provisions of Section 16003 of the Government Code and shall be paid out by the Treasurer on warrants drawn by the State Controller on claims submitted by the Director of Education.

Acceptance of grant

18654. The assent of the State is given to the provisions in the act of Congress entitled "An act to promote the mining of potash on the public domain," and approved by the President February 7, 1927, and to the provisions of the act of Congress entitled "An act to authorize exploration for and disposition of potassium," approved by the President October 2, 1917.

Payment to districts

18655. All money derived from bonuses, royalties, and rentals under the provisions of the acts of Congress referred to in Section 18654, or either of said acts, and apportioned

under the acts, or either of said acts, to the State shall be received by the State Treasurer and by him paid to the school districts of the State as provided in Sections 18654 to 18658, inclusive.

Apportionment

18656. The money shall be apportioned among the school districts in which potash leases or deposits are situated in the proportion which the total amount of rents, royalties, and other payments made to the United States from potash leases or deposits in each district bears to the total amount paid to the United States from leases or deposits in all districts.

Same

18657. If any potash deposit or lease or any part thereof is wholly located within the boundaries of two or more school districts, the districts shall share equally in the apportionments made under Section 18656 which are attributable to the lease or deposit or part thereof situated within their boundaries.

Deposit

18658. The payments shall be deposited in the general fund of the districts and shall be in addition to any other moneys paid or credited to the districts.

Article 3. Vocational Education Federal Fund

Vocational Education Federal Fund

18701. The Vocational Education Federal Fund in the State Treasury is hereby created. All grants of money received by this State from the United States, the expenditure of which is administered under the provisions of Sections 6251 to 6255, inclusive, and Sections 18601 to 18653, inclusive, on order of the State Controller, shall be deposited in the Vocational Education Federal Fund.

Custody of federal funds

18702. The State Treasurer, as required by the federal acts relating to vocational education referred to in Sections 6251 to 6255, inclusive, and Sections 18601 and 18653, inclusive, shall receive and provide for the proper custody of all funds apportioned to the State under these acts. The amount received shall be deposited to the credit of the Vocational Education Federal Fund.

Custody of state funds

18703. The State Treasurer shall also receive and provide for the proper custody of all money appropriated by this article (commencing with Section 18701), of all money that may be hereafter appropriated for the purpose of carrying out the provisions of this article (commencing with Section 18701) and of all money that may be received by the State Board of Education under the provisions of this article (commencing with Section 18701).

Expenditures

18704. All funds appropriated by the State for vocational education shall be expended pursuant to the provisions of this article (commencing with Section 18701).

Appropriation

18705. All money in the Vocational Education Federal Fund is hereby appropriated to the State Department of Education, without regard to fiscal years, for expenditure for the purposes for which the money deposited therein is made available by the United States for expenditure by the State.

Expenditure

18706. The Director of Finance and the State Controller may approve any general plan whereby:

(a) Any expenditures which are a proper charge against money made available by the United States and deposited in the Vocational Education Federal Fund may be paid in the first instance from any appropriation from the General Fund, expenditures from which are administered under the provisions of Sections 6251 to 6255, inclusive, and Sections 18601 and 18653; and

(b) The General Fund shall be reimbursed for expenditures made therefrom that are a proper charge against the Vocational Education Federal Fund. Such a general plan may provide for advance transfers from the Vocational Education Federal Fund to the General Fund, based on estimates of such expenditures that will be subject to reimbursement from the Vocational Education Federal Fund pursuant to such plan, and may provide for reimbursement to the Vocational Education Federal Fund when necessary.

Requests for reimbursement or transfer pursuant to such a plan shall be furnished to the State Controller in writing by the Department of Education, accompanied by such financial statements as the plan may provide; and on order of the State Controller, the required amount shall be transferred in accordance therewith.

Article 4. Vocational Rehabilitation Federal Fund

Vocational Rehabilitation Federal Fund

18751. The Vocational Rehabilitation Federal Fund in the State Treasury is hereby created. All grants of money received by this State from the United States, the expenditure of which is administered under the provisions of Sections 7001 to 7027, inclusive, shall, on order of the State Controller, be deposited in the Vocational Rehabilitation Federal Fund.

Custody of federal funds

18752. The State Treasurer, as required by the federal act relating to vocational rehabilitation referred to in Sections 7001 to 7027, inclusive, shall receive and provide for the proper custody of all funds apportioned to the State under that act.

Custody of state funds

18753. The State Treasurer shall also receive and provide for the proper custody of all money appropriated by this article (commencing at Section 18751), of all money that may be hereafter appropriated for the purpose of carrying out the provisions of this article (commencing at Section 18751), and of all money that may be received by the State Board of Education under the provisions of this article (commencing at Section 18751).

Expenditure

18754 Money in the Vocational Rehabilitation Federal Fund shall be expended as provided by this article (commencing at Section 18751), as requisitioned by the Department of Education in carrying out the provisions of this code relating to vocational rehabilitation, the federal act, the rules and regulations of the State Board of Education.

18755. All money in the Vocational Rehabilitation Federal Fund is hereby appropriated to the State Department of Education, without regard to fiscal years, for expenditure for the purposes for which the money deposited therein is made available by the United States for expenditure by the State. Appropriation

18756. The Director of Finance and the State Controller may approve any general plan whereby: Expenditure

(a) Any expenditures which are a proper charge against money made available by the United States and deposited in the Vocational Rehabilitation Federal Fund may be paid in the first instance from any appropriation from the General Fund, expenditures from which are administered under the provisions of Sections 7001 to 7027, inclusive; and

(b) The General Fund shall be reimbursed for expenditures made therefrom that are a proper charge against the Vocational Rehabilitation Federal Fund.

Such a general plan may provide for advance transfers from the Vocational Rehabilitation Federal Fund to the General Fund, based on estimates of such expenditures that will be subject to reimbursement from the Vocational Rehabilitation Federal Fund pursuant to such plan, and may provide for reimbursements to the Vocational Rehabilitation Federal Fund, when necessary.

Requests for reimbursement or transfer pursuant to such a plan shall be furnished to the State Controller in writing by the Department of Education, accompanied by such financial statements as the plan may provide; and on order of the State Controller, the required amount shall be transferred in accordance therewith.

CHAPTER 5. STATE PROJECT AREA SCHOOL CONSTRUCTION LAW OF 1957

Article 1. General Provisions

18901. This chapter (Sections 18901 to 19153, inclusive) may be cited as the "State Project Area School Construction Law." Short title

18902. In recognition of the impact which certain major state construction projects have on local school district building needs in the areas in which such projects are constructed, the Legislature declares that it is the policy of the State to bear a proportionate share of the construction costs of school buildings in the area affected in the manner and to the extent provided by this chapter (Sections 18901 to 19153, inclusive). State policy

18903. As used in this chapter (Sections 18901 to 19153, inclusive): Definitions

(a) "State project" means any construction project undertaken by the State which will cause a sudden influx of people into the area affected and where sufficient housing, schools, and other community facilities are not available. For the purposes of this subdivision the Governor is hereby empowered to pro-

claim any major construction project undertaken by the State as a "state project" and define the area affected or likely to be affected thereby when:

1. He finds that the construction project will cause a sudden influx of people into the area; and

2. He is requested to do so by the county board of supervisors.

Such proclamation shall be in writing and shall take effect immediately. As soon thereafter as possible it shall be filed in the office of the Secretary of State.

(b) "Board" means the State Allocation Board, created by Section 7 of the Construction and Employment Act as amended.

(c) "Director" means the Director of Education.

(d) "Project" means the purposes for which a school district has applied for an apportionment.

(e) "Construction project" means the purposes for which a school district has applied for an apportionment at a given location.

(f) "Grade level maintained by a district" means (1) the kindergarten, if any, and grades 1 to 6, or grades 1 to 8, inclusive, maintained by an elementary school district or a unified school district; or (2) grades 7 to 12, grades 9 to 12, inclusive, or grades 7 to 10, inclusive, maintained by a high school district or unified school district; and (3) grades 13 and 14 maintained by a high school district, unified school district, or junior college district, but not more than one grade level shall be claimed by any district under any one of the subdivisions of this paragraph.

(g) "Apportionment" means an apportionment made under this chapter (Sections 18901 to 19153, inclusive) unless the context otherwise requires.

(h) "Project children" means children of parents who have come to the district subsequent to the start of the state project and who are employed by the State of California in connection with a state project and children of parents employed by any contractor or subcontractor of a state project.

(i) "Indirect project children" means children of parents who have come to the district subsequent to the start of the state project and who are not employed by a contractor or subcontractor of a state project but who are children in the area in addition to those which would be expected as a result of normal development and growth of the area as determined pursuant to regulations of the director which he is hereby authorized to adopt.

(j) "Parent" includes a legal guardian or other person standing in loco parentis.

(k) "Department" means the Department of Education.

Administration by Director of Finance

18904. The Director of Finance shall administer this chapter (Sections 18901 to 19153, inclusive) and shall provide such assistance to the board as it may require.

18905. A fund in the State Treasury is hereby created, to be known as the State School Construction Fund. All money in the State School Construction Fund, including any money deposited in said fund from any source whatsoever after September 11, 1957, is hereby continuously appropriated without regard to fiscal years for expenditure pursuant to apportionments made under the provisions of this chapter (Sections 18901 to 19153, inclusive). State School Construction Fund

Article 2. Apportionments

18951. Apportionment from the State School Construction Fund to school districts shall be made in the manner and subject to the conditions herein provided and in accordance with policies adopted by the board, for the following purposes: (a) the purchase and improvement of school sites which have been approved by the department; (b) the purchase of desks, tables, chairs, and equipment, as approved by the department; and (c) the planning and construction, reconstruction, alteration of, and addition to, school buildings for such facilities as are approved by the department as essential, all of which purposes are hereby declared to be, and are, public works. Apportionments Purposes

Where a district is required by a contract entered into between itself and a contractor, to obtain at its own expense insurance covering risks incurred during any construction, reconstruction or alteration for which an apportionment has been made, the cost thereof may be paid either directly, or by way of reimbursement, to said district out of said apportionment, or out of any apportionment made specifically covering such insurance; provided, that in other respects said apportionments are eligible for payment under provisions of this chapter (Sections 18901 to 19153, inclusive).

18952. In addition to the purposes for which apportionments may be made to school districts under Section 18951, apportionments may also be made to school districts for the construction, repair, attachment or development of off-site facilities, utilities or improvements which the board determines are necessary to the proper operation or functioning of the school facilities for which apportionments are made, all of which purposes are hereby declared to be, and are, public works. Additional purposes

18953. In making applications for, and in expending, apportionments of funds under this chapter (Sections 18901 to 19153, inclusive), a school district acts as an agent of the State and all sites purchased and improved, all equipment purchased, and all buildings constructed, reconstructed, altered, or added to through the expenditure of funds apportioned under this chapter (Sections 18901 to 19153, inclusive), are declared to be, and are, the property of the State. Upon the payment by the district of the amounts required to be paid by it to the State under this chapter (Sections 18901 to 19153, District as agent of State

inclusive) the board shall, in the name of the State, convey such property to the district.

Insurance

18954. The board may require school districts to insure for the benefit of the State all sites, equipment and buildings which are the property of the State, against such risks and in such amounts as the board may deem necessary to protect the interests of the State. No state funds apportioned under this chapter (Sections 18901 to 19153, inclusive) shall be used to pay the premiums on said insurance.

Eligibility

18955. A district shall be eligible to an apportionment under this chapter (Sections 18901 to 19153, inclusive) if the estimated number of project children and indirect project children who will be in average daily attendance in the schools of the district during the period of the state project is at least 25 and is at least 5 percent of the estimated number of all children who will be in average daily attendance in the schools of the district during the current fiscal year.

Application

18956. Any eligible school district may make application for an apportionment for a grade level which it maintains by submitting through the governing board an application therefor in such form and number as the board shall prescribe. Such application shall be addressed to the board and shall set forth a project for the construction of school facilities for the district in accordance with the provisions of this section.

(a) Each application and copy thereof shall contain and be supported by:

(1) A description of the project and the site therefor, preliminary drawings of the school facilities to be constructed thereon, and such other information relating to the project as the board may require.

(2) A statement of the estimated cost of the project certified by an architect or structural engineer.

(3) Evidence that the district has or will have title to the site upon which the facilities as specified in the application will be constructed.

(4) Assurance that the district will cause the work on the project to be commenced within a reasonable time and prosecuted to completion with reasonable diligence.

(b) The board shall require such changes in the plans which an applicant school district submits with its application as the board determines is necessary or desirable to assure completion of the project with available funds of the district and the amount of the apportionment to which the district is entitled under this chapter (Sections 18901 to 19153, inclusive). For that purpose the board may delegate to the director or the Director of Finance, according to whether the subject matter of the revision of the plans is subject to the jurisdiction and approval of the director or the Director of Finance, the authority to require such revision in the plans as the board deems necessary or desirable to accomplish the purposes of this subdivision.

(c) Upon submission of an application for an apportionment under this chapter:

(1) The Director of Finance shall transmit a copy thereof to the director who shall as promptly as possible prepare a report and recommendation with respect thereto. Thereupon the director shall transmit his report and recommendation to the Director of Finance who shall refer them to the board if he finds them in proper form and otherwise sufficient. If the Director of Finance finds such documents to be lacking in any respect as to any matter subject to the jurisdiction of the director or the department, he shall refer them to the director who shall take such action as may be necessary.

(2) The Director of Finance shall determine the applicant district's financial ability with funds apportioned under this chapter (Sections 18901 to 19153, inclusive) and funds devoted by the district to the project to meet the cost of the project and submit his report thereon as promptly as possible to the board

Board action

18957. At the next regular meeting of the board following the submission of the reports and recommendations required by Section 18956, the board shall, subject to the provisions of this chapter (Sections 18901 to 19153, inclusive), approve or reject the application. If the board approves the application, it shall by resolution adopted by it, apportion to the district from the State School Construction Fund the amount applied for, or such portion thereof as the board determines proper. This shall be known as a conditional apportionment and shall become final only if the vote provided for in Section 18958 is favorable. The conditional apportionment shall remain in effect for a period of nine months from the date of the resolution of the board. If the apportionment does not become final within the time prescribed, it shall become void and the money so apportioned shall again become available for apportionment pursuant to this chapter (Sections 18901 to 19153, inclusive).

Authorization re requirement

18958. No apportionment to a school district under this chapter (Sections 18901 to 19153, inclusive) shall become final unless, at an election called by the governing board of the district, two-thirds of the qualified electors of the district voting thereat have authorized the governing board of the district to accept, expend, and repay, as provided in this chapter (Sections 18901 to 19153, inclusive), an apportionment under the provisions of this chapter (Sections 18901 to 19153, inclusive). Such election shall be called, held, and conducted in the same manner as are elections to authorize the issuance of school district bonds, except that the ballot shall contain substantially the following words:

Election, etc

"Shall the governing board of the _____ school district be authorized to accept and expend an apportionment from the State of California under and subject to the provisions of the State Project Area School Construction Law, a portion of which amount is subject to repayment as provided by said law? Yes _____ No _____."

Article 3. Computation of Apportionments

Computation

19001 The board shall compute for each applicant school district the amount to which the district is entitled under the provisions of this chapter (Sections 18901 to 19153, inclusive) in the manner prescribed by this article (commencing at Section 19001).

Same

19002. In the computation of the apportionments to applicant school districts, the board may utilize the facilities and services of any department or agency of the State and may delegate the performance of any duties or functions, except those specifically delegated by this chapter (Sections 18901 to 19153, inclusive) to the director or department, to any officer or employee thereof as the board deems necessary and proper.

Amount

19003. The board shall multiply:

(a) The estimated number of project children in the district by the current construction cost per pupil in the area of the state project.

(b) The estimated number of indirect project children in the district by the current construction cost per pupil in such area, multiplied by 55 percent.

"Current construction cost per pupil" as used in this section means the average per pupil cost of constructing complete school facilities for the grade level maintained by the district for which application for an apportionment is made under this chapter (Sections 18901 to 19153, inclusive).

The total of the amounts computed pursuant to subdivisions (a) and (b) shall be apportioned to the district.

Average per pupil cost

19004 (a) The average per pupil cost of constructing complete school facilities in the area of the state project for the purposes of this article (commencing at Section 19001) shall be determined by the board, after consultation with the department and the Division of Architecture, on the basis of information obtained thereby and such other information as may be available to the department.

Number of project children

(b) Estimates of the number of project children and indirect project children for the purpose of this article (commencing at Section 19001) shall be made by the applicant school district in accordance with rules prescribed by the director and shall be made as of the time the greatest number of such children will attend the schools of the district as a result of the state project. Such estimates shall be made on the basis of the best information available to the district at the time of the application. Approval of such estimates by the director, in whole or in part, shall be on the basis of the best information available to the director at the time of such approval. In the approval of estimates of the number of project children and indirect project children for the purposes of this article (commencing at Section 19001) the director may utilize the facilities and services of any department or agency of the State as he deems necessary and proper. No estimate shall

be used as a basis of an apportionment that has not been approved by the director.

Article 4. Payment of Apportionments

19051. Immediately after the result of the election required by Section 18958 has been determined, the county superintendent of schools shall make a certificate in duplicate stating whether the school district has authorized the acceptance and expenditure of the apportionment. One copy of the certificate shall be sent to the board and one copy to the State Controller. Upon the receipt by the board of the certificate, the apportionment shall become final. Certificate

19052. The election by a school district upon the acceptance, expenditure, and repayment of an apportionment prescribed by Section 18958 may be called and held either before or after the making of an apportionment. Election

19053. Payment shall be made in accordance with the terms of a final apportionment, to a school district for expenditures, or commitments therefor, which have been made by the district subsequent to the date of the proclamation of the Governor proclaiming a state project in the area including the district, for any items approved by the board in such apportionment; provided, however, that where expenditures were made for, or work was commenced with respect to, any item so approved, prior to the time the application of such district containing such item was received by the board, payment or reimbursement for such item shall be made only upon authorization of the board by special resolution citing this section. Payment

19054. The board shall prescribe in such detail as it deems necessary, the purposes for which moneys apportioned by it to a school district under this chapter (Sections 18901 to 19153, inclusive) may be expended and such prescription shall be binding upon the governing board of such district except as it may be, for good cause, modified by the board. Purposes

19055. Each apportionment made by the board under this chapter (Sections 18901 to 19153, inclusive) shall be certified by it to the State Controller who shall thereupon draw his warrant on the State Treasury in favor of the county treasurer of the county having jurisdiction over the district. The warrant shall be paid by the State Treasurer from the State School Construction Fund and is not subject to the provisions of Section 16003 of the Government Code. Certification to Controller

19056. The county treasurer of each county shall pay all moneys received by him under this chapter (Sections 18901 to 19153, inclusive) into the county treasury to the credit of the state school construction fund of such district, which fund is hereby created, exactly as apportioned by the board. Payment to district fund

19057. The governing board of each school district to which an apportionment has been made under this chapter (Sections 18901 to 19153, inclusive) shall expend the moneys in the state school construction fund of the district only for the pur- Expenditure

poses for which said moneys were apportioned to the district and for no other purpose and shall make such reports relating to the expenditure of such moneys as the board and the State Controller shall require.

Audit

19058. It shall be the duty of the State Controller to make such audit or audits of the books and records of counties and school districts receiving apportionments under this chapter (Sections 18901 to 19153, inclusive), as he may deem necessary from time to time, for the purpose of determining that the money received by school districts as apportionments hereunder has been expended for the purposes authorized by this chapter (Sections 18901 to 19153, inclusive).

Article 5. Repayment of Apportionment

Repayment

19101. Each school district to which an apportionment is made under this chapter (Sections 18901 to 19153, inclusive) shall repay the principal amount of such apportionment in the manner prescribed by this article (commencing at Section 19101).

Completion of project

19102. For purposes of computing such repayment, the state project shall be deemed completed on June 30th of the fiscal year in which the state project is completed and accepted by the State.

Computation and manner of repayment

19104. The principal amount of the apportionment shall be computed and repaid in the manner prescribed in this article (commencing with Section 19101).

(a) On or before the first day of January succeeding the completion of the state project, the State Controller shall compute the annual repayment of each apportionment for each grade level maintained by the district, as follows:

(1) He shall determine from the certification of the director the total amount of average daily attendance of project children, and the total amount of average daily attendance of indirect project children, in attendance in the grade level maintained by the district for the period commencing with the date of the Proclamation of the Governor proclaiming the existence of a state project in the area including the district and ending on June 30th of the fiscal year in which the state project is completed.

(2) He shall divide the average daily attendance of such project children by 30 and multiply the quotient by the amount determined by the board pursuant to Section 19004 as the average per pupil cost of construction in the area of the state project.

(3) He shall multiply the average daily attendance of such indirect project children by 55 percent. The product shall be divided by 30 and the quotient multiplied by the amount determined by the board pursuant to Section 19004 as the average per pupil cost of construction in the area of the state project.

(4) The total of the amounts computed pursuant to subdivisions (2) and (3) shall be subtracted from the amount of

the apportionment to the district. The remainder shall be divided by 30 and the quotient shall constitute the amount of the annual repayment of such apportionment.

(5) Upon application of the district and approval by the board, the total amount of the repayment may be paid in a lump sum or in fewer than 30 years.

Reduction

19105. If on June 30th of the fiscal year in which the state project is completed there is classroom space constructed with funds apportioned under this chapter (Sections 18901 to 19153, inclusive), that is not being used by the district, the board shall, upon application of the district, reduce the total amount to be repaid by the district on a proportionate basis until such time as the classroom space is used by the district. No payment shall be required by the district for the period during which such classroom space is not used by the district.

Deductions from State School Fund apportionments

19106. The State Controller shall, during the fiscal year in which he determines the annual repayment as provided in Section 19104, and for each subsequent fiscal year not exceeding 30, deduct the total amount of the annual repayment of each district in equal amounts from each of the February, March, April, and May installments of the apportionments made to such district from the State School Fund under Sections 11256, 11257, and 17251, Sections 17401 to 17417, inclusive, and Sections 17601 to 18460.1, inclusive, whichever are in effect, and, on order of the State Controller, the amount so deducted shall be transferred to the General Fund of the State.

Notification of deductions

19107. Upon computing in any fiscal year the amount to be deducted from the apportionments to the district from the State School Fund during such fiscal year, the State Controller shall notify the governing board of the district and the county auditor of the county, the county superintendent of which has jurisdiction over the district, of the amount to be deducted.

Levy of tax

19108. The board of supervisors of the county, the county superintendent of which has jurisdiction over any district which under this chapter (Sections 18901 to 19153, inclusive) will have moneys withheld by the State Controller from the apportionments to be made to it from the State School Fund during any fiscal year, shall annually at the time the board of supervisors makes the next levy of taxes for county purposes, levy a tax upon the property in the district sufficient to raise for the district the amount of money withheld by the State Controller during the fiscal year preceding that in which the tax is levied. Such tax, when collected, shall be paid into the county treasury of the county, the county superintendent of schools of which has jurisdiction over the district for which the tax was levied, to the credit of the general fund of the district.

Final apportionments

19109. Notwithstanding the provisions of Section 19104 to the contrary, if on or before June 30th of the fiscal year in which the state project is completed the district has received a final apportionment under Sections 19551 to 19689, inclusive,

or if at any time thereafter the district receives a final apportionment under Sections 19551 to 19689, inclusive, the amount of the apportionment to the district under this chapter (Sections 18901 to 19153, inclusive) then remaining unpaid shall, upon request of the district, be added to the principal amount of the apportionment made to the district under Sections 19551 to 19689, inclusive. Thereupon the apportionment made to the district under this chapter (Sections 18901 to 19153, inclusive) shall be deemed to be an apportionment made to the district under Sections 19551 to 19689, inclusive, and subject to repayment in the manner therein prescribed, except that no interest shall be charged or collected upon the amount which is added to the principal amount of the apportionment made to the district under Sections 19551 to 19689, inclusive. For the purposes of Section 19614, any amount added to the principal amount of an apportionment pursuant to this section shall be deemed to have become final and disbursed to the district on the date the state project is deemed completed pursuant to Section 19102.

Article 6. Miscellaneous Provisions

Additional powers and duties of board

19151. In addition to such other powers and duties as are granted the board by this chapter (Sections 18901 to 19153, inclusive), the board shall:

(a) Establish such procedures and policies in connection with the administration of, and the expenditure of funds made available for the purpose of, this chapter (Sections 18901 to 19153, inclusive) as it deems necessary and which are not in conflict with the powers and duties of the Department of Education or of the director granted or imposed by this chapter (Sections 18901 to 19153, inclusive).

(b) Adopt such rules and regulations for the administration of this chapter (Sections 18901 to 19153, inclusive), requiring such procedure, forms, and information, as it may deem necessary.

State Allocation Board

19152. The State Allocation Board is continued in existence for the purposes of this chapter (Sections 18901 to 19153, inclusive). The members of the board and the Members of the Legislature meeting with the board shall receive no compensation for their services under this chapter but shall be reimbursed for their actual and necessary expenses incurred in connection with the performance of their duties hereunder, to be paid out of the State School Construction Fund.

Unauthorized expenditures

19153. Whenever the State Controller determines that any money apportioned to a school district under this chapter (Sections 18901 to 19153, inclusive) has been expended by such district for purposes not authorized by this chapter (Sections 18901 to 19153, inclusive), or exceeds the final cost of the project which is authorized by this chapter (Sections 18901 to 19153, inclusive) to be paid therefrom, the State Controller shall furnish written notice to the board, the governing board

of the school district, the county superintendent of schools, the county auditor, and the county treasurer of the county whose county superintendent of schools has jurisdiction over the school district, directing the school district and the county treasurer to pay into the State Treasury, at the time of the next county settlement following receipt of such notice, the amount of such unauthorized expenditures, or the amount of such excess apportionment, as the case may be. Upon receipt of such notice, such governing board shall, at the time specified herein, order the county treasurer to pay to the State Treasurer, out of any moneys in the county treasury available to the school district for that purpose, the amount set forth in such notice. Such amount shall, upon order of the State Controller, be deposited in the State Treasury to the credit of the State School Construction Fund, to be reapportioned by the board.

It shall be the duty of such governing body and county treasurer to make the payments to the State Treasurer as provided in this section, and it shall be the duty of the State Controller to enforce such collection on behalf of the State.

CHAPTER 6. STATE SCHOOL BUILDING AID LAW OF 1947

Declaration

19301. The Legislature hereby declares that it is in the interest of the State and of the people thereof for the State to aid school districts of the State in providing necessary and adequate school buildings for the pupils of the Public School System, such system being a matter of general concern inasmuch as the education of the children of the State is an obligation and function of the State.

Appropriation for apportionment to school districts and for administration

19302. The sum of thirty million dollars ($30,000,000), or so much thereof as may be necessary, was appropriated, by Chapter 1575 of the Statutes of 1947, out of any money in the State Treasury not otherwise appropriated, for apportionments to school districts of this State in accordance with the provisions of this chapter (Sections 19301 to 19322, inclusive) and for the administration of this chapter (Sections 19301 to 19322, inclusive). There shall first be allocated from said appropriation such amount as the Director of Finance shall determine, but in no event in excess of one-half of 1 percent of the total appropriation herein made, for support of the Director of Finance and the Department of Finance in administering this chapter (Sections 19301 to 19322, inclusive) and for the support of the Department of Education in the performance of duties required or authorized by the board under this chapter (Sections 19301 to 19322, inclusive). Of the money appropriated by such act, one hundred fifty thousand dollars ($150,000) or so much thereof as may be necessary, was allocated and made available for support of the State Controller in carrying out his duties under this chapter (Sections 19301 to 19322, inclusive). Apportionments from said appropriation to such school districts shall be made by the State Allocation

Board in the manner, and subject to the conditions herein provided, for the following purposes: (1) The purchase and improvement of school building sites; (2) the construction, reconstruction, repair, alteration of and additions to, school buildings; and (3) the furnishing and equipment of school buildings and all of which are hereby declared to be and are defined as such public works.

Administration

19303. The Director of Finance shall administer this chapter (Sections 19301 to 19322, inclusive) and shall provide such assistance to the board as it may require. Applications for apportionments under this chapter (Sections 19301 to 19322, inclusive) shall be filed with the Director of Finance and shall be authorized and accompanied by a resolution of the governing board of the school district. After determining that all the proper information has been submitted, the Director of Finance shall refer the application to the State Allocation Board, herein called the "board."

Expenses of board and legislators

19304. The members of the board and the Members of the Legislature meeting with the board in an advisory capacity shall receive no compensation for their services under this chapter (Sections 19301 to 19322, inclusive) but shall be reimbursed for their actual and necessary expenses incurred in connection with the performance of their duties hereunder, to be paid out of the money made available to the Department of Finance by this chapter (Sections 19301 to 19322, inclusive).

Powers and duties of board

19305. In addition to such other powers and duties as are granted the State Allocation Board by this chapter (Sections 19301 to 19322, inclusive), the board shall (1) establish such qualifications not in conflict with other provisions of this chapter (Sections 19301 to 19322, inclusive) as it deems will best serve the purposes of this chapter (Sections 19301 to 19322, inclusive) for determining the eligibility of school districts to apportionments of funds under this chapter (Sections 19301 to 19322, inclusive); (2) establish such procedures in connection with the administration of and the expenditure of funds made available under this chapter (Sections 19301 to 19322, inclusive) as it deems necessary; and (3) adopt such rules and regulations for the administration of this chapter (Sections 19301 to 19322, inclusive), requiring such procedure, forms and information, as it may deem necessary.

Bonds of school district

19306 For the purposes of this chapter (Sections 19301 to 19322, inclusive), bonds of a school district shall be deemed to have been issued when sold to a purchaser other than the school district or when made available for a public works project in an application for apportionment.

Apportionments to impoverished school districts

19307. The State Allocation Board shall apportion the money appropriated for the purposes of this chapter (Sections 19301 to 19322, inclusive) to school districts which in the judgment of the board are so impoverished and lacking in essential physical properties as to necessitate apportionments of funds to such school districts under this chapter (Sections

19301 to 19322, inclusive) without such districts being required to expend, or make available for expenditure, funds for the purposes of this chapter (Sections 19301 to 19322, inclusive) and no such requirement shall be imposed upon any such district other than expenditure of the district's available funds. No apportionment shall be made to any school district under this section unless (1) the district makes application for an apportionment under this section; (2) the rate of district tax levied for the district is within one-half cent ($0.005) of the maximum tax rate fixed in Section 6357 of the Education Code unless, in the event a lesser rate of district tax was levied, the board finds that the levy of the lesser rate was the result of an error not made by an officer or employee of the district; (3) the total amount of bonds of the district exceeds 95 percent of the total amount of bonds of the district permitted by the Education Code, or any law, to be issued, unless, in the event the total amount of bonds of the district issued is a lesser amount, (a) the board finds that the cost to the district of authorizing the issuance of bonds in such amount as would be necessary to make the district eligible for an apportionment under this chapter (Sections 19301 to 19322, inclusive) would be disproportionate to the par value of such bonds or (b) the board finds that the amount of bonds issued plus the amount in the special accumulative building fund, or funds of the district from the proceeds of taxes levied for the district in excess of the maximum rate of district tax fixed by Section 20751, plus the amount expended for new school buildings since January 1, 1946 from the special accumulative building fund or funds of the district from the proceeds of taxes levied for the district in excess of the maximum rate of district tax fixed for the district by Section 20751, plus such amounts as may be due the Board of Public Building Reconstruction equals 95 percent of the total amount of bonds of the district permitted by law to be issued, or the amount the total bonds of the district issued is below such percentage, in the opinion of the board, is of such limited amount as to make the additional issuance of bonds impracticable or (c) the board finds that the district at any time subsequent to January 1, 1946, had met the requirements of this provision (3); (4) the advice of the State Commission on School Districts with respect to the making of such apportionment has been secured; and (5) the district has met such other qualifications as the board has established.

The board may, in its discretion, make an apportionment to a school district not meeting the requirements of (2) of this section if the governing board of the school district shows to the satisfaction of the board that its budget for the then current school year would have required the levy of a rate of district tax for the district within one-half cent ($0.005) of the maximum tax rate fixed in Section 20751 of the Education Code based upon the assessed valuation of the district for the preceding year and that the county assessor or assessors

concerned had failed to make known to the governing board of the district the assessed valuation of the district for the then current school year prior to the date upon which the governing board of the district finally adopted the budget of the district for the then current school year, or, the result of including on the assessment roll property upon which taxes have been paid under protest.

Eligibility of school district

19308. No district shall become ineligible for an apportionment under this chapter (Sections 19301 to 19322, inclusive) by reason of any lessening in the percentage the total amount of the bonds of the district issued is of the total amount of bonds of the district authorized by law to be issued caused by any increase in the assessed valuation of the district, or by any change in the tax rate of the district, occurring after an application by the district has been approved by the board or an apportionment has been made to the district by the board.

Tentative apportionment

19309. Prior to the actual apportionment of any funds to a district by the board under this chapter (Sections 19301 to 19322, inclusive), the board may tentatively apportion funds to the district, with the actual apportionment of funds remaining subject to the district complying with all lawful requirements established by or under this chapter (Sections 19301 to 19322, inclusive). In no case, however, shall the board make any apportionment to a school district for the purchase or improvement of sites or for the construction, reconstruction, repair, alteration of, and additions to, school buildings which are not approved by the Department of Education.

Payment to school district

19310. Payment shall be made in accordance with the terms of an apportionment, either directly or by way of reimbursement, to a school district for expenditures, or commitments therefor, made by such district subsequent to July 19, 1947, for any items approved by the board in such apportionment; provided, however, that where expenditures were made for, or work was commenced with respect to, any item so approved, prior to the time the application of such district containing such item was received by the Director of Finance, payment for such item, either with state funds or with district funds which the district is required to contribute by said apportionment, shall be made only upon authorization of the board by special resolution citing this section.

Use of funds

19311. The State Allocation Board shall prescribe in such detail as it deems necessary, the purposes for which moneys apportioned by it to a school district under this chapter (Sections 19301 to 19322, inclusive) may be expended and such prescription shall be binding upon the governing board of such district except as it may be, for good cause, modified by the State Allocation Board.

Payments

19312. Each apportionment made by the State Allocation Board under this act shall be certified by it to the State Controller who shall thereupon draw his warrant on the State Treasurer in favor of the county treasurer of the county having jurisdiction over the district. The warrant shall be exempt

from the provisions of Division 4 of the Government Code and shall be paid by the State Treasurer from the appropriation made by this chapter (Sections 19301 to 19322, inclusive) and available for apportionment to school districts.

Emergency school building fund

19313. The county treasurer of each county shall pay all moneys received by him under this chapter (Sections 19301 to 19322, inclusive) into the county treasury to the credit of the emergency school building fund of each such district, which funds are hereby created, exactly as apportioned by the State Allocation Board.

Expenditure of moneys

19314. The governing board of each school district to which an apportionment has been made under this chapter (Sections 19301 to 19322, inclusive) shall expend the moneys in the emergency school building fund of the district only for the purposes for which said moneys were apportioned to the district and for no other purpose and shall make such reports relating to the expenditure of such moneys as the State Allocation Board and the State Controller shall require.

Audit by Controller

19315. It shall be the duty of the State Controller to make such audit or audits of the books and records of counties and school districts receiving apportionments under this chapter (Sections 19301 to 19322, inclusive), as he may deem necessary from time to time, for the purpose of determining that the money received by school districts as apportionments hereunder has been expended for the purposes and within the period authorized by this chapter (Sections 19301 to 19322, inclusive).

Unauthorized expenditures, etc.

19316. Whenever the Controller determines that any money apportioned to a school district has been expended by a school district for purposes not authorized by this chapter (Sections 19301 to 19322, inclusive), or exceeds the final cost of the project which is authorized by this chapter (Sections 19301 to 19322, inclusive) to be paid therefrom, the Controller shall furnish written notice to the governing board of the school district, the county superintendent of schools, the county auditor, and the county treasurer of the county whose county superintendent of schools has jurisdiction over the school district, directing the school district and the county treasurer to pay into the State Treasury, at the time of the next county settlement following receipt of such notice, the amount of such unauthorized expenditures, or the amount of such excess apportionment, as the case may be. Upon receipt of such notice, such governing board shall, at the time specified herein, order the county treasurer to pay to the State Treasurer, out of any moneys in the county treasury available to the school district for that purpose, the amount set forth in such notice. Such amount shall, upon order of the State Controller, be deposited in the State Treasury to the credit of the General Fund, and shall be credited to the unapportioned balance of the appropriation from which originally paid.

It shall be the duty of such governing body and county treasurer to make the payments to the State Treasurer as pro-

vided in this chapter (Sections 19301 to 19322, inclusive), and it shall be the duty of the State Controller to enforce such collection on behalf of the State.

If, upon petition of the district, the State Controller determines that the amount to be included in the county settlement is in excess of the amount that may be paid out of taxes levied at the maximum rate authorized by Section 20751 increased by any increase in such rate authorized by the electors of the district pursuant to Section 20803, without impairing essential district services, he may provide for the payment of the entire amount or any unpaid balance thereof in not exceeding three consecutive annual payments, commencing with the next school year. Each payment shall be an equal portion of the principal amount, plus accrued interest, and shall be paid not later than January 31st of each school year in which a payment is due. If the district fails to make the payment as specified, the State Controller shall deduct the amount thereof from the February payment made to the district under the provisions of Section 17352.

Deferred payments under this section shall bear interest at the same annual rate of interest as the apportionment from which the unauthorized expenditures or the amounts of excess apportionment were made.

Availability of appropriation

19317. The appropriation made by Chapter 1575 of the Statutes of 1947 is exempt from the provisions of Section 16304 of the Government Code. Any money appropriated by Chapter 1575 of the Statutes of 1947 for apportionment to school districts for which application is not made on or before December 31, 1953, shall revert to the General Fund in the State Treasury. In regard to applications filed on or before the latter date, apportionments may be made at any time until December 31, 1954. Any unexpended funds from apportionments made pursuant to this chapter (Sections 19301 to 19322, inclusive) where the award of a contract is less than the estimated cost of construction, shall revert to the State Treasury and be credited to the appropriation heretofore made, and shall be available for reapportionment by the State Allocation Board. Any money appropriated by Chapter 1575 of the Statutes of 1947 for support of the Department of Finance or the Director of Finance shall be available for expenditures until December 31, 1959.

Appropriation

19318. The sum of one hundred thousand dollars ($100,000) was appropriated by Chapter 7 of the Statutes of 1958 (First Extraordinary Session) from any money in the State Treasury not otherwise appropriated for apportionments to school districts pursuant to this chapter (Sections 19301 to 19322, inclusive) which the board deems necessary or advisable in order to complete, or to reimburse a district for expenditures made in connection with, a project at a given site for which an apportionment has previously been made under this chapter (Sections 19301 to 19322, inclusive). Funds appropriated by Chapter 7 of the Statutes of 1958 (First Extraordi-

nary Session) for which application is not made on or before December 31, 1956, shall revert to the General Fund of the State Treasury. In regard to such applications filed on or before the latter date, apportionments may be made at any time until December 31, 1959.

Same

19319. The sum of three thousand three hundred dollars ($3,300) appropriated by Chapter 2391 of the Statutes of 1957 from any money in the State Treasury not otherwise appropriated for apportionments to school districts pursuant to this chapter (Sections 19301 to 19322, inclusive) which the board deems necessary or advisable in order to complete, or to reimburse a district for expenditures made in connection with, a project at a given site for which an apportionment has previously been made under this chapter (Sections 19301 to 19322, inclusive). Funds appropriated by Chapter 2391 of the Statutes of 1957 for which application is not made on or before December 31, 1957, shall revert to the General Fund of the State Treasury. In regard to such applications filed on or before the latter date, apportionments may be made at any time until December 31, 1958.

Expenditure of apportionment

19320. An apportionment paid to a school district under this chapter (Sections 19301 to 19322, inclusive) shall be available for expenditure by its governing board for three years after the date on which the warrant covering the apportionment was drawn on the State Treasurer For the purposes of this chapter (Sections 19301 to 19322, inclusive), an apportionment shall be deemed to be expended at the time and to the extent that the amount thereof on deposit in the county treasury has been encumbered by the creation of a valid obligation on the part of the school district. Upon the expiration of its period of availability, the unencumbered balance in any apportionment made under this chapter shall become due and payable to the State of California; and the governing board of the school district and the county treasurer shall, at the time of the next county settlement following the expiration of such period of availability, pay the amount of such unencumbered balance to the State Treasurer, out of the funds and in the manner specified in Section 19316 of this code. Such payment shall be deposited in the State Treasury and credited to the fund and appropriation as specified in Section 19316.

Failure to use site, etc

19321. If, without the approval of the State Allocation Board, the governing board of a school district which has purchased or improved a school building site from funds apportioned to it under this chapter (Sections 19301 to 19322, inclusive) therefor, fails to use such site as a school building site, or sells or otherwise disposes of such site or improvements or any portion thereof, within three years after the payment of such funds into the county treasury to the credit of the emergency school building fund of the district, the board shall demand the return by the school district of the amount of such funds expended for the purchase of such site or for such improvements, or portion thereof, as the case may be.

If, with the approval of the State Allocation Board, the governing board of a school district which has purchased or improved a school building site from funds apportioned to it under this chapter (Sections 19301 to 19322, inclusive) therefor, sells or otherwise disposes of such site or improvements or any portion thereof within three years after the payment of such funds into the county treasury to the credit of the emergency school building fund of the district, the board shall demand the return by the school district of such amount, not in excess of the amount of such funds expended for the purchase of such site or for such improvements, or portion thereof, as the case may be, sold or otherwise disposed of, as the board and the governing board of the district agreed upon at the time the approval of the board was given.

Written notice of such demand, setting forth the amount due the State pursuant thereto, shall be furnished by the Director of Finance to the governing board of the school district, the county superintendent of schools, the county auditor, the county treasurer of the county whose county has jurisdiction over the school district, and the State Controller. Upon receipt of such notice and demand, the governing board of the school district shall, at the time of the next county settlement following receipt of such notice, order the county treasurer to pay to the State Treasurer, out of any moneys in the county treasury available to the school district for that purpose, the amount set forth in such notice. Such amount shall, upon order of the State Controller, be deposited in the State Treasury in augmentation of the unallocated balance of the fund and appropriation from which such money was apportioned. It shall be the duty of such governing body and county treasurer to make the payments to the State Treasurer as provided in this section, and it shall be the duty of the State Controller to enforce such collection on behalf of the State.

Validation of increased apportionments

19322. If, after the effective date of the inclusion of an elementary school district in a unified district and prior to July 2, 1952, the board increases an apportionment originally made to the elementary school district, to meet the increased cost of construction of the project for which such original apportionment was made, and such unified school district thereupon enters into construction contracts for the project, such apportionment as increased is hereby confirmed, validated, and ratified. Such unified school district succeeds to and is vested with all of the duties, powers, purposes, jurisdiction, and responsibilities of the elementary school district with respect to the original and increased apportionment and the property acquired or to be acquired with the funds provided thereby. All amounts which would, after the effective date of the inclusion of the elementary district in the unified district, have been otherwise paid to the elementary school district under the terms of the apportionments, shall be paid to the unified district.

CHAPTER 7. STATE SCHOOL BOND RETIREMENT FUND

19351. There is hereby created in the State Treasury the School Bond Retirement Fund. The money in such fund is appropriated for the payment and retirement of state school building aid bonds issued pursuant to Sections 15 and 16.5 of Article XVI of the California Constitution. School Bond Retirement Fund

19352. Each fiscal year, the Controller shall compute, and as soon thereafter as practicable shall transfer to the General Fund, a percentage of the total amount deposited in the School Bond Retirement Fund pursuant to law which is equal to the percentage which the total amount of bonds issued which are redeemed or to be redeemed in such fiscal year is of the total amount of bonds issued. Transfers to General Fund

CHAPTER 8. STATE SCHOOL BUILDING AID LAW OF 1949

Article 1. General Provisions

19401. The Legislature hereby declares that it is in the interest of the State and of the people thereof for the State to aid school districts of the State in providing necessary and adequate school sites and buildings for the pupils of the Public School System, such system being a matter of general concern inasmuch as the education of the children of the State is an obligation and function of the State. Declaration of need

In adopting this act, the Legislature considers that the great need in school construction is for adequate classrooms for the education of the pupils of the Public School System. It is the intent of the Legislature to first satisfy this primary need to the greatest extent possible before providing additional educational facilities, regardless of how desirable such additional facilities may be. To the end that school classrooms may be made available at once and to all school districts in need of such classrooms, provisions for other needed school facilities is necessarily subordinated.

19402. As used in this chapter (Sections 19401 to 19486, inclusive): Definitions

(a) "Board" means the State Allocation Board, created by Section 7 of the Construction and Employment Act as amended,

(b) "Director" means the Director of Education,

(c) "Project" means the purposes for which a school district has applied for an apportionment under this chapter (Sections 19401 to 19486, inclusive),

(d) "Grade level maintained by a district" means (1) the kindergarten, if any, and grades 1 to 6, or grades 1 to 8, inclusive, maintained by an elementary school district or a unified school district; or (2) grades 7 to 12, grades 9 to 12, inclusive, or grades 7 to 10, inclusive, maintained by a high school district or unified school district; and (3) grades 13 and 14 maintained by a high school district, unified school district, or junior college

district, but not more than one grade level shall be claimed by any district under any one of the subdivisions of this paragraph,

(e) "Apportionment" means an apportionment made under this chapter (Sections 19401 to 19486, inclusive) unless the context otherwise requires.

Administration

19403. The Director of Finance shall administer this chapter (Sections 19401 to 19486, inclusive) and shall provide such assistance to the board as it may require.

State Allocation Board

19404. The State Allocation Board is continued in existence for the purposes of this chapter (Sections 19401 to 19486, inclusive). The members of the board and the Members of the Legislature meeting with the board in an advisory capacity shall receive no compensation for their services under this chapter (Sections 19401 to 19486, inclusive) but shall be reimbursed for their actual and necessary expenses incurred in connection with the performance of their duties hereunder, to be paid out of the Public School Building Loan Fund.

Priority in allocating funds

19405. The board by the adoption of rules shall give priority in allocating funds to districts to those districts where the children will benefit most from additional schoolhouse facilities. This priority shall be based on acuteness of overcrowding, on sudden growth in attendance, on amount of local tax funds expended for housing of a character within the purposes of this chapter (Sections 19401 to 19486, inclusive), and on the time the district's application has been ready for allotment. The board may make exceptions when it determines that it will be for the benefit of the children affected.

In adopting rules the board may provide for the granting of priority points to govern the allocation according to the following schedule:

(a) Two priority points may be granted for each percent of the latest computed average daily attendance of the district that is inadequately housed. The number of inadequately housed students is the latest computed average daily attendance of the district less the sum of (1) any classrooms up to a total of two, multiplied by 25, and (2) any classrooms in excess of two, multiplied by 33. The term "classrooms" (for the purposes of this computation) shall mean any school classrooms, temporary and permanent, determined by the Department of Education to be safely usable.

(b) One priority point may be granted for each 5 percent of the latest computed average daily attendance of the district that represents an increase over the average daily attendance for the fifth preceding school year.

(c) One point of priority may be granted for each one-twentieth of 1 percent of the assessed valuation of the district, collected in taxes and expended for school housing within the scope of this chapter (Sections 19401 to 19486, inclusive) since July 1, 1944. Expenditure of the proceeds of the sale of bonds shall not be counted but expenditure for interest and retirement of bonds shall be counted.

(d) Not more than one point of priority shall be allowed for each calendar month that the completed application of the district has awaited funds.

If any computation of priority points made under this section results in a fraction of a point, such fraction shall be disregarded and the number of priority points shall be taken as the next lowest whole number.

These priorities shall be recomputed at least semiannually when funds are available for allocation, on the respective periods of time next preceding the date of computation. The State Department of Education shall assist and co-operate with the board in determining priority ratings.

Powers and duties of board

19406. In addition to such other powers and duties as are granted the board by this chapter (Sections 19401 to 19486, inclusive), the board shall (1) establish such qualifications not in conflict with other provisions of this chapter (Sections 19401 to 19486, inclusive) as it deems will best serve the purposes of this chapter (Sections 19401 to 19486, inclusive) for determining the eligibility of school districts to apportionments of funds under this chapter (Sections 19401 to 19486, inclusive); (2) establish such procedures and policies in connection with the administration of, and the expenditure of funds made available for the purpose of, this chapter (Sections 19401 to 19486, inclusive) as it deems necessary and which are not in conflict with the powers and duties of the Department of Education or of the director granted or imposed by this chapter (Sections 19401 to 19486, inclusive); and (3) adopt such rules and regulations for the administration of this chapter (Sections 19401 to 19486, inclusive), requiring such procedure, forms, and information, as it may deem necessary.

Public School Building Loan Fund apportionments

19407. Apportionment from the Public School Building Loan Fund to school districts shall be made in the manner and subject to the conditions herein provided and in accordance with policies adopted by the board, for the following purposes: (a) the purchase and improvement of school sites which have been approved by the State Department of Education; (b) the purchase of desks, tables, chairs, and built-in or fixed equipment, as listed in Part III of the California School Accounting Manual contained in the Bulletin of the California State Department of Education, Volume XIII, No. 2, June, 1944, or as amended or revised; and (c) the planning and construction, reconstruction, alteration of, and addition to, school buildings for such facilities as are approved by the Department of Education as essential, all of which purposes are hereby declared to be, and are, public works.

Where a district is required by a contract entered into between itself and a contractor, to obtain at its own expense insurance covering risks incurred during any construction, reconstruction or alteration for which an apportionment has been made, the costs thereof may be paid either directly, or by way of reimbursement, to said district out of said apportion-

ment, or out of any apportionment made specifically covering such insurance; provided, that in other respects said apportionments are eligible for payment under provisions of this chapter (Sections 19401 to 19486, inclusive).

Development of off-site facilities

19408. In addition to the purposes for which apportionments may be made to school districts under Section 19407, apportionments may also be made to school districts for the construction, repair, attachment or development of off-site facilities, utilities or improvements which the board determines are necessary to the proper operation or functioning of the school facilities for which apportionments are made, all of which purposes are hereby declared to be, and are, public works.

Title to property

19409. In making application for, and in expending, apportionments of funds under this chapter (Sections 19401 to 19486, inclusive), a school district acts as an agent of the State and all sites purchased and improved, all equipment purchased, and all buildings constructed, reconstructed, altered, or added to through the expenditure of funds apportioned under this chapter (Sections 19401 to 19486, inclusive), are declared to be, and are, the property of the State. Upon the payment by the district of the amounts required to be paid by it to the State under this chapter (Sections 19401 to 19486, inclusive) the board shall, in the name of the State, convey such property to the district.

Insurance

19410. The board may require school districts to insure for the benefit of the State all sites, equipment and buildings which are under Section 19409 the property of the State, against such risks and in such amounts as the board may deem necessary to protect the interests of the State. No state funds apportioned under this chapter (Sections 19401 to 19486, inclusive) shall be used to pay the premiums on said insurance.

Builders' risk insurance

19411. Where a district is required by a contract entered into between itself and a general construction contractor to obtain, at its own expense, insurance covering risks incurred during any construction for which an apportionment has been made, the cost thereof may be paid directly to said district out of the Public School Building Loan Fund.

It is the intent and purpose of this section to provide for reimbursement to such school districts for all such builders' risk insurance as may have been furnished and paid for by such districts in connection with approved apportionments from the Public School Building Loan Fund from the time of the effective date of Chapter 1389 of the Statutes of 1949.

The Legislature in adopting this section expressly recognizes that eligible school districts in making provision for builders' risk insurance during the period of construction of new buildings has provided a saving for the taxpayers of such district, and also has reduced the amount which otherwise would have been paid out of the Public School Building Loan Fund to such district if the cost of such builders' risk insurance had been borne by the contractor with the district; for

this reason the Legislature hereby finds, determines and declares that the adoption of this section having an effect retroactive to the effective date of said Chapter 1389 of the Statutes of 1949 is therefore lawful, proper and represents the saving of public funds for a lawful and public purpose.

The Controller of the State of California is hereby authorized and directed to cancel and annul any claims or demands against such school districts arising out of, or in any way connected with, claims for reimbursement from such school districts to the Public School Building Loan Fund arising out of the direct purchase of builders' risk insurance on any construction by any such school district under an approved application by the Local Allocation Board of the Department of Finance of the State of California.

Bids

19412. A school district shall not expend money apportioned under this chapter (Sections 19401 to 19486, inclusive) unless the contracts under which the funds are expended have been let after competitive bids thereafter pursuant to this code.

Unencumbered or unexpended funds

19413. Funds apportioned to a school district under this chapter (Sections 19401 to 19486, inclusive) for a project, remaining unencumbered or unexpended one year from the date the application of the district for such apportionment was approved, shall not be encumbered or expended except as provided in this section.

The governing board of the district shall notify the board of its desire to encumber or expend such funds. The board shall immediately request the Department of Education to, and that department shall, review the project for which apportionment was made. If the Department of Education finds that the conditions existing at the time it approved the project for which the apportionment was made have so changed that the needs of the district are less than originally determined, it shall notify the board of its findings and of the respects in which the project should accordingly be modified. The board shall review the project and revise the project in such manner as it deems necessary, subject to the provisions of Section 19428, and make such changes in the purposes for which the apportionment may be expended as it deems necessary. The cost of the project as revised by the board shall be computed in the manner prescribed by Section 19414 and the excess, if any, of the amount theretofore apportioned to the district over the computed cost of the revised project shall be deducted by the board from the apportionment made to the district. The board shall give notice of its action, in writing, to the State Controller, the governing board of the district, and the county auditor and the county treasurer having jurisdiction over the public school building fund of the district. If the amount of such excess, or any portion thereof, has not been paid to the district, such excess, or portion thereof, shall be made available for apportionment to other districts. If such excess, or portion thereof, has been paid to the district, it shall not be encumbered or expended by the district and shall become due and payable to the State of Cali-

fornia. The governing board of the district and the county treasurer shall, at the time of the next county settlement following receipt of such notice from the board, pay such amount to the State Treasurer, out of the funds, and in the manner specified in Section 19453 of this code. Such payment shall, on order of the State Controller, be deposited in the Public School Building Loan Fund in the State Treasury.

It shall be the duty of such governing body and county treasurer to make the payments to the State Treasurer as provided in this section, and it shall be the duty of the State Controller to enforce such collection on behalf of the State.

This section does not authorize the board to increase any apportionment made to a school district.

Grade level apportionment

19414. Each school district which desires an apportionment for a grade level maintained by it, shall submit through its governing board to the board an application therefor in such form and number of copies as the board shall prescribe. Each copy of the application shall be accompanied by a statement of the estimated cost of the project certified by an architect or structural engineer, and by layout plans showing the entire project for which the district desires an apportionment. Estimates of cost for new construction appearing in an application shall not exceed typical current costs of comparable new construction by school districts in the same area not receiving or not eligible for apportionment under this chapter (Sections 19401 to 19486, inclusive), as determined by the Director of Finance, or if there has been no new construction by school districts in the area, the estimates of cost shall not exceed the reasonable current cost of similar construction in the area as determined by the Director of Finance. Immediately upon receipt of an application in the prescribed form accompanied by the required estimate of cost, a copy thereof shall be transmitted by the board to the director and to the Director of Finance.

A school district may at any time amend or supplement its application.

The Director of Finance shall determine the school district's financial ability to meet all or a portion of the cost of the project and the amount which the school district can contribute toward the cost of the project out of its available funds, and shall submit his report thereon to the board.

The directors shall as promptly as possible prepare a report and recommendation with respect to the application and refer the application, report, and recommendation to the Director of Finance, who shall, if he finds said documents to be in proper form and otherwise sufficient, refer them to the board. If the Director of Finance finds said documents to be lacking in any respect as to any matter which is subject to the jurisdiction or approval of the director or Department of Education, he shall refer them to the director who shall take such action as may be necessary. The board shall, subject to the provisions of this chapter (Sections 19401 to 19486, inclusive)

approve or reject each application referred to it by the Director of Finance. If the board approves of the application, either in whole or in part, it shall, by a resolution adopted by it, apportion to the district from the Public School Building Loan Fund the amount applied for, or such portion thereof as the board may deem appropriate; provided, that it may order that the apportionment or any part thereof shall be paid in progressive installments at such times and under such conditions as it may then prescribe. This shall be known as a conditional apportionment and shall become final only if the vote provided for in Section 19422 is favorable and if bonds are authorized and sold in the amounts prescribed by the board, and the proceeds of the bonds sold earmarked for the project as approved. The conditional apportionment shall remain effective for a period of nine months from the date of said resolution of the board, and if it does not become a final apportionment by the date, it shall become void and the money so apportioned shall become again available for apportionment pursuant to this chapter (Sections 19401 to 19486, inclusive).

The board may for such good cause as it shall determine, reduce the amount of, or modify any provisions relating to, any contribution required of a school district under the terms of an apportionment, other than any contribution required of such district under Section 19422 from the sale of bonds; provided, that the board may not, without the consent of the district, increase the amount of any district contribution under the terms of an apportionment, in the absence of mistake arising from any source, or misrepresentation, concealment, or omission, on the part of the district, intentional or otherwise. The provisions of this paragraph shall be applicable to apportionments heretofore or hereafter made.

Additional apportionments, etc

19415. When an apportionment has been made by the board to a school district the board may, upon application of the governing board of such district, authorize the governing board to transfer funds from other authorized purposes if more than one purpose has been authorized in the district by the board, or to make additional apportionments to the district, or both, if the board determines that such additional apportionments or transfers are necessary to meet the actual cost of the specific school plant facilities or sites for which the original apportionment was made. An apportionment made under this section shall be final if the original apportionment has become final; otherwise it shall become final if and when the original apportionment becomes final.

All provisions of this chapter (Sections 19401 to 19486, inclusive) shall apply to apportionments made under this section, except Sections 19414, 19422, 19423 and 19426, exclusive of the second paragraph of said Section 19426, and such other provisions as may relate to applications and eligibility for apportionments.

Application for apportionment

19416 The board may approve, in whole or in part, an application submitted by a school district under Section 19414

and in such amount, not exceeding the amount applied for, as the board may deem appropriate.

The board may, upon approval of the application, in whole or in part, and subsequently from time to time, make a conditional apportionment or conditional apportionments not exceeding in the aggregate the total amount determined by the board as aforesaid, to the applicant school district from the Public School Building Loan Fund for such portion or portions of the project as the board determines the district is ready to proceed with. If the board has approved an application and made an apportionment as to a portion or portions of a project, the board may approve the remaining portion or portions of the project and make an additional apportionment or apportionments within two years after the original approval without requiring a district to issue additional bonds.

The total of the amounts of applications as approved by the board under this section shall not, when added to all amounts apportioned to school districts by the board under Section 19414, exceed 90 percent of the total amount of state school building bonds authorized to be issued and sold by Section 15 of Article XVI of the Constitution of the State.

Except as otherwise provided in this section, all provisions of this chapter (Sections 19401 to 19486, inclusive) relating to apportionments shall apply to apportionments made under this section.

Approval of an application under this section shall not be construed as creating or implying any obligation, commitment or promise on the part of the board or the State to make apportionments under this chapter (Sections 19401 to 19486, inclusive).

Effective period of conditional apportionment

19417. If, after a conditional apportionment has been made to a school district, legal proceedings initiated prior or subsequent to the making of such conditional apportionment prevent the taking, within the period during which the conditional apportionment remains effective under Section 19414, of the actions necessary to permit the conditional apportionment to become final, the conditional apportionment shall nevertheless remain effective for a period of nine months from the date upon which such legal proceedings are finally determined.

Additional apportionments

19418. With respect to any apportionment made to a school district prior to the effective date of the amendment of Section 5046 made by Chapter 16 of the Statutes of 1950 (Third Extraordinary Session), the board may, on the application of the governing board of said district make additional apportionments to the school district for the purchase of such furniture as is authorized by Section 19407. An apportionment made under this section shall be final if the original apportionment has become final; otherwise it shall become final if and when the original apportionment becomes final.

All provisions of this chapter (Sections 19104 to 19186, inclusive) shall apply to apportionments made under this section, except Sections 19414, 19422, 19423, and 19426, exclusive

of the second paragraph of said Section 19426, and such other provisions as may relate to applications and eligibility for apportionments.

State School Building Fund

19419. The sum of two million dollars ($2,000,000) was by Chapter 13 of the Statutes of 1952 (First Extraordinary Session) made available from the Public School Building Loan Fund for apportionment by the board pursuant to this chapter (Sections 19401 to 19486, inclusive), except as otherwise provided by this section and to be transferred by the Controller as needed into a separate account in the State School Building Fund which was created in the State Treasury.

Apportionments made under this section shall be available as grants to those school districts to which apportionments have been made under this chapter (Sections 19401 to 19486, inclusive) prior to April 1, 1952, and only for such amounts thereof as are in excess of the apportionments the voters of such districts voted to accept and repay under Sections 19422, 19423, and 19424.

If and when the electors of districts receiving apportionments under this section, vote to accept and repay additional amounts under Sections 19422, 19423, and 19424, the board may make apportionments under other sections of this chapter in substitution in whole or in part of the grants made under this section.

In the event the electors of the district fail to vote to accept and repay such additional amounts or if apportionments covering such amounts are not made under other sections of this chapter (Sections 19401 to 19486, inclusive), beginning in September, 1953, and annually for nine years thereafter, apportionments made to such districts from the State School Fund under Sections 11256, 11257 and 17251, Sections 17401 to 17417, inclusive, and Sections 17601 to 18460.1, inclusive, whichever are in effect, or any successor thereof, shall be reduced by an amount equivalent to one-tenth of the amount apportioned under this section. This section shall not be applied so as to reduce any average daily attendance apportionment below the constitutional minimum. During the year beginning September, 1953, and each year thereafter in which the Controller determines that the apportionment of any district is to be reduced as herein provided, he shall deduct the total amount of the annual repayment of each district in equal amounts from each installment of the apportionments made to such district; and the amount so deducted shall, on order of the Controller, be transferred from the State School Building Fund to the General Fund at the time and for the purpose provided in Section 19504.

Notwithstanding any other provision of law, taxes in such districts shall be increased sufficiently to offset the amounts by which such average daily attendance apportionments are reduced under this section. Such tax increases shall be made in the manner prescribed under Section 19443 of this chapter.

Any amounts made available by this section which are not apportioned by June 30, 1953, and any recovery by substitution of apportionments made in accordance with this section shall be transferred to the Public School Building Loan Fund.

Limitation on apportionment

19420. No apportionment shall be made for new construction which when added to the area of adequate school construction existing in the applicant school district at the time of application, will provide a total area of school building construction per pupil of the estimated enrollment in excess of that computed under the following schedule:

Type of school	Enrollment	Sq. ft. per pupil
Elementary school comprising kindergarten and grades 1 to 6, inclusive	300 or more	55
Elementary school comprising grades 7 and 8	750 or more	75
Junior high school comprising grades 7 to 9, inclusive	750 or more	75
Junior high school comprising grades 7 to 10, inclusive	750 or more	75
High school comprising grades 7 to 12, inclusive	750 or more	80
High school comprising grades 9 to 12, inclusive	750 or more	80
High school comprising grades 10 to 12, inclusive	750 or more	80
Junior college comprising grades 13 and 14	750 or more	80
Junior college comprising grades 11 to 14, inclusive	750 or more	80

The maximum total building areas per pupil allowed to applicants having schools with smaller estimated enrollments than shown in the above schedule shall be determined by the Department of Education, and shall be building areas to provide comparable facilities to those enumerated above, and shall be the least building area required to house adequately the estimated enrollment and the normal instructional and other services.

No estimate of enrollment made by an applicant for the purpose of justifying an apportionment shall be made for a longer time than the second fiscal year beyond the fiscal year in which an application is made, and in no case shall be given effect unless approved by the Department of Education.

Payment to school district

19421. Payment shall be made in accordance with the terms of a final apportionment, either directly or by way of reimbursement, to a school district for expenditures, or commitments therefor, which have been made by the district subsequent to December 5, 1949, for any items approved by the board in such apportionment; provided, however, that where expenditures were made for, or work was commenced with respect to, any item so approved, prior to the time the application of such district containing such item was received by the

board, payment or reimbursement for such item, either with state funds or with district funds which the district is required to contribute by said apportionment, shall be made only upon authorization of the board by special resolution citing this section.

Final apportionment Conditions

19422. No apportionment to a school district shall become final unless: (a) the total amount of outstanding bonds of the district exceeds ninety-five percent (95%) of the maximum amount of bonds which the district could have had outstanding under any law on the date the conditional apportionment is made, or (b) if the total amount of the bonds of the district outstanding and unpaid is less than ninety-five percent (95%) of the amount of the bonds permitted to be issued by the district, the amount of district bonds outstanding is within twenty-five thousand dollars ($25,000) of the total bond limit permitted, as of the date on which the conditional apportionment is made. At the time the board makes a conditional apportionment pursuant to Section 19414, it shall determine what portion of the total amount of bonds which a district is permitted to issue and sell by law shall be issued and sold by such district, the proceeds of which shall be applied toward the cost of the project for which the apportionment is sought. The portion so determined by the board shall be not less than the minimum amount required for such apportionment to become final under this section. Any apportionment made by the board pursuant to Section 19414 shall be conditioned upon the approval and sale of such bonds by the district.

No apportionment to a school district shall become final unless, at an election called by the governing board of the district, two-thirds of the qualified electors of the district voting thereat have authorized the governing board of the district to accept, expend, and repay, as provided in this chapter (Sections 19401 to 19486, inclusive), an apportionment under the provisions of this chapter (Sections 19401 to 19486, inclusive). Such election shall be combined with and held at the same time as the bond election to authorize the amount of bonds required by the board, if any, and shall be called, held, and conducted in the same manner as are elections to authorize the issuance of school district bonds, except that the ballot, in addition to the bond proposition, shall contain substantially the following words:

"Shall the governing board of the _____ school district be authorized to accept and expend an apportionment in an amount not to exceed _____ dollars ($_____) from the State of California under and subject to the provisions of Chapter 8 (Sections 19401 to 19486, inclusive) of Division 14 of the Education Code which amount is subject to repayment as provided by said chapter? Yes _____ No _____."

Certification, etc., of bonds authorized

19423. Immediately after the result of the election has been determined, the county superintendent of schools shall make a certificate in duplicate stating whether the bonds have been authorized in the amount prescribed by the board and whether the school district has authorized the acceptance and expendi-

ture of the apportionment. One copy of the certificate shall be sent to the board and one copy to the State Controller. When the bonds authorized have been issued and sold and the proceeds thereof made available for the purposes of the application, the county superintendent of schools shall also certify this fact to the board and the State Controller. Upon the receipt by the board of the certificate stating that the bonds have been issued and sold and the proceeds thereof made available for the purposes of the application, the apportionment shall become final.

Election

19424. The election by a school district upon the acceptance, expenditure, and repayment of an apportionment prescribed by Section 19422 may be called and held either before or after the making of an apportionment.

All such elections held prior to October 13, 1950, whether before or after the making of an apportionment, are hereby validated and confirmed if otherwise called and held pursuant to law.

Validation of certain final apportionments

19425. Whenever a conditional apportionment has been made, and the county auditor has inadvertently and erroneously included in his certification of the outstanding bonded indebtedness of the school district the bonded indebtedness of another school district having the same, or substantially the same, boundaries, which bonded indebtedness is less than two percent (2%) of the total amount of the total bonded indebtedness certified, and thereafter an election upon the issuance of new bonds in the amount required by the board has been had and the vote thereon has been in favor of the issuance of the bonds, and the board has certified to the State Controller that the apportionment to the school district has become final, such final apportionment is hereby confirmed, ratified, and validated, and any expenditure of money from the Public School Building Loan Fund according to the terms of such final apportionment is hereby confirmed, ratified, and validated.

Any bonds erroneously certified, however, shall not be taken into consideration in making the computation required by Section 19422.

Cost of project

19426. No apportionment shall be made to a school district for any grade level if the estimated cost of the project, as approved by the Director of Finance, is (1) an amount which would result in an apportionment to the district exceeding the amount authorized at the district election held under Section 19422, or (2) is an amount which if raised by the issuance and sale of bonds of the district running for 25 years bearing the current going rate of interest as determined by the board and the principal of which is payable in 25 equal annual payments, would require the levy of a tax under Section 22101 upon property in the district which would, when added to the tax actually being levied upon property in the district for the grade level as determined by the Director of Finance under said section, amount to less than thirty cents ($0.30) on each

one hundred dollars ($100) of assessed valuation of property in the district during the next fiscal year.

At the time the board makes an apportionment, it shall, with the approval of the Director of Finance fix the interest to be paid by the district on the sum apportioned to it at a rate equal to the effective rate paid by the State upon the bonds sold from the proceeds of which the apportionment is made, giving effect to the price at which the bonds are sold and the premium, if any, paid thereon, adjusted to the next highest one-eighth of 1 percent, to cover the cost of sale and issuance of the bonds and costs of administration, to be compounded annually on the first day of January of each year.

Construction of terms

19427. As used in Section 19426 of the Education Code, the phrase "adjusted to the next highest one-eighth of 1 percent" means "increased by a full one-eighth of 1 percent." It is hereby declared that this construction is not intended as a change in the present law, but as a declaration of the existing law, and shall apply to any interest rate heretofore or hereafter fixed by the board under said section.

Compliance with building standards

19428. No apportionment shall be made to a district for the construction, reconstruction, or alteration of, or addition to, school buildings if the requirements prescribed by this code for the construction of school buildings are not met by the plans for the entire building program of the district in connection with which the district applied for an apportionment or for any project or part thereof which has not been approved by the Department of Education.

Repayment

19429. Each district to which an apportionment has been made under this chapter (Sections 19401 to 19486, inclusive) shall repay the principal amount of such apportionment and the accrued interest thereon in the amount and in the manner hereinafter provided in this chapter (Sections 19401 to 19486, inclusive).

"First computation"

19430. On or before the first day of January of each fiscal year, the State Controller shall compute for each grade level of a district for which an apportionment has been made during any preceding fiscal year the amount that would be produced by a tax of thirty cents ($0.30) on each one hundred dollars ($100) of assessed valuation for the current fiscal year within the district. Such amount is designated as the "first computation."

"Second computation"

19431. On or before the first day of December preceding the first day of January of each fiscal year, the Director of Finance shall determine and certify to the State Controller the amount raised and to be raised by the district during the current fiscal year for the repayment of principal and interest on that portion of the bonded indebtedness of the district that was incurred for each such grade level prior to the making of the first apportionment to said district under the provisions of this chapter (Sections 19401 to 19486, inclusive), which amount is designated as the "second computation." The Director of Finance shall determine the amount of the bonded

indebtedness that was incurred by the district for each grade level, when bonds were issued and sold for purposes of more than one grade level. When one or more additional apportionments have been made to a grade level of a school district, conditioned upon the issuance and sale of additional bonds of the district, the Director of Finance shall determine and include in his certificate the amount raised and to be raised by the district during the current fiscal year for the payment of principal and interest on that portion of the additional bonded indebtedness of the district that was incurred for each such grade level as a condition to receiving such additional apportionment; and such amount so certified shall be included in the "second computation," as herein defined.

Same Correction

19432. If the Director of Finance determines in any fiscal year that the amount certified to the State Controller as the "second computation" during the next preceding fiscal year is more or less than the amount actually raised by the district for the repayment of principal and interest of the bonded indebtedness referred to in Section 19431, then the Director of Finance shall add to, or subtract from, the amount computed as the "second computation" for the current fiscal year, as the case may require, an amount equal to the difference between the amount actually raised by the district for the repayment of such bonded indebtedness and the amount so certified by the Director of Finance.

"Third computation"

19433. With respect to each grade level of a district referred to in Sections 19430 and 19431, the amount of the "second computation" which is not in excess of one-third of the "first computation" is hereby designated as the "third computation."

Annual repayment Computation, etc.

19434. On or before the first day of January of each fiscal year, the State Controller shall compute the "annual" repayment, if any, due from each district during the next succeeding fiscal year as herein provided. If, for any grade level of a district, the amount, if any, by which the second computation exceeds the third computation is greater than the first computation, the amount of such excess, herein called a "negative difference," shall be disregarded, and no reimbursement shall be due the State from such district with respect to such grade level during the next succeeding fiscal year. If, for any grade level of a district, the amount of the first computation is greater than the amount, if any, by which the second computation exceeds the third computation, the amount of such excess, herein called a "positive difference," shall constitute the amount of reimbursement due the State from such district with respect to such grade level during the next succeeding fiscal year. The sum of the "positive differences" so computed for all grade levels having a "positive difference" within each district is herein designated as the "annual repayment" of such district

Same Limitation

19435. Notwithstanding any other provision of this chapter (Sections 19401 to 19486, inclusive), and regardless of how

many apportionments are made to a grade level of a school district under the provisions of this chapter (Sections 19401 to 19486, inclusive), the total annual repayment for such grade level during any fiscal year, covering all such apportionments, shall not exceed the amount that would be computed under Sections 19430 to 19436, inclusive, for any one of such apportionments.

Deduction from State School Fund apportionments

19436. The State Controller shall, during the next fiscal year following that in which he determines the annual repayment as herein provided, deduct the total amount of the annual repayment of each district in equal amounts from each of the February, March, April, and May installments of the apportionments made to such district from the State School Fund under Sections 11256, 11257, and 17251, Sections 17401 to 17417, inclusive, and Sections 17601 to 18460.1, inclusive, whichever are in effect; and, on order of the State Controller, the amount so deducted shall be transferred to the Public School Building Loan Fund. All money transferred to the Public School Building Loan Fund under the provisions of this section shall be available only for transfer to the General Fund under the provisions of Section 19504.

District tax refund Effect

19437. Notwithstanding any provision of law to the contrary, whenever in any fiscal year, pursuant to Chapter 5, Part 9, Division 1 of the Revenue and Taxation Code, a refund is made or a judgment rendered, as the case may be, for the return of an amount collected as school district taxes levied during a previous year upon secured or unsecured personal property, because it was determined that such property was exempt from taxation, and such property so determined to be exempt equals 1 percent, or more, of the assessed valuation in the school district upon which school district taxes for such previous year were levied, the Controller shall reduce the annual repayment of the district and the amount deducted from the State School Fund apportionment of such district for the fiscal year next succeeding that in which such refund was made or judgment rendered, by that amount by which the annual repayment and deduction of the district would have been reduced for the fiscal year next succeeding that in which such taxes were levied had the assessed valuation upon which such annual repayment was computed not included an amount of assessed valuation equal to the amount of assessed valuation of the property so determined to be exempt.

The amount of annual repayment and deduction, reduced as required by this section, shall be the amount deducted by the Controller for the purposes of Sections 19436, 19442, and 19443 for the fiscal year in which such reduction is made.

Recomputation of annual repayment

19438. (a) Upon request of the district, the Controller shall use in computing the "first computation" under Section 19430 the difference between the total assessed valuation of property in a district as shown on the equalized assessment roll for the current fiscal year and the assessed valuation of property as shown on the equalized assessment roll for the

current fiscal year, in excess of 2 percent of such total assessed valuation, with respect to which revenues of the district taxes levied in the 1954-1955 Fiscal Year, or thereafter, have been impounded by the county auditor pursuant to Section 20901. If such a request is received prior to August 1, 1955, with respect to the impounding of revenues of taxes levied during the 1954-1955 Fiscal Year, the Controller shall recompute the annual repayment of the district due during the 1955-1956 Fiscal Year on the basis of such reduced assessed valuation, and, on or before September 1, 1955, notify the officers and board referred to in Section 19442 of such recomputed annual repayment for the 1955-1956 Fiscal Year, and of the recomputed amount to be deducted from the State School Fund apportionment to such district during the 1955-1956 Fiscal Year.

(b) Whenever, after July 1, 1955, the county auditor notifies the Superintendent of Public Instruction and the Controller of the release of impounded tax revenues to the school district, the Controller shall add to the annual repayment of the district, for the first fiscal year or second fiscal year next succeeding that in which such notification of release was made, that amount by which the annual repayment of the district for a previous fiscal year was reduced by reason of the exclusion of assessed valuation with respect to tax revenues impounded and thereafter released.

(c) The amount of annual repayment and deduction, increased or reduced as required by this section, shall be the amount deducted by the Controller for the purposes of Sections 19436, 19442, and 19443 for the fiscal year in which such increase or reduction occurs.

(d) If a request is received from a school district and an annual repayment reduced pursuant to subdivision (a) hereof, Section 19437 shall not apply with respect to any tax revenues to which subdivision (a) applies.

Same

19439. The State Controller shall make the deduction provided by Section 19436 during each fiscal year, as herein provided, until the principal amount of the apportionment made to the district for such grade level, and all accrued interest due thereon, has been withheld; but no interest shall accrue or become due and payable to the State with respect to the principal amount of any such apportionment after the expiration of 25 years from the first day of January of the fiscal year next succeeding the date of the warrant issued by the State Controller covering the payment to the county treasurer of each portion of such apportionment. At the expiration of 30 years from the first day of January of the fiscal year next succeeding the date of the warrant issued by the State Controller covering the payment to the county treasurer of each portion of such apportionment, any unpaid balance of the principal amount of any such apportionment, including all interest included in such principal amount, shall be canceled on the books of the State Controller, and the State shall have no further right to the repayment of such unpaid balance.

19440. The State Controller shall certify to the board the cancellation of the unpaid balance of the principal amount of such apportionment; and upon receipt of such certification, the board shall, in the name of the State, convey to the district all sites purchased and improved, all equipment purchased, and all buildings constructed, reconstructed, altered, or added to, from moneys provided by the apportionment covered by such cancellation. Certification and conveyance

19441. The State Controller shall determine and maintain a record of the amount due the State in connection with each apportionment made to each grade level of a district under the provisions of this chapter (Sections 19401 to 19486, inclusive). He shall compute interest on the original amount of the apportionment at the rate fixed by the board, from the date of issuance of the State Controller's warrant covering the payment to the county treasurer of any portion of the apportionment until the first day of January of the fiscal year next succeeding that in which such warrant was issued. Thereafter, interest shall accrue to and be compounded as a part of the principal amount due the State pursuant to such apportionment, on the first day of the following January of each year, until the principal and interest have been paid, or until the interest ceases to accrue, as provided in this chapter (Sections 19401 to 19486, inclusive). No interest shall accrue on the principal amount of any apportionment because of the withholding of the annual repayment from apportionments made to school districts from the State School Fund on dates subsequent to the first day of January of the year in which the computation of the annual repayment is determined. Record of amount due State

19442. Upon computing in any fiscal year the amount to be deducted from the apportionments to the district from the State School Fund during the succeeding fiscal year, the State Controller shall notify the governing board of the district and the county auditor of the county, the county superintendent of which has jurisdiction over the district, of the amount to be deducted. Notice of deductions from State School Fund apportionments

19443. The board of supervisors of the county, the county superintendent of which has jurisdiction over any district which under this chapter (Sections 19401 to 19486, inclusive) will have moneys withheld by the State Controller from the apportionments to be made to it from the State School Fund during any fiscal year, shall annually at the time the board of supervisors makes the levy of taxes for county purposes, levy a tax upon the property in the district sufficient to raise for the district the amount of money to be withheld by the State Controller during the fiscal year in which the tax is levied. Such tax, when collected, shall be paid into the county treasury of the county, the county superintendent of schools of which has jurisdiction over the district for which the tax was levied, to the credit of the general fund of the district. Tax levy

19444. The board shall prescribe in such detail as it deems necessary, the purposes for which moneys apportioned by it Use of funds

or which it requires the district to contribute toward, or in reduction of the cost of a project, may be expended, and such prescription shall be binding upon the governing board of the district, save as it may be changed or modified by the board for such cause as it sees fit. In determining funds which can be contributed by the district, the board may require the district to contribute unexpended balances of funds earmarked or encumbered by the district for furniture, equipment, or any other lawful purpose; provided, however, that changes or substitutions in the purposes for which such funds were earmarked or encumbered, with respect to such requirement under any apportionment heretofore or hereafter made, may be authorized by the board, or pursuant to its delegation, by the Director of Finance.

Void conditional apportionment

19445. Unless the board has received the certificates of the county superintendent of schools required by Section 19423 within nine months from the date of the conditional apportionment, it shall, at the expiration of said nine months' period, void said conditional apportionment and shall certify this fact to the State Controller. Each final apportionment made by the board under this chapter (Sections 19401 to 19486, inclusive) shall be certified by it to the State Controller who shall from time to time draw his warrant on the State Treasurer in favor of the county treasurer of the county having jurisdiction over the district in accordance with the terms of such final apportionment. The warrant shall be exempt from the provisions of Division 4 of Title 2 of the Government Code and shall be paid by the State Treasurer from the Public School Building Loan Fund.

Public school building fund

19446. A public school building fund is hereby created in the county treasury in each county for each school district in such county. The county treasurer of each county shall pay into the public school building fund of each school district, exactly as apportioned by the board, all moneys received by him under this chapter (Sections 19401 to 19486, inclusive) with respect to each such school district.

Transfer of funds

19447. The governing board of each school district to which an apportionment is made under this chapter is authorized to, and shall, transfer to the Public School Building Fund of the district from all other funds of the district in which such moneys may be, all moneys of the district which under, or pursuant to, this chapter (Sections 19401 to 19486, inclusive) are required to be expended for the project for which such apportionment was made.

Public School Building Loan Fund

19448. A fund in the State Treasury is hereby created, to be known as the Public School Building Loan Fund. All money in the Public School Building Loan Fund, including any money deposited in said fund from any source whatsoever after July 29, 1949, is hereby continuously appropriated without regard to fiscal years for expenditure pursuant to apportionments made under the provisions of this chapter (Sections 19401 to 19486, inclusive).

19449. Notwithstanding any provision of law to the contrary, the State Allocation Board may from time to time by appropriate resolution order the transfer from the Public School Building Loan Fund to the State School Building Aid Fund of any amounts therein which it deems no longer desirable to retain for the purposes of this chapter (Sections 19401 to 19486, inclusive) and Sections 19501 to 19514, inclusive, of the Education Code; providing, that nothing herein shall be deemed to apply to any moneys heretofore or hereafter deposited in the Public School Building Loan Fund by virtue of Sections 19436, 19508, and 5107 as added by Chapter 922 of the Statutes of 1949, and as subsequently amended; or to any moneys heretofore or hereafter deposited in said fund from deductions made from the State School Fund pursuant to Section 5047.8; or to any moneys appropriated from the Public School Building Loan Fund by virtue of the Budget Acts of 1954 and 1955, and which remain available for expenditure. Upon such order or orders the Controller shall make appropriate transfers, and any sums so transferred shall be available for apportionment in the same manner as other moneys in the State School Building Aid Fund, except that to the amount available for apportionment on the fifth day of each month pursuant to Section 19710, there shall be added any amount transferred to the State School Building Aid Fund by virtue of this paragraph prior to the fifth day of the preceding month. Notwithstanding the provisions of Section 19505, after July 7, 1955, there shall be no further transfers to the General Fund from the Public School Building Loan Fund of any amounts deposited therein by virtue of Sections 19453, 19454, and 19455.

Same: Transfer of funds

19450. The governing board of each school district to which an apportionment has been made under this chapter (Sections 19401 to 19486, inclusive) shall expend the moneys in the Public School Building Fund of the school district exactly as apportioned by the board and only for the purposes for which said moneys were apportioned to the district, and for no other purpose, and shall make such reports relating to the expenditure of such moneys as the board and the State Controller shall require.

Expenditure of moneys

19451. A complete detailed report of expenditure of funds allocated pursuant to this chapter (Sections 19401 to 19486, inclusive) shall be made by the board annually to the Legislature. The report shall contain a detailed statement of facilities provided, type of construction, square footage provided and all other items which will enable the Legislature fully to understand the nature of the construction performed by the school districts.

Report of expenditures

19452. It shall be the duty of the State Controller to make such audit or audits of the books and records of counties and school districts receiving apportionments under this chapter (Sections 19401 to 19486), as he may deem necessary from time to time, for the purpose of determining that the money

Audit by Controller

received by school districts as apportionments hereunder has been expended for the purposes and under the conditions authorized by this chapter (Sections 19401 to 19486).

Unauthorized expenditures, etc.

19453. Whenever the State Controller determines that any money apportioned to a school district has been expended by such school district for purposes not authorized by this chapter (Sections 19401 to 19486, inclusive), or exceeds the final cost of the project which is authorized by this chapter (Sections 19401 to 19486, inclusive) to be paid therefrom, the State Controller shall furnish written notice to the board, the governing board of the school district, the county superintendent of schools, the county auditor, and the county treasurer of the county whose county superintendent of schools has jurisdiction over the school district, directing the school district and the county treasurer to pay into the State Treasury, at the time of the next county settlement following receipt of such notice, the amount of such unauthorized expenditures, or the amount of such excess apportionment, as the case may be. Upon receipt of such notice, such governing board shall, at the time specified herein, order the county treasurer to pay to the State Treasurer, out of any moneys in the county treasury available to the school district for that purpose, the amount set forth in such notice. Such amount shall, upon order of the State Controller, be deposited in the State Treasury to the credit of the Public School Building Loan Fund.

It shall be the duty of such governing body and county treasurer to make the payments to the State Treasurer as provided in this section, and it shall be the duty of the State Controller to enforce such collection on behalf of the State.

If, upon petition of the district, the State Controller determines that the amount to be included in the county settlement is in excess of the amount that may be paid out of taxes levied at the maximum rate authorized by Section 20751 increased by any increase in such rate authorized by the electors of the district pursuant to Section 20803, without impairing essential district services, he may provide for the payment of the entire amount or any unpaid balance thereof in not exceeding three consecutive annual payments, commencing with the next school year. Each payment shall be an equal portion of the principal amount, plus accrued interest, and shall be paid not later than January 31st of each school year in which a payment is due. If the district fails to make the payment as specified, the State Controller shall deduct the amount thereof from the February payment made to the district under the provisions of Section 17352.

Deferred payments under this section shall bear interest at the same annual rate of interest as the apportionment from which the unauthorized expenditures or the amounts of excess apportionment were made.

Expenditure of apportionment

19454. Any portion of an apportionment paid to a school district under this chapter (Sections 19401 to 19486, inclusive) shall be available for expenditure by its governing board for

not less than one year nor more than three years, as the board shall determine, after the date on which the warrant covering such portion of the apportionment was issued by the State Controller. For the purposes of this chapter (Sections 19401 to 19486, inclusive), an apportionment shall be deemed to be expended at the time and to the extent that the amount thereof on deposit in the county treasury has been encumbered by the creation of a valid obligation on the part of the school district. Upon the expiration of its period of availability, the unencumbered balance of any apportionment made under this chapter (Sections 19401 to 19486, inclusive) shall become due and payable to the State of California; and the governing board of the school district and the county treasurer shall, at the time of the next county settlement following the expiration of such period of availability, pay the amount of such unencumbered balance to the State Treasurer, out of the funds, and in the manner specified in Section 19453 of this code. Such payment shall, on order of the State Controller, be deposited in the Public School Building Loan Fund in the State Treasury.

It shall be the duty of such governing body and county treasurer to make the payments to the State Treasurer as provided in this section, and it shall be the duty of the State Controller to enforce such collection on behalf of the State.

Sale or nonuse of site

19455. Whenever a school district receives an apportionment under this chapter (Sections 19401 to 19486, inclusive) for the purchase or improvement of a school building site and within a period of five years after the date on which the warrant covering the appropriate portion or portions of the apportionment was drawn on the State Treasurer from the Public School Building Loan Fund, (1) sells or otherwise disposes of such site or the improvements thereon, or any portion thereof, purchased or improved in whole or in part from such apportionment, or (2) within not less than one year nor more than five years, as the board shall determine, does not begin to use such site or the improvements thereon for the purpose or purposes for which said apportionment was made, the board shall make such determinations and take such action with respect thereto as it may deem necessary. If the board determines that the district has (1) sold or otherwise disposed of the site or the improvements thereon, or any portion thereof, or (2) has not used the site for the purpose for which the apportionment was made, it shall demand the return of the apportionment or such portion thereof as it deems proper.

Return of apportionment

Written notice of such demand, setting forth the amount due the State pursuant thereto, shall be furnished by the board to the governing board of the school district, the county superintendent of schools, the county auditor, the county treasurer of the county whose county has jurisdiction over the school district, and the State Controller. Upon receipt of such notice and demand, the governing board of the school district shall, at the time of the next county settlement following re-

ceipt of such notice, order the county treasurer to pay to the State Treasurer, out of any moneys in the county treasury available to the school district for that purpose, the amount set forth in such notice. Such amount shall, upon order of the State Controller, be deposited in the State Treasury to the credit of the Public School Building Loan Fund.

It shall be the duty of such governing board and county treasurer to make the payments to the State Treasurer as provided in this section, and it shall be the duty of the State Controller to enforce such collection on behalf of the State.

Article 2. School Housing Aid for Reorganized Districts

Definitions

19471. (a) As used in this article (commencing at Section 19471):

(1) "State-aided district" means a district to which a conditional or final apportionment has been made under this chapter (Sections 19401 to 19486, inclusive).

(2) "Acquiring district" means a district in which all, or a part of, a state-aided district or an applicant district has been included.

(b) Except as otherwise provided in Section 19479, the effective date for the purposes of this article (commencing at Section 19471) of any change of boundaries or annexation or other inclusion affecting a school district shall be the date such action became effective for the purposes of Section 1603.

Effective date of unification

19472. Notwithstanding any provisions of law to the contrary, when a district has received conditional apportionments which have become final under this chapter (Sections 19401 to 19486, inclusive), and there is a unification of said district prior to December 31, 1952, within the meaning of Section 3201 of the Education Code, with another district having the same boundaries, the effective date of said unification for the purpose of the first district receiving additional apportionments pursuant to the terms of Section 19415 of the Education Code shall be July 1, 1953.

Effect of annexation prior to conditional apportionment

19473. Whenever, prior to the date on which a conditional apportionment is made by the board to an applicant district, (1) if an applicant district is annexed to or otherwise included in whole in another district which is ineligible for an apportionment under this chapter (Sections 19401 to 19486, inclusive), no apportionment shall be made to the applicant district; (2) if less than the whole of an applicant district is included in a district which is ineligible for an apportionment under this chapter (Sections 19401 to 19486, inclusive), the board may reconsider the application of the applicant district and make such determinations and take such action with respect thereto, including the making, subject to Article 1 of this chapter (Sections 19401 to 19455, inclusive), of a conditional apportionment to such district, as the board may deem necessary because of such inclusion of less than the whole of the applicant district in the acquiring district; (3) if

an applicant district is annexed to or otherwise included in whole or in part in a district which is eligible for an apportionment under this chapter (Sections 19401 to 19486, inclusive) and has made or does make an application for such an apportionment, the board may reconsider the applications of the applicant district and the acquiring district and make such determinations and take such action with respect thereto, including the making, subject to the provisions of Article 1 of this chapter (Sections 19401 to 19455, inclusive), of conditional apportionments to such districts, as the board may deem necessary because of such annexation or other inclusion in the acquiring district of the applicant district in whole or in part.

Annexation after conditional, but before final, apportionment

19474. Whenever, subsequent to the date on which a conditional apportionment is made by the board to an applicant district, but prior to the date on which said conditional apportionment becomes final, (1) if an applicant district is annexed to or otherwise included in whole in a district which is not eligible for an apportionment under this chapter (Sections 19401 to 19486, inclusive), such conditional apportionment shall, notwithstanding any other provisions of this chapter (Sections 19401 to 19486, inclusive), become void and the board shall promptly notify the State Controller in writing thereof and the date on which the apportionment became void; (2) if the district to which an applicant district is annexed or in which it is otherwise included in whole is eligible for an apportionment, has made or does make an application for such an apportionment under this chapter (Sections 19401 to 19486, inclusive), the conditional apportionment made to the applicant district shall, notwithstanding any other provisions of this chapter (Sections 19401 to 19486, inclusive), become void but the board may reconsider the application of the acquiring district and make such determinations and take such action with respect thereto, including the making, subject to the provisions of Article 1 of this chapter (Sections 19401 to 19455, inclusive) except as hereinafter provided, of additional conditional apportionments to the acquiring district, as the board may deem necessary as a result of such annexation or other inclusion in the acquiring district of the applicant district; (3) if less than the whole of an applicant district is included in another district, the conditional apportionment shall, notwithstanding any other provisions of this chapter (Sections 19401 to 19486, inclusive), become void, but the board may reconsider the application and make such determinations and take such actions with respect thereto, including the making, subject to the provisions of Article 1 of this chapter (Sections 19401 to 19455, inclusive) except as hereinafter provided, of new conditional apportionments to the applicant district, as the board may deem necessary as a result of such inclusion of a portion of the applicant district in the acquiring district.

Notwithstanding anything in the first sentence of Section 19422 to the contrary, additional conditional apportionments made to a district under (2), or new conditional apportion-

ments made to a district under (3) of the first paragraph of this section may, with the approval of the board, become final if the total amount of the bonds of the district outstanding and unpaid is within ten thousand dollars ($10,000) of the amount required under Section 19422.

Conditional apportionment. Effect of annexation, etc

19475. Whenever, prior to the date on which conditional apportionments have been made to an applicant district for the full amount of state aid approved for the district under Section 19416, (1) if the applicant district is annexed to or otherwise included in whole in another district which is ineligible for an apportionment under this chapter (Sections 19401 to 19486, inclusive), no further apportionment shall be made to the applicant district; (2) if the applicant district is annexed to or otherwise included in whole in a district which is eligible for an apportionment under this chapter (Sections 19401 to 19486, inclusive) and which has made or does make an application for such an apportionment, the board may reconsider the applications of the applicant district and the acquiring district and make such determinations and take such action with respect thereto, including the making, subject to the provisions of Article 1 of this chapter (Sections 19401 to 19455, inclusive), of a conditional apportionment or apportionments to such acquiring district as the board may deem necessary because of such annexation or other inclusion in the acquiring district of the applicant district; (3) if a portion of the applicant district is annexed to or otherwise included in another district, the board may reconsider the application of the applicant district and may, within two years after the first apportionment made under said approval, make such additional apportionments as it sees fit to the applicant district, but not in excess of the amount in which such application was originally approved, without requiring the district to issue additional bonds.

Same. Apportionment to acquiring district

19476. Notwithstanding, and in lieu of, any provisions of this chapter (Sections 19401 to 19486, inclusive) to the contrary, excepting Section 19426, if during the Fiscal Year 1950-1951, or any subsequent fiscal year, a conditional apportionment is or has been made to a district, hereinafter referred to as the original district, and if the original district (1) holds or has held all elections required by Section 19422, and (2) before such apportionment becomes final is or has been annexed to or included in whole in another district, hereinafter referred to as the acquiring district, which had prior thereto received its first final apportionment under this chapter (Sections 19401 to 19486, inclusive) during the same fiscal year, and (3) after such inclusion or annexation sells or has sold the bonds authorized by the aforesaid elections, the board may approve any application by the governing board of the acquiring district and make an apportionment, or apportionments, for any project for which the original district would have been eligible under this chapter (Sections 19401 to 19486, inclusive) had such inclusion not taken place. No apportionment shall be

made to the acquiring district under this section unless the proceeds of the bonds which the board required the original district to sell are available for and will be contributed toward the cost of the approved project. Any apportionment made to the acquiring district under this section shall become final when made.

The computations provided in Sections 19430, 19431, 19433, and 19434 with respect to apportionments made under this section shall be made exactly as though the acquiring school district was comprised only of the original school district.

Any rate or amount of tax levied pursuant to or under the authority of Sections 19443, 20705, 20751, or any other provision of law, for the purpose of producing the amount or any part thereof deducted by the State Controller with respect to apportionments made under this section, during any fiscal year under Sections 19436 and 19439 from apportionments to the acquiring district from the State School Fund shall be levied only on property in the original school district.

Validation of certain final apportionments

19477. Whenever, subsequent to the date when a conditional apportionment is made to a district and before such conditional apportionment becomes final the boundaries of such district are changed so that the territory of the district is reduced by not to exceed 1 percent of the assessed valuation of the district, as determined by the last equalized assessment roll immediately preceding the effective date of such change of boundaries, and the superintendent of schools of the county having jurisdiction over the district has failed to file the certificate required by Section 19486, showing such change of boundaries, and prior to April 15, 1952, the board has certified to the State Controller that the apportionment made to the district has become final, such final apportionment is hereby confirmed, ratified, and validated, and any expenditure of money from the Public School Building Loan Fund according to the terms of such final apportionment is hereby confirmed, ratified, and validated.

Continuation of elementary district for apportionment purposes

19478. Notwithstanding any provision of law to the contrary, whenever a conditional apportionment has been made to an elementary school district pursuant to Section 19415 prior to August 1, 1951, and the school district has subsequently voted to become a part of a union school district before the school district has voted to accept and repay an amount sufficient to include both said entire apportionment made pursuant to Section 19415, and all other apportionments made to said school district by the board prior to August 1, 1951, the elementary school district is continued in existence until September 1, 1953, for the purpose of (1) receiving any apportionment made to said district subsequent to August 1, 1951, under Section 19419, as if said elementary district had not voted to unionize with another school district, and (2) for the purpose of voting upon the acceptance and repayment of the apportionment mentioned in (1) or any

other apportionment made to said district by the board subsequent to August 1, 1951.

If any elementary school district so described above shall vote, prior to September 1, 1953, to accept and repay any apportionment above mentioned (except of any apportionment made under Section 19419), said apportionment shall thereupon become final. Repayment of any apportionment referred to in this section shall be made by said elementary district pursuant to the applicable provisions of this chapter (Sections 19401 to 19486, inclusive) as if no change in boundaries had been made in said district.

Inclusion of state-aided district after apportionment is final

19479. Whenever, subsequent to the date on which a conditional apportionment made to a district becomes final, the state-aided district is included in whole in another district, the acquiring district shall, on the effective date of such inclusion, succeed to and be vested with all of the duties, powers, purposes, jurisdiction, and responsibilities of the state-aided district with respect to said apportionment and the property acquired or to be acquired from funds provided thereby, and all funds in the Public School Building Fund of the state-aided district shall be transferred to the Public School Building Fund of the acquiring district. All amounts which would, after the effective date of such inclusion, have been otherwise paid to the state-aided district under the terms of or pursuant to said apportionment, shall be paid to the acquiring district. In addition, the acquiring district shall, on the effective date of the inclusion of the state-aided district in the acquiring district as fixed by Section 1601, become liable for the annual repayments and other payments due the State under Section 19434 and other provisions of this chapter (Sections 19401 to 19486, inclusive) with respect to said apportionment or the property acquired or to be acquired therewith.

Inclusion of state-aided districts

19480. Whenever one or more state-aided districts are included in whole in an acquiring district, and the acquiring district applies for and receives an apportionment, then after the effective date of such inclusion and upon the approval of the application of the acquiring district, the governing board of each component state-aided district shall immediately transfer to the acquiring district all moneys of such component district which are required to be, or have been, earmarked for a project or projects of the district. The acquiring district, upon the transfer to it of such funds, may expend such funds for any projects of the acquiring district as to which its application was approved.

Annexation after apportionment becomes final

19481. Whenever, subsequent to the date on which a conditional apportionment made to a state-aided district becomes final, less than all of such district is included in another district, the Director of Finance shall determine what portion of such apportionment was expended or will be expended for property acquired or to be acquired by the acquiring district. Any determination made by the Director of Finance under this section may be redetermined by him, from time to time,

until the project for which the apportionment was made has been completed, and the final cost thereof determined and the final determination has been made pursuant to such final cost. The Director of Finance shall promptly notify the State Controller, the governing board of the state-aided district and of the acquiring district, the superintendent of schools, the auditor, and the treasurer of the counties having jurisdiction over said districts of each determination and redetermination made by him under this section. No redetermination shall be retroactive nor affect the liability of any school district for any payment or annual repayment, or portion thereof, previously made by or on behalf of such district to the State under the provisions of this chapter (Sections 19401 to 19486, inclusive).

On and after the date of such change of boundaries, the acquiring district succeeds to and is vested with all of the duties, powers, purposes, jurisdiction, and responsibilities of the state-aided district with respect to that portion of the apportionment which the Director of Finance has determined or redetermined under this section was expended, or will be expended, for property acquired or to be acquired by the acquiring district, and the unexpended part of such portion of the apportionment in the public school building fund of the state-aided district shall be transferred to the public school building fund of the acquiring district. In addition, and at the same time, the acquiring district shall become liable for the payment to the State of that portion of the annual repayment and all other payments due the State under Section 19434 and other provisions of this chapter (Sections 19401 to 19486, inclusive) with respect to that portion of the apportionment which the Director of Finance has determined or redetermined was expended, or will be expended for property acquired, or to be acquired by the acquiring district, or, in the event such portion of such apportionment is a lower percentage of such apportionment than the percentage that the assessed valuation in the territory of the state-aided district which was transferred to the acquiring district is of the total assessed valuation of the state-aided district immediately preceding the effective date of the transfer, the acquiring district shall become liable for the payment to the State of that percentage of the annual repayment and all other repayments due the State under Section 19434 and other provisions of this chapter (Sections 19401 to 10486, inclusive) with respect to such apportionment which is equal to such percentage of assessed valuation in the territory transferred to the acquiring district.

Change of boundaries Assessment

19482. Notwithstanding any change in the boundaries of a state-aided district or the annexation to, or the inclusion in, another district of a state-aided district, the state-aided district as it existed immediately prior to the effective date of such action shall be continued in existence for the determination of the assessed valuation of the property therein and for the purposes of the computations provided by Sections 19430, 19431, 19433, and 19434; and all the computations required to be

made pursuant to said sections shall be made exactly as if there had been no such change of boundaries, annexations, or inclusion, except as otherwise provided in Sections 19483 and 19484.

Withdrawal of territory: Assessment

19483. Whenever, subsequent to the date on which a conditional apportionment becomes final, territory is withdrawn from a state-aided district and no portion of the apportionment was expended for school property acquired by the acquiring district:

(1) If the acquiring district is a state-aided district, the assessed valuation in the territory acquired shall be included in determining assessed valuation of the property in the acquiring district, and shall thereafter be excluded in determining assessed valuation of the property in the state-aided district, for purposes of the computations under Sections 19430 to 19434, inclusive;

(2) If the acquiring district is not a state-aided district and the assessed valuation in the territory acquired is less than 10 percent of the total assessed valuation in the state-aided district immediately preceding the withdrawal, the assessed valuation in the territory shall thereafter be excluded in determining the assessed valuation in the state-aided district, and for purposes of the computations under Sections 19430 to 19434, inclusive;

(3) If the acquiring district is not a state-aided district and (2) does not apply, the assessed valuation of the state-aided district for purposes of the computations under Sections 19430 to 19434, inclusive, shall be determined thereafter by dividing the current assessed valuation of such district, by the percentage of the total assessed valuation in such district, immediately preceding the first withdrawal to which this subdivision applies, remaining in the state-aided district upon such withdrawal.

Whenever subdivison (3) applies, liability for the annual repayment computed shall be apportioned between the acquiring district and the state-aided district in the ratio, as of the time of the withdrawal, of the assessed valuation of the territory withdrawn to the assessed valuation in territory remaining in the state-aided district.

Same Non-state-aided district

19484. Whenever, subsequent to the date on which a conditional apportionment becomes final, any territory is withdrawn from a non-state-aided district and annexed to the state-aided district, the assessed valuation in the territory so annexed shall be included with the valuation of the state-aided district for the purposes of making the computations provided by Sections 19430 to 19434.

Repayment of apportionments

19485. The State Controller shall compute, in accordance with Sections 19482, 19483, and 19484, the amount of the annual repayment due the State on account of the apportionment or apportionments to each state-aided district and shall deduct from the respective apportionments made from the State School Fund under Sections 11256, 11257 and 17251, Sections

17401 to 17417, inclusive, and Sections 17601 to 18460.1, inclusive, whichever are in effect, to the state-aided district and an acquiring district the portion thereof for which each is liable under the provisions of this article (Sections 19471 to 19486, inclusive).

Certificate of annexation

19486. When, after any application is filed, the applicant district is annexed to, or, by change of boundaries or otherwise, is included in whole or in part in another district or districts, the superintendent of schools of the county having jurisdiction over said applicant district shall, within 10 days after the effective date of such annexation, inclusion, or change of boundaries, file a certificate with the board, in writing, in such form as the board shall prescribe, setting forth (1) the effective date of such annexation, inclusion, or change of boundaries; (2) identification of the area of the school district affected by such change and the name of the school district or districts in which such area is included as a result thereof, and (3) such additional information in such form as the board may require.

The board shall, upon receiving the appropriate certificate from a county superintendent of schools as provided herein, promptly notify the State Controller, in writing, of (1) the effective date of annexation or other inclusion of a state-aided district by an acquiring district; (2) the name of the state-aided district; (3) the name of the acquiring district; and (4) the number and other identification of the apportionment affected.

Chapter 9. State School Building Aid Bond Law of 1949

Creation of debt

19501. For the purpose of creating a fund to provide aid to school districts of the State, the State School Building Finance Committee, created by Section 19510, shall be and it hereby is authorized and empowered to create a debt or debts, liability or liabilities, of the State of California in the manner and to the extent hereinafter provided, but not otherwise, nor in excess thereof.

Approval of voters, Bonds

19502. After the approval by the people of the constitutional amendment of the 1949 Regular Session of the Legislature adding Section 15 to Article XVI of the Constitution of the State, and immediately after adoption of any resolution by the State School Building Finance Committee, provided for in Section 19512, the State Treasurer shall arrange for the preparation of the requisite number of suitable bonds of the denomination of one thousand dollars ($1,000), or multiples thereof, in accordance with the specifications contained in such resolution. The aggregate par value of all bonds issued under this chapter (Sections 19501 to 19514, inclusive) shall not exceed the sum of two hundred fifty million dollars ($250,000,000) and shall bear interest at a rate not exceeding 5 percent per annum. Both principal and interest shall be payable in lawful money of the United States, at the Office of the State

Treasurer, or at the office of any duly authorized agent of the State Treasurer.

All bonds issued under this chapter (Sections 19501 to 19514, inclusive) shall bear the facsimile signature of the Governor and the facsimile countersignature of the Controller and shall be endorsed by the State Treasurer either by original signature or by a signature stamp, and the bonds shall be signed, countersigned, and endorsed by the officers who shall be in office on the date of issuance thereof, and each of said bonds shall bear an impress of the Great Seal of the State of California. Interest coupons attached to each bond shall bear the facsimile signature of the State Treasurer who shall be in office on the date of issuance of the bond to which said coupons pertain. The bonds or coupons so signed, countersigned, endorsed, and sealed, when sold, shall be and constitute a valid and binding general obligation upon the State of California, although the sale thereof be made at a date or dates upon which the officers having signed, countersigned, and endorsed said bonds or coupons, or any or either of said officers, shall have ceased to be the incumbents of the offices held by them at the time of signing, countersigning, or endorsing said bonds or coupons. Each bond issue under this chapter (Sections 19501 to 19514, inclusive) shall contain a clause or clauses referring to this chapter (Sections 19501 to 19514, inclusive) and to the resolutions of the State School Building Finance Committee hereunder by virtue of which said bond is issued, and if subject to call or redemption prior to maturity, shall contain a recital to that effect.

Payment, etc.

19503. The State Treasurer shall, on the respective dates of maturity or prior redemption of said bonds, or as soon thereafter as said bonds are surrendered to him, pay the same out of the proceeds of the Controller's warrants drawn in his favor as provided in Section 19504 and perforate the bonds so paid with a suitable device in a manner to indicate such payment and the date thereof. The State Treasurer, or his duly authorized agent, shall also, on the respective dates of maturity, cancel all bonds and appurtenant coupons bearing said dates of maturity and remaining unsold, by perforation with a suitable device in a manner to indicate such cancellation and the date thereof; provided, however, new bonds may be prepared and executed in lieu of bonds canceled solely by reason of the fact that such bonds have not been sold prior to their fixed maturity dates, whenever the State School Building Finance Committee shall determine such new bonds shall be prepared and executed, subject to the condition the total indebtedness created hereunder shall not exceed the maximum limit herein specified. Not less than four years after the final maturity date of a particular issue of bonds, the State Treasurer, or his duly authorized agent, may destroy or cremate any bonds of such issue which have been previously paid or canceled as hereinbefore provided.

19504. All bonds herein authorized, which shall have been duly sold and delivered as herein provided, shall constitute valid and legally binding general obligations of the State of California, and the full faith and credit of the State of California is hereby pledged for the punctual payment of both principal and interest thereof. There is hereby appropriated from the General Fund in the State Treasury such sum annually as will be necessary to pay the principal of and the interest on the bonds issued and sold pursuant to the provisions of this chapter (Sections 19501 to 19514, inclusive), as said principal and interest become due and payable.

Bonds General obligation of State, etc

There shall be collected annually in the same manner and at the same time as other state revenue is collected such a sum, in addition to the ordinary revenues of the State, as shall be required to pay the principal and interest on said bonds as herein provided, and it is hereby made the duty of all officers charged by law with any duty in regard to the collection of said revenue, to do and perform each and every act which shall be necessary to collect such additional sum.

On the several dates of maturity of said principal and interest in each fiscal year, there shall be transferred to the General Fund in the State Treasury, on order of the State Controller, all of the money in the Public School Building Loan Fund which was transferred into or deposited in said fund in accordance with the provisions of Sections 19436, 19453, 19454, 19455, and 5107 as added by Chapter 922 of the Statutes of 1949, and as subsequently amended, together with all of the money deposited in the Public School Building Loan Fund under Section 19507 which was derived from premium and accrued interest on bonds sold pursuant to said Section 19507; but the amount to be transferred to the General Fund pursuant to this section shall not exceed the principal of and interest on the said bonds then due and payable, except as hereinafter provided for the prior redemption of said bonds, and, in the event such money so returned on said dates of maturity being less than the said principal and interest then due and payable, then the balance remaining unpaid shall be returned into the General Fund in the State Treasury out of said Public School Building Loan Fund as soon thereafter as it shall become available.

Both principal and interest of said bonds shall be paid when due upon warrants duly drawn against said appropriation from the General Fund by the State Controller in favor of the State Treasurer, or his duly authorized agent, upon claims audited by the State Controller. The State Allocation Board, by resolution approved by the State School Building Finance Committee, shall direct the State Treasurer to call bonds (which are then subject to redemption) if such call is desirable and whenever funds are available to effect such redemption, the part of each issue so called to be not less than all of the bonds maturing in any one year. Notice of such redemption shall be given by the State Treasurer in the manner provided in the resolution authorizing the issuance of said bonds.

Transfer to General Fund

19505. All money deposited in the Public School Building Loan Fund under Sections 19436, 19453, 19454, 19455, and 5107 as added by Chapter 922 of the Statutes of 1949, and as subsequently amended, shall be available only for transfer to the General Fund, as provided in Section 19504. When transferred to the General Fund, such money shall be applied as a reimbursement to the General Fund on account of principal and interest due and payable or paid from the General Fund on the earliest issue of school building bonds for which the General Fund has not been fully reimbursed by such transfer of funds

Appropriation for expenses
