19506. The sum of seventy-five thousand dollars ($75,000) was appropriated, by Chapter 922 of the Statutes of 1949, out of the General Fund to be used as a revolving fund to pay the expenses incurred by the State Treasurer in having said bonds prepared and in advertising their sale or their prior redemption. Whenever bonds are sold, out of the first money realized from the sale of said bonds, there shall be redeposited in the revolving fund such sums as the State Treasurer has expended for the purpose, which may be used for the same purpose and repaid in the same manner whenever additional sales are made. Whenever all the bonds authorized by this chapter (Sections 19501 to 19514, inclusive) have been sold, said revolving fund shall be refunded to the General Fund in the State Treasury.

Procedure re sale of bonds

19507. The bonds authorized to be issued under this chapter (Sections 19501 to 19514, inclusive) shall be sold by the State Treasurer to the highest bidder for cash at public sale upon sealed bids in such parcels and numbers as the State Treasurer shall be directed by the Governor of the State, under seal thereof, but the State Treasurer must reject any and all bids for said bonds, or for any of them, which shall be below the par value of said bonds so offered plus the interest which shall have accrued thereon between the date of purchaser's payment for said bonds and the last preceding interest maturity date; and the State Treasurer may from time to time, by public announcement at the place and time fixed for the sale, continue such sale, as to the whole of the bonds offered, or any part thereof offered, at such time and place as the State Treasurer may select. Each bid shall be in writing and signed by the bidder and sealed, and shall be accompanied by the deposit of a certified check or cashier's check for five thousand dollars ($5,000), drawn on a bank or trust company authorized to transact and transacting business in the State of California, payable to the Treasurer of the State of California, such deposit not to bear interest. The deposit of each unsuccessful bidder shall be returned to him immediately upon the nonacceptance of his bid, and the deposit of the successful bidder shall immediately upon the acceptance of his bid become and be the property of the State of California and be placed in the State Treasury to the credit of the Public School Building Loan Fund, and shall be credited to the successful purchaser upon

the purchase price of the bonds bid for in case such purchase price is paid in full by him within the time mutually agreed upon between the successful bidder and the State Treasurer. If the purchase price is not so paid, the successful bidder shall have no right in and to said bonds or by reason of said bid, or to the recovery of said deposit accompanying said bid, or to any allowance or credit by reason of such deposit unless it shall appear that the bonds would not be validly issued if delivered to the purchaser in the form and manner proposed. In case the purchase price is not so paid, the bonds so sold but not paid for shall be resold by the State Treasurer upon notice as provided in case of original sale.

Temporary or interim bonds, certificates, or receipts of any denomination whatever and with or without coupons attached thereto, to be signed by the State Treasurer, may be issued and delivered until the definitive bonds are executed and available for delivery. Signature of the State Treasurer may be by signature stamp.

Bond premiums and interest

19508. All money deposited in the Public School Building Loan Fund under the provisions of Section 19507 which is derived from premium and accrued interest on bonds sold pursuant to said section shall be reserved in said fund and shall be available only for transfer to the General Fund, as provided by Section 19504. When transferred to the General Fund, such money shall be applied as a reimbursement to the General Fund on account of principal and interest due and payable or paid from the General Fund on the particular issue of school building bonds from the sale of which such premium and accrued interests were derived.

Notice of sale

19509. Due notice of the time and place of sale of all bonds shall be given by the State Treasurer by publication in one newspaper published in the City and County of San Francisco, by publication in one newspaper published in the City of Sacramento, and by publication in one newspaper published in the City of Los Angeles once a week during two weeks prior to such sale. In addition to the notice last above provided for, the State Treasurer may give further notice as he may deem advisable, but the expense and cost of such additional notice shall not exceed the sum of five hundred dollars ($500) for each sale so advertised. The proceeds of the sale of such bonds and such amount as may have been paid as accrued interest thereon shall be forthwith paid over by the State Treasurer into the Public School Building Loan Fund and must be used exclusively to aid school districts of the State in purchasing and improving school sites, the purchasing of furniture and equipment for schools, and the planning and constructing, reconstructing, repairing, alteration of, and making additions to, school buildings; provided, that the proceeds from the sale of said bonds may be used to pay the debt created by the issuance and sale thereof, the expense of preparing and of advertising the sale or prior redemption of said

Disposition of proceeds

bonds, and the actual and necessary expenses of the State School Building Finance Committee.

State School Building Finance Committee

19510. There is hereby created a State School Building Finance Committee composed of the Governor, State Controller, State Treasurer, Director of Finance, and Director of Education, all of whom shall serve thereon without compensation and a majority of whom shall be empowered to act for said committee. Two Members of the Senate appointed by the Senate Committee on Rules, and two Members of the Assembly appointed by the Speaker, shall meet and advise with the committee to the extent that such advisory participation is not incompatible with their respective positions as Members of the Legislature. For the purposes of this chapter (Sections 19501 to 19514, inclusive) said Members of the Legislature shall constitute an interim investigating committee on the subject of this chapter (Sections 19501 to 19514, inclusive) and as such shall have the powers and duties imposed upon such committees by the Joint Rules of the Senate and the Assembly. The Director of Finance shall provide such assistance to the State School Building Finance Committee as it may require. The Attorney General of the State shall be the legal adviser of the State School Building Finance Committee.

Necessity for issue

19511. Upon request of the State Allocation Board, supported by a statement of the apportionments made and to be made under Sections 19401 to 19486, inclusive, the State School Building Finance Committee shall determine whether or not it is necessary or desirable to issue any bonds authorized under this chapter (Sections 19501 to 19514, inclusive) in order to make such apportionments, and, if so, the amount of bonds then to be issued and sold. A sufficient number of bonds authorized under this chapter (Sections 19501 to 19514, inclusive) shall be issued and sold so that one hundred million dollars ($100,000,000) will have been apportioned or will be available for apportionment on October 5, 1950, or as soon thereafter as such bonds can be issued and sold, and so that five million dollars ($5,000,000) additional will become available for apportionment on November 5, 1950, and on the fifth day of each month thereafter until the total amount of bonds authorized by this chapter (Sections 19501 to 19514, inclusive) have been issued and sold. Successive issues of bonds may be authorized and sold to make such apportionments progressively, and it shall not be necessary that all of the bonds herein authorized to be issued shall be sold at any one time.

Resolution of necessity

19512. Whenever the State School Building Finance Committee shall have determined that the sale of all or any part of the bonds authorized to be issued under this chapter (Sections 19501 to 19514, inclusive) is necessary or desirable to make such apportionments, in whole or in part, it shall adopt a resolution to this effect. The said resolution shall authorize and direct the State Treasurer to provide for the preparation of the requisite number of suitable bonds then authorized to be sold and shall specify as to such bonds then to be sold:

1. The aggregate number, aggregate par value, and the date of the bonds to be then sold. The date appearing on said bonds shall be deemed to be the date of issuance for all purposes of this chapter (Sections 19501 to 19514, inclusive), irrespective of the actual date of delivery of such bonds and the payment of the purchase price thereof. Successive issues of bonds herein authorized shall be identified by the number of the issue, or the entire authorized issue may be divided into series or divisions appropriately identified by letter or number.

2. The date or dates of maturity, and the number and numerical sequence of the bonds maturing at each date of maturity, to be at annual or semiannual intervals.

3. The provisions for the retirement of said bonds at any time or times prior to their maturity, the manner of the call thereof, and the price or prices at which said bonds shall be redeemed.

4. The annual rate, or rates, of interest which the bonds to be issued shall bear, to be in multiples of one-fourth of 1 percent, which rate, or rates, at the discretion of said committee, may be determined by the bidder at the time of sale of said bonds, not to exceed 5 percent.

5. The number, numerical sequence, amount or amounts, and dates of maturity of the interest coupons to be attached to said bonds.

6. The technical form and language of said bonds and of the interest coupons to be attached thereto.

In determining the date or dates of maturity of the said bonds and the amount of bonds maturing at each date of maturity, the State School Building Finance Committee shall be guided by the amounts and dates of maturity of the receipts estimated to accrue to the Public School Building Loan Fund from the transactions to be financed by each issue, and shall fix and determine said dates and amounts in such manner that, together with the dates and amounts of interest payments on the said bond issue, they shall coincide, as nearly as practicable, with the dates and amounts of such estimated receipts, provided, the bonds first to mature in each issue shall mature not later than five years and the bonds last to mature in each issue shall mature not later than 45 years from the date of issuance thereof.

The rate of interest to be borne by the bonds need not be uniform for all bonds of the same issue or series or division, and may be determined and fixed by the State School Building Finance Committee by resolution adopted at or after the sale of said bonds, but not exceeding in any case 5 percent per annum payable semiannually. The highest bid received on the sale of the bonds shall be determined by deducting the total amount of the premium bid (if any) from the total amount of interest which the State would be required to pay from the date of sale to the respective maturity dates of the bonds then offered for sale at the coupon rate or rates specified in the bid, and the award shall be made on the basis of the lowest net

interest cost to the State. The lowest net interest cost to the State shall be computed between the dates aforesaid according to standard bond interest tables. The interest coupons first payable may, if the State School Building Finance Committee shall so determine and specify, be payable at any time within one year after the date of issuance of said bonds.

Expenses of committee and legislative interim committee

19513. All actual and necessary expenses of the State School Building Finance Committee and the legislative interim committee and of the members thereof incurred in the performance of their duties arising out of the provisions of this chapter (Sections 19501 to 19514, inclusive) shall be paid out of the Public School Building Loan Fund, upon approval of the State Board of Control and on Controller's warrant duly drawn for that purpose.

Whenever the State School Building Finance Committee deems that it will increase the salability or the price of the bonds to obtain a legal opinion as to the validity of the bonds, prior to or after sale, from attorneys other than the Attorney General, the committee may authorize the State Treasurer or the Department of Finance or both to obtain such a legal opinion. Payment for such legal services shall be made from the Public School Building Loan Fund, upon approval of the State Board of Control and on Controller's warrant duly drawn for that purpose.

Accounts and records

19514. The Controller, the State Treasurer and the State School Building Finance Committee shall keep full and particular account and record of all their proceedings under this chapter (Sections 19501 to 19514, inclusive) and they shall transmit to the Governor an abstract of all such proceedings thereunder, with an annual report, to be by the Governor laid before the Legislature biennially; and all books and papers pertaining to the matter provided for in this chapter (Sections 19501 to 19514, inclusive) shall at all times be open to the inspection of any party interested, or the Governor, or the Attorney General, or a committee of either branch of the Legislature, or a joint committee of both, or any citizen of the State.

CHAPTER 10. STATE SCHOOL BUILDING AID LAW OF 1952

Article 1. General Provisions

Short title

19551. This chapter (Sections 19551 to 19689, inclusive) may be cited as the State School Building Aid Law of 1952.

Legislative intent

19552. The Legislature hereby declares that it is in the interest of the State and of the people thereof for the State to aid school districts of the State in providing necessary school sites and buildings for the pupils of the Public School System, such system being a matter of general concern inasmuch as the education of the children of the State is an obligation and function of the State.

In adopting this chapter (Sections 19551 to 19689, inclusive), the Legislature considers that the great need in school

construction is for classrooms for the education of the pupils of the Public School System It is the intent of the Legislature to first satisfy this primary need to the greatest extent possible before providing additional educational facilities, regardless of how desirable such additional facilities may be. To the end that school classrooms may be made available at once and to all school districts in need of such classrooms, provisions for other needed school facilities is necessarily subordinated.

Definitions

19553. As used in this chapter (Sections 19551 to 19689, inclusive):

(a) "Board" means the State Allocation Board, created by Section 7 of the Construction and Employment Act as amended

(b) "Director" means the Director of Education.

(c) "Project" means the purposes for which a school district has applied for an apportionment under this chapter (Sections 19551 to 19689, inclusive).

(d) "Construction project" means the purposes for which a school district has applied for an apportionment at a given location.

(e) "Grade level maintained by a district" means (1) the kindergarten, if any, and grades 1 to 6, or grades 1 to 8, inclusive, maintained by an elementary school district or a unified school district; or (2) grades 7 to 12, grades 9 to 12, inclusive, or grades 7 to 10, inclusive, maintained by a high school district or unified school district; and (3) grades 13 and 14 maintained by a high school district, unified school district, or junior college district, but not more than one grade level shall be claimed by any district under any one of the subdivisions of this paragraph.

(f) "Apportionment" means an apportionment made under this chapter (Sections 19551 to 19689, inclusive) unless the context otherwise requires. The term "apportionment" in Sections 19620, 19626, 19628, 19629, 19631, 19632, and any other section in this chapter (Sections 19551 to 19689, inclusive) where the context justifies, shall be deemed to include funds of a school district required by the board to be contributed toward the purposes thereof. It is hereby declared that this construction is not intended as a change in the present law but rather as a declaration of existing law.

Administration

19554. The Director of Finance shall administer this chapter (Sections 19551 to 19689, inclusive) and shall provide such assistance to the board as it may require.

State Allocation Board

19555. The State Allocation Board is continued in existence for the purposes of this chapter (Sections 19551 to 19689, inclusive). The members of the board and the Members of the Legislature meeting with the board shall receive no compensation for their services under this chapter (Sections 19551 to 19689, inclusive) but shall be reimbursed for their actual and necessary expenses incurred in connection with the performance of their duties hereunder, to be paid out of the State School Building Aid Fund.

Allocation priorities

19556. The board by the adoption of rules shall give priority in allocating funds to districts to those districts where the children will benefit most from additional schoolhouse facilities. This priority shall be based on acuteness of overcrowding, on sudden growth in attendance, on amount of local tax funds expended for housing of a character within the purposes of this chapter (Sections 19551 to 19689, inclusive), and on the time the district's application has been ready for allotment. The board may make exceptions when it determines that it will be for the benefit of the children affected.

In adopting rules the board may provide for the granting of priority points to govern the allocation according to the following schedule:

(a) Four priority points may be granted, either for each percent of the latest estimated average daily attendance of the district that is unhoused, or for each percent of the total area of school building construction permitted by this chapter (Sections 19551 to 19689, inclusive) which may be included by the district in applications to the board for new construction. The number of unhoused students is the latest estimated average daily attendance of the district less the sum of (1) any classrooms up to a total of two, multiplied by 25, and (2) any classrooms in excess of two, multiplied by 33.

(b) One priority point may be granted for each percent of the latest estimated average daily attendance of the district that is housed in unsafe buildings or buildings that are a serious hindrance to the education of the students. The number of students so housed is the latest estimated average daily attendance of the district less the sum of (1) the average daily attendance that is unhoused and (2) the sum of any classrooms in buildings which are not unsafe or a serious hindrance to the education of the students up to a total of two, multiplied by 25, and any such classrooms in excess of two, multiplied by 33.

(c) One priority point may be granted for each 5 percent of the latest computed average daily attendance of the district that represents an increase over the average daily attendance for the fifth preceding school year.

(d) One point of priority may be granted for each one-tenth of 1 percent of the assessed valuation of the district, collected in taxes and expended for school housing within the scope of this chapter (Sections 19551 to 19689, inclusive) for the last 12 completed fiscal years. Expenditure of the proceeds of the sale of bonds shall not be counted but expenditure for interest and retirement of bonds shall be counted

(e) Not more than one point of priority shall be allowed for each calendar month that the completed application of the district has awaited funds.

If any computation of priority points made under this section results in a fraction of a point, such fraction shall be disregarded and the number of priority points shall be taken as the next lowest whole number.

These priorities shall be recomputed at least semiannually when funds are available for allocation, on the respective periods of time next preceding the date of computation. The State Department of Education shall assist and co-operate with the board in determining priority ratings.

The latest computed average daily attendance for a district is the average daily attendance computed for the district for the last preceding school year.

The latest estimated average daily attendance for a district is the estimated average daily attendance of the district, computed in accordance with Section 19581 of this code.

No priority points shall be determined on the basis of enrollment where this section requires estimated average daily attendance or latest computed average daily attendance.

Same

19558. In allocating funds under this chapter (Sections 19551 to 19689, inclusive), the board may give first priority to school districts for the replacement and repair of school buildings and necessary facilities appurtenant thereto damaged by any earthquake occurring subsequent to July 1, 1952. All of the provisions of this chapter (Sections 19551 to 19689, inclusive) apply to such districts except the provisions for the establishment of priorities.

Prior to making any apportionment under this section, the State Allocation Board may secure from the Division of Architecture of the Department of Public Works, a report showing the urgency of the work of replacement or repair for which an application has been filed. The report shall not be conclusive upon the State Allocation Board, but shall be advisory only.

Powers and duties

19559. In addition to such other powers and duties as are granted the board by this chapter (Sections 19551 to 19689, inclusive), the board shall:

(a) Establish such qualifications not in conflict with other provisions of this chapter (Sections 19551 to 19689, inclusive) as it deems will best serve the purposes of this chapter (Sections 19551 to 19689, inclusive) for determining the eligibility of school districts to apportionments of funds under this chapter (Sections 19551 to 19689, inclusive).

(b) Establish such procedures and policies in connection with the administration of, and the expenditure of funds made available for the purpose of, this chapter (Sections 19551 to 19689, inclusive) as it deems necessary and which are not in conflict with the powers and duties of the Department of Education or of the director granted or imposed by this chapter (Sections 19551 to 19689, inclusive).

(c) Adopt such rules and regulations for the administration of this chapter (Sections 19551 to 19689, inclusive), requiring such procedure, forms, and information, as it may deem necessary.

Apportionments

19560. Apportionment from the State School Building Aid Fund to school districts shall be made in the manner and subject to the conditions herein provided and in accordance with

policies adopted by the board, for the following purposes, all of which purposes are hereby declared to be, and are, public works: (a) the purchase and improvement of school sites which have been approved by the State Department of Education; (b) the purchase of necessary desks, tables, chairs and other movable furniture and equipment, as approved by the Department of Education; and (c) the planning and construction, reconstruction, alteration of, the moving of portable classroom buildings on an existing site or to another school site, and addition to, school buildings, including built-in or fixed equipment, for such facilities as are approved by the Department of Education as essential, except (1) a room used solely for an auditorium for a school of any type or class and (2) a room used solely for a gymnasium or a room used solely for a cafeteria for elementary schools. This section does not prohibit the Department of Education from approving multipurpose rooms which are rooms designed to be used for two or more of the following purposes:

(a) Classroom
(b) Auditorium
(c) Gymnasium
(d) Cafeteria
(e) Such other purposes as the district requires which are approved by the Department of Education.

Where a district is required by a contract entered into between itself and a contractor, to obtain at its own expense insurance covering risks incurred during any construction, reconstruction or alteration for which an apportionment has been made, the cost thereof may be paid either directly, or by way of reimbursement, to said district out of said apportionment, or out of any apportionment made specifically covering such insurance; provided, that in other respects said apportionments are eligible for payment under provisions of this chapter (Sections 19551 to 19689, inclusive).

Same
Investigation re replacement of facilities

19561. The board shall not make any apportionment with respect to an application for replacing inadequate school facilities unless it has first investigated and made a finding that it would not be economical or good practice to rehabilitate said facilities.

Same
Off-site facilities

19562. In addition to the purposes for which apportionments may be made to school districts under Section 19560, apportionments may also be made to school districts for the construction, repair, attachment or development of off-site facilities, utilities or improvements which the board determines are necessary to the proper operation or functioning of the school facilities for which apportionments are made, all of which purposes are hereby declared to be, and are, public works.

Title to property

19563. In making applications for, and in expending, apportionments of funds under this chapter (Sections 19551 to 19689, inclusive), a school district acts as an agent of the State and all sites purchased and improved, all equipment pur-

chased, and all buildings constructed, reconstructed, altered, or added to through the expenditure of funds apportioned under this chapter (Sections 19551 to 19689, inclusive), are declared to be, and are, the property of the State. Upon the payment by the district of the amounts required to be paid by it to the State under this chapter (Sections 19551 to 19689, inclusive) the board shall, in the name of the State, convey such property to the district.

Insurance

19564. The board may require school districts to insure for the benefit of the State all sites, equipment and buildings which are under Section 19563 the property of the State, against such risks and in such amounts as the board may deem necessary to protect the interests of the State. No state funds apportioned under this chapter (Sections 19551 to 19689, inclusive) shall be used to pay the premiums on said insurance.

Bids

19565. A school district shall not expend money apportioned under this chapter (Sections 19551 to 19689, inclusive) unless the contracts under which the funds are expended have been let after competitive bids thereafter pursuant to this code.

Priority of applications

19566. In making apportionments to districts under this chapter (Sections 19551 to 19689, inclusive), the board shall first consider and act upon all applications for apportionments on file with the board on November 12, 1952, if the districts submitting such applications have complied with all of the following conditions: (1) the applications have been submitted pursuant to the provisions of Sections 19401 to 19486, inclusive, of this code; (2) the applications have been approved by resolution of the board; and (3) two-thirds of the qualified electors of the district voting thereat have favorably voted to authorize the amount of bonds required by the board pursuant to Sections 19401 to 19486, inclusive, of this code.

Except as otherwise provided in this section, the provisions of this chapter (Sections 19551 to 19689, inclusive) shall apply to the applications submitted pursuant to Sections 19401 to 19486, inclusive, of this code. The board shall not consider applications other than those referred to above until all such applications have been considered and acted upon.

Apportionments to certain unified districts

19567 Notwithstanding any other provision of this chapter (Sections 19551 to 19689, inclusive), the governing board of any unified school district which has called an election in the district pursuant to Section 19422 of this code in which the electors of the district, at an election held and conducted between November 1, 1956, and November 30, 1956, authorized the governing board of the district to accept and expend an apportionment from the State under and subject to the provisions of Sections 19401 to 19486, inclusive, may make application for an apportionment under the provisions of this chapter (Sections 19551 to 19689, inclusive).

The board may consider and act upon any application for an apportionment made pursuant to this section and all the provisions of this chapter (Sections 19551 to 19689, inclusive) shall apply to such application and any apportionment made

pursuant thereto, except that the governing board of the applicant school district shall not be required to call an election in the manner prescribed in the second paragraph of Section 19590, nor shall it be necessary, as a condition to any apportionment made by the board to such applicant school district becoming final, that the qualified electors of the district authorize the governing board of the district to accept, expend and repay an apportionment under the provisions of this chapter (Sections 19551 to 19689, inclusive).

Any apportionment made by the board to an applicant school district under this section shall become final upon receipt by the board of the certificate of the county superintendent of schools having jurisdiction over the district stating that bonds of the applicant school district in the amount prescribed by the board have been authorized, issued and sold and that the proceeds thereof have been made available for the purposes of the application. One copy of the certificate shall be sent to the State Controller by the county superintendent of schools on the date of sending the certificate to the board.

Unencumbered funds

19568. Funds apportioned to a school district under Section 19571 of this chapter (Sections 19551 to 19689, inclusive) for a project, remaining unencumbered or unexpended one year from the date the application of the district for such apportionment was approved, shall not be encumbered or expended except as provided in this section.

The governing board of the district shall notify the board of its desire to encumber or expend such funds. The board shall immediately request the Department of Education to, and that department shall, review the project for which apportionment was made. If the Department of Education finds that the conditions existing at the time it approved the project for which the apportionment was made have so changed that the needs of the district are less than originally determined, it shall notify the board of its findings and of the respects in which the project should accordingly be modified. The board shall review the project and revise the project in such manner as it deems necessary subject to the provisions of Section 19598, and make such changes in the purposes for which the apportionment may be expended as it deems necessary. The cost of the project as revised by the board shall be computed in the manner prescribed by Section 19571 and the excess, if any, of the amount theretofore apportioned to the district over the computed cost of the revised project shall be deducted by the board from the apportionment made to the district. The board shall give notice of its action, in writing, to the State Controller, the governing board of the district, and the county auditor and the county treasurer having jurisdiction over the state school building fund of the district. If the amount of such excess, or any portion thereof, has not been paid to the district, such excess, or portion thereof, shall be made available for apportionment to other districts. If such excess, or portion thereof, has been paid to the district, it

shall not be encumbered or expended by the district and shall become due and payable to the State of California. The governing board of the district and the county treasurer shall, at the time of the next county settlement following receipt of such notice from the board, pay such amount to the State Treasurer, out of the funds, and in the manner specified in Section 19629 of this code. Such payment shall, on order of the State Controller, be deposited in the State School Building Aid Fund in the State Treasury.

It shall be the duty of such governing body and county treasurer to make the payments to the State Treasurer as provided in this section, and it shall be the duty of the State Controller to enforce such collection on behalf of the State.

This section does not authorize the board to increase any apportionment made to a school district.

Funds allocated to project Expenditure

19569. Funds apportioned to a school district under Section 19573 of this chapter (Sections 19551 to 19689, inclusive) for a project, together with all available funds of the district applied to such project, shall be expended only for the purposes of this project.

The governing board of the district shall notify the board upon completion of the project and acceptance by the governing board. The State Controller, pursuant to Section 19629, shall determine the amount of money expended for the project. If the maximum amount that could have been allowed pursuant to Section 19573 for the project is greater than the amount expended for the project, the difference shall become due and payable to the State of California. The governing board of the district and the county treasurer shall pay such amount to the State Treasurer out of the funds and in the manner specified in Section 19629 of this code. Such payment shall on order of the State Controller be deposited in the State School Building Aid Fund in the State Treasury.

It shall be the duty of such governing body and the county treasurer to make the payments to the State Treasurer as provided in this section, and it shall be the duty of the State Controller to enforce such collections on behalf of the State.

Laboratory and vocational training equipment

19570. Notwithstanding any other provisions of this chapter (Sections 19551 to 19689, inclusive), a district may apply, on a separate application, for an apportionment for the purchase of laboratory and vocational training equipment, whether or not such equipment is for use in connection with a construction project.

All of the provisions of this chapter (Sections 19551 to 19689, inclusive) apply to such application and apportionment except that:

(a) Any application for the equipment pursuant to this section which is received by the board shall be transmitted to the Department of Education. If the Department of Education approves the application, it shall refer it to the board which shall either approve or reject the application pursuant

to Section 19571. Any provision of Section 19571 inconsistent with this section shall not apply to such application.

(b) Section 19556 does not apply.

(c) If the application is approved and an apportionment granted therefor the district shall repay the full amount of such apportionment and the interest thereon. The repayment of the apportionment, and the interest thereon, may be over a period of years, not to exceed 20 years from the first day of January of the fiscal year next succeeding the fiscal year in which such apportionment became final. The number of years allowed for repayment shall be determined by the board at the time it fixes interest on the apportionment. Such repayment is in addition to any other repayment required under this chapter (Sections 19551 to 19689, inclusive).

Application for apportionment

19571. Each school district which desires an apportionment for a grade level maintained by it, shall submit through its governing board to the board an application therefor in such form and number of copies as the board shall prescribe. Each copy of the application shall be accompanied by a statement of the estimated cost of the project certified by an architect or structural engineer, and by layout plans showing the entire construction project for which the district desires an apportionment. Before the board approves an application for a construction project and makes an apportionment pursuant to this chapter (Sections 19551 to 19689, inclusive), it shall after consultation with the Division of Architecture establish standards for all new construction included therein. After such consultation the board shall establish current construction cost standards for such construction. Such standards shall not exceed typical comparable new construction by school districts in the same area not receiving or eligible for apportionment under this chapter (Sections 19551 to 19689, inclusive), or if there has been no new construction by school districts in the area, the standards shall not exceed the reasonable current cost of similar construction in the area. The board shall determine such typical current costs or such reasonable current costs. In applying such standards the board shall take into account the size and type of the construction proposed and may make such deviations as in their judgment are justified. When a standard has been set by the board to cover any individual apportionment, no apportionment shall be made by the board in excess of such standard, unless the board shall find that in view of a rapid increase in building costs an adjustment is warranted. Immediately upon receipt of an application in the prescribed form accompanied by the required estimate of cost, a copy thereof shall be transmitted by the board to the director and to the Director of Finance.

A school district shall not let any contract for new construction included in an application for a construction project which has been approved by the board if the cost exceeds the construction cost standards fixed by the board under this section for such new construction.

A school district may at any time amend or supplement its application.

Each construction project for which a district applies for an apportionment shall be applied for on a separate application and shall be considered separately by the board. If a district applies for more than one construction project, at the same time or at different times, the priority points of the district shall be recalculated after the approval of each separate construction project and before a subsequent construction project is approved.

The Allocation Board shall require such changes in the plans which an applicant school district submits with its application as the board determines is necessary or desirable to reduce the cost of the project. The board may also by rule provide for the vesting in the director or in the Director of Finance of the responsibility for requiring such changes, according to whether the subject matter of the change is subject to the jurisdiction or approval of the director or the Director of Finance, respectively.

The board may for such good cause as it shall determine, reduce the amount of, or modify any provisions relating to, any contribution required of a school district under the terms of an apportionment, other than any contribution required of such district under Section 19590 from the sale of bonds; provided, that the board may not, without the consent of the district, increase the amount of any district contribution under the terms of an apportionment, in the absence of mistake arising from any source, or misrepresentation, concealment, or omission, on the part of the district, intentional or otherwise. The provisions of this paragraph shall be applicable to apportionments heretofore or hereafter made.

The Director of Finance shall determine the school district's financial ability to meet all or a portion of the cost of the project and the amount which the school district can contribute toward the cost of the project out of its available funds, and shall submit his report thereon to the board.

The term "available funds" as used in the preceding paragraph means funds of the district other than funds received by gift or bequest.

The director shall as promptly as possible prepare a report and recommendation with respect to the application and refer the application, report, and recommendation to the Director of Finance, who shall, if he finds said documents to be in proper form and otherwise sufficient, refer them to the board. If the Director of Finance finds said documents to be lacking in any respect as to any matter which is subject to the jurisdiction or approval of the director or Department of Education, he shall refer them to the director who shall take such action as may be necessary. The board shall, subject to the provisions of this chapter (Sections 19551 to 19689, inclusive) approve or reject each application referred to it by the Director of Finance. If the board approves of the application,

either in whole or in part, it shall, by a resolution adopted by it, apportion to the district from the State School Building Aid Fund the amount applied for, or such portion thereof as the board may deem appropriate; provided, that it may order that the apportionment or any part thereof shall be paid in progressive installments at such times and under such conditions as it may then prescribe. This shall be known as a conditional apportionment and shall become final only if the vote provided for in Section 19590 is favorable and if bonds are authorized and sold in the amounts prescribed by the board, and the proceeds of the bonds sold earmarked for the project as approved. The conditional apportionment shall remain effective for a period of nine months from the date of said resolution of the board, and if it does not become a final apportionment by that date, it shall become void and the money so apportioned shall become again available for apportionment pursuant to this chapter (Sections 19551 to 19689, inclusive).

District contributions

19572. Notwithstanding any provision of this chapter (Sections 19551 to 19689, inclusive) to the contrary, no school district shall be required, except as provided in this section, to contribute toward the cost of a project for which an application for an apportionment is filed, any of the following funds of the district:

(a) Amounts in the general fund of the district which are apportionments from the State School Fund.

(b) Amounts in the general fund of the district which are the proceeds of a tax levy and have not been earmarked by the governing board of the district or the electors of the district for any purposes for which school district bonds may be issued and sold.

In considering an application for an apportionment the board may review the purposes for which the district has expended or encumbered proceeds from the sale of district bonds authorized to be issued at an election held on or after September 3, 1952. Upon a finding by the board that any such proceeds have been expended or encumbered for purposes outside the scope and intent of this chapter (Sections 19551 to 19689, inclusive), the board may require the district to contribute toward the project for which an apportionment is sought from any funds of the district, except those referred to in subdivision (a) above, an amount equal to the amount of district bond proceeds expended or encumbered for purposes outside the scope and intent of this chapter (Sections 19551 to 19689, inclusive).

Application for apportionment

19573. Any school district which desires an apportionment for (a) the purchase of equipment, (b) the planning and construction of school buildings, or (c) the planning and construction of additions to school buildings for grade levels maintained by it, shall submit through its governing board to the board an application therefor in such form and number of copies as the board shall prescribe, and may request that its application be considered under this section. If the board and

the Department of Education approve the request, the application shall be considered under this section.

Each construction project for which a district applies for an apportionment shall be applied for on a separate application and shall be considered separately by the board, except that a single application, under this section, may contain a request for an apportionment for construction, site development, and equipment when all apply to a single project. If a district applies for more than one construction project, at the same time or at different times, the priority points of the district shall be recalculated after the approval of each separate construction project and before a subsequent construction project is approved.

Each copy of the application shall be accompanied by a preliminary floor plan in sufficient detail as to clearly indicate the dimensions of each room and number of square feet contained therein. All measurements shall be taken from the outside of exterior walls to the center line of interior walls. Such plans shall be prepared by an architect or a structural engineer and shall be certified as a true and correct copy of the proposed construction project plan. A school district shall prepare its application and plans after consultation with the Department of Education, and may at any time amend or supplement its application.

Before the board approves an application for a construction project, it shall, after a consultation with the Division of Architecture, establish standards for all new construction included therein. After such consultation, the board shall establish current construction cost standards for such construction. Such standards shall not exceed typical comparable new construction by school districts in the same area not receiving or eligible for apportionment under this chapter (Sections 19551 to 19689, inclusive), or if there has been no new construction by school districts in the area, the standards shall not exceed the reasonable current cost of similar construction in the area. The board shall determine such typical current costs or such reasonable current costs. In applying such standards, the board shall take into account the size and type of the construction proposed and may make such deviations as in their judgment are justified. All such standards shall be reviewed by the board quarterly and adjustments made in accordance with current cost standards. Such standards shall consist of square-foot costs for each type of construction which represents a differential in cost.

Before the board approves an application for an equipment project or an application for a construction project including equipment, it shall, after a consultation with the Department of Education, establish current equipment cost standards. Such standards shall not exceed typical comparable equipment purchased by school districts not receiving or eligible for an apportionment under this chapter (Sections 19551 to

19689, inclusive). Such standards shall consist of equipment cost for each type of classroom or pupil station which represents a differential in cost. The standards shall be reviewed by the board quarterly and adjustments made in accordance with current cost standards. In applying such standards the board may make such deviations as in their judgment are justified.

Before the board approves an application for a site development project, or a construction project, including site development, it shall, after consultation with the Department of Education, determine development for each type of work required and for each different type of teaching station which represents a differential of cost.

Immediately upon receipt of an application in the prescribed form accompanied by the required floor plan, a copy thereof shall be transmitted by the board to the director and to the Director of Finance. The director shall as promptly as possible review the application and the accompanying plan. If he finds the plan unacceptable, the district shall be notified and be required to make such changes as are found necessary. If he finds the plans sufficient and satisfactory, he shall certify his approval to such plans and to the application and refer it, together with his report and recommendation, to the Director of Finance who shall review the documents. If the Director of Finance finds the said documents to be lacking in any respect as to any matter which is subject to the jurisdiction or approval of the director or Department of Education, he shall refer them to the director who shall take such action as may be necessary. If the Director of Finance finds the said documents to be in proper form and otherwise sufficient he shall refer them to the board. The board shall, subject to the provisions of this chapter (Sections 19551 to 19689, inclusive), approve, in whole or in part, or reject such application referred to it by the Director of Finance.

As to any construction application approved by the board, in whole or in part, under this section, the maximum amount that may be apportioned shall be the sum of the products of the number of square feet in the construction project of each type or class of construction as may be determined by the board, and that has been approved by the board, and the cost per square foot for each established by the board in its standards adopted pursuant to this section. The total number of square feet in the application and plan shall not, with the area of other adequate school construction in the applicant district, exceed the areas prescribed in Section 19581.

As to any equipment application approved by the board, in whole or in part, under this section the maximum amount that may be apportioned shall be the sum of the products of the number of each type of classroom or pupil station and the cost for each established by the board in its standards adopted pursuant to this section.

As to any site development application approved by the board, in whole or in part, under this section, the maximum amount that may be apportioned shall be the amount approved by the board.

The Director of Finance shall investigate the school district's financial ability to meet all or a portion of the amount determined to be the maximum amount that may be apportioned, shall estimate the amount which the school district can contribute, and shall submit his report thereon to the board.

The board shall determine the amount the school district shall contribute but this amount shall not be less than the amount the district is required to contribute under Section 19590 of this chapter (Sections 19551 to 19689, inclusive) from the sale of bonds; provided, that the board may not, without consent of the district, increase the amount of any district contribution under the terms of the apportionment, in the absence of mistake arising from any source, or misrepresentation, concealment, or omission, on the part of the district intentional or otherwise.

The amount that the district shall contribute, as determined by the board, shall be subtracted from the maximum amount that may be apportioned and the remaining amount shall be apportioned to the district from the State School Building Aid Fund; provided, that the board may order that the apportionment or any part thereof shall be paid in progressive installments at such times and under such conditions as the board may prescribe by regulations.

This apportionment shall be known as a conditional apportionment and shall become final only if the vote provided for in Section 19590 is favorable and if bonds are authorized and sold in the amounts prescribed by the board, and the proceeds of the bonds sold earmarked for the project as approved. The conditional apportionment shall remain effective for a period of nine months from the date of the apportionment of the board and if it does not become a final apportionment by that date, it shall become void and the money so apportioned shall become again available for apportionment pursuant to this chapter (Sections 19551 to 19689, inclusive).

No application shall be approved pursuant to this section after the ninety-first day after final adjournment of the 1959 Regular Session.

Furniture or equipment Cost standards

19574. Before the board approves an application for a furniture or equipment project, or an application for a new construction project, including furniture and equipment, and after consultation with the Department of Education, it shall establish current furniture and equipment cost standards. Such standards shall not exceed the quantity and quality of furniture and equipment for comparable facilities purchased by school districts not receiving or not eligible for an apportionment under this chapter (Sections 19551 to 19689, inclusive). Such standards shall consist of equipment costs for each

type of classroom or pupil station which represents a differential in costs. The standards shall be reviewed quarterly by the board and adjustments made in accordance with current cost standards. When standards have been adopted by the board, no apportionment shall be made by the board in excess of such standards unless a rapid increase in costs warrants an adjustment.

Before the board approves an application for furniture and equipment in connection with an application for the replacement of, reconstruction of, alteration of, or addition to, a school building, the Department of Education, after full consideration of all the furniture and equipment existing in the applicant district that is in usable condition, shall recommend the amount that shall be approved in the application. The board may approve all or a portion of the amount so recommended.

Contract for construction of project

19575. Whenever an apportionment of the board under Section 19573 becomes final, the governing board of a school district may award a contract for the construction of the project. The contract awarded shall call for at least the number of square feet of construction that was shown in the plan upon which the apportionment was computed The contract may call for the construction of building area in addition to the square feet in the plan upon which the apportionment was based; provided, that the final plans and specifications for construction had been approved by the Department of Education and the Division of Architecture.

The application, plans, specifications, bids and contract shall be prepared and submitted in such manner that the Department of Education and the State Allocation Board may be able to determine what portion or portions of the apportionment are to be expended for the approved items within the application and that expenditures are made in accordance with the approved application.

Approval of application

19576. The board may approve, in whole or in part, an application submitted by a school district under Section 19571 and in such amount, not exceeding the amount applied for, as the board may deem appropriate.

The board may, upon approval of the application, in whole or in part, and subsequently from time to time, make a conditional apportionment or conditional apportionments not exceeding in the aggregate the total amount determined by the board as aforesaid, to the applicant school district from the State School Building Aid Fund for such portion or portions of the construction project as the board determines the district is ready to proceed with. If the board has approved an application and made an apportionment as to a portion or portions of a construction project, the board may approve the remaining portion or portions of the construction project and make an additional apportionment or apportionments within two years after the original approval without requiring a district to issue additional bonds.

If the board determines that the actual cost is in excess of the estimated cost of the specific school plant facilities or sites for which an apportionment to a district has been made, or for which a district's application has been approved in whole or in part pursuant to this section, the board may make an additional apportionment to such district in an amount equal to such excess even though such additional apportionment will result in the total apportionments to the district exceeding the amount of the application originally approved by the board. Before such additional apportionment becomes final the district, pursuant to Section 19590, shall hold an election to repay the amount of such additional apportionment which is in excess of the amount which the district has previously voted to repay. Such additional apportionment shall become final when the county superintendent of schools transmits to the board and the State Controller a certificate in duplicate stating that the school district has authorized the acceptance and expenditure of the necessary amount of such excess. The first paragraph of Section 19595 shall not apply to such additional apportionments. If such additional apportionments are made by the board within two years after the original approval, the district shall not be required to issue additional bonds.

Unless the board by rule otherwise provides, the total of the amounts of applications as approved by the board under this section shall not, when added to all amounts apportioned to school districts by the board under Section 19571, exceed 90 percent of the total amount of state school building bonds authorized to be issued and sold by Section 16.5 of Article XVI of the Constitution of the State.

Except as otherwise provided in this section, all provisions of this chapter (Sections 19551 to 19689, inclusive) relating to apportionments shall apply to apportionments made under this section.

Approval of an application under this section shall not be construed as creating or implying any obligation, commitment or promise on the part of the board or the State to make apportionments under this chapter (Sections 19551 to 19689, inclusive).

Application Site, etc., not part of construction project

19577. Notwithstanding any other provisions of this chapter (Sections 19551 to 19689, inclusive), a district which applies for an apportionment for the purchase of a site or comprehensive master plan, or for the cost of the preparation of plans and specifications, which is not a part of a construction project, shall make a separate application for such site, comprehensive master plan, or plans and specifications in the same manner as prescribed by Section 19571.

All of the provisions of this chapter (Sections 19551 to 19689, inclusive) apply to such application and apportionment except that:

(a) If the Department of Education determines that within five years from the date of the application for the site or comprehensive master plan there will be sufficient enrollment in

the district to show the need of such site or comprehensive master plan, it may approve the application. If the Department of Education determines pursuant to Section 19581, that within the period of years for which estimates of average daily attendance may be made for the particular type of district pursuant to Section 19581, the applicant district will need the plans and specifications, because it will be ready to commence with the construction covered by the plans and specifications, and that the area of construction covered by plans, when added to the adequate school construction existing in the applicant district at the time of the application, does not exceed the maximum allowable building area under Section 19581, it may approve the application. Any application referred to the board pursuant to this section shall be either approved or rejected pursuant to Section 19571. Any provision of Section 19571 inconsistent with this section shall not apply to such application.

(b) Section 19556 does not apply.

(c) An application for a site pursuant to this section may include an amount for the preparation of a comprehensive master plan for the development of the site.

(d) If the application is approved and an apportionment granted therefor the district shall repay the full amount of such apportionment and the interest thereon. The repayment of the apportionment for a site or comprehensive master plan, and the interest thereon, may be over a period of years, not to exceed 30 years from the first day of January of the fiscal year next succeeding the fiscal year in which such apportionment became final. The repayment of the apportionment for plans and specifications, and the interest thereon, may be over a period of years, not to exceed 30 years from the first day of January of the second fiscal year succeeding the fiscal year in which such apportionment became final The number of years allowed for repayment shall be determined by the board at the time it fixes interest on the apportionment. Such repayment is in addition to any other repayment required under this chapter (Sections 19551 to 19689, inclusive). If an apportionment is granted pursuant to this section for a site and such site is subsequently used in a construction project for which an apportionment is received under other provisions of this chapter (Sections 19551 to 19689, inclusive), or if an apportionment is granted pursuant to this section for plans and specifications and such plans and specifications are subsequently used in a construction project for which an apportionment is received under other provisions of this chapter (Sections 19551 to 19689, inclusive), the district shall not be required to make any further repayments for the site, or the plans and specifications, as the case may be, pursuant to this section and the unpaid balance of the apportionment and interest owing on the apportionment for the site, or the plans and specifications, as the case may be, pursuant to this section

shall be added to the principal amount of the apportionment and accrued interest thereon for the construction project.

Apportionments Waiver of conditions precedent

19578. Notwithstanding any other provision of this chapter (Sections 19551 to 19689, inclusive) to the contrary, whenever it appears (1) that a district made application for an apportionment of funds under this chapter (Sections 19551 to 19689, inclusive) for the construction of school facilities to be located on a new school site, which application was approved by the Department of Education; (2) that the board upon consideration of such application found that it would be good practice to continue the use of the existing school and site, and thereupon made an apportionment for surveys and plans for the rehabilitation and enlargement of such school on the pre-existing site; (3) that on the date of such action by the board the district made application for an apportionment of funds under this chapter for the rehabilitation and enlargement of the existing school facilities of the district; (4) that at the time of making such conditional apportionment the board determined that the district was not required to issue and sell additional bonds of the district; and (5) that the district had prior to the date of the aforesaid board action voted to accept, expend and repay, as provided in this chapter (Sections 19551 to 19689, inclusive), an apportionment or apportionments in an amount sufficient to include all apportionments made to the district up to and including the date of the aforesaid board action, the board may at any time within two years of September 7, 1955, consider or reconsider and approve or reject either of such applications submitted by the school district. If the board approves of either of such applications, either in whole or in part, it shall, by resolution make such apportionment or apportionments to the district from the State School Building Aid Fund as the board may deem appropriate without the necessity of the district complying with any provisions of this chapter (Sections 19551 to 19689, inclusive) which constitute conditions precedent to an apportionment being made or becoming final.

The provisions of this section shall remain in effect only until the ninety-first day after the final adjournment of the 1957 Regular Session of the Legislature.

Repayment of site apportionments

19579. If an apportionment is or has been made at any time after September 9, 1953, for construction on a site for which an apportionment was made pursuant to Section 19577, from and after the date said apportionment for construction becomes, or became, final, no repayment deductions by the Controller pursuant to Section 19611 attributable to the apportionment for said site shall thereafter be made, except that any such repayment deductions attributable to such site apportionment which would otherwise be made by the Controller during the fiscal year in which such construction apportionment becomes final shall be made during such fiscal year only. The balance of the principal amount of the apportionment for said

site, and accrued interest thereon, shall be added by the Controller to and become part of the apportionment for construction, as of the date of such apportionment, and repaid in the manner otherwise prescribed by this article (Sections 19551 to 19632, inclusive). The Controller shall promptly notify the governing board of the district and the county auditor of the county, the county superintendent of which has jurisdiction over the district, of any revision required by this section of any previous computation made by him pursuant to Section 19618.

Extension of time

19580. If, after a conditional apportionment has been made to a school district, legal proceedings initiated prior or subsequent to the making of such conditional apportionment prevent the taking, within the period during which the conditional apportionment remains effective under Section 19571, of the actions necessary to permit the conditional apportionment to become final, the conditional apportionment shall nevertheless remain effective for a period of nine months from the date upon which such legal proceedings are finally determined.

Apportionment for new construction

19581. No apportionment shall be made for new construction which, when added to the area of adequate school construction existing in the applicant school district at the time of application, will provide a total area of school building construction per unit of average daily attendance of the estimated average daily attendance in excess of that computed in accordance with Sections 19583, 19585, 19586, 19587, and 19588.

As used in Sections 19583, 19585, 19586, 19587, and 19588, "maximum area" means maximum area of school building construction and "attendance unit" means unit of estimated average daily attendance.

As used in this section and Sections 19586, 19587, and 19588, "attendance center" means a school maintained or to be maintained at a given location within a district. The Department of Education shall approve or disapprove, the allocation by an applicant district of units of estimated average attendance among the attendance centers of the district.

To the building area permitted to an applicant school district by Sections 19583, 19585, 19586, 19587, and 19588, there may be added such additional building area as may be required to provide adequate facilities for exceptional children pursuant to Article 3 (Sections 19681 to 19689, inclusive) of this chapter.

No estimate of average daily attendance made by an applicant for the purpose of justifying an apportionment shall be made for a longer time than the third fiscal year beyond the fiscal year in which an application is made, except that an estimate for the purpose of justifying an apportionment for a grade level maintained by a high school district or unified district, composed of grades 7 to 12, inclusive, 9 to 12, inclusive, or 7 to 10, inclusive, shall not be made for a longer time than the fourth fiscal year beyond the fiscal year in which the application is made. The estimates of average daily attendance

shall be based upon the number of family dwellings under construction in the district and the number of children residing in the district. In no case shall an estimate be given effect unless approved by the Department of Education.

Notwithstanding any provision of this code to the contrary, for the purposes of this chapter (Sections 19551 to 19689, inclusive) pupils attending grades 7 and 8 in an elementary district but residing in a high school district which maintains one or more junior high schools shall not be considered in determining or estimating the average daily attendance of the elementary district.

Method of determining need, etc

19582. The board by the adoption of rules shall provide for the manner of determining the area of adequate school construction existing in an applicant school district at the time of application. Such rules shall define and provide for the method of determining building areas that are to be included in whole or in part, or to be excluded from the area of existing adequate school construction.

The board may make exceptions to the provisions of this section or to the rules adopted pursuant to such section when it determines that such will be for the benefit of children affected.

For the purposes of this section, "service area" may be defined as (1) buildings which when constructed were intended to be used for a purpose to which the provisions of Education Code Sections 15451 to 15465, inclusive, would not apply, whether or not such sections were in effect at the time when the building was constructed, or (2) buildings which when constructed were intended to be used for a purpose to which Education Code Sections 15451 to 15465, inclusive, would apply, whether or not such sections were in effect when the building was constructed, but which building has been converted or is intended to be converted, as shown by the application, to use for purposes to which such sections would not apply. Service area may include, but is not limited to, construction used as bus garages, maintenance shops, centrally located district storage and warehouses, teacherage and custodial houses, utility shelters, administration offices, transformer vaults, and service yards.

The board shall exclude from the building area of a district the area of any building which is or will be used exclusively for a parent co-operative nursery education facility, and for no other purpose, and which building at the time of acquisition thereof by the district was incidental to the purchase of a school site and unsuitable for classroom purposes or which was acquired by the district without expenditure of school district funds.

The area of adequate school construction existing in a district at the time of application shall be initially computed as all of the construction area of a district except (1) such areas as may be eligible for replacement under standards established by the board, and (2) such areas in an existing structurally

inadequate building for which an application has been filed for structural rehabilitation or in a building previously structurally rehabilitated under either Sections 19401 to 19486, inclusive, or Sections 19551 to 19689, inclusive, of the Education Code, that exceeds the maximum building area allowed by Section 19581 for a number of pupils, equivalent to those that could be housed in the building after rehabilitation. The board shall prescribe by rule the method of computing the number of pupils which could be so housed for the purposes of this subsection. If such area of adequate school construction, when added to the minimum facilities needed by the district, results in a total construction area in excess of the amount prescribed in Section 19581, then the board may make the following adjustments to the initial computation or such revisions thereof as the board, in its discretion, deems desirable:

(a) Service areas constructed prior to July 19, 1947, shall be excluded, except as provided in (c) below.

(b) Service areas constructed subsequent to July 19, 1947, shall be recomputed by multiplying the total number of square feet of said service area by the percentage determined from dividing the actual construction cost per square foot as determined by the Director of Finance by the estimated average cost per square foot of the new school facilities for which the district has made application.

(c) If any inadequate nonservice area constructed prior to July 19, 1947, is, or will be, converted to a service area, such area shall be recomputed by multiplying said area by the percentage determined by dividing the depreciated value of said area by the replacement cost as such value and cost are determined by the Director of Finance.

(d) If, after the revised computation of service areas is made as prescribed under subsections (a), (b), and (c) of this section, the existing and requested building area of the district is in excess of the schedule set forth in Section 19581, the existing building area of nonservice facilities may be determined on the basis of the number of pupils housed by such facilities at an allowance per pupil which is not more than 25 percent in excess of the amount per pupil prescribed in Section 19581.

The board shall prescribe by rule the method for computing the number of adequately housed pupils for purposes of this subsection.

This section shall remain in effect until the ninety-first day after the final adjournment of the 1959 Regular Session of the Legislature.

Maximum area Kindergarten and grades 1 to 6

19583. There shall be allowed to each district with attendance units of 300 or more in kindergarten and grades 1 to 6, inclusive, a maximum area of 55 square feet for each attendance unit of the district in kindergarten and grades 1 to 6, inclusive.

The maximum total building area per attendance unit allowed to applicant districts with attendance units of less than 300 in kindergarten and grades 1 to 6, inclusive, for such attendance units shall be determined by the Department of Education, and shall be building area to provide comparable facilities to those provided by the first paragraph of this section, and shall be the least building area required to house adequately the estimated average daily attendance and the normal instructional and other services.

Exclusions from computation

19584. The area of any building constructed by a school district after September 11, 1957 with funds given or bequeathed to the district after such effective date, and the area of any building given, devised or bequeathed to a school district after such effective date, including any building given to a district by any city, county or political subdivision of this State, shall not be included in any computation of the area of adequate school construction existing in any applicant school district under this chapter (Sections 19551 to 19689, inclusive).

For the purposes of this section, any building leased to a school district for a term exceeding 24 years and for an annual rental of not exceeding five dollars ($5), shall be construed as constituting a gift to the district.

Maximum area Grades 7 and 8

19585. There shall be allowed to each district a maximum area of 75 square feet for each attendance unit of the district in grades 7 and 8.

Same Junior high schools

19586. The allowance of maximum area to a district for the attendance units in junior high schools of the district composed of grades 7 to 9, inclusive, or 7 to 10, inclusive, shall be determined pursuant to this section, rather than Sections 19585 and 19587. This section does not apply to junior high schools composed of grades 7 and 8 only.

There shall be allowed to each district a maximum area for the attendance units of the district in junior high schools determined by computing, in accordance with the following paragraph, the number of square feet for the attendance units at each junior high school attendance center of the district, and totaling the number of square feet so determined for all attendance units in all such junior high school attendance centers of the district.

There shall be allowed a maximum area of 75 square feet for each attendance unit of the junior high school attendance center in grades 7 and 8. For each attendance unit in grade 9, or grades 9 and 10, as the case may be, at each junior high school attendance center, there shall be allowed a maximum area of a number of square feet equal to the number of square feet which would be allowed under Section 19587 for each attendance unit of an attendance center having a total number of attendance units equal to the total number of attendance units in grades 7 to 9, inclusive, or 7 to 10, inclusive, as the case may be, at the junior high school attendance center. The number of square feet which would be allowed under Section

19587 for each attendance unit of an attendance center shall be computed by determining in accordance with that section the total number of square feet which would be allowed at an attendance center and dividing such total number of square feet by the total number of attendance units at such attendance center.

Same Grades 9 to 12

19587. There shall be allowed to each district a maximum area for the attendance units of the district in grades 9 to 12, inclusive, determined by computing, for the attendance units in grades 9 to 12, inclusive, at each attendance center of the district, a number of square feet for the number of attendance units in such grades at each attendance center, in accordance with the following table, and totaling the number of square feet so determined for all attendance units in such grades of all attendance centers of the district:

Attendance units of attendance center	Maximum number of square feet of building area
1-50	18,000
51-100	18,000 plus 162 for each attendance unit over 50
101-200	26,100 plus 99 for each attendance unit over 100
201-300	36,000 plus 60 for each attendance unit over 200
301-600	42,000 plus 54 for each attendance unit over 300
601-1,800	58,200 plus 80 for each attendance unit over 600
Over 1,800	154,200 plus 70 for each attendance unit over 1,800

Same Grades 13 and 14

19588. There shall be allowed to each district a maximum area for the attendance units of the district in grades 13 and 14, determined by computing, for the attendance units in grades 13 and 14, at each attendance center of the district, a number of square feet for the number of attendance units in such grades at each attendance center, in accordance with the following table, and totaling the number of square feet so determined for all attendance units in such grades of all attendance centers of the district:

Attendance units of attendance center	Maximum number of square feet of building area
1-50	18,000
51-100	18,000 plus 162 for each attendance unit over 50
101-200	26,100 plus 99 for each attendance unit over 100
201-300	36,000 plus 60 for each attendance unit over 200

Attendance units of attendance center	Maximum number of square feet of building area
301-400	42,000 plus 54 for each attendance unit over 300
401-600	47,400 plus 59 for each attendance unit over 400
601-1,800	59,200 plus 88 for each attendance unit over 600
Over 1,800	164,800 plus 77 for each attendance unit over 1,800

Payment to district

19589. Payment shall be made in accordance with the terms of a final apportionment, either directly or by way of reimbursement, to a school district for expenditures, or commitments therefor, which have been made by the district subsequent to the effective date of the constitutional amendment of the 1952 Second Extraordinary Session of the Legislature adding Section 16 5 to Article XVI, for any items approved by the board in such apportionment; provided, however, that where expenditures were made for, or work was commenced with respect to, any item so approved, prior to the time the application of such district containing such item was received by the board, payment or reimbursement for such item, either with state funds or with district funds which the district is required to contribute by said apportionment, shall be made only upon authorization of the board by special resolution citing this section.

Final apportionments Conditions, etc

19590. No apportionment to a school district shall become final unless: (a) the total amount of outstanding bonds of the district exceeds ninety-five percent (95%) of the maximum amount of bonds which the district could have had outstanding under any law on the date the conditional apportionment is made, or (b) if the total amount of the bonds of the district outstanding and unpaid is less than ninety-five percent (95%) of the amount of the bonds permitted to be issued by the district, the amount of district bonds outstanding is within twenty-five thousand dollars ($25,000) of the total bond limit permitted, as of the date on which the conditional apportionment is made. At the time the board makes a conditional apportionment pursuant to Section 19571, it shall determine what portion of the total amount of bonds which a district is permitted to issue and sell by law shall be issued and sold by such district, the proceeds of which shall be applied toward the cost of the project for which the apportionment is sought; provided, that in the event the school district has previously received apportionments, such proceeds shall first be applied toward the reduction, in chronological order beginning with the earliest, of any apportionments previously made to the district, before being applied toward the cost of the project for which an apportionment is sought. The portion so determined by the board shall be not less than the minimum amount required for such apportionment to become final under this

section. Any apportionment made by the board pursuant to Section 19571 shall be conditioned upon the approval and sale of such bonds by the district. The amount of any apportionment for a construction project made as a consequence of applying district bond proceeds toward the reduction of prior apportionments pursuant to this section instead of applying the district bond proceeds toward the cost of such construction project, shall be excluded in determining the amount chargeable against the apportionments authorized by the electorate of the district to be accepted, expended and repaid. It is hereby declared that this provision, added by the amendment to this section enacted at the 1958 First Extraordinary Session of the Legislature, is not intended as a change in the law, but rather as a declaration of existing law.

Any provision of this code to the contrary notwithstanding, whenever the electors of a district, subsequent to any requirement by the board for the sale of bonds in connection with an apportionment, authorize the issuance of bonds for any purpose for which an apportionment could lawfully be made, such authorization shall, in addition to the purposes specified, be deemed to constitute the consent of the electors to apply the proceeds of the bonds so required to be sold by the board toward the reduction of any apportionment previously made to such district. Any bond funds used to reduce any apportionment pursuant to this section shall be transferred to the State School Building Aid Fund and shall be available for reapportionment by the board. The portion so determined by the board shall be not less than the minimum amount required for such apportionment to become final under this section. Any apportionment made by the board pursuant to Section 19571 shall be conditioned upon the approval and sale of such bonds by the district.

No apportionment to a school district shall become final unless, at an election called by the governing board of the district, two-thirds of the qualified electors of the district voting thereat have authorized the governing board of the district to accept, expend, and repay, as provided in this chapter (Sections 19551 to 19689, inclusive), an apportionment under the provisions of this chapter (Sections 19551 to 19689, inclusive). Such election shall be combined with and held at the same time as the bond election to authorize the amount of bonds required by the board, if any, and shall be called, held, and conducted in the same manner as are elections to authorize the issuance of school district bonds, except that the ballot, in addition to the bond proposition, shall contain substantially the following words:

"Shall the governing board of the _____ school district be authorized to accept and expend an apportionment in an amount not to exceed _____ dollars ($_____) from the State of California under and subject to the provisions of Chapter 10 (Sections 19551 to 19689, inclusive) of Division 14

of the Education Code which amount is subject to repayment as provided by said chapter? Yes____ No____."

Bond issue

19591. Notwithstanding the provisions of Section 19590, if an applicant school district issues and sells bonds in an amount which is within five thousand dollars ($5,000) of the maximum amount of bonds which the district could have outstanding on the date of the conditional apportionment and makes the proceeds thereof available for the purposes of the apportionment, the district shall remain eligible for an apportionment of funds under this chapter (Sections 19551 to 19689, inclusive) without being required to issue and sell additional bonds until the next equalized assessment of the county or counties in which the district is located irrespective of the redemption of any bonds of the district.

Election certificate

19592. Immediately after the result of the election has been determined, the county superintendent of schools shall make a certificate in duplicate stating whether the bonds have been authorized in the amount prescribed by the board and whether the school district has authorized the acceptance and expenditure of the apportionment. One copy of the certificate shall be sent to the board and one copy to the State Controller. When the bonds authorized have been issued and sold and the proceeds thereof made available for the purposes of the application, the county superintendent of schools shall also certify this fact to the board and the State Controller. Upon the receipt by the board of the certificates stating that the bonds have been issued and sold and the proceeds made available for the purposes of the application, the apportionment shall become final.

Time of election

19593. The election by a school district upon the acceptance, expenditure, and repayment of an apportionment prescribed by Section 19590 may be called and held either before or after the making of an apportionment.

Validation of apportionments

19594. Whenever a conditional apportionment has, prior to September 11, 1957, been made to an applicant school district pursuant to this chapter (Sections 19551 to 19689, inclusive) and thereafter the county superintendent of schools of the county having jurisdiction over such district has certified to the board and the State Controller that at an election called, held and conducted in the district for that purpose, two-thirds of the qualified electors of the district voting thereat authorized the governing board of the applicant school district to accept, expend and repay an apportionment under the provisions of this chapter (Sections 19551 to 19689, inclusive), and whenever thereafter said county superintendent of schools has certified to the board and the State Controller that the amount of bonds, if any, required by the board, as a condition to the apportionment becoming final, have been issued and sold and the proceeds thereof made available for the purposes of the application and the board has certified to the State Controller that the apportionment to the applicant school district has become final, such final apportionment is hereby confirmed, ratified, and validated, and any expenditure of money from the

State School Building Aid Fund according to the terms of such final apportionment is hereby confirmed, ratified, and validated.

Limitations

19595. No apportionment shall be made to a school district for any grade level if the estimated cost of the project, as approved by the Director of Finance, is (1) an amount which would result in an apportionment to the district exceeding the amount authorized at the district election held under Section 19590, or (2) is an amount which if raised by the issuance and sale of bonds of the district running for 25 years bearing the current going rate of interest as determined by the board and the principal of which is payable in 25 equal annual payments, would require the levy of a tax under Section 22101 upon property in the district which would, when added to the tax actually being levied upon property in the district for the grade level as determined by the Director of Finance under said section, amount to less than thirty cents ($0.30) on each one hundred dollars ($100) of assessed valuation of property in the district during the next fiscal year.

Interest

At the time the board makes an apportionment, it shall, with the approval of the Director of Finance, fix the interest to be paid by the district on the sum apportioned to it at a rate equal to the effective rate paid by the State upon the bonds sold from the proceeds of which the apportionment is made, giving effect to the price at which the bonds are sold and the premium, if any, paid thereon, adjusted to the next highest one-eighth of 1 percent, to cover the cost of sale and issuance of the bonds and costs of administration, to be compounded annually on the first day of January of each year.

The Controller shall recompute the rates of interest fixed for apportionments made prior to the amendment to this section made at the 1955 Session of the Legislature, in accordance with this section as amended at such session and shall adjust the records of his office in order to show such recomputation.

Interest and recomputation

19596 Notwithstanding any provision to the contrary after June 28, 1955, at the time the board makes an apportionment, the board, with the approval of the Director of Finance, shall, pursuant to this section, fix the rate of interest to be paid by the district on the sum apportioned to it. The board shall compute the average of the rates of interest which the State pays upon the state school building bonds, authorized by Article XVI, sold at the three sales of state school building bonds occurring immediately prior to the apportionment, or, if the board so determines, at all of the sales of such bonds occurring in the two years immediately prior to the apportionment, giving effect to the price at which the state school building bonds sold at such sales, and the premium, if any paid, thereon. Such average rate shall be adjusted to the next highest one-tenth of 1 percent to cover the cost of sale and issuance of the bonds and costs of administration. Such adjusted average rate shall be the rate paid by the district on its apportionment, and

shall be compounded annually on the first day of January of each year.

Apportionment funds

19597. Apportionments may be made irrespective of whether there is on deposit at the time thereof a sufficient amount in the State School Building Aid Fund to permit the payment of such apportionments. Disbursements may be made under any apportionment which heretofore or hereafter becomes final from any funds in the State School Building Aid Fund; irrespective of whether there exists at the time of such disbursement a sufficient amount in such fund to permit the payment in full of all apportionments previously made; provided, that no disbursements shall be made from any funds in the State School Building Aid Fund required by law to be transferred to the General Fund, or from any moneys therein which the Controller deems necessary to satisfy appropriations from such fund for purposes other than apportionments.

Construction requirements

19598. No apportionment shall be made to a district for the construction, reconstruction, or alteration of, or addition to, school buildings if the requirements prescribed by this code for the construction of school buildings are not met by the plans for the entire building program of the district in connection with which the district applied for an apportionment or for any project or part thereof which has not been approved by the Department of Education.

Annual repayments Effect of federal funds

19599. If any school district receives a final apportionment under this chapter (Sections 19551 to 19689, inclusive) and after November 12, 1952, receives money from the Federal Government as reimbursement for any expenditures by the State or school district for constructing any school facilities included in the construction project for which the district is receiving an apportionment, the amount of the district's annual repayment next succeeding the date on which the district receives such money shall be increased by the amount of the money so received; provided, however, that the annual repayment of the district shall not be so increased where the money received from the Federal Government constitutes a contribution toward the cost of school facilities which are to be acquired, in part, with an apportionment, and said federal funds are encumbered or expended by the district in accordance with the purposes of the apportionment.

Repayment

19600. Each district to which an apportionment has been made under this chapter (Sections 19551 to 19689, inclusive) shall repay the principal amount of such apportionment and the accrued interest thereon in the amount and in the manner provided in this chapter (Sections 19551 to 19689, inclusive).

"First computation"

19601. On or before the first day of January of each fiscal year, the State Controller shall compute for each grade level of a district for which an apportionment has been made and has become final during any preceding fiscal year the amount that would be produced by a tax of thirty cents ($0.30) on

each one hundred dollars ($100) of assessed valuation, excluding the assessed valuation of solvent credits and other intangible property, for the current fiscal year within the district Such amount is designated as the "first computation."

"Second computation"

19602. On or before the first day of December preceding the first day of January of each fiscal year, the Director of Finance shall determine for each such grade level and certify to the State Controller the amount raised and to be raised by the district during the current fiscal year for the repayment of principal and interest on that portion of the bonded indebtedness of the district that was incurred for the grade level prior to the making of the conditional apportionment plus that portion which the board, in the conditional apportionment, required the district to incur prior to the date on which the first apportionment made to said district under the provisions of this chapter (Sections 19551 to 19689, inclusive) became final, which amount is designated as the "second computation." The Director of Finance shall determine the amount of the bonded indebtedness that was incurred by the district for each grade level, when bonds were issued and sold for purposes of more than one grade level. When one or more additional apportionments have been made to a grade level of a school district, conditioned upon the issuance and sale of additional bonds of the district, or upon the requirement that the proceeds of bonds issued and sold be contributed for the purposes of the application for which the apportionment is made, the Director of Finance shall determine and include in his certificate the amount raised and to be raised by the district during the current fiscal year for the payment of principal and interest on that portion of the additional bonded indebtedness of the district that was incurred for each such grade level as a condition to receiving such additional apportionment or which was incurred for bonds issued and sold, the proceeds of which were required to be contributed for purposes for which the apportionment was made; and such amount so certified shall be included in the "second computation," as herein defined.

Same

19603. If an apportionment has been made to a district for a grade level for which the district also received an apportionment pursuant to Chapter 8 (Sections 19401 to 19486, inclusive), the Controller shall determine the amount of the positive difference, if any, due from the district during the next succeeding fiscal year for such grade level as required by Chapter 8 (Sections 19401 to 19486, inclusive) and such amount shall be included by the Controller in the second computation.

Adjustment of "second computation"

19604. If the Director of Finance determines in any fiscal year that the amount certified to the State Controller as the "second computation" during the next preceding fiscal year is more or less than the amount actually raised by the district for the repayment of principal and interest of the bonded indebtedness referred to in Section 19602, then the Director of Finance shall add to, or subtract from, the amount computed

as the "second computation" for the current fiscal year, as the case may require, an amount equal to the difference between the amount actually raised by the district for the repayment of such bonded indebtedness and the amounts so certified by the Director of Finance.

Inclusion in "second computation"

19605. Whenever a conditional apportionment is made to an applicant school district under this chapter (Sections 19551 to 19689, inclusive) which requires the district to issue and sell bonds of the district and contribute the proceeds thereof to the project for which the application for an apportionment is made and, thereafter, such apportionment becomes final as a result of an erroneous certification of the county superintendent of schools made prior to July 10, 1957, to the effect that the bonds of the district have been issued and sold and the proceeds thereof made available for the purposes of the application for the apportionment, and whenever the amount of the bonds of the applicant school district actually issued and sold and the proceeds thereof made available for the purposes of the apportionment was 98 percent or more of the total amount required by the board as a condition to the apportionment becoming final, then the Director of Finance shall include in his certification to the State Controller the amount of the principal and interest on such portion of the bonded indebtedness of such district as the Director of Finance determines the proceeds thereof were actually contributed toward the cost of a construction project subsequently approved by the board and for which an apportionment has been made to the district under this chapter (Sections 19551 to 19689, inclusive).

"Third computation"

19606. With respect to each grade level of a district referred to in Sections 19601 and 19602, the amount of the "second computation" which is not in excess of one-third of the "first computation" is hereby designated as the "third computation."

"Annual" repayment Computation

19607. On or before the first day of January of each fiscal year, the State Controller shall compute the "annual" repayment, if any, due from each district during the next succeeding fiscal year as herein provided. If, for any grade level of a district, the amount, if any, by which the second computation exceeds the third computation is greater than the first computation, the amount of such excess, herein called a "negative difference," shall be disregarded, and no reimbursement shall be due the State from such district with respect to such grade level during the next succeeding fiscal year. If, for any grade level of a district, the amount of the first computation is greater than the amount, if any, by which the second computation exceeds the third computation, the amount of such excess, herein called a "positive difference," shall constitute the amount of reimbursement due the State from such district with respect to such grade level during the next succeeding fiscal year. The sum of the "positive differences" so computed for all grade levels having a "positive difference" within each

district is herein designated as the "annual repayment" of such district.

Same Multipurpose rooms

19608. If an apportionment is made for a project which includes a multipurpose room the board shall determine and specify the portion of the apportionment that is allocated to the cost of the multipurpose room.

If a district receives an apportionment a portion of which is for a multipurpose room it shall repay the principal amount of such portion of the apportionment as an additional payment as provided by this section. Interest on the total apportionment shall be paid as provided in Section 19614. Such repayment is in addition to the repayments required on the total of all apportionments to the district, which shall be repaid as otherwise provided in this chapter (Sections 19551 to 19689, inclusive).

Notwithstanding the provisions of Sections 19614 and 19616 for cancellation of the principal amount of apportionments the State Controller shall continue to make the deduction provided by Section 19611 during each fiscal year thereafter until the principal amount of the portion of the apportionment that was allocated to the cost of the multipurpose room and was made and disbursed to the district has been withheld, or for an additional period of 10 years, whichever first occurs. At the expiration of 40 years from the first day of January of the fiscal year next succeeding the fiscal year in which such apportionment became final, the unpaid balance of the principal amount of such portion of the apportionment shall be cancelled on the books of the State Controller and the provisions of Section 19614 shall thereupon become applicable thereto and the board shall execute a conveyance to the district as provided in Section 19616.

Same Grades 7 and 8

19609. If an apportionment is made to an elementary district for a project which includes space for pupils in grades 7 and 8, who reside in a high school district which maintains one or more junior high schools, the board shall determine and specify the portion of the apportionment that is allocated to the cost of such space.

If an elementary district receives an apportionment, a portion of which is for space for pupils in grades 7 and 8 who reside in a high school district which maintains one or more junior high schools, it shall repay the principal amount of such portion of the apportionment as an additional payment in equal amounts over a 30-year period. Interest on the total apportionment shall be paid as provided in Section 19614. Such repayment is in addition to the repayments required on the total of all apportionments to the district, which shall be repaid as otherwise provided in this chapter (Sections 19551 to 19689, inclusive).

The State Controller shall make deductions provided by Section 19611 each fiscal year until the principal amount of the portion of the apportionment that was allocated for space for pupils in grades 7 and 8 who reside in a high school district

which maintains one or more junior high schools has been withheld.

If an elementary school district has received an apportionment, a portion of which is for space for pupils in grades 7 and 8 who reside in a high school district which maintains one or more junior high schools and subsequently files an application for an apportionment, it may request that space for grades 7 and 8 approved in a previous apportionment be available for grades kindergarten through six, and that the unpaid amount of the portion of the previous apportionment allocated for grades 7 and 8 be made a part of the new application and apportionment.

Same Total

19610. Notwithstanding any other provision of this chapter (Sections 19551 to 19689, inclusive), and regardless of how many apportionments are made to a grade level of a school district under the provisions of this chapter (Sections 19551 to 19689, inclusive), the total annual repayment for such grade level during any fiscal year, covering all such apportionments, shall not exceed the amount that would be computed under Sections 19601 to 19611, inclusive, for any one of such apportionments.

State Controller Repayment deductions

19611. The State Controller shall, during the next fiscal year following that in which he determines the annual repayment as herein provided, deduct the total amount of the annual repayment of each district in equal amounts from each of the February, March, April, and May installments of the apportionments made to such district from the State School Fund under Sections 11256, 11257, and 17251, Sections 17401 to 17417, inclusive, and Sections 17601 to 18460.1, inclusive, whichever are in effect; and, on order of the State Controller, the amount so deducted shall be transferred to the State School Building Aid Fund. All money transferred to the State School Building Aid Fund under the provisions of this section shall be available only for transfer to the General Fund under the provisions of Section 19704.

District tax refund· Effect

19612. Notwithstanding any provision of law to the contrary, whenever in any fiscal year, pursuant to Chapter 5, Part 9, Division 1 of the Revenue and Taxation Code, a refund is made or a judgment rendered, as the case may be, for the return of an amount collected as school district taxes levied during a previous year upon secured or unsecured personal property, because it was determined that such property was exempt from taxation, and such property so determined to be exempt equals 1 percent, or more, of the assessed valuation in the school district upon which school district taxes for such previous year were levied, the Controller shall reduce the annual repayment of the district and the amount deducted from the State School Fund apportionment of such district for the fiscal year next succeeding that in which such refund was made or judgment rendered, by that amount by which the annual repayment and deduction of the district would have been reduced for the fiscal year next succeeding that in which

such taxes were levied had the assessed valuation upon which such annual repayment was computed not included an amount of assessed valuation equal to the amount of assessed valuation of the property so determined to be exempt.

The amount of annual repayment and deduction, reduced as required by this section, shall be the amount deducted by the Controller for the purposes of Sections 19611, 19618, and 19619 for the fiscal year in which such reduction is made.

Optional "first computation"

19613. (a) Upon request of the district, the Controller shall use in computing the "first computation" under Section 19601 the difference between the total assessed valuation of property in a district as shown on the equalized assessment roll for the current fiscal year and the assessed valuation of property as shown on the equalized assessment roll for the current fiscal year, in excess of 2 percent of such total assessed valuation, with respect to which revenues of the district taxes levied in the 1954-1955 Fiscal Year, or thereafter, have been impounded by the county auditor pursuant to Section 20901. If such a request is received prior to August 1, 1955, with respect to the impounding of revenues of taxes levied during the 1954-1955 Fiscal Year, the Controller shall recompute the annual repayment of the district due during the 1955-1956 Fiscal Year on the basis of such reduced assessed valuation, and, on or before September 1, 1955, notify the officers and board referred to in Section 19618 of such recomputed annual repayment for the 1955-1956 Fiscal Year, and of the recomputed amount to be deducted from the State School Fund apportionment to such district during the 1955-1956 Fiscal Year.

(b) Whenever, after July 1, 1955, the county auditor notifies the Superintendent of Public Instruction and the Controller of the release of impounded tax revenues to the school district, the Controller shall add to the annual repayment of the district for the first fiscal year or second fiscal year next succeeding that in which such notification of release was made, that amount by which the annual repayment of the district for a previous fiscal year was reduced by reason of the exclusion of assessed valuation with respect to tax revenues impounded and thereafter released.

(c) The amount of annual repayment and deduction, increased or reduced as required by this section, shall be the amount deducted by the Controller for the purposes of Sections 19611, 19618, and 19619 for the fiscal year in which such increase or reduction occurs.

(d) If a request is received from a school district and an annual repayment reduced pursuant to subdivision (a) hereof, Section 7733 1 shall not apply with respect to any tax revenues to which subdivision (a) applies.

Unpaid balance. Cancellation

19614. The State Controller shall make the deduction provided by Section 19611 during each fiscal year, as herein provided, until the principal amount of the apportionment made and disbursed to the district for such grade level, and all accrued interest due thereon, has been withheld; but no interest

shall accrue, or become due and payable, to the State with respect to the principal amount of any such apportionment, or any portion thereof, for any period of time following the expiration of 25 years after the first day of January of the fiscal year next succeeding the fiscal year in which such apportionment becomes final. At the expiration of 30 years from the first day of January of the fiscal year next succeeding the fiscal year in which such apportionment became final, any unpaid balance of the principal amount of any such apportionment disbursed to such district, including all interest included in such principal amount as provided in Section 19617, shall be canceled on the books of the State Controller; and the State shall have no further right to the repayment of such unpaid balance. Notwithstanding the provisions of this section, that portion of the "anual repayment," if any, computed by the State Controller under Section 19607 prior to the date of cancellation of the principal amount of an apportionment under the provisions of this section, which has not been withheld by the State Controller, as provided by Section 19611, prior to the date of such cancellation, shall be withheld by the State Controller, as provided by said Section 19611, subsequent to the effective date of such cancellation; and the amount so withheld shall be credited to the school district in determining the principal amount of the apportionment, including all interest included therein, which is canceled under the provisions hereof. Such grade level shall be excluded from any computations provided under Sections 19601, 19602, 19606, and 19607, in making computations, after the effective date of such cancellation, to determine the "annual repayment," if any, that may thereafter be due the State from such school district with respect to other grade levels thereof.

Deferment of payment

19615. If, on or before June 30th of any fiscal year, any school district files a request with the State Controller for a deferment of the annual repayment due from such district during the next succeeding fiscal year for an apportionment received by the district pursuant to this chapter (Sections 19551 to 19689, inclusive) or Chapter 8 (Sections 19401 to 19486, inclusive) of this division, and it is determined, in accordance with this section, that the district is entitled to a deferment of all or part of such annual repayment, the deferment shall be made in accordance with such determination.

As used in the preceding paragraph, "any school district" means a district which is liable for the repayment of the principal amount of apportionments made to the district under the provisions of Chapter 8 (Sections 19401 to 19486, inclusive) of this division and which has received a conditional apportionment under this chapter (Sections 19551 to 19689, inclusive).

The portion of the annual repayment to be deferred under this section shall be determined as follows:

There shall be computed the amount required to be raised by taxes on property within the district, during the fiscal year

in which the annual repayment is to be deducted pursuant to Sections 19436 and 19611, for the payment of principal and interest on (a) any bonded indebtedness incurred for school purposes prior to the first conditional apportionment to the school district under this chapter (Sections 19551 to 19689, inclusive), (b) any bonded indebtedness which was incurred as a condition to any apportionment under this chapter, and (c) any bonded indebtedness incurred, the proceeds of which were required to be contributed for the purposes for which an apportionment was made under this chapter (Sections 19551 to 19689, inclusive). To this amount shall be added the amount required during such fiscal year, for the annual repayment of school building apportionments under Chapter 8 (Sections 19401 to 19486, inclusive) of this division and under this chapter (Sections 19551 to 19689, inclusive). The total of these amounts shall constitute the "basic tax amount."

There shall be computed the amount which would be produced by a tax of forty-five cents ($0.45) on each one hundred dollars ($100) of assessed valuation of the district during such year, to be known as the "45-cent tax amount." The amount of the annual repayment to be deferred during the fiscal year in which the annual repayment is due shall be the amount, if any, by which the basic tax amount exceeds the 45-cent tax amount. The amount deferred shall be added to the annual repayment for the next succeeding fiscal year.

On or before the last day of July of each fiscal year, the State Controller shall request the Director of Finance to, and the Director of Finance shall, determine and certify to the State Controller the amount of bonded debt service included in the "basic tax amount." On or before the third Monday in August of each fiscal year, the State Controller shall request the county auditor of each county to, and the county auditor of each county shall, determine and certify to the State Controller the current assessed valuation of property within each district which has filed a request for a deferment under this section.

Before the date on which the board of supervisors makes the levy of taxes for county purposes, the State Controller shall make the deferment determination required by this section for each district requesting a deferment, and, for each district which is entitled to a deferment, shall notify, in writing, the board of supervisors of the county, the governing board of the district, the county auditor, and the county superintendent of schools having jurisdiction over the district of the amount of the repayment of the district which is to be deferred under this section.

For the purposes of this section the "annual repayment" means the amount of the annual repayment of the district due in a fiscal year as determined pursuant to Section 19434 and Section 19607, plus the then unpaid deferred amount of any annual repayment due in any previous fiscal years. Any repayments by a district of a deferred amount shall be first applied

to loans granted under Chapter 8 (Sections 19401 to 19486, inclusive) of this division.

Notwithstanding any other provision of this chapter, if, at the end of the 30-year period provided in Section 19439 or Section 19614, as the case may be, there are any deferred amounts due in any previous fiscal year remaining unpaid, repayments shall continue to be made in the manner provided by this section during each fiscal year thereafter until the amounts are paid, or for an additional period of 10 years, whichever first occurs. At the expiration of the additional 10-year period the unpaid portion of the deferred amounts shall be canceled on the books of the State Controller, and the provisions of Section 19439 or Section 19614, as the case may be, shall thereupon become applicable thereto and the board shall execute a conveyance to the district as provided in Section 19440 or Section 19616, whichever is applicable.

Same Cancellation certificate

19616. The State Controller shall certify to the board the cancellation of the unpaid balance of the principal amount of such apportionment; and upon receipt of such certification, the board shall, in the name of the State, convey to the district all sites purchased and improved, all equipment purchased, and all buildings constructed, reconstructed, altered, or added to, from money provided by the apportionment covered by such cancellation.

Interest computation

19617. The State Controller shall determine and maintain a record of the amount due the State in connection with each apportionment made to each grade level of a district under the provisions of this chapter (Sections 19551 to 19689, inclusive). He shall compute interest, at the rate fixed by the board, on each amount disbursed by the State pursuant to any such apportionment, from the date of issuance of the State Controller's warrant covering the payment to the county treasurer of such amount until the first day of January of the fiscal year next succeeding that in which such warrant was issued. Thereafter, interest shall accrue to and be compounded as a part of the principal amount due the State pursuant to such apportionment, on the first day of the following January of each year, until the principal and interest have been paid, or until the interest ceases to accrue, as provided in this chapter (Sections 19551 to 19689, inclusive). No interest shall accrue on the principal amount of any apportionment because of the withholding of the annual repayment from apportionments made to school districts from the State School Fund on dates subsequent to the first day of January of the year in which the computation of the annual repayment is determined.

Notice re deductions

19618. Upon computing in any fiscal year the amount to be deducted from the apportionments to the district from the State School Fund during the succeeding fiscal year, the State Controller shall notify the governing board of the district and the county auditor of the county, the county superintendent of which has jurisdiction over the district, of the amount to be deducted.

County tax levy

19619. The board of supervisors of the county, the county superintendent of which has jurisdiction over any district which under this chapter (Sections 19551 to 19689, inclusive) will have moneys withheld by the State Controller from the apportionments to be made to it from the State School Fund during any fiscal year, shall annually at the time the board of supervisors makes the levy of taxes for county purposes, levy a tax upon the property in the district sufficient to raise for the district the amount of money to be withheld by the State Controller during the fiscal year in which the tax is levied. Such tax, when collected, shall be paid into the county treasury of the county, the county superintendent of schools of which has jurisdiction over the district for which the tax was levied, to the credit of the general fund of the district.

Prescribed apportionment purposes

19620. The board shall prescribe in such detail as it deems necessary, the purposes for which moneys apportioned by it or which it requires the district to contribute toward, or in reduction of the cost of a project, may be expended, and such prescription shall be binding upon the governing board of the district, save as it may be changed or modified by the board for such cause as it sees fit. In determining funds which can be contributed by the district, the board may require the district to contribute unexpended balances of funds earmarked or encumbered by the district for furniture, equipment, or any other lawful purpose; provided, however, that changes or substitutions in the purposes for which such funds were earmarked or encumbered, with respect to such requirement under any apportionment heretofore or hereafter made, may be authorized by the board, or pursuant to its delegation, by the Director of Finance.

Voiding of conditional apportionments

19621. Unless the board has received the certificates of the county superintendent of schools required by Section 19592 within nine months from the date of the conditional apportionment, it shall, at the expiration of said nine months' period, void said conditional apportionment and shall certify this fact to the State Controller. Each final apportionment made by the board under this chapter (Sections 19551 to 19689, inclusive) shall be certified by it to the State Controller who shall from time to time draw his warrant on the State Treasurer in favor of the county treasurer of the county having jurisdiction over the district in accordance with the terms of such final apportionment. The warrant shall be exempt from the provisions of Division 4 of Title 2 of the Government Code and shall be paid by the State Treasurer from the State School Building Aid Fund.

Reinstatement of certain void apportionments

19622. Whenever it appears (1) that a district has received an apportionment between May 1 and May 30, 1954, conditioned upon the issuance and sale, as required by Section 19590, of not more than twenty thousand dollars ($20,000) worth of bonds; (2) that, though the electors of the district authorized the issuance and sale of such bonds within nine months from the date of such apportionment, such bonds were

not actually sold within such period; and (3) that as a result thereof said apportionment was voided pursuant to the provisions of Section 19621 of the Education Code, said apportionment is hereby reinstated, and anything in Section 19621 to the contrary notwithstanding, shall become final if the district within 30 days of July 8, 1955, has met all of the requirements otherwise imposed by this chapter (Sections 19551 to 19689, inclusive) upon such apportionment becoming final.

State school building funds

19623. A state school building fund is hereby created in the county treasury in each county for each school district in such county. The county treasurer of each county shall pay into the state school building fund of each school district, exactly as apportioned by the board, all moneys received by him under this chapter (Sections 19551 to 19689, inclusive) with respect to each such school district.

Transfer of funds

19624. The governing board of each school district to which an apportionment is made under this chapter (Sections 19551 to 19689, inclusive) is authorized to, and shall, transfer to the state school building fund of the district from all other funds of the district in which such moneys may be, all moneys of the district which under, or pursuant to, this chapter (Sections 19551 to 19689, inclusive) are required to be expended for the project for which such apportionment was made.

State School Building Aid Fund

19625. A fund in the State Treasury is hereby created, to be known as the State School Building Aid Fund. All money in the State School Building Aid Fund, including any money deposited in said fund from any source whatsoever after November 12, 1952, is hereby continuously appropriated without regard to fiscal years for expenditure pursuant to apportionments made under the provisions of this chapter (Sections 19551 to 19689, inclusive).

Expenditures

19626. The governing board of each school district to which an apportionment has been made under this chapter (Sections 19551 to 19689, inclusive) shall expend the moneys in the state school building fund of the school district exactly as apportioned by the board and only for the purposes for which said moneys were apportioned to the district, and for no other purpose, and shall make such reports relating to the expenditure of such moneys as the board and the State Controller shall require.

Same Annual report

19627. A complete detailed report of expenditure of funds allocated pursuant to this chapter (Sections 19551 to 19689, inclusive) shall be made by the board annually to the Legislature. The report shall contain a detailed statement of facilities provided, type of construction, square footage provided and all other items which will enable the Legislature fully to understand the nature of the construction performed by the school districts.

Audits

19628. It shall be the duty of the State Controller to make such audit or audits of the books and records of counties and school districts receiving apportionments under this chapter (Sections 19551 to 19689, inclusive), as he may deem necessary

from time to time, for the purpose of determining that the money received by school districts as apportionments hereunder has been expended for the purposes and under the conditions authorized by this chapter (Sections 19551 to 19689, inclusive).

Unauthorized expenditures, etc

19629. Whenever the State Controller determines that any money apportioned to a school district has been expended by such school district for purposes not authorized by this chapter (Sections 19551 to 19689, inclusive), or exceeds the final cost of the project which is authorized by Section 19571 of this chapter to be paid therefrom, or that the school district has constructed less area than was represented in the plan for which an apportionment was made under Section 19573 of this chapter, the State Controller shall furnish written notice to the board, the governing board of the school district, the county superintendent of schools, the county auditor, and the county treasurer of the county whose county superintendent of schools has jurisdiction over the school district, directing the school district and the county treasurer to pay into the State Treasury, at the time of the next county settlement following receipt of such notice, the amount of such unauthorized expenditures, or the amount of such excess apportionment, or the amount of the apportionment made under Section 19573 to construct the area not constructed by the district, as the case may be. Upon receipt of such notice, such governing board shall, at the time specified herein, order the county treasurer to pay to the State Treasurer, out of any moneys in the county treasury available to the school district for that purpose, the amount set forth in such notice. Such amount shall, upon order of the State Controller, be deposited in the State Treasury to the credit of the State School Building Aid Fund, to be reapportioned by the board.

It shall be the duty of such governing body and the county treasurer to make the payments to the State Treasurer as provided in this section, and it shall be the duty of the State Controller to enforce such collection on behalf of the State.

Excess apportionments Repayment

19630. Notwithstanding any provision of law to the contrary, if an apportionment is or has been made at any time after October 1, 1953, to meet a construction low bid and if the State Allocation Board after approving such apportionment revises the apportionment, and the apportionment finally approved reveals that an applicant school district receives excess construction area to what they are entitled to pursuant to Section 19581, and if a judgment for the collection of such excess apportionment has not been rendered by a court prior to September 11, 1957, such excess apportionment shall be computed by the State Controller and shall be repaid pursuant to this section. The district shall repay the amount of excess apportionment, and the interest thereon, in equal annual installments within 20 years from the date it receives the excess apportionment. The rate of interest shall be the same rate

as that fixed for the approved apportionment. The district may at any time before the end of the 20-year period for repayment elect to repay, and repay, the balance of the excess apportionment then unpaid, plus interest computed to the date of repayment of such balance.

Availability of apportionments

19631. Any portion of an apportionment paid to a school district under this chapter (Sections 19551 to 19689, inclusive) shall be available for expenditure by its governing board for not less than one year nor more than three years, as the board shall determine, after the date on which the warrant covering such portion of the apportionment was issued by the State Controller. For the purposes of this chapter (Sections 19551 to 19689, inclusive), an apportionment shall be deemed to be expended at the time and to the extent that the amount thereof on deposit in the county treasury has been encumbered by the creation of a valid obligation on the part of the school district. Upon the expiration of its period of availability, the unencumbered balance of any apportionment made under this chapter (Sections 19551 to 19689, inclusive) shall become due and payable to the State of California; and the governing board of the school district and the county treasurer shall, at the time of the next county settlement following the expiration of such period of availability, pay the amount of such unencumbered balance to the State Treasurer, out of the funds, and in the manner specified in Section 19629 of this code. Such payment shall, on order of the State Controller, be deposited in the State School Building Aid Fund in the State Treasury, to be reapportioned by the board.

It shall be the duty of such governing body and county treasurer to make the payments to the State Treasurer as provided in this section, and it shall be the duty of the State Controller to enforce such collection on behalf of the State.

Site or improvements Sale, etc

19632. Whenever a school district receives or has received an apportionment under this chapter (Sections 19551 to 19689, inclusive) for or toward the purchase or improvement of a school building site and whenever, within a period of five years after the date on which the duly authorized representative of the board shall have heretofore or hereafter authorized in writing, pursuant to the terms of such apportionment, the expenditure by the district for said site, either from state funds apportioned or funds which the district is required by the board to contribute toward the cost thereof, the district (1) sells or otherwise disposes of such site or the improvements thereon, or any portion thereof purchased or improved in whole or part from said apportionment, or (2) within not less than one year nor more than five years from the date of said authorization, as the board shall determine, the district does not begin to use such site or the improvements thereon for the purpose or purposes for which said apportionment was made, the board shall make such determinations and take such action with respect thereto as it may deem necessary. If

the board determines that the district has (1) sold or otherwise disposed of the site or the improvements thereon, or any portion thereof, or (2) has not used the site for the purpose for which the apportionment was made, it shall demand the return of the apportionment or such portion thereof as it deems proper, less any repayment made prior to such demand by the district on account of such apportionment.

Written notice of such demand, setting forth the amount due the State pursuant thereto, shall be furnished by the board to the governing board of the school district, the county superintendent of schools, the county auditor, the county treasurer of the county whose county has jurisdiction over the school district, and the State Controller. Upon receipt of such notice and demand, the governing board of the school district shall, at the time of the next county settlement following receipt of such notice, order the county treasurer to pay to the State Treasurer, out of any moneys in the county treasury available to the school district for that purpose, the amount set forth in such notice. Such amount shall, upon order of the State Controller, be deposited in the State Treasury to the credit of the State School Building Aid Fund, to be reapportioned by the board.

Whenever a school district receives or has received an apportionment under this chapter (Sections 19551 to 19689, inclusive) for the purchase of a site which contains existing improvements, the board may require the district to dispose of such existing improvements as a condition of receiving an apportionment in such manner as the board deems proper, and contribute the net proceeds therefrom or the value of any consideration received therefor, in reduction of any apportionment. In the event that the district is not so required to dispose of such existing improvements but after receiving such apportionment subsequently disposes thereof, the net proceeds therefrom or the value of the consideration received therefor, shall be contributed by the district in reduction of any remaining indebtedness to the State under this chapter (Sections 19551 to 19689, inclusive) or Chapter 8 (Sections 19401 to 19486, inclusive) of this division of the Education Code.

Where a district has been unable to use any building site acquired by an apportionment under this chapter (Sections 19551 to 19689, inclusive) because of the delay of the board in acting upon its application for an apportionment for the planning and construction of school buildings on such site, the board may withhold demand for repayment of the apportionment for such building site for a period of not less than one or more than three years after approval of the apportionment for planning and construction.

It shall be the duty of such governing body and county treasurer to make the payments to the State Treasurer as provided in this section, and it shall be the duty of the State Controller to enforce such collection on behalf of the State.

Article 2. School Housing Aid for Reorganized Districts

19651. (a) As used in this article (Sections 19651 to 19667, inclusive): Definitions

(1) "State-aided district" means a district to which a conditional or final apportionment has been made under this chapter (Sections 19551 to 19689, inclusive).

(2) "Acquiring district" means a district in which all or a part of, a state-aided district or an applicant district has been included.

(b) For the purposes of this article (Sections 19651 to 19667, inclusive) the effective date of any change of boundaries, annexation, formation of a new district, or other reorganization shall be:

(1) For granting conditional apportionments: the date such action became effective for the purposes of Section 1603.

(2) For making conditional apportionments final: the date such action became effective for all purposes as specified in Section 1601; provided the conditional apportionment was made prior to the effective date of such action for the purposes of Section 1603.

(3) No conditional apportionment may be made to any district affected by any reorganization after the date such action became effective for the purposes of Section 1603 except on application of the new district or of any affected existing district based on conditions following the reorganization.

19652. Where the incorporation of a joint union school district into a unified school district is effective for the purposes of Section 4932, as added by Chapter 1273 of the Statutes of 1945, and as subsequently amended, between Christmas, 1955, and New Year's Day, 1956, the effective date of such inclusion for all purposes of this article (Sections 19651 to 19667, inclusive) shall be July 1, 1956. This section shall be applied retroactively to reinstate and validate as of the date it was made, any apportionment to such district so incorporated into such unified district which apportionment became void prior to April 24, 1956, because the effective date of the aforesaid inclusion into such unified district was deemed for the purposes of this article (Sections 19651 to 19667, inclusive), to have been prior to January 9, 1956. Incorporation of joint union into unified district

19653. Notwithstanding any law to the contrary, a school district whose territory previously contained a union high school district not having, prior to April 24, 1956, received an apportionment, which for the purposes of Section 4932, as added by Chapter 1273 of the Statutes of 1945, and as subsequently amended, became a unified district during December, 1955, upon the request of the present or last existing board of the union high school district, shall not be deemed, for the purpose of this chapter (Sections 19551 to 19689, inclusive) only, to have been so unified until December 1, 1956; provided, that in such event such union high school district shall be deemed to have met the bonding requirements of Sections Unification of certain districts

19590 and 19595 with respect to any apportionment made to it prior to December 1, 1956, if the bonding qualifications set forth in said sections had been reached or complied with by the district at any time between December 1, 1955, and the time of such apportionment. In the event that under other sections of this code property of the union high school district, including funds from the sale of bonds or otherwise, is transferred to the aforesaid unified district prior to the date an apportionment is made to such district, the unified district shall, notwithstanding any provision of this code to the contrary, contribute toward the cost of any project approved by the board for such union district any portion of such property or funds as the board may require.

Effective date of unification

19654. Anything in Section 19651 to the contrary notwithstanding, whenever any single elementary school district is included in a newly formed unified school district for the purposes of Section 1603 between July 1, 1957, and February 1, 1958, the date of such inclusion for the purposes of this chapter (Sections 19551 to 19689, inclusive) shall be deemed to be July 1, 1958.

Annexation Prior to conditional apportionment

19655. Whenever, prior to the date on which a conditional apportionment is made by the board to an applicant district, (1) if an applicant district is annexed to or otherwise included in whole in another district which is ineligible for an apportionment under this chapter (Sections 19551 to 19689, inclusive), no apportionment shall be made to the applicant district; (2) if less than the whole of an applicant district is included in a district which is ineligible for an apportionment under this chapter (Sections 19551 to 19689, inclusive), the board may reconsider the application of the applicant district and make such determinations and take such action with respect thereto, including the making, subject to Article 1 of this chapter (Sections 19551 to 19632, inclusive), of a conditional apportionment to such district, as the board may deem necessary because of such inclusion of less than the whole of the applicant district in the acquiring district; (3) if an applicant district is annexed to or otherwise included in whole or in part in a district which is eligible for an apportionment under this chapter (Sections 19551 to 19689, inclusive) and has made or does make an application for such an apportionment, the board may reconsider the applications of the applicant district and the acquiring district and make such determinations and take such action with respect thereto, including the making, subject to the provisions of Article 1 of this chapter (Sections 19551 to 19632, inclusive), of conditional apportionments to such districts, as the board may deem necessary because of such annexation or other inclusion in the acquiring district of the applicant district in whole or in part.

Same Subsequent to conditional apportionment

19656. Whenever, subsequent to the date on which a conditional apportionment is made by the board to an applicant district, but prior to the date on which said conditional apportionment becomes final, (1) if an applicant district is annexed

to or otherwise included in whole in a district which is not eligible for an apportionment under this chapter (Sections 19551 to 19689, inclusive), such conditional apportionment shall, notwithstanding any other provisions of this chapter (Sections 19551 to 19689, inclusive), become void and the board shall promptly notify the State Controller in writing thereof and the date on which the apportionment became void; (2) if the district to which an applicant district is annexed or in which it is otherwise included in whole is eligible for an apportionment, has made or does make an application for such an apportionment under this chapter (Sections 19551 to 19689, inclusive), the conditional apportionment made to the applicant district shall, notwithstanding any other provisions of this chapter (Sections 19551 to 19689, inclusive), become void but the board may reconsider the application of the acquiring district and make such determinations and take such action with respect thereto, including the making, subject to the provisions of Article 1 of this chapter (Sections 19551 to 19632, inclusive) except as hereinafter provided, of additional conditional apportionments to the acquiring district, as the board may deem necessary as a result of such annexation or other inclusion in the acquiring district of the applicant district; (3) if less than the whole of an applicant district is included in another district, the conditional apportionment shall, notwithstanding any other provisions of this chapter (Sections 19551 to 19689, inclusive), become void, but the board may reconsider the application and make such determinations and take such actions with respect thereto, including the making, subject to the provisions of Article 1 of this chapter (Sections 19551 to 19632, inclusive) except as hereinafter provided, of new conditional apportionments to the applicant district, as the board may deem necessary as a result of such inclusion of a portion of the applicant district in the acquiring district.

Notwithstanding anything in the first sentence of Section 19590 to the contrary, additional conditional apportionments made to a district under (2), or new conditional apportionments made to a district under (3) of the first paragraph of this section may, with the approval of the board, become final if the total amount of the bonds of the district outstanding and unpaid is within twenty-five thousand dollars ($25,000) of the amount required under Section 19590.

Same Less than 5 percent of assessed valuation

19657. If before or after the effective date of this section, an annexation or other inclusion of a portion of an applicant district in another district comprises less than 5 percent of the assessed valuation of the applicant district on the effective date of such change, no annexation or other inclusion shall be deemed to have taken place for the purposes of Sections 19656 and 19658 of this article.

Same Prior to conditional apportionment

19658. Whenever, prior to the date on which conditional apportionments have been made to an applicant district for the full amount of state aid approved for the district under

Section 19576, (1) if the applicant district is annexed to or otherwise included in whole in another district which is ineligible for an apportionment under this chapter (Sections 19551 to 19689, inclusive), no further apportionment shall be made to the applicant district; (2) if the applicant district is annexed to or otherwise included in whole in a district which is eligible for an apportionment under this chapter (Sections 19551 to 19689, inclusive) and which has made or does make an application for such an apportionment, the board may reconsider the applications of the applicant district and the acquiring district and make such determinations and take such action with respect thereto, including the making, subject to the provisions of Article 1 of this chapter (Sections 19551 to 19632, inclusive), of a conditional apportionment or apportionments to such acquiring district as the board may deem necessary because of such annexation or other inclusion in the acquiring district of the applicant district; (3) if a portion of the applicant district is annexed to or otherwise included in another district, the board may reconsider the application of the applicant district and may, within two years after the first apportionment made under said approval, make such additional apportionments as it sees fit to the applicant district, but not in excess of the amount in which such application was originally approved, without requiring the district to issue additional bonds.

Bonds

19659. Notwithstanding, and in lieu of, any provisions of this chapter (Sections 19551 to 19689, inclusive) to the contrary, excepting Section 19595, if during the Fiscal Year 1953-1954, or any subsequent fiscal year, a conditional apportionment is or has been made to a district, hereinafter referred to as the original district, and if the original district (1) holds or has held all elections required by Section 19590, and (2) before such apportionment becomes final is or has been annexed to or included in whole in another district, hereinafter referred to as the acquiring district, which had prior thereto received its first final apportionment under this chapter (Sections 19551 to 19689, inclusive) during the same fiscal year, and (3) after such inclusion or annexation sells or has sold the bonds authorized by the aforesaid elections, the board may approve any application by the governing board of the acquiring district and make an apportionment, or apportionments, for any project for which the original district would have been eligible under this chapter (Sections 19551 to 19689, inclusive) had such inclusion not taken place. No apportionment shall be made to the acquiring district under this section unless the proceeds of the bonds which the board required the original district to sell are available for and will be contributed toward the cost of the approved project. Any apportionment made to the acquiring district under this section shall become final when made.

The computations provided in Sections 19601, 19602, 19606, and 19607 with respect to apportionments made under this

section shall be made exactly as though the acquiring school district was comprised only of the original school district.

Any rate or amount of tax levied pursuant to or under the authority of Sections 19619, 20705, 20751, or any other provision of law, for the purpose of producing the amount or any part thereof deducted by the State Controller with respect to apportionments made under this section, during any fiscal year under Sections 19611 and 19614 from apportionments to the acquiring district from the State School Fund shall be levied only on property in the original school district.

Acquiring district: Powers and duties

19660. Whenever, subsequent to the date on which a conditional apportionment made to a district becomes final, the state-aided district is included in whole in another district, the acquiring district shall, on the effective date of such inclusion, succeed to and be vested with all of the duties, powers, purposes, jurisdiction, and responsibilities of the state-aided district with respect to said apportionment and the property acquired or to be acquired from funds provided thereby, and all funds in the state school building fund of the state-aided district shall be transferred to the state school building fund of the acquiring district. All amounts which would, after the effective date of such inclusion, have been otherwise paid to the state-aided district under the terms of or pursuant to said apportionment, shall be paid to the acquiring district. In addition, the acquiring district shall, on the effective date of the inclusion of the state-aided district in the acquiring district as fixed by Section 1609, become liable for the annual repayments and other payments due the State under Section 19607 and other provisions of this chapter (Sections 19551 to 19689, inclusive) with respect to said apportionment or the property acquired or to be acquired therewith.

Same Transfer of funds

19661. Whenever one or more state-aided districts are included in whole in an acquiring district, and the acquiring district applies for and receives an apportionment, then after the effective date of such inclusion and upon the approval of the application of the acquiring district, the governing board of each component state-aided district shall immediately transfer to the acquiring district all moneys of such component district which are required to be, or have been, earmarked for a project or projects of the district. The acquiring district, upon the transfer to it of such funds, may expend such funds for any projects of the acquiring district as to which its application was approved.

Same Share of apportionment

19662. Whenever, subsequent to the date on which a conditional apportionment made to a state-aided district becomes final, less than all of such district is included in another district, the Director of Finance shall determine what portion of such apportionment was expended or will be expended for property acquired or to be acquired by the acquiring district. Any determination made by the Director of Finance under this section may be redetermined by him, from time to time, until the project for which the apportionment was made has

been completed, and the final cost thereof determined and the final determination has been made pursuant to such final cost. The Director of Finance shall promptly notify the State Controller, the governing board of the state-aided district and of the acquiring district, the superintendent of schools, the auditor, and the treasurer of the counties having jurisdiction over said districts of each determination and redetermination made by him under this section. No redetermination shall be retroactive nor affect the liability of any school district for any payment or annual repayment, or portion thereof, previously made by or on behalf of such district to the State under the provisions of this chapter (Sections 19551 to 19689, inclusive).

On and after the date of such change of boundaries, the acquiring district succeeds to and is vested with all of the duties, powers, purposes, jurisdiction, and responsibilities of the state-aided district with respect to that portion of the apportionment which the Director of Finance has determined or redetermined under this section was expended, or will be expended, for property acquired or to be acquired by the acquiring district, and the unexpended part of such portion of the apportionment in the state school building fund of the state-aided district shall be transferred to the state school building fund of the acquiring district. In addition, and at the same time, the acquiring district shall become liable for the payment to the State of that portion of the annual repayment and all other payments due the State under Section 19607 and other provisions of this chapter (Sections 19551 to 19689, inclusive) with respect to that portion of the apportionment which the Director of Finance has determined or redetermined was expended, or will be expended for property acquired, or to be acquired by the acquiring district, or, in the event such portion of such apportionment is a lower percentage of such apportionment than the percentage that the assessed valuation in the territory of the state-aided district which was transferred to the acquiring district is of the total assessed valuation of the state-aided district immediately preceding the effective date of the transfer, the acquiring district shall become liable for the payment to the State of that portion of the annual repayment and all other repayments due the State under Section 19607 and other provisions of this chapter (Sections 19551 to 19689, inclusive) with respect to such apportionment which is equal to such percentage of assessed valuation in the territory transferred to the acquiring district. "Annual repayment," as used in this section, refers to repayment computed under Sections 19601 to 19607, inclusive, and excludes amounts for which the state-aided district is liable under the provisions of Section 19577. Whenever a site for which repayments are being made under Section 19577 is transferred to an acquiring district the acquiring district shall be liable for the repayments required under Section 19577.

Assessment valuation

19663. Notwithstanding any change in the boundaries of a state-aided district or the annexation to, or the inclusion in,

another district of a state-aided district, the state-aided district as it existed immediately prior to the effective date of such action shall be continued in existence for the determination of the assessed valuation of the property therein and for the purposes of the computations provided by Sections 19601, 19602, 19606, and 19607; and all the computations required to be made pursuant to said sections shall be made exactly as if there had been no such change of boundaries, annexation, or inclusion, except as otherwise provided in Sections 19664 and 19665.

Same

19664. Whenever, subsequent to the date on which a conditional apportionment becomes final, territory is withdrawn from a state-aided district and no portion of the apportionment was expended for school property acquired by the acquiring district:

(1) If the acquiring district is a state-aided district, the assessed valuation in the territory acquired shall be included in determining assessed valuation of the property in the acquiring district, and shall thereafter be excluded in determining assessed valuation of the property in the state-aided district, for purposes of the computations under Sections 19601 to 19607, inclusive;

(2) If the acquiring district is not a state-aided district and the assessed valuation in the territory acquired is less than 10 percent of the total assessed valuation in the state-aided district immediately preceding the withdrawal, the assessed valuation in the territory shall thereafter be excluded in determining the assessed valuation in the state-aided district, and for purposes of the computations under Sections 19601 to 19607, inclusive;

(3) If the acquiring district is not a state-aided district and (2) does not apply, the assessed valuation of the state-aided district for purposes of the computations under Sections 19601 to 19607, inclusive, shall be determined thereafter by dividing the current assessed valuation of such district by the percentage of the total assessed valuation in such district, immediately preceding the first withdrawal to which this subdivision applies, remaining in the state-aided district upon such withdrawal.

Whenever subdivision (3) applies, liability for the annual repayment computed shall be apportioned between the acquiring district and the state-aided district in the ratio, as of the time of the withdrawal, of the assessed valuation of the territory withdrawn to the assessed valuation in territory remaining in the state-aided district.

Same

19665. Whenever, subsequent to the date on which a conditional apportionment becomes final, any territory is withdrawn from a non-state-aided district and annexed to the state-aided district, the assessed valuation in the territory so annexed shall be included with the valuation of the state-aided district for the purposes of making the computations provided by Sections 19601 to 19607.

Annual repayment computation

19666. The State Controller shall compute, in accordance with Sections 19663, 19664, and 19665, the amount of the annual repayment due the State on account of the apportionment or apportionments to each state-aided district and shall deduct from the respective apportionments made from the State School Fund under Sections 11256, 11257 and 17251, Sections 17401 to 17417, inclusive, and Sections 17601 to 18460.1, inclusive, whichever are in effect, to the state-aided district and an acquiring district the portion thereof for which each is liable under the provisions of this article (Sections 19651 to 19667, inclusive).

Certificate of annexation, etc

19667. When, after any application is filed, the applicant district is annexed to, or, by change of boundaries or otherwise, is included in whole or in part in another district or districts, the superintendent of schools of the county having jurisdiction over said applicant district shall, within 10 days after the effective date of such annexation, inclusion, or change of boundaries, file a certificate with the board, in writing, in such form as the board shall prescribe, setting forth (1) the effective date of such annexation, inclusion, or change of boundaries; (2) identification of the area of the school district affected by such change and the name of the school district or districts in which such area is included as a result thereof; and (3) such additional information in such form as the board may require.

The board shall, upon receiving the appropriate certificate from a county superintendent of schools as provided herein, promptly notify the State Controller, in writing, of (1) the effective date of annexation or other inclusion of a state-aided district by an acquiring district; (2) the name of the state-aided district; (3) the name of the acquiring district; and (4) the number and other identification of the apportionment affected.

Article 3. School Housing Aid for Exceptional Children

Funds available

19681. Not to exceed 3½ percent of any sum appropriated by the Legislature at the 1952 Second Extraordinary Session and not to exceed 3½ percent of the proceeds of the sale of any state bonds for state school building aid, including the proceeds of bonds authorized by Section 17 of Article XVI of the California Constitution, may be expended pursuant to this article (Sections 19681 to 19689, inclusive) for assistance to school districts in providing necessary housing and equipment for the education of exceptional children. All the provisions of Articles 1 and 2 of this chapter (Sections 19551 to 19667, inclusive), except Sections 19556 and 19581, shall apply to this article (Sections 19681 to 19689, inclusive) unless otherwise provided herein.

"Exceptional children"

19682. As used in this article (Sections 19681 to 19689, inclusive), "exceptional children" means physically handicapped minors or mentally retarded minors required or al-

lowed to be educated pursuant to Sections 6801 to 6853, inclusive, and Sections 6901 to 6914, inclusive, of this code.

Allocations

19683. Allocations under this article (Sections 19681 to 19689, inclusive) may be made in such amount as may be necessary, and in such manner as to distribute the available funds equitably among school districts, giving consideration to the needs of each district and the number of children within each district who are blind, partially seeing, deaf, hard of hearing, mentally retarded, orthopedically handicapped or cerebral palsied.

In computing the number of such children there shall be included:

(a) The number of them residing in the district.

(b) The number of handicapped minors who are actually living within the district five or more days a week, although their legal residence may be outside the district and who are educated pursuant to Section 6805.

(c) The number of them who reside outside of the district, except those described in subdivision (b), and who are to be educated by the district, excluding mentally retarded minors within the provisions of Section 6902 who reside within a district having an average daily attendance of 900 or more and which does not meet the requirements of Section 19590 concerning outstanding bonded indebtedness.

Repayment

19684. Notwithstanding the provisions of Articles 1 and 2 (Sections 19551 to 19667, inclusive) of this chapter, the obligation of any district receiving an apportionment under this article (Sections 19681 to 19689, inclusive) to repay such apportionment shall not extend to more than one-half of the amount of the apportionment.

Application for allocation re certain facilities

19685. With the approval of the county superintendent of schools, a school district may make application for an allocation under this article (Sections 19681 to 19689, inclusive) for facilities for the education of mentally retarded minors pursuant to subdivision (a) of Section 8951 by the county superintendent of schools. Facilities for which an apportionment is made under this section shall be made available for use by the county superintendent of schools for the education of mentally retarded minors pursuant to subdivision (a) of Section 8951, until he ceases to conduct such classes therein or until the superintendent of schools of a county other than the county whose superintendent of schools approved the application made under this section acquires jurisdiction over the location of such facility, whichever first occurs. Not more than 50 percent of the amount of any apportionment made pursuant to this section shall be repaid. Repayments shall be made in the following manner: Ten percent of the amount of the apportionment shall be subject to repayment by the district to the extent, and in the manner prescribed in Article 1 (Sections 19551 to 19632, inclusive) of this chapter for apportionments other than those made pursuant to Section 19577. Forty percent of the amount of the apportionment shall be repaid in full

with interest by the district, in such annual amounts and over such period as the board may determine, not to exceed 20 years from the date the apportionment became final. The county board of supervisors of the county whose superintendent of schools conducts classes in such facility during any fiscal year shall at such time or times within such fiscal year as may be agreed upon between the county and the school district, but in any case not later than the end of such fiscal year, pay to the school district having the obligation to repay the apportionment made under this section for the construction of such facility, an amount equal to the amount the district is required to repay in said fiscal year with respect to the 40 percent of the amount of the apportionment described above.

In determining the number of children for whom such facilities shall be provided, there shall be included only the number of them residing in elementary or unified school districts with less than 900 average daily attendance.

Allocations made pursuant to this section shall not exceed a total of five hundred thousand dollars ($500,000) for all districts.

Certification of attendance

19686. Not later than July 20th of each year the county superintendent of schools of each county in which there is a school district maintaining facilities for the education of exceptional children which have been constructed with funds apportioned to the district under this article (Sections 19681 to 19689, inclusive) shall certify to the board of supervisors and to the county auditor of the county the total number of units of average daily attendance of pupils enrolled in such facilities during the next preceding fiscal year who reside in a district other than the district maintaining such facilities.

Special tax levy

19687. The board of supervisors with whom the certificate is filed shall, at the time of making the tax levy for that year for county purposes, levy a special tax upon all taxable property in the district of residence of each pupil enrolled in the facilities other than the district maintaining such facilities, sufficient in amount to raise the sum of one hundred sixty dollars ($160) per unit of average daily attendance for the use of the facilities.

Same

19688. If the board of supervisors fails to make the tax levy, the auditor shall make the levy.

County school building aid funds

19689. The county auditor shall, not later than the last Monday in December and the last Monday in May of each year, notify the superintendent of schools of the amount in the county school building aid fund. Thereupon the superintendent shall draw his order on the county auditor in favor of the State Treasurer for the amount in the county school building aid fund of the county. Such amount shall be paid by the county treasurer and, upon order of the State Controller, shall be deposited in the State Treasury to the credit of the State School Building Aid Fund. All money paid to the State School Building Aid Fund under the provisions of this section shall

be available only for transfer to the General Fund under the provisions of Section 19704, and shall be credited to the repayment of the apportionment of funds to the school district maintaining the facilities.

CHAPTER 11. STATE SCHOOL BUILDING AID BOND LAW OF 1952

State School Building Finance Committee

19701. For the purpose of creating a fund to provide aid to school districts of the State, the State School Building Finance Committee, created by Section 19510, shall be and it hereby is authorized and empowered to create a debt or debts, liability or liabilities, of the State of California in the manner and to the extent hereinafter provided, but not otherwise, nor in excess thereof. The State School Building Finance Committee is continued in existence for the purposes of this chapter (Sections 19701 to 19715, inclusive). The Members of the Legislature of such committee constitute an interim investigating committee on the subject of this chapter (Sections 19701 to 19715, inclusive) and as such shall have the powers and duties imposed upon such committees by the Joint Rules of the Senate and the Assembly.

Bonds Preparation and amount

19702. After the approval by the people of the constitutional amendment of the 1952 Second Extraordinary Session of the Legislature adding Section 16.5 to Article XVI of the Constitution of the State, and immediately after adoption of any resolution by the State School Building Finance Committee, provided for in Section 19713, the State Treasurer shall arrange for the preparation of the requisite number of suitable bonds of the denomination of one thousand dollars ($1,000), or multiples thereof, in accordance with the specifications contained in such resolution. The aggregate par value of all bonds issued under this chapter (Sections 19701 to 19715, inclusive) shall not exceed the sum of one hundred eighty-five million dollars ($185,000,000) and shall bear interest at a rate not exceeding 5 percent per annum. Both principal and interest shall be payable in lawful money of the United States, at the Office of the State Treasurer, or at the office of any duly authorized agent of the State Treasurer.

All bonds issued under this chapter (Sections 19701 to 19715, inclusive) shall bear the facsimile signature of the Governor and the facsimile countersignature of the Controller and shall be endorsed by the State Treasurer either by original signature or by a signature stamp, and the bonds shall be signed, countersigned, and endorsed by the officers who shall be in office on the date of issuance thereof, and each of said bonds shall bear an impress of the Great Seal of the State of California. Interest coupons attached to each bond shall bear the facsimile signature of the State Treasurer who shall be in office on the date of issuance of the bond to which said coupons pertain. The bonds or coupons so signed, countersigned, endorsed, and sealed, when sold, shall be and constitute a valid

and binding general obligation upon the State of California, although the sale thereof be made at a date or dates upon which the officers having signed, countersigned, and endorsed said bonds or coupons, or any or either of said officers, shall have ceased to be the incumbents of the offices held by them at the time of signing, countersigning, or endorsing said bonds or coupons. Each bond issue under this chapter (Sections 19701 to 19715, inclusive) shall contain a clause or clauses referring to this chapter (Sections 19701 to 19715, inclusive) and to the resolutions of the State School Building Finance Committee hereunder by virtue of which said bond is issued, and if subject to call or redemption prior to maturity, shall contain a recital to that effect.

Cancellation, etc

19703. The State Treasurer shall, on the respective dates of maturity or prior redemption of said bonds, or as soon thereafter as said bonds are surrendered to him, pay the same out of the proceeds of the Controller's warrants drawn in his favor as provided in Section 19704 and perforate the bonds so paid with a suitable device in a manner to indicate such payment and the date thereof. The State Treasurer, or his duly authorized agent, shall also, on the respective dates of maturity, cancel all bonds and appurtenant coupons bearing said dates of maturity and remaining unsold, by perforation with a suitable device in a manner to indicate such cancellation and the date thereof; provided, however, new bonds may be prepared and executed in lieu of bonds canceled solely by reason of the fact that such bonds have not been sold prior to their fixed maturity dates, whenever the State School Building Finance Committee shall determine such new bonds shall be prepared and executed, subject to the condition the total indebtedness created hereunder shall not exceed the maximum limit herein specified. Not less than four years after the final maturity date of a particular issue of bonds, the State Treasurer, or his duly authorized agent, may destroy or cremate any bonds of such issue which have been previously paid or canceled as hereinbefore provided.

General obligations of State

19704. All bonds herein authorized, which shall have been duly sold and delivered as herein provided, shall constitute valid and legally binding general obligations of the State of California, and the full faith and credit of the State of California is hereby pledged for the punctual payment of both principal and interest thereof. There is hereby appropriated from the General Fund in the State Treasury such sum annually as will be necessary to pay the principal of and the interest on the bonds issued and sold pursuant to the provisions of this chapter (Sections 19701 to 19715, inclusive), as said principal and interest become due and payable.

There shall be collected annually in the same manner and at the same time as other state revenue is collected such a sum, in addition to the ordinary revenues of the State, as shall be required to pay the principal and interest on said bonds as herein provided, and it is hereby made the duty of all officers

charged by law with any duty in regard to the collection of said revenue, to do and perform each and every act which shall be necessary to collect such additional sum.

On the several dates of maturity of said principal and interest in each fiscal year, there shall be transferred to the General Fund in the State Treasury, on order of the State Controller, all of the money in the State School Building Aid Fund which was transferred into or deposited in said fund in accordance with the provisions of Sections 19611 and 7909 as added by Chapter 28 of the Statutes of 1952 (Second Extraordinary Session) and as subsequently amended, together with all of the money deposited in the State School Building Aid Fund under Section 19707 which was derived from premium and accrued interest on bonds sold pursuant to said Section 19707; but the amount to be transferred to the General Fund pursuant to this section shall not exceed the principal of and interest on the said bonds then due and payable, except as hereinafter provided for the prior redemption of said bonds, and, in the event such money so returned on said dates of maturity being less than the said principal and interest then due and payable, then the balance remaining unpaid shall be returned into the General Fund in the State Treasury out of said State School Building Aid Fund as soon thereafter as it shall become available.

Both principal and interest of said bonds shall be paid when due upon warrants duly drawn against said appropriation from the General Fund by the State Controller in favor of the State Treasurer, or his duly authorized agent, upon claims audited by the State Controller. The State Allocation Board, by resolution approved by the State School Building Finance Committee, shall direct the State Treasurer to call bonds (which are then subject to redemption) if such call is desirable and whenever funds are available to effect such redemption, the part of each issue so called to be not less than all of the bonds maturing in any one year. Notice of such redemption shall be given by the State Treasurer in the manner provided in the resolution authorizing the issuance of said bonds.

Reimbursement of General Fund

19705. All money deposited in the State School Building Aid Fund under Sections 19611 and 7909 as added by Chapter 28 of the Statutes of 1952 (Second Extraordinary Session) and as subsequently amended, shall be available only for transfer to the General Fund, as provided in Section 19704. When transferred to the General Fund, such money shall be applied as a reimbursement to the General Fund on account of principal and interest due and payable or paid from the General Fund on the earliest issue of school building bonds for which the General Fund has not been fully reimbursed by such transfer of funds.

Appropriation Revolving fund

19706. The sum of seventy-five thousand dollars ($75,000) was appropriated, by Chapter 28 of the Statutes of 1952 (Second Extraordinary Session), out of the General Fund to be used as a revolving fund to pay the expenses incurred by the State

Treasurer in having said bonds prepared and in advertising their sale or their prior redemption. Whenever bonds are sold, out of the first money realized from the sale of said bonds, there shall be redeposited in the revolving fund such sums as the State Treasurer has expended for the purpose, which may be used for the same purpose and repaid in the same manner whenever additional sales are made. Whenever all the bonds authorized by this chapter (Sections 19701 to 19715, inclusive) have been sold, said revolving fund shall be refunded to the General Fund in the State Treasury.

Procedure re sale of bonds

19707. The bonds authorized to be issued under this chapter (Sections 19701 to 19715, inclusive) shall be sold by the State Treasurer to the highest bidder for cash at public sale upon sealed bids in such parcels and numbers as the State Treasurer shall be directed by the Governor of the State, under seal thereof, but the State Treasurer must reject any and all bids for said bonds, or for any of them, which shall be below the par value of said bonds so offered plus the interest which shall have accrued thereon between the date of purchaser's payment for said bonds and the last preceding interest maturity date; and the State Treasurer may from time to time, by public announcement at the place and time fixed for the sale, continue such sale, as to the whole of the bonds offered, or any part thereof offered, at such time and place as the State Treasurer may select. Each bid shall be in writing and signed by the bidder and sealed, and shall be accompanied by the deposit of a certified check or cashier's check for five thousand dollars ($5,000), drawn on a bank or trust company authorized to transact and transacting business in the State of California, payable to the Treasurer of the State of California, such deposit not to bear interest. The deposit of each unsuccessful bidder shall be returned to him immediately upon the non-acceptance of his bid, and the deposit of the successful bidder shall immediately upon the acceptance of his bid become and be the property of the State of California and be placed in the State Treasury to the credit of the State School Building Aid Fund, and shall be credited to the successful purchaser upon the purchase price of the bonds bid for in case such purchase price is paid in full by him within the time mutually agreed upon between the successful bidder and the State Treasurer. If the purchase price is not so paid, the successful bidder shall have no right in and to said bonds or by reason of said bid, or to the recovery of said deposit accompanying said bid, or to any allowance or credit by reason of such deposit unless it shall appear that the bonds would not be validly issued if delivered to the purchaser in the form and manner proposed. In case the purchase price is not so paid, the bonds so sold but not paid for shall be resold by the State Treasurer upon notice as provided in case of original sale.

Temporary or interim bonds, certificates, or receipts of any denomination whatever and with or without coupons attached thereto, to be signed by the State Treasurer, may be issued and

delivered until the definitive bonds are executed and available for delivery. Signature of the State Treasurer may be by signature stamp.

Disposition of interest, etc.

19708. All money deposited in the State School Building Aid Fund under the provisions of Section 19707 which is derived from premium and accrued interest on bonds sold pursuant to said section shall be reserved in said fund and shall be available only for transfer to the General Fund, as provided by Section 19704. When transferred to the General Fund, such money shall be applied as a reimbursement to the General Fund on account of principal and interest due and payable or paid from the General Fund on the particular issue of school building bonds from the sale of which such premium and accrued interest were derived.

Notice of sale

19709. Due notice of the time and place of sale of all bonds shall be given by the State Treasurer by publication in one newspaper published in the City and County of San Francisco, by publication in one newspaper published in the City of Sacramento, and by publication in one newspaper published in the City of Los Angeles pursuant to Section 6066 of the Government Code. In addition to the notice last above provided for, the State Treasurer may give further notice as he may deem advisable, but the expense and cost of such additional notice shall not exceed the sum of five hundred dollars ($500) for each sale so advertised. The proceeds of the sale of such bonds and such amount as may have been paid as accrued interest thereon shall be forthwith paid over by the State Treasurer into the State School Building Aid Fund and must be used exclusively to aid school districts of the State in purchasing and improving school sites, the purchasing of furniture and equipment for schools, and the planning and constructing, reconstructing, repairing, alteration of, and making additions to, school buildings; provided, that the proceeds from the sale of said bonds may be used to pay the debt created by the issuance and sale thereof, the expense of preparing and of advertising the sale or prior redemption of said bonds, and the actual and necessary expenses of the State School Building Finance Committee.

Issuance of bonds

19710. Upon request of the State Allocation Board, supported by a statement of the apportionments made and to be made under Sections 19551 to 19689, inclusive, the State School Building Finance Committee shall determine whether or not it is necessary or desirable to issue any bonds authorized under this chapter (Sections 19701 to 19715, inclusive) in order to make such apportionments, and, if so, the amount of bonds then to be issued and sold. A sufficient number of bonds authorized under this chapter (Sections 19701 to 19715, inclusive) shall be issued and sold so that twenty million dollars ($20,000,000) will be available for apportionment on May 5, 1953, or as soon thereafter as such bonds can be issued and sold, and so that five million dollars ($5,000,000) additional

will become available for apportionment on June 5, 1953 and on the fifth day of each month thereafter until a total amount of one hundred sixty-five million dollars ($165,000,000) has become available for apportionment. The remainder of the bonds, or so many thereof as may be necessary shall be issued and sold as provided in Section 19711. Successive issue of bonds may be authorized and sold to make such apportionments progressively, and it shall not be necessary that all of the bonds herein authorized to be issued shall be sold at any one time.

Same

19711. The Director of Finance shall define and determine the surplus which exists in the General Fund as of June 30, 1953. If the estimated surplus so determined is less than five million dollars ($5,000,000), the School Building Finance Committee shall issue and sell sufficient bonds, in an amount to the nearest one thousand dollars ($1,000) but not in excess of twenty million dollars ($20,000,000), to provide a surplus of five million dollars ($5,000,000) in the General Fund, and the proceeds of the bonds so issued and sold shall be deposited in the General Fund.

Issuance of bonds to repay General Fund

19712. Notwithstanding the provisions of Section 19711, upon order of the Director of Finance, made when in his opinion such action is necessary to meet the needs of the General Fund, the State School Building Finance Committee shall issue and sell bonds in the amount of twenty million dollars ($20,000,000) authorized by Article XVI, Section 16.5 of the Constitution. Proceeds of such bonds shall be used to repay the money appropriated from the General Fund at the 1952 Second Extraordinary Session for state school building aid, and shall be deposited in the General Fund.

The Legislature hereby declares that it has authority by virtue of Section 16.5 of Article XVI of the Constitution to authorize the sale of bonds referred to in the preceding paragraph irrespective of the adoption of the constitutional amendment of the 1958 First Extraordinary Session of the Legislature adding Section 19 to Article XVI of the Constitution, which confirms such authority.

Bonds Issuance, resolution, etc

19713. Whenever the State School Building Finance Committee shall have determined that the sale of all or any part of the bonds authorized to be issued under this chapter (Sections 19701 to 19715, inclusive) is necessary or desirable to make such apportionments, in whole or in part, it shall adopt a resolution to this effect. The said resolution shall authorize and direct the State Treasurer to provide for the preparation of the requisite number of suitable bonds then authorized to be sold and shall specify as to such bonds then to be sold:

1. The aggregate number, aggregate par value, and the date of the bonds to be then sold. The date appearing on said bonds shall be deemed to be the date of issuance for all purposes of this chapter (Sections 19701 to 19715, inclusive), irrespective of the actual date of delivery of such bonds and the payment

of the purchase price thereof. Successive issues of bonds herein authorized shall be identified by the number of the issue, or the entire authorized issue may be divided into series or divisions appropriately identified by letter or number.

2. The date or dates of maturity, and the number and numerical sequence of the bonds maturing at each date of maturity, to be at annual or semiannual intervals.

3. The provisions for the retirement of said bonds at any time or times prior to their maturity, the manner of the call thereof, and the price or prices at which said bonds shall be redeemed.

4. The annual rate, or rates, of interest which the bonds to be issued shall bear, to be in multiples of one-fourth of 1 percent, which rate, or rates, at the discretion of said committee, may be determined by the bidder at the time of sale of said bonds, not to exceed 5 percent.

5. The number, numerical sequence, amount or amounts, and dates of maturity of the interest coupons to be attached to said bonds.

6. The technical form and language of said bonds and of the interest coupons to be attached thereto.

In determining the date or dates of maturity of the said bonds and the amount of bonds maturing at each date of maturity, the State School Building Finance Committee shall be guided by the amounts and dates of maturity of the receipts estimated to accrue to the State School Building Aid Fund from the transactions to be financed by each issue, and shall fix and determine said dates and amounts in such manner that, together with the dates and amounts of interest payments on the said bond issue, they shall coincide, as nearly as practicable, with the dates and amounts of such estimated receipts; provided, the bonds first to mature in each issue shall mature not later than five years and the bonds last to mature in each issue shall mature not later than 45 years from the date of issuance thereof.

The rate of interest to be borne by the bonds need not be uniform for all bonds of the same issue or series or division, and may be determined and fixed by the State School Building Finance Committee by resolution adopted at or after the sale of said bonds, but not exceeding in any case 5 percent per annum payable semiannually. The highest bid received on the sale of the bonds shall be determined by deducting the total amount of the premium bid (if any) from the total amount of interest which the State would be required to pay from the date of sale to the respective maturity dates of the bonds then offered for sale at the coupon rate or rates specified in the bid, and the award shall be made on the basis of the lowest net interest cost to the State. The lowest net interest cost to the State shall be computed between the dates aforesaid according to standard bond interest tables The interest coupons first payable may, if the State School Building Finance Committee

shall so determine and specify, be payable at any time within one year after the date of issuance of said bonds.

Expenses of committee and legislative interim committee

19714 All actual and necessary expenses of the State School Building Finance Committee and the legislative interim committee and of the members thereof incurred in the performance of their duties arising out of the provisions of this chapter (Sections 19701 to 19715, inclusive) shall be paid out of the State School Building Aid Fund, upon approval of the State Board of Control and on Controller's warrant duly drawn for that purpose.

Whenever the State School Building Finance Committee deems that it will increase the salability or the price of the bonds to obtain a legal opinion as to the validity of the bonds, prior to or after sale, from attorneys other than the Attorney General, the committee may authorize the State Treasurer or the Department of Finance or both to obtain such a legal opinion. Payment for such legal services shall be made from the State School Building Aid Fund, upon approval of the State Board of Control and on Controller's warrant duly drawn for that purpose.

Accounts and records

19715. The Controller, the State Treasurer and the State School Building Finance Committee shall keep full and particular account and record of all their proceedings under this chapter (Sections 19701 to 19715, inclusive) and they shall transmit to the Governor an abstract of all such proceedings thereunder, with an annual report, to be by the Governor laid before the Legislature biennially; and all books and papers pertaining to the matter provided for in this chapter (Sections 19701 to 19715, inclusive) shall at all times be open to the inspection of any party interested, or the Governor, or the Attorney General, or a committee of either branch of the Legislature, or a joint committee of both, or any citizen of the State.

CHAPTER 12. STATE SCHOOL BUILDING AID BOND LAW OF 1954

Short title

19751. This act may be cited as the State School Building Aid Bond Law of 1954.

Applicable law

19752. The State General Obligation Bond Law is adopted for the purpose of the issuance, sale, and repayment of, and otherwise providing with respect to, the bonds authorized to be issued by this chapter (Sections 19751 to 19764, inclusive), and the provisions of that law are included in this chapter (Sections 19751 to 19764, inclusive) as though set out in full in this chapter (Sections 19751 to 19764, inclusive). All references in this chapter to "herein" shall be deemed to refer both to this chapter (Sections 19751 to 19764, inclusive) and such law.

Definitions

19753. As used in this chapter (Sections 19751 to 19764, inclusive), and for the purposes of this chapter (Sections 19751 to 19764, inclusive) as used in the State General Obliga-

tion Bond Law, the following words shall have the following meanings:

(a) "Committee" means State School Building Finance Committee, created by Section 19510.

(b) "Board" means State Allocation Board.

(c) "Fund" means State School Building Aid Fund.

Bond issue authorization

19754. For the purpose of creating a fund to provide aid to school districts of the State in accordance with the provisions of the State School Building Aid Law of 1952, and of all acts amendatory thereof and supplementary thereto, the committee shall be and is hereby authorized and empowered to create a debt or debts, liability or liabilities, of the State of California, in the aggregate amount of one hundred million dollars ($100,000,000) in the manner provided herein, but not otherwise nor in excess thereof.

General obligations

19755. All bonds herein authorized, which shall have been duly sold and delivered as herein provided, shall constitute valid and legally binding general obligations of the State of California, and the full faith and credit of the State of California is hereby pledged for the punctual payment of both principal and interest thereof. There is hereby appropriated from the General Fund in the State Treasury such sum annually as will be necesary to pay the principal of and the interest on the bonds issued and sold pursuant to the provisions of this chapter (Sections 19751 to 19764, inclusive), as said principal and interest become due and payable.

There shall be collected annually in the same manner and at the same time as other state revenue is collected such a sum, in addition to the ordinary revenues of the State, as shall be required to pay the principal and interest on said bonds as herein provided, and it is hereby made the duty of all officers charged by law with any duty in regard to the collection of said revenue, to do and perform each and every act which shall be necessary to collect such additional sum.

On the several dates of maturity of said principal and interest in each fiscal year, there shall be transferred to the General Fund in the State Treasury, all of the money in the fund, not in excess of the principal of and interest on the said bonds then due and payable, except as herein provided for the prior redemption of said bonds, and, in the event such money so returned on said dates of maturity is less than the said principal and interest then due and payable, then the balance remaining unpaid shall be returned into the General Fund in the State Treasury out of the fund as soon thereafter as it shall become available.

Reimbursement to General Fund

19756. All money deposited in the fund under Section 19611 of this code and Section 16759 of the Government Code shall be available only for transfer to the General Fund, as provided in Section 19755. When transferred to the General Fund such money shall be applied as a reimbursement to the General Fund on account of principal and interest due and

payable or paid from the General Fund on the earliest issue of school building bonds for which the General Fund has not been fully reimbursed by such transfer of funds.

Appropriation Revolving Fund

19757. The sum of seventy-five thousand dollars ($75,000) was appropriated, by Chapter 41 of the Statutes of 1954 (Extraordinary Session) out of the General Fund to be used as a revolving fund to pay the expenses incurred by the State Treasurer in having the bonds prepared and in advertising their sale or their prior redemption, for expenses incurred by the committee pursuant to Government Code Section 16758, and for legal services, upon approval of the State Board of Control, pursuant to Government Code Section 16750. Whenever bonds are sold, out of the first money realized from their sale, there shall be redeposited in the revolving fund such sums as have been expended for the above purposes, which may be used for the same purpose and repaid in the same manner whenever additional sales are made. Whenever all the bonds authorized by this chapter (Sections 19751 to 19764, inclusive) have been sold, the amount of the appropriation made by this section shall revert to the unappropriated surplus in the General Fund.

Withdrawal from General Fund

19758. For the purposes of carrying out the provisions of this chapter (Sections 19751 to 19764, inclusive) the Director of Finance may by executive order authorize the withdrawal from the General Fund of an amount or amounts not to exceed the amount of the unsold bonds which the committee has by resolution authorized to be sold for the purpose of carrying out this chapter (Sections 19751 to 19764, inclusive), and the amount necessary to carry out this chapter (Sections 19751 to 19764, inclusive) is hereby appropriated. The appropriation made by this section is made without regard to fiscal years. Any amounts withdrawn shall be deposited in a revolving fund to be allocated by the board in accordance with this chapter (Sections 19751 to 19764, inclusive). Any moneys made available under this section to the board shall be returned by the board to the General Fund from moneys received from the sale of bonds sold for the purpose of carrying out this chapter (Sections 19751 to 19764, inclusive).

Issuance and sale

19759. Upon request of the board, supported by a statement of the apportionments made and to be made under Sections 19551 to 19689, inclusive, the committee shall determine whether or not it is necessary or desirable to issue any bonds authorized under this chapter (Sections 19751 to 19764, inclusive) in order to make such apportionments, and, if so, the amount of bonds then to be issued and sold. A sufficient number of bonds authorized under this chapter (Sections 19751 to 19764, inclusive) shall be issued and sold so that five million dollars ($5,000,000) will be available for apportionment on November 5, 1955, or as soon thereafter as such bonds can be issued and sold, and so that five million dollars ($5,000,000) additional will become available for apportion-

ment on December 5, 1955, and on the fifth day of each month thereafter until a total amount of one hundred million dollars ($100,000,000) has become available for apportionment. Successive issue of bonds may be authorized and sold to make such apportionments progressively, and it shall not be necessary that all of the bonds herein authorized to be issued shall be sold at any one time.

Optional provisions

19760. In any resolution determining that the sale of all or any part of the bonds herein authorized is necessary or desirable, the committee may in its discretion adopt provisions for the interexchange of bonds of different denominations, the issuance of new bonds of different denominations in lieu of, or in exchange for, bonds of a like aggregate principal amount but of different denominations, and the authentication of any bonds by the State Controller or by any deputy state controller. If authentication is so required, no bond authorized herein shall be valid unless so authenticated in the manner so required.

Net interest cost

19761. In computing the net interest cost under Section 16754 of the Government Code, interest shall be computed from the date of the bonds or the last preceding interest payment date, whichever is latest, to the respective maturity dates of the bonds then offered for sale at the coupon rate or rates specified in the bid, such computation to be made on a 360-day year basis.

Sale

19762. The committee may authorize the State Treasurer to sell all or any part of the bonds herein authorized at such time or times as may be fixed by the State Treasurer, and no direction of the Governor shall be required. The provisions of Sections 16750 and 16754 of the Government Code respecting the direction of the Governor shall not be applicable to such sale.

Disposition of proceeds

19763. All proceeds from the sale of the bonds herein authorized deposited in the fund, as provided in Section 16757 of the Government Code, except those derived from premium and accrued interest, shall be available for the purpose herein provided, but shall not be available for transfer to the General Fund pursuant to Section 19755 to pay principal and interest on bonds other than bonds herein authorized.

Applicable law

19764. With respect to the proceeds of bonds authorized by Section 17, Article XVI of the California Constitution, all the provisions of Sections 19551 to 19689, inclusive, shall apply except:

(a) Any reference in Sections 19551 to 19689, inclusive, to "Section 16.5, Article XVI of the Constitution of this State" shall be deemed a reference to "Section 17, Article XVI of the Constitution of this State."

(b) Any reference in Sections 19551 to 19689, inclusive, to "Section 19704" shall be deemed a reference to "Section 19755."

CHAPTER 13. STATE SCHOOL BUILDING AID BOND LAW OF 1957

Short title

19801. This act may be cited as the State School Building Aid Bond Law of 1957.

Applicable law

19802. The State General Obligation Bond Law is adopted for the purpose of the issuance, sale, and repayment of, and otherwise providing with respect to, the bonds authorized to be issued by this chapter (Sections 19801 to 19814, inclusive), and the provisions of that law are included in this chapter (Sections 19801 to 19814, inclusive) as though set out in full in this chapter (Sections 19801 to 19814, inclusive). All references in this chapter (Sections 19801 to 19814, inclusive) to "herein" shall be deemed to refer both to this chapter (Sections 19801 to 19814, inclusive) and such law.

Definitions

19803. As used in this chapter (Sections 19801 to 19814, inclusive), and for the purposes of this chapter (Sections 19801 to 19814, inclusive) as used in the State General Obligation Bond Law, the following words shall have the following meanings:

(a) "Committee" means State School Building Finance Committee, created by Section 19510.

(b) "Board" means State Allocation Board.

(c) "Fund" means State School Building Aid Fund.

Funds

19804. For the purpose of creating a fund to provide aid to school districts of the State in accordance with the provisions of the State School Building Aid Law of 1952, and of all acts amendatory thereof and supplementary thereto, the committee shall be and is hereby authorized and empowered to create a debt or debts, liability or liabilities, of the State of California, in the aggregate amount of one hundred million dollars ($100,000,000) in the manner provided herein, but not otherwise nor in excess thereof.

Bonds

19805. All bonds herein authorized, which shall have been duly sold and delivered as herein provided, shall constitute valid and legally binding general obligations of the State of California, and the full faith and credit of the State of California is hereby pledged for the punctual payment of both principal and interest thereof. There is hereby appropriated from the General Fund in the State Treasury such sum annually as will be necessary to pay the principal of and the interest on the bonds issued and sold pursuant to the provisions of this chapter (Sections 19801 to 19814, inclusive), as said principal and interest become due and payable.

There shall be collected annually in the same manner and at the same time as other state revenue is collected such a sum, in addition to the ordinary revenues of the State, as shall be required to pay the principal and interest on said bonds as herein provided, and it is hereby made the duty of all officers charged by law with any duty in regard to the collection of said revenue, to do and perform each and every act which shall be necessary to collect such additional sum.

On the several dates of maturity of said principal and interest in each fiscal year, there shall be transferred to the General Fund in the State Treasury, all of the money in the fund, not in excess of the principal of and interest on the said bonds then due and payable, except as herein provided for the prior redemption of said bonds, and, in the event such money so returned on said dates of maturity is less than the said principal and interest then due and payable, then the balance remaining unpaid shall be returned into the General Fund in the State Treasury out of the fund as soon thereafter as it shall become available.

Transfer of funds

19806. All money deposited in the fund under Section 19611 of this code and Section 16759 of the Government Code shall be available only for transfer to the General Fund, as provided in Section 19805. When transferred to the General Fund such money shall be applied as a reimbursement to the General Fund on account of principal and interest due and payable or paid from the General Fund on the earliest issue of school building bonds for which the General Fund has not been fully reimbursed by such transfer of funds.

Appropriation: Revolving fund

19807. The sum of seventy-five thousand dollars ($75,000) was appropriated, by Chapter 18 of the Statutes of 1957 out of the General Fund to be used as a revolving fund to pay the expenses incurred by the State Treasurer in having the bonds prepared and in advertising their sale or their prior redemption, for expenses incurred by the committee pursuant to Government Code Section 16758, and for legal services, upon approval of the State Board of Control, pursuant to Government Code Section 16750. Whenever bonds are sold, out of the first money realized from their sale, there shall be redeposited in the revolving fund such sums as have been expended for the above purposes, which may be used for the same purpose and repaid in the same manner whenever additional sales are made. Whenever all the bonds authorized by this chapter (Sections 19801 to 19814, inclusive) have been sold, the amount of the appropriation made by this section shall revert to the unappropriated surplus in the General Fund.

Withdrawal from General Fund

19808. For the purposes of carrying out the provisions of this chapter (Sections 19801 to 19814, inclusive) the Director of Finance may by executive order authorize the withdrawal from the General Fund of an amount or amounts not to exceed the amount of the unsold bonds which the committee has by resolution authorized to be sold for the purpose of carrying out this chapter (Sections 19801 to 19814, inclusive), and the amount necessary to carry out this chapter (Sections 19801 to 19814, inclusive) is hereby appropriated. The appropriation made by this section is made without regard to fiscal years. Any amounts withdrawn shall be deposited in a revolving fund to be allocated by the board in accordance with this chapter (Sections 19801 to 19814, inclusive). Any moneys made available under this section to the board shall be returned by the board to the General Fund from moneys received from

the sale of bonds sold for the purpose of carrying out this chapter (Sections 19801 to 19814, inclusive).

Issuance and sale

19809. Upon request of the board, supported by a statement of the apportionments made and to be made under Sections 19551 to 19689, inclusive, the committee shall determine whether or not it is necessary or desirable to issue any bonds authorized under this chapter (Sections 19801 to 19814, inclusive) in order to make such apportionments, and, if so, the amount of bonds then to be issued and sold. A sufficient number of bonds authorized under this chapter (Sections 19801 to 19814, inclusive) shall be issued and sold so that fifteen million dollars ($15,000,000) will be available for apportionment on July 5, 1957, or as soon thereafter as such bonds can be issued and sold, and so that five million dollars ($5,000,000) additional will become available for apportionment on August 5, 1957, and on the fifth day of each month thereafter until a total amount of one hundred million dollars ($100,000,000) has become available for apportionment. Successive issue of bonds may be authorized and sold to make such apportionments progressively, and it shall not be necessary that all of the bonds herein authorized to be issued shall be sold at any one time.

Optional provisions

19810. In any resolution determining that the sale of all or any part of the bonds herein authorized is necessary or desirable, the committee may in its discretion adopt provisions for the interexchange of bonds of different denominations, the issuance of new bonds of different denominations in lieu of, or in exchange for, bonds of a like aggregate principal amount but of different denominations, and the authentication of any bonds by the State Controller or by any deputy state controller. If authentication is so required, no bond authorized herein shall be valid unless so authenticated in the manner so required.

Net interest cost

19811. In computing the net interest cost under Section 16754 of the Government Code, interest shall be computed from the date of the bonds or the last preceding interest payment date, whichever is latest, to the respective maturity dates of the bonds then offered for sale at the coupon rate or rates specified in the bid, such computation to be made on a 360-day year basis.

Sale

19812. The committee may authorize the State Treasurer to sell all or any part of the bonds herein authorized at such time or times as may be fixed by the State Treasurer, and no direction of the Governor shall be required. The provisions of Sections 16750 and 16754 of the Government Code respecting the direction of the Governor shall not be applicable to such sale.

Disposition of proceeds

19813. All proceeds from the sale of the bonds herein authorized deposited in the fund, as provided in Section 16757 of the Government Code, except those derived from premium and accrued interest, shall be available for the purpose herein provided, but shall not be available for transfer to the Gen-

eral Fund pursuant to Section 19805 to pay principal and interest on bonds other than bonds herein authorized.

19814. With respect to the proceeds of bonds authorized by Section 18, Article XVI of the California Constitution, all the provisions of Sections 19551 to 19689, inclusive, shall apply except: Applicable law

(a) Any reference in Sections 19551 to 19689, inclusive, to "Section 16 5, Article XVI of the Constitution of this State" shall be deemed a reference to "Section 18, Article XVI of the Constitution of this State."

(b) Any reference in Sections 19551 to 19689, inclusive, to "Section 19704" shall be deemed a reference to "Section 19805."

CHAPTER 14. STATE SCHOOL BUILDING AID BOND LAW OF 1958

19851. This act may be cited as the State School Building Aid Bond Law of 1958. Short title

19852. The State General Obligation Bond Law is adopted for the purpose of the issuance, sale, and repayment of, and otherwise providing with respect to, the bonds authorized to be issued by this chapter (Sections 19851 to 19864, inclusive), and the provisions of that law are included in this chapter (Sections 19851 to 19864, inclusive) as though set out in full in this chapter (Sections 19851 to 19864, inclusive). All references in this chapter (Sections 19851 to 19864, inclusive) to "herein" shall be deemed to refer both to this chapter (Sections 19851 to 19864, inclusive) and such law. Applicable law

19853. As used in this chapter (Sections 19851 to 19864, inclusive), and for the purposes of this chapter (Sections 19851 to 19864, inclusive) as used in the State General Obligation Bond Law, the following words shall have the following meanings: Definitions

(a) "Committee" means State School Building Finance Committee, created by Section 19510.

(b) "Board" means State Allocation Board.

(c) "Fund" means State School Building Aid Fund.

19854. For the purpose of creating a fund to provide aid to school districts of the State in accordance with the provisions of Sections 19551 to 19689, inclusive, and of all acts amendatory thereof and supplementary thereto, and to provide funds in the total amount of thirty million dollars ($30,000,000) for transfer to the Investment Fund pursuant to Chapter 15 of the 1958 First Extraordinary Session, the committee shall be and is hereby authorized and empowered to create a debt or debts, liability or liabilities, of the State of California, in the aggregate amount of two hundred twenty million dollars ($220,000,000) in the manner provided herein, but not otherwise nor in excess thereof. Funds

19855. All bonds herein authorized, which shall have been duly sold and delivered as herein provided, shall constitute Bonds

valid and legally binding general obligations of the State of California, and the full faith and credit of the State of California is hereby pledged for the punctual payment of both principal and interest thereof. There is hereby appropriated from the General Fund in the State Treasury such sum annually as will be necessary to pay the principal of and the interest on the bonds issued and sold pursuant to the provisions of this chapter (Sections 19851 to 19864, inclusive), as said principal and interest become due and payable.

There shall be collected annually in the same manner and at the same time as other state revenue is collected such a sum, in addition to the ordinary revenues of the State, as shall be required to pay the principal and interest on said bonds as herein provided, and it is hereby made the duty of all officers charged by law with any duty in regard to the collection of said revenue, to do and perform each and every act which shall be necessary to collect such additional sum.

On the several dates of maturity of said principal and interest in each fiscal year, there shall be transferred to the General Fund in the State Treasury, all of the money in the fund, not in excess of the principal of and interest on the said bonds then due and payable, except as herein provided for the prior redemption of said bonds, and, in the event such money so returned on said dates of maturity is less than the said principal and interest then due and payable, then the balance remaining unpaid shall be returned into the General Fund in the State Treasury out of the fund as soon thereafter as it shall become available.

Transfer of funds

19856. All money deposited in the fund under Section 19611 of this code and pursuant to the provisions of Part 2, commencing with Section 16300, of Division 4, Title 2 of the Government Code, shall be available only for transfer to the General Fund, as provided in Section 19855. When transferred to the General Fund such money shall be applied as a reimbursement to the General Fund on account of principal and interest due and payable or paid from the General Fund on the earliest issue of school building bonds for which the General Fund has not been fully reimbursed by such transfer of funds.

Appropriation Revolving fund

19857. The sum of seventy-five thousand dollars ($75,000) was appropriated, by Chapter 98 of the Statutes of 1958 (First Extraordinary Session) out of the General Fund to be used as a revolving fund to pay the expenses incurred by the State Treasurer in having the bonds prepared and in advertising their sale or their prior redemption, for expenses incurred by the committee pursuant to Government Code Section 16758, and for legal services, upon approval of the State Board of Control, pursuant to Government Code Section 16760. Whenever bonds are sold, out of the first money realized from their sale, there shall be redeposited in the revolving fund such sums as have been expended for the above purposes, which may be used for the same purpose and repaid in the

same manner whenever additional sales are made. Whenever all the bonds authorized by this chapter (Sections 19851 to 19864, inclusive) have been sold, the amount of the appropriation made by this section shall revert to the unappropriated surplus in the General Fund.

Withdrawal from General Fund

19858 For the purposes of carrying out the provisions of this chapter (Sections 19851 to 19864, inclusive) the Director of Finance may by executive order authorize the withdrawal from the General Fund of an amount or amounts not to exceed the amount of the unsold bonds which the committee has by resolution authorized to be sold for the purpose of carrying out this chapter (Sections 19851 to 19864, inclusive), and the amount necessary to carry out this section is hereby appropriated. The appropriation made by this section is made without regard to fiscal years. Any amounts withdrawn shall be deposited in a revolving fund to be allocated by the board in accordance with this chapter (Sections 19851 to 19864, inclusive). Any moneys made available under this section to the board shall be returned by the board to the General Fund from moneys received from the sale of bonds sold for the purpose of carrying out this chapter (Sections 19851 to 19864, inclusive).

Issuance and sale

19859. Upon request of the board, supported by a statement of the apportionments made and to be made under Sections 19551 to 19689, inclusive, the committee shall determine whether or not it is necessary or desirable to issue any bonds authorized under this chapter (Sections 19851 to 19864, inclusive) in order to make such apportionments, and, if so, the amount of bonds then to be issued and sold. A sufficient number of bonds authorized under this chapter (Sections 19851 to 19864, inclusive) shall be issued and sold so that in addition to the amount to be transferred to the Investment Fund pursuant to Chapter 15 of the 1958 First Extraordinary Session, the sum of eight million dollars ($8,000,000) will be available for apportionment on January 5, 1959, or as soon thereafter as such bonds can be issued and sold, and so that eight million dollars ($8,000,000) additional will become available for apportionment on February 5, 1959, and on the fifth day of each month thereafter until a total amount of one hundred ninety million dollars ($190,000,000) has become available for apportionment. Successive issue of bonds may be authorized and sold to make such apportionments progressively, and it shall not be necessary that all of the bonds herein authorized to be issued shall be sold at any one time.

Optional provisions

19860. In any resolution determining that the sale of all or any part of the bonds herein authorized is necessary or desirable, the committee may in its discretion adopt provisions for the interexchange of bonds of different denominations, the issuance of new bonds of different denominations in lieu of, or in exchange for, bonds of a like aggregate principal amount but of different denominations, and the authentication of any bonds by the State Controller or by any deputy

state controller. If authentication is so required, no bond authorized herein shall be valid unless so authenticated in the manner so required.

Net interest cost

19861. In computing the net interest cost under Section 16754 of the Government Code, interest shall be computed from the date of the bonds or the last preceding interest payment date, whichever is latest, to the respective maturity dates of the bonds then offered for sale at the coupon rate or rates specified in the bid, such computation to be made on a 360-day year basis.

Sale

19862. The committee may authorize the State Treasurer to sell all or any part of the bonds herein authorized at such time or times as may be fixed by the State Treasurer, and no direction of the Governor shall be required. The provisions of Sections 16750 and 16754 of the Government Code respecting the direction of the Governor shall not be applicable to such sale.

Disposition of proceeds

19863. All proceeds from the sale of the bonds herein authorized deposited in the fund, as provided in Section 16757 of the Government Code, except those derived from premium and accrued interest, shall be available for the purpose herein provided, but shall not be available for transfer to the General Fund pursuant to Section 19855 to pay principal and interest on bonds.

Applicable law

19864. With respect to the proceeds of bonds authorized by Section 19, Article XVI of the California Constitution, all the provisions of Sections 19551 to 19689, inclusive shall apply except:

(a) Any reference in Sections 19551 to 19689, inclusive to "Section 16.5, Article XVI of the Constitution of this State" shall be deemed a reference to "Section 19, Article XVI of the Constitution of this State."

(b) Any reference in Sections 19551 to 19689, inclusive to "Section 19704" shall be deemed a reference to "Section 19855."

DIVISION 15. COUNTY FINANCIAL SUPPORT AND MANAGEMENT

CHAPTER 1. COUNTY SCHOOL FUNDS

Article 1. County School Service Fund

"County school service fund"

20101. There is hereby established in the treasury of each county the "county school service fund."

Meaning

20102. Wherever any of the terms "unapportioned county elementary school fund," "county elementary school supervision fund," or "unapportioned county high school fund" are used in this code or in any other law, said term shall be deemed to refer to and mean the "county school service fund" established by this Chapter 401 of the Statutes of 1947.

20103. Notwithstanding any other provision of law, the county superintendent of schools, with the approval of the county board of education, may at the end of the school year 1946-47 transfer or cause to be transferred any unencumbered balance in the unapportioned county elementary school fund to a fund in the county treasury to be established by the county treasurer, known as the school district emergency aid fund. However, the amount so transferred shall not exceed the amount of the cash balance in the unapportioned county elementary school fund on July 1, 1933, plus any accounts receivable on that date, from unpaid loans and from delinquent county taxes due the fund under the provisions of law in effect on that date. School district emergency aid fund

The school district emergency aid fund shall be used exclusively for the purpose of providing such temporary transfers of funds to school districts as are authorized by Section 31 of Article IV of the State Constitution. All such temporary transfers shall be made in the manner authorized by law on and after June 30, 1947.

Not later than July 1, 1958, the county superintendent of schools shall transfer the entire balance of the school district emergency aid fund, including cash balances and accounts receivable on that date, to the county school service fund.

20104. During July or August of each year the county superintendent of schools shall transfer to the county school service fund 80 percent of any excessive balance or unnecessary surplus in any school fund of any school district. Funds raised by school district taxes shall not be transferred. Surplus funds

20105. The county school service fund shall be employed by the county superintendent of schools to pay such charges against the fund as are provided in this code; and to provide with the approval of the county board of education (a) additional apportionments to any school district under his jurisdiction for current expenses which (1) has levied the maximum district tax specified in Section 20751 and in which the annual average current cost per pupil does not exceed the annual average current cost per pupil for all districts of the same type within the county or under the jurisdiction of the county superintendent of schools, or (2) which needs additional apportionments for current expenses because of temporary emergency conditions, and (b) additional apportionments to any school district under his jurisdiction for the transportation of pupils to and from school to meet temporary emergency conditions. Charges and additional apportionments

20106. The county school service fund shall be employed by the county superintendent of schools to provide, with the approval of the county board of education, for the apportionments to any newly organized school district under his jurisdiction for use by the district during the period from the date the action to form the district was completed and the date the district becomes effective for all purposes. The apportionment shall be approved by the Superintendent of Public Instruction. Apportionment to new school districts

Money apportioned to a district pursuant to this section shall be used only to meet (a) the expenses of office supplies, postage, telephone, and telegraphing; (b) the expenses of necessary elections required by law or authorized by Section 1603 of this code; and (c) the expenses of employing a person to act as an executive officer and necessary clerical help for the governing board.

Excess expenditures

20107. No moneys shall be expended from the county school service fund for any purpose in excess of the total proposed expenditures for such purpose as approved by the Superintendent of Public Instruction under Section 18352 or Section 18352.1, whichever is in effect, and Section 18351, without the approval of the Superintendent of Public Instruction.

It shall be the duty of the county auditor to approve warrants drawn on the county school service fund for expenses approved in the county school service fund budget by the Superintendent of Public Instruction pursuant to Section 18351.

Title and jurisdiction

20108. Neither the county school service fund nor any property leased or purchased with moneys from said fund is subject to the jurisdiction or control of the board of supervisors. The title to all property purchased by the county superintendent of schools from said fund is in the offices of the county superintendent of schools.

Apportionments to school districts

20109. The money credited to the county school service fund of a county pursuant to Section 16417 of the Government Code may be apportioned by the county superintendent of schools, with the approval of the county board of education, to school districts within which there is land which has been acquired by the United States.

Article 2 County School Tuition Fund; Aid for Attendance in Adjoining States

Pupils' attendance in school district of adjoining state

20151. The county superintendent of schools of any county contiguous to an adjoining state may grant permission to pupils residing in the county to attend elementary school or high school in a school district of the adjoining state and may provide for the transportation of the pupils to the school.

Credit for attendance

20152. The average daily attendance of pupils residing in any county of this State and attending an elementary school or high school in an adjoining state shall be credited to the county school tuition fund of said county and reported by the county superintendent of schools in his annual report to the Superintendent of Public Instruction, who shall include such average daily attendance in his report of average daily attendance in all the duly established schools of the State for the last preceding school year certified by him to the State Controller.

Tuition

20153. The county superintendent of schools shall pay for the tuition of pupils residing in his county and attending school in an adjoining state from the county school tuition

fund of his county pursuant to this article (commencing at Section 20151).

Transportation

20154. The county superintendent of schools may provide for the transportation of such pupils to and from their homes and the school in an adjoining state attended by them. For this purpose the county superintendent of schools is authorized to purchase, maintain, and operate one or more school busses and to contract with a responsible party or parties for the providing of such transportation by such party or parties.

In lieu of providing such transportation for any such pupil, the county superintendent of schools may pay the parent or guardian of each such pupil five cents ($0.05) per mile for each mile necessarily traveled by such pupil in going to and from his home and school except that if there is more than one such pupil in the household of the parent or guardian the county superintendent of schools may pay two and one-half cents ($0.025) for each such mile for each additional pupil in the household. The total amount paid to any parent or guardian hereunder shall not in any month exceed the sum of fifty dollars ($50) for the one pupil in the household of such parent or guardian and twenty-five dollars ($25) for each additional pupil in the same household.

Payment of costs

20155. Any costs incurred by the county superintendent of schools for the transportation of pupils to a school in an adjoining state shall be paid by him by requisition drawn against the county school tuition fund.

Certification of attendance

20156. The superintendent of schools of any school district, or the principal of any school, in an adjoining state attended by pupils residing in an adjoining county in this State shall certify to the county superintendent of schools of the county not later than July 2d of each year the average daily attendance of pupils from the county attending the school and the current expenditure, including transportation, incurred for the education of the pupils. Certification shall be made on forms furnished by the Superintendent of Public Instruction.

Certification of money required

20157. The county superintendent of schools shall verify the certificates of attendance and cost of education of pupils attending schools in adjoining states and shall certify to the county auditor and the board of supervisors the amount of money required to be levied as a county school tuition tax. The amount shall not include any costs for the transportation of the pupils in excess of the amounts permitted by this article (commencing at Section 20151). The amount shall be determined by subtracting from the total cost of the tuition and transportation allowed under this article (commencing at Section 20151), the amount to be apportioned by the Superintendent of Public Instruction, and the amount apportioned by the county superintendent of schools pursuant to Section 20251, to the county school tuition fund during the fiscal year.

Tax levy

20158. The board of supervisors shall levy a county school tuition tax upon the taxable property of the county sufficient

to produce the amount required by this article (commencing at Section 20151).

Report

20159. The county auditor shall report to the county superintendent of schools all amounts received from county school tuition taxes.

Payment of costs and tuition

20160. The county superintendent of schools shall pay all costs of transportation and all verified claims for tuition of pupils attending school in adjoining states allowed under this article (commencing at Section 20151), by requisition drawn against the county school tuition fund.

Requisitions

20161. All requisitions drawn by the county superintendent of schools under this article (commencing at Section 20151) shall be approved by the county auditor and paid by the county treasurer.

Surplus

20162. The county superintendent of schools may with the approval of the county auditor transfer any unnecessary surplus in the county school tuition fund to the county school service fund whenever in his judgment the surplus will not be needed for the payment of tuition.

Article 3. Junior College Tuition Fund

Certification of costs of education

20201. Not later than July 20th of each year, the superintendent of schools of each county in which there is not a county junior college shall certify the following items to the board of supervisors and to the county auditor of the county in accordance with the rules and regulations of the Superintendent of Public Instruction, which he is hereby authorized to adopt:

(a) The total current expense of education, exclusive of the expense for transportation of pupils, during the next preceding fiscal year of all junior college pupils in grades 13 and 14 residing in the county and not in any junior college district nor in any high school district maintaining junior college courses, less state and federal apportionments received for such pupils.

(b) The actual expense of transportation of such pupils.

(c) An amount equal to three hundred dollars ($300) per unit of average daily attendance of such pupils during the preceding fiscal year for the use of buildings and equipment.

(d) The estimated amount needed as specified in subdivisions (a), (b), and (c) of this section for the current year.

The Superintendent of Public Instruction shall define, for the purposes of this section, the term "current total expense of education" and the term "actual expense of transportation."

Special tax levy

20202. The board of supervisors with whom the certificate is filed shall at the time of making the tax levy for that year for county purposes, levy a special tax upon all taxable property in the county not situated in any junior college district nor in any high school district maintaining a junior college, sufficient in amount to defray all amounts specified in subdivisions (a), (b), and (c) of Section 20201 for the preceding fiscal year.

20203. If the board of supervisors fails to make the tax levy, the auditor of the county shall make the levy. Failure to levy tax

20204. The tax when collected shall be paid into the county treasury and placed in the junior college tuition fund which fund is continued in existence. Junior college tuition fund

20205. The auditor shall, not later than the last Monday in December and the last Monday in May of each year, notify the superintendent of schools of the amount in the funds. The superintendent of schools shall thereupon apportion the funds to the several junior college districts, and high school districts maintaining junior colleges, in his county or in other counties, in proportion to the amounts specified for subdivisions (a), (b), and (c) of Section 20201 for each of the districts for the preceding school year, and certify the apportionment to the auditor. Apportionment

20206. The amount apportioned to each junior college district or high school district under this article (commencing at Section 20201) shall be paid into the treasury of the county whose superintendent of schools has jurisdiction over the district to the credit of the following funds of the district: Disposition of funds

(a) An amount equal to the amounts specified in subdivisions (a) and (b) of Section 20201 shall be credited to the general fund of the district.

(b) All or any portion of the amount specified in subdivision (c) of Section 20201 upon authorization of the governing board of the district shall be credited to the interest and sinking fund of the district. Any remaining portion shall be credited to the special reserve fund of the district.

20207. The superintendent of schools of a county having junior college pupils attending junior college in another county shall draw his order on the county auditor in favor of the superintendent of schools of the county in which the students attend junior college for any money belonging to any district outside of his county as provided in this article (commencing at Section 20201). Order for payment

20208. The county auditor shall draw his warrant as directed by the superintendent of schools and the county treasurer shall pay it. Warrant

20209. A superintendent of schools in whose favor the order is drawn shall pay the money into the county treasury to the credit of the following funds of the districts educating the students from the county paying the money: Crediting district funds

(a) An amount equal to the amounts specified in subdivisions (a) and (b) of Section 20201 shall be credited to the general fund of the district.

(b) All or any portion of the amount specified in subdivision (c) of Section 20201 upon authorization of the governing board of the district shall be credited to the interest and sinking fund of the district. Any remaining portion shall be credited to the special reserve fund of the district.

Article 4. County Forest Reserve School Fund

County forest reserve school fund

20251. The county auditor of any county, receiving money from the Government of the United States pursuant to any act of Congress providing for the distribution and payment to states and territories of a fixed and definite percentage of the money received by the Government of the United States from the forest reserves established therein, shall apportion 50 percent of the money received to the credit of the forest reserve school fund of the county.

The money credited to the forest reserve school fund shall be apportioned by the county superintendent of schools with approval of the county board of education to school districts of the county lying within or adjacent to the United States forest reserve and to county superintendents of schools of counties lying within or adjacent to such forest reserve.

All of such money placed in the forest reserve school fund shall be apportioned in the manner prescribed prior to the thirtieth day of June of the fiscal year next following the fiscal year in which received.

When a portion of the area of a county is subject to the judisdiction of the county superintendent of schools of another county or counties and such portion lies in or adjacent to the United States forest reserve, no apportionment shall be made from the forest reserve school fund without the approval of the county boards of education of both or all counties. In the event that both or all county boards of education do not concur in the apportionments from the forest reserve school fund prior to the first day of April of any year the county superintendent of schools of both or all counties shall on that date notify the Superintendent of Public Instruction who shall, not later than 60 days following notification, make the apportionments. Apportionments made by the Superintendent of Public Instruction are final.

Money apportioned to a school district pursuant to this section shall be deposited by the county auditor to the credit of the several funds of the district as directed by the county superintendent of schools with the approval of the county board of education. Money apportioned to a county superintendent of schools pursuant to this section may be deposited by the county auditor to the credit of the county school tuition fund of his county.

Article 5. Indian School Reimbursement Fund

County Indian school reimbursement fund

20301. There is in the county treasury of each county receiving federal funds for the education and care of Indian children in accordance with contracts between the State Department of Education and the United States Government a special fund known as the county Indian school reimbursement fund, which fund is continued in existence.

Same

20302. The county superintendent of schools shall credit to the county Indian school reimbursement fund any money

received from the Federal Government or from the State Department of Education under the terms of any contract between the Federal Government and the State Department of Education for the education and care of Indian children.

Temporary transfer of funds

20303. The county superintendent of schools of each county may make temporary transfers from the unapportioned county elementary school fund and from the unapportioned county high school fund of his county in such amounts and at such times as he deems necessary to meet expenses incurred with the approval of the Superintendent of Public Instruction for the education and care of Indian children attending the public schools of the county. The amounts transferred shall be repaid to the unapportioned county school funds from the apportionments of federal funds subsequently received in the county Indian school reimbursement fund.

Expenditure of fund

20304. Such portion of the money received in the county Indian school reimbursement fund as is not required for repayment of temporary transfers made from the unapportioned county school funds may be expended by the county superintendent of schools for the education and care of Indian children attending the public schools of the county in accordance with the provisions of a contract between the State Department of Education and the Federal Government and subject to the approval of the Superintendent of Public Instruction.

Bond

20305 Whenever by the provisions of any agreement entered into between the State or any officer or agency thereof and the Government of the United States or any officer or agency thereof under the authority of any law for the education and welfare of Indian children, a school district or the governing board of a school district is required to execute a bond in favor of the Government of the United States, or any officer or agency thereof, the bond may be executed by the governing board of the district and the cost shall be a proper charge against the funds of the district.

DIVISION 16 LOCAL SCHOOL DISTRICT FINANCIAL SUPPORT AND MANAGEMENT

CHAPTER 1. FINANCIAL STATEMENTS OF SCHOOL DISTRICTS

Annual statement

20501. On or before the first day of August of each year the governing board of each school district shall prepare and keep on file for public inspection a statement of all receipts and expenditures of the district for the preceding fiscal year and a statement of the estimated total expenses for the district for the current fiscal year.

Form

20502. The statement shall be in the form prescribed by the Superintendent of Public Instruction.

Budget

20503. The budget of the governing board for the current fiscal year shall be a part of the statement.

Publication budget

20504. Except in districts where no district tax is levied and in elementary districts employing but one teacher, the publication budget for the ensuing school year to which it is intended to apply, showing the functions and objects of expenditure, cash balances, and all the appropriations from the State as required to be tabulated in Sections 20601-20602 of this code for the ensuing and last preceding fiscal year, and the district tax requirement for the school year to which the publication budget is intended to apply and for the last preceding school year, shall be published by the county superintendent of schools at least once in a newspaper of general circulation published within the district, or if there is no such newspaper, then in the newspaper of general circulation published nearest to the district, prior to its adoption. The cost of the publication shall be a proper and legal charge against the school district or districts for which the publication is made, and shall not exceed the rate fixed by the board of supervisors for official advertising. Publication shall be made during the last week in July of each year, and shall contain a notice that a public hearing will be held before the governing board of the school district, in a schoolhouse in the district, or in some other place conveniently accessible to the residents of the district, during the first week of August, at which any taxpayer in the district may appear and object to the proposed budget or any item of the budget. The hearing may be concluded on such publication budget when there are no requests on file for further hearing. The budget shall not be finally adopted by the governing board of the district until after the public hearing has been held. In the case of a school district or districts in which the average daily attendance of all said districts combined is in excess of 200,000, governed by the same governing board, the public hearing during the first week of August need not be held if there have been at least two public meetings on the publication budget prior to the first week of August, at which public meetings any changes proposed to be made in the publication budget for the final budget shall have been presented.

Violations

20505. Any violation of this chapter (commencing at Section 20501) or a failure to comply with its provisions by the county superintendent of schools or by the governing board of any school district is punishable under Section 1222 of the Government Code.

Pamphlet financial statement

20506. The governing board of any school district may print and distribute in pamphlet form an annual financial statement of the receipts and expenditures of the school district, and may include in the pamphlet a general report concerning the conduct and condition of the schools of the district. Similar information of value to the public regarding the school system may be printed and distributed from time to time, or published not oftener than once a year, in a newspaper of general circulation published within the district.

CHAPTER 2. BUDGET REQUIREMENTS AND BUDGET CALENDAR FOR SCHOOL DISTRICTS

Article 1. Requirements for Tentative Budgets of School Districts

Tentative budget

20601. (a) On or before the first day of July in each year, the governing board of each school district shall file with the county superintendent of schools a tentative budget showing all the purposes for which the school district will need money and the estimated amount of money that will be needed for each purpose for the ensuing fiscal year. These purposes shall be classified to set forth the data by functions and objects of expenditure within the major classifications of administration, instruction, operation of plant, maintenance of plant, auxiliary services, community services, capital outlay, and such additional major classifications as may be prescribed by the Superintendent of Public Instruction and expenditures proposed to be made from bonds or other income not yet authorized. Within the major classifications of administration, instruction, operation of plant, maintenance of plant, auxiliary agencies, and community services there shall be set forth as separate entries the amount of proposed expenditures for salaries and wages and maintenance and operation and such additional intermediate classification as may be prescribed by the Superintendent of Public Instruction. Proposed capital outlay appropriations shall be set forth by land, building, and equipment classifications. Wherever a district has a special reserve fund, as provided in Sections 21401 to 21404, inclusive, the amount in such fund at the end of the last preceding fiscal year, and the amount to be added during the ensuing fiscal year, shall be shown.

(b) The tentative budget shall also contain an amount to be known as the general reserve in such sum as the governing board may deem sufficient, for the next succeeding fiscal year, to meet the cash requirements to which the district's credit may be legally extended for that portion of said next succeeding fiscal year until adequate proceeds of the taxes levied for, or apportionment of state funds made to, the district during such succeeding fiscal year are available to the district.

(c) The tentative budget may also contain an amount to be known as the undistributed reserve The funds in the undistributed reserve shall be available for appropriation by a two-thirds vote of the members of the governing board, to cover expenditures that have not been provided for or that may have been insufficiently provided for, or for unforeseen requirements as they may arise.

Cash balances and estimated expenditures

20602. (a) From the records of the county auditor, the county superintendent of schools shall secure the cash balances of the district or shall make estimates thereof if information on actual cash balances is not available, and shall enter these, as well as the estimated expenditures for the last preceding

fiscal year; these estimated expenditures shall be set forth for comparison with the estimated requirements of the district in the order by functions as prescribed in subdivision (a) of Section 20601. The cash balances shall be segregated to show separately the amounts derived by receipts from bond sales and gifts or donations by reason of bond sales. The tentative budget also shall show estimated apportionments from the State School Fund, and from state and federal sources for vocational education, vocational rehabilitation, or for other purposes for the ensuing fiscal year. The actual income from these sources for the last preceding fiscal year also shall be shown.

(b) In addition to the above information the governing board shall furnish the county superintendent of schools with an estimate of the revenues from sources other than taxes on property anticipated during the year from the secured roll of the equalized assessment roll of the district for the year to which the budget is intended to apply, and the sources whence derived, compared with the estimated receipts from the same sources for the last preceding fiscal year. Should the governing board fail to provide this information, it shall be supplied by the county superintendent of schools from his own records.

(c) The governing board shall compute the income to be derived from property contained in the unsecured roll of the equalized assessment roll of the district for the year as follows:

The board shall deduct an amount not to exceed 10 percent from the unsecured roll of the equalized assessment roll of the district for the year prior to the year for which the budget is to apply, using the tax rate of the district for the year prior to the year for which the budget is to apply.

Kindergarten

20603. The governing board of every school district in which a kindergarten is maintained shall include in the budget required to be submitted to the county superintendent of schools an estimate of the amount of money which will be required for kindergarten maintenance for the ensuing school year.

Form

20604. The budget shall be made in quintuplicate in the form and upon the blanks prescribed by the Superintendent of Public Instruction It shall be the duty of the Superintendent of Public Instruction to prepare standard forms and blanks necessary to show the budgeting items and comparisons required by Sections 20601 and 20602 of this code. Blanks shall be furnished to the school districts by the county superintendent of schools.

Duty of county superintendent of schools

20605. The county superintendent of schools shall examine the tentative budget and after indicating thereon such changes as he deems desirable or necessary, shall return the tentative budget to the governing board on or before the fifteenth day of July, adding such information as is necessary to determine the amounts necessary to be raised by taxes on property for the year to which the budget is intended to apply.

20606. The governing board shall make such changes in the tentative budget as it deems desirable or necessary, and said tentative budget, with such revisions, additions, and changes as have been made therein as provided in Sections 20601 to 20652, inclusive, and Sections 20951 and 20952, shall constitute the publication budget for the period to which it is intended to apply. The publication budget shall be returned to the county superintendent of schools not later than the twentieth day of July. A copy of all publication school budgets shall be sent to the county auditor in such form. Publication budget

Article 2. Requirements for Final Budget of School Districts; Failure to Adopt

20651. (a) On or before the eighth day of August, or on or before the tenth day of August in the case of a school district in which there is an average daily attendance of more than ten thousand, the governing board of each school district in which a public hearing is required in Section 20504 of this code shall finally adopt and file such budget with the county superintendent of schools, the county auditor, the county board of supervisors, and the Superintendent of Public Instruction. In the case of districts which are not required to hold a public hearing, the publication budget as approved by the governing board shall be filed with the county superintendent of schools, the county auditor, the county board of supervisors, and the Superintendent of Public Instruction immediately after its approval. Final adoption

(b) The county superintendent of schools shall approve the adopted budget for each school district as officially adopted and submitted by its governing board and, not later than the fifteenth day of August, shall file one copy of the adopted budget of each school district with the board of supervisors, one copy with the auditor of his county, and one copy with the Superintendent of Public Instruction, together with a statement showing the amount of school district taxes required by each school district of the county.

20652. If the governing board of any school district neglects or refuses to make a school district budget as prescribed by this article (Sections 20601 to 20652, inclusive, and Section 20951 and 20952), the county superintendent of schools shall not make any apportionment of state or county school money for the particular school district for the current school year. Failure to make budget

Chapter 3. Local Taxation by School Districts

Article 1. Determination of Tax Levies Required for School Districts

20701. After approving the budget of a school district, the county superintendent of schools shall determine the amount of money which must be provided by a school district tax. Determination of tax

Method of determination

20702. He shall determine this amount by deducting from the total estimated needs of the school district as shown by its budget the total estimated income of the school district from all sources other than a school district tax for the current school year as estimated in the budget. The remainder, if any, shall be the minimum amount of the school district tax to be levied by the board of supervisors for the particular school district.

Rate of tax

20703. The board of supervisors shall fix such a rate for the district tax as will produce the amount of district tax money requested by the particular district.

Fixing of rate

20704. The board of supervisors shall determine the rate of district tax necessary to be levied as follows:

They shall deduct 10 percent from the equalized value of the secured roll of the last equalized assessment roll for the district. The rate is, the amount required to be raised, divided by the remainder of the assessment roll.

Tax levy

20705. The board of supervisors of each county or city and county shall annually at the time and in the manner of levying county or city and county taxes levy and cause to be collected a district tax for each school district whose budget shows a district tax to be necessary.

Failure of supervisors

20706. If the board of supervisors refuses or neglects to make the tax levy pursuant to Sections 20701 to 20804, inclusive, and Sections 20901 and 21001, the levy shall be made by the county auditor.

Article 2. Maximum Tax Rates Which School Districts May Levy

Maximum rate

20751. Except as otherwise provided in this code, the maximum rate of school district tax which may be levied for all school purposes, exclusive of bond interest and redemption, for any school district in any school year on each one hundred dollars ($100) of assessed valuation within the district shall be as follows:

(a) In any separate elementary school district the boundaries of which are not coterminous with those of a high school district, eighty cents ($0.80) for elementary school purposes, or ninety cents ($0.90) for combined kindergarten and elementary school purposes.

(b) In any separate high school district, the boundaries of which are not coterminous with those of an elementary school district or with those of a junior college district, seventy-five cents ($0 75) for high school purposes, or one dollar and ten cents ($1.10) for combined high school and junior college purposes.

(c) In any separate junior college district, the boundaries of which are not coterminous with those of a high school district, thirty-five cents ($0 35) for junior college purposes.

(d) In any unified school district one dollar and fifty-five cents ($1.55) for combined elementary school and high school

purposes; or one dollar and sixty-five cents ($1.65) for combined kindergarten, elementary school, and high school purposes; or one dollar and ninety cents ($1.90) for combined elementary school, high school, and junior college purposes; or two dollars ($2) for combined kindergarten, elementary school, high school, and junior college purposes.

(e) In any high school and junior college district the boundaries of which are coterminous and which are governed by the same governing board, one dollar and ten cents ($1.10) for combined high school and junior college purposes.

Same Where interdistrict kindergarten attendance

20752. The maximum rate of school district tax which may be levied for all school purposes, exclusive of bond interest and redemption, for any elementary school district or unified school district not maintaining a kindergarten, which has entered into an agreement under Section 10805 for the education of children residing therein and eligible for admission to kindergarten classes, shall be for any school year in which tuition is required to be paid another district under such agreement, increased by such amount as will produce the sum required to pay such tuition, but the maximum rate of school district tax as increased shall not exceed the maximum rate of school district tax which would be fixed by Section 20751 for such district if it maintained a kindergarten.

Article 3. Provisions for Increase and Decrease of Maximum Tax Rates of School Districts

Increase of maximum rate

20801. The maximum rate of school district tax for any school year is hereby increased by such amount as will produce the amount of the proposed expenditures of the school district required or authorized pursuant to Sections 16551 to 16566, inclusive, and Sections 16651 to 16664, inclusive, of this code as shown by the budget of the district for such school year, as finally adopted by the governing board of the district, less any unencumbered balances remaining at the end of the preceding school year derived from the revenue from the increase in the rate of tax provided by this section.

The increase provided by this section shall not exceed five cents ($0.05) per each one hundred dollars ($100) of the assessed value of property within the district, and said increase shall be in addition to any other school district tax authorized by law to be levied.

If at the end of any school year there remains an unencumbered balance derived from the revenue of the increase in tax rate hereby provided, such balance shall be used exclusively in the following school year for the expenditures of the school district during that year required or authorized by Sections 16551 to 16566, inclusive, and Sections 16651 to 16664, inclusive, of this code.

Maximum rate for junior college district

20802. The maximum rate of tax of any junior college district and of any unified school district maintaining a junior college during the first three fiscal years of its existence for

all purposes is hereby increased by such amount as will produce the amount proposed to be expended by the district pursuant to any interdistrict attendance agreement as shown by the budget as finally adopted by the governing board of the district for the current fiscal year, less any unencumbered balances remaining at the end of the preceding fiscal year derived from the increase in the rate of tax provided by this section

The increase provided by this section shall not exceed the rate of tax levied in the county pursuant to Section 20202 during the fiscal year next preceding the formation of the district for all purposes, or ten cents ($0.10) per each one hundred dollars ($100) of the assessed value of the property within the district, whichever is the greater.

If the district is situated in two or more counties, the increase provided by this section shall not exceed the highest rate of tax levied in any of the counties in which the district is situated pursuant to Section 20202 during the fiscal year next preceding the formation of the district for all purposes, or ten cents ($0.10) per each one hundred dollars ($100) of the assessed value of property within the district, whichever is the greater.

If at the end of any school year there remains an unencumbered balance derived from the revenue of the increase in tax rate hereby provided, such balance shall be used exclusively in the following school year for the payment of any obligation incurred under the terms of an interdistrict attendance agreement for such school year.

Any junior college district or unified school district maintaining a junior college which became effective for all purposes on or after July 1, 1956, shall be deemed, for the purposes of this section, to have been effective for all purposes on July 1, 1958.

Increase or decrease of maximum rate

20803. Any maximum rate of tax for any district may be increased and, having been increased, may be decreased by an amount equal to or less than the amount of such increase, by a majority vote of the qualified electors of the school district at an election which may be ordered by the governing board of the school district of its own motion and shall be ordered within 90 days after the filing with the governing board of a petition signed by not less than 10 percent of the registered voters of the district, requesting that an election be ordered, unless the petitioners request that the election be consolidated with the annual election for members of the governing board, or that the election be consolidated with the general election.

Any decrease in an increased maximum tax rate pursuant to this section shall not be in an amount which will reduce the tax rate for the district below the maximum specified in Section 20751. The governing board shall determine whether the increase or decrease shall remain in effect for a specified or unspecified period of time, unless the petition filed by the electors provides for a specified or unspecified period of time.

If a specified period is provided for in the petition or determined upon by the governing board, such period shall be stated on the ballot.

Pursuant to the order of the governing board, the election shall be called, held, and conducted by the county superintendent of schools, in as nearly the same manner as is practicable as are elections for the issuance of school district bonds, except that notices of the election shall be signed by the county superintendent of schools. If there is a newspaper of general circulation published in the county in which any part of the district is situated, the notice shall be published therein pursuant to Section 6063 of the Government Code. In addition, except when the election is completely consolidated with another election in which the electors are notified by mail of their polling place, the time of election, and receive a sample ballot for the election and the governing board of the district in which the election is held orders otherwise, the county clerk, or the registrar of voters if such office has been established, of the county in which the majority of the territory of the district is located, shall, at least 10 days before the day fixed for the election, mail to each registered voter residing within the district, a card designating the polling place and time of the election and stating the purposes of the election. Such statement shall contain only the following:

(a) The amount of the proposed decrease or increase in the maximum tax rate. If the proposed increase is a continuation of a previously authorized tax rate that fact shall be so stated.

(b) A brief summary of the issues involved.

At least 60 days before the date of the election the governing board of the school district shall furnish the county clerk or registrar of voters with a list of precincts established for the election and the polling place in each such precinct, together with a copy of the statement of the purposes of the election in the form in which it is to appear on the card. The same information shall be furnished the county superintendent of schools by the governing board of the district for all maximum tax increase or decrease elections ordered by it.

The costs incurred by the county clerk or registrar of voters and the county superintendent of schools in connection with this section shall be paid out of the funds of the district.

Except as otherwise herein provided, the ballot used in the election shall contain substantially the words "Shall the proposed (increase decrease) in the maximum tax rates from _____ to _____, (such rate to be in effect in the _____ school district for the year (or years) 19___ to 19 __.) be authorized?" Opposite such words, in separate lines, the words "Yes" and "No" shall be printed, with a voting square opposite each such word. If, at any prior election held in the district, the maximum tax rate of the district was increased for a specified period of time, and if the election is called for the purpose of continuing in effect the previously authorized increase in the

maximum tax rate of the district, the words to appear on the ballot shall be "Continuation of existing maximum tax rate of _____ for the years 19___ to 19___, yes" and "Continuation of existing maximum tax rate of _____ for the years 19___ to 19___, no" or words of similar import. Each voter shall stamp or print a cross in the voting square after the answer he desires to give.

Whenever the maximum tax rate of a school district is increased for either a specified or unspecified period of time and during such period an election is called for the purpose of further increasing the maximum tax rate of the district, the ballot used in the election shall show only the authorized maximum tax rate of the district in effect at the time of the election and the proposed maximum tax rate.

If an election for a decrease in an increased maximum tax rate of a district is held in any year prior to or concurrently with the district election for governing board members, any decrease adopted at such election shall become effective on July 1st following the election. If an election for a decrease in an increased tax rate of a district is held in any year after the date of the district election for governing board members, any decrease adopted at such election shall not become effective until July 1st of the next succeeding year.

Effective period

20804. Any such increase in tax rates shall remain in effect only for the period specified on the ballot.

Article 4. Taxes on School Districts Located in Two or More Counties

Assessed valuation

20851. When any school district is situated partly in two or more counties the assessor of each of the counties shall annually certify to the board of supervisors of each of the counties the assessed value of all taxable property in the county situated in the school district as shown by the last assessment roll of his county.

Certificate

20852. The certificate of the assessor shall be made in the same manner and at the same time as is required for school districts located wholly within the boundaries of one county.

Determination of rate

20853. The board of supervisors of each county, after receiving the certificate of the assessor, shall thereupon determine the rate of taxation necessary to be levied upon the property in the school district situated in the county.

Rate

20854. The rate of taxation shall be sufficient to meet the proportion of taxes necessary to be raised in the county for the purpose of paying the principal and interest of the bonds of the district and all other expenses of the district as shown by the estimate of the county superintendent of schools having jurisdiction over the district.

Procedure

20855. The taxes shall be assessed, levied, and collected in the same manner and at the same time as county taxes are assessed, levied, and collected.

20856. The money received shall be deposited in the county treasury of the county whose superintendent of schools has jurisdiction over the school district, and such county treasury shall be the legal depository of the school district. Deposit of money

20857. The money deposited shall be placed in the school fund of the school district to be expended in the same manner as money of other school districts. Expenditure

Article 5. Disputed Revenues of School Districts

20901. The county auditor may impound the disputed revenues of school district taxes, upon secured or unsecured personal property, levied and collected in the 1954-1955 Fiscal Year, and thereafter, whenever, pursuant to Chapter 5, Part 9, Division 1 of the Revenue and Taxation Code, a claim or action is filed for the return of such revenues or the taxes have been paid under protest on the ground that such personal property is exempt from taxation because title thereto is in the United States Government, or an agency thereof. The county auditor may continue to impound such revenues until the final disposition of such claim or action. If, under such final disposition, it is determined that such taxes were properly levied against such personal property, the auditor shall release such revenues to the school district, and he shall thereupon immediately notify, in writing, the Superintendent of Public Instruction and the State Controller of such release. Impounding of disputed revenue

Chapter 4. Expenditures and Appropriations of School District Funds

Article 1. Control of Expenditures by School District Budgets

20951. The total amount budgeted as the proposed expenditure of the school district for each major classification of school district expenditures listed in the school district budget forms prescribed by the Superintendent of Public Instruction shall be the maximum amount which may be expended for that classification of expenditures for the school year. Transfers may be made from the undistributed reserve to any expenditure classification or between expenditure classifications at any time by written resolution of the board of education of any school district governed by a board of education, when filed with the county superintendent of schools and the county auditor, or by written resolution of the board of trustees of any school district not governed by a board of education, when approved by the county superintendent of schools and filed with the county auditor. Nothing in this section shall be construed as affecting the provisions of Sections 20803 and 20804. Limitations on expenditures

Transfer of funds to pay obligations

20952. At the close of any school year the county superintendent of schools may, with the consent of the governing board of a school district previously given, make such transfers between the undistributed reserve and any expenditure classification or classifications or balance any expenditure classifications of the budget of the district for such school year as are necessary to permit the payment of obligations of the district incurred during such school year.

Article 2. Appropriation of Income in Excess of School District Budgets

Excess funds

21001. All income accruing to the school district in excess of the amounts required to finance the total proposed expenditures, including transfers to other school districts and funds, as shown in the budget of the school district shall be added to the general reserve of the school district, and shall not be available for appropriation by the school district for the current fiscal year except by the following procedure. The governing board of the school district shall, by formal action of the board, pass a resolution setting forth the need according to major classification of school district expenditures to be met from any portion of the general reserve derived from assured income in excess of the total amount anticipated in the budget. The resolution shall be submitted to the county superintendent of schools. If the resolution is approved by the county superintendent of schools it shall, if it involves a sum in excess of one thousand dollars ($1,000), be published in the same manner as the budget of the school district concerned is published. Upon the approval of the resolution and, where its publication is required, following its publication, the amount named in the resolution shall be appropriated to the major classification or classifications from the general reserve as set forth in the resolution.

The county superintendent of schools shall approve any resolution for the appropriation of income provided from state or federal sources for emergency needs of the school district to the extent that such income was not anticipated in the budget of the school district. Nothing in this section shall be construed to authorize the appropriation for current year purposes of income which would deplete the general reserve for the next succeeding fiscal year as provided in the budget of the school district.

On the first day of July of each year, the general reserve together with unexpended balances of appropriations and income in excess of anticipated income for the preceding fiscal year shall be placed to the credit of the school district, and the school district shall include all money so credited in the balance shown in the budget for the ensuing fiscal year.

Article 3. Temporary Transfer From County Funds to School District to Finance Expenditures in Excess of District Balances

Transfer

21051. Whenever prior to the receipt by any school district of its state, county, city and county, or district funds, any school district of a county or city and county does not have sufficient money to its credit to meet current expenses of maintenance, the board of supervisors of the county or city and county shall order, and the auditor and treasurer of the county or city and county shall make a temporary transfer from any funds of the county or city and county not immediately needed to pay claims against them to the school fund of the district of the amount needed, not exceeding 85 percent of the amount of money which will accrue to the school district during the fiscal year. Upon the making of the transfer the auditor shall immediately notify the superintendent of schools of the county or city and county of the amount transferred. Each transfer of funds requested under this section shall be granted in order of receipt by the board of supervisors, regardless of whether sufficient county funds are available for transfer to meet pending or anticipated requests of school districts.

The funds transferred under this section to the credit of a school district shall be retransferred by the auditor and treasurer to the fund from which they were taken from the first moneys accruing to the school district and before any other obligation of the school district is paid from the money accruing.

Temporary transfers to school districts from service funds

21052. The county superintendent of schools of each county with the approval of the County Board of Education, may make temporary transfers to any school district which does not have sufficient money to its credit to meet current operating expenses from the county school service fund, in such amounts and at such times as he deems necessary. Such transfers shall not exceed 85 percent of the amount of money accruing to the school district at the time of transfer. The amounts so transferred shall be repaid to the county school service fund prior to June 30 of the current year from any funds subsequently received by the school district.

Loans to school district from service fund

21053. The county superintendent of schools, with the approval of the county board of education, may make an apportionment to a school district from the county school service fund conditional upon the repayment to the fund during the next succeeding fiscal year of the amount apportioned to the district and shall, during the next succeeding fiscal year, transfer the amount of such apportionment from the general fund of the district to the county school service fund.

Article 4. General Provisions Regarding Orders, Requisitions and Warrants of School Districts

Payments

21101. Except as otherwise provided in this code, money shall be paid from the funds of any school district for the

payment of the expenses of the district, only as provided in this article (commencing at Section 21101).

Orders

21102. All payments from the funds of a school district shall be made by written order of the governing board of the district. Orders shall be on forms prescribed by the county superintendent of schools and approved by the Superintendent of Public Instruction. Forms shall be printed and furnished by the board of supervisors.

Signatures

21103. Each order drawn on the funds of a school district shall be signed by at least a majority of the members of the governing board of the district, or by a person or persons authorized by the governing board to sign orders in its name. No person other than an officer or employee of the district shall be authorized to sign orders.

Same

21104. The governing board of each school district shall be responsible for filing or causing to be filed with the county superintendent of schools the verified signature of each person, including members of the governing board, authorized to sign orders in its name. No order on the funds of any school district shall be approved by the county superintendent of schools unless the signatures are on file in his office and he is satisfied that the signatures on the order are those of persons authorized to sign the order.

Contents of orders

21105. Each order drawn against the funds of a school district shall be numbered and shall state: (a) the particular fund or funds of the district against which it is drawn, (b) the purpose and amount of the payment to be made from each fund, and (c) the rate of salary and the period of service of any employee of the district for whom an order is issued for payment of salary or wages. If drawn for any purpose other than the payment of salaries or wages of school district employees, the order shall be accompanied by an itemized bill showing the separate items, and the price of each.

Approval by county superintendents

21106. Each order drawn against the funds of a school district shall be transmitted to the county superintendent of schools, and, if approved and signed by him shall become a requisition on the county auditor.

Same

21107. The county superintendent of schools shall examine each order on school district funds transmitted to him, in the order in which it is received in his office. If it appears that the order is properly drawn for the payment of legally authorized expenses against the proper funds of the district, and that there are sufficient moneys in the fund or funds against which the order is drawn to pay it, he shall indorse upon it "examined and approved," and shall, in attestation thereof. affix his signature and number and date the requisition and transmit it directly to the county auditor, in the order in which the order is received in his office.

Disapproval

21108. If the order is disapproved by the county superintendent of schools, it shall be returned to the governing board of the school district, except as otherwise provided in this code

for the registration of warrants, with a statement of his reasons for disapproving the order.

21109. The county auditor shall examine each order and requisition on school district funds transmitted to him by the county superintendent of schools. If he allows the order and requisition, he shall indorse thereon "examined and allowed," and shall date, number, and sign it, whereupon it shall become a warrant on the county treasurer. The auditor shall detach any bill attached to the requisition, and shall number the bill, giving it the same number which he gives the warrant, and file it in his office. He shall thereupon return the order, requisition, and warrant to the county superintendent of schools who shall transmit it to the governing board of the school district for issuance to the payee or to his order. Approval by auditor

Any requisition of the county superintendent of schools, whether based upon written order of the governing board of a school district or authorized by law, shall constitute full authority for the signature for allowance thereof by the county auditor as a warrant on the county treasurer, and no other authority shall be necessary or required for such action by the county auditor.

"Requisition," as used in this section, includes any order or demand signed by the county superintendent of schools directing the county auditor to draw his warrant on the county treasurer.

21110. In lieu of drawing his warrant as provided in Section 21109, the county auditor may, with the approval of the governing board of the school district, endorse, date, and number the order and requisition and may prepare a separate warrant on the county treasurer for the same amount as the order and requisition. The warrant shall show that it had been drawn on the order of a school district naming the school district and shall show, the payee, date of issue, as well as other information deemed appropriate by the auditor. County warrant in lieu of district order, endorsement

The auditor shall draw such separate warrant by signing it and no other signature shall be required. Thereupon the auditor shall transmit the separate warrant to the county superintendent of schools who shall transmit it to the governing board of the school district for issuance to the payee or to his order, or with the approval of the governing board of the school district, shall transmit it to the payee.

The order and requisition may direct the transfer of the amount of the separate warrant from the funds of the district to a clearing fund in the county treasury (to be known as the schools commercial revolving fund), to the end that separate warrants for all districts may be drawn against a single revolving fund.

21111. The governing board of any school district may, with the approval of the county auditor and county treasurer, in lieu of issuing single orders for the payment of the salary or wages of each employee, issue payroll orders, on forms pre- Payroll orders

scribed by the county superintendent of schools and approved by the Superintendent of Public Instruction, for the payment of the salaries or wages of two or more employees. Payroll orders may be drawn only for the payment of salaries and wages of employees, and shall constitute requisitions on the county auditor and warrants on the county treasurer when approved and signed by the county superintendent of schools and allowed and signed by the county auditor, respectively.

Contents

21112. Each payroll order drawn pursuant to this article (commencing at Section 21101) shall be drawn, approved, and issued in the same manner and shall contain the same minimum content as prescribed for single orders. Each payroll order shall list the names of all employees in whose favor the order is drawn and shall state the amount of money due each. In the case of an attachment of the salary or wages of any employee listed on the order, the attachment shall affect only the salary or wages of the particular employee.

Register of warrants

21113. The superintendent of schools of each county shall keep, open to the inspection of the public, a register of warrants, showing the fund upon which the requisitions have been drawn, the number, in whose favor, and for what purpose they were drawn.

Payment

21114. Orders for the payment of wages and payroll orders for the payment of wages of employees employed full time in positions not requiring certification qualifications shall be drawn twice during each calendar month on days designated in advance by the governing board of each school district to which this section is made applicable. Labor performed between the first and fifteenth days, inclusive, of any calendar month shall be paid for between the sixteenth and twenty-sixth day of the month during which the labor was performed, and labor performed between the sixteenth and the last day inclusive, of any calendar month, shall be paid for between the first and tenth day of the following month.

The governing board of every school district which has an average daily attendance of 5,000, or more, shall make the provisions of this section applicable to the board, whenever a majority of the employees of the district employed full time in positions not requiring certification qualifications petition the board in writing to do so.

The governing board of a district which has an average daily attendance of less than 5,000 may, on the petition in writing of a majority of the employees of the district, employed full time in positions not requiring certification qualifications, make the provisions of this section applicable to the board.

Payroll

21115. In any county, except counties having a population in excess of 1,000,000, the county superintendent of schools, with the approval of the State Superintendent of Public Instruction, the county board of education and the county auditor, may prescribe a payroll procedure, to be followed by

designated districts in the county, under which the school district governing boards, by use of payroll orders, shall authorize and direct the county superintendent of schools and the county auditor to draw separate payroll warrants in the names of the individual district employees for the respective amounts set forth therein to the end that each employee may be furnished with a statement of the amount earned and an itemization of the amounts withheld therefrom under requirements of the law or by direction of the employee.

Such payroll warrants shall show the closing date of the pay period for which issued and the date of issue, the name of the district by which the payee was employed and a statement that it is drawn by order of the governing board of the district and shall bear the signatures of the county superintendent of schools and the county auditor.

The payroll order may direct the transfer from the districts' funds to a clearing fund in the county treasury, to be known as the schools payroll revolving fund, of the total of the amount of the payroll warrants to be issued under the order to the end that payroll warrants for all districts may be drawn against a single revolving fund. The payroll order may further direct the transfer from the districts' funds of the totals of the various deductions set forth therein to the trust funds in the county treasury entitled to receive credit for them and may further direct the proper disbursement of such trust amounts.

Article 5. Void Warrants of School Districts

Failure to present

21151. Any school warrant not presented to the county treasurer within two years after it was issued is void and any order issued by the governing board of a school district, but not approved by the county superintendent of schools for want of funds, is void if not presented to the county superintendent of schools within two years after notice has been given that the order will be approved on presentation. The county auditor shall each month inform the county superintendent of schools of warrants which have become void during the preceding month and the county superintendent of schools shall transmit such information to the governing board of the school district together with information as to orders which have become void.

Same. District retirement system warrants

21152. Any warrant drawn on the funds of a district retirement system and issued to the claimant thereof but not presented for payment to the county treasurer within two years after it was issued is void and the proceeds of such warrants shall revert to and become a part of the contributions of the district and shall be applied to reduce the cost to the taxpayers of the district maintaining the retirement system. The county auditor shall each month inform the county superintendent of schools of warrants which have become void during the preceding month, and the county superintendent

of schools shall transmit such information to the governing board of the school district.

Records

21153. The county superintendent of schools shall keep a record of all orders, or warrants which have become void.

Article 6. Registration of Orders on School District Funds and Issuance of Warrants When Moneys Are Not Available

Lack of funds

21201. When any order against the funds of a school district is presented to the county superintendent of schools, and the order constitutes a valid claim against the funds of the district, and moneys are not available in the funds of the district from which to pay the order, he shall endorse on the order the words "Not approved for want of funds" and shall register the order in the records of his office.

Method of registration

21202. The county superintendent of schools shall number and date the registered order and shall transmit the registered order to the governing board of the school district which drew the order, and it shall deliver the registered order to the payee or his order. From the date of registration the registered order shall bear interest at the rate of 5 percent per annum until the date upon which notice is given, pursuant to this article (commencing at Section 21201), that the county superintendent of schools is ready to approve the registered order.

Notice of availability of funds

21203. Whenever moneys are available for the payment of the registered order the county superintendent of schools shall give notice, in a newspaper published in the county, or if there is no newspaper, by written notice posted at the courthouse, stating that he is ready to approve the order. The notice may list any number of registered orders of one or more districts for the payment of which moneys are available, giving the name or names of the district or districts and listing the registered orders in the order of registration for each district.

Presentation

21204. At the time of giving the notice the county superintendent of schools shall set aside in the funds of each district for a period of 60 days the amount necessary for the payment of the registered orders of the district listed in the notice. If any registered order is not presented to the county superintendent of schools for payment within 60 days after the notice has been given, and moneys are not available to pay the registered order at the time of presentation, it shall not be approved until money becomes available for that purpose and notice is again given that the county superintendent of schools is ready to pay it.

Approval and payment

21205 The county superintendent of schools shall approve the registered orders of each district, and sign them as requisitions on the county auditor, in the order of their presentation. He shall enter on each the amount of interest due and the total amount, including principal and interest, payable. Each approved registered order shall thereupon be governed by the procedure established in this code relative to payments from school district funds.

21206. As an alternative to the method provided in Section 21205, when any corporation, firm, or person presents two or more registered orders for payment at the same time, registered on the same date, and issued against the funds of the same district, the registered orders may be approved, allowed, and consecutively numbered by the county superintendent of schools and the county auditor as requisitions and warrants on the funds of the district, and a special interest requisition may be issued by the county superintendent of schools against the funds of the district for the total amount of the interest payable on the registered orders. Alternative method

21207. The special interest requisition shall bear upon its face substantially the following notation: "In full payment of interest due on warrants numbered _____ to _____, inclusive, of the _____ school district." Special interest requisition

21208. The special interest requisition shall be numbered by the county superintendent of schools and county auditor, being given the number immediately succeeding the number assigned to the last of the requisitions and warrants referred to in Section 21206. Numbering

21209. The county superintendent of schools shall report to the county treasurer and the county auditor within 10 days after the end of each month the amount of the interest computed pursuant to this article (commencing at Section 21201). The report shall show each district for which interest has been computed, the numbers of the registered orders for which the interest is to be paid, and the total amount of the interest charged to each district. He shall also, upon transmitting to the governing board of any school district registered orders which have been approved and allowed as warrants against the funds of the district, report in writing to the clerk or secretary of the district the amount of interest computed on the registered orders and the numbers of the registered orders for which the interest is to be paid. Report of interest

Article 7. Optional Method of Registering Warrants

21251. In lieu of the method provided in Sections 21201 to 21209, inclusive, for the registration of school district orders, the provisions of this article (commencing at Section 21251) may be followed upon resolution adopted by the county board of supervisors of any county. Alternative method of registration

21252. When any order on school district funds is received by the county superintendent of schools and there is insufficient money in the fund or funds against which the order is drawn to pay the order in full, the county superintendent shall endorse on the order "to be registered for lack of sufficient funds," sign, date, and number it as a requisition on the county auditor, and transmit the requisition to the county auditor. The county auditor shall endorse on the order "examined and allowed," sign, date, and number it as a warrant on the county treasurer, and return the warrant to the county Indorsement and approval

superintendent of schools who shall transmit it to the governing board of the school district for issuance to the payee or to his order.

Procedure

21253. When the warrant is presented to the county treasurer for payment, he shall endorse, register, advertise, and pay it, with interest at the rate of 5 percent per annum, in the manner prescribed, as nearly as may be, for county warrants in Sections 29821 to 29824, inclusive, and Sections 29826 and 29827 of the Government Code.

Failure to present

21254. If the warrants are not again presented for payment within 60 days from the time the notice provided for in Section 29823 of the Government Code is given, the fund set aside for the payment of the warrants shall be applied by the treasurer to the payment of unpaid warrants next in order of registry.

Report of interest

21255. Within 10 days after the end of each month, the county auditor shall report to the superintendent of schools the amount of interest added to registered warrants and paid during the preceding month. The report shall show each district to whose registered warrants, paid during the month covered by the report, interest was added and the amount of the interest for the district The superintendent of schools shall immediately report, in writing, to the clerk or secretary of each district for which interest was paid, the amount of the interest paid for the district.

CHAPTER 5. REVOLVING FUNDS OF SCHOOL DISTRICTS

Article 1. Revolving Cash Fund of School Districts

Revolving cash fund

21301. The governing board of any school district, high school, or junior college district may, with the consent of the county superintendent of schools, establish a revolving cash fund for the use of the chief accounting officer of the district, by adopting a resolution setting forth the necessity for the revolving cash fund, the officer for whom and the purposes for which the revolving cash fund shall be available, and the amount of the fund. The amount of the fund shall not be more than 1 percent of the district's estimated expenditures for the current fiscal year and shall not in any event exceed one thousand dollars ($1,000). Two certified copies of the resolution shall be transmitted to the county superintendent of schools. If he approves the establishment of the fund, the county superintendent shall endorse his consent on the resolution and return one copy to the governing body of the district.

Bond of officer

21302. (a) Except as otherwise provided in subdivision (b) of this section, the officer for whose use the revolving cash fund is created shall file with the governing body of the district a bond in favor of the district, executed by him as principal and by a surety company authorized under the laws of the State to execute bonds as surety, in an amount not less

than double the amount of the revolving cash fund. The bond shall be conditioned upon the faithful administration of the revolving cash fund and upon the willingness and ability of the principal to account for and pay over the revolving cash fund at any time upon the demand of the governing board of the district. The premium on the bond shall be a legal charge against the district, payable from the funds of the district.

(b) In lieu of the bond required by subdivision (a) of this section, an officer may be bonded as provided by Section 17207.

Payment

21303. The governing board of the district shall draw an order, on the form and in the manner required by law for order, requisition, and warrant for the payment of school moneys, payable from the county or special fund of the district, in favor of the officer for whose use the revolving cash fund is created, for the amount of the revolving cash fund, and transmit the order to the county superintendent of schools accompanied by the bond and a certified copy of the resolution. Upon his approving the order, the county superintendent of schools shall detach and retain the bond. Upon his allowing and signing the warrant, the county auditor shall detach and retain the certified copy of the resolution and the county treasurer shall pay the warrant.

Use

21304. The person entrusted with the revolving fund shall not be authorized to expend any portion of the fund except for services or material, the securing or purchasing of which is a legal charge against the district, and no expenditure shall be made unless a receipt is obtained therefor setting forth the date and the purpose of the expenditure and the amount expended. A bill shall be presented to the district monthly, or oftener if necessary, for the reimbursement of the fund in the same manner as other bills are presented. Bills shall be supported by the receipts required. All sums received in payment of the bills shall be returned to the revolving cash fund and each person entrusted with the revolving cash fund shall, upon demand of the county superintendent of schools or the county auditor or of the governing board of the district, give an account of the fund.

Reduction and discontinuance

21305. The governing board of the district may at any time reduce or discontinue any revolving cash fund established by its order. Whenever the fund is ordered reduced the person using it shall immediately return to the county treasury the amount necessary to reduce the fund, as ordered by the board. If the fund is discontinued, the person using it shall immediately refund the amount thereof to the county treasurer. In either event a reasonable time shall be allowed the person to reimburse himself by bills presented to the school district for expenditures legally made from the fund.

Emergency cash fund deemed revolving cash fund

21306. The emergency cash fund established by any school district prior to September 22, 1951, shall be deemed to have been established as the revolving cash fund of the district and shall hereafter constitute the revolving cash fund of the district.

Article 2. Revolving Warehouse-stock Funds for School Districts

Establishment

21351. The governing board of any elementary school district, high school district, or junior college district may, if the school district maintains a stock of merchandise for school use, establish a revolving fund for budget control and stock accounting purposes, by adopting a resolution setting forth the necessity for the revolving fund, the purpose for which it shall be used and the amount thereof. Three certified copies of the resolutions shall be submitted to the county superintendent of schools, who, if he approves the establishment of the fund, shall indorse his consent upon the resolution, return one copy to the governing board of the school district and transmit one copy to the county auditor.

Whenever two or more school districts have governing boards of identical personnel, the boards may, if the school districts maintain a stock of merchandise for school use, establish a common revolving fund for budget control and stock accounting purposes, by adopting a resolution of each district setting forth the necessity for the revolving fund, the purpose for which it shall be used and the amount thereof. Three certified copies of the resolutions shall be submitted to the county superintendent of schools, who, if he approves the establishment of the fund, shall indorse his consent upon the resolution, return one copy to the governing board of the school districts and transmit one copy to the county auditor.

Amount

21352. The amount of the revolving fund shall not exceed an amount from the general fund of the district equal to the average daily attendance of the district for the next preceding year multiplied by ten dollars ($10) plus such amounts as the governing board of the district may, in its discretion, appropriate from other funds of the district, including building funds, and shall be determined as follows: The inventory of stores on hand including the cost of receiving and storing such stores of the school district at the time of the establishment of the fund, which stores and costs have been paid for from school district funds and reported to the county superintendent, plus whatever sum the governing board in its discretion may appropriate from the various funds of the district, including building funds, not to exceed an aggregate sum determined as above, including stores on hand, costs of receiving and storing such stores and designated appropriations, shall be the amount to constitute the revolving fund of the district.

Where a common revolving fund is established for two or more school districts governed by governing boards of identical personnel, the amount of the revolving fund shall not exceed an amount from the general funds of the districts equal to the average daily attendance of the districts for the next preceding year multiplied by ten dollars ($10) plus such amounts as the governing boards of the districts, in their discretion,

appropriate from other funds of the districts, including building funds, and shall be determined as follows: The inventory of stores on hand including the cost of receiving and storing such stores of each school district at the time of the establishment of the fund which stores and costs have been paid for from school district funds and reported to the county superintendent, plus whatever sums the governing board of each district in its discretion may appropriate from the various funds of the district, including the building fund, not to exceed an aggregate sum as determined above, including stores on hand, costs of receiving and storing such stores and designated appropriations, shall be the amount to constitute the revolving fund, and each district shall retain its equity in the common fund.

The amount of any revolving fund once established as herein prescribed may be increased to an amount from general funds not in excess of the average daily attendance of the next preceding year multiplied by ten dollars ($10) plus such amounts as the governing board, in its discretion, may appropriate from other funds of the district, including building funds, or decreased, in the discretion of the governing board, as the needs of the district may require, in the same manner and by the same procedure as herein prescribed for establishment of such fund.

Amounts expended from the revolving fund are restored thereto through payments into the revolving fund by warrants drawn on the various funds of the districts, including building funds, for shipments from stores for the use of the districts. The warrants shall be made payable to the "revolving fund of_____

(Here insert name or names of the

_____."

school district or school districts establishing the fund.)

21353. The revolving fund, when established, shall be used for the purchase of stores to be placed in stock and may be used for the payment of costs of receiving, storing, and delivering stores. Purchases shall be made in the manner prescribed by law. Nothing contained in this article (commencing at Section 21351) shall be construed as repealing any other provisions of law relating to school district funds. Use

21354. The revolving fund shall be kept by the county treasurer as a separate fund and shall be subject to such uses only as are provided by law. Custody

21355. The warehouse is a school plant and the costs of maintaining and operating it is a legal charge of the school district, and shall be audited and paid as other claims against the funds of the district. School district charge

Article 3. Special Reserve Fund of School Districts

21401. The governing board of a school district may provide for the accumulation over a period of school years of funds for capital outlay purposes derived from the receipts of Accumulation of funds

taxes levied for the district and from other sources, including balances, and not required to be used for other than capital outlay purposes.

Special reserve funds

21402. Upon the filing of identical copies of a resolution of the governing board with the superintendent of schools, auditor, and treasurer of the county specifying the purpose or purposes of a special reserve fund, the fund shall be established for such purpose or purposes. From time to time thereafter, the governing board may file identical copies of resolutions specifying additional purposes of the fund or withdrawing any purpose previously designated. The auditor and treasurer shall transfer from the general fund to the special reserve fund of the district such amounts as may be specified by the governing board during the fiscal year.

Expenditure

21403. The governing board may expend the money in the fund for the purpose or purposes specified in any resolution filed pursuant to Section 21402 unless the purpose has been withdrawn pursuant to that section.

Transfer

21404. Any moneys remaining in the special reserve fund of the district, except moneys placed in the fund pursuant to subdivision (b) of Section 20206 or subdivision (b) of Section 20209, shall be transferred to the general fund of the district by the auditor and treasurer upon written request to the superintendent of schools, auditor, and treasurer of the county by the governing board of the district, and the auditor and treasurer shall discontinue the special reserve fund.

CHAPTER 6. FINANCING PARENTAL SCHOOLS

Article 1. Funds for Establishing City Parental Schools

Estimates of cost

21451. Whenever any board of education determines that it is necessary or expedient for the city or the city and county to establish and maintain a parental school, the board shall furnish to the city council, or other governing body of the city or city and county all necessary and required information and statistics. If, after consideration, the city council or other governing body grants its consent for the establishment of a parental school, the board of education shall furnish to the authorities whose duty it is to levy taxes in the city or city and county 30 days before the time specified by law for fixing the annual tax rate, an estimate of the cost of purchasing or renting a suitable site, and also an estimate of the cost of renting or erecting a suitable building and equipping it for occupancy as a parental school, and the cost to the city or city and county, other than for salaries of teachers and for school supplies, of conducting the school for the remainder of the current school year.

Tax levy

21452. When the estimates have been made and furnished by the board of education of any city or city and county, the authorities, whose duty it is to levy taxes in the city or city and county at the time of levying the taxes shall levy a special

tax upon all taxable property of the city or city and county sufficient in its judgment to provide the facilities requested by the board of education, and for which the estimates have been furnished.

Article 2. Funds for Maintenance of City Parental Schools

21501. The board of education, yearly, after the provisions of Sections 21451 and 21452 have been complied with, shall present to the authorities of the city or city and county whose duty it is to levy taxes on or before the first Monday in July an estimate of the moneys required for conducting the parental school for the school year, other than that for the salaries of teachers and for school supplies. Annual estimate of expenses

21502. When the estimate has been presented, the authorities of the city or city and county shall levy a special tax upon the taxable property of the city or city and county sufficient to maintain the school for the year, exclusive of salaries of teachers and expenses of school supplies. Tax levy

Article 3. Funds for District Parental Schools

21551. The board of trustees of any school district in which a parental school may be established may raise money for the establishment and maintenance of a parental school for the district, in the manner provided in Sections 21451 to 21502, inclusive. The estimates shall be transmitted to the board of supervisors of the county in which the district lies. Procedure

Article 4. Funds for Joint Parental Schools

21601. The board of trustees of any joint parental school district has the same power and duties in the securing of funds for a joint parental school, and in the management of, and the securing of funds for, the support of a joint parental school as are conferred or imposed upon boards of school trustees, or boards of education of any city or city and county in the management of, and the securing of funds for, a parental school within a city, city and county, or school district. Powers of governing board

21602. In estimating the expense of maintenance of a joint parental school the amount of money needed for the payment of teachers' salaries and for the furnishing of school supplies shall be included in the estimate of expenses. Estimates

21603. The estimates shall be transmitted to the board of supervisors of the county which has jurisdiction over the joint parental school. Transmittal

21604. When the estimates have been transmitted to them, the board of supervisors shall levy a special tax upon the taxable property within the boundaries of the joint parental school district sufficient to provide the facilities requested by the board of trustees of the joint parental school district and for which the estimates have been furnished. Tax levy

Annual estimates and tax levy

21605. The estimates of the total expense of the maintenance of the joint parental school and increased facilities shall be furnished annually to the board of supervisors, who shall levy a special tax sufficient to maintain the school for the year.

Article 5. Parental School Fund

Tax procedure

21651. All taxes provided for in Sections 21451 to 21656, inclusive, shall be computed, entered upon the tax roll, and collected, in the same manner as other taxes are computed, entered, and collected.

"Parental school fund"

21652. The taxes when collected shall be placed in a separate fund known as the "parental school fund," and shall be paid out on the order of the board of education for the purposes set forth in Sections 21451 to 21656, inclusive.

"Parental school building fund"

21653 All money collected for the purchase of sites or buildings, or the erection or equipment of buildings for parental school purposes, shall be placed in a separate fund, known as the "parental school building fund," and shall be used solely for the purpose or purposes for which collected. After the accomplishment of the purpose or purposes, the residue of the fund, if any, may be transferred to the parental school fund.

District parental school fund

21654. The moneys raised under the provisions of Section 21551 shall be paid into the county treasury, and shall constitute "a parental school fund" for the district. The money of the fund shall be used for no other purpose than as is indicated in Section 21551. Money shall be drawn from the fund by the trustees of the district in the same manner as money is drawn from other school funds.

Procedure

21655. All taxes levied pursuant to Sections 21601 to 21605, inclusive, shall be computed and entered upon the tax roll and collected in the manner prescribed for the collection of taxes in this article (commencing at Section 21651).

Apportionment

21656. The taxes provided for in Sections 21601 to 21605, inclusive, shall be collected by the county tax collector and apportioned to the credit of the joint parental school district, and placed in the fund for which they were specifically collected. If the taxes are for sites or buildings, the moneys shall be placed in the joint parental school building fund and shall be used exclusively for the purposes for which they were collected, as provided in Section 21652.

Chapter 7. Bonds of School Districts

Article 1. Purpose for Which School District Bonds May Be Authorized; Authority for Elections

Purposes

21701. Except as otherwise provided by law, the governing board of any school district may, when in its judgment it is advisable, and shall, upon a petition of the majority of the qualified electors residing in the school district, call an elec-

tion and submit to the electors of the district the question whether the bonds of the district shall be issued and sold for the purpose of raising money for the following purposes:

(a) The purchasing of school lots.

(b) The building or purchasing of school buildings.

(c) The making of alterations or additions to the school building or buildings other than such as may be necessary for current maintenance, operation, or repairs.

(d) The repairing, restoring, or rebuilding of any school building damaged, injured, or destroyed by fire or other public calamity.

(e) The supplying of school buildings and grounds with furniture, equipment or necessary apparatus of a permanent nature.

(f) The permanent improvement of the school grounds.

(g) The refunding of any outstanding valid indebtedness of the district, evidenced by bonds, or of state school building aid loans.

(h) The carrying out of the projects or purposes authorized in Section 15811.

Any one or more of the purposes enumerated, except that of refunding any outstanding valid indebtedness of the district evidenced by bonds, may, by order of the governing board entered in its minutes, be united and voted upon as one single proposition.

Article 2. General Provisions for Bond Elections of School Districts

21751. The election shall be called by posting notices, signed by a majority of the governing board of the district in at least three public places in the district, not less than 20 days before the election. If there is a newspaper of general circulation published in any county in which any part of the district is situated, the notice shall be published therein pursuant to Section 6063 of the Government Code. In addition, the county clerk, or the registrar of voters if such office has been established, of the county in which the majority of the territory of the district is located, shall, at least 10 days before the day fixed for the election, mail to each registered voter residing within the district, a card designating the polling place and time of the election and containing a statement of the purposes of the election and the need for the issuance of bonds. Such statement shall contain only the following: Notice

(a) The amount of the proposed bond issue.

(b) A brief statement of the governing board of the need for the issuance of the bonds and of the purposes for which it is intended that the proceeds of the bond issue will be expended.

(c) A statement that "the proceeds of the bond issue may also be expended for any of the purposes specified in Educa-

tion Code Section 21701 which are included in the bond proposition."

At least 60 days before the date of the bond election the governing board of the school district shall furnish the county clerk or registrar of voters with a list of precincts established for the election and the polling place in each such precinct, together with a copy of the statement of the purposes of the election in the form in which it is to appear on the card.

The costs incurred by the county clerk or registar of voters in connection with this section shall be paid out of the funds of the district.

In any district located wholly or partially in a county with a population of less than 60,000, as determined by Government Code Section 28020, the governing board of the school district, rather than the county clerk or registar of voters, shall mail to each registered voter residing in the district the cards designating the polling place and time of election, and stating the purposes of the election and the need for the issuance of bonds, at the time required by this section.

Contents of notice

21752. The notice shall contain:

(a) The election precincts, if any, established for the election and the time and place, or places, of holding the election.

(b) The names of the officers of the election appointed to conduct the election.

(c) The hours during the day which the polls will be open.

(d) The purposes for which the bonds are to be issued.

(e) The amount of the bonds.

(f) The maximum rate of interest, not to exceed 5 percent.

(g) The maximum number of years, not exceeding 25, not to exceed which the bonds, or any series thereof, are to run.

If the election is consolidated with any other election, the notice need not set forth the precincts, place or places of holding the election, or the names of the officers appointed to conduct the election, but may instead state that the precincts, place or places of holding the election and officers appointed to conduct the election shall be the same as those provided for such other election within the territory affected by the consolidation and set forth in the ordinance, order, resolution or notice calling, providing for or giving notice of such other election, and reference shall be made to such ordinance, order, resolution or notice by number and title or date of adoption, or by date or proposed date of publication and the name of the newspaper in which publication has been or will be made, or by any other definite description.

Any election called pursuant to Sections 21701 to 21801, inclusive, and Sections 21803 to 22152, inclusive, may be consolidated with any other election pursuant to the provisions of Chapter 4 of Part 2 of Division 11 of the Elections Code. In such event the provisions of law governing such other election with respect to the manner of marking ballots shall also apply to the election called pursuant to Sections 21701 to 21801, inclusive, and Sections 21803 to 22152, inclusive.

21753. The election shall be conducted as elections for school trustees of elementary school districts, except as otherwise provided in Sections 21701 to 21801, inclusive, and Sections 21803 to 22152, inclusive. The election shall be held at the place or places designated by the governing board of the district. The polls shall be kept open only during the hours specified in the notice of the bond election. The polls shall not be opened before 6 o'clock a.m. nor kept open later than 8 o'clock p.m., and shall be kept open for not less than four hours. Conduct of election

21754. The words to appear upon the ballots shall be "Bonds—Yes" and "Bonds—No," or words of similar import. Each elector voting at the election shall mark a cross with a pencil, ink, or rubber stamp after the answer he desires to give. A brief statement of the proposition, setting forth the amount of the bonds to be voted upon, the maximum rate of interest, and the purposes for which the proceeds of the sale of the bonds are to be used, may be printed upon the ballot. No defect in the statement other than in the statement of the amount of the bonds to be authorized shall invalidate the bonds. Method of voting

21755 On the seventh day after the election, if the returns have been made to the governing board of the school district, the board shall meet at its usual meeting place and publicly canvass the returns. If all the returns have not then been received, the board shall adjourn from day to day until the returns are all received, and shall then proceed to canvass them. The canvass may be continued from day to day until completed. Canvass

21756. If it appears that two-thirds of the votes cast on the proposition of issuing bonds of the district are in favor of issuing the bonds, the governing board of the school district shall cause an entry of that fact to be made upon its minutes. The governing board shall then certify to the board of supervisors of the county whose superintendent of schools has jurisdiction over the district, all proceedings had in the premises. Thereupon the board of supervisors shall issue the bonds of the school district in accordance with the proceedings, payable out of the interest and sinking fund of the district, naming the district. The governing board shall certify to the county superintendent of schools the results of the election Approval of bond issue

21757. The proceedings relating to the authorization of bonds of a joint school district of any type need be certified only to the board of supervisors of the county whose superintendent of schools has jurisdiction over the district. Said board of supervisors may issue and sell such bonds and no action of the board of supervisors of any other county in which the district is situated shall be required in connection with such issuance and sale, and such bonds need not be signed by any officer of any such other county. Joint school district bond issues

21758. No error, irregularity, or omission which does not affect the substantial rights of the taxpayers within the dis- Effect of error

trict or the electors voting at any election at which bonds of any district are authorized to be issued shall invalidate the election or any bonds authorized.

Article 3. Issuance and Sale of Bonds of School Districts

Bond limitation

21801 The total amount of bonds issued shall not exceed 5 percent of the taxable property of the district as shown by the last equalized assessment of the county or counties in which the district is located.

Bonds

21802 Any unified school district maintaining a junior college may issue bonds not to exceed 15 percent of the taxable property of the district as shown by the last equalized assessment of the county or counties in which the district is located. Any unified school district not maintaining a junior college may issue bonds not to exceed 10 percent of the taxable property of the district as shown by such equalized assessment.

For the purposes of Sections 19401 to 19486, inclusive, and Sections 19551 to 19689, inclusive, only, any unified school district shall be considered to have a bonding capacity in the amount permitted by law for an elementary school district, a bonding capacity in the amount permitted by law for a high school district, and if the district maintains a junior college, a bonding capacity in the amount permitted by law for a junior college district. Any unified district, if otherwise eligible, may receive an apportionment for elementary school purposes alone, for high school purposes alone, for junior college purposes alone, or for any combination of such purposes.

In computing the outstanding bonded indebtedness of any unified school district for all purposes of this section, any outstanding bonds shall be deemed to have been issued for elementary school purposes, high school purposes and junior college purposes, respectively, in the respective amounts that the proceeds of the sale of such outstanding bonds, excluding any premium and accrued interest received on said sale, were or have been allocated by the governing board of such unified school district to each of said purposes respectively.

Bond limitation computation

21803. In computing the limitation of indebtedness of any school district of any kind or class heretofore or hereafter formed or organized, hereinafter in this section referred to as the "bonding school district," the outstanding indebtedness of any previously existing district all or any part of which forms a component part of such bonding school district and the outstanding indebtedness of any school district for which any territory which has become a part of such bonding school district is liable shall be excluded and shall not be deemed, for the purposes of computing the limitation of indebtedness under Section 21801 or 21802, to constitute outstanding indebtedness of such bonding school district, except to the extent that such outstanding indebtedness has been expressly assumed by such bonding school district by vote of not less than two-thirds of the electors of such bonding school district voting at an elec-

tion at which the proposition of assuming such indebtedness is voted upon. Nothing herein contained shall operate to release any property from liability for taxes to pay the principal and interest of indebtedness incurred by any component district or for which any territory which has become a part of such bonding school district is liable and in which such taxable property is located at the time of the incurring of such indebtedness. It is the intent of the Legislature to provide in this section a special method of computing the limitation of indebtedness of school districts irrespective of liability of the area embraced within such school districts for the payment of any bonded indebtedness.

Same
Exclusion of liability

21804 For the purpose of determining the limitation of indebtedness of a school district of any type or class under Section 21801 or 21802, that portion of the bonded indebtedness of the district for which another school district or territory in another district is liable shall be excluded and shall not be deemed to constitute outstanding bonded indebtedness of the district.

Same
High school district maintaining junior college

21805. Any high school district maintaining a junior college may issue bonds not to exceed 10 percent of the taxable property of the district as shown by the last equalized assessment of the county or counties in which the district is located.

For the purposes of Sections 19401 to 19486, inclusive, and Sections 19551 to 19689, inclusive, only, any high school district maintaining a junior college, shall be considered to have a bonding capacity in the amount permitted by law for a high school district, and a bonding capacity in the amount permitted by law for a junior college district. Any high school district maintaining a junior college if otherwise eligible may receive an apportionment for high school purposes alone, for junior college purposes alone, or for any combination of such purposes.

In computing the outstanding bonded indebtedness of any high school district maintaining a junior college for all purposes of this section, any outstanding bonds shall be deemed to have been issued for high school purposes and junior college purposes, respectively, in the respective amounts that the proceeds of the sale of such outstanding bonds, excluding any premium and accrued interest received on said sale, were or have been allocated by the governing board of such high school district maintaining a junior college to each of said purposes respectively.

Denominations of bonds

21806. The denomination of each of the bonds shall not be less than one hundred dollars ($100) nor more than one thousand dollars ($1,000) except that on issues in which the amounts to be matured annually are scheduled in amounts of five thousand dollars ($5,000) or multiples thereof, the board may provide that the purchaser may, at his option, and at the time of the submission of his bid, request that bonds in the denomination of five thousand dollars ($5,000) or multiples

thereof be issued in lieu of the equivalent amount of bonds of lesser denomination.

Interest rate

21807. The bonds shall not bear a rate of interest greater than 5 percent per annum, payable annually or semiannually.

Term

21808 The number of years the whole or any part of the bonds are to run shall not exceed 25 years, from the date of the bonds or the date of any series thereof.

Form of bonds, etc

21809. The board of supervisors by an order entered upon its minutes shall prescribe the form of the bonds and of the interest coupons attached thereto, if any. Said bonds shall be signed by the chairman of the board of supervisors, or by such other member thereof as the board of supervisors shall, by resolution adopted by a four-fifths vote of all its members, authorize and designate for that purpose, and also signed by the treasurer or auditor of the county, and shall be countersigned by the clerk thereof. The coupons of said bonds shall be signed by the treasurer or auditor. All such signatures and countersignatures may be printed, lithographed, engraved, or otherwise mechanically reproduced. All expense incurred for the preparation, sale, and delivery of the school bonds including the preparation of the certified copy of the transcript for the successful bidder is a legal charge against the funds of the school district issuing the bonds.

Sale

21810. The bonds shall be sold at the times and in the amounts prescribed by the board of supervisors, but for not less than par. The proceeds of the sale of the bonds, exclusive of any premium received, shall be deposited in the county treasury to the credit of the building fund of the school district. The proceeds deposited shall be drawn out as other school moneys are drawn out. The bond proceeds withdrawn shall not be applied to any other purposes than those for which the bonds were issued. Any premium or accrued interest received from the sale of the bonds shall be deposited in the interest and sinking fund of the district.

Bids

21811. Before selling the bonds, or any part of them, the board of supervisors shall advertise for bids at least two weeks in some daily or weekly newspaper of general circulation published in the county whose county superintendent of schools has jurisdiction over the district, or if there is no such newspaper published in the county, in a newspaper published in some other county in the State having a general circulation in the county.

Award or rejection

21812. If satisfactory bids are received, the bonds offered for sale shall be awarded to the highest responsible bidder or bidders, and the county clerk shall prepare and certify to all of the proceedings on file in his office relative to the issuance and sale of said bonds, which transcript of proceedings shall be delivered to the successful bidder or bidders without charge. If no bids are received, or if the board determines that the bids received are not satisfactory as to price or responsibility of the bidders, the board may reject all bids received, if any, and either readvertise or sell the bonds at private sale.

21813. Any unsold bonds of the elementary, high school or junior college districts comprising a unified school district and voted at any election held either prior or subsequent to the date upon which the action necessary to the formation of the unified district was completed, may be issued by the board of supervisors in the name of the unified district and the proceeds derived from the sale thereof shall be the funds of the unified district and shall be used only for the purpose or purposes for which said bonds were voted. Unsold bonds

21814. The issuing school district by action of its governing board may prepare, or have prepared, bond brochures to serve as a prospectus for bond buyers to assist in the satisfactory sale of the bonds, the expense of such brochures to be payable out of the funds of the district. Such brochures may be prepared only after the issuance of the bonds to be sold has been approved by the electors of the district pursuant to Sections 21701 to 21757, inclusive. Bond brochures

Article 4. Required Form of Bonds of School Districts

21851. Whenever under the provisions of Sections 21701 to 21801, inclusive, and Sections 21803 to 22152, inclusive, any bonds are issued, the bonds may be issued either in the form of coupon bonds, or in the form of registered bonds, or some in the form of coupon bonds and some in the form of registered bonds, as may be provided in the proceedings for the issuance of the bonds, and notwithstanding any language or provision to the contrary contained in any statute authorizing the issuance of the bonds, or in any other law. Coupon or registered bonds

21852. If any officer whose signature, countersignature, or attestation appears on any school bonds or coupons ceases to be an officer before the delivery of the bonds to the purchaser, the signature, countersignature, or attestation either on the bonds or the coupons, or on both, is nevertheless valid and sufficient for all purposes the same as if the officer had remained in office until the delivery of the bonds, and the signature upon the coupons of the person who is auditor at the date of the bonds, is valid although the bonds themselves may be attested by a different person who is auditor at the time of delivery of the bonds Signatures

21853. Any bonds executed in the manner provided by the board of supervisors shall be valid, notwithstanding any change in the officers who signed the bonds or the coupons, or in the seal of the board of supervisors, occurring after the execution. Effect of change

Article 5. Registration of Bonds of School Districts

21901. Whenever the owner of any coupon bond or of any bond payable to bearer presents the bond to the treasurer or other officer of the county in which the district is located, who by law performs the duties of treasurer, with a request for the Procedure

conversion of the bond into a registered bond, the treasurer or other officer, shall cut off and cancel the coupons of the coupon bond, and shall stamp, print, or write upon the coupon bond or other bond payable to the bearer, either upon its back or upon its face, as may be convenient, a statement to the effect that the bond is registered in the name of the owner and that thereafter the interest and principal of the bond are payable to the registered owner.

Transfer after registration

21902. After registration any bond may be transferred by the registered owner in person, or by attorney duly authorized, on presentation of the bond to the treasurer or other officer performing the duties of treasurer. The bond may be again registered as before, a similar statement being stamped, printed, or written thereon.

Form

21903. The statement stamped, printed, or written upon the bond may be substantially in the following form:

(Date, giving month, day, and year.)

This bond is registered pursuant to the statute in such cases made and provided in the name of (insert name of owner) and the interest and principal thereof are hereafter payable to the owner.

_____

Treasurer (or other officer)

Payment

21904. After any bond has been registered as provided in this article (commencing at Section 21901), the principal and interest of the bond shall be payable to the registered owner.

Register book

21905. The treasurer or other officer shall keep in his office a book or books which shall at all times show what bonds are registered and in whose name respectively.

Article 6. Cancellation of Unsold Bonds of School Districts

Petition

21951. If any bonds authorized under the provisions of Sections 21701 to 21801, inclusive, and Sections 21803 to 22152, inclusive have not been offered for sale for one year from the date of their issuance or remain unsold for a period of six months after having been offered for sale in the manner prescribed by the board of supervisors, the governing board of the district, for which the bonds were issued, may petition the board of supervisors to whom the proceedings were certified to cause the unsold bonds to be canceled.

Notice

21952. Upon receiving the petition, signed by a majority of the members of the governing board, the board of supervisors shall fix a time for hearing it, which shall not be more than 30 days after receipt of the petition, and shall cause a notice stating the time and place of the hearing, and the object of the petition in general terms, to be published for 10 days prior to the hearing, in a newspaper published in the school district, if there is one, and if there is no newspaper published in the school district, in a newspaper published at the county seat of the county.

21953. At the time and place designated in the notice, or at any subsequent time to which the hearing may be postponed, the board of supervisors shall hear any reasons that may be submitted for or against the granting of the petition. Hearing

21954. If the board of supervisors deem it for the best interests of the school district named in the petition that the unsold bonds be canceled, it shall make and enter an order in the minutes of its proceedings that the unsold bonds be canceled. Upon the entry of the order the bonds and the vote by which they were authorized to be issued shall cease to be of any validity. Order

21955. The governing board of any school district may petition the board of supervisors to cancel the remaining authorization of that district to issue and sell bonds resulting from any particular school bond election after the sale of at least ninety percent (90%) of the bonds authorized at such election where the amount of such remaining authorization is not more than twenty-five thousand dollars ($25,000) and in the opinion of the governing board the sale of the remaining bonds would not be economically justified. The provisions of Sections 21952 and 21953 of this article shall be applicable and at or following the hearing therein provided for, the board of supervisors, if it determines that the public interest will be served thereby, may make and enter an order in the minutes of its proceedings that the remaining authorization be canceled. Upon the entry of the order the vote by which the remaining authorization was created shall cease to be of any validity with respect to such remaining authorization. Cancellation of authorization

Article 7. Purchase of Bonds by the Issuing School Districts

22001. The governing board of a school district may purchase in the open market bonds issued by the district. The cost of bonds purchased may be paid out of any funds of the district not required by law to be set aside for teachers' salaries. Purchase by district

22002. When any bonds issued by a district have been purchased by the governing board of the district, the bonds shall be deemed canceled and of no further validity. The governing board of the district shall immediately, after purchasing the bonds, notify the board of supervisors of its action, describing the bonds purchased. At its first meeting thereafter the board of supervisors shall note the purchase and cancellation of the bonds in the minutes of its proceedings. Same

Article 8. Method of Payment of Bonds of School Districts

22051. The board of supervisors by an order entered upon its minutes shall fix the time when the whole or any part of the principal of the bonds shall be payable, which shall not be more than 25 years from the date of the bonds or the date of any series thereof. Order fixing term

Any bonds authorized at an election held after September 15, 1945 may be issued subject to call and redemption before maturity at the option of the governing board of the district. Said governing board, at any time following a bond election and prior to the issuance and sale of the bonds authorized thereat, may by resolution determine that all or any part of such bonds shall be issued subject to call and redemption before maturity and the price or prices at which said bonds shall be redeemed. A certified copy of such resolution shall be filed with the board of supervisors. Thereafter said board of supervisors, in its order fixing the form of the bonds and the maturities thereof, shall provide that the bonds be redeemable at the option of said governing board and at the price or prices fixed in said resolution. Bonds issued subject to call and redemption prior to maturity shall contain a recital to that effect, and no bond shall be subject to call or redemption prior to maturity unless it contains such a recital. The board of supervisors in its order shall fix the method of giving notice of redemption to holders of bonds to be redeemed.

Bond series

22052. The board of supervisors may divide the principal amount of any issue into two or more series and fix different dates for the bonds of each series.

Place of payment

22053. The board of supervisors may make the principal and interest of the bonds payable at the office of the treasurer of the county, or at any other place within the United States which the board may designate, or at the office of the county treasurer, or at any other designated place at the option of the bondholder. The place of payment shall be specified in the bonds. The expense of paying the bonds elsewhere than at the office of the treasurer shall be a proper charge against the district to be paid out of the tax levied and collected for the payment of the bonds.

Payment

22054. The principal and interest on the bonds shall be paid by the county treasurer of the county, the superintendent of schools of which has jurisdiction of the district in behalf of which the bonds were issued, at the place required by the terms of the bonds, upon presentation and surrender of warrants drawn by the county auditor in payment thereof, after he has canceled the bonds and coupons, or upon the receipt of the registered owner, if the bonds are registered, after a proper warrant has been drawn by the auditor, out of the fund provided for their payment.

Excess money

22055. Any money remaining in the interest and sinking fund of any district after the payment of all bonds and coupons payable from the fund, or any money in excess of an amount sufficient to pay all unpaid bonds and coupons payable from the fund, shall be transferred to the general fund of the district upon the order of the auditor.

Transfer to special reserve fund

22056. Any money paid into the county treasury of the county and credited to the interest and sinking fund of any district pursuant to subdivision (b) of Section 20206 or sub-

division (b) of Section 20209 remaining after the payment of all bonds and coupons payable from the fund, or which is in excess of an amount sufficient to pay all unpaid bonds and coupons payable from the fund, shall be transferred to the special reserve fund of the district upon the order of the auditor, and may be used only for the purpose specified in Section 21401 and for no other purpose.

Article 9. Tax for Payment of Bonds of School District

Tax levy Outstanding bonds

22101. The board of supervisors of the county, the superintendent of schools of which has jurisdiction over any district, shall annually at the time of making the levy of taxes for county purposes, levy a tax for that year upon the property in the district for the interest and redemption of all outstanding bonds of the district. The tax shall not be less than sufficient to pay the interest on the bonds as it becomes due and to provide a sinking fund for the payment of the principal on or before maturity and may include an allowance for an annual reserve, established for the purpose of avoiding fluctuating tax levies. The tax shall be sufficient to provide funds for the payment of the interest on the bonds as it becomes due and also such part of the principal and interest as is to become due before the proceeds of a tax levied at the time for making the next general tax levy can be made available for the payment of the principal and interest.

Disposition of proceeds

22102. All taxes levied, when collected shall be paid into the county treasury of the county whose superintendent of schools has jurisdiction over the school district in behalf of which the tax was levied, to the credit of the interest and sinking fund of the school district, and shall be used for the payment of the principal and interest of the bonds and for no other purpose.

Tax levy Unused bonds

22103. The board of supervisors of the county, the superintendent of schools of which has jurisdiction over any school district, shall annually at the time of making the levy of taxes for county purposes estimate the amount of money required to meet the payment of the principal and interest on bonds of the district authorized by the electors of the district and not sold, and which the governing board of the district informs the board in their belief will be sold before the next tax levy, and the board of supervisors shall levy a tax sufficient to pay the principal and interest so estimated.

Disposition of proceeds

22104. If the bonds are declared invalid or are not issued for any reason, the tax levied and collected shall, if the school district has other bonds outstanding, be retained in the interest and sinking fund of the district to meet the interest and principal falling due on such bonds If the district has no bonds outstanding the proceeds of the tax levy shall be transferred to the general fund of the district on the order of the auditor.

Article 10. Tax for Payment of Bonds When School District is Located in Two or More Counties

Tax levy

22151. In case of a district lying in two or more counties, the assessor of each of the counties in which the district lies, shall annually as soon as the county assessments have been equalized by the State Board of Equalization, certify to the board of supervisors of each of the counties in which any portion of the district is situated, the assessed value of all taxable property in the county situated in the school district. The tax shall be levied according to the ratio which the assessed value of the property in the school district in any county bears to the total assessed value of the property in the district. Each board of supervisors shall levy upon the property of the district and within its own county such rate of tax as will be sufficient to raise not less than the amount needed to pay the interest and such portion of the principal of the bonds as is to become due during the year.

Collection and deposit

22152. The tax shall be entered upon the assessment roll and collected in the same manner as other school taxes.

The tax when collected shall be paid into the county treasury of the county. The treasurer of any county, other than the one whose superintendent of schools has jurisdiction over the school, shall, upon order of the county auditor, pay the sum collected on account of the tax into the treasury of the county whose superintendent of schools has jurisdiction over the school.

PART 4. EDUCATIONAL INSTITUTIONS, LIBRARIES, AND MISCELLANEOUS PROVISIONS

DIVISION 17. THE UNIVERSITY OF CALIFORNIA

CHAPTER 1. GENERAL PROVISIONS

Article 1. The Name of the University

Prohibited uses of name "University of California"

23001. The name "University of California" is the property of the State. No person shall, without the permission of the Regents of the University of California, use this name, or any abbreviation of it or any name of which these words are a part in any of the following ways:

(1) To designate any business, social, political, religious, or other organization, including but not limited to, any corporation, firm, partnership, association, group, activity or enterprise; or

(2) To imply, indicate or otherwise suggest that any such organization is connected or affiliated with, or is endorsed, favored or supported by, or is opposed by the University of California; or

(3) To display, advertise, or announce this name publicly at or in connection with any meeting, assembly, or demonstration, or any propaganda, advertising or promotional activity of any kind which has for its purpose or any part of its purpose the support, endorsement, advancement, opposition or defeat of any strike, lockout, or boycott or of any political, religious, sociological, or economic movement, activity or program.

Provided, that nothing in this section shall interfere with or restrict the right of any person to make a true and accurate statement of his present or former relationship or connection with, his employment by, or his enrollment in, the University of California in the course of stating his experience or qualifications for any academic, governmental, business, or professional credit or enrollment, or in connection with any academic, governmental, professional or other employment whatsoever.

Every person violating the provisions of this section is guilty of a misdemeanor.

Article 2. Tuition Fees

23051. An admission fee and rate of tuition fixed by the board of regents shall be required of each pupil, except as otherwise provided. Fees

23052 When the income of the university permits, admission and tuition shall be free to all residents of the State. The regents shall so apportion the representation of students according to population that all portions of the State may enjoy equal privileges in the university. Admission

23053. An admission fee and rate of tuition fixed by the Regents of the University of California shall be required of each nonresident student. The regents shall cause to be computed the actual cost to the university of maintaining one student in each of the respective courses of the several colleges for the period of one year. Each nonresident student shall be required to pay as the rate of tuition the sum provided for by the computation for the particular course the student is following, except that the maximum sum to be paid shall not exceed five hundred dollars ($500). The sums may be remitted in whole or in part in the case of graduate students in other than professional colleges and schools. Nonresident student fees

23054. "Nonresident student" means any person who has not been a bona fide resident of the State for more than one year immediately preceding the opening day of a semester during which he proposes to attend the university. "Nonresident student"

23055. The residence of each student shall be determined in accordance with the rules for determining residence prescribed by Sections 243 and 244 of the Government Code, except that for the purpose of this section it shall be deemed that the residence of an unmarried minor who has a parent living cannot be changed by either his own act or that of his guardian. Every alien student is deemed to be a nonresident Determination of residence

student unless he has been lawfully admitted to the United States for permanent residence in accordance with all applicable provisions of the laws of the United States.

Nothing in this section or in Sections 243 and 244 of the Government Code prevents the regents from causing to be classified as a resident student:

(a) Any citizen of the United States, or any alien who has been lawfully admitted to the United States for permanent residence in accordance with all applicable provisions of the laws of the United States, who has attained his majority according to the laws of this State, and who for a period of one year immediately preceding the opening day of a semester during which he proposes to attend the university has been entirely self-supporting and actually present in the State, with the intention of acquiring a residence therein.

(b) Any minor child, a citizen of the United States, or any alien, who is a minor child, who has been lawfully admitted to the United States for permanent residence in accordance with all applicable provisions of the laws of the United States, who does not receive and has not for a period of more than one year immediately preceding the opening day of a semester during which he proposes to attend the university received, directly or indirectly, any support or financial assistance from his father, if the minor lives with his mother, who is and has been for a period of more than one year immediately preceding the opening day of the semester actually present in the State with the intention of making her permanent home therein.

Oaths

23056. The attorney for the Regents of the University of California and any person appointed by him for the purpose of ascertaining the residence status of students and prospective students of the university may administer oaths or affirmations in connection with the taking of testimony relative to any residence status.

Persons deemed residents

23057. Notwithstanding any provision to the contrary, any unmarried minor whose parent is in the active military service of the United States of America and is stationed in this State on the opening day of the semester during which the unmarried minor proposes to attend the university shall, for the purposes of this article (commencing at Section 23051), be deemed to be a resident of this State for such semester. Any admission fee or rate of tuition required of such unmarried minor shall not exceed the amount required of a resident student enrolled in the same course as such unmarried minor. Parent, for the purposes of this section, means the natural father during his lifetime and after his death, the natural mother of the unmarried minor, or an adopting parent.

Article 3. Competitive Scholarship

Number and term

23101. The regents may establish four competitive scholarships, each embracing the full term of four years in the university.

23102. One only of the scholarships shall be issued at the beginning of each university year, except to fill vacancies. Issuance

23103. Each scholarship shall be entitled to three hundred dollars ($300) per annum, to be appropriated out of the funds belonging to the university, and shall be applied, under the direction of the proper officer of the faculty, to the education and support of the scholar during his university course. Amount

23104. The competitive examination for scholarships shall be made by the faculty. Competitive examination

23105. The applicants for the examination shall be bona fide residents of the State, and shall have been chiefly educated in any of the schools of the State, and shall, at the time of application, satisfy the regents in respect to character and to the inability of the applicant to provide his own maintenance at the university. Qualifications

23106. The scholarships shall be subject to examination at the close of each university year, and if the student having the benefit of any scholarship is not found by his acquirements, industry, and conduct to deserve the continuance of the scholarship, the president of the university shall report the finding to the regents, who shall declare the scholarship vacant. The scholarship shall thereafter be filled in the same manner as other scholarships are filled. Periodic examination, vacancy

23107. The regents may, upon the recommendation of the faculty, revoke any scholarship for improper conduct or violation of established rules, and may fill all vacancies which occur in scholarships under competitive examination. Revocation

Article 4. Condemnation of Property by the Regents

23151. The Regents of the University of California may condemn any property or interest therein for the public buildings and grounds of the University of California under the provisions of the Code of Civil Procedure relating to eminent domain. The Regents of the University of California shall not commence any such proceeding in eminent domain unless it first adopts a resolution by a two-thirds vote declaring that the public interest and necessity require the acquisition, construction or completion by the Regents of the University of California of the public improvement for which the property or interest therein is required and that the property or interest therein described in such resolution is necessary for the public improvement. Power of regents

23152. The resolution of the Regents of the University of California shall be conclusive evidence: Conclusive evidence

(a) Of the public necessity of such proposed public improvement.

(b) That such property or interest therein is necessary therefor.

(c) That such proposed public improvement is planned or located in a manner which will be most compatible with the greatest public good and the least private injury.

CHAPTER 2. FISCAL PROVISIONS

Article 1. Withdrawal From the State Treasury

Withdrawal of funds by University of California

23201. Any sum of money specifically appropriated to, or for the use of, or expenditure by, the Regents of the University of California, other than money appropriated by a state budget act for the general support of the University of California, may be withdrawn at any time in its entirety from the State Treasury, at the direction of the Regents of the University of California, upon a warrant payable to the treasurer of the Regents of the University of California.

Article 2. Transfer of Lands Acquired by Tax Sales to the University

Mortgage to regents

23251. Whenever the State is the owner of any property sold for taxes and the deed to the State has been filed with the Controller, and there appears of record a mortgage upon the property to the Regents of the University of California, and the mortgage and the debt secured by the mortgage have not been both paid in full and satisfied of record, the Controller, upon receiving proof, by affidavit of the president and secretary, or acting secretary or of the treasurer of the regents, that the debt secured by the mortgage has not been fully paid, shall direct the tax collector of the county or city and county in which the lands are situated, to execute a deed of the lands in the name of the State to the Regents of the University of California.

Notice

23252. The tax collector shall thereupon publish a notice once a week for at least three successive weeks in some newspaper published in the county or city and county in which the lands are situated, or if there is no newspaper published therein, then the tax collector shall post a notice in three conspicuous places in the county or city and county at least three weeks before the day named in the notice.

Contents of notice

23253 The notice shall state that on or after a day mentioned, which shall be not less than four weeks, and not more than eight weeks after the first publication or posting of the notice, the tax collector will execute and deliver to the Regents of the University of California a deed to the property, and shall describe the property and shall state that the deed will be made because of a sale of the property to the State for delinquent taxes, and because the Regents of the University of California are interested in the property. No other matters need be contained in the notice. One or more pieces of land may be described in the affidavit, notice, deed, and report provided for in this article (commencing at Section 23251).

Deed

23254. Unless prior to the day mentioned in the notice, there is paid to the tax collector (a) the full amount for which the property was sold to the State, together with all interest and penalties thereon and all expenses and costs connected

therewith, and (b) all subsequent state and county taxes not theretofore paid in full, and all interest and penalties thereon, and all costs and expenses connected therewith, and also (c) the expense of publishing or posting the notice, as the case may be, the tax collector shall on the day, or within 10 days thereafter, execute, acknowledge, and deliver a deed to the regents without any payment, charge, or fee therefor, and shall within five days thereafter report in writing to the Controller the fact of the execution of the deed.

Expenses

23255. The expense of the publication and posting shall be paid by the Regents of the University of California, unless the expense is paid to the tax collector prior to the day mentioned in the notice.

Separate pieces of land

23256. If the notice describes two or more pieces of land assessed separately and sold separately to the State, and if all the payments are made within the time prescribed in respect to any one of the pieces separately assessed and sold, the piece paid upon shall not be included in the deed, and the fact of the payment and the amount paid shall be stated in the report to the Controller.

Title

23257. The deed shall transfer, grant, convey, and confirm to the Regents of the University of California the entire title to the lands, free and clear of all claims and incumbrances whatsoever. Nothing contained in this article (commencing at Section 23251) shall be held to interfere with the right of the regents to enforce the mortgage or the payment of the debt secured thereby, or to procure a decree of foreclosure and a sale under the decree of all or any of the property described in the mortgage.

Recitals

23258. The deed shall recite the facts provided in this article (commencing at Section 23251) as authorizing its execution and is prima facie evidence of the facts and of all matters therein recited and of the ownership of the lands by the regents.

Recordation

23259. The deed may be recorded in the office of the county recorder of the county or city and county in which the lands are situated, and upon the expiration of two years after it has been recorded, shall, except as against parties deriving title through a sale and purchase under decree of foreclosure of the mortgage, be conclusive evidence that the complete fee simple title to the property therein described vested at the date of the deed in the Regents of the University of California, free and clear of all claims, liens, charges, and incumbrances whatsoever.

Prima facie evidence

23260. In any action commenced against the regents before the expiration of two years to question the title of the regents to the property, the deed is prima facie evidence only.

Sale by State

23261. While any mortgage to the regents appears of record and not satisfied of record, no lands which have been sold to the State for taxes and the deed to which has been filed with the Controller, shall be sold or disposed of, except as provided in this article (commencing at Section 23251).

Article 3. Insurance of Property

Insurance

23301. All property of the University of California held in fee or otherwise for purposes of income may be insured against damage or loss.

Article 4. Federal Funds for Education in Agriculture and Mechanical Arts

Acceptance of grant

23351. The State assents to the provisions of an act passed by Congress, entitled "An act to apply a portion of the proceeds of the Public Lands to the more complete endowment and support of the colleges for the benefit of agriculture and the mechanic arts, established under the provisions of an act of Congress, approved July second, Eighteen Hundred and Sixty-two," and approved August 30, 1890.

Same

23352. The State assents to the provisions of an act passed by Congress known as the Smith-Lever Act, and entitled, "An act to provide for cooperative agricultural extension work between the agricultural colleges in the several states receiving the benefits of an act of congress approved July 2, 1862, and of acts supplementary thereto, and the United States department of agriculture," approved May 8, 1914.

The Regents of the University of California are authorized to receive the grants of money appropriated under the act of Congress and to organize and conduct agricultural extension work in accordance with the terms and conditions expressed in the act.

Same

23353. The State assents to the provisions of an act passed by Congress, entitled "An act to authorize a more complete endowment of agricultural experiment stations and for other purposes, approved February 24, 1925."

The Regents of the University of California are authorized to receive grants of money authorized by the act for the benefit of the University of California Agricultural Experiment Station and to use the money in accordance with the terms and conditions expressed in the act of Congress.

Same

23354. The State assents to the provisions of an act passed by Congress known as the Capper-Ketcham Act and entitled "An act to provide for the further development of agricultural extension work between the agricultural colleges in the several States receiving the benefits of the act, entitled 'An act donating public lands to the several States and territories which may provide colleges for the benefit of agriculture and the mechanical arts,' approved July 2, 1862, and all acts supplementary thereto, and the United States Department of Agriculture," and approved May 22, 1928.

The Regents of the University of California are authorized to receive the grant of money appropriated under the act of Congress, and to organize and conduct extension work in accordance with the terms and conditions expressed in the act.

23355. The State assents to the provisions of an act, passed by Congress and entitled "An act to provide for research into basic laws and principles relating to agriculture and to provide for the further development of co-operative agricultural extension work and the more complete endowment and support of land-grant colleges," approved June 29, 1935, Public—No. 182—74th Congress. Same

The Regents of the University of California are authorized to receive all grants of money appropriated under the act of Congress, and to apply, use, and expend the grants of money for the purposes and in accordance with the terms, conditions, and requirements set forth in the act.

CHAPTER 3. SPECIAL SCHOOLS AND DEPARTMENTS

Article 1. Toland Medical Department

23401. The Medical Department of the University of California shall be known and designated as the Toland Medical Department of the University of California, and all degrees, diplomas, scholarships, and records of the department shall be made out, and all proceedings in connection therewith shall be conducted in and by such name and designation. Designation

Article 2. Hastings College of Law

23451. The law college founded and established by S. C. Hastings shall forever be known and designated as the Hastings College of Law. Designation

23452. The college is affiliated with the University of California, and is the law department thereof. Affiliation

23453. The college shall afford facilities for the acquisition of legal learning in all branches of the law. To this end it shall establish a curriculum of studies and shall matriculate students who reside at the University of California or elsewhere in the State. Curriculum

23454. The faculty of the University of California shall grant, and the president shall sign and issue, diplomas to the students of the college. Diplomas

23455. The business of the college shall be managed by the board of directors. Five directors constitute a quorum for the transaction of all business. The directors shall serve without compensation. Board of directors

23456. The Chief Justice of the Supreme Court of the State is president of the board of directors. President

23457. Vacancies in the board of directors shall be filled by the board from members of the Bar Association of San Francisco or otherwise. Vacancies

23458. The officers of the college are a dean, a registrar, and eight directors. One of the directors shall always be an heir or representative of S. C. Hastings. The dean and registrar shall be appointed by, and may be removed by the board of directors. Officers

Appointment and renewal of officers

23459. The acting officers of the college shall be appointed and may be removed by the directors.

Dean

23460. The dean of the college is ex officio a member of the faculty of the University of California.

Professorships

23461. Professorships may be established in the name of any founder who pays to the directors the sum of thirty thousand dollars ($30,000).

Appropriation

23462. The sum of 7 percent per annum upon one hundred thousand dollars ($100,000) shall be appropriated annually by the State and shall be paid in semiannual payments to the directors of the college.

Failure to appropriate

23463. If the State fails to pay to the directors of the college the sum of seven thousand dollars ($7,000) annually, pursuant to Section 23462, or if the college ceases to exist, the State shall pay to the heirs or legal representatives of S. C. Hastings, the sum of one hundred thousand dollars ($100,000), and all unexpended accumulated interest, unless the failure is caused by mistake or accident, or the omission of the Legislature to make the appropriation at any one session.

Courses conducted at Sacramento

23464. All courses conducted by the college at Sacramento shall be deemed to be given at the site of the college in San Francisco.

Chapter 4. University of California Police

Peace officers

23501. The Regents of the University of California is authorized and empowered to appoint one or more persons to be members of the University of California police department as such police department is constituted on September 19, 1947, or may thereafter be constituted. Persons employed and compensated as members of said police department, when so appointed and duly sworn, are peace officers; provided, that such officers shall not exercise their powers or authority except (a) upon the campuses of the University of California and an area within one mile of the exterior boundaries of each thereof, and (b) in or about other grounds or properties of the University of California.

Badge

23502. Every member of the University of California police department shall be supplied with, and authorized to wear, a badge bearing the words "University of California Police."

DIVISION 18. STATE COLLEGES

Chapter 1. General Provisions

Objects

23601. The primary function of the state colleges is the training of teachers. State colleges also may offer courses appropriate for a general or liberal education and for responsible citizenship; offer training in engineering, science, and mathematics; offer vocational training in such fields as business, industry, public services, homemaking, and social

service; and offer the preprofessional courses needed by students who plan to transfer to universities for advanced professional study. Courses in military science and tactics may be given in conformance with the laws of the United States made and provided with reference to R. O. T. C. units in educational institutions.

Activities

23602. Each state college may engage in such activities for which provision may hereinafter be made.

Administration of colleges

23603. The several state colleges are in charge of the Director of Education for purposes of administration.

Rules

23604. The State Board of Education shall prescribe rules (a) for the government of the state colleges, and (b) for the reports of officers and teachers of the colleges and for visiting other schools and institutions.

Meeting of State Board of Education

23605. A meeting of the State Board of Education shall be held annually at such time as is determined by the rules of the board to consider and act upon matters pertaining to the several state colleges.

Representative of state college

23606. Each state college may send the president of the institution, or a member of the faculty of the institution, or both to the meeting, in order to submit and discuss matters affecting the training and certification of teachers and make recommendations for the control of the training and certification of teachers.

The actual and necessary expenses incurred by officials in attending the meeting may be audited and paid in the same manner as other bills for the maintenance of the institution.

Matters to be considered

23607. At the joint meeting of the State Board of Education and the representatives of the state colleges, matters affecting the colleges may be presented by members of the board, by the Director of Education and his assistants, and by the representatives of the colleges, and, after due presentation and consideration, the board may adopt rules and regulations for the government of state colleges pursuant to Sections 23601 to 23607, inclusive, Sections 23651 to 23958, inclusive, Sections 24051 to 24703, inclusive, and Sections 24951 to 24954, inclusive.

Agreements for clinical experience and facilities

23608. The Director of Education may contract with any public or private hospital or other public or private institution or agency having clinical facilities for furnishing clinical experience and the use of clinical facilities to the State in connection with approved state college programs requiring such facilities and experience.

Right to contract for television broadcasts

23609. Subject to the approval of State Board of Education, the Director of Education, on behalf of any state college, may enter into contracts, either alone or in co-operation with the governing board of any school district, or a county superintendent of schools with the permission of the governing boards and acting on behalf of such school districts, for the purpose of participating in or the procuring of television broadcasts for use in the educational program of the college.

Nothing contained in this section, however, shall be construed as authorizing the Department of Education or a state college to own, lease, or operate a television broadcasting station.

Agreements with federal agencies

23610 The Director of Finance may enter into agreements with any agency of the Federal Government for the construction of housing and other educational facilities for students and faculties of any college under the jurisdiction of the Department of Education if the director determines that the income, rent and charges for the use of the facilities will be sufficient in amount to repay the principal and interest on the amount secured from the Federal Government for the construction of the facilities. Whenever necessary to secure the full benefits of any federal statutes pertaining to loans or grants to educational institutions for housing and other educational facilities, the director may give such security as may be required and may comply with such conditions as may be imposed by the Federal Government.

CHAPTER 2. ADVISORY BOARDS

State college advisory boards

23651. For each state college, except as otherwise provided in this chapter (Sections 23651 to 23658, inclusive), there shall be an advisory board of not less than seven nor more than thirteen members, who shall be appointed by the Director of Education, subject to confirmation by the State Board of Education. Each member of the advisory board of a state college shall reside in the area in which the college is located. No person shall be appointed to serve as a member of an advisory board who at the time holds any salaried educational position.

Terms of office

23652. The terms of office of the members of each board shall be four years, except as otherwise provided, and they shall hold office until the appointment and qualification of their successors. The terms of the first members of each advisory board shall be fixed by the Director of Education and in such manner as will provide for the expiration each year of the terms of, as nearly as may be possible, one-fourth of the members.

Vacancies

23653. A vacancy shall be filled by appointment by the Director of Education, subject to confirmation by the State Board of Education. The appointee shall hold office only for the balance of the unexpired term.

Chairman and executive secretary

23654. The members of each board shall select a chairman from the members of the board The president of the college shall be the executive secretary of the board.

Consultations

23655. Each board shall consult and advise with the president of the college with respect to the improvement and development of the college

Meetings

23656. Each board shall meet at least once each year and shall meet at such other times as the chairman or executive secretary may designate.

23657. The executive secretary of each board shall keep the Director of Education fully informed with respect to the activities of the board and immediately following each meeting thereof shall forward to the director a complete report of the meeting, including all recommendations made by the board. Reports

23658. The provisions of this chapter (Sections 23651 to 23658, inclusive) do not apply to the California State Polytechnic College. Applicability

CHAPTER 3 STUDENTS

Article 1. Admission and Exclusion

23701. The State Board of Education at the joint meeting of the board and the representatives of the state colleges may adopt rules and regulations for the government of the state colleges in prescribing (a) the standards of admission for students entering the state colleges, and (b) the rules for transfer of students from one state college to another. Standards for admission and transfer

23702. A student for good cause may, upon recommendation of the president of the college from which he seeks to be transferred, enter any other state college and without examination be admitted to classes corresponding to those in the college which he has left. Transfer

23703. Students shall be admitted to the state colleges in accordance with the rules and regulations of the State Board of Education pursuant to this article (commencing at Section 23701). Admission of students

23704. No applicant or student shall be required as a condition to admission or attendance to make a declaration that it is his intention to become a teacher or any declaration to like effect. Declaration of student

23705. An applicant for admission, with or without advanced standing, to a state college who also applies for admission to a teacher training curriculum of the college, or who at the time of applying for admission to a state college states his intention to apply for admission to a teacher training curriculum of the college, shall, upon meeting the requirements for admission to such curriculum and if otherwise qualified, be given preference in admission to the college and no such applicant meeting such conditions shall be denied admission. Admission preference

23706. Teachers holding valid certificates to teach in any county in the State, and such other persons as are qualified for admission under the rules and regulations of the State Board of Education may be admitted to any state college. Qualifications

23707. The Director of Education may on recommendation of the faculty and president of a college exclude students who, because of poor scholarship or other evidence of unfitness, are judged incapable of completing the college course or who violate in any substantial manner generally accepted standards of conduct. Exclusion

Article 2. Students Fees

Fees and deposits

23751. With the approval of the Director of Education, tuition fees and deposits may be required of and collected from students enrolled in state colleges. Special fees to cover cost of materials for specific courses in either regular or summer sessions, other fees as may be determined to be necessary to cover cost of accommodation services and other services provided students, and fees for extension and correspondence courses may be collected if authorized by the Director of Education, but such fees shall not be considered as part of the general tuition fee.

Unexpended portion

23752. The unexpended portion of any fee, as determined by regulations prescribed by the Director of Education and approved by the Department of Finance, collected from a student in any state college may be refunded to such person.

Fees for transcripts

23753. With the approval of the Director of Education, fees may be required of and collected from, applicants for admission to state colleges and from former students of state colleges, for the evaluation of transcripts or furnishing of transcripts. The fee for each evaluation of a transcript or for each transcript furnished shall not exceed two dollars ($2).

Placement service and fee

23754. A placement service may be maintained at any state college for the placement of students and former students of the college. A placement service fee in the amount fixed by the Director of Education may be charged former students using such service.

Appropriation of fees

23755. All fees collected from students in any state college and from other persons under Sections 23603 to 23607, inclusive, Sections 23751 to 23803, inclusive, Sections 24051 to 24104, inclusive, Sections 24451 to 24455, inclusive, and Sections 24581, 24582, and 24601 are hereby appropriated for the support of the state college by which collected in addition to such other amounts as may be appropriated therefor by the Legislature. Such fees shall augment such support appropriation of the state college current at the date of issuance of the State Controller's receipt therefor as may be designated by the state college prior to their deposit in the State Treasury.

Tuition fees

23756 Except as otherwise provided, the total tuition fees charged any student in a state college shall not exceed twenty-five dollars ($25) per year or twelve dollars and fifty cents ($12 50) per semester.

Same Nonresident

23757. An admission fee and rate of tuition fixed by the Director of Education shall be required of each nonresident student. The rate of tuition to be paid by each nonresident student shall not be less than one hundred eighty dollars ($180) per year.

Persons deemed residents

23758. Notwithstanding any provision to the contrary, any person whose parent is in the active military service of the United States of America and is stationed in this State on the opening day of the semester during which the

person proposes to attend the state college shall, for the purposes of Sections 23603 to 23607, inclusive, Sections 23751 to 23803, inclusive, Sections 24051 to 24104, inclusive, Sections 24451 to 24455, inclusive, and Sections 24581, 24582, and 24601, be deemed to be a resident of this State for such semester. Any admission fee or rate of tuition required of such person shall not exceed the amount required of a resident student enrolled in the same course as such person.

"Nonresident student"

23759. "Nonresident student" means any person who has not been a bona fide resident of the State for more than one year immediately preceding the opening day of a semester during which he proposes to attend the state college.

Determination of residence

23760. The residence of each student shall be determined in accordance with the rules for determining residence prescribed by Sections 243 and 244 of the Government Code, except that for the purpose of this section it shall be deemed that the residence of an unmarried minor who has a parent living cannot be changed by either his own act or that of his guardian. Every alien student is deemed to be a nonresident student unless he has been lawfully admitted to the United States for permanent residence in accordance with all applicable provisions of the laws of the United States.

Nothing in this section or in Sections 243 and 244 of the Government Code prevents the Director of Education from causing to be classified as a resident student:

(a) Any citizen of the United States, or any alien who has been lawfully admitted to the United States for permanent residence in accordance with all applicable provisions of the laws of the United States, who has attained his majority according to the laws of this State, and who for a period of one year immediately preceding the opening day of a semester during which he proposes to attend a state college has been entirely self-supporting and actually present in the State, with the intention of acquiring a residence therein.

(b) Any minor child, a citizen of the United States, or any alien, who is a minor child, who has been lawfully admitted to the United States for permanent residence in accordance with all applicable provisions of the laws of the United States, who does not receive and has not for a period of more than one year immediately preceding the opening day of a semester during which he proposes to attend a state college received, directly or indirectly, any support or financial assistance from his father, if the minor lives with his mother, who is and has been for a period of more than one year immediately preceding the opening day of the semester actually present in the State with the intention of making her permanent home therein.

Oaths re residence

23761. The Director of Education shall designate a person employed at each state college to administer oaths or affirmations in connection with the taking of testimony relative to any residence status.

Article 3. Student Organization

Establishment of student body organizations

23801. A student body organization may be established at any state college under the supervision of the college officials for the purpose of providing essential activities closely related to, but not normally included as a part of, the regular instructional program of the college. The activities conducted by such an organization shall be designed to contribute to the development of skill and facility in human relations, the development of leadership ability, and the recreational and social needs of students. The activities may include but shall not be limited to the operation of campus publications, musical organizations, speech and dramatics activities, student government activities, intramural and intercollegiate sports, and the sponsorship of clubs and organizations which are designed for students specializing in various major subject matter areas offered by the college Such an organization may also operate a campus store, a cafeteria, and other projects not inconsistent with the purposes of the college.

Notwithstanding any provisions of law to the contrary, if a student body organization is established at any state college and upon the favorable vote of two-thirds of the students voting in an election held for this purpose, in such manner as the Director of Education shall prescribe, and open to all regular students enrolled in such college, the State Director of Education shall fix a membership fee which shall be required of all regular students attending such college. This required fee may be subject to referendum at any time upon the presentation of a petition to the president of the college containing the signatures of 35 percent of the regularly enrolled students at such college. A successful referendum shall take effect with the beginning of the academic year following that in which the election was held. The director may also fix student body organization membership fees for limited and summer session students attending such college. Such fees shall not be charged to students registering solely in extension classes offered by the college. Each state college student shall pay the required membership fee, or at his option shall agree to work off the amount of the fee at the prevailing student rate of the college, as a prerequisite to enrollment in the college. No student shall be required to pay student body membership fees in an aggregate amount exceeding twenty dollars ($20) annually. The provisions of this section shall apply to any vote held during the spring semester of the 1950-51 school year.

Fees

23802. Notwithstanding any provision of law to the contrary, student body organization membership fees authorized under the provisions of Section 23801 hereof shall be collected by the officials of the college, together with all tuition and material and service fees, at the time of registration. Moneys collected on behalf of student body organizations shall be transmitted by the business manager to the student body treasurer and such moneys may be deposited by said treasurer in local

bank accounts under the jurisdiction of the student body organization.

All moneys received by a state college from any agency of the State or Federal Government for the payment of student body organizations membership fees of students attending the college shall be in a like manner transmitted by the business manager to the treasurer of the student body organization and deposited in local bank accounts as provided above.

Use of fees

23803. All moneys collected by a state college on behalf of a student body organization under the provisions of Sections 23603 to 23607, inclusive, Sections 23751 to 23803, inclusive, Sections 24051 to 24104, inclusive, Sections 24451 to 24455, inclusive, and Sections 24581, 24582, and 24601 shall be available for such purposes of the student body organization as are approved by the State Director of Education. These funds may be drawn against by the appropriate officers of the student body organization for expenditures necessary to carry out the purpose of the organization.

Chapter 4. Courses of Study

Length of courses

23851. The courses of instruction in any state college shall be of such length as may be necessary to fulfill the requirements for the various credentials approved for the teacher-training program of that college by the State Board of Education.

Courses of study

23852. The Director of Education shall:

(a) Establish, with the approval of the State Board of Education, courses for training of teachers in any or all of the subjects for which special credentials of the elementary and secondary grade are granted, and upon the satisfactory completion of these courses grant diplomas of graduation therefrom.

(b) Establish, with the approval of the State Board of Education, such additional teacher-training courses as are authorized by law or by the State Board of Education in accordance with law.

(c) When authorized so to do by the State Board of Education, establish and maintain courses of instruction and teacher-training leading to a baccalaureate degree, and grant the degree.

(d) When authorized so to do by the State Board of Education, establish and maintain courses of instruction leading to a master degree, and grant the degree.

(e) Establish and maintain courses of study only in accordance with the rules and regulations prescribed by the State Board of Education.

Rules

23853. The State Board of Education, at the joint meeting of the board and the representatives of the state colleges, may adopt rules and regulations for the government of the state colleges in the following matters:

(a) The standardizing, as far as the board deems wise and necessary, of the courses of instruction offered in the several state colleges for the preparation of teachers for the public schools of the State.

(b) The establishing and conducting in any or all of the state colleges of courses for the training of teachers in any or all of the subjects for which special certificates of the elementary and the secondary grade may by law be granted.

Military science and tactics

23854. The Director of Education, with the approval of the State Board of Education, may establish at any one or more of the state colleges courses in military science and tactics complying with the laws of the United States made and provided with reference to R. O. T. C. units in educational institutions. No student enrolled in any state college shall be required to enroll in any course in military science and tactics.

Bond

23855. The Director of Education is authorized to give in the name of the State of California such bond as may be required by the Federal Government or any officer or agency thereof, for the care, safekeeping, and return of property of the United States issued to any state college for the Reserve Officer Training Corps unit maintained at such state college.

Model and training schools

23856. The Director of Education may establish and maintain model and training schools of the kindergarten, elementary, and intermediate or junior high school grade, and require the students of the state colleges to teach and instruct classes therein.

Alcohol and narcotics

23857. In all teachers' training classes in the state colleges, adequate time and attention shall be given to instruction in the best methods in teaching the nature of alcohol and narcotics and their effects upon the human system.

Agriculture

23858. Such state colleges as are designated by the State Department of Education to do so, shall prepare students to become teachers of elementary agriculture.

The amount of time devoted to such preparation shall be equal to that devoted by the state colleges to preparation for the teaching of any other subject taught in the public elementary schools.

Fire prevention

23859. The State Board of Education in standardizing the courses of instruction offered in the several state colleges shall prescribe a course of fire prevention, and shall make the completion of the course a requirement for graduation.

Physical education

23860. The State Board of Education in standardizing the courses of instruction offered in the several state colleges shall prescribe a course in physical education. The completion of the course shall be a requirement for graduation unless an exemption shall have been granted as herein provided. The president of each state college may grant temporary exemption to students who are ill or injured where a modified program to meet the needs of the students cannot be provided, and to students while enrolled for one-half, or less, of the work normally re-

quired of full-time students. Permanent exemption may be granted a student who has reached his twenty-fifth birthday.

23861. A student enrolled in a course in military science and tactics shall be given the same credit as though enrolled in the course in physical education. The receipt by the student of the same number of credits he would have received had he successfully completed the prescribed course in physical education is deemed to be the equivalent of the completion of the required course in physical education. Credit

23862. The State Board of Education may establish in any one or more of the state colleges courses for the giving of adequate instruction in the best methods of testing sight and hearing of public school pupils. Teaching sight and hearing

23863. The Department of Education may authorize the establishment of a teacher training program for teachers of speech correction, lip reading, the deaf, the blind, spastics, physically handicapped, and mentally retarded at a state college. Training program for teachers of handicapped

23864 A state college may, with the approval of the Director of Education, annually conduct and maintain a summer session. Summer session

23865. Tuition fees adequate, in the long run, to meet the cost of maintaining summer sessions in the state colleges shall be required of, and collected from, students enrolled in each such summer session under and pursuant to rules and regulations prescribed by the Director of Education. Tuition fees

23866. Special fees to cover cost of materials for specific services and other fees to cover the cost of accommodation services and other services provided students, may be collected, if authorized by the Director of Education, from students enrolled in each summer session. Special fees

CHAPTER 5. TEXTBOOKS AND EQUIPMENT

23901. The State Board of Education, at the joint meeting of the board and the representatives of the state colleges, may adopt rules and regulations for the government of the state colleges in prescribing the use, in the grades and classes for which they are adopted, of the state series of textbooks. Textbooks

23902. The Director of Education shall provide for the purchase of apparatus, furniture, equipment, stationery, and textbooks for the use of the students of state colleges. The provisions of Article 1 of Chapter 4 of Division 5 of Title 1 of the Government Code shall not apply to the purchase of musical instruments made pursuant to this section. Purchase

23903. A wind tunnel and necessary appurtenances may be erected and maintained on the campus of the San Diego State College for use in the study of problems relating to aircraft. Wind tunnel

The wind tunnel and appurtenances may be erected and maintained by the Federal Government, or by any agency

thereof, or may be erected and maintained through funds granted to the State, or any agency thereof, by the Federal Government, or any agency thereof. The construction, maintenance, and use thereof shall, in any case, be subject to such terms and conditions as are agreed upon by the Federal Government or any of its agencies and the Director of Education.

The wind tunnel and appurtenances may be leased, in the manner provided by law, to industries engaged in furnishing supplies and materials to the Federal Government, or any agency or agencies thereof, and to educational institutions.

CHAPTER 6. GRADUATION AND DEGREES

Standards

23951. The State Board of Education at the joint meeting of the board and of the representatives of the state colleges may adopt rules and regulations for:

(a) The determination of the time and standards for graduation from the state colleges except that no student who is not a candidate for a teaching credential shall be required as a condition to graduation or otherwise to enroll in more than six units of pedagogy.

No student shall be required as a condition to graduation, or for any other purpose, to enroll in any course in military science and tactics.

(b) The prescribing of standards for the granting of designated baccalaureate and master degrees by the state colleges.

(c) The establishing of standards for the maintenance of collegiate and degree-granting status by any of the state colleges.

(d) The authorizing of any state college, upon its application therefor and upon proper showing that it has met the standards established and prescribed, to grant baccalaureate and master degrees.

Diplomas and master degrees

23952. The Director of Education, upon the recommendation of the faculty, may issue to those students, who worthily complete the full course of study and training prescribed, diplomas of graduation and master degrees from any of the courses of study and training authorized by law.

Board of examiners for vocational teachers

23953. There is hereby created a board of examiners for vocational teachers. The board shall consist of the Commission for Vocational Education, as created and established by the State Board of Education and two other members, selected by the Superintendent of Public Instruction and Director of Education who are presidents of state colleges and who shall hold office at the pleasure of the Superintendent of Public Instruction and Director of Education.

Powers

23954. The board shall set up an examination or shall evaluate the qualifications of vocational teachers desirous of qualifying for the baccalaureate degree. The evaluation shall be based upon the education, completion of approved vocational teacher training, occupational experience, supervisory

experience, and managerial experience of the candidate. The board is authorized to recommend to state colleges the number of units to be allowed towards a baccalaureate degree, but shall not recommend that a candidate be granted more than 40 units for occupational experience, supervisory experience and managerial experience. The evaluation shall be at the discretion of the board.

Recommendation for degree

23955. On the basis of the examination and an evaluation of the candidate's experience and other qualifications made by the board, it shall recommend the granting of a baccalaureate degree in vocational arts by any state college.

Qualifications

23956. Any candidate for a baccalaureate degree shall be a high school graduate, shall have had not less than seven years actual experience in the trade or occupation in which he desires to qualify, and shall have had a minimum of 1,620 hours teaching experience in an approved vocational class, or 1,000 hours teaching experience in an approved trade extension class.

In lieu of the educational qualifications, the board may evaluate and make recommendations concerning such other qualifications as it deems applicable for persons lacking the formal educational qualifications.

Meetings

23957. All meetings of the board shall be open and public.

Records

23958. All records of the board shall be open to inspection by the public during regular office hours.

CHAPTER 7. FINANCE

Article 1. Revenues

Gifts to state colleges

24001. Notwithstanding any other provision of law, the president of a state college may, without the approval of the Director of Finance, accept gifts of money impressed with a condition that the same shall be used as a student loan fund for, or that the same shall be used to provide scholarships for, students attending courses offered by the college. The president shall cause such moneys to be deposited in a trust account in accordance with the provisions of Government Code Sections 16305-16305.7. He may expend, loan, or otherwise administer such moneys in accordance with the terms of the gifts.

Article 2. Expenditures and Control

Expenditure of money

24051. The Director of Education shall control and expend all moneys appropriated for the support and maintenance of the state colleges, and all moneys received as donations.

Accreditation costs

24052. The Director of Education shall, from any moneys appropriated for the support and maintenance of a state college, pay the necessary expenses of individuals assigned by accreditation associations or organizations to investigate and evaluate a college for purposes of accreditation and to pay the

fees required by accreditation associations or organizations for each college accredited by or belonging to each such association or organization.

Rules

24053 The Director of Education shall prescribe rules and regulations subject to the approval of and audit by the Department of Finance covering the collection, custody, and disposition of any and all moneys collected by any state college.

CHAPTER 8. CONTROL OF PROPERTY

Lease of property

24101. The Director of Education, subject to the approval of the Department of Finance, may lease any property of a state college to a nonprofit organization composed exclusively of students of the college or of members of the faculty of the college, or of both, for purposes related to the activities of the college or to activities of organizations of students or members of the faculty.

Same

24102. The Director of Education, with the approval of the Director of Finance, may lease land of a state college to any nonprofit organization, including but not limited to fraternities, sororities, and student clubs, for the purpose of constructing and using thereon buildings as living quarters for students of the state college and buildings as meeting places for organizations composed of students of the state college Such leases shall be for a period of not to exceed 99 years and otherwise upon such terms and conditions as shall be in the best interest of the State.

Same

24103. The president of a state college, with the approval of the Director of Education and Director of Finance, may let any property of the state college for any purpose which will not interfere with the requirements of the state college. The Director of Education and the Director of Finance may each exempt from the requirement of his approval under this section certain types or classes of transactions and authorize the entering into of such transactions without submitting them for his approval.

Any rental received under this section shall be deposited in the State Treasury and credited to the support appropriation or appropriations of the college current during the period of occupancy.

Driver training insurance

24104. The Department of Education may insure the owner of any motor vehicle used in driver training and employees of state colleges and the students instructed by them against any liability, other than a liability which may be insured against under Division 4 of the Labor Code, for injuries or damages resulting from the negligent operation of any motor vehicle while such motor vehicle is operated by the employees or by students in connection with the giving of instruction in the operation of motor vehicles within the curricula of the state college.

CHAPTER 9. EMPLOYEES

Article 1. Faculty

24201. The president of each state college shall be appointed by the Director of Education subject to the approval of the State Board of Education. President

24202. Except as otherwise provided, the members of the teaching staff of each state college and all officers and employees of the college shall be appointed by the Director of Education, subject to the approval of the State Board of Education, only upon the recommendation of the president of the college Temporary appointments may be made by the director to remain in force until the next meeting of the Board of Education. Student assistants, instructors for extension service, and members of the teaching staff of a state college summer session and officers and employees of such session shall be appointed by the Director of Education upon the recommendation of the president of the college. Members of teaching staff

24203 Upon separation from service, without fault on his part, an employee of a state college is entitled to a lump sum payment as of the time of separation for any unused or accumulated vacation or for any time off to which he is entitled by reason of previous overtime work where compensating time off for overtime work is provided for by the appointing power or by rules of the State Personnel Board. Payment upon separation

Such sum shall be computed by projecting the accumulated time on a calendar basis so that the lump sum will equal the amount which the employee would have been paid had he taken the time off but not separated from the service. Persons separated from service through fault of their own are entitled to a lump sum payment for such compensating time off for overtime work, similarly computed, and in addition, such portion, if any, of unused vacation as the Director of Education may determine.

24204 The duties of all presidents, members of teaching staff, officers and employees of state colleges shall be prescribed and fixed by the director, subject to the approval of the State Board of Education. The State Personnel Board shall establish and adjust the salaries of all presidents, members of teaching staff, officers, and employees of state colleges in the same manner and following the same procedures as in the establishment and adjustment of state civil service salaries The State Personnel Board shall establish and adjust the classifications of all presidents, officers, and employees of the state colleges in the same manner and following the same procedures as in the establishment and adjustment of state civil service classifications, except that all positions filled on an academic year employment basis, positions as vocational instructors, and positions as teachers and instructors filled on a fiscal year basis shall be classified by the director. Professors or instructors of military science and tactics courses in charge of any R. O. Duties and salaries

T. C. units which are established in any state college are not, for the purpose of this article (commencing at Section 24201), considered members of a faculty or teaching staff in the state college, but have the status and prerogatives in respect to the respective faculties of the state colleges in which R. O. T. C. units are established, of similar professors or instructors in respect to the faculty of the University of California.

Community relation responsibilities Budget

24205. The president of each state college may budget an amount to be expended in accordance with rules and regulations adopted by the State Board of Control for use in carrying out the community relation responsibilities of his office as defined by the State Board of Education.

Term of appointment

24206. After the president, a member of the faculty, or other employee, has served successfully and acceptably in the college for a period of two years, his appointment thereafter may, at the discretion of the State Board of Education, be made for a term not to exceed four years, unless removed for cause.

Termination of appointment

24207. The employment of any employee of a state college, excepting those employees who on October 1, 1949, were and now are members of the State Teachers' Retirement System, shall terminate on the first day of the calendar month next succeeding that in which he attains age 70, except as follows:

(a) Any person who is employed in a teaching capacity on a semester or school-year basis may elect to continue in active service until the end of the semester or school year during which he attains age 70.

(b) A state college president may elect to continue in active service until the end of the quarter, semester, or academic year during which he attains age 70.

(c) Any person who is an academic teaching and administrative employee, as defined in Section 24301(1)(e), may elect to continue in active service until the end of the quarter, semester, or academic year during which he attains age 70.

Additional compensation

24208. If a member of the faculty of a state college is engaged to instruct in extension work, evening work, special Saturday work, or summer session work, he may receive such additional compensation as is agreed upon by the State Board of Education.

Leaves of absence

24209. The Director of Education, on the recommendation of the president of a state college, may grant a leave of absence without compensation, for not to exceed one year, to any employee of the state college not serving in the state civil service, after he has been employed by the state college for not less than one year.

Extension of leave

24210. A leave of absence granted pursuant to Section 24209 to any person may be extended for not to exceed one year by the Director of Education on the recommendation of the president of the state college in which the employee is employed except that during any national emergency declared by the President of the United States of America, such a leave

of absence may be extended from year to year by the Director of Education on the recommendation of the president of the state college in which such employee is employed.

Reinstatement

24211. Upon the expiration of the leave of absence the person to whom the leave of absence was granted is entitled to reinstatement in the position he held at the time the leave of absence was granted him, if the position is still in existence, or to any other comparable existing vacant position for which he is qualified.

Noncivil service employees in active military service, etc.

24212. Every employee of a state college not serving in the state civil service who has entered or who hereafter enters the active military service of the United States of America or of the State of California, including active service in any uniformed auxiliary of, or to, any branch of such military service created or authorized as such auxiliary by the Congress of the United States of America or by the Legislature of the State of California, or in the full-time paid service of the American Red Cross, during any period of national emergency declared by the President of the United States of America or during any war in which the United States of America is engaged, shall be deemed to have been entitled or shall be entitled to absent himself from his duties as an employee of the college.

Within six months after such employee honorably leaves such service or has been placed on inactive duty he shall be entitled to return to the position held by him at the time of his entrance into such military service, at the salary to which he would have been entitled had he not absented himself from his duties as an employee of the college under this section.

Article 2. Leaves of Absence

Employees Leaves of absence

24251. The Director of Education may grant an employee of a state college not in state civil service a leave of absence for not to exceed one year for the purpose of permitting study or travel by the employee which will benefit the college and the students thereof.

Requirements

24252. No leave of absence shall be granted to any employee under this article (commencing at Section 24251) who has not been employed in a state college for at least six consecutive years preceding the granting of the leave of absence, and not more than one such leave of absence shall be granted in each six-year period; provided, if any employee is granted a leave of absence without pay the time necessary to qualify for a leave of absence under this article (commencing at Section 24251) shall be extended by the amount of time that such employee is on leave of absence without pay. The Director of Education may, subject to the rules and regulations of the State Board of Education, prescribe the standards of service which shall entitle the employee to the leave of absence.

Limitation on leaves

24253. Not more than 5 percent of the employees of any state college having the rank of assistant professor or higher or the equivalent thereof shall be granted leaves of absence

under this article (commencing at Section 24251) for the same or overlapping periods of time.

Compensation

24254. Except as otherwise provided in Section 24255 every member of the faculty of a state college granted a leave of absence under this article (commencing at Section 24251) may be required to perform such services during the leave of absence as the State Director of Education, with the approval of the State Director of Finance, and the faculty member may agree upon in writing and the faculty member shall receive as compensation for such services the difference between his salary and the salary of the person employed to fill the position held by him prior to the granting of the leave of absence

Same

24255 A member of the faculty of a state college having a rank not lower than that of assistant professor or the equivalent thereof in the case of a state college not ranking the members of its faculty on a professorial scale or ranking members of its faculty on both a professorial and equivalent instructor scale and vocational instructor scale, and eligible for a leave of absence under this article (commencing at Section 24251), may be granted a leave of absence for six months with full pay or a leave of absence for one year with one-half pay for the purpose of such study as the Director of Education shall approve.

No leave of absence shall be granted to any faculty member under this section who has not been employed full time for at least six consecutive years in a state college, and not more than one such leave of absence shall be granted in each six-year period. Not more than 5 percent of the eligible faculty of any state college as defined in this section shall be granted leaves of absence in any one year; provided, however, a minimum of one faculty member of each college shall be eligible for a leave of absence. Whenever the 5 percent computation results in a fraction of 50 percent or more of a faculty member being eligible a faculty member shall be eligible for such fraction. The computation of the total number eligible for leave of absence under this article (commencing at Section 24251) for any academic year shall be made on March 1st of the preceding academic year.

Payment

24256. Compensation granted an employee on leave of absence under this article (commencing at Section 24251) may be paid in two equal annual installments during the first two years of service rendered in the employ of the state college, following the return of the employee from the leave of absence The compensation shall be paid the employee while on the leave of absence in the same manner as if the employee were serving in the college, upon the furnishing by the employee of a suitable bond indemnifying the State of California against loss in the event the employee fails to render at least two years' service in the college, following the return of the employee from the leave of absence. The bond shall be exonerated in the event the failure of the employee to return, and render two years of service is caused by the death or physical or mental

disability of the employee. If the State Board of Education finds and by resolution declares that the interests of the State of California will be protected by the written agreement of the employee to return to the service of the college and render at least two years' service therein following his return from the leave of absence, the State Board of Education, in its discretion may waive the furnishing of the bond and order payment of the employee on leave of absence in the same manner as though a bond is furnished.

If the Director of Education determines that the best interests of the State will be so served, he may grant to such employee one leave of absence without pay, not to exceed one year, at any time following the completion of a leave of absence with pay pursuant to this article (commencing at Section 24251). Time spent on such leave of absence without pay shall not be credited toward the two years' service required by this section following a leave of absence with pay.

Reinstatement in position

24257. At the expiration of the leave of absence of the employee, he shall, unless he otherwise agrees, be reinstated in the position held by him at the time of the granting of the leave of absence.

Liability of State, etc.

24258. The State of California and the officers and employees thereof shall be freed from any liability for the payment of any compensation or damages provided by law for the death or injury of any employee of the state college when the death or injury occurs while the employee is on leave of absence granted under the provisions of this article (commencing at Section 24251).

Credit toward retirement

24259. The time during which an employee of a state college is on leave of absence shall not be credited toward retirement under any retirement system of the State except that if such employee receives compensation during such leave of absence as provided in this article (commencing at Section 24251) the time for which he receives such compensation shall be credited toward retirement. In no event shall the period of any leave of absence granted under this article (commencing at Section 24251) be construed as a break in the continuity of service required toward retirement.

Article 3. Appointment, Tenure, Layoff and Dismissal of Employees Not in State Civil Service

Definitions

24301. (1) Unless context otherwise requires, the definitions hereinafter set forth shall govern the construction of this article (commencing at Section 24301).

(a) Director. Director means the State Director of Education.

(b) President. President means the president of each state college.

(c) College. College means each state college.

(d) Employee. Employee means any employee of a state college not serving in state civil service.

(e) Academic Teaching and Administrative Employee. Academic teaching and administrative employee means an employee of the rank of professor or lower, department heads and division heads whose principal duty is teaching at the state college and an employee whose principal duty is connected with the administration of the teaching program or related service, and includes, but is not limited to deans, business managers, admission officer, registrar, placement officer and professional librarians.

(f) Nonacademic Employee. Nonacademic employee means all employees not serving in state civil service who are not classed as academic teaching and administrative employees, including, but not limited to maintenance men, craftsmen, stenographic and clerical employees.

(g) Dismissal. Dismissal means dismissal for cause.

(h) Layoff. Layoff means separation from a position for lack of funds or lack of work.

(i) Probation. Probation is the period an employee must serve before becoming entitled to permanent employment.

(j) Permanent. Permanent means that the employee has a right to continued employment at the particular college unless dismissed or laid off.

(2) This article (commencing at Section 24301) does not apply to employees serving in state civil service.

(3) This article (commencing at Section 24301) does not apply to state college presidents.

(4) This article (commencing at Section 24301) does not apply to employees of the California State Polytechnic College

(5) This article (commencing at Section 24301) does not apply to student assistants.

Appointment

24302. Except as otherwise provided, every employee of the state college shall be appointed by the director, subject to the approval of the State Board of Education, only upon the recommendation of the president of the college.

(a) Every academic teaching and administrative employee so appointed shall be appointed for an academic year. Temporary academic employees may be appointed for a shorter period but all such temporary appointments shall terminate not later than the close of the academic year in which appointed If an academic teaching or administrative employee serves full time for three successive academic years at the state college and is reappointed for a fourth successive academic year, the said employee shall thereupon become a permanent academic teaching and administrative employee at the same level and salary step or higher.

(b) Every nonacademic employee so appointed shall be appointed for one year which is a probationary period. On reappointment for the second year, the said employee shall be permanent at the same level and salary step or higher salary step as at completion of the said probationary year.

Same: Preference

24303. All vacant positions at each state college shall, as far as practicable and consistent with the best interest of the

college be filled from qualified employees serving in lower positions in the same or related series.

24304. (a) An academic teaching and administrative employee shall be required to serve only one probationary period during employment at the college. Promotions or demotions within this academic group at the college shall not require any probationary period. When an academic teaching or administrative employee who has completed his probationary period is promoted, he shall be deemed to have all rights provided by this article (commencing at Section 24301) in the higher academic rank. In the event an academic employee is promoted to a higher academic rank during his probationary period, such promotion shall not extend the probationary period. The employee will receive his rights under this article (commencing at Section 24301) upon completion of three continuous years of service as an academic employee. Probationary period

(b) Any nonacademic employee shall be required to serve only one probationary period to gain permanent status in a position or in a substantially similar position at the state college; however, in the event such an employee is promoted to a position with substantially different duties or to a position that requires additional duties and abilities, the said employee shall serve a probationary period; provided that, if the said employee does not become permanent in the new position, the employee shall have the right to return to any class at the college in which the employee was permanent.

24305. The Director of Education shall adopt rules prescribing the form, time and method of notice of rejection at any time during probationary period to any probationary nonacademic employee, or notice of intention not to recommend reappointment of an academic teaching and administrative employee for the succeeding year to any such employee not having permanent status. Notice of rejection

24306. A permanent or probationary academic teaching and administrative employee may be dismissed or demoted and nonacademic employees may be dismissed, demoted or suspended for the following causes: Dismissal or demotion

(a) Immoral or unprofessional conduct.

(b) Dishonesty.

(c) Incompetency.

(d) Physical or mental unfitness for position occupied.

(e) Failure or refusal to perform the normal and reasonable duties of the position.

(f) Conviction of a felony or any crime involving moral turpitude.

24307. "Unprofessional conduct" as used in Section 24306 includes, but is not limited to: "Unprofessional conduct"

(a) Membership in, or active support of, a "communist front," a "communist action" organization, or a communist organization, as those terms are now defined in the act of the Congress of the United States designated as "Internal Security Act of 1950."

(b) Persistent active participation in public meetings conducted or sponsored by an organization mentioned in subdivision (a) of this section.

(c) Wilful advocacy of the overthrow of the Government of the United States or of the State, by force, violence or other unlawful means, either on or off the campus.

(d) Wilful advocacy of communism, either on or off the campus, for the purpose of undermining the patriotism of pupils, or with the intent to indoctrinate any pupil with communism or inculcate a preference for communism in the mind of any pupil.

Notice of dismissal or demotion

24308. Notice of dismissal, demotion or suspension for cause shall be in writing, signed by the director and be served on the employee, setting forth a statement of causes, the events or transactions upon which the causes are based, the nature of the penalty and the effective date, and a statement of the employee's right to answer within 30 days and request a hearing before the State Personnel Board.

Hearing

24309. Any employee dismissed, suspended, or demoted for cause may request a hearing by the State Personnel Board by filing such a request, in writing, with the board within 30 days of being served with the notice. The request may be on the grounds that the required procedure was not followed; that there is no ground for dismissal, suspension, or demotion; that the penalty is excessive, unreasonable, or discriminatory; or that the employee did not do the acts or omissions alleged as the events or transactions upon which the causes are based; that the acts or omissions alleged as the events or transactions upon which the causes are based were justified. The State Personnel Board shall hold a hearing, following the same procedure as in state civil service proceedings and shall render a decision affirming, modifying or revoking the action taken. In a hearing the burden of proof shall be on the party taking the dismissal action.

Restoration to position

24310. In the event the dismissal, suspension or demotion is revoked or modified by the State Personnel Board, the employee shall be restored to his position in accord with the said decision, and shall be paid back salary equal to that which the employee would have earned if continuously employed in accord with the decision.

Absence without leave

24311. Absence without leave, whether voluntary or involuntary, for five consecutive working days is an automatic resignation from state service, as of the last date on which the employee worked.

A permanent or probationary employee may within 90 days of the effective date of such separation file a written request with the State Personnel Board for reinstatement; provided, that if the appointing authority has notified the employee of his automatic resignation, any request for reinstatement must be in writing and filed within 15 days of the service of notice of separation. Notice may be personally served or it may be served by mail to the last known residence or business address of the addressee and is complete on mailing. Proof of service,

either personal or by mail, shall be made by affidavit. Reinstatement may be granted only if the employee makes a satisfactory explanation to the board as to the cause of his absence and his failure to obtain leave therefor, and the board finds that he is ready, able, and willing to resume the discharge of the duties of his position or, if not, that he has obtained the consent of his appointing power to a leave of absence to commence upon reinstatement.

An employee so reinstated shall not be paid salary for the period of his absence or separation or for any portion thereof.

Regulations re layoffs

24312. The director shall adopt regulations for determination of the order in which employees shall be laid off for lack of funds or because of lack of work. To the extent the director shall deem practical such regulations shall provide for layoff in the inverse order of employment.

The director shall adopt rules governing the re-employment of employees laid off, pursuant to this section To the extent the director deems practical, such regulations shall include provision that for a period of five years following layoff, an employee shall have a preferential right to re-employment in the same or a comparable position at the college, in the event of a vacancy. This preferential right shall give the employee laid off the right to re-employment in a position comparable to that from which he was laid off over any person not employed at the college at the time the particular employee was laid off.

The director, in adopting regulations under this section shall proceed in accord with the provisions of Chapter 4, Part 1, Division 3, Title 2 of the Government Code.

Part-time employment

24313. A permanent employee may, with his consent and the approval of the president of the college and the director, be employed at less than full time and retain permanent status; provided, seniority credit and any other credit shall be gained only in the proportion the actual time employed is to full-time employment in the position.

Permanent employment

24314. Those employees now having rights to automatic reappointment from year to year shall, on September 9, 1953, be permanent employees in appropriate groups, pursuant to this article (commencing at Section 24301). Employees not having an automatic right to reappointment shall be affected as follows:

(a) Academic teaching and administrative employees shall receive credit toward permanent employment for all full time thus far served.

(b) Nonacademic employees who have served less than one year shall become permanent on completion of one year of service from date of appointment, but in no case at an earlier date than 60 days after September 9, 1953. Nonacademic employees who have served more than one year, but less than three years, shall become permanent if retained in employment for 60 days following September 9, 1953. During the sixty (60) day period employment may be terminated by giving written notice thereof.

Temporary appointments

24315. Nothing in this article (commencing at Section 24301) shall be deemed to preclude the employment of an employee on a temporary, full- or part-time basis for a period of less than one year, or appointment of student assistants, instructors for extension service, and members of the teaching staff of a state college summer session and officers and employees of each such session who shall be appointed by the Director of Education upon the recommendation of the president of the college; providing, however, that a nonacademic employee given temporary appointment and who serves more than one year shall be considered, for the purposes of this article (commencing at Section 24301), a permanent employee.

Rights upon transfer to new state college

24316. Whenever a new state college is established and an employee is transferred from an existing college to the newly established college before or during the first academic year of the newly established college, each employee so transferred shall be entitled to retain all sickness and injury, sabbatical and other leave rights and all seniority and tenure rights accumulated as an employee of the existing college as though the rights had been accumulated as an employee of the newly established college.

CHAPTER 10. EDUCATIONAL ACTIVITIES

Attendance at institutes

24351. The Director of Education may authorize the president of any college, or any member of the faculty of his college designated by him, to attend any county institute as a lecturer or instructor, or to attend other educational meetings and conferences.

Education of veterans

24352. The Director of Education is authorized to do any and all things required or authorized to be done by him or by any school or college under the jurisdiction of the Department of Education under any agreement entered into by him under Sections 6301 to 6306, inclusive, of this code including, but not limited to, the purchase of books, supplies and equipment for veterans educated in such school or college under such agreement.

Extension and field services

24353. The Director of Education shall authorize the president of any state college to establish extension and field services, including extension courses, workshops, conferences, and institutes.

Laboratory demonstration elementary school

24354. The Director of Education, with the approval of the Director of Finance, and the governing board of any school district within which a state college is located, may enter into an agreement providing for the leasing by the State of a school building of the school district for use by the state college as a laboratory demonstration elementary school on such terms and conditions as may be agreed upon by the Director of Education and the governing board of the elementary school district except as otherwise herein provided.

Lease of school building

24355. The lease may be for a period of not to exceed 20 years and shall in addition to any other terms and con-

ditions set forth therein (a) require the school district to maintain the building at its own expense, (b) require the state college to maintain a school therein open to pupils of the school district residing in the attendance district for the school as established by the governing board of the district, and (c) require the school district to pay annually to the State on or before the end of each fiscal year an amount determined by computing the current expenditures per pupil in the elementary schools of the district for the fiscal year and multiplying the amount so computed by the average daily attendance for the fiscal year in the school in excess of 400.

Average daily attendance Crediting

24356. Only the average daily attendance in the school in excess of 400 shall be credited to the school district.

Same Computation

24357. The average daily attendance of pupils in the school shall be computed separately in the same manner as the average daily attendance in other schools of the same grade maintained by the school district.

CHAPTER 11. HOUSING AND AUXILIARY SERVICES

Article 1. Housing—General

Student housing facilities

24451. Student housing facilities may be established and maintained at any state college for the accommodation of students of the college.

Same Unmarried minors

24452. The president of a state college, with the approval of the Director of Education, may require unmarried minor students of the state college, not living with a parent or guardian, to reside in private homes or other dwellings approved by the college, or to occupy student housing facilities provided at the college by the State.

Rents, etc.

24453. The Director of Education, with the approval of the Director of Finance, shall fix the rents, charges, and fees to be required of students utilizing student housing facilities operated by a state college, but such rents, charges, and fees shall be fixed to yield not less than the annual revenue required to meet annual operating and maintenance expenses, including repairs and the replacement of equipment.

All rents, charges, and fees collected by any state college pursuant to this section shall be paid into a working capital revolving fund in the State Treasury, to be designated the College Auxiliary Enterprise Fund, which fund is hereby created.

All money in the College Auxiliary Enterprise Fund is hereby appropriated to the department for the maintenance, repair, and operation of student housing facilities established under the provisions of this section and for the construction, including repayment of loans or advances for initial costs, improvement, and equipment of such student housing facilities pursuant to the provisions of this section, and for the payment of refunds of rents, charges, and fees to any person

entitled thereto, as determined by the department in accordance with law.

Refunds

24454. Rents, charges, and fees collected in error may be refunded by the Department of Education in accordance with regulations prescribed by the Director of Education and approved by the Department of Finance.

Refunds of rents, charges, and fees collected for facilities requested by students and not utilized by them may be made for good cause by the Department of Education in such amounts and under such conditions as may be prescribed by regulations adopted by the Director of Education and approved by the Director of Finance.

Applicability

24455. The provisions of Sections 24453 and 24454 shall not apply to student housing facilities provided for by Sections 24501 to 24567, inclusive, or to student housing facilities at the California State Polytechnic College until the time that student housing facilities funded by the Budget Act of 1957 are available for occupancy.

Article 2. The State College Revenue Bond Act of 1947

Short title

24501 This article may be cited as "The State College Revenue Bond Act of 1947."

Definitions

24502. The following terms wherever used or referred to in this article (commencing at Section 24501), or in any indenture entered into pursuant hereto, shall have the following meanings, respectively, unless a different meaning appears from the context:

(a) "Board" means the State Board of Education of the State of California.

(b) "State college" means a state college maintained under the authority of this code.

(c) The term "project" means any one or more dormitories or other housing facilities or boarding facilities owned or operated or authorized to be acquired, constructed, furnished, equipped and operated by the board for use by students, faculty members or other employees of any one or more state colleges, or a combination of such facilities, which may include facilities already completed and facilities authorized for future completion, designated by the board as a project in providing for the issuance of revenue bonds.

(d) The term "bonds" or "revenue bonds" means the written evidence of any obligation issued by the board with the approval of the State Board of Control, payment of which is secured by a pledge of revenues or any part of revenues, as provided in this article (commencing at Section 24501), in order to obtain funds with which to carry out the purposes of this article (commencing at Section 24501), irrespective of the form of such obligations.

(e) The term "revenues" means and includes any and all fees, rates, rentals and other charges received or receivable in connection with, and any and all other incomes and receipts

of whatever kind and character derived by, the board from the operation of or arising from a project, including any such revenue as may have been or may be impounded or deposited in any fund in the State Treasury created by this article for the security of any revenue bonds issued hereunder, or for the purpose of providing for the payment thereof or the interest thereon.

(f) The "holder of bonds" or "bondholder" or any similar terms shall mean any person who shall be the bearer of any outstanding revenue bond or bond registered to bearer or not registered or the registered owner of any such outstanding revenue bond or bond which shall at the time be registered other than to bearer.

(g) The term "indenture" means an agreement entered into by the board pursuant to which revenue bonds are issued, regardless of whether such agreement is expressed in the form of a resolution of the board or by other instrument

(h) The term "person" includes any individual, firm, corporation, association, copartnership, trust, business trust or receiver or trustee or conservator for any thereof, but does not include this State or any public corporation, political subdivision, city, county, district or any agency thereof or of this State.

(i) (a) The present tense includes the past and future tenses; and the future, the present.

(b) The masculine gender includes the feminine and neuter.

(c) The singular number includes the plural, and the plural the singular.

(d) "Shall" is mandatory and "may" is permissive.

Powers of State Board of Education

24503 The board, for the purposes of this article (commencing at Section 24501), has power and is hereby authorized, in addition to and amplification of all other powers conferred upon said board by the Constitution of the State of California or by any statute of the State of California:

(a) To acquire subject to the Property Acquisition Law, Part 11 of Division 3 of Title 2 of the Government Code, by grant, purchase, gift, devise, lease, or by the exercise of the right of eminent domain, and to hold and use any real or personal property necessary or convenient or useful for the carrying on of any of its powers pursuant to the provisions of this article (commencing at Section 24501).

(b) To construct, operate and control any project.

(c) To fix rates, rents or other charges for the use of any project acquired, constructed, equipped, furnished, operated or maintained by the board, or for services rendered in connection therewith, and to alter, change or modify the same at its pleasure, subject to any contractual obligation which may be entered into by the board with respect to the fixing of such rates, rents or charges.

(d) To enter into covenants to increase rates or charges from time to time as may be necessary pursuant to any such

contract or agreement with the holders of any bonds of the board.

(e) At any time and from time to time, with the approval of the State Board of Control, to issue revenue bonds in order to raise funds for the purpose of establishing any project or of acquiring lands for any project, or of acquiring, constructing, improving, equipping or furnishing any project, or of refinancing any project, or for any combination of such purposes, which bonds may be secured as hereinafter provided.

(f) To exercise, subject to the Property Acquisition Law, Part 11 of Division 3 of Title 2 of the Government Code, the right of eminent domain for the condemnation of private property or any right or interest therein.

(g) To adopt such rules and regulations as may be necessary to enable the board to exercise the powers and to perform the duties conferred or imposed upon the board by this article (commencing at Section 24501).

(h) Nothing contained in this section or elsewhere in this article shall be construed directly or by implication to be in anywise in derogation of or in limitation of powers conferred upon or existing in the board by virtue of provisions of the Constitution or statutes of this State.

Validity of revenue bonds

24504. The validity of the authorization and issuance of any revenue bonds by the board, with the approval of the State Board of Control, is not dependent on nor affected in any way by:

(a) Proceedings taken by the board for the acquisition, construction or completion of any project or any part thereof.

(b) Any contracts made by the board in connection with the acquisition, construction or completion of any project.

(c) The failure to complete any project for which bonds are authorized to be issued.

Obligations of revenue bonds

24505. The board, with the approval of the State Board of Control, shall issue revenue bonds in its name and as its obligation, but no bond issued or sold pursuant to this act shall be or become a lien, charge or liability against the State of California or against the board or against the property or funds of either, except to the extent of the pledge of revenues or part of revenues of the project, as may be provided by the indenture pursuant to which revenue bonds are issued, and every such bond issued by the board shall contain a recital on the face thereof, stating that neither the payment of the principal nor any part thereof, nor any interest thereon, constitutes a debt, liability or obligation of the State of California.

Time, etc., of bond insurance

24506. The board, with the approval of the State Board of Control, shall determine the time, form and manner of the issuance of revenue bonds.

Indentures. Terms and conditions

24507. The board, with the approval of the State Board of Control, may enter into indentures providing for the aggregate principal amount, date or dates, maturities, interest rates, denominations, form, registration, transfer and interchange of

any revenue bonds and coupons issued pursuant to this article (commencing at Section 24501), and the terms and conditions on which the same shall be executed, issued, secured, sold, paid, redeemed, funded and refunded. Reference on the face of the bonds to such indenture by its date of adoption, or the apparent date on the face thereof, is sufficient to incorporate all of the provisions thereof and of this article (commencing at Section 24501) into the body of the bonds and their appurtenant coupons. Each taker and subsequent holder of the bonds or coupons, whether the coupons are attached to or detached from the bonds, has recourse to all of the provisions of the indenture and of this article (commencing at Section 24501), and is bound thereby.

Same Covenants and agreements

24508. An indenture pursuant to which bonds are issued may, with the approval of the State Board of Control, include any and all such covenants and agreements on the part of the board as the board deems necessary or advisable for the better security of the bonds issued thereunder.

Security

24509. An indenture may provide that payments of principal and interest of bonds shall be secured by all or by part of revenues.

Payment of principal and interest

24510. An indenture may include a clause relating to the bonds issued thereunder requiring the board to pay or cause to be paid punctually the principal of all such bonds and the interest thereon on the date or dates, or at the place or places, and in the manner mentioned in such bonds and in the coupons appertaining thereto in accordance with such indenture.

Operation of project

24511 An indenture may include a clause relating to the bonds issued thereunder, requiring the board to operate the project continuously, to the extent practicable under conditions as they may from time to time exist, in an efficient and economical manner.

Repairs etc

24512 An indenture may include a clause relating to the bonds issued thereunder requiring the board to make all necessary repairs, renewals and replacements to any project, and to keep the project at all times in good repair, working order and condition.

Rights of bondholders

24513. An indenture may include a clause relating to the bonds issued thereunder requiring the board to preserve and protect the security of the bonds and the rights of the holders thereof and to warrant and defend such rights.

Claims for labor, materials, etc

24514 An indenture may include a clause relating to the bonds issued thereunder requiring the board to pay and discharge or cause to be paid and discharged all lawful claims for labor, materials and supplies or other charges which, if unpaid, might become a lien or charge upon the revenues, or any part thereof, of any project acquired, constructed or completed from the proceeds of the sale of the bonds, or upon any physical properties, or which might impair the security of the bonds.

Limitations

24515. An indenture may include a clause relating to the bonds issued thereunder which limits, restricts, or prohibits any right, power or privilege of the board to mortgage or other-

wise encumber, sell, lease or dispose of any improvements constructed from the proceeds of the bonds, or to enter into any lease or agreement which impairs or impedes the operation of a project, or any part thereof, necessary to secure adequate revenues or which otherwise impairs or impedes the rights of the holders of the bonds with respect to such revenues.

Rentals, etc.

24516. An indenture may include a clause relating to the bonds issued thereunder requiring the board to fix, prescribe and collect rates, rentals or other charges in connection with the services and facilities furnished from the project acquired, constructed or purchased from part or all of the proceeds of the bonds, sufficient to pay the principal of and interest on the bonds as they become due and payable, together with such additional sums as may be required for any fund created by this article (commencing at Section 24501), for the further security of such bonds or as a depreciation charge or other charge in connection with such project.

Revenues to be held in trust

24517. An indenture may include a clause relating to the bonds issued thereunder requiring the board to hold or cause to be held in trust the revenues or any part of revenues pledged to the payment of such bonds and the interest thereon, or to any reserve or other fund created by this article (commencing at Section 24501) for the further protection of the bonds, and to apply such revenues or any part of revenues or cause them to be applied only as provided in the indenture.

Use of proceeds from bond sale

24518. An indenture may include a clause defining the power of the board in applying the proceedings of the sale of any issue of bonds for the acquiring, constructing, or completing of any project or any part thereof.

Additional bonds

24519. An indenture may include a clause limiting the power of the board to issue additional bonds for the purpose of acquiring, constructing or completing any project or any part thereof.

Insurance

24520. An indenture may include a clause requiring, specifying or limiting the kind, amount and character of insurance to be maintained by the board on any project, or any part thereof, and the use and disposition of the proceeds of any such insurance thereafter collected.

Default

24521. An indenture may include a clause providing the events of default and the terms and conditions upon which any or all of the bonds of the board then or thereafter issued may become or be declared due and payable prior to maturity, and the terms and conditions upon which such declaration and its consequences may be waived.

Breach of covenants, etc.

24522. An indenture may include a clause designating the rights, limitations, powers and duties arising upon breach by the board of any of the covenants, conditions, or obligations contained in any indenture.

Amendments, etc

24523. An indenture may include a clause prescribing a procedure by which the terms and conditions of the indenture may be subsequently amended or modified with the consent of the board, subject to the approval of the State Board of Con-

trol, and the vote or written assent of the holders of a specified principal amount or specified proportion of the bonds issued and outstanding. Such clause may provide for meetings of bondholders and for the manner in which the consent of the bondholders may be given. The clause shall specifically state the effect of such amendment or modification upon the rights of the holders of all of the bonds and interest coupons appertaining thereto, whether attached thereto or detached therefrom.

With respect to any clause providing for the modification or amendment of an indenture, the board, with the approval of the State Board of Control may agree that bonds held by the State Treasurer, the United States or any instrumentality thereof, or the State of California or any political subdivision thereof (including every municipal corporation, district, public corporation, board or agency of any kind or class) shall not be counted as outstanding bonds, or be entitled to vote or assent, but shall, nevertheless, be subject to any such modification or amendment.

Increasing security

24524. An indenture may include a clause or clauses providing for such other acts and matters as may be necessary or convenient or desirable in order better to secure the bonds or to make the bonds more marketable.

State Treasurer as trustee

24525. The State Treasurer shall act as trustee for the board and the holders of bonds issued hereunder, and the board may authorize the trustee to act on behalf of the holders of the bonds, or any stated percentage thereof, and to exercise and prosecute on behalf of the holders of the bonds such rights and remedies as may be available to the holders. The board may provide in the indenture for the deposit of all revenues received from the project with such trustee to be held in a separate account in the State College Dormitory Revenue Fund created by this article (commencing at Section 24501). The money in such fund shall be disbursed only as provided in the indenture.

Duties and powers of trustee

24526. The board, with the approval of the State Board of Control, shall prescribe the duties and powers of any such trustee with respect to the issuance, authentication, sale and delivery of the bonds and the payment of principal and interest thereof, the redemption of the bonds, the registration and discharge from registration of the bonds, and the management of any sinking fund or other funds provided as security for the bonds.

Series, maturities, etc

24527. With the approval of the State Board of Control, the board may provide for one or several issues of bonds and may issue bonds in series or may divide any issue into one or more divisions and fix different maturities or dates of such bonds, different rates of interest, or prescribe different terms and conditions for the bonds of the several series or divisions. It is not necessary that all bonds of the same authorized issue be of the same kind or character, have the same security, or be of the same interest rate, but the terms thereof shall in each

case be provided for by the board, with the approval of the State Board of Control, at or prior to the issue thereof.

Coupon or registered bonds

24528. Bonds may be issued as coupon bonds or as registered bonds. With the approval of the State Board of Control, the board may provide for the interchange of coupon bonds for registered bonds and registered bonds for coupon bonds, and may provide that the bonds shall be registered as to principal only, or as to both principal and interest, or otherwise as the board may determine.

Maximum interest rate

24529. Bonds shall bear interest at a rate of not to exceed six (6) percent per annum, payable annually or semiannually or in part annually and in part semiannually.

Calling bonds

24530. Bonds may be callable upon such terms, conditions, and upon such notice as the board, with the approval of the State Board of Control, may determine, and upon the payment of such premium as may be fixed by the board, with the approval of the State Board of Control, in the proceedings for the issuance of the bonds. No bond is subject to call or redemption prior to its fixed maturity date unless the right to exercise such call is expressly stated on the face of the bond.

Place of payment

24531. The board, with the approval of the State Board of Control, may provide for the payment of the principal and interest of bonds at any place within or without the State of California, and in specified coin or currency of the United States.

Execution of bonds

24532. The board, with the approval of the State Board of Control, may provide for the execution and authentication of bonds by the manual, lithographed or printed facsimile signature of officers of the board and by additional authentication by the State Treasurer as trustee. If any of the officers whose signatures or countersignatures appear upon the bonds or coupons cease to be officers before the delivery of the bonds or coupons, their signatures or countersignatures are nevertheless valid and of the same force and effect as if the officers had remained in office until the delivery of the bonds and coupons

Serial or sinking fund Maturities

24533. Bonds shall bear dates prescribed by the board, with the approval of the State Board of Control. Bonds may be serial bonds or sinking fund bonds with such maturities as the board, with the approval of the State Board of Control, may determine. No bond by its terms shall mature in more than 50 years from its own date and, in the event any authorized issue is divided into two or more series or divisions, the maximum maturity date herein authorized shall be calculated from the date on the face of each bond separately, irrespective of the fact that different dates may be prescribed for the bonds of each separate series or division of any authorized issue.

Preparation of bonds

24534. Immediately after the adoption of a resolution by the board and its approval by the State Board of Control, directing the preparation of any bonds authorized under this article (commencing at Section 24501), the State Treasurer shall prepare the requisite number of suitable bonds of the

denominations, and in accordance with the specifications contained in such resolution.

Sale of bonds

24535. When the bonds authorized to be issued under this article (commencing at Section 24501) shall be duly executed, they shall be sold by the State Treasurer, for cash, in such parcels and numbers as the said Treasurer shall be directed by the Governor of the State, under seal thereof, after a resolution requesting such sale shall have been adopted by the board and approved by the State Board of Control. Before offering any of said bonds for sale, the said Treasurer shall detach therefrom all coupons, if any, which have matured or will mature before the day fixed for such sale.

Public or private sale

24536. Bonds may be sold at either public or private sale. The board, with the approval of the State Board of Control, may fix terms and conditions for the sale or other disposition of any authorized issue of bonds. The State Treasurer, when authorized by resolution of the board approved by the State Board of Control, may sell bonds at less than their par or face value, but no bond may be sold at a price below the par or face value thereof which would result in a sale price yielding to the purchaser an average of more than six (6) percent per annum, payable semiannually, according to standard tables of bond values.

Security of bonds

24537. The board may provide for the security of bonds. The board may use and expend all or any part of any funds or proceeds of any property owned by it, whether received by gift, appropriation or otherwise, if not restricted as to the use of such funds or proceeds of property by the terms of any gift or trust or provision of law for the redemption of bonds issued pursuant to the provisions of this article (commencing at Section 24501) and the payment of interest due thereon.

Costs and expenses

24538. All costs and expenses incident to the issuance and sale of bonds may be paid out of the proceeds of the sale of the bonds. Interest on bonds may be paid out of the proceeds of the sale of the bonds during the actual construction of any project for the acquisition, construction or completion of which the bonds have been issued, and for a period of not to exceed two (2) years thereafter as provided for in the indenture.

Lien upon revenues of project

24539. The board, with the approval of the State Board of Control, may provide that the bonds and the interest thereon shall be secured by all or by part of revenues of a project upon the basis of which revenue bonds are issued or authorized to be issued, and shall constitute such lien upon the revenues of such project as may be provided for in the indenture.

Temporary or interim bonds

24540. Pending the actual issuance or delivery of revenue bonds, the board, with the approval of the State Board of Control, may issue temporary or interim bonds, certificates or receipts of any denomination whatsoever, and with or without coupons, to be exchanged for definitive bonds when ready for delivery.

Replacement of bonds lost, etc.

24541. The board, with the approval of the State Board of Control, may provide for the replacement of lost, destroyed or mutilated bonds, or coupons.

Tax exemptions

24542. Bonds issued pursuant to the provisions of this article (commencing at Section 24501) and the interest or income therefrom are exempt from all taxation in this State other than gift, inheritance and estate taxes.

Legal investment for trust funds, etc

24543. Notwithstanding any other provision of law, all bonds hereafter sold and delivered pursuant to the provisions of this article (commencing at Section 24501) are legal investments for all trust funds and for the funds of all insurance companies, banks, both commercial and savings, trust companies, the state school funds, and any public or private funds which may be invested in county, municipal or school district bonds, and may be deposited as security for the performance of any act whenever the bonds of any county, municipality or school district may be so deposited, and may also be used as security for the deposit of public moneys in banks in this State.

Refunding bonds

24544. The board, with the approval of the State Board of Control, may provide for the issuance, sale, or exchange of refunding bonds for the purpose of redeeming or retiring any revenue bonds issued under the provisions of this article (commencing at Section 24501). All provisions of this article (commencing at Section 24501) applicable to the issuance of revenue bonds are applicable to the funding or refunding bonds and to the issuance, sale or exchange thereof.

Funding or refunding bonds

24545. Funding or refunding bonds may be issued in a principal amount sufficient to provide funds for the payment of all bonds to be funded or refunded thereby, and in addition for the payment of all expenses incident to the calling, retiring or paying of such outstanding bonds, and the issuance of such funding or refunding bonds. These expenses include the difference in amount between the par value of the funding or refunding bonds and any amount less than par for which the funding or refunding bonds are sold, any amount necessary to be made available for the payment of interest upon such funding or refunding bonds from the date of sale thereof to the date of payment of the bonds to be funded or refunded or to the date upon which the bonds to be funded or refunded will be paid pursuant to the call thereof or agreement with the holders thereof, and the premium, if any, necessary to be paid in order to call or retire the outstanding bonds and the interest accruing thereon to the date of the call or retirement.

Negotiable or registered

24546. All bonds issued under the provisions of this article (commencing at Section 24501) are negotiable instruments, except when registered in the name of a registered owner.

Purpose of proceeds

24547. Before issuing any bond or bonds pursuant to the provisions of this article (commencing at Section 24501), the board shall by resolution, approved by the State Board of Control, declare the purpose for which the proceeds of the bonds proposed to be issued shall be expended and shall specify the maximum amount of bonds to be issued or sold for such

purpose, and bonds shall not be issued or sold for such purpose in an amount exceeding such specified maximum except with the consent of bondholders, pursuant to amendment or modification of an indenture, as provided in Section 24523 of this article. Nothing in this section contained shall be construed to prevent the board, with the approval of the State Board of Control, from amending any such resolution prior to the issuance of bonds authorized thereby to increase or decrease the maximum amount of bonds to be issued or sold. The issuance of bonds for one or more projects may be included in a single resolution of authorization.

Board in charge of project

24548. The board has full charge of the acquisition, construction and completion of all projects authorized by them and may proceed with such work forthwith.

Terms and conditions of construction

24549. The board may construct any project and acquire all property necessary therefor on such terms and conditions as it may deem advisable. When any part of the work is to be done or performed by any public body or by the United States jointly or in conjunction with the board, the portion of the cost thereof to be borne by the board may be turned over to the Government of the United States or to any other public body to be expended by it in the acquisition, construction or completion of the project.

Title of property

24550. Title to all property acquired by the board and the revenues and income therefrom is in the State of California. The title to any moneys, revenues, sinking funds, reserve funds and other funds created by this article (commencing at Section 24501) and the income thereof pledged to the payment of the principal or interest or any bonds issued thereunder is subject to trusts declared in favor of the bondholders. All such property, and the income therefrom, are exempt from all taxation by the State of California or by any county, city and county, city, district, political subdivision or public corporation thereof.

Powers of board

24551. At all times the operation, maintenance, control, repair, construction, reconstruction, alteration and improvement of any project are vested in the board subject to such authorized leases as may be permitted by any indenture.

Use of other funds

24552. The board may use for the payment of the costs of acquisition, construction or completion of any project any funds made available to the board by the State of California or any other funds provided by the board from any source, to be expended for the accomplishing of the purposes set forth in this article (commencing at Section 24501), together with the proceeds of revenue bonds issued and sold by the board.

Insurance Loss of revenue

24553. The board may insure against loss of revenues from any cause whatsoever and the proceeds of any such insurance shall be used solely for the payment of bonds and the interest thereon.

Public liability, etc.

24554. The board may insure against public liability or property damage. The board may, with the approval of the

State Board of Control, provide in an indenture for the carrying of such or any other insurance in such amount and of such character as it shall determine, and for the payment of the premiums thereon.

Printing and engrossing

24555. When authorized by resolution of the board, as provided in this article (commencing at Section 24501), the State Treasurer shall prepare and procure the printing or engrossing of bonds, coupons, indenture or other instruments and contracts or agreements of every kind required or convenient for or pertaining to the issuance or sale of bonds.

Rents, etc., for projects

24556. The board shall fix rents, charges and fees for all projects acquired, constructed or completed under the terms of this article (commencing at Section 24501) for the use thereof by any persons utilizing the facilities thereof, subject to such contractual obligations as may be entered into by the board and the holders of bonds issued under this article (commencing at Section 24501). The board is authorized to change rents, charges and fees from time to time, as conditions warrant. All rents, charges and fees shall at all times be fixed to yield annual revenue equal to annual operating and maintenance expenses, including repairs and insurance costs and all redemption payments and interest charges and reserve fund requirements on revenue bonds at any time issued and outstanding hereunder, as the same become due.

Competitive projects

24557. The board, with the approval of the State Board of Control, may include in an indenture such limitations as to competitive projects, both as to location and comparative rentals, as may be deemed necessary or desirable for the security of revenue bonds issued pursuant to this article (commencing at Section 24501).

Charge for use of projects and facilities

24558. The board, with the approval of the State Board of Control, may also include in an indenture a covenant that no project acquired, constructed or completed from the proceeds of revenue bonds issued under the provisions of this article (commencing at Section 24501) shall be used without charge therefor or any facilities thereof be furnished free of charge to any person.

Rights of bondholders

24559. The holder of any bond issued pursuant to this article (commencing at Section 24501) may by mandamus or other appropriate proceeding require and compel the performance of any of the duties imposed upon the board or upon any official or employee or assumed by any thereof, in connection with the acquisition, construction, operation, maintenance, repair, reconstruction or insurance of any project, or the collection, deposit, investment, application and disbursement of rents, rates, charges, fees and all other revenues derived from the operation and use of any project or in connection with the deposit, investment and disbursement of the proceeds received from the sale of bonds under this article (commencing at Section 24501). The enumeration of such rights and remedies does not, however, exclude the exercise or prosecution of any

other rights or remedies available to the holders of bonds issued pursuant to this article (commencing at Section 24501).

State College Dormitory Construction Fund

24560. The proceeds from the sale of all bonds authorized under the provisions of this article (commencing at Section 24501) shall be deposited forthwith by the State Treasurer, on order of the State Controller, in the State Treasury to the credit of a fund to be designated as the State College Dormitory Construction Fund, which fund is hereby created. The money in such construction fund shall be expended, pursuant to claims filed by the board with the State Controller, for the purposes authorized by this article (commencing at Section 24501), or as provided in the indenture, and for such other purposes, subject to the restrictions provided by law or by the indenture, as may be authorized by resolution of the board approved by the State Board of Control Moneys required to meet the costs of acquisition or construction and all expenses and costs incidental to the acquisition, construction, furnishing and equipping of any project authorized by this article (commencing at Section 24501) shall be paid from the said construction fund as herein provided upon claim filed by the board and after audit by the State Controller in the manner provided by law and upon warrants drawn by the Controller.

Disposition of revenues

24561. All revenues received from the operation of any project acquired or constructed by the board under the provisions of this article (commencing at Section 24501) shall be transmitted by the board at least once in every calendar month, to the State Treasurer. On order of the State Controller, the said Treasurer shall deposit such revenues in the State Treasury to the credit of the State College Dormitory Revenue Fund, which fund is hereby created. The moneys remaining in such revenue fund, after providing the amount required for interest and redemption of bonds as provided in this article (commencing at Section 24501), shall be expended for the payment of the costs of operation and maintenance of the projects authorized by this article (commencing at Section 24501), including any purposes, as may be provided in the indenture, and, subject to the restrictions provided by law or the indenture, for such purposes as may be authorized by resolution of the board approved by the State Board of Control

Fund for payment of principal and interest

24562. For the payment of the principal and interest of the bonds authorized to be issued under this article (commencing at Section 24501), an interest and redemption fund in the State Treasury is hereby created, to be designated the State College Dormitory Interest and Redemption Fund. From the money deposited in the State College Dormitory Construction Fund, the State Treasurer, on order of the State Controller, shall transfer to the State College Dormitory Interest and Redemption Fund such sums as may be required to pay the interest as it becomes due on all bonds sold and

outstanding for the construction or acquisition of a particular project authorized under this article (commencing at Section 24501) during the period of actual construction or acquisition thereof and during such period thereafter as may be provided in the indenture or authorized by resolution of the board approved by the State Board of Control. The State Treasurer, on order of the State Controller, shall thereafter transfer from the State College Dormitory Revenue Fund to the State College Dormitory Interest and Redemption Fund such sums as may be required to pay the interest on said bonds and redeem the principal thereof as such interest payments and bond redemptions fall due for all bonds issued under the provisions of this article (commencing at Section 24501).

Use of balance of funds

24563. Any balance remaining in any of the funds created by this article (commencing at Section 24501) after payment of all costs, expenses, and charges authorized to be expended therefrom, may be allocated and used for such other purposes incidental to the acquisition, construction, furnishing, equipping, operation and maintenance of such projects authorized under the provisions of this article (commencing at Section 24501) as the board, with the approval of the State Board of Control, may determine.

Investment of money in fund

24564. Moneys in the State College Dormitory Construction Fund may be invested by the board, with the approval of the State Board of Control, subject only to such limitations as may be provided in an indenture providing for the issuance of revenue bonds. All securities or other investments made under the provisions of this article (commencing at Section 24501) shall be held by the State Treasurer as custodian thereof. All interest or other earnings received pursuant to such investments shall be collected by the State Treasurer, and, on order of the State Controller, shall be deposited in the State Treasury to the credit of the fund from which such interest or other earnings are derived.

Use of surplus moneys

24565. After all of the revenue bonds shall have been fully paid and discharged, or provision for their payment and discharge irrevocably made, any surplus moneys in the State College Dormitory Construction Fund shall, subject to the limitations and restrictions in any indenture providing for the issuance of the revenue bonds, remain available for the acquisition of sites for, and for the construction, equipping and furnishing of, buildings for state colleges.

Appropriation

24566. All money in the funds created by the provisions of this article (commencing at Section 24501) is hereby appropriated for expenditure in carrying out the purposes herein provided.

Construction

24567. The article (commencing at Section 25401) shall be liberally construed to carry out the objects and purposes and the declared policy of the State of California as in this article (commencing at Section 25401) set forth.

Article 3. Cafeterias

24581. The Director of Education may authorize an organization maintaining a co-operative store on the campus of a state college pursuant to Sections 23603 to 23607, inclusive, Sections 23751 to 23803, inclusive, Sections 24051 to 24104, inclusive, Sections 24451 to 24455, inclusive, and Sections 24581, 24582, and 24601 to establish and maintain a cafeteria in connection with the store. Cafeterias

24582. The Director of Education may provide for the establishment and maintenance of cafeterias in the state colleges whenever in his judgment it is desirable to do so. The food served shall be sold to the patrons of the cafeterias at such price as will pay the cost of operating and maintaining the cafeterias. Same

Article 4. Bookstores

24601. The Director of Education may rent, in the name of the State, any space in the buildings of any state college not needed for other authorized purposes to any organization composed entirely of students attending the college or members of the faculty, or both, for the purpose of establishing and maintaining co-operative stores on the campus of the colleges for the sale of materials and supplies required by students in the classes of the college and such activities of the college as are approved by the Director of Education, after a survey of the conditions, and a public hearing in the community where it is proposed to locate the store. The Director of Education shall fix a reasonable rental Co-operative stores

The rental fixed by the Director of Education shall be transmitted monthly to the State Treasurer to be placed to the credit of the General Fund.

Chapter 12. State College Police

24651. The Department of Education may appoint one or more persons to constitute a security patrol for each state college Persons employed and compensated as members of a security patrol, when so appointed and duly sworn, are peace officers only upon the campus of the state college and other grounds or properties of the state college. Security patrol

24652. Every member of a state college police department shall be supplied with, and authorized to wear, a badge bearing the words "State College Police." Badges

Chapter 13. Specific Provisions Relating to Particular Colleges and Schools

Article 1. Fresno Summer School of Music

24701. The Fresno State College may establish a summer school of music at or near Huntington Lake, California. The Rules

Fresno State College, with the approval of the Director of Education, shall make rules and regulations for the operation and maintenance of the summer school of music.

Fees

24702. Only such fees as are authorized by the Director of Education, with the approval of the Department of Finance, may be charged in connection with the operation of the school.

Summer school of music

24703. All tuition and other fees received in conducting and operating the school shall be paid into the State Treasury to the credit of the "Summer School of Music Fund" which fund is continued in existence. All money in the fund is appropriated for the maintenance, operation, and support of the school and for construction of necessary housing and other facilities at the school. No money shall ever be paid from the General Fund in the State Treasury for any purpose in connection with the summer school of music.

All funds expended from the summer school of music fund shall be approved by the Director of Education.

Article 2. California Polytechnic School

Name and purpose

24751. The California Polytechnic School, heretofore established, shall hereafter be known as the California State Polytechnic College. The term "California Polytechnic School" as used in this code or in any other law means the California State Polytechnic College. The purpose of the college is to furnish to young people of both sexes mental and manual training in the arts and sciences, including agriculture, mechanics, engineering, business methods, domestic economy, and such other branches as will fit the students for the nonprofessional walks of life. This article (commencing at Section 24751) shall be liberally construed, to the end that the college may at all times contribute to the industrial and agricultural welfare of the State.

Agricultural project revolving fund

24752. The California Polytechnic School agricultural project revolving fund in the sum of ten thousand dollars ($10,000) is continued in existence. The fund shall be used for loans to needy and deserving students for the purchase of livestock, poultry, seed, feed, and such other materials as are necessary for the conducting of projects by students under supervision of instructors in the school. All sums borrowed shall be returned to the revolving fund as soon as projects are completed.

Disposal of property

24753. The Director of Education, with the consent of the Director of Finance, may sell or trade such of the property belonging to the State and used for the California Polytechnic School as may in his judgment be disposed of advantageously. The proceeds of the sale shall be used for the purchase of such other land for the use of the California Polytechnic School as the Director of Education and the Director of Finance may deem necessary.

24754. The Director of Education, with the consent of the Director of Finance, may purchase such additional land as the Director of Education and the Director of Finance may deem necessary and may expend for such purpose any money donated or the proceeds from the sale of real or personal property acquired as gifts by the California Polytechnic School or which is otherwise made available for the use and benefit of the California Polytechnic School. Additional land

24755. The California Polytechnic School shall be governed by the laws governing and regulating the state colleges insofar as such laws are applicable to the school. Law applicable

Article 3. Long Beach State College

24801. There is in the area consisting of Orange County and the southeastern part of Los Angeles County, outside the City of Los Angeles, the Long Beach State College. Long Beach State College

24802. The provisions of Sections 23601 to 23607, inclusive, Sections 23651 to 23958, inclusive, Sections 24051 to 24703, inclusive, and Sections 24951 to 24954, inclusive, and all other laws relating to state colleges are applicable to the Long Beach State College. Law applicable

Article 4. Los Angeles State College of Applied Arts and Sciences

24851. There is in the City of Los Angeles the Los Angeles State College of Applied Arts and Sciences. Los Angeles State College of Applied Arts and Sciences

24852. The purposes and functions of the college are those which serve the needs of the community and of the State and primarily include, but not limited to, the training of students for gainful occupations in the arts and sciences as related to business and industry, and in furtherance of such purposes, the college shall initiate the establishment of co-operative relationships with industry and business looking toward the development of programs of training which will relate practical experience with classroom instruction. Purposes and functions

24853. The Director of Education and the Board of Education of the City of Los Angeles are directed to enter into an agreement for the use of physical facilities at the Los Angeles Junior College, also known as Los Angeles City College, necessary for the conduct and maintenance at the Los Angeles State College of Applied Arts and Sciences of courses of instruction. In order to insure desirable integration and continuity of administration and educational program between said state college and said Los Angeles Junior College located on the same site, the Director of Education and the Board of Education of the City of Los Angeles are directed to enter into an agreement for the joint use of such services, faculty, and administrative officers (including the president) as may be mutually agreed upon. The Director of Education, subject to Agreement for joint usage with Los Angeles Junior College

the approval of the State Board of Education, and of the advisory board, shall appoint a president for said college.

Same Effectiveness

24854. Section 24853 shall remain in effect only until the Los Angeles State College of Applied Arts and Sciences is removed, and such action is hereby authorized, by the State from the site of the Los Angeles Junior College, also known as the Los Angeles City College, and is housed on a campus or other quarters provided for it by the State.

All agreements between the Director of Education and Board of Education of the City of Los Angeles entered into pursuant to Section 24853 and in effect on the date said section ceases to be effective shall terminate and be of no further force and effect from and after said date, except that all amounts owed by either party to the other under any of said agreements as of the date said agreements are terminated hereunder shall be paid by the party owing such amounts.

Law applicable

24855. The provisions of Sections 23601 to 23607, inclusive, Sections 23651 to 23958, inclusive, Sections 24051 to 24703, inclusive, and Sections 24951 to 24954, inclusive, and all other laws relating to state colleges are applicable to the Los Angeles State College of Applied Arts and Sciences insofar as said laws are not inconsistent with this article (commencing at Section 24851).

Article 5. Sacramento State College

Sacramento State College

24901. There is in the County of Sacramento and within five miles of the State Capitol the Sacramento State College.

Law applicable

24902. The provisions of Sections 23601 to 23607, inclusive, Sections 23651 to 23958, inclusive, Sections 24051 to 24703, inclusive, and Sections 24951 to 24954, inclusive, and all other laws relating to state colleges are applicable to the Sacramento State College.

Article 6. San Francisco State College Child Care Center

Child care center

24951. The San Francisco State College may maintain a child care center as an integral part of the college. The center shall be used for observation, demonstration, study, student experience, and student teaching.

Fees

24952. The Department of Education shall determine the fee which the college shall charge the parents or guardian of any child admitted to the center. All fees shall be used to reimburse the college for the cost of operating and maintaining the center.

Admission requirement.

24953. No child shall be admitted to the center unless he meets the requirements for admittance to a child care center to which Sections 16601 to 16640, inclusive, apply.

Budget

24954. The budget for the center may be prepared and submitted to the Department of Education with the budget of the state college.

Article 7. State College for Alameda

25001. There is hereby established a state college, to be located in the southern portion of Alameda County, to be known as the State College for Alameda County. State College of Alameda County

25002. The provisions of Sections 23601 to 23607, inclusive, Sections 23651 to 23958, inclusive, Sections 24051 to 24703, inclusive, and Sections 24951 to 24954, inclusive, and all other laws relating to state colleges are applicable to the State College for Alameda County. Applicable law

Article 8. San Fernando Valley State College

25051. There is in the San Fernando Valley, County of Los Angeles, the San Fernando Valley State College. San Fernando Valley State College

25052. The provisions of Sections 23601 to 23607, inclusive, Sections 23651 to 23958, inclusive, Sections 24051 to 24703, inclusive, and Sections 24951 to 24954, inclusive, and all other laws relating to state colleges are applicable to the San Fernando Valley State College. Applicable law

25053. All property, both real and personal, of the San Fernando campus of the Los Angeles State College of Applied Arts and Sciences is hereby assigned to the San Fernando Valley State College. Assignment of property

25054. Each employee of the Los Angeles State College of Applied Arts and Sciences who is transferred to the San Fernando Valley State College on or before the beginning date of the academic school year 1958-59 shall be entitled to retain all sickness and injury, sabbatical and other leave rights and all seniority and tenure rights accumulated as an employee of the Los Angeles State College of Applied Arts and Sciences as fully as though there had been no change in the name or operation of the college. Employees

25055. Appointments of employees from the Los Angeles State College of Applied Arts and Sciences to the San Fernando Valley State College subsequent to the beginning date of the academic school year 1958-59 shall be made in the same manner and under the same conditions as appointments of employees who were formerly employees of any other California state college. Same Appointments

Article 9. Orange County State College

25101. There is hereby established a state college, to be located in Orange County, to be known as the Orange County State College. Orange County State College

25102. The provisions of Sections 23601 to 23607, inclusive, Sections 23651 to 23958, inclusive, Sections 24051 to 24703, inclusive, and Sections 24951 to 24954, inclusive, and all other laws relating to state colleges are applicable to the Orange County State College. Applicable laws

DIVISION 19. SPECIAL SCHOOLS UNDER THE JURISDICTION OF THE STATE DEPARTMENT OF EDUCATION

CHAPTER 1. CALIFORNIA SCHOOL FOR THE DEAF

Article 1. Administration

California School for the Deaf

25551. There is in Berkeley, Alameda County, a state school for the deaf, known and designated as the California School for the Deaf, Berkeley. There is in Riverside, Riverside County, a state school for the deaf, known and designated as the California School for the Deaf, Riverside. The term "California School for the Deaf" shall refer to both schools unless the context otherwise requires.

Purpose

25552 The California School for the Deaf is a part of the school system of the State except that it derives no revenue from the Public School Fund, and has for its object the education of the deaf who, by reason of their infirmity, cannot be taught in the public schools.

Administration

25553. The school is under the administration of the State Department of Education.

Duties of Department of Education

25554. The State Department of Education in relation to the California School for the Deaf shall:

(a) Prescribe rules for the government of the school.

(b) Appoint the superintendent and other officers and employees.

(c) Remove for cause any officer, teacher, or employee.

(d) Fix the compensation of officers, teachers, and employees.

Superintendent

25555. The superintendent of the school shall have had not less than three years' experience in the art of teaching the deaf and shall hold a credential issued by the State Board of Education authorizing him to teach in secondary schools of this State.

Powers and duties

25556. The powers and duties of the superintendent are such as are assigned to him by the State Director of Education.

Teacher training courses

25557 The Director of Education may authorize the California School for the Deaf to establish and maintain teacher training courses designed to prepare teachers of the public schools and such other persons holding a credential issued by the State Board of Education as are recommended by the president of a state college, to give instruction to the deaf and the hard of hearing. The Director of Education shall prescribe standards for the admission of persons to the courses, and for the content of the courses.

Article 2. Pupils

Qualifications

25601. Every deaf person resident of this State, of suitable age and capacity, is entitled to an education in the California School for the Deaf free of charge.

25602. If the parent or guardian of any pupil in the school is unable either himself or from the estate of the child to clothe the child, or pay for its transportation to and from school, or for necessary dental work, eye care, operations, and hospitalization of the child while at the school, or is unable either himself or from the estate of the child to reimburse the State Department of Education for expenses incurred by it in providing dental work, eye care, operations, or hospitalization for the child in an emergency, the parent or guardian may apply for a certificate to that effect to the superior court of the county of which the parent or guardian of the child is a resident. If the court is satisfied that the parent or guardian either himself or from the estate of the child is unable to pay for any such service, it shall issue a certificate to that effect. The application for the certificate may also be made to the court by the superintendent of the school. Payment of expenses

25603 If it appears to the satisfaction of the court that the parent or guardian has sufficient pecuniary ability or that there are sufficient funds in the estate of the child to provide the service for the child or to reimburse the State Department of Education for expenses incurred by it in providing the service for the child in an emergency, the court shall not issue the certificate, but shall, according to the nature of the application before it, either order the superintendent to provide the child with the service or order the parent or guardian either himself or from the estate of the child, as the court determines, to reimburse the State Department of Education for expenses incurred by it in providing the service for the child in an emergency. Order of court

25604. If the State Department of Education is not reimbursed by the parent or guardian personally or from the estate of the child for expenditures made by the superintendent under the order of the court or if the parent or guardian does not comply with an order of the court to reimburse the State Department of Education either personally or from the estate of the child for expenses incurred by it in providing the service for the child in an emergency, the superintendent may sue the parent or guardian, in the name of the State, to recover any money paid out by order of the court or due the State Department of Education as reimbursement under an order of the court. Actions

25605. All money expended under the authority of any such certificate for clothing and transportation, necessary dental work, eye care, operations, and hospitalization, and all money expended by the State Department of Education for expenses incurred by it in providing dental work, eye care, operations, or hospitalization for the child in an emergency for which the State Department of Education cannot be reimbursed by the parent or guardian of the child as shown by the certificate, constitutes a legal charge against the county from which the certificate is issued. Expenditures for clothing County charge

and transportation shall not exceed the sum of two hundred dollars ($200) a year.

Payment of expenses

25606. The certificate shall be presented to the superintendent of the school. When the certificate shows that the parent or guardian of the child is unable either himself or from the estate of the child to clothe the child, or pay for his transportation to and from school, or for necessary dental work, eye care, operations, and hospitalization of the child while in school, the superintendent shall clothe the child and provide the transportation, necessary dental work, eye care, operations, and hospitalization. The expense of the services, or any of them, shall be advanced by the State Department of Education out of money appropriated for the support of the school.

Audit and credit

25607. Upon presentation to the board of supervisors of the county in which the certificate is issued, of an itemized claim, duly sworn to by the superintendent of the school before an officer authorized to administer oaths, for the expense for clothing, transportation, and other items provided and furnished under the authority of the certificate, or for the reimbursement of the State Department of Education, the board of supervisors shall audit and approve the claim. The county auditor of the county shall thereupon include the amount thereof in his state settlement report prescribed in Section 30104 of the Government Code. The amount of the settlement and all reimbursements of the State Department of Education under this section shall be credited by the State Controller to the current appropriation for the support and maintenance of the school.

State expense

25608. All pupils in the school shall be maintained except as provided in Sections 25602 to 25607, inclusive, at the expense of the State.

Nonresidents

25609. Deaf persons not residents of this State may be admitted to the benefits of the school upon paying to the State Department of Education the school year cost for the maintenance, care, and instruction of persons at the school, payable quarterly in advance. The cost of the care, maintenance, and instruction shall be determined by the Department of Education with the approval of the Department of Finance.

Attendance at Gallaudet College

25610. The Department of Education is authorized to pay, from funds made available for such purpose, expenses of any deaf student attending Gallaudet College at Washington, D. C., on a scholarship from such college, who is a graduate of the California School for the Deaf, Berkeley, the California School for the Deaf, Riverside, or a high school in California or who has been a resident of California for at least two years and has been enrolled in or is attending a public or private college or university in California.

Article 3. Services

25651. The State Department of Education, in connection with the California School for the Deaf, may establish and maintain a preschool and kindergarten service for the care and teaching of children under school age. The department shall prescribe the rules and regulations which shall govern the conduct of the preschool and kindergarten service, appoint such teachers as it determines necessary, and fix their salaries. Preschool and kindergarten service

25652. The State Department of Education, in connection with the California School for the Deaf, may offer courses of instruction to parents of a deaf child to assist and instruct the parents in the early care and training of such child, to train the child in play, and to do everything which will assure the child's physical, mental and social adjustment to its environment Courses for parents

25653. The Director of Education may authorize the California School for the Deaf to establish and maintain a testing center for deaf and hard of hearing minors. It shall be the purpose of this center to test hearing acuity and to give such other tests as may be necessary for advising parents and school authorities concerning an appropriate educational program for the child. Testing center

25654. Nothing in this article (commencing at Section 25651) and no rule or regulation established thereunder shall authorize the compulsory physical examination or medical treatment of any child or minor if the parent or guardian objects on the ground that such examination or treatment is contrary to the religious beliefs of such parent or guardian Scope

CHAPTER 2. CALIFORNIA SCHOOL FOR THE BLIND

Article 1. Administration

25751. There is in Berkeley, Alameda County, the state school for the blind, known and designated as the California School for the Blind. California School for the Blind

25752. The California School for the Blind is a part of the school system of the State except that it derives no revenue from the Public School Fund, and has for its object the education of the blind, who, by reason of their infirmity, cannot be taught in the public schools. Purpose

25753. The school is under the administration of the State Department of Education. Administration

25754. The State Department of Education in relation to the California School for the Blind shall: Duties of Department of Education

(a) Prescribe rules for the government of the school.

(b) Appoint the superintendent and other officers and employees.

(c) Remove for cause any officer, teacher, or employee.

(d) Fix the compensation of officers, teachers, and employees.

Article 2. Teaching Force

Superintendent

25801. The superintendent of the school shall have had not less than three years' experience in the art of teaching the blind and shall hold a credential issued by the State Board of Education authorizing him to teach in secondary schools of this State.

Powers and duties

25802. The powers and duties of the superintendent are such as are assigned to him by the State Director of Education.

Field worker

25803. There is hereby created at the California School for the Blind the position of field worker to be appointed by the superintendent of the school with the approval of the Superintendent of Public Instruction and the State Director of Education. The field worker shall be a member of the teaching staff of the California School for the Blind and shall receive a salary fixed and payable in accordance with law.

The field worker shall visit graduates and former pupils of the school in their homes to advise them regarding the extension and continuance of their education, to assist them in securing remunerative employment, to improve their economic condition in all possible ways, and to provide them with preparatory instruction found necessary for a selected occupation. The field worker shall be a person who has had special training for such work. Blindness shall not be grounds to disqualify a person for this position.

Article 3. Pupils

Qualifications

25851. Every blind person resident of this State, of suitable age and capacity, is entitled to an education in the California School for the Blind free of charge.

State expense

25852. All pupils in the school shall be maintained, except as provided in Sections 25853 to 25856, inclusive, at the expense of the State

Payment of expenses

25853. If the parent or guardian of any pupil in the school is unable either himself or from the estate of the child to clothe the child, or pay for its transportation to and from school, or for necessary dental work, eye care, operations, and hospitalization of the child while at the school, or is unable either himself or from the estate of the child to reimburse the State Department of Education for expenses incurred by it in providing dental work, eye care, operations, or hospitalization for the child in an emergency, the parent or guardian may apply for a certificate to that effect to the superior court of the county of which the parent or guardian of the child is resident. If the court is satisfied that the parent or guardian either himself or from the estate of the child is unable to pay for any such service, it shall issue a certificate to that effect. The application for the certificate may also be made to the court by the superintendent of the school.

25854. The certificate shall be presented to the superintendent of the school and the superintendent when the certificate shows the parent or guardian of the child is unable either himself or from the estate of the child to clothe the child, or pay for his transportation to and from school, or for necessary dental work, eye care, operations, and hospitalization of the child while in school, shall clothe the child and provide the transportation, dental work, eye care, operations, and hospitalization. The expense of the services, or any of them, shall be advanced by the State Department of Education out of money appropriated for the support of the school. Same

25855. All money expended under the authority of any such certificate for clothing and transportation, necessary dental work, eye care, operations and hospitalization, and all money expended by the Department of Education for expenses incurred by it in providing dental work, eye care, operations, or hospitalization for the child in an emergency for which the State Department of Education cannot be reimbursed by the parent or guardian of the child as shown by the certificate, constitute a legal charge against the county from which the certificate is issued. Expenditures for clothing and transportation shall not exceed the sum of two hundred dollars ($200) a year. County charge

25856. Upon presentation to the board of supervisors of the county in which the certificate is issued, of an itemized claim, duly sworn to by the superintendent of the school before an officer authorized to administer oaths, for the expense for clothing, transportation, and other items provided and furnished under the authority of the certificate, or for the reimbursement of the State Department of Education, the board of supervisors shall audit and approve the claim, and the county auditor of the county shall thereupon include the amount thereof in his state settlement report, prescribed in Section 30104 of the Government Code. The amount of the settlement and all reimbursements of the State Department of Education under this section shall be credited by the State Controller to the current appropriation for the support and maintenance of the school. Claim

25857. If it appears to the satisfaction of the court that the parent or guardian has sufficient pecuniary ability or that there are sufficient funds in the estate of the child to provide the service for the child or to reimburse the State Department of Education for expenses incurred by it on providing the service for the child in an emergency, the court shall not issue the certification, but shall according to the nature of the application before it, either order the superintendent to provide the child with the service, or order the parent or guardian either himself or from the estate of the child, as the court determines, to reimburse the State Department of Education for expenses incurred by it in providing the service for the child in an emergency. Order of court

Suit for reimbursement

25858. If the State Department of Education is not reimbursed by the parent or guardian personally or from the estate of the child for expenditures made by the superintendent under the order of the court or if the parent or guardian does not comply with an order of the court to reimburse the State Department of Education either personally or from the estate of the child for expenses incurred by it in providing the service for the child in an emergency the superintendent may sue the parent or guardian, in the name of the State, to recover any money paid out by order of the court or due the State Department of Education as reimbursement under an order of the court.

Nonresidents

25859. Blind persons not residents of this State may be admitted to the benefits of the school upon paying to the State Department of Education the sum of the school year cost for the maintenance, care, and instruction of persons at the school, payable quarterly in advance. The cost of the care, maintenance, and instruction shall be determined by the Department of Education with the approval of the Department of Finance.

Article 4. Services and Courses

Kindergarten

25901. The State Department of Education, in connection with the California School for the Blind, shall establish and maintain a kindergarten service for the care and teaching of children under school age. The department shall prescribe the rules and regulations which shall govern the conduct of the kindergarten service, appoint such teachers as it determines necessary, and fix their salaries.

Visiting teachers

25902. The State Department of Education in connection with the California School for the Blind shall create the position of visiting teacher to blind children of preschool age. With the consent of the parents of any blind child of preschool age it shall be the duties of such visiting teacher to assist and instruct the parents in the early care and training of said child, to train the child in play, and to do everything which will assure the child's physical, mental and social adjustment to its environment.

Vocational training

25903. The State Department of Education, in addition to the teaching and education of the blind of suitable age, shall adopt measures and prescribe rules for the giving of vocational training to the pupils at the school, in order that they may be equipped upon their graduation to engage in occupations or industries by which they may become self-supporting. The board shall determine the nature and scope of the vocational training, with the view of best adapting the blind to follow useful and productive pursuits, after the completion of their education.

Social work instruction

25904. In order to prepare blind residents of California to do social work among the blind, the California School for the Blind may give special courses of instruction to blind residents of California who have received collegiate training in social

service and issue a special social service certificate to those students who complete the courses satisfactorily.

25905. The Director of Education may authorize the California School for the Blind to establish and maintain, either independently or in co-operation with the University of California or a state college, teacher training courses for teachers of the blind. The Director of Education shall establish standards for the admission of persons to the courses, and for the content thereof. Teacher training

CHAPTER 3. CALIFORNIA MARITIME ACADEMY

Article 1. The School

25951. A state nautical school shall be maintained at the Port of San Francisco, for the purpose of giving instruction in the science and practice of navigation, seamanship, steam, diesel, and electrical engineering to male pupils from the several counties of the State, who have the qualifications of good moral character, education, and physical fitness, required by the board of governors of the school. Purposes

25952. "Port of San Francisco" as used in Sections 25951 to 26157, inclusive, includes all of San Francisco, San Pablo, and Suisun Bays, and all rivers flowing into the bays or the straits connecting them. "Port of San Francisco"

25953. The nautical school may be known as the California State Nautical School, the California State Maritime School, or by such other name as the board of governors determines. The terms "college" or "university" shall not be used in any such designation. Name

Article 2. Organization of Board of Governors

26001. There is in the Department of Education a board of governors of a state nautical school consisting of five members. The State Director of Education is the executive member. The other four members are appointed by the Governor. Members

26002. The term of office of the appointive members of the board is four years and they shall hold office until the appointment and qualification of their successors. The terms of the appointive members of the board in office when this section takes effect shall expire as follows: one member, January 15, 1960; one member, January 15, 1961; one member, January 15, 1962; one member, January 15, 1963. The terms shall expire in the same relative order as to each appointive member as the term for which he holds office before this section takes effect. Vacancies shall be filled by appointment for the unexpired term Terms

26003. The members of the board of governors shall serve without pay, but each shall be allowed his actual expenses incurred in attending any regular or called meeting of the board of governors, or in performing any service for the board of Compensation and expenses

governors at the direction of the board, or in attending the session of any duly appointed subcommittee of the board or in performing any service for the subcommittee at the direction of the chairman thereof. The expenses shall be paid from any appropriations which are provided for the purposes of the nautical school.

Chairman

26004. The board of governors shall elect one of its members as chairman. The chairman has such general supervision and control of the school and of all its property and has such general direction of its work and that of the instructors and others engaged in the school as the board provides or authorizes in its regulations. The chairman shall serve for one year, or until his successor is elected. The successor to the chairman shall be elected by vote of the members of the board at a regular meeting thereof after one month's notice that the chairman is to be elected at the meeting. The chairman of the board, as well as the members of the board, before entering upon their duties as such, respectively, shall take the oath of office prescribed by law for state officers.

Secretary

26005. The board may appoint a secretary of the board, determine his duties, and fix his compensation. He shall hold office at the pleasure of the board.

Director of Education

26006. If the Director of Education is unable to attend a meeting of the board of governors, he may designate a member of the staff of the State Department of Education to represent him at the meeting. The representative of the Director of Education shall, as to the meeting, have the status of a member of the board of governors.

Article 3. Administration and Degrees

Duty of Board of Governors

26051. The board of governors shall provide, maintain, manage, and control a state nautical school pursuant to Sections 25951 to 26157, inclusive.

Same

26052. The board shall:

(a) Appoint, and may remove, a superintendent of the school and all necessary instructors and other employees.

(b) Determine the powers, duties, and compensation of the superintendent, instructors, and employees.

(c) Fix the terms upon which students shall be received and instructed in the school, and suspended, discharged, or graduated therefrom.

(d) Make all regulations necessary for the procurement or purchase of supplies and materials for any vessel while she is cruising and for her management and control.

(e) Provide from time to time for cruises in and from San Francisco Harbor.

Quarters

26053. The board may secure in the City and County of San Francisco suitable rooms and accommodations necessary for carrying on the work of the board.

Books, etc

26054. The board shall provide all necessary books, charts, instruments, apparatus, and supplies required in the work of

the school and for the proper accommodation, comfort, recreation, and keep of the superintendent, instructors, crew, and pupils.

Assistance from Federal Government

26055. The board may receive from the Federal Government or from other sources and use for the accommodation of the school, a vessel or vessels detailed or furnished by the Federal Government or from other sources with all apparel, charts, books, and instruments of navigation, and a reservation or reservations with all buildings and equipment thereon.

Application

26056. The Governor may make application in writing to the Federal Government to furnish a suitable vessel with all her apparel, charts, books, and instruments of navigation and a reservation or reservations with all buildings and equipment thereon to be used for the benefit of the school.

Gifts

26057. The board of governors may with the approval of the Director of Finance accept on behalf of, and in the name of, the State, such gifts, donations, bequests, and devises as are made to the school, by whatever name the school is known, which in the judgment of the board will be of benefit to the State and to the school. The gifts, donations, bequests, and devises may be made subject to such conditions or restrictions as the board of governors deems advisable.

Expenditures

26058. The board may annually expend for the purposes of the school any funds which the Legislature appropriates, and also any funds which are received from the Federal Government for the purpose of aiding in the maintenance of the school. All such money shall be expended according to law on vouchers, certified by the superintendent or in his absence from the State, by the chairman of the board of governors and approved by the executive member of the board, or by an assistant director of education designated by the executive member and approved by the board of governors. The board shall cause to be kept full and detailed accounts of all such expenditures and shall make a complete report thereof, with a list of all the work of the school annually to the Governor.

Superintendent and instructors

26059. The board may appoint as superintendent and as instructors of the school such officer or officers as are designated for that purpose by the Secretary of the Navy.

Salaries

26060. The State Personnel Board shall establish and adjust the salaries of the superintendent, members of the teaching staff, officers and employees of the California Maritime Academy in the same manner and following the same procedures as in the establishment and adjustment of state civil service salaries.

Superintendent

26061. The superintendent of the school is also the commander of the school. He has, subject to the regulations of the board, the direct control, supervision, and management of the school and of all the property of the school, and has such additional powers and duties as are provided by the regulations of the board.

Budget

26062. The board shall, before each regular session of the Legislature, prepare and submit to the Governor a budget or estimate of the sum required for the maintenance and support of the school and its cruises for the ensuing biennium.

Degrees

26063. The board of governors may confer any appropriate degree, including the degree of Bachelor of Nautical Science, upon the students who successfully complete the requirements therefor established by the board of governors.

Article 4. Revolving Funds

Cruise expenses

26101. The board may, out of any appropriation made for the support of the school, without at the time furnishing vouchers and itemized statements, withdraw a sum or sums not to exceed thirty thousand dollars ($30,000) to be paid to the commanding officer of the vessel used by the school to provide for the payment of expenses of cruises. The sum or sums so drawn for any cruise or cruises shall, not later than two months following the termination of the cruise or cruises, be accounted for and substantiated by vouchers and itemized statements submitted to and audited by the State Controller. Any unexpended balance of the sum or sums so withdrawn shall be returned to the appropriation from which originally withdrawn.

Accounting

26102. The commanding officer, in such manner as the board by regulations provides, shall account for the advances by proper vouchers, filed with the board within 30 days after the termination of the cruise. Any unexpended balance of the advances after the termination of the cruise, shall be returned by the commanding officer to the board for credit to the appropriation from which the sums were originally withdrawn.

Bond of commanding officer

26103. The commanding officer shall give a bond in the sum of thirty thousand dollars ($30,000), with a surety or sureties approved by the board for the proper disbursement of and accounting for the advances.

"Clothing and small stores fund"

26104. The board of governors, or any person authorized by the board of governors, may withdraw, without at the time furnishing vouchers and itemized statements, from any appropriation made for the support of the school a sum not to exceed two thousand dollars ($2,000), as a revolving fund known as the "Clothing and small stores fund" which fund is continued in existence. The fund shall be used to purchase clothing, textbooks, and other equipment required of students of the school, not furnished by the school, for the purpose of resale to the students of the school. Receipts from the sale of the clothing, textbooks, and other equipment shall be credited to the fund. The receipts from sales together with the purchase price of materials unsold shall at all times be not less than equivalent in value to the principal amount of the fund.

Article 5. Students

26151. Any male resident of the State who has the required qualifications may be admitted to the school as a student. Each such student shall pay the tuition fee fixed by the board of governors but such fee shall not be fixed at less than one hundred thirty-five dollars ($135) a trimester. Admission

26152. The tuition fee required of a pupil under Section 26151 may be reduced by the board of governors, with the approval of the Department of Education and the Department of Finance, in the amount received by the State on account of such student from the Federal Government or other governmental agency. Money received from such payments shall be transmitted to the State Treasury as credit to the academy's support appropriation current at the date of issuance of the State Controller's receipt therefor as may be designated by the academy prior to its deposit in the State Treasury. Such moneys so credited are hereby appropriated for the support of the academy. Tuition

26153. Nonresident students may be admitted to the school when vacancies occur, subject to the payment of a tuition fee in such amount as the board of governors may fix but such fee shall not be fixed at less than two hundred twenty-five dollars ($225) a trimester. Nonresidents

26154. The board of governors may provide for the payment of fees charged students by installments payable at such intervals as the board from time to time determines. Payment of fees

26155. All fees collected shall be reported to the State Controller at the end of each month and at the same time shall be remitted to the State Treasurer for deposit in the General Fund All fees collected and deposited are appropriated for the support of the school in addition to such other funds as are appropriated therefor by the Legislature. Use of fee

26156. Under rules and regulations established by the board with approval of the Director of Education, refunds of any fees paid by any student or a part thereof, may be made to a student withdrawing from the school or ceasing to be a pupil for causes beyond the control of the student. Any student who upon enrollment does not qualify for financial assistance from the Federal Government or other governmental agency but is subsequently found to qualify for such assistance shall for the perioid for which he qualifies for financial assistance from the Federal Government receive a refund in the amount of the difference between the tuition paid by him and the tuition required of students qualified to receive such assistance. Any refunds shall be approved by the Department of Finance. Refunds

26157. No person shall be sentenced to or received at the school as a punishment or in commutation of a punishment for crime. Punishment for crime

CHAPTER 4. CALIFORNIA ACADEMIES

Article 1. Administration

"California Academies Act"

26201. This chapter (Sections 26201 to 26356, inclusive) may be known and may be cited as the "California Academies Act."

Establishment

26202. There are hereby established the following schools:

One school to be located in the northern part of the State, and to be known as the "California Academy at _____" (adding to the name of the school the name of the city nearest its location, the city so honored to be selected by the State Department of Education).

One school to be located in the southern part of the State, and to be known as the "California Academy at _____" (adding to the name of the school the name of the city nearest its location, the city so honored to be selected by the State Department of Education).

One school to be located in the central part of the State, and to be known as the "California Academy at _____" (adding to the name of the school the name of the city nearest its location, the city so honored to be selected by the State Department of Education).

Nature of the schools

26203. Each school is a residential school to which through the procedure provided for herein, minors between the ages of nine (9) and seventeen (17), both inclusive, may be voluntarily admitted as students therein. In no case shall a child guilty of juvenile delinquency be admitted to either of such schools.

Pupils of the California Academies shall be selected from the dependent, neglected, homeless, and deserving children of the State who obviously are in need of the facilities of such academies, as may be determined by the county selective committee, as provided in Section 26301.

Duties of school

26204. Each school shall provide supervision, discipline, and training and the residence for the children therein shall be as nearly homelike as practicable. Cottage-type residences equipped to accommodate from twelve (12) to fourteen (14) children and a cottage mother shall be deemed to be as nearly homelike as practicable for the purposes of this section.

Administration

26205. Each school is under the administration of the State Department of Education.

Director and superintendents

26206. The Director of Education shall appoint, and fix the salary of, a full-time director over all such schools under jurisdiction, who shall have had broad experience in directing schools of the character provided for in this act and such other qualifications as the Director of Education may determine. The Director of Education shall also appoint and fix the salary of, subject to the State Civil Service Act, a superintendent for each of the schools established, who shall have had similar experience and qualifications.

26207. The Director of Education shall: Duties of Director of Education

a. Prescribe rules for the government of the school.

b. Appoint all employees required or needed for the operation of each school.

26208. The Director of Education shall prescribe rules and regulations for the government of the schools and shall determine, subject to the State Civil Service Act, the number and qualifications of all personnel of the schools, appoint the same, and fix their compensation. Teachers and instructors shall be selected from the standpoint of efficiency in the particular line or subject to be covered by them. Personnel

The instructors and teachers of vocational education and academic subjects shall possess the same qualifications as are on September 19, 1947, or may thereafter be, required by any law of this State for instructors and teachers of vocational and academic subjects in the public schools of the State and they shall be certificated as on September 19, 1947, or thereafter may be, required by the provisions of the Education Code.

In the academic field as to subjects to be taught and the qualifications of teachers and instructors for all grades and departments, the rules and regulations shall conform as nearly as practicable to the provisions of the Education Code covering similar subjects so as to provide the said California Academies academic departments and to give to the students thereof educational advantages similar in character to those of the public schools of the State.

The religious faith of any child shall be respected and upheld in the administration of the academies, and a child shall not be required to have medical or psychiatric treatment if his parent, guardian, or person standing in loco parentis, in good faith is providing treatment in accordance with the religious tenets of any church, as authorized under Chapter 5 of Division 2 of the Business and Professions Code of California.

Teachers and instructors in the California Academies shall be entitled to all the rights and benefits of the State Teachers' Retirement System.

Article 2. Instruction

26251. Each academy shall include within its curriculum academic subjects, vocational training, physical culture, home economics and such other subjects of training as may be determined to be proper and suitable. Curriculum

26252. There shall be provided in each school facilities, equipment and instructors for sports, including football, baseball, handball, tennis, swimming, and such other sports as may be deemed proper by the superintendent. Facilities, etc

26253. Each school shall be nonsectarian, but there shall be provided for the conduct of religious services by which pupils may be instructed in their respective faiths. Religious services

Article 3. Admission

County selective committee

26301. A committee known as the county selective committee for the California Academies, composed of the county superintendent of schools, as chairman, director of county welfare department of the county, and five citizens appointed jointly by the county superintendent of schools and the county welfare director, shall pass on the eligibility for admission. Preference shall be given to orphaned children. If either the county superintendent of schools or the county welfare director is unable to attend a meeting thereof he may designate a substitute to act in his stead at such meeting. The county superintendent of schools, or his substitute, the county welfare director, or his substitute, and two lay members of the committee shall constitute a quorum for the transaction of business.

The terms of office of such appointed members shall be four years except that the terms of three of the first appointed members shall be two years, and they shall hold office until appointment and qualification of their successors.

Petition for admission

26302. Any parent or guardian, the welfare director of the county, the person in charge of a state licensed child placing agency in the county, may petition the committee to recommend the admission of any child between the ages of 9 and 17 years as a pupil of the California Academies.

Superintendent's action on applications

26303. The superintendent of such California Academy may pass on the eligibility of all applications for admittance of students to such school presented by the county selective committees and determine their fitness and acceptability as students in such California Academy.

Juvenile court judges are hereby empowered to refer from their courts to the county selective committee of the county for study as to qualifications for admittance as a student in the California Academies any child brought before them between the ages of nine (9) and seventeen (17) years who in their opinion can properly qualify for admission, and upon determination of the committee that such child is otherwise qualified for admission, the juvenile judge shall enter an order waiving jurisdiction of such child for the purpose of allowing the child to attend such academy.

Release from academy

26304. When, in the opinion of the superintendent of such academy, it is for the best interest of any child to leave the academy, either temporarily or permanently, it shall be the duty of the county selective committee through the county welfare department, the public school department, or the county probation department, to assist the parent or guardian in making suitable arrangements for the child's return to the community and to see that adequate supervision is provided for at least one year thereafter.

If a child has been previously made a ward of the court the county selective committee may at any time study the qualifications of such child for admission as a student in one of the

California Academies and if by said committee found eligible the said county selective committee shall proceed in the manner hereinbefore provided to have the child admitted as a student in one of such schools and upon final admission of such child to the school, petition the court to set aside the order making such child a ward of the juvenile court and dismiss the proceedings against such child in said court.

Parent, if any, or guardian, or some responsible and proper person approved by the superintendent shall accompany the child to and from a California Academy and pay for transportation expenses; provided, however, that in no case shall a child be accompanied to the school by any probation officer or peace officer or any person directly connected with a penal, correctional, or detention institution either state, county, or municipal, nor shall any person holding any such position or connected therewith, be appointed guardian of any child subject to this act. When parents or guardians are unable to meet the expense for such transportation the cost of transportation shall be paid from the support funds of the California Academies.

Article 4. Support

26351. The Director of Education shall establish a uniform charge for the maintenance, clothing, and care of pupils to be paid by a parent or parents or by the guardian where the ward has an estate from which the same may be paid. When, however, the parent or guardian of the child is unable to pay the full amount of the charge, the Director of Education may reduce the charge in whole or in part as the case requires

Charge for service

When the parent legally responsible for the support of the child fails to pay, or does not pay, the full amount of the charge, or the sum to which said charge has been reduced by the Director of Education if any reduction has been made, the juvenile court of the county of residence of said child at time of his admission to the school may, upon the application of the superintendent of the school, examine the parent or parents and determine the amount of such charge which such parent or parents may reasonably be required to pay and make an order directing such parent or parents to make such payment, and upon the affidavit of the superintendent that any such payment is due and has not been made, execution in favor of the Director of Education may issue for such payment upon the order and at the discretion of the court.

26352. There shall be transferred during each fiscal year to the California Academies Fund from the State General Fund by the State Controller one hundred twenty dollars ($120) for each unit of average daily attendance in each school during the preceding fiscal year. Units of average daily attendance shall be calculated for each school in exactly the same manner as units of average daily attendance are calculated for elementary school districts under the provisions of the Education Code.

Transfer of funds

Status of academy

26353. Each academy is, in addition to being a public school, an institution within the meaning of Chapter 1 of Part 2 of Division 2 of the Welfare and Institutions Code, and the Director of Education may make application for and receive aid pursuant to said chapter. Aid for needy children maintained at or by any of the academies shall be paid to the California Academies Fund to the same full extent in every respect as is aid payable, under the provisions of said chapter, to any other institution that maintains needy children.

Federal aid

26354. The Director of Education shall upon establishment of such schools make, or cause to be made, through the proper agencies, application or applications to the Government of the United States for federal aid for such schools and each thereof.

Payments by counties to State

26355. For each child admitted to such academies the county of the residence of such child shall pay the State at the rate and in the manner provided in this section for the time such child so admitted remains in such academy; provided, however, that if the parent or guardian of such child pays the full amount of the uniform charge so fixed by the Director of Education the county shall be relieved of the payment for such child; and provided further, that if the charge is reduced in a particular case by the Director of Education pursuant to Section 26351, and the parent or guardian of such child pays such reduced amount, then the county shall only be required to pay the difference between the amount paid by the parent or guardian and the uniform charge fixed by the director, but not to exceed the amount otherwise required to be paid by the county. Payments by the counties shall be made in the same manner and in the same amounts as payments made by the county pursuant to county ordinance or regulation or any amendment thereto which relates to the payment by the county for boarding children in boarding homes, camps or foster homes and which is in effect when the payments required by this section are made by the county.

California Academies Fund

26356. All amounts provided for by this article (commencing at Section 26351) shall be collected and deposited in the State Treasury in the California Academies Fund, hereby created. The Controller shall maintain a separate account in such fund covering the sources from which any moneys are received. None of the moneys in said fund shall be available for expenditure in carrying out the provisions of this chapter (Sections 26201 to 26356, inclusive) except such amounts thereof as are, after September 19, 1947, appropriated by the Legislature for specified purposes.

Broad powers shall be granted the Director of Education in the securing of special sites, buildings, either by purchase or lease or through gifts to establish the California academies. The academies shall be built up by careful selection of staff and through adoption of sound administrative and educational policies, calling for a gradual development rather than speedy growth.

CHAPTER 5. SCHOOLS FOR CEREBRAL PALSIED CHILDREN

Article 1. Administration

26401. There are two schools for cerebral palsied and other similarly handicapped children known and designated as School for Cerebral Palsied Children, Northern California, and School for Cerebral Palsied Children, Southern California. Number and designation

26402. The schools for cerebral palsied and other similarly handicapped children are a part of the school system of the State, except that they derive no revenue from the Public School Fund, and have for their object diagnosis, and the determination of the treatment, and educational program of children crippled by cerebral palsy or other similar handicaps. These schools provide temporary residence for children, who, by reason of their handicaps, cannot be taught in regular public school classes. Status and purpose

26403. The schools are under the administration of the Director of Education. Administration

26404. The Director of Education in relation to the schools for cerebral palsied and other similarly handicapped children shall: Duties of Director of Education

(a) Prescribe rules for the government of the schools.

(b) Appoint the superintendents and other officers and employees.

(c) Remove for cause any officer, teacher or employee.

(d) Fix the compensation of teachers.

(e) Determine the length of, and the time for, vacations of teachers.

(f) Contract with the University of California or with other public or private hospitals or schools of medicine for the establishment and maintenance of two or more diagnostic and treatment centers for cerebral palsied and other similarly handicapped children.

Article 2. Teaching Force

26451. The powers and duties of the superintendents of the schools are such as are assigned to them by the State Director of Education. Superintendents

26452. The Director of Education may authorize the California schools for cerebral palsied and other similarly handicapped children to establish and maintain teacher training courses designed to prepare teachers of college or university students to teach children orthopedically handicapped in special classes in the Public School System. The Director of Education shall prescribe standards for the admission of persons to the courses, and for the contents of the courses. Teacher training courses

Article 3. Pupils

Entrance qualifications and charges

26501. Every resident minor of California, of suitable age and capacity, as determined by means of diagnosis at the diagnostic and treatment centers for cerebral palsied and other similarly handicapped children, is entitled to enrollment in a school for cerebral palsied children, free of charge.

Children crippled by cerebral palsy, not residents of California, may be admitted to the benefits of the schools upon paying to the State Department of Education, quarterly in advance, the actual support cost at the average cost of maintaining pupils in the school for the period in question. This cost shall be determined by the Department of Education with the approval of the Department of Finance.

DIVISION 20. LIBRARIES

CHAPTER 1. STATE LIBRARY

Article 1. Division of Libraries in Department of Education

Division of Libraries

27001. There is in the Department of Education the Division of Libraries.

"State Librarian"

27002. The division shall be in charge of a chief who shall be a technically trained librarian and shall be known as the "State Librarian."

Appointment, salary, and bond

27003. The State Librarian shall be appointed by and hold office at the pleasure of the Governor. He shall receive an annual salary as provided for by Chapter 6 of Part 1 of Division 3 of Title 2 of the Government Code, and before entering upon the duties of his office shall execute an official bond to the State in the penal sum of three thousand dollars ($3,000).

Duties

27004. The State Librarian shall administer the State Library in accordance with law and such regulations as may be adopted by the State Board of Education, which board shall determine all policies for the conduct of the State Library.

Same

27005. The State Librarian shall be in attendance at the library during office hours.

Assistant

27006. The State Librarian may appoint an assistant who shall be a civil executive officer.

Article 2. Powers and Duties

Department of Education's duties

27051. The Department of Education shall:

(a) Make rules and regulations, not inconsistent with law, for its government and for the government of the State Library.

(b) Authorize the librarian to appoint such other assistants as are necessary.

(c) Sell or exchange duplicate copies of books.

(d) Keep in order and repair the books and property in the library.

(e) Prescribe rules and regulations permitting persons other than Members of the Legislature and other state officers to have the use of books from the library.

(f) Collect and preserve statistics and other information pertaining to libraries, which shall be available to other libraries within the State applying for the information.

(g) Establish, in its discretion, deposit stations in various parts of the State, under the control of an officer or employee of the State Library. No book shall be kept permanently away from the main library, which may be required for official use.

Same

27052. The Department of Education shall also:

(a) Purchase books, maps, engravings, paintings, and furniture for the library.

(b) Number and stamp all books and maps belonging to the library, and keep a catalog thereof.

(c) Have bound all books and papers that require binding

(d) Keep a register of all books and property added to the library, and of the cost thereof.

(e) Keep a register of all books taken from the library.

Federal aid to public libraries

27053 The State Department of Education is hereby named and designated as the proper state agency to accept, receive and administer any and all funds, moneys or library materials, granted, furnished, provided, appropriated, dedicated or made available by the United States or any of its departments, commissions, boards, bureaus or agencies for the purpose of giving aid to public libraries in the State of California.

Powers

27054. The Department of Education may:

(a) Contract with counties, cities, or districts within this State, agencies of the State, and agencies of the United States Government for the purpose of providing library services.

(b) Establish and operate library service centers.

Article 3. Books

Withdrawal from library

27101. Books may be taken from the library by the Members of the Legislature and by other state officers at any time.

Failure to return

27102. The Controller, when notified by the Department of Education that any officer or employee of the State for whom he draws a warrant for salary has failed to return any book taken by him, or for which he has given an order, within the time prescribed by the rules, or the time within which it was agreed to be returned, and which notice shall give the value of the book, shall, after first informing the officer or employee of the notice, upon failure by him to return the book, deduct from the warrant for the salary of the officer or employee, twice the value of the book, and place the amount deducted in the General Fund.

Purchase of duplicate

27103. In case of the neglect or refusal on the part of any officer or employee of the State to return a book for which he has given an order or a receipt or has in his possession, the

Department of Education may purchase for the library a duplicate of the book, and notify the Controller of the purchase, together with the cost of the book. Upon the receipt of the notice from the department, the Controller shall deduct twice the cost of the duplicate book from the warrant for the salary of the officer or employee, and place the amount deducted in the General Fund.

Legal actions

27104. The Department of Education may bring suit in its official capacity for the recovery of any book, or for three times the value thereof, together with costs of suit, against any person who has the book in his possession or who is responsible therefor. If the department has purchased a duplicate of any book, it may bring suit for three times the amount expended for the duplicate, together with costs of suit.

Liability of borrower

27105. Every person who injures or fails to return any book taken is liable in three times its value.

CHAPTER 2. COUNTY FREE LIBRARIES

Article 1. Establishment

County free libraries

27151. The boards of supervisors of the several counties may establish and maintain, within their respective counties, county free libraries pursuant to this chapter (commencing at Section 27151).

Establishment

27152. The board of supervisors of any county may establish at the county seat or elsewhere in the county, a county free library for that part of the county lying outside of cities maintaining free public libraries, and outside of library districts maintaining district libraries, and for all such additional portions of the county as may elect to become a part of, or to participate in, the county free library system as provided in this chapter (commencing at Section 27151).

Notice

27153. At least once a week for two successive weeks prior to taking any action, the board of supervisors shall publish, in a newspaper designated by it and published in the county, notice of the contemplated action, giving the date of the meeting at which the action is proposed to be taken.

Participation by city libraries

27154. After the establishment of a county free library, the board of trustees, common council, or other legislative body of any city in the county maintaining a free public library, or the board of trustees of any library district maintaining a district library, may notify the board of supervisors that the city or library district desires to become a part of the county free library system. Thereafter the city or library district shall be a part of the system and its inhabitants shall be entitled to the benefits of the county free library, and the property within the city or library district shall be liable to taxes levied for county free library purposes.

Withdrawal

27155. The board of trustees, common council, or other legislative body of any city or the board of trustees of any library district may on or before February 1st of any year,

notify the board of supervisors that the city or library district no longer desires to be a part of the county free library system. Thereafter the city or library district shall cease to participate in the benefits of the county free library, and the property situated in the city or library district shall not be liable to taxes for county free library purposes.

Effective date of withdrawal

27156. If the notice is given after February 1st of any year, the property situated in the city or library district shall be liable to taxes for county free library purposes during the immediately succeeding year, and the notice shall not be effective until the next succeeding year, and library service shall be rendered in the city or library district during the year for which taxes are levied for library purposes in the city or library district.

Notice

27157. Before any board of trustees, common council, or other legislative body of any city, or the board of trustees of any library district gives notice that the city or library district desires to become a part of the county free library system, or gives notice of withdrawal from the system, the board of trustees, common council, or other legislative body of the city or the board of trustees of the library district shall publish at least once a week for two successive weeks prior to the giving of either notice, in a newspaper designated by the board of trustees, common council, or other legislative body of the city or the board of library trustees of the library district, and circulating throughout the city or library district, notice of the contemplated action, giving the date and the place of the meeting at which the contemplated action is proposed to be taken.

Contracts with cities

27158. The board of supervisors of any county in which a county free library has been established may enter into contracts with any city maintaining a free public library, and any such city, through its board of trustees or other legislative body, may enter into contracts with the county to secure to the residents of the city the same privileges of the county free library as are granted to, or enjoyed by, the residents of the county outside of the city, or such privileges as are agreed upon in the contract, upon such consideration named in the contract as is agreed upon, to be paid into the county free library fund. Thereupon the residents of the city shall have the same privileges with regard to the county free library as the residents of the county outside of the city, or such privileges as are agreed upon by the contract.

Contracts with other counties

27159. The board of supervisors of any county in which a county free library has been established may enter into a contract with the board of supervisors of any other county to secure to the residents of the other county such privileges of the county free library as are agreed upon by the contract and upon such consideration as are agreed upon in the contract to be paid into the county free library fund. Thereupon the inhabitants of the other county shall have such privileges of the county free library as are agreed upon by the contract.

Library tax

27160. The board of supervisors of any county may enter into a contract with the board of supervisors of another county in which a county free library has been established, and may levy a library tax, for the purpose of carrying out the contract.

County librarian

27161. The board of supervisors of any county may contract with the board of supervisors of any other county or two or more other counties to provide for the services of a single qualified librarian to serve simultaneously as the county librarian of each county.

When so appointed the county librarian shall be required to establish a residence in but one of the counties in which he is appointed.

Termination of contract

27162. The making of the contract shall not bar the board of supervisors of the county during the continuance of the contract from establishing a county free library under the provisions of this chapter (commencing at Section 27151), if none is already established. Upon the establishment of any county free library, the contract may be terminated upon such terms as may be agreed upon by the parties thereto, or may continue for the term thereof.

Contract with city library

27163. Instead of establishing a separate county free library, the board of supervisors may enter into a contract with the board of library trustees or other authority in charge of the free public library of any city and the board of library trustees, or other authority in charge of the free public library, may make such a contract. The contract may provide that the free public library of the city shall assume the functions of a county free library within the county with which the contract is made, including cities in the county. The board of supervisors may agree to pay annually into the library fund of the city such sum as may be agreed upon. Either party to the contract may terminate the contract by giving six months' notice of intention to do so.

Disestablishment

27164. After a county free library has been established, it may be disestablished in the same manner as it was established At least once a week for two successive weeks prior to taking any action, the board of supervisors shall publish, in a newspaper designated by them, and published in the county, notice of the contemplated action, giving therein the date of the meeting at which the contemplated action is proposed to be taken.

Annexation of territory

27165. Whenever any of the territory being served by a county free library is annexed to, or otherwise included within, any municipal corporation not served by the county free library, the board of supervisors of the county shall order the county free library to continue to serve the territory annexed to, or otherwise included within the municipality, until the end of the fiscal year or years for which a tax has been levied upon the property of the annexed territory for the support of the county free library.

Article 2. The County Librarian

27201. Upon the establishment of a county free library, the board of supervisors shall appoint a county librarian, who shall hold office for the term of four years, subject to prior removal for cause, after a hearing, by the board. County librarian

27202. No person is eligible to the office of county librarian unless prior to his appointment, he has received from the board of library examiners a certificate of qualification for the office. Certificate

27203. At the time of his appointment, the county librarian need not be a resident of the county nor a citizen of the State of California. Residence

27204. Persons of either sex are eligible to certification for the office of county librarian. Sex

27205. The county librarian shall, prior to entering upon the duties of his office, file with the county clerk the usual oath of office and a bond, conditioned upon the faithful performance of his duties, with sufficient sureties approved by a judge of the superior court in the county of which the librarian is to be the county librarian, in such sum as is determined by the board of supervisors Oath and bond

27206. The county librarian shall, subject to the general rules adopted by the board of supervisors, build up and manage, according to accepted principles of library management, a library for the use of the people of the county, and shall determine what books and other library equipment shall be purchased Duties

27207. The salary of the county librarians shall be paid by each of the counties in equal monthly installments, at the same time and in the same manner and out of the same fund as the salaries of other county officers are paid. Salary

27208. The county librarian and his assistant shall be allowed actual and necessary traveling expenses incurred on the business of the office. Traveling expenses

27209. Except when the county librarian is temporarily absent, no person shall serve in the position of county librarian under the title of acting county librarian, or assistant librarian in charge, or any other such title, unless the person has received from the Board of Library Examiners a certificate of qualification for the position of county librarian. Qualification certificate

In the event qualified candidates for the position of the county librarian cannot be found, the county supervisors shall secure a written permission from the Board of Library Examiners to appoint an unqualified person to the position. This written permission may be granted by the library examiners for a period of time up to but not exceeding one year. The examiners may from time to time in their discretion renew the permit.

The provisions of this section shall not apply to the present appointment or reappointment of any person serving on Sep-

tember 11, 1957, in any position which is in lieu of the position of county librarian.

Article 3. Government—State Board of Library Examiners

Board of Library Examiners

27251. There is in the State Government a commission known as the Board of Library Examiners, consisting of the State Librarian, who is ex officio chairman of the board, the librarian of the public library of the City and County of San Francisco, and the librarian of the Los Angeles Public Library. The members of the board shall receive no compensation for their services, except their actual and necessary traveling expenses, to be paid out of the moneys appropriated for the support of the Division of Libraries.

Duties

27252. The board shall pass upon the qualifications of all persons desiring to become county librarians, and may, in writing, adopt rules and regulations not inconsistent with law for its own government, and for carrying out the purposes of this chapter (commencing at Section 27151).

Duties of board of supervisors

27253. The county free library is under the general supervision of the board of supervisors, which may:

(a) Make general rules and regulations regarding the policy of the county free library.

(b) Establish, upon the recommendation of the county librarian, branches and stations throughout the county and may locate the branches and stations in cities wherever deemed advisable.

(c) Determine the number and kind of employees of the library.

(d) Appoint and dismiss the employees upon the recommendation of the county librarian.

Removal of employees

27254. No employee shall be removed except for cause.

Reinstatement

27255. If any removal is made upon the ground that the services of the employee are no longer required, the removed employee shall have the first right to be restored to the employment when his services are again required.

Employment for definite term

27256. The board of supervisors may, at the time of appointing any employee, and upon the recommendation of the county librarian, enter into an agreement that the employee is employed for a definite time only.

Grades of employees

27257. All employees of the county free library whose duties require special training in library work shall be graded in grades established by the county librarian, with the advice and approval of the State Librarian, according to the duties required of them, experience in library work and other qualifications for the service required.

Examinations

27258. Before appointment to a position in the graded service, the candidate shall pass an examination appropriate to the position sought, satisfactory to the county librarian, and show a satisfactory experience in library work. Work in approved library schools or libraries, or certificates issued by

the Board of Library Examiners, may be accepted by the county librarian in lieu of such examination.

Apprentices

27259. The county librarian may accept as apprentices, without compensation, candidates possessing personal qualifications satisfactory to him and may dismiss them at any time if in his judgment their work is not satisfactory to him.

Supervision by State Librarian

27260. The county free libraries are under the general supervision of the State Librarian, who shall from time to time, either personally or by one of his assistants, visit the county free libraries and inquire into their condition. The actual and necessary expenses of the visits shall be paid out of the moneys appropriated for the support of the Division of Libraries.

Annual convention

27261. The State Librarian shall annually call a convention of county librarians, to assemble at such time and place as he deems most convenient, for the discussion of questions pertaining to the supervision and administration of the county free libraries, the laws relating thereto, and such other subjects affecting the welfare and interest of the county free libraries as are properly brought before it. All county librarians shall attend and take part in the proceedings of the convention. The actual and necessary expenses of the county librarians attending the convention shall be paid out of the county free library fund.

Report

27262. The county librarian shall, on or before August 31st, in each year, report to the board of supervisors and to the State Librarian on the condition of the county free library, for the year ending June 30th preceding. The reports shall, in addition to other matters deemed expedient by the county librarian, contain such statistical and other information as is deemed desirable by the State Librarian. For this purpose the State Librarian may send to the several county librarians instructions or question blanks so as to obtain the material for a comparative study of library conditions in the State.

Tax

27263. The board of supervisors, after a county free library has been established, shall annually levy, in the same manner and at the same time as other county taxes are levied, and in addition to all other taxes, a tax not to exceed three mills ($0.003) on the dollar ($1) of assessed valuation upon all property in the county outside of cities maintaining free public libraries, union high school library districts maintaining district free public libraries, and outside of library districts maintaining district libraries, and upon all property within cities and library districts, which have elected to become a part of any county free library system, for the purpose of purchasing property for, establishing, and maintaining the county free library.

Same

27264. In counties wherein a union high school library district, maintaining a district free public library was established prior to June 30, 1912, and such district has not elected to become a part of the county free library system, the board

of supervisors may levy a tax in such amount as may be necessary upon all the property in the county outside of cities maintaining free public libraries, union high school library districts maintaining district free public libraries and outside of library districts maintaining district libraries, and upon all property within cities and library districts, which have elected to become a part of any county free library system, for the purpose of acquiring sites for, and constructing, leasing, building, rebuilding, furnishing, refurnishing, or repairing county free library buildings. In all other counties, county bonds may be issued, in the manner prescribed in Article 1, Chapter 6, Division 3, Title 3 of the Government Code, for the erection and equipment of county free library buildings and the purchase of land therefor.

Gifts

27265. The board of supervisors may receive, on behalf of the county, any gift, bequest, or devise for the county free library, or for any branch or subdivision of the library.

Property and funds

27266. The title to all property belonging to the county free library is vested in the county. All laws applicable to the collection of county taxes shall apply to the collection of the taxes provided in Sections 27263 and 27264. All funds of the county free library, whether derived from taxation or otherwise, shall be in the custody of the county treasurer. They shall constitute a separate fund, called the county free library fund, and shall not be used for any purposes except those of the county free library.

Claims

27267. Each claim against the county free library fund shall be authorized and approved by the county librarian, or in his absence from the county by his assistant. It shall then be acted upon in the same manner as other claims against the county.

Contracts with county law libraries

27268. In any county of this State where a law library exists under the provisions of Chapter 5 of Division 3 of the Business and Professions Code, the board of supervisors of the county may enter into contracts, or agreements with the board of law library trustees of the law library for the co-operation of the law library and the county free library, and, in that connection, may contract or agree with the board of law library trustees of the law library that the county librarian and other employees of the county free library perform the duties required to be done or performed by the officers and employees of the law library for a compensation to be named in the contract or agreement, and to be paid into the county free library fund.

School and teachers' libraries

27269. The board of supervisors may accept on behalf of the county free library, all books and other property of school libraries and of the teachers' library, and may manage and maintain them as a part of the county free library.

Continued existence

27270. Any county library which was established and existed on April 26, 1911, under the provisions of an act entitled "An act to provide county library systems," approved April 12, 1909, is continued under the provisions of this chap-

ter (commencing at Section 27151), and shall be considered the same as if established under the provisions of this chapter (commencing at Section 27151). If a contract has been entered into between any county board of supervisors and any city pursuant to this article (commencing at Section 27151), the contract shall continue in force, and the provisions of Section 27163 shall be applicable thereto, until the establishment and equipment of a county free library under the provisions of this chapter (commencing at Section 27151), unless sooner terminated.

CHAPTER 3. MUNICIPAL LIBRARIES

Article 1. Establishment

27301. The common council, board of trustees, or other legislative body of any city in the State may, and upon being requested to do so by one-fourth of the electors of the municipal corporation in the manner provided in this article (commencing at Section 22201), shall, by ordinance, establish in and for the municipality a public library if there is none already established therein. Establishment

27302. The request may be by a single petition, or by several petitions. The several petitions shall be substantially in the same form. The single petition, or several petitions in the aggregate, shall have, the signatures of the requisite number of electors. Petition

Article 2. Trustees

27351. The public library shall be managed by a board of library trustees, consisting of five members, to be appointed by the mayor, president of the board of trustees, or other executive head of the municipality, with the consent of the legislative body of the municipality. Board of library trustees

27352. The trustees shall hold office for three years, serving without compensation. The members of the first board appointed shall so classify themselves by lot that one of their number shall go out of office at the end of the current fiscal year, two at the end of one year thereafter, and two at the end of two years thereafter. Term

27353. Men and women are equally eligible to appointment as trustees. Sex

27354. Vacancies shall be filled by appointment for the unexpired term in the same manner as the original appointments are made. Vacancies

27355. Boards of library trustees shall meet at least once a month at such times and places as they may fix by resolution. Monthly meetings

27356. Special meetings may be called at any time by three trustees, by written notice served upon each member at least three hours before the time specified for the proposed meeting. Special meetings

27357. A majority of the board shall constitute a quorum for the transaction of business. Quorum

President

27358. The board shall appoint one of its number president, who shall serve for one year and until his successor is appointed, and in his absence shall select a president pro tem.

Records

27359. The board shall cause a proper record of its proceedings to be kept.

Rules

27360. The board of library trustees may make and enforce all rules, regulations, and bylaws necessary for the administration, government, and protection of the libraries under its management, and all property belonging thereto.

Property

27361. The board of library trustees may administer any trust declared or created for the library, and receive by gift, devise, or bequest and hold in trust or otherwise, property situated in this State or elsewhere, and where not otherwise provided, dispose of the property for the benefit of the library.

Officers and employees

27362. The board of library trustees may prescribe the duties and powers of the librarian, secretary, and other officers and employees of the library; determine the number of and appoint all officers and employees, and fix their compensation. The officers and employees shall hold their offices or positions at the pleasure of the board.

Purchases

27363. The board of library trustees may purchase necessary books, journals, publications, and other personal property.

Real property

27364. The board of library trustees may purchase real property, and erect or rent and equip, such buildings or rooms, as may be necessary, when in its judgment a suitable building, or portion thereof, has not been provided by the legislative body of the municipality for the library.

State publications

27365. The board of library trustees may require the Secretary of State and other state officials to furnish the library with copies of any and all reports, laws, and other publications of the State not otherwise disposed of by law.

Books

27366. The board of library trustees may borrow books from, lend books to, and exchange books with other libraries, and may allow nonresidents to borrow books upon such conditions as the board may prescribe.

General duties

27367. The board of library trustees may do and perform any and all other acts and things necessary or proper to carry out the provisions of this chapter (commencing at Section 27301).

Report

27368. The board of library trustees, or if there is no board of trustees, then the administrative head of the library shall, on or before August 31st, in each year, report to the legislative body of the municipality and to the State Librarian on the condition of the library, for the year ending the thirtieth day of June preceding. The reports shall, in addition to other matters deemed expedient by the board of trustees or administrative head of the library, contain such statistical and other information as is deemed desirable by the State Librarian. For this purpose the State Librarian may send to the several boards of trustees or administrative heads of the library instructions or question blanks so as to obtain the material for a comparative study of library conditions in the State.

Article 3. Support of Libraries

27401. The legislative body of any municipality in which a public library is established pursuant to this chapter (commencing at Section 27301), shall in making the annual tax levy and as part thereof, if the maintenance of the library has not been otherwise provided for, levy a tax for the purpose of maintaining the library and purchasing property necessary therefor. The tax shall be in addition to other taxes, the levy of which is permitted in the municipality. After two years from the establishment of new libraries, where a maintenance corresponding thereto, has not been otherwise provided, in municipalities of the first, second, and third classes, as they were classified on June 11, 1909, the tax levy shall not exceed two mills on the dollar of assessed valuation, and in municipalities of the fourth, fifth, and sixth classes, as they were classified on June 11, 1909, the levy shall not exceed three mills on the dollar of assessed valuation. Tax levy

27402. The revenue derived from the tax, together with all money acquired by gift, devise, bequest, or otherwise, for the purposes of the library, shall be apportioned to a fund to be designated the library fund, and shall be applied to the purposes authorized in this chapter (commencing at Section 27301). Library fund

27403. If payment into the treasury is inconsistent with the conditions or terms of any gift, devise, or bequest, the board shall provide for the safety and preservation of the fund, and the application thereof to the use of the library, in accordance with the terms and conditions of the gift, devise, or bequest. Administration of gifts

27404. Payments from the fund shall be made upon warrants issued after due audit by, and an order from, the library trustees. The warrants shall be signed by the president and secretary of the board of library trustees. The treasurer of the municipality shall pay such warrants without any further order or warrant from any other authority. Warrants

Article 4. Government

27451. Every library established pursuant to this chapter (commencing at Section 27301) shall be forever free to the inhabitants and nonresident taxpayers of the municipality, subject always to such rules, regulations, and bylaws as may be made by boards of library trustees. Any person who violates any rule, regulations, or bylaw may be fined or excluded from the privileges of the library. Rules

27452. The board of library trustees and the legislative body of any neighboring municipality or the board of supervisors of the county in which the public library is situated, may contract for lending the books of the library to residents Contracts with county

of the county or neighboring municipality, upon a reasonable compensation to be paid by the county or neighboring municipality.

Legal title

27453. The title to all property acquired for the purposes of the library, when not inconsistent with the terms of its acquisition, or otherwise designated, vests in the municipality in which the library is situated, and in the name of the municipal corporation may be sued for and defended by action at law or otherwise.

Continued existence

27454. Any municipal library which was established and existed on June 11, 1909, under the provisions of an act entitled "An act to establish free public libraries and reading rooms," approved April 26, 1880, is continued under the provisions of this chapter (commencing at Section 27301) and shall be considered the same as if established under the provisions of this chapter (commencing at Section 27301). This chapter (commencing at Section 27301) has no application to any library established or governed by a city charter, and any city charter is in no manner affected by this chapter (commencing at Section 27301).

Disestablishment

27455. Any ordinance establishing a library adopted pursuant to this chapter (commencing at Section 27301) shall be repealed by the body which adopted it upon being requested to do so by 51 percent of the electors of the municipal corporation, as shown by the great register. Upon the repeal of the ordinance the library is disestablished in the municipal corporation.

CHAPTER 4. LIBRARY DISTRICTS IN UNINCORPORATED TOWNS AND VILLAGES

Article 1. Formation

Establishment

27501. Any unincorporated town or village of this State may establish, equip, and maintain a public library for the dissemination of knowledge of the arts, sciences, and general literature, in accordance with this chapter (commencing at Section 27501).

Petition and election

27502. Upon the application, by petition, of 50 or more taxpayers and residents of any unincorporated town or village to the board of supervisors in the county in which the town or village is located, praying for the formation of a library district, and setting forth the boundaries of the proposed district, the board of supervisors shall, within 10 days after receiving the petition, by resolution, order that an election be held in the proposed district for the determination of the question and shall appoint three qualified electors of the proposed district to conduct the election.

Notice

27503. The election shall be called by posting notice in three of the most public places in the proposed library district, and by publication in a daily or weekly paper, if there

is one, at least once a week for not less than 15 days. The notices shall specify the time, place, and the purposes of the election, and the hours during which the polls will be kept open.

Hours of voting

27504. In districts with a population of 10,000 or over, the polls shall be opened at 8 o'clock a.m., and kept open until 7 o'clock p.m., and in districts where the population is less than 10,000, the polls shall not be opened before 1 o'clock p.m., and shall be kept open not less than six hours.

Conduct

27505. The election shall be conducted in accordance with the general election laws of this State, where applicable, without reference to form of ballot or manner of voting, except that the ballots shall contain the words, "For library district," and the voter shall write or print after the words on his ballot the word "Yes," or the word "No."

Electors

27506. Every qualified elector, resident within the proposed district for the period requisite to enable him to vote at a general election, shall be entitled to vote at the election.

Reports of results

27507. The election officers shall report the result of the election to the board of supervisors within five days after the election.

Board of library trustees

27508. If a majority of the votes at the election is in favor of a library district, the board of supervisors shall by resolution, establish the library district, and shall appoint three trustees, who shall be qualified electors and residents within the limits of the district, to be known as a board of library trustees of the town or village for which they are appointed.

Term

27509. The trustees shall severally hold office for three years from the first day of July next succeeding their election and until their successors are elected and qualified; serving without compensation.

Same First board

27510. The members of the first board appointed shall be so classified by the board of supervisors at the time of their appointment, that one of their number goes out of office on the thirtieth day of June next succeeding his appointment, one at the end of one year thereafter, and the other at the end of two years thereafter.

Vacancies

27511. Vacancies shall be filled by the board of supervisors by appointment for the unexpired term.

Unfavorable vote

27512. If a majority of the votes cast is against a library district, the board of supervisors shall, by order, so declare, and no other proceedings shall be taken in relation thereto until the expiration of one year from the date of presentation of the petition.

Conclusiveness of proceedings

27513. The fact of the presentation of the petition, and the order establishing the library district and making the appointment of the three library trustees, shall be entered in the minutes of the board of supervisors and shall be conclusive evidence of the due presentation of a proper petition, and that each of the petitioners was, at the time of signature and presentation of the petition, a taxpayer and resident of the proposed district, and of the fact and regularity of all

prior proceedings of every kind and nature provided for by this article (commencing at Section 27501), and of the existence and validity of the district.

Article 2. Powers

Monthly meeting

27551. The board of library trustees shall meet at least once a month, at such time and place as it may fix by resolution.

Special meetings

27552. Special meetings may be called at any time by two trustees, by written notices served upon each member at least 12 hours before the time specified for the meeting.

Quorum

27553. Two members constitute a quorum for the transaction of business.

Organization of board

27554. At its first meeting held after the first day of July the board shall organize by electing one of its number president, and another one of its number secretary. They shall serve as such for one year or until their successors are elected and qualified.

Certificate of establishment

27555. The board shall cause a proper record of its proceedings to be kept, and at the first meeting of the board of trustees, it shall immediately cause to be made out and filed with the Department of Education at Sacramento a certificate showing that the library has been established, with the date thereof, the names of the trustees, and the officers of the board chosen for the current fiscal year.

Rules

27556. The board of library trustees shall make and enforce all rules, regulations, and bylaws necessary for the administration, government, and protection of the library under its management, and all property belonging to it.

Gifts

27557. The board of library trustees shall administer any trust declared or created for the library, and receive by gift, devise, or bequest, and hold in trust or otherwise, property situated in this State or elsewhere, and where not otherwise provided, dispose of the property for the benefit of the library.

Officers and employees

27558. The board of library trustees shall prescribe the duties and powers of the librarian, secretary, and other officers and employees of the library, determine the number of and appoint all officers and employees, and fix their compensation. The officers and employees shall hold their offices and positions at the pleasure of the board.

Purchases

27559. The board of library trustees shall purchase necessary books, journals, publications, and other personal property.

Real property

27560. The board of library trustees shall also purchase such real property, and erect or rent and equip, such building or rooms, as in its judgment is necessary to properly carry out the provisions of this chapter (commencing at Section 27501).

State publications

27561. The board of library trustees shall require the Secretary of State and other state officials to furnish the library with copies of any and all reports, laws, and other publications of the State not otherwise disposed of by law.

27562. The board of library trustees shall borrow books from, lend books to, and exchange books with other libraries. It shall allow nonresidents to borrow books upon such conditions as it may prescribe. Books

27563. The board of library trustees shall do and perform any and all other acts and things necessary or proper to carry out the provisions of this chapter (commencing at Section 27501). General duties

27564. The board of library trustees shall file, through the librarian, on or before the last day in the month of August of each year, a report with the State Librarian at Sacramento giving the condition of the library and the number of volumes contained therein on the thirtieth day of June preceding. The report shall, in addition to other matters deemed expedient by the board of trustees or the librarian, contain such statistical and other information as is deemed desirable by the State Librarian. For this purpose the State Librarian may send to the several district librarians instructions or question blanks so as to obtain the material for a comparative study of library conditions in the State. Report

27565. The board of library trustees shall designate the hours during which the library is open for the use of the public. All public libraries established under this chapter (commencing at Section 27501), shall be open for the use of the public during every day in the year except on such legal holidays as may be determined by the board of library trustees. Hours

27566. In any library district formed under the provisions of this chapter (commencing at Section 27501), which maintains a public library, or which has petitioned for and been granted permission to establish, and intends to maintain a public library in accordance with this chapter (commencing at Section 27501), the board of library trustees shall furnish to the board of supervisors of the county in which the library district is situated, each and every year, on or before the first day of September, an estimate of the cost of any or all of the following: Estimate of costs

(a) Leasing temporary quarters.

(b) Purchasing a suitable lot.

(c) Procuring plans and specifications and erecting a suitable building.

(d) Furnishing and equipping the building and fencing and ornamenting the grounds, for the accommodation of the public library

(e) Conducting and maintaining the library for the ensuing fiscal year.

27567. The board of library trustees may, when in its judgment it is deemed advisable, and upon the petition of 50 or more taxpayers residing within the library district shall, call an election and submit to the electors of the library district the question of whether the bonds of the library district shall be issued and sold for any or all the purposes of this chapter (commencing at Section 27501). Bonds

Tax levy

27568. When the estimate has been submitted to the board of supervisors, the board of supervisors shall, at the time of levying county taxes, levy a special tax upon all of the taxable property within the limits of the library district, sufficient in amount to maintain the public library, or to purchase the site, erect and equip the building, improve the grounds or building, or for any or all of the purposes of this chapter (commencing at Section 27501). The taxes shall be computed, entered upon the tax roll, and collected in the same manner as other taxes are computed, entered, and collected.

Library fund

27569. The revenue derived from the tax, together with all money acquired by gift, devise, bequest, or otherwise, for the purposes of the library, shall be paid into the county treasury, to the credit of the library fund of the district in which the tax is collected, subject only to the order of the library trustees of the district If payment into the treasury is inconsistent with the terms or conditions of any gift, devise, or bequest, the board of library trustees shall provide for the safety and preservation of the fund, and the application thereof to the use of the library, in accordance with the terms and conditions of the gift, devise, or bequest.

Warrants

27570. Upon the receipt by the county auditor of an order of the library trustees of the district he shall issue his warrant upon the county treasurer for the amount stated in the order.

Nonpayment

27571. When any warrant is presented to the treasurer for payment and it is not paid for want of funds the treasurer shall endorse thereon "not paid for want of funds" with the date of presentation and sign his name thereto and from that time the warrant bears interest at the rate of 6 percent per annum until it is paid or until funds are available for its payment and the county treasurer gives notice to the warrant holder that funds are available for payment The giving of the notice is deemed complete upon deposit thereof in the United States mail in a sealed envelope addressed to the warrant holder at his address given by him at the time of presentation of the warrant to the treasurer, with postage thereon fully prepaid and registered.

Rules

27572. Every library established under this chapter (commencing at Section 27501) shall be forever free to the inhabitants and nonresident taxpayers of the library district, subject always to such rules, regulations, and bylaws as may be made by the board of library trustees For any violation of the rules, regulations, or bylaws a person may be fined or excluded from the privileges of the library.

Contracts

27573. Boards of library trustees and the boards of trustees of neighboring library districts, or the legislative bodies of neighboring municipalities, or boards of supervisors of the counties in which public libraries are situated, may contract to lend the books of the libraries to residents of the counties or neighboring municipalities, or library districts, upon a

reasonable compensation to be paid by the counties, neighboring municipalities, or library districts.

27574. The title to all property acquired for the purposes of the libraries, when not inconsistent with the terms of its acquisition, or not otherwise designated, vests in the district in which libraries are, or are to be situated. Legal title

27575. Every library district shall be designated by the name and style of _____ library district, (using the name of the district), of _____ county, (using the name of the county in which the district is situated). In that name the trustees may sue and be sued, and may hold and convey property for the use and benefit of the district. A number shall not be used as a part of the designation of any library district. Name

Article 3. Annual Election of Trustees

27601. An election shall be held in each library district, annually, at the public library, if there is one, and if there is none, at the place designated by the board of trustees, for the election of one library trustee, who shall hold office for three years dating from the first day of July next succeeding his election, or until his successor is elected, or appointed, and qualified. Annual election

27602. The number of library trustees for any library district established under the provisions of this chapter (commencing at Section 27501) is three. Number of trustees

27603. Not less than 10 days before the election, the trustees shall post notices in three public places in the district, one of which places shall be the public library. The notices shall specify the time and place of election, and the hours during which the polls will be kept open. If within five days of holding the election the trustees have failed to post the notices, then any three electors of the district may give notice. Notice of election

27604. Boards of trustees shall appoint one inspector and two judges to conduct the election. If they are not appointed, or, if those appointed are not present at the opening of the polls, the electors present may appoint them, and they shall conduct the election. Any member of the board of library trustees is qualified to administer the oath and swear in the election officers. Election officers

27605. In library districts with a population of 10,000 or over, the polls shall be open at 8 o'clock a.m., and kept open until 7 o'clock p.m. In districts where the population is less than 10,000 the polls shall not be opened before 1 o'clock p.m., and shall be kept open not less than six hours. Hours of voting

27606 Every elector, resident of the library district, who is a qualified elector of the county, and who is registered in the district where the election is held at least 54 days before the election, may vote at the election. Qualified electors

27607. Voting shall be by ballot, without reference to the general election law in regard to nominations, form of ballot, or manner of voting, which shall be handed by the elector Method of voting

voting to the inspector, who shall then, in his presence, deposit the ballot in the ballot box, and the judges shall enter the elector's name on the poll list.

Challenge

27608. Any person offering to vote may be challenged by any elector of the district, and the judges of election shall thereupon administer to the person challenged an oath, in substance as follows: "You do swear that you are a citizen of the United States, that you are 21 years of age, that you have resided in this State one year, in this county 90 days, and in this library district 54 days preceding this election, and that your name is on the great register of this county and was on the great register of a precinct of this library district at least 54 days before this election, and that you have not before voted this day." If he takes the oath, his vote shall be received. Otherwise his vote shall be rejected.

Poll and tally lists

27609. A poll and tally list shall be kept and shall be returned to the board of library trustees.

Results of election

27610. The officers of election shall publicly canvass the votes immediately after closing the polls, and shall make, sign, and deliver certificates of election to the person elected, which shall, with the oath of office of the person elected attached, be forwarded to the county clerk and filed in his office.

Article 4. Bonds

Purposes

27651. The board of trustees of any library district may, when in their judgment it is deemed advisable, and shall upon a petition of 50 or more taxpayers and residents of the library district, call an election and submit to the electors of the district the question of whether the bonds of the district shall be issued and sold for the purpose of raising money for any or all of the following:

(a) The purchase of suitable lots.

(b) Procuring plans and specifications and erecting a suitable building.

(c) Furnishing and equipping the building, and fencing and ornamenting the grounds, for the accommodation of the public library.

(d) Any or all of the purposes of this chapter (commencing at Section 27501).

(e) Liquidating any indebtedness incurred for the purposes.

(f) Refunding any outstanding valid indebtedness, evidenced by bonds or warrants of the district.

Notice

27652. The election shall be called by posting notices, signed by the board, in three of the most public places in the district, for not less than 20 days before the election, and by publishing the notice not less than once a week for three successive weeks in a newspaper published in the district if there is one, or if there is none, in a newspaper published in the county.

Contents of notice

27653. The notice shall contain:

(a) Time and place of holding the election.

(b) The names of inspectors and judges to conduct the election.

(c) The hours during the day in which the polls will be open.

(d) The amount and denomination of the bonds, the rate of interest, and the number of years, not exceeding 40, the whole or any part of the bonds are to be run.

Conduct of election

27654. The election shall be conducted in accordance with the provisions of Sections 27601 to 27610, inclusive, relating to the election of trustees, insofar as they are applicable to the election for bonds.

Method of voting

27655. Voting shall be by ballot, without reference to the general election law in regard to form of ballot, or manner of voting, except that the words to appear on the ballot shall be, "bonds—Yes," and "bonds—No." Persons voting at the bond election shall put a cross (+) upon their ballots, with pencil or ink, after the words, "bonds—Yes," or "bonds—No," as the case may be, to indicate whether they have voted for or against the issuance of the bonds. The ballot shall be handed by the elector voting to the inspector, who shall then, in his presence, deposit the ballot in the ballot box, and the judges shall enter the elector's name on poll list.

Favorable vote

27656. On the seventh day after the election, at 8 o'clock p.m., the returns having been made to the board of trustees, the board shall meet and canvass the returns, and if it appears that two-thirds of the votes cast at the election are in favor of issuing the bonds, then the board shall cause an entry of the fact to be made upon its minutes and shall certify to the board of supervisors, all the proceedings had in the premises. Thereupon the board of supervisors shall issue the bonds of the district, to the number and amount provided in the proceedings, payable out of the building fund of the district, naming the district.

Taxation

27657. The money shall be raised by taxation upon the taxable property in the district, for the redemption of the bonds and the payment of the interest thereon.

Bonded limitation

27658. The total amount of bonds issued shall not exceed 5 percent of the taxable property of the district, as shown by the last equalized assessment book of the county.

Form and term

27659. The board of supervisors by an order entered upon its minutes shall prescribe the form of the bonds and of the interest coupons attached thereto, and shall fix the time when the whole or any part of the principal of the bonds shall be payable, which shall not be more than 40 years from the date thereof.

Interest

27660. The bonds shall not bear a greater amount of interest than 6 percent, to be payable annually or semiannually. The bonds shall be sold in the manner prescribed by the board of supervisors, but for not less than par, and the proceeds of the sale thereof shall be deposited in the county treasury to the credit of the building fund of the library district, and

shall be drawn out for the purposes for which the bonds were issued as other library moneys are drawn out.

Tax levy

27661. The board of supervisors, at the time of making the levy of taxes for county purposes, shall levy a tax for that year upon the taxable property in the district, at the equalized assessed value thereof for that year, for the interest and redemption of the bonds. The tax shall not be less than sufficient to pay the interest of the bonds for that year, and such portion of the principal as is to become due during the year. In any event the tax shall be high enough to raise, annually, for the first half of the term the bonds have to run, a sufficient sum to pay the interest thereon, and during the balance of the term, high enough to pay the annual interest and to pay, annually, a proportion of the principal of the bonds equal to a sum produced by taking the whole amount of the bonds outstanding and dividing it by the number of years the bonds then have to run.

Payment of bonds

27662. All money levied, when collected, shall be paid into the county treasury to the credit of the library district, and shall be used for the payment of principal and interest on the bonds, and for no other purpose The principal and interest on the bonds shall be paid by the county treasurer, upon the warrant of the county auditor, out of the fund provided therefor. The county auditor shall cancel and file with the county treasurer the bonds and coupons as rapidly as they are paid.

Cancellation

27663. Whenever any bonds issued under this article (commencing at Section 27651) remain unsold for the period of six months after having been offered for sale in the manner prescribed by the board of supervisors, the board of trustees of the library district for or on account of which the bonds were issued, or of any library district composed wholly or partly of territory which, at the time of holding the election authorizing the issuance of the bonds, was embraced within the district for or on account of which the bonds were issued, may petition the board of supervisors to cause the unsold bonds to be withdrawn from market and canceled.

Notice of hearing

27664 Upon receiving the petition, signed by a majority of the members of the board of trustees, the supervisors shall fix a time for hearing the petition, which shall be not more than 30 days thereafter, and shall cause a notice, stating the time and place of hearing, and the object of the petition in general terms, to be published for 10 days prior to the day of hearing, in some newspaper published in the library district, if there is one, and if there is no newspaper published in the library district, then in a newspaper published at the county seat of the county in which the library district or part thereof is situated.

Order

27665 At the time and place designated in the notice for hearing the petition, or at any subsequent time to which the hearing is postponed, the supervisors shall hear any reasons that are submitted for or against the granting of the petition, and if they deem it for the best interests of the library dis-

trict that the unsold bonds be canceled, they shall make and enter an order in the minutes of their proceedings that the unsold bonds be canceled. Thereupon the bonds, and the vote by which they were authorized to be issued, shall cease to be of any validity whatever.

Article 5. Change of Boundaries and Dissolution

Annexation and exclusion of territory

27701. Territory may be annexed to or excluded from a library district organized under this chapter (commencing at Section 27501) in the manner provided in the District Organization Law, upon petition signed by not less than 50 voters residing in the territory the annexation or exclusion of which is requested, or by a majority thereof if there be less than 50 residing in the territory, the annexation or exclusion of which is requested.

Election

27702. An election, pursuant to the provisions of the District Organization Law, is not required unless protests to the annexation or exclusion are made by 50 or more taxpayers and residents of the district.

Exclusion of tax-exempt property

27703. An election is not necessary in any event where it is proposed to exclude territory, all of which is exempt from taxation. Such territory may be excluded from a library district organized under this chapter (commencing at Section 27501) upon petition of the owner of such territory.

Election

27704. The district may at any time be dissolved upon the vote of two-thirds of the qualified electors thereof, upon an election called by the library trustees of the district, upon the question of dissolution. The election shall be called and conducted in the same manner as other elections of the district.

Property

27705. Upon the dissolution, the property of the district shall vest in any city that is at the time in occupation of a major portion of the territory of the library district and including within its city limits the property and buildings in which the library is situated. If there is no city, then the property shall be vested in the board of supervisors of the county until the formation of a city.

Bonded indebtedness

27706. If, at the time of the election to dissolve the district, there is any outstanding bonded indebtedness of the district, the vote to dissolve the district shall dissolve the district for all purposes excepting only the levy and collection of taxes for the payment of the indebtedness.

Ex officio library board

27707. From the time the district is dissolved until the bonded indebtedness, with the interest thereon, is fully paid, satisfied and discharged, the legislative authority of the city, or the board of supervisors, if there is no city, is ex officio the library board of the district. The board shall levy such taxes and perform such other acts as are necessary in order to raise money for the payment of the indebtedness and the interest thereon.

CHAPTER 5. LIBRARY DISTRICTS

Article 1. Formation, Annexation, and Dissolution

Purposes

27751. A library district may be organized, as provided in this chapter (commencing at Section 27751) The library district may establish, equip, and maintain a public library for the dissemination of knowledge of the arts, sciences, and general literature and may exercise the powers granted or necessarily implied pursuant to this chapter (commencing at Section 27751).

Territory

27752. The library district may include incorporated or unincorporated territory, or both, in any one or more counties, so long as the territory of the district consists of contiguous parcels and the territory of no city is divided.

Petition

27753. Whenever the formation of a library district is desired, a petition which may consist of any number of instruments, may be presented at a regular meeting of the board of supervisors of the county in which is located the largest proportionate value of the lands within the proposed district as shown by the last equalized county assessment roll. The board of supervisors to whom the petition is presented is designated in this chapter (commencing at Section 27751) as the supervising board of supervisors.

Signatures

27754. The petition shall be signed by registered voters residing within the proposed library district equal in number to at least 5 percent of the number of votes cast in the territory comprising the proposed district at the last preceding general state election at which a Governor was elected.

Proceedings

27755. The proceedings for the filing and hearing of the petition are governed and controlled by the provisions of Sections 58032, 58033, 58034, 58060, and 58061 of the Government Code.

Same Final hearing

27756. The proceedings for final hearing of the petition and the formation of the district are governed and controlled by the provisions of Articles 4 and 5 (commencing with Section 58090) and Article 7 (commencing with Section 58200) of Chapter 1, Title 6 of the Government Code.

Protests

27757. On the filing of written protests by registered voters residing in the proposed district equal in number to at least 50 percent of the number of votes cast in the territory comprising the proposed district at the last preceding general state election at which a governor was elected, the proceeding for the formation of the district shall be terminated as provided in Sections 58103 and 58104 of the Government Code.

Districts in more than one county

27758. No library district including territory in more than one county shall be organized under this chapter (commencing at Section 27751) without the concurrent consent by resolution of each board of supervisors involved, as well as the consent of the governing body of each city to be included.

Annexation of territory

27759. Territory may be annexed to or excluded from a library district organized under this chapter (commencing at

Section 27751) in the manner provided in Article 8 (commencing with Section 58230) of Chapter 1, Title 6 of the Government Code, upon petition signed by the same number of qualified petitioners required for signature on the petition for organization of the district under this chapter (commencing at Section 27751).

Consolidation

27760. Two or more districts organized under this chapter (commencing at Section 27751) may be consolidated in the manner provided in Article 9 (commencing with Section 58260) of Chapter 1, Title 6 of the Government Code.

Dissolution

27761. A library district organized under this chapter (commencing at Section 27751) may be dissolved in the manner provided in Article 10 (commencing with Section 58300) of Chapter 1, Title 6 of the Government Code.

Article 2. Trustees

Trustees

27801. Within 30 days after the filing with the Secretary of State of the resolution declaring the organization of the district, a board of three library trustees shall be appointed for the district. The board shall consist of one trustee to be appointed from each unit, in the case of any unincorporated territory by the board of supervisors and in the case of a city by the governing body thereof.

If a board thus appointed would consist of more than three members, the supervising board of supervisors shall appoint three library trustees from the district at large.

If the board thus appointed consists of less than three members, the supervising board of supervisors shall appoint from the district at large enough additional members to make a board of three trustees.

As used in this section, "unit" means all unincorporated territory in the district which lies in a single county and also means each city in the district.

Designation

27802. The governing board of the district shall be called "the board of library trustees of _____ Library District" (inserting the name of the particular district).

Term

27803. The trustees shall hold office for the term of three years beginning on the second day of the calendar year next succeeding their appointment or election.

Same
First board

27804. The first board of library trustees appointed in a district shall at their first meeting so classify themselves by lot that their terms shall expire: one on the second day of the second calendar year next succeeding his appointment, one at the end of one year thereafter, and one at the end of two years thereafter.

Organization

27805. At its first meeting called after the original appointment of the board, and annually thereafter at its first meeting called after the second day of the calendar year, the board shall organize by electing one of its number president, and another one of its number secretary. They shall serve as such for one year or until their successors are elected and qualified.

Certificate of establishment

27806. The board shall cause a proper record of its proceedings to be kept, and at the first meeting of the board of trustees of the library district, it shall immediately cause to be made out and filed with the Department of Education at Sacramento a certificate showing that the library district has been established, with the date thereof, the names of the trustees, and the officers of the board chosen for the current fiscal year.

Vacancies

27807. A vacancy in the board of library trustees shall be filled for the unexpired term by appointment of the supervising board of supervisors.

Holding office

27808. Each library trustee shall hold office until his successor is elected and qualified.

Monthly meetings

27809. The board of library trustees shall meet at least once a month, at such time and place as it may fix by resolution.

Special meetings

27810. Special meetings may be called at any time by two trustees, by written notices served upon each member at least 12 hours before the time specified for the meeting.

Quorum

27811. Two members constitute a quorum for the transaction of business.

Article 3. Powers

Rules

27851. The board of library trustees shall make and enforce all rules, regulations, and bylaws necessary for the administration, government, and protection of the library under its management, and all property belonging to the district.

Gifts

27852. The board of library trustees shall administer any trust declared or created for the library, and received by gift, devise, or bequest, and hold in trust or otherwise, property situated in this State or elsewhere, and where not otherwise provided, dispose of the property for the benefit of the library.

Officers and employees

27853. The board of library trustees shall prescribe the duties and powers of the librarian, secretary, and other officers and employees of the library, determine the number of and appoint all officers and employees, and fix their compensation. The officers and employees shall hold their offices and positions at the pleasure of the board.

Purchases

27854. The board of library trustees shall purchase necessary books, journals, publications, and other personal property.

Real property

27855. The board of library trustees shall purchase real property, and erect or rent and equip, such buildings or rooms, as in its judgment are necessary properly to carry out the provisions of this chapter (commencing at Section 27751).

State publications

27856. The board of library trustees shall require the Secretary of State and other state officials to furnish the library with copies of any and all reports, laws, and other publications of the State not otherwise disposed of by law.

Books

27857. The board of library trustees shall borrow books from, lend books to, and exchange books with other libraries,

and may allow nonresidents of the district to borrow books upon such conditions as the board may prescribe.

27858. The board of library trustees shall borrow money, give security therefor, purchase on contract, and do and perform any and all other acts and things necessary or proper to carry out the provisions of this chapter (commencing at Section 27751). General powers

27859. The board of library trustees shall file, through the librarian, on or before the last day of August of each year, a report with the State Librarian at Sacramento giving the condition of its library and the number of volumes contained therein on the thirtieth day of June preceding. The report shall, in addition to other matters deemed expedient by the board of trustees or the district librarian, contain such statistical and other information as is deemed desirable by the State Librarian. For this purpose the State Librarian may send to the several district librarians instructions or question blanks so as to obtain the material for a comparative study of library conditions in the State. Report

27860. The board of library trustees shall designate the hours during which the library shall be open for the use of the public. All public libraries established under this chapter (commencing at Section 27751) shall be open for the use of the public during every day in the year. Hours

27861. Annually, at least 15 days before the first day of the month in which county taxes are levied, the board of library trustees of each library district shall furnish to the board of supervisors of the county in which the district or any part thereof is situated, an estimate in writing of the amount of money necessary for all purposes required under this chapter (commencing at Section 27751) during the next ensuing fiscal year. Estimate of costs

27862. Each board of supervisors in which any part of the district is situated shall thereupon levy a special tax upon all taxable property of the county lying within the district sufficient in amount to maintain the district. Tax levy

27863. The tax shall in no case exceed the rate of fifteen cents ($0.15) on each one hundred dollars ($100) of the assessed valuation of all taxable property within the district, but it may be in addition to all other taxes allowed by law to be levied upon the property. Rate

27864. The tax shall be computed, entered upon the tax rolls, and collected in the same manner as county taxes are computed, entered, and collected. All money collected shall be paid into the county treasury to the credit of the particular library district fund and shall be paid out on the order of the district board, signed by the president and secretary. Library district fund

27865. If the district embraces territory lying in more than one county, the amount estimated shall be ratably apportioned among the several counties in the district in proportion to the exact value of the property in the several counties included within the district as shown upon the last equalized assessment District in more than one county

rolls of the counties. The estimates apportioned to the several counties shall be rendered to the respective boards of supervisors, and the tax shall be levied and collected by the officials of the counties upon the property of the district lying in each county.

Gifts

27866. All money acquired by gift, devise, bequest, or otherwise, for the purposes of the library, shall be paid into the county treasury to the credit of the library fund of the district, subject only to the order of the library trustees of the district.

Administration of gifts

27867. If the payment into the treasury is inconsistent with the terms or conditions of any gift, devise, or bequest, the board of library trustees shall provide for the safety and preservation of the fund, and the application thereof to the use of the library, in accordance with the terms and conditions of the gift, devise, or bequest.

Warrants

27868. Upon the receipt by the county auditor of an order of the library trustees of the district, he shall issue his warrant upon the county treasurer for the amount stated in the order.

Nonpayment

27869. When any warrant is presented to the treasurer for payment and it is not paid for want of funds, the treasurer shall endorse thereon "not paid for want of funds" with the date of presentation and sign his name thereto, and from that time the warrant bears interest at the rate of 6 percent per annum until it is paid or until funds are available for its payment and the county treasurer gives notice to the warrant holder that funds are available for the payment. The giving of the notice is deemed complete upon deposit thereof in the United States mail in a sealed envelope addressed to the warrant holder at his address given by him at the time of presentation of the warrant to the treasurer, with postage thereon fully prepaid and registered.

Rules

27870. Every library established under this chapter (commencing at Section 27751) shall be forever free to the inhabitants and nonresident taxpayers of the library district, subject always to such rules, regulations, and bylaws as may be made by the board of library trustees. For violation of any rule, regulation, or bylaw a person may be fined or excluded from the privileges of the library.

Legal title

27871. The title to all property acquired for the purposes of the library, when not inconsistent with the terms of its acquisition, or not otherwise designated, vests in the district in which the library is or is to be situated.

Name

27872. Every library district shall be designated by the name and style of _____ Library District (using the name of the district) of _____ County (using the name of the county or counties in which the district is situated). In that name the trustees may sue and be sued, and may hold and convey property for the use and benefit of the district. A

number shall not be used as a part of the designation of any library district.

Contracts

27873. The board of library trustees and the boards of trustees of neighboring library districts, or the governing bodies of neighboring cities, or boards of supervisors of counties in which public libraries are situated, may contract to lend the books of libraries created under this chapter (commencing at Section 27751) to residents of the counties, neighboring cities, or library districts, upon a reasonable compensation to be paid by the counties, neighboring cities, or library districts.

Construction

27874. Anything in Sections 27301 to 27455, inclusive, to the contrary notwithstanding, the property in any library district created under this chapter (commencing at Section 27751) subsequent to the establishment of a county free library is subject to taxation for county free library purposes as though the library district had not been created.

Article 4. Annual Election of Trustees

Annual election

27901. An election shall be held annually in each library district for the election of one library trustee who shall hold office for three years beginning on the second day of the calendar year next succeeding his election. This election shall be known as the general district election and shall be held in the district on the same day as the State general election in the even-numbered years, and in the odd-numbered years on the first Tuesday after the first Monday in November.

Elections

27902. To be qualified to vote at any library district election a person shall be a resident of the library district, a qualified elector of the county, and shall be registered in the district in which the election is held at least fifty-four days before the election.

Notices and elections

27903. Articles 1 and 6 of Chapter 1 of Title 6 of the Government Code relating to notices and elections shall govern and control this chapter (commencing at Section 27751).

Article 5. Bonds

Purposes

27951. The board of trustees of any library district may, when in their judgment it is deemed advisable, and shall, upon a petition of 50 or more taxpayers and residents of the library district, call an election and submit to the electors of the district, the proposition of whether the bonds of the district will be issued and sold for the purpose of raising money for any or all of the following:

(a) The purchase of suitable lots.

(b) Procuring plans and specifications and erecting a suitable building.

(c) Furnishing and equipping the building and fencing and ornamenting the grounds, for the accommodation of the public library.

(d) Any or all of the purposes of this chapter (commencing at Section 27751).

(e) Liquidating any indebtedness incurred for the purposes.

(f) Refunding any outstanding valid indebtedness, evidenced by bonds or warrants of the district.

Election

27952. The bond election shall be called and conducted and the results thereof canvassed, returned, and declared in the manner provided in Article 6 of Chapter 1 of Title 6 of the Government Code.

Contents of resolution

27953. The board of trustees shall set forth in the resolution calling for a bond election the amount and denomination of the bonds, the rate of interest, the number of years that all or any part of the bonds are to run, and the information required in Section 58170 of the Government Code.

Method of voting

27954. Voting shall be by ballot, without reference to the general election law in regard to form of ballot, or manner of voting, except that the words to appear on the ballot shall be "Bonds—Yes," and "Bonds—No." Persons voting at the bond election shall put a cross (+) upon their ballots, with pencil or ink, after the words "Bonds—Yes," or "Bonds—No," as the case may be, to indicate whether they have voted for or against the issuance of the bonds.

Favorable vote

27955. The board of library trustees shall meet on the seventh day after the election, at 8 o'clock p.m., and canvass the returns. If it appears that two-thirds of the votes cast at the election were cast in favor of issuing the bonds, the board shall enter the fact upon its minutes and shall certify all the proceedings to the supervising board of supervisors. Thereupon the board of supervisors shall issue the bonds of the district, in the number and amount provided in the proceedings, and the district shall be named on the bonds. The bonds shall be paid out of the building fund of the district.

The money for the redemption of the bonds and the payment of interest thereon shall be raised by taxation upon the taxable property in the district.

Bond limitation

27956. The total amount of bonds issued shall not exceed 5 percent of the taxable property of the district, as shown by the last equalized assessment roll of the county or counties in which the district is situated.

Form and term

27957. The supervising board of supervisors by an order entered upon its minutes shall prescribe the form of the bonds and of the interest coupons attached thereto, and shall fix the time when the whole or any part of the principal of the bonds shall be payable, which shall not be more than 40 years from the date thereof.

Interest, etc

27958. The bonds shall not bear a greater amount of interest than 6 percent, to be payable annually or semiannually. The bonds shall be sold in the manner prescribed by the board of supervisors, but for not less than par, and the proceeds of the sale thereof shall be deposited in the county treasury to the credit of the building fund of the library district, and

shall be drawn out for the purposes for which the bonds were issued as other library money is drawn out.

Tax levy

27959. The board of supervisors of each county in which any part of the district is situated, at the time of making the levy of taxes for county purposes, shall levy a tax for that year upon the taxable property in the district, at the equalized assessed value thereof for that year, for the interest and redemption of the bonds. The tax shall not be less than sufficient to pay the interest of the bonds for that year, and such portion of the principal as is to become due during the year. In any event the tax shall be high enough to raise, annually, for the first half of the term the bonds are to run, a sufficient sum to pay the interest thereon, and during the balance of the term, high enough to pay the annual interest and to pay, annually, a proportion of the principal of the bonds equal to a sum produced by taking the whole amount of the bonds outstanding and dividing it by the number of years the bonds then have to run.

Payment of bonds

27960. All money levied, when collected, shall be paid into the county treasury to the credit of the library district, and shall be used for the payment of principal and interest on the bonds, and for no other purpose. The principal and interest on the bonds shall be paid by the county treasurer, upon the warrant of the county auditor, out of the fund provided therefor. The county auditor shall cancel and file with the county treasurer the bonds and coupons as rapidly as they are paid.

Cancellation

27961. Whenever any bonds issued under this article (commencing at Section 27951) remain unsold for the period of six months after having been offered for sale in the manner prescribed by the supervising board of supervisors, the board of trustees of the library district for or on account of which the bonds were issued, or of any library district composed wholly or partly of territory which, at the time of holding the election authorizing the issuance of the bonds, was embraced within the district for or on account of which the bonds were issued, may petition the supervising board of supervisors to cause the unsold bonds to be withdrawn from the market and canceled.

Notice of hearing

27962. Upon receiving the petition, signed by a majority of the members of the board of trustees, the supervising board of supervisors shall fix a time for hearing the petition, which shall be not more than 30 days thereafter, and shall cause a notice, stating the time and place of hearing, and the object of the petition in general terms, to be published as provided in this chapter (commencing at Section 27751).

Order

27963. At the time and place designated in the notice for hearing the petition, or at any subsequent time to which the hearing is postponed, the supervising board of supervisors shall hear any reasons that are submitted for or against the granting of the petition, and if they deem it for the best interests of the library district named in the petition that the unsold

bonds be canceled, they shall make and enter an order in the minutes of their proceedings that the unsold bonds be canceled. Thereupon the bonds, and the vote by which they were authorized to be issued, shall cease to be of any validity whatever.

CHAPTER 6. UNION HIGH SCHOOL DISTRICT PUBLIC LIBRARIES

Article 1. Definitions

"Trustees"

28001. "Trustees," or "library trustees" as used in this chapter (commencing at Section 28001) mean the regularly elected union high school trustees who reside within the library district.

"Library district"

28002. "Library," "library district," or "library districts" as used in this chapter (commencing at Section 28001) mean "union high school library district."

Article 2. Establishment

Purposes

28051. Any union high school district may establish, equip, and maintain a public library for the dissemination of knowledge of the arts, sciences, and general literature, in accordance with this chapter (commencing at Section 28001).

Legal title

28052. The title to all property acquired for the purposes of the library, when not inconsistent with the terms of its acquisition, or not otherwise designated, vests in the district in which the library is, or is to be, situated.

Rules

28053. Every union high school library established under this chapter (commencing at Section 28001) shall be forever free to the inhabitants and nonresident taxpayers of the library district, subject always to such rules, regulations, and bylaws as may be made by the board of library trustees. For violations of any rule, regulation, or bylaw a person may be fined or excluded from the privileges of the library.

Article 3. Formation of District

Petition and election

28101. Upon the application by petition of 50 or more taxpayers and residents of any union high school district to the board of supervisors in the county in which the union high school district is located, praying for the formation of a library district, and setting forth the boundaries of the proposed district, the board of supervisors shall, within 10 days after receiving the petition, by resolution, order that an election be held in the proposed district for the determination of the question and shall appoint three qualified electors thereof to conduct the election.

Notice

28102. The election shall be called by posting notices in three of the most public places in the proposed library district, and by publication in a daily or weekly paper therein, if there is one, at least once a week for not less than 15 days.

The notices shall specify the time, place, and the purpose of the election, and the hours during which the polls will be kept open.

Hours of voting

28103. In districts with a population of 10,000 or over, the polls shall be opened at 8 o'clock a.m. and kept open until 7 o'clock p.m., and in districts where the population is less than 10,000, the polls shall not be opened before 1 o'clock p.m. and shall be kept open not less than six hours.

Conduct of election

28104. The election shall be conducted in accordance with the general election laws of this State, where applicable, without reference to form of ballot or manner of voting, except that the ballots shall contain the words, "For Union High School Library District." The voter shall write or print after the words on his ballot the word "yes" or the word "no."

Electors

28105. Every qualified elector, resident within the proposed district for the period requisite to enable him to vote at a general election, shall be entitled to vote at the election.

Results of election

28106. The election officers shall report the result of the election to the board of supervisors within five days subsequent to the holding thereof.

Favorable vote

28107. If two-thirds of the votes cast at the election are in favor of a union high school library district, the board of supervisors shall, by resolution, establish the library district, and place the district in the control of the governing board of the union high school district.

Unfavorable vote

28108. If more than one-third of the votes cast in the election is against a library district, the board of supervisors shall, by order, so declare and no other proceedings shall be taken in relation thereto until the expiration of one year from the date of presentation of the petition.

Conclusive evidence

28109. The fact of the presentation of the petition and the order establishing the library district shall be entered on the minutes of the board of supervisors, and shall be conclusive evidence of the due presentation of a proper petition, and that each of the petitioners was, at the time of signature and presentation of the petition a taxpayer and resident of the proposed district, and of the fact and regularity of all prior proceedings of every kind and nature provided for by this article (commencing at Section 28101), and of the existence and validity of the district.

Name

28110. Every library district shall be designated by the name and style of "_____ Library District (using the name of the district) of _____ County (using the name of the county in which the district is situated)." A number shall not be used as a part of the designation of any library district.

Legal action

28111. In the name of the library district, the governing board may sue and be sued, and may hold and convey property for the use and benefit of the district.

Term of trustee

28112. The trustees in whose control the library district has been placed shall severally hold office during the term

for which they have been elected as trustees of the union high school district.

Article 4. Dissolution of Districts

Election

28151. The district may at any time be dissolved upon the vote of two-thirds of the qualified electors thereof, at an election called by the library trustees upon the question of dissolution.

Conduct of election

28152. The election shall be called and conducted in the same manner as other elections of the district.

Property

28153. Upon dissolution, the property of the district shall vest in any union high school district in which the library is situated.

Bonded indebtedness

28154. If at the time of the election to dissolve the district, there is any outstanding bonded indebtedness of the district, the vote to dissolve the district shall dissolve it for all purposes excepting only the levy and collection of taxes for the payment of the indebtedness. From the time the district is dissolved until the bonded indebtedness, with the interest thereon, is fully paid, satisfied, and discharged, the board of supervisors is ex officio the library board of the district. The board shall levy such taxes and perform such other acts as are necessary in order to raise money for the payment of the indebtedness and the interest thereon.

Article 5. Meetings of Boards of Trustees

Regular meetings

28201. The boards of library trustees shall meet at least once a month, at such time and place as it may fix by resolution

Special meetings

28202. Special meetings may be called at any time by two trustees, by written notices served upon each member at least 12 hours before the time specified for the meeting.

Quorum

28203. Three members constitute a quorum for the transaction of business.

Organization

28204. At its first meeting held after the first day of July the board shall organize by electing one of its number president, and another one of its number secretary. They shall serve as such for one year or until their successors are elected and qualified.

Records

28205. The board shall cause a proper record of its proceedings to be kept.

Certificate of establishment

28206. At the first meeting of the board of trustees of any library district formed under this chapter (commencing at Section 28001) it shall immediately cause to be made out and filed with the Department of Education at Sacramento a certificate showing that the library has been established, with the date thereof, the names of the trustees, and the officers of the board chosen for the current fiscal year.

Article 6. Powers of Boards of Trustees

28251. The board of library trustees shall make and enforce all rules, regulations, and bylaws necessary for the administration, government, and protection of the library under its management, and all property belonging to the library. Rules

28252. The board of library trustees shall administer any trust declared or created for the library and receive by gift, devise, or bequest, and hold in trust or otherwise, property situated in this State or elsewhere, and where not otherwise provided, dispose of the property for the benefit of the library. Gifts

28253. The board of library trustees shall prescribe the duties and powers of the librarian, secretary, and other officers and employees of the library, determine the number of and appoint all officers and employees, and fix their compensation. The officers and employees shall hold their offices and positions at the pleasure of the boards. Officers and employees

28254. The board of library trustees shall purchase necessary books, journals, publications, and other personal property. Purchases

28255. The board of library trustees shall purchase such real property, and erect or rent and equip such buildings or rooms, as in its judgment are necessary to properly carry out the provisions of this chapter (commencing at Section 28001). Real property

28256. The board of library trustees shall require the Secretary of State and other state officials to furnish the library with copies of any and all reports, laws, and other publications of the State not otherwise disposed of by law. State publications

28257. The board of library trustees shall borrow books from, lend books to, and exchange books with other libraries, and shall allow nonresidents to borrow books upon such conditions as it may prescribe. Books

28258. The board of library trustees shall do and perform any and all other acts and things necessary or proper to carry out the provisions of this chapter (commencing at Section 28001). General powers

28259. The board of library trustees shall file through the librarian on or before the last day in August of each year, a report with the State Librarian at Sacramento, giving the condition of its library and the number of volumes contained therein on the thirtieth day of June preceding. The report shall, in addition to other matters deemed expedient by the board of trustees or the district librarian, contain such statistical and other information as is deemed desirable by the State Librarian. For this purpose the State Librarian may send to the several district librarians instructions or question blanks so as to obtain the material for a comparative study of library conditions in the State. Report

28260. The board of library trustees shall designate the (commencing at Section 28001), shall be open for the use of public. Hours

Same

28261. All public libraries established under this chapter (commencing at Sections 28001), shall be open for the use of the public at all reasonable times.

Contracts

28262. Boards of library trustees and the boards of trustees of neighboring library districts, or the legislative bodies of neighboring municipalities, or boards of supervisors of the counties in which public libraries are situated, may contract to lend the books of the libraries to residents of the counties, neighboring municipalities, or library districts, upon a reasonable compensation to be paid by the counties, neighboring municipalities, or library districts.

Article 7. Estimates of Funds Needed

Estimate of costs

28301. In any library district formed under this chapter (commencing at Section 28001), which maintains a public library, or which has petitioned for and has been granted permission to establish, and intends to maintain, a public library in accordance with this chapter (commencing at Section 28001), the board of library trustees shall furnish to the board of supervisors of the county in which the library district is situated, each and every year, on or before the first day of September, an estimate of the cost of any or all of the following:

(a) Leasing temporary quarters.

(b) Purchasing a suitable lot.

(c) Procuring plans and specifications and erecting a suitable building.

(d) Furnishing and equipping the building, and fencing and ornamenting the grounds for the accommodation of the public library.

(e) Conducting and maintaining the library for the ensuing fiscal year.

Article 8. Tax Levy

Tax levy

28351. When the estimate provided for in Section 28301 has been submitted to the board of supervisors of any county in which a library district has been established, the board of supervisors shall, at the time of levying county taxes, levy a special tax upon all taxable property within the limits of the library district.

Amount

28352. The tax levied shall be sufficient in amount to maintain the union high school library, or to purchase the site, erect and equip the building, improve the grounds or building, or for any or all of the purposes enumerated in Section 28301.

Computation and collection

28353. The taxes levied shall be computed, entered upon the tax roll, and collected in the same manner as other taxes are computed, entered, and collected.

Library fund

28354. The revenue derived from the tax, together with all money acquired by gift, devise, bequest, or otherwise for the purposes of the library, shall be paid into the county treasury

to the credit of the library fund of the district in which the tax was collected, subject only to the order of the library trustees of the district.

Administration of gifts

28355. If the payment into the treasury is inconsistent with the terms or conditions of any gift, devise, or bequest, the board of library trustees shall provide for the safety and preservation of the fund, and the application thereof to the use of the library, in accordance with the terms and conditions of the gift, devise, or bequest.

Article 9. Election for Issuance of Bonds

Purposes

28401. The board of trustees of any union high school library district may, when in its judgment it is deemed advisable, and shall upon a petition of 50 or more taxpayers and residents of the library district, call an election and submit to the electors of the district the proposition of whether the bonds of the district shall be issued and sold for the purpose of raising money for any or all of the following purposes:

(a) The purchase of suitable lots.

(b) Procuring plans and specifications and erecting a suitable building.

(c) Furnishing and equipping the building and fencing and ornamenting the grounds, for the accommodation of the union high school library.

(d) Any or all of the purposes of this chapter (commencing at Section 28001).

(e) Liquidating any indebtedness incurred for the purposes.

(f) Refunding any outstanding valid indebtedness evidenced by bonds or warrants of the district.

Hours of voting

28402. The polls shall be opened during the election from 8 a.m. to 5 p.m.

Method of voting

28403. Voting shall be by ballot, without reference to the general election law in regard to form of ballot or manner of voting, except that the words to appear on the ballot shall be "Bonds—Yes" and "Bonds—No." Persons voting at the bond election shall put a cross (+) upon their ballot with pencil or ink, after the words "Bonds—Yes" or "Bonds—No," as the case may be, to indicate whether they have voted for or against the issuance of the bonds. The ballot shall be handed by the elector voting to the inspector, who shall then, in his presence, deposit it in the ballot box, and the judges shall enter the elector's name on the poll list.

Canvass

28404. On the seventh day after the election, at 8 o'clock p.m., the returns having been made to the board of trustees, the board shall meet and canvass the returns.

Favorable vote

28405. If it appears that two-thirds of the votes cast at the election are in favor of issuing the bonds, the board shall cause an entry of the fact to be made upon its minutes and shall certify to the board of supervisors of the county all the proceedings had in the premises.

Article 10. Issuance and Sale of Bonds

Issuance

28451. After the provisions of Sections 28401 to 28405, inclusive, have been complied with, the board of supervisors shall issue the bonds of the district, to the number and amount provided in the proceedings, payable out of the building fund of the district, naming it, and the money shall be raised by taxation upon the taxable property in the district, for the redemption of the bonds and the payment of the interest thereon.

Bond limitation

28452. The total amount of bonds issued, shall not exceed 5 percent of the taxable property of the district, as shown by the last equalized assessment book of the county.

Interest

28453. The bonds shall not bear a greater amount of interest than 6 percent, payable annually or semiannually.

Form

28454. The board of supervisors by an order entered upon its minutes shall prescribe the form of the bonds and of the interest coupons attached thereto.

Time of payment

28455. The board of supervisors by an order entered upon its minutes shall fix the time when the whole or any part of the principal of the bonds will be payable, which shall not be more than 40 years from the date thereof.

Sale of bonds

28456. The bonds shall be sold in the manner prescribed by the board of supervisors, but for not less than par.

Deposit of proceeds

28457. The proceeds of the sale of the bonds shall be deposited in the county treasury to the credit of the building fund of the library district, and shall be drawn out for the purposes for which the bonds were issued as other library money is drawn out.

Article 11. Cancellation of Bonds

Petition

28501. Whenever any bonds issued under the provisions of this chapter (commencing at Section 28001) remain unsold for the period of six months after having been offered for sale in the manner prescribed by the board of supervisors, the board of trustees of the library district for or on account of which the bonds were issued, or of any library district composed wholly or partly of territory which, at the time of holding the election authorizing the issuance of the bonds, was embraced within the district for or on account of which the bonds were issued, may petition the board of supervisors to cause the unsold bonds to be withdrawn from market and canceled.

Notice of hearing

28502. Upon receiving the petition, signed by a majority of the members of the board of trustees, the supervisors shall fix a time for hearing the petition, which shall not be more than 30 days thereafter, and shall cause a notice, stating the time and place of hearing, and the object of the petition in general terms, to be published for 10 days prior to the day of hearing in a newspaper published in the library district, if there is one, and if there is no newspaper published in the library district, then in a newspaper published at the county

seat of the county in which the library district or part thereof is situated.

28503. At the time and place designated in the notice for hearing the petition, or at any subsequent time to which the hearing may be postponed, the supervisors shall hear any reasons that may be submitted for or against the granting of the petition, and if they deem it for the best interests of the library district named in the petition that the unsold bonds be canceled, they shall make and enter an order in the minutes of their proceedings that the unsold bonds be canceled. Order

28504. Thereupon the bonds and the vote by which they were authorized to be issued, shall cease to be of any validity whatever. Cancellation

Article 12. Tax for Interest and Redemption of Bonds

28551. The board of supervisors, at the time of making a levy of taxes for county purposes, shall levy a tax for that year upon the taxable property in the district, at the equalized assessed value thereof for that year, for the interest and redemption of the bonds. Tax levy

28552. The tax shall not be less than sufficient to pay the interest of the bonds for that year, and such portion of the principal as is to become due during the year. In any event the tax shall be high enough to raise, annually, for the first half of the term the bonds have to run, a sufficient sum to pay the interest thereon, and, during the balance of the term, high enough to pay the annual interest, and to pay annually, a proportion of the principal of the bonds equal to a sum produced by taking the whole amount of the bonds outstanding and dividing it by the number of years the bonds then have to run. Amount

28553. All money levied, when collected, shall be paid into the county treasury to the credit of the library district, and be used for the payment of principal and interest on the bonds, and for no other purpose. Use of funds

Article 13. Payment of Interest and Bonds

28651. The principal and interest on the bonds shall be paid by the county treasurer, upon the warrant of the county auditor, out of the fund provided therefor. Payment

28652. The county auditor shall cancel and file with the county treasurer the bonds and coupons as rapidly as they are paid. Cancellation of bonds

Chapter 7. Corporations to Administer Libraries

28701. Three or more persons may incorporate pursuant to this chapter (commencing at Section 28001) for the purpose of establishing a library, to be conducted without pecuniary profit. The articles of incorporation shall state that the corporation is formed under this chapter (commencing at Section Payment

28001) but otherwise shall contain the statements required by Section 593 of the Civil Code.

Powers

28702. Any such corporation shall not issue capital stock and its business shall not be carried on for profit. It shall have the capacity and right to receive and take any gift, bequest, devise, or conveyance of property either as grantee for its own use or as trustee and to be or be made the beneficiary of a trust.

Powers of trustees or directors

28703. The trustees or directors of the corporation shall compose its members and shall have control and management of its affairs and property. The trustees or directors shall elect officers of the corporation from their number, fill by election vacancies occurring in their own number by death, incapacity, retirement, or otherwise, subject to the approval of the Commissioner of Corporations, and may fix the charges to be paid by persons using the property and quarters of the corporation.

Powers of corporation

28704. Each corporation incorporated under this chapter (commencing at Section 28001) shall have the powers granted by the provisions of the Corporations Code and other laws of the State relating to private corporations, which are not inconsistent with those granted by this chapter (commencing at Section 28001).

Agents and officers

28705. The corporation may appoint such agents and officers as its business requires, which may be either persons or corporations, and may, employ such persons as are necessary in the conduct of its affairs.

Property

28706. The corporation may purchase, lease or otherwise acquire, hold, own and enjoy, sell, lease, mortgage and otherwise encumber, and dispose of any, all, and every kind of real or personal property, including stock in other corporations, subject to the terms and conditions of bequests, donations, and gifts whenever applicable.

General powers

28707. The corporation may also carry on any and all operations necessary or convenient in connection with the transaction of any of its business, make contracts, borrow money, issue bonds, debentures, promissory notes, or other obligations and secure the obligations.

Securities

28708. No such corporation shall sell, or offer for sale, negotiate for the sale of, or take subscriptions for any security of its own issue until it has first applied for and secured from the Commissioner of Corporations a permit authorizing it so to do, and has complied with all the terms and conditions of the Corporate Securities Law, Division 1 of Title 4 of the Corporations Code. All provisions of the Corporate Securities Law are applicable to and binding upon corporations incorporated under this chapter (commencing at Section 28001).

Adoption of by-laws

28709. The corporation shall within one month after filing articles of incorporation, adopt a code of by-laws for its government and management not inconsistent with the provisions of this chapter (commencing at Section 28001). The vote or written assent of a majority of the trustees or directors shall

be necessary to adopt the by-laws. The provisions of Sections 301, 302, and 303 of the Civil Code, which are not inconsistent with the provisions of this chapter (commencing at Section 28001) shall apply to the by-laws.

28710. The corporation may also provide in its by-laws for the following matters: By-laws

(a) The manner of removal of any one or more of its trustees or directors, and of filling all vacancies in the board of trustees or directors.

(b) The terms and conditions under which bequests, donations, and gifts will be accepted, and the manner in which they will be administered.

(c) The method of fixing charges for the use of the property of the corporation, and the uses to which the property may be put.

28711. The right of a corporation claiming to be organized and incorporated and carrying on its business under this chapter (commencing at Section 28001), to do and continue its business, may be inquired into by quo warranto proceedings at the suit of the Attorney General, and not otherwise. Quo warranto

28712. The articles of incorporation shall not be accepted for filing by the Secretary of State without the endorsement upon them of the approval of the Commissioner of Corporations and the Attorney General. Such approval shall be given where it appears to the Commissioner of Corporations and the Attorney General that it is sought to organize the proposed corporation in good faith, and shall be refused where it does not appear that it is sought to organize the proposed corporation in good faith. Approval of articles

Chapter 8. Miscellaneous Provisions Relating to Libraries

Article 1. Deposit of Newspapers in Libraries

28751. The board of supervisors of any county may authorize the county recorder to deposit with any free public library maintained at the county seat, or with the State Library, such newspaper files, or portions thereof, as may be in the custody of the recorder by virtue of Chapter 110 of the Statutes of 1862, relating to the purchase and preservation of newspapers, or by virtue of any other act. Newspapers

28752. Before making the deposit, the board of supervisors shall obtain from the board of trustees or authorities in charge of the free public library, or the Department of Education, an agreement that it will properly preserve and care for the newspaper files, and make them accessible to the public. Care of newspapers

28753. The board of supervisors of any county may authorize the boards of trustees or other authorities in charge of any free public library with which newspaper files have been deposited in accordance with Section 28751 to deposit the newspaper files with the State Library. Deposit in State Library

Article 2. Offenses Against Libraries

Malicious mischief

28801. Any person who maliciously cuts, tears, defaces, breaks, or injures any book, map, chart, picture, engraving, statue, coin, model, apparatus, or other work of literature, art, mechanics, or object of curiosity, deposited in any public library, gallery, museum, collection, fair, or exhibition, is guilty of a misdemeanor.

Retention of property

28802. Any person who wilfully detains any book, newspaper, magazine, pamphlet, manuscript, or other property belonging to any public or incorporated library, reading room, museum, or other educational institution, for 30 days after notice in writing to return the article or property, given after the expiration of the time for which by the rules of the institution the article or property may be kept, is guilty of a misdemeanor.

DIVISION 21. PRIVATE EDUCATIONAL INSTITUTIONS

CHAPTER 1. PRIVATE COLLEGES, SCHOOLS AND INSTITUTIONS GENERALLY

Article 1. General Provisions

"Diploma"

29001. As used in this article (commencing at Section 29001) "diploma" means any "diploma," "degree," "certificate," "transcript," "document" or other writing in any language representing that any person has completed any course of study beyond high school and includes, but is not limited to, a diploma purporting to be a degree of bachelor, master, doctor or fellow in any field of knowledge or endeavor whatsoever. However, graduation from high school or its equivalent need not be nor purport to be a prerequisite for undertaking or completing such course of study.

Same

29002. Notwithstanding the provision of Section 29001, "diploma" does not include a certificate of graduation issued in connection with the educational requirements of Section 2941.5 of the Business and Professions Code; provided, that such certificate is delivered solely to the Psychology Examining Committee, to be retained in its file until such time as the recipient may pass the examination of said examining committee, at which time said certificate, or a duplicate thereof, shall be delivered to him.

Incorporation

29003. A corporation may be formed pursuant to this article (commencing at Section 29001) for the purpose of establishing, conducting, and maintaining an educational institution offering courses of instruction beyond high school, and issuing or conferring a diploma. Such institutions shall include, but not be limited to seminaries of learning, specialized educa-

tional institutions, junior colleges, colleges, and universities, offering courses beyond high school.

Articles of incorporation

29004. A corporation formed pursuant to this article (commencing at Section 29001) shall comply with Chapter 1 (commencing with Section 300) of Part 2, Division 1, Title 1 of the Corporations Code, except that in lieu of the requirements of Sections 301 to 305, inclusive, the articles of incorporation shall state:

(a) The name of the corporation.

(b) The purpose for which it is organized.

(c) The county in this State where the principal office for the transaction of the business of the corporation is to be located.

(d) The names, residence address and number of its directors at the time of its incorporation. Provision may be made that the number of directors may be established by the bylaws; provided, that the number of directors may not be less than five.

Shares of stock

29005. (a) If a corporation formed pursuant to this article (commencing at Section 29001) is to be authorized to issue shares of stock, the articles of incorporation shall state the total number of shares which the corporation shall have authority to issue and (1) the aggregate par value, if any, of all shares, and the par value of each of the shares, or (2) a statement that all the shares are to be without par value and except as herein provided shall be treated for all purposes as being incorporated pursuant to Division 1 (commencing with Section 300) of Title 1 of the Corporations Code.

(b) If a corporation formed pursuant to this article (commencing at Section 29001) is to be authorized as a nonprofit corporation without authority to issue shares of stock, the articles of incorporation shall so state and except as herein provided, such corporation shall be treated for all purposes as being incorporated pursuant to Part 1 (embracing Sections 9000 to 9802, inclusive) of Division 2 of Title 1 of the Corporations Code and shall have the general powers granted by Section 10206 of the Corporations Code.

Honorary degrees, etc

29006. No person, firm, association, partnership or corporation may issue or confer any honorary degree, diploma or certificate whatsoever unless such degree, diploma or certificate clearly and plainly states on its face that it is honorary.

Issuance of diplomas Requirements

29007. Except as otherwise provided by law, no person, firm, association, partnership or corporation may issue or confer a diploma or honorary diploma unless such person, firm, association, partnership or corporation meets the requirements of one of the following subdivisions:

(a) A corporation which has filed with the Superintendent of Public Instruction an affidavit by the president or other head of the corporation, stating that the corporation owns an interest in real or personal property or both real and personal property used exclusively for the purpose of education, of a fair market value of not less than fifty thousand dollars ($50,-

000). Such affidavit shall be accompanied by an appraisal by a state inheritance tax appraiser appointed for the county in which the institution is located, describing the real or personal property or both, and showing the value of the interest of the corporation therein to be at least fifty thousand dollars ($50,000). The value of the interest of the property required to be owned by the corporation for the purposes of this section shall be deemed to be the appraised value of the interest owned by the corporation less the unpaid balance on any note secured by a mortgage or deed of trust thereon or the unpaid balance on a contract of sale thereof.

(b) A hospital licensed under the provisions of Division 2, Chapter 2 (commencing with Section 1400) of the Health and Safety Code, which issues diplomas in nursing, or in connection with the operation of a hospital.

(c) A person, firm, association, partnership or corporation which is approved by a licensing board under the Department of Professional and Vocational Standards and which issues or confers diplomas in the profession, vocation or occupation controlled by the board licensing it; provided, that this subdivision shall not be construed as authorizing the issuing of a diploma which is not limited to the profession, vocation or occupation controlled by the licensing board.

(d) Any educational institution accredited for teacher training by the State Board of Education for credentials in the field of teacher training.

(e) Any institution approved by the Bureau of Readjustment Education of the Department of Education; provided, that this subdivision shall not be construed as authorizing the issuance of a diploma which is not based exclusively on courses of instruction approved by said bureau.

(f) A person, firm, association, partnership or corporation authorized by the Superintendent of Public Instruction to issue specified diplomas. Such permission shall be granted upon a year-to-year basis by the Superintendent of Public Instruction upon the submission of information to him that the courses of instruction, and the faculty or requirements of such applicant will afford students or require of students a course of education comparable to that being furnished by persons, firms, associations, partnerships and corporations offering similar instruction and complying with other subdivisions hereof. For the purpose of this subdivision, the Superintendent of Public Instruction may rely on the findings of an accrediting agency generally accepted by the class of institution concerned and shall consider the results of the examination taken pursuant to Business and Professions Code, Section 2941.5 by students of any applicant. The provisions of Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code shall be applicable to any determination of the superintendent made pursuant to this subdivision.

29008. Any person, firm, association, partnership or corporation authorized under subdivision (b), (c), (d), (e) or (f) of Section 29007 to issue diplomas shall, between the first and thirty-first days of January of each year, commencing on January 1, 1959, file with the Superintendent of Public Instruction an affidavit of its owner, president, or other head, setting forth the following information covering the preceding calendar year: Same: Affidavit

(1) The names and addresses, both local and home, including city and street, of its students who were enrolled in courses of instruction beyond high school.

(2) The courses of study offered by the institution.

(3) The names and addresses, both local and home, including city and streets, of its faculty, together with a record of the educational qualifications of each.

(4) The diplomas and honorary diplomas granted; to whom granted; the date granted; and the curricula upon which the diplomas were based.

29009. Every person, firm, association, partnership or corporation issuing or conferring honorary diplomas or diplomas shall between the first and thirty-first days of January of each year, commencing on January 1, 1959, file with the Superintendent of Public Instruction an affidavit by the owner, president or other head, setting forth the following information covering the preceding calendar year: Same

(a) All names, whether real or fictitious, of the person, firm, association, partnership or corporation under which it has done and is doing business.

(b) The address, including city and street, of every place of doing business of the person, firm, association, partnership or corporation, within the State of California.

(c) The address, including city and street, of the location of the records of the person, firm, association, partnership or corporation, and the name and address, including city and street, of the custodian of such records.

(d) The names and addresses, including city and street, of the directors, if any, and principal officers of the person, firm, association, partnership or corporation.

(e) That the records required by Section 29010 of this article are maintained at the address stated, and are true and accurate.

(f) Any change in items included in subdivisions (a) to (d), inclusive, shall be reported to the Superintendent of Public Instruction within 20 days of such change.

29010. Any person, firm, association, partnership or corporation, which issues or confers diplomas or honorary diplomas shall maintain current records for a period of not less than three years at its principal place of business within the State of California, immediately available during normal busi- Same: Records

ness hours, for inspection by the Superintendent of Public Instruction or the Attorney General showing the following:

(a) The names and addresses, both local and home, including city and street, of each of its students.

(b) The courses of study offered by the institution.

(c) The names and addresses, including city and street, of its faculty, together with a record of the educational qualifications of each.

(d) The diplomas and honorary diplomas granted; to whom granted; the date of granting; together with the curricula upon which the diplomas were based.

Investigations and report

29011. The Superintendent of Public Instruction shall make such investigations as are necessary to determine whether or not there has been compliance with the provisions of this article (commencing at Section 29001), and shall report the facts of violations of this article (commencing at Section 29001) to the Attorney General for the institution of such proceedings as the Attorney General may deem necessary. The Superintendent of Public Instruction shall annually, on or before the first Monday in January, report to the Governor and to each house of the Legislature, concerning investigations made pursuant to this article (commencing at Section 29001).

Prohibitions Sale of diploma, etc

29012. No person, firm, association, partnership or corporation may sell, barter, offer to sell or barter, or conspire to sell or barter, any diploma as defined in this article (commencing at Section 29001).

Same Purchase of diploma, etc.

29013. No person, firm, association, partnership or corporation may buy, obtain by barter, attempt to buy or obtain by barter, or conspire to obtain by barter or buy, any diploma as defined in this article (commencing at Section 29001).

Same Use of diploma

29014. No person, firm, association, partnership or corporation may use in connection with any business, trade, profession or occupation, or attempt to use in connection with any business, trade, profession or occupation, or conspire to use in connection with any business, trade, profession or occupation, any degree, diploma, certificate, transcript or document, as defined in this article (commencing at Section 29001), which has been purchased, obtained by barter, fraudulently or illegally issued, illegally obtained, counterfeited, materially altered or found.

Same

29015. No person, firm, association, partnership or corporation may:

(a) Use in connection with a business, trade, profession or occupation, or give or receive;

(b) Attempt to use in connection with a business, trade, profession or occupation, or attempt to give or receive;

(c) Conspire to use in connection with a business, trade, profession or occupation, or conspire to give or receive;

any diploma evidencing the undertaking or completion of any course of study or scholastic achievement attained if, in fact, said course of study has not been undertaken nor completed or if such scholastic achievement has not been attained.

29016. No person, firm, association, partnership, or corporation shall use or allow the use of any reproduction or facsimile of the Great Seal of the State on any diploma. Copy of State Seal

This section does not apply to the University of California or to any school, junior college or state college which is a part of the Public School System.

29017. The Attorney General shall take action to enforce the provisions of this article (commencing at Section 29001). Enforcement

29018. The Superintendent of Public Instruction and the Department of Education may adopt rules not inconsistent with this article (commencing at Section 29001) governing exercise of the authority conferred by this article (commencing at Section 29001), which rules shall be adopted in accordance with the Administrative Procedure Act. Rules

29019. Any person, firm, association, partnership or corporation wilfully violating any provision of Sections 29012, 29013, 29014, 29015 or 29016 is guilty of a felony and is punishable by imprisonment in the state prison not exceeding five years or by a fine of not less than one thousand dollars ($1,000) or by both such fine and imprisonment. Any person, firm, association, partnership or corporation wilfully violating any other provision of this article (commencing at Section 29001) is punishable, for a first offense, by imprisonment in the county jail not exceeding one year, or by fine not exceeding five hundred dollars ($500) or both; and any second or subsequent offense shall be a felony punishable by imprisonment in the state prison not exceeding five years or by fine not less than one thousand dollars ($1,000) or by both such fine and imprisonment. Penalties

29020. The provisions of Sections 29003 to 29010, inclusive, do not apply to any diploma or course of instruction given by a bona fide church or religious denomination if such course is limited to instructions in the principles of that church or denomination or to courses offered pursuant to Section 2789 of the Business and Professions Code, and the diploma is limited to evidence of completion of that course. Exceptions

29021. If any section, subsection, sentence, clause or phrase of this article is for any reason held to be unconstitutional, such decision shall not affect the validity of the remaining portions of this article (commencing at Section 29001). The Legislature hereby declares that it would have passed this article (commencing at Section 29001), and each section, subsection, sentence, clause or phrase thereof, irrespective of the fact that any one or more of the sections, subsections, sentences, clauses or phrases be declared unconstitutional. Severability

Article 2. Consolidation

29051. Whenever any benevolent, religious, or fraternal organization or society, having a grand lodge, assembly, conference, or other legislative or representative head in the State, Consolidation

and having two or more colleges or institutions of higher education under its patronage, desires, for the purpose of greater efficiency and simplicity in the administration of its educational interests, to consolidate the institutions under one management, the organization or society may consolidate the institutions under one management, pursuant to this article (commencing at Section 29051).

New corporation

29052. The grand lodge, assembly, conference, or other legislative or representative head having authorized a consolidation of its institutions, a new corporation shall be formed.

Board of trustees

29053. The board of trustees of the new corporation shall at first consist of the persons constituting the boards of trustees of the several institutions consolidating, and others. The number of trustees shall not exceed 45. The board of trustees shall be so classified that the term of office of one-third of its members expires each year, and unless otherwise provided in the articles of incorporation or bylaws, the successors of the trustees, as their terms expire shall be elected by the grand lodge, assembly, conference, or other legislative or representative head, at its annual meeting.

Reduction of number

29054. After the two or more colleges or institutions of higher education under the patronage of any benevolent, religious, or fraternal organization or society, having a grand lodge, assembly, conference, or other legislative or representative head in the State have become consolidated, the board of trustees of the new corporation may be reduced in number after it has transacted the business of the corporation for a period of five years after the consolidation.

Method of reduction

29055. Unless other provision is made in the articles of incorporation the number of trustees shall be reduced by the grand lodge, assembly, conference, or other legislative or representative head of the colleges or institutions of higher education. At any annual session of the grand lodge, assembly, conference, or other legislative or representative head, there shall be dropped from the number of trustees to be elected at that session such a number of trustees as those present at the session determine, except that at no time shall the number of trustees composing the board be less than 15.

Trustees

29056. Provision may be made in the articles of incorporation, in addition to any other matters required by law, for the number of trustees, for the method of nominating and electing trustees, and special qualifications, if any, required of persons to be elected or of any particular number of such persons. If not made in the articles of incorporation, such methods and qualifications may be set forth in the bylaws.

Bylaws

29057. Bylaws may be adopted and amended by the trustees except as otherwise provided in the articles or the bylaws. The bylaws may set forth the particular officers or persons in the grand lodge, conference, assembly, or other legislative or representative head entitled to vote as members of the corporation, and also the manner and method by which the voting is had. The bylaws may limit or restrict the power

of the trustees to adopt, amend, or repeal bylaws. After the limitation or restriction is made it shall be complied with unless it is removed with the consent of the officers or persons entitled to vote as members. Where applicable the provisions of Section 598 of the Civil Code apply to the bylaws.

Powers

29058. Except as otherwise provided in Section 29057, in the articles of incorporation, or the bylaws, the board of trustees of the new corporation have all of the powers granted to boards of trustees by and enumerated in Section 597 of the Civil Code, and in Sections 28704 to 28708, inclusive, of this code.

Annual report

29059. The board of trustees of the new corporation shall report annually to the grand lodge, conference, assembly, or other legislative or representative head controlling it, the condition of affairs of the corporation, and the amount and manner of its receipts and expenditures.

Property

29060. The several boards of trustees of the consolidating institutions shall transfer all property, real and personal, held by them, to the new corporation, together with all powers, privileges, and authority conferred upon or enjoyed by them under their respective charters or acts of incorporation. The new corporation receiving the property shall assume all indebtedness and liabilities of the consolidating institutions, but shall not transfer the property from one location to another, except by an affirmative vote of not less than three-fourths of the board of trustees of the new corporation, nor divert specific grants, donations, or bequests from the purposes for which the grants, donations, or bequests were made. After the boards of trustees have conveyed the property, real and personal, of the various institutions to the new corporation, and the property has been accepted by the new corporation, the franchises held by the consolidating corporations shall cease, and the corporations are dissolved.

CHAPTER 2. LELAND STANFORD JUNIOR UNIVERSITY

Article 1. Corporate Power

Rights of trustees

30001. The trustees of the Leland Stanford Junior University may exercise corporate powers and privileges. To that end they may:

(a) Organize and act as a board of trustees.

(b) Elect such officers of the board as they deem necessary.

(c) Adopt bylaws.

As a board, and through the officers thereof, they may transact such business, perform such acts and exercise such powers as they in writing provide may be transacted, performed, and exercised by the board.

Adoption and effect of seal

30002. The board may adopt a seal which shall read, "Seal of the Leland Stanford Junior University." The seal, when attached to any document or writing is prima facie evidence that the document or writing was made by and under due authority from the board and from the trustees.

Construction

30003. Nothing in this article (commencing at Section 30001) shall be deemed to alter the tenure or limit the powers or obligations of the trustees.

Article 2. Tuition

Tuition

30021. The trustees of the Leland Stanford Junior University may charge residents and nonresidents of this State such fees for tuition, as are necessary for the administration of the affairs of the university.

Article 3. Taxation

Tax exemption

30031. The exemption from taxation of the Leland Stanford Junior University is as provided in Section 1a of Article XIII of the Constitution.

Chapter 3. Foreign Language Schools

"Board"

30051. "Board," as used in this chapter (commencing at Section 30051), means State Board of Education.

License

30052. No person, firm, corporation, association, society, or other organization shall conduct, maintain, or operate any school, institute, class, or course for the purpose of teaching any foreign language, or in which any foreign language is taught, without applying for and being granted a license from the board to conduct, maintain, or operate such school, institute, class, or course.

Applications

30053. Applications for license shall be made to the board on forms prescribed by the board.

Statement

30054. The application shall be accompanied with a verified statement showing the language or languages to be taught, the purpose for which the school, institute, class, or course is to be maintained and conducted, the nature and extent of the instruction to be given, and as to whether the school, institute, class, or course shall be open to minors, adults, or both, or to foreigners or aliens or to citizens of the United States, or to both foreigners and citizens.

Hearing

30055. Where a hearing upon the application is held, the proceedings shall be conducted in accordance with Chapter 5 of Part 1 of Division 3 of Title 2 of the Government Code, and the board has all the powers granted therein.

Ineligible schools

30056. No license shall be granted for any such school, institute, class, or course where it appears:

(a) The school, institute, class, or course is not open to minors or citizens of the United States.

(b) The instruction proposed to be given or the manner in which such instruction is to be given creates or materially tends to create disloyalty to the Government of the United States or the State of California.

(c) The instruction proposed to be given or the manner in which or the general conditions under which such instruction

is to be given creates or materially tends to create loyalty to any foreign government, emperor, king, prince, potentate, or leader.

(d) The instruction proposed to be given or the manner in which or the conditions under which such instruction is to be given subverts or materially tends to subvert the loyalty of any pupil, citizen of the United States, to the Government of the United States or to the State of California.

(e) Such school, institute, class, or course is to be conducted in a fraudulent manner.

Schools not needing licenses

30057. Licenses shall not be required of, and this chapter (commencing at Section 30051) shall not be construed to apply to, any public school, college, or university of this State, or any institution of collegiate rank or grade in existence on January 1, 1943. A license shall not be required of any school established and maintained by a religious denomination or sect well established as such, and maintaining and operating one or more schools within this State, other than in a war relocation center, on August 4, 1943.

Supervision

30058. A school, institute, class, or course licensed pursuant to this chapter (commencing at Section 30051) shall be subject to visitation and supervision by any officer or employee of the Department of Education designated by the board.

Revocation of license

30059. A license granted pursuant to this chapter (commencing at Section 30051) is subject to revocation by the board, upon due notice after an opportunity to be heard before the board, or a committee thereof, or an officer of the board in each case designated by the board. The proceedings shall be conducted in accordance with Chapter 5 of Part 1 of Division 3 of Title 2 of the Government Code, and the board shall have all the powers granted therein.

Same

30060. A license shall be revoked when it appears to the satisfaction of the board that the school, institute, class, or course is being conducted, maintained, and operated under the conditions prescribed in this chapter (commencing at Section 30051) as being sufficient for a denial of such license.

Misdemeanor

30061. Any person, firm, corporation, association, society, or other organization, or any representative or employee thereof, maintaining, conducting, or operating a school, institute, class, or course without a license is guilty of a misdemeanor.

Action by Attorney General

30062. Whenever it appears that any person, firm, corporation, association, society, or other organization is maintaining or conducting or operating a school, institute, course, or class without a license, an appropriate action may be brought on behalf of the people of the State of California by the Attorney General to restrain such person, firm, corporation, association, society, or other organization, or any representative or employee thereof, from continuing the maintenance, conduct, or operation of such school, institute, course, or class without such license.

DIVISION 22. MISCELLANEOUS PROVISIONS RELATING TO EDUCATION

CHAPTER 1. WESTERN REGIONAL EDUCATION COMPACT

Western Regional Education Compact Authorization

31001 The Governor is hereby authorized and directed to execute a compact on behalf of this State with each or all of the Eleven Western States and the Territories of Alaska and Hawaii for the purpose of co-operating with such states in the formation of a Western Interstate Commission for Higher Education. Notice of intention to withdraw from such compact shall be executed and transmitted by the Governor.

Form and contents

31002. The form and contents of such compact shall be substantially as provided in this section and the effect of its provisions shall be interpreted and administered in conformity with the provisions of this chapter (commencing at Section 31001):

Western Regional Higher Education Compact

The contracting states do hereby agree as follows:

Article 1

WHEREAS, The future of this Nation and of the Western States is dependent upon the quality of the education of its youth; and

WHEREAS, Many of the Western States individually do not have sufficient numbers of potential students to warrant the establishment and maintenance within their borders of adequate facilities in all of the essential fields of technical, professional, and graduate training, nor do all of the states have the financial ability to furnish within their borders institutions capable of providing acceptable standards of training in all of the fields mentioned above; and

WHEREAS, It is believed that the Western States, or groups of such states within the region, co-operatively can provide acceptable and efficient educational facilities to meet the needs of the region and of the students thereof; now, therefore,

The States of Arizona, California, Colorado, Idaho, Montana, Nevada, New Mexico, Oregon, Utah, Washington, and Wyoming, and the Territories of Alaska and Hawaii, do hereby covenant and agree as follows:

Article 2

Pledge of co-operation

Each of the compacting states and territories pledges to each of the other compacting states and territories faithful co-operation in carrying out all the purposes of this compact.

Article 3

Commission

The compacting states and territories hereby create the Western Interstate Commission for Higher Education, hereinafter called the commission. Said commission shall be a body corporate of each compacting state and territory and an agency thereof. The commission shall have all the powers and duties set forth herein, including the power to sue and be sued, and such additional powers as may be conferred upon it by subsequent action of the respective legislatures of the compacting states and territories.

Article 4

Commissioners

The commission shall consist of three resident members from each compacting state or territory. At all times one commissioner from each compacting state or territory shall be an educator engaged in the field of higher education in the state or territory from which he is appointed.

The commissioners from each state and territory shall be appointed by the governor thereof as provided by law in such state or territory. Any commissioner may be removed or suspended from office as provided by the law of the state or territory from which he shall have been appointed.

The terms of each commissioner shall be four years; provided, however, that the first three commissioners shall be appointed as follows; one for two years, one for three years, and one for four years. Each commissioner shall hold office until his successor shall be appointed and qualified. If any office becomes vacant for any reason, the governor shall appoint a commissioner to fill the office for the remainder of the unexpired term.

Article 5

Voting and quorum

Any business transacted at any meeting of the commission must be by affirmative vote of a majority of the whole number of compacting states and territories.

One or more commissioners from a majority of the compacting states and territories shall constitute a quorum for the transacting of business.

Each compacting state and territory represented at any meeting of the commission is entitled to one vote.

Article 6

Officers and employees

The commission shall elect from its number a chairman and a vice chairman, and may appoint, and at its pleasure dismiss or remove, such officers, agents, and employees as may be required to carry out the purpose of this compact; and shall fix and determine their duties, qualifications and compensation, having due regard for the importance of the responsibilities involved.

The commissioners shall serve without compensation, but shall be reimbursed for their actual and necessary expenses from the funds of the commission.

Article 7

Powers and duties

The commission shall adopt a seal and bylaws and shall adopt and promulgate rules and regulations for its management and control.

The commission may elect such committees as it deems necessary for the carrying out of its functions.

The commission shall establish and maintain an office within one of the compacting states for the transaction of its business and may meet at any time, but in any event must meet at least once a year. The chairman may call such additional meetings and upon the request of a majority of the commissioners of three or more compacting states or territories shall call additional meetings.

The commission shall submit a budget to the governor of each compacting state and territory at such time and for such period as may be required.

The commission shall, after negotiations with interested institutions, determine the cost of providing the facilities for graduate and professional education for use in its contractual agreements throughout the region.

On or before the fifteenth day of January of each year, the commission shall submit to the governors and legislatures of the compacting states and territories a report of its activities for the preceding calendar year.

The commission shall keep accurate books of account, showing in full its receipts and disbursements, and said books of account shall be open at any reasonable time for inspection by the governor of any compacting state or territory or his designated representative. The commission shall not be subject to the audit and accounting procedure of any of the compacting states or territories. The commission shall provide for an independent annual audit.

Article 8

Contractual agreements, studies, etc

It shall be the duty of the commission to enter into such contractual agreements with any institutions in the region offering graduate or professional education and with any of the compacting states or territories as may be required in the judgment of the commission to provide adequate services and facilities of graduate and professional education for the citizens of the respective compacting states or territories. The commission shall first endeavor to provide adequate services and facilities in the fields of dentistry, medicine, public health, and veterinary medicine, and may undertake similar activities in other professional and graduate fields

For this purpose the commission may enter into contractual agreements—

(a) With the governing authority of any educational institution in the region, or with any compacting state or territory, to provide such graduate or professional educational services upon terms and conditions to be agreed upon between contracting parties, and

(b) With the governing authority of any educational institution in the region or with any compacting state or territory to assist in the placement of graduate or professional students in educational institutions in the region providing the desired services and facilities, upon such terms and conditions as the commission may prescribe.

It shall be the duty of the commission to undertake studies of needs for professional and graduate educational facilities in the region, the resources for meeting such needs, and the long-range effects of the compact on higher education; and from time to time prepare comprehensive reports on such research for presentation to the Western Governors' Conference and to the legislatures of the compacting states and territories. In conducting such studies, the commission may confer with any national or regional planning body which may be established. The commission shall draft and recommend to the governors of the various compacting states and territories, uniform legislation dealing with problems of higher education in the region.

For the purposes of this compact the word "region" shall be construed to mean the geographical limits of the several compacting states and territories.

Article 9

Apportionment of costs

The operating costs of the commission shall be apportioned equally among the compacting states and territories.

Article 10

Operative date

This compact shall become operative and binding immediately as to those states and territories adopting it whenever five or more of the States or Terrritories of Arizona, California, Colorado, Idaho, Montana, Nevada, New Mexico, Oregon, Utah, Washington, Wyoming, Alaska, and Hawaii have duly adopted it prior to July 1, 1953. This compact shall become effective as to any additional states or territories adopting thereafter at the time of such adoption.

Article 11

Termination of compact

This compact may be terminated at any time by consent of a majority of the compacting states or territories. Consent shall be manifested by passage and signature in the usual manner of legislation expressing such consent by the legislature and governor of such terminating state. Any state or territory may

at any time withdraw from this compact by means of appropriate legislation to that end. Such withdrawal shall not become effective until two years after written notice thereof by the governor of the withdrawing state or territory accompanied by a certified copy of the requisite legislative action is received by the commission. Such withdrawal shall not relieve the withdrawing state or territory from its obligations hereunder accruing prior to the effective date of withdrawal. The withdrawing state or territory may rescind its action of withdrawal at any time within the two-year period. Thereafter, the withdrawing state or territory may be reinstated by application to and the approval by a majority vote of the commission.

Article 12

Default in obligations

If any compacting state or territory shall at any time default in the performance of any of its obligations assumed or imposed in accordance with the provisions of this compact, all rights, privileges and benefits conferred by this compact or agreements hereunder, shall be suspended from the effective date of such default as fixed by the commission.

Unless such default shall be remedied within a period of two years following the effective date of such default, this compact may be terminated with respect to such defaulting state or territory by affirmative vote of three-fourths of the other member states or territories.

Any such defaulting state may be reinstated by: (a) performing all acts and obligations upon which it has heretofore defaulted, and (b) application to and the approval by a majority vote of the commission

California commissioners

31003. In furtherance of the provisions contained in the compact, there shall be three commissioners from the State of California, appointed by the Governor by and with the advice and consent of the Senate. The qualifications and terms of the commissioners shall be in accordance with Article 4 of the compact. A commissioner shall hold office until his successor is appointed and qualified but such successor's term shall expire four years from the legal date of expiration of the term of his predecessor. Any commissioner may be removed from office by the Governor upon charges and after a hearing. The term of any commissioner who ceases to hold the required qualifications shall terminate when a successor may be duly appointed. Vacancies occurring in the office of a commissioner from any reason or cause shall be filled for the unexpired term in the same manner as for a full term appointment.

Each commissioner shall receive his necessary travel expenses incurred in the performance of his official duties in behalf of the commission.

Powers and duties, etc.

31004. All officers of the State are hereby authorized and directed to do all things falling within their respective provinces and jurisdiction necessary or incidental to the carrying out of the compact in every particular; it being hereby de-

clared to be the policy of this State to perform and carry out the compact and to accomplish the purposes thereof. All officers, bureaus, departments and persons of and in the State Government or administration of the State are hereby authorized and directed at convenient times and upon request of the commission to furnish the commission with information and data possessed by them and to aid such commission by any means lying within their legal rights.

Accounts of activities and recommendations

31005. The commission shall keep accurate accounts of its activities and shall report to the Governor and the Legislature on or before the thirty-first day of December in each year, setting forth in detail the transactions conducted by it during that calendar year and shall make recommendations for any legislative action deemed by it advisable, including amendments to the statutes which may be necessary to carry out the intent and purposes of the compact between the signatory states.

Execution of compact

31006. When the Governor on behalf of the State executes the compact, he shall attach his signature thereto under a recital that such compact is executed pursuant to the provisions of this chapter (commencing at Section 31001), subject to the limitations and qualifications contained in this chapter (commencing at Section 31001) in aid and furtherance thereof.

CHAPTER 2. FOUNDATIONS AND TRUSTS

Article 1. Foundations for Educational Purposes

Purposes

31051. Any person desiring in his lifetime to promote the public welfare by founding, endowing, and maintaining within this State a university, college, school, seminary of learning, mechanical institute, museum, botanic garden, public park, or gallery of art, or any or all thereof, may, for such purposes, by grant in writing convey to a trustee, or any number of trustees, named in the grant, and to their successors, any property, real or personal, belonging to him and situated within this State. If he is married and the property is community property, then both husband and wife shall join in the grant.

Grant

31052. The grantor may designate in the grant:

(a) The nature, object, and purposes of the institution to be founded, endowed, and maintained.

(b) The name by which it shall be known.

(c) The powers and duties of the trustees, and the manner in which they shall account, and to whom, if accounting is required. Such powers and duties shall not be exclusive of other powers and duties which may be necessary to enable the trustees to fully carry out the objects of the grant.

(d) The mode and manner, and by whom, the successors to the trustee or trustees named in the grant are to be appointed.

(e) Such rules and regulations for the management of the property conveyed as the grantor may elect to prescribe. Such rules shall, unless the grantor otherwise prescribes, be deemed

advisory only, and shall not preclude the trustees from making such changes as new conditions may from time to time require.

(f) The place where and the time when the buildings necessary and proper for the institution shall be erected, and the character and extent thereof.

Administration

31053. The grantor may also provide for all other things necessary and proper to carry out the purposes of the grant, and especially may provide for the trades and professions which shall be taught in the institution, and the terms upon which deserving scholars of the public and private schools of the various counties of this State may be admitted to all the privileges of the institution, as a reward for meritorious conduct and good scholarship.

Scholarships

31054. The grantor may also provide for maintaining free scholarships for children of persons who have rendered service to or who have died in the service of the State and for maintaining free scholarships for children of mechanics, tradesmen, and laborers, who have died without leaving means sufficient to give their children a practical education, fitting them for the useful trades or arts.

Use of facilities

31055. The grantor may also provide the terms and conditions upon which students in the public and private schools, and other deserving persons, may, without cost to themselves, attend the lectures of any university established, and also the terms and conditions upon which the museums, art galleries, and conservatories of music, connected with any such institution, shall be open to all deserving persons without charge, and without their becoming students of the institution.

Legal actions

31056. The trustee or trustees named in the grant, and their successors, may, in the name of the institution, as designated in the grant, sue and defend, in relation to the trust property, and in relation to all matters affecting the institution.

Management by grantor

31057. The grantor, by a provision in the grant, may elect, in relation to the property conveyed, and in relation to the erection, maintenance, and management of the institution, to perform, during his life, all the duties and exercise all the powers which, by the terms of the grant, are enjoined upon and vested in the trustee or trustees.

Management

31058. If the grantor is a married person, he may further provide that if his wife survives him, she, during her life, may, in relation to the property conveyed, and in relation to the election, maintenance, and management of the institution, perform all the duties and exercise all the powers which, by the terms of the grant, are enjoined upon and vested in the trustee and trustees.

Trustees

31059. In the cases referred to in Sections 31057 and 31058, the powers and duties conferred and imposed upon the trustee or trustees shall be exercised and performed by the grantor, or by his wife, during his or her life, as the case may be. Upon the death of the grantor, or his surviving wife, as the case may

be, the powers and duties shall devolve upon and shall be exercised by the trustees named in the grant, and their successors.

Amendment of trust

31060. The grantor may reserve the right to alter, amend, or modify the terms and conditions of the grant, and the trusts created, in respect to any of the matters mentioned or referred to in Sections 31052 to 31055, inclusive.

Reservation by grantor

31061. The grantor may also reserve, during his life, the right of absolute dominion over the personal property conveyed, and also over the rents, issues, and profits of the real property conveyed, without liability to account therefor in any manner whatever, and without any liability over against his estate.

Reservation to grantor's wife

31062. If the grantor is married, he may further provide in the grant that if his wife survives him, she, during her life, may have the same absolute dominion, over the personal property, and the rents, issues, and profits, without liability to account therefor in any manner whatever, and without liability over against the estate of either the grantor or his wife.

Relinquishment of rights

31063. The founder or founders, surviving founder, or wife or widow of any founder, of a university, college, school, seminary of learning, mechanical institute, museum, gallery of art, library or any other institution, or any or all thereof, founded pursuant to this article (commencing at Section 31051), may, by an instrument in writing, resign, relinquish, and surrender all the rights, powers, privileges and duties reserved to or vesting in him, over, in, or concerning any of the property granted or given to the institution, or over or concerning the institution founded. Thereupon all estates, rights, powers, privileges, trusts, and duties which would otherwise vest in or devolve upon the trustee or trustees of the trusts and estates created upon the death of the person resigning, relinquishing, and surrendering, by the terms of the grant and amendments thereof, and by the terms of any grants, gifts, bequests, and devices supplementary thereto, or of any confirmatory grants, shall immediately vest in and devolve upon the trustee or trustees. Nothing herein contained shall prevent the person resigning, relinquishing and surrendering the rights, powers, privileges, or duties from thereafter becoming and serving as one of the trustees, or from becoming and serving as an officer of any board of trustees.

Custody of minors

31064. The grantor may provide in the grant that the trustees and their successors, may, in the name of the institution, become the custodian of the person of minors. When any such provision is made in a grant, the trustees and their successors may take the custody and control in the manner and for the time and in accordance with the provisions of Chapter 4 of Division 3 of the Labor Code.

Execution of grant

31065. The grant shall be executed, acknowledged, and recorded in the same manner as is provided by law for the execution, acknowledgment, and recording of grants of real property.

Limitation of actions

31066. No suit, action, or proceeding shall be commenced or maintained by any person to set aside, annul, or affect the conveyance, or to affect the title to the property conveyed, or the right to the possession, or to the rents, issues, and profits thereof, unless the action is commenced within two years after the date of filing the grant for record. No defense shall be made to any suit, action, or proceeding commenced by the trustee or trustees named in the grant, or their successors, privies, or persons holding under them, which involves the legality of the grant, or affects the title to the property conveyed, or the right to the possession, or the rents, issues, and profits thereof, unless the defense is made in a suit, action, or proceeding commenced within two years after the grant has been filed for record.

Sale under execution

31067. The property conveyed by the grant shall not, after a lapse of two years from the date of the filing for record of the grant, be subject to forced sale, under execution, or judicial proceedings of any kind, against the grantor or his privies, unless the action under which the execution is issued, or the proceedings under which the sale is ordered, has been commenced within two years after the grant has been filed for record. No property shall be subject to execution or forced sale under any judgment obtained in any proceedings instituted within two years, if there is other property of the grantor, subject to execution or forced sale sufficient to satisfy the judgment. Nothing in this section contained shall be construed to affect mechanics' or laborers' liens.

Bequest to State

31068. Any person making the grant may, at any time thereafter, by last will or testament, devise and bequeath to the State all or any of the property, real and personal, mentioned in the grant, or in any supplemental grant, and the devise or bequest shall only take effect if, from any cause whatever, the grant is annulled or set aside, or the trusts therein declared for any reason fail. Such devise and bequest is permitted to be made by way of assurance that the wishes of the grantor shall be carried out, and in the faith that the State, if it succeeds to the property, or any part thereof, will, to the extent and value of the property, carry out, in respect to the objects and purposes of the grant, all the wishes and intentions of the grantor.

Religious instruction

31069. No wish, direction, act, or condition expressed, made, or given by any grantor, under this article (commencing at Section 31051), as to religious instruction to be given in any school, college, seminary, mechanical institute, museum, or gallery of art, or in respect to the exercise of religious belief, on the part of any pupil of the school or institution of learning, shall be binding upon the State. The State shall not enforce, or permit to be enforced or carried out, any such wish, direction, act, or condition.

Construction

31070. The provisions of this article (commencing at Section 31051) shall be liberally construed with a view to effect its objects and promote its purposes.

Article 2. Foundations for Institutions of Arts and Sciences

31101. Any person intending in his lifetime or by will or trust deed, to operate after his death, to found, maintain, and perpetuate in this State a public library, museum, gallery of art, or any or all thereof, for the diffusion of mechanical, scientific, artistic, and general knowledge, may for that purpose, convey in writing by words denoting a gift or grant to one or more trustees named in the gift or grant, and to their successors, any library or collection of books and works, for the public library, or any museum, or gallery of art in this State. Purposes

31102. The gift or grant may also express and shall be construed to be a conveyance of the future additions and accretions thereof. Future additions

31103. The grantor may also in like manner, convey by grant to the trustee or trustees any real property within this State belonging to him, which may be necessary or proper for the erection and maintenance of buildings suitable to the institution, and the buildings erected thereon, with grounds, conveniently adjacent thereto, and other lands, tenements, and hereditaments for the purpose of producing an income for the support and maintenance of the institutions and any collateral burdens which may be imposed by the terms of the foundation as part and parcel of the regulations for its conduct, and also personal property of all descriptions, which may subserve the purposes of the institution and maintenance of the library, museum, or gallery of art. Other property

31104. Any contributions or gifts by any other person than the founder, of any property suitable to the general plan or support of any institution mentioned in this article (commencing at Section 31101), shall immediately vest in the trustees, and become incorporated into and subject to the trust, and to all its terms and conditions, and be managed under the rules and regulations prescribed therefor. Gifts

31105. The person making the gift, grant, or conveyance, as founder, may therein designate: Conditions of gift

(a) The name by which the institution shall be known.

(b) Its nature, object, and purposes.

(c) The powers and duties of the trustees, which shall not be exclusive of other powers and duties that, in their judgment, may be necessary more effectually to carry out the purposes of the institution.

(d) The mode, manner, and by whom the successors to the trustees named in the gift or grant shall be appointed.

(e) Such rules and regulations for the management of the institution, and the furtherance of its purposes, as the grantor may elect to prescribe. Such rules and regulations shall, unless the grant shall otherwise prescribe, be deemed advisory only, and shall not preclude the trustees or their successors from making such changes as new conditions may, from time to time, require.

(f) The place or places where the necessary buildings shall be erected, and the general character thereof. The grantor may provide in the grant for all other things necessary or proper to carry out the purposes of the grant, or otherwise, by his last will or testament.

Legal actions

31106. The trustees named in the gift or grant, and their successors, may, in the name of the institution, sue and defend in relation to the trust property, and to all matters affecting the institution.

Reservation by grantor

31107. By a provision in the gift or grant, the founder may elect, in respect to the personal and real property conveyed, and the additions and increase thereof, and in respect to the erection, maintenance, and management of any buildings auxiliary thereto, and in respect to any property connected with the institution, to reserve to himself a veto and right of annulment or modification of any act of the trustees.

Notice

31108. If he elects to veto, annul, or modify any act of the trustees, he shall, within 30 days after notice of the performance of the act, file in the office of the trustees, or deliver to their president or principal officer, a notice in writing, of the veto, annulment, or modification.

Management

31109. Upon a like notice, in conformity with a provision in the gift or grant, he may elect to perform during his life all the powers which, by the terms of the grant, are vested in or enjoined upon the trustees, and their successors. Upon the death or disability to act of the founder and grantor, the powers and duties shall devolve upon, and be exercised by, the trustees, and their successors.

Modification

31110. The founder may also reserve the right to alter, amend, or modify, at any time during his life, or by his last will and testament, the terms and conditions of the grant, and the trust created in respect to the institution, its buildings, and the property conveyed.

Trustees

31111. The founder may in the deed of trust name and describe the character and personality of any one or more of the immediate or future trustees, the librarian, and other officers, and name and impose any particular duty to be performed by any one or more trustees or other officers so described and characterized. He may declare and limit any compensation, and fix the character and method of the compensation he chooses to provide for the trustee or other officer whom the terms of his foundation may characterize, and upon whom specific or general duties are imposed.

Execution of grant

31112. The gift or grant shall be executed, acknowledged, and recorded in the manner provided by law for the execution, acknowledgment, and recording of grants of real property.

Limitation of actions

31113. No suit, action, or proceeding shall be commenced or maintained by any person to set aside, annul, or affect any gift, grant, or conveyance, or to affect the title to the property conveyed, or the right to the possession or to the rents, issues, and profits thereof, unless the action is commenced

within two years after the date of the filing of the grant for record.

31114. Any founder, making a gift or grant for any of the purposes mentioned in this article (commencing at Section 31101), may, at any time thereafter, by last will or testament, devise or bequeath to the State all or any of the property, real and personal, mentioned in the gift or grant, or in any supplemental grant or gift, and the devise or bequest shall take effect if, from any cause whatever, the gift or grant is annulled or set aside, or the trusts therein declared for any reason fail. Such devise or bequest is suffered to be made by way of assurance that the intentions of the grantor shall be carried out, and in the faith that the State, if it succeeds to the property, or any part thereof, will, to the extent and value of the property carry out, in respect to the objects and purposes of the grant, all the wishes and intentions of the grantor. Bequest to State

31115. The provisions of this article (commencing at Section 31101) shall be liberally construed, with a view to effect its objects and purposes. Construction

Article 3. Legal Validation Proceedings

31151. The trustee or trustees of any trust or trusts created for the founding, endowment, and maintenance of a university, college, school, seminary of learning, mechanical institute, museum, gallery of art, library, or any other institution, or any or all thereof, pursuant to Sections 31051 to 31115, inclusive, may commence a special proceeding to determine all questions of law and fact affecting the existence of, and the due and voluntary execution and delivery, and the terms, validity, and legal effect of the grant founding the institution, and of all amendments or attempted amendments to the grant, and of any supplemental grants or gifts, and of any confirmatory conveyances, of the founder, or surviving founder, or wife or widow of the founder. Purposes of proceedings

31152. The special proceeding may also be commenced to determine all questions of law and fact affecting the due and voluntary execution and delivery, and the validity and legal effect, of any gift or grant made in general terms for the benefit of the institution, or of any department of the institution, or of any gift or grant made in general terms for the benefit of the institution, or of any department of the institution, upon the trusts provided for in the grant founding the institution, and amendments thereof and grants, bequests, and devises supplementary thereto. Same

31153. The special proceeding may also be commenced to determine all questions bearing upon the passing to the trustee or trustees of the legal title to the properties, real and personal, conveyed or attempted to be conveyed, so far as the property or the proceeds thereof, or any property acquired in exchange therefor or with proceeds thereof, is described in the petition provided for in this article (commencing at Same

Section 31151), and the interest or title of the trustee or trustees in or to any property described in the petition.

Same

31154. The special proceeding may also be commenced to determine all questions of law and fact affecting the due and voluntary execution and delivery, and the validity and legal effect, of any grant or surrender by any founder, surviving founder, or wife or widow of any founder, to, or in favor of, the trustee or trustees, of any rights, powers, privileges, or duties reserved to or vesting in any such person over or concerning any property described in the petition, or over or concerning the institution, which would otherwise vest in or devolve upon the trustee or trustees upon the death of the person granting or surrendering the rights, powers, privileges, or duties, and of any relinquishment or release by the founder, surviving founder, or wife or widow of any founder, of any other rights, powers, privileges, or duties reserved to or vesting in any such person.

Petition

31155. The trustee or trustees of any trust created pursuant to Sections 31051 to 31115, inclusive, in the name of the institution or institutions, or in the name of the trustee or trustees of the institution, or in the name of the board of trustees of the institution, may file, in the superior court of the county in which the lands described in the founding grant, or some portion thereof, are situated, or, if no real estate has been granted to the trustees, then in the county where the main part of the institution is situated, a petition in writing, signed by counsel for the trustee or trustees, or by counsel for a majority thereof.

Contents of petition

31156. The petition shall contain copies of all grants, amendments, attempted amendments, supplemental grants, instruments of gift, confirmatory conveyances, and grants and instruments of surrender, relinquishment or release, so far as known to the trustee or trustees.

Allegations

31157. The petition shall allege in general terms the due and voluntary execution and delivery, and the validity, of any and all instruments, copies of which are set out in the petition, and shall describe all property, real and personal, the legal title to which is held or claimed to be held by the trustee or trustees under or by virtue of any or all of the instruments, whether or not the property is the original property conveyed, the proceeds thereof, or reinvested proceeds.

Same Estate or interest

31158. The petition shall allege in general terms the estate or interest which the trustee or trustees have or claim in or to the property described.

Prayer

31159. The petition shall pray, in effect, that the court:

(a) Examine and determine all questions of law and fact affecting the due and voluntary execution and delivery, and the terms, validity, and legal effect of all the instruments, copies of which are set out in the petition.

(b) Examine and determine all questions bearing upon the passing to the trustee or trustees, of the legal title to all the properties, real and personal, conveyed or attempted to be

conveyed, so far as the property or the proceeds thereof, or any property acquired in exchange therefor or with the proceeds thereof, is described in the petition.

(c) Examine and determine the interest or title of the trustee or trustees in or to the property.

(d) Establish and determine that the trustee or trustees are rightfully vested with the legal title thereto.

Notice of hearing

31160. The court or judge shall fix the time for hearing the petition, and shall order the clerk of the court to post in at least three public places in the county a notice of the filing of the petition, attached to a copy of the petition, and order a copy of the notice together with a copy of the petition to be personally served upon the founder, if living, and upon the surviving wife or widow of any founder, and upon any living grantor or donor of any other grant or gift set out in the petition, and may order such other or further notice to be given as the judge or court may deem proper. The notice shall be posted and served at least 10 days before the hearing.

Improper notice

31161. If the court or judge finds upon the hearing that due and proper notice has not been given as provided in Section 31160, it shall reset the hearing and cause due and proper notice to be given.

Title of proceedings

31162. The notice and petition shall be entitled substantially in the following form:

In the Superior Court of the_____County of _____, State of California.

In the matter of the petition of_____(giving the name or names in which the petition is brought) for the ascertainment of the existence and terms of, and for the determination of the validity and legal effect of grants or other instruments creating, changing, or affecting trusts and estates for the founding, endowment, and maintenance of_____ _____(naming the institution or institutions founded).

Contents of notice

31163. The notice shall state the time and place fixed for the hearing of the petition and shall be addressed to the founder or founders, if living, and to the surviving wife or widow of any deceased founder, and the living grantor or donor of any other grant or gift set out in the petition, and in general terms to all other persons having or claiming any interest in, or rights, powers, or duties over or concerning the property described in the petition; and shall direct that they and each of them appear and answer the petition on or before the time set for the hearing. The notice shall also state that unless they so appear and demur or answer, the petitioners will apply to the court to grant the prayer of the petition, and that each person failing to so appear and answer, shall be deemed to admit as true all the material allegations of the petition.

Waiver of notice

31164. Any person required to be served, or any other person interested may waive notice by written waiver filed with the clerk of the court.

Appearances

31165. Any person interested in the determination of any of the questions presented by the petition may demur to or answer the petition and may set up any new matter affecting the determination of the questions.

Information and belief

31166. Any allegation of the petition or answer may be made upon information and belief.

Procedure

31167. The provisions of the Code of Civil Procedure respecting the demurrer and the answer to a verified complaint, shall be applicable to a demurrer or answer to the petition.

Parties

31168. The persons demurring to or answering the petition shall be the defendants to the special proceeding and the petitioners shall be the plaintiffs.

Admissions

31169. Every material statement of the petition not specifically controverted by the answer shall, for the purposes of the special proceeding, be taken as true, and each person failing to answer the petition shall be deemed to admit as true all the material allegations of the petition.

Rules of pleading and practice

31170. The rules of pleading and practice provided for by the Code of Civil Procedure, which are not inconsistent with this article (commencing at Section 31151), are applicable to the special proceeding provided for.

Hearing

31171. Upon the hearing of the special proceeding, the court shall examine into and determine all questions of law and fact within the scope of the proceeding herein provided for, whether presented by the petition or answer, or by the proofs upon the hearing.

The court shall find and determine whether the notice of the filing of the petition has been duly given for the time and in the manner prescribed in this article (commencing at Section 31151).

Costs

31172. The costs of the special proceeding may be allowed and apportioned between all parties, in the discretion of the court.

Recordation of judgment

31173. A certified copy of the judgment of the court in the special proceeding shall be recorded in the office of the recorder of the county in which the action is brought and in the office of the recorder of every county in which any of the real property affected is situated.

Effect of judgment

31174. The judgment of the court in the special proceeding is determinative of the terms and trusts upon which any property thereafter given for the benefit of the institution, or any department thereof, is held by the trustee or trustees, unless otherwise provided by the grantor or donor.

CHAPTER 3. COMPETITIVE SCHOLARSHIP PROGRAM

Competitive scholarships

31201. There are hereby created state competitive scholarships which shall be maintained by the State and awarded and administered pursuant to this chapter (commencing at Section 31201), and used by the award winner for undergraduate higher education study.

31202. State competitive scholarships shall be awarded without regard to race, religion, creed, or sex. Discrimination prohibited

31203. No person shall be awarded a scholarship unless: Qualifications

(a) He is a resident of California.

(b) He has not attained his twenty-fourth birthday. This age limitation does not apply in the case of renewed scholarship awards.

(c) He has graduated from high school.

(d) He has demonstrated his financial need for such scholarship. The financial status of his parents shall be taken into consideration in determining his financial need.

(e) He has demonstrated high moral character, good citizenship, and dedication to American ideals.

(f) He has applied for a state competitive scholarship and has, by competitive examination, been determined to be eligible for such scholarship.

(g) He has complied with all of the rules and regulations adopted by the State Scholarship Commission for the award, regulation, and administration of state competitive scholarships adopted pursuant to this chapter (commencing at Section 31201).

(h) He is a citizen of the United States or, if he is under 21 years of age and is not a citizen of the United States either he or his parent or parents were admitted to the United States on a permanent resident visa.

31204. There shall be available two such scholarships for each senatorial and assembly district and 400 scholarships at large throughout the State for the Fiscal Year 1956-57; four such scholarships for each senatorial and assembly district and 800 scholarships at large throughout the State for the Fiscal Year 1957-58; six such scholarships for each senatorial and assembly district and 1,200 scholarships at large throughout the State for the Fiscal Year 1958-59; and eight such scholarships for each senatorial and assembly district and 1,600 scholarships at large throughout the State for the Fiscal Year 1959-60, and for each fiscal year thereafter. Number of scholarships

No award shall be canceled because of change of residence of an award winner within the State.

31205. When any scholarship available for a district is not awarded because of a lack of qualified applicants in that district, such district scholarship shall be awarded in that year as a scholarship at large; and in the following year an additional scholarship shall be made available to that district and the number of scholarships at large shall be reduced by one. Scholarships at large

31206. A scholarship award winner may use his scholarship at any one of the institutions of collegiate grade located in California if such institution offers a two-year junior college or four-year college course and is accredited by the Western College Association. Nothing contained in this chapter (commencing at Section 31201) shall be interpreted to require any such institution to admit into such institution, or Institutions

once admitted to continue in such institution, an award winner.

State Scholarship Commission

31207. There is hereby created the State Scholarship Commission, consisting of nine members, to be appointed by the Governor.

Membership

31208. The membership of the commission shall be as follows:

(a) Three representatives of private institutions of collegiate grade located in California;

(b) One representative of the University of California;

(c) One representative of state colleges located in California;

(d) One representative of public junior colleges located in California;

(e) Three representatives who shall be lay citizens of California, one of whom shall be a member of the governing board of a school district which includes at least one secondary school.

There shall not at any time be two or more persons serving as members of the commission who are professionally affiliated with, or hold a baccalaureate degree from, or are employed by, or serve as a member of the governing board of, the same institution of collegiate grade located in California.

Terms of office

31209. The terms of office of such members shall be four years, except as otherwise provided, and they shall hold office until appointment and qualification of their successors. The terms of the first members of the commission shall be fixed by the Governor and in such manner as will provide for the expiration each year of the terms of, as nearly as possible, one-fourth of the members.

Vacancies

31210. Any vacancy shall be filled by the Governor by the appointment of a person who will have the same status as the predecessor of the appointee. The appointee shall hold office only for the balance of the unexpired term.

Chairman and meetings

31211. The members of the commission shall select a chairman from the members of the commission at its first meeting and at any subsequent meeting which is the first meeting held after there has been a change in membership.

The commission shall meet at least once each year and shall meet at such other times as the chairman may designate by 10 days' written notice.

Officers and employees

31212. The State Scholarship Commission shall appoint an executive secretary who shall be the chief executive officer for the commission, and shall serve at the pleasure of the commission. The Legislature hereby requests the State Scholarship Commission to designate said executive officer as the person holding the position confidential to it, within the meaning of subdivision 5, of Section 4, Article XXIV of the Constitution.

The commission may employ such other employees as it deems necessary to carry out its functions under this chapter (commencing at Section 31201).

31213. The State Scholarship Commission may co-operate with, assist, and stimulate interest in other scholarship programs which have as an objective the assistance of qualified youth to completion of courses in higher education. The commission may assist in the selection of qualified applicants and may assist interested groups of citizens, foundations, and other agencies in the administration of scholarship awards. Co-operation

31214. Each competitive scholarship is for the period of one academic year and the award shall be for six hundred dollars ($600) or an amount equal to the tuition or necessary fees, or both tuition and fees, for the academic year, excluding summer sessions, of the institution at which the scholarship is used, whichever is the smaller amount. The State Scholarship Commission may provide by appropriate rules and regulations for such reports, accounting, and statements from the award winner and college or university of attendance pertaining to the use or application of the award as it may deem proper. A competitive scholarship may be renewed annually without an additional competitive examination until the award winner has received four annual awards or until he has been graduated from such an institution in an undergraduate course. The scholarship shall remain in effect only during the period that the award winner achieves satisfactory academic progress and is regularly enrolled as a full-time student in an institution of collegiate grade, as described in Section 31206. Duration and value of scholarships, etc

31215. The State Scholarship Commission shall conduct annual competitive examinations among fully qualified applicants for state competitive scholarships or the commission may require all applicants to take the scholastic aptitude test of the College Entrance Examination Board. On the basis of the results of such examinations, or either of them, the commission shall determine the award winners for the next ensuing academic year. Such commission also shall determine which of the current award winners are making satisfactory academic progress and are entitled to an annual renewal of their scholarships. Annual examinations, etc.

31216. The State Scholarship Commission from time to time shall adopt such rules and regulations as it may determine, not in conflict with this chapter (commencing at Section 31201), as may be necessary or appropriate for effectuating the provisions of this chapter (commencing at Section 31201). The State Scholarship Commission shall not award a scholarship to any applicant whose record in the competitive examination does not meet the standards set, even though scholarships may remain unawarded. Rules and regulations

31217. The Legislature hereby declares that it regards the collegiate education of its qualified citizens to be a public purpose of great importance; and further declares the establishment of competitive scholarships pursuant to this chapter (commencing at Section 31201) to be a desirable and economical method of furthering this public purpose. The Legislature has come to the conclusion that the benefit to the State in Legislative declaration

assuring the development of the talents of its qualified citizens will bring tangible benefits to the State in the future.

The Legislature further declares that there is an urgent need at present for the establishment of a state scholarship program, and that the most efficient and economical way to meet this need is through the plan prescribed in this chapter (commencing at Section 31201).

The Legislature further declares that it does not intend that this chapter be construed as granting any present or future right to the Legislature, or any other instrumentality of the State, to control or influence the policies of any educational institution involved in the state scholarship program.

Severability

31218. If any section, subsection, sentence, clause or phrase of this chapter (commencing at Section 31201) is for any reason held to be unconstitutional, such decision shall not affect the validity of the remaining portions of this chapter (commencing at Section 31201). The Legislature hereby declares that it would have passed this chapter (commencing at Section 31201), and each section, subsection, sentence, clause or phrase thereof, irrespective of the fact that any one or more of the sections, subsections, sentences, clauses or phrases be declared unconstitutional.

Termination date

31219. The provisions of this chapter (commencing at Section 31219) shall remain in effect until July 1, 1962, and thereafter shall have no further force or effect.

Chapter 4. Administration of Federal Scholarship Program

Administration

31251. Whenever by the provisions of any act of Congress a program of scholarships for undergraduate students is established which permits administration of such program within a state by a state agency, the State Scholarship Commission, as established by Section 31207, shall administer such act within the State if the Governor and the State Scholarship Commission, by a majority vote of its entire membership, determine that the participation by the State in the Federal Scholarship Program under such act would not interfere with or jeopardize the continuation of the scholarship program established under Sections 31201 to 31219, inclusive. For the purposes of this chapter (commencing at Section 21801) the State Scholarship Commission shall, notwithstanding the provisions of Section 31219, be continued in existence after July 1, 1962, and until it has completed its duties in administering the Federal Scholarship Program.

State Commission on Federal Scholarships

31252. The State Scholarship Commission shall constitute the State Commission on Federal Scholarships and is hereby empowered to formulate a plan for development and administration of the Federal Scholarship Program within the State.

Powers and duties

31253. Subject to the provisions of this chapter (commencing at Section 21801), the State Scholarship Commission is hereby vested with all necessary power and authority to

co-operate with the Government of the United States, or any agency or agencies thereof, in the administration of the act of Congress establishing a scholarship program and the rules and regulations adopted thereunder.

Before adopting a state plan the State Commission on Federal Scholarships shall hold public hearings as provided in the California Administrative Procedure Act.

The State Scholarship Commission shall not grant any scholarship arising under any federal scholarship program after the ninety-first day after the close of the 1959 Regular Session of the Legislature.

CHAPTER 5. MISCELLANEOUS PROVISIONS

Article 1. Civil Defense and Fire Drills

Liability

31301. Notwithstanding the provisions of Section 1714.5 of the Civil Code, no superintendent, principal, teacher or other employee of a school district employed in a position requiring or not requiring certification qualifications, and no person authorized by the governing board of the school district to assist any employee of the district, shall be held personally liable for civil damages on account of personal injury to or death of any person resulting from the participation of the person in a civil disaster, civil defense, or fire drill or test ordered by lawful authority to be held in the schools of the employing district, unless negligence or the wilful act of the employee is the proximate cause of the injury or death.

Article 2. Dissemination of Knowledge of Election Propositions

Propositions and constitutional amendments

31351. For the purpose of encouraging the study and investigation of the various propositions and constitutional amendments which are submitted to the people and to stimulate interest in, and study of, the propositions by addresses, debates, and general discussions throughout the various institutions of learning of the State, the Secretary of State shall, within six months after the adjournment of each session of the Legislature, have printed in the manner prescribed by Article 3 of Chapter 1 of Division 4 of the Elections Code a sufficient number of all propositions and constitutional amendments which are to be submitted to a vote of the people at any election.

Number of copies

31352. The Secretary of State shall supply each institution of higher learning with 25 copies, and each high school and elementary school with 10 copies of the propositions and constitutional amendments and deliver them to the Superintendent of Public Instruction.

Instructions

31353. The Superintendent of Public Instruction shall immediately prepare such instructions to the heads of the institutions and schools as he deems sufficient to properly

accomplish the object expressed in Section 31351 and shall forward the propositions and constitutional amendments to the heads of the institutions and schools together with the instructions.

Article 3. County Support of Agricultural and Home Economics Extension Work

Appropriations by boards of supervisors

31401. The boards of supervisors of any county may appropriate and use county funds for the support and maintenance of extension work in agriculture and home economics. The extension work shall be designed for the benefit of the respective counties and conducted under the approval of the United States Department of Agriculture and in co-operation with the University of California.

Article 4. Printing Schools

Prohibited printing

31451. No printing concern, institution, or other agency maintaining a printing plant or department for the purpose of instruction or the teaching of the art of printing, or allied arts, and whose purpose is to teach or instruct its students or members, shall produce, print, or cause to be printed any material whatsoever that may be placed on the market in competition with regularly established printing plants or concerns, if such printing concern, institution, or other agency is supported or operated from public or state funds or is tax free in any manner.

Exceptions

31452. This article (commencing at Section 31351) does not apply to:

(a) Any institution classified as an educational institution within the meaning and intent of Section 101 of the Internal Revenue Code of the United States or of Section 23701d of the Revenue and Taxation Code and which, nevertheless, pays general state and county taxes within this State upon any printing plant and printing equipment owned by it.

(b) The production of forms, materials, and supplies at any state educational institution under the exclusive management and control of the State and authorized by law.

(c) Any publication, printed and produced at any state educational institution under the exclusive management and control of the State for the dissemination of technical or scientific information and which is sold at cost.

(d) Printing which may be classified as "instruction" or "student activity."

Misdemeanor

31453. The violation of this article (commencing at Section 31451) is a misdemeanor.

CHAPTER 3

An act to repeal and re-enact the Vehicle Code and to add Chapter 6.5 (commencing at Section 3067) to Title 14, Part 4, Division 3 of the Civil Code and to amend Section 11001.5 of the Revenue and Taxation Code, relating to vehicles.

[Approved by Governor February 25, 1959. Filed with Secretary of State February 25, 1959.]

In effect September 18, 1959

The people of the State of California do enact as follows:

SECTION 1. The Vehicle Code is repealed.

Repeal

SEC. 2. The Vehicle Code is enacted to read:

GENERAL PROVISIONS

Short title

1. This act shall be known as the Vehicle Code.

Continuation of existing law

2. The provisions of this code, insofar as they are substantially the same as existing provisions relating to the same subject matter, shall be construed as restatements and continuations thereof and not as new enactments.

Tenure of office

3. All persons who, at the time this code goes into effect, hold office under the code repealed by this code, which offices are continued by this code, continue to hold them according to their former tenure.

Pending proceedings and accrued rights

4. No action or proceeding commenced before this code takes effect, and no right accrued, is affected by the provisions of this code, but all procedure thereafter taken therein shall conform to the provisions of this code so far as possible.

Constitutionality

5. If any portion of this code is held unconstitutional, such decision shall not affect the validity of any other portion of this code.

Construction of code

6. Unless the provision or the context otherwise requires, these general provisions and rules of construction shall govern the construction of this code.

Effect of headings

7. Division, chapter, article, and section headings do not in any manner affect the scope, meaning, or intent of the provisions of this code.

Delegation of powers and duties

8. Whenever, by the provisions of this code, a power is granted to a public officer or a duty imposed upon such an officer, the power may be exercised or the duty performed by a deputy of the officer or by a person authorized pursuant to law by the officer.

Required writings

9. Whenever any notice, report, statement, or record is required by this code, it shall be made in writing in the English language.

References to statutes

10. Whenever any reference is made to any portion of this code or of any other law, such reference shall apply to all amendments and additions heretofore or hereafter made.

"Section" "Subdivision"

11. "Section" means a section of this code unless some other statute is specifically mentioned and "subdivision"

means a subdivision of the section in which that term occurs unless some other section is expressly mentioned.

Tenses

12. The present tense includes the past and future tenses; and the future, the present.

Gender

13. The masculine gender includes the feminine and neuter.

Singular and plural

14. The singular number includes the plural, and the plural the singular.

"Shall" and "may"

15. "Shall" is mandatory and "may" is permissive.

"Oath"

16. "Oath" includes affirmation.

"Signature" or "Subscription"

17. "Signature" or "subscription" includes mark when the signer or subscriber cannot write, such signer's or subscriber's name being written near the mark by a witness who writes his own name near the signer's or subscriber's name; but a signature or subscription by mark can be acknowledged or can serve as a signature or subscription to a sworn statement only when two witnesses so sign their own names thereto.

Oaths and acknowledgments

18. Officers and employees of the Department of Motor Vehicles and the Department of the California Highway Patrol are, for the purposes of this code, authorized to administer oaths and acknowledge signatures, for which no fee shall be charged.

Attested signatures

19. Whenever the acknowledgment of any document is required by this code or any regulation of either department, the signature of the applicant attested to in his presence by the signature of a subscribing witness is sufficient.

False statements

20. It is unlawful to use a false or fictitious name, or to knowingly make any false statement or knowingly conceal any material fact in any document filed with the Department of Motor Vehicles or the Department of the California Highway Patrol.

Uniformity of code

21. The provisions of this code are applicable and uniform throughout the State and in all counties and municipalities therein, and no local authority shall enact or enforce any ordinance on the matters covered by this code unless expressly authorized herein.

Method of giving notice

22. Whenever notice is required to be given under this code by a department or any division, officer, or employee thereof, such notice shall be given either by personal delivery to the person to be notified or by mailing notice, postage prepaid, addressed to such person at his address as shown by the records of the department.

When notice complete

23. The giving of notice by personal delivery is complete upon delivery of a copy of the notice to the person to be notified. The giving of notice by mail is complete upon the expiration of four days after deposit of the notice in the mail, except that in the case of a notice informing any person of an offense against him under Section 40001, the notice is complete 10 days after mailing.

Proof of notice

24. Proof of the giving of notice may be made by the certificate of any officer or employee of the Department of Motor Vehicles and the Department of the California Highway Patrol or of any peace officer, or by an affidavit of any

person over 18 years of age, naming the person to whom such notice was given and specifying the time, place, and manner of the giving thereof.

Unlawful advertising as Department

25. It is unlawful for any person to display or cause or permit to be displayed any sign, mark, or advertisement containing the term "Department of Motor Vehicles," "State Motor Vehicle Department," "Director of Motor Vehicles," "Department of California Highway Patrol" or any similar term, name or designation indicating an official connection with either department unless such person has lawful authority, permission, or right to make such display.

Registration and license business

26. No person shall engage in the business of soliciting or receiving any application for the registration, reregistration, or transfer of registration of any vehicle of a type subject to registration under this code, or for any nonresident permit for the operation of any such vehicle within this State, or for a driver's license, or of transmitting or presenting the same to the department or any branch office thereof, when any compensation is solicited or received for the service. This section does not apply to a common carrier acting in the regular course of its business in transmitting the applications, nor to an agency or bureau if the department is informed in writing by the person represented that the agency or bureau is his representative and the department has granted permission to the agency or bureau to act as such representative.

Impersonation of patrol member

27. Any person who without authority impersonates, or wears the badge of, a member of the California Highway Patrol with intention to deceive anyone is guilty of a misdemeanor.

Notification of repossession

28. Whenever possession is taken of any vehicle by or on behalf of any legal owner thereof under the terms of a mortgage, conditional sale or lease agreement, the person taking possession shall, within 24 hours thereafter, notify the city police department where such taking of possession occurred, if within an incorporated city, or the sheriff's department of the county where such taking of possession occurred, if outside an incorporated city.

DIVISION 1. WORDS AND PHRASES DEFINED

Application of definitions

100. Unless the provision or context otherwise requires, these definitions shall govern the construction of this code.

"Agricultural water-well boring rig"

105. An "agricultural water-well boring rig" is a motor vehicle which is used exclusively in the boring of water-wells on agricultural property.

"Armored car"

115. An "armored car" is a vehicle that is equipped with materials on either the front, sides, or rear for the protection of persons therein from missiles discharged from firearms.

"Authorized emergency vehicle" Air pollution control

120. An "authorized emergency vehicle" is any vehicle owned by a county or air pollution control district and operated exclusively by an officer or employee of an air pollution control district engaged in enforcement work in responding to

emergency calls and when operating under a permit issued by the commissioner.

Same: Ambulance

125. An "authorized emergency vehicle" is any of the following vehicles when used in responding to emergency calls:

(a) Any privately owned ambulance, specially constructed and maintained exclusively for ambulance purposes author ized by permit issued by the commissioner.

(b) Any publicly owned ambulance.

Same: Bridge and highway district

130. An "authorized emergency vehicle" is any fire-fighting equipment, emergency wrecking equipment, or emergency repair equipment, owned and operated by a bridge and highway district for the purpose of extinguishing fires, removing wrecked motor vehicles, caring for injured persons, or repairing damaged lighting, or electrical equipment, of such bridge and highway district, when the vehicles are responding to emergency calls.

Same California Highway Patrol

135. An "authorized emergency vehicle" is any privately owned vehicle of a member of the California Highway Patrol, when authorized by permit from the commissioner and while being used in responding to an emergency call. No such permit shall be granted until proper proof of financial responsibility is filed with the Department of Finance. Whenever the vehicle is not being used as an authorized emergency vehicle, the siren must be disconnected and the red light covered.

Same: Disaster Act

140. An "authorized emergency vehicle" is any motor vehicle owned by the State or owned by a state officer or employee, when authorized by the commissioner, after certification by the head of the department, if the motor vehicle is assigned to his department, or by the Director of the California Disaster Office, if the motor vehicle is assigned to the California Disaster Office, and when used in the performance of duties imposed upon a state officer or employee by the California Disaster Act.

Same: Federal

145. An "authorized emergency vehicle" is any vehicle owned or operated by any department or agency of the United States Government under any one of the following subdivisions:

(a) When such department or agency is engaged primarily in law enforcement work and the vehicle is being used in response to an emergency call or in immediate pursuit of an actual or suspected violator of the law.

(b) When used in responding to emergency fire calls and in combating fires.

(c) When the vehicle is an ambulance or life-saving equipment being used in responding to emergency calls.

Same· Fire

150. An "authorized emergency vehicle" is any publicly owned vehicle operated in the performance of his duty, by a member of any fire department, including the California Division of Forestry, who is regularly employed by the State or any city or county and used in responding to emergency calls.

Same

155. An "authorized emergency vehicle" is any fire-fighting equipment designed and operated exclusively as such when

equipped with a siren and red light and used in responding to emergency fire calls and in combating fires and when operated under a permit issued by the commissioner.

Same

160. An "authorized emergency vehicle" is any publicly or privately owned motor vehicle, operated by a state or county forest ranger, or a firewarden on salary and directly in charge of fire protection work upon behalf of the State or in any county, or the chief of any fire department established on any base of the armed forces of the United States, or the chief or assistant chief of an organized fire department, in responding to emergency fire calls.

A permit shall be obtained from the commissioner for the operation of any privately owned vehicle, and when the vehicle is not engaged in responding to an emergency fire call, the siren shall be disconnected and the red front lights covered.

Same

165. An "authorized emergency vehicle" is any fire-fighting equipment designed and operated exclusively as such by a municipal fire department, and used in responding to emergency fire calls and in combating fires.

Same

170. An "authorized emergency vehicle" is any fire-fighting equipment designed and operated exclusively as such by an oil company and used in responding to emergency fire calls and in combating fires.

Same Fish and game

175. An "authorized emergency vehicle" is any motor vehicle owned by the State when authorized by the commissioner and when used by a fish and game warden in the actual pursuit of a violator or suspected violator of the fish and game laws.

This section shall not limit the liability for negligent operation of such motor vehicle when in actual pursuit of such violator or suspected violator.

Same. Justice

180. An "authorized emergency vehicle" is a motor vehicle, owned by the State, and operated by a regularly employed special agent, investigator, or inspector of the Department of Justice in the performance of his duties.

Same· Lifesaving equipment

185. An "authorized emergency vehicle" is any lifeguard or lifesaving motor vehicle which is owned by the State of California or by any city or county and operated exclusively as such by an officer or employee of the State or of any such agency in responding to emergency calls and when operated under a permit issued by the commissioner.

Same Lifesaving vehicle

190. An "authorized emergency vehicle" is any privately owned vehicle, operated by the chief of any fire department established on any base of the armed forces of the United States, or the chief or other authorized member of an organized fire department in responding to emergency calls in connection with lifesaving or other public purposes not connected with fire calls.

A permit shall be obtained from the commissioner and when the vehicle is not engaged in responding to an emergency call in connection with lifesaving or other public pur-

poses, the siren shall be disconnected and the red front lights covered.

Same Police

195. An "authorized emergency vehicle" is any publicly owned vehicle operated in the performance of his duty by a member of any police department, any sheriff, constable, district attorney, or deputy thereof, a district attorney investigator, inspector, or detective, or a traffic officer, who is regularly employed by the State or any city or county in responding to emergency calls or in a traffic patrol duty.

Same

200. An "authorized emergency vehicle" is any motorcycle, either publicly or privately owned, operated by a police or traffic officer in enforcing the provisions of this code.

Same

205. An "authorized emergency vehicle" is any vehicle which is publicly maintained in whole or in part by the State or a city or county, and which is privately owned and operated by a member of, and who receives salary from, and is regularly employed by, a municipal police department, or by any sheriff, constable, district attorney, or deputy thereof, or a district attorney investigator, inspector, or detective regularly employed by the county, or by a marshal or deputy marshal of a municipal court, but only under all of the following conditions:

(a) That the vehicle has a permit from the commissioner.

(b) That the vehicle has affixed to the license plates thereon distinguishing signs of a type approved by the commissioner which shall be so located as to be plainly visible at a distance of not less than 50 feet from the front and rear of the vehicle.

(c) That the State or any city or county does not furnish such person a publicly owned vehicle for a purpose stated in subdivision (d).

(d) That the vehicle is being operated in response to an emergency call or fire alarm, in street or highway patrol duty, or in the pursuit of an actual or suspected violator of the law.

(e) Whenever the vehicle is not being used for such purposes, the siren shall be disconnected and the red lights covered. Any violation of this provision shall constitute a misdemeanor and the permit granted hereunder shall be revoked.

Same Utility vehicle

210. An "authorized emergency vehicle" is any repair vehicle of a utility or public utility, whether privately, municipally or publicly owned, used in responding to emergency calls when authorized by the commissioner.

Same Vehicular crossing vehicle

215. An "authorized emergency vehicle" is any vehicle owned by the State and equipped and used for either fighting fire on, or towing or servicing other vehicles on or over, a vehicular crossing, while on the vehicular crossing.

"Automobile wrecker"

220. An "automobile wrecker" is any person who has an established place of business and is engaged in the business of buying, selling, or dealing in vehicles of a type required to be registered under this code, for the purpose of dismantling or wrecking the same, and who buys or sells the integral parts and component materials thereof, in whole or in part, and deals in used motor vehicle parts. This section does not apply to the

occasional and incidental dismantling or wrecking of vehicles by dealers who have secured dealers plates from the department for the current year whose principal business is buying and selling new and used vehicles, or by owners who desire to wreck not more than three personal vehicles within any 12 months period, or by garages or repair shops.

"Auxiliary dolly"

225 An "auxiliary dolly" is a vehicle, not designed for carrying persons or property on its own structure, which is so constructed and used in conjunction with a semitrailer as to support a portion of the weight of the semitrailer and any load thereon, but not permanently attached to the semitrailer, although a part of the weight of such dolly may rest on another vehicle

"Axle"

230 An "axle" is a structure or portion of a structure consisting of one or more shafts, spindles, or bearings in the same vertical transverse plane by means of which, in conjunction with wheels mounted on said shafts, spindles, or bearings, a portion of the weight of a vehicle and its load, if any, is continuously transmitted to the roadway when the vehicle is in motion.

"Business district"

235. A "business district" is that portion of a highway and the property contiguous thereto (a) upon one side of which highway, for a distance of 600 feet, 50 percent or more of the contiguous property fronting thereon is occupied by buildings in use for business, or (b) upon both sides of which highway, collectively, for a distance of 300 feet, 50 percent or more of the contiguous property fronting thereon is so occupied A business district may be longer than the distances specified in this section if the above ratio of buildings in use for business to the length of the highway exists.

Business and residence districts

240 In determining whether a highway is within a business or residence district, the following limitations shall apply and shall qualify the definitions in Sections 235 and 515:

(a) No building shall be regarded unless its entrance faces the highway and the front of the building is within 75 feet of the roadway.

(b) Where a highway is physically divided into two or more roadways only those buildings facing each roadway separately shall be regarded for the purpose of determining whether the roadway is within a district.

(c) All churches, apartments, hotels, multiple dwelling houses, clubs, and public buildings, other than schools, shall be deemed to be business structures.

(d) A highway or portion of a highway shall not be deemed to be within a district regardless of the number of buildings upon the contiguous property if there is no right of access to the highway by vehicles from the contiguous property.

"Carry-all"

245 A "carry-all" is that type of earth-moving equipment which is not self-propelled but which is designed for use behind tractors or other motive power and which is self-loading by means of a cutting blade which is lowered at an angle to dig into the ground The term includes, but is not limited to,

such types of vehicles as carry the trade names of LaPlant-Choate, LeTourneau, and Be Ge.

"Chauffeur" 250. A "chauffeur" is a person who is employed by another for the principal purpose of driving a motor vehicle on the highways and receives compensation therefor.

"City" 255. "City" includes every city and city and county within this State.

"Commercial vehicle" 260. (a) A "commercial vehicle" is a vehicle of a type required to be registered under this code used or maintained for the transportation of persons for hire, compensation, or profit or designed, used, or maintained primarily for the transportation of property.

(b) Passenger vehicles which are not used for the transportation of persons for hire, compensation, or profit are not commercial vehicles. This subdivision shall not apply to Chapter 4 (commencing at Section 6700) of Division 3.

"Commissioner" 265. The "commissioner" is the Commissioner of the California Highway Patrol.

"County" 270. "County" includes every county and city and county within this State.

"Crosswalk" 275. "Crosswalk" is either:

(a) That portion of a roadway included within the prolongation or connection of the boundary lines of sidewalks at intersections where the intersecting roadways meet at approximately right angles, except the prolongation of such lines from an alley across a street.

(b) Any portion of a roadway distinctly indicated for pedestrian crossing by lines or other markings on the surface.

Notwithstanding the foregoing provisions of this section, there shall not be a crosswalk where local authorities have placed signs indicating no crossing.

"Darkness" 280. "Darkness" is any time from one-half hour after sunset to one-half hour before sunrise and any other time when there is not sufficient light to render clearly discernible any person or vehicle on the highway at a distance of 500 feet.

"Dealer" 285. (a) "Dealer" is a person not otherwise expressly excluded by this section, who:

(1) For commission, money, or other thing of value, sells, exchanges, buys, or offers for sale, negotiates, or attempts to negotiate, a sale or exchange of an interest in, a vehicle subject to registration under this code, or induces or attempts to induce any person to buy or exchange an interest in a vehicle and, who receives or expects to receive a commission, money, brokerage fees, profit, or any other thing of value, from either the seller or purchaser of said vehicle, or

(2) Is engaged wholly or in part in the business of selling vehicles or buying or taking in trade, vehicles for the purpose of resale, selling, or offering for sale, or consigned to be sold, or otherwise dealing in vehicles, whether or not such vehicles are owned by such person.

(b) The term "dealer" does not include:

(1) Insurance companies, finance companies, public officials, or any other person coming into possession of vehicles in the regular course of business, who shall sell such vehicles under a contractual right or obligation, or in performance of an official duty, or in authority of any court of law; provided, such sale is for the purpose of saving the seller from loss or pursuant to the authority of a court of competent jurisdiction.

(2) Persons who sell or distribute vehicles of a type subject to registration for a manufacturer to vehicle dealers licensed under this code, or who are employed by manufacturers or distributors to promote the sale of vehicles dealt in by such manufacturers or distributors; provided, however, that if any such persons also sell vehicles at retail, they shall be deemed to be vehicle dealers and are subject to this code.

(3) Persons regularly employed as salesmen by vehicle dealers licensed under this code while acting within the scope of such employment.

(4) Persons exclusively engaged in the bona fide business of exporting vehicles or of soliciting orders for the sale and delivery of vehicles outside the territorial limits of the United States; provided, no federal excise tax is legally payable on any of such transactions, or such tax is legally refundable on such transactions.

(5) Persons not engaged in the purchase or sale of vehicles as a business, disposing of vehicles acquired for their own use, or for use in their business when the same shall have been so acquired and used in good faith, and not for the purpose of avoiding the provisions of this code.

"Department"

290. The "department" is the Department of Motor Vehicles except when used in Chapter 2 of Division 2 (commencing at Section 2100) and in Divisions 11 and 12 (commencing at Sections 21000 and 24000) of this code it shall mean the Department of the California Highway Patrol.

"Director"

295. The "director" is the Director of Motor Vehicles.

"Drawbar"

300. A "drawbar" is a rigid structure forming a connection between a trailer and a towing vehicle, securely attached to both vehicles by nonrigid means and carrying no part of the load of either vehicle.

"Driver"

305. A "driver" is a person who drives or is in actual physical control of a vehicle.

"Driver's license"

310. "Driver's license" includes both an operator's and a chauffeur's license.

"Essential parts"

315. "Essential parts" are all integral and body parts of a vehicle of a type required to be registered under this code, the removal, alteration, or substitution of which would tend to conceal the identity of the vehicle or substantially alter its appearance.

"Established place of business"

320. "Established place of business" is a place actually occupied either continuously or at regular periods by a dealer, manufacturer, automobile wrecker or automobile driving school where the books and records pertinent to the type of

business being conducted are kept. The place of business shall have an office and in the case of a dealer, manufacturer or automobile wrecker shall have a display, manufacturing or wrecking area, situated on the same property where business peculiar to the type of license issued by the department is or may be transacted. When a room or rooms in a hotel, rooming-house, apartment house building, or a part of any single or multiple unit dwelling house be used as an office or offices of an established place of business, such room or rooms shall be devoted exclusively to and occupied for the office or offices of the dealer, manufacturer, automobile wrecker or automobile driving school, shall be located on the ground floor, and shall be so constructed as to provide a direct entrance into such room or rooms from the exterior of the building. A licensee holding more than one type of license issued by the department and conducting more than one type of business from an establishment, as herein defined, shall provide a clear physical division between the types of business for which licensed. The place of business shall be open to inspection of pertinent records and vehicles by any peace officer during business hours.

"Foreign jurisdiction"

325. A "foreign jurisdiction" is any other state, the District of Columbia, territories or possessions of the United States, and foreign states, provinces, or countries.

"Foreign vehicle"

330. A "foreign vehicle" is a vehicle of a type required to be registered under this code brought into this State from a foreign jurisdiction other than in the ordinary course of business, by or through a manufacturer or dealer and not registered in this State.

"Freeway"

332. "Freeway" is a highway in respect to which the owners of abutting lands have no right or easement of access to or from their abutting lands or in respect to which such owners have only limited or restricted right or easement of access.

"Gantry truck"

335. A "gantry truck" is a motor vehicle so designed and constructed that it straddles the load to be transported and by means of appropriate mechanism picks up the load and supports it during transportation.

"Garage"

340. A "garage" is a building or other place wherein the business of storing or safekeeping vehicles of a type required to be registered under this code and which belong to members of the general public is conducted for compensation.

"Implement of husbandry"

345. An "implement of husbandry" is a vehicle which is used exclusively in the conduct of agricultural operations.

An implement of husbandry does not include a vehicle which is designed primarily for the transportation of persons or property on a highway, unless specifically designated as such by some other provision of this code.

Same Specific examples

350. Implement of husbandry includes, but is not limited to:

(a) A lift-carrier or other vehicle designed and used exclusively for the lifting and carrying of implements of husbandry, when operated or moved upon a highway.

(b) A trailer of the tip-bed type when used exclusively by a farmer owner in the transportation of other implements of husbandry.

(c) A one-axle trailer of the tip-bed type when used exclusively in the transportation of other implements of husbandry.

(d) A two-wheeled trailer having no bed, and designed and used solely for transporting a hay loader.

(e) A spray or fertilizer applicator rig designed and used exclusively for spraying or fertilizing in the conduct of agricultural operations.

(f) A nurse rig or equipment auxiliary to the use of and designed or modified for the fueling, repairing, or loading of a spray rig or an airplane used for the dusting, spraying, fertilizing, or seeding of crops.

(g) A row duster.

(h) A wagon or van used exclusively for carrying products of farming from one part of a farm to another part thereof, or from one farm to another farm, and used solely for agricultural purposes, including any van used in harvesting alfalfa or cotton, which is only incidentally operated or moved on a highway as a trailer.

(i) A wagon or portable house on wheels used solely by shepherds as a permanent residence in connection with sheep-raising operations and moved from one part of a ranch to another part thereof or from one ranch to another ranch, which is only incidentally operated or moved on a highway as a trailer.

(j) A trap wagon moved from one part of a ranch to another part of the same ranch or from one ranch to another, which is only incidentally operated or moved on a highway.

(k) Any vehicle which is operated upon a highway only for the purpose of transporting agricultural products across a highway and is in no event operated along a highway for a greater distance than one-quarter mile.

(*l*) A portable honey extracting trailer or semitrailer.

(m) A non-self-propelled fertilizer nurse tank or trailer moved unladen on the highway and auxiliary to the use of a spray or fertilizer applicator rig.

(n) Any cotton trailer when used on the highways for the exclusive purpose of transporting cotton from a farm to a cotton gin, and returning the empty trailer to such farm, except that Section 5017 shall apply to such trailers.

"Flammable liquid"

355. A "flammable liquid" is any liquid having a flash point (closed cup test) below 200 degrees Fahrenheit and a vapor pressure not exceeding 26 pounds per square inch gauge at a temperature of 100 degrees Fahrenheit.

"Highway"

360. "Highway" is a way or place of whatever nature, publicly maintained and open to the use of the public for purposes of vehicular travel. Highway includes street.

"Intersection"

365. An "intersection" is the area embraced within the prolongation of the lateral curb lines, or, if none, then the lateral boundary lines of the roadways, of two highways which join one another at approximately right angles or the area within which vehicles traveling upon different highways joining at any other angle may come in conflict.

"Legal owner"

370. A "legal owner" is a person holding the legal title to a vehicle under a conditional sale contract, the mortgagee of a vehicle, or the lessor of a vehicle to the State or to any county, city, district, or political subdivision of the State, under a lease, lease-sale, or rental-purchase agreement which grants possession of the vehicle to the lessee for a period of 30 consecutive days or more.

"Lighting equipment"

375. "Lighting equipment" is any of the following lamps or devices:

(a) Any headlamp, auxiliary driving, passing, or fog lamp, rear lamp, license plate lamp, clearance lamp, signal lamp or device.

(b) Any dim-out or air-raid lamp, fender turning lamp, diffused nonglaring lamp, flashing red school bus lamp, and red lamps placed on tow cars under Section 25255.

(c) Any lamp or device of commercial vehicles and tow cars.

(d) Any equipment regulating the light emitted from any lamp or device in subdivisions (a) or (b) or the light sources therein.

(e) Reflectors, including red reflectors for use on bicycles and reflectors used for required warning devices.

"Limit line"

377. A "limit line" is a solid white line not less than 12 nor more than 24 inches wide, extending across a roadway or any portion thereof to indicate the point at which traffic is required to stop in compliance with legal requirements.

"Liquified petroleum gas"

380. "Liquified petroleum gas" means petroleum hydrocarbons or mixtures thereof in liquid or gaseous state having a vapor pressure in excess of 26 pounds per square inch gauge at a temperature of 100 degrees Fahrenheit.

"Local authorities"

385. "Local authorities" means the legislative body of every county or municipality having authority to adopt local police regulations.

"Manufacturer's gross vehicle weight rating"

390. "Manufacturer's gross vehicle weight rating" means the weight in pounds of the chassis of a truck or truck tractor with lubricants, radiator full of water, full fuel tank or tanks plus the weights of the cab or driver's compartment, body, special chassis and body equipment and pay load as authorized by the chassis manufacturer.

In the event a vehicle is equipped with an identification plate or marker bearing the manufacturer's name and manufacturer's gross vehicle weight rating, the rating stated thereon

shall be prima facie evidence of the manufacturer's gross vehicle weight rating.

395. A "metal tire" is a tire the surface of which in contact with the highway is wholly or partly of metal or other hard nonresilient material. "Metal tire"

400. A "motorcycle" is any motor vehicle other than a tractor having a seat or saddle for the use of the rider and designed to travel on not more than three wheels in contact with the ground and weighing less than one thousand five hundred pounds. "Motorcycle"

405. A "motor-driven cycle" is any motorcycle, including every motor scooter, with a motor which produces not to exceed five horsepower, and every bicycle with motor attached. "Motor-driven cycle"

410. A "motor truck" is a motor vehicle designed, used, or maintained primarily for the transportation of property. "Motor truck"

415. A "motor vehicle" is a vehicle which is self-propelled. "Motor vehicle

425. A "muffler" is a device consisting of a series of chambers or baffle plates, or other mechanical design, for the purpose of receiving exhaust gas from an internal combustion engine, and effective in reducing noise. "Muffler"

430. A "new vehicle" is a vehicle that has never been registered with the department, nor has ever been registered with the appropriate agency of authority of any other state, District of Columbia, territory or possession of the United States or foreign state, province or country. "New vehicle"

435. "Nonresident" is a person who is not a resident of this State. "Nonresident"

440. An "official traffic control device" is any sign, signal, marking, or device not inconsistent with this code, placed or erected by authority of a public body or official having jurisdiction, for the purpose of regulating, warning, or guiding traffic. "Official traffic control device"

445. An "official traffic control signal" is any device, whether manually, electrically or mechanically operated, by which traffic is alternately directed to stop and proceed and which is erected by authority of a public body or official having jurisdiction. "Official traffic control signal"

450. An "operator" is a driver of a motor vehicle other than a chauffeur. "Operator"

455. "Original driver's license" means the first driver's license issued a person under this code. "Original driver's license"

460. An "owner" is a person having all the incidents of ownership, including the legal title of a vehicle whether or not such person lends, rents, or pledges the vehicle; the person entitled to the possession of a vehicle as the purchaser under a conditional sale contract; the mortgagor of a vehicle; or the State, or any county, city, district, or political subdivision of the State, when entitled to the possession and use of a vehicle under a lease, lease-sale, or rental-purchase agreement for a period of 30 consecutive days or more. "Owner"

"Passenger vehicle"

465. A "passenger vehicle" is any motor vehicle, other than a motor truck, truck tractor, or motorcycle, used or maintained for the transportation of persons.

"Person"

470. "Person" includes a natural person, firm, copartnership, association, or corporation.

"Pole or pipe dolly"

475. A "pole or pipe dolly" is a vehicle, other than a motor vehicle, having one or more axles which axles, if there be more than one, are not more than 54 inches apart, and two or more wheels, used in connection with a motor vehicle solely for the purpose of transporting poles, timbers, pipes, or integral structural materials and connected with the towing vehicle both by chain, rope, cable, or drawbar, and by the load, without any part of the weight of the dolly resting upon the towing vehicle.

"Power brakes"

480. A "power brake" is any braking gear or mechanism that aids in applying the brakes of a vehicle and which utilizes vacuum, compressed air, or electricity for that purpose.

"Pneumatic tire"

485. A "pneumatic tire" is a tire inflated or capable of inflation with compressed air.

"Private road or driveway"

490. "Private road or driveway" is a way or place in private ownership and used for vehicular travel by the owner and those having express or implied permission from the owner but not by other members of the public.

"Private school"

492. A "private school" is any school, whether conducted for profit or not, giving a course of training similar to that given in any grade of public school from kindergarten through the twelfth grade, including but not limited to schools owned or operated by any church.

"Reciprocity commission"

495. The "reciprocity commission" is the commission empowered to enter into reciprocity agreements.

"Reconstructed vehicle"

500. A "reconstructed vehicle" is a vehicle of a type required to be registered under this code materially altered from its original construction by the removal, addition or substitution of essential parts, new or used.

"Registered owner"

505. A "registered owner" is a person registered by the department as the owner of a vehicle.

"Repair shop"

510 A "repair shop" is a place where vehicles subject to registration under this code are repaired, rebuilt, reconditioned, repainted, or in any way maintained for the public at a charge.

"Residence district"

515. A "residence district" is that portion of a highway and the property contiguous thereto, other than a business district. (a) upon one side of which highway, within a distance of a quarter of a mile, the contiguous property fronting thereon is occupied by 13 or more separate dwelling houses or business structures, or (b) upon both sides of which highway, collectively, within a distance of a quarter of a mile, the contiguous property fronting thereon is occupied by 16 or more separate dwelling houses or business structures. A residence district may be longer than one-quarter of a mile if the above ratio of separate dwelling houses or business structures to the length of the highway exists.

"Right-of-way"

525. "Right-of-way" is the privilege of the immediate use of the highway.

530. A "roadway" is that portion of a highway improved, designed, or ordinarily used for vehicular travel. "Roadway"

540. A "safety zone" is the area or space lawfully set apart within a roadway for the exclusive use of pedestrians and which is protected, or which is marked or indicated by vertical signs, raised markers or raised buttons, in order to make such area or space plainly visible at all times while the same is set apart as a safety zone. "Safety zone"

545. A "school bus" is any motor vehicle while being used for the transportation of any school pupil to and from a public or private school or to and from public or private school activities, except the following: "School bus"

(a) A passenger vehicle designed for and when actually carrying not more than eight persons, including the driver.

(b) A motor vehicle operated by a common carrier subject to the jurisdiction of the Public Utilities Commission, except when any said vehicle is in use exclusively for the transportation of school pupils.

(c) A motor vehicle of any type carrying only members of the household of the owner thereof.

(d) A motor vehicle operated by and under the exclusive jurisdiction of a municipally owned transit system or transit authority created by specific act of the Legislature, if the transit system or authority meets all the safety requirements of the Public Utilities Commission, but not used exclusively for the transportation of school pupils.

(e) A motor vehicle operated by a common carrier which is periodically, but not exclusively, used for the transportation of pupils to and from a public or private school or to and from public or private school activities. Such a vehicle shall be subject to the jurisdiction of the Public Utilities Commission with respect to design, construction, operation, equipment, and mechanical condition.

550. A "semitrailer" is a vehicle designed for carrying persons or property, used in conjunction with a motor vehicle, and so constructed that some part of its weight and that of its load rests upon, or is carried by, another vehicle. "Semitrailer"

555. "Sidewalk" is that portion of a highway, other than the roadway, set apart for pedestrian travel. "Sidewalk"

560. A "solid tire" is a tire of rubber or other resilient material which does not depend upon compressed air for the support of the load. "Solid tire"

565. "Special highway construction equipment" is any vehicle which is designed and used primarily for grading of highways, paving of highways, earth moving, and other construction work on highways and which is not designed or used primarily for the transportation of persons or property and which is only incidentally operated or moved over the highway. It includes, but is not limited to, road construction and maintenance machinery so designed and used such as portable air compressors, air drills, asphalt spreaders, bituminous mixers, bucket loaders, caterpillar tractors, ditchers, leveling "Special highway construction equipment"

graders, finishing machines, motor graders, paving mixers, road rollers, scarifiers, earth moving scrapers and carryalls, lighting plants, welders, pumps, power shovels and draglines, self-propelled and tractor-drawn earth moving equipment and machinery, including dump trucks and tractor-dump trailer combinations which either (1) are in excess of 96 inches in width or (2) which, because of their length, height or unladen weight, may not be moved on a public highway without the permit specified in Section 35780 of this code and which are not operated laden except within the boundaries of the job construction site, and other similar types of construction equipment.

Same Exclusions

570. "Special highway construction equipment" does not include any of the following:

(a) A vehicle originally designed for the transportation of persons or property to which machinery has been attached.

(b) Dump trucks originally designed to comply with the size and weight provisions of this code notwithstanding any subsequent modification which would require a permit, as specified in Section 35780 of this code, to operate such vehicles on a highway, truck-mounted transit mixers, cranes and shovels.

"Special mobile equipment"

575. "Special mobile equipment" is a vehicle, not self-propelled, not designed or used primarily for the transportation of persons or property, and only incidentally operated or moved over a highway, excepting implements of husbandry.

"Specially constructed vehicle"

580. A "specially constructed vehicle" is a vehicle of a type required to be registered under this code not originally constructed under a distinctive name, make, model, or type by a generally recognized manufacturer of vehicles.

"Station wagon"

585. A "station wagon" is a dual purpose vehicle designed for the transportation of persons and also designed in such a manner that the seats may be removed or folded out of the way for the purpose of increasing the property carrying space within the vehicle. The term includes, but is not limited to, types of vehicles which carry the trade names of station wagon, estate wagon, town and country wagon, and country sedan.

"Street"

590. "Street" is a way or place of whatever nature, publicly maintained and open to the use of the public for purposes of vehicular travel. Street includes highway.

"Through highway"

600. A "through highway" is a highway or portion thereof at the entrance to which stop signs have been erected and vehicular traffic from intersecting highways is required by law to stop before entering or crossing the same.

"Tire chains"

605. "Tire chains" are metal chains which consist of two circular metal loops, one on each side of the tire, connected by not less than nine evenly spaced chains across the tire tread.

"Tow car"

615. A "tow car" is a motor vehicle which has been altered or designed and equipped for and exclusively used in the business of towing vehicles by means of a crane, hoist, tow bar, tow line, or dolly or is otherwise exclusively used to render assistance to other vehicles.

620. The term "traffic" includes pedestrians, ridden animals, vehicles, street cars, and other conveyances, either singly or together, while using any highway for purposes of travel. "Traffic"

625. A "traffic officer" is any member of the California Highway Patrol and any peace officer when such member or officer is on duty for the exclusive or main purpose of enforcing the provisions of Division 10 or 11 of this code. "Traffic officer"

630. A "trailer" is a vehicle designed for carrying persons or property on its own structure and for being drawn by a motor vehicle and so constructed that no part of its weight rests upon any other vehicle. "Trailer"

635. A "trailer coach" is a vehicle, other than a motor vehicle, designed for human habitation, for carrying persons and property on its own structure, and for being drawn by a motor vehicle. "Trailer coach"

640. A "transferee" is a person who has acquired the sole ownership of or an equity in a vehicle of a type required to be registered under this code. "Transferee"

645. A "transporter" is a person engaged in the business of delivering vehicles of a type required to be registered under this code from a manufacturing, assembling, or distributing plant to dealers or sales agents of a manufacturer. "Transporter"

650. A "trolley coach" is a vehicle which is propelled by electric power obtained from overhead trolley wires, but not operated upon rails. "Trolley coach"

655. A "truck tractor" is a motor vehicle designed and used primarily for drawing other vehicles and not so constructed as to carry a load other than a part of the weight of the vehicle and load so drawn. "Truck tractor"

660. The "unladen weight" of a vehicle is the weight equipped and ready for operation on the road including the body, fenders, oil in motor, radiator full of water, with five gallons of gasoline or equivalent weight of other motor fuel; also equipment required by law and any special cabinets, boxes or body parts permanently attached to the vehicle, but excluding any load or any machinery or mechanical apparatus, such as wood saws, well-drilling machines, spray apparatus, tow car cranes, grinding equipment, and transit-mix cement equipment or temporary equipment used to contain or support the load which does not change the body classification, which is not a regular part of a motor vehicle but which may be attached to the body or chassis or connected with the driving mechanism, which shall be regarded as a part of the load but not a part of the unladen weight of the vehicle. Removable sideboards or endgates installed for occasional use but not permanently attached to the body or chassis of a commercial vehicle without such boards or gates shall not constitute a part of the unladen weight of the vehicle when such vehicle is used primarily upon the premises of the owner. The unladen weight of a vehicle shall have no application in determining any fee under this code or the Revenue and Taxation Code other than Section 9400 of this code. "Unladen weight"

"Used vehicle"

665. A "used vehicle" is a vehicle that has been registered with the department, or has been registered with the appropriate agency of authority of any other state, District of Columbia, territory or possession of the United States or foreign state, province or country, or unregistered vehicles regularly used or operated as demonstrators in the sales work of a dealer.

"Vehicle"

670. A "vehicle" is a device by which any person or property may be propelled, moved, or drawn upon a highway, excepting a device moved by human power or used exclusively upon stationary rails or tracks.

"Vehicle salesman"

675. (a) "Vehicle salesman" is a person not otherwise expressly excluded by this section, who:

(1) Is employed as a salesman by a dealer as defined in Section 285, or who, under any form of contract, agreement, or arrangement with a dealer, for commission, money, profit, or other thing of value, sells, exchanges, buys, or offers for sale, negotiates, or attempts to negotiate, a sale or exchange of an interest in a vehicle required to be registered under this code, or

(2) Induces or attempts to induce any person to buy or exchange an interest in a vehicle required to be registered, and who receives or expects to receive a commission, money, brokerage fees, profit, or any other thing of value, from either the seller or purchaser of said vehicle.

(b) The term "vehicle salesman" does not include:

(1) Representatives of insurance companies, finance companies, or public officials who in the regular course of business, are required to dispose of, or sell vehicles under a contractual right or obligation of the employer, or in the performance of an official duty, or in authority of any court of law; provided, such sale is for the purpose of saving the seller from any loss or pursuant to the authority of a court of competent jurisdiction.

(2) Persons who sell or distribute vehicles to dealers holding a license under the provisions hereof, or who are employed by manufacturers or distributors to promote the sale of vehicles dealt in by such manufacturers or distributors; provided, however, that if any such persons also sell vehicles to retail purchasers, they shall be deemed to be vehicle salesmen and are subject to the provisions of Article 1 (commencing at Section 11700), of Chapter 1, of Division 5.

(3) Persons exclusively employed in a bona fide business of exporting vehicles, or of soliciting orders for the sale and delivery of vehicles outside the territorial limits of the United States.

(4) Persons not engaged in the purchase or sale of vehicles as a business, disposing of vehicles acquired for their own use, or for use in their business when the same shall have been so acquired and used in good faith, and not for the purpose of avoiding the provisions of this code.

DIVISION 2. ADMINISTRATION

CHAPTER 1. THE DEPARTMENT OF MOTOR VEHICLES

Article 1. Organization of Department

1500. There is in the State Government the Department of Motor Vehicles. Department of Motor Vehicles

1501. The department is the successor to and is hereby vested with all of the powers, duties, purposes, responsibilities, and jurisdiction now or hereafter vested by law in the Department of Motor Vehicles, the Motor Vehicle Department, the Motor Vehicle Department of California, the Division of Motor Vehicles of the Department of Finance, the Division of Motor Vehicles of the Department of Public Works, and all other state agencies of similar designation, or in the several heads, members, officers, and employees of each thereof. Successor to state agencies

1502. The department has possession and control of all records, books, papers, offices, equipment, moneys, funds, appropriations, and all other property, real or personal, now or hereafter held for the benefit or use of any state agency mentioned in Section 1501. Possession of records and property

1503. Except as in this division otherwise provided, the provisions of Chapter 2, of Part 1 of Division 3 of Title 2 of the Government Code, commencing at Section 11150, shall govern and apply to the conduct of the department in every respect the same as if the provisions were set forth in this code, and wherever in that chapter the term "head of the department" or similar designation occurs, for the purposes of this division it shall mean the director. State department provisions

1504. The department is under the control of a civil executive officer known as the Director of Motor Vehicles. He shall be appointed by, and hold office at the pleasure of, the Governor. He shall execute and deliver, as provided by law, an official bond in the sum of twenty-five thousand dollars ($25,000). Director of Motor Vehicles

1505. The director, with the approval of the Governor, shall organize the department in such manner as he may deem necessary to conduct the work of the department. The department is divided into at least four divisions, known as the Division of Registration, the Division of Drivers Licenses, the Division of Field Office Operation, and the Division of Administration. Organization of department

1506. The Division of Registration shall be under the control of a civil executive officer to be known as the Registrar of Vehicles. The Registrar of Vehicles shall be appointed by the director subject to the approval of the Governor, pursuant to the provisions of Article XXIV of the State Constitution. The Registrar of Vehicles shall execute and deliver, as provided by law, an official bond in the sum of twenty-five thousand dollars ($25,000). Registrar of Vehicles

Appointment of subordinates

1507. The director may appoint and, in accordance with law fix the salaries of:

(a) A deputy director.

(b) Such other officers, deputies, technical experts, and employees as may be necessary for the proper discharge of the duties of the department.

Article 2. Powers and Duties

Administration and enforcement

1650. The director shall administer and enforce the provisions of this code relating to the department.

Rules and regulations

1651. The director may adopt and enforce rules and regulations as may be necessary to carry out the provisions of this code relating to the department.

Rules and regulations shall be adopted, amended, or repealed in accordance with the Administrative Procedure Act, commencing at Section 1370 of the Government Code.

Forms

1652. The department shall prescribe and provide suitable forms of applications, certificates of ownership, registration cards, drivers' licenses and all other forms requisite or deemed necessary for the purposes of this code and shall prepay all transportation charges thereon.

Grant or refusal of applications

1653. Each department shall examine and determine the genuineness and regularity of every application or document filed with it under this code and may require additional information or reject any such application or document if not satisfied of the genuineness and regularity thereof or the truth of any statement contained therein.

Real property

1654. The director may purchase or lease such real estate and erect such buildings as the department or any of its divisions require, subject to the approval of the Department of Finance.

Peace officer powers

1655. The director, deputy director, registrar, deputy registrar, and investigators of the department shall have the powers of peace officers solely for the purpose of enforcing those provisions of law now or hereafter committed to the administration of the Divisions of Registration and Drivers Licenses, Part 5 of Division 2 of the Revenue and Taxation Code, commencing at Section 10701, and to the serving of warrants of arrest resulting from citations for traffic violations issued by the Department of California Highway Patrol under this code.

Vehicle code and synopsis

1656. (a) The department shall publish the complete text of the California Vehicle Code together with other laws relating to the use of highways or the operation of motor vehicles at least once every two years and may republish the code and laws and distribute the same as may be deemed advisable without charge.

(b) The department may publish a synopsis or summary of the laws regulating the operation of vehicles and the use of the highways and may deliver a copy thereof without charge

with each original vehicle registration and with each original driver's license.

1657. The director may assign qualified employees of the department to advise with the State Board of Education and with the governing boards of districts maintaining secondary schools in the preparation, establishment, and conduct of courses in automobile driver education and automobile driver training in secondary schools under Article 11 of Chapter 1 of Division 5 of the Education Code, commencing at Section 10200. Driver education

1658. The department may pay membership fees, join, and participate in affairs of associations having for their purpose the interchange of information relating to the registration of vehicles and the issuance of operators' licenses, financial responsibility, and subjects relating to highway safety and to the powers and duties of the department. Membership in associations

Article 3. Records of Department

1800. The department shall file each application received for the registration of a vehicle and shall keep a record of each vehicle registered in suitable books or on index cards as follows: Registration records

(a) Under a distinctive registration number assigned to the vehicle.

(b) Alphabetically, under the name of the owner.

(c) Under the motor or a permanent identifying number of the vehicle as may be determined by the department.

(d) In the discretion of the department, in any other manner it may deem desirable.

1801. The department shall file every application for a license to operate a motor vehicle received by it and maintain: License records

(a) A suitable index containing, in alphabetical order, all applications denied. On the applications shall be noted the reasons for such denial.

(b) A suitable index containing, in alphabetical order, all applications granted.

(c) A suitable index containing, in alphabetical order, the name of every licensee whose license has been suspended or revoked by the department or by a court and after each name note the reasons for the action and the period of revocation or suspension.

1802. Every judge of a court not of record shall keep a full record of every case in which a person is charged with any violation of this code. Court records

1803. Within 10 days after the conviction of a person for any violation of this code, excepting violations of Sections 22500, 22502, 22503, 22508, and 22514, relating to the improper parking of vehicles, and of any narcotic offense under Division 10 of the Health and Safety Code, commencing at Section 11000, when the use of a motor vehicle was involved in, or incident to, the commission of the offense, every judge Report of convictions

of a court not of record and every clerk of a court of record in which the conviction was had, shall prepare and immediately forward to the department at its office at Sacramento an abstract of the record of the court covering the case in which the person was so convicted which abstract must be certified by the person so required to prepare the same to be true and correct.

For the purposes of this section, a forfeiture of bail shall be equivalent to a conviction.

Form of abstract

1804. The abstract shall be made upon a form furnished by the department and shall contain all necessary information as to the parties to the case, the nature of the offense, the date of hearing, the plea, the judgment, and the amount of the fine or forfeiture.

Failure to comply

1805. The failure, refusal, or neglect of any such judicial officer to comply with any of the requirements of Sections 1802, 1803, and 1804 is misconduct in office and is ground for removal therefrom.

Report of accident or conviction

1806. The department shall file all accident reports and abstracts of court records of convictions received under this code, and in connection therewith, shall maintain convenient records or make suitable notations in order that an individual record of each license showing the convictions of the licensee and the traffic accidents in which he was involved are readily ascertainable.

Destruction of records

1807. The department is not required to maintain records relating to drivers of motor vehicles after the records are, in the opinion of the director, no longer necessary, except that records of convictions shall be maintained so long as they may form the basis of license suspensions or revocations as prior convictions or with other records of conviction constitute a person a "negligent driver."

Records which are not required to be maintained may be destroyed with the approval of the Department of Finance.

Inspection of records

1808. All records of the department relating to the registration of vehicles and such information as is contained on an application for a driver's license and abstracts of convictions required to be sent to the department in Sacramento shall be open to public inspection during office hours, except that such records of the department relating to the physical or mental condition of any person are confidential.

Traffic accident information

1809. The department may prepare and disseminate information relating to prevention of traffic accidents.

Sale of information

1810. The department may sell information from its records concerning the registration of any vehicle or information from the files of drivers' licenses at a charge sufficient to pay the actual cost to the department for providing the information, the charge for the information to be determined by the director with the approval of the Department of Finance, with a minimum charge of twenty-five cents ($0.25) for each item. The department may sell stamps or coupons in appropriate denominations for the convenient enforcement of this

section. The stamps or coupons may be used to accompany requests for information in lieu of cash, but otherwise shall be nonredeemable and shall be canceled by the department upon granting the request for information. This section does not apply to statistical information of the type heretofore compiled and distributed by the department nor to information, distributed for a purpose which relates to traffic accidents, traffic offenses, or traffic enforcement.

Sale of records

1811. The department may sell copies of all or any part of its records at a charge sufficient to pay at least the entire actual cost to the department of the copies, the charge for the records and the conditions under which they may be sold to be determined by the director, with the approval of the Department of Finance.

Free to governmental agencies

1812. The department shall not charge for copies of records or for information from its records given to any county, city, state department, or the United States Government.

Free records

1813. The director and such officers of the department as he may designate may, upon request, prepare under the seal of the department and deliver without charge a certified copy of any record of the department received or maintained under this code.

Automobile registration service

1814. Any person engaged in the business of examining the records of the department and supplying information relative thereto to the public for compensation shall first obtain a permit from the director. The director shall grant such a permit when he determines that the applicant is qualified and intends in good faith to carry on such business, and when the applicant files with the director a bond in the amount of five thousand dollars ($5,000).

Bond

1815. The bond shall be executed by the applicant as principal and by either a surety company authorized to execute surety bonds in this State or by two individual sureties, who shall qualify to the satisfaction of the director.

The bond shall obligate the principal and sureties to compensate the officers of the department and any other person who may suffer loss or damage by reason of any failure or neglect of the principal, his agents, or employees to preserve carefully and surrender any records examined in the department and by reason of any act of the principal, his agents, or employees in respect to the loss, alteration, substitution, or mutilation of any records of the department.

Chapter 2. Department of the California Highway Patrol

Article 1. Administration

California Highway Patrol

2100. There is in the State Government the Department of the California Highway Patrol.

"Department"

2101. As used in this part, "department" means the Department of the California Highway Patrol.

"California Highway Patrol"

2102. Wherever in any statute "California Highway Patrol" is used, it means the Department of the California Highway Patrol.

Successor to California Highway Patrol

2103 The department is the successor to and is vested with the duties, powers, purposes, responsibilities, and jurisdiction of the former Division of Enforcement of the Department of Motor Vehicles, known as the California Highway Patrol, and of the officers and employees thereof.

Ownership of property

2104. The department has possession and control of all records, books, papers, offices, or equipment, and all other property, real or personal, now or hereafter held for the benefit or use of the former Division of Enforcement of the Department of Motor Vehicles, known as the California Highway Patrol.

State department provisions

2105. Except as in this part otherwise provided, the provisions of Chapter 2 of Part 1 of Division 3 of Title 2 of the Government Code, commencing at Section 11150, shall govern and apply to the conduct of the department in every respect the same as if the provisions were set forth in this code, and wherever in that chapter the term "head of the department" or similar designation occurs, for the purposes of this division it shall mean the commissioner.

Office of department

2106. The department shall maintain its main office at Sacramento.

Commissioner

2107. The department is under the control of a civil executive officer, known as the Commissioner of the California Highway Patrol. He shall be appointed by the Governor with the advice and consent of the Senate to serve at the pleasure of the Governor, and shall have resided within the State continuously for at least five years immediately preceding his appointment. Before entering upon the duties of his office, he shall execute and deliver, as provided by law, an official bond in the sum of twenty-five thousand dollars ($25,000).

Same: Powers and duties

2108. The commissioner shall perform all duties, exercise all powers and jurisdiction, assume and discharge all responsibilities, and carry out and effect all purposes vested by law in the department.

Organization

2109. The commissioner shall organize the department with the approval of the Governor and may arrange and classify the work of the department and may with the approval of the Governor create or abolish divisions thereof.

Assistant commissioner

2110. The Assistant Commissioner of the California Highway Patrol shall be appointed by the commissioner, subject to the approval of the Governor, pursuant to the provisions of Article XXIV of the State Constitution. He shall execute and deliver as provided by law an official bond in the sum of twenty-five thousand dollars ($25,000).

Same Duties

2111. The assistant commissioner shall carry out and execute such duties, with respect to traffic law enforcement, as may be specified by the commissioner.

Administrative officer

2112. The chief administrative officer of the department shall be appointed by the commissioner subject to the approval

of the Governor, pursuant to the provisions of Article XXIV of the State Constitution. He shall execute and deliver, as provided by law, an official bond in an amount to be determined by the Director of Finance.

Same: Duties

2113. The chief administrative officer shall carry out and execute such duties with respect to the administrative affairs of the department as may be specified by the commissioner.

Membership in associations

2114. The department may pay membership fees, join, and participate in the affairs of associations having for their purpose the interchange of information relating to law enforcement, accident prevention, and subjects related to the powers and duties of the department.

Article 2. The California Highway Patrol

Members

2250. The California Highway Patrol in the Department of the California Highway Patrol consists of the following members: the commissioner, the deputy commissioner, assistant commissioners, inspectors, captains, lieutenants, sergeants, officers, and investigators.

Promotions

2251. All appointments to the classes of assistant commissioner, inspector, captain, lieutenant, and sergeant shall be made from promotional eligible lists resulting from promotional examination of persons in the next lower class. For the purposes of examinations for captain the classes of lieutenant and sergeant shall be eligible.

Specialized positions

2252. Such specialized positions as shall be designated by the commissioner with the approval of the Personnel Board shall be filled pursuant to open competitive examinations held pursuant to law.

Workmen's compensation

2253. For the purpose of determining the scope of employment of any member of the California Highway Patrol under the workmen's compensation laws, any such member shall be deemed to be on duty and acting within the scope of his employment when actually exercising any of the powers or performing any of the duties imposed or authorized by law at any time during the 24 hours of the day.

Injury and disability records

2254. In the event any dispute arises between the department and any of its members in an industrial disability case, such member or his attorney, upon demand, shall be entitled to examine any record of the department or of the State Compensation Insurance Fund which has any bearing on said case.

Service outside county of appointment

2255. No member of the California Highway Patrol, appointed to serve in any county, shall be assigned by the commissioner for service outside the county for a longer period than one week, except:

(a) Pursuant to a request by the employee for a transfer.

(b) As may be necessitated by temporary traffic emergencies requiring an increase in the number of patrol members in one locality or seasonal changes making expedient a decrease in the number of patrol members in one locality, but in such

latter events no assignment shall be made for disciplinary purposes.

An assignment under this section shall be made by the commissioner.

Age limits

2256. Notwithstanding Section 18932 of the Government Code, the minimum age limit for any examination for the position of State Traffic Officer of the California Highway Patrol shall be 21 years, and the maximum age limit shall be 31 years.

Badges

2257. The commissioner shall issue to each member of the California Highway Patrol a badge of authority with the seal of the State of California in the center thereof, the words "California Highway Patrol" encircling the seal and below the designation of the position held by each member to whom issued.

Issuance of badges

2258. Neither the commissioner nor any other person shall issue a badge to any person who is not a duly appointed member of the California Highway Patrol.

Uniforms and equipment

2259. The Department of the California Highway Patrol shall pay the cost of repairing the uniforms and equipment of members of the California Highway Patrol which are damaged in the line of duty. If the uniforms or equipment are damaged beyond repair, the department shall pay an amount equal to the actual value thereof at the time the damage occurred, which shall be determined by the commissioner.

The term equipment as used in this section shall include equipment required by the department or personal accoutrements necessary for the patrol member to perform his duty.

Uniforms

2260. The commissioner may advance the cost of, or obtain and furnish, one complete uniform, including such items of clothing and equipment as may be required by the commissioner, to each new member of the California Highway Patrol hereafter employed. The cost to the commissioner shall be deducted from the salary of such member in installments within the first year after he has completed the training school.

Wearing of uniforms

2261. A uniform substantially similar to the official uniform of members of the California Highway Patrol shall not be worn by any other law enforcement officer or by any other person except duly appointed members of the California Highway Patrol and persons authorized by the commissioner to wear such uniform in connection with a program of entertainment. A uniform shall be deemed substantially similar to the uniform of the California Highway Patrol if it so resembles such official uniform as to cause an ordinary reasonable person to believe that the person wearing the uniform is a member of the California Highway Patrol. The violation of this section shall be a misdemeanor punishable under Section 42002.

Training schools

2262. The commissioner shall establish a school for the training and education of the members of the California Highway Patrol, and for such other employees of the department deemed necessary, in traffic regulation, in the performance

of the duties of such persons, and in the proper enforcement of this code and laws respecting use of the highways. He may contract with any county, city, district, or other subdivision of the State for the use of school facilities in the training of enforcement officers.

Firearm training

2263. Shooting practice and instruction in the use of firearms shall constitute part of the training to be given to members of the California Highway Patrol. Firearm training may be given in connection with the school or otherwise and may include participation by patrol members in shooting competition.

Marksmanship badges

2264. The commissioner may procure and issue appropriate badges to patrol members for excellence in marksmanship.

Article 3. Powers and Duties

Law enforcement

2400. The commissioner shall administer and enforce Chapter 4 of Division 4 (commencing at Section 10850), except Section 10854, Article 3 of Chapter 1 of Division 9 (commencing at Section 17300), Division 11 (commencing at Section 21000), except Sections 22950 and 22951, Division 12 (commencing at Section 24000), Division 13 (commencing at Section 29000), and Division 15 (commencing at Section 35000) and shall enforce all other laws regulating the operation of vehicles and the use of the highways.

Patrol of highways

2401. The commissioner shall make adequate provision for patrol of the highways at all times of the day and night.

Rules and regulations

2402. The commissioner may make and enforce such rules and regulations as may be necessary to carry out the duties of the department. Rules and regulations shall be adopted, amended, or repealed in accordance with the Administrative Procedure Act, commencing at Section 11370 of the Government Code.

Patrol districts and branch offices

2403. The commissioner may create highway patrol districts for the efficient administration and enforcement of this code and the laws respecting the use of highways. He may establish branch offices wherever he may deem necessary.

Headquarters or substations

2404. The commissioner shall establish, in counties having charters, except in counties of the first or second class, headquarters or substations for the efficient performance of the duties of the department, and he may establish, in such other localities as he deems most suitable, such headquarters or substations.

Real property

2405. The commissioner may purchase or lease such real estate and erect such buildings as the department or any of its divisions require, subject to the approval of the Department of Finance.

Authorized patrol equipment

2406. The commissioner may provide that any highway patrol vehicle shall be equipped with a stretcher and emergency first aid equipment for use in transporting injured persons.

Accident report forms

2407. The department shall prepare and on request supply to police departments, coroners, sheriffs, and other suitable agencies or individuals, forms for accident reports required under this code, which reports shall call for sufficiently detailed information to disclose with reference to a traffic accident the cause, conditions then existing, and the persons and vehicles involved.

Accident information

2408. The department shall tabulate and may analyze all accident reports and publish annually or at more frequent intervals statistical information based thereon as to the number and location of traffic accidents, as well as other information relating to traffic accident prevention. Based upon its findings after such analysis, the department may conduct further necessary detailed research to more fully determine the cause and control of highway accidents. It may further conduct experimental field tests within areas of the State to prove the practicability of various ideas advanced in traffic control and accident prevention.

Peace officer authority

2409. All members of the California Highway Patrol have the powers of a peace officer; provided, that the primary duty of the department shall be the enforcement of the provisions of this code or of any other law relating to the use or operation of vehicles upon the highways, and patrol members shall not act as peace officers in enforcing any other law except:

(a) When in pursuit of any offender or suspected offender.

(b) To make arrests for crimes committed in their presence or upon any highway.

Traffic direction

2410. Members of the California Highway Patrol are authorized to direct traffic according to law, and, in the event of a fire or other emergency, or to expedite traffic or insure safety, may direct traffic as conditions may require notwithstanding the provisions of this code.

Service of warrants

2411. Members of the California Highway Patrol are authorized to serve all warrants relating to the enforcement of this code.

Accident investigation

2412. All members of the California Highway Patrol may investigate accidents resulting in personal injuries or death and gather evidence for the purpose of prosecuting the person or persons guilty of any violation of the law contributing to the happening of such accident.

Safety belt reports

2413. Any member of the California Highway Patrol who investigates a motor vehicle accident involving death or personal injury to any person shall file a report with the department of his opinion as to the effect, if any, safety belts would have had in such accident, or as to their effect if used. The department shall submit a compilation of such reports to the Legislature at the next general session.

Unclaimed property

2414. When lost, stolen, abandoned or otherwise unclaimed property, except vehicles subject to registration under this code, comes into possession of the department, the department may hold or store the same with some responsible person until

it is claimed and all just and reasonable charges for saving and storage thereof have been paid.

Same Sale

2415. (a) If the owner or other person entitled to the possession thereof fails to claim the property within six months and pay the charges, the department may sell it to the highest bidder at public auction at the place where the same may be held or stored, having first caused notice of sale to be given at least five days before the time fixed therefor, by publication once in a newspaper of general circulation published in the county where the sale is to be held.

(b) Any excess in the proceeds of the sale after paying such charges and expenses of sale including but not limited to the costs of advertising and a fee of not exceeding ten dollars ($10) to be charged by the department for making the sale shall be deposited in the State Treasury in the special deposit fund as money remaining unclaimed in the hands of the department.

(c) On payment of the price bid for the property sold, the delivery of the property with the commissioner's bill of sale vests title in the purchaser.

(d) In any case where there is no bid offered for the property, or if the highest bid offered does not exceed the charges for saving, holding, and storage and the expenses of sale, the same shall become the property of the department as compensation for expenses incurred.

Suspension or revocation of permit

2416. The commissioner may suspend or revoke any permit issued for an authorized emergency vehicle under the following conditions:

(a) In the event the commissioner determines that any person operating an authorized emergency vehicle pursuant to a permit has operated the vehicle in a reckless or illegal manner or in violation of any of the provisions of this code. The order of suspension or revocation shall not be effective unless notice of the alleged offense is first given to the person so charged and he is afforded an opportunity to make answer thereto.

(b) In the event any person operating an authorized emergency vehicle pursuant to a permit is convicted of operating the vehicle in violation of any of the provisions of this code.

Chapter 3. The Reciprocity Commission

Article 1. Administration

Members

2600. The Reciprocity Commission is composed of the Lieutenant Governor, the Director of Motor Vehicles, the Director of Public Works, the State Controller, and the Commissioner of the California Highway Patrol.

Compensation

2601. All of the members of the commission shall serve thereon without additional compensation, but they shall receive their necessary actual traveling expenses incurred in the discharge of their duties.

Action by majority

2602. A majority of the members of the commission may act for the commission.

Assistance from director

2603. The Director of Motor Vehicles shall provide such assistance to the commission as it may require.

Article 2. Powers and Duties

Agreements

2650. The commission is empowered to enter into formal agreements or arrangements as provided in Article 3 of Chapter 4 of Division 3, commencing at Section 8000.

Rules and regulations

2651. The commission may adopt such rules and regulations as may be necessary to effectuate the powers granted to it by this code.

Chapter 4. Administration and Enforcement

Article 1. Lawful Orders and Inspections

Obedience to traffic officers

2800. It is unlawful to wilfully fail or refuse to comply with any lawful order, signal, or direction of any traffic officer or to refuse to submit to any lawful inspection under this code.

Obedience to firemen

2801. It is unlawful to wilfully fail or refuse to comply with any lawful order, signal, or direction of any member of any fire department, paid, volunteer, or company operated, when wearing the badge or insignia of a fireman and when in the course of his duties he is protecting the personnel and fire department equipment.

Load inspection

2802. Any traffic officer having reason to believe that a vehicle is not safely loaded or that the height, width, length, or weight of a vehicle and load is unlawful may require the driver to stop and submit to an inspection, measurement, or weighing of the same. The weighing may be done either by means of portable or stationary scales and the officer may require that the vehicle be driven to the nearest scale facility, in the event the scales are within five miles.

Removal of load

2803. If the traffic officer determines that the vehicle is not safely loaded or that the height, width, length, or weight is unlawful, he may require the driver to stop in a suitable place and reload or remove such portion of the load as may be necessary to render the load safe or to reduce it to the limits permitted under this code. All material so unloaded shall be cared for by the owner or operator of the vehicle at the risk of the owner or operator.

Inspection by patrol members

2804. A member of the California Highway Patrol upon reasonable belief that any vehicle is being operated in violation of any provisions of this code or is in such unsafe condition as to endanger any person, may require the driver of the vehicle to stop and submit to an inspection of the vehicle, and its equipment, license plates, and registration card.

Inspection of registration

2805. A member of the California Highway Patrol may inspect any vehicle of a type required to be registered under this

code on a highway or in any public garage, repair shop, parking lot, used car lot, or other similar establishment, for the purpose of locating stolen vehicles or investigating the title and registration thereof.

Vehicle and equipment inspection

2806. Any city traffic officer having reasonable cause to believe that any vehicle or combination of vehicles is not equipped as required by this code or is in such unsafe condition as to endanger any person, may require the driver to stop and submit the vehicle or combination of vehicles to an inspection and such tests as may be appropriate to determine the safety to persons and compliance with the code.

School bus inspection

2807. (a) The California Highway Patrol shall inspect every school bus to ascertain whether its construction, design, equipment, and color comply with all provisions of law.

(b) No person shall drive any school bus unless there is displayed therein a certificate issued by the California Highway Patrol stating that on a certain date, which shall be within one year of the date of operation, a member of the California Highway Patrol inspected the bus and found that on the date of inspection the bus complied with the applicable provisions of state law relating to construction, design, equipment, and color. The Commissioner of the California Highway Patrol shall provide by rule or regulation for the issuance and display of distinctive inspection certificates.

School bus requirements

2808. (a) Except as provided in subdivision (b), all school buses transporting pupils to or from any private school or private school activity shall be subject to the same statutes, rules, and regulations relating to construction, design, operation, equipment, and color as are now or hereafter applicable to school buses transporting pupils to or from any public school or public school activity.

(b) Private school buses shall be exempt from such statutes, rules, and regulations relating to construction, design, operation, and equipment applicable to public school buses as the Commissioner of the California Highway Patrol shall determine necessary to permit such private school buses to continue in operation or when it appears that the results intended to be attained by such rules and regulations are being accomplished by the use of other methods. Such exemption shall be specified by rule or regulation of the commissioner. No such exemption shall be made which in the opinion of the commissioner would jeopardize the safety of the pupils so transported.

Scales

2809. All scales and weighing instruments used by any member of the California Highway Patrol to enforce the provisions of this code with respect to weight limitations shall be inspected and certified as to accuracy at least once in each calendar year by the Bureau of Weights and Measures of the Department of Agriculture.

Inspection to prevent theft

2810. (a) A member of the California Highway Patrol may stop any vehicle transporting any timber products, livestock, poultry, or farm produce and inspect the bills of lading,

shipping, delivery papers, or other evidence to determine whether the driver is in legal possession of the load, and upon reasonable belief that the driver of such vehicle is not in legal possession, shall take custody of the vehicle and load and turn the same over into the custody of the sheriff of the county wherein the timber products, livestock, poultry, farm produce, or any part thereof is apprehended.

(b) The sheriff shall receive and provide for the care and safekeeping of such timber products, livestock, poultry, farm produce, or any part thereof, and immediately, in co-operation with the department, proceed with the investigation and legal disposition thereof.

(c) Any expense incurred by the sheriff in the performance of his duties under this section shall be a legal charge against the county.

Damage to fences

2811. Any traffic officer who observes a fence along any highway, which has been damaged as a result of a traffic accident, shall promptly report same to the owner, lessee, occupant, or person in charge of the property enclosed by the fence, or to the local headquarters of the department.

Closing of highways

2812. Whenever poisonous gas, explosives, dust, smoke, or other similar substances, or fire exist upon or so near a public highway as to create a menace to public health or safety, members of the California Highway Patrol, police departments, or sheriff's office may close any highway to traffic when necessary to protect the public from such dangers. Whenever a highway is closed, the governmental agency having control over the highway shall be immediately notified of the reason of the closing and the location.

DIVISION 3. REGISTRATION OF VEHICLES AND CERTIFICATES OF TITLE

CHAPTER 1. ORIGINAL AND RENEWAL OF REGISTRATION; ISSUANCE OF CERTIFICATES OF TITLE

Article 1. Vehicles Subject to Registration

Registration required

4000. No person shall drive or move any motor vehicle, trailer, semitrailer, pole or pipe dolly, or auxiliary dolly upon a highway unless it is registered and the appropriate fees have been paid under this code.

Registration of exempt vehicles

4001. All vehicles exempt from the payment of registration fees shall be registered as otherwise required by this code by the person having custody thereof, and he shall display upon the vehicle a license plate bearing distinguishing marks or symbols, which shall be furnished by the department free of charge.

Vehicles exempt under permit

4002. When moved or operated under a permit issued by the department, registration is not required of:

(a) A vehicle not previously registered while being moved or operated from a dealer's, distributor's, or manufacturer's

place of business to a place where essential parts of the vehicle are to be altered or supplied.

(b) A vehicle while being moved from a place of storage to another place of storage within a radius of 100 miles.

(c) A vehicle which has been disabled as the result of an accident, while being moved for the purpose of repairs.

(d) A vehicle while being moved or operated for the purpose of dismantling or wrecking the same and permanently removing it from the highways.

Same

4003. When moved or operated under a permit issued by the department, registration is not required of:

(a) A vehicle while being moved from one place to another for the purpose of inspection by the department or weighing the vehicle.

(b) A vehicle, the construction of which has not been completed, until such time as the construction thereof is completed and final weights and costs can be determined for registration purposes.

(c) A vehicle while being moved or operated unladen for one continuous trip from a place within this State to another place either within or without this State or from a place without this State to a place within this State.

The department may issue a quantity of permits under this subsection in booklet form upon payment of the proper fee for each permit contained in said booklet. Each permit shall be valid for only one vehicle and for only one continuous trip, and only after a copy describing the vehicle has been forwarded to the department. Such permit shall be posted upon the windshield or other prominent place upon a vehicle and shall identify the vehicle to which it is affixed. When so affixed, such permit shall serve in lieu of California registration.

Foreign commercial vehicle permit

4004. Commercial vehicles of nonresidents subject to registration and not entitled to exemption from registration or licensing under any of the provisions of this code or any agreements, arrangements, or declarations made under Article 3 of Chapter 4, commencing at Section 8000, may, if properly registered in a foreign jurisdiction, secure a temporary permit to operate in this State for a period of not to exceed 90 days.

Special permit re disaster relief work

4005. Any vehicle subject to registration may be operated within a disaster area or region for the purpose of assisting in disaster relief work, under a special permit to be issued by the department for such purpose, without the registration of such vehicle.

Said permit shall be issued only if the Department of Public Works or the responsible local authority has determined that the vehicle is necessary for such purpose, and shall be valid only during a period of a state of disaster as proclaimed by the Governor under the provisions of the California Disaster Act.

Vehicle crossing highway

4006. A vehicle which is driven or moved upon a highway only for the purpose of crossing the highway from one property to another in accordance with a permit issued by the Department of Public Works is exempt from registration.

Implements of husbandry

4007. Implements of husbandry which are only incidentally operated or moved over a highway and implements of husbandry listed in Section 350 are exempt from registration.

Trailers hauling implements of husbandry

4008. A trailer owned and used exclusively by a farmer to haul his own implements of husbandry not to exceed 25 miles from the point of origin of the trip is exempt from registration.

Hauled vehicles

4009. A vehicle transported upon a highway, no part of which is in contact with the highway, is exempt from registration.

Special highway construction equipment

4010. Special highway construction equipment and special mobile equipment are exempt from registration.

Wheelchairs

4011. A self-propelled wheelchair or invalid tricycle while being operated by a person who by reason of physical disability is otherwise unable to move about as a pedestrian is exempt from registration.

Cemetery equipment

4012. Any vehicle, implement, or equipment specifically designed for and used exclusively in the maintenance of cemetery grounds, which is only incidentally operated or moved on a highway is exempt from registration.

Forklift trucks

4013. Any forklift truck which is designed primarily for loading and unloading and for stacking materials and is operated upon a highway only for the purpose of transporting products or material across a highway in the loading, unloading or stacking process, and is in no event operated along a highway for a greater distance than one-quarter mile is exempt from registration.

Article 2. Original Registration

Application

4150 Application for the original registration of a vehicle of a type required to be registered under this code shall be made by the owner to the department upon the appropriate form furnished by it and shall contain:

(a) The name and business or residence address of the owner, and of the legal owner, if any.

(b) The name of the county in which the owner resides.

(c) A description of the vehicle, including the following data insofar as it may exist:

(1) The make, model, and type of body.

(2) The number of cylinders.

(3) The motor number or any other identifying number of the vehicle as may be required by the department.

(4) The date first sold by a manufacturer or dealer to a consumer.

(d) Such information as may reasonably be required by the department to enable it to determine whether the vehicle is lawfully entitled to registration.

4151. The department shall not accept an application for the original registration of a vehicle in this State unless the vehicle at the time of application is within this State unless the provisions of Section 4152 are complied with. Vehicle in State

4152. The department may accept an application for registration of a new vehicle which is not within this State when the application is accompanied by an affidavit signed by both the seller and purchaser giving the name and address of each, a description of the vehicle, including a statement of the weight thereof if such vehicle is subject to fees based upon its weight, and a statement that the vehicle is purchased for use in this State and not for immediate resale and that the sales tax or use tax payable in this State has been paid or that report of the sale has been made and payment of the tax arranged for or secured with the proper state authorities. Vehicle outside State

4153. In the event the vehicle to be registered is a specially constructed or a reconstructed vehicle, the application shall also state such fact and contain such additional information as may reasonably be required by the department to enable it properly to register the vehicle. Special vehicles

4154. (a) All applications for registration of carryalls, in which the exemption from the fees prescribed in Section 9400 is sought, shall be accompanied by an affidavit specifying that only the uses specified in Section 9403 will be made of the vehicle. Carryalls

(b) In the event that after registration as provided in Section 5010 the owner desires to use a carryall in a manner other than specified in Section 9403, he shall pay the fees prescribed in Section 9400, reduced as provided in Section 9406, and apply for regular registration.

(c) Operation of any carryall other than as specified in Section 9403 without first paying the fees prescribed by Section 9400 shall be unlawful, and in addition the entire fee, plus a penalty equal to the amount thereof, shall become immediately payable.

4155. Registration under this code shall apply to any vehicle owned by the United States Government, the State, or any city, county, or political subdivision of the State, except in the following particulars: Publicly owned vehicles

(a) A license plate issued for a vehicle while publicly owned need not display the year number for which it is issued, but shall display a distinguishing symbol or letter.

(b) The registration of the vehicle and the registration card issued therefor shall not be renewed annually but shall remain valid until the certificate of ownership is suspended, revoked, or canceled by the department or upon a transfer of any interest shown in the certificate of ownership. If ownership of the vehicle is transferred to any person, the vehicle shall be reregistered as a privately owned vehicle and the special license plates shall be surrendered to the department.

4156. The department in its discretion may grant a temporary permit to operate a vehicle for which application for Temporary permit

registration has been made, where the application is accompanied by the proper fee pending action upon the application by the department.

Undertaking

4157 In the absence of the regularly required supporting evidence of ownership upon application for registration or transfer of a vehicle, the department may accept an undertaking or bond which shall be conditioned to protect the department and all officers and employees thereof and any subsequent purchaser of the vehicle, any person acquiring a lien thereon, or the successor in interest of such purchaser or person against any loss or damage on account of any defect in or undisclosed claim upon the right, title, and interest of the applicant or other person in and to the vehicle.

Recovery on undertaking

4158 Any interested person shall have a right of action to recover on any such bond or undertaking for any breach of the conditions for which the same was deposited, but the aggregate liability of the surety to all such persons shall in no event exceed the amount of the bond. In the event the vehicle is no longer registered in this State and the currently valid certificate of ownership is surrendered to the department, the bond or undertaking shall be returned and surrendered at the end of three years or prior thereto.

Notice of change of address

4159. Whenever any person after making application for the registration of a vehicle required to be registered under this code, or after obtaining registration either as owner or legal owner, moves from the address named in the application or shown upon the certificate of ownership or registration card, such person shall, within 10 days thereafter, notify the department in writing of his old and new address.

Change of address on card

4160. Any registered owner of a vehicle who moves from the address shown upon the registration card issued for the vehicle shall within 10 days mark out the former address shown on the face of the card and with pen and ink write or type the new address on the face of the card immediately below the former address with the initials of the registered owner.

Engine or motor change

4161. Whenever a motor vehicle engine or motor is installed in a motor vehicle subject to registration under this code, except temporarily, the owner of the motor vehicle shall, within 10 days thereafter, give notice to the department upon a form furnished by it containing a description of the motor vehicle engine or motor installed, including the maker's number thereon or the number assigned by the department thereto, and the date of the installation. The owner of the motor vehicle shall also submit to the department with the notice the certificate of ownership and registration card covering the motor vehicle in which the motor vehicle engine or motor is installed and evidence of ownership covering the new or used motor vehicle engine or motor installed and such other documents as may be required by the department.

4162. Notice need not be given upon the installation of a new motor vehicle engine or motor in a new and unregistered motor vehicle. Change in new motor vehicle

4163. The owner of three or more motor vehicles is not required to notify the department or to pay the fee required under Section 9256 when motor vehicle engines or motors owned by him are installed in or transferred between the motor vehicles owned by him until the motor vehicle is sold, transferred, or otherwise disposed of by him. Three or more motor vehicles

4164. In the event that the department as authorized herein registers a motor vehicle, or any class of motor vehicles, or all motor vehicles by reference to an identifying number or numbers and without reference to the motor number or numbers thereof then Section 4161 shall be inoperative and shall have no further force or effect as to the motor vehicles so registered. Class engine or motor changes

4165. The director may adopt and enforce such registration rules and regulations as are necessary and compatible with the public interest with respect to the temporary change of one motor in place of another in any motor vehicle. Change of motors

4166. The department may assign a distinguishing motor number to the motor in a motor vehicle or a special identifying number to a motor vehicle whenever the motor or other identifying number thereon is destroyed or obliterated, and any motor vehicle to which a distinguishing motor or other number is assigned as authorized herein shall be registered under the number so assigned when registration of the motor vehicle is required under this code. New motor or other numbers

Article 3. Registration of Foreign Vehicles

4300. Upon application for registration of a vehicle previously registered outside this State, the application shall be certified by the applicant and shall state that the vehicle previously has been registered outside this State, the time and place of the last registration of such vehicle outside this State, the name and address of the governmental officer, agency, or authority making the registration, and such further information relative to its previous registration as may reasonably be required by the department, including the time and place of original registration, if known, and if different from the last foreign registration. Application

4301. The applicant shall surrender to the department all unexpired license plates, seals, certificates, or other evidence of foreign registration as may be in his possession or under his control. The department may require a certification from the jurisdiction of last registry when the applicant fails to surrender the last issued unexpired license plates. Surrender of plates and documents

4302. Upon application made at the time of their surrender to the department and upon payment of a fee of one dollar ($1), the department shall return the unexpired license plates Disposition of plates

to the official in charge of the registration of motor vehicles in the state of issue of the license plates.

Interstate vehicles

4303. If in the course of interstate operation of a vehicle registered in another state it is desirable to retain registration in such state, the applicant need not surrender the evidence of foreign registration, but shall deliver it to the department for purposes of inspection, and the department upon a proper showing shall register the vehicle in this State, but shall not issue a certificate of ownership for the vehicle.

Effect of foreign certificates of title

4304. Upon application for registration of a vehicle previously registered outside this State, the department shall grant full faith and credit to the currently valid certificate of title describing the vehicle, the ownership thereof, and any liens thereon, issued by the state in which the vehicle was last registered, except that the laws of the state shall provide for the notation upon the certificate of title of any and all liens and encumbrances other than those dependent upon possession.

Validity

4305. In the absence of knowledge by the department that any certificate of title issued by another state is forged, fraudulent, or void, the acceptance thereof by the department shall be a sufficient determination of the genuineness and regularity of the certificate and of the truth of the recitals therein, and no liability shall be incurred by any officer or employee of the department by reason of so accepting a certificate of title.

Foreign liens and encumbrances

4306. In the event a certificate of title issued by another state shows any lien or encumbrance upon the vehicle therein described, then the department upon registering the vehicle in this State and upon issuing a certificate of ownership shall include therein the name of the lienholder as legal owner unless documents submitted with the foreign certificate of title establish that the lien or encumbrance has been fully satisfied.

Title in doubt

4307. In the event application is made in this State for registration of a vehicle and the department is not satisfied as to the ownership of the vehicle or the existence of foreign liens thereon, then the department may register the vehicle and issue a registration card of a distinctive color and license plates but shall withhold issuance of a California certificate of ownership unless the applicant shall present documents as to reasonably satisfy the department of the applicant's ownership of the vehicle and as to any liens thereon or post a bond pursuant to Section 4157.

Return of documents

4308. In the event the department refuses to grant an application for registration in this State of a vehicle previously registered in another state, the department shall immediately return to the applicant all documents submitted by the applicant with the application.

Notice to other states

4309. The department shall forthwith mail a notice of the filing of any application for registration of a vehicle previously registered outside this State to the governmental officer, agency, or authority which made the last registration of the vehicle outside this State. The notice shall contain like data as required on the application filed with the department. This section shall

not apply to applications to register commercial vehicles operating in interstate transportation.

Article 4. Evidences of Registration

Certificate of ownership and registration card

4450. The department upon registering a vehicle shall issue a certificate of ownership to the legal owner and a registration card to the owner, or both to the owner if there is no legal owner of the vehicle.

Contents of certificate

4451. The certificate of ownership shall contain:

(a) Not less than the information required upon the face of the registration card.

(b) Provision for notice to the department of a transfer of the title or interest of the owner or legal owner.

(c) Provision for application for transfer of registration by the transferee.

(d) Certificates of ownership issued by the department for the year 1958 and subsequent years shall contain provision for a statement by the transferor, other than the legal owner, to the effect that the proposed transfer of title or other interest in the motor vehicle is not in violation of the provisions of Article 5 (commencing with Section 16100), Chapter 1, Division 7 of this code.

Certificate of ownership without registration

4452. The department may issue a certificate of ownership to the legal owner of a vehicle subject to registration under this code without requiring registration, and may issue a facsimile copy of the certificate to the owner if there is no legal owner, subject to the following conditions:

(a) The application shall be submitted in proper form.

(b) An affidavit of the owner shall be filed with the department that the vehicle has not been driven or moved upon any public highway so as to require payment of fees and that the owner will not thereafter permit such operation or movement of the vehicle without surrendering or arranging to surrender the certificate of ownership to the department and without first making application for regular registration of such vehicle and full payment of all fees required to be paid for such operation or movement of the vehicle under this code and Part 5 of Division 2 of the Revenue and Taxation Code, commencing at Section 10701.

(c) The provisions of this section shall not be construed to permit the issuance of a certificate of ownership or a facsimile copy thereof for any vehicle exempted from payment of registration fees as provided in this code or of those fees specified in Part 5 of Division 2 of the Revenue and Taxation Code, commencing at Section 10701.

Contents of registration card

4453. The registration card shall contain upon the face thereof the date issued, the name and address of the owner and of the legal owner, if any, the registration number assigned to the vehicle, and a description of the vehicle as complete as that required in the application for registration of the vehicle.

The director may modify the form, arrangement, and information appearing on the face of the registration card

whenever he finds that the efficiency of the department will be promoted thereby.

Signature and display of registration card

4454. (a) Every owner upon receipt of a registration card shall write his signature thereon in ink in the space provided and shall place and thereafter maintain the same or a facsimile copy thereof in a suitable container and shall securely fasten the container and card in the driver's compartment of the vehicle for which issued in a position so that at least that portion of the registration card, or facsimile copy thereof, containing the name and address of the registered owner and the license number of the vehicle shall be plainly visible and legible from the outside of the vehicle or, if the vehicle has no driver's compartment, shall be fastened in plain sight upon, or carried in some receptacle attached to the vehicle. In the case of commercial vehicles, the registration card may be carried in a receptacle readable from the outside, which shall be attached to the right door or splash apron of the truck or tractor or to the right side near the front of the trailer unit or units.

(b) The provisions of this section do not apply when a registration card is necessarily removed from the vehicle for which issued for the purpose of application for renewal thereof or a transfer of registration of the vehicle or to any pole or pipe dolly or auxiliary dolly.

Foreign permit

4455. Any permit issued under Section 4004 shall be carried in the vehicle for which issued at all times while it is being operated in this State.

Duplicate dealer's report of sale

4456. The department may authorize dealers certificated under Section 8404 to issue a duplicate copy of the dealer's report of sale form distributed by the department for display on the windshield of a vehicle sold by the dealer. When used pursuant to rules and regulations of the department, the vehicle upon which the duplicate copy of the report of sale is displayed may be operated for a period not to exceed 10 days without the card permit or plates provided for herein, except that where the registration fees have been paid to the department within the 10-day period the vehicle may be operated on the duplicate copy of the report of sale as provided herein until such time as license plates have been received from the department. The dealer shall, as a penalty to the State, forfeit three dollars ($3) for each duplicate report of sale used by him contrary to the provisions of this section or affixed by him to a vehicle other than that for which issued.

Stolen, loss or damaged cards and plates

4457. If any registration card or license plate is stolen, lost, mutilated, or illegible, the owner of the vehicle for which the same was issued, as shown by the records of the department, shall immediately make application for and may, upon the applicant furnishing information satisfactory to the department, obtain a duplicate or a substitute or a new registration under a new registration number, as determined to be most advisable by the department.

4458. If both license plates have been lost by or stolen from the registered owner, he shall immediately notify the police department or sheriff's office of the city or county in which he resides and he shall immediately apply to the department for new plates in lieu of the plates stolen or lost and the department shall in every proper case, except in the case of plates which are exempt from fees, issue a pair of license plates of a different number and assign the registration number to the vehicle for which the plates are issued.

Both plates lost or stolen

4459. If any certificate of ownership is stolen, lost, mutilated or illegible, the legal owner or, if none, then the owner of the vehicle for which the same was issued as shown by the records of the department shall immediately make application for and may, upon the applicant furnishing information satisfactory to the department, obtain a duplicate.

Stolen, lost or damaged certificate

4460. The Department of Motor Vehicles and the Department of the California Highway Patrol may take possession of any certificate, card, permit, license, or license plate issued under this code upon expiration, revocation, cancellation, or suspension thereof or which is fictitious or which has been unlawfully or erroneously issued. Either department may seize any license plate which is not attached to the vehicle for which issued, when and in the manner required under this code, and may attach or require the plate to be attached to the proper vehicle.

Seizure of documents and plates

The commissioner shall deliver to the Department of Motor Vehicles any such document or license plate seized by the Department of the California Highway Patrol.

4461. No person shall lend any certificate of ownership, registration card, license plate, special plate, or permit issued to him if the person desiring to borrow the same would not be entitled to the use thereof nor shall any person knowingly permit the use of any of the same by one not entitled thereto.

Improper use of evidences of registration

4462. No person shall display upon a vehicle any registration card, license plate, or permit not issued for such vehicle or not otherwise lawfully used thereon under this code.

Improper display

4463. Every person who, with intent to defraud, alters, forges, counterfeits, or falsifies any certificate of ownership, registration card, certificate, license or special plate or permit provided for by this code or who alters, forges, counterfeits, or falsifies any such document or plate with intent to represent the same as issued by the department or who alters, forges, counterfeits, or falsifies with fraudulent intent any endorsement of transfer on a certificate of ownership, or who with fraudulent intent displays or causes or permits to be displayed or have in his possession any canceled, suspended, revoked, altered, forged, counterfeit, or false certificate of ownership, registration card, certificate, license or special plate or permit provided for by this code or who utters, publishes, passes, or attempts to pass, as true and genuine, any of the above named false, altered, forged, or counterfeited matters knowing the same to be false, altered, forged, or counterfeited with intent

False evidences of registration

to prejudice, damage, or defraud any person is guilty of a felony and upon conviction thereof shall be punished by imprisonment in the state prison for not less than one year or more than 14 years, or in the county jail for not more than one year.

Article 5. Renewal of Registration

Certificates of ownership

4600. Certificates of ownership shall not be renewed annually but shall remain valid until suspended, revoked, or canceled by the department for cause or upon a transfer of any interest shown therein.

Expiration and renewal

4601. Except as otherwise provided in this code, every vehicle registration and registration card shall expire at midnight on the thirty-first day of December of each year and shall be renewed annually. The department may upon payment of the proper fees renew the registration of vehicles.

Application for renewal

4602. Application for renewal of a vehicle registration expiring on the thirty-first day of December shall be made by the owner between January 1st and midnight of February 4th succeeding the expiration date and shall be made by presentation of the registration card last issued for the vehicle or by presentation of a potential registration card issued by the department for use at the time of renewal and by payment of the full annual fee for the vehicle as provided in this code.

Extension of renewal period

4603. Whenever in his opinion the interests of the State will be promoted thereby, the director with the approval of the Governor may extend for a period not to exceed 10 days the closing of the period during which applications for renewal of registration may be presented without the payment of penalties.

Nonoperated vehicles

4604. When the registration of a vehicle has expired at midnight on the thirty-first day of December of any year and the vehicle is not thereafter operated upon the highways, then any application for renewal made subsequent to the fourth day of February following the expiration of the registration and for succeeding calendar years in which the vehicle has not been registered shall be accompanied by a certificate of nonoperation. The application for renewal of registration, whether or not accompanied by an application for transfer of any title or interest therein, shall be received by the department upon payment of the proper fees for the current calendar year and without penalty for delinquent payment of fees imposed under this code or under Part 5 of Division 2 of the Revenue and Taxation Code, commencing at Section 10701; provided, that the department receives the application and certificate of nonoperation within 30 days after the date the vehicle is first operated during the current calendar year.

Stolen or embezzled vehicles

4605. Whenever by reason of the theft or embezzlement of a vehicle the owner or legal owner is not in possession of the vehicle at the time penalties accrue for failure to obtain annual renewal of registration, the owner or legal owner may secure the reregistration of the vehicle within 30 days after its re-

covery upon filing an affidavit setting forth the circumstances of the theft or embezzlement, if the theft or embezzlement of the vehicle has been reported pursuant to the provisions of this code, without penalty for delinquent payment of fees imposed under this code or under Part 5 of Division 2 of the Revenue and Taxation Code, commencing at Section 10701.

Operation pending renewal

4606. When application for renewal of registration of a vehicle has been made as required in Section 4602, the vehicle may be operated on the highways until the new indicia of current registration have been received from the department upon condition that there be displayed on the vehicle the license plates and validating devices, if any, issued to the vehicle for the previous year.

New card

4607. The department, upon renewing a registration, shall issue a new registration card to the owner as upon an original registration.

Validation of card

4608. In lieu of issuing a new registration card the department may endorse or authorize the endorsement of a receipt or validation upon payment of the required fees, the receipt or validation to be stamped upon the registration card last issued for the vehicle during the preceding registration year, or upon a potential registration card issued near the close of the preceding year, which registration card so endorsed or validated shall constitute the registration card for the ensuing registration year.

Plates, issuance of series

4609. The department may extend the life of the current series of license plates, outstanding during 1957, and may hereafter issue a new series of license plates for an indefinite period of time, but in no event for a period less than five (5) years During each intervening year of the period for which the plates are issued, the department shall issue a tab, sticker, or other suitable device as herein provided.

Any such series of plates may be canceled by the director with the approval of the Governor at any time after five years from the year of issuance of such series.

Motor clubs

4610. The department may authorize an endorsement of a receipt or the validation of a registration card or potential registration card as provided in this code by a person or organization holding a certificate of authority issued under the provisions of Part 5 of Division 2 of the Insurance Code, commencing at Section 12140.

Article 6. Refusal of Registration

Grounds requiring refusal

4750. The department shall refuse registration or renewal or transfer of registration upon either of the following grounds:

(a) That the application contains any false or fraudulent statement.

(b) That the required fee has not been paid.

Grounds permitting refusal

4751. The department may refuse registration or the renewal or transfer of registration of a vehicle in any of the following events:

(a) If the department is satisfied that the applicant is not entitled thereto under this code.

(b) If the applicant has failed to furnish the department with information required in the application or reasonable additional information required by the department.

(c) If the department determines that the applicant has made or permitted unlawful use of any registration certificate, certificate of ownership, or license plates.

(d) If the vehicle is mechanically unfit or unsafe to be operated or moved on the highways.

(e) If the department determines that a manufacturer or dealer has failed during the current or previous year to comply with the provisions of this code relating to the giving of notice to the department of the transfer of a vehicle during the current or previous year.

Article 7. License Plates

Issuance

4850. The department upon registering a vehicle shall issue to the owner two suitable license plates or devices for a motor vehicle, other than a motorcycle, and one suitable license plate or device for all other vehicles required to be registered under this code. The plates or devices shall identify the vehicles for which they are issued for the period of their validity.

Display

4851. Every license plate shall have displayed upon it the registration number assigned to the vehicle for which it is issued, together with the word "California" or the abbreviation "Cal." and the year number for which it is issued or a suitable device issued by the department for validation purposes, which device shall contain the year number for which issued

Size

4852. License plates issued for motor vehicles, other than motorcycles, shall be rectangular in shape, 12 inches in length and six inches in width.

Devices in lieu of plates

4853. The department may issue one or more stickers, tabs, or other suitable devices in lieu of the license plates provided for under this code. Except where the physical differences between the stickers, tabs, or devices and license plates by their nature render the provisions of this code inapplicable, all provisions of this code relating to license plates shall apply to stickers, tabs, or devices.

Article 8. Special Plates

Special series plates

5000. License plates issued for trailers, semitrailers, motor-driven cycles, and pole and pipe dollies, and such vehicles as are exempt from the payment of registration fees under this code shall display suitable distinguishing marks or symbols, and the registration numbers assigned to each class of vehicles

shall run in a separate numerical series, except that registration numbers assigned to vehicles exempt from the payment of registration fees may run in several separate numerical series.

Regular series plates for law enforcement vehicles

5001. The department may issue license plates for vehicles exempt from registration fees in the same series as plates issued for nonexempt vehicles. The plates may be issued for a period not extending beyond the then current calendar year and only upon the certification of the Attorney General that the issuance of the plates has been requested by the head of a law enforcement agency of a city, county, or state or federal department, that the vehicle is assigned to the duty of investigating actual or suspected violations of the law or the supervision of persons liberated from a state prison or other institution under the jurisdiction of the Department of Corrections by parole, and is intended for the use in line of duty of regularly employed law enforcement officers of a city, county, or state or federal department.

Plates re vehicles in motor pools

5002. The department may issue regular series plates to the Department of Finance for use on motor vehicles maintained within motor vehicle pools of state-owned vehicles when the vehicles are used for the purposes set forth in Section 5001, except that the Department of Finance shall not assign, dispatch, or otherwise make any such vehicle available for use by any agency of the State except upon the certification of the Attorney General.

Records of law enforcement vehicles

5003. The department shall maintain a record of the registration of exempt vehicles with regular series plates, which record shall not be open to public inspection. The record shall be disclosed in the event of any accident involving a vehicle so registered on demand of the Attorney General or upon an order of court.

Vehicles of historic value

5004. Notwithstanding any other provision of this code, any owner of a motor vehicle manufactured in the year 1922 or prior thereto, operated or moved over the highway primarily for the purpose of historical exhibition or other similar purpose shall, upon application in the manner and at the time prescribed by the department, be issued special license plates for the motor vehicle in lieu of the regular license plates. In addition to the payment of all other fees required by law, the applicant shall pay such fee for the issuance of the special license plates as may be prescribed by the department. The registration numbers and special license plates assigned to such motor vehicles shall run in a separate numerical series, commencing with "Horseless Carriage No. 1" and the plates shall be of a distinguishing color.

Amateur radio station licensees

5005. Any person holding an unexpired amateur radio station license, other than a novice station license, issued by the Federal Communications Commission may, at the time he makes application for an original or a renewal registration, also apply directly to the department for special license plates, to be affixed to the vehicle for which registration is sought, on which, in lieu of the numbers otherwise prescribed by law,

shall be inscribed the official amateur radio station call letters of the applicant as assigned by the Federal Communications Commission.

The applicant shall by satisfactory proof show that he is the holder of an unexpired license, and, in addition to the regular annual registration fee, may be charged an annual fee not exceeding three dollars ($3) for each set of plates so issued.

Issuance of amateur radio plates

5006. After the requirements for the registration of the vehicle have been complied with, the department shall issue such plates in lieu of the regular license plates. The department shall not issue more than one set of special plates for any licensed amateur radio station.

Information to police

5007. The department shall, on or before the first day of August of each year, furnish to the sheriff of each county and the chief of police of each city in the State an alphabetically arranged list of the names, addresses, and license plate letters of each person to whom amateur radio license plates are issued, and the sheriffs and chiefs of police shall maintain and keep current such lists for public information and inquiry, particularly in relation to public emergencies.

Press photographers

5008. Any person who is regularly employed or engaged as a bona fide newspaper, newsreel, or television photographer or cameraman, may, at the time he makes application for an original or renewal registration of a vehicle required to be registered, also apply for special license plates, to be affixed to the vehicle for which registration is sought, on which, in addition to the numbers otherwise prescribed by law, shall be inscribed the letters "PP" enclosed by a shield.

The applicant shall by satisfactory proof show that he is a bona fide newspaper, newsreel, or television photographer or cameraman, and, in addition to the regular annual registration fee, may be charged an annual fee not exceeding three dollars ($3) for each set of plates so issued.

Same License plates

5009. After the requirements for the registration of the vehicle have been complied with, the department shall issue such plates in lieu of the regular license plates. The department shall not issue more than one set of such special plates to any person.

Carryalls

5010. The department may issue a special type of registration plate for carryalls.

Special highway construction equipment

5011. Every piece of special highway construction equipment shall display an identification plate attached thereto.

Special mobile equipment

5012. The owner or authorized operator of any special mobile equipment may obtain an identification plate for the equipment.

Implement of husbandry

5013. Any person who owns an implement of husbandry which is exempt from registration may obtain an identification plate for the implement.

Information in application

5014. An application for an identification plate for special highway construction or mobile equipment or implements of husbandry shall include the following:

(a) A statement by the owner of the use or uses which he intends to make of the equipment or implement.

(b) A description of the vehicle, including any distinctive marks or features.

(c) A photograph of the vehicle.

(d) Such other information as may reasonably be required by the department to determine whether the applicant is entitled to be issued an identification plate.

When identification plates are to be obtained for more than one piece of equipment or implement, each of which is of the same identical type, only one photograph of one piece shall be required to be attached to the application.

Application prior to movement

5015. The application for an identification plate for special highway construction equipment shall be made before any such piece of equipment is moved over the highway.

Identification plates and cards

5016. Upon proper application and payment of the service charge, the department shall issue an identification plate and an identification card for the piece of equipment for which application is made.

Same Use

5017. Each identification plate issued under this section shall bear a distinctive number to identify the equipment for which it is issued. The owner, upon being issued a plate, shall attach it to the equipment for which it is issued and shall display the identification card issued by the department as provided by Section 4454. It shall be unlawful for any person to attach or use the plate upon any other equipment or vehicle. If the equipment is destroyed or the ownership thereof transferred to another person, the person to whom the plate was issued shall first remove the plate and, within 10 days after removing the plate, return it to the department, together with a notice, on a form approved by the department, that the equipment has been destroyed or the ownership thereof transferred to another person.

Cotton trailers

5018. Cotton trailers exempt from registration shall obtain and display a special identification plate provided for implements of husbandry, except that the service charge shall be ten dollars ($10) and the photograph provisions are waived. Such plate shall be renewed every five years by application and payment of the ten dollar ($10) service charge.

Article 9. Display of Plates, Tabs, and Stickers

Display

5200. When two license plates are issued by the department for a vehicle, they shall be attached to the vehicle for which they were issued, one in the front and the other in the rear. When one license plate is issued for use upon a vehicle, it shall be attached to the rear thereof.

Position

5201. License plates shall at all times be securely fastened to the vehicle for which they are issued so as to prevent the plates from swinging and shall be mounted not less than 12 inches nor more than 60 inches from the ground in a position to be clearly visible, and no covering shall be used on license

plates which is not of a type approved by the California Highway Patrol.

Period of display

5202. Every license plate issued by this State or any other jurisdiction within or without the United States shall remain attached during the period of its validity to the vehicle for which it is issued while being operated within this State or during the time the vehicle is being held for sale in this State, or until such time as a vehicle with special or identification plates is no longer entitled to such plates and no person shall operate, nor shall an owner knowingly permit to be operated, upon any highway any vehicle unless the license plate is so attached. Special permits issued in lieu of plates shall be attached and displayed on the vehicle for which issued during the period of their validity.

Surrender and removal

5203. This chapter does not apply to plates which the department pursuant to law has ordered to be surrendered, transferred to another vehicle, or removed.

Tabs

5204. Tabs shall indicate the year number for which issued, which tab, sticker, or other suitable device shall be attached to the rear license plate issued for the vehicle for the last preceding calendar year in which license plates were issued, and, when so attached, the license plates with such tab shall for the purposes of this code be deemed to be the license plates for the ensuing registration year.

Stickers

5205. The department may make appropriate rules and regulations for the use and display of stickers or devices issued in lieu of license plates, and shall publish a summary thereof.

Quarterly certificates or insignia

5206. Vehicles for which weight fees are paid on the quarterly basis shall display a certificate or insignia issued by the department, which shall state the quarter for which the vehicle is licensed.

Article 10. Registration of Trailer Coaches

Provisions applicable

5350. The provisions of this division shall apply to trailer coaches except as otherwise provided in this chapter.

Exceptions

5351. Sections 4452, 4604, 5904, 6052, and 9254, and subdivision (a) of Section 9552 do not apply to the registration or renewal of registration of any trailer coach.

Registration

5352. Subject to the exemptions stated in Section 5353, registration of any trailer coach in this State is required annually.

Exemptions

5353. The registration provisions of this chapter shall not apply to any of the following:

(a) Any trailer coach which is driven or moved upon a highway in conformance with the provisions of this code relating to dealers, manufacturers, transporters, or nonresidents or under a temporary permit issued by the department as authorized by Section 4156 hereof or under a one-trip permit issued by the department as authorized by Section 4003 when such permit is issued to a nonresident.

(b) Any unoccupied trailer coach which is part of an inventory of trailer coaches held for sale by a manufacturer or dealer in the course of his business.

5354. The registration of a foreign trailer coach owned by a nonresident shall be subject to and governed by Section 6700, except that any trailer coach shall not be exempt from registration after the expiration of the valid home state license plate on the trailer coach at the time the trailer coach last entered this State. Nonresident owner exemption

CHAPTER 2. TRANSFERS OF TITLE OR INTEREST

Article 1. Procedure to Transfer

5600. No transfer of the title or any interest in or to a vehicle registered under this code shall pass, and any attempted transfer shall not be effective, until the parties thereto have fulfilled either of the following requirements: Requirements

(a) The transferor has made proper endorsement and delivery of the certificate of ownership and delivery of the registration card to the transferee as provided in this code and the transferee has delivered to the department or has placed the certificate and card in the United States mail addressed to the department when and as required under this code with the proper transfer fee and thereby makes application for a transfer of registration except as otherwise provided in Sections 5905, 5906, 5907, and 5908.

(b) The transferor has delivered to the department or has placed in the United States mail addressed to the department the appropriate documents for the registration or transfer of registration of the vehicle pursuant to the sale or transfer except as provided in Section 5602.

5601. Section 5600 does not apply to involuntary transfers, as upon repossession by a vendor under a conditional contract of sale, or to transfers involving chattel mortgage liens subject to Chapter 3, commencing at Section 6300. Involuntary transfer

5602. An owner who has made a bona fide sale or transfer of a vehicle and has delivered possession thereof to a purchaser shall not by reason of any of the provisions of this code be deemed the owner of the vehicle so as to be subject to civil liability for the operation of the vehicle thereafter by another when the owner in addition to the foregoing has fulfilled either of the following requirements: Requirements for releasing liability

(a) When he has made proper endorsement and delivery of the certificate of ownership and delivered the certificate of registration as provided in this code.

(b) When he has delivered to the department or has placed in the United States mail, addressed to the department, either the notice as provided in Section 5900 or Section 5901 or appropriate documents for registration of the vehicle pursuant to the sale or transfer.

Transfer by legal owner

5603. A legal owner may assign his title or interest in or to a vehicle registered under this code to a person other than the owner without the consent of and without affecting the interest of the owner.

Notification of insurance coverage

5604. Every dealer who, upon transferring by sale, lease, or otherwise, any new or used vehicle of a type subject to registration, requires the transferee to insure the vehicle, and every lending agency which, as the holder of any security interest in any such vehicle, requires its obligor to insure the vehicle, shall, if the required insurance policy is obtained by the dealer or lending agency and the policy does not insure the transferee or obligor against damages resulting from the ownership or operation of the vehicle arising by reason of personal injury to or the death of any person, or from injury to property, notify the transferee or obligor of such fact in writing on a document other than the insurance policy, but the notice need not be given if the insurance is obtained by the dealer or lending agency because of the failure or refusal of the transferee or obligor to furnish insurance or to renew insurance in accordance with the terms of the contract of sale, encumbrance, or other loan agreement.

Article 2. Endorsement and Delivery of Documents

Transfer by legal owner

5750. Upon transfer of the title or any interest of the legal owner or owner in a vehicle registered under this code, the transferor shall write his signature, and the transferee shall write his signature and address, in the appropriate spaces provided upon the reverse side of the certificate of ownership issued for the vehicle.

Transfer by registered owner

5751. Upon transfer of the title or interest of the registered owner only in a vehicle registered under this code, the registered owner shall write his signature and address and the transferee shall write his signature and address in the appropriate spaces provided on the reverse side of the certificate of ownership for the vehicle, and the legal owner shall write his signature in the space provided for the new legal owner indicating that he is to retain his legal title and interest.

Endorsement when certificate unavailable

5752. When the required certificate of ownership is lost, stolen, damaged, or mutilated, application for transfer may be made upon a form provided by the department for a duplicate certificate of ownership. The transferor shall write his signature and address in the appropriate spaces provided upon the reverse side of the application and file the same together with the proper fees for duplicate certificate of ownership and transfer.

Delivery of certificate and card

5753. It is unlawful for any person to fail or neglect properly to endorse, date, and deliver the certificate of ownership and, when having possession, to deliver the registration card to a transferee who is lawfully entitled to a transfer of registration.

Article 3. Notice and Application

5900. Whenever the owner of a vehicle registered under this code sells or transfers his title or interest in, and delivers the possession of, the vehicle to another, the owner shall immediately notify the department of the sale or transfer giving the date thereof, the name and address of the owner and of the transferee and such description of the vehicle as may be required in the appropriate form provided for such purpose by the department. Notice by owners

5901. Every dealer upon transferring by sale, lease or otherwise any vehicle, whether new or used, of a type subject to registration under this code, shall, not later than the end of the next business day of the dealer, give written notice of the transfer to the department upon an appropriate form provided by it, but a dealer need not give the notice when selling or transferring a new unregistered vehicle to another dealer. Notice by dealers

5902. Whenever any person has received as transferee a properly endorsed certificate of ownership and the registration card of the vehicle described in the certificate and card, he shall within 10 days thereafter forward the certificate and card with the proper transfer fee to the department and thereby make application for a transfer of registration. Application for transfer

5903. Whenever any application for transfer is filed with the department between December 1st and February 4th, inclusive, the application for transfer shall be accompanied by the full annual renewal fees in addition to any other fees then due and payable. Renewal fees payable on transfer

5904. Whenever the ownership of any vehicle for which a certificate of ownership has been issued without registration under Section 4452 is transferred, an application for transfer shall be made as provided in this part. Application for vehicle not registered

5905. When a chattel mortgage or conditional sale contract describing a registered vehicle is satisfied, canceled, or released by the parties thereto duly registered as owner and legal owner respectively and thereafter within a period of 10 days a new chattel mortgage encumbering the vehicle is executed between the same parties, no application for transfer of registration by reason thereof shall be made and no new certificate of ownership or registration card shall be issued, and all provisions of this code relating to transfers of any title or interest in a vehicle and the registration of the transfers shall be deemed to have been fully complied with. Continuance of liens

5906. When the transferee of a vehicle is a dealer who holds the same for resale and operates or moves the same upon the highways under special plates, the dealer is not required to make application for transfer, but upon transferring his title or interest to another person he shall comply with this division. Operation without transfer

Trust receipts

5907. The transferee of a security interest in a registered vehicle pursuant to a trust receipt transaction, as defined in the Uniform Trust Receipts Law, commencing at Section 3012 of the Civil Code, who has possession of the certificate of ownership issued for such vehicle, if the certificate of ownership has been issued, need not make application for a transfer of registration and the Uniform Trust Receipts Law shall exclusively control the validity of the transferee's security interest.

Security interests

5908. The transferee of a security interest in the interest of a legal owner of a registered vehicle need not make application for a transfer of registration when the security interest arises from a pledge of a conditional sale contract, lease agreement, or chattel mortgage by the legal owner to the transferee.

Involuntary transfers

5909. (a) Whenever the title or interest of any owner or legal owner in or to a vehicle registered under this code passes to another otherwise than by voluntary transfer the new owner or legal owner may obtain a transfer of registration upon application therefor and upon presentation of the last certificate of ownership and registration card issued for the vehicle, if available, and any instruments or documents of authority or certified copies thereof as may be required by the department, or required by law, to evidence or effect a transfer of title or interest in or to chattels in such case.

(b) The department when satisfied of the genuineness and regularity of the transfer shall give notice by mail to the owner and legal owner of the vehicle as shown by the records of the department and five days after the giving of the notice, if still satisfied of the genuineness and regularity of such transfer, shall transfer the registration of the vehicle accordingly.

Transfer without probate

5910. Upon the death of an owner or legal owner of any vehicles registered under this code without the decedent leaving other property necessitating probate, the surviving husband or wife or other heir in the order named in Section 630 of the Probate Code, unless the vehicle is by will otherwise bequeathed, and irrespective of the value of the vehicle, may secure a transfer of registration of the title or interest of the deceased upon presenting to the department the appropriate certificate of ownership and registration card, if available, and a certified statement of the person setting forth the fact of survivorship or heirship, and the names and addresses of any other heirs, and, if required by the department, a certificate of the death of the deceased together with a statement that there are no creditors of the deceased or, if so, that the creditors of the deceased have been paid in full or the claims have been otherwise discharged.

Transfer when certificate or card unavailable

5911. Whenever application is made to the department for a transfer of registration of a vehicle to a new owner or legal owner and the applicant is unable to present the certificate of

ownership or registration card issued for the vehicle by reason of the same being lost or otherwise not available, the department may receive the application and examine into the circumstances of the case and may require the filing of affidavits or other information, and when the department is satisfied that the applicant is entitled to a transfer of registration, the department may transfer the registration of the vehicle, or reregister the vehicle under a new registration number, and issue a new certificate of ownership and registration card to the person or persons found to be entitled thereto.

Card held by department

5912. Whenever application is made to the department for a transfer of registration of a vehicle to a new owner or legal owner and the applicant is unable to present the registration card issued for the vehicle by reason of the same being in the possession of the department upon an application for renewal of registration, the department may transfer the registration of such vehicle upon production of the properly endorsed certificate of ownership to the vehicle and a temporary receipt upon a form prescribed by the department and containing such information as the department shall deem necessary, including, but not limited to, the license number assigned to the vehicle for the ensuing year, the amount of the fees payable upon renewal of registration, and the motor number of the vehicle.

Article 4. Transfer by Department

Transfer Registration

6050. The department upon receipt of a properly endorsed certificate of ownership, the proper registration card, and the required fee shall reregister the vehicle under its registration number in the name of the new owner and new legal owner, if any, and shall issue a new registration card and certificate of ownership as provided upon an original registration.

Same Under regular applications

6051. If the application for a transfer is made in the manner provided in this code the department shall not be required to withhold the transfer of any right, title, or interest in or to a vehicle if the application on its face appears to be genuine and regular and the department has received neither a request from any law enforcement agency that action on the application be deferred nor an order of a court of the United States or of the State of California restraining the transfer within two years prior thereto.

Same Vehicle not registered

6052. When application is made for transfer of the ownership of a vehicle for which a certificate of ownership has been issued without registration, upon payment of registration, transfer, and other fees required by law, the department shall issue the usual certificate of ownership and registration card unless the vehicle is not to be operated on the highways and the new owner submits an affidavit satisfactory to the department as to those facts required by subdivision (b) of Section 4452, in which case the new certificate of title and facsimile thereof may be issued as provided for in that section.

CHAPTER 3. FILING INSTRUMENTS EVIDENCING LIENS OR ENCUMBRANCES

Recording of chattel mortgage

6300. (a) No chattel mortgage on any vehicle registered under this code, irrespective of whether such registration was effected prior or subsequent to the execution of such mortgage is valid as against creditors or subsequent purchasers or encumbrancers until the mortgagee or his successor or assignee has deposited with the department, at its office in Sacramento, or at any other office as may be designated by the director, a properly endorsed certificate of ownership to the vehicle subject to the mortgage showing the chattel mortgagee as legal owner if the vehicle is then registered under this code, or, if the vehicle is not so registered, an application in usual form for an original registration, together with an application for registration of the chattel mortgagee as legal owner, and upon payment of the fees as provided in this code.

(b) Deposit of a certificate within 30 days after the date of a mortgage shall be deemed a deposit within a reasonable time.

Constructive notice of mortgage

6301. When the chattel mortgagee, his successor or assignee, has deposited with the department a properly endorsed certificate of ownership showing the mortgagee as legal owner or an application in usual form for an original registration, together with an application for registration of the chattel mortgagee as legal owner, the deposit constitutes constructive notice of the mortgage to creditors and subsequent purchasers and encumbrancers, but the mortgaged vehicle shall be subject to a lien for services and materials as provided in Chapter 6.5 of Title 14 of Part 4 of Division 3 of the Civil Code, commencing at Section 3068.

Mortgagee as legal owner

6302. Upon the deposit of an application for registration of a chattel mortgagee as legal owner and upon the payment of the fees as provided in this code, the department shall register the mortgagee, his successor or assignee as legal owner in the manner provided for the registration of motor vehicles under the provisions of this part.

Exclusive means of notice

6303. The method provided in this part for giving constructive notice of a chattel mortgage on a vehicle registered under this code is exclusive, the execution of the chattel mortgage need not be acknowledged or proved and certified, and any such chattel mortgage is excepted from the provisions of Sections 2957, 2959a, 2965 and 2966 of the Civil Code.

CHAPTER 4. PERMITS TO NONRESIDENT OWNERS

Article 1. Exemption of Nonresidents

Exemption

6700. A nonresident owner of a foreign vehicle of a type otherwise subject to registration under this code may, subject to exceptions and special provisions contained in this chapter, operate or permit the operation of the vehicle within this State

without registering the vehicle in, or paying any fees to, this State, subject to the condition that the vehicle at all times when operated in this State is duly registered in, and displays upon it valid license plates issued for the vehicle in, the place of residence of the owner.

Same Persons in military service

6701. Any nonresident owner of a foreign vehicle who is a member of the armed forces of the United States on active duty within this State shall be entitled to the exemption granted under Section 6700 under the conditions therein set forth. Any member of the Armed Forces, whether a resident or nonresident, shall also be entitled to exemption from registration in respect to a vehicle owned by him upon which there is displayed a valid license plate issued for the vehicle in a state where the presence of the owner was required by military orders at the time the license plate was issued.

Gainful employment

6702. Any nonresident owner of a vehicle of a type subject to registration in this State who, while temporarily living within this State, accepts gainful employment within this State shall be entitled to the exemption granted under Section 6700, but only until the expiration of the valid home state license plates on the vehicle at the time the nonresident accepted gainful employment within this State.

Resident exemption

6703. Any nonresident owner of a vehicle of a type subject to registration under this code who becomes a legal resident of this State shall be entitled to the exemption granted under Section 6700, but only until the expiration of the valid home state license plates on the vehicle at the time the owner became a resident of this State.

Established place of business in this State

6704. Every nonresident, including any foreign corporation, having an established place of business within this State and owning and regularly operating in the business any vehicle of a type subject to registration under this code shall register the vehicle under this code.

Article 2. Foreign Commercial Vehicles

Registration

6850. A nonresident owner of any foreign commercial vehicle shall register the vehicle in this State and pay the fees applicable thereto under this code except as provided in this article and Article 3, commencing at Section 8000, and except in the event the vehicle is lawfully registered as a private passenger vehicle in foreign jurisdiction in which the owner has his residence.

Leased semitrailers

6851. Any vehicle which is a two-wheel semitrailer offered for short-term lease to operators of private motor vehicles for the purpose of transporting the lessee's personal property and does not exceed (a) a maximum unladen weight of 1,000 pounds, (b) a maximum gross vehicular weight of 2,500 pounds, (c) a maximum outside width of 80 inches, and (d) a maximum loading area of 48 square feet, and is owned by a nonresident owner is exempt from registration and regis-

tration fees if the vehicle is registered in foreign jurisdiction in which the owner has his residence.

Reciprocity

6852. The nonresident owner of a foreign vehicle shall be granted such privileges and freedom from registration and payment of fees imposed by this code, or Part 5 of Division 2 of the Revenue and Taxation Code, commencing at Section 10701, as the foreign jurisdiction in which the foreign commercial vehicle is registered or licensed grants to like vehicles registered under this code or as provided in agreements, arrangements, or declarations made under Article 3, commencing at Section 8000.

Vehicles leased for use in this State

6853. Any vehicle owned by a nonresident owner not registered under this code, which vehicle is leased or rented to a user having an established place of business or residence in this State, for use on the highways of this State shall be subject to registration either by the owner or lessee of the vehicle, unless the vehicle is exempted from registration by the provisions of this division or under any agreement, arrangement, or declaration made pursuant to Article 3, commencing at Section 8000.

Exemptions in effect January 1, 1955

6854. Any foreign commercial vehicle, or vehicle leased or rented as described in Section 6853, which on January 1, 1955, was considered exempt from registration and the payment of fees imposed by this code or by Part 5 of Division 2 of the Revenue and Taxation Code, commencing at Section 10701, shall be considered to be so exempted, except as the reciprocal privileges herein continued may hereafter be affected by revision of the laws of this State or any foreign jurisdiction, irrespective of any determination made after January 1, 1955, that any such vehicle was not so exempted under Section 6851, 6852 or 6853.

Article 3. Reciprocity

Reciprocity agreements, etc.

8000. The Reciprocity Commission may enter into agreements or arrangements with duly authorized representatives of any foreign jurisdiction, provinces or country granting exemption to owners of or persons entitled to the possession of or right to operate commercial vehicles which are properly registered or licensed or for which fees have been paid in such jurisdictions, and upon which evidence of registration or payment of fees is conspicuously displayed, from the payment, wholly or partially, of any vehicle license, registration, or weight fees imposed under this code and Part 5 of Division 2 of the Revenue and Taxation Code, commencing at Section 10701.

Required provisions

8001. Such agreements or arrangements shall contain provisions by which owners of or persons entitled to the possession of or right to operate any commercial vehicles registered or licensed or upon which fees have been paid in this State

who operate vehicles of the same type upon the highways of one of the foreign jurisdictions may receive substantially equivalent exemptions, benefits and privileges, under terms and conditions which, in the commission's judgment, are best calculated to promote the interests of this State, as are extended to such persons or owners of vehicles of the same type from such jurisdictions in this State.

Agreements or arrangements

8002. It shall be incumbent upon the commission, wherever practicable, to enter into agreements or arrangements for the proportionate registration and licensing of vehicles or payment of fees therefor under Article 4, commencing at Section 8150.

Reciprocity for parties

8003. Agreements or arrangements may authorize owners of or persons entitled to the possession of or right to operate commercial vehicles who are residents of a foreign jurisdiction which is a party to the agreement or arrangement to register or license the vehicles in another jurisdiction which is a party thereto. Vehicles registered or licensed in one of the jurisdictions under such provision shall be exempt from registration or licensing requirements in the other jurisdictions which are parties thereto and shall be entitled to all exemptions, benefits and privileges granted with respect to other vehicles registered or licensed in the jurisdiction.

Withdrawal of privileges

8004. Agreements or arrangements may deny the exemptions, benefits and privileges granted thereunder to any person who violates conditions stated therein or who violates rules and regulations for the administration of reciprocal exemptions, benefits and privileges issued by the Reciprocity Commission.

Declarations of reciprocity

8005. The Reciprocity Commission is authorized to examine the legal requirements of motor vehicle registration, license and weight fee statutes of foreign jurisdictions which grant reciprocal privileges to out-of-state owners or persons but which do not authorize negotiation or execution of agreements by administrative officials and it is authorized to determine, by such examination, and to declare the extent and nature of the reciprocal exemptions, benefits and privileges to which owners of foreign commercial vehicles or other persons from such jurisdictions shall be entitled under the laws of this State.

Requirements of agreements and declarations

8006. All agreements, arrangements, declarations and rules and regulations authorized by this chapter shall be in writing and shall be approved by endorsement by Attorney General as to legality only, at which time they will become effective, and shall remain in effect until revoked by act of the commission. Original copies of such agreements, arrangements, declarations and rules and regulations shall be filed in the Office of the Director of Motor Vehicles who shall make copies available to the public upon request.

Report of commission

8007. The commission shall report all of its transactions under this chapter annually to the Legislature.

Article 4. Reciprocity With Bordering States

Reciprocity with bordering states

8050. The Reciprocity Commission may enter into agreements or arrangements with the duly authorized representatives of any state bordering this State as follows:

(a) The agreements or arrangements shall be applicable to commercial vehicles, or to a class of commercial vehicles to be specified in such agreement or arrangement.

(b) The agreement or arrangement shall be applicable only within an area in each state, situate along the boundary line between the two, to be substantially equal in size and usage as nearly as may be practicable, and to be described in such agreement or arrangement.

(c) The agreement or arrangement shall exempt the owners or persons entitled to the possession of or right to operate vehicles of the type or class specified therein, which are properly registered or licensed in such other state, and upon which evidence of registration is conspicuously displayed, from the payment, wholly or partially, of any vehicle license, registration or weight fee imposed under this code, and any fee or tax imposed under Parts 4 and 5, Division 2 of the Revenue and Taxation Code, while operating such vehicle in the area in this State described in such agreement or arrangement.

(d) The agreement or arrangement shall contain provisions by which the owners or persons entitled to the possession of or right to operate vehicles of the type or class specified therein, and registered or licensed in this State, shall receive substantially equivalent exemptions, benefits and privileges and terms and conditions while operating such vehicles in the area in the other state described in such agreement or arrangement as in the commission's judgment are best calculated to promote the interests of this State.

(e) The agreement or arrangement shall not require proportionate registration and licensing of vehicles provided for in this code.

(f) The agreement or arrangement may contain provisions denying the exemptions, benefits and privileges granted thereunder to any person who violates conditions stated therein or who violates rules and regulations for the administration of reciprocal exemptions, benefits and privileges issued by the Reciprocity Commission.

Article 5. Proportionate Registration and Licensing

Legislative declaration

8150. The Legislature declares that in enacting this article, it adheres to the principle that each state should have the freedom to develop the kind of highway user tax structure that it determines to be most appropriate to itself, that the method of taxation of interstate vehicles should not be a determining factor in developing its user tax structure, and that annual taxes or other taxes of the fixed fee type which are not imposed on a basis that reflects the amount of highway use

should be apportioned among the states, within limits of practicality, on the basis of vehicle miles traveled within each of the states.

Proportionate registration and licensing

8151. Any person engaged in operating fleets of three or more commercial vehicles in this State in interstate commerce, may, in lieu of registration of the vehicles under the general provisions of Division 3 of this code and Part 5 of Division 2 of the Revenue and Taxation Code, commencing at Section 10701, register and license each fleet for operation in this State by filing a verified application with the department.

"Interstate commerce"

8152. "Interstate commerce," for purposes of this article, means the operation of commercial vehicles during each year in two or more foreign jurisdictions.

Application

8153. The application shall declare the total mileage operated with each fleet of vehicles in all foreign jurisdictions and the total mileage operated by each fleet in this State during the preceding calendar year, or a preceding 12-month period as determined by the department, and shall describe and identify each vehicle in each fleet to be operated in this State during the ensuing license year. The application shall also designate a sufficient number of certain vehicles in each fleet to be registered and licensed under Division 3 (commencing at Sections 4000 and 12500) of this code and Part 5 (commencing at Section 7301) of Division 2, Revenue and Taxation Code, to produce total fee payments not less than an amount obtained by applying the proportion of in-state fleet miles to total fleet miles, as reported in the application, to the fees which would otherwise be required for complete licensing and registration of the fleet in this State or, in the discretion of the department with respect to any fleet, shall, in lieu of the designation of vehicles as heretofore in this section provided, be accompanied by a fee equal to the amount computed as heretofore in this section provided.

"Total fleet miles"

8154. "Total fleet miles" for the purpose of proration of vehicles in interstate commerce includes total fleet miles in this State, in other jurisdictions having proportionate registration and licensing provisions, in jurisdictions with which this State has reciprocity, either by law or pursuant to a reciprocal agreement, arrangement or declaration, and in such other jurisdictions which the department determines should be included under the circumstances in order to protect or promote the interests of this State.

Out-of-state mileage forms

8155. Mileage proportions for interstate fleets not operated in this State during the preceding year shall be determined by the department upon verified application on forms to be supplied by the department, upon request, which will show the operations of the preceding year in foreign jurisdictions and the estimated operation in this State. If no operations were conducted the previous year a full statement of the proposed method of operation shall accompany the application.

Filing date

8156. Applications under which fees are due and payable on or before the next following fourth day of February may be filed with the department on or after November 1st.

Registration and evidences of registration

8157. The department, notwithstanding Section 4151 of this code, shall register and issue a license plate or plates for the designated vehicles and shall issue distinctive stickers or other suitable devices for each other vehicle named in the application, or if no vehicles are designated when so provided by the department, then for every vehicle described and identified in the application, identifying it as an interstate fleet vehicle which shall be exempt from all further license, registration, and weight fee requirements of this State for any type of movement or operation if each of the vehicles is properly and duly licensed and registered in a foreign jurisdiction unless the department determines that such licensing and registration would be contrary to the protection or promotion of the interests of this State.

Vehicles added to fleet

8158. The provisions of this article shall apply to vehicles added to a fleet and operated in this State during the license year.

Nonresidents

8159. Nonresidents shall be entitled to proportional registration under this chapter unless the terms and conditions of any reciprocity agreement, arrangement, or declaration filed in the Office of the Director of Motor Vehicles under this chapter require otherwise.

Records

8160. Any person complying with the provisions of this article shall preserve the records on which the application is based for a period of four full years following the year upon which the application is based, and the applicant shall agree to make the records available to the department at its request and at its designated office for audit as to accuracy of computation and payments, or to pay the costs of an audit by the department or its duly appointed representative at the applicant's home office.

Failure to register

8161. If the department determines that the applicant should have registered more vehicles in this State under provisions of this article than registered or paid additional fees, it may deny him the right of any further benefits by reason of any reciprocal agreement or declaration until the fees, including those for the additional vehicles which should have been registered, have been paid.

Lien

8162. The fees determined to be due and owing under this article shall be a lien upon all vehicles of the applicant of a type subject to registration under this code, and the lien shall attach at the time the report of the audit of the department has been mailed to the applicant by the department and shall have the effect of an execution duly levied on the vehicles and shall so remain until the additional fees, so determined, are paid or a sufficient number of vehicles sold for the payment thereof. At least 10 days prior to the sale, notice thereof shall be given to any person appearing of record to have an interest

in the vehicle to be sold by registered mail addressed to such person at the address indicated in the record.

Penalty

8163. Any penalties for delinquency in payment of fees under Sections 9554 and 9555 and Section 10854 of the Revenue and Taxation Code shall be computed with respect to the fees required to be paid pursuant to this article if the fleet operator elects to pay fees pursuant to this chapter.

CHAPTER 5. OFFENSES AGAINST REGISTRATION LAWS AND SUSPENSION, REVOCATION, AND CANCELLATION OF REGISTRATION

General powers

8800. The department may suspend, cancel, or revoke the registration of a vehicle or a certificate of ownership, registration card, or license plate or any permit in any of the following events:

(a) When the department is satisfied that the registration or the certificate, card, plate, or permit was fraudulently obtained or erroneously issued.

(b) When the department determines that a registered vehicle is mechanically unfit or unsafe to be operated or moved upon the highways.

(c) When a registered vehicle has been dismantled or wrecked.

(d) When the department determines that the required fee has not been paid and the same is not paid upon reasonable notice and demand.

(e) When a registration card, license plate, or permit is knowingly displayed upon a vehicle other than the one for which issued.

(f) When the registration could have been refused when last issued or renewed.

(g) When the department determines that the owner or legal owner has committed any offense under Sections 20 (with respect to an application for the registration of a vehicle), 4000, 4159 to 4164, inclusive, 4454, 4456, 4461, 4463, 5202, 10750, and 10751, involving the registration or the certificate, card, plate, or permit to be suspended, canceled, or revoked.

(h) When the department is so authorized under any other provision of law.

Publicly owned vehicles

8801. The department may suspend, cancel, revoke, or renew any permanent registration made under Section 4155 when the department determines that it is advisable to reissue the registration.

Owner to return evidence of registration

8802. Whenever the department cancels, suspends, or revokes the registration of a vehicle or a certificate of ownership, registration card, or license plates, or the license of a dealer, manufacturer, or transporter, or any nonresident or other permit, the owner or person in possession shall immediately return the documents, plates, certificates, or other evidence of registration to the department.

CHAPTER 6. REGISTRATION AND WEIGHT FEES

Article 1. Exemptions

Diplomatic vehicles

9100. The fees specified in this code except fees for duplicate license plates, certificates or cards need not be paid for any vehicle of a type subject to registration under this code owned by any foreign government or by a consul or other official representative thereof duly recognized by the United States Department of State, such exemption to be effective upon application for recognition made to the Department of State.

Publicly operated vehicles

9101. No fees specified in this code, except fees not exempted under Section 9100, need be paid for any vehicle operated by the State, or by any county, city, district or political subdivision of the State, as lessee under a lease, lease-sale, or rental-purchase agreement which grants possession of the vehicle to the lessee for a period of 30 consecutive days or more.

Educational institution vehicles

9102. The fees specified in this code except fees for duplicate plates, certificates, or cards need not be paid for any vehicle owned by an educational institution of collegiate grade not conducted for profit and having an enrollment of 5,000 students or more and having an acreage of 5,000 acres or more, if such vehicle is used for fire-fighting purposes within the limits of the acreage of such institution and is operated principally on roads owned by such institution.

Publicly owned vehicles

9103. No fees specified in this code, except fees for duplicate plates, certificates, or cards need be paid for any vehicle of a type subject to registration under this code owned by the United States or by any state or political subdivision thereof or by any municipality duly organized under the Constitution or laws of this State, nor for any vehicle owned by and used exclusively in the operative work of any persons taxed for state purposes and exempt from the payment of license fees under the Constitution of this State.

Fire vehicles

9104. The fees specified in this code except fees for duplicate plates, certificates, or cards need not be paid for any vehicle of a type subject to registration under this code owned by a public fire department organized as a nonprofit corporation and used exclusively for fire-fighting purposes, nor for any vehicle owned by a voluntary fire department organized under the laws of this State and used exclusively for fire-fighting purposes.

Crippled and blind veterans

9105. The fees specified in this code except fees for duplicate plates, certificates, or cards need not be paid for any vehicle, other than a commercial vehicle, of a type subject to registration under this code owned by any veteran who has lost, or has lost the use of, both legs, or who has suffered permanent blindness as defined in Section 9183 of the Educa-

tion Code, as a result of injury or disease suffered while on active service with the armed forces of the United States.

The exemption granted by this section shall not extend to more than one vehicle owned by any such veteran.

Civil air partol vehicles

9106. The fees specified in this code, except fees for duplicate plates, certificates or cards, need not be paid for any vehicle of a type subject to registration under this code which is operated by the Civil Air Patrol, when the vehicle has been transferred to the Civil Air Patrol by the United States Government, or any agency thereof, if by federal regulation or directive the use of such vehicle is restricted to defined activities of the Civil Air Patrol, and if by federal regulation or directive the vehicle must be returned to the United States Government when no longer required or suited for use by the Civil Air Patrol. Such vehicles shall be registered as otherwise required under this code by the Civil Air Patrol and the Civil Air Patrol shall display a license plate or plates bearing distinguishing marks or symbols as specified in this code. which plate or plates shall be furnished by the department free of charge.

Article 2. Registration Fees

Fees

9250. On and before December 31, 1959, a registration fee of eight dollars ($8) shall be paid to the department for the registration of every vehicle of a type subject to registration, except as are expressly exempted under this code from the payment of registration fees, and except those referred to in Section 9253. On and after January 1, 1960, a registration fee of seven dollars ($7) shall be paid to the department for the registration of every vehicle of a type subject to registration, except as are expressly exempted under this code from the payment of registration fees, and except those referred to in Section 9253.

Electric passenger vehicles

9251. In addition to the registration fee specified in Section 9250, there shall be paid a registration fee of ten dollars ($10) for the registration of every electric passenger vehicle, except where the vehicle is subject to a different additional fee as provided in Section 9400.

Vehicles registered outside State

9252. In addition to the registration fee specified in Section 9250 and any weight fee, there shall be paid a service fee of six dollars ($6) for the original registration within this State of every vehicle previously registered outside this State. If the vehicle has been registered and operated in this State during the same year in which application for reregistration is made, a fee of one dollar ($1) only shall be paid

Station wagon fees

9253. On and before December 31, 1959, a registration fee of nine dollars ($9) shall be paid to the department for the registration of every station wagon, which is subject to registration. On and after January 1, 1960, a registration fee of eight dollars ($8) shall be paid to the department for the registration of every station wagon which is subject to registration.

Certificate without registration

9254. A service fee of five dollars ($5) shall be paid to the department for a certificate of ownership issued without registration of the vehicle.

Transfer of registration

9255. (a) Upon application for the transfer of the title or any interest of an owner or legal owner in or to a vehicle registered under this code, or for which a certificate of ownership has been issued without registration under Section 4452, other than upon a transfer to a chattel mortgagee and other than upon a transfer to a transferee not required under this code to obtain the issuance to him of a new certificate of ownership and registration card, there shall be paid the following fees:

(1) For a transfer by the owner _____ $2
(2) For a transfer by the legal owner _____ 2
(3) When application is presented showing a transfer by both the owner and legal owner _____ Total fee 2

Filing chattel mortgage

9256. Upon filing with the department an application for transfer of registration to the chattel mortgagee as provided herein there shall be paid to the department a fee of two dollars ($2) for each vehicle registered under this code described in and subject to the chattel mortgage.

Installation of engine or motor

9257. Every notice of the installation in a vehicle of a motor vehicle engine or motor required to be filed under Section 4161 shall be accompanied by a filing fee of two dollars ($2).

One-trip permit

9258. A fee of five dollars ($5) shall be paid to the department for each one-trip permit issued pursuant to Section 4003.

Fleet vehicle device

9259. A fee of two dollars ($2) shall be paid for each sticker or device issued under Section 8174.

Foreign commercial vehicle permit

9260. (a) The fee for a permit issued under Section 4004 is one-tenth of the appropriate fees in Division 3 of this code and Part 5 of Division 2 of the Revenue and Taxation Code, commencing at Section 10701, applicable thereto for each 30-day period or fraction thereof that the vehicle is to be so operated in this State.

Service fee

9261. A service fee of five dollars ($5) shall be paid for an identification plate for special highway construction or mobile equipment or implements of husbandry. Publicly owned special highway construction equipment and publicly owned special mobile equipment are exempt from the service charge.

Fees

9262. The following fees shall be paid to the department for special plates issued to manufacturers, transporters and dealers:

(1) (a) For the first set of special plates where in the discretion of the department an investigation is necessary _____ $58
(b) For the first set of special plates where no investigation is necessary or upon annual renewal _____ 8
(2) For each additional set of special plates _____ 8

9263. Any person acquiring a vehicle subject to registration under this code, for the purpose of wrecking or dismantling the same, who fails to forward to the department the documents required by Section 11505, within ninety (90) days after taking possession of the vehicle, and before dismantling and wrecking the vehicle, shall pay in addition to any other penalties an investigation service fee in the amount of five dollars ($5). Wrecking

9264. The fees for a license or certificate and special plates issued to automobile wreckers shall be: Wreckers' fees

(1)	For the certificate or license and the first set of special plates where in the discretion of the department an investigation is necessary	$55
(2)	For the first set of special plates where no investigation is necessary, or upon annual renewal	5
(3)	For each additional set of special plates	3

Should an automobile wrecker make application for registration or special plates as a dealer, then in that event he shall pay such additional fees as are set forth under Section 9262.

9265. Upon application for duplicates as permitted under this code, the following fees shall be paid: Duplicates

(a)	For a duplicate certificate of ownership or registration card or equipment identification receipts	$2
(b)	For any duplicate license plates, or substitute plates, or equipment identification plate for the same vehicle	2

Article 3. Weight Fees

9400. In addition to any other registration fee there shall be paid the following fees for the registration of commercial vehicles, except vehicles designed to transport property which are used exclusively to transport passengers without the owner thereof receiving compensation or profit for the transportation: Commercial vehicles

(a) For any electric vehicle designed, used, or maintained as described in this section, fees shall be paid for registration according to the following schedule:

	Unladen weight	Fee
(1)	Less than 6,000 lbs.	$48
(2)	6,000 lbs. or more but less than 10,000 lbs.	96
(3)	10,000 lbs. or more	128

(b) For any motor vehicle having not more than two axles and designed, used or maintained as described in this section,

other than an electric vehicle, fees shall be paid for registration according to the following schedule:

	Unladen weight	Fee
(1)	3,000 lbs. to and including 4,000 lbs.	$14
(2)	4,001 lbs. to and including 5,000 lbs.	27
(3)	5,001 lbs. to and including 6,000 lbs.	40
(4)	6,001 lbs. to and including 7,000 lbs.	54
(5)	7,001 lbs. to and including 8,000 lbs.	67
(6)	8,001 lbs. to and including 9,000 lbs.	80
(7)	9,001 lbs. to and including 10,000 lbs.	94
(8)	10,001 lbs. to and including 11,000 lbs.	107
(9)	11,001 lbs. to and including 12,000 lbs.	120
(10)	12,001 lbs. to and including 13,000 lbs.	134
(11)	13,001 lbs. to and including 14,000 lbs.	147
(12)	14,001 lbs. and over	160

(c) For any motor vehicle having three or more axles or for any trailer, semitrailer, pole or pipe dolly, or other dolly designed, used or maintained as described in this section, other than an electric vehicle, fees shall be paid for registration according to the following schedule:

	Unladen weight	Fee
(1)	2,000 lbs. to and including 3,000 lbs.	$11
(2)	3,001 lbs. to and including 4,000 lbs.	20
(3)	4,001 lbs. to and including 5,000 lbs.	40
(4)	5,001 lbs. to and including 6,000 lbs.	60
(5)	6,001 lbs. to and including 7,000 lbs.	80
(6)	7,001 lbs. to and including 8,000 lbs.	100
(7)	8,001 lbs. to and including 9,000 lbs.	120
(8)	9,001 lbs. to and including 10,000 lbs.	140
(9)	10,001 lbs. to and including 11,000 lbs.	160
(10)	11,001 lbs. to and including 12,000 lbs.	180
(11)	12,001 lbs. to and including 13,000 lbs.	200
(12)	13,001 lbs. to and including 14,000 lbs.	220
(13)	14,001 lbs. to and including 15,000 lbs.	240
(14)	15,001 lbs. and over	267

This section shall apply to the registration of every vehicle of a type subject to its provisions until December 31, 1959, and not thereafter.

Same

9401. In addition to any other registration fee, there shall be paid the following fees for the registration of commercial vehicles:

(a) For electric vehicles fees shall be paid for registration according to the following schedule:

	Unladen weight	Fee
(1)	Less than 6,000 lbs.	$44
(2)	6,000 lbs. or more, but less than 10,000 lbs.	88
(3)	10,000 lbs. or more	116

(b) For motor vehicles having not more than two axles, other than an electric vehicle, fees shall be paid for registration according to the following schedule:

	Unladen weight	Fee
(1)	3,000 lbs. to and including 4,000 lbs.	$12
(2)	4,001 lbs. to and including 5,000 lbs.	24
(3)	5,001 lbs. to and including 6,000 lbs.	37
(4)	6,001 lbs. to and including 7,000 lbs.	49
(5)	7,001 lbs. to and including 8,000 lbs.	61
(6)	8,001 lbs. to and including 9,000 lbs.	73
(7)	9,001 lbs. to and including 10,000 lbs.	85
(8)	10,001 lbs. to and including 11,000 lbs.	98
(9)	11,001 lbs. to and including 12,000 lbs.	110
(10)	12,001 lbs. to and including 13,000 lbs.	122
(11)	13,001 lbs. to and including 14,000 lbs.	134
(12)	14,001 lbs. and over	146

(c) For motor vehicles having three or more axles or for any trailer, semitrailer, pole or pipe dolly, or other dolly, other than an electric vehicle, fees shall be paid for registration according to the following schedule:

	Unladen weight	Fee
(1)	2,000 lbs. to and including 3,000 lbs.	$10
(2)	3,001 lbs. to and including 4,000 lbs.	18
(3)	4,001 lbs. to and including 5,000 lbs.	37
(4)	5,001 lbs. to and including 6,000 lbs.	55
(5)	6,001 lbs. to and including 7,000 lbs.	73
(6)	7,001 lbs. to and including 8,000 lbs.	92
(7)	8,001 lbs. to and including 9,000 lbs.	110
(8)	9,001 lbs. to and including 10,000 lbs.	128
(9)	10,001 lbs. to and including 11,000 lbs.	146
(10)	11,001 lbs. to and including 12,000 lbs.	165
(11)	12,001 lbs. to and including 13,000 lbs.	183
(12)	13,001 lbs. to and including 14,000 lbs.	201
(13)	14,001 lbs. to and including 15,000 lbs.	220
(14)	15,001 lbs. and over	244

(d) This section shall apply to the registration of every vehicle of a type subject to its provisions on and after January 1, 1960.

(e) With respect to fees paid under this section the references in Sections 9654 and 9655 of the Revenue and Taxation Code to Section 9400 of this code shall be deemed to refer to this section. On and after January 1, 1960, references in any provisions of this code or any other provisions of law to Section 9400 of this code shall be deemed to refer to this section.

Quarterly registration fee

9402. An additional fee of two dollars ($2) shall be charged each quarter whenever a person pays the fee under Section 9400 on the quarterly basis.

Carryalls

9403. Carryalls are exempt from the payment of the fees prescribed in Section 9400 when they are used solely for agri-

cultural purposes and their use on the highway is limited to traveling from one place of agricultural work to another, unladen.

Station wagons

9404. Station wagons, except those used in the transportation of passengers for hire, are exempted from the payment of weight fees provided for in Sections 9400 and 9401.

Any provision in this code notwithstanding, the owner of any station wagon may pay the appropriate weight fees, and the department shall issue license plates of the same type as are issued to vehicles which are required to pay weight fees.

Water-well boring rigs

9405. Agricultural water-well boring rigs are exempt from the fees provided in Section 9400.

Alterations or additions to vehicles

9406. Alterations or additions to registered vehicles for which fees have been paid under Section 9400 placing the vehicles in weight fee classifications under Section 9400 greater than the weight fees previously paid shall be reported to the department and at the same time the difference between the weight fee previously paid, reduced as provided in Section 9407, and the greater weight fee, reduced as provided in Section 9407, shall be paid to the department upon the operation of the vehicles in the greater weight fee classification under Section 9400.

Reduced fees

9407. Upon registration issued after the end of January of any year the fee required under Section 9400 shall be reduced by one-twelfth for each month which shall have elapsed since the beginning of such year, if the vehicle has not been operated on any highway during the elapsed time without payment of the required fee.

Credit for fees paid

9408. (a) Whenever any registered commercial vehicle for which fees have been paid under Section 9400 is withdrawn from service in this State before the expiration of the registration, the owner may surrender the registration card and license plates previously issued for the vehicle to the department and, within 90 days of the time of withdrawal, make application for the registration of another commercial vehicle which is subject to the fees specified in Section 9400.

(b) In such event and upon a proper showing of the facts, the department upon determining the fees payable under this division shall allow as credit thereon the unexpired portion, as of the month of the application, of the fee paid under Section 9400 for the previous registration, but, in addition to fees otherwise payable under this division less any such credit, shall charge and collect an additional fee of two dollars ($2) for issuance of such new registration.

Article 4. Payment of Fees

Registration fees

9550. All registration fees and all fees required of a manufacturer, transporter, or dealer for any special plates shall be paid at the time application is made to the department for the registration or plates.

9551. All fees required to be paid by an automobile wrecker, in accordance with this code, for any certificate or license, or special set of plates, shall be paid at the time application is made to the department therefor. Automobile wreckers

9552. (a) Whenever any vehicle is operated upon any highway of this State without the registration fee having first been paid as required by this code, such fee is delinquent. Delinquent fee

(b) Whenever any person has received as transferee a properly endorsed certificate of ownership and the registration card of the vehicle described in the certificate and card and the transfer fee has not been paid as required by this code within 10 days, the fee is delinquent.

(c) Whenever any person becomes an automobile wrecker without first having paid the license or certificate and special plate fees as required by this code, the fees are delinquent.

9553. (a) A penalty shall be added upon any application for annual renewal of registration made on or after February 5th except as provided in Section 4604. Penalties for delinquency

(b) A penalty shall be added upon any application for renewal of any special plate or plates made on or after December 1st.

(c) Except as otherwise provided in this section, if any fee is not paid within 30 days after the same becomes delinquent a penalty shall be added thereto.

9554. In every event the penalty shall be equal to the fee after the same has been computed as provided in Sections 9405 and 9559 and shall be collected therewith, except that the penalty for delinquency in respect to any transfer shall be two dollars ($2), and shall apply only to the last transfer. Amount of penalty

9555. Whenever any trailer coach is in this State without the registration fee having first been paid as required by this code, the fee is delinquent. Delinquent trailer coach fees

9556. Whenever any person or organization authorized by the department under Section 4610 receives an application for annual renewal of registration accompanied by the proper fee and endorses a receipt or validates a registration card or potential registration card in respect to the application for renewal of registration prior to midnight of February 4th in any year, the application and payment of fees shall not be deemed delinquent or subject to penalty except that the person or organization so receiving the application and fees shall transmit the application and fees to the department as promptly as practicable in the immediate course of business. Delinquent renewal of registration

9557. (a) No penalty shall be imposed for delinquent payment of any fee required to be paid under this code in the event any instrument for effective payment of such fee is placed in the United States mail or in any postal box maintained by the United States Post Office Department with sufficient identification in an envelope with postage thereon prepaid and addressed to the Department of Motor Vehicles at Sacramento, or to one of the regularly established branch offices of the department or to any person or organization Transmittal of fees by mail

authorized by the department under Section 4610, prior to the date or time said fee becomes delinquent.

(b) Any person so mailing an instrument for payment of any fee may file with the department an affidavit showing compliance with the provisions of this section. The affidavit shall be accepted by the department as prima facie evidence of such mailing.

Fees paid by check

9558. If a check in payment of a fee or penalty is not paid by the bank on which it is drawn on its first presentation, the person tendering the check remains liable for the payment of the fee, or fee and penalty, as if he had not tendered the check. The department in its discretion may redeposit a check in payment of the fee, or the fee and penalty, the second time without assessing additional penalties.

Computation

9559. In computing any registration or weight fee or penalty imposed by this code, whether on a proration or otherwise, a fraction of a dollar is disregarded, unless it exceeds fifty cents ($0.50), in which case it is treated as one full dollar ($1). Computation of any penalty shall be made from the fee after the same has been computed as provided in this section.

Any fee or penalty in an amount of fifty cents ($0.50) or less shall be deemed to be one dollar ($1).

CHAPTER 5. QUARTERLY PAYMENT OF WEIGHT FEES

Quarterly basis

9700. With respect to vehicles subject to additional registration fees under Section 9400, such fees may be paid for a three-month period for one-fourth the regular fee, at the beginning of any calendar quarter.

Adjustment for non-operated vehicles

9701. Upon a quarterly registration issued after the end of the first month of any quarter, the quarterly fee shall be reduced by one-third for each full calendar month which has elapsed since the beginning of the quarter, if the vehicle has not been operated on any highway during the elapsed time without payment of the required fee.

Expiration and renewal

9702. Every quarterly vehicle registration and every certificate or insignia issued under this section shall expire at midnight on the last day of the quarter for which issued and shall be renewed quarterly. The department may upon payment of the proper fees renew the registration of the vehicles for the next succeeding quarter or for the remainder of the calendar year.

Application for renewal

9703. Application for renewal of a vehicle registration expiring on the date above mentioned shall be made by the owner within the first five days of the next succeeding quarter and shall be made by presentation of the certificate or insignia last issued for the vehicle or by presentation of a potential certificate or insignia issued by the department for use at the time of renewal and by payment of the full quarterly fee for the vehicle, as provided in this section, or, if renewal is for the

remainder of the calendar year, by payment of the annual fee provided by Section 9400, as reduced pursuant to Section 9406.

Penalty

9704. A penalty shall be added and collected upon any application for quarterly renewal of registration made on or after the sixth day of any quarter if the vehicle has been operated upon the highways during any of the first five days of such quarter. The penalty shall be equal to the quarterly registration fee due under this section.

Application for non-operated vehicle

9705. When the quarterly registration of any vehicle expires and the vehicle is not thereafter operated upon the highways, any application for quarterly renewal of registration made subsequent to the fifth day of the quarter following the expiration of the registration and for succeeding quarters in which the vehicle has not been registered shall be accompanied by a certificate of nonoperation. The application and certificate shall be received by the department upon payment of the proper fees for the current quarter. No penalty shall be collected for any such fees imposed by this code if the department receives the application and certificate of nonoperation within five days after the date the vehicle is first operated during the current quarter.

Temporary use of prior registration evidences

9706. When application for renewal of registration of a vehicle has been made as required in Sections 9703 and 9705, the vehicle may be operated on the highways until the new certificate or insignia of current registration has been received from the department, upon condition that there be displayed on the vehicle, in addition to the license plates or validating devices issued to the vehicle for the previous year, the certificate or insignia issued to the vehicle for the previous quarter.

CHAPTER 6. ENFORCEMENT OF LIENS

Lien for fee and penalty

9800. Every registration or transfer fee and any penalty added thereto, from the date the same become due, constitute a lien upon the vehicle for which due.

Seizure of vehicle

9801. Except as otherwise provided, the department shall collect the fee and any penalty by seizure of the vehicle from the person or persons in possession thereof, if any, and by the sale of such vehicle. The Department of the California Highway Patrol shall assist with the seizure and impounding of such vehicle.

Notice of sale

9802. Notice of the sale shall be given by the department to the legal owner, if there is both a legal and a registered owner, of the vehicle at least 10 days prior to the date of the sale by registered mail addressed to such owner at his last known address appearing on the records of the department.

Right of redemption

9803. At any time before the sale any legal owner so notified may pay the department the full amount of the delinquent fee and penalty, plus any costs incurred by the department in arranging for the sale, in which event the sale shall not be held and the vehicle seized shall be returned by the department to the person entitled to its possession.

Sale

9804. The Registrar of Vehicles or his authorized representative shall conduct the sale in the same manner as provided by law for the seizure and sale of personal property by the assessor for the collection of taxes due on personal property.

Sale of low-valued vehicle

9805. When a vehicle that has been seized to satisfy a lien of the department for fees and penalties is appraised at a value not exceeding twenty-five dollars ($25), the department may bid for the vehicle through the officer or employee conducting the sale, an amount not to exceed the amount of the lien held by the department.

Acquisition by department

9806. In all cases where there are no bids offered for the vehicle, or if the highest bid offered does not exceed ten dollars ($10), the vehicle shall become the property of the department as compensation for cost to the department in conducting the sale.

Procedure where sale impractical

9807. When the department determines that the cost of collection of any fee, penalty, or both, by seizure and sale as provided will exceed the proceeds to be realized therefrom the department need not pursue this method of collection. The provisions of this subdivision shall be limited to vehicles of a value of fifty dollars ($50) or less as appraised by an officer or employee of the Department of Motor Vehicles or the Department of the California Highway Patrol. The department shall indicate its intention to refrain from collection of fees or penalties by seizure and sale as provided herein by affixing an appropriate notice to each vehicle concerned.

Disposition

9808. If the vehicle is acquired by the department, it shall not be registered by the department at any time thereafter, but shall be reduced to junk and sold. The proceeds, if any, of the sale shall be deposited in the Motor Vehicle Fund.

Statute of limitation

9809. Every lien and every cause of action for any delinquent fee or penalty under this code shall expire at the expiration of three years from the date the fee became due.

DIVISION 4. SPECIAL ANTITHEFT LAWS

CHAPTER 1. REPORTS OF STOLEN VEHICLES

Police reports

10500. Every peace officer upon receiving a report based on reliable information that any vehicle registered under this code has been stolen or that license plates for any vehicle have been lost or stolen shall, not later than 48 hours after receiving such information, report the theft or loss to the Department of the California Highway Patrol unless prior thereto information has been received of the recovery of the vehicle or plates. The officer upon receiving information of the recovery of any vehicle or plates, which he has previously reported as stolen or lost, shall immediately report the fact of the recovery to said department.

False report of theft

10501. It is unlawful for any person to make or file a false or fraudulent report of theft of a vehicle required to be regis-

tered under this code with any law enforcement agency with intent to deceive.

Reports by owner

10502. The owner or legal owner of a vehicle registered under this code which has been stolen or embezzled may notify the Department of the California Highway Patrol of the theft or embezzlement but in the event of an embezzlement may make the report only after having procured the issuance of a warrant for the arrest of the person charged with such embezzlement.

Every owner or legal owner who has given any such notice shall notify the Department of the California Highway Patrol of a recovery of the vehicle.

Notice to department

10503. The Department of the California Highway Patrol upon receiving notice under this chapter that a vehicle has been stolen or embezzled, or that a vehicle reported stolen or embezzled has been recovered, shall notify the Department of Motor Vehicles of the reported theft, embezzlement or recovery.

Action by department

10504. The department upon receiving a report of a stolen or embezzled vehicle shall place an appropriate notice in the engine or vehicle identification and license number files, which notice shall remain in the files until such time as the department is notified by the Department of the California Highway Patrol that the vehicle has been recovered.

A report of a stolen or embezzled vehicle is effective for a period of not less than one year from the date first reported or longer as the department may determine.

Notification of transfer

10505. Upon the transfer of registration of a vehicle reported as stolen or embezzled, the department shall immediately notify the reporting agency of such fact.

Chapter 2. Reports of Stored Vehicles

Records of garage and trailer park keepers

10650. (a) Every keeper of a garage or trailer park shall keep a written record of every vehicle of a type subject to registration under this code stored therein for compensation for a period longer than 12 hours.

(b) The record shall contain the name and address of the person storing the same and a brief description of the vehicle including the name or make, the motor or other number of the vehicle, and the license number shown by the license plates or registration card, if either of the latter is attached to the vehicle in a clearly discernible place.

(c) All records shall be open to inspection by any peace officer.

Notification of legal owner by garage

10651. When a vehicle has been in the care of a garage, repair shop, or trailer park, for storage, safekeeping, or parking for 60 days and the charge for the care, storage, safekeeping, or parking has not been received by the garage, repair shop, or trailer park, and the owner of the vehicle is not the legal owner thereof, the garage, repair shop, or trailer park shall notify the legal owner in writing either by personal serv-

ice or by registered letter addressed to the legal owner named in the registration certificate.

Report of vehicles

10652. Whenever any vehicle of a type subject to registration under this code has been stored in a garage or parked in a trailer park or public parking area maintained by a bridge and highway district for 30 days and the ownership of the vehicle is unknown to the keeper thereof, he shall report the presence of the vehicle to the sheriff's office of the county or the police department of the city wherein the garage, trailer park, or parking area is located. At the same time, whether the name of the registered owner is known or not, the keeper shall report such fact to the Department of California Highway Patrol by receipted mail, which shall at once notify the legal owner as of record.

Report of vehicles showing bullet marks

10653. Whenever any vehicle of a type subject to registration under this code which shows evidence of having been struck by a bullet is stored in a garage or repair shop, the keeper thereof shall within 24 hours after receiving the vehicle report such fact to the sheriff's office of the county or police department of the city wherein the garage or repair shop is located, giving the motor or other number of the vehicle, the license number if ascertainable, and the name and address of the person storing the same or the name and address of the owner shown by the registration card, if the same is attached to the vehicle in a clearly discernible place.

Renting of private building

10654. Every person other than the keeper of a garage renting any private building used as a private garage or space therein for the storage of a vehicle of a type subject to registration under this code, when the agreement to rent includes only the building or space therein, shall within 24 hours after the vehicle is stored therein report such fact together with the name of the tenant, and a description of the vehicle, including the name or make, the motor or other number of the vehicle, and the license number to the sheriff's office of the county or the police department of the city wherein the building is located. "Private garage" as used in this section does not include a public warehouse or public garage.

Failure to keep records

10655. No person required to keep a record or make a report under this chapter shall wilfully fail, refuse, or neglect to comply with this chapter.

Inspection of vehicles

10656. The director, deputy director, registrar, deputy registrar, and investigators of the department may inspect any vehicle of a type required to be registered under this code in any garage, repair shop, parking lot, used car lot, automobile wreckers lot, or other similar establishment for the purpose of investigating the title and registration of vehicles and inspection of vehicles wrecked or dismantled.

CHAPTER 3. ALTERATION OR REMOVAL OF NUMBERS

Altering or changing

10750. (a) No person shall intentionally deface, destroy, or alter the motor number, other distinguishing number, or

identification mark of a vehicle required or employed for registration purposes without written authorization from the department, nor shall any person place or stamp any serial, motor, or other number or mark upon a vehicle, except one assigned thereto by the department.

(b) This section does not prohibit the restoration by an owner of an original motor, or other number or mark when the restoration is authorized by the department, nor prevent any manufacturer from placing in the ordinary course of business numbers or marks upon new motor vehicles or new parts thereof.

Manufacturers' numbers or weight ratings

10751. No person shall knowingly buy, receive, dispose of, sell, offer for sale, or have in his possession any motor vehicle, or motor removed from a motor vehicle, from which the manufacturer's serial or motor number or manufacturer's gross vehicle weight rating or other distinguishing number or identification mark or number placed thereon under assignment from the department has been removed, defaced, covered, altered, or destroyed for the purpose of concealing or misrepresenting the identity or manufacturer's gross vehicle weight rating of the motor vehicle or motor.

CHAPTER 4. THEFT AND INJURY OF VEHICLES

Application

10850. The provisions of this chapter apply to vehicles upon the highways and elsewhere throughout the State.

Theft and unlawful driving of a vehicle

10851. Any person who drives or takes a vehicle not his own, without the consent of the owner thereof, and with intent either permanently or temporarily to deprive the owner thereof of his title to or possession of the vehicle, whether with or without intent to steal the same, or any person who is a party or accessory to or an accomplice in the driving or unauthorized taking or stealing is guilty of a felony, and upon conviction thereof shall be punished by imprisonment in the state prison for not less than one year nor more than five years or in the county jail for not more than one year or by a fine of not more than five thousand dollars ($5,000) or by both such fine and imprisonment. The consent of the owner of a vehicle to its taking or driving shall not in any case be presumed or implied because of such owner's consent on a previous occasion to the taking or driving of the vehicle by the same or a different person.

Breaking or removing parts

10852. No person shall either individually or in association with one or more other persons, wilfully injure or tamper with any vehicle or the contents thereof or break or remove any part of a vehicle without the consent of the owner.

Malicious mischief

10853. No person shall with intent to commit any malicious mischief, injury, or other crime, climb into or upon a vehicle whether it is in motion or at rest, nor shall any person attempt to manipulate any of the levers, starting mechanism, brakes, or other mechanism or device of a vehicle while the

same is at rest and unattended, nor shall any person set in motion any vehicle while the same is at rest and unattended.

Unlawful use by bailee

10854. Every person having the storage, care, safe-keeping, custody, or possession of any vehicle of a type subject to registration under this code who, without the consent of the owner, takes, hires, runs, drives, or uses the vehicle or who takes or removes any part thereof is guilty of a misdemeanor and upon conviction shall be punished by a fine of not exceeding one thousand dollars ($1,000) or by imprisonment in the county jail for not exceeding one year or by both.

Leased and rented vehicles

10855. Whenever any person who has leased or rented a vehicle wilfully and intentionally fails to return the vehicle to its owner within five days after the lease or rental agreement has expired, that person shall be presumed to have embezzled the vehicle.

DIVISION 5. OCCUPATIONAL LICENSING AND BUSINESS REGULATIONS

CHAPTER 1. DRIVING SCHOOLS AND DRIVING INSTRUCTORS

License required

11100. No person shall operate a driver training school or engage in the business of giving instruction for hire in the driving of motor vehicles or in the preparation of an applicant for examination given by the department for a driver's license, unless a license therefor has been secured from the department.

Schools and persons exempt

11101. The provisions of this chapter shall not apply in any event to public schools or to educational institutions in which driving instruction is part of the curriculum, to automobile dealers or their salesmen giving instruction without charge to purchasers of motor vehicles, or to employers giving instruction to their employees.

Requirements for driving school operators

11102. (a) Every person, in order to qualify to operate a driving school shall meet the following requirements:

(1) Be of good moral character.

(2) Maintain an established place of business open to the public. No office or place of business shall be established within 200 feet of any building used by the department as an office after September 8, 1953.

(3) Have the equipment necessary to the giving of proper instruction in the operation of motor vehicles.

(4) Pay to the department an examination fee of two hundred dollars ($200) which shall entitle the applicant to three examinations within a period of one year, and a license fee of fifty dollars ($50).

(b) If the application for a license is for the purpose of operating a school in which the person making application will be the sole instructor, the applicant shall have worked for an established licensed driver training school for a period of not less than one year, except that this subdivision does not apply to any person who holds a general secondary credential

or a special secondary credential in public safety, including driver education and driver training.

11103. A driving school operator shall maintain bodily injury and property damage liability insurance on motor vehicles while being used in driving instruction, insuring the liability of the driving school, the driving instructor and any person taking instruction in at least the following amounts: twenty thousand dollars ($20,000) for bodily injury to or death of one person in any one accident and, subject to the limit for one person, forty thousand dollars ($40,000) for bodily injury to or death of two or more persons in any one accident, and the amount of ten thousand dollars ($10,000) for damage to property of others in any one accident. Insurance requirements

Evidence of such insurance coverage in the form of a certificate from the insurance carrier shall be filed with the department and the certificate shall stipulate that the insurance shall not be canceled except upon 10 days prior written notice to the department

11104. Every person in order to qualify as an instructor for a driving school shall meet the following requirements: Requirements of instructors

(a) Be of good moral character.

(b) Pass such examination as the department shall require on traffic laws, safe driving practices, operation of motor vehicles, and qualifications of teacher.

(c) Be physically able to safely operate a motor vehicle and to train others in the operation of motor vehicles.

(d) Hold a valid California driver's license.

(e) Pay to the department an application fee of ten dollars ($10).

11105. (a) The department shall issue a license certificate to each applicant to conduct a driver school or to each driving instructor when it is satisfied that he has met the qualifications required under this chapter. The license shall be for a period of four years unless canceled, suspended, or revoked by the department. The license may be renewed subject to the same conditions as the original license. Issuance of licenses

11106. Pending the satisfaction of the department that the applicant has met the requirements under this chapter, it may issue to any person applying for an instructor's or driving school license a temporary permit. The temporary permit shall permit the operation of a driving school or the giving of instructions for a period not to exceed 60 days while the department is completing its investigation and determination of all facts relative to the qualifications of the applicant to the license. Such temporary permit may not be renewed or extended and shall be invalid when the applicant's license has been issued or refused. Temporary permit

11107. (a) The Department of Motor Vehicles may refuse to issue a license certificate to any applicant to conduct a driver school or to any driving instructor when it is satisfied that: Refusal to issue license

(1) The applicant has not met the qualifications required under this chapter.

(2) The applicant was previously the holder of a license under this chapter, which was revoked or suspended, which license in the case of revocation was never reissued by the department, or which in the case of suspension was never reinstated.

(3) The applicant has been convicted in a court of record or has done any act or series of acts or is guilty of conduct which would be a cause for suspension or revocation under Section 11110.

(4) One or more of the partners, if the applicant be a partnership, or one or more of the directors, employees, or officers of the corporation, if a corporation be the applicant, was previously the holder of a license issued under this chapter, which was revoked or suspended, which license in the case of revocation was never reissued or in the case of suspension was never reinstated, or that one or more of such partners, directors, employees, or officers, as the case may be, though not previously the holder of a license, was convicted or has done any act or series of acts or been guilty of conduct which would be a cause for revocation or suspension under Section 3108; or has been convicted of a felony.

(5) By reason of the facts and circumstances touching the organization, control and management of the partnership or corporation business it is likely that the policy of the business will be directed, controlled or managed by an individual who by reason of the conviction, act, series of acts or conduct described in subparagraphs (3) and (4) above, would be ineligible for a license and that by licensing the corporation or partnership the purposes of this division would likely be defeated.

(b) Upon refusal of the department to issue a license, the applicant shall be entitled to demand in writing a hearing before the director or his representative within 60 days after notice of refusal.

The hearing shall be conducted pursuant to Chapter 5, Part 1, Division 3, Title 2 of the Government Code.

Records of licensee

11108. Every licensee under this division shall keep a record showing the name and address of each person given instruction and the instruction permit number of such person or license number of every person given instruction in the driving of a motor vehicle, and shall show the particular type of instruction given and how much time was devoted to each type of instruction. The records shall be open to the inspection of the department at all reasonable times, but shall be for the confidential use of the department.

Vehicles of licensee

11109. Every licensee under this chapter shall maintain all vehicles used in driver training in safe mechanical condition at all times.

11110. The department may cancel, suspend, or revoke, or refuse to renew any license under the provisions of this chapter: Cancellation, etc.

(a) Whenever the department is satisfied that the licensee fails to meet the requirements to receive or hold a license under this chapter.

(b) Whenever the licensee fails to keep the records required by this chapter.

(c) Whenever the licensee permits fraud or engages in fraudulent practices either with reference to the applicant or the department, or induces or countenances fraud or fraudulent practices on the part of any applicant for a driver's license.

(d) Whenever the holder fails to comply with any provisions of this chapter or any of the regulations or requirements of the department made pursuant thereto.

(e) Whenever the licensee represents himself as an agent or employee of the department or uses advertising designed or which would reasonably have the effect of leading persons to believe that such licensee was in fact an employee or representative of the department.

(f) Whenever the licensee or any employee or agent of such licensee solicits driver training or instruction in an office of the department or within 200 feet of any such office.

(g) Whenever the licensee is convicted of driving an automobile while under the influence of intoxicating liquor or of violating Sections 20001, 20002, 20003, 20004, 20005, 20006, 23104, 23105, or 23106 of this code or Sections 192 or 193 of the Penal Code.

(h) Whenever the licensee has been convicted of any crime, does any act or series of acts, or is guilty of conduct, which conviction, action or conduct manifests a disability or unfitness to perform properly the licensee's occupational duties or lack of good moral character even though unrelated to proper performance of such occupational duties, and whenever disability or unfitness to perform properly the occupational duties of the licensee is the basis of suspension or revocation, the referee, hearing officer or board makes a specific finding as to the manner in which the conviction, action or conduct manifests such disability or unfitness, which finding is to be incorporated in the order suspending or revoking the license.

11111. (a) Every licensee under this chapter is entitled to notice and hearing prior to cancellation, suspension or revocation of the license of the licensee by the department except that the department shall forthwith suspend such license without a hearing for failure of the licensee to meet and maintain the requirements of Section 11102(a)3 or 11104(d). Hearings

(b) The notice and hearings provided for in this division shall be pursuant to and governed by the provisions of Chapter 5, Part 1, Division 3, Title 2 of the Government Code.

(c) Any action of the department in suspending, canceling, or revoking, or failing to renew a license may be reviewed by any court of competent jurisdiction.

CHAPTER 2. LAMP AND BRAKE TESTING STATIONS

Official testing stations

11300. The Department of the California Highway Patrol may designate, furnish instructions to, and supervise official stations for adjusting lamps or brakes upon vehicles to conform with the provisions of this code. The department may prescribe the qualifications of any station as a condition to designating the station as an official station and further may suspend or revoke such designation upon determining that the business of the station is improperly conducted.

Issuance of certificate

11301. Whenever a station upon an inspection or after an adjustment, made in conformity with the instructions of the department, determines that the lamps or the brakes upon any vehicle conform with the requirements of this code, it shall issue to the owner or driver of the vehicle a certificate of adjustment on a form prescribed by the Department of the California Highway Patrol which certificate shall contain the date of issuance, the make and registration number of the vehicle, the name of the owner of the vehicle, and the official designation of the station.

CHAPTER 3. WRECKERS

Application for license

11500. Before an automobile wrecker may dismantle or wreck vehicles subject to registration under this code, he shall make application to the department upon an appropriate form for, and shall have received, a license containing a general distinguishing number and one or more pair of special plates. The applicant shall submit proof of his status as a bona fide automobile wrecker as may reasonably be required by the department.

Issuance of license

11501. The department shall approve or reject the application and, if approved, shall issue to the applicant a license containing the applicant's name and address, the name under which the business is to be conducted, and its address, and the general distinguishing number assigned to the applicant.

Issuance of plates

11502. The department shall issue special plates as applied for, which shall have displayed thereon the general distinguishing number assigned to the applicant.

Renewal of plates

11503. Special plates issued under this division shall expire at midnight on the thirty-first day of December of each year and new plates for the ensuing year may be obtained by the person to whom the expired plates were issued, upon application to the department and payment of the fee provided in this code.

The application shall be made by the person to whom the special plates were issued between November 1st and midnight of November 30th preceding such expiration date and shall be

made by presenting the application form provided by the department and by payment of the full annual renewal fee for the plates.

Operation of vehicles under special plates

11504. An automobile wrecker owning or controlling any vehicle of a type required to be registered or transferred under this code, may operate or move the same upon the highways without subjecting the vehicle to registration or transfer, or both, solely for the purpose of moving the same from its then location to the established place of business of the automobile wrecker, if there is displayed on the vehicle, in the manner prescribed in Sections 5200 and 5201, special plates issued to the automobile wrecker as provided in this division.

Return evidences of registration

11505. Any person desiring to dismantle or wreck any vehicle subject to registration under this code shall forward to the department the certificate of ownership, registration card, and the license plate or plates last issued therefor before beginning to dismantle or wreck the vehicle. The department may issue without charge to the person a certificate of dismantling, containing a brief description of the vehicle, including insofar as data may exist with respect to the vehicle, the make, type, serial number and motor number, or any other number of the vehicle.

Report of vehicles sold as salvage

11506. (a) Whenever a vehicle subject to registration is sold as salvage as a result of a total loss insurance settlement, the insurance company or its authorized agent shall within 10 days from settlement of the loss with its insured, forward the endorsed ownership certificate or other evidence of title to the department at its headquarters office.

(b) Upon sale of the salvage vehicle the insurance company shall issue a bill of sale to the purchaser on a form to be prescribed and supplied by the department. The department shall accept such bill of sale in lieu of the ownership certificate or other evidence of title for purposes mentioned in Division 3 of this code when accompanied by an appropriate application or other documents and fees as therein required.

(c) When the salvage vehicle is rebuilt and to be restored to operation, the vehicle shall not be licensed for operation or the ownership thereof transferred until there is submitted to the department with the prescribed bill of sale an appropriate application, other documents and fees required, and a certificate of inspection signed by an employee of the department attesting to its mechanical fitness and safety.

(d) When a total loss insurance settlement between the insurance company and its insured results in the retention of the salvage vehicle by the insured, the insurance company or its authorized agent shall within 10 days from the date of settlement notify the department of such retention by its insured upon a form to be prescribed and supplied by the department.

Duplicate certificates, etc.

11507. In the event the applicant for a certificate of dismantling is unable to furnish the certificate of ownership, registration card, or license plates last issued for the vehicle, the

department may receive the application, examine into the circumstances of the case and may require the filing of suitable affidavits or other information or documents. When satisfied that applicant is entitled to a certificate of dismantling, the department may issue the certificate.

No duplicate certificate of ownership, duplicate registration card, or license plates will be issued when a certificate of dismantling is applied for, and no fees shall be required for the aforesaid affidavit or any stolen, lost, or damaged certificate, card, or plates, or duplicates thereof, unless the vehicle is subsequently registered.

Transfer of vehicle

11508. When any person acquires a vehicle as transferee for the purpose of dismantling or wrecking the same, the title to the vehicle shall be transferred to the person without payment of any transfer fee or prior unpaid transfer fee upon application for the issuance of a certificate of dismantling.

Application for transfer not required

11509. When the transferee of a vehicle is an automobile wrecker who holds the same for wrecking or dismantling purposes and is licensed by the department as an automobile wrecker, the automobile wrecker is not required to make application for transfer of the vehicle, but upon transferring his title or interest to another person, he shall indorse his signature upon the certificate of ownership, deliver the certificate and registration card to the other person, and give notice of the transfer to the department upon the appropriate form provided by it.

Registration

11510. No vehicle for which a certificate of dismantling has been issued may subsequently be registered until it has been inspected by the department and found to be in a safe mechanical condition and equipped with safety glass.

Suspending or refusal to renew license or special plates

11511. (a) The department after notice and hearing may suspend, revoke or refuse to renew a license, or the special plates issued to an automobile wrecker, upon determining that the automobile wrecker is not lawfully entitled thereto or has made, or knowingly or negligently permitted, any illegal use of such plates or license, or has committed fraud in the registration of vehicles, or failed to give notices of transfers when and as required of him by this code, or fails to surrender to the department certificates of ownership, registration cards or license plates last issued for vehicles before beginning to dismantle or wreck the vehicles.

(b) The department may pending a hearing, temporarily suspend or refuse to renew the license or special plates issued to an automobile wrecker for a period not to exceed 30 days, if the director finds that such action is required in the public interest. In any such case a hearing shall be held and a decision thereon issued within 30 days after notice of the temporary suspension.

(c) Every hearing as provided for in this section shall be pursuant to the provisions of Chapter 5, Part 1, Division 3, Title 2 of the Government Code, commencing at Section 11500.

11512. (a) Upon refusal of the department to issue a license, special plates, or certificate of dismantling to an automobile wrecker the applicant shall be entitled to demand in writing a hearing before the director or his representative within 60 days after notice of refusal. Refusal to issue

(b) The hearing shall be conducted pursuant to Chapter 5 of Part 1 of Division 3 of Title 2 of the Government Code, commencing at Section 11500.

11513. Any person desiring to dismantle or wreck any vehicle shall maintain a record of all vehicles dismantled or wrecked, which shall contain the name and address of the person from whom the vehicle was purchased or acquired and the date thereof, the registration number last assigned to the vehicle and a brief description of the vehicle, including insofar as the data may exist with respect to a given vehicle, the make, type, serial number and motor number, or any other number of the vehicle. The record shall be open to inspection during business hours by any peace officer or investigator of the department. Records of wreckers

11514. It shall be prima facie evidence that a vehicle in a dismantled condition has been dismantled by the person having possession thereof. Presumption of dismantling

11515. The provisions of this division do not apply to work or service vehicles owned by an automobile wrecker. Service vehicles

CHAPTER 4. MANUFACTURERS, TRANSPORTERS, DEALERS, AND SALESMEN

Article 1. Issuance of Licenses and Certificates to Manufacturers, Transporters, and Dealers

11700. No person shall act as a dealer without having first procured from the department a license and certificate as required in Section 11701. License required

11701. Every manufacturer of, transporter of, or dealer in vehicles of a type subject to registration shall make application to the department for a license and certificate containing a general distinguishing number. The applicant shall submit proof of his status as a bona fide manufacturer, transporter, or dealer as may reasonably be required by the department. Application

11702. The department may issue, or for reasonable cause shown, refuse to issue a license and certificate to any applicant applying for a manufacturer's, transporter's, or dealer's license and certificate. Authority to refuse

11703. The department may refuse to issue a license and certificate to a manufacturer, transporter, or dealer, when it determines: Same

(a) The applicant was previously the holder of a license and certificate issued under this chapter, which license and certificate were revoked for cause and never reissued by the department, or which license and certificate were suspended for cause and the terms of suspension have not been fulfilled.

(b) That one or more of the partners, if the applicant be a partnership, or one or more of the stockholders or officers of the corporation, if a corporation be the applicant, was previously the holder of a license and certificate, issued under the authority of this chapter, which were revoked for cause and never reissued or were suspended for cause and the terms of suspension have not been terminated, and,

(1) That by reason of the facts and circumstances touching the organization, control, and management of the partnership or corporation business the policy of such business will be directed, controlled, or managed by individuals who, by reason of their conviction of violations of the provisions of this code, would be ineligible for a license and that by licensing such corporation or partnership the purposes of this code would likely be defeated, or,

(2) The applicant, or one of the partners, if the applicant be a partnership, or one or more of the officers of the corporation, if a corporation be the applicant, or one or more of the stockholders if the policy of such business will be directed, controlled, or managed by such stockholder or stockholders, has ever been convicted of a felony or a crime involving moral turpitude.

Form of application

11704. The department shall prescribe and provide forms to be used for application for licenses to be issued under the terms and provisions of this part and require of such applicants, as a condition precedent to issuance of such license, such information touching on and concerning the applicant's character, honesty, integrity and reputation as it may consider necessary; provided, however, that every application for a dealer's license shall contain, in addition to such information as the department may require, a statement of the following facts:

(a) The name and residence address of the applicant and the trade name, if any, under which he intends to conduct his business; and if the applicant be a copartnership, the name and residence address of each member thereof, whether a limited or general partner, and the name under which the partnership business is to be conducted; and if the applicant be a corporation, the name of the corporation and the name and address of each of its principal officers and directors.

(b) A complete description, including the city, town or village with the street and number, if any, of the established place of business and such other and additional place or places of business as shall be operated and maintained by the applicant in conjunction with the established place of business.

(c) If the application be for a dealer's license, the name or names of the new motor vehicle or vehicles that the applicant has been enfranchised to sell or exchange and the name or names and address of the manufacturer or distributor who has enfranchised the applicant.

(d) Upon receipt of an application accompanied with the appropriate fee, the department shall within sixty (60) days,

make a thorough investigation of the information contained in the application.

Suspension, revocation, refusal of renewal

11705. The department after notice and hearing may suspend, revoke or refuse to renew the license and certificate issued to a dealer, transporter, or manufacturer upon determining that any said person is not lawfully entitled thereto, has made or knowingly or negligently permitted any illegal use of the special plates issued to said person, or has violated one or more of the terms and provisions of Division 3 (commencing at Section 4000) of this code, or has been convicted of a felony or a crime involving moral turpitude.

Every hearing as provided for in this section shall be pursuant to the provisions of Chapter 5 (commencing at Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code.

Temporary suspension

11706. The department may, pending a hearing, temporarily suspend or refuse to renew the license and certificates or special plates issued to a manufacturer, transporter, or dealer, for a period not to exceed 30 days, if the director finds that such action is required in the public interest. In any such case a hearing shall be held and a decision thereon issued within 30 days after notice of the temporary suspension.

Every hearing as provided for in this section shall be pursuant to the provisions of Chapter 5 (commencing at Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code.

Terms and conditions

11707. The department may, for just cause shown, revoke or suspend a license and certificate on such terms and conditions and for such period of time as shall appear fair and just to the director; provided, however, that no such license and certificate shall be revoked or suspended except that it shall first be shown that the licensee has been duly convicted by a hearing officer or court of competent jurisdiction of the violation of one or more of the terms and provisions of Division 3 (commencing at Section 4000) of this code.

Hearings

11708. (a) Upon refusal of the department to issue a license and certificate or special plates to a manufacturer, transporter, or dealer the applicant shall be entitled to demand in writing a hearing before the director or his representative within 60 days after notice of refusal.

(b) The hearing shall be conducted pursuant to the provisions of Chapter 5 (commencing at Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code.

Signs or devices on established place of business

11709. A dealer's established place of business and such other sites or locations as may be operated and maintained by such dealers in conjunction with their established place of business shall have posted in a conspicuous place in each and every location the certificate and license issued by the department and shall have erected or posted thereon such signs or devices providing information relating to the dealer's name, the location and address of such dealer's established place of business to enable any person doing business with such dealer to

identify him properly. Every such sign erected or posted on an established place of business, shall have an area of not less than two square feet per side displayed, and shall contain lettering of sufficient size to enable the sign to be read from a distance of at least 50 feet

Bond, service of process

11710. (a) Before any dealer's license shall be issued or renewed by the department to any applicant therefor, the said applicant shall procure and file with the department a good and sufficient bond in the amount of five thousand dollars ($5,000) with corporate surety thereon, duly licensed to do business within the State of California approved as to form by the Attorney General, and conditioned that said applicant shall not practice any fraud, make any fraudulent representation which will cause a monetary loss to a purchaser, seller, financing agency, or governmental agency.

(b) Liability under such bond is to remain at five thousand dollars ($5,000). If the amount of liability under the bond is decreased or there is outstanding a final court judgment for which the dealer and bonding company is liable, the dealer's license shall be automatically suspended. In order to reinstate the license and certificate, the licensee shall either file an additional bond or restore the bond on file to the original amount, or shall terminate the outstanding judgment for which he and the bonding company are liable.

(c) From and after the effective date of this section, a dealer's license, or renewal of such license, shall not be issued to any applicant therefor, unless and until such applicant shall file with the department a good and sufficient instrument in writing in which he shall appoint the director as the true and lawful agent of said applicant upon whom all process may be served in any action, or actions, which may thereafter be commenced against said applicant, arising out of any claim for damages suffered by any firm, person, association or corporation, by reason of the violation of said applicant of any of the terms and provisions of this code or any condition of the dealer's bond. The applicant shall stipulate and agree in said appointment that any process directed to said applicant, when personal service of process upon him cannot be made in this State after due diligence, in such a case which is served upon the director, or in the event of his absence from his office, upon any employee in charge of the office of such director, shall be of the same legal force and effect as if served upon said applicant personally. Said applicant shall further stipulate and agree in writing that the agency created by said appointment shall continue for and during the period covered by any license that may be issued and so long thereafter as the applicant may be made to answer in damages for a violation of this code or any condition of his bond, as aforesaid. The instrument appointing the director as the agent for the applicant for service of process shall be acknowledged by the applicant before a notary public. In any case wherein the licensee be served with process by service thereof upon the

director three (3) copies of said process together with a fee in the amount of five dollars ($5) shall be left with said director. Not later than two (2) days after the service of said process upon him, the director shall mail one copy thereof to the licensee addressed to such licensee at his principal place of business, as the same appears of record in the office of the department, postpaid, by registered mail with request for return receipt. One copy shall be mailed to the surety on the applicant's bond at the address of the surety given in said bond, postpaid and registered with request for return receipt. The remaining copy shall be retained on file with the director; provided, however, that where the licensee is served with process by service thereof upon the director, the licensee shall have and be allowed thirty (30) days from and after the service thereof within which to answer any complaint or other pleading which may be filed in said cause; and provided further, that for purposes of venue, where the licensee is served with process by service thereof upon the director, the service shall be deemed to have been made upon the licensee in the county in which he has or last had his established place of business.

Fraud

11711. (a) If any person shall suffer any loss or damage by reason of any fraud practiced on him or fraudulent representation made to him by a licensed dealer or one of such dealer's salesmen acting for the dealer, in his behalf, or within the scope of the employment of such salesman; provided, such person has possession of a written instrument furnished by the licensee, containing stipulated provisions and guarantees which the person believes have been violated by the licensee, or shall suffer any loss or damage by reason of the violation by such dealer or salesman of any of the provisions of Division 3 of this code, such person shall have a right of action against such dealer, his said salesman, and the surety upon the dealer's bond, in an amount not to exceed the value of the vehicle purchased from or sold to the dealer.

(b) If the State or any political subdivision thereof shall suffer any loss or damage by reason of any fraud practiced on the State or fraudulent representation made to the State by a licensed dealer, or one of such dealer's representatives acting for the dealer, in his behalf, or within the scope of employment of such representatives, or shall suffer any loss or damage by reason of the violation of such dealer or representative of any of the provisions of Division 3 of this code, or Division 2, Part 5 of the Revenue and Taxation Code, the State or any political subdivision thereof, through the department, shall have a right of action against such dealer, his representative, and the surety upon the dealer's bond in an amount not to exceed the value of the vehicles involved.

Change of established place of business

11712. (a) The department shall not issue a dealer's license to any applicant therefor who has not an established place of business as is defined in this code. Should the dealer change the site or location of his established place of business, he shall immediately upon making such change so notify the

department. Should a dealer for any reason whatsoever, cease to be in possession of an established place of business from and on which he conducts the business for which he is licensed, he shall immediately notify the department and upon demand by the department shall deliver to the department such dealer's license and certificate, dealer's special plate or plates, and all report of sale books in his possession.

(b) Should the dealer change to, or add another franchise for the sale of new vehicles, or cancel or, for any cause whatever, otherwise lose a franchise for the sale of new vehicles, he shall immediately so notify the department.

Unlawful acts

11713. It shall be unlawful and a violation of this code for the holder of any license issued under this chapter:

(a) To intentionally publish or circulate any advertising which is misleading or inaccurate in any material particular or which misrepresents any of the products sold or furnished by a licensed dealer.

(b) To advertise or offer for sale or exchange in any manner, any vehicle not actually for sale at the premises of such dealer or available to said dealer from the manufacturer or distributor of such vehicle at the time of the advertisement or offer.

(c) To fail within 48 hours in writing to withdraw any advertisement of a vehicle that has been sold or withdrawn from sale.

(d) To advertise or represent a vehicle as a new vehicle if said vehicle falls within the purview of Section 666 of this code.

(e) To knowingly purchase, sell or otherwise acquire or dispose of a stolen motor vehicle.

(f) To engage in the business for which licensee is licensed without having in force and effect a good and sufficient bond with corporate surety as hereinbefore provided.

(g) For any licensed dealer to engage in the business for which such dealer is licensed without at all times maintaining an established place of business as required by this code.

(h) To include as an added cost to the selling price of a vehicle, an amount for licensing or transfer of title of the vehicle, which amount is not due to the State unless such amount has in fact been paid by the dealer prior to such sale.

Issuance of license and certificate

11714. (a) The department, upon granting a license and certificate, shall issue to the applicant a certificate and license containing the applicant's name and address and the general distinguishing number assigned to the applicant.

(b) The department shall also issue special plates as applied for which shall have displayed thereon the general distinguishing number assigned to the applicant. Each plate so issued shall also contain a number or symbol identifying the same from every other plate bearing a like general distinguishing number.

(c) The department shall also furnish books and forms as it may determine necessary. Said books and forms are and

shall remain the property of the department and may be taken up at any time for inspection.

Operation under special plates

11715. (a) A manufacturer or dealer owning any vehicle of a type otherwise required to be registered hereunder may operate or move the same upon the highways without registering each such vehicle upon condition that any such vehicle display thereon special plates issued to such owner as provided in this chapter, in addition to other license plates or permits already assigned and attached to the vehicle in the manner prescribed in Sections 5200 to 5203, inclusive. Such vehicles may also be moved or operated for the purpose of towing or transporting by any lawful method other vehicles when the towing or transporting vehicle is being delivered for sale only.

(b) A transporter may operate or move any owned or lawfully possessed vehicle of like type by any lawful method upon the highways solely for the purpose of delivery upon condition that there be displayed upon each vehicle in contact with the highway special license plates issued to such transporter as provided in this chapter, in addition to any license plates or permits already assigned and attached to the vehicle in the manner prescribed in Sections 5200 to 5203, inclusive. Such vehicles may be used for the purpose of towing or transporting by any lawful method other vehicles when the towing or transporting vehicle is being delivered for sale or to the owner thereof.

(c) The provisions of this section do not apply to any manufacturer, transporter or dealer operating or moving a vehicle as provided in Section 11716.

(d) The provisions of this chapter do not apply to work or service vehicles owned by a manufacturer, transporter or dealer. They do not apply to vehicles owned and leased by dealers, nor to any unregistered vehicles used to transport more than one load of other vehicles for the purpose of sale.

Operation without plates

11716. A manufacturer, transporter or a dealer in the course of his business may operate or move any vehicle of a type otherwise required to be registered hereunder without registering the same, and without license or special plates attached thereto, from a vessel, railroad depot or warehouse over the highways to a warehouse or salesroom upon first having obtained a written permit authorizing such operation from the department.

Expiration

11717. (a) Every special plate, license, and certificate issued hereunder shall expire at midnight on the thirty-first day of December of each year and a new plate or plates, license, and certificate for the ensuing year may be obtained by the person to whom any such expired plate or plates, license, and certificates was issued upon application to the department and payment of the fee provided in this code.

(b) Every application for the renewal of a special plate or plates, license, and certificate which expires on the date

above mentioned shall be made by the person to whom issued between November 1st and midnight of November 30th preceding such expiration date and shall be made by presenting the application form provided by the department and by payment of the full annual renewal fee for such plate or plates, license, and certificate.

Article 2. Vehicle Salesmen

License required

11800. It shall be unlawful for any person to act as a vehicle salesman without having first procured a license issued by the department.

Application forms

11801. Application forms for a vehicle salesman license shall be furnished by the department, and shall contain provisions for:

1. Name and address of the applicant.
2. Names and addresses of two character references.
3. Whether the applicant has ever been convicted of a felony in connection with the activity of a vehicle salesman.
4. Whether the applicant has ever had a court judgment rendered for which he has been liable as a result of having misrepresented a vehicle.
5. Such other information which will touch on the moral character or fitness of the applicant.
6. Name, address, license number and certification of a licensed dealer employing the applicant.

Authority

11802. (a) The department shall issue a vehicle salesman's license when satisfied that the applicant has furnished the required information, and that he intends in good faith to act as a vehicle salesman, and has paid the fees as required in Section 11809.

(b) The department may refuse to issue, or suspend or revoke a license, when satisfied that:

1. The information contained in an application is incorrect.
2. The applicant or licensee, based on the information contained in the application or by subsequent investigation, is not of good moral character.
3. The applicant or licensee has outstanding an unpaid final court judgment rendered in connection with the activity of a vehicle salesman.

Refusal procedure

11803. If the department refuses to issue, suspends or revokes a vehicle salesman license, the applicant or licensee shall be entitled to an appropriate hearing. Such hearing shall be conducted pursuant to Chapter 5 (commencing at Section 11500), of Part 1, Division 3, Title 2 of the Government Code.

Display of license

11804. The license provided for herein, upon issuance thereof by the department to the licensee, shall forthwith be delivered to and posted in a conspicuous place on the premises of the dealer employing said licensee, and shall be thereafter continuously exhibited in such a public place while said salesman is employed by such employer. In the event a vehicle

salesman's employment is terminated, the license shall be forwarded to the department by the dealer.

Automatic suspension of license

11805. In the event any vehicle salesman ceases to be employed by a licensed dealer, his license to act as a vehicle salesman shall be automatically suspended and his right to act as a vehicle salesman shall thereupon immediately cease, and he shall not engage in the activity of a vehicle salesman until reemployed by a licensed dealer. Every licensed vehicle salesman shall report every change of residence address within five days of such change. Failure to report, nullifies the validity of license.

Single employer

11806. A vehicle salesman, as defined herein, shall not engage in such activity other than for the account of or for and on behalf of a single employer, who shall be a licensed dealer.

Expiration

11807. Every vehicle salesman's license issued hereunder shall expire at midnight on the thirtieth day of June of each year.

Renewal

11808. Every application for the renewal of a vehicle salesman's license which expires on the thirtieth day of June shall be made by the person to whom issued between May 1st and midnight of May 31st preceding such expiration date and shall be made by presenting the application form provided by the department and by payment of the full annual renewal fee for such license.

Fees

11809. The following fee shall be paid to the department for the issuance of a license to do business as a vehicle salesman:

(a) For the issuance of the original license or upon annual renewal _____$10

DIVISION 6. OPERATORS' AND CHAUFFEURS' LICENSES

CHAPTER 1. ISSUANCE OF LICENSES, EXPIRATION, AND RENEWAL

Article 1. Persons Required to Be Licensed, Exemptions, and Age Limits

License required

12500. (a) No person shall drive a motor vehicle upon a highway unless he then holds a driver's license issued under this code, except such persons as are expressly exempted under this code.

(b) An operator's license issued hereunder shall entitle the licensee to operate any vehicle or combination of vehicles except as provided in subdivision (c).

(c) No person shall operate upon a highway a motor vehicle having an unladen weight in excess of 12,000 pounds, nor operate any motor vehicle towing a vehicle having a gross weight in excess of 6,000 pounds, except special mobile equipment or an implement of husbandry, unless he then holds a valid chauffeur's license permitting such operation or a valid

operator's license which has been endorsed by the department permitting such operation, except such persons as are expressly exempted under this code.

This subdivision shall not apply to any person who held a valid operator's license on September 11, 1957, until the expiration of such license.

(d) It is a misdemeanor for any person to drive a motor vehicle upon a highway as a chauffeur unless he then holds a chauffeur's license duly issued under this code, except such persons as are expressly exempted under this code.

Persons exempt

12501. The following persons are not required to obtain a driver's license:

(a) An officer or employee of the United States, while operating a motor vehicle owned or controlled by the United States on the business of the United States.

(b) Any person while driving or operating implements of husbandry incidentally operated or moved over a highway.

(c) Any person while operating a self-propelled wheelchair or invalid tricycle.

Nonresident operator or chauffeur

12502. (a) A nonresident over the age of 21 years having in his immediate possession a valid operator's license issued to him in his home state or country may operate a motor vehicle in this State as an operator only for not to exceed one year without obtaining a license under this code.

(b) A nonresident over the age of 21 years having in his immediate possession a valid chauffeur's license issued to him in his home state or country may operate a motor vehicle in this State without obtaining a license under this code, but the nonresident shall be licensed as a chauffeur under the provisions of this code before he may accept regular employment as a chauffeur within this State.

Unlicensed nonresident

12503. A nonresident over the age of 21 years whose home state or country does not require the licensing of operators or chauffeurs may operate a foreign vehicle owned by him for not to exceed 30 days without obtaining a license under this code.

Nonresident minors

12504. The provisions of Sections 12502 and 12503 shall apply to any nonresident over the age of 16 years but under the age of 21 years, except that the maximum period during which such nonresident may operate a motor vehicle in this State without obtaining a driver's license shall be limited to a period of 10 days immediately following the entry of the nonresident into this State.

Residence

12505. For the purposes of this division, any person who, while residing in this State, accepts gainful employment within this State, is a resident of this State.

Temporary licenses

12506. The department may issue to any person applying for an operator's license, a temporary operator's license, and to any person applying for a chauffeur's license, a temporary chauffeur's license. A temporary license shall permit the operation of a motor vehicle upon the highways for a period of 60 days, when the licensee has the license in his immediate pos-

session, and while the department is completing its investigation and determination of all facts relative to the applicant's right to receive a license. The temporary license is invalid when the applicant's license has been issued or refused.

Same Minors

12507. The department may issue to any person 16 or more years of age, but under 21 years of age, a temporary operator's license if he has:

(a) Satisfactorily completed a course in automobile driver training approved by the Division of Drivers' Licenses in any secondary school of California maintained under Article 11 of Chapter 1 of Division 5 of the Education Code, commencing at Section 10200.

(b) Complied with Chapter 2 of Division 9, commencing at Section 17700.

Limited term license

12508. When in the opinion of the department it would be in the interest of safety, the department may issue, in individual cases, to any applicant for a driver's license, a license limited in duration to less than the regular term. Upon the expiration of a limited term license the department may extend its duration for an additional period without fee but the duration of the license and extensions shall not exceed the term of a regular license.

Instruction permits

12509. Any person who is otherwise qualified for the issuance of a driver's license unless prohibited under Section 12514 of this code may apply to the department for an instruction permit. The department for good cause may issue to the applicant an instruction permit which shall entitle the applicant while having the permit in his immediate possession to drive a motor vehicle upon the highways for a period not exceeding six months when accompanied by, and under the immediate supervision of, a licensed driver 18 years of age or over, but the applicant need not be so accompanied when operating a motorcycle. The department may further restrict the permits as it may determine to be appropriate to assure the safe operation of a motor vehicle by the permittee.

Operator as chauffeur

12510. Any person duly licensed as an operator under this code may after application for a chauffeur's license and pending examination and action by the department thereon, drive a motor vehicle on the highways as a chauffeur.

Chauffeur as operator

12511. Any person duly licensed as a chauffeur under this code need not procure an operator's license.

Age limit for operators

12512. Except as otherwise provided in this code, no operator's license shall be issued to any person under the age of 16 years, except that any minor 15 years and 6 months of age who has successfully completed a course in automobile driver training maintained pursuant to Division 5, Chapter 1, Article 11, of the Education Code in a secondary school or private or parochial school of secondary level may be issued an operator's license.

Junior permits Issuance

12513. (a) Upon application, successful completion of tests and compliance with Sections 17700 to 17705, inclusive, the department may issue a junior permit to any person 14

years of age, but less than 16, who establishes eligibility as required by this section. A person is eligible when, in the opinion of the department, any one or more of the following circumstances exist:

1. School or other transportation facilities are inadequate for regular attendance at school and at activities authorized by the school. The application for a junior permit shall be accompanied by a signed statement from the school principal verifying such facts. A junior permit issued under this subsection shall be restricted to operating a vehicle from residence to the school and return.

2. Reasonable transportation facilities are inadequate and operation of a vehicle by a minor is necessary due to illness of a family member. The application shall be accompanied by a signed statement from a physician familiar with the condition, containing a diagnosis and probable date when sufficient recovery will have been made to terminate the emergency.

3. Transportation facilities are inadequate, and use of a motor vehicle is necessary in the transportation to and from the employment of the applicant and the applicant's income from such employment is essential in the support of the family, or where the applicant's operation of a motor vehicle is essential to an enterprise from which an appreciable portion of the income of the family will be derived. The application shall be accompanied by a signed statement from the parents or the guardian, setting forth the reasons a permit is necessary under this subsection.

(b) The existence of public transportation at reasonable intervals within one mile of the residence of the applicant may be considered adequate grounds for refusal of a junior permit.

(c) The department shall impose restrictions upon junior permits appropriate to the conditions and area under which they are intended to be used.

Same
Duration and revocation

12514. (a) Junior permits issued pursuant to Section 12513 shall not be valid for a period exceeding that established on the original request as the approximate date the minor's operation of a vehicle will no longer be necessary. In any event, no permit shall be valid on or after the sixteenth birthday of the applicant.

(b) The department may revoke any permit when such action appears necessary for the welfare of the minor or in the interests of safety.

(c) In the event conditions or location of residence, which required the minor's operation of a vehicle, change prior to expiration of the permit the department may cancel such permit.

(d) Upon determination that the permittee has operated a vehicle in violation of restrictions, the department shall revoke such permit.

(e) A junior permit shall be construed to be a form of operator's license and shall be subject to all provisions of this

code applying to operator's licenses, except as modified in this section and Section 12513.5.

(f) An instruction permit valid for a period not to exceed six months may be issued after eligibility has been established under Section 12513.5.

12515. No chauffeur's license shall be issued to any person under the age of 18 years. Age for chauffeurs

12516. It is unlawful for any person under the age of 18 years to drive a school bus transporting pupils to or from school. Age for driving school bus

12517. No person shall operate a school bus in the transportation of pupils to or from a private school unless such person holds a valid operator's or chauffeur's license and a school bus driver's certificate issued by the department under the same standards and requirements as are applied to public school bus drivers at the time of issuance of the certificate. Private school bus operator's qualifications

Article 2. Student Licenses

12650. (a) Any student over 14 years of age taking a course in automobile driver training, maintained pursuant to Article 11 of Chapter 1 of Division 5 of the Education Code, commencing at Section 10200, in a secondary school or enrolled in a driver training course offered by a private or parochial school of secondary level may apply to the principal of the school for a student license. Application

(b) The application shall be signed by the applicant before the principal of the school, or a staff member assigned to such duty. The application shall be accompanied by a statement signed by the parents or guardian or person having custody of the minor, consenting to the issuance of a student license to the student and accepting liability for civil damages arising out of the student's driving a motor vehicle upon a highway as provided for in Division 9 (commencing at Section 17000) of this code.

12651. The principal or staff member assigned such duty may issue or reissue a student license without cost whenever in his opinion the applicant is qualified to take the course of instruction and has filed a proper application therefor. Issuance

Upon the issuance of a student license the application, together with the statement of consent signed by the parents, or other persons required to sign, shall be forwarded to the department for filing.

12652. A student license shall limit the operation of a motor vehicle to such times as the licensee is taking driver training in connection with the driver education program and then only at the direction and under the supervision of the instructor and shall be valid only for the period covered by the course and for not more than one year from the date of issuance. Limitations

12653. A student license may be canceled by the principal of the school or by the department whenever, in the opinion Cancellation

of either, the safety of the licensee or other persons requires the action and shall be canceled upon the written request of the parent or other person who signed the consent to issue the license.

All student licenses shall be surrendered and returned to the department whenever canceled or upon completion of the course of instruction for which issued.

Instruction permits

12654. The department may issue an instruction permit to any physically and mentally qualified person taking a course in driver instruction in a public school without further examination. The instruction permit shall be restricted to the operation of a motor vehicle when accompanied by and under the immediate supervision of a regularly certificated teacher for the purpose of instruction.

Article 3. Issuance and Renewal of Licenses

Applications

12800. Every application for a driver's license shall contain the following information:

(a) The applicant's true full name, age, sex, and residence address.

(b) A brief description of the applicant for the purpose of identification.

(c) The kind of license applied for.

(d) Whether the applicant has ever previously been licensed as a driver and, if so, when and in what state or country and whether or not the license has been suspended or revoked and, if so, the date of and reason for the suspension or revocation.

(e) Whether the applicant has ever previously been refused a driver's license in this State and, if so, the date of and the reason for the refusal.

(f) Whether the applicant has previously operated a motor vehicle and, if so, for what length of time.

(g) Whether the applicant has the normal use of both hands and feet.

(h) Whether the applicant has ever been afflicted with epilepsy, paralysis, insanity, or other disability or disease affecting his ability to exercise reasonable and ordinary control in operating a motor vehicle upon a highway.

(i) Whether the applicant understands traffic signs and signals.

(j) Any other information necessary to enable the department to determine whether the applicant is entitled to a license under this code.

Chauffeur's license

12801. An applicant for a chauffeur's license may state the type of vehicle or combination of vehicles the applicant desires to operate.

Signature and verification

12802. Every application shall be signed and verified by the applicant before a person authorized to administer oaths and, if the applicant is a minor, the application shall also be signed and verified as provided in Chapter 2 of Division 9, commencing at Section 17700.

12803. Upon application for an original license, except student licenses, the department shall require an examination of the applicant and shall make provision therefor before an officer or employee or authorized representative of the department in the county wherein the applicant resides. Examinations

12804. (a) The examination shall include a test of the applicant's knowledge and understanding of the provisions of this code governing the operation of vehicles upon the highways, the ability to read and understand simple English used in highway traffic and directional signs, his understanding of traffic signs and signals and the applicant shall be required to give an actual demonstration of his ability to exercise ordinary and reasonable control in operating a motor vehicle by driving the same under the supervision of an examining officer. The examination shall also include a test of the hearing and eyesight of the applicant and such other matters as may be necessary to determine the applicant's mental and physical fitness to operate a motor vehicle upon the highways and whether any ground exists for refusal of a license under this code. Driver's examination

(b) In addition, an applicant for a chauffeur's license shall be required to submit to an examination appropriate to the type of vehicle or combination of vehicles he desires a license to drive.

(c) Every applicant for an endorsement on his operator's license permitting him to operate a motor vehicle having an unladen weight in excess of 12,000 pounds or to tow any vehicle having a gross weight in excess of 6,000 pounds shall be required to submit to an examination appropriate to the vehicle or combination of vehicles he desires to drive.

12805. The department shall not issue or renew a driver's license to any person: Refusal of license Grounds

(a) Who is not of legal age to receive the license.

(b) Who is an habitual drunkard or addicted to the use of narcotic drugs or an habitual user of any other drug rendering the person incapable of safely operating a motor vehicle.

(c) Who is insane or feeble-minded or an idiot, imbecile, or epileptic.

(d) Who is unable as shown by examination to understand traffic signs or signals or who does not have a reasonable knowledge of the provisions of this code governing the operations of vehicles upon the highways.

(e) When it appears by examination or other evidence that such person is unable to operate a motor vehicle upon a highway safely because of physical or mental defect or lack of skill.

(f) Who is unable to read and understand simple English used in highway traffic and directional signs. The provisions of this subdivision shall not apply to any person holding an operator's or chauffeur's license issued by this State and valid on September 11, 1957.

Grounds not requiring refusal

12806. Any physical or mental defect of the applicant which in the opinion of the department does not affect the applicant's ability to exercise reasonable and ordinary control in operating a motor vehicle upon the highway shall not prevent the issuance of a license to the applicant.

Additional grounds for refusal

12807. The department shall not issue or renew a driver's license to any person:

(a) When a license previously issued to the person under this code has been suspended until the expiration of the period of the suspension, unless cause for suspension has been removed.

(b) When a license previously issued to the person under this code has been revoked until the expiration of one year after the date of the revocation, except where a different period of revocation is prescribed by this code, or unless the cause for revocation has been removed.

(c) When the department has been notified by a court that the licensee has violated his written promise to appear in court, unless the department has received a certificate signed by the magistrate or clerk of the court hearing the case in which the promise was given showing that the case has been adjudicated.

Record of applicant

12808. The department shall, before issuing or renewing any license, check the record of the applicant for conviction of traffic violations and traffic accidents.

The department shall, before issuing or renewing any license, check the record of the applicant for notices of failure to appear in court filed with it and shall withhold or shall not issue a license to any applicant who has violated his written promise to appear in court unless the department has received a certificate signed by the magistrate or clerk of the court hearing the case in which the promise was given showing that the case has been adjudicated. In lieu of the certificate of adjudication, a notice from the court stating that the original records have been lost or destroyed shall permit the department to issue a license.

Grounds permitting refusal

12809. The department may refuse to issue or renew a driver's license to any person:

(a) If the department is satisfied that the applicant is not entitled to the license under this code.

(b) If the applicant has failed to furnish the department the information required in the application or reasonable additional information requested by the department.

(c) If the department determines that the applicant has made or permitted unlawful use of any driver's license.

(d) If the department determines that the applicant has used a false or fictitious name in any application for a license, or has knowingly made a false statement or knowingly concealed a material fact, or otherwise committed any fraud in any such application.

(e) If the department determines that the applicant is a negligent or incompetent operator of a motor vehicle.

12810. In determining the violation point count, any conviction under Section 14601, 20002, 20007, 23102, 23103, or 23104 of this code shall be given a value of two points and any other traffic conviction involving the safe operation of a motor vehicle upon the highway shall be given a value of one point; provided, that conviction for only one violation arising from one occasion of arrest or citation shall be counted in determining the violation point count for the purposes of this section. Traffic violation point count and negligent operation defined

Any person whose driving record shows a violation point count of four or more points in 12 months, six or more points in 24 months or eight or more points in 36 months shall be prima facie presumed to be a negligent operator of a motor vehicle.

Any accident in which the operator is deemed by the department to be responsible shall be given a value of one point.

In applying the provisions of this section to a driver, the department shall give due consideration to the amount of use or mileage traveled in the operation of a motor vehicle.

12811. When the department determines that the applicant is lawfully entitled to a license it shall issue to the person an operator's or chauffeur's license as applied for. The license shall state whether it is an operator's or chauffeur's license and shall bear thereon the distinguishing number assigned to the applicant, the date of expiration, the name, age, and residence address of the licensee, a brief description and photograph of the licensee for the purpose of identification and space for the signature of the licensee. Issuance and contents of license

Each license shall also contain a space for the endorsement thereon of a record of each suspension or revocation thereof.

The department shall use such process or processes in the issuance of licenses, that prohibit as near as possible, the ability to alter or reproduce the license, or prohibit the ability to superimpose a photograph on such license without ready detection.

12812. The department may issue: (1) a general chauffeur's license; (2) a restricted chauffeur's license; (3) an operator's license; (4) an endorsed operator's license permitting the operation of motor vehicles having an unladen weight in excess of 12,000 pounds and the towing of vehicles having a gross weight in excess of 6,000 pounds. Types of licenses

12813. (a) The department upon issuing a driver's license shall have authority whenever good cause appears to impose restrictions suitable to the licensee's driving ability with respect to the type of, or special mechanical control devices required on, a motor vehicle which the licensee may operate or such other restrictions applicable to the licensee as the department may determine to be appropriate to assure the safe operation of a motor vehicle by the licensee. Restricted

(b) The department may issue either a special restricted license or may set forth the restrictions upon the usual license

form and upon issuing a restricted chauffeur's license shall indicate thereon the type of vehicle or combination of vehicles the licensee is licensed to operate.

Renewal

12814. Application for renewal of a license shall be made by the person to whom the license was issued. The department may in its discretion require an examination of the applicant as upon an original application or, in the case of a chauffeur's license, may require a physical examination only.

Licenses lost, destroyed, etc

12815. In the event a driver's license issued under this code is lost, destroyed or mutilated, the person to whom it was issued may obtain a duplicate upon furnishing satisfactory proof of such fact to the department. Any person who loses a driver's license and who, after obtaining a duplicate, finds the original license shall immediately surrender the original license to the department. In no event shall any person be entitled to have in his possession more than one valid operator's and one valid chauffeur's license issued to him under this code.

Term of license

12816. (a) Every original driver's license issued after September 10, 1957, shall expire on the anniversary of the date of birth of the applicant in the third year following the date of the application for the license.

(b) Renewal of any driver's license shall be made for a term which shall expire on the anniversary of the date of birth of the applicant in the fifth year following the expiration of the license renewed except that an original driver's license or such renewal of a license shall expire on the anniversary of the date of birth of the applicant in the second year following the application for an original, or the expiration of the license renewed if within the past two years the applicant has:

1. Except for parking violations, been convicted of two or more violations of Division 11 (commencing at Section 21000) of this code, if licensed as an operator, or four or more violations if licensed as a chauffeur.

2. Been convicted of any felony in the commission of which a motor vehicle was used.

(c) The department may accept application for a renewal of a driver's license made not more than six months prior to the date of expiration and the renewal license when issued shall expire as stated in subdivision (b) above. If renewal is not applied for within 30 days after expiration of the license, the application and fee shall be considered the same as an application for an original license to be issued for the term indicated in subdivision (a) above.

Persons in armed forces

12817. A driver's license issued under this code to any person who enters the United States armed forces, if valid and in force and effect at the time the person enters the service, shall continue in full force and effect so long as the service continues and for not to exceed 30 days following the date on which the holder of such license is honorably separated from such service, unless the license is sooner suspended, canceled, or revoked for cause as provided by law. The license is valid

only when in the immediate possession of the licensee while driving and the licensee has his discharge or separation papers, if he has been discharged or separated from the service, in his immediate possession.

Article 4. Signature and Display of Licenses

12950. Every person licensed under this code shall write his usual signature with pen and ink in the space provided for that purpose on the license issued to him, immediately on receipt thereof, and the license is not valid until so signed, except that if the department issues a form of license which bears the facsimile signature of the applicant as shown upon the application, the license is valid even though not so signed. Signature

12951. The licensee shall have the license issued to him in his immediate possession at all times when driving a motor vehicle upon a highway and when driving shall display the same upon demand of a peace officer enforcing the provisions of this code. Possession

Any charge under this section shall be dismissed when the person charged produces in court a driver's license duly issued to such person and valid at the time of his arrest, except that upon a third or subsequent charge under this section the court in its discretion may dismiss the charge.

12952. A licensee shall display his driver's license upon request of a magistrate or judge before whom he may be brought for violation of any traffic law. Display of license to court

Chapter 2. Suspension or Revocation of Licenses

Article 1. General Provisions

13100. When used in reference to a driver's license, "cancellation" means that an operator's or chauffeur's license certificate is terminated without prejudice and must be surrendered. Any person whose license has been canceled may immediately apply for a license. Cancellation of license may be made only when specifically authorized in this code or when a license has been issued through error or voluntarily surrendered to the department. "Cancellation"

13101. When used in reference to a driver's license, "revocation" means that the person's privilege to drive a motor vehicle is terminated and a new driver's license may be obtained after the period of revocation. "Revocation"

13102. When used in reference to a driver's license, "suspension" means that the person's privilege to drive a motor vehicle upon a highway is temporarily withdrawn. "Suspension"

Article 2. Suspension or Revocation by Court

13200. Whenever any person licensed under this code is convicted of a violation of any provision of this code relating to the speed of vehicles or a violation of Section 23103 the Speeding or reckless driving

court may, unless this code makes mandatory a revocation by the department, suspend the privilege of the person to operate a motor vehicle for a period of not to exceed 30 days upon a first conviction, for a period of not to exceed 60 days upon a second conviction, and for a period of not to exceed six months upon a third or any subsequent conviction.

Certain misdemeanors

13201. A court may suspend the privilege of any person to operate a motor vehicle, for a period not exceeding six months, upon conviction of any of the following offenses:

(a) Driving while under the influence of intoxicating liquor under Section 23102.

(b) Failure of the driver of a vehicle involved in an accident to stop or otherwise comply with the provisions of Section 20002.

(c) Reckless driving proximately causing bodily injury to any person under Section 23104.

(d) Failure of the driver of a vehicle to stop at a railway grade crossing as required by Section 22452.

Illegal narcotics

13202. A court may suspend or revoke the privilege of any person to operate a motor vehicle upon conviction of any narcotic offense as defined in Division 10 of the Health and Safety Code, commencing at Section 11000, when the use of a motor vehicle was involved in, or incidental to, the commission of the offense.

The period of time for suspension or the period after revocation during which the person may not apply for a license shall be determined by the court.

Limitations on suspensions

13203. In no event shall a court revoke or suspend the privilege of any person to operate a motor vehicle or as a condition of probation prohibit the operation of a motor vehicle for a period of time longer than that specified in this code. Any such prohibited order of a court, whether imposed as a condition of probation or otherwise, shall be null and void, and the department shall restore or reissue a license to any person entitled thereto irrespective of any such invalid order of a court.

Equivalents of conviction

13204. For the purposes of this chapter, a plea of guilty or a judgment of guilty, whether probation is granted or not, or a forfeiture of bail, constitutes a conviction of any of the crimes mentioned in this code, except those relating to unlawful parking of vehicles.

Nonresidents

13205. The privileges of a nonresident to operate vehicles in this State may be suspended or revoked under the provisions of this chapter in the same manner and to the same extent as the privileges of a resident driver.

Surrender of license

13206. Whenever a court suspends the privilege of a person to operate a motor vehicle, the court shall require the person's license to be surrendered to it. Unless required by the provisions of Section 13550 to send the license to the department, the court shall retain the license during the period of suspension and return it to the licensee at the end of the period after indorsing thereon a record of the suspension.

13207. Whenever a court suspends the privilege of any person to operate a motor vehicle, the suspension shall apply to all driver's licenses held by him, and all licenses shall be surrendered to the court. Suspension: Licenses affected

Article 3. Suspension and Revocation by Department

13350. The department shall immediately revoke the privilege of any person to operate a motor vehicle upon receipt of a duly certified abstract of the record of any court showing that the person has been convicted of any of the following crimes or offenses: Required revocation

(1) Manslaughter resulting from the operation of a motor vehicle.

(2) Driving when addicted to the use, or under the influence of a narcotic drug under Section 23105.

(3) Failure of the driver of a vehicle involved in an accident resulting in injury or death to any person to stop or otherwise comply with Section 20001.

(4) Upon three or more convictions upon violation of Section 20002, 23103, or 23104 within a period of 12 months from the time of the first conviction, or upon a combination of three or more of any such convictions within a like period.

(5) Any felony in the commission of which a motor vehicle is used, except as provided for in Section 13550, 13552, or 13553.

13351. The privilege revoked under Section 13350 shall not be renewed until the expiration of one year after the date of revocation and until the person whose privilege was revoked gives proof of ability to respond in damages as defined in Section 16430. Renewal of privilege

13352. The department shall immediately suspend or revoke the privilege of any person to operate a motor vehicle upon receipt of a duly certified abstract of the record of any court showing that the person has been convicted of driving a motor vehicle while under the influence of intoxicating liquor. The suspension or revocation shall be as follows: Influence of liquor

(a) Upon a first such conviction other than under Section 23101 such privilege shall be suspended for a period of 90 days, unless the court in case of the first conviction only suspends such privilege under authority of Section 13201 or recommends no suspension.

(b) Upon a first such conviction under Section 23101 such privilege shall be suspended for one year and shall not be reinstated until such person gives proof of ability to respond in damages as defined in Section 16430.

(c) Upon a second such conviction within seven years, such privilege shall be suspended for one year and shall not be reinstated unless and until such person gives proof of ability to respond in damages as defined in Section 16430.

(d) Upon a second such conviction under Section 23101 within three years, such privilege shall be permanently revoked.

(e) Upon a third or subsequent such conviction within 10 years such privilege shall be revoked and shall not be reinstated for a period of three years and until such person files proof of ability to respond in damages as defined in Section 16430.

Beginning of suspension

13353. Every suspension under Section 13352 shall begin to run from the date the license is surrendered to the judge as required, or if for any reason the license is not surrendered to the judge at the time of conviction, the suspension shall run from the date the licensee is notified of the suspension by the department.

Influence of liquor

13354. The department may suspend or revoke the privilege of a person to operate a motor vehicle upon a conviction of the licensee of operating a vehicle while under the influence of intoxicating liquor.

Juvenile offenders

13355. The department shall revoke the privilege of any person to operate a motor vehicle who has been found by a judge of the juvenile court to have committed any of the following offenses:

(a) Manslaughter arising from the operation of a motor vehicle.

(b) Operating a vehicle while a habitual user of narcotic drugs or while under the influence of intoxicating liquor or narcotic drugs.

(c) Failure of the driver of a vehicle involved in an accident resulting in injury or death to any person to stop or otherwise comply with Section 20001 hereof.

(d) Three or more offenses of violating Section 20002, 20007, 23103, or 23104 within a period of 12 months from the time of the first offense, or upon a combination of three or more of any such offenses within a like period.

Each judge of a juvenile court shall immediately report such findings to the department.

Recommendation of juvenile court

13356. Upon the recommendation of the judge of a juvenile court the department shall also revoke or suspend the privilege of any person to operate a motor vehicle who has been found to have committed any of the following offenses:

(a) Reckless driving.

(b) Failure to stop in the event of an accident as provided for in Section 20002 or 20007.

(c) Two or more offenses within a period of six months of violating the provisions of this code limiting the speed of vehicles

(d) A violation of this code punishable as a felony or of the provisions of the Penal Code relating to the grand theft of a motor vehicle.

Effective date of revocation or suspension, juveniles

13357. Every revocation or suspension under Section 13355 or Section 13356 shall begin to run from the date the license is surrendered to the judge or, if for any reason the license is not surrendered to the judge at the time of the findings,

the revocation or suspension shall run from the date notice of the action by the department is served.

Juvenile licenses

13358. Upon the recommendation of the judge of the juvenile court, any duly constituted referee of a juvenile court or a juvenile probation officer of any county, the department may suspend or revoke the privilege of any minor within the jurisdiction of such juvenile court to operate a motor vehicle.

Grounds for revocation

13359. The department may revoke the privilege of any person to operate a motor vehicle upon any of the grounds which authorize the refusal to issue a license.

Violation of restrictions

13360. Upon receiving satisfactory evidence of any violation of the restrictions of a driver's license, the department may suspend or revoke the same.

Grounds for suspension

13361. The department may suspend the privilege of any person to operate a motor vehicle upon receipt of a duly certified abstract of the record of any court showing that the person has been convicted of any of the following crimes or offenses:

(a) Failure to stop in the event of an accident under Section 20002.

(b) A second or subsequent conviction of reckless driving under Section 23103 or upon a first conviction under Section 23104.

(c) Failure to stop upon striking an unattended vehicle under Section 20007.

In any case under this section the department is authorized to require proof of ability to respond in damages as defined in Section 16430.

Surrender of license erroneously issued

13362. The department may require the surrender to it of any driver's license which has been issued erroneously or which contains any erroneous or false statement, or which does not contain any notation required by law or by the department. In the event a licensee does not surrender the license upon proper demand, the department may suspend the licensee's privilege to operate a motor vehicle The suspension shall continue until the correction of the license by the department or until issuance of another license or temporary license in lieu thereof.

Conviction in another state

13363. The department may, in its discretion, suspend or revoke the privilege of any resident or nonresident to drive a motor vehicle in this State upon receiving notice of the conviction of the person within the United States or its territories or the Dominion of Canada of an offense therein which, if committed in this State, would be grounds for the suspension or revocation of the privilege to operate a motor vehicle

Suspension while license suspended or revoked

13364. The department, upon receiving a record of the conviction of any person upon a charge of violating Section 14601 by driving during the period of any term of revocation or suspension, whether or not proof of ability to respond in damages was also required, shall suspend the driving privilege of the person for a period of six months effective upon the termination of all outstanding term revocations and suspensions.

Extension of time proof to be maintained

13365. The department, upon receiving a record of the conviction of any person upon a charge of violating Section 14601 by driving during a period of any revocation or suspension pending the filing of proof of ability to respond in damages but when no term revocation or suspension was outstanding, shall require that proof be maintained for an additional period of six months following the time the requirement of maintaining proof would otherwise be terminated.

Effective date of suspension or revocation

13366. Whenever in this code the department is required to suspend or revoke the privilege of a person to operate a motor vehicle upon the conviction of such person of violating this code, such suspension or revocation shall begin upon a plea, finding or verdict of guilty.

Article 4. Procedure

Surrender of licenses. To court

13550. Whenever any person is convicted of any offense for which this code makes mandatory the revocation or suspension by the department of the privilege of the person to operate a motor vehicle, or is convicted under Section 23102, unless, under Section 13352 the court recommends that there be no suspension, the privilege of the person to operate a motor vehicle is suspended or revoked until the department takes the action required by this code, and the court in which the conviction is had shall require the surrender to it of all driver's licenses issued to the person convicted and the court shall within 10 days after the conviction forward the same with the required report of such conviction to the department.

Same To department

13551. Whenever the department revokes or suspends the privilege of any person to operate a motor vehicle, the revocation or suspension shall apply to all driver's licenses held by him, and all such licenses shall be surrendered to the department unless previously surrendered to the court. Whenever the department cancels an operator's or chauffeur's license, the license shall be surrendered to the department. All suspended licenses shall be retained by the department. Upon the expiration of the period of suspension by the department of any license, the department shall return the license to the licensee, or may grant him a new one.

Nonresidents

13552. (a) The privileges of a nonresident to operate vehicles in this State may be suspended or revoked under the provisions of this chapter in the same manner and to the same extent as the privileges of a resident driver.

(b) Any nonresident, whether or not licensed to drive in a foreign jurisdiction, who operates a motor vehicle upon a highway after his privilege of operating a motor vehicle in this State has been suspended or revoked is in violation of Section 14601.

(c) Whenever the department revokes or suspends the privileges of a nonresident to operate vehicles in this State, it shall send a certified copy of the order to the proper authorities in the state wherein the person is a resident.

13553. Whenever a court or the department suspends or revokes the privilege of any person to operate a motor vehicle and the person does not hold a valid driver's license, or has never applied for or received a driver's license in this State, the person shall be subject to any and all penalties and disabilities provided in this code for a violation of the terms and conditions of a suspension or revocation of the privilege to operate a motor vehicle. Unlicensed persons

13554. For the purposes of this chapter, a plea of guilty or a judgment of guilty, whether probation is granted or not, or a forfeiture of bail, constitutes a conviction of any of the crimes mentioned in this code, except those relating to unlawful parking of vehicles. Equivalents of conviction

13555. A termination of probation and dismissal of charges pursuant to Section 1203.4 of the Penal Code does not affect any revocation or suspension of the privilege of the probationer to operate a motor vehicle under this chapter, except Section 13364. The probationer's prior conviction shall be considered a conviction for the purpose of revoking or suspending such privilege on the ground of two or more convictions. Termination of probation and dismissal of charges

13556. (a) Unless otherwise specifically provided in this chapter, no suspension of a license by the department shall be for a longer period than six months. Suspension limit

(b) Any discretionary suspension, the ending of which is dependent upon an action by the person suspended and which has been in effect for eight years, may be ended at the election of the department.

Chapter 3. Investigation and Hearing

Article 1. Investigation and Re-examination

13800. The department may conduct an investigation to determine whether the privilege of any person to operate a motor vehicle should be suspended or revoked or whether terms or conditions of probation should be imposed upon receiving information or upon a showing by its records: Investigations by department

(a) That the licensee has been involved as a driver in any accident causing death or personal injury or serious damage to property.

(b) That the licensee has been involved in three or more accidents within a period of 12 consecutive months.

(c) That the licensee is a reckless, negligent, or incompetent driver of a motor vehicle.

(d) That the licensee has permitted an unlawful or fraudulent use of his driver's license.

(e) That any ground exists for which a license might be refused.

13801. In addition to the investigation, the department may require the re-examination of the licensee, and shall give 10 days' written notice of the time and place thereof. If the licensee refuses or fails to submit to the re-examination, the Re-examination by department

department may peremptorily suspend the driving privilege of the person until such time as the licensee shall have submitted to re-examination. The suspension shall be effective upon notice.

Special consideration for chauffeurs

13802. In applying the provisions of Section 13800 the department shall give due consideration to the more frequent use of motor vehicles by chauffeurs.

Article 2. Notice

Notice required

13950. Whenever the department determines upon investigation or re-examination that any of the grounds for re-examination are true, or that the safety of the person investigated or re-examined or other persons upon the highways requires such action, and it proposes to revoke or suspend the driving privilege of the person or proposes to impose terms of probation on his driving privilege, notice and an opportunity to be heard shall be given before taking the action.

Upon refusal of license

13951. Whenever the department proposes to refuse to issue or renew a driver's license, it shall notify the applicant of such fact and give him an opportunity to be heard.

Contents

13952. The notice shall contain a statement setting forth the proposed action and the grounds therefor, and notify the person of his right to a hearing as provided in this part, or the department, at the time it gives notice of its intention to act may set the date of hearing, giving 10 days' notice thereof.

Alternative action

13953. In the alternative to the procedure under Sections 13950, 13951, and 13952 and in the event the department determines upon investigation or re-examination that the safety of the person subject to investigation or re-examination or other persons upon the highways require such action, the department shall forthwith and without hearing suspend or revoke the privilege of the person to operate a motor vehicle or impose reasonable terms and conditions of probation which shall be relative to the safe operation of a motor vehicle. No order or suspension or revocation or the imposition of terms or conditions of probation shall become effective until 10 days after the giving of written notice thereof to the person affected, except that the department shall have authority to make any such order effective immediately upon the giving of notice when in its opinion because of the mental or physical condition of the person such immediate action is required for the safety of the driver or other persons upon the highways.

Article 3. Hearing

Demand for hearing

14100. Whenever the department has given notice or taken or proposes action under Sections 13950, 13951, and 13952, the person receiving the notice or subject to the action taken or proposed to be taken may, in writing and within 10 days, either demand an informal hearing or a formal hearing which shall be granted, except as provided in Section 13953.

An application for a hearing shall not operate to stay the action by the department for which notice is given.

No hearing

14101. A person is not entitled to a hearing either:

(a) Whenever the action by the department is made mandatory by the provisions of this code.

(b) When the person has previously been given an opportunity with appropriate notice for either an informal or formal hearing.

No formal hearing

14102. A person is not entitled to a formal hearing whenever action by the department is taken on grounds ascertainable on examination or re-examination under this code.

Waiver of hearing

14103. Failure to respond to a notice given under this chapter within 10 days is a waiver of the right to a hearing, and the department may take action without hearing, or the department may, upon request of the person whose privilege of driving is in question, or at its own option, reopen the question, take evidence, change, or set aside any order theretofore made, or grant either an informal or a formal hearing.

Informal hearing

14104. (a) Whenever an informal hearing is granted as provided in this part, it shall be conducted in a completely informal manner, the only requirement being that the applicant or licensee shall have the opportunity to make or file a written answer or statement in which he may controvert any point at issue or present any evidence or arguments for the consideration of the department, or the person may present orally to the department any evidence or statement pertinent to the question and submit the question for determination by the department.

The department may consider any of the records or reports referred to in Section 14108.

Same Findings and decision

14105. Upon the conclusion of an informal hearing the referee or board shall make findings on the matter under consideration and may prepare and submit recommendations to the department. After a review of the records, evidence, and findings, the department shall render its decision concerning the matter under consideration and shall notify the person involved. The decision is effective upon notice

Same Reopening case

14106. The department may, upon the request of the person whose privilege of driving is in question, or, at its own option, reopen the question, take further evidence, or change or set aside any order theretofore made.

Formal hearing

14107. Whenever the department grants a formal hearing as provided in this part, the department shall fix a time and place for hearing as early as may be arranged in the county where the applicant or licensee resides, and shall give 10 days' notice of the hearing to the applicant or licensee, except that the hearing may be set for a different place with the concurrence of the applicant or licensee and the period of notice may be waived.

Any formal hearing shall be conducted by the director or by a referee or hearing board appointed by him from officers or employees of the department.

Same: Evidence

14108. At any formal hearing the department shall consider its official records and may receive sworn testimony and shall be entitled to receive as evidence either at the hearing or subsequent to the hearing and with the consent of the applicant or licensee and use as proof concerning any fact relating to the ability of the applicant or licensee to safely operate a motor vehicle any or all of the following:

(a) Reports of attending or examining physicians.

(b) Reports of special investigators appointed by the director or department to investigate and report upon any facts relating to the ability of the person to operate a vehicle safely.

(c) Properly authenticated reports of hospital records, excerpts from expert testimony received by the department or a hearing board upon similar issues of scientific fact in other cases and the prior decisions of the director upon such issues.

Findings of referee or board

14109. Upon the conclusion of a formal hearing the referee or board shall make findings on the matters under consideration and may prepare and submit recommendations to the director.

Decision of director

14110. The director, upon review of the records, evidence, and of the findings, if any, shall render his decision concerning the refusal to issue or renew a driver's license, the imposing of terms or conditions of probation, or concerning the suspension or revocation of the privilege of operating a motor vehicle, or in those cases in which an action has been previously taken by the department, the director shall render his decision sustaining, modifying, or reversing the order of suspension or revocation or the refusal to issue a license or the order imposing terms or conditions of probation, or he may set aside the prior action of the department and direct that probation be granted to the applicant or licensee and fix the terms and conditions of the probation.

Effect of decision

14111. The decision of the director following any formal hearing shall be effective on notice. The decision shall not be subject to modification for a period of one year thereafter except where the cause for which the action was taken has been removed.

Formal hearing procedure

14112. All matters in a formal hearing not covered by this part shall be governed, as far as applicable, by the provisions of the Government Code relating to administrative hearings, and particularly by Chapter 5 of Part 1 of Division 3 of Title 2 of the Government Code.

Article 4. Probation

Probation

14250. Whenever by any provision of this code the department has discretionary authority to suspend or revoke the privilege of a person to operate a motor vehicle, the department may in lieu of suspension or revocation place the person on probation, issuing a probationary license with such reasonable terms and conditions as shall be deemed by the department to be appropriate.

14251. The department shall have authority to terminate or to modify the terms or conditions of any order of probation whenever good cause appears therefor. Termination or modification

14252. The department upon receiving satisfactory evidence of a violation of any of the terms or conditions of probation imposed under this code, may withdraw the probationary license and order the suspension or revocation of the privilege to operate a motor vehicle. Withdrawal of probationary license

14253. Unless probation was imposed for a cause which is continuing, the probationer, after not less than one year, may request in writing the termination of the probation and the return of his regular license. Upon a showing that there has been no violation of the terms or conditions of the probation for a period of one year immediately preceding the request, the department shall terminate the probation and either restore to the person his driver's license or require an application for a new license. Termination

Article 5. Review of Orders

14400. Nothing in this code shall be deemed to prevent a review or other action as may be permitted by the Constitution and laws of this State by a court of competent jurisdiction of any order of the department refusing, canceling, suspending, or revoking the privilege of a person to operate a motor vehicle. Court review

Chapter 4. Violation of License Provisions

14600. (a) Whenever any person after applying for or receiving a driver's license moves from the address named in the application or in the license issued to him, he shall within 10 days thereafter notify the department in writing of his old and new address. Notice of change of address

(b) The department may thereupon change the address as shown upon the license or application or, should the department for any reason fail to so change the address upon the license, then the licensee shall mark out the former address on the face of the license and type or write the new address in ink on the reverse of the license with the date and signature of the licensee.

14601. No person shall drive a motor vehicle upon a highway at any time when his driving privilege is suspended or revoked or when a license or permit to drive a motor vehicle has been refused and no license has been issued to him under the provisions of this code, and the person so driving has knowledge of either such fact. Driving when license refused, etc

14602. (a) Whenever a person is convicted for driving while his driving privilege has been suspended or revoked with respect to a motor vehicle of which he is the owner, the court, at the time sentence is imposed on the person, may order the motor vehicle impounded in such manner as the court may determine, for a period of not to exceed six months for a first Impounding vehicles

conviction, and not to exceed 12 months for a second or subsequent conviction. The cost of keeping the vehicle shall be a lien thereon, pursuant to Chapter 6.5 of Title 14 of Part 4 of Division 3 of the Civil Code, commencing at Section 3067.

(b) Regardless of the foregoing, any motor vehicle impounded pursuant to this section which is subject to a chattel mortgage, conditional sale contract, or lease contract shall be released by the court to the legal owner upon the filing of an affidavit by the legal owner that the chattel mortgage, conditional sale contract, or lease contract is in default and shall be delivered to the legal owner upon payment of the accrued cost of keeping the motor vehicle.

Violation of restrictions

14603. No person shall operate a vehicle in violation of the provisions of a restricted license issued to him.

Employment of unlicensed chauffeur

14604. No person shall employ or hire as a chauffeur of a motor vehicle any person not then licensed as a chauffeur under this code.

Operation in parking facilities

14605. (a) No person shall operate a motor vehicle within an off-street parking facility unless he is licensed as an operator or chauffeur under the provisions of this code.

(b) No operator of an off-street parking facility shall hire or retain in his employment an attendant whose duties involve the operating of motor vehicles unless such attendant, at all times during such employment, is licensed as an operator or chauffeur under the provisions of this code.

Permitting unlicensed persons to drive

14606. No person shall knowingly permit or authorize the driving of a motor vehicle, owned by him or under his control, upon the highways by any person, either as operator or chauffeur, unless the person is then licensed under this code.

Same Minors

14607. No person shall cause or knowingly permit his child, ward, or employee under the age of 21 years to drive a motor vehicle upon the highways, either as operator or chauffeur, unless such child, ward, or employee is then licensed under this code.

Rental of vehicles

14608. No person shall rent a motor vehicle to another unless:

(a) The person to whom the vehicle is rented is licensed under this code or is a nonresident who is licensed under the laws of the state or country of his residence.

(b) The person renting to another person has inspected the driver's license of the person to whom the vehicle is to be rented and compared the signature thereon with the signature of such person written in his presence.

Records of rentals

14609. Every person renting a motor vehicle to another person shall keep a record of the registration number of the motor vehicle rented, the name, address, and license number of the person to whom the vehicle is rented, and the date and place when and where the license was issued.

Unlawful use of license

14610. It is unlawful for any person:

(a) To display or cause or permit to be displayed or have in his possession any canceled, revoked, suspended, fictitious, or fraudulently altered driver's license.

(b) To lend his driver's license to any other person or knowingly permit the use thereof by another.

(c) To display or represent any driver's license not issued to him as being his license.

(d) To fail or refuse to surrender to the department upon its lawful demand any driver's license which has been suspended, revoked or canceled.

(e) To permit any unlawful use of a driver's license issued to him.

(f) To do any act forbidden or fail to perform any act required by this division.

(g) To photograph, photostat, duplicate, or in any way reproduce any driver's license or facsimile thereof in such a manner that it could be mistaken for a valid license, or to display or have in his possession any such photograph, photostat, duplicate, reproduction, or facsimile unless authorized by the provisions of this code.

CHAPTER 5. LICENSE FEES

Fee for drivers' licenses

14900. (a) Upon application for an original driver's license or for the renewal of a driver's license there shall be paid the department a fee of three dollars ($3). The payment of the fee shall entitle the person paying same to make application for a driver's license and to three examinations within a period of six months. A person licensed as an operator who is qualified to receive a chauffeur's license may be issued a chauffeur's license for the unexpired term of his operator's license without an additional fee upon application and surrender of his operator's license.

The term "driver's license" as used in this section includes all licenses of every kind issued under Division 6 of this code.

(b) Any person who, by reason of physical disabilities, is unable to move about as a pedestrian shall be exempt from the fee provided in this section, but only in the event the license issued to such person restricts such person to the operation of a self-propelled wheelchair or invalid tricycle.

Duplicate license

14901. Upon an application for a duplicate driver's license there shall be paid the department a fee of one dollar ($1).

DIVISION 7. FINANCIAL RESPONSIBILITY LAWS

CHAPTER 1. SECURITY FOLLOWING ACCIDENT

Article 1. Reports of Accidents

Reports required

16000. The driver of every motor vehicle which is in any manner involved in an accident originating from the operation of a motor vehicle on any street or highway which accident has resulted in damage to the property of any one person in excess of one hundred dollars ($100) or in bodily injury or

in the death of any person shall within 15 days after the accident, report the accident on a form approved by the department to the office of the department at Sacramento, subject to the provisions in this article.

Driverless runaway vehicle

16001. If the vehicle involved was a driverless runaway vehicle and was parked with the express or implied permission of the registered owner, the registered owner of the vehicle shall be construed to have been the driver of the vehicle for the purposes of this chapter.

Vehicle of employer

16002. If the driver at the time of the accident was driving a motor vehicle owned, operated, or leased by the employer of the driver and with the permission of the employer, then the driver shall within five days after the accident report the accident to his employer on a form approved by the employer. Within 10 days after receipt of the report the employer shall transmit a report on a form approved by the department to the office of the department at Sacramento, except that an employer need not transmit the report to the department when the vehicle involved in the accident is owned or operated as described in Section 16051 or 16055 or is owned or operated by any person or corporation who has filed with the department a certificate of an insurance carrier or surety company that there is in effect a policy or bond meeting the requirements of Section 16060 and when the insurance policy or bond was in full force and effect in respect to the vehicle at the time of the accident.

Driver incapacity

16003. If any driver is physically incapable of making the report, and is not the owner of the motor vehicle involved in the accident, the owner shall, as soon as he learns of the accident, report the matter in writing to the department. The driver or the owner shall make such other and additional reports relating to the accident as the department shall require.

Suspension for failure to report

16004. The department may suspend the driving privilege of any person who wilfully fails, refuses, or neglects to make a report of an accident as required in this article.

Use of reports

16005. (a) All reports and supplemental reports required by this chapter including insurance information forms and the total amounts of security required for deposit as determined by the department from the reports shall be without prejudice to the individual so reporting and shall be for the confidential use of the department and any other state department needing the same, except that the department shall disclose from the reports and security deposit records:

(1) The names and addresses of persons involved in the accident.

(2) The registration numbers and descriptions of vehicles involved in the accident.

(3) The date, time, and location of the accident.

(4) The exemption from security requirement which has been established under Section 16050.

(5) That security has been deposited or that suspension action has been taken by the department.

(6) Names and addresses of insurance carriers.

(b) This information may be given to any person having a proper interest therein including:

(1) The driver or drivers involved, or the employer, parent, or legal guardian thereof.

(2) The authorized representative of any person involved in the accident.

(3) Any person injured in the accident.

(4) The owners of vehicles or property damaged in the accident.

Article 2. Security

Security

16020. Unless the driver involved in an accident described in Section 16000 complies with one of the conditions for exemption specified in Section 16050, the driver shall deposit security in a sum which shall be sufficient in the judgment of the department to satisfy any final judgment or judgments in any amount for bodily injury or in excess of one hundred dollars ($100) for property damage resulting from such accident as may be recovered against such driver or owner subject to the maximum limits required The department shall determine the amount of security deposit upon the basis of the reports or other evidence submitted to it but shall not require a deposit of security for the benefit of any person when evidence has not been submitted by such person or on his behalf as to the extent of his injuries or the damage to his property within fifty (50) days following the date of the accident.

No deposit for spouse or child

16021. For purposes of this chapter a driver shall not be required to deposit security on behalf of his spouse or his minor child.

Employer deposit of security

16022. If the driver at the time of an accident was driving a motor vehicle owned, operated, or leased by the employer of the driver and with the permission of the employer, the security provisions of this chapter do apply to the employer and the suspension provisions of this chapter shall apply to the registration of all vehicles not covered by insurance, bond, or self-insurance certificate at the time of the accident which vehicles were owned, operated, or leased by the employer and shall not apply to the driver.

Form of security

16023. The security shall be in the form of money or its equivalent as determined by the department and shall be in amounts of not more than ten thousand dollars ($10,000) because of bodily injury to or death of one person in any one accident and, subject to the limit for one person, to a limit of not more than twenty thousand dollars ($20,000) because of bodily injury to or death of two or more persons in any one accident, and, if the accident has resulted in injury to or destruction of property, to a limit of not more than five thousand dollars ($5,000) because of injury to or destruction of property of others in any one accident.

Reduction of amount

16024. The department may reduce the amount of security ordered in any case if, in its judgment, the amount ordered is

excessive. In case the security originally ordered has been deposited, the excess on deposit over the reduced amount shall be returned to the depositor or his personal representative forthwith, notwithstanding the provisions of Section 16027. The State Controller shall draw his warrant on the State Treasurer for the refund of any portion of a security deposit as ordered by the department under this section.

Custody

16025. Security deposited in compliance with the requirements of this chapter shall be deposited by the department in the special deposit fund with the State Treasurer for the purpose of this section.

Disposition

16026. The security shall be available for the following purposes:

(a) Payment of a final judgment in any amount for bodily injury or in excess of one hundred dollars ($100) for property damage, rendered against the driver or drivers on whose behalf the deposit was made, for damages arising out of the accident in an action at law, begun not later than one year after the date of the accident, or within one year after the date of deposit of any security under subdivision (c) of Section 16053.

(b) Payment of any settlement agreement covering any claim arising out of the accident.

(c) Payment of any final judgment rendered as a result of default under any duly acknowledged settlement agreement.

Every distribution of funds from the security deposit shall be subject to the limits of the department's evaluation on behalf of a claimant but not in excess of the maximum amounts provided in this chapter for bodily injury and for property damage.

Refund of deposits

16027. (a) Whenever all judgments or settled claims referred to in this chapter have been discharged, or a period of one year has elapsed following the accident or following the deposit of security under subdivision (c) of Section 16053 and no action at law involving any of the claims was instituted and is pending, any security remaining on deposit shall be refunded to the person making the deposit or to a person designated by him.

(b) In the event that the deposit or any balance thereof is determined by the department to be refundable under the provisions of this section but remains unclaimed by the depositor or any other person entitled thereto for a period of five years following the date of such determination, the unclaimed deposit shall then be transferred to the Motor Vehicle Fund.

Article 3. Exemptions

Exemptions

16050. In order to be exempt from the requirements of security every driver or employer involved in an accident and required to report such accident by Section 16000 shall establish to the satisfaction of the department that the provisions

of this article are applicable to his responsibilities arising out of the accident.

16051. Exemption may be established by filing a report indicating that the motor vehicle involved in the accident was owned or leased by or under the direction of the United States, this State, or any political subdivision of this State or municipality thereof. Publicly owned vehicles

16052. Exemption may be established by filing evidence with the department indicating: No damage, etc.

(a) That no injury or damage was caused in the accident to the person or property of any one other than the driver or owner of the vehicle.

(b) That at the time of the accident the vehicle was parked, unless the vehicle was parked at a place where the parking was at the time of the accident prohibited under some applicable law or ordinance.

16053. Exemption may be established by filing evidence satisfactory to the department: Releases, etc.

(a) That the driver has been released from liability by all other persons injured or damaged in the accident A covenant not to sue shall relieve the parties thereto as to each other from the security requirements of this chapter. The department may accept, for the purposes of this chapter only, evidence of a release from liability executed by a natural guardian or legal guardian on behalf of a minor without the approval of any court or judge.

(b) That all judgments that may arise out of damages or injuries sustained in the accident have been rendered in favor of the driver or have been satisfied by him.

(c) That a duly acknowledged settlement agreement with respect to all damages or injuries arising out of the accident has been executed by the driver.

In the event of a default in any payment under the agreement, and upon notice of such default, the department shall forthwith suspend the driving privilege of the person defaulting and the privilege shall not be restored until either:

(1) Such driver deposits and thereafter maintains security as required in Article 2 or in such amount as the department may then determine.

(2) One year has elapsed following the date when such security was required and during such period no action at law upon the agreement or for damages arising out of such accident has been instituted and is pending.

16054. The department may accept evidence of a payment to a driver or to the owner of a vehicle involved in any accident by the insurance carrier of any other person involved in the accident on account of damage to property or bodily injury as effective to relieve the driver or owner from the security and suspension provisions of this chapter in respect to any claim for property damaged or bodily injury arising out of the accident by the person on whose behalf such payment has been made. A payment to the insurance carrier of a driver Evidence of payment by or to insurer

or owner having a right of subrogation is equivalent to a payment to the driver or owner.

Self-insurer

16055. Exemption may be established if the owner of the motor vehicle involved in the accident was a self-insurer. Any person in whose name more than 25 motor vehicles are registered may qualify as a self-insurer by obtaining a certificate of self-insurance issued by the department as provided in this article.

Certificate of self-insurance

16056. (a) The department may in its discretion, upon application, issue a certificate of self-insurance when it is satisfied that the applicant in whose name more than 25 vehicles are registered is possessed and will continue to be possessed of ability to pay judgments obtained against him. The certificate may be issued authorizing the applicant to act as a self-insurer for either property damage or bodily injury or both. Any person duly qualified under the laws or ordinances of any city or county to act as self-insurer and then acting as such, shall upon filing with the department satisfactory evidence thereof, along with the application as may be required by the department, be entitled to receive a certificate of self-insurance.

(b) Upon not less than five days' notice and a hearing pursuant to the notice, the department may upon reasonable grounds cancel a certificate of self-insurance. Failure to pay any judgment within 30 days after the judgment has become final and has not been stayed or satisfied shall constitute a reasonable ground for the cancellation of a certificate of self-insurance.

Insurance policy or bond

16057. Exemption may be established by filing with the department satisfactory evidence:

(a) That the owner had an automobile liability policy or bond in effect at the time of the accident with respect to the driver or the motor vehicle involved in the accident, unless it is established that at the time of the accident the motor vehicle was being operated without the owner's permission, express or implied, or was parked by a driver who had been operating the vehicle without permission. The policy or bond shall meet the requirements of Section 16059.

(b) That the driver of the motor vehicle involved in the accident, if he was not the owner of such motor vehicle, had in effect at the time of the accident an automobile liability policy or bond with respect to his operation of motor vehicles not owned by him which policy or bond shall comply with the requirements of Section 16059.

(c) That such liability as may arise from the driver's operation of the motor vehicle involved in the accident is, in the judgment of the department covered by some form of liability insurance or bond which complies with the requirements of Section 16059.

Same: Evidence

16058. Evidence of insurance or bond coverage shall be submitted in conformance with the requirements of Section

16060. In the event of notice to the department by the company which issued one of the above stated policies or bonds that coverage was not in effect or that liability was denied for a specific accident due to violation of exclusions, endorsements, or conditions of the policy or bond, then the policy or bond shall not operate to establish an exemption as provided for by Section 16057.

Same Requirements

16059. (a) No policy or bond shall be effective under Section 16057 unless issued by an insurance company or surety company authorized to do business in this State, except as provided in subdivision (b) of this section, nor unless the policy or bond is subject, if the accident has resulted in bodily injury or death, to a limit, exclusive of interest and costs, of not less than ten thousand dollars ($10,000) because of bodily injury to or death of one person in any one accident and, subject to such limit for one person, to a limit of not less than twenty thousand dollars ($20,000) because of bodily injury to or death of two or more persons in any one accident, and, if the accident has resulted in injury to, or destruction of property, to a limit of not less than five thousand dollars ($5,000) because of injury to or destruction of property of others in any one accident.

(b) No policy or bond shall be effective under Section 16057 with respect to any vehicle which was not registered in this State or was a vehicle which was registered elsewhere than in this State at the effective date of the policy or bond or the most recent renewal thereof, unless the insurance company or surety company issuing the policy or bond is authorized to do business in this State, or if the company is not authorized to do business in this State, unless it executes a power of attorney authorizing the department to accept service on its behalf of notice or process in any action upon the policy or bond arising out of an accident mentioned in subdivision (a).

Notice by insurer to department

16060. Upon receipt of notice of an accident from the department, the insurance company or surety company named in the notice shall notify the department within such time and in such manner as the department may require whenever the policy or bond was not in effect at the time of the accident.

Article 4. Suspensions

Suspensions

16080. Whenever a driver has failed within 50 days after an accident to establish his exemption from security and has failed to deposit security within 10 days after notice by the department specifying the amount of security, the department shall suspend the privilege of the driver to drive a motor vehicle, including the driving privilege of a nonresident in this State. The suspension shall become effective not later than the seventy-sixth day after receipt of the accident report by the department.

Nonapplication to chauffeurs

16081. The privilege of a person to drive as a chauffeur in the course of his employment shall not be suspended under

this chapter even though his privilege to drive is otherwise suspended under this chapter.

Duration of suspension

16082. The privilege of driving a motor vehicle suspended as provided in Section 16080 shall remain suspended and shall not be renewed nor shall a license be issued to the person whose driving privilege has been suspended until either:

(a) The person complies with the requirements of Section 16050.

(b) The person deposits or there is deposited on his behalf the security required under this article.

(c) One year has elapsed following the date of the accident and no evidence has been filed with the department that during such period an action at law arising out of such accident has been instituted, and is pending. Proof of ability to respond in damages as prescribed by Section 16430, is an additional requirement for reinstatement of the driving privilege under this subdivision. The department shall waive the requirement for proof of ability to respond in damages and upon request shall cancel any bond or certificate of insurance, or shall direct the return to the person entitled thereto of any money or securities deposited as proof of financial responsibility, at any time as specified in Sections 16480 and 16481.

Suspension for foreign violations

16083. The department shall suspend the driving privilege of any resident of this State upon receiving notice from another state that the person's driving privilege in that state has been suspended for failure to meet the security provisions of the law in that state, if the suspension in that state was taken on grounds that would have resulted in a suspension in this State.

Correction of errors

16084. Whenever the department has taken any action or has failed to take any action under this chapter by reason of having received erroneous information, or by reason of having received no information, it shall take appropriate action to carry out the purposes and effect of this chapter upon receiving correct information. The provisions of this section shall not be deemed to require the department to increase the amount of any deposit after it has been ordered under this chapter.

Article 5. Suspension of Registration of Motor Vehicles Involved in Accidents

Suspensions

16100. Whenever both the owner and operator of a motor vehicle involved in an accident which is required to be reported to the department have failed within fifty (50) days after such accident to establish exemption from security requirements and have failed to deposit security within ten (10) days after notice by the department specifying the amount of security, the department, in addition to suspending the driving privilege of the driver, shall also suspend and require delivery to the department of the California registration card and license plates assigned to the motor vehicle, except that the suspension of registration shall not apply upon filing of evi-

dence with the department that the vehicle was not, at the time of the accident, being operated with the permission, express or implied, of the owner. The suspension shall become effective not later than the seventy-sixth day after receipt by the department of the required accident report.

Out-of-state suspension

16101. The department shall suspend the registration card and license plates of the motor vehicle of any resident of this State upon receiving notice from another state that his nonresident privileges to operate such motor vehicle in that state have been suspended for failure to meet the security provisions of the law in that state, if the suspension in that state was taken on grounds that would have been grounds for suspension in this State.

Storage of vehicle

16102. Whenever the registration card and license plates of any motor vehicle are suspended pursuant to Section 16100, the owner of the motor vehicle shall forthwith cause it to be stored at the expense of the owner, in such private or public garage or storage place or places in this State as the owner may select and shall continue the storage for such period of time as is provided in this chapter.

Application to nonresidents

16103. Whenever the owner of a motor vehicle involved in an accident which is required to be reported to the department is a nonresident, the suspension provisions of Section 16100 shall apply to the privilege of operating the motor vehicle within this State and the motor vehicle shall be stored by the nonresident owner as provided in Section 16102.

Duty of owner after suspension

16104. Immediately upon the suspension becoming effective, the owner or his representative shall forthwith return the California registration card and license plates assigned to the motor vehicle to the department. If the owner fails to return the registration card and license plates, the department is authorized to take possession thereof or to direct any appropriate police officer to take possession thereof and to return the same to the department.

Duration of suspension and storage

16105. The suspension and storage of such motor vehicle shall continue until either:

(a) The owner or driver has complied with one of the conditions for exemption from security requirements.

(b) Security has been deposited.

(c) All judgments or claims referred to in this division have been discharged.

(d) A period of one year has elapsed following the date of such accident or following the date when such security was required, and during such time no action at law for any damages arising out of the accident or upon a duly acknowledged settlement agreement has been instituted and is pending.

(e) Possession of the vehicle has been taken by or for a legal owner thereof or by or for another lienholder.

(f) Possession of the vehicle has been taken by or for a licensed automobile wrecker for the purpose of dismantling the vehicle and an application for the issuance of a certificate of dismantling has been made.

Release of motor vehicle to execution

16106. If a final judgment has been recovered in an action arising out of the accident against the owner of the motor vehicle stored pursuant to this article, this article shall not prevent the seizure of the vehicle under an execution issued pursuant to the judgment.

Sale of motor vehicles and completion of transfer

16107. (a) No owner, other than a legal owner, shall sell or transfer title, or any other interest therein, in a motor vehicle from the time it has been involved in an accident requiring a report until either:

(1) The conditions for exemption specified in Sections 16051, 16052, 16055, 16056, 16057, and 16058 have in fact been complied with or exist, or that the conditions for exemption specified in Sections 16053 and 16054 have been complied with, whether or not a report or evidence thereof has been filed with the department; provided, that nothing herein shall excuse the filing of a report or evidence which may be required to establish exemption from suspension of the privilege to drive or suspension of registration.

(2) Security has been deposited as required by Sections 16020, 16021, and 16022.

(3) Suspension and storage of such motor vehicle has been terminated as provided in Sections 16055, 16056, and 16057.

(4) Security has been deposited with the department in an amount which the department is satisfied is equivalent to the value of said vehicle or the owner's interest therein, but not exceeding the amount of security fixed by the department. If the department has not fixed the amount of security at the time of such proposed sale or transfer, the department shall refund to the depositor any amount by which said deposit may exceed the amount of security thereafter fixed by the department.

(5) Fifty (50) days have elapsed since the date of accident without evidence of injury or damage having been submitted.

(b) The department shall transfer registration of ownership and terminate suspension of a vehicle which is subject to suspension, or has been suspended under the provisions of Section 16027, upon receipt of the required fee, the registration card, and an endorsed certificate of ownership including the statement required by subdivision (d) of Section 4451, unless the department is satisfied that the interest of the new owner and legal owner, if any, in the vehicle was acquired with knowledge on their part that the registration was suspended, or was not acquired in good faith and for value. If the certificate of ownership does not contain provision for the statement required by subdivision (d) of Section 4451, the department shall accept in lieu thereof a separate document containing said statement, or if no such statement is presented to the department, it may require in lieu thereof such information as the department deems necessary to establish that the interest of the new owner and legal owner, if any, was acquired in good faith and for value and without knowledge that the registration was suspended.

16108. Nothing in this article shall affect the interest of any legal owner or other lienholder of a vehicle, the registration of which is suspended or subject to suspension, nor any right or remedy of such person, including the right to take possession thereof, nor the interest or rights of any lessor of such vehicle, subject to payment by such persons of the accrued cost, if any, of storage charges within the limitation provided in Section 3068 of the Civil Code. Rights and remedies of lienholders

16109. Any person who violates any of the provisions of this article is guilty of a misdemeanor and shall be punished by a fine of not more than one thousand dollars ($1,000) for each offense or by imprisonment in the county jail for not more than ninety (90) days, or both. Penalties

CHAPTER 2. SUSPENSIONS FOLLOWING UNSATISFIED JUDGMENTS

Article 1. Definitions

16250. As used in Chapters 2 and 3 of this division, "judgment" means a final judgment of any court of competent jurisdiction in this or any other state or of the United States against a person as defendant upon a cause of action. "Judgment"

16251. As used in Chapters 2 and 3 of this division, "cause of action" means any cause of action for damage to property in excess of one hundred dollars ($100) or for damage in any amount on account of bodily injury to or death of any person resulting from the operation by the defendant or any other person of any motor vehicle upon a highway, except a cause of action based upon statutory liability by reason of signing the application of a minor for a driver's license. "Cause of action"

Article 2. Suspension of Driving Privilege and Registration

16370. The department shall suspend the privilege of any person to operate a motor vehicle and the registration cards and license plates issued for all motor vehicles registered in the name of such person, upon receiving a copy of a judgment, and a certificate of facts relative to the judgment, on a form provided by the department, indicating that the person has failed for a period of 30 days to satisfy a judgment rendered against him. Judgment unsatisfied

16371. The suspension shall remain in effect, and no motor vehicle shall be registered in the name of the judgment debtor nor any license issued to such person unless the judgment is satisfied in full or to the extent provided in this chapter and until the judgment debtor gives proof of ability to respond in damages as provided in Chapter 3, subject to the exemption stated in Section 16375. Period of suspension

16372. A discharge in bankruptcy following the rendering of the judgment shall not relieve the judgment debtor Bankruptcy

from any of the requirements of Chapters 2 and 3 of this division.

Court report of judgments

16373. The clerk of a court, or the judge of a court which has no clerk, shall forward to the department a certified copy of any judgment or a certified copy of the docket entries in an action resulting in a judgment for damages, and a certificate of facts relative to such judgment, on a form provided by the department, the rendering and nonpayment of which judgment requires the department to suspend the driver's license and registrations in the name of the judgment debtor. The document shall be forwarded immediately upon the expiration of 30 days after the judgment has become final and when the judgment has not been stayed or satisfied within the amounts specified in this chapter as shown by the records of the court.

Judgments not covered by proof

16374. Whenever after a judgment is satisfied and proof of ability to respond in damages is given, another judgment is rendered against the same person for any accident occurring prior to the date of the giving of such proof and the person fails to satisfy the latter judgment within the amounts specified in this chapter within 15 days after the same became final, then the department shall again suspend the driver's license of the judgment debtor and the registration cards and license plates issued for all motor vehicles registered in the name of such judgment debtor as owner and shall not renew the same and shall not issue to him any driver's license or a registration card or license plate for any motor vehicle while the latter judgment remains unsatisfied and subsisting within the amounts specified in this chapter.

Affidavit of insurance

16375. Any person whose driver's license or certificate of registration has been suspended, or is about to be suspended or shall become subject to suspension under this chapter, may relieve himself from the effect of the judgment by filing with the department an affidavit stating that at the time of the accident upon which the judgment has been rendered he was insured, that the insurer is liable to pay such judgment, and the reason, if known, why the insurance company has not paid the judgment. He shall also file the original policy of insurance or a certified copy thereof, if available, and such other documents as the department may require to show that the loss, injury, or damage for which the judgment was rendered, was covered by the policy of insurance.

If the department is satisfied from such papers that the insurer was authorized to issue the policy of insurance in this State at the time of issuing the policy and that such insurer is liable to pay such judgment, at least to the extent and for the amounts provided in this chapter, the department shall not suspend the license or certificate, or if already suspended, shall reinstate them.

Action against nonresident

16376 If the person against whom judgment is rendered is a nonresident and the person fails within said time to satisfy the same in full or to the extent specified in this chapter, all

privileges of operating a motor vehicle in this State given to the person under this code and all nonresident permits for any foreign motor vehicles owned by him shall be suspended while the judgment remains in effect and unsatisfied until the nonresident gives proof of his ability to respond in damages in the manner and to the extent provided in Chapter 3 for accidents occurring after the date of the giving of proof.

The department shall forward a certified copy of the judgment of a court of record or a certified copy of the docket of a court not of record to the appropriate officer in charge of the registration of vehicles or the licensing of drivers thereof in the state of which the person is a resident.

When judgment deemed satisfied

16377. Every judgment shall for the purposes of this chapter be deemed satisfied:

(a) When ten thousand dollars ($10,000) has been credited, upon any judgment in excess of that amount, or upon all judgments, collectively, which together total in excess of that amount, for personal injury to or death of one person as a result of any one accident.

(b) When, subject to the limit of ten thousand dollars ($10,000) as to one person, the sum of twenty thousand dollars ($20,000) has been credited, upon any judgment in excess of that amount, or upon all judgments, collectively, which together total in excess of that amount, for personal injury to or death of more than one person as a result of any one accident.

(c) When five thousand dollars ($5,000) has been credited, upon any judgment in excess of that amount, or upon all judgments, collectively, each of which is in excess of one hundred dollars ($100), and which together total in excess of five thousand dollars ($5,000), for damage to property of others as a result of any one accident.

CHAPTER 3. PROOF OF ABILITY TO RESPOND IN DAMAGES

Article 1. Proof Requirements

Proof required

16430. Proof of ability to respond in damages when required by this code means proof of ability to respond in damages resulting from the ownership or operation of a motor vehicle and arising by reason of personal injury to, or death of, any one person, of at least ten thousand dollars ($10,000), and, subject to the limit of ten thousand dollars ($10,000) for each person injured or killed, of at least twenty thousand dollars ($20,000) for such injury to, or the death of, two or more persons in any one accident, and for damages to property (in excess of one hundred dollars ($100)), of at least five thousand dollars ($5,000) resulting from any one accident. Proof of ability to respond in damages may be given in any manner authorized in this chapter.

Certificate of insurer

16431. Proof of ability to respond in damages may be given by the written certificate or certificates of any insurance car-

rier duly authorized to do business within the State, that it has issued to or for the benefit of the person named therein a motor vehicle liability policy as defined in Section 16450, which, at the date of the certificate or certificates, is in full force and effect. In addition the certificate shall designate by explicit description or by other appropriate reference all motor vehicles with respect to which coverage is granted by the policy certified to.

Contents of insurance certificates

16432. The department shall not accept any insurance certificate or certificates unless the same covers all motor vehicles registered in the name of the person furnishing such proof, except that this provision shall not apply to vehicles in storage if the current license plates and registration cards are surrendered to the department in Sacramento.

Cancellation of policy

16433. A certificate or certificates shall certify that the motor vehicle liability policy therein cited shall not be canceled except upon 10 days prior written notice to the department.

Proof by bond

16434. Proof of ability to respond in damages may be given by the bond of a surety company duly authorized to do business within the State, or a bond of individual sureties each owning unencumbered real estate, approved by a judge of a court of record. The bond shall be conditioned for the payment of the amount specified in Section 16430, and shall provide for the entry of judgment on motion of the State in favor of any holder of any final judgment on account of damages to property over one hundred dollars ($100) in amount, or injury to any person caused by the operation of such person's motor vehicle, in the same manner as provided in Section 942 of the Code of Civil Procedure for the entry of judgment upon appeal bonds.

Proof by deposit of money

16435. Proof of ability to respond in damages may be given by the deposit with the department of twenty-five thousand dollars ($25,000) which amount shall be deposited in a special deposit account with the State Controller for the purpose of this section. The department shall not accept a deposit of money where any judgment theretofore recovered against such person as a result of damages arising from the operation of any motor vehicle shall not have been paid in full.

Proof by self-insurer

16436. Proof of ability to respond in damages may be given by the written certificate of a self-insurer holding a certificate of self-insurance for bodily injury and property damage issued by the department.

The certification shall name the employee in whose behalf it is filed and shall bind the self-insurer in a like manner and to the same amounts as provided for in Section 16430 for damages arising from the operation of a motor vehicle by the employee within the scope of his employment by the self-insurer. In such case, the department shall restrict any operator's or chauffeur's license issued to such employee to the operation of motor vehicles owned by the self-insurer within the scope of his employment by the self-insurer.

The certificate shall be canceled upon 10 days prior written notice to the department by the self-insurer.

Article 2. Insurance Policy

16450. A "motor vehicle liability policy," as used in Chapters 2, 3 and 4 of this Division, means an owner's policy or an operator's policy, or both, of liability insurance, certified as provided in Section 16431 as proof of ability to respond in damages, issued by an insurance carrier authorized to transact such business in this State to or for the benefit of the person named therein as assured. "Motor vehicle liability policy"

16451. An owner's policy of liability insurance shall: Owner's policy

(a) Designate by explicit description or by appropriate reference all motor vehicles with respect to which coverage is thereby intended to be granted.

(b) Insure the person named therein and any other person, as insured, using any described motor vehicle with the express or implied permission of said assured, against loss from the liability imposed by law for damages arising out of ownership, maintenance, or use of such motor vehicle within the continental limits of the United States to the extent and aggregate amount, exclusive of interest and costs, with respect to each motor vehicle, of ten thousand dollars ($10,000) for bodily injury to or death of each person as a result of any one accident and, subject to said limit as to one person, the amount of twenty thousand dollars ($20,000) for bodily injury to or death of all persons as a result of any one accident and the amount of five thousand dollars ($5,000) for damage to property of others as a result of any one accident.

16452. An operator's policy of liability insurance shall insure the person named as insured therein against loss from the liability imposed on him by law for damages arising out of use by him of any motor vehicle not owned by him, within the same territorial limits and subject to the same limits of liability as are set forth above with respect to an owner's policy of liability insurance. Operator's policy

16453. Any motor vehicle liability policy may grant any lawful coverage in excess of or in addition to the coverage herein specified or contain any agreements, provisions or stipulations not in conflict with the provisions of this code and not otherwise contrary to law. Permitted provisions

16454. Any motor vehicle liability policy need not cover any liability for injury to the assured or any liability of the assured assumed by or imposed upon the assured under any workmen's compensation law nor any liability for damage to property in charge of the assured or the assured's employees or agents. Workmen's compensation

16455. The provisions of Section 16451 shall not apply to vehicles in storage if the current license plates and registration cards are surrendered to the department in Sacramento Stored vehicles

Restrictions on driver's license

16456. Unless the certificate or certificates filed with the department, evidencing the issuance of a motor vehicle liability policy show that the person in whose behalf they are filed is covered in the operation of all vehicles owned by him or registered in his name, and any motor vehicle not owned or registered in his name, the department shall place an appropriate restriction on any driver's license issued to the person

Violation of restricted license

16457. No person shall operate any motor vehicle not covered by the certificate or certificates filed by him with the department as proof of ability to respond in damages. The department may, upon receiving satisfactory evidence of any violation of the restrictions of such license, suspend or revoke the same. No person shall operate a vehicle in violation of the provisions of a restricted license issued to him

Article 3. Release of Proof

Release of proof

16480. The department shall upon request cancel any bond or any certificate of insurance, or the department shall direct the return to the person entitled thereto of any money or securities deposited pursuant to this code as proof of ability to respond in damages, or the department shall waive the requirement of filing proof of ability to respond in damages in any of the following events:

(a) When the person is no longer required to maintain such proof under the provisions of this code.

(b) At any time after three years from the date the proof was required when, during the three-year period immediately preceding the request, the person required to furnish the proof: (1) has not been convicted of any offense authorizing or requiring the suspension or revocation of a license by the department, and (2) has not suffered suspension or revocation of license upon order of the department or a court arising from a conviction of a violation of the law.

(c) Upon the death of the person on whose behalf such proof was filed.

(d) In the event of the permanent incapacity of such person to operate a motor vehicle if such person surrenders for cancellation his driver's license and, if suspended under the provisions of Section 16370, the registration cards and license plates issued for all motor vehicles registered in his name to the department.

Restrictions

16481. Any proof requirement in this code may be ended at the election of the department eight years after the date the proof was required if the records of the department do not show existence of any of the circumstances set forth in paragraph (b) of Section 16480.

The department shall not release such proof: (1) If any action for damages upon a liability referred to in this code is then pending, or (2) if any judgment upon any such liability is outstanding and unsatisfied.

An affidavit of the applicant of the nonexistence of such facts shall be prima facie evidence thereof.

Restoration of privileges when judgment unsatisfied

16482. Any person whose privilege to operate a motor vehicle or whose privilege to register a motor vehicle has been suspended because of failure to satisfy a judgment and the judgment has been outstanding for a period of five years or more, the person may be relieved of the penalties therein provided and the privilege of the person to operate and register a motor vehicle may be restored in the event the person files with the department and thereafter maintains proof of ability to respond in damages notwithstanding that the judgment which gave rise to the order of suspension has not been paid or fully satisfied.

Substitution of proof

16483. The department shall cancel any bond or any certificate of insurance or direct the return of any money or securities to the person entitled thereto, upon the substitution and acceptance of other adequate proof of ability to respond in damages pursuant to this code

Failure of proof

16484. Whenever any evidence of proof of ability to respond in damages filed by any person under the provisions of this code no longer fulfills the purpose for which required the department shall require other evidence of ability to respond in damages as required by Article 1, commencing at Section 16430, and shall suspend the privilege of the person to operate a motor vehicle upon a highway The suspension shall also include the registration card and license plates issued for all motor vehicles registered in the name of the person if the original suspension resulted from an unsatisfied judgment. The suspension shall remain in effect until adequate proof of ability to respond in damages is filed with the department by the person.

Installment payments of civil judgments

16485. The department shall not suspend a license or registration of a motor vehicle and shall restore any suspended license or registration following nonpayment of a final judgment when the judgment debtor gives proof of financial responsibility for future damages and when the trial court in which the judgment was rendered orders the payment of the judgment in installments and while the payment of any installment payment is not in default Whenever the trial court orders the payment of a judgment in installments as provided in this section, it shall forward a certified copy of the order to the department, together with a certified copy of judgment or certified copy of the docket entries in an action resulting in a judgment for damages and a certificate of facts relative to the judgment on a form provided by the department.

Same Conditions

16486. The trial court may order the payment of a judgment in installments only when the defendant is not insured or the insurance policy covering the automobile involved in the accident, for the ownership or operation of which the defendant is held liable, is not sufficient to pay the amount of the judgment, and then only as to such portion of the judgment not covered by the insurance policy. The order shall fix the

amounts and times of payment of the installments and shall be without prejudice to any other legal remedies available to the judgment creditor.

Default in payments

16487. In the event that it is made to appear to the court that the judgment debtor has failed to pay any installment as permitted by the order of the court, the court shall give notice of the default to the department and the department shall forthwith suspend the driving privilege and registration certificates and registration plates of the judgment debtor until the judgment is satisfied as provided in this chapter.

CHAPTER 4. COMMERCIAL PASSENGER VEHICLES

Ability to respond in damages required

16500. Every owner of a vehicle used in the transportation of passengers for hire, including taxicabs, when the operation of the vehicle is not subject to regulation by the Public Utilities Commission, shall maintain, whenever he may be engaged in conducting such operations, ability to respond in damages resulting from the ownership or operation of the vehicle and arising by reason of personal injury to, or death of, any one person, of at least ten thousand dollars ($10,000), and, subject to the limit of ten thousand dollars ($10,000) for each person injured or killed, of at least twenty thousand dollars ($20,000) for such injury to, or the death of, two or more persons in any one accident, and for damages to property of at least five thousand dollars ($5,000) resulting from any one accident. Ability to respond in damages may be maintained by either:

(a) Being insured under a motor vehicle liability policy against such liability.

(b) Obtaining a bond of the same kind, and containing the same provisions, as those bonds specified in Section 16434.

(c) By depositing with the department twenty-five thousand dollars ($25,000), which amount shall be deposited in a special deposit account with the State Controller for the purpose of this section.

(d) Qualifying as a self-insurer under Section 16056.

The department shall return the deposit to the person entitled thereto when he is no longer required to maintain ability to respond in damages as required by this section or upon his death.

Power of local authorities

16501. The provisions of this chapter shall not prevent local authorities, within the reasonable exercise of the police power, from adopting rules and regulations, by ordinance or resolution, licensing and regulating the operation of any vehicle for hire.

Violations

16502. No owner shall use, or with his consent permit the use of, any vehicle used in the transportation of passengers for hire, without maintaining ability to respond in damages as required by this chapter.

Suspension of registration

16503. The department shall suspend the registration of all vehicles used in the transportation of passengers for hire, except vehicles subject to regulation by the Public Utilities

Commission, which are registered in the name of any person convicted of violating Section 16502 immediately upon receipt of a duly certified abstract of the record of the court in which the person was convicted.

The suspension shall remain in effect and no such vehicle shall be registered in the name of the person until he gives the department proof of his ability to respond in damages as required in Section 16500.

DIVISION 9. CIVIL LIABILITY

CHAPTER 1. CIVIL LIABILITY OF OWNERS AND OPERATORS OF VEHICLES

Article 1. Public Agencies

17000. As used in this chapter, "public agency" means the State, any county, municipal corporation, district and political subdivision of the State, or the State Compensation Insurance Fund. "Public agency"

17001. Any public agency owning any motor vehicle is responsible to every person who sustains any damage by reason of death, or injury to person or property as the result of the negligent operation of the motor vehicle by an officer, agent, or employee or as the result of the negligent operation of any other motor vehicle by any officer, agent, or employee when acting within the scope of his office, agency, or employment. The injured person may sue the public agency in any court of competent jurisdiction in this State in the manner directed by law. Liability

17002. If there is recovery under this chapter against a public agency, it shall be subrogated to all the rights of the person injured against the officer, agent, or employee and may recover from the officer, agent, or employee the total amount of any judgment and costs recovered against the public agency, together with costs therein. Subrogation

17003. Any public agency may insure against liability under this chapter in any insurance company authorized to transact the business of such insurance in the State of California, and the premium for the insurance shall be a proper charge against the general fund of the public agency. Purchase of liability insurance

17004. No member of any police or fire department maintained by a county, city, or district, and no member of the California Highway Patrol or employee of the Division of Forestry, is liable for civil damages on account of personal injury to or death of any person or damage to property resulting from the operation in the line of duty, of an authorized emergency vehicle while responding to an emergency call or when in the immediate pursuit of an actual or suspected violator of the law, or when responding to but not upon returning from a fire alarm or emergency call. Authorized emergency vehicles

Article 2. Private Owners

Liability

17150. Every owner of a motor vehicle is liable and responsible for the death of or injury to person or property resulting from negligence in the operation of the motor vehicle, in the business of the owner or otherwise, by any person using or operating the same with the permission, express or implied, of the owner, and the negligence of such person shall be imputed to the owner for all purposes of civil damages.

Limitation of liability for imputed negligence

17151. The liability of an owner for imputed negligence imposed by this chapter and not arising through the relationship of principal and agent or master and servant is limited to the amount of five thousand dollars ($5,000) for the death of or injury to one person in any one accident and, subject to the limit as to one person, is limited to the amount of ten thousand dollars ($10,000) for the death of or injury to more than one person in any one accident and is limited to the amount of five thousand dollars ($5,000) for damage to property of others in any one accident.

Liability of operator

17152. In any action against an owner on account of imputed negligence as imposed by Section 17150 the operator of the vehicle whose negligence is imputed to the owner shall be made a party defendant if personal service of process can be had upon the operator within this State. Upon recovery of judgment, recourse shall first be had against the property of the operator so served.

Subrogation of owner

17153. If there is recovery under this chapter against an owner based on imputed negligence, the owner is subrogated to all the rights of the person injured or whose property has been injured and may recover from the operator the total amount of any judgment and costs recovered against the owner.

Bailee as operator

17154. If the bailee of an owner with the permission, express or implied, of the owner permits another to operate the motor vehicle of the owner, then the bailee and the driver shall both be deemed operators of the vehicle of the owner within the meaning of Sections 17152 and 17153.

Settlement of claims

17155. Where two or more persons are injured or killed in one accident, the owner may settle and pay any bona fide claims for damages arising out of personal injuries or death, whether reduced to judgment or not, and the payments shall diminish to the extent thereof the owner's total liability on account of the accident. Payments aggregating the full sum of ten thousand dollars ($10,000) shall extinguish all liability of the owner for death or personal injury arising out of the accident which exists by reason of imputed negligence, pursuant to this chapter, and did not arise through the negligence of the owner nor through the relationship of principal and agent or master and servant.

Vendee as owner

17156. If a motor vehicle is sold under a contract of conditional sale whereby the title to such motor vehicle remains in the vendor, such vendor or his assignee shall not be deemed

an owner within the provisions of this chapter relating to imputed negligence, but the vendee or his assignee shall be deemed the owner notwithstanding the terms of such contract, until the vendor or his assignee retake possession of the motor vehicle. A chattel mortgagee of a motor vehicle out of possession is not an owner within the provisions of this chapter relating to imputed negligence.

Abatement on death

17157. No action based on imputed negligence under this chapter shall abate by reason of the death of any injured person or of any person liable or responsible under the provisions of this chapter. In any action for physical injury based on imputed negligence under this chapter by the executor, administrator, or personal representative of any deceased person, the damages recoverable shall be the same as those recoverable under Section 956 of the Civil Code.

Liability to "guest"

17158. No person who as a guest accepts a ride in any vehicle upon a highway without giving compensation for such ride, nor any other person, has any right of action for civil damages against the driver of the vehicle or against any other person legally liable for the conduct of the driver on account of personal injury to or the death of the guest during the ride, unless the plaintiff in any such action establishes that the injury or death proximately resulted from the intoxication or wilful misconduct of the driver.

Article 3. Liability for Damage to Highway

Wilful or negligent damage

17300. Any person who wilfully or negligently damages any street, highway, or appurtenances, including, but not limited to, guard rails, signs, traffic signals, and similar facilities, is liable for the cost of the repair or replacement thereof.

The liability stated in this section applies to an owner of a vehicle operated with his permission, as provided in Article 2, commencing at Section 17150, and shall include liability for the cost of necessary safety precautions, such as warning traffic, the removal of debris resulting from accidents, or providing detours.

The Department of Public Works and local authorities in respect to highways under their respective jurisdictions are authorized to present claims for liability under this section and to bring actions for recovery thereon, and to settle and compromise in their discretion claims arising under this section.

Illegal operation of vehicle

17301. (a) Any person driving any vehicle, object, or contrivance over a highway or bridge is liable for all damages which the highway or bridge may sustain as a result of any illegal operation, driving or moving of the vehicle, object, or contrivance, or as a result of operating, driving, or moving any vehicle, object, or contrivance weighing in excess of the maximum weight specified in this code which is operated under a special permit issued by the Department of Public Works.

(b) Whenever the driver is not the owner of the vehicle, object, or contrivance but is operating, driving, or moving the same with the express or implied permission of the owner, the owner and driver are jointly and severally liable for the damage.

Damage from weight or size

17302. The driver, or the owner and driver, jointly, as the case may be, are also liable for all damages which any highway or bridge sustains as the result of any operation, driving, or moving of any vehicle which exceeds any of the limitations imposed by Division 15 (commencing at Section 35000), Chapter 1 of Division 13 (commencing at Section 29000), Section 21461 with respect to a sign erected under Section 35655, and Sections 21712 and 23114 even though the vehicle is exempted from the limitations by Sections 35001, 35103, 35104, 35105, 35106, 35108, 35250, 35400, 35414, or 35415.

Recovery of damages

17303. Damages under Sections 17301 and 17302 may be recovered in a civil action brought by the authorities in control of the highway or bridge.

Article 4. Service of Process

"Nonresident"

17450. As used in this chapter, "nonresident" means a person who is not a resident of this State at the time the accident or collision occurs.

Service of process on nonresident

17451. The acceptance by a nonresident of the rights and privileges conferred upon him by this code or any use of the highways of this State as evidenced by the operation by himself or agent of a motor vehicle upon the highways of this State or in the event the nonresident is the owner of a motor vehicle then by the operation of the vehicle upon the highways of this State by any person with his express or implied permission, is equivalent to an appointment by the nonresident of the director or his successor in office to be his true and lawful attorney upon whom may be served all lawful processes in any action or proceeding against the nonresident operator or nonresident owner growing out of any accident or collision resulting from the operation of any motor vehicle upon the highways of this State by himself or agent, which appointment shall also be irrevocable and binding upon his executor or administrator.

Service on personal representative

17452. Where the nonresident has died prior to the commencement of an action brought pursuant to this article, service of process shall be made on the executor or administrator of the nonresident in the same manner and on the same notice as is provided in the case of the nonresident. Where an action has been duly commenced under the provisions of this article by service upon a defendant who dies thereafter, the court shall allow the action to be continued against his executor or administrator upon motion with such notice as the court deems proper.

Agreement of validity of process

17453. The acceptance of rights and privileges under this code or use of the highways of this State shall be a significa-

tion of the irrevocable agreement of the nonresident, binding as well upon his executor or administrator, that process against him which is served in the manner provided in this article shall be of the same legal force and validity as if served on him personally in this State.

Service and proof of process

17454. Service of process shall be made by leaving a copy of the summons and complaint with a fee of two dollars ($2) for each nonresident to be so served in the hands of the director or in his office at Sacramento and such service shall be a sufficient service on the nonresident subject to compliance with Section 17455.

Notice by registered mail

17455. A notice of service and a copy of the summons and complaint shall be forthwith sent by registered mail by the plaintiff or his attorney to the defendant. Personal service of the notice and a copy of the summons and complaint upon the defendant wherever found outside this State shall be the equivalent of service by mail.

Proof of service

17456. Proof of compliance with Section 17455 shall be made in the event of service by mail by affidavit of the plaintiff or his attorney showing said mailing, together with the return receipt of the United States post office bearing the signature of the defendant. The affidavit and receipt shall be appended to the original summons which shall be filed with the court from out of which the summons issued within such time as the court may allow for the return of the summons.

In the event of personal service outside this State, compliance with Section 17455 may be proved by the return of any duly constituted public officer, qualified to serve like process of and in the state or jurisdiction where the defendant is found, showing such service to have been made. The return shall be appended to the original summons which shall be filed as aforesaid.

Continuance

17457. The court in which the action is pending may order such continuances as may be necessary to afford the defendant reasonable opportunity to defend the action.

Records of process served

17458. The director shall keep a record of all process served upon him under this article which record shall show the day and hour of service.

Consent for service by resident

17459. The acceptance by a resident of this State of a certificate of ownership or a certificate of registration of any motor vehicle or any renewal thereof, issued under the provisions of this code, shall constitute the consent by the person that personal service of summons may be made upon him at any place where he may be found, whether or not he is then a resident of this State, with the same force and effect as though served within this State, in any action brought in the courts of this State upon a cause of action arising in this State out of the ownership or operation of the vehicle.

Same Driver's license

17460. (a) The acceptance or retention by a resident of this State of a driver's license issued pursuant to the provisions of this code, shall constitute the consent of the person

that personal service of summons may be made upon him at any place where he may be found and whether or not he is then a resident of this State, with the same force and effect as if served within the State in any action brought in the courts of this State upon a cause of action arising in this State out of his driving a motor vehicle upon a highway in this State.

Manner of serving process

17461. In the event summons is served outside of this State, pursuant to Sections 17459 and 17460, it may only be served by a public officer of the state in which service is made, qualified by the laws of that state to serve process, or by an elisor appointed for that purpose by the court out of which the summons is issued.

Time to appear

17462. In the event of service outside the State, the person so served shall have 60 days in which to appear in the action in which the summons is issued.

Effect on statute of limitations

17463. Notwithstanding any provisions of Section 351 of the Code of Civil Procedure to the contrary, when summons may be personally served upon a person as provided in Sections 17459 and 17460, the time of his absence from this State is part of the time limited for the commencement of the action described in those sections, except when he is out of this State and cannot be located through the exercise of reasonable diligence, except this section in no event shall be applicable in any action or proceeding commenced on or before September 7, 1956.

Chapter 2. Civil Liability of Persons Signing License Applications of Minors

"Minor"

17700. For the purposes of this part, all persons under 21 years of age, except persons 18 years of age or over who have been married, are minors.

Signature By parents

17701. No application for a driver's license shall be granted by the department to any minor unless it is signed and verified by the father and mother of such minor, if both father and mother are living and have custody of the minor.

If only one parent is living or has custody, the application shall be signed and verified by such parent.

If neither parent is living or has custody, the application shall be signed and verified by the guardian, or if there is no guardian, by a person having custody of the minor.

Same By adult spouse

17702. If a minor under the age of 18 years is married, the application may be signed and verified by the adult spouse of the minor or by the parents of either spouse or in lieu of such signature, such minor may file proof of ability to respond in damages as provided in Article 1 of Chapter 3 of Division 7, commencing at Section 16430.

Nonresident signers

17703. If the person or persons required to sign and verify the application of a minor, are not residents of this State, or if such minor is emancipated other than by marriage, the department may accept an application signed and verified by the

minor and accompanied by proof of ability to respond in damages, as provided in Article 1 of Chapter 3 of Division 7 (commencing at Section 16430).

Failure of proof

17704. If, at any time during the minority of the person who has given proof of ability to respond in damages, the proof shall fail, then the department shall forthwith suspend the license until proof of the licensee's continued ability to respond in damages has been given or until the minor has otherwise complied with the requirements of this code relative to the issuance of a driver's license.

Application verified by minor only

17705. If the person who is required to sign and verify the application of a minor gives his written consent, the department may accept an application signed and verified only by the minor and accompanied by proof of ability to respond in damages. The person giving the consent to but not signing or verifying the application shall not be subject to the civil liability specified in Sections 17707 and 17708 merely by reason of having given such consent.

Minor's negligence imputed to employer

17706. (a) If the person who is required by the provisions of this code to sign and verify the application of a minor gives his written consent, the department may accept an application signed and verified by the minor and his employer, but in such case the department shall issue to the minor only a driver's license restricted to the operation of vehicles by the minor within the scope of his employment by the employer, unless the employer in writing authorizes the issuance of an unrestricted driver's license.

(b) The person giving his consent to, but not signing or verifying, the application as provided in this section shall not be subject to the civil liability specified in Sections 17707 and 17708 merely by reason of having given such consent.

Minor's negligence

17707. Any civil liability of a minor arising out of his driving a motor vehicle upon a highway during his minority is hereby imposed upon the person who signed and verified the application of the minor for a license and the person shall be jointly and severally liable with the minor for any damages proximately resulting from the negligence or wilful misconduct of the minor in driving a motor vehicle, except that an employer signing the application shall be subject to the provisions of this section only if an unrestricted driver's license has been issued to the minor pursuant to the employer's written authorization.

Liability of parent or guardian

17708. Any negligence or wilful misconduct of a minor, whether licensed or not under this code, in driving a motor vehicle upon a highway with the express or implied permission of the parents or the person or guardian having custody of the minor shall be imputed to the parents, person, or guardian for all purposes of civil damages and the parents, person, or guardian shall be jointly and severally liable with the minor for any damages proximately resulting from the negligence or wilful misconduct.

Limit of liability

17709. No person, or group of persons collectively to whom negligence or wilful misconduct is imputed shall incur liability under Sections 17707 and 17708 in any amount exceeding five thousand dollars ($5,000) for injury to or death of one person as a result of any one accident or, subject to the limit as to one person, exceeding ten thousand dollars ($10,000) for injury to or death of all persons as a result of any one accident or exceeding one thousand dollars ($1,000) for damage to property of others as a result of any one accident.

Minor agent or servant

17710. Negligence or wilful misconduct shall not be imputed to the person signing a minor's application for a license when the minor is acting as the agent or servant of any person.

Release from liability

17711. Any person who has signed and verified the application of a minor for a driver's license or any employer who has authorized the issuance of a license to a minor and who desires to be relieved from the joint and several liability imposed by reason of having signed and verified such application, may file a verified application with the department requesting that the license of the minor be canceled. The department shall cancel the license and thereafter the person shall be relieved from the liability imposed under this chapter by reason of having signed and verified the original application on account of any subsequent wilful misconduct or negligent operation of a motor vehicle by the minor.

Cancellation

17712. The department, upon receipt of satisfactory evidence of the death of the father and mother or the person or guardian who signed and verified the application of any minor under Section 17701 or any employer who authorized the issuance of an unrestricted license, shall cancel the license and shall not issue a new license until such time as a new application duly signed and verified in the manner required by this code is made and granted.

Same Employment license

17713. The department, upon receipt of satisfactory evidence showing that any minor to whom was issued a license pursuant to Section 17706, other than an unrestricted license, has left the employ of the employer who signed and verified the application for the license, shall cancel the license and shall not issue a new license until such time as a new application duly signed and verified in the manner required by this code is made and granted.

Limitation of double liability

17714. In the event, in one or more actions, judgment is rendered against a defendant under this part based upon the negligent operation of a vehicle by a minor, and also by reason of such negligence rendered against such defendant under Article 2 of Chapter 1, commencing at Section 17150, then such judgment or judgments shall not be cumulative but recovery shall be limited to the amount specified in Section 17709.

DIVISION 10. ACCIDENTS AND ACCIDENT REPORTS

20000. The provisions of this division apply upon highways and elsewhere throughout the State, unless expressly provided otherwise. Application

20001. The driver of any vehicle involved in an accident resulting in injury to any person, other than himself, or death of any person shall immediately stop the vehicle at the scene of the accident and shall fulfill the requirements of Sections 20003 and 20004, and any person failing to stop or to comply with the requirements under such circumstances is guilty of a public offense and upon conviction thereof shall be punished by imprisonment in the state prison for not less than one year nor more than five years or in the county jail for not to exceed one year or by fine of not to exceed five thousand dollars ($5,000) or by both. Death or personal injuries

20002. (a) The driver of any vehicle involved in an accident resulting in damage to property shall immediately stop the vehicle at the scene of the accident and shall fulfill the requirements of Section 20005 and any person failing to stop or to comply with said requirements under such circumstances is guilty of a misdemeanor and upon conviction thereof shall be punished by imprisonment in the county jail for not to exceed six months or by a fine of not to exceed five hundred dollars ($500) or by both. Property damage

This subdivision shall not apply where the driver of a vehicle collides with any vehicle which is unattended.

(b) Any person who parks a vehicle which, prior to the vehicle again being driven, becomes a runaway vehicle and is involved in an accident resulting in damage to property, shall upon becoming aware of the accident fulfill the requirements of Section 20005 and failure to comply with said requirements will upon conviction thereof, carry the same penalty as prescribed in subdivision (a) of this section.

20003 The driver of any vehicle involved in an accident resulting in injury to or death of any person shall also give his name, address, the registration number of the vehicle he is driving, the name of the owner, and upon request and if available exhibit his driver's license to the person struck or the driver or occupants of any vehicle collided with or shall give such information and exhibit his license to any traffic or police officer at the scene of the accident and shall render to any person injured in the accident reasonable assistance, including the carrying or the making arrangements for the carrying of such person to a physician, surgeon or hospital for medical or surgical treatment if it is apparent that treatment is necessary or if such carrying is requested by the injured person. Duty upon injury or death

20004. In the event of death of any person resulting from an accident, the driver of any vehicle involved after fulfilling the requirements of this division, and if there be no traffic or police officer at the scene of the accident to whom to give the Duty upon death

information required by Section 20003, shall, without delay, report the accident to the nearest office of the Department of the California Highway Patrol or office of a duly authorized police authority and submit with the report the information required by Section 20003.

Duty upon damage to property

20005. The driver of any vehicle involved in an accident resulting in damage to property shall take reasonable steps to locate and notify the owner or person in charge of the property of the damage, his name and address, and the registration number of the vehicle he is driving, and shall upon request and if available exhibit his driver's license, except that when the driver of any vehicle collides with any vehicle which is unattended the provisions of Section 20007 shall apply.

Driver without license

20006. If the driver does not have his driver's license in his possession, he shall exhibit other valid evidences of identification to the occupants of a vehicle with which he collided.

Duty upon striking unattended vehicle

20007. (a) The driver of any vehicle which collides with any vehicle which is unattended shall immediately stop and shall then and there either locate and notify the driver or owner of such vehicle of the name and address of the driver and owner of the vehicle striking the unattended vehicle or shall leave in a conspicuous place in the vehicle struck a written notice giving the name and address of the driver and of the owner of the vehicle doing the striking and a statement of the circumstances thereof and shall within 24 hours forward a similar notice to the police department of the city wherein the collision occurred or, if the collision occurred in unincorporated territory, then either to the sheriff of the county wherein the collision occurred, or to the local headquarters of the Department of the California Highway Patrol and any person failing to stop or comply with said requirements is guilty of a misdemeanor and upon conviction thereof shall be punished by imprisonment in the county jail for not to exceed six months or by a fine of not to exceed five hundred dollars ($500) or by both.

(b) Any person who parks a vehicle which, prior to the vehicle again being driven, becomes a runaway vehicle and is involved in an accident resulting in damage to any unattended vehicle shall comply with the requirements of this section, relating to notification and reporting and will upon conviction thereof, be liable to the penalties of this section for failure to comply with said requirements.

Duty to report accidents

20008. (a) The driver of a vehicle, other than a common carrier vehicle, involved in any accident resulting in injuries to or death of any person shall within 24 hours after the accident make or cause to be made a written report of the accident to the Department of the California Highway Patrol, except when such accident occurs within a city, the report shall be made within 24 hours after the accident to the police department of such city.

Every police department shall on or before the fifth day of each month forward every such report filed with it during the

previous calendar month, or a copy thereof, to the main office of the Department of the California Highway Patrol at Sacramento.

(b) The owner or driver of a common carrier vehicle involved in any such accident shall make a like report to the Department of the California Highway Patrol on or before the tenth day of the month following the accident.

Supplemental reports

20009. The Department of the California Highway Patrol may require any driver, or the owner of a common carrier vehicle, involved in any accident of which a report must be made as provided in Section 20008 to file supplemental reports and may require witnesses of accidents to render reports to it whenever the original report is insufficient in the opinion of such department.

Driver unable to report

20010. Whenever the driver of a vehicle is physically incapable of making a required accident report, any occupant in the vehicle at the time of the accident shall make the report or cause it to be made.

Coroners' report

20011. Every coroner shall on or before the tenth day of each month report in writing to the Department of the California Highway Patrol the death of any person during the preceding calendar month as the result of an accident involving a motor vehicle and the circumstances of the accident.

Reports Confidential

20012. All required accident reports, and supplemental reports, shall be without prejudice to the individual so reporting and shall be for the confidential use of the Department of Motor Vehicles and the Department of the California Highway Patrol, except that the Department of the California Highway Patrol shall disclose the names and addresses of persons involved in, or witnesses to, an accident, the registration numbers and descriptions of vehicles involved, and the date, time and location of an accident, to any person who may have a proper interest therein, including the driver or drivers involved, or the legal guardian thereof, the parent of a minor driver, the authorized representative of a driver, or to any person injured therein, and the owners of vehicles or property damaged thereby.

Same Evidence

20013 No accident report shall be used as evidence in any trial, civil or criminal, arising out of an accident, except that the department shall furnish upon demand of any person who has, or claims to have, made such a report or upon demand of any court, a certificate showing that a specified accident report has or has not been made to the department solely to prove a compliance or failure to comply with the requirement that such a report be made to the department.

Use of reports

20014. All required accident reports and supplemental reports and all reports made to the Department of the California Highway Patrol by any peace officer, member of the Department of the California Highway Patrol, or other employee of the Department of Motor Vehicles and the Department of the California Highway Patrol, shall be immediately available for the confidential use of any division in the

departments needing the same, and for confidential use of the Department of Public Works.

Release

20015. Upon the termination of any criminal proceedings arising out of a traffic accident, or upon the determination by the proper authorities not to file any criminal charges as a result of the accident, but in all cases upon the termination of a period of six months after the date of the accident, all of the factual data gathered by the officers, together with the signed statements of all witnesses, except the reports signed by the drivers involved in the accident, shall be made available upon request to the interested parties named in Section 20012.

Persons injured on highways

20016. Any peace officer, any member of an organized fire department or fire protection district, any employee of the Division of Highways assigned to maintenance operations, or any member of the California Highway Patrol may transport or arrange for the transportation of any person injured in an accident upon any highway to a physician and surgeon or hospital, if the injured person does not object to such transportation. Any officer, member, or employee exercising ordinary care and precaution shall not be liable for any damages due to any further injury or for any medical, ambulance, or hospital bills incurred in behalf of the injured party.

DIVISION 11. RULES OF THE ROAD

CHAPTER 1. OBEDIENCE TO AND EFFECT OF TRAFFIC LAWS

Article 1. Definitions

"Department"

21000. Wherever in this division "department" occurs, it means the Department of the California Highway Patrol.

Scope of division

21001. The provisions of this division refer exclusively to the operation of vehicles upon the highways, unless a different place is specifically referred to.

Article 2. Effect of Traffic Laws

Bicycles or animals

21050. Every person riding a bicycle or riding or driving an animal upon a highway has all of the rights and is subject to all of the duties applicable to the driver of a vehicle by this division, Division 10 (commencing at Section 20000), and Sections 2800 and 2801, except those provisions which by their very nature can have no application.

Trolley coaches

21051. The following sections apply to trolley coaches:

(a) Sections 1800, 4000, 4001, 4002, 4003, 4006, 4009, 4150, 4151, 4152, 4153, 4155, 4156, 4158, 4165, 4166, 4300 to 4309, inclusive, 4450 to 4454, inclusive, 4457, 4458, 4459, 4460, 4600 to 4610, inclusive, 4750, 4751, 4850, 4851, 4852, 4853, 5000, 5200 to 5205, inclusive, 5904, 6052, 8801, 9254, and 40001

with respect to 4000, relating to original and renewal of registration.

(b) Sections 9250, 9251, 9265, 9400, 9406, 9407, 9408, 9550, 9552, 9553, 9554, 9800 to 9809, inclusive, 14901, 42230 to 42234, inclusive, relating to registration and other fees.

(c) Sections 2800, 10851, 10852, 10853, 20001 to 20009, inclusive, 21052, 21053, 21054, 21450 to 21457, inclusive, 21461, 21650, 21651, 21658, 21659, 21700, 21701, 21702, 21703, 21709, 21712, 21750, 21753, 21754, 21755, 21800, 21801, 21802, 21806, 21950, 21951, 22106, 22107, 22108, 22109, 22350, 22351, 22352, 22400, 22450 to 22453, inclusive, 23101 to 23107, inclusive, 23110, 40831, 42002 with respect to 10852 and 10853, and 42004, relating to traffic laws.

(d) Sections 26706, 26707, and 26708, relating to equipment.

(e) Sections 17301, 17302, 17303, 21461, 35000, 35100, 35101, 35105, 35106, 35111, 35550, 35551, 35750, 35751, 35753, 40000, 40001, 40003, and 42031, relating to the size, weight, and loading of vehicles.

Public officers and employees

21052. The provisions of this code applicable to the drivers of vehicles upon the highways apply to the drivers of all vehicles while engaged in the course of employment by this State, any political subdivision thereof, any municipal corporation, or any district, including authorized emergency vehicles subject to those exemptions granted such authorized emergency vehicles in this code.

Public employees working on highway

21053. The provisions of this code do not apply to public employees and publicly owned teams, motor vehicles and other equipment while actually engaged in work upon the surface of a highway, or work of installation, removal, repairing, or maintaining official traffic control devices, but apply to such persons and vehicles when traveling to or from such work.

Representative of public agency

21054. The provisions of this division do not apply to the duly authorized representatives of any public agency while actually engaged in performing any of the work described in Section 21053 but apply to such persons when traveling to and from such work.

Exemption of authorized emergency vehicles

21055. The driver of an authorized emergency vehicle is exempt from Chapter 2 (commencing at Section 21350), Chapter 4 (commencing at Section 21800), Chapter 5 (commencing at Section 21950), except Sections 21960 and 21961, Chapter 6 (commencing at Section 22100), except Section 22113, Chapter 8 (commencing at Section 22450), except Section 22455, Chapter 9 (commencing at Section 22500), except Sections 22507, 22509, 22511, 22515, and 22517, Chapter 10 (commencing at Section 22650), except Section 22657, Article 1 of Chapter 3 (commencing at Section 21650), except Section 21662, Article 3 of Chapter 3 (commencing at Section 21750), Articles 1 and 2 of Chapter 7 (commencing at Sections 22350 and 22400, respectively), and Sections 21112, 21703 to 21709, inclusive, 23273, 24605, 25253, 25254, 25255, 25300 to 25304,

inclusive, 27700, 27906, 27907, 40831, and 41102 under all of the following conditions:

(a) If the vehicle is being driven in response to an emergency call or while engaged in rescue operations or is being used in the immediate pursuit of an actual or suspected violator of the law or is responding to, but not returning from, a fire alarm, except that fire department vehicles are exempt whether directly responding to an emergency call or operated from one place to another as rendered desirable or necessary by reason of an emergency call and operated to the scene of the emergency or operated from one fire station to another or to some other location by reason of the emergency call.

(b) If the driver of the vehicle sounds a siren as may be reasonably necessary and the vehicle displays a lighted red lamp visible from the front as a warning to other drivers and pedestrians.

A siren shall not be sounded by an authorized emergency vehicle except when required under this section.

Effect of exemption

21056. Section 21055 does not relieve the driver of a vehicle from the duty to drive with due regard for the safety of all persons using the highway, nor protect him from the consequences of an arbitrary exercise of the privileges granted in that section.

Sirens and illegal speed of escorts

21057. Every police and traffic officer is hereby expressly prohibited from using a siren or driving at an illegal speed when serving as an escort of any vehicle, except when the escort or conveyance is furnished for the preservation of life or when expediting movements of supplies and personnel for the armed forces during a national emergency.

Physicians

21058. A physician traveling in response to an emergency call shall be exempt from the provisions of Sections 22351 and 22352 if the vehicle so used by him displays an insignia approved by the department indicating that the vehicle is owned by a licensed physician. The provisions of this section do not relieve the driver of the vehicle from the duty to drive with due regard for the safety of all persons using the highway, nor protect the driver from the consequences of an arbitrary exercise of the privileges of this section.

Article 3. Local Regulation

Traffic

21100. Local authorities may adopt rules and regulations by ordinance or resolution on the following matters:

(a) Regulating or prohibiting processions or assemblages on the highways.

(b) Licensing and regulating the operation of vehicles for hire.

(c) Regulating traffic by means of traffic officers.

(d) Regulating traffic by means of semaphores or other official traffic control devices.

21101. Local authorities may adopt rules and regulations by ordinance or resolution on the following matters: Highways

(a) Designating particular highways as one-way highways and requiring that all vehicles thereon be moved in one specified direction.

(b) Closing any highway to vehicular traffic when in the opinion of the legislative body having jurisdiction the highway is no longer needed for vehicular traffic.

(c) Designating any highway as a through highway and requiring that all vehicles stop before entering or crossing the same or designating any intersection as a stop intersection and requiring all vehicles to stop at one or more entrances to the intersection.

(d) Prohibiting the use of particular highways by certain vehicles, except as otherwise provided by the Public Utilities Commission pursuant to Article 2 of Chapter 5 of Part 1 of Division 1 of the Public Utilities Code.

(e) Closing particular streets during regular school hours for the purpose of conducting automobile driver training programs in the secondary schools and colleges of this State.

21102. Local authorities may adopt rules and regulations by ordinance or resolution closing to vehicular traffic that portion of any street or highway crossing or dividing any school ground or grounds when in the opinion of the legislative body having jurisdiction such closing is necessary for the protection of persons attending such school or school grounds. The closing to vehicular traffic may be limited to such hours and days as the legislative body may specify. No such ordinance or resolution shall be effective until appropriate signs giving notice thereof are posted along the street or highway affected, nor in the case of state highways, until such ordinance or resolution is approved by the Department of Public Works. Local authority to close street

21103. No ordinance or resolution enacted under Section 21101 shall be effective until signs giving notice of the local traffic laws are posted at all entrances to the highway or part thereof affected. All signs giving notice of any local traffic laws under subdivision (b) of Section 21101 shall conform to the specifications applicable to stop signs. Signs required

21104. No ordinance or resolution proposed to be enacted under Section 21101 or subdivision (d) of Section 21100 is effective as to any highway not under the exclusive jurisdiction of the local authority enacting the same, except that an ordinance or resolution which is submitted to the Department of Public Works by a local legislative body in complete draft form for approval prior to the enactment thereof is effective as to any state highway or part thereof specified in the written approval of such department. Approval of local regulations

21105. No rule or regulation adopted under Sections 21100 or 21101 shall be effective as to boundary line streets where portions thereof are within different jurisdictions unless all authorities having jurisdiction of such portions of the street concerned have approved the same. Boundary line streets

Crosswalks

21106. (a) Local authorities, by ordinance, may establish crosswalks between intersections.

(b) Local authorities may install signs at or adjacent to an intersection directing that pedestrians shall not cross in a crosswalk indicated at the intersection. It is unlawful for any pedestrian to cross at the crosswalk prohibited by a sign.

Private roads

21107. The provisions of this code shall not prevent any city from adopting rules and regulations by ordinance or resolution, regulating vehicular traffic on privately owned and maintained roads located within the boundary of such city, except that no such ordinance or resolution shall be effective until signs giving notice thereof are posted on the roads affected. The provisions of this section shall not apply to any city in which there are publicly maintained city streets.

Same: Leading to airports

21108. Local authorities may adopt rules and regulations by ordinance or resolution regulating vehicular traffic on privately owned and maintained roads or ways within the boundaries of a privately owned airport, when the roads or ways are expressly open to the general public for purposes of vehicular traffic.

The rules or regulations shall not be effective until appropriate signs giving notice thereof are posted along the roads or ways affected.

Underpasses, bridges and viaducts

21109. Local authorities may adopt rules and regulations by ordinance or resolution regulating vehicular and pedestrian traffic in subways, tubes, and tunnels or upon bridges or viaducts. The proposed ordinance or resolution shall not be effective as to any state highway until approved in writing by the Department of Public Works.

The rules or regulations shall not be effective until appropriate signs have been posted giving notice thereof to drivers and pedestrians approaching the highway structures.

Railroad crossings

21110. Local authorities may adopt rules and regulations by ordinance or resolution to require that all vehicles stop before entering or crossing the tracks at any highway railroad grade crossing when signs are in place giving notice thereof, but no such ordinance shall be effective unless approved by an order of the Public Utilities Commission.

Housing projects

21111. Local authorities may adopt rules and regulations by ordinance or resolution regulating vehicular traffic on privately owned and maintained roads or ways within the boundaries of any housing project or within the site of any housing owned or operated by a housing authority created under and by virtue of the Housing Authorities Law, commencing at Section 34200 of the Health and Safety Code, on privately owned and maintained roads or ways within areas which would be a residence district if the road or way were a public highway, or, with the consent of the owner, on publicly owned and maintained roads and ways within areas which are not owned by such local authorities. The rules or regulations shall not be effective until appropriate signs giving notice thereof are posted along the roads or ways affected.

21112. Local authorities may by ordinance license and regulate the location of stands on streets and highways for use by taxicabs and other public carriers for hire in their respective jurisdictions. No such ordinance shall be effective as to any state highway until approved in writing by the Department of Public Works. Where maintenance of any state highway is delegated by such department to a city, such approval is not required. Taxicab and bus stands

21113. (a) No person shall drive any vehicle or animal, nor shall any person stop, park, or leave standing any vehicle or animal, whether attended or unattended, upon the driveways, paths, or the grounds of any public school, state university, state college, state, county, or municipal institution or building, or any educational institution exempted in whole or in part from taxation, except with the permission of, and upon and subject to such conditions and regulations as may be imposed by, the governing board or office of the public school, state university, state college, state, county, or municipal institution or building, or educational institution. Public grounds

(b) Every governing board or officer shall erect or place appropriate signs giving notice of any special conditions or regulations that are imposed under this section and every board or officer shall also prepare and keep available at the principal administrative office of the board or officer, for examination by all interested persons, a written statement of all such special conditions and regulations adopted under this section.

(c) When any governing board or officer permits public traffic upon the driveways, paths or grounds under their control then, in the absence of any special condition or regulations applicable to the traffic, all the provisions of this code relating to traffic upon the highways shall be applicable to the traffic upon the driveways, paths, or grounds.

Chapter 2. Traffic Signs, Signals, and Markings

Article 1. Erection and Maintenance

21350. The State Department of Public Works, Division of Highways, shall place and maintain, or cause to be placed and maintained, with respect to highways under its jurisdiction, appropriate signs, signals and other traffic control devices as required hereunder, and may place and maintain, or cause to be placed and maintained, such appropriate signs, signals or other traffic control devices as may be authorized hereunder, or as may be necessary properly to indicate and to carry out the provisions of this code, or to warn or guide traffic upon the highways. State authority

21351. Local authorities in their respective jurisdictions shall place and maintain or cause to be placed and maintained such traffic signs, signals and other traffic control devices upon streets and highways as required hereunder, and may place Local authority

and maintain or cause to be placed and maintained, such appropriate signs, signals or other traffic control devices as may be authorized hereunder or as may be necessary properly to indicate and to carry out the provisions of this code or local traffic ordinances or to warn or guide traffic.

Regulations applicable on state highways

21352. The Department of Public Works may erect stop signs at any entrance to any state highway and whenever the department determines that it is necessary for the public safety and the orderly and efficient use of the highways by the public, the department may erect and maintain, or cause to be erected and maintained, on any state highway any semaphore or traffic control signaling device or any official traffic control device regulating or prohibiting the turning of vehicles upon the highway, allocating or restricting the use of specified lanes or portions of the highway by moving vehicular traffic, establishing crosswalks at or between intersections or restricting use of the right-of-way by the public for other than highway purposes.

Local authority on state highways

21353. No local authority, except by permission of the Department of Public Works, shall erect or maintain any stop sign, semaphore or other traffic control signaling device in such manner as to require the traffic on any state highway to stop before entering or crossing any intersecting highway or any railroad grade crossing.

Stop signs Local highways

21354. Subject to the provisions of Section 21353, a local authority may designate any highway under its jurisdiction as a through highway and may erect stop signs at entrances thereto or may designate any intersection under its exclusive jurisdiction as a stop intersection and erect stop signs at one or more entrances thereto.

Same

21355. Stop signs erected under Section 21350, 21351, 21352, or 21354 may be erected either at or near the entrance to an intersection.

The Department of Public Works and local authorities in their respective jurisdictions may erect stop signs at any location so as to control traffic within an intersection.

When a required stop is to apply at the entrance to an intersection from a one-way street the roadway of which is 30 feet or more in width, stop signs shall be erected both on the left and the right sides of such one-way street at or near the entrance to the intersection.

Yield right-of-way signs

21356. The Department of Public Works in respect to state highways, and any local authority in respect to highways under its jurisdiction, may erect yield right-of-way signs at one or more approaches to an intersection of streets and highways under its jurisdiction which are not through highways, but such yield right-of-way signs shall not be erected upon the approaches to more than one of the intersecting streets.

Yield right-of-way signs shall be located at or near the entrance to the intersection where motorists are required to yield the right-of-way.

21357. Speed restriction signs shall be erected at the entrance of a state highway into a business or residence district. Speed signs: Business and residence districts

Speed restriction signs may, but need not, be erected at the entrance of any other highway into a business or residence district unless required in this chapter.

21358. Where one or more business and residence districts are contiguous, or where, as authorized by this code, speed is to be restricted between two districts, either business or residence, or at the end of either thereof, speed restriction signs as required by Sections 21357 and 21359 need be erected and maintained only at the boundaries of the outside limits of the area in which speed is to be restricted. Same: District boundaries

21359. Whenever the Department of Public Works or a local authority as authorized by this code determines and declares a prima facie speed limit different from the limit otherwise applicable under Sections 22351 and 22352, appropriate speed restriction signs shall be erected and maintained at the outside entrance of the highway or portion thereof upon which the special prima facie speed limit is applicable. The special prima facie speed limit is not effective until appropriate signs have been erected. Same: Special areas

21360. Local authorities in their respective jurisdictions may, within the reasonable exercise of their police power and subject to Section 21353, place and maintain official traffic control devices to regulate traffic at the intersection of a highway and a private road or driveway. Official traffic control devices may be erected at or near such intersection, except no such device shall be erected upon a private road or driveway without consent of the owner thereof. When official traffic control devices are installed and in operation, the private road or driveway shall be deemed a highway only for the purpose of determining the existence and location of an intersection. Traffic devices on private road or driveway

21361. (a) When the outermost boundaries of two or more intersections are confined within a distance of 200 feet, the Department of Public Works in respect to state highways, and a local authority with respect to highways under its jurisdiction, shall have the power to designate a single intersection by the installation and operation of traffic signals which may be supplemented by signs or markings. When so designated, the single intersection shall be the legal intersection for the purposes of traffic movement and regulation. Traffic signals at intersection

(b) Whenever a single intersection has been designated by local authorities as set forth in subdivision (a), such authorities may designate marked crosswalks at certain locations within the intersection or contiguous thereto, and when the marked crosswalks are established, they shall constitute the only crosswalks at the intersection.

21362. Railroad warning approach signs shall be erected by local authorities upon the right-hand side of each approach of every highway under their jurisdiction to a grade crossing of a steam railroad or electric interurban railway at a reasonable distance from the crossing. Railroad approach signs

Detour

21363. Detour signs shall be erected at the nearest points of detour from that portion of a highway, or from any bridge, which is closed to traffic while under construction or repair.

Stock crossing

21364. The Department of Public Works may authorize an owner of land adjacent to a state highway to erect and maintain signs to indicate the existence of those places where livestock regularly and frequently cross a state highway, and any sign so erected and maintained shall be an official sign. Said department shall prescribe the size, shape and character of the signs, which shall be uniform.

Open range

21365. The Department of Public Works, with respect to state highways in open range country, and the board of supervisors of each county, with respect to county highways under its jurisdiction, may place and maintain appropriate signs indicating that the territory traversed is open livestock range and warning against the danger of livestock on the highway.

Street names

21366. At each signal-controlled intersection on streets and highways within cities, there shall be a street name sign clearly visible to the principal flow of traffic. The cost of erecting and maintaining the street name signs may be paid out of funds received by the city from the Highway Users Tax Fund or the Motor Vehicle License Fee Fund.

Flashing signals at school approaches

21367. (a) Upon a finding by the governing board of any school district that traffic conditions in the vicinity of any schools in the district are hazardous to school children crossing streets or highways in such vicinity and a request is made by the school district, the Department of Public Works shall, with respect to highways under its jurisdiction, or local authorities shall, in their respective jurisdictions, make a study as to the hazards to school children from traffic on streets or highways adjacent to the schools.

(b) If the authority in charge of the highway determines that flashing traffic signals would be justified as a protective measure, it shall place or replace and maintain such flashing signals as are required. In the event the highway authorities find that the signals are not justified or that different measures should be taken they shall render a report to the governing board of the school district, advising them of their conclusions and the reasons therefor.

(c) One-half the cost to the Department of Public Works or local authorities of placing and replacing any traffic signal pursuant to this section shall be borne by the school district requesting the placement of the signal.

Crosswalks near schools

21368. Whenever a marked pedestrian crosswalk has been established in a roadway contiguous to a school building or the grounds thereof, it shall be painted or marked in yellow as shall be all the marked pedestrian crosswalks at an intersection in case any one of the crosswalks is required to be marked in yellow. Other established marked pedestrian crosswalks may be painted or marked in yellow if the nearest point of the crosswalk is not more than 600 feet from a school building or the grounds thereof. There shall be painted or marked

in yellow on each side of the street in the lane or lanes leading to all yellow marked crosswalks the following words, "SLOW—SCHOOL—XING." A crosswalk shall not be painted or marked yellow at any location other than as required or permitted in this section.

Article 2. Description of Traffic Device

Stop signs

21400. (a) Every stop sign erected after January 1, 1957, shall be of metal and octagonal in shape, shall have a red background and shall carry the word "stop" horizontally in white letters at least one-third the height of the sign. Each side of said sign shall be of equal length and shall be a minimum of 10 inches in length. Each letter of the word "stop" shall be of not less than one-inch stroke. Stop signs may be of larger dimensions than specified herein, in which event the stroke of letters shall be increased in the proper proportion.

(b) The lettering upon such stop signs shall from sunset to sunrise be illuminated or reflectorized and the background upon every such sign may be illuminated or reflectorized. Illumination shall be by floodlight upon the face of the sign or by white light in the letters. Reflectorization shall be by white or clear reflecting units or reflecting coating in the letters with or without a red reflecting coating on the background.

Same
Erected prior to 1957

21401. Stop signs erected prior to January 1, 1957, shall conform either to the requirements of Section 21400 or to the statutory requirements in effect on January 1, 1955, or in effect at the time the signs were erected.

Yield right-of-way

21402. Every yield right-of-way sign erected on or after September 7, 1955, shall carry the message "Yield Right of Way" with letters of the word "yield" at least six inches in height, and shall otherwise conform to the specifications as set forth in the National Manual on Uniform Traffic Control Devices for Streets and Highways.

Speed signs

21403. Every speed restriction sign located upon a highway on or after September 13, 1941, shall be of metal and rectangular in shape, except that the corners shall be slightly rounded and shall conform approximately to the specifications of this section. The minimum size of the sign measured through its center shall be 30 inches in length and 24 inches in width. The face of the sign shall be black with the words and figures specifying the applicable speed limit in white thereon. The top of the words "speed limit" shall be $2\frac{1}{2}$ inches from the top edges of the sign. Each letter of the words "speed limit" shall be four inches in height and of five-eighths inch stroke. The top of the figures shall be $1\frac{11}{16}$ inches below the bottom of the words "speed limit." Each figure of the figures shall be $10\frac{7}{8}$ inches in height and $1\frac{3}{4}$ inch stroke. The top of the word "miles" shall be $1\frac{11}{16}$ inches below the bottom of the figures. Each letter of the word "miles" shall be four inches in height and of five-eighths inch stroke. A white borderline of three-

eighths inch stroke shall parallel the outside edges of the sign. The outside edge of the borderline shall be three-eighths inch from the outside edges of the sign. The sign may be made of larger dimensions in which event the size and stroke of letters, figures and lines shall be increased in the proper proportion.

Warning approach signs

21404. Every railroad warning approach sign erected after January 1, 1951, shall consist of a metal disc and shall conform approximately to the specifications of this section. The disc shall be 24 inches in diameter. The face of the disc shall have a yellow background upon which there shall be placed a black borderline one-half inch wide and a black 90-degree crossbuck "X" $2\frac{3}{8}$ inches wide. In each of the side quarters thus formed, there shall appear in black the letter "R" $5\frac{5}{8}$ inches high and $4\frac{3}{8}$ inches wide, drawn in lines of one-inch stroke. Every sign shall contain reflecting buttons or elements set into the face of the sign. Signs may be made of larger dimensions, in which event the size and stroke of letters and lines shall be increased in the proper proportion.

Street and highway signs

21405. (a) The Department of Public Works shall determine and prescribe the standards and specifications, regarding location, kind, size, color, and height, for all city street name signs erected on or after January 1, 1948, on streets or highways within incorporated cities.

(b) Any street name sign erected on or after January 1, 1948, on any street or highway within any incorporated city shall conform to uniform standards and specifications for street and highway name signs prescribed by the Department of Public Works.

Contractor's warning devices

21406. The Department of Public Works shall determine and publicize the specifications for uniform types of warning signs, lights and devices to be placed upon a highway by any person engaged in performing work which interferes with or endangers the safe movement of traffic upon such highway.

Only those signs, lights and devices as are provided for in this section shall be placed upon a highway to warn traffic of work which is being performed on such highway.

Article 3. Offenses Relating to Traffic Devices

Official traffic control signals

21450. Whenever traffic is controlled by official traffic control signals exhibiting the words "go," "caution," or "stop," or exhibiting different colored lights successively, one at a time, or with arrows, only the colors designated in this chapter shall be used, and the terms and lights shall indicate and apply to drivers of vehicles and pedestrians as provided in this chapter.

Green and "go"

21451. Green alone or "go" on an official traffic control signal means that:

(a) Vehicular traffic facing the signal shall proceed straight through or may turn right or left. Traffic may make a semicircular or U-turn only where such turn is permitted by signs

erected at such location. But vehicular traffic, including vehicles turning right or left, shall yield the right-of-way to other vehicles and to pedestrians lawfully within the intersection or an adjacent crosswalk at the time such signal is exhibited.

(b) Pedestrians facing the signal may proceed across the roadway within any marked or unmarked crosswalk.

Yellow and "caution"

21452. Yellow or "caution" on an official traffic control signal when shown following the green or "go" signals means that:

(a) Vehicular traffic facing the signal is thereby warned that the red or stop signal will be exhibited immediately thereafter and vehicular traffic will be required to stop when the red or stop signal is exhibited.

(b) No pedestrian shall enter the roadway or cross any part of a roadway or proceed from or to a safety zone against a yellow or "caution" signal.

Red or "stop"

21453. Red alone or "stop" on an official traffic control signal means:

(a) Vehicular traffic facing the signal shall stop at a limit line, if marked, otherwise before entering the crosswalk on the near side of the intersection or, if none, then before entering the intersection and shall remain standing until green or "go" is shown alone, except as provided in the next succeeding paragraphs.

(b) The driver of a vehicle which is stopped as close as practicable at the entrance to the crosswalk on the near side of the intersection or, if none, then at the entrance to the intersection in obedience to a red or "stop" signal, may make a right turn but shall yield the right-of-way to pedestrians and other traffic proceeding as directed by the signal at said intersection, except that local authorities may by ordinance prohibit any such right turn against a red or "stop" signal at any intersection, which ordinance shall be effective when a sign is erected at such intersection giving notice thereof.

(c) The driver of a vehicle on a one-way street which intersects another one-way street on which traffic moves to the left shall stop in obedience to a red or "stop" signal but may then make a left turn into said one-way street, but shall yield the right-of-way to pedestrians and other traffic proceeding as directed by the signal at said intersection, except that local authorities may by ordinance prohibit any such left turn as above described, which ordinance shall be effective when a sign is erected at such intersection giving notice thereof.

(d) No pedestrian shall enter the roadway or cross any part of the roadway or proceed from or to a safety zone against a red or "stop" signal.

Red with green arrow

21454. Red with green arrow on an official traffic control signal means that vehicular traffic facing the signal may cautiously enter the intersection only to make the movement indicated by the green arrow but shall yield the right-of-way to other vehicles and to pedestrians lawfully within the intersec-

tion or an adjacent crosswalk at the time such green arrow is exhibited.

It is unlawful to operate a traffic signal which is equipped with a green light and a red arrow which are shown simultaneously.

Streetcar at red

21455. The motorman of any streetcar shall not make a right or left turn when facing a red alone or stop signal.

Walk, wait or don't walk

21456. Whenever an official traffic control signal exhibiting the words "walk" or "wait" or "don't walk" are in place, the signals shall indicate as follows:

(a) Walk. A pedestrian facing the signal may proceed across the roadway in the direction of the signal or in a diagonal direction across the roadway within the intersection if so instructed by signs or signals installed at or near the intersection.

(b) Wait or Don't Walk. No pedestrian shall start to cross the roadway in the direction of such signal, but any pedestrian who has partially completed his crossing on the "walk" signal shall proceed to a sidewalk, safety zone or island while the "wait" or "don't walk" signal is showing.

Flashing signals

21457. Whenever a flashing red or yellow signal is used in an official traffic control device, it shall require obedience by vehicular traffic as follows:

(a) Flashing Red. When a red lens is illuminated by rapid intermittent flashes, drivers of vehicles shall stop before entering the nearest crosswalk at an intersection or at a limit line when marked, and the right to proceed shall be subject to the rules applicable after making a stop at a stop sign.

(b) Flashing Yellow. When a yellow lens is illuminated with rapid intermittent flashes, drivers of vehicles may proceed through the intersection or past the signal only with caution.

Curb markings

21458. Whenever local authorities enact local parking regulations and indicate them by the use of paint upon curbs, the following colors only shall be used, and the colors indicate as follows:

(a) Red indicates no stopping, standing, or parking, whether the vehicle is attended or unattended, except that a bus may stop in a red zone marked or signposted as a bus loading zone.

(b) Yellow indicates stopping only for the purpose of loading or unloading passengers or freight for such time as may be specified by local ordinance.

(c) White indicates stopping only for loading or unloading of passengers for such time as may be specified by local ordinance or for the purpose of depositing mail in an adjacent mailbox.

(d) Green indicates time limit parking specified by local ordinance.

Regulations indicated as above provided shall be effective upon such days and during such hours or times as may be prescribed by local ordinances.

21459. (a) The Department of Public Works in respect to state highways and a local authority with respect to highways under its jurisdiction, is authorized to place and maintain upon highways distinctive roadway markings as described and with the effect set forth in Section 21460. Distinctive roadway markings

(b) The distinctive roadway markings shall be employed to designate any portion of a highway where the volume of traffic or the vertical or other curvature of the roadway renders it hazardous to drive on the left side of the marking or to indicate no driving to the left as provided in Section 21460, and shall not be employed for any other purpose.

(c) Any pavement marking other than as described in this section placed by the Department of Public Works or any local authority shall not be effective to indicate no driving over or to the left of the marking.

21460. (a) When double parallel solid white lines are in place, no person driving a vehicle shall drive to the left thereof, except as permitted in this section. Double lines

A double parallel solid white line consists of two parallel solid white lines, each four inches in width, separated by a black line three inches in width or a corresponding width of pavement.

(b) When the double line described in this subdivision is in place, no person driving a vehicle shall drive to the left thereof, except that the driver on that side of the roadway in which the broken line is in place may cross over the double line or drive to the left thereof when overtaking or passing other vehicles.

The double line consists of two parallel lines, one of which shall be a solid white line and one a broken white line, each four inches in width separated by a black line three inches in width or a corresponding width of pavement. The term "broken line" used herein shall mean a line in which the breaks or unpainted portions thereof do not exceed 26 feet in length and the solid or painted portions thereof between the breaks are not less than eight feet in length.

(c) Exceptions. Either of the markings as specified in subdivisions (a) or (b) shall not prevent a driver from turning to the left across any such marking at any intersection or into or out of a driveway, and either of the markings shall be disregarded when authorized signs have been erected designating offcenter traffic lanes as permitted under Section 21655, in which event, no person shall disobey the instructions given by the signs.

21461. It shall be unlawful to fail to obey any sign or signal erected or maintained to indicate and to carry out the provisions of this code or any local traffic ordinance or resolution adopted pursuant to a local traffic ordinance, or to fail to obey any device erected or maintained pursuant to Section 21352. Obedience Traffic control devices

21462. The driver of any vehicle, the person in charge of any animal, any pedestrian, and the motorman of any streetcar shall obey the instructions of any official traffic signal appli- Same· Traffic control signals

cable to him and placed as provided by law, unless otherwise directed by a police or traffic officer or when it is necessary for the purpose of avoiding a collision or in case of other emergency, subject to the exemptions granted by Section 21055.

Illegal operation of signals

21463. No person shall operate a manually or traffic actuated signal other than for the purpose of permitting a pedestrian or vehicle to cross a roadway.

Interference with traffic devices

21464. No person shall without lawful authority deface, injure, knock down, or remove, nor shall any person shoot at, any official traffic control device, guide post, or historical marker placed or erected as authorized or required by law, nor shall any person without such authority deface, injure, or remove, nor shall any person shoot at, any inscription, shield, or insignia on any such device, guide, or marker.

Unauthorized traffic devices

21465. No person shall place, maintain, or display upon, or in view of, any highway any unofficial sign, signal, or device, or any sign, signal, or device which purports to be or is an imitation of, or resembles, an official traffic control device or which attempts to direct the movement of traffic or which hides from view any official traffic control device.

Unlawful display of light

21466. No person shall place or maintain or display upon or in view of any highway any light of any color of such brilliance as to blind or dazzle the vision of drivers upon the highway nor shall any light be placed in such position as to prevent the driver of a vehicle from readily recognizing any official traffic control device.

Prohibited signs or devices

21467. Every prohibited sign, signal, device, or light is a public nuisance, and the Department of Public Works, members of the California Highway Patrol, and local authorities are hereby authorized and empowered without notice to remove the same, or cause the same to be removed, or the Director of the Department of Public Works, the commissioner, or local authorities may bring an action as provided by law to abate such nuisance.

Public utilities

21468. This division does not modify or limit the authority of the Public Utilities Commission to erect or maintain, or cause to be erected and maintained, signs, signals or other traffic control devices as authorized by law.

Chapter 3. Driving, Overtaking, and Passing

Article 1. Driving on Right Side

Right side of roadway

21650. Upon all roadways of sufficient width a vehicle shall be driven upon the right half of the roadway, except as follows:

(a) When overtaking and passing another vehicle proceeding in the same direction under the rules governing such movement.

(b) When placing a vehicle in a lawful position for, and when the vehicle is lawfully making, a left turn.

(c) When the right half of a roadway is closed to traffic under construction or repair.

(d) Upon a roadway designated and signposted for one-way traffic.

Divided highways

21651. It is unlawful to drive any vehicle upon any highway which has been divided into two or more roadways by means of intermittent barriers or by means of a dividing section of not less than two feet in width either unpaved or dilineated by curbs, lines, or other markings on the roadway except to the right of the barrier or dividing section, or to drive any vehicle over, upon, or across the dividing section, or to make any left turn or semicircular or U-turn on any such divided highway, except through an opening in the barrier designated and intended by public authorities for the use of vehicles or through a plainly marked opening in the dividing section.

Service roads

21652. When any service road has been constructed on and along any state highway and the main thoroughfare of the state highway has been separated from the service road, it is unlawful for any person to drive any vehicle into the main thoroughfare except through an opening in the dividing curb, section, separation, or line.

One-way traffic

21653. No person shall operate or move a vehicle upon a street or highway designated and signposted for one-way traffic in a direction opposed to that indicated by the designation or signpost.

Slow moving vehicles

21654. Notwithstanding the prima facie speed limits, any vehicle proceeding upon a highway at a speed less than the normal speed of traffic moving in the same direction at such time shall be driven in the right hand lane for traffic or as close as practicable to the right hand edge or curb, except when overtaking and passing another vehicle proceeding in the same direction or when preparing for a left turn at an intersection or into a private road or driveway.

Designated lanes

21655. (a) Whenever the State Department of Public Works in respect to a state highway, or a local authority in respect to highways under its jurisdiction, determines upon the basis of an engineering and traffic investigation that the designation of a specific lane or lanes for the travel of heavy vehicles would facilitate the safe and orderly movement of traffic, the department or local authority may designate specific lane or lanes for the travel of vehicles which are subject to the provisions of Section 22406 and shall erect signs at reasonable intervals giving notice thereof.

(b) Any vehicle subject to the provisions of Section 22406 shall be driven in the lane or lanes designated pursuant to subdivision (a) whenever signs have been erected giving notice of such designation. When specific lane or lanes have not been so designated, any such vehicle shall be driven in the right hand lane for traffic or as close as practicable to the right edge or curb, except when overtaking and passing another vehicle proceeding in the same direction or when preparing for a left turn at an intersection or into a private road or

driveway and when overtaking and passing another vehicle, shall use the lane to the immediate left of the right hand lane for traffic, except when overtaking and passing to the right of another vehicle as permitted under the provisions of this code.

Slow-moving vehicles

21656. On a two-lane highway where passing is unsafe because of traffic in the opposite direction or other conditions, a slow-moving vehicle, behind which five or more vehicles are formed in line, shall turn off the highway at the nearest place designated as a turnout by signs erected by the authority having jurisdiction over the highway, in order to permit the vehicles following it to proceed. As used in this section a slow-moving vehicle is one which is proceeding at a rate of speed less than the normal flow of traffic at the particular time and place.

Offcenter lanes

21657. The authorities in charge of any highway may erect signs temporarily designating lanes to be used by traffic moving in a particular direction, regardless of the centerline of the highway, and all members of the California Highway Patrol and other peace officers may direct traffic in conformance with such signs. When authorized signs have been erected designating offcenter traffic lanes, no person shall disobey the instructions given by the signs.

Laned roadways

21658. Whenever any roadway has been divided into three or more clearly marked lanes for traffic, the following rules apply:

(a) A vehicle shall be driven as nearly as practical entirely within a single lane and shall not be moved from the lane until the driver has first ascertained that such movement can be made with safety.

(b) Official signs may be erected directing slow-moving traffic to use a designated lane or allocating specified lanes to traffic moving in the same direction, and drivers of vehicles shall obey the directions of the traffic device.

Three-laned highways

21659. Upon a roadway which is divided into three lanes a vehicle shall not be driven in the extreme left lane at any time, nor in the center lane except when overtaking and passing another vehicle where the roadway ahead is clearly visible and the center lane is clear of traffic within a safe distance, or in preparation for a left turn, or where the center lane is at the time allocated exclusively to traffic moving in the direction the vehicle is proceeding and is signposted to give notice of such allocation. This section does not apply upon a one-way roadway.

Approaching vehicles

21660. Drivers of vehicles proceeding in opposite directions shall pass each other to the right, and, except when a roadway has been divided into traffic lanes, each driver shall give to the other at least one-half of the main traveled portion of the roadway whenever possible.

Narrow roadways

21661. Whenever upon any grade the width of the roadway is insufficient to permit the passing of vehicles approaching from opposite directions at the point of meeting, the driver

of the vehicle descending the grade shall yield the right-of-way to the vehicle ascending the grade and shall, if necessary, back his vehicle to a place in the highway where it is possible for the vehicles to pass.

Mountain driving

21662. The driver of a motor vehicle traveling through defiles or canyons or upon mountain highways shall hold the motor vehicle under control and as near the right-hand edge of the roadway as is reasonably possible and upon approaching any curve where the view is obstructed within a distance of 200 feet along the highway shall give audible warning with the horn of the motor vehicle.

Article 2. Additional Driving Rules

Obstruction to driving

21700. No person shall drive a vehicle when it is so loaded, or when there are in the front seat such number of persons as to obstruct the view of the driver to the front or sides of the vehicle or as to interfere with the driver's control over the driving mechanism of the vehicle. The provisions of this section shall not apply to the loading of common carrier passenger vehicles subject to the regulations of the Public Utilities Commission, but as to such vehicles specific rules and regulations of that commission shall apply.

Interference with driver

21701. No person shall wilfully interfere with the driver of a vehicle or with the mechanism thereof in such manner as to affect the driver's control of the vehicle. The provisions of this section shall not apply to a drivers' license examiner or other employee of the Department of Motor Vehicles when conducting the road or driving test of an applicant for a driver's license nor to a person giving instruction as a part of a course in driver training conducted by a public school, educational institution or a driver training school licensed by the Department of Motor Vehicles.

Limitation on driving hours

21702. (a) No person shall drive upon any highway any vehicle designed or used for transporting persons for compensation for more than 10 consecutive hours nor for more than 10 hours spread over a total of 15 consecutive hours. Thereafter, such person shall not drive any such vehicle until eight consecutive hours have elapsed.

Regardless of aggregate driving time, no driver shall drive for more than 10 hours in any 24-hour period unless eight consecutive hours off duty have elapsed.

(b) No person shall drive upon any highway any vehicle designed or used for transporting merchandise, freight, materials or other property for more than 12 consecutive hours nor for more than 12 hours spread over a total of 15 consecutive hours. Thereafter, such person shall not drive any such vehicle until eight consecutive hours have elapsed.

Regardless of aggregate driving time, no driver shall drive for more than 12 hours in any 24-hour period unless eight consecutive hours off duty have elapsed.

(c) This section does not apply to any person driving any vehicle used in the transportation of persons or property as a common carrier for compensation.

(d) This section does not apply in any case of casualty or unavoidable accident or an act of God.

(e) In computing the number of hours under this section, any time spent by a person in driving such a vehicle outside this State shall, upon the vehicle entering this State, be included.

(f) Any person who violates any provision of this section is guilty of a misdemeanor and is punishable by a fine of not less than one hundred dollars ($100) nor more than five hundred dollars ($500) for each offense.

Following too closely

21703. The driver of a motor vehicle shall not follow another vehicle more closely than is reasonable and prudent, having due regard for the speed of such vehicle and the traffic upon, and the condition of, the roadway.

Distance between trucks

21704. (a) The driver of any motor truck, or the driver of any motor vehicle which is drawing or towing any trailer, semitrailer, or house trailer outside of a business or residence district, shall keep the vehicle he is driving at a distance of not less than 500 feet to the rear of any motor truck which is preceding it being driven in the same direction and not less than 500 feet to the rear of any motor vehicle drawing or towing any trailer, semitrailer, or house trailer which is preceding it being driven in the same direction.

(b) The provisions of this section shall not prevent overtaking and passing nor shall the same apply upon any lane especially designated for use by motor trucks, nor upon a highway with two or more lanes for traffic in each direction, when the vehicles subject to this section are operated in the right-hand lane for traffic.

(c) This section shall not apply to a passenger vehicle drawing a camping semitrailer or small trailer or other passenger motor vehicle, nor to motor vehicles drawing highway construction or maintenance equipment while being used in highway construction or maintenance work.

Caravans

21705. Motor vehicles being driven outside of a business or residence district in a caravan or motorcade, whether or not towing other vehicles, shall be so operated as to allow sufficient space and in no event less than 100 feet between each vehicle or combination of vehicles so as to enable any other vehicle to overtake or pass.

Following fire department vehicles

21706. No motor vehicle, except an authorized emergency vehicle or a vehicle of a duly authorized member of a fire department, shall follow within 300 feet of any vehicle of a fire department which is responding to an emergency or fire call

Fire areas

21707. No motor vehicle, except an authorized emergency vehicle or a vehicle of a duly authorized member of a fire or police department, shall be operated within the block wherein an emergency situation responded to by any fire department vehicle exists, except that in the event the nearest intersection

to the emergency is more than 300 feet therefrom, this section shall prohibit operation of vehicles only within 300 feet of the emergency, unless directed to do so by a member of the fire department or police department, sheriff, deputy sheriff, or member of the California Highway Patrol. The emergency shall be deemed to have ceased to exist when the official of the fire department in charge at the scene of the emergency shall so indicate. Officials of the fire department or police department or the Department of the California Highway Patrol who are present shall make every effort to prevent the closing off entirely of congested highway traffic passing the scene of any such emergency.

Fire hoses

21708. No person shall drive or propel any vehicle or conveyance upon, over, or across, or in any manner damage any fire hose or chemical hose used by or under the supervision and control of any organized fire department. However, any vehicle may cross a hose provided suitable jumpers or other appliances are installed to protect the hose.

Safety zones

21709. No vehicle shall at any time be driven through or within a safety zone.

Coasting prohibited

21710. The driver of a motor vehicle when traveling on down grade upon any highway shall not coast with the gears of such vehicle in neutral.

Towing vehicles

21711. No person shall operate a train of vehicles when any vehicle being towed whips or swerves from side to side dangerously or unreasonably or fails to follow substantially in the path of the towing vehicle.

Unlawful riding

21712. No person shall ride, and no person driving a motor vehicle shall knowingly permit any person to ride on any vehicle upon any portion thereof not designed or intended for the use of passengers. This provision does not apply to an employee engaged in the necessary discharge of his duty or to persons riding within or upon vehicle bodies in space intended for any load on the vehicle.

Armored cars

21713. No person shall operate on any highway any armored car unless a special permit to operate such car has first been obtained from the commissioner. The commissioner may issue a permit for the necessary and legitimate operation of an armored car and may revoke the permit if any unnecessary or illegal use is made of the armored car for which issued.

The commissioner shall maintain a record of all permits issued and of all permits revoked.

Violation of this section is a misdemeanor and upon conviction is punishable by a fine not exceeding five hundred dollars ($500) or by imprisonment in the county jail for not to exceed six months or by both such fine and imprisonment.

Article 3. Overtaking and Passing

Pass to left

21750. The driver of a vehicle overtaking another vehicle proceeding in the same direction shall pass to the left at a safe distance and shall not again drive to the right side of the

roadway until safely clear of the overtaken vehicle, subject to the limitations and exceptions hereinafter stated.

Sufficient clearance

21751. On a two-lane highway, no vehicle shall be driven to the left side of the center of the roadway in overtaking and passing another vehicle proceeding in the same direction unless the left side is clearly visible and free of oncoming traffic for a sufficient distance ahead to permit such overtaking and passing to be completely made without interfering with the safe operation of any vehicle approaching from the opposite direction or any vehicle overtaken. In any event the overtaking vehicle shall return to the right-hand side of the roadway before coming within 100 feet of any vehicle approaching from the opposite direction.

This section shall not apply upon a one-way roadway.

When driving on left prohibited

21752. No vehicle shall at any time be driven to the left side of the roadway under the following conditions:

(a) When approaching the crest of a grade or upon a curve in the highway where the driver's view is obstructed within such distance as to create a hazard in the event another vehicle might approach from the opposite direction.

(b) When the view is obstructed upon approaching within 100 feet of any bridge, viaduct, or tunnel.

(c) When approaching within 100 feet of or when traversing any intersection or railroad grade crossing.

This section shall not apply upon a one-way roadway.

Yielding for passing

21753. Except when passing on the right is permitted, the driver of an overtaken vehicle shall give way to the right in favor of the overtaking vehicle on audible signal and shall not increase the speed of his vehicle until completely passed by the overtaking vehicle.

Passing on right

21754. The driver of a motor vehicle may overtake and pass to the right of another vehicle only under the following conditions:

(a) When the vehicle overtaken is making or about to make a left turn.

(b) Upon a highway within a business or residence district with unobstructed pavement of sufficient width for two or more lines of moving vehicles in the direction of travel.

(c) Upon any highway outside of a business or residence district with unobstructed pavement of sufficient width and clearly marked for two or more lines of moving traffic in the direction of travel.

(d) Upon a one-way street.

(e) Upon a highway divided into two roadways where traffic is restricted to one direction upon each of such roadways.

The provisions of this section shall not relieve the driver of a slow moving vehicle from the duty to drive as closely as practicable to the right hand edge of the roadway.

Same Safety

21755. The driver of a motor vehicle may overtake and pass another vehicle upon the right only under conditions permitting such movement in safety. In no event shall such

movement be made by driving off the paved or main-traveled portion of the roadway.

Standing street car

21756. (a) The driver of a vehicle overtaking any interurban electric or street car stopped or about to stop for the purpose of receiving or discharging any passenger shall stop the vehicle to the rear of the nearest running board or door of such car and thereupon remain standing until all passengers have boarded the car or upon alighting have reached a place of safety, except as provided in subdivision (b) hereof.

(b) Where a safety zone has been established or at an intersection where traffic is controlled by an officer or a traffic control signal device, a vehicle need not be brought to a stop before passing any interurban electric or street car but may proceed past such car at a speed not greater than 10 miles per hour and with due caution for the safety of pedestrians.

Passing street car on left

21757. The driver of a vehicle shall not overtake and pass upon the left, nor shall any driver of a vehicle drive upon the left side of, any interurban electric or street car proceeding in the same direction whether the street car is actually in motion or temporarily at rest, except:

(a) When so directed by a police or traffic officer.

(b) When upon a one-way street.

(c) When upon a street where the tracks are so located as to prevent compliance with this section.

Passing on grades

21758. In the event any vehicle is being operated on any grade outside of a business or residence district at a speed of less than 20 miles per hour, no person operating any other motor vehicle shall attempt to overtake and pass such slow moving vehicle unless the overtaking vehicle is operated at a speed of at least 10 miles per hour in excess of the speed of the overtaken vehicle, nor unless the passing movement is completed within a total distance not greater than one-quarter of a mile.

Caution in passing animals

21759. The driver of any vehicle approaching any horse drawn vehicle, any ridden animal, or any livestock shall exercise proper control of his vehicle and shall reduce speed or stop as may appear necessary or as may be signalled or otherwise requested by any person driving, riding or in charge of the animal or livestock in order to avoid frightening and to safeguard the animal or livestock and to insure the safety of any person driving or riding the animal or in charge of the livestock.

CHAPTER 4. RIGHT-OF-WAY

Uncontrolled intersection

21800. (a) The driver of a vehicle approaching an intersection shall yield the right-of-way to a vehicle which has entered the intersection from a different highway

(b) When two vehicles enter an intersection from different highways at the same time the driver of the vehicle on the left shall yield the right-of-way to the driver of the vehicle on his right.

(c) This section shall not apply at intersections controlled by an official traffic control signal, stop sign, or yield right-of-way sign, or to vehicles approaching each other from opposite directions when the driver of one of the vehicles is intending to or is making a left turn.

Left turn at intersection

21801. (a) The driver of a vehicle intending to turn to the left at an intersection shall yield the right-of-way to any vehicle which has approached or is approaching the intersection from the opposite direction and which is so close as to constitute a hazard at any time during the turning movement.

(b) A driver having so yielded and having given a signal when and as required by this code may turn left and the drivers of all other vehicles approaching the intersection from said opposite direction shall yield the right-of-way.

Entrance at through highway

21802. (a) The driver of any vehicle shall stop at the entrance to a through highway and shall yield the right-of-way to other vehicles which have entered the intersection from the through highway or which are approaching so closely on the through highway as to constitute an immediate hazard.

(b) A driver having so yielded may proceed and the drivers of all other vehicles approaching the intersection on the through highway shall yield the right-of-way to the vehicle so about to enter or cross the through highway.

(c) The driver of any vehicle shall stop in obedience to a stop sign within an intersection and after such stop shall yield the right-of-way to other vehicles on that part of any roadway protected by any stop sign which are so close as to constitute an immediate hazard.

(d) A driver having yielded may proceed and the drivers of all other vehicles approaching on that part of the roadway protected by the stop sign shall yield the right-of-way to the vehicle about to enter or cross the protected part of the roadway.

Yield right-of-way

21803. (a) The driver of any vehicle upon approaching any yield right-of-way sign shall not drive at a speed exceeding 15 miles per hour across the intersection so protected and shall slow down and stop if necessary and shall yield the right-of-way to other vehicles which have entered the intersection from an intersecting street or which are approaching so closely on the intersecting street as to constitute an immediate hazard.

(b) A driver, having so yielded, may then proceed and the drivers of all other vehicles approaching the intersection on the intersecting roadway shall yield the right-of-way to him.

Private road or driveway

21804. The driver of a vehicle about to enter or cross a highway from any private road or driveway or from an alley not exceeding a width of 22 feet or from any alley as may be defined by local ordinance shall yield the right-of-way to all vehicles approaching on the highway.

Equestrian crossing

21805. (a) The Department of Public Works, and local authorities, with respect to highways under their jurisdiction may designate any intersection of a highway and a bridle path

or equestrian crossing by erecting on the highway at or near the approach to the intersection appropriate signs of a type approved by the Department of Public Works indicating the crossing and the crossmarks, safety devices or signals as the authorities may deem necessary to safeguard both the vehicular traffic and any equestrian at the crossing.

(b) The driver of a vehicle shall yield the right-of-way to any horseback rider crossing a roadway at an equestrian crossing designated by signs giving notice thereof as provided in this section.

Authorized emergency vehicles

21806. Upon the immediate approach of an authorized emergency vehicle sounding a siren and having at least one lighted lamp exhibiting red light visible under normal atmospheric conditions from a distance of 500 feet to the front of such vehicle, except as otherwise directed by a traffic officer:

(a) The driver of every other vehicle shall yield the right-of-way and shall immediately drive to a position parallel to, and as close as possible to, the right-hand edge or curb of the highway clear of any intersection and thereupon stop and remain in such position until the authorized emergency vehicle has passed.

(b) The motorman of every street car shall immediately stop such car clear of any intersection and keep it in such position until the authorized emergency vehicle has passed.

(c) All pedestrians upon the highway shall remain in a place of safety or proceed to the nearest curb or place of safety until the authorized emergency vehicle has passed.

CHAPTER 5. PEDESTRIANS' RIGHTS AND DUTIES

Crosswalks

21950. The driver of a vehicle shall yield the right-of-way to a pedestrian crossing the roadway within any marked crosswalk or within any unmarked crosswalk at an intersection, except as otherwise provided in this chapter.

Vehicles stopped for pedestrians

21951. Whenever any vehicle has stopped at a marked crosswalk or at any unmarked crosswalk at an intersection to permit a pedestrian to cross the roadway the driver of any other vehicle approaching from the rear shall not overtake and pass the stopped vehicle.

Sidewalk

21952. The driver of any motor vehicle, prior to driving over or upon any sidewalk, shall yield the right-of-way to any pedestrian approaching thereon.

Tunnel or overhead crossing

21953. Whenever any pedestrian crosses a roadway other than by means of a pedestrian tunnel or overhead pedestrian crossing, if a pedestrian tunnel or overhead crossing serves the place where the pedestrian is crossing the roadway, such pedestrian shall yield the right-of-way to all vehicles on the highway.

Other than crosswalks

21954. (a) Every pedestrian crossing a roadway at any point other than within a marked crosswalk or within an un-

marked crosswalk at an intersection shall yield the right-of-way to all vehicles upon the roadway.

(b) The provisions of this section shall not relieve the driver of a vehicle from the duty to exercise due care for the safety of any pedestrian upon a roadway.

Between controlled intersections

21955. Between adjacent intersections controlled by traffic control signal devices or by police officers, pedestrians shall not cross the roadway at any place except in a crosswalk.

Pedestrian on roadway

21956. No pedestrian shall walk upon any roadway outside of a business or residence district otherwise than close to his left-hand edge of the roadway.

Hitchhiking

21957. No person shall stand in a roadway for the purpose of soliciting a ride from the driver of any vehicle.

Intoxicated pedestrian

21958. It shall be unlawful for any pedestrian who is intoxicated to such an extent as to create a hazard to himself or others to walk or be upon any roadway.

Skiing or tobogganning

21959. It is unlawful for any person to ski or toboggan on or across any state highway in such manner as to interfere with the movement of vehicles thereon. A person on skis proceeding on or across a highway at a pace no greater than a walk is not within the prohibition of this section and shall be considered to be a pedestrian with all the rights and duties thereof as prescribed in this code.

Freeways

21960. (a) The Department of Public Works and local authorities may, by order, ordinance, or resolution, with respect to freeways or designated portions thereof under their respective jurisdictions, to which all rights of access have been acquired, prohibit or restrict the use of the freeways or any portion thereof by pedestrians, bicycles or other nonmotorized traffic or by any person operating a motor-driven cycle.

(b) Such prohibitory regulation shall be effective when appropriate signs giving notice thereof are erected upon any freeway and the approaches thereto.

(c) No ordinance or resolution of local authorities shall apply to any state highway until the proposed ordinance or resolution has been presented to, and approved in writing by, the Department of Public Works.

Local regulation of pedestrians

21961. This chapter does not prevent local authorities from adopting ordinances prohibiting pedestrians from crossing roadways at other than crosswalks.

Chapter 6. Turning and Stopping and Turning Signals

Turning at intersections

22100. The driver of a vehicle intending to turn at an intersection shall do so as follows:

(a) Right Turns. Both the approach for a right turn and a right turn shall be made as close as practicable to the right-hand curb or edge of the roadway.

(b) Left Turns. The driver of a vehicle intending to turn left at any intersection shall approach the intersection in the

extreme left-hand lane lawfully available to traffic moving in the direction of travel of such vehicle and after entering the intersection the left turn shall be made so as to leave the intersection in a lane lawfully available to traffic moving in such direction upon the roadway being entered.

Special markers

22101. The Department of Public Works in respect to highways under its jurisdiction, and a local authority in respect to highways under its jurisdiction, may cause markers, buttons, or signs to be placed within or adjacent to intersections and thereby require that a different course from that specified in Section 22100 be traveled by vehicles turning at an intersection or may allocate and indicate more than one lane of traffic from which drivers of vehicles may make right- or left-hand turns and when markers, buttons or signs are so placed, no driver of a vehicle shall turn a vehicle at an intersection other than as directed and required or permitted by such markers, buttons or signs.

Turning Business district

22102. No vehicle in a business district shall be turned so as to proceed in the opposite direction, except at an intersection.

Same Residence district

22103. No vehicle in a residence district shall be turned left across the roadway or so as to proceed in the opposite direction when any other vehicle is approaching from either direction within 200 feet, except at an intersection.

Same: Near fire station

22104. No vehicle shall be turned in front of the driveway entrance or approaches to a fire station so as to proceed in the opposite direction. No vehicle shall use the driveway entrance or approaches to a fire station for the purpose of turning so as to proceed in the opposite direction.

Same Curve or crest of grade

22105. No vehicle shall be turned so as to proceed in the opposite direction upon any curve, or upon the approach to, or near the crest of, a grade, where such vehicle cannot be seen by the driver of any other vehicle approaching from either direction within 200 feet.

Starting parked vehicles

22106. No person shall start a vehicle stopped, standing, or parked on a highway, nor shall any person back a vehicle on a highway until such movement can be made with reasonable safety.

Turning movements and signals

22107. (a) No person shall turn a vehicle from a direct course or move right or left upon a roadway until such movement can be made with reasonable safety and then only after the giving of an appropriate signal in the manner provided in this chapter in the event any other vehicle may be affected by the movement.

Duration of signal

22108. Any signal of intention to turn right or left shall be given continuously during the last 100 feet traveled by the vehicle before turning.

When stopping

22109. No person shall stop or suddenly decrease the speed of a vehicle on a highway without first giving an appropriate signal in the manner provided in this chapter to the driver of

any vehicle immediately to the rear when there is opportunity to give the signal.

Method

22110. The signals required by this chapter shall be given either by means of the hand and arm or by a signal lamp or mechanical signal device, but when the body of a vehicle or the body or load on any vehicle in a combination of vehicles projects 24 inches or more to the left of the center of the steering wheel, or under any condition when a hand and arm signal would not be visible both to the front and rear of the vehicle or vehicles, then the vehicle or vehicles shall be equipped with, and signals shall be given by, a signal lamp or device.

Hand signals

22111 All signals required to be given by hand and arm shall be given from the left side of a vehicle in the following manner:

(a) Left turn—hand and arm extended horizontally beyond the side of the vehicle.

(b) Right turn—hand and arm extended upward beyond the side of the vehicle.

(c) Stop or sudden decrease of speed signal—hand and arm extended downward beyond the side of the vehicle.

School bus signal

22112. The driver of a school bus shall operate the flashing red signal lamps required on such bus at all times when children are unloading from the school bus to cross a highway or when the bus is stopped for the purpose of loading children who must cross a highway to board the bus, except that such signal shall not be operated at an intersection or place where traffic is controlled by a traffic officer or official traffic signal. The signal shall not be operated at any other time.

Local authorities

22113. This chapter does not prevent local authorities, by ordinance, from prohibiting the making of any turning movement by any vehicle at any intersection or between any designated intersections.

Chapter 7. Speed Laws

Article 1. Prima Facie Speed Laws

Basic speed law

22350. No person shall drive a vehicle upon a highway at a speed greater than is reasonable or prudent having due regard for the traffic on, and the surface and width of, the highway, and in no event at a speed which endangers the safety of persons or property.

Violations

22351. (a) The speed of any vehicle upon a highway not in excess of the limits specified in Section 22352 or established as authorized in this code is lawful unless clearly proved to be in violation of the basic speed law.

(b) The speed of any vehicle upon a highway in excess of the prima facie speed limits in Section 22352 or established as authorized in this code is prima facie unlawful unless the

defendant establishes by competent evidence that the speed in excess of said limits did not constitute a violation of the basic speed law at the time, place and under the conditions then existing.

Prima facie speed limits

22352. The prima facie limits are as follows and the same shall be applicable unless changed as authorized in this code and, if so changed, only when signs have been erected giving notice thereof:

(a) Fifteen miles per hour:

(1) When traversing a grade crossing of a steam, electric or street railway, if during the last 100 feet of the approach to the crossing the driver does not have a clear and unobstructed view of the crossing and of any traffic on the railway for a distance of 400 feet in both directions along such railway. This subdivision does not apply in the case of any railway grade crossing where human flagman is on duty or a clearly visible electrical or mechanical railway crossing signal device is installed but does not then indicate the immediate approach of a railway train or car.

(2) When traversing any intersection of highways if during the last 100 feet of his approach to the intersection the driver does not have a clear and unobstructed view of the intersection and of any traffic upon all of the highways entering the intersection for a distance of 100 feet along all such highways, except at an intersection protected by stop signs or yield right-of-way signs or controlled by official traffic control signals.

(b) Twenty-five miles per hour:

(1) In any business or residence district unless a different speed is determined by competent authority under procedures set forth in this code.

(2) When passing a school building or the grounds thereof, contiguous to the highway while children are going to or leaving such school during opening or closing hours or during the noon recess period. Such prima facie limit shall also apply when passing any school grounds which are not separated from the highway by a fence, gate or other physical barrier while the grounds are in use by children.

(c) Fifty-five miles per hour under all other conditions unless a different speed is specifically designated in this code or is determined and declared by competent authority under procedures set forth in this code.

Increase of state highway limits

22353. Whenever the Department of Public Works determines upon the basis of an engineering and traffic investigation that a speed greater than 25 miles per hour would facilitate the orderly movement of vehicular traffic and would be reasonable and safe upon any state highway otherwise subject to a prima facie limit of 25 miles per hour, the department may determine and declare a prima facie speed limit of 30, 35, 40, 45 or 50 miles per hour, whichever is found most appropriate to facilitate the orderly movement of traffic and is reasonable and safe. The provisions of this subdivision shall

not apply in respect to any 25-mile per hour prima facie limit which is applicable when passing a school building or the grounds thereof.

Decrease

22354 Whenever the Department of Public Works determines upon the basis of an engineering and traffic survey that the prima facie limit of 55 miles per hour is more than reasonable or safe upon any portion of a state highway where the prima facie limit of 55 miles is applicable, the department may determine and declare a prima facie speed limit of 50, 45, 40, 35 or 30 miles per hour, whichever is found most appropriate to facilitate the orderly movement of traffic and is reasonable and safe, which declared prima facie speed limit shall be effective when appropriate signs giving notice thereof are erected upon the highway.

Variable speed limits

22355. Whenever the Department of Public Works determines upon the basis of an engineering and traffic survey that the safe and orderly movement of traffic upon any state highway which is a freeway will be facilitated by the establishment of variable speed limits, the department may erect, regulate, and control signs upon the state highway which is a freeway, or any portion thereof, which signs shall be so designed as to permit display of different speed limits at various times of the day or night. Such signs need not conform with the provisions of Section 21403, but shall be of sufficient size and clarity to give adequate notice of the applicable prima facie speed limit. The prima facie speed limit upon the freeway at a particular time and place shall be that which is then and there displayed upon such sign.

Linking districts on state highways

22356. Whenever the Department of Public Works determines upon the basis of an engineering and traffic investigation that the prima facie limit of 55 miles per hour is more than is reasonable or safe upon any portion of a state highway for a distance of not exceeding 2,000 feet in length between districts, either business or residence, the department may determine and declare a reasonable and safe prima facie limit thereon lower than 55 miles per hour, but not less than 25 miles per hour, which declared prima facie speed limit shall be effective when appropriate signs giving notice thereof are erected upon the highway.

Increase of local limits

22357. Whenever a local authority determines upon the basis of an engineering and traffic investigation that a speed greater than 25 miles per hour would facilitate the orderly movement of vehicular traffic and would be reasonable and safe upon any street other than a state highway otherwise subject to a prima facie limit of 25 miles per hour, the local authority may by ordinance determine and declare a prima facie speed limit of 30, 35, 40, 45 or 50 miles per hour, whichever is found most appropriate to facilitate the orderly movement of traffic and is reasonable and safe, which declared prima facie speed limit shall be effective when appropriate signs giving notice thereof are erected upon the street. The provisions of this section shall not apply in respect to any

25-mile per hour prima facie limit which is applicable when passing a school building or the grounds thereof.

Decrease

22358. Whenever a local authority determines upon the basis of an engineering and traffic survey that the prima facie limit of 55 miles per hour is more than is reasonable or safe upon any portion of any street other than a state highway where the prima facie limit of 55 miles per hour is applicable, the local authority may by ordinance determine and declare a prima facie speed limit of 50, 45, 40, 35, 30 or 25 miles per hour, whichever is found most appropriate to facilitate the orderly movement of traffic and is reasonable and safe, which declared prima facie limit shall be effective when appropriate signs giving notice thereof are erected upon the street.

Boundary line streets

22359. With respect to boundary line streets and highways where portions thereof are within different jurisdictions, no ordinance adopted under Sections 22356 and 22357 shall be effective as to any such portion until all authorities having jurisdiction of the portions of the street concerned have approved the same. This section shall not apply in the case of boundary line streets consisting of separate roadways within different jurisdictions.

Linking districts on local highways

22360. Whenever a local authority determines upon the basis of an engineering and traffic investigation that the prima facie limit of 55 miles per hour is more than is reasonable or safe upon any portion of a highway other than a state highway for a distance of not exceeding 2,000 feet in length between districts, either business or residence, the local authority may determine and declare a reasonable and safe prima facie limit thereon lower than 55 miles per hour, but not less than 25 miles per hour, which declared prima facie speed limit shall be effective when appropriate signs giving notice thereof are erected upon said street or highway.

Multiple-lane highways

22361. On multiple-lane highways with two or more separate roadways different prima facie speed limits may be established for different roadways under any of the procedures specified in Sections 22353 to 22359, inclusive.

Persons at work

22362. It is prima facie a violation of the basic speed law for any person to operate a vehicle at a speed greater than 25 miles per hour upon any portion of a highway where officers or employees of the agency having jurisdiction of the same, or any contractor of the agency or his employees, are at work on the roadway or within the right-of-way so close thereto as to be endangered by passing traffic. This section applies only when appropriate signs, indicating the limits of the restricted zone, and the speed limit applicable therein, are placed by such agency within 400 feet of each end of such zone. The signs shall display the figures "25" in the size provided in Section 21403 and shall indicate the purpose of the speed restriction, but otherwise need not comply with the details set forth in Section 21403. Nothing in this section shall be deemed to relieve any operator of a vehicle from complying with the basic speed law.

Restrictions: Snow conditions

22363. Whenever the Department of Public Works in respect to state highways, or a local authority with respect to highways under its jurisdiction, finds that by reason of snow or ice conditions a speed in excess of 25 miles per hour is not reasonable and safe upon a highway or any portion thereof, it may determine and declare a prima facie speed limit of 25 miles per hour. Signs may be placed and removed as snow or ice conditions vary.

Article 2. Other Speed Laws

Minimum speed law

22400. No person shall drive upon a highway at such a slow speed as to impede or block the normal and reasonable movement of traffic, except when reduced speed is necessary for safe operation or because upon a grade or when the vehicle is a motor truck or motor truck towing another vehicle necessarily or in compliance with law proceeding at reduced speed.

Traffic signals

22401. Local authorities in timing traffic signals may so regulate the timing thereof as to permit the movement of traffic in an orderly and safe manner at speeds slightly at variance from the speed otherwise applicable under this code.

Bridges and structures

22402. The Department of Public Works may, in the manner provided in Section 22404 determine the maximum speed, not less than five miles per hour, which can be maintained with safety to any bridge, elevated structure, tube, or tunnel on a state highway. Said department may also make a determination with reference to any other highway upon receiving a request therefor from the board of supervisors or road commissioner of the county, the governing body of the local authority having jurisdiction over the bridge, elevated structure, tube, or tunnel.

Same: Local

22403. Any local authority may, in the manner provided in Section 22404, determine the maximum speed, not less than five miles per hour, which can be maintained with safety to any bridge, elevated structure, tube, or tunnel under its jurisdiction, or may request the Department of Public Works to make such determination.

Same Speed change

22404. The Department of Public Works or local authority making a determination of the maximum safe speed upon a bridge, elevated structure, tube, or tunnel shall first make an engineering investigation and shall hold a public hearing.

Notice of the time and place of the public hearing shall be posted upon the bridge, elevated structure, tube, or tunnel at least five days before the date fixed for the hearing. Upon the basis of the investigation and all evidence presented at the hearing, said department or local authority shall determine by order in writing the maximum speed which can be maintained with safety to the bridge, elevated structure, tube or tunnel. Thereupon, the authority having jurisdiction over the bridge, elevated structure, tube, or tunnel shall erect and maintain suitable signs specifying the maximum speed so determined at a distance of not more than 500 feet from each end of the

bridge, elevated structure, tube, tunnel, or any approach thereto.

22405. (a) No person shall drive a vehicle on any bridge, elevated structure, tube, or tunnel constituting a part of a highway, at a speed which is greater than the maximum speed which can be maintained with safety to such structure. Same: Violations

(b) Upon the trial of any person charged with a violation of this section with respect to a sign erected under Section 22404, proof of the determination of the maximum speed by the Department of Public Works or local authority and the erection and maintenance of the speed signs shall constitute prima facie evidence of the maximum speed which can be maintained with safety to the bridge, elevated structure, tube, or tunnel.

22406. Any motor truck or truck tractor having three or more axles or any motor truck or truck tractor with any trailer or semitrailer, or any combination thereof, shall not be driven on any highway at a speed in excess of 45 miles per hour. Trucks

This section does not apply to any bus having three or more axles.

22407. Whenever the Department of Public Works determines upon the basis of engineering and vehicle equipment studies and a traffic survey that the speed of 45 miles per hour is more than is reasonable or safe for vehicles mentioned in Section 22406 in descending a grade upon any portion of a state highway, the department may determine and declare a speed limit of 40, 35, 30, 25 or 20 miles per hour, whichever is found most appropriate to facilitate the orderly movement of traffic and is reasonable and safe, which declared speed limit shall be effective for such vehicles when appropriate signs giving notice thereof are erected upon the highway. Decreasing truck speed limit

22408. Whenever a passenger vehicle regardless of weight or commercial motor vehicle weighing less than 4,000 pounds is drawing any vehicle the maximum speed shall not at any time exceed 45 miles per hour subject to other and more restrictive limits set forth in this code. Motor vehicle with trailer

22409. No person shall operate any vehicle equipped with any solid tire when such vehicle has a gross weight as set forth in the following table at any speed in excess of the speed set forth opposite such gross weight: Solid tire

When gross weight of vehicle and load is:	Maximum speed in miles per hour:
10,000 lbs. or more but less than 16,000 lbs.	25
16,000 lbs. or more but less than 22,000 lbs.	15
22,000 lbs. or more	12

22410. No person shall operate any vehicle equipped with any metal tire in contact with the surface of the highway at a speed in excess of six miles per hour. Metal tires

Lift-carriers

22411. No person shall move or drive a lift-carrier or other vehicle designed and used exclusively for the lifting and carrying of implements of husbandry at a speed in excess of 35 miles per hour.

School buses

22412. In no event shall the driver of a school bus operate the same in excess of a maximum of 45 miles per hour when transporting any school pupil.

CHAPTER 8. SPECIAL STOPS REQUIRED

Stop requirements

22450. The driver of any vehicle upon approaching any entrance of a highway or intersection, or railroad grade crossing signposted with a stop sign as provided in this code, except as otherwise permitted or directed in this code, shall stop:

(a) At a limit line, if marked, otherwise before entering the crosswalk on the near side of the intersection or, if not, then before entering the highway or intersection.

(b) At any point within an intersection as required by a stop sign erected as permitted by Sections 21350, 21354, and 21355.

(c) Before entering a highway railroad grade crossing.

Train signal

22451. (a) Whenever any person driving a vehicle upon a highway approaches an interurban electric or steam railway grade crossing and a clearly visible electric or mechanical signal device gives warning of the immediate approach of a railway train or interurban car, the driver of the vehicle shall stop within 50 feet but not less than 10 feet from the nearest track of the railway but need not remain standing if he can proceed in safety.

(b) The driver of a vehicle shall likewise stop and remain standing and not traverse such a grade crossing when a human flagman gives or continues to give a signal of the approach or passage of a railway train or interurban car.

(c) This section does not divest the Public Utilities Commission of any powers or duties vested in it by law.

Railway crossings

22452. (a) The driver of any motor vehicle carrying passengers for hire, or of any school bus carrying any schoolchild, or of any motor truck carrying explosive substances as a cargo or part of a cargo, or of any motor tank truck, tank trailer, or tank semitrailer, used in the transportation of flammable liquids or liquefied petroleum gas as a cargo or part of a cargo, whether loaded or empty, before traversing a grade crossing of a railway, or electric railway, shall stop such vehicle not less than 10 nor more than 50 feet from the nearest rail of the track and while so stopped shall listen, and look in both directions along the track, for any approaching train, interurban car, or other vehicle using such rails. The vehicle shall remain standing while any train is moving toward the crossing and is close enough to constitute an immediate hazard.

(b) Exceptions: (1) No stop need be made at street railway tracks within a business or residence district.

(2) Unless a train or locomotive is approaching, the driver of a motor vehicle need not stop at any industrial or spur track as defined by the Public Utilities Commission unless the Public Utilities Commission determines that a stop should be made.

(3) Distinctive signs or devices of a type authorized by the Public Utilities Commission shall be erected at industrial or spur tracks where no stop need be made.

(4) No stop need be made at any crossing where an officer is on duty and directs traffic to proceed nor where a stop and go signal is in operation and indicates that traffic may proceed.

(c) The driver of a motor vehicle need not stop at any branch line which crosses a road or street leading to or from a public ferry and on which there is less than daily train service and with characteristics and freight service similar to industrial track operations, where with the approval of the Public Utilities Commission, distinctive signs are displayed indicating that no stop need be made, unless a train or locomotive is approaching upon such branch line.

Effect of negligence on passengers

22453. Failure of the driver of a motor vehicle carrying any passenger for hire to stop as required in Section 22452 shall not be imputed to any bona fide passenger for hire in such vehicle.

School bus

22454. The driver of any vehicle upon meeting or overtaking from either direction any school bus equipped with signs as required in this code which has stopped for the purpose of receiving or discharging any school children and displays a flashing red light signal visible from front and rear shall bring such vehicle to a stop immediately before passing the school bus and shall not proceed past the school bus until the red flashing signal ceases operation.

The driver of a vehicle upon a highway with separate roadways need not stop upon meeting or passing a school bus which is upon the other roadway. The driver of a vehicle need not stop upon meeting or passing a school bus when the school bus is stopped at an intersection or place where traffic is controlled by a traffic officer or official traffic control signal.

Workmen vehicles

22455. (a) All motor trucks transporting employees in addition to those riding in the cab and all buses transporting employees shall come to a complete stop at all railway grade crossings, except as otherwise provided. The truck or bus shall be stopped at least 10 feet from the nearest rail and shall not proceed until certain that the right-of-way is clear.

(b) No stop need be made at a street railway, spur or industrial track within a business or residence district, nor at any tracks where with the approval of the Public Utilities Commission distinctive signs are displayed indicating that no stop need be made unless a train or locomotive is approaching. No stop need be made at a railway grade crossing where a traffic officer is on duty and directs traffic to proceed nor

where a stop-and-go signal is in operation and indicates that traffic may proceed.

CHAPTER 9. STOPPING, STANDING, AND PARKING

Prohibitions

22500. No person shall stop, park, or leave standing any vehicle whether attended or unattended, except when necessary to avoid conflict with other traffic or in compliance with the directions of a peace officer or official traffic control device, in any of the following places:

(a) Within an intersection except adjacent to curbs as may be permitted by local ordinance.

(b) On a crosswalk.

(c) Between a safety zone and the adjacent right-hand curb or within the area between the zone and the curb as may be indicated by a sign or red paint on the curb, which sign or paint was erected or placed by local authorities pursuant to ordinance.

(d) Within 15 feet of the driveway entrance to any fire station. This paragraph shall not apply to any vehicle owned or operated by a fire department and clearly marked as a fire department vehicle

(e) In front of a public or private driveway, except that a bus engaged as a common carrier or a taxicab may stop to load or unload passengers when authorized by local authorities pursuant to ordinance.

In unincorporated territory, where the entrance of a private road or driveway is not delineated by an opening in a curb or by other curb construction, so much of the surface of the ground as is paved, surfaced, or otherwise plainly marked by vehicle use as a private road or driveway entrance, shall constitute a driveway.

(f) On a sidewalk.

(g) Alongside or opposite any street or highway excavation or obstruction when such stopping, standing, or parking would obstruct traffic.

(h) On the roadway side of any vehicle stopped, parked, or standing at the curb or edge of a highway.

(i) Alongside curb space authorized for the loading and unloading of passengers of a bus engaged as a common carrier in local transportation when indicated by a sign or red paint on such curb erected or painted by local authorities pursuant to ordinance.

(j) In a tube or tunnel or upon a bridge, except vehicles of the authorities in charge, being used in the repair, maintenance, or inspection of the facility, and except that a bus engaged as a common carrier in local transportation may stop to load or unload passengers upon a bridge where sidewalks are provided, when authorized by local authorities pursuant to ordinance.

Local regulation of state highways

22501. No ordinance enacted by local authorities pursuant to subdivisions (e) and (j) of Section 22500 shall become

effective as to any state highway without prior submission to and approval by the Department of Public Works in the same manner as required by Section 21103. Nothing contained in this section and Section 22500 shall be construed as authorizing local authorities to enact legislation which is contrary to the provisions of Sections 22512 and 25301.

Curb parking

22502. Except as otherwise provided in this chapter every vehicle stopped or parked upon a roadway where there are adjacent curbs shall be stopped or parked with the right-hand wheels of such vehicle parallel with and within 18 inches of the right-hand curb. Where no curbs or barriers bound any roadway, parallel parking is required unless otherwise indicated. This section does not apply to a commercial vehicle when loading or unloading merchandise or passengers.

Same Additional

22503. Local authorities may by ordinance permit parking of vehicles adjacent to and within 18 inches of the left-hand curb of a one-way roadway.

Local authorities may by ordinance permit angle parking on any roadway, except that no ordinance is effective with respect to any state highway until the proposed ordinance has been submitted to and approved in writing by the Department of Public Works.

Unincorporated area parking

22504. (a) Upon any highway in unincorporated areas no person shall stop, park, or leave standing any vehicle, whether attended or unattended, upon the roadway when it is practicable to stop, park, or leave the vehicle off such portion of the highway, but in every event an unobstructed width of the highway opposite a standing vehicle shall be left for the free passage of other vehicles and a clear view of the stopped vehicle shall be available from a distance of 200 feet in each direction upon the highway. This section shall not apply upon a highway where the roadway is bounded by adjacent curbs.

(b) This section shall not apply to the driver of any vehicle which is disabled in such a manner and to such extent that it is impossible to avoid stopping and temporarily leaving the disabled vehicle on the roadway.

State highway parking

22505. The Department of Public Works with respect to highways under its jurisdiction may place signs prohibiting or restricting the parking of vehicles where in its opinion, as evidenced by resolution or order entered in its minutes, such parking is dangerous to those using the highway or where the parking of vehicles would unduly interfere with the free movement of traffic thereon. No person shall park any vehicle in violation of the restrictions stated on such signs.

Local regulations State highway parking

22506. Local authorities may by ordinance or resolution prohibit or restrict the parking of vehicles on a state highway, in their respective jurisdictions, if the ordinance or resolution is first submitted to and approved in writing by the Department of Public Works, except that where maintenance of any state highway is delegated by the Department of Public

Works to a city, the department may also delegate to the city the powers conferred on the department.

Same Parking

22507. Local authorities may by ordinance or resolution prohibit the parking or standing of vehicles on certain streets or highways, or portions thereof, during all or certain hours of the day.

Parking meter zones

22508. Local authorities may by ordinance provide for the establishment of parking meter zones, and cause streets and highways to be marked with white lines designating parking spaces and requiring vehicles to park within the parking spaces, except that an ordinance is not effective with respect to any state highway until the proposed ordinance has been submitted to and approved in writing by the Department of Public Works. The proposed ordinance shall be submitted to the department only by action of the local legislative body and the proposed ordinance shall be submitted in complete draft form.

Parking on hills

22509. Local authorities within the reasonable exercise of their police powers may adopt rules and regulations by ordinance or resolution providing that no person driving, or in control of, or in charge of, a motor vehicle shall permit it to stand on any highway unattended when upon any grade exceeding 3 percent within any business or residence district without blocking the wheels of the vehicle by turning them against the curb or by other means.

Snow areas

22510. Where any highway has been cleared of snow by snowplows, and the width of the highway is restricted by reason of snow conditions, the Department of Public Works, in respect to state highways, and local authorities, in respect to highways under their jurisdiction, may place and maintain signs indicating those areas within which parking is prohibited on either or both sides of the highways. No person shall stop, park, or leave standing any vehicle within the areas marked by signs, whether attended or unatteded, except when necessary to avoid conflict with other traffic or in compliance with the directions of a traffic or peace officer.

Certain veterans exemptions

22511. Notwithstanding any other provision of this code, any veteran, who is entitled to either of the exemptions provided in Section 9105 of this code and Section 10783 of the Revenue and Taxation Code, shall be allowed to park in restricted zones. This section shall not be construed, however, to allow the stopping, parking, or standing of a vehicle at the times and places that stopping, parking, or standing of all vehicles is prohibited absolutely by state law or local ordinance.

Utility vehicles

22512. This chapter and Chapter 10 (commencing at Section 22650), except Sections 22507, 22509, 22511, 22515, and 22517, together with Sections 21112, 21707, 21708, 24605, 25253, 25254, 25255, 25300, 25302, 25303, 25304, 27700, 27907, and 41102 do not apply to the driver or owner of any service vehicle owned or operated by or for or operated under contract with a utility or public utility, whether pri-

vately, municipally, or publicly owned, used in the construction, operation, removal, or repair of utility or public utility property or facilities, when the vehicle is stopped, standing, or parked at the site of work involving the construction, operation, removal, or repair of such utility or public utility property or facilities upon, in, over, under, or adjacent to a highway, or of a vehicle, whether privately, municipally, or publicly owned, engaged in authorized work on the highway and warning devices are displayed.

Tow cars

22513. The owner or operator of a tow car who complies with the requirements of this code relating to tow cars may stop or park such tow car upon a highway for the purpose of rendering assistance to a disabled vehicle.

Fire hydrants

22514. No person shall stop, park, or leave standing any vehicle within 15 feet of a fire hydrant except when local authorities indicate a different distance by signs or markings, and except when such vehicle is attended by a licensed operator or chauffeur who is seated in the front seat and who can immediately move such vehicle in case of necessity. This section shall not apply in respect to any vehicle owned or operated by a fire department and clearly marked as a fire department vehicle.

Unattended vehicles

22515. No person driving, or in control of, or in charge of, a motor vehicle shall permit it to stand on any highway unattended without first effectively setting the brakes thereon and stopping the motor thereof.

Locked vehicle

22516. No person shall leave standing a locked vehicle in which there is any person who cannot readily escape therefrom.

Opening and closing doors

22517. No person shall open the door of a motor vehicle on the side available to moving traffic unless it is reasonably safe to do so, nor shall any person leave a door open upon the side of a vehicle available to moving traffic for a period of time longer than necessary to load or unload passengers.

Parking facility

22518. No operator of any off-street parking facility shall park the vehicle of a patron of the facility in any street or alley.

Section 40000 shall not apply to this section.

Chapter 10. Removal of Parked and Abandoned Vehicles

Article 1. Authority to Remove Vehicles

Prohibition

22650. It is unlawful for any peace officer or any unauthorized person to remove any unattended vehicle from a highway to a garage or to any other place, except as provided in this code.

Removal of vehicles

22651. Any member of the California Highway Patrol or any regularly employed and salaried deputy of the sheriff's office of a county in which a vehicle is located or any regularly employed and salaried officer of a police de-

partment in a city in which a vehicle is located may remove a vehicle from a highway under the following circumstances:

(a) When any vehicle is left unattended upon any bridge, viaduct or causeway or in any tube or tunnel where the vehicle constitutes an obstruction to traffic.

(b) When any vehicle is left standing upon a highway in such a position as to obstruct the normal movement of traffic.

(c) When any vehicle is found upon a highway and report has previously been made that the vehicle has been stolen or complaint has been filed and a warrant thereon issued charging that the vehicle has been embezzled.

(d) When any vehicle is illegally parked so as to block the entrance to a private driveway and it is impractical to move such vehicle from in front of the driveway to another point on the highway.

(e) When any vehicle is illegally parked so as to prevent access by fire-fighting equipment to a fire hydrant and it is impracticable to move such vehicle from in front of the fire hydrant to another point on the highway.

(f) When any vehicle, except any highway maintenance or construction equipment, is left unattended for more than four hours upon the right-of-way of any freeway within the limits of an incorporated city.

Local regulation of removal

22652. In addition, an officer mentioned in Section 25651 may remove a vehicle from a highway under the following circumstances:

(a) When a vehicle is parked or left standing upon a highway for 120 or more consecutive hours in violation of a local ordinance authorizing removal.

(b) When a vehicle is illegally parked on a highway in violation of local ordinance forbidding standing or parking and the use of a highway or a portion thereof is necessary for the cleaning, repair, or construction of the highway or for the installation of underground utilities; or

(c) Where the use of the highway or any portion thereof is authorized by local authorities for a purpose other than the normal flow of traffic; or for the movement of equipment, articles or structures of unusual size; and the parking of such vehicle would prohibit or interfere with such use or movement and signs, giving notice that such vehicle may be removed, are erected or placed at least 24 hours prior to the removal by local authorities pursuant to ordinance.

Removal from private property

22653. Any officer specified in Section 22651 may remove a vehicle from private property when the vehicle is found on private property and a report has previously been made that the vehicle has been stolen or a complaint has been filed and a warrant thereon issued charging that the vehicle has been embezzled.

Authorization for moving a vehicle

22654. (a) Whenever any peace officer finds a vehicle standing upon a highway in violation of Sections 22500 and 22504, the officer may move the vehicle or require the driver or other person in charge of the vehicle to move the same to

the nearest available position off the roadway or to the nearest parking location, or may remove and store the vehicle if moving it off the roadway at a parking location is impracticable.

(b) Whenever a peace officer finds a vehicle standing upon a street in violation of a traffic ordinance enacted by local authorities to prevent flooding of adjacent property, he may move the vehicle or require the driver or person in charge of the vehicle to move the same to the nearest available location in the vicinity where parking is permitted.

(c) Any state, county or city authority charged with the maintenance of any highway may move any vehicle which is disabled or abandoned or which constitutes an obstruction to traffic from the place where located on a highway to the nearest available position on the same highway as may be necessary to keep the highway open or safe for public travel.

Impounding vehicle for investigation

22655. When any member of the California Highway Patrol or any regularly employed and salaried officer of a police department in a city has reasonable cause to believe that a motor vehicle on a highway has been involved in a hit-and-run accident, and the operator of the vehicle has failed to stop and comply with the provisions of Sections 20003, 20004, 20005, and 20006, the officer may remove the vehicle from the highway for the purpose of inspection. Unless sooner released, the vehicle shall be released upon the expiration of 24 hours after such removal from the highway upon demand of the owner.

Disabled vehicle on Yolo Causeway

22656. Any vehicle disabled and standing on the Yolo Causeway is an obstruction to traffic and may be removed from the causeway, at the direction of a traffic officer, by any tow car operating under contract as provided in Section 22657.

Towing service on Yolo Causeway

22657. The commissioner may provide, by contract with private garage operators or persons engaged in the business of towing vehicles, for towing service in rainy or foggy weather, for vehicles disabled on the Yolo Causeway on State Highway Route 6 in Yolo County.

Upon entering into any contract for towing services, the commissioner shall specify the maximum rates allowable for the towing of any vehicle to any point beyond the approaches to said causeway.

Article 2. Abandoned Vehicles

Abandonment

22700. No person shall abandon a vehicle upon any highway.

Same On property

22701. No person shall abandon a vehicle upon public or private property without the express or implied consent of the owner or person in lawful possession or control of the property.

Removal

22702. Any member of the California Highway Patrol or any regularly employed and salaried deputy of the sheriff's office of a county in which a vehicle is located or any regularly employed and salaried officer of a police department in a

city in which a vehicle is located who has reasonable grounds to believe that the vehicle has been abandoned, may remove the vehicle from a highway or from public or private property.

Appraisal

22703. Either before or after removal of the vehicle, the public agency employing the officer shall cause an appraisal to be made of any vehicle which reasonably appears to have been abandoned.

Disposition

22704. If the vehicle is appraised at a value exceeding seventy-five dollars ($75), Article 3 shall govern notice of removal and disposition of the vehicle.

Same
Low-valued vehicle

22705. If the vehicle is appraised at a value not exceeding seventy-five dollars ($75), and a lienholder does not within 15 days following the appraisal indicate his intention to exercise any right he may have to sell the vehicle at public sale under Section 3073 of the Civil Code, the officer removing the vehicle shall file with the Department of Motor Vehicles in Sacramento a certificate which shall describe the vehicle and shall state the following:

(a) That the vehicle has been appraised at a value not exceeding seventy-five dollars ($75).

(b) That the vehicle will be junked or dismantled.

(c) That investigation by a duly authorized officer failed to locate the owner or legal owner at the address of record as shown in the records of the Department of Motor Vehicles in Sacramento, or that, having been located, such person has subscribed to an affidavit disclaiming any future interest in the vehicle, or has refused to subscribe to such an affidavit and has for a period of 15 days after official notification that the vehicle is to be wrecked or dismantled, failed to reclaim the vehicle. A refusal and failure to reclaim shall constitute a waiver of interest in the vehicle. In the event an affidavit is subscribed, the affidavit shall accompany the certificate herein required.

Sale

22706. Upon completion and forwarding of the certificate or certificate and affidavit to the Department of Motor Vehicles, the officer, or the public agency employing him, may authorize the abandoned vehicle disposed of to a licensed automobile wrecker without the necessity of public sale and free of any lien for fees and penalties due and payable to such department. The officer or public agency shall execute and deliver a bill of sale, together with a copy of the documents filed with such department, to the person receiving the vehicle.

In no event shall the documents be forwarded to such department nor the vehicle be disposed of until the expiration of 15 days from the day the vehicle was removed from a highway or public or private property.

Proceeds of sale

22707. In the event a vehicle is sold by the public agency removing the same, the proceeds of the sale shall be disposed of in the following manner:

(a) First, to pay any cost of towing and storage involved in removal of the vehicle.

(b) The balance shall be forwarded to the Department of Motor Vehicles. Such department may recover therefrom any fees and penalties due and payable to it in respect to the vehicle.

(c) Any balance then remaining shall be paid by such department first to any legal owner, and second to any registered owner, as their interests may appear upon the records of such department. If the payments cannot be made, the balance shall be deposited in the Motor Vehicle Fund.

Article 3. Procedure to Remove and Store Vehicles

Storage of vehicle

22850. Whenever an officer removes a vehicle from a highway, unless otherwise provided, he shall take the vehicle to the nearest garage or other place of safety or to a garage designated or maintained by the governmental agency of which the officer is a member, where the vehicle shall be placed in storage.

Lien on stored vehicle

22851. Whenever a vehicle has been removed to a garage under the provisions of this chapter and the keeper of the garage has received the notice or notices from the arresting officer as provided herein, the keeper shall have a lien dependent upon possession for his compensation for towage and for caring for and keeping safe such vehicle for a period not exceeding 90 days and, if the vehicle is not recovered by the owner within said 90 days or the owner is unknown, the keeper of the garage may satisfy his lien in the manner and after giving the notices required in Sections 3071 and 3072 of the Civil Code. Notwithstanding the provision of this section, if the vehicle is appraised at a value not exceeding seventy-five dollars ($75) by a person authorized to make such appraisal, the keeper of the garage may, if the vehicle is not recovered by the owner within 40 days or the owner is unknown, satisfy his lien as provided in Section 3073 of the Civil Code.

Notice to owner

22852. Whenever an officer removes a vehicle from a highway or private property and stores it under this chapter, and the officer knows or is able to ascertain from the registration records in the vehicle or from the registration records of the Department of Motor Vehicles the name and address of the owner thereof, the officer shall immediately give or cause to be given notice in writing to such owner of the fact of such removal, the grounds thereof and of the place to which such vehicle has been removed. In the event the vehicle is stored in a public garage a copy of the notice shall be given to the proprietor of the garage.

Notice to department

22853. Whenever an officer removing a vehicle from a highway for storage under this chapter does not know and is not able to ascertain the name of the owner or for any other reason is unable to give the notice to the owner as provided in Section 22852 and in the event the vehicle is not returned to

the owner within a period of 120 hours, the officer shall immediately send or cause to be sent written report of such removal by mail to the Department of California Highway Patrol at Sacramento and shall file a copy of the notice with the proprietor of any public garage in which the vehicle may be stored. The report shall be made on a form furnished by such department and shall include a complete description of the vehicle, the date, time and place from which removed, the grounds for removal and the name of the garage or place where the vehicle is stored.

Department notice to owner

22854. The Department of California Highway Patrol upon receiving notice under Section 22853 of the removal of a vehicle from a highway shall notify the registered and legal owner in writing at the addresses of such persons as shown by the records of the Department of Motor Vehicles, if the vehicle is registered in this State, of the removal of such vehicle, and give the name of the officer reporting such removal, the grounds upon which the removal was authorized and the location of the vehicle. If the vehicle is not registered in this State, the department shall make reasonable effort to notify the legal or registered owner of the removal and location of the vehicle.

Appraisers

22855. The following persons shall have the authority to make appraisals of the value of vehicles for purposes of this chapter, subject to the conditions stated in this chapter:

(a) Any member of the California Highway Patrol designated by the commissioner.

(b) Any regularly employed and salaried deputy sheriff designated by the sheriff of any county.

(c) Any regularly employed and salaried police officer designated by the chief of police of any city.

(d) Any officer or employee of the Department of Motor Vehicles designated by the director of said department.

Certification

22856. The commissioner or any sheriff or chief of police who designates a person authorized to make appraisals shall certify the name of every such person to the Department of Motor Vehicles in Sacramento.

Chapter 11. Parking Lots

Charges and closing hour

22950. Every person engaged in the operation of off-street parking facilities is guilty of a misdemeanor under Section 42002, who:

(a) Fails to keep a schedule of his parking charges prominently displayed so as to be readily ascertainable by his patrons. Charges shall be for an hourly or half-hourly period and for half-hour or greater periods after the first hour or half-hour.

(b) Charges or attempts to charge a patron an additional fee for the use of his facilities for a period of six minutes or less in excess of the period for which a particular fee is charged. The half-hour fee shall be charged for the use of the

facilities for a period of more than six minutes and less than 30 minutes in excess of the period for which a particular fee is charged.

This subdivision does not apply unless the charges exceed twenty-five cents ($0.25) per hour or portion thereof.

(c) Increases or attempts to increase the fee charged a patron for the use of his parking facilities within the period during which the patron is using the parking facilities, unless the schedule of parking charges displayed at the time the patron commences to use the facilities indicates the increased charges and the periods during which they are in effect.

(d) Fails to post the closing hour of his parking facilities.

Application

22951. The provisions of this chapter shall be applicable only in cities having a population of over 2,000,000 inhabitants.

CHAPTER 12. PUBLIC OFFENSES

Same

23100. The provisions of this chapter apply to vehicles upon the highways and elsewhere throughout the State unless expressly provided otherwise.

Felony drunk driving

23101. Any person who, while under the influence of intoxicating liquor, drives a vehicle and when so driving does any act forbidden by law or neglects any duty imposed by law in the driving of such vehicle, which act or neglect proximately causes bodily injury to any person other than himself is guilty of a felony and upon conviction thereof shall be punished by imprisonment in the state prison for not less than one year nor more than five years or in the county jail for not less than 90 days nor more than one year and by fine of not less than two hundred fifty dollars ($250) nor more than five thousand dollars ($5,000).

Misdemeanor drunk driving

23102. (a) It is unlawful for any person who is under the influence of intoxicating liquor to drive a vehicle upon any highway. Any person convicted under this section shall be punished upon a first conviction by imprisonment in the county jail for not less than 30 days nor more than six months or by fine of not less than two hundred fifty dollars ($250) nor more than five hundred dollars ($500) or by both such fine and imprisonment and upon a second or any subsequent conviction by imprisonment in the county jail for not less than five days nor more than one year and by a fine of not less than two hundred fifty dollars ($250) nor more than one thousand dollars ($1,000). A conviction under this section shall be deemed a second conviction if the person has previously been convicted of a violation of Section 23101 of this code.

(b) Any person convicted of a second or subsequent offense under this section shall not be granted probation by the court, nor shall the court suspend the execution of the sentence imposed upon such person.

Reckless driving

23103. Any person who drives any vehicle upon a highway in wilful or wanton disregard for the safety of persons

or property is guilty of reckless driving and upon conviction thereof shall be punished by imprisonment in the county jail for not less than five days nor more than 90 days or by fine of not less than twenty-five dollars ($25) nor more than two hundred fifty dollars ($250) or by both such fine and imprisonment, except as provided in Section 23104

Same Bodily injury

23104. Whenever reckless driving of a vehicle proximately causes bodily injury to any person, the person driving the vehicle shall upon conviction thereof be punished by imprisonment in the county jail for not less than 30 days nor more than six months or by fine of not less than one hundred dollars ($100) nor more than five hundred dollars ($500) or by both.

Narcotics

23105. It is unlawful for any person who is addicted to the use, or under the influence, of narcotic drugs or amphetamine or any derivative thereof to drive a vehicle upon any highway. Any person convicted under this section is guilty of a felony and upon conviction thereof shall be punished by imprisonment in the state prison for not less than one year nor more than five years or in the county jail for not less than 90 days nor more than one year or by a fine of not less than two hundred dollars ($200) nor more than five thousand dollars ($5,000) or by both such fine and imprisonment.

Nonnarcotic drugs

23106. It is unlawful for any person under the influence of any drug, other than a narcotic or amphetamine or any derivative thereof, to a degree which renders him incapable of safely driving a vehicle, to drive a vehicle upon any highway. Any person convicted under this section is guilty of a misdemeanor and shall be punished by imprisonment in the county jail not to exceed one year or by a fine of not to exceed five hundred dollars ($500) or both.

Defense to drug violations

23107. The fact that any person charged with a violation of Section 23105 or 23106 is or has been entitled to use such drugs or amphetamine or any derivative thereof under the laws of this State shall not constitute a defense against any violation of the sections.

Dangerous drugs

23108. Any person who, while knowingly under the influence of any dangerous drug, other than a narcotic, to a degree which renders him incapable of safely driving a vehicle, drives a vehicle and when so driving does any act forbidden by law or neglects any duty imposed by law in the driving of such vehicle, which act or neglect proximately causes bodily injury to any person other than himself is guilty of a felony and upon conviction thereof shall be punished by imprisonment in the state prison for not less than one year nor more than five years or in the county jail for not less than 90 days nor more than one year or by fine of not less than two hundred dollars ($200) nor more than five thousand dollars ($5,000) or by both such fine and imprisonment.

Any person who commits any of the acts specified in this section, while under the influence of any dangerous drug, other than a narcotic, to a degree which renders him incapable

of safely driving a vehicle, shall be presumed to have knowledge that he is under the influence of such drug. This presumption may be rebutted.

Speed contests

23109. (a) No person shall engage in any motor vehicle speed contest or exhibition of speed on a highway and no person shall aid or abet in any motor vehicle speed contest or exhibition on any highway.

(b) No person shall for the purpose of facilitating or aiding or as an incident to any motor vehicle speed contest upon a highway in any manner obstruct or place any barricade or obstruction or assist or participate in placing any barricade or obstruction upon any highway.

(c) Any person who violates this section shall upon conviction thereof be punished by imprisonment in the county jail for not more than 90 days or by fine of not more than two hundred fifty dollars ($250) or by both such fine and imprisonment.

Throwing substance at vehicles

23110. (a) Any person who throws any substance at a vehicle or any occupant thereof on a highway is guilty of a misdemeanor.

(b) Any person who with intent to do great bodily injury maliciously and wilfully throws or projects any rock, brick, bottle, metal or other missile, or projects any other substance capable of doing serious bodily harm, or discharges a firearm at such vehicle or occupant thereof is guilty of a felony and upon conviction shall be punished by imprisonment for not less than one year or more than five years in the state prison.

Throwing lighted substance on highway

23111. Outside of a business or residence district no person in any vehicle and no pedestrian shall wilfully or negligently throw from or upon any road or highway, public or private, any lighted cigarette, cigar, ashes, or any other flaming or glowing substance.

Dumping on highways

23112. (a) No person shall throw or deposit upon any highway any glass bottle, glass, nails, tacks, hoops, wire, cans or any other substance likely to injure any person, animal or vehicle upon the highway.

(b) It shall be unlawful to place, deposit or dump, or cause to be placed, deposited or dumped, any garbage, swill, cans, bottles, papers, ashes, refuse, carcass or any dead animal, offal, trash or rubbish or any noisome, nauseous or offensive matter in or upon any public highway or road, including any portion of the right-of-way thereof.

Removal of material from highway

23113. Any person who drops, or permits to be dropped or thrown, upon any highway any destructive or injurious material shall immediately remove the same or cause the same to be removed.

Spilling loads

23114. No vehicle shall be driven or moved on any highway unless the vehicle is so constructed or loaded as to prevent any of its contents or load other than clear water from dropping, sifting, leaking, or otherwise escaping therefrom.

Rubbish vehicles

23115. No vehicle loaded with garbage, swill, cans, bottles, waste papers, ashes, refuse, trash, or rubbish, or any other

noisome, nauseous, or offensive matter shall be driven or moved upon any highway unless the load is covered with a cover sufficient to prevent the load or any part of the load spilling upon the highway. This section does not prohibit a rubbish vehicle from being without cover while in the process of acquiring its load in circumstances wherein no law, administrative regulation, or local ordinance requires such cover.

This section does not apply to any vehicle engaged in transporting wet waste fruit or vegetable matter, or waste products from a food processing establishment.

CHAPTER 13. VEHICULAR CROSSINGS

Article 1. General Provisions

Application

23250. All of the provisions of this code not inconsistent with the provisions of this chapter shall be applicable to vehicular crossings. This chapter shall control over any provision of this code inconsistent with this chapter.

Authority of California Highway Patrol

23251. The Department of the California Highway Patrol shall provide for proper and adequate policing of all vehicular crossings to insure the enforcement thereon of this code and of any other law relating to the use and operation of vehicles upon highways or vehicular crossings, and of the rules and regulations of the Department of Public Works in respect thereto, and to co-operate with the Department of Public Works to the end that vehicular crossings be operated at all times in such manner as to carry traffic efficiently. Such authority of the Department of the California Highway Patrol is exclusive except as to the authority conferred by law upon the Department of Public Works in respect to vehicular crossings.

Department of Public Works

23252. The employees of the Department of Public Works, designated or classified as toll takers, shall have all the power of peace officers while so employed on any vehicular crossing or as may be necessary to the performance of their duties as toll takers while not upon such vehicular crossing. Such employees shall wear, while on duty, a uniform which shall be distinctly different from that of the California Highway Patrol, to be specified by the Director of Public Works.

Officers on vehicular crossings

23253. All persons in or upon any vehicular crossing must at all times comply with any lawful order, signal, or direction by voice or hand of any member of the California Highway Patrol or an employee of the Department of Public Works who is a peace officer.

"Vehicular crossing"

23254. A "vehicular crossing" is any toll bridge or toll highway crossing and the approaches thereto, constructed or acquired by the Department of Public Works under the provisions of the California Toll Bridge Authority Act.

"Approach"

23255. An "approach" is that portion of a state highway leading to or from a toll bridge or toll highway crossing which lies between one end of the bridge or crossing and the nearest intersection of a highway with the state

highway. A ramp or other structure designed exclusively for use in connection with a toll bridge or toll highway crossing shall not be deemed an intersecting highway but is a part of the approach.

Article 2. Towing on Vehicular Crossings

Unauthorized towing

23270. (a) No person other than an employee of the Department of Public Works shall commence to tow any vehicle or other object on any vehicular crossing. No person shall by means of pushing with another vehicle propel any vehicle or object on a vehicular crossing. No person other than an employee of the Department of Public Works shall on any vehicular crossing, tow any vehicle or other object except a vehicle or object constructed and designed to be towed by a vehicle of a type similar to that being used for such purpose.

(b) The Director of Public Works may grant a special permit to any person to tow any vehicle or object over and completely across any vehicular crossing when in his judgment the towing vehicle is so constructed and equipped that the vehicle or object can be towed across the vehicular crossing without endangering persons or property and without interrupting the orderly traffic across the vehicular crossing.

(c) The prohibitions of this section shall apply only on those vehicular crossings upon which a towing service is maintained by the Department of Public Works.

Towing service

23271. A towing service may be maintained on each vehicular crossing by the Department of Public Works, and said department may furnish such service as is necessary to permit the orderly flow of traffic upon such crossing. The Department of Public Works shall prescribe and collect reasonable rates for towing services furnished.

Services performed and charges

23272. When any vehicle or object on any vehicular crossing, upon which towing service is maintained, is stopped for any reason and is obstructing or may obstruct traffic, such vehicle or object shall be towed by the towing service either to the nearest property of the California Toll Bridge Authority designated for the parking or storing of vehicles, or to a suitable parking location on a public street or highway and thereupon left in the custody of the owner or operator of the vehicle or object, or his agent, or, in the event no such owner, operator, or agent is present, or if such owner, operator, or agent so requests, to a public garage or off-street parking facility. The Department of Public Works may prescribe the limits within which the towing service authorized herein shall be operated.

Notwithstanding the foregoing provisions, the department may furnish and deliver fuel to vehicles, the supply of which is exhausted, or change tires, and may charge a reasonable sum for the services and materials furnished, or if the department deems it safe and advisable, and the owner or operator

of the vehicle or object so requests, it may be towed from the vehicular crossing.

Inapplicability of tow car requirements

23273. Sections 24605, 25253, 25254, 25255, 25302, 25303, 25304, 27700, and 27954 do not apply to vehicles operated by the Department of Public Works pursuant to this article.

Article 3. Tolls and Other Charges

Signs

23300. The Department of Public Works shall erect appropriate signs at each entrance to a vehicular crossing to notify traffic that it is entering upon a vehicular crossing.

Toll on crossing

23301. Every vehicle which enters into or upon any vehicular crossing immediately becomes liable for such tolls and other charges as may from time to time be prescribed by the California Toll Bridge Authority.

Evasion of toll

23302. It is unlawful for any person to refuse to pay or to evade or attempt to evade the payment of such tolls or other charges. It is prima facie evidence of a violation of this section for any person to enter upon any vehicular crossing without lawful money of the United States in his immediate possession in an amount sufficient to pay the prescribed tolls due from such person.

Liens

23303. The Department of Public Works shall have a lien and may enforce such lien, as provided in Chapter 6.5 of Title 14 of Part 4 of Division 3 of the Civil Code (commencing at Section 3067), for all tolls and charges provided by this chapter.

Article 4. Special Traffic Regulations

Animals and vehicles

23330. Except where a special permit has been obtained from the Department of Public Works under the provisions of Sections 35780 to 35784, inclusive, none of the following shall be permitted on any vehicular crossing:

(a) Animals while being led or driven, even though tethered or harnessed.

(b) Bicycles, unless the department by signs indicates that bicycles are permitted upon all or any portion of the vehicular crossing.

(c) Vehicles carrying explosives in any amount or carrying more than 10 gallons of corrosive liquids.

(d) Vehicles having a total width of vehicle or load exceeding 102 inches.

Pedestrians

23331. Pedestrians shall not be permitted upon any vehicular crossing, unless unobstructed sidewalks of more than three feet in width are constructed and maintained and signs indicating that pedestrians are permitted are in place.

Trespass prohibited

23332. It is unlawful for any person to be upon any portion of a vehicular crossing which is not intended for public use without the permission of the Department of Public Works. This section does not apply to a person engaged in the operation, maintenance, or repair of a vehicular crossing

or any facility thereon nor to any person attempting to effect a rescue.

23333. No vehicle shall stop, stand, or be parked in or upon any vehicular crossing except: Stopping and parking

(a) When necessary to avoid injury or damage to persons or property.

(b) When necessary for the repair, maintenance or operation of a publicly owned toll bridge.

(c) In compliance with the direction of a member of the California Highway Patrol or an employee of the Department of Public Works who is a peace officer or with the direction of a sign or signal.

(d) In such places as may be designated by the Director of Public Works.

23334. The Department of Public Works may adopt rules and regulations not inconsistent with this chapter for the control of traffic on any vehicular crossing to aid and insure the safe and orderly flow of traffic, and shall, so far as practicable, notify the public of the rules and regulations by signs on the vehicular crossing. Adoption of traffic rules

23335. The Department of Public Works shall cause to be published and made available to the public at the tollgates of each vehicular crossing copies of those traffic laws and rules and regulations particularly applicable thereto. Publication

23336. It is unlawful to violate any rules or regulations adopted under Section 23334, notice of which has been given either by a sign on a vehicular crossing or by publication as provided in Section 23335. Violations

DIVISION 12. EQUIPMENT OF VEHICLES

CHAPTER 1. GENERAL PROVISIONS

24000. Wherever in this division the word "department" occurs, it means the Department of the California Highway Patrol. "Department"

24001. This division, unless otherwise provided, applies to all vehicles whether publicly or privately owned when upon the highways, including all authorized emergency vehicles. Application of division

24002. It is unlawful to operate any vehicle or combination of vehicles which is in an unsafe condition, which is not equipped as required by this code, or which is not safely loaded. Vehicle not equipped or unsafe

24003. No vehicle shall be equipped with any lamp or illuminating device not required or permitted in this code. This section does not apply to: Unlawful lights

(a) Interior lamps.

(b) Lamps needed in the operation or utilization of those vehicles mentioned in Section 25801, or vehicles used by public utilities in the repair or maintenance of their service.

(c) Lamps or devices that emit a diffused nonglaring light of not more than 0.05 of one candlepower per square inch of area.

Unlawful operation after notice

24004. No person shall operate any vehicle or combination of vehicles after notice by a traffic officer that the vehicle is in an unsafe condition or is not equipped as required by this code, except as may be necessary to return the vehicle or combination of vehicles to the residence or place of business of the owner or driver or to a garage, until the vehicle and its equipment have been made to conform with the requirements of this code.

Transfer and installation

24005. It is unlawful for any person to sell, lease, install, or replace, either for himself or as the agent or employee of another, or through such agent or employee, any glass, lighting equipment, signal devices, brakes, vacuum or pressure hose, muffler, exhaust, or any kind of equipment whatsoever for use in any vehicle, that is not in conformity with this code or regulations made thereunder.

Name or trademark

24006. No person shall sell or offer for sale either separately or as a part of the equipment of a new motor vehicle any lighting equipment or device subject to approval and approved by the department unless the lighting equipment or device bears thereon the trademark or name and type or model designation under which it is approved so as to be legible when installed and is accompanied by printed instructions when required by the department as to candlepower of the light source to be used therewith and any particular methods of mounting or adjustment as to focus or aim necessary for compliance with this code and any other instructions as determined by the department.

Dealer light and brake adjustments

24007. No dealer shall sell a new or used motor vehicle without first testing and, if necessary, adjusting the lights and brakes on the vehicle to conform with this code and department regulations adopted pursuant to this code unless the vehicle is sold for the purpose of being wrecked or dismantled.

Chapter 2. Lighting Equipment

Article 1. General Provisions

Lighting during darkness

24250. During darkness, a vehicle shall be equipped with lighted lighting equipment as required for the vehicle by this chapter.

Distance required

24251 Any requirement in this chapter as to the distance from which any lighting equipment shall render a person or vehicle visible or within which any lighting equipment shall be visible shall apply during darkness, directly ahead upon a straight, level unlighted highway, and under normal atmospheric conditions, unless a different time, direction, or condition is expressly stated.

Maintenance

24252 All required lamps and lighting devices installed on a vehicle shall at all times be maintained in good working

order. Lamps shall be equipped with bulbs of the correct voltage rating corresponding to the nominal voltage at the lamp socket.

Article 2. Headlamps and Auxiliary Lamps

Headlamps

24400. During darkness, every motor vehicle other than a motorcycle, shall be equipped with at least two lighted headlamps, with at least one on each side of the front of the vehicle, and, except as to vehicles registered prior to January 1, 1930, they shall be located directly above or in advance of the front axle of the vehicle. The headlamps and every light source in any headlamp unit shall be located at a height of not more than 54 inches nor less than 24 inches.

Dimmed lights on parked vehicles

24401. Whenever any motor vehicle is parked or standing upon a highway any headlamp that is lighted shall be dimmed or on the lower beam.

Auxiliary driving lamps

24402. (a) Any motor vehicle may be equipped with not to exceed two auxiliary driving lamps mounted on the front at a height of not less than 16 inches nor more than 42 inches. Driving lamps are lamps designed for supplementing the upper beam from headlamps and may not be lighted with the lower beam.

(b) Any motor vehicle may be equipped with not to exceed two auxiliary passing lamps mounted on the front at a height of not less than 24 inches nor more than 42 inches Passing lamps are lamps designed for supplementing the lower beam from headlamps and may also be lighted with the upper beam.

Fog lamps

24403. Any motor vehicle may be equipped with not to exceed two fog lamps mounted on the front at a height of not less than 12 inches nor more than 30 inches and so aimed that when the vehicle is not loaded none of the high-intensity portion of the light to the left of the center of the vehicle shall at a distance of 25 feet ahead project higher than a level of four inches below the level of the center of the lamp from which it comes. Lighted fog lamps meeting the above requirements may be used with lower headlamp beams, subject to the limitations of Section 24451.

Spotlamps

24404. (a) In addition, a motor vehicle may be equipped with not to exceed two spotlamps, which shall not be used in substitution of headlamps.

(b) No spotlamp shall be equipped with any lamp source exceeding 32 standard candlepower or 30 watts nor project any glaring light into the eyes of an approaching driver.

(c) Every spotlamp shall be so directed when in use:

(1) That no portion of the main substantially parallel beam of light will strike the roadway to the left of the prolongation of the left side line of the vehicle.

(2) That the top of the beam will not strike the roadway at a distance in excess of 300 feet from the vehicle

(d) This section does not apply to spotlamps on authorized emergency vehicles.

Maximum number of lamps

24405. Whenever a motor vehicle equipped with headlamps is also equipped with any auxiliary driving or passing lamps, fog lamps, spotlamps, or any other lamp on the front thereof projecting a beam of an intensity greater than 300 candlepower, not more than a total of four such lamps on the front of the vehicle may be lighted at any one time, except that not to exceed six such lamps on the front of an authorized emergency vehicle may be lighted at any one time

Multiple beams

24406. Except as otherwise provided, the headlamps, or other auxiliary driving lamps, or a combination thereof, on a motor vehicle during darkness shall be so arranged that the driver may select at will between distributions of light projected to different elevations, and the lamps may, in addition, be so arranged that the selection can be made automatically.

Upper and lower beam

24407. Multiple-beam road lighting equipment shall be designed as follows:

(a) There shall be an uppermost distribution of light, or composite beam, so aimed and of such intensity as to reveal persons and vehicles at a distance of at least 350 feet ahead for all conditions of loading.

(b) There shall be a lowermost distribution of light, or composite beam so aimed and of sufficient intensity to reveal a person or vehicle at a distance of at least 100 feet ahead. On a straight level road under any condition of loading none of the high intensity portion of the beam shall be directed to strike the eyes of an approaching driver.

Beam indicator

24408. Every new motor vehicle registered in this State after January 1, 1940, which has multiple-beam road lighting equipment shall be equipped with a beam indicator, which shall be lighted whenever the uppermost distribution of light from the headlamps is in use, and shall not otherwise be lighted. The indicator shall be so designed and located that when lighted it will be readily visible without glare to the driver of the vehicle so equipped.

Use of multiple beams

24409. Whenever a motor vehicle is being operated during darkness, the driver shall use a distribution of light, or composite beam, directed high enough and of sufficient intensity to reveal persons and vehicles at a safe distance in advance of the vehicle, subject to the following requirements and limitations:

(a) Whenever the driver of a vehicle approaches an oncoming vehicle within 500 feet, he shall use a distribution of light or composite beam so aimed that the glaring rays are not projected into the eyes of the oncoming driver.

The lowermost distribution of light specified in this chapter shall be deemed to avoid glare at all times regardless of road contour and loading.

(b) Whenever the driver of a vehicle follows another vehicle within 200 feet to the rear, he shall use the lowermost distribution of light specified in this chapter.

Single beams

24410. Headlamps arranged to provide a single distribution of light not supplemented by auxiliary driving lamps

are permitted on motor vehicles manufactured and sold prior to September 19, 1940, in lieu of multiple-beam road lighting equipment if the single distribution of light complies with the following requirements and limitations:

(a) The headlamps shall be so aimed that when the vehicle is not loaded none of the high-intensity portion of the light shall at a distance of 25 feet ahead project higher than a level of five inches below the level of the center of the lamp from which it comes, and in no case higher than 42 inches above the level on which the vehicle stands at a distance of 75 feet ahead.

(b) The intensity shall be sufficient to reveal persons and vehicles at a distance of at least 200 feet.

Article 3. Rear Lighting Equipment

Rear lamps

24600. (a) Every motor vehicle and every vehicle which is being drawn at the end of a train of vehicles during darkness shall be equipped with one or more lighted rear lamps exhibiting red light plainly visible from a distance of 500 feet to the rear except that a vehicle or the vehicle at the end of a train of vehicles which is subject to Section 22406 and every new vehicle other than a motorcycle first registered after January 1, 1958, shall be equipped with not less than two such lighted rear lamps which shall be mounted at the left and right side respectively on the rear of the vehicle. Whenever any vehicle is equipped with two rear lamps, as required or permitted by this section, both of such lamps shall be lighted during darkness, except that such lamps may flash as a part of a turn signal lamp.

License plate light

24601. Either the rear lamp or a separate lamp shall be so constructed and placed as to illuminate with a white light the rear license plate and render it clearly legible from a distance of 50 feet to the rear. When the rear license plate is illuminated by a lamp other than a required rear lamp, the two lamps shall be turned on or off only by the same control switch at all times and the light source of the additional lamp shall have a minimum of three standard candlepower and a maximum of 15 standard candlepower.

Rear lights on trucks

24602. Every red rear lamp upon a vehicle or the vehicle at the end of a train of vehicles which is subject to Section 22406 shall be equipped with red lenses not less than $2\frac{7}{8}$ inches in diameter or $6\frac{1}{2}$ square inches in area and the light source shall not be less than three nor more than 15 standard candlepower.

The voltage at any rear, license plate or clearance lamp socket of the vehicle or train of vehicles shall not be less than 85 percent of the design voltage of the battery supplying the current to such lamps.

Stop lamps

24603. Every motor vehicle and every vehicle at the end of a train of vehicles shall at all times be equipped with not less than one stop lamp on the rear which shall emit a red or

amber light and which shall be actuated upon application of the service (foot) brake and the hand control head for air, vacuum, or electric brake and which may but need not be incorporated with a tail lamp. Every new vehicle, other than a motorcycle or motor-driven cycle, first registered after January 1, 1958, shall be equipped with not less than two stop lamps. Such stop signals shall be plainly visible and understandable from a distance of 300 feet to the rear both during normal sunlight and at nighttime, except that stop lamps on a vehicle of a size required to be equipped with clearance lamps shall be visible from a distance of 500 feet during such times. Whenever any vehicle is equipped with two stop lamps, both stop lamps shall be in good working order. The stop lamp on that side of a vehicle toward which a turn will be made may flash as part of the turn signal lamp.

Lamp or flag on projections

24604. (a) Whenever the load upon any vehicle extends, or whenever any integral part of any vehicle projects, to the rear four feet or more beyond the bed or body of the vehicle, there shall be displayed at the extreme end of the load or projecting part of the vehicle during darkness, in addition to the required rear light, two red lights with a bulb rated not in excess of six candlepower plainly visible from a distance of at least 500 feet to the sides and rear. At any other time there shall be displayed at the extreme end of the load or projecting part of the vehicle a red flag or cloth not less than 16 inches square.

Tow cars

24605. Tow cars used to tow a vehicle shall be equipped with and carry a portable electrical extension cord for use in displaying a light on the rear of the disabled vehicle. The length of the extension cord shall not be less than the length of the combined vehicles and whenever a disabled vehicle is towed during darkness and the rear lamps on the disabled vehicle cannot be lighted, the tow car operator shall provide for a rear light by means of the extension cord.

Backup lamps

24606. (a) Any motor vehicle may be equipped with a backup lamp either separately or in combination with another lamp. A backup lamp shall be so directed as to project a white or amber light illuminating the highway to the rear of the vehicle for a distance not to exceed 75 feet.

(b) No backup lamp shall exceed a diameter of six inches measured across the lens or face thereof nor shall it be lighted on any vehicle moving forward or otherwise except when the vehicle is about to be or is backing on a highway.

Reflectors

24607. (a) Any vehicle of a type subject to registration under this code not otherwise required under the provisions of this code to be equipped with rear red reflectors shall carry on the rear, either as a part of the tail lamps or separately, one red reflector meeting the requirements of this section and of a type approved by the department.

(b) The reflector shall be mounted on the vehicle at a height not less than 16 inches nor more than 60 inches and shall be of such size and characteristics and so maintained as

to be readily visible at night from all distances within 300 feet to 50 feet from the vehicle when directly in front of lawful upper beams of headlamps.

(c) Any reflector installed upon a vehicle as a part of its original equipment prior to January 1, 1941, need not be of a type approved by the department if it meets the requirements of subdivision (b) of this section.

Reflectors-On front and sides

24608. (a) Any vehicle may be equipped with white or amber reflectors upon the front, amber reflectors on the sides near the front and red reflectors on the sides near the rear.

(b) Such reflectors shall be of a type approved by the department and shall be mounted at a height not less than 16 inches nor more than 60 inches.

Same Trucks

24609. (a) A vehicle or the vehicle at the end of a train of vehicles which is subject to Section 22406 shall be equipped with two red reflectors not less than three inches in diameter or seven square inches in area mounted on the left and right side respectively on the rear of the vehicle at a height not to exceed 60 inches nor less than 24 inches above the ground and so designed and maintained as to be visible at night from all distances within 500 feet from the vehicle or train of vehicles when directly in front of a motor vehicle displaying lawful lighted headlamps, not depressed.

(b) A motor truck weighing unladen 3,000 pounds or more or a trailer coach operated outside the limits of incorporated cities shall be equipped with a reflector as provided in this section.

(c) The engineering requirements for reflectors under this section shall be governed by specifications to be determined and publicized by the department.

Same Multiple-unit truck

24610. A reflector placed on vehicles under Section 24651 which is of the button or other multiple-unit type shall contain not less than seven units with a total of not less than three square inches of reflecting surface. The red reflectors required may be separate units or a part of the red rear lamps, but in either event the reflector and rear lamps shall comply with all of the requirements of Sections 24600, 24602, and 24609, and any reflector constituting an integral part of a rear lamp shall comply with all photometric requirements applicable to a separate reflector.

Article 4. Parking Lamps

Parking lamps

24800. No vehicle shall be driven at any time with the parking lamps lighted except when the lamps are being used as turn signal lamps and when the headlamps are also lighted.

Same

24801. Parking lamps are those lamps permitted by Section 25106, or any lamps mounted on the front of a vehicle, designed to be displayed primarily when the vehicle is parked.

Business and residence districts

24802. Whenever there is sufficient light within the lateral boundaries of a highway within a business or residential district to reveal a vehicle at a distance of 200 feet no lights need be displayed upon a vehicle parked or standing upon

such highway with a right-hand wheel within 18 inches of the right-hand curb.

Other places

24803. The headlamps on a motor vehicle need not be lighted when the motor vehicle is parked or standing with its right-hand wheels within 18 inches of the right-hand curb or edge of the roadway of any highway.

Outside of a business or residence district and during darkness a rear light shall be displayed upon any vehicle parked or standing upon a highway.

Article 5. Signal Lamps and Devices

Mandatory signal devices

24950. Whenever any motor vehicle is towing a trailer coach, either the motor vehicle or trailer coach shall be equipped with a mechanical or electrical signal lamp or device.

Turning signals

24951. (a) Any vehicle may be equipped, and when required by this code, shall be equipped, with a lamp type turn signal system or semaphore turn signal device capable of clearly indicating any intention to turn either to the right or to the left.

(b) The following vehicles which are first registered on or after January 1, 1958, shall be equipped with an electrical turn signal of a type approved by the department and meeting the requirements of this chapter:

(1) All passenger type vehicles except motorcycles and motor-driven cycles.

(2) All motor trucks and truck tractors.

(3) All trailers or semitrailers having a gross weight of 6,000 pounds or more.

This requirement does not apply to special mobile equipment, pole or pipe dollies, or auxiliary dollies.

Requirements

24952. A lamp type turn signal system or semaphore turn signal device shall be plainly visible and understandable in normal sunlight and at nighttime from a distance of at least 300 feet to the front and rear of the vehicle, except that in turn signals on vehicles of a size required to be equipped with clearance lamps, the signal lamp or device shall be visible from a distance of 500 feet during such times.

Lamps of turn signals

24953. Any lamp type signal device used to give a signal of intention to turn right or left shall project a flashing white or amber light visible to the front and red or amber flashing light visible to the rear.

Reflectors on semaphore devices

24954. Any semaphore signal device on a vehicle shall be illuminated when in use during darkness either by a light or reflex reflectors rendering the signals visible as required in this chapter.

Article 6. Side and Fender Lighting Equipment

Side clearance lamps

25100. Every vehicle or load upon a vehicle or any vehicle and load thereon having a total outside width in excess of 80

inches during darkness shall be equipped with at least four clearance lamps. The lights shall be mounted at the outer extremity of the vehicle and there shall be one lamp on each side near the front of the vehicle emitting an amber light visible from a distance of 500 feet to the front and to the side of the vehicle and one lamp on each side near the rear of the vehicle emitting an amber or red light visible from a distance of 500 feet to the rear and to the side of the vehicle. This section does not apply to:

(a) Passenger common carrier vehicles.

(b) Passenger vehicles.

(c) Truck tractor or auxiliary dollies while operating in combination with other vehicles displaying side clearance lamps.

Trailer coaches

25101. A trailer coach having a total outside width of less than 80 inches shall be equipped with two clearance lamps, one on each side near the rear, each of which shall emit an amber light visible for a distance of 500 feet to the rear and to the side of the trailer coach.

Sides of vehicles

25102. In addition to the lamps otherwise permitted by this chapter, any motor vehicle may be equipped with lamps on the sides thereof, visible from the side of the vehicle but not from the front or rear thereof, which lamps, together with mountings or receptacles, shall be set into depressions or recesses in the body of the vehicle and shall not protrude beyond or outside the body of the vehicle. The light source in each of the lamps shall not exceed two candlepower and shall emit diffused light of any color, except that the color red is permitted only on authorized emergency vehicles.

Projecting load

25103. Whenever the load upon any vehicle extends from the left side of the vehicle one foot or more to the left of the front hub cap on the left side there shall be displayed at the extreme left side of the load during darkness a lighted lantern or other light plainly visible from a distance of at least 300 feet to the left side and the front and rear of the vehicle.

The lamp shall not contain a bulb rated in excess of six candlepower.

Wide vehicles

25104. Any vehicle operating other than during darkness and wider than permitted under Sections 35100 to 35108, inclusive, shall display a red flag or cloth not less than 16 inches square at the extreme left front and left rear of the vehicle or equipment.

Running board courtesy lamps

25105. Any motor vehicle may be equipped with running board courtesy lamps. The bulbs in the lamps shall not exceed three standard candlepower and shall emit either a green or white light without glare. The beams of the lamps shall not be visible to the front or rear of the vehicle.

Side cowl or fender lamps

25106. Any motor vehicle may be equipped with not more than two lighted side lamps, and in addition not more than two lighted cowl or fender lamps, but the light source of each such lamp shall not exceed four standard candlepower and shall emit diffused amber or white light without glare.

Turning fender lamps

25107. In addition, a motor vehicle may be equipped with not more than two fender lamps designed and of sufficient intensity for the purpose of revealing objects only in the direction of turn while the vehicle is turning. The lamps shall be designed so that no glaring light is projected into the eyes of an approaching driver.

Article 7. Flashing and Colored Lights

Flashing lights

25250. Flashing lights are prohibited on motor vehicles except as otherwise permitted.

Same Permitted

25251. Flashing lights are permitted on motor vehicles as follows:

1. To indicate an intention to turn or move to the right or left upon a roadway, approved turn signal lamps may be flashed on the side of a vehicle toward which the turn or movement is to be made.

2. As warning lights on disabled vehicles as permitted in Section 25300 or on other vehicles which are disabled upon the roadway, four or more approved turn signal lamps may be flashed, at least two of which must be toward the front and at least two toward the rear of the vehicle.

3. For use on emergency vehicles.

4. For use on tow cars to the extent provided in Section 25253.

5 For use during darkness, vehicles used by highway authorities or bridge and highway districts in highway maintenance work may be equipped with flashing or other red lights, to the front or rear, which may be used while the vehicles are parked or working on the highway.

6. For use during darkness, vehicles used by mosquito abatement districts or pest abatement districts when dispersing insecticides in aerosol form or as mists, fogs, or smokes, may be equipped with flashing or other red lights to the front or rear which may be used while the vehicles are parked or working on the highway.

Additional lights

25252. In addition to the forward burning red light required by Section 21055, authorized emergency vehicles may display red lights to the sides or rear of the vehicles. Revolving red lights may be used only to supplement the forward burning red light required by Section 21055.

Tow cars

25253. Tow cars used to tow a vehicle shall be equipped with a flashing or steady red light mounted on top of the cab of the tow car or on the top of the crane or hoist, if such light can be seen from the front of the tow car. The light shall be visible for a distance of 1,000 feet, and shall be mounted in such a manner that it can be securely fastened with the lens of the lamp facing the rear of the tow car upon which it is mounted.

Same Location of light

25254. When standing at the location from which the disabled vehicle is to be towed, the operator of a tow car may unfasten the red light and place it in any position deemed

advisable to warn approaching drivers. When the disabled vehicle is ready for towing the red light shall be turned to the rear of the tow car upon which it is mounted and securely locked in position.

Same
Additional red lights

25255. Additional red lights may be displayed at either or both sides of a tow car as the case may warrant during the period of preparation at the location from which the disabled vehicle is to be towed.

Highway maintenance vehicles

25256. Vehicles used by highway authorities in highway maintenance work may be equipped with flashing red lights visible from any direction when such vehicles are parked or working on the highway.

School bus

25257. Every school bus when operated for the transportation of school children shall be equipped with a flashing red light signal system.

Authorized emergency vehicles

25258. An authorized emergency vehicle may display a red light and an authorized emergency vehicle used by members of the California Highway Patrol in the performance of their duties may in addition display a blue light, as prescribed by the commissioner, visible from in front thereof.

Rear light on police vehicle

25259. In addition to a red light as otherwise required in this code, a light of distinctive color, which color has been approved by the department, may be visible from the rear of a vehicle operated by a police or traffic officer while in the actual performance of his duties as such officer.

Public utility vehicles

25260. Public utility repair vehicles necessarily parked other than adjacent to the curb in a highway for purposes of repairing public utility services, may be equipped with red lights displayed to the front, sides and rear, but these lights shall not be lighted when headlamps are lighted.

Emergency utility vehicles

25261. Any emergency vehicle of a public utility, whether privately, municipally, or publicly owned, used in responding to emergency calls for the repair or maintenance of its services, may be approved by the commissioner for operation when equipped with a red light for purposes of identification. The vehicle may operate without a siren but if not equipped with a siren, it shall not be entitled to the exemptions granted authorized emergency vehicles by Section 21055.

Armored cars

25262. An armored car may be equipped with red lights which may be used while resisting armed robbery. At all other times the red lights shall not be lighted. The authority to use red lights granted by this section does not constitute an armored car an authorized emergency vehicle, and all other provisions of this code applicable to drivers of vehicles apply to drivers of armored cars.

Violation of this section is a misdemeanor and upon conviction is punishable by a fine not exceeding five hundred dollars ($500) or by imprisonment in the county jail for not to exceed six months or by both such fine and imprisonment.

House towing trucks

25263. Trucks actually engaged in the towing of houses or buildings upon any highway may display a red spotlamp to the front or side thereof.

Coroner vehicles

25264. Any vehicle publicly owned, or any vehicle privately owned which is maintained in whole or in part by a county, operated by a coroner, or by a deputy coroner regularly employed and salaried as such by a county, may, upon approval by the commissioner, be equipped with a red light, but not with a siren, which red light may be used for purposes of identification and safety while the vehicle is at the scene of any violent street or highway death or at the scene of any death occurring on private premises which was caused by criminal, sudden, or obscure means. At all other times the red light must not be displayed to the front of the vehicle. Any such vehicle shall not be entitled to the exemptions granted authorized emergency vehicles.

Article 8. Warning Lights and Devices

Disabled commercial vehicles

25300. (a) Every motor truck having an unladen weight of 4,000 pounds or more, and every truck tractor, irrespective of weight, during darkness shall be equipped with at least two flares, two red lanterns, or two warning lights or reflectors.

(b) When any such vehicle or any trailer or semitrailer is disabled on the roadway or within 10 feet thereof during darkness, a warning signal of the character indicated above shall be immediately placed at a distance of approximately 100 feet in advance of, and 100 feet to the rear of the disabled vehicle. The continuous flashing of at least four approved type Class A-Type I turn signal lamps, at least two toward the front and at least two toward the rear of the vehicle, shall be considered to meet the requirements of this section until the devices mentioned above can be placed in the required locations.

(c) The warning signals shall be displayed continuously during darkness while the vehicle remains disabled upon the roadway or within 10 feet thereof.

(d) This section does not apply to any vehicle while being operated within the corporate limits of any city, except that any city may impose like requirements with respect to a motor truck or truck tractor when operated during darkness upon a highway outside of any business or residence district within the city and upon which highway there is insufficient street lighting to reveal a vehicle at a distance of 200 feet.

Utility and public utility vehicles

25301. When utility or public utility vehicles are parked, stopped or standing at the site of work as described in Section 22512, warning devices shall be displayed as follows:

(a) During daylight warning devices shall consist of either:

(1) A warning flag or barricade striping on the front and rear of the vehicle.

(2) A warning flag, sign, or barrier on the highway not more than 50 feet in advance of the vehicle and not more than 50 feet to the rear thereof, except that in zones where the maximum speed limit is in excess of 25 miles per hour said 50-foot distance may be increased up to 500 feet from the vehicle as circumstances may warrant.

(b) During darkness the warning devices shall consist of either:

(1) One or more lights or fusees on the vehicle giving warning to approaching traffic from each direction.

(2) A warning light, flare, fusee, or reflector on the highway not more than 50 feet in advance of the vehicle and not more than 50 feet to the rear thereof, except that in zones where the maximum speed limit is in excess of 25 miles per hour said 50-foot distance may be increased up to 500 feet from the vehicle where circumstances may warrant.

(c) The provisions of subdivisions (a) or (b) do not prevent the display of both types of the warning devices during daylight or darkness.

(d) During either daylight or darkness, no warning device is necessary if the vehicle is an authorized emergency vehicle and is equipped with a flashing red light visible to approaching traffic from each direction.

Tow cars

25302. Every tow car used to tow a vehicle shall:

(a) Be equipped with not less than two red flares, two red lanterns, or two warning lights or reflectors.

(b) Be equipped with at least two highway warning signs of a uniform type prescribed by the department and shall be so designed as to be visible both day and night.

Devices used during daytime

25303. The operator of a tow car used for the purpose of rendering assistance to other vehicles shall, when the rendering of assistance necessitates the obstruction of any portion of the roadway outside a business or residence district, place a highway warning sign 100 feet in advance of, and 100 feet to the rear of, the disabled vehicle.

Devices used during darkness

25304. When a motor vehicle is disabled on the highway during darkness, the tow car operator shall immediately upon arrival place warning signs upon the highway as prescribed in Section 25303, and in addition shall place not less than one red flare, red lantern, warning light, or reflector in close proximity to each warning sign.

Article 9. Commercial and Common Carrier Vehicles

Passenger common carriers

25350. Any passenger common carrier motor vehicle may be equipped with green identification lamps, clearance lamps, an illuminated termini sign, an illuminated identification sign, or any combination thereof, which shall not project any glaring light.

Commercial vehicles

25351. Any commercial vehicle, other than a passenger common carrier motor vehicle, shall not be equipped with an illuminated identification sign upon the front thereof which exceeds 24 inches in length or eight inches in width or which is lighted by other than a diffused white light which does not project any glaring light.

A commercial vehicle may be equipped with not more than three lamps mounted in a row not less than seven feet from the ground on the front or rear, which lamps shall not exceed

three inches in diameter, equipped with bulbs not in excess of six candlepower and exhibiting to the front either amber, green, or white light, or any combination thereof, and to the rear exhibiting red light.

Article 10. Diffused Lights

Lighting requirements

25400. Any diffused nonglaring light shall not display red to the front, but may display other colors. A diffused nonglaring light shall not resemble nor be installed within 12 inches or in such position as to interfere with the visibility or effectiveness of any required lamp, reflector, or other device upon the vehicle.

A diffused nonglaring lamp or device shall be limited in size to an area of 720 square inches and where any lease, rental, or donation is involved the installation of the lamp or device shall be limited to those vehicles operated either primarily within business or residential districts or municipalities, or between business districts, residential districts, and municipalities in close proximity.

Resembling signs

25401. No diffused nonglaring light on a vehicle shall resemble any official traffic control device.

Article 11. Acetylene Lamps

Acetylene lamps

25450 Any motor vehicle, other than a motorcycle, equipped with lighted acetylene headlamps complies with the provisions of this code concerning lighted headlamps when it has two lighted acetylene headlamps of approximately equal candlepower mounted upon the front of the motor vehicle and fitted with clear plane glass fronts and bright six-inch spherical mirrors and standard acetylene five-eighths or three-quarters foot burners, not more and not less, projecting sufficient light ahead to reveal any vehicle, person or substantial object upon the roadway within 200 feet.

Motorcycles

25451. Any motorcycle equipped with one lighted acetylene headlamp complies with the provisions of this code concerning lighted headlamps on motorcycles when the acetylene headlamp is fitted with a clear plane glass front and a bright six-inch spherical mirror and a standard acetylene one-half or five-eighths foot burner, projecting sufficient light ahead to reveal any vehicle, person, or substantial object upon the roadway within a distance of 115 feet.

Glare

25452. No acetylene lamp shall emit any glaring light.

Article 12. Reflectorizing Material

Use

25500. Area reflectorizing material of any color, except red on the front of a vehicle, may be used in addition to required reflectors for the following purposes:

(a) Signs required or other designations in lieu thereof as required in Section 27903 on the sides or rear.

(b) Barricade striping on the rear in alternate colors or for the delineation of the vehicle.

(c) The name, legend, trademark, trade name, or insignia may be used only by the manufacturer, seller, contractor, or registered owner of the vehicle, and space for the use of reflectorizing material on any vehicle shall not be leased, sold, or rented for advertising purposes.

Messages

25501. The name, legend, trademark, trade name, or insignia of any organization carrying a safety message or indicating a service rendered by the organization to a vehicle or operator and contained on reflectorizing material of any color, except red on the front of the vehicle, may be donated to or purchased by the owner and displayed on a vehicle, except that the name, legend, trademark, trade name, or insignia shall not be in excess of 48 square inches in area.

Limitations

25502. Reflectorizing material shall be of a type and intensity and so installed as not to interfere with or nullify or resemble any reflector, lighting, signal, or warning devices required or permitted on the vehicle under this code or any other statute or regulation promulgated in conformance to any statute, nor as to resemble or conflict with any traffic control device or street or highway regulatory, warning, directional, or informational sign.

Article 13. Headlamps on Motorcycles and Bicycles

Motorcycles

25650. Every motorcycle during darkness shall be equipped with at least one and not more than two lighted headlamps which shall conform to the requirements and limitations of this division.

Motor-driven cycles

25651. The headlamp upon a motor-driven cycle may be of the single-beam or multiple-beam type, but in either event, when the vehicle is operated during darkness, the headlamp shall comply with the requirements and limitations as follows:

(a) The headlamp shall be of sufficient intensity to reveal a person or a vehicle at a distance of not less than 100 feet when the motor-driven cycle is operated at any speed less than 25 miles per hour and at a distance of not less than 200 feet when operated at a speed of 25 to not exceeding 35 miles per hour, and at a distance of 300 feet when operated at a speed greater than 35 miles per hour.

(b) In the event the motor-driven cycle is equipped with a multiple-beam headlamp, the upper beam shall meet the minimum requirements set forth above and the lowermost beam shall meet the requirements applicable to a lowermost distribution of light as set forth in subdivision (b) of Section 24451.

(c) In the event the motor-driven cycle is equipped with a single-beam lamp, it shall be so aimed that when the vehicle is loaded none of the high intensity portion of light, at a distance of 25 feet ahead, shall project higher than the level of the center of the lamp from which it comes.

Lamps on bicycles

25652. Every bicycle, other than a motor-driven cycle, during darkness shall be equipped with a lamp emitting a white light visible from a distance of 300 feet in front of the bicycle and with a red reflector on the rear so designed and located as to be visible for at least 300 feet when directly in front of a motor vehicle displaying lawful undimmed headlamps or with a rear lamp exhibiting a red light visible from a distance of 300 feet to the rear.

Article 14. Vehicles Exempted

Implements of husbandry and special mobile equipment

25800. The provisions of Sections 24250, 24251, 24400 through 24404, inclusive, Articles 3, 4, 5, 6, 9, 11, and 13 (commencing at Sections 24600, 24800, 24950, 25100, 25350, 25450, and 25650 respectively), and Section 25953 of this chapter shall not apply to implements of husbandry or special mobile equipment. Such vehicle or equipment shall be subject to the provisions of Sections 25260, Article 12 (commencing at Section 25500), Sections 25803, 25950, and 25952, of this chapter.

Highway construction and maintenance equipment

25801. The provisions of Sections 24250, 24251, 24400 through 24404, inclusive, 24600 through 24604, inclusive, 24606 through 24610, inclusive, Articles 4, 5, 6, 9, 11, 12, and 13 (commencing at Sections 24800, 24950, 25100, 25350, 25450, 25500, and 25650, respectively) of Chapter 2, of this division, and Sections 25950, 25952 and 25953 shall not apply to highway construction or maintenance equipment, nor to motor trucks equipped with snow removal or sanding devices, but shall apply to motor trucks and automobiles used independently of such equipment.

The provisions of Section 25803 shall be applicable to such equipment.

Vehicles incidentally operated over highway

25802. The provisions of Sections 24002, 24005, 24250, 24251, 24400 through 24404, inclusive, 24600 through 24604, inclusive, 24606 through 24610, inclusive, 25261, 25953, Articles 4, 5, 6, 9, 11, and 13 (commencing at Sections 24800, 24950, 25100, 25350, 25450, and 25650, respectively) of Chapter 2 of this division, Chapters 3, 4, and 5 (commencing at Sections 26300, 26700 and 27000, respectively) of this division, and the provisions of Chapters 2, 3, 4, and 5 (commencing at Sections 29200, 29800, 30800, and 31300, respectively) of Division 13 shall not apply to any vehicle of a type subject to registration under this code which is not designed, used or maintained for the transportation of persons or property and which is only incidentally operated or moved over a highway; but any such vehicle shall be subject to the provisions of Sections 2800, 2806, 24004, 25260, 25803, 25950, 25952, 26457, 27602, 31500, 40150, and Article 12 (commencing at Section 25500) of Chapter 2 of this division.

Lamps on other vehicles

25803. (a) All vehicles not otherwise required to be equipped with headlamps, rear lights, or reflectors by this chapter shall during darkness be equipped with at least one

lighted lamp exhibiting a white light visible from a distance of 500 feet to the front of the vehicle and with a lamp exhibiting a red light visible from a distance of 500 feet to the rear of the vehicle.

(b) In addition, such vehicle shall be equipped with an amber reflector on the front near the left side and a red reflector on the rear near the left side. The reflectors shall be mounted on the vehicle not lower than 16 inches nor higher than 60 inches above the ground and so designed and maintained as to be visible during darkness from all distances within 500 feet from the vehicle when directly in front of a motor vehicle displaying lawful lighted headlamps undimmed.

Article 15. Light Restrictions and Mounting

25950. Unless provided otherwise, the color of lights upon a vehicle shall be as follows: Color of lights

(a) All lights visible from in front of a vehicle shall be white or amber.

(b) All lights visible from the rear of a vehicle shall be red.

This section applies to the color of a lamp whether lighted or unlighted, and to any reflector exhibiting or reflecting perceptible light of 0.05 of one candlepower or more per foot-candle of incident illumination.

25951. Any lighted lamp or device upon a motor vehicle other than headlamps, spot lamps, signal lamps, or auxiliary driving lamps which projects a beam of light of an intensity greater than 300 candlepower shall be so directed that no part of the beam will strike the level of the roadway at a distance of more than 75 feet from the vehicle. Direction of beam

25952. Whenever requirement is declared as to the mounted height of lamps or reflectors, the height shall be measured from the center of the lamp or reflector to the level surface upon which the vehicle stands when it is without a load. Mounting height

25953. All lighting equipment or devices requiring approval shall comply with the engineering requirements and specifications, including mounting and aiming instructions, determined and publicized by the department. Compliance

Article 16. Test, Approval, and Inspection of Lighting Equipment and Signal Devices

26100. No person shall sell or offer for sale for use upon or as part of the equipment of a motor vehicle, trailer, or semi-trailer, nor shall any person use upon any such vehicle any signal device or lighting equipment unless of a type which has been submitted to and approved by the department. This section does not apply to a rear lamp or stop lamp in use on or prior to December 1, 1935. Mandatory testing and approval

26101. No person shall sell or offer for sale for use upon or as part of the equipment of any vehicle, nor shall any person use upon any vehicle any device which is intended to modify Approval of modifying devices

the original design or performance of any lighting equipment unless of a type which has been submitted to and approved by the department. This section does not apply to a rear lamp or stop lamp in use on or prior to December 1, 1935.

Test and approval

26102. (a) The department may require any person desiring approval of any lighting equipment to submit to the department two units of each type of lighting equipment for which approval is desired, together with the appropriate fee.

(b) With the lighting equipment, the applicant shall submit a statement as to the adjustment of the same deemed appropriate and the candlepower or other rating of the light source intended to be used therewith and other information relative thereto requested by the department.

Tests

26103. The department shall make or cause to be made scientific laboratory tests of lighting equipment submitted for approval as the department determines is appropriate, or as may be required in this code, to determine whether any grounds for disapproving the lighting equipment exists.

Light source equipment

26104. The department may make or cause to be made tests of any equipment regulating the light emitted from the light source in any lighting equipment to determine whether any grounds for disapproving the equipment exists.

Place of test

26105. The tests may be made in laboratories owned or designated by the department, or the department may accept evidence of satisfactory performance from other accredited laboratories.

Action of department

26106. The department shall approve or disapprove lighting equipment and shall issue and enforce regulations establishing standards and specifications for the approval of lighting equipment, their installation, original adjustment and aiming, and adjustment when in use on vehicles, in accordance with the provisions of this code. Regulations as pertain to multiple-beam lighting equipment shall correlate with and, so far as practicable, conform to the then current nationally recognized standards and specifications applicable to the equipment

Effective date of regulations

26107. In the event any lighting equipment in actual use meets the requirements of this code or a department regulation adopted pursuant to this code, a subsequent regulation shall not require the replacement of the equipment and shall be applicable only to equipment installed after the effective date of the regulation.

Grounds for disapproval

26108. The department shall disapprove any lighting equipment if it determines:

(a) That it does not conform to the requirements of this code or any department regulation adopted pursuant to this code.

(b) That it is not so constructed as to be safe or practical in actual use, even though it may meet the laboratory specifications or other tests declared in this code.

(c) That it is impractical as to mechanical construction or for mounting on a motor vehicle, even though it may meet the laboratory specifications or other tests declared in this code.

(d) That the manufacturer of the lighting equipment makes a common practice of using misleading statements in advertising the effect or results obtained from the lighting equipment even though it may meet the laboratory specifications or other tests declared in this code.

Disapproval of equipment

26109. The department shall disapprove any lighting equipment that is impractical, inefficient or does not conform to the requirements of this code or detracts from the performance of the lamp even though the resultant performance might be within the maximum and minimum candlepower laboratory specifications declared in this code.

Reconsideration

26110. The department may reconsider any disapproval within 60 days after it has disapproved any lighting equipment without receiving a new application and without further fee. Whenever the department disapproves any lighting equipment, and it is submitted for a partial retest within 90 days after it is disapproved, a fee of one-half the original fee shall be charged for the retest.

Report of test

26111. (a) Whenever the test of any lighting equipment is completed, the department shall prepare or cause to be prepared a report in duplicate approving or disapproving the lighting equipment.

(b) Any report disapproving the lighting equipment shall state in detail the reasons therefor.

(c) Any report approving the equipment shall include or be accompanied by a statement of any particular methods of mounting or adjustment as to focus or aim necessary for compliance with this code, the candlepower of the light source to be used therewith and any other instructions determined by the department. Any report approving any lighting equipment may be accompanied by such written instructions as the department may deem necessary.

Signature and delivery

26112. Every such report shall be signed in duplicate by the person who made the test and by an officer of the department. One copy of the report shall remain on file in the department as a matter of public record, and the other copy shall be delivered by the department to the applicant for the test within 60 days after submission of the lighting equipment for approval accompanied by the proper fee.

Certificate

26113. The department, upon approving lighting equipment, shall issue to the applicant a certificate of approval together with any instructions included in or accompanying its report approving the same.

Upon request of any police department, the department shall forward a copy of any certificate of approval together with any instructions to the police department.

List of approved equipment

26114. The department shall publish lists of all lighting equipment by name and type which have been approved by the department.

Revocation of certificate

26115. (a) Whenever the department receives information that any lighting equipment, of a type sold commercially and which has been approved by the department does not under ordinary conditions of use comply with the requirements of this code and department regulations adopted pursuant to this code, the department in its discretion may upon 30 days notice to the manufacturer thereof require that the equipment be retested by the department

(b) In the event such lighting equipment upon such retest fails to meet the requirements of this code and department regulations adopted pursuant to this code, the department may suspend or revoke the certificate of approval previously issued. No fee shall be charged for the retest. The department may pay from the funds appropriated for maintenance of the department such sums as may be necessary to carry out the provisions of this section.

Revocation upon non-manufacture

26116. Upon Nonmanufacture. When any approved lighting equipment is no longer manufactured for commercial sale, the department may revoke the prior approval, but such revocation shall not prevent the use of the lighting equipment sold during the time it was approved.

The department may, however, at its discretion revoke approval of any lighting equipment other than any lighting equipment which is part of the original equipment of a vehicle, if it is found unsafe, impractical, or objectionable in actual use or is defective for any of the reasons for which an original approval may be denied.

Purchase and test

26117. The department may purchase any lighting equipment sold for use on motor vehicles or of a type for which the approval of the department is required under this code and test or retest the same as to conformance with the requirements of this code and department regulations adopted pursuant to this code, and any expense incurred in such purchase and test shall be a legal charge against the Motor Vehicle Support Fund.

Experimental permit

26118. The department may issue a permit for the use of lamps or devices for experimental purposes. The use of any lamp or device under the permit is not a violation of this code.

Testing fees

26119. For any single photometric test on a lighting device for which a photometric specification has been established by the department, the fee shall be twenty-five dollars ($25).

For each additional test on lamps or other devices, including mechanical, electrical, chemical, structural, or other special test, retest, or inspection, the fee shall be established by the department at a charge sufficient to pay the cost to the department of conducting the tests and processing the application.

For the approval of lamps or other devices which are not tested by the department, but for which evidence of satisfactory performance is accepted from laboratories accredited by the department, the fee shall be ten dollars ($10).

CHAPTER 3. BRAKES

Article 1. Brake Requirements

26300. Every motor vehicle, other than a motorcycle, shall be equipped with brakes adequate to control the movement of the vehicle and to stop and hold the vehicle. Motor vehicles

26301. Any new motor vehicle first registered in this State after January 1, 1940, shall be equipped with power brakes if its gross weight exceeds 14,000 pounds, except that any such vehicle having a gross weight of less than 18,000 pounds may, in lieu of power brakes, be equipped with two-stage hydraulic actuators of a type designed to increase braking effect of its brakes. Same. Over seven tons

26302. Any new trailer or semitrailer, first registered in this State after January 1, 1940, and drawn by a motor truck or truck tractor and having a gross weight of 6,000 pounds or more and which is operated at a speed of 20 miles per hour or over shall be equipped with brakes, which brakes shall be adequate, supplemental to the brakes on the towing vehicle, to enable the combination of vehicles to comply with the stopping distance requirements of Article 2, commencing at Section 26450. This section does not apply to vehicles operated solely within the limits of incorporated cities. Trailers

26303. Every trailer coach having a weight of 1,500 pounds or more equipped for the road, but exclusive of passengers, shall be equipped with brakes which can be controlled by the driver of the towing vehicle and which are adequate, supplemental to the brakes on the towing vehicle, to enable the combination of vehicles to comply with the stopping distance requirements of Article 2, commencing at Section 26450. Trailer coaches

26304. (a) Power brakes on any trailer or semitrailer first registered after December 31, 1955, and required to be equipped with brakes shall be designed to be automatically applied upon breakaway from the towing vehicle and shall be capable of stopping and holding such vehicle stationary for not less than 15 minutes. Breakaway brakes

(b) Every new truck or truck tractor first registered after December 31, 1955, used in towing a vehicle shall be equipped with brakes capable of stopping the truck or truck tractor in the event of breakaway of the towed vehicle.

26305. Any auxiliary dolly may be equipped with brakes. Auxiliary dollies

26306. Every motorcycle shall be equipped with at least one brake, which may be operated by hand or foot. Motorcycles

26307. The director may require an inspection of the brake on any motor-driven cycle and disapprove any brake which he finds will not comply with the stopping distance requirements of Article 2, commencing at Section 26450, or which in his opinion is not properly designed or constructed as to insure reasonable and reliable performance in actual use. Motor-driven cycles

26308. The director may refuse to register or may suspend or revoke the registration of a motor-driven cycle when he de- Revocation of registration

termines that the brake thereon does not comply with Section 26307.

Disapproved brake on motor-driven cycle

26309. No person shall operate a motor-driven cycle in the event the director has disapproved the brake equipment upon the motor-driven cycle or type of motor-driven cycle until the brake equipment is approved.

Article 2. Operation of Brakes

Requirements

26450. (a) The braking system on a motor vehicle, other than a motorcycle, shall have at least two separate means of applying the brakes, one of which shall be a service brake and the other an emergency brake. Each means of brake operation shall be effective to apply the brakes to at least two wheels. If the two separate means of applying the brakes are connected in any way, they shall be so constructed that failure of any one part of the operating mechanism shall not leave the motor vehicle without brakes on at least two wheels.

(b) One of the means of brake operation shall consist of a mechanical connection from the operating lever to brakeshoes or bands or other effective locking and releasing mechanism and shall be capable of locking the rear driving wheels and of being set to hold the vehicle, or combination of vehicles, stationary to the limit of traction of the braked wheels.

Brakeshoes

26451. The brakeshoes operating within or upon the drums on the vehicle wheels of any motor vehicle may be used for both service brake and emergency brake operation.

After engine failure

26452. All motor vehicles shall be so equipped as to permit application of the brakes at least once for the purpose of bringing the vehicle to a stop within the legal stopping distance after the engine has become inoperative.

Condition

26453. All brakes shall be maintained in good working order and shall be so adjusted as to operate as equally as practicable with respect to the wheels on opposite sides of the vehicle.

Stopping distance

26454. Every motor vehicle or combination of vehicles, at any time and under all conditions of loading, shall, upon application of the service brake, be capable of stopping from an initial speed of 20 miles per hour according to the following requirements:

	Maximum stopping distance (feet)
(a) Any passenger motor vehicle designed to carry not more than nine persons including driver	25
(b) Any single motor vehicle with a manufacturer's gross vehicle weight rating of less than 10,000 lbs.	30
(c) Any combination of vehicles consisting of a passenger vehicle designed to carry not more than nine persons including driver or any motor ve-	

	Maximum stopping distance (feet)
hicle with a manufacturer's gross vehicle weight rating of less than 10,000 lbs. in combination with any trailer, semitrailer or trailer coach	40
(d) Any single motor vehicle with a manufacturer's gross vehicle weight rating of 10,000 lbs. or more	40
(e) Any passenger motor vehicle designed to carry more than nine persons including driver	40
(f) All other combinations of vehicles	50

26455. In respect to any motor vehicle designed, used or maintained primarily for the transportation of property which is not equipped with a plate or marker showing the manufacturer's gross vehicle weight rating, for purposes of stopping distance requirements, the weight of a vehicle shall be determined as follows: Determination of vehicle weight

(a) Any motor vehicle having less than six wheels is the equivalent of a vehicle having a manufacturer's gross vehicle weight rating of less than 10,000 pounds.

(b) Any motor vehicle having six wheels or more is the equivalent of a vehicle having a manufacturer's gross vehicle weight rating of 10,000 pounds or more.

26456. Stopping distance requirement tests shall be conducted on a substantially level, dry, smooth, hard-surfaced road that is free from loose material and where the grade does not exceed plus or minus 1 percent. Stopping distance shall be measured from the instant brake controls are moved and from an initial speed of approximately 20 miles per hour. No test of brake performance shall be made upon a highway at a speed in excess of 25 miles per hour. Stopping tests

26457. Implements of husbandry, special mobile equipment, equipment operated under special permit, and any chassis without body or load are not subject to stopping distance requirements, but if any such vehicle or equipment cannot be stopped within 32 feet from an initial speed of 15 miles per hour, it shall not be operated at a speed in excess of that permitting a stop in 32 feet. Exemptions

Chapter 4. Windshields and Mirrors

26700. Every passenger vehicle, other than a motorcycle, and every motor truck or truck tractor, and every fire truck, fire engine or other fire apparatus, whether publicly or privately owned, shall be equipped with an adequate windshield. Windshields

26701. No person shall sell or operate any motor vehicle, except a motorcycle, manufactured after January 1, 1936, unless it is equipped with safety glass of a type approved by Safety glass

the department, wherever glass or glazing materials are used in partitions, doors, windows, windshields, or wind deflectors.

"Safety glass"

26702. "Safety glass" is any type of glass or glazing material so manufactured, fabricated, treated, or combined with other materials as to reduce, in comparison with ordinary sheet glass or plate glass, the likelihood of injury to persons by objects from external sources or by glass or glazing material when the same is cracked or broken.

Replacements

26703. No person shall replace any glass or glazing materials used in partitions, doors, windows, windshields, or wind deflectors in any motor vehicle with any material other than safety glass of a type approved by the department.

Requirements

26704. The department shall establish specifications or requirements for approved safety glass which shall not be lower in standard than those specifications or requirements for safety glass established by the American Standards Association for Glazing in Motor Vehicles as of September 22, 1951, and shall maintain a list of approved types of safety glass.

Motorcycles

26705. On motorcycles the glazing material shall be of either approved safety glass or clear plastic which need not be of an approved type.

Windshield wipers

26706. (a) Every motor vehicle, except motorcycles, equipped with a windshield shall also be equipped with a self-operating windshield wiper.

(b) Every new motor vehicle first registered after December 31, 1949, except motorcycles, shall be equipped with two such windshield wipers, one mounted on the right half and one on the left half of the windshield.

(c) This section does not apply to snow removal equipment equipped with adequate manually operated windshield wipers.

Same Condition and use

26707. Windshield wipers required by this code shall be maintained in good operating condition and shall provide clear vision through the windshield for the driver. Wipers shall be operated under conditions of fog, snow, or rain and shall be capable of effectively clearing the windshield under all ordinary storm or load conditions while the vehicle is in operation.

Signs and stickers

26708. (a) No person shall drive any motor vehicle with any sign, poster, card, sticker, or other nontransparent material upon the front windshield, side wings, side or rear windows of the vehicle, except that signs, posters, cards, stickers, or other materials may be placed on the windshield within a seven-inch square in the lower corner farthest removed from the driver's position or upon the side windows of the vehicle to the rear of the driver and so placed that the materials will not obstruct the driver's clear view of approaching traffic.

(b) No person shall drive any motor vehicle upon a highway with any object so placed in or upon the vehicle as to obstruct the driver's clear view through the windshield, except required or permitted equipment of the vehicle.

(c) This section does not apply to direction, destination, or termini signs upon a passenger common carrier motor vehicle.

26709. Every motor vehicle registered in this State shall be equipped with a mirror so located as to reflect to the driver a view of the highway for a distance of at least 200 feet to the rear of such vehicle. Mirrors

26710. It is unlawful to operate any motor vehicle upon a highway when the windshield or rear window is in such a defective condition as to impair the driver's vision either to the front or rear. Defective windshields and rear windows

In the event any windshield or rear window fails to comply with this code the officer making the inspection shall direct the driver to make the windshield and rear window conform to the requirements of this code within 48 hours. The officer may also arrest the driver and give him notice to appear and further require the driver or the owner of the vehicle to produce in court satisfactory evidence that the windshield or rear window has been made to conform to the requirements of this code.

Chapter 5. Other Equipment

Article 1. Horns and Sirens

27000. Every motor vehicle when operated upon a highway shall be equipped with a horn in good working order and capable of emitting sound audible under normal conditions from a distance of not less than 200 feet, but no horn shall emit an unreasonably loud or harsh sound. Horns or warning devices

27001. The driver of a motor vehicle when reasonably necessary to insure safe operation shall give audible warning with his horn. The horn shall not otherwise be used. Use of horns

27002. No vehicle shall be equipped with, nor shall any person use upon a vehicle any siren, except that an authorized emergency vehicle may be equipped with a siren of a type approved by the department. Sirens

27003. An armored car may be equipped with a siren which may be used while resisting armed robbery. At all other times, the siren shall not be sounded. The authority to use a siren granted by this section does not constitute an armored car an authorized emergency vehicle, and all other provisions of this code applicable to drivers of vehicles apply to drivers of armored cars. Same Armored cars

Article 2. Exhaust Systems

27150. Every motor vehicle subject to registration shall at all times be equipped with an adequate muffler in constant operation and properly maintained to prevent any excessive or unusual noise, and no muffler or exhaust system shall be equipped with a cutout, bypass, or similar device. Mufflers

27151. No person shall modify the exhaust system of a motor vehicle in a manner which will amplify or increase the noise emitted by the motor of such vehicle, above that emitted by the muffler originally installed on the vehicle and the Modification of exhaust systems

original muffler shall comply with all of the requirements of this chapter.

Exhaust pipes

27152. The exhaust gases from a motor vehicle shall not be directed to the side of the vehicle between 2 feet and 11 feet above the ground.

Exhaust products

27153. No motor vehicle shall be operated in a manner resulting in the escape of excessive smoke, flame, gas, oil, or fuel residue.

Gases and fumes

27154. The cab of any motor vehicle shall be reasonably tight against the penetration of gases and fumes from the engine or exhaust system. The exhaust system, including the manifold, muffler, and exhaust pipes shall be so constructed as to be capable of being maintained and shall be maintained in a reasonably gastight condition.

Fuel tank caps

27155. No motor vehicle shall be driven or moved upon any highway if the filling spout for the fuel tank is closed or partly closed with a plug of wood, rags or other combustible materials.

Article 3. Safety Belts

Safety belts

27300. Any safety belt or safety harness installed in a vehicle and large enough to accommodate an adult person shall be designed and installed in such manner as to prevent or materially reduce the movement of the person using the same in the event of collision or upset of the vehicle.

Requirements

27301. The department shall establish specifications or requirements for approved-type safety belts and safety harnesses, attachments and installation, and the specifications or requirements shall not be lower in standard than those specifications or requirements for safety belts or safety harnesses established by the Civil Aeronautics Administration Technical Standard Orders for Safety Belts and Safety Harnesses as of September 7, 1955.

Use

27302. No person shall sell, offer, or keep for sale any safety belt, safety harness, or attachments thereto for use in a vehicle unless of a type which has been approved by the department.

Article 4. Tires

Thickness of solid tire

27450. When any vehicle is equipped with any solid tire, the solid tire shall have a minimum thickness of resilient rubber as follows:

(a) If the width of the tire is three inches but less than six inches, one inch thick.

(b) If the width of the tire is six inches but not more than nine inches, $1\frac{1}{4}$ inches thick.

(c) If the width of the tire is more than nine inches, $1\frac{1}{2}$ inches thick.

Measurement

27451. The rubber of a solid tire shall be measured between the surface of the roadway and the nearest metal part of the base flange to which the tire is attached at the point where

the concentrated weight of the vehicle bears upon the surface of the roadway.

27452. The required thickness of rubber shall extend evenly around the entire periphery of the tire. The entire solid tire shall be securely attached to the channel base and shall be without flat spots or bumpy rubber. Condition

27453. There shall not be an average difference greater than ⅛ inch between the outside diameters of each single tire composing a dual solid rubber tire. Dual solid tires

27454. No tire on any vehicle upon any state highway shall have on its periphery any block, stud, flange, cleat, ridge, bead, or any other protuberance of metal or wood which projects beyond the tread of the traction surface of the tire. Protuberances on tires

This section does not apply to the following:

(a) Tire chains of reasonable size used to prevent skidding when upon wet surfaces or when upon snow or ice.

(b) Pneumatic tires which have embedded therein wire not to exceed .075 inches in diameter and which are so constructed that under no conditions will the percentage of metal in contact with the roadway exceed 5 percent of the total tire area in contact with the roadway, except that during the first 1,000 miles of use or operation of any such tire, the metal in contact with the roadway may exceed 5 percent of the tire area in contact with the roadway, but shall in no event exceed 20 percent of such area.

(c) Vehicles operated upon unimproved roadways when necessary in the construction or repair of highways.

(d) Traction engines or tractors when operated under the conditions of a permit first obtained from the Department of Public Works.

Article 5. Fenders, Ornaments, and Television

27600. No person shall operate any motor vehicle, trailer, or semitrailer unless equipped with fenders, covers, or devices, including flaps or splash aprons, or unless the body of the vehicle or attachments thereto afford adequate protection to effectively minimize the spray or splash of water or mud to the rear of the vehicle. This section does not apply to those vehicles exempt from registration, nor to any other vehicles having an unladen weight of under 1,500 pounds. Fenders and mudguards

27601. On and after January 1, 1939, no person shall sell any new motor vehicle, nor shall any person operate any motor vehicle sold as a new motor vehicle in this State after January 1, 1939, which is equipped with a radiator cap or radiator ornament upon the top thereof which extends or protrudes to the front of the face of the radiator grill of the motor vehicle. Radiator ornaments

27602. No person shall drive a motor vehicle which is equipped with a television receiver, screen, or other means of visually receiving a television broadcast which is located in the motor vehicle at any point forward of the back of the Television

driver's seat, or which is visible to the driver while operating the motor vehicle.

Article 6. Tow Cars

27700. Tow cars shall:

Required equipment

(a) Be equipped with one or more brooms, and the driver of the tow car engaged to remove a disabled vehicle from the scene of an accident shall remove all glass and debris deposited upon the roadway by the disabled vehicle which is to be towed.

(b) Be equipped with and carry a shovel, and whenever practical the tow car driver engaged to remove any disabled vehicle shall spread dirt upon that portion of the roadway where oil or grease has been deposited by such disabled vehicle.

(c) Be equipped with a fire extinguisher of at least two quart capacity of a type capable of extinguishing a fire of flammable liquid.

Article 7. Motorcycles

Same

27800. It is unlawful for a driver of a motorcycle to carry any other person thereon, except on a seat securely fastened to the machine in the rear of the driver and provided with footrests and handgrips, or in a sidecar attached to a motorcycle and designed for the purpose of carrying a passenger.

Article 8. Signs

Identification required

27900. Every motor vehicle or combination of vehicles used to carry the property of others for hire or used to carry passengers for hire, shall have displayed on both sides of each vehicle or one of the vehicles in each combination of vehicles the name or trademark of the person under whose authority the vehicle or combination of vehicles is being operated.

Name and trademark

27901. The display of the name or trademark shall be in letters in sharp contrast to the background and shall be of such size, shape, and color as to be readily legible during daylight hours from a distance of 50 feet.

This section does not prohibit additional displays not inconsistent with this article.

Exemption

27902. Motor vehicles of unladen weight of 6,000 pounds or less and motor vehicles operated by passenger stage corporations under the jurisdiction of the Public Utilities Commission are exempt from this article.

Explosives and gases

27903. No person shall operate any vehicle transporting any explosive substance, poisonous gases, flammable liquids, or liquefied petroleum gases unless at the time of such transportation there is displayed upon each side and the rear of the exterior of the vehicle a sign upon which shall appear the word "explosives," or "poisonous gases," or "flammables," whichever may correctly designate the cargo, in letters not less

than three inches in height upon a background of sharply contrasting color.

27904. Section 27903 does not apply if each vehicle transporting the explosive, poisonous, or flammable cargo has prominently displayed on each side and the rear of the vehicle a trademark, trade name, other designating mark, or a legend, substantially descriptive of the type of cargo of the vehicle and generally known to the public as being applied to the explosive substance, poisonous gases, flammable liquids, or liquefied petroleum gases. Trademark

27905. It is unlawful to display on a vehicle any sign with the words "fire" or "fire department" thereon, except on vehicles owned and operated by a regularly organized fire department, fire district, forestry service, or the State Fire Marshal's Office, and on the privately owned vehicles of any regular member of any such fire departments. Fire departments

27906. Every school bus, when operated for the transportation of school pupils shall bear upon the front and rear thereof a plainly visible sign containing the words "school bus" in letters not less than eight inches in height. The letters on school bus signs shall be of proportionate width. School buses

No vehicle, other than a school bus, shall display such a sign.

27907. There shall be displayed in a conspicuous place on both the right and left side of a tow car used to tow vehicles a sign showing the name of the company or the owner or operator of the tow car. The sign shall also contain the business address and telephone number of the owner or driver. The letters of the sign shall be not less than 2½ inches in height and the lettering shall be in contrast to the color of the background upon which they are placed. Tow cars

DIVISION 13. TOWING AND LOADING EQUIPMENT

CHAPTER 1. TOWING EQUIPMENT

29000. The upper and lower halves of every fifth wheel connecting device on any semitrailer and truck-tractor or auxiliary dolly shall be securely affixed to the vehicles to prevent shifting of the device on the vehicle to which it is attached. Fifth wheel

29001. Locking means shall be provided in every fifth wheel mechanism, including adapters when used, so that the upper and lower halves may not be separated without the operation of a positive manual release. Automatic locking devices on fifth wheels designed and constructed to be readily separable are required on any motor vehicle first required to be registered in this State after January 1, 1954. Locking device

29002. Every drawbar and trailer hitch or coupling used as a means of attaching the towed and towing units shall be properly and securely mounted and be structurally adequate for the weight drawn. The mounting of the trailer hitch on the towing motor vehicle shall include sufficient reinforcement or Drawbar, hitch or coupling

bracing of the frame to provide sufficient strength and rigidity to prevent undue distortion of the frame.

Safety chain

29003. Every towed vehicle shall be coupled to the towing vehicle by means of a safety chain, chains, cables, or equivalent devices in addition to the regular trailer hitch or coupling. This requirement does not apply to a semitrailer having a connecting device composed of a fifth wheel and kingpin assembly, nor to a pole or pipe dolly. No more slack shall be left in safety chains, cables, or equivalent devices than shall be necessary to permit proper turning and the safety chains, cables or equivalent device shall be so connected to the towed and towing vehicle and to the drawbar to prevent the drawbar from dropping to the ground if the drawbar fails and shall be of sufficient strength to control the trailer in event of failure of the regular trailer hitch or coupling.

Application

29004. This part does not apply to tow cars or to the drawbar or other connection between a motor vehicle and a pole or pipe dolly or to any lawful trailer used as a pole or pipe dolly.

Chapter 2. Logs and Poles

Article 1. Application of Chapter

Loading and securement

29200. Logs and poles shall be loaded and secured for transportation as provided in this chapter.

Exemption of pole dolly

29201. The provisions of this part do not apply to the transportation of poles on a pole dolly by public utility companies engaged in the business of supplying electricity or telephone service or by the Department of Public Works when such transportation is between storage yards or between a storage yard and job location where such poles are to be used, but in no event shall more than nine poles be transported on any dolly if any such pole exceeds a length of 30 feet. If poles 30 feet or less in length are transported by pole or pipe dolly, not more than 18 poles shall be so transported. Poles shall be adequately secured when being transported on a dolly to prevent shifting or spilling of loads.

Article 2. Equipment Requirements

Prohibited binders

29350. The use of molly hogans and lapped cold shuts is prohibited except in emergency.

Wire rope and steel chain

29351. Wire rope used to load and secure logs and poles shall be three-eighths inch plow steel in good condition.

Steel chain shall be three-eighths inch high test steel.

Binder tighteners

29352. Binders shall be equipped with tighteners which shall be of a locking type and designed to develop strength at least equal to that of the binder.

Locking of binders

29353 Binders securing loads shall be tightened and locked prior to a vehicle entering upon a highway, and inspection shall be made in route to assure that the load is stable and that the binders are tight and locked. If the load becomes un-

stable, due to shifting or otherwise, the vehicle shall be driven from the roadway and shall not be again moved upon the roadway until corrective load or binder adjustments are made.

Condition

29354. Binders and binder tighteners shall be maintained in good condition.

Gut wrappers

29355. Gut wrappers may be used as binders unless provided otherwise. Gut wrappers shall be so arranged and tensioned that they do not bear full support of the logs or poles resting thereon.

Requirements

29356. When wooden stakes are used to load or secure logs or poles, unless otherwise provided, stakes shall be not less than two inches in thickness and four inches in width, when supporting loads less than five feet in height above the top of the vehicle bed, and shall be not less than four inches by four inches when supporting loads in excess of five feet in height above the top of the vehicle bed. Stakes must be straight grained and free from strength impairing knots.

Stake binding

29357. The stakes shall be connected at or near the top by binder or strap material or by one continuous length of lumber not less than one inch by four inches in thickness and width, respectively, securely attached to each stake by nails or bolts and running generally at right angles to the stakes.

Binder material across load

29358. (a) When stakes are supporting loads in excess of two feet and less than five feet in height above the top of the vehicle bed, opposite stakes shall be connected across the top of the load by material similar to that described in Section 29357.

(b) When stakes are supporting loads in excess of five feet in height, opposite stakes shall be connected across the top of the load by material similar to that described in Section 29357 and, in addition, shall be connected at the approximate vertical midpoint by binder or strap material.

Straps used on stakes

29359 Straps used on stakes shall be, at the minimum, three-fourths inch by thirty-five thousandths inch, 2,900 pounds test, high tension band, and machine tensioned and sealed with one double crimp or two single crimp seals. Straps may be of high tension wire or common annealed wire (twisted taut), except that sufficient strands of such wire shall be used to give strength equal to that of high tension band. To determine the number of strands to be used, the breaking strength assigned by a manufacturer to any particular gauge wire shall be considered.

Stake pockets

29360. A stake pocket shall be designed to accept the stake and be equal to the stake strength.

Use of bunk stakes

29361. Bunk stakes may be used in transporting logs or poles, but only in accordance with regulations adopted by the department, designed to accomplish safe loading.

Bulkheads

29362. A substantial bulkhead shall be provided on a vehicle transporting logs or poles, which shall extend up to the approximate height of the driver's compartment.

Bunks

29363. Bunks shall have reasonably sharp top edges to minimize load end shift and shall not be bent down in excess of one inch at either end.

Chock blocks

29364. Chock blocks shall extend to not less than eight inches above the top edge of the bunk except when hauling poles less than 25 inches in diameter at the chock, but no portion of chock blocks shall extend beyond the ends of the bunks to a point where tilting occurs.

Chock block chains

29365. Chock block chains shall be not less than one-half-inch high-test steel chain.

Maintenance

29366. Bunks and chock blocks shall be maintained to operate freely without binding.

Article 3. Loads

Logs and poles

29550. Loads of logs and poles shall be loaded in pyramid fashion, unless otherwise provided, shall be solidly packed, and shall have the weight centered over the bunks.

Same Small

29551. (a) Logs and poles less than 25 inches in diameter at the butt end may be loaded and transported on flat bed vehicles in other than pyramid fashion, except that the height of the load shall not exceed the height of the bulkhead on the truck portion. At least three pairs of stakes shall be in place in stake pockets when lengths are less than 20 feet and at least four pairs of stakes shall be in place in stake pockets when lengths exceed 20 feet. The stakes and stake pockets shall comply with Chapter 1.

(b) Loads under this section are exempt from the binder requirements of Article 2, except that the load shall occupy the full space between the opposite stakes and on loads of two or more logs or poles in height, not less than two load encircling binders shall be in place, one near each end of the load, and tightly tensioned at all times.

Binding of loads On logging trucks

29552. Loads on logging trucks shall be secured as follows:

(a) A single log or pole shall be secured with one binder. Each end of the binder shall be secured to the trailer bunk.

(b) Loads two or more logs or poles in height shall have four binders at least one of which shall be a gut wrapper secured around the load as evenly spaced as possible. One binder shall be firmly attached to the rear bunk.

(c) Loads over six logs or poles in height shall have six equally spaced binders, at least one of which shall be a gut wrapper.

(d) Short logs on top of a load shall be secured to the load by two of the required binders.

Same On flat-bed vehicles

29553. Logs or poles loaded on flat bed vehicles, pyramid fashion shall have all binders, except gut wrappers, secured to the vehicle, and shall also be provided with not less than three stakes equally spaced on each side of the load.

Stakes on flat-bed vehicles

29554. Stakes shall be not less than four inches by four inches, secured in stake pockets as provided in Chapter 1. Stakes shall extend to not less than one-half of the diameter of the log or pole directly adjacent to the stakes in the bottom layer of a pyramid load

CHAPTER 3. LUMBER AND LUMBER PRODUCTS

Article 1. General Provisions

29800. Lumber, ties, laths, grape stakes, fence posts, plywood, and shingles shall be loaded and secured for transportation on flat bed or lumber roll vehicles as provided in this part. Loading and securement

29801. This part does not apply to loads of lumber or other forest products being transported from retail lumber yards to the property of a consumer. The loads, however, shall be secured against dangerous displacement either by proper piling or securing in a manner as to prevent shifting, toppling over, or otherwise becoming unstable. Retail deliveries

29802. The following definitions apply for purposes of this part: Load units

(a) A unit is a package or solid unit of lumber or lumber products not over five feet in height.

(b) A solid unit is a unit containing lumber or lumber products of the same approximate thickness in any one course and in which the width of the one course constitutes the load width, except that the load width shall exceed five feet.

(c) A package unit is a compact unit of lumber or lumber products less than five feet in width and more than 18 inches in height, designed for loading or unloading by mechanical lumber handling vehicles.

(d) A course is one layer of lumber or lumber products.

(e) A load is one or more units.

29803. For purposes of this part, a sticker is a horizontal separator between courses placed at right angles to board lengths. Stickers shall be at least one inch wider than their thickness, except that their thickness shall not be less than three-eighths inch. Stickers shall extend the full width of the unit. Stickers may be lapped if the lap is 12 inches or more. Stickers

29804. For purposes of this part, a unit separator is the horizontal or vertical separator between units or horizontally between the load and the vehicle bed placed at right angles to board lengths. A separator shall be not less than one inch thick by three inches wide. A separator shall have units resting against their maximum dimensions, shall extend the full width or height of the unit or load, and shall be in one piece without splicing. Unit separators

29805. For purposes of this part, a binder is a rope or chain securing a load to a vehicle. Binders

Article 2. Equipment Requirements

30050. Loads shall be secured by binders made of one of the following materials: Binder material

(a) Three-eighths inch plow steel wire rope.

(b) Five-sixteenths inch high test steel chain.

(c) One and one-fourth inch diameter manila rope, knot free.

Prohibited

30051. The use of molly hogans and lapped cold shuts is prohibited, except in an emergency.

Use

30052. Binders and binder winches or similar tightening devices shall be maintained in good condition

Same

30053. (a) Binders shall be tight at all times.

(b) Binders shall be attached from one side of the vehicle to the other side unless otherwise provided in this part.

(c) Each load binder shall be provided with a locking type winch or similar tightening device.

(d) There shall not be more than one binder secured to a winch or similar tightening device.

(e) Binders shall not be closer together than the tightening devices to which they are attached.

(f) Unless otherwise provided, binders shall be located not less than one foot from the end of the shortest length in the top course or outside tier of the load.

Requirement of stakes

30054. When wooden stakes are used, unless otherwise provided, stakes shall be not less than two inches by four inches in thickness and width, respectively. Stakes must be straight grained and free from strength impairing knots.

Binders On stakes

30055. Stakes supporting loads shall be connected one to the other longitudinally at or near the top by binder or steel strap material or by one continuous length of lumber not less than one inch by four inches in thickness and width, respectively, securely attached to each stake by nails or bolts.

Same Across top

30056. When stakes are supporting loads in excess of two feet and less than five feet in height, each opposite pair of stakes shall be connected across the top of the load by materials similar to those described in Section 30055.

Loads in excess of five feet

30057. Loads in excess of five feet in height shall have opposite stakes connected across the top of the load by materials similar to those described in Section 30055 and, in addition, shall be connected at the approximate vertical midpoint by binder or steel strap material.

All stakes connected

30058. Front and rear stakes shall be connected to side stakes by use of binder or steel strap material.

Spacing

30059. Stakes shall be as equally spaced as possible.

Stake pockets

30060. A stake pocket shall be designed to accept the stake and be equal to the stake strength.

Size of rack members

30061. The wooden vertical members of racks prescribed herein shall be not less than two inches by four inches in thickness and width, respectively.

Locking devices

30062. Side racks shall be connected to the end racks at each top corner by a locking device.

Loads in excess of five feet

30063. When racks are supporting loads in excess of five feet in height, not less than three pairs of opposite vertical members shall be connected across the top of the load by binder or steel strap material or by a continuous length of lumber at least one inch by four inches in thickness and width, respectively, securely attached to each stake by nails or bolts and, in addition, the opposite vertical members shall be

connected at the approximate vertical midpoint by binder or steel strap material.

30064. The height of a load shall not exceed twice that of the width of the load. Nothing in this section shall be construed as an exemption from the load height provisions of this code. Maximum load height

30065. A substantial bulkhead shall be provided which shall extend up to the approximate height of the driver's compartment. Bulkhead Required

30066. A bulkhead may be substituted for the front stakes if the side stakes are connected thereto with binder or steel strap material. Same As stake

30067. A bulkhead may be substituted for the front end rack if the side racks are secured thereto with binder or steel strap material or locking device. Same As front rack

30068. When rollers are used there shall be at least two of such rollers equipped with locks which shall be locked when supporting loads during transit Use of rollers

30069. Inspections shall be made in route to assure that binders are tight, unit separators are in position as required, stakes, racks and tarpaulins are in position as required, and that the load or portion of load does not contain projections beyond the width limits of the vehicle. Inspection

30070. When side projections exist in the load, or if due to shifting or otherwise the load becomes unstable, the vehicle shall be driven from the roadway and shall not be again moved upon the roadway until corrective load adjustments are made. Adjustment of load

Article 3. Loading

30350. This chapter applies to the loading of lumber, ties, laths, grape stakes and fence posts, but does not apply to the loading of plywood or shingles, unless otherwise provided. Application

30351. Stickers shall be located not less than one foot from each end of the shortest length in the unit at point of sticker. Sticker placement

30352. Solid units over three feet in height shall have stickers at approximately one-third and two-thirds of the distance from top to bottom of the unit unless board width exceeds six inches in which case stickers shall be placed at the approximate vertical midpoint. Solid units over three feet

30353. Unit separators shall be located not less than one foot from each end of the shortest length in the face of the unit touching the separator. There shall be at least two separators for each unit length of less than 12 feet. Unit lengths exceeding 12 feet shall have three separators, equally spaced. Placement of separators

30354. Solid loads shall contain horizontal unit separators located at levels not more than five feet apart, measured from the bottom of the load Separators in solid loads

30355 In combination loads package units shall rest upon a solid unit and there shall be a horizontal separator between each solid unit. In combined loads

Between package units

30356. In package-unit loads containing two or more package units, the package units shall be stacked one on the other, side by side, and there shall be a horizontal unit separator between each of the package units. The separators shall extend the width of the unit or load when the package units resting side by side are of the same close approximate height.

Stacking of laths

30357. Laths shall not be stacked to a height exceeding eight feet above the top of the vehicle bed unless one longitudinal binder is provided for each unit width or length in addition to the cross binders required by this part.

Loads not exceeding five feet in height

30358. Loads not exceeding five feet in height shall be secured to the vehicle with two or more binders for each unit length, except that if unit lengths are 12 feet or more in length the loads shall be secured by three or more binders for each unit length, and except that loads of laths shall have one or more binders for each unit width or length at the approximate center thereof.

Loads exceeding five feet in height

30359. Loads exceeding five feet in height shall be secured to the vehicle with three or more binders for each unit length, except that loads of laths shall have one or more binders for each unit width or length at the approximate center thereof.

Article 4. Loading Plywood and Shingles

Application

30550. This chapter applies to the loading of plywood and shingles.

Separators Combined loads

30551. In combination loads, a solid unit of lumber or lumber products shall be placed at the lower portion of the load with package units of plywood resting thereon and there shall be a horizontal separator between each of the units.

Same Between package units

30552. In package-unit loads containing two or more package units, the package units shall be stacked one on the other, side by side, and there shall be a horizontal unit separator between each of the units. The separators shall extend the width of the unit or load when the package units resting side by side are of the same close approximate height.

Loads not exceeding five feet in height

30553. Loads not exceeding five feet in height shall be secured to the vehicle with two or more binders for each unit length.

Loads exceeding five feet in height

30554. Loads exceeding five feet in height shall be secured to the vehicle with three or more binders for each unit length

Binders Pyramid loads

30555. Pyramid loads shall consist of two or more units, side by side on the lower portion, with one or more units resting in the approximate center equally on the lower units, and shall have four binders. Two of the binders shall secure the top units and one each of the remaining binders shall secure the lower units.

Same When not required

30556. Binders are not required if all of the following conditions are complied with:

(a) Prescribed stakes or side racks are used.

(b) There are not less than two of the stakes or vertical members of the side racks for each unit width or unit length,

unless the stakes or vertical members of the side racks are located less than four feet apart.

(c) The stakes or vertical members of the side racks are secured in place in prescribed stake pockets on four sides of the load.

(d) The height of the stakes or side racks exceeds the height of the load.

(e) The load is secured in place with wooden blocks or wedges or other materials to prevent the lateral or longitudinal movement of the load within the rack or stake limits.

When plywood loads are constructed in this manner, the top portions of the load shall be protected against being lifted from the load by wind by the placing of heavy materials thereon or by heavy tarpaulin covering which shall be secured to the vehicle at each corner and at the outside four mid-points of the tarpaulin.

Loads of four courses

30557. Loads of shingles four or more courses in height shall not be transported on open-top vehicles, except as otherwise provided, unless the load is protected on four sides by the prescribed racks secured in stake pockets of the type and in the manner prescribed in Chapter 1.

Combination loads

30558. Section 30600 does not apply to shingles mixed with other products, except that the loading procedures and location of other products shall have the same absolute confining effect on the shingles as the prescribed racks.

Loads less than four courses

30559. Loads of shingles less than four courses in height shall have each unit or tier secured to the vehicle with one or more binders equipped and tensioned as prescribed in Chapters 1 and 2, except that single bundles of shingles may be attached to the load or to the vehicle in any secure manner.

CHAPTER 4. BALED HAY

Article 1. General Provisions

Application

30800. This part applies to the loading and securement of hay in bales for transportation.

Farmers exemption

30801. This part does not apply to a farmer transporting his own hay incidental to his farming operations where such transporting requires that he use the highways, except that this section does not relieve the farmer from loading and securing the hay in a safe manner.

Article 2. Equipment Requirements

Binder material

30900. Binders may be composed of one of the following materials:

(a) Three-eighths inch plow steel wire rope.

(b) Five-sixteenths inch high test steel chain. Lapped cold shuts are not permitted in chains.

(c) Three-fourths inch diameter manila rope, knot free.

Attaching binders

30901. Binders shall be attached from one end of the vehicle to the other end unless otherwise provided.

Lock winch

30902. Each load binder shall be provided with a locking type winch or other equally effective tightening device. There shall not be more than one binder secured to a winch.

Spare binder

30903. At least one spare binder shall be carried on each vehicle in addition to the number initially required for load securement.

V boards

30904. V Boards shall be used beneath binders where they pass over the top edge of the load. V Boards shall consist of two paralleling pieces of lumber not less than 36 inches in length and one inch by three inches in thickness and width, respectively, attached together with flexible material near each end with spacing between boards of approximately eight inches. It is strongly urged that V Boards extend over the entire length of the edge of the load over which the binders pass.

Article 3. Loading

Solid loads

31000. (a) Loads of baled hay shall be solidly packed and shall be stable without binders.

(b) Loading methods shall result in completely tying the load together by alternating bale lengths and interlocking tiers.

Extension of load

31001. No portion of a load of baled hay shall extend beyond the vehicle bed in the area between the truck bed and the trailer bed.

Same

31002. No portion of a load of baled hay shall extend more than one-third bale length beyond the rear end of the trailer bed or the end of the truck bed, without trailer, or the end of the semitrailer bed, except that not more than three feet load extension is permitted beyond the front end of the truck bed over the driver's compartment or sleeper berth, if this portion of the load is supported by permanent substantial steel construction and is tied into the remainder of the load by interlocking tiers.

Height of load

31003. Loads of three wire and five wire baled hay shall be limited to seven bales in height when bales are loaded flat and six bales in height when bales are loaded otherwise. Nothing in this section shall be construed as an exemption from the load height provisions of this code.

Binders

31004. Loads of baled hay shall be secured to the vehicle by not less than two binders which shall extend longitudinally across the load and securely attached to the vehicle bed at the front and rear ends near each corner.

Ratchets

31005. (a) When ratchets are employed as binder tighteners on loads of baled hay, the binders shall be crossed at the approximate top center of the load to attach from left front to right rear and right front to left rear of the vehicle bed.

(b) When ratchets are not employed as binder tighteners on loads of baled hay, the binders shall extend longitudinally over the load and shall be tightened by drawing the binders

together at the approximate top load center using pulleys, double blocks, fence stretcher, or equally effective mechanical means.

31006. Loads of baled hay consisting of two-rope bales shall be secured to the vehicle by not less than four cross binders in addition to the longitudinal binders unless the load is retained on four sides by racks. Rope bales

31007. Racks used to haul baled hay shall meet the following conditions: Use of racks

(a) Wooden vertical members of racks shall be not less than two inches by four inches in thickness and width, respectively, and shall be straight grained and free from strength impairing knots.

(b) Side racks shall be connected to the end racks at each top corner by a locking device.

31008. A bulkhead may be substituted for the front end rack, except that the side rack shall be secured thereto with binder material or a locking device. Bulkheads as racks

31009. Binders securing loads of baled hay shall be tightened and locked prior to a vehicle entering upon a highway and inspection shall be made in route to assure that the load is stable and that the binders are tight and locked. Inspection of binders

31010. If the load becomes unstable due to shifting or otherwise, the vehicle shall be driven from the roadway and shall not be again moved upon the roadway until corrective load or binder adjustments are made or unless cross binders are added. Adjustment of load

31011. Where due to shifting or otherwise, a load of baled hay becomes unstable in route or contains projections beyond the width limits of the vehicle, cross binders shall be added unless load readjustments are made effective under this article. Adding cross binders

CHAPTER 5. TRANSPORTING OTHER LOADS

Article 1. Explosives and Inflammables

31300. No person shall transport any explosive substance, flammable liquid having a flash point of 70 degrees Fahrenheit or below, liquefied petroleum gas, or poisonous gas in a tank truck, trailer, or semitrailer which is equipped with an external shutoff valve unless the vehicle is also equipped with a shutoff valve inside each tank which is so constructed and placed that any damage, displacement, or removal of the external shutoff valve, whether by accident or otherwise, will not of itself release or cause the escape of any part of the contents of the tank truck, trailer, or semitrailer. Required valves

Article 2. Trucks

31400. Trucks used primarily or regularly for the transportation of workmen shall be: Trucks used to transport workmen

(a) Equipped with seats securely fastened to the vehicle.

(b) Equipped with a railing or other suitable enclosure on the sides and end of the vehicle not less than 30 inches above the floor of the vehicle.

(c) Equipped with steps, stirrups, or other equivalent devices so placed and arranged that the vehicle may be safely mounted and dismounted.

Article 3. Trailers

Transported upon other vehicles

31500. No vehicle upon which is loaded any trailer shall be driven or moved on any highway unless the trailer is securely bound to the vehicle in such a manner as to prevent the trailer from shifting, toppling over, or otherwise becoming unstable.

Transportation of log trailers

31501. Log trailers being carried on trucks shall have at least one set of tires resting against a steel cross rail or rails and steel side chocks measuring not less than four inches from base to tip which shall be securely attached to the truck in a manner designed to prevent the forward and sideward movement of the trailer.

DIVISION 14. TRANSPORTATION OF EXPLOSIVES

Explosives

31600. (a) For the purposes of this division only the term "explosives" shall include all materials within Class A and Class B explosives as classified by the Interstate Commerce Commission, including high explosives, black powder (low explosives), initiating or priming explosives, blasting caps, ammunition for cannon, explosive projectiles, bombs, torpedoes, mines, grenades, jet thrust units (jato) or detonating fuses, and such other materials as are designated by regulations adopted, from time to time, by the State Fire Marshal, in accordance with provisions of Chapter 4 (commencing at Section 11370), Part 1, Division 3, Title 2 of the Government Code, after he has considered changes in the classification of materials as Class A and Class B explosives by the Interstate Commerce Commission, as materials which the protection of life and property require be considered explosives for the purposes of this division. In no event shall the regulations adopted by the State Fire Marshal be more restrictive than those of the Interstate Commerce Commission.

(b) The term "explosives" as used in this division shall not be deemed to include small arms ammunition of 75 caliber or less, nor any other Class C explosives as classified by the Interstate Commerce Commission.

Application

31601. (a) This division shall apply to the operation of any motor vehicle on any highway for the purpose of transporting any explosive in any amount when the transportation is rendered as a delivery service or for hire, or in any other event for the purpose of transporting any explosive in an amount in excess of 1,000 pounds. The transportation of quantities of explosives of 1,000 pounds or less, or other than on a public highway, is governed by Division 11 (commencing at Section 12000) of the Health and Safety Code.

(b) It is the legislative intention in enacting this division and with particular reference to requiring permits for transportation of explosives as set forth herein that said provisions shall apply uniformly throughout the State of California and that said permit to be obtained from the Department of the California Highway Patrol shall be in lieu of any requirement for any permit to be obtained by any said owner from any local authority within the State.

Permit and highways to be used for transportation of explosives

31602. (a) It is a misdemeanor for any owner of a vehicle to drive or permit the driving of the vehicle on any public highway for the purpose of transporting any explosive as defined herein and within the scope of Section 31601 unless the owner then holds a valid permit for the transportation of explosives as provided in this division, except such persons as are expressly exempted in this division.

(b) It is a misdemeanor for the owner of any vehicle transporting explosives to drive, or to permit the driving of the vehicle. and for the driver to drive the vehicle, upon any public highway, not designated in regulations adopted by the State Fire Marshal as a route for the transportation of explosives, unless the use of the highway is required to permit delivery of, or the loading of additional, explosives at a point not on a highway designated as a route for the transportation of explosives.

The State Fire Marshal, after public hearings with the officials having the responsibility for the prevention and suppression of fire in communities through which the routes pass, representatives of transportation companies concerned, explosives manufacturers, and the Department of the California Highway Patrol shall, by regulation, designate the routes in this State which are to be used for the transportation of explosives, and he shall prepare and deliver to the Department of the California Highway Patrol, for distribution to persons engaged in the transportation of explosives, maps which clearly indicate the routes, as established by the public hearings, which are to be used for the transportation of explosives, required inspection stops, and safe places for the drivers of vehicles transporting explosives to stop for food, fuel, or other necessary reasons.

(c) In the event the owner of a vehicle leases the same to be used in the transportation of explosives for which a permit is required, the lessee shall be deemed the owner for the purposes of this division.

Application for and issuance of permit

31603. (a) Application for a permit to engage in the transportation of explosives on any vehicle upon a public highway shall be made to the Department of the California Highway Patrol upon a form provided by the department. Every application shall certify that every vehicle to be used in the transportation of explosives and subject to this division meets the standards as to condition and equipment as prescribed by the Interstate Commerce Commission and this division for vehicles used in such transportation.

(b) The Department of the California Highway Patrol, upon receiving proper application hereunder, is authorized to issue a permit for transportation of explosives by vehicle upon public highways, which permit when issued shall be effective until suspended, canceled or revoked.

Authority to refuse permit

31604. The Department of the California Highway Patrol is authorized to refuse the issuance of a permit for the transportation of explosives when, upon a showing by the records of the Department of Motor Vehicles, it is evident that the applicant or his employees have been guilty of repeated violations of the traffic laws to such an extent as to demonstrate that it would be unsafe and not in the public interest to permit the applicant to operate or permit the operation of any vehicle owned by him for the transportation of explosives upon the public highways.

Record of permits issued

31605. The Department of the California Highway Patrol shall keep a record of the number of each permit, the date issued, and the name and address of the person to whom issued.

Suspension or revocation of permit

31606. (a) The Department of the California Highway Patrol may suspend or revoke a permit for the transportation of explosives issued to any owner of one or more vehicles used in such transportation if the department determines from the records of the Department of Motor Vehicles that the permittee or persons employed by him to drive vehicles subject to the permit have been guilty of such number of offenses and of a sufficiently serious nature under this division or against the traffic laws as to indicate that the permittee or any of his drivers are not qualified to operate a vehicle or vehicles transporting explosives with reasonable safety.

(b) Any suspension of a permit hereunder shall be for a period of not in excess of three months and any order of revocation shall be effective for a period of one year.

(c) The Department of the California Highway Patrol shall not make effective any order of suspension or revocation of a permit unless and until notice of the proposed action has been given to the permittee and he has been given opportunity for a hearing if request is made by him for a hearing.

Inspection of vehicle transporting explosives

31607. (a) Any person operating or permitting the operation of a vehicle or combination of vehicles used in the transportation of explosives and subject to this division shall make or cause to be made an inspection of every said vehicle or combination of vehicles as herinafter set forth.

(b) Such inspection as called for in Section 31608 shall be made immediately preceding the actual transportation of explosives by the vehicle and whenever there is an interchange of any vehicle operating in combination with any other vehicle in the transportation of explosives

(c) Inspection of tires and brakes shall also be made enroute at suitable intervals, off the highway, at inspection stops established by the Department of the California Highway Patrol, at regular stops, terminal points, or driver-change points.

31608. The inspection of a vehicle required under subdivision (b) of Section 31607 shall include inspection of the following: Scope of inspection

(1) Brakes and the brake system.

(2) The ignition and lighting systems.

(3) All tires on the equipment.

(4) All supplemental equipment as required by Section 31610.

31609. Every person operating a vehicle or combination of vehicles in the transportation of explosives subject to this division shall complete a record of every inspection which is required under subdivision (b) of Sections 31607 and 31608 in such form as approved by the Department of the California Highway Patrol showing the time and place of every inspection. The person making the inspection shall certify the fact in the record. The forms may be based upon the type used by the Interstate Commerce Commission. Record

The driver of the vehicle shall display the record upon demand of any member of the California Highway Patrol or any police officer of a city who is on duty for the exclusive or main purpose of enforcing the provisions of this code.

31610. Every vehicle or combination of vehicles used in the transportation of explosives and subject to this division, in addition to any other equipment required by law, shall be equipped and maintained as required by this section. Requirements in respect to equipment

(1) Brakes and the brake system shall be maintained in good and safe operating condition.

(2) The ignition and lighting systems shall be maintained in good operating condition Every vehicle or combination of vehicles shall be equipped with at least one spare electric bulb for each kind of electric lamp used for any of the lighting devices required under this code and one spare fuse for each type fuse used in the electrical system.

(3) All tires shall be in good condition, properly matched and inflated. Every vehicle or combination of vehicles shall carry at least one spare tire.

(4) There shall be carried at least two fire extinguishers, filled and ready for use, one bearing the approval of the Underwriters Laboratories as a 2:A Unit, the other as a 4.B:C Unit.

(5) Every vehicle or combination of vehicles shall carry two red cloth flags, each not less than 16 inches square, for use as warning devices and either three red electric lanterns or three red emergency reflectors. No flare, fusee, oil lantern or any signal device producing a flame shall be carried upon any vehicles or combination of vehicles.

31611. Every owner of a vehicle used in the transportation of explosives and subject to this division shall give to each person employed by him to drive any such vehicle a summary of the provisions of this division and shall require that the driver be thoroughly familiar with the provisions before operating any vehicle in the transportation of explosives. Instructions to drivers

Shipping instructions

31612. Persons operating vehicles, or combinations of vehicles, in the transportation of explosives and subject to this division, shall not accept any explosives for transportation unless the shipment is accompanied by a bill of lading or other shipping paper supplied by the shipper, showing the kind of explosives and bearing a statement that they have been packaged, labeled and marked in accordance with regulations of the Interstate Commerce Commission, and the bill of lading or other shipping paper shall be carried in the vehicle while en route and shall be displayed upon demand of any member of the California Highway Patrol or any police officer of a city who is on duty for the exclusive or main purpose of enforcing the provisions of this code.

Certain cargoes prohibited

31613. There shall not be included in any cargo of explosives any flammable liquids, acids, or corrosive liquids, oxidizers, or combustible materials, other than the explosives themselves, which may have such characteristics. Blasting caps or detonators shall not be transported upon the same vehicle with other explosives, nor shall electric blasting caps be transported upon any vehicle equipped with two-way radio. The foregoing provisions of this section shall be subject to such exceptions as are permitted by the Interstate Commerce Commission loading chart for cargoes of explosives.

Traffic laws. Explosives

31614. The following provisions shall apply to any vehicle transporting explosives subject to this division:

(a) No person shall operate any vehicle transporting explosives in excess of a maximum speed of 45 miles per hour, subject to other and more restrictive limits set forth in this code.

(b) When transporting explosives through or into a city or any other congested area for which a route has not been designated by the State Fire Marshal, drivers shall follow such routes as may be prescribed or established by local authorities.

(c) Where routes are not prescribed by local authority, every driver of a vehicle transporting explosives shall avoid, so far as practicable, and, where feasible, by prearrangement of routes, driving into or through congested thoroughfares, places where crowds are assembled, street car tracks, tunnels, viaducts, and dangerous crossings.

(d) No driver or other person in charge of any vehicle on any public or private property shall permit any explosive to be loaded into, or on, or to be unloaded from any motor vehicle with the engine running, and, whenever any loading operation is in progress, the parking brake on the motor vehicle shall be securely set and all reasonable precautions taken to prevent movement of the motor vehicle during loading or unloading.

(e) No person shall operate any vehicle transporting explosives unless the explosives are contained entirely within the body of the vehicle and if the vehicle has a tailboard or tailgate it shall be closed and secured in place during transportation.

(f) No person shall operate any vehicle transporting explosives unless the vehicle has a closed body or the body thereof is covered with a flame retardant tarpaulin and in either event the driver shall exercise care to protect the load from moisture and sparks.

(g) No person shall operate any vehicle transporting explosives past any fire of any kind burning on or near the highway until the driver ascertains that such passing can be made with safety.

(h) No motor vehicle transporting explosives shall be left unattended upon any street or highway except in extreme emergency. The vehicle shall be deemed attended whenever a driver or person in charge thereof is in or upon the vehicle or is in a position to observe the vehicle at all times. The driver or person in charge of a vehicle transporting explosives may, however, leave the vehicle unattended at any place designated as a safe parking place on the maps prepared by the State Fire Marshal unless conditions exist, which are known to the driver, which make it unreasonable to do so

(i) No driver or other person shall smoke or light any match or otherwise have or produce any fire or flame while in, upon, or near any vehicle transporting explosives.

Application of other vehicle code provisions

31615. Nothing contained in this division shall be deemed to exempt any vehicle transporting explosives and subject to this division, or the owner or any other person, from other provisions of this code, but all such other provisions relating to the driving and movement of vehicles, the size, weight, and equipment thereof, shall be deemed to apply as applicable to each and every vehicle engaged in transporting explosives subject to this division.

DIVISION 15. SIZE, WEIGHT, AND LOAD

CHAPTER 1. GENERAL PROVISIONS

Division refers to vehicles upon highways

35000. The provisions of this division refer exclusively to the size and weight of, and loads upon, vehicles when operated upon the highways.

Snow removal devices

35001. The provisions of this division, except those requiring a permit for overweight loads, do not apply to motor trucks equipped with snow removal devices

Authorized emergency vehicles

35002. The provisions of this division are inapplicable in the case of any authorized emergency vehicle of the kind specified in Sections 155, 160 and 190, while being operated or used in responding to and returning from emergency fire calls and in combating and suppressing fire. Any governmental agency operating such an emergency vehicle shall be liable to the governmental agency having custody of any state or county highway for any damage to the highway or any highway structure caused by the operation of any emergency vehicle of a size or weight of vehicle or load exceeding that specified in this division. The cost of repair of the damage shall be a proper charge against the support fund of the governmental agency operating an oversize or overweight vehicle.

CHAPTER 2. WIDTH

Width

35100. The total outside width of any vehicle or the load thereon shall not exceed 96 inches, except as otherwise provided in this chapter.

Pneumatic tires

35101. When any vehicle is equipped with pneumatic tires the maximum width from the outside of one wheel and tire to the outside of the opposite outer wheel and tire shall not exceed 100 inches, but in such event the outside width of the body of such vehicle or the load thereon shall not exceed 96 inches.

Loose loads

35102. When any vehicle carries a load of loosely piled agricultural products such as hay, straw, or leguminous plants in bulk but not crated, baled, boxed, or sacked, such load of loosely piled material and any loading racks retaining the same shall not exceed 120 inches in width.

Implements of husbandry

35103. The limitations as to width do not apply to implements of husbandry or tractor trailers used by farmers in farming operations and only incidentally operated, transported, moved, or towed over a highway except that when an implement of husbandry is transported or moved over a highway on another vehicle, if the load exceeds 96 inches in width, the vehicle and load shall not be operated for a distance in excess of 25 miles from the point of origin of the trip and shall not be operated at a speed in excess of 30 miles per hour.

Special mobile and highway construction equipment

35104. The limitations as to width do not apply to special mobile equipment, nor to highway construction or maintenance equipment, but tractor trailers, special mobile equipment and highway construction or maintenance equipment shall not exceed a width of 120 inches.

Chartered cities

35105. Any city organized under a freeholders' charter may by ordinance permit a total outside width of vehicle and load in excess of the limits set forth in Sections 35100, 35101, 35102, 35103, 35104, 35106, and 35108 when such vehicle is used exclusively within the boundary limits of the city.

Passenger-carrying vehicles

35106. Motor coaches or buses operated under the jurisdiction of the Public Utilities Commission in urban or suburban service may have a maximum outside width not exceeding 104 inches, when approved by order of the Public Utilities Commission for use on routes designated by it Motor coaches or buses operated by common carriers of passengers for hire in urban or suburban service and not under the jurisdiction of the Public Utilities Commission may have a maximum outside width not exceeding 104 inches.

"Urban and suburban service"

35107. "Urban and suburban service" means a service performed in urban or suburban areas, or between municipalities in close proximity, except that:

(a) The one-way route mileage of the service shall not be more than 50 miles.

(b) Designated motor coach routes over state highways outside limits of incorporated cities where the one-way route

mileage is over 25 miles, but does not exceed 50 miles, shall be approved by the Department of Public Works.

Gantry trucks

35108. Up to four inches additional width shall be allowed to gantry trucks for purposes of installation of sheathing or guards to comply with any safety order of the Industrial Accident Commission.

Projecting lights

35109. Lights or devices which are required to be mounted upon a vehicle under this code may extend beyond the permissible width of the vehicle to a distance not exceeding 10 inches on each side of the vehicle, except that the maximum width shall not exceed 120 inches.

Projecting equipment

35110. Door handles, hinges, cable cinchers and chain binders may extend two inches on each side, except that the maximum width of body and door handles, hinges, cable cinchers, or chain binders shall not exceed 100 inches.

Loads on passenger vehicles

35111. No passenger vehicle shall be operated on any highway with any load carried thereon extending beyond the line of the hub caps on its left side or more than six inches beyond the line of the hub caps on its right side.

Projecting lights or devices

35112. Notwithstanding the limitations of this chapter, and in addition to the provisions of this chapter, drip rails, awning rails, drip caps, rub rails, grab rails, electrical receptacles, bumper guards, window louvers, window frames, exhaust fans, and similar necessary appendages may extend two inches on each side of the main portion of the body of a trailer coach; provided, that the maximum width of body and any or all of such appendages does not exceed 100 inches. Enactment of the foregoing provisions shall not be construed as a change in the existing law, but rather as declaratory thereof under the provisions of this chapter.

This section shall have no application to the national system of interstate and defense highways as described in Section 108 of the Federal-aid Highway Act of 1956, and on such system the provisions of this chapter shall govern the permissible width of trailer coaches unless and until it be determined by the Attorney General of the State of California that the application of this section to trailer coaches using the national system of interstate and defense highways would not prevent the apportionments of federal funds to this State for expenditure upon said system of highways by reason of the provisions of the Federal Highway Act of 1956, relating to the use of public highways by vehicles having a width not exceeding the maximums permitted under laws or regulations established by appropriate state authorities in effect on July 1, 1956.

It is further provided, that regardless of the opinion of the Attorney General of the State of California, in the event of a determination by the Secretary of Commerce, or other officer of the Federal Government authorized to rule on this subject, that the application of this section to the national system of interstate and defense highways would result in the withholding of any apportionment of federal funds to this State, then this section shall forthwith become inoperative.

CHAPTER 3. HEIGHT

Height

35250. No vehicle or any load upon a vehicle shall exceed a height of 13 feet and 6 inches measured from the surface upon which the vehicle stands. This section does not apply to implements of husbandry incidentally moved or operated over a highway.

CHAPTER 4. LENGTH

General limitations

35400. (a) No vehicle shall exceed a length of 35 feet, except that a semitrailer meeting all of the requirements of this section may be of a length not to exceed 40 feet.

(b) Semitrailers over 35 feet in length shall not exceed 32 feet from the center of the turning axis (kingpin) to the center of the rearmost axle, and no portion of the semitrailer or its body or load forward of the turning axis shall project to a greater distance than a 60-inch radius from the center of the turning axis.

(c) This section does not apply to a vehicle used in a combination of vehicles, when the excess length is caused by auxiliary parts, equipment, or machinery not used as space to carry any part of the load, except that the combination of vehicles shall not exceed the length provided for combination vehicles.

(d) This section does not apply to a vehicle when the excess length is caused by any parts necessary to comply with the fender and mudguard requirements of this code.

Combination of vehicles

35401. No combination of vehicles including any attachments thereto coupled together shall exceed a total length of 60 feet.

Extension devices

35402. Any extension or device used to increase the carrying capacity of a vehicle shall be included in measuring the length of a vehicle, except that a drawbar shall not be included in measuring the length of a vehicle but shall be included in measuring the overall length of a combination of vehicles.

Passenger buses

35403. A passenger bus may exceed 35 feet in length but shall not exceed a length of 40 feet when operated in urban or suburban service under the conditions and subject to the limitations described in Section 35106 and when the Public Utilities Commission by order has approved the use of buses in excess of 35 feet in length on routes designated by it.

Same; Three or more axles

35404. A passenger bus equipped with three or more axles and having an outside turning radius of not more than 45 feet, may exceed 35 feet in length but shall not exceed a length of 40 feet.

Trolley coach

35405. A trolley coach may exceed 35 feet in length, but shall not exceed a length of 40 feet, except that an articulated trolley coach shall not exceed a length of 50 feet.

Loads

35406. The load upon any vehicle operated alone, or the load upon the front vehicle of a combination of vehicles, shall not extend more than three feet beyond the foremost part of

the front tires of the vehicle or the front bumper of the vehicle, if it is equipped with a front bumper.

Booms and masts

35407. Section 35406 does not apply to the booms or masts of shovels or cranes carried upon a motor vehicle if the following conditions are met:

(a) The booms or masts shall not extend more than two-thirds of the wheelbase beyond the front tires of such vehicle.

(b) The projecting structure or attachments thereto shall be securely held in place to prevent dropping or swaying.

(c) No part of the structure which extends beyond the front tires shall be less than seven feet from the roadway.

(d) The driver's vision shall not be impaired by the projecting or supporting structure.

Front bumper

35408. In no event shall a front bumper on a motor vehicle be constructed or installed so as to project more than two feet forward of the foremost part of either the fenders or cab structure or radiator, whichever extends farthest toward the front of such vehicle.

Moving picture equipment

35409. Any motor vehicle used for the purpose of taking photographs, motion pictures, or television pictures may be equipped with a dismountable platform or other device extending forward of either the fenders or cab structure or radiator, whichever extends farthest toward the front of such vehicle, for a distance not exceeding five feet while such vehicle is in use for such purpose.

Projections to the rear

35410. The load upon any motor vehicle alone or an independent load only upon a trailer or semitrailer shall not extend to the rear beyond the last point of support for a greater distance than that equal to two-thirds of the length of the wheelbase of the vehicle carrying such load, except that the wheelbase of a semitrailer shall be considered as the distance between the rearmost axle of the towing vehicle and the rearmost axle of the semitrailer.

Combinations of vehicles

35411. The load upon any combination of vehicles, except loads of poles or pipes shall not exceed 75 feet measured from the front extremity of the front vehicle or load to the rear extremity of the last vehicle or load.

Drawbar

35412. When one vehicle is towing another, the drawbar or other connection shall not exceed 15 feet.

Tires on front of vehicle

35413. No person shall drive a motor vehicle upon a highway with any tire fastened in front of the vehicle, except that a commercial vehicle may be so driven when such a tire is securely mounted in a tire carrier firmly attached to the vehicle.

Dollies

35414. (a) The limitations of this chapter as to length of vehicles and loads shall not apply when only poles, timbers, pipes, or integral structural materials not exceeding 80 feet in length are being transported upon a pole or pipe dolly or other lawful trailer used in connection with a motor vehicle.

Implements of husbandry

35415. The limitations of this chapter except Section 35412 as to length of vehicles shall not apply to implements of husbandry incidentally operated or moved over a highway.

CHAPTER 5. WEIGHT

Article 1. Axle Limits

Axles

35550. The gross weight imposed upon the highway by the wheels on any one axle of a vehicle shall not exceed 18,000 pounds and the gross weight upon any one wheel, or wheels, supporting one end of an axle, and resting upon the roadway, shall not exceed 9,500 pounds. The gross weight limit provided for weight bearing upon any one wheel, or wheels, supporting one end of an axle shall not apply to vehicles the loads of which consist of livestock.

Ratio of weight to length

35551. Every vehicle whether operated singly or in a combination of vehicles, and every combination of vehicles must comply with both subdivisions (a) and (b) of this section. The limitations imposed by this section are in addition and supplemental to all other provisions of this code imposing limitations upon the size and weight of vehicles.

(a) The total gross weight with load imposed on the highway by any group of two or more consecutive axles of a vehicle or of a combination of vehicles where the distance between the first and last axles of the two or more consecutive axles is 18 feet or less, shall not exceed that given for the respective distance in the following table:

Distance in feet between first and last axles of group	Allowed load in pounds on group of axles
4	32,000
5	32,000
6	32,200
7	32,900
8	33,600
9	34,300
10	35,000
11	35,700
12	36,400
13	37,100
14	43,200
15	44,000
16	44,800
17	45,600
18	46,400

(b) The total gross weight with load imposed on the highway by any vehicle or combination of vehicles where the distance between the first and last axles is more than 18 feet shall not exceed that given for the respective distances in the following table:

Distance in feet	Allowed load in pounds
18	46,400
19	47,200
20	48,000
21	48,800
22	49,600
23	50,400
24	51,200
25	55,250
26	56,100
27	56,950
28	57,800
29	58,650
30	59,500
31	60,350
32	61,200
33	62,050
34	62,900
35	63,750
36	64,600
37	65,450
38	66,300
39	67,150
40	68,000
41	68,000
42	68,000
43	68,000
44	68,000
45	68,000
46	68,800
47	69,600
48	70,400
49	71,200
50	72,000
51	72,800
52	73,600
53	74,400
54	75,200
55	76,000
56 or over	76,800

(c) The distance between axles shall be measured to the nearest even foot. When a fraction is exactly one-half foot the next larger whole number shall be used.

Weight limits transporting logs

35552 Trucks and vehicle combinations transporting loads composed solely of logs shall be deemed in compliance with subdivision (a) of Section 35551 if the allowed load in pounds on the group of axles permitted by that subdivision does not exceed by more than 2,500 pounds the amounts respectively stated in such subdivision, and if the vehicle or combination is in full compliance with subdivision (b) of Section 35551 or any

provision made applicable to the vehicle or combination in lieu of subdivision (b).

Vehicles or vehicle combinations transporting logs solely and loaded in excess of the provisions of this section shall be deemed in violation of subdivision (a) of Section 35551.

This section shall have no application to highways which are a part of the National System of Interstate and Defense Highways (as referred to in subdivision (a) of Section 108 of the Federal-aid Highway Act of 1956).

The provisions of this section shall be operative only until the ninety-first day after final adjournment of the 1959 Regular Session of the Legislature.

Article 2. Tire Limits

Solid tires

35600. The gross weight upon a solid tire upon a vehicle shall not exceed 600 pounds upon any inch of the channel base width of such tire.

Metal tires

35601. The gross weight of any vehicle and load resting upon any metal tire in contact with the roadway shall not exceed 500 pounds upon any inch of the width of such tire but this limitation shall not apply to traction engines or tractors, the propulsive power of which is not exerted through wheels resting upon the roadway but by means of a flexible band or chain, known as a movable track, when the portions of the movable tracks in contact with the surface of the roadway present plane surfaces.

Article 3. Limit Changes on State Highways

Increases

35650. The Department of Public Works, whenever it determines after an engineering investigation that any highway under its jurisdiction will with safety to itself sustain vehicles and loads weighing more than the maximum weight limits set forth in this code, shall have authority to declare and to fix a weight limit for the highway greater than the maximum weight limit set forth in this code. Thereafter it shall be lawful to operate or move vehicles and loads of a gross weight upon the highways designated, equal to but not in excess of the maximum weight limit fixed by the department.

Decreases

35651. Whenever in the judgment of the Department of Public Works any state highway will not with safety to itself sustain the maximum weights permitted under this code for the highway, the department shall determine, after a public hearing, the maximum weight which the highway will sustain.

Notice of hearing

35652. The Department of Public Works shall give notice of the time and place of the hearing by posting a notice in the county seat of each county in which any affected portion of the highway is located and shall also post copies of the notice at intervals of not more than one mile along said highway and a notice at each end of the affected portion thereof. Notice of the hearing shall be given for not less than 10 days and the

hearing shall be had at the county seat of the county in which the affected highway is situated or at some other place convenient to the portion of the highway affected.

Hearing

35653. The hearing shall be conducted by one or more engineers appointed by the Director of Public Works. The engineers shall hear all evidence presented at the time and place mentioned in the notice and shall report findings made in writing to the Director of Public Works. Upon the basis of the findings, the Director of Public Works shall declare in writing the maximum weight which can be maintained with safety upon the state highway. In no event shall the weight be less than 16,000 pounds.

Erection of signs

35654. Following the declaration of maximum weight as provided in this article, the Department of Public Works shall erect suitable signs at each end of the affected portion of the highway and at such other points as the department deems necessary to give adequate notice of the weight limits.

Violation of decreased restriction

35655. (a) No person shall drive a vehicle on any state highway when the weight of the vehicle and load is greater than the maximum weight which the highway will sustain.

(b) Upon the trial of any person charged with a violation with respect to signs erected under Section 35654, proof of the determination and the maximum weight by the Department of Public Works and the existence of the signs constitutes prima facie evidence of the maximum weight which the state highway will sustain.

Article 4. Local Authorities

Increases

35700. (a) The legislative body of any county or city may by ordinance permit the operation and moving of vehicles and loads upon highways under their respective jurisdictions of a maximum gross weight in excess of the maximum gross weight of vehicles and loads specified in this code.

(b) This section does not apply to state highways.

Decreases by cities

35701. (a) Any city may by ordinance prohibit the use of a street to be described in the ordinance by any commercial vehicle or by any vehicle exceeding a maximum gross weight limit to be specified in the ordinance, except with respect to any vehicle which is subject to the provisions of Sections 1031 to 1036, inclusive, of the Public Utilities Code.

(b) The ordinance shall not be effective until appropriate signs are erected indicating either the streets affected by the ordinance or the streets not affected, as the local authority determines will best serve to give notice of the ordinance.

Approval of ordinance

35702. No ordinance proposed under Section 35701 is effective with respect to any highway which is not under the exclusive jurisdiction of the local authority enacting the ordinance, or, in the case of any state highway, until the ordinance has been submitted by the governing body of the local authority to, and approved in writing by, the Department of Public Works. In submitting a proposed ordinance to the

department for approval, the governing body of the local authority shall designate therein, an alternate route for the use of vehicles, which route shall remain unrestricted by any local regulation as to weight limits or types of vehicles so long as the ordinance proposed shall remain in effect. The approval of the proposed ordinance by the Department of Public Works shall constitute an approval by it of the alternate route so designated.

Commercial vehicles

35703. No ordinance adopted pursuant to Section 35701 shall prohibit any commercial vehicles coming from an unrestricted street having ingress and egress by direct route to and from a restricted street when necessary for the purpose of making pickups or deliveries of goods, wares, and merchandise from or to any building or structure located on the restricted street or for the purpose of delivering materials to be used in the actual and bona fide repair, alteration, remodeling, or construction of any building or structure upon the restricted street for which a building permit has previously been obtained.

Public utility vehicle

35704. No ordinance adopted by a city to decrease weight limits shall apply to any vehicle owned by a public utility while necessarily in use in the construction, installation, or repair of any public utility.

Procedure re certain streets

35705. Section 35701 shall not be applicable to any city street on which money from the State Highway Fund has been or is used for construction or maintenance except in such cases as the legislative body of the city, after notice and hearing, determines to reduce weight limits on such streets. Notice of the hearing shall be published as provided in Section 6064 of the Government Code. The notice shall advise all interested parties that they may submit written and oral objections to the proposed action and shall designate a time and place for presentation of such objections. The time for submission of objections shall not expire, and the hearing may not be held, less than 60 days after the first publication of notice. The hearing shall be held before the legislative body of the city. All objections shall be considered and interested parties shall be afforded an adequate opportunity to be heard in respect to their objections.

Unimproved county highways

35706. Boards of supervisors in their respective counties may by ordinance reduce the permissible weight of vehicles and loads upon unimproved county highways or upon county bridges.

Improved county highways

35707. Boards of supervisors in their respective counties may by ordinance reduce the permissible weights upon improved highways only which by reason of deterioration will be destroyed unless the weight limits are reduced, but no such reduction shall extend for a period of more than 90 days unless actual repair of the highway is begun within that time and thereafter continuously carried on to completion.

For the purposes of this section, an improved county highway means a highway paved with cement concrete or asphaltic

concrete, or a highway with a roadway of hard surface not less than four inches thick made up of a mixture of rock, sand, or gravel bound together by an artificial binder other than natural soil.

Ordinances subject to approval

35708. In the event any person protests in writing to the clerk of the board of supervisors within 15 days after the adoption of an ordinance reducing the permissible gross weight upon an improved highway, the reduction in weight shall not become final until the Department of Public Works after a hearing approves the action of the board of supervisors in making such reduction.

Hearing

35709. The hearing shall be held in the county in which the highway is located within 25 days after a request therefor, and shall be conducted by one or more engineers of the Department of Public Works to be designated by the Director of Public Works. The engineers shall hear all evidence presented and report their findings in writing to the director. Such director shall, upon the basis of the findings, declare in writing the approval or disapproval of the reduction.

Signs on unimproved county highways

35710. Whenever any weight limit different from those specified in this code is fixed in accordance with Section 35706 or 35707, the board of supervisors shall cause signs indicating the weight so fixed to be erected at all entrances to the highway upon which the permissible gross weight is altered.

Delivery routes

35711. No ordinance adopted pursuant to Section 35706 or 35707 shall prohibit any commercial vehicle from using any county highway by direct route to or from a state highway for the purpose of delivering or loading for transportation goods, wares, or merchandise.

Commercial vehicles

35712. Any county may by ordinance prohibit the use of any highway located in an unincorporated residential subdivision area by any commercial vehicle exceeding a gross weight of 14,000 pounds.

Signs for commercial vehicles

35713. No ordinance closing a highway under Section 35711 is effective until appropriate signs are erected indicating either the highways affected by the ordinance or the highways not affected as the county may determine will best serve to give notice of the ordinance, nor shall any ordinance be effective with respect to any county highway unless the board of supervisors designates in the ordinance an alternate route for the use of the vehicles which shall remain unrestricted by any local regulation as to commercial vehicles so long as the ordinance proposed shall remain in effect.

Exemption

35714. No ordinance adopted pursuant to Section 35711 shall be effective with respect to:

(a) Any vehicle which is subject to the provisions of Article 2 of Chapter 5 of Part 1 of Division 1 of the Public Utilities Code, commencing at Section 1031.

(b) Any highway which is a through highway or was a through highway on or after January 1, 1955.

(c) Any highway, any portion of which is also under the jurisdiction of a city, unless the consent of the governing body of the city is first obtained.

(d) Any commercial vehicle coming from an unrestricted highway having ingress and egress by direct route to and from the restricted highway when necessary for the purpose of making pickups or deliveries of goods, wares, and merchandise from or to any building or structure located on the restricted highway or for the purpose of delivering materials to be used in the actual and bona fide repair, alteration, remodeling, or construction of any building or structure upon the restricted highway for which a building permit has previously been obtained.

(e) The operation of ambulances or hearses.

(f) Any vehicle owned, operated, controlled, or used by a public utility in connection with the construction, installation, operation, maintenance, or repair of any public utility facilities.

(g) Any state highway, until the proposed ordinance has been submitted by the board of supervisors of the county to and approved in writing by the Department of Public Works. In submitting a proposed ordinance to the department for approval, the board of supervisors shall designate therein, an alternate route for the use of the vehicles which shall remain unrestricted by any local regulation as to commercial vehicles so long as the ordinance proposed shall remain in effect. The approval of the proposed ordinance by the Department of Public Works shall constitute an approval by the department of the alternate route so designated.

(h) Vehicles operated as an incident to any industrial, commercial or agricultural enterprise conducted within the boundaries of the unincorporated residential subdivision area.

Article 5. Bridges and Other Structures

Decreases

35750. The Department of Public Works may, in the manner provided in Section 35751, determine the maximum weight of vehicle and load, lower than the maximum weight otherwise permitted under this code which a bridge or other structure with safety to itself will sustain.

Investigation and hearing

35751. (a) The Department of Public Works shall make an engineering investigation and hold a public hearing whenever such a determination appears necessary, except that if the bridge or other structure is not under the jurisdiction of said department, it shall not proceed unless it has first received a request from the board of supervisors or road commissioner of the county, the governing body of the local authority having jurisdiction over the bridge or other structure.

(b) Notice of the time and place of the hearing shall be posted upon the bridge or other structure at least five days before the date fixed for the hearing. Upon the basis of the investigation and all evidence presented at the hearing, the

department shall determine by order in writing the maximum weight of vehicle and load which the bridge or other structure with safety to itself will sustain.

Signs

35752. Thereupon, the authority having jurisdiction over the bridge or other structure shall erect and maintain suitable signs specifying the maximum weight so determined, at a distance of not more than 500 feet from each end of the bridge or other structure or any approach thereto.

Any such signs may contain the words "Load Limit _____ Tons per Vehicle" with the maximum gross weight inserted in figures preceding the word "tons," the words "load limit" and the figures and the word "tons" set forth in letters not less than three inches in height, and the words "per vehicle" in letters not less than 1½ inches in height. Any such sign may also contain additional provisions stating maximum gross weight in tons for a tractor and semitrailer and any other combination or combinations of vehicles in figures and words not less than 1½ inches in height. The stroke for letters and figures three inches or more in height shall be not less than one-half inch and for letters and figures 1½ inches and not more than three inches in height shall be not less than one-fourth inch. It shall only be necessary to state the words "load limit" once upon any such sign.

Any sign meeting the above requirements shall be deemed a suitable sign.

Violation of decreased restrictions

35753. (a) No person shall drive a vehicle over any bridge, causeway, viaduct, trestle or dam constituting a part of a highway when the weight of the vehicle and load thereon is greater than the maximum weight which the bridge or other structure with safety to itself will sustain.

(b) Upon the trial of any person charged with a violation with respect to a weight restriction sign erected under Section 35752, proof of the determination of the maximum weight by the department and the existence of the weight restriction signs shall constitute prima facie evidence of the maximum weight which the bridge or other structure with safety to itself will sustain.

Maximum weights on county bridges

35754. Whenever, in the opinion of a county road commissioner, a county bridge is in a dangerous or weak condition, he may temporarily erect suitable signs at all entrances to such bridge specifying the maximum weight which he believes the bridge with safety to itself will sustain. The maximum weight limit so fixed and posted shall remain in effect until 15 days following the next succeeding monthly meeting of the board of supervisors.

Article 6. Permits and Agreements

Permits for variances

35780. The Department of Public Works with respect to highways under its jurisdiction and local authorities with respect to highways under their jurisdiction may at their dis-

cretion upon application in writing and if good cause appears issue a special permit in writing authorizing the applicant:

(a) To operate or move a vehicle or combination of vehicles or special mobile equipment of a size or weight of vehicle or load exceeding the maximum specified in this code.

(b) To use corrugations on the periphery of the movable tracks on a traction engine or tractor, the propulsive power of which is not exerted through wheels resting upon the roadway but by means of a flexible band or chain.

(c) Under emergency conditions, to operate or move a type of vehicle otherwise prohibited hereunder, upon any highway under the jurisdiction of the party granting the permit and for the maintenance of which the party is responsible.

Application for permit

35781. The application for a permit shall specifically describe the vehicle and load to be operated or moved and the particular highways over which permit to operate is requested, and whether the permit is requested for a single trip or for continuous operation.

Refusing or restricting permit

35782. The Department of Public Works or local authority is authorized to issue or withhold the permit at its discretion, or, if the permit is issued, to limit the number of trips, or to establish seasonal or other time limitations within which the vehicle or vehicles described may be operated on the highways indicated, or otherwise to limit or prescribe conditions of operation of the vehicle, when necessary to assure against undue damage to the road foundations, surfaces or structures, and may require the undertaking or other security as may be deemed necessary to protect the highways and bridges from injury, or to provide indemnity for any injury resulting from the operation of the vehicle.

Possession of permit

35783. Every permit shall be carried in the vehicle or combination of vehicles to which it refers and shall be open to inspection of any peace officer, traffic officer, authorized agent of the Department of Public Works, or any other officer or employee charged with the care or protection of such highways.

Violation of permit

35784. It is a misdemeanor for any person to violate any of the terms or conditions of any such special permit.

Hauling of saw logs

35785. The axle weight limitations imposed in Sections 35550 and 35551 shall not apply to the transportation of a single saw log which does not exceed eight feet in diameter and 21 feet in length or six feet in diameter and 33 feet in length, if such log is hauled on a combination of vehicles consisting of a three-axle truck tractor and a two-axle pole trailer under permit issued by the Department of Public Works with respect to highways under its jurisdiction or by local authorities with respect to highways under their jurisdiction. Such permit may be granted for not more than thirty (30) days and may be revocable upon notice by the department or local authorities, as the case may be. When so transported, the vehicle shall not be operated over any bridge or causeway at a speed of more than 15 miles per hour or on the

highway at more than 25 miles per hour, on routes designated in the permit by the Department of Public Works on state highways and by local authorities with respect to highways under their jurisdiction. Diameter measurements of the logs shall be made on the large end.

Use of truck booster power units

35786. Truck booster power units may be used to aid in propelling or moving any motor truck or lawful combination of motor vehicles upon a highway upon an ascending or descending grade, subject to the following conditions:

(a) A permit for such operation must be obtained as provided in this article.

(b) The truck booster power unit shall be operated only on such highways and at such times and according to such conditions and requirements as may be specified in the permit.

Same Issuance of permit

35787. The Department of Public Works or local authority, as the case may be, shall issue a truck booster power unit permit only if in its opinion the proposed operation would not tend to endanger the traveling public or to damage the highway, bridge or any highway structure.

The Department of Public Works and local authorities, in issuing a permit, may make such conditions and requirements as in their opinion are necessary or desirable for the safety of the traveling public and of the highway, including bridges and other highway structures.

Agreements for transporting loads

35788. Upon application to the Director of Public Works for permission to use and operate on highways private or contract vehicles for the purpose of hauling loads which weigh in excess of the maximum load weight limits, the director may enter into an agreement with the applicant, permitting such overloads, specifying protective restrictions and providing for the payment of a financial contribution for the issuance of such permission, except that the overload shall not exceed 25 percent of the maximum load weight limitation, in pounds, set forth in this code. The agreement shall not permit the applicant to transport such excess weight loads on highways for distances exceeding 75 miles. All contributions received by the Department of Public Works shall be used for the construction, improvement, or maintenance of the highway designated in the permission to operate overweight loads. Sections 188 and 188.4 of the Streets and Highways Code shall not apply to contributions received pursuant to this section, and any expenditures of the contributions by the department shall not be credited against amounts required to be expended pursuant to Sections 188 and 188.4 of the Streets and Highways Code.

Building mover's notice to railroad

25789. Any housemoving contractor or other person who by contract or otherwise moves or transports a dwelling house or other building across railroad tracks shall furnish to the division or district superintendent of the railroad company operating such tracks written notice of intention to make such movement at least 36 hours prior to doing so. The written notice of intention to make such a movement shall contain the

name of the street, highway or road over which such dwelling house or other building will be moved across the railroad tracks, the approximate time of day such movement will be made and such other information as may be necessary to enable the railroad company to take precautionary measures to avoid a collision by a train with such dwelling house or other building.

Overwidth trailer coaches

35790. (a) The State Department of Public Works with respect to highways under its jurisdiction and local authorities with respect to highways under their jurisdiction may upon application in writing and if good cause appears issue a special permit in writing authorizing the applicant to move a trailer coach in excess of the maximum width but not exceeding 10 feet in width, exclusive of lights and devices provided for in Sections 35112, 35109, and 35110, upon any highway under the jurisdiction of the party granting such permit.

(b) A public agency in the exercise of its discretion in granting permits for the movement of overwidth trailer coaches, and in considering the individual circumstances of each case, may use merchandising or relocation of residence as a basis for movement for good cause.

(c) The application for any permit shall specifically describe the trailer coach to be moved and the particular highways over which the permit to operate is requested, and whether the permit is requested for a single trip or for continuous operation.

(d) The State Department of Public Works or local authority is authorized to establish seasonal or other time limitations within which the trailer coach described may be moved on the highways indicated, and may require an undertaking or other security as may be deemed necessary to protect the highways and bridges from injury or to provide indemnity for any injury resulting from the operation.

(e) Permits for the movement of trailer coaches as provided for in this section may not be issued except to licensed manufacturers, dealers and transporters and only under the following conditions:

1. The power unit used to tow overwidth trailers must be a three-quarter-ton truck or tractor, or a truck or tractor of greater power, equipped with dual wheels.

2. The trailer coach for which the permit is issued shall not have a gross weight in excess of 18,000 pounds.

3. A permit which has been issued for the movement of a trailer coach shall not be valid between sunset and sunrise of the following day, nor between sunset on Friday to sunrise on Monday following, nor on any days declared to be legal holidays by the State.

(f) The Department of Public Works shall have the authority to establish additional reasonable permit regulations as they may deem necessary in the interest of public safety, which regulations shall be consistent with this section.

(g) Every permit shall be carried in the trailer coach to which it refers and shall be open to inspection of any peace officer or traffic officer, any authorized agent of the Department of Public Works or any other officer or employee charged with the care and protection of the highways.

(h) It is a misdemeanor for any person to violate any of the terms or conditions of any such special permit.

(i) To the extent that the application of this section to highways which are a part of the National System of Interstate and Defense Highways (as referred to in subdivision (a) of Section 108 of the Federal-aid Highway Act of 1956) would cause this State to be deprived of any federal funds for highway purposes, this section to such extent shall not be applicable to highways which are a part of such system.

DIVISION 17. OFFENSES AND PROSECUTION

CHAPTER 1. OFFENSES

Article 1. Violation of Code

Misdemeanors

40000. It is unlawful and constitutes a misdemeanor for any person to violate, or to fail to comply with, any provision of this code, unless the violation is under the provisions of this code expressly declared to be a felony or a public offense which is punishable either as a felony or misdemeanor.

Operation by agent

40001. It is unlawful for the owner, or any other person, employing or otherwise directing the driver of any vehicle to cause the operation of the vehicle upon a highway in any manner contrary to law, or for an owner knowingly to permit the operation of any vehicle:

(a) Which is not registered or for which any fee has not been paid under this code.

(b) Which is not equipped as required in this code.

(c) Which does not comply with the size, weight, or load provisions of this code.

Prosecution of persons owning vehicles

40002. A warrant of arrest shall not issue against an owner of a vehicle or other person referred to in Section 40001 following the filing of a complaint for an offense under that section if the owner or person was not driving the vehicle involved unless he is given notice of the offense against him and is informed that unless he appears in the court designated in the notice within 10 days after service of the notice and answers the charge, a warrant or citation to appear will be issued against him. The notice shall be given as prescribed by Section 22

Prosecution of employees

40003. Whenever an employee is prosecuted for a violation of any provision of this code relating to the size, weight or loading of a vehicle while operating a vehicle he was employed to operate, and which is owned by his employer, the court shall on request of the employee take appropriate proceedings to

make the owner of the vehicle a codefendant. In the event it is found that the employee had reasonable grounds to believe that the vehicle operated by him as an employee did not violate such provisions, and in the event the owner is found guilty under the provisions of Section 40001, the court may dismiss the charges against the employee.

Article 2. Procedure on Equipment Violations

Equipment

40150. Whenever any vehicle or combination of vehicles is found to be in an unsafe mechanical condition or is not equipped as required by this code, the officer making the inspection may issue the driver a notice to appear which requires the driver or the owner of the vehicle to produce in court satisfactory evidence that the vehicle or its equipment has been made to conform with the requirements of this code. Every officer issuing such notice to appear shall notify the owner and any legal owner of the vehicle, if other than the driver, that the notice to appear has been issued.

Lighting equipment

40151. (a) Whenever any lighting equipment or device is not of a type approved by the Department of the California Highway Patrol, the officer making the inspection shall direct the driver to remove the lighting equipment or device within 24 hours.

(b) Whenever any lighting equipment or device is a type approved by the department but by reason of faulty adjustment or otherwise fails to comply with this code, the officer making the inspection shall direct the driver to make it comply with this code within 48 hours.

Chapter 2. Procedure on Arrests

Article 1. Arrests

Application

40300. The provisions of this chapter shall govern all peace officers in making arrests for violations of this code without a warrant for offenses committed in their presence, but the procedure prescribed herein shall not otherwise be exclusive of any other method prescribed by law for the arrest and prosecution of a person for an offense of like grade.

Procedure

40301. Except as provided in this chapter, whenever a person is arrested for any violation of this code declared to be a felony, he shall be dealt with in like manner as upon arrest for the commission of any other felony.

Mandatory appearance

40302. Whenever any person is arrested for any violation of this code, not declared to be a felony, the arrested person shall be taken without unnecessary delay before a magistrate within the county in which the offense charged is alleged to have been committed and who has jurisdiction of the offense and is nearest or most accessible with reference to the place where the arrest is made in any of the following cases:

(a) When the person arrested fails to exhibit his driver's license or other satisfactory evidence of his identity.

(b) When the person arrested refuses to give his written promise to appear in court.

(c) When the person arrested demands an immediate appearance before a magistrate.

(d) When the person arrested is charged with violating Section 20001, 23102, 23105, or 23106.

Optional appearance before a magistrate

40303. Whenever any person is arrested for any of the following offenses and the arresting officer is not required to take the person without unnecessary delay before a magistrate, the arrested person shall, in the judgment of the arresting officer, either be given a 10 days' notice to appear as herein provided or be taken without unnecessary delay before a magistrate within the county in which the offense charged is alleged to have been committed and who has jurisdiction of the offense and is nearest or most accessible with reference to the place where the arrest is made.

(a) Sections 10852 or 10853, relating to injuring or tampering with a vehicle.

(b) Sections 23103 or 23104, relating to reckless driving.

(c) Section 2800, insofar as it relates to a failure or refusal of the driver of a vehicle to stop and submit to an inspection or test of the lights upon the vehicle under Section 2805 hereof, which is punishable as a misdemeanor.

(d) Section 2800, insofar as it relates to a failure or refusal of the driver of a vehicle to stop and submit to a brake test which is punishable as a misdemeanor.

(e) Section 2800, insofar as it relates to refusal to submit vehicle and load to a weighing which is punishable as a misdemeanor.

(f) Section 20002, relating to failure to stop in the event of an accident involving damage to property.

(g) Section 20007, relating to failure to stop after collision with an unattended vehicle.

(h) Section 23109, relating to participating in speed contests.

(i) Section 14601, relating to driving while license is suspended or revoked.

(j) When the person arrested has attempted to evade arrest.

(k) Section 23332, relating to persons upon vehicular crossings.

Discretionary procedure

40304. Whenever any person is arrested by any member of the California Highway Patrol for any violation of any state law regulating the operation of vehicles or the use of the highways declared to be a misdemeanor but which offense is not specified in this code, he shall, in the judgment of the arresting officer, either be given a 10-day notice to appear in the manner provided in this chapter or be taken without unnecessary delay before a magistrate within the county in which the offense charged is alleged to have been committed

and who has jurisdiction of the offense and is nearest or most accessible with reference to the place where the arrest is made, or, upon demand of the person arrested, before a magistrate in the judicial district in which the offense is alleged to have been committed.

Offense by nonresident

40305. Whenever a nonresident is arrested for violating any section of this code while driving a foreign motor vehicle and does not furnish satisfactory evidence of identity and an address within this State at which he can be located, he may, in the discretion of the arresting officer, be taken immediately before a magistrate within the county where the offense charged is alleged to have been committed, and who has jurisdiction over the offense and is nearest or most accessible with reference to the place where the arrest is made. If the magistrate is not available at the time of the arrest and the arrested person is not taken before any other person authorized to receive a deposit of bail, and if the arresting officer does not have the authority or is not required to take the arrested person before a magistrate or other person authorized to receive a deposit of bail by some other provision of law, the nonresident shall be released from custody upon giving a written promise to appear as provided in Article 2 (commencing at Section 40500).

Misdemeanor procedure before magistrate

40306 (a) Whenever a person is arrested for a misdemeanor and is taken before a magistrate, the arresting officer shall file with the magistrate a complaint stating the offense with which the person is charged.

(b) The person taken before a magistrate shall be entitled to at least five days continuance of his case in which to plead and prepare for trial and the person shall not be required to plead or be tried within the five days unless he waives such time in writing or in open court.

(c) The person taken before a magistrate shall thereupon be released from custody upon his own recognizance or upon such bail as the magistrate may fix.

Magistrate unavailable

40307. (a) When an arresting officer attempts to take a person arrested for a misdemeanor violation of this code before a magistrate and the magistrate or person authorized to act for him is not available, the arresting officer shall take the person arrested before the clerk of the magistrate or the officer in charge of the most accessible county jail, city jail, or other place of detention within the county, who shall admit him to bail in accordance with a schedule, fixed as provided in Section 1269(b) of the Penal Code.

Disposition of bail

40308. Any bail deposited with an officer in charge of the most accessible county jail, city jail, or other place of detention within the county shall be transmitted to a magistrate having jurisdiction over the offense, or to the clerk of the magistrate, not later than the next business day.

Authority to accept bail

40309. The authority to admit to bail under Section 40351 includes authority to approve the same, to issue and sign an order for the release of the person arrested, and to set a

time and place for his appearance before the appropriate magistrate.

40310. Any jail custodian authorized to accept bail who is not already bonded shall give a bond in such sum as the board of supervisors, or the governing body of the city in the case of a city jail, shall prescribe. Bond of jail custodian

Article 2. Release Upon Promise to Appear

40500. Whenever a person is arrested for any violation of this code not declared to be a felony, or for a violation of an ordinance of a city or county relating to traffic offenses and he is not immediately taken before a magistrate, the arresting officer shall prepare in triplicate a written notice to appear in court or before a person authorized to receive a deposit of bail, containing the name and address of the person, the license number of his vehicle, if any, the offense charged and the time and place when and where he shall appear. Notice

40501 The time specified in the notice to appear must be at least 10 days after such arrest. Time

40502. The place specified in the notice to appear shall be either: Place

(a) Before a magistrate within the county in which the offense charged is alleged to have been committed and who has jurisdiction of the offense and is nearest or most accessible with reference to the place where the arrest is made.

(b) Upon demand of the person arrested, before a municipal court judge or other magistrate having jurisdiction of the offense at the county seat of the county in which the offense is alleged to have been committed or before a magistrate in the judicial district in which the offense is alleged to have been committed.

(c) Before a person authorized to receive a deposit of bail.

The clerk and deputy clerks of the municipal and justice courts are persons authorized to receive bail in accordance with a schedule of bail approved by the judges of said courts.

40503. Every notice to appear and every complaint or information charging a violation of any provision of this code regulating the speed of vehicles upon a highway shall specify the approximate speed at which the defendant is alleged to have driven and exactly the prima facie speed limit applicable at the time and place of the alleged offense and shall state any other speed limit alleged to have been exceeded if applicable to the particular type of vehicle or combination of vehicles operated by the defendant. Speed charge

40504. The officer shall deliver one copy of the notice to appear to the arrested person and the arrested person in order to secure release must give his written promise to appear in court or before a person authorized to receive a deposit of bail by signing two copies of the notice which shall be retained by the officer. Thereupon the arresting officer shall forthwith release the person arrested from custody. Delivery of notice

Copy of notice

40505. Whenever any traffic or police officer delivers a notice to appear charging an offense under this code to any person, it shall include all information set forth upon the copy of the notice filed with a magistrate and no traffic or police officer shall set forth on any notice filed with a magistrate or attach thereto or accompany the notice with any written statement giving information or containing allegations which have not been delivered to the person receiving the notice to appear.

Filing copies

40506. The officer shall, as soon as practicable, file a copy of the notice with the magistrate or before a person authorized by the magistrate or judge to receive a deposit of bail specified therein, and a copy with the commissioner, chief of police, sheriff or other superior officer of the arresting officer.

Appearance by council

40507. A written promise to appear in court may be complied with by an appearance by counsel.

Violation of promise to appear

40508. Any person wilfully violating his written promise to appear in court or before a person authorized to receive a deposit of bail is guilty of a misdemeanor regardless of the disposition of the charge upon which he was originally arrested.

Notice to department

40509. Whenever any person has for a period of 15 or more days wilfully violated his written promise to appear in court or before the person authorized to receive a deposit of bail, the magistrate or clerk of the court before whom the defendant so promised to appear shall give notice of such fact to the department not less than 10 nor more than 30 days after issuance of the warrant. Whenever thereafter the case in which such promise was given is adjudicated the magistrate or clerk of the court hearing the case shall file with the department a certificate showing that the case has been adjudicated.

Deposit of bail

40510. The defendant may, prior to the date upon which he promised to appear, deposit bail with the magistrate or the person authorized to receive a deposit of bail.

Fixing bail

40511. If bail has not been previously fixed and approved by the judges of the court in accordance with a schedule of bail, the magistrate shall fix the amount of bail which in his judgment, in accordance with Section 1275 of the Penal Code, will be reasonable and sufficient for the appearance of the defendant and shall endorse upon the notice a statement signed by him in the form set forth in Section 815a of the Penal Code.

Forfeiture

40512. If at the time when the case is called for arraignment before the magistrate the defendant does not appear, either in person or by counsel, the magistrate may declare the bail forfeited and may in his discretion order that no further proceedings be had in the case.

Upon the making of the order that no further proceedings be had, all sums deposited as bail shall forthwith be paid into the city or county treasury, as the case may be.

Filing of complaint

40513 Whenever written notice to appear has been prepared, delivered, and filed with the court, or whenever notice

of illegal parking has been given pursuant to the provisions of Section 41102, an exact and legible duplicate copy of the notice when filed with the magistrate, in lieu of a verified complaint, shall notwithstanding the provisions of Section 1426 of the Penal Code, constitute a complaint to which the defendant may plead "Guilty."

If, however, the defendant violates his promise to appear in court or does not deposit lawful bail, or pleads other than "Guilty" of the offense charged, a complaint shall be filed which shall conform to the provisions of Section 1426 of the Penal Code, and which shall be deemed to be an original complaint, and thereafter proceedings shall be had as provided by law, except that a defendant may, by an agreement in writing, subscribed by him and filed with the court, waive the filing of a verified complaint and elect that the prosecution may proceed upon a written notice to appear.

Issuance of warrant

40514. No warrant shall issue on the charge for the arrest of a person who has given his written promise to appear in court or before a person authorized to receive a deposit of bail, unless he has violated the promise or has failed to deposit bail, to appear for arraignment, trial or judgment, or to comply with the terms and provisions of the judgment, as required by law.

Same For violation of promise to appear

40515. (a) When a person signs a written promise to appear at the time and place specified in the written promise to appear and has not posted bail, the magistrate shall issue and have delivered for execution a warrant for his arrest within 20 days after his failure to appear before the magistrate, or if the person promises to appear before an officer authorized to accept bail other than a magistrate and fails to do so on or before the date on which he promised to appear, then, within 20 days after the delivery of the written promise to appear by the officer to a magistrate having jurisdiction over the offense.

(b) When the person violates his promise to appear before an officer authorized to receive bail other than a magistrate, the officer shall immediately deliver to a magistrate having jurisdiction over the offense charged the written promise to appear and the complaint, if any, filed by the arresting officer.

Expense to departments

40516. (a) The expenses incurred by the Department of California Highway Patrol and the Department of Motor Vehicles in executing any warrant issued as a result of a notice to appear issued by a member of the California Highway Patrol shall be a legal charge against the city or county in which jurisdiction the warrant was issued except where the commissioner authorizes the acceptance of a warrant for execution within 30 days of the date of its issuance.

(b) The commissioner or director shall certify to the Controller the cost of executing warrants on behalf of each city or county under this section. The departments shall be reimbursed for costs as provided in Section 11004.5 of the Revenue and Taxation Code.

(c) The peace officer to whom a warrant has been delivered for execution, upon demand, shall transfer the warrant, if it has not been executed within 30 days of the date of its issuance, to any member of the California Highway Patrol or to the Department of Motor Vehicles for execution.

Change of venue

40517. (a) Whenever any person has given his written promise to appear before a magistrate who is other than a municipal court judge or other magistrate at the county seat of the county wherein the offense is alleged to have been committed, he may at any time before trial demand a transfer of the case in which the promise was given for trial before a municipal court judge or other magistrate having jurisdiction of the offense at the county seat upon filing with the magistrate before whom he has promised to appear an affidavit that he believes that a fair trial without excessive penalties cannot be had before the magistrate.

(b) Thereupon the magistrate with whom the affidavit is filed shall be without jurisdiction to proceed with the case and shall immediately transfer the case and all papers in connection therewith for further proceedings before a municipal court judge or other magistrate having jurisdiction of such offense at the county seat.

(c) The foregoing method of securing a change of venue is in addition to any other method provided by law for obtaining a change of venue.

CHAPTER 3. ILLEGAL EVIDENCE

Article 1. Prosecutions Under Code

Vehicles and uniforms

40800. Every traffic officer shall wear a full distinctive uniform, and if the officer while so on duty uses a motor vehicle, it must be painted a distinctive color specified by the commissioner.

This section does not apply to an officer assigned exclusively to the duty of investigating and securing evidence in reference to any theft of a vehicle or failure of a person to stop in the event of an accident or violation of Section 23109 or in reference to any felony charge, or to any officer engaged in serving any warrant when the officer is not engaged in patrolling the highways for the purpose of enforcing the traffic laws.

Speed trap prohibition

40801. No peace officer or other person shall use a speed trap in arresting, or participating or assisting in the arrest of, any person for any alleged violation of this code nor shall any speed trap be used in securing evidence as to the speed of any vehicle for the purpose of an arrest or prosecution under this code.

"Speed trap"

40802. A "speed trap" is a particular section of a highway measured as to distance and with boundaries

marked, designated or otherwise determined in order that the speed of a vehicle may be calculated by securing the time it takes the vehicle to travel the known distance.

Evidence

40803. No evidence as to the speed of a vehicle upon a highway shall be admitted in any court upon the trial of any person for an alleged violation of this code when the evidence is based upon or obtained from or by the maintenance or use of a speed trap.

Testimony based on speed trap

40804. (a) In any prosecution under this code upon a charge involving the speed of a vehicle, any officer or other person shall be incompetent as a witness if the testimony is based upon or obtained from or by the maintenance or use of a speed trap.

(b) Every officer arresting, or participating or assisting in the arrest of, a person so charged while on duty for the exclusive or main purpose of enforcing the provisions of Divisions 10 and 11 is incompetent as a witness if at the time of such arrest he was not wearing a full distinctive uniform or was using a motor vehicle not painted the distinctive color specified by the commissioner.

This section does not apply to an officer assigned exclusively to the duty of investigating and securing evidence in reference to any theft of a vehicle or failure of a person to stop in the event of an accident or violation of Section 23108 or in reference to any felony charge or to any officer engaged in serving any warrant when the officer is not engaged in patrolling the highways for the purpose of enforcing the traffic laws.

Admission of speed trap evidence

40805. Every court shall be without jurisdiction to render a judgment of conviction against any person for a violation of this code involving the speed of a vehicle if the court admits any evidence or testimony secured in violation of, or which is inadmissible under this article.

Police reports

40806. In the event a defendant charged with an offense under this code pleads guilty, the trial court shall not at any time prior to pronouncing sentence receive or consider any report, verbal or written, of any police or traffic officer or witness of the offense without fully informing the defendant of all statements in the report or statement of witnesses, or without giving the defendant an opportunity to make answer thereto or to produce witnesses in rebuttal, and for such purpose the court shall grant a continuance before pronouncing sentence if requested by the defendant.

Article 2. Civil Actions

Effect of convictions

40830. In either of the following circumstances a violation of any provision of this code does not establish negligence as a matter of law, but in any civil action under either of the circumstances negligence must be proved as a fact without regard to the violation. The circumstances under which this section applies are either:

(a) Where violation of the provision was required by a law of the Federal Government or by any rule, regulation, directive or order of any agency of the Federal Government, the violation of which is subject to penalty under an act of Congress or by any valid order of military authority.

(b) Where violation of the provision was required in order to comply with any regulation, directive, or order of the Governor promulgated under the California Disaster Act.

Effect of speed conviction

40831. In any civil action proof of speed in excess of any prima facie limit declared in Section 22352 at a particular time and place does not establish negligence as a matter of law but in all such actions it shall be necessary to establish as a fact that the operation of a vehicle at the excess speed constituted negligence.

Suspension or revocation

40832. No record of the suspension or revocation of the privilege to operate a motor vehicle by the department, nor any testimony of or concerning or produced at the hearing terminating in the suspension or revocation, shall be admissible as evidence in any court in any civil action.

Report or action of department as evidence

40833. Neither the report required by Sections 16000, 16001, 16002, or 16003, the action taken by the department pursuant to Chapter 1 of Division 7 (commencing at Section 16000), the findings, if any, of the department upon which action is based, nor the security filed as provided in that chapter shall be referred to in any way, or be any evidence of the negligence or due care of any party, at the trial of any action at law to recover damages.

Chapter 4. Presumptions

Speed restriction signs

41100. In any action involving the question of unlawful speed of a vehicle upon a highway which has been signposted with speed restriction signs of a type complying with the requirements of this code, it shall be presumed that existing facts authorize the erection of the signs and that the prima facie speed limit on the highway is the limit stated on the signs. This presumption may be rebutted.

Official signs and traffic control devices

41101. (a) Whenever a traffic sign or traffic control device is placed in a position approximately conforming to the requirements of this code, it shall be presumed to have been placed by the official act or direction of lawful authority, unless the contrary is established by competent evidence.

(b) Any sign or traffic control device placed pursuant to this code and purporting to conform to the lawful requirements pertaining to it shall be presumed to comply with the requirements of this code unless the contrary is established by competent evidence.

Illegal parking

41102. In any prosecution charging a violation of any regulation governing the standing or parking of a vehicle under this code or any ordinance enacted by local authorities, proof by the people of the State of California that the particular vehicle described in the complaint was parked in violation of

any provision of this code or such ordinance, together with proof that the defendant named in the complaint was at the time of parking the registered owner of the vehicle, shall constitute in evidence a prima facie presumption that the registered owner of the vehicle was the person who parked or placed the vehicle at the point where, and for the time during which, the violation occurred, but for the purposes of this section proof that a person is the registered owner of a vehicle does not create a presumption that the registered owner has violated any other provision of law. The above provisions shall apply only when the following conditions are complied with:

(a) During the time of the illegal parking a notice thereof shall be securely attached to the vehicle setting forth the fact of illegal parking including reference to the section of this code or of the ordinance violated, the approximate time thereof and the location where the violation occurred and fixing a time and place for appearance by the registered owner in answer to the notice.

The notice shall be attached to the vehicle either on the steering post or front door handle thereof or in such other conspicuous place upon the vehicle as to be easily observed by the person in charge of the vehicle upon his return thereto.

(b) Before any warrant of arrest shall issue following the filing of a complaint charging the offense of illegal parking, a notice of the illegal parking shall be given to the person charged. The notice shall contain the information required in subdivision (a) and shall inform the registered owner that unless he appears in the court to be designated in the notice within five days after service of the notice and answers the charge, a warrant or citation to appear will be issued against him.

The notice shall be given, either by personal delivery thereof to the owner or by deposit in the United States mail of an envelope with postage prepaid, which shall contain the notice and shall be addressed to the owner at his address as shown by the records of the department. The giving of notice by personal delivery is complete upon delivery of a copy of the notice to the person. The giving of notice by mail is complete upon the expiration of 10 days after deposit of the notice in the mail.

Proof of giving notice may be made by the certificate of any traffic or police officer or affidavit of any person over 18 years of age naming the person to whom the notice was given and specifying the time, place, and manner of the giving thereof.

Chapter 5. Defenses

41400. Whenever any person is charged with a violation of this code, it is a sufficient defense to such charge if it appears that in a criminal prosecution in another state or by

Prior conviction or acquittal

the Federal Government, founded upon the act or omission in respect to which he is on trial, he has been convicted or acquitted.

Federal law

41401. No person shall be prosecuted for a violation of any provision of this code if the violation was required by a law of the Federal Government, by a regulation of the Interstate Commerce Commission promulgated pursuant to law, by any rule, regulation, directive or order of any agency of the Federal Government, the violation of which is subject to penalty under an act of Congress, or by any valid order of military authority.

Disaster act

41402. No person shall be prosecuted for a violation of any provision of this code when violation of such provision is required in order to comply with any regulation, directive, or order of the Governor promulgated under the California Disaster Act.

DIVISION 18. PENALTIES AND DISPOSITION OF FEES, FINES, AND FORFEITURES

CHAPTER 1. PENALTIES

Article 1. Public Offenses

Felony

42000. Unless a different penalty is expressly provided by this code, every person convicted of a felony for a violation of any provision of this code shall be punished by a fine of not less than one thousand dollars ($1,000) or more than five thousand dollars ($5,000) or by imprisonment in the state penitentiary for not less than one year or more than five years or by both such fine and imprisonment.

Special misdemeanors

42001. Every person convicted of a misdemeanor for a violation of Division 10 (commencing at Section 20000), Division 11 (commencing at Section 21000), except Chapters 11 (commencing at Section 22950) and 13 (commencing at Section 23250) and except Section 21461 as it applies to vehicular crossings, and Section 25264, Division 12 (commencing at Section 24000), Division 13 (commencing at Section 29000), and Division 15 (commencing at Section 35000) and Sections 2800, 2801, 2802, 2803, 2804 insofar as they affect failure to stop and submit to inspection of equipment or for an unsafe condition endangering any person, 2806, 2809, and 2812, except where a different penalty is expressly provided in said provisions, shall be punished upon a first conviction by a fine not exceeding fifty dollars ($50) or by imprisonment in the county jail for not exceeding five days and for a second conviction within a period of one year by a fine of not exceeding one hundred dollars ($100) or by imprisonment in the county jail for not exceeding 10 days, or by both such fine and imprisonment and for a third or any subsequent conviction within a period of one year by a fine of not exceeding five hundred dollars ($500)

or by imprisonment in the county jail for not exceeding six months or by both such fine and imprisonment.

General misdemeanors

42002. Unless a different penalty is expressly provided by this code, every person convicted of a misdemeanor for a violation of any of the provisions of this code shall be punished by a fine of not exceeding five hundred dollars ($500) or by imprisonment in the county jail for not exceeding six months, or by both such fine and imprisonment.

Imprisonment until fine satisfied

42003. A judgment that a person convicted of any violation of this code be punished by a fine may also order, adjudge and decree that the person be imprisoned until the fine is satisfied. In every such case, the judgment shall specify the extent of the imprisonment which shall not exceed one day for every five dollars ($5) of the fine, nor extend in any such case beyond the term for which the defendant might be sentenced to imprisonment for the offense of which he was convicted.

Operation of trolley coach

42004. Any driver or operator of a trolley coach is guilty of a misdemeanor, or a felony if the particular section so provides, upon the violation of any of those sections enumerated in subdivision (c) of Section 21051.

Pedestrians' right-of-way violation

42005. Every person convicted of a violation of Sections 21950 and 21951 shall be punished by a fine of not exceeding fifty dollars ($50) or by imprisonment in the county jail for not exceeding five days, except that a violation of this section proximately causing bodily injury to the pedestrian shall be punished as a misdemeanor.

Article 2. Weight Violations

Restrictions

42030. Every person convicted of a violation of any weight limitation provision of Division 15 (commencing at Section 35000), and every person convicted of a violation of Section 21461 with respect to signs provided for by Sections 35654 and 35752, and every person convicted of a violation of Section 40001 for requiring the operation of a vehicle upon a highway in violation of any provision referred to in this section shall be punished by a fine which shall equal the amounts specified in the following table:

Pounds of excess weight	Fine
1,000- 1,500	$10
1,501- 2,000	15
2,001- 2,500	20
2,501- 3,000	25
3,001- 3,500	30
3,501- 4,000	35
4,001- 4,250	40
4,251- 4,500	55
4,501- 4,750	70
4,751- 5,000	85
5,001- 5,250	100
5,251- 5,500	120

Pounds of excess weight	Fine
5,501- 5,750	$140
5,751- 6,000	160
6,001- 6,250	180
6,251- 6,500	205
6,501- 6,750	230
6,751- 7,000	255
7,001- 7,250	280
7,251- 7,500	310
7,501- 7,750	340
7,751- 8,000	370
8,001- 8,250	400
8,251- 8,500	435
8,501- 8,750	470
8,751- 9,000	505
9,001- 9,250	540
9,251- 9,500	580
9,501- 9,750	620
9,751-10,000	660
10,001-10,250	700
10,251-10,500	730
10,501-10,750	760
10,751-11,000	790
11,001-11,250	820
11,251-11,500	850
11,501-11,750	880
11,751-12,000	910
12,001-12,250	940
12,251-12,500	970
12,501 and over	1,000

The maximum fine under this section shall be one thousand dollars ($1,000).

No part of the penalties prescribed by this section shall be suspended upon a second or subsequent conviction of a violation of any provision referred to in this section, including violation of Section 40001 for requiring operation of a vehicle upon a highway in violation of any provision referred to in this section.

Weight and axle or wheel weight

42031. Whenever the gross weight and any axle or wheel weight of a vehicle are in excess of the limits prescribed in this code, the excess weights shall be deemed one offense in violation of this code.

Article 3. Driver Training Penalty Assessments

Assessment for driver training appropriations

42050. To reimburse the General Fund for amounts appropriated therefrom for driver training pursuant to Section 5154.5 of the Education Code, on and after January 1, 1954, there shall be levied a penalty assessment on all offenses involving a violation of a section of this code or of a city or county ordinance, relating to the operation of motor vehicles,

except offenses relating to parking or registration, in the following amounts:

(a) Where a fine is imposed	$1 for each $20 of fine, or fraction thereof.
(b) If sentence is suspended	$1 if jail only, otherwise based on the amount of the fine levied, as in subdivision (a).
(c) If bail is forfeited	$1 for each $20 of bail, or fraction thereof.
(d) Where multiple offenses are involved	The penalty assessment shall be based on the total fine or bail for all offenses, or $1 for each jail sentence.

When a fine is suspended, in whole or in part, the penalty assessment shall be reduced in proportion to the suspension.

Deposit of bail

42051. When any deposit of bail is made for an offense to which Section 42050 applies, the person making the deposit shall also deposit a sufficient amount to include the penalty assessment for forfeited bail. If bail is forfeited, the amount of the penalty assessment shall be transmitted by the clerk of the court to the county treasury and thence to the State Treasury.

Disposition of assessment

42052. After a determination by the court of the amount due, the clerk of the court shall collect the same and transmit it to the county treasury. It shall then be transmitted to the State Treasury to be deposited in the General Fund. The transmission to the State Treasury shall be carried out in the same manner as fines collected for the State by a county.

Waiver

42053. In any case where a person convicted of any violation of this code punishable by fine and the levy of the driver training penalty assessment is imprisoned until the fine is satisfied, the judge may waive all or any part of the penalty assessment the payment of which would work a hardship on the person convicted or his immediate family.

CHAPTER 2. DISPOSITION OF FEES, FINES, AND FORFEITURES

Article 1 Fines and Forfeitures

Disposition By cities

42200. Of the total amount of fines and forfeitures received by a city under Section 1463 of the Penal Code that proportion which is represented by fines and forfeitures collected from any person charged with a misdemeanor under this code following arrest by an officer employed by a city, shall be paid into the treasury of the city and deposited in a special fund to be known as the "Traffic Safety Fund," and shall be used exclusively for official traffic control devices, the maintenance thereof, equipment and supplies for traffic law

enforcement and traffic accident prevention, and for the maintenance, improvement, or construction of public streets, bridges, and culverts within the city, but the fund shall not be used to pay the compensation of traffic or other police officers The fund may be used to pay the compensation of school crossing guards who are not regular full-time members of the police department of the city.

Same: By county

42201. Of the total amount of fines and forfeitures received by a county under subsection (a) of subdivision (1) of Section 1463 of the Penal Code, that proportion which is represented by fines and forfeitures collected from any person charged with a misdemeanor under this code following arrest by any officer employed by the State or by the county shall be paid into the treasury of the county and deposited in the special road improvement fund.

Disobedience by officials

42202. Failure, refusal, or neglect on the part of any judicial or other officer or employee receiving or having custody of any fine or forfeiture mentioned in this article either before or after deposit in the respective fund to comply with the foregoing provisions of this article is misconduct in office and ground for removal therefrom.

Article 2. Refund of Fees and Penalties

Return after rejection of application

42230. Whenever any application made under this code is accompanied by any fee, except an application for a duplicate operator's or chauffeur's license, as required by law, and the application is refused or rejected, the fees shall be returned to the applicant except that whenever any application is made for the first set of special plates under subdivision (a) of Section 9262, and the application is refused or rejected, the sum of five dollars ($5) only shall be returned to the applicant.

Erroneous collection of fees

42231. Whenever any application is made under this code and the application is accompanied by any fee which is excessive or not legally due, or whenever the department in consequence of any error either of fact or of law as to the proper amount of any fee or any penalty thereon or as to the necessity of obtaining any privilege under this code collects any fee or penalty which is excessive, erroneous, or not legally due, the person who has paid the erroneous or excessive fee or penalty, or his agent on his behalf, may apply for and receive a refund of the amount thereof as provided in this article, or the department may refund the same within one year after the date of the payment or collection.

Application for refund

42232. The application for refund shall be presented to the department in writing within one year from the date of payment of the erroneous or excessive fee or penalty and shall identify the payment made and state the grounds upon which it is claimed that the payment was excessive or erroneous.

42233. (a) Whenever any fee or penalty subject to refund under Section 42231 after application therefor has not been paid into the State Treasury, the department shall refund the fee or penalty. Making of refund

(b) Whenever any fee or penalty subject to refund under Section 42231 after application therefor or Section 10901 of the Revenue and Taxation Code has been paid into the State Treasury to the credit, in whole or in part, of the Motor Vehicle License Fee Fund or of the Motor Vehicle Fund, the department shall prepare a claim setting forth the facts pertaining to the fee or penalty sought to be refunded, and the Controller shall draw his warrant upon the fund or funds to which the fee or penalty was credited. In lieu of filing claims for refund against both the Motor Vehicle Fund and the Motor Vehicle License Fee Fund when an amount has been determined to be due from both funds, the director may file a single claim with the State Controller, drawn against the Motor Vehicle Fund covering the amount of both refunds, and the Controller shall thereupon draw his warrant on the Motor Vehicle Fund. At least quarterly, the director shall certify to the State Controller the amounts paid from the Motor Vehicle Fund which are properly chargeable to the Motor Vehicle License Fee Fund supported by such detail as the Controller may require. Upon order of the State Controller, the amounts so required shall be transferred from the Motor Vehicle License Fee Fund to the credit of the Motor Vehicle Fund.

(c) This section is an appropriation of any and all amounts necessary to refund and repay any excessive or erroneous fees and penalties collected under this code, and the procedure prescribed in this article for refunds shall be deemed a compliance with the requirements of the Government Code relating to the refund of excessive or erroneous fees or penalties.

42234. Whenever any application has been made and fees have been paid for the registration of a vehicle which is not in fact operated upon the highways of this State during the calendar year for which fees have been paid, this article shall apply if the application for refund is made within 60 days after the date such fees are paid to the department. Vehicle not used

42235. Whenever the department collects any fee which is excessive or not legally due and application for the refund of the fee is not filed within the time prescribed by law because the applicant failed to receive from the department a certificate of registration for the vehicle upon which the refund of fee is sought, the director shall have the power to authorize the payment of a refund in such a case upon a proper showing by the applicant that the delay in applying for the refund was due to the failure to receive the certificate of registration within the statutory period allowed for making application for refund of fees. Late application for refund

CHAPTER 3. MOTOR VEHICLE FUND

Report and deposit of money

42270. The Department of Motor Vehicles and the Department of the California Highway Patrol each shall file at least monthly with the State Controller a report of money received by the department covering all fees for applications accepted by the department and all other moneys received by the department under the provisions of this code, and at the same time shall remit all money so reported to the State Treasurer. On order of the Controller the Treasurer shall deposit in the Motor Vehicle Fund all such moneys so reported and remitted

Support and operation of the department

42271. Such moneys in the Motor Vehicle Fund as are appropriated in the Budget Act or any other appropriation act for the support of or expenditure by the Department of Motor Vehicles and the Department of the California Highway Patrol shall be expended by the departments in carrying out the provisions of this code and in enforcing any other laws relating to vehicles or the use of highways. The departments may draw, without at the time furnishing vouchers and itemized statements, sums not to exceed in the aggregate one hundred thousand dollars ($100,000) for each department, the sums so drawn to be used as a revolving fund where cash advances are necessary. At the close of each fiscal year the moneys drawn must be accounted for and substantiated by vouchers and itemized statements submitted to and audited by the State Controller.

Prohibition against deficiencies

42272. Section 11006 of the Government Code does not apply to the Motor Vehicle Fund.

Disposition of remainder of Motor Vehicle Fund

42273. Within 60 days after March 31st, June 30th, and September 30th of each year the moneys in the Motor Vehicle Fund on said respective dates, except so much as the State Controller determines shall be retained to meet appropriations therefrom, shall on order of the State Controller be transferred to the Highway Users Tax Fund.

An amount equal to the total moneys remaining in the Motor Vehicle Fund at the close of business on the last day of December of each year, after the expenditures and deductions authorized by this chapter, shall, during the month of February of each year, be transferred on order of the State Controller to the Highway Users Tax Fund, to be expended in accordance with law.

Upon the transfer of any amount to the Highway Users Tax Fund pursuant to the provisions of this section, an equal amount may, on order of the State Controller, be transferred forthwith from the Highway Users Tax Fund to the State Highway Fund.

SEC. 3. Chapter 6.5 is added to Title 14 of Part 4 of Division 3 of the Civil Code, to read:

CHAPTER 6.5. LIENS ON VEHICLES

3067. Words used in this chapter which are defined in Division 1 of the Vehicle Code shall have the same meaning as in the Vehicle Code. Meanings of words

3068. (a) Every person has a lien dependent upon possession for the compensation to which he is legally entitled for making repairs or performing labor upon, and furnishing supplies or materials for, and for the storage, repair or safekeeping of, and for the rental of trailer parking space for, any vehicle of a type subject to registration under the Vehicle Code, subject to the limitations set forth in this chapter. Liens

(b) That portion of the lien in excess of one hundred dollars ($100), for any work or services rendered or performed at the request of any person other than the holder of the legal title, is invalid, unless prior to commencing any such work or service the person claiming the lien gives actual notice in writing either by personal service or by registered letter addressed to the legal owner named in the registration certificate, and the consent of the holder of the legal title is obtained before any such work or services are performed. If any portion of a lien includes charges for the care, storage or safekeeping of, or for the rental of trailer parking space for, a vehicle for a period in excess of 60 days, the portion of the lien which accrued after the expiration of such period is invalid unless the provisions of Sections 10650, 10651, and 10652 of the Vehicle Code have been complied with by the holder of the lien.

3069. Any lien for labor or materials provided for in this chapter may be assigned by written instrument accompanied by delivery of possession of the vehicle, subject to the lien, and the assignee may exercise the rights of a lienholder as provided in this chapter. Any lienholder assigning a lien as authorized herein shall at the time of assigning the lien give written notice either by personal delivery or by registered mail with return receipt requested, to the registered and legal owner of the assignment, including the name and address of the person to whom the lien is assigned. Assignment of lien

3070. Whenever the lien upon any such vehicle is lost by reason of the loss of possession through trick, fraud, or device, the repossession of the vehicle by the lienholder revives the lien but any lien so revived is subordinate to any right, title or interest of any person under any sale, transfer, encumbrance, lien or other interest acquired or secured in good faith and for value between the time of the loss of possession and the time of repossession. Revival of lien

3071. If the lienholder is not paid the amount due, and for which the lien is given, within 10 days after the same becomes due, then the lienholder may proceed to sell the property, or so much thereof as may be necessary to satisfy the lien and costs of sale at public auction. Sale of property

Notice of sale

3072. Prior to any such sale the lienholder shall give at least 10 days but not more than 20 days notice of the sale by advertising for one issue in some newspaper of general circulation published in the county in which the property is situated. If there is no newspaper printed in such county, notice shall be given by posting notice of sale in three of the most public places in the town or place where the property is to be sold, for 10 days previous to the date of the sale. Prior to the sale of any vehicle to satisfy any such lien, 20 days notice by registered mail or certified mail shall be given to the legal owner and to the registered owner of the vehicle, if registered in this State, as the same appear in the registration certificate, and also to the Department of Motor Vehicles by registered mail or certified mail whether or not the vehicle is registered in this State. The department shall in like manner immediately notify the legal owner and the registered owner of the proposed sale, but failure on the part of the department to give such notice shall not affect the validity of the sale. All notices required in this chapter shall specify the make and the engine, vehicle identification or license number of the vehicle, and the date, time, and place of the sale. The proceeds of the sale shall be applied to the discharge of the lien and the cost of keeping and selling the property. The remainder, if any, shall be paid to the legal owner, if any, or to the owner if there is no legal owner, or if no legal owner can be located, the remainder shall be deposited with the department for deposit in the Motor Vehicle Fund.

Vehicle appraised at less than seventy-five dollars

3073. Where the vehicle subject to the lien is appraised at a value not exceeding seventy-five dollars ($75) by an officer or employee of the Department of Motor Vehicles, the lienholder may sell such vehicle at public sale, upon the giving of notice as provided in this section. At least 10 days before the sale, the lienholder shall notify the legal owner, the registered owner, and the department by registered mail or certified mail of the time and place of the sale. At least 10 days before the sale, the lienholder shall also post a notice of the sale in a conspicuous place on the premises where the vehicle is stored, giving the date of the sale and a description of the vehicle, including the make, model, type, and license number.

Redemption period

3074. Within 20 days after the sale of any vehicle under the authority of Section 3071, the legal owner may redeem such vehicle upon the payment of the amount thereof, all costs and expenses of said sale, together with interest on said sum at the rate of 12 percent per annum from the due date thereof or the date when the same were advanced until the repayment.

This section shall not be applicable to vehicles sold under the authority of Section 3073.

Penalty

3075. It is a misdemeanor for any person to obtain possession of any vehicle or any part thereof subject to a lien under this chapter through surreptitious removal or by trick, fraud, or device perpetrated upon the lienholder.

SEC. 4. Section 11004.5 of the Revenue and Taxation Code is amended to read:

11004.5. The Controller shall deduct from the allocations he would otherwise make pursuant to Section 11005, the amounts chargeable to each city, county, and city and county under Section 40516 of the Vehicle Code, and transfer that amount to the Motor Vehicle Fund in augmentation of the funds available for the support of the Department of California Highway Patrol. Deduction by controller

The Controller shall make such deductions at the time of the first allocation which occurs after the filing with him of the charges certified by the Commissioner of the California Highway Patrol. If the amount of the deduction for any city, county, or city and county exceeds the amount of the allocation for such city, county, or city and county, the balance of the deduction in excess of the amount of the apportionment shall be carried over and applied to the next succeeding allocation or allocations until exhausted.

CHAPTER 4

An act to repeal Chapters 5 and 8, Part 2, Division 1 of the Insurance Code, to add Chapters 5 (commencing at Section 1621), and 8 (commencing at Section 1831), to Part 2, Division 1 of said code, and to amend Sections 383.5, 766, 773, 783, 1760.5, 1765, 1776, 1813, 1821, 10252, 11101, 11102, 11103, 12280.2, 12282 and 12977 of said code, relating to the licensing of insurance producers, declaring the urgency thereof, to take effect immediately

[Approved by Governor February 27, 1959. Filed with Secretary of State February 27, 1959.] In effect immediately

The people of the State of California do enact as follows:

SECTION 1. Chapters 5 and 8 of Part 2, Division 1 of the Insurance Code are repealed. Repeal

SEC. 2. Chapter 5 (commencing at Section 1621) is added to Part 2, Division 1 of the Insurance Code, to read:

CHAPTER 5. PRODUCTION AGENCIES

Article 1. Definitions

1621. An insurance agent is a person authorized by and on behalf of an insurer to transact insurance. The term "insurance agent" as used in this chapter does not include a life agent as defined in this article. "Insurance agent"

1622. A life agent is a person authorized by and on behalf of a life, disability, or life and disability insurer to transact life, disability, or life and disability insurance. "Life agent"

"Insurance broker"

1623. An insurance broker is a person who, for compensation and on behalf of another person, transacts insurance other than life with, but not on behalf of, an insurer.

"Insurance solicitor"

1624. An insurance solicitor is a natural person employed to aid an insurance agent or insurance broker in transacting insurance other than life.

Article 2. Comprehensive Definitions

"Fire and casualty licensee"

1625. A fire and casualty licensee is a person licensed to act as an insurance agent, broker or solicitor, or travel insurance agent, and a fire and casualty license is a license so to act.

"Life licensee"

1626. A life licensee is a person licensed to act as a life agent. Licenses to act as a life agent issued by the commissioner under this chapter shall be of the following types and on such forms as shall clearly distinguish one from the other:

Forms of licenses

(a) Life and disability agent which shall entitle the licensee to transact life insurance and also to transact all types of disability insurance;

(b) Life only agent which shall entitle the licensee to transact life insurance and contracts supplemental thereto either included in the life insurance contract or in a rider attached thereto and which contain only one or more of the following provisions relating to disability insurance:

(1) A provision for additional benefits in case of death by accident;

(2) A provision which operates to safeguard the contract against lapse in the event the insured shall become totally and permanently disabled as defined by the contract or supplemental contract;

(3) A provision which gives a special surrender value or a special benefit or an annuity in the event that the insured or annuitant shall become totally and permanently disabled as defined by the contract or supplemental contract;

(c) Disability only agent which shall entitle the licensee to transact only disability insurance on behalf of an insurer of any kind which is admitted for disability insurance.

License

1627. A license is a permit to act in the capacity specified therein. A person licensed is the holder of such license. In case of a license as insurance agent or insurance broker issued to an organization, the organization is the holder thereof, but the natural person or persons named thereon are thereby permitted to exercise the agency or brokerage powers of the organization in accordance with and subject to the provisions of this chapter and other applicable law. A joint firm life license is issued jointly to the organization and the natural person or persons named thereon, and the organization and such natural person or persons are joint holders of such license. As used in this chapter, the term "license" includes a certificate of convenience and a permanent license, and the term "persons who are licensed" includes the holders of any such certificate or such license, but these definitions and the use of such terms in this

chapter shall not confer upon a certificate of convenience or any holder thereof any property right in or to such certificate, such certificate being and remaining only a temporary permit, issued as a matter of convenience, allowing the transaction of insurance without a permanent license, but within the limits, and subject to the conditions of the certificate of convenience issued and the laws applicable thereto.

Organization

1628. As used in this chapter, an organization is a copartnership, association or corporation. Where reference is made to a natural person named on an organization license such reference shall be to a person who is named to exercise the power and perform the duties under an organization license to act as a fire and casualty licensee, or to a person who is a joint holder with an organization of a joint firm license as a life agent.

License year

1629. "License year" as used in this chapter means the period from July 1st to and including June 30th of the following calendar year.

License term

1630. "License term" as used in this chapter means all of that two-year period from July 1st to and including the June 30th second succeeding, commencing as follows:

(a) On July 1st of each odd-numbered year for persons licensed as life licensees;

(b) On July 1st of each even-numbered year for persons licensed as fire and casualty licensees.

Article 3. Licensing

License requirement

1631. Unless exempt by the provisions of this article, a person shall not act in any of the capacities defined in Article 1 of this chapter unless he holds a valid license from the commissioner authorizing him to act in such capacity.

License eligibility

1632. Unless prohibited in this article, a person otherwise eligible for a license may be licensed to act in one or more of the capacities specified in this chapter.

Misdemeanor

1633. Any person who acts, offers to act, or assumes to act in a capacity for which a license is required without a valid license so to act is guilty of a misdemeanor.

Exceptions

1634. No license is required under the provisions of this chapter for a person to act in the following capacities:

(a) As an employee, not paid on a commission basis, of a title insurer;

(b) As a solicitor or agent of a mortgage insurer;

(c) As the attorney in fact of a reciprocal or interinsurance exchange;

(d) As a life insurance analyst;

(e) As a surplus line broker or special lines surplus line broker; or

(f) As a bail agent, bail solicitor or bail permittee.

Same

1635. No license is required under the provisions of this chapter for a person to act in the following capacities or to engage in the following activities, providing no commission

is paid or allowed, directly or indirectly, for acting in such capacities or engaging in such activities:

(a) The business of examining, certifying or abstracting titles to real property;

(b) The solicitation for membership in a fraternal benefit society and other activities to the extent and as described in Sections 11013 and 11102 of this code;

(c) As a salaried representative of a reciprocal or inter-insurance exchange or of its attorney in fact;

(d) Employment which does not include the solicitation, negotiation or effecting of contracts of insurance and the signing of policies or other evidences of insurance;

(e) As an officer of an insurer or a salaried traveling employee of the type commonly known as a special agent or as an agency supervisor, while performing duties and exercising functions such as are commonly performed by a special agent or agency supervisor, if the person engaging in such activity does not:

(1) Effect insurance; or

(2) Solicit or negotiate insurance except as a part of and in connection with the business of an insurance agent, insurance broker or life agent licensed under this chapter;

(f) As an officer or salaried representative of a life insurer if his activities are limited to direct technical advice and assistance to a properly licensed person and his activities do not include effecting insurance or soliciting or negotiating insurance except as a part of and in connection with the business of an insurance agent, insurance broker, or life agent licensed under this chapter.

(g) Employment by an insurer at its home or branch office which does not include the solicitation or negotiation of insurance, and which may as part thereof include the signing of policies or other evidences of insurance;

(h) The completion or delivery of a declaration or certificate of coverage under a running inland marine insurance contract evidencing coverage thereunder and including only such negotiations as are necessary to such completion or delivery if the person performing such acts or his employer has an insurable interest in the risk covered by the certificate or declaration; or

(i) As an employee of a licensed insurance agent or broker, whose employment is:

(1) That of a regularly salaried administrative or clerical employee who devotes substantially all of his services to activities other than the solicitation of insurance from the insuring public; or

(2) That of a salesman who devotes substantially all of his activities to selling merchandise and whose solicitation of insurance is limited only to the quoting of a premium for insurance to be included in the purchase price covering the interest retained in such merchandise by the seller.

1636. A natural person who is a joint holder of a firm license shall not be a holder of or named in any license to act as a life agent except firm licenses. Such natural person may conduct or assist in the conduct of a life insurance agency business for and on behalf of the organization which jointly holds a firm license with him. Joint holder of firm license

1637. An organization may hold any license or licenses necessary to act in the following capacities under this chapter and no others: Organization holding license

(a) A license to act as an insurance agent;

(b) A license to act as an insurance broker;

(c) A joint firm license to act as a life and disability agent;

(d) A joint firm license to act as a life only agent;

(e) A joint firm license to act as a disability only agent.

A joint firm license is a license to act as a life agent applied for and issued jointly in the name of an organization and one or more of the natural persons specified in Section 1647.

1638. A nonresident license, is a license issued to a person not a resident of this State. Nonresident license

1639. The following types of licenses under this chapter may be issued to nonresidents as hereinafter provided: Types of licenses

(a) An insurance agent or broker if the nonresident is duly licensed to transact more than one class of insurance, other than life insurance, disability insurance or life and disability insurance, under the laws of the state or province of Canada wherein he resides, provided such state or province does not prohibit a resident of this State from acting as an insurance agent or broker therein;

(b) A life and disability agent if the nonresident is licensed in the state of his residence to transact both life insurance and disability insurance;

(c) A life only agent if the nonresident is licensed in the state of his residence to transact life insurance and contracts supplemental thereto as defined in Subdivision (b) of Section 1626;

(d) A disability only agent if the nonresident is licensed in the state of his residence to transact disability insurance.

The class or classes of insurance which a person is licensed to transact in the state or province of his residence shall be determined according to the definitions of classes of insurance in Sections 101 to 120, inclusive, of this code. A certificate under official seal and original signature from the insurance regulatory authority of the nonresident's home state or province may be accepted as evidence of such applicant's license status and the capacity or capacities in which he is licensed.

1640. A person licensed to act as an insurance solicitor is not eligible at the same time for a license to act as an insurance agent or broker, and a person licensed to act as either an insurance agent or broker is not eligible at the same time for a license to act as an insurance solicitor. However, a person who terminates a license to act as an insurance broker to acquire a license to act as an insurance solicitor and who Eligibility

maintains such license to act as an insurance solicitor in force continuously may reacquire a license to act as an insurance broker upon meeting all the requirements therefor except those of Article 7 of this chapter.

Ineligibility for license

1641. A person licensed to act as a life insurance analyst is not eligible for any license under this chapter.

1642. An insurer or reciprocal or interinsurance exchange is not eligible for a license under this chapter.

1643. Except as provided in Section 1639, a person who is neither a citizen or a national of the United States nor an applicant for such citizenship is not eligible to be licensed as an insurance agent or broker under this chapter.

1644. A minor is not eligible for a license to act as an insurance agent or broker.

Requirements re examination

1645. A person is not eligible to take the qualifying examination for a license to act as an insurance broker unless he has:

(a) Successfully completed a course or courses of study approved as to method of instruction and content by the commissioner, covering the principal branches of the insurance business and requiring not less than 90 hours of classroom work or the equivalent thereof in correspondence work; or

(b) Successfully completed a course or courses of study approved as to method of instruction, content and number of hours by the commissioner, covering the principal branches of the insurance business and given to members of the armed forces by the United States Armed Forces Institute; or

(c) Been regularly employed by an insurance company, insurance broker, or an insurance agent, or licensed as an insurance agent, broker, or solicitor, in any state or any province of Canada for a period or periods aggregating not less than one year during the three years next preceding the date of application, in responsible insurance duties relating to classes of insurance other than life; provided, that time spent in military service shall be excluded in computing such three-year period; and he shall submit evidence satisfactory to the commissioner stating facts which show compliance with this requirement.

Such course or courses under subdivision (a) or (b) shall either (1) be given by a degree-conferring college or university which has, when such course is taken by such individual, a curriculum or curricula approved by the commissioner whether such course be given as part of any such curriculum or separately or (2) have been given by any other institution which maintains equivalent satisfactory standards of instruction, and which shall have been approved for such purpose by the commissioner.

The commissioner shall not so approve any curriculum, whether given by a degree-conferring college or university, a correspondence school, or any other institution, unless it includes instruction in: classes of insurance except life insurance; the fundamental characteristics of each of the types of

insurers admitted to transact insurance in California; the laws of the State of California relating to the transaction of insurance by insurance agents, brokers and solicitors; and such other subjects as the commissioner finds to be necessary to qualify a person to discharge his responsibilities as an insurance agent or broker or to exercise agency or brokerage powers.

Organization's eligibility

1646. An organization is not eligible for a license under this chapter if its articles of incorporation or association or agreement of copartnership forbid it to act in the capacity for which a license is sought.

Scope of license

1647. Only the following natural persons are eligible to be named under an organization license:

(a) Any general partner or employee of a copartnership;

(b) Any member, officer or employee of an association; and

(c) Any officer or employee of a corporation.

Limited partnership, etc.

1648. A limited partnership, unincorporated association or nonprofit corporation which is not the holder of a certificate of authority issued pursuant to Part 5, Division 2 of this code is not eligible to receive or to continue to hold a license as a fire and casualty licensee issued under this chapter unless each member thereof possesses an individual license to transact fire and casualty insurance or is named to exercise the agency or brokership powers of such limited partnership, unincorporated association or nonprofit corporation at all times; provided, that the commissioner may issue a license to a limited partnership upon a showing by the applicant satisfactory to the commissioner that the partnership agreement will not result in any violation of the provisions of Article 5, Chapter 1, Part 2, Division 1 of this code.

Qualification re limited broker's license

1649. A salaried employee or officer, exclusive of a director, of an admitted insurer, other than an insurer admitted to transact only life insurance or life and disability insurance, is not eligible for a license as an insurance broker, except that such person may, upon fulfilling all prerequisites for a license to act as an insurance broker, be granted a limited broker's license authorizing the transaction of insurance as an insurance broker on risks not located in this State.

Contents of license

1650. Every license issued under this chapter shall state on its face:

(a) The name of the licensee;

(b) The capacity in which he is licensed to act;

(c) The conditions, if any, subject to which the license is issued; and

(d) If issued to an organization, the name of each natural person who has qualified to be named thereon as defined in Section 1628.

Commissioner's powers

1651. The commissioner shall at all times retain full property rights in any document evidencing any license issued pursuant to Chapters 5, 6, 7, and 8 of this part. He may require the surrender of said document for any proper reason.

Article 4. Applications

Application

1652. A license under this chapter shall be applied for, and renewed by the filing with the commissioner of a written application therefor. Such application shall be on a form prescribed by the commissioner, which form shall prescribe the disclosure of such information as will aid the commissioner in determining whether the prerequisites for the license sought have been met. The commissioner may decline to act on an incomplete or defective application until an amended application which completes the prescribed form is filed with him.

Questionnaire to fire and casualty licensee

1653. After July 1st of odd-numbered years, the commissioner shall, irrespective of any license application or renewal application which the licensee may have filed, send a questionnaire to each fire and casualty licensee receiving total premiums of less than ten thousand dollars ($10,000) on insurance transacted under any and all fire and casualty licenses of such licensee as shown in the last application for renewal filed with the commissioner. Such questionnaire shall be in a form prescribed by the commissioner, shall be verified, shall disclose whether there has been compliance with Section 760 of this code, and may include questions to disclose whether there has been compliance with such other provisions of this code as the commissioner may determine. The commissioner may send the same or another form of questionnaire to any or all fire and casualty licensees licensed under this chapter. Failure by the licensee within 60 days from the mailing date thereof to answer, verify, and return such questionnaire to the commissioner shall be grounds for the suspension or revocation of the license of the particular licensee to which the questionnaire appertains.

Questionnaire to life licensee

1654. After July 1st of even-numbered years, the commissioner shall, irrespective of any license application or renewal application which the licensee may have filed, send a questionnaire to each person licensed as a life licensee receiving total commissions of less than one thousand dollars ($1,000) on insurance transacted by him under any and all life agent's licenses as shown in the last application for renewal filed with the commissioner. Such questionnaire shall be in a form prescribed by the commissioner, shall be verified, shall disclose whether there has been compliance with Section 760.5 of this code, and may include questions to disclose whether there has been compliance with such other provisions of this code as the commissioner may determine. The commissioner may send the same or another form of questionnaire to any or all life licensees licensed under this chapter. Failure by the licensee within 60 days from the mailing date thereof to answer, verify and return such questionnaire to the commissioner shall be grounds for the suspension or revocation of the license of the particular licensee to which the questionnaire appertains.

1655. No application for a license shall be deemed filed unless the document itself has been actually delivered to, and the proper filing fee, including any required application fee for any qualifying examination required by this chapter for the license applied for has been paid at an office of the commissioner during office hours, or unless both such document and the required fee or fees are filed and remitted pursuant to Sections 11002 and 11003 of the Government Code. Filing of application

1656. Every application for a license filed by an organization shall contain: Organization's application for license

(a) The names of the members, officers or employees of the applicant who may exercise the power and perform the duties under the license or be joint holders thereof; and

(b) An agreement by all members of the copartnership, or of an officer empowered to bind the association or corporation, that in the event the applicant is granted the license, only those persons named in the license will transact the insurance authorized under the license.

1657. An application for license as an insurance solicitor shall contain a statement by the employing agent or broker agreeing to employ the applicant upon issuance of the license. Insurance solicitor's application

1658. Each application for a license shall contain the principal business address of the applicant. In the case of an applicant for a license to act as a life agent, such address shall be his residence address unless he in good faith has established an office for the transaction of business separate from both the office of any insurer he is to represent and from the office of any general agent, other than the applicant, of any such insurer, in which case the address of that office may be used. Address requirement

1659. Every applicant for a nonresident license shall file with the commissioner a stipulation which shall recite the name of the applicant, the nonresident license applied for and shall agree: Applicant for nonresident license

"I (or we), do stipulate and agree:

"(a) That in any action or special proceeding brought against me (or us) in the State of California for or on account of any act or transaction lawfully permitted to be done or performed by me (or us) solely by reason of the existence of such license, any document or process may be served on the commissioner with the same effect as though served upon me (or us) and such service will give jurisdiction over me (or us) to the same extent as if I (or we) were a resident of the State of California.

"(b) That any action or special proceeding brought by me (or us) against the Insurance Commissioner of the State of California will be brought in the City and County of San Francisco or in the County of Los Angeles.

"(c) That I (or we) will appear at the Office of the Insurance Commissioner in the City of San Francisco or in the City of Los Angeles at any time, pursuant to notice of hearing, order to show cause, or subpoena issued by the commissioner, if such document is deposited in the United States mail, cer-

tified and postage prepaid, in a cover addressed to me (or us) at the last address filed by me (or us) with the commissioner, such deposit in mail being 31 or more days before the date specified in such document for such appearance, and that in the event of failure so to appear I (or we) hereby consent to any subsequent suspension, revocation, refusal to renew, or denial of such license by the commissioner."

Jurisdiction over non-resident

1660. The stipulation and agreement referred to in Section 1659 shall give jurisdiction over, and shall be binding pursuant to its terms upon, the person executing it.

Whenever any document is served upon the commissioner pursuant to the terms of such stipulation and agreement, he shall transmit a copy thereof to the respective licensee or former licensee by depositing the same in the United States mail, certified and postage prepaid, in a cover addressed to the person on behalf of which the commissioner was so served. Such deposit shall be made within 10 days of such service on the commissioner and such service shall be complete as to such person at the end of 60 days after service on the commissioner.

Change in persons transacting insurance

1661. Whenever an organization licensed as an insurance agent or broker, desires to change, remove, or add to, the natural person or persons who are to transact insurance under authority of its license, it shall immediately file an application with the commissioner for an endorsement changing its license accordingly. The commissioner shall require that the qualifying examination provided by this code be taken by any natural person named by such organization to exercise its agency or brokerage powers who, if he were applying for an individual license, would be required to take and pass the qualifying examination. Such natural person or persons and such organization are in all other respects subject to the provisions of this chapter and the insurance laws.

Article 5. Bonds

Bond

1662. An applicant for a license as an insurance broker shall, as part of his application, file the bond as required by this article, and, if licensed, shall continuously maintain such bond in force.

Requirements

1663. Such bond shall be duly executed by an admitted surety insurer, shall be continuous in form, and shall be in favor of the people of the State of California.

Period of bond

1664. Such bond shall remain in force and effect until the surety is released from liability by the commissioner or until the bond is canceled by the surety. The surety may cancel the bond and be released of further liability thereunder by delivering 30 days' written notice to the commissioner. Such cancellation shall not affect any liability incurred or accrued thereunder prior to the termination of the 30-day period. Upon receipt of any notice of cancellation, the commissioner shall immediately notify the licensee.

1665. The bond of an insurance broker shall be in the amount of one thousand dollars ($1,000), and the total aggregate liability on such bond shall be limited to such amount. Such bond shall be contingent on the accounting by the broker to any person requesting the broker to obtain insurance, for moneys or premiums collected by the broker for insurance other than life. Amount

Article 6. License Qualifications

1666. Upon the filing of an application for a license in accordance with Article 4 of this chapter, the commissioner may make such investigation and require the filing of such supplementary documents, affidavits and statements as may be necessary to obtain a full disclosure of such information as will aid him in determining whether the prerequisites for the license have been met. If the applicant makes a showing satisfactory to the commissioner that he meets all such prerequisites, the commissioner, if the applicant be eligible therefor, may issue a certificate of convenience, and upon the applicant meeting any applicable examination requirements may issue a permanent license. Investigation

1667. Except as provided in Section 1669, a license shall not be denied without an opportunity to the applicant to be heard in support of his application. When a hearing is held, the proceedings shall be conducted in accordance with Chapter 5 of Part 1 of Division 3 of Title 2 of the Government Code. Hearing

1668. The commissioner may deny an application for any license issued pursuant to this chapter if: Denial of license. Causes

(a) The applicant is not properly qualified to perform the duties of a person holding the license applied for;

(b) The granting of the license will be against public interest;

(c) The applicant does not intend actively and in good faith to carry on as a business with the general public the transactions which would be permitted by the issuance of the license applied for;

(d) The applicant is not of good business reputation;

(e) The applicant is lacking in integrity;

(f) The applicant has been refused a professional, occupational or vocational license or had such a license suspended or revoked by any licensing authority for reasons that should preclude the granting of the license applied for;

(g) The applicant seeks the license for the purpose of avoiding or preventing the operation or enforcement of the insurance laws of this State;

(h) The applicant has knowingly or wilfully made a misstatement in an application to the commissioner for a license, or in a document filed in support of such an application, or has made a false statement in testimony given under oath before the commissioner or any other person acting in his stead;

(i) The applicant has previously engaged in a fraudulent practice or act or has conducted any business in a dishonest manner;

(j) The applicant has shown incompetency or untrustworthiness in the conduct of any business, or has by commission of a wrongful act or practice in the course of any business exposed the public or those dealing with him to the danger of loss;

(k) The applicant has knowingly misrepresented the terms or effect of an insurance policy or contract;

(*l*) The applicant has failed to perform a duty expressly enjoined upon him by a provision of this code or has committed an act expressly forbidden by such a provision;

(m) The applicant has been convicted of:

(1) A felony;

(2) A misdemeanor denounced by this code or other laws regulating insurance; or

(3) A public offense having as one of its necessary elements a fraudulent act or an act of dishonesty in acceptance, custody or payment of money or property;

(n) The applicant has aided or abetted any person in an act or omission which would constitute grounds for the suspension, revocation or refusal of a license or certificate issued under this code to the person aided or abetted;

(o) The applicant has permitted any person in his employ to violate any provision of this code; or

(p) The applicant has violated any provision of law relating to conduct of business which could lawfully be done only under authority conferred by such license.

1669. The commissioner may, without hearing, deny an application if the applicant has:

(a) Committed a felony as shown by a final judgment of conviction thereof;

(b) Committed a misdemeanor denounced by this code or by other laws regulating insurance as shown by a final judgment of conviction thereof;

(c) Had a previous application for a license denied for cause within five years before the filing of the application to be acted upon; or

(d) Had a previously issued license suspended or revoked for cause within five years before the filing of the application to be acted upon.

Automatic denial of application

1670. If an applicant for any license under this chapter within six months from the date of the receipt by the commissioner of the application, whether or not the filing is complete, or within six months from the date of the issuance to him of a certificate of convenience, if any, whichever is the later date, neither fully qualifies for and receives such license on a permanent basis, nor is denied its issue, such application is automatically denied without prejudice to the filing of a new application for such license.

Conclusive presumption

1671. It shall be conclusively presumed that an applicant does not intend actively and in good faith to carry on the business of (1) a fire and casualty licensee if the license is sought primarily for the purpose of transacting personal or controlled insurance as defined in Section 760, or (2) a life licensee if the license is sought primarily for the purpose of transacting personal or controlled insurance as defined in Section 760.5.

Denial of organization's application

1672. The commissioner may deny an application filed by an organization, unless both the organization and all natural persons named thereon meet the qualifications for the license for which such application is filed, but the qualifying examination shall be administered only to natural persons. In case the application is for more than one natural person to be named thereon and at least one, but not all, of such persons satisfy the examination requirement, the commissioner may issue such license omitting therefrom the names of the person or persons who fail to satisfy the examination requirement.

Life insurer transacting disability insurance

1673. A person licensed as an insurance agent may be authorized to transact disability insurance on behalf of life insurers by the filing of an appointment by a life insurer for that purpose. The commissioner shall prescribe the forms of such appointments.

Article 7. License Qualification Examinations

Exemptions

1675. Except as provided in Section 1680, the following applicants who have theretofore been licensed under this code are exempt from the requirements of this article:

(a) An applicant for a license to act as an insurance broker who has been licensed as an insurance broker or surplus line broker during any part of the license year in which the application is filed or the immediately preceding license year;

(b) An applicant for a license to act as an insurance agent or insurance solicitor who has been licensed as an insurance broker, surplus line broker, insurance agent or insurance solicitor during any part of the license year in which the application is filed or the immediately preceding license year;

(c) An applicant for a license to act as a life only agent who has been licensed to transact life insurance during any part of the license year in which the application is filed or the immediately preceding license year;

(d) An applicant for a license to act as a life and disability agent who has been licensed to transact life insurance and all types of disability insurance during any part of the license year in which the application is filed or the immediately preceding license year;

(e) An applicant for a license to act as a disability only agent who has been licensed to transact all types of disability insurance during any part of the license year in which the application is filed or the immediately preceding license year;

(f) An applicant for a license to act as travel insurance agent;

(g) An applicant for a license who is the holder of a valid certificate entitling him to the license requested, issued pursuant to Sections 1714 or 1715;

(h) An applicant specifically exempted from the particular qualifying examination requirement by other provisions of this code.

Permanent license examination

1676. Except as set forth in Sections 1675 and 1679, the commissioner shall not issue a permanent license pursuant to this chapter to an applicant therefor until such applicant has taken and passed the qualifying examination for such license.

Examination requirements

1677. Every qualifying examination for a license under this chapter shall be in writing and shall be of sufficient scope to satisfy the commissioner that the applicant has sufficient knowledge of and is reasonably familiar with the insurance laws of this State and with the provisions, terms and conditions of the insurance which may be transacted pursuant to the license sought, and has a general and fair understanding of the obligations and duties of the holder of such license.

Time and place of examination

1678. The commissioner shall, at least once each month, give in each of the cities in which he has an office qualifying examinations under this chapter. He may give such examinations at more frequent intervals or in other places throughout the State.

Nonresident examination

1679. A nonresident applicant for a license shall be subject to the same qualifying examination as is required of a resident applicant. Such examination may be administered to an eligible nonresident applicant through the insurance authority of the state or province of Canada of his residence; provided, however, that the commissioner may, in his discretion, enter into a reciprocal arrangement with the officer having supervision of the insurance business in any other state or province of Canada whose qualification standards for the applicant to be examined are substantially the same as or in excess of those of this State, to accept, in lieu of the examination of an applicant residing therein, a certificate of such officer to the effect that the applicant is licensed in that state or province of Canada in a capacity similar to that for which a license is sought in this State and has complied with its qualification standards in respect to the following:

(a) Experience or training,

(b) Reasonable familiarity with the broad principles of insurance licensing and regulatory laws and with the provisions, terms and conditions of the insurance which the applicant proposes to transact, and

(c) A fair and general understanding of the obligations and duties of a holder of the license sought.

Exception

1680. If a nonresident secures a license without examination through the filing of a certificate described in Section 1679 and thereafter seeks a license as a resident, he must take and pass the qualifying examination for the license sought.

Failure of examination

1681. If an applicant fails the qualifying examination, he may, subject to the provisions of this article and such rules

and regulations as may be promulgated hereunder, retake such qualifying examination within the six months period prescribed in Section 1670 during which he must qualify for the license sought.

Rules

1682. The commissioner may, in accordance with the procedure set forth in Chapter 4 of Part I of Division 3 of Title 2 of the Government Code, promulgate rules setting reasonable time limits within which a person who has twice failed an examination or failed to fulfill examination requirements may not take further examinations.

Notice of examination

1683. At a reasonable time before an applicant is required to appear for a qualifying examination, the commissioner shall send him written notice thereof. Such notice shall set forth the time and place of such examination. The commissioner shall not send such notice to an applicant until he has paid the fee required for filing application to take or retake such examination. If an applicant fails to appear at the time and place set for the examination, he shall be deemed to have failed the examination. If the applicant fails the qualifying examination, the commissioner shall give him written notice thereof.

Applicant defined

1684. Except as otherwise provided in this article, whenever reference is made in this article to an applicant for a license, such reference includes each natural person who applies to be named on the license of an organization, and wherever reference is made to a person who has been licensed in a specified capacity, such reference shall also apply to a person named to act in such capacity under the license of an organization.

Article 8. Certificates of Convenience

Certificates of convenience

1685. The commissioner may issue to a person eligible therefor a certificate of convenience to act as:

(a) An insurance agent, insurance broker or life agent to administer the business of an insurance agent, insurance broker or life agent who has died or who has been declared incompetent by the judgment of a court of competent jurisdiction. Such certificate of convenience may be denominated an estate certificate of convenience;

(b) Any type of a licensee under this chapter or Chapters 6, 7 or 8 of this part or Part 5 of Division 2 of this code to conserve the business of a natural person who enters the military service of the United States or to conserve the business of an organization under the conditions specified in Section 1697. Such certificate of convenience may be denominated a military service certificate of convenience;

(c) An insurance agent;

(d) An insurance solicitor;

(e) A life and disability agent;

(f) A life only agent;

(g) A disability only agent.

Certificates of convenience issued pursuant to subsections (c), (d), (e), (f), and (g) hereof may be denominated certificates of convenience pending examination.

Estate certificate of convenience

1686. To be eligible for an estate certificate of convenience, a person must be:

(a) The executor or administrator of the estate of a deceased insurance agent, insurance broker or life agent; or

(b) If no executor or administrator has been appointed, the widow or heir otherwise entitled to conduct the business of such deceased insurance agent, insurance broker or life agent; or

(c) The guardian of the estate of an incompetent insurance agent, insurance broker or life agent.

Military service certificate of convenience

1687. Except as provided in Section 1637, to be eligible for a military service certificate of convenience, a person must be nominated therefor by the holder of a permanent license who, while the holder thereof, entered the military service of the United States. "Military service" and "persons in the military service" have the meanings ascribed to them by Section 101 of the Soldiers' and Sailors' Relief Act of 1940.

Requirements pending examination

1688. To be eligible for a certificate of convenience pending examination, a person must be an applicant for a permanent license, and any certificate of convenience issued shall only be to act in the capacity for which such license is sought.

Education requirement

1689. A natural person who is an applicant for a license as an insurance agent or solicitor is not eligible for a certificate of convenience pending examination if he has ever before been licensed or named on a license to act as an insurance agent, broker, or solicitor, nor unless at least one appointing insurer, or in the case of a solicitor the appointing agent or broker certifies to the commissioner that such person is enrolled in and will pursue a course of study and instruction previously approved by the commissioner and given by or on behalf of the appointing insurer, agent or broker.

Before approving any such course the commissioner shall be satisfied that it meets all the following requirements:

(a) That it covers the fundamentals of insurance, and instruction in those classes of insurance in which the applicant is going to be engaged.

(b) That it contains a system of progress checks whereby it can be determined whether the person is taking the course in good faith and obtaining information and training Such progress checks shall be in writing, be taken by the person himself, and kept on file in the State for a period of two years.

Same

1690. An applicant for a license to act as any type of life licensee is not eligible for a certificate of convenience pending examination if he has ever before been licensed to act as any type of life licensee, nor unless the appointing insurer certifies to the commissioner that such applicant is enrolled in and will pursue a course of study and instruction previously approved by the commissioner and given by or on behalf of such insurer.

Before approving such course of study and instruction, the commissioner shall be satisfied that it meets all of the following requirements:

(a) That it covers the fundamentals of the life and disability business, life business or disability business, as the case may be, and gives instruction designed to protect the insuring public.

(b) That it includes further instruction commensurate with the type of business in which the applicant is to engage.

(c) That it contains a system of written progress checks whereby it can be determined whether the applicant is taking the course and obtaining information or training. A record of such progress checks must be kept on file for a period of two years in this State.

Approval of instruction

1691. The approval of any such course of study and instruction specified in Sections 1689 and 1690 may be withdrawn by the commissioner if he finds after notice and hearing that:

(a) Such course as administered does not meet the requirements for its approval; or

(b) Such course is not then adequate to meet the requirements hereinabove set forth.

Withdrawal of approval

1692. Upon withdrawal of approval of such course given by or on behalf of an insurer, insurance agent or broker the commissioner shall forthwith call all holders of certificates of convenience who are appointees of such insurer, agent or broker for examination and shall not accept any certificates from such insurer, agent or broker as a basis for the further issuance of certificates of convenience until the course or courses have been revised to meet the requirements of Section 1689 or Section 1690 as applicable, and have been resubmitted to and reapproved by the commissioner.

A certificate of convenience shall not be revoked and a holder of such a certificate shall not be called for examination pursuant to this section without a hearing on notice to the holder. The proceedings shall be conducted in accordance with Chapter 5 of Part 1, Division 3, Title 2 of the Government Code, and the commissioner shall have all the powers granted therein.

Estate certificate expiration

1693. An estate certificate of convenience expires upon the happening of any of the following events, whichever occurs first:

(a) Upon the filing with the commissioner of a certified copy of an order appointing an executor or administrator, if such certificate of convenience has been issued to a person other than the person so appointed executor or administrator.

(b) Upon the filing with the commissioner of a certified copy of an order appointing a new guardian of the estate of an insurance agent, insurance broker or life agent who has been judicially declared incompetent.

(c) Upon the disposal of the business of the deceased or incompetent insurance agent, insurance broker or life agent.

(d) Upon the expiration of one year after the death of the deceased insurance agent, insurance broker or life agent; provided, however, that if during the said year the holder of such certificate of convenience files an application for a license to act as an insurance agent, insurance broker or life agent in his individual capacity, then such certificate of convenience may remain in force until the holder thereof has been given an opportunity to take the qualifying examination for such license.

(e) Upon the restoration to competency of the insurance agent, insurance broker or life agent.

Military service certificate termination

1694. A military service certificate of convenience shall terminate upon the relicensing of the nominating licensee, but in no event shall it remain in force beyond the period set forth in Section 1722.

Certificate pending examination

1695. A certificate of convenience pending examination to act as an insurance agent or solicitor expires at one of the following times, whichever occurs first:

(a) Two days after the mailing of notice of failure of the qualifying examination; or

(b) Six months after the issuance of the certificate of convenience.

Expiration of certificate pending examination

1696. A certificate of convenience pending examination to act as any type of a life licensee expires at one of the following times, whichever occurs first:

(a) Forty-five days after the failure of the qualifying examination; or

(b) Six months after the issuance of the certificate of convenience. If more than one certificate of convenience has been issued to a natural person, the expiration date of the first certificate issued shall be the termination date of all certificates of convenience issued to him.

Issuance of military service certificate to organization

1697. A military service certificate of convenience may be issued to an organization only under the following circumstances:

(a) Such organization is the holder of a permanent license, and

(b) The person entering the military service of the United States is the only natural person named on the fire and casualty license of such organization, or the only natural person jointly holding a license to act as a life agent with such organization.

Expiration

1698. The military service certificate of convenience referred to in Section 1697 expires at one of the following times, whichever occurs first:

(a) Upon the qualification of a natural person to be named on the permanent license of the organization; or

(b) Six months after the issuance of the certificate of convenience.

Right to permanent license

1699. If a person acting under a certificate of convenience pending examination passes the qualifying examination and is otherwise eligible for the permanent license applied for, such

permanent license may be issued to him; provided that, if he becomes entitled to such permanent license in a license period for which the application filing fee for license has not been paid, such permanent license shall not be issued to him until he pays the required fee. If he fails to pay such fee within 60 days after notice of his eligibility for such permanent license, his right thereto is forfeited. This section shall not operate to extend any certificate of convenience pending examination beyond six months after the issuance thereof.

Failure of examination

1700. If the holder of any certificate of convenience pending examination to act as an insurance agent or solicitor fails the qualifying examination by reason of his failure to appear for examination, the commissioner may require the cancellation of any or all contracts of insurance transacted by or through the holder of such certificate of convenience and may cancel the certificate of authority of any insurer which fails to comply with such order.

Holder of certificate

1701. The holder of a certificate of convenience may not transact insurance, nor participate directly or indirectly in any commissions paid thereunder or therefor covering himself or any person specified in Sections 760 or 760.5, except that the holder of a certificate of convenience to act in the following capacities may, if he receives no commissions thereon until after he has received his permanent license, transact personal insurance upon himself to the following extent:

(a) As a life and disability agent or life only agent, life insurance for a face amount of not exceeding five thousand dollars ($5,000);

(b) As a life and disability agent or disability only agent, disability insurance under which the largest specific indemnity is not more than ten thousand dollars ($10,000).

Article 9. Issuance of Licenses

Issuance of licenses

1702. All licenses issued pursuant to this chapter shall be issued to the holder thereof, except that:

(a) A license to act as an insurance solicitor shall be issued to his employing agent or broker; and

(b) A license to act as a life licensee shall be mailed or delivered to the appointing insurer.

Separate licenses

1703. An applicant for a license to act as a life and disability agent, or life only agent or disability only agent shall file a separate application for, and secure a separate license for each insurer for which he intends to act in such capacity.

Statement of insurer

1704. When an applicant for any of the licenses specified in Section 1703 is at the time of the filing of his application not licensed to act in any such capacity, he shall file with his application a statement by a duly authorized representative of the insurer which he seeks to represent, setting forth the following:

(a) The applicant is known to him.

(b) The applicant has had experience or instruction in the classes of insurance, the transaction of which is authorized by the license sought, or will be given the necessary instruction within 30 days after the issuance of such license.

(c) The nature of any business other than insurance in which the applicant is engaged and the name under which such business is conducted.

(d) The applicant is of good reputation.

(e) The applicant is worthy of a license.

Exception

1705. The provisions of Section 1704 do not apply to a holder of a license to act as a life agent who desires to transact for other insurers a class or classes of insurance which he is entitled to transact for an insurer under any existing life agent's license.

Such holder may secure such additional licenses by the filing of an application in the form of a certificate of appointment executed by such holder and by the insurer, jointly. Such certificate of appointment shall bear written evidence of acceptance of the appointment by the agent.

Notice of appointment

1706. Every applicant for a license to act as an insurance agent or as a travel insurance agent must file with the commissioner a notice of appointment executed by an insurer, or its authorized representative, admitted to transact one or more classes of insurance included within the scope of the license sought, appointing such applicant, upon licensing, its agent in this State. Additional notices of appointment may be filed by other insurers before such license is issued and thereafter as long as such license remains in force. Such appointment shall, by its terms, continue in force until:

(a) The termination of the license applied for; or

(b) The filing of a notice of termination by the insurer, its representative, or by such insurance agent or travel insurance agent.

Triplicate filing

1707. Each notice of appointment or notice of termination filed by an insurer pursuant to this article shall be filed in triplicate on forms prescribed by the commissioner. The commissioner shall retain one copy thereof in his files, forward one copy thereof to the insurance agent or travel insurance agent whose appointment is effected or terminated, and return one copy thereof to the insurer or insurer's representative filing either such notice.

Article 10. Termination of Licenses

Surrender of license by licensee

1708. A licensee may at any time surrender for cancellation any license under which he is permitted to act in any of the capacities specified in this chapter. If the license is in the possession of the licensee, surrender may be accomplished by the delivery of the document itself to the commissioner. If the license is in the possession of the insurer or the licensee's employer, the licensee may nevertheless make such surrender by written notice thereof delivered to the commissioner.

1709. A life or disability insurer may at any time surrender to the commissioner for cancellation any license under which any person may act as a life licensee on its behalf, and the employing insurance agent or broker may at any time surrender to the commissioner for cancellation any license under which any employee of his acts as an insurance solicitor. Surrender of license by insurer

1710. All licenses issued to natural persons terminate upon the death of such person. Termination upon death

1711. For the purposes of this chapter and except as provided in this article, an organization ceases to exist as an entity eligible to hold a license: Organization's termination

(a) Upon dissolution of a copartnership or upon any change in membership of a copartnership.

(b) Upon the termination of an association.

(c) Upon dissolution of a corporation.

Provided, however, should a change occur in the membership of a copartnership licensed under this chapter, the surviving or continuing copartnership may continue to transact insurance under the license issued to the predecessor copartnership until action is taken by the commissioner on the application herein prescribed if:

(1) The surviving or continuing copartnership immediately files an application on a form prescribed by the commissioner for registration of such change in membership, and pays the lawful fee therefor and, if licensed to transact as an insurance broker, furnishes the bond required under Article 5 of this chapter, and

(2) At least one person who exercised the agency or brokership powers of the predecessor copartnership continues to exercise the agency or brokership powers of the surviving or continuing copartnership, and

(3) Such application for registration be signed by a general partner.

1712 The termination of the existence of the license entity as provided in Section 1711, automatically terminates the right of that entity and of any persons named on its license to transact insurance thereunder; except that a natural person, copartnership, association, or corporation licensed under this article, may continue to transact insurance under an existing license in either a different capacity or as a different organization or entity if no additional license examination qualification is required and if no substantial change in ownership and no change in control of the licensed insurance business has taken place; provided, that immediately following such change the person or the successor copartnership, association or corporation files a properly completed and executed application in the form prescribed by the commissioner for an appropriate license and pays the lawful fees therefor. Automatic termination

Nothing herein shall be construed to nullify any provision of Section 1718 except that any fee paid as required by subdivision (a) of Section 1718 for a license not issued, or one-half of any double fee paid as required by subdivision (b) of

Section 1718 for a license not issued, may be applied towards the fee for filing an application under this section.

Return of license

1713 Upon the termination of all appointments of a natural person licensed as an insurance agent by insurers or upon the termination of the employment of an insurance solicitor by an insurance agent or insurance broker, or upon the termination of a license to act as a life agent, such license shall be returned by its lawful custodian to the commissioner for cancellation. If unable to return the license such custodian shall furnish evidence of loss or destruction satisfactory to the commissioner who shall thereupon cancel the license and shall enter the cancellation in his records.

Reacquisition of license

1714. If all appointments of a natural person licensed as an insurance agent by insurers are terminated or if the employment of an insurance solicitor is terminated, the licensee, upon request, is entitled to a certificate from the commissioner stating that a license will be issued to him upon the filing of a notice of appointment of agent or a statement of employment, as the case may be; provided, however, that such right to the reacquisition of a license must be renewed in the same manner and subject to the payment of the same fees as the license itself.

Same

1715. If all of any type of licenses to act as a life agent which a natural person holds are terminated, such licensee, upon request, is entitled to a certificate from the commissioner stating that a license to act as a life agent of the same type so terminated for which he is exempt from examination under subdivisions (c), (d) and (e) of Section 1675 will be issued to him upon the filing of an application with filing fee and a notice of appointment by an insurer; provided, however, that such right to the reacquisition of a license must be renewed in the same manner and subject to the payment of the same fees as the license itself.

Article 11. License Terms

Scope of article

1716. The provisions of this article shall not apply to any certificate of convenience other than a military service certificate of convenience issued to a natural person.

Term of licenses

1717. Except as provided in Sections 1720 and 1721 all licenses issued under this chapter shall be for a license term of two years. Such licenses may be issued for all of such two-year term, or, upon application made during any such term, for the balance thereof. Such license term shall commence as follows:

(a) For persons licensed to act as life licensees, on the first day of July of each odd-numbered year;

(b) For persons licensed to act as fire and casualty licensees, on the first day of July of each even-numbered year.

Application for renewal

1718. (a) Application for renewal of a license may be filed on or before April 15th prior to the termination of the license year or term upon payment of the fee for filing specified in Section 1750.

(b) Such application for renewal of a license may be filed between April 15th and July 1st of such year upon payment of a fee two times that specified in Section 1750 for such filing.

(c) Upon failure to file application as provided in either (a) or (b) hereof, the license shall expire on July 1st of the applicable year, but the holder may file an application for a new license. Until June 30th of the next succeeding year, the fee shall be two times that specified in Section 1750 for such filing. The commissioner shall mail notice of such expiration not later than June 20th of the applicable year to:

(1) The licensee.

(2) The employing insurance agent or broker, if any. Failure to mail such notice shall not continue the right to a license.

(d) The commissioner shall maintain for a reasonable time readily available for inspection of appointing insurers the names and addresses of the insurance agents and life agents to whom notices of expiration of license were mailed pursuant to subsection (c) hereof or may in lieu thereof prepare and mail to all insurers making request for the same a listing of such names and addresses.

Less than one-year term

1719. The commissioner shall not issue any permanent license with a period of less than one year to any person between said April 1st and the succeeding July 1st unless such person shall have also filed an application for renewal of the license for that license year or term directly following such July 1st to which such application for renewal relates and shall have paid the fee for filing specified in Section 1750. As to the filing of such renewal application, the provisions of Section 1718 shall not be applicable.

Fire and casualty licensee

1720. Any individual applicant for license to act as a fire and casualty licensee who has not held or been named on any license to act as a fire and casualty licensee issued pursuant to this chapter during any portion of the period preceding his application for such license consisting of the five license years ending with the preceding July 1st plus the fractional license year, if any, may, at his option, apply for a license for the license year or term ending with the next June 30th, subject to the provisions of Section 1719. If such June 30th is in an odd-numbered year, application for renewal of such license either under Section 1718 or Section 1719 shall be only for the term ending on the following June 30th, at the appropriate fee for such shorter period.

Life licensee

1721. Any application for license to act as a life licensee for the purpose of representing an insurer for whom the applicant has held no license, issued pursuant to this chapter, during any portion of the preceding or the current two-year license term provided for in Section 1717, may, at the option of the applicant, be for a license year or term ending with the next June 30th. The provisions of Section 1719 shall not apply to such a license, unless such applicant so elects. The fee for filing such an application shall be the amount specified for one

license year. Except as hereinafter limited, an application for renewal of such a license may, at the election of the licensee, be for periods of one license year ending with June 30th, at the appropriate fee for such shorter periods. If such license be first issued in a license year which commenced with the July 1st of an even-numbered year, two such renewals for a period of one license year may be made, otherwise only one such renewal may be made.

Waiver of application

1722. If a natural person while licensed pursuant to the provisions of this chapter enters the military service of the United States and is in such service at a time prescribed for the filing of a renewal application, the filing of such application is waived, and the license held by such licensee at the time of his entry into military service shall remain in force during the period of such military service and until the end of the license year in which he is released from such service but not for less than six months after such release. During such period such person may secure a license of the type held by him on his entry into military service upon the filing of an application and paying the fee therefor without the necessity of taking any examination or paying any penalty.

1723. If a natural person named on the license of an organization, issued pursuant to the provisions of this chapter, enters the military service of the United States and while in such service his name is deleted from such license, the right of such person to a license to act in the capacity for which he was named on such license shall continue for the period set forth in Section 1722.

Article 12. Conduct of Licensee

Certificate of convenience

1724. Except as provided in Section 1703, the holder of a certificate of convenience pending examination, and, in the case of an organization, any person named on its certificate of convenience, may not transact personal or controlled insurance as the same is defined in Insurance Code Sections 760 and 760.5, whichever is applicable, nor receive commissions thereon.

License display. Agent or broker

1725. Every license to act as an insurance agent or broker shall be prominently displayed by the holder thereof in his office.

Same: Solicitor

1726. Every license to act as an insurance solicitor shall be prominently displayed by the employing insurance agent or broker in the office from which the insurance solicitor conducts his business.

Records

1727. Every insurance agent or broker shall keep complete records of all insurance transacted by him and of the collection of all premiums and of the names of all persons from whom business is accepted or to whom commissions are promised or paid.

Such records shall be open to inspection or examination of the commissioner at all times and the commissioner may at any

time require such licensee to furnish him, in such manner or form as he requires, any information kept or required to be kept in such records.

Office

1728. Every resident insurance agent or broker shall maintain an office in this State for the transaction of business. The address of such office shall, pursuant to Section 1658, be specified on all applications for license and renewal applications. The records referred to in Section 1727 shall be kept at such address.

Change in address

1729. Every licensee and every applicant for a license shall immediately notify the commissioner in writing of any change in his address as given to the commissioner pursuant to Sections 1658 and 1728.

Unauthorized transactions

1730. A licensee shall not misrepresent the type of license under which he is transacting insurance, nor shall he engage in transactions not authorized by the licenses held by him.

Presumption of agent capacity

1731. If a person be licensed to act as an insurance broker and as an insurance agent, he shall be deemed to be acting as an insurance agent in the transaction of insurance placed with those insurers for whom a notice of appointment has been filed with the Insurance Commissioner in accordance with Section 1706 and is then in force.

Broker acting as agent

1732. A person licensed as an insurance broker may act as an insurance agent in collecting and transmitting premium or return premium funds and delivering policies and other documents evidencing insurance without being licensed as an insurance agent.

Fiduciary capacity

1733. All funds received by any person acting as an insurance agent, broker or solicitor, life agent, life analyst, surplus line broker, special lines surplus line broker, motor club agent, or bail agent or solicitor, as premium or return premium on or under any policy of insurance or undertaking of bail, are received and held by such person in his fiduciary capacity. Any such person who diverts or appropriates such fiduciary funds to his own use is guilty of theft and punishable for theft as provided by law.

Fiduciary funds

1734. This section applies to any person licensed, whether under a permanent license, restricted license, temporary license, or certificate of convenience, to act in any of the capacities specified in Section 1733. If fiduciary funds, as defined in Section 1733 and held for one or more principals, are maintained in accordance with subsection (b) hereof, such funds for other principals may be held and remitted in accordance with subsection (a) hereof. Otherwise each such person who does not make immediate remittance of all funds received as premium to the insurer entitled thereto must elect and follow with respect to such funds, one of the following methods:

(a) Remit premiums, less commissions, and return premiums received or held by him to the insurer or the person entitled thereto within fifteen (15) days after the receipt thereof; or

(b) Maintain such fiduciary funds at all times in a bank account or depository separate from any other account or depository, in an amount at least equal to the premiums and return premiums, net of commissions, received by him and unpaid to the persons entitled thereto or, at their direction or pursuant to written contract, for the account of such persons. However, such person may commingle with such fiduciary funds in such account or depository such additional funds as he may deem prudent for the purpose of advancing premiums, establishing reserves for the paying of return commissions or for such contingencies as may arise in his business of receiving and transmitting premium or return premium funds. Further, such person may commingle the funds of any principal with his own funds to an unlimited extent, if such principal in writing specifically waives the segregation requirements of this section. Commingling of funds as herein permitted shall not alter the fiduciary nature of such premium or return premium funds.

Managing general agent

1735. As used in this section a managing general agent is a licensed insurance agent who, (1) has a written management contract with one or more admitted insurers covering business transacted by the insurer in a substantial portion of the State of California; (2) under such contract manages the transaction of either all or one or more of the classes of insurance written by such insurers in that territory or the transactions therein by such insurers under a specified fictitious underwriter's name; (3) has the power to appoint, supervise and terminate this appointment of local agents in such territory; (4) has the power to accept or decline risks; and (5) collects premium moneys from producing agents and brokers and remits such moneys to such insurers pursuant to the account current system.

Any such managing general agent may, with respect to any principals for whom fiduciary funds are held, either comply with Section 1734 or with respect to such principals as have in writing specifically waived the segregation requirements of said section, comply with this section. A managing general agent electing to comply with this section may commingle the funds of any such principal with his own funds to an unlimited extent and shall maintain such fiduciary funds held for such principals at all times in a bank account or depository in an amount equal to the net aggregate for all such principals of the premiums and return premiums, net of commissions, received by him and unpaid to the persons entitled thereto or, at their direction or pursuant to written contract, for the account of such persons In computing such net aggregate any balance owed to such managing general agent by any principal may be deducted only if (1) such balance will, in the normal course of business and pursuant to written contract, be paid or allowed to such managing general agent by such principal and (2) such principal is not in liquidation or conservation in

any jurisdiction and is not the subject of voluntary or involuntary receivership proceedings.

Conduct prescribed

1736. If any acts are forbidden or conduct prescribed by any provisions of this code, such acts shall not be performed and such conduct shall be followed by both the organization and by any person named to exercise the power and perform the duties under any license issued to such organization.

Article 13. Disciplinary Actions

Purpose

1737. The purpose of this chapter is to protect the public by requiring and maintaining professional standards of conduct on the part of all persons licensed hereunder.

Grounds of suspension or revocation

1738. The commissioner may suspend or revoke any permanent license issued pursuant to this chapter on any of the grounds set forth in Article 6 hereof on which he may deny an application. Whenever in such grounds the word "applicant" is used, such word shall for the application of this section be the words "the holder of a permanent license." A suspension or revocation based upon a ground set forth in Section 1669 may be without notice or hearing. Suspension or revocation of any permanent license, except a restricted license, on a ground other than that set forth in Section 1669 shall be after notice and hearing conducted in accordance with Chapter 5, Part 1, Division 3, Title 2 of the Government Code, and the commissioner has all of the powers granted therein.

Same, organization

1739. Where a permanent license is held by an organization both the organization itself and any natural persons named thereon shall, for the purposes of this article, be deemed to be the holders thereof. If such natural person commits any act or fails to perform any duty which is a ground for suspension or revocation of the license held by the organization, such action may be taken against the organization. If any natural person named under an organization license commits any act or fails to perform any duty which is a ground for the suspension or revocation of any license held by such organization, the commissioner may suspend or revoke the license of the organization, the right of the natural person to act thereunder, any other license held by the natural person, or his right to act under any other license, or may take all such steps.

Findings

1740. The certificate of the commissioner certifying any facts found after a hearing held under this chapter shall be prima facie evidence of the facts set forth therein.

Hearing and proof of qualifications

1741. If the commissioner finds, after a hearing, that there be grounds for the denial of an application for a license to act in any capacity set forth in Article 1 of this chapter or if he finds, after a hearing, that any licensee has violated the provisions of this code and that such violation would justify the suspension or revocation of any license held by such person, the commissioner may order him to prove his qualifications by taking and passing the qualifying examination for any such license held or applied for. The commissioner shall set the

time for the taking of such examination. Failure thereof by any licensee shall result in the termination of all licenses of such licensee to which the examination is applicable. An order to take such examination may be in lieu of any other action in respect to the application or the license, or, except in the case of revocation, may be in addition to any other action.

Restricted license

1742. Where a person who is or has been licensed under this chapter has been found by the commissioner to have violated any provision of this code which would justify the suspension or revocation of a license held, or where a person is applying for a license under this chapter and there exists grounds for the denial by the commissioner of his application, the commissioner may, after hearing, revoke the license held or deny the application for an unrestricted license, and in lieu thereof issue to such a person a restricted license. The commissioner may impose any reasonable conditions upon the acquisition of such restricted license or the conduct of the holder thereof. The holder of the restricted license has no property right therein and the commissioner may, with or without either hearing or cause, suspend or revoke a restricted license. If a hearing is held under this section, it shall be conducted in accordance with Chapter 5, Part 1, Division 3, Title 2 of the Government Code. The holder of a restricted license is subject to all the provisions of this code and such license shall be kept in force and renewed in the same manner, at the same time, and subject to the same conditions and fees as are applicable to an unrestricted license to act in the same capacity.

Disciplinary action

1743. The lapse or suspension of any license by operation of law, by failure to renew or by its voluntary surrender shall not deprive the commissioner of jurisdiction or right to institute or proceed with any disciplinary proceeding against such license, to render a decision suspending or revoking such license or to establish and make a record of the facts of any violation of law for any lawful purpose. No such disciplinary proceeding shall be instituted against any license after the expiration of five years from the termination of such license.

Filing of statement of issues

1744. The filing of a statement of issues pursuant to Chapter 5, Part 1, Division 3, Title 2 of the Government Code specifying grounds for denial of an application for a license to act in any capacity under this chapter shall automatically suspend any certificate of convenience issued with respect to any such application until the decision and order in the matter of such statement of issues becomes final, and if the order in such matter is for the denial of the application for any such license, the certificate of convenience with respect thereto shall automatically terminate on the effective date of such denial.

Minor offenses

1745. The following acts and omissions may be considered by the commissioner to be minor offenses if committed by a licensee described in Section 1746 and the commissioner may, in lieu of notice and hearing referred to in Section

1738, take disciplinary proceedings and action as set forth in Section 1746:

(a) A first violation of Sections 760 or 760.5.

(b) A first failure to keep or maintain the books and records required under Section 1727.

Same Reprimand or suspension

1746. If the commissioner has been informed and believes that a licensed insurance agent, broker or solicitor or life agent has committed any of the offenses referred to in Section 1745, and if the last application to renew such license states with respect to a fire and casualty licensee that the total premium on all insurance transacted other than life during the previous calendar year does not exceed five thousand dollars ($5,000) or with respect to a life licensee that the total commissions received on life insurance transacted during the prior license year does not exceed one thousand dollars ($1,000), the commissioner may, without prior notice or hearing, mail to such licensee at his last address filed with the commissioner an order reprimanding such licensee or suspending the license of such licensee for a period not in excess of ten (10) days. Such order shall specify the statute violated and the time of the violation; and shall further state that such order shall become effective commencing at a date specified therein not less than fifteen (15) days from the date of mailing, unless such licensee, prior to the effective date, advises the commissioner in writing that formal notice and hearing are requested, in which case such order shall become void and of no effect, and the commissioner may initiate proceedings pursuant to Chapter 5, Part 1, Division 3, Title 2 of the Government Code.

Records

1747. Whenever the commissioner may determine or have good cause to believe that any insurance agent or broker has failed to keep or maintain the records required by Section 1727 of this code, in connection with or in lieu of any other disciplinary action against the license of such licensee, the commissioner may issue his order requiring such licensee to establish and currently complete such records within sixty (60) days from the date of such order. When such order is given in lieu of other disciplinary action, notice of such order may be given by certified mail addressed to the office of such licensee. Failure of such licensee to comply with such order within the time specified therein shall be grounds for the suspension or revocation of the license or licenses of such licensee, and the proceeding shall be conducted in accordance with Chapter 5 of Part 1 of Division 3 of Title 2 of the Government Code.

Article 14. Fees

Application fees

1750. The commissioner shall require in advance as a fee for filing application for the hereinafter designated licenses, renewals thereof, or changes in outstanding licenses, an amount calculated as set forth herein. The fee is determined by multiplying the number of natural persons to be licensed or to be named on or added to the license by the amounts specified as to

each such license multiplied by the number of license years in the period of the license applied for or the remaining period of an existing license counting any initial fractional license year of such period as one year for such purpose, as follows:

(a) Insurance agent, four dollars ($4).

(b) Insurance broker, ten dollars ($10).

(c) Insurance solicitor, four dollars ($4).

(d) Life agent, resident, two dollars ($2).

(e) Life agent, nonresident:

(1) In the case of an applicant residing within 50 miles of the border of the State of California whose normal operations would include the transaction of insurance on both sides of that border, two dollars ($2).

(2) In all other cases, ten dollars ($10).

Filing fees

1751. The commissioner shall require in advance as a fee for filing the following documents:

(a) Application for registration of change in membership of a copartnership licensed as:

(1) Insurance agent, four dollars ($4).

(2) Insurance broker, ten dollars ($10).

(3) Life agent, resident, two dollars ($2) for each insurer.

(4) Life agent, nonresident:

(a.1) In the case of a licensee maintaining an office within 50 miles of the border of the State of California whose normal operation would include the transaction of insurance on both sides of that border, two dollars ($2) for each insurer.

(a.2) In all other cases, ten dollars ($10) for each insurer.

(b) Application for endorsement removing from any insurance agent's or insurance broker's license issued to an organization the name of any natural person named thereon, one dollar ($1).

(c) First amendment to an application, one dollar ($1).

(d) Application to be given the qualifying examination for a license of a fire and casualty licensee, five dollars ($5) for each person to be examined.

(e) Application to be given the qualifying examination for a license of a life licensee, three dollars ($3) for each person to be examined.

Article 15. Travel Insurance Agents

Travel insurance agents: License

1752. Limited licenses as travel insurance agents may be issued to employees of railroad, steamship, airline, and other organizations engaged in transporting persons as common carriers and to individuals or employees of persons engaged in selling transportation on such common carriers.

Sale of insurance

1753. Travel insurance agents are restricted to the sale of insurance to persons entitled by ticket or otherwise to transportation on a common carrier, as follows:

(a) Transportation ticket policies in the form prescribed by Chapter 4, Part 2, Division 2, of this code.

(b) Baggage insurance on the personal effects of such persons while in transit or while in any hotel or other building en route during any journey.

Filing of employer's authorization

1754. Before receiving a limited license as travel insurance agent, an employee-applicant shall file with the commissioner a document executed by his employer authorizing the employee to act as travel insurance agent when licensed. Upon termination of the employment, the employer shall notify the commissioner and the licensee shall return the license to the commissioner for cancellation or shall furnish proof of loss satisfactory to the commissioner. Upon receiving notice of termination of employment, the commissioner shall cancel the license.

Application and renewal

1755. Such license shall be applied for and renewed in the same manner as is provided in this chapter for a license to act as an insurance agent, except that an applicant for a limited license as a travel insurance agent need not pass a qualifying examination, and that the fee for filing an application shall be two dollars ($2) for each year or fraction thereof in the term of the license applied for.

Appointment and termination of agent

1756. The provisions of this chapter relating to the appointment and termination of an insurance agent by an insurer or its authorized representative are applicable to licenses issued pursuant to this article.

Rules and regulations

1757. The commissioner may make reasonable rules and regulations necessary for the convenient administration of the provisions of this code respecting the licensing and renewal of licenses of travel insurance agents.

SEC. 3. Chapter 8 (commencing at Section 1831) is added to Part 2, Division 1 of the Insurance Code, to read:

CHAPTER 8. LIFE INSURANCE ANALYSTS

Exemptions

1831. The following persons are exempt from this article:

(a) Active members of the State Bar of California.

(b) Licensed life agents, while lawfully acting for a life insurer as its agent.

(c) Any person who has passed all of the qualifying examinations necessary to become an associate of the Society of Actuaries.

(d) An officer or employee of any bank or trust company who receives no compensation from sources other than the bank or trust company for activities connected with his employment which would otherwise subject him to this article.

(e) Any person employed by an employer who on behalf of his employer or any employee of his employer transacts life insurance with, but not on behalf of, an insurer; or,

Advises his employer or any employee of his employer in any manner concerning life insurance; if;

(1) The employer receives no compensation by reason of such transactions or advice; and

(2) Such person receives no compensation from any source other than his employer for such transactions and advice.

License as life insurance analyst

1832. An employee or officer of any insurer or a person licensed under Articles 1 or 2 of this chapter is not eligible for license as a life insurance analyst. A life insurer shall not pay a life insurance analyst any commission directly or indirectly, on any life insurance transacted by a life insurance analyst.

Residence and age requirement

1833. A license to act as life insurance analyst shall not be issued to any person not residing in this State, nor to any person who is under 21 years of age at the time of application.

Application

1834. Such license shall be obtained only on a written application on a form prescribed by the commissioner. The commissioner may decline to act upon an incomplete or defective application until amendments or an amended application are filed with him which complete the prescribed form and are properly executed. He may prescribe the form of such amendments or amended application.

Interrogatories

1835. The applicant shall answer under oath such interrogatories as the commissioner himself or through his deputies propounds on forms prepared by the commissioner.

Requirements prior to issuance

1836 A license shall not be issued until the commissioner has satisfied himself upon evidence presented and recorded as to the integrity of the applicant and that the applicant:

(a) Is of good business reputation and of good general reputation.

(b) Has a thorough knowledge of life insurance.

(c) Has not participated in or been connected with any business transaction which, in the opinion of the commissioner, tends to show unfitness to act in a fiduciary capacity or to maintain the standards of fairness and honesty required of a trustee or other fiduciary.

(d) Has not wilfully misstated any material fact in an application to the commissioner for a license or in a document filed in support of such an application, and has not obtained his license by concealment or knowing misrepresentation.

(e) Is a fit and proper person to hold the license applied for.

(f) Does not seek the license for the purpose of avoiding or preventing the operation or enforcement of the insurance laws of this State.

(g) Has within six months preceding issuance of the license taken and passed the qualification examination provided in this article.

(h) Has filed the bond required by this article.

Refusal to issue

1887. The commissioner may decline to issue a license if an applicant:

(a) Has been refused a license or had a license revoked by any public authority for reasons which indicated lack of honesty or integrity or which showed improper business practice on the part of the applicant.

(b) Has been convicted of a misdemeanor or felony denounced by this code or one of the elements of which involved the misappropriation of money or property.

(c) Has committed an act forbidden by this code.

Hearing

1838. A license shall not be refused by the commissioner on the basis of Section 1836, excepting subdivisions (g) and (h), without hearing on notice to the applicant held within 60 days after his application is filed in proper form. The proceedings shall be conducted in accordance with Chapter 5 of Part 1 of Division 3 of Title 2 of the Government Code, and the commissioner shall have all the powers granted therein.

Written examination

1839. The commissioner shall conduct or arrange for a written examination, to be given at least twice a year upon questions prepared by the commissioner, as to the qualifications of the applicant to act as life insurance analyst.

Scope of examination

1840. The examination shall be of sufficient scope to satisfy the commissioner that the applicant has sufficient knowledge of and is thoroughly familiar with the life and/or disability insurance laws of this State, and the provisions, terms, and conditions of life insurance contracts written on residents of this State, and has a thorough and complete knowledge of life insurance.

Bond

1841. Every applicant for a license to act as a life insurance analyst shall file with his application or maintain in effect a satisfactory bond to the people of the State of California, duly executed by an admitted surety insurer, approved by the commissioner, in the amount of two thousand dollars ($2,000). Such bond shall be continuous in form and the total aggregate liability on such bond shall be limited to the amount of the penalty of the bond.

The bond shall indemnify any person who may be damaged by any fraudulent act or conduct of the licensee in connection with his activities as a life insurance analyst and shall be conditioned upon the faithful accounting and application of all moneys coming into his possession in connection with his activities as a life insurance analyst

The bond shall remain in force and effect until the surety is released from liability by the commissioner, or until the bond is canceled by the surety. The surety may cancel the bond and be relieved of further liability thereunder by delivering 30 days' written notice to the commissioner. Such cancellation shall not affect any liability incurred or accrued thereunder prior to the termination of the 30-day period. The right of the licensee to act under his license terminates on cancellation of the bond and may be revived only by the furnishing of another bond during the license period in which cancellation occurred.

Applicability of Chapter 5

1842. The provisions of Chapter 5 of this part concerning the license period and the procedure and time for filing applications for renewal of licenses and for filing annual notices of intention to keep licenses in force applicable to life agents are applicable to licenses authorized by this chapter except

that participation in such applications or notices by an admitted insurer is not required. The fee for filing an application for the issuance or renewal of a license to act as a life insurance analyst or an annual notice of intention to keep such a license in force is ten dollars ($10). As respects life insurance analysts all references in Section 1718 to fees shall be deemed to be to the fee herein specified. The fee for filing application to take the qualifying examination for life insurance analyst is twenty-five dollars ($25) and the fee for filing the first application to take the qualifying examination must be paid at the same time the application for issuance of the license is paid.

Licensees and applicants

1843. The provisions of Sections 780, 781, 782 and 784 and Article 13 of Chapter 5 of this part are applicable to licensees and applicants for license under this article.

Penalties

1844. Any person who acts, offers to act, or assumes to act, as a life insurance analyst when not licensed by the commissioner as provided by this article, or after such license granted to him has been suspended or revoked, unless proceedings are pending in the courts to review the act of the commissioner, is guilty of a misdemeanor, punishable by a fine of not more than one thousand dollars ($1,000) or by imprisonment for not more than one year or by both such fine and imprisonment.

Public nuisance

1845. Any person who acts, offers to act or assumes to act as a life insurance analyst in violation of Section 1844 is guilty of a public nuisance and may be enjoined from so doing pursuant to Section 12928.6.

Change of address

1846. A licensee or applicant for a license under this article shall notify the commissioner, in writing, of any changes in the address from which he intends to conduct his business.

SEC. 4. Section 383.5 of the Insurance Code is amended to read:

"Document"

383.5. "Document," as used in this section, means a policy or a certificate evidencing insurance under a master policy. Such policy or certificate shall conform to Section 381 and shall segregate the premiums charged for each risk insured against. Such a certificate, in lieu of specifying the risks insured against, may designate them by name or by description

"Owner"

"Owner" as used in this section means any person who is named as an insured in such contract of insurance or document, or in a loss payable clause therein, and, whether or not he is named therein, the vendee, pledgor, or chattel mortgagor of a motor vehicle where insurance contracts subject to this section are procured with respect to the motor vehicle by or on behalf of either party to the purchase, pledge, or mortgage.

Contract of insurance

Every contract of insurance against hazards incident to ownership, maintenance, operation and use of motor vehicles shall be embodied in a document.

The original or true copy of such document shall be delivered to each owner. Where it is executed by an insurer, the insurer shall deliver the original or a true copy:

(a) To the agent or broker who negotiated the insurance, for delivery to each owner of the motor vehicle, or

(b) To each owner of the motor vehicle.

Any owner whose interest in the insured vehicle is for security purposes only may by written notice to the insurer waive delivery of such policy and in lieu thereof there shall be delivered to such owner a written certificate of insurance setting forth in brief form the matters specified in Section 381.

The agent or broker receiving such original or copy shall deliver one to each owner. Where coverage subject to this section is evidenced by a document executed by an agent licensed under Chapter 5, Part 2, of this division, and not by an insurer, the agent and not the insurer is responsible for delivery of the original or a true copy to each owner.

The licenses of any agent or broker found by the commissioner after hearing to have violated this section may be suspended or revoked in accordance with the procedure provided in Article 13 of Chapter 5, Part 2, of this division, or the certificate of authority of any insurer found by the commissioner after hearing to have violated this section may be suspended or revoked in accordance with the procedure provided in Section 704.

Purpose

The purpose of this section is to prevent fraud or mistake in connection with the transaction of insurance covering motor vehicles and in furtherance of that purpose the commissioner may make reasonable rules and regulations therefor. Such rules and regulations shall be adopted, amended or repealed in accordance with the procedure provided in Chapter 4, Part 1, Division 3, Title 2 of the Government Code.

SEC. 5. Section 766 of the Insurance Code is amended to read:

Violations

766. If an insurance agent, broker, or solicitor knowingly and wilfully violates any of the provisions of this article, the commissioner, after a hearing in accordance with the procedure provided in Article 13 of Chapter 5 of this part may suspend or revoke the violator's license.

SEC. 6. Section 773 of the Insurance Code is amended to read:

Suspension or revocation of license

773. The commissioner may suspend or revoke any license held by any person who violates Section 770, pursuant to Article 13 of Chapter 5 of this part.

SEC. 7. Section 783 of the Insurance Code is amended to read:

Hearing

783. Whenever any insurance agent, broker, or solicitor knowingly violates any provisions of Sections 780 or 781, the commissioner, after a hearing in accordance with the procedure provided in Article 13 of Chapter 5 of this part, may suspend the license of any such person for not exceeding three years.

SEC. 8. Section 1760.5 of the Insurance Code is amended to read:

Exceptions

1760.5. The provisions of this chapter limiting the insurance which may be placed with nonadmitted insurers and requiring any report thereof shall not apply to:

(a) Reinsurance of the liability of an admitted insurer.

(b) Insurance against perils of navigation, transit or transportation upon hulls, freights or disbursements, or other shipowner interests; upon goods, wares, merchandise and all other personal property and interests therein, in course of exportation from or importation into any country, or transportation coastwise, including transportation by land or water from point of origin to final destination and including war risks; and marine builder's risks, drydocks and marine railways, including insurance of ship repairer's liability, and protection and indemnity insurance, but excluding insurance covering bridges or tunnels.

(c) Aircraft insurance.

(d) Insurance on property or operations of railroads engaged in interstate commerce.

The insurance specified in the foregoing paragraphs (b), (c), and (d), may be placed with a nonadmitted insurer only by and through a special lines' surplus line broker. The license of a special lines' surplus line broker shall be applied for and procured and shall be subject to the same fees for filing on issuance in the same manner as the license of a surplus line broker, except that in lieu of the bond required by subdivision (b) of Section 1765, there shall be delivered to the commissioner a bond in the form, amounts, and conditions specified in Section 1644 of this code and only one fee shall be collected from one person for both licenses. Such licensee in respect to such business shall be subject to all the provisions of this chapter except Sections 1761, 1763 and 1775.5.

The commissioner may, in respect to business written or placed under the provisions of this section, require such information and reports thereof as he considers necessary, convenient or advisable for tax or statistical purposes.

Each placing of insurance in violation of this chapter is a misdemeanor.

The commissioner may revoke, suspend or deny any license granted pursuant to this code in accordance with the procedure provided in Article 13 of Chapter 5 of this part, or any certificate of authority granted pursuant to this code in accordance with the procedure provided in Section 704 whenever he finds that the licensee or holder of the certificate has committed a violation of this section.

The premium for insurance placed by or through a special lines' surplus line broker pursuant to this section shall not be subject to the tax imposed upon such broker based upon gross premiums paid for insurance placed under authority conferred by his license.

SEC 9. Section 1765 of the Insurance Code is amended to read:

1765. Upon application in such form as the commissioner prescribes and subject to the provisions of Sections 1666, 1667 and 1668 of this code, the commissioner shall issue a license authorizing any applicant that is trustworthy and competent to transact an insurance brokerage business in such manner as to safeguard the interest of the insured, to act as a surplus line broker from the date of such license until the first day of July succeeding, on the delivery to the commissioner of a bond to the State of California in the sum of five thousand dollars ($5,000) with an admitted surety insurer conditioned that said licensee will fully and faithfully comply with the requirements of this chapter.

License to transact insurance brokerage business

The commissioner shall charge and collect in advance a fee of fifty dollars ($50) for filing each application for license to act as a surplus line broker.

SEC. 10. Section 1776 of the Insurance Code is amended to read:

1776. Any surplus line broker who wilfully fails or refuses to report to the commissioner any insurance on subject matter located within this State placed under his name with nonadmitted insurers, or who, by wilful omission from the records required to be maintained by him for such purpose, attempts to evade the payment of taxes on any such insurance, is, in addition to being required to pay the tax, together with a penalty equal in amount to the tax, guilty of a misdemeanor.

Surplus line brokers' Violations

It is a misdemeanor for any surplus line broker or special lines' surplus line broker to accept or pay directly or indirectly any consideration or remuneration for or in connection with the placing of insurance which, if done by a person within this State, is governed by the provisions of this chapter, when such placing was not done by a person licensed therefor pursuant to this chapter.

It is a misdemeanor for any agent or broker to solicit, negotiate or effect any insurance governed by the provisions of this chapter in nonadmitted insurers, except by and through a surplus line broker or special lines' surplus line broker licensed pursuant to this chapter. Except in the case of insurance specified in paragraph (b) of Section 1760.5, it is a misdemeanor for any surplus line broker or special lines' surplus line broker to accept, place, pay, or permit the payment of commission or other remuneration on insurance placed by him under authority of his license to any person other than one holding a license to act as an insurance agent, insurance broker, surplus line broker, or special lines' surplus line broker, except that such business may be accepted by such surplus line broker or special lines' surplus line broker directly from an assured or other person who would likewise be entitled to place the same directly with an admitted insurer without the solicitation, negotiation or effecting thereof by an insurance agent or broker.

The Commissioner may deny, suspend or revoke any license issued pursuant to this code if he finds after notice and hear-

ing in accordance with the procedure provided in Article 13 of Chapter 5 of this part that the licensee has violated any provisions of this section.

The permission granted in this chapter to place any insurance in a nonadmitted insurer shall not be deemed or construed to authorize any such insurer to do business in this State.

SEC. 11. Section 1813 of the Insurance Code is amended to read:

Suspension, etc., of license

1813. The commissioner, after notice and hearing, in accordance with the procedure provided in Article 13 of Chapter 5 of this part may suspend, revoke, or deny any license or certificate of authority issued pursuant to any provision of this code whenever he finds that the holder thereof has violated any provisions of this chapter.

SEC. 12. Section 1821 of the Insurance Code is amended to read:

Procedure

1821. A license shall not be refused by the commissioner without proceedings in accordance with Chapter 5 of Part 1 of Division 3 of Title 2 of the Government Code, being initiated within 60 days from the date of filing the complete application.

The provisions of Sections 1733, 1734, 1735 and Article 13 of Chapter 5 of this part are applicable to persons licensed under this chapter and the words "insurance agent" used in those sections include persons licensed under this chapter.

SEC. 13. Section 10252 of the Insurance Code is amended to read:

Funeral insurance contract

10252. No person shall sell or offer for sale any such funeral insurance contract in this State unless he is licensed as a life agent pursuant to the provisions of Chapter 5, Part 2, Division 1 of this code.

SEC. 14. Section 11101 of the Insurance Code is amended to read:

Life agents

11101. Except as otherwise provided in Sections 11102 and 11103, such agents and such societies shall be subject to the provisions of Chapter 5, Part 2, Division 1 of this code and such agents shall be licensed as life agents. Such agents also shall be subject to the provisions of Sections 750, 751, and 760.5 of this code, and the terms "insurance agent" and "life agent" as used in said sections shall be deemed to include such agents of such societies.

SEC. 15. Section 11102 of the Insurance Code is amended to read:

Exceptions

11102. The provisions of Chapter 5, Part 2, Division 1 of this code shall not be applicable to the following nor shall the following be required to be licensed as life agents:

(a) Any officer of a local lodge of a society, while acting as such, if such officer (1) does not effect insurance, (2) solicits or negotiates only as a part of and in connection with the business of a fraternal agent licensed in accordance with the

provisions of Section 11101, and (3) is not remunerated on a commission basis.

(b) Any member of a society who does not effect insurance and whose solicitation or negotiation is incidental to the securing of new members for the society and whose only remuneration therefore consists of prizes in the form of merchandise or payments of a nominal amount. This subsection shall not exempt from the provisions of said Chapter 5 nor from the license requirement of Section 11101 any person remunerated on a regular salary or commission basis or employed either full or part time for the purpose of soliciting or negotiating fraternal benefit insurance.

(c) Any person directly employed by a society at the home or a branch office thereof who does not solicit or negotiate fraternal benefit insurance and who receives no commissions but who may, as a part of his or her regular employment sign policies, certificates or other evidences of fraternal benefit insurance.

(d) Any person whose employment does not include the solicitation, negotiation or effecting of fraternal benefit insurance contracts and who does not sign policies, certificates or any other evidences of such contracts.

SEC. 16. Section 11103 of the Insurance Code is amended to read:

Fraternal benefit societies

11103 Insofar as his license to represent a fraternal benefit society is concerned the examination requirements of Article 7, Chapter 5, Part 2, Division 1 of this code shall not be applicable to any agent of a society who was in the service of a society on March 1, 1945, and who is licensed to represent a fraternal benefit society on the effective date of this chapter and continuously thereafter, nor to any agent of a society who does not devote substantially full time to the sale of life or disability insurance, whether such insurance is provided by insurance policies or by fraternal benefit policies or certificates. If any person exempted from such examination requirements by virtue of not devoting substantially full time to the sale of life or disability insurance as hereinabove provided, shall, after securing a license pursuant to the provisions of this section, thereafter devote substantially full time to the sale of such insurance, the society shall give notice thereof to the commissioner. The commissioner thereupon shall send to such licensee a notice specifying when the examination fee shall be paid and when, not sooner than one month nor later than three months, such licensee must qualify by examination. Failure to pass the examination or failure to appear pursuant to notification shall result in a termination 45 days thereafter of all license privileges unless within such 45-day period such licensee passes the examination. Such licensee shall not be permitted to retake the examination more than twice within such 45-day period. Thereafter such person may be licensed as a fraternal benefit agent only if he files a new application for such license and either (a) takes and passes the qualifying

examination or (b) demonstrates affirmatively to the commissioner that he will no longer devote substantially full time to the sale of life or disability insurance.

SEC. 17. Section 12280.2 of the Insurance Code is amended to read:

Motor club agent fee

12280.2. The fee for filing application for license as motor club agent is the same as that for filing application for license as insurance agent and the provisions of Chapter 5, Part 2, Division 1, relating to the form and time of and procedure for filing application for license as insurance agent and for issuance and changing of such licenses are applicable to motor club agents and their applications and licenses.

Insurance agents and brokers licensed under Chapter 5, Part 2, Division 1, need not be licensed to act as motor club agents under this article.

SEC. 18. Section 12282 of the Insurance Code is amended to read:

License suspension or revocation

12282. Such license may, upon notice and hearing, be suspended or revoked by the commissioner in accordance with the procedure provided in Article 13, Chapter 5, Part 2, Division 1, for misrepresentation, fraud or any other violation of this part.

SEC. 19. Section 12977 of the Insurance Code is amended to read:

Refunds

12977. The commissioner may authorize the refund of money received or collected by the department in payment for the filing of applications for licenses, permits or certificates, or for the rendering of other services:

(a) Where the receipt or collection has resulted in an overpayment or duplicate payment.

(b) In cases where no payment is required for filing the application for the license permit or certificate sought, or for rendering the other service.

(c) Where an insufficient fee is paid and for which reason the application for the license, permit or certificate cannot be filed or the other service cannot be rendered.

(d) One-half of the fee required by subdivision (b) of Section 1718 upon a written showing, filed within sixty (60) days after the delinquency date, with particularity as to facts that late payment resulted from mistake, inadvertence or excusable neglect.

This section does not exclude the making of refunds under other appropriate provisions of law requiring the approval of the Director of Finance before such refunds may be made.

Urgency

SEC. 20. This act is an urgency measure necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

This act revises and codifies the provisions of the Insurance Code providing for the licensing and regulation of insurance producers applicable to fire and casualty agents, brokers and

solicitors and to life disability and life and disability agents as formerly contained in Chapter 5, Part 2, Division 7 of the Insurance Code.

The primary purpose of this revision is to clarify and make more understandable the existing law by the elimination of ambiguities of substance, inconsistencies of meaning and of obsolete and superseded provisions. The scope of the laws encompassed in this revision and the extent and frequency of the changes which are proposed to such laws at each session of the Legislature indicate the urgent necessity for this measure. The consideration of the numerous bills proposing substantive changes in the laws affected by this revision concurrently with or preceding consideration of this measure could create new and more serious conflicts, inconsistencies and confusion. Therefore, in order to give full effect to the clarification of the law contained in this measure, to facilitate the legislative process and avoid the economic burden to the industry of possible litigation, it is essential that this act take effect immediately.

CHAPTER 5

An act to add Section 940 to Article 2, Chapter 4, Part 1, Division 1 of the Unemployment Insurance Code, relating to unemployment and disability compensation insurance, declaring the urgency thereof, to take effect immediately.

[Approved by Governor March 9, 1959. Filed with Secretary of State March 10, 1959.] In effect immediately

The people of the State of California do enact as follows:

SECTION 1. Section 940 is added to Article 2, Chapter 4, Part 1, Division 1 of the Unemployment Insurance Code, to read:

940. Effective with respect to wages paid in calendar quarters beginning on and after January 1, 1959, the term "wages" for the purposes of this section and Sections 928, 1026, 1088, 1280, 1281, 2652, 2654 and 2655, means taxable wages as well as wages which would be taxable except for the limitations on taxable wages provided under Sections 930 and 985, except that if an employer so elects, for such purposes the term "wages" for particular employees, or for a class of employees, or for all of his employees, may exclude amounts for an individual worker in excess of three thousand six hundred dollars ($3,600) in the calendar quarter ending March 31, 1959, and such amounts in excess of six thousand dollars ($6,000) for calendar quarters beginning on and after April 1, 1959.

SEC. 2. This act is an urgency measure necessary for the immediate preservation of the public peace, health or safety within the meaning of Section 1 of Article IV of the Constitution and shall therefore go into immediate effect. A statement of the facts constituting such a necessity is as follows:

Sections 1280 and 2655 of the Unemployment Insurance Code provide that if an individual has been paid wages in a calendar year in excess of taxable wages, his benefit rights are determined by allocating to any quarter of the calendar year falling within the base period that portion of the taxable wages which is equal to the amount of remuneration paid to him in that quarter or one thousand one hundred twenty dollars ($1,120), (one thousand one hundred twenty-five dollars ($1,125) for disability benefits), whichever is the lesser. The term "remuneration" as used in these sections means taxable wages as well as wages which would be taxable except for the three thousand dollars ($3,000), (three thousand six hundred dollars ($3,600) for disability benefit purposes), limitation on taxable wages.

However, the law does not require that employers report remuneration paid in excess of three thousand dollars ($3,000) for unemployment insurance purposes and three thousand six hundred dollars ($3,600) for disability insurance purposes. Since the Department of Employment does not have such information, it must request information on numerous claims from employers and claimants concerning the remuneration paid to claimants in excess of three thousand six hundred dollars ($3,600). Thousands of employers and claimants have been required to assume the burden of responding to these separate requests for computing and submitting this information to the Department of Employment. Only upon receiving the information is the department then able to properly compute benefit awards. Therefore, unavoidable delay in the computation of awards have resulted under the present law, hampering the administration of the unemployment insurance system. This has caused delay in the payment of benefits with corresponding hardship to numerous claimants. This situation can be remedied by requiring that benefit awards and charges be based on the reporting by employers of taxable wages as well as wages which would be taxable except for the limitations on taxable wages provided under Sections 930 and 985. The proposed change would result in a substantial reduction in administrative costs. In order that employers and claimants may be relieved as soon as possible of the additional burden of responding to separate requests to report wage information and to avoid delay in the payment of benefits to claimants, it is necessary that this act take effect immediately.

CHAPTER 6

An act to amend Sections 370, 372 and 372.4 of, and to repeal Section 372.1 of, the Vehicle Code, to amend Sections 9250, 9253, 9400 and 9404 of, and to repeal Section 9401 of, the Vehicle Code as proposed by Assembly Bill No. 5, and to amend Sections 7351 and 8651 of the Revenue and Taxation Code, relating to highway user fees and taxes.

[Approved by Governor March 12, 1959. Filed with Secretary of State March 13, 1959.]

In effect September 18, 1959

The people of the State of California do enact as follows:

SECTION 1. Section 370 of the Vehicle Code is amended to read:

Registration fees

370. Registration Fees. (a) A registration fee of eight dollars ($8) shall be paid to the department for the registration of every vehicle of a type subject to registration, except for such thereof as are expressly exempted under this code from the payment of registration fees, and except those referred to in subdivision (b) of this section.

(b) A registration fee of nine dollars ($9) shall be paid to the department for the registration of every station wagon, as defined in Section 33.5, which is subject to registration, except for such thereof as are expressly exempted under this code from the payment of registration fees.

SEC. 2. Section 372 of the Vehicle Code is amended to read:

Weight fees for commercial vehicles

372. Weight Fees for Commercial Vehicles. (a) In addition to the registration fee specified in Section 370, there shall be paid fees as set forth in this section for the registration of every vehicle of a type subject to registration used or maintained for the transportation of persons for hire, compensation or profit or designed, used or maintained primarily for the transportation of property. This section does not include vehicles designed to transport property which are used exclusively to transport passengers without the owner thereof receiving compensation or profit for said transportation.

(b) For any electric vehicle designed, used or maintained as described in subdivision (a) hereof fees shall be paid for registration according to the following schedule:

	Unladen weight	Fee
(1)	Less than 6,000 lbs.	$48.00
(2)	6,000 lbs. or more but less than 10,000 lbs.	96.00
(3)	10,000 lbs. or more	128.00

(c) For any motor vehicle having not more than two axles and designed, used or maintained as described in subdivision (a) hereof, other than an electric vehicle, fees shall be paid for registration according to the following schedule:

	Unladen weight	Fee
(1)	3,000 lbs to and including 4,000 lbs.	$14 00
(2)	4,001 lbs. to and including 5,000 lbs.	27.00
(3)	5,001 lbs. to and including 6,000 lbs.	40.00
(4)	6,001 lbs. to and including 7,000 lbs.	54.00
(5)	7,001 lbs. to and including 8,000 lbs.	67.00
(6)	8,001 lbs. to and including 9,000 lbs.	80.00
(7)	9,001 lbs. to and including 10,000 lbs.	94.00
(8)	10,001 lbs. to and including 11,000 lbs.	107.00
(9)	11,001 lbs. to and including 12,000 lbs.	120.00
(10)	12,001 lbs. to and including 13,000 lbs.	134.00
(11)	13,001 lbs. to and including 14,000 lbs.	147.00
(12)	14,001 lbs. and over	160.00

(d) For any motor vehicle having three or more axles or for any trailer, semitrailer, pole or pipe dolly, or other dolly designed, used or maintained as described in subdivision (a) hereof, other than an electric vehicle, fees shall be paid for registration according to the following schedule:

	Unladen weight	Fee
(1)	2,000 lbs. to and including 3,000 lbs.	$11.00
(2)	3,001 lbs. to and including 4,000 lbs.	20.00
(3)	4,001 lbs. to and including 5,000 lbs.	40.00
(4)	5,001 lbs. to and including 6,000 lbs.	60.00
(5)	6,001 lbs. to and including 7,000 lbs.	80.00
(6)	7,001 lbs. to and including 8,000 lbs.	100.00
(7)	8,001 lbs. to and including 9,000 lbs.	120.00
(8)	9,001 lbs. to and including 10,000 lbs.	140.00
(9)	10,001 lbs. to and including 11,000 lbs.	160.00
(10)	11,001 lbs. to and including 12,000 lbs.	180 00
(11)	12,001 lbs. to and including 13,000 lbs.	200.00
(12)	13,001 lbs. to and including 14,000 lbs.	220.00
(13)	14,001 lbs. to and including 15,000 lbs.	240.00
(14)	15,001 lbs. and over	267.00

Repeal

SEC. 3. Section 372.1 of the Vehicle Code is hereby repealed.

SEC. 4. Section 372.4 of the Vehicle Code is amended to read:

Exemption from weight fees

372.4. Exemption From Weight Fees. Station wagons, as defined in Section 33.5, except those used in the transportation of passengers for hire, are exempted from the payment of weight fees as provided for in Section 372 of this code.

Any provision in this code notwithstanding, the owner of any station wagon may elect to classify such station wagon as a commercial vehicle and, upon payment of the appropriate weight fees, the department shall issue license plates of the same type as are issued to vehicles which are required to pay weight fees.

SEC. 5. Section 9250 of the Vehicle Code as proposed by Assembly Bill No. 5 is amended to read:

9250. A registration fee of eight dollars ($8) shall be paid to the department for the registration of every vehicle of a type subject to registration, except as are expressly exempted under this code from the payment of registration fees, and except those referred to in Section 9253. Registration fee

SEC. 6. Section 9253 of said code is amended to read:

9253. A registration fee of nine dollars ($9) shall be paid to the department for the registration of every station wagon, which is subject to registration. Same Station wagons

SEC. 7. Section 9400 of said code is amended to read:

9400. In addition to any other registration fee there shall be paid the following fees for the registration of commercial vehicles, except vehicles designed to transport property which are used exclusively to transport passengers without the owner thereof receiving compensation or profit for the transportation: Commercial vehicles

(a) For any electric vehicle designed, used, or maintained as described in this section, fees shall be paid for registration according to the following schedule:

	Unladen weight	Fee
(1)	Less than 6,000 lbs.	$48
(2)	6,000 lbs. or more but less than 10,000 lbs.	96
(3)	10,000 lbs. or more	128

(b) For any motor vehicle having not more than two axles and designed, used or maintained as described in this section, other than an electric vehicle, fees shall be paid for registration according to the following schedule:

	Unladen weight	Fee
(1)	3,000 lbs. to and including 4,000 lbs.	$14
(2)	4,001 lbs. to and including 5,000 lbs.	27
(3)	5,001 lbs. to and including 6,000 lbs.	40
(4)	6,001 lbs. to and including 7,000 lbs.	54
(5)	7,001 lbs. to and including 8,000 lbs.	67
(6)	8,001 lbs. to and including 9,000 lbs.	80
(7)	9,001 lbs. to and including 10,000 lbs.	94
(8)	10,001 lbs. to and including 11,000 lbs.	107
(9)	11,001 lbs. to and including 12,000 lbs.	120
(10)	12,001 lbs. to and including 13,000 lbs.	134
(11)	13,001 lbs. to and including 14,000 lbs.	147
(12)	14,001 lbs. and over	160

(c) For any motor vehicle having three or more axles or for any trailer, semitrailer, pole or pipe dolly, or other dolly designed, used or maintained as described in this section, other than an electric vehicle, fees shall be paid for registration according to the following schedule:

	Unladen weight	Fee
(1)	2,000 lbs. to and including 3,000 lbs.	$11
(2)	3,001 lbs. to and including 4,000 lbs.	20

	Unladen weight	Fee
(3)	4,001 lbs. to and including 5,000 lbs.	$40
(4)	5,001 lbs. to and including 6,000 lbs.	60
(5)	6,001 lbs. to and including 7,000 lbs.	80
(6)	7,001 lbs. to and including 8,000 lbs.	100
(7)	8,001 lbs. to and including 9,000 lbs.	120
(8)	9,001 lbs. to and including 10,000 lbs.	140
(9)	10,001 lbs. to and including 11,000 lbs.	160
(10)	11,001 lbs. to and including 12,000 lbs.	180
(11)	12,001 lbs. to and including 13,000 lbs.	200
(12)	13,001 lbs. to and including 14,000 lbs.	220
(13)	14,001 lbs. to and including 15,000 lbs.	240
(14)	15,001 lbs. and over	267

SEC. 8. Section 9404 of said code is amended to read:

Station wagon exemption

9404. Station wagons, except those used in the transportation of passengers for hire, are exempted from the payment of weight fees provided for in Section 9400.

Any provision in this code notwithstanding, the owner of any station wagon may pay the appropriate weight fees, and the department shall issue license plates of the same type as are issued to vehicles which are required to pay weight fees.

Repeal

SEC. 9. Section 9401 of said code is repealed.

SEC. 10. Section 7351 of the Revenue and Taxation Code is amended to read:

Rate of tax

7351. For the privilege of distributing motor vehicle fuel a license tax is hereby imposed upon distributors at the rate of six cents ($0.06) for each gallon of fuel distributed.

SEC. 11. Section 8651 of the Revenue and Taxation Code is amended to read:

Same

8651. An excise tax is hereby imposed at the rate of seven cents ($0.07) for each gallon of fuel used.

Effect. Stats 1959, Ch. 3

SEC. 12. Sections 5 through 9, inclusive, of this act become operative only if the Vehicle Code as proposed by Assembly Bill No. 5 is enacted by the Legislature at its 1959 Regular Session, and in such case at the same time as said code takes effect, at which time Sections 370, 372 and 372.4 of the Vehicle Code adopted in 1935 are repealed.

CHAPTER 7

An act to repeal Section 7148 of the Fish and Game Code, relating to possession of trout, and declaring the urgency thereof, to take effect immediately.

In effect immediately

[Approved by Governor March 12, 1959. Filed with Secretary of State March 13, 1959.]

The people of the State of California do enact as follows:

SECTION 1. Section 7148 of the Fish and Game Code is repealed.

SEC. 2. This act is an urgency measure necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order to properly utilize the trout resource of Inyo and Mono Counties and maintain the best relative number of each species in these areas it is necessary for this act to be operative during the 1959 trout fishing season and therefore it must take effect immediately.

CHAPTER 8

An act to amend Section 1300.17 of the Agricultural Code, relating to marketing orders.

[Approved by Governor March 12, 1959. Filed with Secretary of State March 13, 1959.]

In effect September 18, 1959

The people of the State of California do enact as follows:

SECTION 1. Section 1300.17 of the Agricultural Code is amended to read:

1300.17. (a) For the purpose of providing funds to defray the necessary expenses incurred by the director in the formulation, issuance, administration and enforcement of each marketing order issued hereunder, each such marketing order shall provide for the levying and collection of assessments in sufficient amounts to defray such expenses. Each marketing order shall indicate the maximum rate of any such assessment which may be collected and the proportion, if any, payable by each producer and handler directly regulated or affected by such marketing order. The advisory board appointed by the director to assist the director in administering each marketing order shall recommend to the director, from time to time, budgets to cover necessary expenses and the assessment rate necessary to provide sufficient funds. If the director finds that each such budget and assessment rate are proper and equitable and will provide sufficient moneys to defray the necessary expenses he may approve such budget and rate of assessment and order that each producer and handler so assessed shall pay to the director, at such times and in such installments as the director may prescribe, an assessment based upon the units in which such agricultural commodity is marketed, or upon any other uniform basis which the director determines to be reasonable and equitable, but in amounts which in the case of producers will not exceed two and one-half percent (2½%) of the gross dollar volume of sales, of the commodity affected, by all such producers, regulated by such marketing order or in amounts which in the case of processors, distributors or other handlers will not exceed two and one-half percent (2½%) of the gross dollar volume of purchases of the commodity affected by the

marketing order from producers or of the gross dollar volume of sales of the commodity affected by the marketing order and handled by all such processors, distributors or other handlers regulated by such marketing order during the marketing season or seasons during which such marketing order is effective.

The director may require each and every producer, processor, distributor or handler directly regulated by any marketing order to deposit with him in advance, an amount based upon the estimated number of units to be marketed by such producer or handled by such processor, distributor or handler, or upon any other uniform basis which the director determines to be reasonable and equitable, such bases to be applicable during the marketing season or seasons during which such marketing order is effective. At any time after the funds credited to the administrative account of the marketing order are sufficient to so warrant, or at the close of the marketing season, the sums so deposited shall be adjusted to the amount which is chargeable against such producer, processor, distributor or handler upon the basis of the actual number of units marketed by such producer or handled by such processor, distributor or handler, or upon the same uniform basis under which such funds were assessed by the director, during such marketing season.

(b) Each marketing order which authorizes carrying out advertising and sales promotion plans shall provide for the levying and collection of assessments in sufficient amounts to defray the expenses of such activities. Each such marketing order shall indicate the maximum rate of any such assessment and the proportion, if any, payable by each producer and handler directly regulated or affected by such marketing order. The advisory board appointed by the director to assist the director in administering each marketing order shall recommend to the director, from time to time, budgets to cover such expenses and the assessment rate necessary to provide sufficient funds. If the director finds that each such budget and assessment rate are proper and equitable and will provide sufficient moneys to defray such expenses he may approve such budget and approve and levy such assessment. Any assessments so established shall be based upon the units in which such agricultural commodity is marketed or upon any other uniform basis which the director determines to be proper and equitable. Any assessment rates established hereunder shall be in amounts not to exceed four percent (4%) of the gross dollar volume of sales by all producers or by all processors, distributors or other handlers of such agricultural commodity regulated by such marketing order during the marketing season or seasons during which such marketing order is effective.

For the purpose of providing funds to cover the costs of such advertising or sales promotion plans incurred prior to the receipt of sufficient funds from assessments as provided herein, the director may require each person so assessed to deposit with him in advance an amount not exceeding twenty-five percent (25%) of such assessment, based upon the estimated num-

ber of units of such commodity to be marketed or handled by such person, or upon any other uniform basis which the director determines to be reasonable and equitable, during such marketing season. At any time after the funds credited to the advertising or sales promotion account of the marketing order are sufficient to so warrant, or at the close of the marketing season, the sum so deposited by such person shall be adjusted to the amount which is properly chargeable against such person pursuant to the assessment authorized herein.

(c) In lieu of the assessments to defray the costs of formulation, issuance, administration and enforcement and advertising or sales promotion provided for in paragraphs (a) and (b) hereof, if the marketing order contains provisions for advertising or sales promotion as authorized in this chapter, the director may approve and fix one assessment not exceeding six and one-half percent (6½%) of the gross dollar volume of sales of such commodity by all producers, or by all processors, distributors or other handlers of such agricultural commodity regulated by such marketing order during the marketing season or seasons during which such marketing order is effective. The method and manner of assessment and collection thereof, and the limitations and restrictions applicable thereupon, shall conform in all respects with the provisions of paragraph (b) hereof, except as to the maximum amount of such assessment. In such case the advisory board shall recommend and the director may approve the proportions of such assessments which may be expended to defray the costs of formulation, issuance, administration and enforcement of the marketing order and of such advertising or sales promotion program; provided, that, the proportion of such assessments which may be allocated in such manner to defray the cost of such administrative activities for such marketing order shall in no case exceed the maximum amount authorized in paragraph (a) of this section.

(d) In the event any advisory board of any marketing order has reason to believe that the administration of a marketing order will be facilitated or the attainment of the purposes and objectives of the marketing order will be promoted thereby, the advisory board is authorized to borrow money with or without interest to carry out any provision of any marketing order authorized by this chapter, and may hypothecate anticipated assessment collections applicable to such respective provisions.

In lieu of requiring advance deposits or in order generally to provide funds for defraying administrative or advertising and sales promotion expenses until such time as sufficient moneys are collected for such purpose from the payment of assessments established pursuant to Section 1300.17 of this chapter, the director is authorized to receive and disburse for such expense purposes contributions made by producers, processors, distributors or other handlers. Neither the board nor the director shall be held responsible for the repayment of

such contributions; provided, however, that whenever collections from the payment of established assessments credited to the respective marketing order accounts are sufficient to so warrant, the board shall recommend and the director shall authorize the repayment of contributions or authorize the application of such contributions to the assessment obligations of persons who made such contributions.

(e) For the convenience of making collections of any producer assessments established pursuant to this section, the director may collect such assessments from the handlers of the commodity being regulated. Handlers paying such assessments for and on behalf of any producers are authorized to deduct such producer assessments from any moneys owed by such handlers to such producers. Any marketing order may provide that handler shall deduct producer assessments from any moneys owed by such handlers to such producers.

The director shall prescribe rules and regulations with respect to the assessment and collection of funds pursuant to the provisions of this section.

(f) Any moneys collected by the director pursuant to this act shall be deposited in a bank or banks, or other depository, approved by the Director of Finance, allocated to each marketing order under which they are collected, and disbursed by the director only for the necessary expenses incurred by the advisory board and the director and approved by the director with respect to each such separate marketing order. Funds so collected shall be deposited and disbursed in conformity with appropriate rules and regulations prescribed by the director. The expenditure of such funds shall be exempt from the provisions of Section 16003 of the Government Code. All such expenditures by the director shall be audited at least every two years by the Department of Finance and a copy of such audit shall be delivered within 30 days after the completion thereof to the Governor, the Director of Agriculture and the Controller. Any moneys in the State Treasury to the credit of the "State Marketing Act Trust Fund" shall be withdrawn and deposited in accordance with the provisions of this paragraph.

Any moneys remaining in such fund, allocable to any particular agricultural commodity affected by a marketing order, at the discretion of the director, may either be refunded at the close of each fiscal period used by the advisory board for budgetary purposes, or upon recommendation of the advisory board and with the approval of the director, all or a portion of such moneys may be carried over into the next succeeding fiscal period whenever the director finds that such moneys are required to defray subsequent expenses under the marketing order. Any refund made pursuant to this paragraph shall be on a pro rata basis made to persons from whom or on whose behalf the assessments being refunded were collected; provided, that upon termination by the director of any marketing

order, any balances remaining and not required by the director to defray the expenses of such marketing order, shall be returned by the director upon a pro rata basis, to all persons from whom or on whose behalf such assessments were collected; provided further, however, that if the director finds that the amounts so returnable are so small as to make impractical the computation and remitting of such pro rata refund to such persons, the director may use the moneys in such fund to defray the expenses incurred by him in the formulation, issuance, administration or enforcement of any subsequent marketing order for such commodity. Thereafter, if there are any such moneys remaining which have not been used by the director as hereinabove provided, same shall be withdrawn from the approved depository and paid into the State Treasury as unclaimed trust moneys.

(g) Moneys deposited by the director pursuant to this section, which the director determines are available for investment, may be invested or reinvested by the State Treasurer in any of the securities described in Article 1 (commencing at Section 16430), Chapter 3, Part 2, Division 4, Title 2 of the Government Code, or placed in a bank as provided in Chapter 4 (commencing at Section 16500), Part 2, Division 4, Title 2 of the Government Code, and handled in the same manner as money in the State Treasury. Any increment received from such investment or reinvestment or deposit shall be remitted to the director for allocation, upon a proper and equitable basis, to each of the marketing orders concerned, and deposited and disbursed as provided in subdivision (f) of this section. The State Treasurer may deduct from such remittance an amount equal to the reasonable costs incurred in carrying out the provisions of this subdivision or may bill the director for such costs and the director shall pay such costs from moneys collected pursuant to this chapter.

(h) Any checks or warrants drawn against the funds of any marketing order remaining unclaimed or uncashed for a period of six months from date of issuance shall be canceled and the money retained for disbursement to the original payee or claimant upon satisfactory identification for a period of one year from the time the checks or warrants are canceled. The money so retained, if not claimed within the period of one year, shall be credited to the then currently operating marketing order for the commodity under which the funds so retained were collected. If there is no marketing order then in effective operation for the commodity, the funds shall be credited to the unexpended balance, if any, of the last previous marketing order for the commodity. In the event there is no marketing order then in current operation, or no balance exists from any previous marketing order to which the funds may be credited, the funds so retained shall be deposited in the State Treasury as unclaimed trust moneys.

CHAPTER 9

An act to amend Sections 796.1, 796.6, and 828.83 of the Agricultural Code, relating to citrus fruits.

In effect September 18, 1959

[Approved by Governor March 12, 1959. Filed with Secretary of State March 13, 1959.]

The people of the State of California do enact as follows:

SECTION 1. Section 796.1 of the Agricultural Code is amended to read:

Citrus fruits: Mixing and blending

796.1. It shall be unlawful to mix or blend citrus fruits which fail to conform to the requirements of this chapter with other citrus fruits which conform to such requirements for the purpose of selling, marketing, or transporting the fruit which has thus failed to conform to the requirements of this chapter.

Any packed citrus fruit or fruits placed loose without packing in standard container number 58 or 59 which has been in storage or after being shipped fails to meet the requirements of the standards for citrus fruits established in this chapter only by reason of brown rot, blue mold, or green mold which has occurred after packing, or being placed loose without packing, shall not be held for violation of the provisions of this chapter on account of such deterioration.

Oranges (except tangerines and mandarins), grapefruit, and lemons when packed in containers holding more than 25 pounds shall be regularly packed throughout in standard containers as provided and designated for each such citrus fruit in Section 828.83; provided, however, that packed citrus fruit imported into this State from another state need not be packed in said containers if they are packed in containers conforming to the applicable laws or regulations of the state of origin or of the United States.

All containers of packed citrus fruits when packed in containers holding more than 25 pounds and when loose or packed in a standard container number 58 or 59 which is closed shall bear upon them in plain sight and in plainly legible letters on one outside end: the name of the packer thereof together with a sufficiently explicit address to permit ready location of such packer; in the case of oranges (except tangerines and mandarins), grapefruit, and lemons the number and average diameter of the citrus fruit in the container; in the case of oranges and grapefruit the name of the variety, if known, and when not known, the words "unknown variety" or "seedlings"; provided, however, that in the case of citrus fruit imported from another state the average diameter of the fruit in the container need not be shown and in the case of a standard container number 58 or 59 which is not closed, the marking requirements of this section need not be shown.

SEC. 2. Section 796.6 of said code is amended to read:

796 6. The count of oranges, grapefruit and lemons when packed or placed loose without packing in standard container number 58 or 59 and the number marked on the container as required in Section 796.1 shall be one of the numbers tabulated in Column A below for oranges or for grapefruit or for lemons and the average diameter marked on the containers shall be the corresponding measurement tabulated in Column B, below: Size of containers

The average diameter in inches of the oranges, grapefruit or lemons in the container, as determined by inspection of a representative sample, shall be not less than the corresponding measurement tabulated in Column B for each such fruit.

Oranges

Column A Count	Column B Av. dia.
24	4 370
32	3.970
36	3.820
40	3.680
48	3.470
56	3 300
72	3.040
88	2.840
113	2.600
138	2.420
163	2.290
180	2.220
210	2 070
245	1.980
270	1.920

Grapefruit

Column A Count	Column B Av. dia.
9	6.200
12	5.640
14	5 350
16	5.120
18	4.920
23	4.540
27	4.270
32	4.030
36	3.880
40	3.740
48	3.530
64	3.170
80	2.900
88	2.840

Lemons

Column A Count	Column B Av. dia.
63	2.925
75	2.775
95	2.570
115	2.410
140	2.240
165	2.130
195	2.010
235	1.880
285	1.770
319	1.685
343	1.640

Until November 1, 1959; the following additional counts and average diameters shall be considered legal when lemons are packed or placed loose without packing in standard container number 58:

Column A Count	Column B Av. dia.
90	2.625
105	2.475
126	2.345
135	2.270
150	2.190
180	2.065
216	1.940
221	1.920
245	1.850
270	1.800
294	1.750

Oranges, grapefruit and lemons when placed loose without packing in standard container number 58 or 59 must be placed in the container so compactly that they will not readily move in the container; the container must be level full of fruit; and the count of fruit in each container must be not less than the count marked with a permissible count in excess not exceeding 8 percent.

The count of oranges, grapefruit and lemons when packed in standard container number 58 or 59 must be not less than the count marked with a permissible count in excess not exceeding 5 percent.

SEC. 3. Section 828.83 of said code is amended to read: Same

828.83.	53	Standard two-compartment orange or grapefruit box, each compartment to be	$11\frac{1}{2}$	$11\frac{1}{2}$	12
	54	Standard one-compartment orange or grapefruit box	$11\frac{1}{2}$	$11\frac{1}{2}$	24
	55	Standard two-compartment half orange or grapefruit box, each compartment to be	$5\frac{3}{4}$	$11\frac{1}{2}$	12
	56	Standard two-compartment lemon box, each comment to be	$9\frac{7}{8}$	13	$12\frac{1}{2}$
	57	Standard two-compartment half lemon box, each compartment to be	$4\frac{15}{16}$	13	$12\frac{1}{2}$
	58	Standard one-half orange or lemon box	$10\frac{1}{4}$	$10\frac{11}{16}$	$16\frac{3}{8}$
	59	Standard one-half grapefruit box	$9\frac{3}{4}$	$10\frac{11}{16}$	$16\frac{3}{8}$

When oranges are placed loose without packing in standard container No. 58, the dimensions may be considered standard when measuring $10\frac{1}{2}$ inches in depth, $10\frac{11}{16}$ inches in width, and $16\frac{3}{8}$ inches in length, all inside measurements.

To allow for reasonable variations in the size of container No. 58 and 59 by reason of manufacturing variations, atmospheric conditions and other factors affecting the size of such containers, the following tolerances from the foregoing dimensions shall be permitted:

A variation of plus or minus of one-eighth of an inch in any two of the dimensions of height, width, or length. Notwithstanding this tolerance the net cubical contents of container No. 58 shall not be less than 1,750 cubic inches and the net cubical contents of container No. 59 shall not be less than 1,665 cubic inches.

To allow for reasonable variations in the size of packing containers by reason of manufacturing variations, atmospheric conditions and other factors affecting the size of such containers, the following tolerances from the foregoing dimensions are hereby permitted:

The total inside length of the two compartments of the standard two-compartment orange or grapefruit box, or the standard two-compartment half orange or grapefruit box, shall not be less than $23\frac{7}{8}$ inches nor more than $24\frac{1}{8}$ inches;

The total inside length of the standard one-compartment orange or grapefruit box shall not be less than $23\frac{7}{8}$ inches nor more than $24\frac{1}{8}$ inches;

The total inside length of the two compartments of the standard two-compartment lemon box, or the standard two-

compartment half lemon box, shall not be less than 24⅞ inches nor more than 25⅛ inches;

If made of wood, tolerance of one-eighth of an inch is hereby permitted in width or depth of any of said standard containers "across the grain" of the wood used in the manufacture thereof, over or under the sizes above specified, and a tolerance of one-thirty-second of an inch over or under such sizes in width or depth "with the grain."

The lids for the above standard orange or grapefruit boxes Nos. 53, 54 and 55 shall not exceed 26⅛ inches in length, and for the above standard lemon boxes Nos. 56 and 57 shall not exceed 27⅛ inches in length.

Standard container No. 58 and 59 shall be considered standard with interior parts such as liners, cleats, posts, or other similar parts, extending from the corners and partially covering the sides or ends or both; providing, (1) the net cubical contents of standard container Nos. 58 and 59 are not less than 1,750 and 1,665 cubic inches, respectively, with interior parts in place, and (2) the actual dimensions conform to the specifications in this section when the inside width is measured from the center of the side panels and the inside length from the center of the end panels, both without allowance for any bulge and also with interior parts in place.

CHAPTER 10

An act to amend Section 2615 of the Business and Professions Code, relating to physical therapy, declaring the urgency thereof, to take effect immediately.

In effect immediately

[Approved by Governor March 12, 1959. Filed with Secretary of State March 13, 1959.]

The people of the State of California do enact as follows:

SECTION 1. Section 2615 of the Business and Professions Code is amended to read:

2615. Graduates of approved physical therapy schools who have filed an application for registration with the board, may, between the date of filing and the publication of the results of the next succeeding examination for registration, practice as physical therapists under the supervision of a physician and surgeon and a registered physical therapist in a licensed hospital, clinic, or sanitarium, or under the direct and immediate supervision of a registered physical therapist who is employed as such in the office of a physician and surgeon. Graduate physical therapists practicing under this section shall be exempt from each and all of the provisions of Chapter 5.7 (commencing at Section 2650) of Division 2 of this code. If a person practicing under this section shall fail to pass the examination, all privileges under this section shall automatically cease.

SEC. 2. This act is an urgency measure necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

There is a serious shortage of physical therapists in this State which has caused untold hardships to the people of California. To alleviate this shortage the Legislature has provided that graduates of approved physical therapy schools who have filed an application for registration with the Board of Medical Examiners may practice as physical therapists under specified supervision prior to taking the examination for registration. However, this privilege is limited to an applicant who files with the board prior to the date of the first examination given after he graduates.

This act would delete this limitation and would authorize a person otherwise qualified to practice as a physical therapist during the period between the filing of an application with the board and the next succeeding examination for registration which occurs after such filing. Thus a greater number of qualified persons could immediately begin practicing as physical therapists and the critical shortage of such trained persons would be greatly alleviated.

CHAPTER 11

An act to amend Sections 468, 468.2, 511, 511.1, 511.2 and 511.3 of, and to add Sections 510.5, 511.6 and 511.9 to, the Vehicle Code, and to amend Sections 21357, 21358, 21359, 22352, 22354, 22355, 22357, 22358 and 22360 of, to amend the heading of Article 1 (commencing at Section 22350) of Chapter 7 of Division 11 of, repeal Sections 22353 and 22356 of, and add Sections 627, 22349 and 22358.5 to, the Vehicle Code as proposed by Assembly Bill No. 5, relating to the speed of vehicles and signs in connection therewith.

[Approved by Governor March 12, 1959. Filed with Secretary of State March 13, 1959.]

In effect September 18, 1959

The people of the State of California do enact as follows:

SECTION 1. Section 468 of the Vehicle Code is amended to read:

Speed restriction signs

468. Speed Restriction Signs. (a) Whenever the State Department of Public Works or a local authority as authorized by this code determines and declares a speed limit different from the limit otherwise applicable under Sections 510.5 or 511 of this code upon any street, highway or portion thereof, appropriate speed restriction signs shall be erected and maintained on said street, highway or portion thereof at the outside entrances of that portion of such street or highway upon which the special speed limit is applicable.

(b) Speed restriction signs may, but need not, be erected upon any street or highway other than a state highway at the entrance thereof into a business or residence district unless required under the provisions of subdivision (a) of this section.

SEC. 2. Section 468.2 of said code is amended to read:

Posting outermost boundaries of district

468.2. Posting Outermost Boundaries of District. Where one or more business and residence districts are contiguous, or where, as authorized by this code, speed is to be restricted between two districts, either business or residence, or at the end of either thereof, speed restriction signs affecting traffic on other than state highways as required by Section 468 need be erected and maintained only at the boundaries of the outside limits of the area in which speed is to be restricted.

SEC. 3. Section 510.5 is added to said code, to read:

Maximum speed limit

510.5. Maximum Speed Limit. No person shall drive a vehicle upon a highway at a speed greater than 65 miles per hour.

SEC. 4. Section 511 of said code is amended to read:

Prima facie speed limits

511. Prima Facie Speed Limits. The speed of any vehicle upon a highway not in excess of the limits specified in this section or established as authorized in this code is lawful unless clearly proved to be in violation of the basic rule declared in Section 510 hereof.

The speed of any vehicle upon a highway in excess of any of the prima facie limits specified in this section or established as authorized in this code is prima facie unlawful unless the defendant establishes by competent evidence that any said speed in excess of said limits did not constitute a violation of the basic rule declared in Section 510 hereof at the time, place and under the conditions then existing.

The prima facie limits referred to above are as follows and the same shall be applicable unless changed as authorized in this code and, if so changed, then only when signs have been erected giving notice thereof, in which event the speed designated on the sign shall be the prima facie limit:

(a) Fifteen miles per hour:

(1) When traversing a grade crossing of a steam, electric or street railway, if during the last 100 feet of the approach to such crossing the driver does not have a clear and unobstructed view of such crossing and of any traffic on such railway for a distance of 400 feet in both directions along such railway. This subdivision shall not apply in the case of any railway grade crossing where human flagman is on duty or a clearly visible electrical or mechanical railway crossing signal device is installed but does not then indicate the immediate approach of a railway train or car.

(2) When traversing any intersection of highways if during the last 100 feet of his approach to such intersection the driver does not have a clear and unobstructed view of such intersection and of any traffic upon all of the highways entering such intersection for a distance of 100 feet along all such

highways, except at an intersection protected by stop signs or yield right-of-way signs or controlled by official traffic control signals.

(b) Twenty-five miles per hour:

(1) On any highway other than a state highway, in any business or residence district, unless a different speed is determined by local authority under procedures set forth in this code.

(2) When passing a school building or the grounds thereof, contiguous to the highway while children are going to or leaving such school during opening or closing hours or during the noon recess period. Such prima facie limit shall also apply when passing any school grounds which are not separated from the highway by a fence, gate or other physical barrier while such grounds are in use by children.

SEC. 5. Section 511.1 of said code is amended to read:

Authority to reduce speed limits

511.1. Establishment of State Speed Zones. (a) Authority to Decrease 65-mile Limit. Whenever the Department of Public Works determines upon the basis of an engineering and traffic survey that the limit of 65 miles per hour is more than is reasonable or safe upon any portion of a state highway where such limit of 65 miles is applicable under this code, the department may determine and declare a prima facie speed limit of 60, 55, 50, 45, 40, 35, 30 or 25 miles per hour, which ever is found most appropriate to facilitate the orderly movement of traffic and is reasonable and safe, which declared prima facie speed limit shall be effective when appropriate signs giving notice thereof are erected upon said highway.

(b) Authority to Establish Variable Speed Limit. Whenever the Department of Public Works determines upon the basis of an engineering and traffic survey that the safe and orderly movement of traffic upon any state highway which is a freeway will be facilitated by the establishment of variable speed limits, said department may erect, regulate, and control signs upon such state highway which is a freeway, or any portion thereof, which signs shall be so designed as to permit display of different speed limits at various times of the day or night. Such signs need not conform with the provisions of Section 468.1 hereof, but shall be of sufficient size and clarity to give adequate notice of the applicable speed limit. The speed limit upon such freeway at a particular time and place shall be that which is then and there displayed upon such sign.

(c) The authority of the Department of Public Works as set forth in this section shall apply upon all state highways, whether within or outside of the limits of any incorporated city or city and county.

SEC. 6. Section 511.2 of said code is amended to read:

Authority to link districts

511.2. Authority to Link Districts. Whenever a local authority determines upon the basis of an engineering and traffic survey that the limit of 65 miles per hour is more than is reasonable or safe upon any portion of a street or highway other than a state highway for a distance of not exceeding

2,000 feet in length between districts, either business or residence, such local authority may determine and declare a reasonable and safe prima facie limit thereon lower than 65 miles per hour, but not less than 25 miles per hour, which declared prima facie speed limit shall be effective when appropriate signs giving notice thereof are erected upon said street and highway.

SEC. 7. Section 511.3 of said code is amended to read:

Local authority

511.3. Establishment of Local Speed Zones. (a) Authority to Increase 25-mile Limit. Whenever a local authority, as defined herein, determines upon the basis of an engineering and traffic survey that a speed greater than 25 miles per hour would facilitate the orderly movement of vehicular traffic and would be reasonable and safe upon any street otherwise subject to a prima facie limit of 25 miles per hour under this code, such local authority may by ordinance determine and declare a prima facie speed limit of 30, 35, 40, 45, 50, 55 or 60 miles per hour or a maximum speed limit of 65 miles per hour, whichever is found most appropriate to facilitate the orderly movement of traffic and is reasonable and safe, which declared prima facie or maximum speed limit shall be effective when appropriate signs giving notice thereof are erected upon said street. The provisions of this subdivision shall not apply in respect to any 25-mile-per-hour prima facie limit which is applicable when passing a school building or the grounds thereof, as provided in Section 511(b)(2).

(b) Authority to Decrease 65-mile Limit. Whenever a local authority, as defined herein, determines upon the basis of an engineering and traffic survey that the limit of 65 miles per hour is more than is reasonable or safe upon any portion of any street or highway where such limit of 65 miles per hour is applicable under this code, such local authority may by ordinance determine and declare a prima facie speed limit of 60, 55, 50, 45, 40, 35, 30, or 25 miles per hour, whichever is found most appropriate to facilitate the orderly movement of traffic and is reasonable and safe, which declared prima facie limit shall be effective when appropriate signs giving notice thereof are erected upon such street.

(c) No local authority shall exercise the powers set forth in this section in reference to any state highway or extension thereof.

(d) With respect to boundary line streets and highways where portions thereof are within different jurisdictions, no ordinance adopted under this section shall be effective as to any such portion unless and until all authorities having jurisdiction of the portions of the street or highway concerned have approved the same. The provisions of this subdivision shall not apply in the case of boundary line streets consisting of separate roadways within different jurisdictions.

SEC. 8. Section 511.6 is added to said code, to read:

Legislative intent

511.6. Legislative Intent as to Speed Zoning. It is the intent of the Legislature that physical conditions such as

width, curvature, grade and surface conditions, or any other condition readily apparent to a driver, in the absence of other factors, would not require special downward speed zoning, as the basic rule of Section 510 is sufficient regulation as to such conditions.

SEC. 9. Section 511.9 is added to said code, to read:

511.9. Engineering and Traffic Survey Defined. Engineering and traffic survey, as used in this chapter, means a survey of highway and traffic conditions in accordance with methods determined by the Department of Public Works for use by state and local authorities. Definition

An engineering and traffic survey shall include, among other requirements deemed necessary by the department, consideration of the following:

(a) Prevailing speeds as determined by traffic engineering measurements.

(b) Accident records.

(c) Highway, traffic and roadside conditions not readily apparent to the driver.

SEC. 10. Section 627 is added to the Vehicle Code, as proposed by Assembly Bill No. 5, to read:

627. Engineering and traffic survey, as used in this code, means a survey of highway and traffic conditions in accordance with methods determined by the Department of Public Works for use by state and local authorities. Same

An engineering and traffic survey shall include, among other requirements deemed necessary by the department, consideration of the following:

(a) Prevailing speeds as determined by traffic engineering measurements.

(b) Accident records.

(c) Highway, traffic and roadside conditions not readily apparent to the driver.

SEC. 11. Section 21357 of said code is amended to read:

21357. Speed restriction signs may, but need not, be erected upon any highway other than a state highway at the entrance thereof into a business or residence district unless required in this chapter. Nonstate highways

SEC. 12. Section 21358 of said code is amended to read:

21358. Where one or more business and residence districts are contiguous, or where, as authorized by this code, speed is to be restricted between two districts, either business or residence, or at the end of either thereof, speed restriction signs affecting traffic on other than state highways as required by Sections 21357 and 21359 need be erected and maintained only at the boundaries of the outside limits of the area in which speed is to be restricted. Contiguous districts

SEC. 13. Section 21359 of said code is amended to read:

21359. Whenever the Department of Public Works or a local authority as authorized by this code determines and de- Special speed limit signs

clares a speed limit different from the limit otherwise applicable under Sections 22349, 22351 and 22352, appropriate speed restriction signs shall be erected and maintained at the outside entrance of the highway or portion thereof upon which the special speed limit is applicable. The special speed limit is not effective until appropriate signs have been erected.

SEC. 14. The heading of Article 1 (commencing at Section 22350) of Chapter 7 of Division 11 of said code is amended to read:

Article 1. Generally

SEC. 15. Section 22349 is added to Article 1 (commencing at Section 22350) of Chapter 7 of Division 11 of said code, to read:

Maximum speed limit

22349. No person shall drive a vehicle upon a highway at a speed greater than 65 miles per hour.

SEC. 16. Section 22352 of said code is amended to read:

Prima facie speed limits

22352. The prima facie limits are as follows and the same shall be applicable unless changed as authorized in this code and, if so changed, only when signs have been erected giving notice thereof:

(a) Fifteen miles per hour:

(1) When traversing a grade crossing of a steam, electric or street railway, if during the last 100 feet of the approach to the crossing the driver does not have a clear and unobstructed view of the crossing and of any traffic on the railway for a distance of 400 feet in both directions along such railway. This subdivision does not apply in the case of any railway grade crossing where human flagman is on duty or a clearly visible electrical or mechanical railway crossing signal device is installed but does not then indicate the immediate approach of a railway train or car.

(2) When traversing any intersection of highways if during the last 100 feet of his approach to the intersection the driver does not have a clear and unobstructed view of the intersection and of any traffic upon all of the highways entering the intersection for a distance of 100 feet along all such highways, except at an intersection protected by stop signs or yield right-of-way signs or controlled by official traffic control signals.

(b) Twenty-five miles per hour:

(1) On any highway other than a state highway, in any business or residence district unless a different speed is determined by local authority under procedures set forth in this code.

(2) When passing a school building or the grounds thereof, contiguous to the highway while children are going to or leaving such school during opening or closing hours or during the noon recess period. Such prima facie limit shall also apply

when passing any school grounds which are not separated from the highway by a fence, gate or other physical barrier while the grounds are in use by children.

SEC. 17. Section 22353 of said code is repealed. Repeal

SEC. 18. Section 22354 of said code is amended to read:

22354. Whenever the Department of Public Works determines upon the basis of an engineering and traffic survey that the limit of 65 miles per hour is more than reasonable or safe upon any portion of a state highway where the limit of 65 miles is applicable, the department may determine and declare a prima facie speed limit of 60, 55, 50, 45, 40, 35, 30 or 25 miles per hour, whichever is found most appropriate to facilitate the orderly movement of traffic and is reasonable and safe, which declared prima facie speed limit shall be effective when appropriate signs giving notice thereof are erected upon the highway. Authority to reduce speed limits

SEC. 19. Section 22355 of said code is amended to read:

22355. Whenever the Department of Public Works determines upon the basis of an engineering and traffic survey that the safe and orderly movement of traffic upon any state highway which is a freeway will be facilitated by the establishment of variable speed limits, the department may erect, regulate, and control signs upon the state highway which is a freeway, or any portion thereof, which signs shall be so designed as to permit display of different speed limits at various times of the day or night. Such signs need not conform with the provisions of Section 21403, but shall be of sufficient size and clarity to give adequate notice of the applicable speed limit. The speed limit upon the freeway at a particular time and place shall be that which is then and there displayed upon such sign. Signs re variable speed limits

SEC. 20. Section 22356 of said code is repealed. Repeal

SEC. 21. Section 22357 of said code is amended to read:

22357. Whenever a local authority determines upon the basis of an engineering and traffic survey that a speed greater than 25 miles per hour would facilitate the orderly movement of vehicular traffic and would be reasonable and safe upon any street other than a state highway otherwise subject to a prima facie limit of 25 miles per hour, the local authority may by ordinance determine and declare a prima facie speed limit of 30, 35, 40, 45, 50, 55 or 60 miles per hour or a maximum speed limit of 65 miles per hour, whichever is found most appropriate to facilitate the orderly movement of traffic and is reasonable and safe, which declared prima facie or maximum speed limit shall be effective when appropriate signs giving notice thereof are erected upon the street. The provisions of this section shall not apply in respect to any 25-mile per hour prima facie limit which is applicable when passing a school building or the grounds thereof. Authority to increase prima facie speed limit

SEC. 22. Section 22358 of said code is amended to read:

22358. Whenever a local authority determines upon the basis of an engineering and traffic survey that the limit of 65 Local authority

miles per hour is more than is reasonable or safe upon any portion of any street other than a state highway where the limit of 65 miles per hour is applicable, the local authority may by ordinance determine and declare a prima facie speed limit of 60, 55, 50, 45, 40, 35, 30 or 25 miles per hour, whichever is found most appropriate to facilitate the orderly movement of traffic and is reasonable and safe, which declared prima facie limit shall be effective when appropriate signs giving notice thereof are erected upon the street.

Legislative intent

SEC. 23. Section 22358.5 is added to said code, to read:

22358.5. It is the intent of the Legislature that physical conditions such as width, curvature, grade and surface conditions, or any other condition readily apparent to a driver, in the absence of other factors, would not require special downward speed zoning, as the basic rule of section 22350 is sufficient regulation as to such conditions.

Authority to link districts

SEC. 24. Section 22360 of said code is amended to read:

22360. Whenever a local authority determines upon the basis of an engineering and traffic survey that the limit of 65 miles per hour is more than is reasonable or safe upon any portion of a highway other than a state highway for a distance of not exceeding 2,000 feet in length between districts, either business or residence, the local authority may determine and declare a reasonable and safe prima facie limit thereon lower than 65 miles per hour, but not less than 25 miles per hour, which declared prima facie speed limit shall be effective when appropriate signs giving notice thereof are erected upon said street or highway.

Ratification

SEC. 25. All speed restriction signs in place on the effective date of this act are hereby ratified and confirmed and shall establish the applicable prima facie speed limit unless and until changed pursuant to engineering and traffic surveys provided for by this code.

Effect. Stats 1959, Ch 3

SEC. 26. Sections 10 to 24, inclusive, of this act shall become operative only if the Vehicle Code as proposed by Assembly Bill No. 5 is enacted by the Legislature at its 1959 Regular Session, and in such case at the same time as said code takes effect, at which time Sections 468, 468.2, 510.5, 511, 511.1, 511.2, 511.3, 511.6, and 511.9 of the Vehicle Code adopted in 1935 are repealed.

Operative date

SEC. 27. This act shall become operative January 1, 1960 in the manner prescribed by Section 26, except that prior to said date highway authorities may make engineering and traffic surveys and necessary changes in signs to reflect changes in speed limits on January 1, 1960.

CHAPTER 12

An act to validate the organization, boundaries, acts, proceedings and bonds of public bodies, as herein defined, and to provide limitations of time within which actions may be commenced in connection therewith, declaring the urgency thereof to take effect immediately.

[Approved by Governor March 12, 1959. Filed with Secretary of State March 13, 1959.] In effect immediately

The people of the State of California do enact as follows:

SECTION 1. The following terms shall have the following meanings herein:

(a) The term "public body" means counties, cities and counties, cities, and school districts of any kind or class and public utility districts.

The term "public body" and the plural thereof, as used in this act, shall include only those entities which are specifically enumerated in this section.

(b) The term "bonds" means all instruments evidencing an indebtedness of a public body incurred or to be incurred for any public purpose, and all instruments evidencing the borrowing of money in anticipation of taxes, revenues or other income of such body, and all instruments payable from revenues or special funds of such public bodies, and all instruments funding or refunding any thereof or any indebtedness.

SEC. 2. All public bodies heretofore organized or existing under, or under color of, any law are hereby declared to have been legally organized and to be legally functioning as such public body. Every such public body shall have all the rights, powers, and privileges, and be subject to all the duties and obligations of such a public body regularly formed pursuant to law.

SEC. 3. The boundaries of every public body as heretofore established, defined, or recorded, or as heretofore actually shown on maps or plats used by the assessor, are hereby confirmed, validated, and declared legally established.

SEC. 4. All acts and proceedings heretofore taken by any public body under any law, or under color of any law, for the annexation or inclusion of territory into any such public body or for the annexation of any such public body to any other such public body or for the withdrawal or exclusion of territory from any such public body are hereby confirmed, validated, and declared legally effective. This shall include all acts and proceedings of the governing board of such public body and of any person, public officer, board or agency heretofore done or taken upon the question of the annexation or inclusion or of the withdrawal or exclusion of such territory.

SEC. 5 All acts and proceedings heretofore taken by or on behalf of any public body under any law, or under color of any law, for the authorization, issuance, sale, or exchange of

bonds of any such public body for any public purpose are hereby confirmed, validated, and declared legally effective. This shall include all acts and proceedings of the governing board of such public body and of any person, public officer, board or agency heretofore done or taken upon the question of the authorization, issuance, sale, or exchange of such bonds.

All bonds of any public body heretofore issued shall be, in the form and manner in which issued and delivered, the legal, valid and binding obligations of the public body. All such bonds heretofore authorized to be issued and hereafter issued and delivered in accordance with such authorization shall be the legal, valid and binding obligations of the public body. Whenever an election has heretofore been called for the purpose of submitting to the voters of any public body the question of issuing bonds for any public purpose, such bonds, if hereafter authorized by the required vote and in accordance with the proceedings heretofore taken, and issued and delivered in accordance with such authorization, shall be the legal, valid and binding obligations of the public body.

SEC. 6. (a) The foregoing provisions of this act shall operate to supply such legislative authorization as may be necessary to validate any such acts and proceedings heretofore taken which the Legislature could have supplied or provided for in the law under which such acts or proceedings were taken.

(b) The foregoing provisions of this act shall be limited to the validation of acts and proceedings to the extent to which the same can be effectuated under the State and Federal Constitutions.

(c) The foregoing provisions of this act shall not operate to confirm, validate, or legalize any act, proceeding, or other matter the legality of which is being contested or inquired into in any legal proceeding now pending and undetermined or which may be pending or undetermined during the period of 30 days from and after the effective date of this act, and shall not operate to confirm, validate, or legalize any act, proceeding, or other matter which has heretofore been determined in any legal proceeding to be illegal, void or ineffective.

SEC. 7. Any action or proceeding contesting the validity of any action or proceeding heretofore taken under any law, or under color of any law, for the formation, organization or incorporation of any public body, or for any annexation thereto, exclusion therefrom or other change of boundaries thereof, or for the authorization, issuance, sale or exchange of bonds thereof upon any ground involving an alleged defect or illegality not effectively validated by the prior provisions of this act and not otherwise barred by any statute of limitations or by laches must be commenced within six months of the effective date of this act; otherwise each and all of said matters shall be held to be valid and in every respect legal and incontestable. This subsection shall not extend the period in which any action may be brought beyond the period in which

it would be barred by any presently existing valid statute of limitations.

SEC. 8. Nothing contained in this act shall be construed to render the creation of any city or district, or any change in the boundaries of any city or district, effective for purposes of assessment or taxation unless the statement, together with the map or plat, required to be filed under Sections 54900 to 54904, inclusive, of the Government Code, is filed within the time and substantially in the manner required by said sections.

SEC. 9. As used in this act, the word "now" means the date this act takes effect; the word "heretofore" means any time prior to such effective date; and the word "hereafter" means any time subsequent to such effective date.

SEC. 10. This act may be cited as the First Validating Act of 1959.

SEC. 11. This act is an urgency measure necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The peace, health and safety of the citizens of the State require the orderly and unhampered functioning of public bodies and such functioning depends upon the validity of the organization, boundaries, and governing officers or boards of public bodies, and upon the validity of acts, proceedings, and bonds of public bodies, and it is therefore imperative and essential that such matters be validated so that during the period before this act would otherwise become effective:

(1) Citizens of the State can be afforded the protection of the police, fire, safety, sanitary and other regulations and protections provided by public bodies;

(2) Public works and construction by public bodies can be commenced and continued without delay or restriction, to provide sewers, waterworks, schools, storm drains, flood control works, sanitary facilities, electric and other utility works, firehouses and facilities, police stations and facilities, streets, hospitals, and other works, structures, improvements, and facilities required for the public peace, health, and safety, and immediately needed to provide for an increased population;

(3) Public bodies can issue and sell bonds heretofore authorized for the purpose of providing sewers, waterworks, schools, storm drains, flood control works, sanitary facilities, electric and other utility works, firehouses and facilities, police stations and facilities, streets, hospitals, and other works, structures, improvements, and facilities required for the public peace, health and safety and immediately needed to provide for an increased population, which cannot now be sold because of defects in the organization or boundaries of some public body or in the authorization of such bonds, which defects will be cured by this act.

CHAPTER 13

An act to add Section 16271.3 to the Education Code, and Section 16864 to the Education Code, as proposed by Senate Bill No. 2, relating to the use of school buses, declaring the urgency thereof, to take effect immediately.

In effect immediately

[Approved by Governor March 12, 1959. Filed with Secretary of State March 13, 1959.]

The people of the State of California do enact as follows:

SECTION 1. Section 16271.3 is added to the Education Code, to read:

School buses to music festivals, etc

16271.3. The governing board of any school district maintaining a high school or junior college may use school buses to transport pupils attending the high school or junior college of the district and teachers or other employees employed by the district to and from other states to attend music festivals in which the pupils have been invited to participate. The transportation may be provided on any day or days throughout the school year.

In computing the average daily attendance of a school district, there shall be excluded the attendance of such pupils while being transported to and from, and participating in, such music festival.

Any school district which transports pupils attending the high schools or junior colleges of the district, or teachers or other employees of the district to and from other states for such music festivals shall report to the Superintendent of Public Instruction on forms prescribed by him the total mileage of school buses used in connection with such music festivals. In computing the additional allowance to such school district for transportation there shall be deducted therefrom an amount equal to the depreciation of school buses used for such transportation in accordance with rules and regulations adopted by the Superintendent of Public Instruction.

This section shall have no force or effect after December 31, 1959.

Same

SEC. 2. Section 16864 is added to the Education Code, as proposed by Senate Bill No. 2, to read:

16864. The governing board of any school district maintaining a high school or junior college may use school buses to transport pupils attending the high school or junior college of the district and teachers or other employees employed by the district to and from other states to attend music festivals in which the pupils have been invited to participate. The transportation may be provided on any day or days throughout the school year.

In computing the average daily attendance of a school district, there shall be excluded the attendance of such pupils while being transported to and from, and participating in, such music festival.

Any school district which transports pupils attending the high schools or junior colleges of the district, or teachers or other employees of the district to and from other states for such music festivals shall report to the Superintendent of Public Instruction on forms prescribed by him the total mileage of school buses used in connection with such music festivals. In computing the additional allowance to such school district for transportation there shall be deducted therefrom an amount equal to the depreciation of school buses used for such transportation in accordance with rules and regulations adopted by the Superintendent of Public Instruction.

This section shall have no force or effect after December 31, 1959.

Effect. Stats 1959, Ch 2

SEC. 3. Section 2 of this act shall become operative only if the Education Code as proposed by Senate Bill No. 2 is enacted by the Legislature at its 1959 Regular Session, and in such case at the same time as Senate Bill No. 2 takes effect; at which time Section 16271 3 of the Education Code as added by Section 1 of this act is repealed.

Urgency

SEC. 4. This act is an urgency measure necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

A technicality in the law prevents the use of school buses to transport pupils, except graduating twelfth grade pupils, out of this State for excursions of an educational nature. Because of this technicality public school musical groups of outstanding ability are unable to represent the State of California in music festivals held in other states. The inability to attend out-of-state music festivals denies to groups of public school pupils endowed with superior musical abilities the recognition to which they are entitled and to which the public schools of California are entitled and has a seriously demoralizing effect on these groups of pupils. In order that these pupils of the public schools be afforded the fullest opportunities and encouragement in pursuing the cultural aspect of education which in modern times is often overshadowed by the technical aspect of education to the detriment of our great musical and cultural heritage, it is necessary that this act take effect immediately.

CHAPTER 14

An act to amend the heading of Chapter 6 (commencing at Section 22801), Division 11, and to add Article 1.5 (commencing at Section 22811) to Chapter 6, Division 11, of the Education Code, and to amend the heading of Chapter 6 (commencing at Section 28001), Division 20, and to add Article 1.5 (commencing at Section 28021) to Chapter 6, Division 20, of the Education Code as proposed by Senate

Bill No. 2, relating to libraries, declaring the urgency thereof, to take effect immediately.

In effect immediately

[Approved by Governor March 17, 1959. Filed with Secretary of State March 17, 1959.]

The people of the State of California do enact as follows:

SECTION 1. The heading of Chapter 6 (commencing at Section 22801) of Division 11 of the Education Code is amended to read:

CHAPTER 6. UNIFIED SCHOOL DISTRICT PUBLIC LIBRARIES AND UNION HIGH SCHOOL DISTRICT PUBLIC LIBRARIES

SEC. 2. Article 1.5 (commencing at Section 22811) is added to Chapter 6, Division 11, of said code, to read:

Article 1.5. Applicability to Unified School Districts

Applicability

22811. For the purposes of this chapter a unified school district has all of the powers and duties of a union high school district. A library district may be formed upon the application of 50 or more taxpayers and residents of any unified district, and after an election, in the manner prescribed by this chapter for the formation of a library district upon the application of taxpayers and residents of a union high school district. If the requisite number of votes cast at the election are in favor of a unified school district library district the board of supervisors shall by resolution establish the library district and place the district in the control of the governing board of the unified school district.

Definitions

22812. As used in this chapter the words "union high school district" mean union high school district or unified school district and the words "union high school" mean union high school or unified school district. Whenever the provisions of this chapter are being exercised by, or are being made applicable in, a unified school district, the words "union high school district" and "union high school" shall be deemed to mean unified school district.

SEC. 3. The heading of Chapter 6 (commencing at Section 28001), Division 20, of the Education Code as proposed by Senate Bill No. 2, is amended to read:

CHAPTER 6. UNIFIED SCHOOL DISTRICT PUBLIC LIBRARIES AND UNION HIGH SCHOOL DISTRICT PUBLIC LIBRARIES

SEC. 4. Article 1.5 (commencing at Section 28021) is added to Chapter 6, Division 20, of said code, to read:

Applicability

28021. For the purposes of this chapter a unified school district has all of the powers and duties of a union high school district. A library district may be formed upon the application of 50 or more taxpayers and residents of any unified district, and after an election, in the manner prescribed by this chapter

for the formation of a library district upon the application of taxpayers and residents of a union high school district. If the requisite number of votes cast at the election are in favor of a unified school district library district the board of supervisors shall by resolution establish the library district and place the district in the control of the governing board of the unified school district.

28022. As used in this chapter the words "union high school district" mean union high school district or unified school district and the words "union high school" mean union high school or unified school district. Whenever the provisions of this chapter are being exercised by, or are being made applicable in, a unified school district, the words "union high school district" and "union high school" shall be deemed to mean unified school district. Definitions

SEC. 5. Sections 3 and 4 of this act shall become operative only if the Education Code as proposed by Senate Bill No. 2 is enacted by the Legislature at its 1959 Regular Session, and in such case at the same time as Senate Bill No. 2 takes effect; at which time the heading of Chapter 6 (commencing at Section 22801) of Division 11 and Article 1.5 (commencing at Section 22811) of Chapter 6 of Division 11 of the Education Code as amended or added by Sections 1 and 2 of this act are repealed. Effect. Stats 1959, Ch. 2

SEC. 6. This act is an urgency measure necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are: Urgency

The existing law authorizes the formation of library districts in union high school districts and such law has been construed as being applicable to unified school districts. There is now in the process of formation a library district in a unified school district. However, some question has arisen concerning the certainty of construction making the provisions applicable in a unified school district. This act would explicitly make the existing law applicable to unified school districts. In order that the formation of public libraries in unified districts be expeditiously completed to meet the educational needs of the children of this State, it is necessary that this act take effect immediately.

CHAPTER 15

An act to add Section 10659 to, and amend Section 10840 of, the Fish and Game Code, relating to sea otters.

[Approved by Governor March 17, 1959. Filed with Secretary of State March 17, 1959.] In effect September 18, 1959

The people of the State of California do enact as follows:

SECTION 1. Section 10659 is added to the Fish and Game Code, to read:

Permit

10659. In the California Sea Otter Game Refuge, the lawful occupant of privately owned land, or the employees of such occupant, may possess firearms and traps and may take on such lands any nonprotected bird or mammal, and no permit is required for such taking.

SEC. 2. Section 10840 of said code is amended to read:

Boundaries

10840. The California Sea Otter Game Refuge consists of and includes the following:

All that portion of Monterey and San Luis Obispo Counties between Carmel River on the north and Santa Rosa Creek on the south, lying west of the Monterey-Cambria Pines Highway, also known as California Highway No. 1.

CHAPTER 16

An act to amend Sections 73562 and 73563 of the Government Code, relating to the salaries for clerks in the municipal court district embracing the Cities of Carmel and Monterey.

In effect September 18, 1959

[Approved by Governor March 17, 1959. Filed with Secretary of State March 17, 1959.]

The people of the State of California do enact as follows:

SECTION 1. Section 73562 of the Government Code is amended to read:

Salaries Clerk

73562. There shall be one clerk, who shall receive a minimum salary of four hundred seventy dollars ($470) monthly with annual increments of twenty-six dollars ($26), twenty-seven dollars ($27), twenty-nine dollars ($29) and thirty-one dollars ($31) to a maximum of five hundred eighty-three dollars ($583) monthly.

SEC. 2. Section 73563 of said code is amended to read:

73563. The clerk may appoint:

Deputy clerks

(a) One deputy who shall receive a minimum salary of three hundred sixty-one dollars ($361) monthly with annual increments of nineteen dollars ($19), twenty-one dollars ($21), twenty-two ($22), and twenty-three dollars ($23), to a maximum of four hundred forty-six dollars ($446) monthly.

(b) Four deputies each of whom shall receive a minimum salary of three hundred eight dollars ($308) monthly with annual increments of seventeen dollars ($17), seventeen dollars ($17), nineteen dollars ($19), and nineteen dollars ($19) to a maximum of three hundred eighty dollars ($380) monthly.

(c) Seven deputies who shall receive a minimum salary of two hundred sixty-four dollars ($264) monthly with annual increments of fourteen dollars ($14), fifteen dollars ($15), fifteen dollars ($15), and seventeen dollars ($17) to a maximum of three hundred twenty-five dollars ($325) monthly.

CHAPTER 17

An act to amend Section 252 of the Vehicle Code, and to add Section 12518 to the Vehicle Code as proposed by Assembly Bill No. 5, relating to the operation of motor vehicles.

[Approved by Governor March 17, 1959. Filed with Secretary of State March 17, 1959.]

In effect September 18, 1959

The people of the State of California do enact as follows:

SECTION 1. Section 252 of the Vehicle Code is amended to read:

252. When Nonresident Exempt. (a) A nonresident over the age of 21 years having in his immediate possession a valid operator's license issued to him in his home state or country may operate a motor vehicle in this State as an operator only for not to exceed one year without obtaining a license hereunder.

Exempted nonresidents

(b) A nonresident over the age of 21 years having in his immediate possession a valid chauffeur's license issued to him in his home state or country may operate a motor vehicle in this State without obtaining a license hereunder, but such nonresident must be licensed as a chauffeur under the provisions of this code before he may accept regular employment as a chauffeur within this State.

(c) A nonresident over the age of 21 years whose home state or country does not require the licensing of operators or chauffeurs may operate a foreign vehicle owned by him for not to exceed 30 days without obtaining a license hereunder.

(d) The provisions of subdivisions (a), (b) and (c) shall apply to any nonresident over the age of 16 years but under the age of 21 years, except that the maximum period during which such nonresident may operate a motor vehicle in this State without obtaining an operator's or chauffeur's license shall be limited to a period of 10 days immediately following the entry of such nonresident into this State.

(e) The provisions of subdivisions (a), (b), and (c) shall apply to any nonresident who is under the age of 21 years and who is a member of the Armed Forces of the United States on active duty within this State, except that the maximum period during which such nonresident may operate a motor vehicle in this State without obtaining an operator's or chauffeur's license shall be limited to a period of 60 days immediately following the entry of such nonresident into this State.

(f) For the purposes of this division any person who, while residing in this State, accepts gainful employment within this State, shall be considered to be a resident of this State.

SEC. 2. Section 12518 is added to the Vehicle Code as proposed by Assembly Bill No. 5, to read:

12518. The provisions of Section 12504 shall apply to any nonresident who is under the age of 21 years and who is a member of the Armed Forces of the United States on active

Same

duty within this State, except that the maximum period during which such nonresident may operate a motor vehicle in this State without obtaining an operator's or chauffeur's license shall be limited to a period of 60 days immediately following the entry of such nonresident into this State.

Effect. Stats 1959, Ch 3

SEC. 3. Section 2 of this act becomes operative only if the Vehicle Code as proposed by Assembly Bill No. 5 is enacted by the Legislature at its 1959 Regular Session, and in such case at the same time as said code takes effect, at which time Section 252 of the Vehicle Code adopted in 1935 is repealed.

CHAPTER 18

An act to amend Sections 1370 and 1376 of the Harbors and Navigation Code, relating to pilotage in the Port of San Diego.

In effect September 18, 1959

[Approved by Governor March 17, 1959. Filed with Secretary of State March 17, 1959.]

The people of the State of California do enact as follows:

SECTION 1. Section 1370 of the Harbors and Navigation Code is amended to read:

Port pilots

1370. There shall be not less than two or more than six pilots for the port.

SEC. 2. Section 1376 of said code is amended to read:

Rates of pilotage

1376. The board shall from time to time fix reasonable rates of pilotage for all vessels into or out of the Port of San Diego not exceeding two dollars ($2) per foot of draft and two cents ($0.02) for each net ton of registered measurement and every vessel, inward or outward bound, shall pay these rates when subject to pilot fees.

CHAPTER 19

An act to amend Section 61755 of the Government Code, relating to community services districts.

In effect September 18, 1959

[Approved by Governor March 20, 1959. Filed with Secretary of State March 20, 1959.]

The people of the State of California do enact as follows:

SECTION 1. Section 61755 of the Government Code is amended to read:

61755. The board shall, on or before the first weekday in September, or if such weekday falls upon a holiday then on or before the first business day thereafter, fix the rate of taxes, designating the number of cents upon each hundred dollars of assessed valuation, which rate of taxation shall be sufficient to

raise the amount previously fixed by the board, as hereinabove prescribed; which acts by the board are a valid assessment of such property and a valid levy of such taxes so fixed. The board must immediately thereafter transmit to the said county assessors a statement of such rate so fixed by the board.

CHAPTER 20

An act to add Section 2193 to the Agricultural Code, relating to marketing programs.

[Approved by Governor March 20, 1959. Filed with Secretary of State March 20, 1959.]

In effect September 18, 1959

The people of the State of California do enact as follows:

SECTION 1. Section 2193 is added to the Agricultural Code, to read:

2193. Upon recommendation of the program committee concerned, the director shall have power, consistent with this chapter, to establish such administrative rules and regulations as may be necessary to facilitate the administration and enforcement of each such marketing program promulgated hereunder. Upon the issuance and making effective of such administrative rules and regulations, notice thereof shall be made in the same manner as provided in subdivision (e) of Section 1300.16 of this code for marketing orders.

CHAPTER 21

An act to amend Section 2571 of the Education Code and Section 1851 of the Education Code as enacted by the Legislature at its 1959 Regular Session, relating to school districts, declaring the urgency thereof, to take effect immediately.

[Approved by Governor March 20, 1959. Filed with Secretary of State March 20, 1959.]

In effect immediately

The people of the State of California do enact as follows:

SECTION 1. Section 2571 of the Education Code is amended to read:

2571. A single, union, or joint union elementary school district may be annexed to another single, union, or joint union elementary school district which during the last preceding fiscal year had an average daily attendance in excess of the district to be annexed pursuant to this article, and upon such terms as may be agreed upon between the governing boards of the school districts.

Annexation of school districts

SEC. 2. Section 1851 of the Education Code, as enacted by the Legislature at its 1959 Regular Session, is amended to read:

Same

1851. A single, union, or joint union elementary school district may be annexed to another single, union, or joint union elementary school district which during the last preceding fiscal year had an average daily attendance in excess of the district to be annexed pursuant to this article (commencing at Section 1851), and upon such terms as may be agreed upon between the governing boards of the school districts.

Effect Stats 1959, Ch 2

SEC. 3. Section 2 of this act shall become operative at the same time as the Education Code, as enacted by the Legislature at its 1959 Regular Session, at which time Section 2571 of the Education Code as amended by Section 1 of this act is repealed.

Urgency

SEC. 4. This act is an urgency measure necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Under existing law, there is no procedure prescribed whereby a union or joint union elementary school district may be annexed to a single elementary school district. This lack of legislative authorization prevents the annexation of small union or joint union elementary districts to larger single elementary districts which have the means to provide the necessary facilities for pupils of the district. In order to permit the annexation of inefficient small districts to contiguous larger districts and thus improve the school district organization in areas affected by such lack of existing law, it is necessary that this act take effect immediately.

CHAPTER 22

An act to amend Section 263.2 of, and to add Sections 260.25 and 260.85 to, the Agricultural Code, relating to bovine brucellosis.

In effect September 18, 1959

[Approved by Governor March 20, 1959. Filed with Secretary of State March 20, 1959.]

The people of the State of California do enact as follows:

SECTION 1. Section 260.25 is added to the Agricultural Code, to read:

Brucellosis vaccination stamp

260.25. It is unlawful for any person other than a federal, state, county or municipal officer or employee, in his official capacity, or an accredited veterinarian, to buy, possess or use any device designed to produce a mark, stamp or tattoo that simulates in design the official tattoo, tag or mark adopted by the department and the United States Department of Agriculture for identifying cattle officially vaccinated against brucellosis.

SEC. 2. Section 260.85 is added to said code, to read:

260.85. It is unlawful for any person other than a federal, state, county or municipal officer or employee, in his official capacity, or an accredited veterinarian, to buy, possess or use a vaccine or antigen containing brucella micro-organisms, except in accordance with rules and regulations of the director. Brucellosis vaccine

SEC. 3. Section 263.2 of said code is amended to read:

263.2. Any bovine animal in a brucellosis control area reacting positively to a test for brucellosis shall immediately be branded and identified in accordance with the rules and regulations of the director, and shall be slaughtered within 30 days in accordance with the rules and regulations of the director. Identification of diseased animal

---

CHAPTER 23

An act to amend Section 7193 of the Education Code, and Section 17417 of the Education Code as proposed by Senate Bill No. 2, relating to school apportionments.

[Approved by Governor March 24, 1959. Filed with Secretary of State March 25, 1959.] In effect September 18, 1959

The people of the State of California do enact as follows:

SECTION 1. Section 7193 of the Education Code is amended to read:

7193. Wherever the attendance of pupils is not included in the computation of the average daily attendance of a school district for any fiscal year because the certification document of the person employed by the district to instruct such pupils was not in force during the period of such attendance, the governing board of the district may, upon payment of the salary of such person pursuant to Section 13831.4, or similar provisions of law, report such attendance to the Superintendent of Public Instruction during the fiscal year in which such salary is paid. Such report shall be made in such form as shall be prescribed and furnished by the Superintendent of Public Instruction. Thereafter the Superintendent of Public Instruction shall add to the apportionment from the State School Fund to the district during the next succeeding fiscal year or years, as determined by him but not exceeding three, the additional amount to which the district would have been entitled in the fiscal year next succeeding that in which such attendance was not included in the computation of the average daily attendance of the district if such amount is at least one hundred dollars ($100) or more. Average daily attendance Additional apportionment

Any such additional amount shall be apportioned from the State School Fund before any other apportionment from such fund is made and shall be allowed from any portion of such fund except that portion reserved as allowances for basic state aid.

SEC. 2. Section 17417 of the Education Code as proposed by Senate Bill No. 2 is amended to read:

Same

17417. Wherever the attendance of pupils is not included in the computation of the average daily attendance of a school district for any fiscal year because the certification document of the person employed by the district to instruct such pupils was not in force during the period of such attendance, the governing board of the district may, upon payment of the salary of such person pursuant to Section 13515, or similar provisions of law, report such attendance to the Superintendent of Public Instruction during the fiscal year in which such salary is paid. Such report shall be made in such form as shall be prescribed and furnished by the Superintendent of Public Instruction. Thereafter the Superintendent of Public Instruction shall add to the apportionment from the State School Fund to the district during the next succeeding fiscal year or years, as determined by him but not exceeding three, the additional amount to which the district would have been entitled in the fiscal year next succeeding that in which such attendance was not included in the computation of the average daily attendance of the district if such amount is at least one hundred dollars ($100) or more.

Any such additional amount shall be apportioned from the State School Fund before any other apportionment from such fund is made and shall be allowed from any portion of such fund except that portion reserved as allowances for basic state aid.

Declaratory of existing law

SEC. 3. The amendment of these sections made by the 1959 Regular Session of the Legislature does not constitute a change in, but is a restatement of, the pre-existing law without substantive change.

Effect. Stats 1959, Ch 2

SEC. 4. Section 2 of this act shall become operative only if the Education Code as proposed by Senate Bill No. 2 is enacted by the Legislature at its 1959 Regular Session, and in such case at the same time as Senate Bill No. 2 takes effect; at which time Section 7193 of the Education Code as amended by Section 1 of this act is repealed.

CHAPTER 24

An act to amend Section 16277 of the Education Code and Section 16853 of the Education Code as proposed by Senate Bill No. 2, relating to school buses.

In effect September 18, 1959

[Approved by Governor March 24, 1959. Filed with Secretary of State March 25, 1959.]

The people of the State of California do enact as follows:

SECTION 1. Section 16277 of the Education Code is amended to read:

16277. The name or names of the particular school or schools to which a school bus conveys pupils may be painted on the side of such bus, in the manner prescribed by the State Board of Education. School buses

SEC. 2. Section 16853 of the Education Code as proposed by Senate Bill No. 2 is amended to read:

16853. The name or names of the particular school or schools to which a school bus conveys pupils may be painted on the side of such bus, in the manner prescribed by the State Board of Education. Same

SEC. 3. The amendment of these sections made by the 1959 Regular Session of the Legislature does not constitute a change in, but is a restatement of, the pre-existing law, without substantive change. Declaratory of existing law

SEC. 4. Section 2 of this act shall become operative only if the Education Code as proposed by Senate Bill No. 2 is enacted by the Legislature at its 1959 Regular Session, and in such case at the same time as Senate Bill No. 2 takes effect; at which time Section 16277 of the Education Code as amended by Section 1 of this act is repealed. Effect. Stats 1959, Ch 2

CHAPTER 25

An act to amend Section 262 of the Revenue and Taxation Code, relating to the church exemption, declaring the urgency thereof, to take effect immediately.

[Approved by Governor March 24, 1959. Filed with Secretary of State March 25, 1959.] In effect immediately

The people of the State of California do enact as follows:

SECTION 1. Section 262 of the Revenue and Taxation Code is amended to read:

262. Any tax or penalty or interest thereon for any fiscal year commencing during the calendar year 1952, 1953, 1954, 1955, 1956, 1957 or 1958 on property as to which the church exemption was available for such fiscal year shall be canceled pursuant to Article 1 (commencing with Section 4986) of Chapter 4 of Part 9 of this division as if it had been levied or charged erroneously, and, if paid, a refund thereof shall be made pursuant to Article 1 (commencing with Section 5096) of Chapter 5 of Part 9 of this division as if it had been erroneously collected.

SEC. 2. This act is an urgency measure necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Some churches have inadvertently failed to file the required affidavit in support of the tax exemption of their property which is granted by the State Constitution, and as a result now

are confronted with obligations which, if met, will substantially impair their ability to function effectively. This act will remedy the situation by, in effect, removing the procedural bar to the application of the exemption to such property. In doing so, the public policy of the State as expressed in the Constitution will be entirely fulfilled and the State as a whole will benefit.

CHAPTER 26

An act to amend Sections 9084.5 and 9087 of the Insurance Code, relating to limitations on the risks to be insured against by insurance policies issued by fraternal fire insurers.

In effect September 18, 1959

[Approved by Governor March 24, 1959. Filed with Secretary of State March 25, 1959.]

The people of the State of California do enact as follows:

SECTION 1. Section 9084.5 of the Insurance Code is amended to read:

Limitations on risks

9084.5. Such association shall not write insurance in excess of eight thousand dollars ($8,000) on any one risk nor in excess of forty thousand dollars ($40,000) in any one city block within an incorporated city without immediately reinsuring all the excess amount. An association may write insurance for an amount not exceeding forty thousand dollars ($40,000) on any one risk, if the excess over eight thousand dollars ($8,000) is reinsured as provided in this section. Such associations may not accept reinsurance but may reinsure risks if such reinsurance is by contracts and with reinsurers which meet the standards therefor prescribed in Sections 922.1 to 922.8.

SEC. 2. Section 9087 of said code is amended to read:

Property insured

9087. No property within the corporate limits of any city or town shall be insured except dwellings and the contents thereof, grange halls and the contents thereof, other grange property, and any buildings appurtenant thereto.

CHAPTER 27

An act to add Section 506.3 to the Public Resources Code, relating to the Division of Beaches and Parks of the Department of Natural Resources, and declaring the urgency thereof, to take effect immediately.

In effect immediately

[Approved by Governor March 24, 1959. Filed with Secretary of State March 25, 1959.]

The people of the State of California do enact as follows:

SECTION 1. Section 506.3 is added to the Public Resources Code, to read:

506.3. The Division of Beaches and Parks shall be administered through a chief who shall have at least five years experience in park, recreational, or related types of administration. The chief shall be appointed by the Governor, subject to confirmation by the Senate. The chief shall serve at the pleasure of the director and his salary shall be fixed by the director in accordance with law. The chief shall have such duties as shall be assigned from time to time, by the director, and he shall be responsible to the director for the performance thereof.

SEC. 2. This act is an urgency measure necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

It is essential, in order to provide a more orderly and efficient type of administration, that the person holding the tremendously important position of Chief of the Division of Beaches and Parks, Department of Natural Resources, should have an executive status, exempt from state civil service requirements. This act is designed to accomplish this purpose. In order that this act may become effective prior to the retirement of the present holder of the Office of Chief of the Division of Beaches and Parks early this year, so that his successor may be appointed pursuant to the provisions of this act, it is necessary that this act go into immediate effect.

CHAPTER 28

An act adding Article 6 (commencing at Section 25701) to Chapter 7 of Part 2 of Division 2 of Title 3 of the Government Code, relating to the reclamation of water from sewage or other waste water, and the disposal thereof.

[Approved by Governor March 24, 1959. Filed with Secretary of State March 25, 1959.] In effect September 18, 1959

The people of the State of California do enact as follows:

SECTION 1. Article 6 (commencing at Section 25701) is added to Chapter 7 of Part 2 of Division 2 of Title 3 of the Government Code, to read:

Article 6. Reclamation of Water

25701. The board of supervisors may enter into contracts with municipalities, sanitation districts, sanitary districts or other incorporated bodies within the county, providing for the delivery to the county of sewage, or other waste water, or both, produced by or coming from such incorporated bodies. Contracts re delivery of sewage

25702. The board of supervisors may acquire, construct, repair, manage, and maintain all works necessary or proper for the treatment, purification, and reclamation of water from Reclamation of water

sewage or other waste waters, or both, and may reclaim any sewage or other waste water obtained pursuant to contracts entered into pursuant to this article, or obtained otherwise.

Disposal of reclaimed water

25703. The board of supervisors may dispose of water reclaimed and any byproducts of such reclamation, pursuant to this article, in any one or more of the following ways:

(a) Sale to the county and the inhabitants thereof.

(b) Sale to any water district, water conservation district, flood control district, or any other district of which the board of supervisors is ex officio the governing body.

(c) Replenishment of the underground water supplies anywhere within the county.

(d) Sale to any city or, with the consent of the city legislative body expressed by ordinance, to the inhabitants thereof.

Authority to contract with public agencies

25704. The board of supervisors may enter into contracts with cities within the county, water districts within the county of any type or kind, sanitation districts within the county, the State of California, or the Government of the United States, under such terms as may be mutually advantageous, for the acquisition or construction, or both, of the works authorized by this article to be acquired or constructed. Each of the parties to such contract may contribute to the cost of such acquisition, or construction, or both, such sums of money as may be therein agreed upon.

Bond indebtedness

25705. For the purposes of this article, the county may incur a bonded indebtedness, upon the conditions, in the manner, and in accordance with the procedure prescribed by Article 1 (commencing at Section 29900) of Chapter 6 of Division 3 of this title.

CHAPTER 29

An act to amend Sections 5931 and 7842 of the Elections Code, relating to absentee voter ballots.

In effect September 18, 1959

[Approved by Governor March 24, 1959. Filed with Secretary of State March 25, 1959.]

The people of the State of California do enact as follows:

SECTION 1. Section 5931 of the Elections Code is amended to read:

Absentee voter ballots

5931. At any time on or before the date of an election an absent voter, regardless of whether he is within or without the territorial limits of the United States, may mark his ballot and transmit it to the clerk by mail if:

(a) In the case of any election conducted by the county clerk he is absent from his election precinct, or

(b) In the case of any other election, he is absent from the city or district of his residence, or

(c) He is unable because of disability to go to his polling place, or

(d) He is unable to go to his polling place on election day by reason of the fact that the tenets of his religion require his attendance at church or religious services on that day or otherwise prevent him from attending the polls throughout that day.

After marking his ballot the absent voter shall place it in the identification envelope. He shall then fill out and sign the declaration on the envelope and mail it to the office of the clerk of the locality in which he resides.

Upon receipt of the return envelope containing the identification envelope the clerk shall deposit it in a safe place in his office to be kept by him and delivered to the proper canvassing board. An identification envelope shall in no event be opened before being delivered to the canvassing board.

SEC. 2. Section 7842 of said code is amended to read:

7842. If the election board is satisfied that the signature on the voter's identification envelope is the voter's signature, it shall announce audibly the voter's name, whereupon a challenge may be interposed against the counting or deposit of the absent voter ballot for counting, upon either or all of the grounds available against a person attempting to vote at a polling place. A challenge may also be interposed upon the ground that the ballot was not mailed within the time prescribed by law. Ballot challenge

---

CHAPTER 30

An act to validate the organization, boundaries, acts, proceedings and bonds of public bodies, as herein defined, and to provide limitations of time within which actions may be commenced in connection therewith, declaring the urgency thereof, to take effect immediately.

[Approved by Governor March 25, 1959. Filed with Secretary of State March 25, 1959.] In effect immediately

The people of the State of California do enact as follows:

SECTION 1. The following terms shall have the following meanings herein:

(a) The term "public body" means counties, cities and counties, cities, and the following districts, authorities, agencies, boards, commissions (and other entities):

Agencies, boards, commissions or entities constituted or provided for under or pursuant to Chapter 5 (commencing at Section 6500), Division 7, Title 1 of the Government Code

Air pollution control districts
Airport districts
Assessment districts
Bridge and highway districts
California water districts
Cemetery districts

Citrus pest control districts
Community service districts
Conservancy districts
County fire protection districts
County maintenance districts
County power pumping districts
County sanitation districts
County sewerage and water districts
County water agencies
County water authorities
County water districts
County waterworks districts
Drainage districts
Fire protection districts
Flood control districts
Flood control and water conservation districts
Garbage and refuse disposal districts
Garbage disposal districts
Harbor districts
Harbor improvement districts
Highway districts
Highway lighting districts
Horticultural protection districts
Horticultural development districts
Housing authorities
Irrigation district distribution districts
Irrigation district improvement districts
Irrigation districts
Joint harbor improvement districts
Joint highway districts
Joint municipal sewage disposal districts
Junior college districts
Levee districts
Library districts
Local health districts
Local hospital districts
Metropolitan water districts
Mosquito abatement districts
Municipal improvement assessment districts
Municipal port districts
Municipal sewer districts
Municipal utility districts
Municipal water district improvement districts
Municipal water districts of any kind
Parking authorities
Parking districts
Park, recreation and parkway districts
Permanent road divisions
Pest abatement districts
Port districts
Public cemetery districts
Public utility districts

Rapid transit districts
Reclamation districts
Recreational harbor districts
Recreation and park districts
Recreation, park and parkway districts
Redevelopment agencies
Regional park districts
River port districts
Road districts
Sanitary districts
Sanitary districts annexed areas
School districts of any kind or class
Separation of grade districts
Sewer maintenance districts
Soil conservation districts
Storm water districts
Transit authorities
Transit districts
Unified air pollution control districts
Urban renewal agencies
Vehicle parking districts
Veterans' memorial districts
Water authorities
Water conservation districts
Water districts
Water storage districts
Weed abatement districts
Zones of flood control districts

The term "public body" and the plural thereof, as used in this act, shall include only those entities which are specifically enumerated in this section.

(b) The term "bonds" means all instruments evidencing an indebtedness of a public body incurred or to be incurred for any public purpose, and all instruments evidencing the borrowing of money in anticipation of taxes, revenues or other income of such body, and all instruments payable from revenues or special funds of such public bodies, and all instruments funding or refunding any thereof or any indebtedness.

SEC. 2. All public bodies heretofore organized or existing under, or under color of, any law are hereby declared to have been legally organized and to be legally functioning as such public body. Every such public body shall have all the rights, powers, and privileges, and be subject to all the duties and obligations of such a public body regularly formed pursuant to law.

SEC. 3. The boundaries of every public body as heretofore established, defined, or recorded, or as heretofore actually shown on maps or plats used by the assessor, are hereby confirmed, validated, and declared legally established.

SEC. 4. All acts and proceedings heretofore taken by any public body under any law, or under color of any law, for the

annexation or inclusion of territory into any such public body or for the annexation of any such public body to any other such public body or for the withdrawal or exclusion of territory from any such public body are hereby confirmed, validated, and declared legally effective. This shall include all acts and proceedings of the governing board of such public body and of any person, public officer, board or agency heretofore done or taken upon the question of the annexation or inclusion or of the withdrawal or exclusion of such territory.

SEC. 5. All acts and proceedings heretofore taken by or on behalf of any public body under any law, or under color of any law, for the authorization, issuance, sale, or exchange of bonds of any such public body for any public purpose are hereby confirmed, validated, and declared legally effective. This shall include all acts and proceedings of the governing board of such public body and of any person, public officer, board or agency heretofore done or taken upon the question of the authorization, issuance, sale, or exchange of such bonds.

All bonds of any public body heretofore issued shall be, in the form and manner in which issued and delivered, the legal, valid and binding obligations of the public body. All such bonds heretofore authorized to be issued and hereafter issued and delivered in accordance with such authorization shall be the legal, valid and binding obligations of the public body. Whenever an election has heretofore been called for the purpose of submitting to the voters of any public body the question of issuing bonds for any public purpose, such bonds, if hereafter authorized by the required vote and in accordance with the proceedings heretofore taken, and issued and delivered in accordance with such authorization, shall be the legal, valid and binding obligations of the public body.

SEC. 6. (a) The foregoing provisions of this act shall operate to supply such legislative authorization as may be necessary to validate any such acts and proceedings heretofore taken which the Legislature could have supplied or provided for in the law under which such acts or proceedings were taken.

(b) The foregoing provisions of this act shall be limited to the validation of acts and proceedings to the extent to which the same can be effectuated under the State and Federal Constitutions.

(c) The foregoing provisions of this act shall not operate to confirm, validate, or legalize any act, proceeding, or other matter the legality of which is being contested or inquired into in any legal proceeding now pending and undetermined or which may be pending or undetermined during the period of 30 days from and after the effective date of this act, and shall not operate to confirm, validate, or legalize any act, proceeding, or other matter which has heretofore been determined in any legal proceeding to be illegal, void or ineffective.

(d) This act shall not operate to confirm, validate, or legalize a contract between any district and the United States.

SEC. 7. Any action or proceeding contesting the validity of any action or proceeding heretofore taken under any law, or under color of any law, for the formation, organization or incorporation of any public body, or for any annexation thereto, exclusion therefrom or other change of boundaries thereof, or for the authorization, issuance, sale or exchange of bonds thereof upon any ground involving an alleged defect or illegality not effectively validated by the prior provisions of this act and not otherwise barred by any statute of limitations or by laches must be commenced within six months of the effective date of this act; otherwise each and all of said matters shall be held to be valid and in every respect legal and incontestable. This subsection shall not extend the period in which any action may be brought beyond the period in which it would be barred by any presently existing valid statute of limitations.

SEC. 8. Nothing contained in this act shall be construed to render the creation of any city or district, or any change in the boundaries of any city or district, effective for purposes of assessment or taxation unless the statement, together with the map or plat, required to be filed under Sections 54900 to 54904, inclusive, of the Government Code, is filed within the time and substantially in the manner required by said sections.

SEC. 9. As used in this act, the word "now" means the date this act takes effect; the word "heretofore" means any time prior to such effective dates; and the word "hereafter" means any time subsequent to such effective date.

SEC. 10. This act may be cited as the First Validating Act of 1959.

SEC. 11. This act is an urgency measure necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The peace, health and safety of the citizens of the State require the orderly and unhampered functioning of public bodies and such functioning depends upon the validity of the organization, boundaries, and governing officers or boards of public bodies, and upon the validity of acts, proceedings, and bonds of public bodies, and it is therefore imperative and essential that such matters be validated so that during the period before this act would otherwise become effective:

(1) Citizens of the State can be afforded the protection of the police, fire, safety, sanitary, and other regulations and protections provided by public bodies;

(2) Public works and construction by public bodies can be commenced and continued without delay or restriction, to provide sewers, waterworks, schools, storm drains, flood control works, sanitary facilities, electric and other utility works, firehouses and facilities, police stations and facilities, streets, hospitals, and other works, structures, improvements, and

facilities required for the public peace, health, and safety, and immediately needed to provide for an increased population;

(3) Public bodies can issue and sell bonds heretofore authorized for the purpose of providing sewers, waterworks, schools, storm drains, flood control works, sanitary facilities, electric and other utility works, firehouses and facilities, police stations and facilities, streets, hospitals, and other works, structures, improvements, and facilities required for the public peace, health and safety and immediately needed to provide for an increased population, which cannot now be sold because of defects in the organization or boundaries of some public body or in the authorization of such bonds, which defects will be cured by this act.

CHAPTER 31

An act to validate the organization, boundaries, acts, proceedings and bonds of public bodies, as herein defined, and to provide limitations of time within which actions may be commenced in connection therewith.

In effect September 18, 1959

[Approved by Governor March 24, 1959. Filed with Secretary of State March 25, 1959.]

The people of the State of California do enact as follows:

SECTION 1. The following terms shall have the following meanings herein:

(a) The term "public body" means counties, cities and counties, cities, and the following districts, authorities, agencies, boards, commissions and entities:

Agencies, boards, commissions or entities constituted or provided for under or pursuant to Chapter 5 (commencing at Section 6500), Division 7, Title 1 of the Government Code

Air pollution control districts
Airport districts
Assessment districts
Bridge and highway districts
California water districts
Cemetery districts
Citrus pest control districts
Community service districts
Conservancy districts
County fire protection districts
County maintenance districts
County power pumping districts
County sanitation districts
County sewerage and water districts
County water agencies
County water authorities
County water districts
County waterworks districts

Drainage districts
Fire protection districts
Flood control districts
Flood control and water conservation districts
Garbage and refuse disposal districts
Garbage disposal districts
Harbor districts
Harbor improvement districts
Highway districts
Highway lighting districts
Horticultural protection districts
Horticultural development districts
Housing authorities
Irrigation district distribution districts
Irrigation district improvement districts
Irrigation districts
Joint harbor improvement districts
Joint highway districts
Joint municipal sewage disposal districts
Junior college districts
Levee districts
Library districts
Local health districts
Local hospital districts
Metropolitan water districts
Mosquito abatement districts
Municipal improvement assessment districts
Municipal port districts
Municipal sewer districts
Municipal utility districts
Municipal water district improvement districts
Municipal water districts of any kind
Parking authorities
Parking districts
Park, recreation and parkway districts
Permanent road divisions
Pest abatement districts
Port districts
Public cemetery districts
Public utility districts
Rapid transit districts
Reclamation districts
Recreational harbor districts
Recreation and park districts
Recreation, park and parkway districts
Redevelopment agencies
Regional park districts
River port districts
Road districts
Sanitary districts
Sanitary districts annexed areas
School districts of any kind or class

Separation of grade districts
Sewer maintenance districts
Soil conservation districts
Storm water districts
Transit authorities
Transit districts
Unified air pollution control districts
Urban renewal agencies
Vehicle parking districts
Veterans' memorial districts
Water authorities
Water conservation districts
Water districts
Water storage districts
Weed abatement districts
Zones of flood control districts

The term "public body" and the plural thereof, as used in this act, shall include only those entities which are specifically enumerated in this section.

(b) The term "bonds" means all instruments evidencing an indebtedness of a public body incurred or to be incurred for any public purpose, and all instruments evidencing the borrowing of money in anticipation of taxes, revenues or other income of such body, and all instruments payable from revenues or special funds of such public bodies, and all instruments funding or refunding any thereof or any indebtedness.

SEC. 2. All public bodies heretofore organized or existing under, or under color of, any law are hereby declared to have been legally organized and to be legally functioning as such public body. Every such public body shall have all the rights, powers, and privileges, and be subject to all the duties and obligations of such a public body regularly formed pursuant to law.

SEC. 3. The boundaries of every public body as heretofore established, defined, or recorded, or as heretofore actually shown on maps or plats used by the assessor, are hereby confirmed, validated, and declared legally established.

SEC. 4. All acts and proceedings heretofore taken by any public body under any law, or under color of any law, for the annexation or inclusion of territory into any such public body or for the annexation of any such public body to any other such public body or for the withdrawal or exclusion of territory from any such public body are hereby confirmed, validated, and declared legally effective. This shall include all acts and proceedings of the governing board of such public body and of any person, public officer, board or agency heretofore done or taken upon the question of the annexation or inclusion or of the withdrawal or exclusion of such territory.

SEC. 5. All acts and proceedings heretofore taken by or on behalf of any public body under any law, or under color of any law, for the authorization, issuance, sale, or exchange of bonds

of any such public body for any public purpose are hereby confirmed, validated, and declared legally effective. This shall include all acts and proceedings of the governing board of such public body and of any person, public officer, board or agency heretofore done or taken upon the question of the authorization, issuance, sale, or exchange of such bonds.

All bonds of any public body heretofore issued shall be, in the form and manner in which issued and delivered, the legal, valid and binding obligations of the public body. All such bonds heretofore authorized to be issued and hereafter issued and delivered in accordance with such authorization shall be the legal, valid and binding obligations of the public body. Whenever an election has heretofore been called for the purpose of submitting to the voters of any public body the question of issuing bonds for any public purpose, such bonds, if hereafter authorized by the required vote and in accordance with the proceedings heretofore taken, and issued and delivered in accordance with such authorization, shall be the legal, valid and binding obligations of the public body.

SEC. 6. (a) The foregoing provisions of this act shall operate to supply such legislative authorization as may be necessary to validate any such acts and proceedings heretofore taken which the Legislature could have supplied or provided for in the law under which such acts or proceedings were taken.

(b) The foregoing provisions of this act shall be limited to the validation of acts and proceedings to the extent to which the same can be effectuated under the State and Federal Constitutions.

(c) The foregoing provisions of this act shall not operate to confirm, validate, or legalize any act, proceedings, or other matter the legality of which is being contested or inquired into in any legal proceeding now pending and undetermined or which may be pending and undetermined during the period of 30 days from and after the effective date of this act, and shall not operate to confirm, validate, or legalize any act, proceeding, or other matter which has heretofore been determined in any legal proceeding to be illegal, void or ineffective.

(d) This act shall not operate to confirm, validate, or legalize a contract between any district and the United States.

SEC. 7. Any action or proceeding contesting the validity of any action or proceeding heretofore taken under any law, or under color of any law, for the formation, organization or incorporation of any public body, or for any annexation thereto, exclusion therefrom or other change of boundaries thereof, or for the authorization, issuance, sale or exchange of bonds thereof upon any ground involving an alleged defect or illegality not effectively validated by the prior provisions of this act and not otherwise barred by any statute of limitations or by laches must be commenced within six months of the effective date of this act; otherwise each and all of said matters shall be held to be valid and in every respect legal and incon-

testable. This subsection shall not extend the period in which any action may be brought beyond the period in which it would be barred by any presently existing valid statute of limitations.

SEC. 8. Nothing contained in this act shall be construed to render the creation of any city or district, or any change in the boundaries of any city or district, effective for purposes of assessment or taxation unless the statement, together with the map or plat, required to be filed under Sections 54900 to 54904, inclusive, of the Government Code, is filed within the time and substantially in the manner required by said sections.

SEC. 9. As used in this act, the word "now" means the date this act takes effect; the word "heretofore" means any time prior to such effective date; and the word "hereafter" means any time subsequent to such effective date.

SEC. 10. This act may be cited as the Second Validating Act of 1959.

CHAPTER 32

An act to add Section 541 to the Streets and Highways Code, relating to state highways, and declaring the urgency thereof, to take effect immediately.

In effect immediately

[Approved by Governor March 24, 1959. Filed with Secretary of State March 25, 1959.]

The people of the State of California do enact as follows:

SECTION 1. Section 541 is added to the Streets and Highways Code, to read:

541. Route 241 is from Route 2 near San Ysidro to Route 2 near the northwestern boundary of the City of San Diego, easterly of existing Route 2.

SEC. 2. This act is an urgency measure necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The route added by this act is one included in the Federal Interstate Highway System as a north-south "belt-line" route around the more heavily populated portions of San Diego County, particularly the City of San Diego. It is essential that plans and estimates of cost for the freeway to be constructed on this route may be completed at the earliest possible time in order to meet federal requirements and to receive the federal funds which will primarily finance the construction of this much needed route. It is therefore necessary that this act take effect immediately.

CHAPTER 33

An act to amend Sections 55101, 55801 and 55966 of the Water Code, relating to county waterworks districts.

[Approved by Governor March 25, 1959. Filed with Secretary of State March 27, 1959.] In effect September 18, 1959

The people of the State of California do enact as follows:

SECTION 1. Section 55101 of the Water Code is amended to read:

55101. A district may be formed of two or more parcels of noncontiguous territory within the same county if the board of supervisors determines that the single district may be more efficiently and economically operated than if separate districts were formed, but no parcel of noncontiguous territory which contains less than 10 acres may be included in any district. Waterwork districts Formation

SEC. 2. Section 55801 of said code is amended to read.

55801. Territory within the same county but not contiguous with the district may be annexed to the district if the board determines that the district resulting from the annexation may be more efficiently and economically operated than if a separate district were formed. No parcel of noncontiguous territory which contains less than 10 acres may be annexed to any district. Annexation

SEC. 3. Section 55966 of said code is amended to read:

55966. The board of supervisors shall acquire jurisdiction to order a consolidation of two or more districts within the same county if at the conclusion of the hearing the board determines, with respect to each and all districts to be consolidated that (1) consolidated operation of the districts is feasible, (2) the district resulting from the consolidation would be more efficiently and economically operated than any of the separate districts, and that the consolidation would be beneficial to any district proposed to be included in the consolidation, (3) the proposed consolidation is economically sound, and (4) the proposed consolidation is in the public interest. Consolidation

---

CHAPTER 34

An act to amend Section 10505 of the Insurance Code, relating to insurance.

[Approved by Governor March 25, 1959. Filed with Secretary of State March 27, 1959.] In effect September 18, 1959

The people of the State of California do enact as follows:

SECTION 1. Section 10505 of the Insurance Code is amended to read:

10505. (A) A labor union having all of the following characteristics is exempt from the provisions of this code relating to life and disability insurance in respect to the benefits herein specified and transactions connected therewith:

1. It is composed of members of one craft or industry or allied crafts or industries.

2. It is organized for the purpose of collective bargaining concerning grievances, labor disputes, wages, rates of pay, hours of employment, or conditions of work and for the mutual benefit of its members and not for profit.

3. Either (a) it does not issue policies but provides for payment of such benefits in its bylaws, constitution or rules and regulations; or (b) it limits its membership to one hazardous occupation.

4. Such payment of benefits is incidental to the purposes of such union.

(B) Any incorporated organization, the membership and insurance in which are restricted to members of such a labor union and the officers of which are members of the labor union, is likewise exempt from the provisions of this code to the same extent as such labor union.

(C) Any organization described in either subsection (A) or subsection (B) of this section is also exempt from all provisions of this code relating to insurance protecting against wage losses from any cause in respect to the benefits promised, not exceeding six thousand dollars ($6,000) in the aggregate for any one loss and the transactions connected therewith.

CHAPTER 35

An act to amend Section 5 of the Fresno Metropolitan Flood Control District Act (Chapter 503, Statutes of 1955), relating to the governing board of the district.

In effect September 18, 1959

[Approved by Governor March 26, 1959. Filed with Secretary of State March 27, 1959.]

The people of the State of California do enact as follows:

SECTION 1. Section 5 of the Fresno Metropolitan Flood Control District Act (Chapter 503, Statutes of 1955) is amended to read:

Sec. 5. The governing board of said district shall consist of a board of directors of nine members. The Director of Public Works of the City of Fresno shall be ex officio a member of said board. The legislative body of the City of Fresno shall appoint four members to said board, one of whom shall be a member of such legislative body and three of whom shall not be members of such legislative body. The Director of Public Works of Fresno County shall be ex officio a member of said board. The Board of Supervisors of the County of Fresno shall appoint three members to said board, one of whom shall be a mem-

ber of said board of supervisors and two of whom shall not be members of such board of supervisors. The appointing body may remove any member of the board appointed by it at any time by a majority vote of the whole number of members of such body. All members of said board of directors except ex officio members and any members of the board of supervisors appointed to the board shall reside within the district. The County Assessor, County Tax Collector, County Auditor and County Treasurer of the County of Fresno, and their successors in office, shall be ex officio officers of said district, and their assistants, deputies, clerks and employees shall be ex officio assistants, deputies, clerks and employees respectively of said district, and said ex officio officers shall respectively perform, unless otherwise provided by said board of directors, without additional compensation, the same various duties for said district as for the County of Fresno, in order to carry out the provisions of this act. The secretary of the board of directors shall be appointed by said board. The board may employ such attorneys, engineers and other employees as it may see fit.

CHAPTER 36

An act to amend Section 19302 of the Education Code, and to amend Section 17101 of the Education Code as proposed by Senate Bill No. 2, relating to charges against school district funds.

[Approved by Governor March 25, 1959. Filed with Secretary of State March 27, 1959.]

In effect September 18, 1959

The people of the State of California do enact as follows:

SECTION 1. Section 19302 of the Education Code is amended to read:

19302. The cost of housing and equipping cafeterias is a charge against the funds of the school district. The governing board of a school district may by resolution make the cost of maintenance of the physical plant used in connection with cafeterias, the cost of replacement of equipment, and the cost of telephone charges, water, electricity, gas, coal, wood, fuel oil, and garbage disposal a charge against the funds of the school district.

Cafeterias

SEC. 2. Section 17101 of the Education Code as proposed by Senate Bill No. 2 is amended to read:

17101. The cost of housing and equipping cafeterias is a charge against the funds of the school district. The governing board of a school district may by resolution make the cost of maintenance of the physical plant used in connection with cafeterias, the cost of replacement of equipment, and the cost of telephone charges, water, electricity, gas, coal, wood, fuel oil, and garbage disposal a charge against the funds of the school district.

Same

Effect. Stats 1959, Ch 2

SEC. 3. Section 2 of this act shall become operative only if the Education Code as proposed by Senate Bill No. 2 is enacted by the Legislature at its 1959 Regular Session, and in such case at the same time as Senate Bill No. 2 takes effect; at which time Section 19302 of the Education Code as amended by Section 1 of this act is repealed.

CHAPTER 37

An act to validate the organization and acts of junior college districts, declaring the urgency thereof, to take effect immediately

In effect immediately

[Approved by Governor March 27, 1959. Filed with Secretary of State March 27, 1959.]

The people of the State of California do enact as follows:

SECTION 1. Whenever the action necessary to the formation of a junior college district was completed before the first day of February, 1959, such district is hereby declared to be legally created and to be effective for assessment or taxation purposes if the statement, together with the map or plat, required to be filed under Section 54900 to 54904, inclusive, of the Government Code, was filed prior to April 1, 1959.

SEC. 2. This act is an urgency measure necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Under existing law, the formation of any new school district, including a junior college district, is not effective for the purposes of assessment and taxation if the statement and map or plat required to be filed by Government Code Sections 54900 and following are not filed on or before the first day of February of the year in which the assessments or taxes are to be levied. In order to permit newly formed junior college districts which have filed such statements and maps or plats during the month of March, 1959, to properly function the first fiscal year of their existence for all purposes, it is necessary that this act take effect immediately.

CHAPTER 38

An act to add Section 5011 to the Elections Code, relating to misrepresentation in election campaigns.

In effect September 18, 1959

[Approved by Governor March 27, 1959. Filed with Secretary of State March 27, 1959.]

The people of the State of California do enact as follows:

SECTION 1. Section 5011 is added to the Elections Code, to read:

5011. It is unlawful for any candidate, or committee in his behalf, to represent in connection with an election campaign, either orally or in campaign material, that the candidate has the support of a committee or organization, which includes as part of its name the name, or any variation upon the name, of a qualified political party with which the candidate is not affiliated, together with the words "county committee," "central committee," "county," or any other term that might tend to mislead the voters into believing that the candidate has the support of that party's county central committee or state central committee, when such is not the case.

This section shall not be construed to prevent a candidate or committee from representing that the candidate has the support of a committee or group of voters affiliated with another political party, which committee or group is identified by the name of that party, where the name of the committee or group also includes the name of the candidate.

Any member of a county central committee or state central committee may commence an action in the superior court to enjoin misrepresentation by a candidate or committee in his behalf, in the manner prohibited by this section, to the effect that such candidate has the support of such committee.

CHAPTER 39

An act to amend Sections 12126, 12151, 12153, 12154, 12155, 12276, 12402, 12405, 12431, 12435, 12464, 12465, 12494, 12495, 12622, 12623, 12624, 12626, 12676, 12682, 12801, 12802, 12803, 12834, 12952, 12977, 12997, 13102, 13103, 13105, 13112, and 13113 of, to repeal Sections 12127, 12401, 12403, 12432, 12433, 12434, 12437, 12438, 12461, 12625, and 12998 of, and to add Sections 12440, 12983 and 12998 to, the Revenue and Taxation Code, relating to insurance taxation, to take effect immediately.

[Approved by Governor April 1, 1959. Filed with Secretary of State April 1, 1959.]

In effect immediately

The people of the State of California do enact as follows:

SECTION 1. Section 12126 of the Revenue and Taxation Code is amended to read:

Statement by ocean marine insurers

12126. Annually, on or before May 1st, every insurer transacting ocean marine insurance in this State shall file with the Insurance Commissioner a statement, in such form as the commissioner shall prescribe, setting forth items pertaining to its insurance business as defined and prescribed in Article 1 of this chapter. The statement shall include a tax return, in duplicate, and shall be accompanied by a remittance payable to the Insurance Commissioner for the amount of tax shown on the return. No penalty or interest for delinquent

payment shall, however, accrue or be payable if the remittance is made before the following June 15th.

SEC 2. Section 12151 of said code is amended to read:

Tax rate

12151. Except as otherwise provided in Section 12153, the tax shall be computed each year upon the average annual underwriting profit of the insurer from ocean marine insurance during the preceding three calendar years.

SEC. 3. Section 12153 of said code is amended to read:

Computation· Less than three-year basis

12153. If the insurer has not written ocean marine insurance in this State for three years immediately preceding the year in which the statement is filed, its tax shall be computed on the basis of its premiums and underwriting profits in the last completed calendar year. As soon as the insurer comes within the terms of Section 12154, the taxes computed under the provisions of this section for the two preceding years shall be adjusted to equal the amount of the first tax computed under Section 12154. The adjustment shall be shown as an addition to, or a credit against, the tax computed upon business done in the third year or as soon thereafter as possible

SEC. 4. Section 12154 of said code is amended to read:

Three-year basis

12154. If the insurer has transacted ocean marine insurance in this State for three years immediately preceding the year in which the statement is filed, the tax shall be computed as follows:

(a) Divide the average annual premiums of the insurer from ocean marine insurance written by it in this State during the preceding three calendar years by the average annual premiums of the insurer from all ocean marine insurance written during such calendar years.

(b) Multiply the insurer's average annual underwriting profit from ocean marine insurance written within the United States during the preceding three calendar years by the figure derived in (a).

(c) Multiply the amount derived in (b) by 5 percent.

SEC. 5. Section 12155 of said code is amended to read:

Refunds

12155. In computing the tax of a marine insurer issuing participating policies, there shall not be included in underwriting profit the amounts refunded by the insurer on account of premiums previously paid by its policyholders.

SEC. 6. Section 12276 of said code is amended to read:

Annual statements

12276. Annually, on or before April 1st, every insurer engaged in the business of insurance in this State in the preceding calendar year shall file with the Insurance Commissioner the statements, in addition to or in modification of the statements required by Article 10, Chapter 1, Part 2, Division 1 of the Insurance Code, deemed necessary by the Insurance Commissioner to enable him to prepare his annual report to the board. The statement shall include a tax return, in duplicate, and shall be accompanied by a remittance payable to the Insurance Commissioner for the amount of tax shown on the return. No penalty or interest for delinquent payment shall, however,

accrue or be payable if the remittance is made before the following June 15th.

SEC. 7. Section 12402 of said code is amended to read:

12402. Annually, on or before July 1st, the Insurance Commissioner shall transmit to the board one copy of each of the returns filed under Sections 12126 and 12276 and shall report to the board any changes in the insurers' computations which he believes necessary in order to reflect the correct tax liabilities. Annual returns

SEC. 8. Section 12405 of said code is amended to read:

12405. If an insurer does not file with the Insurance Commissioner within the time prescribed the statements required by Article 3 of Chapter 2 and Article 2 of Chapter 3 of this part, the Insurance Commissioner shall note such fact in the reports filed by him with the board. He shall estimate or otherwise determine the amount of tax payable by the insurer, and the board shall assess the tax and shall add thereto a penalty in the smallest of the following amounts: Penalty

(a) Five hundred dollars ($500), or

(b) Five (5) percent of the tax, or

(c) Fifty dollars ($50) for each day or fraction thereof elapsing between the delinquent date of the statement and the date on which filed.

The penalty imposed by this section shall not apply as to any insurer required to file a statement and return pursuant to Section 12126 or 12276 for the calendar year 1958, who files such statement and return prior to May 15, 1959.

SEC. 9. Section 12431 of said code is amended to read:

12431. Annually, on or before August 10th the board shall assess, in respect to the preceding calendar year, the taxes imposed upon insurers as provided in Article XIII of the Constitution and in this part, giving consideration to the report filed by the Insurance Commissioner pursuant to Section 12402. Annual assessment

SEC. 10. Section 12435 of said code is amended to read:

12435. Immediately after making the assessment, the board shall notify each insurer whose tax has been assessed in an amount differing from the amount of tax liability as computed by the insurer under Section 12126 or 12276 of the amount of the deficiency or excess, as the case may be. The board shall transmit copies of the notice to the Insurance Commissioner and the Controller. Notice

SEC. 11. Section 12440 is added to said code, to read:

12440. The notice of a deficiency assessment may be served personally or by mail. Service by mail shall be made pursuant to Section 1013 of the Code of Civil Procedure and shall be addressed to the insurer at his address as it appears in the records of the board. In case of service by mail of any notice required by this part, the service is complete at the time of deposit in the United States Post Office. Service

SEC. 12. Section 12464 of said code is amended to read:

Change in assessment

12464. On or before October 15th, the board may increase or decrease any assessment with respect to which an application has been filed pursuant to Section 12462.

SEC. 13. Section 12465 of said code is amended to read:

Notice

12465. A notice of assessment revised in accordance with the action of the board shall be mailed to each insurer whose assessment is modified and copies thereof shall be transmitted to the Insurance Commissioner and the Controller.

SEC. 14. Section 12494 of said code is amended to read:

Judgments and liens

12494. No judgment is satisfied nor lien removed until either:

(a) The taxes, interest, penalties, and costs are paid.

(b) The insurer's property is sold for the payment thereof.

SEC. 15. Section 12495 of said code is amended to read:

Bankruptcy and dissolution

12495. No court shall make and enter a final discharge in bankruptcy or decree of dissolution, nor shall any county clerk or the Secretary of State file a discharge, decree, or any other document by which the term of existence of a corporation is reduced or terminated until all taxes, interest, penalties, and costs are paid and discharged.

SEC. 16. Section 12622 of said code is amended to read:

Tax due date

12622 Taxes are due and payable annually on the date on which the insurer is required to file its annual tax return and are delinquent on the following June 15th. Any insurer which fails to pay its tax, except deficiencies assessed by the board pursuant to Section 12435, 12464, or 12997, on or before the delinquent date, shall pay, in addition to the tax, a penalty equal to 10 percent of the tax and interest at the rate of one-half of 1 percent per month, or fraction thereof, from such date until the date of payment.

SEC. 17. Section 12623 of said code is amended to read:

Payment to Controller

12623. Taxes based upon deficiency assessments made pursuant to Section 12435 or 12464 shall be payable to the Controller. The taxes shall bear interest at the rate of one-half of 1 percent per month, or fraction thereof, from June 15th until the date of payment. If not paid on or before November 15th, there shall be paid in addition to the taxes and interest a penalty of 10 percent of the amount of tax deficiency.

SEC. 18. Section 12624 of said code is amended to read:

Moneys deposited in General Fund

12624. All taxes, interest, and penalties collected under this part shall be transmitted to the State Treasurer to be deposited in the State Treasury to the credit of the General Fund. Upon transmitting moneys to the State Treasurer, the Insurance Commissioner shall furnish the Controller with a record of the amounts transmitted and the insurers from whom the moneys have been received.

SEC. 18.5. Section 12626 of said code is amended to read:

State Compensation Insurance Fund

12626. On or before the fifteenth day of June, the State Compensation Insurance Fund shall pay into the State Treasury to the credit of the General Fund the sum required under the provisions of Section 12264 of this code.

SEC. 19. Section 12676 of said code is amended to read:

12676 On or before April 30th of the year following the calendar year in which the taxes, interest, or penalties became delinquent, the Controller may bring an action in the name of the State in a court of competent jurisdiction in the County of Sacramento to collect the delinquent taxes, interest, or penalties. Collection

SEC. 20. Section 12682 of said code is amended to read:

12682. In the action, a certificate of the Controller or of the secretary of the board, showing unpaid taxes against an insurer is prima facie evidence of: Controller's certificate

(a) The assessment of the taxes.

(b) The delinquency.

(c) The amount of the taxes, interest, and penalties due and unpaid to the State.

(d) That the insurer is indebted to the State in the amount of taxes, interest, and penalties appearing unpaid.

(e) That there has been compliance with all the requirements of law in relation to the assessment of the taxes.

SEC. 21. Section 12801 of said code is amended to read:

12801. Annually, between December 10th and 15th, the Controller shall transmit to the Insurance Commissioner a statement showing the names of all insurers that failed to pay on or before December 10th the whole or any portion of the tax that became delinquent in the preceding June or the whole or any part of the interest or penalties due with respect to the tax. The statement shall show the amount of the tax, interest, and penalties due from each insurer. Statement of delinquencies

SEC. 22. Section 12802 of said code is amended to read:

12802. The Insurance Commissioner shall give at least 10 days' notice in writing to each insurer of the time and place of a hearing to show cause why its certificate of authority shall not be revoked. Upon hearing, the commissioner shall revoke the certificate of authority of each insurer which does not establish to his satisfaction at or before the hearing that the tax, interest, and penalties due from it have been paid. Notice

SEC. 23. Section 12803 of said code is amended to read:

12803. An insurer whose certificate of authority has been revoked pursuant to this article may have the certificate restored by the Insurance Commissioner during the period for which it was issued upon the payment by the insurer of all taxes, interest, and penalties due from it and the payment to the commissioner of a fee of ten dollars ($10). Restoration of certificate

SEC. 24. Section 12834 of said code is amended to read:

12834. The certified copies of lists of corporations which have failed to pay the taxes, interest, and penalties imposed upon insurers transmitted by the Controller to county clerks and county recorders for filing in their respective offices, or a copy of these lists certified by the Controller, are receivable in evidence in any court in lieu of the original record of suspension or forfeiture on file with the Controller, and are prima facie evidence of the truth of all statements contained. Certified lists, prima facie evidence

SEC. 25. Section 12952 of said code is amended to read:

Cancellation

12952. If the assessment of an insurer is duplicated or if an insurer which, for any reason, could not be legally assessed is assessed, or if an insurer's tax has been computed in a manner contrary to law, the board or the Controller shall certify that fact to the Board of Control. The Board of Control shall authorize the cancellation of the assessment.

SEC. 26. Section 12977 of said code is amended to read:

Tax credit

12977. If the board determines that any tax, interest, or penalty has been paid more than once or has been erroneously or illegally collected or computed, the board shall set forth that fact in the records of the board and shall certify to the Board of Control the amount of the taxes, interest, or penalties collected in excess of what was legally due, and from whom they were collected or by whom paid. If approved by the Board of Control, the excess shall be credited to the insurer to whom it rightfully belongs at the time of the next payment of taxes following the approval, and at the time of such future payments as is necessary to completely credit the excess. In the case, however, of a determination by the board that an amount not exceeding twenty-five dollars ($25) was not required to be paid under this part, the board without obtaining approval of the State Board of Control may credit the amount on any tax which will become due and payable by the insurer by whom the amount was paid.

SEC. 26.5. Section 12983 is added to said code, to read:

Interest

12983. Interest shall be allowed upon the amount of any overpayment of tax pursuant to this part at the rate of 6 percent per annum from the date of the overpayment to the date on which the credit is used but not later than April 1st following the date of approval.

SEC. 27. Section 12997 of said code is amended to read:

Notice, protest, reassessment

12997. The Insurance Commissioner, after discovery of the failure to properly assess and after determination of the amount involved, shall notify the insurer and the board of the amount of tax which was overassessed or the amount subject to assessment which was not assessed. Within 30 days of such notification, the insurer may protest such finding by filing a statement with the board, setting forth the grounds of the objection and the correction sought. Within 60 days of the notification the board shall reassess the tax and shall issue to the insurer a credit certificate or notify the insurer of a deficiency in the manner prescribed in Section 12440. A copy of each credit certificate and of each notice of deficiency shall be transmitted to the Controller.

SEC. 28. Section 12998 is added to said code, to read:

Tax credit

12998. A credit allowed under Section 12997 may be used by the taxpayer in full or partial payment of the tax due on the due date next following the issuance of the credit certificate, and any excess over the amount of such tax may be carried forward to succeeding years until absorbed. A deficiency assessment made under Section 12997 shall be paid to the Controller, together with interest at the rate of one-half

of 1 percent per month from June 15th of the year in which the tax would have been payable if properly assessed until the date of payment. If not paid within 30 days of notification by the board, there shall be added to the tax and the interest a penalty equal to 10 percent of the amount of tax deficiency.

SEC. 29. Section 13102 of said code is amended to read:

Action for recovery of tax

13102. Upon complying with this article, any insurer claiming that the assessment made against it by the board is void in whole or in part may bring an action against the board for the recovery of the whole or any part of the tax, interest, penalties, or costs paid on the assessment.

SEC. 30. Section 13103 of said code is amended to read:

Period of limitation

13103. No action may be brought later than April 1st of the calendar year following the year in which the taxes are due. A failure to begin the action within this time is a bar to the recovery of the taxes, interest, penalties, or costs.

SEC. 31. Section 13105 of said code is amended to read:

Copies of protest

13105. At the time the protest is filed the taxpayer shall file copies of the protest with the board and the Insurance Commissioner.

SEC. 32. Section 13112 of said code is amended to read:

Judgment

13112. The court may render judgment for the plaintiff for any part or portion of the tax, interest, penalties, or costs found to be void and paid by plaintiff upon the assessment.

SEC. 33. Section 13113 of said code is amended to read:

Bar to recovery

13113. A judgment shall not be rendered in favor of the plaintiff when the action is brought by or in the name of an assignee of the insurer paying the tax, interest, or penalties, or by any person other than the insurer that has paid the tax, interest, or penalties.

Repeals

SEC. 34. Sections 12127, 12401, 12403, 12432, 12433, 12434, 12437, 12438, 12461, 12625, and 12998 of said code are repealed.

Tax levy

SEC. 35. This act provides for a tax levy within the meaning of Article IV of the Constitution, and shall go into effect immediately.

CHAPTER 40

An act to amend Section 600.5 of the Vehicle Code and to amend Section 23112 of the Vehicle Code as proposed by Assembly Bill No. 5, relating to the disposal of dirt and rocks upon public and private highways.

[Approved by Governor April 2, 1959. Filed with Secretary of State April 2, 1959.]

In effect September 18, 1959

The people of the State of California do enact as follows:

SECTION 1. Section 600.5 of the Vehicle Code is amended to read:

Rubbish on highway

600.5. Placing Rubbish on Highway Prohibited. It shall be unlawful to place, deposit or dump, or cause to be placed, deposited or dumped, any garbage, swill, cans, bottles, papers, ashes, refuse, carcass of any dead animal, offal, trash or rubbish or any noisome, nauseous or offensive matter in or upon any public highway or road, including any portion of the right-of-way thereof.

It shall be unlawful to place, deposit or dump, or cause to be placed, deposited or dumped, any rocks or dirt in or upon any public highway or road, including any portion of the right-of-way thereof, without the consent of the state or local agency having jurisdiction over the highway or road.

SEC. 2. Section 23112 of the Vehicle Code as proposed by Assembly Bill No. 5 is amended to read:

Same

23112. (a) No person shall throw or deposit upon any highway any glass bottle, glass, nails, tacks, hoops, wire, cans or any other substance likely to injure any person, animal or vehicle upon the highway.

(b) It shall be unlawful to place, deposit or dump, or cause to be placed, deposited or dumped, any garbage, swill, cans, bottles, papers, ashes, refuse, carcass of any dead animal, offal, trash or rubbish or any noisome, nauseous or offensive matter in or upon any public highway or road, including any portion of the right-of-way thereof.

(c) It shall be unlawful to place, deposit or dump, or cause to be placed, deposited or dumped, any rocks or dirt in or upon any public highway or road, including any portion of the right-of-way thereof, without the consent of the state or local agency having jurisdiction over the highway or road.

Effect Stats 1959, Ch 3

SEC. 3. Section 2 of this act shall become operative only if the Vehicle Code as proposed by Assembly Bill No. 5 is enacted by the Legislature at its 1959 Regular Session, and in such case at the same time as Assembly Bill No. 5 takes effect; at which time Section 600.5 of the Vehicle Code as amended by Section 1 of this act is repealed.

CHAPTER 41

An act to amend Section 374b of the Penal Code, relating to the disposal of rocks and dirt on public and private property.

In effect September 18, 1959

[Approved by Governor April 2, 1959 Filed with Secretary of State April 2, 1959]

The people of the State of California do enact as follows:

SECTION 1. Section 374b of the Penal Code is amended to read:

374b. It shall be unlawful to place, deposit or dump, or cause to be placed, deposited or dumped, any garbage, swill, cans, bottles, papers, ashes, refuse, carcass of any dead animal, offal, trash or rubbish or any noisome, nauseous or offensive

matter in or upon any public or private highway or road, including any portion of the right-of-way thereof, or in or upon any private property into or upon which the public is admitted by easement or license, or upon any private property without the consent of the owner, or in or upon any public park or other public property other than property designated or set aside for such purpose by the governing board or body having charge thereof. It shall be unlawful to place, deposit, or dump, or cause to be placed, deposited or dumped, any rocks or dirt in or upon any private highway or road, including any portion of the right-of-way thereof, or any private property, without the consent of the owner, or in or upon any public park or other public property, without the consent of the state or local agency having jurisdiction over such highway, road, or property. Any person, firm or corporation violating the provisions of this section shall be guilty of a misdemeanor.

No portion of this section shall be construed to restrict a private owner in the use of his own private property.

CHAPTER 42

An act to amend Sections 9, 10, and 19b of Chapter 158 of the Statutes of 1885, relating to drainage districts.

[Approved by Governor April 2, 1959. Filed with Secretary of State April 2, 1959.]

In effect September 18, 1959

The people of the State of California do enact as follows:

SECTION 1. Section 9 of Chapter 158 of the Statutes of 1885 is amended to read:

Sec. 9. If such district is in more than one county, the total estimate provided for in Section 8 hereof shall be divided by the board of trustees in proportion to the value of land only, excluding improvements, within the district in each county, as shown by the assessment rolls of the respective counties equalized in the year in which the estimate is made, but if the board of trustees shall find that the assessed valuation of lands in the various counties in which parts of the district are situated is on a different basis as compared with the actual value thereof, so that a division of the estimate as above provided would be inequitable, then the board of trustees shall determine by resolution the amount of said estimate which should be levied on the lands within the district in each county in order that substantially the same proportion of the estimate shall be paid by owners of lands of the same actual value in each county, and shall fix a time for a public hearing on said matter at the office of the district, or at some other convenient place, which time shall be not less than 15 days nor more than 21 days from the date of the adoption of said resolution, and shall give notice of said hearing by publication pursuant to

Section 6061 of the Government Code in each county in which any part of the district is situated. Said notice shall state the determination of the board as to the division of said estimate and the time and place for the hearing thereon, and shall notify all persons interested that objections to said division of said estimate may be made at said hearing. The board of trustees shall meet at the time and place fixed for said hearing and shall hear all objections to said division of said estimate and any evidence offered in support of said objections and any evidence offered in support of said division. After the hearing of all evidence, if any, offered in regard to said matter, the board of trustees shall, if any objection to said division has been made, make an order reaffirming or modifying said division of said estimate as may be just, but if no objection to said division is made at said hearing, no change shall be made therein. When such division of such estimate has been finally made, the board of trustees shall furnish the board of supervisors and the auditor of each county in which any part of the district is situated a written statement of that part of said estimate apportioned to that county.

SEC. 2. Section 10 of said act is amended to read:

SEC. 10. The board of supervisors of each county wherein is situated a district or any part thereof organized under the provisions of this act, must, annually, at the time of levying county taxes, levy a tax to be known as the "drainage district tax," sufficient to raise an amount reported to them as herein provided, by the board of trustees. The supervisors must determine the rate of such tax by deducting 15 percent for anticipated delinquencies from the total assessed value of land only, excluding improvements, of the district within the county as it appears on the assessment roll of the county, and then dividing the sum reported by the board of trustees as required to be raised by the remainder of such total assessed value. The tax so levied shall be computed and entered on the assessment roll by the county auditor, and if the supervisors fail to levy the tax as provided in the preceding portion of this section, then the auditor must do so. Such tax shall be collected at the same time and in the same manner as state and county taxes, and when collected shall be paid into the county treasury for the use of said district. One percent of all money paid to the treasurer for the use of the district shall be credited to the county to be expended by the county in defraying expenses incurred by county offiicals incidental to the handling of the funds. The provisions of the Revenue and Taxation Code of this State prescribing the manner of levying and collecting taxes and the duties of the several county officers with respect thereto, are, so far as they are applicable and not in conflict with the specific provisions of this act, hereby adopted and made a part hereof. Such officers shall be liable upon their several official bonds for the faithful discharge of the duties imposed upon them by this act.

SEC. 3. Section 19b of said act is amended to read:

Sec. 19b. In all cases in which an assessment shall have been levied or shall hereafter be levied for drainage purposes upon the lands only, excluding improvements, embraced within any drainage district now or hereafter formed or created under this act, is thereafter adjudged invalid as to any tract or tracts of land within said district, or if, for any reason, any tract or tracts of land within such district shall not have been charged with said assessment, a new assessment on the lands only, excluding improvements, of the district may be levied for the purpose of raising the amount for which said invalid assessment was levied and any further sum then required or found necessary, and such tract or tracts of land shall be charged in any such subsequent assessment with such proportion of the former assessment as the benefits derived by said land from the drainage for which said former assessment was levied bears to the whole amount of said former assessment; or a subsequent reassessment of such tract or tracts of land may be made separately for the purpose of charging said land with its proper proportion of the costs of drainage; provided, that in case any assessment that has been heretofore or shall herafter be levied for drainage purposes upon the lands only, excluding improvements, embraced within any such drainage district is so adjudged to be invalid either as a whole or as to any tract upon which it may have been levied, and any landowner of the district shall have paid the amount or any portion of the amount assessed in said assessment on any tract of land before said assessment shall have been or shall be so adjudged invalid, the amount so paid by said landowner, together with legal interest thereon from the date of such payment, shall be a credit, and shall be credited by the treasurer of the county where the assessment list is filed, on any subsequent assessment on the tract of land on which said invalid assessment was paid, and be applied in satisfaction, pro tanto of any such subsequent assessment thereafter levied on the said tract. Such subsequent assessment or reassessment shall be made in the same manner as other assessments.

CHAPTER 43

An act to amend Sections 822 and 823 of the Agricultural Code, relating to apple containers.

[Approved by Governor April 2, 1959. Filed with Secretary of State April 2, 1959.]

In effect September 18, 1959

The people of the State of California do enact as follows:

SECTION 1. Section 822 of the Agricultural Code is amended to read:

822. All containers of apples shall bear upon them in plain sight and in plain letters on one outside end: the name of the

Apple containers

person who first authorized the packing of the apples or the name under which such packer is engaged in business, together with a sufficiently explicit address to permit ready location of such packer; name of variety of the apples contained therein, if known, and when not known the words "unknown variety"; the grade of such apples; the minimum net weight of the apples contained therein, or the cubical contents of the package, and in the case of wrapped packed apples the numerical count. A variation of five apples, more or less, than the number stated, shall be allowed except that when apples are placed in molded forms the exact count shall be marked on the container. Containers of apples which are place packed shall be required to show only the name and address of the person who first packed or authorized the packing of the apples, the variety of apples, and the designation of grade. Open containers of apples which are not packed shall be required to show only the name and address of the person who first packed or authorized the packing of the apples, and the designation of grade.

In lieu of the standard grade markings required by this section any container of apples may be marked with the name of the equivalent grade established for such apples in the United States standards for apples promulgated by the United States Department of Agriculture and approved by the director.

SEC. 2. Section 823 of said code is amended to read:

Wrapped apples

823. All wrapped apples shall be in one of the following containers:

Standard wooden apple box, depth inside, $10\frac{1}{2}$ inches; width inside, $11\frac{1}{2}$ inches; length inside, 18 inches.

Standard fiberboard apple box, depth inside, $11\frac{3}{8}$ inches; width inside, $11\frac{1}{2}$ inches; length inside, 18 inches, with a tolerance of one-fourth inch in all dimensions.

Half wooden apple box, depth inside, $5\frac{1}{4}$ inches; width inside, $11\frac{1}{2}$ inches; length inside, 18 inches.

Half fiberboard apple box, depth inside, $5\frac{11}{16}$ inches; width inside, $11\frac{1}{2}$ inches; length inside, 18 inches, with a tolerance of one-fourth inch in all dimensions.

Apples which are not wrapped shall be in one of the standard containers defined in this section, or in one of the standard apple lugs of the following dimensions: (a) Depth inside, $7\frac{1}{2}$ inches; width inside, $13\frac{1}{2}$ inches; length inside, $21\frac{1}{4}$ inches. (b) Depth inside, $7\frac{3}{4}$ inches; width inside, 14 inches; length inside, $22\frac{5}{8}$ inches. (c) Depth inside, $6\frac{1}{2}$ inches; width inside, $13\frac{1}{2}$ inches; length inside, $20\frac{5}{8}$ inches. (d) Depth inside, $9\frac{3}{4}$ inches; width inside, 11 inches; length inside, $20\frac{5}{8}$ inches. Containers designated as (a), (b) and (c) shall be considered as standard when used with or without cleats. Apples which are not wrapped may be in other size containers, and wrapped apples may be in containers smaller than the half apple box, if these are conspicuously marked, in letters not less than one-half inch in height, "irregular container." Such marking is not

required on open containers of apples which are not place packed or well packed

Apples which are not well packed or place packed may be in a standard fiberboard apple box of the following dimensions: depth inside 10¾ inches; width inside 11½ inches; length inside 18 inches, with a tolerance of one-fourth inch in all dimensions.

Apples of the Lady variety, regardless of the method of packing, may be placed in containers with a depth of 8¾ inches, width 10 inches and length 16 inches, all inside measurements.

CHAPTER 44

An act to amend Section 701 of, and add Section 759.5 to, the Vehicle Code, and to amend Section 21711 of, and to add Section 41104 to, the Vehicle Code as proposed by Assembly Bill No. 5, relating to trailers.

[Approved by Governor March 31, 1959 Filed with Secretary of State April 2, 1959]

In effect September 18, 1959

The people of the State of California do enact as follows:

SECTION 1. Section 701 of the Vehicle Code is amended to read:

701. Trailers and Towed Vehicles. (a) When one vehicle is towing another, the drawbar or other connection shall not exceed 15 feet.

Trailers and towed vehicles

(b) The upper and lower halves of every fifth wheel connecting device on any semitrailer and truck-tractor or auxiliary dolly, respectively, shall be securely affixed to such vehicles to prevent shifting of such device on the vehicle to which it is attached.

(c) Locking means shall be provided in every fifth wheel mechanism, including adapters when used, so that the upper and lower halves may not be separated without the operation of a positive manual release. Automatic locking devices on fifth wheels designed and constructed to be readily separable shall be required on any motor vehicle first required to be registered in this State after January 1, 1954.

(d) Every drawbar and trailer hitch or coupling used as a means of attaching the towed and towing units shall be properly and securely mounted and be structurally adequate for the weight drawn. The mounting of the trailer hitch on the towing motor vehicle shall include sufficient reinforcement or bracing of the frame to provide sufficient strength and rigidity to prevent undue distortion of the frame.

(e) Every towed vehicle shall be coupled to the towing vehicle by means of a safety chain, chains, cables or equivalent

devices in addition to the regular trailer hitch or coupling. This requirement shall not apply to a semitrailer having a connecting device composed of a fifth wheel and kingpin assembly, nor to a pole or pipe dolly. No more slack shall be left in safety chains, cables, or equivalent device than shall be necessary to permit proper turning and the safety chains, cables or equivalent device shall be so connected to the towed and towing vehicle and to the drawbar to prevent the drawbar from dropping to the ground if the drawbar fails and shall be of sufficient strength to control the trailer in event of failure of the regular trailer hitch or coupling.

(f) The foregoing provisions of this section shall not apply to vehicles of a kind specified in Section 39.7 of this code or to the drawbar or other connection between a motor vehicle and a pole or pipe dolly or to any lawful trailer used as a pole or pipe dolly.

(g) No person shall operate a train of vehicles when any trailer, semitrailer or other vehicle being towed whips or swerves from side to side or fails to follow substantially in the path of the towing vehicle.

SEC. 2. Section 759.5 is added to the Vehicle Code, to read:

Presumption of violation

759.5. In any case, involving an accident or otherwise, where any rear component of a train of vehicles fails to follow substantially in the path of the towing vehicle while moving upon a highway, the vehicle shall be presumed to have been operated in violation of Section 701.

SEC. 3. Section 21711 of the Vehicle Code, as proposed by Assembly Bill No. 5, is amended to read:

Operation of train of vehicles

21711. No person shall operate a train of vehicles when any vehicle being towed whips or swerves from side to side or fails to follow substantially in the path of the towing vehicle.

SEC. 4. Section 41104 is added to the Vehicle Code, as proposed by Assembly Bill No. 5, to read:

Presumption of violations

41104. In any case, involving an accident or otherwise, where any rear component of a train of vehicles fails to follow substantially in the path of the towing vehicle while moving upon a highway, the vehicle shall be presumed to have been operated in violation of Section 21711.

Effect. Stats 1959, Ch 3

SEC. 5. Sections 3 and 4 of this act shall become operative only if the Vehicle Code as proposed by Assembly Bill No. 5 is enacted by the Legislature at its 1959 Regular Session, and in such case at the same time as said code takes effect, at which time Sections 701 and 759.5 of the Vehicle Code enacted in 1935 are repealed.

CHAPTER 45

An act to amend Section 12107 of the Business and Professions Code, relating to weights and measures.

[Approved by Governor April 2, 1959. Filed with Secretary of State April 2, 1959.]

In effect September 18, 1959

The people of the State of California do enact as follows:

SECTION 1. Section 12107 of the Business and Professions Code is amended to read:

12107. The director, by regulation, may establish tolerances and specifications for commercial weighing and measuring apparatus for use in the State similar to the tolerances and specifications recommended by the National Bureau of Standards, and he may establish a standard or standards of net weight or net measure, or net count of any commodity, except any manufactured commodity consisting of four or more staple ingredients, and prescribe such tolerances for the same as may be necessary for the proper protection of the public.

Such standards and tolerances, wherever applicable, shall be based upon published official federal or state specifications and requirements or, in the absence of any such published official specifications, upon established and accepted common usage. Any such regulation shall be adopted, amended, or repealed in conformity with the provisions of Chapter 4 (commencing at Section 11370) of Part 1 of Division 3 of Title 2 of the Government Code.

Whenever a standard of net weight or net measure or net count has been established for any commodity, it is unlawful to sell such commodity by, at, or for a quantity greater or less than the standard by more than the prescribed tolerance.

CHAPTER 46

An act to amend Sections 4931 and 4931.1 of the Education Code, and Sections 3201 and 3202 of the Education Code, as proposed by Senate Bill No. 2, relating to school districts, declaring the urgency thereof, to take effect immediately.

[Approved by Governor April 2, 1959. Filed with Secretary of State April 2, 1959.]

In effect immediately

The people of the State of California do enact as follows:

SECTION 1. Section 4931 of the Education Code is amended to read:

4931. (a) The unification of school districts under this chapter shall become effective as provided in Article 5 (commencing at Section 1591) Chapter 3, Division 2.

Effective date: Unification

SEC. 2. Section 4931.1 of said code is amended to read:

Assumption of bonded indebtedness

4931.1. If a proposal for the assumption of bonded indebtedness is approved by the voters the assumption shall become effective on the same date as the unification of the school districts becomes effective as provided in Section 1591.

SEC. 3. Section 3201 of the Education Code, as proposed by Senate Bill No. 2 is amended to read:

Unification

3201. (a) The unification of school districts shall become effective as provided in Article 1 (commencing at Section 1601), Chapter 1, Division 5 of this code.

SEC. 4. Section 3202 of said code is amended to read:

Assumption of bonded indebtedness

3202. If a proposal for the assumption of bonded indebtedness is approved by the voters the assumption shall become effective on the same date as the unification of the school districts becomes effective as provided in Section 1601.

Effect Stats 1959, Ch 2

SEC. 5. Sections 3 and 4 of this act shall become operative only if the Education Code as proposed by Senate Bill No. 2 is enacted by the Legislature at its 1959 Regular Session, and in such case at the same time as Senate Bill No. 2 takes effect; at which time Sections 4931 and 4931.1 of the Education Code as amended by Sections 1 and 2 of this act are repealed.

Urgency

SEC. 6. This act is an urgency measure necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

When a new district is formed, the general rule is that the formation becomes effective for all purposes at the beginning of a fiscal year, on July 1, but there is also provision making the formation effective prior to that time for the purposes of certain essential activities which must be done before a new fiscal year starts in order to allow the district to operate at the beginning of that fiscal year. Such activities include the election of governing board members and the hiring of teachers and the preparation and submission of the district budget and other related matters.

The provision of law allowing new unified districts, formed under the law for the optional reorganization of school districts by the electors, to perform these essential pre-July 1st activities was inadvertently omitted from the law during the last session. This bill would restore that authority. In order that new unified districts which will become effective for all purposes on July 1, 1959, be authorized to perform the acts necessary to allow the district to commence business on July 1, 1959, and to prevent the disruption of the education of the children of such districts, it is necessary that this act take effect immediately.

CHAPTER 47

An act to amend Sections 468.1, 469 and 471.5 of the Vehicle Code, and to amend Sections 21400, 21403 and 21404 of the Vehicle Code as proposed by Assembly Bill No. 5, relating to materials used in traffic signs.

[Approved by Governor April 2, 1959. Filed with Secretary of State April 2, 1959.] In effect September 18, 1959

The people of the State of California do enact as follows:

SECTION 1. Section 468.1 of the Vehicle Code is amended to read:

468.1. Description of Speed Restriction Signs. Every speed restriction sign hereafter located upon a highway shall be rectangular in shape, except that the corners shall be slightly rounded and shall conform approximately to the specifications hereinafter set forth. The minimum size of the sign measured through its center shall be 30 inches in length and 24 inches in width. The face of the sign shall be black with the words and figures specifying the applicable speed limit in white thereon. The top of the words "speed limit" shall be two and one-half inches from the top edges of the sign. Each letter of the words "speed limit" shall be four inches in height and of five-eighths inch stroke. The top of the figure shall be one and eleven-sixteenths inches below the bottom of the words "speed limit." Each figure of the figures shall be 10⅞ inches in height and one and three-fourths inch stroke. The top of the word "miles" shall be one and eleven-sixteenths inches below the bottom of the figures. Each letter of the word "miles" shall be four inches in height and of five-eighths inch stroke. A white borderline of three-eighths inch stroke shall parallel the outside edges of the sign. The outside edge of the borderline shall be three-eighths inch from the outside edges of the sign. The sign may be made of larger dimensions in which event the size and stroke of letters, figures and lines shall be increased in the proper proportion. Speed restriction sign

SEC. 2. Section 469 of said code is amended to read:

469. Railroad Warning Approach Signs. Railroad warning approach signs shall be erected by local authorities upon the right-hand side of each approach of every highway under their jurisdiction to a grade crossing of a steam railroad or electric interurban railway at a reasonable distance from such crossing. Every such sign erected after January 1, 1951, shall consist of a disc and shall conform approximately to the specifications hereinafter set forth. Said disc shall be 24 inches in diameter. The face of said disc shall have a yellow background upon which there shall be placed a black border line one-half inch wide and a black 90-degree crossbuck "X" two and three-eighths inches wide. In each of the side quarters thus formed there shall appear in black the letter "R" five and five-eighths inches high and four and three-eighths inches wide, Railroad warning signs

drawn in lines of one-inch stroke. Every sign shall contain reflecting buttons or elements set into the face of the sign. Said signs may be made of larger dimensions in which event the size and stroke of letters and lines shall be increased in the proper proportion.

SEC. 3. Section 471 5 of said code is amended to read:

Stop signs

471.5. Description of Stop Signs. (a) Every stop sign erected after January 1, 1957, shall be octagonal in shape, shall have a red background and shall carry the word "stop" horizontally in white letters at least one-third the height of the sign. Each side of said sign shall be of equal length and shall be a minimum of 10 inches in length. Each letter of the word "stop" shall be of not less than one-inch stroke. Said sign may be of larger dimensions than specified herein, in which event the stroke of letters shall be increased in the proper proportion.

(b) The lettering upon every stop sign hereafter erected shall from sunset to sunrise be illuminated or reflectorized and the background upon every such sign may be illuminated or reflectorized. Illumination shall be by floodlight upon the face of the sign or by white light in the letters. Reflectorization shall be by white or clear reflecting units or reflecting coating in the letters with or without a red reflecting coating on the background.

(c) Stop signs erected prior to January 1, 1957, shall conform either to the requirements of this section or to the statutory requirements in effect on January 1, 1955, or in effect at the time such signs were erected.

SEC. 4. Section 21400 of the Vehicle Code as proposed by Assembly Bill No. 5 is amended to read:

Same

21400. (a) Every stop sign erected after January 1, 1957, shall be octagonal in shape, shall have a red background and shall carry the word "stop" horizontally in white letters at least one-third the height of the sign. Each side of said sign shall be of equal length and shall be a minimum of 10 inches in length. Each letter of the word "stop" shall be of not less than one-inch stroke. Stop signs may be of larger dimensions than specified herein, in which event the stroke of letters shall be increased in the proper proportion.

(b) The lettering upon such stop signs shall from sunset to sunrise be illuminated or reflectorized and the background upon every such sign may be illuminated or reflectorized. Illumination shall be by floodlight upon the face of the sign or by white light in the letters. Reflectorization shall be by white or clear reflecting units or reflecting coating in the letters with or without a red reflecting coating on the background.

SEC. 5. Section 21403 of said proposed code is amended to read:

Speed restriction signs

21403. Every speed restriction sign located upon a highway on or after September 13, 1941, shall be rectangular in shape, except that the corners shall be slightly rounded and

shall conform approximately to the specifications of this section. The minimum size of the sign measured through its center shall be 30 inches in length and 24 inches in width. The face of the sign shall be black with the words and figures specifying the applicable speed limit in white thereon. The top of the words "speed limit" shall be $2\frac{1}{2}$ inches from the top edges of the sign. Each letter of the words "speed limit" shall be four inches in height and of $\frac{5}{8}$ inch stroke. The top of the figures shall be $1\frac{11}{16}$ inches below the bottom of the words "speed limit." Each figure of the figures shall be $10\frac{7}{8}$ inches in height and $1\frac{3}{4}$ inch stroke. The top of the word "miles" shall be $1\frac{11}{16}$ inches below the bottom of the figures. Each letter of the word "miles" shall be four inches in height and of $\frac{5}{8}$ inch stroke. A white borderline of $\frac{3}{8}$ inch stroke shall parallel the outside edges of the sign. The outside edge of the borderline shall be $\frac{3}{8}$ inch from the outside edges of the sign. The sign may be made of larger dimensions in which event the size and stroke of letters, figures and lines shall be increased in the proper proportion.

SEC. 6. Section 21404 of said proposed code is amended to read:

21404. Every railroad warning approach sign erected after January 1, 1951, shall consist of a disc and shall conform approximately to the specifications of this section. The disc shall be 24 inches in diameter. The face of the disc shall have a yellow background upon which there shall be placed a black borderline $\frac{1}{2}$ inch wide and a black 90-degree crossbuck "X" $2\frac{3}{8}$ inches wide In each of the side quarters thus formed, there shall appear in black the letter "R" $5\frac{5}{8}$ inches high and $4\frac{3}{8}$ inches wide, drawn in lines of one-inch stroke. Every sign shall contain reflecting buttons or elements set into the face of the sign. Signs may be made of larger dimensions, in which event the size and stroke of letters and lines shall be increased in the proper proportion. Railroad warning signs

SEC. 7. Sections 4, 5 and 6 of this act become operative only if the Vehicle Code as proposed by Assembly Bill No. 5 is enacted by the Legislature at its 1959 Regular Session, and in such case at the same time as said code takes effect, at which time Section 468 1, 469 and 471 5 of the Vehicle Code adopted in 1935 are repealed. Effect Stats 1959, Ch. 3

CHAPTER 48

An act to amend Section 26104 of the Government Code, relating to advertising by county board of supervisors.

[Approved by Governor April 2, 1959 Filed with Secretary of State April 2, 1959] In effect September 18, 1959

The people of the State of California do enact as follows:

SECTION 1. Section 26104 of the Government Code is amended to read:

26104. The board of supervisors may create a body for the purpose of advising and assisting it in the matter of advertising, exploiting, and making known the resources of the county, for the purposes of this chapter. The body shall be designated by the board as the county board of trade of the county or the county chamber of commerce of the county or such other title as shall be given the body by resolution of the board of supervisors. It shall consist of representatives from the supervisorial districts who shall be appointed by the board of supervisors and hold office at the pleasure of the board of supervisors. The board of supervisors shall determine the number of members of the body, except that the districts must be equally represented and there shall be not more than two members from each district.

CHAPTER 49

An act to amend Section 11042 of the Insurance Code, relating to fraternal benefit societies.

In effect September 18, 1959

[Approved by Governor April 2, 1959. Filed with Secretary of State April 2, 1959.]

The people of the State of California do enact as follows:

SECTION 1. Section 11042 of the Insurance Code is amended to read:

11042. A society may provide for benefits on the lives of children under 21 years of age and under the minimum age for adult membership under the laws of the society at time of application therefor, upon the application of some adult person, as its laws or rules may provide, which benefits shall be in accordance with the provisions of Section 11041. A society may, at its option, organize and operate branches for such children. Membership and initiation in local lodges shall not be required of such children, nor shall they have a voice in the management of the society. Children insured under certificates issued pursuant to this section may be transferred to and become members of the adult branch of the society upon attaining the minimum age for adult membership under the laws of the society.

If a society maintains a separate juvenile fund, it shall have the right to provide in its laws or rules for the payment to the society's expense or general fund; provided, that no such society shall transfer to such funds amounts collected for juvenile mortuary benefits and the net accretions thereto. A society shall have full power to provide for the fixing and readjusting, from time to time, of the premiums and the designation and changing of designation of beneficiaries and to provide in all other respects for the regulation, government and control of such certificates and all rights, obligations and liabilities incident thereto and in connection therewith.

CHAPTER 50

An act to add Section 4764.1 to the Health and Safety Code, relating to county sanitation districts, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor April 1, 1959. Filed with Secretary of State April 2, 1959.] In effect immediately

The people of the State of California do enact as follows:

SECTION 1. Section 4764.1 is added to the Health and Safety Code, to read:

4764.1. A county sanitation district formed after the fifteenth day of December, 1958, which filed a statement and map or plat pursuant to Sections 54900 to 54903 of the Government Code on or before February 1, 1959, may incur indebtedness by the issuance of negotiable promissory notes in an amount not to exceed seven hundred fifty thousand dollars ($750,000) pursuant to this section without an election for any purpose for which the district is authorized to expend funds. The notes shall mature not later than 10 years from their date, shall bear interest at a rate not exceeding 6 percent per annum, payable as provided therein, and shall be general obligations of the district payable, unless paid from other available funds of the district, in the same manner as bonds of the district. The provisions of Chapter 1 (commencing at Section 29000) of Division 3 of Title 3 of the Government Code shall not be applicable to the incurring of indebtedness under this section.

The district shall publish an advertisement for bids on the promissory notes in a newspaper of general circulation within the district or, if no newspaper of general circulation is printed within the district, in a newspaper of general circulation within the county in which the district is located one week prior to the date of sale.

This section shall remain in effect until October 1, 1960, but the termination of the effectiveness of this section shall not affect the validity of any loan, indebtedness, or obligation incurred, or any agreement entered into, pursuant to this section, prior to October 1, 1960.

SEC. 2. This act is an urgency measure necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The Laguna County Sanitation District is experiencing serious financial difficulties due to activation of the Vandenberg Air Force Base in the western and northern portions of the county, which has created an immediate demand for housing in the area of the City of Santa Maria much greater than the available supply of houses. To meet the demand for housing the area between the City of Santa Maria and the Town of Orcutt is being subdivided at a rapid rate. The local water

companies obtain their water for domestic use from local underground wells. However, due to the type of soil and the conformation and location of the underground strata and the shallow layer of hardpan, the county health department advises that the area is not suitable for cesspool or septic tank development and that if there is any extensive development of septic tanks or cesspools in the area, the underground domestic water supply will be in danger of pollution. The county health department recommends that a sewer system be provided for the housing development in the area. To provide such a sewer system, the Laguna County Sanitation District was organized and formed on December 29, 1958, including the area between the City of Santa Maria and the Town of Orcutt. The district has no funds and it is essential that financing be provided immediately so that a sewer treatment plant and a system of trunk lines can be installed for the large subdivisions that are already being constructed in the area and avert the existing threat to the public health and safety. In order that the Laguna County Sanitation District may undertake the immediate financing of the urgently needed sanitation facilities, it is necessary that this act go into immediate effect.

CHAPTER 51

An act to repeal Sections 4031, 26133, 26281, 26327, 26328, 26329, 26330, 26331, 31879, 31880, 31903, 31924, 31943, 31944, 31945, 31946, 36959, 37154, 50372, and 53503, and to amend Sections 1650, 1651, 4029, 4030, 26230, 26326, 27543, 31878, 31881, 31900, 31901, 31902, 31942, 31970, 32449, 32451, 34053, 34576, 34702, 35113, 35306, 37151, 37153, 37156, 37157, 50330, 50333, 50334, 51611, 51614, 51645, 51652, 53500, 53672, 60386, and 60415 of the Water Code, relating to recordation of instruments.

In effect September 18, 1959

[Approved by Governor April 2, 1959. Filed with Secretary of State April 2, 1959.]

The people of the State of California do enact as follows:

Repeals

SECTION 1. Sections 4031, 26133, 26281, 26327, 26328, 26329, 26330, 26331, 31879, 31880, 31903, 31924, 31943, 31944, 31945, 31946, 36959, 37154, 50372, and 53503 of the Water Code are hereby repealed.

SEC. 2. Section 1650 of said code is amended to read:

Recordation: License

1650. A true copy of each license issued or of each order modifying or changing a license shall within 30 days after issuance thereof be recorded by the board in the office of the recorder of the county in which the point of diversion specified in the license lies or in case there are points of diversion lying in more than one county then in each of those counties in which a point of diversion lies and in case the

place or places of use specified in the license are in different counties than the point or points of diversion also in the county or counties in which the place or places of use lie.

SEC. 3. Section 1651 of said code is amended to read:

1651. Whenever an order revoking a license in whole or in part becomes final a true copy of the order shall be recorded promptly by the board in the office or offices in which a copy of the license affected is recorded. Same

SEC. 4. Section 4029 of said code is amended to read:

4029. Upon the creation of a service area the department shall record in the office of the county recorder of each county in which a portion of the service area is situated a certified copy of the order creating the service area and a description by 40-acre subdivision or other smallest subdivisions of the public land surveys of all of the land within the service area which is within the county in which the description is recorded. Same Service area order

SEC. 5. Section 4030 of said code is amended to read:

4030. From time to time the department shall record supplemental or revised descriptions as the descriptions are changed. Same Revisions

SEC. 6. Section 26230 of said code is amended to read:

26230. The county recorder shall collect a fee of one dollar ($1) for filing each certificate of redemption and making the marginal notations. Fee

SEC. 7. Section 26326 of said code is amended to read:

26326. A collector's deed to a district shall be recorded in the usual manner of recording conveyances of real property. Recordation Deed

SEC. 8. Section 27543 of said code is amended to read:

27543. The redemption receipt of the county treasurer shall be recorded in the office where the certificate of sale is filed to which the redemption applies. Same: Redemption receipt

SEC. 9. Section 31878 of said code is amended to read:

31878. Of each of the duplicate certificates of sale, one copy shall be delivered to the district and the other recorded in the office of the county recorder of the county in which the land is situated. Certificates of sale

SEC. 10. Section 31881 of said code is amended to read:

31881. On recording the certificate of sale with the county recorder, the lien of the taxes vests with the district and is only divested by the redemption of the property, except that the lien may be partially divested by partial redemption. Same

SEC. 11. Section 31900 of said code is amended to read:

31900. Property sold for delinquent taxes may be redeemed by the owner or any party in interest within three years from the date of the sale by payment in lawful money of the United States to the collector of the aggregate of: Redemption

(a) Taxes, penalties, and costs for which the property was sold.

(b) One percent per month, or fraction thereof, on the taxes, penalties, and costs, from the date of sale until redemption.

(c) Amount of recorder's fee.

SEC. 12. Section 31901 of said code is amended to read:

Certificates of redemption

31901. On receipt of the redemption money plus the amount of the recorder's fee the collector shall issue triplicate certificates of redemption, reciting the payment and stating the date of recordation of the certificate of sale to which the redemption applies and the book and page where the same is recorded or the recorder's document number.

SEC. 13. Section 31902 of said code is amended to read:

Same

31902. The collector shall retain one copy of the certificate of redemption, deliver one copy to the redemptioner, and record the other copy in the office of the county recorder in whose office the certificate of sale is recorded to which the redemption applies.

SEC. 14. Section 31942 of said code is amended to read:

Collector's deed

31942. The collector's deed shall be recorded in the office of the county recorder of the county wherein the property is situated.

SEC. 15. Section 31970 of said code is amended to read:

Recordation Deed or copy

31970. The corrected certificate of sale or deed and a certified copy of the resolution shall be recorded in the office of the recorder of the county in which the land is situated, in the same manner as the original instrument.

SEC. 16. Section 32449 of said code is amended to read:

Same Ordinance

32449. If the ordinance including land in the district is effective, the president and secretary shall, if no petition for disapproval and veto of such ordinance is filed within the time provided by law, or if such petition is filed and upon the election the electors shall not disapprove and veto said ordinance, file with the Secretary of State and record with the county recorder of the county in which the district is situated certified copies of the ordinance and certificates stating said facts.

SEC. 17. Section 32451 of said code is amended to read:

Same Certificate of inclusion

32451. When land situated in a county other than the county of formation is included in a district, the president and secretary shall also record with the county recorder of that county duplicates of the papers required to be filed with the Secretary of State and the latter shall file with the county clerk of that county a certified copy of his certificate reciting the inclusion of the land.

SEC. 18. Section 34053 of said code is amended to read:

Acceptance of fees

34053. No supervisor, auditor, or clerk of any county shall receive any fee for any service required to be performed by him under the provisions of this division.

SEC. 19. Section 34576 of said code is amended to read:

Certification of documents

34576. All documents which have been recorded with the recorder of the principal county and which, or a certified copy thereof, have not been recorded in the county to which

the district is transferred, shall be certified to by the county recorder of the principal county and recorded with the county recorder of the county to which the district is transferred.

SEC. 20. Section 34702 of said code is amended to read:

34702. Each officer shall forfeit his office unless he records with the county recorder of each affected county a written acceptance of the office within either of the following periods: (a) Ten days after notice to him of his election or appointment. Acceptance of office

(b) Ten days from the commencement of his term of office when no notice of election or appointment has been given.

SEC. 21. Section 35113 of said code is amended to read:

35113. Within 10 days from the receipt by the board of supervisors of the certificate showing the results of the election, the clerk of the board of supervisors shall certify as a true copy and record with the county recorder of each affected county a copy of that certificate. Certification Election results

SEC. 22. Section 35306 of said code is amended to read:

35306. The bylaws in their original form, together with the approval of the board of supervisors and the resolution of the directors adopting them, or together with the written assent thereto, and any repeal or amendment of, or addition to, the bylaws, together with the written assent thereto or a memorandum of the returns of the election at which the assent was given, shall be certified by a majority of the directors and the secretary and recorded with the county recorder of each affected county. Until so recorded, no bylaw, addition thereto, or amendment or repeal thereof can be enforced against any person not having actual notice thereof. Same Bylaws

SEC. 23. Section 37151 of said code is amended to read:

37151. On receipt of the redemption money plus the amount of the recorder's fee the collector shall make out duplicate certificates of redemption reciting the payment and stating the date of recordation of the certificate of sale to which the redemption applies and the book and page where the same is recorded or the recorder's document number. Certificates of redemption

SEC. 24. Section 37153 of said code is amended to read:

37153. The collector shall record the other duplicate certificate of redemption with the county recorder in whose office the certificate of sale is on record. Recordation

SEC. 25. Section 37156 of said code is amended to read:

37156. A collector's deed shall contain the date of sale and his statement that no person redeemed the property during the time allowed for its redemption; and may be in substantially the following form, the blanks being filled to show the facts in each case: Collector's deed

Collector's Deed

_____ Water District

On the _____ day of _____, 19___, the collector of _____ Water District sold to _____ Water Dis-

trict, for a delinquent assessment, real property situated within the district, and in the County of _____, State of California, described as follows:

(insert description)

No person has redeemed the property from the sale; the time for redemption has elapsed; and the purchaser has demanded a deed to the property.

Wherefore, I, the collector of _____ Water District grant to _____ Water District all of the real property aforesaid.

WITNESS MY HAND and the seal of the district this ____ day of _____ 19___.

(DISTRICT SEAL) _____

Collector of _____ Water District

SEC. 26. Section 37157 of said code is amended to read:

Recordation: Collector's deed

37157. A collector's deed to a district shall be recorded in the usual manner of recording conveyances of real property.

SEC. 27. Section 50330 of said code is amended to read:

Same Petition

50330. The petition, with the order of the board of supervisors endorsed thereon or attached thereto, shall be recorded by the county recorder.

SEC. 28. Section 50333 of said code is amended to read:

Same District's number

50333. The State Lands Commission, upon the receipt of a copy of a petition, or certificate of the county clerk that a district has been formed, shall number the district and send a notice containing the number so assigned to the county recorder of the county from which the copy or certificate came.

SEC. 29. Section 50334 of said code is amended to read:

Recordation of notice

50334. The county recorder, upon receipt of the notice from the State Lands Commission, shall record the same, and the district shall thereafter be known and designated by the number shown in said notice.

SEC. 30. Section 51611 of said code is amended to read:

Certificate of sale

51611. A certificate of sale shall be executed by the county treasurer to the purchaser, or to the county treasurer, if the parcel is sold to him, and the certificate of sale shall be recorded in the office of the county recorder in the county where the parcel described in the certificate is situated.

SEC. 31. Section 51614 of said code is amended to read:

Certificate of redemption

51614. When the parcel is redeemed a certificate of redemption shall be issued by the county treasurer to the redemptioner, and the certificate shall be recorded in the office of the county recorder.

SEC. 32. Section 51645 of said code is amended to read:

Certificate of sale

51645. The county treasurer shall execute to each purchaser, including himself, a certificate of sale, a duplicate of which shall be recorded in the county recorder's office of the county in which the land is situated.

SEC. 33. Section 51652 of said code is amended to read:

51652. When the parcel is redeemed a certificate of redemption shall be issued by the county treasurer to the redemptioner, and the certificate shall be recorded in the office of the county recorder.

Certificate of redemption

SEC. 34. Section 53500 of said code is amended to read:

53500. When the owners of a majority of the acreage of the land in each of two or more districts desire to consolidate and reorganize, they may do so by recording a notice signed by them with the county recorder of the county in which the greater portion of the lands of the combined district is situated, stating that they desire to consolidate and reorganize. They shall also make and forward a copy thereof to the State Lands Commission.

Notice of consolidation or reorganization

SEC. 35. Section 53672 of said code is amended to read:

53672. When the board of supervisors has made the order including the lands within the district, the board of trustees shall record a certified copy of the petition, and a certified copy of the order of the board of supervisors including the lands within the district, in the office of the county recorder of the county in which the lands are situated, and, also, file certified copies thereof with the State Lands Commission.

Recordation of certification of inclusion

SEC. 36. Section 60386 of said code is amended to read:

60386. The board shall canvass the votes cast at such election and, if such proposition is approved by a majority of the voters voting thereon at such election, the president and secretary of the board of directors shall certify that fact to the Secretary of State and shall record a certificate stating that such proposition was adopted with the county recorder of each affected county in which such district is located.

Canvass of votes, etc

SEC. 37. Section 60415 of said code is amended to read:

60415. The board shall canvass the votes cast at such election and, if the proposition is approved by a majority of the voters voting thereon at such election, the president and secretary of the board of directors shall certify that fact to the Secretary of State and shall record a certificate stating that such proposition was adopted with the county recorder of each affected county in which the district is located.

Same

CHAPTER 52

An act to repeal Section 25082 of the Government Code, relating to meetings of boards of supervisors.

[Approved by Governor April 2, 1959. Filed with Secretary of State April 2, 1959.]

In effect September 18, 1959

The people of the State of California do enact as follows:

SECTION 1. Section 25082 of the Government Code is hereby repealed.

CHAPTER 53

An act to amend Sections 11002 and 11003 of the Government Code, relating to receipt of mail by the State and its agencies.

In effect September 18, 1959

[Approved by Governor April 2, 1959. Filed with Secretary of State April 2, 1959.]

The people of the State of California do enact as follows:

SECTION 1. Section 11002 of the Government Code is amended to read:

Remittance receipt

11002. If a remittance to cover a payment required by law to be made to the State or to a state agency on or before a specified date is sent through the United States mail, properly addressed with postage prepaid, it shall be deemed received on the date shown by the post office cancellation mark stamped upon the envelope containing the remittance or on the date it was mailed if proof satisfactory to the State or state agency establishes that the mailing occurred on an earlier date.

If a remittance to cover a payment required by law to be made to the State or to a state agency on or before a specified time on a specified date is sent through the United States mail, properly addressed with postage prepaid, and the cancellation mark is placed on the envelope after it is deposited in the mail:

(a) Where the cancellation mark shows both date and time, the remittance shall be deemed received on the date shown by the cancellation mark and by the time specified by law for that date.

(b) Where the cancellation mark shows only the date, the remittance shall be deemed received within the time and date specified when the cancellation mark bears a date on or before which payment is required.

SEC. 2. Section 11003 of the Government Code is amended to read:

Filing date

11003. If an application, tax return or claim for credit or refund required by law to be filed with the State or state agency on or before a specified date is filed with a state agency through the United States mail, properly addressed with postage prepaid, it shall be deemed filed on the date shown by the post office cancellation mark stamped on the envelope containing it, or on the date it was mailed if proof satisfactory to the state agency establishes that the mailing occurred on an earlier date.

If an application, tax return or claim for credit or refund required by law to be filed with the State or state agency on or before a specified time on a specified date is sent through the United States mail, properly addressed with postage prepaid, and the cancellation mark is placed on the envelope after it is deposited in the mail:

(a) Where the cancellation mark shows both date and time, the application, tax return or claim for credit or refund shall

be deemed filed on the date shown by the cancellation mark and by the time specified by law for that date.

(b) Where the cancellation mark shows only the date, the application, tax return or claim for credit or refund shall be deemed filed within the time and date specified when the cancellation mark bears a date on or before the specified date of filing.

CHAPTER 54

An act to amend Section 15451 of the Education Code as enacted by the Legislature at its 1959 Regular Session, relating to school buildings.

[Approved by Governor April 2, 1959. Filed with Secretary of State April 2, 1959.]

In effect September 18, 1959

The people of the State of California do enact as follows:

SECTION 1. Section 15451 of the Education Code as enacted by the Legislature at its 1959 Regular Session is amended to read:

15451. The Division of Architecture of the Department of Public Works under the police power of the State shall supervise the construction of any school building or, if the estimated cost exceed ten thousand dollars ($10,000), the reconstruction or alteration of or addition to any school building, for the protection of life and property. Nothing in this section shall be construed to allow a school district to perform work with its own forces in excess of the limitations set forth in Sections 15951 and 15957 of this chapter.

CHAPTER 55

An act to amend Section 5901 of the Education Code and Section 21301 of the Education Code as proposed by Senate Bill No. 2, relating to school district funds.

[Approved by Governor April 2, 1959. Filed with Secretary of State April 2, 1959.]

In effect September 18, 1959

The people of the State of California do enact as follows:

SECTION 1. Section 5901 of the Education Code is amended to read:

Revolving cash fund

5901. The governing board of any school district, high school, or junior college district may, with the consent of the county superintendent of schools, establish a revolving cash fund for the use of the chief accounting officer of the district, by adopting a resolution setting forth the necessity for the revolving cash fund, the officer for whom and the purposes for which the revolving cash fund shall be available, and the amount of the fund. The amount of the fund shall not be more than 1 percent of the district's estimated expenditures for the current fiscal year and shall not in any event exceed five thousand dollars ($5,000) for any elementary school district, high

school district, or junior college district; ten thousand dollars ($10,000) for any unified district of elementary and high school levels, and fifteen thousand dollars ($15,000) for any unified district of elementary, high school, and junior college levels. Two certified copies of the resolution shall be transmitted to the county superintendent of schools. If he approves the establishment of the fund, the county superintendent shall endorse his consent on the resolution and return one copy to the governing body of the district.

SEC. 2. Section 21301 of the Education Code, as proposed by Senate Bill No. 2, is amended to read:

Same

21301. The governing board of any school district, high school, or junior college district may, with the consent of the county superintendent of schools, establish a revolving cash fund for the use of the chief accounting officer of the district, by adopting a resolution setting forth the necessity for the revolving cash fund, the officer for whom and the purposes for which the revolving cash fund shall be available, and the amount of the fund. The amount of the fund shall not be more than 1 percent of the district's estimated expenditures for the current fiscal year and shall not in any event exceed five thousand dollars ($5,000) for any elementary school district, high school, or junior college district; ten thousand dollars ($10,000) for any unified district of elementary and high school levels, and fifteen thousand dollars ($15,000) for any unified district of elementary, high school, and junior college levels. Two certified copies of the resolution shall be transmitted to the county superintendent of schools. If he approves the establishment of the fund, the county superintendent shall endorse his consent on the resolution and return one copy to the governing body of the district.

Effect Stats 1959, Ch 2

SEC. 3. Section 2 of this act shall become operative only if the Education Code as proposed by Senate Bill No. 2 is enacted by the Legislature at its 1959 Regular Session, and in such case at the same time as Senate Bill No. 2 takes effect; at which time Section 5901 of the Education Code as amended by Section 1 of this act is repealed.

CHAPTER 56

An act to amend Section 23772 of, and to add Section 26072.7 to, the Revenue and Taxation Code, relating to corporations exempt under the Bank and Corporation Tax Law, declaring the urgency thereof, to take effect immediately.

In effect immediately

[Approved by Governor April 2, 1959. Filed with Secretary of State April 2, 1959.]

The people of the State of California do enact as follows:

SECTION 1. Section 23772 of the Revenue and Taxation Code is amended to read:

23772. Every organization exempt under Article 1 except: Exempt organizations

(a) A religious organization exempt under Section 23701d;

(b) An educational organization exempt under Section 23701d, if such organization normally maintains a regular faculty and curriculum and normally has a regularly organized body of pupils or students in attendance at the place where its educational activities are regularly carried on; or

(c) A charitable organization, or an organization for the prevention of cruelty to children or animals, exempt under Section 23701d, if such organization is supported, in whole or in part, by funds contributed by the United States or any state or political subdivision thereof, or is primarily supported by contributions of the general public; or

(d) An organization exempt under Section 23701d, if such organization is operated, supervised, or controlled by or in connection with a religious organization described in subsection (a); or

(e) An organization exempt solely under Section 23701b, shall file an annual return with the Franchise Tax Board on or before the fifteenth day of the fifth full calendar month following the close of the income year setting forth—

(1) Its gross receipts for the year,

(2) Its expenses attributable to such income and incurred within the year,

(3) Its disbursements within the year for the purpose for which it is exempt,

(4) Its accumulation of income within the year,

(5) Its aggregate accumulations of income at the beginning of the year,

(6) Its disbursements out of principal in the current and prior years for the purposes for which it is exempt,

(7) A balance sheet showing its assets, liabilities and net worth as of the beginning of such year, and

(8) Such other information as the Franchise Tax Board may by regulation prescribe.

(f) Any organization exempt from taxes under Article 1 (commencing at Section 23701) of Chapter 4 of this part shall pay the minimum tax provided for by Section 23153 for any year or years for which it fails to file, on or before the due date, the annual return required by this section.

SEC. 2. Section 26072.7 is added to said code, to read:

26072.7. Any tax, or any penalty or interest thereon, for or upon the basis of any taxable year beginning prior to January 1, 1959, payable by any corporation for which the exemption specified in Sections 23701a to 23701m, inclusive, was available for that year, but which lost such exemption for failure to file an information return pursuant to Section 23772, is canceled and, if paid, shall be credited or refunded as an overpayment under Sections 26071 and 26072. Cancellation

No interest shall be allowed upon any tax, penalty or interest refunded pursuant to this section.

Urgency

SEC. 3. This act is an urgency measure necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Certain exempt corporations have inadvertently failed to file an information return required by Section 23772 of the Revenue and Taxation Code. For failure to file such information return, Section 23772, as amended in 1957, provides, in part, that corporations become subject to the tax. If exempt corporations are now subjected to tax, they will be confronted with obligations which, if met, will substantially impair their ability to function effectively. This act will remedy the situation by permitting for a limited period of time any tax to be canceled, or refunded, if such tax was imposed because the exempt corporations failed to file a timely information return. In doing so, the public policy of the State as expressed in the Bank and Corporation Tax Law will be entirely fulfilled and the State as a whole will benefit.

CHAPTER 57

An act to amend Section 1080 of the Agricultural Code, relating to use and application of injurious materials.

In effect September 18, 1959

[Approved by Governor April 1, 1959. Filed with Secretary of State April 2, 1959.]

The people of the State of California do enact as follows:

SECTION 1. Section 1080 of the Agricultural Code is amended to read:

1080. The director after investigation and hearing shall adopt rules and regulations governing the application, in pest control or other agricultural operations, of any materials which he finds and determines to be injurious to persons, animals, or crops, other than the pest or vegetation which it is intended to destroy.

Such rules and regulations shall prescribe the time when and the conditions under which such materials may be used in different areas of the State, and may provide that such materials shall be used only under permit of the commissioner, or under his direct supervision, in certain areas, or under certain conditions, or when used in excess of certain quantities or concentrations.

It is unlawful for any person to apply any injurious material for which rules and regulations have been adopted except as provided in such rules and regulations. Nothing in this section shall be construed to operate to relieve any person from liability for any damage to the person or property of another caused by the use of such injurious material.

Notwithstanding anything in this section or article contained, the provisions thereof shall not apply to agencies of the United States or of the State of California, or to the officers, agents or employees of either acting within the scope of their authority, while engaged in or conducting or supervising research on any such materials.

CHAPTER 58

An act to amend Section 4395 of the Agricultural Code, relating to testing, weighing, and sampling of fluid milk.

[Approved by Governor April 2, 1959. Filed with Secretary of State April 2, 1959.]

In effect September 18, 1959

The people of the State of California do enact as follows:

SECTION 1. Section 4395 of the Agricultural Code is amended to read:

4395. In addition to the enforcement of this chapter by the Bureau of Milk Control, the director is hereby charged with the duty of supervision of the milk-fat testing and the weighing and sampling of fluid milk delivered to distributors, which supervision shall be conducted by the Bureau of Dairy Service, and from the funds provided by the provisions of this article he is authorized to allocate to said Bureau of Dairy Service such sum for any fiscal year, not exceeding fifty thousand dollars ($50,000), which shall be used exclusively by said Bureau of Dairy Service for the supervision and checking the correctness of the milk-fat and bacteriological tests and the weighing and sampling of all fluid milk delivered to distributors in accordance with the stabilization and marketing plans established pursuant to the provisions of this division.

CHAPTER 59

An act to amend Section 660 of the Agricultural Code, relating to milk products plant licenses.

[Approved by Governor April 2, 1959. Filed with Secretary of State April 2, 1959.]

In effect September 18, 1959

The people of the State of California do enact as follows:

SECTION 1. Section 660 of the Agricultural Code is amended to read:

660. (a) Every person before engaging in the business of dealing in, receiving, manufacturing, freezing or processing milk, or any product thereof, or imitation ice cream, or imitation ice milk, shall obtain a license from the director for each separate milk products plant or place of business. Application

for the licenses herein provided shall be made on forms prescribed by the director and shall state the name and address of the applicant, the address of the milk products plant and such other information as to the nature of the applicant's business as the director may require. Each application shall be accompanied by a fee in an amount established by the provisions of Section 661. Upon receipt of an application for such license, the director shall investigate the equipment and the sanitary condition of the milk products plant for which application for a license has been made. If the condition of the milk products plant is found to be satisfactory, a "milk products plant" license shall be issued by the director to such applicant.

(b) Hotels, restaurants, boarding houses, hospitals or other concerns or agencies which manufacture products of milk for the use of patrons, guests, patients, or employees shall take out the license herein required.

(c) This section shall not apply to private homes manufacturing for their own use nor to retailers dealing in finished products received from a distributor or producer in final form; nor to producers selling milk and cream exclusively at wholesale for manufacturing, freezing or processing milk and milk products; nor to producers whose business consists exclusively of producing and distributing raw market milk produced by them.

(d) The license fees required by Section 661 shall be prorated on a quarterly basis for licensees commencing operations after the first quarter in any calendar year.

CHAPTER 60

An act to amend the title of Article 3 (commencing at Section 14893) of Chapter 3 of Part 5, Division 12 of, to amend Section 14906 of, to add Section 14895 to, and to repeal Section 14897 of the Health and Safety Code, relating to the abatement of hazardous weeds.

In effect September 18, 1959

[Approved by Governor April 2, 1959. Filed with Secretary of State April 2, 1959.]

The people of the State of California do enact as follows:

SECTION 1. The title of Article 3 (commencing at 14893) Chapter 3 of Part 5, Division 12 of the Health and Safety Code is amended to read:

Article 3. Posting and Publishing Notice

SEC. 2. Section 14895 is added to said code, to read:

Notice of hearing

14895. Notice of the hearing prescribed in Section 14892 shall be published once in a newspaper of general circulation

printed and published in the county, not less than 10 days prior to the date of the hearing.

SEC. 3. Section 14897 of said code is repealed. Repeal

SEC. 4. Section 14906 of said code is amended to read:

14906. Before the report is submitted to the board of supervisors, a copy of it shall be posted for at least three days on or near the chamber door of the board with a notice of the time when the report will be submitted to the board for confirmation. Posting of report

---

CHAPTER 61

An act to amend Sections 802.6 and 828.53 of the Agricultural Code, relating to grape containers, declaring the urgency thereof, to take effect immediately.

[Approved by Governor April 2, 1959. Filed with Secretary of State April 2, 1959.] In effect immediately

The people of the State of California do enact as follows:

SECTION 1. Section 802.6 of the Agricultural Code is amended to read:

802.6. All grapes intended for shipment out of the State of California shall be placed in standard containers numbers 1, 1B, 1C, 2, 5, 6, 7, 8, 9, 9A, 28, 29, 30A, 37A, 37B, 37C, 37D, 37E, 37F, 37G, 38H, 38I, 38J, 38K, 49, and 50 subject to the restrictions and additions specified in this chapter. Except as otherwise designated, all such containers shall be considered as standard for grapes when packed with or without pads, inner-liners, or other device which does not reduce the inside volume of the container by more than 10 percent; provided, that the vacant spaces, if any, resulting from the use of such device are readily visible. Grape containers

The depth dimension of containers, exclusive of cleats, designated for grapes in this chapter shall apply only to the depth of the head of each such container.

Containers designated as 37A, 37B, 37C, 37D, 37E, 37F and 37G shall be standard for grapes when used without cleats or with any one of the following defined cleats attached to the top of each end piece; however, no such container shall be less than $4\frac{7}{16}$ nor more than $6\frac{7}{16}$ inches in depth, including the depth of a cleat on each end.

1. Cleat $\frac{3}{8}$ inch depth and $\frac{11}{16}$ inch width.
2. Cleat $\frac{1}{2}$ inch depth and $\frac{11}{16}$ inch width.
3. Cleat $\frac{11}{16}$ inch depth and $\frac{11}{16}$ or $\frac{7}{8}$ or $1\frac{3}{8}$ inch width.
4. Cleat $\frac{3}{4}$ inch depth.
5. Cleat $\frac{7}{8}$ inch depth and $\frac{11}{16}$ inch width.

Only the depth measurement of these cleats shall be used to increase the depth measurements of the container.

Containers designated as 5, 6, 7, 8, 9, 9A, 30A, 38H, 38I and 38J shall be standard for grapes when used with or without

any style of cleat providing the sides of the container are not placed above the container head.

Containers numbers 28, 29, 49 and 50 shall be standard for grapes only when (1) containing grapes packed in sawdust, cork or similar packing material in sufficient amount to completely surround and cover the grapes and (2) used without cleats.

Containers numbers 30A and 38H shall be standard for grapes only when containing bunches which are (1) individually wrapped in paper or other protective wrapping material and (2) packed in excelsior or other similar packing material.

Container number 37G shall also be considered standard for grapes when each head piece is beveled across each bottom corner at an angle of 45 degrees, starting two inches from each such corner, and bottom slats are attached to each bevel, so as to affect the contour of the box. This container may or may not also be notched at the center of the base by a triangle with a base of four inches and an altitude of two inches. If notched, bottom slats shall be attached to each side of the notch, in addition to each bevel.

Containers designated as 37D, 37F and 37G shall also be considered standard for grapes when constructed as display lugs defined herein and subject to the following restrictions. No other container shall be considered standard for grapes when so constructed.

Standard Display Lug: Container 37G when constructed as a "display lug" shall have a $5\frac{3}{4}$ inch head (1) "slotted" $1\frac{1}{4}$ inches or less from the top or (2) consisting of a top piece $1\frac{1}{4}$ inches deep nailed or fastened to a bottom piece $4\frac{1}{2}$ inches in depth, and shall be used without a cleat or cleats; however, when a pad filler is placed in the bottom of the container a $\frac{3}{8}$ or $\frac{11}{16}$ inch cleat may be placed on each end of the container on top of the head in such a manner as to add $\frac{3}{8}$ or $\frac{11}{16}$ of an inch to the height of each end piece.

Special Display Lug: Container 37F when constructed as a "display lug" shall have a $5\frac{1}{2}$ inch head (1) "slotted" $1\frac{1}{4}$ inches or less from the top or (2) consisting of a top piece $1\frac{1}{4}$ inches deep nailed or fastened to a bottom piece $4\frac{1}{4}$ inches in depth, and shall be used without a cleat or cleats.

Special Display Lug: Container 37D when constructed as a "display lug" shall have a $5\frac{1}{8}$ inch head (1) "slotted" $1\frac{1}{4}$ inches or less from the top or (2) consisting of a top piece $1\frac{1}{4}$ inches deep nailed or fastened to a bottom piece $3\frac{7}{8}$ inches in depth, with or without a $\frac{5}{8}$ inch cleat making a total depth of $5\frac{1}{8}$ or $5\frac{3}{4}$ inches.

The term "display lug" shall mean a lug with a two-piece or slotted head (with or without cleats) and sides consisting of two pieces, constructed in such a manner that when packed with grapes and lidded, an entire upper section of the lug, together with the lid, can readily be removed, thereby displaying the grapes.

SEC. 2. Section 828.53 of said code is amended to read:

828.53.

37A	Standard grape lug	$3\frac{3}{4}$	$13\frac{1}{2}$	$16\frac{1}{8}$
37B	Standard grape lug	$4\frac{3}{8}$	$13\frac{1}{2}$	$16\frac{1}{8}$
37C	Standard grape lug	$4\frac{3}{4}$	$13\frac{1}{2}$	$16\frac{1}{8}$
37D	Standard grape lug	$5\frac{1}{8}$	$13\frac{1}{2}$	$16\frac{1}{8}$
37E	Standard grape lug	$5\frac{1}{4}$	$13\frac{1}{2}$	$16\frac{1}{8}$
37F	Standard grape lug	$5\frac{1}{2}$	$13\frac{1}{2}$	$16\frac{1}{8}$
37G	Standard grape lug	$5\frac{3}{4}$	$13\frac{1}{2}$	$16\frac{1}{8}$
38H	Standard grape lug	$5\frac{7}{8}$	$11\frac{1}{2}$	$16\frac{1}{2}$
38I	Standard grape lug	$4\frac{3}{4}$ to $6\frac{7}{16}$ at top	$14\frac{1}{2}$ to $14\frac{7}{8}$ at bottom $9\frac{1}{2}$ to $11\frac{1}{2}$	$16\frac{1}{8}$
38J	Standard grape lug	$5\frac{3}{4}$	$6\frac{3}{4}$	$16\frac{1}{8}$
38K	Standard grape lug	$4\frac{1}{2}$ to $4\frac{7}{8}$ with taper (up and in—down and in) at each corner.	$14\frac{3}{4}$	$16\frac{1}{8}$

Container schedule

SEC. 3. This act is an urgency measure necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Urgency

This act permits the use of a new grape container for the shipping to the consuming public of California grapes. This container has been used in limited quantities for the past year under an experimental permit and has proven extremely popular with grape shippers and consumers. The harvest season for California grapes begins in May in Southern California, and if these new containers are to be used this season, it is necessary that this act take immediate effect.

CHAPTER 62

An act to amend Section 1239 of the Agricultural Code, relating to agricultural warehouse inspection and license fees.

[Approved by Governor April 2, 1959 Filed with Secretary of State April 2, 1959]

In effect September 18, 1959

The people of the State of California do enact as follows:

SECTION 1. Section 1239 of the Agricultural Code is amended to read:

1239. The director shall collect a reasonable fee for every examination or inspection of a warehouse when such examination or inspection is made upon the application of a warehouseman and an annual fee based upon the capacity of the warehouse and the character of the commodity or commodities stored therein for each license or renewal thereof issued to a warehouseman, which fee shall be based upon the following schedule:

Grain and hay warehouses, one cent ($0.01) per ton, with a minimum of twenty-five dollars ($25) and a maximum of one hundred dollars ($100);

Cannery warehouses, fifty cents ($0.50) per 1,000 cases, with a minimum of fifty dollars ($50) and a maximum of two hundred dollars ($200);

Dried fruit warehouses, two cents ($0.02) per ton, with a minimum of fifty dollars ($50) and a maximum of two hundred dollars ($200);

Miscellaneous agricultural warehouses other than those listed, twenty-five dollars ($25).

All such fees shall be reported monthly by the director to the State Controller and such fees shall be deposited monthly in the State Treasury to the credit of the Department of Agriculture Fund. There is hereby appropriated, out of any moneys in the State Treasury not otherwise appropriated, the sum of ten thousand dollars ($10,000) which shall be placed to the credit of the Department of Agriculture Fund and used to carry out the provisions of this chapter until such time as the revenue derived from collected fees shall be sufficient to pay the costs thereof. After October 1, 1959, not less than 10 per centum of the collected fees shall be paid quarterly into the General Fund of the State Treasury until such time as an amount equivalent to that herein appropriated has been repaid.

CHAPTER 63

An act to amend Section 35552 of the Vehicle Code as enacted by the Legislature at the 1959 Regular Session, relating to logging trucks.

In effect September 18, 1959

[Approved by Governor April 3, 1959. Filed with Secretary of State April 3, 1959]

The people of the State of California do enact as follows:

SECTION 1. Section 35552 of the Vehicle Code as enacted by the Legislature at the 1959 Regular Session is amended to read:

35552. Trucks and vehicle combinations transporting loads composed solely of logs shall be deemed in compliance with subdivision (a) of Section 35551 if the allowed load in pounds on the group of axles permitted by that subdivision does not exceed by more than 2,500 pounds the amounts respectively stated in such subdivision, and if the vehicle or combination is in full compliance with subdivision (b) of Section 35551 or any provision made applicable to the vehicle or combination in lieu of subdivision (b).

Vehicles or vehicle combinations transporting logs solely and loaded in excess of the provisions of this section shall be deemed in violation of subdivision (a) of Section 35551.

This section shall have no application to highways which are a part of the National System of Interstate and Defense High-

ways (as referred to in subdivision (a) of Section 108 of the Federal-aid Highway Act of 1956).

The provisions of this section shall be operative only until the ninety-first day after final adjournment of the 1961 Regular Session of the Legislature.

This section may be cited as the Christensen-Belotti Act.

CHAPTER 64

An act to amend Section 28122 of the Government Code, relating to compensation for public service in counties of the twenty-second class.

[Approved by Governor April 3, 1959. Filed with Secretary of State April 3, 1959.]

In effect September 18, 1959

The people of the State of California do enact as follows:

SECTION 1. Section 28122 of the Government Code is amended to read:

28122. In a county of the twenty-second class the following shall receive as compensation for the services required of them by law or by virtue of their offices the following sums:

(a) The auditor, eleven thousand five hundred dollars ($11,500) a year.

(b) The district attorney, thirteen thousand seven hundred fifty dollars ($13,750) a year.

He shall devote his entire time to the duties of his office and shall not engage in private law practice during his term of office.

(c) Each supervisor, five hundred dollars ($500) a month and eight cents ($0.08) for each mile necessarily and actually traveled in attending meetings of the board or in the discharge of county business within the county.

Each supervisor shall be allowed his actual and necessary expenses incurred while traveling to and from the annual convention of the supervisor's association, not to exceed fifty dollars ($50) for each in any one year.

(d) Grand and trial jurors, five dollars ($5) per day.

CHAPTER 65

An act to add Article 4.7 (commencing with Section 11750) to Chapter 7 of Division 10 of the Health and Safety Code, relating to narcotic treatment-control units.

[Approved by Governor April 2, 1959. Filed with Secretary of State April 3, 1959.]

In effect September 18, 1959

The people of the State of California do enact as follows:

SECTION 1. Article 4.7 (commencing with Section 11750) is added to Chapter 7 of Division 10 of the Health and Safety Code, to read:

Article 4.7. Narcotic Treatment-Control Units

Narcotic treatment control units

11750. The Department of Corrections and the Department of the Youth Authority are authorized to establish narcotic treatment-control units in state correctional facilities or training schools or as separate establishments for such study, research, and treatment as may be necessary for control of the addiction or imminent addiction to narcotics of persons committed to the custody of the Director of Corrections or the Director of the Youth Authority.

Order to detain or place Men

11751. When the Adult Authority concludes that there are reasonable grounds for believing that a man on parole is addicted to, or is in imminent danger of addiction to, narcotics, it may issue an order to detain or place such person in a narcotic treatment-control unit for a period not to exceed 90 days. Such order shall be a sufficient warrant for any peace officer or employee of the Department of Corrections to return to physical custody any such person. Detention pursuant to such order shall not be deemed a suspension, cancellation or revocation of parole until such time as the Adult Authority so orders pursuant to Section 3060 of the Penal Code. A parolee taken into physical custody pursuant to Section 3060 of the Penal Code may be detained in a narcotic treatment-control unit established pursuant to this article.

Same

11752. When the Youth Authority concludes that there are reasonable grounds for believing that a person committed to its custody, and on parole, is addicted to, or is in imminent danger of addiction to, narcotics, it may issue an order to detain or place such person in a narcotic treatment-control unit for not to exceed 90 days. Such order shall be a sufficient warrant for any peace officer or employee of the Department of the Youth Authority to return to physical custody any such person. Detention pursuant to such order shall not be deemed a suspension, cancellation, or revocation of parole unless the Youth Authority so orders pursuant to Section 1767.3 of the Welfare and Institutions Code.

With the consent of the Director of Corrections, the Director of the Youth Authority may, pursuant to this section, confine the addicted or potentially addicted person, over 18 years of age, in a narcotic treatment-control unit established by the Department of Corrections.

Same: Women

11753. When the Board of Trustees of the California Institution for Women concludes that there are reasonable grounds for believing that a woman on parole is addicted to, or is in imminent danger of addiction to, narcotics, it may issue an order to detain or place such person in a narcotic treatment-control unit for a period not to exceed 90 days. Such order shall be a sufficient warrant for any peace officer or employee of the Department of Corrections to return to physical custody any such person. Detention pursuant to such order shall not be deemed a suspension, cancellation or revocation of parole until such time as the Board of Trustees so orders pursuant to

Section 3060 of the Penal Code. A parolee taken into physical custody pursuant to Sections 3060 and 3325 of the Penal Code may be detained in a narcotic treatment-control unit established pursuant to this article.

11754. The authority granted to the Adult Authority and the Youth Authority in no way limits Sections 3060 and 3325 of the Penal Code. Powers

---

CHAPTER 66

An act to amend Section 100 of the Drainage District Act of 1903 (Chapter 238 of the Statutes of 1903), relating to the dissolution of drainage districts.

[Approved by Governor April 3, 1959 Filed with Secretary of State April 3, 1959] In effect September 18, 1959

The people of the State of California do enact as follows:

SECTION 1. Section 100 of the Drainage District Act of 1903 is amended to read:

Sec. 100. Upon the filing of a petition with the board of directors of the district, signed by the owners of title or evidence of title of more than 50 percent of the lands within the district, the board shall submit the question of dissolution of the district to the voters thereof. The qualifications of voters for such election shall be as established by Section 7 hereof.

CHAPTER 67

An act to amend Section 1096.3 of the Agricultural Code, relating to livestock remedies.

[Approved by Governor April 2, 1959 Filed with Secretary of State April 3, 1959.] In effect September 18, 1959

The people of the State of California do enact as follows:

SECTION 1. Section 1096.3 of the Agricultural Code is amended to read:

1096.3. The label shall contain all of the following:

(a) The name, brand, or trademark of the livestock remedy;

(b) The name and principal address of the applicant;

(c) The minimum net contents of the container;

(d) A statement of the disease or ailments of livestock which it is claimed that the livestock remedy will alleviate or cure;

(e) Adequate instructions as to use and administration and adequate warnings against improper use and administration of the livestock remedy;

(f) The name of each active drug ingredient;

(g) A statement clearly indicating that the product is not for human use;

(h) If the livestock remedy is a hazardous remedy, the word "hazardous" in conspicuous letters.

CHAPTER 68

An act to amend Section 25827 of the Government Code, relating to counties.

In effect September 18, 1959

[Approved by Governor April 2, 1959. Filed with Secretary of State April 3, 1959.]

The people of the State of California do enact as follows:

SECTION 1. Section 25827 of the Government Code is amended to read:

25827. The board of supervisors of each county may collect or contract for the collection, or both, of garbage, waste, refuse, rubbish, offal, trimmings, or other refuse matter under such terms and conditions as may be prescribed by the board of supervisors by resolution or ordinance. For such purposes the board of supervisors may levy a yearly tax on property within the unincorporated area of the county, excluding territory within existing garbage disposal districts.

CHAPTER 69

An act to add Section 55529 to and amend Sections 55522 and 55523 of the Water Code, relating to county waterworks district bonds.

In effect September 18, 1959

[Approved by Governor April 2, 1959. Filed with Secretary of State April 3, 1959.]

The people of the State of California do enact as follows:

SECTION 1. Section 55529 is added to the Water Code, to read:

Bond series

55529. The board may divide the principal amount of any issue into two or more series and fix different dates for the bonds of each series. The bonds of one series may be made payable at different times from those of any other series. The maturity of each series shall comply with this article.

SEC. 2. Section 55522 of the Water Code is amended to read:

Annual payment

55522. The board shall designate an amount, not less than one-fortieth of the principal amount of the indebtedness, or series thereof, which shall be paid annually at a fixed time and place, together with the interest on all sums unpaid. The rate of interest shall be designated in the bonds and shall be

paid semiannually at a rate not in excess of 8 percent per year; except that interest for the first year after the date of the bonds may be made payable at the end of said year.

SEC. 3. Section 55523 of the Water Code is amended to read:

55523. The board may determine and fix a date for the earliest maturity of the principal of the bonds, or series thereof, not more than 10 years from the date of issue of bonds. The principal amount of the indebtedness, or series thereof, must be made payable in not to exceed 40 years from the time of contracting the same; and beginning with the date of earliest maturity of the bonds, or series thereof, not less than one-fortieth of the principal amount of the indebtedness, or series thereof, shall be paid annually. Maturity date

---

CHAPTER 70

An act to amend Section 22842 of, and to repeal Sections 22844 and 22845 of, the Water Code, relating to irrigation districts containing 500,000 acres or more.

[Approved by Governor April 2, 1959. Filed with Secretary of State April 3, 1959.]

In effect September 18, 1959

The people of the State of California do enact as follows:

SECTION 1. Section 22842 of the Water Code is amended to read:

22842. The board may:

(a) Provide for and create divisions or departments for management and operating purposes. Powers of board

(b) Appoint department heads.

(c) Classify and reclassify employees.

(d) Fix the duties, terms, and time of employment.

(e) Provide for and fix salaries, compensation, and expenses of department heads, executives, and employees.

SEC. 2. Sections 22844 and 22845 of said code are repealed. Repeals

---

CHAPTER 71

An act to amend Section 24228 of the Health and Safety Code, relating to air pollution control districts.

[Approved by Governor April 2, 1959. Filed with Secretary of State April 3, 1959.]

In effect September 18, 1959

The people of the State of California do enact as follows:

SECTION 1. Section 24228 of the Health and Safety Code is amended to read:

24228. In any county having a system of civil service, the air pollution control board shall appoint the air pollution control officer, and the air pollution control officer shall appoint

all of his assistants, deputies, clerks, attaches, and other employees, pursuant to such civil service provisions, except:

(a) If the Civil Service Commission or body performing the functions thereof, finds that any person has been employed by the county or by any city within the air pollution control district for a continuous period of not less than six months prior to the effective date of a resolution adopted by the board of supervisors pursuant to Article 1 of this chapter, in a position the duties of which, and qualifications for which are substantially the same as, or are greater than and include qualifications which are substantially the same as those of any position in the air pollution control district, and such person has attained permanent civil service status in such city or county position, the Civil Service Commission or such other body shall certify, without examination, such person as eligible to hold such air pollution control district position.

(b) If the Civil Service Commission or body performing the functions thereof finds that any person has been employed by the county or by any city within the air pollution control district in a position the duties of which, and qualifications for which are substantially the same as, or are greater than and include qualifications which are substantially the same as those of any position in the air pollution control district, at the request of the air pollution control officer, the Civil Service Commission or such other body, may certify, without examination, such person as eligible to hold such air pollution control district position.

(c) Any person entitled to participate in promotional examinations for positions in the county classified civil service shall similarly be entitled to participate in promotional examinations for positions in the classified civil service of the air pollution control district, pursuant to county Civil Service Commission rules in effect at the time, and to be certified for said district positions by the county Civil Service Commission, or other body performing the functions thereof, and to be appointed to said district positions.

(d) This section does not apply to the appointment of members to the hearing board.

CHAPTER 72

An act to amend Section 2d of the Los Angeles County Flood Control Act (Chapter 755, Statutes 1915), relating to the Los Angeles County Flood Control District.

In effect September 18, 1959

[Approved by Governor April 2, 1959. Filed with Secretary of State April 3, 1959.]

The people of the State of California do enact as follows:

SECTION 1. Section 2d of the Los Angeles County Flood Control Act is amended to read:

Sec. 2d. All of the provisions of Article IX, Sections 30 to 44 inclusive, of the charter of the County of Los Angeles, (except Section 32, paragraphs (a), (b), (c), (d) and (e) of Section 33 and Section 37), relating to civil service, and the rules of the Civil Service Commission of the County of Los Angeles as the same now exist or may hereafter be changed or amended, are hereby adopted by reference, for the purposes of this act; provided, however, that certain words used in said Article IX of said county charter and in said rules of the civil service commission shall for the purposes of this act be construed as follows: The word "county" or "Los Angeles County" shall be construed to include the Los Angeles County Flood Control District; the words "commission" and "commissioner" shall be construed to include the Commission and Commissioner of the Civil Service Commission and Civil Service Commissioner, respectively, of the Los Angeles County Flood Control District; the words "chief examiner" and "secretary" shall be construed to include the Chief Examiner and Secretary of the Civil Service Commission of the Los Angeles County Flood Control District.

All persons employed by the Los Angeles County Flood Control District, except as expressly provided by Section 4 of this act, shall be appointed and shall hold his or her respective position and shall be subject to suspension, reduction or discharge in the same manner and under the same terms and conditions as in the case of persons employed in the classified civil service of the County of Los Angeles and shall constitute the classified civil service of the Los Angeles County Flood Control District.

If the Civil Service Commission of the County of Los Angeles finds that any person has been employed by the County of Los Angeles in a classified civil service position of the same grade or class as a similar position in the Los Angeles County Flood Control District, at the request of the Chief Engineer of the Los Angeles County Flood Control District the Los Angeles County Civil Service Commission shall certify said person as being eligible to transfer to and hold said district position with the same status and without further examination, if said person holds said position in the county classified civil service as a result of examination and certification by the county civil service commission. Any person entitled to participate in promotional examinations for positions in the county classified civil service shall similarly be entitled to participate in promotional examinations for positions in the classified civil service of the Los Angeles County Flood Control District, pursuant to county civil service commission rules in effect at the time, and to be certified for said district positions by the county civil service commission and to be appointed to said district positions.

CHAPTER 73

An act to amend Section 4238 of, to repeal Section 4239 of, the Education Code, and to amend Section 2561 of, and to repeal Section 2562 of, the Education Code as proposed by Senate Bill No. 2, relating to the formation of junior college districts.

In effect September 18, 1959

[Approved by Governor April 2, 1959. Filed with Secretary of State April 3, 1959.]

The people of the State of California do enact as follows:

SECTION 1. Section 4238 of the Education Code is amended to read:

Junior college district election

4238. Within 30 days after receiving the notice the superintendent of schools of the county within which the greatest area of the proposed junior college district lies, shall call an election to be held in every elementary district and unified district in the proposed junior college district. He shall establish one or more precincts in each elementary or unified district and appoint three qualified electors in each precinct to conduct the election.

Repeal

SEC. 2. Section 4239 of said code is repealed.

SEC. 3. Section 2561 of the Education Code as proposed by Senate Bill No. 2 is amended to read:

Junior college district election

2561. Within 30 days after receiving the notice the superintendent of schools of the county within which the greatest area of the proposed junior college district lies, shall call an election to be held in every elementary district and unified district in the proposed junior college district. He shall establish one or more precincts in each elementary or unified district and appoint three qualified electors in each precinct to conduct the election.

Repeal

SEC. 4. Section 2562 of said proposed code is repealed.

Effect Stats 1959, Ch 2

SEC. 5. Sections 3 and 4 of this act shall become operative only if the Education Code as proposed by Senate Bill No. 2 is enacted by the Legislature at its 1959 Regular Session, and in such case at the same time as Senate Bill No. 2 takes effect; at which time Section 4238 of the Education Code as amended by Section 1 of this act is repealed.

CHAPTER 74

An act to add Section 32109 to the Health and Safety Code, and to amend Sections 4501 and 4501.5 of the Elections Code, relating to hospital districts.

In effect September 18, 1959

[Approved by Governor April 2, 1959. Filed with Secretary of State April 3, 1959.]

The people of the State of California do enact as follows:

SECTION 1. Section 32109 is added to the Health and Safety Code, to read:

32109. Each candidate for election to the board of directors shall prepare and file a campaign statement in the manner prescribed in Chapter 1 (commencing at Section 4500) of Division 7 of the Elections Code if the lawful receipts and expenses of his campaign exceed two hundred dollars ($200). Campaign statement

SEC. 2. Section 4501 of the Elections Code is amended to read:

4501. "Candidate" means any person who seeks nomination or election to a federal, state, county, judicial, hospital district, or municipal office in a general law or chartered city at any election or primary conducted within this State. "Candidate" also includes persons seeking election to a county central committee at the direct primary election. "Candidate"

SEC. 3. Section 4501.5 of said code is amended to read:

4501.5. A candidate or nominee for a municipal office or for election to the office of director of a hospital district need not file a campaign statement if the lawful receipts and expenses of his campaign do not exceed two hundred dollars ($200). Exception

---

CHAPTER 75

An act to add Section 1.5 to Chapter 2165 of the Statutes of 1957, relating to recreation, park and parkway districts.

[Approved by Governor April 2, 1959. Filed with Secretary of State April 3, 1959.] In effect September 18, 1959

The people of the State of California do enact as follows:

SECTION 1. Section 1.5 is added to Chapter 2165 of the Statutes of 1957, to read:

SEC. 1.5. Notwithstanding the provisions of Section 5421 of the Public Resources Code which is repealed by this act, upon the dissolution of any district operating subject to that section pursuant to Section 1 of this act any funds remaining to the credit of the district shall vest in the county within which the district is located, or if all of the district is within a city or cities, shall vest in the largest city within which located; and the supervising authority shall be the governing body of the county or city, as the case may be, in winding up the district's affairs in regard to the administration and expenditure of such funds. Any moneys remaining to the credit of the district in excess of its liabilities shall be used by the county or city, as the case may be, for recreation purposes within the area formerly comprising such district.

CHAPTER 76

An act to add Section 5834.1 to the Streets and Highways Code, relating to county maintenance districts.

In effect September 18, 1959

[Approved by Governor April 3, 1959 Filed with Secretary of State April 3, 1959.]

The people of the State of California do enact as follows:

SECTION 1 Section 5834.1 is added to the Streets and Highways Code, to read:

5834.1. A contract for installing, maintaining and servicing a system of lights in any maintenance district shall be awarded to the lowest responsible bidder. However, the rates to be paid shall not exceed the lawful rates applicable for the particular class of service and when necessary shall be those authorized by the Public Utilities Commission of the State of California. The contract for service shall be for a period not less than three years from and after the date electric energy and service is first delivered to the maintenance district pursuant to such contract and shall be extended automatically thereafter for successive terms of one year each; provided, that the agreement may be terminated by either party upon not less than 60 days' written notice prior to the expiration date of the original term or any extended term. The board of supervisors shall reserve the right to abrogate the contract whenever service is offered to be supplied at two-thirds of the fixed contract price.

CHAPTER 77

An act to add Section 6623 to the Welfare and Institutions Code, relating to handiwork of state hospital patients.

In effect September 18, 1959

[Approved by Governor April 2, 1959 Filed with Secretary of State April 3, 1959]

The people of the State of California do enact as follows:

SECTION 1. Section 6623 is added to the Welfare and Institutions Code, to read:

6623. Each patient in a state hospital under this chapter may be permitted to keep for his own use articles of handiwork and other finished products suitable primarily for personal use, as determined by the superintendent, which have been fabricated by the patient.

CHAPTER 78

An act to add Section 1125 to the Welfare and Institutions Code, relating to handiwork of Youth Authority inmates.

[Approved by Governor April 2, 1959. Filed with Secretary of State April 3, 1959.]

In effect September 18, 1959

The people of the State of California do enact as follows:

SECTION 1. Section 1125 is added to the Welfare and Institutions Code, to read:

1125. Each inmate of an institution under this chapter shall be permitted to keep for his own use all articles of handiwork and other finished products suitable primarily for personal use, as determined by the director, which have been fabricated by the inmate.

CHAPTER 79

An act to amend Section 2285 of the Health and Safety Code, relating to mosquito abatement districts.

[Approved by Governor April 2, 1959. Filed with Secretary of State April 3, 1959.]

In effect September 18, 1959

The people of the State of California do enact as follows:

SECTION 1. Section 2285 of the Health and Safety Code is amended to read:

2285. Notice of the lien shall be filed and recorded by the district board in the office of the county recorder of the county in which the property is situated within one year after the first item of expenditure by the board or within 90 days after the completion of the work, whichever first occurs.

CHAPTER 80

An act to amend Section 46005 of the Water Code, relating to additional preliminary assessments of water storage districts.

[Approved by Governor April 2, 1959. Filed with Secretary of State April 3, 1959.]

In effect September 18, 1959

The people of the State of California do enact as follows:

SECTION 1. Section 46005 of the Water Code is amended to read:

46005. If after the total amount raised by all preliminary assessments shall have been expended or its expenditure authorized, that amount is found to be insufficient to meet all

expenses of the district, the directors may, in the manner provided in this chapter, levy additional preliminary assessments up to an amount not in excess of one dollar and fifty cents ($1.50) per acre.

CHAPTER 81

An act to amend Section 263 of the Revenue and Taxation Code, relating to the welfare exemption in its application to hospitals, declaring the urgency thereof, to take effect immediately.

In effect immediately

[Approved by Governor April 3, 1959. Filed with Secretary of State April 3, 1959.]

The people of the State of California do enact as follows:

SECTION 1. Section 263 of the Revenue and Taxation Code is amended to read:

263. Any tax, or any penalty or interest thereon, for any fiscal year commencing during the calendar year 1956, 1957 or 1958 on any property of a hospital as to which the welfare exemption was available for such fiscal year shall be canceled pursuant to Article 1 (commencing with Section 4986) of Chapter 4 of Part 9 of this division as if it had been levied or charged erroneously, and, if paid, a refund thereof shall be made pursuant to Article 1 (commencing with Section 5096) of Chapter 5 of Part 9 of this division as if it had been erroneously collected.

SEC. 2. This act is an urgency measure necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Some hospitals have inadvertently failed to file the required affidavit in support of the welfare exemption which is applicable to their property and, as a consequence, are now confronted with obligations which, if met, will substantially impair their ability to function effectively. This act will remedy the situation by, in effect, removing the procedural bar to the application of the exemption to such property. In doing so, it will fulfill the public policy of the State expressed through such exemption and thereby benefit the people generally.

CHAPTER 82

An act to add Section 19.5 to the Fresno Metropolitan Flood Control Act (Chapter 503 of the Statutes of 1955), relating to district bonds, declaring the urgency thereof, to take effect immediately.

[Approved by Governor April 3, 1959. Filed with Secretary of State April 3, 1959.] In effect immediately

The people of the State of California do enact as follows:

SECTION 1. Section 19.5 is added to the Fresno Metropolitan Flood Control Act (Chapter 503 of the Statutes of 1955), to read:

Sec. 19.5. The board, in the manner provided in this section, may incur a bonded indebtedness by the issuance of refunding bonds without calling and holding an election and without the authorization of the voters of said district. Sections 15 and 16 shall not be applicable to any bonded indebtedness evidenced by refunding bonds. Refunding bonds shall be issued only for the purpose of paying the principal of and premium on any outstanding bonds of the district which by their terms are, at the time of issuance of refunding bonds, subject to call and redemption prior to maturity. Refunding bonds shall not be issued unless the total amount of interest payable on the issue of refunding bonds from the date thereof to their respective maturity dates plus the total amount of premiums payable upon the call and redemption of the outstanding bonds to be called and redeemed with the proceeds of the sale of refunding bonds is less than the total amount of interest payable on the bonds to be called and redeemed from the date of redemption thereof to their respective maturity dates. The final maturity date of the refunding bonds to be issued shall not be later than the final maturity date of the bonds to be called and redeemed. The aggregate principal amount of the refunding bonds to be issued shall not exceed the aggregate principal amount of the bonds to be called and redeemed plus the amount of the premiums payable upon the call and redemption thereof. All interest payable upon the call and redemption of the bonds to be called and redeemed shall be paid from available funds of the district other than the proceeds of the sale of refunding bonds.

Each issue of refunding bonds shall be authorized by a resolution of the board and shall be sold pursuant to the provisions and subject to the limitations of Section 20. The proceeds of the sale of each issue of refunding bonds shall be placed in the Treasury of the County of Fresno to the credit of the district. All premiums and accrued interest received upon such sale shall be placed in the fund to be used for the payment of principal of and interest on the refunding bonds, and the remainder of the proceeds of the sale of the refunding bonds shall be applied to the extent required to pay the prin-

cipal of and premium on the outstanding bonds of the district which were called and redeemed upon the issuance of the refunding bonds. Any surplus remaining after the redemption of the outstanding bonds shall be deposited in the fund to be used for the payment of the principal of and interest on the refunding bonds and used only for that purpose.

When any refunding bonds shall have been issued, taxes shall be levied and collected to pay the principal of and interest on the refunding bonds in the manner provided in Section 21. All of the provisions of Section 21 are applicable to refunding bonds to the same extent as to the outstanding bonds called and redeemed by the refunding bonds.

SEC. 2. This act is an urgency measure necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

An election is to be held in the Fresno Metropolitan Flood Control District in April of this year. In order that the provisions of this act may be utilized by the district in financing the construction of urgently needed flood protection works, it is essential that this act go into immediate effect.

CHAPTER 83

An act to amend Section 17 of the Fresno Metropolitan Flood Control Act (Chapter 503 of the Statutes of 1955), relating to bonds, declaring the urgency thereof, to take effect immediately.

In effect immediately

[Approved by Governor April 3, 1959. Filed with Secretary of State April 3, 1959.]

The people of the State of California do enact as follows:

SECTION 1. Section 17 of the Fresno Metropolitan Flood Control Act (Chapter 503 of the Statutes of 1955) is amended to read:

SEC. 17. Subject to the provisions of this act the board of directors shall prescribe the form of the bonds to be issued by the district, and of the interest coupons to be attached thereto. The board shall fix the date of the bonds, and may in its discretion divide the aggregate principal amount of any authorized issue into two or more series and fix different dates for each separate series. In the event any authorized issue is divided into two or more series the bonds of each series may be made payable at such time or times as may be fixed by the board separate and distinct from the time or times of payment of bonds of any other series of the same issue; provided, that the maturity or maturities of each separate series shall in each case comply with the provisions of this act. No bond shall run more than 40 years from the date of its issue.

SEC. 2. This act is an urgency measure necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

An election is to be held in the Fresno Metropolitan Flood Control District in April of this year. In order that the provisions of this act may be utilized by the district in financing the construction of urgently needed flood protection works, it is essential that this act go into immediate effect.

CHAPTER 84

An act to add Section 27603 to the Vehicle Code as enacted by the Legislature at the 1959 Regular Session, and to repeal Section 16854 of the Education Code as enacted by the Legislature at the 1959 Regular Session, relating to the painting of buses formerly used as school buses.

[Approved by Governor April 9, 1959. Filed with Secretary of State April 10, 1959.]

In effect September 18, 1959

The people of the State of California do enact as follows:

SECTION 1. Section 27603 is added to the Vehicle Code as enacted by the Legislature at the 1959 Regular Session, to read:

Painting of former school bus

27603. When a motor vehicle formerly used as a school bus is sold to any person and is used exclusively for purposes other than the transportation of pupils pursuant to Article 2 (commencing at Section 16851) of Chapter 1 of Division 13 of the Education Code, it shall be painted by the purchaser a color different than that prescribed by the State Board of Education for school buses before it is operated on any street or highway other than to have the vehicle painted or moved to a place of storage.

Repeal

SEC. 2. Section 16854 of the Education Code as enacted by the Legislature at the 1959 Regular Session is repealed.

CHAPTER 85

An act to amend Section 8819.5 of the Education Code and Section 5703 of the Education Code as proposed by Senate Bill No. 2, relating to junior colleges.

[Approved by Governor April 9, 1959. Filed with Secretary of State April 10, 1959.]

In effect September 18, 1959

The people of the State of California do enact as follows:

SECTION 1. Section 8819.5 of the Education Code is amended to read:

Authorization to maintain junior college

8819.5. Junior colleges maintained on July 1, 1952, by the governing board of a high school district are herewith authorized to be maintained by the governing board of a high school district.

SEC. 2. Section 5703 of the Education Code as proposed by Senate Bill No. 2 is amended to read:

Same

5703. Junior colleges maintained on July 1, 1952, by the governing board of a high school district are herewith authorized to be maintained by the governing board of a high school district.

Declaratory of existing law

SEC. 3. The amendment of these sections made by the 1959 Regular Session of the Legislature does not constitute a change in, but is a restatement of, the pre-existing law without substantive change.

Effect Stats 1959, Ch 2

SEC. 4. Section 2 of this act shall become operative only if the Education Code as proposed by Senate Bill No. 2 is enacted by the Legislature at its 1959 Regular Session, and in such case at the same time as Senate Bill No. 2 takes effect; at which time Section 8819 5 of the Education Code as amended by Section 1 of this act is repealed.

CHAPTER 86

An act to amend Sections 181 and 200 of, and to add Section 207.9 to, the Agricultural Code, relating to animal diseases and quarantine.

In effect September 18, 1959

[Approved by Governor April 9, 1959 Filed with Secretary of State April 10, 1959]

The people of the State of California do enact as follows:

SECTION 1. Section 181 of the Agricultural Code is amended to read:

Reporting of diseased animal or poultry

181. It is unlawful for any licensed veterinarian or any person operating an animal disease diagnostic laboratory upon gaining information thereof, to fail to immediately report in accordance with regulations of the director, the location, description, and name and address of the owner or person in charge, if known, of any animal or poultry affected with any infectious, contagious or transmissible disease specified in such regulations.

SEC. 2. Section 200 of said code is amended to read:

Investigation, inspection, quarantine

200. Upon information received by the director of the existence of any contagious, infectious or transmissible disease affecting domestic animals or poultry within this State, he shall thoroughly investigate the same, and may enter any premises and inspect any animal or poultry. He may establish such quarantine, sanitary, and police regulations as may be necessary to circumscribe and exterminate such disease.

SEC. 3. Section 207.9 is added to said code, to read:

207.9. In order to prevent the spread of livestock diseases, it is unlawful, except under written permit of the director, to remove, or cause to be removed, any livestock from slaughterhouse pens, yards, corrals or similar holding places where livestock is held for the purpose of immediate slaughter except directly into the slaughterhouse controlling such pens, yards, corrals or similar holding places. Written permit re livestock removal

CHAPTER 87

An act to amend Section 11041 of the Insurance Code, relating to fraternal benefit societies.

[Approved by Governor April 9, 1959. Filed with Secretary of State April 10, 1959.] In effect September 18, 1959

The people of the State of California do enact as follows:

SECTION 1. Section 11041 of the Insurance Code is amended to read:

11041. An admitted society may, by the issuance of certificates, provide for its payment to its members of insurance benefits contained within the following classes:

(a) All forms of life insurance as defined in Section 101 except group insurance and funeral insurance as defined in Section 10240.

(b) All forms of disability insurance as defined in Section 106, except benefits for loss of time as a result of disease occurring after the sixty-fifth birthday of the member and all forms of group insurance.

Except as otherwise provided in this chapter, such benefits may be paid in any manner compatible with their nature.

Any benefits authorized in this section, or combinations thereof, may be provided in the same or separate certificates.

Any such benefits may be provided for a member or upon application of a member for the member's spouse, minor children and minor grandchildren in one or more certificates.

CHAPTER 88

An act to add Section 4902.25 to the Education Code, and to add Section 3118.5 to the Education Code as proposed by Senate Bill No. 2, relating to the reorganization of school districts, declaring the urgency thereof, to take effect immediately.

[Approved by Governor April 9, 1959. Filed with Secretary of State April 10, 1959.] In effect immediately

The people of the State of California do enact as follows:

SECTION 1. Section 4902.25 is added to the Education Code, to read:

4902.25. The plans and recommendations formulated by the county committee may propose the formation of a unified school district to include all the territory of an existing high Unified school district proposals

school district, irrespective of whether the territory included in the high school district is separated into two or more non-contiguous parts. This section shall apply when the territory of the high school district is situated entirely in one county and consists of four or fewer elementary districts, at least two of which are not contiguous.

SEC. 2. Section 3118.5 is added to the Education Code as proposed by Senate Bill No. 2, to read:

Same

3118.5. The plans and recommendations formulated by the county committee may propose the formation of a unified school district to include all the territory of an existing high school district, irrespective of whether the territory included in the high school district is separated into two or more non-contiguous parts. This section shall apply when the territory of the high school district is situated entirely in one county and consists of four or fewer elementary districts, at least two of which are not contiguous.

Effect Stats 1959, Ch 2

SEC. 3. Section 2 of this act shall become operative only if the Education Code as proposed by Senate Bill No. 2 is enacted by the Legislature at its 1959 Regular Session, and in such case at the same time as Senate Bill No. 2 takes effect; at which time Section 4902.25 of the Education Code as added by Section 1 of this act is repealed.

Urgency

SEC. 4. This act is an urgency measure necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Serious doubt has been expressed as to whether a unified school district may be formed under the provisions of Chapter 16 (commencing at Section 4871) of Division 2 of the Education Code, to include all the territory of an existing high school district which has been separated into two or more parts as a result of prior withdrawals of elementary districts from such high school district. In order to put the matter at rest and permit county committees on school district organization to continue their study of reorganizing school districts in areas in which high school districts have been separated into non-contiguous parts, it is necessary that this act take effect immediately.

CHAPTER 89

An act to amend Section 8152 of the Fish and Game Code, relating to sardines, and declaring the urgency thereof, to take effect immediately.

In effect immediately

[Approved by Governor April 9, 1959. Filed with Secretary of State April 10, 1959.]

The people of the State of California do enact as follows:

SECTION 1. Section 8152 of the Fish and Game Code is amended to read:

8152. Sardines may be taken at any time after June 1, 1961, for the purpose of salting, curing, smoking or drying, or for the purpose of packing in cans commonly known as quarter-pound or square cans less than 10 ounces in net weight. In such 10-ounce cans, fish of a size not less than eight to the can shall be used.

SEC. 2. This act is an urgency measure necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order to properly conserve the sardine resources of this State and properly utilize them, the season for taking sardines should be the same this year as it was in 1958. This will not be the case, however, unless this bill is made to take effect immediately.

CHAPTER 90

An act to amend Sections 3036 and 7151 of the Fish and Game Code, relating to licenses for disabled veterans.

[Approved by Governor April 9, 1959. Filed with Secretary of State April 10, 1959.]

In effect September 18, 1959

The people of the State of California do enact as follows:

SECTION 1. Section 3036 of the Fish and Game Code is amended to read:

Licenses re disabled veterans

3036. A veteran, having 70 percent or greater service-connected disability, of any war in which the United States has been, or may be engaged, upon the presentation of proof of an honorable discharge from service, is entitled to the licenses provided for in this article upon application to the Department of Fish and Game, Headquarters Office, Sacramento, free of charge, and is entitled to receive, free of charge, deer and pheasant license tags provided for in Sections 3652 and 4332.

Proof of such disability shall be required and shall be by certification from the Veterans Administration or, if the veteran is over 55 years of age, by proof that he was issued a license under this section in the previous year.

As used in this section, "war" means that period of time commencing when Congress declares war or when the Armed Forces of the United States are engaged in active military operations against any foreign power, whether or not war has been formally declared, and ending upon the termination of hostilities as proclaimed by the President of the United States.

SEC. 2. Section 7151 of said code is amended to read:

Same

7151. Every veteran, having a 70 percent or greater service-connected disability, of any war in which the United States has been, or may be, engaged, upon the presentation of proof

of an honorable discharge from service, is entitled to a sport fishing license upon application to the Department of Fish and Game, Headquarters Office, Sacramento, free of charge.

Proof of such disability shall be required and shall be by certification from the Veterans Administration or, if the veteran is over 55 years of age, by proof that he was issued a license under this section in the previous year.

As used in this section, "war" means that period of time commencing either when Congress declares war or when the Armed Forces of the United States are engaged in active military operations against any foreign power, whether or not war has been formally declared, and ending upon the termination of hostilities as proclaimed by the President of the United States.

CHAPTER 91

An act to amend Section 2733.5 of the Business and Professions Code, relating to temporary permits for nurses.

In effect September 18, 1959

[Approved by Governor April 9, 1959. Filed with Secretary of State April 10, 1959.]

The people of the State of California do enact as follows:

SECTION 1. Section 2733.5 of the Business and Professions Code is amended to read:

2733.5. Until October 2, 1961, the board upon written application and receipt of a registration fee of ten dollars ($10) may issue a temporary permit to any applicant who at the time of application is currently licensed or registered as a professional nurse under the laws of another state of the United States of America and such a temporary permit may also be issued to an applicant who at the time of application is currently authorized to legally practice as a professional nurse under the laws of the Dominion of Canada; provided, the applicant is either a citizen of the United States or has declared his intention to become a citizen of the United States. A statement by the applicant under oath that he is a citizen or that he intends to apply for citizenship when he becomes eligible to make such application shall be sufficient proof of compliance with the citizenship requirement.

The temporary permit issued under this section shall authorize the permittee to engage in the practice of nursing under this chapter until January 1, 1962.

CHAPTER 92

An act to add Section 55109 to the Water Code, relating to investigations and reports regarding proposed county waterworks districts or annexations thereto.

[Approved by Governor April 9, 1959. Filed with Secretary of State April 10, 1959.]

In effect September 18, 1959

The people of the State of California do enact as follows:

SECTION 1. Section 55109 is added to the Water Code, to read:

55109. Upon the request of 25 or more freeholders, or a majority of the freeholders, if less than 50 in number, needing water service within a given area, the board of supervisors may instruct any county officer to prepare a report recommending means of providing such service, including a plan for financing, constructing, operating and maintaining facilities essential to such service and a petition for the formation of or annexation to a district, and to prepare improvement petitions, including maps, preliminary estimates, legal descriptions, and all things necessary for the completion of the petition.

The board of supervisors may instruct any qualified county officer or may engage a qualified person, firm or corporation to prepare groundwater studies and reports, plans and estimates for water systems and engineering feasibility reports for water systems, reservoirs, conduits, treatment plants, conservation and reuse of water.

CHAPTER 93

An act to add Section 55336 to the Water Code, relating to the sale of surplus water by county waterworks districts.

[Approved by Governor April 9, 1959. Filed with Secretary of State April 10, 1959.]

In effect September 18, 1959

The people of the State of California do enact as follows:

SECTION 1. Section 55336 is added to the Water Code, to read:

55336. The district may sell surplus water to any person, firm, public or private corporation, or public agency, or other consumer outside the district when the governing body finds that the district has a surplus of water above that which is required by the consumers within the district.

CHAPTER 94

An act to amend Sections 28816 and 28958 of, to add Section 29126.1 to, and to repeal Section 28972 of, the Public Utilities Code, and to amend Sections 15771 and 16158 of, to add Section 16456.1 to, and to repeal Section 16182 of, the Public Districts Code, relating to the San Francisco Bay Area Rapid Transit District.

In effect September 18, 1959

[Approved by Governor April 10, 1959. Filed with Secretary of State April 10, 1959.]

The people of the State of California do enact as follows:

SECTION 1. Section 28816 of the Public Utilities Code is amended to read:

Application of Government Code

28816. Article 4 (commencing at Section 1090), Chapter 1, Division 4, Title 1, of the Government Code shall apply to all officers and contracts of the district.

SEC. 2. Section 28958 of said code is amended to read:

Budgetary control procedures

28958. Prior to the time the district incurs a bonded indebtedness, the district shall insofar as possible follow the budgetary control procedures for counties, pursuant to Articles 1 to 4, inclusive (commencing at Section 29000), Chapter 1, Division 3, Title 3 of the Government Code. Transfers of funds within, or revisions of, a budget adopted by the district, whether before or after the incurring of a bonded indebtedness, may be made by appropriate act of the board at a regular or special meeting.

SEC. 3. Section 29126.1 is added to said code, to read:

Tax rate

29126.1. If in the determination of any tax rate a fraction of a cent occurs, the board may adopt a rate ending in the next higher tenth of one cent ($0.001). An excess over the amount specified in the budget, arising from the use of the tenth of one cent tax rate, is not a violation of this chapter. Any cash collected resulting from such excess or from an excess resulting from any other cause shall not invalidate the levies but shall be applied in the next succeeding budget year as available surplus unless its expenditure is otherwise authorized by law.

Repeal

SEC. 4. Section 28972 of said code is repealed.

SEC. 5. Section 15771 of the Public Districts Code is amended to read:

Application of Government Code

15771. Article 4 (commencing at Section 1090), Chapter 1, Division 4, Title 1, of the Government Code shall apply to all officers and contracts of the district.

SEC. 6. Section 16158 of said code is amended to read:

Budgetary control procedures

16158. Prior to the time the district incurs a bonded indebtedness, the district shall insofar as possible follow the budgetary control procedures for counties, pursuant to Articles 1 to 4, inclusive (commencing at Section 29000), Chapter 1, Division 3, Title 3 of the Government Code. Transfers of funds within, or revisions of, a budget adopted by the district, whether before or after the incurring of a bonded indebted-

ness, may be made by appropriate act of the board at a regular or special meeting.

SEC. 7. Section 16456.1 is added to said code, to read:

16456.1. If in the determination of any tax rate a fraction of a cent occurs, the board may adopt a rate ending in the next higher tenth of one cent ($0.001). An excess over the amount specified in the budget, arising from the use of the tenth of one cent tax rate, is not a violation of this chapter. Any cash collected resulting from such excess or from an excess resulting from any other cause shall not invalidate the levies but shall be applied in the next succeeding budget year as available surplus unless its expenditure is otherwise authorized by law. Tax rate

SEC. 8. Section 16182 of said code is repealed. Repeal

SEC. 9. Sections 5, 6, 7, and 8 of this act shall become operative only if the Public Districts Code is enacted by the Legislature at its 1959 Regular Session, and in such case at the same time as the Public Districts Code takes effect; at which time Sections 28816, 28958, and 29126.1 of the Public Utilities Code are repealed.

CHAPTER 95

An act to amend Section 3509 of the Fish and Game Code, relating to training dogs.

[Approved by Governor April 10, 1959. Filed with Secretary of State April 10, 1959.] In effect September 18, 1959

The people of the State of California do enact as follows:

SECTION 1. Section 3509 of the Fish and Game Code is amended to read:

3509. It is unlawful for any person to break, train, or practice any dog upon any game birds during their respective closed season; except that it is lawful, between the hours of sunrise and sunset, to train or practice dogs on game birds if the birds, other than domesticated birds, are not killed, captured, or injured:

(a) Between July 1st and March 31st anywhere in the State.

(b) At any other time in that area designated as Zone B in Section 3276, on approval of the department.

CHAPTER 96

An act to add Article 6 (comprising Sections 11660 to 11663, inclusive) to Chapter 2, Division 14 of, and to amend Section 11649 of, the Elections Code, relating to interference with initiative, referendum, and recall.

[Approved by Governor April 10, 1959. Filed with Secretary of State April 10, 1959.] In effect September 18, 1959

The people of the State of California do enact as follows:

SECTION 1. Article 6 (comprising Sections 11660 to 11663, inclusive) is added to Chapter 2, Division 14 of the Elections Code, to read:

Article 6. Interference With Initiative, Referendum, and Recall

Misdemeanor

11660. Every person who threatens to commit an assault or battery on a relative of a person circulating a referendum, initiative, or recall petition or to inflict damage on the property of such circulator or such relative, with the intent to dissuade the circulator from circulating the petition or in retribution for such circulation, is guilty of a misdemeanor.

Same

11661. Every person who forcibly, or by stealth, takes from the possession of a circulator any initiative, referendum, or recall petition is guilty of a misdemeanor.

Same

11662. Every person who offers to buy, or does buy, from a circulator any referendum, initiative, or recall petition on which one or more persons have affixed their signatures, is guilty of a misdemeanor. This section is not intended to prohibit compensation of a circulator, for his services, by a proponent of the petition or his agent.

Same

11663. Every person who solicits any circulator to affix to any initiative, referendum, or recall petition any false or forged signature, or to cause or permit such signature to be affixed, is guilty of a misdemeanor.

SEC. 2. Section 11649 of said code is amended to read:

Felony

11649. Every person who subscribes to any initiative, referendum or recall petition or to any nominating petition a fictitious name, or who subscribes thereto the name of another, or who causes another to subscribe such a name to such a petition, is guilty of a felony and is punishable by imprisonment in the state prison for not less than one nor more than 14 years.

CHAPTER 97

An act to amend Section 7108 of the Business and Professions Code, relating to contractors.

In effect September 18, 1959

[Approved by Governor April 10, 1959. Filed with Secretary of State April 10, 1959.]

The people of the State of California do enact as follows:

SECTION 1. Section 7108 of the Business and Professions Code is amended to read:

7108. Diversion of funds or property received for prosecution or completion of a specific construction project or operation, or for a specified purpose in the prosecution or completion of any construction project or operation, or failure substantially to account for the application or use of such funds or property on the construction project or operation for which such funds or property were received constitutes a cause for disciplinary action.

CHAPTER 98

An act to amend Section 7111 of the Business and Professions Code, relating to contractors.

[Approved by Governor April 10, 1959. Filed with Secretary of State April 10, 1959.]

In effect September 18, 1959

The people of the State of California do enact as follows:

SECTION 1. Section 7111 of the Business and Professions Code is amended to read:

7111. Failure to make and keep records showing all contracts, documents, records, receipts and disbursements by a licensee of all of his transactions as a contractor, and failure to have such records available for inspection by the registrar or his duly authorized representative for a period of not less than three years after completion of any construction project or operation to which the records refer, or refusal by a licensee to comply with a written request of the registrar to make such records available for inspection constitutes a cause for disciplinary action.

CHAPTER 99

An act to amend Section 11 of the Defense Production Act (Statutes 1950, Third Extraordinary Session, Chapter 33), extending the effective date of the act.

[Approved by Governor April 10, 1959. Filed with Secretary of State April 10, 1959.]

In effect September 18, 1959

The people of the State of California do enact as follows:

SECTION 1. Section 11 of the Defense Production Act (Statutes 1950, Third Extraordinary Session 1950, Chapter 33) is amended to read:

Sec. 11. This act shall remain in effect until the ninety-first day after the final adjournment of the 1961 Regular Session of the Legislature or until the termination of the existing national defense emergency as evidenced by cessation of compulsory military service in the Armed Forces of the United States by citizens of this State, and as found and declared by proclamation issued by the Governor, whichever first occurs. While this act is in effect it shall supersede any existing provisions of law which are in conflict with this act; but such provisions are not repealed by this act and after this act is no longer effective shall have the same force as though this act had not been enacted.

SEC. 2. This act shall be known and may be cited as the Levering-Burton Act.

CHAPTER 100

An act to amend Section 12 of Chapter 1971 of the Statutes of 1957 and Section 325 of the Fish and Game Code, relating to deer.

In effect September 18, 1959

[Approved by Governor April 10, 1959. Filed with Secretary of State April 10, 1959]

The people of the State of California do enact as follows:

SECTION 1. Section 12 of Chapter 1971 of the Statutes of 1957 is amended to read:

Termination date

Sec. 12. This act shall be effective until the ninety-first day after final adjournment of the 1961 Regular Session of the Legislature and thereafter shall have no force or effect, except any order or regulation made pursuant to Chapter 5 (commencing with Section 450) of Division 1 of the Fish and Game Code shall be operative and effective until December 31, 1961.

SEC. 2. Section 325 of the Fish and Game Code is amended to read:

Special hunting season

325. Whenever after due investigation the commission finds that game mammals, other than antlerless deer, and fur-bearing mammals and resident game birds have increased in numbers in any areas, districts, or portions thereof other than a refuge or preserve established by statute, to such an extent that a surplus exists, or to such an extent that the mammals or birds are damaging public or private property, or are overgrazing their range, the commission may provide, by regulation, for a special hunting season for the mammals and birds, additional to, or concurrent with any other open season specified by law; or provide for increased bag limits; or remove sex restrictions specified by law. The taking of antlerless deer under this section may only be authorized if the commission determines such mammals are damaging public or private property.

CHAPTER 101

An act to amend Section 7717 of the Education Code, and amend Section 19581 of the Education Code as enacted by the Legislature at its 1959 Regular Session, relating to school district public works, declaring the urgency thereof, to take effect immediately.

In effect immediately

[Approved by Governor April 10, 1959. Filed with Secretary of State April 10, 1959]

The people of the State of California do enact as follows:

SECTION 1. Section 7717 of the Education Code is amended to read:

Apportionment for new construction

7717. No apportionment shall be made for new construction which, when added to the area of adequate school con-

struction existing in the applicant school district at the time of application, will provide a total area of school building construction per unit of average daily attendance of the estimated average daily attendance in excess of that computed in accordance with Sections 7717.15, 7717.25, 7717.3, 7717.4, and 7717.5.

As used in Sections 7717.15, 7717.25, 7717.3, 7717.4, and 7717.5, "maximum area" means maximum area of school building construction and "attendance unit" means unit of estimated average daily attendance.

As used in this section and Sections 7717.3, 7717.4, and 7717.5, "attendance center" means a school maintained or to be maintained at a given location within a district. The Department of Education shall approve or disapprove, the allocation by an applicant district of units of estimated average attendance among the attendance centers of the district.

To the building area permitted to an applicant school district by Sections 7717.15, 7717.25, 7717.3, 7717.4, and 7717.5, there may be added such additional building area as may be required to provide adequate facilities for exceptional children pursuant to Article 3 of this chapter.

No estimate of average daily attendance made by an applicant for the purpose of justifying an apportionment shall be made for a longer time than the third fiscal year beyond the fiscal year in which an application is made, except that an estimate for the purpose of justifying an apportionment for a grade level maintained by a high school district or unified district, composed of grades 7 to 12, inclusive, 9 to 12, inclusive, or 7 to 10, inclusive, shall not be made for a longer time than the fourth fiscal year beyond the fiscal year in which the application is made. The estimates of average daily attendance shall be based upon the number of family dwellings under construction in the district and the number of children residing in the district. In no case shall an estimate be given effect unless approved by the Department of Education.

For the purposes of this chapter pupils attending grades 7 and 8 in an elementary district but residing in a high school district which maintains one or more junior high schools shall not be considered in determining or estimating the average daily attendance of the elementary district, unless the elementary district, is maintaining and has continuously maintained grades 7 and 8 since a date prior to January 1, 1959. When such pupils are so considered in determining or estimating the average daily attendance of the elementary district in making an apportionment to the elementary district, such pupils shall not be considered in determining or estimating average daily attendance of the high school district in making an apportionment to the high school district for junior high school purposes.

SEC. 2. Section 19581 of the Education Code as enacted by the Legislature at its 1959 Regular Session is amended to read:

Same

19581. No apportionment shall be made for new construction which, when added to the area of adequate school construction existing in the applicant school district at the time of application, will provide a total area of school building construction per unit of average daily attendance of the estimated average daily attendance in excess of that computed in accordance with Sections 19583, 19585, 19586, 19587, and 19588.

As used in Sections 19583, 19585, 19586, 19587, and 19588, "maximum area" means maximum area of school building construction and "attendance unit" means unit of estimated average daily attendance.

As used in this section and Sections 19586, 19587, and 19588, "attendance center" means a school maintained or to be maintained at a given location within a district. The Department of Education shall approve or disapprove, the allocation by an applicant district of units of estimated average attendance among the attendance centers of the district.

To the building area permitted to an applicant school district by Sections 19583, 19585, 19586, 19587, and 19588, there may be added such additional building area as may be required to provide adequate facilities for exceptional children pursuant to Article 3 (Sections 19681 to 19689, inclusive) of this chapter.

No estimate of average daily attendance made by an applicant for the purpose of justifying an apportionment shall be made for a longer time than the third fiscal year beyond the fiscal year in which an application is made, except that an estimate for the purpose of justifying an apportionment for a grade level maintained by a high school district or unified district, composed of grades 7 to 12, inclusive, 9 to 12, inclusive, or 7 to 10, inclusive, shall not be made for a longer time than the fourth fiscal year beyond the fiscal year in which the application is made. The estimates of average daily attendance shall be based upon the number of family dwellings under construction in the district and the number of children residing in the district. In no case shall an estimate be given effect unless approved by the Department of Education.

For the purposes of this chapter pupils attending grades 7 and 8 in an elementary district but residing in a high school district which maintains one or more junior high schools shall not be considered in determining or estimating the average daily attendance of the elementary district, unless the elementary district, is maintaining and has continuously maintained grades 7 and 8 since a date prior to January 1, 1959. When such pupils are so considered in determining or estimating the average daily attendance of the elementary district in making an apportionment to the elementary district, such pupils shall not be considered in determining or estimating average daily attendance of the high school district in making an apportionment to the high school district for junior high school purposes.

SEC. 3. Section 2 of this act shall become operative at the same time as the Education Code, as enacted by the Legislature at its 1959 Regular Session, takes effect, at which time Section 7717 of the Education Code as amended by Section 1 of this act is repealed. Effect Stats 1959 Ch 2

SEC. 4. This act is an urgency measure necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are: Urgency

There are elementary districts within this State which are authorized to conduct seventh and eighth grade classes. Some of the districts affected by the above provision of the law are in critical need of additional classroom facilities to provide educational opportunity for seventh and eighth grade pupils and are in all other respects qualified to receive state apportionment. By deleting the above provision of the section these districts will be authorized to apply for state apportionment funds under the usual rules and procedures and the critical shortage of classroom space may be provided so that adequate educational opportunities may be afforded the seventh and eighth grade pupils residing in the affected districts. This amendment will assist in effectuating the provisions of the Constitution of the State of California and the Education Code providing for equal educational opportunity for all regardless of the financial ability of the district.

CHAPTER 102

An act to amend Section 268 of the Revenue and Taxation Code, relating to the welfare exemption, declaring the urgency thereof, to take effect immediately.

[Approved by Governor April 10, 1959. Filed with Secretary of State April 10, 1959.] In effect immediately

The people of the State of California do enact as follows:

SECTION 1. Section 268 of the Revenue and Taxation Code is amended to read:

268. Any tax or penalty or interest thereon for any fiscal year commencing during the calendar year 1954, 1955, 1956, 1957 or 1958 on property as to which the welfare exemption was available for such fiscal year shall be canceled pursuant to Article 1 (commencing with Section 4986) of Chapter 4 of Part 9 of this division as if it had been levied or charged erroneously, and, if paid, a refund thereof shall be made pursuant to Article 1 (commencing with Section 5096) of Chapter 5 of Part 9 of this division as if it had been erroneously collected.

SEC. 2. This act is an urgency measure necessary for the immediate preservation of the public peace, health or safety

within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Some persons and organizations have inadvertently failed to file the required affidavit in support of the tax exemption of their property which is granted by the State Constitution, and as a result now are confronted with obligations which, if met, will substantially impair their ability to function effectively. This act will remedy the situation by, in effect, removing the procedural bar to the application of the exemption to such property. In doing so, the public policy of the State as expressed in the Constitution will be entirely fulfilled and the State as a whole will benefit.

CHAPTER 103

An act to amend Section 266 of the Revenue and Taxation Code, relating to the college exemption, declaring the urgency thereof, to take effect immediately.

In effect immediately

[Approved by Governor April 10, 1959. Filed with Secretary of State April 10, 1959.]

The people of the State of California do enact as follows:

SECTION 1. Section 266 of the Revenue and Taxation Code is amended to read:

266. Any tax or penalty or interest thereon for any fiscal year commencing during the calendar year of 1957 or 1958 on property as to which the college exemption was available for such fiscal year shall be canceled pursuant to Article 1 (commencing with Section 4986) of Chapter 4 of Part 9 of this division as if it had been levied or charged erroneously, and, if paid, a refund thereof shall be made pursuant to Article 1 (commencing with Section 5096) of Chapter 5 of Part 9 of this division as if it had been erroneously collected.

SEC. 2. This act is an urgency measure necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Some colleges have inadvertently failed to file the required affidavit in support of the tax exemption of their property which is granted by the State Constitution, and as a result now are confronted with obligations which, if met, will substantially impair their ability to function effectively. This act will remedy the situation by, in effect, removing the procedural bar to the application of the exemption to such property. In doing so, the public policy of the State as expressed in the Constitution will be entirely fulfilled and the State as a whole will benefit.

CHAPTER 104

An act to amend Section 264 of the Revenue and Taxation Code, relating to the orphanage exemption, declaring the urgency thereof, to take effect immediately.

[Approved by Governor April 10, 1959. Filed with Secretary of State April 10, 1959] In effect immediately

The people of the State of California do enact as follows:

SECTION 1. Section 264 of the Revenue and Taxation Code is amended to read:

264. Any tax or penalty or interest thereon for any fiscal year commencing during the calendar year 1955, 1956, 1957 or 1958 on property as to which the orphanage exemption was available for such fiscal year shall be canceled pursuant to Article 1 (commencing with Section 4986) of Chapter 4 of Part 9 of this division as if it had been levied or charged erroneously, and, if paid, a refund thereof shall be made pursuant to Article 1 (commencing with Section 5096) of Chapter 5 of Part 9 of this division as if it had been erroneously collected.

SEC. 2. This act is an urgency measure necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Some orphanages have inadvertently failed to file the required affidavit in support of the tax exemption of their property which is granted by the State Constitution, and as a result now are confronted with obligations which, if met, will substantially impair their ability to function effectively. This act will remedy the situation by, in effect, removing the procedural bar to the application of the exemption to such property. In doing so, the public policy of the State as expressed in the Constitution will be entirely fulfilled and the State as a whole will benefit.

CHAPTER 105

An act to add Section 70054.5 to the Government Code, relating to fees of official reporters.

[Approved by Governor April 10, 1959. Filed with Secretary of State April 10, 1959] In effect September 18, 1959

The people of the State of California do enact as follows:

SECTION 1. Section 70054.5 is added to the Government Code, to read:

70054.5. In a county with a population of over 55,000 and under 60,000 as determined by the 1940 federal census the fee required by Section 70053 shall be six dollars ($6).

CHAPTER 106

An act to amend Section 117p of the Code of Civil Procedure, relating to action in small claims courts.

In effect September 18, 1959

[Approved by Governor April 10, 1959. Filed with Secretary of State April 10, 1959.]

The people of the State of California do enact as follows:

SECTION 1. Section 117p of the Code of Civil Procedure is amended to read:

117p. A fee of one dollar ($1) shall be charged and collected for the filing of the affidavit for the commencement of any action; for each defendant to whom a copy of the affidavit is mailed by the clerk a fee of one dollar ($1) shall be charged and collected; and, except as otherwise provided for in this chapter, no other fee or charge shall be collected by any officer for any service rendered under this chapter, or for the taking of affidavits for use in connection with any action commenced under this chapter. All fees collected hereunder shall be deposited with the treasurer of the city and county or county under whose jurisdiction any such court shall exist.

CHAPTER 107

An act to add Section 2898 to the Education Code as enacted by the Legislature at its 1959 Regular Session, relating to the lapsation of school districts.

In effect September 18, 1959

[Approved by Governor April 10, 1959. Filed with Secretary of State April 10, 1959.]

The people of the State of California do enact as follows:

SECTION 1. Section 2898 is added to the Education Code as enacted by the Legislature at its 1959 Regular Session, to read:

2898. Whenever any unified school district fails to establish a high school within its boundaries within three years following the effective date of the establishment of the district for all purposes, or whenever the average daily attendance of pupils in grades 9 through 12 of any unified school district is 10 or less, the county superintendent of schools shall, during July of the next fiscal year, report the fact to the board of supervisors. The attendance of pupils in high schools in an adjoining state pursuant to Section 10810 shall be deemed for the purposes of this section to be in high schools established and maintained by the unified district. Upon receiving the report of the county superintendent of schools the board of supervisors shall declare the unified school district lapsed and attach the territory of the lapsed district to a contiguous unified district or to a contiguous elementary district which is

part of a high school district. The property, funds, and obligations of the lapsed district shall become the property, funds, and obligations of the district to which the territory is attached.

CHAPTER 108

An act to amend Sections 4105.2, 4624, and 4944 of the Education Code, and to amend Sections 1406, 1485, and 3256 of the Education Code as proposed by Senate Bill No. 2, relating to members of school boards.

[Approved by Governor April 10, 1959. Filed with Secretary of State April 10, 1959.]

In effect September 18, 1959

The people of the State of California do enact as follows:

SECTION 1. Section 4105.2 of the Education Code is amended to read:

4105.2 The first members of the governing board shall take office on the third Monday following their election. The term of office of subsequent members of the board shall begin on July 1st following their election.

Terms of office

SEC. 2. Section 4624 of said code is amended to read:

4624. The terms of the members elected at the initial election of governing board members in any new unified school district created under the provisions of this chapter shall begin on the third Monday following their election. The term of the two members receiving the highest number of votes shall expire on June 30th of the fourth year following the election. The term of the member receiving the next highest number of votes shall expire on June 30th of the third year following the election. The term of the member receiving the next highest number of votes shall expire on June 30th of the second year following the election, and the term of the fifth member shall expire on June 30th of the year following the election.

Terms

SEC. 3. Section 4944 of said code is amended to read:

4944. The first members of the governing board of a unified school district shall take office on the third Monday following their election.

First board

SEC. 4. Section 1406 of the Education Code as proposed by Senate Bill No. 2 is amended to read:

1406. The first members of the governing board shall take office on the third Monday following their election. The term of office of subsequent members of the board shall begin on July 1st following their election.

Terms of office

SEC. 5. Section 1485 of said proposed code is amended to read:

1485. The terms of the members elected at the initial election of governing board members in any new unified school district created under the provisions of Section 813, Sections 1481 to 1493, inclusive, Sections 2811 to 2931, inclusive, and Sections 13005, 13554, and 21802 shall begin on the third

Terms

Monday following their election. The term of the two members receiving the highest number of votes shall expire on June 30th of the fourth year following the election. The term of the member receiving the next highest number of votes shall expire on June 30th of the third year following the election. The term of the member receiving the next highest number of votes shall expire on June 30th of the second year following the election, and the term of the fifth member shall expire on June 30th of the year following the election.

SEC. 6. Section 3256 of said proposed code is amended to read:

First board

3256. The first members of the governing board of a unified school district shall take office on the third Monday following their election.

Effect Stats 1959, Ch 2

SEC. 7. Sections 4, 5, and 6 of this act shall become operative only if the Education Code as proposed by Senate Bill No. 2 is enacted by the Legislature at its 1959 Regular Session, and in such case at the same time as Senate Bill No. 2 takes effect; at which time Sections 4105.2, 4624, and 4944 of the Education Code as amended by Sections 1, 2, and 3 of this act are repealed.

CHAPTER 109

An act to amend Sections 165 and 165.3 of, and to add Sections 165.7 and 166 to, the Agricultural Code, relating to the possession and confinement of nutria.

In effect September 18, 1959

[Approved by Governor April 10, 1959. Filed with Secretary of State April 10, 1959.]

The people of the State of California do enact as follows:

SECTION 1. Section 165 of the Agricultural Code is amended to read:

Permits

165. (a) All persons in possession of nutria (South American beaver, coypu) shall provide for the care of these animals in pens that shall preclude their escape, and shall obtain a permit from the department which will allow possession of these animals. The fee for such a permit is ten dollars ($10).

(b) No person having possession of or control over nutria shall intentionally free or knowingly permit the escape of any nutria.

SEC. 2. Section 165.3 of said code is amended to read:

Sale, exchange, etc.

165.3. Nutria may be possessed only by persons who hold valid nutria permits. At the time of any sale, gift or exchange the person who sells, gives or exchanges nutria shall issue an original receipt from the receipt and record book, supplied by the department, to the person receiving the nutria. Such receipt shall show the number of nutria, the name and address and the nutria permit number of the person receiving the nutria. Any such nutria may be shipped or transported in California only when accompanied by the original receipt.

SEC. 3. Section 165.7 is added to said code, to read:

165.7. Any unconfined nutria not under the control of the person responsible for its possession is hereby declared a public nuisance and shall be abated by summary action on the part of any person in whom the enforcement of the provisions of this code is vested. Nuisance

SEC. 4. Section 166 is added to said code, to read:

166. Failure to comply with any provision of this chapter is unlawful and subject to the penalty provided in Section 8. Penalty

---

CHAPTER 110

An act to amend Sections 8026 and 8029 of the Elections Code, relating to the recount of ballots for congressional and legislative offices.

[Approved by Governor April 10, 1959. Filed with Secretary of State April 10, 1959.] In effect September 18, 1959

The people of the State of California do enact as follows:

SECTION 1. Section 8026 of the Elections Code is amended to read:

8026. At any time prior to the fourth day following the completion of the canvass, including that of the absentee ballots, but not necessarily subsequent to the completion of such canvass, any candidate for an office may file with the election board a declaration alleging that because of mistake, error or misconduct the votes in one or more precincts specified in the declaration were so incorrectly counted that the returns do not correctly show which candidate received the plurality of the votes cast for the office in the precinct. In the event that any candidate files a declaration requesting a recount in less than the total number of precincts wherein votes were cast for the office, and the recount is begun, any other candidate for nomination or election to the same office may, at any time prior to the fourth day following the beginning of such recount, file with the election board a declaration alleging that because of possible mistake, error, or misconduct in precincts specified in the declaration, which may include any or all precincts specified by previous declarations, as well as any or all precincts not specified by previous declarations, the ballots were so incorrectly counted that the returns may not correctly show which candidate received the plurality of votes cast for the office in those precincts. A copy of the declaration may be personally served upon each other candidate for nomination for or election to the same office prior to the filing of the declaration and shall be so served before the recount provided for in this article is commenced. For the purpose of this section, "completion of the canvass" shall be presumed to be that time when, if the canvass is made by the board of supervisors, the result is declared by it, or if the canvass is made by the Declaration of error, recount

county clerk, as soon as the result is certified to him and the clerk of the board of supervisors enters a statement of the result upon the records of the board.

SEC. 2. Section 8029 of said code is amended to read:

Results, final

8029. In lieu of the returns of the precinct board, upon the completion of the recount there shall be entered the result of the recount in each precinct affected, which result shall, for all purposes thereafter, be the official returns of that precinct for the office involved in the recount to the same effect as if the result as shown by the recount had been shown in the returns of the precinct board; provided, that the results of any recount begun pursuant to a declaration filed as provided in Section 8026, which is not completed by counting the votes in each and every precinct as specified in the declaration, shall be declared null and void.

CHAPTER 111

An act to amend Sections 781, 784.4, and 784.6 of the Agricultural Code, and to add Section 12604.5 to the Business and Professions Code, relating to fruit, nut and vegetable standards and containers.

In effect September 18, 1959

[Approved by Governor April 10, 1959. Filed with Secretary of State April 10, 1959.]

The people of the State of California do enact as follows:

SECTION 1. Section 781 of the Agricultural Code is amended to read:

Definitions

781. As used in this chapter:

(a) "Container" means any box, crate, lug, chest, basket, carton, barrel, keg, drum, sack, or other receptacle.

(b) "Subcontainer" means any container when being used within another container.

(c) "Lidded container" and "closed container" are synonymous and, unless otherwise specifically defined in this chapter, mean any container of which 40 percent or more of the opening is covered by any material in the form of a lid, cover or wrapping of any kind.

(d) "Pack," "packing," or "packed" means the regular compact arrangement of all or part of the fruit or vegetables in any container or subcontainer.

(e) "Deceptive pack" means any container or subcontainer which has in the outer layer or any exposed surface, fruits, nuts or vegetables which are in quality, size, condition, or in any other respect so superior to those in the interior of the container or subcontainer or in the unexposed portion as to materially misrepresent the contents. Such pack is deceptive when the outer or exposed surface is composed of products whose size is not an accurate representation of the variation of size of the products in the entire container, even though the

fruits, nuts or vegetables in the container are virtually uniform in size or comply with the specific commodity size variation requirements of this chapter.

(f) "Deceptive arrangement" or "deceptive display" of fresh or dried fruits, nuts or vegetables means any bulk lot or load, arrangement or display of such products which has in the exposed surface, fresh or dried fruits, nuts or vegetables which are so superior in quality, size, condition, or in any other respect so superior to those which are concealed, or the unexposed portion, as to materially misrepresent any part of the bulk lot or load.

(g) "Fruits, nuts, or vegetables" means the food product of any tree, vine or plant.

(h) "Mature," except when otherwise specifically defined, means having reached that stage of ripeness which will insure the completion of the ripening process to a degree which will insure palatability, after the removal of the product from the tree, plant or vine.

(i) "Overripe" means having reached an advanced state of maturity which causes the product to be undesirable for human consumption in a fresh state.

(j) "Byproduct" means any product commercially processed, preserved or manufactured from fruits, nuts or vegetables, except fresh citrus fruit juices, with or without the addition of other ingredients.

(k) "Processing," "preserving," or "manufacturing" includes canning, preserving, fermenting, which materially alters the flavor, keeping quality, or any other property, and extracting of juices or other substances, and making of any substantial change of form, but does not include refrigeration at temperatures above the freezing point nor any other treatment which merely retards or accelerates the natural processes of ripening or decomposition.

(*l*) "Agent" includes broker, commission merchant, auctioneer, solicitor, seller on consignment, and any other person acting upon the actual or implied authority of another.

(m) "Mislabel" means the placing or presence of any false or misleading statement, design, or device, upon any container, or upon the label or lining of any such container, or upon the wrapper of any fresh or dried fruit, nut or vegetable, or upon any fruit, nut or vegetable, or upon any placard used in connection therewith and having reference to such fresh or dried fruits, nuts or vegetables. A statement, design or device is false or misleading, when the fresh or dried fruit, nut or vegetable, or container to which it apparently or actually refers, does not conform in every respect to such statement.

(n) A "bulk lot" or "bulk load" of any fresh or dried fruit, nut or vegetable is any one group of specimens of such product which is not in a container and which is set apart or is separate from any other group or groups.

(o) A "placard" is any sign, label, or designation other than an oral designation used in connection with any fresh or dried fruit, nut or vegetable as a description or identification thereof.

(p) "Cross section" means the section of the fruit or vegetable taken at a right angle to a straight line drawn from the stem end to the distal end thereof.

SEC. 2. Section 784.4 of said code is amended to read:

Unlawful removal

784.4. It is unlawful to remove or dispose of any fruits, nuts or vegetables, or their containers to which any warning tag or notice has been affixed or to remove such warning tag or notice from the place where it is affixed, except under written permit from an enforcing officer or under his specific direction.

SEC. 3. Section 784.6 of said code is amended to read:

Fancy pack. Uniform contents

784.6. It is unlawful to pack any mixture of fresh or dried fruits, with or without nuts, glazed fruits, or confections, unless the contents of the lower layers or unexposed portion are of the same kind and quality, and in the same proportion, as to count, volume, and weight, as the contents of the top layer or the exposed portions.

SEC. 4. Section 12604.5 is added to the Business and Professions Code, to read:

Definitions

12604.5. As used in this chapter "lidded container" and "closed container" are synonymous and, unless otherwise specifically defined in this chapter, mean any container of which 40 percent or more of the opening is covered by any material in the form of a lid, cover or wrapping of any kind.

CHAPTER 112

An act to add Section 6357.4 to the Education Code, and to add Section 20801.5 to the Education Code as proposed by Senate Bill No. 2, relating to school district maximum tax rates.

In effect September 18, 1959

[Approved by Governor April 10, 1959. Filed with Secretary of State April 10, 1959.]

The people of the State of California do enact as follows:

SECTION 1. Section 6357.4 is added to the Education Code, to read:

Increase of maximum rate

6357.4. The maximum rate of school district tax for any school year is hereby increased by such amount as will produce the amount which the district is required to pay to the State in the administration of the Old Age and Survivors' Insurance System pursuant to Section 22551 of the Government Code, plus the amount of employer's contribution for which the district is liable under the provisions of Section 22553 of the Government Code, as shown by the budget of the district for such school year, as finally adopted by the

governing board of the district, less any unencumbered balances remaining at the end of the preceding school year derived from the revenue from the increase in the rate of tax provided by this section.

If at the end of any school year there remains an unencumbered balance derived from the increase in tax rate hereby provided, such balance shall be used exclusively in the following school year for the payment of such obligations of the district.

SEC. 2. Section 20801.5 is added to the Education Code as proposed by Senate Bill No. 2, to read:

Same

20801.5. The maximum rate of school district tax for any school year is hereby increased by such amount as will produce the amount which the district is required to pay to the State in the administration of the Old Age and Survivors' Insurance System pursuant to Section 22551 of the Government Code, plus the amount of employer's contribution for which the district is liable under the provisions of Section 22553 of the Government Code, as shown by the budget of the district for such school year, as finally adopted by the governing board of the district, less any unencumbered balances remaining at the end of the preceding school year derived from the revenue from the increase in the rate of tax provided by this section.

If at the end of any school year there remains an unencumbered balance derived from the increase in tax rate hereby provided, such balance shall be used exclusively in the following school year for the payment of such obligations of the district.

Effect. Stats 1959, Ch 2

SEC. 3. Section 2 of this act shall become operative only if the Education Code as proposed by Senate Bill No. 2 is enacted by the Legislature at its 1959 Regular Session, and in such case at the same time as Senate Bill No. 2 takes effect; at which time Section 6357.4 of the Education Code as added by Section 1 of this act is repealed.

CHAPTER 113

An act to amend Sections 27 and 29 of the Streets and Highways Code, relating to maintenance and construction of highway facilities.

[Approved by Governor April 10, 1959. Filed with Secretary of State April 10, 1959.]

In effect September 18, 1959

The people of the State of California do enact as follows:

SECTION 1. Section 27 of the Streets and Highways Code is amended to read:

"Maintenance"

27. As used in the general provisions and in Divisions 1 and 2 of this code, "maintenance" includes:

(a) The preservation and keeping of rights-of-way, and each type of roadway, structure, safety convenience or device, plant-

ing, illumination equipment and other facility, in the safe and usable condition to which it has been improved or constructed, but does not include reconstruction or other improvement.

(b) Operation of special safety conveniences and devices, and illuminating equipment.

(c) The special or emergency maintenance or repair necessitated by accidents or by storms or other weather conditions, slides, settlements or other unusual or unexpected damage to a roadway, structure or facility.

The degree and type of maintenance for each highway, or portion thereof, shall be determined in the discretion of the authorities charged with the maintenance thereof, taking into consideration traffic requirements and moneys available therefor.

SEC. 2. Section 29 of said code is amended to read:

"Construction"

29. "Construction" includes:

(a) Acquisition of rights-of-way and material sites and the payment of damage claims under Section 14 of Article I of the Constitution.

(b) Construction.

(c) Reconstruction.

(d) Replacement.

(e) Any improvement excepting maintenance as defined in Section 27.

(f) Such improvements, without being limited thereto, may include, where capital outlay is required, provision for special safety conveniences and devices, roadside planting and weed control, and such illumination of streets, roads, highways, and bridges as in the judgment of the body authorized to expend such funds is required for the safety of persons using the same.

CHAPTER 114

An act to amend Section 8695 of the Fish and Game Code, relating to gill nets.

In effect September 18, 1959

[Approved by Governor April 10, 1959. Filed with Secretary of State April 10, 1959.]

The people of the State of California do enact as follows:

SECTION 1. Section 8695 of the Fish and Game Code is amended to read:

8695. In District 20, gill nets may be used subject to the following restrictions:

(a) They may be used only in state waters in District 20 on the northerly side of Santa Catalina Island between Long Point and the extreme westerly end of the island.

(b) They may be used only to take flying fish for bait. Such fish may not be transported out of the State.

(c) They shall not exceed 50 fathoms in length and two fathoms four feet in depth. The length of the meshes shall be between $1\frac{7}{8}$ and $2\frac{1}{8}$ inches.

CHAPTER 115

An act to amend Section 801.5 of the Agricultural Code, relating to sale of grapes.

[Approved by Governor April 10, 1959. Filed with Secretary of State April 10, 1959.]

In effect September 18, 1959

The people of the State of California do enact as follows:

SECTION 1. Section 801.5 of the Agricultural Code is amended to read:

801.5. Nothing in this chapter shall be construed to prohibit any person, under permit from an enforcing officer of this chapter, from transporting out of the State to another state or country grapes which comply with the quality requirements of this chapter in unlidded containers, whether standard or not or in bulk loads; provided, that such grapes are to be used for commercial processing, preserving or manufacture of byproducts for resale, on the premises of the purchaser and such permit is issued for and is attached to each load or lot transported.

The permit may be issued by the commissioner of the county from which such grapes are to be transported if he determines that the grapes comply with the requirements of this chapter except as to containers and are to be delivered pursuant to a written contract of sale bearing the signature of the purchaser in another state or country stipulating that the grapes will be used for commercial processing, preserving or manufacture of byproducts for resale, on the premises of the purchaser and a copy of said contract is furnished to said commissioner and said commissioner is satisfied that such grapes will be used only for such byproduct purposes. All containers of such grapes shall bear upon them in plain sight in letters not less than one-half inch in height "For Manufacturing Purposes Only."

CHAPTER 116

An act to amend Sections 24507, 24908, 26241, 26653, and 27281 of, and to add Sections 25057, 25841.5, 25845, 25846, 25847, 25848, 25849, 25904, 26210.5, 26403, 26404, 26405, 26406, 26657, and 26658 to, and to add Article 7 (commencing at Section 26351) to Chapter 7 of Part 1 of Division 10 of, and Article 3 (commencing at Section 27291) to Chapter 10 of Part 1 of Division 10, and Chapter 10.5 (commencing at Section 27401) to Part 1 of Division 10 of, the Public Utilities Code, and to amend Sections 13006, 13507, 14280, 14752, and 15030, and to add Sections 13656, 14065.5, 14069, 14070, 14071, 14072, 14073, 14128, 14259.5, 14502, 14503, 14504, 14505, 14756, and 14757 to, and to add Article 7 (commencing at Section 14390) to Chapter 7 of Part 1

of Division 5, and Article 3 (commencing at Section 15035) to Chapter 10 of Part 1 of Division 5, and Chapter 10.5 (commencing at Section 15050) to Part 1 of Division 5 of the Public Districts Code as proposed by Assembly Bill No. 908, relating to the transit districts in the Counties of Alameda and Contra Costa, and declaring the urgency thereof, to take effect immediately.

In effect immediately

[Approved by Governor April 10, 1959. Filed with Secretary of State April 10, 1959.]

The people of the State of California do enact as follows:

SECTION 1. Section 24507 of the Public Utilities Code is amended to read:

"Percent of total vote cast"

24507. "Percent of the total vote cast," when used with reference to the requirements of any petition or nomination paper, means percent of the total vote cast, exclusive of absent voter ballots, within the proposed district, district, city or territory, as the case may be at the last general state election.

SEC. 2. Section 24908 of said code is amended to read:

Rules, per diem

24908. The board shall establish rules for its proceedings and may provide by ordinance or resolution that each member shall receive for each attendance at the meetings of the board and for each day any member is engaged in authorized district business other than attendance at meetings of the board the sum of twenty dollars ($20) but not to exceed one hundred dollars ($100) in any calendar month and shall be allowed such necessary traveling and personal expenses incurred in the performance of his duties as authorized by the board.

SEC. 3. Section 25057 is added to said code, to read:

Payments for insurance, health plans, etc.

25057. Notwithstanding any provisions of the Government Code, the board may authorize payment of any or all of the premiums on any group life, accident and health insurance, health and welfare plan, or pension or retirement plan, on officers or employees of a district. Upon authorization by its employees, a district may make deductions from the wages and salaries of its employees:

(1) Pursuant to a collective bargaining agreement with a duly designated or certified labor organization for the payment of union dues, fees, or assessments.

(2) For the payment of contributions pursuant to any health and welfare, pension, or retirement plan.

(3) For any purpose for which deductions may be authorized by employees of any private employer.

SEC. 4. Section 25841.5 is added to said code, to read:

Current expenses

25841.5. A district may borrow money for the purpose of defraying the expenses of a district lawfully incurred after the commencement of the fiscal year, but prior to the time moneys from the tax levy for the fiscal year are received by a district, in a sum which shall not exceed five cents ($0.05) on each one hundred dollars ($100) of assessed valuation of taxable property in a district at the time the moneys are borrowed, and

may evidence such borrowing by notes bearing interest at a rate not to exceed six (6) percent per annum. The notes shall be payable from the tax levy from the then current fiscal year, which levy shall contain a sum sufficient to provide for the payment of the notes and the interest thereon. The form of said notes and the proceedings relating to their issuance and sale, will be governed by the applicable provisions contained in Article 7 (commencing at Section 53820) of Chapter 4 of Part 1 of Division 2 of Title 5 of the Government Code. The maturity of said notes shall not exceed two (2) years.

SEC. 5. Section 25845 is added to said code, to read:

Acquisition of equipment

25845. The district may purchase equipment such as cars, trolley buses and motorbuses, and rolling equipment, and may execute agreements, leases and equipment trust certificates in the forms customarily used by private corporations engaged in the transit business appropriate to effect the purchase and leasing of rolling equipment and may dispose of the equipment trust certificates upon the terms and conditions as the board may deem appropriate. All money required to be paid by the district pursuant to the agreements, leases and equipment trust certificates provided for in this section shall be payable solely from the revenue or income to be derived from the transit facilities and from grants and loans as provided in Section 25844. Payment for equipment, or the rental of equipment, may be made in installments, and the deferred installments may be evidenced by equipment trust certificates payable solely from revenue or income as provided in this section, and title to the equipment shall not vest in the district until the equipment trust certificates are paid.

SEC. 6. Section 25846 is added to said code, to read:

Agreements to purchase or lease

25846. The agreement to purchase or lease may direct the vendor or lessor to sell and assign or lease the rolling equipment to a bank or trust company, duly authorized to transact business in the State of California, as trustee, for the benefit and security of the equipment trust certificates and may direct the trustee to deliver the rolling equipment to one or more designated officers of the district and may authorize the district to simultaneously execute and deliver an installment purchase agreement or a lease of the equipment to the district.

SEC. 7. Section 25847 is added to said code, to read:

Acknowledgment

25847. The agreements and leases shall be duly acknowledged before a person authorized by law to take acknowledgments of deeds and in the form required for acknowledgement of deeds. The agreements, leases, and equipment trust certificates shall be authorized by resolution of the district and shall contain such covenants, conditions and provisions as may be deemed necessary or appropriate to insure the payment of the equipment trust certificates from the revenue or income to be derived from the transit system.

SEC. 8. Section 25848 is added to said code, to read:

Provisions

25848. The covenants, conditions and provisions of the agreements, leases, and equipment trust certificates shall not

conflict with any of the provisions of any trust agreement securing the payment of bonds, notes or certificates of the district.

SEC. 9. Section 25849 is added to said code, to read:

Filing of copy

25849. An executed copy of each agreement or lease shall be filed in the Office of the Secretary of State, who will be entitled to receive one dollar ($1) for each copy filed with him and which filing shall constitute notice to any subsequent judgment creditor or any subsequent purchaser. Each vehicle so purchased or leased shall have the name of the owner or lessor plainly marked on both sides thereof, followed by the appropriate words, "owner and lessor" or "owner and vendor," as the case may be.

SEC. 10. Section 25904 is added to said code, to read:

Limitation of tax

25904. Whenever one or more special transit service districts are created and established pursuant to Chapter 10.5 (commencing at Section 27401), taxes in excess of one cent ($0.01) per one hundred dollars ($100) of assessed valuation shall not thereafter be levied against any property not within the boundaries of a special transit service district, excepting, however, taxes sufficient to pay the principal or interest or both on any bonded indebtedness theretofore or thereafter incurred by a district as a whole. The creation of a special transit service district does not invalidate, in any manner, any taxes or assessments previously levied or assessed against any property of the district, either within or without the boundaries of a special transit service district.

SEC. 11. Section 26210.5 is added to said code, to read:

Election

26210.5. The board shall comply with the provisions of Article 3 (commencing at Section 1670) of Chapter 2 of Division 4 of the Elections Code, the provisions of which are applicable to any bond election held pursuant to this article. Wherever the words "county clerk" appear in the Elections Code the words "secretary of the board" shall be substituted, for the purposes of this article, and wherever the words "board of supervisors" appear in the Elections Code, the words "board of directors" shall be substituted, and wherever the words "district attorney or county counsel" appear in the Elections Code, the words "attorney for the district" shall be substituted.

SEC. 12. Section 26241 of said code is amended to read:

Bond maturity, issuance, etc

26241. Bonds authorized by this chapter shall mature serially in amounts to be fixed by the board; except that payment shall begin not later than 10 years from the date thereof and shall be completed in not more than 50 years from that date.

The board may divide any issue of bonds authorized pursuant to this chapter into two or more series, and may fix different dates of issuance and different maturity dates for the bonds of each series. The bonds of each series shall mature serially in amounts to be fixed by the board, and the board shall fix a date not more than 10 years from the date of issuance of each series for the earliest maturity of such series,

and shall fix a date not more than 50 years from the date of issuance of each series for the final maturity of such series.

Pending the actual issuance or delivery of bonds, a district may issue temporary or interim bonds, certificates, or receipts, of any denomination whatsoever, with or without coupon, and in such form as may be prescribed by the board, to be exchanged for definitive bonds when ready for delivery.

SEC. 13. Article 7 (commencing at Section 26351) is added to Chapter 7 of Part 1 of Division 10 of said code, to read:

Article 7. Revenue Bonds

26351. As an alternative procedure for the raising of funds, a district created pursuant to this part is authorized to issue bonds, payable from revenues of any facility or enterprise to be acquired or constructed by a district, in the manner provided by the Revenue Bond Law of 1941 (Chapter 6 (commencing at Section 54300) of Part 1 of Division 2 of Title 5 of the Government Code), all of the provisions of which are applicable to a district created pursuant to this part. Revenue bonds Issuance

26352. A district created pursuant to this part is a local agency within the meaning of the Revenue Bond Law of 1941 (Chapter 6 (commencing at Section 54300) of Part 1 of Division 2 of Title 5 of the Government Code). The term "enterprise" as used in the Revenue Bond Law of 1941 shall, for all purposes of this part, include transit facilities and any and all parts thereof and all additions, extensions and improvements thereto and all other facilities authorized to be acquired, constructed or completed by a district under this part A district may issue revenue bonds under the Revenue Bond Law of 1941, for any one or more facilities or enterprises authorized to be acquired, constructed, or completed by a district or, in the alternative, may issue revenue bonds under the Revenue Bond Law of 1941, for the acquisition, construction and completion of any one of such facilities. Nothing in this article shall prevent a district from availing itself of, or making use of, any procedure provided in this part for the issuance of bonds of any type or character for any of the facilities or works authorized hereunder, and all proceedings may be carried on simultaneously or, in the alternative, as the directors may determine. Revenue Bond Law of 1941

SEC. 14. Section 26403 is added to said code, to read:

26403. The annexation agreement may also provide that the city's annexation to the district shall constitute annexation to any existing special transit service district. Approval of the annexation by the voters, pursuant to this chapter, if the annexation agreement includes provision for inclusion in a special transit service district, shall constitute full compliance with the provisions of Article 6 (commencing at Section 27461) of Chapter 10.5. Annexation Contents of agreement

SEC. 15. Section 26404 is added to said code, to read:

26404. As an alternative to commencement of annexation proceedings by action of the legislative body of a city, a peti- Petition

tion signed by voters within the city proposed to be annexed, equal in number to at least ten (10) percent of the total vote cast, and asking that proceedings be taken for its annexation, may be addressed to the board and filed with the secretary of the district.

SEC. 16. Section 26405 is added to said code, to read:

Certification

26405. The petition may include one or more separate documents, but each document shall contain the affidavit of the party who circulated it, certifying that each name signed thereto is the true signature of the person whose name it purports to be. The secretary of the district shall compare the signatures on the petition with the affidavits of registration on file with the county clerk and if he finds that the petition has been signed by the required number of voters he shall attach his signature thereto and present the petition to the board.

SEC. 17. Section 26406 is added to said code, to read:

Terms and conditions

26406. If the board determines that the annexation of the city, whose voters have petitioned pursuant to Section 26404, would facilitate the acquisition or operation of any transit facilities for the district or be of advantage to the district, then the board shall also determine the terms and conditions upon which the annexation should be made. The terms and conditions of annexation shall be embodied in an annexation agreement. The annexation agreement may provide (among other things) for any or all of the items set forth in Sections 26402 and 26403.

SEC. 18. Section 26653 of said code is amended to read:

Petition

26653. A petition signed by voters within the territory proposed to be annexed equal in number to at least 10 percent of the total vote cast, describing the territory and asking that proceedings be taken for its annexation, shall be addressed to the board and filed with the secretary of the district.

SEC. 19. Section 26657 is added to said code, to read:

Contents of annexation agreement

26657. The annexation agreement may also provide that the unincorporated territory's annexation to the district shall constitute annexation to any existing special transit service district. Approval of the annexation by the voters, pursuant to this chapter, if the agreement includes provision for inclusion in a special transit service district, shall constitute full compliance with the provisions of Article 6 (commencing at Section 27461) of Chapter 10.5.

SEC. 20. Section 26658 is added to said code, to read:

Commencement of proceedings by agreement

26658. As an alternative to commencement of annexation proceedings by a petition by the voters within any unincorporated territory, proposed to be annexed, the legislative body of an unincorporated territory may agree in writing upon the terms and conditions of annexation, which agreement may contain (among other things) provisions as set forth in Sections 26656 and 26657.

SEC. 21. Section 27281 of said code is amended to read:

27281. If the city to which any territory included in any district has been annexed already provides transit service in the territory annexed, or if any territory in any district is annexed to a city, not a part of any district as originally established pursuant to this part, and not annexed thereto pursuant to this part, the city council or other governing body of the city may petition the district for the exclusion of such territory from the district. Petition

SEC. 22. Article 3 (commencing at Section 27291) is added to Chapter 10 of Part 1 of Division 10 of said code, to read:

Article 3. Exclusion of Territory Within or Without City

27291. The provisions of this article are alternative to any other provisions for the exclusion of territory from the district. Alternative provisions

27292. Any time after the defeat of a bond issue by the voters of the district any city or unincorporated territory, a majority of whose voters voting on a district bond issue proposition voted against said proposition, may be excluded by order of the board upon receipt by the board of a verified petition of ten percent (10%) of the total vote cast in the territory proposed to be excluded, or of a resolution adopted by the city council or board of supervisors having jurisdiction of the territory. However, no city shall be divided and not less than one-half of the territory under the jurisdiction of the board of supervisors and then remaining within the district shall be included in any petition or resolution or combination thereof filed simultaneously, nor shall any territory be excluded by any petition or resolution or combination thereof which creates areas of noncontiguous territory or will be entirely surrounded by the remainder of the district. Exclusion of territory Petition

27293. The petition or resolution shall state the reasons for the proposed exclusion and that the area will not be benefited by inclusion in the district, shall define the boundaries of the area proposed to be excluded, and request that the area be excluded. Contents of petition

27294. (a) If the exclusion is initiated by a city council or a board of supervisors, such legislative body shall hold a public hearing on the proposal to adopt the resolution. A notice of the hearing shall be published once in a newspaper of general circulation published in the area proposed to be excluded, or in a newspaper published within the city and county the legislative body of which has initiated the proceedings, in the event that a newspaper is not published in the area. Hearing by initiating body

(b) The notice of the hearing shall be entitled "Proposal to Exclude the _____ Territory from the _____ Transit District." The territory shall be designated by an appropriate name descriptive of the area proposed to be excluded. The notice shall also contain a description of the area, state the time and place for a hearing by the legislative body, and shall Notice

state that all persons interested in the exclusion may attend and be heard. The hearing shall be held not less than 10 days after publication of the required notice.

Adoption of resolution

(c) The legislative body shall conduct the hearing and at its conclusion, or at the conclusion of a further hearing to which adjournment has been made, may adopt the resolution and transmit it to the board.

Hearing Notice

27295. Within 60 days after the receipt of a petition for exclusion, the board shall hear the petition or resolution at a regular or adjourned meeting of the board. Notice of the filing of the petition or resolution shall be given by publication of the petition or resolution in a newspaper of general circulation, published in the district and selected by the board. The notice shall also state the date of the filing of the petition or resolution and that it will be considered by the board, and shall state the time and place of the hearing. The time fixed for the hearing shall not be less than 20 days from the date of the first publication of the notice. The property to be excluded may or may not be specifically described in the notice, but if not described, the notice shall refer to the petition or resolution on file for purposes of a particular description of the property sought to be excluded and shall make reference to the property by a descriptive name.

Appearances

27296. Any landowner or taxpayer within the district may appear at the hearing, either in behalf of or in opposition to the granting of the petition or resolution.

Time and place

27297. The petition or resolution shall be heard by the board at the time and place specified in the notice of the hearing.

Exclusion order

27298. If, upon the hearing the board determines that it is in the best interests of the district that the lands mentioned in the petition or resolution, or some portion of them, be excluded from the district, or if it appears that the lands, or some portion of them, will not be benefited by their continued inclusion in the district, the board shall make an order that the lands, or some portion of them, as the board may determine, be excluded from the district, describing specifically the lands excluded.

Election

27299. In the event that the board shall not make the order excluding all of the area proposed to be excluded within 10 days after the hearing on the petition or resolution for exclusion, the board shall within 120 days thereof order and conduct an election within the area proposed to be excluded upon the question of whether the area shall be excluded from the district, however, if a general election is to be held within the territory proposed to be excluded within six months after the petition or resolution is filed with the secretary of the district the board may consolidate the election requested by this article with the general election. All resident electors of the area shall be eligible to vote at the election. The cost of the election shall be borne by the district.

27300. In the event that a majority of the votes cast at the election are in favor of the exclusion, the board, upon completion of the canvass, shall make an order excluding the area from the district. In the event that a majority of the votes cast at the election are opposed to the exclusion, the measure fails and no proceedings for exclusion of the area may be subsequently intitiated within one year. Majority vote

27301. A copy of the order of exclusion, certified by the secretary of the district, shall be recorded in the office of the county recorder of the county in which the lands are situated. The record of the certified copy shall be prima facie evidence of the exclusion from the district of the lands which are purported to be excluded thereby. Recordation

27302. Subsequent to the making and recording of the order of exclusion, the lands excluded shall no longer be a part of the district. Effect of order

The order of exclusion does not invalidate, in any manner, taxes or assessments previously levied or assessed against the lands excluded, nor relieve the property excluded from any outstanding bonds which are a lien upon the excluded property at the time of exclusion or from any taxes imposed to pay the principal or interest on the bonds.

SEC. 23. Chapter 10.5 (commencing at Section 27401) is added to Part 1 of Division 10 of said code, to read:

CHAPTER 10.5. SPECIAL TRANSIT SERVICE DISTRICTS

Article 1. Proposal of Formation

27401. One or more special transit service districts may be created within the boundaries of a district pursuant to this chapter. Special districts Creation

27402. Resolutions shall first be passed by the legislative bodies of half or more, but of not less than two, of the public agencies, within all or any part of the area which would be included in the proposed special transit service district, declaring that the public interest or necessity demands the creation of a special transit service district and describing its boundaries. The boundaries of the proposed special transit service district may include territory outside any such public agency if the territory is within the area of the transit district. When the entire area of a public agency is to be included in the special transit service district it may be described in the resolutions by name. Certified copies of the resolutions shall be filed with the secretary of the district. Resolutions, boundaries, etc.

27403. As an alternative to the instigation of the formation of a special transit service district by resolutions, a petition may be filed with the secretary of a district signed by voters within the proposed special transit service district equal in number to at least 10 percent of the total vote cast. The boundaries of the proposed special transit service district shall be described in the petition and shall include at least Petition

two public agencies or portions thereof. A statement of the name of any public agency constitutes a sufficient and legal description of the territory if the entire area of the agency is included.

Contents of petition
