RESOLUTIONS

The following resolutions were offered

By Assemblyman Porter:

House Resolution No. 510

Regarding a study of the enforcement of federal plant quarantines by the California Department of Agriculture

WHEREAS, The California Department of Agriculture has always enforced federal foreign plant quarantines, with such minor exceptions as indirect federal assistance at Hawaii, and past negotiations between the California and Federal Departments of Agriculture regarding sharing the cost of this work have been unsuccessful, even though the federal government assumes the full cost and enforces its foreign plant quarantines in all other states, now, therefore, be it

Resolved by the Assembly of the State of California, That the Assembly Rules Committee is directed to assign to the appropriate interim committee for study the subject matter of enforcement of federal foreign plant quarantines, with particular attention to the possibility of federal-state cost sharing or to the assumption by the federal government of the responsibility for enforcing federal foreign plant quarantines in the State of California, which interim committee shall report thereon to the Legislature not later than the fifth calendar day of the 1964 Budget Session of the Legislature

Resolution read, and referred by the Speaker pro Tempore to the Committee on Rules

By Assemblyman Rumford:

House Resolution No. 511

Relative to an interim study of the central cities in metropolitan areas

WHEREAS, The central cities of the State of California, like every central city in metropolitan areas of the United States, are today undergoing a social and economic upheaval of distressing proportions; and

WHEREAS, This social and economic upheaval is in great measure related to the radical changes taking place in the size, character, and distribution of the population in metropolitan areas, and

WHEREAS, These changes have resulted in a gross imbalance in the distribution of the population in metropolitan areas, as measured by:

(1) ethnic group identification,
(2) income level of the general population,
(3) age, and
(4) other such factors; and

WHEREAS, This gross imbalance is reflected in vastly disproportionate numbers of central city residents who require the special attention of the local community and, therefore, a special tax investment by it, such as:

(1) children of school age,
(2) the dependent aged,
(3) single unattached male adults,
(4) the economically dependent,
(5) families with single parents,
(6) youthful and adult offenders,
(7) residents requiring rehabilitation services of all kinds, and
(8) members of ethnic minority groups, who have been subject to special limitations to their achievement of adequate levels of education, employment, and housing, and

WHEREAS, Such groups require services over and above the already heavy burden carried by the central city, such as

(1) special and additional educational services,
(2) redevelopment of whole areas of the central city, demolition of unsafe buildings, and widespread conservation activities all designed to stop the spread of blight,
(3) burgeoning police activities related to juvenile gang problems, racial tension and unrest, and to the problems generated by excessive use of alcohol,
(4) planning for solution of the growing problems of unemployment arising from changing job patterns, automation, and the high percentage of school dropouts, and
(5) building and housing code enforcement and related relocatee problems; and

WHEREAS, While the conflict generated by protest movements directed at many of the conditions detailed above usually erupts in the central city, it ultimately involves the entire metropolitan area and the State as a whole, and

WHEREAS, The failure to resolve these conditions has in other sections of the country led to social and economic chaos, and

WHEREAS, Concurrent with these conditions and, in some measure as a result of them, central cities continue to experience a declining tax base upon which to finance the expanded services required by these conditions; and

WHEREAS, The failure to resolve such conditions in the State of California and in all of its political subdivisions will result in serious social and economic loss, now, therefore, be it

Resolved by the Assembly of the State of California, That the Committee on Rules is directed to assign to the appropriate interim committee the subject matter of this resolution for study of the problems referred to herein and the laws relating thereto, and that such committee report thereon to the Assembly by not later than the fifth legislative day of the 1965 Regular Session, including in the report its recommendation for appropriate legislation.

PRAYER

The following prayer was offered by the Chaplain, Rev. Robert R Ferguson·

Eternal God, Father of Us All, Give us the ability to see things which are distant We know that what happens in the most distant place is of vital concern, for with our shrinking world we can now catch each other's colds

Give us the ability to see that which is near We confess so often it is easier to face distant problems than the ones close to us, which we put in the closet, shut the door on, but cannot forget

Give us the ability to see the invisible. We are conditioned to believe in what we can see, weigh, measure, prove May we, through the leap of faith, find the only certitude worth all of our confidence—confidence in Thee, the invisible God, our greatest source of strength.—AMEN.

Hon Jesse M. Unruh
Speaker of the Assembly

DEAR MR. SPEAKER In Amendment No 7 to Senate Bill No 847, the directions call for the deletion of "the second 'Labor'" in line 17 on page 5 Since there is only one "Labor" in that line, we have stricken that word so that the amendment will fit the bill.

LETTER OF TRANSMITTAL

CALIFORNIA LEGISLATURE
ASSEMBLY COMMITTEE ON WAYS AND MEANS
June 15, 1963

Hon Jesse M. Unruh, Speaker

DEAR MR SPEAKER: The Assembly Committee on Ways and Means, having considered Senate Bill No 42 and having reported it "do pass as amended" on June 14, 1963, herewith submits this report concerning Senate Bill No 42

The report contains comments to reflect the actions taken on this bill by the Committee on Ways and Means These comments should prove helpful in determining legislative intent.

I respectfully request that this report be printed in the Assembly Journal and that 100 additional copies of the Journal be printed to satisfy requests

Respectfully submitted,

ROBERT W. CROWN, Chairman

REPORT OF ASSEMBLY COMMITTEE ON WAYS AND MEANS ON SENATE BILL NO. 42

In order to indicate more fully its intent with respect to Senate Bill No. 42, the Assembly Committee on Ways and Means makes the following report:

Except for the new or revised comments set out below, the comments contained under the various sections of Senate Bill No. 42 as set out in the *Recommendation of the California Law Revision Commission Relating to Sovereign Immunity, Number 1—Tort Liability of Public Entities and Public Employees* (January 1963), as revised and supplemented by the *Report of the Senate Committee on Judiciary on Senate Bill No 42* as printed in the Senate Journal for April 24, 1963, reflect the intent of the Assembly Committee on Ways and Means in approving the various provisions of Senate Bill No 42.

The following new and revised comments to various sections of Senate Bill No. 42 also reflect the intent of the Assembly Committee on Ways and Means in approving Senate Bill No. 42.

Section 831.4

Comment: See Comment to Section 831.2. This section will provide, for example, an absolute immunity from liability for injuries resulting from the condition of such roads as fire protection roads in timbered areas and irrigation district maintenance roads.

Section 831.8

Comment: This section provides a public entity with immunity from liability for the conditions of its reservoirs if the person injured was not using the property for a purpose for which the entity permitted or intended the property to be used.

The section also provides immunity to the State and to irrigation districts for conditions of certain facilities (canals, conduits, drains) used for the distribution of water if the person injured was not using the property for its intended purpose. Thus, even though no objection is made to the use of an irrigation canal for swimming, no liability will exist if a person is injured by a condition of the canal while he is swimming in it.

The immunities created by this section are not applicable in two situations that are defined in subdivisions (c) and (d). Of course, liability will not necessarily exist merely because a person can fit his case into these exceptions. The plaintiff must also meet the evidentiary burdens placed on him in other portions of this chapter, and the defendant may escape liability by showing the defensive matters it is entitled to show under other provisions of this chapter or under subdivision (b) of Section 815.

Under subdivision (d), if the person injured was under 12 years of age, the section's immunities are inapplicable if the use of the property by children was reasonably foreseeable, the condition was highly dangerous and not likely to be discovered or appreciated by children, and the condition was actually known to the entity sufficiently prior to the accident for the entity to have taken appropriate precautions. Private landowners are subject to liability under the same circumstances without regard to the age of the injured child under the so-called "attractive nuisance" doctrine.

Under subdivision (c), there is no immunity if the injured person was not violating the Penal Code provisions prohibiting trespassing on appropriately posted property, the condition was highly dangerous and so concealed that a mature, reasonable person using due care would not have discovered or anticipated it, and the condition was actually known to the entity sufficiently prior to the accident for the entity to have provided a warning sign or to have taken other appropriate precautions. This subdivision should be contrasted with the definition of "dangerous condition" in Section 830(a). Under Section 830(a) whether a condition is dangerous depends on the standard of care to be expected of foreseeable users of the property. Under this subdivision, liability

can exist only if a mature, reasonable person exercising due care would not have discovered or anticipated the condition The liability that is permitted under this subdivision is similar to, but is somewhat more restrictive than, the liability to which private occupiers of land are subject when trespassers are injured by concealed, hazardous conditions of private property.

Section 844.6

Comment: The immunity provided to public entities by this section prevails over all other provisions of the statute Thus, the public entity is immune from liability for injuries to prisoners (which includes wards of the juvenile court) except that the public entity must pay judgments based on malpractice against public employees licensed in one of the healing arts. In addition, the section provides public entities with immunity from liability for injuries proximately caused by prisoners.

This section will not prevent a person, other than a prisoner, from recovering for an injury caused by the dangerous condition of public property, nor does the section prevent recovery for an injury resulting from the operation of a motor vehicle by a public employee

The section does not affect the liability of public employees, and an employee may be held liable for an injury to a prisoner or an injury caused by a prisoner even though the public entity is not liable Other provisions of the statute, however, provide public employees with substantial immunity from liability for injuries to prisoners and injuries caused by prisoners

Section 854.8

Comment: The immunity provided to public entities by this section prevails over all other provisions of the statute Thus, the public entity is immune from liability for injuries to persons committed or admitted to mental institutions except that the public entity must pay judgments based on malpractice against public employees licensed in one of the healing arts In addition, the section provides public entities with immunity from liability for injuries proximately caused by persons committed or admitted to mental institutions

The section will not prevent a person—other than one committed or admitted to a mental institution—from recovering for an injury caused by the dangerous condition of public property Nor does the section prevent recovery for an injury resulting from the operation of a motor vehicle by a public employee.

The section does not affect the liability of public employees, and an employee may be held liable for an injury to a person committed or admitted to a mental institution or an injury caused by such a person even though the public entity is not liable Other provisions of the statute, however, provide public employees with substantial immunity from liability for injuries to persons committed or admitted to mental institutions and for injuries caused by such persons

House Resolution No. 98, as Amended

By Assemblyman Waldie

House Resolution No 98

Relative to unemployment insurance

WHEREAS, In 1935 the Legislature in first enacting the Unemployment Insurance Act declared "that in its considered judgment the public good and general welfare

of the citizens of the State require the enactment of this measure under the police power of the State, for the compulsory setting aside of funds to be used for a system of unemployment insurance providing benefits for persons unemployed through no fault of their own, and to reduce involuntary unemployment and the suffering caused thereby to a minimum"; and

WHEREAS, The experience of more than a quarter of a century has shown that unemployment arises from quite different economic causes, for example the depressed state of the national economy, the seasonal nature of specific industries, the impact of automation, as well as for other reasons, and

WHEREAS, The present test of eligibility for unemployment compensation benefits may be unrealistic and inadequate and impractical and persons who are not attached to the labor market may be receiving such benefits, and

WHEREAS, There is a need for a comprehensive study of the personal characteristics, family situation, employment background and other pertinent information of individuals who are currently eligible for unemployment compensation benefits, but who would be ineligible under alternative tests of eligibility; and

WHEREAS, Virtually all the revenue for payment of unemployment insurance benefits and for the administration of the unemployment insurance system is derived from a payroll tax upon employers, and

WHEREAS, Unemployment payroll taxes both state and federal now exceed more than 3 percent for many employers in California, and

WHEREAS, These payroll taxes by reason of the existing limitation upon taxable wages have an inequitable impact upon California employers, and

WHEREAS, In some instances these payroll taxes for unemployment insurance adversely affect the competitive position of California employers with respect to employers in other states; now, therefore, be it

Resolved by the Assembly of the State of California, That the Assembly Rules Committee is hereby directed to assign to the appropriate interim committee for study the financing of unemployment insurance benefits, including an examination of the existing merit rating system, limit upon taxable and base period wages, the extension of the principle of contracyclical financing, and the desirability of financing some unemployment insurance benefits by means other than a payroll tax upon employers, and be it further

Resolved, That the Department of Employment is hereby requested to publish no later than October 1, 1964

(a) A study containing information of the personal characteristics, family situation, employment background and other pertinent information concerning individuals eligible for unemployment compensation under the present provisions of the code as amended but who would be ineligible if the code were amended to require as minimum eligibility requirements for such individuals

1 Receipt of wages of at least twenty dollars ($20) in each of 20 weeks of their base period

4 Receipt of wages of at least six hundred dollars ($600) in their base period and at least two hundred dollars ($200) in each of two calendar quarters of their base period

(B) (i) In the case of a sale, exchange, or involuntary conversion, the amount realized, or

(ii) In the case of any other disposition, the fair market value of such property, exceeds the adjusted basis of such property shall be treated as gain from the sale or exchange of property which is neither a capital asset nor property described in Sections 18181 and 18182 Such gain shall be recognized notwithstanding any other provision of this part.

(2) For purposes of this section, the term 'recomputed basis' means, with respect to any property, its adjusted basis recomputed by adding thereto all adjustments,

attributable to periods after December 31, 1961, reflected in such adjusted basis on account of deductions (whether in respect of the same or other property) allowed or allowable to the taxpayer or to any other person for depreciation, or for amortization under Section 17212. For purposes of the preceding sentence, if the taxpayer can establish by adequate records or other sufficient evidence that the amount allowed for depreciation, or for amortization under Section 17212, for any period was less than the amount allowable, the amount added for such period shall be the amount allowed.

(3) For purposes of this section, the term 'Section 18211 property' means any property (other than livestock) which is or has been property of a character subject to the allowance for depreciation provided in Sections 17208 to 17211.5, inclusive, and is either—

(b) (1) Subsection (a) shall not apply to a disposition by gift.

(2) Except as provided in Sections 17881 to 17887, inclusive, (relating to income in respect of a decedent), subsection (a) shall not apply to a transfer at death.

(3) If the basis of property in the hands of a transferee is determined by reference to its basis in the hands of the transferor by reason of the application of Section 17431, 17481, 17881, 17891, or Section 24502, 24521, or 24551 of the Bank and Corporation Tax Law, then the amount of gain taken into account by the transferor under subsection (a) (1) shall not exceed the amount of gain recognized to the transferor on the transfer of such property (determined without regard to this section). This paragraph shall not apply to a disposition to an organization which is exempt from the tax imposed by this chapter.

(4) If property is disposed of and gain (determined without regard to this section) is not recognized in whole or in part under Section 18081 or Sections 18082 to 18090.2, inclusive, then the amount of gain taken into account by the transferor under subsection (a) (1) shall not exceed the sum of—

(A) The amount of gain recognized on such disposition (determined without regard to this section), plus

(B) The fair market value of property acquired which is not Section 18211 property and which is not taken into account under subparagraph (A).

(5) Under regulations prescribed by the Franchise Tax Board, rules consistent with paragraphs (3) and (4) of this subsection shall apply in the case of transactions described in Section 18121 (relating to gain from sale or exchange to effectuate policies of FCC) or Sections 18131 to 18134, inclusive, (relating to exchanges in obedience to SEC orders).

(6) (A) For purposes of this section, the basis of Section 18211 property distributed by a partnership to a partner shall be deemed to be determined by reference to the adjusted basis of such property to the partnership.

(B) In the case of any property described in subparagraph (A), for purposes of computing the recomputed basis of such property the amount of the adjustments added back for periods before the distribution by the partnership shall be—

(i) The amount of the gain to which subsection (a) would have applied if such property had been sold by the partnership immediately before the distribution at its fair market value at such time, reduced by

(ii) The amount of such gain to which Section 17912 applied.

(c) The Franchise Tax Board shall prescribe such regulations as it may deem necessary to provide for adjustments to the basis of property to reflect gain recognized under subsection (a).

Should the amount of federal funds as defined in Section 17605 actually received by a school district for any fiscal year be more or less than that reported for such district by the United States Commissioner of Education to the Superintendent of Public Instruction, the Superintendent of Public Instruction shall during the fiscal year next succeeding that in which the district has received all of the federal funds actually paid the district for the first mentioned fiscal year withhold from or add to the apportionment made to the district from the State School Fund the amount of the excess or deficiency, as the case may be, in the apportionment of State Equalization Aid from the State School Fund for the preceding year, if the amount of the excess or deficiency in such apportionment was one hundred dollars ($100) or more."

SEC 4 This act is an urgency measure necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect The facts constituting such necessity are

Many unification proceedings underway in the State, involving the necessary division of the territory of union high school districts, cannot be satisfactorily consummated because the real property of the union high school districts is not situated so as to best serve the needs of the proposed unified school districts, and because the present law contains insufficient flexibility in affording alternative procedures in regard to property division In order that pending unification proceedings which are so essential to meet the educational needs of this rapidly growing state can proceed with the least possible delay, it is necessary that this act take effect immediately "

"SEC 3 This act shall become operative on July 1, 1963"

SEC 4 This act is an urgency measure necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

One of the requirements for a district to receive funds under this measure is that the governing board of the district must commit itself to the expenditure of funds for the project through the granting of a contract or the authorization of an agreement which requires the payment of funds This action must take place after the bill becomes law in order to be effective

Some district governing boards may wish to take this action after the beginning of the next fiscal year, July 1, 1963, but before this bill would become law in the ordinary course of procedure, September 20, 1963 It is therefore necessary that the bill become effective on July 1, 1963 in order to allow all projects begun during the next fiscal year to qualify under the bill"

House Resolution No. 540

Relating to compensating the Philippine Scouts for their services rendered in World War II

WHEREAS, The Philippine Scouts units serving with the United States Army rendered heroic and invaluable services in behalf of the United States of America and the Free World during World War II, and suffered particular hardship and cruelties in the early days of that conflict when their homeland was overrun by the hostile forces of the common enemy, and

WHEREAS, The Philippine Scouts served side by side with American troops and conducted themselves with great valor and distinction in the campaigns in the Philippine Islands, and particularly in the battles on the Bataan Peninsula and at the Island of Corregidor, and

WHEREAS, During these campaigns and prior thereto the Philippine Scouts were compensated pursuant to pay scales fixed by the Government of the United States with levels of remuneration substantially lower than those prescribed for other soldiers serving with the United States Army, with the result that the compensation received by these brave men was not commensurate with the extraordinary service they rendered, and

WHEREAS, Action taken by the Congress of the United States, through enactment of Public Law 607 of the 77th Congress on June 16, 1942, to raise pay scales applicable to the Philippine Scouts to levels of equality with those of other soldiers serving with the United States Army were never fully effectuated in respect to services rendered by those men in the early campaigns in the Philippine Islands, and

WHEREAS, Many important and prominent personages, including the former commander in the Philippine area, General Douglas MacArthur, have commented upon and urged that appropriate actions be undertaken to effect the long overdue adjustments in compensations earned by the men who served in the Philippine Scouts during those critical days, and

WHEREAS, There is presently a bill in Congress, H R No 268, to provide benefits for members and survivors of members of the Philippine Scouts on the same basis as such benefits are provided for other members of the armed forces of the United States and their survivors, now, therefore, be it

Resolved by the Assembly of the State of California, That the Congress of the United States is respectfully requested to enact into law H R 268 to compensate those Philippine Scouts who served in World War II for the lesser wage and salary amounts paid them at that time; and be it further

Resolved, That the Armed Forces Committee is strongly urged to schedule an early hearing on H R 268, so that action may be taken on the bill as soon as possible; and be it further

Resolved, That the Chief Clerk of the Assembly is hereby directed to transmit copies of this resolution to the President and Vice President of the United States, to the Speaker of the House of Representatives, and to each Senator and Representative from California

Resolution read, and referred by the Speaker pro Tempore to the Committee on Rules.

The product of such multiplication shall be denoted the "essential services component."

(d) He shall add the product derived under subdivision (b) and the product derived under subdivision (c). He shall, in the case of any school district with a total average daily attendance during the fiscal year of between 101 and 900, reduce the sum so produced by an amount equal to ten dollars ($10) multiplied by the total of such units of average daily attendance of the district.

Editorial

'A REPUBLIC, IF YOU CAN KEEP IT'

Neither the Congress of the United States nor the Legislature of California should attempt to legislate with a "gun at its head"

A disgraceful demonstration at Sacramento took place last Friday where publicity seeking individuals invaded the legislative chamber and sprawled in the Capitol corridors until removed by the police

They have done a great disservice to the cause they are supposed to be helping, namely the Fair Housing Bill (AB 1240) now pending before a Senate committee

If legislators allow themselves to be intimidated by such actions they are no longer qualified to be lawmakers in this the most populous state in the Union

To abdicate their responsibilities and yield to the mob invasion of the seat of the government of California would justify a massive repudiation of all such legislators by the overwhelming majority of the people of California at the polls in November of 1964.

At the conclusion of the Philadelphia Constitutional Convention in 1787, Dr Benjamin Franklin was asked what kind of a government had been given the American people He replied· "We have given you a Republic, if you can keep it"

The German people started to lose their first Republic when the "brown shirted" storm troopers took over the streets and intimidated holders of public office and the general public as well

The time has come for every citizen to make known to his legislators, National and State, that we expect each to do his part in preserving the Republic

This means orderly enactment of law by an appeal to reason and the due process of the legislative system This may take longer but it is a more sound procedure than yielding to mobs attempting to disrupt the legislative process.

Every American citizen has a right, under our Constitution, to petition the government for a redress of grievances. It does not give him

a right to obstruct the Legislative, Executive or Judicial functions of the government

Every American citizen who can meet the standards for voting established by the State governments, under the Federal Constitution, is entitled to register and vote without regard to race, creed or sex

Civil rights are far more broad than racial rights alone They include the right to own property, to manage and to dispose of it, to have freedom of speech, of religion and of the press; to safely walk the streets of our cities day or night; to associate with friends of one's own choice, to travel abroad and at home These also are among our civil rights as citizens The rights of one group of our people must not nullify the rights of other citizens

The Constitutional process of amendment may be slow, but if sufficiently concerned, the American people have shown it can be amended, and has been 23 times We must never allow amendments by usurpation of Legislative, Executive, Judicial or mob power, all of which are contrary to the Constitutional procedures established.

Mr. Burgener was granted unanimous consent that the following opinion of the Legislative Counsel be ordered printed in the Journal:

OPINION OF LEGISLATIVE COUNSEL

STATE OF CALIFORNIA
OFFICE OF LEGISLATIVE COUNSEL
SACRAMENTO, June 14, 1963

Hon Clair W Burgener
Assembly Chamber

County Sanitation District—No. 21755

Question

DEAR MR BURGENER You have asked us whether, in view of Section 10009 of the Streets and Highways Code, the change which Senate Bill

No 1408 would make in Section 4771 of the Health and Safety Code is merely declaratory of the existing law or is not so declaratory but would give additional authority to a county sanitation district.

Opinion

It is our opinion that the change is merely declaratory of the existing law.

Analysis

Section 4771 of the Health and Safety Code is a special statute dealing expressly with acts which are applicable to county sanitation districts As enacted in 1939 (Ch 1124, Stats 1939), it provides that the Improvement Act of 1911, the Street Opening Act of 1903, and the Improvement Bond Act of 1913 are applicable to county sanitation districts.

Senate Bill No 1408, as introduced, would amend Section 4771 of the Health and Safety Code to specifically provide that the Municipal Improvement Act of 1913 is also applicable to county sanitation districts

Since the Legislature in Section 4771 of the Health and Safety Code has enumerated specific acts as being applicable to county sanitation districts it could be contended, under the maxim of "*expressio unius est exclusio alterius,*" that it is to be presumed that the Legislature intended that no other acts should be applicable to county sanitation districts (see 45 Cal Jur 2d, Statutes, Sec 133)

The Legislature, however, by Section 10009 of the Streets and Highways Code has provided that the provisions of the Municipal Improvement Act of 1913 apply to *all* counties and *districts,* or other public corporations, insofar as such corporations have the power applicable to them to make any of the improvements authorized by the act. This provision was first added to the Municipal Improvement Act of 1913 in 1940 (Ch 35, Stats 1940, 1st Ex Sess).

The improvements which are authorized to be made under the Municipal Improvement Act of 1913 would clearly appear to include improvements which county sanitation districts are authorized to make (see subd (e), Sec 10100, S & H C , Sec 4741, H & S C).

As we have indicated, the provision which is now contained in Section 10009 of the Streets and Highways Code, which makes the Municipal Improvement Act of 1913 applicable to districts, was enacted after Section 4771 of the Health and Safety Code It is, however, a general statute while Section 4771 is a special statute dealing expressly with county sanitation districts

Under general rules of statutory construction a special statute dealing expressly with a particular subject controls and takes precedence over a general statute whether the special act was passed before or after the general act This rule, however, has no application where it is manifest that the legislative intent is that the general act should be of universal application, notwithstanding a prior special act (see 45 Cal Jur 2d, Statutes, Sec 120)

The provision which is now Section 10009 of the Streets and Highways Code was enacted after Section 4771 of the Health and Safety Code and it clearly indicates, we think, a legislative intent that the

Municipal Improvement Act of 1913 is to be applicable to *all districts* Thus, we would conclude that although it is a general statute it will prevail over any indication in Section 4771 of the Health and Safety Code that only the acts designated therein are to be applicable to county sanitation districts

We would, therefore, conclude that, by virtue of Section 10009 of the Streets and Highways Code, the Municipal Improvement Act of 1913 is now applicable to county sanitation districts

Thus, it is our opinion that the change which Senate Bill No 1408 would make in Section 4771 of the Health and Safety Code is declaratory of the existing law We would, however, note that the bill would eliminate any possible question regarding the matter.

Very truly yours,

PRAYER

Upon invitation of Speaker pro Tempore Bee, the following prayer was offered by Hon. William Byron Rumford, Member of the Assembly, from the 17th Assembly District.

Dear Father, As we move nearer to the closing days of this session, we pray that the experience gained during the last few months may be the beginning of new concepts, new ideas and new challenges to make us better prepared to live among men

May our pledge of allegiance this morning be rich with full meaning to start the day, and be it not just a recitation of formal words repeated without sensitivity of feeling;

And in our deliberations to come let us not substitute a "roll call" of common respect, equality, justice, and dignity of the human personality for one of inaction, indifference, procrastination, and status quo

Let us place a "call" on the members to act as men of good will, adopting if necessary new methodology to old problems.

Let us ask for the "previous question" on idle thinking and hasty conclusions, and may we "adjourn" today, our Father, with Thy blessings and mercy to ourselves and to our families.—AMEN.

Upon request of Speaker pro Tempore Carlos Bee, Mr. Waldie then led the Assembly in the pledge of allegiance to the Flag.

House Resolution No. 511, as Amended

By Assemblyman Rumford

House Resolution No. 511

Relative to an interim study of the central cities in metropolitan areas

WHEREAS, The central cities of the State of California, like every central city in metropolitan areas of the United States, are today undergoing a social and economic upheaval of distressing proportions, and

WHEREAS, This social and economic upheaval is in great measure related to the radical changes taking place in the size, character, and distribution of the population in metropolitan areas, and

WHEREAS, These changes have resulted in a gross imbalance in the distribution of the population in metropolitan areas, as measured by

(1) ethnic group identification,
(2) income level of the general population,
(3) age, and
(4) other such factors, and

WHEREAS, This gross imbalance is reflected in vastly disproportionate numbers of central city residents who require the special attention of the local community and, therefore, a special tax investment by it, such as

(1) children of school age,
(2) the dependent aged,
(3) single unattached male adults,
(4) the economically dependent,
(5) families with single parents,
(6) youthful and adult offenders,
(7) residents requiring rehabilitation services of all kinds, and
(8) members of ethnic minority groups, who have been subject to special limitations to their achievement of adequate levels of education, employment, and housing, and

WHEREAS, Such groups require services over and above the already heavy burden carried by the central city, such as

(1) special and additional educational services,
(2) redevelopment of whole areas of the central city, demolition of unsafe buildings, and widespread conservation activities all designed to stop the spread of blight,
(3) burgeoning police activities related to juvenile gang problems, racial tension and unrest, and to the problems generated by excessive use of alcohol,
(4) planning for solution of the growing problems of unemployment arising from changing job patterns, automation, and the high percentage of school dropouts, and
(5) building and housing code enforcement and related relocatee problems, and

WHEREAS, While the conditions detailed above usually erupts in the central city, it ultimately involves the entire metropolitan area and the State as a whole, and

WHEREAS, The failure to resolve these conditions has in other sections of the country led to social and economic chaos, and

WHEREAS, Concurrent with these conditions and, in some measure as a result of them, central cities continue to experience a declining tax base upon which to finance the expanded services required by these conditions; and

WHEREAS, The failure to resolve such conditions in the State of California and in all of its political subdivisions will result in serious social and economic loss, now, therefore, be it

Resolved by the Assembly of the State of California, That the Committee on Rules is directed to assign to the appropriate interim committee the subject matter of this resolution for study of the problems referred to herein and the laws relating thereto, and that such committee report thereon to the Assembly by not later than the fifth legislative day of the 1965 Regular Session, including in the report its recommendation for appropriate legislation

House Resolution No. 440, as Amended

By Assemblymen Dymally and Stanton

House Resolution No. 440

Relative to the recruitment of teachers

WHEREAS, Though economic and social growth is accompanied by increased demand for trained manpower, there is a great and increasing shortage of such trained manpower in California; and

WHEREAS, Though enrollments in elementary and secondary schools and junior colleges in California will increase by 63 percent to 5,398,500 between 1960 and 1971, known sources of new teachers will fall short of demand by 3,000 teachers each year; and

WHEREAS, Though there are a number of existing teacher placement facilities competently providing needed services, approximately 22,000 new teachers will be required each year through 1963-1971, to provide new instructional services, and to serve increased enrollments; and

WHEREAS, In this period of burgeoning economic growth and technological change it is essential to the development of needed trained manpower that our educational facilities be adequately staffed by competent teaching personnel; now, therefore, be it

Resolved by the Assembly of the State of California, That the Assembly Committee on Rules is directed to assign to the appropriate interim committee for study the subject matter of this resolution and to require such interim committee to report its findings and recommendations to the Assembly not later than the fifth legislative day of the 1965 Regular Session of the Legislature

House Resolution No. 498, as Amended

By Assemblyman Belotti:

House Resolution No. 498

Relating to a study of milk stabilization

WHEREAS, The California Legislature has declared that fluid milk and fluid cream are necessary articles of food for human consumption; and

WHEREAS, The production and maintenance of an adequate supply of healthful milk of proper chemical and physical content, free from contamination, is vital to the public health and welfare; and

WHEREAS, The production, transportation, processing, storage, distribution or sale of fluid milk and fluid cream in the State of California is an industry affecting the public health and welfare; and

WHEREAS, In the past unfair, unjust, destructive and demoralizing trade practices have been carried on in the production, marketing, sale, processing and distribution of fluid milk and fluid cream which constitutes a menace to the health and welfare of the inhabitants of this State, and

WHEREAS, Such practices tend to undermine sanitary regulations and standards of content and purity, however effectually such sanitary regulations may be enforced, and

WHEREAS, It has been demonstrated in this State, as well as in many other states of these United States, that health regulations alone are insufficient to prevent disturbances in the milk industry which threaten to destroy and seriously impair present and future supplies of fluid milk, and

WHEREAS, It has been previously declared to be the policy of this State to promote, foster and encourage the intelligent production and orderly marketing of commodities necessary to its citizens, including milk, and

WHEREAS, The law presently known as the Milk Stabilization Act has been a part of the laws of this State since 1937, and

WHEREAS, This law has been amended from time to time during the ensuing period for the purpose of facilitating its administration and to carry out the legislative intent as set forth in Section 4205 of the Agricultural Code, and

WHEREAS, It is the stated legislative intent as set forth in Section 4205 that the powers conferred in Chapter 17 (commencing with Section 4200) Division 6 of the Agricultural Code be liberally constructed and that nothing in the chapter be construed as permitting or authorizing the development of conditions of monopoly in the production or distribution of fluid milk or fluid cream and that, furthermore, in the establishment of the terms and conditions under which fluid milk and fluid cream shall be purchased from producers, and under the same, such terms and conditions shall be those which will, in the several localities and markets of the State and under the varying conditions of production and distribution insure an adequate and continuous supply of pure fresh wholesome fluid milk and fluid cream to consumers thereof at fair and reasonable prices, now, therefore, be it

Resolved by the Assembly of the State of California, That the Assembly Committee on Rules is requested to assign to an appropriate interim committee the study of whether or not the legislative intent and objectives of the California Milk Stabilization Act, as set forth in Article 1 (commencing with Section 4200), Chapter 17, Division 6 of the Agricultural Code, are being properly carried out and that such committee be authorized and directed to call upon any agency or source of information such as, but not limited to, the University of California and the Department of Agriculture to assist in its study with such interim committee to report its findings and conclusions to the Assembly by the fifth legislative day of the 1965 Regular Session

Resolution, as amended, re-referred to the Committee on Rules, and the subject matter referred to the Committee on Rules for assignment to the proper interim committee for study

Our God, Father of All Mankind, May we not corrupt our prayers by our actions May we see the contradiction in praying "Our Father" unless we call all men "our brothers" May prejudice and unfounded conclusions have no place in the realm of all values

As we are here concerned with laws, may we have an even greater concern for *man Enable us in this great land to be united in the faith that* we are all one people under God May we so conduct ourselves that our actions proclaim our belief that we are children of an everlasting father all equally precious to Thee

REQUEST FOR UNANIMOUS CONSENT TO PRINT IN JOURNAL

Mr Waldie was granted unanimous consent that the following remarks by Richard E Arnason be ordered printed in the Journal

REMARKS OF RICHARD E. ARNASON

Member, Board of Governors, State Bar Association of California
at
Induction of Newly Admitted Members of the Bar
June 12, 1963—10 o'clock a.m.

Mr Chief Justice and
Honorable Associate Justices of the Supreme Court:

I appreciate the opportunity of appearing here this morning on behalf of the lawyers of California to welcome this group of young men and women who are about to become members of our profession

That this is a signal day in your lives is, of course, obvious This probably is the first time that many of you have been in this courtroom; perhaps it is the first time that some of you have been in any

courtroom Your presence here also foretells your great desire to become a member of the legal profession However, I think it is fair to state that even after you have been admitted here today that there is a great deal more to becoming a lawyer than what you have previously experienced That feeling may best be described as respect and dignity for the law In the final analysis our system of government rests on the foundation of widespread and general respect for the law and more particularly in the integrity and the respect for the law as it is administered by our courts

It is, of course, obvious that the responsibility for maintaining respect for the law rests on all, but first and foremost it is the responsibility of the lawyer Chief Justice Warren recently said, "If lawyers are not to be watchmen of the courts, on whom are we to rely?"

You are being admitted into the profession of law You are only incidentally embarking on a business career. Special rights and privileges are being bestowed upon you, but more importantly special duties and responsibilities are being assumed by you The primary and never ending duty of a lawyer is respect for the courts and respect for the legal profession. If lawyers deport themselves in such a manner as to indicate either lack of respect for the courts, or the profession, is it but little wonder that the general public will likewise do the same

Each of you today is becoming an officer of the court—of this court and all courts within this State. This means more than maintaining the proper respect for the court when you are in its presence. Rather, it is a cloak that accompanies you on all your journeys Any action on your part that can be construed in an unfavorable light casts its shadow, not only upon you, your family and those close to you, but it is a reflection on your profession and of the respect that you should have for the courts.

This does not mean that you should abdicate your right to dissent, to criticize, to harbor and defend the oppressed, the accused, those who are associated with unpopular causes and matters of similar import

You are duty-bound by your oath and the canons to represent your clients diligently and to the very best of your abilities to present the interests of your clients skillfully, but always with dignity to the court and respect for the law As lawyers you should be concerned about any manifestation of disrespect for the court or the law Avoid intemperate remarks or unfair criticisms of the courts and its decisions Tolerance and understanding are virtues that all lawyers must nurture and cultivate Will you therefore, as lawyers, avoid loose and intemperate criticism of the courts, criticising and finding fault with those upon whom the responsibility of rendering the judgments and decisions in our courts rests, and always as lawyers we must keep in mind that we are an example of responsibility and fairness To the layman whose contact with the courts is even more remote than is his contact with lawyers, we are the image of the law as it is generally assumed by the public

In closing, on behalf of the State Bar of California, representing the lawyers of California, who now number in excess of 24,000, I

welcome each of you as a member of the State Bar I commend you on your accomplishments for that part of your career which is concluded. I am confident that you will find the law to be a limitless horizon and that your rewards will be commensurate with your determination and effort.

Always bear in mind that you will be part of a great profession Guard well its sacred tenets

this section Any surviving spouse making such election shall receive an allowance equal to one-half of the amount of the retirement allowance, unmodified by any optional settlement, that would be payable to the member were he living and retired under this chapter

The election provided for in the section shall, *except as provided in Section 9360 8*, be made by a writing filed with the board within 60 days after the death of the member

The allowance to a surviving spouse provided by this section is payable commencing upon the death of the member and continuing until the death or remarriage of the surviving spouse If pursuant to this section, an allowance is paid to a surviving spouse, no payment shall be made pursuant to Section 9359 8 or pursuant to Article 7 (commencing with Section 9361) of this chapter

If a surviving spouse files an election pursuant to this section, the surviving spouse shall receive in one lump sum the amount which such spouse would have received under Section 9360 7 between the date of the death of the member and the date of filing the election under this section, and thereafter shall receive the allowance provided in Section 9360 7

9361 1 Such election, revocation, or change of election may be made at any time before the effective date of retirement or after such effective date and prior to the making of the first payment on account of any retirement allowance

If at any time before the making of the first payment on account of the member's retirement allowance, his spouse dies, or his marriage is terminated by a final judgment of divorce or annulment the election of the member shall automatically be void, and the member may make a new election

A member who has elected an optional settlement providing for the payment of a benefit to his spouse may at any time before the making of the first payment on account of his retirement allowance substitute a different optional settlement

Such election, revocation, or change of election shall be made by a writing filed with the board

If a member who is eligible for retirement, *or, with respect to a member of the Legislature whose death occurs after January 1, 1962, who would have become eligible to retire during his term of office and within one year following the date of his death* has elected one of the optional settlements specified in this article, the surviving spouse of such member shall receive the same benefits as such surviving spouse would have received if the date of his death had also been the date of his retirement and if retirement had preceded death If in such event benefits are paid to a surviving spouse, no payment shall be made pursuant to Section 9359 8 If a member dies without having elected an optional settlement and there is a surviving spouse, he shall be deemed for the purposes of this paragraph to have elected Optional Settlement No 2 In either case, the benefits payable to the surviving spouse shall be in the same amount as if the member had elected to receive credit for service rendered prior to the date he became a member of this system and had paid the full amount of the contributions in respect to such service

Any election filed under this section prior to the effective date of the amendments to this section enacted by the Legislature at the 1957 Regular Session shall continue to be effective in accordance with the terms of this section as it read prior to such amendments and may thereafter be revoked or changed or become void only in accordance with this section as it read prior to such amendment

If such surviving spouse who so becomes eligible for an allowance under Section 9361.1, such surviving spouse shall receive in one lump sum the amount which such spouse would have received under Section 9361 1 between the date of the death of the member and the time at which such spouse becomes under this section eligible for an allowance under 9361 1, and thereafter shall receive the allowance provided by Section 9361 1"

Pete Phillips

His critical intelligence and wit
Surveyed the vital issues of our day;
His penetrating insights of their worth
Have shown the public mind a better way.
His talent knew the discipline of faith
That when the people know, the people act;
That ignorance, democracy's great foe,
Can never stand before the open fact
What he has written, measures well the worth
Of what we did to serve the people's will
Because he met the deadlines of their trust
This legislature wrote a better bill
We know that in the future he will live
The peace which only work well-done can give

"SECTION 1 (a) This section shall be known as the Aerospace Industry Emergency Act

(b) The Legislature hereby declares that in order to aid in the production of materials essential to the national defense and space programs, existing limitations on the hours of work contained in Part 4 (commencing with Section 1171) of Division 2 of the Labor Code respecting persons employed in manufacturing establishments engaged in the production of aerospace materials should be temporarily revised to grant emergency exemptions to employers engaged in national defense and spacework from the requirements imposed by or pursuant to such law with respect to hours of work which prevent or interfere with a maximum possible production in such work. Such temporary revision shall be in effect only as provided in subdivision (c) hereof

(c) "Aerospace work" (1) means services performed in connection with the manufacture, production and distribution of articles and products essential in the operation of the aerospace, including aircraft, missiles and related electronics, programs which are produced on or under contract, including by subcontract, with an agency of the United States government, (2) services performed in connection with the manufacture, production and distribution of articles and products essential in the operation of the aerospace programs of foreign countries which are produced on or under contract, including by subcontract, with these foreign countries if such contracts are approved by the government of the United States

"Aerospace work" includes all services performed in connection with proposed contracts to manufacture, produce, or distribute such articles or such products

"Emergency" means an unpredictable or unavoidable occurrence at unscheduled intervals requiring immediate action to complete the production of materials necessary to the national defense or space programs

(d) The provisions of this section shall not apply to employees under the age of 18 years

(e) The Director of the Department of Industrial Relations may, upon application of an employer, grant an hour's emergency exemption permit covering a designated place or places of employment and permitting the employment of employees at or for such hours as may be essential in the operation of the national defense and space programs without impairing the health or safety of such employees Any employment in excess of 8 hours per day shall be the voluntary choice of the employees concerned and in no case shall employment with such overtime employment exceed 10 hours in one day, or 48 hours in one week The Director of the Department of Industrial Relations may limit the work week to a five-day week No employer who has been granted a permit may be prevented from complying with Section 1350 of the Labor Code by working employees on a regular eight-hour day and 48-hour week

Emergency exemption permits granted under this section shall remain in effect for a period not longer than six months unless revoked, modified or suspended under subdivision (i), except that upon reconsideration of all the facts and circumstances of a particular case a continuance of a permit may be granted for like periods Upon application by an employer for a new permit or continuance of an old permit, any existing permit granted to the employer pursuant to this section shall continue in full force and effect until the director grants or denies the application

Such emergency exemptions are intended to fulfill the need for manpower when circumstances prevent the employer from hiring additional employees or it is impracticable to do so

(f) Application for such permit shall be filed with the Director of the Department of Industrial Relations by the employer and a permit must be granted by the director before the employer may employ any persons for more hours than are permitted under Part 4 (commencing with Section 1171) of Division 2 of the Labor Code The Division of Industrial Welfare shall within 15 days after the filing of the employer's application recommend to the director the granting or denial of such a permit If the division recommends the granting of such a permit, it shall incorporate in the recommendation the terms and conditions upon which it is recommended that the permit be granted Within five days after receipt of the division's recommendation, the director shall either grant or deny the permit requested Before granting the permit the director shall require (1) that where a union represents workers who would be affected by the permit, the union be notified of the intention to apply for such permit, (2) certification from the employer that overtime hours of workers exempted under this section will be limited to aerospace work as defined in subdivision (c) of this section

The Division of Industrial Welfare may require that any employer holding an emergency exemption permit granted pursuant to this section shall report to the division the total number of female employees employed during any of the employer's pay periods, and the total number of overtime hours these female employees worked pursuant to the emergency exemption permit

(g) Upon the effective date of this section the director may immediately grant a 60-day permit to all employers who, on September 14, 1961, held a permit granted pursuant to the provisions of the Defense Production Act (Ch 33, 3d Ex Sess 1950, as amended)

(h) The director may in case of extreme emergency in connection with defense and space production grant a temporary permit for a period of not more than 30 days Such temporary permit may be revoked at any time, after notice, if investigation discloses that the granting of the temporary permit was unwarranted

(i) The director may at any time revoke, suspend or modify any permit upon proof being submitted by the Division of Industrial Welfare that the terms and conditions of any such permit have been violated or that the Division of Industrial Welfare finds that the permit is no longer necessary to the national defense and space programs The permit may not be suspended, modified or revoked until the employer has been given 15 days' notice of the intended action

(j) Women employed in overtime work under the provisions of this section shall receive the same rate of pay for the same work as men for such overtime, and in all events employers shall pay such workers at a rate not less than time and one-half the regular rate of pay for all time worked beyond eight hours per day or 40 hours per week

(k) Every employer, or the agent or officer thereof, employing any female who violates any provision of the permit or who employs or permits any female to work in violation thereof, is guilty of a misdemeanor, punishable, for a first offense, by a fine of not less than twenty-five dollars ($25) nor more than one hundred dollars ($100), and for a second or subsequent offense, by a fine of not less than one hundred dollars ($100) nor more than two hundred fifty dollars ($250), or imprisonment for not more than sixty (60) days, or both

(l) All state departments shall continue to exercise their duties under the laws and rules to insure that the emergency exemption authorized by the permit does not adversely affect the health or safety of the female employees involved

(m) No emergency exemption permit shall have the effect of abrogating any collective bargaining agreement or any of the overtime rates prescribed pursuant to law by any state department or agencies of the federal government

(n) Any authority herein given to a state department may be exercised by any official or employee in the department so authorized by the director or other head of the department

(o) This section shall remain in effect until the 91st day after the final adjournment of the 1965 Regular Session of the Legislature While this section is in effect it shall supersede any existing limitations on hours of work contained in Part 4 (commencing with Section 1171) of Division 2 of the Labor Code which are in conflict with it, but such provisions are not repealed by it and after it is no longer effective shall have the same force as though it had not been enacted."

FIRST READING AND REFERENCE OF SENATE BILLS (RESUMED)

The following resolution was read:

Senate Concurrent Resolution No. 58—Relative to regulation of highway carriers

Referred by the Speaker pro Tempore to the Committee on Transportation and Commerce.

RESOLUTIONS

The following resolutions were offered.

By Assemblymen Lanterman and Carrell:

House Resolution No. 604

Relative to an interim study of a portion of State Highway Route 9 and Interstate Route 210

Resolved by the Assembly of the State of California, That the Assembly Committee on Rules is hereby directed to assign to an appropriate interim committee a study of State Highway Route 9 and Interstate Route 210, with special emphasis on that portion between the common boundary of Los Angeles and Glendale dividing Tujunga and La Crescenta on the west and the westerly city limits of Pasadena east of Hampton Road, including consideration of adoption of the route as it relates to the financial impact on the La Canada Unified School District, community problems of La Canada and La Crescenta, suitability of the proposed route as a portion of the Interstate Freeway System, and the possibility of alternative routes, and to direct such interim committee to report its findings and recommendations thereon not later than the fifth legislative day of the 1965 Regular Session of the Legislature

Resolution read, and referred by the Speaker pro Tempore to the Committee on Rules

By Assemblyman Lanterman:

House Resolution No. 605

Requesting the California Highway Commission to delay adoption of a route on portions of State Highway Route 9 and Interstate Route 210

Resolved by the Assembly of the State of California, That the California Highway Commission is hereby requested to delay adoption of a freeway route between the common boundary of Los Angeles and Glendale dividing Tujunga and La Crescenta on the west and the westerly city limits of Pasadena east of Hampton Road until 60 days following submission of an interim committee report as directed by House Resolution No. 604 of the 1963 General Session

Resolution read, and referred by the Speaker pro Tempore to the Committee on Rules.

By Assemblyman Carrell:

House Resolution No. 606

Relative to an interim study of air pollution control devices for exhaust emissions from motor vehicles used within buildings and other enclosed structures

Resolved by the Assembly of the State of California, That the Assembly Committee on Rules is hereby directed to assign to an appropriate interim committee a study of the subject matter of Assembly Bill 2748 of the 1963 General Session, and to direct such committee to report thereon to the Assembly not later than the fifth calendar day of the 1965 General Session

Resolution read, and referred by the Speaker pro Tempore to the Committee on Rules.

By Assemblyman Zenovich

House Resolution No. 607

Relative to minimum rates for intrastate trucking

WHEREAS, It has come to the attention of the Members of the Assembly that the present structure of trucking rates has had detrimental effect on the industrial development of Fresno and other areas in the State of California; and

WHEREAS, The President of the United States has recommended that minimum rates in intrastate trucking be abolished, and

WHEREAS, The minimum rates, combined with free port laws and certain tax concessions in the States of Nevada and Arizona, are making it extremely difficult, not only for Fresno but for other areas within the State, to develop to the extent of their potential due in large part to the unfavorable rate structure of the trucking industry, now, therefore, be it

Resolved by the Assembly of the State of California, That the Assembly Committee on Rules be directed to assign to the appropriate interim committee for study and recommendation the advisability of abolishing minimum rates for intrastate trucking

Resolution read, and referred by the Speaker pro Tempore to the Committee on Rules

By Assemblyman Zenovich

House Resolution No. 608

Relative to the election of special district governing boards

WHEREAS, The procedures controlling the election of governing boards of special districts are presently antiquated and undemocratic in that they do not provide sufficient notice, or sufficient information or opportunity to the voter to express an intelligent choice, and

WHEREAS, The relatively short notice of the election, the absence of sample ballots, the inadequate period during which the polls are open, the frequency of individual elections, and the lack of adequate supervision, are all factors requiring study and improvement; now, therefore, be it

Resolved by the Assembly of the State of California, That the Assembly Rules Committee is directed to assign to an appropriate committee for interim study the subject of elections of members of governing bodies of special districts and to direct such interim committee to report to the Assembly its findings and recomendations not later than the fifth legislative day of the 1965 Regular Session of the Legislature.

Resolution read, and referred by the Speaker pro Tempore to the Committee on Rules

By Assemblyman Petris

House Resolution No. 609

Relative to interim study of the uses of state funds granted to the Council of State Governments

WHEREAS, Three amendments have been proposed to the Constitution of the United States which would permit a coalition of the highest courts of the several states to overrule the Supreme Court of the United States, would remove from the jurisdiction of the Supreme Court of the United States questions of state legislative apportionment and would change the process of amending the Constitution of the United States, increasing the power of the smaller states, and

WHEREAS, These amendments constitute a danger to the freedom and security of the people of the United States, starting the government on a trend back to the Articles of Confederation which failed to give the United States a strong and adequate form of government; and

WHEREAS, Although these amendments have been adopted by several of the states, the Legislature of this State has rejected them and the President of the United States has voiced his opposition to them, and

WHEREAS, These amendments were initiated by a committee of the Council of State Governments, which council has indicated its support of these amendments, and

WHEREAS, The State of California will contribute approximately sixty-three thousand dollars to finance the activities of the Council of State Governments during the next two years, and

WHEREAS, The position of the Council of State Governments does not reflect the official position of this State with respect to the proposed amendments, now, therefore, be it

Resolved by the Assembly of the State of California, That the Assembly Committee on Rules is directed to refer for study to an appropriate interim committee the subject of the use of the funds which are contributed by this State to the Council of State Governments to insure that such funds will not be used to support causes which are contrary to the interests and policies of this State and to direct such committee to report its findings and recommendations for legislation no later than the fifth legislative day of the 1965 Regular Session of the Legislature

Resolution read, and referred by the Speaker pro Tempore to the Committee on Rules

By Assemblyman Gonsalves

House Resolution No. 610

Relative to the McNally-Neff home in La Mirada

WHEREAS, La Mirada, in Los Angeles County, was once the site of the McNally Ranch, some 2,500 acres, which were managed until 1951, by William Neff, a grandson of Andrew McNally, the founder of the Rand McNally Publishing Co., and

WHEREAS, When the entire ranch, with the exception of some 10 acres surrounding the McNally-Neff home, was sold and subdivided, unlike so many of the members of older families who have seen new communities spring into being around them, William Neff took an active interest in the community affairs of La Mirada until his death in 1962, and

WHEREAS, His widow, Mrs Mina Neff, has continued that interest, and inspired by her husband's and her own fondness for the new community she has donated five acres and the McNally-Neff home, a beautiful example of Spanish architecture in California, to a park and recreation district stipulating only that the house be maintained as is, and put to some useful purpose, now, therefore, be it

Resolved by the Assembly of the State of California, That the Members express their congratulations and appreciation to Mrs Neff for her splendid acts of generosity, and be it further

Resolved, That the Chief Clerk of the Assembly is directed to transmit a suitably prepared copy of this resolution to Mrs Neff

Resolution read, and referred by the Speaker pro Tempore to the Committee on Rules

By Assemblyman Warren

House Resolution No. 611

Relative to taxation of works of art

WHEREAS, The Legislature has passed Assembly Bill No 1, which creates a California Arts Commission, and

REQUEST FOR UNANIMOUS CONSENT TO PRINT IN JOURNAL

Mr Greene was granted unanimous consent that the following opinion of the Legislative Counsel be ordered printed in the Journal:

OPINION OF LEGISLATIVE COUNSEL

STATE OF CALIFORNIA
OFFICE OF LEGISLATIVE COUNSEL
SACRAMENTO, June 20, 1963

Hon. Leroy F Greene
Assembly Chamber

Practice of Architecture—No. 22729

Question

DEAR MR GREENE You have directed our attention to Assembly Bill No 2239, as amended in Senate June 18, 1963, which proposes to revise the law regulating the practice of architecture by, in part, providing for the registration of building designers

You ask whether there are any restrictions on a licensed contractor acting in combination with a registered building designer, in drafting plans, specifications, and instruments of service for multiple-storied buildings, apartment houses, and other building construction projects under Section 5537 6 of the Business and Professions Code, as such section would be added by the bill.

Opinion and Analysis

Section 5537 6 of the Business and Professions Code, as such section is proposed to be added by A B 2239, provides as follows·

"5537 6 For the purposes of this chapter a contractor, licensed under Chapter 9 (commencing with Section 7000) of Division 3, is exempt from the provisions of this chapter so long as the services he holds himself out as able to perform or does perform, which services are subject to the provisions of this chapter, are performed on behalf of the contractor by, or under the responsible supervision of, a person licensed to practice architecture or registered as a building designer under this chapter *subject to the limitations of Section 5500 3* or a professional or civil engineer licensed under the provisions of Chapter 7 (commencing with Section 6700) of Division 3, insofar as the professional or civil engineer practices the profession for which he is registered under Chapter 7 of Division 3 " (Emphasis added)

As can be seen, the section provides, in part, that a licensed contractor is exempt from the provisions of the chapter regulating the practice of architecture so long as the services, which are regulated by the chapter, that he holds himself out as able to perform or does perform, are done by or under the responsible supervision of a person registered as a building designer This section goes on to provide, however, that such a situation is subject to the limitations of Section 5500 3 of the Business and Professions Code as contained in the bill

Section 5500 3 provides, in pertinent part, as follows:

"A person who is registered as a building designer *shall* associate with a registered civil engineer, structural engineer, or licensed architect with respect to the design of any building which is not exempted from Chapter 7 (commencing with Section 6700) by Section 6737 1; and such association *shall* prepare or offer to prepare drawings, specifications, estimates, or instruments of service for the construction of buildings where such documents are required by law to be prepared by a registered civil engineer, structural engineer, or licensed architect shall sign all drawings, specifications, or instruments of service which shall be evidence of his responsibility for the work. The registered civil engineer, structural engineer, or licensed architect shall be responsible for the supervision of construction " (Emphasis added)

We believe it is clear that this provision requires a building designer to associate with a registered civil engineer, structural engineer, or licensed architect with respect to the making of certain specified plans not exempted from the Civil and Professional Engineers Act (Ch 7, commencing with Sec 6700, Div 3, B & P C) Thus, if the services which are to be performed for the contractor by a building designer

involve the design of a building not exempt from the Civil and Professional Engineers Act, the building designer must form an association as provided in Section 5500 3

REQUEST FOR UNANIMOUS CONSENT TO PRINT IN JOURNAL

Mr. Porter was granted unanimous consent that the following statement by the Los Angeles County Grand Jury be ordered printed in the Journal:

RELEASE—Thursday, June 13, 1963

STATEMENT BY THE GRAND JURY ON THE BROWN ACT

In the course of its work thus far this year the Los Angeles County Grand Jury has been importuned on several occasions by individual citizens or groups of citizens to investigate the action or conduct of legislative bodies, public boards or commissions for alleged violations of the so-called Brown Act

The Brown Act is a law adopted by the Legislature in recent years, seeking to prevent the conduct of public business by public bodies in secret meetings

In looking into the allegations that the Grand Jury has received, seeking action under the Brown Act, the Criminal Complaints Committee, to which such complaints are referred, has found it almost impossible from a legal point of view, to develop facts upon which an accusation could be returned, with any honest expectation that it could be sustained in court

The Grand Jury is making this statement for the benefit of those who become so disturbed by alleged misconduct of public officials that they appeal to the Grand Jury for action

The Grand Jury is doing this so that the public also may understand the problems involved in proceeding under the Brown Act Let us look now at some of the basic provisions of that act.

The fundamental concept and intent of the Legislature in enacting the Brown Act (which received its name from its principal author, former Assemblyman and now Appellate Court Justice, Ralph M. Brown of Modesto) is set forth in the following language in the act:

> "Sec 54950 Declaration, intent, sovereignty.
>
> "In enacting this chapter, the Legislature finds and declares that the public commissions, boards and councils and the other public agencies in this State exist to aid in the conduct of the people's business It is the intent of the law that their actions be taken openly and that their deliberations be conducted openly.
>
> "The people of this State do not yield their sovereignty to the agencies which serve them The people, in delegating authority, do not give their public servants the right to decide what is good for the people to know and what is not good for them to know. The people insist on remaining informed so that they may retain control over the instruments they have created "

With this as the declared intent, the act then sets up customary definitions of public bodies, and defines terminology as to what is a legislative body, and so on.

At the 1961 Session of the Legislature, violation of the Brown Act was made a misdemeanor, punishable by a fine of not more than $500, or by both such fine and imprisonment

Deputy District Attorney Fred Henderson, the Grand Jury's legal advisor, points out that although a violation of the Brown Act is a misdemeanor rather than the more serious charge of felony, the Grand Jury has the legal right to return what is known as an accusation for willful or corrupt misconduct in office and seeking removal from office of a public official for committing such misdemeanor in the course of his official duties.

Counsel points out, however, that before the Grand Jury could return an accusation against a public official or officials accused of violating the Brown Act as to secret meetings, it must have evidence to show that when the alleged violation took place the person or persons accused knew they were violating the law and acted with the intent to violate the law This, as any lawyer would tell you, is extremely difficult to accomplish

Mr Henderson, at the request of the committee, has made an extensive study of the law and the opinions and interpretations of the law's provisions which have been given by legal authorities, including State Attorney General Stanley Mosk, Los Angeles County Counsel Harold W Kennedy, and Los Angeles City Attorney Roger Arnebergh.

Mr Kennedy, in a report to the County Board of Supervisors in May of 1962, summed up the basic requirements of the Brown Act, as amended in 1961, as follows·

"(1) All formal meetings of legislative bodies, as defined, must be open and public, except when considering matters of personnel or national security

"(2) All informal gatherings of a majority or more of the legislative body, at which a collective commitment, promise or decision is made, must be open and public

"(3) Although violation of the act does not invalidate action taken, violation is made a misdemeanor, and the act is enforceable through mandamus or injunction."

Mr Kennedy concluded that report with the following observations, which carried a statement in the nature of an admonition to the board of supervisors In the opinion of the Grand Jury, all members of public legislative bodies, boards, and commissions could well read and keep this counsel in mind in the conduct of their business, viz

"Mere discussion or fact-gathering sessions are not covered by the act There is always the danger, however, that if such sessions are closed, collective commitments, promises or decisions may be inadvertently made, and such action would constitute a violation of the act

"It is strongly recommended, therefore, that unless some cogent reason requires otherwise, all meetings or informal gatherings of your honorable board or any other legislative body as defined in the act, at which some discussion of public business will take place, be open and readily accessible to the public "

This Grand Jury was requested to take action in a case, for example, wherein it was alleged that a city council concluded deliberations and action on a portion of the agenda for a given meeting then retired to another room Those citizens and taxpayers who were attending the meeting left the council chamber or hearing room assuming, erroneously or not, that the meeting was over The council subsequently returned to the chamber and resumed its session and took action dealing with a tax matter and calling for a plan to protect the city's interest in Sacramento

When members of this council appeared before the Criminal Complaints Committee by invitation to respond to citizens' complaints, alleging a violation of the Brown Act, it was explained to the committee that when the council retired to the other room on this occasion it was to hear advice from the City Attorney in reference to the tax matter It was said that no agreement or decision was made at the closed meeting.

When questioned about this episode by our committee the city attorney said that they had the advice and opinion from the county counsel that conferences by a legislative body with its legal advisor may be held at closed meetings, under the general provision that a private conference held by the board of supervisors and its legal officer to consider pending or proposed legislation to obtain legal advice is permissible under the Brown Act

This was an instance, in the opinion of the Grand Jury, where criticism, dissatisfaction and apprehension on the part of the citizens and taxpayers could easily have been avoided by discussing the matter in the open meeting It is the feeling of the jury that the persons attending a city counsel meeting, for the most part, may be presumed to be citizens and taxpayers of the city and that they are in fact the real clients of the city attorney, regardless of any legal technicality

In the opinion of the jury, there was no violation of the Brown Act, according to the opinion of the county counsel, as set forth in his report to the board of supervisors in reference to conferences by public officials with their legal advisor Nevertheless, if the council had noted Mr Kennedy's admonition to the supervisors to be extremely careful about holding conferences behind closed doors, the citizens in this instance would not have felt outraged and as though they should appeal to the Grand Jury for relief

It must be recognized, of course, that circumstances do arise wherein an executive session of a public agency, such as a city council, may be desirable in the public interest, such as a discussion of a proposal to acquire a piece of property or to discuss proposed or pending litigation involving the city

An extensive article in the Harvard Law Review (Vol 75 1199) devoted to the subject of open meeting statutes in the several states, observed

> "Executive sessions are also commonly authorized where premature publicity would be detrimental to the interest of the community, as by revealing information to individuals who might profit at public expense "

It is the intent of the Grand Jury to urge the Legislature to amend the Brown Act by removing the language requiring the prosecution to show that accused knew he was violating the law and so intended when he committed the alleged violation Such amendment would give the people a real opportunity to do what the act declares in its preamble: " . . retain control over the instruments they have created "

REQUEST FOR UNANIMOUS CONSENT TO PRINT IN JOURNAL

Mr. Burton was granted unanimous consent that the following opinion of the Legislative Counsel be ordered printed in the Journal:

OPINION OF LEGISLATIVE COUNSEL

STATE OF CALIFORNIA
OFFICE OF LEGISLATIVE COUNSEL
SACRAMENTO, June 20, 1963

Hon Don A Allen, Sr
Assembly Chamber

Elections—No. 23062

DEAR MR ALLEN You asked the following question: If Senate Bill No 621, as it is proposed to be amended by amendments prepared

under our Request No 23062, is enacted, could the incumbent of the office file nomination papers during the extended period for filing provided for in the bill?

Opinion

In our opinion, the incumbent could file nomination papers during the extended period

Analysis

Senate Bill No. 621, as it is proposed to be amended, provides that each candidate for a party nomination for the office of State Senator or Member of the Assembly at the direct primary election shall file in the office in which his nomination papers are required to be filed a written and signed declaration of his intention to become a candidate for his party's nomination for that office The bill declares that the declaration of intention shall be filed, on a form to be supplied by the county clerk or registrar of voters, not more than 15 nor less than 5 days prior to the first day on which his nomination papers may be presented for filing.

The bill further provides that if the incumbent of the office, for any reason, fails to qualify for nomination for the office by the last day prescribed for the filing of nomination papers, an additional five days shall be allowed for the filing of nomination papers for the office, and *any person,* if otherwise qualified, may file nomination papers for the office during the extended period, notwithstanding that he has not filed a written and signed declaration of intention as provided for in the bill.

Inasmuch as the bill authorizes "any person" to file nomination papers during the extended period under the circumstances stated, and in no way restricts the class of persons entitled to file, we think the incumbent of the office would have the same right to file as any other individual The only condition imposed on filing during the extended period is that the person be qualified, and this would not operate to prevent an incumbent from filing if he meets that condition

It is our conclusion, therefore, that the incumbent of the office would be entitled to file nomination papers during the extended period under the bill as it is proposed to be amended

Very truly yours,

A C MORRISON

COMMUNICATION FROM ALBAN J. HUNSADER

KNIGHTS OF COLUMBUS
CALIFORNIA STATE COUNCIL, June 7, 1963

Mr. Edward M Gaffney
Member State Assembly
295 Sanchez St
San Francisco 14, Calif

DEAR SIR: At our recent Knights of Columbus California State Convention held at Sacramento, California May 17th and 18th 1963, the delegates assembled adopted a resolution recommending

> . . re-examination of the laws affecting obscene and pornographic material, and a program of sanctions against distributors disseminating such material

with instructions to the California State Council to cause a copy of the resolution to be forwarded to you

Accordingly, a copy is next attached, on which we plead for your careful and favorable consideration for necessary legislation

Sincerely,

ALBAN J HUNSADER
Administrative Assistant

RESOLUTION BY KNIGHTS OF COLUMBUS CALIFORNIA STATE CONVENTION

WHEREAS, Deteriorated community standards and the increasing abdication of individual responsibility indirectly encourage the production and distribution of objectionable printed matter, and

WHEREAS, Recent decisions of the various courts have drastically curtailed and rendered ineffective the restrictions heretofore imposed on the dissemination of obscene and pornographic material, and

WHEREAS, The above conditions have resulted in a flood of slickly sophisticated material of a semi-concealed, obscene and pornographic character which is openly sold to all persons at readily available bookstores and news stands, and

WHEREAS, Its availability to persons of all ages contributes substantially to the erosion and destruction of the rules of proper moral conduct and self-discipline; and

WHEREAS, The continuing permitted intrusion and extension in our communities of such obscene and pornographic material will result in further moral decay and have an inescapable impact upon our people, our homes and our nation, and which will make our way of life vulnerable and subject to destruction; now, therefore, be it

Resolved, That the Knights of Columbus calls for a complete re-examination of all of the laws affecting the dissemination of obscene and pornographic material to the end that appropriate legislation may be enacted, consistent with constitutional guarantees which will provide proper restraints that reflect a balanced approach to the needs, desires and rights of our entire community and State and not just the narrow commercial interests of those few who would substitute the anarchy of no restraint in place of the justified restraint which seeks to protect the health, safety and welfare of the public generally, and be it further

Resolved, That the California State Council of the Knights of Columbus call upon all individuals and organizations to adopt a program of sanctions upon those bookdealers and newsstand operators and their distributors who fail to exercise their responsibilities by proper control of such material and who continue to refuse to eliminate from their merchandise those publications which violate public interest and are destructive of high moral standards; and be it further

Resolved, That a copy of this resolution be sent to the Governor of the State of California, the Members of the Legislature of the State of California, and Members of the House of Representatives of the State of California, and the United States Senators from the State of California

CHAPTER 2. OUTDOOR ADVERTISING

Article 1. *Declaration of Policy*

5200. The Legislature finds and declares that:

(a) The economy of the State and of many areas and regions within the State is peculiarly and substantially dependent upon the scenic resources which attract great numbers of tourists and which give great pleasure and instruction to these tourists and to the motoring public generally, the income from whose presence is a vital factor in the healthy economic growth and development of the State and these areas and regions, and that there is a compelling economic necessity to protect and preserve these scenic resources in the interest of the general welfare of the people of this State through the limitation of the amount and types of outdoor advertising.

(b) The urban landscapes provided by the extensive and continuing growth and development of many communities of the State and by the unique or distinctive topographic or geographic characteristics of the sites or locations of said communities, and the otherwise necessary elevated highway facilities in such communities afford inspiring and instructive panorama of such urban landscapes and such views, both day and night, constitute scenic and cultural resources in their own right, and that there exist compelling economic and esthetic reasons to protect and preserve these resources in the interest of the general welfare of the people of this State.

(c) In addition to fulfilling the above purposes, it is the intent and purpose of this chapter to prevent unreasonable distraction of motor vehicle operators; to prevent confusion with regard to traffic lights, signs or signals or other interference with the effectiveness of traffic regulations, to promote maximum safety, comfort and well-being of the users of the interstate highways and state highways, and to protect the public investment in interstate highways and state highways.

5201. The Legislature further finds and declares that the safety and general welfare of the people of this State require the provision of adequate and comprehensive information to the motoring public respecting comfort and convenience facilities, certain commercial services, emergency services, and places of scenic, cultural or historical importance, and that such information is a matter of statewide concern and should be provided in a uniform and consistent manner along the national system of interstate and defense highways and the state highway system, and that the methods and devices used to provide such information should be integrated to the maximum degree possible with the official signing methods and devices provided on or adjacent to said highway systems pursuant to federal or state law.

5202. It is declared to be the intent of the Legislature in enacting this chapter to establish minimum standards with respect to the regulation of outdoor advertising.

MESSAGES FROM THE GOVERNOR

The following message from the Governor was received, and read·

Veto Message Concerning Assembly Bill No. 1364

STATE OF CALIFORNIA GOVERNOR'S OFFICE
SACRAMENTO, June 19, 1963

To the Honorable Members of the Assembly
State of California
Sacramento, California

GREETINGS I am returning herewith, without my signature,

Assembly Bill No. 1364, entitled "An act to amend Section 17972 of the Health and Safety Code, relating to entry and inspection of housing"

The measure amends a section of the State Housing Law which presently authorizes enforcement officers to enter buildings whenever necessary to secure compliance with, or prevent violations of, the law or regulations promulgated thereunder As amended, the section would prohibit entry of inhabited dwellings between the hours of 6 p m and 8 a m, without the consent of the owner or occupants, and would prohibit entry of any dwelling whatsoever, in the absence of the occupants, without a proper court order authorizing such entry As amended, the section also prescribes a hearing procedure to be followed in cases where the owner refuses, after notice, to permit such inspection during daytime hours

Assembly Bill No 1364 is opposed by the representatives of various local agencies, particularly those engaged in fire prevention work, as imposing an additional and needless burden on local inspectors charged with the enforcement of the Housing Law They point out that under present law (Section 17972) inspectors are prohibited from entering dwellings between the hours of 6 p m and 8 a m, without the consent of the owners or occupants, and from entering dwellings at any time in the absence of the occupants, without a court order, so that actually all the bill accomplishes is to delay inspections, and make them more expensive, by preventing routine daytime inspections of all of the buildings in a certain area, where one or more of the occupants withholds his consent

I am also advised that neither the present law nor the bill sets forth the judicial procedure to be followed in obtaining the court order referred to in the bill and in the present law There are provisions in the Penal Code regarding issuance of

search warrants in certain cases, but they appear to be inappropriate for use in connection with inspections for possible violations of the Housing Law

For these reasons, I am returning Assembly Bill No 1364 without my signature

Respectfully submitted,

EDMUND G BROWN, Governor

Acknowledgment of Receipt of Bill

I acknowledge receipt this 19th day of June, 1963 at 7 08 o'clock p m , Assembly Bill 1364 without the Governor's signature, together with a statement of his objections thereto signed by the Governor, delivered to me personally by Caroline J Dunning, Secretary to the Legislative Secretary to the Governor

PRAYER

The following prayer was offered by the Chaplain, Rev. Robert R Ferguson:

Gracious God Our Lord, In the last day of this session, we come with mixed emotions. We are grateful for experiences which have broadened and deepened our lives; for qualities which have developed through debate which would otherwise have remained dormant. Where we have been wrong, guided by selfish motives, purify our mistakes May we through this session be equipped to be of greater service to Thee and to the people of this State

We are grateful for our Governor, our Speaker and Presiding Officers, a gracious staff and each Member of this Assembly. Be with our families and may we return home strengthened by the invisible bonds of friendship and respect which unite us

May the Lord bless you and keep you; may the Lord cause His face to shine upon you and be gracious unto you; may the Lord lift up the light of His countenance upon you and give you His peace both now and in the world to come.—AMEN.

RESOLUTIONS

The following resolution was offered:

By Assemblyman Kennick:

House Resolution No. 616

Relative to a study of schools of cosmetology

WHEREAS, There is considerable conflict among the people who are engaged in the art of cosmetology within the State of California as to cosmetology schools engaging in practices which are not necessarily in accordance with the purposes for which they are licensed, and

WHEREAS, Cosmetology establishment owners complain frequently about the cosmetology schools competing directly for the patronage which is customarily thought to be inherently available to licensed shops where licensed owners and operators engage in the practice of cosmetology; and

WHEREAS, The cosmetology schools are allegedly practicing cosmetology through students who serve patrons for prices far below those charged in regular beauty shops, however, such schools pay no direct wages to the students and they avoid payroll deductions, social security, workmen's compensation, unemployment compensation and other employer-employee relationships; now, therefore, be it

Resolved by the Assembly of the State of California, That the Assembly Committee on Rules is directed to assign to an appropriate interim committee for study the subject of cosmetology schools, including, but not limited to, the matters referred to herein, and to direct the committee to report its findings and recommendations to the Legislature not later than the fifth legislative day of the 1965 Regular Session of the Legislature

Resolution read, and referred by the Speaker pro Tempore to the Committee on Rules

THE NAME'S THE SAME
By Ann Jenkins

Listen my CONRADS and you shall hear
Of the terrible conspiracy against us here.
Most any clerk will chuckle in glee
At mention of the Session of '63

Listen quite closely and before I am FREW
You will hear your own name and probably sue
Have a soft heart for we who record—
80 names to unscramble by the grace of the Lord.

This was the year of BAD HAM BEE
A session of hard KNOX for 34, tee hee
There were SONGS in CHAPELS, BOOTHS, BARNES and HOLMES
Shrieks from QUIMBY, and some days just groans.

Some were a BURTON, some were a BANE,
Some were old BAGLEYS, some just a shame.
Some were quite FORAN, some a bit GREENE,
Some just too YOUNG, some were a scream.

MILLS and DILLS we jumbled on bills,
FERRELL and CARRELL had us over a barrel,
VEYSEY and CASEY made us go crazy,
SOTO and MORENO gave the Cinco de Mayo.

DAVIS and MILIAS weren't always the silliest,
CUSANOVICH and ZENOVICH had quite a pitch,
DONOVAN and DEUKMEJIAN rode not the same rail,
BURGENER caused even the Birchers to pale

ALLEN kept THELIN the floor from UNRUH,
WALDIE'S PATTEE-cake made many a stew,
LANTERMAN's wit deserved a good CROWN . . ing,
Other men's MARKS were made mostly by clowning

WARREN . . . ed we were of deep, hidden POWERS,
WAITE we did for endless hours,
The muddle got thicker with each word,
Often the air turned cold as a Z'BERG.

Slow burning fires should have been WHETMORE,
The VENEMAN of others poisoned the FLOUR . . . NOY
But we did STANTON our laurels, remained quite discreet,
Dabbed on more COLOGNE, and looked at our feet

A RYAN face we did avoid, GAFF . . . NEY'S we overlooked,
Wallowing in MEYERS of sticky bills,
Dauntless, we spared the hook.

We KENNICK lie, there have been hours,
Riddled with sweetness, light and promise—
Parables of PETRIS, rhymes of GARRIGUS,
Guests of MONAGAN, and gusts from THOMAS.

There have been the favorite SONS—
DANIEL . . . SON, JOHN . . SON, WILLIAM . . . SON and WILL . . SON.
But our favorite heir it's clear,
Is the son of a BEILEN—born this year

'Twas a year of sit-ins . such clever ASHCRAFT,
McMILLAN and DANNEMEYER just sat back and laughed.
ELLIOTT and HINCKLEY spared not the rod,
MULFORD'S voice boomed like the word of God.

Perhaps you thought us HENSON lads and WINTON lassies,
Though some days we had things ALL-QUISTED up
Sometimes 'twas a touch of RUMFORD made us sassy,
Thanks for helping us GONSALVES our problems—saved us from a rut.

Bring us a COLLIER, or call us a PORTER,
The '63 Session is DYMALLY at an end
Build us a BRITSCHGI from chaos to order,
We've learned BELOTTI this year, my friend

Forgive our punning—have we been too foolhardy?
By now you know we're crazy as a LUNARDI
To make it even STEVENS, keep the record straight,
We shall remain A OHNIMUS, lest you give us the gate

Recommendation of the Governor

In accordance with Article IV, Section 34, of the Constitution, the Governor presented the following communication recommending the consideration of Senate Bill No 1607:

STATE OF CALIFORNIA, GOVERNOR'S OFFICE
SACRAMENTO, May 28, 1963

To the Honorable Members of the Senate and Assembly:

Senate Bill No. 1607, "An act to create a joint legislative committee to revise the penal laws and procedures, and making an appropriation therefor,"

in my opinion constitutes an emergency bill within the meaning of that term as used in Section 34 of Article IV of the Constitution of the State of California, the consideration of which should not await the final enactment of the Budget Bill

I, therefore, recommend consideration of Senate Bill No 1607 as an emergency measure

Respectfully submitted,

EDMUND G BROWN, Governor
