62319. In determining the assessments which are payable under Sections 62316, 62317, and 62318, there shall be excluded from such computations all fluid milk which is sold to retailers or consumers outside the marketing area in which such program is effective and any other fluid milk which the director shall determine is sold to such persons or under such circumstances that the sale, distribution, or consumption of such fluid milk is not influenced or affected by such program.

62320. Sections 62316, 62317, and 62318 apply only to programs which are instituted under this article on or after September 9, 1953. The assessments for any program in effect under this article prior to that date shall continue to be as provided in such program unless and until modified as provided in Article 18 (commencing with Section 62351) of this chapter.

62321. All amounts which are required to be paid to the director pursuant to this article by producers or distributors shall be paid to the director on or before the 30th day following the last day of the month during which such fluid milk was received by distributors. Every distributor that receives milk from any producer in any area where the provisions of this article are in effect which authorize the director to require payments from producers, shall deduct and pay to the director such payments which are provided for pursuant to this article from the payments which are due for such distributor to such producer for fluid milk.

62322. Except as otherwise provided in Section 62323, any money which is received by the director pursuant to this article shall be deposited in the Department of Agriculture Fund in the State Treasury allocated to each separate marketing area from which it is collected and it shall be disbursed only for the purposes which are specified, subject to the approval of the director.

Any money which is received by the director in excess of the amount that is required for any program shall be made available for the administration of the provisions of this chapter.

62323. If the Dairy Council of California is selected to administer any program, any money which is, or has been, received by the director pursuant to this article for the program shall be deposited and expended in the same manner as provided in Sections 64259 to 64261, inclusive.

Article 18. Amendment and Extension of Sales Stimulation and Consumer Educational Programs

62351. Any sales stimulation and consumer educational program which is, or has been, instituted pursuant to Article 17 (commencing with Section 62301) of this chapter, may be amended to change the amount of the assessments, or to extend the period during which the program is to remain in effect, in the manner which is provided in this article.

62352. The persons administering a sales stimulation and consumer educational program may make application to the director for a referendum on the question of changing the amounts of the assessments under the program, or the question of extending the period the program is to remain in effect, or on both such questions.

If the application relates to a change in the assessments, it shall state the maximum amounts to which the assessments are to be changed. If the application relates to the extension of a program, it shall specify the date to which the program is to be extended. The maximum assessments shall in no event exceed those which are specified in Sections 62316, 62317, and 62318.

62353. Upon receipt of such an application, the department shall prepare a ballot in substantially the form which is prescribed by this section:

Ballot

"_____ Marketing Area—Sales Stimulation and Consumer Educational Program"

If the application is for a change in the amounts of the assessments under the program the ballot shall contain substantially the following:

"Shall the assessments under this program be increased from _____ mills to _____ mills per pound milk fat (or from _____ mills to _____ mills for each 10 gallons)? Yes _____. No _____."

If the application is for an extension of the period during which the program is to continue the ballot shall contain substantially the following:

"Shall the termination date of the program be extended from _____, 19___, to _____, 19___? Yes _____. No _____."

If the application is for both a change in the amounts of the assessments and an extension of the effective period of the program the ballot shall contain both questions.

Below the question or questions shall appear blanks for the signature and address of the producer, distributor, or producer-distributor.

62354. The ballots shall be mailed to each person that is eligible to petition the director for the institution of the program pursuant to the provisions of Section 62302.

62355. The ballots shall contain or be accompanied by instructions to the persons that are eligible to vote as to how to mark the ballots. The instructions shall contain a statement that in order to be counted the ballots are required to be received by the department not later than a date which is specified in such instructions. The date shall be determined by the department, but shall not be less than 30 days after the mailing of the ballots by the department.

62356. Upon the expiration of the period during which ballots may be received, the department shall determine the result. If the program affects producers only, the affirmative vote of not less than 65 percent of the producers that are eligible to vote pursuant to Section 62302 and voting on a question is required in order that the change may be made effective.

If the program affects distributors only, the affirmative vote of not less than 65 percent of the distributors voting on the question is required in order that the change may be made effective.

If the program affects both producers and distributors, the affirmative vote of not less than 65 percent of the producers eligible to vote and voting and of not less than 65 percent of the distributors voting is necessary.

62357. If the director determines that a sufficient vote has been cast in the affirmative upon any question which is submitted pursuant to this article, he shall, by order, declare the change in the program effective. A change in the rates of assessments shall become operative for the assessments for the next month following the date of the order which declares the change effective.

Article 19. Amendment or Termination of Stabilization and Marketing Plans

62381. The director may amend or terminate any stabilization and marketing plan, after notice and public hearing as prescribed in Article 13 (commencing with Section 62181) of this chapter, if he finds that such plan is no longer in conformity with the standards which are prescribed in, or will not tend to effectuate the purposes of, this chapter.

62382. A hearing on the amendment or termination of a stabilization and marketing plan may be held upon the motion of the director and shall be held upon receipt of a petition which is signed by producers, or by the board of directors of any nonprofit agricultural cooperative marketing association which is authorized by its members to so petition. Such petition shall represent not less than 55 percent of the total number of all producers and not less than 55 percent of the total production of all producers that are eligible to petition the director for the formulation of such a plan.

Article 20. Establishment of Minimum Prices to Be Paid Producers

62411. The director may prescribe minimum prices to be paid by distributors in accordance with a stabilization and marketing plan for fluid milk and classify such milk according to usage by distributors, pursuant to the provisions of this chapter.

62412. If the director establishes a stabilization and marketing plan for fluid milk, the director shall prescribe minimum prices to be paid by distributors for fluid cream, fluid skim milk, or milk fat, or fluid skim milk components of such fluid milk, under such a stabilization and marketing plan. The director shall establish minimum prices to be paid by distributors for class 1 usage of fluid milk upon a milk-fat and milk-solids-not-fat basis.

62413. In the establishment of the minimum prices for one or more of the respective classes of fluid milk, separate prices may be established for any of the following:

(a) The milk fat which is contained in such milk

(b) The skim milk which is contained in such milk.

(c) A combination of the milk fat and the skim milk which is contained in such milk.

62414. In designating and prescribing, or providing methods for designating and prescribing, minimum prices to be paid by distributors to producers for class 2 or class 3 fluid milk, fluid skim milk, or fluid cream, the director may take into consideration all relevant economic factors, including, but not limited to, both of the following:

(a) The relative market values of the various products which are involved.

(b) The market price of other milk which may be used for the same purposes that are set forth in such respective classes.

62415. A distributor shall not pay any producer less than the applicable price which is established for the usage to which the fluid milk, fluid skim milk, or fluid cream that is purchased from him is applied or any price which is lower than that which is established in the applicable stabilization and marketing plan for class 3 usage.

62416. The prices which are established for fluid milk, fluid skim milk, and fluid cream for class 2 or class 3 usage shall be such as will return to the fluid milk producers that supply the marketing area, after all transportation, handling, and other charges against the producers are subtracted, not less than the prices which are received for manufacturing milk, delivered at the ranch where it is produced, by the manufacturing milk producers that supply manufacturing milk to those milk products plants the manufacturing milk prices paid by which are taken into consideration in establishing the class 2 and class 3 prices in the applicable stabilization and marketing plan. The prices which are so established may, however, be lower prices than are required by this section if

the director makes a written finding which is based upon evidence and testimony that is adduced at a public hearing that the establishment of such lower prices is necessary to effectuate the purposes and policies of this chapter and includes in such finding a statement of the reasons for making it. Each such finding shall be incorporated in the applicable stabilization and marketing plan.

62417. Subject to the provisions of Section 62412, in determining the minimum prices to be paid by distributors to producers for the several class usages for a marketing area, the director may establish prices for fluid milk, fluid cream and fluid skim milk, milk fat, or fluid skim milk components of such fluid milk. Any such minimum prices which are established by the director are applicable to all fluid milk, fluid cream and skim milk, or milk fat which is or fluid skim milk components of such fluid milk which are, utilized in such marketing area, in accordance with the several class usages of such fluid milk or such components of such fluid milk regardless of the area of origin.

62418. If the director holds a public hearing for the purpose of considering whether or not the minimum prices for fluid milk to be paid to producers by distributors should be modified in order to comply with this chapter, the director may also hold a public hearing for the sole purpose of considering the effect of any such proposed change in the prices to be paid to producers by distributors upon the minimum wholesale and minimum retail prices then in effect. Following the hearing, the director may modify the minimum wholesale and minimum retail prices to the extent which is necessary to reflect any such modifications in prices to be paid to producers by distributors without the necessity of considering or making findings at that time upon the factors, other than the cost of fluid milk to distributors, specified in Sections 62479 and 62487. The hearings which are authorized in this section may be consolidated pursuant to the applicable provisions of Section 61943.

Article 21. Sales to United States

62431. Each person that submits a bid for the sale to an agency of the United States Government of fluid milk or any milk product which utilizes class 1 fluid milk shall file with the director, at the same time such bid is submitted, a complete copy of such bid and the following certification:

"The undersigned certifies that in sales by the undersigned to agencies of the United States Government, pursuant to the attached bid, of fluid milk or milk products utilizing class 1 fluid milk, as such class 1 fluid milk is defined in Chapter 2 (commencing with Section 61801), Part 3, Division 21 of the Agricultural Code, the undersigned is complying with all California statutes and regulations pertaining to the establishment and enforcement by

the California Director of Agriculture of minimum prices to be paid producers for such class 1 fluid milk."

All bids and certifications which are filed pursuant to this section shall be confidential and shall not be divulged except when necessary for the proper determination of any court proceeding or hearing before the director.

Article 22. Special Provisions for Frozen Milk or Cream

62441. Each distributor that purchases fluid milk, fluid milk for fluid cream, or both, from any producer for the purpose of freezing and holding in cold storage the market cream, or the concentrated market cream which is derived from it, as authorized in Section 35752, shall pay to producers not less than the minimum price for class 2 milk as provided in the stabilization and marketing plan in the area in which such purchases are made, and shall keep a record of all such lots of fluid milk or fluid milk for fluid cream which is received from the producer.

62442. If such market cream or concentrated market cream is subsequently sold in class 1 and the class 1 price which is established in the stabilization and marketing plan that is applicable to the area where such market cream or concentrated market cream is sold exceeds the price which is paid for the fluid milk or fluid milk for fluid cream which is established in the stabilization and marketing plan, or both, the distributor shall pay to the producer the difference between the class 2 and the class 1 price, less the cost of storage of such market cream or concentrated market cream.

Article 23. Minimum Wholesale and Retail Prices

62471. Pursuant to the declaration and statements of facts, policy, and purposes which are set forth in this chapter, the director may prescribe and enforce minimum wholesale and minimum retail prices for fluid milk, or fluid cream, or both, as set forth in this article, and enforce the provisions of this article.

62472. In every marketing area in which a stabilization and marketing plan for fluid milk is now or hereafter in effect pursuant to the provisions of this chapter, the director shall designate and prescribe, or provide methods for designating and prescribing, minimum wholesale and minimum retail prices for fluid milk, including pasteurized concentrated milk, and low fat milk, pursuant to the provisions of this article.

In every marketing area in which the director has, under a stabilization and marketing plan for fluid milk, prescribed minimum prices which are to be paid by the distributors for fluid cream or fluid skim milk, or both, the director may designate and prescribe, or provide methods for designating and prescribing, minimum wholesale and minimum retail prices for fluid cream or fluid skim milk, or both, pursuant to the provisions of this article.

Unless the context otherwise requires or indicates, the term "fluid milk," as used in this chapter, includes both of the following:

(a) Fluid skim milk in the application of this chapter to any marketing area in which the director has exercised his discretion to designate and prescribe, or provide methods for designating and prescribing, minimum wholesale and minimum retail prices for fluid skim milk.

(b) Low fat milk.

62473. In order to meet changes and variations in economic conditions which affect the distribution of fluid milk within a marketing area and to facilitate the consolidation or modification of marketing areas to include within each such area all contiguous territory in which conditions of production of fluid milk are reasonably uniform, the director may establish minimum wholesale and minimum retail prices pursuant to this chapter upon a zone basis within the boundaries of a marketing area. Such zones may be established only after a public hearing and shall be established only upon the basis of cost differentials in the distribution of fluid milk between the zones which are so established within a marketing area as such cost differentials are determined by cost surveys.

62474. A subdistributor price shall be established for each marketing area and if fluid milk or fluid cream, or both, is purchased, other than in bulk, by one distributor from another distributor for sale in a marketing area other than the marketing area where purchased the price paid shall not be less than the minimum subdistributor price for the marketing area in which the fluid milk or fluid cream, or both, is ultimately sold. Subdistributor prices may vary from the minimum prices which are established for sales by distributors to other wholesale customers.

The director may, through regulations adopted pursuant to Section 61931, clarify and apply the definition of "distributor" under Section 61806 for purposes of determining the transactions in fluid milk which are subject to subdistributor prices, including variations in such prices based upon quantity purchases.

62475. In determining minimum wholesale prices and minimum retail prices in any marketing area, the director shall first make an investigation in such marketing area to establish such facts as are necessary to permit him to carry out the intent of this article within the standards which are prescribed in this article.

In making such investigation, the director may examine the books and records of distributors and retail stores in such marketing area and shall hold one or more public hearings, take testimony, and may subpoena witnesses.

62476. All testimony which is received at such hearings shall be under oath. Notice of any hearing which is held by the director pursuant to this article shall be given by the director to every distributor and retail store in such marketing area

whose name appears upon the records of the department or that files a request for notice of such hearings with the department, by mail or by publication for the time and in the manner which is prescribed in Section 62184.

62477. At the time of giving such notice of any hearing, the director shall mail with the notice to each person to whom such notice is required to be given, a written statement which shows all of the following:

(a) Whether such hearing is held at the instance of the director or in response to written request.

(b) The purpose and scope of such hearing.

(c) A summary of changes in economic factors to the extent such changes have been ascertained by the director in connection with the hearing prior to the giving of the notice of the hearing.

(d) The proposed minimum prices for fluid milk, fluid cream, or both, together with any other provisions which the director then has under consideration, or may then propose to establish, for such marketing area, which are based upon such investigation, cost surveys, or examinations, or a statement that the director has not, prior to giving notice of the hearing, formulated any such proposed minimum prices or other provisions.

62478. A record of any hearing which is held by the director, pursuant to this article, shall be made and filed in the office of the director. It shall, at all times, be available to inspection by any interested person.

62479. In addition to any other matters which are required to be taken into consideration by the director, he shall, in determining minimum wholesale and minimum retail prices for fluid milk or fluid cream, or both, for any marketing area, take into consideration all of the following economic factors which are operative in such marketing area:

(a) The quantities of fluid milk or fluid cream, or both, which are distributed in such marketing area.

(b) The quantities of fluid milk or fluid cream, or both, which are normally required by consumers in such marketing area.

(c) The estimated purchasing power of consumers in such marketing area.

(d) The cost of fluid milk or fluid cream, or both, in such marketing area to distributors and retail stores, which in all cases shall be, respectively, the prices paid by distributors to producers and the minimum wholesale prices, as established pursuant to this chapter.

(e) The reasonably necessary cost of handling fluid milk or fluid cream, or both, which is incurred by distributors, including all costs of hauling, processing, selling, and delivering and reasonable return on necessary capital investment, for each of the several methods of distribution which are used in such marketing area in accomplishing such hauling, processing, selling, and delivery, excluding costs which are not reasonably

necessary to efficient operation, as such costs are determined by impartial cost surveys, or examination of the books and records, or both, of all, or such portion of the distributors in such marketing area as are reasonably determined by the director to be sufficiently representative to indicate the reasonably necessary costs of sufficient efficient distribution for such marketing area.

(f) The estimated amount of the available capacity for processing and distributing fluid milk or fluid cream, or both, of distributors in such marketing area and the estimated extent to which such available capacity is being used by such distributors.

(g) The reasonably necessary cost of handling fluid milk or fluid cream, or both, which is incurred by retail stores, as such costs are determined by impartial cost surveys, or examination of the books and records, or both, of such portion of the retail stores in such marketing area as are reasonably determined by the director to be sufficiently representative to indicate such costs of all retail stores in such marketing area. In determining such costs which are incurred by retail stores which handle commodities in addition to fluid milk or fluid cream, or both, the director shall determine the cost of doing business for each such representative retail store and for such purpose shall consider all costs and expenses of doing business, including depreciation on inventory and equipment. In the absence of satisfactory evidence to the contrary, the cost of handling such fluid milk or fluid cream, or both, shall be presumed to be the same percentage as the cost of doing business of such retail store in conducting its entire business.

62480. In determining minimum wholesale and minimum retail prices for any marketing area, the prices which are paid by distributors to producers as established pursuant to this chapter shall also be considered as the cost of fluid milk, fluid skim milk, or fluid cream to any association of producers, or other cooperative association, incorporated or unincorporated, which is engaged in the distribution of fluid milk, fluid skim milk, or fluid cream.

62481. The director shall take into consideration the reasonably necessary cost of handling fluid milk or fluid cream, or both, which is incurred by distributors in hauling, processing, selling, and delivering to restaurants, confectioneries, or other places for consumption on the premises in which it is required by law that service to customers be made from the original container or from milk-dispensing devices which have been approved for such use by the director in accordance with Section 34591. In fixing the minimum wholesale price to be paid distributors by such persons, the director shall take into consideration such legal requirements and other reasonably necessary factors and distribution costs peculiarly affecting service to such persons. If the director reasonably determines that such reasonably necessary factors and costs require that the minimum wholesale prices to be paid distributors by such

persons vary from the minimum prices which are established for other wholesale customers, the prices which are established to be paid by such persons may vary accordingly. The prices which are established to be paid by such persons for milk which is sold in containers that are designed for use in milk-dispensing devices which are approved for such use by the director pursuant to Section 34591 may vary from any of the minimum wholesale prices referred to in this article if the director reasonably determines that the necessary factors and costs involved in such sales require that these prices vary from any of the minimum wholesale prices which are referred to in this section.

62482. Minimum wholesale price schedules for fluid milk, fluid cream, or both, which are established by the director, may provide for quantity discounts. Such discounts shall be no more than those which give full effect to cost differences in respect to single deliveries of varying quantities of fluid milk, fluid cream, or both, to wholesale customers.

62483. Minimum retail price schedules for fluid milk, fluid cream, or both, which are established by the director for home delivery, may provide for either quantity discounts or delivery service charges. Such discounts or service charges shall be no more than those which give full effect to cost differences in respect to the home delivery of single orders of varying quantities of fluid milk, fluid cream, or both, to retail consumers.

62484. Minimum retail price schedules for fluid milk, fluid cream, or both, which are established by the director for retail stores may provide for quantity discounts. Such discounts shall be no more than those which give effect to store handling cost differences in the sale of single orders of varying quantities of fluid milk, fluid cream, or both, to retail consumers.

62485. The director shall make, or cause to be made, such cost surveys or examinations, or both, as are necessary in order to enable him to determine any changes in costs, and in accordance with the provisions of this article, after notice and public hearing which is called and held in the same manner as is prescribed in Sections 62475, 62476, 62477, and 62478, shall amend any minimum wholesale or minimum retail price which is established pursuant to the provisions of this chapter if he finds that any such price is no longer in conformity with the standards which are prescribed for it, or will not tend to effectuate the purposes of this chapter.

62486. Following the hearings, investigation, surveys, or examinations which are authorized by this article, the director shall establish minimum wholesale and minimum retail prices for such marketing area for the distributors in such marketing area, and minimum retail prices for retail stores in such marketing area.

62487. The minimum wholesale and minimum retail prices shall be sufficient, but not more than reasonably sufficient, to

cover costs, as such costs are described in Section 62479, for each of the several methods of distribution, and reasonable return upon necessary capital investment, as shown to the director by the facts which are available to the director from the hearings, investigation, surveys, or examinations for such marketing area which are required in this chapter. The director shall declare such prices effective in the same manner as that which is prescribed in this chapter for declaring producer prices effective unless the director determines from credible evidence that any prices which are established as set forth in this article will not, or would not, conform to and effectuate the legislative declarations, purposes, and intent set forth in this chapter. If he so determines, he shall instead establish minimum wholesale or minimum retail prices which are higher or lower than those which are sufficient to cover the costs and reasonable return on capital investment, without limitations based upon the cost of individual distributors and retail stores which are described in subdivisions (e) and (g) of Section 62479, upon the condition that he shall determine in his judgment and shall find in writing with respect to such higher or lower minimum prices both:

(a) That such minimum prices will tend to maintain in the business of distributing fluid milk and fluid cream, or both, such reasonably efficient retail stores and distributors of fluid milk and fluid cream, or both, in such marketing area as the director finds are necessary to insure to consumers in such marketing area sufficient distribution facilities to supply the quantity of fluid milk or fluid cream, or both, required by such consumers without requiring such consumers to pay more for their supplies of such fluid milk or fluid cream, or both, than is necessary to maintain adequate and efficient distribution facilities in such marketing area.

(b) That such minimum prices will not tend to induce or authorize the development of unfair trade practices, unfair competition, conditions of monopoly or combinations in restraint of trade, and that such minimum prices will tend to encourage the orderly and efficient marketing of fluid milk or fluid cream, or both.

62488. A distributor shall not sell to any retail store, restaurant, confectionery, or other place for consumption on or off the premises, or to any consumer, and a retail store, restaurant, confectionery, or other place for consumption on or off the premises, shall not purchase from any distributor or sell to any consumer, any fluid milk or fluid cream, or either of them, at less than the prices which are established by the director pursuant to the provisions of this article.

62489. The use, or attempted use, of any method, device, or transaction by which any distributor sells or offers or agrees to sell to any retail store, restaurant, confectionery, or other place for consumption on or off the premises, or to any consumer, or any retail store, restaurant, confectionery, or other place for consumption on or off the premises buys or

offers or agrees to buy from any distributor, or sells or offers or agrees to sell to any consumer, fluid milk or fluid cream, or both, at a price less than that established by the director pursuant to the provisions of this article, is prohibited whether such method, device, or transaction applies directly to fluid milk, fluid cream, or both, or applies to, or is used in connection with, the sale or handling of any commodity, product, or article. Prohibited methods, devices, or transactions include, but are not limited to, any one or more of the following:

(a) Discounts, rebates, free services, or advertising allowances.

(b) Leases of refrigeration or other equipment.

(c) Gifts.

Payments, allowances, or credits which are made or given for, or in connection with, the return of containers or other property, unless such payment, allowance, or credit is a repayment of a deposit or charge, in excess of the price which is established by the director pursuant to the provisions of this article, which is paid by a wholesale customer, or by a consumer, for the return of such containers or other property.

62490. A distributor, or retail store, restaurant, confectionery, or other place for consumption on or off the premises shall be considered to have violated the provisions of Section 62488 or 62489 if it engages in such violation directly or through an agent, employee, or subsidiary or affiliated company or corporation.

For purposes of this section, subsidiary or affiliated company or corporation includes, but is not limited to, companies or corporations controlled by the distributor, or retail store, restaurant, confectionery, or other place for consumption on or off the premises, directly or indirectly through ownership of issued capital stock or otherwise.

62491. The director, pursuant to this section, may suspend the minimum wholesale prices or the minimum retail prices, or both, which are in effect in any marketing area or zone at any time that he determines that such minimum prices do not conform to and effectuate the legislative declarations, purposes, and intent set forth in this chapter.

The director shall give prompt notice by mail of any such suspension in the manner which is prescribed for such notices in Section 62476. Such suspension shall not become effective before the fifth calendar day following the day on which the director gives such notice of suspension.

The director shall thereupon, and within 15 days following the day on which the director gives such notice of suspension, hold one or more public hearings in the marketing area which is affected, in the manner which is prescribed in Sections 62475, 62476, 62477, and 62478. Following such hearings, and any other investigation, surveys, or examinations which are conducted by the director in connection with such hearings, the director may reinstate in such marketing area the minimum prices theretofore suspended, or, if no such action is taken,

shall establish different minimum prices, pursuant to the requirements of this chapter.

This section does not apply to stabilization and marketing plans. Any such plan may be amended or terminated only as provided in Article 19 (commencing with Section 62381) of this chapter.

62492. The director shall terminate the minimum wholesale and minimum retail prices in effect in any marketing area without notice or hearing at any time that there ceases to be a stabilization and marketing plan in force and effect in such marketing area.

Article 24. Distributors' Fees

62521. Every distributor that purchases or handles fluid milk or fluid cream from producers, including the distributor's own production, if any, shall pay a fee of four mills ($0.004) per pound milk fat on all such milk fat which is used for Class 1 purposes and a fee of two mills ($0.002) per pound milk fat on all such milk fat which is used for Class 2 purposes, except on such milk fat which is subject to a payment of a fee required by Section 61501 of this code.

The amount of the fee shall be paid to the director on or before the 30th day following the last day of the month in which such fluid milk or fluid cream was received.

62522. Every distributor that is subject to the provisions of any stabilization and marketing plan made effective by this chapter, shall deduct as an assessment from payments made to producers for fluid milk, fluid cream, or both, including the distributor's own production, the sum of four mills ($0.004) per pound milk fat on all milk fat contained in fluid milk, fluid cream, or both, for all milk fat used for Class 1 purposes and the sum of two mills ($0.002) per pound milk fat for all milk fat used for Class 2 purposes.

The amount of the assessments which are so deducted shall be paid to the director on or before the 30th day following the last day of the month during which such fluid milk or fluid cream was received.

62523. The director may fix the rate of assessments which are required by Section 62522 and the fees which are required by Section 62521 at a less amount, and may adjust the rate of assessment which is required by Section 62522 and the fees which are required by Section 62521, from time to time, whenever he finds that the cost of administering the provisions of this chapter can be defrayed from revenues derived from such lower assessment rates and lower fees.

62524. Any fee or assessment which is payable pursuant to any provision of this article is a debt of the person by whom such fee or assessment is payable and shall be due and payable to the director upon the date set forth in Section 62522. If such person does not pay such fee or assessment upon the required date, the director may file a complaint against such person in a

state court of competent jurisdiction for the collection of such fee or assessment.

If any such person does not pay to the director the fees or assessments provided for in this article, on or before the date which is specified in Section 62522, the director may add to such unpaid fees or assessments an amount not exceeding 10 percent of such unpaid fees or assessments to defray the cost of enforcing the collection of such unpaid fees or assessments.

Article 25. Testing, Weighing and Sampling

62551. The director shall supervise the milk fat and milk solids not fat testing and the weighing and sampling of fluid milk which is delivered to distributors.

62552. He may allocate from the funds which are derived pursuant to Articles 7 (commencing with Section 61971), 8 (commencing with Section 62001), and 22 (commencing with Section 62521) of this chapter such sum for any fiscal year, not exceeding sixty-seven thousand dollars ($67,000), which shall be used exclusively for the supervision and checking the correctness of the milk fat, milk solids not fat, and bacteriological tests and the weighing and sampling of all fluid milk which is delivered to distributors in accordance with the stabilization and marketing plans which are established pursuant to the provisions of this division.

Article 26. Reports and Statistics

62581. All such distributors shall make and file with the director at least once each month such reports as the director may require to enable him to enforce the provisions of this chapter.

62582. Every distributor that purchases fluid milk or fluid cream from a producer shall make and keep for one year a correct record which shows in detail all of the following with reference to the handling, sale, or storage of such fluid milk or fluid cream:

(a) The name and address of the producer.

(b) The date the fluid milk or fluid cream was received.

(c) The amount of fluid milk or fluid cream which was received.

(d) The official butterfat test of the fluid milk or fluid cream if it was purchased on a butterfat basis.

(e) The usage of the fluid milk or fluid cream.

(f) Evidence of payment for the fluid milk or fluid cream which was purchased.

(g) Such further records as the director may require.

62583. Any record or report which is made to the director pursuant to the provisions of this article is confidential and shall not be divulged except if necessary for the proper determination of any court proceedings or hearing before the director.

Article 27. Suspension or Revocation of Licenses

62611. The director may revoke or suspend, as the case may require, any license which is issued pursuant to this chapter, if he is satisfied that any licensee or any person who is connected with the licensee has violated any provision of any of the following:

(a) This chapter or any stabilization and marketing plan which is formulated pursuant to the provisions of this chapter.

(b) Any order of the director which establishes minimum wholesale and minimum retail prices for fluid milk or fluid cream which is formulated pursuant to the provisions of this chapter.

(c) Any regulation which is duly adopted by the director pursuant to Section 61931.

The proceedings shall be conducted in accordance with Chapter 5 (commencing with Section 11500), Part 1, Division 3, Title 2 of the Government Code, and the director shall have all the powers which are granted in such chapter.

62612. The director may also revoke or suspend any license of a distributor if he is satisfied that the distributor has not paid for any fluid milk or fluid cream which was delivered to him at the time and in the manner which is specified in the contract with the producer.

62613. The decision may include an order revoking or suspending the license which is held by the licensee, or affixing such other conditional and probationary orders as may be proper for the enforcement of this chapter or any provision of any stabilization and marketing plan formulated pursuant to the provisions of this chapter, or of any order of the director which establishes minimum wholesale and minimum retail prices for fluid milk or fluid cream which is formulated pursuant to the provisions of this chapter, or of any regulation which is duly adopted by the director pursuant to Section 61931.

62614. After any decision which includes any conditional or probationary orders, if the respondent does not comply with any such orders, the director may suspend or revoke the license in accordance with the procedure which is provided in this article.

62615. Whenever the director is satisfied, either by investigation or after hearing, that a distributor is unable to pay for any fluid milk or fluid cream, or both, purchased from any producer, and is further satisfied that to permit the distributor to continue to purchase and receive any fluid milk or fluid cream, or both, from producers would be likely to cause serious and irreparable loss to producer-creditors and other producers, the director may thereupon and forthwith shorten the time for hearing that is provided for in Chapter 5 (commencing with Section 11500), Part 1, Division 3, Title 2 of the Government Code, and thereupon may issue an order to show cause why the license of such distributor should

not be forthwith suspended or revoked. The time of notice of the hearing shall not, however, be less than five days. At such hearing the distributor that is proceeded against shall be ordered to show cause why the license should not be suspended or revoked, or continued under such conditions and provisions, if any, as the director may consider just and proper and for the protection of the best interests of the producer-creditors and producers from whom the distributor has been and is receiving any fluid milk or fluid cream, or both. Following such hearing, the decision of the director shall become effective at his discretion.

The hearing, in the case of such emergency, may be called upon written notice which is served personally or by mail on the distributor that is involved. It may be held at the nearest office of the director or at such place as may be most convenient in the discretion of the director for the attendance of all of the parties that are involved.

Article 28. Actions and Penalties

62641. The violation of any provision of this chapter, or of any provision of any stabilization and marketing plan or any order of the director which establishes minimum wholesale and minimum retail prices for fluid milk or fluid cream formulated under the provisions of this chapter, or of any of the unfair practices set forth in this chapter or of any regulation duly adopted by the director pursuant to Section 61931, is a misdemeanor.

62642. Any person that violates any provision of this chapter or of a stabilization and marketing plan or any order of the director which establishes minimum wholesale and minimum retail prices for fluid milk or fluid cream or any regulation which is adopted by the director pursuant to Section 61931 shall be liable civilly in the sum of five hundred dollars ($500) for each and every violation, such sum to be recovered by the director in any court of competent jurisdiction.

62643. The director may bring an action to enjoin the violation, or the threatened violation, of any provision of this chapter, or of any order made pursuant to this chapter, in the superior court in the county in which such violation occurs or is about to occur. There may be enjoined in one proceeding any number of defendants alleged to be violating the same provisions or orders, although their properties, interests, residence, or place of business, may be in several counties and the violations separate and distinct. Any proceeding which is brought pursuant to this section shall be governed in all other respects by the provisions of Chapter 3 (commencing with Section 525), Title 7, Part 2 of the Code of Civil Procedure.

CHAPTER 3. MARKETING OF EDIBLE NUTS

Article 1. Contract Requirements

62801. Except as otherwise provided in Section 62803, every contract for the sale of edible nuts which are not in actual existence or ready for immediate delivery shall be in writing and shall state the full purchase price which is to be paid in accordance with the terms of the contract. It shall state the price in a definite sum and, if the price is to be paid upon the basis of units of weight or measure, shall specify or describe such unit and state the full unit price.

62802. Any purchaser of edible nuts which are delivered pursuant to a contract in violation of this article is liable to the seller for the reasonable value of such nuts as of time of delivery and, in addition, is liable to the seller for a penalty of twice the reasonable value of such nuts.

62803. This article is not applicable to any contract between any member of any cooperative agricultural marketing association, which is operating under, and by virtue of, the laws of this state, any other state, the District of Columbia, or the United States, and the cooperative agricultural marketing association.

Article 2. Records

62831. The commissioner of each county, under the supervision of the director, shall enforce this article insofar as it relates to the keeping of the records which are required to be kept by this article.

62832. Every person that purchases English walnuts or almonds for purposes of processing or resale from any person, except a licensed dealer, broker, commission merchant, agricultural cooperative, or wholesaler, shall keep a record of the name and address of the person from whom each lot of such walnuts or almonds was purchased. If such walnuts or almonds are delivered to the purchaser by motor vehicle, the purchaser shall record either the license number of the vehicle or the driver's license number of the person who makes delivery of each lot of such nuts.

62833. The record and statement required to be made by this article shall be kept for one year from the date of purchase or delivery, whichever is later, and shall be made available for inspection upon request by any peace officer.

62834. Any violation of this article is a misdemeanor.

DIVISION 22. MARKETING ADVISORY AND PROMOTIONAL AGENCY LAWS

CHAPTER 1. THE DAIRY COUNCIL OF CALIFORNIA LAW

Article 1. Short Title and Definitions

64001. This chapter shall be known as the Dairy Council of California Law.

64002. Unless the context otherwise requires, the definitions in this article govern the construction of this chapter.

64003. "Council" means the Dairy Council of California.

64004. "Cream" means that portion of milk, rich in milk fat, which rises to the surface of milk on standing, or is separated from it by centrifugal force.

64005. "Dairy products" includes milk and any derivative of milk which is in natural, processed, or manufactured form, or which constitutes a part of another article, commodity, or product.

64006. "Fiscal year" means the period from July 1 in any one year to and including June 30th of the following year.

64007. "Handler" means any person that, as owner, agent, or broker, purchases, or otherwise acquires possession or control of, milk fat from a producer, in the form of unprocessed milk or cream, or in any other unprocessed form, for the purpose of processing it.

64008. "Manufacturing milk" means milk which is included within that term as defined by Section 32509.

64009. "Market milk" means milk which is included within that term as defined by Section 32510.

64010. "Milk" means the lacteal secretion which is obtained from the udders of cows.

64011. "Milk fat" means the fat of milk.

64012. "Or" and "and," may be construed as interchangeable, as the context may require

64013. "Person" means an individual, corporation, partnership, trust, association, cooperative association, and any other business unit or organization.

64014. "Processing" means separating, standardizing, pasteurizing, sterilizing, evaporating, condensing, canning, bottling, packaging, or otherwise preparing milk fat in milk, cream, or skim milk for market, or of using it to manufacture or produce any dairy product "Processing" does not, however, include separating by a producer, on the dairy where the milk is produced nor shall milk so separated be deemed to have been processed. Placing bulk milk, cream, or skim milk in cans for transportation to a handler from the dairy is not canning as that term is used in this section.

64015. "Producer" means any person that produces milk fat and sells it, or delivers possession or control of it, to a

handler, in the form of unprocessed milk or cream, or in any other unprocessed form.

64016. "Producer-handler" means any person that produces milk fat and uses such production, or any part of it, for processing. For the purposes of this chapter, except as hereinafter otherwise provided, a producer-handler is a producer in any transaction which involves the delivery of unprocessed milk fat produced by him to another handler, and is a handler with respect to milk fat produced by him or received from another producer, and processed by such producer-handler.

64017. "Skim milk" is milk from which a substantial part of the milk fat has been removed.

Article 2. General Provisions

64041. It is hereby declared, as a matter of legislative determination, that the provisions of this chapter are enacted in the exercise of the police power of this state for the purposes of protecting and furthering the public health and welfare. It is further declared that the dairy industry of this state is affected with a public interest, in that, among other things:

(a) The production, processing, manufacture, and distribution of milk and other dairy products constitute a paramount industry of this state which not only provides substantial and required revenues for the state and its political subdivisions, and employment and a means of livelihood for many thousands of its population, but also furnishes essential foods that are vital to the public health and welfare.

(b) The stabilization, maintenance, and expansion of the dairy industry of California, and of the state, nationwide, and foreign markets for its products, are necessary to assure the consuming public an adequate supply of foods which are indispensable in a proper human diet, to protect, for the state and its political subdivisions, a necessary source of tax revenue, to provide and maintain an adequate standard of living for a great segment of the population of this state, to maintain proper wage scales for those engaged in the dairy industry, and to maintain existing employment.

(c) The essentiality of milk and other dairy products in a proper human nutrition and to the maintenance of a high level of public health is such as to require that the public be made thoroughly aware thereof, and be protected against misrepresentation and deception, by the dissemination of accurate and scientific information relative to the healthful qualities of dairy products, their various classifications and the food values and industrial and medicinal uses thereof, the methods, care and precautions necessary to their proper production, processing, manufacture, and distribution, and the necessary costs and expenses thereof, and the necessity and desirability on the part of the public of using and consuming dairy products of the highest standards of quality.

64042. The purposes of this chapter are as follows:

(a) To enable the dairy industry with the aid of the state, to develop, maintain, and expand the state, nationwide, and foreign markets for dairy products which are produced, processed, or manufactured in this state, and the use and consumption of such dairy products therein.

(b) In aid, but not in limitation, of this purpose, to authorize and enable the director to formulate and effectuate, directly or in cooperation with other agencies and instrumentalities hereinafter specified, sales stimulation and consumer, or other, educational programs designed to increase the use and consumption of milk and other dairy products.

(c) To provide funds for the administration and enforcement of this chapter by fees to be paid by producers and handlers of dairy products, in the manner which is prescribed in this chapter.

64043. This chapter shall be liberally construed. If any section, sentence, clause, or part of this chapter is, for any reason, held to be unconstitutional or invalid, such decision does not affect the remaining portion of this chapter but such unconstitutional or invalid provision is separable from the valid parts of this chapter.

Article 3. Administration

64071. The director shall administer and enforce this chapter, and may exercise any or all of the administrative powers which are conferred by Sections 11180 to 11191, inclusive, of the Government Code upon a head of a department. In order to effectuate the declared purposes of this chapter, the director may contract to carry out the declared intent and purposes of this chapter.

64072. The director shall, from records of the department or any other reliable source, maintain a list of producers of manufacturing milk, producers of market milk, producer-handlers, and handlers.

Article 4. Dairy Council of California

64101. There is in the state government the Dairy Council of California which consists of 25 members, who shall be citizens and residents of this state. The membership of the council shall be as follows:

(a) Eleven members shall be actually engaged in the production of milk, or shall represent producers that are actually engaged in the production of milk. These 11 members are the producer members of the council.

(b) Eleven members shall be handlers of dairy products. These 11 members are the handler members of the council.

(c) Three members shall be producer-handlers that produce a major portion of the milk which is used in the dairy products which are handled by them.

64102. Insofar as it is practicable, the proportion of the producer members that produce market milk and the proportion of such members that produce manufacturing milk, and the proportion of the handler members that handle market milk and the proportion of such members that handle manufacturing milk shall be the same as the proportions in which market milk and manufacturing milk are produced in this state as shown by the most recently available records of the department. This requirement shall not, however, operate to remove from office any member of the council.

64103. Officials or members, otherwise qualified, of corporations, associations, and other business units, which are actually engaged in business as producers, producer representatives, handlers, or producer-handlers of dairy products, are eligible to be members of the council.

64104. The terms of office of the members of the council shall be three years. Appointments shall be made so that the terms of eight members shall expire at the end of one year, eight at the end of two years, and nine at the end of three years.

64105. Any vacancy occurring during the unexpired term shall be filled by the director for the unexpired term from the list of eligible nominees from the nominations received by him pursuant to Section 64108. The director may remove any member of the council for cause deemed sufficient by him and upon such removal there shall be a vacancy which shall be filled in the manner as provided in this section for the unexpired term.

64106. During the month of October of each year, the director shall prepare and mail nomination forms to all producers of manufacturing milk, producers of market milk, producer-handlers, and handlers for the purpose of receiving from them nominations of members of the council. Forms shall be mailed to the list provided for in Section 64072.

64107. The director shall determine the time permitted to file nominations, which shall not exceed 30 days.

64108. Every producer whose major interest in the dairy business is in the production of market milk may nominate a nominee for each membership on the council which is to be filled by a producer of the same kind. Every producer whose major interest in the dairy business is in the production of manufacturing milk may nominate a nominee for each membership on the council which is to be filled by a producer of the same kind Every producer-handler that produces a major portion of the milk used in the dairy products handled by him may nominate a nominee for each producer-handler membership on the council. Each handler may nominate a nominee for each handler membership on the council.

Producer representatives may be nominated in the same manner as provided in this section, except that to be eligible for appointment, the producer representative shall furnish to the director a resolution in writing which shows the official

action of the board of directors of the organization he represents so nominating him.

64109. Promptly after termination of the time which is allowed by the director for filing nominations, the director shall make the required number of appointments.

64110. A majority of the members of the council shall constitute a quorum for the transaction of all business, including the election of officers.

64111. The council shall select from its number, to serve at its pleasure, a chairman and vice chairman who together with at least three, and not more than five, other members selected by the council shall constitute the executive committee of the council. The executive committee shall have and exercise such powers of the council as the council may delegate to it.

64112. The council shall have two regular meetings in each year at times and places fixed by the council. The times for regular meetings shall be fixed so that there shall be an interval of at least four calendar months between such meetings. The council may meet in special meetings at any time and place at the call of the chairman. The executive committee shall have four regular meetings each year at times and places fixed by it, and may meet in special meetings at any time and place at the call of the chairman.

64113. All meetings of the council shall be open and public. Written notice of the time and place of each regular or special meeting of the council, or of any committee of it, shall be mailed by the manager employed by the council at least seven days before the date of such meeting to each member of the council or of the committee and to any interested person that so requests.

64114. The appointed members of the council shall receive ten dollars ($10) per day for each day spent in actual attendance at the meetings or on the business of the council and shall be reimbursed for necessary traveling and other expenses which are incurred in the performance of their official duties.

64115. No member of the council, except a member of the executive committee, shall receive compensation for more than 10 days' service per year. No member of the executive committee shall receive compensation for more than three days' service per month.

64116. The members of the council who are duly appointed by the director, including employees of such council, shall not be held responsible individually in any way whatsoever to any person for liability on any contract or agreement of the council. All salaries, expenses, costs, obligations, and liabilities which arise out of the administration and enforcement of this chapter are payable only from funds which are collected pursuant to the provisions of this chapter.

64117. The director may require any employee or agent of the council to give a fidelity bond which is executed by a surety company that is authorized to do business in this state in favor of the director, in such sum, and containing such

terms and conditions, as the director may prescribe. The cost of any such fidelity bond shall be paid from the funds which are collected pursuant to this chapter.

Article 5. Powers and Duties

64151. The duties of the council are advisory, except as to those duties which may be delegated to it by the director. The council may, subject to the approval of the director, exercise any of the following powers:

(a) To recommend to the director administrative regulations which relate to the administration and enforcement of this chapter.

(b) To investigate all matters which affect the administration of this chapter, and to report violations of it to the director.

(c) To employ and, at its pleasure, discharge a manager and such clerical help and other employees as it deems necessary, and to prescribe their duties and powers and fix their compensation.

(d) To contract with, or employ, and, at its pleasure, discharge, such advertising experts, advertising agencies, and advertising agents as it deems necessary, and in the cases of such of them as it shall employ, to outline their powers and duties and fix their compensation.

(e) To establish offices and incur expenses incidental thereto.

(f) To recommend to the director the making of such advertising contracts and other agreements as may be necessary to promote the sale of dairy products on either a local, state, national, or international basis.

(g) To cooperate with any other local, state, or national commission, organization, or agency, whether voluntary or created by state or national law, and engaged in work or activities similar to the work and activities of the council, and recommend to the director the making of contracts and agreements with such organizations or agencies for carrying on joint campaigns of research, education, and advertising. In matters of research, the council shall, however, cooperate with organizations of recognized professional standing which are adequately equipped with facilities for the research which is contemplated.

(h) To recommend to the director the institution and promotion of scientific research to develop or discover, or both to develop and discover, the health, food, therapeutic, dietetic, and industrial uses of milk and its products and derivatives.

(i) To cooperate with other public and private agencies which are engaged in similar work or activities in order to avoid or minimize any overlapping or duplication of work or conflict.

64152. The council, from time to time, shall formulate and transmit to the director statements of its contemplated or recommended activities during periods which shall be specified in such statements.

64153. The statements shall comply with all of the following requirements:

(a) Be based on and made after an investigation by the council of the necessities of the dairy industry, the extent of the public interest, necessity, and convenience to be served by such contemplated activities the extent and probable cost of research, education, publicity, and advertising pursuant to this chapter during such periods, the estimated cost of administering this chapter, the probable milk fat production in this state during the months in such periods on which fees pursuant to this chapter will be based, and the revenues from such fees computed on such production.

(b) Describe the programs of research, education, publicity, and advertising, relative to different dairy products which are contemplated or recommended by the council.

(c) Set forth the amounts which are deemed necessary and proposed to be allocated by the director to effectuate such programs and to perform his administrative duties pursuant to this chapter, which shall include reasonable amounts for contingencies.

(d) Be in such form and detail as the director, in the reasonable exercise of his judgment, deems necessary to adequately show whether or not the activities are warranted by the facts which are disclosed by the statements and investigations and are authorized by this chapter.

64154. If the activities which are recommended by the council and are described in the statements are warranted by the facts which are disclosed by the statements and are authorized by this chapter, the director shall approve the activities, in writing, within 20 days after each of the statements has been submitted to him. If he refuses or fails to give such approval within such period, he shall notify the council promptly of his refusal or failure to approve the activities and give his reasons, specifically, for such refusal or failure.

Contemplated or recommended expenditures for political contributions, for lobbying, or for entertainment are not warranted by any facts which are disclosed by the statements nor authorized by this chapter.

64155. The council shall keep accurate books, records, and accounts of all its transactions, dealings, contracts, agreements, funds, and expenditure, which shall at all times be open to inspection and audit by the department and shall be open to inspection by the public during regular office hours. Any ballot which is filed with the director pursuant to this chapter is confidential and shall not be divulged except when necessary for the proper determination of any court proceedings or hearing before the director.

64156. The council annually shall call and hold a series of joint meetings of producers, producer-handlers, and handlers, that are engaged in business as such in this state, at such times and places in the state as the council shall determine will give a reasonable opportunity to every such producer, producer-handler, and handler to attend one of the meetings, for the purpose of informing them of the activities of the council. Notice of each of such meetings shall be given by publishing notice of the meeting in a newspaper of general circulation which is published in the capital of the state, and in any other newspaper as the director determines is necessary to give reasonable notice of the meeting to producers, producer-handlers, and handlers of dairy products in the general area in this state in which the meeting is to be held. The notice of the meeting shall set forth the time, place, and purpose of the meeting.

64157. The council shall prepare, annually, and make available to all producers, producer-handlers, and handlers of dairy products that request them, summarized statements of the activities in which it has been engaged in the previous annual period, and of the activities in which it proposes to engage in the ensuing annual period.

Article 6. Research, Advertising, Publicity, and Education Campaigns

64181. The director shall conduct one or more campaigns of research, advertising, publicity, and education designed to accomplish the following purposes, among others:

(a) Increase the consumption of dairy products.

(b) Gather, publicize, and diffuse accurate and scientific information which shows the importance of the use and consumption of milk, cream, and other dairy products in relation to the public health, economy, and diet, and proper nutrition of children and adults.

(c) Study means and methods employed in producing, processing, manufacturing, marketing, and distributing dairy products in order to comply with the sanitary and other regulations imposed by municipalities, this state or the United States.

(d) Gather and disseminate information regarding the high standards which are observed and imposed to insure pure and wholesome dairy products and the harmful effects on the public health which result from a breakdown in the stability of the dairy industry, the factors and conditions peculiar to the dairy industry which tend to cause an unbalanced production, the price of milk, cream, and other dairy products in relation to the cost of other items of food in a balanced diet, and the factors which tend to promote increased consumption of dairy products, stabilize the industry, and foster a better understanding and more efficient cooperation among producers, per-

sons that are engaged in the handling, processing, and marketing of dairy products, and the consuming public.

64182. In each fiscal year such amount of the money which is received under this chapter as is determined by the council shall be expended or allocated for research in the discovery and development of uses for milk, milk products, and byproducts of milk.

The council shall select the research projects to be carried on from time to time. Insofar as practicable, such projects shall be carried out by the College of Agriculture of the University of California, pursuant to contract entered into between the regents of the university and the director. If, however, the council determines that the college has no facilities for a particular project or that some other recognized research agency has better facilities for it, the project may be carried out by such other research agency, pursuant to contract with the council.

64183. No advertising or sales promotion program which is conducted or sponsored by the director shall make any false or unwarranted claim, or disparage the quality, value, use, or sale of any commodity which is authorized by law to be marketed in this state, nor shall any such program be conducted with reference to a brand or trade name.

Article 7. Records and Reports

64221. Every handler and producer-handler shall keep complete and accurate records of all milk fat which such handler or producer-handler purchases, or possession or control of which he acquires from any producer in the form of unprocessed milk, cream, or in any other unprocessed form. A producer-handler shall include his own production in such records. Every handler and producer-handler shall also keep complete and accurate records of all milk fat which he utilizes for processing.

64222. Such records shall be:

(a) In such form and contain such information, relevant to the purposes of this chapter, as the director may, by order or regulation, prescribe.

(b) Preserved for a period of two years.

(c) Open to inspection at any time on the request of the director.

64223. The director may, by order or regulation require every such handler and producer-handler to file with him returns which give the information, or any part of the information, in the records, which the first handlers are required to keep pursuant to this article. The returns shall be on forms which are prescribed and furnished by the director.

Article 8. Financial Provisions

64251. Each producer and each producer-handler shall pay a fee of five mills ($0.005) per pound, or fraction of a pound,

of milk fat on all milk fat which he produces in this state during the months of October and May in each fiscal year and sells or delivers in unprocessed form to a handler, or possession or control of which he gives to a handler. The fees shall be collected by the first handler that purchases, or otherwise acquires possession or control of, such milk fat by deducting the fee from any payment which is due the producer for milk, cream, or milk fat in any other form. Each producer-handler shall, in addition, pay the same fee on his own production which he uses for processing. For the purposes of this section, a handler that sells unprocessed milk fat, of which he has the right to possession or control by contract or otherwise, to another handler, and delivers said milk fat in unprocessed form to such other handler or causes such milk fat to be delivered to such other handler directly from the producer, is the first handler of such milk fat.

64252. Each handler in this state, including each producer-handler, shall pay a fee of five mills ($0.005) per pound, or fraction of a pound, of milk fat on all unprocessed milk fat which is purchased by such handler or producer-handler from a producer, or possession or control of which such handler or producer-handler acquires from a producer during the months of October and May in each fiscal year. Each producer-handler shall include in such payment the same fee computed on his own production which he uses for processing.

64253. All untested milk and cream purchased in bulk and not tested for milk fat content shall be deemed to weigh and test as follows:

(a) Milk, eight and six-tenths pounds per gallon, milk fat content 4 percent.

(b) Cream, eight pounds per gallon, milk fat content 32 percent.

(c) Any fractional or greater measurement shall be on the above basis.

64254. The fees which are prescribed in Sections 64251 and 64252 shall be paid to the director by handlers or producer-handlers, as the case may be, not later than November 30 and June 30 of each fiscal year.

64255. To the amount of fees which are unpaid when due, there shall be added a penalty of 10 percent.

64256. The director, by action prosecuted by him, may recover any fees which have been or should have been collected pursuant to this article by any handler or producer-handler on milk fat of producers or on a producer-handler's own production or any fees on milk fat which such handler or producer-handler has purchased, or possession or control of which was acquired by him, or which such handler or producer-handler has produced and used for processing, together with all penalties which may have accrued pursuant to this chapter.

64257. If any handler or producer-handler does not make adequate returns, when required, the director shall estimate the amount of delinquency from the records of the depart-

ment, or from any other source of information which is available. In any action by the director to recover fees pursuant to this chapter, a certificate of the director which shows the amount determined by the director to be required to be paid by the person that is required to pay the fees is prima facie evidence of the delinquency of the amount which is shown.

64258. Any money which is collected by the director pursuant to this chapter shall be deposited in a bank or other depository which is approved by the Director of General Services. Funds which are so collected shall be deposited and disbursed in conformity with appropriate regulations prescribed by the director. The expenditure of such funds shall be exempt from the provisions of Section 925.6 of the Government Code. All such expenditures by the director shall be audited at least every two years by the Department of General Services and a copy of such audit shall be delivered within 30 days after the completion thereof to the Governor, the Director of Agriculture and the Controller. Any moneys in the State Treasury to the credit of the "State Dairy Products Trust Fund" shall be withdrawn and deposited in accordance with the provisions of this section.

64259. Any money which is collected by the director pursuant to this chapter is hereby appropriated to the department to carry out the duties which are imposed upon the director and the council pursuant to this chapter. The appropriation which is made in this section is exempt from the operation of Section 16304 of the Government Code. The money which is collected by the director pursuant to this chapter shall be disbursed by the director only for the necessary expenses incurred by the council and the director to carry out the purposes of this chapter, including the payment of refunds which are authorized pursuant to this chapter. The director may disburse such funds in authorized activities related to particular dairy products without reference to the branches of the dairy industry from which such funds are derived.

64260. Any money which is deposited by the director pursuant to Section 64258, which the director determines is available for investment, may be invested or reinvested by the State Treasurer in any of the securities described in Article 1 (commencing with Section 16430), Chapter 3, Part 2, Division 4, Title 2 of the Government Code, or placed in a bank as provided in Chapter 4 (commencing with Section 16500), Part 2, Division 4, Title 2 of the Government Code, and handled in the same manner as money in the State Treasury. For such purposes such moneys may also be combined with funds determined by the director to be available for investment pursuant to Section 58939 of this code.

64261. Any increment which is received from investment, reinvestment, or deposit of money pursuant to Section 64260 shall be remitted to the director for allocation. The State Treasurer may deduct from such remittance an amount equal to the reasonable costs incurred in carrying out the provisions

of this article or may bill the director for the costs and the director shall pay the costs from moneys collected pursuant to this chapter.

64262. The director, after consultation with the council, shall prepare an annual budget which sets forth in reasonable detail the proposed expenditures which he deems necessary for the performance by him and by the department of the duties which are imposed upon them by this chapter. He shall prepare and submit to the board an annual statement, in reasonable detail, of his expenditures pursuant to this chapter.

Article 9. Additional Financial Provisions

64271. As used in this chapter, "class 1 milk" means fluid milk, fluid skim milk, and fluid cream that is supplied to consumers or used for the purposes specified in Section 61842 of this code.

64272. During each four-year period, following the original referendum in 1963, during which a more extensive campaign is authorized pursuant to Section 64277, every producer, handler, and producer-handler of such milk shall pay the additional fees which are prescribed by this article.

64273. During such period, each producer and producer-handler shall pay a maximum fee, for each month of the year other than the months of May and October, of three mills ($0.003) per pound of milk fat produced by him in the state, delivered by him to a handler and used as class 1 milk, including milk fat produced by a producer-handler and used by him as class 1 milk.

64274. During such period, each handler and producer-handler shall pay a maximum fee, for each month of the year other than the months of May and October, of three mills ($0.003) per pound of milk fat on all milk fat received from or handled for producers and used as class 1 milk, including milk fat produced by a producer-handler and processed by him for class 1 milk.

64275. The director shall determine the amount of the fees to be paid up to the maximum amount and shall determine the effective period for the fees.

64276. The fees which are imposed shall be the same for producers as for handlers. The fees authorized may be made effective only for those months of the year other than the months of May and October. The fees authorized shall be in addition to the fees authorized in Sections 64251 and 64252 for the months of May and October and shall be collected and handled in the same manner as provided in Article 8 (commencing with Section 64251 of this chapter), and shall be used to accomplish the purposes of this chapter.

64277. A more extensive campaign of research, advertising, publicity, and education may be continued for subsequent four-year periods in the manner provided in this article.

64278. Within 90 days after the termination of the third fiscal year of such campaign, or as soon thereafter as it may be done, the director shall prepare and mail to each producer, handler, and producer-handler of market milk for class 1 purposes a ballot or ballots and a self-addressed envelope. The ballot form shall be substantially as follows:

Ballot

Dairy Council of California

Continuation of Additional Fee for Handlers, Producers, and Producer-Handlers of Class 1 Milk

Shall handlers, producers, and producer-handlers of class 1 milk continue to pay an additional fee of not to exceed three mills ($0.003) per pound of milk fat for each month of the year except the months of May and October, to be collected upon the basis of milk fat of market milk for class 1 purposes for a further period of four fiscal years following the determination of this referendum?

Address of Handler, Producer, or Producer-Handler

64279. The referendum shall be conducted by the director. The ballots shall contain or be accompanied by instructions to the persons eligible to vote as to how to mark the ballots. The instructions shall contain a statement that in order to be counted the ballots must be received by the department not later than a date specified in the instructions, which date shall be determined by the department but shall not be less than 30 days after the mailing of the ballots by the department.

64280. In the referendum each producer-handler of class 1 milk shall be eligible to vote both as a producer and as a handler.

64281. Upon the expiration of the period during which ballots may be received, the department shall determine the result. If the director finds that 65 percent or more of the total number of producers voting and 65 percent or more of the total number of handlers voting have assented to a continuation of the additional assessment, he shall make a finding to that effect and shall so notify each producer, producer-handler, and handler of class 1 milk fat. The fees imposed shall thereupon be collected with respect to the milk fat to which the fees are applicable for the additional four-year period.

64282. The Dairy Council and the director shall prepare or revise the annual budget provided for by this chapter, for each fiscal year during which a more extensive campaign of

research, advertising, publicity and education is authorized by producers, handlers, and producer-handlers of market milk for class 1 use, to provide for the more extensive campaign during that year.

Article 10. Violations and Penalties

64291. A person shall not use the same name, or a name so similar as to mislead the public into believing it is the same name, as the Dairy Council of California.

64292. Any violation of any provision of this chapter is a misdemeanor.

Chapter 2. California Beef Council Law

Article 1. Short Title and Definitions

64501. This chapter shall be known as the "California Beef Council Law."

64502. Unless the context otherwise requires, the definitions in this article govern the construction of this chapter.

64503. "Beef" includes veal.

64504. "Beef products" includes veal products.

64505. "Council" means the California Beef Council.

64506. "Person" means an individual, corporation, partnership, trust, association, cooperative association, and any other business unit or organization.

64507. "Producer" means any person that is engaged in the business of raising, breeding, feeding, or growing cattle or calves for dairy production or for beef production.

Article 2. General Provisions

64531. It is hereby declared, as a matter of legislative determination, that the provisions of this chapter are enacted in the exercise of the power of this state for the purposes of protecting and furthering the public health and welfare. It is further declared that the cattle industry of this state is affected with a public interest, in that, among other things:

(a) The production, processing, manufacture, and distribution of beef and beef products constitute a paramount industry of this state which not only provides substantial and required revenues for the state and its political subdivisions, and employment and a means of livelihood for many thousands of its population, but also furnishes essential foods that are vital to the public health and welfare.

(b) The stabilization, maintenance, and expansion of the cattle industry of California, and of the state, nationwide, and foreign markets for its products are necessary to assure the consuming public an adequate supply of foods which are indispensable in a proper human diet, to protect, for the state and its political subdivisions, a necessary source of tax reve-

nue, to provide and maintain an adequate standard of living for a great segment of the population of this state, to maintain proper wage scales for those engaged in the cattle industry, and to maintain existing employment.

(c) The essentiality of beef and beef products in a proper human nutrition and to the maintenance of a high level of public health is such as to require that the public be made thoroughly aware thereof, and be protected against misrepresentation and deception, by the dissemination of accurate and scientific information relative to the healthful qualities of beef and beef products, their various classifications and the food values and industrial and medicinal uses thereof, the methods, care and precautions necessary to their proper production, processing, manufacture, and distribution, and the necessary costs and expenses thereof, and the necessity and desirability on the part of the public of using and consuming beef and beef products of the highest standards of quality.

64532. The purposes of this chapter are as follows:

(a) To enable the cattle industry, with the aid of the state, to develop, maintain, and expand the state, nationwide, and foreign markets for beef and beef products produced, processed, or manufactured in this state, and the use and consumption of such beef and beef products in such markets.

(b) In aid, but not in limitation, of the purpose in subdivision (a), to authorize and enable the director to formulate and effectuate, directly or in cooperation with other agencies and instrumentalities which are specified in this chapter, sales stimulation and consumer, or other, educational programs designed to increase the use and consumption of beef and beef products.

(c) Except as otherwise provided in Section 64673, to provide funds for the administration and enforcement of this chapter by voluntary contributions to be collected in the manner which is prescribed in this chapter.

64533. This chapter shall be liberally construed. If any section, sentence, clause, or part of this chapter is, for any reason, held to be unconstitutional or invalid, such decision does not affect the remaining portion of this chapter but such unconstitutional or invalid provision is separable from the valid parts of this chapter.

Article 3. Administration

64561. The director shall administer and enforce the provisions of this chapter, and may exercise any of the administrative powers which are conferred by Sections 11180 to 11191, inclusive, of the Government Code upon a head of a department. In order to effectuate the declared purposes of this chapter, the director may contract to carry out the declared intent and purposes of this chapter.

64562. Upon recommendations by the council the director may establish consistent with this chapter such regulations

which cover the administration and enforcement of this chapter as may be necessary to carry out the purposes and attain the objectives of this chapter.

64563. Upon the issuance of any regulations which affect this chapter, a copy of the regulations shall be posted on a bulletin board which shall be maintained by the director in his office. A copy of such regulations shall also be published in a newspaper of general circulation published in Sacramento, California, and in any other newspaper which the director may prescribe. No regulation shall become effective until five days after the date of such posting and publication. The director shall mail a copy of the notice of the issuance of the regulations to every person that is directly affected by the regulations whose name and address may be on file in the office of the director and to every person who files in the office of the director a written request for such notice.

Article 4. California Beef Council

64591. There is in the state government the California Beef Council which consists of 19 members and 19 alternates, all of whom shall be citizens and residents of this state and producers.

The director shall appoint to the council six range cattlemen, six cattle feeders, and seven dairymen nominated as producers as hereinafter provided for, giving due regard to proper geographic distribution. This requirement shall not, however, operate to remove from office any member of the council. As soon as feasible after September 20, 1963, the director shall classify the present members of the council and shall adopt a schedule for new appointments to the council so that, as present terms of office of members expire, the vacancies will be filled with producers in the classifications and numbers specified in this section. Subject to the provisions of this section and of Section 64592, present members of the council shall be eligible for reappointment.

64592. The terms of office of the members and alternates of the council shall be three years, except as provided in this section. The first appointments made under this chapter shall be so made that the terms of six members and their alternates shall expire at the end of one year, six members and their alternates shall expire at the end of two years, and seven members and their alternates shall expire at the end of three years.

Any vacancy which occurs during the unexpired term shall be filled by the director for the unexpired term from the eligible nominees. No council member or alternate shall serve more than two consecutive three-year terms. Service as an alternate does not disqualify a person to then serve two such terms as a member, and a member who was appointed for a one- or two-year term may serve two additional three-year terms.

The director may remove any member of the council or alternate for cause and upon such removal there is a vacancy which

shall be filled in the manner as provided for the unexpired term.

64593. Prior to October 1 of each year, the director shall call for nominations of producers that are engaged in business as such in this state. The director, whenever he deems it necessary, shall obtain additional nominations for membership on the council from producers. Every producer may nominate a nominee for membership on the council. Members and their alternates shall be appointed from the lists of those persons nominated for membership on the council.

64594. Notice of a call for nominations shall be given by the director by publishing a notice of it in a newspaper of general circulation which is published in the capital of the state and in any other newspaper or by such other means as the director determines is necessary to give reasonable notice of such nominations to producers in the state.

64595. The notice shall state that nominations made by mail to the director at his office in Sacramento, which sets forth the name, address, citizenship, and type of producer of each of the proposed nominees, and bears the signature and address of the nominator, if received by the director, within the time designated by him, will be considered by the director.

64596. A majority of the members of the council shall constitute a quorum for the transaction of all business, including the election of officers.

64598. The council shall select annually from its number, to serve at its pleasure, a chairman and vice chairman who, together with five other members selected annually by the council, shall constitute the executive committee of the council. The executive committee shall have and exercise such powers of the council as the council may delegate to it.

64599. The council shall have two regular meetings in each year at times and places which are fixed by the council. The times for regular meetings shall be fixed so that there is an interval of at least four calendar months between such meetings. The council may meet in special meetings at any time and place at the call of the chairman or upon the written request of five members of the council. The executive committee shall have two regular meetings each year at times and places which are fixed by it, and may meet in special meetings at any time and place at the call of the chairman or on call of a majority of the members of the executive committee.

64600. The members of the council shall receive ten dollars ($10) per day for each day spent in actual attendance at the meetings or on the business of the council and shall be reimbursed for necessary traveling and other expenses incurred in the performance of their official duties.

64601. No member of the council, except a member of the executive committee, shall receive compensation for more than 10 days' service per year. No member of the executive committee shall receive compensation for more than three days'

service per month, except the chairman who may receive compensation for not more than 10 days per month.

64602. The director may require any employee or agent of the council to give a fidelity bond, executed by a surety company which is authorized to do business in this state, in favor of the director, in such sum, and containing such terms and conditions, as the director may prescribe. The cost of all such fidelity bonds of employees or agents of the council shall be paid from the funds which are collected pursuant to this chapter.

64603. No member or employee of the council shall be held responsible individually to any person for liability on any contract or agreement of the council. All salaries, expenses, costs, obligations, and liabilities which arise out of the administration and enforcement of this chapter are payable only from funds which are collected pursuant to the provisions of this chapter.

64604. An alternate member of the council shall sit as a regular member of the council if the member for whom he is an alternate fails for any reason to attend any meeting of the council. He shall be compensated and reimbursed in the same manner and to the same extent as a regular member when so serving and when so serving has all the powers, duties, liabilities, and immunities of the member in whose place he is serving, except that the alternate to the chairman or vice chairman shall not succeed to the functions of these offices.

Article 5. Powers and Duties

64631. The duties of the council shall be advisory, except as to those duties which may be delegated to it by the director. The council may, subject to the approval of the director, exercise any of the following powers which may be delegated to the council by the director:

(a) To recommend to the director administrative regulations which relate to the administration and enforcement of this chapter.

(b) To investigate all matters which affect the administration of this chapter, and to report violations of it to the director.

(c) To employ and, at its pleasure, discharge a manager and such clerical help and other employees as it deems necessary, and to prescribe their duties and powers and fix their compensation.

(d) To contract with, or employ, and, at its pleasure, discharge such other persons as it deems necessary, and in the cases of such of them as it shall employ, to outline their powers and duties and fix their compensation.

(e) To establish offices, and incur expenses incidental thereto.

(f) To make such contracts and other agreements as may be proper to promote the sale of beef and beef products on either a local, state, national, or international basis.

(g) To cooperate with any other local, state, or national commission, organization, or agency, whether voluntary or created by state or federal law, and engaged in work or activities similar to the work and activities of the council, and recommend to the director the making of contracts and agreements with such organizations or agencies for carrying on joint programs of education, research, publicity, and advertising. In matters of research, however, the council shall cooperate with organizations of recognized professional standing which are adequately equipped with facilities for the research which is contemplated.

(h) To recommend to the director the institution and promotion of scientific research to develop or discover, or both, the health, food, therapeutic, dietetic, industrial, or other uses of beef and its products.

Funds may be allocated to agencies not specifically or solely engaged in carrying on research or promotion for beef, if the council and the director are satisfied that such allocations will be beneficial to the California beef industry, and will tend to effectuate the declared purposes of this chapter.

64632. The council shall keep such books, records, and accounts of all its transactions, dealings, contracts, agreements, funds, and expenditures as it deems necessary. Such books, records, and accounts shall at all times be open to inspection and audit by the director.

64633. A member, alternate agent, or employee of the council shall not do any of the following:

(a) Appear before any legislative committee of the state or federal government as a representative of the council unless requested to do so by such committee.

(b) Lobby in any manner as a representative of the council.

64634. None of the funds which are collected pursuant to this chapter shall be used for political contributions.

64635. The council shall prepare annually, summarized statements of the activities in which it has been engaged in the previous annual period, and of the activities in which it proposes to engage in the ensuing annual period. Such statements shall be made available to all producers that request them.

Article 6. Education, Research, or Public Information Programs

64661. The director shall conduct, or may cause the council to conduct, programs of education, research, or public information, which are designed to accomplish the following purposes, among others:

(a) Increase the consumption of beef and beef products.

(b) Gather, publicize, and diffuse accurate and scientific information which shows the importance of the use and consumption of beef and beef products in relation to the public health, economy, and diet, and proper nutrition of children and adults.

(c) Study means and methods which are employed in producing, processing, manufacturing, marketing, and distributing beef and beef products in order to comply with the sanitary and other regulations which are imposed by municipalities, this state, and the United States

(d) Gather and disseminate information regarding the high standards which are observed and imposed to insure pure and wholesome beef and beef products.

(e) Gather and disseminate information regarding the harmful effects on the public health resulting from the breakdown or instability of the cattle industry, the factors and conditions peculiar to the cattle industry which tend to cause an unbalanced production, the price of beef and beef products in relation to the cost of other items of food in a balanced diet.

(f) Gather and disseminate information regarding the factors which tend to promote increased consumption of beef and beef products, stabilize the industry, and foster a better understanding and more efficient cooperation among producers and the consuming public

64662. No program or activity which is conducted or sponsored pursuant to this chapter shall make false or unwarranted claims, or disparage the quality, value, use, or sale of any commodity authorized by law to be marketed in this state, nor shall any such program be conducted with reference to a private brand or trade name which refers to beef or a beef product.

Article 7. Mandatory Promotion and Research Program

64671. Whenever a petition is presented to the director which has been signed by 3,000, or more, of the state's producers, not more than six months prior to its presentation to the director, the director shall conduct a referendum among producers to ascertain whether producers favor the carrying on of a mandatory promotion and research program for beef as prescribed in Section 64661. At the time any person starts to circulate such a petition, he shall notify the director of such action. The director shall establish the period of time during which such referendum shall be conducted which shall be not less than 30 days nor more than 90 days.

64672. The director shall count and tabulate the ballots received, and announce the results at the close of the referendum period If the director finds from the ballots cast that 35 percent, or more, of all producers, as established by the director's list, have voted and that 65 percent or more of the producers voting in such referendum favor carrying on such a promotion and research program, the director shall declare the program a mandatory promotion and research program.

64673. If the promotion and research program is declared to be mandatory, Section 64695 shall be of no further force or

effect and the purpose expressed in subdivision (c) of Section 64532 shall be to provide funds by fees, rather than voluntary contributions.

64674. If the director finds that the required numbers of producers voting in the referendum have not voted in favor of carrying on the mandatory promotion program, the director shall declare this result and shall instruct the council to carry on the current program.

64675. If the promotion and research program does not receive the required favorable vote, another referendum shall not be petitioned for until after the expiration of a period of two years from the close of the period of the referendum which failed.

Article 8. Financial Provisions

64691. In order to carry out the programs and administer the activities which are conducted pursuant to this chapter, a fee of ten cents ($0.10) per head on cattle and calves shall be charged and, except as otherwise prescribed in Section 64695, collected from the seller at the same time that brand inspection fees are collected as provided in Article 9 (commencing with Section 21281), Chapter 6, Division 10 of this code. Such fee shall not, however, be charged upon any of the following:

(a) Hides, skins, or reduction animals.

(b) Any cattle that are transported for purposes other than for sale or slaughter and without a change of ownership.

(c) Any animal which is less than three months of age.

(d) Any animal sold for milk or calf production.

Such fees shall not be charged or collected more than once from each owner upon the same animal.

64692. The fee which is required by Section 64691 shall be paid for each head of cattle which originates in any other state and which is slaughtered in this state unless it is specifically excepted by Section 64691. If the fee is not otherwise paid, it shall be collected from the purchaser or slaughterer.

64693. If the person for whom the inspection was made does not remit the fees which are due within 90 days of the date of inspection, such person is, whether or not a complaint has been filed against him, subject to an amount not to exceed 10 percent of such unpaid assessment, or ten dollars ($10) whichever is greater, to defray the cost of enforcing the collection of such unpaid fees.

Any person that does not remit any fees which are due when the fees are called for by the director is liable civilly in an amount not to exceed the cost of the total amount of fees and the cost of the civil suit for each and every case in which he does not so pay such fees. A civil suit, or any amount which is recovered in such suit, is not affected by any exemption which is made after the fee becomes due pursuant to Section 64691.

64694. The fees which are collected pursuant to this article shall be forwarded to the director at the same time and in the

same manner as the inspection fees which are provided for in Article 9 (commencing with Section 21281) of Chapter 6 of Division 10 of this code. The director shall reimburse, from any money which is collected pursuant to this section, the Bureau of Livestock Identification and any other bureaus or agencies of the state for any additional expenses which are incurred by them in the administration or enforcement of this chapter.

64695. Except as otherwise provided in Section 64673, any person that is subject to the fee which is required by Section 64691 may file in writing with the director a request for exemption from such fee. Upon the receipt of such request, an exemption certificate shall be issued to the person requesting it. The certificate shall be effective for the remainder of the fiscal year in which it is issued and the following fiscal year unless canceled upon the request of the holder of the certificate.

At the time the fee which is required by Section 64691 is to be collected, the person that is subject to payment may present the exemption certificate, or such evidence of it as the director may prescribe. Upon such presentation, the fee which is otherwise required shall not be collected.

64696. All money which is collected by the director pursuant to this chapter shall be deposited in any bank, or other depository which is approved by the Director of General Services, allocated to the purposes of this chapter only, and disbursed by the director only for the necessary expenses which are incurred by the council and the director in carrying out the purposes and provisions of this chapter. Money which is so collected shall be deposited and disbursed in conformity with appropriate auditing regulations which are prescribed by the director. The expenditure of such money is exempt from the provisions of Sections 925.6 and 16304 of the Government Code.

All such expenditures by the council and the director shall be audited at least once every two years by the Department of Finance and a copy of such audit shall be delivered within 30 days after completion of the audit to the Governor, the Director of Agriculture, and the State Controller.

64697. Money which is deposited by the director pursuant to Section 64696 may be invested and reinvested by the State Treasurer in any of the securities described in Article 1 (commencing with Section 16430), Chapter 3, Part 2, Division 4, Title 2 of the Government Code, or placed in a bank as provided in Chapter 4 (commencing with Section 16500), Part 2, Division 4, Title 2 of the Government Code, and handled in the same manner as money in the State Treasury. For such purposes, such money may also be combined with funds which are determined by the director to be available for investment pursuant to Section 58939 of this code. Any increment which is received from such investment, reinvestment, or deposit shall be remitted to the director for allocation. The State Treasurer may deduct from such remittance an amount

equal to the reasonable cost incurred in carrying out the provisions of this section or may bill the director for the costs and the director shall pay the costs from money which is collected pursuant to this chapter.

64698. The director, after consultation with the council, shall prepare an annual budget which sets forth in reasonable detail the proposed expenditures which he deems necessary for the performance by him and by the department of the duties which are imposed upon them by this chapter. He shall also prepare and submit to the council an annual statement, in reasonable detail, of his expenditures pursuant to this chapter.

64699. The director may receive funds in such amounts as he may deem necessary to defray the initial expenses in making effective this chapter. The director shall reimburse those persons from whom said funds are received in the amounts received from any funds which are received by the director pursuant to Section 64691.

64700. The director may accept contributions to advance the purposes of this chapter. If requested by the donor, such contributions shall be segregated and separately maintained for the use of the council.

64701. Any inspector who is described in Section 20010 may accept voluntary contributions on behalf of the director. Such contributions may be supplementary to, or in lieu of, collections which are provided in Article 8 (commencing with Section 64691) of this chapter.

The inspector shall give a receipt for such contributions and shall transmit them to the director in accordance with regulations which may be adopted by the director.

Article 9. Termination

64731. The provisions of this chapter shall continue to be operative permanently except as provided in this article.

64732. A referendum among the state's producers shall be conducted by the director in any of the following cases:

(a) Whenever the director, on his own motion or at the request of the council, determines that it is no longer in the best interest of the state to continue the existence of the council and the programs established and maintained pursuant to this chapter.

(b) Upon the receipt by the director of a petition for such a referendum signed by 3,000 of the state's producers that signed the petition not more than six months prior to its presentation to the director. No one who holds a current exemption certificate may petition to terminate or participate in the referendum.

In either such event, the director shall thereupon prepare and mail to each producer as shown in the records of the department a ballot form and self-addressed envelope.

64733. The ballot form shall be substantially as follows:

BALLOT

Signature of Producers

64734. If upon the count of the ballots the director finds that 30 percent, or more, of all producers established by the director's list have voted and that 51 percent, or more, of the total number of producers voting have assented to the discontinuance and termination of the council and the programs which are established and maintained pursuant to this chapter, the director shall make a finding to that effect and declare the existence of the council and the programs which are established and maintained pursuant to this chapter discontinued and terminated at the end of the fiscal year in which the referendum is conducted.

64735. If upon a count of the ballots the director finds that less than 51 percent of the total number of producers voting have assented to such discontinuance and termination, he shall make a finding to that effect and the council and programs which are established and maintained pursuant to this chapter shall continue to remain in full force and effect.

64736. On the expiration of this chapter pursuant to this article, the council shall remain in existence for the purpose of furnishing the director with a complete record of its outstanding financial obligations, accrued and to accrue. The director shall pay from the money deposited and disbursed as provided in Section 64696 such obligations and any obligations incurred by the director and the department under the terms and provisions of this section. Any money which remains shall be retained by the director to defray the expenses of formulation, issuance, administration or enforcement of any subsequent program for beef promotion. If no such program is undertaken within a period of three years from the date of termination of this chapter, such money shall be withdrawn from the approved depository and paid into the State Treasury, allocated to the Department of Agriculture Fund for use by the director in carrying out the hide and brand provisions of this code, when appropriated by the Legislature.

SEC. 3. Chapter 89, Statutes of 1939 is repealed.

SEC. 4. Any section of any act, enacted by the Legislature at its 1967 Regular Session prior or subsequent to the enactment of this act, which amends, adds, or repeals a section of the Agricultural Code of 1933 or of Chapter 89, Statutes of 1939, or of the Agricultural Code as proposed by this act, shall prevail over this act.

SEC. 5. This act is intended to implement the recommendations of the Senate Fact Finding Committee on Agriculture and those of the Industry Advisory Committee on Agricultural Code Revision, as set forth in the third progress report of the Senate Fact Finding Committee on Agriculture to the 1967 California Legislature.

CHAPTER 16

An act making an appropriation for assistance to local agencies for care of crippled children.

[Approved by Governor March 20, 1967. Filed with Secretary of State March 21, 1967.]

The people of the State of California do enact as follows:

SECTION 1. There is hereby appropriated from the General Fund to the Department of Public Health for services to physically handicapped children the sum of five hundred seventy-four thousand three hundred ninety-six dollars ($574,396), to be allocated as follows:

(a) In augmentation of Item 342 of the Budget Act of 1966, the sum of three hundred thousand dollars ($300,000) for allocation to counties and cities and counties to be expended for services to physically handicapped children, including children diagnosed as suffering from phenylketonuria, in accordance with the provisions of Section 249 through 271 of the Health and Safety Code, and the provisions of Item 342 of the Budget Act of 1966.

(b) In augmentation of Item 347 of the Budget Act of 1966, the sum of two hundred seventy-four thousand three hundred ninety-six dollars ($274,396) for assistance to local agencies to be expended for the treatment of physically handicapped minors by physical and occupational therapy to be provided in special schools and classes with assignment of therapists based on the number of children requiring therapy, in accordance with the provisions of Item 347 of the Budget Act of 1966.

SEC. 2. This act, inasmuch as it provides for an appropriation for the usual current expenses of the state, shall, under the provisions of Section 8 of Article IV of the Constitution of the State of California, take effect immediately.

CHAPTER 17

An act to repeal Section 6362 of the Business and Professions Code, to amend Sections 70 and 1180 of the Civil Code, to amend Sections 134, 165, 179, 400, 751a, 942, 956a, the heading of Chapter 2 (commencing with Section 963) of Title 13 of Part 2, and Sections 988t, 1108, 1264.5, 1264.6, and 1953.06 of, to amend and renumber Sections 48, 53, 57, and 61.4 of, and to add Section 71 to, the Code of Civil Procedure, to amend Sections 13440 and 23456 of the Education Code, to amend Sections 31, 6403, 10219, 20115, 25302, 25304, the heading of Article 2 (commencing with Section 25330) of Chapter 3 of Division 13, and Sections 25330, 25331, and 25338 of, and to add Section 25302.5 to, the Elections Code, to amend Section 300 of the Evidence Code, to amend Sections 3020, 10237, 10239, 11508, 14886, 21026.2, 68072, 68105, 68121, 68200, 68201, 68500.5, 68504, 68507, 68510, 68540, 68540.5, 68543, 68543.5, 68548, 68701, 68702, 68840, 68890, 68891, 68895, 68903, 68926, 68927, 68928, the heading of Chapter 4 (commencing with Section 69102) of Title 8, and Sections 69104, 69105, 69107, 69140, 69141, 69143, 69154, 69508, 71141, 72631, 75002, 75060, 75083, 75101, and 75102 of, to amend and renumber Sections 69102, 69102.5, 69103, and 69103.5 of, to add Section 68540.7 to, and to repeal Sections 68120, 68122, 68804, Article 3.6 (commencing with Section 68920) of Chapter 3 of Title 8, Sections 69108, 69110, 69142, Chapter 4.5 (commencing with Section 69300) of Title 8, Sections 69500, 69500.1, 69501, 69587, 69597, 71142, 71146, and 72603 of, the Government Code, to amend Sections 5950, 5955, and 6600 of the Labor Code, to amend Section 395.3 of the Military and Veterans Code, to amend Sections 808, 1241, 1243, 1265, 1471, 1475, 1506, 1507, 1552.2, and 4112, and to repeal Section 4113 of the Penal Code, and to amend Sections 1240, 1630, and 2101 of the Probate Code, relating to the judiciary.

[Approved by Governor March 28, 1967. Filed with Secretary of State March 28, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 6362 of the Business and Professions Code is repealed.

SEC. 2. Section 70 of the Civil Code is amended to read:

70. Marriage may be solemnized by either a justice of the Supreme Court, justice of the courts of appeal, judge of the superior court, judge of the municipal court, judge of a justice court, priest or minister of the gospel of any denomination, of the age of 21 years or upwards.

SEC. 3. Section 1180 of the Civil Code is amended to read:

1180. The proof or acknowledgement of an instrument may be made at any place within this state before a justice or clerk

of the Supreme Court, a justice or clerk of any court of appeal or judge of a superior court.

SEC. 4. Section 48 of the Code of Civil Procedure is amended and renumbered to read:

42. Adjournments from day to day, or from time to time, are to be construed as recesses in the sessions, and shall not prevent the Supreme Court or the courts of appeal from sitting at any time.

SEC. 5. Section 53 of the Code of Civil Procedure is amended and renumbered to read:

43. The Supreme Court, and the courts of appeal, may affirm, reverse, or modify any judgment or order appealed from, and may direct the proper judgment or order to be entered, or direct a new trial or further proceedings to be had. In giving its decision, if a new trial be granted, the court shall pass upon and determine all the questions of law involved in the case, presented upon such appeal, and necessary to the final determination of the case. Its judgment in appealed cases shall be remitted to the court from which the appeal was taken.

SEC. 6. Section 57 of the Code of Civil Procedure is amended and renumbered to read:

44. Appeals in probate proceedings and in contested election cases shall be given preference in hearing in the courts of appeal, and in the Supreme Court when transferred thereto. All such cases shall be placed on the calendar in the order of their date of issue, next after cases in which the people of the state are parties.

SEC. 7. Section 61.4 of the Code of Civil Procedure is amended and renumbered to read:

41. The Supreme Court and the courts of appeal may transact business at any time.

SEC. 8. Section 71 is added to the Code of Civil Procedure, to read:

71. The process of superior courts shall extend throughout the state.

SEC. 9. Section 134 of the Code of Civil Procedure is amended to read:

134. No court, other than the Supreme Court and the courts of appeal, shall be open for the transaction of judicial business on any day specified or provided for as a holiday by Chapter 7 (commencing with Section 6700) of Division 7, Title 1 of the Government Code other than a special holiday or, in counties wherein county offices are, pursuant to ordinance, open for the transaction of county business on such election days, on a day on which an election is held throughout the state, except for the following purposes:

1. To give, upon their request, instructions to a jury when deliberating on their verdict;

2. To receive a verdict or discharge a jury;

3. For the exercise of the powers of a magistrate in a criminal action, or in a proceeding of a criminal nature.

Injunctions and writs of prohibition may be issued and served on any day.

Except as herein provided, justice courts shall always be open for the transaction of business

SEC. 10. Section 165 of the Code of Civil Procedure is amended to read:

165. The justices of the Supreme Court and of the courts of appeal, or any of them, may, at chambers, grant all orders and writs which are usually granted in the first instance upon an ex parte application, except writs of mandamus, certiorari, and prohibition; and may, in their discretion, hear applications to discharge such orders and writs.

SEC. 11. Section 179 of the Code of Civil Procedure is amended to read:

179. Each of the justices of the Supreme Court and of any court of appeal and the judges of the superior courts, shall have power in any part of the state, and every municipal court judge and judge of a justice court shall have power within the county or city and county in which he is elected or appointed, to take and certify:

1. The proof and acknowledgment of a conveyance of real property, or of any other written instrument.

2. The acknowledgment of satisfaction of a judgment of any court.

3. An affidavit or deposition to be used in this state.

SEC. 12. Section 400 of the Code of Civil Procedure is amended to read:

400. When an order is made by the superior court granting or denying a motion to change the place of trial, the party aggrieved by such order may, within 10 days after service of a written notice of the order, or within such additional time not exceeding 20 days as the court may within the original 10 days allow, petition the court of appeal for the district in which the court granting or denying the motion is situated for a writ of mandate requiring trial of the case in the proper court. The petitioner shall file a copy of such petition in the trial court immediately after the petition is filed in the court of appeal. The court of appeal may stay all proceedings in the case, pending judgment on the petition becoming final. The clerk of the court of appeal shall file with the clerk of the trial court, a copy of any final order or final judgment immediately after such order or judgment becomes final.

SEC. 13. Section 751a of the Code of Civil Procedure is amended to read:

751a. Whenever any person who by any conveyance, judgment or decree has received or taken, or who hereafter receives or takes, the title to, or any interest in, or lien upon real property in a certain name and thereafter has conveyed, or conveys, or has reconveyed, or reconveys, the same or any part thereof, or has satisfied, or satisfies, such lien in a name other than, or different from, the name under which title was received, or any interest or lien thereon was taken or where the

estate of a decedent has been probated under a name different from the name in which real property of such decedent stands of record, and the decree of distribution has been entered in such estate, or when any right, title or interest of any person in real property has been divested by a judgment or decree, or otherwise, under a name other than, or different from, the name under which title was received, the identity of such person, or persons or the identity of such decedent and the person in whose name the property stands of record, may be adjudicated and determined on petition of any subsequent owner or any distributee of the estate of such decedent or the successor in interest, of said property, or any part thereof, or of any interest therein. As many such persons as appear of record in the chain of title to the land described in the petition may be joined in one petition or proceeding.

The petition must be filed in the superior court of the county in which the land or some part thereof is situated and shall be verified as provided in this code for verification of a complaint. The petition may be substantially entitled "In the matter of the determination of the identity of _____" (naming all the persons sought to be identified), and may set forth:

1. A statement of petitioner's interest in the property as owner, part owner or distributee or successor in interest or otherwise.

2. A particular description of the petitioner's property.

3. The name or names of the person or persons sought to be identified, setting out the name and a reference to the record of the conveyance, judgment or decree under which title was received, and the name and a reference to the record of the conveyance whereby the title was conveyed, or a reference to the record of the judgment or decree or conveyance whereby the title was divested, or where an estate has been distributed, setting out the name under which the estate of a decedent has been probated and the name in which real property of such decedent stands of record, and that such names were and are the names of the same person, and that such conveyances or such decrees of distribution affect the title to petitioner's property.

4. A prayer that the identity of such persons be established.

The clerk must thereupon set the petition for hearing by the court and the petitioner must give notice thereof by causing notices of the time and place of hearing to be posted at the courthouse of the county where the proceeding is pending and in a conspicuous place on the property described, at least 10 days before the hearing. The special notice shall be substantially in the following form:

(Title of court and cause)

Notice is hereby given that _____ has filed a petition herein claiming to be the owner (or distributee) of the following described lands _____ (description) and praying that the identity of the following-named persons, in former convey-

ances (or judgments or decrees) to said lands or in decrees of distribution of said lands in probate be determined, to wit: _____ (names as J. Doe and John Doe); and that the time and place of hearing said petition has been set for _____ the _____ day of _____, 19___, at the hour of _____, ___m. of said day at the courtroom of said court in the city of _____, county of _____, State of California.

_____
Clerk

At any time before the date fixed for such hearing, any person interested in said property may answer said petition and deny any of the matters contained therein. At the time fixed for the hearing, or such time thereafter, as may be fixed by the court, the court must hear the proofs offered by the petitioner, and by any persons answering the same, and must make and enter a decree determining the identity of the person, or persons, set out in the petition in accordance with the proofs.

An appeal may be taken by any party aggrieved.

After the said decree has become final it shall constitute prima facie evidence of the matters thereby determined and it shall be presumed that the identity of the person or persons described in the decree is such as is stated in the decree. A certified copy of said decree shall be recorded in the office of the county recorder of every county in which any part of the land is situated.

SEC. 14. Section 942 of the Code of Civil Procedure is amended to read:

942. If the appeal be from a judgment or order directing the payment of money, it does not stay the execution of the judgment or order unless a written undertaking be executed on the part of the appellant, by two or more sureties, to the effect that they are bound in double the amount named in the judgment or order; that if the judgment or order appealed from or any part thereof be affirmed, or the appeal be dismissed, the appellant will pay the amount directed to be paid by the judgment or order, or the part of such amount as to which the judgment or order is affirmed, if affirmed only in part, and all damages and costs which may be awarded against the appellant upon the appeal, and that if the appellant does not make such payment within 30 days after the filing of the remittitur from the reviewing court in the court from which the appeal is taken, judgment may be entered on motion of the respondent in his favor against the sureties for such amount, together with the interest that may be due thereon, and the damages and costs which may be awarded against the appellant upon the appeal.

If the judgment or order appealed from be for a greater amount than two thousand dollars ($2,000), and the sureties do not state in their affidavits of justification accompanying the undertaking that they are each worth the sum specified in

the undertaking, the stipulation may be that the judgment to be entered against the sureties shall be for such amounts only as in their affidavits they may state that they are severally worth, and judgment may be entered against the sureties by the court from which the appeal is taken, pursuant to the stipulations herein designated.

When the judgment or order appealed from is made payable in a specified kind of money or currency, the judgment entered against the sureties upon the undertaking must be made payable in the same kind of money or currency.

If the undertaking in this section first provided for be executed on the part of the appellant by a corporate surety authorized to execute the same by Section 1056 of this code, such undertaking shall be sufficient in amount if the surety be bound in 1½ times the amount named in the judgment or order appealed from.

SEC. 15. Section 956a of the Code of Civil Procedure is amended to read:

956a. In all cases where trial by jury is not a matter of right or where trial by jury has been waived, the Supreme Court or a court of appeal may make findings of fact contrary to, or in addition to, those made by the trial court. Such findings may be based on the evidence adduced before the trial court either with or without the taking of evidence by the court of appellate jurisdiction, pursuant to such rules as the Judicial Council may prescribe.

The said courts of appellate jurisdiction may, for the purpose of making such findings or for any other purpose in the interest of justice, take, pursuant to such rules, additional evidence of or concerning facts occurring at any time prior to the decision of the appeal and may give or direct the entry of any judgment or order and make such further or other order as the case may require. This section shall be liberally construed to the end, among others, that wherever possible causes may be finally disposed of by a single appeal and without further proceedings in the trial court, except where the interest of justice requires a new trial.

SEC. 16. The heading of Chapter 2 (commencing with Section 963) of Title 13 of Part 2 of the Code of Civil Procedure is amended to read:

CHAPTER 2. APPEALS TO SUPREME COURT AND COURTS OF APPEAL

SEC. 17. Section 988t of the Code of Civil Procedure is amended to read:

988t. A court of appeal may order any case on appeal within the original jurisdiction of the municipal and justice courts in its district transferred to it for hearing and decision as provided by rules of the Judicial Council when the superior court certifies, or the court of appeal determines, that such

transfer appears necessary to secure uniformity of decision or to settle important questions of law.

No case in which there is a right on appeal to a trial anew in the superior court shall be transferred pursuant to this section before a decision in such case becomes final therein.

A court to which any such case is transferred shall have similar power to review any matter and make orders and judgments as the superior court by statute would have in such case, except as otherwise expressly provided and except that if the case was tried anew in the superior court, the reviewing court shall have similar power to review any matter and make orders and judgments as it has by statute in a case within the original jurisdiction of the superior court.

SEC. 18. Section 1108 of the Code of Civil Procedure is amended to read:

1108. Writs of review, mandate, and prohibition issued by the Supreme Court, a court of appeal, or a superior court, may, in the discretion of the court issuing the writ, be made returnable, and a hearing thereon be had at any time.

SEC. 19. Section 1264.5 of the Code of Civil Procedure is amended to read:

1264.5. If the defendant appeals from the judgment and the judgment is affirmed in a case coming under Section 1264.1, the plaintiff shall be entitled to have deducted from the principal of the judgment to be paid the net receipts of tolls collected or collectible from the date for the taking as specified in the judgment to the date on which the judgment of the reviewing court becomes final, on showing that prior to the date specified for said taking the plaintiff was able to pay the said judgment and offered to pay the same to the defendant, or into court for his benefit, in return for a waiver of the appeal. The term "net receipts" means the sum obtained by subtracting from the total amount of tolls collected or collectible the amounts actually and necessarily expended or incurred for operation and maintenance of said toll road or toll bridge during said period.

This section does not apply in those cases in which the plaintiff takes possession pending appeal pursuant to the provisions of Section 1254 or takes possession under the provisions of Section 14 of Article I of the Constitution.

SEC 20. Section 1264.6 of the Code of Civil Procedure is amended to read:

1264 6. To secure the deduction specified in Section 1264.5 the plaintiff must within 10 days after the remittitur is received from the reviewing court serve on the defendant and file in the superior court his motion to set for hearing the question of the deduction to be made. If, on the hearing of said motion, proof is made to the satisfaction of the court of plaintiff's ability to pay, and offer to pay, the judgment, as specified in Section 1264.5, the court shall grant the motion and shall fix a time for the determination of the amount to be deducted, which amount shall be determined by

the court sitting without a jury unless plaintiff or defendant on or before the date of the hearing of said motion to set files with the court a demand in writing for a jury, in which case the said amount shall be determined by a jury.

SEC. 21. Section 1953.06 of the Code of Civil Procedure is amended to read:

1953.06. If an appeal to a reviewing court has been taken in any action or special proceeding in any trial court in which the record has been subsequently lost or destroyed by conflagration or other public calamity and a transcript of such record has been filed in the reviewing court, any person interested in the action or special proceeding may obtain a certified copy of all or any portion of the transcript from the clerk of the reviewing court and may file such certified copy in the office of the clerk of the court from which the appeal was taken. Thereupon the certified copy may be made the basis of any further proceedings or processes in the trial court in such action or special proceeding to all intents and purposes as if the original record were on file.

SEC. 22 Section 13440 of the Education Code is amended to read:

13440. Either the employee or the governing board may appeal from the judgment.

SEC. 23. Section 23456 of the Education Code is amended to read:

23456. The Chief Justice of California is president of the board of directors.

SEC. 24. Section 31 of the Elections Code is amended to read:

31. "Judicial officer" means any justice of the Supreme Court, justice of a court of appeal, judge of the superior court, judge of a municipal court, or judge of a justice court.

SEC. 25. Section 6403 of the Elections Code is amended to read:

6403. Whenever it is made to appear by affidavit to the Supreme Court, a court of appeal, or superior court of the proper county that an error or omission has occurred or is about to occur in the placing of any name on, or in the printing of, an official primary election ballot, or that any wrongful act has been or is about to be done by any person charged with any duty concerning the primary election, or that any neglect of duty has occurred or is about to occur, the court shall order the officer or person charged with the error, wrong or neglect forthwith to correct the error, desist from the wrongful act or perform the duty, or show cause why he should not do so. Any person who fails to obey the order of the court shall be cited to show cause why he is not in contempt of court.

SEC. 26. Section 10219 of the Elections Code is amended to read:

10219. Except in cases provided for by subdivision (d) of Section 16 of Article VI of the Constitution, immediately

under the name of each candidate and not separated from the name by any line, may appear, at the option of the candidate, one of the following designations:

(a) Words designating the city, county, district, federal, or state office which the candidate then holds at the time of filing his nomination papers.

In addition to the foregoing, Members of the Senate of the State of California may use either of the following designations: "State Senator, _____ District, California Legislature," or "Member of California Senate, _____ District," or any other appropriate designation, the blanks to be filled with the appropriate district number.

Members of the Assembly may use either of the following designations: "Assemblyman, _____ District, California Legislature," or "Member of the Assembly, _____ District, California Legislature," or any other appropriate designation, the blanks to be filled with the appropriate district number.

(b) If the candidate is a candidate for the same office which he then holds, and only in that event, the word "incumbent."

(c) Words designating the profession, vocation or occupation of the candidate, which shall not exceed three in number. The profession, vocation or occupation designated shall be the same as appears in the affidavit of registration of the candidate. If upon checking the nomination paper, the officer in charge of the election finds the wording to be different than that upon the registration affidavit, he shall notify the candidate by registered mail, return receipt requested. The candidate shall within three days from the date of receipt of the notice appear before the officer and reregister to conform with the request for the designation that appears on his nomination paper. If the candidate does not appear within three days, the officer shall leave the designation under his name blank (no designation). No candidate shall assume a designation which would mislead the voters.

In all cases words so used shall be printed in eight-point roman boldface capitals and lowercase type.

SEC. 27. Section 20115 of the Elections Code is amended to read:

20115. Any party aggrieved by the judgment of the court may appeal therefrom to the court of appeal, as in other cases of appeal thereto from the superior court. During the pendency of proceedings on appeal, and until final determination thereof, the person declared elected by the superior court shall be entitled to the office in like manner as if no appeal had been taken.

SEC. 28. Section 25302 of the Elections Code is amended to read:

25302. Except in the case of a judicial office filled in accordance with subdivision (d) of Section 16 of Article VI of the Constitution, every candidate for a judicial office, whether his declaration of candidacy is made personally or by sponsors, not more than 10 nor less than 5 days prior to the first

day on which his nomination papers may be circulated and signed or may be presented for filing, shall file in the office in which his nomination papers are required to be filed, a written and signed declaration of his intention to become a candidate for that office. This section shall apply to all judicial offices whether numerically designated or not.

SEC. 29. Section 25302.5 is added to the Elections Code, to read:

25302.5. A declaration of candidacy for election or a nomination by the Governor, made pursuant to subdivision (d) of Section 16 of Article VI of the Constitution, shall be filed with the officer charged with the duty of certifying nominations for publication in the official ballot.

SEC. 30. Section 25304 of the Elections Code is amended to read:

25304. In any county or any judicial district in which only the incumbent has filed nomination papers for the office of superior court judge, municipal court judge or justice court judge, his name shall not appear on the ballot unless there is filed with the county clerk or registrar of voters, within 20 days after the final date for filing nomination papers for the office, a petition indicating that a write-in campaign will be conducted for the office and signed by 100 registered voters qualified to vote with respect to the office.

If a petition indicating that a write-in campaign will be conducted for the office at the general election, signed by 100 registered voters qualified to vote with respect to the office, is filed with the county clerk or registrar of voters not less than 45 days before the general election, the name of the incumbent shall be placed on the general election ballot if it has not appeared on the direct primary election ballot.

If, in conformity with this section, the name of the incumbent does not appear either on the primary ballot or general election ballot, the county clerk or registrar of voters, on the day of the general election, shall declare the incumbent reelected.

SEC. 31. The heading of Article 2 (commencing with Section 25330) of Chapter 3 of Division 13 of the Elections Code is amended to read:

Article 2. Adoption of Subdivision (d) of Section 16 of Article VI of the Constitution

SEC. 32. Section 25330 of the Elections Code is amended to read:

25330. The voters of any county may adopt the provisions of subdivision (d) of Section 16 of Article VI of the Constitution of this state as applicable to the judge of the superior court of the county if a majority of the voters of the county, voting on the question of its adoption, vote in favor thereof

SEC. 33. Section 25331 of the Elections Code is amended to read:

25331. The provisions of subdivision (d) of Section 16 of Article VI may be adopted:

(a) In pursuance of an ordinance or resolution adopted by the board of supervisors of the county, declaring that the public interest requires the submission at an election of the proposal to adopt the provisions as applicable to the judge of the superior court of the county.

(b) In pursuance of a petition of voters of the county as provided in this article.

SEC. 34. Section 25338 of the Elections Code is amended to read:

25338. If the proposal is approved by a majority of the votes cast thereon, the board of supervisors shall file a certificate, signed by the chairman of the board and duly dated, with the Secretary of State, reciting that the proposal to adopt the provisions of subdivision (d) of Section 16 of Article VI of the Constitution as applicable to the judge of the superior court of the county was approved by a majority of the votes cast thereon at the election. Upon the filing of the certificate the provisions of subdivision (d) of Section 16 shall thereupon be applicable to the judge of the superior court of that county, and effective as to all vacancies in the office occurring after the date of filing of the certificate.

SEC. 35. Section 300 of the Evidence Code is amended to read:

300. Except as otherwise provided by statute, this code applies in every action before the Supreme Court or a court of appeal, superior court, municipal court, or justice court, including proceedings in such actions conducted by a referee, court commissioner, or similar officer, but does not apply in grand jury proceedings.

SEC. 36. Section 3020 of the Government Code is amended to read:

3020. The Governor, Lieutenant Governor, Secretary of State, Controller, Treasurer, Attorney General, Chief Justice, Associate Justices of the Supreme Court, the presiding justice and associate justices of the courts of appeal, and the judges of the superior court are liable to impeachment for any misdemeanor in office.

SEC. 37. Section 10237 of the Government Code is amended to read:

10237. The Legislative Counsel shall prepare or assist in the preparation or amendment of legislative measures at the written suggestion of any judge of the Supreme Court, the courts of appeal, or of the superior courts of the state.

SEC. 38. Section 10239 of the Government Code is amended to read:

10239. A suggestion by a judge of the Supreme Court shall be filed with the clerk of that court. A suggestion by a judge of a court of appeal shall be filed with the clerk of that court. A suggestion by a judge of a superior court shall be filed with

the clerk of the court of appeal of the district within which the superior court is located.

SEC. 39. Section 11508 of the Government Code is amended to read:

11508. (a) The agency shall consult the office, and subject to the availability of its staff, shall determine the time and place of hearing. The hearing shall be held in San Francisco if the transaction occurred or the respondent resides within the First Appellate District, in the County of Los Angeles if the transaction occurred or the respondent resides within the Second or Fourth Appellate District, and in the County of Sacramento if the transaction occurred or the respondent resides within the Third or Fifth Appellate District.

(b) Notwithstanding subdivision (a):

(1) If the transaction occurred in a district other than that of respondent's residence, the agency may select the county appropriate for either district.

(2) The agency may select a different place nearer the place where the transaction occurred or the respondent resides.

(3) The parties by agreement may select any place within the state.

SEC. 40. Section 14886 of the Government Code is amended to read:

14886. The volumes shall be distributed as follows: to the Secretary and each Member of the Senate and to the Chief Clerk and each Member of the Assembly, 10 copies; to the Governor, 25 copies; to the Lieutenant Governor, 15 copies; to the Secretary of State, the Controller, the Attorney General, the Legislative Counsel, and the Treasurer, each 10 copies; to each member of the State Board of Equalization, five copies; to the director of each state department, two copies; to the two United States Senators from California and the members of the California congressional delegation, each one copy; to the Chief Justice and Associate Justices, each one copy; to the presiding justices and associate justices of the courts of appeal, each one copy; and copies as provided in Section 14901 of this code.

All other volumes shall be sold for such price as may be fixed by the department.

Any person who publishes or sells any publication whose title contains the words "State Blue Book," "California Blue Book," or any similar words which tend to confuse the publication with the State Blue Book authorized by this act is guilty of a misdemeanor.

SEC. 41. Section 21026.2 of the Government Code is amended to read:

21026.2. Within 30 days after the petition for rehearing is denied, or, if the petition is granted, within 30 days after the rendition of amended findings of fact on rehearing, any person affected thereby, including the retirement system, may apply to the Supreme Court or to the court of appeal of the

appellate district in which he resides, for a writ of review, for the purpose of inquiring into and determining the lawfulness of the findings of the appeals board.

SEC. 42. Section 68072 of the Government Code is amended to read:

68072. Rules for courts of record adopted by the Judicial Council or other authority shall take effect on a date to be fixed in the order of adoption. If no effective date is fixed, rules affecting the Supreme Court and courts of appeal shall take effect 60 days after their adoption, and rules affecting the superior courts, the municipal courts, or justice courts shall take effect 30 days after their adoption.

SEC. 43. Section 68105 of the Government Code is amended to read:

68105. Notwithstanding any other provision of law to the contrary, the Supreme Court, any court of appeal, any superior court, or any municipal court may appoint as an official phonographic reporter or as an official phonographic reporter pro tempore a person who has declared his intention to become a citizen and who is a certified shorthand reporter.

"A person who has declared his intention to become a citizen," as used in this section, means a person who has either (1) filed the declaration of intention to become a citizen of the United States, or petition for naturalization, or comparable document prescribed by federal law or (2) filed an affidavit with the court, in the form prescribed by the court, that he will, at the first opportunity at which the applicable federal law permits, file such a declaration of intention to become a citizen of the United States, petition for naturalization, or comparable document. If the court determines that an individual who has filed under alternative (2) of the preceding sentence, has, without good cause, failed at the first opportunity provided under federal law to file one of the specified documents prescribed by federal law, it shall forthwith revoke the appointment.

SEC. 44. Section 68120 of the Government Code is repealed.

SEC. 45. Section 68121 of the Government Code is amended to read:

68121. A confirmation by the Commission on Judicial Appointments, pursuant to subdivision (d) of Section 16 of Article VI of the California Constitution, is effective when filed in writing with the Secretary of State.

68201. The annual salary of each of the following judges is the amount indicated opposite the name of the office:

(a) Associate Justice of the Supreme Court, thirty-two thousand dollars ($32,000).

(b) Presiding justice or associate justice of a court of appeal division, thirty thousand dollars ($30,000).

SEC. 49. Section 68500.5 of the Government Code is amended to read:

68500.5. The annual salary of the Administrative Director of the Courts is thirty thousand dollars ($30,000) and shall be paid out of appropriations for the support of the Judicial Council. He shall have the same qualifications as required by Section 15 of Article VI of the Constitution for a judge of a court of appeal.

SEC. 50. Section 68504 of the Government Code is amended to read:

68504. Upon receiving information of the death, removal, or resignation of any justice of the Supreme Court or of the courts of appeal, or a judge of the superior court, the Secretary of the Judicial Council shall immediately give the Controller written notice of such death, removal, or resignation.

SEC. 51. Section 68507 of the Government Code is amended to read:

68507. The Secretary of the Judicial Council shall purchase and provide for the installation of the flag of the United States and the Bear Flag of California in all the courtrooms of the Supreme Court and the courts of appeal.

SEC. 52. Section 68510 of the Government Code is amended to read:

68510. No member of the Judicial Council shall receive any compensation for his services as such, but he shall be allowed his necessary expenses for travel, board and lodging incurred in the performance of his duties as such.

SEC. 53. Section 68540 of the Government Code is amended to read:

68540. (a) Whenever a judge of a superior court is assigned by the Chairman of the Judicial Council to sit in a superior court in another county, the county to which such judge is assigned shall reimburse the county in which such judge was selected as a superior court judge in an amount equal to the lending county's portion of the regular salary of such judge paid for the time he was serving in the other court.

(b) The state shall pay the same proportion of the extra compensation of a judge of a municipal or justice court, assigned to a superior court, that it pays of the salary of a judge of the superior court to which the assignment is made, and the remainder of such extra compensation shall be paid by the county in and for which is held the superior court to which the assignment is made.

SEC. 54. Section 68540.5 of the Government Code is amended to read:

68540.5. Whenever a judge of a municipal court is assigned by the Chairman of the Judicial Council to sit in a municipal court in another county, the county to which such judge is assigned shall reimburse the county in which such judge was selected as a municipal court judge in an amount equal to the regular salary of such judge paid for the time he was serving in the other court.

SEC. 55. Section 68540.7 is added to the Government Code, to read:

68540.7. Any judge assigned to a court wherein a judge's compensation is greater than his own shall receive while sitting therein the compensation of a judge thereof. The extra compensation shall be paid in such manner as may be provided by law. Any judge assigned to a court in a county other than that in which he regularly sits shall be allowed his necessary expenses for travel, board, and lodging incurred in the discharge of the assignment.

SEC. 56. Section 68543 of the Government Code is amended to read:

68543. The extra compensation and expenses for travel, board, and lodging of judges sitting in the Supreme Court and courts of appeal under assignments made by the Chairman of the Judicial Council shall be paid by the state.

SEC. 57. Section 68543.5 of the Government Code is amended to read:

68543.5. Whenever a judge retired as such under the Constitution or any law of the state is assigned to sit in a court, he shall be paid while so sitting the full compensation of a judge of the court to which he is assigned. Such compensation shall be chargeable for the period specified in Section 68547 the same as provided by law with respect to the compensation of a judge of the court to which he is assigned except that when chargeable to the state, such compensation is payable out of any appropriation for extra compensation of judges assigned by the Chairman of the Judicial Council.

If such compensation is greater than his retirement allowance, his retirement allowance shall be suspended so long as he receives such compensation. If such compensation is less than his retirement allowance, his retirement allowance shall continue to be paid while he receives such compensation but only in an amount equal to the difference between such compensation and the retirement allowance to which he would otherwise be entitled.

If a retired judge, other than a retired judge of a justice court, is assigned to sit in a court the transfers and deductions required by Sections 75102 and 75103 shall be made with respect to the compensation paid the judge while he is so assigned.

When assigned to sit in a county other than that in which he resides, he shall also be allowed his necessary expenses for travel, board, and lodging incurred in the discharge of the

assignment. Such expenses, if any, shall be chargeable as follows:

(a) When the assignment is to the Supreme Court or a court of appeal, to the state.

(b) When the assignment is to a superior, municipal, or justice court, to the county.

SEC. 58. Section 68548 of the Government Code is amended to read:

68548. Each judge assigned by the Chairman of the Judicial Council to another court of a like or higher jurisdiction pursuant to Section 6, Article VI, of the State Constitution has no authority to refuse such assignment and shall forthwith accept such assignment and shall sit and hold court as so assigned.

SEC. 59. Section 68701 of the Government Code is amended to read:

68701. As used in this chapter, "commission" means the Commission on Judicial Qualifications provided for in Section 8 of Article VI of the Constitution, "masters" means special masters appointed by the Supreme Court pursuant to rules adopted by the Judicial Council, and "judge" means a judge who is the subject of an investigation or proceeding under Section 18 of Article VI of the Constitution.

SEC. 60. Section 68702 of the Government Code is amended to read:

68702. The commission may employ such officers, assistants, and other employees as it deems necessary for the performance of the duties and exercise of the powers conferred upon the commission and upon the masters, may arrange for and compensate medical and other experts and reporters, may arrange for attendance of witnesses, including witnesses not subject to subpena, and may pay from funds available to it all expenses reasonably necessary for effectuating the purposes of Section 8 and Section 18 of Article VI of the Constitution, whether or not specifically enumerated herein. The Attorney General shall, if requested by the commission, act as its counsel generally or in any particular investigation or proceeding. The commission may employ special counsel from time to time when it deems such employment necessary.

SEC. 61 Section 68804 of the Government Code is repealed.

SEC. 62. Section 68840 of the Government Code is amended to read:

68840. The Supreme Court shall appoint a Clerk of the Supreme Court who serves at its pleasure. In addition to the duties prescribed by law, the Clerk of the Supreme Court shall perform such duties as are required of him by the rules, orders, and practices of the court.

SEC. 63. Section 68890 of the Government Code is amended to read:

68890. The Supreme Court shall appoint the reporter of the decisions of the Supreme Court and of the courts of appeal and such other assistants as required. Each officer provided for

herein serves at the pleasure of the Supreme Court and, in addition to the duties prescribed by law, shall perform such duties as are required by the rules, orders, and practices of the Supreme Court.

SEC. 64. Section 68891 of the Government Code is amended to read:

68891. The annual salary of the reporter of the decisions of the Supreme Court and of the courts of appeal is nineteen thousand five hundred dollars ($19,500). The salaries of the assistants shall be established subject to approval of the Department of Finance as provided in Section 18004 of the Government Code. Each of the persons so appointed shall serve in full-time employment.

SEC. 65. Section 68895 of the Government Code is amended to read:

68895. Such opinions of the Supreme Court, of the courts of appeal, and of the appellate departments of the superior courts as the Supreme Court may deem expedient shall be published in the official reports. The reports shall be published under the general supervision of the Supreme Court.

SEC. 66. Section 68903 of the Government Code is amended to read:

68903. The Secretary of State may sell for official use only, at not less than cost, such copies of the bound volumes of the decisions of the Supreme Court and of the courts of appeal as have been purchased pursuant to Section 68901.

SEC. 93. Section 71141 of the Government Code is amended to read:

71141. Judges of the municipal court and justice court shall be elected at the general state election next preceding the expiration of the term for which the incumbent has been elected.

SEC. 94 Section 71142 of the Government Code is repealed.

SEC. 95. Section 71146 of the Government Code is repealed

SEC. 96. Section 72603 of the Government Code is repealed

SEC 97. Section 72631 of the Government Code is amended to read:

72631. The court coordinator shall make recommendations to the several presiding judges concerning the transfer of municipal court cases from one district to another under Section 402 of the Code of Civil Procedure and shall work in cooperation with the Judicial Council in arranging for the assignment of judges between districts under Section 6 of Article VI of the Constitution.

SEC. 98. Section 75002 of the Government Code is amended to read:

75002. "Judge" means a justice of the Supreme Court or of a court of appeal, or a judge of a superior court or municipal court. A judge or justice of any other court does not acquire status as a judge for the purposes of this chapter by reason of designation as a judge pro tempore of, or assignment by the Chairman of the Judicial Council to. any of the said courts.

SEC. 99. Section 75060 of the Government Code is amended to read:

75060. (a) Any judge who is unable to discharge efficiently the duties of his office by reason of mental or physical disability that is or is likely to become permanent may, with his consent and with the approval of the Governor or Acting Governor and the Chief Justice or Acting Chief Justice, be retired from office. The retirement shall be effective upon approval by the designated officers, except as provided in subdivision (b) of this section. A certificate evidencing such approval shall be filed with the Secretary of State. Upon the filing of the certificate, a successor shall be appointed to fill the vacancy.

(b) Any judge who dies after executing an application evidencing his consent and before the approval of both of the designated officers has been obtained shall be deemed to have retired on the date of his death if the designated officers, prior to the filling of the vacancy created by such judge's death, file with the Secretary of State their certificate of approval.

SEC. 100. Section 75083 of the Government Code is amended to read:

75083. Any judge retired pursuant to this chapter who is appointed by the Supreme Court or any court of appeal, or division thereof, to act as referee in any proceeding pending before any such court, shall be paid while so acting, in addition to his retirement allowance (taken without reduction on account of any election pursuant to Article 3.5 (commencing at Section 75070) of this chapter) the difference, if any, between such retirement allowance and the compensation of a judge of the court from which he retired.

When appointed to act as referee in a county other than that in which he resides, he shall also be allowed his necessary expenses for travel, board, and lodging incurred in the discharge of such appointment.

Such extra compensation and expenses, if any, shall be chargeable to the state.

SEC. 101. Section 75101 of the Government Code is amended to read:

75101. The State Controller shall at the end of each month ascertain the aggregate amount of the annual salaries of all positions established by law as justices of the Supreme Court and of the courts of appeal and judges of the superior courts and municipal courts, and out of the State General Fund he shall transfer monthly commencing with the salaries for the month of July 1964 into the Judges' Retirement Fund a sum equal to 8 percent of one-twelfth of the aggregate amount of such salaries.

SEC. 102. Section 75102 of the Government Code is amended to read:

75102. The State Controller shall at the end of each month commencing with the salary for the month of July 1964 deduct 8 percent from the monthly salary of each Justice of the Supreme Court and of the courts of appeal and of the portion

paid by the state of the monthly salary of each judge of the superior court and shall cause this amount to be paid into the Judges' Retirement Fund.

SEC. 103. Section 5950 of the Labor Code is amended to read:

5950. Any person affected by an order, decision, or award of the appeals board may, within the time limit specified in this section, apply to the Supreme Court or to the court of appeal for the appellate district in which he resides, for a writ of review, for the purpose of inquiring into and determining the lawfulness of the original order, decision, or award or of the order, decision, or award following reconsideration. The application for writ of review must be made within 30 days after a petition for reconsideration is denied, or, if a petition is granted or reconsideration is had on the appeal board's own motion, within 30 days after the filing of the order, decision, or award following reconsideration.

SEC. 104. Section 5955 of the Labor Code is amended to read:

5955. No court of this state, except the Supreme Court and the courts of appeal to the extent herein specified, has jurisdiction to review, reverse, correct, or annul any order, rule, decision, or award of the appeals board, or to suspend or delay the operation or execution thereof, or to restrain, enjoin, or interfere with the appeals board in the performance of its duties but a writ of mandate shall lie from the Supreme Court or a court of appeal in all proper cases.

SEC. 105. Section 6600 of the Labor Code is amended to read:

6600. All orders, rules, regulations, findings and decisions of the division made or entered under this part may be reviewed by the Supreme Court and the courts of appeal within the time and in the manner specified in this chapter.

SEC. 106. Section 395.3 of the Military and Veterans Code is amended to read:

395.3. In the event that any public officer or employee has resigned or resigns his office or employment to serve or to continue to serve in the armed forces of the United States or in the armed forces of this state, he shall have a right to return to and reenter the office or employment prior to the time at which his term of office or his employment would have ended if he had not resigned, on serving a written notice to that effect upon the authorized appointing power, or if there is no authorized appointing power, upon the officer or agency having power to fill a vacancy in the office or employment, within six months of the termination of his active service with the armed forces; provided, that such right to return and reenter upon the office or position shall not extend to or be granted to such public officer or employee, who shall fail to return to and reenter upon his office or position within 12 months after the first date upon which he could terminate or could cause to

have terminated his active service with the armed forces of the United States or of the militia of this state.

As used in this section, "public officers and employees" includes all of the following:

(a) Members of the Senate and of the Assembly.

(b) Justices of the Supreme Court and the courts of appeal, judges of the superior courts and of the municipal courts, and all other judicial officers.

(c) All other state officers and employees, whether or not within the state civil service, including all officers for whose selection and term of office provision is made in the Constitution and laws of this state.

(d) All officers and employees of any county, city and county, city, township, district, political subdivision, authority, commission, board, or other public agency within this state.

The right of reentry into public office or employment provided for in this section shall include the right to be restored to such civil service status as the officer or employee would have if he had not so resigned; and no other person shall acquire civil service status in the same position so as to deprive such officer or employee of his right to restoration as provided for herein.

This section shall be retroactively applied to extend the right of reentry into public office or employment to public officers and employees who resigned prior to its effective date.

This section does not apply to any public officer or employee to whom the right to reenter public office or employment after service in the armed forces has been granted by any other provision of law.

If any provision of this section, or the application of this section to any person or circumstance, is held invalid, the remainder of this section, or the application of this section to persons or circumstances other than those as to which it is held invalid, shall not be affected thereby.

SEC. 107. Section 808 of the Penal Code is amended to read:

808 The following persons are magistrates:

1. The judges of the Supreme Court.
2. The judges of the courts of appeal.
3. The judges of the superior courts.
4. The judges of the municipal courts.
5. The judges of the justice courts

SEC 108. Section 1241 of the Penal Code is amended to read:

1241. In any case in which counsel has been appointed by the Supreme Court or by a court of appeal to represent a party to any appeal or proceeding in a criminal matter, such counsel shall receive a reasonable sum for compensation and necessary expenses, the amount of which shall be determined by the court and paid from any funds appropriated for that purpose. Claim for the payment of such compensation and expenses shall be made on a form prescribed by the Judicial

Council and presented by counsel to the clerk of the appointing court. After the court has made its order fixing the amount to be paid the clerk shall transmit a copy of the order to the State Controller who shall draw his warrant in payment thereof and transmit it to the payee.

SEC. 109. Section 1243 of the Penal Code is amended to read:

1243. An appeal to the Supreme Court or to a court of appeal from a judgment of conviction stays the execution of the judgment in all cases where sentence of death has been imposed, but does not stay the execution of the judgment or order granting probation in any other case unless the trial or appellate court shall so order. The granting or refusal of such order shall rest in the discretion of the court. If such order is made, the clerk of the court shall issue a certificate stating that such order has been made.

SEC. 110. Section 1265 of the Penal Code is amended to read:

1265. After the certificate of the judgment has been remitted to the court below, the appellate court has no further jurisdiction of the appeal or of the proceedings thereon, and all orders necessary to carry the judgment into effect must be made by the court to which the certificate is remitted; provided, however, that if a judgment has been affirmed on appeal no motion shall be made or proceeding in the nature of a petition for a writ of error coram nobis shall be brought to procure the vacation of said judgment, except in the court which affirmed the judgment on appeal. When a judgment is affirmed by a court of appeal and a hearing is not granted by the Supreme Court, the application for the writ shall be made to the court of appeal.

SEC. 111. Section 1471 of the Penal Code is amended to read:

1471. A court of appeal may order any case on appeal within the original jurisdiction of the municipal and justice courts in its district transferred to it for hearing and decision as provided by rules of the Judicial Council when the superior court certifies, or the court of appeal determines, that such transfer appears necessary to secure uniformity of decision or to settle important questions of law.

No case in which there is a right on appeal to a trial anew in the superior court shall be transferred pursuant to this section before a decision in such case becomes final therein.

A court to which any such case is transferred shall have similar power to review any matter and make orders and judgments as the superior court by statute would have in such case, except as otherwise expressly provided and except that if the case was tried anew in the superior court, the reviewing court shall have similar power to review any matter and make orders and judgments as it has by statute in a case within the original jurisdiction of the superior court.

SEC. 112. Section 1475 of the Penal Code is amended to read:

1475. The writ of habeas corpus may be granted in the manner provided by law. If the writ has been granted by any court or a judge thereof and after the hearing thereof the prisoner has been remanded, he shall not be discharged from custody by the same or any other court of like general jurisdiction, or by a judge of the same or any other court of like general jurisdiction, unless upon some ground not existing in fact at the issuing of the prior writ. Should the prisoner desire to urge some point of law not raised in the petition for or at the hearing upon the return of the prior writ, then, in case such prior writ had been returned or returnable before a superior court or a judge thereof, no writ can be issued upon a second or other application except by the appropriate court of appeal or some judge thereof, or by the Supreme Court or some judge thereof, and in such an event such writ must not be made returnable before any superior court or any judge thereof. In the event, however, that the prior writ was returned or made returnable before a court of appeal or any judge thereof, no writ can be issued upon a second or other application except by the Supreme Court or some judge thereof, and such writ must be made returnable before said Supreme Court or some judge thereof.

Every application for a writ of habeas corpus must be verified, and shall state whether any prior application or applications have been made for a writ in regard to the same detention or restraint complained of in the application, and if any such prior application or applications have been made the later application must contain a brief statement of all proceedings had therein, or in any of them, to and including the final order or orders made therein, or in any of them, on appeal or otherwise.

Whenever the person applying for a writ of habeas corpus is held in custody or restraint by any officer of any court of this state or any political subdivision thereof, or by any peace officer of this state, or any political subdivision thereof, a copy of the application for such writ must in all cases be served upon the district attorney of the county wherein such person is held in custody or restraint at least 24 hours before the time at which said writ is made returnable and no application for such writ can be heard without proof of such service in cases where such service is required.

If such person is in custody for violation of an ordinance of a city which has a city attorney, a copy of the application for the writ must also be served on the city attorney of the city whose ordinance is the basis for the charge at least 24 hours before the time at which the writ is made returnable, provided that failure to serve such city attorney shall not deprive the court of jurisdiction to hear the application.

SEC. 113. Section 1506 of the Penal Code is amended to read:

1506. An appeal may be taken to the court of appeal by the people from a final order of a superior court made upon the return of a writ of habeas corpus discharging a defendant or otherwise granting all or any part of the relief sought, in all criminal cases, excepting criminal cases where judgment of death has been rendered, and in such cases to the Supreme Court; and in all criminal cases where an application for a writ of habeas corpus has been heard and determined in a court of appeal, either the defendant or the people may apply for a hearing in the Supreme Court. Such appeal shall be taken and such application for hearing in the Supreme Court shall be made in accordance with rules to be laid down by the Judicial Council. If the people appeal, or petition for hearing in either the court of appeal or the Supreme Court, the defendant shall not be discharged from custody pending final decision upon the appeal or petition for hearing and he must, in any case in which a judgment of conviction has become final, be retaken into custody if he has been discharged; provided, however, that in bailable cases the defendant may be admitted to bail, in the discretion of the judge, pending decision of the appeal or petition for hearing. If the order grants relief other than a discharge from custody, the trial court or the court in which the appeal or petition for hearing is pending may, upon application by the people, in its discretion, and upon such conditions as it deems just stay the execution of the order pending final determination of the matter.

SEC. 114. Section 1507 of the Penal Code is amended to read:

1507. Where an application for a writ of habeas corpus has been made by or on behalf of any person other than a defendant in a criminal case, an appeal may be taken to the court of appeal from a final order of a superior court granting all or any part of the relief sought; and where such application has been heard and determined in a court of appeal, either on an application filed in that court or on appeal from a superior court, and all or any part of the relief sought has been granted, an application may be made for a hearing in the Supreme Court. Such appeal shall be taken and such application for hearing in the Supreme Court shall be made in accordance with rules to be laid down by the Judicial Council. The court which made the order granting relief or the court in which the appeal or petition for hearing is pending may, in its discretion, and upon such conditions as it deems just stay the execution of the order pending final determination of the matter.

SEC. 115. Section 1552.2 of the Penal Code is amended to read:

1552.2. If the accused is not arrested under warrant of the Governor by the expiration of the time specified in the warrant, bond, or undertaking, a magistrate may discharge him or may recommit him for a further period of 60 days. In

the latter event a justice of the Supreme Court or court of appeal or a judge of the superior court may again take bail for his appearance and surrender, as provided in Section 1552.1 but within a period not to exceed 60 days after the date of such new bond or undertaking.

SEC. 116. Section 4112 of the Penal Code is amended to read:

4112. When land has been acquired and such buildings and structures erected and improvements made as may be immediately necessary for the carrying out of the purposes of this article or arrangements have been made for an industrial road camp or camps, the board of supervisors shall adopt a resolution proclaiming that an industrial farm or road camp has been established in the county and designating a day on and after which persons will be admitted to such farm or camp. Certified copies of the resolution shall be forwarded by the clerk of the board of supervisors to each municipal court judge and each justice court judge in the county.

SEC. 117. Section 4113 of the Penal Code is repealed.

SEC. 118. Section 1240 of the Probate Code is amended to read:

1240. An appeal may be taken from an order granting or revoking letters testamentary or of administration; admitting a will to probate or revoking the probate thereof; setting aside an estate claimed not to exceed two thousand five hundred dollars in value; setting apart property as a homestead or claimed to be exempt from execution; confirming a report of an appraiser or appraisers in setting apart a homestead; granting or modifying a family allowance; directing or authorizing the sale or conveyance or confirming the sale of property; settling an account of an executor or administrator or trustee, or instructing or appointing a trustee; instructing or directing an executor or administrator; directing or allowing the payment of a debt, claim, legacy or attorney's fee; determining heirship or the persons to whom distribution should be made or trust property should pass; distributing property; refusing to make any order heretofore mentioned in this section; or fixing an inheritance tax or determining that none is due.

SEC. 119. Section 1630 of the Probate Code is amended to read:

1630. An appeal may be taken from an order granting or revoking letters of guardianship; settling an account of a guardian; instructing or directing a guardian; or refusing to make any order heretofore mentioned in this section.

SEC. 120. Section 2101 of the Probate Code is amended to read:

2101. An appeal may be taken from any judgment, order or decree authorized in this division, except from an order appointing a temporary conservator under Chapter 11 of this division.

CHAPTER 18

An act to amend Section 56 of the Drainage District Act of 1903 (Chapter 238 of the Statutes of 1903), relating to district indebtedness, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor March 28, 1967. Filed with Secretary of State March 28, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 56 of the Drainage District Act of 1903 (Chapter 238 of the Statutes of 1903) is amended to read:

Sec. 56. The board of directors shall have no power to incur any debt or liability whatever, either by issuing bonds or otherwise, in excess of the express provisions of this act; and any debt or liability incurred in excess of such express provisions shall be and remain absolutely void; except for the purposes of organization, formation expenses, or for any of the purposes of this act, the board of directors may, before the collection of the first assessment, incur an indebtedness not exceeding in the aggregate the sum of seventy-five thousand dollars ($75,000), and may cause warrants of the district to issue therefor, bearing interest at 7 percent per annum.

SEC. 1.5. The amendments to Section 56 of Chapter 238 of the Statutes of 1903 by this act shall be operative until July 1, 1968. Thereafter Section 56 of Chapter 238 of the Statutes of 1903 as enacted shall be operative.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The Tulare Lake Drainage District, formed pursuant to the Drainage District Act of 1903 (Chapter 238 of the Statutes of 1903), was formed in order to alleviate an acute drainage problem existing in the San Joaquin Valley. Since the reclaimed lands serviced by the district form a basin, there are no natural outlets to facilitate the removal of salt-laden drainage waters. Vertical percolation is retarded by stratified clays to further aggravate the problem. As a result of these conditions, portions of the area have a high water table laden with sodium and there is a general lack of a salt balance. The district will not receive any tax moneys until the latter part of 1967. In order to ensure that such lands remain in production it is necessary that this act take effect immediately so that the district will have authority to finance its expenses prior to the receipt of tax moneys and proceed with its drainage project.

CHAPTER 19

An act to repeal Section 9 of, and to add Section 9 to, the Orange County Water District Act (Chapter 924 of the Statutes of 1933), relating to the Orange County Water District, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor March 28, 1967. Filed with Secretary of State March 28, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 9 of the Orange County Water District Act (Ch. 924, Stats. 1933) is repealed.

SEC. 2. Section 9 is added to the Orange County Water District Act (Ch. 924, Stats. 1933), to read:

Sec. 9. Directors, other than directors representing Divisions 8, 9 and 10, shall be elected by the division each represents. Directors representing Divisions 8, 9 and 10 shall be appointed as provided elsewhere in this act.

The boundaries of the respective divisions, for the purpose of nomination and election of directors, as provided in this section, shall be the boundaries of said divisions as they shall exist on the ninetieth day preceding the date of election.

The provisions of the Elections Code relating to the qualifications of electors, so far as they may be applicable, shall govern all district elections, except that:

(a) To the extent the provisions of the Elections Code pertaining to the qualifications of voters at local elections are inconsistent with the provisions of that code pertaining to general elections, the provisions of the Elections Code pertaining to local elections shall control.

(b) Inconsistent provisions of this act shall control over any provisions of the Elections Code, except the Uniform District Election Law.

The election for directors shall be conducted in accordance with and shall be governed by the provisions of the Uniform District Election Law.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Since the effective date of a general law is uncertain because of the uncertain duration of the 1967 Regular Session of the Legislature, it is necessary that this act take effect immediately so that the 1967 district election may be conducted in accordance with its provisions.

CHAPTER 20

An act relating to payments for care under the California Medical Assistance Program and declaring the urgency thereof, to take effect immediately.

[Approved by Governor March 30, 1967. Filed with Secretary of State March 30, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Expenditures made on or before May 1, 1967, by counties under Section 14150.1 of the Welfare and Institutions Code for persons who are neither categorical aid recipients nor certified medically indigent persons as enumerated in the first paragraph of Section 14150 of the Welfare and Institutions Code are not subject to the provisions of the first paragraph of Section 14150 of the Welfare and Institutions Code.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the State Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order that the California Medical Assistance Program be permitted to operate at its present level, as contemplated by the Legislature, it is essential that this act take effect immediately.

CHAPTER 21

An act making an appropriation to the Emergency Fund in augmentation of Item 316, Budget Act of 1966.

[Approved by Governor March 31, 1967. Filed with Secretary of State March 31, 1967.]

The people of the State of California do enact as follows:

SECTION 1. The sum of seven million five hundred thirty-five thousand three hundred and forty dollars ($7,535,340) is hereby appropriated for the Emergency Fund in augmentation of and upon the same terms and conditions as the appropriation made by Item 316, Budget Act of 1966.

SEC. 2. This act makes an appropriation for the usual current expenses of the state within the meaning of Article IV of the Constitution and shall go into immediate effect.

CHAPTER 22

An act to repeal Sections 818, 818.1, and 818.2 of, and to add Sections 818, 818.1, and 818.2 to, the Agricultural Code, and to repeal Article 1 (commencing with Section 50001) of

Chapter 32 of Division 17 of, and to add Article 1 (commencing with Section 50001) to Chapter 32 of Division 17 of, the Agricultural Code, as proposed by Senate Bill No. 1, relating to potato grades and standards, declaring the urgency thereof, to take effect immediately.

[Approved by Governor April 4, 1967. Filed with Secretary of State April 5, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 818 of the Agricultural Code is repealed.

SEC. 2. Section 818 is added to the Agricultural Code, to read:

818. Potatoes shall consist of one variety or similar varietal characteristics which are not seriously misshapen or frozen; and which are free from freezing injury, blackheart, late blight, southern bacterial wilt, ring rot, soft rot or wet breakdown and free from serious damage caused by dirt or other foreign matter, sunburn, greening, second growth, growth cracks, air cracks, hollow heart, internal discoloration, external discoloration, shriveling, scab, dry rot, rhizoctonia, insects, larvae, worms, other disease, or mechanical or other means.

Unless otherwise specified, the diameter of each potato shall not be less than 1½ inches.

Potatoes shall be mature. Potatoes in containers labeled U.S. Fancy, U.S. No. 1, other grade markings, or in containers without grade markings, except U.S. No. 2, shall be considered mature when: during the period of May 1 of each calendar year through March 31 of the following calendar year, not more than 25 percent of the potatoes in any one container or bulk lot have more than one-fourth of the skin missing or feathered. No one container shall have more than twice the tolerance specified for maturity, provided that the average for the entire lot is within tolerance. During the period of April 1 through April 30 of each year, no maturity requirements are in effect, except for the general maturity requirements in Section 781.

Containers of potatoes bearing U.S. No. 2 grade markings, shall only be required to be mature as defined in Section 781.

In order to allow for variations, other than size and maturity requirements, incident to proper grading and handling, not more than a total of 11 percent, by weight, of the potatoes in any lot may fail to meet the requirements of this section: provided, that included in this amount not more than the following percentages shall be allowed for the defects listed: (1) 6 percent for potatoes having external defects; and (2) 5 percent for potatoes which are seriously damaged by hollow heart, internal discoloration or other internal defects; and provided further, that included in the above tolerances for external and internal defects, not more than 3 percent shall be allowed for potatoes which are frozen or affected by southern bacterial

wilt, ring rot, late blight, soft rot or wet breakdown, including therein not more than 1 percent for potatoes which are frozen or affected by soft rot or wet breakdown.

Not more than 3 percent of the potatoes in any lot may fail to meet the specified minimum size except that a tolerance of 5 percent shall be allowed for potatoes packed to meet a minimum size of 2¼ inches or more in diameter or 6 ounces or more in weight. In addition, not more than 10 percent may fail to meet any specified maximum size.

When a number of potatoes per package is specified, the number in individual packages shall not vary more than 5 percent from the number specified.

The contents of individual packages in the lot, based on sample inspection, are subject to the following limitations; provided, that the averages for the entire lot are within the tolerances specified for the grade:

(1) For packages which contain more than 15 pounds, when a tolerance of 10 percent or more is provided, individual packages in the lot shall have not more than 1½ times the tolerance specified, and when a tolerance of less than 10 percent is provided, individual packages in the lot shall have not more than double the tolerance specified, except that for potatoes which are frozen or affected by soft rot or wet breakdown, en route or at destination, not more than one-tenth of the packages may contain not more than four times the tolerance specified, and except that at least one defective and one off-size potato may be permitted in any package; and

(2) For packages which contain 15 pounds or less, individual packages in the lot are not restricted as to the percentage of defects and off-size; provided, that not more than one-tenth of the packages may have more than one potato which is frozen or affected by soft rot or wet breakdown.

"Diameter" means the greatest dimension at right angles to the longitudinal axis.

"Seriously misshapen" means that the individual potato is seriously pointed, dumbbell shaped, or otherwise badly deformed.

"Serious damage", unless otherwise specifically defined in this section, means any defect which seriously affects the edible or shipping quality, or the internal or external appearance of the individual potato, or any external defect which cannot be removed without a loss of more than 10 percent of the total weight of the potato including peel covering the defective area. Any one of the following defects, or any combination of defects the seriousness of which exceeds the maximum allowed for any one defect, shall be considered as serious damage:

(a) Dirt or other foreign matter when the individual potato is badly caked with dirt or badly stained, or when an excessive amount of loose dirt or other foreign matter is present in the container;

(b) Sunburn when the discoloration extends into the flesh to such an extent that it cannot be removed without a loss of more

than 10 percent of the total weight of the potato including peel covering the affected area;

(c) Greening caused by exposure to natural or artificial light when the appearance of the individual potato is seriously affected by yellowish or greenish surface discoloration or when such discoloration extends into the flesh of the potato and cannot be removed without a loss of more than 10 percent of the total weight of the potato including peel covering the defective area;

(d) Second growth which seriously affects the appearance of the individual potato;

(e) Growth cracks which seriously affect the appearance of the individual potato;

(f) Air cracks which seriously affect the appearance;

(g) Hollow heart which seriously affects the internal appearance of the potato cut longitudinally;

(h) Internal discoloration, any part of which affects the vascular ring or occurs between the ring and the skin of the potato when the discoloration cannot be removed without a loss of more than 10 percent of the total weight of the potato including peel covering the defective area, or discoloration occurring entirely within the area bounded by the vascular ring when there is more than the equivalent of six scattered light brown spots one-eighth inch in diameter in a round or intermediate type potato 2½ inches in diameter or in a long-type potato six ounces in weight, or correspondingly lesser or greater number of spots on smaller or larger potatoes;

(i) External discoloration when the appearance of the potato is seriously affected;

(j) Shriveling when the potato is excessively shriveled, spongy or flabby;

(k) Scab when surface scab shows no pronounced contrast with the background color of the potato and the aggregate area exceeds 50 percent of the surface, or when surface scab shows a pronounced contrast with the background color and the aggregate area exceeds 25 percent of the surface; when pitted scab affects the appearance of the potato to a greater extent than the amount of surface scab permitted or causes a loss of more than 10 percent of the total weight of the potato including peel covering the defective area, or when russet scab seriously affects the appearance of the potato;

(*l*) Rhizoctonia when the appearance of the potato is seriously affected, or when the surface is badly caked with black scurf;

(m) Insects, larvae or worms when present inside the potato, or when any hole caused by them or by grass roots or similar injury in a round or intermediate type potato 2½ inches in diameter, or in a long-type potato six ounces in weight, is more than 1½ inches long, or when the aggregate length of all holes in such potatoes is more than 2 inches, or correspondingly shorter or longer holes in smaller or larger potatoes, or when other types of injury seriously affect the ap-

pearance of the potato or cannot be removed without a loss of more than 10 percent of the total weight of the potato including peel covering the defective area; and

(n) Mechanical or other means when a fairly smooth cut such as is made by a knife to remove injury occurs on both ends of the potato; provided, that such a cut shall be permitted on one end of the potato if the length of the remaining portion of the clipped potato is more than 1½ times the greatest diameter of the cut and that the remaining portion of a clipped long-type potato weighs at least six ounces; or when other cuts, shatter bruises or other bruises, punctures, or other injuries seriously affect the appearance of the potato or cannot be removed without a loss of more than 10 percent of the total weight of the potato including peel covering the defective area.

SEC. 3. Section 818.1 of the Agricultural Code is repealed.

SEC. 4. Section 818.1 is added to the Agricultural Code, to read:

818.1. Potatoes for seed purposes, unless certified under the provisions of Article 4 (commencing with Section 961) of Chapter 5 of Division 5 of this code, shall comply with all of the requirements of this chapter relating to potatoes. Potatoes for use within this state for seed purposes, which fail to conform to the standards prescribed by Section 818 only by reason of serious damage due to greening and green ends, are as to such damage exempt from such standards when conspicuously marked and identified for seed purposes, or when bearing a notice accompanied by an order directing the disposition of the potatoes for seed purposes only. The notice and order herein provided shall have the same force and effect as the warning notice and disposal order provided in Section 830.1, and shall be subject to all the provisions of this chapter relating thereto.

SEC. 5. Section 818.2 of the Agricultural Code is repealed.

SEC. 6. Section 818.2 is added to the Agricultural Code, to read:

818.2. All containers of potatoes holding 10 pounds or more when full shall bear upon them in plain sight and plain letters the name of the person who authorized the packing of the potatoes or the name under which such packer is engaged in business, together with a sufficiently explicit address to permit ready location of such packer.

Nothing in this chapter shall be construed to prohibit any person from transporting out of the state, potatoes for processing which fail to comply with the maturity requirements of this chapter, providing the potatoes are in bins or bulk loads of more than 100 pounds. Containers of 100 pounds or less may be used provided there shall be stenciled or imprinted upon them in three-inch letters the words "Processing potatoes." No container of processing potatoes shall be transported out of the state bearing any false or misleading statements.

Nothing in this chapter shall be construed to prohibit any person from transporting within the state potatoes for process-

ing which fail to comply only with the maturity or marking requirements of this chapter, providing the potatoes are in bins or bulk loads of more than 100 pounds. Containers of 100 pounds or less may be used provided there shall be stenciled or imprinted upon them in three-inch letters the words "Processing potatoes". These exemptions are in addition to Section 830 where substandard potatoes are allowed to be transported under a permit or disposal order. No container of processing potatoes shall be transported within the state bearing any false or misleading statements without a disposal order accompanying the shipment.

Containers of potatoes shall not bear any marking, brand or designation of quality such as "extra selected," "selected," "select," "extra fancy," "fancy," "choice," "No. 1," or other similar superlative designations which imply a reasonably high quality, unless the contents of the container conform at least to the requirements of the U.S. No. 1 grade established for potatoes by the United States Department of Agriculture.

SEC. 7. Article 1 (commencing with Section 50001) of Chapter 32 of Division 17 of the Agricultural Code, as proposed by Senate Bill No. 1, is repealed.

SEC. 8. Article 1 (commencing with Section 50001) is added to Chapter 32 of Division 17 of the Agricultural Code, as proposed by Senate Bill No. 1, to read:

Article 1. Standards Generally

50001. Potatoes shall consist of one variety or similar varietal characteristics which are not seriously misshapen or frozen; and which are free from freezing injury, blackheart, late blight, southern bacterial wilt, ring rot, soft rot or wet breakdown and free from serious damage caused by dirt or other foreign matter, sunburn, greening, second growth, growth cracks, air cracks, hollow heart, internal discoloration, external discoloration, shriveling, scab, dry rot, rhizoctonia, insects, larvae, worms, other disease, or mechanical or other means.

50002. Unless otherwise specified, the diameter of each potato shall not be less than 1½ inches.

50002.5. Potatoes shall be mature. Potatoes in containers labeled U.S. Fancy, U.S. No. 1, other grade markings, or in containers without any grade markings, except U.S. No. 2, shall be considered mature when: during the period of May 1 of each calendar year through March 31 of the following calendar year, not more than 25 percent of the potatoes in any one container or bulk lot have more than one-fourth of the skin missing or feathered. No one container shall have more than twice the tolerance specified for maturity, provided that the average for the entire lot is within tolerance. During the period of April 1 through April 30 of each year, no maturity requirements are in effect, except for the general maturity requirements in Section 42513.

Containers of potatoes bearing U.S. No. 2 grade markings shall only be required to be mature as defined in Section 42513.

50003. In order to allow for variations, other than size and maturity requirements, incident to proper grading and handling, not more than a total of 11 percent, by weight, of the potatoes in any lot may fail to meet the requirements of this chapter; provided, that included in this amount not more than the following percentages shall be allowed for the defects listed: (a) 6 percent for potatoes having external defects; and (b) 5 percent for potatoes which are seriously damaged by hollow heart, internal discoloration or other internal defects; and provided further, that included in the above tolerances for external and internal defects, not more than 3 percent shall be allowed for potatoes which are frozen or affected by southern bacterial wilt, ring rot, late blight, soft rot or wet breakdown, including therein not more than 1 percent for potatoes which are frozen or affected by soft rot or wet breakdown.

50004. Not more than 3 percent of the potatoes in any lot may fail to meet the specified minimum size except that a tolerance of 5 percent shall be allowed for potatoes packed to meet a minimum size of $2\frac{1}{4}$ inches or more in diameter or 6 ounces or more in weight. In addition, not more than 10 percent may fail to meet any specified maximum size.

50005. When a number of potatoes per package is specified, the number in individual packages shall not vary more than 5 percent from the number specified.

50006. The contents of individual packages in the lot, based on sample inspection, are subject to the following limitations; provided, that the averages for the entire lot are within the tolerances specified for the grade:

(a) For packages which contain more than 15 pounds, when a tolerance of 10 percent or more is provided, individual packages in the lot shall have not more than $1\frac{1}{2}$ times the tolerance specified, and when a tolerance of less than 10 percent is provided, individual packages in the lot shall have not more than double the tolerance specified, except that for potatoes which are frozen or affected by soft rot or wet breakdown, en route or at destination, not more than one-tenth of the packages may contain not more than four times the tolerance specified, and except that at least one defective and one off-size potato may be permitted in any package; and

(b) For packages which contain 15 pounds or less, individual packages in the lot are not restricted as to the percentage of defects and off-size; provided, that not more than one-tenth of the packages may have more than one potato which is frozen or affected by soft rot or wet breakdown.

50007. "Diameter" as used in this chapter means the greatest dimension at right angles to the longitudinal axis.

50008. "Seriously misshapen" as used in this chapter means that the individual potato is seriously pointed, dumbbell shaped, or otherwise badly deformed.

50009. "Serious damage," as used in this chapter, unless otherwise specifically defined in this section, means any defect which seriously affects the edible or shipping quality, or the internal or external appearance of the individual potato, or any external defect which cannot be removed without a loss of more than 10 percent of the total weight of the potato including peel covering the defective area. Any one of the following defects, or any combination of defects the seriousness of which exceeds the maximum allowed for any one defect, shall be considered as serious damage:

(a) Dirt or other foreign matter when the individual potato is badly caked with dirt or badly stained, or when an excessive amount of loose dirt or other foreign matter is present in the container;

(b) Sunburn when the discoloration extends into the flesh to such an extent that it cannot be removed without a loss of more than 10 percent of the total weight of the potato including peel covering the affected area;

(c) Greening caused by exposure to natural or artificial light when the appearance of the individual potato is seriously affected by yellowish or greenish surface discoloration or when such discoloration extends into the flesh of the potato and cannot be removed without a loss of more than 10 percent of the total weight of the potato including peel covering the defective area;

(d) Second growth which seriously affects the appearance of the individual potato;

(e) Growth cracks which seriously affect the appearance of the individual potato;

(f) Air cracks which seriously affect the appearance;

(g) Hollow heart which seriously affects the internal appearance of the potato cut longitudinally;

(h) Internal discoloration, any part of which affects the vascular ring or occurs between the ring and the skin of the potato when the discoloration cannot be removed without a loss of more than 10 percent of the total weight of the potato including peel covering the defective area, or discoloration occurring entirely within the area bounded by the vascular ring when there is more than the equivalent of six scattered light brown spots one-eighth inch in diameter in a round or intermediate type potato 2½ inches in diameter or in a long-type potato six ounces in weight, or correspondingly lesser or greater number of spots on smaller or larger potatoes;

(i) External discoloration when the appearance of the potato is seriously affected;

(j) Shriveling when the potato is excessively shriveled, spongy or flabby;

(k) Scab when surface scab shows no pronounced contrast with the background color of the potato and the aggregate area exceeds 50 percent of the surface, or when surface scab shows a pronounced contrast with the background color and the aggregate area exceeds 25 percent of the surface; when

pitted scab affects the appearance of the potato to a greater extent than the amount of surface scab permitted or causes a loss of more than 10 percent of the total weight of the potato including peel covering the defective area, or when russet scab seriously affects the appearance of the potato;

(*l*) Rhizoctonia when the appearance of the potato is seriously affected, or when the surface is badly caked with black scurf;

(m) Insects, larvae or worms when present inside the potato, or when any hole caused by them or by grass roots or similar injury in a round or intermediate type potato 2½ inches in diameter, or in a long-type potato six ounces in weight, is more than 1½ inches long, or when the aggregate length of all holes in such potatoes is more than 2 inches, or correspondingly shorter or longer holes in smaller or larger potatoes, or when other types of injury seriously affect the appearance of the potato or cannot be removed without a loss of more than 10 percent of the total weight of the potato including peel covering the defective area; and

(n) Mechanical or other means when a fairly smooth cut such as is made by a knife to remove injury occurs on both ends of the potato; provided, that such a cut shall be permitted on one end of the potato if the length of the remaining portion of the clipped potato is more than 1½ times the greatest diameter of the cut and that the remaining portion of a clipped long-type potato weighs at least six ounces; or when other cuts, shatter bruises or other bruises, punctures, or other injuries seriously affect the appearance of the potato or cannot be removed without a loss of more than 10 percent of the total weight of the potato including peel covering the defective area.

50010. All containers of potatoes holding 10 pounds or more when full shall bear upon them in plain sight and plain letters the name of the person who authorized the packing of the potatoes or the name under which such packer is engaged in business, together with a sufficiently explicit address to permit ready location of such packer.

50011. Nothing in this chapter shall be construed to prohibit any person from transporting out of the state, potatoes for processing which fail to comply with the maturity requirements of this chapter, providing the potatoes are in bins or bulk loads of more than 100 pounds. Containers of 100 pounds or less may be used provided there shall be stenciled or imprinted upon them in three-inch letters the words "Processing potatoes." No container of processing potatoes shall be transported out of the state bearing any false or misleading statements.

50012. Nothing in this chapter shall be construed to prohibit any person from transporting within the state potatoes for processing which fail to comply only with the maturity or marking requirements of this chapter, providing the potatoes are in bins or bulk loads of more than 100 pounds. Containers of 100 pounds or less may be used provided there shall be

stenciled or imprinted upon them in three-inch letters the words "Processing potatoes." These exemptions are in addition to Section 42881 where substandard potatoes are allowed to be transported under a permit or disposal order. No container of processing potatoes shall be transported within the state bearing any false or misleading statements without a disposal order accompanying the shipment.

50013. Containers of potatoes shall not bear any marking, brand or designation of quality such as "extra selected," "selected," "select," "extra fancy," "fancy," "choice," "No. 1," or other similar superlative designations which imply a reasonably high quality, unless the contents of the container conform at least to the requirements of the U.S. No. 1 grade established for potatoes by the United States Department of Agriculture.

SEC. 9. Sections 7 and 8 of this act shall become operative only if the Agricultural Code as proposed by Senate Bill No. 1 is enacted by the Legislature at its 1967 Regular Session, and in such case at the same time as Senate Bill No. 1 takes effect; at which time Sections 818. 818.1 and 818.2 of the Agricultural Code of 1933 as added by Sections 2, 4, and 6 of this act are repealed.

SEC. 10. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

This statute will assure that a higher quality product will be available to the consumer and will assist the California agriculture industry to obtain a fair share of the fresh potato market in this state and therefore shall take effect immediately.

CHAPTER 23

An act authorizing the transfer of real property of the state.

[Approved by Governor April 5, 1967. Filed with Secretary of State April 5, 1967.]

The people of the State of California do enact as follows:

SECTION 1. The Department of General Services shall transfer to the Trustees of the California State Colleges, to be used solely for the educational needs of the San Fernando Valley State College, that parcel consisting of approximately 24 acres of real property being part of the property of the former 51st District Agricultural Association transferred to the Department of General Services and being more particularly described as follows:

Approximately 24 acres in the County of Los Angeles, being that portion of the former site of the 51st District Agricul-

tural Association which lies north of a line drawn 880 feet south of and parallel to the centerline of Devonshire Street.

In making the transfer authorized by this act the Department of General Services shall expressly reserve all deposits of minerals, including oil and gas, in the lands, and all revenues therefrom shall be deposited in the General Fund.

CHAPTER 24

An act to add Section 262.1 to the Revenue and Taxation Code, relating to property tax exemptions and declaring the urgency thereof, to take effect immediately.

[Approved by Governor April 5, 1967. Filed with Secretary of State April 5, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 262.1 is added to the Revenue and Taxation Code, to read:

262.1. Any tax or penalty, or interest thereon for any fiscal year commencing during the calendar year 1966 on property owned by any organization qualified for the church exemption pursuant to Sections 206 and 206.1 which was acquired by it during that calendar year after the lien date in that year but prior to the commencement of such fiscal year, and of a kind that presently qualifies for the church exemption and that would have so qualified for such fiscal year had it been owned by such organization on such lien date, shall be canceled pursuant to Article 1 (commencing with Section 4986) of Chapter 4 of Part 9 of this division as if it had been levied or charged erroneously and, if paid, a refund thereof shall be made pursuant to Article 1 (commencing with Section 5096) of Chapter 5 of Part 9 of this division as if it had been erroneously collected. Any cancellation or refund made pursuant to this section shall be made notwithstanding any limitation upon the time within which such cancellation or refund could otherwise be made.

SEC. 2. This act is an urgency statute, necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Some organizations qualified for the church exemption pursuant to Sections 206 and 206.1 purchased property during the 1966 calendar year, after the lien date for that year, which property was taxed for the fiscal year 1966–67 although it would have been exempt from taxation for that year by reason of the church exemption had it been acquired prior to such lien date. If required to meet such tax obligation, the ability of such organizations to function effectively will be seriously

impaired to the great detriment of our state. This act will remedy that situation, and in so doing, the public policy of the state for the exemption of property owned by religious organizations, as expressed in Section 1½ of Article XIII of the Constitution, will be subserved and the state as a whole will benefit.

CHAPTER 25

An act to amend Sections 461, 5004, 5763, 7578, 7602, 11904, and 12857 of, and to repeal Sections 5635 and 12532 of the Agricultural Code, as proposed by Senate Bill No. 1, relating to agricultural pests and their eradication.

[Approved by Governor April 6, 1967. Filed with Secretary of State April 6, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 461 of the Agricultural Code, as proposed by Senate Bill No. 1, is amended to read:

461. The department may conduct surveys or investigations of any nursery, orchard, vineyard, agricultural commodity, agricultural appliance, farm, or other premises within the state liable to be infested or infected with any pest as defined in Section 5006 or disease, including any infectious, transmissible, and contagious diseases of livestock and poultry, for the purpose of detecting the presence of, or determining the status of, the pest or disease.

SEC. 2. Section 5004 of the Agricultural Code, as proposed by Senate Bill No. 1, is amended to read:

5004. "Noxious weed" means any species of plant which is, or is liable to be, detrimental or destructive and difficult to control or eradicate. It includes all species of primary noxious weeds and secondary noxious weeds which are listed in Sections 52257 and 52258, and such other species of plants established by regulation of the director, after investigation and hearing to be noxious weeds.

SEC. 4. Section 5635 of the Agricultural Code, as proposed by Senate Bill No. 1, is repealed.

SEC. 5. Section 5763 of the Agricultural Code, as proposed by Senate Bill No. 1, is amended to read:

5763. The director, or the commissioner acting under the supervision and direction of the director, in a summary manner, may disinfect or take such other action, including removal or destruction, with reference to any such public nuisance, which he thinks is necessary.

SEC. 6. Section 7578 of the Agricultural Code, as proposed by Senate Bill No. 1, is amended to read:

7578. Upon judgment and by order of the court, the lot which is a nuisance shall be handled in one of the following ways:

(a) Condemned and destroyed in the manner directed by the court.

(b) Denatured or otherwise processed to render the seed of any pest incapable of reproduction.

(c) Released upon such conditions as the court may impose to insure that the nuisance will be abated.

SEC. 7. Section 7602 of the Agricultural Code, as proposed by Senate Bill No. 1, is amended to read:

7602. Upon application by the owner for such permit or if the commissioner deems it necessary to determine that the cleaner is free from the seed of any pest, the commissioner may cause an inspection to be made of the cleaner of each permittee.

SEC. 8. Section 11904 of the Agricultural Code, as proposed by Senate Bill No. 1, is amended to read:

11904. The certificate of qualification which is issued to a successful candidate shall disclose in which of the following three general classes of pest control operations he is qualified:

(a) The use of herbicides and defoliants.

(b) The use of dust pesticides other than herbicides and defoliants.

(c) The use of liquid pesticides other than herbicides and defoliants.

SEC. 9. Section 12857 of the Agricultural Code, as proposed by Senate Bill No. 1, is amended to read:

12857. The director may, pursuant to regulations prescribed by him, authorize sales of economic poisons to be made out of a registrant's opened but properly labeled lot, container, or package. The director shall serve notice of his proposed action by depositing a copy of it in a United States post office, inclosed in a sealed envelope with postage prepaid and addressed to each economic poisons registrant at his last address on file with the department. He shall allow 15 days during which time any protest may be filed.

SEC. 10. Section 12532 of the Agricultural Code, as proposed by Senate Bill No. 1, is repealed.

SEC. 11. This act is intended to implement the recommendations of the Senate Fact Finding Committee on Agriculture and those of the Industry Advisory Committee on Agricultural Code Revision, as set forth in the third progress report of the Senate Fact Finding Committee on Agriculture to the 1967 California Legislature.

CHAPTER 26

An act to add Section 39 to and to amend Sections 434, 2201, 5102, 7577, 7581, 12643, 12647, 14708, 14712, 27805, 27809, 42791, 42794, 42852, 52282, 52361, 52391, 53562, and 53564 of the Agricultural Code, as proposed by Senate Bill No. 1, relating to agriculture.

[Approved by Governor April 6, 1967. Filed with Secretary of State April 6, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 39 is added to the Agricultural Code, as proposed by Senate Bill No. 1, to read:

39. "Qualified representative of the commissioner" means a deputy commissioner or inspector who holds an appropriate certificate of qualification issued by the director as provided in Chapter 2 (commencing with Section 2101) of Division 2 of this code.

SEC. 2. Section 434 of the Agricultural Code, as proposed by Senate Bill No. 1, is amended to read:

434. The department shall issue and cause to be printed and distributed to the commissioners, and to such other persons as it may deem proper, bulletins, charts, photographs or other illustrative material or statements which contain all the information which is best adapted to advance the interest, business, and development of agriculture in the state. The department may broadcast such portions of the illustrative material or statements as are adapted to give effect to this code. It may exhibit or display such data and material as have been collected or prepared, and may incur expenses which are necessarily incidental to the exhibit or display of such data and material.

SEC. 3. Section 2201 of the Agricultural Code, as proposed by Senate Bill No. 1, is amended to read:

2201. The compensation provided for a commissioner, deputy commissioner, county agricultural inspector, or clerk who is employed by the year or by the month shall be paid out of the county treasury in the same manner and at the same time as county officers are paid. A commissioner and each deputy commissioner or inspector is entitled to receive his traveling and incidental expenses which are necessarily incurred in the performance of his duty. Such expenses and all compensation which is earned by a commissioner, deputy commissioner, inspector, or clerk who is not employed by the year or by the month are a county charge. The board of supervisors shall allow and pay them in the same manner as other claims are allowed and paid.

SEC. 4. Section 5102 of the Agricultural Code, as proposed by Senate Bill No. 1, is amended to read:

5102. Each commissioner and each qualified representative of the commissioner is a state plant quarantine officer for the following purposes:

(a) Certifying to the pest condition or pest treatment of shipments, if certification as a condition of movement or entry is officially required.

(b) Enforcing laws and regulations which relate to plant quarantine.

SEC. 5. Section 7577 of the Agricultural Code, as proposed by Senate Bill No. 1, is amended to read:

7577. The district attorney of the county in which the nuisance is found, at the request of the director or the commissioner, shall maintain, in the name of the people of the State of California, a civil action to abate and prevent such nuisance.

SEC. 6. Section 7581 of the Agricultural Code, as proposed by Senate Bill No. 1, is amended to read:

7581. In actions which arise pursuant to this article:

(a) Municipal courts shall have original jurisdiction where the value of the property seized amounts to five thousand dollars ($5,000) or less.

(b) Justice courts shall have original jurisdiction where the value amounts to five hundred dollars ($500) or less.

SEC. 7. Section 12643 of the Agricultural Code, as proposed by Senate Bill No. 1, is amended to read:

12643. The district attorney of the county in which the nuisance is found, at the request of the director, shall maintain, in the name of the people of the State of California, a civil action to abate and prevent the nuisance.

SEC. 8. Section 12647 of the Agricultural Code, as proposed by Senate Bill No. 1, is amended to read:

12647. In actions which arise pursuant to this article:

(a) Municipal courts shall have original jurisdiction where the value of the property seized amounts to five thousand dollars ($5,000) or less.

(b) Justice courts shall have original jurisdiction where the value amounts to five hundred dollars ($500) or less.

SEC. 9. Section 14708 of the Agricultural Code, as proposed by Senate Bill No. 1, is amended to read:

14708. The district attorney of the county in which the nuisance is found, at the request of the director, shall maintain in the name of the people of the State of California a civil action to abate and prevent the nuisance.

SEC. 10. Section 14712 of the Agricultural Code, as proposed by Senate Bill No. 1, is amended to read:

14712. In actions arising, pursuant to this article, the following courts shall have original jurisdiction:

(a) Municipal courts, where the value of the property seized amounts to five thousand dollars ($5,000) or less.

(b) Justice courts, where the value amounts to five hundred dollars ($500) or less.

SEC. 11. Section 27805 of the Agricultural Code, as proposed by Senate Bill No. 1, is amended to read:

27805. The district attorney of the county in which the eggs and their containers which are a public nuisance are found, at the request of the director or of any enforcement officer, shall maintain, in the name of the people of the State of California, a civil action to abate and prevent the public nuisance.

SEC. 12. Section 27809 of the Agricultural Code, as proposed by Senate Bill No. 1, is amended to read:

27809. In actions arising pursuant to this chapter:

(a) Municipal courts shall have original jurisdiction where the value of the property seized amounts to five thousand dollars ($5,000) or less.

(b) Justice courts shall have original jurisdiction where the value amounts to five hundred dollars ($500) or less.

SEC. 13. Section 42791 of the Agricultural Code, as proposed by Senate Bill No. 1, is amended to read:

42791. The commissioner of each county and any qualified representative of the commissioner may, upon request, issue certificates which state that the fruits, nuts, or vegetables which have been inspected meet all the requirements of this division or the requirements of the state or country of intended destination.

SEC. 14. Section 42794 of the Agricultural Code, as proposed by Senate Bill No. 1, is amended to read:

42794. Any lot of fruits, nuts, or vegetables which bears or is accompanied by a certificate of inspection that readily identifies such lot which was issued by any commissioner or the qualified representative of the commissioner shall not be rejected from transportation or sale within this state for the purported violation of any provision of this division.

Such certified lot of fruits, nuts, or vegetables may, however, be held for inspection at any time by any enforcing officer who holds a valid standardization certificate. If such enforcing officer shall find that the certified lot of fruits, nuts, or vegetables is in violation of any provision of this division he may appeal to the director who shall within 24 hours cause a reinspection to be made of the certified lot of fruits, nuts or vegetables. The lot of certified fruits, nuts, or vegetables shall be released or rejected in accordance with the findings upon such reinspection.

SEC. 15. Section 42852 of the Agricultural Code, as proposed by Senate Bill No. 1, is amended to read:

42852. A written notice of violation, which is issued by a duly qualified representative of the director or by any commissioner or any qualified representative of the commissioner, which states that a certain lot of produce violates any provision of this division and based upon the examination of such sample, is prima facie evidence, in any court in this state, of the true condition of the entire lot.

SEC. 16. Section 52282 of the Agricultural Code, as proposed by Senate Bill No. 1, is amended to read:

52282. The director and, under the supervision and direction of the director, the commissioner of each county and the qualified representatives of the commissioner shall enforce this chapter and carry out its provisions and requirements.

SEC. 17. Section 52361 of the Agricultural Code, as proposed by Senate Bill No. 1, is amended to read:

52361. The director, each commissioner, and any qualified representative of the commissioner, shall sample and inspect any agricultural or vegetable seed which is subject to this chapter at such time and place and to such extent as he may deem necessary to determine whether such agricultural or vegetable seed is in compliance with the provisions of this chapter, and notify promptly the person that is in possession or control of the seed of any violation.

SEC. 18. Section 52391 of the Agricultural Code, as proposed by Senate Bill No. 1, is amended to read:

52391. The director or the commissioner and any qualified representative of the commissioner may issue and enforce a written or printed "stop-sale" order to the owner or custodian of any lot of agricultural or vegetable seed which he finds is in violation of any provision of this chapter, which shall prohibit further sale of such seed until the officer has evidence that the law has been complied with. Upon compliance, such order shall be removed.

SEC. 19. Section 53562 of the Agricultural Code, as proposed by Senate Bill No. 1, is amended to read:

53562. The district attorney of the county in which any such nuisance is found, at the request of the director or the commissioner, shall maintain, in the name of the people of the State of California, a civil action to abate and prevent such nuisance. Upon judgment and by order of the court, such nuisance shall be condemned and destroyed in the manner directed by the court, or relabeled, or reconditioned, or released upon such conditions as the court in its discretion may impose to insure the nuisance will be abated.

SEC. 20. Section 53564 of the Agricultural Code, as proposed by Senate Bill No. 1, is amended to read:

53564. In actions arising pursuant to this article, the following courts shall have original jurisdiction:

(a) Municipal courts shall have original jurisdiction where the value of the property is five thousand dollars ($5,000) or less.

(b) Justice courts shall have original jurisdiction where the value of the property is five hundred dollars ($500) or less.

SEC. 21. This act is intended to implement the recommendations of the Senate Fact Finding Committee on Agriculture and those of the Industry Advisory Committee on Agricultural Code Revision, as set forth in the third progress report of the Senate Fact Finding Committee on Agriculture to the 1967 California Legislature.

CHAPTER 27

An act to repeal Chapter 5 (commencing with Section 12880) of Part 6, Division 6 of, and to add Chapter 5 (commencing with Section 12880) to Part 6, Division 6 of, the Water Code, relating to water resources.

[Approved by Governor April 6, 1967. Filed with Secretary of State April 6, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Chapter 5 (commencing with Section 12880) of Part 6 of Division 6 of the Water Code is repealed.

SEC. 2. Chapter 5 (commencing with Section 12880) is added to Part 6 of Division 6 of said code, to read:

CHAPTER 5. STATE FINANCIAL ASSISTANCE FOR LOCAL PROJECTS

Article 1. Short Title

12880. This chapter shall be known and may be cited as the Davis-Grunsky Act.

Article 2. General Provisions

12881. In furtherance of the development, control and conservation of the water resources of the state and the State Water Resources Development System it is the policy of the state to provide financial assistance to public agencies for the construction of water projects to meet local requirements in which there is a statewide interest by making grants or loans, or both, and by participating in the construction and operation of water projects, and also to provide financial assistance to public agencies for the preparation of certain feasibility reports on such water projects by making loans, in accordance with this chapter.

12881.2. As used in this chapter:

(a) "Project" means any construction or improvement by a public agency for the diversion, storage, or distribution of water primarily for domestic, municipal, agricultural, industrial, recreation, fish and wildlife enhancement, flood control, or power production purposes.

(b) "Public agency" means any city, county, district or other political subdivision of the state.

(c) "Feasibility report" means such report on the feasibility of a public agency's proposed project as the department may require the public agency to file with the department in support of an application by the public agency under this chapter for a loan for the construction of the proposed project.

12881.4. In the administration of this chapter, the department and the commission shall give preference to projects involving the development of new basic water supplies.

Article 3. Procedure

12882. Applications for loans or grants or financial participation by the state under this chapter shall be made to the department in such form and with such supporting material as may be prescribed by the department. Supporting material with respect to the ability of a public agency to repay the loan and to the reasonable ability to finance the proposed project from other sources may be supplied by the county assessor and the county engineer.

12882.2. Applications for loans for irrigation distribution system projects or municipal distribution system projects which involve extreme hardship which jeopardizes the public health, safety or welfare shall be made in the following manner:

The governing body of the public agency shall submit an application to the department describing, generally, such extreme hardship existing with respect to the water supply, the financial and economic conditions existing in the area, and the proposed project. The statements by the governing body shall be based upon, and the application shall be accompanied by:

(a) A report by the assessor of the local agency with respect to assessed valuations and tax delinquencies.

(b) A report by the engineer of the local agency (or if it has none, by the county surveyor or road commissioner) describing the project and estimating its cost, in general terms.

(c) In cases involving a health hazard with respect to the domestic water supply, a report by the local health officer or by the Department of Public Health with respect to such health hazard.

(d) Such other information as the department may require from the agency.

12882.4. A report on each application shall be prepared by the department and filed with the Legislature. In such report the department shall make findings as to the nature and extent of the statewide interest in the project, the public necessity for the project, the urgency of the need, and the engineering feasibility, economic justification, and financial feasibility of the project; provided, that in the case of reports on applications for loans for the preparation of proposed feasibility reports, in lieu of the above findings, the department shall make findings with respect to the public necessity for and urgency of need of the proposed project and the ability of the applicant to repay the requested loan for the preparation of the proposed feasibility report.

Article 4. Qualifications Generally

12883. A proposed project may be approved for assistance only if it is determined that the project substantially conforms to the California Water Plan, is engineeringly feasible, economically justified, and, if a loan is proposed, that there is reasonable assurance, commensurate with the need for the proposed project, that the public agency can repay it. The potential future growth and development of the area shall be taken into consideration in the calculation of the benefits for the determination of the economic justification of a proposed project. Such factors as the public health, safety, and welfare shall be taken into consideration in determining the need for a proposed project.

12883.2. In the case of a grant for recreation or fish and wildlife enhancement, or both, the determination of economic justification of the proposed project may, in the department's discretion, be limited to a determination of the economic justification of the recreation and fish and wildlife enhancement functions of the project.

12883.4. A loan for the preparation of a proposed feasibility report on a proposed project may be approved only if it is determined that there is reasonable assurance that the public agency can repay the loan and only if the agency receives a favorable written reply from the department on a written request for a preliminary determination of eligibility for a loan for the construction of the proposed project filed with the department by the agency under the regulations of the department promulgated pursuant to this chapter.

Article 5. Grants

12884. The department is authorized to make state grants to public agencies from moneys available for such purpose in amounts not exceeding four hundred thousand dollars ($400,000) for any one project for the purposes specified in subdivisions (a) and (b) of Section 12884.2 and, in addition, in amounts as authorized by subdivision (c) of Section 12884.2, subject to the provisions of this chapter and to the prior approval of the California Water Commission for each grant that the department proposes to make. Grants in excess of four hundred thousand dollars ($400,000) for any one project for the purposes authorized by subdivisions (a) and (b) of Section 12884.2 may be made by the department only upon specific authorization of the Legislature and upon such terms and conditions as the Legislature may prescribe.

12884.2. Grants in furtherance of a project that involves the development of a new water supply may be made for the following purposes:

(a) For the part of the construction cost of the proposed project properly allocated to the enhancement of fish and

wildlife; provided, that a grant for such part shall not exceed fifty percent (50%) of the construction cost.

(b) For the part of the construction cost of any dam and reservoir of the proposed project properly allocated to recreational functions of statewide interest; provided, that a grant for such part shall not exceed fifty percent (50%) of the construction cost, and provided further, that the total grant under subdivisions (a) and (b) for any one project shall not exceed seventy-five percent (75%) of the construction cost of the project. Such construction costs may include expenditures for lands located above the high waterline of reservoirs which are necessary or desirable for public recreation in connection with the reservoir.

(c) For the construction of initial water supply and sanitary facilities which are needed for public recreational use of each proposed dam and reservoir of the proposed project. A grant for the purpose specified in this subdivision shall not be subject to the limitation contained in Section 12884 on grants for the purposes specified in subdivisions (a) and (b) and shall not be included in computing the total amount which may be granted to a public agency in connection with a project for such purposes. A grant for the purpose specified in this subdivision shall not exceed one-fourth of the total amount granted to a public agency in connection with a project for the purposes specified in subdivisions (a) or (b), or both, of this section.

Article 6. Loans

12885. The department is authorized to make state loans to public agencies for the construction of projects, from moneys available for such loans, in amounts not exceeding four million dollars ($4,000,000) for any one project, subject to the provisions of this chapter and to the prior approval of the California Water Commission for each loan that the department proposes to make. Loans in excess of four million dollars ($4,000,000) for any one project may be made by the department only upon specific authorization of the Legislature and upon such terms and conditions as the Legislature may prescribe.

12885.2. Loans may be made only for projects primarily for domestic, municipal, agricultural, industrial, recreation, or fish and wildlife enhancement purposes. Such loans may be made for all or any part of the construction cost of any such project but in no event shall any such loan be in an amount which is greater than the portion of the construction cost of the project which the department finds to be beyond the reasonable ability of the public agency to finance from other sources. Such loans shall be repayable over a period not to exceed 50 years. A period of development of not exceeding 10 years may be allowed within such maximum 50-year repayment period, during which no payments on the principal of or

the interest on such loans shall be required, when in the department's judgment such development period is justified under the circumstances. If the payment of interest is deferred pursuant to this section, interest shall be charged on the interest amounts for which payment is deferred at the same rate as the rate of interest charged on the principal amount of the particular loan. The accrued interest may, at the option of the public agency, be paid in annual installments during the remainder of the loan repayment period at the same rate of interest as is charged on the principal amount of the loan.

12885.3. In furtherance of the policy set forth in Section 12881.4, no funds shall be loaned for either irrigation distribution system projects or municipal distribution system projects, except in cases which, in the judgment of the department and the commission, involve extreme hardship which jeopardizes the public health, safety or welfare. Distribution facilities which are a necessary and integral part of an overall water development project may be covered by a state loan.

12885.6. The department is authorized to make state loans to public agencies for the preparation of feasibility reports on proposed projects, from any moneys available for such loans, in an amount for any one feasibility report on a proposed project not exceeding 2 percent of the estimated cost of the proposed project or fifty thousand dollars ($50,000), whichever is less, subject to the provisions of this chapter; provided, that only one such loan may be made to a public agency in relation to any one proposed project. A loan in excess of said amount for any one feasibility report may be made by the department only upon authorization by the Legislature and upon such terms and conditions as the Legislature may prescribe.

12885.7. Loans may be made for all or any part of the cost of the preparation of proposed feasibility reports on proposed projects, but in no event shall any such loan be in an amount which is greater than the portion of the cost of the preparation of the proposed feasibility report which the department finds to be beyond the reasonable ability of the public agency to finance from other sources. Such loans shall be repayable over a period not to exceed 10 years.

12885.8. The department shall require the payment of interest on each loan that is made pursuant to this chapter after September 19, 1963, at a rate equal to the average, as determined by the department, of the net interest costs to the state on the sales of general obligation bonds of the state that occurred during the period from January 1, 1962, inclusive, through the calendar year immediately preceding the calendar year in which the application is filed if the application is filed prior to the year 1968 or that occurred during the period of five calendar years immediately preceding the year in which the application is filed if the application is filed after the year 1967; provided, that when the applicable average of the net interest costs to the state is not a multiple of one-tenth of 1

percent, the interest rate on the loan shall be at the multiple of one-tenth of 1 percent next above the applicable average of the net interest costs.

Article 7. State Participation in Projects

12886. If in order to accomplish the objectives of this chapter it is necessary to construct a project that is larger than one which a public agency proposes to construct, the state may participate in planning, designing, constructing, operating and maintaining the project, and in so participating shall finance those costs of the project allocated to the state, on terms agreed upon with the agency, to the end that the project shall accomplish the maximum water development objectives at a minimum total expenditure.

12886.2. In participating in a project under this article, the department may perform all or part of the planning, designing, construction, operation or maintenance of the project on terms agreed upon with the agency.

12886.4. The department is authorized, following receipt of an application for state participation from a public agency, to participate under this article on behalf of the state in any project that is larger than the one which the public agency proposes to construct and that is primarily for domestic, municipal, agricultural, industrial, recreational or fish and wildlife enhancement purposes and in so participating shall finance those costs of such project that are allocated to the state, on terms agreed upon with the public agency, subject to the prior approval of the California Water Commission, and to expend for participation in the planning, designing, and construction of any one project an amount not exceeding one million dollars ($1,000,000) from moneys available for such participation, including but not limited to, the moneys appropriated by the California Water Resources Development Bond Act (Chapter 8 (commencing with Section 12930) of Part 6 of Division 6 of this code) for provision for water development facilities for local areas as provided in this Chapter 5. Expenditures by the department in excess of one million dollars ($1,000,000) for the planning, designing, and construction of any one project may be made only upon specific authorization of the Legislature.

12886.6. The department is authorized to make loans and grants to public agencies pursuant to the provisions of this chapter for projects in which the department participates under this article.

Article 8. Powers of Public Agencies

12887. Notwithstanding any provision of law to the contrary, every public agency empowered by law to construct and operate a project, as defined in Section 12881.2, is hereby granted, in addition to and not in derogation or limitation of

the powers conferred upon the public agency by any other law, the powers specified in this article.

12887.1. A public agency may borrow money from and repay the same with interest to the state in accordance with this chapter on behalf on the entire public agency or of any portion or portions thereof for which the law applicable to the agency authorizes an indebtedness or liability to be incurred, including any improvement district, distribution district, or zone within the public agency, notwithstanding any debt limitation or other provision in the law applicable to such agency which might otherwise preclude or limit such borrowing.

12887.2. A public agency may enter into a contract with the department, on behalf of the entire public agency, or of any portion or portions thereof referred to in Section 12887.1, for a loan or grant under this chapter or for participation by the state in a local project under Article 7 (commencing with Section 12886) of this chapter and to use the loan or grant contracted for as an additional or alternative means of financing the project proposed by the public agency.

12887.3. A public agency may comply with the provisions of any contract entered into with the department under this chapter, including any provision which obligates the public agency, or any specified portion or portions thereof, to meet all commitments, financial or otherwise, undertaken by the public agency in such contract notwithstanding any individual default by its constituents or others in the payment to the public agency of taxes, assessments, tolls, or other charges levied by the public agency.

12887.4. A public agency may include recreation and enhancement of fish and wildlife, or either of them, as functions of a project which the public agency is empowered by law to construct and operate, and may construct and operate the project for such recreation and enhancement of fish and wildlife functions, or either of them, in accordance with the provisions of a grant contract entered into with the department, including provisions for public use of the project facilities for fishing and other recreational activities.

12887.5. A public agency may construct and operate such onshore recreational facilities, fish and wildlife enhancement facilities or other facilities as the department or the Legislature may require in connection with a grant to the public agency under this chapter, and may construct and operate such facilities in accordance with the provisions of a grant contract entered into with the department, including provisions for public use of such facilities for fishing and other recreational activities.

12887.6. A public agency may annually levy or cause to be levied upon all property in the public agency, or in any portion or portions thereof, subject to taxation or assessment by the public agency an ad valorem tax or assessment, based upon the assessed valuation of such property, necessary and sufficient to meet all commitments, financial or otherwise, of the public

agency that are set forth in any contract which the agency enters into with the department under this chapter, in addition to any other taxes or assessments which the public agency is authorized to levy or cause to be levied on such property and notwithstanding any provision in the law applicable to such agency which might otherwise preclude or limit such taxing or assessing. Where the law applicable to such public agency does not set forth a procedure for levying and collecting taxes or assessments on an ad valorem basis, such public agency shall utilize the procedure for levying and collecting taxes for the payment of principal and interest on general obligation bonds of municipal water districts, set forth in the Municipal Water District Law of 1911 (Division 20 (commencing with Section 70000) of this code), as it may now or hereafter be amended, for the purpose of levying and collecting taxes or assessments necessary and sufficient to meet commitments in a contract entered into under this chapter.

12887.7. A public agency may make charges for the furnishing of services from the project for which the public agency receives financial assistance under this chapter and may pledge and use any or all revenues received from the collection of such charges for the purpose of meeting the commitments, financial or otherwise, of the public agency that are set forth in any contract which the public agency enters into with the department under this chapter.

12887.8. A public agency is hereby granted the power to bring an action in the superior court of the county in which the office of such agency is situated to determine the validity of any contract made with the department under this chapter and the authority of the public agency to enter into the contract. The action shall be had as in the case of the judicial determination of the validity of the public agency's bonds, as nearly as the same may be applicable, and with like effect. Where the law applicable to such agency does not set forth a procedure for the judicial determination of the validity of the public agency's bonds, the action shall be had as in the case of the judicial determination of the general obligation bonds of irrigation districts under the Irrigation District Law (Division 11 (commencing with Section 20500) of this code), as it may now or hereafter be amended, as nearly as the same may be applicable, and with like effect.

12887.9. Whenever a public agency is required to have legal counsel in connection with any of its activities pursuant to this chapter, it may use the services of the district attorney or county counsel of the county in which it is located.

12888 A public agency may perform all acts and do all things that are necessary or convenient to carry out the powers specified in this article.

Article 9. Public Agency Election

12889. Except in the case of a grant to a public agency where the applicable law contains provisions for the election of the members of the governing body of the agency or where a county board of supervisors acts as the governing body of the agency, before a public agency may enter into a contract with the department for a construction loan or a grant under this chapter, the public agency shall hold an election on the proposition of whether or not the public agency shall enter into the proposed contract and more than 50 percent of the votes cast at such election must be in favor of such proposition; provided, that if a higher percentage of favorable votes is required for the issuance of any bonds by the public agency or is required by the Constitution before the public agency may incur an indebtedness, such higher percentage shall apply in lieu of the percentage set forth in this subdivision

12889.2. The election shall be held in accordance with the following provisions:

(a) The procedure for holding an election on the incurring of bonded indebtedness by such public agency shall be utilized for an election on the proposed contract as nearly as the same may be applicable. Where the law applicable to such agency does not contain such bond election procedure, the procedure set forth in the Revenue Bond Law of 1941 (Chapter 6 (commencing with Section 54300) Part 1, Division 2, Title 5 of the Government Code), as it may now or hereafter be amended, shall be utilized as nearly as the same may be applicable.

(b) No particular form of ballot is required.

(c) The notice of the election shall include a statement of the time and place of the election, the purpose of the election, the general purpose of the contract, and the maximum amount of money to be borrowed from the state under the contract.

(d) The ballots for the election shall contain a brief statement of the general purpose of the contract substantially as stated in the notice of the election, shall state the maximum amount of money to be borrowed from the state under the contract, and shall contain the words "Execution of contract—Yes" and "Execution of contract—No."

(e) The election shall be held in the entire public agency except where the public agency proposes to contract with the department on behalf of a specified portion, or of specified portions, of the public agency, in which case the election shall be held in such portion or portions of the public agency only.

Article 10. Administrative Provisions

12890. The department is authorized to make from time to time such rules and regulations as may be necessary to carry out, and as are consistent with, this chapter.

12890.2. In making loans or grants pursuant to this chapter, the department shall impose terms and conditions that are

designed to protect the state's investment and that are necessary to carry out the purposes of this chapter.

12890 4. The department shall keep full and complete records and accounts concerning all of its transactions under this chapter and shall render a report on such transactions to the Legislature within 15 days after the commencement of each legislative session.

12891. In order to effectuate loans or grants made by the department pursuant to this chapter, the State Controller shall, upon demand of the department, draw warrants made payable to such public agencies and in such amounts as are from time to time designated by the department. The State Treasurer shall pay such warrants from available moneys.

12891.2. It shall be the duty of the State Controller to make such audit or audits of the books and records of public agencies receiving loans or grants pursuant to this chapter, as he may deem necessary from time to time, for the purposes of determining that the money received by such public agencies as loans or grants hereunder has been expended for the purposes and under the conditions authorized herein. Whenever the State Controller determines that any money paid to such a public agency has been expended by such public agency for purposes not authorized by this chapter, or exceeds the final cost of the project for which a loan or grant was made, or exceeds the final cost of the feasibility report for which a loan was made, the State Controller shall furnish written notice to the department and to the public agency directing the public agency to pay into the State Treasury the amount of such unauthorized expenditures, or the amount in excess of the final authorized cost of the project or the feasibility report Upon receipt of such notice, such public agency shall, at the time specified therein, pay to the State Treasurer the amount set forth in such notice Such amount shall, upon order of the State Controller, be deposited in the State Treasury to the credit of the California Water Resources Development Bond Fund to be available for the purposes prescribed in Section 12937 of this code.

It shall be the duty of such public agency to make the payments to the State Treasurer as provided in this section, and it shall be the duty of the State Controller to enforce such collection on behalf of the state.

12892. No member of the California Water Commission shall participate in the action of the commission in considering for approval, or approving, a loan or grant under this chapter to a public agency of which he is an officer, employee, agent, consultant, accountant, engineer, or legal counsel or in which he owns real property.

CHAPTER 28

An act to amend Sections 23503 and 27201 of, to add Section 23523.5 to, to add a chapter heading immediately preceding Section 23500 of, and to add Chapter 2 (commencing with Section 23600) to Part 3, Division 12 of, the Elections Code; to amend Section 61452 of the Government Code; to amend Sections 6189.5, 13846, and 14067 of the Health and Safety Code; to amend Sections 16004 and 22406.5 of the Public Utilities Code; to amend Section 30832 of, and to repeal Chapter 3 (commencing with Section 21800), Part 4, Division 11 of, the Water Code; to amend Section 7 of Chapter 40 of the Statutes of 1962, First Extraordinary Session; to amend Section 25 of the Kings River Conservation District Act (Chapter 931, Statutes of 1951); and to amend Section 8 of the Mojave Water Agency Law (Chapter 2146, Statutes of 1959), relating to the recall of officers pursuant to the Uniform District Election Law, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor April 6, 1967. Filed with Secretary of State April 6, 1967.]

The people of the State of California do enact as follows:

SECTION 1. A chapter heading is added immediately preceding Section 23500 of the Elections Code, to read:

CHAPTER 1. GENERAL DISTRICT ELECTIONS

SEC. 2. Section 23503 of the Elections Code is amended to read:

23503. As used in this part, unless the context otherwise requires:

(a) "District" means any district of the type designated by and formed pursuant to the provisions of any principal act which incorporates this part.

(b) "Governing body" means the board of directors of a district or the board or body which governs the activities of the district.

(c) "Principal act" means the law providing for the creation of a particular district or type of district.

(d) "Supervising authority" means the board of supervisors of the county in which is situated all or most of the land of a district.

(e) "Secretary" means the secretary of the governing body.

(f) "Affected county" means a county in which any land of the district is situated.

(g) "County clerk" means the registrar of voters or, if there is none, the county clerk of an affected county.

(h) "Elective office" means any office which may, under the principal act of the district, be filled by way of an election.

(i) "Elective officer" means "elective officer" as defined by the principal act of each district or if not defined, any officer of a district holding an office which can be filled by election.

(j) "Voter" means voter or elector as respectively defined in the principal act of each district.

(k) "General district election" means an election held pursuant to the provisions of this part

(*l*) "Director" means a member of the governing body.

(m) "Landowner voting district" means a district whose principal act requires an elector to be an owner of land located within the district.

(n) "Principal county" means the county in which all the land in the district is situated, or if the district is situated in more than one county, the county in which the greatest portion of the land in the district is situated.

(o) "Resident voting district" means any district other than a landowner voting district.

SEC. 2.5. Section 23523.5 is added to the Elections Code, to read:

23523.5. If, within any portion of a county, only one district has scheduled a general district election, the county clerk may authorize the appropriate officer of the district to perform any of the functions required of the county clerk under this part.

SEC. 3. Chapter 2 (commencing with Section 23600) is added to Part 3, Division 12 of the Elections Code, to read:

CHAPTER 2. RECALL ELECTIONS

Article 1. Petition for Recall

23600. Any elective officer may be recalled.

23601. Before submitting the petition for signatures, its proponents shall publish a notice of intention to do so. The notice shall be accompanied by a statement, not exceeding 500 words in length, of the reasons for the proposed recall The statement is solely for the information of the voters, of the grounds on which the recall is sought. No insufficiency in the statement shall affect the sufficiency of the petition, but the grounds shall refer to the official conduct of the officer whose recall is being sought. The notice and statement shall be published at least once in a newspaper of general circulation published in the principal county, or if no newspaper is published therein, then in a newspaper of general circulation circulated within the principal county. If no newspaper of general circulation is so published or circulated, then a copy of the notice of intention and the accompanying statement shall be posted in three public places in the principal county.

23602. A copy of the notice of intention and statement shall be served upon, or sent by registered mail to, the officer sought to be recalled and an affidavit of such service shall be filed with the secretary and county clerk. The affidavit shall designate the mode in which service was made and shall designate the newspaper in which it was published, the date of the first publication thereof, or if posted shall state the date of the first posting, and describe the places of such posting in a manner sufficient to enable the locations thereof to be readily ascertained.

23603. Within 14 days after the publication or posting of the notice and statement, the officer sought to be recalled may publish an answer to the statement. The answer to the statement shall not exceed 500 words in length, and shall be published in the same newspaper or posted in the same places, as the notice of intention and statement. The statement and answer are intended solely for the information of the voters and no insufficiency in the form or substance thereof shall affect in any manner the validity of the proceedings taken. The officer shall file a copy of any answer made with the secretary and the county clerk.

23604. Thirty days after the publication or posting of the notice and statement, the petition demanding the recall of the officer may be circulated among the qualified voters of the district for the securing of signatures. The petition shall bear a copy of the notice of intention and accompanying statement and the answer, if any. If the officer has not answered, the petition shall so state. Signatures shall be secured, and the petition filed within 120 days from the first publication or posting of the notice of intention.

23605. A petition shall not be filed to recall any officer if either:

(a) He has not held office for six months.

(b) A recall election has been determined in his favor within six months.

(c) His term expires within six months.

23606. In order to recall an officer a petition shall be filed with the secretary and the county clerk containing all of the following:

(a) Request that an election be called to elect a successor to the officer.

(b) The notice of intention and the statement published or posted.

(c) Signatures of voters in the unit by which the officer or his elected predecessor was elected, in resident voting districts, at least equal in number to 10 percent of the registered voters in said unit, as shown by the list of eligible voters for the district as last reported to the Secretary of State. In landowner voting districts, signatures of voters owning at least 10 percent of the assessed value of land within the district.

(d) The date of each signature, his place of residence, giving street and number, and if no street or number exists,

then a designation of his place of residence which will enable the location to be readily ascertained, all of which shall be affixed by the signer at the time of his signing.

23607. The petition may consist of any number of separate instruments, which shall be duplicates except as to signatures and matters required to be affixed by signers.

23608. To each duplicate recall petition shall be attached an affidavit of a voter of the district sworn to before an officer competent to administer oaths stating all of the following:

(a) Affiant circulated that copy and saw the appended signatures being written.

(b) According to the best information and belief of the affiant each is the genuine signature of the person whose name purports to be subscribed and of a voter of the district.

23609. One petition is sufficient to propose the recall and election of several elective officers.

23610. Within 10 days from the filing of a recall petition the county clerk, in the case of resident voting districts, and the secretary, in the case of landowner voting districts, shall ascertain from the records of registration whether or not the petition is signed by the requisite number of voters and shall attach to the petition his certificate showing the result of the examination.

23611 If the certificate of the secretary or county clerk shows the recall petition to be insufficient, it may be supplemented within 10 days from the date of the certificate by the filing of additional recall instruments, duplicates of the petition filed except as to signatures and matters required to be affixed by signers.

23612. The secretary or county clerk shall within 10 days after the supplemental copies are filed make a certificate showing whether or not the petition as supplemented is sufficient.

23613. If the certificate shows that the petition as supplemented is insufficient, no action shall be taken on it; but the petition shall remain on file as a public record, and the insufficiency shall not bar the filing of a new petition.

23614. If the certificate of the secretary or county clerk to the recall petition shows it to be sufficient, the secretary or county clerk shall submit the petition to the governing body without delay.

Article 2. Calling and Conduct

23625. Upon receiving a recall petition certified as sufficient the governing body shall forthwith order an election to determine whether or not the voters will recall the officer named in the petition.

23626. The notice or notices mailed pursuant to Section 23540 of the Elections Code shall include the statement of the

proponents which was published with the notice of intention and the answer, if any, of the officer sought to be recalled.

23627. The election shall be held not less than 80 nor more than 125 days after the making of the order.

23628. If a general district election is to be held not less than 80 nor more than 125 days from the making of the order calling a recall election, the governing body shall submit the recall proposal and candidates at the general district election.

23629. One election is sufficient for the recall and election of several officials.

23630. If a vacancy occurs in an office after a recall petition is filed against the vacating officer, the recall election shall nevertheless proceed.

23631. Nominations for candidates for any office to be filled at a recall election shall be made in the manner prescribed for nominations for candidates at general district elections.

23632. The following shall appear on recall ballots for resident voting districts for each recall petitioned:

(a) "Shall (name of person whose recall is being voted on) be recalled from the office of (title of the office)?"

(b) To the right of the foregoing question, "Yes" and "No" on separate lines with an inclosed blank space to the right of each.

(c) Names of the candidates nominated for the particular office, which shall not include the name of the incumbent officer.

23633. A voter shall indicate, by stamping a cross (+) in the blank space opposite either "Yes" or "No" his vote respectively for or against the recall proposal.

23634. In landowner voting districts the form of ballot shall be determined by the governing body in a form substantially similar to that prescribed for resident voting districts.

23635. No vote shall be counted for any candidate for an office if the recall proposal for that office on the particular ballot was not voted upon.

23636. A recall election shall be conducted, canvassed, and the result declared in substantially the manner provided for a general district election.

Article 3. Effect of Recall

23650. If one-half or more of the votes on a recall proposal are "No," the incumbent shall continue in office.

23651. If a majority of the votes on a recall proposal are "Yes," the incumbent shall be removed from office by the qualification of his successor.

23652. If at a recall election an officer is recalled, the candidate receiving the highest number of votes for the office shall be declared elected for the unexpired term of the recalled officer.

23653. If the candidate who received the highest number of votes fails to qualify within 10 days after receiving his certificate of election, the office to which he was elected shall be vacant.

23654. A person who has been recalled shall not be a candidate for, nor appointed to, such office within one year after recall.

SEC. 3.3. Section 27201 of the Elections Code is amended to read:

27201. The holder of any elective office of any county or of any district not subject to the provisions of the Uniform District Election Law, who has held his office at least six months, may be recalled at any time by the voters, by means of the recall procedure set forth in this chapter.

SEC. 3.5. Section 61452 of the Government Code is amended to read:

61452. Every incumbent of the officer of director, whether elected by popular vote for a full term or appointed, may be recalled by the voters in accordance with the recall provisions of the Uniform District Election Law.

SEC. 4. Section 6489.5 of the Health and Safety Code is amended to read:

6489.5. Every member of the board, whether elected or appointed, may be recalled by the voters in accordance with the recall provisions of the Uniform District Election Law.

SEC. 5. Section 13846 of the Health and Safety Code is amended to read:

13846. All or any of the members of the district board may be recalled at any time by the voters by following the recall procedure set forth in the Uniform District Election Law.

SEC. 6. Section 14067 of the Health and Safety Code is amended to read:

14067. All or any of the members of the district board may be recalled at any time by the voters by following the recall procedure set forth in the Uniform District Election Law.

SEC. 7. Section 16004 of the Public Utilities Code is amended to read:

16004. Every incumbent of an elective office of a district is subject to recall by the voters of the district, pursuant to the recall provisions of the Uniform District Election Law.

SEC. 7.5. Section 22406 5 of the Public Utilities Code is amended to read:

22406.5. Every director, whether elected by public vote or appointed, may be recalled by the voters in accordance with the recall provisions of the Uniform District Election Law.

SEC. 8. Chapter 3 (commencing with Section 21800), Part 4, Division 11 of the Water Code is repealed.

SEC. 9. Section 30832 of the Water Code is amended to read:

30832. Every incumbent of the office of director, whether elected by popular vote for a full term or appointed, may be recalled by the voters in accordance with the recall provisions of the Uniform District Election Law.

SEC. 10. Section 7 of Chapter 40, Statutes 1962, First Extraordinary Session, is amended to read:

Sec. 7. Every incumbent of an elective office, whether elected by popular vote for a full term, or chosen by the board of directors to fill a vacancy is subject to recall by the voters of the Crestline-Lake Arrowhead Water Agency organized under the provisions of this act in accordance with the recall provisions of the Uniform District Election Law.

SEC. 11. Section 25 of the Kings River Conservation District Act (Ch. 931, Stats. 1951) is amended to read:

Sec. 25. Every incumbent in the office of director, whether elected by popular vote for a full term or appointed, may be recalled by the voters in accordance with the recall provisions of the Uniform District Election Law.

SEC. 12. Section 8 of the Mojave Water Agency Law (Ch. 2146, Stats 1959) is amended to read:

Sec. 8. Every incumbent of an elective office, whether elected by popular vote for a full term, or chosen by the board of directors to fill a vacancy, is subject to recall by the voters of the agency in accordance with the recall provisions of the Uniform District Election Law.

SEC. 13. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order to provide a uniform recall procedure for districts subject to the Uniform District Election Law prior to the November 1967 General Election, it is necessary that this act take immediate effect.

[Approved by Governor April 6, 1967. Filed with Secretary of State April 6, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 27508.5 of the Education Code is repealed.

SEC. 2. Section 27509 of the Education Code is repealed.

SEC. 2.1. Section 27510 of the Education Code is repealed.

SEC. 2.2. Section 27554 of the Education Code is amended to read:

27554. At its first meeting held after the general district election the board shall organize by electing one of its number president, and another one of its number secretary. They shall serve as such for one year or until their successors are elected and qualified.

SEC. 2.3. Section 27601 of the Education Code is repealed.

SEC. 2.4. Section 27601 is added to the Education Code, to read:

27601. Except as otherwise provided in this article, all district elections shall be called, held, and conducted in all respects as nearly as practicable in conformity with the Uniform District Election Law.

Notwithstanding any other provision of this chapter, the terms of office of members of the board in all districts existing on January 1, 1969, shall be determined as provided in Section 23505 of the Elections Code, and the terms of office of members of the board in all new districts shall be determined as provided in Section 23506 of the Elections Code.

SEC. 3. Section 27601.5 of the Education Code is repealed.

SEC. 4. Section 27603 of the Education Code is repealed.

SEC. 5. Section 27604 of the Education Code is repealed.

SEC. 6. Section 27605 of the Education Code is repealed.

SEC. 7. Section 27606 of the Education Code is repealed.
SEC. 8. Section 27607 of the Education Code is repealed.
SEC. 9. Section 27608 of the Education Code is repealed.
SEC. 10. Section 27609 of the Education Code is repealed.
SEC. 11. Section 27611 of the Education Code is repealed.
SEC. 12. Section 27612 of the Education Code is repealed.
SEC. 13. Section 27613 of the Education Code is repealed.
SEC. 14. Section 27614 of the Education Code is repealed.
SEC. 15. Section 27615 of the Education Code is repealed.
SEC. 15.5. Section 27616 of the Education Code is repealed.
SEC. 15.7. Section 27654 of the Education Code is amended to read:

27654. The election shall be conducted in accordance with the provisions relating to the election of trustees, insofar as they are applicable to the election for bonds.

SEC. 16. Section 61102.5 of the Government Code is amended to read:

61102.5. The petition for formation may state, as an alternative to an elected board of directors, that the board of supervisors to whom the petition is addressed shall constitute the board of directors. If the district is to lie within more than one county, the petition shall state which board of supervisors is to constitute the board of directors, or that the board of directors shall be composed of the supervisors from each county which will contain portions of the territory of the district.

In the event the board, or boards, of supervisors are to constitute the board of directors, the provisions of Chapter 1 (commencing with Section 61200) of Part 3 of this division shall not apply. The provisions of Chapter 1 (commencing with Section 61400) of Part 4 of this division shall apply only as they refer to elections on district propositions to be submitted to the voters.

After a district is formed pursuant to this section proceedings may be commenced at any time to provide for a separate board of directors. The proceedings shall be commenced by the filing of a petition stating the number of members, either three or five, which the separate board of directors of the district shall have. If the district lies in more than one county separate petitions shall be addressed to the board of supervisors of each county. The petition shall be filed and signed in the same manner as a petition to form a district under Sections 61101, 61103, and 61104. The board of supervisors to whom the petition is addressed shall determine whether or not the petition complies with this section. Its finding in favor of the genuineness and sufficiency of the petition is final and conclusive. The board of supervisors shall, upon determining that the petition complies with this section, call and give notice of an election in the district, or if the district lies in more than one county, in the territory of the district which lies in the county, for the purpose of selecting persons who shall serve as the directors of the district. The election shall be held not less than 75 days nor more than 90 days from the date of the

receipt of the petition. Notice of the election shall be given pursuant to Section 61122. The notice shall contain a statement that the first directors of the separate board of directors will be elected at that election. Sections 61124 and 61125 apply to such election. When the district lies in more than one county the proceedings shall be effected by separate petitioning and proceedings before the board of supervisors in each county in which the district lies. The procedure in each county shall be the same as if the portion of the district within the county constitutes the entire district except that the notice shall indicate that portions of the district lie in one or more counties.

Upon the election of the first directors of the separate board of directors all of the provisions of this part relating to districts governed by a separate board of directors are applicable to the board of directors and to the district.

SEC. 16.1. Section 61201 of the Government Code is repealed.

SEC. 16.2. Section 61202 of the Government Code is repealed.

SEC. 16.3. Section 61203 of the Government Code is repealed.

SEC. 16.7. Section 61210 of the Government Code is amended to read:

61210. The number of directors on the board of a district shall be increased to five upon approval by a majority of the voters of a proposition therefor submitted to them at a general or special district election by resolution of the board or by initiative petition. At the time of submitting such a proposition an election shall be held to select two persons to serve as directors in the event that the proposition is adopted.

SEC. 17. Section 61400 of the Government Code is amended to read:

61400. The provisions of the Uniform District Election Law shall govern all general district elections and the provisions of the Elections Code pertaining to the conduct of elections in general law cities shall govern all special district elections.

SEC. 18. Section 61401 of the Government Code is amended to read:

61401. The first general district election shall be held on the first Tuesday after the first Monday in November of an odd-numbered year if such election is held more than six months subsequent to the date of formation of the district.

SEC. 19. Section 61402 of the Government Code is repealed.

SEC. 20. Section 61402.5 of the Government Code is repealed.

SEC. 21. Section 61402.6 of the Government Code is repealed.

SEC. 22. Section 61403 of the Government Code is repealed.

SEC. 23. Section 61404 of the Government Code is repealed.

SEC. 24. Section 61405 of the Government Code is repealed.

SEC. 25. Section 61406 of the Government Code is repealed.

SEC. 26. Section 61407 of the Government Code is repealed.

SEC. 27. Section 61408 of the Government Code is repealed.

CHAPTER 30

An act to repeal Section 24370.8 of the Health and Safety Code, relating to the Bay Area Air Pollution Control District.

[Approved by Governor April 6, 1967. Filed with Secretary of State April 6, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 24370.8 of the Health and Safety Code is repealed.

CHAPTER 31

An act to amend Section 70063 of the Government Code, relating to court reporter salaries.

[Approved by Governor April 6, 1967. Filed with Secretary of State April 6, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 70063 of the Government Code is amended to read:

70063. In any county having a population of 50,000 and not over 55,000, as determined by the 1960 federal census, the official phonographic reporters shall perform the following duties:

(1) Report all proceedings before the superior court;

(2) Report the proceedings of the grand jury;

(3) Act as the secretary of, and render stenographic and clerical assistance to, the judge of the department to which they are assigned by the presiding judge.

The official phonographic reporters of such county shall be paid for their services at a monthly salary rate established according to the following salary schedule:

Step A	Step B	Step C	Step D	Step E
$782	$821	$862	$905	$950

Except as otherwise provided herein, a person appointed as a regular official phonographic reporter shall receive for his first six months of service a monthly salary at the rate specified in step A. Upon the first day of the month following six months continuous service, such person shall receive a monthly salary at the rate specified in step B. On or after the first day of the month following each ensuing 12 months of continuous service the salary of such person shall be increased to the rate specified in the next higher step of the salary schedule until his salary equals the sum specified in step E of the schedule. All other regular official phonographic reporters shall receive monthly salaries under the schedule according to the length of their service.

The fee required by Section 70053 shall be five dollars ($5).

CHAPTER 32

An act to add Section 25350.5 to the Government Code, relating to county property, declaring the urgency thereof, to take effect immediately.

[Approved by Governor April 6, 1967. Filed with Secretary of State April 6, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 25350.5 is added to the Government Code, to read:

25350.5. Notwithstanding noncompliance with the provisions of Section 25350, any purchase of real property by a county for park and recreational purposes made between May 1, 1966, and December 1, 1966, if otherwise completed pursuant to law, shall be deemed effective.

This section shall remain in effect only until January 1, 1968.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The peace, health and safety of the citizens of the state require the orderly and unhampered functioning of counties and such functioning depends upon the validity of the acts of such counties and it is therefore imperative and essential that such acts be validated at the earliest possible date.

CHAPTER 33

An act to amend Section 45.5 of the Citrous Pest District Control Act (Chapter 89 of the Statutes of 1939, and to amend Sections 8401, 8402, 8405, 8406, 8407, 8451, 8454,

8457, 8461, 8463, 8465, 8502, 8551, 8552, 8553, 8555, 8556, 8557, 8563, 8564, 8601, 8602, 8603, 8604, 8605, 8702, 8703, 8704, 8705, 8707, 8751 and 8756 of, and the heading of Part 5 (commencing with Section 8401) of Division 1 of, and to add Section 8410 to the Agricultural Code, as proposed by Senate Bill No. 1, relating to citrus pest control, declaring the urgency thereof, to take effect immediately.

[Approved by Governor April 13, 1967. Filed with Secretary of State April 13, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 45.5 of the Citrous Pest District Control Act (Chapter 89 of the Statutes of 1939) is amended to read:

Sec. 45.5 A district may pay limited compensation to the owner of any citrus tree infected with quick decline (tristeza) which is removed by the district or by the owner within 60 days after written notice of such infection to the owner by the district, and prior to March 1, 1970. Such limited compensation shall not exceed the following payment schedule with the age of the tree being conclusively established as of the time written notice of such infection is first given to the owner.

The schedule of payments shall be as follows:

Age of trees	Maximum payment
1 year	$5 per tree
2 years	7.50 per tree
3 years	10 per tree
4 years	14 per tree
5 years	17.50 per tree
6 years	20.75 per tree
7 years or older	25 per tree

For the purposes of this section, the holder of the record title of the real property on which the trees are located shall be considered to be the owner of the citrus trees to whom written notice of infection is given.

The written notice referred to above shall be a written or printed document labeled "Notice of Infection," addressed to the owner and informing the owner of the existence of such infected trees, their location, and that they should be removed forthwith.

For the purposes of determining the age of infected citrus trees under the provisions of this section, trees shall be considered one year old as of the January 1st succeeding the calendar year in which they are planted, and will be deemed one year older on the January 1st of each succeeding year.

SEC. 2. The heading of Part 5 (commencing with Section 8401) of Division 1 of the Agricultural Code, as proposed by Senate Bill No. 1, is amended to read:

PART. 5. CITRUS PEST DISTRICT CONTROL LAW

SEC. 3. Section 8401 of the Agricultural Code, as proposed by Senate Bill No. 1, is amended to read:

8401. This part shall be known as the Citrus Pest District Control Law.

SEC. 4. Section 8402 of the Agricultural Code, as proposed by Senate Bill No. 1, is amended to read:

8402. It is the purpose of this part to make available a procedure for the organization, operation, government, and dissolution of districts for the more effective control and eradication of citrus pests

SEC. 5. Section 8405 of the Agricultural Code, as proposed by Senate Bill No. 1, is amended to read:

8405. "Citrus acreage" means any parcel, tract, or lot of land with 25 or more citrus trees of any age growing on it, except a parcel, tract, or lot which is used as a nursery.

SEC. 6. Section 8406 of the Agricultural Code, as proposed by Senate Bill No. 1, is amended to read:

8406 "Citrus pest" includes any infectious, transmissible, or contagious disease, any form of animal life, or any form of vegetable life infesting citrus trees or citrus fruits.

SEC. 7. Section 8407 of the Agricultural Code, as proposed by Senate Bill No. 1, is amended to read:

8407. "District" means a citrus pest control district organized pursuant to this part.

SEC. 7 5. Section 8410 is added to the Agricultural Code, as proposed by Senate Bill No. 1, to read:

8410. "Citrus" includes "citrous" and any plants of the genera Citrus, Fortunella, Poncirus, and all hybrids having one or more of such as parents.

SEC. 8. Section 8451 of the Agricultural Code, as proposed by Senate Bill No. 1, is amended to read:

8451. Proceedings for the formation of a district within any county shall be commenced by a petition which is signed by the owners of 51 percent by area of the land in the proposed district within the county devoted exclusively to the growing of citrus fruits The petition shall be addressed to and filed with the board of supervisors of the county.

SEC. 9. Section 8454 of the Agricultural Code, as proposed by Senate Bill No. 1, is amended to read:

8454. The petition shall state the name of the proposed district and shall set forth its boundaries or describe the lands to be included in it.

It is a sufficient designation of the boundaries of a proposed district to recite that all the citrus acreage in the county is to be included in the district, or that all the citrus acreage in a designated area within the county is to be included in the district.

If either such designation is used, the outside boundary of the area so designated is the boundary of the district and the district shall include all area within the outside boundary, if the district is formed pursuant to this part.

SEC. 10. Section 8457 of the Agricultural Code, as proposed by Senate Bill No. 1, is amended to read:

8457. The notice of hearing shall do all of the following:

(a) State the name of the district and that it is being formed for the eradication and control of citrus pests.

(b) State the petition is available for inspection at the office of the clerk of the board of supervisors.

(c) Designate the boundaries of the proposed district in substantially the same way that they are described in the petition.

(d) State the time and place for the hearing.

(e) State that at such hearing protests will be considered by the board of supervisors.

(f) State that requests in writing for the exclusion from or the inclusion of lands in the proposed district will be heard and considered by the board of supervisors.

SEC. 11. Section 8461 of the Agricultural Code, as proposed by Senate Bill No. 1, is amended to read:

8461. At the hearing, any owner of citrus acreage in the proposed district may present to the board of supervisors a request in writing for the exclusion of such land or any part of such land, and any owner of citrus acreage outside the proposed district may present to the board of supervisors a request in writing for inclusion of such land in the proposed district.

SEC. 12. Section 8463 of the Agricultural Code, as proposed by Senate Bill No. 1, is amended to read:

8463. If the board of supervisors determines that the project is feasible and for the interest of the citrus growers of the county, the board of supervisors shall, by order entered in its minutes, declare the district duly organized under the name designated in the petition for the formation of the district.

The order shall describe the territory included in the district and, if the board of supervisors does not exclude or include land pursuant to Section 8465, it is a sufficient description of the territory to describe the boundaries in substantially the same way as they are described in the petition A copy of the order duly certified by the clerk of the board of supervisors shall be filed for record in the office of the county recorder of the county in which the district is situated.

SEC. 13. Section 8465 of the Agricultural Code, as proposed by Senate Bill No. 1, is amended to read:

8465. In determining the boundaries of the district, the board of supervisors shall exclude from the district any citrus acreage which it finds will not be benefited by the proposed project, and it may include in the district any lands which

it finds will be benefited if it also finds it will be to the interest of the district to include such lands. Such inclusion may be upon application of the owner or, without such application, upon giving him notice of the proposed inclusion and an opportunity for a hearing on it.

Notice of inclusion shall be mailed, postage prepaid, by the clerk of the board of supervisors, to the address of the owner of such land as shown by the last equalized county assessment roll, and to any person that has filed with him his name and address and description of land in which he has either a legal or equitable interest. The notice shall describe the land proposed to be included, and shall state the time and place at which objections to such inclusion will be heard.

SEC. 14. Section 8502 of the Agricultural Code, as proposed by Senate Bill No. 1, is amended to read:

8502. In order to be eligible to hold the office of director of the district, a person shall be a citizen of the United States and of this state, and an owner of lands within the district which are devoted in whole or in part to the growing of citrus fruits.

SEC. 15. Section 8551 of the Agricultural Code, as proposed by Senate Bill No. 1, is amended to read:

8551. The district shall have perpetual succession and may do all of the following:

(a) Sue and be sued in all actions and proceedings in all courts and tribunals of competent jurisdiction.

(b) Adopt a seal and alter it at pleasure.

(c) Take by grant, purchase, gift, devise, lease, or otherwise, and hold, use and enjoy, and lease, or otherwise dispose of, real and personal property of every kind and description within or without the district necessary to the full and convenient exercise of its powers.

(d) Cause taxes to be levied, as provided in Chapter 5 (commencing with Section 8601) of this part, for the purpose of paying any obligation of the district, and to accomplish the purposes of the district in the manner provided in this part.

(e) Make contracts, and employ, except as otherwise provided in this part, all persons, firms, and corporations necessary to carry out the purposes and the powers of the district, and at such salary, wage, or other compensation as the board of directors shall determine.

(f) Eradicate, remove, or prevent the spread of any and all citrus pests.

(g) Enter into or upon any land included within the boundaries of the district for the purpose of inspecting and treating the citrus trees and other host plants and fruit growing on them.

(h) Perform any and all acts either within or outside the district necessary or proper to fully and completely carry out the purposes for which the district was organized.

SEC. 16. Section 8552 of the Agricultural Code, as proposed by Senate Bill No. 1, is amended to read:

8552. Every district formed pursuant to this part has all of the powers prescribed by Section 8551 and other sections of this part, including the power to eradicate, remove, or prevent the spread of each and every citrus pest, regardless of any language in the petition for formation for any district or in any of the proceedings leading to formation which might seem to limit the power of the district to the control or eradication of one or more citrus pests in particular.

SEC. 17. Section 8553 of the Agricultural Code, as proposed by Senate Bill No. 1, is amended to read:

8553. A district may pay limited compensation to the owner of any citrus tree infected with quick decline (tristeza) which is removed by the district or by the owner within 60 days after written notice of such infection to the owner by the district, and prior to March 1, 1970. Such limited compensation shall not exceed the following payment schedule with the age of the tree being conclusively established as of the time written notice of such infection is first given to the owner.

The schedule of payments is as follows:

Age of trees	Maximum payment
1 year	$5 per tree
2 years	7.50 per tree
3 years	10 per tree
4 years	14 per tree
5 years	17.50 per tree
6 years	20.75 per tree
7 years or older	25 per tree

For the purposes of this section, the holder of the record title of the real property on which the trees are located shall be considered to be the owner of the citrus trees to whom written notice of infection is given.

The written notice referred to above shall be a written or printed document labeled "Notice of Infection," addressed to the owner and informing the owner of the existence of such infected trees, their location, and that they should be removed forthwith.

For the purposes of determining the age of infected citrus trees under this section, trees shall be considered one year old as of the January 1st succeeding the calendar year in which they are planted, and shall be deemed one year older on the January 1st of each succeeding year.

SEC. 18. Section 8555 of the Agricultural Code, as proposed by Senate Bill No. 1, is amended to read:

8555. Any payment made to the owner or owners of citrus trees removed pursuant to Section 8553 or 8554 shall in no event exceed the sum of three thousand dollars ($3,000) per geographical acre.

SEC. 19. Section 8556 of the Agricultural Code, as proposed by Senate Bill No. 1, is amended to read:

8556. The commissioner of the county in which the district is located shall, upon request of the board and without fee or charge, supervise and direct, in accordance with the best known and accepted methods as determined by the board, all activities undertaken by the district for the control or eradication of citrus pests.

SEC. 20. Section 8557 of the Agricultural Code, as proposed by Senate Bill No. 1, is amended to read:

8557. The board shall immediately after their qualification formulate an effective plan based on the best known and accepted methods for the control and eradication of the citrus pests within the district.

SEC. 21. Section 8563 of the Agricultural Code, as proposed by Senate Bill No. 1, is amended to read:

8563. The notice shall contain all of the following:

(a) A summary of the proposed budget and shall refer to the original on file with the board for further particulars.

(b) State that it is the intention to raise the amount of money required to meet the proposed budget by levying a tax upon the assessed value of the citrus trees within the district in accordance with the provisions of this part.

(c) A statement of the day, hour, and place, when and where any and all persons interested may appear and object to the adoption of the budget or to any item in it.

SEC. 22. Section 8564 of the Agricultural Code, as proposed by Senate Bill No. 1, is amended to read:

8564. At any time not later than the hour set for hearing objections to the proposed budget, any owner of citrus acreage in the district may make written protest against the budget or any item in it.

SEC. 23. Section 8601 of the Agricultural Code, as proposed by Senate Bill No. 1, is amended to read:

8601. The county assessor in making the annual assessment of property in each and every year after the organization of the district, shall assess any parcel of real property with 25 or more citrus trees on it and enter as a separate item on the assessment roll for each such parcel of real property included in the district, the value, as improvements on the parcel, of all citrus trees which are growing on it.

For the purpose of this part, the county assessor shall assess all citrus acreage at a uniform value per acre. Such assessment shall be upon an acreage basis and the number of acres shall be determined conclusively, except as otherwise provided in this section, by the assessor counting such trees and dividing the total number by the number of trees per acre of average planting. The county assessor in counting the citrus trees shall not, however, count any more than 200 trees on any one acre of land, and for any citrus acreage which has from 70 to 100 trees per acre the number of acres to be deter-

mined by the county assessor shall be the actual acreage of the parcel.

Upon completing the assessment roll of the county in each year, the assessor shall separately compute and certify to the board of supervisors, the total assessed value, as shown by the assessment roll, of all such citrus trees in the district.

SEC. 24. Section 8602 of the Agricultural Code, as proposed by Senate Bill No. 1, is amended to read:

8602. Whenever acreage within the district is planted with citrus trees in such a fashion as to qualify as citrus acreage, such acreage is subject to taxation as provided in this part.

SEC. 25. Section 8603 of the Agricultural Code, as proposed by Senate Bill No. 1, is amended to read:

8603. Whenever any citrus trees have been removed from any parcel of land included in the district, the owner of such parcel of land may file with the board an affidavit particularly describing the parcel of land, and setting forth the fact of the removal therefrom of such trees. Thereupon, the board shall cause an investigation of the parcel of land to be made and, if the board finds the allegations of the affidavit are true, the board shall immediately certify this fact to the county assessor and the amount of citrus acreage removed shall not be assessed on the next assessment roll.

SEC. 26. Section 8604 of the Agricultural Code, as proposed by Senate Bill No. 1, is amended to read:

8604. The board shall, on or before the first Monday in July of each year, file with the board of supervisors the final budget which sets forth all estimated expenditures of the district for the fiscal year commencing on the first day of such month of July. A copy of the budget shall also at the same time be filed with the auditor of the county.

The board of supervisors shall annually, at the time of levying other county taxes, levy a tax upon all the citrus trees planted or growing in the district, regardless of age, as assessed by the assessor pursuant to this part. The board of supervisors shall determine the rate of such tax by deducting 10 percent for anticipated delinquencies from the total assessed value of such trees in the district as it appears on the assessment roll of the county, and dividing the sum reported by the board as required to be raised, by the remainder of such total assessed value. If a fraction of a cent occurs on a valuation of one hundred dollars ($100), it shall be taken as a full cent.

SEC. 27. Section 8605 of the Agricultural Code, as proposed by Senate Bill No. 1, is amended to read:

8605. The tax authorized to be assessed and levied is hereby declared to be in the nature of a special assessment, and the Legislature hereby finds that the owners of all citrus trees will be benefited by the district to the same extent and in the same manner regardless of the age of the trees. The taxes or special assessments authorized by this chapter to be assessed and levied on such trees shall be assessed and levied on all citrus trees regardless of their age.

SEC. 28. Section 8702 of the Agricultural Code, as proposed by Senate Bill No. 1, is amended to read:

8702. Proceedings for consolidation may be initiated by the filing of a petition for consolidation with the board of each district to be consolidated. Each petition shall be signed by the owners of 51 percent by area of the citrus land in the district. Upon the filing of such a petition, the board of directors shall adopt a resolution which recites the fact of receipt and the willingness of the district to consolidate, and shall then send copies of the petition and resolution to the board of directors of each of the other districts. The board shall send the original petition and a certified copy of the resolution to the board of supervisors of the county in which is located the largest area of citrus acreage of the proposed consolidated district, and a copy of the petition and resolution to the board of supervisors of each of the other counties in which is located any part of the proposed consolidated district.

SEC. 29. Section 8703 of the Agricultural Code, as proposed by Senate Bill No. 1, is amended to read:

8703. Upon presentation and filing of the petitions of two or more districts proposing consolidation, the board of supervisors of the county in which is located the largest area of citrus acreage of the proposed consolidated district shall fix a time and place for hearing the petitions. Notice shall be given and the hearing conducted in the same manner and with the same effect as prescribed for the formation of a district pursuant to Chapter 2 (commencing with Section 8451) of this part.

SEC. 30. Section 8704 of the Agricultural Code, as proposed by Senate Bill No. 1, is amended to read:

8704. If the board of supervisors determines that the consolidation is feasible and for the best interests of the citrus growers of the respective districts, it shall by resolution duly adopted declare the districts consolidated into one district, giving the consolidated district a name which name shall include the term "consolidated." Certified copies of the resolution shall be filed with the Secretary of State and, for record, with the county recorder of each county in which is located any part of the consolidated district. Upon such filing, the districts are consolidated into a single consolidated district with all the rights, privileges, and powers of a district. The consolidated district shall succeed to all the funds and other property, and is subject to all the indebtedness, bonded and otherwise, of the several districts consolidated. Each district which is included in the consolidated district shall continue in existence for the purpose of representation on the board of the consolidated district, and for the purpose of levying, assessing, and collecting taxes for district purposes. The board of the consolidated district is, however, the board of each district which is included in the consolidated district.

SEC. 31. Section 8705 of the Agricultural Code, as proposed by Senate Bill No. 1, is amended to read:

8705. Upon the adoption of a resolution consolidating two or more districts, the board of supervisors shall immediately appoint a board of directors of at least five members, including at least one member from each of the districts which are included in the consolidated district. If any of the districts which are included in the consolidated district includes more than 15,000 acres of citrus acreage, the board of directors shall be increased to a number equal to the number of districts which are included in the consolidated district, plus one additional director for each 10,000 acres, or major fraction of 10,000 acres, in any one district which is included in the consolidated district.

SEC. 32. Section 8707 of the Agricultural Code, as proposed by Senate Bill No. 1, is amended to read:

8707. Any district which has been included in a consolidated district may withdraw from the consolidated district and be reconstituted as a separate district by filing with the board of directors of the consolidated district a petition for withdrawal which is signed by the owners of 51 percent by area of citrus land in the district. The board of directors of the consolidated district shall send the original petition to the board of supervisors of the county in which the withdrawing district is located, and a copy of the petition to the board of supervisors of each of the other counties in which is located any part of the consolidated district. Upon receipt of a petition for withdrawal, the board of supervisors of the county in which the withdrawing district is located shall fix a time and place for hearing the petition. Notice shall be given and the hearing conducted in the same manner and with the same effect as prescribed for the formation of a district under Chapter 2 (commencing with Section 8451) of this part. Upon withdrawal of a district, all moneys collected from such district for the use of the consolidated district and all property purchased with such moneys shall remain the property of the consolidated district. All moneys collected from a district after it withdraws from a consolidated district shall be held for the use of such district.

SEC. 33. Section 8751 of the Agricultural Code, as proposed by Senate Bill No. 1, is amended to read:

8751. Upon the filing of a petition with the board of supervisors, signed by the owners of 60 percent by area of the citrus acreage in the district, requesting the dissolution of the district, the board of supervisors shall set a time and place for hearing on the petition, which shall not be less than 20 days, nor more than 40 days, after the filing of the petition.

SEC. 34. Section 8756 of the Agricultural Code, as proposed by Senate Bill No. 1, is amended to read:

8756. If at the hearing a majority of the members of the board of supervisors find that the dissolution of the district will

benefit the citrus industry of the county, it shall by resolution dissolve the district.

SEC. 35. Sections 2 through 34 of this act shall become operative only if the Agricultural Code as proposed by Senate Bill No. 1 is enacted by the Legislature at its 1967 Regular Session, and in such case at the same time as Senate Bill No. 1 takes effect; at which time Section 45.5 of the Citrous Pest District Control Act (Chapter 89 of the Statutes of 1939) as amended by Section 1 of this act is repealed.

SEC. 36. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Unless the extension provided by this act is in effect immediately the program for the eradication of the serious disease of quick decline (tristeza) infecting citrus trees will be seriously hampered.

CHAPTER 34

An act to amend Sections 5, 7, and 8 of, and to add Section 7.4 to, the Metropolitan Water District Act (Chapter 429 of the Statutes of 1927), relating to bonded indebtedness, declaring the urgency thereof, to take effect immediately.

[Approved by Governor April 13, 1967. Filed with Secretary of State April 13, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 5 of the Metropolitan Water District Act (Ch. 429, Stats. 1927) is amended to read:

Sec. 5. Any district incorporated as herein provided shall have power:

(1) To have perpetual succession.

(2) To sue and be sued in all actions and proceedings and in all courts and tribunals of competent jurisdiction.

(3) To adopt a corporate seal and alter it at pleasure.

(4) To take by grant, purchase, bequest, devise or lease, and to hold, enjoy, lease, sell or otherwise dispose of, any and all real and personal property of any kind within or without the district and within and without the state necessary or convenient to the full exercise of its powers; also to acquire, construct or operate, control and use any and all works, facilities and means necessary or convenient to the exercise of its powers, both within and without and within or without the district and within and without the state, and to do and perform any and all things necessary or convenient to the full exercise of the powers herein granted.

(5) To have and exercise the power of eminent domain and in the manner provided by law for the condemnation of private property for public use to take any property necessary to the exercise of the powers herein granted except water and water rights already devoted to beneficial use and power plants devoted to public use; and provided, further, that any district organized under the provisions of this act shall not have or exercise the power of eminent domain for the purpose of condemning or taking any water or right to water conserved or stored behind any flood control dam that has been or may hereafter be built or constructed by any flood control district created by act of Legislature of this state. Subject to the express limitations hereinbefore set out, in any proceeding relative to the exercise of such power of eminent domain, the district shall have the same rights, powers and privileges as a municipal corporation.

(6) To construct and maintain works and establish and maintain facilities across or along any public street or highway and in, upon or over any vacant public lands which are now, or may become, the property of the State of California, and to construct works and establish and maintain facilities across any stream of water or watercourse; provided, however, that the district shall promptly restore any such street or highway to its former state of usefulness as nearly as may be, and shall not use the same in such manner as to completely or unnecessarily impair the usefulness thereof. The grant of the right to use such vacant state lands shall be effective upon the filing by such district with the Division of State Lands of the Department of Finance, of an application showing the boundaries, extent and locations of the lands, rights-of-way, or easements desired for such purposes. If the land, rights-of-way or easement for which application shall be made is for the construction of any acqueduct, ditch, pipeline, conduit, tunnel or other works for the conveyance of water, or for roads, or for poles, or towers and wires for the conveyance of electrical energy or for telephonic or telegraphic communication, no compensation shall be charged the district therefor, unless, in the opinion of the Chief of such Division of State Lands the construction of such works will render the remainder of the legal subdivision through which such works are to be constructed valueless or unsalable, in which event the district shall pay for the lands to be taken and for such portion of any legal subdivision which, in the opinion of said Chief of the Division of State Lands, are rendered valueless or unsalable, at the rate of one dollar and twenty-five cents ($1.25) per acre. If the lands for which application is made are for purposes other than the construction of roads or for works for the conveyance of water, or electricity or telephonic or telegraphic communication, such district shall pay to the state for such lands at the rate of one dollar and twenty-five cents ($1.25) per acre Upon filing such application, accompanied by map or plat showing the location or proposed location of

such works and/or facilities, the fee title to so much of such state lands as shall be found by the Chief of the Division of State Lands of the Department of Finance to be necessary or convenient to enable such district to construct or maintain its works and/or to establish or maintain its facilities, shall be conveyed to such district by patent executed by the Governor of the State of California, attested by the Secretary of State with the great seal of said state affixed, and countersigned by the register of state lands; if an easement or right-of-way only over such lands be sought by such district, such easement or right-of-way shall be evidenced by permit or grant executed by such Chief of the Division of State Lands. The Chief of the Division of State Lands may reserve in such patents, grants or permits, easements and rights-of-way across any lands therein described for the construction of streets, roads and highways. Before any such patent, grant or permit shall be executed any compensation due to the state under the provisions hereof, must be paid. In the event that the duties or titles of any of the officers herein mentioned shall be changed by lawful authority, the functions herein required to be performed shall be performed by the appropriate officer or officers of the State of California. No fee shall be exacted from such district for any patent, permit or grant so issued or for any service rendered hereunder. In the use of streets the district shall be subject to the reasonable rules and regulations of the county or city wherein such streets lie, concerning excavations and the refilling of excavations, the relaying of pavements and the protection of the public during periods of construction; provided, that the district shall not be required to pay any license or permit fees, or file any bonds. The district may be required to pay reasonable inspection fees.

(7) To borrow money and incur indebtedness and to issue bonds or other evidence of such indebtedness; provided, however, that no district incorporated hereunder shall incur indebtedness which, in the aggregate, shall exceed fifteen (15) percent of the assessed valuation of all the taxable property included within the district, as shown by the assessment records of the county or counties.

(8) To levy and collect taxes for the purposes of carrying on the operations and paying the obligations of the district; provided, however, that such taxes levied under this section exclusive of any tax levied to meet the bonded indebtedness of such district and the interest thereon and exclusive of any tax levied to meet any obligation to the United States of America or to any board, department or agency thereof, shall not exceed five cents ($0.05) on each such one hundred dollars ($100) of assessed valuation (the term "tax levied to meet the bonded indebtedness of such district and the interest thereon" as used in this section shall also include, but shall not be limited to, (a) any tax levied pursuant to Section 7.4 of this act to pay the principal of or interest on bond anticipation notes and (b) any tax levied under the provisions of any resolution

or ordinance providing for the issuance of bonds of the district to pay, as the same shall become due, the principal of any term bonds which under the provisions of said resolution or ordinance are to be paid and retired by call or purchase before maturity with moneys set aside for that purpose); to enter into contracts, employ and retain personal services and employ laborers; to create, establish and maintain such offices and positions as shall be necessary and convenient for the transaction of the business of the district, and to elect, appoint and employ such officers, attorneys, agents and employees therefor as shall be found by the board of directors to be necessary and convenient.

(9) To join with one or more other public corporations for the purpose of carrying out any of its powers, and for that purpose to contract with such other public corporation or corporations for the purpose of financing such acquisitions, constructions and operations. Such contracts may provide for contributions to be made by each party thereto and for the division and apportionment of the expenses of such acquisitions and operations, and the division and apportionment of the benefits, the services and products therefrom, and may provide for an agency to effect such acquisitions and carry on such operations, and shall provide in the powers and methods of procedure for such agency the method by which such agency may contract. Such contract may contain such other and further covenants and agreements as may be necessary and convenient to accomplish the purposes hereof. The term "public corporation" as used in this subdivision shall be deemed to mean and include the United States or any other public agency thereof or this or any other state or any political district or subdivision thereof.

(10) To acquire water and water rights within or without the state; to develop, store and transport water; to provide, sell and deliver water at wholesale for municipal and domestic uses and purposes; to provide, sell, and deliver water and water service to the United States of America, or to any board, department or agency thereof, or to the State of California, for any use or purpose, pursuant to contract therefor, which contract may be for permanent service, but shall provide for the furnishing of such water or water service upon terms and conditions and at rates which will apportion an equitable share of the capital cost and operating expense of the district's works to the contractee, and every such contract shall provide that at the end of five years from the date of its execution and every three years thereafter there shall be such readjustment of the contract, upon the demand of either party thereto, either upward or downward as to rates, as the board of directors of the district may find to be just and reasonable in order to effectuate such equitable apportionment of the said capital cost and operating expense, and all water so contracted to be furnished by the district shall be deemed not to be surplus water available for sale

pursuant to the following provisions of this paragraph; also to provide, sell and deliver surplus water of the district not needed or required by municipalities, the corporate area of which is included in such district, for domestic or municipal uses therein, for beneficial purposes, but giving preference to uses within the district; provided, that the supplying of such surplus water shall, in every case, be subject to the paramount right of the district to discontinue the same, in whole or in part, and to take and hold, or to provide, sell and deliver, such water for domestic or municipal uses within the district, upon one year's written notice to the purchaser or user of such surplus water, such notice to be given by the board of directors of the district whenever it shall be determined and declared by resolution adopted by said board of directors by a two-thirds vote thereof that such water is needed or required by any municipality, the corporate area of which is included within said district, for domestic or municipal uses therein; to fix the rates therefor, and to acquire, construct, operate and maintain any and all works, facilities, improvements and property necessary or convenient therefor.

(11) To invest any surplus money in the district treasury, including such money in any sinking or other fund established for the purpose of providing for the payment of the principal or interest of any bonded or other indebtedness or for any other purpose, not required for the immediate necessities of the district, in its own bonds, or in treasury notes, or bonds, of the United States, or of this state, and such investment may be made by direct purchase of any issue of such bonds or treasury notes, or part thereof, at the original sale of the same, or by the subsequent purchase of such bonds or treasury notes. Any bonds or treasury notes thus purchased and held may, from time to time, be sold and the proceeds reinvested in bonds or treasury notes, as above provided. Sales of any bonds or treasury notes thus purchased and held shall, from time to time, be made in season so that the proceeds may be applied to the purposes for which the money, with which the bonds or treasury notes were originally purchased, was placed in the treasury of the district. The functions and duties authorized by this paragraph shall be performed by joint action of the Controller and Treasurer, with the approval of the attorney, under such rules and regulations as shall be prescribed by the board of directors of the district.

SEC. 2. Section 7 of the Metropolitan Water District Act (Ch. 429, Stats. 1927) is amended to read:

Sec. 7. (a) Whenever the board of directors of any metropolitan water district incorporated under this act shall, by ordinance adopted by a vote of a majority of the aggregate number of votes of all the members of the board of directors, determine that the interests of said district and the public interest or necessity demand the acquisition, construction or completion of any public improvement or works of the district, or the payment of funds for any part of the capital

costs of any public improvement or works of this state from which service is to be provided to the district, or the incurring of any preliminary expenses, or any combination of such purposes, necessary or convenient to carry out the objects or purposes of said district the cost of which will be too great to be paid out of the ordinary annual income and revenue of the district, said board of directors may order the submission of the proposition of incurring bonded indebtedness, for the purposes set forth in the said ordinance, to the qualified voters of such district, at an election held for that purpose. Any election held for the purpose of submitting any proposition or propositions of incurring such bonded indebtedness may be held separately, or may be consolidated or held concurrently with any other election authorized by law at which the qualified electors of the district are entitled to vote. The declaration of public interest or necessity herein required and the provision for the holding of such election may be included within one and the same ordinance, which ordinance, in addition to such declaration of public interest or necessity, shall recite the objects and purposes for which the indebtedness is proposed to be incurred, the estimated cost thereof, or the estimated amount of preliminary expenses, as the case may be, the amount of the principal of the indebtedness to be incurred therefor and the maximum rate of interest to be paid on such indebtedness, which rate shall not exceed six (6) percent per annum payable semiannually. Such ordinance shall also fix the date upon which such election shall be held and the manner of holding the same and the method of voting for or against incurring the proposed indebtedness. Such ordinance shall also fix the compensation to be paid the officers of the election and shall designate the precincts and polling places and shall appoint the officers of such election, which officers shall consist of one inspector, one judge and two clerks in each precinct. The description of precincts may be made by reference to any order or orders of the board of supervisors of the county or counties in which the district or any part thereof is situated, or by detailed description of such precincts. Precincts established by the boards of supervisors of the various counties, to a number not exceeding six (6) may be consolidated for special elections held hereunder. In the event any bond election shall be called to be held concurrently with any other election or shall be consolidated therewith, the ordinance calling the election hereunder need not designate precincts or polling places or the names of officers of election, but shall contain reference to the act or order calling such other election and fixing the precincts and polling places and appointing election officers therefor except that such reference shall not be required when the election is consolidated with a statewide election.

(b) The ordinance provided for in subdivision (a) of this section shall be published once, at least ten (10) days before the date of the election therein called, in a newspaper of gen-

eral circulation printed and published within the district, and no other or further notice of such election or publication of the names of election officers or of the precincts or polling places need be given or made. In all particulars not set out in such ordinance, said election shall be held and conducted substantially in accordance with the provisions of the Elections Code.

The board of directors or any member or members thereof or any person or persons designated by the board may file with the secretary of the board an argument for the measure and any member of the board or other voter or voters of the district may file with such secretary an argument against the measure. No such argument shall exceed five hundred (500) words in length and all arguments shall be filed with the secretary of the board at least fifty-five (55) days prior to the date of the election. From the arguments so filed with him, the secretary shall select the argument for and the argument against the measure deemed by him to best express the respective views of the proponents and opponents of the measure. The arguments so selected by the secretary shall be printed and a printed copy of such arguments (which shall be deemed official matter) shall be enclosed in an envelope with each sample ballot. Any irregularities in carrying out the provisions of this paragraph shall not invalidate or affect the results of the election.

(c) The respective election boards shall conduct the election in their respective precincts in the manner prescribed by law for the holding of general elections, and shall make their returns to the secretary of the district. At any regular or special meeting of the board of directors held not earlier than five (5) days following the date of such election, the returns thereof shall be canvassed and the results thereof declared. In the event that any election held hereunder shall be consolidated with any primary or general election and the proposition to incur indebtedness shall be printed upon a ballot containing other propositions, the returns of the election held hereunder shall be made with the returns of the primary or general election to the board of supervisors or other bodies whose duty it shall be to canvass the returns thereof, and the results of the election held hereunder shall be canvassed at the time and in the manner provided by law for the canvass of the returns of such primary or general election. It shall be the duty of such canvassing body or bodies to promptly certify and transmit to the board of directors of the district a statement of the result of the vote upon the proposition submitted hereunder. Upon receipt of such certificates, it shall be the duty of the board of directors to tabulate and declare the results of the election held hereunder.

(d) In the event that it shall appear from said returns that a majority of the electors voting on any proposition submitted hereunder at such election voted in favor of such proposition, the district shall thereupon be authorized to issue and sell

bonds of the district in the amount and for the purpose or purposes and object or objects provided for such proposition in such ordinance, and at a rate of interest, not exceeding the rate recited in said ordinance.

(e) Bonds authorized pursuant to this act shall mature at times and in amounts to be fixed by the board of directors; provided, that the payment of the principal of said bonds or series thereof shall begin not later than 15 years from the date thereof, or the date of such series and must be completed in not more than 50 years from the date thereof or the date of such series. The bonds shall be issued in such denominations as the board of directors may determine, and shall be payable on the day and at the place or places fixed in such bonds and with interest at the rate specified therein, which rate shall not be in excess of six percent (6%) per annum, and shall be payable semiannually.

The board of directors may provide for the call and redemption of bonds before maturity at such times and at such prices as it may determine. A bond shall not be subject to call or redemption prior to maturity unless it contains a recital to that effect.

Such bonds shall be signed by the chairman of said board of directors, or by such other officer as said board of directors shall, by resolution adopted by a majority vote of its members, authorize and designate for that purpose, and such bonds shall also be signed by the controller, or assistant controller, and countersigned by the secretary of said board of directors. The coupons, if any, of said bonds shall be numbered consecutively, and signed by said controller, or assistant controller. All such signatures and countersignatures excepting that of the controller, or assistant controller, on said bonds, may be printed, lithographed or engraved.

(f) In case any of such officers, whose signatures or countersignatures appear on the bonds or coupons, shall cease to be such officer before the delivery of such bonds to the purchaser, such signatures or countersignatures shall nevertheless be valid and sufficient for all purposes, the same as if they had remained in office until the delivery of such bonds.

(g) Such bonds shall not be sold at a price less than the par value thereof, together with accrued interest to the date of delivery, nor until notice calling for bids therefor shall have been published in a newspaper of general circulation published and circulated in the county wherein the principal place of business of said district shall be located Said notice, calling for bids, shall state the time for the receipt of such bids, which shall not be less than ten (10) days after the publication thereof. Such notice may offer the bonds at a fixed interest rate or with the interest rate or rates undetermined, in which event the bids shall contain a statement of the rate or rates of interest at which the bidder will take the bonds and pay par value or more therefor, together with accrued interest. Bids for such bonds shall be opened publicly and the results

thereof publicly announced. Such bonds shall be sold to the highest bidder. If no bids are received or if the board determines that the bids received are not satisfactory as to price or responsibility of the bidders the board may reject all bids received, if any, and either readvertise or sell the bonds at private sale. Temporary, or interim bonds or certificates, of any denomination whatsoever, to be signed by the controller, or assistant controller, may be issued until the definitive bonds are executed and available for delivery.

(h) Such bonds may be issued and sold by said board of directors as they shall determine, and the proceeds thereof, excepting premium and accrued interest, shall be placed in the treasury of said district to the credit of the proper improvement fund, and shall be applied exclusively to the purposes and objects mentioned in said ordinance; provided, that the interest on said bonds accruing during the construction period and for one year thereafter may be deemed to be a construction cost within the meaning of the purposes and objects mentioned in said ordinance, and such interest may be paid from said proceeds of the sales of such bonds Premium and accrued interest shall be placed in the fund to be applied to the payment of interest on, and the retirement of, the bonds so sold. For the purposes of this section, the construction period shall be deemed to end when the works, the construction of which shall have been authorized from the proceeds of any such bond issue, shall have been placed in operation to such extent as to result in the sale and delivery in the district, of water transported and provided by means of such works.

(i) An action to determine the validity of bonds and the sufficiency of the provision for the collection of an annual tax sufficient to pay the interest on such indebtedness as it falls due and for the payment of the principal thereof on or before maturity may be brought pursuant to Chapter 9 (commencing with Section 860) of Title 10 of Part 2 of the Code of Civil Procedure.

(j) If from any cause, the revenues of the district shall be inadequate to pay the interest or principal of any bonded debt as the same becomes due, the board of directors shall, at the time of fixing the tax levy and in the manner for such tax levy provided, levy and collect annually until said bonds are paid or until there shall be a sum in the treasury of the district set apart for that purpose sufficient to meet all sums coming due for principal and interest on such bonds, a tax sufficient to pay the annual interest on such bonds and such part of the principal of such bonds as shall become due before the time when money will be available from the next general tax levy, or such portion thereof as shall not be met from previous levies or other revenues of the district. The taxes herein required to be levied and collected shall be in addition to all other taxes levied for district purposes and shall be collected at the time and in the same manner as other district taxes are collected

and shall be used for no purpose other than the payment of such bonds and accruing interest.

(k) The resolution or ordinance providing for the issuance of the bonds or any installment thereof may contain such registration, conversion and exchange privileges as the board of directors may determine.

(*l*) All bonds heretofore or hereafter issued by any metropolitan water district shall be legal investments for all trust funds, and for the funds of all insurance companies, banks, both commercial and savings and trust companies, and for the state school funds, and for all sinking funds under the control of the State Treasurer, and whenever any moneys or funds may by law now or hereafter enacted be invested in, or loaned upon the security of, bonds of cities, cities and counties, counties, or school districts in the State of California, such moneys or funds may be invested in, or loaned upon the security of, the bonds of such metropolitan water district; and whenever bonds of cities, cities and counties, counties, or school districts, by any law now or hereafter enacted, may be used as security for the faithful performance or execution of any court or private trust or of any other act, bonds of such metropolitan water district may be so used.

(m) The district may provide for the issuance, sale or exchange of refunding bonds to purchase, redeem or retire bonds issued under this section upon such terms, at the times, and in the manner which the board of directors, by resolution adopted by two-thirds vote, determines. Such refunding bonds shall mature not later than 50 years from the date of the outstanding bonds which are refunded, or from the dates of each series thereof, if the same shall have been issued in series. The provisions of subsections (e), (f), (i), (j), (k), and (*l*) of this section, subject to the limitations and modifications imposed herein, shall apply to such refunding bonds.

Refunding bonds may be issued in a principal amount sufficient to provide funds for the payment of any or all of the following: (a) the redemption or retirement of all outstanding bonds which are refunded, and (b) all expenses incident to the calling, retiring or redemption of the outstanding bonds which are refunded and the issuance of the refunding bonds, and (c) interest upon the refunding bonds from the date of sale to the date of redemption or retirement of the bonds outstanding which are refunded out of the proceeds of the sale or to the date upon which the outstanding bonds which are refunded will be repaid pursuant to the provisions in such bonds for call and redemption prior to maturity, and (d) any premium necessary in the redemption and retiring of the outstanding bonds and the interest accruing on them to the date of the call or retirement. The board of directors may provide for the issuance and sale or exchange of the refunding bonds in such time and manner as they shall determine; provided, however, that, if the board of directors determines to sell the refunding bonds or any part thereof, such refunding bonds

shall be sold in substantial compliance with subsection (g) of this section. The proceeds of the sale of refunding bonds, excepting premium and accrued interest, shall be placed in the treasury and applied to the purposes specified in this paragraph. Premium and accrued interest shall be placed in the fund to be applied to the payment of interest on and retirement of the refunding bonds. In lieu of selling such refunding bonds and redeeming or retiring with the proceeds thereof the bonds which are refunded, the board of directors of the district may exchange refunding bonds for the bonds so refunded or may purchase the same. Whenever such outstanding bonds shall be refunded, they shall be surrendered to the treasurer of the district for cancellation in the manner to be prescribed by the board of directors of the district.

SEC. 3. Section 7.4 is added to the Metropolitan Water District Act (Ch. 429, Stats. 1927), to read:

Sec. 7 4. The district may borrow money in anticipation of the sale of bonds of the district which have been authorized by the electors thereof to be issued but which have not yet been sold and delivered, and for that purpose may issue and sell negotiable bond anticipation notes, and may refund the same from time to time, but the maximum maturity of any such notes, as originally issued or as refunded, shall not exceed five years from the date of the original notes. The interest on said notes, which shall be payable at the time or times provided therein and which may be represented by interest coupons attached thereto, shall be payable from the same funds as interest on bonds of the district are payable. The principal of such notes may be paid from any moneys of the district available therefor. If the principal of such notes, or any portion of such principal, is not previously paid, such unpaid principal shall be paid from the proceeds of the next sale of bonds in anticipation of which the notes were issued but if for any reason bonds of the district are not sold in time to provide funds to pay any such unpaid note on or before its maturity and if other funds of the district are not made available for such payment, taxes shall be levied for such payment on or before maturity in the same manner as taxes are levied under this act for the payment of bonds of the district. The aggregate amount of such notes outstanding at any one time shall not exceed the aggregate amount of the so authorized but unissued bonds of the district. The notes shall be sold in such manner as the board of directors may determine and such notes and the resolution providing for the issuance of such notes may contain any provision, condition or limitation which a bond or any resolution or ordinance providing for the issuance of bonds may contain. When bonds of the district, or any series thereof, are issued and any portion of the proceeds of the sale thereof are to be used to pay bond anticipation notes, such bonds or such series thereof shall mature not later than 50 years from the date of such notes as originally issued.

SEC. 4. Section 8 of the Metropolitan Water District Act (Ch. 429, Stats. 1927) is amended to read:

Sec. 8. (a) Immediately after equalization and not later than the 15th day of August of each year, it shall be the duty of the auditor of each county wherein such district or any part thereof shall lie, to prepare and deliver to the controller of the district a certificate showing the assessed valuation of all property within the district lying in the county, and also such assessed valuation segregated according to cities, the areas of which, in whole or in part, lie within the district.

(b) On or before the 20th day of August the board of directors of the district shall by resolution determine the amount of money necessary to be raised by taxation during the fiscal year beginning the first day of July next preceding and shall fix the rate of taxation of the district, designating the number of cents upon each one hundred dollars ($100) assessed valuation of taxable property in each county (but if any fraction of a cent occur, it must be taken as a full cent on each one hundred dollars ($100) assessed valuation of such taxable property) and shall levy a tax accordingly:

(1) Sufficient, when taken with other revenues available for the purpose, to meet interest, principal and sinking fund requirements on all bonded indebtedness of said district; and sufficient, when taken with other revenues available for the purpose, to meet the payment of the principal and interest on any refunding bonds, or on any bonds the issuance of which may have been authorized by the electors, and which bonds have not been sold but which, in the judgment of the board of directors, will be sold prior to the time when money will be available from the next subsequent tax levy, and in case such bonds are not so issued and sold or such tax for any other reason is not required for said purpose, the tax so levied shall be applied to the payment of interest and/or principal on any refunding bonds, or on any bonds authorized by the electors, then outstanding or subsequently issued and/or sold; and

(2) For all other district purposes.

(c) The board of directors shall also cause to be computed and shall declare in said resolution the amount of money to be derived from the area of the district lying within each separate municipality by virtue of the tax levy. In such resolution the board shall also fix and determine the times and proportional amounts of installments in which any city may elect to make payment in lieu of taxes as hereinafter provided. The board shall immediately cause certified copies of such resolution to be transmitted to the presiding officer of the governing body of each such city.

(d) On or before the 25th day of August of each year the governing body of each such city which has made its declaration of intention so to do, pursuant to the provisions of Section 8.1 of this act, if such declaration of intention has been accepted by the controller of the district as provided in said Section 8.1, may elect to pay out of the municipal funds of such

city all or the stated percentage, as the case may be, of the amount of tax which would otherwise be levied upon property within such city; provided, that such election shall be made in strict compliance with, and fulfillment of, said declaration of intention theretofore so made by such city. Such election shall be made by order upon motion, which order shall recite that such payment shall be made in cash concurrently with the certification of such order to the controller of the district, or that such payment shall be made in installments and the times wherein such installments shall be payable and the amounts thereof, which amounts shall be in accordance with the requirements of the board of directors of the district as approved by resolution. In the event that any city shall elect to pay in cash, or by deferred installments, money or any part thereof which would otherwise be levied upon property within the city, it shall immediately certify to the controller of the district a copy of such order and a statement showing its financial condition, the funds from which such payments shall be made and the sources of revenue to be used therefor; provided, however, that in the event any city shall elect to pay in cash all or any portion of the amount of tax which would otherwise be levied upon property within such city to meet interest, principal and sinking fund requirements on bonded indebtedness of said district, such amount so elected to be paid shall be deposited with the treasurer of said district on or before the 27th day of August next following such election; and provided, also, that unless such payment is so made in the case of interest, principal and sinking fund requirements on bonded indebtedness, and unless such election, as to all other taxes, shall provide for payments in accordance with the resolution of the board of directors as hereinbefore provided for, then such election shall be ineffective for any purpose.

(e) Before the first day of September the controller of the district shall cause to be prepared and transmitted to the auditor of each county in which the district shall lie, a statement showing the tax rate to be applied to assessed property in each city or part thereof within the district, which rate shall be the rate fixed by resolution of the board of directors modified to the extent necessary to produce from each city or part thereof within the district, only the amount of money apportioned thereto in said resolution, less any amount paid or undertaken to be paid by such city, or credited thereto as herein provided.

(f) Upon receipt by the auditor of each county wherein such district, or any part thereof, shall lie, of a certified copy of the controller's statement showing the tax rate to be applied to assessed property in each city or part thereof within the district, and showing the cities or parts thereof, the assessed property in which is exempt therefrom, if any, it shall be the duty of the county officers to collect taxes for the benefit of the district at the rate specified as herein provided. The taxes so levied shall be computed and collected at the time and in the manner required by law for the computation and collection of taxes for

county purposes, and the property subject to such tax shall be subject to the same penalties for delinquency, and the same provisions of law relating to the sale of property for nonpayment of county taxes and redemption thereof shall apply to the tax herein authorized. When so collected, such taxes shall be paid over to the treasurer of the district, subject to the deduction herein authorized.

In consideration of services rendered hereunder, any county shall annually be entitled to deduct and withhold an amount not exceeding 1 percent on the first twenty-five thousand dollars ($25,000) collected hereunder, and one-fourth of 1 percent of any amount in excess of twenty-five thousand dollars ($25,000) collected hereunder. The board of supervisors of each such county may provide such extra help as in their judgment may be necessary for the proper performance of duties hereunder.

(g) Whenever any real property situated in any district organized hereunder and upon which a tax shall have been levied, as herein provided, shall be sold for taxes and shall be redeemed, the money paid for such redemption, except advertising costs, shall be apportioned and paid in part to such district in the proportion which the tax due to such district shall bear to the total tax for which such property shall have been sold. All taxes levied under the provisions of this act shall be a lien upon the property upon which levied, and the enforcement of the collection of such tax shall be had in the same manner and by the same means as is or shall be provided by law for the enforcement of liens for state and county taxes, and all of the provisions of law relating to the enforcement of such taxes are hereby made a part of this act so far as applicable.

(h) Cities, the areas of which, in whole or in part, are included within metropolitan water districts incorporated hereunder, are hereby authorized to pay to such districts, out of funds derived from the sale of water or other funds not appropriated to some other use, such amounts as may be determined upon by the governing bodies, or other bodies, boards, commissions or officers having control of such funds, thereof, respectively. Such payments may be made in avoidance of taxes as herein provided, or otherwise, and shall not be deemed gratuitous or in the nature of gifts, but shall be deemed payments for water or services in connection with the distribution of water. Any city making any such payment to any district incorporated hereunder, whether in avoidance of taxes or otherwise, shall receive credit therefor and the amount of the payment so made by any city shall be deducted from the amount of taxes which would otherwise be levied against property lying therein as herein provided. In the event that payment so made by any city shall exceed the amount of taxes which would otherwise have been levied against property within such city, the amount of such excess without interest shall be carried over and applied in reduction of taxes levied, or which would otherwise have been levied during the ensuing year or years. Any city, or body, board, commission or officer thereof having control of funds,

which shall have incurred expenses (for which such funds have been, or will be, expended) in the investigation of or preliminary work upon any works or projects taken over by the district, may receive, and the district so taking over any such works or projects may make to such city, body, board, commission or officer thereof, reimbursement for all such sums so expended, or to be expended, for expenses incurred in such investigation of or preliminary work upon the works or projects so taken over by the district, to the extent that the board of directors of the district shall find that such expenditures have benefited such district, it being the intention of this provision to permit the district to purchase, and the city or body, board, commission or officer thereof, to sell, such works or projects taken over by such district, and for which such city, body, board, commission or officer thereof, has no further use or need. The sum so to be paid by such district to such city or body, board, commission or officer thereof, shall be mutually agreed upon, and if the expenses, for which such reimbursement is to be made by the district, shall have been incurred by a body, board, commission or officer, of the city, having control of the funds so expended, or to be expended, for such expenses, then the district shall pay such sum to said body, board, commission or officer, or if ordered so to do by such body, board, commission or officer, the district shall pay such sum to the city.

As an alternative to the purchase and sale of any works or projects taken over by the district, as hereinabove provided, any city, or body, board, commission or officer thereof having control of funds, which shall have incurred expenses for which such funds have been, or will be, expended in the investigation of or preliminary work upon any such works or projects taken over by the district, may certify the amount thereof, without interest, to the board of directors of said district at any time within four (4) years from the date of the incorporation of such district, or the incurring of such expenses, if such district be already incorporated, and if allowed by the board of directors, such amount shall be credited to the city, which itself, or whose body, board, commission or officer, incurred the same, and such expenditures shall be considered as a payment of money made as herein provided for which deduction shall be made from the amount of taxes which would otherwise be levied against property lying within such city.

Any city which shall incur expenses in preliminary work in preparing for the incorporation of or in the incorporation of any district hereunder likewise may certify the amount thereof, without interest, to the board of directors of said district at any time within four (4) years from the date of the incorporation of such district, and if allowed by the board of directors, such amount shall be credited to the city incurring the same, and shall be considered as a payment of money made as herein provided, for which deduction shall be made from the amount of taxes which would otherwise be levied against property lying within such city.

No such payments of money made in avoidance of taxes or otherwise, or such credit allowed by such board of directors, as hereinabove provided, shall apply to reduce the amount of taxes which would otherwise be levied against the property within such cities respectively, to meet interest, principal and sinking fund requirements on bonded indebtedness of such district.

Such certification and allowance shall be made on or before the first Monday in July, and the amount of money to be raised by taxation shall be computed with reference to the credit to be allowed as herein provided, but such credit may, in the discretion of the board of directors, be considered in connection with the amount of money to be raised by the next tax levy, or may be spread over subsequent years, not to exceed five.

(i) If any city shall fail to comply with the terms of the order relating to payments to be made to the district in lieu of taxation, the amount of the delinquency, plus a penalty of 8 percent shall be added to the taxes to be collected during the ensuing fiscal year, from the property within such delinquent city, and thereafter for a period of two (2) years no order or ordinance shall be sufficient to exempt the property in said city from taxation hereunder unless it be accompanied by payment in cash of the amount which would otherwise be collected from owners of property within the city, together with all moneys due but unpaid under any previous order.

(j) All provisions in this act, or in any ordinance adopted pursuant hereto, relating to the respective times when the various acts pertaining to the levy of taxes are to be performed, are directory only, and failure to perform any such act or acts within the time so specified shall not impair the authority herein conferred to perform all subsequent acts relating to the levy of such taxes In the event that any of the provisions of law respecting the time and manner of assessing property for purposes of taxation, of equalizing such assessments, of certifying such assessed valuations to the taxing authorities, of making the tax levies, of certifying such tax levies to the proper authorities for extension upon the tax rolls, and for enforcement and collection of such taxes or of performing any other act regarding the assessment, levy or collection of taxes be amended, changed, repealed or newly enacted, and as a result thereof, it should appear to the board of directors of the district that the time schedule provided herein respecting the levy of district taxes be no longer consistent with such modified tax procedure, then said board of directors by ordinance may prescribe a new schedule setting forth the times when the various acts herein required to be done in levying district taxes shall be performed. Nothing contained in this paragraph shall relieve the board of directors of its duty to provide adequate funds, by annual tax levies if necessary, to meet the interest and principal requirements of the bonded debt as they fall due.

SEC. 5. This act is an urgency measure necessary for the immediate preservation of the public peace, health and safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The electors within substantial portions of the Counties of Los Angeles, Orange, Riverside, San Bernardino, San Diego, and Ventura, in the southern part of this state, within The Metropolitan Water District of Southern California, a district duly organized and existing under the Metropolitan Water District Act of this state, approved in June, 1966, an eight hundred fifty million dollar ($850,000,000) general obligation bond issue for the financing of works and facilities, so that the inhabitants of said area, who are in dire need of obtaining adequate supplies of water for domestic and municipal uses, may utilize such water. The initial issuance of bonds so approved will be necessary in the very near future in order to continue construction of the works and facilities necessary to treat and deliver water from the State Water Project when such water becomes available. In order that the orderly and efficient issuance and marketing of such bonds in the most advantageous manner to the district and the people therein be effectively and expeditiously accomplished it is necessary that this act take effect immediately.

CHAPTER 35

An act to amend Sections 23900, 23902, and 26600 of the Water Code, relating to irrigation districts.

[Approved by Governor April 13, 1967. Filed with Secretary of State April 13, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 23900 of the Water Code is amended to read:

23900. This chapter provides an alternative method for the formation of improvement districts for the purpose of cooperating and contracting with the United States and agencies thereof pursuant to the Irrigation District Federal Cooperation Law as contained in Chapter 2 (commencing with Section 23175) of Part 6 of Division 11, or for the purpose of sewage disposal, irrigation water service by a system of pumps, conduits, or both, maintenance of irrigation works, drainage, or distribution of water. The term "district" or "districts" as used in the Irrigation District Federal Cooperation Law shall include improvement districts formed pursuant to the provisions of this chapter. This chapter shall not apply to or affect any other provisions of this division for the forma-

tion of improvement districts or the incurring of indebtedness therefor.

SEC. 2. Section 23902 of the Water Code is amended to read:

23902. Bonds of a district for an improvement district may be issued for either the purpose of cooperating and contracting with the United States pursuant to the Irrigation District Federal Cooperation Law as contained in Chapter 2 (commencing with Section 23175) of Part 6 of Division 11, or for any of the other purposes specified in Section 23900.

SEC. 3. Section 26600 of the Water Code is amended to read:

26600 The procedure provided by this chapter shall be optional with any district electing as herein provided to proceed hereinunder and shall be an alternate procedure to that set forth in Chapters 1 to 7, inclusive, of this part.

CHAPTER 36

An act to add Chapter 5 (commencing with Section 44950) to Part 7 of Division 14 of, and to amend Sections 45550, 45555, 45557, 45558, and 45801 of, the Water Code, relating to water storage districts, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor April 13, 1967. Filed with Secretary of State April 13, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Chapter 5 (commencing with Section 44950) is added to Part 7 of Division 14 of the Water Code, to read:

CHAPTER 5. REVENUE WARRANTS

44950. A district may issue revenue warrants pursuant to this chapter to obtain funds for any lawful purpose of the district, including the repayment of indebtedness of the district.

44951. Revenue warrants shall be secured by all or part of the revenues received by the district from tolls or charges levied pursuant to Section 43006 or from any other source other than assessments, and any such revenues may be pledged to the payment of revenue warrants. In the resolution authorizing the issuance of revenue warrants, the board may subject such revenues as it specifies to a lien or charge to secure the payment of the principal of and interest on the revenue warrants, but such warrants shall not be secured by any lien or charge upon any assessment.

44952. Revenue warrants shall bear interest at a rate or rates not exceeding 7 percent per annum, payable annually or

semiannually or in part annually and in part semiannually, as the board may prescribe.

44953. Revenue warrants shall mature at such time or times as the board may prescribe, but not more than five years from the date of issuance.

44954. Revenue warrants may be made subject to redemption prior to their fixed maturity date upon such terms, conditions and notice, and at such times and prices, as the board may determine prior to the issuance of such warrants.

44955. Revenue warrants may be sold at either public or private sale upon such terms and conditions as the board may determine. Such warrants may be sold at less than their par or face value, but no revenue warrant may be sold at a price which would yield to the purchaser an average of more than 7 percent per annum, payable semiannually, according to standard tables of bond values.

44956. No revenue warrants shall be issued or sold until their issuance has been authorized by resolution of the board and approved by the commission. The board also may, but need not, request the commission to investigate and certify such warrants as legal investments in accordance with the provisions of Division 10 of this code.

44957. The board may determine the form and denomination of revenue warrants, the manner of their execution, their registration and exchange privileges and the place or places of their payment.

44958. The board, in a resolution authorizing the issuance of revenue warrants, may provide for special funds for the deposit and application of the proceeds of the warrants and for the deposit and application of revenues pledged to secure their payment. The board may provide for the establishment of a reserve fund from the proceeds of the revenue warrants or from revenues pledged to their payment. The board may appoint a fiscal agent to hold any or all such funds in trust for the holders of revenue warrants and for the district.

44959. The board, in a resolution authorizing the issuance of revenue warrants, may covenant to operate and maintain the facilities producing the revenues pledged for the security of the revenue warrants, may covenant to fix, maintain and collect tolls, charges, rates or fees which will produce revenues sufficient to provide for the payment of the principal of and interest on the revenue warrants and to provide such additional sums for the further security of the revenue warrants as the resolution may prescribe, and may make such other covenants, with respect to insurance, investments of funds, accounting records, independent audits, events of default, limitations upon competitive facilities and any other matters relating to the revenue warrants and their security as the board may deem necessary, convenient or desirable in order better to secure the revenue warrants or to make them more marketable.

44960. The board, in a resolution authorizing the issuance of revenue warrants, may provide for paying the interest on the revenue warrants for a period of not more than one year out of the proceeds of the sale thereof.

44961. Except as otherwise provided in any resolution authorizing the issuance of revenue warrants, the holder of any revenue warrant may by mandamus or other appropriate proceeding require and compel the performance of any of the duties imposed upon the board, or upon any officer or employee of the district, in connection with the collection, deposit, investment, application or disbursement of any revenues pledged for the security of the revenue warrants, or in connection with the deposit, investment or disbursement of the proceeds received from the sale of the revenue warrants, or in connection with any covenants contained in the resolution authorizing the issuance of the revenue warrants. The enumeration of such rights and remedies does not, however, exclude the exercise or prosecution of any other rights or remedies available to the holders of revenue warrants.

44962. Revenue warrants shall not be issued under this chapter by any district in any one fiscal year in excess of one million dollars ($1,000,000).

SEC. 2. Section 45550 of the Water Code is amended to read:

45550. The bonds shall be in such denominations as the board may prescribe.

SEC. 3. Section 45555 of the Water Code is amended to read:

45555. The principal of the bonds shall be made payable on the first day of July, or the first day of January, in such years and at such places as the board may prescribe.

SEC. 4. Section 45557 of the Water Code is amended to read:

45557. The bonds may be substantially in the following form, or in such other form as the board may determine:

UNITED STATES OF AMERICA

State of California

(Name) Water Storage District.

No. _____ $_____

(Name) Water Storage District for value received hereby acknowledges itself indebted to and promises to pay to the holder hereof at the office of the treasurer of said district, at (place) in the State of California, on the first day of _____ the sum of $_____ in lawful money of the United States of America, with interest thereon in like lawful money from date hereof until paid, at the rate of _____ percent per annum, payable at the office of said treasurer, or at (other designated

places), semiannually on the first day of January and the first day of July in each year on presentation and surrender of the interest coupons hereto attached. This bond is one of a series of _____ bonds of like tenor and effect (except as to denomination and maturity), numbered from _____ to _____ inclusive, amounting in the aggregate to _____ dollars ($_____), issued in accordance with the provisions of Division 14 of the Water Code of California and of the laws of the State of California, pursuant to an election held in said water storage district on the _____ day of _____ authorizing its issuance, and based upon and secured by an assessment levied on the lands in said district, and filed in the office of the county treasurer of the county (or counties) of _____ on the _____ day of _____, and the said water storage district does hereby certify and declare that said election was duly called and held upon due notice, and the result thereof was duly canvassed and ascertained, in pursuance of and in strict conformity with the laws of the State of California applicable thereto, and that all the acts and conditions and things required by law to be done, precedent to and in the issue of said bonds, have been done and have been performed in regular and in due form and in strict accordance with the provisions of the law authorizing the issuance of water storage district bonds.

In testimony whereof, the said district, by its board of directors, has caused this bond to be signed by the president of said board and attested by the treasurer of said district, with the official seal of said district affixed this _____ day of _____.

_____,
President of said board.

Attest: _____,
Treasurer.

SEC. 5. Section 45558 of the Water Code is amended to read:

45558. Interest coupons may be substantially in the following form, or in such other form as the board may determine:

No. _____ $_____

The Treasurer of (Name) Water Storage District, California, will pay to the holder hereof on the _____ day of _____, at his office at (place in the State of California, or at designated places), the sum of $_____, in lawful money of the United States, out of the funds of (Name) Water Storage District for interest on bond of said district numbered____.

_____,
Treasurer.

SEC. 6. Section 45801 of the Water Code is amended to read:

45801. Bonds may be made subject to redemption prior to their fixed maturity at such times and prices, and upon such

terms and conditions as the board may determine and set forth in the resolution.

SEC. 7. Notwithstanding the provisions of Sections 43704 and 45930 of the Water Code, all acts, proceedings, findings of fact, or conclusions of the Department of Water Resources, the California Districts Securities Commission, or the board of directors of a water storage district had or made between the effective date of this act and December 31, 1967, shall be conclusive unless a contest thereof is instituted within 60 days after the acts, proceedings, findings, or conclusions were had or made

SEC. 8. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Several water storage districts and improvement districts therein are now proceeding with the planning, financing and construction of irrigation projects to enable them to provide needed water for agriculture in such districts by utilizing the supply which will soon become available from the State of California. In order to facilitate the financing of these projects and to assure their completion as soon as practicable, and thereby to make provision for the water needed to preserve the health and safety of the citizens residing in the affected areas, it is now necessary to clarify the law with respect to bonds of water storage districts and improvement districts therein and to provide for revenue warrants of such districts, and it is therefore essential that this act go into immediate effect.

CHAPTER 37

An act to amend Section 29910.1 of the Government Code, relating to county bonds.

[Approved by Governor April 13, 1967. Filed with Secretary of State April 13, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 29910.1 of the Government Code is amended to read:

29910.1. The board may divide the principal amount of any issue into two or more series and fix different dates for the bonds of each series. The bonds of one series may be made payable at different times from those of any other series; provided, that the earliest maturity of each issue or series, as the case may be, shall not be more than two years from the date of the bonds of said issue or series. The final maturity date of any bond shall not exceed 40 years from the date of the bond. Every year beginning with the date of the earliest

maturity of each issue or series of bonds, as the case may be, not less than one-fortieth of the whole of the indebtedness evidenced by such issue or such series shall be payable; provided, however, the bonds of any issue or series irrespective of the purpose for which the same are to be issued may be made to mature and become payable in approximately equal total annual installments of interest and principal, during the term of the bonds computed from the first year in which any part of the principal shall mature to the date of final maturity which annual installments may vary one from another in amounts not exceeding in any year more than 5 percent of the total principal amount of the bonds of such issue or of the series thereof then proposed to be issued.

CHAPTER 38

An act to amend Section 31468 of the Government Code, relating to the County Employees' Retirement Law.

[Approved by Governor April 13, 1967. Filed with Secretary of State April 13, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 31468 of the Government Code is amended to read:

31468. (a) "District" means a district, formed under the laws of the state, located wholly or partially within the county other than a school district.

(b) "District" also includes any institution operated by two or more counties, in one of which there has been adopted an ordinance placing this chapter in operation.

(c) "District" also includes any organization or association authorized by Chapter 26, Statutes of 1935, as amended by Chapter 30, Statutes of 1941, or by Section 50024 of this code, which organization or association is maintained and supported entirely from funds derived from counties, and the board of any retirement system is authorized to receive the officers and employees of such organization or association into the retirement system managed by the board.

(d) "District" also includes, but is not limited to, any sanitary district formed under Part 1 (commencing at Section 6400), Division 6 of the Health and Safety Code.

(e) "District" also includes any city, public authority, public agency, and any other political subdivision or public corporation formed or created under the Constitution or laws of this state and located or having jurisdiction wholly or partially within the county.

(f) "District" also includes any nonprofit corporation or association conducting an agricultural fair for the county pursuant to a contract between the corporation or association and the board of supervisors under the authority of Section 25905 of the Government Code.

CHAPTER 39

An act to amend Section 31595 of the Government Code, relating to the County Employees Retirement Law of 1937.

[Approved by Governor April 13, 1967. Filed with Secretary of State April 13, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 31595 of the Government Code is amended to read:

31595. All funds received by the county treasurer not required for current disbursements shall be invested only in:

(a) Securities which are legal for savings bank investments in the state or which have been certified as legal investments for savings banks pursuant to Division 10 of the Water Code, or any bonds which, pursuant to the statutes or laws providing for the issuance of such bonds are entitled to the same force or value or use as bonds issued by any municipality, or any bonds issued pursuant to those acts, statutes or laws of this state wherein such law specifically states by reference or otherwise that such bonds shall be legal investments for either savings banks, insurance companies, all trust funds, state school funds and any funds which may be invested in bonds of cities, counties, cities and counties, school districts, or municipalities in the state, or any bonds which have been investigated and approved by a commission or board now or hereafter authorized by law to conduct such investigation and give such approval and by authority of which said bonds are declared to be legal investments for insurers.

(b) Deposits at interest in any state or national bank in accordance with law authorizing and controlling the deposit of public funds in banks.

(c) Certificates and shares of a building and loan association or a federal savings and loan association if the certificates or shares are insured as defined in Title IV of the National Housing Act.

(d) Registered warrants of any political subdivision of this state.

(e) Real property or improvements constructed or to be constructed on real property when such real property or such improvements are acquired for sale or lease to a county of this state and subject to the limitations of this article.

(f) Deeds of trust and mortgages. Not to exceed 25 percent of all funds invested may be invested pursuant to this subdivision Such investment may be made by the retirement board with the approval of the board of supervisors of said county.

(g) Common and preferred stocks. Investments in common and preferred stocks may be made to the extent authorized in Section 13 of Article XII of the State Constitution.

CHAPTER 40

An act to add Sections 54929 and 54931.6 to the Government Code, relating to districts, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor April 13, 1967. Filed with Secretary of State April 13, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 54929 is added to the Government Code, to read:

54929. Notwithstanding any other provision of this article, any public utility district which was formed through a consolidation confirmed by the voters thereof at an election held after January 1, 1967, and prior to March 1, 1967, shall be deemed effective for assessment and taxation purposes in 1967 if its initial statement and map or plat are filed prior to April 1, 1967, rather than January 1, 1967, as required by Section 54902.

SEC. 2. Section 54931.6 is added to the Government Code, to read:

54931.6. Notwithstanding Sections 54902, 54903, and 54903.1 of this code, any annexation by a public utility district which became final on or before December 20, 1966, shall be effective for assessment or taxation purposes if the statement and maps or plat referred to in Section 54900 are filed with the assessor and the State Board of Equalization on or before January 5, 1967.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

This act will permit the annexation by a public utility district where the annexation occurred on or before December 20, 1966, and a public utility district formed through a consolidation at an election held after January 1, 1967 and prior to March 1, 1967, to be deemed effective for assessment and taxation purposes in 1967 if the districts file their documents on or before the prescribed dates In order to permit these districts to function this year and perform their necessary functions it is necessary that this act take effect at the earliest possible date.

CHAPTER 41

An act to amend Sections 2212 and 2213 of the Streets and Highways Code, relating to federal-aid secondary highways, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor April 13, 1967. Filed with Secretary of State April 13, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 2212 of the Streets and Highways Code is amended to read:

2212. Any savings or carryover of funds for projects not advertised pursuant to Section 2211 may be permitted in an amount not to exceed twenty-five percent (25%) of the apportionment to the county for such fiscal year. A county may by agreement with the department combine the apportionment for three years for a single project, provided that such agreement also contains such terms and conditions as are necessary to comply with all applicable federal laws and regulations.

SEC. 2. Section 2213 of the Streets and Highways Code is amended to read:

2213. By agreement with the department a county may transfer all or part of the funds apportioned to it, and in its discretion matching funds, to a federal-aid secondary road project:

(a) In an adjoining county where the highway connects points in the two counties.

(b) In another county under such terms and conditions as are agreed upon by the department and the counties involved, including provisions relating to the reciprocal advancement of funds between the counties involved.

(c) In a city in the same county.

(d) For use with respect to a state highway in the same county or other county in the same county group as specified in Section 187. Such an expenditure of federal funds or the money apportioned by the state to match the unexpended balance of the federal aid shall not be deemed an expenditure to meet the requirements of Sections 188.8 and 188.9.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The economic well-being of several counties is dependent upon the development of a major winter recreational area. Such development is dependent upon the prompt establishment of adequate highway access which would traverse several counties. In order that the counties involved may take advantage of the authority afforded by this act during the summer highway construction period, it is necessary that this act take effect immediately.

CHAPTER 42

An act to amend Sections 11041 and 14005 of the Government Code and Sections 143.1, 143.2, and 30057 of the Streets and Highways Code, relating to administration of the Department of Public Works.

[Approved by Governor April 17, 1967. Filed with Secretary of State April 17, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 11041 of the Government Code is amended to read:

11041. Sections 11042 and 11043 are not applicable to the Regents of the University of California, Legal Division of the Department of Public Works, Division of Labor Law Enforcement, Industrial Accident Commission, Public Utilities Commission, State Compensation Insurance Fund, Legislative Counsel Bureau, Inheritance Tax Department, Secretary of State, State Lands Commission, Alcoholic Beverage Control Appeals Board (except when the board affirms the decision of the Department of Alcoholic Beverage Control), and Department of Education, nor to any other state agency which by law enacted after Chapter 213, of the Statutes of 1933, is authorized to employ legal counsel.

SEC. 2. Section 14005 of the Government Code is amended to read:

14005. For the purpose of administration, the director shall organize the department with the approval of the Governor in the manner that he deems necessary properly to segregate and conduct the work of the department. The work of the department shall be divided into at least four divisions known as the Division of Highways, the Division of Aeronautics, the Legal Division, and the Division of Bay Toll Crossings.

SEC. 3. Section 143.1 of the Streets and Highways Code is amended to read:

143.1. The department shall make at least 30 days before each regular session of the Legislature a budget report to the Governor.

The commission shall prepare for inclusion, and the department shall include, in said report a statement of all estimated State Highway Fund revenues and revenues available from any other sources and estimated regular federal aid for the next succeeding fiscal year, together with a statement of proposed expenditures or obligations to be incurred during the next succeeding fiscal year for the construction, improvement, and maintenance of the various highways or portions thereof under the jurisdiction of the department under the following headings:

(a) Administration, including payments for services of the Legal Division.

(b) Maintenance.

(c) Major Construction and Improvement. Under this will be shown all proposed expenditures or obligations to be incurred in each county group for major construction and improvement, segregating the route of each highway to be constructed or improved, the county in which located, the number of miles involved, and a description of the type of work to be done.

(d) Minor Improvement and Betterment. This heading will show the total proposed expenditures and obligations to be incurred for each county group for minor improvement and betterment.

(e) Contingencies.

(f) Rights-of-Way. This will show the approximate amount of money needed for the purchase of rights-of-way in each county group.

(g) Other proposed expenditures, including preliminary engineering.

The said report as submitted by the department shall be included in the printed fiscal year budget submitted to the Legislature. It shall constitute as submitted the complete and detailed budget submitted to the Department of Finance pursuant to Section 13320 of the Government Code. Said budget shall be administered by the Department of Finance as the fiscal year budget of the Division of Highways under the provisions of this section and of Article 2 of Chapter 3 of Part 3 of Division 3 of Title 2 of the Government Code. In the case of any inconsistency, the provisions of this section shall control.

All changes or modifications in the budget shall be by vote of the commission, approved by the Director of Finance where required by this section.

Funds may be transferred from Item (e), Contingencies, to other items by vote of the commission, but no increase or decrease shall be otherwise made in any of Items (a) to (g), inclusive, of said budget without the approval of the Director of Finance. No project shown under Item (c) shall be eliminated and no new project shall be added to Item (c) of the budget without the approval of the Director of Finance. If it is necessary to eliminate or postpone any project shown under Item (c) to meet an emergency caused by floods, earthquake or other like cause or on account of decreased revenue or on account of increased costs on other work, the commission may eliminate or postpone such project upon the written approval of the Director of Finance.

In the event, during an annual period, the budgetary amount approved and allocated by the commission for any purpose exceeds the amount actually necessary therefor, with a resultant available surplus, such surplus may be allocated by the commis-

sion to any other purpose or supplemental project upon the written approval of the Director of Finance.

In administering said budget, the Director of Finance shall not limit expenditures or incurrence of obligations thereunder to quarterly, semiannual or other periods of the fiscal year and shall not require any greater detail than that specified in this section and in Section 143.2.

Contracts for any construction and improvement projects for which funds are available during any fiscal year may be awarded on and after the first day of January preceding the beginning of the fiscal year.

SEC. 4. Section 143.2 of the Streets and Highways Code is amended to read:

143.2. In each report required by Section 143.1, the commission shall prepare for inclusion, and the department shall also include, in such report a statement of actual State Highway Fund revenues and revenues available from any other source and estimated regular federal aid for highway purposes received during the current and next preceding fiscal years, together with a statement of all expenditures made and obligations incurred during the current and next preceding fiscal years for the construction, improvement, and maintenance of state highways or portions thereof under the jurisdiction of the department under the following headings and subheadings:

(a) Administration, including payments for services of the Legal Division.

(1) General or central office administration.

(2) District office administration.

(3) Departmental administration.

These subheadings will include administrative expenditures for bridges, testing, and the like.

(b) Maintenance, including: (1) all maintenance expenditures for each highway route; and (2) a breakdown of total maintenance expenditures by descriptive categories such as general maintenance, snow removal, bridge repairs, and other categories used by the department to describe a particular class of maintenance work.

(c) Major Construction and Improvement. Under this will be shown all expenditures and obligations incurred in each county group for major construction and improvement, segregating the major bridges, the route of each highway constructed or improved, the county in which located, the number of miles involved, and a description of the type of work done.

(d) Minor Improvement and Betterment. This heading will show the amount expended for minor improvement and betterment in each county group.

(e) Rights-of-Way. This will show the amount of money expended for the purchase of rights-of-way in each county group.

There shall also be included in such report a statement of the reasons for any differences between actual revenues re-

ceived and estimated revenues, as well as for any differences between actual expenditures and obligations incurred and those proposed to be made, in the two next preceding reports together with a statement of the reasons why any expenditures proposed to be made or obligations to be incurred in the two next preceding reports, and not made, have not been made or incurred.

In addition to making such report to the Governor, the department shall publish or cause to be published not less than 500 copies thereof for the use of the Legislature.

For the purposes of this section, the date of the award of a contract and of the commencement of a day labor project shall be deemed the time when the entire obligation thereunder is incurred.

SEC. 5. Section 30057 of the Streets and Highways Code is amended to read:

30057. The Attorney General shall be the legal counsel of the authority. Subject to the approval and under the supervision of the Attorney General, attorneys of the Legal Division of the Department of Public Works may likewise act as such counsel and as counsel for the department in matters arising under this chapter.

CHAPTER 43

An act to amend Section 401 of the Revenue and Taxation Code, relating to assessment ratios, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor April 17, 1967. Filed with Secretary of State April 17, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 401 of the Revenue and Taxation Code is amended to read:

401. Every assessor shall assess all property subject to general property taxation from the lien date for the 1967–68 fiscal year through the 1970–71 fiscal year at a publicly announced ratio of his own choosing which shall be between 20 percent and 25 percent of full cash value. Beginning with the lien date for the 1971–72 fiscal year, he shall assess all property subject to general property taxation at 25 percent of its full cash value.

The ratio which an assessor chooses for each fiscal year for the 1967–68 fiscal year through the 1970–71 fiscal year may be the same ratio as the ratio of assessed to full cash value employed by the county during the preceding fiscal year, as such ratio has been determined by the board, if such ratio is between 20 and 25 percent of full cash value, or the assessor may announce a ratio closer to 25 percent than the ratio employed by

the county during the preceding year. No assessor shall announce a ratio farther away from 25 percent of full cash value than the ratio employed by the county for the preceding fiscal year, as such ratio has been determined by the board.

SEC. 2. Any assessor who has announced a ratio not in conformity with the provisions of Section 401 of the Revenue and Taxation Code, as amended by this act, prior to the effective date of this act, shall announce a new ratio in conformity with the provisions of Section 401 of the Revenue and Taxation Code within five days after this act becomes effective.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Section 104 of Chapter 147 of the Statutes of the 1966 First Extraordinary Session of the Legislature declared that it was the intention of the Legislature in adopting the amendments to Section 401 of the Revenue and Taxation Code to require assessments at a uniform fraction of full cash value, as well as making other changes in the law relating to the assessment and equalization of property, to provide reforms in assessment practices with respect to locally assessable tangible property and to achieve equity in the assessment and equalization of such property. In the transition period from the assessment ratios now employed by the various counties to a uniform ratio of 25 percent of full cash value for the 1971–72 fiscal year, equity will not be promoted if assessors assess property at ratios farther away from the uniform ratio to be achieved. Therefore, in order to prevent confusion and hardship on taxpayers in the 1967–68 fiscal year, it is necessary that this act go into immediate effect.

CHAPTER 44

An act to repeal Section 19355 of the Revenue and Taxation Code, relating to tax proceeds.

[Approved by Governor April 17, 1967. Filed with Secretary of State April 17, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 19355 of the Revenue and Taxation Code is repealed.

CHAPTER 45

An act to amend Section 31870 of, and to add Sections 31870.1 and 31879.1 to, the Government Code, relating to the County Employees' Retirement Law of 1937.

[Approved by Governor April 17, 1967. Filed with Secretary of State April 17, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 31870 of the Government Code is amended to read:

31870. The board shall before April 1 of each year determine whether there has been an increase or decrease in the cost of living as provided in this section. Notwithstanding Section 31481 or any other provision of this chapter (commencing with Section 31450), every retirement allowance, optional death allowance, or annual death allowance payable to or on account of any member, of this system or a superseded system, who retires or dies or who has retired or died shall, as of July 1st of each year, be increased or decreased by a percentage of the total allowance then being received found by the board to approximate to the nearest one-half of 1 percent the percentage of annual increase or decrease in the cost of living as of January 1st of each year as shown by the then current Bureau of Labor Statistics Consumers Price Index for the area in which the county seat is situated, but such change shall not exceed 2 percent per year; however, the amount of any cost-of-living increase or decrease in any year which is not met by the maximum annual change of two (2) percent in allowances shall be accumulated to be met by increases or decreases in allowances in future years; except that no decrease shall reduce the allowance below the amount being received by the member or his beneficiary on the effective date of the allowance or the application of this article, whichever is later.

SEC. 2. Section 31870.1 is added to the Government Code, to read:

31870.1. The board shall before April 1 of each year determine whether there has been an increase or decrease in the cost of living as provided in this section. Notwithstanding Section 31481 or any other provision of this chapter (commencing with Section 31450), every retirement allowance, optional death allowance, or annual death allowance payable to or on account of any member, of this system or a superseded system, who retires or dies or who has retired or died shall, as of July 1st of each year, be increased or decreased by a percentage of the total allowance then being received found by the board to approximate to the nearest one-half of 1 percent, the percentage of annual increase or decrease in the cost of living as of January 1st of each year as shown by the then current Bureau of Labor Statistics Consumers Price Index for the area in which the county seat is situated, but such change

shall not exceed 3 percent per year; however, the amount of any cost of living increase or decrease in any year which is not met by the maximum annual change of three (3) percent in allowances shall be accumulated to be met by increases or decreases in allowances in future years; except that no decrease shall reduce the allowance below the amount being received by the member or his beneficiary on the effective date of the allowance or the application of this article, whichever is later.

SEC. 3. Section 31879.1 is added to the Government Code, to read:

31879.1. Any county may adopt or readopt this article alone from time to time, adopt Article 16.5 alone, or adopt this article and Article 16.5 at the same time or different times. If both articles are adopted, any accumulated increases in excess of three percent (3%) per year which are accumulated under this article shall be applicable to the computation of future allowance adjustments as provided in Article 16.5 and any allowance which is increased as provided in this article shall be subject to future increase or decrease as provided in Article 16.5.

CHAPTER 46

An act to amend Section 3800 of the Fish and Game Code, relating to nonprotected birds.

[Approved by Governor April 17, 1967. Filed with Secretary of State April 17, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 3800 of the Fish and Game Code is amended to read:

3800. Nonprotected birds are:

(a) English sparrows (Passer domesticus); crows (Corvus brachyrhynchos); American or black-billed magpies (Pica pica hudsonia); California or scrub jays (Aphelocoma californica); Steller's or crested jays (Cyanocitta stelleri); and starlings (Sturnus vulgaris).

(b) Yellow-billed magpies (Pica nuttalli).

The provisions of subdivision (b) of this section shall be applicable only in those districts or parts of districts within a county whose board of supervisors, by resolution, has declared that, based only upon crop damage, such provisions are desirable for the county and shall be in effect until the 61st day after adjournment of the 1969 Regular Session of the Legislature and thereafter shall have no force or effect.

CHAPTER 47

An act to amend Section 201 of the Elections Code, relating to encouragement of registration, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor April 17, 1967. Filed with Secretary of State April 17, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 201 of the Elections Code is amended to read:

201. It is the intent of the Legislature that the election board of each county, in connection with the registration of voters and in order to promote and encourage voter registrations, shall establish a sufficient number of registration places throughout the county, and outside the county courthouse, for the convenience of persons desiring to register, to the end that registration may be maintained at a high level.

It is also the intent of the Legislature that county clerks, in order to promote and encourage voter registrations, shall enlist the support and cooperation of interested citizens and organizations, and shall deputize as registrars qualified citizens in such a way as to cover most effectively every section of the county. The persons so deputized shall be permitted to register voters anywhere within the county, and the county clerk shall not deny deputy registrars the right to register voters anywhere in the county.

In furtherance of the purposes of this section, the governing board of any county, city, city and county, district, or other public agency, may authorize and assign any of its officers or employees to become deputy registrars of voters and to register qualified citizens on any premises and facilities owned or controlled by such public agencies during the regular working hours of such officers or employees; provided, that with the exception of firemen, any compensation to which said officer or employee may be entitled to in payment for the services of such officer or employee as a deputy registrar may be paid by the authority which appointed such officer or employee as a deputy registrar to the public agency which regularly employs such officer or employee.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The number of new voters registered has declined severely because of the fact that there is not an adequate number of registrars available and because employees of public agencies who would otherwise be willing to serve as deputy registrars are reluctant to do so because of the present law which pro-

vides that payment for such registration be made directly to the public agency.

In order to rectify this situation before pending elections are held and so guarantee that the greatest possible number of voters will be registered to vote in such elections, it is necessary that this act go into effect immediately.

CHAPTER 48

An act to add Section 66502.1 to, and amend Sections 66502, 66503, 66504, 66507, 66513, and 66515 of, the Government Code, relating to the Bay Area Transportation Study Commission.

[Approved by Governor April 18, 1967. Filed with Secretary of State April 18, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 66502 of the Government Code is amended to read:

66502. The Legislature declares that it is in the best interests of the people of the state, and particularly of the people of the San Francisco Bay area, that bay area transportation plans and projects of each federal, state and local public agency should be coordinated to the fullest extent possible; that information and data compiled by the study commission should be taken into consideration by such public agencies in the planning and execution of such transportation projects; and that all such public agencies should cooperate in carrying out these objectives by advising and consulting with the study commission from time to time in connection with such transportation plans and projects.

SEC. 2. Section 66502.1 is added to the Government Code, to read:

66502.1 In order to insure that all programs related to bay area transportation development are carried out in a coordinated manner, the commission may negotiate agreements with local bay area planning agencies establishing procedures for the joint review by the commission and such agencies of all applications for federal loans or grants to assist in the planning or construction of airports, highways, or other transportation facilities in the bay area which are required by federal law or regulations to be submitted to metropolitan or regional planning agencies for review. Such agreements shall provide for the comments and recommendations of the commission with respect to the project for which the application is being made.

SEC. 3. Section 66503 of the Government Code is amended to read:

66503. There is hereby created the Bay Area Transportation Study Commission, which shall consist of 39 members, as follows:

(a) Two members each from the City and County of San Francisco and the Counties of Alameda, Contra Costa, Solano, Napa, Sonoma, Marin, San Mateo, and Santa Clara. With respect to the members representing the City and County of San Francisco, one shall be appointed by the mayor and one shall be appointed by the board of supervisors. With respect to the members representing each of the other counties, the board of supervisors of the county shall appoint one of its members and the city selection committee of the county shall appoint one member from among the mayors and city councilmen of the cities in such county. The city selection committee shall consist of the mayor of each incorporated city within the county, or, if there is no mayor, by the chairman or president of the city council.

(b) The Administrator of Highway Transportation, the Planning Officer, and one representative each of the Bureau of Public Roads, the Housing and Home Financing Agency, the Bay Area Rapid Transit District, the Association of Bay Area Governments, the Alameda-Contra Costa Transit District, and the Golden Gate Bridge and Highway District.

(c) Seven at-large members appointed by the Governor, all of whom shall be residents of the bay area, and three of whom shall be representatives of bona fide labor organizations.

(d) Two Members of the Senate, appointed by the Senate Committee on Rules, and two Members of the Assembly appointed by the Speaker. The Members of the Legislature shall participate on the study commission to the extent that such participation is not incompatible with their positions as Members of the Legislature. The Members of the Legislature shall constitute a joint interim investigating committee on the subject of this title and as such shall have the powers and duties imposed upon such committees by the Joint Rules of the Senate and Assembly.

(e) The chairman of the citizens' advisory committee established under Section 66513.

(f) One member of the San Francisco Bay Conservation and Development Commission appointed by such commission.

SEC. 4 Section 66504 of the Government Code is amended to read:

66504. The members of the study commission, except the Members of the Legislature serving thereon, shall serve for four years or until the termination of the study commission, whichever is earlier. A vacancy in the membership of the study commission shall be filled by the appointing power of the particular member.

A member may designate one alternate for attendance at meetings or for voting. The name of the alternate shall be filed in writing with the commission.

SEC. 5. Section 66507 of the Government Code is amended to read:

66507. The study commission shall conduct, participate in, and cooperate with, such studies of interregional transportation facilities as airports, seaports, and railroads, as it finds advisable to discharge its duties as stated in Section 66501(f).

SEC. 6. Section 66513 of the Government Code is amended to read:

66513. Within a reasonable time, but not to exceed one year from the date of the first meeting of the study commission, the chairman of the study commission, in collaboration with and with the concurrence of the study commission, shall appoint a citizens' advisory committee to assist and advise the study commission in carrying out its functions. The advisory committee shall consist of not more than 50 members, who shall be appointed so as to include civic and governmental leaders and a broad representation of business and labor, and so as to assure adequate geographical representation throughout the San Francisco Bay area. The chairman of the study commission, in collaboration with and with the concurrence of the study commission, shall appoint the chairman of the citizens' advisory committee from among its membership. All meetings of the advisory committee shall be open and public, and all persons shall be permitted to attend any meetings of the committee. At least two members of the advisory committee shall be representatives of public agencies having jurisdiction over harbor or airport facilities, or both.

SEC. 7. Section 66515 of the Government Code is amended to read:

66515. The study commission shall submit a final report to the Governor and to the Legislature by the fifth (5th) legislative day of the 1969 Regular Session.

The existence of the study commission shall terminate on the 61st day after final adjournment of the 1969 Regular Session of the Legislature.

CHAPTER 49

An act making an appropriation to the Department of Veterans Affairs in augmentation of Item 295, Budget Act of 1966, to take effect immediately.

[Approved by Governor April 25, 1967. Filed with Secretary of State April 25, 1967.]

The people of the State of California do enact as follows:

SECTION 1. The sum of two hundred six thousand dollars ($206,000) is hereby appropriated to the Department of Veterans Affairs in augmentation of and upon the same terms

and conditions as the appropriation made by Item 295, Budget Act of 1966.

SEC. 2. This act makes an appropriation for the usual current expenses of the state within the meaning of Article IV of the Constitution and shall go into immediate effect.

CHAPTER 50

An act to amend Sections 8205 and 8207 of the Government Code, relating to notaries public.

[Approved by Governor April 25, 1967. Filed with Secretary of State April 25, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 8205 of the Government Code is amended to read:

8205. It is the duty of a notary public:

(a) When requested, to demand acceptance and payment of foreign and inland bills of exchange, or promissory notes, to protest them for nonacceptance and nonpayment, and to exercise such other powers and duties as by the law of nations and according to commercial usages, or by the laws of any other state, government, or country, may be performed by notaries.

(b) To take the acknowledgment or proof of powers of attorney, mortgages, deeds, grants, transfers, and other instruments of writing executed by any person, and to give a certificate of such proof or acknowledgment, endorsed on or attached to the instrument. Such certificate shall be signed by him in his own handwriting.

(c) To take depositions and affidavits, and administer oaths and affirmations, in all matters incident to the duties of the office, or to be used before any court, judge, officer, or board in this state. Any deposition, affidavit, oath or affirmation shall be signed by him in his own handwriting.

SEC. 2. Section 8207 of the Government Code is amended to read:

8207. A notary public shall provide and keep an official seal, which shall clearly show, when embossed, stamped, impressed or affixed to a document, the name of the notary and the State Seal, the words "Notary Public" and the name of the county in which he maintains his principal place of business. If he transfers his principal place of business to a different county than that shown on the seal, he shall have the seal altered to indicate such change. He shall authenticate with his official seal all official acts.

The seal of every notary public whose commission is issued on or after January 1, 1964, may be affixed by a seal press or stamp that will print or emboss a seal which legibly reproduces under photographic methods the Seal of the State of California

the name of the notary, the words "Notary Public" and the name of the county in which he maintains his principal place of business. The seal may be circular not over two inches in diameter, or may be a rectangular form of not more than an inch in width by two inches and one-half in length, with a serrated or milled edged border, and shall contain the information required by this section.

The seal of every notary public whose commission is issued on or after January 1, 1968, shall also clearly show, and legibly reproduce, the date his commission expires

---

CHAPTER 51

An act to amend Sections 28133, 28138 and 28142 of the Government Code, relating to salaries of county officers.

[Approved by Governor April 25, 1967. Filed with Secretary of State April 25, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 28133 of the Government Code is amended to read:

28133. In a county of the 33rd class the following shall receive as compensation for the services required of them by law or by virtue of their offices the following sums:

(a) The auditor, ten thousand two hundred dollars ($10,200) a year.

(b) The district attorney, sixteen thousand dollars ($16,000) a year. He shall devote his entire time during office hours to the duties of his office and shall not engage in private law practice during his term of office.

(c) Each supervisor, seven thousand, eight hundred dollars ($7,800) a year. He shall also receive ten cents ($0.10) a mile for travel related to the work of the board of supervisors. In addition to mileage each member of the board shall receive his other actual travel expenses incurred by him while traveling on the work of the board of supervisors.

(d) Grand jurors and trial jurors in the superior court shall receive three dollars ($3) for the first day's attendance, and six dollars ($6) thereafter, and twenty cents ($0.20) for each mile actually and necessarily traveled from their residences to the place of service, in going only, to be allowed but once during any one session of the court or grand jury. Jurors in justice courts and coroner's inquests shall receive two dollars ($2) for each day's attendance, and ten cents ($0.10) for each mile actually and necessarily traveled from their residences to the place of service, in going only. The fees of trial jurors in civil cases shall be paid by the litigants, as other costs are paid.

The compensation provided by this section shall be payable to incumbent officers.

SEC. 2. Section 28138 of the Government Code is amended to read:

28138. In a county of the 38th class the following shall receive as compensation for the services required of them by law or by virtue of their offices the following sums:

(a) The auditor, eleven thousand four hundred dollars ($11,400) a year.

(b) The district attorney, seven thousand two hundred dollars ($7.200) a year.

(c) Each supervisor, five thousand four hundred dollars ($5,400) a year and mileage at the rate of twenty cents ($0.20) a mile for the distance usually traveled in going from his home to the county seat and returning when attending meetings of the board of supervisors.

(d) Grand jurors and trial jurors in the superior court shall receive five dollars ($5) for each day's attendance in court, upon regularly called jury meetings, committee meetings, or when appointed by the foreman of a grand jury to make individual investigations, and twenty cents ($0.20) for each mile actually and necessarily traveled from their residences to the places of service, in going only. Trial jurors in the justice court shall receive five dollars ($5) for each day's attendance and twenty cents ($0.20) for each mile actually and necessarily traveled from their residences to the justice courts, in going only.

SEC. 3. Section 28142 of the Government Code is amended to read:

28142. In a county of the 42nd class the following shall receive as compensation for the services required of them by law or by virtue of their offices, the following sums:

(a) The auditor two thousand five hundred twenty dollars ($2,520) a year and in addition two hundred dollars ($200) annually for preparing the county budget when prepared by him. If the office of recorder is consolidated with that of auditor, the auditor as such shall receive no compensation.

(b) The district attorney, twelve thousand dollars ($12,000) a year and such fees as are paid to that officer.

(c) Each supervisor, four thousand two hundred dollars ($4,200) a year and eight cents ($0.08) a mile for mileage and expenses in traveling from his residence to the county seat, but only one mileage shall be allowed for any regular or special session of the board. Actual expense outside the county shall be allowed and paid.

(d) Grand jurors and trial jurors in the superior courts, three dollars and fifty cents ($3.50) for each day's attendance and seven cents ($0.07) for each mile necessarily traveled each way in attending court. In criminal cases the fees and mileage of the trial jurors in the superior court shall be paid

by the treasurer out of the general fund of the county upon warrants drawn by the auditor upon the written order of the judge of the court in which the jurors were in attendance, and the treasurer of the county shall pay the warrants. The fees of jurors in justice courts shall be two dollars and fifty cents ($2.50) for each day's attendance and mileage at the rate of seven cents ($0.07) a mile each way traveled in attending court.

CHAPTER 52

An act to amend Section 1624 of the Civil Code, relating to the statute of frauds.

[Approved by Governor April 25, 1967. Filed with Secretary of State April 25, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 1624 of the Civil Code is amended to read:

1624. The following contracts are invalid, unless the same, or some note or memorandum thereof, is in writing and subscribed by the party to be charged or by his agent:

1. An agreement that by its terms is not to be performed within a year from the making thereof;

2. A special promise to answer for the debt, default, or miscarriage of another, except in the cases provided for in Section 2794;

3. An agreement made upon consideration of marriage other than a mutual promise to marry;

4. An agreement for the leasing for a longer period than one year, or for the sale of real property, or of an interest therein; and such agreement, if made by an agent of the party sought to be charged, is invalid, unless the authority of the agent is in writing, subscribed by the party sought to be charged;

5. An agreement authorizing or employing an agent, broker, or any other person to purchase or sell real estate, or to lease real estate for a longer period than one year, or to procure, introduce, or find a purchaser or seller of real estate or a lessee or lessor of real estate where such lease is for a longer period than one year, for compensation or a commission;

6. An agreement which by its terms is not to be performed during the lifetime of the promisor, or an agreement to devise or bequeath any property, or to make any provision for any person by will;

7. An agreement by a purchaser of real property to pay an indebtedness secured by a mortgage or deed of trust upon the property purchased, unless assumption of said indebtedness by the purchaser is specifically provided for in the conveyance of such property.

CHAPTER 53

An act to amend Section 8211 of the Government Code, relating to notary public fees.

[Approved by Governor April 25, 1967. Filed with Secretary of State April 25, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 8211 of the Government Code is amended to read:

8211. The fees of a notary public are:

(a) For every protest for the nonpayment of a promissory note or for the nonpayment or nonacceptance of a bill of exchange, draft, or check, two dollars ($2).

(b) For serving every notice of nonpayment of a promissory note or of nonpayment or nonacceptance of a bill of exchange, order, draft, or check, one dollar ($1).

(c) For recording every protest, one dollar ($1).

(d) For copying an affidavit, or other paper for which provision is not made herein, ten cents ($0.10) for each folio.

(e) For all services rendered in connection with the taking of any deposition, the sum of five dollars ($5), and in addition thereto, the sum of one dollar ($1) for administering the oath to the witness and the sum of one dollar ($1) for the certificate to such deposition.

The fees herein provided for are exclusive of any fees for services rendered either by a notary public or another in connection with the reporting or transcription of depositions.

For his services transcribing a deposition the reporter shall receive from the party purchasing the original fifty-five cents ($0.55) per 100 words, and for each copy made at the same time ten cents ($0.10) per 100 words; from all other parties purchasing the same the reporter shall receive for each copy made at the same time as the original twenty cents ($0.20) per 100 words for the first copy, and ten cents ($0.10) per 100 words for additional copies.

(f) For taking an acknowledgment or proof of a deed, or other instrument, to include the seal and the writing of the certificate, for the first two signatures, one dollar ($1) each, and for each additional signature, fifty cents ($0.50).

(g) For administering an oath or affirmation, fifty cents ($0.50).

(h) For every certificate, to include writing the same, and the seal, one dollar ($1).

CHAPTER 54

An act to amend Section 23752 of the Education Code, relating to California State Colleges, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor April 25, 1967. Filed with Secretary of State April 25, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 23752 of the Education Code is amended to read:

23752. The Trustees of the California State Colleges are authorized to acquire, pursuant to the Property Acquisition Law (Part 11 (commencing with Section 15850), Division 3, Title 2, Government Code) or by lease or other means, real property and to construct, operate and maintain motor vehicle parking facilities thereon for state college officers, employees, students, or other persons. The trustees may prescribe the terms and conditions of such parking, and of parking on facilities existing on the effective date of this section, including the payment of parking fees in such amounts and under such circumstances as may be determined by the trustees. Varying rates of parking fees may be established for different localities or for different parking facilities. In determining rates of parking fees the trustees may consider the rates charged in the same locality by other public agencies and by private employers for employee parking, and the rates charged to students by other universities and colleges.

Except as otherwise provided in this section, revenues received by the trustees from any of the hereinabove motor vehicle parking facilities, as well as from all parking facilities existing on the effective date of this section, shall be transmitted to the State Treasurer and shall be deposited by that officer in the State Treasury to the credit of the State College Parking Revenue Fund, which fund is hereby created. The trustees may pledge all or any part of such revenues in connection with bonds or notes issued pursuant to the State College Revenue Bond Act of 1947 (Article 2 (commencing with Section 24501), Chapter 11, Division 18), in which case such revenues shall be deposited, transmitted and used in the manner provided by that act. All revenues received by the trustees from parking facilities, to the extent not pledged in connection with bonds or notes issued pursuant to the State College Revenue Bond Act of 1947, are hereby appropriated, without regard to fiscal years, to the trustees for the acquisition, construction, operation and maintenance of motor vehicle parking facilities on real property acquired hereunder or on real property otherwise under the jurisdiction of the trustees. Moneys in the State College Parking Revenue Fund may be invested by the State Treasurer, upon approval of the trustees, in those

eligible securities listed in Section 16430 of the Government Code. All interest or other earnings received pursuant to such investments shall be collected by the State Treasurer, and shall be deposited in the State Treasury to the credit of the State College Parking Revenue Fund.

The Legislature by this section does not intend to authorize the institution of a private parking program unrelated to state purposes in competition with private industry.

SEC. 2. This is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution, and shall go into immediate effect. The facts constituting such urgency are:

There is an urgent need to expand existing parking facilities at the several state college campuses, to enable more persons to take advantage of the educational opportunities offered at the several campuses.

The cost of this expansion of parking facilities is to be met by the users of the facilities, rather than from General Fund appropriations or from general obligation bond proceeds. At the present time the issuance and sale of revenue bonds for the establishment of new and additional parking facilities is being held in abeyance pending the enactment of this act which will serve to make such securities marketable. In order that the issuance and sale of the bonds may be effectuated as soon as possible, and to ensure that the acquisition and construction of the urgently needed facilities will be completed by the commencement of the 1967–1968 academic year, it is essential that this act take effect immediately.

CHAPTER 55

An act to amend Section 27361.6 of the Government Code, relating to recordation of documents.

[Approved by Governor April 25, 1967. Filed with Secretary of State April 25, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 27361.6 of the Government Code is amended to read:

27361.6. On all printed forms primarily intended to be used for recordation purposes there shall be a one-half-inch margin on the two vertical sides except in the space reserved for recording information. The top two and one-half ($2\frac{1}{2}$) inches of the first page shall be reserved for recording information. The left-hand three and one-half ($3\frac{1}{2}$) inches of such space is intended for use by the public to show the person requesting recordation and to whom the document should be

returned. All instruments, papers or notices presented for recordation should be on a quality of paper that will reproduce legibly by photographic or microphotographic processes. Any printed form accepted for recordation that does not comply with the foregoing shall not affect the notice otherwise imparted by recording.

CHAPTER 56

An act to amend Sections 27324 and 27325 of, and to add Sections 27280.5 and 27361.1 to, the Government Code, relating to indexing of recorded documents.

[Approved by Governor April 25, 1967. Filed with Secretary of State April 25, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 27280.5 is added to the Government Code, to read:

27280.5. The names of parties required to be indexed appearing in any instrument, paper, or notice presented for recordation shall be legibly signed, typed, or printed therein before acceptance by the county recorder. The names of all persons executing or witnessing a document shall be legibly signed or shall be typed or printed to the side of or below the signature. The absence or neglect to legibly sign, type, or print the names shall not affect the notice otherwise imparted by recording.

SEC. 2. Section 27324 of the Government Code is amended to read:

27324. Any instrument, paper, or notice presented for recordation or filing which contains thereon a title or an endorsement indicating the kind or kinds of document it is to be indexed as, when accepted for recordation or filing, shall be indexed by the recorder in every way indicated by the title or endorsement. The instrument, paper, or notice need not be indexed in any other index or manner than as indicated by the title or endorsement.

SEC. 3. Section 27325 of the Government Code is amended to read:

27325. If any instrument, paper, or notice is presented and accepted for recordation or filing without a title or an endorsement indicating the manner of indexing, it shall be indexed as the recorder determines.

SEC. 4. Section 27361.1 is added to the Government Code, to read:

27361.1. Whenever two or more instruments, papers, or notices are serially incorporated on one form or sheet, or are attached to one another, except as an exhibit marked as such, each instrument, paper, or notice shall be considered to be a separate instrument, paper, or notice for the purpose of computing the fee established by Section 27361 of this code.

CHAPTER 57

An act to amend Section 27364 of, and to repeal Section 27376 of, the Government Code, relating to recorders' fees.

[Approved by Governor April 25, 1967. Filed with Secretary of State April 25, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 27364 of the Government Code is amended to read:

27364. The fee for each certificate under seal is one dollar ($1).

SEC. 2. Section 27376 of the Government Code is repealed.

CHAPTER 58

An act to add Section 27207 to the Government Code, relating to destruction of records.

[Approved by Governor April 25, 1967. Filed with Secretary of State April 25, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 27207 is added to the Government Code, to read:

27207. At the request of the county recorder, the board of supervisors of any county may authorize the destruction of any or all of the filed papers or records books created under the Land Title Law (an initiative measure adopted by the electors November 3, 1914, and repealed effective May 1, 1955) after compliance with all the conditions in paragraphs (a), (b), (c), and (d) of Section 26205.5 of the Government Code.

CHAPTER 59

An act to amend Section 28524 of the Health and Safety Code, relating to the sanitation of vehicles.

[Approved by Governor April 25, 1967. Filed with Secretary of State April 25, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 28524 of the Health and Safety Code is amended to read:

28524. "Vehicle" means any vehicle upon which food or beverage is displayed, sold, or offered for sale at retail, or

given away to the public, but not including bakery delivery vehicles which are used exclusively to carry bakery products in sealed packages which are subject to the provisions of Section 28209.

CHAPTER 60

An act to add Article 6 (commencing with Section 22940) to Chapter 2 of Part 2 of Division 12 of the Elections Code, relating to municipal elections.

[Approved by Governor April 25, 1967. Filed with Secretary of State April 25, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Article 6 (commencing with Section 22940) is added to Chapter 2 of Part 2 of Division 12 of the Elections Code, to read:

Article 6. Recount of Votes

22940. At any time prior to the fourth day following the completion of the canvass, including that of the absent voter ballots, but not necessarily subsequent to the completion of such canvass, any candidate for a municipal office may file with the city clerk a declaration alleging that because of mistake, error or misconduct the votes in one or more precincts specified in the declaration were so incorrectly counted that the returns do not correctly show which candidate received the plurality of the votes cast for the office in the precinct. If any candidate files a declaration requesting a recount in less than the total number of precincts wherein votes were cast for the office, and the recount is begun, any other candidate for nomination or election to the same office may, at any time prior to the fourth day following the beginning of such recount, file with the city clerk a declaration alleging that because of possible mistake, error, or misconduct in precincts specified in the declaration, which may include any or all precincts specified by previous declarations, as well as any or all precincts not specified by previous declarations, the ballots were so incorrectly counted that the returns may not correctly show which candidate received the plurality of votes cast for the office in those precincts. A copy of the declaration may be personally served upon each other candidate for nomination for or election to the same office prior to the filing of the declaration and shall be so served before the recount provided for in this article is commenced. For the purpose of this section, "completion of the canvass" shall be presumed to be that time when, the governing body declares elected the persons having the highest number of votes given for each office pursuant to Section 22932.

22941. Except as to precincts specified in the declaration, the canvass shall be conducted in accordance with the other applicable provisions of this chapter. As to the canvass of the precincts so specified the governing body shall publicly recount the ballots of each precinct or cause such recount to be made by a special recounting board consisting of not less than four voters of the city appointed by the governing body. If a special recounting board is appointed, each member of that board shall receive for his services the same compensation per day as is paid in the city to members of precinct boards, other than inspectors, which shall be paid out of the city treasury. In case a special recounting board is appointed, the candidate filing the declaration shall, before the commencement of the recount and at the beginning of each day following during the period of the recount, deposit with the city clerk a sum equal to one day's compensation for the members of the special recounting board. In case a special recounting board is not appointed, the candidate shall, before the recount is commenced and at the beginning of each day following during the period of the recount, deposit such sums as the governing body requires to cover the expense of the recount, which sum shall not exceed the sum which would have been required to be deposited if a special recounting board had been appointed. In either case all money so deposited shall be returned to the depositor if upon the recount the candidate filing the declaration is found to have received the plurality of the votes cast for the office. If the candidate filing the declaration has not received the plurality of the votes cast, he shall be entitled to the return of any money deposited in excess of the cost of the recount. Money not required to be refunded shall be deposited in the city treasury.

Any special recounting board appointed pursuant to this section shall be under the supervision of the city clerk, and if the office of city clerk is the subject of the recount, then the recount shall be accomplished by the governing body itself or the governing body shall appoint a city officer, other than the city clerk, to supervise the special recounting board.

22942. The ballots shall be recounted as nearly as practicable in the manner prescribed for the counting of votes at precincts. The recount shall be continued daily, Sundays and holidays excepted, for not less than six hours each day until completed. Any candidate for the office involved shall be entitled to be present in person or by representative at all stages of the recount provided for in this article. If the recount requires such length of time that the canvass cannot be completed by the 30th day following the election, the time so prescribed shall be extended until after the recount is completed.

22943. In lieu of the returns of the precinct board, upon the completion of the recount showing that a different candidate was nominated or elected, there shall be entered the re-

sult of the recount in each precinct affected, which result shall, for all purposes thereafter, be the official returns of that precinct for the office involved in the recount to the same effect as if the result as shown by the recount had been shown in the returns of the precinct board. The results of any recount begun pursuant to a declaration filed as provided in Section 22940, which is not completed by counting the votes in each and every precinct specified in the declaration, shall be declared null and void.

22944. In the event the ballots were originally counted by vote tabulating devices, the recount provided for in this article may be conducted in the same manner as the original count by a special recounting board appointed by the governing body. Before the recount is commenced, the candidate shall deposit such sums as the governing body requires to cover the expense of the recount. The money so deposited shall be returned to the depositor if upon the recount the candidate filing the declaration is found to have received the plurality of the votes cast for the office. If the candidate filing the declaration has not received the plurality of the votes cast, he shall be entitled to the return of any money deposited in excess of the cost of the recount. Money not required to be refunded shall be deposited in the city treasury.

22945. Except as provided in this article all of the provisions of this chapter apply to the canvass of the votes for offices to which this article is applicable.

CHAPTER 61

An act to amend Section 1328 of the Penal Code, relating to service of subpoenas.

[Approved by Governor April 25, 1967. Filed with Secretary of State April 25, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 1328 of the Penal Code is amended to read:

1328. A subpoena may be served by any person, but a peace officer must serve in his county any subpoena delivered to him for service, either on the part of the people or of the defendant, and must, without delay, make a written return of the service, subscribed by him, stating the time and place of service. The service is made by showing the original to the witness personally, informing him of its contents, and delivering him a copy.

Whenever any peace officer designated in Section 817 of this code is required as a witness before any court or magistrate in

any action or proceeding in connection with a matter regarding an event or transaction which he has perceived or investigated in the course of his duties, a subpoena requiring his attendance may be served either by delivering a copy to such peace officer personally or by delivering two copies to his immediate superior or agent designated by his immediate superior to receive such service. If service is made upon the immediate superior or agent designated by the immediate superior, the immediate superior or such agent shall deliver a copy of the subpoena to the peace officer as soon as possible and in no event later than such time as will enable the peace officer to comply with the subpoena.

If the immediate superior or his designated agent upon whom service is attempted to be made knows he will be unable to deliver a copy of the subpoena to the peace officer within such time as will allow the peace officer to comply with the subpoena, such immediate superior or agent may refuse to accept service of process and is excused from any duty, liability, or penalty arising in connection with such service, upon notifying the server of such fact.

If a immediate superior or his agent is tendered service of a subpoena less than five working days prior to the date of hearing, and he is not reasonably certain he can complete the service, he may refuse acceptance.

If a immediate superior or agent upon whom service has been made, subsequently determines that he will be unable to deliver a copy of the subpoena to the peace officer within such time as will allow the peace officer to comply with the subpoena, the immediate superior or agent shall notify the server or his office or agent not less than 48 hours prior to the hearing date indicated on the subpoena, and is thereby excused from any duty, liability, or penalty arising because of his failure to deliver a copy of the subpoena to the peace officer. The server, so notified, is therewith responsible for preparing the written return of service and for notifying the originator of the subpoena if required.

CHAPTER 62

An act to amend Sections 5001, 5101, and 5102 of the Water Code, relating to filing notices and statements of extractions, diversions, and uses of water with the State Water Rights Board.

[Approved by Governor April 25, 1967. Filed with Secretary of State April 25, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 5001 of the Water Code is amended to read:

5001. Each person who, after 1955, extracts ground water in excess of 25 acre-feet in any year shall file with the board

on or before March 1st of the succeeding year a "Notice of Extraction and Diversion of Water" (hereinafter called "notice") in the form provided in Section 5002; provided, however, that no notice need be filed with respect to, and there shall not be required to be included in any such notice, (a) information concerning the extraction or diversion of water from a source from which less than 10 acre-feet has been taken during such year, (b) information concerning a taking or diversion of surface water for the purpose of generating electrical energy and other nonconsumptive uses, and for incidental uses in connection therewith, or (c) information concerning extractions or diversions of water which are included in annual reports filed with a court or the board by a watermaster appointed by a court or pursuant to statute to administer a final judgment determining rights to water, which reports identify the persons who have extracted or diverted water and give the general place of use and the quantity of water which has been extracted or diverted from each source.

SEC. 2. Section 5101 of the Water Code is amended to read:

5101. Each person who, after December 31, 1965, diverts water shall file with the board, prior to July 1 of the succeeding year, a statement of his diversion and use; provided, however, that no statement need be filed if the diversion is any of the following:

(a) From a spring which does not flow off the property on which it is located.

(b) Covered by an application, permit or license to appropriate water on file with the board.

(c) Included in a notice filed pursuant to Part 5 (commencing with Section 4999) of this division.

(d) Regulated by a watermaster appointed by the department.

(e) Reported by the department in its hydrologic data bulletins.

(f) Included in the consumptive use data for the delta lowlands published by the department in its hydrologic data bulletins.

(g) Included in annual reports filed with a court or the board by a watermaster appointed by a court or pursuant to statute to administer a final judgment determining rights to water, which reports identify the persons who have diverted water and give the general place of use and the quantity of water which has been diverted from each source.

SEC. 3. Section 5102 of the Water Code is amended to read:

5102. The statement may be filed either by the person who is diverting water or, on his behalf, by an agency which he designates and which maintains a record of the water diverted. A separate statement shall be filed for each point of diversion.

CHAPTER 63

An act to amend Section 11612 of the Business and Professions Code, relating to subdivision maps.

[Approved by Governor April 25, 1967. Filed with Secretary of State April 25, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 11612 of the Business and Professions Code is amended to read:

11612. In the event an agreement or contract is entered into, pursuant to subdivision (a) or (b) of Section 11611, for the improvement of the streets or easements, the governing body shall require that the agreement or contract shall be secured by a good and sufficient improvement security.

Any contract entered into pursuant to subdivision (b) of Section 11611 may provide that, upon the furnishing by the contractor of the labor and material and faithful performance bonds required by the particular special assessment act, the improvement security of the subdivider may be reduced by an amount corresponding to the amount of bonds so furnished by the contractor.

"Improvement security" as used in this section means one or more of the following: (1) a cash deposit or deposits made with the city or county, (2) a bond or bonds by one or more duly authorized corporate sureties or (3) an instrument or instruments of credit from one or more financial institutions subject to regulation by the state or federal government pledging that the funds necessary to meet the performance are on deposit and guaranteed for payment and agreeing that the funds designated by the instrument shall become trust funds for the purposes set forth in the instrument. Said improvement security shall be in the amounts and for the following purposes: (a) an amount determined by the governing body, not less than 50 percent nor more than 100 percent of the total estimated cost of the improvement, conditioned upon the faithful performance of the agreement or contract and (b) an additional amount determined by the governing body, not less than 50 percent nor more than 100 percent of the total estimated cost of the improvement, securing payment to the contractor, his subcontractors and to persons renting equipment or furnishing labor or materials to them for the improvement.

Improvement security may be released or reduced in whole or in part in the following manner:

(a) Improvement security given for faithful performance of the agreement or contract may be released upon final completion and acceptance of the work or the governing body may provide for the partial release of the improvement security upon the acceptance of the work as it progresses under rules established by the governing body.

(b) Improvement security securing the payment to the contractor, his subcontractors and to persons renting equipment or furnishing labor or materials may six months after the completion and acceptance of the work be reduced to an amount not less than the total of all claims on which an action has been filed and notice thereof given in writing to the governing body, and if there are no actions filed, the improvement security may be released in full.

The governing body may authorize the county surveyor or city engineer, or other public official or employee to authorize release or reduction of the improvement security under the above set forth conditions and in accordance with such rules as it may prescribe.

CHAPTER 64

An act to amend Section 722 of the Code of Civil Procedure, relating to filing fees.

[Approved by Governor April 25, 1967. Filed with Secretary of State April 25, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 722 of the Code of Civil Procedure is amended to read:

722. When any judgment debtor, or any person or corporation or officer or member of such corporation, does not reside or have a place of business in the county where the judgment roll is filed, or where the judgment is entered in the docket in the justice court, an order authorized to be made under any of the provisions of this chapter may be made by any judge of a court of similar jurisdiction of the county where such judgment debtor or other person resides or has a place of business, or if there be no court of similar jurisdiction in such county, by a court of higher jurisdiction therein, upon filing with the clerk or judge of said court an abstract of the judgment, in the form prescribed by Section 674 of this code and upon presenting to the judge of such court an affidavit showing the existence of the facts required to be shown herein. At the time of filing such abstract, there shall be paid to such clerk or judge, as and for a filing fee, the sum of four dollars ($4) when filed in a justice court; the sum of six dollars ($6) when filed in a superior or municipal court.

CHAPTER 65

An act to amend Section 545.1 of the Code of Civil Procedure, relating to writs of attachment.

[Approved by Governor April 25, 1967. Filed with Secretary of State April 25, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 545.1 of the Code of Civil Procedure is amended to read:

545.1. No person shall be required, pursuant to Section 545 of this code, to attend before a judge or referee outside of the county in which he resides or in which he has a place of business, unless the distance to the place of trial is less than 150 miles from his place of residence or place of business.

CHAPTER 66

An act to add Section 54924.5 to the Government Code, relating to detachment of territory from a fire protection district on its annexation to a city, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor April 25, 1967. Filed with Secretary of State April 25, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 54924.5 is added to the Government Code, to read:

54924.5. Notwithstanding any other provision of this chapter, any change in the boundaries of a fire protection district formed or operating under Part 2.7 (commencing with Section 13801) of Division 12 of the Health and Safety Code as the result of the detachment of territory of the district by action taken on March 7, 1967, pursuant to the District Reorganization Act of 1965, shall be effective for assessment and taxation purposes if the statement and map or plat required by Section 54900 is filed by the district with the assessor and the State Board of Equalization on or before March 10, 1967.

The district from which the territory has been detached shall have no power to furnish fire protection services to such territory on or after July 1, 1967, and no taxes shall be levied by or on behalf of the district on any property in such territory in order to furnish fire protection services to such territory on or after July 1, 1967.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and

shall go into immediate effect. The facts constituting such necessity are:

Unless this act takes effect immediately, territory otherwise validly detached from a fire protection district and annexed to a city will be required to pay taxes to the district and to the city although all fire protection functions in the territory will be performed by the city.

CHAPTER 67

An act to add Section 22904 to the Elections Code, relating to municipal elections.

[Approved by Governor April 25, 1967. Filed with Secretary of State April 25, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 22904 is added to the Elections Code, to read:

22904. A majority of the members of any precinct board shall be present at the polling place at all times while the polling place is open.

CHAPTER 68

An act to maintain the Business and Professions Code by amending Sections 6348.3, 20711, and 20782, and repealing Section 11525.1 as added by Chapter 1180 of the Statutes of 1965, relating to business and professions.

[Approved by Governor April 25, 1967. Filed with Secretary of State April 25, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 6348.3 of the Business and Professions Code is amended to read:

6348.3. A library building erected to house the law library may include not more than four courtrooms with offices in connection therewith, offices for use of a county bar association, and an office for a notary public and public stenographer, which courtrooms and offices the board of law library trustees may lease, the income to be deposited in the law library fund.

SEC. 2. Section 11525.1 of the Business and Professions Code, as added by Chapter 1180 of the Statutes of 1965, is repealed.

SEC. 3. Section 20711 of the Business and Professions Code is amended to read:

20711. The department may adopt, amend, and repeal such rules and regulations as may be necessary to enable it to carry into effect the provisions of this chapter. The rules and regula-

tions shall be adopted, amended, and repealed in accordance with Chapter 4 (commencing with Section 11370) of Part 1 of Division 3 of Title 2 of the Government Code.

SEC. 4. Section 20782 of the Business and Professions Code is amended to read:

20782. It is unlawful for any person to sell, offer for sale, or cause or permit to be sold or offered for sale, or deliver or offer for delivery, any petroleum product as a fuel for internal combustion engines at any place where petroleum products are kept or stored for sale, which does not conform to the requirements of this article, unless and until there shall be firmly attached to or painted upon each container, receptacle, pump, and inlet end of the fill-pipe of each underground storage tank, from which or into which such petroleum product is drawn or poured for sale or delivery, a sign or label, plainly visible, comprising the brand, trademark or trade name of such fuel, or the words "no brand," which words shall be in letters of gothic type with a stroke of not less than one-eighth inch in width and not less than one inch in height, and also the words "not gasoline" in red letters of gothic type with a stroke of not less than one-half inch in width and not less than three inches in height, on a white background and not less than twice the size of any other letters or words appearing on or near the label or sign.

The provisions of this article, as to the words "not gasoline," shall not apply to signs or labels used in connection with the sale or delivery of distillate, kerosene, jet or turbine fuel, diesel fuel, liquefied petroleum gas, or motor fuel comprised of a mixture of gasoline and lubricating oil properly labeled in accordance with the provisions of Article 6 of this chapter.

CHAPTER 69

An act to maintain the Revenue and Taxation Code by repealing Sections 7313 and 7314 thereof, as enacted by Chapter 2028 of the Statutes of 1965, relating to state taxation.

[Approved by Governor April 25, 1967. Filed with Secretary of State April 25, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 7313 of the Revenue and Taxation Code, as enacted by Chapter 2028 of the Statutes of 1965, is repealed. The repeal made by this section shall not affect the existence or validity of Section 7313 of the Revenue and Taxation Code, as added by Chapter 2029 of the Statutes of 1965.

SEC. 2. Section 7314 of the Revenue and Taxation Code, as enacted by Chapter 2028 of the Statutes of 1965, is repealed. The repeal made by this section shall not affect the existence or validity of Section 7314 of the Revenue and Taxation Code, as added by Chapter 2029 of the Statutes of 1965.

CHAPTER 70

An act to maintain the Water Code by amending Section 13005, and by repealing Article 5 (commencing with Section 12925) of Chapter 7.5, Part 6, Division 6, and Section 13026, relating to water.

[Approved by Governor April 25, 1967. Filed with Secretary of State April 25, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 13005 of the Water Code is amended to read:

13005. "State board" means the State Water Quality Control Board.

"Regional board" means any regional water quality control board created pursuant to this division.

"Person" as used in this division also includes any city, county, district, the state or any department or agency thereof.

"Sewage" means any and all waste substance, liquid or solid, associated with human habitation, or which contains or may be contaminated with human or animal excreta or excrement, offal, or any feculent matter.

"Industrial waste" means any and all liquid or solid waste substance, not sewage, from any producing, manufacturing or processing operation of whatever nature.

"Waters of the state" means any waters, surface or underground, including saline waters, within the boundaries of the state as defined and described in Section 1 of Article XXI of the Constitution and as given greater precision in Sections 170, 171, and 172 of the Government Code.

"Contamination" means an impairment of the quality of the waters of the state by sewage or industrial waste to a degree which creates an actual hazard to the public health through poisoning or through the spread of disease. "Contamination" shall include any equivalent effect resulting from the disposal of sewage or industrial waste, whether or not waters of the state are affected.

"Pollution" means an impairment of the quality of the waters of the state by sewage or industrial waste to a degree which does not create an actual hazard to the public health but which does adversely and unreasonably affect such waters for domestic, industrial, agricultural, navigational, recreational or other beneficial use, or which does adversely and unreasonably affect the ocean waters and bays of the state devoted to public recreation.

"Nuisance" means damage to any community by odors or unsightliness resulting from unreasonable practices in the disposal of sewage or industrial wastes.

"District attorney," as used in this division, means "county counsel" with respect to any county having such an officer and "city attorney" with respect to any city and county having

such an officer as to all matters except the prosecution of crimes.

"Water quality control" means the control of any factor which adversely and unreasonably impairs the quality of the waters of the state for beneficial use.

"Water quality control policy" means water quality objectives for affected waters of the state where water quality control measures are necessary or may be needed in the future to assure suitable water quality for beneficial use.

SEC. 2. Article 5 (commencing with Section 12925), Chapter 7.5, Part 6, Division 6, of the Water Code is repealed.

SEC. 3. Section 13026 of the Water Code is repealed.

CHAPTER 71

An act to amend Section 6503.6 of the Welfare and Institutions Code, relating to state property.

[Approved by Governor April 26, 1967. Filed with Secretary of State April 27, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 6503.6 of the Welfare and Institutions Code is amended to read:

6503.6. The Director of General Services, with the consent of the Department of Mental Hygiene, may sell the water treatment plant at the DeWitt State Hospital to the Nevada Irrigation District or the County of Placer under such terms, conditions, and restrictions as he deems to be for the best interests of the state. No such sale shall be made unless the district or county agrees to provide a sufficient amount of satisfactorily treated water to the hospital for its needs, at a cost no greater than that incurred by the hospital for water at the time of the sale.

CHAPTER 72

An act to amend Section 657 of, and to add Section 662.5 to, the Code of Civil Procedure, relating to new trials.

[Approved by Governor April 26, 1967. Filed with Secretary of State April 27, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 657 of the Code of Civil Procedure is amended to read:

657. The verdict may be vacated and any other decision may be modified or vacated, in whole or in part, and a new or further trial granted on all or part of the issues, on the

application of the party aggrieved, for any of the following causes, materially affecting the substantial rights of such party:

1. Irregularity in the proceedings of the court, jury or adverse party, or any order of the court or abuse of discretion by which either party was prevented from having a fair trial.

2. Misconduct of the jury; and whenever any one or more of the jurors have been induced to assent to any general or special verdict, or to a finding on any question submitted to them by the court, by a resort to the determination of chance, such misconduct may be proved by the affidavit of any one of the jurors.

3. Accident or surprise, which ordinary prudence could not have guarded against.

4. Newly discovered evidence, material for the party making the application, which he could not, with reasonable diligence, have discovered and produced at the trial.

5. Excessive or inadequate damages.

6. Insufficiency of the evidence to justify the verdict or other decision, or the verdict or other decision is against law.

7. Error in law, occurring at the trial and excepted to by the party making the application.

When a new trial is granted, on all or part of the issues, the court shall specify the ground or grounds upon which it is granted and the court's reason or reasons for granting the new trial upon each ground stated.

A new trial shall not be granted upon the ground of insufficiency of the evidence to justify the verdict or other decision, nor upon the ground of excessive or inadequate damages, unless after weighing the evidence the court is convinced from the entire record, including reasonable inferences therefrom, that the court or jury clearly should have reached a different verdict or decision.

The order passing upon and determining the motion must be made and entered as provided in Section 660 and if the motion is granted must state the ground or grounds relied upon by the court, and may contain the specification of reasons. If an order granting such motion does not contain such specification of reasons, the court must, within 10 days after filing such order, prepare, sign and file such specification of reasons in writing with the clerk. The court shall not direct the attorney for a party to prepare either or both said order and said specification of reasons.

On appeal from an order granting a new trial the order shall be affirmed if it should have been granted upon any ground stated in the motion, whether or not specified in the order or specification of reasons, except that (a) the order shall not be affirmed upon the ground of the insufficiency of the evidence to justify the verdict or other decision, or upon the ground of excessive or inadequate damages, unless such ground is stated in the order granting the motion and (b) on appeal

from an order granting a new trial upon the ground of the insufficiency of the evidence to justify the verdict or other decision, or upon the ground of excessive or inadequate damages, it shall be conclusively presumed that said order as to such ground was made only for the reasons specified in said order or said specification of reasons, and such order shall be reversed as to such ground only if there is no substantial basis in the record for any of such reasons.

SEC. 2. Section 662.5 is added to the Code of Civil Procedure, to read:

662.5. (a) In any civil action where the verdict of the jury on the issue of damages is supported by substantial evidence but an order granting a new trial limited to the issue of damages would nevertheless be proper, the trial court may grant a motion for a new trial on the ground of inadequate damages and make its order subject to the condition that the motion for a new trial is denied if the party against whom the verdict has been rendered consents to an addition of so much thereto as the court in its discretion determines and specifies in its order.

(b) Nothing in this section precludes a court from making an order of the kind described in subdivision (a) in any other case where such an order is constitutionally permissible.

(c) Nothing in this section affects the authority of the court to grant a motion for a new trial on the ground of excessive damages and to make its order granting a new trial subject to the condition that the motion for a new trial on that ground is denied if the party recovering the damages consents to a reduction of so much therefrom as the court in its discretion determines and specifies in its order.

CHAPTER 73

An act to amend Section 25502.5 of the Government Code, relating to purchasing agents.

[Approved by Governor April 26, 1967. Filed with Secretary of State April 27, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 25502.5 of the Government Code is amended to read:

25502.5. In counties having a population of 900,000 or more the board of supervisors may direct by ordinance the purchasing agent to engage independent contractors to perform sundry services for the county and the officers thereof, with or without the furnishing of material, where the estimated aggregate cost does not exceed ten thousand dollars ($10,000), and upon such direction the purchasing agent shall so engage independent contractors.

The board of supervisors may establish rules and regulations to effectuate the purposes of this section.

CHAPTER 74

An act to amend Sections 450, 451, 452, and 453 of the Water Code, relating to preliminary information received by the Governor from federal agencies on proposed flood control and reclamation projects.

[Approved by Governor April 26, 1967. Filed with Secretary of State April 27, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 450 of the Water Code is amended to read:

450. The Governor, or such state official or agency as he may designate, shall receive both the preliminary documents developed by, or the formal reports of, the Chief of Engineers, Department of the Army, and the Secretary of the Interior provided for in the Flood Control Act of 1944 (58 Stat. 887, 33 U.S.C. 701-1) with respect to proposed flood control or reclamation projects, or both.

SEC. 2. Section 451 of the Water Code is amended to read:

451. Within 10 days after the receipt of any such preliminary document or formal report, the Governor or his designee shall transmit copies thereof to both houses of the Legislature, if the Legislature is then in session. If not, the Governor or his designee shall transmit copies thereof to the Rules Committees of the Assembly and the Senate of the Legislature, which committees shall immediately assign them to appropriate interim committees for study.

SEC. 3. Section 452 of the Water Code is amended to read:

452. Any legislative committee to which such a preliminary document or formal report has been assigned may submit written comments thereon to the Governor or his designee.

SEC. 4. Section 453 of the Water Code is amended to read:

453. The Governor or his designee shall transmit, within the time period specified in the applicable federal law, to the appropriate federal agency, together with his comments and the comments of any state department or commission as to any such preliminary document or formal report, the written comments, if any, as to such preliminary document or formal report submitted to him by either house of the Legislature, or by both houses, or by any committee of the Legislature.

CHAPTER 75

An act to amend Section 24105 and to repeal Section 26700 of the Government Code, relating to county sheriffs.

[Approved by Governor April 26, 1967. Filed with Secretary of State April 27, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 24105 of the Government Code is amended to read:

24105. If the office of any of the county officers enumerated in Section 24000 of this code is vacant the duties of such office may be temporarily discharged by a chief deputy, assistant or deputy of such officer, as the case may be, next in authority to such county officer in office at the time the vacancy occurs, with like authority and subject to the same obligations and penalties as such county officer, until the vacancy in the office is filled in the manner provided by law; provided that if the vacancy occurs in the office of sheriff, the duties of such office shall be discharged by the assistant sheriff, or if that position is vacant, by the undersheriff, or if that position is also vacant, by the chief deputy next in line of authority.

SEC. 2. Section 26700 of the Government Code is repealed.

CHAPTER 76

An act to amend Section 1356 of the Financial Code, relating to investments of savings banks.

[Approved by Governor May 2, 1967. Filed with Secretary of State May 2, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 1356 of the Financial Code is amended to read:

1356. In the bonds of any other political subdivision, public corporation, or district of the State of California (herein referred to generally as public corporations) having the power, without limit as to rate or amount, to levy taxes to pay the principal and interest of such bonds upon all property within its boundaries subject to taxation by such public corporation, provided:

(a) An amount exceeding 25 percent of the paid-up capital and surplus of the savings bank or exceeding 2 percent of the bank's savings deposits, whichever is greater, may not be invested in the bonds of any one such public corporation or special district;

(b) The net direct debt of such public corporation together with its net overlapping debt does not exceed 25 percent of

the assessed valuation of the taxable property within its boundaries according to the last official equalized county assessment roll.

CHAPTER 77

An act to amend Sections 4991 and 4992 of the Revenue and Taxation Code, relating to erroneous sale or deed to the state.

[Approved by Governor May 2, 1967. Filed with Secretary of State May 2, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 4991 of the Revenue and Taxation Code is amended to read:

4991. If the tax collector erroneously sells or deeds to the state property for the taxes which were a lien on the property for any year and the taxes for that year have been paid or were not legally a lien on the property, the auditor and the tax collector shall certify the facts to the board of supervisors. The board of supervisors shall then make an order canceling the erroneous certificate of sale or deed, and

(a) Record a certified copy of the order, and

(b) File a copy of the order with the auditor who shall enter the fact and date of the cancellation on the delinquent roll, the abstract, or the electronic data processing records.

SEC. 2. Section 4992 of the Revenue and Taxation Code is amended to read:

4992. When an assessment or taxes are legally canceled, if the property has been sold or deeded for the taxes, the board of supervisors shall make an order canceling the certificate of sale or the deed, and

(a) Record a certified copy of the order, and

(b) File a copy of the order with the auditor who shall enter the fact and date of the cancellation on the delinquent roll, the abstract, or the electronic data processing records.

CHAPTER 78

An act to amend Sections 21655, 22356, 22407, 24600, 24602, 24609, and 31614 of, to add Section 22406 to, and to repeal Sections 22406, 22408, 22412, and 22414 of, the Vehicle Code, relating to motor vehicle operation.

[Approved by Governor May 2, 1967. Filed with Secretary of State May 2, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 21655 of the Vehicle Code is amended to read:

21655. (a) Whenever the State Department of Public Works or local authorities with respect to highways under their respective jurisdictions determines upon the basis of an engineering and traffic investigation that the designation of a specific lane or lanes for the travel of vehicles required to travel at reduced speeds would facilitate the safe and orderly movement of traffic, the department or local authority may designate specific lane or lanes for the travel of vehicles which are subject to the provisions of Section 22406 and shall erect signs at reasonable intervals giving notice thereof.

(b) Any vehicle subject to the provisions of Section 22406 shall be driven in the lane or lanes designated pursuant to subdivision (a) whenever signs have been erected giving notice of such designation. When specific lane or lanes have not been so designated, any such vehicle shall be driven in the right-hand lane for traffic or as close as practicable to the right edge or curb. When overtaking and passing another vehicle proceeding in the same direction, such drivers shall use either the designated lane, the lane to the immediate left of the right-hand lane, or the right-hand lane for traffic as permitted under the provisions of this code.

This subdivision shall not apply to a driver who is preparing for a left- or right-hand turn or who is in the process of entering a highway.

SEC. 2. Section 22356 of the Vehicle Code is amended to read:

22356. Whenever the Department of Public Works, after consultation with the Department of the California Highway Patrol, determines upon the basis of an engineering and traffic survey that a speed greater than 65 miles per hour would facilitate the orderly movement of vehicular traffic and would be reasonable and safe upon any state highway or portion thereof which is a freeway with full control of access and without crossings at grade otherwise subject to a maximum speed limit of 65 miles per hour, the Administrator of Highway Transportation may declare a higher maximum speed of 70 miles per hour, and shall cause appropriate signs to be erected giving notice thereof.

No person shall drive a vehicle upon such highway at a speed greater than 70 miles per hour.

SEC. 3. Section 22406 of the Vehicle Code is repealed.

SEC 4. Section 22406 is added to the Vehicle Code, to read:

22406. No person shall drive any of the following vehicles on a highway at a speed in excess of 55 miles per hour:

(a) A motortruck or truck tractor having three or more axles or any motortruck or truck tractor drawing any other vehicle.

(b) A passenger vehicle or bus drawing any other vehicle.

(c) A schoolbus transporting any school pupil.

(d) A farm labor bus or farm labor truck when transporting passengers.

(e) A vehicle transporting explosives.

SEC. 5. Section 22407 of the Vehicle Code is amended to read:

22407. Whenever the Department of Public Works or local authority determines upon the basis of engineering studies and a traffic survey that the speed of 55 miles per hour is more than is reasonable or safe for vehicles mentioned in subdivision (a) of Section 22406 in descending a grade upon any portion of a highway, the department or local authority, with respect to highways under their respective jurisdiction, may determine and declare a speed limit of 50, 45, 40, 35, 30, 25 or 20 miles per hour, whichever is found most appropriate to facilitate the orderly movement of traffic and is reasonable and safe, which declared speed limit shall be effective for such vehicles when appropriate signs giving notice thereof are erected upon the highway.

SEC. 6. Section 22408 of the Vehicle Code is repealed.

SEC. 7. Section 22412 of the Vehicle Code is repealed.

SEC. 8. Section 22414 of the Vehicle Code is repealed.

SEC. 9. Section 24600 of the Vehicle Code is amended to read:

24600. Every motor vehicle and every vehicle which is being drawn at the end of a train of vehicles during darkness shall be equipped with one or more lighted taillamps exhibiting red light plainly visible from a distance of 500 feet to the rear except that a vehicle or the vehicle at the end of a train of vehicles which is subject to subdivision (a) of Section 22406 and every new vehicle other than a motorcycle first registered after January 1, 1958, shall be equipped with not less than two such lighted taillamps which shall be mounted at the left and right side respectively on the rear of the vehicle. Whenever any vehicle is equipped with two taillamps, as required or permitted by this section, both of such lamps shall be lighted during darkness, except that such lamps may flash as a part of a turn signal lamp.

SEC. 10. Section 24602 of the Vehicle Code is amended to read:

24602. Every red taillamp upon a vehicle or the vehicle at the end of a train of vehicles which is subject to subdivision (a) of Section 22406 shall be equipped with red lenses not less than $2\frac{7}{8}$ inches in diameter or $6\frac{1}{2}$ square inches in area.

The voltage at any tail, stop, license plate or clearance lamp socket of the vehicle or train of vehicles shall not be less than 85 percent of the design voltage of the bulb. Voltage tests shall be conducted with the engine operating.

SEC. 11. Section 24609 of the Vehicle Code is amended to read:

24609. (a) A vehicle or the vehicle at the end of a train of vehicles which is subject to subdivision (a) of Section 22406 shall be equipped with at least two red reflectors not less than $2\frac{3}{4}$ inches in effective diameter or 6 square inches in effective area mounted on the left and right side respectively on the

rear of the vehicle at a height not to exceed 60 inches nor less than 24 inches above the ground and so designed and maintained as to be visible at night from all distances within 500 feet from the vehicle or train of vehicles when directly in front of a motor vehicle displaying lawful lighted headlamps, not depressed.

(b) A motortruck weighing unladen more than 5,000 pounds and every trailer coach shall be equipped with at least two reflectors as provided in this section.

(c) The engineering requirements for reflectors under this section shall be governed by specifications to be determined and publicized by the department.

SEC. 12. Section 31614 of the Vehicle Code is amended to read:

31614. The following provisions shall apply to any vehicle transporting explosives subject to this division:

(a) When transporting explosives through or into a city or any other congested area for which a route has not been designated by the State Fire Marshal, drivers shall follow such routes as may be prescribed or established by local authorities.

(b) Where routes are not prescribed by local authority, every driver of a vehicle transporting explosives shall avoid, so far as practicable, and, where feasible, by prearrangement of routes, driving into or through congested thoroughfares, places where crowds are assembled, streetcar tracks, tunnels, viaducts, and dangerous crossings.

(c) No driver or other person in charge of any vehicle on any public or private property shall permit any explosive to be loaded into, or on, or to be unloaded from any motor vehicle with the engine running, and, whenever any loading operation is in progress, the parking brake on the motor vehicle shall be securely set and all reasonable precautions taken to prevent movement of the motor vehicle during loading or unloading.

(d) No driver or other person in charge of such vehicle shall operate or permit the operation of any vehicle transporting explosives unless the explosives are contained entirely within the body of the vehicle and if the vehicle has a tailboard or tailgate it shall be closed and secured in place during transportation.

(e) No driver or other person in charge of such vehicle shall operate or permit the operation of any vehicle transporting explosives unless the vehicle has a closed body or the body thereof is covered with a flame retardant tarpaulin and in either event the driver shall exercise care to protect the load from moisture and sparks.

(f) No person shall operate any vehicle transporting explosives past any fire of any kind burning on or near the highway until the driver ascertains that such passing can be made with safety.

(g) No motor vehicle transporting explosives shall be left unattended upon any street or highway except in extreme emergency. The vehicle shall be deemed attended whenever a driver or person in charge thereof is in or upon the vehicle or is in a position to observe the vehicle at all times. The driver or person in charge of a vehicle transporting explosives may, however, leave the vehicle unattended at any place designated as a safe parking place on the list of safe stopping places prepared by the State Fire Marshal unless conditions exist, which are known to the driver, which make it unreasonable to do so.

(h) No driver or other person shall smoke or light any match or otherwise have or produce any fire or flame while in, upon, or near any vehicle transporting explosives.

CHAPTER 79

An act to amend Sections 8764.5, 11579, and 11580 of the Business and Professions Code; to amend Section 1244 of the Civil Code; to repeal Sections 27331, 27332, and 27382 of, and to amend Section 27330 of, the Government Code; to amend Sections 128, 3117, and 3121 of the Streets and Highways Code; and to repeal Sections 26229 and 26230 of, to amend Section 26132 of, and to add Section 26229 to, the Water Code, relating to recording and filing of documents.

SEC. 3. Section 11580 of the Business and Professions Code is amended to read:

11580. After affixing his certificate as required in subdivision (d) of Section 11576 the county surveyor or city engineer shall present the map to the county recorder for filing.

When any parcel map is presented to the county recorder and is accepted by him he shall so certify on the face thereof and shall fasten the same securely in a book of parcel maps which he shall keep in his office. The recorder may not have more than 10 days to examine the parcel map before accepting or refusing it for filing. The charge for filing and for indexing by the recorder shall be the same as provided for subdivided land under Section 27372 of the Government Code. Upon acceptance by the recorder, the parcel map shall be a public record.

SEC. 4. Section 1244 of the Civil Code is amended to read:

1244. A declaration of abandonment is effectual only from the time it is recorded in the office in which the homestead was recorded.

SEC. 5. Section 27330 of the Government Code is amended to read:

27330. Notices of liens for internal revenue taxes payable to the United States and certificates of release, discharge, subordination or nonattachment of such liens shall be filed in the office of the county recorder of the county within which the property subject to the lien is situated.

Certificates of redemption issued by the United States pursuant to the Federal Tax Lien Act of 1966 shall be recorded in the office of the county recorder of the county within which the property is situated.

SEC. 6. Section 27331 of the Government Code is repealed.

SEC. 7. Section 27332 of the Government Code is repealed.

SEC. 8. Section 27382 of the Government Code is repealed.

SEC. 9. Section 128 of the Streets and Highways Code is amended to read:

128. The department shall maintain, in each district office of the Division of Highways, a file of its final construction plans and right-of-way record maps for all completed state highway projects located within the district. Such plans and records are public writings. The department may file in the office of the recorder of the county in which any state highway is located, such plans, maps, or drawings of each state highway as the department deems necessary in the public interest, which the county recorders of the several counties shall accept and file without fee. No certificate need be attached thereto other than the usual title of the department showing the approval of such plans, maps, or drawings by the proper officer or engineer of the department.

All maps filed in the office of a county recorder pursuant to this section shall conform to the provisions of this paragraph The map shall be legibly drawn, printed or reproduced by a process that provides a permanent record. Each sheet of paper or other material used for such map shall be 22 by 36 inches in size, shall have clearly shown therein the particular number of the sheet, the total number of sheets comprising the map, and its relation to each adjoining sheet, and shall have encompassing its border a line that leaves a blank margin one inch in width, except that the left side margin shall be two inches in width. In any county using a microfilm system, such plans, maps, or drawings may be microfilmed in lieu of filing.

SEC. 10. Section 3117 of the Streets and Highways Code is amended to read:

3117. If any proceedings are abandoned by the legislative body, the clerk of the legislative body, forthwith upon such abandonment, shall record a certified copy of the resolution of abandonment with the county recorder of each county in which all or any part of the assessment district is located.

The certificate of the clerk of the legislative body attached to such resolution shall include a reference to the date of the resolution of abandonment, the date of the original resolution of intention, and the date the map of the assessment district pertaining thereto was filed with the county recorder. The county recorder shall index such resolution in the book containing the index of the maps of assessment districts.

SEC. 11. Section 3121 of the Streets and Highways Code is amended to read:

3121. Not later than 10 days after (1) making demand upon or application to the treasurer or other officer of the city to sell property for such delinquency or (2) commencing an action or proceeding in any court to foreclose the lien of such special assessment or bond, the assessment lienholder shall record with the county recorder a notice of pendency of such sale or foreclosure.

SEC. 12. Section 26132 of the Water Code is amended to read:

26132. Of each of the duplicate certificates of sale one shall be retained by the collector and the other shall be recorded in the office of the county recorder of the county in which the property is situated.

SEC. 13. Section 26229 of the Water Code is repealed.

SEC. 14. Section 26229 is added to the Water Code, to read:

26229. The collector shall record the other duplicate certificate of redemption with the county recorder in whose office the certificate of sale was recorded and shall pay the recording fee provided for in Section 27361, Government Code.

SEC. 15. Section 26230 of the Water Code is repealed.

CHAPTER 80

An act to repeal Section 268.4 of the Revenue and Taxation Code, relating to the welfare exemption, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor May 3, 1967. Filed with Secretary of State May 3, 1967.]

The people of the State of California do enact as follows:

SECTION 1. For the purposes of Section 268 of the Revenue and Taxation Code, "property as to which the welfare exemption was available for any fiscal year commencing during the calendar year 1966" includes property owned by a nonprofit corporation which would otherwise qualify for the welfare exemption, except that at the lien date for that year its articles of incorporation did not provide that its property was irrevocably dedicated to charitable, scientific or hospital purposes, and upon its liquidation, dissolution or abandonment would not inure to the benefit of any private person, except a

fund, foundation or corporation organized and operated for charitable, scientific or hospital purposes, if the nonprofit corporation does all of the following:

(1) Files an affidavit with the assessor that its property was at that time and has been since then irrevocably dedicated to religious, charitable, scientific, or hospital purposes and upon liquidation, dissolution or abandonment of the owner would not inure to the benefit of any private person, except a fund, foundation or corporation organized and operated for religious, hospital, scientific or charitable purposes.

(2) Amended its articles of incorporation during the calendar year 1966 or prior to the first Monday in March, 1967, to provide that its property is irrevocably dedicated to charitable, scientific, or hospital purposes and upon liquidation, dissolution or abandonment of the owner, will not inure to the benefit of any private person, except a fund, foundation or corporation organized and operated for charitable, scientific or hospital purposes.

This section shall remain in effect until one year after the effective date of the enactment of this section at the 1967 Regular Session of the Legislature and shall thereafter be of no force or effect.

SEC. 2. Section 268.4 of the Revenue and Taxation Code is repealed.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Some organizations have inadvertently failed to amend their articles of incorporation to reflect their actual status, in support of the tax exemption of their property which is granted by the State Constitution, and as a result now are confronted with obligations which, if met, will substantially impair their ability to function effectively. This act will remedy the situation by, in effect, removing the procedural bar to the application of the exemption to such property. In doing so, the public policy of the state as expressed in the Constitution will be entirely fulfilled and the state as a whole will benefit.

CHAPTER 81

An act to amend Section 997 of the Code of Civil Procedure, relating to settlements.

[Approved by Governor May 3, 1967. Filed with Secretary of State May 3, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 997 of the Code of Civil Procedure is amended to read:

997. The defendant may, at any time before the trial or judgment, serve upon the plaintiff an offer to allow judgment to be taken against him for the sum or property, or to the effect therein specified. If the plaintiff accepts the offer, and gives notice thereof within five days, he may file the offer, with proof of notice of acceptance, and the clerk, or the judge where there is no clerk, must thereupon enter judgment accordingly. If the notice of acceptance be not given, the offer is to be deemed withdrawn, and cannot be given in evidence upon the trial; and if the plaintiff fails to obtain a more favorable judgment, he cannot recover costs, but must pay the defendant's costs from the time of the offer. Any judgment entered pursuant to this section is deemed to be a compromise settlement.

CHAPTER 82

An act to amend Sections 225 and 231 of the Code of Civil Procedure, relating to juries.

[Approved by Governor May 3, 1967. Filed with Secretary of State May 3, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 225 of the Code of Civil Procedure is amended to read:

225. The sheriff, marshal, or such attaché ordered by the court, as soon as he receives the list or lists of jurors drawn, shall summon the persons named therein to attend the court at the opening of the regular session thereof, or at such session or time as the court may order, by giving personal notice to that effect to each of them, or by leaving a written notice to that effect at his place of residence, with some person of proper age, or by mailing such notice by first-class mail, registered mail, or certified mail, and shall return the list to the court at the opening of the regular session thereof, or at such session or time as the jurors may be ordered to attend, specifying the names of those who were summoned, and the manner in which each person was notified. Once a person has been so summoned, the specific time and place of his appearance may be modified or specified by order of the court and notification thereof given by either oral, written, telephonic, or telegraphic communication.

Any trial juror who fails to appear in response to a notice sent by first-class mail shall be immediately resummoned by a notice sent by registered mail or certified mail and shall not be subject to attachment or fine as provided in Section 238, unless he fails to appear in response to this second mailing.

SEC. 2. Section 231 of the Code of Civil Procedure is amended to read:

231. Such jurors must be summoned from the list of persons prepared, as hereinafter stated, by notifying each orally that he is summoned and of the time and place at which his attendance is required, or by leaving a written notice to that effect at his place of residence with some person of proper age, or by mailing such notices by first-class mail, certified mail, or registered mail.

Any trial juror who fails to appear in response to a notice sent by first-class mail shall be immediately resummoned by a notice sent by registered mail or certified mail and shall not be subject to attachment or fine as provided in Section 238, unless he fails to appear in response to this second mailing.

In the month of January in each year it shall be the duty of each justice court to make an order designating the estimated number of trial jurors that will, in the opinion of the court, be required for the transaction of the business of the court, and the trial of causes therein during the ensuing year. Any such court may make additional orders during the year designating the estimated number of trial jurors that will, in the opinion of the court, be required for the transaction of the business of the court, and the trial of causes therein during the balance of the year, or a portion thereof. Immediately after said order is made, the county clerk of the county in which said court is held shall select a list of men and women to serve as trial jurors in such court during the ensuing year, or until a new list of trial jurors shall be provided.

The selections and lists shall be made of persons suitable and competent to serve as jurors resident respectively in the judicial district in which the court is established, and in making such selections the county clerk shall take the names of such only as are not exempt from serving, who are in the possession of their natural faculties, are not infirm or decrepit, of fair character and approved integrity, and of sound judgment. A list of the persons selected to serve as trial jurors in each such court, certified by the county clerk, shall at once be placed in the possession of and filed with such court. The persons whose names are so returned shall be known as regular jurors and shall serve for one year and until other persons are selected and returned.

Whenever the business of such court shall require the attendance of a trial jury, the judge of the court, or any one of the judges, when there is more than one, may make an order directing the sheriff, constable, marshal, or policeman of the jurisdiction to summon trial jurors, as hereinabove provided.

Whenever, after all the persons whose names appear upon the list of jurors of such a court, have been summoned, and there is not a sufficient number of competent jurors present, the court, or judge thereof, may direct the sheriff, constable, marshal, or policeman of the jurisdiction, to summon a sufficient number of persons having the qualifications of jurors from the body of the judicial district, or if these sources do not

produce a sufficient number, county in which such court is established.

In those counties in which a registrar of voters office has been established, the registrar of voters shall discharge all duties of the county clerk prescribed by this section, if the county board of supervisors so directs.

CHAPTER 83

An act to amend Sections 71255, 71595, and 71613 of, to add Sections 71758, 71759, and 72680.1 to, and to add Chapter 5 (commencing with Section 72040) to Part 8 of Division 20 of, the Water Code, relating to municipal water districts.

[Approved by Governor May 3, 1967. Filed with Secretary of State May 3, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 71255 of the Water Code is amended to read:

71255. Each director shall receive compensation in an amount not to exceed fifty dollars ($50) for each meeting of the board attended by him, which amount shall be fixed from time to time by the board. No director shall receive compensation for more than two meetings in any calendar month. A director shall be compensated for a meeting of the board if at the time of the holding of such meeting he is on other business of the district, at the request of the board.

If allowed by the board, a director shall also receive traveling and other expenses incurred by him on district business, at the request of the board.

SEC. 2. Section 71595 of the Water Code is amended to read:

71595. A district may contract with any insurance corporation, the State Employees' Retirement System, or any other insurance carrier for the maintenance of a service covering the pension of the district officers or employees and for their health and accident insurance coverage.

SEC. 3. Section 71613 of the Water Code is amended to read:

71613. A district may supply and deliver water to property not subject to district taxes at special rates, terms, and conditions as are determined by the board for such service.

SEC. 4. Section 71758 is added to the Water Code, to read:

71758. The district may employ counsel to defend any action brought against it or against any of its officers, agents or employees on account of any claimed action or inaction involving any claimed injury, taking, damage or destruction, and the fees and expenses involved therein shall be a lawful charge against the district.

SEC. 5. Section 71759 is added to the Water Code, to read:

71759. If any officer, agent or employee of the district is held liable for any act or omission in his official capacity, except in case of actual fraud or actual malice, and any judgment is rendered thereon, the district shall pay the judgment without obligation for repayment by the officer, agent or employee.

SEC. 6. Chapter 5 (commencing with Section 72040) is added to Part 8, Division 20 of the Water Code, to read:

CHAPTER 5. EXCLUSION OF TERRITORY FROM IMPROVEMENT DISTRICTS

72040. Proceedings to exclude territory from an improvement district, formed pursuant to this part, may be initiated by the board upon its own motion, or shall be initiated by the board upon receipt of a petition for exclusion signed by not less than 10 percent of the voters of the area proposed to be excluded, which states reasons such exclusion will be beneficial to the district or the improvement district or the territory to be excluded.

72041. Upon adoption of said motion to initiate exclusion proceedings or upon receipt of said petition for exclusion, the board shall adopt a resolution of intention to exclude which shall state:

(a) The method by which said exclusion proceedings were initiated; by motion of the board or by petition of voters.

(b) That taxes for carrying out the purpose of the improvement district will not be levied upon taxable property in the excluded territory following such exclusion in the event such territory is excluded.

(c) That following such exclusion, the taxable property in the territory remaining in said improvement district shall continue to be levied upon and taxed to provide funds for the purposes of said improvement district.

72042. The resolution of intention to exclude shall also state that a map showing the exterior boundaries of the proposed territory to be excluded, with relation to the territory remaining in said improvement district, is on file with the secretary and is available for inspection by any person or persons interested. This map shall govern for all details as to the extent of the proposed exclusion.

72043. The resolution of intention shall also state:

(a) The time and place for a hearing by the board on the questions of the proposed exclusion and the effect of such exclusion upon the district, the improvement district and the territory to be excluded.

(b) That at such time and place any person interested, including all persons owning property in the district or in the improvement district, will be heard.

72044. Notice of the hearing shall be given by publishing a copy of the resolution of intention to exclude, pursuant to Section 6066 of the Government Code, prior to the time fixed for

the hearing in a newspaper circulated in the municipal water district, if there is a newspaper circulated in the district. Such notice shall also be given by posting a copy of the resolution of intention to exclude in three public places within the affected improvement district for at least two weeks before the time fixed for the hearing.

72045. At the time and place so fixed in the resolution of intention to exclude, or at any time or place to which the hearing is adjourned, the board shall proceed with the hearing. At the hearing any person interested, including any person owning property in the district, or in the improvement district may appear and present any matters material to the questions set forth in the resolution of intention to exclude.

72046. At the conclusion of the hearing, the board shall by resolution determine whether it is necessary or desirable to exclude said territory. If so, the resolution shall also state:

(a) The reasons why such exclusion is necessary or desirable.

(b) That the exterior boundaries of the improvement district following such exclusion are set forth on a map on file with the secretary, which map shall govern all details as to the extent of said, then existing, improvement district.

72047. The determinations made in the resolution of exclusion shall be final and conclusive.

72048. After the exclusion of territory from the improvement district pursuant to this part, all taxes levied for the carrying out of said improvement district's purpose shall be levied exclusively upon the taxable property in the improvement district as then constituted.

72049. A copy of the resolution of exclusion shall be published pursuant to Section 6066 of the Government Code in a newspaper printed and published in the district, if there is a newspaper printed and published in the district. A copy of the resolution shall also be posted in three public places within the improvement district for at least two weeks.

The resolution of exclusion shall not be effective until the 31st day after completion of the publication and posting.

72050. Any action or proceeding in which the validity of the exclusion of territory from the improvement district or of any of the proceedings in relation thereto is contested, questioned, or denied shall be commenced within three months from the effective date of the resolution of exclusion; otherwise, the exclusion and all proceedings in relation thereto shall be held to be valid and in every respect legal and incontestable.

SEC. 7. Section 72680.1 is added to the Water Code, to read:

72680.1. In the event the petition for annexation is signed by all of the holders of title of land in the portion proposed to be annexed, the board may proceed and act thereon without notice and hearing, but shall otherwise comply with the applicable provisions of this article.

CHAPTER 84

An act to amend Sections 20000, 20002, 20004, 20007, 20136, 20137, 20200, 20464, 20498, 20595, 20787, 20788, 21154, 21155, 21251.1, 21253, 22004, 22009.1, and 22157 of, and the heading of Part 3 (commencing with Section 20000) of Division 5 of Title 2 of, the Government Code, relating to the State Employees' Retirement Law.

[Approved by Governor May 3, 1967. Filed with Secretary of State May 3, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 20000 of the Government Code is amended to read:

20000. This part may be cited as the Public Employees' Retirement Law.

SEC. 2. Section 20002 of the Government Code is amended to read:

20002. The Public Employees' Retirement System created by Chapter 700 of the Statutes of 1931, as amended, is continued in existence under this part.

SEC. 3. Section 20004 of the Government Code is amended to read:

20004. "Retirement system" or "this system" means the Public Employees' Retirement System created by Chapter 700 of the Statutes of 1931, as amended, and continued in existence by this part.

As used in this code and in every other statute heretofore, or hereafter enacted, or in every contract heretofore or hereafter entered into under any provisions of law, the term "State Employees' Retirement Law" shall be construed to refer to and mean the "Public Employees' Retirement Law," the term "State Employees' Retirement System" shall be construed to refer to and mean the "Public Employees' Retirement System," and the term "State Employees' Retirement Fund" shall be construed to refer to and mean the "Public Employees' Retirement Fund."

SEC. 4. Section 20007 of the Government Code is amended to read:

20007. "Retirement fund" means the Public Employees' Retirement Fund continued in existence by this part.

SEC. 5. Section 20136 of the Government Code is amended to read:

20136. All meetings of the Board of Administration, Public Employees' Retirement System, shall be open and public.

SEC. 6. Section 20137 of the Government Code is amended to read:

20137. All records of the Board of Administration, Public Employees' Retirement System, shall be open to inspection by the public during regular office hours, except as otherwise provided for by law.

SEC. 7. Section 20200 of the Government Code is amended to read:

20200. The "Public Employees' Retirement Fund" in the State Treasury is continued in existence.

SEC. 8. Section 20464 of the Government Code is amended to read:

20464. Notwithstanding any other provision of the Public Employees' Retirement Law, the board of directors of a metropolitan water district, or the governing body of any other public agency, shall adopt any order, motion, resolution or ordinance, required under the provisions of the Public Employees' Retirement Law to be adopted by a majority vote or by a two-thirds vote or by any other specified vote, by such affirmative vote as constitutes under the provisions of the Metropolitan Water District Act, or the statute creating or authorizing the organization of such other public agency, a majority vote or a two-thirds vote or such other specified vote, as the case may be, of such board or body.

Any order, motion, resolution or ordinance heretofore so adopted by a metropolitan water district or by such other public agency, and any contract heretofore entered into between the board of directors of a metropolitan water district, or the governing body of such other public agency and the Board of Administration, and which contract was approved by resolution or ordinance adopted by what constituted an affirmative two-thirds vote under the Metropolitan Water District Act, or under the provisions of the statute creating or authorizing the organization of such other public agency, are hereby ratified, confirmed, validated, and approved.

SEC. 9. Section 20498 of the Government Code is amended to read:

20498. If the effective date of coverage under the federal system of members who are employees of a contracting agency under the Public Employees' Retirement System is prior to the time employee federal contributions are first deducted from the salaries and wages of such employees and a reduced benefit is provided with respect to service from and after said effective date of coverage, retroactive employee and employer contributions may be paid on the contracting agency's election in the manner provided in this section.

Employee and employer federal contributions for such retroactive period shall be paid from the Public Employees' Retirement Fund and charged to the account of the employer. There shall be transferred to the employer account from the member's accumulated contributions an amount equal to employee federal contributions charged to the account of the employer for such member. The amount so transferred shall not exceed the difference between the total normal contributions of the member and the normal contributions which would have been credited to his account had the reduced rate of contribution provided in the amended contract with the public agency been in effect from and after the effective date of cov-

erage, assuming that contributions in any year were made in equal monthly installments.

The amount by which such retroactive employee contributions for a member charged to the account of the employer exceeds the amount transferred from the employee account shall constitute an indebtedness of the member to the employer and a lien on any salary or wages payable to such employee or on his account.

Notwithstanding Sections 20654 and 20804.5, the amount of contributions under any election to deposit or redeposit contributions under this part with respect to service for which retroactive employee contributions are transferable to the employer account and which election is then not fully paid or is made thereafter, shall be adjusted so that the total accumulated contributions in the member's account upon completion of the deposit will equal the total accumulated contributions which would be in the member's account had the deposit or redeposit been completed when amounts became transferable from the member's account under this section. Such adjustment shall be accomplished by whichever of the following means is appropriate under the facts and the provisions of this section: (1) transfer to the employer account of amounts deposited where such account has not been fully reimbursed for retroactive employee contributions on account of the member paid from it, (2) reduction of the amount to be deposited under the election, or (3) refund to the member of the adjustment in his account.

If said contract is or has been amended to provide for the payment of retroactive employee and employer contributions in the manner provided in this section, it may be further amended to provide that the amount by which (1) the total normal contributions of each member for the period subsequent to the effective date of coverage under the federal system less the total normal contributions which would have been credited to the account of such member had the reduced rate of contribution provided in the amended contract with the public agency been in effect from and after the aforesaid date of coverage exceed (2) the employee federal contributions for such member for the period after said date of coverage shall be paid to such member.

This section shall apply to the county superintendent of schools as a contracting agency without election. Any excess normal contributions, determined in the manner prescribed in the preceding paragraph, of a member under a contract with a county superintendent of schools or a contract of a school district, whose services were included in the federal system, shall be refunded to the member.

SEC. 10. Section 20595 of the Government Code is amended to read:

20595. It is the intention of the Legislature in enacting this chapter that the officers and employees of the university included within the Public Employees' Retirement System

by Section 20590, shall be university members of the system with the same rights and status as if they had been brought within the field of membership by Chapter 806 of the Statutes of 1937, which included other employees of the university within the system, and that, except as provided in subdivision (c) of Section 20590, they shall be entitled to credit for prior service and for current service, and shall be otherwise subject to this part in all respects in the same manner and to the same extent as if Chapter 806 of the Statutes of 1937 had provided for their inclusion within the system; provided, however, that no person who becomes a member of this system pursuant to subdivision (a) of Section 20590 or who would have been included in the Pension and Retiring Annuities System of the university, pursuant to Chapter XIII of the Standing Orders of the Regents as said chapter reads on the operative date of this chapter, but for the provisions of Section 20591, shall receive a service retirement allowance in excess of eighty percent (80%) of final compensation Where, except for this proviso, his service retirement allowance would exceed eighty percent (80%) of final compensation, an appropriate refund shall be made of his own payments and interest thereon at the time of retirement.

SEC. 11. Section 20787 of the Government Code is amended to read:

20787 The board shall certify to the State Controller the total amount of employee federal contributions required for retroactive coverage under the federal system and the Controller shall thereupon transfer such amount from the Public Employees' Retirement Fund to the Old Age and Survivors Insurance Revolving Fund.

SEC. 12. Section 20788 of the Government Code is amended to read:

20788. Employer federal contributions required with respect to salaries and wages paid before July 1, 1963, and included in the regular quarterly reports of such wages for services rendered after the effective date of coverage of state and university employees, shall be paid from the Public Employees' Retirement Fund to the Old Age and Survivors Insurance Revolving Fund and shall be charged in the accounts of the state system to the state's accumulated contributions for current service.

The board shall certify to the State Controller, from time to time, the total amount of employer federal contributions required with respect to such salaries and wages and the Controller shall thereupon transfer such amount from the Public Employees' Retirement Fund to the Old Age and Survivors Insurance Revolving Fund.

SEC. 13. Section 21154 of the Government Code is amended to read:

21154. A contracting agency furnishing a public water supply from the Colorado River may employ a person receiving a retirement allowance under this system who has

special knowledge, experience and qualifications with reference to problems incident to providing such water supply from said Colorado River, to render services of a professional, scientific, or technical nature, in connection with litigation or prospective litigation involving such contracting agency, and may pay such person for services so rendered, pursuant to written contract setting forth the terms and duties of such employment. Any person who renders such services shall not be deemed to be an employee of the contracting agency for the purposes of the Public Employees' Retirement Law, nor shall he acquire any additional rights or benefits thereunder because of such employment.

The monthly amount of such person's pension for any calendar month during which he rendered services to such contracting agency pursuant to such contract of employment, shall be reduced by the amount of the compensation so paid to him by such contracting agency for the services so rendered during said month, but such compensation so paid to such person shall not reduce the amount of such person's pension for any month or for any period other than the calendar month during which he rendered the services for which such compensation was paid to him by such contracting agency. If the compensation so paid for such services rendered during any calendar month shall exceed the amount of the monthly pension accrued for such month, no pension for such month shall be payable. The controller, auditor, or corresponding officer of the contracting agency shall furnish to the board of administration all information necessary to carry out the provisions of this section.

The board of administration, promptly after receiving notification of any payment of compensation by a contracting agency for such services, shall make the proper entries in the pension account of such person and shall adjust the pension payments accordingly, and if necessary shall require refund of any overpayment of pension.

This section shall be effective notwithstanding the provisions of Section 21150 of this code or any other provision of law.

SEC. 14. Section 21155 of the Government Code is amended to read:

21155. A contracting agency which is furnishing a public water supply from the Colorado River, and which has a contract with the state for a supplemental supply of water, and which is engaged in the construction or installation of additional works or facilities required to enable such contracting agency to meet increasing demands for water supplied by such contracting agency, may employ any person who has attained the age at which retirement is required for members of his class or who is receiving or is entitled to receive a retirement allowance under this system, and who, in the judgment of the governing body of the contracting agency, is ex-

ceptionally well qualified to render general management and engineering services to such contracting agency, to perform such services and may pay such person for the services so rendered. Any person who renders such services shall not be deemed to be an employee of the contracting agency for the purposes of the Public Employees' Retirement Law, nor shall he acquire any additional rights or benefits thereunder because of such employment.

If such person is receiving a pension under the provisions of the Public Employees' Retirement Law, the monthly amount of such person's pension for any calendar month during which he rendered services to such contracting agency shall be reduced by the amount of the compensation so paid to him by such contracting agency for the services so rendered during said month, but such compensation so paid to such person shall not reduce the amount of such person's pension for any month or for any period other than the calendar month during which he rendered the services for which such compensation was paid to him by such contracting agency. If the compensation so paid for such services rendered during any calendar month shall exceed the amount of the monthly pension accrued for such month, no pension for such month shall be payable. The controller, auditor, or corresponding officer of the contracting agency shall furnish to the board of administration all information necessary to carry out the provisions of this section.

The board of administration, promptly after receiving notification of any payment of compensation by a contracting agency for such services, shall make the proper entries in the pension account of such person and shall adjust the pension payments accordingly, and if necessary shall require refund of any overpayment of pension.

This section shall be effective, notwithstanding the provisions of Section 21150 of this code or any other provision of law, until two years after the effective date of the amendment to this section enacted at the 1965 General Session or until March 1, 1967, whichever is later.

SEC. 15. Section 21251.1 of the Government Code is amended to read:

21251.1. The current service pension for a state miscellaneous member, for a prison member, or for a local miscellaneous member who is an employee of a contracting agency which is subject to the provisions of this section, is a pension derived from the contributions of the state, or of the contracting agency, sufficient, when added to the service retirement annuity that is derived from the accumulated normal contributions of the member at the date of his retirement, to equal the fraction of one-sixtieth of his final compensation set forth opposite his age at retirement, taken to the preceding completed quarter year, in the following table in the column applicable to his sex, multiplied by the number of years of current service except service in a category of membership other than that of

a state miscellaneous member, prison member, or local miscellaneous member, with which he is entitled to be credited at retirement:

(b) In respect to prior service consisting of service other than as a state miscellaneous, local miscellaneous or prison member, the pension computed pursuant to the provisions for computation of prior service of members of the category in which the prior service was rendered.

This section shall not apply to any contracting agency nor to the employees of any contracting agency unless and until the agency elects to be subject to the provisions of this section by amendment to its contract made in the manner prescribed for approval of contracts, except that an election among the employees is not required, or, in the case of contracts made after the date this section takes effect, by express provision in such contract making the contracting agency subject to the provisions of this section.

SEC. 17. Section 22004 of the Government Code is amended to read:

22004. "Board" shall have the following meanings: Until July 1, 1955, "board" means the Director of Finance. On and after July 1, 1955, "board" means the Board of Administration of the Public Employees' Retirement System.

SEC. 18. Section 22009.1 of the Government Code is amended to read:

22009.1. "Retirement system" includes:

(a) A pension, annuity, retirement or similar fund or system established by a public agency and covering only positions of that agency.

(b) The Public Employees' Retirement System with respect only to employees of the state and employees of the University of California in positions covered by that system.

(c) The Public Employees' Retirement System with respect to employees of all school districts in positions covered under each contract entered into by a county superintendent of schools and the system.

(d) The State Teachers' Retirement System with respect to all employees in positions covered by that system except employees of a public agency having any employees in positions covered by such system who are also in positions covered by a local retirement system for the retirement of teachers, or for membership in which public school teachers are eligible, operated by city, city and county, county or other public agency or combination of public agencies of the state.

(e) The Legislators' Retirement System with respect to all employees in positions covered by that system.

(f) The Judges' Retirement System with respect to all employees in positions covered by that system.

(g) The Pension and Retiring Annuities System of the University of California only with respect to all employees in positions covered by that system.

(h) The San Francisco City and County Employees' Retirement System with respect to all employees in positions covered by that system.

(i) Any other retirement system with respect only to employees of any two or more of the public agencies having employees in positions covered by such system, as designated by the board and with regard to which the board authorizes conduct of a referendum.

(j) Any retirement system with respect only to employees of a hospital which is an integral part of a city incorporated between January 15, 1898 and July 15, 1898 in positions covered by the system, as designated by the board on request of the city.

(k) Except as otherwise provided in subdivisions (b) through (j) above, any retirement system with respect to employees of each of the public agencies having employees in positions covered by the system.

(*l*) Each division or part of a retirement system, as defined in subdivisions (a), (b), (c), (g), (h), (i), (j), and (k) of this section, which is divided pursuant to this chapter into two parts:

(1) The part composed of the positions of members of such system who desire coverage under the federal system.

(2) The part composed of the positions of members of such system who do not desire coverage under the federal system.

SEC. 19 Section 22157 of the Government Code is amended to read:

22157. Notwithstanding Section 22009.1 of this part, the Public Employees' Retirement System, with respect to employees of school districts whose employees who are members are not already covered under the federal system, in which the average daily attendance of all districts combined is in excess of 400,000, and which are governed by the same governing board in positions covered pursuant to the contract of said governing board, shall constitute a retirement system. The board shall divide said retirement system and each part thereof shall constitute a retirement system as defined in subdivision (*l*) of Section 22009.1 of this part.

The division shall be conducted in accordance with this article, except that election among members of the system shall not be required. It shall be conducted at a time to be determined by the board, so as to permit the division and modification of the agreement with the system to include members of the system, no later than December 31, 1963.

SEC. 20. The heading of Part 3 (commencing with Section 20000) of Division 5 of Title 2 of the Government Code is amended to read:

PART 3. PUBLIC EMPLOYEES' RETIREMENT SYSTEM

CHAPTER 85

An act to amend Section 1952 of, and to repeal Section 1952.1 of, the Code of Civil Procedure, relating to destruction of evidence.

[Approved by Governor May 3, 1967. Filed with Secretary of State May 3, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 1952 of the Code of Civil Procedure is amended to read:

1952. The court, on its own motion, may order destroyed or otherwise disposed of any exhibit or deposition introduced in the trial of a civil action or proceeding or filed in such action or proceeding which, if appeal has not been taken from the decision of the court in the said action or proceeding, remains in the custody of the court or clerk three years after time for appeal has expired, or, if appeal has been taken, remains in the custody of the court or clerk three years after final determination thereof or which remains in the custody of the court or clerk for a period of three years after:

1. A motion for a new trial has been granted and a memorandum to set the case for trial has not been filed or a motion to set for trial has not been made within such three years;

2. The filing of the remittitur where the action or proceeding, after appeal, has been remanded to the trial court for a new trial and the same has not been brought to trial within such three years;

3. The dismissal of such action or proceeding; or

4 The introduction or filing thereof where the foregoing provisions of this section make no provision for the destruction or other disposition of such exhibit or deposition and where in the discretion of the court the same should be destroyed or otherwise disposed of.

The order shall be entered in the register of actions of each case in which any such order is made.

No exhibit or deposition shall be ordered destroyed or otherwise disposed of pursuant to the provisions of this section where a party to the action or proceeding files a written notice with the court requesting the preservation of any exhibit or deposition for a stated time, but not to exceed three years. Such exhibit or deposition may be destroyed after such time unless another such notice is filed.

No exhibit or deposition shall be ordered, destroyed or otherwise disposed of pursuant to the provisions of this section until 30 days after notice of such proposed action has been mailed to all attorneys of record and to all parties not having an attorney of record. Such notice is complete upon mailing of written notice by the clerk, or by the court if there is no clerk, to the attorney, or to the party if he has no attorney, at his last address shown in the file.

SEC. 2. Section 1952.1 of the Code of Civil Procedure is repealed.

CHAPTER 86

An act to amend Section 36934 of the Government Code, relating to city ordinances.

[Approved by Governor May 3, 1967. Filed with Secretary of State May 3, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 36934 of the Government Code is amended to read:

36934. Ordinances shall not be passed within five days of their introduction, nor at other than a regular meeting or at an adjourned regular meeting. However, an urgency ordinance may be passed immediately upon introduction and either at a regular or special meeting. Except when, after reading the title, further reading is waived by regular motion adopted by unanimous vote of the councilmen present all ordinances shall be read in full either at the time of introduction or passage.

When ordinances, other than urgency ordinances, are altered after introduction, they shall be passed only at a regular or at an adjourned regular meeting held at least five days after alteration. Corrections of typographical or clerical errors are not alterations within the meaning of this section.

CHAPTER 87

An act to amend Sections 10722, 10723, and 10131 of the Agricultural Code, as proposed by Senate Bill No. 1, relating to animal quarantine.

[Approved by Governor May 3, 1967. Filed with Secretary of State May 3, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 10722 of the Agricultural Code, as proposed by Senate Bill No. 1, is amended to read:

10722. The health certificate shall certify that the swine to which it refers satisfy all of the following requirements:

(a) Have not been exposed to any communicable disease.

(b) Are free from evidence of any communicable disease.

The director, when he determines it to be necessary for the enforcement of this chapter, may, by regulation, require the certificate to certify that the swine have been immunized against hog cholera by a method of immunization which is designated by regulations of the director as an effective method of immunization and by the United States Department of Agriculture.

SEC. 2. Section 10723 of the Agricultural Code, as proposed by Senate Bill No. 1, is amended to read:

10723. The health certificate shall also show all of the following:

(a) The date of immunization if immunization is required.

(b) The predominating breed of the swine.

(c) Approximate weight of the swine.

(d) Color of the swine.

(e) Markings of the swine.

SEC. 3. Section 10131 of the Agricultural Code, as proposed by Senate Bill No. 1, is amended to read:

10131. The department may, in cooperation with the United States Department of Agriculture, declare a county to be a "modified accredited area" when the percentage of tuberculous cattle in the county is reduced to meet the requirements of "modified accredited areas," as adopted by the United States Department of Agriculture.

The department may, in cooperation with the United States Department of Agriculture, declare a county to be of a status other than "modified accredited area" when the percentage of tuberculous cattle in the county is further reduced to meet the requirements of such status areas as adopted by the United States Department of Agriculture.

CHAPTER 88

An act to add Section 404 to the Government Code, relating to world fairs.

[Approved by Governor May 3, 1967. Filed with Secretary of State May 3, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 404 is added to the Government Code, to read:

404. No person shall represent, either directly or indirectly, that the State of California is sponsoring or endorsing a world's fair or exhibition unless such representation has been specifically authorized by law. Violation of this section is a misdemeanor.

CHAPTER 89

An act to maintain the Public Utilities Code by amending Sections 3543 and 6265, relating to public utilities.

[Approved by Governor May 3, 1967. Filed with Secretary of State May 3, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 3543 of the Public Utilities Code is amended to read:

3543. No highway carrier shall operate any motor vehicle over any public highway unless there is displayed on the vehicle distinctive identifying symbols in the form prescribed by the commission, showing the classification to which the carrier belongs. No such identifying symbols shall be displayed on any vehicle until a permit under this chapter, or a certificate of public convenience and necessity under Part 1 of Division 1 has been issued to the carrier. The identifying symbols displayed by highway carriers subject to the Interstate Commerce Commission Order Ex Parte No. MC-41, Identification of Motor Carrier Vehicles, November 17, 1954, effective January 3, 1955, shall serve in lieu of the display requirements of this section, provided such identifying symbols have been recorded by the highway carrier with the commission.

SEC. 2. Section 6265 of the Public Utilities Code is amended to read:

6265. Every gas franchise granted pursuant to this chapter confers upon the grantee the right to use, or to lay and use, gas pipes and appurtenances for the purpose of transmitting and distributing gas, and every oil franchise so granted confers upon the grantee thereof the right to use, or lay and use, oil pipes and appurtenances for the purpose of transmitting and distributing oil or products thereof, and every water franchise

so granted confers upon the grantee thereof the right to use, or to lay and use, pipes, ditches, flumes, conduits, and appurtenances for the purpose of transmitting and distributing water, and every electric franchise so granted confers upon the grantee thereof the right to use, or to construct and use, poles, wires or conduits and appurtenances for the purpose of transmitting and distributing electricity for any and all purposes, under, along, across, or upon the public streets, ways, alleys, and places as they now or hereafter exist within the municipality.

CHAPTER 90

An act to maintain the Welfare and Institutions Code by amending Sections 19, 1756.5, 6500, 13500, amending and renumbering Sections 5262.6 as amended by Chapter 263 of the Statutes of 1965, 5356.2 as amended by Chapter 263 of the Statutes of 1965, 11014 as added by Chapter 12 of the Statutes of 1965, Second Extraordinary Session, adding Sections 18705, and repealing Section 161 as amended by Chapter 2008 of the Statutes of 1965, Section 1450, Section 3007 as added by Chapter 1226 of the Statutes of 1965, Section 3303 as amended by Chapter 2061 of the Statutes of 1965, Section 5253 as added by Chapter 391 of the Statutes of 1965, Section 5277 as added by Chapter 391 of the Statutes of 1965, Part 5 (commencing with Section 7600), Division 6, and Section 18705 thereof, and adding Section 25208.3 to the Government Code, relating to welfare and institutions.

[Approved by Governor May 3, 1967. Filed with Secretary of State May 3, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 25208.3 is added to the Government Code, to read:

25208.3. The board of supervisors of a county may contract for optometric service with an optometrist licensed pursuant to the provisions of the Business and Professions Code.

SEC. 2. Section 19 of the Welfare and Institutions Code is amended to read:

19. It is the purpose of this code, in establishing programs and services which are designed to provide protection, support or care of children, to provide protective services to the fullest extent deemed necessary by the juvenile court, probation department or other public agencies designated by the board of supervisors to perform the duties prescribed by this code to insure that the rights or physical, mental or moral welfare of children are not violated or threatened by their present circumstances or environment. Such essential services may be

provided irrespective of whether the child or the family of the child is otherwise known to the responsible local agency.

SEC. 3. Section 161 of the Welfare and Institutions Code as amended by Chapter 2008 of the Statutes of 1965 is repealed. The repeal made by this section shall not affect the existence or validity of Section 4120 of the Welfare and Institutions Code as added by Chapter 1797 of the Statutes of 1965.

SEC. 4. Section 1450 of the Welfare and Institutions Code is repealed.

SEC. 5. Section 1756.5 of the Welfare and Institutions Code is amended to read:

1756.5. Whenever the authority finds that any person committed to the authority is feebleminded, insane, mentally ill, a sexual psychopath, or a defective or psychopathic delinquent, the authority may return the person to the committing court for discharge from the control of the authority and recommitment in accordance with law to the Department of Mental Hygiene for placement in the appropriate state institution.

SEC. 6 Section 3007 of the Welfare and Institutions Code as added by Chapter 1226 of the Statutes of 1965 is repealed. The repeal made by this section shall not affect the existence or validity of Section 3009 of the Welfare and Institutions Code, as added by Chapter 1227 of the Statutes of 1965.

SEC. 7. Section 3303 of the Welfare and Institutions Code as amended by Chapter 2061 of the Statutes of 1965 is repealed.

SEC. 8. Section 5262 6 of the Welfare and Institutions Code as amended by Chapter 263 of the Statutes of 1965 is amended and renumbered to read:

5253. The Department of Mental Hygiene shall present to the county, not more frequently than monthly, a claim for the amount due the state by reason of commitments of the mentally deficient which the county shall process and pay pursuant to the provisions of Chapter 4 (commencing with Section 29700) of Division 3 of Title 3 of the Government Code.

SEC. 9. Section 5253 of the Welfare and Institutions Code as added by Chapter 391 of the Statutes of 1965 is repealed.

SEC. 10. Section 5277 of the Welfare and Institutions Code as added by Chapter 391 of the Statutes of 1965 is repealed.

SEC. 11. Section 5356.2 of the Welfare and Institutions Code as amended by Chapter 263 of the Statutes of 1965 is amended and renumbered to read:

5277. The Department of Mental Hygiene shall present to the county, not more frequently than monthly, a claim for the amount due the state under Section 5356.1 which the county shall process and pay pursuant to the provisions of Chapter 4 (commencing with Section 29700) of Division 3 of Title 3 of the Government Code.

SEC. 12. Section 6500 of the Welfare and Institutions Code is amended to read:

6500. There are in the state the following state hospitals for the care and treatment of the insane, the mentally ill, and the mentally disordered:

1. Stockton State Hospital at the City of Stockton.
2. Napa State Hospital near the City of Napa.
3. Agnews State Hospital near the City of San Jose.
4. Mendocino State Hospital near the City of Ukiah.
5. Patton State Hospital near the City of San Bernardino.
6. Metropolitan State Hospital near the City of Norwalk, Los Angeles County.
7. Camarillo State Hospital near Camarillo, Ventura County.
8. The Langley Porter Neuropsychiatric Institute, in the City and County of San Francisco.
9. DeWitt State Hospital near the City of Auburn.
10. Modesto State Hospital near the City of Modesto.
11. Atascadero State Hospital near the City of Atascadero, San Luis Obispo County.
12. Neuropsychiatric Institute, U.C.L.A. Medical Center.

DeWitt State Hospital and Modesto State Hospital may be used for the reception, care and treatment of the mentally ill, mentally disordered, or mentally deficient. No commitments shall be made by the courts to the Department of Mental Hygiene for placement in DeWitt State Hospital or Modesto State Hospital of mentally deficient persons, but the department may transfer mentally deficient and other patients to and from these institutions as provided in Sections 163 and 6700 of this code.

SEC. 13. Part 5 (commencing with Section 7600) of Division 6 of the Welfare and Institutions Code is repealed.

SEC. 14. Section 11014 of the Welfare and Institutions Code as added by Chapter 12 of the Statutes of 1965, Second Extraordinary Session, is amended and renumbered to read:

11015. Unless there are other grounds therefor, aid grants shall not be withheld pending ascertainment of increases in federal benefits or increases in benefits payable by a public agency.

Following the ascertainment of any such increase, adjustment shall be made, as provided in subdivision (c) of Section 11004, for any overpayment of aid which the recipient might have received.

SEC. 15. Section 13500 of the Welfare and Institutions Code is amended to read:

13500. It is the object and purpose of this chapter to provide persons whose dependency results from disability defined by Section 13501 with assistance and services which will encourage them to make greater efforts to achieve self-care and self-support and to enlarge their opportunities for independence.

In supervising the administration of this chapter, the department shall encourage the rehabilitation or employment

of the recipient if it appears that with proper care and training such person may become more self-sufficient.

The department and the Department of Rehabilitation shall jointly develop plans for the orderly processing of cases referred to the Department of Rehabilitation for a determination of feasibility and planning for vocational rehabilitation.

The department and the State Department of Employment shall jointly develop plans for the orderly processing of cases referred to the Department of Employment.

The policy shall be followed of granting aid to the recipient in his own home or in some other suitable home of his own choosing, in preference to placing him in an institution.

Aid granted under the provisions of this chapter shall be known as aid to the disabled.

SEC. 16. Section 18705 of the Welfare and Institutions Code is repealed.

SEC. 17. Section 18705 is added to the Welfare and Institutions Code, to read:

18705. Any blind person of suitable age, character, and qualifications, and such other physically handicapped persons so qualified as it is practicable to receive therein, may be admitted for employment in any center of California Industries for the Blind. The rate of wages to be paid workers and the conditions of employment in the California Industries for the Blind shall be fixed by the Department of Education.

CHAPTER 91

An act to amend Section 17308 of the Education Code, relating to emergency financial assistance to school districts, making an appropriation, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor May 3, 1967. Filed with Secretary of State May 3, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 17308 of the Education Code is amended to read:

17308. The county school service fund contingency account is hereby established in the General Fund. The amount credited to such account for the 1966–67 fiscal year shall be two hundred twenty-five thousand dollars ($225,000). In each succeeding fiscal year the amount credited to the account shall be one hundred thousand dollars ($100,000). Notwithstanding any provision of Section 17301 to the contrary, the amount to be credited to the county school service fund contingency account each fiscal year shall not be transferred from the General Fund as required or authorized to be transferred by Section 17301 but the amounts required or authorized to be transferred by

Section 17301 shall be reduced by the amount to be credited to the contingency account and shall remain in the General Fund to the credit of the contingency account.

The money in the General Fund to the credit of the contingency account shall be transferred by the Controller to the State School Fund in amounts as are certified from time to time by the Superintendent of Public Instruction to be necessary to meet actual costs to reimburse county superintendents of schools for expenses incurred in providing emergency education to pupils and making financial grants to school districts pursuant to Section 20105 and to reimburse county superintendents of schools for the actual and necessary travel expenses incurred in connection with cooperative county publication projects by the county superintendent of schools or members of his staff, and to reimburse county superintendents of schools for expenses incurred in making emergency financial grants to school districts pursuant to Section 8955.

Commencing with the 1964–65 fiscal year, the amount credited, pursuant to this section, in each fiscal year to the county school service fund contingency account in the General Fund shall be reduced by the amount of the balance remaining to the account on June 30 of the preceding fiscal year and an equal reduction shall be made in the amount of the reduction in the amounts required or authorized to be transferred under Section 17301 in accordance with this section.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

One or more impoverished elementary school districts in the state have suffered sharp declines in enrollment in the 1966–1967 fiscal year due to governmental redevelopment activities involving the residential relocation of substantial numbers of families. The declines in enrollments will curtail the level of state financial support to be available to the districts to such a degree as to cause great financial hardship, or render it impossible for the districts to meet fixed financial commitments for the year. In order that the urgently needed financial assistance to be afforded such districts by this act will be made available before the expiration of the 1966–1967 fiscal year, it is essential that this act take effect immediately.

CHAPTER 92

An act to amend Section 28151 of the Education Code, relating to school district public libraries.

[Approved by Governor May 3, 1967. Filed with Secretary of State May 3, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 28151 of the Education Code is amended to read:

28151. The district may at any time be dissolved if two-thirds of the votes cast at an election called by the library trustees upon the question of dissolution are in favor of the dissolution.

CHAPTER 93

An act to amend Section 9407 of the Commercial Code, relating to fees for issuing certificates and preparing copies of records.

[Approved by Governor May 3, 1967. Filed with Secretary of State May 3, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 9407 of the Commercial Code is amended to read:

9407. (1) If the person filing any financing statement, termination statement, statement of assignment, or statement of release, furnishes the filing officer a copy thereof, the filing officer shall upon request note upon the copy the file number and date and hour of the filing of the original and deliver or send the copy to such person.

(2) Upon request of any person, the filing officer shall issue his certificate showing whether there is on file on the date and hour stated therein, any presently effective financing statement naming a particular debtor and any statement of assignment thereof and if there is, giving the date and hour of filing of each such statement and the names and addresses of each secured party therein. The uniform fee for such a certificate shall be five dollars ($5). Upon request the filing officer shall furnish a copy of any filed financing statement or statement of assignment for a uniform fee of one dollar ($1) for the first page and fifty cents ($0.50) for each page thereafter.

(3) Fees to be charged by the Secretary of State for daily or less frequent summaries or compilations of filings, which he may furnish, shall be sufficient to pay at least the actual cost of such service. Fees shall be determined by the Secretary of State with the approval of the Department of Finance. Such summaries or compilations may be in the form of microfilm copies or such other form as may be provided for the required information.

CHAPTER 94

An act to codify Sections 6 and 7 of Chapter 3 of the Statutes of 1965 (2nd Ex. Sess.), by repealing Sections 6 and 7 of said chapter, and by adding Chapter 4 (commencing with Section 30300) to Division 16 of the Elections Code and Section 9359.02 to the Government Code, relating to the State Legislature.

[Approved by Governor May 3, 1967. Filed with Secretary of State May 3, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Chapter 4 (commencing with Section 30300) is added to Division 16 of the Elections Code, to read:

CHAPTER 4. ALTERATION OF LEGISLATIVE DISTRICTS' BOUNDARIES

30300. For the purposes of Sections 9356.7, 9359.01, 9359.02, and 75030.8 of the Government Code, the Senate and Assembly districts and the boundaries thereof altered by Chapter 3 of the Statutes of 1965 (2nd Ex. Sess.) shall be deemed to have been altered as of February 3, 1966. For all other purposes, the district boundaries shall continue to exist as set forth by law prior to the adoption of Chapter 3 of the Statutes of 1965 (2nd Ex. Sess.) until 12 o'clock m. on the first Monday after the first day of January 1967.

SEC. 2. Section 9359.02 is added to the Government Code, to read:

9359.02. A Member of the Senate who applies for retirement pursuant to Section 9359.01 of the Government Code and who does not continue in office for the full four years for which he was elected because of a legislative or court reapportionment of Senate districts, or the boundaries thereof, other than a decennial reapportionment, may receive immediate credit in the State Legislators' Retirement System for the full term for which he was elected upon payment, at the time of his application for retirement, of an amount equal to the aggregate contributions to the system that he would otherwise have paid had he remained in office for the full term for which he was elected.

SEC. 3. Section 6 of Chapter 3 of the Statutes of 1965 (2nd Ex. Sess.) is repealed.

SEC. 4. Section 7 of Chapter 3 of the Statutes of 1965 (2nd Ex. Sess.) is repealed.

CHAPTER 95

An act to maintain the Insurance Code by amending Sections 779.21 and 12408, relating to insurance.

[Approved by Governor May 3, 1967. Filed with Secretary of State May 3, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 779.21 of the Insurance Code is amended to read:

779.21. The commissioner may adopt, pursuant to the provisions of Chapter 4.5 (commencing with Section 11371) of Part 1 of Division 3 of Title 2 of the Government Code, such reasonable rules and regulations as may be necessary to carry out the provisions of this article.

SEC. 2. Section 12408 of the Insurance Code is amended to read:

12408. Every title insurer shall include in its annual statement furnished the commissioner pursuant to Article 10 (commencing with Section 900), Chapter 1, Part 2, Division 1 of this code, the name of each person which is a controlled escrow company or underwritten title company by reason of its relationship with such title insurer.

CHAPTER 96

An act to amend Sections 70 and 70.1, and to repeal Section 70.3, of the Streets and Highways Code, relating to the California Highway Commission.

[Approved by Governor May 4, 1967. Filed with Secretary of State May 4, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 70 of the Streets and Highways Code is amended to read:

70. There is in the department the California Highway Commission, consisting of seven members. The chairman of the commission shall be selected by a majority vote of the members thereof and shall serve for one year on a calendar year basis; provided, that the first chairman selected after the effective date of the 1967 amendment to this section shall serve until January 1, 1968; and provided, further, that no member shall serve as chairman for more than two successive years. The Governor shall nominate and, with the advice and consent of the Senate, shall appoint the members of the commission. Except as provided in Section 70.1, the members shall hold office for terms of four years and until their successors are appointed and qualify. The members shall receive their actual and necessary traveling expenses incurred in the dis-

charge of their duties. Each member of the commission shall take the oath of office prescribed for other state officers. The Director of Public Works shall not be a member of the commission but shall serve as administrative officer thereof and may act for the chairman of the commission in administrative matters. He shall prepare or cause to be prepared the agenda for all meetings of the commission and may, as necessary, call meetings of the commission. The divisions shall transmit their recommendations affecting the activities of the commission directly to the commission and to the administrative officer. The administrative officer shall comment on all recommendations made to the commission by the divisions when he deems the recommendation to be of major importance, or when he deems it desirable, or when requested so to do by the commission or any member thereof.

SEC. 2. Section 70.1 of the Streets and Highways Code is amended to read:

70.1. The Governor shall make the first appointments hereunder for terms expiring, respectively, on the 15th day of January, one in each of the years 1944 and 1946 and two in each of the years 1945 and 1947, and shall appoint a successor to any term expiring before the next session of the Legislature convenes. The Governor shall make the first appointment of the appointive member of the commission provided for at the 1967 Regular Session for a term expiring on the 15th day of January 1970. Whenever a term expires or a vacancy occurs when the Legislature is not in session, the Governor shall appoint a successor to fill the vacancy. The Senate shall consider without further presentation any appointment made when the Legislature is not in session. If the Senate consents to any appointment, such person shall hold office to the end of the term to which appointed. If the Senate takes no final action on any appointment at the next regular session of the Legislature following such appointment, the person so appointed shall hold office only until the adjournment of such session. If the Senate by final vote refuses to consent, the person so appointed shall hold only until such refusal.

SEC. 3. Section 70.3 of the Streets and Highways Code is repealed.

CHAPTER 97

An act to add Section 11307 to the Welfare and Institutions Code, relating to aid to families with dependent children.

[Approved by Governor May 4, 1967. Filed with Secretary of State May 4, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 11307 is added to the Welfare and Institutions Code, to read:

11307. If an unemployed parent is absent from an assigned community work or training project without good cause, aid to the unemployed parent and his family may be reduced in an amount equal to the credited hourly rate for the work times the number of hours he was absent from the assigned work or project.

CHAPTER 98

An act to add Chapter 4 (commencing with Section 63001) to Part 3 of Division 21 of the Agricultural Code, as proposed by Senate Bill No. 1, relating to marketing of avocados.

[Approved by Governor May 4, 1967. Filed with Secretary of State May 4, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Chapter 4 (commencing with Section 63001) is added to Part 3 of Division 21 of the Agricultural Code, as proposed by Senate Bill No. 1, to read:

CHAPTER 4 MARKETING OF AVOCADOS

63001. The commissioner of each county, under the supervision of the director, shall enforce this chapter insofar as it relates to the keeping of the records which are required to be kept by this chapter.

63002. Every person who purchases or receives on consignment avocados for purposes of processing or sale from any person, except a grower, licensed dealer, broker, commission merchant, agricultural cooperative, or wholesaler, shall keep a record of the name and address of the person from whom each lot of such avocados was purchased or received on consignment. The purchaser or consignee shall also record the driver's license number or other reasonable identification of the person who makes delivery of each lot of such avocados.

63003. The record and statement required to be made by this chapter shall be kept for one year from the date of purchase or delivery, whichever is later, and shall be made available for inspection upon request by the commissioner.

63004. Any violation of this chapter is a misdemeanor.

CHAPTER 99

An act to add Section 13585 to the Education Code, relating to school employees' physical examinations.

[Approved by Governor May 4, 1967. Filed with Secretary of State May 4, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 13585 is added to the Education Code, to read:

13585. Whenever a governing board of a school district requires a physical examination to be taken by a classified employee or employees, either by rule or by its direction or the direction of its authorized district administrator; or when classified employees are required by law to submit to a physical examination for continuance in employment, the board shall either provide the required examination, cause it to be provided, or provide the employee with reasonable reimbursement for the required examination.

If the governing board requires a physical examination or an examination is required by law as a condition of pre-employment, it may cause the required examination to be given. It may, if an applicant is required to take a pre-employment physical examination, provide for reasonable reimbursement if the applicant is subsequently employed by the district.

The provisions of this section are not intended to supersede the provisions of Section 12915 of this code.

This section shall apply to districts that have adopted the merit system in the same manner and effect as if it were a part of Article 5 (commencing with Section 13701) of this chapter.

CHAPTER 100

An act to amend Sections 4000 and 4700 of the Fish and Game Code, relating to ringtailed cats.

[Approved by Governor May 4, 1967. Filed with Secretary of State May 4, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 4000 of the Fish and Game Code is amended to read:

4000. The following are fur-bearing mammals: pine marten, fisher, wolverine, mink, river otter, gray fox, cross fox, silver fox, red fox, kit fox, raccoon, beaver, badger, and muskrat.

SEC. 2. Section 4700 of the Fish and Game Code is amended to read:

4700. Fully protected mammals are: sea otter (genus Enhydra), Guadalupe fur seal (genus Arctocephalus), sea ele-

phant (genus Mirounga), ringtailed cat (genus Bassariscus) and mountain sheep (genus Ovis).

Fully protected mammals may not be taken at any time and no provision of this code or any other law shall be construed to authorize the issuance of permits or licenses to take any fully protected mammal and no permits or licenses heretofore issued shall have any force or effect for any such purpose.

CHAPTER 101

An act to amend Section 29084 of the Government Code, relating to budget appropriations.

[Approved by Governor May 4, 1967. Filed with Secretary of State May 4, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 29084 of the Government Code is amended to read:

29084. The budget may contain an appropriation or appropriations for contingencies which the board may establish by either or a combination of the following methods:

(a) Setting aside an amount within a fund not to exceed 10 percent of the total appropriations from the respective fund exclusive of the amount of the appropriation for contingencies.

(b) Setting aside an amount in a separate contingency fund or in the General Fund not to exceed 10 percent of the total appropriations contained in the budget, exclusive of all appropriations for bonded debt service and all appropriations for contingencies. The total appropriations on which the 10-percent limitation is based shall exclude the total appropriations on each fund for which an appropriation for contingencies is established pursuant to (a).

CHAPTER 102

An act to amend Section 32127.1 of the Health and Safety Code, relating to local hospital districts, declaring the urgency thereof, to take effect immediately.

[Approved by Governor May 4, 1967. Filed with Secretary of State May 4, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 32127.1 of the Health and Safety Code is amended to read:

32127.1. Notwithstanding any other provision of law, the board of directors of any district which is licensed to have 85 beds and located within a county of 2,000,000 or more population, as determined by the 1950 census, may, without estab-

lishing a fund for capital outlays and without the approval of the district electors, use all or any funds in the possession of, or held by, the district on the effective date of the amendment made to this section at the 1967 Regular Session which were derived from previous tax levies, for the acquisition of additional patient bed capacity by lease or purchase of any hospital buildings or facilities or for new construction of additional patient bed capacity for an existing hospital.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Unprecedented demands for hospital services are being made upon the hospitals of local hospital districts licensed to have 85 beds and located in a county of 2,000,000 or more population. These demands are the result of the tremendous increase which has taken place in the population of such districts. To enable the hospitals adequately to meet these demands, it is imperative that immediate action be taken to permit the districts which maintain the hospitals to expend tax revenues for the acquisition or construction of additional patient bed capacity for the hospitals. It is, therefore, necessary that this act take effect immediately.

CHAPTER 103

An act making an appropriation to the Department of the Youth Authority for capital outlay expenditures, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor May 4, 1967. Filed with Secretary of State May 4, 1967.]

The people of the State of California do enact as follows:

SECTION 1. The sum of two thousand one hundred dollars ($2,100) of the appropriation made by Item 371, Schedule (c), Budget Act of 1966, is reappropriated to the Department of the Youth Authority for expenditure for construction of a sidewalk on that portion of Bloomfield Avenue adjacent to the Southern California Reception Center in Norwalk and which is off state property.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The effective operation of the Southern Reception Center and Clinic by the Department of the Youth Authority will be hampered if necessary sidewalks are not constructed as soon as possible. It is, therefore, essential that this act go into immediate effect.

CHAPTER 104

An act to amend Sections 14105 and 14150, and to add Sections 14150.2 and 14150.3 to, the Welfare and Institutions Code, relating to medical assistance, declaring the urgency thereof, to take effect immediately.

[Approved by Governor May 5, 1967. Filed with Secretary of State May 6, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 14105 of the Welfare and Institutions Code is amended to read:

14105. The director shall prescribe the policies to be followed in the administration of this chapter and Chapter 8 (commencing with Section 14500) and the scope of the services to be provided, and may limit the rates of payment for such services, and shall adopt such rules and regulations as are necessary for carrying out, not inconsistent with, the provisions thereof.

Such policies and regulations shall include rates for payment for services not rendered under a contract pursuant to Section 14104. Standards for costs shall be based on payments of the reasonable cost for such services.

Insofar as practical, consistent with the efficient and economical administration of this part, the department shall afford recipients of public assistance free choice of arrangements under which they shall receive basic health care.

In establishing the scope of services to be provided, the director shall provide for recipients at least for a minimum coverage as defined in Section 14056, and insofar as possible shall include other health care and related remedial or preventive services giving priority to those services which are considered to have the greatest value in preventing or reducing the likelihood of future high cost medical services.

Notwithstanding the provisions of the preceding paragraph, and in accordance with the intent of this chapter and Chapter 8 (commencing with Section 14500), the director, with respect to medically indigent persons, may limit, by appropriate classifications, the number of medically indigent persons eligible, and may limit the scope and kinds of basic health care and extended health services to which such persons are entitled, to the extent necessary to operate programs under this part within the limits of appropriated funds. When and if necessary, such action shall be taken by the director with the advice of the Health Review and Program Council and in ways consistent with the requirements of the Federal Social Security Act.

SEC. 2. Section 14150 of the Welfare and Institutions Code is amended to read:

14150. The total expenditures authorized for cost of care and county administration in any fiscal year by this chapter

and Chapter 8 of this part shall not exceed the sum, added to the maximum available federal funds, of eighteen dollars and twenty-five cents ($18.25) multiplied by the sum of the 12 monthly numbers of (1) recipients under Chapter 2 (commencing with Section 11200) of this part, (2) certified medically indigent persons, and (3) recipients under Chapters 3 (commencing with Section 12000), 4 (commencing with Section 12500), 5 (commencing with Section 13000), and 6 (commencing with Section 13500) of this part, unless the Legislature, in the Budget Act, appropriates additional funds to be expended under this chapter and Chapter 8 of this part, and authorizes the expenditure of such funds notwithstanding the limitation fixed by this section. As used in this paragraph "total expenditures authorized for cost of care and county administration" includes the cost for health care for categorical aid recipients and certified medically indigent persons as enumerated in this paragraph, but does not include costs of care for other persons in a county hospital or a contract hospital nor that portion of the county cost of administration which is attributable to the health care provided to other persons, in a county hospital or contract hospital.

The sums authorized for expenditure pursuant to this section shall not be construed as limiting the amount of service or the period over which such service may be granted with respect to any person found to be eligible for care under this chapter or Chapter 8 of this part.

In addition to the sums specified in Section 14151, the county share towards the cost of care and county administration provided under this chapter and Chapter 8 (commencing with Section 14500) shall include:

1 (a) An amount equal to ninety percent (90%) of the county cost of health care, excluding the amounts specified in the following table, uncompensated from any source in 1964–65 for all categorical aid recipients and other persons age 65 or over in the county medical institutions; plus

(b) The amount specified in the following table for the particular county, increased for such county for each fiscal year subsequent to 1964–65 by an amount proportionate to the increase in population for such county, as determined by the Department of Finance, measured from July 1, 1965:

(c) An amount equal to 90 percent of any part of the cost of care paid as the result of Title XVIII of the Federal Social Security Act for each person eligible under a state plan approved under Title XIX of the Federal Social Security Act which results in an excess of receipts over the amounts of uncompensated costs of health care which would otherwise have been incurred by the county.

The percentage specified in subdivision (c) hereof shall be reduced, for each county, to be from July 1, 1967 to June 30, 1968 eighty-five percent (85%) of said amount; from July 1, 1968 to June 30, 1969 eighty percent (80%) of said amount; and after July 1, 1969 seventy-five percent (75%) of said amount.

The remaining percentage of the base sums specified shall be used by the county for medical and health services.

SEC. 3. Section 14150.2 is added to the Welfare and Institutions Code, to read:

14150.2. (a) A county which has elected to come within the provisions of Section 14150.1 shall not on and after July 1, 1967, be reimbursed for any increase in health services for persons in county or contract hospitals, unless the county first submits to the administrator a plan for such increased health services, and the administrator approves the plan. If the administrator approves the plan the county shall be reimbursed for the costs of providing such increased health services. The administrator shall adopt standards for approval of plans for increased health services pursuant to this subdivision. In no case shall the administrator approve any plan which increases costs to the state above the limit on expenditures specified in subdivision (c) of this section.

(b) A county which has elected to come within the provisions of Section 14150.1 shall not be reimbursed for the cost of providing on and after July 1, 1967, increases in compensation for persons employed by the county in county hospitals, unless such increases in compensation meet the following compensation standards:

The Health and Welfare Administrator shall make a finding and, based upon that finding, make recommendations as to the level of salaries and wages which the state should pay. The findings shall be based on an annual salary survey prepared by the State Personnel Board of prevailing or comparable wage and salary rates for the same or similar services in communities. The survey shall include due consideration of differences in salaries and wages in different areas of the state.

(c) Notwithstanding any other provision of this code, the state's obligation to pay to counties which have elected to come within the provisions of Section 14150.1 the amounts of costs incurred in the 1967–68 fiscal year for persons in county or contract hospitals who are neither categorical aid recipients nor medically indigent persons as specified in Section 14150 which are in excess of such costs for the 1964–65 fiscal year shall not exceed forty-four million dollars ($44,000,000) dur-

ing the 1967–68 fiscal year, and in subsequent fiscal years shall not exceed the amount appropriated by the Legislature in the Budget Act for that purpose.

SEC. 4. Section 14150.3 is added to the Welfare and Institutions Code, to read:

14150.3. The board of supervisors of each county electing to come within the provisions of Section 14150.1, by July 1, 1967, shall submit to the director the following:

(a) A copy of the county standards for medical aid and care for the indigent and dependent poor of the county, published pursuant to Section 17001, which were in effect on June 30, 1967.

(b) A statement of the scope and level of services provided to the indigent and dependent poor of the county in the county hospital or a contract hospital as of June 30, 1967.

(c) A statement of obligations for medical care approved by the board of supervisors prior to June 30, 1967.

Any increase in cost to the state arising out of a change in the standards, services, or obligations mentioned in subdivisions (a), (b) or (c) must receive prior approval by the director.

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the State Constitution and shall go into immediate effect. The facts constituting such necessity are.

In order that the California Medical Assistance Program be permitted to operate at its present level, as contemplated by the Legislature, it is essential that this act take effect immediately.

CHAPTER 105

An act to amend Sections 71630, 71631, 71632, 71633, 71800, 71810, 71811, 71812, 71861, 71953 and 71973 of the Water Code, relating to municipal water districts, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor May 9, 1967. Filed with Secretary of State May 9, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 71630 of the Water Code is amended to read:

71630. The district by ordinance may fix on or before the third Monday of August, in each fiscal year, a water standby assessment or availability charge in the district, in any portion thereof, or in any improvement district, to which water is made available by the district, whether the water is actually used or not.

SEC. 2. Section 71631 of the Water Code is amended to read:

71631. The standby assessment or availability charge shall not exceed ten dollars ($10) per acre per year for each acre of land on which the charge is levied or five dollars ($5) per year for a parcel less than one acre.

SEC. 3. Section 71632 of the Water Code is amended to read:

71632. The ordinance fixing a standby assessment or availability charge shall be adopted by the board only after adoption of a resolution setting forth the particular schedule or schedules of charges or assessments proposed to be established by ordinance and after a hearing on said resolution. The secretary shall cause notice of a time and place of hearing thereon to be published, pursuant to Section 6066 of the Government Code, prior to the date set for hearing, in a newspaper of general circulation printed and published within the district, if there is one, and if not, then in such paper printed and published in the county, and shall cause a notice in writing to be mailed, prior to the date set for hearing, to each person to whom a parcel of real property described in such proposed assessment or charge is assessed on the last equalized assessment roll. Such notice shall be mailed to the address shown on the last equalized assessment roll or known to the secretary.

At the time, stated in the notice, the board shall hear and consider all objections or protests, if any, to the resolution referred to in the notice and may continue the hearing from time to time. Upon the conclusion of the hearing the board may adopt, revise, change, reduce or modify an assessment or charge or overrule any or all objections. The board shall make its determination upon each assessment or charge as described in the resolution which determination shall be final.

SEC. 4. Section 71633 of the Water Code is amended to read:

71633. The ordinance fixing a standby assessment or availability charge may establish schedules varying the charges according to land uses, water uses, and degree of water availability.

SEC. 5. Section 71800 of the Water Code is amended to read:

71800. A district may issue warrants to pay the formation expenses of the district. The warrants may bear interest at a rate not exceeding 7 percent per year from the date of issue until funds are available to pay the warrants.

SEC. 6. Section 71810 of the Water Code is amended to read:

71810. A district may issue negotiable promissory notes pursuant to Sections 71811 and 71812. Such promissory notes shall bear interest at a rate not exceeding 7 percent per year. They shall be general obligations of the district payable from revenues and taxes in the same manner as bonds of the district.

SEC. 7. Section 71811 of the Water Code is amended to read:

71811. A district may issue negotiable promissory notes pursuant to this section to acquire funds for any district purposes. The maturity of such promissory notes shall not be later than five years from the date thereof. The total aggregate amount of such notes outstanding at any one time may be at least equal to seventy-five thousand dollars ($75,000) in any district but shall not exceed the lesser of either one million five hundred thousand dollars ($1,500,000) or 2 percent of the assessed valuation of the taxable property in the district, or, if the assessed valuation is not obtainable, 2 percent of the county auditor's estimate of the assessed valuation of the taxable property in the district evidenced by his certificate. Promissory notes issued pursuant to Section 71812 may be disregarded in computing the aggregate amount of notes that may be issued pursuant to this section.

SEC. 8. Section 71812 of the Water Code is amended to read:

71812. A district may issue negotiable promissory notes pursuant to this section for the purpose of acquiring funds to finance the construction or acquisition of administrative offices, construction headquarters, commercial offices, or facilities for similar district purposes and for the acquisition of land for district purposes. The maturity of such promissory notes shall not be later than 10 years from the date thereof. The total aggregate amount of such notes outstanding at any one time may be at least equal to fifty thousand dollars ($50,000) in any district, but shall not exceed the lesser of either five hundred thousand dollars ($500,000) or 1 percent of the assessed valuation of the taxable property in the district, or, if the assessed valuation is not obtainable, 1 percent of the county auditor's estimate of the assessed valuation of the taxable property in the district evidenced by his certificate. Promissory notes issued pursuant to Section 71811 may be disregarded in computing the aggregate amount of notes that may be issued pursuant to this section.

SEC. 9. Section 71861 of the Water Code is amended to read:

71861. The resolution calling the bond election shall state all of the following:

(a) The purpose for which the proposed debt is to be incurred, which may include expenses of all proceedings for the authorization, issuance, and sale of the bonds.

(b) The amount of debt to be incurred.

(c) The maximum term the bonds proposed to be issued shall run before maturity, which shall not exceed 40 years.

(d) The maximum rate of interest to be paid, which shall not exceed 6½ percent per year, payable semiannually, except that interest for the first year may be payable at the end of that year.

(e) The measure to be submitted to the voters.

(f) The date upon which an election shall be held for the purpose of authorizing the bonded indebtedness to be incurred.

(g) The designation of precincts, the location of polling places, and the names of the officers selected to conduct the election, who shall consist of one judge, one inspector, and two clerks in each precinct.

SEC. 10. Section 71953 of the Water Code is amended to read:

71953. The bonds shall bear interest at a rate or rates not to exceed 6½ percent per year, payable semiannually, except that interest for the first year may be payable at the end of that year.

SEC. 11. Section 71973 of the Water Code is amended to read:

71973. Interest on any bonds issued by the district coming due before the proceeds of a tax levied at the next general tax levy after the sale of the bonds are available, and interest on any bonds issued by the district coming due before the expiration of one year following completion of the acquisition and construction of the works and improvements for which the bonds were issued may be paid from the proceeds of the sale of the bonds.

SEC 12. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Due to current and anticipated economic circumstances the temporary and permanent financing of public improvements and the repayment of such financing has become more difficult under the applicable provisions of the Municipal Water District Law of 1911 resulting in the inability of districts organized under this act in some instances to finance and construct currently needed public improvements. Thus, it is necessary that this act take effect immediately.

CHAPTER 106

An act to amend Section 25500 of, and to repeal Sections 25501 and 25502 of, the Vehicle Code, relating to reflectorizing material, declaring the urgency thereof, to take effect immediately.

[Approved by Governor May 9, 1967. Filed with Secretary of State May 9, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 25500 of the Vehicle Code is amended to read:

25500. Area reflectorizing material may be displayed on any vehicle, provided: the color red is not displayed on the front; the material is at least three inches from any required

lamp or reflector unless of the same color; designs do not tend to distort the length or width of the vehicle; and designs do not resemble official traffic control devices, except that alternate striping resembling a barricade pattern may be used.

No vehicle shall be equipped with area reflectorizing material contrary to these provisions.

SEC. 2. Section 25501 of the Vehicle Code is repealed.

SEC. 3. Section 25502 of the Vehicle Code is repealed.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Tens of thousands of persons are killed in traffic accidents in the United States each year, while hundreds of thousands suffer disabling injuries. The use of reflectorizing material on automobiles which will be permitted by this act will make them more visible and will help to decrease the number of tragic deaths and injuries which occur on California highways. In order that many lives may be saved and many injuries avoided it is imperative that this act take effect immediately.

CHAPTER 107

An act to amend Section 54149 of the Agricultural Code, as proposed by Senate Bill No. 1, relating to agricultural cooperative associations.

[Approved by Governor May 9, 1967. Filed with Secretary of State May 9, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 54149 of the Agricultural Code, as proposed by Senate Bill No. 1, is amended to read:

54149. The directors shall elect a president, one or more vice presidents, a secretary, a treasurer, and such other officers as may be prescribed by the bylaws. Any two or more offices, except those of president and secretary, may be held by the same person.

The treasurer may be a bank or any depository and as such, shall not be considered as an officer, but as a function of the board of directors. In such case, the secretary shall perform the usual accounting duties of the treasurer, except that the funds shall be deposited only as and where authorized by the board of directors.

CHAPTER 108

An act to amend Section 335 of, and to add Sections 335.1, 335.2, 335.3, 335.4, 335.5, and 335.6 to, the Water Code, relating to beach erosion control, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor May 9, 1967. Filed with Secretary of State May 9, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 335 of the Water Code is amended to read:

335. Whenever a beach erosion control project has been authorized by Congress for federal financial participation in accordance with Public Law 727, 79th Congress, 2nd Session, as amended by Public Law 826, 84th Congress, 2nd Session, or as it may hereafter be amended, or any other act of Congress relating to beach erosion control in which local participation is required, it shall be the policy of the state to bear one-half the costs of local participation required by the authorizing federal legislation, including construction costs and costs of lands, easements and rights-of-way; provided, any affected city, county, or other public agency furnishes assurances satisfactory to the department that it will provide all other local cooperation required by the authorizing federal legislation, will hold and save the state free from damages for all time due to the construction, operation and maintenance of the project, and will maintain and operate the project during its useful life, as may be required to serve its intended purpose, subject to such regulations as may be prescribed therefor by the department.

SEC. 2. Section 335.1 is added to the Water Code, to read:

335.1. Notwithstanding the provisions of Section 335, appropriations may be made by the state, from time to time by law, to pay for the costs of sharing in such participation in beach erosion control projects following state authorization of a specific project, but such participation shall apply only to costs incurred for the project as finally authorized by the Congress and the state, and appropriations for such costs shall not be expended by the state until after the appropriation of construction funds by the Congress.

SEC. 3. Section 335.2 is added to the Water Code, to read:

335.2. Small beach erosion control projects not specifically authorized by Congress and undertaken by the United States Corps of Engineers pursuant to Section 103 of the River and Harbor Act of 1962, Title I of Public Law 87-874, 76 Stat. 1173, and Section 310(b) of the River and Harbor Act of 1965, Title III of Public Law 89-298, 79 Stat. 1073 (33 U.S.C. 426(f) and 426(g)), are authorized for state participation pursuant to Section 335 without further specific authorization by the Legislature, at such costs as may be appropriated by the Legis-

lature upon the recommendation and advice of the department. Such state participation shall not take precedence over other pending projects of higher priority.

SEC. 4. Section 335.3 is added to the Water Code, to read:

335.3. The Sar Diego County Beach Erosion Control Project (Imperial Beach) is authorized for state participation pursuant to Section 335 substantially in accordance with the plan set forth in House Document 399, 84th Congress, and authorized by the River and Harbor Act of 1958, Title I of Public Law 85-500, 72 Stat. 297. Such state participation shall be subject to appropriations applicable thereto or funds available therefor and shall not take precedence over other pending projects of higher priority.

SEC. 5. Section 335.4 is added to the Water Code, to read:

335.4. The San Diego (Sunset Cliffs), California, Beach Erosion Control Project is authorized for state participation pursuant to Section 335 substantially in accordance with the plan set forth in House Document 477, 89th Congress, and authorized by the River and Harbor Act of 1966, Title I of Public Law 89-789, 80 Stat. 1405. Such state participation shall be subject to appropriations applicable thereto or funds available therefor and shall not take precedence over other pending projects of higher priority.

SEC. 6. Section 335.5 is added to the Water Code, to read:

335.5. The Orange County, California, Beach Erosion Control Project is authorized for state participation pursuant to Section 335 substantially in accordance with the plan set forth in House Document 602, 87th Congress, and authorized by the River and Harbor Act of 1962, Title I of Public Law 87-874, 76 Stat. 1173. Notwithstanding the provisions of Section 335.1, state funds appropriated for this project may be expended prior to the appropriation of construction funds for said project by the Congress. Such state participation shall be subject to appropriations applicable thereto or funds available therefor and shall not take precedence over other pending projects of higher priority.

SEC. 7. Section 335.6 is added to the Water Code, to read:

335.6. The Los Angeles County (Redondo Beach to Malaga Cove) Beach Erosion Control Project is authorized for state participation pursuant to Section 335 substantially in accordance with the plans set forth in House Document 277, 83rd Congress, and authorized by the River and Harbor Act of 1954, Title I of Public Law 780, 83rd Congress, Second Session, 68 Stat. 1248. Such state participation shall be subject to appropriations applicable thereto or funds available therefor and shall not take precedence over other pending projects of higher priority.

SEC. 8. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

It is necessary for the preservation of public peace, health, and safety that the vital program of beach erosion control remain in effect. Since the termination date of state assistance for the program would occur before a nonurgency statute could become effective, it is necessary that this act take effect immediately.

CHAPTER 109

An act to amend Sections 1305 and 1306 of the Penal Code, relating to forfeiture of bail.

[Approved by Governor May 9, 1967. Filed with Secretary of State May 9, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 1305 of the Penal Code is amended to read:

1305. If, without sufficient excuse, the defendant neglects to appear for arraignment or for trial or judgment, or upon any other occasion when his presence in court is lawfully required, or to surrender himself in execution of the judgment, the court must direct the fact to be entered upon its minutes and the undertaking of bail, or the money deposited instead of bail, as the case may be, must thereupon be declared forfeited, and, if the amount of the forfeiture exceeds fifty dollars ($50), the clerk of the court shall, promptly upon entering the fact of such failure to appear in the minutes, mail notice of the forfeiture to the surety on the bond or depositor of money instead of a bond, and shall execute an affidavit of such mailing and place it in the court's file in the case. If the surety is an authorized corporate surety insurer, and if the bond has plainly printed or stamped thereon the address of its principal office in California, such notice shall be mailed to such surety at such address, and mailing to the bail agent or solicitor who posted said bond shall not constitute compliance with this section; the clerk shall at the same time send a copy of such notice to the bail agent or solicitor who posted said bond. If the clerk fails to mail such notice within 30 days after such entry, the surety or depositor shall be released from all obligations under the bond. But if at any time within 180 days after such entry in the minutes or, if mailing of notice of forfeiture is required, within 180 days after mailing such notice of forfeiture, the defendant and his bail appear, and satisfactorily excuse the defendant's neglect or show to the satisfaction of the court that the absence of the defendant was not with the connivance of the bail, the court shall direct the forfeiture of the undertaking or the deposit to be discharged upon such terms as may be just. If within said 180 days after such entry in the minutes or mailing as the case may be, it be

made to appear to the satisfaction of the court that the defendant is dead or is physically unable, by reason of illness or insanity, or by reason of detention by civil or military authorities, to appear in court at any time during said 180 days, and that the absence of the defendant was not with the connivance of the bail, the court shall direct the forfeiture of the undertaking or the deposit to be discharged upon such terms as may be just. If at any time within said 180 days after such entry in the minutes or mailing as the case may be, the bail with the defendant in his custody should appear, the bail may surrender the defendant to the court, may make a motion to set aside the forfeiture, and may request the court not to reinstate the bail.

SEC. 2. Section 1306 of the Penal Code is amended to read:

1306. When any bond is forfeited, if the court which has declared the same forfeited has civil jurisdiction to render judgment in an action arising upon a contract of similar nature and amount, 180 days after such forfeiture, if the same has not been set aside, it shall enter a summary judgment against each bondsman named in such bond in the amount for which such bondsman shall have bound himself; if the court declaring such forfeiture has not jurisdiction to give judgment in an action arising upon a contract of similar nature and amount, said court 180 days after such forfeiture, if the same has not been set aside, shall deliver to the district attorney or civil legal adviser of the board of supervisors of the county in which said court is located said bond, together with a certified copy of its order declaring the same forfeited, and immediately thereafter said district attorney or civil legal adviser must file said bond and said certified copy of forfeiture in a court having jurisdiction to render judgment in an action arising upon a contract of similar nature and amount. The court in which said bond and certified copy of forfeiture shall be so filed shall forthwith enter a summary judgment against each bondsman named in such bond in the amount for which said bondsman shall have bound himself.

If, because of the failure of any court, district attorney, or civil legal adviser to promptly perform the duties enjoined upon them pursuant to this section, summary judgment is not entered within 90 days after the date upon which it may first be entered, the right to do so expires and the bail is exonerated.

A dismissal of the indictment or information after the default of the defendant shall not release or affect the obligation of the bail bond or undertaking.

Within five days after said judgment becomes final the district attorney or other civil legal adviser of the board of supervisors shall demand immediate payment of said judgment. If the judgment remains unpaid for a period of 10 days after demand has been made, he shall forthwith cause a writ of

execution to issue and be levied upon the property of the judgment debtor and shall take any other steps necessary to collect such judgment.

The right to enforce a summary judgment entered against a bondsman pursuant to this section shall expire two years after the entry of such judgment.

CHAPTER 110

An act to amend Section 1372 of the Financial Code, relating to permissible investments for various entities.

[Approved by Governor May 9, 1967. Filed with Secretary of State May 9, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 1372 of the Financial Code is amended to read:

1372. The provisions of this chapter govern the investment of funds by savings banks but wherever by any law of this state it is now provided that the moneys of any pension fund, retirement plan, trust fund, or the moneys of any special fund the investment of which is governed by law, or the funds of any political subdivision or public corporation may or shall be invested in securities which are a legal investment for savings banks, then such law shall be deemed to authorize or require, as the case may be, that such moneys be invested in securities in which savings banks were authorized to invest their funds by the provisions of the Bank Act as it read prior to January 1, 1949, other than paragraph (f) of subdivision 5 of Section 61 of said act or in bonds, debentures, and notes legal for investment for savings banks in the State of New York or the State of Massachusetts as of the time the investment is made or in securities in which savings banks are authorized to invest their funds by the provisions of Sections 1350 to 1366, inclusive, of this chapter; provided, that the provisions of said sections limiting the amount which a savings bank may invest in securities to a specified percent of its paid-up capital and surplus, or savings deposits, shall not apply to investments authorized by the terms of this section, or in which savings banks are authorized to invest their funds by any other law of this state.

The funds of the State Employees' Retirement System and the Legislators' Retirement System may be invested in an amount not exceeding 20 percent of the assets of each of the respective systems as a whole and not by separate funds within each system, in securities, whether or not such securities are herein expressly authorized and whether or not they qualify hereunder, in which in the informed opinion of the board or

officer charged with the investment of funds of such systems respectively it is prudent to invest retirement funds.

The funds of the State Teachers' Retirement System may be invested in an amount not exceeding 20 percent of the assets of such system, in securities, other than corporation shares, whether or not such securities are herein expressly authorized and whether or not they qualify hereunder, in which in the informed opinion of the Teachers' Retirement Board it is prudent to invest retirement funds.

The funds of any retirement system established pursuant to the County Employees' Retirement Law of 1937 may be invested in an amount not exceeding 20 percent of the assets of such system, in securities whether or not such securities are herein expressly authorized, and whether or not they qualify hereunder, in which in the informed opinion of the Board of Retirement it is prudent to invest retirement funds.

The funds of any school district retirement plan may be invested in an amount not exceeding 20 percent of the assets of such system, in securities whether or not such securities are herein expressly authorized, and whether or not they qualify hereunder, in which in the informed opinion of the district retirement board it is prudent to invest retirement funds.

CHAPTER 111

An act to add Section 30546 to the Water Code, relating to county water districts.

[Approved by Governor May 9, 1967. Filed with Secretary of State May 9, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 30546 is added to the Water Code, to read:

30546. Any regular employee of a district who is a deputy sheriff and is designated by appropriate resolution of the board, shall have the authority to issue citations in accordance with the provisions of Chapter 5b (commencing with Section 853.1) and Chapter 5c (commencing with Section 853.6), Title 1, Part 2 of the Penal Code for violations of laws of the state and ordinances of a city or county respecting trespass upon, damage to, interference with, or contamination of, any water, watercourse, structure or facility owned, used or controlled by the district for any purpose.

CHAPTER 112

An act to amend Section 29093 of the Government Code, relating to county final budget.

[Approved by Governor May 9, 1967. Filed with Secretary of State May 9, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 29093 of the Government Code is amended to read:

29093. A copy of the completed budget as finally determined and adopted shall be filed by the auditor in the office of the clerk of the board not later than November 1st of each year.

CHAPTER 113

An act to amend Section 27005 of the Government Code, relating to county officers.

[Approved by Governor May 9, 1967. Filed with Secretary of State May 9, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 27005 of the Government Code is amended to read:

27005. The treasurer shall disburse the county money and all other money placed in his custody by official authority only on county warrants issued by the county auditor, except for the making of legal investments. Any such investments shall be reported daily to the county auditor-controller.

CHAPTER 114

An act to amend Section 43068 of the Government Code, relating to property tax.

[Approved by Governor May 9, 1967. Filed with Secretary of State May 9, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 43068 of the Government Code is amended to read:

43068. Unless a majority of the city electors voting at an election held for that purpose are in favor of it, the annual property tax shall not exceed one dollar ($1) on each

one hundred dollars ($100), exclusive of such tax as may be necessary to pay the costs of any pension plan for city employees adopted pursuant to Article 2, Chapter 2, of Division 5, exclusive of such tax, not to exceed five cents ($0.05) on each one hundred dollars ($100), as may be necessary to pay the costs of civil defense or disaster preparedness, exclusive of such tax as may be necessary to pay the costs of sewerage facilities, exclusive of such tax as may be necessary to pay the costs of park and recreation facilities and exclusive of such tax in addition to the annual tax levy for other municipal purposes authorized by Sections 20532, 37465, 37558, and 43069 of this code, Section 5304 of the Public Resources Code and Section 27401 of the Education Code, and Chapter 3 (commencing with Section 65100) of Title 7 of the Government Code.

CHAPTER 115

An act to amend Section 68097.5 of, and to add Sections 68097.55 and 68097.9 to, the Government Code, relating to court proceedings.

[Approved by Governor May 9, 1967. Filed with Secretary of State May 9, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 68097.5 of the Government Code is amended to read:

68097.5. No member of the California Highway Patrol, sheriff, deputy sheriff or city policeman shall be ordered to return by the court for subsequent proceedings beyond the day stated in the subpoena referred to in Sections 68097.1, 68097.2, 68097.3 and 68097.4, or the day upon which such witness appeared pursuant to the provisions of Section 68097.9, unless the party at whose request such subpoena was issued or the party at whose request the witness is ordered to return, shall first deposit with the clerk of the court or with the tribunal the same sum required to be deposited for the issuance of a subpoena in the first instance.

SEC. 2. Section 68097.55 is added to the Government Code, to read:

68097.55. Notwithstanding the provisions of Section 68097.5, the court, upon good cause shown, may relieve a party of the duty to make any deposit or payment, or portion thereof, required by Sections 68097.1, 68097.2, 68097.3, 68097.4, and 68097.5, other than for the first day's attendance.

SEC. 3. Section 68097.9 is added to the Government Code, to read:

68097.9. A member of the California Highway Patrol, sheriff, deputy sheriff or city policeman who has been subpoenaed pursuant to the provisions of Section 68097.1, 68097.3, or 68097.6, may, in lieu of attendance at the time specified in

the subpoena, agree with the party at whose request such subpoena was issued to appear at another time or pursuant to such notice as may be agreed upon.

CHAPTER 116

An act to amend Sections 3784.5 and 5012.5 of the Elections Code, relating to ballot arguments.

[Approved by Governor May 9, 1967. Filed with Secretary of State May 9, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 3784.5 of the Elections Code is amended to read:

3784.5. A ballot argument shall not be accepted under this article unless accompanied by the name or names of the person or persons submitting it, or, if submitted on behalf of an organization, the name of the organization and the name of at least one of its principal officers.

No more than five signatures shall appear with any argument submitted under this article. In case any argument is signed by more than five persons the signatures of the first five shall be printed.

SEC. 2. Section 5012.5 of the Elections Code is amended to read:

5012.5. A ballot argument shall not be accepted under this article unless accompanied by the name or names of the person or persons submitting it, or, if submitted on behalf of an organization, the name of the organization and the name of at least one of its principal officers.

No more than five signatures shall appear with any argument submitted under this article. In case any argument is signed by more than five persons the signatures of the first five shall be printed.

CHAPTER 117

An act to amend Sections 4.4, 4.15, 15, and 16 of the Placer County Water Agency Act (Chapter 1234, Statutes of 1957), relating to the powers of the Placer County Water Agency, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor May 9, 1967. Filed with Secretary of State May 9, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 4.4 of the Placer County Water Agency Act (Chapter 1234, Statutes of 1957) is amended to read:

Sec. 4.4. The agency shall have the power within or outside the agency to construct, purchase, lease, or otherwise acquire works, to purchase, lease, appropriate or otherwise acquire water and water rights, useful or necessary to make use of water for any purposes authorized by this act, and to make payments in lieu of taxes to any or all political subdivisions, including but not limited to school districts, upon works acquired by the agency situate within such political subdivisions.

SEC. 2. Section 4.15 of the Placer County Water Agency Act (Chapter 1234, Statutes of 1957) is amended to read:

Sec. 4.15. Notwithstanding the provisions of Section 13 of this act and in addition to the other powers provided in this act, the agency by agreement authorized by resolution of the board may incur an indebtedness for the agency or for any zone or participating zones designated in such resolution for acquisition or construction of any works or property, including water or water rights, for any purposes of the agency, to be repaid and liquidated as to both principal and interest only from revenues designated in such agreement which are produced from the collection of rates, tolls or charges for any water or services or facilities furnished, sold or leased by the agency, provided the proposal to incur such indebtedness is first approved at an election at which there is submitted to the qualified voters of the agency, if the indebtedness is to be incurred for the agency, or to the qualified voters of the zone or participating zones, if the indebtedness is to be incurred for a zone or participating zones, the proposition whether such indebtedness shall be incurred. Such election shall be held as nearly as practicable in accordance with the procedures set forth in Section 15 of this act except that the incurring of such indebtedness shall be approved if a majority or more of the votes cast on such proposition are in favor thereof. In the agreement incurring said indebtedness, the agency may pledge to the payment of the amounts to become due thereunder all or any part of the revenue from which such amounts are payable. In connection with such pledge the agreement may contain such covenants, promises, restrictions and provisions as the agency may deem necessary or desirable, including, but not limited to, covenants, promises, restrictions and provisions relating to (a) the operation, maintenance and preservation of the works or property so acquired or constructed, (b) the rates, tolls or charges from which said indebtedness is to be repaid, (c) the incurring of additional indebtedness payable from the revenue pledged, and (d) the establishment, maintenance and use of reserve funds, maintenance and operation funds, funds for the payment of amounts due under the agreement and other funds for the security of the one to whom the indebtedness is owed.

SEC. 3. Section 15 of the Placer County Water Agency Act (Chapter 1234, Statutes of 1957) is amended to read:

Sec. 15. (a) The board by resolution shall establish such zones within the agency as in the judgment of said board are necessary to equitably apportion the benefits of the agency to the lands within the respective zones. Such zones may be established within the agency without reference to the boundaries of other zones, by setting forth the descriptions thereof by metes and bounds and by entitling each of such zones by a zone number. The lands comprising a zone need not be contiguous. All zones shall be established only with respect to projects for the benefit of such zones and proceedings for the establishment of such zones may be conducted concurrently with and as a part of proceedings for the instituting of projects relating to such zones, which proceedings shall be instituted in the manner prescribed in this section.

(b) The board may institute projects for the financing, acquisition, constructing, maintaining, operating, extending, repairing or otherwise improving any work of benefit to single zones or two or more zones. In cases of projects for the benefit of two or more zones, such zones shall become, and shall be referred to as, participating zones. For the purpose of acquiring authority to proceed with any such project, the board shall adopt a resolution specifying its intention to undertake such project, together with the engineering estimates of the cost of same to be borne by the particular zone or participating zones and fixing a time and place for public hearing of said resolution. The resolution shall refer to a map or maps showing the general location and general construction of said project. Notice of such hearing shall be given by publication pursuant to Section 6066 of the Government Code in a newspaper of general circulation designated by the board, circulated in such zone or each of said participating zones, if there be such newspaper, and if there be no such newspaper then by posting notice for two consecutive weeks prior to said hearing in two public places designated by the board, in such zone or in each of said participating zones. Publication shall be completed at least seven days before the date of the hearing. Said notice must designate a public place in such zone or in each of said participating zones where a copy or copies of the resolution and the map or maps of the proposed project may be seen by any interested person; said resolution and map or maps must be posted in each of said public places so designated in said notice at least two weeks prior to said hearing.

(c) At the time and place fixed for the hearing, or at any time to which said hearing may be continued, the board shall consider all written and oral objections to the proposed project. Upon the conclusion of the hearing the board may abandon the proposed project or proceed with the same, or a portion thereof, unless prior to the conclusion of said hearing written protests have been filed against the proposed project signed by owners of real property within the zone or participating zone the assessed value of which, as shown by the last equalized assessment roll, constitutes more than one-half of the total

assessed value of the real property of such zone, in which event further proceedings relating to such project must be suspended for not less than six months following the date of the conclusion of said hearing, or said proceeding may be abandoned at the discretion of the board.

(d) The board shall have power, in any year:

(1) To levy taxes upon all taxable property in each or any of said zones according to benefits derived or to be derived therein to pay the cost and expenses of carrying out any of the objects or purposes of this act of benefit to such zones, including the administering, acquiring, constructing, maintaining, operating, extending, repairing, or otherwise improving any or all works of improvement established or to be established within or on behalf of said respective zones. Said taxes shall be based upon the assessment rolls used by the county for general tax purposes and shall not exceed fifty cents ($0.50) on each one hundred dollars ($100) of assessed valuation, exclusive of any tax levied pursuant to subdivision (f), hereof.

(2) Said taxes shall be levied and collected together with, and not separately from taxes for county purposes, and the revenues derived from said agency taxes shall be paid into the county treasury to the credit of the agency and the respective zones thereof, and the board shall have the power to control and order the expenditure thereof; provided, however, that no revenues, or portions thereof, derived in any of the several zones from the taxes levied under the provisions of this section shall be expended for acquiring, constructing, maintaining, operating, extending, repairing or otherwise improving any works located in any other zone, except in the case of projects for the benefit of participating zones or for projects authorized or established outside such zone or zones, but for the benefit thereof.

(e) Whenever the board determines that a bonded indebtedness should be incurred to pay the cost of any work in any zone or participating zones, the board may by resolution determine and declare the respective amounts of bonds necessary to be issued in each zone in order to raise the amount of money necessary for each work and the maximum rate of interest of said bonds. The board shall cause a copy of the resolution, duly certified by the clerk, to be filed for record in the office of the Recorder of Placer County within five (5) days after its adoption. From and after said filing of said copy of said resolution the board shall be deemed vested with the authority to proceed with the bond election.

(f) After the filing for record of the resolution specified in subdivision (e) of this section, the board may call a special bond election in said zone or participating zones at which shall be submitted to the qualified electors of said zone or participating zones the question whether or not bonds shall be issued in the amount or amounts determined in said resolution and for the purpose or purposes therein stated. Said bonds and

the interest thereon shall be paid from revenue derived from annual taxes levied upon the lands situated within the zone or participating zones, and all such lands shall be and remain liable to be taxed for such payments as provided in this act.

(g) The board shall call such special bond election by resolution and submit to the qualified electors of said zone or participating zones the proposition of incurring a bonded debt in said zone or participating zones in the amount and for the purposes stated in the resolution referred to in subdivision (e) of this section. The resolution calling the bond election shall recite the objects and purposes for which the indebtedness is proposed to be incurred; provided, that it shall be sufficient to give a brief, general description of such objects and purposes, and refer to the recorded copy of the resolution referred to in subdivision (e) of this section. The resolution calling such special bond election shall also state the estimated cost of the proposed work, the amount of the principal of the indebtedness to be incurred and the maximum rate of interest to be paid on said indebtedness. Said resolution shall also fix the date on which such special election shall be held and the form and contents of the ballot to be used. The rate of interest to be paid on such indebtedness shall not exceed six percent (6%) per annum. For the purposes of said election said board shall in said resolution calling said bond election establish a special bond election precinct or precincts within the boundaries of each zone and participating zones and may form election precincts by consolidating the precincts established for general elections in the agency to a number not exceeding six general precincts for each such special bond election precinct. Said resolution shall also designate polling places and appoint at least one inspector, one judge and one clerk for each of such special bond election precincts.

(h) In all particulars not recited in said resolution calling said bond election, such special bond election shall be held as nearly as practicable in conformity with the general election laws of the state.

(i) The board shall cause a map to be prepared covering a general description of the work to be done, which said map shall show the location of the proposed work and shall cause the said map to be posted in a prominent place in the county courthouse for public inspection for at least thirty (30) days before the date fixed for such election.

(j) Said resolution calling for such special bond election shall, prior to the date set for such election, be published in a newspaper of general circulation circulated in each zone and participating zone affected for six consecutive times if published in a daily newspaper of general circulation, or two times if published in a weekly newspaper of general circulation The last publication of such resolution must be at least fourteen (14) days before said election, and if there be no such newspaper, then such resolution shall be posted in two public places

designated by the board, in each zone and participating zone for at least thirty (30) days before the date fixed for such election. No other notice of such election need be given nor need polling place cards be issued.

(k) Any defect or irregularity in the proceedings prior to the calling of such special bond election shall not affect the validity of the bonds authorized by said election. If at such election two-thirds of the votes cast in the zone or in each of the participating zones are in favor of incurring such bonded indebtedness, then bonds for such zone or participating zones for the amount stated in such proceedings may be issued and sold as in this act provided.

(*l*) The board shall, subject to the provisions of this act, prescribe by resolution the form of said bonds, which must include a designation of the zone or participating zones affected, and of the interest coupons attached thereto. Said bonds shall be payable annually or semiannually, at the discretion of the board, each and every year on a day and date and at a place to be fixed by said board and designated in such bonds, together with the interest on all sums unpaid on such date until the whole of said indebtedness shall have been paid.

(m) The board may divide the principal amount of any issue into two or more series and fix different dates for the bonds of each series. The bonds of one series may be made payable at different dates from those of any other series The maturity dates of each series shall comply with this section. The board may fix a date not more than two (2) years from the date of issuance for the earliest maturity of each issue or series of bonds The final maturity date of each issue or series shall not exceed forty (40) years from the time of incurring the indebtedness evidenced by such issue or series.

(n) The bonds shall be issued in such denomination as the board may determine, and shall be payable on the days and at the place fixed in said bonds, and with interest at the rate specified in such bonds, which rate shall not be in excess of six percent (6%) per annum, and shall be made payable annually or semiannually, and the bonds of each issue or series shall be numbered consecutively and shall be signed by the chairman of the board, and countersigned by the auditor of the agency, and the seal of the agency shall be affixed thereto by the clerk of the board. One of such signatures may be printed, engraved or lithographed. The interest coupons of said bonds shall be numbered consecutively and signed by the said auditor by his printed, engraved or lithographed signature. In case any such officers whose signatures or countersignatures appear on the bonds or coupons shall cease to be such officers before the delivery of such bonds to the purchaser, such bonds and coupons, and signatures or countersignatures shall nevertheless be valid and sufficient for all purposes the same as if such officers had remained in office until the delivery of the bonds.

(o) Before selling the bonds, or any part thereof, the board shall give notice not less than 10 days prior to the date of sale

by publication in a newspaper of general circulation circulating in the agency inviting sealed bids in such manner as the board shall prescribe. If satisfactory bids are received, the bonds offered for sale shall be awarded to the highest responsible bidder. If no bids are received, or if the board determines that the bids received are not satisfactory as to price or responsibility of the bidders, the board may reject all bids received, if any, and either readvertise or sell the bonds at private sale.

(p) Any bonds issued under the provisions of this section, and the interest thereon, shall be paid by revenues derived from an annual tax upon all taxable property in the zone or participating zones sufficient to pay the interest and such portion of the principal of said bonds as is due or to become due before the time for making the next general tax levy. No zone nor the property therein shall be liable for the share of bonded indebtedness of any other zone, nor shall any moneys derived from taxation in any of the several zones be used in payment of principal or interest or otherwise of the share of the bonded indebtedness chargeable to any other zone. Such taxes shall be levied and collected in the respective zones or participating zones, together with and not separately from taxes for county purposes, and the revenues derived from said taxes shall be paid into the county treasury of said Placer County to the credit of the zone of payment, and be used for the payment of the principal and interest on said bonds, and for no other purpose. It is hereby declared that for the purposes of any tax levied pursuant to this subdivision (p), the property so taxed within a given zone is equally benefited

SEC. 4. Section 16 of the Placer County Water Agency Act (Chapter 1234, Statutes of 1957) is amended to read:

Sec. 16. If the board by resolution determines that a bonded indebtedness to pay the acquisition or construction of any works for any purposes of the agency or for refunding any outstanding bonds should be incurred and can be repaid and liquidated as to both principal and interest from revenues designated by the board, the agency is authorized and shall have the power to define such works as an "enterprise" and to issue revenue bonds, all in the manner and as provided in the Revenue Bond Law of 1941; provided, however, that, notwithstanding the provisions of Government Code Section 54310, the board shall have the power, subject to the limitations of Section 4.1 hereof, to borrow money and issue revenue bonds for, and to define "enterprise" to include, systems, plants, works or undertakings for the generation, production, transmission and sale of hydroelectric energy; and provided, further, that notwithstanding the provisions of Section 54400 of the Government Code, the board may determine and provide, in any resolution for the issuance of revenue bonds, for maturity dates of the revenue bonds not exceeding 50 years from their date of issuance.

If the interest and principal of the revenue bonds and all charges to protect or secure them have been paid when due, an amount for the necessary and reasonable maintenance and operation costs of the enterprise, which costs include the reasonable expenses of management, repair and other expenses necessary to maintain and preserve the enterprise in good repair and working order, may be apportioned from the revenues, and subject to any limiting covenants in the resolution providing for the issuance of bonds, the remaining surplus may be used for any lawful purpose of the agency, which, without limiting the generality of the foregoing, shall include the right and authority to expend any or all of such surplus as contributions in aid of necessary extensions of water storage and distribution facilities of the agency, payments in lieu of taxes to any or all political subdivisions, including but not limited to school districts, upon works of the agency situate within such political subdivisions in the County of Placer, and the purchase or obtaining of additional water supplies.

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

To assist in the effective operation of the Placer County Water Agency and in the immediate financing of water facilities and other revenue-producing works in the agency, which operation and financing is necessary for the preservation of the public health and safety, it is imperative that this act go into effect immediately.

CHAPTER 118

An act to amend Section 35221 of the Agricultural Code as proposed by Senate Bill No. 1, relating to frozen milk products licensing fees.

[Approved by Governor May 9, 1967. Filed with Secretary of State May 9, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 35221 of the Agricultural Code, as proposed by Senate Bill No. 1, is amended to read:

35221. Every person, except a hospital or sanitarium, that is engaged in the business of dealing in, receiving, manufacturing, freezing, or processing ice cream, ice milk, sherbet, or any similar frozen product, or that is engaged in the business of manufacturing, freezing, or processing imitation ice cream, imitation ice milk, or any similar frozen product, shall pay the following fees:

(a) A license fee of forty dollars ($40), for the calendar year for which such license is issued.

(b) A fee for the renewal of a license of forty dollars ($40), plus three dollars ($3) for each additional 10,000 gallons or fraction of 10,000 gallons over and above 20,000 gallons which were manufactured during the preceding year, ending the 31st day of December.

SEC. 2. Any revenues derived from any increase in fees provided for in this act shall not be available for expenditure unless appropriated.

CHAPTER 119

An act to maintain the Code of Civil Procedure by amending Sections 663a, 710, and 1243, relating to civil procedure.

[Approved by Governor May 9, 1967. Filed with Secretary of State May 9, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 663a of the Code of Civil Procedure is amended to read:

663a. The party intending to make the motion mentioned in the last section must file with the clerk and serve upon the adverse party a notice of his intention, designating the grounds upon which the motion will be made, and specifying the particulars in which the conclusions of law are not consistent with the finding of facts or in which the judgment or decree is not consistent with the special verdict, either

1. Before the entry of judgment;

2. Within 10 days of the date of mailing of notice of entry of judgment by the clerk of the court pursuant to Section 664.5, or service upon him by any party of written notice of entry of judgment, or within 180 days after the entry of judgment, whichever is earlier.

An order of the court granting such motion may be reviewed on appeal in the same manner as a special order made after final judgment.

SEC. 2. Section 710 of the Code of Civil Procedure is amended to read:

710. (a) Whenever a judgment for the payment of money is rendered by any court of this state against a defendant to whom money is owing and unpaid by this state or by any county, city and county, city or municipality, quasi-municipality or public corporation, the judgment creditor may file a duly authenticated abstract or transcript of such judgment together with an affidavit stating the exact amount then due, owing and unpaid thereon and that he desires to avail himself of the provisions of this section in the manner as follows:

1. If such money, wages or salary is owing and unpaid by this state to such judgment debtor, said judgment creditor shall file said abstract or transcript and affidavit with the

state department, board, office or commission owing such money, wages or salary to said judgment debtor prior to the time such state department, board, office or commission presents the claim of such judgment debtor therefor to the State Controller or to the State Personnel Board. Said state department, board, office or commission in presenting such claim of such judgment debtor to said State Controller shall note thereunder the fact that the filing of such abstract or transcript and affidavit and state the amount unpaid on said judgment as shown by said affidavit and shall also note any amounts advanced to the judgment debtor by, or which the judgment debtor owes to, the State of California by reason of advances for expenses or for any other purpose. Thereupon the State Controller, to discharge such claim of such judgment debtor, shall pay into the court which issued such abstract or transcript by his warrant or check payable to said court the whole or such portion of the amount due such judgment debtor on such claim, after deducting from such claim an amount sufficient to reimburse the state department, board, officer or commission for any amounts advanced to said judgment debtor or by him owed to the State of California, and after deducting therefrom an amount equal to one-half the salary or wages owing to the judgment debtor for his personal services to the state rendered at any time within 30 days next preceding the filing of such abstract or transcript, as will satisfy in full or to the greatest extent the amount unpaid on said judgment and the balance thereof, if any, to the judgment debtor.

2. If such money, wages or salary is owing and unpaid to such judgment debtor by any county, city and county, city or municipality, quasi-municipality or public corporation, said judgment creditor shall file said abstract or transcript and affidavit with the auditor of such county, city and county, city or municipality, quasi-municipality or public corporation (and in case there be no auditor then with the official whose duty corresponds to that of auditor). Thereupon said auditor (or other official) to discharge such claim of such judgment debtor shall pay into the court which issued such abstract or transcript by his warrant or check payable to said court the whole or such portion of the amount due on such claim of such judgment debtor, less an amount equal to one-half the salary or wages owing by the county, city and county, city, municipality, quasi-municipality, or public corporation to the judgment debtor for his personal services to such public body rendered at any time within 30 days next preceding the filing of such abstract or transcript, as will satisfy in full or to the greatest extent the amount unpaid on said judgment and the balance thereof, if any, to the judgment debtor.

(b) The judgment creditor upon filing such abstract or transcript and affidavit shall pay a fee of two dollars and fifty cents ($2.50) to the person or agency with whom the same is filed.

(c) Whenever a court receives any money hereunder, it shall pay as much thereof as is not exempt from execution under this code to the judgment creditor and the balance thereof, if any, to the judgment debtor. The procedure for determining the claim of exemption shall be governed by the procedure set forth in 690.26 of this code.

(d) In the event the moneys owing to a judgment debtor by any governmental agency mentioned in this section are owing by reason of an award made in a condemnation proceeding brought by the governmental agency, such governmental agency may pay the amount of the award to the clerk of the court in which such condemnation proceeding was tried, and shall file therewith the abstract or transcript of judgment and the affidavit filed with it by the judgment creditor. Such payment into court shall constitute payment of the condemnation award within the meaning of Section 1251 of this code. Upon such payment into court and the filing with the county clerk of such abstract or transcript of judgment and affidavit, the county clerk shall notify by mail, through their attorneys, if any, all parties interested in said award of the time and place at which the court which tried the condemnation proceeding will determine the conflicting claims to said award. At said time and place the court shall make such determination and order the distribution of the money held by the county clerk in accordance therewith.

(e) The judgment creditor may state in the affidavit any fact or facts tending to establish the identity of the judgment debtor. No public officer or employee shall be liable for failure to perform any duty imposed by this section unless sufficient information is furnished by the abstract or transcript together with the affidavit to enable him in the exercise of reasonable diligence to ascertain such identity therefrom and from the papers and records on file in the office in which he works. The word "office" as used herein does not include any branch or subordinate office located in a different city.

(f) Nothing in this section shall authorize the filing of any abstract or transcript and affidavit against any wages, or salary owing to the Governor, Lieutenant Governor, Secretary of State, Controller, Treasurer, and Attorney General.

(g) Any fees received by a state agency under this section shall be deposited to the credit of the fund from which payments were, or would be, made on account of a garnishment under this section. For the purpose of this paragraph, payments from the State Pay Roll Revolving Fund shall be deemed payments made from the fund out of which moneys to meet such payments were transferred to said revolving fund.

SEC. 3. Section 1243 of the Code of Civil Procedure is amended to read:

1243. All proceedings under this title must be commenced in the superior court of the county in which the property sought to be taken is situated; provided, that where, of any

one piece or article of property, or of any one interest in or to property, sought to be taken, a portion thereof is situated in one county and another portion thereof is situated in another county, the plaintiff may commence such proceedings in any of the counties where any portion of such piece or article of property, or interest in or to property, is situated, and the county so selected is the proper county for the trial of such proceedings; and provided, further, that when the plaintiff is a county, city and county, incorporated city or town, or a municipal water district, and the property sought to be taken is situated in more than one county, then the proceeding may be brought, at the option of the plaintiff, in any county wherein is situated any of the property sought to be taken, and said proceeding may be tried in said county, with reference to any property situated in the state; provided, however, that the right in this section granted to any plaintiff to commence and try an action in any county other than the county in which may be located any property in said action sought to be taken, shall be limited to property which is owned by the defendant, or by the defendant in common with the other defendants, or some of them. All such proceedings must be commenced by filing a complaint and issuing a summons. The provisions of this code for the change of place of trial of actions shall apply to proceedings under this title except as in this section otherwise provided. Nothing herein contained shall be construed to repeal any law of this state giving jurisdiction to the Public Utilities Commission to ascertain the just compensation which must be paid in eminent domain proceedings. A lis pendens shall be recorded in the office of the county recorder at the time of the commencement of the action in every county in which any of the property to be affected shall be located.

CHAPTER 120

An act to maintain the Education Code by amending Sections 5014, 25444, and 27509, by amending and renumbering the headings of Article 17 (commencing with Section 6481), Chapter 6, Division 6 (as added by Chapter 1536 of the Statutes of 1965), and Chapter 6 (commencing with Section 25546.01), Division 18.5 (as added by Chapter 1790 of the Statutes of 1963), and Section 1111.2 (as added by Chapter 774 of the Statutes of 1965). Sections 6481, 6482, 6483, 6484, 6485, 6486 (as added by Chapter 1536 of the Statutes of 1965), and Sections 6487, 6488, 6489, 12915 (as added by Chapter 1648 of the Statutes of 1965), 25450.30, 25457.6 (as added by Chapter 1572 of the Statutes of 1965), and by repealing Sections 1111.1, 1111.3 (as added by Chapter 12 of the Statutes of 1965), 1111.7, 1111.9, 1111.11, 13581.1 (as added by Chapter 1928 of the Statutes of 1965), 19591.5, 23601.8 (as added by Chapter 1229 of the Statutes of 1965),

and 25505.9 (as added by Chapter 818 of the Statutes of 1965) thereof, relating to schools, libraries, and institutions of learning, including their establishment, maintenance, government and operation.

[Approved by Governor May 9, 1967. Filed with Secretary of State May 9, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 1111.1 of the Education Code is repealed.

SEC. 2. Section 1111.2 of the Education Code, as added by Chapter 774 of the Statutes of 1965, is amended and renumbered to read:

1111.8. (a) Notwithstanding any other provision of law, upon the recommendation of the county superintendent of schools and with the approval of the county board of supervisors, the election of governing board members of school districts whose boundaries are coterminous with the boundaries of the county, shall be consolidated with the November general elections held in the county pursuant to Chapter 4 (commencing with Section 23300) of Part 2 of Division 12 of the Elections Code.

In such case, the terms of members of the governing board elected in the general election pursuant to this section shall begin at noon on the first Monday after the first day in January following such general election and shall end at noon on the first Monday after the first day in January four years thereafter.

In such case, the terms of members of the governing board expiring on June 30th of any odd-numbered year next succeeding any general election, shall expire at noon on the first Monday after the first day in January following such general election.

(b) When the term of an incumbent expires at midnight June 30 of an odd-numbered year and no successor has been elected because of the provisions of subdivision (a) of this section, the members of the board whose terms have not expired shall appoint a successor to serve until a successor is elected and qualified pursuant to subdivision (a) of this section.

SEC. 3. Section 1111.3 of the Education Code, as added by Chapter 12 of the Statutes of 1965, is repealed.

SEC. 4. Section 1111.7 of the Education Code is repealed.

SEC. 5. Section 1111.9 of the Education Code is repealed.

SEC. 6. Section 1111.11 of the Education Code is repealed.

SEC. 7. Section 5014 of the Education Code is amended to read:

5014. Each junior college district shall establish and maintain at least one junior college, as provided in Section 25500.5 of this code.

SEC. 8. The heading of Article 17 (commencing with Section 6481), Chapter 6, Division 6 of the Education Code, as

added by Chapter 1536 of the Statutes of 1965, is amended and renumbered to read:

Article 6.6. English Language Centers

SEC. 9. Section 6481 of the Education Code, as added by Chapter 1536 of the Statutes of 1965, is amended and renumbered to read:

6070. The Legislature hereby declares that there is a need in this state for special instruction programs in the English language at all levels of education, including preschool, regular school and adult education. It is the intention of the Legislature in enacting this article to provide for the establishment and maintenance of English language centers, to be supported by federal funds, where instructional programs in the English language are provided for children, minors and adults, of all ages, whose inability to read, write and speak the English language, impairs their ability to cope with the challenges of an ordinary education program or impairs their ability to obtain and retain employment of a kind which is commensurate with their unrealized abilities. It is the further intention of the Legislature that the county superintendent of each county, and that the governing board of a unified or junior college school district, participate in the establishment of English language centers pursuant to this article.

SEC. 10. Section 6482 of the Education Code, as added by Chapter 1536 of the Statutes of 1965, is amended and renumbered to read:

6071. A county superintendent of schools may establish and maintain one or more English language centers pursuant to this article.

The governing board of any unified or junior college school district may establish and maintain one or more English language centers pursuant to this article.

SEC. 11. Section 6483 of the Education Code, as added by Chapter 1536 of the Statutes of 1965, is amended and renumbered to read:

6072. Each English language center shall provide an instructional program in the English language at all levels of education, including preschool, regular school and adult education.

SEC. 12. Section 6484 of the Education Code, as added by Chapter 1536 of the Statutes of 1965, is amended and renumbered to read:

6073. Each English language center shall, subject to the approval of the State Department of Education, utilize any available technique or method in language instruction, including audiovisual methodology, so that the most effective techniques may be utilized, including any which may meet individual requirements of deficient pupils at the center.

SEC. 13. Section 6485 of the Education Code, as added by Chapter 1536 of the Statutes of 1965, is amended and renumbered to read:

6074. Any person, including children, minors, and adults, is eligible to attend an English language center whose inability to read, write or speak the English language impairs his ability to cope with the challenges of an ordinary educational program, or impairs his ability to obtain and retain employment of a kind commensurate with his unrealized abilities.

SEC. 14. Section 6486 of the Education Code, as added by Chapter 1536 of the Statutes of 1965, is amended and renumbered to read:

6075. Each English language center shall be maintained and operated, and provide an instructional program in the English language, according to uniform standards prescribed by the State Department of Education.

SEC. 15. Section 6487 of the Education Code is amended and renumbered to read:

6076. A county superintendent of schools or the governing board of a unified or junior college school district that wishes to establish and maintain an English language center may apply to the State Department of Education for an allocation of funds for such purpose. Upon application the State Department of Education shall allocate to such county superintendent of schools or the governing board of a unified or junior college school district, as the case may be, such funds as may be available to establish and maintain the center.

SEC. 16. Section 6488 of the Education Code is amended and renumbered to read:

6077. The State Board of Education shall accept and receive any funds under the "National Defense Education Act of 1958," under the "Economic Opportunity Act of 1964," or under the "Elementary and Secondary Education Act of 1965," or similar provisions of any act of Congress, for the purposes of this article, and shall for this article have all the powers it has under Section 553.

SEC. 17. Section 6489 of the Education Code is amended and renumbered to read:

6078. The State Department of Education shall administer this article, and shall establish by rules and regulations uniform standards under which an English language center shall be operated and maintained, and under which an instructional program in the English language shall be provided. The State Department of Education may adopt such other rules and regulations as may be necessary to administer this article.

SEC. 18. Section 12915 of the Education Code, as added by Chapter 1648 of the Statutes of 1965, is amended and renumbered to read:

12916. (a) Whenever any employee of a school district or of the office of a county superintendent of schools is attacked, assaulted, or menaced, by any pupil, it shall be the duty of

such employee, and the duty of any person under whose direction or supervision such employee is employed in the public school system who has knowledge of such incident, to promptly report the same to the appropriate law enforcement authorities of the county or city in which the same occurred. Failure to make such report shall be a misdemeanor punishable by a fine of not more than two hundred dollars ($200).

(b) An act by any member of the governing board of a school district, a county superintendent of schools, or any employee of any school district or the office of any county superintendent of schools, which is designed directly or indirectly to influence or urge a person under a duty to make the report prescribed by subdivision (a) not to make such report, shall be a misdemeanor, and shall be punishable by a fine of not less than one hundred dollars ($100) or more than two hundred dollars ($200).

SEC. 19. Section 13581.1 of the Education Code, as added by Chapter 1928 of the Statutes of 1965, is repealed. The repeal made by this section shall not affect the existence or validity of Section 13581.1 of the Education Code, as added by Chapter 1829 of the Statutes of 1965.

SEC. 20. Section 19591.5 of the Education Code is repealed.

SEC. 21. Section 23601 8 of the Education Code, as added by Chapter 1229 of the Statutes of 1965, is repealed. The repeal made by this section shall not affect the existence or validity of Section 23601.8 of the Education Code, as added by Chapter 1241 of the Statutes of 1965.

SEC. 22. Section 25444 of the Education Code is amended to read:

25444. If it appears from the certificate filed by the superintendent of schools that a majority of the votes cast at the election is in favor of the formation of the junior college district, the junior college district is formed effective as provided in Sections 1703 and 1704 of this code. The county clerk shall record the certificate in full in his record of school districts.

SEC. 23. Section 25450.30 of the Education Code is amended and renumbered to read:

25450.35. A junior college district formed pursuant to the provisions of this article shall, upon its formation, acquire all rights created and assume all obligations incurred by the petitioning district for junior college purposes prior to the formation of such junior college district. In addition to the transfer of balances provided in Section 25542.5 of this code, the petitioning district shall transfer to the building fund of the newly formed junior college district all funds in the building fund of the petitioning district, regardless of the source of said funds, which are or have been budgeted, allocated, apportioned or appropriated for junior college purposes and which are on hand as of the date upon which the junior college district becomes effective for all purposes.

SEC. 24. Section 25457.6 of the Education Code, as added by Chapter 1572 of the States of 1965, is amended and renumbered to read:

25457.8. If the county committee on school district organization fails to submit plans and recommendations, as provided in Section 25457.5, the Department of Education shall prepare a plan or plans and submit them to the State Board of Education on or before September 15, 1968, for its approval. Plans formulated by the Department of Education may include any or all provisions authorized to be included in a recommendation of a county committee pursuant to Chapter 10 (commencing with Section 3101), Division 5, and Chapter 2 (commencing with Section 25430), Division 18.5, of the Education Code.

SEC. 25. Section 25505.9 of the Education Code, as added by Chapter 818 of the Statutes of 1965, is repealed. The repeal made by this section shall not affect the existence or validity of Section 25505.9 of the Education Code, as added by Chapter 1876 of the Statutes of 1965.

SEC. 26. The heading of Chapter 6 (commencing with Section 25546.01), Division 18.5, of the Education Code, as added by Chapter 1790 of the Statutes of 1963 is amended and renumbered to read:

CHAPTER 7. JUNIOR COLLEGE FACILITY CONSTRUCTION LAW OF 1963

CHAPTER 122

An act to maintain the Fish and Game Code by amending Sections 450, 456, 457, 458, 461, 462, and 4188, relating to fish and game.

[Approved by Governor May 9, 1967. Filed with Secretary of State May 9, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 450 of the Fish and Game Code is amended to read:

450. As used in this chapter "general deer hunting season" means the annual season for the area in question as is set by the commission under its general regulatory powers, or set by statute, for the taking of male deer.

"Either-sex deer permits" means permits authorizing the taking of male or female deer, except spotted fawns and spike bucks.

SEC. 2. Section 456 of the Fish and Game Code is amended to read:

456. (a) The commission shall meet on the last Friday in June to make such orders under this chapter as it may find necessary.

(b) The commission at its June meeting shall not authorize the taking of deer under this chapter in a county if it has received from the board of supervisors of that county a resolution objecting to such taking. In the event a board of supervisors of a county has submitted a resolution determining that the commission's proposed orders should be modified for that county, the commission shall either so modify its orders or shall not authorize the taking of deer under this chapter in such county.

The limitations on the authority of the commission by the board of supervisors of a county authorized by the subdivision (b) of this section apply throughout the state until October 1, 1961, and thereafter they apply only to the boards of supervisors of, and to those districts or parts of districts in, Siskiyou, Modoc, Trinity, Shasta, Lassen, Plumas, Sierra, Alpine, Butte, Calaveras, Colusa, Del Norte, El Dorado, Glenn, Humboldt, Imperial, Inyo, Lake, Madera, Mariposa, Mendocino, Merced, Mono, Monterey, Napa, Nevada, Orange, Placer,

Riverside, San Luis Obispo, Santa Barbara, Santa Clara, Tehama, Tuolumne, Yolo, and Yuba Counties.

SEC. 3. Section 457 of the Fish and Game Code is amended to read:

457. The commission has no power under this chapter to authorize the taking of spotted fawn or spike buck, or to regulate the taking of male deer during the general deer hunting season.

SEC. 4. Section 458 of the Fish and Game Code is amended to read:

458. The commission may issue permits under this chapter either on a first-come, first-served basis or by statewide drawing or by a combination of these methods and may authorize a specified number of permits to be issued to license holders on a first-come, first-served basis at the county seat of a county in the unit or area. Such local issuance shall be held at such time in advance of any drawing to allow those persons unsuccessful at the first-come, first-served local issuance to participate in the drawing.

SEC. 5. Section 461 of the Fish and Game Code is amended to read:

461. The commission may require that the deer license tag designated for use on the second male deer taken during the general deer hunting season shall be used with, or in place of, the permits provided for in this chapter.

SEC. 6. Section 462 of the Fish and Game Code is amended to read:

462. The provisions of this chapter shall have no force or effect in District 1¾ until after January 1, 1967, and shall have no force or effect anywhere in the state in the event the provisions of Article 1 (commencing with Section 200) of Chapter 2 of Division 1 cease to be effective.

SEC. 7. Section 4188 of the Fish and Game Code is amended to read:

4188. When a landowner or tenant applies for a permit under Section 4181.5, the commission, in lieu of such a permit, may, with the consent of or upon the request of the landowner or tenant, under appropriate regulations, issue permits to persons holding valid hunting licenses to take deer in sufficient numbers to stop the damage or threatened damage. The commission, prior to issuing permits to licensed hunters, shall investigate and determine the number of permits necessary and the territory involved and the dates of the proposed hunt.

Prior to issuing permits to licensed hunters, the commission shall hold a public hearing on the proposed depredation hunt in the county or area affected thereby. The time of the hearing shall be not less than 10 days prior to the proposed hunt. Notice of the hearing shall be published at least once, and at least 10 days prior to the hearing, in a newspaper of general circulation in each county affected, or if no such newspaper is published in the county, then in such newspaper in an adjoining county. The hearings shall be conducted by either (a) the

commission, (b) a member of the commission designated by it, or (c) the director or other employee of the department if specifically directed so to do by the commission. The time and place where the permits will be issued, the number of permits to be issued, the date or dates hunting will be permitted, and the area open to hunting shall be published once in a paper of general circulation in the area, or if there is no such newspaper then posted in two public places most likely in the opinion of the commission to give notice to the public at least two days prior to the issuing of the permits. The permits shall be issued, in the number predetermined as necessary, to the first person or persons who apply, in person, for the permits, show a valid hunting license, and pay two dollars ($2) for the permit. The holder of a permit may take one deer of either sex and on killing a deer shall immediately affix the permit to the deer and have the permit validated, as are license tags under Section 4341, prior to transporting such deer except for the purpose of taking it to the nearest officer authorized to countersign the permit. Any deer taken under this section shall be a bonus deer and shall not affect the permitholder's eligibility for any other permits or license tags. Nothing in this section shall be construed to authorize hunting on private land without first obtaining the permission of the owner or tenant in possession.

CHAPTER 123

An act to maintain the Government Code by amending Sections 9322, 9602, 11015, 25210.68, 27706, 40506, and 65000, by amending and renumbering the heading of Chapter 3.5 (commencing with Section 175), Division 1, Title 1, and Chapter 4 (commencing with Section 14500), Part 5, Division 3, Title 2, and Sections 8203.6 (as added by Chapter 1703 of the Statutes of 1963), 43006 (as added by Chapter 796 of the Statutes of 1965), and 54921 (as added by Chapter 113 of the Statutes of 1965), and by repealing Chapter 7 (commencing with Section 8600), Division 1, Title 2, and Sections 8708, 9601, 12231 (as added by Chapter 1383 of the Statutes of 1965), and 65907 (as enacted by Chapter 1180 of the Statutes of 1965), relating to state and local government.

[Approved by Governor May 9, 1967. Filed with Secretary of State May 9, 1967.]

SEC. 10. The heading of Chapter 4 (commencing with Section 14500), Part 5, Division 3, Title 2 of the Government Code is amended and renumbered to read:

PART 5.3. ADVISORY COMMITTEE ON THE TREATMENT OF RIGHTS-OF-WAY

SEC. 11. Section 25210.68 of the Government Code is amended to read:

25210.68. Any property included in a county service area which is also included in a district which was originally organized and existed under former Article 1, 2 or 4 of Chapter 3 of Division 5 of the Public Resources Code shall be exempt from taxation under this chapter and none of the funds raised by taxation upon the county service area for the purpose of providing local park, recreation or parkway facilities and services shall be expended within the area included in such a district.

SEC. 12. Section 27706 of the Government Code is amended to read:

27706. The public defender shall perform the following duties:

(a) Upon request of the defendant or upon order of the court, he shall defend, without expense to the defendant, any person who is not financially able to employ counsel and who is charged with the commission of any contempt or offense triable in the superior, municipal or justice courts at all stages of the proceedings, including the preliminary examination. The public defender shall, upon request, give counsel and advice to such person about any charge against him upon which the public defender is conducting the defense, and shall prosecute all appeals to a higher court or courts of any person who has

been convicted, where, in his opinion, the appeal will or might reasonably be expected to result in the reversal or modification of the judgment of conviction.

(b) Upon request, he shall prosecute actions for the collection of wages and other demands of any person who is not financially able to employ counsel, where the sum involved does not exceed one hundred dollars ($100), and where, in the judgment of the public defender, the claim urged is valid and enforceable in the courts.

(c) Upon request, he shall defend any person who is not financially able to employ counsel in any civil litigation in which, in the judgment of the public defender, the person is being persecuted or unjustly harassed.

(d) Upon order of the court, he shall represent any person who is not financially able to employ counsel in proceedings under Article 1 (commencing with Section 5500) of Chapter 1 of Part 1.5 of Division 6 and under Article 2 (commencing with Section 5550) of Chapter 1 of Part 1.5 of Division 6 of the Welfare and Institutions Code.

(e) Upon order of the court, he shall represent any person who is entitled to be represented by counsel but is not financially able to employ counsel in proceedings under Chapter 2 (commencing with Section 500) of Part 1 of Division 2 of the Welfare and Institutions Code when such proceedings are concerned with a person alleged to be or who has been found to be within the description of Sections 601 or 602 of the Welfare and Institutions Code.

SEC. 13. Section 40506 of the Government Code is amended to read:

40506 Unless the provision or the context otherwise requires, the definitions set forth in this article govern the construction of this chapter.

SEC. 14. Section 43006 of the Government Code, as added by Chapter 796 of the Statutes of 1965, is amended and renumbered to read:

43011. Notwithstanding any other contrary provisions of law, the city council may by ordinance provide that every person who at 12 o'clock meridian of the first Monday in March, 1964, was the owner of, or had in his possession or under his control, any taxable property, which property was thereafter damaged or destroyed as a result of any forest fire occurring prior to September 30, 1964, in an area or region subsequently proclaimed by the Governor to be in a state of disaster due to major and widespread fires, may, within 30 days after the effective date of this section, make application for the reassessment of such property and deliver to the assessing official of the city a written statement under oath, accompanied by a certificate of a disinterested competent person or authority showing the condition and value, if any, of the property immediately after the damage or destruction, which damage must be shown thereon to be in excess of five hundred dollars ($500). The assessor shall, within 60 days

after the effective date of this section, assess the property, or reassess it if it has already been assessed, according to the condition and value immediately after the damage or destruction, and the assessor, if he reassesses the property, shall transmit to the board a description of the property so reassessed, the name of the person making the application in connection with the property, and the value of the property as so reassessed. Upon such notice as it may find to be proper, the local board of equalization shall equalize any such assessment or reassessment.

The tax rate fixed for property on the roll on which the property so assessed appears or the property so reassessed appeared at the time of its original assessment shall be applied to the amount of the equalized assessment or reassessment determined in accordance with the preceding paragraph. In the event that the resulting figure is less than the tax theretofore computed, the taxpayer shall be liable for tax only for the lesser amount, and the difference shall be canceled. If the taxpayer has already paid the tax previously computed, such difference shall be refunded to him, as an erroneously collected tax.

For purposes of this section, the term "forest fire" shall mean any fire which burns 100 contiguous acres or more.

This section shall apply to all cities, whether operating under a charter or the general laws of this state.

SEC. 15. Section 54921 of the Government Code, as added by Chapter 113 of the Statutes of 1965, is amended and renumbered to read:

54924. Notwithstanding Sections 54902 and 54903, any change in the boundaries of a fire protection district formed or operating under Chapter 2 (commencing with Section 14400), Part 3, Division 12 of the Health and Safety Code as the result of the withdrawal of territory of the district by action taken between January 24 and January 31, 1965, pursuant to Section 14540 of the Health and Safety Code, by the city council of a city to which such territory has been annexed, shall be effective for assessment and taxation purposes if the statement and map or plat required by Section 54900 is filed by the city with the assessor and the State Board of Equalization on or before February 1, 1965.

Any change in boundaries that is effective for assessment and taxation purposes pursuant to this section shall be deemed also to be fully effective as of January 1, 1965, for the purposes of Section 14540 of the Health and Safety Code; and the district from which the territory has been withdrawn shall have no power to furnish fire protection services to such territory on or after July 1, 1965, and no taxes shall be levied by or on behalf of the district on any property in such territory in order to furnish fire protection services to such territory on or after July 1, 1965

SEC. 16. Section 65000 of the Government Code is amended to read:

65000. This title may be cited as the Planning and Zoning Law.

SEC. 17. Section 65907 of the Government Code, as added by Chapter 1180 of the Statutes of 1965, is repealed. The repeal made by this section shall not affect the existence or validity of Section 65907 of the Government Code, as added by Chapter 1341 of the Statutes of 1965.

CHAPTER 124

An act to maintain the Health and Safety Code by amending Sections 11753, 12000, 12100, 12104, 12113, 12114, 12300, 12351, and 32100.6 thereof; amending and renumbering Section 431.9, as added by Chapter 107 of the Statutes of 1964, First Extraordinary Session, the heading of Article 6 (commencing with Section 4186.30) of Chapter 1.5, Part 2, Division 5, Section 18006.5, as added by Chapter 572 of the Statutes of 1965, and Section 33604, as added by Chapter 1991 of the Statutes of 1965, thereof; and by repealing the heading of Article 8a (formerly commencing with Section 4845.05) of Chapter 3, Part 3, Division 5, and Section 36057.5, as added by Chapter 77 of the Statutes of 1964, First Extraordinary Session, thereof, relating to health and safety.

[Approved by Governor May 9, 1967. Filed with Secretary of State May 9, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 431.9 of the Health and Safety Code, as added by Chapter 107 of the Statutes of 1964, First Extraordinary Session, is amended and renumbered to read:

431.10. Applications for federal funds under Public Law 88-164 for facilities for the mentally retarded or community mental health centers shall be referred by the Director of Public Health to the Director of Mental Hygiene for review and recommendation. The Director of Mental Hygiene shall have 60 days from the time of his receipt of the application to submit recommendations.

SEC. 2. The heading of Article 6 (commencing with Section 4186.30) of Chapter 1.5, Part 2, Division 5 of the Health and Safety Code is amended and renumbered to read:

Article 6.5. Revenue Bonds

SEC. 3. The heading of Article 8a (which formerly commenced with Section 4845.05) of Chapter 3, Part 3, Division 5 of the Health and Safety Code is repealed.

SEC. 4. Section 11753 of the Health and Safety Code is amended to read:

11753. When the California Women's Board of Terms and Parole concludes that there are reasonable grounds for believing that a woman on parole is addicted to, or is in imminent danger of addiction to, narcotics, it may issue an order to detain or place such person in a narcotic treatment-control unit for a period not to exceed 90 days. Such order shall be a sufficient warrant for any peace officer or employee of the Department of Corrections to return to physical custody any such person. Detention pursuant to such order shall not be deemed a suspension, cancellation or revocation of parole until such time as the board so orders pursuant to Section 3060 of the Penal Code. A parolee taken into physical custody pursuant to Sections 3060 and 6043 of the Penal Code may be detained in a narcotic treatment-control unit established pursuant to this article.

SEC. 5. Section 12000 of the Health and Safety Code is amended to read:

12000. For the purposes of this part only the term "explosives" shall include all materials within class A and class B explosives as classified by the Interstate Commerce Commission, including high explosives, black powder (low explosives), initiating or priming explosives, blasting caps, ammunition for cannon, explosive projectiles, bombs, torpedoes, mines, grenades, jet thrust units (jato) or detonating fuses, and such other materials as are designated by regulations adopted, from time to time, by the State Fire Marshal, in accordance with provisions of Chapter 4 (commencing at Section 11370), Part 1, Division 3, Title 2 of the Government Code, after he has considered changes in the classification of materials as class A and class B explosives by the Interstate Commerce Commission, as materials which the protection of life and property require be considered explosives for the purposes of this part. In no event shall the regulations adopted by the State Fire Marshal be more restrictive than those of the Interstate Commerce Commission.

The term "explosives" as used in this part shall not be deemed to include small arms ammunition of .75 caliber or less, nor any other class C explosives as classified by the Interstate Commerce Commission, nor ammonium nitrate or ammonium nitrate fertilizer, or oxidizing agents such as or comparable to ammonium nitrate.

SEC. 6. Section 12100 of the Health and Safety Code is amended to read:

12100. This chapter does not apply to any of the following:

(a) Any person engaged in the transportation of explosives regulated under Division 14 (commencing with Section 31600) of the Vehicle Code, except that no shipment of explosives originating without the state, when such explosives would otherwise be governed by the provisions of this part, shall be delivered to any person who does not present a permit as specified in Section 12101.

(b) Any sale, gift, delivery, or other disposition of a quantity of explosives in excess of 1,000 pounds.

(c) Any sale, gift, delivery, or other disposition of smokeless powder when such smokeless powder is intended for hand loading of small arms ammunition for private personal use and not for resale, and when the quantity of such smokeless powder does not exceed 20 pounds, and when the keeping on hand of such smokeless powder is acceptable to the authorities having local jurisdiction and is in compliance with local regulations, if any, applicable thereto.

SEC. 7. Section 12104 of the Health and Safety Code is amended to read:

12104. Before issuing a permit, the chief shall:

(a) Review the statement.

(b) Ascertain that the applicant or his agent, as appropriate, has sufficient knowledge and ability to safely handle and use explosives.

(c) Inspect the vehicle in which the applicant proposes to transport the explosives and ascertain that it is reasonably safe for that purpose, except that no inspection shall be required of any vehicle for which a permit has been issued for the transportation of explosives governed by the provisions of Division 14 (commencing with Section 31600) of the Vehicle Code.

SEC. 8. Section 12113 of the Health and Safety Code is amended to read:

12113. Vehicles transporting explosives governed by the provisions of this part, shall have displayed thereon or attached thereto such signs as are required by Sections 27903 and 27904 of the Vehicle Code.

SEC. 9. Section 12114 of the Health and Safety Code is amended to read:

12114. (a) It is unlawful for any person to transport explosives in any vehicle upon a public highway, or to park any vehicle loaded with explosives upon a public highway, unless such vehicle is marked or placarded as required in Section 12113 of this chapter.

(b) It is unlawful for any person to operate or to park any vehicle upon a public highway to which there are attached or displayed signs of the type prescribed in Sections 27903 and 27904 of the Vehicle Code, unless the vehicle is loaded with explosives.

SEC. 10. Section 12300 of the Health and Safety Code is amended to read:

12300. It is unlawful to transport any explosives between places in this state on any vessel, car, or other vehicle carrying passengers for hire and operated by a common carrier, unless the explosives are:

(a) Small arms ammunition.

(b) Fuses, torpedoes, rockets, or other signal devices essential for the promotion of safety in operation.

(c) Properly packed and marked samples for laboratory examination, each not exceeding one-half pound in net weight, when not more than 20 are carried in a single vessel, car, or vehicle, and when they are not carried in that part of the vessel, car, or vehicle which is intended for the carriage of passengers for hire.

(d) Munitions of war in the possession of military or naval forces who are being carried on the vessel, car, or vehicle.

(e) Explosives transported upon the highways in accordance with the provisions of Division 14 (commencing with Section 31600) of the Vehicle Code.

This section does not prohibit the transportation of explosives on a freight train that carries passengers for hire in a car or caboose attached to its rear.

SEC. 11. Section 12351 of the Health and Safety Code is amended to read:

12351. "Lawful possession of an explosive," as used in this chapter, means the possession of an explosive in any of the following:

(a) In the course of the business of manufacturing, selling, or transporting explosives.

(b) In the course of legitimate blasting operations.

(c) In the arts.

(d) In the transportation of explosives upon the highways in accordance with the provisions of Division 14 (commencing with Section 31600) of the Vehicle Code.

SEC. 12. Section 18006.5 of the Health and Safety Code, as added by Chapter 572 of the Statutes of 1965, is amended and renumbered to read:

18002.2. "Conditional permit" is a construction, reconstruction, or operation permit issued by the enforcement agency which may prescribe conditions on the use or occupancy of a mobilehome park.

SEC. 13. Section 32100.6 of the Health and Safety Code is amended to read:

32100.6. All or any of the members of the board of directors may be recalled at any time by the voters by following the recall procedure set forth in Chapter 2 (commencing with Section 27200) of Division 14 of the Elections Code.

SEC. 14. Section 33604 of the Health and Safety Code, as added by Chapter 1991 of the Statutes of 1965, is amended and renumbered to read:

33605. In connection with the issuance and sale of preliminary loan notes, secured by a requisition agreement with the United States of America, the agency may delegate to one or more of its agents or employees the powers or duties it deems proper.

SEC. 15. Section 36057.5 of the Health and Safety Code, as added by Chapter 77 of the Statutes of 1964, First Extraordinary Session, is repealed.

CHAPTER 125

An act to maintain the Labor Code by amending Sections 1684, 1685, 1689, 1696.4, 1699, 4904, and 5308, relating to labor.

[Approved by Governor May 9, 1967. Filed with Secretary of State May 9, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 1684 of the Labor Code is amended to read:

1684. The Labor Commissioner shall not issue to any person a license to act as a farm labor contractor until:

(a) Such person has executed a written application therefor in a form prescribed by the Labor Commissioner, subscribed and sworn to by such person, accompanied by a filing fee of ten dollars ($10), and containing (1) a statement by such person of all facts required by the Labor Commissioner concerning the applicant's character, competency, responsibility, and the manner and method by which he proposes to conduct his operations as a farm labor contractor if such license is issued, and (2) the names and addresses of all persons, except bona fide employees on stated salaries, financially interested, either as partners, associates or profit sharers, in the proposed operation as a farm labor contractor, together with the amount of their respective interests;

(b) The Labor Commissioner, after investigation, is satisfied as to the character, competency, and responsibility of such person;

(c) Such person has deposited with the Labor Commissioner a surety bond in a penal sum of one thousand five hundred dollars ($1,500). Such bond shall be payable to the people of the State of California and shall be conditioned that said farm labor contractor will comply with all the terms and provisions of this chapter and will pay all damages occasioned to any person by failure so to do, or by any violation of the provisions of this chapter, or false statements or misrepresentations made in the procurement of his license; and

(d) Such person has paid to the Labor Commissioner a license fee of fifty dollars ($50).

SEC. 2. Section 1685 of the Labor Code is amended to read:

1685. No license to operate as a farm labor contractor shall be granted:

(a) To any person who sells or proposes to sell intoxicating liquors in a building or on premises where he operates or proposes to operate as a farm labor contractor.

(b) To a person whose license has been revoked within three (3) years from the date of application.

SEC. 3. Section 1689 of the Labor Code is amended to read:

1689. All applications for renewal shall state the names

and addresses of all persons, except bona fide employees on stated salaries, financially interested either as partners, associates or profit sharers in the operation of the farm labor contractor.

SEC. 4. Section 1696.4 of the Labor Code is amended to read:

1696.4. All vehicles used by a farm labor contractor for the transportation of individuals in his operations as a farm labor contractor, and not owned by him, shall be registered with the Labor Commissioner. The registration shall include the name of the owner and driver of the vehicle, and the license number and description of the vehicle. The Labor Commissioner shall require, as a condition of registration, that the farm labor contractor submit evidence showing that he has in effect an insurance policy applicable to such vehicle, as required by Section 1695.

A farm labor contractor using such vehicles not owned by him shall do so only on a fixed fee basis and not upon a rental based upon a percentage of his earnings.

SEC. 5. Section 1699 of the Labor Code is amended to read:

1699. The Labor Commissioner may, in accordance with the provisions of Chapter 4.5 (commencing with Section 11371), Part 1, Division 3, Title 2 of the Government Code, adopt, amend, and repeal such rules and regulations as are reasonably necessary for the purpose of enforcing and administering this chapter and as are not inconsistent with this chapter.

SEC. 6. Section 4904 of the Labor Code is amended to read:

4904. If notice is given in writing to the insurer, or to the employer if uninsured, setting forth the nature and extent of any claim that is allowable as a lien, the claim is a lien against any amount thereafter payable as compensation, subject to the determination of the amount and approval of the lien by the appeals board. In determining the amount of lien to be allowed for unemployment compensation disability benefits under subdivision (f) of Section 4903 the appeals board shall allow such lien in the amount of benefits which it finds were paid for the same day or days of disability for which an award of compensation for temporary disability indemnity is made. In the case of agreements for the compromise and release of a disputed claim for compensation, the applicant and defendant may propose to the appeals board, as part of the compromise and release agreement, an amount out of the settlement to be paid to any lien claimant claiming under subdivision (f) of Section 4903 The determination of the appeals board, subject to petition for reconsideration and to the right of judicial review, as to the amount of lien allowed under subdivision (f) of Section 4903, whether in connection with an award of compensation or the approval of a compromise and release agreement, shall be binding on the lien claimant, the applicant, and the defendant, insofar as it concerns the right to benefits paid under the Unemployment Insurance Code for which the lien

was claimed. The appeals board may order the amount of any lien claim, as determined and allowed by it, to be paid directly to the person entitled, either in a lump sum or in installments.

SEC. 7. Section 5308 of the Labor Code is amended to read:

5308. The appeals board has jurisdiction to determine controversies arising out of insurance policies issued to self-employing persons, conferring benefits identical with those prescribed by this division.

The appeals board may try and determine matters referred to it by the parties under the provisions of Title 9 (commencing with Section 1280) of Part 3 of the Code of Civil Procedure, with respect to controversies arising out of insurance issued to self-employing persons under the provisions of this division. Such controversies may be submitted to it by the signed agreement of the parties, or by the application of one party and the submission of the other to its jurisdiction, with or without an express request for arbitration.

The State Compensation Insurance Fund, when the consent of the other party is obtained, shall submit to the appeals board all controversies susceptible of being arbitrated under this section.

In acting as arbitrator under this section, the appeals board has all the powers which it may lawfully exercise in compensation cases, and its findings and award upon such arbitration have the same conclusiveness and are subject to the same mode of reopening, review, and enforcement as in compensation cases. No fee or cost shall be charged by the appeals board for arbitrating the issues presented under this section.

CHAPTER 126

An act to maintain the Public Resources Code by amending Section 4475, and by repealing Section 4850, Chapter 2 (commencing with Section 4971) of Part 4 of Division 4, and Article 10 (commencing with Section 5788) of Chapter 4 of Division 5 as added by Chapter 1194 of the Statutes of 1965, relating to public resources.

[Approved by Governor May 9, 1967. Filed with Secretary of State May 9, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 4475 of the Public Resources Code is amended to read:

4475. The State Forester, with the approval of the Director of Conservation and the Director of Finance, may enter into a contract with the owner or any other person who has legal control of any property which is included within any area in which the financial responsibility of preventing and suppressing forest fires is primarily the responsibility of the

state, excluding those areas for which the State Forester has contracted forest fire protection to counties or the United States Forest Service, for (a) watershed management, range improvement, and fish and wildlife habitat improvement; and for (b) the burning of any brush, vegetation, or structure which is situated upon such property for the purpose of preventing or suppressing forest fires.

SEC. 2. Section 4850 of the Public Resources Code is repealed.

SEC. 3. Chapter 2 (commencing with Section 4971) of Part 4 of Division 4 of the Public Resources Code is repealed.

SEC. 4. Article 10 (commencing with Section 5788) of Chapter 4 of Division 5 of the Public Resources Code, as added by Chapter 1194 of the Statutes of 1965, is repealed. The repeal made by this section shall not affect the existence or validity of Article 10 (commencing with Section 5788) of Chapter 4 of Division 5 of the Public Resources Code, as added by Chapter 1758 of the Statutes of 1965.

CHAPTER 127

An act to repeal a certain obsolete act, relating to war housing projects.

[Approved by Governor May 9, 1967. Filed with Secretary of State May 9, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Chapter 798 of the Statutes of 1943 is repealed.

CHAPTER 128

An act to repeal a certain obsolete act, relating to the Governor's Advisory Commission on Housing Problems.

[Approved by Governor May 9, 1967. Filed with Secretary of State May 9, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Chapter 1242 of the Statutes of 1961 is repealed.

CHAPTER 129

An act to repeal a certain obsolete act, relating to the San Francisco Bay Conservation Study Commission.

[Approved by Governor May 9, 1967. Filed with Secretary of State May 9, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Chapter 98 of the Statutes of 1964 (First Extraordinary Session) is repealed.

CHAPTER 130

An act to amend Section 25514.5 of the Education Code, relating to junior colleges, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor May 12, 1967. Filed with Secretary of State May 12, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 25514.5 of the Education Code is amended to read:

25514.5. Any minor student, any student 21 years of age or over and under 25 years of age who has been honorably discharged or is otherwise returning from active or inactive military service with the armed forces of the United States, and any student under 21 years of age but declared to be an adult pursuant to Section 25 of the California Civil Code by virtue of marriage while over 18 years of age, who resides in this state and more than ninety (90) miles from the nearest public junior college attendance center where grades 13 and 14 are maintained, measured by the usual vehicular route between his home and such attendance center, may at his request attend grades 13 and 14 at any public junior college in the state, whether or not his residence is in a district maintaining a junior college. The governing board of the district maintaining such junior college designated by the student shall admit the student provided he otherwise qualifies for admission.

The provisions of the preceding paragraph of this section shall be inapplicable to any student residing in a district maintaining a junior college if the Superintendent of Public Instruction determines that such district maintains adequate dormitories or housing facilities or provides adequate transportation for such student between his home and the junior college attendance center.

If the student resides in a district maintaining a junior college, the provisions of Article 7 (commencing with Section 10801) of Chapter 1 of Division 9 shall be inapplicable, and

the district of the student's residence shall pay to the district of the student's attendance an amount on account of such attendance computed pursuant to Section 20201. The computation shall be made and other procedures shall be undertaken in accordance with such requirements as may be prescribed by the Superintendent of Public Instruction, by or under authority of the governing board of the school district of attendance, and shall be approved by the county superintendent of schools having jurisdiction of such district with the certification of the amount owing to be transmitted by him to the district of the student's residence. The governing board of the district of residence shall, on or before June 1st, order payment of the amount computed as owing the district of attendance for the fiscal year, and upon failure of the governing board so to do, the county superintendent of schools having jurisdiction of the district shall draw a requisition against the funds of the district in favor of the district of attendance in payment of such amount and transmit the same to the district of attendance. For purposes of all provisions of this code dealing with allowances and apportionments from the State School Fund for support of junior colleges, the district of the student's residence and the district of his attendance shall be deemed to have entered into an interdistrict attendance agreement with respect to the student.

If the student resides within territory not included within any junior college district the provisions of Article 3 (commencing with Section 20201) of Chapter 1 of Division 15 shall be applicable.

In addition to the payments required under the preceding paragraphs of this section, there shall be paid to the parents, or other persons having charge or control of the student at his residence, by the district in which the pupil attends, a maintenance allowance of one dollar and fifty cents ($1.50) per calendar day for the period in which the student is enrolled full time in regular classes in a junior college under this section. Such amount shall be paid on or before the 15th day after the close of the school year in which the student was so enrolled. Such payments made by a district maintaining a junior college at which the pupil attends shall be included in that district's transportation expense as payments made in lieu of providing for transportation of pupils between their homes and regular full-time day schools, for purposes of Article 10 (commencing with Section 18051) of Chapter 3 of Division 14; and the amount thereof not reimbursed by the state shall be included in the computation of the amount to be paid by the district of the student's residence, or the junior college tuition fund, as the case may be.

For purposes of this section, a person shall be deemed to be honorably discharged from the armed forces (a) if he was honorably discharged from the armed forces of the United States or (b) if he was inducted into the armed forces of the United States under the "Universal Military Training and

Service Act," and (1) satisfactorily completes his period of training and service under such act and is issued a certificate to that effect pursuant to such act, or (2) having served honorably on active duty was transferred to a reserve component of the armed forces of the United States pursuant to such act, or (3) was otherwise released pursuant to such act under honorable conditions.

For the purposes of this section, the term "armed forces of the United States" shall include all regular and reserve components of the uniformed services which are subject to the jurisdiction of the Secretary of Defense, the Secretaries of the Army, Navy and Air Force, and all components of the Coast Guard.

SEC. 2. Section 25514.5 of the Education Code, as amended by Section 1 of this act, shall be applicable with respect to students coming within its provisions in the 1966–1967 school year, to all intents and purposes as though the section, as so amended, had been in effect on and after July 1, 1966, and all liabilities for payments shall be based upon such effect of the section.

SEC. 3. This act is an urgency measure necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

During the current school year, students in the categories contained in this act, because of their "adult" status, are not permitted to utilize the advantages offered by Section 25514.5, and as a result, the continuance of their education is jeopardized. Unless this act takes effect immediately and is permitted to apply to the entire 1966–67 school year, the hardship to these disadvantaged students will be indiscriminately prolonged.

CHAPTER 131

An act to amend Section 1 of, and to add Section 3 to, Chapter 1190 of the Statutes of 1947, relating to the Moss Landing Harbor District.

[Approved by Governor May 12, 1967. Filed with Secretary of State May 12, 1967.]

The people of the State of California do enact as follows:

SECTION 1. It is hereby found and determined:

(a) That by Chapter 1190, Statutes of 1947, the Legislature did grant to the Moss Landing Harbor District in trust for the uses and purposes and upon the express conditions therein set forth, certain tide and submerged land, lands beneath navigable waters, and swamp and overflow lands described in said grant;

(b) That said grant was therein described in part as "the Pacific Ocean opposite said portion of the Old Salinas River with its northerly and southerly boundaries drawn due west;"

(c) That the precise meaning of said part of the description of said grant has proven ambiguous and has given rise to controversy;

(d) That the Legislature intended to and did upon enacting said statute grant to the Moss Landing Harbor District, upon the terms, conditions and trusts set forth in said statute, an area of tide and submerged lands located in Monterey Bay seaward of the ordinary high-water mark for the use of said district in conjunction with the area landward of said ordinary high-water mark on Monterey Bay so granted to the said district;

(e) That the said district, prior to said grant and pursuant to a lease from the State Lands Commission, did use and has used subsequent to said grant and pursuant to said grant, such an area of tide and submerged lands for the uses and purposes authorized by said statute and in conjunction with the said district's public activities;

(f) That it was the intention of the Legislature to include within said grant all those portions of the Pacific Ocean in Monterey Bay in the area described which had actually been used by the said harbor district for any or all of the purposes specified in said grant plus those portions which were reasonably necessary for such purposes in the future;

(g) That said area of tide and submerged lands in Monterey Bay so intended to be granted and so granted consisted of all tide and submerged lands lying between the northerly and southerly boundaries of that portion of the Old Salinas River Channel granted to the said district by Section 1 of Chapter 1190 of the Statutes of 1947, drawn due west, and between the ordinary high-water mark on Monterey Bay and a line 2,000 feet seaward of said ordinary high-water mark;

(h) That paragraph (g) of Section 1 of said statute required substantial improvement of the granted lands by the said district within 10 years of said grant and that if the State Lands Commission determined that the said district had failed to so improve said lands, all lands so granted should revert to the state; that on February 11, 1958, the State Lands Commission by resolution duly adopted found that the conditions of said Section 1(g) had been complied with.

SEC. 2. Section 1 of Chapter 1190 of the Statutes of 1947 is amended to read:

Section 1. There is hereby granted to the Moss Landing Harbor District, hereinafter called "district," a political subdivision of the State of California, and to its successors, all the right, title, and interest now held by the State of California by virtue of its sovereignty, in and to all lands, salt marsh, tidelands, submerged lands, and swamps and overflowed lands described as follows:

The Old Salinas River Channel from the northerly extremity to its mouth southerly to the existing county road across said channel south of the existing bridge at Moss Landing; the Pacific Ocean or Monterey Bay between the ordinary high-water mark and a line 2,000 feet seaward and due west thereof opposite said portion of the Old Salinas River with its northerly and southerly boundaries drawn due west; Bennett Slough, Elkhorn Slough and Moro Cojo Slough between the Old Salinas River and the easterly extremities of tidal action therein.

To be forever held by said district, and its successors, in trust for the uses and purposes and upon the express conditions following, to wit:

(a) That said lands shall be used by said district, and its successors, only for the establishment, improvement, and conduct of a harbor, and for the construction, maintenance, and operation thereon of wharves, docks, piers, slips, quays, and other utilities, structures, facilities, and appliances necessary or convenient for the promotion and accommodation of commerce and navigation; and said district, or its successors, shall not, at any time, grant, convey, give or alien said lands, or any part thereof, to any individual, firm or corporation for any purposes whatever; provided, that said district, or its successors, may grant franchises thereon for limited periods (but in no event exceeding 50 years), for wharves and other public uses and purposes and may lease said lands, or any part thereof, for limited periods (but in no event exceeding 50 years), for purposes consistent with the trust upon which said lands are held by the State of California, and with the requirements of commerce and navigation at said harbor.

(b) That said lands shall be improved by said district without expense to the state, and shall always remain available for public use for all purposes of commerce and navigation, and the State of California shall have at all times, the right to use, without charge, all wharves, docks, piers, slips, quays, and other improvements and facilities constructed on said lands, or any part thereof, for any vessel or railroad, owned or operated by the State of California.

(c) That in the management, conduct or operation of said harbor, or of any of the utilities, structures, appliances or facilities mentioned in paragraph (a), no discrimination in rates, tolls, or charges or in facilities for any use or service in connection therewith shall ever be made, authorized or permitted by said district or its successors.

(d) There is hereby reserved, however, in the people of the State of California the absolute right to fish in the waters of said harbor with the right of convenient access to said waters over said lands for said purposes together with the right of navigation.

(e) There is hereby excepted and reserved to the State of California all deposits of minerals, including oil and gas, in said land, and to the State of California, or persons authorized by the State of California, the right to prospect for, mine, and

remove such deposits from said land; provided, that said excepted and reserved power shall be exercised in a manner not inconsistent or incompatible with the use of said lands by grantee for purposes of commerce and navigation.

(f) The lands herein described are granted subject to the express reservation and condition that the state may at any time in the future use said lands or any portion thereof for highway purposes without compensation to the district, its successors or assigns, or any person, firm or public or private corporation claiming under it, except that in the event improvements have been placed upon the property taken by the state for said purposes, compensation shall be made to the person entitled thereto for the value of his interest in the improvements taken or the damages to such interest.

SEC. 3. Section 3 is added to Chapter 1190 of the Statutes of 1947, to read:

Sec. 3. That said amended description set forth in Section 1 of this act shall be deemed declaratory of the original meaning of said grant and all acts and agreements within, upon, or in relation to the area herein described done or executed by said district are hereby ratified and approved to the same extent as if said description had originally been set forth as herein amended.

SEC. 4. The State Lands Commission, at the cost of the Moss Landing Harbor District, shall survey and monument the granted lands referred to in this act and record a description and plat thereof in the office of the County Recorder of Monterey County. The survey required by this section shall be completed within two years after the effective date of this act.

SEC. 5. The district shall cause to be made and filed with the Department of Finance, annually, a detailed statement of receipts and expenditures by it of all rents, revenues, issues, and profits in any manner hereafter arising from the granted lands or any improvements, betterments, or structures thereon.

CHAPTER 132

An act to add Section 499c to the Penal Code, relating to crimes involving trade secrets.

[Approved by Governor May 12, 1967. Filed with Secretary of State May 12, 1967.]

The people of the State of California do enact as follows:

SECTION 1. It is the purpose of this act to clarify and restate existing law with respect to crimes involving trade secrets and to make clear that articles representing trade secrets, including the trade secrets represented thereby, constitute goods, chattels, materials and property and can be the subject of criminal acts.

SEC. 2. Section 499c is added to the Penal Code, to read:

499c. (a) As used in this section:

(1) "Article" means any object, material, device or substance or copy thereof, including any writing, record, recording, drawing, sample, specimen, prototype, model, photograph, microorganism, blueprint or map.

(2) "Representing" means describing, depicting, containing, constituting, reflecting or recording.

(3) "Trade secret" means the whole or any portion or phase of any scientific or technical information, design, process, procedure, formula or improvement which is secret and is not generally available to the public, and which gives one who uses it an advantage over competitors who do not know of or use the trade secret; and a trade secret shall be presumed to be secret when the owner thereof takes measures to prevent it from becoming available to persons other than those selected by the owner to have access thereto for limited purposes.

(4) "Copy" means any facsimile, replica, photograph or other reproduction of an article, and any note, drawing or sketch made of or from an article.

(5) "Benefit" means gain or advantage, or anything regarded by the beneficiary as gain or advantage, including benefit to any other person or entity in whose welfare he is interested.

(b) Every person is guilty of theft who, with intent to deprive or withhold from the owner thereof the control of a trade secret, or with an intent to appropriate a trade secret to his own use or to the use of another, does any of the following:

(1) Steals, takes, or carries away any article representing a trade secret.

(2) Fraudulently appropriates any article representing a trade secret entrusted to him.

(3) Having unlawfully obtained access to the article, without authority makes or causes to be made a copy of any article representing a trade secret.

(4) Having obtained access to the article through a relationship of trust and confidence, without authority and in breach of the obligations created by such relationship makes or causes to be made, directly from and in the presence of the article, a copy of any article representing a trade secret.

(c) Every person who promises or offers or gives, or conspires to promise or offer to give, to any present or former agent, employee or servant of another a benefit as an inducement, bribe or reward for conveying, delivering or otherwise making available an article representing a trade secret owned by his present or former principal, employer or master, to any person not authorized by such owner to receive or acquire the same and every person who, being a present or former agent, employee, or servant, solicits, accepts, receives or takes a benefit as an inducement, bribe or reward for conveying, delivering

or otherwise making available an article representing a trade secret owned by his present or former principal, employer or master, to any person not authorized by such owner to receive or acquire the same, is punishable by imprisonment in the state prison not exceeding 10 years or in a county jail not exceeding one year, or by fine not exceeding five thousand dollars ($5,000), or by both such fine and such imprisonment.

(d) In a prosecution for a violation of this section it shall be no defense that the person so charged, returned or intended to return the article.

CHAPTER 133

An act to repeal Section 2 of Chapter 861 of the Statutes of 1963, and to amend Sections 139 and 159 of, and to add Section 139.1 to, the Civil Code, relating to domestic relations.

[Approved by Governor May 12, 1967. Filed with Secretary of State May 12, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 2 of Chapter 861 of the Statutes of 1963, is repealed.

SEC. 2. Section 139 of the Civil Code is amended to read:

139. In any interlocutory or final decree of divorce or in any final judgment or decree in an action for separate maintenance, the court may compel the party against whom the decree or judgment is granted to make such suitable allowance for support and maintenance of the other party for his or her life, or for such shorter period as the court may deem just, having regard for the circumstances of the respective parties and also to make suitable allowance for the support, maintenance and education of the children of said marriage during their minority, specifying in such judgment or decree the name, age and amount of support for each child, and said decree or judgment may be enforced by the court by execution, contempt, or by such order or orders as in its discretion it may from time to time deem necessary.

That portion of the decree or judgment making any such allowance or allowances, and the order or orders of the court to enforce the same may be modified or revoked at any time at the discretion of the court except as to any amount that may have accrued prior to the order of modification or revocation.

Except as otherwise agreed by the parties in writing, the obligation of any party in any decree, judgment or order for the support and maintenance of the other party shall terminate upon the death of the obligor or upon the remarriage of the other party.

The provisions of any agreement for child support shall be deemed to be separate and severable from all other provisions

of such agreement relating to property and support of the wife or husband. All orders for child support shall be law imposed and shall be made under the power of the court to make such orders. All such orders for child support, even when there has been an agreement between the parties on the subject of child support, may be modified or revoked at any time at the discretion of the court except as to any amount that may have accrued prior to the order of modification or revocation and may be enforced by the court by execution, contempt, or such other order or orders as the court in its discretion may from time to time deem necessary.

The provisions of any agreement for the support of either party shall be deemed to be separate and severable from the provisions of the agreement relating to property. All orders for the support of either party based on such agreement shall be deemed law imposed and shall be deemed made under the power of the court to make such orders The provisions of any agreement or order for the support of either party shall be subject to subsequent modification or revocation by court order except as to any amount that may have accrued prior to the order of modification or revocation, and except to the extent that any written agreement, or if there is no written agreement, any oral agreement entered into in open court between the parties, specifically provides to the contrary. All such orders of the court for the support of the other party, even if there has been an agreement of the parties, may be enforced by the court by execution, contempt, or by such other order or orders as the court in its discretion may from time to time deem necessary.

The amendments to the second paragraph of this section enacted at the 1959 Regular Session of the Legislature are effective only with respect to property settlement agreements entered into after the effective date of such amendments.

The 1963 amendments to this section apply only with respect to property settlement agreements entered into after the effective date of such amendments.

The 1967 amendments to this section apply only with respect to agreements entered into after the effective date of such amendments.

SEC. 3. Section 139.1 is added to the Civil Code, to read:

139.1. In the event obligations for support of a spouse or child are discharged in bankruptcy the appropriate court of this state shall thereupon be vested with jurisdiction to make proper orders for the maintenance and support of such spouse or child, as the court may deem just, having regard for the circumstances of the respective parties.

SEC. 4. Section 159 of the Civil Code is amended to read:

159. Except as provided in Section 139, a husband and wife cannot, by any contract with each other, alter their legal relations, except as to property, and except that they may agree, in writing, to an immediate separation, and may make

provision for the support of either of them and of their children during such separation.

SEC. 5 If Sections 139, 139.1 and 159 of the Civil Code, as added or amended at the 1967 General Session of the Legislature or any provisions thereof, or the application thereof to any person or circumstances is held invalid, such invalidity shall not affect the applicable provisions of Sections 139 and 159, as they were in force immediately prior to the effective date of said additions and amendments nor shall it affect other provisions or applications of Sections 139, 139.1 and 159 which can be given effect without the invalid provision or application, and, to this end, and in each respect, the provisions of Sections 139, 139.1 and 159 are declared to be severable.

CHAPTER 134

An act to add Section 148.3 to the Penal Code, relating to the false reporting of emergencies.

[Approved by Governor May 12, 1967. Filed with Secretary of State May 12, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 148.3 is added to the Penal Code, to read:

148.3. (a) Any individual who reports, or causes any report to be made, to any city, county, city and county, or state department, district, agency, division, commission, or board, that an "emergency" exists, knowing that such report is false, is guilty of a misdemeanor and, upon conviction thereof, shall be punishable by imprisonment in the county jail, not exceeding one year, or by a fine, not exceeding one thousand dollars ($1,000), or by both such fine and imprisonment.

(b) Any individual who reports, or causes any report to be made, to any city, county, city and county, or state department, district, agency, division, commission, or board, that an "emergency" exists, knowing that such report is false, and great bodily injury or death is sustained by any person as a result of such false report, is guilty of a felony and upon conviction thereof shall be punishable by imprisonment in the state prison for not more than five years, or by a fine of not more than five thousand dollars ($5,000), or by both such fine and imprisonment.

(c) "Emergency" as used in this section means any condition which results in, or which could result in, the response of a public official in an authorized emergency vehicle, or any condition which jeopardizes or could jeopardize public safety and results in, or could result in, the evacuation of any area, building, structure, vehicle or of any other place which any individual may enter.

CHAPTER 135

An act to amend Section 585 of the Code of Civil Procedure, relating to default judgments.

[Approved by Governor May 12, 1967. Filed with Secretary of State May 12, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 585 of the Code of Civil Procedure is amended to read:

585. Judgment may be had, if the defendant fails to answer the complaint, as follows:

1. In an action arising upon contract or judgment of a court of this state for the recovery of money or damages only, if the defendant has, or if more than one defendant, if any of said defendants have, been personally served and no answer or demurrer or notice of motion to strike (of the character hereinafter specified) or notice of motion to quash service of summons pursuant to Section 416.1 of this code or notice of the filing of a petition for writ of mandate as provided in Section 416.3 of this code has been filed with the clerk or judge of the court within the time specified in the summons, or such further time as may be allowed, the clerk, or the judge if there be no clerk, upon application of the plaintiff, and proof of such service of summons, must enter the default of the defendant or defendants, so served, and immediately thereafter enter judgment for the principal amount demanded in the complaint or a lesser amount if credit has been acknowledged, together with interest allowed by law or in accordance with the terms of the contract, and the costs against said defendant, or defendants, or against one or more of said defendants. If, by rule of court, a schedule of attorney fees to be allowed has been adopted, the clerk may include in the judgment an attorney fee in accordance with such schedule if the contract provides that an attorney fee be allowed in the event of an action thereon; provided, that plaintiff shall have the right, upon filing a written request at the time of application for entry of the default of the defendant or defendants, to have the attorney fee fixed by the court, whereupon, after the entry of said default, the court shall hear the application for determination of the attorney fee and render judgment for the same and for the other relief demanded in the complaint, or a lesser amount if credit has been acknowledged, and the costs against said defendant, or defendants, or against one or more of said defendants.

2. In other actions, if the defendant has been personally served and no answer or demurrer or notice of motion to strike (of the character hereinafter specified) or notice of motion to quash service of summons pursuant to Section 416.1 of this code or notice of the filing of a petition for writ of mandate as provided in Section 416.3 of this code has been filed with the

clerk or judge of the court within the time specified in the summons, or such further time as may be allowed, the clerk, in courts having a clerk, must enter the default of the defendant; and thereafter the plaintiff may apply to the court for the relief demanded in the complaint; in courts which have no clerk, the court must hear the evidence offered by the plaintiff, and must render judgment in his favor for such sum (not exceeding the amount stated in the complaint), as appears by such evidence to be just. If the taking of an account, or the proof of any fact, is necessary to enable the court to give judgment or to carry the judgment into effect, the court may take the account or hear the proof, or may, in its discretion, order a reference for that purpose. And where the action is for the recovery of damages, in whole or in part, the court may order the damages to be assessed by a jury; or if, to determine the amount of damages, the examination of a long account is involved by a reference as above provided.

3. In all actions where the service of the summons was by publication the plaintiff, upon the expiration of the time for answering, may, upon proof of the publication, and that no answer or demurrer or notice of motion to strike (of the character hereinafter specified) or notice of motion to quash service of summons pursuant to Section 416.1 of this code or notice of the filing of a petition for writ of mandate as provided in Section 416.3 of this code has been filed, apply for judgment; and the court must thereupon require proof to be made of the allegations of the complaint; and if the defendant is not a resident of the state, must require the plaintiff, or his agent, to be examined, on oath, respecting any payments that have been made to the plaintiff, or to anyone for his use, on account of any demand mentioned in the complaint, and may render judgment for the amount which he is entitled to recover; provided that, in all cases affecting the title to or possession of real property, where the service of the summons was by publication and the defendant has failed to answer, no judgment shall be rendered upon proof of mere occupancy, unless such occupancy shall have continued for the time and shall have been of the character necessary to confer title by prescription, and in all cases where the plaintiff bases his claim upon a paper title, the court shall require evidence establishing plaintiff's equitable right to judgment before rendering such judgment; provided further, however, that in actions involving merely the possession of real property where the complaint is verified and shows by proper allegations that no party to the action claims title to the real property involved, either by prescription, accession, transfer, will or succession but only the possession thereof, the court may render judgment upon proof of occupancy by plaintiff and ouster by defendant.

A notice of motion to strike within the meaning of this section is a notice of motion to strike the whole or any part of a pleading filed within the time within which the moving

party is required otherwise to plead to said pleading. The notice of the motion to strike shall specify a hearing date not more than 15 days from the filing of said notice, plus any additional time that the moving party is otherwise required to give the adverse party. The filing of such notice of motion does not extend the time within which to demur.

4. In the cases referred to in subdivisions 2 and 3 of this section, excepting those cases which involve the dissolution or annulment of marriage or separate maintenance or the custody of children, or upon application to have an attorney's fee fixed by the court pursuant to subdivision 1 of this section, the court in its discretion may permit the use of affidavits, in lieu of personal testimony, as to all or any part of the evidence or proof required or permitted to be offered, received or heard in such cases. The facts stated in such affidavit or affidavits shall be within the personal knowledge of the affiant and shall be set forth with particularity, and each affidavit shall show affirmatively that the affiant, if sworn as a witness, can testify competently thereto.

CHAPTER 136

An act to amend Sections 52, 56, 59, 61, 70, 79, 82, 83, 85, and 87 of the Antelope Valley-East Kern Water Agency Law (Chapter 2146 of the Statutes of 1959), relating to the Antelope Valley-East Kern Water Agency.

[Approved by Governor May 12, 1967. Filed with Secretary of State May 12, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 52 of the Antelope Valley-East Kern Water Agency Law (Ch. 2146, Stats. 1959) is amended to read:

Sec. 52. If, on the 65th day prior to the day fixed for the agency general election, only one person has been nominated for each office of member of the board of directors to be filled at that election, or if no person has been nominated for any one or more of said offices, said board of directors shall by resolution entered in their minutes order that an election shall not be held, and shall immediately request that the board of supervisors of the county in which the division or a greater portion thereof is situated, at a regular or special meeting held prior to the day of election, appoint, and the board of supervisors shall thereupon appoint, to the office or offices the person or persons who have been nominated, or if no person or persons have been nominated, any qualified person or persons. The person appointed shall qualify, take office, serve, and be subject to recall exactly as if elected at an agency general election.

In such case, the publication provided for in Article 6 (commencing at Section 2699), Chapter 2, Division 5 of the Elections Code shall, instead of calling an election, state that no election is to be held but that the board of supervisors will either appoint those nominated for the positions of directors or appoint a qualified person or persons to the office or offices for which no one has been nominated as the circumstances may warrant.

SEC. 2. Section 56 of the Antelope Valley-East Kern Water Agency Law (Ch. 2146, Stats. 1959) is amended to read:

Sec. 56. Every incumbent of an elective office, whether elected by popular vote for a full term, appointed by the board of supervisors in lieu of election, or chosen by the board of directors to fill a vacancy, is subject to recall by the voters of the Antelope Valley-East Kern Water Agency organized under the provisions of this act in accordance with the recall provisions of the Elections Code of the state with reference to cities.

SEC. 3. Section 59 of the Antelope Valley-East Kern Water Agency Law (Ch. 2146, Stats. 1959) is amended to read:

Sec. 59. The board of directors shall be the governing body of the Antelope Valley-East Kern Water Agency and shall at its first meeting, or as soon thereafter as practicable, and at any other appropriate time, appoint by a majority vote (1) a secretary, (2) a treasurer, (3) an attorney, (4) a chief engineer, (5) a general manager and (6) an auditor, and pursuant to Section 65 of this act define their duties and fix their compensation, and each shall serve at the pleasure of the board, and may employ such additional assistants and employees as they may deem necessary to efficiently maintain and operate said agency. Said board may consolidate the offices of secretary and treasurer, and the offices of chief engineer and general manager.

SEC. 4. Section 61 of the Antelope Valley-East Kern Water Agency Law (Ch. 2146, Stats. 1959) is amended to read:

Sec. 61. The Antelope Valley-East Kern Water Agency incorporated as herein provided, shall have power:

1. To have perpetual succession;

2. To sue and be sued, except as otherwise provided herein or by law, in all actions and proceedings in all courts and tribunals of competent jurisdiction;

3. To adopt a seal and alter it at pleasure;

4. To take by grant, purchase, gift, devise, lease, or lease with option to purchase, hold, use, enjoy, and to lease or dispose of real and personal property of every kind, within or without the Antelope Valley-East Kern Water Agency;

5. To acquire, or contract to acquire, waterworks or a waterworks system, waters, water rights, lands, rights and privileges and construct, maintain and operate conduits, pipelines, reservoirs, works, machinery and other property useful or necessary to store, convey, supply or otherwise make use

of water for a waterworks plant or system for the benefit of the agency, and to complete, extend, add to, repair, or otherwise improve any waterworks or waterworks system acquired by it as herein authorized;

5a. To construct, maintain, improve and operate public recreational facilities appurtenant to any water reservoir operated or contracted to be operated by the Antelope Valley-East Kern Water Agency, and to provide by ordinance regulations binding upon all persons to govern the use of such facilities including regulations imposing reasonable charges for the use thereof. Violation of any such regulation shall be a misdemeanor;

6. To lease of and from any person, firm or public or private corporation, or public agency, with the privilege of purchasing or otherwise, all or any part of water storage, transportation or distribution facilities, existing waterworks or a waterworks system, and to carry on and conduct waterworks or a waterworks system; also to sell water under the control of the agency to cities, and to other public corporations and public agencies within the agency, and to the inhabitants of such cities and of other territory within the agency, and to persons, corporations, and other private agencies within the agency for use within said agency without any preference, and it may, whenever the board shall find that there is a surplus of water above that which may be required by such consumers within said agency, sell or otherwise dispose of such surplus water to any persons, firms, public or private corporations or public agencies or other consumers;

6a. To supply and deliver agency water to publicly owned and operated golf courses and other publicly owned and operated recreational facilities and to public schools, school districts and public school properties, and to fix and establish special rates, terms and conditions for the use and sale of water for each of these purposes; provided, however, that this provision shall not be construed to indicate legislative intent either for or against the existence of any power of the agency to furnish water to other persons, firms or corporations at just and reasonable rates;

7. To have and exercise the right of eminent domain and in the manner provided by law for the condemnation of private property for public use, to take any property necessary to supply the agency or any portion thereof with water, and to carry out any other powers of the agency, whether such property be already devoted to the same use or otherwise, and may condemn any existing waterworks or system, or any portion thereof, or any waters or water rights owned by any person, firm or private corporation. In proceedings relative to the exercise of such right, the agency shall have all of the rights, powers and privileges of a city; provided, the agency in exercising such power, shall in addition to the damage for the taking, injury, or destruction of property, also pay the cost of removal, reconstruction, or relocation of any structure,

railways, mains, pipes, conduits, wires, cables or poles of any public utility which is required to be removed to a new location. The agency may exercise the power of eminent domain with respect to property situated outside the boundaries of the agency if it first obtains the consent thereto of the board of supervisors of the county in which such property is located;

8. To issue bonds, borrow money and incur indebtedness as authorized by law or in this act provided; also to refund (by the issuance of the same obligations following the same procedure) or retire any indebtedness or lien that may exist against the agency or property thereof; also to issue warrants to pay the formation expenses of the agency, which warrants may bear interest at a rate not exceeding 6 percent per annum from the date of issue until funds are available to pay the warrants, and which formation expenses may include fees of attorneys and others employed to conduct the formation proceedings.

8a. To issue negotiable promissory notes bearing interest at a rate not exceeding 6 percent per annum; provided, however, that said notes shall be general obligations of the agency payable from revenues and taxes in the same manner as bonds of said agency; and provided further, that the maturity shall not be later than three years from the date thereof and that the total aggregate amount of such notes outstanding at any one time may be at least equal to seventy-five thousand dollars ($75,000) in the Antelope Valley-East Kern Water Agency but shall not otherwise exceed the lesser of either five hundred thousand dollars ($500,000) or 2 percent of the assessed valuation of the taxable property in the Antelope Valley-East Kern Water Agency or, if said assessed valuation is not obtainable, 2 percent of the county auditor's estimate of the assessed valuation of the taxable property in the agency evidenced by his certificate;

9. To cause taxes to be levied, in the manner hereinafter provided, for the purpose of paying any obligation of the agency, including its formation expenses and any warrants issued therefor;

9a. To restrict the use of agency water during any emergency caused by drought, or other threatened or existing water shortage, and to prohibit the wastage of agency water or the use of agency water during such periods, for any purpose other than household uses or such other restricted uses as may be determined to be necessary by the agency; to prohibit use of such water during such periods for specific uses which the agency may from time to time find to be nonessential;

9b. To prescribe and define by ordinance the restrictions, prohibitions and exclusions referred to in subdivision 9a hereof. Every ordinance relating to the matters referred to in this subdivision shall be in full force and effect forthwith upon adoption, but shall be published pursuant to Section 6061 of the Government Code in full in a newspaper of general circulation, printed, published and circulated in the agency within

10 days after adoption, or if there be no such newspaper it shall be posted within said time in three public places within the agency;

10. To make contracts, to employ labor, and do all acts necessary for the full exercise of the agency's powers;

11. In case of condemnation proceedings the board shall proceed in the name of the agency;

12. To provide by ordinance of its board of directors for the pensioning of officers or employees and the creation of a special fund for the purpose of paying such pensions, and the accumulation of contributions to said fund from the revenues of the agency, the wages of officers or employees, voluntary contributions, gifts, donations or any source of revenue not inconsistent with the general powers of the board, and to contract with any insurance corporation or any other insurance carrier for the maintenance of a service covering the pension of such officers or employees, and to provide in such ordinance for the terms and conditions under which such pensions shall be awarded, and for the time and extent of service of officers or employees before such pensions shall be available to them;

13. To acquire, control, distribute, store, spread, sink, treat, purify, reclaim, recapture, and salvage any water, including sewage and storm waters, for the beneficial use or uses and protection of the agency or its inhabitants or the owners of rights to water therein.

14. To join with one or more public agencies, private corporations or other persons for the purpose of carrying out any of the powers of the agency, and for that purpose to contract with such other public agencies or private corporations or persons for the purpose of financing such acquisitions, constructions and operations. Such contracts may provide for contributions to be made by each party thereto and for the division and apportionment of the expenses of such acquisitions and operations, and the division and apportionment of the benefits, the services and products therefrom, and may provide for any agency to effect such acquisitions and to carry on such operations, and shall provide in the powers and methods of procedure for such agency the method by which such agency may contract. Such contracts with other public agencies or private corporations or persons may contain such other and further covenants and agreements as may be necessary or convenient to accomplish the purposes thereof. The term "public agency," as used in this subdivision, shall be deemed to mean and include the United States of America or any department or agency thereof, the State of California or any department or agency thereof, a county, city, public corporation, the Metropolitan Water District of Southern California, or other public district of this state. The term "private corporation," as used in this subdivision, shall be deemed to mean and include any private corporation organized under the laws of the United States of America or of this or any other state thereof. Contracts mentioned herein include those made with the

United States, under the Federal Reclamation Act of June 17, 1902, and all acts amendatory thereof or supplementary thereto or any other act of Congress heretofore or hereafter enacted permitting cooperation. Any such contract with the United States of America or any department or agency thereof, or with any private corporation organized under the laws of the United States of America, by which the Antelope Valley-East Kern Water Agency incurs an indebtedness or liability exceeding in any year the income and revenue for such year shall not be executed without the assent of two-thirds of the qualified electors of the agency voting at a special election to be held for that purpose, such election to be called and held, so far as practicable, in the same manner as bond elections for the agency.

15. To commence, maintain, intervene in, and compromise, in the name of the agency, any action or proceeding involving or affecting the ownership or use of water or water rights within the agency, used or useful for any purpose of the agency, or a common benefit to lands within the agency or its inhabitants.

16. Distribute water to persons in exchange for ceasing or reducing ground water extractions and to fix the terms and conditions of any contract under which producers may agree voluntarily to use water from a nontributary source in lieu of ground water, and to such end the agency may become a party to such contract and pay from agency funds such portion of the cost of such waters as will encourage the purchase and use of such water in lieu of pumping so long as the persons or property within the agency are directly or indirectly benefited.

17. To issue bonds under Section 68 of this act for the purpose of providing money required to be paid to the agency organized under the Metropolitan Water District Act by the board of directors of the agency as all or part of the terms and conditions upon which the corporate area of the Antelope Valley-East Kern Water Agency may be annexed to and become a part of said metropolitan water district. The amount of said bonds may include expenses of all proceedings for the authorization, issuance and sale of the bonds.

18. To issue revenue bonds for any purpose for which such bonds could be issued under the provisions of the Revenue Bond Law of 1941 or any other law which by its terms is applicable to the agency formed under this act.

19. To use the Improvement Act of 1911 for the construction of any facilities authorized to be constructed under the provisions of this act. The powers and duties conferred by the Improvement Act of 1911 on the various boards, officers and agents of cities shall be exercised by the respective boards, officers and agents of the Antelope Valley-East Kern Water Agency. In the application of said Improvement Act of 1911 to proceedings instituted by the Antelope Valley-East Kern

Water Agency, the terms used in said Improvement Act of 1911 shall have the following meanings:

(a) "City council" and "council" shall mean the board of directors of the Antelope Valley-East Kern Water Agency.

(b) "Municipality" and "city" shall mean the Antelope Valley-East Kern Water Agency.

(c) "Clerk" and "city clerk" shall mean the secretary.

(d) "Superintendent of streets," "street superintendent" and "city engineer" shall mean the chief engineer of the agency.

(e) "Tax collector" shall mean the county tax collector.

(f) "Treasurer" and "city treasurer" shall mean the treasurer of the Antelope Valley-East Kern Water Agency.

(g) "Mayor" shall mean the president of the board of directors of the Antelope Valley-East Kern Water Agency.

(h) "Right-of-way" shall mean any parcel of land in, on, under or through which a right-of-way or easement has been granted to the agency for the purpose of constructing and maintaining any works or improvements of the Antelope Valley-East Kern Water Agency.

Any certificates or documents required to be filed or recorded in the office of the superintendent of streets or street superintendent shall be filed or recorded in the office of the secretary of the Antelope Valley-East Kern Water Agency.

20. To disseminate information concerning the rights, properties, and activities of the agency.

SEC. 5. Section 70 of the Antelope Valley-East Kern Water Agency Law (Ch. 2146, Stats. 1959) is amended to read:

Sec. 70. Any portion of the Antelope Valley-East Kern Water Agency whether contiguous or not to an improvement district thereof may be annexed to said improvement district in the following manner. A petition, which may consist of any number of separate instruments, shall be filed with the secretary of the agency, signed by holders of title to sixty percent (60%) or more of the land in the portion proposed to be annexed, which land as so represented in said petition shall have an assessed valuation of not less than fifty percent (50%) of the land so proposed to be annexed. The petition shall contain the following: (a) a description of the area proposed to be annexed, which may be made by reference to a map on file with the secretary of the agency, which map shall govern for all details as to the extent of the area proposed to be annexed, or in any other definite manner; (b) the terms and conditions upon which said proposed area may be annexed as theretofore determined by resolution adopted by the board of directors of the agency; and (c) a prayer that the board of directors declare such area to be annexed to the improvement district. Said petition shall be accompanied by a certified check payable to the order of the agency in sufficient sum to reimburse said agency for expenses of processing and publishing the petition and preparing and making the filings required by law.

Within 10 days of the date of the filing of such petition the secretary of the agency shall examine the same and ascertain whether or not such petition is signed by the required number of property owners; and, if requested by the secretary of the agency, the board of directors shall authorize him to employ persons especially for that purpose, in addition to the persons regularly employed in his office, and shall provide for their compensation. When the secretary of the agency has completed his examination of the petition, he shall attach to the same his certificate, properly dated, showing the result of such examination; and if from such examination he shall find that said petition is signed by the requisite number of property owners, or is not so signed, he shall certify that the same is sufficient, or insufficient, as the case may be.

If by the certificate of the secretary of the agency the petition is found to be insufficient, said petition may be amended by filing a supplemental petition or petitions within 10 days of the date of such certificate. The secretary of the agency shall within 10 days after the filing of such supplemental petition or petitions, make like examination of the same and certify to the result of such examination as hereinbefore provided.

If his certificate shall show any such petition, or such petition as amended, to be insufficient, it shall be filed by him with the board of directors of the agency and kept as a public record, without prejudice, however, to the filing of a new petition to the same effect. But if by the certificate of the secretary such petition, or petition as amended, is shown to be sufficient the secretary shall cause notice of hearing on the petition to be published and posted without delay.

The text of said petition shall be published pursuant to Section 6066 of the Government Code prior to the time at which the same is to be presented to the board of directors of the agency in at least one newspaper printed and published in the Antelope Valley-East Kern Water Agency, if there is a newspaper printed and published in such agency, together with a notice stating the time and place of the meeting at which the same will be presented. When contained upon one or more instruments one copy only of such petition need be published. No more than five of the names attached to said petition need appear in said publication of said petition and notice, but the number of signers shall be stated. Said notice and petition shall also be posted in three public places in the improvement district and three public places in the area proposed to be annexed, at least two weeks prior to the hearing.

The board of directors of the agency shall proceed to hear the petition at the time and place fixed therefor and any person residing within the agency, or improvement district or owning taxable property in said agency or improvement district shall be entitled to appear and be heard at such hearing. Such hearing my be continued from time to time by the board of directors of the agency. At the conclusion of the hearing, and if the board of directors finds and determines from the evidence presented at said hearing that the area proposed to be

annexed to an improvement district will be benefited thereby, and that the improvement district to which said area proposed to be annexed will also be benefited thereby and will not be injured thereby, then and in such case the board of directors of the agency may, by resolution, approve such annexation, describing the territory so annexed, which may be by reference to a map on file with the secretary of the agency, which map shall govern for all details as to the extent of the annexed area, or in any other definite manner, and the terms and conditions of annexation as theretofore determined by resolution of the board of directors.

From and after the date of the adoption of such resolution the area named therein shall be deemed added to and shall form a part of said improvement district and the taxable property therein shall be subject to taxation thereafter for the purposes of said improvement district, including the payment of the principal of and interest on bonds and other obligations of such improvement district at the time authorized and outstanding at the time of said annexation as if said annexed property had always been a part of said improvement district, and the board of directors of the Antelope Valley-East Kern Water Agency shall be empowered to do all things necessary to enforce and make effective the terms and conditions of annexation fixed as hereinabove authorized.

Any action or proceeding wherein the validity of any such annexation is contested, questioned or denied must be commenced within three months after the date of issuance by the Secretary of State of his certificate; otherwise said annexation shall be held to be valid and in every respect legal and incontestable.

SEC. 6. Section 79 of the Antelope Valley-East Kern Water Agency Law (Ch. 2146, Stats. 1959) is amended to read:

Sec. 79. The board of directors shall determine the amounts necessary to be raised by taxation during the fiscal year and shall fix the rate or rates of tax to be levied which will raise the amounts of money required by the agency, and within a reasonable time previous to the time when the board of supervisors is required by law to fix its tax rate, the board of directors shall certify to the board of supervisors the rate or rates so fixed and shall furnish to the board of supervisors a statement in writing containing the following: (a) an estimate of the minimum amount of money required to be raised by taxation during the fiscal year for the payment of the principal of and interest on any bonded debt of the agency or of an improvement district thereof as will become due before the proceeds of a tax levied at the next general tax levy will be available; (b) an estimate of the minimum amount of money required to be raised by taxation during the fiscal year for all other purposes of the agency. The board of directors shall direct that at the time and in the manner required by law for the levying of taxes for county purposes, such board of supervisors shall levy, in addition to such other tax as may be

levied by such board of supervisors, at the rate or rates so fixed and determined by the board of directors, a tax upon the property within the agency, or improvement district thereof benefited by the bonded debt, as the case may be, and it is made the duty of the officer or body having authority to levy taxes within each county to levy the tax so required. Taxes for the payment of the interest on or principal of any bonded debt shall be levied on the property within the agency, or improvement district thereof, benefited by the bonded debt, as determined by the board of directors in the resolution declaring the necessity to incur the debt. Notwithstanding any other provision of this act taxes for the general administrative purposes of the agency should be levied on all property within the agency or portion thereof subject to the particular tax and the aggregate tax levied for such administrative purposes shall for the fiscal year not exceed ten cents ($0.10) on each one hundred dollars ($100) of assessed valuation on the taxable property in the agency or such portion thereof. This shall be exclusive of any tax levied to meet the payment of interest or principal on any bonded indebtedness of the agency or any indebtedness arising out of any contractual obligations with the federal, state, county or city governments or political subdivision thereof including this agency. And it shall be the duty of all county officers charged with the duty of collecting taxes to collect such tax in time, form, and manner as county taxes are collected, and when collected to pay the same to the agency. Taxes for the payment of a bonded debt and the interest thereon shall be a lien on all the property benefited thereby as stated in the resolution of the board of directors declaring the necessity to incur the debt. All taxes for other purposes of the agency shall be a lien on all the property in the agency subject to the respective tax. Agency taxes, whether for payment of a bonded indebtedness and the interest thereon or for other purposes, shall be of the same force and effect as other liens for taxes, and their collection may be enforced by the same means as provided for the enforcement of liens for state and county taxes.

SEC. 7. Section 82 of the Antelope Valley-East Kern Water Agency Law (Ch. 2146, Stats 1959) is amended to read:

Sec. 82. Any portion of a county in which the Antelope Valley-East Kern Water Agency is situated, or any city, situated within such county, or both, may be added to the Antelope Valley-East Kern Water Agency organized under the provisions of this act, and such cities need not be contiguous and such unincorporated territory may consist of one or more parcels which need not be contiguous one with the other or with any such cities and such annexing area or areas need not be contiguous with the agency. Such annexation shall occur in the following manner. A petition, which may consist of any number of separate instruments, shall be filed with the secretary of the agency, signed by voters residing within the boundaries of the area proposed to be annexed equal in number to at least

10 per centum of the number of such voters voting for all candidates for the office of Governor of this state at the last general election prior to the filing of such petition; provided, that where one or more cities are included in such proposed annexation, such petition must be signed by at least 10 per centum of the voters of each such city so voting at such election. Such petition shall set forth and describe the boundaries of the area proposed to be annexed and shall contain a prayer that such area be annexed to the Antelope Valley-East Kern Water Agency.

The text of such petition shall be published once a week for at least two weeks, the last publication to be made not less than one week nor more than four weeks before the time at which the same is to be presented to the board of directors of the agency in at least one, but not to exceed three, newspapers printed and published in the Antelope Valley-East Kern Water Agency, together with a notice stating the time of the meeting at which the same will be presented. When contained upon one or more instruments, one copy only of such petition need be published. No more than five of the names attached to said petition need appear in said publication of said petition and notice, but the number of signers shall be stated.

Within 10 days of the date of the filing of such petition the secretary of the agency shall examine the same and ascertain whether or not such petition is signed by the requisite number of voters; and if requested by the secretary of the agency, the board of directors shall authorize him to employ persons especially for that purpose, in addition to the persons regularly employed in his office, and shall provide for their compensation. When the secretary of the agency has completed his examination of the petition, he shall attach to the same his certificate, properly dated, showing the result of such examination; and if from such examination he shall find that said petition is signed by the requisite number of voters or is not so signed, he shall certify that the same is sufficient or insufficient as the case may be.

If, by the certificate of the secretary of the agency, the petition is found to be insufficient, he shall also certify to the number of voters required to make such petition sufficient, and it may be amended by filing a supplemental petition or petitions within 10 days of the date of such certificate. The secretary of the agency shall, within 10 days after the filing of such supplemental petition or petitions, make like examination of the same and certify to the result of such examination as hereinbefore provided.

If his certificate shall show any such petition, or such petition as amended, to be insufficient, it shall be filed by him with the board of directors of the agency and kept as a public record, without prejudice, however, to the filing of a new petition to the same effect. But if, by the certificate of the secretary, such petition, or petition as amended, is shown to be sufficient, the secretary shall present the same to the board of directors, without delay.

If any supplemental petition be filed, all the signatures appended to the petition or to the supplemental petition or petitions shall be considered in determining the number of voters signing the petition.

After an election for the annexation of such area to the agency the sufficiency of such petition in any respect shall not be subject to judicial review or be otherwise questioned.

Such petition may be granted by ordinance of the board of directors of such agency. In granting such petition, such board of directors may fix in said ordinance the terms and conditions upon which such annexation may occur, and such terms and conditions may provide, among other things, for the levy by the Antelope Valley-East Kern Water Agency of special taxes upon taxable property within such annexed area or areas in addition to the taxes elsewhere in this act authorized to be levied by such Antelope Valley-East Kern Water Agency, and in case such terms and conditions shall provide for the levy of such special taxes, the board of directors, in fixing such terms and conditions, shall specify the aggregate amount to be so raised and the number of years prescribed for raising such aggregate sum and that substantially equal annual levies will be made for the purpose of raising such sum over the period so prescribed. Such terms and conditions also may provide, among other things, that a special water rate may be fixed from time to time by the board of directors for the area or areas proposed to be annexed. If such petition is granted, the proposition of such annexation subject to the terms and conditions so fixed, shall be submitted to the vote of the voters in the proposed addition, at an election called by the board of directors and held, as herein provided, within 70 days after the effective date of such ordinance. Notice of such election shall be given by publication in a newspaper of general circulation published in the Antelope Valley-East Kern Water Agency once a week for three successive weeks, the last publication to be not more than four weeks nor less than one week prior to the date fixed for such election. Such notice shall describe the boundaries of the area or areas so proposed to be annexed and shall designate such territory by some appropriate name, or other words of identification, by which such territory may be referred to and indicated upon the ballot to be used at any election at which the question of such annexation is submitted, as in this act provided. Such notice also shall contain the substance of the terms and conditions fixed by the board of directors, as herein provided. The measure so submitted at such election shall be stated on the ballot substantially as follows: "Shall _____ (giving the name or other designation of the territory proposed to be annexed, as stated in the notice of election) be annexed to the Antelope Valley-East Kern Water Agency subject to the terms and conditions fixed by the board of directors of said agency?" At the right of such proposition there shall be printed the words "yes" and "no" with voting

squares. The board of directors shall canvass the votes cast at such election and if such proposition is approved by a majority of the voters voting thereon at such election, the president and secretary of the board of directors shall certify that fact to the Secretary of State and to the county recorders of the counties in which such agency is located. Upon receipt of such last-mentioned certificate, the Secretary of State shall, within 10 days. issue his certificate reciting the passage of said ordinance and the addition of said area or areas to said agency. A copy of said certificate shall be transmitted to, and filed with, the county clerks of the counties in which the Antelope Valley-East Kern Water Agency is situated. From and after the date of such certificate, the area or areas named therein shall be deemed added to, and shall form a part of, said Antelope Valley-East Kern Water Agency, and the taxable property therein shall be subject to taxation thereafter for the purposes of said Antelope Valley-East Kern Water Agency, including the payment of bonds and other obligations of such agency at the time authorized or outstanding, and the board of directors of such Antelope Valley-East Kern Water Agency shall be empowered to do all things necessary to enforce and make effective the terms and conditions of annexation fixed as hereinabove authorized.

SEC. 8. Section 83 of the Antelope Valley-East Kern Water Agency Law (Ch. 2146, Stats. 1959) is amended to read:

Sec. 83. Uninhabited territory within a county or contiguous county to which the Antelope Valley-East Kern Water Agency is situated may be added to such agency pursuant to the provisions of this section. For the purposes hereof, territory shall be deemed uninhabited if less than 12 voters reside therein at the time of the filing of the petition for annexation or the initiation of proceedings by resolution of the board. Such uninhabited territory may consist of unincorporated territory only or of incorporated territory lying within the boundaries of one or more cities, or of both such unincorporated and incorporated territory; provided, that incorporated territory lying within the boundaries of any city may be added to such agency in accordance with the provisions of this section only if upon the annexation of such uninhabited territory the entire corporate area of such city will be included in such agency. Such uninhabited territory, whether consisting of unincorporated territory or of incorporated territory or of both such unincorporated and incorporated territory, may consist of one or more parcels, which need not be contiguous one with the other or with the agency.

Proceedings for the annexation of uninhabited territory to the agency may be initiated by petition. Such petition, which may consist of any number of separate instruments, shall be filed with the secretary of the agency, signed by the owners of not less than one-fourth of the land in such territory by area and by assessed value as shown on the last equalized assessment roll of the county or counties in which such territory is situ-

ated. A guardian, executor, administrator, or other person holding property in a trust capacity under appointment of court, may sign any petition or protest provided for in this section, when authorized by the proper court, which authorization may be made without notice. The last equalized assessment roll of said county or counties is prima facie evidence of the ownership of the land or lands lying within such territory proposed to be annexed. Such petition shall set forth and describe the boundaries of the area proposed to be annexed to the Antelope Valley-East Kern Water Agency pursuant to the provisions of this section.

The secretary shall present such petition to the board of directors of the agency at its next meeting, and said board, without delay, shall pass a resolution giving notice of the proposed annexation. Said resolution shall state that such petition has been filed, shall set forth and describe the boundaries of the territory proposed to be annexed, shall contain the terms and conditions of annexation, if any, prescribed by the board as hereinafter authorized, shall state that any owner of property within such territory may file with the secretary of the agency, at any time prior to the hour set for the hearing thereof, written protest to the annexation of such territory, or to the annexation of such territory upon such terms and conditions, as the case may be, and shall fix the time and place of the meeting of the board at which the board will hear such protests.

The board of directors of the agency by resolution may initiate proceedings for the annexation of uninhabited territory to the agency. Such resolution shall declare that proceedings have been initiated by the board of directors under the provisions of this section, shall state the reason for proposing such annexation, shall set forth and describe the boundaries of the territory proposed to be annexed, shall contain the terms and conditions of annexation, if any, prescribed by the board as hereinafter authorized, shall state that any owner of property within such territory may file with the secretary of the agency, at any time prior to the hour set for the hearing thereof, written protest to the annexation of such territory, or the annexation of such territory upon such terms and conditions, as the case may be, and shall fix the time and place of the meeting of the board at which the board will hear such protests.

Said hearing shall be commenced not less than 20 nor more than 40 days after the passage of the resolution of the board of directors. The secretary of the agency shall cause the text of the resolution to be published once each week for at least two weeks, the last publication to be made not less than one week nor more than four weeks before the time so fixed for the hearing, in at least one, but not to exceed three, newspapers printed and published in the agency.

After the date of issuance by the Secretary of State of his certificate reciting the passage of the ordinance approving the annexation, and the addition of the uninhabited territory to

the agency, the sufficiency of the petition or resolution shall not be subject to judicial review or be otherwise questioned.

At any time prior to the hour set for the hearing of protests, any owner of property within the territory proposed to be annexed may file with the secretary of the agency written protest against the annexation, or against the annexation upon the terms and conditions specified in the resolution, as the case may be. The protest shall state the name of the owner of the property affected, and the description and area of such property in general terms. At the hearing, which may be adjourned from time to time, the board of directors shall hear and pass upon all protests so filed. If such protests are so filed by the owners of one-half of the value of the territory proposed to be annexed as shown by the last equalized assessment roll of the county or counties, further proceedings shall not be taken. If such protest is not made, the board of directors shall approve or disapprove the annexation by ordinance. Any ordinance approving such annexation shall set forth and describe the boundaries of the territory so annexed and the terms and conditions of annexation, if any, prescribed by the board as hereinafter authorized. If the board of directors disapproves the annexation, or the annexation subject to such terms and conditions, as the case may be, a new proceeding to annex any of the same territory shall not be initiated under this section for a period of 12 months from the effective date of the ordinance.

The board of directors may approve the annexation of such territory upon terms and conditions fixed by the board in the manner hereinafter provided. Such terms and conditions may provide, among other things, for the levy by the Antelope Valley-East Kern Water Agency of special taxes upon taxable property within such annexed area or areas in addition to the taxes elsewhere in this act authorized to be levied by the Antelope Valley-East Kern Water Agency, and in case such terms and conditions shall provide for the levy of such special taxes, the board of directors, in fixing such terms and conditions, shall specify the aggregate amount to be so raised and the number of years prescribed for raising such aggregate sum and that substantially equal annual levies will be made for the purpose of raising such sum over the period so prescribed. Such terms and conditions also may provide, among other things, that a special water rate may be fixed from time to time by the board of directors for the area or areas proposed to be annexed. The board shall propose such terms and conditions either in the resolution adopted subsequent to the filing of a petition for annexation or in the resolution initiating the proceedings, as the case may be, or in a resolution adopted by the board at the hearing. Terms and conditions proposed in a prior resolution may be amended and the amended terms and conditions proposed in a resolution adopted by the board at the hearing. If such terms and conditions, or amended terms and conditions, are proposed by the board in a resolution adopted at the hearing, the board shall adjourn the hearing

for not less than 20 nor more than 40 days, to a time and place to be fixed in such resolution, and said resolution shall state that any owner of property within such territory may file with the secretary of the agency, at any time prior to the hour set for the adjourned hearing, written protest to the annexation of such territory upon such terms and conditions. The secretary of the agency shall cause the text of the resolution to be published for the time and in the manner required for publication of the resolution giving notice of the original hearing. If prior to the hour set for the adjourned hearing, written protests, in the form hereinabove prescribed, to the annexation of such territory subject to such terms and conditions, are filed with the secretary of the agency by the owners of one-half of the value of said territory as shown by the last equalized assessment roll of the county or counties, further proceedings shall not be taken. If such protest is not made, the board of directors shall by ordinance approve or disapprove the annexation. If approved, such annexation shall be subject to the terms and conditions or amended terms and conditions, so proposed by resolution of the board, which terms and conditions shall be set forth in the ordinance.

When an ordinance approving annexation of uninhabited territory becomes effective, the president and secretary of the board of directors shall file with the Secretary of State a certified copy of the ordinance. Upon receipt of the certified copy of the ordinance, the Secretary of State shall within 10 days, issue his certificate reciting the passage of said ordinance and the addition of said area or areas to said agency. A copy of said certificate shall be transmitted to, and filed with, the county clerks of the counties in which the Antelope Valley-East Kern Water Agency is situated. From and after the date of such certificate, the area or areas named therein shall be deemed added to, and shall form a part of, said agency, and the taxable property therein shall be subject to taxation thereafter for the purposes of said agency, including the payment of bonds and other obligations of such agency at the time authorized or outstanding, and the Board of Directors of the Antelope Valley-East Kern Water Agency shall be empowered to do all things necessary to enforce and make effective the terms and conditions of annexation fixed as hereinabove authorized.

Notwithstanding the eligibility of any territory for annexation to the agency pursuant to the provisions of this section, the procedure herein prescribed shall not be deemed exclusive and such territory may be annexed to such agency as a separate parcel, or as part of a larger parcel, of territory annexed under the provisions of Section 82 of this act.

SEC. 9. Section 85 of the Antelope Valley-East Kern Water Agency Law (Ch. 2146, Stats. 1959) is amended to read:

Sec. 85. Uninhabited territory included within the Antelope Valley-East Kern Water Agency may be excluded from such agency pursuant to the provisions of this section. For the purposes hereof, territory shall be deemed uninhabited if less than 12 voters reside therein at the time of the filing of the petition for exclusion or the initiation of proceedings by resolution of the board. Incorporated territory lying within the boundaries of any city may be excluded from such agency in accordance with the provisions of this section only if upon the exclusion of such uninhabited territory no part of the corporate area of such city will be included in such agency. Such uninhabited territory may consist of one or more parcels, which need not be contiguous one with the other.

Proceedings for the exclusion of uninhabited territory from the agency may be initiated by petition. Such petition, which may consist of any number of separate instruments, shall be filed with the secretary of the agency, signed by the owners of not less than one-fourth of the land in such territory by area and by assessed value as shown on the last equalized assessment roll of the county or counties in which such territory is situated. A guardian, executor, administrator, or any person holding property in a trust capacity under appointment of court may sign any petition or protest provided for in this section, when authorized by the proper court, which authorization may be made without notice. The last equalized assessment roll of said county or counties is prima facie evidence of the ownership of the land or lands lying within such territory proposed to be excluded. Such petition shall set forth and describe the boundaries of the area proposed to be excluded, shall state the reason for proposing such exclusion, and shall contain a prayer that such area be excluded from the Antelope Valley-East Kern Water Agency pursuant to the provisions of this section.

The secretary shall present such petition to the board of directors of the agency at its next meeting, and said board, without delay, shall pass a resolution giving notice of the proposed exclusion. Said resolution shall state that said petition has been filed, shall set forth and describe the boundaries of the territory proposed to be excluded, shall state that any owner of property within such territory may file with the secretary of the agency, at any time prior to the hour set for the hearing thereof, written protest to the exclusion of such territory, and shall fix the time and place of the meeting of the board at which the board will hear such protests.

The board of directors of the agency by resolution may initiate proceedings for the exclusion of uninhabited territory from such agency. Such resolution shall declare that proceedings have been initiated by the board of directors under the provisions of this section, shall state the reason for proposing such exclusion, shall set forth and describe the boundaries of the territory proposed to be excluded, shall state that any owner of property within such territory may file with the secretary of the agency, at any time prior to the hour set for the

hearing thereof, written protest to the exclusion of such territory, and shall fix the time and place of the meeting of the board at which the board will hear such protests.

Said hearings shall be commenced not less than 20 nor more than 40 days after the passage of the resolution of the board of directors. The secretary of the agency shall cause the text of the resolution to be published once each week for at least two weeks, the last publication to be made not less than one week nor more than four weeks before the time so fixed for the hearing, in at least one, but not to exceed three, newspapers published in the agency.

After the date of issuance by the Secretary of State of his certificate reciting the passage of the ordinance approving the exclusion, and the exclusion of the uninhabited territory from the agency, the sufficiency of the petition or resolution shall not be subject to judicial review or be otherwise questioned.

At any time prior to the hour set for the hearing of protests, any owner of property within the territory proposed to be excluded may file with the secretary of the agency written protest against the exclusion. The protest shall state the name of the owner of the property affected, and the description and area of such property in general terms. At the hearing, which may be adjourned from time to time, the board of directors shall hear and pass upon all protests so filed. If such protests are so filed by the owners of one-half of the value of the territory proposed to be excluded as shown by the last equalized assessment roll of the county or counties, further proceedings shall not be taken. If such protest is not made, the board of directors shall approve or disapprove the exclusion by ordinance. Any ordinance approving such exclusion shall set forth and describe the boundaries of the territory so excluded. If the board of directors disapproves the exclusion, a new proceeding to exclude any of the same territory shall not be initiated under this section for a period of 12 months from the effective date of the ordinance.

When an ordinance approving exclusion of uninhabited territory becomes effective, the president and secretary of the board of directors shall file with the Secretary of State a certified copy of the ordinance. Upon receipt of the certified copy of the ordinance, the Secretary of State shall, within 10 days, issue his certificate reciting the passage of said ordinance and the exclusion of said area or areas from said agency. A copy of said certificate shall be transmitted to, and filed with, the county clerks of the counties in which the Antelope Valley-East Kern Water Agency is situated. From and after the date of such certificate, the area or areas named therein shall be deemed excluded from, and shall no longer form a part of, said Antelope Valley-East Kern Water Agency, but the taxable property within such excluded area or areas shall continue taxable by such Antelope Valley-East Kern Water Agency for the purpose of paying the bonded or other indebt-

edness of the Antelope Valley-East Kern Water Agency outstanding or contracted for at the time of such exclusion and until such bonded or other indebtedness shall have been satisfied, to the same extent that such property would be taxable for such purpose if such exclusion had not occurred.

Notwithstanding the eligibility of any territory for exclusion from the Antelope Valley-East Kern Water Agency pursuant to the provisions of this section, the procedure herein prescribed shall not be deemed exclusive and such territory may be excluded from such agency as a separate parcel, or as part of a larger parcel, of territory excluded under the provisions of Section 84 of this act.

SEC. 10. Section 87 of the Antelope Valley-East Kern Water Agency Law (Ch. 2146, Stats. 1959) is amended to read:

Sec. 87. Upon the disincorporation of the agency in the manner hereinbefore provided for, the board of supervisors of the principal county shall forthwith, after ascertaining by said canvass that the disincorporation has been carried, determine the amount of the indebtedness of said agency, the amount of money in the treasury thereof and all indebtedness due or coming due the said agency, and the directors of said agency shall furnish the said board of supervisors with a statement showing said amount of indebtedness, the said amount of money in the treasury and all indebtedness due or coming due said agency, and said Antelope Valley-East Kern Water Agency shall before the expiration of 30 days turn over to the treasury of said county all moneys of said agency in its possession, and said county treasurer shall place said money in a special fund to be drawn upon as hereinafter provided for. Upon the disincorporation of said agency every public officer of said agency shall immediately turn over to the board of supervisors of the principal county in which said agency is situated, all public property of every nature and description in their possession, and including all public records and data of every nature and description. Nothing contained in this act shall be held to relieve said Antelope Valley-East Kern Water Agency, or the territory included within it, from any liability or any debt contracted by said agency prior to its disincorporation. All warrants for said indebtedness shall be drawn on order of said board of supervisors of the county, on the fund hereinabove provided for in the county treasury of the principal county. All moneys paid into the county treasury under the provisions of this act shall be placed in the special fund hereinbefore provided for. If at any time after the disincorporation of said agency it shall be found that there is not sufficient money in the treasury to the credit of the fund hereinbefore provided, with which to pay any indebtedness of said agency, said board of supervisors shall have the power, and it shall be their duty, to levy upon, and there shall be collected from, the property within the territory formerly included within said agency subject to taxation for

the indebtedness, a tax or taxes sufficient in amount to pay the said indebtedness as the same shall become due; such tax or taxes, assessments and collections shall be made in the same manner and at the same time that other taxes of the county are levied and collected, and they shall be an additional tax within said territory for the payment of said debts. If after payment of all debts of said agency there shall remain any surplus in the hands of said county treasurer to the credit of the fund hereinbefore mentioned, the board of supervisors shall appropriate said surplus and declare a dividend pro rata to the taxpayers of said agency duly paid, and said taxpayers shall have the right to have the amount of such pro rata dividends refunded to them on demand, and the said board of supervisors shall refund such pro rata to said taxpayers and each thereof. The board of supervisors of the principal county in which said agency has been disincorporated, shall have the power and it shall be the duty of said board, if the board of directors of said agency shall fail or refuse to return to said board the statement of said amounts as hereinbefore in this act provided, to ascertain the indebtedness, other than the bonded indebtedness, of said agency at the time of its disincorporation, the amount of money in its treasury and the amount due it at the said time; said board of supervisors shall make provision for the collection of the amounts due to said agency for the closing up of its affairs, and any act or acts necessary for said purposes not otherwise herein provided for, shall upon the order of said board of supervisors directing the same, be as fully done and performed and with as full effect as if the same had been performed by the proper officers of said agency before disincorporation, and said county shall succeed to and possess all the right of said agency in and to said indebtedness, and shall have the power to sue for or otherwise collect any such debts in the name of said county, and all costs and expenses of ascertaining the facts hereinbefore mentioned, and all other costs and expenses incurred by the board of supervisors in the execution of the orders and duties of said board of supervisors provided for in this act, shall be paid out of the special fund in this act provided for.

It is the intention that the Antelope Valley-East Kern Water Agency shall not be disincorporated until all bonded indebtedness shall have been fully paid, and by the word "indebtedness" as used herein is meant all indebtedness other than said bonded indebtedness unless the latter is expressly used.

CHAPTER 137

An act to amend Section 1311 of the Education Code, relating to school district election precincts.

[Approved by Governor May 12, 1967. Filed with Secretary of State May 12, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 1311 of the Education Code is amended to read:

1311. The governing board of any school district may subdivide the district into precincts for the holding of elections, and may change and alter the precincts from time to time. The board shall number the precincts consecutively and each precinct shall for the purpose of any school district election be known by the number designated. If the governing board does not subdivide the district into precincts, the entire district shall constitute one precinct.

In any election, regardless of how the election is conducted and the votes tabulated, no precinct created under the provisions of this chapter shall consist of more than 2,500 voters.

When a consolidated election is required to be held in any district or area, the governing boards of the districts concerned shall agree upon the precincts, if any, into which the district or area is to be divided and the numbers to be given them and shall inform the county superintendent of schools having jurisdiction of their decision.

In any consolidated school election or in any election held in a union or joint union high school district, or junior college district, each elementary school district and each unified school district, shall have at least one precinct, and no precinct shall be divided between any two or more such districts.

If the governing board or boards concerned fail to designate the precincts in the specification of the election order, or, in the case of a consolidated election, fail to notify the county superintendent of schools of their decision as to precincts within 60 days preceding the election, the county superintendent of schools having jurisdiction may subdivide the district or area into precincts and number them consecutively.

CHAPTER 138

An act to maintain the Penal Code by amending Sections 172.5, 311.9, 384a, 403, 996, 2943, 3046, and 4011, and by amending and renumbering Sections 4250, 4251, and 4252, relating to penal law.

[Approved by Governor May 12, 1967. Filed with Secretary of State May 12, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 172.5 of the Penal Code is amended to read:

172.5. The provisions of Sections 172 and 172a of this code shall not apply to the sale or exposing or offering for sale of alcoholic beverages by a licensee under the Alcoholic Beverage Control Act within the premises occupied by any bona fide club which is situated within one mile of the grounds belonging to the University of California at Berkeley, if the club meets all of the following requirements:

(a) The membership in the club shall be limited to male American citizens over the age of 21 years.

(b) The club shall have been organized and have existed in the City of Berkeley for not less than 35 years continuously.

(c) The club shall have a bona fide membership of not less than 500 members.

(d) The premises occupied by the club are owned by the club, or by a corporation, at least 75 percent of whose capital stock is owned by the club, and have a value of not less than one hundred thousand dollars ($100,000).

SEC. 2. Section 311.9 of the Penal Code is amended to read:

311.9. (a) Every person who violates Section 311.2 is punishable by fine of not more than one thousand dollars ($1,000) plus five dollars ($5) for each additional unit of material coming within the provisions of this chapter, which is involved in the offense, not to exceed ten thousand dollars ($10,000), or by imprisonment in the county jail for not more than six months plus one day for each additional unit of material coming within the provisions of this chapter, and which is involved in the offense, such basic maximum and additional days not to exceed 360 days in the county jail, or by both such fine and imprisonment. If such person has previously been convicted of a violation of Section 311.2, he is punishable by fine of not more than two thousand dollars ($2,000) plus five dollars ($5) for each additional unit of material coming within the provisions of this chapter, which is involved in the offense, not to exceed twenty-five thousand dollars ($25,000), or by imprisonment in the county jail for not more than one year, or by both such fine and such imprisonment. If such person has been twice convicted of a violation

of this chapter, a violation of Section 311.2 is punishable as a felony.

(b) Every person who violates Sections 311.3 and 311.4 is punishable by fine of not more than two thousand dollars ($2,000) or by imprisonment in the county jail for not more than one year, or by both such fine and such imprisonment. If such person has been previously convicted of a violation of Section 311.3 or Section 311.4, he is punishable by imprisonment in the state prison not exceeding five years.

(c) Every person who violates Section 311.7 is punishable by fine of not more than one thousand dollars ($1,000) or by imprisonment in the county jail for not more than six months, or by both such fine and imprisonment. For a second and subsequent offense he shall be punished by a fine of not more than two thousand dollars ($2,000), or by imprisonment in the county jail for not more than one year, or by both such fine and imprisonment. If such person has been twice convicted of a violation of this chapter, a violation of Section 311.7 is punishable as a felony.

SEC. 3. Section 384a of the Penal Code is amended to read:

384a. Every person who within the State of California willfully or negligently cuts, destroys, mutilates, or removes any tree or shrub, or fern or herb or bulb or cactus or flower, or huckleberry or redwood greens, or portion of any tree or shrub, or fern or herb or bulb or cactus or flower, or huckleberry or redwood greens, growing upon state or county highway rights-of-way, or who removes leaf mold thereon; provided, however, that the provisions of this section shall not be construed to apply to any employee of the state or of any political subdivision thereof engaged in work upon any state, county or public road or highway while performing such work under the supervision of the state or of any political subdivision thereof, and every person who willfully or negligently cuts, destroys, mutilates or removes any tree or shrub, or fern or herb or bulb or cactus or flower, or huckleberry or redwood greens, or portions of any tree or shrub, or fern or herb or bulb or cactus or flower, or huckleberry or redwood greens, growing upon public land or upon land not his own, or leaf mold on the surface of public land, or upon land not his own, without a written permit from the owner of the land signed by such owner or his authorized agent, and every person who knowingly sells, offers, or exposes for sale, or transports for sale, any tree or shrub, or fern or herb or bulb or cactus or flower, or huckleberry or redwood greens, or portion of any tree or shrub, or fern or herb or bulb or cactus or flower, or huckleberry or redwood greens, or leaf mold, so cut or removed from state or county highway rights-of-way, or removed from public land or from land not owned by the person who cut or removed the same without the written permit from the owner of the land, signed by such owner or his authorized agent, shall be guilty of a misdemeanor and upon conviction thereof shall be punished by a fine of not more than five hundred dollars

($500) or by imprisonment in a county jail for not more than six months or by both such fine and imprisonment.

The written permit required under this section shall be signed by the landowner, or his authorized agent, and acknowledged before a notary public, or other person authorized by law to take acknowledgments. The permit shall contain the number and species of trees and amount of shrubs or ferns or herbs or bulbs or cacti or flowers, or huckleberry or redwood greens, or portions of any tree or shrub and shall contain the legal description of the real property as usually found in deeds and conveyances of the land on which cutting or removal, or both, shall take place. One copy of such permit shall be filed in the office of the sheriff of the county in which the land described in the permit is located. The permit shall be filed prior to commencement of cutting of the trees or shrub or fern or herb or bulb or cactus or flower or huckleberry or redwood green or portions of any tree or shrub authorized by the permit. The permit required by this section need not be notarized or filed with the office of the sheriff of the county where trees are to be removed when 5 (five) or less trees or 5 (five) or less pounds of shrubs or boughs are to be cut or removed.

Any county or state firewarden, or personnel of the California Division of Forestry as designated by the State Forester, and personnel of the United States Forest Service as designated by the Regional Forester, Region 5, of the United States Forest Service, or any peace officer of the State of California, shall have full power to enforce the provisions hereof and to confiscate any and all such shrubs, trees, ferns or herbs or bulbs or cacti or flowers, or huckleberry or redwood greens or leaf mold, or parts thereof unlawfully cut or removed or knowingly sold, offered or exposed or transported for sale as hereinbefore provided.

The provisions of this section shall not be construed to apply to any tree or shrub, or fern or herb or bulb or cactus or flower, or greens declared by law to be a public nuisance.

The provisions of this section shall not be deemed to apply to the necessary cutting or trimming of any such trees, shrubs, or ferns or herbs or bulbs or cacti or flowers, or greens if done for the purpose of protecting or maintaining an electric power line or telephone line or other property of a public utility.

The provisions of this section do not apply to persons engaged in logging operations, or in suppressing fires.

SEC. 4. Section 403 of the Penal Code is amended to read:

403. Every person who, without authority of law, willfully disturbs or breaks up any assembly or meeting, not unlawful in its character, other than such as is mentioned in Section 302 of the Penal Code and Section 12046 of the Elections Code, is guilty of a misdemeanor.

SEC. 5. Section 996 of the Penal Code is amended to read:

996. If the motion to set aside the indictment or informa-

tion is not made, the defendant is precluded from afterwards taking the objections mentioned in Section 995.

SEC. 6. Section 2943 of the Penal Code is amended to read:

2943. Notwithstanding any other provision of law, when any person (other than a person imprisoned under a life sentence) has been released on parole from the state prison, and has been on parole continuously for two years since release from confinement, the Adult Authority, in the case of a male prisoner, and the California Women's Board of Terms and Parole, in the case of a female prisoner, shall, within 30 days, determine whether or not, by the standard of his rehabilitation, such person's term of imprisonment shall terminate on the expiration of such 30-day period. The authority or board shall make a written record of its determination and transmit a copy thereof to the parolee. If the authority or board so determines that such person's term shall be terminated, he shall be deemed completely discharged at the end of such 30-day period.

SEC. 7. Section 3046 of the Penal Code is amended to read:

3046. No prisoner imprisoned under a life sentence may be paroled until he has served at least seven calendar years. The Adult Authority shall, in considering a parole for such prisoner, consider all statements and recommendations which may have been submitted by the judge, district attorney, and sheriff, pursuant to Section 1203.01, or in response to notices given under Sections 3022 and 3042, and recommendations of other persons interested in the granting or denying of such parole. The authority shall enter on its order granting or denying parole to such prisoners, the fact that such statements and recommendations have been considered by it. Such statements and recommendations shall, however, be and remain confidential.

SEC. 8. Section 4011 of the Penal Code is amended to read:

4011. (a) When it is made to appear to a judge of the superior court by affidavit of the sheriff or district attorney and oral testimony that a prisoner confined in any city or county jail requires medical or surgical treatment necessitating hospitalization, which treatment cannot be furnished or supplied at said city or county jail, the court in its discretion may order the removal of such person or persons from said city or county jail to the county hospital in said county; provided, if there is no county hospital in said county, then to any hospital designated by said court; and it shall be the duty of the sheriff to maintain the necessary guards for the safekeeping of such prisoner, the expense of which shall be a charge against the county.

(b) The cost of such medical services and such hospital care and treatment shall be charged against the county subject to subsections (c) and (d), in the case of a prisoner in or taken from the county jail, or against the city in the case of a prisoner in or taken from the city jail, and the city or county may recover the same by appropriate action from the person so served or cared for, or any person or agency responsible for his

care and maintenance. If the prisoner is in the county jail under contract with a city or under some other arrangement with the city to keep the city prisoner in the county jail, then the city shall be charged, subject to subsections (c) and (d), for the prisoner's care and maintenance with the same right of recovery against any responsible person or any other agency.

(c) When such prisoner is poor and indigent the cost of such medical services and such hospital care and treatment shall, in the case of persons removed from the city jail be paid out of the general fund of such city, and in the case of persons removed from the county jail to a hospital other than a county hospital, such cost shall be paid out of the general fund of such county or city and county. In the case of city jail prisoners removed to the county hospital, the cost of such hospital care and treatment to be paid by the city to the county, shall be the rate per day fixed by the board of supervisors of such county. The said board of supervisors may, but need not, fix different rates for different classes of patients, or for different wards, and any and all such rates may be changed by the said board of supervisors at any time, but shall at all times approximate as nearly as may be, the average actual cost to the county of such hospital care and treatment either in such wards or for such classes of patients or otherwise.

(d) In the event such prisoner is financially able to pay for his care, support and maintenance, the medical superintendent of said hospital other than a county hospital may, with the approval of said judge of the superior court, enter into a special agreement with such person, or with his relatives or friends, for his care, support, maintenance, and other hospital expenses.

Any prisoner may decline such care or treatment and provide other care and treatment for himself at his own expense.

SEC. 9 Section 4250 of the Penal Code is amended and renumbered to read:

4350. This chapter applies to prisoners confined in city, county, or city and county jails, or industrial farms or road camps established pursuant to this title, who are under a sentence of 30 days or more.

SEC. 10. Section 4251 of the Penal Code is amended and renumbered to read:

4351. Any prisoner, to whom this chapter applies, may voluntarily donate blood to a blood bank duly licensed by the State Department of Public Health. Prior to blood donation the prisoner shall be given an examination with all clothes removed by a physician and surgeon of the blood bank to whom blood is to be donated, and donations shall be refused unless such physician shall find the prisoner to be a suitable person for blood donation. No more than one such donation shall be permitted during any 72-day period.

SEC. 11. Section 4252 of the Penal Code is amended and renumbered to read:

4352. For each blood donation accepted by a blood bank from a prisoner, five days shall be deducted by the person in charge of the jail or other facility from the prisoner's period of confinement.

CHAPTER 139

An act to amend Sections 17.1 and 33 of, and to amend and renumber Section 29.1 (as added by Chapter 1812 of the Statutes of 1961) of, the Orange County Water District Act (Chapter 924 of the Statutes of 1933), relating to the Orange County Water District.

[Approved by Governor May 12, 1967. Filed with Secretary of State May 12, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 17.1 of the Orange County Water District Act (Ch. 924, Stats. 1933) is amended to read:

Sec. 17.1. "General reserve" means funds allocated from the general fund used to meet cash requirements before the proceeds from taxes are available and to meet emergency expenditures. The amount of said general reserve shall not at any time exceed the sum of six hundred thousand dollars ($600,000).

"Unappropriated reserve" means funds allocated from the general fund to cover expenditures that have not been provided for or that have been insufficiently provided for or for unappropriated requirements. Said unappropriated reserve shall not at any time exceed the sum of two million dollars ($2,000,000).

SEC. 2. Section 29.1 (as added by Ch. 1812, Stats. 1961) of the Orange County Water District Act (Ch. 924, Stats. 1933) is amended and renumbered to read:

Sec. 29.2. In the event an additional replenishment assessment is levied pursuant to Section 27.1 of this act, each operator of a water-producing facility within said district shall file, in addition to the statement required by Section 29 of this act, a statement showing the classification of use of water as follows: (1) the amount used for irrigation purposes and (2) the amount used for purposes other than irrigation.

In the event an additional replenishment assessment is levied pursuant to Section 27.1 of this act, the replenishment assessment is computed by multiplying the production in acre-feet of water as disclosed in the statements to be filed by each operator of the water-producing facility by the replenishment rates.

SEC. 3. Section 33 of the Orange County Water District Act (Ch. 924, Stats. 1933) is amended to read:

Sec. 33. If said district has probable cause to believe that

the production of water from any water-producing facility is in excess of that disclosed by the sworn statements covering such water-producing facility, or if no statements are filed covering any water-producing facility, said district may cause an investigation and report to be made concerning the production of water from each such water-producing facility. Said district may fix the amount of water production from any such water-producing facility at an amount not to exceed the maximum production capacity of such water-producing facility; provided, however, where a water-measuring device is permanently attached thereto, the record of production as disclosed by such water-measuring device shall be presumed to be accurate and the burden is upon said district to establish to the contrary.

After such determination has been made by said district, a written notice thereof shall be mailed to the person operating such water-producing facility at his address as shown by the district's records. Any such determination made by said district shall be conclusive on all persons having an interest in such water-producing facility and the replenishment assessment interest and penalties thereon, payable forthwith, unless such person files with the board of directors of said district within 10 days after the mailing of such notice a written protest setting forth the ground or grounds for protesting the amount of production so fixed. Upon the filing of such protest, said board of directors thereafter shall hold a hearing at which time the total amount of the water production and the replenishment assessment thereon shall be determined, which shall be conclusive if based upon substantial evidence. A notice of such hearing shall be mailed to protestant at least 10 days before the date fixed for the hearing. Notice of the determination by said board of directors shall be mailed to each protestant who shall have 20 days from the date of mailing to pay the replenishment assessment, interest and penalties provided by the provisions of this act.

Notice as required in this section shall be given by deposit thereof in any postal facility regularly maintained by the government of the United States, in a sealed envelope with postage paid, addressed to the person on whom it is served at his name and address as disclosed by the records of said district. The service is complete at the time of deposit.

CHAPTER 140

An act to amend Sections 18401 and 18461 of the Elections Code, relating to canvass of elections.

[Approved by Governor May 12, 1967. Filed with Secretary of State May 12, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 18401 of the Elections Code is amended to read:

18401. The election board of each county shall meet, at its usual place of meeting, on the first Thursday after each election. If, at the time of the meeting, the returns from each precinct in the county in which polls were opened have been received, it shall then and there canvass the returns.

In any county having a registrar of voters, the canvass of the returns shall be made by the registrar of voters and in any other county the election board may, by resolution duly adopted prior to the date of election, order the canvass to be made by the county clerk. When the canvass is thus made, it shall be unnecessary for the election board to meet as provided in this section, and the registrar of voters or county clerk shall perform the duties of the election board as provided in this article.

SEC. 2. Section 18461 of the Elections Code is amended to read:

18461. The board of supervisors of each county, or in the case of a municipal primary election, the officers charged by law with the duty of canvassing the vote in that city, shall meet to canvass the returns at the usual place of meeting, or at any other place permitted by law, on the first Thursday after each primary election, or as soon thereafter as all the returns are in.

In any county having a registrar of voters, the canvass of the returns shall be made by the registrar of voters, and in any other county, the election board may by resolution duly adopted prior to the date of election order the canvass to be made by the county clerk. When the canvass is thus made, it shall be unnecessary for the board of supervisors to meet as provided in this section. The registrar of voters or county clerk shall perform the duties of the board of supervisors as provided in this article.

CHAPTER 141

An act to amend Section 5784.35 of, and to add Sections 5784.36, 5784.37 and 5784.38 to, the Public Resources Code, relating to recreation and park districts.

[Approved by Governor May 12, 1967. Filed with Secretary of State May 12, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 5784.35 of the Public Resources Code is amended to read:

5784.35. The district board may, by resolution, establish a district revolving fund not to exceed two hundred dollars ($200) for the purpose of disbursement and reimbursement of moneys, to be used in conducting or supervising special recreational activities. Said revolving fund shall be subject to audit as provided in Section 26909 of the Government Code.

The resolution which establishes the district revolving fund shall designate all of the following:

(a) The officer who shall submit a written request to the county auditor for a specific amount.

(b) The bank which shall be the depositary of the funds.

(c) The officers of the district whose signatures are required to authorize disbursements from the fund.

(d) The purposes for which moneys deposited in the fund may be expended.

(e) The officer of the district who shall be responsible for keeping account of all receipts and disbursements from the fund.

SEC. 2. Section 5784.36 is added to the Public Resources Code, to read:

5784.36. The officer designated in said resolution shall not be authorized to expend any portion of the revolving fund except for services or material which are a legal charge against the district.

SEC. 3. Section 5784.37 is added to the Public Resources Code, to read:

5784.37. Any expenditure in excess of one dollar ($1) shall not be made unless documentary evidence of the expenditure is obtained.

SEC. 4. Section 5784.38 is added to the Public Resources Code, to read:

5784.38. Demands shall be made upon the district fund for reimbursement of said revolving fund in the same manner that other demands are made. No other moneys shall be deposited into the revolving fund.

CHAPTER 142

An act to amend Section 516 of the Welfare and Institutions Code, relating to unclaimed bicycles and toys.

[Approved by Governor May 12, 1967. Filed with Secretary of State May 12, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 516 of the Welfare and Institutions Code is amended to read:

516. The board of supervisors may by ordinance provide that any bicycles or toys, or both, in the possession of the sheriff of any such county which have been unclaimed for a period of at least three months may, instead of being sold at public auction to the highest bidder pursuant to the provisions of Section 1873 of the Civil Code, be turned over to the probation officer of such county for use by him in any program of activities designed to prevent juvenile delinquency.

CHAPTER 143

An act to amend Section 3100.5 of the Education Code, relating to reorganization of school district elections and declaring the urgency thereof, to take effect immediately.

[Approved by Governor May 12, 1967. Filed with Secretary of State May 12, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 3100.5 of the Education Code is amended to read:

3100.5. Within two years after July 1, 1964, an election shall be held within any territory which has not been unified, on the question of the approval of a master plan developed under Chapter 9 of this division or plans and recommendations developed under this chapter, which will effect the reorganization of the territory involved to comply with standards prescribed. A like election shall be held in any such territory during every two-year period from and after July 1, 1964. The county committee on school district organization shall, for purposes of such election, develop the necessary master plan or plans and recommendations. In the event the county committee fails to do so, the election shall be based upon the master plan or plans and recommendations for the territory most recently approved by the State Board of Education.

A unified school district formed by operation of Section 1976 shall not be deemed to be unified for purposes of exemption

from the requirements prescribed by the preceding provisions of this section, unless the district conforms to the requirements prescribed by Section 17672 or Section 17673.

SEC. 1.5. The amendments to Section 3100.5 of the Education Code effected by Section 1 of this act shall have the following operation with respect to reorganization elections which, under any interpretation of Section 3100.5, have been called by the county superintendent of schools but have not been held at the effective date of this act, or were required to be held but were not held prior to the effective date of this act:

(a) As to elections called by the county superintendent of schools but not yet held, the election proceedings may be cancelled by action of the county committee on school district organization taken at any time prior to the day of the election. An election on a proposal including the school district territory involved may thereafter be called and conducted in the manner prescribed by law at any time prior to July 1, 1968.

(b) As to elections required to have been held but not held, an election on a proposal including the school district territory involved may be called and conducted in the manner prescribed by law at any time prior to July 1, 1968.

SEC. 2. It is the intent and purpose of the Legislature that eligibility for the increase in foundation program provided for pursuant to Section 17676 of the Education Code for any school district shall be determined, for the fiscal year in which this act becomes effective, and fiscal years thereafter, on the basis of whether elections have been held within the time limits specified by Section 3100.5 of the Education Code as amended by Section 1, and subject to the provisions of Section 1.5, of this act.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Because of doubt concerning the date upon which, under Section 3100 5 of the Education Code, elections are required to be held on proposals for the reorganization of school district territory, and because of differing legal interpretations made of the requirements of the section by the Attorney General of California, various county counsels and other legal authorities, a number of school districts and school district territories have deferred or failed to call and conduct reorganization elections. In some instances entitlements to certain State School Fund subventions may be jeopardized for delay or failure to conduct the elections. In order that the urgently needed procedural relief and remedies afforded by this act may be availed of by all affected districts and territories it is necessary that this act take effect immediately.

CHAPTER 144

An act to amend Sections 1311, 1312, 1323, 1325, 1326, 1333, 1344, 1415, 1416, and 21751 of the Education Code, relating to school district elections.

[Approved by Governor May 12, 1967. Filed with Secretary of State May 12, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 1311 of the Education Code is amended to read:

1311. The governing board of any school district may subdivide the district into precincts for the holding of elections, and may change and alter the precincts from time to time. The board shall number the precincts consecutively and each precinct shall for the purpose of any school district election be known by the number designated. If the governing board does not subdivide the district into precincts, the entire district shall constitute one precinct.

In any election, regardless of how the election is conducted and the votes tabulated, no precinct created under the provisions of this chapter shall consist of more than 2,500 voters.

When a consolidated election is required to be held in any district or area, the governing boards of the districts concerned shall agree upon the precincts, if any, into which the district or area is to be divided and the numbers to be given them and shall inform the county superintendent of schools having jurisdiction of their decision.

In any consolidated school election or in any election held in a union or joint union high school district, or junior college district, each elementary school district and each unified school district, shall have at least one precinct, and no precinct shall be divided between any two or more such districts.

If the governing board or boards concerned fail to designate the precincts in the specification of the election order, or, in the case of a consolidated election, fail to notify the county superintendent of schools of their decision as to precincts within 75 days preceding the election, the county superintendent of schools having jurisdiction may subdivide the district or area into precincts and number them consecutively.

SEC. 2. Section 1312 of the Education Code is amended to read:

1312. The governing board of the district shall designate one polling place in each precinct, which shall be a public school building if there is one in the precinct.

When a consolidated election is required to be held in any district or area, the governing boards of the districts concerned shall agree upon the polling places and shall inform the county superintendent of schools of their decision.

If the governing board concerned fails to designate the polling places in the specification of the election order, or if, in

a consolidated election, the boards concerned fail to notify the county superintendent of schools of their decision as to polling places within 75 days preceding the election, the county superintendent of schools having jurisdiction shall designate them.

SEC. 3. Section 1323 of the Education Code is amended to read:

1323. Whenever an election is ordered, the governing board of the district or the board or officer authorized by this code to make such designations shall, concurrently with or after the order of election but not less than 80 days prior to the date set for the election, by resolution delivered to the county superintendent of schools specify the following, or such of the following as he or it may have authority to designate:

(a) The date of the election.

(b) The purpose of the election.

(c) The election precincts

(d) The polling places.

(e) The polling hours.

The resolution or resolutions shall be known as "specifications of the election order" and shall set forth the authority for ordering the election, the authority for the specification of the election order and the signature of the officer or the clerk of the board by law authorized to make the designations therein contained.

SEC. 4. Section 1325 of the Education Code is amended to read:

1325. At least 75 days prior to the date specified for the holding of any school election, the county superintendent of schools shall deliver to the county clerk or registrar of voters, if such office has been established in the county where the election is to be held, copies of:

(a) The order of election

(b) If the election is to be consolidated, the order of consolidation.

(c) The formal notice of election.

SEC. 5. Section 1326 of the Education Code is amended to read:

1326. Any school district election ordered to be held in accordance with the provisions of this code shall be called by the county superintendent of schools having jurisdiction of the election by causing the:

(a) Posting or publication of notices of election, and

(b) Delivery of a copy of the formal notice of election to the county clerk or registrar of voters at least 75 days prior to the date of the election.

SEC. 6. Section 1333 of the Education Code is amended to read:

1333. Whenever any school district election is scheduled to be held on the same day, in the same territory, or in territory that is in part the same, as an election or elections called to be held by any other district, city, county or other political

subdivision, the school district election may be either completely or partially consolidated with such election or elections pursuant to the provisions of Chapter 4 of Part 2 of Division 12 of the Elections Code.

Such consolidation shall be effected by the county superintendent of schools having jurisdiction of the school district upon receipt of both of the following:

(a) Written request for such consolidation by the governing board of the school district in which the election is to be held, which request must be submitted to the county superintendent of schools at least 80 days prior to election.

(b) Written approval of consent by the governing body of the other political subdivision or subdivisions holding an election or elections.

SEC. 7. Section 1344 of the Education Code is amended to read:

1344. Except where the procedure prescribed by Section 1343 is utilized, and except as otherwise provided for consolidated elections, the county superintendent of schools having jurisdiction over any school district election shall cause formal notice of such election to be published in a newspaper of general circulation published within the district, or if there is no such newspaper, then in any newspaper of general circulation that is regularly circulated in the district.

Publication of notice pursuant to this section shall be once each week for three successive weeks. Three publications in a newspaper regularly published once a week or oftener, with at least five days intervening between the respective publication dates not counting such publication dates, are sufficient.

The first publication shall be made not more than 75 days, and the last publication shall be made not less than seven days, prior to the date set for the election.

Proof of such publication may be by affidavit.

SEC. 8. Section 1415 of the Education Code is amended to read:

1415. Immediately upon the closing of the polls or upon the first working day thereafter, the county superintendent conducting the canvass of returns shall proceed to canvass the absent voter ballots cast for the election. The canvass of absent votes shall be made in accordance with the provisions of Article 2, Chapter 7, Division 10 of the Elections Code. The count of the absentee votes for each person voted for, or for and against each measure or proposition voted upon shall be tabulated under the heading "Absentee Votes" and added to and included with the canvass of returns from the combined precincts in each district.

SEC. 9. Section 1416 of the Education Code is amended to read:

1416. Upon completion of the canvass of returns and absent voter ballots the county superintendent of schools having jurisdiction shall prepare a certificate of election results which shall contain a statement showing:

(a) The total number of ballots cast in the district.
(b) The name of the persons voted for; and
(c) The office each person was voted for; or
(d) The proposition(s) or measure(s) voted upon.
(e) The total number of votes given in the district to each person or for and against each proposition or measure.

The county superintendent shall, upon the request of the school district, furnish the number of votes cast at each precinct for each candidate or for and against each proposition or measure. Upon the request of any voter of the district, access to such information shall be permitted.

Copies of the certificate of results shall be issued to the governing board of the district or districts in which the election was held, to the county clerk, or registrar of voters, and to such other officers as by law required. A copy of the certificate of election results shall be kept on permanent file in the office of the county superintendent canvassing the election returns.

SEC. 10. Section 21751 of the Education Code is amended to read:

21751. The election shall be conducted as provided in Chapter 6 of Division 4, except:

(1) As otherwise provided in Sections 21701 to 21756, inclusive.

(2) That the formal notice of the election shall contain, in addition to the items specified in Section 1342:

(a) The purposes for which the bonds are to be issued.
(b) The amount of the bonds.
(c) The maximum rate of interest, not to exceed 5 percent.
(d) The maximum number of years, not to exceed 25, not to exceed which the bonds or any series thereof are to run.

No election shall be held under the provisions of this section in any school district for a period of 90 days after such an election in the same school district.

CHAPTER 145

An act to add Article 7 (commencing with Section 5380) to Chapter 2 of Division 5 of the Public Resources Code, relating to protection of county parks.

[Approved by Governor May 12, 1967. Filed with Secretary of State May 12, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Article 7 (commencing with Section 5380) is added to Chapter 2 of Division 5 of the Public Resources Code, to read:

Article 7. Protection of County Parks

5380. The board of supervisors, in order to protect county parks from damage and preserve the peace therein, may confer on the county officer in charge of its parks, and on other uniformed park employees which it may designate, the authority to issue citations in accordance with the provisions of Chapter 5b (commencing with Section 853.1) and Chapter 5c (commencing with Section 853.6), Title 3, Part 2 of the Penal Code, for misdemeanor violations of laws of this state and ordinances of a city or county committed within a county park and within their presence.

CHAPTER 146

An act to amend Sections 1104.3, 1345, 1364, 1644, 3256, 3262, 20803, 21751, 21753 and 27606 of, to add Section 1443 to, and to repeal Section 3301 of, the Education Code, relating to school district elections.

[Approved by Governor May 12, 1967. Filed with Secretary of State May 12, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 1104.3 of the Education Code is amended to read:

1104.3. Except as otherwise provided in this article, and notwithstanding the provisions of Section 1102, the county superintendent of schools having jurisdiction may consolidate the election for the purpose of electing the governing board of a unified school district proposed to be formed under Chapter 10 (commencing with Section 3101) of Division 5 of this code with the election held for adopting or rejecting the plans and recommendations for the formation of a new district. The election shall be called, held, and conducted pursuant to the provisions of this article, Article 2 of this chapter, and Chapter 6 of this division, except that the question of formation of a unified school district and any other proposition to be voted upon shall appear on the ballot before the list of candidates for election to the governing board of the proposed unified district.

SEC. 2. Section 1345 of the Education Code is amended to read:

1345. In the case of any school district election called or conducted under the provisions of this code, except as hereafter provided in this section, the county clerk, or the registrar of voters if such office has been established, of the county in which the majority of the territory of the district is located, shall, at the time provided in the Elections Code for the mailing of sample ballots for a statewide primary election, mail to

each registered voter residing within the district, a sample ballot and a card designating the polling place and time of the election.

In any district or territory located wholly or partially in a county with a population of less than 60,000 as determined by Section 28020 of the Government Code, the governing board of the school district, rather than the county clerk or registrar of voters, shall mail the sample ballot and card notice required in this section.

As used in this section, the word "card" means a card or other notice, as determined by the officer charged with the duty of mailing the same to the voters.

SEC. 3. Section 1364 of the Education Code is amended to read:

1364. In casting his vote the voter shall stamp a cross (+) in the square space immediately following the name of the candidate or candidates of his choice, or his choice of "Yes" or "No" to any proposition printed thereon. If the voter desires to vote for a person whose name does not appear on the ballot, he shall himself write the name of the person in the space provided for that purpose on the ballot. When the voter writes the name of a person on the ballot he may, but need not, place a cross (+) after the name. After properly marking his ballot the voter shall hand it to the inspector who shall, in the presence of the voter, deposit the ballot in the ballot box.

SEC. 4. Section 1644 of the Education Code is amended to read:

1644. Except as provided in Section 1823, elections for the assumption by one district or by part of a district of all or part of the bonded indebtedness of another district, after the completion of an action to organize or reorganize districts, shall be ordered by the governing board of the district all or part of which would assume the indebtedness. The election shall be called, held, and conducted in the district or part thereof by the county superintendent of schools as provided in Division 4 of this code.

In a combined election for the organization or reorganization of districts and assumption of indebtedness, the election shall be ordered by the county superintendent of schools and shall be called, held, and conducted by him as provided in Division 4 of this code.

The ballot proposition for the assumption of indebtedness shall contain the words: "For assumption of liability for outstanding bonded indebtedness of _____ District—Yes" and "For assumption of liability for outstanding bonded indebtedness of _____ District—No."

SEC. 5. Section 3256 of the Education Code is amended to read:

3256. The county committee may propose a maximum tax rate in excess of that provided in Section 3255 as a separate proposition. The ballot proposition shall contain substantially

the words "Shall the maximum tax rate of the proposed new district be _____ per one hundred dollars ($100) of assessed valuation, such rate to be in effect for the school years _____ through _____, the revenues of which are to be used for _____ (insert proposed uses of tax funds)?" or the words "Shall the maximum tax rate of the proposed new district be _____ per one hundred dollars ($100) of assessed valuation, such rate to be in effect for the school years commencing 19___, the revenues of which are to be used for _____ (insert proposed uses of tax funds)?" Opposite such words in separate lines, the words "Yes" and "No" shall be printed with a voting square after each word. In the event the committee proposes a maximum tax rate under the provisions of both this section and Section 3255, the rate proposed under this section shall be the maximum tax rate for the district if a majority of the votes cast are in favor of the proposition.

SEC. 6. Section 3262 of the Education Code is amended to read:

3262. When the county committee includes in its plans and recommendations proposals for the division of the school property of an existing district under Sections 3258 and 3259, the proposal shall be deemed to be an integral part of the plans and recommendations and, except as provided in this section, a favorable vote by a majority of the voters on the question of reorganization, as provided in Article 6 (commencing with Section 3291) of this chapter, shall be deemed to be a favorable vote upon the plans and recommendations as a whole.

If the plans and recommendations require the incurring of a bonded indebtedness within a new district or in a district or portion of a district remaining upon the unification or other reorganization in order to provide funds to equalize the division of the school property among the newly organized districts, then the proposition for the incurring of the bonded indebtedness shall be submitted as a separate proposition to the electors of the district or portion thereof which is to incur such indebtedness at the same election at which the proposition of approving the plans and recommendations is submitted to vote of the electors of the proposed unified or otherwise reorganized districts. The plans and recommendations shall not be deemed to have been approved unless the proposition of incurring such indebtedness is approved by the percentage of votes required for the passage of a bond issue as provided in Section 18 of Article XI of the Constitution cast in the district or portion thereof which is to incur such indebtedness voting on such proposition at the election.

The proceedings for the issuance and sale of the bonds shall be taken in substantial conformity with the provisions of Sections 21701 to 21756, inclusive, and Sections 21806 to 21951, inclusive, except that the proposition relating to the bond issue which is to appear on the ballot shall contain substantially the words:

"Shall _____ District incur a bonded indebtedness in the aggregate principal amount of $_____ at a maximum rate of interest of _____ percent, for a period not to exceed _____ years for the purpose of paying its share of the equitable adjustment resulting from the reorganization of said school district?"

SEC. 7. Section 20803 of the Education Code is amended to read:

20803. Any maximum rate of tax for any district may be increased and, having been increased, may be decreased by an amount equal to or less than the amount of such increase, by a majority vote of the qualified electors of the school district at an election which may be ordered by the governing board of the school district of its own motion and shall be ordered within 90 days after the filing with the governing board of a petition signed by not less than 10 percent of the registered voters of the district, requesting that an election be ordered, unless the petitioners request that the election be consolidated with the annual election for members of the governing board, or that the election be consolidated with the general election.

Any decrease in an increased maximum tax rate pursuant to this section shall not be in an amount which will reduce the tax rate for the district below the maximum specified in Section 20751. The governing board shall determine whether the increase or decrease shall remain in effect for a specified or unspecified period of time, unless the petition filed by the electors provides for a specified or unspecified period of time. If a specified period is provided for in the petition or determined upon by the governing board, such period shall be stated on the ballot.

Pursuant to the order of the governing board, the election shall be called, held, and conducted by the county superintendent of schools, as nearly as is practicable in accordance with the provisions of Chapter 6 of Division 4 of this code.

The specification of the election order shall contain the information provided in Section 1323 of this code and shall be furnished the county superintendent of schools by the governing board of the district for all maximum tax increase or decrease elections ordered by it.

The costs incurred by the county clerk or registrar of voters and the county superintendent of schools in connection with this section shall be paid out of the funds of the district.

Except as otherwise herein provided, the ballot used in the election shall contain substantially the words "Shall the proposed (increase decrease) in the maximum tax rates from _____to _____, such rate to be in effect in the _____ School District for the school year (or years) 19___ to 19___, the revenues of which are to be used for _____, be authorized?" or the words "Shall the proposed (increase decrease) in the maximum tax rates commencing on _____, such rate to be in effect in the _____ School District for the school years commencing 19___, the revenues of which are

to be used for _____, be authorized?" Opposite such words, in separate lines, the words "Yes" and "No" shall be printed, with a voting square opposite each such word. If, at any prior election held in the district, the maximum tax rate of the district was increased for a specified period of time, and if the election is called for the purpose of continuing in effect the previously authorized increase in the maximum tax rate of the district, the ballot shall contain substantially the words "Shall the existing maximum tax rate of _____ be continued in the _____ School District for the school years 19___ to 19___, the revenues of which are to be used for _____" Opposite such words in separate lines, the words "Yes" and "No" shall be printed with a voting square opposite each such word. Each voter shall stamp a cross in the voting square after the answer he desires to give.

Whenever the maximum tax rate of a school district is increased for either a specified or unspecified period of time and during such period an election is called for the purpose of further increasing the maximum tax rate of the district, the ballot used in the election shall show only the authorized maximum tax rate of the district in effect at the time of the election and the proposed maximum tax rate.

If an election for a decrease in an increased maximum tax rate of a district is held in any year prior to or concurrently with the district election for governing board members, any decrease adopted at such election shall become effective on July 1st following the election. If an election for a decrease in an increased tax rate of a district is held in any year after the date of the district election for governing board members, any decrease adopted at such election shall not become effective until July 1st of the next succeeding year.

SEC. 8. Section 21751 of the Education Code is amended to read:

21751. The election shall be conducted as provided in Chapter 6 of Division 4, except:

(1) As otherwise provided in Sections 21701 to 21756, inclusive.

(2) That the formal notice of the election shall contain. in addition to the items specified in Section 1342:

(a) The purposes for which the bonds are to be issued.

(b) The amount of the bonds.

(c) The maximum rate of interest, not to exceed 5 percent.

(d) The maximum number of years, not to exceed 25, not to exceed which the bonds or any series thereof are to run.

No election shall be held under the provisions of this section in any school district for a period of 90 days after such an election in the same school district.

SEC. 9. Section 21753 of the Education Code is amended to read:

21753. The words to appear upon the ballots shall be "Bonds—Yes" and "Bonds—No," or words of similar import. Each elector voting at the election shall mark a cross with a

rubber stamp after the answer he desires to give. A brief statement of the proposition, setting forth the amount of the bonds to be voted upon, the maximum rate of interest, and the purposes for which the proceeds of the sale of the bonds are to be used, shall be printed upon the ballot. No defect in the statement other than in the statement of the amount of the bonds to be authorized shall invalidate the bonds election.

SEC. 10. Section 27606 of the Education Code is amended to read:

27606. Not less than 30 days before the election, the trustees shall post notices in three public places in the district, one of which places shall be the public library and copies shall be posted in each branch library, and cause such notice to be published in a newspaper of general circulation in the district. The notices shall specify the time and place of the election, and the hours during which the polls will be kept open. If within 10 days of holding the election the trustees have failed to post the notices, then any three electors of the district may give notice. In odd-numbered years, not less than 10 days before the day fixed for the election, the board of trustees shall mail to each registered voter residing within the district, a card designating the polling place and time of the election, and a sample ballot. In even-numbered years, notification of time of election and polling place shall be mailed to each registered voter residing within the district with the notification of state primary election.

SEC. 11. Section 1443 is added to the Education Code, to read:

1443. Notwithstanding any other provision of this code, the officer conducting any school election shall not be required to provide more than one ballot to the same voter for the purpose of voting on separate propositions at the same election. However, no voter shall be presented with a ballot containing a proposition on which he is not entitled to vote by virtue of not residing within the district or area affected by the proposition.

SEC. 12. Section 3301 of the Education Code is repealed.

SEC. 13. Section 10 of this act shall be operative only until the operative date of Assembly Bill No. 149 of the 1967 Regular Session. This section shall not be operative unless Assembly Bill No. 149 is enacted by the Legislature at its 1967 Regular Session.

CHAPTER 147

An act to amend Sections 1113 and 1114 of the Education Code, relating to school board elections.

[Approved by Governor May 12, 1967. Filed with Secretary of State May 12, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 1113 of the Education Code is amended to read:

1113. The county superintendent of schools having jurisdiction over a governing board member election shall cause a notice to file declarations of candidacy and nominations of candidates, to be published in a newspaper of general circulation published within the district, or if there is no such newspaper, then in any newspaper of general circulation that is regularly circulated in the district. Such notice shall be substantially in the form provided in subdivision (c) of Section 1129 of this code.

Publication of notice pursuant to this section shall be once each week for three successive weeks. Three publications in a newspaper regularly published once a week or oftener, with at least five days intervening between the respective publication dates not counting such publication dates, are sufficient.

The first publication shall be made not more than 110 days, and the last publication shall be made not less than 70 days, prior to the date set for the election.

Proof of publication may be by affidavit.

SEC. 2. Section 1114 of the Education Code is amended to read:

1114. In any school district governing board election the name of any registered voter shall be placed on the ballot if there is filed with the county superintendent of schools having jurisdiction not less than 54 days prior to the election:

(a) A declaration of candidacy substantially in the form set forth in subdivision (a) of Section 1129, containing the appropriate information in the blank spaces and signed by the registered voter whose name is thereby to be placed on the ballot; or

(b) Nomination by sponsors, substantially in the form set forth in subdivision (b) of Section 1129, containing the appropriate information in the blank spaces and signed by at least 3 but not more than 10 persons each of whom is a registered voter and a parent of a pupil enrolled in a public school in the district.

CHAPTER 148

An act to amend Sections 501, 504, 1603, and 1604.1 of, and to add Article 3 (commencing with Section 280) to Chapter 1 of Part 2 of Division 1 of, and to add Sections 506 and 531.5 to, the Revenue and Taxation Code, relating to veterans' exemptions.

[Approved by Governor May 12, 1967. Filed with Secretary of State May 12, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Article 3 (commencing with Section 280) is added to Chapter 1 of Part 2 of Division 1 of the Revenue and Taxation Code, to read:

Article 3. Audit of Veterans' Exemption Claims

280. Commencing on or after July 1, an audit of the exemptions granted pursuant to Section 1¼, Article XIII of the Constitution shall be conducted by the auditor. The audit shall cover such exemptions claimed for the current tax year as well as any prior tax years in respect to which escaped assessments would be timely pursuant to Section 531.5.

281. The auditor shall determine the procedures and the extent of auditing required.

282. If the information is not made available through the assessor, the auditor may make written demand to the veteran or his spouse to appear and testify and to produce papers, including books, accounts, and documents germane to the claimed exemption, for the purpose of verifying entitlement to the exemption.

The auditor shall have access at any reasonable time to all records in the assessor's office, germane to the audit.

283. Should the audit prescribed by this article indicate that a claim of exemption pursuant to Section 1¼, Article XIII of the Constitution has been improperly denied, the assessor shall be notified. Upon receipt of such notice the assessor shall make a redetermination and if he finds the claimant eligible he shall notify the claimant in the manner provided in Section 1604.1 of such erroneous determination, effect an amendment of the assessment roll, and if the claimant has already paid the tax he shall have 30 days from receipt of such notice in which to file claim pursuant to Article 1 (commencing with Section 5096) Chapter 5, Part 9 of this division. The notice shall advise the time in which claim may be filed.

284. Should the audit prescribed by this article indicate that a veteran's exemption has been incorrectly allowed, the assessor shall be notified.

285. The provisions of this article shall not apply in any county unless a resolution is adopted by the board of supervisors declaring this article effective within the county.

Upon adoption of such a resolution this article shall become operative in the county on March 1, next following the date of adoption. It shall remain effective within the county unless repealed by resolution of the board of supervisors.

286. As used in this article "auditor" means the auditor, auditor-controller, or director of finance of a county.

SEC. 2. Section 501 of the Revenue and Taxation Code is amended to read:

501. If after written demand by the assessor, any person fails to comply with any provision of law for furnishing information on taxable tangible property, the assessor shall assess the property as provided in Article 1 or 4 of this chapter.

The assessment authorized by this section shall be made with respect to a failure to comply with any written demand made pursuant to Section 282 upon written request of the auditor.

SEC. 3. Section 504 of the Revenue and Taxation Code is amended to read:

504. (a) An assessment made pursuant to Sections 501 or 503 shall be subject to a penalty in an amount determined by adding to the roll 50 percent of the assessed value of the property on the first offense and 100 percent of the assessed value of the property on subsequent offenses under this article by the same person within five years following a prior offense.

(b) An assessment made pursuant to Section 531.5 shall be subject to the provisions of this section provided that the exemption was granted because of erroneous or incomplete information submitted by the claimant with knowledge that such information was erroneous or incomplete. This penalty shall be cumulative to any other penalties that may be imposed for furnishing erroneous or incomplete information. The basis used to compute the penal assessment levied pursuant to the second paragraph of Section 501 or pursuant to Section 531.5 is the total amount of the exemption erroneously allowed.

SEC. 4. Section 506 is added to the Revenue and Taxation Code, to read:

506. If the property subject to assessment cannot be assessed because it does not meet the requirements of subdivision (a) or (b) of Section 531, and it is subject to penal assessment pursuant to subdivision (b) of Section 504, judgment shall be entered in the amount of any tax based on the assessment which would otherwise be made pursuant to Section 531.5, against the person claiming the exemption upon petition of the assessor to the superior court of the county in which the property is located, with 20 days' written notice to the person who claimed the exemption. The petition shall state the name of the person claiming the exemption, the veteran in respect to whom it was claimed, the legal description of the property against which it was claimed, the date of the claim or claims, the error or errors which occasioned the allowance of the

veteran's exemption and the basis on which the error was subsequently determined, including a statement that the exemption was incorrectly allowed because of erroneous or incomplete information furnished by the person claiming the exemption.

SEC. 5. Section 531.5 is added to the Revenue and Taxation Code, to read:

531.5. Upon receipt of notice pursuant to Section 284, or upon indication from any audit that a veterans' exemption has been incorrectly allowed, the assessor shall make a redetermination of eligibility for the veteran's exemption. If he determines a veteran's exemption has been incorrectly allowed, an escaped assessment of the property shall be made, subject to Section 531, in the amount of the incorrectly allowed exemption.

Assessments pursuant to this section shall not be made more than five years following the lien date for the year in which the property escaped assessment.

SEC. 6. Section 1603 of the Revenue and Taxation Code is amended to read:

1603. Annually, on the third Monday in July, the board of supervisors or the assessment appeals board shall meet as the county board of equalization to equalize the assessment of property on the local roll. It shall continue in session for that purpose, from time to time, until the business of equalization is disposed of.

Any taxpayer may petition said board for a reduction in an assessment and a proportionate reduction or refund of the taxes extended thereon by filing an application pursuant to Section 1607 or Section 5097.

The county board shall have no power to receive or hear any petition for a reduction in an escaped assessment made pursuant to Section 531.5 nor a penal assessment levied in respect thereto, nor to reduce such assessments.

SEC. 7. Section 1604.1 of the Revenue and Taxation Code is amended to read:

1604.1. An assessment made pursuant to Sections 501, 503, 531, 531.1, 531.5 or 1061 of this code is not effective for any purpose, including its review, equalization and adjustment by the Board of Equalization, until the assessee has been notified thereof personally or by United States mail at his address as contained in the official records of the county assessor. Receipt by the assessee of a tax bill based on said assessment shall suffice as such notice.

Upon application for reduction pursuant to Section 1607 of this code, such assessment shall be subject to review, equalization and adjustment by the county board of equalization.

CHAPTER 149

An act to amend Section 213 of the Penal Code, relating to robbery.

[Approved by Governor May 15, 1967. Filed with Secretary of State May 15, 1967]

The people of the State of California do enact as follows:

SECTION 1. Section 213 of the Penal Code is amended to read:

213. Robbery is punishable by imprisonment in the state prison as follows:

1. Robbery in the first degree for not less than five years.

2. Robbery in the second degree, for not less than one year.

The preceding provisions of this section notwithstanding, in any case in which defendant committed robbery, and in the course of commission of the robbery, with the intent to inflict such injury, inflicted great bodily injury on the victim of the robbery, such fact shall be charged in the indictment or information and if found to be true by the jury, upon a jury trial, or if found to be true by the court, upon a court trial or if admitted by the defendant, defendant shall suffer confinement in the state prison from 15 years to life.

CHAPTER 150

An act to amend Section 461 of the Penal Code, relating to burglary.

[Approved by Governor May 15, 1967. Filed with Secretary of State May 15, 1967]

The people of the State of California do enact as follows:

SECTION 1. Section 461 of the Penal Code is amended to read:

461. Burglary is punishable as follows:

1. Burglary in the first degree: by imprisonment in the state prison for not less than five years.

2. Burglary in the second degree: by imprisonment in the county jail not exceeding one year or in the state prison for not less than one year or more than 15 years.

The preceding provisions of this section notwithstanding, in any case in which defendant committed burglary and in the course of commission of the burglary, with the intent to inflict such injury, inflicted great bodily injury on any occupant of the premises burglarized, such fact shall be charged in the indictment or information and if found to be true by the jury, upon a jury trial, or if found to be true by the court, upon a court trial, or if admitted by the defendant, defendant shall suffer confinement in the state prison from 15 years to life.

CHAPTER 151

An act to amend Section 264 of the Penal Code, relating to rape.

[Approved by Governor May 15, 1967. Filed with Secretary of State May 15, 1967]

The people of the State of California do enact as follows:

SECTION 1. Section 264 of the Penal Code is amended to read:

264. Rape is punishable by imprisonment in the state prison not less than three years, except where the offense is under subdivision 1 of Section 261 of the Penal Code, in which case the punishment shall be either by imprisonment in the county jail for not more than one year or in the state prison for not more than 50 years, and in such case the jury shall recommend by their verdict whether the punishment shall be by imprisonment in the county jail or in the state prison; provided, that when the defendant pleads guilty of an offense under subdivision 1 of Section 261 of the Penal Code the punishment shall be in the discretion of the trial court, either by imprisonment in the county jail for not more than one year or in the state prison for not more than 50 years.

The preceding provisions of this section notwithstanding, in any case in which defendant committed rape and, in the course of commission of a rape other than as defined in subdivision 1 of Section 261, with the intent to inflict such injury, inflicted great bodily injury on the victim of the rape, such fact shall be charged in the indictment or information and if found to be true by the jury, upon a jury trial, or if found to be true by the court, upon a court trial, or if admitted by the defendant, defendant shall suffer confinement in the state prison from 15 years to life.

CHAPTER 152

An act to amend Sections 5, 8, 9, 11, 12, 14, 15, 21, 28, 29, 31, 34, and 35 of, to add Sections 50, 51, 52, 53, 53.1, 53.2, and 54 to, and to repeal Section 6 of, the Desert Water Agency Law (Chapter 1069 of the Statutes of 1961), relating to the Desert Water Agency.

[Approved by Governor May 15, 1967. Filed with Secretary of State May 15, 1967]

The people of the State of California do enact as follows:

SECTION 1. Section 5 of the Desert Water Agency Law (Ch. 1069, Stats. 1961) is amended to read:

Sec. 5. The Board of Directors of the Desert Water Agency organized under this act shall consist of five members. The Board of Supervisors of Riverside County shall appoint the first board of directors, each of whom shall be a resident of the agency, and shall hold office until his successor is elected. All successors of the first board shall be elected or chosen at the time and in the manner provided in the Uniform District Election Law.

SEC. 2. Section 6 of the Desert Water Agency Law (Ch. 1069, Stats. 1961) is repealed.

SEC. 3. Section 8 of the Desert Water Agency Law (Ch 1069, Stats. 1961) is amended to read:

Sec. 8. The provisions of the Elections Code so far as they may be applicable shall govern all general Desert Water Agency elections and all special Desert Water Agency elections, except as in this act or otherwise provided.

SEC. 4. Section 9 of the Desert Water Agency Law (Ch. 1069, Stats. 1961) is amended to read:

Sec. 9. The board of directors of Desert Water Agency shall call and canvass all elections involving matters of initiative, recall and referendum and shall call all other elections which it is authorized to canvass.

SEC. 5. Section 11 of the Desert Water Agency Law (Ch. 1069, Stats. 1961) is amended to read:

Sec. 11. The board of directors shall be the governing body of the Desert Water Agency. It shall hold its first meeting as soon as possible after the appointment and certification of the first board of directors; it shall choose one of its members president, and shall thereupon provide for the time and place of holding its meetings and the manner in which its special meetings may be called. All legislative sessions of the board of directors whether regular or special shall be open to the public. A majority of the board of directors shall constitute a quorum for the transaction of business. At its first meeting in the month of January of each even-numbered year, the board of directors shall choose one of its members president.

SEC. 6. Section 12 of the Desert Water Agency Law (Ch. 1069, Stats. 1961) is amended to read:

Sec. 12. The board of directors shall act only by ordinance, resolution, or motion. On all ordinances the roll shall be called and the ayes and noes recorded in the journal of the proceedings of the board of directors. Resolutions and orders may be adopted by voice vote, but on demand of any member the roll shall be called. No ordinance, motion, or resolution shall be passed or become effective without the affirmative vote of a majority of the members of the board. The enacting clause of all ordinances passed by the board shall be: "Be it ordained by the Board of Directors of the Desert Water Agency as follows:" Each of the members of the board of directors shall receive for each attendance at the meetings of the board thirty dollars ($30). No directors, however, shall

receive pay for more than three meetings in any calendar month. A director shall be compensated for a meeting of the board if at the time of the holding of such meeting he is on other business of the district, at the request of the board. Any vacancy in the board of directors shall be filled by a majority of the remaining directors, the person so chosen shall be a resident of and otherwise qualified to be a director of the agency and shall hold office for the remainder of the unexpired term.

SEC. 7. Section 14 of the Desert Water Agency Law (Ch. 1069, Stats. 1961) is amended to read:

Sec. 14. The board of directors shall at its first meeting, or as soon thereafter as practicable, appoint by a majority vote a vice president, secretary, treasurer, attorney, chief engineer, general manager and auditor, define their duties and fix their compensation, and each shall serve at the pleasure of the board, and may employ such additional assistants and employees as they may deem necessary to efficiently maintain and operate said agency. Said board may consolidate the office of secretary and treasurer, and the offices of chief engineer and general manager.

SEC. 8. Section 15 of the Desert Water Agency Law (Ch. 1069, Stats. 1961) is amended to read:

Sec. 15. The Desert Water Agency incorporated as herein provided, shall have the power:

1. To have perpetual succession;

2. To sue and be sued, except as otherwise provided herein or by law, in all actions and proceedings in all courts and tribunals of competent jurisdiction;

3. To adopt a seal and alter it at pleasure;

4. To take by grant, purchase, gift, devise, or lease, hold, use, enjoy, and to lease or dispose of real and personal property of every kind, within or without the Desert Water Agency;

5. To acquire, or contract to acquire, waterworks or a waterworks system, waters, water rights, lands, rights and privileges and construct, maintain and operate conduits, pipelines, reservoirs, works, machinery and other property useful or necessary to store, convey, supply or otherwise make use of water for a waterworks plant or system for the benefit of the agency, and to complete, extend, add to, repair or otherwise improve any waterworks or waterworks system acquired by it as herein authorized.

6. To construct, maintain, improve and operate public recreational facilities appurtenant to any water reservoir operated or contracted to be operated by the Desert Water Agency, and to provide by ordinance regulations binding upon all persons to govern the use of such facilities including regulations imposing reasonable charges for the use thereof. Violation of any such regulation shall be a misdemeanor.

7. To lease of and from any person, firm or public or private corporation, or public agency, with the privilege of purchas-

ing or otherwise, all or any part of water storage, transportation or distribution facilities, existing waterworks or a waterworks system, and to carry on and conduct waterworks or a waterworks system; also to sell water under the control of the agency to cities, and to other public corporations and public agencies within the agency, and to the inhabitants of such cities and of other territory within the agency, and to persons, corporations, and other private agencies within the agency for use within said agency without any preference; also to sell water outside the boundaries of the agency to the extent that the lands and inhabitants so served are southerly and westerly of the White Water River and northerly of the township line between Township 4 South and Township 5 South, S.B.B. & M., and exclusive of that certain subdivision known as Palm Springs Outposts Estates situated in Section 21, Township 4 South, Range 5 East, S.B.B. & M. and it may, whenever the board shall find that there is a surplus of water above that which may be required by such consumers within said agency, sell or otherwise dispose of such surplus water to any persons, firms, public or private corporations or public agencies or other consumers;

8. The agency may supply and deliver water to property not subject to agency taxes at special rates, terms, and conditions as are determined by the board for such service.

9. To have and exercise the right of eminent domain and in the manner provided by law for the condemnation of private property for public use, to take any property necessary to supply the agency or any portion thereof with water, whether such property be already devoted to the same use or otherwise, and may condemn any existing waterworks or system, or any portion thereof, or any waters or water rights owned by any person, firm or private corporation. In proceedings relative to the exercise of such right, the agency shall have all of the rights, powers and privileges of a city; provided, the agency in exercising such power, shall in addition to the damage for the taking, injury, or destruction of property, also pay the cost of removal, reconstruction, or relocation of any structure, railways, mains, pipes, conduits, wires, cables or poles of any public utility which is required to be removed to a new location. The agency shall have or exercise no power of eminent domain with respect to property situated outside the boundaries of the agency other than the power to acquire by eminent domain any integrated water production, transmission and distribution facilities located partially within and without the boundaries of the agency, provided such integrated facilities are located southerly and westerly of the White Water River and northerly of the township line between Township 4 South and Township 5 South, S.B.B. & M., and exclusive of that certain subdivision known as Palm Springs Outposts Estates situated in Section 21, Township 4 South, Range 5 East, S.B.B. & M. The agency shall not have or exercise power of eminent domain as to any property belonging to a county water district

which has more than 50,000 acres of land within its boundaries.

10. To issue bonds, borrow money and incur indebtedness as authorized by law or in this act provided; also to refund (by the issuance of the same obligations following the same procedure) or retire any indebtedness or lien that may exist against the agency or property thereof; also to issue warrants to pay the formation expenses of the agency, which warrants may bear interest at a rate not exceeding 6 percent per annum from the date of issue until funds are available to pay the warrants, and which formation expenses may include fees of attorneys and others employed to conduct the formation proceedings.

11. To issue negotiable promissory notes bearing interest at a rate not exceeding 7 percent per annum; provided, however, that said notes shall be general obligations of the agency payable from revenues and taxes in the same manner as bonds of said agency; and provided further that the maturity shall not be later than five years from the date thereof and that the total aggregate amount of such notes outstanding at any one time may be at least equal to seventy-five thousand dollars ($75,000) in the Desert Water Agency but shall not otherwise exceed the lesser of either one million five hundred thousand dollars ($1,500,000) or 2 percent of the assessed valuation of the taxable property in the Desert Water Agency, or, if said assessed valuation is not obtainable, 2 percent of the county auditor's estimate of the assessed valuation of the taxable property in the agency evidenced by his certificate. Promissory notes issued pursuant to Section 51 may be disregarded in computing the aggregate amount of notes that may be issued pursuant to this subdivision;

12. To cause taxes to be levied, in the manner hereinafter provided, for the purpose of paying any obligation of the agency, including its formation expenses and any warrants issued therefor;

13. To restrict the use of agency water during any emergency caused by drought, or other threatened or existing water shortage, and to prohibit the wastage of agency water or the use of agency water during such periods, for any purpose other than household uses or such other restricted uses as may be determined to be necessary by the agency; to prohibit the use of such water during such periods for specific uses which the agency may from time to time find to be nonessential;

14. To prescribe and define by ordinance, the restrictions, prohibitions and exclusions referred to in subdivision 13 hereof. Every ordinance relating to the matters referred to in this subdivision shall be in full force and effect forthwith upon adoption, but shall be published pursuant to Section 6061 of the Government Code in full in a newspaper of general circulation, printed, published and circulated in the agency within 10 days after adoption, or if there be no such newspaper it shall be posted within said time in three public places within the agency;

15. To make contracts, to employ labor, and do all acts necessary for the full exercise of the foregoing powers;

16. In case of condemnation proceedings the board shall proceed in the name of the agency;

17. To provide by ordinance of its board of directors for the pensioning of officers or employees and the creation of a special fund for the purpose of paying such pensions, and the accumulation of contributions to said fund from the revenues of the agency, the wages of officers or employees, voluntary contributions, gifts, donations or any source of revenue not inconsistent with the general powers of the board, and to contract with any insurance corporation or any other insurance carrier for the maintenance of a service covering the pension of such officers or employees, and to provide in such ordinance for the terms and conditions under which such pensions shall be awarded, and for the time and extent of service of officers or employees before such pensions shall be available to them;

18. To acquire, control, distribute, store, spread, sink, treat, purify, reclaim, recapture, and salvage any water, including sewage and storm waters, for the beneficial use or uses and protection of the agency or its inhabitants or the owners of rights to water therein; provided, however, that all waters of the Whitewater River System are excluded from the provisions hereof, except such waters of said system as may be lawfully acquired by the Desert Water Agency

19. Subject to the limitations in subdivision 9 of this section, to join with one or more public agencies, private corporations or other persons for the purpose of carrying out any of the powers of the agency, and for that purpose to contract with such other public agencies or private corporations or persons for the purpose of financing such acquisitions, constructions and operations. Such contracts may provide for contributions to be made by each party thereto and for the division and apportionment of the expenses of such acquisitions and operations, and the division and apportionment of the benefits, the services and products therefrom, and may provide for any agency to effect such acquisitions and to carry on such operations, and shall provide in the powers and methods of procedure for such agency the method by which such agency may contract. Such contracts with other public agencies or private corporations or persons may contain such other and further covenants and agreements as may be necessary or convenient to accomplish the purposes thereof. The term "public agency," as used in this subdivision, shall be deemed to mean and include the United States of America or any department or agency thereof, the State of California or any department or agency thereof, a county, city, public corporation, the Metropolitan Water District of Southern California, or other public district of this state The term "private corporation," as used in this subdivision, shall be deemed to mean and include any private corporation organized under the laws of the United States of America or of this or any

other state thereof. Contracts mentioned herein include those made with the United States, under the Federal Reclamation Act of June 17, 1902, and all acts amendatory thereof or supplementary thereto or any other act of Congress heretofore or hereafter enacted permitting cooperation. Any such contract with the United States of America or any department or agency thereof, or with any private corporation organized under the laws of the United States of America, by which the Desert Water Agency, or an improvement district thereof, incurs an indebtedness or liability exceeding in any year the income and revenue for such year shall not be executed without the assent of two-thirds of the qualified electors of the agency, or an improvement district thereof, voting at a special election to be held for that purpose, such election to be called and held, so far as practicable, in the same manner as bond elections for the agency. The exact form of such contract need not be available at the time of the special election, but the (1) purpose of the contract; (2) maximum amount of the indebtedness created thereby; (3) maximum term of repayment, and (4) maximum interest rate on such indebtedness shall be known and included in the proposition or measure submitted to the qualified electors of the agency, or an improvement district thereof, at such special election.

20. To commence, maintain, intervene in, defend and compromise, in the name of the agency, or as a class representative of the inhabitants, property owners, taxpayers, or water producers or water users within the agency, or otherwise, and to assume the costs and expenses of any and all actions and proceedings, now or hereafter begun, involving or affecting the ownership or use of water or water rights, used or useful for any purpose of the agency, or a common benefit to the lands within the agency or its inhabitants.

20.1. To commence, maintain, intervene in, defend and compromise, in the name of the agency, or as a class representative of the inhabitants, property owners, taxpayers, water producers or water users within the agency or otherwise, and to assume the costs and expenses of any and all actions or proceedings, now or hereafter begun, to prevent, control, or abate the pollution of water used or useful for any purpose of the agency, or a common benefit to lands within the agency, or to the inhabitants of the agency, or any watershed or basin overlain in whole or in part by the agency or which contributes to the water supply of the agency.

21. Distribute water to persons in exchange for ceasing or reducing ground water extractions and to fix the terms and conditions of any contract under which producers may agree voluntarily to use replenishment water from a nontributary source in lieu of ground water, and to such end an agency may become a party to such contract and pay from the agency funds such portion of the cost of such replenishment waters as will encourage the purchase and use of such water in lieu of pumping so long as the persons or property within the agency

are directly or indirectly benefited by the resulting replenishment.

22. To issue bonds under Section 28 of this act for the purpose of providing money required to be paid by this agency as all or part of the terms and conditions under which the corporate area of the Desert Water Agency may be annexed to and become a part of any metropolitan water district organized under the Metropolitan Water District Act. The amount of said bonds may include expenses of all proceedings for the authorization, issuance and sale of the bonds.

23. To issue revenue bonds for any purpose for which general obligation bonds may be issued, and for any purpose for which such bonds could be issued under the provisions of the Revenue Bond Law of 1941 or any other law which by its terms is applicable to this agency.

24. To use the Improvement Act of 1911 for the construction of any facilities authorized to be constructed under the provisions of this act. The powers and duties conferred by the Improvement Act of 1911 on the various boards, officers and agents of cities shall be exercised by the respective boards, officers and agents of the Desert Water Agency. In the application of said Improvement Act of 1911 to proceedings instituted by the Desert Water Agency, the terms used in said Improvement Act of 1911 shall have the following meanings:

(a) "City council" and "council" shall mean the board of directors of the Desert Water Agency.

(b) "Municipality" and "city" shall mean the Desert Water Agency.

(c) "Clerk" and "city clerk" shall mean the secretary.

(d) "Superintendent of streets," "street superintendent" and "city engineer" shall mean the chief engineer of the agency.

(e) "Tax collector" shall mean the county tax collector.

(f) "Treasurer" and "city treasurer" shall mean the treasurer of the Desert Water Agency.

(g) "Mayor" shall mean the president of the board of directors of the Desert Water Agency.

(h) "Right-of-way" shall mean any parcel of land in, on, under or through which a right-of-way or easement has been granted to the agency for the purpose of constructing and maintaining any works or improvements of the Desert Water Agency.

Any certificates or documents required to be filed or recorded in the office of the superintendent of streets or street superintendent shall be filed and recorded in the office of the secretary of the Desert Water Agency

SEC. 9. Section 21 of the Desert Water Agency Law (Ch. 1069, Stats. 1961) is amended to read:

Sec. 21. The president, vice president and secretary in addition to the respective duties imposed on them by law shall perform such duties as may be imposed on them by the board of directors. The treasurer, or such other person or persons as

may be authorized by the board of directors, shall draw checks or warrants to pay demands when such demands shall have been audited and approved in the manner prescribed by the board of directors.

If the president is absent or unable to act, the vice president shall exercise the powers of the president granted by this act.

The general manager shall have full charge and control of the maintenance, operation and construction of the waterworks or waterworks system of the agency with full power and authority to employ and discharge all employees and assistants at pleasure, prescribe their duties, fix their compensation, subject to the approval of the board of directors.

The general manager shall perform such duties as may be imposed on him by the board of directors. The general manager shall report to the board of directors in accordance with such rules and regulations as they may direct.

The chief engineer shall be the engineering advisor of the agency and shall perform such other duties as may be prescribed by the board of directors.

The attorney shall be the legal adviser of the agency and shall perform such other duties as may be prescribed by the board of directors.

The board of directors shall designate a depository or depositories to have the custody of the funds of the agency, all of which depositories shall give security sufficient to secure the agency against possible loss, and who shall pay the warrants drawn by the treasurer for demands against the agency under such rules as the directors may prescribe.

The general manager, secretary and treasurer, and all other employees or assistants of said agency who may be required so to do by the board of directors, shall give such bonds to the agency conditioned for the faithful performance of their duties as the board of directors from time to time may provide. The premiums on such bonds shall be paid by the agency.

SEC. 9.1. Section 28 of the Desert Water Agency Law (Ch. 1069, Stats. 1961) is amended to read:

Sec. 28. Whenever the board of directors deems it necessary for the agency to incur a bonded indebtedness for the acquisition, construction, completion, or repair of any or all improvements, works or property mentioned in this act, the board shall by resolution, so declare and call an election to be held in said agency for the purpose of submitting to the qualified voters thereof the proposition of incurring indebtedness by the issuance of bonds of said agency. Said resolution shall state: (a) the purpose for which the proposed debt is to be incurred, which may include expenses of all proceedings for the authorization, issuance and sale of the bonds; (b) the amount of debt to be incurred; (c) the maximum term the bonds proposed to be issued shall run before maturity, which shall not exceed 40 years; (d) the maximum rate of interest to be paid, which shall not exceed 6½ percent per annum, payable semiannually, except that interest for the first year may be payable

at the end of said year; (e) the measure to be submitted to the voters; (f) the date upon which an election shall be held for the purpose of authorizing said bonded indebtedness to be incurred; and (g) the designation of precincts, the location of polling places, and the names of the officers selected to conduct the election, who shall consist of one judge, one inspector and two clerks in each precinct. The board of directors shall provide for holding such special election on the day so fixed and in accordance with the provisions of the Elections Code so far as the same shall be applicable, except as herein otherwise provided. Notice of the holding of such election shall be given by publishing pursuant to Section 6066 of the Government Code the resolution calling the election, the last publication to be made not less than two weeks prior to the date of the proposed election, in at least one newspaper published in such agency, then such resolution shall be posted in three public places in such agency not less than two weeks prior to the date of the proposed election No other notice of such election need be given. The returns of such election shall be made, the votes canvassed by said board of directors within seven days following said election, and the results thereof ascertained and declared in accordance with the provisions of the Elections Code, so far as they may be applicable, except as in this act otherwise provided The secretary of the board of directors, as soon as the result is declared, shall enter in the records of such board a statement of such results. No irregularities or informalities in conducting such election shall invalidate the same, if the election shall have otherwise been fairly conducted.

Any action or proceeding, wherein the validity of any such bonds or of the proceedings in relation thereto is contested, questioned or denied, shall be commenced within three months from the date of such election; otherwise, said bonds and all proceedings in relation thereto shall be held to be valid and in every respect legal and incontestable.

SEC. 9 2. Section 29 of the Desert Water Agency Law (Ch 1069, Stats. 1961) is amended to read:

Sec. 29. Whenever the board of directors deems it necessary to incur a bonded indebtedness for the acquisition, construction, completion, or repair of any or all improvements, works or properties mentioned in this act and to provide for such bonded indebtedness to be payable from taxes levied upon less than all of the agency, the board shall, by resolution, so declare and state: (a) the purpose for which the proposed debt is to be incurred; (b) the amount of debt to be incurred, which may include expenses of all proceedings for the authorization, issuance and the sale of the bonds; (c) that the board intends to form an improvement district of a portion of the agency which in the opinion of the board will be benefited, the exterior boundaries of which portion are set forth on a map on file with the secretary of the agency, which map shall govern for all details as to the extent of the proposed improvement district, and to call an election in such proposed im-

provement district on a date to be fixed, for the purpose of submitting to the qualified voters thereof the proposition of incurring indebtedness by the issuance of bonds of the agency for said improvement district; (d) that taxes for the payment of said bonds and the interest thereon shall be levied exclusively upon the taxable property in the improvement district; (e) that a general description of the proposed improvement, together with a map showing the exterior boundaries of said proposed improvement district with relation to the territory immediately contiguous thereto and to the proposed improvement is on file with the secretary of the agency and is available for inspection by any person or persons interested; (f) the time and place for a hearing by the board on the questions of the formation of said proposed improvement district, the extent thereof, the proposed improvement and the amount of debt to be incurred; and (g) that at the time and place specified in the resolution any person interested, including all persons owning property in the agency or in the proposed improvement district, will be heard Notice of said hearing shall be given by publishing a copy of the resolution pursuant to Section 6066 of the Government Code prior to the time fixed for the hearing in a newspaper printed and published in the Desert Water Agency, if there is a newspaper printed and published in such agency Such notice shall also be given by posting a copy of said resolution in six public places within the proposed improvement district at least two weeks before the time fixed for said hearing

At the time and place so fixed, or at any time and place to which the hearing is adjourned, the board shall proceed with the hearing. At the hearing any person interested, including any person owning property within the agency or within the proposed improvement district, may appear and present any matters material to the questions set forth in the resolution declaring the necessity for incurring the bonded indebtedness. The board shall have the power to change the purpose for which the proposed debt is to be incurred, or the amount of bonded debt to be incurred, or the boundaries of said proposed improvement district, or one or all of said matters; provided, however, that said board shall not change such boundaries so as to include any territory which will not, in its judgment, be benefited by said improvement.

The purpose, amount of bonded debt or boundaries shall not be changed by said board except after notices of its intention to do so, given by publication pursuant to Section 6061 of the Government Code in a newspaper printed and published in said Desert Water Agency, if there is a newspaper printed and published in such agency, and by posting in six public places within said proposed improvement district Said notice shall state the changed purpose and debt proposed and that the exterior boundaries as proposed to be changed are set forth on a map on file with the secretary of the agency, which map shall govern for all details as to the extent of the proposed improve-

ment district, and specify the time and place for hearing on such change, which time shall be at least 10 days after publication or posting of said notice At the time and place so fixed, or at any time and place to which the hearing is adjourned, the board shall proceed with the hearing. At the hearing any person interested, including any person owning property within the agency or the proposed improvement district, may appear and present any matters material to the changes stated in the notice. At the conclusion of the hearing the board shall by resolution determine whether it is deemed necessary to incur the bonded indebtedness and, if so, the resolution shall also state the purpose for which said proposed debt is to be incurred, the amount of the proposed debt, that the exterior boundaries of the portion of the agency which will be benefited are set forth on a map on file with the secretary of the agency which map shall govern for all details as to the extent of the improvement district, and that said portion of the agency set forth on said map shall thereupon constitute and be known as "Improvement District No. ___ of Desert Water Agency," and the determinations made in said resolution shall be final and conclusive. After the formation of such improvement district within the Desert Water Agency pursuant to this section all proceedings for the purpose of a bond election shall be limited, and shall apply only to the improvement district, and taxes for the payment of said bonds and the interest thereon shall be levied exclusively upon the taxable property in the improvement district.

After the board has made its determination of the matters required to be determined by said last mentioned resolution, and if the board deems it necessary to incur the bonded indebtedness, the board shall by a further resolution call a special election in said improvement district for the purpose of submitting to the qualified voters thereof the proposition of incurring indebtedness by the issuance of bonds of the agency for said improvement district. Said resolution shall state: (a) that the board deems it necessary to incur the bonded indebtedness; (b) the purpose for which the bonded indebtedness will be incurred; (c) the amount of debt to be incurred; (d) the improvement district to be benefited by said indebtedness, as set forth in the resolution making determinations, and that a map showing the exterior boundaries of said improvement district is on file with the secretary of the agency, which map shall govern for all details as to the extent of the improvement district; (e) that taxes for the payment of such bonds and the interest thereon shall be levied exclusively upon the taxable property in said improvement district; (f) the maximum term the bonds proposed to be issued shall run before maturity, which shall not exceed 40 years; (g) the maximum rate of interest to be paid, which shall not exceed 6½ percent per annum, payable semiannually, except that interest for the first year may be payable at the end of the said year; (h) the measure to be submitted to the voters; (i) the date upon which an

election shall be held for the purpose of authorizing said bonded indebtedness to be incurred; and (j) the designation of precincts, the location of polling places, and the names of the officers selected to conduct the election, who shall consist of one judge, one inspector and two clerks in each precinct.

The board of directors shall provide for holding such special election on the day so fixed and in accordance with the provisions of the Elections Code so far as the same shall be applicable, except as herein otherwise provided. Notice of the holding of such election shall be given by publishing pursuant to Section 6066 of the Government Code the resolution calling the election prior to the date of the proposed election in at least one newspaper printed and published in the Desert Water Agency, if there is a newspaper printed and published in such agency. Such resolution shall also be posted in three public places in such improvement district not less than two weeks prior to the date of the proposed election. No other notice of such election need be given.

The returns of such election shall be made, the votes canvassed by said board of directors within seven days following said election, and the results thereof ascertained and declared in accordance with the provisions of the Elections Code so far as they may be applicable, except as in this act otherwise provided The secretary of the board of directors, as soon as the result is declared, shall enter in the records of such board a statement of such results. No irregularities or informalities in conducting such election shall invalidate the same, if the election shall have otherwise been fairly conducted.

Any action or proceeding, wherein the validity of the formation of the improvement district or of any such bonds or of the proceedings in relation thereto is contested, questioned or denied, shall be commenced within three months from the date of such election; otherwise, said bonds and all proceedings in relation thereto, including the formation of the improvement district, shall be held to be valid and in every respect legal and incontestable

SEC 9.3. Section 31 of the Desert Water Agency Law (Ch. 1069, Stats 1961) is amended to read:

Sec. 31. If from such returns it appears that more than two-thirds of the votes cast in such election held pursuant to the provisions of Section 28 or of Section 29 of this act, were in favor of and assented to the incurring of such indebtedness, then the board of directors may, by resolution, at such time or times as it deems proper, issue bonds of the agency for the whole or any part of the amount of the indebtedness so authorized, and may from time to time provide for the issuance of such amounts as the necessity thereof may appear, until the full amount of such bonds authorized shall have been issued Said full amount of bonds may be divided into two or more series and different dates fixed for each of the series The maximum term which the bonds of any series shall run before

maturity shall not exceed 40 years from the date of each series respectively.

The board of directors shall, by resolution, prescribe the form of the bonds and the form of the coupons attached thereto and fix the time when the whole or any part of the principal shall become due and payable. The payment of the first installment of principal may be deferred for a period of not more than five years from the date of the bonds or the date of the bonds of each series respectively. The bonds shall bear interest at a rate or rates not to exceed 6½ percent per annum, payable semiannually, except that interest for the first year may be payable at the end of said year. The board of directors may also provide for call and redemption of bonds prior to maturity at such times and prices and upon such other terms as it may specify. A bond shall not be subject to call or redemption prior to maturity unless it contains a recital to that effect or unless a statement to that effect is printed thereon.

The denomination of the bonds shall be stated in the resolution providing for their issuance, but shall not be less than one hundred dollars ($100). The principal and interest shall be payable in lawful money of the United States at the office of the treasurer of the district or such other place or places as may be designated, or at either place or places at the option of the holder of the bond.

The bonds shall be dated, numbered consecutively, and be signed by the president and treasurer of the agency, countersigned by the secretary of the agency, and the official seal of the agency attached. The interest coupons of such bonds shall be signed by the treasurer of said agency. All such signatures and countersignatures may be printed, lithographed, or mechanically reproduced, except that one of said signatures or countersignatures to said bonds shall be manually affixed.

If the bond election proceedings have been limited to and have applied only to an improvement district within said agency, said bonds are bonds of the agency and shall be issued in the name of the agency and shall be designated "Bonds of the Desert Water Agency for Improvement District No. ___" and each bond and all interest coupons thereof shall state that taxes levied for the payment thereof shall be levied exclusively upon the taxable property in said improvement district.

Before selling the bonds, or any part thereof, the board of directors shall give notice inviting sealed bids in such manner as it may prescribe. If satisfactory bids are received, the bonds offered for sale shall be awarded to the highest responsible bidder. If no bids are received, or if said board determines that the bids received are not satisfactory as to price or responsibility of the bidders, it may reject all bids received, if any, and either readvertise or sell the bonds at private sale.

The proceeds arising from the sale of bonds shall be paid into the treasury of the agency and placed to the credit of a special improvement fund and expended only for the purpose for which the indebtedness was created; provided, however,

that when said purpose has been accomplished any moneys remaining in said special improvement fund may be transferred to the fund to be used for the payment of principal of and interest on the bonds. Said remaining moneys remaining from the sale of bonds of the agency may also be used for some other agency purpose. Such moneys remaining from the sale of bonds of the agency for an improvement district therein may also be used for any purpose which will benefit the property in the improvement district. Said moneys may not be used for said other agency purpose or improvement district purpose until two-thirds of the qualified voters of said agency or improvement district have consented thereto at a special election called in said agency or improvement district by the board of directors. Notice of said election shall be given in the manner provided for bond elections in said agency or improvement district, as the case may be, and in other respects the election shall be conducted as are other agency elections.

SEC. 9.6. Section 34 of the Desert Water Agency Law (Ch. 1069, Stats. 1961) is amended to read:

Sec. 34. The board of directors may advance general funds of the agency to accomplish the purposes of an improvement district formed in accordance with Sections 29 or 33 and, if the improvement district is formed under Section 29, may repay the agency from the proceeds of the sale of bonds authorized for such purpose, or if the improvement district is formed under Section 33 may, in the formation of such improvement district, provide that the agency shall be repaid with interest at not to exceed 6½ percent from the special taxes levied exclusively upon the taxable property in said improvement district.

SEC. 9.7. Section 35 of the Desert Water Agency Law (Ch. 1069, Stats. 1961) is amended to read:

Sec. 35. Interest on any bonds issued by the agency coming due before the proceeds of a tax levied at the next general tax levy after the sale of said bonds are available, and interest on any bonds issued by the agency coming due before the expiration of one year following completion of the acquisition and construction of the works and improvements for which the bonds were issued may be paid from the proceeds of the sale of such bonds.

SEC. 10. Section 50 is added to the Desert Water Agency Law (Ch. 1069, Stats. 1961), to read:

Sec. 50. The agency, by ordinance, may fix, on or before the first day of July in any calendar year, a water standby or availability charge within the agency or in any improvement district thereof to which water is made available by the agency through underground or by surface facilities, whether the water is actually used or not The standby charge shall not exceed ten dollars ($10) per acre per year for each acre of land within the agency or any improvement district thereof or ten dollars ($10) per year for any parcel of less than one acre. The ordinance fixing a standby charge shall be

adopted by the board only after adoption of a resolution setting forth the particular schedule or schedules of charges proposed to be established by ordinance and after notice and hearing in the manner prescribed in the District Reorganization Act of 1965 (commencing with Section 56000 of the Government Code). The ordinance fixing a standby charge may establish schedules varying the charges according to land uses, water uses, and degree of water availability. On or before the third Monday in August, the board shall furnish in writing to the board of supervisors and the county auditor of each affected county a description of each parcel of land within the agency upon which a charge is to be levied and collected for the current fiscal year, together with the amount of standby charge fixed by the district on each parcel of land. The board shall direct that, at the time and in the manner required by law for the levying of taxes for county purposes, the board of supervisors shall levy, in addition to any other tax it levies, a standby charge in the amounts for the respective parcels fixed by the board. All county officers charged with the duty of collecting taxes shall collect agency standby charges with the regular tax payments to the county. Such charges shall be collected in the same form and manner as county taxes are collected and shall be paid to the agency. Charges fixed by the agency shall be a lien on all the property benefited thereby. Liens for such charges shall be of the same force and effect as other liens for taxes, and their collection may be enforced by the same means as provided for the enforcement of liens for state and county taxes

SEC. 11. Section 51 is added to the Desert Water Agency Law (Ch 1069, Stats. 1961), to read:

Sec. 51. The agency may issue negotiable promissory notes pursuant to this section, bearing interest at a rate not to exceed 6 percent per annum, for the purpose of acquiring funds to finance the construction or acquisition of administrative offices, construction headquarters, commercial offices, or facilities for similar agency purposes and for the acquisition of land for agency purposes The maturity of such promissory notes shall not be later than 10 years from the date thereof. The total aggregate amount of such notes outstanding at any one time may be at least equal to fifty thousand dollars ($50,000), but shall not exceed the lesser of either five hundred thousand dollars ($500,000) or 1 percent of the assessed valuation of the taxable property in the agency or, if the assessed valuation is not obtainable, 1 percent of the county auditor's estimate of the assessed valuation of the taxable property in the agency evidenced by his certificate. Promissory notes issued pursuant to subdivision 11 of Section 15 may be disregarded in computing the aggregate amount of notes that may be issued pursuant to this section.

SEC 12. Section 52 is added to the Desert Water Agency Law (Ch 1069, Stats 1961), to read:

Sec. 52. Whenever the board deems it necessary to incur a bonded indebtedness for the acquisition, construction, completion, or repair of any or all improvements, works, or property mentioned in this law and to provide for such bonded indebtedness to be payable from taxes levied upon an uninhabited portion of the agency, the board shall, by resolution, declare its intention to form an uninhabited improvement district in such portion of the agency and to incur such indebtedness.

For the purposes of this law the portion of the agency formed into an uninhabited improvement district shall be deemed uninhabited if less than 12 voters reside therein at the time of the formation thereof.

The resolution of intention shall state that the board intends to form an improvement district of an uninhabited portion of the agency which in the opinion of the board will be benefited, and to incur indebtedness by the issuance of bonds of the agency for such uninhabited improvement district.

The resolution of intention shall also state:

(a) The purpose for which the proposed debt is to be incurred.

(b) The amount of debt to be incurred, which may include expenses of all proceedings for the authorization, issuance, and sale of the bonds.

(c) That taxes for the payment of the bonds and the interest thereon will be levied exclusively upon the taxable property in the uninhabited improvement district.

The resolution of intention shall also state that a general description of the proposed improvement, together with a map showing the exterior boundaries of the proposed uninhabited improvement district with relation to the territory immediately contiguous thereto and to the proposed improvement is on file with the secretary and is available for inspection by any person or persons interested. This map shall govern for all details as to the extent of the proposed uninhabited improvement district.

The resolution of intention shall also state:

(a) The time and place for a hearing by the board on the questions of the formation and extent of the proposed uninhabited improvement district, the proposed improvement, and the amount of debt to be incurred.

(b) That at the time and place specified in the resolution any person interested will be heard, and that any owner of property within the proposed uninhabited improvement district may file with the secretary at any time prior to the time set for the hearing thereon written protest to the formation of the proposed uninhabited improvement district.

Notice of the hearing shall be given by publishing a copy of the resolution pursuant to Section 6066 of the Government Code prior to the time fixed for the hearing in a newspaper circulated in the agency, if there is a newspaper circulated in the agency. Such notice shall also be given by posting a copy of the resolution of intention in three public places within

the proposed uninhabited improvement district for at least two weeks before the time fixed for the hearing.

A copy of the resolution of intention shall also be mailed, postage prepaid, to each person to whom land in the proposed uninhabited improvement district is assessed as shown on the last equalized county assessment roll, at his address as shown upon the roll, and to any person, whether owner in fee or having a lien upon, or legal or equitable interest in, any land within the proposed uninhabited improvement district, whose name and address and a designation of the land in which he is interested is on file with the secretary.

At the time and place fixed in the resolution of intention, or at any time or place to which the hearing is adjourned, the board shall proceed with the hearing. At the hearing any person interested may appear and present any matters material to the questions set forth in the resolution. Also at the hearing the board shall hear and pass upon all written protests filed by the owners of property within the proposed uninhabited improvement district.

If written protests are filed by the owners of one-half of the value of the property within the proposed uninhabited improvement district, as shown by the last equalized assessment roll of the county, further proceedings shall not be taken. If such protests are not made the board shall by resolution determine whether it is necessary to incur the bonded indebtedness and if so, the resolution shall also state:

(a) The purpose for which the proposed debt is to be incurred

(b) The amount of the proposed debt.

(c) That the exterior boundaries of the portion of the agency which will be benefited are set forth on a map on file with the secretary, which map shall govern for all details as to the extent of the uninhabited improvement district.

(d) That such portion of the agency set forth on the map shall thereupon constitute and be known as "Improvement District No. _____ of _____ Desert Water Agency".

The determinations made in the resolution of formation shall be final and conclusive.

After the formation of the uninhabited improvement district pursuant to this law the board may, by resolution, at such time or times as it deems proper, issue bonds of the agency, pursuant to Section 31 of this law, for the whole or any part of the amount of the indebtedness authorized by the resolution of formation. All taxes levied for the payment of the bonds and the interest thereon shall be levied exclusively upon the taxable property in the uninhabited improvement district.

Any action or proceeding in which the validity of the formation of an uninhabited improvement district or of any of the proceedings in relation thereto is contested, questioned, or denied shall be commenced within three months from the

date of the resolution forming such district; otherwise the formation of the uninhabited improvement district and all proceedings in relation thereto shall be held to be valid and in every respect legal and incontestable.

The board may advance general funds of the agency to accomplish the purposes of an improvement district formed pursuant to this law.

The board may repay the agency for any advance of funds from the proceeds of the sale of bonds authorized for the purposes of the improvement district.

SEC. 13. Section 53 is added to the Desert Water Agency Law (Ch. 1069, Stats. 1961), to read:

Sec. 53. The board, by resolution, may initiate proceedings for the annexation of territory within the agency whether contiguous or not to an improvement district to such improvement district.

The resolution proposing annexation shall:

(a) Declare that proceedings have been initiated by the board pursuant to this law.

(b) State the reason for proposing the annexation.

(c) Set forth a description of the area proposed to be annexed, which may be made by reference to a map on file with the secretary of the agency which map shall govern for all details as to the extent of the area proposed to be annexed.

(d) State the terms and conditions of the annexation.

(e) State that the holders of title to any of the land sought to be annexed may file written protests with the secretary to the annexation or the annexation upon such terms and conditions.

(f) Fix the time and place of a meeting at which the board will receive written protests theretofore filed with the secretary, receive additional written protests, and hear from any and all persons interested in the annexation.

The text of the resolution proposing annexation shall be published, pursuant to Section 6066 of the Government Code, prior to the time of hearing in at least one newspaper printed and published in the agency, if there is a newspaper published and printed in the agency.

A copy of the resolution proposing annexation shall also be posted in three public places within the improvement district and three public places in the area proposed to be annexed at least two weeks prior to the hearing.

The board shall proceed with the hearing at the time and place fixed therefor and may continue the hearing, if need be, from time to time. All interested persons will be heard at the hearing.

If written protests are filed by the holders of title of one-half of the value of the territory proposed to be annexed as shown by the last equalized assessment roll of each county in which the territory is situated, further proceedings shall not be taken, and the board shall refuse the annexation by a resolution so stating.

If written protest is not made by the owners of one-half of the value of the territory proposed to be annexed, and if, at the conclusion of the hearing, the board finds and determines from the evidence presented at the hearing that the area proposed to be annexed to an improvement district will be benefited thereby, and that the improvement district to which the area proposed to be annexed will also be benefited thereby and will not be injured thereby, the board may, by resolution, approve such annexation.

The resolution shall describe the territory annexed, which may be by reference to a map on file with the secretary, which map shall govern for all details as to the extent of the annexed area. The resolution shall also state the terms and conditions of annexation as theretofore determined by resolution of the board.

If the board finds and determines that either the area proposed to be annexed to the improvement district will not be benefited thereby or that the improvement district to which the area is proposed to be annexed will not be benefited thereby and will be injured thereby, the board shall by resolution disapprove such annexation.

From and after the date of the adoption of the resolution approving the annexation, the area described therein is added to and forms a part of the improvement district.

The taxable property in the annexed area shall be subject to taxation after the annexation thereof for the purposes of the improvement district, including the payment of the principal of and interest on bonds and other obligations of the improvement district authorized and outstanding at the time of the annexation as if the annexed property had always been a part of the improvement district.

The board may do all things necessary to enforce and make effective the terms and conditions of annexation fixed by it.

Any action or proceeding in which the validity of an annexation to an improvement district pursuant to this section is contested, questioned, or denied shall be commenced within three months after the date of the resolution of the board approving the annexation of the territory to an improvement district; otherwise, the annexation shall be held valid and in every respect legal and incontestable.

SEC. 13.5. Section 53.1 is added to the Desert Water Agency Law (Ch. 1069, Stats 1961), to read:

Sec 53.1. Notwithstanding the provisions of Section 53, if the petition for annexation of land to an improvement district formed under Section 33 is signed by all of the holders of title of land in the portion proposed to be annexed, the board may proceed and act thereon without notice and hearing, but shall otherwise comply with the applicable provisions of this law.

SEC. 13 6 Section 53.2 is added to the Desert Water Agency Law (Ch. 1069, Stats. 1961), to read:

53.2. Proceedings to exclude territory from an improvement district, formed pursuant to Section 33, may be initiated by the board upon its own motion, or shall be initiated by the board upon receipt of a petition for exclusion signed by not less than 10 percent of the voters of the area proposed to be excluded, which states reasons such exclusion will be beneficial to the agency or the improvement district or the territory to be excluded.

Upon adoption of said motion to initiate exclusion proceedings or upon receipt of said petition for exclusion, the board shall adopt a resolution of intention to exclude which shall state:

(a) The method by which said exclusion proceedings were initiated; by motion of the board or by petition of voters.

(b) That taxes for carrying out the purpose of the improvement district will not be levied upon taxable property in the excluded territory following such exclusion in the event such territory is excluded.

(c) That following such exclusion, the taxable property in the territory remaining in said improvement district shall continue to be levied upon and taxed to provide funds for the purposes of said improvement district.

The resolution of intention to exclude shall also state that a map showing the exterior boundaries of the proposed territory to be excluded, with relation to the territory remaining in said improvement district, is on file with the secretary and is available for inspection by any person or persons interested. This map shall govern for all details as to the extent of the proposed exclusion.

The resolution of intention shall also state:

(a) The time and place for a hearing by the board on the questions of the proposed exclusion and the effect of such exclusion upon the agency, the improvement district and the territory to be excluded.

(b) That at such time and place any person interested, including all persons owning property in the agency or in the improvement district, will be heard.

Notice of the hearing shall be given by publishing a copy of the resolution of intention to exclude, pursuant to Section 6066 of the Government Code, prior to the time fixed for the hearing in a newspaper circulated in the agency. Such notice shall also be given by posting a copy of the resolution of intention to exclude in three public places within the affected improvement district for at least two weeks before the time fixed for the hearing.

At the time and place so fixed in the resolution of intention to exclude, or at any time or place to which the hearing is adjourned, the board shall proceed with the hearing. At the hearing any person interested, including any person owning property in the agency, or in the improvement district may appear and present any matters material to the questions set forth in the resolution of intention to exclude.

At the conclusion of the hearing, the board shall by resolution determine whether it is necessary or desirable to exclude said territory. If so, the resolution shall also state:

(a) The reasons why such exclusion is necessary or desirable.

(b) That the exterior boundaries of the improvement district following such exclusion are set forth on a map on file with the secretary, which map shall govern all details as to the extent of said, then existing, improvement district.

The determinations made in the resolution of exclusion shall be final and conclusive.

After the exclusion of territory from the improvement district pursuant to this section, all taxes levied for the carrying out of said improvement district's purpose shall be levied exclusively upon the taxable property in the improvement district as then constituted.

A copy of the resolution of exclusion shall be published pursuant to Section 6066 of the Government Code in a newspaper printed and published in the agency. A copy of the resolution shall also be posted in three public places within the improvement district for at least two weeks.

The resolution of exclusion shall not be effective until the 31st day after completion of the publication and posting.

Any action or proceeding in which the validity of the exclusion of territory from the improvement district or of any of the proceedings in relation thereto is contested, questioned, or denied shall be commenced within three months from the effective date of the resolution of exclusion; otherwise, the exclusion and all proceedings in relation thereto shall be held to be valid and in every respect legal and incontestable.

SEC. 14. Section 54 is added to the Desert Water Agency Law (Ch. 1069, Stats. 1961), to read:

Sec. 54. Notwithstanding any other provision herein, whenever the board deems it necessary for any improvement district formed pursuant to this act to be dissolved, it shall by resolution declare its intention to dissolve the improvement district

As used in this act, "improvement district" includes an uninhabited improvement district formed pursuant to Section 52.

The resolution of intention shall state:

(a) The reason why the improvement district should be dissolved.

(b) If the improvement district was formed pursuant to Section 29 or Section 52 of this act, that no bonds have been issued for the improvement district or are outstanding.

(c) If the improvement district was formed pursuant to Section 33 of this act, that no indebtedness or liability was incurred for the improvement district or is outstanding

(d) That a map showing the exterior boundaries of the improvement district, with relation to the territory immediately

contiguous thereto, is on file with the secretary and is available for inspection by any person or persons interested.

(e) The time and place for a hearing by the board on the question of the dissolution of the improvement district.

(f) That at such time and place any person interested, including all persons owning property in the agency or in the improvement district will be heard.

Notice of the hearing shall be given by publishing a copy of the resolution, pursuant to Section 6066 of the Government Code, prior to the time fixed for the hearing in a newspaper circulated in the agency, if there is a newspaper circulated in the agency. Such notice shall also be given by posting a copy of the resolution in three public places within the improvement district for at least two weeks before the time fixed for the hearing.

At the time and place fixed in the resolution of intention, or at any time or place to which the hearing is adjourned, the board shall proceed with the hearing At the hearing any person interested, including all persons owning property in the agency, or in the improvement district, may appear and present any matters material to the proposed dissolution.

At the conclusion of the hearing, the board shall by ordinance determine whether it is necessary to dissolve the improvement district. If so, the ordinance shall state that the exterior boundaries of the improvement district are set forth on a map on file with the secretary and shall declare the improvement district dissolved The determinations made in the ordinance shall be final and conclusive

When the ordinance declaring an improvement district dissolved becomes effective, the dissolution of such improvement district is complete.

The taxable property within the boundaries of the dissolved improvement district shall continue to be taxed for any indebtedness of the agency contracted for such dissolved improvement district until the indebtedness has been satisfied, to the same extent that such property would be taxable for such purpose if the dissolution had not occurred.

Any action or proceeding in which the validity of the dissolution of an improvement district, or of any of the proceedings in relation thereto, is contested, questioned, or denied shall be commenced within three months from the effective date of the ordinance dissolving the improvement district; otherwise, the dissolution of the improvement district and, all proceedings in relation thereto, shall be held to be valid and in every respect legal and incontestable.

After a bond election has been held in an improvement district formed pursuant to Section 29 of this law and less than two-thirds of the votes cast in such election were in favor of the measure the board may within one year of the date of such

election call and hold another election as provided in Sections 28 and 29 of this law for the purpose of resubmitting said measure to the electors of said improvement district. If said measure is not so resubmitted said improvement district, on the anniversary date of the election, is dissolved without further action by the board. If said measure is resubmitted and fails to receive more than two-thirds of the votes cast in such election in favor of said measure said improvement district is dissolved following the canvass of the election returns.

CHAPTER 153

An act to amend Section 71085 of the Government Code, relating to courts.

[Approved by Governor May 15, 1967. Filed with Secretary of State May 15, 1967]

The people of the State of California do enact as follows:

SECTION 1. Section 71085 of the Government Code is amended to read:

71085. (a) The clerk, or chief clerical officer by whatever name known, the marshal or constable, or similar official, their deputies and attachés, and all other officers or employees of each court wholly or partly superseded by a municipal or justice court, shall become the clerk, the marshal, or constable, their deputies and attachés, and officers or employees of such municipal or justice court upon its organization, so far as such positions are provided by law. If no provision is made by law for officers and employees of a municipal court, there shall be the officers and employees for such court specified in subdivision (b). They shall receive compensation for their services fixed by the judge, if there are one or more other municipal courts in the county in which the court is established, at a rate comparable to but not greater than that provided by law for comparable officers and employees in any other municipal court in the county. If there is no other municipal court in the county in which the court is established, the officers and employees of the court shall receive the compensation for their services fixed by the judge within the ranges provided below until express provision has been made for officers and employees of the court, except that if any officer or employee was receiving compensation in a superseded justice court greater than the maximum range provided in this section for a comparable position in the municipal court, he shall continue to receive such compensation until express provision has been made by law for officers and employees of such municipal court. Such interim compensation fixed by the judge shall be effective only until the 61st day after final adjourn-

ment of the next succeeding regular session of the Legislature.

(b) There shall be one clerk of the court who shall receive a monthly salary in the following range: six hundred dollars ($600), six hundred fifty dollars ($650), seven hundred dollars ($700).

The clerk may appoint with the approval of the judge as many deputies as may be necessary who shall receive a monthly salary in the following range: three hundred fifty dollars ($350), three hundred seventy-five dollars ($375), four hundred dollars ($400), four hundred twenty-five dollars ($425), four hundred fifty dollars ($450), four hundred seventy-five dollars ($475), five hundred dollars ($500).

There shall be one marshal. His monthly salary shall be in the following range: five hundred dollars ($500), five hundred fifty dollars ($550), six hundred dollars ($600).

The marshal may appoint with the approval of the judge as many deputy marshals as may be necessary. The monthly salary of a deputy marshal shall be in the following range: four hundred dollars ($400), four hundred fifty dollars ($450), five hundred dollars ($500), five hundred fifty dollars ($550).

The judge of an existing court who does not succeed to judicial office shall be deemed to be a clerk or chief clerical officer within the meaning of this section.

CHAPTER 154

An act to amend Section 647a of, and to add Section 653g to, the Penal Code, relating to molestation of children and loitering.

[Approved by Governor May 15, 1967. Filed with Secretary of State May 15, 1967]

The people of the State of California do enact as follows:

SECTION 1. Section 647a of the Penal Code is amended to read:

647a. Every person who annoys or molests any child under the age of 18 is a vagrant and is punishable upon first conviction by a fine not exceeding five hundred dollars ($500) or by imprisonment in the county jail for not exceeding six months or by both such fine and imprisonment and is punishable upon the second and each subsequent conviction or upon the first conviction after a previous conviction under Section 288 of this code by imprisonment in the state prison for not less than one year.

SEC. 2. Section 653g is added to the Penal Code, to read:

653g. Every person who loiters about any school or public place at or near which children attend or normally congregate

is a vagrant, and is punishable by a fine of not exceeding five hundred dollars ($500) or by imprisonment in the county jail for not exceeding six months, or by both such fine and imprisonment.

CHAPTER 155

An act to amend Section 8046 of the Fish and Game Code, relating to fish-handling privilege taxes.

[Approved by Governor May 15, 1967. Filed with Secretary of State May 15, 1967]

The people of the State of California do enact as follows:

SECTION 1. Section 8046 of the Fish and Game Code is amended to read:

8046. Every person operating under a license pursuant to this article shall, in addition to the license fee and the tax imposed by Section 8045, pay a privilege tax of five cents ($0.05) for each 100 pounds, or fraction thereof, of sardines, Pacific mackerel, jack mackerel, squid, herring, or anchovies purchased, received, or taken by him until December 31, 1969.

The money shall be deposited in the Fish and Game Preservation Fund for use by the Marine Research Committee pursuant to Sections 729 and 730.

The committee shall pay the department for accounting and other services rendered to the committee by the department. The fiscal year cost of such services shall not be in excess of 2 percent of the money so collected each fiscal year under this section.

CHAPTER 156

An act to add Section 69503.1 to the Government Code, relating to destruction of superior court records.

[Approved by Governor May 15, 1967. Filed with Secretary of State May 15, 1967]

The people of the State of California do enact as follows:

SECTION 1. Section 69503.1 is added to the Government Code, to read:

69503.1. Notwithstanding Section 69503 of the Government Code or any other law relating to the destruction of court records, the county clerk, in counties of over 650,000 population computed according to the population figures set forth in Section 28020 of the Government Code, may cause to be destroyed any records, papers and exhibits in any superior court action or proceeding after 30 years have elapsed since the filing of any paper in the action or proceeding and when

the records of the county clerk do not show that the action or proceeding is pending on appeal in any court, provided that minute book entries, minute books, judgment books, and registers of actions shall not be destroyed, unless microfilmed in accordance with the provisions of Section 69503 of the Government Code, and shall constitute for all purposes the record in lieu of the records, papers and exhibits destroyed. For the purposes of this section, "destroy" means destroy or dispose of for the purposes of destruction.

Prior to the disposition of such records the county clerk shall give notice of the proposed disposition to the Secretary of State, who shall have 60 days to request the transfer of the records. If the Secretary of State does not request the transfer of the records the county clerk may destroy them pursuant to this section.

This section shall not apply to the records of probate, real property, juvenile, criminal, or adoption actions or proceedings.

CHAPTER 157

An act to add Section 26205.6 to the Government Code, relating to destruction of records.

[Approved by Governor May 15, 1967. Filed with Secretary of State May 15, 1967]

The people of the State of California do enact as follows:

SECTION 1. Section 26205.6 is added to the Government Code, to read:

26205.6. Notwithstanding any other law relating to the destruction of city or county records, the county recorder may cause to be destroyed any original document left with and recorded by the county recorder which is undeliverable by mail and uncalled for for 10 years or more after the date of recording. For purposes of this section, "destroy" means destroy or dispose of for purposes of destruction.

CHAPTER 158

An act to amend Section 2c of the Los Angeles County Flood Control Act (Chapter 755 of the Statutes of 1915), relating to the Los Angeles County Flood Control District.

[Approved by Governor May 15, 1967. Filed with Secretary of State May 15, 1967]

The people of the State of California do enact as follows:

SECTION 1. Section 2c of the Los Angeles County Flood Control Act (Ch. 755, Stats. 1915) is amended to read:

Sec. 2c. The Civil Service Commission of the County of Los Angeles and the civil service department of said county shall be ex officio the civil service commission and ex officio the civil service department of the Los Angeles County Flood Control District and said commission and the members of said department shall perform all of the duties herein prescribed without additional compensation except that the district shall pay for any necessary additional expenses incurred by reason of the performance of said additional duties for said district upon the filing and approval of itemized claims therefor.

CHAPTER 159

An act to amend Sections 3105 and 18153 of the Government Code, relating to oaths of state employees.

[Approved by Governor May 15, 1967. Filed with Secretary of State May 15, 1967]

The people of the State of California do enact as follows:

SECTION 1. Section 3105 of the Government Code is amended to read:

3105. The oath or affirmation of any civil defense worker of the state shall be filed as prescribed by State Personnel Board rule within 30 days of the date on which it is taken and subscribed.

The oath or affirmation of any civil defense worker of any county shall be filed in the office of the county clerk of the county except that where election precinct officers take and subscribe to such oath or affirmation which is an integral part of a claim for compensation, such oath and claim for compensation may be filed in either the office of the county auditor or in the office of the clerk of the board of supervisors of the county.

The oath or affirmation of any civil defense worker of any city shall be filed in the office of the city clerk of the city.

The oath or affirmation of any civil defense worker of any other agency or district shall be filed with such officer or employee of the agency or district as may be designated by such agency or district

SEC. 2. Section 18153 of the Government Code is amended to read:

18153. The oath shall be taken by a state civil service employee before his appointing power or before any person authorized in writing by his appointing power or before any person authorized by law to administer oaths.

The oath shall be filed as prescribed by State Personnel Board rule within 30 days of the date on which it is taken and subscribed. The board shall prepare and furnish printed forms of the oath.

CHAPTER 160

An act to amend Sections 19533, 19535, 19536, and 19540 of the Government Code, relating to state civil service.

[Approved by Governor May 15, 1967 Filed with Secretary of State May 15, 1967]

The people of the State of California do enact as follows:

SECTION 1. Section 19533 of the Government Code is amended to read:

19533. Layoff shall be made in accordance with the relative seniority of the employees in the class of layoff. Except as otherwise provided in this part, in determining seniority scores, one point shall be allowed for each complete month of full-time state service in the class of layoff or demotion and in classes that, on the computation date have substantially the same or a higher maximum salary. One-half point shall be allowed for each complete month of full-time state service in all other classes Board rules shall establish. (a) the extent to which seniority credits may be granted for less than full-time service; (b) the seniority credit to be granted for service in a class that has been abolished, combined, divided, or otherwise altered under the authority of Section 18802; (c) the basis for determining the sequence of layoff whenever the class and subdivision of layoff includes employees whose service is less than full time; and (d) such other matters as are necessary or advisable to the operation of the provisions of this chapter.

For professional, scientific, administrative, management, and executive classes the board shall prescribe standards and methods by rule whereby employee efficiency shall be combined with seniority in determining the order of layoff and the order of names on reemployment lists. Such standards and methods may vary for different classes, and shall take into consideration the needs of state service and practice in private industry and other public employment.

SEC 2. Section 19535 of the Government Code is amended to read:

19535 In lieu of being laid off an employee may elect demotion to: (a) any class with substantially the same or lower maximum salary in which he had served under permanent or probationary status, or (b) a class in the same line of work as the class of layoff, but of lesser responsibility, if such a class is designated by the board. Whenever such a demotion requires a layoff in the elected class, the seniority score for the demoted employee shall be recomputed in that class. The appointing power shall inform the employee in the notice of layoff the classes to which he may elect to demote and to be considered for demotion in lieu of layoff an employee must

notify his appointing power in writing of such election not later than five calendar days after receiving notice of layoff.

Demotions in lieu of layoff, and layoffs resulting therefrom, shall be governed by the provisions of this article and shall be made within the subdivisions approved by the board for this purpose.

SEC. 3. Section 19536 of the Government Code is amended to read:

19536. Any employee replaced by such demotion has the same option of demotion afforded by Section 19535 as if his position had been abolished or discontinued.

Any employee demoted pursuant to this article shall receive the maximum of the salary range of the class to which he is demoted; provided, that such salary is not greater than the salary he received at the time of demotion.

SEC. 4. Section 19540 of the Government Code is amended to read:

19540. An employee compensated on a monthly basis shall be notified that he is to be laid off 15 days prior to the effective date of layoff and not more than 60 days after the date of the seniority computation. The notice of layoff shall be in writing and shall contain the reason or reasons for the layoff. An employee to be laid off may elect to accept such layoff prior to the effective date thereof.

CHAPTER 161

An act to amend Section 284 of the Code of Civil Procedure, relating to substitution of attorney.

[Approved by Governor May 15, 1967. Filed with Secretary of State May 15, 1967]

The people of the State of California do enact as follows:

SECTION 1. Section 284 of the Code of Civil Procedure is amended to read:

284. The attorney in an action or special proceeding may be changed at any time before or after judgment or final determination, as follows:

1. Upon the consent of both client and attorney, filed with the clerk, or entered upon the minutes;

2. Upon the order of the court, upon the application of either client or attorney, after notice from one to the other.

CHAPTER 162

An act to add Sections 461 and 5002.5 to the Vehicle Code, relating to motor vehicles, declaring the urgency thereof, to take effect immediately.

[Approved by Governor May 16, 1967. Filed with Secretary of State May 16, 1967]

The people of the State of California do enact as follows:

SECTION 1. Section 461 is added to the Vehicle Code, to read:

461. The Senate, Assembly, or any committees thereof, or the Governor's office in possession and using vehicles under a lease, lease-sale, or rental-purchase agreement for a period of 30 consecutive days or more, unless otherwise provided in the lease or rental agreement, shall be exempt from the provisions of Section 460, upon the giving of written notice to the department of the desire to be so exempt.

SEC. 2. Section 5002.5 is added to the Vehicle Code, to read:

5002.5. The department shall issue regular series license plates for any motor vehicle owned by, or in the possession and use of, the Senate or Assembly, upon the request of the Rules Committee thereof.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

There is at present considerable uncertainty as to whether or not the Senate, the Assembly, or the Governor's office is to be considered the "owner" of a vehicle when entitled to the possession and use of a vehicle under a lease, lease-sale, or rental-purchase agreement for a period of 30 consecutive days or more. In order to eliminate this uncertainty without delay, it is imperative that this act take effect immediately.

CHAPTER 163

An act to add Section 31010 to the Water Code, relating to county water districts.

[Approved by Governor May 16, 1967. Filed with Secretary of State May 16, 1967]

The people of the State of California do enact as follows:

SECTION 1. Section 31010 is added to the Water Code, to read:

31010. Notwithstanding the provisions of Chapter 5.5 (commencing with Section 1450) of Division 2 of the Streets and Highways Code, any district and any county may enter into a contract agreeing to pay and apportion between them the costs of locating, removing, repairing, or relocating any facilities owned or to be owned by either party on the roads or other property of the other in such proportion and upon such terms as the governing boards of the parties shall determine to be equitable.

This section shall not supersede the provisions of Chapter 3 (commencing with Section 7030) of Division 4 of this code.

CHAPTER 164

An act to add Sections 4742.4 and 6520.3 to the Health and Safety Code, relating to contracts between counties and sanitary or sanitation districts.

[Approved by Governor May 16, 1967. Filed with Secretary of State May 16, 1967]

The people of the State of California do enact as follows:

SECTION 1. Section 4742.4 is added to the Health and Safety Code, to read:

4742.4. Any county sanitation district and any county may enter into a contract agreeing to pay and apportion between them the costs of locating, removing, repairing, or relocating any facilities owned or to be owned by either party on the roads or other property of the other in such proportion and upon such terms as the governing boards of the parties shall determine to be equitable.

SEC. 2. Section 6520.3 is added to the Health and Safety Code, to read:

6520.3. Any sanitary district and any county may enter into a contract agreeing to pay and apportion between them the costs of locating, removing, repairing, or relocating any facilities owned or to be owned by either party on the roads or other property of the other in such proportion and upon such terms as the governing boards of the parties shall determine to be equitable.

CHAPTER 165

An act to amend Section 50 of Chapter 1635 of the Statutes of 1951, relating to the Solvang Municipal Improvement District, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor May 16, 1967. Filed with Secretary of State May 16, 1967]

The people of the State of California do enact as follows:

SECTION 1. Section 50 of Chapter 1635 of the Statutes of 1951, the Solvang Municipal Improvement District Act, is amended to read:

50. The district may guarantee the performance of any of its transactions, including the payment of local improvement bonds issued pursuant to any general law, without regard to any limitation by reason of any budget law or otherwise. No such guarantee shall be made in connection with the issuance of bonds pursuant to Article 7.5 (commencing with Section 115) hereof.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The peace, health and safety of the citizens of the state require the availability of adequate parking to serve the needs of a community and reduce the amount of law enforcement devoted to traffic control. As a resort community, the Solvang Municipal Improvement District experiences an influx of automobiles during the summer months far beyond the capacity of available public parking, thus creating major traffic problems. In order to facilitate the provision of public parking by the district before the arrival of summer, enable the more efficient use of police personnel and assure that the costs of parking are paid solely by the area benefited, it is necessary that this act take effect immediately.

CHAPTER 166

An act to amend Sections 2, 4, 9, 10, 13, and 17 of, to repeal Sections 17.5, 18, 19, 20, 21, 22, 26, 28, 29, 29.5, 30, 31, and 32 of, and to add Sections 17.5, 19, 19.1, 19.2, 20, 21, 22, and 26 to, the Mojave Water Agency Law (Chapter 2146 of the Statutes of 1959), relating to the Mojave Water Agency.

[Approved by Governor May 16, 1967. Filed with Secretary of State May 16, 1967]

The people of the State of California do enact as follows:

SECTION 1. Section 2 of the Mojave Water Agency Law (Ch. 2146, Stats. 1959) is amended to read:

Sec. 2. As used herein, the following words shall have the following respective meanings unless otherwise indicated by their context:

(a) "Agency" means the Mojave Water Agency;

(b) "County" means the County of San Bernardino, State of California;

(c) "United States" means and includes the United States of America and all bureaus, commissions, divisions, departments, boards, agencies and officers of the executive branch thereof, and all committees of the Congress of the United States of America;

(d) "State of California" includes the State of California and all bureaus, commissions, divisions, departments, boards, agencies and officers of the executive branch thereof, and all committees of the Legislature of the State of California;

(e) "Work" or "works" include but are not limited to dams and dam sites, reservoirs and reservoir sites, sinking basins, ground water replenishment facilities, watershed improvement facilities, ditches, laterals, flumes, pipelines, conduits, pumps, pumping plants, filters, wells, and, without limitation, all other facilities useful in the control, conservation, reclamation, diversion and transmission of water, and all land, property, franchises, easements, rights-of-way and privileges necessary or useful to operate or maintain any of the foregoing;

(f) "District" means any municipality, county water district, reclamation district, irrigation district, water replenishment district, water conservation district, flood control district or other district or political subdivision of the state empowered by law to appropriate and to deliver water to water users;

(g) "Elector" means any elector of the county qualified under the laws of the State of California to vote in the county at general elections;

(h) "Board" means the board of directors of the agency;

(i) "President" means the president of the board of directors;

(j) "Secretary" means the secretary of the board of directors;

(k) "Operate" includes use, maintenance and repair;

(*l*) "May" is permissive and "shall" is mandatory.

(m) "Agency general election" or "general agency election" means general district election as provided in the Uniform District Election Law.

SEC 2. Section 4 of the Mojave Water Agency Law (Ch. 2146, Stats. 1959) is amended to read:

Sec 4. The board of directors shall consist of 11 directors, all of whom shall be registered to vote within the agency. The directors first elected and appointed under this act shall hold office until the third Tuesday in April, 1961, and the election and qualifications of their successors

The term of office of each director shall be four years or as provided in the Uniform District Election Law.

All vacancies occurring in the office of director shall be filled by appointment by a majority of directors elected and appointed. An appointment to fill a vacancy in the office of director shall be for the unexpired term of the office in which the vacancy occurs. The person so chosen to fill a vacancy shall, in the case of an elected director, be a resident of the division for which the vacancy is being filled; and in the case of a vacancy in the office of an appointed director, such vacancy shall be filled by a resident of the agency.

Successive elective members of the board of directors shall be elected by the voters of the agency as provided in this act and the three remaining members of the board of directors shall be appointed as provided for in this act.

On the third Tuesday of April, 1961, seven members of said board of directors, designated and referred to as members numbered 1 through 7, respectively, shall be elected, one from each of the seven divisions of the agency as in Section 3.1. Each such director shall be voted on only by those voters living within the division of which said director is a registered voter and one director, designated and referred to as director number 8, shall be elected by the voters of the agency at large, in accordance with the provisions of this act pertaining to the qualifications of directors. The remaining three directors designated and referred to as directors numbers 9, 10 and 11 shall be appointed within 15 days after the first Tuesday after the first Monday in November in those odd-numbered years as hereinafter provided:

(a) Director number 9 shall be appointed by the Board of Supervisors of San Bernardino County from the San Bernardino County Flood Control Advisory Committee Zone 4 or 6.

(b) Director number 10 shall be appointed by the governing body of the Mojave Desert Soil Conservation District;

(c) Director number 11 shall be appointed by the governing bodies of the several public agencies lying in whole or in part within the agency which are authorized by law to sell and distribute water, and by the governing bodies of the incorporated cities lying in whole or in part within the agency. Each such public agency and incorporated city, including the county board of supervisors, shall have one vote in the appointment of said director. The person receiving the greatest number of votes shall be deemed appointed.

The appointment of this director shall be effected in accordance with the following procedure:

(1) On July 1st of each year preceding the agency general election at which the appointment is to be made, or if this date falls on a Saturday, Sunday or holiday, on the next succeeding business day, the board of directors of the agency shall publish a notice of pending appointment, directed to the governing bodies of all qualified public agencies and incorporated cities in accordance with Section 6066 of the Government Code, in a newspaper of general circulation published within the

agency and shall mail such notice to the governing body of each such public agency and incorporated city known to it to exist within the agency.

(2) Such notice of pending appointment shall indicate the date, time and place upon which the appointment is to be made, and shall indicate that, in order to participate, the governing bodies of each such public agency or incorporated city shall, at least 30 days prior to the agency general election in which the appointment is to be made, designate one representative to cast the appointing agency's or city's vote and shall furnish to the agency a certified resolution designating its official representative.

(3) Each such designated representative shall upon at least five days' additional written notice from the agency to the governing body of the appointing agency or incorporated city, meet at the place designated in such notices, said meeting to be held in the agency's office within 15 days following the agency general election, and shall cast his vote, orally, by roll-call, for director 11. The representatives present shall constitute a quorum to elect director 11. The votes shall be tabulated by the agency and written notice of the result shall be given by the agency to the person appointed and to each public agency and incorporated city involved. The determination by the agency of the individual appointed as director 11 shall be conclusive.

(4) Notwithstanding any of the foregoing provisions, the county board of supervisors shall be considered the governing body of all county services districts, and shall have one vote only in the appointment of director 11.

Of the seven divisional directors first elected from each of the seven divisions, directors numbers 1, 3, 5 and 7 shall hold office until their successors are elected and qualified at the general agency election which shall be held in the first succeeding odd-numbered year, more than six months from the election at which the said directors were elected. Directors numbers 2, 4 and 6 shall hold office until their successors are elected and qualified at the general agency election which shall be held in the second succeeding odd-numbered year.

The one director elected from the agency at large at the election held on the third Tuesday of April 1961, shall hold office until his successor is elected and qualified at the second succeeding general agency election.

Of the three directors appointed after the election held on the third Tuesday of April 1961, director number 9 shall hold office until his successor is appointed and qualified within 15 days after the general agency election which shall be held in the first succeeding odd-numbered year. Directors numbers 10 and 11 shall hold office until their successors are appointed and qualified within 15 days after the general agency election which shall be held in the second succeeding odd-numbered year.

In case any two or more persons receive an equal number of votes, the governing board of the agency shall forthwith summon the candidates who have received tie votes to appear before it, at a time and place to be designated by the board, and the board shall at that time and place determine the tie by lot.

No more than three directors, either elected or appointed, may be residents of any one division. In the event of the election or appointment, or the election and appointment, of more than three directors from any one division, the governing board of the agency shall be the judge of the qualifications of its members and of election returns subject to the provisions of this act.

The succeeding elective directors shall be nominated and elected at the agency general election which shall be held on the first Tuesday after the first Monday in November in each odd-numbered year. The election shall be conducted in accordance with the provisions of the Uniform District Election Law, and elective and appointive directors shall take office at noon on the last Friday in December next following the agency general election.

At the time each director is elected he shall be a resident of the agency if he is a representative at large or a resident of both the agency and the division he represents. All appointed directors shall be registered voters residing within the agency. A director who removes his residence from the agency shall no longer be qualified to act as a director and the board shall fill the vacancy so created as provided in this section. A director is not disqualified from serving for the remainder of his term if, during such term, his residence is removed from one division to another.

SEC. 3. Section 9 of the Mojave Water Agency Law (Ch. 2146, Stats. 1959) is amended to read:

Sec. 9. The board of directors shall be the governing body of the agency. Each board of directors shall hold its first meeting at noon on the last Friday in December next following the general agency election, and at said meeting elect from its membership a president, vice president, secretary and treasurer, and provide for the time and place of holding its meetings and the manner in which its special meetings may be called. Said board may consolidate the office of secretary and treasurer. All legislative sessions of the board of directors, whether regular or special, shall be open to the public. A majority of the board of directors shall constitute a quorum for the transaction of business.

SEC. 4. Section 10 of the Mojave Water Agency Law (Ch. 2146, Stats. 1959) is amended to read:

Sec. 10. The board of directors shall act only by ordinance, resolution, or motion. On all ordinances the roll shall be called and the ayes and noes recorded in the journal of the proceedings of the board of directors. Resolutions and orders may be adopted by voice vote, but on demand of any member the roll shall be called. No ordinance, motion, or reso-

lution shall be passed or become effective without the affirmative vote of a majority of the members of the board. The enacting clause of all ordinances passed by the board shall be: "Be it ordained by the Board of Directors of the Mojave Water Agency as follows:". Each of the members of the board of directors shall receive for each attendance at the meetings of the board twenty dollars ($20). No director, however, shall receive pay for more than three board meetings in any calendar month. In addition to his director's fee, each director shall be reimbursed all actual expenses incurred by him in the performance of activities on behalf of the agency, including, but not limited to, room, board, and travel expenses as well as a mileage allowance for attendance at board and committee meetings, subject to the approval of the board.

SEC. 5. Section 13 of the Mojave Water Agency Law (Ch. 2146, Stats. 1959) is amended to read:

Sec. 13. The agency has the following powers:

(1) To sue and be sued in the name of the agency in all actions and proceedings in all courts and tribunals of competent jurisdiction.

(2) To adopt a seal and alter it at pleasure.

(3) To acquire by grant, purchase, lease, gift, devise, contract, condemnation, construction or otherwise, and to hold, use, sell, let and dispose of real and personal property of every kind, including lands, structures, buildings, rights-of-way, easements, and privileges, and to construct, maintain, alter and operate any and all works or improvements, within the agency, necessary or proper to carry out any of the objects or purposes of this act and convenient to the full exercise of its powers, and to plan, complete, extend, enlarge, add to, alter, remove, repair or otherwise improve any works, or improvements, or property acquired by it as authorized by this act. The agency shall not interfere with or exercise any control over water rights, property or facilities owned, held or used by a district unless by consent of such district and upon such terms as are mutually agreed upon between the agency and the district.

(4) To enter into contracts, make leases, borrow money, incur indebtedness and give evidence thereof, and employ labor.

(5) To do all acts and things reasonably implied from, and necessary and appropriate to the full exercise of, all the powers granted by this act.

(6) To provide by ordinance of its board of directors for the pensioning of officers or employees and the creation of a special fund for the purpose of paying such pensions, and the accumulation of contributions to said fund from the revenues of the agency, the wages of officers or employees, voluntary contributions, gifts, donations or any source of revenue not inconsistent with the general powers of the board, and to contract with the state, any insurance corporation, or any other insurance carrier for the maintenance of a service covering the

pension of such officers, or employees, and to provide in such ordinance for the terms and conditions under which such pensions shall be awarded, and for the time and extent of service of officers or employees before such pensions shall be available to them.

(7) To issue bonds, borrow money, and incur indebtedness as authorized by law or this act.

(8) The agency may refund or retire any indebtedness or lien that may exist against the property within the agency by the issuance of general obligation bonds.

SEC. 6. Section 17 of the Mojave Water Agency Law (Ch. 2146, Stats. 1959) is amended to read:

Sec. 17. The board shall designate a depository or depositories to have the custody of the funds of the agency. All such depositories shall give security sufficient to secure the agency against possible loss and shall pay the warrants drawn by the treasurer for demands against the agency under such rules as the board may prescribe. The treasurer or other such person or persons as may be authorized by the board of directors shall draw checks or warrants to pay demands when such demands have been audited and approved in the manner prescribed by the board of directors.

The treasurer shall install and maintain a system of auditing and accounting that shall completely and at all times show the financial condition of the agency.

The treasurer shall make annual or earlier written reports to the board, as it shall determine, as to the receipts and disbursements and balances in the several accounts under his control. The report shall be signed by him and filed with the secretary.

Any bank may act as a depositary, paying agent, or fiscal agent for the holding or handling of agency funds, notwithstanding the fact that a member of the board of directors of the agency whose funds are on deposit in said bank is an officer, employee, or stockholder of such bank, or of a holding company that owns any of the stock of such bank.

SEC. 7. Section 17.5 of the Mojave Water Agency Law (Ch. 2146, Stats. 1959) is repealed.

SEC. 8. Section 17.5 is added to the Mojave Water Agency Law (Ch. 2146, Stats. 1959), to read:

Sec. 17.5. Notwithstanding the limitations contained in Section 16 of this act the agency may issue negotiable promissory notes bearing interest at a rate not to exceed 7 percent per annum; provided, however, that said notes shall be general obligations, payable out of the available revenues, including taxes levied against all the taxable property (other than personal property) within the agency; and provided, further, that said indebtedness shall not exceed one million dollars ($1,000,000), and which indebtedness shall mature not later than five years from the date thereof, and any tax levied to repay the principal and interest of such indebtedness or any part thereof shall not exceed ten cents ($0.10) on each one

hundred dollars ($100) of the assessed valuation of all taxable property in the agency, exclusive of personal property.

SEC. 9. Section 18 of the Mojave Water Agency Law (Ch. 2146, Stats 1959) is repealed.

SEC. 10. Section 19 of the Mojave Water Agency Law (Ch 2146, Stats 1959) is repealed.

SEC. 11 Section 19 is added to the Mojave Water Agency Law (Ch. 2146, Stats. 1959), to read·

Sec 19 Whenever the board of directors deems it necessary for the agency to incur a bonded indebtedness for the acquisition, construction, completion, or repair of any or all improvements, works, or property mentioned in this act, the board shall, by resolution, so declare and call an election to be held in said agency for the purpose of submitting to the qualified voters thereof the proposition of incurring indebtedness by the issuance of bonds of said agency. Said resolution shall state: (a) the purpose for which the proposed debt is to be incurred, which may include expenses of all proceedings for the authorization, issuance and sale of the bonds; (b) the amount of debt to be incurred; (c) the maximum term the bonds proposed to be issued shall run before maturity, which shall not exceed 40 years; (d) the maximum rate of interest to be paid, which shall not exceed 6½ percent per annum, payable semiannually, except that interest for the first year may be payable at the end of said year; (e) the measure to be submitted to the voters: (f) the date upon which an election shall be held for the purpose of authorizing said bonded indebtedness to be incurred; and (g) the designation of precincts, the location of polling places, and the names of the officers selected to conduct the election, who shall consist of one judge, one inspector and two clerks in each precinct.

SEC. 12. Section 19.1 is added to the Mojave Water Agency Law (Ch. 2146, Stats. 1959), to read:

Sec. 19.1. The board shall provide for holding the bond election on the day fixed in the resolution calling the election and in accordance with the provisions of the Elections Code, so far as they shall be applicable, except as otherwise provided in this act.

Notice of the holding of the bond election shall be given by publishing, pursuant to Section 6066 of the Government Code, the resolution calling the election in at least one newspaper published in the agency. The last publication shall be made not less than two weeks prior to the date of the proposed election. If there is no newspaper published in the agency, then the resolution shall be posted in three public places in the agency not less than two weeks prior to the date of the proposed election. No other notice of the election need be given.

If the bond election is to be held in an improvement district, notice of the holding of such election shall be given by publishing, pursuant to Section 6066 of the Government Code, the resolution calling the election prior to the date of

the proposed election in at least one newspaper printed and published in the agency, and such resolution shall also be posted in three public places in the improvement district not less than two weeks prior to the date of the proposed election. No other notice of the election need be given.

The returns of the bond election shall be made, the votes canvassed by the board within seven days following the election, and the results thereof ascertained and declared in accordance with the provisions of the Elections Code, so far as they may be applicable, except as otherwise provided in this act.

The secretary, as soon as the result of the bond election is declared, shall enter in the records of the board a statement of such results.

No irregularities or informalities in conducting the bond election shall invalidate it, if the election has otherwise been fairly conducted.

Any action or proceeding in which the validity of any bonds or of the proceedings in relation thereto (including the formation of an improvement district for which bonds are authorized to be issued by the voters thereof at a bond election) is contested, questioned, or denied shall be commenced within three months from the date of the bond election; otherwise the bonds and all proceedings in relation thereto (including the formation of the improvement district) shall be held to be valid and in every respect legal and incontestable.

SEC. 13. Section 19.2 is added to the Mojave Water Agency Law (Ch. 2146, Stats. 1959), to read:

Sec. 19.2. If from the bond election returns it appears that more than two-thirds of the votes cast in such election were in favor of and assented to the incurring of the indebtedness, the board may, by resolution, at such time or times as it deems proper, issue bonds of the agency for the whole or any part of the amount of the indebtedness so authorized, and may from time to time provide for the issuance of such amounts as the necessity thereof may appear, until the full amount of such bonds authorized has been issued.

The full amount of the authorized bonds may be divided into two or more series and different dates fixed for the bonds of each series. The maximum term which the bonds of any series shall run before maturity shall not exceed 40 years from the date of the series.

The board shall, by resolution, prescribe the form of the bonds and of the coupons attached thereto and fix the time when the whole or any part of the principal shall become due and payable. The payment of the first installment of principal may be deferred for a period of not more than five years from the date of the bonds or the date of the bonds of each series respectively.

The bonds shall bear interest at a rate or rates not to exceed 6½ percent per year, payable semiannually, except that interest for the first year may be payable at the end of that year.

The board may provide for the call and redemption of bonds prior to maturity at such times and prices and upon such other terms as it may specify. A bond shall not be subject to call or redemption prior to maturity unless it contains a recital to that effect or unless a statement to that effect is printed thereon.

The denomination of the bonds shall be stated in the resolution providing for their issuance, but shall not be less than one hundred dollars ($100).

The principal and interest on the bonds shall be payable in lawful money of the United States at the office of the treasurer of the agency or such other place or places as may be designated, or at either place or places at the option of the holder of the bond.

The bonds shall be dated, numbered consecutively, signed by the president and treasurer of the agency, countersigned by the secretary, and the official seal of the agency attached. The interest coupons of the bonds shall be signed by the treasurer of the agency. All such signatures and countersignatures may be printed, lithographed, or mechanically reproduced, except that one of the signatures or countersignatures to the bonds shall be manually affixed.

If the bond election proceedings have been limited to and have applied only to an improvement district, the bonds are bonds of the agency, shall be issued in the name of the agency, and shall be designated "Bonds of Mojave Water Agency for Improvement District No. ___." Each bond and all interest coupons thereof shall state that taxes levied for the payment thereof will be levied exclusively upon the taxable property, exclusive of personal property, in the improvement district.

Any bonds issued by the agency have the same force, value, and use as bonds issued by a city and are exempt from all taxation within the state.

Before selling the bonds, or any part thereof, the board shall give notice inviting sealed bids in such manner as it may prescribe. If satisfactory bids are received, the bonds offered for sale shall be awarded to the highest responsible bidder. If no bids are received, or if the board determines that the bids received are not satisfactory as to price or responsibility of the bidders, it may reject all bids received, if any, and either readvertise or sell the bonds at private sale.

The proceeds from the sale of bonds shall be paid into the treasury of the agency, placed to the credit of a special improvement fund, and expended only for the purpose for which the indebtedness was created. When such purpose has been accomplished, any moneys remaining in the special improvement fund may be transferred to the fund to be used for the payment of principal of and interest on the bonds.

Any moneys remaining in the special improvement fund from the sale of bonds of the agency after the purpose for which the indebtedness was created has been accomplished may also be used for any other Mojave Water Agency purpose

Such moneys remaining from the sale of bonds of the agency for an improvement district therein may also be used for any purpose which will benefit the property in the improvement district.

Such moneys may not be used for such other Mojave Water Agency purpose or improvement district purpose until two-thirds of the qualified voters of the agency or improvement district have consented thereto at a special election called in the agency or improvement district by the board. Notice of the election shall be given in the manner provided for bond elections in the agency or improvement district, as the case may be, and in other respects the election shall be conducted as are other agency elections.

Interest on any bonds issued by the agency coming due before the proceeds of a tax levied at the next general tax levy after the sale of the bonds are available may be paid from the proceeds of the sale of the bonds; but not more than 5 percent of the proceeds of any sale of bonds shall be used for this purpose.

The proceeds from the sale of bonds of the agency issued for an improvement district thereof may be expended for the purpose for which the indebtedness was created in any territory annexed to the improvement district after the authorization of the bonds.

SEC. 14. Section 20 of the Mojave Water Agency Law (Ch. 2146, Stats. 1959) is repealed.

SEC. 15. Section 20 is added to the Mojave Water Agency Law (Ch. 2146, Stats. 1959), to read:

Sec. 20. The agency may, when authorized by vote of the electors at a general election or at a special election called for such purpose, issue revenue bonds pursuant to the Revenue Bond Law of 1941, or any other law which by its terms is applicable to this agency, but only to accomplish the purposes set forth in this act.

SEC. 16. Section 21 of the Mojave Water Agency Law (Ch. 2146, Stats. 1959) is repealed.

SEC. 17. Section 21 is added to the Mojave Water Agency Law (Ch. 2146, Stats. 1959), to read:

Sec. 21. Whenever the board deems it necessary to incur a bonded indebtedness for the acquisition, construction, completion, or repair of any or all improvements, works, or property mentioned in this act and to provide for such bonded indebtedness to be payable from taxes levied upon less than all of the agency, the board shall, by resolution, declare its intention to form an improvement district and to incur such indebtedness

The resolution of intention shall state that the board intends to form an improvement district of a portion of the agency which in the opinion of the board will be benefited, and to call an election in such proposed improvement district, on the date to be fixed, for the purpose of submitting to the voters

thereof the proposition of incurring indebtedness by the issuance of bonds of the agency for such improvement district.

The resolution of intention shall also state:

(a) The purpose for which the proposed debt is to be incurred

(b) The amount of debt to be incurred, which may include expenses of all proceedings for the authorization, issuance, and sale of bonds.

(c) That taxes for the payment of the bonds and the interest thereon will be levied exclusively upon the taxable property (other than personal property) in the improvement district.

The resolution of intention shall also state that a general description of the proposed improvement, together with a map showing the exterior boundaries of the proposed improvement district with relation to the territory immediately contiguous thereto and to the proposed improvement is on file with the secretary and is available for inspection by any person or persons interested. This map shall govern for all details as to the extent of the proposed improvement district.

The resolution of intention shall also state:

(a) The time and place for a hearing by the board on the questions concerning the formation and extent of the proposed improvement district, the proposed improvement, and the amount of debt to be incurred.

(b) That at the time and place specified in the resolution any person interested, including all persons owning property in the agency or in the proposed improvement district, will be heard.

Notice of the hearing shall be given (1) by publishing a copy of the resolution of intention pursuant to Section 6066 of the Government Code prior to the time fixed for the hearing in a newspaper printed and published by the agency if there is a newspaper printed and published in the agency; (2) by posting a copy of the resolution of intention in six public places within the proposed improvement district at least two weeks before the time fixed for the hearing; and (3) by mailing a copy of the resolution, postage prepaid, to each person to whom land in the proposed improvement district is assessed as shown on the last equalized county assessment roll at his address as shown upon the roll, and to any person, whether owner in fee or having a lien upon, or legal or equitable interest in, any land within the proposed improvement district, whose name and address, and a designation of the land in which he is interested, is on file with the secretary. The board may change the purpose for which the proposed debt is to be incurred or the amount of bonded debt to be incurred, or both. The board may also change the boundaries of the proposed improvement district, but not so as to include any territory which will not, in its judgment, be benefited by the proposed improvement. The purpose or amount of bonded debt or the

boundaries of the proposed improvement district shall not be changed by the board except after notice of its intention to do so, given by publication pursuant to Section 6061 of the Government Code in a newspaper printed and published in the agency, if there is a newspaper printed and published in the agency; by posting in six public places within the proposed improvement district; and by mailing to all of the property owners within the proposed improvement district as hereinabove provided. The notice shall state the changed purpose and debt proposed and that the exterior boundaries as proposed to be changed are set forth on a map on file with the secretary which map shall govern for all details as to the extent of the proposed improvement district, and shall specify the time and place for hearing on such change, which time shall be at least 10 days after publication or posting of the notice.

If written protests are filed by the owners of one-half of the value of the property within the proposed improvement district, as shown by the last equalized assessment roll of the county, further proceedings shall not be taken.

At the time and place fixed in the notice of intention, or at any time and place to which the hearing is adjourned, the board shall proceed with the hearing. At the hearing any person interested, including any person owning property within the agency or the proposed improvement district, may appear and present any matters material to the changes stated in the notice.

At the conclusion of the hearing, the board shall by resolution determine whether it is deemed necessary to incur the bonded indebtedness. If so, the resolution shall also state:

(a) The purpose for which the proposed debt is to be incurred;

(b) The amount of the proposed debt;

(c) That the exterior boundaries of the portion of the agency which will be benefited are set forth on a map on file with the secretary, which map shall govern for all details as to the extent of the improvement district; and

(d) That such portion of the agency set forth on the map shall thereupon constitute and be known as "Improvement District No . of the Mojave Water Agency."

The determinations made in the resolution of formation shall be final and conclusive.

After the formation of the improvement district pursuant to this act, all proceedings for the purpose of a bond election shall be limited, and shall apply only to the improvement district, and taxes for the payment of the bonds and the interest thereon shall be levied exclusively upon the taxable property (other than personal property) in the improvement district.

After the board has made its determination of the matters required to be determined by the resolution of formation, and if the board deems it necessary to incur the bonded indebtedness, the board shall by a further resolution call a spe-

cial election in the improvement district for the purpose of submitting to the voters thereof the proposition of incurring indebtedness by the issuance of bonds of the agency for the improvement district.

The resolution calling the bond election shall state:

(a) The purpose for which the proposed debt is to be incurred, which may include expenses of all proceedings for the authorization, issuance and sale of the bonds; (b) the amount of debt to be incurred; (c) the maximum term the bonds proposed to be issued shall run before maturity, which shall not exceed 40 years; (d) the maximum rate of interest to be paid, which shall not exceed 6½ percent per annum, payable semiannually, except that interest for the first year may be payable at the end of said year; (e) the measure to be submitted to the voters; (f) the date upon which an election shall be held for the purpose of authorizing said bonded indebtedness to be incurred; (g) the designation of precincts, the location of polling places, and the names of the officers selected to conduct the election, who shall consist of one judge, one inspector and two clerks in each precinct; (h) that the board deems it necessary to incur the bonded indebtedness; (i) the improvement district to be benefited by the bonded indebtedness, as set forth in the resolution of formation of the improvement district, and that a map showing the exterior boundaries of the improvement district is on file with the secretary, which map shall govern for all details as to the extent of the improvement district; and (j) that taxes for the payment of such bonds and the interest thereon shall be levied exclusively upon the taxable property (other than personal property) in the improvement district.

The provisions of Sections 19.1 and 19.2 of this act shall govern the proceedings noticing, conducting and canvassing the returns of any election held for the purpose of forming an improvement district, as well as all proceedings governing the issuance of bonds and contesting the validity of any such bonds authorized as a result of said election.

The board may advance general funds of the agency to accomplish the purposes of an improvement district formed pursuant to this act and repay the agency for any advance of funds from the proceeds of the sale of bonds authorized for the purposes of the improvement district.

SEC. 18. Section 22 of the Mojave Water Agency Law (Ch. 2146, Stats. 1959) is repealed.

SEC. 19. Section 22 is added to the Mojave Water Agency Law (Ch. 2146, Stats. 1959), to read:

Sec. 22. Subject to the limitations in Section 14 of this act, the agency may join with one or more public agencies, private corporations or other persons for the purpose of carrying out any of the powers of the agency, and for that purpose to contract with such other public agencies or private corporations or persons for the purpose of financing such acquisitions, constructions and operations. Such contract may provide for con-

tributions to be made by each party thereto and for the division and apportionment of the expenses of acquisitions and operations, and the division and apportionment of the benefits, the services and products therefrom, and may provide for any agency to effect such acquisitions and to carry on such operations, and shall provide in the powers and methods of procedure for such agency the method by which such agency may contract Such contracts with other public agencies or private corporations or persons may contain such other and further covenants and agreements as may be necessary or convenient to accomplish the purposes thereof The term "public agency" as used in this section shall be deemed to mean and include the United States of America or any department or agency thereof, the State of California or any department or agency thereof, a county, city, public corporation or other public district of this state. The term "private corporation" as used in this section shall be deemed to mean and include any private corporation organized under the laws of the United States of America or of this or any other state thereof. Contracts mentioned herein include those made with the United States, under the Federal Reclamation Act of June 17, 1902, and all acts amendatory thereof or supplementary thereto, or any other act of Congress heretofore or hereafter enacted permitting cooperation. Any such contract with the United States of America or any department or agency thereof, or with any private corporation organized under the laws of the United States of America, by which the Mojave Water Agency, or any improvement district thereof, incurs an indebtedness or liability exceeding in any year the income and revenue for such year shall not be executed without the assent of two-thirds of the qualified electors of the agency, or an improvement district thereof, voting at a special election to be held for that purpose, such election to be called and held, so far as practicable, in the same manner as bond elections for the agency. The exact form of such contract need not be available at the time of the special election, but the (1) purpose of the contract; (2) maximum amount of the indebtedness created thereby; (3) maximum term of repayment, and (4) maximum interest rate on such indebtedness shall be known and included in the proposition or measure submitted to the qualified electors of the agency, or an improvement district thereof, at such special election.

SEC. 20. Section 26 of the Mojave Water Agency Law (Ch. 2146, Stats. 1959) is repealed.

SEC. 21. Section 26 is added to the Mojave Water Agency Law (Ch. 2146, Stats. 1959), to read:

Sec. 26. Except as otherwise provided in this act, no director of the Mojave Water Agency shall in any manner have a monetary interest, directly or indirectly, in any contract awarded or to be awarded by the board of directors, and no officer or employee of the agency shall in any manner have a monetary interest, directly or indirectly, in any con-

tract made by such officer or employee pursuant to discretionary authority vested in him, or in the benefits to be derived therefrom. For any violation of this section, such director or other officer or employee of the Mojave Water Agency shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be punished by a fine not exceeding five hundred dollars ($500) or by imprisonment in the county jail not exceeding six months, or by both such fine and imprisonment. Neither this section nor any other law shall, however, be deemed to invalidate any contract or instrument, nor to establish or define any misdemeanor, or other crime, merely because such director or other officer or employee shall have any interest in such contract or instrument, or shall derive any benefit therefrom:

(a) If such director or other officer or employee shall own or control, directly or indirectly, not more than five (5) per centum of the outstanding stock or securities of the contracting corporation; or

(b) If such contract or instrument shall be entered into pursuant to the provisions of any ordinance or regulation of the agency of uniform application, and which ordinance or regulation shall have become effective prior to the making or execution of such contract or instrument.

SEC 22. Section 28 of the Mojave Water Agency Law (Ch. 2146, Stats. 1959) is repealed.

SEC. 23. Section 29 of the Mojave Water Agency Law (Ch. 2146, Stats. 1959) is repealed.

SEC. 24. Section 29 5 of the Mojave Water Agency Law (Ch 2146, Stats. 1959) is repealed

SEC. 25. Section 30 of the Mojave Water Agency Law (Ch. 2146, Stats. 1959) is repealed.

SEC. 26. Section 31 of the Mojave Water Agency Law (Ch. 2146, Stats. 1959) is repealed.

SEC. 27. Section 32 of the Mojave Water Agency Law (Ch. 2146, Stats. 1959) is repealed.

CHAPTER 167

An act to amend Section 60000 of the Government Code, relating to special municipal tax districts.

[Approved by Governor May 16, 1967 Filed with Secretary of State May 16, 1967]

The people of the State of California do enact as follows:

SECTION 1. Section 60000 of the Government Code is amended to read:

60000. Pursuant to this chapter, any portion of a city may be formed into a special municipal tax district for the purpose of levying upon the taxable property in the district a special

tax not to exceed one dollar ($1) a year on each one hundred dollars ($100) of assessed valuation. The tax proceeds shall be used for any of the following functions which the city is otherwise authorized by law to perform:

(a) The maintenance or operation of any public improvement or utility of local necessity or convenience.

(b) The furnishing or performing of any special local service, including music, recreation, or advertising.

Nothing in this section shall be construed to permit the use of the tax proceeds derived under this section for the acquisition or construction of any public improvement or utility.

CHAPTER 168

An act to amend Section 400 of the Vehicle Code, relating to motorcycles, declaring the urgency thereof, to take effect immediately.

[Approved by Governor May 22, 1967. Filed with Secretary of State May 22, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 400 of the Vehicle Code is amended to read:

400. A "motorcycle" is any motor vehicle other than a tractor having a seat or saddle for the use of the rider and designed to travel on not more than three wheels in contact with the ground and weighing less than one thousand five hundred pounds, except that four wheels may be in contact with the ground when two of the wheels are a functional part of a sidecar.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Unless this act takes effect immediately, motorcycles with two wheeled sidecar attachments would have to be licensed as trailers instead of as motorcycles, interfering with commerce in this state and resulting in great inconvenience to the traveler.

CHAPTER 169

An act to amend Sections 659, 663a, 664.5, 667a, and 1013 and to repeal Section 953d of the Code of Civil Procedure, relating to court procedure.

[Approved by Governor May 22, 1967. Filed with Secretary of State May 22, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 659 of the Code of Civil Procedure is amended to read:

659. The party intending to move for a new trial must file with the clerk and serve upon the adverse party a notice of his intention to move for a new trial, designating the grounds upon which the motion will be made and whether the same will be made upon affidavits or the minutes of the court or both, either

1. Before the entry of judgment; or

2. Within 15 days of the date of mailing notice of entry of judgment by the clerk of the court pursuant to Section 664.5, or service upon him by any party of written notice of entry of judgment, or within 180 days after the entry of judgment, whichever is earliest.

Said notice of intention to move for a new trial shall be deemed to be a motion for a new trial on all the grounds stated in the notice. The time above specified shall not be extended by order or stipulation or by those provisions of Section 1013 of this code which extend the time for exercising a right or doing an act where service is by mail.

SEC. 2. Section 663a of the Code of Civil Procedure is amended to read:

663a. The party intending to make the motion mentioned in the last section must file with the clerk and serve upon the adverse party a notice of his intention, designating the grounds upon which the motion will be made, and specifying the particulars in which the conclusions of law are not consistent with the finding of facts or in which the judgment or decree is not consistent with the special verdict, either

1. Before the entry of judgment;

2. Within 15 days of the date of mailing of notice of entry of judgment by the clerk of the court pursuant to Section 664.5, or service upon him by any party of written notice of entry of judgment, or within 180 days after the entry of judgment, whichever is earliest.

The provisions of Section 1013 of this code extending the time for exercising a right or doing an act where service is by mail shall not apply to extend the time above specified.

An order of the court granting such motion may be reviewed on appeal in the same manner as a special order made after final judgment.

SEC. 3. Section 664.5 of the Code of Civil Procedure is amended to read:

664.5. Promptly upon entry of judgment in a superior or municipal court, the clerk of the court shall mail notice of entry of judgment to all parties who have appeared in the action or, in a special proceeding, to all parties who have appeared at the trial or hearing of the particular petition, motion or matter and shall execute an affidavit of such mailing and place it in the court's file in the cause. For purposes of this section, "judgment" shall include any judgment, order or decree from which an appeal lies. Upon request of a party the clerk shall mail notice of entry of any judgment or ruling, whether or not appealable.

SEC. 4. Section 667a of the Code of Civil Procedure is amended to read:

667a. Promptly upon entry of judgment in a justice court, the clerk of the court or the judge shall mail notice of entry of judgment to all parties who have appeared in the action or special proceeding and shall execute an affidavit of such mailing and place it in the court's file in the cause. For purposes of this section, "judgment" shall include any judgment, order or decree from which an appeal lies. Upon request of a party the clerk or the judge shall mail notice of entry of any judgment or ruling, whether or not appealable.

SEC. 5. Section 953d of the Code of Civil Procedure is repealed.

SEC. 6. Section 1013 of the Code of Civil Procedure is amended to read:

1013. In case of service by mail, the notice or other paper must be deposited in the United States post office, or a mail box, sub-post office, substation, or mail chute, or other like facility regularly maintained by the government of the United States, in a sealed envelope, with postage paid, addressed to the person on whom it is to be served, at his office address as last given by him on any document which he has filed in the cause and served on the party making service by mail; otherwise at his place of residence. The service is complete at the time of the deposit, but if, within a given number of days after such service, a right may be exercised, or an act is to be done by the adverse party, the time within which such right may be exercised or act be done, is extended one day, together with one day additional for every full 100 miles distance between the place of deposit and the place of address, if served by different post offices, but such extension shall not exceed 30 days in all nor shall it apply to extend the time for filing notice of intention to move for new trial, notice of intention to move to vacate judgment pursuant to Section 663a of this code or notice of appeal.

CHAPTER 170

An act to add Sections 6005 and 6006 to the Agricultural Code, as proposed by Senate Bill No. 1, relating to pest control, and making an appropriation therefor.

[Approved by Governor May 23, 1967. Filed with Secretary of State May 23, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 6005 is added to the Agricultural Code, as proposed by Senate Bill No. 1, to read:

6005. Every grower of cotton in the state shall pay to the director a fee of fifty cents ($0.50) for each bale of cotton ginned.

The fee is a maximum fee. The director may fix such fee at a less amount, and may adjust such fee from time to time, whenever he finds that the cost of administering this article can be defrayed with such below-maximum fee. The amount of the fee shall be paid to the director at the time the cotton is ginned. The amount so received by the director shall be paid into the Department of Agriculture Fund and shall be used for the control of and eradication of pink boll worm or other related cotton pests.

The revenue from the fee shall be used to pay not to exceed 50 percent of the cost of carrying out this article; the remainder shall be paid by amounts which may be available from other sources.

The director shall refund any fees which have not been matched within two years.

The director is authorized to receive moneys from other sources for this program, which will be deposited into the Department of Agriculture Fund, and used to carry out the purposes of this article.

SEC. 2. Section 6006 is added to the Agricultural Code, as proposed by Senate Bill No. 1, to read:

6006. The director shall appoint a Cotton Pest Control Board, consisting of nine members, to assist and advise him on matters which pertain to the eradication or control of cotton pests.

The membership shall consist of at least one cottongrower from each of the major cotton-growing counties in the state.

The board may meet in regular session each month and each member shall be allowed ten dollars ($10) per diem and mileage at the rate of five cents ($0.05) per mile for attending such regular meetings.

The board shall annually review the effectiveness of the cotton pest eradication and control program.

SEC. 3. There is hereby appropriated from the General Fund, in augmentation of Item 57 of the Budget Act of 1966, the sum of six hundred fifty thousand dollars ($650,000) to the

Department of Agriculture for control and eradication of pink boll worm, citrus white fly, and woolly white fly.

SEC. 4. This act, inasmuch as it provides for an appropriation for the usual current expenses of the state, shall, under the provisions of Section 8 of Article IV of the Constitution of the State of California, take effect immediately.

SEC. 5. This act shall be operative until February 1, 1971.

CHAPTER 171

An act to add Section 27211 to the Government Code, relating to county recorders.

[Approved by Governor May 23, 1967. Filed with Secretary of State May 23, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 27211 is added to the Government Code, to read:

27211. The recorder shall keep an official seal of his office which shall, when embossed, stamped, impressed or affixed to a certification, show legibly.

Such seal shall:

(a) Be circular in shape;

(b) Be not less than 1¼ inches and not more than two inches in diameter;

(c) Have in the center any words or design adopted by the recorder;

(d) Have inscribed around the central words or design, "Recorder, _____ County, California," inserting therein the name of the county.

Nothing contained herein shall prohibit a recorder from continuing to use a seal of a design different than that specified herein if such seal has customarily been used.

CHAPTER 172

An act to repeal Article 3 (commencing with Section 68890) of Chapter 3 of Title 8 of, and to add Article 3 (commencing with Section 68900) to Chapter 3 of Title 8 of, the Government Code, relating to publication of judicial opinions.

[Approved by Governor May 23, 1967. Filed with Secretary of State May 23, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Article 3 (commencing with Section 68890) of Chapter 3 of Title 8 of the Government Code is repealed.

SEC. 2. Article 3 (commencing with Section 68900) is added to Chapter 3 of Title 8 of the Government Code, to read:

Article 3. The Reporter of Decisions of the Supreme Court and the Courts of Appeal

68900. The Supreme Court shall appoint the reporter of the decisions of the Supreme Court and of the courts of appeal and such other assistants as required. Each officer provided for herein serves at the pleasure of the Supreme Court and, in addition to the duties prescribed by law, shall perform such duties as are required by the rules, orders, and practices of the Supreme Court.

68901. The annual salary of the reporter of the decisions of the Supreme Court and of the courts of appeal is nineteen thousand five hundred dollars ($19,500). The salaries of the assistants shall be established subject to approval of the Department of Finance as provided in Section 18004 of the Government Code. Each of the persons so appointed shall serve in full-time employment.

68902. Such opinions of the Supreme Court, of the courts of appeal, and of the appellate departments of the superior courts as the Supreme Court may deem expedient shall be published in the official reports. The reports shall be published under the general supervision of the Supreme Court.

68903. The official reports shall be published under a contract to be entered into on behalf of the state by the Chief Justice of California, the Secretary of State, the Attorney General, the President of the State Bar, and the Reporter of Decisions, who shall serve as secretary.

68904. The contract shall be entered into with the person who agrees to publish and sell the official reports, for a period of five years on the terms most advantageous to the state and to the public. Prior to the letting of such a contract, the Reporter of Decisions shall advertise for proposals for the publication of the reports pursuant to Section 6061 of this code in a daily paper in Sacramento, one in Los Angeles, and one in San Francisco. The Reporter of Decisions shall have no pecuniary interest in the volumes of reports.

68905 The contract shall require the publisher:

(a) To print and publish each volume in the style stipulated in the contract within 60 days after the manuscript is delivered by the reporter

(b) To sell copies to the state for official use only at the price fixed in the contract.

(c) To keep on hand and for sale at the price stipulated in the contract a sufficient number of each volume to supply all demands for six years after the publication

(d) To give bonds in the sum of ten thousand dollars ($10,000) for the fulfillment of the terms of the contract.

CHAPTER 173

An act to amend Section 19211 of the Streets and Highways Code, relating to highway lighting districts.

[Approved by Governor May 23, 1967. Filed with Secretary of State May 23, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 19211 of the Streets and Highways Code is amended to read:

19211. At the first regular meeting after the petition has been filed with it, the board of supervisors shall fix a time for hearing the petition and the protests of interested parties, and shall cause a notice of the filing of the petition and the time set for the hearing to be published pursuant to Section 6061 of the Government Code and not less than one week prior to that time in a newspaper published and circulated in the county in which the district is situated. If there is no such newspaper, copies of the notice shall be posted in three conspicuous places in the territory to be annexed, for three weeks prior to the date fixed for hearing the petition.

CHAPTER 174

An act to add Section 2310.1 to the Business and Professions Code, relating to physicians' and surgeons' examinations.

[Approved by Governor May 23, 1967. Filed with Secretary of State May 23, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 2310.1 is added to the Business and Professions Code, to read:

2310.1. Notwithstanding the provisions of Sections 2192 and 2310 of this code, the board shall permit any person who meets the other requirements of this chapter to take the examination referred to in Sections 2321 and 2323 if he also meets all of the following requirements:

(a) Is a graduate of a medical school which grants a doctor of medicine degree and which is located in the United States.

(b) Was licensed after written examination on the basis of submission of a doctor of medicine degree by the state in which such medical school is located.

(c) Was engaged in the practice of medicine in the United States for at least 15 years.

(d) Has operated a hospital within the United States for a period of more than 10 years.

(e) Has been a resident of this state for a period of more than two years and who has resided in this state continuously since on or before January 1, 1967.

If the applicant successfully passes the examination referred to in Sections 2321 and 2323, the board shall issue him a reciprocity certificate.

CHAPTER 175

An act to amend Sections 74361, 74364, 74374 and 74376 of the Government Code, relating to courts.

[Approved by Governor May 23, 1967. Filed with Secretary of State May 23, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 74361 of the Government Code is amended to read:

74361. There shall be one marshal for all municipal courts established in judicial districts in San Diego County who shall be appointed pursuant to this article and who shall receive the monthly compensation specified in Schedule 48, set forth in Section 74343.1 In no event shall the compensation of the marshal be less than ten (10) schedule ranges higher than that specified for the position of assistant marshal.

SEC. 2. Section 74364 of the Government Code is amended to read:

74364. The marshal may appoint:

(a) Two assistant marshals, each of whom shall receive the monthly compensation specified in Schedule 43, set forth in Section 74343.1.

(b) Three lieutenants, each of whom shall receive the monthly compensation specified in Schedule 38, set forth in Section 74343.1.

(c) Twelve sergeants, each of whom shall receive the monthly compensation specified in Schedule 35.5, set forth in Section 74343.1.

(d) One deputy marshal (female), who shall receive the monthly compensation specified in Schedule 32, set forth in Section 74343.1. Upon the occurrence of a vacancy, this position shall cease to exist.

(e) Eighty deputy marshals, each of whom shall receive monthly the compensation specified in Schedule 32, set forth in Section 74343.1.

(f) Thirteen deputy marshals-stenographers, each of whom shall receive the monthly compensation specified in Schedule 26.5, set forth in Section 74343 1. The next four (4) vacancies occurring in this position shall cause a corresponding reduction in the number of deputy marshal-stenographers hereby authorized; provided, however, that each such vacancy shall increase by one, a position designated as clerk The positions of clerk

shall each receive the compensation specified in subdivision (h) of this section.

(g) Three deputy marshal-matron, who shall receive the monthly compensation specified in Schedule 30, set forth in Section 74343.1.

(h) Seven clerks, who shall receive the monthly compensation specified in Schedule 22, set forth in Section 74343.1; provided that any clerk while qualified and performing services as an interpreter shall be paid at the monthly rate specified in Schedule 26 set forth in Section 74343.1.

(i) Every person specified in subdivision (h) who works a night shift shall be paid at the monthly rate specified in the schedule set forth in Section 74343.1 next higher than the rate provided by subdivision (h). "Night shift" means an assigned work schedule of which not less than one-half of the total number of hours, plus one-half hour, are worked after 5:00 p.m. and before 8:00 a.m.

SEC. 3. Section 74374 of the Government Code is amended to read:

74374. The hereinafter enumerated classes of positions in the marshal's office of the municipal courts in San Diego County are deemed to be equivalent in job and salary level to certain classifications in the classified civil service of San Diego County and whenever the salary of a classification in the service of San Diego County is adjusted by the board of supervisors, the salary of the equivalent classification in the marshal's office shall be adjusted a commensurate number of ranges in the salary schedule. Such adjustment shall not be more than eight ranges higher or eight ranges lower than the range specified in this article. Such adjustments shall be effective on the same date as the effective date of the action by the board of supervisors as it applies to the county classifications. In the event the salary of any San Diego County classification listed in this section is adjusted by the board of supervisors on any date in 1967 prior to the effective date of the 1967 amendment of this section, said adjustments shall be applied to the salary of the equivalent classifications in the marshal's office, such adjustments to take effect on the effective date of said 1967 amendment. Any salary adjustments made as a result of this section shall be effective only until 90 days after the adjournment of the 1969 General Session of the State Legislature.

The equivalent classifications are as follows:

Municipal court marshal classification	County classification

SEC. 4. Section 74376 of the Government Code is amended to read:

74376. In the event that the number of judges provided by Sections 73641, 73951, and 74341 of this code is increased, or that additional municipal court judicial districts are provided in the County of San Diego, thereby causing an increase in the number of judges, the marshal of the municipal courts may appoint one deputy marshal, who shall receive compensation at the rate specified by subdivision (e) of Section 74364 and Section 74374, for each additional judge appointed or elected.

CHAPTER 176

An act to amend Section 12024.5 of the Business and Professions Code, relating to weighing poultry, fish and meat.

[Approved by Governor May 23, 1967. Filed with Secretary of State May 23, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 12024.5 of the Business and Professions Code is amended to read:

12024.5. It shall be unlawful for any person to sell or advertise for sale any dressed poultry or any other fowl or rabbit in dressed form, either cooked or uncooked, or smoked, fresh, frozen, cooked, dried, or pickled meats or fish other than by weight determined at time of sale on a scale properly sealed in accordance with the provisions of this division. Any commodity specified in this section, however, need not be weighed at the time of sale if at that time it is packed in a package or container upon which appears the net weight of the commodity therein. Except as provided below, any person, including but not limited to a manufacturer, processor, packer, wholesaler, or jobber that packs any commodity specified in this section in any package which is intended for retail sale, shall mark the net weight of the commodity therein upon the package. Packages of such products intended for retail sale need not be marked by the packer with the net weight of the commodity if they are to be marked with the net weight of the commodity by the retailer who purchases or receives such packages from the packer, provided that a written statement signed by both the packer and the retailer, on a form approved by the director, stating that the net weight of the commodity will be marked on the package by the retailer is on file at the offices of both the packer and retailer. Such written statement shall be made available to the weights and measures official for inspection upon request. The provisions

of this section do not apply to any commodity sold or offered for sale with other foods as part of a prepared meal.

CHAPTER 177

An act to amend the heading of Article 4 (commencing with Section 29091) of Chapter 1 of Division 13 of, and to add Article 4.5 (commencing with Section 29111) to Chapter 1 of Division 13 of, the Agricultural Code, as proposed by Senate Bill No. 1, relating to apiaries.

[Approved by Governor May 23, 1967. Filed with Secretary of State May 23, 1967.]

The people of the State of California do enact as follows:

SECTION 1. The heading of Article 4 (commencing with Section 29091) of Chapter 1 of Division 13 of the Agricultural Code, as proposed by Senate Bill No. 1, is amended to read:

Article 4. Importation

SEC. 2. Article 4.5 (commencing with Section 29111) is added to Chapter 1 of Division 13 of the Agricultural Code, as proposed by Senate Bill No. 1, to read:

Article 4.5. Exportation

29111. As used in this article, "certificate" means the certification by a commissioner, as an ex officio state apiary inspector, of the condition of any apiary which is to be transported to another state or country.

29112. The board of supervisors of any county may establish a schedule of fees for certificates for bees on comb to be paid by persons that request such certificates.

29113. No fee shall be charged for certification required by any law, regulation, or requirement of the United States or of this state or by any ordinance, regulation, or requirement of any county of this state.

29114. The schedule of fees for the certificates shall be based upon the approximate cost of the inspection.

29115. A commissioner shall make such inspection as may be necessary to determine the facts which are required by the state or country of intended destination and shall issue a certificate that states the facts which are determined upon receipt of the scheduled fee for a certificate or, if no scheduled fee has been established, upon request.

29116. It is unlawful for any person to alter, deface, or misuse any certificate issued pursuant to this article.

CHAPTER 178

An act to add Section 2 to Chapter 83 of the Statutes of 1923, relating to salt marsh, tide and submerged lands granted to the City of San Rafael, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor May 23, 1967. Filed with Secretary of State May 23, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 2 is added to Chapter 83 of the Statutes of 1923, to read:

Sec. 2. (a) It is found and determined that the following described lands within the City of San Rafael, herein referred to as Parcel No. 1, lie above the line of mean high tide, are no longer necessary or useful for commerce, fisheries and navigation, and are hereby freed from the public use and trust for harbors, commerce, fisheries and navigation to the extent such may have existed as to any of such lands enclosed within the following boundaries:

Parcel No. 1.

Beginning at Station 20 of the Meanders of the San Rafael Canal, as said station is shown on "Map No. 2 of Salt Marsh and Tide Lands situate in the County of Marin, State of California 1870" prepared by Order of the Board of Tide Land Commissioners; thence, along the Meanders of said Canal, North 24°42′21″ West 10.786 feet to the True Point of beginning; thence, continuing North 24°42′21″ West 319.210 feet to Station 21; thence, North 23°32′39″ East 275.077 feet to a point; thence, crossing said Canal, South 39°15′00″ East 70.681 feet to a point on the line between Stations 33 and 34 of said Canal; thence, along the Meanders of said Canal, South 23°47′39″ West 195.653 feet to Station 34; thence, South 24°42′21″ East 206.605 feet to a point; thence, across said Canal, South 13°19′40″ West 124.062 feet to the True Point of Beginning.

(b) The City of San Rafael is hereby authorized to exchange Parcel No. 1, described above in subdivision (a) hereof, for the following parcel, herein referred to as Parcel No. 2:

Parcel No. 2.

Beginning at Station 35 of the Meanders of the San Rafael Canal, as said station is shown on "Map No. 2 of Salt Marsh and Tide Lands situate in the County of Marin, State of California 1870" prepared by Order of the Board of Tide Land Commissioners; thence, along the Meanders of said Canal, North 24°42′21″ West 96.995 feet; thence, leaving last said line, North 13°19′40″ East 284.924 feet; thence, North 39°15′00″ West 115.531 feet to a point on the line of said Canal between Stations 33 and 34; thence, along last said line, North 23°47′39″ East 79.745 feet to a point; thence, leaving last said line, South 39°15′00″ East 184.762 feet;

thence, South 13°19′40″ West 405.173 feet to a point on the line of the aforementioned Canal between Stations 35 and 36; thence, along last said line, North 38°57′21″ West 12.272 feet to Station 35 and the Point of Beginning.

(c) Parcel No. 2, described in subdivision (b) hereof, shall be considered as a substitute area for the alignment of San Rafael Canal as described in Parcel No. 1, described in subdivision (a) hereof, and said substitute alignment of said San Rafael Canal shall be considered to be administered in the same manner and subject to the same trust, provisos, and reservations as apply to the lands granted to the city by Section 1 of this act.

(d) All lands subject to the trust under this act shall be subject to the following additional conditions:

(1) Within 10 years from the effective date of this act, the lands shall be substantially improved by the city without expense to the state, and if the State Lands Commission determines that the city has failed to improve the lands as herein required, all right, title, and interest of the city in and to the lands shall cease and the lands shall revert and rest in the state.

In making its determination as to whether such lands have been substantially improved, the commission shall take into consideration the existing improvements made by the city to such lands.

(2) There is hereby excepted and reserved in the state all deposits of minerals, including oil and gas, in the lands, and to the state, or persons authorized by the state, the right to prospect for, mine, and remove such deposits from the lands.

(3) The lands are subject to the express reservation and condition that the state may at any time in the future use the lands or any portion thereof for highway purposes without compensation to the city, its successors or assigns, or any person, firm or public or private corporation claiming under it, except that in the event improvements, betterments or structures have been placed upon the property taken by the state for such purposes, compensation shall be made to the person entitled thereto for the value of his interest in the improvements, betterments or structures taken or the damages to such interest.

(4) The State Lands Commission shall, at the cost of the city, survey and monument the lands and record a description and plat thereof in the office of the County Recorder of Marin County.

(5) The city shall cause to be made and filed with the Department of Finance, annually, a detailed statement of receipts and expenditures by it of all rents, revenues, issues and profits in any manner hereafter arising from the lands or any improvements, betterments or structures thereon.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall

go into immediate effect. The facts constituting such necessity are:

It is essential to clarify and confirm title to the lands proposed to be exchanged in order for the city to proceed with certain necessary projects.

CHAPTER 179

An act to amend Sections 12880 and 12884 of the Water Code, to amend Sections 12882.4 and 12885.8 of, and to amend and renumber Section 12885.2 of, the Water Code, as proposed to be added by Assembly Bill No. 110 of the 1967 Regular Session, relating to water resources, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor May 23, 1967. Filed with Secretary of State May 23, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 12880 of the Water Code is amended to read:

12880. In furtherance of the development, control and conservation of the water resources of the state and the State Water Resources Development System it is the policy of the state to provide financial assistance to public agencies for the construction of water projects to meet local requirements in which there is a statewide interest by making grants or loans, or both, and by participating in the construction and operation of water projects, and also to provide financial assistance to public agencies for the preparation of certain feasibility reports on such water projects by making loans, in accordance with this chapter.

(a) As used in this chapter, "project" means any construction or improvement by a public agency for the diversion, storage, or distribution of water primarily for domestic, municipal, agricultural, industrial, recreation, fish and wildlife enhancement, flood control, or power production purposes. "Public agency" means any city, county, district or other political subdivision of the state. "Feasibility report" means such report on the feasibility of a public agency's proposed project as the department may require the public agency to file with the department in support of an application by the public agency under this chapter for a loan for the construction of the proposed project.

(b) The proposed project may be approved for assistance only if it is determined that the project substantially conforms to the California Water Plan, is engineeringly feasible, economically justified, and, if a loan is proposed, that there is reasonable assurance, commensurate with the need for the proposed project, that the public agency can repay it. The

potential future growth and development of the area shall be taken into consideration in the calculation of the benefits for the determination of the economic justification of a proposed project. In the case of a grant for recreation or fish and wildlife enhancement, or both, the determination of economic justification of the proposed project may, in the department's discretion, be limited to a determination of the economic justification of the recreation and fish and wildlife enhancement functions of the project. Such factors as the public health, safety, and welfare shall be taken into consideration in determining the need for a proposed project. A loan for the preparation of a proposed feasibility report on a proposed project may be approved only if it is determined that there is reasonable assurance that the public agency can repay the loan and only if the agency receives a favorable written reply from the department on a written request for a preliminary determination of eligibility for a loan for the construction of the proposed project filed with the department by the agency under the regulations of the department promulgated pursuant to this chapter.

(c) Grants in furtherance of a project that involves the development of a new water supply may be made for the following purposes:

(1) For the part of the construction cost of the proposed project properly allocated to the enhancement of fish and wildlife; provided, that a grant for such part shall not exceed fifty percent (50%) of the construction cost.

(2) For the part of the construction cost of any dam and reservoir of the proposed project properly allocated to recreational functions of statewide interest; provided, that a grant for such part shall not exceed fifty percent (50%) of the construction cost, and provided further, that the total grant under paragraphs (1) and (2) of this subdivision for any one project shall not exceed seventy-five percent (75%) of the construction cost of the project. Such construction costs may include expenditures for lands located above the high waterline of reservoirs which are necessary or desirable for public recreation in connection with the reservoir.

(3) For the construction of initial water supply and sanitary facilities which are needed for public recreational use of each proposed dam and reservoir of the proposed project. A grant for the purpose specified in this paragraph (3) shall not be subject to the limitation contained in Section 12885 on grants for the purposes specified in paragraphs (1) and (2) of this subdivision and shall not be included in computing the total amount which may be granted to a public agency in connection with a project for such purposes. A grant for the purpose specified in this paragraph (3) shall not exceed one-fourth of the total amount granted to a public agency in connection with a project for the purposes specified in paragraphs (1) or (2), or both, of this subdivision.

(d) Loans may be made only for projects primarily for domestic, municipal, agricultural, industrial, recreation, or fish and wildlife enhancement purposes. Such loans may be made for all or any part of the construction cost of any such project but in no event shall any such loan be in an amount which is greater than the portion of the construction cost of the project which the department finds to be beyond the reasonable ability of the public agency to finance from other sources. Such loans shall be repayable over a period not to exceed 50 years. A period of development of not exceeding 10 years may be allowed in addition to such maximum 50-year repayment period, during which no payments on the principal of or the interest on such loans shall be required, when in the department's judgment such development period is justified under the circumstances. If the payment of interest is deferred pursuant to this subdivision, no interest shall be charged on the interest amounts for which payment is deferred. The accrued interest may, at the option of the public agency, be paid in annual installments during the remainder of the loan repayment period.

(e) Loans may be made for all or any part of the cost of the preparation of proposed feasibility reports on proposed projects, but in no event shall any such loan be in an amount which is greater than the portion of the cost of the preparation of the proposed feasibility report which the department finds to be beyond the reasonable ability of the public agency to finance from other sources. Such loans shall be repayable over a period not to exceed 10 years.

(f) If in order to accomplish the objectives of this chapter it is necessary to construct a project that is larger than one which a public agency proposes to construct, the state may participate in planning, designing, constructing, operating and maintaining the project, and in so participating shall finance those costs of the project allocated to the state, on terms agreed upon with the agency, to the end that the project shall accomplish the maximum water development objectives at a minimum total expenditure. In participating in a project under this subdivision (f), the department may perform all or part of the planning, designing, construction, operation or maintenance of the project on terms agreed upon with the agency.

The department is authorized, following receipt of an application for state participation from a public agency, to participate under this subdivision (f) on behalf of the state in any project that is larger than the one which the public agency proposes to construct and that is primarily for domestic, municipal, agricultural, industrial, recreational or fish and wildlife enhancement purposes and in so participating shall finance those costs of such project that are allocated to the state, on terms agreed upon with the public agency, subject to the prior approval of the California Water Commission, and to expend for participation in the planning, designing, and construction

of any one project an amount not exceeding one million dollars ($1,000,000) from moneys available for such participation, including but not limited to, the moneys appropriated by the California Water Resources Development Bond Act (Chapter 8 (commencing with Section 12930) of Part 6 of Division 6 of the Water Code) for provision for water development facilities for local areas as provided in this Chapter 5. Expenditures by the department in excess of one million dollars ($1,000,000) for the planning, designing, and construction of any one project may be made only upon specific authorization of the Legislature.

The department is authorized to make loans and grants to public agencies pursuant to the provisions of this chapter for projects in which the department participates under this subdivision (f).

(g) Applications for loans or grants or financial participation by the state under this chapter shall be made to the department in such form and with such supporting material as may be prescribed by the department. Supporting material with respect to the ability of a public agency to repay the loan and to the reasonable ability to finance the proposed project from other sources may be supplied by the county assessor and the county engineer. A copy of each application, except applications for loans for the preparation of proposed feasibility reports, shall be transmitted by the department to the Department of Parks and Recreation and to the Department of Fish and Game. A report on each application shall be prepared by the Department of Water Resources and filed with the Legislature if it is in session, or if it is not in session, with the Rules Committees of the Assembly and Senate, together with the comments of the California Water Commission, the Department of Parks and Recreation, and the Department of Fish and Game. In such report the department shall make findings as to the nature and extent of the statewide interest in the project, the public necessity for the project, the urgency of the need, and the engineering feasibility, economic justification, and financial feasibility of the project; provided, that in the case of reports on applications for loans for the preparation of proposed feasibility reports, in lieu of the above findings, the department shall make findings with respect to the public necessity for and urgency of need of the proposed project and the ability of the applicant to repay the requested loan for the preparation of the proposed feasibility report.

(h) Notwithstanding any provision of law to the contrary, every public agency empowered by law to construct and operate a project, as defined in subdivision (a) of this section, is hereby granted, in addition to and not in derogation or limitation of the powers conferred upon the public agency by any other law, the power:

(1) To borrow money from and repay the same with interest to the state in accordance with this chapter on behalf of

the entire public agency or of any portion or portions thereof for which the law applicable to the agency authorizes an indebtedness or liability to be incurred, including any improvement district, distribution district, or zone within the public agency, notwithstanding any debt limitation or other provision in the law applicable to such agency which might otherwise preclude or limit such borrowing.

(2) To enter into a contract with the department, on behalf of the entire public agency, or of any portion or portions thereof referred to in paragraph (1) of this subdivision (h), for a loan or grant under this chapter or for participation by the state in a local project under subdivision (f) of this section and to use the loan or grant contracted for as an additional or alternative means of financing the project proposed by the public agency.

(3) To comply with the provisions of any contract entered into with the department under this chapter, including any provision which obligates the public agency, or any specified portion or portions thereof, to meet all commitments, financial or otherwise, undertaken by the public agency in such contract notwithstanding any individual default by its constituents or others in the payment to the public agency of taxes, assessments, tolls, or other charges levied by the public agency.

(4) To include recreation and enhancement of fish and wildlife, or either of them, as functions of a project which the public agency is empowered by law to construct and operate, and to construct and operate the project for such recreation and enhancement of fish and wildlife functions, or either of them, in accordance with the provisions of a grant contract entered into with the department, including provisions for public use of the project facilities for fishing and other recreational activities.

(5) To construct and operate such onshore recreational facilities, fish and wildlife enhancement facilities or other facilities as the department or the Legislature may require in connection with a grant to the public agency under this chapter, and to construct and operate such facilities in accordance with the provisions of a grant contract entered into with the department, including provisions for public use of such facilities for fishing and other recreational activities.

(6) To annually levy or cause to be levied upon all property in the public agency, or in any portion or portions thereof, subject to taxation or assessment by the public agency an ad valorem tax or assessment, based upon the assessed valuation of such property, necessary and sufficient to meet all commitments, financial or otherwise, of the public agency that are set forth in any contract which the agency enters into with the department under this chapter, in addition to any other taxes or assessments which the public agency is authorized to levy or cause to be levied on such property and notwithstanding any provision in the law applicable to such agency which might otherwise preclude or limit such taxing or assessing.

Where the law applicable to such public agency does not set forth a procedure for levying and collecting taxes or assessments on an ad valorem basis, such public agency shall utilize the procedure for levying and collecting taxes for the payment of principal and interest on general obligation bonds of municipal water districts, set forth in the Municipal Water District Act of 1911 (Chapter 671, Statutes of 1911), as it may now or hereafter be amended, for the purpose of levying and collecting taxes or assessments necessary and sufficient to meet commitments in a contract entered into under this chapter.

(7) To make charges for the furnishing of services from the project for which the public agency receives financial assistance under this chapter and to pledge and use any or all revenues received from the collection of such charges for the purpose of meeting the commitments, financial or otherwise, of the public agency that are set forth in any contract which the public agency enters into with the department under this chapter.

(8) To perform all acts and do all things that are necessary or convenient to carry out the above powers.

(i) Except in the case of a grant to a public agency where the applicable law contains provisions for the election of the members of the governing body of the agency or where a county board of supervisors acts as the governing body of the agency, before a public agency may enter into a contract with the department for a construction loan or a grant under this chapter, the public agency shall hold an election on the proposition of whether or not the public agency shall enter into the proposed contract and more than 50 percent of the votes cast at such election must be in favor of such proposition; provided, that if a higher percentage of favorable votes is required for the issuance of any bonds by the public agency or is required by the Constitution before the public agency may incur an indebtedness, such higher percentage shall apply in lieu of the percentage set forth in this subdivision. Such election shall be held in accordance with the following provisions:

(1) The procedure for holding an election on the incurring of bonded indebtedness by such public agency shall be utilized for an election on the proposed contract as nearly as the same may be applicable. Where the law applicable to such agency does not contain such bond election procedure, the procedure set forth in the Revenue Bond Law of 1941 (Chapter 6 (commencing with Section 54300) Part 1, Division 2, Title 5 of the Government Code), as it may now or hereafter be amended, shall be utilized as nearly as the same may be applicable.

(2) No particular form of ballot is required.

(3) The notice of the election shall include a statement of the time and place of the election, the purpose of the election, the general purpose of the contract, and the maximum amount of money to be borrowed from the state under the contract.

(4) The ballots for the election shall contain a brief statement of the general purpose of the contract substantially as stated in the notice of the election, shall state the maximum amount of money to be borrowed from the state under the contract, and shall contain the words "Execution of contract—Yes" and "Execution of contract—No."

(5) The election shall be held in the entire public agency except where the public agency proposes to contract with the department on behalf of a specified portion, or of specified portions, of the public agency, in which case the election shall be held in such portion or portions of the public agency only.

(j) Every public agency is hereby granted the power to bring an action in the superior court of the county in which the office of such agency is situated to determine the validity of any contract made with the department under this chapter and the authority of the public agency to enter into the contract. The action shall be had as in the case of the judicial determination of the validity of the public agency's bonds, as nearly as the same may be applicable, and with like effect. Where the law applicable to such agency does not set forth a procedure for the judicial determination of the validity of the public agency's bonds, the action shall be had as in the case of the judicial determination of the general obligation bonds of irrigation districts under the Irrigation District Law (Division 11 (commencing with Section 20500) of this code), as it may now or hereafter be amended, as nearly as the same may be applicable, and with like effect.

SEC. 1.2. Section 12884 of the Water Code is amended to read:

12884. The department shall require the payment of interest on each loan that is made pursuant to this chapter after the effective date of the 1967 act amending this section at a rate of 2½ percent per annum.

SEC. 1.3. Section 12882.4 of the Water Code, as proposed to be added by Assembly Bill No. 110, is amended to read:

12882.4. A copy of each application, except applications for loans for the preparation of proposed feasibility reports, shall be transmitted by the department to the Department of Parks and Recreation and to the Department of Fish and Game. A report on each application shall be prepared by the Department of Water Resources and filed with the Legislature, if it is in session, or if it is not in session, with the Rules Committees of the Assembly and Senate, together with the comments of the California Water Commission, the Department of Parks and Recreation, and the Department of Fish and Game. In such report the department shall make findings as to the nature and extent of the statewide interest in the project, the public necessity for the project, the urgency of the need, and the engineering feasibility, economic justification, and financial feasibility of the project; provided, that in the case of reports on applications for loans for the preparation of proposed feasibility reports, in lieu of the above findings the department shall make findings with respect to the public

necessity for and urgency of need of the proposed project and the ability of the applicant to repay the requested loan for the preparation of the proposed feasibility report.

SEC. 1.5. Section 12885.2 of the Water Code, as proposed to be added by Assembly Bill No. 110 of the 1967 Regular Session, is amended and renumbered to read:

12885.1. Loans may be made only for projects primarily for domestic, municipal, agricultural, industrial, recreation, or fish and wildlife enhancement purposes. Such loans may be made for all or any part of the construction cost of any such project but in no event shall any such loan be in an amount which is greater than the portion of the construction cost of the project which the department finds to be beyond the reasonable ability of the public agency to finance from other sources. Such loans shall be repayable over a period not to exceed 50 years. A period of development of not exceeding 10 years may be allowed in addition to such maximum 50-year repayment period, during which no payments on the principal of or the interest on such a loan shall be required, when in the department's judgment such development period is justified under the circumstances. If the payment of interest is deferred pursuant to this section, no interest shall be charged on the interest amounts for which payment is deferred. The accrued interest may, at the option of the public agency, be paid in annual installments during the remainder of the loan repayment period.

SEC. 2. Section 12885.8 of the Water Code, as proposed to be added by Assembly Bill No. 110 of the 1967 Regular Session, is amended to read:

12885.8. The department shall require the payment of interest on each loan that is made pursuant to this chapter after the effective date of the 1967 act amending this section, at a rate of 2½ percent per annum.

SEC. 2.5. Sections 1.3, 1.5, and 2 of this act shall become operative only if Assembly Bill No. 110 is enacted into law by the Legislature at its 1967 Regular Session, and in such case at the same time as Assembly Bill No. 110 takes effect; at which time Sections 12880 and 12884 of the Water Code as amended by Sections 1 and 1.2 of this act are repealed.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

State loans for water projects are vital to the continued development of California. It is necessary that this act go into immediate effect in order to prevent irreparable injury to the local water project developments.

CHAPTER 180

An act to amend Sections 150, 157, 159, 162, and 12602 of, to amend and renumber Section 154.5 of, to add Sections 163, 165, 166, 12604.3, and 12634.3 to, and to repeal Section 163 of, the Water Code, relating to the California Water Commission.

[Approved by Governor May 23, 1967. Filed with Secretary of State May 23, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 150 of the Water Code is amended to read:

150. There is in the Department of Water Resources the California Water Commission.

SEC. 2. Section 154.5 of the Water Code is amended and renumbered to read:

163.5. The department shall furnish to the California Water Commission, at its request, such assistance as is required to the extent funds are made available therefor.

SEC. 3. Section 157 of the Water Code is amended to read:

157. Each member of the California Water Commission shall receive fifty dollars ($50) for each day during which he is engaged in the performance of his official duties, but his total compensation shall not exceed in any one fiscal year the sum of two thousand dollars ($2,000); except the chairman of the commission may receive compensation of not to exceed two thousand five hundred dollars ($2,500) for performance of such duties. In addition to his compensation each member shall be reimbursed for his necessary traveling and other expenses incurred in the performance of his official duties.

SEC. 4. Section 159 of the Water Code is amended to read:

159. Special meetings may be called at any time by the chairman or by the executive secretary at the request of any four members, upon notice specifying the matters to be acted upon at such meeting, but no other matters shall be acted upon at special meetings which were not so noticed, unless all members are present and consent thereto.

SEC. 5. Section 162 of the Water Code is amended to read:

162. It is the intention of the Legislature that in the making of all major departmental determinations, policies and procedures, such as departmental recommendations to the Legislature, the director and the California Water Commission shall be in agreement whenever possible; but for the purpose of fixing responsibility to the Governor and to the Legislature, in the event of disagreement between the director and the commission upon such matters, the views of the director shall prevail. In the event of disagreement pursuant to this section, a written report upon such disagreement shall be made immediately to the Governor and to the President pro Tempore

of the Senate and the Speaker of the Assembly by the commission and by the director.

SEC. 6. Section 163 of the Water Code is repealed.

SEC. 7. Section 163 is added to the Water Code, to read:

163. The commission may employ an executive secretary, exempt from civil service, under subdivision (a)(5) of Section 4 of Article XXIV of the Constitution, and a staff engineer from the staff of the department who shall be responsible to the commission The commission may also employ such clerical assistants as may be necessary for the proper discharge of its duties and may purchase or rent necessary supplies, instruments, tools, equipment and conveniences.

SEC. 7.3. Section 165 is added to the Water Code, to read:

165 The California Water Commission shall conduct an annual review of the progress of construction and operation of the State Water Resources Development System, and shall make a report on its findings to the department and to the Legislature, together with whatever recommendations it deems appropriate.

SEC. 7 6. Section 166 is added to the Water Code, to read.

166. The California Water Commission shall hold public hearings on all additional facilities proposed to be added to the State Water Resources Development System by the department pursuant to the authority granted by Sections 12931 and 12938.

SEC. 8. Section 12602 of the Water Code is amended to read:

12602. The department, or a representative authorized by the department to do so, may call, conduct or attend conferences or hearings, official or unofficial, within or without this state, or otherwise participate in such conferences or hearings, with interested persons, agencies or officers, of this or any other state, or with the Congress of the United States, congressional committees, or officials of the federal government, concerning water projects, plans, or problems. However, where the appropriations committees of the Congress are hearing requests for appropriations for flood control projects being planned or constructed in California under the jurisdiction of the United States Army Corps of Engineers, or reclamation projects being planned or constructed in California by the Bureau of Reclamation, United States Department of the Interior, the California Water Commission shall present its views. Prior to making such presentation, the commission shall consult with interested local, state, and federal agencies, and may on request report to the committees the views of any county, city, state agency, or public district regarding such appropriations. Nothing in this section or in Section 12604.3 shall be deemed or construed to modify, limit, or take away from any of the powers and duties vested in the department, or any other state agency, pursuant to this article.

SEC. 9. Section 12604.3 is added to the Water Code, to read:

12604.3. In matters concerning the coordination of planning, construction, and operation of federal water development and flood control projects in the State of California with state and local projects, the California Water Commission shall advise the department, and the Governor, and to this end may confer with the appropriate executive agencies of the United States.

SEC. 10. Section 12634.3 is added to the Water Code, to read:

12634.3. The department shall submit, prior to January 1st of each year, a report to the California Water Commission summarizing its activities, including existing and prospective planning projects, the need for such projects, and the estimated costs thereof. The commission may conduct public hearings on such reports and may make recommendations thereon to the department and the Legislature.

CHAPTER 181

An act to amend Section 11552 of the Business and Professions Code, relating to subdivision maps.

[Approved by Governor May 23, 1967. Filed with Secretary of State May 23, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 11552 of the Business and Professions Code is amended to read:

11552. (a) If there is no advisory agency, the clerk of the governing body shall submit the tentative map to the governing body at its next regular meeting, which shall act thereon within 40 days thereafter.

If there is an advisory agency, it shall report, in writing, on the map or maps of any subdivision submitted to it within 50 days after the tentative map has been filed and the report shall approve, conditionally approve or disapprove the map or maps of the subdivision.

The governing body may authorize the advisory agency to report its action direct to the subdivider. If the governing body does not so authorize the advisory agency, the advisory agency shall make its report to the governing body, which body shall act upon the report within 10 days or at its next succeeding regular meeting after receipt of the report.

Any reports or recommendations on the map or maps of any subdivision submitted to the advisory agency or governing body shall be submitted in writing to the subdivider prior to final action on the map or maps by the advisory agency or governing body. Such required submission in writing shall be deemed complied with when such reports or recommendations are placed in the mail directed to the subdivider at his designated address and bearing the proper postage.

(b) If the subdivider is dissatisfied with any action of the advisory agency with respect to the tentative map, or the kinds, nature and extent of the improvements recommended by the advisory agency to be required, he may, within 15 days after such action, appeal to the governing body, unless an appeal board has been designated in which event such appeal must be to the appeal board, for a public hearing thereon. The governing body or appeal board as the case may be shall hear the appeal, upon notice to the subdivider and the advisory agency, unless the subdivider consents to a continuance, within 15 days or at its next succeeding regular meeting. At the time fixed for the hearing the governing body or appeal board shall proceed to hear the testimony of the subdivider or any witnesses in his behalf and the testimony of the representatives of the advisory agency or any witnesses in its behalf. It may also hear the testimony of other competent persons respecting the character of the neighborhood in which the subdivision is to be located, the kinds, nature and extent of improvements, the quality or kinds of development to which the area is best adapted and any other phase of the matter with respect to which it may desire to inquire into.

Upon conclusion of the hearing the governing body or appeal board shall within seven days declare its findings based upon the testimony and documents produced before it. It may sustain, modify, reject or overrule any recommendations or rulings of the advisory agency and may make such findings as are not inconsistent with the provisions of this chapter or local ordinance adopted pursuant to this chapter.

If the subdivider or advisory agency is dissatisfied with any action of the appeal board with respect to the tentative map, or the kinds, nature and extent of the improvements required by the appeal board, either may, within 15 days after such action, appeal to the governing body. The governing body shall hear the appeal within 15 days or at its next succeeding regular meeting, unless the subdivider consents to a continuance, and shall give notice of such hearing to the subdivider, the appeal board and the advisory agency. The governing body shall hear the argument of the subdivider, the appeal board and the advisory agency or of their representatives based upon the testimony and the documents before the appeal board, and may receive documents from or hear the testimony of any competent person respecting the character of the neighborhood in which the subdivision is to be located, the kinds, nature and extent of improvements, the quality of kinds of development to which the area is best adapted and any other phase of the matter with respect to which it may desire to inquire into. Upon conclusion of the hearing the governing body shall, within seven days, declare its findings based upon the testimony and documents produced before it or before the appeal board. It may sustain, modify, reject or overrule any recommendations or rulings of the appeal board and may make such findings as are not inconsistent with the provisions of this chapter or local ordinance adopted pursuant to this chapter.

CHAPTER 182

An act to amend Section 14800 of the Elections Code, relating to absent voter ballots.

[Approved by Governor May 23, 1967. Filed with Secretary of State May 23, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 14800 of the Elections Code is amended to read:

14800. Any voter unable to go to the polls because of illness or disability resulting in his confinement in a hospital, sanatorium, or nursing home, may request in a written statement, signed by him, that the clerk send him an absent voter ballot. The clerk shall deliver the ballot, at the office of the clerk, to any authorized representative of the voter possessing a written statement from the voter's physician or practitioner or a written statement signed by an official of the hospital, sanatorium, or nursing home stating that the voter is a patient in a hospital, sanatorium, or nursing home, and that the voter will be confined therein on election day.

After marking his ballot the voter shall place it in the identification envelope. He shall then fill out and sign the declaration on the envelope on or before election day and return it to the office of the clerk.

Upon receipt of the envelope the clerk shall compare the voter's signature on the identification envelope with that appearing on his duplicate affidavit of registration and, if they compare, shall deposit the envelope in a safe place in his office to be kept by him until the time prescribed for counting such ballot. Thereafter, the clerk shall count these ballots and add them to the totals for absent voter ballots.

A request for a ballot under this section shall be made, and the ballot delivered to the voter and returned to the clerk no later than the time the polls close on election day.

The procedure authorized by this section shall be subject to all other provisions of this code relating to absent voting insofar as those provisions are not inconsistent with the provisions of this section.

CHAPTER 183

An act to add Sections 12737, 12738, and 12739 to the Water Code, relating to the Klamath River Flood Control Project, declaring the urgency thereof, to take effect immediately.

[Approved by Governor May 23, 1967. Filed with Secretary of State May 23, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 12737 is added to the Water Code, to read:

12737. The project for flood protection on the Klamath River at and in the vicinity of Klamath, California, is hereby adopted and authorized substantially in accordance with the recommendations of the Chief of Engineers in House Document Numbered 478, 89th Congress, as authorized by the Flood Control Act of 1966 (Title II of the act approved November 7, 1966, Public Law 89-789, 80 Stat. 1405), at an estimated cost to the state of such sum as may be appropriated, from time to time, for state cooperation by the Legislature upon the recommendation and advice of the department, to be available for expenditure as funds for carrying out said project are appropriated by Congress. "Lands, easements, and rights-of-way" for this project may include lands for the relocation site of the town of Klamath.

SEC. 2. Section 12738 is added to the Water Code, to read:

12738. The County of Del Norte shall give assurances satisfactory to the Secretary of the Army that the local cooperation required by the Flood Control Act of 1966 (Public Law 89-789, 80 Stat. 1405), will be furnished by the county in connection with the plan for flood control purposes adopted and authorized in Section 12737.

SEC. 3. Section 12739 is added to the Water Code, to read:

12739. The County of Del Norte, in conjunction with the Department of the Army, shall execute the plans and projects referred to in Section 12737, and may make such modifications and amendments to the plans as may be necessary to execute them for the purposes of Chapters 1 (commencing with Section 12570) and 2 (commencing with Section 12639) of this part. The county may acquire lands, easements, and rights-of-way for the project, including those required for the relocated site of the town of Klamath.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The Klamath River Flood Control Project is necessary to provide needed flood control protection in the Klamath River area. This act must go into immediate effect in order to meet the commitments required under federal law to insure the construction of this project.

CHAPTER 184

An act to amend Section 35127 of the Government Code, relating to elections on question of annexation.

[Approved by Governor May 23, 1967. Filed with Secretary of State May 23, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 35127 of the Government Code is amended to read:

35127. The legislative body shall appoint two clerks, one judge and one inspector for each voting place, as officers of the election. Each officer shall be a qualified voter of the voting precinct in which he is appointed to act.

CHAPTER 185

An act to amend Section 9006 of the Fish and Game Code, relating to commercial fishing.

[Approved by Governor May 23, 1967. Filed with Secretary of State May 23, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 9006 of the Fish and Game Code is amended to read:

9006. In Districts 11, 12, and 13 and in the tidewaters of Districts 2 and 2½ traps not to exceed 24 inches in length, 12 inches in width, and 12 inches in height, with one opening not to exceed 2 inches in diameter, may be used to take shiner perch (Cymatogaster aggregata), staghorn sculpin (Leptocottus armatus) and mudsuckers (Gillichthys mirabilis). Any other species taken shall be returned to the water immediately.

CHAPTER 186

An act to amend Section 14620.5 of the Elections Code, relating to absent voter ballots.

[Approved by Governor May 23, 1967. Filed with Secretary of State May 23, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 14620.5 of the Elections Code is amended to read:

14620.5. Whenever there are 30 or less persons registered to vote in any precinct, the clerk may, not less than 29 days prior to election day, furnish an application blank for an

absent voter ballot to each registered voter, together with a statement that there will be no polling place for the election, and if the voter desires to vote at the election, he shall apply for an absent voter ballot not less than seven days before the election or vote at the office of the county clerk on election day.

The order of the election board, or publications required for the election, shall state that there will be no polling places for the particular precinct in the election, and that the qualified voters shall vote by absent voter ballots or vote at the office of the county clerk on election day.

No precinct shall be divided to bring it within the provisions of this section.

CHAPTER 187

An act to amend Section 619.1 of the Revenue and Taxation Code, relating to notice of assessment.

[Approved by Governor May 23, 1967. Filed with Secretary of State May 23, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 619.1 of the Revenue and Taxation Code is amended to read:

619.1. The notice required by Section 619 shall be directed to the mailing address of the property owner or his designee.

CHAPTER 188

An act to repeal Section 29110 of the Government Code, relating to county taxes.

[Approved by Governor May 23, 1967. Filed with Secretary of State May 23, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 29110 of the Government Code is repealed.

CHAPTER 189

An act to amend Section 504b of, and to repeal Section 515 of, the Penal Code, relating to embezzlement.

[Approved by Governor May 23, 1967. Filed with Secretary of State May 23, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 504b of the Penal Code is amended to read:

504b. Where under the terms of a security agreement, as defined in Section 9105 of the Commercial Code, the debtor has the right to sell the property covered thereby and is to account to the secured party for, and pay to the secured party the indebtedness secured by the security agreement from, the proceeds of the sale of any of the said property, and where such debtor, having sold the property covered by the security agreement and having received the proceeds of such sale, willfully and wrongfully, and with the intent to defraud, fails to pay to the secured party the amounts due under the security agreement, or the proceeds of such sale, whichever is the lesser amount, and appropriates such money to his own use, said debtor shall be guilty of embezzlement and shall be punishable as provided in Section 514.

SEC. 2. Section 515 of the Penal Code is repealed.

CHAPTER 190

An act to amend Section 26101 of the Government Code, relating to expenditures for county advertising purposes.

[Approved by Governor May 23, 1967. Filed with Secretary of State May 23, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 26101 of the Government Code is amended to read:

26101. If the rate of four cents ($0.04) will not raise fifty thousand dollars ($50,000) in any one year, the board may appropriate from the general fund of the county an amount sufficient to make up the deficiency existing between the amount raised as the result of the four-cent ($0.04) levy and fifty thousand dollars ($50,000).

CHAPTER 191

An act to amend Sections 32915, 33518, 33519, 33766, 34001, 34591, 35751, 35781, 35811, 35833, 35971, 38182, 38662, and 38671 of, and to add Sections 32733, 33520, 33766.5, and 35781.5, to, and to repeal Sections 33520 of, the Agricultural Code, as proposed by Senate Bill No. 1, relating to milk product standards.

[Approved by Governor May 23, 1967. Filed with Secretary of State May 23, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 32733 is added to the Agricultural Code, as proposed by Senate Bill No. 1, to read:

32733. Samples of milk and milk products to be tested for coliform bacteria shall be taken at the milk products plant where bottled or from delivery vehicles owned or operated by the milk products plant.

Sampling procedures and laboratory methods for the determination of coliform bacteria shall be established by regulations issued by the director to insure accuracy of the sampling.

SEC. 3. Section 32915 of the Agricultural Code, as proposed by Senate Bill No. 1, is amended to read:

32915. The labeling requirements of Sections 32912, 32913 and 32914 also apply to milk and cream which is sold in bulk to the wholesale trade and to milk and cream which is sold by any milk products plant for processing purposes. When any nonnutritive or artificial sweetener is added to any milk product or imitation milk product, the words "artificially sweetened" shall become a part of the name of the product.

SEC. 4. Section 33518 of the Agricultural Code, as proposed by Senate Bill No. 1, is amended to read:

33518. A suitable milkhouse or room, which is properly screened to exclude flies or insects shall be provided and maintained for the separating, cooling, mixing, canning, and keeping, or otherwise caring for, the milk and cream. The milkhouse or room shall contain a two-compartment wash sink. The milkhouse or room shall not be used for any other purpose. It shall not be located in, or be a part of, any building in which fowls or animals, except milking cows, are housed, or be a part of any room where milking cows are held, or a part of, or communicate with, any room or place which is used by any person for sleeping or living accommodations.

SEC. 5. Section 33519 of the Agricultural Code, as proposed by Senate Bill No 1, is amended to read:

33519. The pails, cans, bottles, or other containers for milk or its products, or the strainers, coolers or other utensils, appliances, apparatus, or equipment which come in contact with the milk or its products shall be thoroughly washed and afterwards sterilized each time they are used by exposing them to water vapor at a temperature of not less than 170 degrees Fahrenheit for a period of at least 15 minutes or at a temperature of not less than 200 degrees Fahrenheit for a period of at least five minutes in a steam cabinet equipped with an indicating thermometer which is located in the coldest zone; or exposure to an enclosed jet of steam for not less than one minute; or complete immersion in hot water at a temperature of not less than 170 degrees Fahrenheit for a period of at least five minutes; or exposure to a flow of hot water of a temperature of not less than 170 degrees Fahrenheit, as determined at an outlet, for a period of at least five minutes; or exposure to hot air at a temperature of not less than 180 degrees Fahrenheit for a period of at least 20 minutes in an oven or hot air cabinet which is equipped with a indicating thermometer located in the coldest zone, or by a chemical or other sterilization process which has been approved by the director and which is used in the manner which is established by regulation of the director.

SEC. 6. Section 33520 of the Agricultural Code, as proposed by Senate Bill No. 1, is repealed.

SEC. 7. Section 33520 is added to the Agricultural Code, as proposed by Senate Bill No. 1, to read:

33520. Multiuse containers, equipment and utensils used in the handling, storage and transportation of milk shall be made of smooth, nonabsorbent, corrosion-resistant, nontoxic materials and shall be so constructed as to be easily cleanable. All containers, equipment, and utensils shall be in good repair. All milk pails used for handmilking and stripping shall be seamless and of the hooded type having an opening not exceeding one-third of the area of an open pail of the same size. All can lids shall cover the pouring lip so as to protect such lip from contamination.

SEC. 10. Section 33766 of the Agricultural Code, as proposed by Senate Bill No. 1, is amended to read:

33766. The inside surfaces of any equipment, apparatus, or container, which comes in contact with milk or its products, shall be smooth and readily cleanable and free of open seams, cracks, or crevices. All openings in covers of tanks, vats, separators or other equipment shall be protected by raised edges or otherwise to prevent the entrance of surface drainage Every tank in which milk or a milk product is stored shall be equipped with an accurate thermometer. All surface coolers shall be equipped with condensate deflectors and tight-fitting shields.

SEC. 11. Section 33766.5 is added to the Agricultural Code, as proposed by Senate Bill No. 1, to read:

33766.5. Recirculated cold water which is used in coolers and exchangers shall be obtained from a safe source and protected from contamination. Any freezing point depressant shall be nontoxic. All bottling or packaging machine supply tanks and bowls shall have covers which are constructed to prevent any contamination from reaching the inside of the filler tank or bowl. A drip deflector shall be installed on each filler valve. All conveyors which deliver sterile containers to bottling or packaging facilities shall be afforded overhead protection from contamination. Pasteurized milk and any milk product shall be conducted from one piece of equipment to another only through sanitary piping.

SEC. 13. Section 34001 of the Agricultural Code, as proposed by Senate Bill No. 1, is amended to read:

34001. Pasteurization of milk or a milk product is a process which consists of one of the following:

(a) Uniformly heating milk or a milk product to a temperature of not less than 145 degrees Fahrenheit and of holding it at such temperature for at least 30 minutes, except a milk product which has a higher fat content than milk, or contains added sweeteners, or both, shall be heated to at least 150 degrees Fahrenheit and held at or above this temperature for at least 30 consecutive minutes.

(b) Uniformly heating milk or a milk product to a temperature of at least 161 degrees Fahrenheit and holding it at such temperature for at least 15 seconds, except a milk product which has a higher fat content than milk, or contains added sweeteners, or both, shall be heated to at least 166 degrees Fahrenheit and held at or above this temperature for at least 15 consecutive seconds.

Each such type of heating shall be conducted in approved and properly operated equipment. The milk or milk product shall be immediately cooled to a temperature of not above 50 degrees Fahrenheit after the completion of either of such heatings.

Nothing contained in this chapter shall be construed as prohibiting any other process which has been demonstrated to be equally efficient and is approved by the director.

SEC. 15. Section 34591 of the Agricultural Code, as proposed by Senate Bill No. 1, is amended to read:

34591. Except as otherwise provided in this article, it is unlawful for any person to sell or otherwise dispose of any market milk, skim milk, flavored milk, flavored dairy drink, buttermilk, or cultured buttermilk to the retail trade, unless such product is contained in a standard milk bottle or in a single service container which has been mechanically filled and capped or sealed in a milkroom which is properly designed and equipped as approved by the director. The pouring lip of standard milk bottles used to package market milk and milk products sold at retail shall be covered at the time of capping or closure to at least its largest diameter by the cap or cover. A single service container shall meet the specifications of Appendix J, United States Public Health Service Grade A Pasteurized Milk Ordinance 1965 Recommendations.

SEC. 17. Section 35751 of the Agricultural Code, as proposed by Senate Bill No. 1, is amended to read:

35751. This division does not prohibit the addition of vitamins and minerals to market milk or the sale of market milk to which any vitamins and minerals have been added if such milk is labeled to show the addition of the vitamins and minerals and the amounts of vitamins and minerals which have been added.

A statement of the method and manner of adding vitamins and minerals shall be filed with and approved by the director, and, when offered for sale, such vitamin and mineral milk shall not be of a standard which is below the legal requirements of market milk. When vitamin D is added to milk, the amount shall be such as to increase the vitamin D content to at least 400 U.S.P. units per quart.

SEC. 18. Section 35781 of the Agricultural Code, as proposed by Senate Bill No. 1, is amended to read:

35781. Except as otherwise provided in this article, market milk shall not contain:

(a) More than 15,000 bacteria per milliliter if raw.

(b) More than 75,000 bacteria per milliliter before pasteurization.

(c) More than 15,000 bacteria per milliliter or more than 10 coliform bacteria per milliliter at time of delivery to the consumer if pasteurized.

SEC. 19. Section 35781.5 is added to the Agricultural Code, as proposed by Senate Bill No. 1, to read:

35781.5. A milk producer delivering in cans on delivery to a plant receiving both graded market milk and ungraded market milk or manufacturing milk shall label each can containing market milk as to the producer and grade of such market milk.

SEC. 21. Section 35811 of the Agricultural Code, as proposed by Senate Bill No. 1, is amended to read:

35811. Market cream shall conform to all of the standards which are set for market milk of the same grade except those which relate to milk fat and solids not fat, and except that the maximum bacterial count for market cream shall be 20,000 per milliliter.

SEC. 22. Section 35833 of the Agricultural Code, as proposed by Senate Bill No 1, is amended to read:

35833. All pasteurized market milk and market milk products shall be bottled or canned only in the plant where pasteurized, except as otherwise provided in this division.

This section does not apply to market cream or cultured market milk products having a product acidity of not less than 0 20 percent expressed as lactic acid.

SEC. 23. Section 35971 of the Agricultural Code, as proposed by Senate Bill No. 1, is amended to read:

35971. Half-and-half is a pasteurized market milk product. It shall contain not less than 11.7 percent of milk fat and it shall contain not more than 20,000 bacteria per milliliter or more than 10 coliform bacteria per milliliter at the time of delivery to the consumer. It shall be subject to degrading or exclusion based upon excess bacteria pursuant to Article 14 (commencing with Section 36121), Chapter 2, Part 2 of this division, and reestablishment pursuant to Article 15 (commencing with Section 36151), Chapter 2, Part 2 of this division.

SEC. 25. Section 38182 of the Agricultural Code, as proposed by Senate Bill No. 1, is amended to read:

38182. Skim milk or nonfat milk shall conform to the bacterial standards, coliform bacteria standards, and temperature standards of the grade or class of milk from which such skim milk is derived.

SEC. 34. Section 38662 of the Agricultural Code, as proposed by Senate Bill No. 1, is amended to read:

38662. Flavored dairy drink shall contain not more than 1.8 percent milk fat and not more than 15,000 bacteria per milliliter or more than 10 coliform bacteria per milliliter at the time of delivery of the product to the consumer.

SEC. 36. Section 38671 of the Agricultural Code, as proposed by Senate Bill No. 1, is amended to read:

38671. Sour cream is pasteurized market cream which has been fermented by the addition of pure cultures of one or more strains of lactic acid bacteria so that the product contains not less than 0.20 percent acidity expressed as lactic acid. It may contain added milk solids which are derived from market milk and a harmless edible stabilizer not to exceed six-tenths of 1 percent by weight. Sour cream shall otherwise conform to all requirements for market cream, except those which pertain to bacteria count. Sour cream shall contain no more than 10 coliform bacteria per milliliter.

CHAPTER 192

An act to amend Sections 18522, 19330, 19364, 19369, and 19392 of the Government Code, relating to the state civil service.

[Approved by Governor May 23, 1967. Filed with Secretary of State May 23, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 18522 of the Government Code is amended to read:

18522. "Position" means any office or employment in the "state civil service" as the phrase is defined in Section 4 of Article XXIV of the Constitution.

"Former position" means either (a) the last position which an employee held as a probationer, permanent employee, or career executive or (b) a position to which the same appointing power could have assigned such an employee within a designated geographical, organizational or functional subdivision of a state agency as determined appropriate by the board.

SEC. 2. Section 19330 of the Government Code is amended to read:

19330. Subject to board rule an appointing power may grant a leave of absence without pay, to any employee under his jurisdiction for a period not exceeding one year. A leave so granted assures to the employee the right to return to his former position upon expiration of the leave.

SEC. 3. Section 19364 of the Government Code is amended to read:

19364. Transfer of a permanent employee from one position to another in the same class under the same appointing power, or under a different appointing power if the transfer is made because of a transfer of functions from one state agency to another, shall not require a new probationary period. Transfer of a probationer under like circumstances shall require service of the remainder of the probationary period.

Transfer of an employee from one class to another or from one appointing power to another shall require the service of a

new probationary period unless such probationary period shall have been waived by the appointing power. An employee rejected during such probationary period shall be reinstated to his former position.

SEC. 4. Section 19369 of the Government Code is amended to read:

19369. The board may prescribe rules governing the temporary assignment or loan of employees within an agency or between agencies for not to exceed two years for the purpose of training. Such temporary assignments or loans shall be deemed to be in accord with the provisions of this part limiting employees to duties consistent with their class. An employee participating in such an arrangement shall have the absolute right to return to his former position.

SEC. 5. Section 19392 of the Government Code is amended to read:

19392. During any state military emergency and subject to board rule, an appointing power may grant a leave of absence without pay to any employee under his jurisdiction to:

(a) Engage in civilian war work pursuant to mandatory order of the agency of the United States or of the state having authority to make such order.

(b) Assume active duty in the United States Merchant Marine.

(c) Assume active full-time duty for the American Red Cross.

Such a leave assures to the employee the right to return to his former position upon its expiration.

CHAPTER 193

An act to amend Section 19253.5 of the Government Code, relating to state employees medical termination.

[Approved by Governor May 23, 1967. Filed with Secretary of State May 23, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 19253.5 of the Government Code is amended to read:

19253.5. (a) In accordance with board rule, the appointing power may require an employee to submit to a medical examination by a physician or physicians designated by the appointing power to evaluate the capacity of the employee to perform the work of his position.

(b) Fees for the examination and for the services of medical specialists or technicians, if necessary, shall be paid by the state agency. The employee may submit medical or other evidence to the examining physician or to the appointing power. The examining physician shall make a written report of the examination to the appointing power. The appointing

power shall provide a copy to the physician designated by the employee.

(c) When the appointing power, after considering the conclusions of the medical examination and other pertinent information, concludes that the employee is unable to perform the work of his present position, but is able to perform the work of another position including one of less than full time, the appointing power may demote or transfer the employee to such a position.

The employee demoted or transferred pursuant to this section shall receive the maximum of the salary range of the class to which he is demoted or transferred, provided that such salary is not greater than the salary he received at the time of his demotion or transfer.

(d) When the appointing power after considering the conclusions of the medical examination provided for by this section or medical reports from the employee's physician, and other pertinent information, concludes that the employee is unable to perform the work of his present position, or any other position in the agency, and the employee is not eligible or elects not to accept disability or service retirement, the appointing power may terminate the appointment of the employee.

(e) The appointing power may demote, transfer or terminate an employee under this section without requiring the employee to submit to a medical examination, when the appointing power relies upon a written statement submitted to the appointing power by the employee as to the employee's condition or upon medical reports submitted to the appointing power by the employee.

(f) The employee shall be given written notice of any demotion, transfer, or termination under this section at least 15 days prior to the effective date thereof. No later than 15 days after service of such notice, the employee may appeal the action of the appointing power to the board. The board, in accordance with its rules, shall hold a hearing. The board may sustain, disapprove, or modify the demotion, transfer, or termination.

(g) Whenever the board revokes or modifies a demotion, transfer, or termination, the board shall direct the payment of salary to the employee calculated on the same basis and using the same standards as provided in Government Code Section 19584.

(h) Upon the request of an appointing authority or the petition of the employee who was terminated, demoted, or transferred in accordance with this section, the employee shall be reinstated to an appropriate vacant position in the same class, in a comparable class or in a lower related class if it is determined by the board that the employee is no longer incapacitated for duty. Such a reinstatement to a position in a different agency may be made only with the concurrence of that agency. In approving or ordering such reinstatements, the

board may require the satisfactory completion of a new probationary period. When the board finds the employee who was terminated, demoted or transferred is no longer incapacitated for duty but there is no vacant position to which he appropriately can be appointed, the name of the employee shall be placed upon such reemployment lists as are determined to be appropriate by the board.

CHAPTER 194

An act to amend Section 19140 of the Government Code, relating to state civil service.

[Approved by Governor May 23, 1967. Filed with Secretary of State May 23, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 19140 of the Government Code is amended to read:

19140. Subject to board rule an appointing power may reinstate any person having probationary or permanent status who resigned from his position without fault or delinquency on his part.

Such reinstatement shall be within three years. Time spent (a) in a position which is exempt from civil service or (b) as a temporary employee in another governmental agency engaged in a technical cooperation program under an agreement approved by the state shall not be considered in computing the three-year period.

Such reinstatement may be to a position (a) in the class from which resigned, or (b) in a lower class in the same series, or (c) in a lower class in a related series requiring similar types of qualifications and knowledges and abilities, or (d) in another class having substantially similar duties, responsibilities, and qualifications, and substantially the same salary range.

Any employee reinstated to a position under the provisions of this section shall serve the probationary period prescribed for the class before attaining permanent status in such position.

CHAPTER 195

An act to amend Section 117 of the Code of Civil Procedure, relating to courts.

[Approved by Governor May 23, 1967. Filed with Secretary of State May 23, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 117 of the Code of Civil Procedure is amended to read:

117. All judges of the justice court, except as otherwise provided in this section, and judges of the municipal court shall exercise the jurisdiction conferred by this chapter, and while sitting in the exercise of said jurisdiction shall be known and referred to as the small claims court; provided, that the jurisdiction of such court, when sitting as a small claims court, shall be confined to cases for the recovery of money only where the amount claimed does not exceed three hundred dollars ($300), except that a municipal court judge sitting as a small claims court shall also have jurisdiction in proceedings in unlawful detainer after default in rent for residential property where the term of tenancy is not greater than month to month, and where the whole amount claimed is three hundred dollars ($300) or less.

Action shall be commenced and maintained in small claims court as follows:

(1) When a defendant has contracted to perform an obligation in a particular judicial district, an action founded on such obligation may be commenced and maintained either in the judicial district where such obligation is to be performed, or in which the defendant, or any such defendant, resides at the commencement of the action.

(2) When the action be for injury to person or to personal property, either the judicial district where the injury occurs, or where the defendants, or any of them, reside at the commencement of the action, shall be the proper judicial district for the trial of the action.

(3) In all other cases, actions shall be commenced and maintained in the judicial district in which the defendant, or any such defendant, resides at the commencement of the action.

CHAPTER 196

An act to repeal Section 4155 of the Fish and Game Code, relating to mountain lion bounty, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor May 23, 1967. Filed with Secretary of State May 23, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 4155 of the Fish and Game Code is repealed.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The Legislature may not have adjourned in sufficient time to allow this act to become operative prior to October 1, 1967.

If this act is not operative on such date, the effect of Section 4155 will revive and be operative until such time as this act becomes operative. To prevent such revival of the effect of Section 4155, it is necessary that this act go into immediate effect.

CHAPTER 197

An act to add Section 6.1 to the Humboldt County Flood Control District Act (Chapter 939 of the Statutes of 1945), relating to the Humboldt County Flood Control District.

[Approved by Governor May 23, 1967. Filed with Secretary of State May 23, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 6.1 is added to the Humboldt County Flood Control District Act (Ch. 939, Stats. 1945), to read:

Sec. 6.1. In addition to its other powers, the district has all of the powers granted to public agencies by the Davis-Grunsky Act (Chapter 5 (commencing with Section 12880), Part 6, Division 6, of the Water Code).

CHAPTER 198

An act to add Section 6.1 to the Del Norte County Flood Control District Act (Chapter 166 of the Statutes of 1955), relating to the Del Norte County Flood Control District, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor May 23, 1967. Filed with Secretary of State May 23, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 6.1 is added to the Del Norte County Flood Control District Act (Ch. 166, Stats. 1955), to read:

Sec. 6.1. In addition to its other powers, the district has all of the powers granted to public agencies by the Davis-Grunsky Act (Chapter 5 (commencing with Section 12880), Part 6, Division 6, of the Water Code).

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order for the district to acquire funds from the state either by grant or loan pursuant to the Davis-Grunsky Act for construction of district water facilities to serve vitally needed health, recreation, and fish and wildlife functions within the district is it necessary that this act take immediate effect.

CHAPTER 199

An act to amend Section 1645 of the Elections Code, relating to compensation of precinct board members.

[Approved by Governor May 23, 1967. Filed with Secretary of State May 23, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 1645 of the Elections Code is amended to read:

1645. Each member of a precinct board shall receive as compensation for his services a sum fixed by the board of supervisors of the county, which sum shall be paid out of the treasury of the county in which he acts. The inspector may receive up to five dollars ($5) more compensation than the other members of the precinct board. The inspector shall receive not more than twenty-nine dollars ($29) and the other members shall receive not more than twenty-four dollars ($24). The additional compensation to the inspector is for services rendered in securing election officers and other duties which may be directed by the county clerk or registrar of voters. In those precincts in which the precinct board consists of not less than four clerks in addition to the other four members of the board, the compensation received by the clerks shall not be more than twelve dollars ($12).

CHAPTER 200

An act to amend Sections 71 and 12154 of the Education Code, relating to instruction in the schools.

[Approved by Governor May 24, 1967. Filed with Secretary of State May 24, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 71 of the Education Code is amended to read:

71. English shall be the basic language of instruction in all schools.

The governing board of any school district and any private school may determine when and under what circumstances instruction may be given bilingually.

It is the policy of the state to insure the mastery of English by all pupils in the schools; provided that bilingual instruction may be offered in those situations when such instruction is educationally advantageous to the pupils. Bilingual instruction is authorized to the extent that it does not interfere with the systematic, sequential, and regular instruction of all pupils in the English language.

SEC. 2. Section 12154 of the Education Code is amended to read:

12154. Children who are being instructed in a private full-time day school by persons capable of teaching shall be exempted. Such school shall, except under the circumstances described in Section 71, be taught in the English language and shall offer instruction in the several branches of study required to be taught in the public schools of the state. The attendance of the pupils shall be kept by private school authorities in a register, and the record of attendance shall indicate clearly every absence of the pupil from school for a half day or more during each day that school is maintained during the year.

SEC. 3. This act shall not be construed as permitting the establishment of schools or classes which separate pupils on any basis other than those situations in which bilingual instruction is educationally advantageous to the pupils.

CHAPTER 201

An act to amend Section 19141 of the Government Code, relating to state civil service.

[Approved by Governor May 24, 1967. Filed with Secretary of State May 24, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 19141 of the Government Code is amended to read:

19141. For the purposes of this section, "employee" means a permanent employee, or an employee serving under another appointment who previously had permanent status and who, since such permanent status, has had no break in the continuity of his state service.

(a) An employee who has vacated a position to accept another position in a higher class, or a class on the same level, under temporary appointment or limited-term appointment shall, if he so desires, at the termination of such appointment, be reinstated to his former position.

(b) An employee who has vacated a position to accept another position in a higher class, or a class on the same level, and who is rejected during the probationary period shall be reinstated to his former position.

(c) An employee who has vacated a position to accept appointment to an exempt position shall be reinstated in accordance with the provisions of paragraph (i) of this section, if he so desires, at any time within six months after vacating such former position, and may, with the consent of the appointing power of the vacated position, be reinstated to such former position at any time.

(d) An employee who has vacated a position to accept appointment by the Governor to an office to serve at his pleasure or for a fixed term or by the Legislature, shall if he so desires, at the termination of such appointment, or term of office, or any extension thereof, by operation of law or by new appointment, be reinstated in accordance with the provisions of paragraph (i) of this section.

An employee who has vacated a position to accept appointment by any court of record in this state or any justice, judge or clerk thereof, or by the Judicial Council, shall if he so desires, at the termination of such appointment, or term of office, or any extension thereof, by operation of law or by new appointment, be reinstated in accordance with the provisions of paragraph (i) of this section.

(e) An employee who has vacated a position to accept an appointment to a position herein defined as "an exempt deputy or assistant position" shall, if he so desires, at the termination of such appointment, or term of office, or any extension thereof, by operation of law or by new appointment, be reinstated in accordance with the provisions of paragraph (i) of this section; provided, however, that such employee shall return to his former position within four years after vacating his former position.

For the purposes of this section, the term "an exempt deputy or assistant position" shall include:

(1) A confidential position to any officer mentioned in paragraph (1) or (2) of subdivision (a) of Section 4 of Article XXIV of the State Constitution, as the term "confidential position" is used in paragraph (5) of said Section 4 of Article XXIV;

(2) A position exempt from civil service under paragraph (6) of subdivision (a) of Section 4 of Article XXIV of the State Constitution;

(3) A position exempt from civil service under the provisions of Section 22 of Article XX of the State Constitution;

(4) A position exempt from civil service under the provisions of Section 2.1 of Article IX of the State Constitution; and

(5) A position filled by any of the deputies or assistants appointed by the Attorney General and exempt from civil service under the provisions of Section 15003 or 18592 of the Government Code.

(f) When an employee has vacated a position to accept appointment to an exempt position and is laid off from that position his name shall be placed upon all appropriate layoff lists the same as if he had been laid off from the position which he vacated to accept appointment to such exempt position.

(g) An employee who has vacated a position to accept appointment to an exempt position or a limited term position in the same department, board, commission, or state agency, shall, if he so desires, at the termination of such appointment,

or any extension thereof by operation of law or new appointment, be reinstated to his former position.

(h) Tenure in a position or office filled by appointment by the Governor, or by the Legislature, or by any court of record of this state or any justice, judge or clerk thereof, or by the Judicial Council, or in a position defined as "an exempt deputy or assistant position" pursuant to paragraph (e) of this section upon the return of the employee to a civil service position shall be deemed to be time served in such civil service position for the purpose of determining his seniority and eligibility for merit increases.

(i) Placement by reinstatement shall be the responsibility of the appointing power of the department, board, commission, or state agency wherein the employee was serving at the time of the exempt appointment and shall be one of the following:

(1) Any position with the same appointing power in the class in which he was serving at the time of his exempt employment; or

(2) A vacant position in any department, commission, or state agency for which he is qualified at substantially the same level.

(j) The amendments to this section enacted by the 1961 Regular Session of the Legislature shall not be effective with respect to any employee who does not have a right on the effective date of the amendments to be reinstated without the consent of the appointing power pursuant to this section as it read immediately prior to the amendments.

CHAPTER 202

An act to amend the heading of Chapter 10 (commencing with Section 6951) of Division 6 of, to amend Sections 6952 and 6952.5 of, and to add Sections 6950 and 6951.5 to, the Education Code, relating to public education, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor May 24, 1967. Filed with Secretary of State May 24, 1967.]

The people of the State of California do enact as follows:

SECTION 1. The heading of Chapter 10 (commencing with Section 6951) of Division 6 of the Education Code is amended to read:

CHAPTER 10. EDUCATION OF NONIMMIGRANT CHILDREN AND CHILDREN RESIDING IN CHILDREN'S INSTITUTIONS

SEC. 2. Section 6950 is added to the Education Code, immediately preceding Section 6951, to read:

6950. Whenever a school district provides education in kindergarten or grades 1 through 12 for nonimmigrant chil-

dren, the district shall be reimbursed for the actual cost of educating each such nonimmigrant child by the county or city and county in which the school district is located. For the purposes of this chapter, such nonimmigrant child shall be deemed to be a resident of such county or city and county. If the parent or guardian of such nonimmigrant child is required to make a payment to the school district pursuant to Section 10508, the cost of educating such nonimmigrant child shall be reduced by the amount of such payment.

For the purpose of this section a "nonimmigrant child" is defined as an alien having a residence in a foreign country which he has no intention of abandoning, who is legally admitted to the United States as a nonimmigrant student or visitor, and who seeks to pursue a course of study in the public schools of this state.

SEC. 3. Section 6951.5 is added to the Education Code, to read:

6951.5. Every person, association, corporation or public agency who maintains or conducts a children's institution or engages in referring children to family homes shall report to the county superintendent of schools of the county where the school district providing education for children pursuant to Section 6951 of the Education Code is situated, within 30 days, any referral to such family home or any admission to such children's institution and the county or city and county in which each such child resided prior to his referral to such family home or admission to such institution

Such county superintendent shall notify the school district which provides education for children pursuant to Section 6951 of the Education Code of such referral or admission.

SEC. 3.5. Section 6952 of the Education Code is amended to read:

6952. The county or city and county of which any such minor is a resident shall at the close of each school year pay to the district educating such minor the cost of educating such minor during the school year. The cost shall be determined by dividing the total current expenses of the school district during such school year less all apportionments from the state or allocations from the federal government received by the district during such school year, by the total number of units of average daily attendance in such school district during such school year.

The county or city and county of which any such minor is a resident shall at the close of each school year also pay to the district educating such minor the excess expenditures of educating such minor during the school year. The excess expenditures shall be determined by dividing the total excess expenditures of the school district during such school year on account of educating such minors less all special purpose apportionments from the state or allocations from the federal government on account of the excess costs of educating such minors by the total number of units of average daily attend-

ance of such minors in such school or classes during such school year.

The average daily attendance for all such minors who attend a junior high school in accordance with Sections 5601 to 5612, inclusive, shall be credited to the elementary district in which the institution is located for apportionment purposes.

For the purpose of this section "excess expenditures" shall mean the additional expenditures made by the district during the school year for education of such minors in regular classes and in classes maintained in regularly established licensed institutions authorized by law to be maintained by the district.

SEC. 4. Section 6952.5 of the Education Code is amended to read:

6952.5. In addition to any other payments required by this chapter, where the education in kindergarten or grades 1 through 12 of children described in Section 6951 or Section 6950 is provided in buildings or facilities owned by the school district, the county or city and county of the minor's residence shall pay to the school district, for the minor's use of the buildings and facilities and appurtenant equipment, an amount per unit of average daily attendance of such children during the school year prescribed by whichever of the following subdivisions is applicable:

(a) Thirty-five dollars ($35) if an elementary school district.

(b) Fifty-five dollars ($55) if a high school district.

(c) Forty-two dollars ($42) if a unified school district.

The moneys so received by the school district shall be deposited to the credit of its bond interest and redemption fund, except that if the school has no such fund, it shall be deposited in district's building fund.

No payment shall be made to a district under this section for children described in Section 6951 unless the district educates in kindergarten or grades 1 through 12 at least 30 children described in Section 6951 in buildings or facilities owned by the district. No payment shall be made to a district under this section for children described in Section 6950 unless the district educates in kindergarten or grades 1 through 12 at least 30 children described in Section 6950 in buildings or facilities owned by the district.

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order that the urgently needed procedures for financing the education of alien children and children in institutions and family homes provided for by this act may be effectuated as early as possible for the 1967–1968 fiscal year, it is necessary that this act take effect immediately.

CHAPTER 203

An act to add Section 51030.5 to the Government Code, relating to taxation of the occupancy of lodgings.

[Approved by Governor May 25, 1967. Filed with Secretary of State May 25, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 51030.5 is added to the Government Code, to read:

51030.5. The legislative body of any city or county may levy a tax on the privilege of renting a mobilehome, as defined in Section 18004 of the Health and Safety Code, which is located outside a mobilehome park for occupancy on a transient basis unless such occupancy is for any period of more than 30 days. Such tax when levied by the legislative body of a county shall apply only to the unincorporated areas of the county.

This section does not authorize any city or county to levy a tax on the privilege of renting any mobilehome when the tenant is an employee of the owner or operator of the mobilehome.

CHAPTER 204

An act to amend Section 214.01 of the Revenue and Taxation Code relating to the welfare exemption from property taxation.

[Approved by Governor May 25, 1967. Filed with Secretary of State May 25, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 214.01 of the Revenue and Taxation Code is amended to read:

214.01. For the purpose of Section 214, property shall be deemed irrevocably dedicated to religious, charitable, scientific, or hospital purposes only if a statement of irrevocable dedication to only these purposes is found in the articles of incorporation of the corporation, or in the case of any other fund or foundation, or corporation chartered by an act of Congress, in the bylaws, articles of association, constitution, or regulations thereof, as determined by the State Board of Equalization.

If, when performing the duties specified by Section 254.5, the board finds that an applicant for the welfare exemption is ineligible therefor, because at the time of the filing of the affidavit required by Section 254.5, the applicant's articles of incorporation, or in the case of any noncorporate fund or foundation, its bylaws, articles of association, constitution or regulations, did not comply with the provisions of this section,

the board shall notify the applicant in writing. The applicant shall have six months from the date of the mailing of such notice to amend its articles of incorporation, or in the case of any noncorporate fund or foundation, its bylaws, articles of association, constitution or regulations, and to notify the board thereof. In the event that the applicant makes such amendments to comply with the provisions of this section and files a certified copy of these amendments with the board within the time specified, the board shall make a finding that the applicant, if otherwise qualified, is eligible for the welfare exemption and forward such finding to the assessor.

SEC. 2. This act shall be operative on the lien date of 1968.

CHAPTER 205

An act to amend Sections 2, 3, 4, 5, 6.1, 8, 9, 13, 23, 24, 25.5, 26.1, 26.4, 26.6, 26.7, 26.9, 26.10, 26.13, 28, 31, and 33 of, to add Sections 7, 7.1, 7.2, 7.3, 7.4, and 20 to, and to repeal Section 7 of, the Santa Clara County Flood Control and Water District Act (Chapter 1405 of the Statutes of 1951), relating to the Santa Clara County Flood Control and Water District.

[Approved by Governor May 25, 1967. Filed with Secretary of State May 25, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 2 of the Santa Clara County Flood Control and Water District Act (Ch. 1405, Stats. 1951) is amended to read:

SEC. 2. A flood control and water district is hereby created to be called the Santa Clara County Flood Control and Water District. Said district shall consist of all the territory of the County of Santa Clara lying within the exterior boundaries of said county. As used in this act "district" means the Santa Clara County Flood Control and Water District.

SEC. 2. Section 3 of the Santa Clara County Flood Control and Water District Act (Ch. 1405, Stats. 1951) is amended to read:

SEC. 3. The board of the district created by this act, by resolutions thereof adopted from time to time, may establish zones within said district without reference to the boundaries of other zones, setting forth in such resolutions descriptions thereof by metes and bounds and entitling each of such zones by a zone number, and institute zone projects for the specific benefit of such zones. The board may, by resolution, amend the boundaries by annexing property to or by withdrawing property from said zones or may divide existing zones into two or more zones or may superimpose a new or amended zone

on zones already in existence, setting forth in such resolutions descriptions of the amended, divided or superimposed zones by metes and bounds and entitling each of such zones by a zone number.

Proceedings for the establishment of such zones may be conducted concurrently with and as a part of proceedings for the instituting of projects relating to such zones, which proceedings shall be instituted in the manner prescribed in Section 12 of this act.

SEC. 3. Section 4 of the Santa Clara County Flood Control and Water District Act (Ch. 1405, Stats. 1951) is amended to read:

SEC. 4. The objects and purposes of this act are to provide for the control of the flood and storm waters of the district and the flood and storm waters of streams that have their sources outside the district, but which streams and flood waters flow into the district and to protect from such flood or storm waters the public highways, life and property in the district, and the watercourses and watersheds of streams flowing into the district, and to provide for the conservation of flood and storm waters for beneficial and useful purposes by spreading, storing, retaining, and causing such waters to percolate into the soil within the district, or to save and conserve in any manner all or any of such waters, and to increase, and prevent the waste or diminution of the water supply in the district, and to obtain, retain and reclaim drainage, storm, flood or other waters from any sources, within or without the watershed in which the district is located for beneficial use within the district.

SEC. 4. Section 5 of the Santa Clara County Flood Control and Water District Act (Ch. 1405, Stats. 1951) is amended to read:

SEC. 5. The district is hereby declared to be a body corporate and politic and as such shall have, in addition to the other powers vested in it by this act, the following powers:

1. To have perpetual succession.

2. To sue and be sued in the name of said district in all actions and proceedings in all courts and tribunals of competent jurisdiction.

3. To adopt a seal and alter it at pleasure.

4. To acquire by grant, purchase, lease, gift, devise, contract, condemnation, construction, or otherwise, and to hold, use, enjoy, sell, let, and dispose of real and personal property of every kind, including lands, structures, buildings, rights-of-way, easements, and privileges, and to construct, maintain, alter and operate any and all works or improvements, within or without the district, necessary or proper to carry out any of the objects or purposes of this act and convenient to the full exercise of its powers, and to complete, extend, add to, alter, remove, repair or otherwise improve any works, or improvements, or property acquired by it as authorized by this act.

5. To store water in surface or underground reservoirs within or outside of the district for the common benefit of the district or of any zone or zones affected; to conserve and reclaim water for present and future use within the district; to appropriate and acquire water and water rights, and import water into the district and to conserve within or outside of the district, water for any purpose useful to the district; and to do any and every lawful act necessary to be done that sufficient water may be available for any present or future beneficial use or uses of the lands or inhabitants within the district, including but not limited to, the acquisition, storage and distribution of water for irrigation, domestic, fire protection, municipal, commercial, industrial, and all other beneficial uses; to distribute, sell, or otherwise dispose of, outside the district, any waters not needed for beneficial uses within the district; to commence, maintain, intervene in, defend or compromise, in the name of the district in behalf of the landowners therein, or otherwise, and to assume the costs and expenses of any action or proceeding involving or affecting the ownership or use of waters or water rights within or without the district, used or useful for any purpose of the district or of common benefit to any land situated therein, or involving the wasteful use of water therein; to commence, maintain, intervene in, defend and compromise and to assume the cost and expenses of any and all actions and proceedings now or hereafter begun; to prevent interference with or diminution of, or to declare rights in the natural flow of any stream or surface or subterranean supply of water used or useful for any purpose of the district or of common benefit to the lands within the district or to its inhabitants; to prevent unlawful exportation of water from said district; to prevent contamination, pollution or otherwise rendering unfit for beneficial use the surface or subsurface water used or useful in said district, and to commence, maintain and defend actions and proceedings to prevent any such interference with the aforesaid waters as may endanger or damage the inhabitants, lands, or use of water in, or flowing into, the district; provided, however, that said district shall not have power to intervene or take part in, or to pay the costs or expenses of, actions or controversies between the owners of lands or water rights which do not affect the interests of the district.

6. To control the flood and storm waters of said district and the flood and storm waters of streams that have their sources outside of said district, but which streams and the floodwaters thereof, flow into said district, and to conserve such waters for beneficial and useful purposes of said district by spreading, storing, retaining and causing to percolate into the soil within or without said district, or to save or conserve in any manner all or any of such waters and protect from damage from such flood or storm waters the watercourses, watersheds, public highways, life and property in said district, and the water-

courses outside of the district of streams flowing into the district.

7. To enter upon any land, to make surveys and locate the necessary works of improvement and the lines for channels, conduits, canals, pipelines, roadways and other rights-of-way; to acquire by purchase, lease, contract, condemnation, gift, devise, or other legal means all lands and water and water rights and other property necessary or convenient for the construction, use, supply, maintenance, repair and improvement of said works, including works constructed and being constructed by private owners, lands for reservoirs for storage of necessary water, and all necessary appurtenances, and also where necessary or convenient to said end, and for said purposes and uses, to acquire and to hold in the name of the state, the capital stock of any mutual water company or corporation, domestic or foreign, owning water or water rights, canals, waterworks, franchises, concessions, or rights, when the ownership of such stock is necessary to secure a water supply required by the district or any part thereof, upon the condition that when holding such stock, the district shall be entitled to all the rights, powers and privileges, and shall be subject to all the obligations and liabilities conferred or imposed by law upon other holders of such stock in the same company; to cooperate with, act in conjunction with, enter into and to do any acts necessary for the proper performance of any agreement with the State of California, or any of its engineers, officers, boards, commissions, departments, or agencies, or with the government of the United States, or any of its engineers, officers, boards, commissions, departments, or agencies, or with any state, city and county, city, county, district of any kind, public or private corporation, association, firm or individual, or any number of them, for the ownership, joint acquisition, leasing, disposition, use, management, construction, installation, extension, maintenance, repair, or operation of any rights, works, or other property of a kind which might lawfully be acquired or owned by the district or for the lawful performance of any power or purpose of said district provided for in this act including, but not limited to, the granting of the right to the use of any water or the right to store such water in any reservoir of the district or to carrying such water through any tunnel, canal, ditch or conduit of the district or for the delivery, sale, or exchange of any water right, water supply or water pumped, stored, appropriated or otherwise acquired or secured for the use of said district, or for controlling drainage waters, or flood or storm waters of streams in or running into said district, or for the protection of life or property therein, or for the purpose of conserving any waters for the beneficial use within said district, or in any other works, uses, or purposes provided for in this act; and to adopt and carry out any definite plan or system for accom-

plishing, facilitating and/or financing all work which may lawfully be accomplished by the district and to enforce said plan or system by resolution or ordinance.

8. To carry on technical and other necessary investigations, make measurements, collect data, make analyses, studies, and inspections pertaining to water supply, water rights, control of flood and storm waters, and use of water both within and without said district relating to watercourses or streams flowing in or into said district, and in all cases where land may be required for public use by said district, the district, or its agents in charge of such use, shall have the right of access to all properties within the district and elsewhere relating to watercourses and streams flowing in or into said district and may survey and locate the same; but such must be located in a manner which will be most compatible with the greatest public good and the least private injury. The district, or its agents in charge of such public use may enter upon such lands and make examinations, surveys, and maps thereof.

9. To prescribe, revise and collect fees and charges for facilities furnished or to be furnished to any new building, improvement or structure by the use of any flood control or storm drainage system constructed or to be constructed in a zone of the district, and whenever a drainage or flood control problem is referred to the district by the County of Santa Clara, or any incorporated city therein, to require the installation of drainage or flood control improvements necessary and/or convenient for needs of the zone, including but not limited to, residential, subdivision, commercial and industrial drainage and flood control needs, said county and cities being hereby authorized to refer all drainage and flood control problems, arising under the Subdivision Map Act or otherwise, to the district for solution. Revenues derived under this section shall be used for the acquisition, construction, reconstruction, maintenance and operation of the flood control or storm drainage facilities of the said zone, to reduce the principal or interest of any bonded indebtedness thereof, or to replace funds expended on behalf of said zone derived from the fund created under authority of Section 13, subdivision 1.

10. To incur indebtedness, and to issue bonds in the manner herein provided.

11. To cause taxes or assessments to be levied and collected for the purpose of paying any obligation of the district, and to carry out any of the purposes of this act, in the manner hereinafter provided.

12. To make contracts, and to employ labor, and to do all acts necessary for the full exercise of all powers vested in said district or any of the officers thereof, by this act.

13. To have the power and right to disseminate information concerning the rights, properties, activities, plans and proposals of the district; provided, however, that expenditures during any fiscal year for such purposes shall not exceed one-

half cent ($0 005) for each one hundred dollars ($100) of assessed valuation of such district.

14. To pay to any city, public agency or district a portion of the cost of water imported by such city, public agency or district into, for use within, and of benefit to the Santa Clara County Flood Control and Water District.

15. To establish designated floodways in accordance with the provisions of the Cobey-Alquist Flood Plain Management Act (Chapter 4 (commencing with Section 8400), Part 2, Division 5 of the Water Code).

16. To acquire, construct, maintain, operate and install landscaping or recreational facilities in connection with any dam, reservoir, or other works owned or controlled by the district.

SEC. 5. Section 6.1 of the Santa Clara County Flood Control and Water District Act (Ch. 1405, Stats. 1951) is amended to read:

Sec. 6.1. Whenever a part only of a parcel of land is required by the district, and the taking thereof, and the construction of the proposed public improvement thereon, will interfere with reasonable access to the remainder or a portion thereof, or will otherwise cause substantial damage to the remainder, the district may condemn, purchase, or otherwise acquire the whole parcel of land or such portion of the remainder to which access is impaired and may sell the remainder or exchange the same for other property required for district purposes. Or, in lieu of such acquisition of the remainder, the district may condemn, purchase, or otherwise acquire an easement for ingress to and egress from the remainder for use by the public, including the owner of the land.

SEC. 6. Section 7 of the Santa Clara County Flood Control and Water District Act (Ch. 1405, Stats. 1951) is repealed

SEC. 7. Section 7 is added to the Santa Clara County Flood Control and Water District Act (Ch. 1405, Stats. 1951), to read:

Sec. 7. The board of directors shall consist of seven members. Five members shall be elected, one from each of the five county supervisorial districts. Two members shall be appointed by the Board of Supervisors of Santa Clara County representing the district at large. The term of office of directors shall be four years. The directors shall hold office until their successors shall be elected or appointed and qualified. As used elsewhere in this act, the terms "board" and "board of directors" mean the board of directors of the Santa Clara County Flood Control and Water District.

SEC 8. Section 7 1 is added to the Santa Clara County Flood Control and Water District Act (Ch. 1405, Stats. 1951), to read:

Sec. 7.1. Each of the five elected members shall be nominated and elected by the electors of the supervisorial district which he represents at the times and in the manner provided by general law for the election of county supervisors. Elected

directors from the second, third and fifth supervisorial districts shall be first elected at the general election held in 1968. Elected directors from the first and fourth districts shall be first elected at the general election held in 1970. At each general election thereafter, either three or two directors, as the case may be, shall be elected. The term of office shall begin at noon on the first Monday in January following the election period. In order to be eligible for election or appointment each director must have been a qualified elector in the district he represents for the period of at least two years immediately preceding his election or appointment, and must continue to reside therein during his incumbency in office provided however no change in boundaries of a supervisorial district shall affect the term of office of any director. Every member of the board, whether elected or appointed, may be recalled by the voters in accordance with the recall provisions of Chapter 2 (commencing with Section 27200) of Division 14 of the Elections Code applicable to officers of counties.

SEC. 9. Section 7.2 is added to the Santa Clara County Flood Control and Water District Act (Ch. 1405, Stats. 1951), to read:

Sec. 7.2. The two appointed directors shall represent the district at large, but one appointed director must have been a qualified elector for a period of at least two years immediately preceding his appointment in that portion of the district which consisted of the area of the South Santa Clara Valley Water Conservation District on the effective date of this section. The other appointed director must have been such a qualified elector in that portion of the district which consisted of the area of the Santa Clara Valley Water Conservation District on the effective date of this section. Each appointed director must continue to reside within the area from which he was appointed during his incumbency in office.

The first term of office of the appointed director residing in said area of the Santa Clara Valley Water Conservation District shall terminate on the first Monday in January of the first even-numbered year following his appointment, and the first term of office of the director residing in said area of the South Santa Clara Valley Water Conservation District shall terminate on the first Monday in January of the second even-numbered year following his appointment.

SEC. 10. Section 7.3 is added to the Santa Clara County Flood Control and Water District Act (Ch. 1405, Stats. 1951), to read:

Sec. 7.3. Whenever a vacancy occurs in the office of an elected director, such vacancy shall be filled by appointment by the board of directors of a qualified elector from the district in which the vacancy occurs. If such an appointment is not made within 30 days from the occurrence of such vacancy, the Board of Supervisors of Santa Clara County shall make the appointment. An appointee shall hold office until the election and qualification of his successor. At the next general election

following any vacancy, a director shall be elected for the unexpired term of such office unless such term is to expire on the first Monday in January of the year succeeding such general election.

Whenever a vacancy occurs in the office of an appointed director, such vacancy shall be filled by appointment by the Board of Supervisors of Santa Clara County of a qualified elector from the area in which the vacancy occurs for the unexpired term of such office.

SEC. 11. Section 7.4 is added to the Santa Clara County Flood Control and Water District Act (Ch. 1405, Stats. 1951), to read:

Sec. 7.4. The first board of directors shall be appointed by the Board of Supervisors of the County of Santa Clara. Seven directors shall be appointed, one from each of the five county supervisorial districts and one from each of the two areas described in Section 7.2 of this act. The directors appointed shall meet the qualifications for director set forth in Sections 7.1 and 7.2 of this act. The first board of directors shall hold office until their successors shall be elected or appointed and qualified.

SEC. 12. Section 8 of the Santa Clara County Flood Control and Water District Act (Ch. 1405, Stats. 1951) is amended to read:

Sec. 8. The offices of the district attorney, county counsel, county surveyor, county assessor, county tax collector, county auditor or controller, county registrar of voters, and county treasurer of the County of Santa Clara shall be ex officio offices of the district and all officers, their assistants, deputies, clerks, and employees of such offices shall respectively perform, unless otherwise provided by the board, the same various duties for the district as for said County of Santa Clara, in order to carry out the provisions of this act. The County of Santa Clara and the district may also enter into agreements whereby said county provides additional services to the district or the district provides services to said county.

SEC. 13. Section 9 of the Santa Clara County Flood Control and Water District Act (Ch. 1405, Stats. 1951) is amended to read:

Sec. 9. The board shall have power to adopt ordinances, resolutions and other legislative acts for the district which shall be adopted, certified to, recorded, and published, in the same manner except as herein otherwise provided for, as are ordinances, resolutions, or other legislative acts for the County of Santa Clara The board shall have power to make and enforce all needful rules, regulations, standards, and procedures for the administration and government of the district, and to appoint and employ all needful agents, superintendents, engineers, attorneys, and employees to properly look after the performance of any work provided for in this act and to operate and maintain said works, and to perform all other acts necessary or proper to accomplish the purposes of this act.

In addition to the officers and employees herein otherwise prescribed, the board may in its discretion appoint a chairman, a clerk and such other officers and employees for the board or district as in its judgment may be deemed necessary, prescribe their duties and fix their compensation. Said officers and employees shall be employed, suspended, or their employment terminated in accordance with an ordinance setting forth rules, regulations, standards and procedures for appointment, suspension and termination of employment. Said ordinance shall be adopted by the board within 12 months after the effective date of the amendments made to this section at the 1967 Regular Session of the Legislature.

SEC. 14. Section 13 of the Santa Clara County Flood Control and Water District Act (Ch. 1405, Stats. 1951) is amended to read:

Sec. 13. The board shall have the power, in any year:

1. To levy ad valorem taxes or assessments in the district, to pay the general administrative costs and expenses, including maintenance and operation of established works, of the district, to carry out any of the objects or purposes of this act of common benefit to the district, and to provide a fund which may be used by the district to pay the costs and expenses of constructing or extending any or all works established within or on behalf of a zone or participating zones within said district; provided, that funds so used are replaced from funds derived from either of the following sources:

(a) Taxes or assessments levied pursuant to subdivisions 2 or 3 of this section within the zone or participating zones benefited by such construction in the year or years immediately following the use of said funds; or

(b) Fees or charges collected under authority of Section 5, subdivision 9, or Section 26.

Taxes or assessments under paragraph (a) of subdivision 1 of this section may be levied for purposes of this subdivision of this section by either of the following methods:

(a) By a levy or assessment upon all property within the district, including land, improvements thereon, and personal property; or

(b) By a levy or assessment upon all real property within the district, including both land and improvements thereon.

2. To levy taxes or assessments in each or any of said zones and participating zones, to pay the cost of carrying out any of the objects or purposes of this act performed or to be performed on behalf of said respective zones, including the constructing, maintaining, operating, extending, repairing or otherwise improving any or all works or improvements established or to be established within or on behalf of said respective zones, according to the benefits derived or to be derived by said respective zones, by any of the following methods:

(a) By a levy or assessment upon all property within a zone or participating zone, including land, improvements thereon, and personal property; or

(b) By a levy or assessment upon all real property within a zone or participating zones, including both land and improvements thereon; or

(c) By a levy or assessment upon land only within a zone or participating zones.

It is declared that for the purposes of any tax or assessment levied under this subdivision, the property so taxed or assessed within a given zone is equally benefited.

3. To levy assessments upon any property in each or any of said zones, according to the provisions and procedures of the Improvement Act of 1911, the Improvement Bond Act of 1915, the Municipal Improvement Act of 1913, or the Refunding Assessment Bond Act of 1935.

In the event of project cooperation with any of the governmental bodies as authorized in subdivision 7 of Section 5 of this act, and the making of a contract with any such governmental body for the purposes set forth in said subdivision 7, by the terms of which work is agreed to be performed by any such governmental body in any specified zone or participating zones, for the particular benefit thereof, and by said contract it is agreed that the district is to pay to such governmental body, a sum of money in consideration or subvention for the performance of said work by such governmental body, the board may levy and collect a special tax or assessment upon the property in such zone or participating zones, whereby to raise funds to enable the district to make such payment, in addition to other taxes or assessments herein otherwise provided for.

Said taxes or assessments shall be levied and collected together with, and not separately from taxes for county purposes, and the revenues derived from said district taxes or assessments shall be paid into the county treasury to the credit of said district, or the respective zones thereof, and the board shall have the power to control and order the expenditure thereof for said purposes; provided, however, that no revenues, or portions thereof, derived in any of the several zones from the taxes or assessments levied under the provisions of subdivision 2 of this section shall be expended for constructing, maintaining, operating, extending, repairing or otherwise improving any works or improvements located in any other zone, except in the case of joint projects, or for projects authorized or established outside such zone, or zones, but for the benefit thereof. In cases of projects joint to two or more zones, such zones will become, and shall be referred to as, participating zones.

SEC. 15. Section 20 is added to the Santa Clara County Flood Control and Water District Act (Ch. 1405, Stats. 1951), to read:

Sec. 20. The Board of Supervisors of Santa Clara County shall, at the time and place established by said board of supervisors for hearing and adopting the budget for said county, hear and adopt the budget submitted by the district, making

such additions thereto or deletions therefrom as said board of supervisors deems to be in the best interest of the district.

SEC. 16. Section 23 of the Santa Clara County Flood Control and Water District Act (Ch. 1405, Stats. 1951) is amended to read:

Sec. 23. Any improvement or unit of work not performed by district personnel and estimated by the engineer to cost in excess of five thousand dollars ($5,000) shall be done by contract. All such contracts shall be let to the lowest responsible bidder or bidders in the manner hereinafter provided. The board shall first determine whether such contract shall be let as a single unit for the whole of the work, or shall be divided into severable convenient parts, or both, according to the best interests of the district. The board shall make call for bids and advertise such call by three (3) insertions in a daily newspaper of general circulation or by two (2) insertions in a weekly newspaper of general circulation printed and published in said district inviting sealed proposals for the construction or performance of the improvement or work before any contract is made therefor. Such call for bids shall state whether such work is to be performed as a unit for the whole thereof or shall be divided into severable convenient specific parts, or both, as stated in the call. The board may let such work by single contract for the whole thereof as a unit or it may divide such work into severable convenient parts by separate contracts, as stated in such call, according to the best interests of the district. The board shall require the successful bidder or bidders to file with the board good and sufficient bonds to be approved by the board conditioned upon the faithful performance of the contract and upon the payment of their claims for labor and material in connection therewith, such bonds to contain the terms and conditions set forth in Chapter 3 of Division 5 of Title 1 of the Government Code and to be subject to the provisions of that chapter. The board shall also have the right to reject any and all bids. In the event all proposals are rejected or no proposals are received pursuant to advertisement therefor, or the estimated cost of such work does not exceed the sum of five thousand dollars ($5,000), or the work consists of channel protection, or maintenance work, or emergency work when necessary in order to protect life and property from impending flood damage, the board may without advertising for bids therefor have said work done by force account. The district shall have the power to purchase in the open market without advertising for bids therefor, materials and supplies for use in any work therewith either under contract or by force account.

The provisions of this section requiring competitive bidding and the award of contracts to the lowest responsible bidder shall be inapplicable to the extent the improvement or unit of work is to be performed on its own facilities by a public utility subject to the jurisdiction of the California Public Utilities Commission.

SEC. 17. Section 24 of the Santa Clara County Flood Control and Water District Act (Ch. 1405, Stats. 1951) is amended to read:

Sec. 24. Any improvement for which bonds are voted under the provisions of this act, shall be made in conformity with the report, plans, specifications and map theretofore adopted, as above specified, unless the doing of any of such work described in said report, shall be prohibited by law, or be rendered contrary to the best interests of the district by some change of conditions in relation thereto, in which event the board may order necessary changes made in such proposed work or improvements and may cause any plans and specifications to be made and adopted therefor.

SEC. 18. Section 25 5 of the Santa Clara County Flood Control and Water District Act (Ch. 1405, Stats. 1951) is amended to read:

Sec. 25.5. Should a proposition for issuing bonds for any zone or participating zones submitted at any election under this act fail to receive the requisite number of votes of the qualified electors voting at such election to incur the indebtedness for the purpose specified, the board shall not for six months after such election call or order another election in such zone or participating zone for incurring indebtedness and issuing bonds under the terms of this act for the same objects and purposes.

SEC. 19. Section 26 1 of the Santa Clara County Flood Control and Water District Act (Ch. 1405, Stats. 1951) is amended to read:

Sec. 26.1. As used in connection with the ground water charge, the following words shall mean:

"Person," "owner" or "operator" means public agencies, federal, state, and local, private corporations, firms, partnerships, individuals or groups of individuals, whether legally organized or not; "owner" or "operator" also means the person to whom a water-producing facility is assessed by the county assessor, or, if not separately assessed, the person who owns the land upon which a water-producing facility is located.

"Ground water" means nonsaline water beneath the natural surface of the ground, whether or not flowing through known and definite channels; "nonsaline water" means water which has less than 1,000 parts of chlorides to 1,000,000 parts of water, both quantities measured by weight.

"Production" or "producing" means the extraction or extracting of ground water, by pumping or any other method, from shafts, tunnels, wells (including, but not limited to, abandoned oil wells), excavations or other sources of such ground water, for domestic, municipal, irrigation, industrial, or other beneficial use, except that such terms shall not mean or include the extraction of ground water produced in the construction or reconstruction of a well, or water incidentally produced with

oil or gas in the production thereof, or water incidentally produced in a bona fide mining or excavating operation or water incidentally produced in the bona fide construction of a tunnel, unless the ground water so extracted shall be used or sold by the producer for domestic, municipal, irrigation, industrial, or other beneficial purpose.

"Water-producing facility" means any device or method, mechanical or otherwise, for the production of water from the ground water supplies within the district or a zone thereof.

"Accumulated overdraft" means the amount of ground water necessary to be replaced in the ground water basins or zones of the district to prevent the movement of saline water into the fresh ground water body, or to prevent ground water quality degradation from other sources, or to prevent subsidence of the land.

"Average annual overdraft" means the amount of ground water equal to the average annual decrease in the amount of ground water in storage that occurs during a long-term base hydrologic period under the particular set of physical conditions presently affecting the supply, use, and disposal of water in the ground water basins and the zones.

"Annual water supply surplus or deficiency" means the amount by which the summation of the items of water supply exceeds or is smaller than the summation of the items of water disposal under actual conditions in the area and during the year under consideration.

"Water year" means July 1st of one calendar year to June 30th of the following calendar year.

"Agricultural water" means water first used on lands in the production of plant crops or livestock for market.

SEC. 20. Section 26.4 of the Santa Clara County Flood Control and Water District Act (Ch. 1405, Stats. 1951) is amended to read:

Sec. 26.4. Within six months after the date of establishing any such zone or zones, all water-producing facilities located within the boundaries of such zone or zones shall be registered with the district and, if required by the board, measured with a water-measuring device satisfactory to the district installed by the district or at the district's option by the operator thereof. Any new water-producing facility, constructed or reestablished, or any abandoned water-producing facility which is reactivated, after such date, shall be registered with the district and, if required by the board, measured with a water-measuring device satisfactory to the district within 30 days after the completion or reestablishment, or reactivation thereof.

Failure to register any water-producing facility, as required by this act, is a misdemeanor punishable by a fine of not to exceed five hundred dollars ($500), or imprisonment in the county jail for not to exceed six months, or by both such fine and imprisonment.

In addition to other information which the district may determine is necessary and may require in the registration form provided, there shall also be given information as to the owner or owners of the land upon which each water-producing facility is located, a general description and location of each water-producing facility, the name and address of the person charged with the operation of each water-producing facility, and the name or names and addresses of all persons owning or claiming to own an interest in the water-producing facility.

SEC. 21. Section 26.6 of the Santa Clara County Flood Control and Water District Act (Ch. 1405, Stats. 1951) is amended to read:

Sec. 26.6. On the second Tuesday in February of each year the engineering investigation and report shall be delivered to the clerk of the district board in writing. Said clerk shall publish, pursuant to Section 6061 of the Government Code, a notice of the receipt of such report and of the public hearing to be held on the second Tuesday of March in a newspaper of general circulation printed and published within the district, at least 10 days prior to the date at which the public hearing regarding said engineering investigation and report shall be held. Said notice, among other information which the district may provide therein, shall contain an invitation to all operators of water-producing facilities within the district to call at the offices of the district to examine said engineering investigation and report.

There shall be held by the board on the second Tuesday of March of each year, in the chambers of the board, a public hearing at which time any operator of a water-producing facility within the district, or any person interested in the condition of the ground water supplies or the surface water supplies of the district, may in person, or by representative, appear and submit evidence concerning the ground water conditions and the surface water supplies of the district. Appearances also may be made supporting or protesting said written engineering investigation and report. The board shall, before the levy of the ground water charge, find and determine for each ground water basin or zone of the district the annual water supply surplus or deficiency for the preceding water year; the estimated annual water supply surplus or deficiency for the current water year and ensuing water year; the accumulated overdraft as of the end of the preceding water year; the amount of ground water extracted in the preceding water year; the estimated amount of ground water to be extracted during the current water year and ensuing water year; the configuration of the ground water table at the end of the preceding water year and changes from the previous year; and the amount of water the district is obligated by contract to purchase in the ensuing water year.

Said findings and determinations by the board shall be conclusive and binding upon all persons and parties.

SEC. 22. Section 26.7 of the Santa Clara County Flood Control and Water District Act (Ch. 1405, Stats. 1951) is amended to read:

Sec 26.7. Prior to the end of the water year in which said hearing is held, and based upon the findings and determinations from said hearing, the board shall determine whether or not a ground water charge should be levied in any zone or zones. If the board determines that a ground water charge should be levied, it shall levy, assess, and affix such charge or charges against all persons operating ground water-producing facilities within such zone or zones during the ensuing water year. The charge shall be computed at a fixed and uniform rate per acre-foot for agricultural water, and at a fixed and uniform rate per acre-foot for all water other than agricultural water Different rates may be established in different zones; provided, however, that in each zone the rate for agricultural water shall be fixed and uniform and the rate for water other than agricultural water shall be fixed and uniform.

The ground water charge in any year shall not exceed a fixed and uniform rate of eight dollars ($8) per acre-foot for agricultural water, or a fixed and uniform rate of thirty dollars ($30) per acre-foot for all water other than agricultural water.

Any ground water charge levied pursuant to this section shall be in addition to any general tax or assessment levied within the district or any zone or zones thereof.

Clerical errors occurring or appearing in the name of any person or in the description of the water-producing facility where the production of water therefrom is otherwise properly charged, or in the making or extension of any charge upon the records which do not affect the substantial rights of the assessee or assessees, shall not invalidate the ground water charge.

SEC. 23. Section 26.9 of the Santa Clara County Flood Control and Water District Act (Ch. 1405, Stats. 1951) is amended to read:

Sec. 26.9. After the establishment of a zone in which a ground water charge may be levied, each owner or operator of a water-producing facility within said zone, until such time as said water-producing facility has been permanently abandoned, shall file with the district, on or before the 31st day of January and on or before the 31st day of July in each year, a statement setting forth the total production in acre-feet of water for the preceding six-months period (excluding the month in which the statement is due), a general description or number locating each water-producing facility, the method or basis of the computation of such water production, and the amount of the ground water charge based on such computation. If no water has been produced from said water-producing facility during the preceding six-months period, said statement shall be filed as provided for herein, setting forth that no water has been produced during said period. Said statement shall be verified by a written declaration that it is made under the penalties of perjury. The ground water

charge is payable to the district on or before the last date upon which the water production statements shall be filed, and is computed by multiplying the production in acre-feet of water for each classification as disclosed in the statement by the ground water charge for each classification of water. At such time as any said water-producing facility has been permanently abandoned, the operator thereof shall give written notice of such abandonment to the district. If any operator of a water-producing facility shall fail to pay the ground water charge when due, the district shall charge interest at the rate of one percent (1%) each month on the delinquent amount of the ground water charge.

Should any owner or operator of a water-producing facility fail to register each water-producing facility, or fail to file the water production statements as required by this act, the district shall, in addition to charging interest as provided herein, assess a penalty charge against such owner or operator in an amount of ten percent (10%) of the amount found by said district to be due, except in those cases where payment in the proper amount has been made within the time required by this act and the failure to register the water-producing facility or to file the water production statement within the time required by this act resulted, in the opinion of the board, from excusable and justifiable circumstances, in which case the board may reduce or waive the penalty.

When a water-measuring device is permanently attached to a water-producing facility, the record of production as disclosed by such water-measuring device shall be presumed to be accurate and shall be used as the basis for computing the water production of said water-producing facility in completing the water production statement, unless it can be shown that the water-measuring device is not measuring accurately.

When a water-measuring device is not permanently attached to a water-producing facility, the board may establish a method or methods to be used in computing the amount of water produced from such water-producing facilities.

Such methods may be based upon any, or all, or a combination of some of the following criteria: the minimum charge sufficient to cover administrative costs of collection, size of water-producing facility discharge opening, area served by the water-producing facility, number of persons served by the water-producing facility, use of land served by the water-producing facility, crops grown on land served by the water-producing facility, or any other criteria which may be used to determine with reasonable accuracy the amount of water produced from such water-producing facility.

SEC. 24. Section 26.10 of the Santa Clara County Flood Control and Water District Act (Ch. 1405, Stats. 1951) is amended to read:

Sec. 26.10. Upon good cause shown, an amended statement of water production may be filed or a correction of the records may be made at any time prior to the final date for filing the

next semiannual water production statement; provided that if pursuant to Section 26.13, the owner or operator has been notified of a determination by the district that the production of water from the water-producing facility is in excess of that disclosed by the sworn statement covering such water-producing facility, and such owner or operator fails to protest such determination in the manner and in the time set forth in Section 26.13, he shall be precluded from later filing an amended water production statement for that period for such water-producing facility.

SEC. 25. Section 26.13 of the Santa Clara County Flood Control and Water District Act (Ch. 1405, Stats. 1951) is amended to read:

Sec 26.13. If the district has probable cause to believe that the production of water from any water-producing facility is in excess of that disclosed by the sworn statements covering such water-producing facility, or if no statements are filed covering any water-producing facility, the district may cause an investigation and report to be made concerning the production of water from each such water-producing facility. The district may fix the amount of water production from any such water-producing facility at an amount not to exceed the maximum production capacity of such water-producing facility; provided, however, where a water-measuring device is permanently attached thereto, the record of production, as disclosed by such water-measuring device, shall be presumed to be accurate.

After such determination has been made by the district, a written notice thereof shall be mailed to the person operating such water-producing facilities at his address as shown by the district's records. Any such determination made by the district shall be conclusive on all persons having an interest in such water-producing facility, and the ground water charge, interest and penalties thereon, shall be paid forthwith, unless such person files with the board within 15 days after the mailing of such notice, a written protest setting forth the ground or grounds for protesting the amount of production so fixed. Upon the filing of such protest, the board thereafter shall hold a hearing at which time the total amount of the water production and the ground water charge thereon shall be determined, which shall be conclusive if based upon substantial evidence. If the water production statement was filed and the amount disclosed thereon was paid within the time required by this act, and the board finds that the failure to report the amount of water actually produced resulted from excusable or justifiable circumstances, the board may waive the charge of interest on the amount found to be due. A notice of such hearing shall be mailed to the protestant at least 10 days before the date fixed for the hearing. Notice of the determination by the board shall be mailed to each protestant, who shall have 20 days from the date of mailing to

pay the ground water charge, interest or penalties provided by the provisions of this act.

Notice as required in this section shall be given by deposit thereof in any postal facility regularly maintained by the government of the United States in a sealed envelope with postage paid, addressed to the person on whom it is served at his name and address as disclosed by the records of the district. The service is complete at the time of deposit.

SEC. 26. Section 28 of the Santa Clara County Flood Control and Water District Act (Ch. 1405, Stats. 1951) is amended to read:

Sec. 28. There is hereby granted to the district the right-of-way for the location, construction and maintenance of flood control channels, ditches, waterways, conduits, canals, storm dikes, embankments, and protective works in, over and across public lands of the State of California, not otherwise disposed of or in use, not in any case exceeding in length or width that which is necessary for the construction of such works and adjuncts or for the protection thereof. Whenever any selection of a right-of-way for such works or adjuncts thereto is made by the district the board thereof must transmit to the State Lands Commission, the Controller of the State and the recorder of the county in which the selected lands are situated, a plat of the lands so selected, giving the extent thereof and the uses for which the same is claimed or desired, duly verified to be correct. If the State Lands Commission shall approve the selections so made it shall endorse its approval upon the plat and issue to the district a permit to use such right-of-way and lands.

SEC. 27. Section 31 of the Santa Clara County Flood Control and Water District Act (Ch. 1405, Stats. 1951) is amended to read:

Sec. 31. The legal title to all property, except shares of stock in mutual water companies or corporations, as provided in Section 31d of Article IV of the Constitution, acquired under the provisions of this act shall immediately and by operation of law vest in said district, and shall be held by said district, in trust for, and is hereby dedicated and set apart to, the uses and purposes set forth in this act. The board is hereby authorized and empowered to hold, use, acquire, manage, occupy and possess said property, as herein provided; and said board may determine, by resolution duly entered in their minutes that any property, real or personal, or interest therein, held by said district is no longer necessary to be retained for the uses and purposes thereof, and may thereafter sell, lease or otherwise dispose of said property in the manner prescribed by law for such action by counties in Sections 25365, 25521, 25522, 25524, 25526, 25527, 25530 through and including 25535, 50335, and 50430 through and including 50445 of the Government Code; provided, however, that notice of the board's intended action shall be as prescribed in Section 25363 of the Government Code; provided, further, that property

which, in the unanimous judgment of the board does not have a sale value in excess of one hundred dollars ($100), or a rental value in excess of fifty dollars ($50) per month, as determined by a qualified land appraiser, or which has no access to a public road, or which consists of an easement for ingress and egress to property, which by the terms of said easement will terminate when ingress and egress is supplied to said property by a public road, may be, on terms prescribed by the board, sold, leased, or conveyed by any person authorized by a majority vote of the board, and upon confirmation by the board. The board may also reconvey property no longer needed for district use to the former owner by whom such property was conveyed, or from whom such property was condemned to the district or his successor in interest for a price not less than that paid by the district for such property.

SEC. 28. Section 33 of the Santa Clara County Flood Control and Water District Act (Ch. 1405, Stats. 1951) is amended to read:

Sec 33. Each person elected or appointed to the office of director shall, within 10 days after receiving his certificate of election, or notice of appointment, qualify as such by taking and subscribing to an official oath and executing and filing an official bond in the sum of one thousand dollars ($1,000) which shall be approved by the judge of the Superior Court of Santa Clara County and shall be recorded in the offices of the county recorder of such county The director shall file such official bond, together with his official oath, with the clerk of the board.

For each day's attendance at the meetings of the board, each director shall receive compensation therefor which shall be established by the Board of Supervisors of Santa Clara County. Each director shall also receive actual and necessary expenses while engaged in official business under an order of the board.

Employees appointed by the board under this act when required by the board of the district, shall execute bonds conditioned, executed, approved, filed, and recorded in the general manner and form provided by law for officers, other than supervisors, of said county, before entering upon the duties of their respective employments

SEC. 29. (a) Any water conservation district formed and operating pursuant to the provisions of the Water Conservation Law of 1931 lying wholly within the boundaries of Santa Clara County shall be consolidated with the Santa Clara County Flood Control and Water District 120 days after the effective date of this act unless the board of directors of any such water conservation district adopts a resolution or the registered voters of such water conservation district file a petition calling for an election, as hereinafter provided, on the question as to whether or not such water conservation district should be so consolidated.

(b) If the board of directors of any such water conservation district desires an election to be held on the issue of whether or not such district shall be consolidated with the Santa Clara

County Flood Control and Water District, it shall adopt a resolution calling for such an election within such district. The resolution shall be adopted and filed with the Board of Supervisors of Santa Clara County within 30 days after the effective date of this act.

(c) If no such resolution has been filed within said 30-day period, the registered voters of any such water conservation district may file a petition with the Board of Supervisors of Santa Clara County to call an election within such water conservation district on the issue of whether or not such water conservation district shall be consolidated with the Santa Clara County Flood Control and Water District.

Such petition shall contain at least 2 percent of the signatures of the voters registered in such water conservation district on the effective date of this act. The petition may consist of a single instrument or separate counterparts. Each signer of a petition shall add to his signature the date of signing. Such petition shall be filed within 90 days after the effective date of this act. Within 15 days after the date of filing of such petition, the Clerk of the Board of Supervisors of Santa Clara County shall cause it to be examined and determine whether it is signed by the requisite number of registered voters. When said examination has been completed, the clerk shall attach his certificate to the petition showing the result of his examination.

(d) If no resolution or petition has been filed within the times prescribed herein, all of such water conservation districts shall be consolidated into the Santa Clara County Flood Control and Water District. Such consolidation shall become effective 120 days after the effective date of this act

(e) If, within the times prescribed herein, either a resolution or petition containing the required number of signatures of registered voters has been filed calling for such an election, the Board of Supervisors of Santa Clara County shall call such an election in the district or districts in which it has been determined, either by resolution or petition, that an election shall be held. The Board of Supervisors of Santa Clara County shall call such an election or elections between 15 and 30 days after the time for filing of petitions has elapsed. Said board of supervisors shall set the date for such an election between 60 and 90 days after the call for such election Costs of such election shall be borne by the water conservation district in which such election is held.

The board of supervisors shall call such election by ordinance and not otherwise and submit to the registered voters of any such water conservation district the question "Shall the ____ ____ Water Conservation District (giving the name of the water conservation district) be consolidated with and merged into the Santa Clara County Flood Control and Water District?" For the purposes of said elections, said board of supervisors shall in said ordinance, establish special election precincts within the boundaries of such water conservation dis-

trict and form election precincts by consolidating the precincts established for general elections in said water conservation district to a number not exceeding six general election precincts for each such special election precinct, and shall designate a polling place and appoint one inspector, one judge, and at least one clerk for each such special election precinct.

In all particulars not recited in said ordinance such special election shall be held as nearly as practicable in conformity with the general election laws of the state, except as provided herein.

Said ordinance calling for such special election shall, prior to the date set for such election, be published pursuant to Section 6062 of the Government Code in a newspaper of general circulation, circulated in the water conservation district or districts in which an election is to be held. The last publication of such ordinance must be at least 14 days before said election; and if there be no such newspaper then such ordinance shall be posted in five public places designated by the board of supervisors, in each water conservation district affected in which an election is to be held, for at least 30 days before the date fixed for such election. No other notice of such election need be given, nor need polling place cards be issued.

Any defect or irregularity in the proceedings prior to the calling of such special election shall not affect the validity of said election. If, at such election, a majority of the votes cast are in favor of consolidating with and merging into the Santa Clara County Flood Control and Water District, such consolidation shall become effective 15 days after the certification of the results of such election by the Board of Supervisors of Santa Clara County; provided, however, that if an election has been held in a water conservation district having 50 percent of the total registered voters of all water conservation districts lying wholly within Santa Clara County, no consolidation of any water conservation district with the Santa Clara County Flood Control and Water District shall be consummated if the consolidation has not been approved by a majority vote of the registered voters voting at an election in such water conservation district.

(f) If any water conservation district is consolidated with the Santa Clara County Flood Control and Water District, the Board of Supervisors of Santa Clara County shall appoint the first board of directors prior to the effective date of such consolidation.

SEC. 30. The area of any water conservation district, or any zone thereof, which pursuant to the terms of this act is consolidated with the Santa Clara County Flood Control and Water District, shall constitute a zone of said Santa Clara County Flood Control and Water District. The obligations of said water conservation district, including but not limited to obligations for payment of principal and interest on outstanding bonds, due and owing on the date of such consolidation, shall remain as obligations of said areas.

SEC. 31. Title to all real and personal property of any water conservation district which, pursuant to the terms of this act, is consolidated with the Santa Clara County Flood Control and Water District, shall upon such consolidation, vest in the Santa Clara County Flood Control and Water District, and all funds on hand or moneys due or to become due to such water conservation district shall be paid into the county treasury to the credit of the zone consisting of the area of such water conservation district or zone thereof. Any of such funds committed for the payment of principal and interest on bonds issued and sold by any such water conservation district shall continue to be committed for such purpose.

SEC. 32. All employees of any water conservation district which, pursuant to the terms of this act, is consolidated with the Santa Clara County Flood Control and Water District, shall, upon such consolidation, become employees of the Santa Clara County Flood Control and Water District and receive the same rate of pay as they receive from such water conservation district on the date of such consolidation, subject to the right of the district board to make salary adjustments, along with salary adjustments for its other employees.

SEC. 33. Sections 6, 7, 8, 9, 10, 11, 15, 22, and 28 of this act shall become operative only if one or more of the water conservation districts lying wholly within the boundaries of Santa Clara County are consolidated with the Santa Clara County Flood Control and Water District and shall become operative on the effective date of such consolidation; provided, however, that the Board of Supervisors of Santa Clara County shall have the power to appoint the first board of directors of the Santa Clara County Flood Control and Water District as prescribed in subdivision (f) of Section 29 of this act.

SEC. 34. The provisions of the District Reorganization Act of 1965 shall not be applicable to the consolidation of districts provided by this act.

CHAPTER 206

An act to add Section 821 to the Education Code, relating to county superintendents of schools.

[Approved by Governor May 25, 1967. Filed with Secretary of State May 25, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 821 is added to the Education Code, to read:

821. The county superintendent of schools may contract with any other county superintendent of schools for the purpose of providing the educational services or conducting pro-

grams authorized for a county superintendent of schools for the education of educationally handicapped minors, physically handicapped minors, and mentally retarded minors. A contract entered into pursuant to this section shall be approved by each board of education of the counties involved before it may be given effect.

CHAPTER 207

An act to add Section 12104 to the Education Code, relating to severance and exclusion of minors from schools.

[Approved by Governor May 25, 1967. Filed with Secretary of State May 25, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 12104 is added to the Education Code, to read:

12104. The administration of each private school and public school district of any county shall, upon the severance of attendance or the denial of admission of any child who is physically handicapped, mentally retarded, or multiple handicapped but is otherwise subject to the compulsory education laws of California, report such severance, expulsion, exclusion, exemption, transfer, or suspension beyond 10 schooldays to the county superintendent of schools in the jurisdiction. The report shall include names, ages, last known address, and the reason for such severance, expulsion, exclusion, exemption, transfer, or suspension.

It shall be the duty of the county superintendent of such county to examine such reports and draw to the attention of the county board of education and local district board of education any cases in which the interests of the child or the welfare of the state may need further examination.

After preliminary study of available information in cases so referred to it, the county board of education may, on its own action, hold hearings on such cases in the manner provided in Education Code Section 10608 and with the same powers of final decision as therein provided.

CHAPTER 208

An act to amend Section 14240 of the Elections Code, relating to voter challenges.

[Approved by Governor May 25, 1967. Filed with Secretary of State May 25, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 14240 of the Elections Code is amended to read:

14240. A person offering to vote may be orally challenged within the polling place only by a member of the precinct board upon any or all of the following grounds:

(a) That he is not the person whose name appears on the register.

(b) That he has not been a resident of the state one year next preceding the election.

(c) That he has not been a naturalized citizen of the United States for 90 days prior to the election.

(d) That he has not been a resident of the county for 90 days preceding the election.

(e) That he has not been a resident of the precinct for 54 days next preceding the election.

(f) That he has voted that day.

(g) That he has been convicted of a felony.

(h) That he has been convicted of the embezzlement or misappropriation of public money.

On the day of the election no person, other than a member of a precinct board or other official responsible for the conduct of the election, shall challenge any voter or question him concerning his qualifications to vote.

If any member of a precinct board receives, by mail or otherwise, any document or list concerning the residence or other voting qualifications of any person or persons, with the express or implied suggestion, request, or demand that such person or persons be challenged, he shall first determine whether the document or list contains or is accompanied by evidence constituting probable cause to justify or substantiate a challenge. In any case, before making any use whatever of such a list or document, the member of the precinct board shall immediately contact the clerk, charged with the duty of conducting the election, and describe to him the contents of such document or list and such evidence, if any, received bearing on voting qualifications. The clerk shall advise the members of the precinct board as to the sufficiency of probable cause for instituting and substantiating the challenge and as to the law as herein provided, relating to hearings and procedures for challenges by members of the precinct board and determination thereof by a precinct board. The clerk may, if necessary, designate a deputy to receive and answer inquiries from precinct board members as herein provided.

No person shall post or cause to have posted any poster, bill, or placard containing any information concerning eligibility to vote to be displayed on the day of the election within 500 feet of the entrance to a polling place.

CHAPTER 209

An act to add Section 22870.5 to the Elections Code, relating to municipal ballots.

[Approved by Governor May 25, 1967. Filed with Secretary of State May 25, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 22870.5 is added to the Elections Code, to read:

22870.5. If the number of candidates is such that all of the names will not fit in one column of reasonable length, a double column may be used and the following provisions shall apply:

(a) The space between the two halves of the double column shall be less than that between the double column and any other columns on the ballot and the lines separating the columns and the two halves of the double column shall be printed so as to emphasize the fact that the candidates in the double column are running for the same office.

(b) The designation of the office and any other words required to be at the top of a single column shall be printed across the top of the entire double column with no dividing line. The words "Vote for one," "Vote for two" or more, as the case may be, shall be centered over the entire double column and shall be printed below any other words at the top of the double column.

(c) The names of the candidates including the blank space or spaces necessary to permit the voter to write in the names of persons not printed on the ballot shall be apportioned as equally as possible between the two columns. The odd space, if any, shall be included in the left hand column.

(d) The double column shall be used for no more than one office and for no more than one term for any office.

(e) The order of names and blank spaces in the double column shall be the same as would apply to a single column with the left hand side of the double column taken first.

CHAPTER 210

An act to repeal Sections 19591.1, 19591.2, 19591.3, 19591.5, 19594.5, and 19594.6 of the Education Code, relating to state school building aid, declaring the urgency thereof, to take effect immediately.

[Approved by Governor May 25, 1967. Filed with Secretary of State May 25, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Notwithstanding the provisions of Section 19590 of the Education Code, a final apportionment may be made to a school district which did not, on the date a con-

ditional apportionment was made prior to August 10, 1966, have outstanding bonds of the district exceeding 95 percent of the maximum amount of bonds which it could have had outstanding on that date under any law, if all of the following conditions exist:

(a) The amount of outstanding bonds of the district on the date the conditional apportionment was made prior to August 10, 1966, falls short of 95 percent of the maximum amount of bonds which it could have outstanding under any law, by twenty thousand dollars ($20,000) or less.

(b) The deficiency in outstanding bonded indebtedness described in subdivision (a) arose because of the annexation of a lapsed school district to the applicant district.

(c) The annexation of the lapsed school district occurred within five days prior to the date of the conditional apportionment.

SEC. 2. Section 19591.1 of the Education Code is repealed.

SEC. 3. Section 19591.2 of the Education Code is repealed.

SEC. 4. Section 19591.3 of the Education Code is repealed.

SEC. 5. Section 19591.5 of the Education Code is repealed.

SEC. 6. Section 19594.5 of the Education Code is repealed.

SEC. 7. Section 19594.6 of the Education Code is repealed.

SEC. 8. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

A school district which has applied for a conditional apportionment and which meets the requirements of law that it be bonded to 95 percent of capacity, may, through the untimely annexation of a lapsed district, inadvertently cause the outstanding bonded indebtedness to fall to less than the required amount. At least one school district in the state finds itself in this unfortunate predicament at a time when it is in dire need of funds for school building construction and is otherwise eligible therefor in all respects. In order that school districts in this situation may receive the loans to which they are otherwise entitled without further delay, it is necessary that this act take effect immediately.

CHAPTER 211

An act to amend and renumber Sections 16485, 16486, and 16487 of the Vehicle Code, relating to payment of judgments.

[Approved by Governor May 25, 1967. Filed with Secretary of State May 25, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 16485 of the Vehicle Code is amended and renumbered to read:

16379. The department shall not suspend a license or registration of a motor vehicle and shall restore any suspended license or registration following nonpayment of a final judgment when the judgment debtor gives proof of financial responsibility for future damages and when the trial court in which the judgment was rendered orders the payment of the judgment in installments and while the payment of any installment payment is not in default. Whenever the trial court orders the payment of a judgment in installments as provided in this section, it shall forward a certified copy of the order to the department, together with a certified copy of judgment or certified copy of the docket entries in an action resulting in a judgment for damages and a certificate of facts relative to the judgment on a form provided by the department.

SEC. 2. Section 16486 of the Vehicle Code is amended and renumbered to read:

16380. The trial court may order the payment of a judgment in installments only when the defendant is not insured or the insurance policy covering the automobile involved in the accident, for the ownership or operation of which the defendant is held liable, is not sufficient to pay the amount of the judgment, and then only as to such portion of the judgment not covered by the insurance policy. The order shall fix the amounts and times of payment of the installments and shall be without prejudice to any other legal remedies available to the judgment creditor.

SEC. 3. Section 16487 of the Vehicle Code is amended and renumbered to read:

16381. In the event that it is made to appear to the court that the judgment debtor has failed to pay any installment as permitted by the order of the court, the court shall give notice of the default to the department and the department shall forthwith suspend the driving privilege and registration certificates and registration plates of the judgment debtor until the judgment is satisfied as provided in this chapter.

CHAPTER 212

An act to create a California Bicentennial Celebration Commission, making an appropriation.

[Approved by Governor May 25, 1967. Filed with Secretary of State May 25, 1967.]

The people of the State of California do enact as follows:

SECTION 1. There is in the state government a California Bicentennial Celebration Commission. The commission shall consist of 15 members:

(a) Two Members of the Senate appointed by the Senate Committee on Rules.

(b) Two members, who may or may not be Members of the Senate, appointed by the President pro Tempore of the Senate.

(c) Two Members of the Assembly appointed by the Speaker of the Assembly.

(d) Two members, who may or may not be Members of the Assembly, appointed by the Speaker of the Assembly.

(e) The Lieutenant Governor.

(f) Six public members appointed by the Governor with the consent of the Senate.

The Members of the Legislature shall participate on the commission to the extent that such participation is not incompatible with their positions as Members of the Legislature.

SEC. 2. The Lieutenant Governor shall serve as chairman of the commission.

SEC. 3. The members of the commission shall not receive compensation for their services under this act, but each member of the commission shall be entitled to receive his actual necessary expenses while on official business of the commission.

SEC. 4. The commission shall plan the celebration in 1969 and 1970 of the state's 200th anniversary in the manner which will most appropriately depict our historical past, our living present and our vibrant future, and the commission shall work with, advise, and coordinate the bicentennial activities of, all cities, counties, and state agencies, in order to ensure the commemoration of the state's 200th anniversary in the most meaningful and significant manner. The commission may contract with such other agencies, public or private, as it deems necessary to carry out the purposes of this section.

SEC. 5. The commission shall have the powers and authority necessary to carry out the duties imposed upon it by this act, including, but not limited to, the authority to employ such administrative, technical and other personnel as may be necessary for the performance of its powers and duties.

SEC. 6. For purposes of this act, the commission may accept any gifts, donations or bequests, and may accept grants of funds from private and public agencies. Any gift, donation, bequest or grant received pursuant to this section shall be deposited in the California Bicentennial Celebration Fund, which is hereby created in the State Treasury. The money in the California Bicentennial Celebration Fund is appropriated, without regard to fiscal years, for purposes of this act. The commission may expend any money in the fund for promotion and advertising, for participation in local events related to the purposes of this act, and for any purpose related to the purposes of this act and specified in the gift, donation, bequest or grant.

SEC. 7. The commission shall submit a report to the Legislature not later than 60 calendar days following the commencement of the 1968 Regular Session concerning such studies it has made and such actions it has taken and recommending such legislation and other action as it deems necessary for the implementation and enforcement of this act.

SEC. 8. Sections 1 to 7, inclusive, of this act shall be operative only until January 1, 1971.

SEC. 9. The sum of twenty-five thousand dollars ($25,000) is hereby appropriated from the General Fund to the California Bicentennial Celebration Commission to carry out the purposes of this act. It is the intention of the Legislature that the appropriation made by this section shall be regarded by the commission as sufficient for its operation until January 1, 1971, when added to such gifts, donations, bequests, or grants which it might receive from other sources.

CHAPTER 213

An act to add Section 20820 to the Government Code, relating to the state retirement system.

[Approved by Governor May 25, 1967. Filed with Secretary of State May 25, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 20820 is added to the Government Code, to read:

20820. Any local member of this system who is credited with service as a court reporter in the superior court, for which he received compensation on a per diem basis, may elect at any time prior to retirement to receive credit for time prior to the effective date of this section during which he performed court reporting duties in connection with civil court cases in the superior court in the same county and for which he was compensated by fees paid by litigants other than the county.

Any member so electing shall contribute in a lump sum or by installment payments over a period not in excess of the length of time for which service will be credited and subject to minimum payments fixed by the board, an amount equal to the contributions he would have made had the fees been paid by the county plus the interest which would have accrued to such contributions had they been made at the time such fees were received, computed at the interest rate in effect on the date of his election. The same credit shall be given for such service as would have been given had the fees been received from the county.

Employer costs of all benefits based on service credited under this section shall be paid from contributions of the county under its contract with the board.

This section shall not apply to any contracting agency nor to the employees of such agency unless and until the agency elects to be subject hereto by amendment to its contract made in the manner prescribed for approval of contracts, except that an election among the agency's employees is not required, or, in the case of contracts made after the date this section takes effect, by express provision of such contract.

CHAPTER 214

An act to amend Sections 15503, 15504, 15505, 15507, 15509, 15510, and 15511 of, to repeal Sections 15501 and 15502 of, and to add Sections 15501, 15502, 15512, 15513, 15514, and 15515 to, the Education Code, relating to public school buildings, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor May 25, 1967. Filed with Secretary of State May 25, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 15501 of the Education Code is repealed.

SEC. 1.3. Section 15501 is added to the Education Code, to read:

15501. The Legislature finds and declares as follows:

(a) By an urgency act (Stats. 1933, Ch. 59), the Legislature at the 1933 General Session established reasonable minimum standards for the design and construction of new school buildings, as now defined in Section 15452. Although it was not required that then existing school buildings incorporate these standards, it was intended by the Legislature that in the intervening years continuous progress would be made in the repair, reconstruction or replacement of such school buildings.

(b) Progress toward this end has been outstanding in some school districts. In other school districts the matter has been ignored, thus prolonging a dual level of safety for the school children of California.

(c) Recognizing that some school buildings are better preserved than others, that some are less hazardous than others, that some more nearly satisfy modern educational needs than others, but that the best of these buildings are at least 33 years old and approaching the end of their efficient service life, it is reasonable to expect that all of them will have been repaired, reconstructed or replaced by 1983, at which time the newest of them will be 50 years old.

SEC. 1.5. Section 15502 of the Education Code is repealed.

SEC. 1.7. Section 15502 is added to the Education Code, to read:

15502. It is the intent of the Legislature to re-examine the progress under this article from time to time. To enable it to do so, and to expedite the provision of safe educational facilities for California school children, the Legislature intends that the governing board of each school district adopt a plan for the orderly repair, reconstruction, or replacement of school buildings not repaired, reconstructed, or replaced in accordance with this article.

SEC. 2. Section 15503 of the Education Code is amended to read:

15503. The governing board of any school district which has in use for school purposes any school buildings which were not constructed under approved plans and the supervision and inspection requirements of Article 4 (commencing with Section 15451) of this chapter shall have such buildings examined pursuant to this section and shall have completed on or before January 1, 1970, the examination, reporting and estimate requirements of this section and Section 15512.

Whenever an examination of the structural condition of any school building of a school district has been made by the Department of General Services, or by any licensed structural engineer or licensed architect for the governing board of the school district, or under the authorization of law, and a report of the examination, including the findings and recommendations of the agency or person making the examination, has been made to the governing board of the district, and the report shows that the building is unsafe for use, the governing board of the district shall immediately have prepared an estimate of the cost necessary to make such repairs to the building or buildings as are necessary, or, if necessary, to reconstruct or replace the building so that the building when repaired or reconstructed, or any building erected to replace it, shall meet such standards of structural safety as are established in accordance with law. The estimate shall be based on current costs and may include other costs to reflect modern educational needs. Also an estimate of the cost of replacement based on the standards established by the State Allocation Board for area per pupil and cost per square foot, shall be made and reported.

The report required by this section shall include a statement that each of the buildings examined is safe or unsafe for school use. For the purpose of this statement the sole consideration shall be protection of life and the prevention of personal injury at a level of safety equivalent to that established by Article 4 (commencing with Section 15451) of this chapter and the rules and regulations adopted thereunder, disregarding, insofar as possible, such building damage not jeopardizing life which would be expected from one disturbance of nature of the intensity used for design purposes in said rules and regulations.

SEC. 3. Section 15504 of the Education Code is amended to read:

15504. After securing the estimates, the governing board of the district shall, if the district has sufficient funds to its credit to permit the repairs, reconstruction, or replacement, and such funds do not represent the proceeds of a bond issue previously authorized by the electorate of the district for other purposes, immediately proceed in such manner as is authorized by law to secure the necessary authorization for the expenditure of the funds. If authorization to expend the funds is not required by law, the board shall within six months from the receipt of the report of the examination of the building or

buildings initiate action for the repair, reconstruction, or replacement of the building or buildings.

SEC. 4. Section 15505 of the Education Code is amended to read:

15505. If the district does not have sufficient funds available to permit the governing board of the district to proceed with the repair, reconstruction, or replacement of the building or buildings, the governing board shall within six months after receiving the report of the examination of the building or buildings, call an election at which there shall be submitted to the qualified electors of the district three propositions, as follows:

(a) (1) Authorization of bonds of the district in an amount sufficient, as shown by the estimate, to provide funds for the repair, or reconstruction, of the building or buildings, in accordance with the governing board's plan; or

(2) Authorization of bonds of the district in an amount sufficient as shown by the estimate obtained by the district to construct new school facilities on the site of one or more of the unfit building or buildings, or on other sites, in accordance with the governing board's plan.

(b) Authorization of the increase of the maximum tax rate of the district for such length of time as will permit raising sufficient funds by district taxation for the repair, reconstruction, or replacement of the building in accordance with the governing board's plan.

(c) Abandonment of the building and the use of tents or other temporary structures for school purposes in lieu of the building abandoned.

Neither of the propositions under (a) and (b) shall be required to make provision for financing of the entire repair, reconstruction or replacement program of the district, but shall at least provide funds for commencement of such repair, reconstruction or replacement, consistent with the governing board's plan.

SEC. 5. Section 15507 of the Education Code is amended to read:

15507. The resolution ordering and the notice calling the election shall specify the building or buildings initially proposed to be repaired, reconstructed, or replaced, and those proposed to be repaired, reconstructed, or replaced pursuant to the governing board's plan.

SEC. 6. Section 15509 of the Education Code is amended to read:

15509. If, at the election, the requisite number of voters cast their ballots in favor of the issuance of bonds, the bonds shall be issued and sold in the manner provided by law for the issuance and sale of bonds of the district, and the proceeds used for the purpose or purposes specified in the resolution or notice calling the election. In such event, the results of the voting upon the proposition calling for an increase in the

maximum tax rate of the district submitted at the election shall be disregarded.

SEC. 7. Section 15510 of the Education Code is amended to read:

15510. If, at the election, issuance of bonds of the district is not authorized, and if, on the proposition of increasing the tax rate of the district the number of votes cast in the affirmative is sufficient to authorize an increase in the tax rate of the district, the increase shall be authorized, and the governing board shall proceed to increase the rate and to use the proceeds of the increased tax solely for the purpose or purposes specified in the resolution or notice calling the election.

SEC. 8. Section 15511 of the Education Code is amended to read:

15511. If at the election, neither the proposal for the issuance of bonds nor the proposal to increase the maximum tax rate of the district to initiate the governing board's plan is approved and authorized, the governing board of the district shall, in accordance with the same or a modified plan, submit the proposals to authorize the issuance of bonds and to increase the tax rate no later than five years following the last submission of these propositions to the qualified electors of the district. The result of the voting on the proposition to authorize the use of tents or other temporary structures shall be considered by the governing board as an advisory vote, and the tents or other temporary structures may be used for school purposes to the extent that such use is deemed necessary by the governing board.

SEC. 9. Section 15512 is added to the Education Code, to read:

15512. The governing board of each school district required to act pursuant to Section 15503 shall, within six months after receiving the report of the examination of the building or buildings, place on file with the Bureau of School Planning within the Department of Education a summary of all reports of examinations and estimates relating to school buildings which have not been repaired, reconstructed or replaced in accordance with law, including a summary of previous elections held and actions taken concerning this matter, if any, and a statement of intentions to repair, reconstruct or replace such buildings which shall constitute the governing board's plan. The plan shall include the approximate date it is contemplated that such actions to repair, reconstruct or replace each such building will occur.

SEC. 10. Section 15513 is added to the Education Code, to read:

15513. The Bureau of School Planning within the Department of Education shall summarize and report to the Legislature every two years, commencing with the 1968 Regular Session, the data placed on file with the bureau pursuant to Section 15512.

SEC. 11. Section 15514 is added to the Education Code, to read:

15514. Except as provided in Section 15515, nothing in this article shall be construed as relieving any member of the governing board of a school district of any liability for injury to persons or damage to property imposed by law.

SEC. 12. Section 15515 is added to the Education Code, to read:

15515. No member of the governing board of a school district shall be held personally liable for injury to persons or damage to property resulting from the fact that a school building was not constructed under the requirements of Article 4 (commencing with Section 15451) of this chapter, if such governing board complies with the provisions of this article. Such limit on liability shall commence when such governing board initiates action to comply with the provisions of Section 15503.

SEC. 13. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

This statute provides a means to correct the unsafe condition of school buildings which condition may endanger the students and other persons using such buildings and such correction should take place as soon as it can reasonably be done, and therefore it is necessary that this statute take effect immediately.

CHAPTER 215

An act to validate the organization and annexation of school districts, declaring the urgency thereof, to take effect immediately.

[Approved by Governor May 25, 1967. Filed with Secretary of State May 25, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Whenever the order of the board of supervisors necessary for the organization or annexation of a school district was completed before the first day of February, 1967, such district is hereby declared to be legally created and to be effective for assessment or taxation purposes if the statement, together with the map or plat, required to be filed under Sections 54900 to 54903.1, inclusive, of the Government Code, is filed prior to April 1, 1967.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Under existing law, the organization and annexation of any school district is not effective for the purposes of assessment and taxation if the statement and map or plat required to be filed by Government Code Sections 54900 and following are not filed on or before the first day of January of the year in which the assessments or taxes are to be levied. In order to permit school districts which have filed such statements and map or plats during the months of February and March, 1967, to properly function for the purposes of assessment and taxation in the first fiscal year of their existence it is necessary that this act take effect immediately.

CHAPTER 216

An act to amend Sections 68540 and 68541 of the Government Code, relating to courts.

[Approved by Governor May 25, 1967. Filed with Secretary of State May 25, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 68540 of the Government Code is amended to read:

68540. (a) Whenever a judge of a superior court is assigned by the Chairman of the Judicial Council to sit in a superior court in another county, the county to which such judge is assigned shall reimburse the county in which such judge was selected as a superior court judge in an amount equal to the lending county's portion of the regular salary of such judge paid for the time he was serving in the other court.

(b) Whenever a judge of a municipal or justice court is assigned by the Chairman of the Judicial Council to sit in a superior court in another county, the county to which such judge is assigned shall reimburse the county in which such judge was selected as a municipal or justice court judge in an amount equal to the regular salary of such judge paid for the time he was serving in the other court.

(c) The state shall pay the same proportion of the extra compensation of a judge of a municipal or justice court, assigned to a superior court, that it pays of the salary of a judge of the superior court to which the assignment is made, and the remainder of such extra compensation shall be paid by the county in and for which is held the superior court to which the assignment is made.

SEC. 2. Section 68541 of the Government Code is amended to read:

68541. The extra compensation of a judge of a justice court sitting in another justice court or a municipal court under assignment made by the Chairman of the Judicial Council shall be paid by the county which by law is charged with the payment of the compensation of the judge of the court to which the

assignment is made, and, if the assignment is to a justice or municipal court in another county, the county to which such judge is assigned shall reimburse the county in which such judge was selected as a justice court judge in an amount equal to that portion of the regular salary of such judge paid for the time he was serving in the other court. This reimbursement shall be made from the same funds as the extra compensation is paid.

CHAPTER 217

An act to amend Section 266 of the Revenue and Taxation Code, relating to property tax exemptions, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor May 25, 1967. Filed with Secretary of State May 25, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 266 of the Revenue and Taxation Code is amended to read:

266. Any tax or penalty or interest thereon for any fiscal year commencing during the calendar year of 1957, 1958, 1962, 1963, 1964, 1965, or 1966 on property as to which the college exemption was available for such fiscal year shall be canceled pursuant to Article 1 (commencing with Section 4986) of Chapter 4 of Part 9 of this division as if it had been levied or charged erroneously, and, if paid, a refund thereof shall be made pursuant to Article 1 (commencing with Section 5096) of Chapter 5 of Part 9 of this division as if it had been erroneously collected.

SEC. 2. Notwithstanding any provisions of this division to the contrary, anyone claiming an exemption under the provisions of this act shall have a period of one year from the date on which this act becomes effective in which to file for such exemption.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Some colleges have inadvertently failed to file the required affidavit in support of the tax exemption of their property which is granted by the State Constitution, and as a result now are confronted with obligations which, if met, will substantially impair their ability to function effectively. This act will remedy the situation by, in effect, removing the procedural bar to the application of the exemption to such property. In doing so, the public policy of the state as expressed in the Constitution will be entirely fulfilled and the state as a whole will benefit. Therefore it is necessary that this act go into immediate effect.

CHAPTER 218

An act to amend Sections 50602, 50730, 50731.5, 50732, 50740, and 50741 of, to add Sections 50602.5, 50731.6 and 50756 to, and to repeal Sections 50731 and 50756 of, the Water Code, relating to reclamation district elections.

[Approved by Governor May 25, 1967. Filed with Secretary of State May 25, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 50602 of the Water Code is amended to read:

50602. Members of the board shall be elected for a term of four years and shall serve until their successors are elected and qualified. The terms of the members shall be staggered.

SEC. 2. Section 50602.5 is added to the Water Code, to read:

50602.5. Members of the board of a district whose terms have not been staggered as of the date when this section becomes effective shall meet and classify themselves by lot into two classes as nearly equal in number as possible in order to determine when their respective terms shall expire. Unless otherwise provided in the bylaws, the term of office of the class having the lesser number of members shall be deemed to expire on the date for the general district election in 1969. The terms of the other members shall be deemed to expire on the date for the general district election in 1971.

SEC. 3. Section 50730 of the Water Code is amended to read:

50730. There shall be an election in each district on the first Tuesday after the first Monday in November in each odd-numbered year at such place in or near the district as designated by the board. The costs of the election shall be a charge upon the district.

SEC. 4. Section 50731 of the Water Code is repealed.

SEC. 5. Section 50731.5 of the Water Code is amended to read:

50731.5. Nominations for the office of trustee shall be made by petition of five or more qualified voters filed with the secretary not earlier than 75 days nor later than 5 p.m. on the 54th day before the election. Notice that such petitions may be received shall be published once by the secretary at least seven days prior to the final date for receiving petitions. Such notice shall be published in a newspaper in each county in which any of the district lands are situate, if any newspaper

is published therein, and if not, in a newspaper having general circulation therein.

SEC. 6. Section 50731.6 is added to the Water Code, to read:

50731.6. The nomination petition shall be in substantially the following form:

SEC. 7. Section 50732 of the Water Code is amended to read:

50732. Notice of the election shall be published by the secretary once a week for four weeks beginning not less than one month prior to the date of election in the same newspaper or newspapers used for publication of the notice calling for nomination petitions.

SEC. 8. Section 50740 of the Water Code is amended to read:

50740. If by 5 p m. on the 54th day prior to a general district election the number of nominees does not exceed the number of trustees to be elected and if a petition signed by 5 percent of the voters requesting that the election be held has not been presented to the board, an election shall not be held.

SEC. 9. Section 50741 of the Water Code is amended to read:

50741. When no election is held pursuant to Section 50740 then the board of supervisors shall appoint those nominated for the positions of trustee, and if no person has been nominated for said position, the board of supervisors shall appoint any qualified person or persons In lieu of the notice provided in Section 50732, notice shall than be published only once stating that the board of supervisors will appoint the trustees and that no election will be held.

SEC. 10. Section 50756 of the Water Code is repealed.

SEC. 11. Section 50756 is added to the Water Code, to read:

50756. The candidates, of the number to be elected, receiving the highest number of votes shall be deemed elected.

SEC. 12. This act shall become operative on January 1, 1968.

CHAPTER 219

An act to amend Section 3.2 of the Tehama County Flood Control and Water Conservation District Act (Chapter 1280, Statutes of 1957), relating to the Tehama County Flood Control and Water Conservation District.

[Approved by Governor May 25, 1967. Filed with Secretary of State May 25, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 3.2 of the Tehama County Flood Control and Water Conservation District Act (Chapter 1280, Statutes of 1957) is amended to read:

Sec. 3.2. In addition to its other powers, the district has all of the powers granted to public agencies by the Davis-Grunsky Act (Chapter 5 (commencing with Section 12880) Part 6, Division 6, of the Water Code).

CHAPTER 220

An act to amend Section 280 of, and to add Section 281 to, the Health and Safety Code and to repeal Section 2 of Chapter 1329 of the Statutes of 1965, relating to medical tests for newborn children.

[Approved by Governor May 26, 1967. Filed with Secretary of State May 26, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 280 of the Health and Safety Code is amended to read:

280. It is the policy of the State of California to make every effort to detect, as early as possible, phenylketonuria and other preventable heritable disorders leading to mental retardation or physical defects.

The State Department of Public Health shall have the responsibility of designating tests and regulations to be used in executing this policy. Such tests shall be in accordance with accepted medical practices and shall be administered to each child born in California at such time as the department has established appropriate regulations and testing methods.

The department shall inform all hospitals or physicians, or both, of required regulations and tests and may alter or withdraw any such requirements whenever sound medical practice so indicates.

The department shall report to the Governor and the Legislature annually as to the progress and effect of testing programs.

The provisions of this section shall not apply if a parent or guardian of the newborn child objects to a test on the ground that the test conflicts with his religious beliefs or practices.

SEC. 2. Section 2 of Chapter 1329 of the Statutes of 1965 is repealed.

SEC. 3. Section 281 is added to the Health and Safety Code, to read:

281. This article shall remain in effect until the 61st day after the final adjournment of the 1969 Regular Session of the Legislature, and shall have no force or effect after that date.

CHAPTER 221

An act to amend Section 87 of the Agricultural Code and Section 4052 of the Agricultural Code as proposed by Senate Bill No. 1, relating to horseracing, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor May 26, 1967. Filed with Secretary of State May 26, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 87 of the Agricultural Code is amended to read:

87. The board of directors may, with the approval of the Department of Agriculture:

(a) Fix the term of office, the amount of bond, salary and prescribe the duties of the secretary and of the treasurer.

(b) Manage the affairs of the association.

(c) Make all necessary bylaws, rules and regulations for the government of the association.

(d) With the approval of the Department of General Services, arrange for and conduct or cause or by contract permit to be conducted by any other individual, institution, corporation or association, upon its property at such time as they may deem advisable, any activity, notwithstanding other provisions of the code.

(e) Delegate, as it may deem advisable, to its officers or employees any of the powers vested in the board under subdivisions (b) and (d) of this section. Any such delegation of powers may be revoked at any time.

An agricultural association shall not lease its racetrack, for running races of horses, to any private person, firm or corporation except to a national or international exposition or its affiliated corporations or associations for the period of time now permitted by law for fairs. The provisions of this subdivision shall not apply to existing leases or extensions or renewals thereof nor to the negotiating and issuing of a new lease to any private person, firm, or corporation by an agricultural association that is leasing its racetrack for running races of

horses, on the effective date of the amendment to this section enacted at the 1963 Regular Session of the Legislature, if such new lease (1) contains terms more favorable to the association, and (2) is approved by the California Horse Racing Board.

SEC. 2. Section 4052 of the Agricultural Code, as proposed by Senate Bill No. 1, is amended to read:

4052. An association shall not lease its racetrack for running races of horses to any private person, firm, or corporation, except to a national or international exposition or its affiliated corporations or associations for the period of time which is now permitted by law for fairs.

This section does not apply to any existing lease or extension or renewal of any existing lease. This section also does not apply to the negotiating and issuing of a new lease to any private person, firm, or corporation by an association that is leasing its racetrack for running races of horses, on October 1, 1963, if such new lease complies with all of the following requirements:

(a) Contains terms more favorable to the association.

(b) Is approved by the California Horse Racing Board.

SEC. 3. Notwithstanding any other provision of law, no district agricultural association, the state, nor any subdivision of the state, has the authority to lease, let, or grant authority for the use of, the Del Mar Race Track for the purpose of conducting horseracing until December 31, 1967. This subdivision does not apply to any remaining term of an existing lease.

SEC. 4. Any funds deposited with the 22nd District Agricultural Association by a bidder who submitted a sealed bid to 22nd district for the lease of Del Mar Race Track shall be returned to such bidders; provided, that the return of such funds to the bidders shall not affect any bidder's right to be accepted as the successful bidder for the lease after December 31, 1967.

The sealed bids previously submitted to the 22nd District Agricultural Association in 1966 are hereby declared as valid bids for the lease of the Del Mar Race Track and such bids are continued as bids which may be accepted by the district agricultural association after December 31, 1967.

SEC. 5. Section 2 of this act shall become operative only if the Agricultural Code as proposed by Senate Bill No. 1 is enacted by the Legislature at its 1967 Regular Session, and in such case at the same time as Senate Bill No. 1 takes effect; at which time Section 87 of the Agricultural Code of 1933 as amended by Section 1 of this act is repealed.

SEC. 6. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The present lease of Del Mar Race Track will expire soon, and in order to provide the Legislature and the various departments of state government proper time to consider and evaluate the best course of action in handling the future activities of this racetrack, it is necessary that this act go into immediate effect.

CHAPTER 222

An act to amend Section 5353 of the Public Utilities Code, relating to charter-party carriers of passengers.

[Approved by Governor May 31, 1967. Filed with Secretary of State May 31, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 5353 of the Public Utilities Code is amended to read:

5353. The provisions of this chapter do not apply to:

(a) Transportation service rendered wholly within the corporate limits of a single city or city and county.

(b) Transportation of school pupils conducted by or under contract with the governing board of any school district entered into pursuant to authority vested by the provisions of the Education Code.

(c) Common carrier transportation services between fixed termini or over a regular route which are subject to authorization pursuant to the provisions of Article 2 (commencing with Section 1031), Chapter 5, Part 1, Division 1, of this code.

(d) Transportation services occasionally afforded for farm employees moving to and from farms on which employed when such transportation is performed by the employer in vehicles owned or leased by him, or by a nonprofit agricultural cooperative association organized and acting within the scope of its powers under Chapter 4 (commencing with Section 1190), Division 6, of the Agricultural Code, and without any requirement for the payment of compensation therefor by the employees.

(e) Transportation service rendered by a publicly owned transit system.

(f) Passenger vehicles carrying passengers on a noncommercial enterprise basis.

(g) Taxicab transportation service licensed and regulated by a city or county, by ordinance or resolution, rendered in vehicles designed for carrying not more than eight persons excluding the driver.

CHAPTER 223

An act to add Sections 13596.2 and 13596.3 to the Education Code, relating to school employee merit system.

[Approved by Governor May 31, 1967. Filed with Secretary of State May 31, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 13596.2 is added to the Education Code, to read:

13596.2. The governing board of a school district whose average daily attendance is less than 3,000 may, by affirmative vote of a majority of its members, adopt the procedure set forth in Article 5 (commencing with Section 13701) of this chapter. The motion or a resolution for adoption of the system shall specify the date that the provisions of Article 5 shall be applicable to the classified employees of the district, which shall not be later than July 1 next following the date of adoption.

SEC. 2. Section 13596.3 is added to the Education Code, to read:

13596.3. The governing board of a school district whose average daily attendance is 3,000 or more may, by affirmative vote of a majority of its members, and a county superintendent of schools, with the consent of the majority of the members of the county board of education, adopt the procedure set forth in Article 5 (commencing with Section 13701) of this chapter, provided a lawful petition has not been received as authorized in Section 13596, or may adopt the procedure at any time after a two-year period has elapsed following an unsuccessful election conducted in accordance with Section 13596 of this code.

The motion, order, or resolution for adoption of the procedure shall specify the date that the provisions of Article 5 shall be applicable to classified employees, which shall not be later than July 1 next following the date of adoption.

CHAPTER 224

An act to amend Section 13584.2 of the Education Code, relating to newly unified school districts.

[Approved by Governor May 31, 1967. Filed with Secretary of State May 31, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 13584.2 of the Education Code is amended to read:

13584.2. If all or any part of any district or districts which is unified with all or any part of a district, has, or have, the

merit system prior to the date of the reorganization election, all employees not legally requiring certification qualifications of the reorganized district shall be employed in accordance with Article 5 (commencing with Section 13701) of Chapter 3 of Division 10. If on the date of such reorganization election, two or more of the said defined districts of such reorganized district have merit systems, the reorganized district shall adopt a single merit system which shall contain all provisions necessary to secure to all employees the rights guaranteed by Section 13584.3 of this code.

Seniority of the personnel of the reorganized district shall be established as of the date of original employment in the district or districts as defined above. Where there are more than a sufficient number of employees for a given classification under the provisions of Article 5 (commencing with Section 13701) of Chapter 3 of Division 10, such personnel shall be retained in employment for a period of not less than one year as if the reorganization had not occurred but without prejudice to the powers of the personnel commission and the governing board of the new unified district to reasonably reassign such persons. If at the expiration of such period, upon a finding made by the personnel commission that there are excess personnel in any given classification, such personnel shall, if the governing board so directs, be placed upon appropriate reemployment lists for 39 months, and shall, if so placed, be offered and may accept positions of lower rank in their line of promotion in the order of seniority as established by this section in accordance with rules drawn in compliance with the provisions of Article 5 (commencing with Section 13701) of Chapter 3 of Division 10. The acceptance of a position in lower rank in accordance herewith shall not be deemed to constitute a waiver of the right to reemployment at the original level should a vacancy at such level occur within the period mentioned in this section.

CHAPTER 225

An act to amend Section 6752 of the Education Code, relating to educationally handicapped minors.

[Approved by Governor May 31, 1967. Filed with Secretary of State May 31, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 6752 of the Education Code is amended to read:

6752. A school district maintaining special educational programs for educationally handicapped minors shall not enroll at any given time more than 2 percent of total district en-

rollment in such programs except as permitted by special authorization of the Superintendent of Public Instruction. As used in this section, total district enrollment means the average number of pupils enrolled at the end of the first school month and sixth school month of the school year.

CHAPTER 226

An act to amend Sections 16463 and 16467.1 of, to add Chapter 6.5 (commencing with Section 17010) to Division 7 of, the Public Utilities Code, relating to public utility districts.

[Approved by Governor May 31, 1967. Filed with Secretary of State May 31, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 16463 of the Public Utilities Code is amended to read:

16463. A district may acquire, construct, own, complete, use, and operate a fire department, street lighting system, public parks, public playgrounds, golf courses, public swimming pools, public recreation buildings, buildings to be used for public purposes, and works to provide for the drainage of roads, streets, and public places, including, but not limited to, curbs, gutters, sidewalks, and pavement of streets. For the purposes of this division all of the foregoing projects shall be considered a public utility or public utility works.

SEC. 2. Section 16467.1 of the Public Utilities Code is amended to read:

16467.1. Notwithstanding the provisions of Section 16467 of this code, fire departments, street lighting systems, public parks, public playgrounds, public swimming pools, public recreation buildings, buildings used for a public purpose, and works to provide for the drainage of roads, streets, and public places, including, but not limited to, curbs, gutters, sidewalks, and pavement of streets need not be operated on a self-sustaining, revenue-producing basis. Revenue to defray the cost of acquiring, constructing, installing, maintaining, improving, and operating such utilities and to pay the principal and interest and to create reserve and sinking funds on any indebtedness incurred in connection therewith, may be raised in any manner authorized by this division

SEC. 3. Chapter 6.5 (commencing with Section 17010) is added to Division 7 of the Public Utilities Code, to read:

CHAPTER 6.5. ADOPTION OF IMPROVEMENT ACTS

17010. Whenever, in the opinion of the board, the public interest or convenience may require, it may order to be done in, under, or upon the whole or any portion of any one or more

of the streets or public places of the district, or any property or rights-of-way owned by the district, any work or improvement which the district is authorized to do and provide that the cost thereof shall be assessed upon the lots and lands fronting on the streets or public places, or upon any district which may be assessed therefor, and which need not be composed of lands contiguous to each other. The Improvement Act of 1911, the Municipal Improvement Act of 1913, the Improvement Bond Act of 1915, and the Street Opening Act of 1903, as now or hereafter provided, are applicable to districts.

17011. In the application of said acts to proceedings under this section the terms used in said acts shall have the following meanings:

(a) "City council" and "council" mean board;

(b) "City" and "municipality" mean district;

(c) "Clerk" and "city clerk" mean secretary;

(d) "Superintendent of streets" and "street superintendent" and "city engineer" mean the engineer of the district, or any other person appointed to perform such duties;

(e) "Tax collector" means county tax collector;

(f) "Treasurer" and "city treasurer" mean the treasurer of the public utility district, unless the district elects to use the county treasurer as provided in Section 16036, in which case it is the county treasurer as ex officio treasurer of the district;

(g) "Right-of-way" means any parcel of land in, on, under or through which a right-of-way or easement has been granted to the district for the purpose of constructing or maintaining or work or improvements which the district is authorized to do.

17012. The powers and duties conferred by said acts and supplementary acts upon boards, officers, and agents of cities shall be exercised by the board, officers, and agents of the district, respectively.

17013. The improvements authorized to be constructed or acquired by this chapter are restricted to those permitted to be constructed or acquired pursuant to this division.

CHAPTER 227

An act to amend Section 52311 of the Agricultural Code, as proposed by Senate Bill No. 1, relating to the Seed Law.

[Approved by Governor May 31, 1967. Filed with Secretary of State May 31, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 52311 of the Agricultural Code, as proposed by Senate Bill No. 1, is amended to read:

52311. A person is not subject to the penalties which are prescribed by this chapter in any of the following cases:

(a) For selling in this state any agricultural or vegetable seed which is incorrectly labeled or represented as to kind, variety, or type, which seed cannot be identified by examination of it, unless he has failed to obtain an invoice or grower's declaration which gives the commonly accepted name of the kind, kind and variety, or kind and type, and to take such other precautions as may be necessary to insure the identity to be that which is stated.

(b) As to any matter which is required by Article 8 (commencing with Section 52451) of this chapter, for selling such seed in original unopened sealed packages which are fully labeled by another dealer, unless he has failed to have such seed retested and relabeled as to the percentage of germination within the period which is prescribed by Section 52481, or unless he has failed to correct the label after notice that such label has been found to be incorrect.

(c) For shipping, delivering, transporting, or selling within this state any agricultural or vegetable seed which has a false labeling as to percentage of germination or hard seeds, unless he has first been given an opportunity by the director to be heard. This exemption does not, however, relieve any person from the obligation, upon order of an enforcement official, to stop further sale of any seed which is found to be incorrectly labeled as to germination, nor does it exempt such seed from seizure pursuant to this chapter.

CHAPTER 228

An act to amend Section 718 of the Civil Code, relating to leases of city property.

[Approved by Governor May 31, 1967. Filed with Secretary of State May 31, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 718 of the Civil Code is amended to read:

718. No lease or grant of any town or city lot, which reserves any rent or service of any kind, and which provides for a leasing or granting period in excess of 99 years, shall be valid. The property owned by, or that held by, or under the management and control of, any municipality, or any department or board thereof, may be leased for a period not to exceed 55 years. The property of any municipality not acquired for park purposes may, for the purpose of producing, or effecting the production of minerals, oil, gas or other hydrocarbon substances, be leased for a period not to exceed 35 years. Any tidelands or submerged lands, granted to any city by the State of California, may be leased for a period not to exceed 66 years unless the grant from the state of the use thereof provides specifically the term for which said lands

may be leased. Tidelands and submerged lands owned or controlled by any city, together with the wharves, docks, piers and other structures or improvements thereon, and so much of the uplands abutting thereon as, in the judgment of the city council, or other governing body, of said city, may be necessary for the proper development and use of its waterfront and harbor facilities, may be leased for a period not to exceed 66 years. Said tidelands, submerged lands and uplands may be so leased only for industrial uses, the improvement and development of any harbor, or harbors, of said city, the construction and maintenance of wharves, docks, piers or bulkhead piers, or any other public use or purpose consistent with the requirements of commerce or navigation at, or in, any such harbor or harbors.

CHAPTER 229

An act to add Section 5783.12 to the Public Resources Code, relating to the election of the board of directors of the Spring Valley Recreation and Park District.

[Approved by Governor May 31, 1967. Filed with Secretary of State May 31, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 5783.12 is added to the Public Resources Code, to read:

5783.12. Notwithstanding any other provision of this chapter, the district board of the Spring Valley Recreation and Park District, in San Diego County, may call and give notice of an election to be held in said district to determine whether or not henceforth the district board of directors shall be elected, and if so, to select the board of directors of said district. Said election shall be called and conducted in accordance with this chapter.

If a majority of the votes cast at the election favors the election of the district board of directors, then on the first of January in the year following said election the terms of all members of the previously serving board of directors shall expire and the terms of the newly selected board of directors shall commence. The three nominees receiving the largest vote at said election shall hold office for a term of four years, or until their successors are elected and qualified; the two nominees receiving the fourth and fifth largest number of votes shall hold office for a term of two years, or until their successors are elected and qualified. In all subsequent elections members of the board of directors shall be elected for four-year terms

Any vacancy in the office of a member elected to the district board pursuant to this section shall be filled in the manner prescribed by this chapter.

CHAPTER 230

An act to amend Section 6537.1 of the Business and Professions Code, relating to postgraduate barber courses.

[Approved by Governor May 31, 1967. Filed with Secretary of State May 31, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 6537.1 of the Business and Professions Code is amended to read:

6537.1. A college may admit a registered apprentice or registered barber in this state to a postgraduate course. The college shall notify the board of the name and the file number of the license of each person so admitted. This course consists of instruction in the styling of haircuts, bleaching and coloring of hair, barber science, straightening or relaxing of hair, men's hairpieces (toupees), and waving of hair except permanent waving. A person admitted to this course shall not perform any act of barbering in the college for hire or reward. The postgraduate course may be offered to a registered apprentice or a registered barber only after 6 p.m. on any workday. Such course may also be offered any hour of any day that the college is not open to the public.

CHAPTER 231

An act to add Section 6537.2 to the Business and Professions Code, relating to barber colleges.

[Approved by Governor May 31, 1967. Filed with Secretary of State May 31, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 6537.2 is added to the Business and Professions Code, to read:

6537.2. A barber college may engage any one of the following persons, who are not licensed California barber instructors, to lecture or demonstrate under the supervision of the barber college:

(a) A physician and surgeon to lecture on or demonstrate sanitation, sterilization, skin, or scalp diseases.

(b) A person whose experience or education qualifies him to lecture on phases of subjects applicable to the barber business, such as business administration, economics, bookkeeping, and taxes.

(c) A manufacturer of barbering products or his representative to demonstrate products usable in the practice of barbering.

(d) A hair stylist licensed in this state or in any other state or country to practice barbering to lecture on or demonstrate any phase of hair styling.

(e) An organizer or officer of a barber organization to lecture on a subject affecting the welfare of the barber business.

No person engaged by a barber college, pursuant to this section, shall be engaged for more than 10 class periods per year, each period to be no longer than five hours per day, nor shall he serve in the capacity of a California licensed instructor.

Any barber college engaging a person, pursuant to this section, shall keep a daily record of the engagement which shall be open for inspection by the board. The record shall include the name, address, and qualifications of the person engaged, the specific date of the engagement, the number of class periods which each engagement entails, and the duration of each class period. The lectures and demonstrations authorized by this section shall be confined to the classroom.

CHAPTER 232

An act to amend Section 23791 of the Business and Professions Code, relating to zoning.

[Approved by Governor May 31, 1967. Filed with Secretary of State May 31, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 23791 of the Business and Professions Code is amended to read:

23791. Nothing in this division interferes with the powers of cities conferred upon them by Sections 65850 to 65861, inclusive, of the Government Code.

CHAPTER 233

An act to add Section 190.2 to the Streets and Highways Code, relating to allocation of funds for grade separation projects, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor May 31, 1967. Filed with Secretary of State May 31, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 190.2 is added to the Streets and Highways Code, to read:

190.2. Harbor Boulevard, which is part of Route 72 in the City of Fullerton, is hereby declared to be a city street within the meaning of Sections 189 and 190, and is eligible for an

allocation of funds for grade separation pursuant to Section 190.

The Legislature hereby finds and declares that although Harbor Boulevard is presently a portion of Route 72, the Legislature has provided that it shall cease to be a state highway at the time and manner set forth in Section 372, the department has commenced acquisition of the property necessary for the right-of-way along the route which will replace the existing Route 72 in this area, and Harbor Boulevard will be returned to the City of Fullerton within a few years. Because of heavy traffic congestion, it is necessary that Harbor Boulevard be eligible for a grade separation allocation as soon as possible.

SEC. 2. This is an urgency statute necessary for the immediate preservation of the public peace, health or safety within Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The heavy traffic congestion which now exists on Harbor Boulevard presents a serious safety problem. In order that the railroad crossing problem on this street may be remedied without further loss of life and damage to property, it is necessary that this act take effect immediately.

CHAPTER 234

An act to amend Sections 5354, 5371, 5372, 5373, 5374, 5375, 5376, 5378, 5379, 5391, 5411, and 5413 of, and to add Sections 5371.1, 5371.2, 5373.1, 5375.1, 5377.1, 5383, and 5384 to, the Public Utilities Code, relating to charter-party carriers of passengers.

[Approved by Governor May 31, 1967. Filed with Secretary of State May 31, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 5354 of the Public Utilities Code is amended to read:

5354. In construing and enforcing the provisions of this chapter relating to the prescribed privileges and obligations of the holder of a permit or certificate issued hereunder, the act, omission, or failure of any officer, agent, or employee, or person offering to afford the authorized service with the approval or consent of the permit or certificate holder, is the act, omission, or failure of the permit or certificate holder.

SEC. 2. Section 5371 of the Public Utilities Code is amended to read:

5371. No charter-party carrier of passengers excepting transit districts, transit authorities or cities owning and operating local transit systems themselves or through wholly owned nonprofit corporations shall engage in transportation services

made subject to this chapter without first having obtained from the commission a certificate that public convenience and necessity require such operation, except that certain specific transportation services as defined in Section 5384 may be conducted under authority of an annual permit issued by the commission.

SEC. 3. Section 5371.1 is added to the Public Utilities Code, to read:

5371.1. Notwithstanding any other provision in this chapter:

(a) The commission shall issue an initial annual certificate to any charter-party carrier of passengers holding a valid operating permit issued by the commission prior to July 1, 1967, provided the application therefor shall have been filed with the commission not later than 90 days after the effective date of this section; and thereafter annually reissue any certificate initially issued hereunder, if the commission finds that the applicant possesses satisfactory fitness and financial responsibility to initiate or continue to conduct the authorized transportation services, and has heretofore and will continue to faithfully comply with the rules and regulations adopted by the commission with respect thereto as well as the rules and regulations promulgated by the California Highway Patrol with respect to safety of operation;

(b) No charter-party carrier of passengers initially issued a certificate shall be restricted as to point of origin or destination in the State of California; and

(c) Every application for an initial certificate or annual reissuance thereof shall be accompanied by the appropriate fee as specified in Sections 5373 or 5373 1.

SEC. 4. Section 5371.2 is added to the Public Utilities Code, to read:

5371.2. All holders of certificates issued subsequent to 90 days after the effective date of this section shall operate from a service area to be determined by the commission. In no case shall this area encompass more than a radius of 40 air miles from the home terminal. The home terminal shall be designated by the applicant. This certificate shall be classified as a class B certificate.

SEC. 5. Section 5372 of the Public Utilities Code is amended to read:

5372. Applications for permits and certificates shall be in writing, verified under oath, and shall be in such form, contain such information, and be accompanied by such proof of service upon interested parties as the commission may require.

SEC. 6. Section 5373 of the Public Utilities Code is amended to read:

5373. Each annual application for a permit to act as a charter-party carrier of passengers pursuant to the provisions of this chapter shall be accompanied by a filing fee of fifty dollars ($50). Each certificate to act as a charter-party carrier

of passengers shall be accompanied by an annual renewal fee of one hundred dollars ($100).

SEC. 7. Section 5373.1 is added to the Public Utilities Code, to read:

5373.1. Each initial application for a certificate or permit shall be accompanied by a filing fee of:

(a) Class A certificates—five hundred dollars ($500).

(b) Class B certificates—two hundred dollars ($200).

(c) Permits, one hundred dollars ($100).

SEC. 8. Section 5374 of the Public Utilities Code is amended to read:

5374. Before an annual permit or certificate is issued, the commission shall require the applicant to establish reasonable fitness and financial responsibility to initiate and conduct the proposed transportation services.

SEC. 9. Section 5375 of the Public Utilities Code is amended to read:

5375. The commission may, with or without hearing, issue or refuse to issue a permit or certificate. If the commission finds that public convenience and necessity require the proposed transportation service and the applicant possess satisfactory fitness and financial responsibility to initiate and conduct the proposed transportation services, and will faithfully comply with the rules and regulations adopted by the commission with respect thereto, it shall issue the permit or certificate to conduct the requested operations, or may issue it for the partial exercise of the privilege sought, and may attach to the permit or certificate such terms and conditions as, in its judgment, are required in the public interest; provided also that the permit or certificate shall not require the filing or publication of time schedules or tariffs. The fact that the applicant for the certificate is, or may later become a holder of a certificate of public convenience and necessity as a passenger stage corporation issued pursuant to the provisions of Article 2 (commencing with Section 1031), Chapter 5, Part 1, Division 1, of this code shall not be deemed inconsistent with the provisions of this section, and such dual authority may be authorized.

SEC. 10. Section 5375.1 is added to the Public Utilities Code, to read:

5375.1. Notwithstanding the provisions of Section 5375, if the applicant desires to operate in a territory already served by the holder of a certificate, the commission shall hold a hearing before granting the certificate. The commission shall not grant a certificate to such an applicant unless it can be shown that the existing charter-party carrier of passengers serving the territory is not providing services which are satisfactory to the commission and adequate for the public. In no event shall the commission issue more certificates than public convenience and necessity require and the commission shall place any restrictions upon such certificates as may reasonably be necessary to protect any existing charter-party carrier of passengers.

SEC. 11. Section 5376 of the Public Utilities Code is amended to read:

5376. A permit or certificate shall be and remain in effect for one year unless suspended or terminated by the commission.

SEC. 12. Section 5377.1 is added to the Public Utilities Code, to read:

5377.1. No certificate issued pursuant to this article, or rights to conduct any of the services therein authorized, shall be sold, leased, or assigned, or otherwise transferred or encumbered, unless authorized by the commission. A filing fee of fifty dollars ($50) shall accompany all such applications.

SEC. 13. Section 5378 of the Public Utilities Code is amended to read:

5378. The commission may cancel, revoke, or suspend any operating permit or certificate issued pursuant to the provisions of this chapter upon any of the following grounds:

(a) The violation of any of the provisions of this chapter, or of any operating permit or certificate issued thereunder.

(b) The violation of any order, decision, rule, regulation, direction, demand, or requirement established by the commission pursuant to this chapter.

(c) The conviction of the charter-party carrier of passengers of any misdemeanor under this chapter.

(d) The rendition of a judgment against the charter-party carrier of passengers for any penalty imposed under this chapter.

(e) The failure of a charter-party carrier of passengers to pay any fee imposed upon the carrier within the time required by law.

(f) On request of the holder of the permit or certificate.

(g) Failure of a permit or certificate holder to operate and perform reasonable service.

SEC. 14. Section 5379 of the Public Utilities Code is amended to read:

5379. After the cancellation or revocation of a permit or certificate, or during the period of its suspension, it is unlawful for a charter-party carrier of passengers to conduct any operations as such a carrier. The commission may either grant or deny an application for a new permit or certificate whenever it appears that a prior permit or certificate of the applicant has been canceled or revoked pursuant to Section 5378 or whenever it appears, after hearing, that as a prior permit or certificate holder, the applicant engaged in any of the unlawful activities set forth in Section 5378 for which his permit or certificate might have been canceled or revoked.

SEC. 15. Section 5383 is added to the Public Utilities Code, to read:

5383. The commission shall create the following classifications or types of certificates for charter-party carriers of passengers:

Class A: From any point or points within the state to other points in or out of this state.

Class B: From any point within the territory of origin specified in the certificate to any points in the state, or territory of origin.

SEC. 16. Section 5384 is added to the Public Utilities Code, to read:

5384. The commission shall issue permits to persons, who are otherwise qualified, whose passenger carrier operations fall into the following categories:

(a) Specialized carriers, who do not hold themselves out to serve the general public, but only provide service under contract with industrial and business firms, governmental agencies and private schools or who only transport agricultural workers to and from farms for compensation or who only conduct transportation services, which are incidental to another business. Such permits shall be limited to a 50-mile radius of operation from the home terminal.

(b) Carriers using only vehicles under 15-passenger seating capacity and under 7,000 pounds gross weight.

SEC. 17. Section 5391 of the Public Utilities Code is amended to read:

5391. The commission shall, in granting permits or a certificate pursuant to this chapter, require the charter-party carrier of passengers to procure, and to continue in effect during the life of the permit or certificate, adequate protection against liability imposed by law upon the charter-party carrier of passengers for the payment of damages for personal bodily injuries, including death resulting therefrom, protection against a total liability of the charter-party carrier of passengers on account of bodily injuries to, or death of, more than one person as a result of any one accident, and protection against damage or destruction of property. The minimum requirements for such assurances of protection against liability shall not be less than the requirements which are applicable to operations conducted under certificates of public convenience and necessity issued pursuant to the provisions of Article 2 (commencing with Section 1031), Chapter 5, Part 1, Division 1, of this code, and the rules and regulations prescribed pursuant thereto shall apply to charter-party carriers of passengers.

SEC. 18. Section 5411 of the Public Utilities Code is amended to read:

5411. Every charter-party carrier of passengers and every officer, director, agent, or employee of any charter-party carrier of passengers who violates or who fails to comply with, or who procures, aids, or abets any violation by any charter-party carrier of passengers of any provision of this chapter, or who fails to obey, observe, or comply with any order, decision, rule, regulation, direction, demand, or requirement of the commission, or of any operating permit or certificate issued to any charter-party carrier of passengers, or who pro-

cures, aids, or abets any charter-party carrier of passengers in its failure to obey, observe, or comply with any such order, decision, rule, regulation, direction, demand, requirement, or operating permit or certificate, is guilty of a misdemeanor and is punishable by fine of not more than five hundred dollars ($500) or by imprisonment in the county jail for not more than three months, or both.

SEC. 19. Section 5413 of the Public Utilities Code is amended to read:

5413. Every charter-party carrier of passengers and every officer, director, agent, or employee of any charter-party carrier of passengers who violates or who fails to comply with, or who procures, aids, or abets, any violation by any charter-party carrier of passengers of any provision of this chapter, or who fails to obey, observe, or comply with any order, decision, rule, regulation, direction, demand, or requirement of the commission, or of any operating permit or certificate issued to any charter-party carrier of passengers, or who procures, aids, or abets any charter-party carrier of passengers in its failure to obey, observe, or comply with any such order, decision, rule, regulation, direction, demand, requirement, or operating permit, or certificate, is subject to a penalty of not more than five hundred dollars ($500) for each offense.

CHAPTER 235

An act to maintain the Streets and Highways Code by amending and renumbering Section 35550, as added by Chapter 31 of the Statutes of 1964, First Extraordinary Session; and by repealing Section 210.5, as added by Chapter 1020 of the Statutes of 1965, and Section 561, as added by Chapter 1372 of the Statutes of 1965, relating to streets and highways.

[Approved by Governor May 31, 1967. Filed with Secretary of State May 31, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 210.5 of the Streets and Highways Code, as added by Chapter 1020 of the Statutes of 1965, is repealed. The repeal made by this section shall not affect the existence or validity of Section 210.5 of the Streets and Highways Code, as added by Chapter 1263 of the Statutes of 1965.

SEC. 2. Section 561 of the Streets and Highways Code, as added by Chapter 1372 of the Statutes of 1965, is repealed. The repeal made by this section shall not affect the existence or validity of Section 561 of the Streets and Highways Code, as added by Chapter 1397 of the Statutes of 1965.

SEC. 3. Section 35550 of the Streets and Highways Code, as added by Chapter 31 of the Statutes of 1964, First Extraordinary Session, is amended and renumbered to read:

35549.1. When the reassessment is recorded, the original assessment shall be canceled by the street superintendent so far as it affects the particular assessments involved. New bonds shall not be issued until the original bonds are delivered up to the treasurer who shall cancel them. The lien of the reassessment shall hold its relative rank as to other special assessment liens as of the date of filing of the original assessment.

CHAPTER 236

An act to maintain the Vehicle Code by amending Sections 11110, 12810, 13355, 13356, 13361, 22655, and 40303, relating to motor vehicles.

[Approved by Governor May 31, 1967. Filed with Secretary of State May 31, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 11110 of the Vehicle Code is amended to read:

11110. The department may cancel, suspend, or revoke, or refuse to renew any license under the provisions of this chapter:

(a) Whenever the department is satisfied that the licensee fails to meet the requirements to receive or hold a license under this chapter.

(b) Whenever the licensee fails to keep the records required by this chapter.

(c) Whenever the licensee permits fraud or engages in fraudulent practices either with reference to the applicant or the department, or induces or countenances fraud or fraudulent practices on the part of any applicant for a driver's license.

(d) Whenever the holder fails to comply with any provisions of this chapter or any of the regulations or requirements of the department made pursuant thereto.

(e) Whenever the licensee represents himself as an agent or employee of the department or uses advertising designed or which would reasonably have the effect of leading persons to believe that such licensee was in fact an employee or representative of the department, or whenever the licensee advertises in any manner or means whatever any statement which is untrue or misleading, and which is known, or which by the exercise of reasonable care should be known, to be untrue or misleading.

(f) Whenever the licensee or any employee or agent of such licensee solicits driver training or instruction in an office of the department or within 200 feet of any such office.

(g) Whenever the licensee is convicted of driving an automobile while under the influence of intoxicating liquor or of violating Sections 20001, 20002, 20003, 20004, 20006, 23104,

23105, or 23106 of this code or Sections 192 or 193 of the Penal Code.

(h) Whenever the licensee has been convicted of any crime, does any act or series of acts, or is guilty of conduct, which conviction, action or conduct manifests a disability or unfitness to perform properly the licensee's occupational duties or lack of good moral character even though unrelated to proper performance of such occupational duties, and whenever disability or unfitness to perform properly the occupational duties of the licensee is the basis of suspension or revocation, the referee, hearing officer or board makes a specific finding as to the manner in which the conviction, action or conduct manifests such disability or unfitness, which finding is to be incorporated in the order suspending or revoking the license.

(i) Whenever contrary to provisions of this code or of regulations established by the department, the licensee teaches or permits a student to be taught the specific tests administered by the department through use of the department's forms or testing facilities.

SEC. 2. Section 12810 of the Vehicle Code is amended to read:

12810. In determining the violation point count, any conviction under Section 14601, 20002, 23102, 23103, or 23104 of this code shall be given a value of two points and any other traffic conviction involving the safe operation of a motor vehicle upon the highway shall be given a value of one point; provided, that conviction for only one violation arising from one occasion of arrest or citation shall be counted in determining the violation point count for the purposes of this section.

Any person whose driving record shows a violation point count of four or more points in 12 months, six or more points in 24 months or eight or more points in 36 months shall be prima facie presumed to be a negligent operator of a motor vehicle.

Any accident in which the operator is deemed by the department to be responsible shall be given a value of one point.

In applying the provisions of this section to a driver, the department shall give due consideration to the amount of use or mileage traveled in the operation of a motor vehicle.

SEC. 3. Section 13355 of the Vehicle Code is amended to read:

13355. The department shall revoke the privilege of any person to operate a motor vehicle who has been found by a judge of the juvenile court to have committed any of the following offenses:

(a) Manslaughter arising from the operation of a motor vehicle.

(b) Operating a vehicle while a habitual user of narcotic drugs or while under the influence of intoxicating liquor or narcotic drugs.

(c) Failure of the driver of a vehicle involved in an accident resulting in injury or death to any person to stop or otherwise comply with Section 20001 hereof.

(d) Two or more offenses of violating Section 20002, 23103, or 23104 within a period of 12 months from the time of the first offense, or upon a combination of two or more of any such offenses within a like period.

Each judge of a juvenile court shall immediately report such findings to the department.

SEC. 4. Section 13356 of the Vehicle Code is amended to read:

13356. Upon the recommendation of the judge of a juvenile court the department shall also revoke or suspend the privilege of any person to operate a motor vehicle who has been found to have committed any of the following offenses:

(a) Reckless driving.

(b) Failure to stop in the event of an accident as provided for in Section 20002.

(c) Two or more offenses within a period of six months of violating the provisions of this code limiting the speed of vehicles.

(d) A violation of this code punishable as a felony or of the provisions of the Penal Code relating to the grand theft of a motor vehicle.

SEC. 5. Section 13361 of the Vehicle Code is amended to read:

13361. The department may suspend the privilege of any person to operate a motor vehicle upon receipt of a duly certified abstract of the record of any court showing that the person has been convicted of any of the following crimes or offenses:

(a) Failure to stop in the event of an accident resulting in damage to property only, or otherwise failing to comply with the requirements of Section 20002.

(b) A second or subsequent conviction of reckless driving or upon a first conviction of reckless driving causing bodily injury.

(c) Failure to stop upon striking an unattended vehicle, or otherwise failing to comply with the requirements of Section 20002.

(d) Manslaughter resulting from the operation of a motor vehicle as provided in paragraph (b) of subdivision 3 of Section 192 of the Penal Code.

In any case under this section the department is authorized to require proof of ability to respond in damages as defined in Section 16430.

SEC. 6. Section 22655 of the Vehicle Code is amended to read:

22655. When any member of the California Highway Patrol, or any regularly employed and salaried officer of a police department in a city, or sheriff's department authorized to enforce the provisions of this code pursuant to Section 26613

of the Government Code, has reasonable cause to believe that a motor vehicle on a highway has been involved in a hit-and-run accident, and the operator of the vehicle has failed to stop and comply with the provisions of Sections 20002, through 20006, inclusive, the officer may remove the vehicle from the highway for the purpose of inspection. Unless sooner released, the vehicle shall be released upon the expiration of 24 hours after such removal from the highway upon demand of the owner.

SEC. 7. Section 40303 of the Vehicle Code is amended to read:

40303. Whenever any person is arrested for any of the following offenses and the arresting officer is not required to take the person without unnecessary delay before a magistrate, the arrested person shall, in the judgment of the arresting officer, either be given a 10 days' notice to appear as herein provided or be taken without unnecessary delay before a magistrate within the county in which the offense charged is alleged to have been committed and who has jurisdiction of the offense and is nearest or most accessible with reference to the place where the arrest is made.

(a) Sections 10852 or 10853, relating to injuring or tampering with a vehicle.

(b) Sections 23103 or 23104, relating to reckless driving.

(c) Section 2800, insofar as it relates to a failure or refusal of the driver of a vehicle to stop and submit to an inspection or test of the lights upon the vehicle under Section 2804 hereof, which is punishable as a misdemeanor.

(d) Section 2800, insofar as it relates to a failure or refusal of the driver of a vehicle to stop and submit to a brake test which is punishable as a misdemeanor.

(e) Sections 2800 and 2803, relating to the refusal to submit vehicle and load to a weighing which is punishable as a misdemeanor.

(f) Section 20002, relating to failure to stop in the event of an accident involving damage to property.

(g) Section 20002, relating to failure to stop after collision with an unattended vehicle.

(h) Section 23109, relating to participating in speed contests.

(i) Section 14601, relating to driving while license is suspended or revoked.

(j) When the person arrested has attempted to evade arrest.

(k) Section 23332, relating to persons upon vehicular crossings.

(*l*) Section 2813, relating to the refusal to stop and submit a vehicle to an inspection of its size, weight, and equipment.

CHAPTER 237

An act to repeal a certain obsolete act, relating to the reconstruction of a road in Mendocino County.

[Approved by Governor May 31, 1967. Filed with Secretary of State May 31, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Chapter 941 of the Statutes of 1941 is repealed.

CHAPTER 238

An act to repeal a certain obsolete act, relating to the creation of the Los Angeles Metropolitan Transit Authority.

[Approved by Governor May 31, 1967. Filed with Secretary of State May 31, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Chapter 547 of the Statutes of 1957 is repealed.

CHAPTER 239

An act to repeal a certain obsolete act, relating to the creation of the Golden Gate Authority Commission.

[Approved by Governor May 31, 1967. Filed with Secretary of State May 31, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Chapter 1714 of the Statutes of 1959 is repealed.

CHAPTER 240

An act to amend Section 31520.1 of the Government Code, relating to county employees' retirement.

[Approved by Governor May 31, 1967. Filed with Secretary of State May 31, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 31520.1 of the Government Code is amended to read:

31520.1. In any county subject to the provisions of Articles 6.8 and 7.5, the board of retirement shall consist of seven members and one alternate, one of whom shall be the county treas-

urer. The second and third members of the board shall be members of the association, other than safety members, elected by such members within 30 days after the retirement system becomes operative in a manner determined by the board of supervisors. The fourth, fifth and sixth members shall be qualified electors of the county who are not connected with the county government in any capacity, except one may be a supervisor and one may be a retired member, and shall be appointed by the board of supervisors. The seventh member shall be a safety member of the association elected by the safety members. The alternate member shall be that candidate, if any, for the seventh member from the group under Section 31470.2 or 31470.4, which is not represented by a board member who received the highest number of votes of all candidates in that group. If there is no such candidate there shall be no alternate member. The first person chosen as the second and fourth members shall serve for a term of two years beginning with the date the system becomes operative, the third and fifth members shall serve for a term of three years beginning with that date, and the sixth, seventh, and alternate members shall serve for a term of two years beginning January 1, 1952, or the date on which a retirement system established by this chapter becomes operative, whichever is the later. Thereafter the terms of office of the six elected members and alternate are three years.

The alternate member provided for by this section shall vote as a member of the board only in the event the second, third or seventh member is absent from a board meeting for any cause, or if there is a vacancy with respect to the second, third, or seventh member, the alternate member shall fill such vacancy until a successor qualifies. The alternate shall sit on the board in place of the seventh member when a member of the same service is before the board for determination of his retirement.

CHAPTER 241

An act to amend Section 11629 of the Business and Professions Code, relating to subdivision maps.

[Approved by Governor May 31, 1967. Filed with Secretary of State May 31, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 11629 of the Business and Professions Code is amended to read:

11629. Any map filed under the provisions of this chapter may be amended to correct an error in any course or distance shown thereon, or to show any course or distance that was omitted therefrom, or to correct an error in the description of the land which the map comprised, by (a) the filing of an

amending map or (b) the recording of a certificate of correction. The amending map or certificate of correction may be prepared by any registered civil engineer or licensed land surveyor. The amending map of a final map shall conform to the requirements of Section 11567, and in case of a parcel map shall conform to the requirements of Section 11577. The certificate of correction shall set forth in detail the corrections made, and show the names of the present fee owners of property affected by the correction or omission. The county surveyor shall examine such amending map or certificate of correction and if such examination discloses that the only changes shown thereon are changes above provided for, he shall certify this to be a fact over his signature on the amending map or certificate of correction. Thereafter, the amending map or certificate of correction shall be filed or recorded in the office of the recorder in which the original map was filed. Upon the filing of the amending map or recording of the certificate of correction, the recorder shall index the names of fee owners shown on the certificate of correction in his general index and shall note upon the original map and any copies thereof in his office, the book and page reference to the amending map or certificate of correction and thereupon the original map shall be deemed to have been conclusively so corrected.

CHAPTER 242

An act to amend Sections 10150, 10176, 10238, and 10238.7 of, to add Section 10474.5 to, and to repeal Section 10106 of, the Business and Professions Code, relating to real estate.

[Approved by Governor May 31, 1967. Filed with Secretary of State May 31, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 10106 of the Business and Professions Code is repealed.

SEC. 2. Section 10150 of the Business and Professions Code is amended to read:

10150. Application for license as real estate broker shall be made in writing to the commissioner. The application shall be accompanied by the real estate broker license examination fee and by the recommendation of two real estate owners of the county in which the applicant resides or has his place of business, certifying that the applicant is honest, truthful and of good reputation, and recommending that a real estate broker license be granted to him.

SEC. 3. Section 10176 of the Business and Professions Code is amended to read:

10176. The commissioner may, upon his own motion, and shall, upon the verified complaint in writing of any person,

investigate the actions of any person engaged in the business or acting in the capacity of a real estate licensee within this state, and he may temporarily suspend or permanently revoke a real estate license at any time where the licensee, while a real estate licensee, in performing or attempting to perform any of the acts within the scope of this chapter has been guilty of any of the following:

(a) Making any substantial misrepresentation.

(b) Making any false promises of a character likely to influence, persuade or induce.

(c) A continued and flagrant course of misrepresentation or making of false promises through real estate agents or salesmen.

(d) Acting for more than one party in a transaction without the knowledge or consent of all parties thereto.

(e) Commingling with his own money or property the money or other property of others which is received and held by him.

(f) Claiming, demanding, or receiving a fee, compensation or commission under any exclusive agreement authorizing or employing a licensee to perform any acts set forth in Section 10131 for compensation or commission where such agreement does not contain a definite, specified date of final and complete termination.

(g) The claiming or taking by a licensee of any secret or undisclosed amount of compensation, commission or profit or the failure of a licensee to reveal to the employer of such licensee the full amount of such licensee's compensation, commission or profit under any agreement authorizing or employing such licensee to do any acts for which a license is required under this chapter for compensation or commission prior to or coincident with the signing of an agreement evidencing the meeting of the minds of the contracting parties, regardless of the form of such agreement, whether evidenced by documents in an escrow or by any other or different procedure.

(h) The use by a licensee of any provision allowing the licensee an option to purchase in an agreement authorizing or employing such licensee to sell, buy, or exchange real estate or a business opportunity for compensation or commission, except when such licensee prior to or coincident with election to exercise such option to purchase reveals in writing to the employer the full amount of licensee's profit and obtains the written consent of the employer approving the amount of such profit.

(i) Any other conduct, whether of the same or a different character than specified in this section, which constitutes fraud or dishonest dealing.

(j) Obtaining the signature of a prospective purchaser to an agreement which provides that such prospective purchaser shall either transact the purchasing, leasing, renting or exchanging of a business opportunity property through the broker obtaining such signature, or pay a compensation to such broker if such property is purchased, leased, rented or ex-

changed without the broker first having obtained the written authorization of the owner of the property concerned to offer such property for sale, lease, exchange or rent.

SEC. 4. Section 10238 of the Business and Professions Code is amended to read:

10238. In lieu of the bond required by Section 10237.8 a real property securities dealer may file a cash bond in the sum of five thousand dollars ($5,000), evidence of deposit in banks authorized to do business in this state and insured by the Federal Deposit Insurance Corporation, investment certificates or share accounts in the amount of five thousand dollars ($5,000) issued by a savings and loan association doing business in this state and insured by the Federal Savings and Loan Insurance Corporation, or bonds issued by the United States or the State of California in the principal amount of six thousand dollars ($6,000) with the State Treasurer. Such bond shall be subject to all conditions set forth in Sections 10237.8 and 10237.9.

SEC. 5. Section 10238.7 of the Business and Professions Code is amended to read:

10238.7. Every person sustaining an injury resulting from a transaction subject to this article which was in violation of the provisions of the article may recover in a civil action against the real property securities dealer the amount of the damages with interest at 7 percent per annum from the date of the injury, and shall be entitled to be awarded a reasonable attorney's fee. Any such action shall be brought within three (3) years from the date of the transaction notwithstanding the date the injury was discovered.

SEC. 6. Section 10474.5 is added to the Business and Professions Code, to read:

10474.5. If the twenty thousand dollars ($20,000) liability of the Real Estate Education, Research and Recovery Fund as provided for in Section 10474 is insufficient to pay in full the valid claims of all aggrieved persons by whom claims have been filed against any one licensee, such twenty thousand dollars ($20,000) shall be distributed among them in the ratio that their respective claims bear to the aggregate of such valid claims, or in such other manner as the court deems equitable. Distribution of such moneys shall be among the persons entitled to share therein, without regard to the order of priority in which their respective judgments may have been obtained or their claims have been filed. Upon petition of the Real Estate Education, Research and Recovery Fund, the court may require all claimants and prospective claimants against one licensee to be joined in one action, to the end that the respective rights of all such claimants to the Real Estate Education, Research and Recovery Fund may be equitably adjudicated and settled.

CHAPTER 243

An act to amend Sections 13596 and 13701 of, and to add Section 13596.1 to the Education Code, relating to school employee merit systems.

[Approved by Governor June 1, 1967. Filed with Secretary of State June 1, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 13596 of the Education Code is amended to read:

13596. (1) On or after the effective date of this section the classified employees of any district whose average daily attendance is 3,000 or greater, may, in accordance with this article, petition the governing board to make the provisions of Article 5 (commencing with Section 13701) of this chapter applicable to their employer district. Said petition shall read substantially as follows:

"We, the undersigned classified employees of the _____ (Name of school district), constituting 15 percent of the classified personnel entitled to vote, request the governing board to submit to election the question of whether or not the merit (civil service) system shall become applicable to this district."

NAME POSITION CLASSIFICATION

"Classified employee" as used in this section shall be construed to include all personnel a part of the classified service as defined in Section 13581 of this code.

(2) Within 120 days after receipt of the petition the governing board shall: (a) Obtain the services of competent and qualified persons to present the pros and cons of the issue.

(b) Provide adequate and ample opportunity for all of its classified personnel to attend one or more meetings at which the issue is presented.

(c) Having complied with subsections (a) and (b), foregoing, conduct an election by secret ballot of its classified personnel to determine whether or not they desire to have the merit system applicable to the district. The ballot shall read:

"Shall the merit (civil service) system for classified employees be applicable in the _____ (Name of school district)?

☐ Yes
☐ No"

The ballot shall not require the employees' signatures or other personal identifying requirements, but the board shall devise an identification system to insure against fraud in the balloting process.

(d) The board shall appoint a three- or five-person tabulating committee, at least one member of which shall be a member of the governing board, to canvass the ballots and present the

results to the governing board. If a simple majority votes in favor of the merit system the same shall become applicable in the district.

(e) The tabulating committee required by this section shall certify the results of the election to the governing board at the next regular or special meeting of the board following the date the committee completes tabulation of the votes. If the tabulating committee completes the tabulation on the same day as the governing board meets in regular or special session, the committee shall certify the results of the election to the board at such meeting.

SEC. 2. Section 13596.1 is added to the Education Code, to read:

13596.1. Effective upon certification to a governing board by a tabulating committee that an election, as authorized in Section 13596 of this code, has been successful, all of the provisions of Article 5 (commencing with Section 13701) that can reasonably be construed to be applicable to classified employees shall be applicable.

All of the provisions of Article 5 (commencing with Section 13701) shall become fully effective upon appointment of at least two members of the personnel commission.

The commission shall immediately adopt existing rules and regulations of the district relating to classified personnel pending the establishment of its rules and which are not inconsistent with law.

SEC. 3. Section 13701 of the Education Code is amended to read:

13701. Any school district adopting the provisions of this article in accordance with Section 13596.1 of this chapter shall cause the personnel commission to be appointed in the manner prescribed in Sections 13707, 13707.1 and 13707.2. The personnel commission shall appoint the personnel director in the manner provided in Section 13717 after appointment of at least two of its members.

CHAPTER 244

An act to add Section 71314 to the Water Code, relating to municipal water districts.

[Approved by Governor June 1, 1967. Filed with Secretary of State June 1, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 71314 is added to the Water Code, to read:

71314. A district may insure its directors, officers, assistants, employees, agents, and deputies for injury, death, or disability incurred while engaged in the business of the dis-

trict and the cost of such insurance is a proper charge against the district. Such insurance is in addition to any compensation secured under the provisions of Division 4 (commencing with Section 3201) of the Labor Code and inuring to the benefit of the director, officer, deputy, assistant, employee, or agent, or his beneficiary or heir.

CHAPTER 245

An act to amend Sections 8751, 8752, 8777, 8803, 9152, 9851, 9852, 9877, 9902, and 10252 of the Revenue and Taxation Code, relating to state taxes.

[Approved by Governor June 1, 1967. Filed with Secretary of State June 1, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 8751 of the Revenue and Taxation Code is amended to read:

8751. The excise tax imposed by this part is due and payable monthly on or before the last day of the month following each calendar month in which a taxable use of fuel occurs.

SEC. 2. Section 8752 of the Revenue and Taxation Code is amended to read:

8752. On or before the last day of each month, every user shall file on forms prescribed by the board a return showing the amount of fuel used during the preceding calendar month by the user in this state, the amount of any tax due, and such other information as the board may require to carry out the purposes of this part, except that the provisions of this section shall not be applicable to any user whose sole use of fuel subject to the tax imposed by this part is for the propulsion of a privately operated passenger automobile, provided that the fuel used in this state, except fuel brought into this state in the fuel tank of the vehicle, is purchased from and delivered into the fuel tank of the vehicle by a vendor holding a permit issued under this part.

SEC. 3. Section 8777 of the Revenue and Taxation Code is amended to read:

8777. The amount of the determination, exclusive of penalties, shall bear interest at the rate of one-half of 1 percent per month, or fraction thereof, from the last day of the month following the month for which the amount of the tax, or any portion thereof, should have been reported until the date of payment.

SEC. 4. Section 8803 of the Revenue and Taxation Code is amended to read:

8803. The amount of the determination, exclusive of penalties, shall bear interest at the rate of one-half of 1 percent per month, or fraction thereof, from the last day of the month

following the month for which the amount, or any portion thereof, should have been reported until the date of payment.

SEC. 5. Section 9152 of the Revenue and Taxation Code is amended to read:

9152. (a) Except as provided in subdivision (b) no refund shall be approved by the board after three years from the last day of the month following the month for which the overpayment was made, or, with respect to determinations made under Article 2, 3 or 4 of Chapter 4 of this part, after six months from the date the determinations became final, or after six months from the date of overpayment, whichever period expires the later, unless a claim therefor is filed with the board within such period. No credit shall be approved by the board after the expiration of such period unless a claim for credit is filed with the board within such period or unless the claim relates to a period for which a waiver has been given pursuant to Section 8783.

(b) A refund may be approved by the board for any period for which a waiver is given under Section 8783 if a claim therefor is filed with the board before the expiration of the period agreed upon.

SEC. 6. Section 9851 of the Revenue and Taxation Code is amended to read:

9851. The tax imposed by this part is due and payable monthly on or before the last day of the month following each calendar month during which taxable operations occur.

SEC. 7. Section 9852 of the Revenue and Taxation Code is amended to read:

9852. Each operator shall on or before the last day of each month prepare a return for the preceding calendar month in such form as the board may prescribe, showing the gross receipts of the operator, the amount of tax due for the month covered by the return, and such other information as the board deems necessary for the proper administration of this part. Returns shall be signed by the operator or his duly authorized agent but need not be verified by oath.

SEC. 8. Section 9877 of the Revenue and Taxation Code is amended to read:

9877. All deficiency determinations, exclusive of penalties, shall bear interest at the rate of one-half of 1 percent per month, or fraction thereof, from the last day of the month following the month or months for which the deficiency determination is made until the date of payment.

SEC. 9. Section 9902 of the Revenue and Taxation Code is amended to read:

9902. All determinations so made, exclusive of penalties, shall bear interest at the rate of one-half of 1 percent per month, or fraction thereof, from the last day of the month following the month or months for which the determinations are made until the date of payment.

SEC. 10. Section 10252 of the Revenue and Taxation Code is amended to read:

10252. (a) Except as provided in subdivision (b) no refund shall be approved by the board after three years from the last day of the month following the month in which the taxable operations occurred, or with respect to determinations made under Article 2, 3 or 3.5 of Chapter 4 of this part, after six months from the dates the determinations become final, or after six months from the date of overpayment, whichever period expires later, unless a claim therefor is filed with the board within such period. No credit shall be approved by the board after the expiration of such period unless a claim for credit is filed with the board within such period, or unless the credit relates to a period for which a waiver is given pursuant to Section 9882.

(b) A refund may be approved by the board for any period for which a waiver is given under Section 9882 if a claim therefor is filed with the board before the expiration of the period agreed upon.

SEC. 11. The provisions of this act shall become operative on the first day of the month next succeeding the month in which this act becomes effective.

CHAPTER 246

An act to amend Section 28135 of the Government Code, relating to county officers.

[Approved by Governor June 1, 1967. Filed with Secretary of State June 1, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 28135 of the Government Code is amended to read:

28135. In a county of the 35th class the following shall receive as compensation for the services required of them by law or by virtue of their offices the following sums:

(a) The auditor, nine thousand dollars ($9,000) a year.

(b) The district attorney, thirteen thousand five hundred dollars ($13,500) a year. He shall devote his entire time to the duties of his office and shall not engage in the private practice of law during his term of office.

(c) Each supervisor, for all services required of him as supervisor, five thousand eight hundred dollars ($5,800) a year except that the chairman of the board of supervisors, shall receive six thousand four hundred dollars ($6,400) a year. Each supervisor shall also receive the following mileage and traveling expenses: when using a privately owned automobile, ten cents ($0.10) for each mile actually traveled each way: (1) in going to and from his residence to the courthouse in attending each day's session of the regular and special meetings of the board of supervisors and in attending

each day's session of the meetings of the board of supervisors when the board convenes as a board of equalization, and (2) in the county in the performance of his duties as supervisor and as a member of the county board of equalization. When traveling in a privately owned automobile each member of the board of supervisors shall also be allowed mileage at the rate of ten cents ($0.10) a mile or railroad or bus fare, together with other traveling expenses incurred in traveling to and from places outside of the county when he is on county business authorized by the board of supervisors.

(d) For attending as a juror in the superior court or in the justice courts, each juror shall be paid three dollars ($3) for each day's attendance upon the court and eight cents ($0.08) a mile for each mile actually traveled each way in attending each day's session of the court.

For serving as a grand juror, each grand juror shall be paid six dollars ($6) for each day's attendance upon the duly called sessions of the grand jury and the meetings of committees appointed by the foreman of the grand jury and for each day's service when authorized in writing by the foreman to make individual investigations When using a privately owned automobile, each grand juror shall also be allowed eight cents ($0.08) a mile for each mile actually traveled by him each way in attending each day's sessions of the grand jury and meetings of committees appointed by the foreman of the grand jury and when making individual investigations upon being authorized in writing to make such investigations by the foreman.

The fees and traveling expenses shall be paid out of the general fund of the county upon warrants drawn by the county auditor upon the written order of the judge of the superior court in the case of grand jurors and jurors attending the superior court, and upon written order of the judge of the court in which the juror was in attendance in the case of jurors attending the justice courts.

The compensation provided by this section shall be paid to incumbent officers.

CHAPTER 247

An act to amend Sections 29155 and 29160 of the Agricultural Code, as proposed by Senate Bill No. 1, relating to apiaries.

[Approved by Governor June 1, 1967. Filed with Secretary of State June 1, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 29155 of the Agricultural Code, as proposed by Senate Bill No. 1, is amended to read:

29155. If disease is found in any apiary, the inspector shall notify the owner or person in charge or possession of

such apiary in writing. The notice shall state the nature of the disease found and the manner in which the inspector has marked the hives or combs which contain evidence of disease and shall order the abatement of such disease within a specified time.

It is unlawful for the owner of any such diseased apiary after receiving such notice to refuse or neglect to abate any such disease within the time which is specified in the notice or order.

SEC. 2. Section 29160 of the Agricultural Code, as proposed by Senate Bill No. 1, is amended to read:

29160. If the owner or person in charge or possession of an apiary in which disease is found to exist cannot be located after diligent search by the inspector, or if notice has been served pursuant to this article and the owner or person in charge or possession of the apiary refuses or neglects to abate the disease within the time which is specified in the notice, the inspector shall abate the disease within 72 hours after expiration of the time which is specified in the notice. The cost of any such abatement shall be paid by the owner of the apiary.

CHAPTER 248

An act to amend Section 6535 of the Business and Professions Code, relating to the practice of barbering.

[Approved by Governor June 1, 1967. Filed with Secretary of State June 1, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 6535 of the Business and Professions Code is amended to read:

6535. No college of barbering shall be approved by the board unless it requires as a prerequisite to admission thereto, completion of the ninth grade, or the equivalent education as determined by an examination conducted by an examining agency prescribed by the board, and unless it requires as a prerequisite to graduation a course of instruction of not less than 1,248 hours to be completed within 15 months, at the rate of not more than eight hours in any one working day, except that a student may complete a service in process, with time credit, but not to exceed 30 additional consecutive minutes. The total number of weekly hours shall not exceed 40, except that the accumulated minutes necessary to complete a service in process shall be added thereto. The maximum weekly total of hours shall not exceed 42½.

The course of instruction shall consist of the fundamentals of the following subjects:

(a) Sanitation, antiseptics, sterilization, hygiene and bacteria. Instruction in these subjects shall be limited to their relation to barbering.

(b) Haircutting and shaving.

(c) Massaging of the scalp, face, and neck.

(d) Shampooing, and the applying of hair tonics, hairdressing preparations, and rinses.

(e) Facials and scalp massages or treatments with creams, lotions, oils or other cosmetic preparations either by hand or mechanical appliances, but such appliances shall not be galvanic nor faradic.

(f) Shop management, ethics, salesmanship, implements, and a brief study of the history of barbering.

(g) Laws and regulations governing the practice of barbering.

(h) Common skin and hair diseases of the scalp, face and neck.

(i) The structure and functions of the skin and hair of the scalp, face and neck.

(j) Cosmetic preparations used in the practice of barbering.

(k) Circulation, muscles, nerves and cells of the scalp, face and neck only as such subjects are related to massaging or other acts of barbering.

(*l*) Introduction to coloring, bleaching, relaxing of hair, hairpieces, and waving of the hair, except that waving shall not include permanent waving.

CHAPTER 249

An act to amend Sections 5, 8, 11, 14, 15, 21, 27, and 46 of, to add Sections 50, 51, and 52 to, and to repeal Section 6 of the San Gorgonio Pass Water Agency Law (Chapter 1435 of the Statutes of 1961), relating to the San Gorgonio Pass Water Agency.

[Approved by Governor June 1, 1967. Filed with Secretary of State June 1, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 5 of the San Gorgonio Pass Water Agency Law (Ch. 1435, Stats. 1961) is amended to read:

Sec. 5. The board of directors of the agency organized under this act shall consist of seven members. The Board of Supervisors of Riverside County shall appoint the first board of directors, each of whom shall be a resident or owner of real property within the agency, and shall hold office until his successor is elected. Following the creation of the five divisions of the agency by the first board of directors, and at the first agency election thereafter, all successors of the first board shall be elected or chosen at the time and in the manner provided in the Uniform District Election Law, which shall apply to the agency.

SEC. 2. Section 6 of the San Gorgonio Pass Water Agency Law (Ch. 1435, Stats. 1961) is repealed.

SEC. 3. Section 8 of the San Gorgonio Pass Water Agency Law (Ch. 1435, Stats. 1961) is amended to read:

Sec. 8. The provisions of the Elections Code so far as they may be applicable shall govern all general agency elections and all special agency elections, except as in this act otherwise provided.

SEC. 4. Section 11 of the San Gorgonio Pass Water Agency Law (Ch. 1435, Stats. 1961) is amended to read:

Sec. 11. The board of directors shall be the governing body of the agency. It shall hold its first meeting as soon as possible after the appointment and certification of the first board of directors; it shall choose one of its members president, and shall thereupon provide for the time and place of holding its meetings and the manner in which its special meetings may be called. All legislative sessions of the board of directors whether regular or special shall be open to the public. A majority of the board of directors shall constitute a quorum for the transaction of business. At its first meeting in the month of January of each even-numbered year, the board of directors shall choose one of its members president, and another of its members vice president.

SEC. 5. Section 14 of the San Gorgonio Pass Water Agency Law (Ch. 1435, Stats. 1961) is amended to read:

Sec. 14. The board of directors shall at its first meeting, or as soon thereafter as practicable, appoint by a majority vote a secretary, treasurer, and auditor, and define their duties and fix their compensation and may so appoint a general manager and define his duties and fix his compensation. The board may employ such additional assistants and employees, and such engineers, attorneys and professional and other consultants as it may deem necessary to efficiently maintain and operate said agency. Each shall serve at the pleasure of the board.

SEC. 6. Section 15 of the San Gorgonio Pass Water Agency Law (Ch. 1435, Stats. 1961) is amended to read:

Sec. 15. The agency incorporated as herein provided, shall have the power:

1. To have perpetual succession;

2. To sue and be sued, except as otherwise provided herein or by law, in all actions and proceedings in all courts and tribunals of competent jurisdiction;

3. To adopt a seal and alter it at pleasure;

4. To take by grant, purchase, gift, devise, or lease, hold, use, enjoy, and to lease or dispose of real and personal property of every kind, within or without the agency;

5. To acquire, or contract, to acquire, waterworks or a waterworks system, waters, water rights, lands, rights and privileges and construct, maintain and operate conduits, pipelines, reservoirs, works, machinery and other property useful or necessary to store, convey, supply or otherwise make use of water for a waterworks plant or system for the benefit of the agency, and to complete, extend, add to, repair or other-

wise improve any waterworks or waterworks system acquired by it as herein authorized.

6. To construct, maintain, improve and operate public recreational facilities appurtenant to any water reservoir operated or contracted to be operated by the agency, and to provide by ordinance regulations binding upon all persons to govern the use of such facilities including regulations imposing reasonable charges for the use thereof. Violation of any such regulation shall be a misdemeanor.

7. To lease of and from any person, firm or public or private corporation, or public agency, with the privilege of purchasing or otherwise, all or any part of water storage, transportation or distribution facilities, existing waterworks or a waterworks system, and to carry on and conduct waterworks or a waterworks system; also to sell water under the control of the agency to cities, and to other public corporations and public agencies within the agency, and to the inhabitants of such cities and of other territory within the agency, and to persons, corporations, and other private agencies within the agency for use within said agency without any preference; also to sell water under the control of the agency to any city, or any company or public agency serving a city, which city is located wholly or partially within the agency, for distribution only within such city; and it may, whenever the board shall find that there is a surplus of water above that which may be required by such consumers within said agency, sell or otherwise dispose of such surplus water to any persons, firms, public or private corporations or public agencies or other consumers,

8. To supply and deliver agency water to publicly owned and operated golf courses and other publicly owned and operated recreational facilities and to public schools, school districts and public school properties, and to fix and establish special rates, terms and conditions for the use and sale of water for each of these purposes; provided, however, that this provision shall not be construed to indicate legislative intent either for or against the existence of any power of the agency to furnish water to other persons, firms or corporations at just and reasonable rates;

9. To have and exercise the right of eminent domain and in the manner provided by law for the condemnation of private property for public use, to take any property necessary to supply the agency or any portion thereof with water, whether such property be already devoted to the same use or otherwise, and may condemn any existing waterworks or system, or any portion thereof, or any waters or water rights owned by any person, firm or private corporation, provided that the use to which such property is to be devoted by the agency must be pleaded and proven by the agency to be a more necessary public use than that to which it is then appropriated, as a condition to the exercise of such right of eminent domain. In proceedings relative to the exercise of such right, the agency shall have all of the rights, powers and privileges of a city;

provided, the agency in exercising such power, shall in addition to the damage for the taking, injury, or destruction of property, also pay the cost of removal, reconstruction, or relocation of any structure, railways, mains, pipes, conduits, wires, cables or poles of any public utility which is required to be removed to a new location. In no event shall the agency have or exercise the power of eminent domain with respect to property situated outside the boundaries of the agency;

10. To issue bonds, borrow money and incur indebtedness as authorized by law or in this act provided; also to refund (by the issuance of the same obligations following the same procedure) or retire any indebtedness or lien that may exist against the agency or property thereof; also to issue warrants to pay the formation expenses of the agency, which warrants may bear interest at a rate not exceeding 6 percent per annum from the date of issue until funds are available to pay the warrants, and which formation expenses may include fees of attorneys and others employed to conduct the formation proceedings.

11. To issue negotiable promissory notes bearing interest at a rate not exceeding 6 percent per annum; provided, however, that said notes shall be general obligations of the agency payable from revenues and taxes in the same manner as bonds of said agency; and provided further that the maturity shall not be later than five years from the date thereof and that the total aggregate amount of such notes outstanding at any one time shall not exceed the lesser of either one million five hundred thousand dollars ($1,500,000) or 2 percent of the assessed valuation of the taxable property in the agency, or, if said assessed valuation is not obtainable, 2 percent of the county auditor's estimate of the assessed valuation of the taxable property in the agency evidenced by his certificate;

12. To cause taxes to be levied, in the manner hereinafter provided, for the purpose of paying any obligation of the agency, including its formation expenses and any warrants issued therefor;

13. To restrict the use of agency water during any emergency caused by drought, or other threatened or existing water shortage, and to prohibit the wastage of agency water or the use of agency water during such periods, for any purpose other than household uses or such other restricted uses as may be determined to be necessary by the agency; to prohibit the use of such water during such periods for specific uses which the agency may from time to time find to be nonessential;

14. To prescribe and define by ordinance, the restrictions, prohibitions and exclusions referred to in subdivision 13 hereof. Every ordinance relating to the matters referred to in this subdivision shall be in full force and effect forthwith upon adoption, but shall be published pursuant to Section 6061 of the Government Code in full in a newspaper of general circulation, printed, published and circulated in the agency within 10 days after adoption, or if there be no such

newspaper it shall be posted within said time in three public places within the agency;

15. To make contracts, to employ labor, and do all acts necessary for the full exercise of the foregoing powers;

16. In case of condemnation proceedings the board shall proceed in the name of the agency;

17. To provide by ordinance of its board of directors for the pensioning of officers or employees and the creation of a special fund for the purpose of paying such pensions, and the accumulation of contributions to said fund from the revenues of the agency, the wages of officers or employees, voluntary contributions, gifts, donations or any source of revenue not inconsistent with the general powers of the board, and to contract with any insurance corporation or any other insurance carrier for the maintenance of a service covering the pension of such officers or employees, and to provide in such ordinance for the terms and conditions under which such pensions shall be awarded, and for the time and extent of service of officers or employees before such pensions shall be available to them;

18. To acquire, control, distribute, store, spread, sink, treat, purify, reclaim, recapture, and salvage any water, including sewage and storm waters, for the beneficial use or uses and protection of the agency or its inhabitants or the owners of rights to water therein; provided, however, that all waters of the Whitewater River system are excluded from the provisions hereof, except such waters of said system as may be lawfully acquired by the San Gorgonio Pass Water Agency.

19. Subject to the limitations in subdivision 9 of this section, to join with one or more public agencies, private corporations or other persons for the purpose of carrying out any of the powers of the agency, and for that purpose to contract with such other public agencies or private corporations or persons for the purpose of financing such acquisitions, constructions and operations. Such contracts may provide for contributions to be made by each party thereto and for the division and apportionment of the expenses of such acquisitions and operations, and the division and apportionment of the benefits, the services and products therefrom, and may provide for any agency to effect such acquisitions and to carry on such operations, and shall provide in the powers and methods of procedure for such agency the method by which such agency may contract. Such contracts with other public agencies or private corporations or persons may contain such other and further covenants and agreements as may be necessary or convenient to accomplish the purposes thereof. Particularly, but not exclusively, the agency may contract with the State of California for delivery of water under the State Water Plan. The term "public agency," as used in this subdivision, shall be deemed to mean and include the United States of America or any department or agency thereof, the State of California or any department or agency thereof, a county, city, public corporation, The Metropolitan Water District of

Southern California, or other public district of this state. The term "private corporation," as used in this subdivision, shall be deemed to mean and include any private corporation organized under the laws of the United States of America or of this or any other state thereof. Contracts mentioned herein include those made with the United States, under the Federal Reclamation Act of June 17, 1902, and all acts amendatory thereof or supplementary thereto or any other act of Congress heretofore or hereafter enacted permitting cooperation. Any such contract with the United States of America or any department or agency thereof, or with any private corporation organized under the laws of the United States of America, by which the agency, or an improvement district thereof, incurs an indebtedness or liability exceeding in any year the income and revenue for such year shall not be executed without the assent of two-thirds of the qualified electors of the agency, or an improvement district thereof, voting at a special election to be held for that purpose, such election to be called and held, so far as practicable, in the same manner as bond elections for the agency. The exact form of such contract need not be available at the time of the special election, but the (1) purpose of the contract; (2) maximum amount of the indebtedness created thereby; (3) maximum term of repayment, and (4) maximum interest rate on such indebtedness shall be known and included in the proposition or measure submitted to the qualified electors of the agency, or an improvement district thereof, at such special election.

20. To commence, maintain, intervene in, defend and compromise, in the name of the agency, and to assume the costs and expenses of any and all actions and proceedings which involve or affect the ownership or use of water or water rights, used or useful for any purpose of the agency, or a common benefit to the lands within the agency or inhabitants of the agency, and in any such action or proceeding the agency may act as a representative of any class or classes of users of water within the agency, producers of water within the agency or owners of rights to water used or useful within the agency, or owners of property within the agency.

21. Distribute water to persons in exchange for ceasing or reducing ground water extractions and to fix the terms and conditions of any contract under which producers may agree voluntarily to use replenishment water from a nontributary source in lieu of ground water, and to such end an agency may become a party to such contract and pay from the agency funds such portion of the cost of such replenishment waters as will encourage the purchase and use of such water in lieu of pumping so long as the persons or property within the agency are directly or indirectly benefited by the resulting replenishment.

22. To issue bonds under Section 28 of this act for the purpose of providing money required to be paid by this agency

to the State of California or any agency thereof under any contract which shall be made with it, or as all or part of the terms and conditions under which the corporate area of the agency may be annexed to and become a part of any metropolitan water district organized under the Metropolitan Water District Act. The amount of said bonds may include expenses of all proceedings for the authorization, issuance and sale of the bonds.

23. To issue revenue bonds for any purpose for which general obligation bonds may be issued, and for any purpose for which such bonds could be issued under the provisions of the Revenue Bond Law of 1941 or any other law which by its terms is applicable to the agency.

24. To use the Improvement Act of 1911 for the construction of any facilities authorized to be constructed under the provisions of this act. The powers and duties conferred by the Improvement Act of 1911 on the various boards, officers and agents of cities shall be exercised by the respective boards, officers and agents of the agency. In the application of said Improvement Act of 1911 to proceedings instituted by the agency, the terms used in said Improvement Act of 1911 shall have the following meanings:

(a) "City council" and "council" shall mean the board of directors of the agency.

(b) "Municipality" and "city" shall mean the agency.

(c) "Clerk" and "city clerk" shall mean the secretary.

(d) "Superintendent of streets," "street superintendent" and "city engineer" shall mean the chief engineer of the agency.

(e) "Tax collector" shall mean the county tax collector.

(f) "Treasurer" and "city treasurer" shall mean the treasurer of the agency.

(g) "Mayor" shall mean the president of the board of directors of the agency.

(h) "Right-of-way" shall mean any parcel of land in, on, under or through which a right-of-way or easement has been granted to the agency for the purpose of constructing and maintaining any works or improvements of the agency.

Any certificates or documents required to be filed or recorded in the office of the superintendent of streets or street superintendent shall be filed and recorded in the office of the Secretary of the San Gorgonio Pass Water Agency.

25. To disseminate information concerning the activities of the agency; and in instances in which it shall be found by two-thirds vote of the board of directors to be necessary for the protection of agency rights and properties to disseminate information concerning such rights and properties, also concerning matters which in the judgment of the board may adversely affect such rights and properties; provided, that expenditures during any fiscal year for such purposes shall not exceed one cent ($0.01) for each one hundred dollars ($100) of assessed valuation of such agency.

SEC. 7. Section 21 of the San Gorgonio Pass Water Agency Law (Ch. 1435, Stats. 1961) is amended to read:

Sec. 21. The president, vice president, and secretary in addition to the respective duties imposed on them by law shall perform such duties as may be imposed on them by the board of directors. The treasurer, or such other person or persons as may be authorized by the board of directors, shall draw checks or warrants to pay demands when such demands shall have been audited and approved in the manner prescribed by the board of directors.

If the president is absent or unable to act, the vice president shall exercise the powers of the president granted by this act.

The board of directors shall designate a depository or depositories to have the custody of the funds of the agency, all of which depositories shall give security sufficient to secure the agency against possible loss, and who shall pay the warrants drawn by the treasurer for demands against the agency under such rules as the directors may prescribe.

The general manager, secretary and treasurer, and all other employees or assistants of said agency who may be required so to do by the board of directors, shall give such bonds to the agency conditioned for the faithful performance of their duties as the board of directors from time to time may provide. The premiums on such bonds shall be paid by the agency.

SEC. 8. Section 27 of the San Gorgonio Pass Water Agency Law (Ch. 1435, Stats. 1961) is amended to read:

Sec. 27. The board of directors shall determine the amounts necessary to be raised by taxation during the fiscal year and shall fix the rate or rates of tax to be levied which will raise the amounts of money required by the agency, and within a reasonable time previous to the time when the board of supervisors is required by law to fix its tax rate, the board of directors shall certify to the board of supervisors the rate or rates so fixed and shall furnish to the board of supervisors a statement in writing containing the following: (a) an estimate of the minimum amount of money required to be raised by taxation during the fiscal year for the payment of the principal of and interest on any bonded debt of the agency or of an improvement district thereof as will become due before the proceeds of a tax levied at the next general tax levy will be available; (b) an estimate of the minimum amount of money required to be raised by taxation during the fiscal year for all other purposes of the agency. The board of directors shall direct that at the time and in the manner required by law for the levying of taxes for county purposes, such board of supervisors shall levy, in addition to such other tax as may be levied by such board of supervisors, at the rate or rates so fixed and determined by the board of directors, a tax upon the property within the agency, or improvement district thereof benefited by the bonded debt, as the case may be, and it is made the duty of the officer or body having authority to levy taxes within each county to levy the tax so required. Taxes for

the payment of the interest on or principal of any bonded debts shall be levied on the property within the agency, or improvement district thereof, benefited by the bonded debt, as determined by the board of directors in the resolution declaring the necessity to incur the debt. Taxes for other purposes of the agency shall be levied on all property in the district or portion thereof subject to the particular tax. And it shall be the duty of all county officers charged with the duty of collecting taxes to collect such tax in time, form, and manner as county taxes are collected, and when collected to pay the same to the agency. Taxes for the payment of a bonded debt and the interest thereon shall be a lien on all the property benefited thereby as stated in the resolution of the board of directors declaring the necessity to incur the debt. All taxes for other purposes of the agency shall be a lien on all the property in the agency subject to the respective tax. Agency taxes, whether for payment of a bonded indebtedness and the interest thereon or for other purposes, shall be of the same force and effect as other liens for taxes, and their collection may be enforced by the same means as provided for the enforcement of liens for state and county taxes.

SEC. 9. Section 46 of the San Gorgonio Pass Water Agency Law (Ch. 1435, Stats. 1961) is amended to read:

Sec. 46. If there shall be a registrar of voters, other than the county clerk, in the principal county in which the agency is situated, the duties required by this act to be performed by the county clerk respecting the nomination of candidates for offices of such water agency and the holding of elections in such agency, shall be performed by such registrar of voters.

SEC. 10. Section 50 is added to the San Gorgonio Pass Water Agency Law (Ch. 1435, Stats. 1961), to read:

Sec. 50. The agency, by ordinance, may fix, on or before the first day of July in any calendar year, a water standby or availability charge within the agency or in any improvement district thereof to which water is made available by the agency through underground or by surface facilities, whether the water is actually used or not. The standby charge shall not exceed ten dollars ($10) per acre per year for each acre of land within the agency or any improvement district thereof or ten dollars ($10) per year for any parcel of less than one acre. The ordinance fixing a standby charge shall be adopted by the board only after adoption of a resolution setting forth the particular schedule or schedules of charges proposed to be established by ordinance and after notice and hearing in the manner prescribed in the District Reorganization Act of 1965 (commencing with Sections 56000 et seq. of the Government Code). The ordinance fixing a standby charge may establish schedules varying the charges according to land uses, water uses, and degree of water availability. On or before the third Monday in August, the board shall furnish in writing to the board of supervisors and the county auditor of each affected county a description of each parcel of land within

the agency upon which a charge is to be levied and collected for the current fiscal year, together with the amount of standby charge fixed by the agency on each parcel of land. The board shall direct that, at the time and in the manner required by law for the levying of taxes for county purposes, the board of supervisors shall levy, in addition to any other tax it levies, a standby charge in the amounts for the respective parcels fixed by the board. All county officers charged with the duty of collecting taxes shall collect agency standby charges with the regular tax payments to the county. Such charges shall be collected in the same form and manner as county taxes are collected and shall be paid to the agency. Charges fixed by the agency shall be a lien on all the property benefited thereby. Liens for such charges shall be of the same force and effect as other liens for taxes, and their collection may be enforced by the same means as provided for the enforcement of liens for state and county taxes.

SEC. 11. Section 51 is added to the San Gorgonio Pass Water Agency Law (Ch. 1435, Stats. 1961), to read:

Sec. 51. The board, by resolution, may initiate proceedings for the annexation of territory within the agency, whether contiguous or not to an improvement district, to such improvement district.

The resolution proposing annexation shall:

(a) Declare that proceedings have been initiated by the board pursuant to this article.

(b) State the reason for proposing the annexation.

(c) Set forth a description of the area proposed to be annexed, which may be made by reference to a map on file with the secretary of the agency which map shall govern for all details as to the extent of the area proposed to be annexed.

(d) State the terms and conditions of the annexation.

(e) State that the holders of title to any of the land sought to be annexed may file written protests with the secretary to the annexation or the annexation upon such terms and conditions.

(f) Fix the time and place of a meeting at which the board will receive written protests theretofore filed with the secretary, receive additional written protests, and hear from any and all persons interested in the annexation.

The text of the resolution proposing annexation shall be published, pursuant to Section 6066 of the Government Code, prior to the time of hearing in at least one newspaper printed and published in the agency, if there is a newspaper published and printed in the agency.

A copy of the resolution proposing annexation shall also be posted in three public places within the improvement district and three public places in the area proposed to be annexed at least two weeks prior to the hearing.

The board shall proceed with the hearing at the time and place fixed therefor and may continue the hearing, if need be,

from time to time. All interested persons will be heard at the hearing.

If written protests are filed by the holders of title of one-half of the value of the territory proposed to be annexed as shown by the last equalized assessment roll of each county in which the territory is situated, further proceedings shall not be taken, and the board shall refuse the annexation by a resolution so stating.

If written protest is not made by the owners of one-half of the value of the territory proposed to be annexed, and if, at the conclusion of the hearing, the board finds and determines from the evidence presented at the hearing that the area proposed to be annexed to an improvement district will be benefited thereby, and that the improvement district to which the area proposed to be annexed will also be benefited thereby and will not be injured thereby, the board may, by resolution, approve such annexation.

The resolution shall describe the territory annexed, which may be by reference to a map on file with the secretary, which map shall govern for all details as to the extent of the annexed area. The resolution shall also state the terms and conditions of annexation as theretofore determined by resolution of the board.

If the board finds and determines that either the area proposed to be annexed to the improvement district will not be benefited thereby or that the improvement district to which the area is proposed to be annexed will not be benefited thereby and will be injured thereby, the board shall by resolution disapprove such annexation.

From and after the date of the adoption of the resolution approving the annexation, the area described therein is added to and forms a part of the improvement district.

The taxable property in the annexed area shall be subject to taxation after the annexation thereof for the purposes of the improvement district, including the payment of the principal of and interest on bonds and other obligations of the improvement district authorized and outstanding at the time of the annexation as if the annexed property had always been a part of the improvement district

The board may do all things necessary to enforce and make effective the terms and conditions of annexation fixed by it.

Any action or proceeding in which the validity of an annexation to an improvement district pursuant to this article is contested, questioned, or denied shall be commenced within three months after the date of the resolution of the board approving the annexation of the territory to an improvement district; otherwise, the annexation shall be held valid and in every respect legal and incontestable.

SEC. 12. Section 52 is added to the San Gorgonio Pass Water Agency Law (Ch. 1435, Stats 1961), to read:

Sec. 52. Notwithstanding any other provision herein, whenever the board deems it necessary for any improvement

district formed pursuant to this law to be dissolved, it shall by resolution declare its intention to dissolve the improvement district

As used in this law, "improvement district" includes any improvement district whether originally inhabited or uninhabited.

The resolution of intention shall state:

(a) The reason why the improvement district should be dissolved.

(b) If the improvement district was formed pursuant to Section 29 of this law, or any section which provides for the issuance of bonds, that no bonds have been issued for the improvement district or are outstanding.

(c) If the improvement district was formed pursuant to Section 33 of this law, that no indebtedness or liability was incurred for the improvement district or that no such liability or indebtedness is outstanding.

(d) That a map showing the exterior boundaries of the improvement district, with relation to the territory immediately contiguous thereto, is on file with the secretary and is available for inspection by any person or persons interested.

(e) The time and place for a hearing by the board on the question of the dissolution of the improvement district.

(f) That at such time and place any person interested, including all persons owning property in the agency or in the improvement district will be heard.

Notice of the hearing shall be given by publishing a copy of the resolution, pursuant to Section 6066 of the Government Code, prior to the time fixed for the hearing in a newspaper circulated in the agency, if there is a newspaper circulated in the agency. Such notice shall also be given by posting a copy of the resolution in three public places within the improvement district for at least two weeks before the time fixed for the hearing.

At the time and place fixed in the resolution of intention, or at any time or place to which the hearing is adjourned, the board shall proceed with the hearing. At the hearing any person interested, including all persons owning property in the agency, or in the improvement district, may appear and present any matters material to the proposed dissolution.

At the conclusion of the hearing, the board shall by ordinance determine whether it is necessary to dissolve the improvement district. If so, the ordinance shall state that the exterior boundaries of the improvement district are set forth on a map on file with the secretary and shall declare the improvement district dissolved. The determinations made in the ordinance shall be final and conclusive.

When the ordinance declaring an improvement district dissolved becomes effective, the dissolution of such improvement district is complete.

The taxable property within the boundaries of the dissolved improvement district shall continue to be taxed for any in-

debtedness of the agency contracted for such dissolved improvement district until the indebtedness has been satisfied, to the same extent that such property would be taxable for such purpose if the dissolution had not occurred.

Any action or proceeding in which the validity of the dissolution of an improvement district, or of any of the proceedings in relation thereto, is contested, questioned, or denied shall be commenced within three months from the effective date of the ordinance dissolving the improvement district; otherwise, the dissolution of the improvement district and, all proceedings in relation thereto, shall be held to be valid and in every respect legal and incontestable.

After a bond election has been held in an improvement district formed pursuant to Section 29 of this law and less than two-thirds of the votes cast in such election were in favor of the measure, the board may within one year of the date of such election call and hold another election as provided in Section 29 of this law for the purpose of resubmitting said measure to the electors of said improvement district. If said measure is not so resubmitted said improvement district, on the anniversary date of the election, is dissolved without further action by the board. If said measure is resubmitted and fails to receive more than two-thirds of the votes cast in such election in favor of said measure said improvement district is dissolved following the canvass of the election returns.

SEC. 13. The amendments made to Sections 5 and 8, and the repeal of Section 6 of the San Gorgonio Pass Water Agency Law at the 1967 Regular Session of the Legislature shall not become operative until January 1, 1969.

CHAPTER 250

An act to add Section 51544.1 to the Government Code, relating to the transfer of city tax functions to counties, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 1, 1967. Filed with Secretary of State June 1, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 51544.1 is added to the Government Code, to read:

51544.1. Notwithstanding any provision of Section 51544 or any other provision of law to the contrary, a chartered city which has a new charter duly adopted by the electors of such city at an election held subsequent to the first Monday in February, and which charter provides for the transfer of city tax functions to the county in which such city is situated, may make such transfer and the board of supervisors and county officers affected may accept such transfer upon a date agreed upon by the county and city.

In making any such transfer, the city may continue, for the first year of such transfer, to collect taxes on property on the unsecured roll for that year. Such city may utilize any provisions in its new charter designed to prevent loss of revenue for the 1967–68 fiscal year by reason of any change in assessments or assessment procedures for such year, whether such functions are transferred to the county in whole or in part, provided that unsecured property shall not be taxed in any manner wherein the tax liability of the property would exceed that liability which would occur if the unsecured property had been assessed pursuant to Section 401 of the Revenue and Taxation Code and had been subject to the tax rate for the current year on secured property.

SEC. 2. Section 1 of this act shall remain in effect until two years after the 61st day after the final adjournment of the 1967 Regular Session of the Legislature, and shall have no force or effect after that date.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The voters of some chartered cities have adopted new charters after the first Monday in February and some of these new charters make reference to the transfer of assessing and tax collecting functions from the city to the county. Some of these new charters will also affect the assessment ratios for property in the cities and will adversely and substantially affect city revenues. Therefore, in order to protect the financial solvency and stability of these cities, it is necessary that this act go into immediate effect.

CHAPTER 251

An act to amend Section 12000 of the Health and Safety Code and Section 31600 of the Vehicle Code, relating to explosives.

[Approved by Governor June 1, 1967. Filed with Secretary of State June 1, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 12000 of the Health and Safety Code is amended to read:

12000. For the purposes of this part only the term "explosives" shall include all materials within class A and class B explosives as classified by the Interstate Commerce Commission, including high explosives, black powder (low explosives), initiating or priming explosives, blasting caps, ammunition for cannon, explosive projectiles, bombs, torpedoes, mines, grenades, jet thrust units (jato) or detonating fuses, and such

other materials as are designated by regulations adopted, from time to time, by the State Fire Marshal, in accordance with provisions of Chapter 4 (commencing with Section 11370), Part 1, Division 3, Title 2 of the Government Code, after he has considered changes in the classification of materials as class A and class B explosives by the Interstate Commerce Commission, as materials which the protection of life and property require be considered explosives for the purposes of this part. In no event shall the regulations adopted by the State Fire Marshal be more restrictive than those of the Interstate Commerce Commission.

The term "explosives" as used in this part shall not be deemed to include small arms ammunition of .75 caliber or less, class B special fireworks as contained in regulations adopted by the State Fire Marshal, nor any other class C explosives as classified by the Interstate Commerce Commission, nor ammonium nitrate or ammonium nitrate fertilizer, or oxidizing agents such as or comparable to ammonium nitrate.

SEC. 2. Section 31600 of the Vehicle Code is amended to read:

31600. (a) For the purposes of this division only the term "explosives" shall include all materials within class A and class B explosives as classified by the Interstate Commerce Commission, including high explosives, black powder (low explosives), initiating or priming explosives, blasting caps, ammunition for cannon, explosive projectiles, bombs, torpedoes, mines, grenades, jet thrust units (jato) or detonating fuses, and such other materials as are designated by regulations adopted, from time to time, by the State Fire Marshal, in accordance with the provisions of the Administrative Procedure Act (commencing with Section 11370) of the Government Code, after he has considered changes in the classification of materials as class A and class B explosives by the Interstate Commerce Commission, as materials which the protection of life and property require be considered explosives for the purposes of this division. In no event shall the regulations adopted by the State Fire Marshal be more restrictive than those of the Interstate Commerce Commission.

(b) The term "explosives" as used in this division shall not be deemed to include small arms ammunition of .75 caliber or less, class B special fireworks as contained in regulations adopted by the State Fire Marshal, nor any other class C explosives as classified by the Interstate Commerce Commission.

CHAPTER 252

An act to add Section 1460.1 to the Government Code, relating to official bonds of county officers.

[Approved by Governor June 1, 1967. Filed with Secretary of State June 1, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 1460.1 is added to the Government Code, to read:

1460.1. The county recorder shall record the bond and return it to the county officer with whom it is required to be filed. Such officer shall keep the bond on file for one year following the expiration of the term of the office for which the bond was issued at which time said bond may be destroyed or otherwise disposed of.

CHAPTER 253

An act to amend Sections 11110, 12810, 13355, 13356, 13361, 22655, and 40303 of, and to repeal Section 12510 of, the Vehicle Code, relating to motor vehicles.

[Approved by Governor June 1, 1967. Filed with Secretary of State June 1, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 11110 of the Vehicle Code is amended to read:

11110. The department may cancel, suspend, or revoke, or refuse to renew any license under the provisions of this chapter:

(a) Whenever the department is satisfied that the licensee fails to meet the requirements to receive or hold a license under this chapter.

(b) Whenever the licensee fails to keep the records required by this chapter.

(c) Whenever the licensee permits fraud or engages in fraudulent practices either with reference to the applicant or the department, or induces or countenances fraud or fraudulent practices on the part of any applicant for a driver's license.

(d) Whenever the holder fails to comply with any provisions of this chapter or any of the regulations or requirements of the department made pursuant thereto.

(e) Whenever the licensee represents himself as an agent or employee of the department or uses advertising designed or which would reasonably have the effect of leading persons to believe that such licensee was in fact an employee or repre-

sentative of the department, or whenever the licensee advertises in any manner or means whatever any statement which is untrue or misleading, and which is known, or which by the exercise of reasonable care should be known, to be untrue or misleading.

(f) Whenever the licensee or any employee or agent of such licensee solicits driver training or instruction in an office of the department or within 200 feet of any such office.

(g) Whenever the licensee is convicted of driving an automobile while under the influence of intoxicating liquor or of violating Sections 20001, 20002, 20003, 20004, 20006, 23104, 23105, or 23106 of this code or Section 192 of the Penal Code.

(h) Whenever the licensee has been convicted of any crime, does any act or series of acts, or is guilty of conduct, which conviction, action or conduct manifests a disability or unfitness to perform properly the licensee's occupational duties or lack of good moral character even though unrelated to proper performance of such occupational duties, and whenever disability or unfitness to perform properly the occupational duties of the licensee is the basis of suspension or revocation, the referee, hearing officer or board makes a specific finding as to the manner in which the conviction, action or conduct manifests such disability or unfitness, which finding is to be incorporated in the order suspending or revoking the license.

(i) Whenever contrary to provisions of this code or of regulations established by the department, the licensee teaches or permits a student to be taught the specific tests administered by the department through use of the department's forms or testing facilities.

SEC. 2. Section 12510 of the Vehicle Code is repealed.

SEC. 3. Section 13361 of the Vehicle Code is amended to read:

13361. The department may suspend the privilege of any person to operate a motor vehicle upon receipt of a duly certified abstract of the record of any court showing that the person has been convicted of any of the following crimes or offenses:

(a) Failure to stop in the event of an accident resulting in damage to property only, or otherwise failing to comply with the requirements of Section 20002.

(b) A second or subsequent conviction of reckless driving or upon a first conviction of reckless driving causing bodily injury.

(c) Manslaughter resulting from the operation of a motor vehicle as provided in paragraph (b) of subdivision 3 of Section 192 of the Penal Code.

In any case under this section the department is authorized to require proof of ability to respond in damages as defined in Section 16430.

SEC. 4. Section 12810 of the Vehicle Code is amended to read:

12810. In determining the violation point count, any conviction under Section 14601, 20002, 23102, 23103, or 23104 of this code shall be given a value of two points and any other traffic conviction involving the safe operation of a motor vehicle upon the highway shall be given a value of one point; provided, that conviction for only one violation arising from one occasion of arrest or citation shall be counted in determining the violation point count for the purposes of this section.

Any person whose driving record shows a violation point count of four or more points in 12 months, six or more points in 24 months or eight or more points in 36 months shall be prima facie presumed to be a negligent operator of a motor vehicle.

Any accident in which the operator is deemed by the department to be responsible shall be given a value of one point.

In applying the provisions of this section to a driver, the department shall give due consideration to the amount of use or mileage traveled in the operation of a motor vehicle.

SEC. 5. Section 13355 of the Vehicle Code is amended to read:

13355. The department shall revoke the privilege of any person to operate a motor vehicle who has been found by a judge of the juvenile court to have committed any of the following offenses:

(a) Manslaughter arising from the operation of a motor vehicle.

(b) Operating a vehicle while a habitual user of narcotic drugs or while under the influence of intoxicating liquor or narcotic drugs.

(c) Failure of the driver of a vehicle involved in an accident resulting in injury or death to any person to stop or otherwise comply with Section 20001 hereof.

(d) Two or more offenses of violating Section 20002, 23103, or 23104 within a period of 12 months from the time of the first offense, or upon a combination of two or more of any such offenses within a like period.

Each judge of a juvenile court shall immediately report such findings to the department.

SEC. 6. Section 13356 of the Vehicle Code is amended to read:

13356. Upon the recommendation of the judge of a juvenile court the department shall also revoke or suspend the privilege of any person to operate a motor vehicle who has been found to have committed any of the following offenses:

(a) Reckless driving.

(b) Failure to stop in the event of an accident as provided for in Section 20002.

(c) Two or more offenses within a period of six months of violating the provisions of this code limiting the speed of vehicles.

(d) A violation of this code punishable as a felony or of the provisions of the Penal Code relating to the grand theft of a motor vehicle.

SEC. 7. Section 22655 of the Vehicle Code is amended to read:

22655. When any member of the California Highway Patrol, or any regularly employed and salaried officer of a police department in a city, or sheriff's department authorized to enforce the provisions of this code pursuant to Section 26613 of the Government Code, has reasonable cause to believe that a motor vehicle on a highway has been involved in a hit-and-run accident, and the operator of the vehicle has failed to stop and comply with the provisions of Sections 20002, through 20006, inclusive, the officer may remove the vehicle from the highway for the purpose of inspection. Unless sooner released, the vehicle shall be released upon the expiration of 24 hours after such removal from the highway upon demand of the owner.

SEC. 8. Section 40303 of the Vehicle Code is amended to read:

40303. Whenever any person is arrested for any of the following offenses and the arresting officer is not required to take the person without unnecessary delay before a magistrate, the arrested person shall, in the judgment of the arresting officer, either be given a 10 days' notice to appear as herein provided or be taken without unnecessary delay before a magistrate within the county in which the offense charged is alleged to have been committed and who has jurisdiction of the offense and is nearest or most accessible with reference to the place where the arrest is made.

(a) Sections 10852 or 10853, relating to injuring or tampering with a vehicle.

(b) Sections 23103 or 23104, relating to reckless driving.

(c) Section 2800, insofar as it relates to a failure or refusal of the driver of a vehicle to stop and submit to an inspection or test of the lights upon the vehicle under Section 2804 hereof, which is punishable as a misdemeanor.

(d) Section 2800, insofar as it relates to a failure or refusal of the driver of a vehicle to stop and submit to a brake test which is punishable as a misdemeanor.

(e) Sections 2800 and 2803, relating to the refusal to submit vehicle and load to a weighing which is punishable as a misdemeanor.

(f) Section 20002, relating to failure to stop in the event of an accident involving damage to property.

(g) Section 20002, relating to failure to stop after collision with an unattended vehicle.

(h) Section 23109, relating to participating in speed contests.

(i) Section 14601, relating to driving while license is suspended or revoked.

(j) When the person arrested has attempted to evade arrest.

(k) Section 23332, relating to persons upon vehicular crossings.

(*l*) Section 2813, relating to the refusal to stop and submit a vehicle to an inspection of its size, weight, and equipment.

CHAPTER 254

An act appropriating funds for increase in compensation for nurses and psychiatric technician classes, declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 1, 1967. Filed with Secretary of State June 1, 1967.]

The people of the State of California do enact as follows:

SECTION 1. There is hereby appropriated from the General Fund the sum of four million two hundred twenty-one thousand eight hundred thirty-seven dollars ($4,221,837) for salary increases for graduate, registered and public health nursing and psychiatric technician classes to be allocated as provided in this act.

SEC. 2. Of the amount appropriated by Section 1, the sum of four million eight thousand five hundred eighty-six dollars ($4,008,586) shall be used to augment Item 313(a), Budget Act of 1966 to be allocated by the Department of Finance to the several state offices, departments, boards, bureaus, commissions, and other state agencies, in augmentation of their respective appropriations for support or for other purposes, in such amounts as will make sufficient money available to be paid graduate, registered and public health nursing and psychiatric technician classes, whose compensation, or portion thereof, is chargeable to the General Fund, an increase in compensation, including staff benefits, as established on or after November 1, 1966, by the State Personnel Board or other salary-fixing authority, exclusive of the Regents of the University of California and the Trustees of the California State Colleges, plus staff benefits.

For graduate, registered and public health nursing and psychiatric technician classes, whose compensation, including staff benefits, or portion thereof, is payable from special funds, there is hereby appropriated from each special fund from which such employees are paid an amount sufficient to provide increases in compensation, including staff benefits, for each such employee, in accordance with this section, which amount is to be made available by executive order of the Director of Finance in augmentation of their respective appropriations for support or for other purposes.

Before any increased salary range or rate established for any position for the period November 1, 1966–June 30, 1967,

shall become effective, a certification shall be obtained from the Director of Finance that sufficient money either is available in funds authorized for the agencies or may be made available from the appropriation in this item, to meet the cost of such increases.

SEC. 3. Of the amount appropriated by Section 1, the sum of one hundred forty-three thousand three hundred dollars ($143,300) shall be used in augmentation of Item 313(b), Budget Act of 1966, to be allocated by the Department of Finance to the regents of the university, in augmentation of its appropriation for support or for other purposes, in such amounts as will defray the cost of an increase in compensation for graduate, registered and public health nursing and psychiatric technician classes, including staff benefits, established on or after November 1, 1966.

SEC. 3.5. Of the amount appropriated by Section 1, the sum of sixty-nine thousand nine hundred fifty-one dollars ($69,951) shall be used in augmentation of Item 313(c), Budget Act of 1966, to be allocated by the Department of Finance to the Trustees of the California State Colleges, in augmentation of appropriations for support or for other purposes, in such amounts as will defray the cost of an increase in compensation for graduate, registered and public health nursing and psychiatric technician classes, including staff benefits, established on or after November 1, 1966.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Compensation for these classes, including the University of California and the state colleges, has fallen substantially behind compensation for comparable work in private employment. Unless there is a prompt adjustment of state salaries for these employees, the state service will suffer serious and irreparable harm. It is therefore necessary that this legislation be given immediate effect.

CHAPTER 255

An act to add Article 5 (commencing with Section 23175) to Chapter 1 of Division 17 of the Education Code, relating to civil actions against the University of California.

[Approved by Governor June 1, 1967. Filed with Secretary of State June 1, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Article 5 (commencing with Section 23175) is added to Chapter 1 of Division 17 of the Education Code, to read:

Article 5. Suits Against the University

23175. (a) At any time after the filing of the complaint in any action against the Regents of the University of California, the regents may file and serve a demand for a written undertaking on the part of each plaintiff as security for the allowable costs which may be awarded against such plaintiff. The undertaking shall be in the amount of one hundred dollars ($100) for the plaintiff or in the case of multiple plaintiffs in the amount of two hundred dollars ($200), or such greater sum as the court shall fix upon good cause shown, with at least two sufficient sureties, to be approved by the court. Unless the plaintiff files such undertaking within 20 days after service of a demand therefor, his action shall be dismissed.

(b) If judgment is rendered for the regents in any action against it, allowable costs incurred by the regents in the action shall be awarded against the plaintiffs.

(c) This section does not apply to an action commenced in a small claims court.

CHAPTER 256

An act to add Sections 1118, 1118.1, and 1118.2 to, and to repeal Section 1118 of, the Penal Code, relating to judgments in criminal cases.

[Approved by Governor June 2, 1967. Filed with Secretary of State June 2, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 1118 of the Penal Code is repealed.

SEC. 2. Section 1118 is added to the Penal Code, to read:

1118. In a case tried by the court without a jury, a jury having been waived, the court on motion of the defendant or on its own motion shall order the entry of a judgment of acquittal of one or more of the offenses charged in the accusatory pleading after the evidence of the prosecution has been closed if the court, upon weighing the evidence then before it, finds the defendant not guilty of such offense or offenses. If such a motion for judgment of acquittal at the close of the evidence offered by the prosecution is not granted, the defendant may offer evidence without first having reserved that right.

SEC. 3. Section 1118.1 is added to the Penal Code, to read:

1118.1. In a case tried before a jury, the court on motion of the defendant or on its own motion, at the close of the evidence on either side and before the case is submitted to the jury for decision, shall order the entry of a judgment of acquittal of one or more of the offenses charged in the accusatory pleading if the evidence then before the court is insufficient to sustain a conviction of such offense or offenses on appeal. If such a motion for judgment of acquittal at the close of the

evidence offered by the prosecution is not granted, the defendant may offer evidence without first having reserved that right.

SEC. 4. Section 1118.2 is added to the Penal Code, to read:

1118.2. A judgment of acquittal entered pursuant to the provisions of Section 1118 or 1118.1 shall not be appealable and is a bar to any other prosecution for the same offense.

CHAPTER 257

An act to amend Section 2468 of the Civil Code, relating to the use of fictitious names by persons and partnerships transacting business.

[Approved by Governor June 2, 1967. Filed with Secretary of State June 2, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 2468 of the Civil Code is amended to read:

2468. The certificate filed with the clerk as provided in Section 2466 must be signed by the person therein referred to, or by the partners, as the case may be, and acknowledged before some officer, authorized to take the acknowledgment of conveyances of real property, by personally appearing before such officer, notwithstanding the provisions of Section 1195 of the Civil Code. Such certificates may be executed on behalf of any such person or partner by an agent, or at any time after the bankruptcy, incompetency, or death of such a person or partner, by the trustee in bankruptcy or the guardian, conservator, executor or administrator of such person or partner for the purpose of maintaining an action to recover any sums due the bankrupt, incompetent, or deceased person or facilitating the maintenance of an action by the partnership, of which the bankrupt, incompetent, or deceased partner was a member, to recover sums due such partnership. Where a business is hereafter commenced by a person under a fictitious name or a partnership is hereafter formed, the certificate must be filed and the publication designated in that section must be made within one month after the commencement of such business, or after the formation of the partnership, or within one month from the time designated in the agreement of its members for the commencement of the partnership. Where the business has been heretofore conducted under a fictitious name or where the partnership has been heretofore formed, the certificate must be filed and the publication made within six months after the passage of this act. No person doing business under a fictitious name, or his assignee or assignees, nor any persons doing business as partners contrary to the provisions of this article, or their assignee or assignees, shall maintain any action upon or on account of any contract or contracts

made, or transactions had, under such fictitious name, or in their partnership name, in any court of this state until the certificate has been filed and the publication has been made as herein required.

CHAPTER 258

An act to amend Sections 6506, 6517.1, 6553, and 6560.1 of, and to add Sections 6510.6 and 6559.1 to, the Financial Code, relating to savings and loan associations, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 2, 1967. Filed with Secretary of State June 2, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 6506 of the Financial Code is amended to read:

6506. Shares may be issued as fully paid shares, installment shares, accumulative shares, prepaid shares, minimum term shares, or savings shares. Different rates of return may be paid on different classes of shares; provided that nothing herein shall be deemed to prevent any association from paying different rates of return on different savings shares issued without passbooks.

SEC. 2. Section 6510.6 is added to the Financial Code, to read:

6510.6. Savings shares are shares designated as such. Without regard to any other provision of law, a savings share issued without a passbook may contain a provision for a definite rate of return thereon and may be issued with a maturity date one year or less from the date of issue; provided that nothing herein shall be deemed to prohibit the renewal of any matured savings share. Without regard to any other provision of law, a savings share shall be in one of the following forms or such other form as the commissioner may approve, and need contain no other recitals, except that in the case of a savings share issued with passbook, the passbook shall contain a record of transactions relating to the account:

1. Form of savings share issued with passbook:

"This certifies that _____ holds a savings share in _____ subject to the laws of the State of California, and to the articles of incorporation and bylaws of the association."

2. Form of savings share issued without passbook (providing for definite rate of return):

"$_____

"This certifies that _____ holds a savings share, in the amount shown hereon, in _____, subject to the laws of the State of California, and to the articles of incorporation and bylaws of the association, and is entitled to be paid the amount hereof plus dividends at the rate of _____ percent per

annum from the date hereof to the date of maturity which is _____."

3. Form of savings share issued without passbook (not providing for definite rate of return):

"$_____

"This certifies that _____ holds a savings share, in the amount shown hereon, in _____, subject to the laws of the State of California, and to the articles of incorporation and bylaws of the association."

SEC. 3. Section 6517.1 of the Financial Code is amended to read:

6517.1. Notwithstanding the provisions of Section 6517, upon the withdrawal of any sum evidenced by any share an association may, at its option, pay dividends upon sums received by the association on account of such share within six months prior to such withdrawal, if the commissioner, by regulation, so provides. The commissioner may exercise this authority only if, and to the extent, federal chartered associations have the authority to pay earnings to date of withdrawal upon moneys which have not been invested in such federal chartered associations for a period of at least six months.

SEC. 4. Section 6553 of the Financial Code is amended to read:

6553. Investment certificates may be issued as full paid investment certificates, installment investment certificates, accumulative investment certificates, minimum term investment certificates, prepaid investment certificates, or savings certificates. Different rates of return may be paid on different classes of investment certificates issued without passbooks; provided that nothing herein shall be deemed to prevent any association from paying different rates of return on different savings certificates issued without passbooks.

SEC. 5. Section 6559.1 is added to the Financial Code, to read:

6559.1. A savings certificate is an investment certificate designated as such. Without regard to any other provision of law, a savings certificate issued without a passbook may contain a provision for a definite rate of return thereon and may be issued with a maturity date one year or less from the date of issue, provided that nothing herein shall be deemed to prohibit the renewal of any matured savings certificate. Without regard to any other provision of law, a savings certificate shall be in one of the following forms or such other form as the commissioner may approve, and need contain no other recitals, except that in the case of a savings certificate issued with passbook, the passbook shall contain a record of transactions relating to the account:

1. Form of savings certificate issued with passbook:

"This certifies that _____ holds a savings certificate in _____ subject to the laws of the State of California, and

to the articles of incorporation and bylaws of the association."

2. Form of savings certificate issued without passbook (providing for definite rate of return):

"$_____

"This certifies that _____ holds a savings certificate in the amount shown hereon in _____, subject to the laws of the State of California and to the articles of incorporation and bylaws of the association, and is entitled to be paid the amount hereof plus interest at the rate of _____ percent per annum from the date hereof to the date of maturity which is _____."

3. Form of savings certificate issued without passbook (not providing for definite rate of return):

"$_____

"This certifies that _____ holds a savings certificate in the amount shown hereon in _____, subject to the laws of the State of California and to the articles of incorporation and bylaws of the association."

SEC. 6. Section 6560.1 of the Financial Code is amended to read:

6560.1. Notwithstanding the provisions of Section 6560, upon the withdrawal of any sum evidenced by any investment certificate an association may, at its option, pay interest upon sums received by the association on account of such certificate within six months prior to such withdrawal, if the commissioner, by regulation, so provides. The commissioner may exercise this authority only if, and to the extent, federal chartered associations have the authority to pay earnings to date of withdrawal upon moneys which have not been invested in such federal chartered associations for a period of at least six months.

SEC. 7. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Regulations pertaining to federal savings and loan associations permit such associations to pay dividends on a savings account to the date of withdrawal, notwithstanding the fact that the account was less than six months old. If domestic associations are to continue to compete with such federal associations, it is necessary that this act go into immediate effect.

CHAPTER 259

An act to amend Section 13651.4 of, and to add Section 13657 to, the Education Code, relating to the public school system.

[Approved by Governor June 6, 1967. Filed with Secretary of State June 6, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 13651.4 of the Education Code is amended to read:

13651.4. Every person employed in the classified service of any school district shall be granted necessary leave of absence, not to exceed three days, or five days if out-of-state travel is required, on account of the death of any member of his immediate family. No deduction shall be made from the salary of such employee nor shall such leave be deducted from leave granted by other sections of this code or provided by the governing board of the district. The governing board may enlarge the benefits of this section. Member of the immediate family, as used in this section, means the mother, mother-in-law, father, father-in-law, spouse, son, daughter, brother or sister of the employee, or any relative living in the immediate household of the employee.

This section shall apply to districts that have adopted the merit system in the same manner and effect as if it were a part of Article 5 (commencing with Section 13701) of this chapter.

SEC. 2. Section 13657 is added to the Education Code, to read:

13657. Any days of absence for illness or injury earned pursuant to Section 13651.1, may be used by the employee, at his election, in cases of personal emergency, including any of the following:

(a) Death of a member of his immediate family when additional leave is required beyond that provided in Section 13651.4 and that provided, in addition thereto, as a right by the governing board.

(b) Accident, involving his person or property, or the person or property of a member of his immediate family.

(c) Appearance in any court or before any administrative tribunal as a litigant, party, or witness under subpoena or any order made with jurisdiction.

(d) Such other reasons which may be prescribed by the governing board.

The governing board of each school district shall adopt rules and regulations requiring and prescribing the manner of proof of personal emergency for the purpose of this section. No earned leave in excess of six days may be used in any school year for the purposes enumerated in this section.

Immediate family has the same meaning as provided in Section 13651.4.

This section shall apply to districts that have adopted the merit system in the same manner and effect as if it were a part of Article 5 (commencing with Section 13701) of this chapter.

This section shall also apply to school districts that may be exempted from the provisions of Section 13651.1. Authorized emergency leave shall be deducted from sick leave earned under the provisions of the exemption of Section 13651.1.

CHAPTER 260

An act to amend Section 13595 of the Education Code, relating to school employee merit system.

[Approved by Governor June 6, 1967. Filed with Secretary of State June 6, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 13595 of the Education Code is amended to read:

13595. (a) "Common board" as used in this article means a board with identical members that governs more than one school district. "Common administration" as used in this section means the administration by a person employed by governing boards of more than one district or a common board to act as chief executive officer for more than one school district.

(b) The term "a district whose average daily attendance is 3,000 or greater" shall be construed to include any district which is the only district under the jurisdiction of the county superintendent of schools regardless of its average daily attendance. It shall also include districts governed by a "common board" or which use a "common administration," as defined in this section.

CHAPTER 261

An act to add Sections 13757 and 13758 to the Education Code, relating to school employee merit system.

[Approved by Governor June 6, 1967. Filed with Secretary of State June 6, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 13757 is added to the Education Code, to read:

13757. If the governing board of a school district receives a written petition of qualified electors not less in number than 10 percent of the number voting in the last election for a member of the governing board calling for the termination of the

merit (civil service) system and the system has been in operation for not less than five years, the governing board shall order the county superintendent of schools to place the question of termination of the system on the ballot at the next regular governing board member election, or the next primary or general election in a general election year, whichever is the earlier after receipt by the county superintendent of schools.

The statement of purpose of the election shall read:

"Shall the merit (civil service) system for school employees not requiring certification qualifications, as provided for in Article 5 (commencing with Section 13701), Chapter 3, Division 10 of the Education Code of the State of California, and which has been in operation for at least five years, be terminated by the _____ School District of _____ County (or Counties, where appropriate) on _____ (date to be specified by governing board)?"

The petition calling for the election, to be valid, must contain the statement of purpose for the election as contained in this section.

SEC. 2. Section 13758 is added to the Education Code, to read:

13758. If the majority of the qualified electors vote to terminate the merit system in a school district, the personnel commission shall cease to function on the date specified in the election and the law pertaining to merit system districts shall cease to have any force or effect in that district.

Simultaneously, with the termination of the merit system, the governing board shall adopt rules and regulations relating to classified school employees as required by Section 13583 of this code.

Notwithstanding an action to terminate the merit system in a school district, the provisions of Section 13596 shall be applicable at any time after at least two years have elapsed after the system has ceased to operate.

CHAPTER 262

An act to amend Sections 18, 5904, 5905, 6461, 6521, 6524, 11765, 14588, 20608, 20609, 27556, 29444, 34564, 38903, 40532, 40818, 40874, 41102, 42851, 42852, 46886, 52061, 52062, 52363, 55603, 55788, 56277, 56278, 56476, 61384, 61413, and 64257 of, and to repeal Sections 16412, 17402, 18202, 20202, 23042, 24522, 26422 and 56416 of, the Agricultural Code, as proposed by Senate Bill No. 1, relating to evidence.

[Approved by Governor June 6, 1967. Filed with Secretary of State June 6, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 18 of the Agricultural Code, as proposed by Senate Bill No. 1, is amended to read:

18. In all matters which arise under this code, proof of the fact of possession by any person engaged in the sale of a commodity establishes a rebuttable presumption that the commodity is for sale. This presumption is a presumption affecting the burden of producing evidence.

SEC. 2. Section 5904 of the Agricultural Code, as proposed by Senate Bill No. 1, is amended to read:

5904. Every plant within a citrus white fly district which is infested with citrus white fly or with the eggs, larvae, or pupae of the citrus white fly, or which there is reasonable cause to believe may be infested with citrus white fly, is a public nuisance.

SEC. 3. Section 5905 of the Agricultural Code, as proposed by Senate Bill No. 1, is amended to read:

5905. The existence of any known host plant of citrus white fly within the boundaries of the district is reasonable cause to believe the host plant is infested with the citrus white fly.

SEC. 4. Section 6461 of the Agricultural Code, as proposed by Senate Bill No. 1, is amended to read:

6461. Except as otherwise provided in this article, if any shipment of plants, or any other things against which a quarantine has been established, is brought into this state and it is found to be infested or infected, or there is reasonable cause to believe that it may be infested or infected, with any pest, the shipment shall be immediately destroyed by, or under the supervision of, the officer who inspects it, at the expense of the owner or bailee of the shipment.

SEC. 5. Section 6521 of the Agricultural Code, as proposed by Senate Bill No. 1, is amended to read:

6521. Except as otherwise provided in Sections 6523 and 6524, if any shipment of any nursery stock, plant, or container of any nursery stock or plant, or appliance, or any host or other carrier of any pest which is brought into any county or locality in the state from another county or locality within the state, is found to be infected or infested with a pest, or there is reasonable cause to believe that the shipment may be so infested or infected, the entire shipment shall be refused delivery and may be immediately destroyed by, or under the supervision of the commissioner, unless the nature of the pest is such that no damage or detriment can be caused to agriculture by the return of the shipment to the point of shipment.

SEC. 6. Section 6524 of the Agricultural Code, as proposed by Senate Bill No. 1, is amended to read:

6524. If the commissioner determines that only a portion of the shipment is infested or infected with a pest, or that there is reasonable cause to believe that only a portion of the shipment may be so infested or infected, only such portion of the shipment may be destroyed, returned to the point of origin, or treated or processed.

SEC. 7. Section 11765 of the Agricultural Code, as proposed by Senate Bill No. 1, is amended to read:

11765. The failure to file a verified report of loss is evidence that no loss or damage occurred.

SEC. 8. Section 14588 of the Agricultural Code, as proposed by Senate Bill No. 1, is amended to read:

14588. A certificate of the director which states the results of any analysis, purported to have been made pursuant to this chapter, is prima facie evidence of all of the following:

(a) That every sample which is mentioned in the analysis or certificate was properly analyzed.

(b) That such samples were taken pursuant to this chapter.

(c) That the substances analyzed contained the component parts which are stated in such certificate and analysis.

(d) That the samples were taken from the lots, parcels, or packages which are mentioned in the certificate.

The presumption established by this section is a presumption affecting the burden of proof, but it does not apply in a criminal action.

SEC. 9. Section 16412 of the Agricultural Code, as proposed by Senate Bill No. 1, is repealed.

SEC. 10. Section 17402 of the Agricultural Code, as proposed by Senate Bill No. 1, is repealed.

SEC. 11. Section 18202 of the Agricultural Code, as proposed by Senate Bill No. 1, is repealed.

SEC. 12. Section 20202 of the Agricultural Code, as proposed by Senate Bill No. 1, is repealed.

SEC. 13. Section 20608 of the Agricultural Code, as proposed by Senate Bill No. 1, is amended to read:

20608. Proof of possession or ownership of cattle with an unrecorded, forfeited, or canceled brand establishes a rebuttable presumption that the person in possession or the owner of the cattle has branded them with such brand. This presumption is a presumption affecting the burden of proof.

SEC. 14. Section 20609 of the Agricultural Code, as proposed by Senate Bill No. 1, is amended to read:

20609. In every suit at law or in equity, if the title to any animal is involved, proof of the brand of the animal establishes a rebuttable presumption that the owner of the brand was the owner of the animal at all times during which the brand was duly recorded as provided in this code. This presumption is a presumption affecting the burden of proof.

The right of any person to use such brand may be established by a certified copy of the brand records on file in the bureau.

SEC. 15. Section 23042 of the Agricultural Code, as proposed by Senate Bill No. 1, is repealed.

SEC. 16. Section 24522 of the Agricultural Code, as proposed by Senate Bill No. 1, is repealed.

SEC. 17. Section 26422 of the Agricultural Code, as proposed by Senate Bill No. 1, is repealed.

SEC. 18. Section 27556 of the Agricultural Code, as proposed by Senate Bill No. 1, is amended to read:

27556. The director, by regulation, shall prescribe methods of selecting samples of lots or containers of eggs which shall be reasonably calculated to produce by such sampling fair representations of the entire lots or containers which are sampled.

Any sample which is taken pursuant to this section is prima facie evidence of the true condition of the entire lot in the examination of which the sample was taken. The presumption established by this section is a presumption affecting the burden of proof.

SEC. 19. Section 29444 of the Agricultural Code, as proposed by Senate Bill No. 1, is amended to read:

29444. Any sample which is taken pursuant to this chapter is prima facie evidence of the true condition of the entire lot in the examination of which the sample was taken. The presumption established by this paragraph is a presumption affecting the burden of proof.

SEC. 20. Section 34564 of the Agricultural Code, as proposed by Senate Bill No. 1, is amended to read:

34564. Proof of the use of any container, cabinet, or other dairy equipment by any person, except the person or association whose name, mark, or device is upon it, or the members of any association which registered it, without the written consent provided for in Section 34562, or of the possession by any junk dealer or dealer in secondhand articles of any such container, cabinet, or other dairy equipment, the description of the name, mark, or device of which has been so filed and published as provided in Section 34531, 34532, and 34533 establishes a rebuttable presumption of unlawful use of or traffic in such container, cabinet, or other dairy equipment. This presumption is a presumption affecting the burden of proof.

SEC 21. Section 38903 of the Agricultural Code, as proposed by Senate Bill No 1, is amended to read:

38903. Proof that any fat or oil except milk fat has been combined with any milk product and that the resulting substance, mixture, or compound has the outward appearance and semblance in taste and otherwise of a milk product and is sold for use without further processing establishes a rebuttable presumption that such substance, mixture, or compound is an imitation milk product. This presumption is a presumption affecting the burden of proof, but it does not apply in a criminal action. This section does not apply to any substance, mixture, or compound in which the presence of oil or fat except milk fat is expressly permitted and provided for in this division.

SEC. 22. Section 40532 of the Agricultural Code, as proposed by Senate Bill No 1, is amended to read:

40532. Every certificate which relates to the analysis, classification, condition, grade, or quality of any agricultural product, either raw or processed, and every duly certified copy of such certificate, is prima facie evidence of the truth of the

statements which are contained in it, if duly issued in accordance with any of the following:

(a) By the director under authority of this code.

(b) In cooperation between federal and state agencies, authorities, or organizations under authority of an act of Congress and an act of the legislature of any state.

(c) Under authority of a federal statute.

The presumption established by this section is a presumption affecting the burden of proof, but it does not apply in a criminal action.

SEC. 23 Section 40818 of the Agricultural Code, as proposed by Senate Bill No. 1, is amended to read:

40818. The inspection certificate which is issued pursuant to this chapter is prima facie evidence of the percentage of defects according to the definition of such defects as defined in this chapter. The presumption established by this section is a presumption affecting the burden of proof, but it does not apply in a criminal action.

SEC. 24. Section 40874 of the Agricultural Code, as proposed by Senate Bill No. 1, is amended to read:

40874. Delay in such inspection and acceptance for delivery for a period of six hours or more after a load of tomatoes is offered for inspection and delivery in accordance with the terms of a contract between the grower and the canner, except during 15 24-hour peak periods in any canning season, is presumed to be unwarranted and caused by willfulness or negligence on the part of the canner.

During the 15 24-hour peak periods in any tomato canning season, this presumption does not apply unless such delay covered a period of more than 12 hours. Such peak periods are the periods of maximum delivery as shown by the records of the canner and shall be designated by the canners for each cannery or other specified inspection point promptly after the close of each tomato canning season by posting a notice of the peak periods for each cannery or inspection point in a conspicuous place at such cannery or inspection point.

The presumption established by this section is a presumption affecting the burden of proof.

SEC. 25 Section 41102 of the Agricultural Code, as proposed by Senate Bill No. 1, is amended to read:

41102 The certificates which are provided for in this chapter are prima facie evidence of the true average soluble solids test of all of the grapes in the lot or load under consideration. The presumption established by this section is a presumption affecting the burden of proof, but it does not apply in a criminal action.

SEC 26. Section 42851 of the Agricultural Code, as proposed by Senate Bill No. 1, is amended to read:

42851. Any sample which is taken pursuant to this division is prima facie evidence of the true conditions of the entire lot in the examination of which the sample was taken. The pre-

sumption established by this section is a presumption affecting the burden of proof.

SEC. 27. Section 42852 of the Agricultural Code, as proposed by Senate Bill No. 1, is amended to read:

42852. A written notice of violation, which is issued by a duly qualified representative of the director or by any commissioner, or by any of their deputies and inspectors who holds a valid standardization certificate of qualification as an enforcing officer of this division, which states that a certain lot of produce violates any provision of this division and based upon the examination of such sample, is prima facie evidence of the true condition of the entire lot. The presumption established by this section is a presumption affecting the burden of proof, but it does not apply in a criminal action.

SEC. 27.5. Section 42852 of the Agricultural Code, as proposed by Senate Bill No. 1, is amended to read:

42852. A written notice of violation, which is issued by a duly qualified representative of the director or by any commissioner or any qualified representative of the commissioner, which states that a certain lot of produce violates any provision of this division and based upon the examination of such sample, is prima facie evidence of the true condition of the entire lot. The presumption established by this section is a presumption affecting the burden of proof, but it does not apply in a criminal action.

SEC. 28. Section 46886 of the Agricultural Code, as proposed by Senate Bill No. 1, is amended to read:

46886. Any such sample which is taken as prescribed in this article is prima facie evidence of the character of the entire lot from which such sample was taken. The presumption established by this section is a presumption affecting the burden of proof.

SEC. 29. Section 52061 of the Agricultural Code, as proposed by Senate Bill No. 1, is amended to read:

52061. The director shall inspect and grade upon request and certify to any interested party the quality and condition of any field crop or other agricultural product under such regulations as he may prescribe. Certificates which are issued by authorized agents of the director are prima facie evidence of the truth of the statements which are contained in them. The presumption established by this section is a presumption affecting the burden of proof, but it does not apply in a criminal action.

Such inspection shall not be made or such certificates issued by any person not specifically authorized by the director in reference to any field crop product for which state standards have been established. Any person so authorized shall comply with the regulations adopted by the director relative to the certification of field crop products.

SEC. 30. Section 52062 of the Agricultural Code, as proposed by Senate Bill No. 1, is amended to read:

52062. The director may investigate and certify to shippers or other financially interested parties the grade, quality, and condition of barley. Such certificates shall be based upon the United States standards for barley and are prima facie evidence of the truth of the statements which are contained in them. The presumption established by this section is a presumption affecting the burden of proof, but it does not apply in a criminal action.

SEC. 31. Section 52363 of the Agricultural Code, as proposed by Senate Bill No. 1, is amended to read:

52363. (a) Any sample which is taken by an enforcement officer in accordance with the regulations which are adopted pursuant to this chapter for the taking of official samples is prima facie evidence of the true condition of the entire lot from which the sample was taken. The presumption established by this subdivision is a presumption affecting the burden of proof.

(b) A written report which is issued by the State Seed Laboratory that shows the analysis of any such sample is prima facie evidence of the true analysis of the entire lot from which the sample was taken. The presumption established by this subdivision is a presumption affecting the burden of proof, but it does not apply in a criminal action.

SEC. 32. Section 55603 of the Agricultural Code, as proposed by Senate Bill No. 1, is amended to read:

55603. If a specific grade or quality is a condition of a packout basis contract between the producer and the processor, such grade or quality shall be determined at the completion of the processing by a state or federal agency which is duly authorized to determine such grade or quality. The certificate which is issued in connection with such inspection is prima facie evidence of the grade or condition, or both, of the finished product. The presumption established by this section is a presumption affecting the burden of proof, but it does not apply in a criminal action.

SEC. 33 Section 55788 of the Agricultural Code, as proposed by Senate Bill No. 1, is amended to read:

55788. The hearing need not be conducted according to technical rules which relate to evidence and witnesses. Any relevant evidence shall be admitted if it is the sort of evidence on which responsible persons are accustomed to rely in the conduct of serious affairs, regardless of the existence of any common law or statutory rule which might make improper the admission of such evidence over objection in civil actions. The rules of privilege shall be effective to the extent that they are otherwise required by statute to be recognized at the hearing, and irrelevant and unduly repetitious evidence shall be excluded

SEC 34 Section 56277 of the Agricultural Code, as proposed by Senate Bill No. 1, is amended to read·

56277. Such certificate is prima facie evidence of the truth of the statements contained therein. The presumption estab-

lished by this section is a presumption affecting the burden of proof, but it does not apply in a criminal action. The burden of proof is upon the commission merchant to prove the correctness of his accounting as to any transaction which may be questioned.

SEC. 35. Section 56278 of the Agricultural Code, as proposed by Senate Bill No. 1, is amended to read:

56278. Proof of any sale of any farm product which is made by a commission merchant for less than the current market price to any person with whom he has any financial connection, directly or indirectly as owner of its corporate stock, as copartner, or otherwise, or any sale out of which such commission merchant receives, directly or indirectly, any portion of the purchase price, except the commission which is named in the licensee's application or in a specific contract with the consignor, establishes a rebuttable presumption of fraud within the meaning of this chapter. This presumption is a presumption affecting the burden of proof.

SEC. 36. Section 56416 of the Agricultural Code, as proposed by Senate Bill No. 1, is repealed.

SEC. 37. Section 56476 of the Agricultural Code, as proposed by Senate Bill No. 1, is amended to read:

56476. The hearing need not be conducted according to technical rules which relate to evidence and witnesses. Any relevant evidence shall be admitted if it is the sort of evidence on which responsible persons are accustomed to rely in the conduct of serious affairs, regardless of the existence of any common law or statutory rule which might make improper the admission of such evidence over objection in civil actions. The rules of privilege shall be effective to the extent that they are otherwise required by statute to be recognized at the hearing, and irrelevant and unduly repetitious evidence shall be excluded.

SEC. 38. Section 61384 of the Agricultural Code, as proposed by Senate Bill No. 1, is amended to read:

61384. The sale by any retail store, manufacturer, distributor, including any producer-distributor or nonprofit cooperative association acting as a distributor, of milk, cream, or any dairy product at less than cost is an unfair practice.

Cost as applied to manufacturers and distributors, as used in this section, means the cost of raw product, plus all costs of manufacturing, processing, handling, sale, and delivery, including overhead costs. Cost as applied to retail stores, as used in this section, means invoice or replacement cost, whichever is lower, plus the cost of doing business of such retail store.

"Cost of raw product," in the case of market milk and market cream, whether or not such market milk or market cream is used in the processing or manufacture of any dairy product, means the applicable minimum price of the market milk or market cream, if any, payable by distributors to producers pursuant to stabilization or marketing plans in effect

pursuant to Chapter 2 (commencing with Section 61801) of this part. The definition of "cost of raw product," as applied to sales on a bid basis to public agencies or institutions, is, however, applicable only to market milk or market cream which is utilized for class 1 purposes, as such purposes are defined in Chapter 2 of this part.

Proof of cost, based on audits or surveys, made in accordance with generally accepted cost accounting procedures, establishes a rebuttable presumption of such cost at the time of the commission of the unfair practice which is described in this section. This presumption is a presumption affecting the burden of proof, but it does not apply in a criminal action. The director shall establish by regulations pursuant to Section 61341 the procedures which shall be considered as "generally accepted cost accounting procedures." Such procedures are those which are found by the director to accurately determine actual costs.

SEC. 39. Section 61413 of the Agricultural Code, as proposed by Senate Bill No. 1, is amended to read:

61413. Proof of any sale of, or offer or agreement to sell, such market milk, market cream, or any such dairy product by a distributor at less than the prices filed with the director by such distributor pursuant to the provisions of this article establishes a rebuttable presumption of a violation of this article This presumption is a presumption affecting the burden of producing evidence.

Offers and agreements to sell, as used in this section, include offers and agreements which are conditional, or which shall become effective, upon the filing thereafter of amended prices by the distributor that makes such offer.

SEC. 40. Section 64257 of the Agricultural Code, as proposed by Senate Bill No. 1, is amended to read:

64257. If any handler or producer-handler does not make adequate returns, when required, the director shall estimate the amount of delinquency from the records of the department, or from any other source of information which is available. In any action by the director to recover fees pursuant to this chapter, a certificate of the director which shows the amount determined by the director to be required to be paid by the person that is required to pay the fees is prima facie evidence of the delinquency of the amount which is shown. The presumption established by this section is a presumption affecting the burden of proof.

SEC. 41. Section 27.5 of this act shall become operative only if Senate Bill No. 4 is enacted by the Legislature at its 1967 Regular Session, and in such case at the same time as Senate Bill No. 4 takes effect; at which time Section 42852 of the Agricultural Code, as proposed by Senate Bill No. 1 and as amended by Section 27 of this act, is repealed.

CHAPTER 263

An act to amend Section 1382 of the Penal Code, relating to dismissal of prosecution.

[Approved by Governor June 6, 1967. Filed with Secretary of State June 6, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 1382 of the Penal Code is amended to read:

1382. The court, unless good cause to the contrary is shown, must order the action to be dismissed in the following cases:

1. When a person has been held to answer for a public offense and an information is not filed against him within 15 days thereafter.

2. When a defendant is not brought to trial in a superior court within 60 days after the finding of the indictment or filing of the information or, in case the cause is to be tried again following a mistrial, an order granting a new trial from which an appeal is not taken, or an appeal from the superior court, within 60 days after such mistrial has been declared, after entry of the order granting the new trial, or after the filing of the remittitur in the trial court; except that an action shall not be dismissed under this subdivision if it is set for trial on a date beyond the 60-day period at the request of the defendant or with his consent, express or implied, or because of his neglect or failure to appear and if the defendant is brought to trial on the date so set for trial or within 10 days thereafter.

3. Regardless of when the complaint is filed, when a defendant in a misdemeanor case in an inferior court is not brought to trial within 30 days after he is arraigned if he is in custody at the time of arraignment, or in all other cases, within 45 days after his arraignment, or in case the cause is to be tried again following a mistrial, an order granting a new trial from which an appeal is not taken, or an appeal from the inferior court, within 30 days after such mistrial has been declared, after entry of the order granting the new trial, or after the remittitur is filed in the trial court or, if the new trial is to be held in the superior court, within 30 days after the judgment on appeal becomes final; except that an action shall not be dismissed under this subdivision (1) if it is set for trial on a date beyond the prescribed period at the request of the defendant or with his consent, express or implied, and the defendant is brought to trial on the date so set for trial or within 10 days thereafter or (2) if it is not tried on the date set for trial because of the defendant's neglect or failure to appear, in which case he shall be deemed to have been arraigned within the meaning of this subdivision on the date of his subsequent arraignment on a bench warrant or his submission to the court.

If the defendant is not represented by counsel, he shall not be deemed under this section to have consented to the date for his trial unless the court has explained to him his rights under this section and the effect of his consent.

CHAPTER 264

An act to add Section 15955.2 to the Education Code, relating to school district contracts.

[Approved by Governor June 6, 1967. Filed with Secretary of State June 6, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 15955.2 is added to the Education Code, to read:

15955.2. Continuing contracts for the lease of electronic data processing systems may be made with an acceptable lessor until the governing board of the school district determines that it is in the best interests of that school district to replace the present electronic data processing systems.

CHAPTER 265

An act to amend Section 6460 of the Streets and Highways Code, relating to special assessment bonds.

[Approved by Governor June 6, 1967. Filed with Secretary of State June 6, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 6460 of the Streets and Highways Code is amended to read:

6460. Form of Bond. The bond shall be substantially in the following form:

STREET IMPROVEMENT BOND
Series (designating it), in the City (or County)
of (naming it)

$_____ No._____

Under and by virtue of the Improvement Act of 1911 (Part 5 of Division 7 of the Streets and Highways Code), I, out of the fund for the above designated street improvement bonds, series _____, will pay to _____ or order, the sum of _____ dollars ($_____) with interest at the rate of _____ percent per annum, all as is hereinafter specified, and at the office of the Treasurer of the _____ of _____, State of California.

This bond is issued to represent the cost of certain street work upon _____, in the _____ of _____, as the same is more fully described in assessment number _____ issued by the street superintendent of said _____, after the acceptance of said work, and recorded in his office. Its amount is the amount assessed in said assessment against the lot or parcel of land numbered therein, and in the diagram attached thereto, as number _____, and which now remains unpaid, and constitutes a lien upon the property affected thereby, as the same is described herein and in said recorded assessment with its diagram, to wit: the lot or parcel of land in said _____ of _____, County of _____, State of California.

This bond is payable exclusively from said fund, and neither the (here insert city or county) nor any officer thereof is to be holden for payment otherwise of its principal or interest. The term of this bond is _____ years from the second day of January next succeeding the next September 1st following its date, and at the expiration of said time the whole sum then unpaid shall be due and payable; but on the second day of January of each year, following the next September 1st after its date, an even annual proportion of its whole amount is due and payable, upon presentation of the coupon therefor, until the whole is paid, with all accrued interest at the rate of _____ per centum per annum.

The interest is payable semiannually, to wit: on the second days of January and of July in each year hereafter, upon presentation of the coupons therefor, hereto attached, the first of which is for the interest to the next second day of _____, and thereafter the interest coupons are for semiannual interest.

This bond may be redeemed by the owner or any person interested in any lot or parcel of land described herein, in the manner provided in said code, at any time before maturity, and before commencement of proceedings for sale, upon payment to the treasurer, for the holder of this bond, of the amount then unpaid on the principal sum thereof, with interest thereon (if not previously paid) up to the next succeeding January 2 or July 2, as the case may be, at the rate named in the bond, and all penalties accrued and unpaid.

Should default be made in the annual payment upon the principal, or in any payment of interest from the owner of said lot or parcel of land, or anyone in his behalf, the holder of this bond is entitled on or after the second day of January or July, as the case may be, following such default to declare the whole unpaid amount to be due and payable, and to have said lot or parcel of land advertised and sold forthwith, in the manner provided by law; provided, however, that any bond may be reinstated after such default in the manner provided in said code. In case of such default there shall be immediately added to such defaulted amount, 1 percent of the amount thereof, and on the first day of each month following such default there shall be added a further penalty of 1 per-

cent of such defaulted amount. The 1 percent penalty first imposed and all subsequent penalties shall be paid to the holder of the bond along with and as a part of such defaulted payment.

At said _____ of _____, this _____ day of _____, in the year one thousand nine hundred and _____.

Treasurer of the _____ of _____.

CHAPTER 266

An act to amend Section 12559 of the Welfare and Institutions Code, relating to aid to the blind.

[Approved by Governor June 6, 1967. Filed with Secretary of State June 6, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 12559 of the Welfare and Institutions Code is amended to read:

12559. The board of supervisors shall not grant any certificate of qualification for aid under the provisions of this chapter or Chapter 5 of this part until it has been satisfied that the applicant is entitled to such aid by the evidence of a duly licensed and practicing physician skilled in the diseases of the eye or of a duly licensed and practicing physician skilled in neurology or psychiatry or of a duly licensed and practicing optometrist that the applicant is blind. The physician skilled in the diseases of the eye shall describe the condition of the applicant's eyes and testify to the degree of his blindness. Whenever a physician skilled in the diseases of the eye is unable to find sufficient pathology to account for the degree of visual impairment claimed by the applicant, and whenever such physician skilled in the diseases of the eye shall recommend a further examination by a physician skilled in neurology or psychiatry, the applicant shall have the right to be examined by a physician skilled in neurology or psychiatry, who shall determine whether the degree of visual impairment claimed by the applicant is substantiated by the results of a neurological or psychiatric examination. The duly licensed and practicing optometrist shall testify to the degree of the applicant's blindness. The cost of such examination shall be paid entirely by the county in the same manner as other expenses of the county are paid. The evidence of each person shall be in writing, signed by him, and he shall be subject to cross-examination by the board of supervisors or any other person appointed by the board of supervisors to conduct such investigation.

The department may appoint an advisory committee of six optometrists, which shall serve in a consulting capacity, and which shall make recommendations and give advice to the

department on rules and regulations governing all questions relating to the services of optometrists under this chapter and under Chapter 5 of this part. Each member of the committee shall be appointed for a term of two years The members of the committee shall receive no compensation for their services but shall be allowed their actual traveling expenses incurred in the discharge of their duties.

The department shall make rules and regulations to prescribe the qualifications, number, and geographical distribution of such physicians and optometrists as are necessary to carry out the eye examinations provided under this chapter and Chapter 5 of this part.

CHAPTER 267

An act to add Section 31104 to the Water Code, relating to county water districts.

[Approved by Governor June 6, 1967 Filed with Secretary of State June 6, 1967]

The people of the State of California do enact as follows:

SECTION 1. Section 31104 is added to the Water Code, to read:

31104. A district may fix, levy and collect a sewage and waste service standby or availability charge in any of the alternate methods and in the same manner and under the same terms and conditions as are provided for a water standby or availability charge in Sections 31031, 31032 and 31032.1 to 31032.9, inclusive.

CHAPTER 268

An act to amend Section 1151 of the Probate Code, relating to microfilming the register of the public administrator.

[Approved by Governor June 6, 1967. Filed with Secretary of State June 6, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 1151 of the Probate Code is amended to read:

1151. The public administrator shall keep a book, to be labeled "Register of Public Administrator," in which he shall enter the name of every decedent whose estate he administers, the date of granting letters, the money received, the property appraised and its value, the proceeds of all sales of property, the amount of his fees, the expenses of administration, the amount of the estate after all charges and expenses have been

paid, the disposition of property on distribution, the date of his discharge, and such other matters as may be necessary to give a full and complete history of each estate administered by him. Any portion of said register more than five years old may be microfilmed, the microfilm kept in place of the original, and the original destroyed after authorization by the board of supervisors.

CHAPTER 269

An act to amend Section 423 of the Probate Code, relating to nomination of an administrator of estate.

[Approved by Governor June 6, 1967. Filed with Secretary of State June 6, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 423 of the Probate Code is amended to read:

423. Administration may be granted to one or more competent persons, although not otherwise entitled to the same, at the written request of the person entitled or of a child, grandchild, parent, brother or sister of the decedent who would be entitled but for his nonresidence in California and who is a resident of the United States, filed in court. If the person making the request is a child, grandchild, parent, brother or sister of the decedent, the nominee shall have priority next after those in the class of the person making the request; otherwise the court, in its discretion, may appoint either such nominee or a person of a class subsequent in rank to that of the person making the request; but other persons of the class of the person making the request shall have priority over such nominee.

CHAPTER 270

An act to amend Section 12 of the San Diego County Flood Control District Act (Chapter 55 of the Statutes of 1966, First Extraordinary Session), relating to the San Diego County Flood Control District.

[Approved by Governor June 6, 1967. Filed with Secretary of State June 6, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 12 of the San Diego County Flood Control District Act (Ch. 55, Stats. 1966 (1st Ex. Sess.)) is amended to read:

Sec. 12. In each of the zones the board shall appoint a commission as follows: one representative of all the soil conservation districts situated entirely or partially within the

zone; one representative of all the water agencies situated entirely or partially within the zone; three or more representatives of the unincorporated territory of the zone, the precise number to be determined as hereinafter specified, and one additional representative appointed by the board if such appointment is necessary to make the total number of representatives an uneven number.

As used in this section the term "water agencies" means any person operating a dam having an impounding capacity of 2,500 acre-feet or more, and any public agency representing the owners of, or controlling, water rights that in the determination of the board would or could be affected by zone or district projects.

The board shall appoint the representative of the soil conservation districts from a list of one or more nominees proposed by all of such districts acting in concert.

The board shall appoint the representative of the water agencies from a list of one or more nominees proposed by all of such agencies acting in concert.

Representatives of the unincorporated area shall be not less than three in number and shall be nominated and appointed by the board. The number of representatives authorized for the unincorporated territory shall be determined according to the following table, provided, however, where the application of such table results in the appointment of less than three representatives for the unincorporated territory the board shall appoint additional representatives so that the number of representatives for the unincorporated territory shall be at least three:

Zone	One representative for *	One additional representative for *
1	30, or less	each additional full 30
2	100, or less	each additional full 100
3	40, or less	each additional full 40
4	20, or less	each additional full 20
5	10, or less	each additional full 10

* The numbers in the center and right columns represent millions of dollars of assessed valuation.

Upon annexation to the district, any corporate area of any city which is within or partially within any zone shall have the right to representation on the zone commission for said zone and the number of representatives shall be determined and they shall be appointed and serve in like manner as representatives of the unincorporated territory, except that they shall be nominated by the city council.

If the position of representative of the soil conservation districts or of the water agencies is or becomes vacant for any reason, the clerk of the board shall give to each of said districts or agencies, as the case may be, 30 days notice of the time and place at which will be held a meeting for the purpose of nominating a representative of its own choosing. If the posi-

tion of representative of any city or of the unincorporated territory is or becomes vacant for any reason the board shall appoint the representative nominated by the city council or by the board of supervisors, as the case may be, only, and such position shall remain vacant unless and until such nomination and appointment is made.

In all zones representatives shall serve four-year terms, except that the initial appointment of one-half the representatives, as determined by lot, shall be for a two-year term, only, so that the terms of the representatives will be staggered. Any representative appointed by the board for the purpose of making the total number of representatives an uneven number shall be appointed only for a two-year term. Zone representatives may be reappointed by the board to serve additional terms.

Zone representatives shall serve without compensation, except that the board by resolution may provide for the reimbursement from funds of the district of actual and necessary expenses incurred by such representatives in the performance of official duties under this act.

CHAPTER 271

An act to amend Sections 12510, 12512, and 13100 of the Business and Professions Code, relating to weights and measures.

[Approved by Governor June 6, 1967. Filed with Secretary of State June 6, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 12510 of the Business and Professions Code is amended to read:

12510. Any person, who by himself, or through or for another, does any of the following is guilty of a misdemeanor:

(a) Uses, in the buying or selling of any commodity, or retains in his possession a false weight or measure or weighing or measuring instrument.

(b) Sells any weight or measure or weighing or measuring instrument which has not been sealed within one year, except weighing or measuring instruments required to be assembled prior to use.

(c) Uses any condemned weight or measure or weighing or measuring instrument contrary to law.

(d) Uses in the buying or selling of any commodity, or for determining the charge for a service, any weight or measure or weighing or measuring instrument which is not kept at a fixed location, which does not bear a current or previous year's seal and which, upon test by the sealer is found to be incorrect, unless a written request for an inspection of the weighing or

measuring instrument has been made to the county sealer; provided, however, the use of any weight or measure or weighing or measuring instrument used by a public utility in connection with measuring gas, electricity, water, steam, or communication service subject to the jurisdiction of the California Public Utilities Commission shall be exempt from the requirements of this chapter.

(e) Sells or uses any device or instrument to be used or calculated to falsify any weight or measure.

(f) So locates or positions a weighing or measuring device used in retail trade, except as used exclusively in preparation of packages put up in advance of sale, that its indications cannot be accurately read by the purchaser under ordinary circumstances.

(g) Uses, in the buying or selling of any commodity, a weighing or measuring device designed to automatically compute price unless the computed price is a true mathematical computation of the amount times the price per unit.

Possession of a false weight or measure or weighing or measuring instruments or records thereof is prima facie evidence of intention to violate the law.

SEC. 2. Section 12512 of the Business and Professions Code is amended to read:

12512. When the sale of any commodity is based upon a quantity representation either furnished by the purchaser or obtained through the use of equipment supplied by him, the purchaser shall in no case buy the commodity according to any quantity which is less than the true quantity. Violation of this section is a misdemeanor.

SEC. 3. Section 13100 of the Business and Professions Code is amended to read:

13100. It shall be unlawful to keep for the purpose of sale, offer or expose for sale, or sell, any textile yard goods put up or packaged in advance of sale in a bolt or roll, or any other textile product put up or packaged in advance of sale in any other unit, for either wholesale or retail sale, unless such bolt or roll, or such other unit, be definitely, plainly, and conspicuously marked to show its net measure in terms of yards or its net weight in terms of avoirdupois pounds or ounces, subject, however, to the following limitations and requirements:

(a) Any unit of twine or cordage may be marked to show its net measure in terms of feet. Ready-wound bobbins that are not sold separately shall not be required to be individually marked, but the package containing such bobbins shall be marked to show the number of bobbins contained therein and the net weight or measure of the thread on each bobbin. Any unit of sewing, basting, mending, darning, crocheting, tatting, hand-knitting, or embroidery thread or yarn, except nylon hand-knitting yarn, that is not composed in whole or in part of wool, the net weight of which is less than two ounces avoirdupois, shall be marked to show its net measure in terms of yards as unwound from the ball or from the spool or other

holder. Any retail unit of a textile product, sold only for household use, consisting of a package containing two or more similar individual units that are not sold separately, shall be marked to show the number of individual units in the package and the net weight or net measure of the product in each individual unit, but this proviso shall not apply where the individual units are separately marked. Any unit of yarn, composed in whole or in part of wool, sold to consumers for handiwork, shall be marked to show the net weight of such yarn, except that any such unit of tapestry, mending, or embroidery yarn, the net measure of which does not exceed 50 yards, may be marked to show its linear measure only.

(b) The marking required by this section shall in all cases be in combination with the name and place of business of the manufacturer, packer, or distributor of the product, or a trademark, symbol, brand, or other mark that positively identifies such manufacturer, packer, or distributor.

(c) Regulations for the enforcement of the provisions of this section shall be issued by the director.

(d) The provisions of this section shall not apply to the following textile products when sold at wholesale in bulk by net weight: cordage, agricultural bag sewing threads, twines, yarns that are to be processed, and yarns that are to be industrially converted into end use products.

CHAPTER 272

An act to amend Sections 12023 and 12025.5 of the Business and Professions Code, relating to commodities.

[Approved by Governor June 6, 1967. Filed with Secretary of State June 6, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 12023 of the Business and Professions Code is amended to read:

12023. Except as provided elsewhere in this code any person who by himself or his employee or agent, or as the employee or agent of another, sells any commodity according to gross weight or measure is guilty of a misdemeanor.

SEC. 2. Section 12025.5 of the Business and Professions Code is amended to read:

12025.5. Whenever any commodity or any container is ordered off sale under the provisions of Section 12211 or Section 12606.1 of this division, the sealer shall cause the commodity or container affected by such off-sale order to be identified by a tag or other suitable device with the words "off sale." It shall be unlawful to remove or obliterate any such tag or device placed upon such commodity or container or in any way dispose of or commingle such commodity or container or pre-

pare, pack, place, deliver for shipment, deliver for sale, sell, or cause to be loaded, shipped, or transported, any such commodity or container before it has been released by the sealer or as otherwise provided in this section.

By order of the justice, municipal, or superior court of the city or county within which the commodity or container is ordered off sale, the commodity or container so marked shall be condemned and destroyed or released upon such conditions as the court may impose to insure against their use in violation of this division. The contents of any condemned container shall be returned to the owner thereof if he furnishes proper facilities for such return.

CHAPTER 273

An act to amend Section 19406 of the Government Code, relating to military reserve service.

[Approved by Governor June 6, 1967. Filed with Secretary of State June 6, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 19406 of the Government Code is amended to read:

19406. Any permanent state civil service employee in good standing or one who has completed six months of the probationary period for the class who is ordered into training for not to exceed 18 months under the Reserve Forces Act of 1955 and any subsequent amendments shall have the right of reinstatement upon his return without unreasonable delay following such training. Upon such reinstatement he shall be granted only the rights and privileges granted employees reinstated under the provisions of Government Code Section 19390.

CHAPTER 274

An act to add Section 12603.5 to the Health and Safety Code, relating to fireworks.

[Approved by Governor June 6, 1967. Filed with Secretary of State June 6, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 12603.5 is added to the Health and Safety Code, to read:

12603.5. The governing body may delegate the power to grant or deny the application to the officer to whom the application was made. The governing body shall also provide for a hearing by the governing body by which an applicant may appeal a denial of his application. The governing body shall, after such a hearing, reverse, modify, or sustain the denial.

CHAPTER 275

An act to amend Section 53601 of the Government Code, relating to investments by local public agencies.

[Approved by Governor June 6, 1967. Filed with Secretary of State June 6, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 53601 of the Government Code is amended to read:

53601. The legislative body of a local agency having money in a sinking fund of, or surplus money in, its treasury not required for the immediate necessities of the local agency may invest such portion of the money as it deems wise or expedient in:

(a) Bonds issued by it including bonds payable solely out of the revenues from a revenue-producing property owned, controlled or operated by it or by a department, board, agency or authority thereof.

(b) United States Treasury notes, bonds, bills or certificates of indebtedness, or those for which the faith and credit of the United States are pledged for the payment of principal and interest, or those which are authorized under Section 1360 of the Financial Code.

(c) Registered state warrants or treasury notes or bonds of this state including bonds payable solely out of the revenues from a revenue-producing property owned, controlled, or operated by the state or by a department, board, agency or authority thereof.

(d) Bonds, notes, warrants or other evidences of indebtedness of any local agency within this state, including bonds payable solely out of the revenues from a revenue-producing property owned, controlled or operated by the local agency, or by a department, board, agency or authority thereof.

CHAPTER 276

An act to add Section 197.5 to the Civil Code, relating to visitation rights of grandparents.

[Approved by Governor June 6, 1967. Filed with Secretary of State June 6, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 197.5 is added to the Civil Code, to read:

197.5. If either the father or mother of an unmarried minor child is deceased, the parents of such deceased person may be

granted reasonable visitation rights to the minor child during its minority by the superior court upon a finding that such visitation rights would be in the best interests of the minor child.

CHAPTER 277

An act to amend Section 1944 of the Labor Code, relating to librarians and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 6, 1967. Filed with Secretary of State June 6, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 1944 of the Labor Code is amended to read:

1944. This article shall not apply:

(a) To the employment, as a member of the faculty or teaching force in public schools or in schools supported in whole or in part by the state, of:

(1) Any person who has declared his intention to become a citizen.

(2) Any native-born woman of the United States who has married a noncitizen.

(3) Any person present in the United States on a valid temporary visa issued by an American consular officer except where federal law prohibits gainful employment of that person in the United States.

For purposes of the preceding sentence, a declaration of intention to become a citizen shall consist of either: (1) the declaration of intention to become a citizen of the United States, or petition for naturalization, or comparable document prescribed by federal law; or (2) an affidavit filed with, and in the form prescribed by, the State Board of Education, by an individual otherwise eligible for issuance of a public school certification document, declaring that he will, at the first opportunity at which the applicable federal law permits, file such a declaration of intention to become a citizen of the United States, petition for naturalization, or comparable document. In the event the State Board of Education determines that an individual who has filed under alternative (2) of the preceding sentence, has, without good cause, failed at the first opportunity provided under federal law to file one of the specified documents prescribed by federal law, it shall forthwith revoke any public school certification documents issued to the individual.

(b) To any member of the faculty or teaching force or student body, or to any professional librarian, or to student assistants, of any college or university supported in whole or in part by the state.

(c) To any specialist or expert temporarily employed by any department of the state or any county, or city, and engaged in special investigation or teaching.

(d) In an emergency when it is necessary to protect life, health, or property against fire, flood, or other calamity.

(e) To the employment by a county of an intern or resident physician for services in the county hospital under an exchange arrangement with medical facilities in foreign countries.

(f) To any professional person who has declared his intention to become a citizen.

(g) To any professional librarian, other than a chief librarian.

(h) To the employment by hospital districts or a county hospital or in a hospital or clinic operated by the University of California of professional persons actually licensed by the State of California.

(i) To the employment of persons in positions pertaining to the care and guidance of children in a child care program or the supervision of a child care program supported in whole or in part by the state, of any person who has declared his intention to become a citizen, or of a native-born woman of the United States who has married a noncitizen.

(j) To student assistants and interns in Department of Mental Hygiene training programs.

(k) To student assistants and interns in Department of Social Welfare training programs in that department or in a county welfare department.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

There is a need for qualified professional librarians in the State of California. Unless this statute goes into immediate effect many libraries will be forced to lose the services of many such professional librarians with a resulting adverse impact on the quality of services offered by public libraries throughout the state.

CHAPTER 278

An act to amend Sections 8151 and 8780 of, and to add Section 8150.5 to, the Fish and Game Code, relating to the taking of sardines, declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 6, 1967. Filed with Secretary of State June 6, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 8150.5 is added to the Fish and Game Code, to read:

8150.5. Sardines may not be taken or possessed on a boat at any time for any purpose except loads or lots of fish may contain 15 percent or less by weight of sardines taken incidentally to other fishing operations and which are mixed with the other fish in the load or lot.

Sardines so incidentally taken may be possessed and used for bait.

This section does not prohibit the possession and use of sardines imported into this state under a bill of lading identifying the country of origin.

This section shall remain in effect only until the 61st day after adjournment of the 1969 Regular Session. Sections 8150, 8151, 8152, 8154, 8155, 8156, 8157, and 8158 shall be inoperative until the 61st day after adjournment of the 1969 Regular Session except that Sections 8152 to 8156, inclusive, shall govern the possession and use of sardines taken pursuant to Section 8150.5 incidental to the taking of other fish.

SEC. 2. Section 8151 of the Fish and Game Code is amended to read:

8151. Sardines for use in a reduction plant, or by a packer, may be taken only in accordance with this article, and at the following times in the following places:

(a) In Districts 4, 4¾ and those portions of Districts 3½ and 18 lying south of a line running east and west through Point Arguello, 19, 20A and 21, between September 1st and March 1st, inclusive.

(b) In District 19A between October 1st and March 1st.

(c) Elsewhere in the state, except in District 20 where they may not be so taken, between August 1st and March 1st.

SEC. 3. Section 8780 of the Fish and Game Code is amended to read:

8780. As used in this chapter, the term "bait net" means a lampara or round haul type net the mesh of which is constructed of twine not exceeding standard No. 9 medium cotton seine twine or synthetic twine of equivalent size or strength. The net shall not have rings along the lead line or any method of pursing the bottom of the net.

Bait nets may be used to take fish for bait in Districts 6, 7, 8, 9, 10, 11, 12, 13, 15, 16, 17, 18, 19, 19A, 19B, 20A, 21, 118 and 118.5.

In District 19B bait nets may be used only to take sardines, anchovies, queenfish, white croakers, and smelt for bait only. Such nets may not be used within 750 feet of Seal Beach Pier, Belmont Pier, or Rainbow Pier.

In District 19A bait nets may be used to take sardines, smelt, anchovies, queenfish and white croaker except that sardines taken for canning purposes may be taken only during the season specified in Section 8151. No other species of fish may be taken or possessed on any boat carrying a bait net in District 19A.

Nothing in this section prohibits the use of bait nets in Districts 19A and 19B for taking fish for use as fishfood in state fish hatcheries.

Notwithstanding the other provisions of this section, bait nets shall not be used to take sardines until the 61st day after adjournment of the 1969 Regular Session.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Provisions relative to the season during which sardines may be taken for use in reduction plants or by packers will, under present law, remain in effect only until October 1, 1967. These provisions are vital to the best interest of the state. In order to insure that the public will derive the maximum benefit from its interest in the state's resources of sardines this act must take immediate effect, to insure that there is no lapse between the termination of present law and the effective date of this act.

CHAPTER 279

An act to add Section 14613.1 to the Government Code, relating to California state police.

[Approved by Governor June 7, 1967. Filed with Secretary of State June 7, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 14613.1 is added to the Government Code, to read:

14613.1. Notwithstanding Section 18932 of this code, the maximum age limit for any entrance examination for the position of state policeman of the California State Police shall be 40 years.

CHAPTER 280

An act to repeal Article 1 (commencing with Section 11610), Chapter 7, Division 10 of the Health and Safety Code, relating to the forfeiture of vehicles, declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 7, 1967. Filed with Secretary of State June 7, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Article 1 (commencing with Section 11610), Chapter 7, Division 10 of the Health and Safety Code, is repealed.

SEC. 2. Notwithstanding the repeal of Article 1 (commencing with Section 11610), Chapter 7, Division 10 of the Health and Safety Code which is effectuated by this act, the provisions of that article, as they exist on the effective date of this act, shall continue to be operative and effective with regard to any vehicle which is used to unlawfully transport or facilitate the unlawful transportation of any narcotic, or in which any narcotic is unlawfully kept, deposited, or concealed or which is used to facilitate the unlawful keeping, depositing or concealment of any narcotic, or in which any narcotic is unlawfully possessed by an occupant thereof or which is used to facilitate the unlawful possession by an occupant thereof, prior to the effective date of this act, until such vehicle is forfeited to the state, released to the person entitled thereto, purchased, sold, or otherwise disposed of pursuant to such provisions.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The Commission on California State Government Organization and Economy, in a report dated December 12, 1966, stated that the people of this state will save at least six hundred thousand dollars ($600,000) each year if the motor vehicle forfeiture provisions of the Health and Safety Code are abolished. The report further stated that such provisions have had no deterrent effect. In order to immediately effectuate the annual savings to the state of such a great sum of money, and in order to enable numerous personnel of the Bureau of Narcotic Enforcement to redirect their efforts toward the enforcement of laws which have real influence as deterrents to illegal narcotic activities, it is necessary that this act go into immediate effect.

CHAPTER 281

An act to amend Section 47692 of the Agricultural Code, as proposed by Senate Bill No. 1, relating to grape maturity standards, declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 7, 1967. Filed with Secretary of State June 7, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 47692 of the Agricultural Code, as proposed by Senate Bill No. 1, is amended to read:

47692. The following varieties of grapes shall be considered mature if they test not less than that percent of soluble solids which is specified below:

Percent of soluble solids	Variety	
18	All white varieties of Muscat type	
	Malaga grown north and west of San Gorgonio Pass	
17½	Thompson Seedless grown north and west of San Gorgonio Pass	
16	Beauty Seedless grown south and east of San Gorgonio Pass	
	Cardinal grown north and west of San Gorgonio Pass	
	Robin grown north and west of San Gorgonio Pass	
	Burger	Fresno Beauty
	Emperor	Servian Blue
	Gros Colman	Pierce
	Bleu Grau	Concord
	Drodelabi	Dattier de Beyrouth
	Red Malaga	Pierce Isabella
	Khalili	Isabella Regia
	Persian 23	California Concord
	Dizmar	Perlette
	Ribier	Queen
	Delight	Blackrose
15	Cardinal grown south and east of San Gorgonio Pass	
	Robin grown south and east of San Gorgonio Pass	
	Ladyfinger	Olivette Blanche
	Rish Baba	Exotic
	Khandahar	

It is hereby declared that the differences in climatic condition that exist north and west of San Gorgonio Pass cause Malaga, Thompson Seedless, Beauty Seedless, Robin, and Cardinal varieties of grapes which are grown there to have, at maturity, a higher percentage of soluble solids than mature grapes of these varieties which are grown south and east of San Gorgonio Pass.

This section shall apply to Robin variety of grapes only when shipped in containers specifically marked with a statement that the grapes are of that variety only.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order for the protection provided by this act to be effective for the 1967 grape harvest, it must have immediate effect.

CHAPTER 282

An act to add Section 21162 to the Government Code, relating to retired employees.

[Approved by Governor June 7, 1967. Filed with Secretary of State June 7, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 21162 is added to the Government Code, to read:

21162. A person retired under this part may be appointed by the appointing power of a state agency and be paid a salary either during an emergency to prevent the stoppage of public business or because the retired employee has skills needed in performing specialized work of limited duration. Such appointments shall not exceed 30 working days in any calendar year and the rate of pay shall not exceed that paid by the state agency to other employees performing comparable duties. Such appointment shall be without reinstatement from retirement or loss or interruption of benefits under this part and no additional rights or benefits under this system shall be extended with respect to such appointment. The exemption to Section 21150 contained in this section shall not apply to the return to service situations falling within the scope of Government Code Section 21153 through 21160.

CHAPTER 283

An act to amend Section 10500 of the Water Code, relating to the appropriation of water by the Department of Water Resources, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 7, 1967. Filed with Secretary of State June 7, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 10500 of the Water Code is amended to read:

10500. The department shall make and file applications for any water which in its judgment is or may be required in the development and completion of the whole or any part of a general or coordinated plan looking toward the development, utilization, or conservation of the water resources of the state.

Any application filed pursuant to this part shall be made and filed pursuant to Part 2 of Division 2 of this code and the rules and regulations of the State Water Rights Board relating to the appropriation of water insofar as applicable thereto.

Applications filed pursuant to this part shall have priority, as of the date of filing, over any application made and filed

subsequent thereto Until the 61st day after adjournment of the 1971 Regular Session, or such later date as may be prescribed by further legislative enactment, the statutory requirements of said Part 2 (commencing at Section 1200) of Division 2 relating to diligence shall not apply to applications filed under this part, except as otherwise provided in Section 10504.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The authority of the Department of Water Resources to file applications for the appropriation of water needed for the development and completion of various plans for the development, utilization, or conservation of the water resources of this state and in so doing to be exempt from the diligence provisions generally applicable to appropriations of water, is vital to the preservation of the public peace, health, and safety. This act must go into immediate effect in order to insure the continuance of this provision after October 1, 1967, at which date it will otherwise terminate.

CHAPTER 284

An act to amend the heading of Article 3 (commencing with Section 175) of Chapter 2, Division 1 of, Sections 175, 177, 179, 181, 182, 183, 186, 187, 229, 1003.5, 1051.5, 1060, 1241.6, 1243, 1485, 10500, 10504, 10504.1, 10504.5, 12232, 12233, 13000, 13000.2, 13001, 13003, 13005, of, the heading of Chapter 3 (commencing with Section 13010) of Division 7 of, the heading of Article 2 (commencing with Section 13020) of Chapter 3 of Division 7 of, Sections 13022.2, 13022.3, 13025.5, 13050, and 20627 of, to amend and renumber Sections 13020.1 and 13020.2 of, to add Sections 25, 174, 179.6, 179.7, 1258, 6056, Article 1 (commencing with Section 13015) to Chapter 3 of Division 7 of, and Section 13025.7 to, and to repeal Article 1 (commencing with Section 13010) of Chapter 3 of Division 7 and Sections 13020, 13021, and 13026 of, the Water Code, to amend Section 10500 of the Water Code, as amended by Assembly Bill No. 1222 of the 1967 Regular Session, and to amend Sections 3, 4, 5, 6, 7, 8, 9, 10, and 11 of the Water Pollution Control Law of 1965 (Chapter 1351 of the Statutes of 1965), relating to water resources.

[Approved by Governor June 7, 1967. Filed with Secretary of State June 7, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 25 is added to the Water Code, to read:

25. "Board," unless otherwise specified, means the State Water Resources Control Board.

SEC. 1.5. The heading of Article 3 (commencing with Section 175) of Chapter 2, Division 1, of the Water Code is amended to read:

Article 3. State Water Resources Control Board

SEC. 2. Section 174 is added to the Water Code immediately preceding Section 175, to read:

174. The Legislature hereby finds and declares that in order to provide for the orderly and efficient administration of the water resources of the state it is necessary to establish a control board which shall exercise the adjudicatory and regulatory functions of the state in the field of water resources.

It is also the intention of the Legislature to combine the water rights and the water pollution and water quality functions of state government to provide for consideration of water pollution and water quality, and availability of unappropriated water whenever applications for appropriation of water are granted or waste discharge requirements or water quality objectives are established.

SEC. 2.4. Section 175 of the Water Code is amended to read:

175. There is in the Resources Agency the State Water Resources Control Board consisting of five members appointed by the Governor. One of the members appointed shall be an attorney admitted to practice law in this state who is qualified in the fields of water supply and water rights, one shall be a registered civil engineer under the laws of this state who is qualified in the fields of water supply and water rights, one shall be a registered civil engineer under the laws of this state who is experienced in sanitary engineering and who is qualified in the field of water quality, one shall be qualified in the field of water quality, and one member shall not be required to have specialized experience.

Each member shall represent the state at large and not any particular portion thereof. The appointments so made by the Governor shall be subject to confirmation by the Senate at the next regular or special session of the Legislature, and the refusal or failure of the Senate to confirm an appointment shall create a vacancy in the office to which the appointment was made.

SEC. 3. Section 177 of the Water Code is amended to read:

177. The members of the State Water Rights Board in office on the operative date of the 1967 act amending this section shall continue as members of the State Water Resources Control Board, and their terms shall expire as follows: one member on January 15, 1969, one member on January 15, 1970, and one member on January 15, 1971. The terms of the two additional members of the board provided for by the 1967 act

amending Section 175 first appointed by the Governor shall expire as follows: one member on January 15, 1972, and one member on January 15, 1969. Thereafter all members of the board shall be appointed for terms of four years. Vacancies shall be immediately filled by the Governor for the unexpired portion of the terms in which they occur.

SEC. 4. Section 179 of the Water Code is amended to read:

179. The board succeeds to and is vested with all of the powers, duties, purposes, responsibilities, and jurisdiction vested in the Department and Director of Public Works, the Division of Water Resources of the Department of Public Works, the State Engineer, the State Water Quality Control Board, or any officer or employee thereof, under Division 2 (commencing with Section 1000), except Part 4 (commencing with Section 4000) and Part 6 (commencing with Section 5900) thereof; and Division 7 (commencing with Section 13000) of this code, or any other law under which permits or licenses to appropriate water are issued, denied, or revoked or under which the functions of water pollution and quality control are exercised.

SEC. 4.3. Section 179.6 is added to the Water Code, to read:

179.6. The board, or representatives authorized by the board to do so, may call, conduct or attend conferences or hearings, official or unofficial, within or without this state, or otherwise participate in such conferences or hearings with interested persons, agencies or officers, of this or any other state, or with the Congress of the United States, congressional committees, or officers of the federal government, concerning any matter within the scope of the power and duties of the board.

SEC. 4.4. Section 179.7 is added to the Water Code, to read:

179.7. As to any matter involving the United States, its departments or agencies, which is within the scope of the power and duties of the board, the board may represent the interest of the state or any county, city, state agency or public district upon their request, and to that end may correspond, confer and cooperate with the United States, its departments or agencies, and where necessary the board members, or authorized representatives, may travel either within or without the state.

SEC. 5. Section 181 of the Water Code is amended to read:

181. The board shall maintain its headquarters at Sacramento and may establish branch offices in such parts of the state as the board deems necessary. The board shall hold meetings at such times and at such places as shall be determined by it. The Governor shall designate the time and place for the first meeting of the board. All meetings of the board shall be open and public. Three members of the board shall constitute a quorum for the purpose of transacting any business of the board.

SEC. 5.1. Section 182 of the Water Code is amended to read:

182. The Governor shall designate the chairman of the board from the membership of the board. The person so designated shall hold the office of chairman at the pleasure of the Governor. The board shall elect a vice chairman.

SEC. 5.2. Section 183 of the Water Code is amended to read:

183. The board may hold any hearings and conduct any investigations in any part of the state necessary to carry out the powers vested in it, and for such purposes has the powers conferred upon heads of departments of the state by Article 2 (commencing with Section 11180), Chapter 2, Part 1, Division 3, Title 2 of the Government Code.

Any hearing or investigation by the board, except pursuant to Division 7 of this code, may be conducted by any member upon authorization of the board, and he shall have the powers granted to the board by this section, but any final action of the board shall be taken by a majority of the members of the board at a meeting duly called and held.

All hearings held by the board or by any member thereof shall be open and public.

SEC. 6. Section 186 of the Water Code is amended to read:

186. The board shall have such powers, and may employ such legal counsel and other personnel and assistance, as may be necessary or convenient for the exercise of its duties under Division 2 (commencing with Section 1000), except Part 4 (commencing with Section 4000) and Part 6 (commencing with Section 5900) thereof, Part 2 (commencing with Section 10500) of Division 6, and Division 7 (commencing with Section 13000) of this code.

For the purpose of administration, the board shall organize itself, with the approval of the Governor, in the manner it deems necessary properly to segregate and conduct the work of the board. The work of the board shall be divided into at least two divisions, known as the Division of Water Rights and the Division of Water Quality Control. The board shall appoint a chief of each division, who shall supervise the work thereof and act as technical adviser to the board on functions under his jurisdiction.

The Attorney General shall represent the board and the state in litigation concerning affairs of the board unless another state agency, represented by the Attorney General, is a party to the action. In such case the legal counsel of the board shall represent the board. Sections 11041, 11042, and 11043 of the Government Code are not applicable to the State Water Resources Control Board. The legal counsel of the board shall advise and furnish legal services except representation in litigation, to the regional boards upon their request.

SEC. 6.1. Section 187 of the Water Code is amended to read:

187. The board, regional water quality control boards, the Department of Water Resources, and other state agencies shall, to the fullest extent possible, exchange records, reports, material, and any other information relating to water, water rights, water pollution or quality, or any areas of mutual concern, to the end that unnecessary duplication of effort may be avoided.

SEC. 6.2. Section 229 of the Water Code is amended to read:

229. The department, either independently or in cooperation with any person or any county, state, federal or other agency, to the extent that funds are allocated therefor, shall investigate conditions of the quality of all waters within the state, including saline waters, coastal and inland, as related to all sources of pollution of whatever nature and shall report thereon to the Legislature, to the board, and to the appropriate regional water quality control board annually, and may recommend any steps which might be taken to improve or protect the quality of such waters. The department shall coordinate its investigations fully with the board.

SEC. 7. Section 1003.5 of the Water Code is amended to read:

1003.5. As used in this division, "board" means the State Water Resources Control Board.

SEC. 7.4. Section 1051.5 of the Water Code is amended to read:

1051.5. In furtherance of its powers and duties under Parts 2 (commencing with Section 1200) and 3 (commencing with Section 2000) of this division, the board may supervise trial distribution of water in accordance with agreements and court orders therefor.

SEC. 7.5. Section 1060 of the Water Code is amended to read:

1060. (a) All fees collected and deposited in the State Treasury by the State Water Resources Control Board, except funds collected under Part 3 (commencing with Section 2000) of this division, funds received for trial distribution expenses in connection with the administration of Section 1051.5, and deposits and payments made pursuant to Section 5007, shall be credited to the appropriation for the support of the board which is current at the time of the deposit of such fees in the State Treasury.

(b) Money deposited with or paid to the board pursuant to Section 1051.5 or 5007 and deposited by the board in the State Treasury is available for expenditure by the board in accordance with those sections without regard to fiscal years and irrespective of the provisions of Section 16304 of the Government Code, and any unused balance shall be refunded by the board to the person entitled thereto

SEC. 7.6. Section 1241.6 of the Water Code is amended to read:

1241.6. When water appropriated for irrigation purposes is not used by reason of compliance with crop control or soil conservation contracts with the United States, and in other cases of hardship as the board may by rule prescribe, the three-year forfeiture period applicable to water appropriated pursuant to the Water Commission Act or this code, and the forfeiture period applicable to water appropriated prior to December 19, 1914, shall be extended by an additional period of not more than 10 years or the duration of any crop control or soil conservation contracts with the United States if less than 10 years.

SEC. 7.7. Section 1243 of the Water Code is amended to read:

1243. The use of water for recreation and preservation and enhancement of fish and wildlife resources is a beneficial use of water. In determining the amount of water available for appropriation for other beneficial uses, the board shall take into account, whenever it is in the public interest, the amounts of water required for recreation and the preservation and enhancement of fish and wildlife resources.

This section shall not be construed to affect riparian rights.

SEC. 7.8. Section 1258 is added to the Water Code, to read:

1258. In acting upon applications to appropriate water, the board shall consider water quality objectives which have been established pursuant to law, and may subject such appropriations to such terms and conditions as it finds are necessary to carry out such objectives.

SEC. 8. Section 1485 of the Water Code is amended to read:

1485. Any municipality, governmental agency, or political subdivision operating waste disposal plants producing disposal water meeting the requirements of the appropriate regional board, and disposing of said water in the San Joaquin River may file an application for a permit to appropriate an equal amount of water, less diminution by seepage, evaporation, transpiration or other natural causes between the point of discharge and the point of recovery, downstream from said disposal plant and out of the San Joaquin River or the Sacramento-San Joaquin Delta. A permit to appropriate such amount of water may be granted by the board upon such terms and conditions as in the board's judgment are necessary for the protection of the rights of others. Water so appropriated may be sold or utilized for any beneficial purpose. The right to the use of water granted by this section shall not include water flowing in underground streams.

The Legislature finds and declares that the problems incident to the full utilization of the waters of the San Joaquin River and the Sacramento-San Joaquin Delta into which it flows, are unique and that a general law cannot be made applicable thereto.

SEC. 136. Section 6056 is added to the Water Code, to read:

6056. The department shall retain a board of three consultants who shall make an independent report to the director upon the issuance, modification, or renewal of any certificate of approval for any dam owned by the department.

SEC. 136.05. Section 10500 of the Water Code is amended to read:

10500. The department shall make and file applications for any water which in its judgment is or may be required in the development and completion of the whole or any part of a general or coordinated plan looking toward the development, utilization, or conservation of the water resources of the state.

Any application filed pursuant to this part shall be made and filed pursuant to Part 2 (commencing with Section 1200) of Division 2 of this code and the rules and regulations of the State Water Resources Control Board relating to the appropriation of water insofar as applicable thereto.

Applications filed pursuant to this part shall have priority, as of the date of filing, over any application made and filed subsequent thereto. Until October 1, 1967, or such later date as may be prescribed by further legislative enactment, the statutory requirements of said Part 2 (commencing with Section 1200) of Division 2 relating to diligence shall not apply to applications filed under this part, except as otherwise provided in Section 10504.

SEC. 136.1. Section 10500 of the Water Code, as amended by Assembly Bill No. 1222 of the 1967 Regular Session, is amended to read:

10500. The department shall make and file applications for any water which in its judgment is or may be required in the development and completion of the whole or any part of a general or coordinated plan looking toward the development, utilization, or conservation of the water resources of the state.

Any application filed pursuant to this part shall be made and filed pursuant to Part 2 (commencing with Section 1200) of Division 2 of this code and the rules and regulations of the State Water Resources Control Board relating to the appropriation of water insofar as applicable thereto.

Applications filed pursuant to this part shall have priority, as of the date of filing, over any application made and filed subsequent thereto. Until the 61st day after adjournment of the 1971 Regular Session, or such later date as may be prescribed by further legislative enactment, the statutory requirements of said Part 2 (commencing at Section 1200) of Division 2 relating to diligence shall not apply to applications filed under this part, except as otherwise provided in Section 10504.

SEC. 136.2. Section 10504 of the Water Code is amended to read:

10504. All applications made and filed pursuant to Section 10500 shall be transferred to the State Water Resources Control Board and held by the board for the purposes of this part. The board may release from priority or assign any portion of any application filed under this part when the release

or assignment is for the purpose of development not in conflict with such general or coordinated plan or with water quality objectives established pursuant to law. The assignee of any such application whether heretofore or hereafter assigned, is subject to all the requirements of diligence as provided in Part 2 (commencing with Section 1200) of Division 2 of this code. "Assignee" as used herein includes, but is not limited to, state agencies, commissions and departments, and the United States of America or any of its departments or agencies.

SEC. 136.3. Section 10504.1 of the Water Code is amended to read:

10504.1. Before any application made and filed pursuant to Section 10500 is assigned or released from priority, the State Water Resources Control Board shall hold a public hearing. Written notice of the time and place of the hearing shall be mailed, at least 45 days prior to the date set for the hearing, to the board of supervisors of each county in the area in which the water originates and in the area or areas in which the water is to be used. Any interested persons may appear at the hearing and present their views and objections as to the proposed action.

SEC. 136.4. Section 10504.5 of the Water Code is amended to read:

10504.5. In order to insure that projects will be constructed in accordance with a general or coordinated plan for the development of water:

(a) The recipient of a release from priority or assignment under this part shall, before making any changes determined by the State Water Resources Control Board to be substantial in the project in furtherance of which the release or assignment was made, submit such changes to the State Water Resources Control Board for its approval. The board shall approve any such change only if it determines that such change will not conflict with the general or coordinated plan or with water quality objectives established pursuant to law. All permits and licenses issued pursuant to applications so released or assigned shall contain terms conditioning such permits and licenses upon compliance with this subdivision.

(b) The holder of applications that have been assigned, or in favor of which a release from priority has been made, shall submit any proposed amendments to such applications to the State Water Resources Control Board. The board shall approve such amendments only if it determines that the amendments will not conflict with the general or coordinated plan or with water quality objectives established pursuant to law. The board shall notify the holder of the application of its approval or disapproval.

SEC. 136.5. Section 12232 of the Water Code is amended to read:

12232. The State Water Resources Control Board, the State Department of Water Resources, the California Water

Commission, and any other agency of the state having jurisdiction, shall do nothing, in connection with their responsibilities, to cause further significant degradation of the quality of water in that portion of the San Joaquin River between the points specified in Section 12230.

SEC. 136.6. Section 12233 of the Water Code is amended to read:

12233. Nothing in this part shall be construed as affecting the quality of water diverted into the Sacramento-San Joaquin Delta from the Sacramento River, nor as affecting any vested right to the use of water, regardless of origin, or any water project for which an application to appropriate water was filed with the State Water Resources Control Board prior to June 17, 1961.

SEC. 136.7. Section 13000 of the Water Code is amended to read:

13000. The Legislature finds and declares that it is necessary to the health, safety and welfare of the people of this state to provide means for coordinating the actions of the various state agencies and political subdivisions of the state in the control of water pollution and the maintenance of water quality.

The Legislature further declares that it is necessary to provide means for the regional control of water pollution since problems of water pollution in this state are primarily regional and dependent upon factors of precipitation, topography, population, and recreational, agricultural and industrial development which vary greatly from region to region.

The Legislature further declares that, because of the widespread demand and need for the full utilization of the water resources of the state for beneficial uses, control of water quality is a matter of statewide interest and concern. The Legislature further declares that it is necessary to provide for the coordinated statewide control of water quality and water rights and to provide for regional control of water quality where water quality is primarily a matter of regional concern.

SEC. 136.8. Section 13000 2 of the Water Code is amended to read:

13000.2. The Legislature finds and declares that, because of the widespread demand and need for the full utilization of the water resources of the state for beneficial uses, it is the policy of the state that the granting of permits and licenses for unappropriated water and the disposal of wastes into the waters of the state shall be so regulated as to achieve highest water quality consistent with maximum benefit to the people of the state and shall be controlled so as to promote the peace, health, safety and welfare of the people of the state.

SEC. 137. Section 13001 of the Water Code is amended to read:

13001 No provision of this division or any ruling of the State Water Resources Control Board or a regional water quality control board is a limitation:

(a) On the power of a city or county to adopt and enforce additional regulations not in conflict therewith imposing further conditions, restrictions, or limitations with respect to the disposal of sewage or industrial waste or any other activity which might result in the pollution of water.

(b) On the power of any city or county to declare, prohibit, and abate nuisances.

(c) On the power of a state agency in the enforcement or administration of any provision of law which it is specifically permitted or required to enforce or administer.

(d) On the right of any person to maintain at any time any appropriate action for relief against any private nuisance as defined in the Civil Code or for relief against any contamination or pollution.

SEC. 138. Section 13003 of the Water Code is amended to read:

13003. It is the intent of the Legislature that the State Water Resources Control Board and each regional water quality control board shall be the principal state agencies with primary responsibility for the coordination and control of water pollution and water quality control.

SEC. 139. Section 13005 of the Water Code is amended to read:

13005. As used in this division: "State board" means the State Water Resources Control Board.

"Regional board" means any regional water quality control board created pursuant to this division.

"Person" as used in this division also includes any city, county, district, the state or any department or agency thereof.

"Sewage" means any and all waste substance, liquid or solid, associated with human habitation, or which contains or may be contaminated with human or animal excreta or excrement, offal, or any feculent matter.

"Industrial waste" means any and all liquid or solid waste substance, not sewage, from any producing, manufacturing or processing operation of whatever nature.

"Waters of the state" means any waters, surface or underground, including saline waters, within the boundaries of the state as defined and described in Section 1 of Article XXI of the Constitution and as given greater precision in Sections 170, 171, and 172 of the Government Code.

"Contamination" means an impairment of the quality of the waters of the state by sewage or industrial waste to a degree which creates an actual hazard to the public health through poisoning or through the spread of disease. "Contamination" shall include any equivalent effect resulting from the disposal of sewage or industrial waste, whether or not waters of the state are affected.

"Pollution" means an impairment of the quality of the waters of the state by sewage or industrial waste to a degree which does not create an actual hazard to the public health

but which does adversely and unreasonably affect such waters for domestic, industrial, agricultural, navigational, recreational or other beneficial use, or which does adversely and unreasonably affect the ocean waters and bays of the state devoted to public recreation.

"Nuisance" means damage to any community by odors or unsightliness resulting from unreasonable practices in the disposal of sewage or industrial wastes.

"District attorney," as used in this division, means "county counsel" with respect to any county having such an officer and "city attorney" with respect to any city and county having such an officer as to all matters except the prosecution of crimes.

"Water quality control" means the control of any factor which adversely and unreasonably impairs the quality of the waters of the state for beneficial use.

"Water quality control policy" means water quality objectives for affected waters of the state where water quality control measures are necessary or may be needed in the future to assure suitable water quality for beneficial use.

SEC. 140. The heading of Chapter 3 (commencing with Section 13010) of Division 7 of the Water Code is amended to read:

CHAPTER 3. STATE WATER QUALITY CONTROL

SEC. 141. Article 1 (commencing with Section 13010) of Chapter 3 of Division 7 of the Water Code is repealed.

SEC. 142. Article 1 (commencing with Section 13015) is added to Chapter 3 of Division 7 of the Water Code, to read:

Article 1. Water Quality Advisory Committee

13015. There is in the State Water Resources Control Board a Water Quality Advisory Committee consisting of nine members appointed by the Governor and the chairman of each of the nine regional water quality control boards or his designee. Of the nine members selected by the Governor at least one shall be selected from qualified persons engaged in each of the following fields:

(a) Production and distribution of municipal water supplies.

(b) Irrigation water supply.

(c) Industrial water supply

(d) Production of industrial waste

(e) Public sewage disposal

(f) City government.

(g) County government

(h) Recreation and wildlife. The person engaged in this field shall be a person from a responsible organization associated with recreation or wildlife, not employed by any governmental agency.

(i) One member not specifically associated with any of the foregoing interests representing the public at large.

Insofar as practical, the Governor shall appoint members in such manner as to afford representation on the committee of all parts of the state.

Each member of the former State Water Quality Control Board shall serve as an original member of the advisory committee. Each of the original members shall serve for the term for which he was appointed to the state board. Thereafter, all members appointed to the advisory committee shall serve for a term of four years.

13016. The Water Quality Advisory Committee shall meet at least once each quarter. The advisory committee may meet jointly with the state board. All meetings of the committee shall be open and public.

13017. The committee shall annually elect one of its members chairman. Ten of the members of the committee shall constitute a quorum for the purpose of transacting any business of the committee.

13018. The members of the committee directly appointed by the Governor to the committee shall serve without compensation but shall be reimbursed for all necessary expenses actually incurred in the performance of their duties.

13019. The state board shall consult with and seek the advice of the committee with regard to its responsibilities relating to water quality and water pollution control and prior to adopting water pollution or water quality control policy pursuant to this division. The committee members shall advise the board on such matters. The advisory committee may express its advice by resolution when appropriate.

SEC. 143. The heading of Article 2 (commencing with Section 13020) of Chapter 3 of Division 7 of the Water Code is amended to read:

Article 2. General Powers and Duties of the State Board

SEC. 144. Section 13020 of the Water Code is repealed.

SEC. 144.5. Section 13020.1 of the Water Code is amended and renumbered to read:

188.5. The board shall publish biennial progress reports relating to the activities of the board and regional water quality control boards.

SEC. 145. Section 13020.2 of the Water Code is amended and renumbered to read:

13020. The state board shall allocate to the regional boards from funds appropriated to the state board such part thereof as may be necessary for the administrative expenses of such boards. The regional boards shall submit annual budgets to the state board. Subject to the provisions of Chapter 3 (commencing with Section 13290) of Part 3, Division 3, Title 2 of the Government Code and any other laws giving the Department of Finance fiscal and budgetary control over state de-

partments generally, the state board shall prepare an annual budget concerning its activities and the activities of the regional boards.

SEC. 146. Section 13021 of the Water Code is repealed.

SEC. 146.1. Section 13022.2 of the Water Code is amended to read:

13022 2. In formulating a statewide policy pursuant to Sections 13022 and 13022.1 the state board shall take cognizance of the California Water Plan or any other general or coordinated plan of the state looking toward the development, utilization, or conservation of the water resources of the state, including such amendments, supplements, or additions thereto as may be made from time to time.

SEC. 146.2. Section 13022.3 of the Water Code is amended to read:

13022.3. During the process of formulating water pollution or water quality control policy which may affect a regional board or boards, the state board shall consult with and carefully evaluate the recommendations of the affected regional board or boards and shall seek the advice of the Water Quality Advisory Committee.

SEC. 146.3. Section 13025.5 of the Water Code is amended to read:

13025 5. In the event a waste discharge in one region affects the waters in another region and there is any disagreement between the regional boards involved as to the requirements which should be established, either regional board may submit the disagreement to the state board which shall determine the applicable requirements. The power conferred upon the state board herein does not limit the powers conferred in Section 13025.

SEC. 146.4. Section 13025.7 is added to the Water Code, to read:

13025.7. The state board shall have the power to require any state or local agency to inspect and report on any technical factors involved in water pollution or water quality.

SEC. 146.5. Section 13026 of the Water Code is repealed.

SEC. 147. Section 13050 of the Water Code is amended to read:

13050. Each regional board shall:

(a) Establish an office.

(b) Select one of its members as chairman at the first regular meeting held each year.

(c) Appoint as its confidential employee, exempt from civil service, under paragraph (5) of subdivision (a) of Section 4 of Article XXIV of the Constitution, and fix the salary of, an executive officer who shall meet technical qualifications as defined by the State Water Resources Control Board. The executive officer shall serve at the pleasure of the regional board.

Notwithstanding the amendment of this subdivision at the 1963 Regular Session, any person incumbent in the position of executive officer on the effective date of such amendment shall continue to serve at the pleasure of his appointing board.

(d) Employ such other assistants as may be determined necessary to assist the executive officer.

SEC. 148. Section 20627 of the Water Code is amended to read:

20627. Pending the completion of the preliminary surveys and field investigations, the State Water Resources Control Board may withhold from appropriation any unappropriated water likely to be needed by the district.

SEC. 155. Section 3 of the Water Pollution Control Law of 1965 (Chapter 1351, Statutes of 1965) is amended to read:

Sec. 3. To protect the quality of the San Francisco Bay-delta area waters for the present and future beneficial uses thereof, the State Water Resources Control Board, in cooperation with the San Francisco Bay, Central Coastal, North Coastal, and Central Valley Regional Water Quality Control Boards, and the Departments of Public Health, Fish and Game, and Water Resources, is authorized and directed to make a comprehensive study of the effects of waste and drainage water discharges into the waters of the San Francisco Bay-delta area and to develop the basic features of a comprehensive plan for the control of water pollution, including a system for the collection, reclamation, treatment, and disposal of waste and drainage water discharges in and to the waters of the San Francisco Bay-delta area in the most effective and economic manner. In development of such comprehensive plan the board shall study any adjacent coastal waters which might be affected by any plans under investigation as well as those drainage areas which, although physically outside the San Francisco Bay-delta area, are found to be so near proposed facilities as to logically warrant inclusion in the comprehensive system. The board shall also study any discharges of drainage and waste waters originating outside the San Francisco Bay-delta area which may adversely affect the quality of the waters of the area and shall provide for the mitigation of such adverse effects insofar as possible.

In conducting the investigation and study, the State Water Resources Control Board shall consider, among other matters, and without limitation as to the generality thereof, the physical and economic effects of existing and proposed water development projects of federal, state and local agencies, and of authorized and prospective drainage projects of whatever nature upon the waters of the San Francisco Bay-delta area, the feasibility of reclaiming drainage waters from such projects, the future population growth and economic development in the area and in areas tributary thereto, the effects of existing and proposed projects for the filling and reclamation of waterfront lands upon the waste assimilative capacity of the waters of the San Francisco Bay-delta area, the possibilities of reclamation and reuse of waste waters and drainage water from such projects, and the feasibility of flow augmentation through managed releases from upstream reservoirs as an aid to quality maintenance.

The intention of the Legislature is that the State Water Resources Control Board shall conduct the study so as to determine the need for and the feasibility of a comprehensive multiple-purpose waste collection and disposal system serving the entire San Francisco Bay-delta area, as well as other measures for maintenance of the quality of the waters of such area at proper levels for the beneficial uses to be made thereof, including, but not necessarily limited to, municipal, industrial and agricultural water supplies, fish and wildlife, recreation and navigation. It is the further intention of the Legislature that the comprehensive plan for control of water pollution shall be consistent with any master land use and development plans prepared for the San Francisco Bay-delta area by the proposed San Francisco Bay Conservation and Development Commission.

SEC. 156. Section 4 of the Water Pollution Control Law of 1965 is amended to read:

Sec. 4. The State Water Resources Control Board may contract with such state, federal or local public agencies or private agencies or entities, as it deems necessary for the rendition and affording of such management and technical services, facilities, studies, and reports as will best assist it to carry out the purposes of this act.

SEC. 157. Section 5 of the Water Pollution Control Law of 1965 is amended to read:

Sec. 5. The State Water Resources Control Board, in conducting the San Francisco Bay-delta area study, is directed to call on the advice, counsel, and guidance, and participation of appropriate local, state, and federal agencies. The board shall, to the fullest practicable extent, cooperate and coordinate its work with all agencies undertaking planning and technical investigations pertinent to this study. The State Water Resources Control Board is directed to coordinate its study and, in order to avoid duplication of work, shall make maximum use of data and information available from state agencies, federal agencies, including but not limited to the U.S. Public Health Service and the U S. Corps of Engineers, the planning programs of the Association of Bay Area Governments, the cities and counties of the San Francisco Bay-delta area, and other public and private agencies within the San Francisco Bay-delta area and the Central Valley and the studies by the proposed San Francisco Bay Conservation and Development Commission.

The board is further directed to encourage agencies of local government to undertake studies of local waste disposal problems which can be integrated into the master plan. For the purpose of assisting the board in the establishment and execution of the San Francisco Bay-delta area study provided for in Section 3, there is hereby established a steering committee which is composed of the following members or their designated alternates:

(a) The Chairman of the State Water Resources Control Board, who shall serve as chairman.

(b) The Chairman of the California Water Commission.

(c) The Chairman of the San Francisco Bay Conservation and Development Commission.

(d) A member of the State Reclamation Board designated by the board.

(e) The Chairman of the San Francisco Bay Regional Water Quality Control Board.

(f) The Chairman of the Central Coastal Regional Water Quality Control Board.

(g) The Chairman of the North Coastal Regional Water Quality Control Board.

(h) The Chairman of the Central Valley Regional Water Quality Control Board.

(i) The Chairman of the Association of Bay Area Governments.

(j) The Director of Water Resources.

(k) The Director of Public Health.

(l) The Director of Fish and Game.

(m) The Director of Parks and Recreation.

(n) The Administrator of the Resources Agency.

(o) The Administrator of the Health and Welfare Agency.

The Chairman of the Senate Committee on Water Resources and the Chairman of the Assembly Committee on Water shall meet with the committee and participate in its activities to the extent that such participation is not incompatible with their respective positions as Members of the Legislature.

For the purposes of this act the Members of the Legislature shall be considered a joint committee of the two houses of the Legislature and constitute an investigating committee on the subject of this act; and, as such, shall have the powers and duties imposed on such a committee by the Joint Rules of the Senate and Assembly and, in accordance with those rules, shall be allowed, out of the Contingent Funds of the Senate and the Assembly, their expenses incurred for mileage and other purposes in the exercise or performance of such powers or duties.

To assist the State Water Resources Control Board in coordinating its study program with the activities of other agencies, there is hereby established a technical coordinating committee which is composed of the following members or their designated alternates:

(a) The Chief of the Division of Water Quality Control of the State Water Resources Control Board who shall serve as chairman.

(b) The executive officers of the San Francisco Bay, Central Coastal, North Coastal, and Central Valley Regional Water Quality Control Boards.

(c) The Executive Director of the San Francisco Bay Conservation and Development Commission.

(d) The Executive Director of the Association of Bay Area Governments.

(e) One representative each from the Departments of Water Resources, Public Health, Fish and Game, Conservation, and Parks and Recreation.

(f) The Director of the Water Resources Center of the University of California.

(g) The Chief Engineer of the State Reclamation Board.

(h) One representative of municipalities, one representative of county government, one representative of water or sanitation districts, and one representative of private industry from within the San Francisco Bay-delta area, appointed by the Governor.

(i) The United States Department of Health, Education, and Welfare, the United States Soil Conservation Service, the United States Corps of Engineers, the United States Fish and Wildlife Service, the United States Bureau of Reclamation, and the United States Geological Survey shall each be invited to appoint a representative to attend and participate in meetings of the technical coordinating committee. Such federal representatives shall have all the privileges of membership and shall be considered members of the committee.

SEC. 158. Section 6 of the Water Pollution Control Law of 1965 is amended to read:

Sec. 6. The Departments of Water Resources, Public Health, Fish and Game, and Conservation shall provide, under service agreement, such staff assistance as the State Water Resources Control Board may require to properly administer the San Francisco Bay-delta area study.

SEC. 159. Section 7 of the Water Pollution Control Law of 1965 is amended to read:

Sec. 7. The State Water Resources Control Board shall appoint consultants in the fields of water quality, pollution control, waste disposal and water supply, and regional planning. The consultants shall advise and recommend to the board concerning the following matters:

(a) The identification of waste disposal studies now underway and the review of data being collected that relates to water.

(b) Preparation of a detailed plan for conduct of the study.

(c) The selection and contacting of those agencies, public and private, which are to participate in the study.

(d) The direction, management and supervision of conduct of the study and preparation of the reports on the study by the participating agencies.

(e) The submission of the required reports to the board.

SEC. 160. Section 8 of the Water Pollution Control Law of 1965 is amended to read:

Sec. 8. On or before the fifth legislative day of 1966 Regular (Budget) Session, the State Water Resources Control Board shall submit to the Legislature a preliminary report setting forth the detailed scope of the San Francisco Bay-delta area study, including the alternatives to be investigated,

the work program to accomplish the study, and the estimated cost thereof.

SEC. 161. Section 9 of the Water Pollution Control Law of 1965 is amended to read:

Sec. 9. On or before the fifth legislative day of the 1967 Regular Session, the State Water Resources Control Board shall submit to the Legislature a progress report indicating the status of the investigation to date.

SEC. 162. Section 10 of the Water Pollution Control Law of 1965 is amended to read:

Sec. 10. The State Water Resources Control Board shall submit a report on the San Francisco Bay-delta area study to the Legislature on or before the fifth legislative day of 1969 Regular (Budget) Session. The report shall include but is not necessarily limited to, the following:

(a) Recommendations for regional waste collection, treatment and disposal system and other means of maintaining proper quality levels for the water concerned, which will provide guidelines for the systematic development of a comprehensive pollution control program.

(b) Overall cost estimates for the construction and operation of the recommended plan.

(c) Recommendations for the form of governmental entity or authority which would be best able to further develop and implement a comprehensive water pollution control plan and program.

(d) Recommendations as to the equitable apportionment of cost of development, construction and operation among the various beneficiaries of the plan.

(e) Recommendations as to the schedule for staged development of the various phases of the comprehensive plan.

(f) Delineation of the major subject areas, with estimates of cost, for additional studies which are considered essential to the further development of a regional, comprehensive water pollution control plan in the San Francisco Bay-delta area.

SEC. 163. Section 11 of the Water Pollution Control Law of 1965 is amended to read:

Sec. 11. Before completion of the reports required by Sections 8 and 9 of this act, the State Water Resources Control Board and the California Water Commission shall jointly hold at least three public hearings in both the areas of the receiving waters and the sources of drainage discharge. In formulating its final recommendations for these reports, the State Water Resources Control Board shall give full consideration to the views of the California Water Commission and the recommendations of said commission shall be transmitted to the Legislature as a part of said reports.

SEC. 163.5. It is the intent and purpose of the Legislature by this act to further the concept of the original Dickey Water Pollution Act for regional water pollution control which has proven, over the years, to be the best means of in-

volving all levels of government in accomplishing cooperative and effective control of water pollution and water quality.

SEC. 164. Section 136.1 of this act shall become operative only if Assembly Bill No. 1222 is enacted into law by the Legislature at its 1967 Regular Session, and in such case Section 10500 of the Water Code as amended by Section 136.05 of this act is repealed. This act shall become operative on the first day of the month following the effective date of the act.

CHAPTER 285

An act to amend Section 1605 of, and to add Section 1605.5 to, the Revenue and Taxation Code, relating to property tax assessments, declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 7, 1967. Filed with Secretary of State June 7, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 1605 of the Revenue and Taxation Code is amended to read:

1605. After giving notice as prescribed by its rules, the county board shall equalize the assessment of property on the local roll by determining the full cash value of an individual assessment and by reducing or increasing an individual assessment as provided in this section.

For the purpose of the equalization proceedings, it is conclusively presumed that the average ratio of assessed value to full cash value in the county is not more than 115 percent of the latest preliminary or final ratio determined by the board pursuant to Article 1 (commencing with Section 1815) of Chapter 2 of this part.

The applicant for a reduction in an assessment on the local roll shall establish the full cash value of the property by independent evidence. The records of the assessor may be used as part of such evidence.

The county board shall make a determination of the full cash value of each parcel for which an application for equalization is made. After determining the full cash value of a parcel of property, the county board shall establish the assessed value of the property at the lower of:

(a) An amount equal to the property's full cash value, as determined by the county board, multiplied by the ratio established under Section 401.

(b) An amount equal to the property's full cash value, as determined by the county board, multiplied by 115 percent of the board's preliminary or final ratio for the county.

(c) An amount equal to the property's full cash value, as determined by the county board, multiplied by the ratio of

assessed to full cash value of all property in the county, established without reference to the board's ratio for the county.

SEC. 2. Section 1605.5 is added to the Revenue and Taxation Code, to read:

1605.5. The county board shall make a record of the proceedings and, upon request, shall furnish the party with a transcript thereof at his expense. Written findings of fact and conclusions of law of the county board need not be made unless requested in writing by a party prior to the hearing. A reasonable fee may be imposed by the county to cover the expense of preparing findings and conclusions.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the State Constitution, and shall go into immediate effect. The facts constituting such necessity are:

There is an uncertainty in the law insofar as the equalization of property is concerned where the assessor's announced ratio of assessed to full cash value is greater than such ratio as established by the State Board of Equalization when the ratios deviate by more than 15 percent. In order that this uncertainty be removed for the equalization of property for the 1967–68 fiscal year it is necessary that this act go into immediate effect.

CHAPTER 286

An act to amend Sections 12008, 12201, 12203, 12205 and 12206 of, to add Section 12201.2 to, and to repeal Sections 12005, 12201.2, and 12306 of, the Business and Professions Code, relating to weights and measures.

[Approved by Governor June 7, 1967. Filed with Secretary of State June 7, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 12005 of the Business and Professions Code is repealed.

SEC. 2. Section 12008 of the Business and Professions Code is amended to read:

12008. "Sealer," when used without qualification, includes the State Sealer, county sealers and their deputies and inspectors.

SEC. 3. Section 12201 of the Business and Professions Code is amended to read:

12201. If from any cause a vacancy occurs in the office of county sealer, the director upon learning of such vacancy shall immediately transmit to the board of supervisors or other appointing power a list of persons certified by him to be eligible for the position. If the appointing power fails to appoint a county sealer within 60 days after the receipt of such list, the director shall appoint a county sealer from said list.

A person holding the position of Deputy State Sealer at the time of the 1967 amendment of this section shall be appointed the county sealer of weights and measures for, and an employee of, the county to which he is assigned. The director shall issue to him a certificate of eligibility which is valid only for the county he is serving on the effective date of this amendment. He shall become subject to all of the provisions of this code.

SEC. 4. Section 12201.2 of the Business and Professions Code is repealed.

SEC. 5. Section 12201.2 is added to the Business and Professions Code, to read:

12201.2. If the position of sealer cannot be filled by the board of supervisors or other appointing power or by the director as provided in Section 12201, then it shall be the duty of the director to perform the duties of sealer in the same manner, to the same extent, and with the same authority as if he had been the duly appointed sealer therein. The board of supervisors of such county shall reimburse the department for all expenses incurred by the director in fulfilling his responsibilities under the provisions of this section.

SEC. 6. Section 12203 of the Business and Professions Code is amended to read:

12203. Except as provided in this section, no person shall hereafter be appointed to the office of county sealer, deputy county sealer or inspector unless he has a certificate of eligibility from the director. If there is no person available for the position of county sealer who holds a certificate of eligibility, the appointing power may make a temporary appointment of a person recommended in writing by the director. If the appointing power does not make a temporary appointment and no person can be appointed from the eligible list by the director, then the director may make a temporary appointment of a person competent to carry on the duties of the office. Any such temporary appointment shall be for a period not exceeding six months or until the next certification examination is held. If the position of deputy county sealer or inspector cannot be filled from the lists, a temporary appointment may be made, upon the written recommendation of the director for a period not exceeding six months.

SEC. 7. Section 12205 of the Business and Professions Code is amended to read:

12205. For the purpose of advising himself on the best and most efficacious methods of performing his duties and conducting his office, every county sealer serving in a county shall attend the annual meeting of the voluntary association of the sealers of the state and such other meetings as the department or the board of supervisors requires

He shall be allowed all actual and necessary traveling expenses incurred while on any service that requires him to go outside the county. Such expenses shall be a charge against the county in which he is employed.

SEC. 8. Section 12206 of the Business and Professions Code is amended to read:

12206. The jurisdiction of a county sealer appointed by a county or the director extends over the entire territorial limits of the county.

SEC. 9. Section 12306 of the Business and Professions Code is repealed.

CHAPTER 287

An act to add Section 51335.5 to the Water Code, to add Section 7⅚ to the Knight's Landing Ridge Drainage District Act (Chapter 99, Statutes of 1913), and to add Section 7⅞ to the Sacramento River West Side Levee District Act (Chapter 361, Statutes of 1915), relating to district assessments.

[Approved by Governor June 7, 1967. Filed with Secretary of State June 7, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 51335.5 is added to the Water Code, to read:

51335.5. In the event the assessment for any parcel of land separately assessed, based upon the rate fixed pursuant to Section 51335, is less than two dollars ($2), a minimum assessment may be set by the board which shall not exceed two dollars ($2) for each separately assessed parcel of land.

SEC. 2. Section 7⅚ is added to the Knights Landing Ridge Drainage District Act (Chapter 99, Statutes of 1913), to read:

Sec. 7⅚. In the event the assessment for any parcel of land separately assessed, based upon the rate fixed pursuant to Section 7¾, is less than two dollars ($2), a minimum assessment may be set by the board of drainage commissioners which shall not exceed two dollars ($2) for each separately assessed parcel of land.

SEC. 3. Section 7⅞ is added to the Sacramento River West Side Levee District Act (Chapter 361, Statutes of 1915), to read:

Sec. 7⅞. In the event the assessment for any parcel of land separately assessed, based upon the rate fixed pursuant to Section 7½, is less than two dollars ($2), a minimum assessment may be set by the board of levee commissioners which shall not exceed two dollars ($2) for each separately assessed parcel of land.

CHAPTER 288

An act to amend Sections 25528 and 25538 of the Government Code, relating to sale of county property.

[Approved by Governor June 7, 1967. Filed with Secretary of State June 7, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 25528 of the Government Code is amended to read:

25528. Notice of the adoption of the resolution and of the time and place of holding the meeting shall be given by posting copies of the resolution signed by the chairman of the board in three public places in the county, not less than 15 days before the date of the meeting, and by publishing the notice in the county pursuant to Section 6063. In addition, the board may purchase advertising space and may advertise the proposed sale or lease of the property in such newspapers, magazines, and other periodicals as, in their judgment, will best publicize the sale or lease to those persons most likely to bid for, purchase or lease the property.

SEC. 2. Section 25538 of the Government Code is amended to read:

25538. In counties having a population of 1,000,000 or more the board of supervisors may prescribe by ordinance a procedure alternative to that required by Sections 25520 through 25535 of this article. Such ordinance may designate a county officer or department head to sell any real property of an estimated value of twenty-five thousand dollars ($25,000) or less belonging to such county. Any alternative procedure so prescribed shall require that the board of supervisors adopt and cause to be published pursuant to Section 6061.3, a resolution of its intention that such property be sold. Said resolution shall describe the property to be sold in such a manner so as to identify it; specify the minimum price and the terms upon which it will be sold; the date on which it will be sold, which shall be not less than seven days following the completion of publication; fix the place at which sealed proposals to purchase will be received; and fix the time and place where such proposals will be opened and declared and oral bids received. In addition, the board may purchase advertising space and may advertise the proposed sale or lease of the property in such newspapers, magazines, and other periodicals as, in their judgment, will best publicize the sale or lease to those persons most likely to bid for, purchase or lease the property. At the time and place fixed for the opening of bids the county officer or department head may accept the highest bid, written or oral, or, if he deems such action to be for the best public interest he may reject any and all bids, either written or oral, and withdraw the property from sale; provided, however, that no oral bid shall be accepted unless it is made by responsible

person and exceeds by at least 5 percent the highest written proposal made by a responsible person.

Such alternative procedure may provide that in the event no written or oral proposal is made which is equal to or greater than the minimum price fixed in said resolution, then for a period of one year following the date of said resolution, or until the board of supervisors revokes such authority, the county officer or department head shall have the authority to negotiate a sale, subject to final acceptance by said board of supervisors, of said real property to any person for not less than the minimum price fixed by said resolution; and such alternative procedure may also provide that until such final acceptance occurs the county officer or department head may lease said real property by direct negotiation on behalf of the county on a month-to-month tenancy, but in no event for more than 12 months, without first obtaining the approval of the board of supervisors.

CHAPTER 289

An act to amend Sections 24502, 24503, 24504, 24505, 24506, 24532, 24534, 24536, 24538, 24539, 24541, 24542, 24543, 24546, 24552, 24553, 24555, 24556, 24559, 24560, 24561, 24562, 24564, and 24565, and to add Sections 24503.1 and 24503.2 of the Education Code, and declaring the validity of certain acts, relating to the State College Revenue Bond Act of 1947.

[Approved by Governor June 7, 1967. Filed with Secretary of State June 7, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 24502 of the Education Code is amended to read:

24502. The following terms wherever used or referred to in this article, or in any indenture entered into pursuant hereto, shall have the following meanings, respectively, unless a different meaning appears from the context:

(a) "Board" means the Trustees of the California State Colleges.

(b) "State college" means a state college maintained under the authority of this code.

(c) The term "project" means any one or more dormitories or other housing facilities, boarding facilities, student union or activity facilities, vehicle parking facilities or any other auxiliary or supplementary facilities for individual or group accommodation, owned or operated or authorized to be acquired, constructed, furnished, equipped and operated by the board for use by students, faculty members or other employees of any one or more state colleges, or a combination of such facilities, which may include facilities already completed and

facilities authorized for future completion, designated by the board as a project in providing for the issuance of revenue bonds or notes.

(d) The term "bonds" or "revenue bonds" means the written evidence of any obligation, other than revenue bond anticipation notes, issued by the board with the approval of the State Board of Control, payment of which is secured by a pledge of revenues or any part of revenues, as provided in this article, in order to obtain funds with which to carry out the purposes of this article, irrespective of the form of such obligations.

(e) The terms "notes" and "revenue bond anticipation notes" means the written evidence of any obligation issued by the board, pursuant to Section 24503 1, in anticipation of the sale of revenue bonds, for the purpose of obtaining funds to carry out the purposes of this article.

(f) The term "revenues" means and includes any and all fees, rates, rentals and other charges received or receivable in connection with, and any and all other incomes and receipts of whatever kind and character derived by, the board from the operation of or arising from a project, including any such revenue as may have been or may be impounded or deposited in any fund in the State Treasury created by this article for the security of any notes or bonds issued hereunder, or for the purpose of providing for the payment thereof or the interest thereon.

(g) The "holder of bonds" or "bondholder" or any similar terms shall mean any person who shall be the bearer of any outstanding revenue bond or bond registered to bearer or not registered or the registered owner of any such outstanding revenue bond or bond which shall at the time be registered other than to bearer

(h) The term "indenture" means an agreement entered into by the board pursuant to which revenue bonds are issued, regardless of whether such agreement is expressed in the form of a resolution of the board or by other instrument.

(i) The term "person" includes any individual, firm, corporation, association, copartnership, trust, business trust or receiver or trustee or conservator for any thereof, but does not include this state or any public corporation, political subdivision, city, county, district or any agency thereof or of this state.

(j) (a) The present tense includes the past and future tenses; and the future, the present.

(b) The masculine gender includes the feminine and neuter.

(c) The singular number includes the plural, and the plural the singular.

(d) "Shall" is mandatory and "may" is permissive.

SEC. 2. Section 24503 of the Education Code is amended to read:

24503. The board, for the purposes of this article (commencing with Section 24501), has power and is hereby au-

thorized, in addition to and amplification of all other powers conferred upon said board by the Constitution of the State of California or by any statute of the State of California:

(a) To acquire subject to the Property Acquisition Law, Part 11 (commencing with Section 15850) of Division 3 of Title 2 of the Government Code, by grant, purchase, gift, devise, lease, or by the exercise of the right of eminent domain, and to hold and use any real or personal property necessary or convenient or useful for the carrying on of any of its powers pursuant to the provisions of this article (commencing with Section 24501).

(b) To construct, operate and control any project.

(c) To fix rates, rents or other charges for the use of any project acquired, constructed, equipped, furnished, operated or maintained by the board, or for services rendered in connection therewith, and to alter, change or modify the same at its pleasure, subject to any contractual obligation which may be entered into by the board with respect to the fixing of such rates, rents or charges.

(d) To enter into covenants to increase rates or charges from time to time as may be necessary pursuant to any such contract or agreement with the holders of any bonds of the board.

(e) At any time and from time to time, with the approval of the State Board of Control, to issue revenue bonds in order to raise funds for the purpose of establishing any project or of acquiring lands for any project, or of acquiring, constructing, improving, equipping or furnishing any project, or of refinancing any project, including payment of principal and interest on revenue bond anticipation notes, or for any combination of such purposes, which bonds may be secured as hereinafter provided.

(f) At any time and from time to time, with the approval of the State Board of Control, to issue revenue bond anticipation notes pursuant to Section 24503.1.

(g) To exercise, subject to the Property Acquisition Law, Part 11 (commencing with Section 15850) of Division 3 of Title 2 of the Government Code, the right of eminent domain for the condemnation of private property or any right or interest therein.

(h) To adopt such rules and regulations as may be necessary to enable the board to exercise the powers and to perform the duties conferred or imposed upon the board by this article (commencing with Section 24501).

(i) Nothing contained in this section or elsewhere in this article shall be construed directly or by implication to be in anywise in derogation of or in limitation of powers conferred upon or existing in the board by virtue of provisions of the Constitution or statutes of this state.

SEC. 3. Section 24503.1 is added to the Education Code, to read:

24503.1. The board, with the approval of the State Board of Control, may issue revenue bond anticipation notes, in anticipation of the sale of revenue bonds. Before issuing any such notes, the board shall, by resolution approved by the State Board of Control, authorize their issuance, declare the purpose for which the proceeds of the notes shall be expended and specify the maximum amount of notes to be issued for such purpose.

Revenue bond anticipation notes shall bear interest at such rate or rates as the board may determine, not exceeding six (6) percent per annum, payable annually or semiannually, and shall mature on such date or dates as the board may determine and set forth in the resolution authorizing their issuance, but not more than three years from their date.

The proceeds from the sale of notes shall be used only for the purposes for which the proceeds of the sale of bonds may be used in anticipation whereof the notes are issued.

All notes issued, including renewal notes, and the interest thereon shall be payable from the proceeds of the sale of the bonds, the revenues of the project, any appropriations made for that purpose or all such sources, and not otherwise, except that in the event that the sale of the bonds shall not have occurred prior to the maturity of the notes issued in anticipation thereof, the board, with the approval of the State Board of Control, may issue renewal notes in order to pay the notes then maturing. No renewal notes shall be issued after the sale of the bonds in anticipation of which the original note was issued.

Revenue bond anticipation notes may be secured by a pledge of, and lien upon, the proceeds of the sale of bonds, the revenues of the project and any other legally available funds.

A resolution authorizing the issuance of revenue bond anticipation notes may include such provisions as the board deems necessary or advisable for the security of the notes issued thereunder, and may include any and all provisions authorized to be included in indentures by this article (commencing with Section 24501).

SEC. 4. Section 24503.2 is added to the Education Code, to read:

24503.2. Notes authorized to be issued under this article (commencing with Section 24501) shall be sold by the State Treasurer, for cash, in such manner as the said Treasurer shall be directed by a resolution requesting such sale adopted by the board and approved by the State Board of Control.

SEC. 5. Section 24504 of the Education Code is amended to read:

24504. The validity of the authorization and issuance of any revenue bonds or revenue bond anticipation notes by the board, with the approval of the State Board of Control, is not dependent on nor affected in any way by:

(a) Proceedings taken by the board for the acquisition, construction or completion of any project or any part thereof.

(b) Any contracts made by the board in connection with the acquisition, construction or completion of any project.

(c) The failure to complete any project for which bonds or notes are authorized to be issued.

SEC. 6. Section 24505 of the Education Code is amended to read:

24505. The board, with the approval of the State Board of Control, shall issue revenue bonds and revenue bond anticipation notes in its name and as its obligation, but no bond or note issued or sold pursuant to this article (commencing with Section 24501) shall be or become a lien, charge or liability against the State of California or against the board or against the property or funds of either, except, in the case of revenue bonds, to the extent of the pledge of revenues or part of revenues of the project, as may be provided by the indenture pursuant to which revenue bonds are issued, and, in the case of notes, to the extent of the pledge of revenues of the project and proceeds of the sale of bonds, as may be provided in the resolution authorizing the issuance of the notes. Every such bond and note issued by the board shall contain a recital on the face thereof, stating that neither the payment of the principal nor any part thereof, nor any interest thereon, constitutes a debt, liability or obligation of the State of California.

SEC. 7. Section 24506 of the Education Code is amended to read:

24506. The board, with the approval of the State Board of Control, shall determine the time, form and manner of the issuance of revenue bonds and revenue bond anticipation notes.

SEC. 8. Section 24532 of the Education Code is amended to read:

24532. The board, with the approval of the State Board of Control, may provide for the execution and authentication of bonds and notes by the manual, lithographed or printed facsimile signature of officers of the board and, in the case of bonds, by additional authentication by the State Treasurer as trustee. If any of the officers whose signatures or countersignatures appear upon the notes, bonds or coupons cease to be officers before the delivery of the notes, bonds or coupons, their signatures or countersignatures are nevertheless valid and of the same force and effect as if the officers had remained in office until the delivery of the notes, bonds or coupons.

SEC. 9. Section 24534 of the Education Code is amended to read:

24534. Immediately after the adoption of a resolution by the board and its approval by the State Board of Control, directing the preparation of any bonds or notes authorized under this article (commencing with Section 24501), the State Treasurer shall prepare the requisite number of suitable bonds or notes of the denominations, and in accordance with the specifications contained in such resolution.

SEC. 10. Section 24536 of the Education Code is amended to read:

24536. Bonds and notes may be sold at either public or private sale. The board, with the approval of the State Board of Control, may fix terms and conditions for the sale or other disposition of any authorized issue of bonds or notes. The State Treasurer, when authorized by resolution of the board approved by the State Board of Control, may sell bonds and notes at less than their par or face value, but no bond or note may be sold at a price below the par or face value thereof which would result in a sale price yielding to the purchaser an average of more than six (6) percent per annum, payable semiannually, according to standard tables of bond values.

SEC. 11. Section 24538 of the Education Code is amended to read:

24538. All costs and expenses incident to the issuance and sale of notes may be paid out of the proceeds of the sale of the notes All costs and expenses incident to the issuance and sales of bonds and all costs and expenses incident to the redemption of revenue bond anticipation notes retired with proceeds from the sale of the bonds may be paid out of the proceeds of the sale of the bonds. Interest on bonds may be paid out of the proceeds of the sale of the bonds during the actual construction of any project for the acquisition, construction or completion of which the bonds have been issued, and for a period of not to exceed two (2) years thereafter as provided for in the indenture.

SEC. 12. Section 24539 of the Education Code is amended to read:

24539. The board, with the approval of the State Board of Control, may provide that notes or bonds and the interest thereon shall be secured by all or by part of revenues of a project upon the basis of which the notes or bonds are issued or authorized to be issued, and shall constitute such lien upon the revenues of such project as may be provided for in such notes or in any indenture.

SEC. 13. Section 24541 of the Education Code is amended to read:

24541. The board, with the approval of the State Board of Control, may provide for the replacement of lost, destroyed or mutilated notes, bonds, and coupons.

SEC. 14. Section 24542 of the Education Code is amended to read:

24542. Bonds and notes issued pursuant to the provisions of this article (commencing with Section 24501) and the interest or income therefrom are exempt from all taxation in this state other than gift, inheritance and estate taxes.

SEC. 15. Section 24543 of the Education Code is amended to read:

24543. Notwithstanding any other provision of law, all notes and bonds hereafter sold and delivered pursuant to the provisions of this article (commencing with Section 24501)

are legal investments for all trust funds and for the funds of all insurance companies, banks, both commercial and savings, trust companies, and the state school funds, and may also be used as security for the deposit of public moneys in banks in this state. Such bonds are also legal investments for any public or private funds which may be invested in county, municipal or school district bonds, and may be deposited as security for the performance of any act whenever the bonds of any county, municipality or school district may be so deposited.

SEC. 16. Section 24546 of the Education Code is amended to read:

24546. All bonds and notes issued under the provisions of this article (commencing with Section 24501) are negotiable instruments, except when registered in the name of a registered owner.

SEC. 17. Section 24552 of the Education Code is amended to read:

24552. The board may use for the payment of the costs of acquisition, construction or completion of any project any funds made available to the board by the State of California or any other funds provided by the board from any source, to be expended for the accomplishing of the purposes set forth in this article (commencing with Section 24501), together with the proceeds of revenue bonds and revenue bond anticipation notes issued and sold by the board.

SEC. 18. Section 24553 of the Education Code is amended to read:

24553. The board may insure against loss of revenues from any cause whatsoever and the proceeds of any such insurance shall be used solely for the payment of bonds and notes and the interest thereon.

SEC. 19. Section 24555 of the Education Code is amended to read:

24555. When authorized by resolution of the board, as provided in this article (commencing with Section 24501), the State Treasurer shall prepare and procure the printing or engrossing of notes, bonds, coupons, indentures or other instruments and contracts or agreements of every kind required or convenient for or pertaining to the issuance or sale of notes or bonds.

SEC. 20. Section 24556 of the Education Code is amended to read:

24556. The board shall fix rents, charges and fees for all projects acquired, constructed or completed under the terms of this article (commencing with Section 24501) for the use thereof by any persons utilizing the facilities thereof, subject to such contractual obligations as may be entered into by the board and the holders of notes and bonds issued under this article (commencing with Section 24501). The board is authorized to change rents, charges and fees from time to time, as conditions warrant. To the extent and in the manner provided in the indenture, all rents, charges and fees shall at all

times be fixed to yield annual revenue equal to annual operating and maintenance expenses, including repairs and insurance costs and all redemption payments and interest charges and reserve fund requirements on revenue bonds at any time issued and outstanding hereunder, as the same become due.

SEC. 21. Section 24559 of the Education Code is amended to read:

24559. The holder of any bond or note issued pursuant to this article (commencing with Section 24501) may by mandamus or other appropriate proceeding require and compel the performance of any of the duties imposed upon the board or upon any official or employee or assumed by any thereof, in connection with the acquisition, construction, operation, maintenance, repair, reconstruction or insurance of any project, or the collection, deposit, investment, application and disbursement of rents, rates, charges, fees and all other revenues derived from the operation and use of any project or in connection with the deposit, investment and disbursement of the proceeds received from the sale of bonds and notes under this article (commencing with Section 24501). The enumeration of such rights and remedies does not, however, exclude the exercise or prosecution of any other rights or remedies available to the holders of bonds and notes issued pursuant to this article (commencing with Section 24501).

SEC. 22. Section 24560 of the Education Code is amended to read:

24560. The proceeds from the sale of all bonds and notes authorized under the provisions of this article (commencing with Section 24501), except those proceeds used to redeem outstanding notes, shall be deposited forthwith by the State Treasurer, on order of the State Controller, in the State Treasury to the credit of a fund to be designated as the State College Dormitory Construction Fund, which fund is hereby created. The money in such construction fund shall be expended, pursuant to claims filed by the board with the State Controller, for the purposes authorized by this article (commencing with Section 24501), or as provided in the indenture or notes, and for such other purposes, subject to the restrictions provided by law, by the notes, or by the indenture, as may be authorized by resolution of the board approved by the State Board of Control. Moneys required to meet the costs of acquisition or construction and all expenses and costs incidental to the acquisition, construction, furnishing and equipping of any project authorized by this article (commencing with Section 24501) shall be paid from the said construction fund as herein provided upon claim filed by the board and after audit by the State Controller in the manner provided by law and upon warrants drawn by the Controller.

SEC. 23. Section 24561 of the Education Code is amended to read:

24561. To the extent and in the manner provided in the indenture or in a resolution authorizing the issuance of notes,

all revenues received from the operation of any project acquired or constructed by the board under the provisions of this article (commencing with Section 24501) shall be transmitted by the board at least once in every calendar month, to the State Treasurer. On order of the State Controller, the said Treasurer shall deposit such revenues in the State Treasury to the credit of the State College Dormitory Revenue Fund, which fund is hereby created. Moneys in the State College Dormitory Revenue Fund shall be used to pay the costs of operation and maintenance of the projects authorized by this article, including refunds authorized by Section 24556.5, to provide the amounts required for interest and redemption of notes and bonds as provided in this article, and for any other purposes authorized by resolution of the board approved by the State Board of Control, subject to any restrictions provided by law, a resolution authorizing the issuance of notes, or the indenture.

SEC. 24. Section 24562 of the Education Code is amended to read:

24562. For the payment of the principal and interest of the notes and bonds authorized to be issued under this article (commencing with Section 24501), an interest and redemption fund in the State Treasury is hereby created, to be designated the State College Dormitory Interest and Redemption Fund. From the money deposited in the State College Dormitory Construction Fund, the State Treasurer, on order of the State Controller, shall transfer to the State College Dormitory Interest and Redemption Fund such sums as may be required to pay the interest as it becomes due on all notes and bonds sold and outstanding for the construction or acquisition of a particular project authorized under this article (commencing with Section 24501) during the period of actual construction or acquisition thereof and during such period thereafter as may be provided in the indenture or authorized by resolution of the board approved by the State Board of Control. The State Treasurer, on order of the State Controller, shall thereafter transfer from the State College Dormitory Revenue Fund to the State College Dormitory Interest and Redemption Fund such sums as may be required to pay the interest on said notes and bonds and redeem the principal thereof as such interest payments and note and bond redemptions fall due for all notes and bonds issued under the provisions of this article (commencing with Section 24501).

SEC. 25. Section 24564 of the Education Code is amended to read:

24564. Moneys in the State College Dormitory Construction Fund may be invested by the board, with the approval of the State Board of Control, subject only to such limitations as may be provided in any resolution authorizing the issuance of revenue bond anticipation notes or in any indenture providing for the issuance of revenue bonds. All securities or other investments made under the provisions of this article

(commencing with Section 24501) shall be held by the State Treasurer as custodian thereof. All interest or other earnings received pursuant to such investments shall be collected by the State Treasurer, and, on order of the State Controller, shall be deposited in the State Treasury to the credit of the fund from which such interest or other earnings are derived.

SEC. 26. Section 24565 of the Education Code is amended to read:

24565. After all of the notes and revenue bonds shall have been fully paid and discharged, or provision for their payment and discharge irrevocably made, any surplus moneys in the State College Dormitory Construction Fund shall, subject to the limitations and restrictions in any resolution authorizing the issuance of the notes or in any indenture providing for the issuance of the revenue bonds, remain available for the acquisition of sites for, and for the construction, equipping and furnishing of, buildings for state colleges.

SEC. 27. The validity of short-term revenue bonds denominated revenue bond anticipation notes and revenue notes previously issued by the board is in no way affected by the amendments to The State College Revenue Bond Act of 1947 made by this act and such bonds are hereby declared to satisfy the legislative intent expressed by said act prior to its amendment in 1967.

CHAPTER 290

An act to authorize and validate actions taken by reclamation districts in compliance with provisions of Article 4 (commencing with Section 51360), Chapter 2, Part 7, of Division 15 of the Water Code, relating to reclamation district elections and taxes, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 7, 1967. Filed with Secretary of State June 7, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Any district which in 1966 furnished a request to the board of supervisors for the levy of a special tax pursuant to Article 4 (commencing with 51360) of Chapter 2, Part 7, Division 15 of the Water Code, as required by Section 51360 of the Water Code as it existed prior to the amendment thereof at the 1966 First Extraordinary Session of the Legislature, shall be deemed to have elected, in compliance with Section 51360 as amended in 1966, to proceed under said Article 4, regardless of whether it has adopted a resolution to that effect, as required by Section 51360 as amended in 1966. No further election pursuant to the provisions of Section 51360 as amended in 1966 shall be required unless and until the district board, by resolution, terminates its election to proceed

thereunder; and, notwithstanding any provision in Section 51360 to the contrary, the basis of voting in the district in 1967 and subsequent years, until such termination of election, shall be on taxable land and improvements, as provided in Sections 50016 and 50704.

Such a district shall file notice of its intent to continue to proceed under said Article 4 with the auditor, assessor, tax collector, and treasurer of each county within which the district is located, and with the State Board of Equalization, at the time that it furnishes its estimate of funds needed to the board of supervisors pursuant to Section 51360.5 of the Water Code; and, unless it already has done so, shall file with the county assessor and the State Board of Equalization a map or plat indicating the boundaries of the district as required by Chapter 8 (commencing with Section 54900), Part 1, Division 2, Title 5 of the Government Code.

SEC. 2. Any elections held by reclamation districts or taxes levied on behalf of any reclamation district in 1967 prior to the effective date of this act, which would have been valid if this act had been in effect, are hereby confirmed, validated, and declared legally effective.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The date for furnishing estimates to the county board of supervisors by reclamation districts utilizing the county tax rolls will occur prior to the date that a statute normally would take effect. Therefore, in order that the curative provisions of Section 1 of this act may become effective in time to permit certain reclamation districts to continue to utilize the county tax rolls for their operation and maintenance assessments, it is necessary that this act take effect immediately.

CHAPTER 291

An act to repeal Section 138.5 of the Civil Code, relating to child visitation rights of grandparents.

[Approved by Governor June 7, 1967. Filed with Secretary of State June 7, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 138.5 of the Civil Code is repealed.

CHAPTER 292

An act to amend Sections 538, 539, and 540 of the Code of Civil Procedure, relating to attachment.

[Approved by Governor June 13, 1967. Filed with Secretary of State June 13, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 538 of the Code of Civil Procedure is amended to read:

538. The clerk of the court, or the justice, where there is no clerk, must issue the writ of attachment upon receiving an affidavit by or on behalf of the plaintiff showing:

1. The facts specified in Section 537 which entitle him to the writ;

2. The amount of the indebtedness claimed, over and above all legal setoffs or counterclaims, or the amount claimed as damages; or, if an attachment is then sought for only part thereof, such partial amount; and

3. That the attachment is not sought, and the action is not prosecuted, to hinder, delay, or defraud any creditor of the defendant.

Provided, however, that no attachment may be issued under this chapter in any action in which the sum claimed, exclusive of interest and attorney's fees, is less than one hundred twenty-five dollars ($125).

In all cases where the earnings of the judgment debtor which would be exempt under the provisions of Section 690.11 of the Code of Civil Procedure are sought to be attached on the ground that the action is brought to collect a debt incurred for the common necessaries of life, the affidavit must contain a statement to that effect, and must specify the character or nature of the items constituting the alleged necessaries.

SEC. 2. Section 539 of the Code of Civil Procedure is amended to read:

539. Before issuing the writ, the plaintiff must file with the clerk or judge a written undertaking with two or more sufficient sureties, to the effect that if the defendant recovers judgment, the plaintiff will pay all costs that may be awarded to the defendant and all damages which he may sustain by reason of the attachment, not exceeding the sum specified in the undertaking, and that if the attachment is discharged on the ground that the plaintiff was not entitled thereto under Section 537, the plaintiff will pay all damages which the defendant may have sustained by reason of the attachment, not exceeding the sum specified in the undertaking. The sum specified in the undertaking shall be one-half ($\frac{1}{2}$) of the principal amount of the total indebtedness or damages claimed, or a partial amount thereof, as may be set forth in plaintiff's affidavit pursuant to Section 538, excluding attorneys' fees, but not less than fifty dollars ($50). Nothing herein shall be con-

strued to preclude the acceptance of an undertaking in which a larger sum is specified, if such undertaking be offered. The court on ex parte application of the plaintiff, may by written order, direct the issuance of the writ on the filing of an undertaking in a lesser sum, but not less than fifty dollars ($50).

At any time after the issuing of the attachment, but not later than five days after actual notice of the levy thereof, the defendant may except to the sufficiency of the sureties. If he fails to do so, he is deemed to have waived all objection to them. When excepted to, the plaintiff's sureties, within five days from service of written notice of exception, upon notice to the defendant of not less than two nor more than five days, must justify before the judge or clerk of the court in which the action is pending, in the same manner as upon bail on arrest; and upon failure to justify, or if others in their place fail to justify, at the time and place appointed, the writ of attachment must be vacated.

The court, at any time after issuance of the writ, on motion of the defendant, after notice to the plaintiff, may order the amount of the undertaking increased, but in no event to an amount exceeding the amount for which the writ has been issued.

SEC. 3. Section 540 of the Code of Civil Procedure is amended to read:

540. The writ must be directed to the sheriff, or a constable, or marshal of any county in which property of such defendant may be, and must require him to attach and safely keep all the property of such defendant within his county not exempt from execution, specifically excluding one-half of the earnings of such defendant received for his personal services rendered at any time within 30 days next preceding the levy of attachment, or so much of the property of such defendant as may be sufficient to satisfy the plaintiff's demand against such defendant, the amount of which must be stated in conformity with the amount stated in plaintiff's affidavit filed pursuant to Section 538, not exceeding the amount of the complaint, unless such defendant give him security by the undertaking of at least two sufficient sureties, which must first be approved by a judge of the court issuing the writ, or if said writ of attachment is issued to another county then by a judge of a court, having jurisdiction in cases involving the amount specified in the writ, in the county where the levy shall have been, or is about to be, made, or deposit a sum of money with the sheriff, constable, or marshal in an amount sufficient to satisfy such demand against such defendant, besides costs, or in an amount equal to the value of the property of such defendant which has been or is about to be attached, in which case to take such undertaking or sum of money in lieu of the property which has been or is about to be attached.

In the event that the action is against more than one defendant, any defendant whose property has been or is about to be attached in the action may give the sheriff, constable or

marshal such undertaking which must first be approved by the judge as hereinabove provided, or deposit such sum of money, and the sheriff, constable, or marshal shall take the same in lieu of such property. Such undertaking, or the deposit of such sum of money, shall not subject such defendant to, or make him answerable for, any demand against any other defendant, nor shall the sheriff, constable, or marshal thereby be prevented from attaching or be obliged to release from attachment, any property of any other defendant; provided, however, that such defendant, at the time of giving such undertaking to, or depositing such sum of money with the sheriff, constable, or marshal shall file with the sheriff, constable, or marshal a statement, duly verified by his oath, wherein such defendant shall state the character of his title to the attached property and the manner in which he acquired such title, and aver and declare that the other defendant or defendants, in the action in which said undertaking was given or such sum of money was deposited, has or have not any interest or claim of any nature whatsoever in or to said property.

Several writs may be issued upon the same affidavit and undertaking simultaneously or from time to time within 60 days after the filing of the affidavit and undertaking, to the sheriffs, constables, or marshals of any county or counties, whether or not any writ previously issued has been returned.

CHAPTER 293

An act to amend Section 10800 of the Fish and Game Code, relating to fish refuges, declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 13, 1967. Filed with Secretary of State June 13, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 10800 of the Fish and Game Code is amended to read:

10800. The waters of Soda Springs Lake, commonly known as Kern Lake, of the Kern River constitute a fish refuge.

This section shall remain in effect until the 61st day after adjournment of the 1987 Regular Session and thereafter shall be of no force or effect.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The statute establishing Soda Springs Lake, commonly known as Kern Lake, of the Kern River as a fish refuge remains in effect only until September 19, 1967. This fish refuge

is vitally necessary to insure that the people of the State of California will derive the maximum benefit from the fish resources of the state. This act must go into immediate effect to insure that such statute shall remain in effect.

CHAPTER 294

An act to amend Section 18931 of the Financial Code, relating to premium finance agreements.

[Approved by Governor June 13, 1967. Filed with Secretary of State June 13, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 18931 of the Financial Code is amended to read:

18931. A premium finance agency may, in a premium finance agreement, contract for, charge, receive, and collect a finance charge which shall not exceed in the aggregate:

(a) One and three-quarters percent ($1\frac{3}{4}\%$) per month on that part of the unpaid principal balance of any loan up to, including, but not in excess of, seven hundred dollars ($700).

(b) Five-sixths of one percent ($\frac{5}{6}$ of 1%) per month on any remainder of such unpaid principal balance in excess of seven hundred dollars ($700).

CHAPTER 295

An act to amend Section 1335 of the Penal Code, relating to examination of witnesses.

[Approved by Governor June 13, 1967. Filed with Secretary of State June 13, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 1335 of the Penal Code is amended to read:

1335. When a defendant has been charged with a public offense triable in any court, he in all cases, and the people in cases other than those for which the punishment may be death, may, if the defendant has been fully informed of his right to counsel as provided by law, have witnesses examined conditionally in his or their behalf, as prescribed in this chapter.

CHAPTER 296

An act to amend Section 5236 of the Streets and Highways Code, relating to orders for changes in work.

[Approved by Governor June 13, 1967. Filed with Secretary of State June 13, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 5236 of the Streets and Highways Code is amended to read:

5236. After construction has begun, the legislative body, or the superintendent of streets if authorized by the legislative body, may order changes in the work without the necessity of a hearing. The order shall be in writing, and the amount of any change ordered shall not exceed one thousand dollars ($1,000) when the total amount of the contract does not exceed one hundred thousand dollars ($100,000), nor 1 percent of the amount of any original contract which exceeds one hundred thousand dollars ($100,000). No change shall exceed four thousand five hundred dollars ($4,500). The limitations on the cost of changes permitted by this section shall not apply where the change is requested in writing by the owner of property subject to assessment for the improvement under construction and the nature of the change requested is such that the cost thereof will be assessed exclusively against the property of the person requesting the change.

CHAPTER 297

An act to amend Sections 3568, 3569, and 3570 of the Elections Code, relating to ballot pamphlets.

[Approved by Governor June 13, 1967 Filed with Secretary of State June 13, 1967]

The people of the State of California do enact as follows:

SECTION 1. Section 3568 of the Elections Code is amended to read:

3568. The ballot pamphlets shall contain:

(a) A complete copy of all measures submitted to the voters by:

(1) The Legislature.

(2) Initiative or referendum petition.

(b) A copy of the specific constitutional or statutory provision, if any, proposed to be affected.

(c) A copy of the arguments provided for by law.

(d) A copy of the analyses provided for in this chapter.

(e) The Legislative Counsel's Digest of all statutes which become effective upon approval by the voters of a proposed

constitutional amendment, and in addition, a notification to voters that the complete text of each bill is on record in the office of the Secretary of State in Sacramento and is also contained in the published statutes.

SEC. 2. Section 3569 of the Elections Code is amended to read:

3569. The ballot pamphlets shall be printed in two parts, separately paged and may be separately bound. The first part, which shall consist of the analyses of, and arguments for and against the measures in the same order in which they are to appear upon the ballot, shall be printed in not less than eight-point type, indicated in boldface with respect to the analyses of the measures, shall be preceded by the numbers and ballot titles provided for in this chapter, and shall in each case be preceded by a reference, printed in blackface type, to the page on which begins the text of the measure as printed in the second part of the pamphlet.

The Legislative Counsel's Digests of all statutes which are to become operative upon approval of a constitutional amendment submitted by the Legislature shall also be a part of the first part of the ballot pamphlet. They shall be printed in the same manner as the analyses and arguments concerning measures on the ballot.

SEC. 3. Section 3570 of the Elections Code is amended to read:

3570. The second part of the pamphlet shall be designated as the appendix, shall begin with page numbered one, shall be printed in eight-point type, and shall contain, in the same order and with the same numbers and ballot titles as provided in this chapter, the text, existing provisions of law affected, and all other matter connected with the proposed measures, except the arguments to be printed in the first part of the pamphlet. The provisions of the proposed measures differing from the existing provisions of law affected shall be distinguished in print, so as to facilitate comparison.

CHAPTER 298

An act to amend Section 990 of the Government Code, relating to insuring public employees.

[Approved by Governor June 13, 1967. Filed with Secretary of State June 13, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 990 of the Government Code is amended to read:

990. Except for a liability which may be insured against pursuant to Division 4 (commencing with Section 3201) of the Labor Code, a local public entity may:

(a) Insure itself against all or any part of any liability for any injury.

(b) Insure any employee of the local public entity against all or any part of his liability for injury resulting from an act or omission in the scope of his employment.

(c) Insure, contract or provide against the expense of defending a claim against the local public entity or its employee, whether or not liability exists on such claim, including a claim for damages under Section 3294 of the Civil Code or otherwise for the sake of example or by way of punishment, where such liability arose from an act or omission in the scope of his employment, and an insurance contract for such purpose is valid and binding notwithstanding Section 1668 of the Civil Code, Section 533 of the Insurance Code, or any other provision of law.

Nothing in this section shall be construed to authorize a local public entity to pay for, or to insure, contract, or provide for payment for, such part of a claim or judgment against an employee of the local entity as is for punitive or exemplary damages.

CHAPTER 299

An act to amend Section 19572 of the Education Code, relating to public schools, declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 13, 1967. Filed with Secretary of State June 13, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 19572 of the Education Code is amended to read:

19572. Notwithstanding any provision of this chapter (Sections 19551 to 19689, inclusive) to the contrary, no school district shall be required, except as provided in this section, to contribute toward the cost of a project for which an application for an apportionment is filed, any of the following funds of the district:

(a) Amounts in the general fund of the district which are apportionments from the State School Fund.

(b) Amounts in the general fund of the district which are the proceeds of a tax levy and have not been earmarked by the governing board of the district or the electors of the district for any purposes for which school district bonds may be issued and sold.

In considering an application for an apportionment the board may review the purposes for which the district has expended or encumbered proceeds from the sale of district bonds authorized to be issued at an election held on or after

September 3, 1952. Upon a finding by the board that any such proceeds have been expended or encumbered for purposes outside the scope and intent of this chapter (Sections 19551 to 19689, inclusive), the board may require the district to contribute toward the project for which an apportionment is sought from any funds of the district, except those referred to in subdivision (a) above, an amount equal to the amount of district bonds proceeds expended or encumbered for purposes outside the scope and intent of this chapter (Sections 19551 to 19689, inclusive). Proceeds from the sale of district bonds which have been encumbered or expended for the purchase of schoolbuses authorized by Section 21701 shall be deemed encumbered or expended for purposes outside the scope and intent of this chapter.

If a district is required pursuant to this section to make a contribution toward the project for which an apportionment is sought as a result of the purchase prior to January 1, 1967, of schoolbuses authorized by Section 21701 out of proceeds from the sale of district bonds, the district at the time that the board determines that the contribution is required may agree to pay the required contribution by payment into the State School Building Aid Fund by 10 or less annual installments payable without interest over a period not exceeding 10 years after the date of the final apportionment. The first installment shall be due and payable one year after the date of the final apportionment The installment payments shall be made by the governing board of the district from moneys in the general fund of the district if money is available therefor. If the governing board of the district determines that money is not available in the general fund of the district for such purposes, the maximum rate of school district tax for any school year is hereby increased for any school year by such amount not to exceed the amount of the proposed payment into the State School Building Aid Fund as shown by the budget for such school year as finally adopted by the governing board of the district, less any unencumbered balances remaining at the end of the preceding school year derived from the revenue from the increase in the rate of tax provided by this section.

SEC. 2. This act is an urgency measure necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The State Allocation Board is requiring school districts which have applied for apportionments of state funds under the State School Building Aid Law of 1952 to contribute toward the projects for which the apportionments are sought an amount equal to the amount that the school districts expended for schoolbuses out of school district bond proceeds. Such school districts are unable at the present time to make such contributions without impairing their essential educa-

tional programs. This act will permit such school districts to make the required contributions over a period of time without interest, and provide a source of funds therefor. Thus, it is imperative that this act go into immediate effect so that the essential educational programs of the districts may continue unimpaired.

CHAPTER 300

An act to amend Section 17021 of the Elections Code, relating to the conduct of elections.

[Approved by Governor June 13, 1967. Filed with Secretary of State June 13, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 17021 of the Elections Code is amended to read:

17021. Neither the county clerk, any member of a precinct board, nor any other person shall count any votes, either for a ballot proposition or candidate, until all polling places in California have closed on the day of election. The provisions of this paragraph shall apply regardless of whether the counting is done by manual tabulation or by a vote tabulating device.

In any county in which a voting machine is used, there shall be no reading or observation of a count made automatically by any such machines before all polling places in California have closed on the day of election.

A violation of the provisions of this section is a misdemeanor and is punishable by a fine of no more than five hundred dollars ($500).

CHAPTER 301

An act to amend Section 12881.2 of, and to amend and renumber Section 12885.3 of the Water Code as proposed by Assembly Bill No. 110 of the 1967 Regular Session, and to add Sections 12882.3, 12885.2, 12885.3, and 12885.4 to the Water Code, relating to water resources.

[Approved by Governor June 13, 1967. Filed with Secretary of State June 13, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 12881.2 of the Water Code, as proposed to be added by Assembly Bill No. 110, is amended to read:

12881.2. As used in this chapter:

(a) "Project" means any dam, reservoir, or other construction or improvement by a public agency for the diversion, storage, or distribution of water primarily for domestic,

municipal, agricultural, industrial, recreation, fish and wildlife enhancement, flood control, or power production purposes.

(b) "Public agency" means any city, county, district or other political subdivision of the state.

(c) "Feasibility report" means such report on the feasibility of a public agency's proposed project as the department may require the public agency to file with the department in support of an application by the public agency under this chapter for a loan for the construction of the proposed project.

SEC. 2. Section 12882.3 is added to the Water Code, to read:

12882.3. An application for a reservoir site loan pursuant to Section 12885.2 shall include:

(a) Evidence that the proposed site is zoned as a reservoir site.

(b) Geologic data as to the suitability of the site for reservoir construction.

SEC. 3. Section 12885.3 of the Water Code, as proposed to be added by Assembly Bill No. 110, is amended and renumbered to read:

12885.5. In furtherance of the policy set forth in Section 12881.4, no funds shall be loaned for either irrigation distribution system projects or municipal distribution system projects, except in cases which, in the judgment of the department and the commission, involve extreme hardship which jeopardizes the public health, safety or welfare. Distribution facilities which are a necessary and integral part of an overall water development project may be covered by a state loan.

SEC. 4. Section 12885.2 is added to the Water Code, to read:

12885.2. The department is authorized to make state loans to public agencies for the acquisition of interests in lands that are necessary for the construction, operation, or maintenance of proposed projects that would meet water needs of the public agencies. Such loans may be made separate and apart from loans that may be made under this chapter for the construction of proposed projects by public agencies.

The making of each loan pursuant to this section shall be subject to the following conditions:

(a) The loan may be made for all or any part of the cost of acquiring interests in lands for a proposed project but in no event shall any such loan be in an amount which is greater than the portion of such cost which the department finds to be beyond the reasonable ability of the public agency to finance from other sources.

(b) The loan shall not exceed four hundred thousand dollars ($400,000) for any one project. A loan in excess of that amount for any one project may be made by the department only upon specific approval of the Legislature, by act enacted after the receipt of copies of the project report filed pursuant to Section 12882.4 and upon such additional terms and conditions as the Legislature may prescribe.

(c) Each loan is subject to the provisions of Article 9 (commencing with Section 12889) of this chapter.

SEC. 5. Section 12885.3 is added to the Water Code, to read:

12885.3. Each loan that is made pursuant to Section 12885.2 shall be repayable with interest upon the same terms as are applicable to construction loans that are made pursuant to this chapter, as set forth in Sections 12885.1 and 12885.8, except that each contract which the department enters into for a loan under this article shall provide for the sale of the interests in lands that are acquired with the loan if, in the department's determination, the construction of the proposed project has not commenced within a period of five years from the date of the first disbursement of loan funds under the contract or within any extension of said period that the department may allow shall provide that, under that eventuality, such interests in lands shall be offered for sale within six months from the termination of such five-year period or of any extension thereof, and shall provide that the proceeds of the sale shall be applied toward the repayment of the principal amount of the loan and toward the payment of the accrued interest thereon. Any remaining proceeds, after deducting administrative costs of the public agency in the purchase and sale of the interests in lands shall be repaid to the state.

SEC. 6. Section 12885.4 is added to the Water Code, to read:

12885.4. Notwithstanding any provision of law to the contrary, any land acquired with a loan made pursuant to this chapter, which land is located outside the boundaries of the public agency acquiring the land and which was subject to taxation at the time of acquisition thereof, shall remain subject to taxation.

CHAPTER 302

An act to amend Sections 1 and 2 of Chapter 24 of the Statutes of 1966, First Extraordinary Session, relating to school bond indebtedness, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 13, 1967. Filed with Secretary of State June 13, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 1 of Chapter 24 of the Statutes of 1966, First Extraordinary Session, is amended to read:

Section 1. Notwithstanding Section 21702 of the Education Code, for purposes of Chapter 7 (commencing with Section 21701) of Division 16 of the Education Code, the total amount of bonds issued shall not exceed 5 percent of the taxable property of the district as shown by the last equalized

assessment of the county or counties in which the district is located without modification pursuant to Section 21702 of the Education Code.

This section shall apply only to a district if it meets all of the following conditions:

(1) The district is located in a county or counties for which the factor computed pursuant to Section 17261 of the Education Code for the 1965–1966, 1966–1967, or 1967–1968 fiscal year was .93 or less.

(2) The district is not participating in the state school building aid program for the fiscal years 1965–1966, and 1966–1967.

(3) The governing board of the district by resolution specifies that this act shall be applicable to the district.

SEC. 2. Section 2 of Chapter 24 of the Statutes of 1966 First Extraordinary Session, is amended to read:

Sec. 2. This act shall be operative until July 1, 1968, after which it shall have no force or effect.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

There are several school districts which are in immediate need of capital outlay funds, but need additional time in which to issue bonds under the present provisions of law, which is effective only until July 1, 1967. This act will extend the duration of the present provisions of law until July 1, 1968. In order that there be no lapse in the effect of the present law, it is necessary that this act go into immediate effect.

CHAPTER 303

An act to amend and renumber Section 1081 of, and to add Section 1081 to, the Education Code, relating to school excursions and field trips.

[Approved by Governor June 13, 1967. Filed with Secretary of State June 13, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 1081 of the Education Code is amended and renumbered to read:

1081.5. The governing board of any school district may:

(a) Conduct excursions and field trips for pupils enrolled in the secondary schools to provide language, history, geography, natural sciences, and other studies, relative to the culture and natural resources of a foreign country, in the foreign country; for that purpose engage such instructors, supervisors, and other personnel as desire to contribute their services over

and above the normal period for which they are employed by the district, and provide other necessary equipment and supplies.

(b) Transport by use of district equipment or arrange transportation by the use of other equipment of pupils, instructors, supervisors or other personnel to and from places in the foreign country where such excursions and field trips are being conducted; provided, that when district equipment is used, the governing board shall secure liability insurance from a carrier licensed to transact insurance business in such foreign country.

(c) Establish a fee which pupils shall be required to pay as a condition to participation in such excursions and field trips to cover travel expenses including meals, lodging and transportation.

The attendance or participation of a pupil in an excursion or field trip authorized by this section shall not be considered attendance for purposes of crediting attendance for apportionments from the State School Fund in any fiscal year; nor shall any allowance for the transportation of pupils be made out of the State School Fund to any district as a result of expenses incurred in providing transportation for, or in transporting, pupils pursuant to this section.

SEC. 2. Section 1081 is added to the Education Code, to read:

1081. As used in this article "foreign country" means "Mexico" or "Canada," and does not include any other foreign country.

CHAPTER 304

An act to amend Sections 5025.11 and 5025.12 of the Public Resources Code, relating to the Donner Party Trail.

[Approved by Governor June 13, 1967. Filed with Secretary of State June 13, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 5025.11 of the Public Resources Code is amended to read:

5025.11. The department shall, with the advice of the Historical Landmarks Advisory Committee, certify the route followed by Colonel John Charles Fremont and party from the Nevada state line through Mono, Inyo, Alpine, Amador, and El Dorado Counties to Sutter's Fort in Sacramento County in the winter of 1843, and the Donner Party Trail, from the Nevada state line to the junction of Verdi Canyon to Alder Creek Camp of the Donner Party, thence to the Donner Monument at Donner Memorial State Park.

SEC. 2. Section 5025.12 of the Public Resources Code is amended to read:

5025.12. The department is authorized to place suitable markers along these certified routes at intervals and at each intersection with a state highway or county road.

CHAPTER 305

An act to amend Section 4831 of the Revenue and Taxation Code, relating to assessment rolls.

[Approved by Governor June 13, 1967. Filed with Secretary of State June 13, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 4831 of the Revenue and Taxation Code is amended to read:

4831. When it can be ascertained from the roll or any papers in the assessor's office what was intended, or what should have been assessed, defects in description or form or clerical errors of the assessor on the roll or other errors of the assessor not involving the exercise of judgment as to value which result in the entry on the roll of assessed values other than those intended by the assessor may be corrected under this article at any time after the roll is delivered to the auditor by the clerk of the county board and prior to the expiration of three years after the making of the assessment which is being corrected.

In the event the correction has the effect of increasing the amount of taxes due on real property for the year or years in which such correction is made, such increased amount of taxes shall not create, impose or constitute a lien or charge on such real property if (a) such real property has been transferred or conveyed to a bona fide purchaser for value prior to the date of such correction and the showing thereof on the secured roll with the date of entry specified thereon, or (b) such real property is subject to a lien of a bona fide encumbrance for value created and attaching prior to the date of such correction and the showing thereof on the secured roll with the date of entry specified thereon. In such case, the assessor or tax collector may record with the county recorder of any county a certificate which shall set forth in the name of the person who was the assessee in the year in which such correction was made and the amount or amounts of any such correction. From the date of the recording of such certificate, a lien shall be created and attach against any real property owned by such person in the county or counties in which any such certificate may have been recorded for the amount of such taxes, which lien shall have the force, effect and priority of a judgment lien.

The tax collector, with the approval of the board of supervisors, may at any time, release all or any portion of real

property subject to any lien created or attaching by the recording of such a certificate from such lien or subordinate such lien to other liens and encumbrances if he determines that the taxes are sufficiently secured by a lien on other property belonging to the person named in such a certificate or that the release or subordination will not endanger or jeopardize the collection of such taxes.

A written certification by the tax collector to the effect that real property subject to any lien imposed by the recording of the certificate as hereinbefore provided has been released from such lien or that such lien has been subordinated to other liens shall be conclusive evidence as to any bona fide purchaser, encumbrancer or lessee that such lien has been released or has been subordinated as set forth in such written certification. Such written certification may be recorded with the county recorder of any county.

CHAPTER 306

An act to amend Sections 32512, 32792, 32793, 36304, 37975, 38361, 38391, 38421, 38454, 38766, 38784, 38795, and 38985 of, to add Sections 37192, 38368, 38396, and 38429 to, and to repeal Sections 35194, 36305, 38983, and 38984 of, the Agricultural Code as proposed by Senate Bill No. 1, relating to milk product standards.

[Approved by Governor June 13, 1967. Filed with Secretary of State June 13, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 32512 of the Agricultural Code as proposed by Senate Bill No. 1 is amended to read:

32512. "Milk product" includes milk, cream, sour cream, half-and-half, ice cream, ice milk, butter, cheese, milk fat or butterfat, skim milk or nonfat milk, evaporated milk, evaporated cream, sterilized flavored drink, sterilized flavored milk, sterilized cream, sterilized milk, nonfat dry milk, dried milk, milk drink mix, milk drink, buttermilk, cultured buttermilk, modified milk, concentrated milk, concentrated skim milk, sour cream dressing, yogurt, whipped cream or cream topping, eggnog, ice cream mix, ice milk mix, dietetic or low fat yogurt, low fat milk, evaporated or condensed skim milk, sweetened condensed milk, renovated butter, whipped cream mix or cream topping mix, fruit yogurt, sterilized flavored cream, dried whey, sherbet, yogurt sherbet, flavored milk and flavored dairy drink, quiescently frozen confections, and any other product which is prepared or manufactured from milk or cream for which a standard of composition is established by or pursuant to this division.

SEC. 2. Section 32792 of the Agricultural Code as proposed by Senate Bill No. 1 is amended to read:

32792. The director shall do all of the following:

(a) Collect, compile, and publish statistics relative to the dairy industry, oleomargarine, and imitation milk products.

(b) Disseminate the statistics and other information useful to the general good and development of the dairy industry of the state.

SEC. 3. Section 32793 of the Agricultural Code as proposed by Senate Bill No. 1 is amended to read:

32793. The director shall provide blanks for reporting statistics on milk and milk products and on imitation milk and imitation milk products. He shall, on or before the first of each month, cause to be mailed to each person that is engaged in operating any milk products plant, any imitation milk products plant, and to each market milk distributor such number of the blanks as may be necessary. Each person that is engaged in operating any milk products plant, any imitation milk products plant, or that is a market milk distributor shall, within 30 days after the blank is mailed to him, transmit to the director a full and accurate report of the amount of milk and milk products and imitation milk and imitation milk products which he produced, purchased, manufactured or distributed during the preceding month.

SEC. 4. Section 36304 of the Agricultural Code as proposed by Senate Bill No. 1 is amended to read:

36304. The provisions of Sections 36301, 36302, and 36303 do not apply to milk or cream which is sold by a producer to a milk products plant.

SEC. 5. Section 37975 of the Agricultural Code as proposed by Senate Bill No. 1 is amended to read:

37975. Any cheese which is cut and wrapped or packaged into individual consumer packages shall be labeled to indicate all of the following:

(a) That it is pasteurized or made from pasteurized products or that it has been cured for at least 60 days.

(b) The variety.

(c) The name and address of the manufacturer or distributor.

All cheese which is sold in such individual consumer packages, except those cheeses defined in Sections 37643, 37673, 37675, 37701, 37723, and 37725, shall be labeled with the words "part skim" or "skim," as the case may be, if the cheese is made from part skim milk or from skim milk.

SEC. 6. Section 38361 of the Agricultural Code as proposed by Senate Bill No. 1 is amended to read:

38361. Dried milk is the product which results from the removal of water from milk. It shall be made from pasteurized milk and shall otherwise conform to the definition, standards, and requirements which are prescribed in this article.

SEC. 7. Section 38391 of the Agricultural Code as proposed by Senate Bill No. 1 is amended to read:

38391. Extra grade edible dry whey is the product which results by spray drying sweet, fresh cheese whey which has been pasteurized, either before or during the process of manufacture at a temperature of 145 degrees Fahrenheit for 30 minutes or its equivalent in bacterial destruction, and to which no alkali or other chemical has been added.

SEC. 8. Section 38421 of the Agricultural Code as proposed by Senate Bill No. 1 is amended to read:

38421. Nonfat dry milk is the product which results from the removal of fat and water from milk. It shall contain the lactose, milk proteins, and milk minerals in the same relative proportions as in the fresh milk from which it is made. It shall be made from pasteurized skim milk and shall otherwise conform to the standards and requirements which are prescribed in this article.

SEC. 9. Section 38454 of the Agricultural Code as proposed by Senate Bill No. 1 is amended to read:

38454. Milk drink mix shall be pasteurized and shall contain not more than 75,000 bacteria per gram.

SEC. 10. Section 38766 of the Agricultural Code as proposed by Senate Bill No. 1 is amended to read:

38766. Whipped cream or cream topping shall be labeled with the term "whipped cream" or "cream topping" and with the name and address of the manufacturer or distributor and shall be labeled with the word "pasteurized".

SEC. 11. Section 38784 of the Agricultural Code as proposed by Senate Bill No. 1 is amended to read:

38784. Whipped cream mix or cream topping mix shall be labeled with the name of the product and the name and address of the manufacturer or distributor and shall be labeled with the word "pasteurized".

SEC. 12. Section 38795 of the Agricultural Code as proposed by Senate Bill No. 1 is amended to read:

38795. Eggnog shall be labeled with its name and with the name and address of the manufacturer or distributor and shall be labeled with the word "pasteurized".

SEC. 13. Section 38985 of the Agricultural Code as proposed by Senate Bill No. 1 is amended to read:

38985. Except as otherwise provided in Section 38986, each container, within the outer package, which contains any imitation milk, imitation cream, or imitation milk product shall be labeled with the words "imitation milk," "imitation cream," or "imitation milk product," as the case may require, and with the name and address of the manufacturer or distributor and names of the various ingredients and the percentages of fat and milk fat, if any, contained therein, which are printed in blackface plain roman capital letters of a size not less than 12-point. Such words shall appear upon the main or principal label of the containers.

SEC. 14. Section 37192 is added to the Agricultural Code as proposed by Senate Bill No. 1, to read:

37192. Butter which is sold to the retail trade shall be labeled with the words "pasteurized" or "raw," as the case may be.

SEC. 15. Section 38368 is added to the Agricultural Code as proposed by Senate Bill No. 1, to read:

38368. Each container of dried milk shall be labeled with the word "pasteurized" when filled.

SEC. 16. Section 38396 is added to the Agricultural Code as proposed by Senate Bill No. 1, to read:

38396. Each container of extra grade edible dry whey shall be labeled with the full name of the product and with the word "pasteurized" when filled.

SEC. 17. Section 38429 is added to the Agricultural Code as proposed by Senate Bill No. 1, to read:

38429. Each container of nonfat dry milk shall be labeled with the word "pasteurized" when filled.

SEC. 18. Section 35194 of the Agricultural Code as proposed by Senate Bill No. 1 is repealed.

SEC. 19. Section 36305 of the Agricultural Code as proposed by Senate Bill No. 1 is repealed.

SEC. 20. Section 38983 of the Agricultural Code as proposed by Senate Bill No. 1 is repealed.

SEC. 21. Section 38984 of the Agricultural Code as proposed by Senate Bill No. 1 is repealed.

CHAPTER 307

An act to add Section 5784 to the Agricultural Code, as proposed by Senate Bill No. 1, relating to host-free areas.

[Approved by Governor June 13, 1967. Filed with Secretary of State June 13, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 5784 is added to the Agricultural Code, as proposed by Senate Bill No. 1, to read:

5784. The regulations adopted by the director upon the establishment of a cotton host-free period or district for a particular pest shall, insofar as practical, be uniform and shall be uniformly enforced in all cotton host-free periods or districts established for that pest. Any exemptions or variances thereafter shall be extended to all other districts or periods unless the director finds that it will be detrimental to the eradication or effective control of the particular pest to do so.

CHAPTER 308

An act to amend Section 5552 of the Agricultural Code, as proposed by Senate Bill No. 1, relating to cotton plants.

[Approved by Governor June 13, 1967. Filed with Secretary of State June 13, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 5552 of the Agricultural Code, as proposed by Senate Bill No. 1, is amended to read:

5552. Any cotton plant which is uncultivated or that is left from a previous season is presumed to harbor pests and as such is a public nuisance. This presumption is a presumption affecting the burden of producing evidence. If any such cotton plant is not destroyed in the manner established by regulation of the director, by March 1st of any year or by such earlier date as shall be proclaimed by the director as the beginning of a host-free period pursuant to Section 5781 of this code, it is subject anytime thereafter to all remedies which are or may be given for the prevention or abatement of nuisances.

CHAPTER 309

An act to amend Section 72300 of the Government Code, relating to sessions of municipal courts.

[Approved by Governor June 13, 1967. Filed with Secretary of State June 13, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 72300 of the Government Code is amended to read:

72300. (a) In a district or city and county in which the municipal court is composed of three or more judges, one department of the court may remain open and in session for the transaction of any business which may come before the department in the exercise of the criminal jurisdiction of the court or a judge of the court, at such hours of the day or night, or both, as the judges of the court prescribe.

(b) In class A, class B, and class C counties, as defined in this section, one department of the municipal court in each municipal court district composed of four or more judges shall remain open and in session at least one night a week during such hours as the judges of the court shall prescribe for the purpose of conducting arraignments, the taking of pleas, and the setting of cases for trial in traffic offenses. The clerk of the court, or at least one deputy clerk, shall be in attendance to accept bail for traffic offenses in a department that is open at

night. The judges of the court may appoint a commissioner for the purposes of conducting arraignment proceedings, the taking of pleas, and the setting of cases for trial and the commissioner shall have the same powers as the judge in conducting arraignments, the taking of pleas, and the setting of cases for trial in traffic offenses. Section 134 of the Code of Civil Procedure, requiring that no court other than the Supreme Court shall be open for the transaction of judicial business on a holiday, other than a special holiday, does not apply to such municipal courts while exercising their jurisdiction pursuant to this section.

(c) As used in this section:

(1) "Class A" county means any county with a population of 2,000,000 or more, as determined by the Department of Finance as of July 1964.

(2) "Class B" county means any county with a population of 1,000,000 or more, as determined by the Department of Finance as of July 1964, which adjoins a class A county.

(3) "Class C" county means any county with a population of 1,000,000 or more, as determined by the Department of Finance as of July 1964, which adjoins a class B county.

CHAPTER 310

An act to amend Sections 4181, 4183, 4185, and 4750 of, to add Section 3011 to, and to repeal Section 4184 of, the Fish and Game Code, relating to beartraps.

[Approved by Governor June 13, 1967. Filed with Secretary of State June 13, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 3011 is added to the Fish and Game Code, to read:

3011. No person, including employees of the state, federal or county government, shall take bear with iron or steel-jawed or any type of metal-jawed traps, and no provision of this code or any other law shall be construed to authorize, or to permit the authorizing of, the use of iron or steel-jawed or any type of metal-jawed traps to take bear.

SEC. 1.5. Section 4181 of the Fish and Game Code is amended to read:

4181. Any owner or tenant of land or property that is being damaged or destroyed or is in danger of being damaged or destroyed by elk, bear, beaver, or wild boar, may apply to the department for a permit to kill such mammals. The department, upon satisfactory evidence of such damage or destruction, actual or immediately threatened, shall issue a revocable permit for the taking and disposition of such mammals under regulations promulgated by the commission.

Mammals so taken shall not be sold, nor shipped from the premises on which they are taken, except under instructions from the department. No iron or steel-jawed or any type of metal-jawed trap shall be used to take any bear pursuant to this section. It shall be unlawful for any person to violate the terms of any permit issued under the provisions of this section.

SEC. 2. Section 4183 of the Fish and Game Code is amended to read:

4183. Nothing in this code prohibits an owner of livestock from protecting such livestock from depredations of bears, nor prohibits federal, state, or county trappers from killing or trapping bears when such bears are killing or molesting livestock, but no iron or steel-jawed or any type of metal-jawed trap shall be used to take any such bear, and no person, including employees of the state, federal or county government shall take bear with iron or steel-jawed or any type of metal-jawed traps.

SEC. 2.5. Section 4184 of the Fish and Game Code is repealed.

SEC. 3. Section 4185 of the Fish and Game Code is amended to read:

4185. In any district or part of a district within San Bernardino and Riverside Counties, bears may be taken at any time with traps within a good and substantial fence, as such fence is described in Section 401 of the Agricultural Code, surrounding beehives, if no part of such fence is at a distance greater than 50 yards from a beehive, and if a conspicuous sign is posted and maintained at each entrance to the enclosed premises to give warning of the presence of the traps. No iron or steel-jawed or any type of metal-jawed trap shall be used to take bear under this section.

SEC. 4. Section 4750 of the Fish and Game Code is amended to read:

4750. It is unlawful to take any bear with firearm, trap, or bow and arrow without first procuring a license tag authorizing the taking of such bear in accordance with the provisions of this chapter, but no iron or steel-jawed or any type of metal-jawed trap shall be used to take any bear.

CHAPTER 311

An act to amend Section 10133 of the Insurance Code, relating to health insurance.

[Approved by Governor June 13, 1967. Filed with Secretary of State June 13, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 10133 of the Insurance Code is amended to read:

10133. Upon written consent of the insured first obtained with respect to a particular claim any disability insurer shall pay group insurance benefits contingent upon, or for expenses incurred on account of, hospitalization or medical or surgical aid to the person or persons furnishing such hospitalization or medical or surgical aid, but the amount of any such payment shall not exceed the amount of benefit provided by the policy with respect to the service or billing of the provider of aid, and the amount of such payments pursuant to one or more assignments shall not exceed the amount of expenses incurred on account of such hospitalization or medical or surgical aid. Payments so made shall discharge the insurer's obligation with respect to the amount so paid.

Nothing in this section shall be construed to authorize an insurer to furnish services of hospitals, or physicians and surgeons or in any manner to direct, participate in or control the selection of the hospital or physician and surgeon from whom the insured secures services.

CHAPTER 312

An act to add Section 33.1 to the Monterey County Flood Control and Water Conservation District Act (Chapter 699 of the Statutes of 1947), relating to Monterey County Flood Control and Water Conservation District.

[Approved by Governor June 13, 1967. Filed with Secretary of State June 13, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 33.1 is added to the Monterey County Flood Control and Water Conservation District Act (Ch. 699, Stats. 1947), to read:

Sec. 33.1. Any territory in the district contiguous to a zone and lying within the watershed within which the zone is situated may be annexed to such zone pursuant to this section. Territory which is in or annexed to one zone and which is contiguous to another zone may be annexed to such other zone pursuant to this section.

Notwithstanding any other provisions of this act, the following shall apply with respect to the annexation of new territory to any zone:

(a) A petition for annexation by election signed by 25 percent of the freeholders residing in the territory proposed to be annexed as shown by the last equalized assessment roll of the county shall be presented to the board. The petition shall designate specifically the boundaries of the territory proposed to be annexed and its assessed valuation as shown by the last equalized assessment roll and shall ask that the territory be annexed to the zone. The petition shall be accompanied by a

bond in the sum of not less than one hundred dollars ($100), to be approved by the board and filed with the clerk of the board as security for the payment by the petitioners of the reasonable cost of the election on annexation, in the event that at the election less than a majority of the votes cast are in favor of annexation. The petition shall be verified by the affidavit of one of the petitioners. The petition shall be published by the petitioners for at least two weeks preceding its hearing in a newspaper of general circulation published in the zone, if there is one, or, if not, in a newspaper of general circulation published in the district, together with a notice stating the number of signers of the petition, the time when the petition will be presented to the board and that all persons interested may appear and be heard. It shall not be necessary to publish the names of the signers. At the time specified for the hearing, the board shall hear the petition and may adjourn the hearing from time to time. Upon final hearing of the petition, the board, if it approves the petition as originally presented or in a modified form, shall make an order describing the exterior boundaries of the territory proposed to be annexed and ordering that an election be held in such territory for the purpose of determining whether or not the territory shall be annexed to the zone. The order shall fix the day of the election, which shall be within 60 days from the date of the order, and shall show the boundaries of the territory proposed to be annexed to the zone and shall set forth the measure to be submitted to the voters of such territory and shall designate the precincts, polling places and election officers for such election and state the times between which the polls shall be open. The order shall be published pursuant to Government Code Section 6066. This order shall be entered in the minutes and is conclusive evidence of a due presentation of a proper petition, and of the fact that each of the petitioners was, at the time of the signing and presentation of the petition, qualified to sign. The election shall be held and conducted as provided in Chapter 1 (commencing with Section 22000), Part 1, Division 12 of the Elections Code and sample ballots and polling place cards shall be mailed as provided in Elections Code Section 10012. If a majority of the votes in the territory proposed to be annexed at an election called therein by the board for that purpose are in favor of the annexation, the clerk of the board shall make and cause to be entered in the minutes and endorsed on the petition an order approving the petition and the petition shall be filed. The entry is conclusive evidence of the fact and regularity of all prior proceedings of every kind required by law and of the facts stated in the entry. The board at its next regular meeting after the entry shall, by an order, alter the boundaries of the zone and annex to it the territory described in the petition. The order of the board is conclusive evidence of the validity of all prior proceedings leading up to the annexation and recited in the order, and from and after the order the territory is part of the zone. If, at the election, less than a majority of the votes

in a territory proposed to be annexed are in favor of the annexation of the territory to the zone, the signers of the petition shall, within 10 days after the canvassing of the votes of the election, pay to the board the reasonable cost of the election and, if not paid within 10 days, the board may sue on the bond to recover the cost of the election. If the result of the election is against annexation, the board shall, by order, disapprove the petition and enter the order in its minutes. No other proceeding shall be taken in relation thereto until the expiration of six months from the presentation of the petition, except to collect the costs of the election.

(b) A petition for annexation without election signed by the owners of real property in the territory proposed to be annexed, which real property represents at least 75 percent of the total assessed valuation of real property in the territory as shown by the last equalized county assessment roll, shall be presented to the board. The petition shall designate specifically the boundaries of the territory and the assessed valuation of real property therein as shown by the last equalized county assessment roll and shall show the amount of real property owned by each of the petitioners and its assessed valuation as shown by the last equalized county assessment roll. The petition shall ask that the territory be annexed to the zone. The petition shall be verified by the affidavit of one of the petitioners. It shall be published by petitioners at least two weeks preceding the hearing in a newspaper of general circulation published in the zone, if there is one, or, if not, in a newspaper of general circulation published in the district. With the petition there shall be published a notice stating the number of signers of the petition, the time when the petition will be presented to the board and stating that all persons interested may appear and be heard. It shall not be necessary to publish the names of the signers. A printed copy of the petition and notice as so published shall be mailed pursuant to Government Code Sections 53520 to 53523, inclusive. At the time designated the board shall hear the petition and any person interested, and may adjourn the hearing from time to time. Upon the hearing of the petition, the board shall determine whether or not it is for the best interests of the zone and the territory that the territory be annexed to the zone and the board may modify the boundaries of the territory proposed to be annexed as set forth in the petition by decreasing the area of such territory provided that the decreased area remains contiguous to the zone. If the board upon final hearing determines that it is for the best interests of the zone and of the territory proposed to be annexed that the territory be annexed, it shall make an order describing the boundaries of the territory proposed to be annexed and shall alter the boundaries of the zone and annex to it the territory described in the petition and the territory is then a part of the zone.

(c) No petition for annexation by either of the abovementioned methods shall be accepted by the board if a zone

annexation petition involving any of the same territory is pending before it for annexation to the same zone.

(d) Whenever any new territory is annexed to a zone it thereupon becomes subject to all the liabilities and entitled to all the benefits of the zone; provided that as a condition of annexation the board may, by ordinance adopted at the hearing provided for in subdivision (a) or (b) of this section, determine that each parcel of land to be annexed should pay its proportionate share of all costs previously paid for by other properties within such zone and shall in such ordinance fix the amount to be paid by each parcel. The board may provide that payment of all such amounts shall be either: (1) in lump sums; or (2) in semiannual installments over a period not to exceed 10 years beginning on July 1 following the next succeeding March 1, and, in such event, the board shall provide in such ordinance that the total of each such sum to be paid by each parcel shall constitute a lien on such parcel as of noon on the next succeeding March 1, the same as the lien for general district and zone taxes; that such semiannual installments shall be paid and collected (without interest thereon) at the same time and in the same manner and by the same persons as, and together with and not separately from, general district and zone taxes and shall be delinquent at the same time and thereafter subject to the same delinquency penalties; and that all laws applicable to the levy, collection and enforcement of general district and zone taxes, including, but not limited to, those pertaining to delinquency, correction, cancellation, refund and redemption shall be applicable to such installments.

CHAPTER 313

An act to amend Sections 30683 and 30684 of the Streets and Highways Code, relating to the San Pedro-Terminal Island Bridge, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 13, 1967. Filed with Secretary of State June 13, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 30683 of the Streets and Highways Code is amended to read:

30683. The amounts transferred pursuant to Section 30682 shall be repaid to the respective funds from which transferred, but no repayment thereof shall be required until all obligations issued by the authority for the construction of the toll bridge and all bonds issued for refunding of said bonds and for additions, betterments, and extensions to said toll bridge, including new and additional approaches thereto, have been

fully redeemed and paid, and then only out of the tolls and revenue received from the operation of the toll bridge.

SEC. 2. Section 30684 of said code is amended to read:

30684. After all bonds issued for the construction of the toll bridge and all bonds issued for refunding of said bonds and for additions, betterments, and extensions to said toll bridge, including new and additional approaches thereto, have been fully redeemed and paid, the authority shall continue to collect tolls and other revenues for the use of the toll bridge for the purpose of repaying the respective funds from which money has been transferred pursuant to Section 30682. The amount so repaid to any such fund shall be returned to the particular portion of such fund from which transferred and from it be apportioned or allocated and expended as if the transfer had not been made. Upon repayment of all such funds the bridge shall thereafter be maintained and operated free of tolls or the rate of tolls shall thereafter be so adjusted as to provide a fund of not to exceed the amount necessary for the proper operation, maintenance and insurance of the toll bridge under economical management.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

There is presently no direct limited-access approach from the Harbor Freeway to the Vincent Thomas Bridge. A critical problem of traffic congestion exists in this area, making such an approach necessary to provide proper, safe, and adequate traffic flow. This act is necessary in order to provide a means of financing immediate construction of such an approach to the Vincent Thomas Bridge by the issuance and sale of refunding and improvement revenue bonds by the California Toll Bridge Authority.

CHAPTER 314

An act to repeal Section 5628.1 of, and to add Section 5628.1 to, the Streets and Highways Code, relating to improvement acts.

[Approved by Governor June 14, 1967. Filed with Secretary of State June 14, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 5628.1 of the Streets and Highway Code is repealed.

SEC. 2. Section 5628.1 is added to the Streets and Highway Code, to read:

5628.1. The legislative body shall have the power, in its discretion, to determine that the payment of such assessments

of one hundred dollars ($100) or more may be made in annual installments in any event not to exceed five, and that the payment of assessments so deferred shall bear interest on the unpaid balance at a rate to be determined by the legislative body, not to exceed 6 percent per annum. Such interest shall begin to run on the 31st day after the confirmation of the assessments by the legislative body. All such determinations shall be expressed by resolution of the legislative body at any time prior to the confirmation of the assessments.

CHAPTER 315

An act to amend Section 827 of the Welfare and Institutions Code, relating to juvenile court records.

[Approved by Governor June 14, 1967. Filed with Secretary of State June 14, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 827 of the Welfare and Institutions Code is amended to read:

827. A petition filed in any juvenile court proceeding, reports of the probation officer, and all other documents filed in any such case may be inspected only by court personnel, the minor who is the subject of the proceeding, his parents or guardian, and the attorneys for such parties, and such other persons as may be designated by the judge of the juvenile court.

CHAPTER 316

An act to amend Sections 5256, 5265, 5360.3, 5838, 5843, and 10427.5 of, and to add Sections 10209 and 10503.1 to, the Streets and Highways Code, relating to special assessment proceedings.

[Approved by Governor June 14, 1967. Filed with Secretary of State June 14, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 5256 of the Streets and Highways Code is amended to read:

5256. Before being entitled to a contract, the bidder to whom the award was made, or the owners who have elected to take the contract, must advance to the superintendent of streets, for payment by him, the cost of publication of the notices, resolutions, orders and matters required under the proceedings prescribed in this division, and of such other notices as may be deemed requisite by the legislative body, together

with all other incidental expenses incurred up to the time of entering into the contract, including the estimated cost of any acquisition which the legislative body may determine to be payable at said time, but limited to the amount specified in the notice inviting bids pursuant to Section 5241 of this code. All other acquisition costs shall be payable at the time of the delivery to the contractor, or his agent, or assigns, of the warrant, assessment and diagram as provided in Section 5375. The legislative body may waive the payment in advance of all or any part of the incidental expenses and acquisition costs by resolution adopted not later than the time of ordering the work. The waiver must appear in the notice inviting bids.

SEC. 2. Section 5265 of the Streets and Highways Code is amended to read:

5265. An action to determine the validity of proceedings relating to the work and the validity of any contract entered or to be entered into pursuant thereto may be brought by the legislative body or by the contractor pursuant to Chapter 9 (commencing with Section 860) of Title 10 of Part 2 of the Code of Civil Procedure. For such purpose proceedings shall be deemed to be in existence upon the award of the contract. An action may be commenced and concluded by the legislative body before the publication of the notice inviting bids, and for such purpose the proceedings shall be deemed to be in existence upon the adoption of the resolution ordering the work.

SEC. 3. Section 5360.3 of the Streets and Highways Code is amended to read:

5360.3. In assessing the land within the district in proportion to the estimated benefits, an adjustment may be made because of the contribution made to the improvement by an owner, either past or present, who has donated land, or any interest in land, which otherwise would have had to be acquired by eminent domain or purchase, or who has done work at his expense which can be used as part of the improvement.

SEC. 4. Section 5838 of the Streets and Highways Code is amended to read:

5838. The board of supervisors shall cause notice of the time, place and purpose of the hearing to be given by mail to each owner whose name and address appears on the last equalized assessment roll and who owns real property within the boundaries of the territory sought to be annexed. The person directed by the board of supervisors to mail the notices shall file, upon the completion of the mailing, an affidavit setting forth the time and manner of the compliance with this section.

In addition, the board of supervisors shall cause notices of the hearing to be posted in three conspicuous places within the territory proposed to be annexed

The notices shall be headed "Notice of hearing" in letters not less than one inch in height and shall contain a description of the territory proposed to be annexed and a statement of

the time and place of the hearing. In lieu of the description the boundaries of territory proposed to be annexed may be shown by means of a diagram printed upon the notice. The notice shall be posted not less than 10 days prior to the date set for the hearing.

In proceedings for annexation to sewer, lighting, or drainage maintenance districts, the board of supervisors shall direct its clerk to publish a notice once a week for two successive weeks in the newspaper of general circulation that the board deems most likely to give notice of hearing to the inhabitants. Said notice shall state the time and place of the hearing and shall contain a description of the territory proposed to be annexed or in lieu of such description the boundaries of the territory proposed to be annexed may be shown by means of a diagram. Such publication together with the posting of notices of hearing may be deemed adequate notice and no mailed notice need be required.

SEC. 5. Section 5843 of the Streets and Highways Code is amended to read:

5843. Notice of the hearing on the resolution shall be given to the persons within the existing maintenance district in the manner prescribed by Section 5838. Mailed notice shall be required with respect to additional improvements for a lighting maintenance district where the annual cost to such district of such additional improvements is more than two thousand five hundred dollars ($2,500). At the hearing the board of supervisors shall hear and pass upon any and all protests to the maintaining and operating of such additional improvements by the existing maintenance district and its decision shall be final and conclusive. At the conclusion of the hearing the board of supervisors may by order, entered upon its minutes, make the expenses of maintaining and operating such additional improvements a charge upon the existing maintenance district.

SEC. 6. Section 10209 is added to the Streets and Highways Code, to read:

10209. The proposed assessment of land within the district may contain an adjustment because of the contribution made to the proposed improvement by an owner, either past or present, who has donated land or any interest in land, which otherwise would have to be acquired by eminent domain or purchase, or who has done work at his expense which can be used as part of the proposed improvement.

SEC. 7. Section 10427.5 of the Streets and Highways Code is amended to read:

10427.5. If any work to be performed under this division is deleted from a specific lot fronting on the improvement, the

surplus in the improvement fund resulting from the deletion of such work may be returned to the owner of that lot, in the manner provided in Section 10427.1.

SEC. 8. Section 10503.1 is added to the Streets and Highways Code, to read:

10503.1. The provisions of the Improvement Act of 1911 relating to liquidated damages are incorporated in this division.

CHAPTER 317

An act to amend Sections 21007, 21008, 21243.5, and 21601 of, and to add Article 1 (commencing with Section 21201) and Article 1.5 (commencing with Section 21215) to Chapter 2 of Part 1 of Division 9 of and to repeal Article 1 (commencing with Section 21201) of Chapter 2 of Part 1 of Division 9 of the Public Utilities Code, and amend Section 11559.5 of the Government Code, relating to the State Aeronautics Board and the Division of Aeronautics.

[Approved by Governor June 14, 1967. Filed with Secretary of State June 14, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 21007 of the Public Utilities Code is amended to read:

21007. "Division" means the Division of Aeronautics.

Whenever the term "California Aeronautics Commission" is used in any other law it means the Division of Aeronautics.

SEC. 2. Section 21008 of the Public Utilities Code is amended to read:

21008. "Director" means the Director of Aeronautics.

SEC. 3. Section 21243.5 of the Public Utilities Code is amended to read:

21243.5. The division may make and amend general or special rules, regulations, and procedures, and establish minimum standards, with respect to parachute jumps, in order to promote safety in aeronautics. All rules and regulations of the division pertaining to parachute jumps, promulgated prior to the effective date of this section and in effect on such date, are hereby confirmed, validated, and declared legally effective.

SEC. 4. Section 21601 of the Public Utilities Code is amended to read:

21601. The division may make available its engineering and other technical services, with or without charge, to any political subdivision or person desiring them in connection with the planning, acquisition, construction, improvement, maintenance, or operation of airports or air navigation facilities, subject to rules promulgated by the division.

SEC. 5. Article 1 (commencing with Section 21201) of Chapter 2 of Part 1 of Division 9 of the Public Utilities Code is repealed.

SEC. 6. Article 1 (commencing with Section 21201) is added to Chapter 2 of Part 1 of Division 9 of the Public Utilities Code, to read:

Article 1. Division of Aeronautics

21201. There is in the Transportation Agency a Division of Aeronautics.

21202. The division shall be headed by a chief, designated as the State Director of Aeronautics. The director is appointed by the Governor, subject to confirmation by the Senate, and holds office at the pleasure of the Governor. The annual salary of the director shall be set according to law.

21203. The Director of Aeronautics shall devote his entire time to the functions of his office and shall not be actively engaged in any business, profession, vocation, or employment. He shall receive an annual salary and shall be reimbursed for all traveling and other expenses necessarily incurred by him in the discharge of his functions.

21204. The division shall adopt a seal, and make rules and regulations for its administration not inconsistent with this part.

21205. The board shall, at least 30 days before each regular session of the Legislature, make a report to the Governor and to the Legislature covering the work and investigations of the division and the board during the previous fiscal year, making such recommendations as are considered desirable for changes in the laws affecting the division and the board. The report shall also contain a summary of the proceedings of the division and the board during the preceding fiscal year, any other information the division or board deems necessary, and any additional information requested by the Governor or by the Legislature.

21206. The board shall prepare a statement of all estimated Airport Assistance Revolving Fund revenues and revenues available for local subventions from any other sources for the next succeeding fiscal year, together with a statement of proposed expenditures to be made to local agencies and the University of California during the next succeeding fiscal year, or obligations to be incurred in connection therewith.

The said statement shall be included in the printed fiscal year budget submitted to the Legislature. Insofar as the matters to which it pertains, it shall constitute as submitted the budget submitted to the Department of Finance pursuant to Section 13320 of the Government Code, and, as to such matters, shall be administered by the Department of Finance as the fiscal year budget of the Division of Aeronautics under the pro-

visions of this section and of Article 2 (commencing with Section 13320) of Chapter 3 of Part 3 of Division 3 of Title 2 of the Government Code.

Any changes or modifications in the budget described in this section shall be by vote of the board, approved by the Director of Finance.

In the event, during an annual period, the budgetary amount approved and allocated by the board for any purpose exceeds the amount actually necessary therefor, with a resultant available surplus, such surplus may be allocated by the board to any other purpose or supplemental project upon the written approval of the Director of Finance.

In administering said budget, the Director of Finance shall not limit expenditures or incurrence of obligations thereunder to quarterly, semiannual or other periods of the fiscal year.

21207. Wherever the division or board is authorized to make rules, regulations, orders, procedures, or establish minimum standards under this part, such authority shall be exercised in accordance with the Administrative Procedure Act except as modified by this part.

21209. All records of the division shall be open to inspection by the public during regular office hours.

SEC. 7. Article 1.5 (commencing with Section 21215) is added to Chapter 2 of Part 1 of Division 9 of the Public Utilities Code, to read:

Article 1.5. State Aeronautics Board

21215. There is in the Transportation Agency the State Aeronautics Board, consisting of seven members appointed by the Governor by and with the consent of the Senate.

21216. Each member of the board shall be a citizen and bona fide resident of the state. In selecting these appointees, the Governor shall provide as nearly equal representation as possible from all portions of the state. The Governor shall appoint such persons as are interested in the field of aviation and shall further appoint persons who are, or have been, engaged in different occupations. At least four members shall have five or more years of practical experience in aeronautics.

21217. Members of the board shall be appointed for a term of four years and they shall hold office until the appointment and qualification of their successors.

Members of the board in office at the time the amendments to this section enacted by the Legislature at its 1967 Regular Session take effect shall continue in office as members of the board until January 1st of that year on which the term of the particular member of the board has heretofore been determined.

Vacancies shall be filled by appointment for the unexpired term.

21218. The Governor may remove any member of the board for inefficiency, neglect of duty, or malfeasance in office, after notice and a reasonable opportunity to be heard.

21219. The chairman of the board shall be selected by a majority vote of the members thereof and shall serve for one year on a calendar year basis, provided that the first chairman selected after the effective date of this section shall serve until January 1, 1969, and provided further that no member shall serve as chairman for more than two successive years.

21220. The board shall fix the date and place for its regular meetings. Special and executive meetings may be called as provided by the rules and regulations of the board. All meetings of the board shall be open to the public. Regular meetings shall be held at the board's established offices. Whenever the convenience of the public or of the parties may be promoted, or delay or expense may be prevented, the board may hold meetings, hearings, or proceedings at any other place it may designate.

21221. Four members of the board constitute a quorum, and no action shall be taken by less than a majority of the board.

21222. Each member of the board shall take the oath of office prescribed for other state officers. Each member of the board shall receive his actual and necessary traveling expenses and twenty-five dollars ($25) a day for attending meetings of the board or while acting under its orders.

21223. The director shall not be a member of the board but shall serve as administrative officer thereof and may act for the chairman of the board in administrative matters. He shall prepare or cause to be prepared the agenda for all meetings of the board and may, as necessary, call meetings of the board.

21224. The board shall advise the division and the director in the performance of their duties and shall formulate general policies relating to this part.

SEC. 8. Section 11559.5 of the Government Code is amended to read:

11559.5. An annual salary of fifteen thousand five hundred dollars ($15,500) shall be paid to each of the following:

(a) State Librarian.

(b) Chief of the Division of Industrial Welfare.

(c) Chief of the Division of Building and Housing Standards.

(d) Chief of the Division of Housing and Community Development.

CHAPTER 318

An act to amend Section 2754 of, to amend and renumber Sections 2755, 2757, 2758, 2760, 2761, 2762, 2763, 2764, and 2765 of, to add Sections 2745, 2755, 2757, 2758, 2759, 2766, and 2767 to, and to repeal Sections 2756 and 2759 of, the Public Utilities Code, relating to air passenger carriers.

[Approved by Governor June 14, 1967. Filed with Secretary of State June 14, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 2745 is added to the Public Utilities Code, to read:

2745. As used in this chapter, "person" means any individual, firm, copartnership, corporation, company, association, joint-stock association, or body politic; and includes any trustee, receiver, assignee, or similar representative thereof.

SEC. 2. Section 2754 of the Public Utilities Code is amended to read:

2754. Each application for a certificate of public convenience and necessity made under the provisions of this part shall be accompanied by a fee of one hundred fifty dollars ($150).

The commission shall, with or without hearing, issue a temporary or permanent certificate, except that a certificate may not be issued without a hearing over the formal objection of a person or party possessing standing to object. The commission may deny the application for a temporary or permanent certificate in whole or in part, with or without hearing, except that such denial may not be ordered without a hearing over the formal objection of the applicant. The commission may attach to the exercise of the rights granted by the certificate such terms and conditions as, in its judgment, the public convenience and necessity require. Minimum schedules may be received and revised by the commission at intervals of not less than one year.

SEC. 3. Section 2755 of the Public Utilities Code is amended and renumbered to read:

2756. A fee of one hundred fifty dollars ($150) shall be paid to the commission for filing each application to sell, mortgage, lease, assign, transfer, or otherwise encumber any certificate.

SEC. 4. Section 2755 is added to the Public Utilities Code, to read:

2755 The rights conferred by a certificate issued pursuant to Section 2754 or 2757 may not be revoked or suspended absent a finding by the commission, after notice and hearing, that the holder has abandoned such rights, or is no longer fit, willing, or able to perform all or part of the certificated services, or to conform to the law and to the rules and regulations of the commission.

SEC. 5. Section 2757 is added to the Public Utilities Code, to read:

2757. It is unlawful, unless authorized by order of the commission as provided in this section:

(a) For two or more passenger air carriers, or for any passenger air carrier and any other common carrier, to consolidate or merge their properties, or any part thereof, into one person for the ownership, management, or operation of the properties theretofore in separate ownerships.

(b) For any passenger air carrier, or any person controlling a passenger air carrier or any other common carrier, to purchase, lease, or contract to operate the properties, or any substantial part thereof, of any passenger air carrier.

(c) For any passenger air carrier, or any person controlling a passenger air carrier or any other common carrier, to acquire control of any passenger air carrier in any manner whatsoever.

SEC. 6. Section 2758 is added to the Public Utilities Code, to read:

2758. Any person seeking authorization for a consolidation, merger, purchase, lease, operating contract, or acquisition of control, specified in Section 2757, shall file an application, and thereupon the commission shall notify all persons known to have a substantial interest in the proceeding of the time and place of a public hearing. The commission shall by order authorize such consolidation, merger, purchase, lease, operating control, or acquisition of control, upon such terms and conditions as it shall find to be just and reasonable, after hearing, if the consolidation, merger, purchase, lease, operating contract or acquisition of control, is in the public interest. The commission shall not authorize, however, any consolidation, merger, purchase, lease, operating contract, or acquisition of control which would result in creating a monopoly or monopolies and thereby restrain competition, or jeopardize another passenger air carrier not a party to the consolidation, merger, purchase, lease, operating contract, or acquisition of control. In any case in which the commission determines that the transaction which is the subject of the application does not affect the control of a passenger air carrier, does not result in creating a monopoly or monopolies, and does not tend to restrain competition, and determines that no person disclosing a substantial interest is currently requesting a hearing, the commission, after notice of its intention to dispose of such application without a hearing, may determine that the public interest does not require a hearing and may by order authorize or not authorize such transaction.

SEC. 7. Section 2759 is added to the Public Utilities Code, to read:

2759. It is unlawful, unless such relationship has been authorized by order of the commission:

(a) For any passenger air carrier to have and retain an officer or director who is an officer, director, or member, or who

as a stockholder holds a controlling interest, in any other common carrier.

(b) For any passenger air carrier, knowingly and willingly, to have and retain an officer or director who has a representative or nominee who represents such officer, director, or member as an officer, director, or member, or as a stockholder holding a controlling interest, in any other common carrier.

(c) For any person who is an officer or director of a passenger air carrier to hold the position of officer, director, or member, or to have a stockholder holding a controlling interest, or to have a representative or nominee who represents such person as an officer, director, or member, or as a stockholder holding a controlling interest, in any common carrier.

SEC. 8. Section 2756 of the Public Utilities Code is repealed.

SEC. 9. Section 2757 of the Public Utilities Code is amended and renumbered to read:

2761. Without the express authorization of the commission, after a hearing, no certificate of public convenience and necessity issued to one passenger air carrier under the provisions of this chapter shall be combined, united, or consolidated with another such certificate issued to or possessed by another such carrier, so as to permit through service between any point or points served by one carrier on the one hand, and any point or points served by another such carrier, on the other hand.

SEC. 10. Section 2758 of the Public Utilities Code is amended and renumbered to read:

2762. Unless prohibited by the terms and conditions of any certificate that may be involved, any one passenger air carrier may establish through routes and joint rates, charges, and classifications between any and all points served by it under any and all certificates or operative rights issued to or possessed by it.

SEC. 11. Section 2759 of the Public Utilities Code is repealed.

SEC. 12. Section 2760 of the Public Utilities Code is amended and renumbered to read:

2763. When the commission, upon complaint or its own motion, has reason to believe that any aircraft is being operated without a certificate of public convenience and necessity, as required by this chapter, or that this chapter is being violated, or that a passenger air carrier is engaging in any other illegal activity, the commission shall investigate such activity and may, after a hearing, make its order requiring the owner or operator of the aircraft to cease and desist from any such unlawful activity. The commission shall enforce compliance with such order under the powers vested in the commission by law, including, but not limited to, the provisions of Chapter 2 (commencing with Section 301) of Part 1 of Division 1 of this code.

SEC. 13. Section 2761 of the Public Utilities Code is amended and renumbered to read:

2764. The commission shall require all passenger air carriers to procure and maintain a minimum amount of insurance in such amounts as the commission may determine.

The commission may, upon its own motion, or upon application of any interested party, and after hearing, require any passenger air carrier to procure and maintain additional insurance in such amounts and upon such terms as the commission may determine.

Notwithstanding the provisions of Section 2755 of this chapter, the commission may at any time suspend the certificate of any passenger air carrier for failure to comply with the insurance regulations established pursuant to this section.

SEC. 14. Section 2762 of the Public Utilities Code is amended and renumbered to read:

2765. The commission shall have the power to suspend and enforce the suspension of certificates of public convenience and necessity, issued by the commission, upon a finding by any agency of the federal government that an air passenger carrier is operating in violation of any federal safety law or regulation.

SEC. 15. Section 2763 of the Public Utilities Code is amended and renumbered to read:

2769.5. No passenger air carrier shall discontinue operations between any two or more terminals without authority of the commission, unless such operations are unprofitable. Unprofitable operations may be discontinued upon 30 days' notice to the commission, and to such other persons as the commission may require, unless within such 30-day period the commission, after hearing, makes a finding that such operation is not unprofitable and orders its continuance.

SEC. 16. Section 2766 is added to the Public Utilities Code, to read:

2766. Upon application for suspension or deletion of any certificated point, the commission may authorize, upon 30 days' notice, a special temporary suspension. Such suspension shall only remain effective, however, pending hearing and decision on the application if an interested person or party so requests. The special temporary suspension may be ordered for a maximum 90-day period, and may be renewed by the commission for an additional 90-day period, if such additional time is required to complete the proceedings before the commission, except that a stay of the commission's decision, on its own motion or by the Supreme Court, will serve to continue the special temporary suspension until 10 days after termination or a review proceeding.

SEC. 17. Section 2764 of the Public Utilities Code is amended and renumbered to read:

2768. Nothing contained in this chapter shall be construed as giving the commission authority to require the establishment of service from or to terminal or to intermediate points not

specified in the passenger air carrier's certificate of public convenience and necessity unless the carrier makes application to establish such additional service.

SEC. 18. Section 2767 is added to the Public Utilities Code, to read:

2767. Upon application by a passenger air carrier or other interested party, the commission may, following a determination of necessity, exempt the passenger air carrier from the certificate provisions of Sections 2752 and 2754 upon a finding that such provisions impose an undue burden upon the carrier, a community, or area because of the immediate need for service due to conditions of national emergency, natural disaster or cessation of existing service by another carrier, except a cessation of existing service caused by a labor dispute, and that enforcement of such provisions would be contrary to the public interest. Exemptions issued pursuant to this section may be issued for a maximum of 90 days and may be renewed for the same or a lesser period.

SEC. 19. Section 2765 of the Public Utilities Code is amended and renumbered to read:

2769. Nothing contained in this chapter is to be construed as affecting in any way the constitutional regulatory authority of the commission over the intrastate rates and charges of air carriers.

CHAPTER 319

An act to add Section 987 to the Revenue and Taxation Code, relating to property taxes.

[Approved by Governor June 14, 1967. Filed with Secretary of State June 14, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 987 is added to the Revenue and Taxation Code, to read:

987. As used in this section, "certificated aircraft" means aircraft operated by an air carrier or foreign air carrier engaged in air transportation, as defined in subdivisions (3), (5), (10), and (19) of Section 101 of Title I of the "Federal Aviation Act of 1958" (P.L. 85-726; 72 Stat. 731), while there is in force a certificate or permit issued by the Civil Aeronautics Board of the United States, or its successor, authorizing such air carrier to engage in such transportation. Certificated aircraft shall be deemed to be situated in this state only to the extent that such aircraft are normally physically present within the state, whether in flight or on the ground. To determine this, a representative period shall be selected, and the proportionate amount of the time that such aircraft have spent within the state during such period as

compared to the total time in such representative period shall be computed. For purposes of Section 404 of this Code, such aircraft shall be deemed to be situated only in those taxing agencies in which the aircraft normally make physical contact with sufficient regularity to entitle such agencies to tax the aircraft under the laws and Constitution of the United States. Flight time within the state shall be allocated as follows:

(a) If the aircraft takes off in one taxing agency which is entitled to tax (within the meaning of the preceding sentence) and lands in another agency which is entitled to tax, the flight time between such taxing agencies shall be allocated one-half to each such agency.

(b) If the aircraft arrives from out of state or leaves the state, the flight time to the state boundary shall be allocated to the taxing agency entitled to tax in which the aircraft first lands or last takes off, as the case may be.

Nothing herein shall be construed, however, to enlarge the right of any taxing agency to tax such aircraft in a manner not permitted by the laws or Constitution of the United States.

This section shall be effective until July 1, 1968.

CHAPTER 320

An act to amend Section 1203.03 of the Penal Code, relating to diagnostic reports.

[Approved by Governor June 14, 1967. Filed with Secretary of State June 14, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 1203.03 of the Penal Code is amended to read:

1203.03. (a) In any case in which a defendant is convicted of an offense punishable by imprisonment in the state prison, the court, if it concludes that a just disposition of the case requires such diagnosis and treatment services as can be provided at a diagnostic facility of the Department of Corrections, may order that defendant be placed temporarily in such facility for a period not to exceed 90 days, with the further provision in such order that the Director of the Department of Corrections report to the court his diagnosis and recommendations concerning the defendant within the 90-day period.

(b) The Director of the Department of Corrections shall, within the 90 days, cause defendant to be observed and examined and shall forward to the court his diagnosis and recommendation concerning the disposition of defendant's case. Such diagnosis and recommendation shall be embodied in a written report and copies of the report shall be served only upon the defendant or his counsel, the probation officer, and

the prosecuting attorney by the court receiving such report. After delivery of the copies of the report, the information contained therein shall not be disclosed to anyone else without the consent of the defendant. After disposition of the case, all copies of the report, except the one delivered to the defendant or his counsel, shall be filed in a sealed file and shall be available thereafter only to the defendant or his counsel, the prosecuting attorney, the court, the probation officer, or the Department of Corrections.

(c) The Department of Corrections shall accept such person if it has adequate staff and facilities to provide such services. No such person shall be transported to any facility under the jurisdiction of the Department of Corrections until the director has notified the referring court of the place to which said person is to be transported and at the time at which he can be received.

(d) The sheriff of the county in which an order is made placing a defendant in a diagnostic facility pursuant to this section, or any other peace officer designated by the court, shall execute the order placing such defendant in the center or returning him therefrom to the court. The expense of such sheriff or other peace officer incurred in executing such order is a charge upon the county in which the court is situated.

(e) It is the intention of the Legislature that the diagnostic facilities made available to the counties by this section shall only be used for the purposes designated and not in lieu of sentences to local facilities.

(f) Time spent by a defendant in confinement in a diagnostic facility of the Department of Corrections pursuant to this section shall be credited on the term of imprisonment in state prison, if any, to which defendant is sentenced in the case.

(g) In any case in which a defendant has been placed in a diagnostic facility pursuant to this section and, in the course of his confinement, he is determined to be suffering from a remediable condition relevant to his criminal conduct, the department may, with the permission of defendant, administer treatment for such condition. If such treatment will require a longer period of confinement than the period for which defendant was placed in the diagnostic facility, the Director of Corrections may file with the court which placed defendant in the facility a petition for extension of the period of confinement, to which shall be attached a writing signed by defendant giving his consent to the extension. If the court finds the petition and consent in order, it may order the extension, and transmit a copy of the order to the Director of Corrections.

CHAPTER 321

An act to add Section 6018.6 to the Revenue and Taxation Code, relating to sales and use taxes.

[Approved by Governor June 14, 1967. Filed with Secretary of State June 14, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 6018.6 is added to the Revenue and Taxation Code, to read:

6018.6. An operator of a one-cent ($0.01) vending machine is a consumer of such vending machine and the merchandise placed therein, if such operator is bound by a contract with an organization exempted from the Bank and Corporation Tax Law by Article 1 (commencing with Section 23701) of Chapter 4 of Part 11 of Division 2 of the Revenue and Taxation Code, or a nonprofit association as defined in Section 21000 of the Corporations Code, to contribute to it a portion of the receipts of such one-cent ($0.01) vending machine, or if such machine is located on a military reservation and a portion of the receipts go to the base exchange.

CHAPTER 322

An act to amend Section 4640.5 of the Health and Safety Code, relating to the Atherton Channel Drainage District.

[Approved by Governor June 14, 1967. Filed with Secretary of State June 14, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 4640.5 of the Health and Safety Code is amended to read:

4640.5. Notwithstanding the twenty cents ($0.20) on each one hundred dollars ($100) of assessed valuation tax limit provided in Section 4640, until the end of the 1971–72 fiscal year the tax limit in the Atherton Channel Drainage District for purposes of Section 4614.14 and 4640 is fifty cents ($0.50) on each one hundred dollars ($100) of assessed valuation.

SEC. 2. This act is necessary to provide financing for flood control works of the Atherton Channel Drainage District with respect to which a general law cannot be made applicable. The facts requiring the adoption of this special act are:

The lands in the Atherton Channel Drainage District are subject to serious damage by floods involving works of the County of San Mateo, a state highway and residential homes. Modification and improvement of the county property and the state highway are to be constructed and if the district can jointly act with them in its flood protection improvements it will be most advantageous to the property in the district and the method of financing such work authorized by this act is the only feasible method available to the district within the time available.

CHAPTER 323

An act to add Chapter 7 (commencing with Section 13700) to Division 7 of, and to repeal Chapter 7 (commencing with Section 7076) of Division 4 of, the Water Code, relating to water wells.

[Approved by Governor June 14, 1967. Filed with Secretary of State June 14, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Chapter 7 (commencing with Section 7076) of Division 4 of the Water Code is repealed.

SEC. 2. Chapter 7 (commencing with Section 13700) is added to Division 7 of the Water Code, to read:

CHAPTER 7. WATER WELLS

Article 1. Declaration of Policy

13700. The Legislature finds that the greater portion of the water used in this state is obtained from underground sources and that such waters are subject to impairment in quality and purity, causing detriment to the health, safety and welfare of the people of the state. The Legislature therefore declares that the people of the state have a primary interest in the location, construction, maintenance, abandonment and destruction of water wells, which activities directly affect the quality and purity of underground waters.

Article 1.5. Definitions

13710. "Well" or "water well" as used in this chapter, means any artificial excavation constructed by any method for the purpose of extracting water from, or injecting water into, the underground. This definition shall not include: (a) oil and gas wells, or geothermal wells constructed under the jurisdiction of the Department of Conservation, except those wells converted to use as water wells; or (b) wells used for the

purpose of (1) dewatering excavation during construction, or (2) stabilizing hillsides or earth embankments.

Article 2. Reports

13750. Every person who hereafter intends to dig, bore, or drill a water well, or who intends to deepen or reperforate any such well, or to abandon or destroy a water well, shall file with the department a notice of intent to engage in such construction, alteration, destruction, or abandonment prior to commencing such construction, alteration, destruction, or abandonment; provided, that when such construction, alteration, destruction, or abandonment must be accomplished immediately in order to prevent damage to persons or property due to the loss of an existing water supply, such notice shall be filed with the department as soon as possible thereafter, but in any event not more than five days after commencement of such construction, alteration, destruction, or abandonment or repair.

The report shall be made on forms furnished by the department and shall contain such information as the department may require, including, but not limited to: (a) description of the well site sufficiently exact to permit location and identification of the well; (b) proposed date of construction of well; (c) the use for which the water well is intended; (d) the work to be done and a description of type of construction; and (e) in event of late filing, the reasons therefor.

13751. Every person who hereafter digs, bores or drills a water well, or abandons or destroys a water well, or who deepens or reperforates any such well, shall file with the department a report of completion of such well within 30 days after its construction or alteration has been completed.

The report shall be made on forms furnished by the department and shall contain such information as the department may require, including, but not limited to: (a) description of the well site sufficiently exact to permit location and identification of the well; (b) detailed log of the well; (c) description of type of construction; (d) details of perforation; and (e) methods used for sealing off surface or contaminated waters.

13752. Reports made pursuant to Section 13751 shall not be made available for inspection by the public but shall be made available to governmental agencies for use in making studies; provided, that any report shall be made available to any person who obtains a written authorization from the owner of the water well.

13753. Every person who hereafter converts, for use as a water well, any oil or gas well originally constructed under the jurisdiction of the Department of Conservation pursuant to the provisions of Article 4 (commencing with Section 3200), Chapter 1, Division 3 of the Public Resources Code, shall comply with all provisions of this chapter.

13754. Failure to comply with any provision of this article, or willful and deliberate falsification of any report required by this article, is a misdemeanor.

Before commencing prosecution against any person, other than for willful and deliberate falsification of any report required by this article, the person shall be given reasonable opportunity to comply with the provisions of this article.

13755. Nothing in this chapter shall affect the powers and duties of the State Department of Public Health with respect to water and water systems pursuant to Chapter 7 (commencing with Section 4010) of Division 5 of the Health and Safety Code. Every person shall comply with this chapter and any regulation adopted pursuant thereto, in addition to standards adopted by any city or county.

Article 3. Quality Control

13800. The department, after such studies and investigations pursuant to Section 231 as it finds necessary, on determining that water well construction, maintenance, abandonment, and destruction standards are needed in an area to protect the quality of water used or which may be used for any beneficial use, shall so report to the appropriate regional water quality control board and to the State Department of Public Health. The report shall contain such recommended standards for water well construction, maintenance, abandonment, and destruction as, in the department's opinion, are necessary to protect the quality of any affected water.

13801. The regional board shall hold a public hearing on the need to establish such standards for the area involved and to determine the objectives to be attained by such standards.

13802. If the regional board finds that standards of water well construction, maintenance, abandonment, and destruction are needed in any area to protect the quality of water used, or which may be used, for any beneficial use, it shall determine the area to be involved and so report to each affected county and city in the area, including in such report the objectives determined by the board as proper and necessary objectives for such standards. The report shall also contain any standards which have been recommended by the department.

13803. Each such affected county and city shall, within 120 days of receipt of the report, adopt an ordinance establishing standards of water well construction, maintenance, abandonment, and destruction for the area designated by the regional board. Prior to adoption of such ordinance each affected county and city shall consult with all interested parties, including licensed well drillers. A copy of such ordinance shall be sent to the regional board on its adoption and the regional board shall transmit such ordinance to the department for its review and comments.

13804. Such county and city standards shall take effect 60 days from the date of their adoption by the county or city unless the regional board, on its own motion, or on the request of any affected person, holds a public hearing on the matter and determines that the county or city standards are not sufficiently restrictive to protect the quality of the affected waters. If the board makes such a determination it shall so report to the affected county or city and also recommend the standards, or modification of the county or city standards, which it determines are necessary.

13805. If a county or city fails to adopt an ordinance establishing water well construction, maintenance, abandonment, and destruction standards within 120 days of receipt of the regional board's report of its determination that such standards are necessary pursuant to Section 13802, or fails within 90 days to adopt or modify such standards in the manner determined as necessary by the regional board pursuant to Section 13804, the regional board may adopt standards for water well construction, maintenance, abandonment, and destruction for the area. Such regional board standards shall be enforced in the same manner and shall have the same force and effect as if adopted as a county or city ordinance.

13806. Any action, report, determination, or standard taken or adopted by a regional board pursuant to this article may be reviewed by the state board on its own motion, and shall be reviewed by the state board on the request of any affected person, county, or city, in the same manner as other action or inaction of the regional board is reviewed pursuant to Section 13025. The state board has the same powers as to the review of action or inaction of a regional board under this article as it has as to other action or inaction of a regional board under Section 13025, including being vested with all the powers granted a regional board to initially determine the need in an area for water well construction, maintenance, abandonment, or destruction standards if it finds that appropriate action has not been taken by a regional board.

CHAPTER 324

An act to add Section 24154 to the Government Code, relating to master bonds.

[Approved by Governor June 14, 1967. Filed with Secretary of State June 14, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 24154 is added to the Government Code, to read:

24154. Supplementary to the bonds required by this chapter, the board of supervisors may include the county officers listed in this chapter as covered employees in any master bond used in their county in accordance with Section 1481 of this code.

CHAPTER 325

An act to amend Section 3095 of the Labor Code, relating to apprenticeships.

[Approved by Governor June 14, 1967. Filed with Secretary of State June 14, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 3095 of the Labor Code is amended to read:

3095. Every person who willfully discriminates in any recruitment or apprenticeship program on the basis of race, sex, creed, color, or national origin is guilty of a misdemeanor punishable by a fine of not more than one thousand dollars ($1,000) or imprisonment for not more than six months, or both.

CHAPTER 326

An act to add Section 25106 to the Revenue and Taxation Code, relating to the Bank and Corporation Tax Law.

[Approved by Governor June 15, 1967. Filed with Secretary of State June 15, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 25106 is added to the Revenue and Taxation Code, to read:

25106. In any case in which the tax of a corporation is or has been determined under this chapter with reference to the income and apportionment factors of another corporation with which it is doing or has done a unitary business, all dividends paid by one to another of such corporations shall, to the extent such dividends are paid out of such income of such unitary business, be eliminated from the income of the recipient and shall not be taken into account under Section 24344 or in any other manner in determining the tax of any such corporation.

In view of pending litigation concerning the proper treatment of intercompany dividends, it is not intended by enactment of this section that any inference be drawn from it in such litigation.

CHAPTER 327

An act to add Chapter 11 (commencing with Section 25950) to Division 20 of the Health and Safety Code, to amend Section 2377 of the Business and Professions Code, and to amend Sections 274, 275, and 276 of the Penal Code, relating to abortion.

[Approved by Governor June 15, 1967. Filed with Secretary of State June 15, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Chapter 11 (commencing with Section 25950) is added to Division 20 of the Health and Safety Code, to read:

CHAPTER 11. ABORTION

25950. This chapter shall be known and may be cited as the Therapeutic Abortion Act.

25951. A holder of the physician's and surgeon's certificate, as defined in the Business and Professions Code, is authorized to perform an abortion or aid or assist or attempt an abortion, only if each of the following requirements is met:

(a) The abortion takes place in a hospital which is accredited by the Joint Commission on Accreditation of Hospitals.

(b) The abortion is approved in advance by a committee of the medical staff of the hospital, which committee is established and maintained in accordance with standards promulgated by the Joint Commission on Accreditation of Hospitals. In any case in which the committee of the medical staff consists of no more than three licensed physicians and surgeons, the unanimous consent of all committee members shall be required in order to approve the abortion.

(c) The Committee of the Medical Staff finds that one or more of the following conditions exist:

(1) There is substantial risk that continuance of the pregnancy would gravely impair the physical or mental health of the mother;

(2) The pregnancy resulted from rape or incest.

25952. The Committee of the Medical Staff shall not approve the performance of an abortion on the ground that the pregnancy resulted from rape or incest except in accordance with the following procedure:

(a) Upon receipt of an application for an abortion on the grounds that the pregnancy resulted from rape or incest, the committee shall immediately notify the district attorney of the county in which the alleged rape or incest occurred of the application, and transmit to the district attorney the affidavit of the applicant attesting to the facts establishing the alleged rape or incest. If the district attorney informs the committee that there is probable cause to believe that the pregnancy resulted from a violation of Section 261 or Section 285

of the Penal Code, the committee may approve the abortion. If, within five days after the committee has notified the district attorney of the application, the committee does not receive a reply from the district attorney, it may approve the abortion. If the district attorney informs the committee that there is no probable cause to believe the alleged violation did occur, the committee shall not approve the abortion, except as provided in subdivision (b) of this section;

(b) If the district attorney informs the committee that there is no probable cause to believe the alleged violation did occur, the person who applied for the abortion may petition the superior court of the county in which the alleged rape or incest occurred, to determine whether the pregnancy resulted from a violation of Section 261 or Section 285 of the Penal Code. Hearing on the petition shall be set for a date no later than one week after the date of filing of the petition

The district attorney shall file an affidavit with the court stating the reasons for his conclusion that the alleged violation did not occur, and this affidavit shall be received in evidence. The district attorney may appear at the hearing to offer further evidence or to examine witnesses.

If the court finds that it has been proved, by a preponderance of the evidence, that the pregnancy did result from a violation of Section 261 or Section 285 of the Penal Code, it shall issue an order so declaring, and the committee may approve the abortion. Any hearing granted under this section may, at the court's discretion, be held in camera. The testimony, findings, conclusions or determinations of the court in a proceeding under this section shall be inadmissible as evidence in any other action or proceeding, although nothing herein shall be construed to prevent the appearance of any witness who testified at a proceeding under this section, or to prevent the introduction of any evidence that may have been introduced at a proceeding under this section, in any other action or proceeding.

(c) Notwithstanding any other provision of this section, an abortion shall be approved on the ground of a violation of subdivision 1 of Section 261 of the Penal Code only when the woman at the time of the alleged violation, was below the age of 15 years.

(d) Notwithstanding any other provision of this section, the testimony of any witness in a proceeding under this section shall be admissible as evidence in any prosecution of that witness for perjury.

25953. The committee of the medical staff referred to in Section 25951 must, in all instances, consist of not less than two licensed physicians and surgeons, and if the proposed termination of pregnancy will occur after the 13th week of pregnancy, the committee must consist of at least three such licensed physicians and surgeons In no event shall the termination be approved after the 20th week of pregnancy.

25954. The term "mental health" as used in Section 25951 means mental illness to the extent that the woman is dangerous to herself or to the person or property of others or is in need of supervision or restraint.

SEC. 2. Section 2377 of the Business and Professions Code is amended to read:

2377. The procuring or aiding or abetting or attempting or agreeing or offering to procure an abortion constitutes unprofessional conduct within the meaning of this chapter, unless such an act be done in compliance with the provisions of the Therapeutic Abortion Act, Chapter 11 (commencing with Section 25950) of Division 20 of the Health and Safety Code.

SEC. 3. Section 274 of the Penal Code is amended to read:

274. Every person who provides, supplies, or administers to any woman, or procures any woman to take any medicine, drug, or substance, or uses or employs any instrument or other means whatever, with intent thereby to procure the miscarriage of such woman, except as provided in the Therapeutic Abortion Act, Chapter 11 (commencing with Section 25950) of Division 20 of the Health and Safety Code, is punishable by imprisonment in the state prison not less than two nor more than five years.

SEC. 4. Section 275 of the Penal Code is amended to read:

275. Every woman who solicits of any person any medicine, drug, or substance whatever, and takes the same, or who submits to any operation, or to the use of any means whatever, with intent thereby to procure a miscarriage, except as provided in the Therapeutic Abortion Act, Chapter 11 (commencing with Section 25950) of Division 20 of the Health and Safety Code, is punishable by imprisonment in the state prison not less than one nor more than five years.

SEC. 5. Section 276 of the Penal Code is amended to read:

276. Every person who solicits any woman to submit to any operation, or to the use of any means whatever, to procure a miscarriage, except as provided in the Therapeutic Abortion Act, Chapter 11 (commencing with Section 25950) of Division 20 of the Health and Safety Code, is punishable by imprisonment in the county jail not longer than one year or in the state prison not longer than five years, or by fine of not more than five thousand dollars ($5,000). Such offense must be proved by the testimony of two witnesses, or of one witness and corroborating circumstances.

CHAPTER 328

An act to amend Sections 3110, 3111, 3114, and 3116 of the Streets and Highways Code, relating to assessment districts.

[Approved by Governor June 16, 1967. Filed with Secretary of State June 16, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 3110 of the Streets and Highways Code is amended to read:

3110. The proposed boundaries of the assessment district to be assessed in proceedings shall be described by resolution or ordinance adopted by the legislative body prior to the hearing on the formation or extent of such district. The description of the proposed boundaries shall be by reference to a map of the assessment district which shall indicate by a boundary line the extent of the territory included in the proposed assessment district and such map shall govern for all details as to the extent of such district. Such map shall also contain the name of the city and a distinctive designation, in words or by number, of the district shown thereon.

The map shall be legibly drawn, printed or reproduced by a process that provides a permanent record. Each sheet of paper or other material used for such map shall be eighteen (18) by twenty-six (26) inches in size, shall have clearly shown therein the particular number of the sheet, the total number of sheets comprising the map, and its relation to each adjoining sheet, and shall have encompassing its border a line that leaves a blank margin one inch in width.

The map shall be labeled substantially as follows: Proposed Boundaries of (here insert name or number of district) Assessment District, (here insert name of city and county thereafter), State of California.

If the map consists of more than one page, the same entitlement shall be on each page.

The map shall also have thereon legends reading substantially as follows:

(1) Filed in the office of the (Clerk of the legislative body) this _____ day of _____ 19___.

_____
(Clerk of the legislative body)

(2) I hereby certify that the within map showing proposed boundaries of (here insert name or number of district) Assessment District, (here insert name of city, and, if not a county, insert name of county thereafter), State of California, together with the lots, pieces or parcels of land proposed to be assessed therein, was approved by the city council (or other appropriate legislative body) of the (here insert city) at a regular meeting thereof, held on the _____ day of _____, 19___, by its Resolution No. ____.

(3) Filed this _____ day of _____, 19___, at the hour of _____ o'clock ___m. in Book _____ of Maps of Assessment Districts in the office of the county recorder in the County of _____, State of California.

_____
(County Recorder of County of _____)

SEC. 2. Section 3111 of the Streets and Highways Code is amended to read:

3111. On the original and on at least one copy of the map of the assessment district, the clerk of the legislative body shall endorse his certificate evidencing the date and adoption of the resolution or ordinance describing the proposed boundaries of such district. The clerk shall file the original of such map in his office and, within 15 days after the adoption of the resolution or ordinance fixing the time and place of the hearing on the formation or extent of such district and in no event later than 15 days prior to such hearing, shall file a copy thereof with the county recorder of each county in which all or any part of such proposed assessment district is located upon payment of the filing fee.

SEC. 3. Section 3114 of the Streets and Highways Code is amended to read:

3114. (a) After the confirmation by the legislative body of any assessment, the clerk of the legislative body shall cause to be filed in the office of the county recorder a copy of the assessment diagram.

(b) Said assessment diagram shall be prepared by the engineer responsible for engineering work. The assessment diagram shall be legibly drawn, and at least one copy thereof shall be printed or reproduced by a process that provides a permanent record. Each sheet of paper or other material used for such permanent record map shall be eighteen (18) by twenty-six (26) inches in size, shall have clearly shown thereon the particular number of the sheet, the total number of sheets comprising the map, its relation to each adjoining sheet, and shall have encompassing its border a line that leaves a blank margin one inch in width.

Said map shall be labeled substantially as follows: Assessment Diagram, (here insert name or number of district) Assessment District, (here insert city and name of county thereafter), State of California.

Said map shall also have thereon legends reading substantially as follows:

(County Recorder of County of _____)

(c) The clerk shall file a copy of the assessment diagram referred to in subdivision (b) in the office of the county recorder of the county in which all or any part of the assessment district shown on such assessment diagram is located upon payment of the filing fee. The filing of said assessment diagram shall be made by the clerk.

(d) The county recorder shall endorse upon the assessment diagram filed with him, pursuant to subdivision (c), the time and date of filing and shall fasten the same securely in the "Book of Maps of Assessment Districts" in which he is obligated to keep boundary maps under the provisions of Section 3112 of this code. The county recorder shall cross-index such assessment diagram by reference to the city conducting the proceedings and by reference to page of the book of maps of assessment districts in which the boundary map of said district was filed in said book.

(e) After the confirmation by the legislative body of any assessment and the recording of the assessment and diagram in the office of the street superintendent or other officer of the city in whose office such assessment and diagram shall have been recorded, the clerk of the legislative body shall execute and record a notice of assessment in the office of the county recorder of each county in which all or any part of the assessment district is located. Such notice of assessment shall be in substantially the following form:

NOTICE OF ASSESSMENT

Pursuant to the requirements of Section 3114 of the Streets and Highways Code, the undersigned clerk of the legislative body of _____, State of California, hereby gives notice that a diagram and assessment were recorded in the office of the _____ of said city as provided for in said section, and relating to the following described real property:

(The real property in the assessment district may be described by: (a) stating its exterior boundaries; or (b) giving

a description thereof according to any official or recorded map; or (c) referring to the assessment diagram filed in accordance with subdivisions (c) and (d) of Section 3114 and the book and page number in the office of the county recorder of such filed plat or map.)

Notice is further given that upon the recording of this notice in the office of the county recorder, the several assessments assessed as shown in said filed assessment diagram shall become a lien upon the lots or portions of lots assessed, respectively.

Reference is made to the assessment diagram and assessment roll recorded in the office of the _____ of the said city.

Dated: _____

_____

If the assessment district is located in two or more counties, the notice above set forth, in lieu of the paragraph following the description of the property, shall state:

Notice is further given that the above-described real property is located in the counties of _____ and _____ and upon the recording of this notice in the office of the county recorder of all such counties, effective upon the date of the last such recording, the several assessments as shown in said filed assessment diagram shall become a lien upon the lots or portions of lots assessed, respectively.

SEC. 4. Section 3116 of the Streets and Highways Code is amended to read:

3116. The fees of the county recorder for recording and indexing any document provided for in this division, shall be in the amounts specified in Section 27361, Government Code, and his fees for filing the copy of the map of the proposed assessment district shall be in the amounts specified in Section 27372, Government Code.

CHAPTER 329

An act to amend Section 1 of Chapter 2018 of the Statutes of 1965, relating to the conveyance of certain tide and submerged lands of the state to the City of Benicia.

[Approved by Governor June 16, 1967. Filed with Secretary of State June 16, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 1 of Chapter 2018 of the Statutes of 1965 is amended to read:

Section 1. There is hereby granted to the City of Benicia, a municipal corporation of the State of California, and to its successors, all the right, title and interest of the State of California, held by the state by virtue of its sovereignty in and to all salt marsh, tide and submerged lands, whether filled or unfilled, which are described as follows:

Beginning at a point on the ordinary high water mark which bears S.03° 03′ 53″ W. 172.03 feet from Highway Station 79 + 21.53, said Point of Beginning being on the Right of Way Line of State Highway IV,X-CC.,SOL 75, 74MTZ.,BEN. near the northerly end of the Benicia-Martinez Bridge; thence along the ordinary high water mark N.56° 00′ 00″ E.370.00 feet; thence N.12° 00′ 00″ E.150.00 feet; thence N.07° 00′ 00″ W.760.00 feet; thence N.21° 00′ 00″ E.3050.00 feet; thence N.35° 00′ 00″ E.950.00 feet; thence N.17° 00′ 00″ E.300.00 feet; thence N.33° 00′ 00″ E.1248.76 feet to a point on the northerly line of the Benicia Arsenal; thence on this line projected southeasterly S.23° 52′ 34″ E.1799.81 feet; thence S.31° 43′ 46″ W.6085.00 feet; thence S.56° 38′ 16″ W.483.13 feet to point 4A on the Pierhead Line for Carquinez Strait approved by the Department of the Army August 28, 1962; thence along this Pierhead Line N.26° 16′ 14″ E.861.07 feet to a point on the Westerly Line of State Highway IV,X-CC,SOL75,74MTZ.,BEN.; thence N.32° 25′ 22″ W.292.78 feet to the point of beginning.

To be forever held by such city and by its successors in trust for the uses and purposes, and upon the express conditions following, to wit:

(a) That the lands shall be used by the city and its successors for purposes in which there is a general statewide interest as follows:

(1) For the establishment, improvement and conduct of a harbor, and for the construction, reconstruction, repair, maintenance, and operation of wharves, docks, piers, slips, quays, and all other works, buildings, facilities, utilities, structures and appliances incidental, necessary or convenient for the promotion and accommodation of commerce and navigation.

(2) For all commercial and industrial uses and purposes, and the construction, reconstruction, repair and maintenance of commercial and industrial buildings, plants and facilities, as may be specified by the city council, after public hearing.

(3) For the establishment, improvement and conduct of an airport and heliport or aviation facilities, including but not limited to approach, takeoff and clear zones in connection with airport runways, and for the construction, reconstruction, repair, maintenance and operation of terminal buildings, runways, roadways, aprons, taxiways, parking areas, and all other works, buildings, facilities, utilities, structures and appliances incidental, necessary or convenient for the promotion and accommodation of air commerce and air navigation.

(4) For the construction, reconstruction, repair and maintenance of highways, streets, roadways, bridges, belt line railroads, parking facilities, power, telephone, telegraph or cable lines or landings, water and gas pipelines, and all other transportation and utility facilities or betterments incidental, necessary or convenient for the promotion and accommodation of any of the uses set forth in this section.

(5) For the construction, reconstruction, repair, maintenance and operation of public buildings, public assembly and meeting places, convention centers, parks, playgrounds, bath-

houses and bathing facilities, recreation and fishing piers, public recreation facilities, including but not limited to public golf courses, and for all works, buildings, facilities, utilities, structures and appliances incidental, necessary or convenient for the promotion and accommodation of any such uses.

(6) For the establishment, improvement and conduct of small boat harbors, marinas, aquatic playgrounds and similar recreational facilities, and for the construction, reconstruction, repair, maintenance and operation of all works, buildings, facilities, utilities, structures and appliances incidental, necessary or convenient for the promotion and accommodation of any of such uses, including but not limited to snackbars, cafes, restaurants, motels, launching ramps and hoists, storage sheds, boat repair facilities with cranes and marine ways, administration buildings, public restrooms, bait and tackle shops, chandleries, boat sales establishments, service stations and fuel docks, yacht club buildings, parking areas, roadways, pedestrian ways and landscaped areas.

(b) The city, or its successors shall not at any time, grant, convey, give or alienate such lands, or any part thereof, to any individual, firm or corporation for any purposes whatever; provided, that the city, or its successors, may grant franchises thereon for limited periods, not exceeding 66 years, for wharves and other public uses and purposes, and may lease the lands, or any part thereof, for limited periods, not exceeding 66 years, for purposes consistent with the trusts upon which the lands are held by the state, and with the requirements of commerce and navigation, and collect and retain rents and other revenues from such leases, franchises and privileges. Such lease or leases, franchises and privileges may be for any and all purposes which shall not interfere with commerce and navigation. Nothing contained in this paragraph (b) shall be deemed to affect the validity or term of any franchise granted by said city under the Franchise Act of 1937, and any such franchise shall be effective with respect to the lands.

(c) Within 10 years from the effective date of this act, the lands shall be substantially improved by the city without expense to the state, and if the State Lands Commission determines that the city has failed to improve the lands as herein required, all right, title, and interest of the city in and to all lands granted by this act shall cease and the lands shall revert and rest in the state.

Nothing contained in this act, however, shall preclude expenditures for the development of the lands for any public purpose not inconsistent with commerce, navigation and fishery, by the state, or any board, agency or commission thereof, when authorized or approved by the city, nor by the city of any funds received for such purpose from the state or any board, agency or commission thereof.

(d) In the management, conduct, operation and control of said lands or any improvements, betterments, or structures thereon, the city or its successors shall make no discrimination

in rates, tolls or charges for any use or service in connection therewith.

(e) The state shall have the right to use without charge any transportation, landing or storage improvements, betterments or structures constructed upon the lands for any vessel or other watercraft, aircraft, or railroad owned or operated by the state.

(f) There is hereby reserved to the people of the state the right to fish in the waters on the lands with the right of convenient access to the water over the lands for such purpose

(g) There is hereby excepted and reserved in the state all deposits of minerals, including oil and gas, in the lands, and to the state, or persons authorized by the state, the right to prospect for, mine, and remove such deposits from the lands.

(h) Such lands are granted subject to the express reservation and condition that the state may at any time in the future use the lands or any portion thereof for highway purposes without compensation to the city, its successors or assigns, or any person, firm or public or private corporation claiming under it, except that in the event improvements, betterments or structures have been placed upon the property taken by the state for such purposes, compensation shall be made to the person entitled thereto for the value of his interest in the improvements, betterments or structures taken or the damages to such interest.

(i) The State Lands Commission shall, at the cost of the city, survey and monument the granted lands and record a description and plat thereof in the office of the County Recorder of Solano County.

(j) The city shall cause to be made and filed with the Department of Finance, annually, a detailed statement of receipts and expenditures by it of all rents, revenues, issues and profits in any manner hereafter arising from the granted lands or any improvements, betterments or structures thereon.

CHAPTER 330

An act to amend Section 46156 of the Water Code, relating to water storage districts, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 16, 1967. Filed with Secretary of State June 16, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 46156 of the Water Code is amended to read:

46156. In lieu of the appointment of the three commissioners as provided by Section 46150, the board by resolution may appoint the engineer of the district to apportion the costs of the project or to reassess the costs thereof as provided by this

chapter; provided, however, that if a protest is filed with the board within 10 days of the adoption of said resolution by the owners of 10 percent or more of the assessed value of the land in any division of the district, or by the owners of 2 percent or more of the assessed value of all of the land in the district, such resolution shall not be effective and the three commissioners shall be appointed as provided by Section 46150. In the event of such appointment, the term "commissioners" as used in this chapter shall refer to such district engineer. In all other respects the proceedings of this chapter shall remain the same.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The Rosedale-Rio Bravo Water Storage District in Kern County, California, entered into a contract with the Kern County Water Agency to purchase state water, and water will be available for the district in late 1969. In order to finance the works and have the system ready to take the water when it is available, it is necessary that the assessment be levied before July 1967, and that the bonds thereon be approved and offered for sale in order to have the necessary money available to pay for such construction prior to letting a contract.

CHAPTER 331

An act to add Section 61764 to the Government Code, relating to community services districts, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 16, 1967. Filed with Secretary of State June 16, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 61764 is added to the Government Code, to read:

61764. The ordinance or resolution fixing the standby charge as provided by Section 61765 of this code shall be adopted only after adoption of a resolution setting forth the particular schedule, or schedules of charges proposed to be established and after notice and hearing in the manner prescribed by Section 54354.5 of the Government Code.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of public peace, health and safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

That community services districts, in order to carry out their functions, are obliged to increase their capital investment and to replace works from which insufficient revenue is derived in order to serve their inhabitants with domestic water and sewer service and in order to assure such financing, provision for public hearing and due cause must be made, otherwise protracted delay and litigation will jeopardize needed services for water and sewer service required for the health and comfort of the inhabitants of such districts.

CHAPTER 332

An act to amend Section 11537 of the Business and Professions Code, relating to subdivision maps.

[Approved by Governor June 16, 1967. Filed with Secretary of State June 16, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 11537 of the Business and Professions Code is amended to read:

11537. (a) This chapter does not prohibit the filing of a map in accordance with the provisions of Chapter 3 of this part and the use thereof for purposes therein provided.

(b) A final map may be recorded under the provisions of this chapter for the purpose of reverting to acreage land previously subdivided providing a public hearing on the proposed reversion to acreage is had before the appropriate governing body or advisory agency, and public notice of such hearing is given in a newspaper of general circulation within the area affected, at least once in each of two weeks immediately preceding the hearing. Any map so submitted shall be accompanied by evidence of title and nonuse or lack of necessity of streets or easements which are to be vacated or abandoned. Any streets or easements to be left in effect after the reversion shall be adequately delineated on the map. After the holding of the hearing and approval of the reversion by the governing body or advisory agency the map shall be delivered to the county recorder The filing of the map shall constitute legal reversion to acreage of the land affected thereby, and shall also constitute abandonment of all streets and easements not shown on the map. The governing body may adopt an ordinance requiring the filing of a tentative map in conjunction with such reversion, and also accept any dedication of land by the final map for public streets, highways, ways, or easements as a condition of approval of such tentative map.

(c) A tax bond shall not be required in any of the cases covered by this section.

CHAPTER 333

An act to amend Section 893 of the Penal Code, relating to grand jurors.

[Approved by Governor June 16, 1967. Filed with Secretary of State June 16, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 893 of the Penal Code is amended to read:

893. A person is competent to act as a grand juror only if he possesses the qualifications prescribed by Section 198 of the Code of Civil Procedure.

A person is not competent to act as a grand juror if any of the following apply:

(a) The person is serving as a trial juror in any court of this state.

(b) The person has been discharged as a grand juror in any court of this state within a year.

(c) The person has been convicted of malfeasance in office or any felony or other high crime.

(d) The person is serving as an elected public officer.

CHAPTER 334

An act to amend Section 760 of the Elections Code, relating to new voters.

[Approved by Governor June 16, 1967. Filed with Secretary of State June 16, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 760 of the Elections Code is amended to read:

760. Upon receipt of the return envelope containing the identification envelope, if delivered or mailed from within the county and received by the clerk no later than 5 p.m. on the day before election day, the clerk shall compare the voter's signature on the identification envelope with that appearing on his new resident affidavit of registration and, if they compare, shall deposit the envelope containing the ballot of the new resident in a safe place in his office, to be kept by him until the time prescribed for processing and counting absent voter ballots. An identification envelope shall in no event be opened before the time for canvassing absent voter ballots.

CHAPTER 335

An act to amend Section 74923 of the Government Code, relating to courts.

[Approved by Governor June 16, 1967. Filed with Secretary of State June 16, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 74923 of the Government Code is amended to read:

Sec. 74923. The clerk may appoint one assistant clerk, two senior clerks and four intermediate clerk-typists.

CHAPTER 336

An act to amend Section 73953 of, and to repeal Section 73956 of, the Government Code, relating to courts.

[Approved by Governor June 16, 1967. Filed with Secretary of State June 16, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 73953 of the Government Code is amended to read:

73953. The clerk may appoint:

(a) One chief deputy who shall receive a monthly salary at a rate specified in Schedule No. 35 5.

(b) Five deputy clerks IV, each of whom shall receive the monthly salary specified in Schedule No. 32.

(c) Thirteen deputy clerks III. each of whom shall receive the monthly salary specified in Schedule No. 27.

(d) Ten deputy clerks II, each of whom shall receive the monthly salary specified in Schedule No. 24.

(e) Eight deputy clerks I, each of whom shall receive the monthly salary specified in Schedule No. 20. Appointments to such positions shall be at step B of the schedule.

(f) Two key punch operators, each of whom shall receive the monthly salary specified in Schedule No. 22.5. The person now holding the position of key punch operator as appointed on September 1, 1966, by the Clerk of the San Diego Municipal Court by authority of Section 72150 of the Government Code and assigned to this court by authority of Section 72002 of the Government Code shall succeed to one such position without further examination, qualification or certification on a civil service eligible list.

(g) One court interpreter who shall receive a monthly salary at a rate specified in Schedule No. 26. The person now holding the position of court interpreter as appointed on September 1, 1966, by the Judges of the San Diego Municipal

Court by authority of Section 72150 of the Government Code and assigned to this court by authority of Section 72002 of the Government Code shall succeed to this position without further qualification or certification on a civil service eligible list. The value, in dollars, of each monthly salary herein shall be at the rates indicated opposite the respective schedule number in the salary schedule provided in Section 74343.1. The provisions of subdivisions (a), (b), (c), and (d) of said section apply to the attachés appointed pursuant to this section. In no event shall the salary of the clerk or any deputy clerk who occupied his position on the day prior to the effective date of this section be less than his salary on such day.

SEC. 2. Section 73956 of the Government Code is repealed.

CHAPTER 337

An act to amend Section 12817 of, and to repeal Section 12816.5 of, the Public Utilities Code, relating to municipal utility districts.

[Approved by Governor June 16, 1967. Filed with Secretary of State June 16, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 12816.5 of the Public Utilities Code is repealed.

SEC. 2. Section 12817 of the Public Utilities Code is amended to read:

12817. A district may, through contract or otherwise, construct, maintain, improve and operate public recreational facilities appurtenant to any water reservoir owned or operated by the district, and the district may expend funds on such public recreational facilities.

CHAPTER 338

An act to amend Section 24304 of the Government Code, relating to county offices.

[Approved by Governor June 16, 1967. Filed with Secretary of State June 16, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 24304 of the Government Code is amended to read:

24304. Notwithstanding the provisions of Section 24300, in counties of the 13th to 57th classes, inclusive, the board of supervisors by ordinance may consolidate the duties of certain of the county offices in one or more of these combinations:

CHAPTER 339

An act to amend Section 23113 of the Government Code, relating to county boundaries.

[Approved by Governor June 16, 1967. Filed with Secretary of State June 16, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 23113 of the Government Code is amended to read:

23113. The boundaries of Imperial County are as follows:

Beginning on the second standard parallel south of S.B.B. & M., at the common corner of T.9 S., R.9 E., and T.9 S., R.8 E., said corner being the northwest corner of Imperial County and the northeast corner of San Diego County; thence south on the range line between R.8 E. and R.9 E. to the boundary line between the United States and Mexico; thence easterly following the boundary line between United States and Mexico as fixed by the treaty of Guadalupe Hidalgo to Boundary Point No. 34, which is the intersection of the centerline of the Colorado River and the International Boundary Line between California and the United Mexican States, which point is common to the boundaries of Arizona, the United Mexican States, and California, said Boundary Point No. 34, and all other boundary points mentioned hereafter, being described in "Interstate Compact Defining the Boundary Between the States

of Arizona and California," a true and complete copy of which is on file for a permanent public record in the office of the California Secretary of State, and certified copies of which are on file in the office of the California State Lands Commission and also in the office of the County Recorder of Imperial County; thence northeasterly and easterly along the centerline of the Colorado River to Boundary Point No. 33 in the Colorado River vertically below the center of the new U. S. Highway 80 Bridge; thence easterly along the centerline of the Colorado River to Boundary Point No. 32 on the centerline of the Colorado River where said centerline intersects the east line of Section 35, T. 16 S., R. 22 E., S.B.M.; thence leaving the Colorado River, north along the east line of said Section 35 to Boundary Point No. 31; thence due East approximately 110 feet to Boundary Point No. 30; thence northerly to Boundary Point No. 29; thence due East to Boundary Point No. 28; thence northerly approximately 700 feet to Boundary Point No. 27; thence easterly about 1.93 miles to Boundary Point No. 26, being the west quarter corner of Section 13, T. 8 S., R. 23W., Gila and Salt River Meridian; thence north and east along Section lines between Boundary Points Nos. 26 through 21; thence from Boundary Point No. 21, easterly to Boundary Point No. 20, being a point on the centerline of the Colorado River; thence northerly up the Colorado River, along the Interstate Boundary as described in above mentioned Interstate Compact, to its intersection with the line of the second standard parallel south of the S.B.B. & M.; thence westerly and following the said second standard parallel to the place of beginning.

That portion of the Imperial County boundary line which coincides with the Arizona-California Interstate Boundary is shown on a series of Planimetric Maps appearing in Exhibit "A" of above mentioned Interstate Compact.

Geographic Positions and Plane Coordinates of all boundary points mentioned in above description are listed in Exhibit "A" of said Interstate Compact.

CHAPTER 340

An act to amend Section 23133 of the Government Code, relating to county boundaries.

[Approved by Governor June 16, 1967. Filed with Secretary of State June 16, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 23133 of the Government Code is amended to read:

23133. The boundaries of Riverside County are as follows:

Beginning at the corner common to Orange, San Bernardino, and Riverside Counties, being located at the point of intersection of the easterly boundary of the El Canon de Santa Ana Rancho with course number seven of the boundary line, established by joint survey in December, 1876, and January, 1877, as the line between Los Angeles and San Bernardino Counties; thence southeasterly along said line of survey to the point of beginning of said joint survey, it being upon the northern boundary of San Diego County, as it was then established; thence southwesterly to a point on the eastern line of Rancho Mission Viejo or La Paz two miles north of the south boundary of T. 7 S., S. B. B. & M.; thence south along said boundary to the point of intersection of said line with the township line between T. 7 S. and T. 8 S., S. B. B. & M.; thence easterly along said township line to its intersection with the western boundary of Santa Rosa Rancho; thence southerly along the boundary of said rancho to where said boundary of said rancho intersects the range line between T. 8 S., T. 3 W., and T. 8 S., T. 4 W.; thence south on said range line to the point of intersection of the said line with the second standard parallel south; thence east along said parallel to its intersection with the interstate boundary between the States of Arizona and California on the centerline of the Colorado River, said interstate boundary and centerline being described in "Interstate Compact Defining the Boundary Between the States of Arizona and California", a certified copy of which is recorded and filed in the office of the County Recorder of Riverside County; thence northerly along said interstate boundary to its point of intersection with the east and west centerline of T. 1 S., R. 24 E., S. B. B. & M., or the prolongation thereof; thence westerly along the section lines to the southeast corner of Sec. 17, T. 1 S., R. 16 E., S. B. B. & M.; thence north to the northwest corner of said Sec. 8; thence west to the quarter corner of the south line of Sec. 2, T. 2 S., R. 5 W., S. B. B. & M.; thence north to the quarter corner on the north line of said Sec. 2; thence west to the southwest corner of Sec. 31, T. 1 S., R. 6 W.; thence south along the section lines to the northern boundary of the Jurupa Rancho; thence southwesterly along said north boundary to the northwest corner of said Rancho; thence south along the west boundary of said Jurupa Rancho to the quarter corner on the east line of Sec. 9, T. 3 S., R. 7 W., thence west in a direct line to the center of Sec. 7, same township and range; thence south

in a direct line, to the quarter corner on the south line of Sec. 19, T. 3 S., R. 7 W., thence west to the east boundary of the El Canon de Santa Ana Rancho; thence southerly along the easterly boundary of said Rancho to the place of beginning.

That portion of the Riverside County boundary line which coincides with the Arizona-California Interstate Boundary is shown on a series of Planimetric Maps appearing in Exhibit "A" of the above-mentioned Interstate Compact.

CHAPTER 341

An act to add Section 155.6 to the Revenue and Taxation Code, relating to property taxation, declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 16, 1967. Filed with Secretary of State June 16, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 155.6 is added to the Revenue and Taxation Code, to read:

155.6. Notwithstanding anything in this code to the contrary, the board of supervisors may by ordinance provide that every person who at 12 o'clock meridian of the first Monday in March 1966 was the owner of, or had in his possession, or under his control, any taxable property, which was thereafter damaged or destroyed by flood or storm conditions prior to December 31, 1966, in an area or region subsequently proclaimed by the Governor to be in a state of disaster may, within the time specified in the ordinance, make an application for reassessment of such property and deliver to the assessor a written statement under oath, accompanied by a certificate of a disinterested competent person or authority, showing the condition and value, if any, of the property immediately after the damage or destruction, which damage must be shown therein to be in excess of one thousand dollars ($1,000). The assessor shall assess the property, or reassess it if it has already been assessed, according to the condition and value immediately after the damage or destruction, and the assessor, if he reassesses the property, shall transmit to the local board of equalization a description of the property so assessed, the name of the person making the application in connection with the property, and the value of the property so reassessed. Upon such notice as it may find to be proper, the local board of equalization shall equalize any such assessment or reassessment.

The tax rate fixed for property on the roll on which the property so assessed appears or the property so reassessed appeared at the time of its original assessment shall be applied to the amount of the equalized assessment or reassessment de-

termined in accordance with the preceding paragraph. In the event that the resulting figure is less than the tax theretofore computed, the taxpayer shall be liable for tax only for the lesser amount, and the difference shall be canceled. If the taxpayer has already paid the tax previously computed, such difference shall be refunded to him pursuant to Chapter 5 (commencing with Section 5096) of Part 9 of this division, as an erroneously collected tax.

This section applies to all counties, whether operating under a charter or under the general laws of this state.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The recent disastrous floods within the County of Tulare, an area subsequently proclaimed by the Governor to be in a state of disaster, has destroyed and damaged property to such an extent that unless partial relief from taxation is given to the owners thereof, there is grave danger that they may be unable to pay the taxes currently levied thereon. In order that property tax relief may be afforded at the earliest possible time to the people in these stricken areas, it is necessary that this act go into immediate effect.

CHAPTER 342

An act to amend Sections 10208 and 10209 of the Elections Code, relating to rotation of candidates on general election ballot.

[Approved by Governor June 16, 1967. Filed with Secretary of State June 16, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 10208 of the Elections Code is amended to read:

10208. If the office is an office to be voted on throughout but wholly within one county, except the office of Representative in Congress or State Senator or Assemblyman, and there is but one assembly district in the county, the county clerk of that county shall arrange the names of all candidates for the office, other than incumbents, in alphabetical order, which order shall be the order of names upon the ballots. If there is more than one assembly district in the county, the county clerk shall arrange the names of all candidates for the office other than incumbents, in alphabetical order for that assembly district in the county which is lowest in numerical order, and thereafter for each succeeding assembly district in the county,

the name appearing first for each office in the last preceding assembly district shall be placed last, the order of the other names remaining unchanged.

SEC. 2. Section 10209 of the Elections Code is amended to read:

10209. If the office is that of State Senator or Assemblyman, or any office to be voted on wholly within any county but not throughout the county, except the office of Representative in Congress, the names of all candidates for the office, other than the incumbent, shall be placed upon the ballot in alphabetical order.

CHAPTER 343

An act to amend Section 10002 of the Elections Code, relating to ballot paper.

[Approved by Governor June 16, 1967. Filed with Secretary of State June 16, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 10002 of the Elections Code is amended to read:

10002. Ballot paper supplied by the Secretary of State shall be watermarked or overprinted with a design, to be furnished by the Secretary of State, so that the watermark or overprint shall be plainly discernible on the outside of the ballot when folded according to law. The design shall be kept secret, until the day of election, from all persons not engaged in the preparation, printing, or distribution of the paper or ballots. The design shall be changed for each general election, and the same design shall not be used again at any general election within the space of five years. At any special or local election paper marked with the design used at the previous election may be used.

CHAPTER 344

An act to add Section 25413.1 to the Education Code, relating to junior colleges.

[Approved by Governor June 20, 1967. Filed with Secretary of State June 20, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 25413.1 is added to the Education Code, to read:

25413.1. When a junior college district, members of the governing board of which are also members of the governing

board of a city school district with an average daily attendance of 400,000 or more in grades kindergarten through 12, serves a greater area than the city school district, the persons who serve as members on the governing board of the junior college district shall not serve also as members of the city school district board. Those persons who serve as members of the governing boards of both the junior college district and the city school district shall, on or before December 31, 1968, elect on which of the two boards they will continue to serve. Those persons who elect to serve as members of either the governing board of the junior college district or the governing board of the city school district shall continue to serve also as members of the governing board from which they have elected to withdraw until their successors on such board are elected at the governing board election next following December 31, 1968, and have assumed office.

On or before December 31, 1968, each employee who serves on a districtwide basis for either the junior college district or the city school district and who renders 50 percent or more of his services to the junior college district shall elect to serve either the junior college district or the city school district. Such election shall become effective on July 1, 1969. After such time, no such employee shall have tenure or classification as a permanent employee in other than the district in which he elects to serve. Any employee failing to make such an election shall be deemed to have elected to serve the city school district.

If both the city school district and the junior college district have adopted a merit system as provided in Article 5 (commencing with Section 13701) of Chapter 3, Division 10 of this code, and were served by a single personnel commission as provided in Section 13705, then a new personnel commission shall be appointed for the junior college district as provided in Sections 13707, 13707.1 and 13707.2. The new personnel commission shall appoint a personnel director in the manner provided in Section 13717 within 90 days after the appointment of at least two of its members. The personnel commission which had served both districts shall continue to serve both districts pursuant to the terms of a contract entered into by the personnel commission and both school districts until such time as the newly appointed personnel commission determines that it can serve the junior college district.

The rights, benefits and burdens of classified employees shall be fixed in accordance with the provisions of Sections 13584 and 13584.1; the personnel commission of the junior college district shall initially adopt the rules of the personnel commission which had served both districts. The governing board of the junior college district shall fix the compensation of classified employees in accordance with Section 13601.5.

Any part or all of the land, buildings, fixtures, leases, and other real property which are jointly owned by the city school district and the junior college district may, at the option of the city school district, become the property of the city school

district subject to the requirement that the city school district pay cash, or other valuable consideration acceptable to the junior college district, to the junior college district for its proportionate interest in such real property. Such payments may be made in installments over a five-year period, commencing July 1, 1969. Such property shall be valued at its insurable value as of July 1, 1969. In cases where the value of real property cannot be established by reference to insurable value the market value of the property shall be used for valuation purposes. In order to provide for such payments, the maximum school district tax for such city school district is hereby increased by such amount as will produce the amount of such payments made pursuant to this section, and the increase shall be in addition to any other schools district tax authorized by law to be levied. Such maximum school district tax increase shall remain in effect until all payments to the junior college district for its interest in such real property have been made.

All equipment and supplies, including fixtures, and other personal property located in any school shall remain with and become the property of the district operating such school. Any part or all of the equipment, supplies, fixtures, and other personal property, located in a facility owned jointly by both such districts, and which property has been used jointly by both such districts may, at the option of the city school district, become the property of the city school district subject to the requirement that the city school district pay cash, or other valuable consideration acceptable to the junior college district, to the junior college district for its proportionate interest in such personal property. Such personal property shall be valued at its insurable value as of July 1, 1969.

Equipment, supplies, and other stores possessed jointly by both districts as of July 1, 1969 shall be distributed in kind or in cash value in accordance with the costs as reflected in the records of the junior college district and the city school district.

One district may contract with the other district for the performance of services under such terms and conditions as may be agreed upon by the two districts.

Whenever in this code a section refers to a district, or to two or more districts, governed by a single governing board, or by governing boards of identical personnel, or to a district or districts in which the average daily attendance is in excess of 400,000, or makes a similar such reference, all provisions of such section shall apply with equal force to both such city school district and junior college district.

SEC. 2. It is the intention of the Legislature in enacting this act to provide for a separate governing of a junior college district which includes an area of a city school district with an average daily attendance of 400,000 or more in grades kindergarten through 12, plus additional outside area. It is not the intention of the Legislature by this act to provide

for the manner in which, the times at which, or the terms for which members of the board of education of such city school district shall be elected or appointed, nor to provide for their qualifications or removal, except to permit any of such members to serve on the governing board of the junior college district, rather than on the governing board of the city school district.

CHAPTER 345

An act to add Section 1019 to the Education Code and to add Section 3364.5 to the Labor Code, relating to authorization of insurance coverage for persons serving as volunteers for school districts.

[Approved by Governor June 20, 1967. Filed with Secretary of State June 20, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 1019 is added to the Education Code, to read:

1019. Notwithstanding Section 1017 of this article, the governing board of any school district may provide for persons authorized by the governing board to perform volunteer services for the district insurance coverage which is the same as or comparable to that provided by the governing board for its employees, including coverage under the provisions of Division 4 (commencing with Section 3201) of the Labor Code.

SEC. 2. Section 3364.5 is added to the Labor Code, to read:

3364.5. Notwithstanding Section 3351 of the Labor Code, a volunteer, unsalaried person authorized by the governing board of a school district to perform volunteer services for the school district shall, upon the adoption of a resolution of the governing board of the school district so declaring, be deemed an employee of the district for the purposes of this division and shall be entitled to the workmen's compensation benefits provided by this division for any injury sustained by him while engaged in the performance of any service under the direction and control of the governing board of the school district.

CHAPTER 346

An act to add Section 1716 to the Civil Code, relating to solicitation of payment of money.

[Approved by Governor June 20, 1967. Filed with Secretary of State June 20, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 1716 is added to the Civil Code, to read:

1716. It shall be unlawful for any person to solicit payment of money by another by means of a statement or invoice, or any writing that could reasonably be interpreted as a statement or invoice, for goods not yet ordered or for services not yet performed and not yet ordered, unless there appears on the face of the statement or invoice or writing in 30-point boldface type the following warning:

"This is a solicitation for the order of goods or services and you are under no obligation to make payment unless you accept the offer contained herein."

Any person damaged by noncompliance with this section, in addition to other remedies, is entitled to damages in the amount equal to three times the sum solicited.

CHAPTER 347

An act to amend Section 10652 of the Education Code, relating to tuition and fees for children of disabled veterans at state-owned schools.

[Approved by Governor June 20, 1967. Filed with Secretary of State June 20, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 10652 of the Education Code is amended to read:

10652. No state-owned college, university, or other school shall charge any tuition, or incidental fees to any dependent receiving assistance under Article 2 (commencing with Section 890) of Chapter 4 of Division 4 of the California Military and Veterans Code or to any child of any veteran of the United States military service who has a service-connected disability, and whose annual income not including governmental compensation for such service-connected disability, does not exceed five thousand dollars ($5,000). Nothing contained in this section shall prevent the Regents of the University of California

from charging to and collecting from nonresident students an admission fee and rate of tuition nor shall anything in this section prevent the charging and collecting of fees required of nonresident students admitted to schools under the jurisdiction of the Department of Education or the Director of Education or to a state college under the jurisdiction of the Trustees of the California State Colleges.

CHAPTER 348

An act to amend Sections 5835.5, 5855, and 19170 of, and to add Sections 5821.3, 19056 and 19165.1 to, the Streets and Highways Code, relating to maintenance districts.

[Approved by Governor June 20, 1967. Filed with Secretary of State June 20, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 5821.3 is added to the Streets and Highways Code, to read:

5821.3. In the event that an ordinance requires the installation of a sewer, drainage, or street lighting system by a subdivider, the resolution of intention may state that the territory owned by the subdivider comes under the the terms of such ordinance and order that such territory be formed into a maintenance district, or annexed to an existing maintenance district, without notice and hearing.

SEC. 2. Section 5835.5 of the Streets and Highways Code is amended to read:

5835.5. Pursuant to a resolution adopted by its board of supervisors a county may lend any available county funds to a county lighting maintenance district for the replacement of obsolete lighting system equipment. Any such loan may be restricted for use in a temporary zone formed under the provisions of Section 5855. The loan shall bear interest at a rate to be fixed by the board of supervisors and shall be repaid in approximately equal installments over a period not to exceed 10 years. Any funds lent to the district are appropriated for the purposes for which the loan was made. Any area of a district, or of a temporary zone in a district, which is included in a city by annexation or incorporation after a loan has been made shall continue to be taxed for the repayment of its proportionate part of the unpaid balance of the loan.

If a zone is formed, the board of supervisors shall, in the first fiscal year in which a special tax may be levied in said zone, and in each succeeding year of the duration of the zone, levy a special tax upon the taxable property in the zone for the purpose of repaying the amount lent to the district by the county. When the loan has been repaid, the zone shall terminate.

SEC. 3. Section 5855 of the Streets and Highways Code is amended to read:

5855. Where the board of supervisors or legislative body has so declared in its resolution of intention to order the formation of a lighting maintenance district or any annexation thereto, the board of supervisors or legislative body may, in its resolution ordering the formation of a lighting maintenance district or any annexation thereto, order the district divided into tax assessment zones. Tax assessment zones may be formed at a time other than at the formation of the district or any annexation thereto if pursuant to the same procedure of resolution, notice, and hearing as are applicable under this chapter to the annexation of territory.

No district shall be divided into zones unless the board of supervisors or legislative body finds that a tax assessment zone requires special services or special facilities in addition to those provided generally by the maintenance district or the replacement of obsolete lighting, and that the tax levy is commensurate with the special benefits to be provided in the zone. The boundaries of tax assessment zones may be changed or a zone may be dissolved in the same manner that a zone may be formed in an existing district.

SEC. 4. Section 19056 is added to the Streets and Highways Code, to read:

19056. In the event that an ordinance requires the installation of a street lighting system by a subdivider, the board of supervisors may, as an alternative procedure, adopt a resolution stating that the territory described in the resolution is owned by the subdivider and comes under the terms of such ordinance, and order that such territory be formed into a district or annexed to a district. If this procedure is used, the provisions of this part relating to petition, notice, hearing, election, and the District Investigation Law of 1933 shall not be applicable.

SEC. 5. Section 19165.1 is added to the Streets and Highways Code, to read:

19165.1. As an alternative to the petition procedure, the board of supervisors may, by a four-fifths vote, determine that the public safety and convenience require replacement of an obsolete system. The resolution may propose that a temporary zone be established, which zone will be benefited by the work, for the purpose of levying a special tax in the zone to finance the cost of the work.

The resolution shall contain that matter required by Section 19166. Notice and hearing of the resolution shall be substantially as required by Sections 19168 and 19169. If the board of supervisors determines at the hearing, by a four-fifths vote, that it is just and equitable and in the public interest that the obsolete lighting be replaced and that the proposed temporary zone be formed, it shall fix and describe the boundaries of the proposed zone in such a manner as to exclude any territory which will not be benefited by

inclusion in the zone; it shall declare the zone established; it shall designate the zone by a name or number; and it shall specify the duration and purposes of the zone, not to exceed 10 years from the beginning of the next ensuing fiscal year in which a special tax levy may be made in said zone.

Except as provided in this section, any zone formed under this section shall be subject to the provisions of this chapter.

SEC. 6. Section 19170 of the Streets and Highways Code is amended to read:

19170. If the board of supervisors determines with respect to a petition for the replacement of lights filed in conformity with this chapter, that

(a) It is just and equitable, and in the public interest, that the obsolete lighting system be replaced as provided in this chapter and that the proposed temporary zone be formed, and

(b) The petition was signed by resident taxpayers representing 60 percent or more of the total assessed valuation of all taxable property within the territory proposed to be formed into a zone, the board shall by resolution, entered in its minutes, fix and describe the boundaries of the proposed zone in such manner that any territory which will not be benefited by inclusion therein, or which is not contiguous thereto, or which is not described in the petition, shall not be included therein; shall declare said zone established, designating it by an identifying name or number; and shall specify the purposes and duration thereof, not to exceed 10 years from the beginning of the next ensuing fiscal year in which a special tax levy may be made in said zone.

CHAPTER 349

An act to amend Section 13.15 of the Sonoma County Flood Control and Water Conservation District Act (Chapter 994, Statutes of 1949), and to add Section 54929.2 to the Government Code, relating to the Sonoma County Flood Control and Water Conservation District, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 20, 1967. Filed with Secretary of State June 20, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 13.15 of the Sonoma County Flood Control and Water Conservation District Act (Chapter 994, Statutes of 1949) is amended to read:

Sec. 13.15. Proceedings heretofore had under this act creating the following described zones within the Sonoma County Flood Control and Water Conservation District are hereby ratified, confirmed and validated and, in addition thereto, said zones are hereby declared to exist for the purposes of and

with the powers necessarily incident to the undertaking within the boundaries of said zone of any projects or works of improvement authorized to be undertaken by the Sonoma County Flood Control and Water Conservation District or which could be authorized to be undertaken by a zone created under this act notwithstanding any defect in or lack of ability to obtain such broad powers for such zones through said proceedings heretofore had; provided, that the zone assessment in any one fiscal year shall not exceed an aggregate of twenty-five cents ($0.25) on each one hundred dollars ($100) of assessed valuation for any and all of such zone projects or works of improvement, exclusive of the tax necessary to pay principal and interest on such zone bonded indebtedness, unless the excess has been authorized at an election as provided in Section 13.9 of this act.

Such zones created and declared are particularly described as follows:

Zone No. 1-A, Laguna-Mark West. That land within the County of Sonoma, State of California, comprising and contained within substantially all of the watershed tributary to the Russian River through Mark West Creek and/or the Laguna de Santa Rosa together with certain neighboring closely abutting land thereto, said zone being more particularly described in "Sonoma County Flood Control and Water Conservation District, Zone No. 1-A, Laguna-Mark West" description of boundaries recorded in the office of the County Recorder of Sonoma County in Official Records Book 1662 beginning at page 3, Sonoma County Records.

Zone No. 2-A, Petaluma Basin. That land within the County of Sonoma, State of California, comprising and contained within substantially all of the watershed tributary to San Pablo Bay through Petaluma Creek otherwise known as Petaluma River together with certain neighboring closely abutting land thereto, said zone being more particularly described in "Sonoma County Flood Control and Water Conservation District, Zone No. 2-A, Petaluma Basin" description of boundaries recorded in the office of the County Recorder of Sonoma County in Official Records Book 1662 beginning at page 8, Sonoma County Records.

Zone No. 3-A, Valley of the Moon. That land within the County of Sonoma, State of California, comprising and contained within substantially all of the watershed of Sonoma Creek which lies generally to the north of Shellville together with certain neighboring abutting land thereto, such land being more particularly described in "Sonoma County Flood Control and Water Conservation District, Zone No. 3-A, Valley of the Moon" description of boundaries recorded in the office of the County Recorder of Sonoma County in official records, Book 2252, beginning at page 718, Sonoma County Records.

Zone No. 5-A, Lower Russian River. That land within the County of Sonoma, State of California, comprising and contained within substantially all of the watershed tributary to

the Russian River downstream from State Highway 101 bridge at Healdsburg together with certain neighboring closely abutting lands thereof excluding the lands tributary to the Russian River through Mark West Creek and Laguna de Santa Rosa and through Dry Creek, said zone being more particularly described in "Sonoma County Flood Control and Water Conservation District, Zone No. 5-A, Lower Russian River" description of boundaries recorded in the office of the County Recorder of Sonoma County in Official Records Book 1662 beginning at page 14, Sonoma County Records.

Zone No. 7-A, North Coastal. Substantially all of the watershed tributary directly to the Pacific Ocean which lies within the County of Sonoma, State of California, northerly of the mouth of the Russian River together with certain neighboring closely abutting land thereto but excluding substantially all land tributary to the Russian River, said zone being more particularly described in "Sonoma County Flood Control and Water Conservation District, Zone No. 7-A, North Coastal" description of boundaries recorded in the office of the County Recorder of Sonoma County in Official Records Book 1662 beginning at page 19, Sonoma County Records.

Zone No. 8-A, South Coastal. Substantially all of the watershed tributary directly to the Pacific Ocean which lies within the County of Sonoma, State of California, southerly of the mouth of the Russian River together with certain neighboring closely abutting land thereto but excluding substantially all land tributary to the Russian River, said zone being more particularly described in "Sonoma County Flood Control and Water Conservation District, Zone No. 8-A, South Coastal" description of boundaries recorded in the office of the County Recorder of Sonoma County in Official Records Book 1662 beginning at page 21, Sonoma County Records

In connection with each of the foregoing zones, the board of directors of Sonoma County Flood Control and Water Conservation District may by resolution, upon certification of the chief engineer of said district to the effect that fifty percent (50%) or more of the area of a particular parcel of land in one ownership lies within another of the foregoing zones instead of the zone within which it has theretofore been contained and upon request for adjustment of zone boundaries made by the owners of record of such parcel, subdivide said parcel and appropriately adjust the boundaries of said zones to include within each the land lying within the principal watersheds thereof or transfer the entire parcel into the zone within which more than fifty percent (50%) of the area of such parcel is contained notwithstanding any other provision of this act.

In connection with each of the foregoing zones, the board of directors of Sonoma County Flood Control and Water Conservation District may by resolution, upon certification of the chief engineer of said district to the effect that all of the area of a particular parcel of land in one ownership lies outside of

the watershed of the zone within which it is contained and upon request of the owner of record thereof that said land be excluded from such zone, exclude said land from said zone notwithstanding any other provision of this act.

SEC. 2. Section 54929.2 is added to the Government Code, to read:

54929.2. Notwithstanding Sections 54902 and 54903 or any other provision of this chapter, the formation of Zone No. 3-A, Valley of the Moon, of Sonoma County Flood Control and Water Conservation District, shall be effective for assessment and taxation purposes and the zone may levy and collect assessments for fiscal year 1967–68 and each year thereafter, pursuant to Section 13.9 of the Sonoma County Flood Control and Water Conservation District Act, if the statement and map or plat required by this chapter are filed on or before June 30, 1967.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The Sonoma County Flood Control and Water Conservation District has established Zone No. 3-A Valley of the Moon in order to implement the purposes of the Sonoma County Flood Control and Water Conservation District Act within the Sonoma Creek watershed. Extensive and serious flood damage has occurred annually within the watershed of Sonoma Creek and within the zone, and the immediate pursuit of public improvement projects planned by the district is essential to alleviate further property damage and loss.

CHAPTER 350

An act to add Section 23753.2 to, and to amend Sections 23755, 23756 and 23761 of, the Education Code, relating to the California State Colleges.

[Approved by Governor June 20, 1967. Filed with Secretary of State June 20, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 23753.2 is added to the Education Code, to read:

23753.2. Except where otherwise specifically provided, all determinations of a student's status as a resident or nonresident, shall be based upon such status on the residence determination date, which date is defined as the last day a student may register at any state college without payment of a late registration fee, for the term during which he proposes to attend a state college. The trustees shall periodically determine and publish the residence determination date.

SEC. 2. Section 23755 of the Education Code is amended to read:

23755. Any unmarried minor whose parent is in the active military service of the United States of America and is stationed in this state on the residence determination date shall, for the purposes of Sections 23604 to 23607, inclusive, Sections 23751 to 23803, inclusive, Sections 24051 to 24104, inclusive, Sections 24451 to 24455, inclusive, and Sections 24581, 24582, and 24601, be deemed to be a resident of this state for such semester. Any admission fee or rate of tuition required of such person shall not exceed the amount required of a resident student enrolled in the same course as such person.

SEC. 3. Section 23756 of the Education Code is amended to read:

23756. "A resident student" means any person who has been a bona fide resident of the state for more than one year immediately preceding the residence determination date.

The residence of each student shall be determined in accordance with the rules for determining residence prescribed by Sections 243 and 244 of the Government Code. The residence of an unmarried minor who has a parent living cannot be changed by either his own act or that of his guardian, except that:

(a) Where immediately prior to enrolling in any California institution of higher learning the minor child has lived with and been in the continuous direct care and control of any person or persons other than a parent for a period of not less than two years, the residence of the minor child is the residence of the person, or persons having such care and control after the expiration of that two years. As used in this subdivision, "California institution of higher learning" means any public or private university, college, or junior college in the state.

(b) Any person who qualifies for residence status under subdivision (a) of this section or under Sections 243 and 244 of the Government Code shall not lose such residence status by virtue of his marriage to a nonresident who lives in California nor shall such person be required to reestablish residency upon reaching his or her majority.

(c) Any minor child, a citizen of the United States, or any alien, who is a minor child, who has been lawfully admitted to the United States for permanent residence in accordance with all applicable provisions of the laws of the United States, who for a period of more than one year immediately preceding the residence determination date has lived with his mother, who is living apart from his father, and has been for a period of more than one year immediately preceding the residence determination date present in the state with the intention of making her permanent home therein, is a resident student.

(d) Any person whose residence is derived from a parent and who loses California residence by reason of a change of

residence by such parent, shall be considered a resident student for tuition purposes for a period of one year following such change of residence by his parent, provided that such parent was a bona fide resident of California for at least one year immediately preceding such change of residence from California.

(e) Any minor child who has been a bona fide resident of the state for more than 10 years immediately preceding the residence determination date shall be deemed a "resident student" notwithstanding the place of abode or residence of either living parent or guardian of the minor child. Except as otherwise provided in this subdivision, the residence of the minor child shall be determined in accordance with the rules for determining residence prescribed by Sections 243 and 244 of the Government Code.

SEC. 4. Section 23761 of the Education Code is amended to read:

23761. Every alien student is deemed to be a nonresident student unless he has been lawfully admitted to the United States for permanent residence in accordance with all applicable provisions of the laws of the United States.

Nothing in this article or in Sections 243 and 244 of the Government Code prevents the trustees from causing to be classified as a resident student any alien who has been lawfully admitted to the United States for permanent residence in accordance with all applicable provisions of the laws of the United States or any citizen of the United States if such citizen or alien has attained his majority in accordance with the laws of this state and for a period of one year immediately preceding the residence determination date has been entirely self-supporting and actually present in the state with the intention of acquiring a residence therein.

SEC. 5. This act shall become operative for semesters and quarters on and after January 1, 1968.

CHAPTER 351

An act to amend Section 18934 of the Financial Code, relating to insurance premium financing.

[Approved by Governor June 20, 1967. Filed with Secretary of State June 20, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 18934 of the Financial Code is amended to read:

18934. A premium finance agreement may provide for the payment of a default charge of one dollar ($1) to a maximum of 5 percent of the delinquent installment but not to exceed five dollars ($5), in the event of a default for a period of not

less than 10 days in the payment of any scheduled installment under the terms of a premium finance agreement. Said charge may not be collected more than once for the same default and may be collected at the time of such default or at any time thereafter. If such default charge is deducted from any payment received after default occurs, and such deduction results in the default of a subsequent installment, no charge may be made for the resulting default.

CHAPTER 352

An act to add Sections 1622.1, 1624.1 and 1624.2 to the Revenue and Taxation Code, relating to tax appeals boards, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 20, 1967. Filed with Secretary of State June 20, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 1622.1 is added to the Revenue and Taxation Code, to read:

1622.1. As an alternative to the selection procedure provided in Section 1622, the county board of supervisors may, by ordinance, elect to appoint directly the members of the assessment appeals board. Approval of each member shall be by majority vote of the board of supervisors.

SEC. 1.1. Section 1624.1 is added to the Revenue and Taxation Code, to read:

1624.1. No person shall be qualified to be a member of an assessment appeals board who has, within the three years immediately preceding his appointment to such board, been an employee of an assessor's office.

SEC. 1.2. Section 1624.2 is added to the Revenue and Taxation Code, to read:

1624.2. No member of an assessment appeals board shall knowingly participate in any assessment appeal proceeding wherein the member has an interest in either the subject matter of or a party to the proceeding of such nature that it could reasonably be expected to influence the impartiality of his judgment in the proceeding. Violation of this section shall be cause for removal under Section 1625 of this code.

SEC. 2. Nothing in this act shall affect the term of, or qualifications for, the office of any present member of a tax appeals board.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

It is essential to have members of an assessment appeals board appointed directly by the board of supervisors rather than by lot in order to insure that the best qualified individuals will be selected to serve on a board and that the board will contain a proper balance of individuals possessing such skills and ability as will enable it to discharge its duties fairly and efficiently. By doing so, the public policy of the state, as expressed in Section 9.5 of Article XIII of the Constitution and Division 1 of the Revenue and Taxation Code, will be fulfilled and the state as a whole will benefit.

CHAPTER 353

An act to amend Section 8189 of, and to repeal Sections 8183, 8184, 8185, 8186, and 8187 of, the Fish and Game Code, relating to the anchovy canning season.

[Approved by Governor June 20, 1967. Filed with Secretary of State June 20, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 8183 of the Fish and Game Code is repealed.

SEC. 2. Section 8184 of the Fish and Game Code is repealed.

SEC. 3. Section 8185 of the Fish and Game Code is repealed.

SEC. 4. Section 8186 of the Fish and Game Code is repealed.

SEC. 5. Section 8187 of the Fish and Game Code is repealed.

SEC. 6. Section 8189 of the Fish and Game Code is amended to read:

8189. The commission may adopt regulations in accordance with the provisions of Section 8188 to govern the manner in which the percentage of undersized anchovies will be determined.

CHAPTER 354

An act to amend Section 3271 of, and to repeal Section 4184 of, the Fish and Game Code, relating to the taking and disposition of game.

[Approved by Governor June 20, 1967. Filed with Secretary of State June 20, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 3271 of the Fish and Game Code is amended to read:

3271. For the proper administration of this article the state is divided into two zones, Zone A and Zone B.

(a) Zone A consists of the following areas:

CHAPTER 355

An act to add Chapter 7 (commencing with Section 12700), Chapter 7.3 (commencing with Section 12740), and Chapter 7.7 (commencing with Section 12770) to, and to repeal Chapter 7 (commencing with Section 12700) of, Division 5 of the Business and Professions Code, relating to weighmasters.

[Approved by Governor June 20, 1967. Filed with Secretary of State June 20, 1967]

The people of the State of California do enact as follows:

SECTION 1. Chapter 7 (commencing with Section 12700) of Division 5 of the Business and Professions Code is repealed.

SEC. 2. Chapter 7 (commencing with Section 12700) is added to Division 5 of the Business and Professions Code, to read:

CHAPTER 7. PUBLIC WEIGHMASTERS

12700. A public weighmaster is either of the following:

(a) Any person who weighs, measures, or counts any commodity and issues a statement or memorandum of the weight, measure, or count which is used as the basis of the purchase or sale of the commodity, or as the basis of a charge for service.

(b) Any person engaged in the business of public weighing for hire.

12701. The following shall not be construed to be public weighmasters:

(a) Retailers weighing or measuring commodities for sale by them in retail stores directly to consumers. The provisions of this exemption shall not apply to persons, firms, or corporations weighing bulk lot commodities on vehicle or hopper scales, or selling such commodities by volume, when the purchaser is not present at the time the weight or measure determination is made.

(b) Producers of agricultural commodities or livestock, weighing commodities produced or purchased by them or by their producer neighbors, when no charge is made for such weighing, or no signed or initialed statement or memorandum is issued of the weight upon which a purchase or sale of the commodity is based; except that when such weight is to be used by a processor as basis of payment there shall be no exception to the provisions of Section 12734.

(c) Common carriers issuing waybills or bills of lading on which are recorded, for the purpose of computing transportation charges, the weights of commodities offered for transportation.

(d) Weighers licensed under the provisions of Section 35161 of the Agricultural Code when performing the duties for which they are licensed.

(e) Employees of the department authorized to weigh agricultural products under the provisions of Chapter 8 (commencing with Section 12801) of Division 5, when performing the duties authorized thereby.

(f) Persons who measure the amount of oil, gas, or other fuels for purposes of royalty computation and payment, or other operations of fuel and oil companies and their retail outlets.

(g) Employees of newspaper publishers weighing or counting newspapers for sale to dealers or distributors.

12702. No person shall perform any act described in this chapter unless licensed as a public weighmaster pursuant to this chapter.

A public weighmaster shall issue a state certificate of weights and measures whenever payment for the commodity

or service represented is dependent on a written or printed weight, measure, or count.

All signatures required by this chapter shall be affixed at the time of issuance of the certificate.

12703. The issuance of a receipt showing the weight of fish, mollusks, or crustaceans pursuant to Sections 8011, 8012, 8013, 8014, and 8015 of the Fish and Game Code constitutes the issuance of a weight or measure certificate under this chapter when issued by persons who are required to be public weighmasters pursuant to Section 12700.

12704. A warehouse receipt, of a form approved by the department and issued in accordance with the law, when signed by a licensed public weighmaster or deputy public weighmaster showing the weight, measure or count of any commodity stored in a warehouse, constitutes the issuance of a state certificate of weights and measures under this chapter.

12705. A public weighmaster shall pay to the department a license fee of twenty-five dollars ($25) for each fiscal year or any part thereof for the principal place of business and an additional fee of five dollars ($5) for each additional location where service as a public weighmaster is rendered.

Location, for the purpose of this section, means a premise on which weighing, measuring, or counting devices are installed, and which is operated as a single business unit in the rendering of services by a public weighmaster.

12706. Public weighmasters shall pay an additional license fee of two dollars ($2) for each fiscal year or part thereof for each deputy public weighmaster. For such fee the department shall issue a deputy public weighmaster's license.

12707. Each license required by this chapter shall be renewed annually, on or before July 1st of each year, by application to the director, accompanied by the annual license fee. To any fee not paid when due there shall be added a penalty equal to the amount of the license fee; except that in the following cases no penalties shall be applied:

(a) Branch location, if a statement of nonoperation is filed.

(b) Deputy weighmaster, if a statement of nonemployment is filed.

The required statements shall be filed at the time of application.

12708. Before any license is issued to any public weighmaster, the applicant shall execute and deliver to the director a surety bond in the sum of two thousand dollars ($2,000) executed by the applicant as principal and by a corporate surety company qualified and authorized to do business in this state as a surety. The bond shall be conditioned upon the faithful and honest compliance with the provisions of this chapter. The bond shall be to the state in favor of every person availing himself of the services and certifications issued by the weighmaster.

12709. The department may refuse to grant any license provided for by this chapter, or may refuse to renew any

such license, and may revoke or suspend any such license when, after a hearing had in accordance with Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code, the department is satisfied the applicant or licensee is not qualified to capably or reliably perform the duties of a weighmaster.

12710. All license fees collected under the provisions of this chapter shall be paid into the State Treasury and credited to the Department of Agriculture Fund to be expended by the department for the administration and enforcement of this chapter.

12711. Whenever the bond required by this chapter lapses or is canceled, the license of the person thereby bonded as a weighmaster shall expire and the license of any deputy weighmaster appointed by him shall likewise expire.

The department may declare the bond of any licensed weighmaster forfeited where such weighmaster has been found guilty of a misdemeanor as provided by this chapter.

12712. Public weighmasters may employ or designate any person to act for them as deputy weighmaster and shall be responsible for all acts performed by such person. The weighmaster shall forward to the department the name of persons so appointed together with fees as required by Section 12706.

12713. The Director of Agriculture may provide by rules and regulations that:

(a) One deputy weighmaster may sign and issue a certificate based on information received from his principal or from another deputy weighmaster who actually performed the weighing, measuring, or counting of the commodity, when both are employed by the same principal weighmaster.

(b) A principal weighmaster may sign and issue a certificate based on the results of a weighing, measuring, or counting performed by a deputy weighmaster in his employ.

(c) A weighmaster may transfer the weights, measures or counts issued by another licensed weighmaster to his own certificate under certain circumstances provided by regulation.

12714. Forms to be used by public weighmasters shall be submitted to the department which, after approval, shall be known as "State Certificate of Weights and Measures." The proposed form shall provide for the following information as applicable to the operation of the weighmaster:

(a) The kind of product or article and such other information as may be necessary to identify the product or distinguish it from a like kind.

(b) The number of units of the product or article.

(c) The date on which the product or article was weighed, measured or counted.

(d) The owner, or agent and consignee.

(e) Either the gross weight of the product and the vehicle or container thereof, or the tare weight of the unladen vehicle or container, or both such gross and tare weights when they

are used in determining the true net weight; or the true net weight, measure, or count of the product.

(f) The tare weights of boxes, bins, pallets, or other containers.

(g) The vessel, railroad or other means by which the product was received. If motor vehicle carrier is used, the license numbers of any vehicle or combination of vehicles shall be stated on the certificate.

(h) Any trade or other mark thereon.

(i) The name or identification of the city, town, or place where such product or article was weighed, measured, or counted.

(j) The complete signature of the weighmaster or deputy weighmaster.

(k) The consecutive number thereof.

12715. It shall be unlawful for a public weighmaster to use a public weighmaster certificate form purchased by him for use in connection with his service as a public weighmaster until a sample of such form has been inspected and approved in writing by the department.

12716. Before issuing any certificate the weighmaster shall complete the form prescribed in Section 12714 by specifying thereon all information applicable to the transaction.

It shall be unlawful to issue any certificate which does not contain all such information.

12717. Public weighmaster certificate forms shall be the property of the state and all unused weighmaster certificate forms shall be forfeited and returned to the department by any person who has served as a public weighmaster upon termination of the performance of his duties as a weighmaster. Certificates which have been returned to the department shall be kept in a safe place for a period of four years after which time they shall be destroyed or otherwise disposed of by the department.

12718. All public weighmasters shall keep and preserve, as records, for a period of four years, true copies of all certificates issued upon public weighings, measurings or counts. These records shall at all times be open for inspection by the director.

12719. When vehicles contain more than one lot or part load the following procedure shall be used:

(a) Weighing when loading. The gross weight shown on the first certificate shall be used for the tare weight on the second certificate. This same procedure shall be used for each succeeding lot.

(b) Weighing when unloading. The tare weights shown on the first certificate shall be used for the gross weight on the second certificate. This same procedure shall be used for each succeeding lot.

12720. State certificates of weights and measures issued by public weighmasters shall contain the accurate and correct

weight or measure or count of any and all commodities or products weighed or measured or counted.

Any public weighmaster who issues a state certificate of weights and measures without first weighing, measuring or counting the article or commodity, or first causing his deputy to weigh, measure or count the article or commodity, when permitted by regulations, or who knowingly issues a state certificate of weights and measures giving thereon a false weight or measure or count of the article or commodity weighed or measured or counted by him or his deputy, is guilty of a misdemeanor.

12721. Any erroneous entry affecting the accuracy of the weight, measure or count on a state certificate of weights and measures shall be corrected by the issuance of a "correction certificate."

A copy of such "correction certificate" shall be attached to the file copy of the erroneous certificate and all available certificates.

Procedures for "voiding" and disposition of voided certificates shall be by regulation of the director.

12722. Any weighing, measuring, or counting instrument or device as defined in Section 12500, and for which specifications and tolerances have been adopted by the director, shall be approved, tested and sealed in accordance with the provisions of this division.

12723. Any person is guilty of a misdemeanor who does any of the following acts:

(a) Requests a public weighmaster, or any person employed by him, to weigh, measure or count any commodity falsely or incorrectly.

(b) Requests a false or incorrect state certificate of weights and measures.

(c) Issues a state certificate of weights and measures when he is not a public weighmaster.

(d) Possesses unfilled or unused certificates of weights and measures forms if he is not a public weighmaster. This subdivision does not apply to a person engaged in the business of printing state certificates of weights and measures forms nor to his representative.

(e) Furnishes or gives false information to a weighmaster for use in the completion of a state certificate of weights and measures.

(f) Presents for payment a certificate made false by the insertion of any weight, measure or count not determined by the issuing weighmaster.

12724. When the gross weight of a vehicle and its net contents has been recorded on a public weighmaster certificate it shall be unlawful for any person to remove a part of, or add to the net contents, before the contents are delivered to the buyer or consignee unless a correct weight certificate is obtained as prescribed by this chapter.

12725. When the tare weight of a vehicle or the gross weight of the vehicle and the contents have been recorded on

a public weighmaster certificate, it shall be unlawful for any person to alter the tare weight of such vehicle prior to the time that the net weight of the commodity has been determined and recorded on the certificate.

12726. Except as otherwise provided in this chapter, the vehicle for which the tare weight is being certified shall actually be weighed at the time of, and for the purpose of, each such certification.

The determination of a vehicle tare weight when the vehicle contains boxes, bins or pallets shall be subject to regulation by the director.

12727. The tare weight of any vehicle while used exclusively for the transportation of any agricultural cargo, the value of which is less than ten dollars ($10) per ton, when once ascertained by a public weighmaster shall be accepted as the correct tare weight of that vehicle for the purpose of determining, for certification, the correct weight of any such cargo transported in that vehicle for a period of 48 hours.

For the purpose of this section, the actual tare weight of such vehicle shall at no time exceed the recorded tare weight.

Nothing contained in this section shall be construed as affecting the right of a sealer pursuant to Section 12213.

12728. Notwithstanding any other provision of law, when a weighmaster is weighing any vehicle moving earth, stone, sand or gravel, for the purpose of weight certification, the tare and gross weights of the vehicle shall be determined with the driver in the vehicle and shall include his weight.

12729. When doubt or differences arise as to the correctness of the net or gross weight or measure of any amount or part of any commodity for which a certificate of weights and measures has been issued by a licensed weighmaster, the owner, agent or consignee may, upon complaint to the department have the amount or part thereof reweighed by the department or a public weighmaster designated by it, upon depositing a sufficient sum of money with the department to defray the actual cost of reweighing.

If, on reweighing, a difference from the original certified weight is discovered as the result of fraud, carelessness, or faulty apparatus, the cost of reweighing shall be borne by the weighmaster responsible for the issuance of the erroneous certificate.

12730 Duly authorized representatives of the department may at any time require a laden or unladen vehicle to proceed to the nearest vehicle scale for the purpose of verifying the gross or tare weight of such vehicle.

12731. Net weight is the correct or actual weight of the commodity excluding the weight of the container or conveyance.

No weighmaster shall weigh a vehicle, or combination of vehicles, for certification, when part of the vehicle, or connected combination, is not resting on the scale.

For the purpose of certification of weights of vehicles the entire weight of the vehicle and load shall rest upon the scale at one time.

When weighing a combination of vehicles that will not rest on the scale platform at one time the combination must be disconnected and weighed separately. The weights so taken may be properly combined for the purpose of issuing a single certificate.

This section shall not prohibit weighing of vehicles to determine compliance with the provisions of the Vehicle Code.

12732. Any person who violates any of the provisions of this chapter is guilty of a misdemeanor.

12733. Nothing in this chapter, except the provisions of Sections 12712 to 12718, inclusive, limits the right of any municipal corporation or port district that is operating wharves, piers, or terminal facilities for the handling of goods and cargo in the accommodation and promotion of commerce and navigation and each of them is hereby empowered in that connection, to act as a public weighmaster and to issue public weighmaster's certificates.

12734. In all cases where farm products are sold to and purchased by agents, brokers, commission merchants, dealers, factors or processors on the basis of weight, such products shall be weighed by a weighmaster, licensed under the provisions of this chapter, and the original certificate as to such weight issued by him shall be delivered to the seller by the weighmaster, agent, broker, commission merchant, dealer, factor or processor, and settlement for such product shall be made on the weight shown thereon.

The term "farm products" as used in this chapter includes all agricultural, horticultural and viticultural and vegetable products of the soil, flaxseed and cottonseed, but shall not include timber and timber products, milk and milk products.

12735. Notwithstanding any other provisions of this code, where livestock is sold on the basis of weight at a public salesyard, or by or at any livestock market, market agency or dealer which is subject to the Federal Packers and Stockyards Act, such livestock shall be weighed by a public weighmaster licensed under the laws of this state and a state certificate of weights and measures, made at the time of weighing, shall be issued to the buyer and seller upon completion of the transaction.

The term "livestock," when used in this chapter, shall be construed to include cattle, sheep, swine, horses, mules or goats.

12736. The tare weight of any vehicle, or combination of vehicles, when being used for the transportation of farm products from the field or packing shed to a receiving station or processing plant for storage or processing, when ascertained by a public weighmaster, may be accepted by any deputy at a branch location of that public weighmaster as the correct tare weight of that vehicle or combination of vehicles for the purpose of determining, for certification, the correct weight of

such farm products transported in such vehicle or combination of such vehicles for a period of 24 hours, or the first delivery in such vehicles or combination, after the end of such 24 hours.

All vehicles or combination of vehicles referred to in this section shall be correctly identified pursuant to Section 12716 of this chapter.

For the purpose of this section, a tare weight may be taken upon demand of either buyer or seller at any time.

12737. In all cases where scrap metal and salvage materials are purchased or sold by dealers, brokers or commission merchants on the basis of weight, such scrap metal and salvage material shall be weighed by a weighmaster, licensed under the provisions of this chapter and a certificate of such weight shall be issued to the seller with a duplicate copy of such certificate issued to the buyer, and settlement for such materials shall be made on the weight shown thereon. When the weight indications are readily accessible and clearly readable to both the buyer and seller, at time of weighing a public weighmaster certificate of weights and measures need be issued only when requested by the buyer or seller

12738. The director may make such rules and regulations as are reasonably necessary for the purpose of carrying out the provisions of this chapter. Adoption of such rules and regulations shall be in accordance with the provisions of Chapter 4.5 (commencing with Section 11371) of Part 1 of Division 3 of Title 2 of the Government Code.

SEC. 3. Chapter 7.3 (commencing with Section 12740) is added to Division 5 of the Business and Professions Code, to read:

CHAPTER 7.3. PRIVATE WEIGHMASTERS

12740. A private weighmaster is any person who weighs, measures, or counts any commodity in which he is interested as the seller and issues therefor a statement or memorandum of the weight, measure, or count upon which the sale of such commodity or charge for service is based. No person shall perform any acts described in this section unless licensed as a private weighmaster pursuant to this chapter.

12741. The following shall not be construed to be private weighmasters:

(a) Retailers weighing, measuring, or counting commodities for sale by them in retail stores in the presence of and directly to consumers.

(b) Common carriers issuing waybills or bills of lading on which are recorded, for the purpose of computing transportation charges, the weights of commodities offered for transportation.

(c) Persons who measure the amount of oil, gas, or other fuels for purposes of royalty computation and payment, or other operations of fuel and oil companies and their retail outlets.

(d) Employees of newspaper publishers weighing or counting newspapers for sale to dealers or distributors.

12742. A private weighmaster shall issue a private weighmaster's certificate whenever payment for the commodity or service represented is dependent on a written or printed weight, measure, or count.

12743. A private weighmaster shall pay to the department a license fee of twenty-five dollars ($25) for each fiscal year or any part thereof for the principal place of business and an additional fee of ten dollars ($10) for each additional location where service as a private weighmaster is rendered.

"Location," for the purposes of this section, means a premise on which weighing, measuring, or counting devices are installed, and which is operated as a single business unit in the rendering of services by a private weighmaster.

12744. Private weighmasters shall pay a license fee of two dollars ($2) for each fiscal year or part thereof for each deputy weighmaster and the department shall issue a license therefor.

12745. Each license, required by this chapter, shall be renewed annually on or before July 1st of each year, by application to the director accompanied by the annual license fee. There shall be added, to any fee not paid when due, a penalty equal to the amount of the license fee, except that no penalty shall be applicable to the renewal of deputy weighmaster licenses.

No person shall exercise the privileges of the license unless the current license fee, and any penalty has been paid.

12746. Before any license is issued to any private weighmaster, the applicant shall deliver to the director a surety bond in the sum of two thousand dollars ($2,000) executed by the applicant as principal and by a corporate surety company qualified and authorized to do business in this state as surety. The bond shall be conditioned upon the faithful and honest compliance with the provisions of this chapter. The bond shall be to the state in favor of every person availing himself of the services of the weighmaster.

12747. The department may refuse to grant any license provided for by this chapter, or may refuse to renew any such license, and may revoke or suspend any such license, when, after a hearing had in accordance with Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code, the department is satisfied that the applicant or licensee is not qualified to capably or reliably perform the duties of a weighmaster.

12748. All license fees collected under the provisions of this chapter shall be paid into the State Treasury and credited to the Department of Agriculture Fund to be expended by the department for the administration and enforcement of this chapter.

12749. Whenever the bond required by this chapter lapses or is canceled, the license of the person thereby bonded as a weighmaster shall expire and the license of any deputy weighmaster appointed by him shall likewise expire.

12750. Private weighmasters may employ or designate any person to act for them as a deputy weighmaster and shall be responsible for all acts performed by him. The weighmaster shall forward to the department the name of persons so appointed.

The Director of Agriculture may provide by rules and regulations with respect to designated commodities that:

(a) One deputy weighmaster may sign and issue a certificate based on information received from his principal weighmaster, or another deputy weighmaster, who actually performed the weighing, measuring, or counting of the commodity, when both deputies are employed by the same principal weighmaster.

(b) A principal weighmaster may sign and issue a certificate based on the results of a weighing, measuring, or counting performed by a deputy weighmaster in his employ.

All signatures required by this chapter shall be affixed at the time of issuance of the certificate.

12751. Private weighmasters shall use a form approved by the department which shall be known as a private weighmaster's certificate and shall provide the following information:

(a) Date of issue.

(b) Consecutive number thereof.

(c) Commodity and such other information as may be required to identify the product or distinguish it from a like kind.

(d) Owner, agent or consignee.

(e) Both the tare and gross weights of the vehicle when they are used in determining the net weight.

(f) The true net weight, measure or count of the product when neither a gross nor tare weight is involved.

(g) The correct identification of the vehicle, or combination of vehicles, or other means by which the product was delivered.

(h) Place where commodity was weighed.

(i) Signature of weighmaster or deputy weighmaster who weighed, measured or counted the commodity. In an automatic system, signature may be defined by regulation.

12752. Before issuing any certificate the weighmaster shall complete the form prescribed in Section 12751 by specifying thereon all information applicable to the transaction.

It shall be unlawful to issue any certificate which does not contain all such information.

12753. It shall be unlawful for a private weighmaster to use a private weighmaster certificate form acquired by him, for use in connection with his service as a private weighmaster, until a sample of such form has been submitted to and approved in writing by the department. Such approval shall not be required of a private weighmaster when using a private weighmaster certificate form for which approval has been previously received by a printer, stationer, or other supplier,

whose business includes supplying such approved forms. A sample of such form shall be submitted to the department by the weighmaster.

12754. Private weighmaster certificate forms shall be the property of the state, and all unused weighmaster certificate forms shall be forfeited and returned to the department, by any person who has served as a private weighmaster, upon termination of the performance of his duties as a weighmaster. Certificates which have been returned to the department shall be kept in a safe place for a period of four years after which time they shall be destroyed or otherwise disposed of by the department.

12755. A private weighmaster shall not engage in the business of weighing for hire.

12756. All private weighmasters shall keep and preserve, as records, for a period of four years, true copies of all certificates issued upon certified weighings, measurings, or counts. These records shall at all times be open for inspection by the director.

12757. Certificates issued by private weighmasters shall contain the accurate and correct weight, measure, or count of any and all commodities or products weighed, measured, or counted.

Any private weighmaster who issues a private weighmaster's certificate without first weighing, measuring, or counting the article or commodity or first causing his deputy to weigh, measure, or count the article or commodity, when permitted by regulations, or who issues a private weighmaster's certificate giving thereon a false weight, measure, or count of the commodity weighed, measured, or counted by him or his deputy, or any person who alters a private weighmaster's certificate, is guilty of a misdemeanor.

The department may declare the bond of any licensed weighmaster forfeited when such weighmaster has been found guilty of a violation of this section.

12758. Any weighing, measuring, or counting instrument or device as defined in Section 12500, and for which specifications and tolerances have been adopted by the director, shall be approved, tested, and sealed in accordance with the provisions of this division.

12759. Any person is guilty of a misdemeanor who does any of the following acts:

(a) Requests a private weighmaster, or any person employed by him, to weigh, measure, or count any commodity falsely or incorrectly.

(b) Requests a false or incorrect private weighmaster certificate.

(c) Issues a state certificate of weights and measures, or a private weighmaster certificate, when he is not a private weighmaster.

(d) Possesses unfilled or unused certificates of weights and measures when he is not a licensed private weighmaster.

(e) Furnishes or gives false information to a weighmaster for use in the sale of a commodity.

12760. When the gross weight of a vehicle and its net contents have been recorded on a private weighmaster certificate it shall be unlawful for any person to remove a part of, or add to the net contents, before the contents are delivered to the buyer or consignee, unless a correct weight certificate is obtained as prescribed by this chapter.

12761. A private weighmaster may use a predetermined tare weight. When the tare weight of a vehicle is recorded on a private weighmaster certificate, the actual tare weight of such vehicle shall at no time exceed the recorded tare weight.

12762. Notwithstanding any other provision of law, when a weighmaster is weighing any vehicle moving earth, stone, sand, or gravel, for purposes of weight certification the tare and gross weights of the vehicle shall be determined with the driver in the vehicle and shall include his weight.

12763. Duly authorized representatives of the department may at any time require a laden or unladen vehicle to proceed to the nearest vehicle scale for the purpose of verifying the gross or tare weight of such vehicle.

12764. Net weight is the correct or actual weight of the commodity excluding the weight of the container or conveyance.

No weighmaster shall weigh a vehicle, or combination of vehicles, when part of the vehicle, or connected combination, is not resting on the scale.

For the purpose of certification of weights of vehicles the entire weight of the vehicle and load shall rest upon the scale at one time.

When weighing a combination of vehicles that will not rest on the scale platform at one time the combination shall be disconnected and weighed separately. The weights so taken may be properly combined for the purpose of issuing a single certificate.

This section shall not prohibit weighing of vehicles to determine compliance with the provisions of the Vehicle Code.

12765. Any person who violates any of the provisions of this chapter is guilty of a misdemeanor.

12766. The director may make such rules and regulations as are reasonably necessary for the purpose of carrying out the provisions of this chapter. Adoption of such rules and regulations shall be in accordance with the provisions of Chapter 4.5 (commencing with Section 11371) of Part 1 of Division 3 of Title 2 of the Government Code.

12767. Nothing in this chapter shall prohibit a private weighmaster from issuing certificates as both buyer and seller when weighing material he is purchasing for resale.

SEC. 4. Chapter 7.7 (commencing with Section 12770) is added to Division 5 of the Business and Professions Code, to read:

CHAPTER 7.7. PUBLIC WEIGHMASTERS AT LARGE

12770. A public weighmaster at large is any person who shall, other than at an established and definite place of business, engage in the business of weighing, measuring or counting for hire or weigh, measure, or count any commodity and issue therefor a statement or memorandum upon which the purchase or sale of the commodity or charge for service is based.

12771. The following shall not be construed to be a public weighmaster at large:

(a) Retailers weighing or measuring commodities for sale by them in retail stores directly to consumers.

(b) Producers of agricultural commodities or livestock weighing commodities produced or purchased by them or by their producer neighbors, when no charge is made for such weighing, and no signed or initialed statement or memorandum is issued of the weight upon which a purchase or sale of the commodity is based.

(c) Common carriers issuing waybills or bills of lading on which are recorded, for the purpose of computing transportation charges, the weights of commodities offered for transportation.

(d) Weighers licensed under the provisions of Section 35161 of the Agricultural Code when performing the duties for which they are licensed.

(e) Employees of the department authorized to weigh agricultural products under the provisions of Chapter 8 (commencing with Section 12801) of Division 5 of this code, when performing the duties authorized thereby.

(f) Persons who measure the amount of oil, gas, or other fuels for purposes of royalty computation and payment or other operations of fuel and oil companies and their retail outlets.

(g) Employees of newspaper publishers weighing or counting newspapers for sale to dealers or distributors.

12772. No person shall perform any acts described in this chapter unless licensed as a public weighmaster at large pursuant to this chapter.

A public weighmaster at large shall issue a state certificate of weights and measures whenever payment for the commodity or service represented is dependent on a written or printed weight, measure, or count.

All signatures required by this chapter shall be affixed at the time of issuance of the certificate.

12773. The issuance of a receipt showing the weight of fish, mollusks, or crustaceans pursuant to Sections 8011, 8012, 8013, 8014 and 8015 of the Fish and Game Code constitutes the issuance of a weight or measure certificate under this chapter when issued by persons who are required to be public weighmasters at large pursuant to Section 12770.

12774. A warehouse receipt, of a form approved by the department and issued in accordance with the law, when signed by a licensed public weighmaster at large or deputy public weighmaster at large showing the weight, measure or count of any commodity stored in a warehouse, constitutes the issuance of a state certificate of weights and measures under this chapter.

12775. Each public weighmaster at large shall pay a license fee of one hundred dollars ($100) for each fiscal year, or any part thereof, to the department. Such fee of one hundred dollars ($100) shall entitle the public weighmaster at large to render service as a public weighmaster at a principal location and at any temporary and indefinite locations as may be required by him in the pursuit of his business as a public weighmaster at large.

12776. Public weighmasters at large shall pay an additional license fee of two dollars ($2) for each fiscal year or part thereof for each deputy public weighmaster at large and for such fee the department shall issue a deputy public weighmaster at large license.

12777. Each license required by this chapter shall be renewed annually, on or before July 1st of each year, by application to the director accompanied by the annual license fee. To any fee not paid when due there shall be added a penalty equal to the amount of the license fee; provided, however, that in the following case no penalties shall be applied:

(a) Deputy weighmaster, if a statement of nonemployment is filed.

The required statement must be filed at the time of application.

12778. Before any license is issued to any public weighmaster at large, the applicant shall execute and deliver to the director a surety bond in the sum of two thousand dollars ($2,000) executed by the applicant as principal and by a corporate surety company qualified and authorized to do business in this state as a surety. Said bond shall be conditioned upon the faithful and honest compliance with the provisions of this chapter. Said bond shall be to the state in favor of every person availing himself of the services and certifications issued by the weighmaster.

12779. The department may refuse to grant any license provided for by this chapter, or may refuse to renew any such license, and may revoke or suspend any such license when, after a hearing, had in accordance with Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code, the department is satisfied the applicant or licensee is not qualified to capably or reliably perform the duties of a weighmaster.

12780. All license fees collected under the provisions of this chapter shall be paid into the State Treasury and credited to the Department of Agriculture Fund to be expended by the department for the administration and enforcement of this chapter.

12781. Whenever the bond required by this chapter lapses or is canceled, the license of the person thereby bonded as a weighmaster shall expire and the license of any deputy weighmaster appointed by him shall likewise expire.

The department may declare the bond of any licensed weighmaster forfeited where such weighmaster has been found guilty of a misdemeanor as provided by this chapter.

12782. Public weighmasters at large may employ or designate any person to act for them as deputy weighmaster and shall be responsible for all acts performed by such person. The weighmaster shall forward to the department the name of persons so appointed together with fees as required by Section 12776.

12783. The Director of Agriculture may provide by rules and regulations with respect to designated commodities that:

(a) One deputy weighmaster may sign and issue a certificate based on information received from his principal or from another deputy weighmaster who actually performed the weighing, measuring, or counting of the commodity, when both are employed by the same principal weighmaster.

(b) A principal weighmaster may sign and issue a certificate based on the results of a weighing, measuring, or counting performed by a deputy weighmaster in his employ.

12784. Forms to be used by public weighmasters at large shall be submitted to the department which, after approval, shall be known as a "State Certificate of Weights and Measures." The proposed form shall provide for the following information as applicable to the operation of the weighmaster:

(a) The kind of product or article and such other information as may be necessary to identify the product or distinguish it from a like kind.

(b) The number of units of the product or article.

(c) The date on which the product or article was weighed, measured or counted.

(d) The owner, or agent and consignee.

(e) Either the gross weight of the product and the vehicle or container thereof, or the tare weight of the unladen vehicle or container, or both such gross and tare weights when they are used in determining the true net weight; or the true net weight, measure, or count of the product.

(f) The tare weight of boxes, bins, pallets or other containers.

(g) The vessel, railroad or other means by which the product was received. If motor vehicle carrier is used, the license number of any vehicle and trailer shall be stated on the certificate.

(h) Any trade, or other mark thereon.

(i) The name or identification of the city or town where such product or article was weighed, measured or counted.

(j) The complete signature of the weighmaster or deputy weighmaster who weighed, measured or counted the commodity.

(k) The consecutive number thereof.

12785. It shall be unlawful for a public weighmaster at large to use a certificate form purchased by him for use in connection with his service as a weighmaster until a sample of such form has been inspected and approved in writing by the department.

12786. Before issuing any certificate the weighmaster shall complete the form prescribed in Section 12784 by specifying thereon all information applicable to the transaction.

It shall be unlawful to issue any certificate which does not contain all such information.

12787. Public weighmaster at large certificate forms shall be the property of the state and all unused weighmaster certificate forms shall be forfeited and returned to the department by any person who has served as a public weighmaster at large upon termination of the performance of his duties as a weighmaster. Certificates which have been returned to the department shall be kept in a safe place for a period of four years after which time they shall be destroyed or otherwise disposed of by the department.

12788. All public weighmasters at large shall keep and preserve, as records, for a period of four years, true copies of all certificates issued upon public weighings, measurings, or counts. These records shall at all times be open for inspection by the director.

12789. When vehicles contain more than one lot or part load the following procedure shall be used:

(a) Weighing When Loading. The gross weight shown on the first certificate shall be used for the tare weight on the second certificate. This same procedure shall be used for each succeeding lot.

(b) Weighing When Unloading. The tare weight shown on the first certificate shall be used for the gross weight on the second certificate. This same procedure shall be used for each succeeding lot.

12790. State certificates of weights and measures issued by public weighmasters at large shall contain the accurate and correct weight, measure, or count of any and all commodities or products weighed, measured or counted.

Any public weighmaster at large who issues a state certificate of weights and measures without first weighing, measuring or counting the article or commodity or first causing his deputy to weigh, measure or count the article or commodity, when permitted by regulations, or who issues a state certificate of weights and measures giving thereon a false weight or measure or count of the article or commodity weighed or measured or counted by him or his deputy, is guilty of a misdemeanor.

12791. Any erroneous entry affecting the accuracy of the weight, measure or count on a state certificate of weights and measures shall be corrected by the issuance of a "correction certificate."

A copy of such "correction certificate" shall be attached to the file copy of the erroneous certificate and all available certificates.

Procedures for "voiding" and disposition of voided certificates shall be by regulation of the director.

12792. Any weighing, measuring, or counting instrument or device as defined in Section 12500, and for which specifications and tolerances have been adopted by the director, shall be approved, tested and sealed in accordance with the provisions of this division.

12793. Any person is guilty of a misdemeanor who does any of the following acts:

(a) Requests a public weighmaster at large or any person employed by him to weigh, measure or count any commodity falsely or incorrectly.

(b) Requests a false or incorrect state certificate of weights and measures.

(c) Issues a state certificate of weights and measures when he is not a public weighmaster at large or deputy public weighmaster at large.

(d) Possesses unfilled or unused certificates of weights and measures forms if he is not a public weighmaster. This subdivision does not apply to a person engaged in the business of printing state certificate of weights and measures forms nor to his representative.

(e) Furnishes or gives false information to a weighmaster for use in the completion of a state certificate of weights and measures.

(f) Presents for payment a certificate made false by the insertion of any weight, measure or count not determined by the issuing weighmaster.

12794. When the gross weight of a vehicle and its net contents has been recorded on a public weighmaster at large certificate, it shall be unlawful for any person to remove a part of, or add to the net contents, before the contents are delivered to the buyer or consignee unless a correct weight certificate is obtained as prescribed by this chapter.

12795. When the tare weight of a vehicle or the gross weight of the vehicle and the contents have been recorded on a public weighmaster at large certificate, it shall be unlawful for any person to alter the tare weight of such vehicle prior to the time that the net weight of the commodity has been determined and recorded on the certificate.

12796. Except as otherwise provided in this chapter, the vehicle for which the tare weight is being certified shall actually be weighed at the time of, and for the purpose of, each such certification.

The determination of a vehicle tare weight when the vehicle contains boxes, bins, or pallets shall be subject to regulation by the director.

12797. The tare weight of any vehicle while used exclusively for the transportation of any agricultural cargo, the

value of which is less than ten dollars ($10) per ton, when once ascertained by a public weighmaster at large shall be accepted as the correct tare weight of that vehicle for the purpose of determining, for certification, the correct weight of any such cargo transported in that vehicle for a period of 48 hours.

For the purpose of this section, the actual tare weight of such vehicle shall at no time exceed the recorded tare weight.

Nothing contained in this section shall be construed as affecting the right of a sealer pursuant to Section 12213.

12798. When doubt or differences arise as to the correctness of the net or gross weight or measure of any amount or part of any commodity for which a certificate of weights and measures has been issued by a licensed weighmaster, the owner, agent, or consignee may, upon complaint to the department have the amount or part thereof reweighed by the department or a weighmaster at large designated by it, upon depositing a sufficient sum of money to defray the actual cost of reweighing with the department.

If, on reweighing, a difference from the original certified weight is discovered as the result of fraud, carelessness or faulty apparatus, the cost of reweighing shall be borne by the weighmaster responsible for the issuance of the erroneous certificate.

12799. Duly authorized representatives of the department may at any time require a laden or unladen vehicle to proceed to the nearest vehicle scale for the purpose of verifying the gross or tare weight of such vehicle.

12799.1. Net weight is the correct or actual weight of the commodity excluding the weight of the container or conveyance.

No weighmaster shall weigh a vehicle, or combination of vehicles, for certification when part of the vehicle, or connected combination, is not resting on the scale.

For the purpose of certification of weights of vehicles the entire weight of the vehicle and load shall rest upon the scale at one time.

When weighing a combination of vehicles that will not rest on the scale platform at one time, the combination shall be disconnected and weighed separately. The weights so taken may be properly combined for the purpose of issuing a single certificate.

12799.2. Any person who violates any of the provisions of this chapter is guilty of a misdemeanor.

12799.3. In all cases where farm products are sold to and purchased by agents, brokers, commission merchants, dealers, factors or processors on the basis of weight, such products shall be weighed by a weighmaster licensed under the provisions of this chapter, and the original certificate as to such weight issued by him shall be delivered to the seller by the weighmaster, agent, broker, commission merchant, dealer, factor or processor, and settlement for such product shall be made on the weight shown thereon.

The term "farm products" as used in this chapter includes all agricultural, horticultural and viticultural and vegetable products of the soil, flaxseed and cottonseed, but shall not include timber and timber products, milk and milk products.

12799.4. In all cases where scrap metal and salvage materials are purchased or sold by dealers, brokers or commission merchants on the basis of weight, such scrap metal and salvage material shall be weighed by a weighmaster licensed under the provisions of this chapter and a certificate of such weight shall be issued to the seller with a duplicate copy of such certificate issued to the buyer, and settlement for such materials shall be made on the weight shown thereon. When the weight indications are readily accessible and clearly readable to both the buyer and seller, at time of weighing, a state certificate of weights and measures need be issued only when requested by the buyer or seller.

12799.5. The director may make such rules and regulations as are reasonably necessary for the purpose of carrying out the provisions of this chapter. Adoption of such rules and regulations shall be in accordance with the provisions of Chapter 4.5 (commencing with Section 11371) of Part 1 of Division 3 of Title 2 of the Government Code.

CHAPTER 356

An act to amend Sections 10219 and 10301 of the Elections Code, relating to ballot designations.

[Approved by Governor June 20, 1967. Filed with Secretary of State June 20, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 10219 of the Elections Code is amended to read:

10219. Except in cases provided for by subdivision (d) of Section 16 of Article VI of the Constitution, immediately under the name of each candidate and not separated from the name by any line, may appear, at the option of the candidate, one of the following designations:

(a) Words designating the elective city, county, district, federal, or state office which the candidate then holds at the time of filing his nomination papers to which he was elected by vote of the people or to which he was appointed to fill a vacancy.

In addition to the foregoing, Members of the Senate of the State of California may use either of the following designations: "State Senator, _____ District, California Legislature," or "Member of California Senate, _____ District," or any other appropriate designation, the blanks to be filled with the appropriate district number.

Members of the Assembly may use either of the following designations: "Assemblyman, _____ District, California

Legislature" or "Member of the Assembly, _____ District, California Legislature," or any other appropriate designation, the blanks to be filled with the appropriate district number.

(b) If the candidate is a candidate for the same office which he then holds, and only in that event, the word "incumbent."

(c) Words designating the principal profession, vocation or occupation of the candidate, which shall not exceed three in number. The profession, vocation or occupation designated shall be the same as appears in the affidavit of registration of the candidate. If upon checking the nomination paper, the officer in charge of the election finds the wording to be different than that upon the registration affidavit, he shall notify the candidate by registered mail, return receipt requested. The candidate, shall within three days from the date of receipt of the notice appear before the officer and reregister to conform with the request for the designation that appears on his nomination paper. If the candidate does not appear within three days, the officer shall leave the designation under his name blank (no designation). No candidate shall assume a designation which would mislead the voters.

In all cases words so used shall be printed in eight-point roman boldface capitals and lowercase type.

SEC. 2. Section 10301 of the Elections Code is amended to read:

10301. Immediately under the name of each candidate and not separated from the name by any line may appear, at the option of the candidate, one of the following designations:

(a) Words designating the elective city, county, district, federal, or state office which the candidate then holds at the time of filing his nomination papers to which he was elected by vote of the people or to which he was appointed to fill a vacancy.

In addition to the foregoing, Members of the Senate of the State of California may use either of the following designations: "State Senator, _____ District, California Legislature" or "Member of California Senate, _____ District," or any other appropriate designation, the blanks to be filled with the appropriate district number.

Members of the Assembly may use either of the following designations: "Assemblyman, _____ District, California Legislature" or "Member of the Assembly, _____ District, California Legislature," or any other appropriate designation, the blanks to be filled with the appropriate district number.

(b) If the candidate is a candidate for the same office which he then holds, and only in that event, the word "incumbent."

(c) Words designating the principal profession, vocation or occupation of the candidate which shall not exceed three in number. The profession, vocation or occupation so designated shall be the same as appears in the affidavit of registration of the candidate. If upon checking the nomination paper the officer in charge of the election finds the wording to be different than that upon the registration affidavit of the candidate, he

shall notify the candidate by registered mail, return receipt requested. The candidate shall within three days from the date of receipt of the notice appear before the officer and reregister to conform with the request for the designation that appears on his nomination paper. If the candidate does not appear within three days the officer shall leave the designation under his name blank (no designation).

No candidate shall assume a designation which would mislead the voters. The designation shall remain the same for all purposes of both primary and general elections unless the candidate, at least 45 days prior to the general election, requests in writing a different designation which he then has the option to use under Section 10219.

Any candidate at the direct primary election who is elected at a special election held to fill a vacancy in the office for which he is a candidate or in any other office, and who receives his certificate of election and takes his oath of office, may use any appropriate designation as set forth in Section 10219 on the general election ballot, regardless of the designation he may have used on the direct primary election ballot.

In all cases words so used shall be printed in eight-point roman boldface capitals and lowercase type.

CHAPTER 357

An act to amend Section 31663 of the Government Code, relating to County Employees' Retirement Law.

[Approved by Governor June 20, 1967. Filed with Secretary of State June 20, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 31663 of the Government Code is amended to read:

31663. After January 1, 1954, or two years after a retirement system established by this chapter becomes operative, whichever is later, a sheriff who is a safety member and not elective, and an undersheriff, who is a safety member shall be retired as of the first day of the calendar month next succeeding that in which he attains age 70.

The marshal of all the municipal courts within the county who is a safety member shall be retired as of the first day of the calendar month next succeeding that in which he attains age 65.

In any county having a population in excess of 503,000 but less than 600,000 as determined by Section 28020 as amended in 1961, a sheriff's inspector, a chief inspector in a sheriff's office, or a chief deputy in a sheriff's office, who is a safety member and whose primary duties are administrative, shall be retired as of the first day of the calendar month next succeeding that in which he attains age 70.

CHAPTER 358

An act to add Sections 14220 and 14371.1 to the Education Code, relating to increase of teachers' retirement benefits, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 20, 1967. Filed with Secretary of State June 20, 1967]

The people of the State of California do enact as follows:

SECTION 1. Section 14220 is added to the Education Code, to read:

14220. In addition to the payments provided in Section 14218 or Section 14219, at the beginning of each fiscal year after June 30, 1968, the retirement system shall pay to each local district maintaining a local retirement system from the Teachers' Retirement Fund an amount equal to the difference between the increase in benefits the retired member, or his survivor under Section 14363, received under Section 14371.1 and the increase under Section 14371.1 which would have been payable during the preceding fiscal year, if such member or survivor had not been entitled to benefits from a local retirement system.

The state shall contribute annually to the Teachers' Retirement Fund the amounts required to be paid from such fund under this section.

SEC. 1.5. Section 14371.1 is added to the Education Code, to read:

14371.1. (a) Subject to the provisions of this section, there shall be an increase in monthly allowances payable by the retirement system to a retired member or the beneficiary of such a member commencing on July 1, 1967. Such allowances shall include those payable to the survivor of a deceased person under the provisions of Sections 14363, 14365, and 14366, but not those payable under Section 14256. Subject to the provisions of subdivisions (b), (c), and (d) of this section, the increase shall be an amount derived by applying the percentage set forth in the following table opposite the period during which the retirement was effective, to so much of the allowance which otherwise would be payable for such time, excluding any annuity provided by accumulated annuity deposits or accumulated shelter contributions and prior to any modification under an option elected under the provisions of Section

14363 or 14365, which does not exceed three hundred dollars ($300):

Period during which retirement became effective	Percentage of increase in monthly allowance
1. Prior to and including July 1, 1956	23
2. 12 months ending on July 1, 1957	19
3. 12 months ending on July 1, 1958	14
4. 12 months ending on July 1, 1959	13
5. 12 months ending on July 1, 1960	10
6. 12 months ending on July 1, 1961	9
7. 12 months ending on July 1, 1962	7
8. 12 months ending on July 1, 1963	6
9. 12 months ending on July 1, 1964	4
10. 12 months ending on July 1, 1965	2
11. After July 1, 1965	0

(b) If the retired member elected to receive his allowance under option two or three as provided in Section 14363 or 14365 and if the beneficiary named by him under the option is living on July 1, 1967, then the increase under subdivision (a) of this section shall be determined by applying the percentage provided therein to the modified allowance payable subject to the same limitation specified for the unmodified allowances.

(c) If the allowance payable on July 1, 1967, is due a beneficiary, the percentages in subdivision (a) shall be applied to so much of the monthly allowance payable on that date, excluding annuities from the Annuity Deposit Fund or from sheltered contributions, which does not exceed three hundred dollars ($300) and shall be based on the effective date of the member's retirement if the allowance is payable under Section 14363, or the date of the member's death if payable under Section 14365 or 14366.

(d) This section does not give any retired member, or his successors in interest, or his beneficiary, any claim against the system for any increase in any allowance paid or payable prior to July 1, 1967.

SEC. 2. There is appropriated from the General Fund, for transfer by the State Controller to the Teachers' Retirement Fund, the sum of nine million five hundred thousand dollars ($9,500,000) to finance the retirement increases provided for by this act.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Under present law, retirement benefits have not accounted for the increase in the cost of living. In order that members of the retirement system or their beneficiaries may receive benefits in 1967 which reflect the change in the cost of living, it is necessary that this act go into effect immediately.

CHAPTER 359

An act to amend Sections 12882, 12884, 12885, and 12885.6 of the Water Code as proposed by Assembly Bill No. 110 of the 1967 Regular Session, and to add Sections 12882.5, 12891.4, and 12893 to the Water Code, relating to water resources.

[Approved by Governor June 20, 1967. Filed with Secretary of State June 20, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 12882 of the Water Code, as proposed to be added by Assembly Bill No. 110, is amended to read:

12882. Applications for loans or grants or financial participation by the state under this chapter shall be made to the department in such form and with such supporting material as may be prescribed by the department. Supporting material with respect to the ability of a public agency to repay the loan and to the reasonable ability to finance the proposed project from other sources may be supplied by the county assessor.

SEC. 2. Section 12882.5 is added to the Water Code, to read:

12882.5. The report required by Section 12882.4 shall include a statement of the project's onshore facilities and any other local facilities to be required by the department as a condition of the grant or loan.

SEC. 3. Section 12884 of the Water Code, as proposed to be added by Assembly Bill No. 110, is amended to read:

12884. The department is authorized to make state grants to public agencies from moneys available for such purpose. Grants in excess of four hundred thousand dollars ($400,000) for any one project for the purposes authorized by subdivisions (a) and (b) of Section 12884.2 may be made by the department only upon specific approval of the Legislature, by an act enacted after the receipt of copies of the project report filed pursuant to Section 12882.4 and upon such additional terms and conditions as the Legislature may prescribe.

SEC. 4. Section 12885 of the Water Code, as proposed to be added by Assembly Bill No. 110, is amended to read:

12885. The department is authorized to make state loans to public agencies for the construction of projects from moneys available for such loans. Loans in excess of four million dollars ($4,000,000) for any one project may be made by the department only upon specific approval of the Legislature, by an act enacted after the receipt of copies of the project report filed pursuant to Section 12882.4 and upon such additional terms and conditions as the Legislature may prescribe.

SEC. 5. Section 12885.6 of the Water Code, as proposed to be added by Assembly Bill No. 110, is amended to read:

12885.6. The department is authorized to make state loans to public agencies for the preparation of feasibility reports on proposed projects, from any moneys available for such loans, in an amount for any one feasibility report on a proposed project not exceeding 2 percent of the estimated cost of the proposed project or fifty thousand dollars ($50,000), whichever is less; provided, that only one such loan may be made to a public agency in relation to any one proposed project. A loan in excess of said amount for any one feasibility report may be made by the department only upon authorization by the Legislature and upon such additional terms and conditions as the Legislature may prescribe.

SEC. 6. Section 12891.4 is added to the Water Code, to read:

12891.4. All loans or grants made pursuant to this chapter shall be subject to the provisions of this chapter and subject to the approval of the California Water Commission.

SEC. 7. Section 12893 is added to the Water Code, to read:

12893. In the case of a grant under subdivision (b) of Section 12884.2 for the part of the construction cost of a dam and reservoir properly allocated to recreational functions of statewide interest and a grant under subdivision (a) of Section 12884.2 for the part of the construction cost of the proposed project properly allocated to the enhancement of fish and wildlife, the department may provide in the grant contract that the public agency shall deposit a portion of the grant into a special account or fund and shall use the money deposited, and its increments, solely for the construction of specified onshore recreation facilities until the construction cost of the facilities is paid. In acting under this section, the department may reserve for the construction of onshore recreation facilities only the portions of such grants which, in the department's judgment, will not be needed for the payment of the construction cost of the dam and reservoir, in the case of a grant under subdivision (b) of Section 12884.2, or the construction cost of any project facilities other than the onshore recreation facilities, in the case of a grant under subdivision (a) of Section 12884.2.

SEC. 8. It is the intent of the Legislature that the provisions of the Davis-Grunsky Act, as amended by this act, providing that loans and grants in amounts in excess of those authorized without specific legislative approval are to be subject to the provisions of the Davis-Grunsky Act and to the approval of the California Water Commission shall be applicable to excess loans and grants heretofore authorized by the Legislature, but with respect to which the applications for the loans or grants have not been approved by the Department of Water Resources.

CHAPTER 360

An act to amend Section 6726 of, to add Sections 10053.5 and 16200.5 to, and to repeal Section 6726.5 of the Welfare and Institutions Code, relating to services for mental patients, declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 20, 1967. Filed with Secretary of State June 20, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 6726 of the Welfare and Institutions Code is amended to read:

6726. The superintendent of a state hospital for the mentally ill or mentally retarded may grant a leave of absence to a patient under general conditions prescribed by the Department of Mental Hygiene.

SEC. 2. Section 6726.5 of the Welfare and Institutions Code is repealed.

SEC. 3. Section 10053.5 is added to the Welfare and Institutions Code, to read:

10053.5. The department shall directly or through the county department provide protective social services:

(a) For care of patients on leave of absence from state institutions of the Department of Mental Hygiene; and

(b) To prevent unnecessary admission of persons to state mental institutions or to facilitate the release of patients for whom hospital care is not the appropriate treatment.

The department, to the extent funds are appropriated and available shall pay for the cost of providing for care in a private home, certified by the department, for any patient on leave of absence from a state hospital, or any person who would otherwise be subject to admission thereto. The monthly rate for such private home care shall be set by the department at an amount which will provide the best possible care at minimum cost and also insure:

(a) That the leave patient will receive proper treatment and may be expected to show progress in achieving the maximum adjustment toward returning to community life; and

(b) That sufficient homes can be recruited to achieve the stated objectives of this section.

To avoid duplication of effort and overlapping of services, the Department of Social Welfare and the Department of Public Health shall develop working agreements so that regional centers now existing or as may be hereinafter created may make fullest possible use of available resources in serving the mentally retarded. In no event shall the monthly rate established by the department pursuant to this section be set at an amount which exceeds one hundred sixty dollars ($160).

SEC. 4. Section 16200.5 is added to the Welfare and Institutions Code, to read:

16200.5. The department may grant certificates to private homes for family care of patients on leave of absence from state hospitals. Such certificates shall be granted without payment of fees. Each such home may care for not more than six (6) patients and shall be regulated by standards established by the department for the care of such patients.

SEC. 5. This act is an urgency measure necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The Department of Social Welfare now pays for care of mentally ill and mentally retarded persons in private homes under the transfer of such functions from the Department of Mental Hygiene in the Budget Act. This act will eliminate the uncertainty as to such payments by the Department of Social Welfare.

The full development of protective social services and the recruitment of private home care facilities is a vital and urgent necessity if persons are to be removed from costly state hospital care at an accelerated rate and other persons are to be prevented from unnecessary admission to such state institutions by remaining in their home communities where they can receive more appropriate care at less cost to the state.

CHAPTER 361

An act to amend Sections 73642, 73643, 74343.1, and 73649 of the Government Code, relating to municipal courts.

[Approved by Governor June 20, 1967. Filed with Secretary of State June 20, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 73642 of the Government Code is amended to read:

73642. There shall be one clerk who shall be appointed by the judges of the court and who shall receive a monthly salary at a rate specified in Schedule 41.5 of the salary schedule provided in Section 74343.1. In no event shall the salary of the clerk be less than ten (10) schedule ranges higher than that specified for the position of clerk IV.

SEC. 2. Section 73643 of the Government Code is amended to read:

73643. The clerk may appoint with the approval of the judges:

(a) One chief deputy who shall receive a monthly salary at a rate specified in Schedule No. 35.5.

(b) Three deputy clerks IV each of whom shall receive a monthly salary at a rate specified in Schedule No. 32.

(c) Thirteen deputy clerks III, each of whom shall receive a monthly salary at a rate specified in Schedule No. 27.

(d) Three deputy clerks II, each of whom shall receive a monthly salary at a rate specified in Schedule No. 24.

(e) Three deputy clerks I, each of whom shall receive a monthly salary at a rate specified in Schedule No. 20. Appointments to this position shall be at step B of the schedule.

(f) One deputy clerk stenographer who shall receive a monthly salary at a rate specified in Schedule No. 26.5.

(g) Two keypunch operators each of whom shall receive a monthly salary at a rate specified in Schedule No. 22.5. The person now holding the position of keypunch operator as appointed on April 20, 1966, by the Clerk of the San Diego Municipal Court by authority of Section 72150 of the Government Code and assigned to this court by authority of Section 72002 of the Government Code shall succeed to the position without further examination, qualification or certification on a civil service eligible list.

The value, in dollars, of each monthly salary herein shall be at the rates indicated opposite the respective schedule number in the salary schedule provided in Section 74343.1, and the provisions of subdivisions (a), (b), (c), and (d) of that section are applicable to the attachés appointed pursuant to this section.

SEC. 3. Section 74343.1 of the Government Code is amended to read:

74343.1. Whenever reference to a numbered salary schedule is made in any section of this article, the following schedule of monthly salaries shall apply:

(a) Unless otherwise specifically provided, each person appointed to a position, the compensation of which is fixed by reference to the salary schedule set forth in this article, shall, for the first six months of service, receive monthly the rate of compensation specified in step A of the salary schedule for the position to which he is appointed. Upon the first day of the month following six months continuous service in step A, the initial rate of compensation of such person shall be increased to step B of the salary schedule for the position occupied. Upon the first day of the month following six months continuous service in step B, the initial rate of compensation of such person shall be increased to step C of the salary schedule for the position occupied. On and after the first day of the month following six months of continuous service at step C, such compensation shall be increased to step D of the salary schedule. On and after the first day of the month following 12 months of continuous service at step D, such compensation shall be increased to step E of the salary schedule.

(b) When any person in the service of the court is appointed or promoted to another position in such service compensated at a higher numbered schedule, he shall receive step A of such schedule if step A is at least one step higher than the salary received in the position relinquished; but if not, he shall receive initially that step schedule pertaining to such position which will provide a one step increase in his compensation.

(c) When any person in the service of the court is demoted to another position he shall receive compensation at the highest step of the salary schedule applicable to the position to which he is demoted which provides a salary not higher than that previously received by such person, except that if such demotion is due to disciplinary action, the appointing power may specify any step rate of such schedule which provides compensation not higher than that last previously received by such person.

(d) The hereinafter enumerated classes of positions in the court are deemed to be comparable in job level to certain classifications in the classified civil service of San Diego County and whenever the salaries of such classifications in the service of San Diego County are adjusted by the board of supervisors, the salaries of the comparable classifications in the clerk's office shall be adjusted a commensurate percentage in the salary schedule Such adjustment shall not be more than 20 percent higher or 20 percent lower than the ranges specified in this article. Such adjustments shall be effective on the same date as the effective date of the action by the board of supervisors as it

applies to the county classifications. In the event that the salary of any of the San Diego County classifications listed in this section are adjusted by the board of supervisors on any date in 1967 prior to the effective date of any amendments to this article enacted by the Legislature at the 1967 Regular Session of the Legislature, commensurate adjustments shall be applied to the salaries of the comparable classifications in the clerk's office, such adjustments to take effect on the effective date of any amendments of this article enacted at the 1967 Regular Session of the Legislature. Any salary adjustments made as a result of this section shall be effective only until 90 days after the adjournment of the Legislature at the 1969 Regular Session.

The comparable classifications are as follows:

Municipal court classification	County classification
Chief deputy	Superior court clerk
Deputy clerk, chief clerk	Superior court clerk
Deputy clerk, assistant chief clerk	Superior court clerk
Deputy clerk I	Junior clerk
Deputy clerk II	Intermediate clerk
Deputy clerk III	Senior clerk

SEC. 4. Section 73649 of the Government Code is amended to read:

73649. Official reporters in such municipal courts, appointed pursuant to Section 72194, shall be attachés of the court and in lieu of any other compensation provided by law for their services in reporting testimony in felony criminal proceedings in the court, shall receive a monthly salary of four hundred dollars ($400). The salary shall be a charge against the general fund of the county. For transcribing and for reporting proceedings other than felony criminal proceedings, the official reporters shall receive the fees provided by Section 69947 to 69953, inclusive, which shall upon order of the court be a charge against the general fund of the county. Pursuant to Section 72194, the judge of the court may appoint as many additional reporters as the business of the court requires. The additional reporters shall be known as official reporters pro tempore and they shall serve without salary but shall receive the fees provided by Sections 69947 to 69953, inclusive, which shall upon order of the court be a charge against the general fund of the county. An official reporter or an official reporter pro tempore may be appointed to serve as such reporter in more than one municipal court in the County of San Diego

CHAPTER 362

An act to add Section 13581.2 to the Education Code, relating to classified school personnel employed under federally funded programs.

[Approved by Governor June 20, 1967. Filed with Secretary of State June 20, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 13581.2 is added to the Education Code, to read:

13581.2. (a) Positions not requiring certification qualifications created by a governing board of a school district under the Manpower Development and Training Act of 1962, the Economic Opportunity Act of 1964, the Elementary and Secondary Education Act of 1965, or Section 11300 or Section 13650 of the Welfare and Institutions Code, any future federal or state legislative enactment, or any other special funding, and which are not a part of the regular school program shall, nevertheless, be a part of the classified service as established by Section 13581 or Section 13712 of the Education Code.

Persons employed in such positions shall be classified employees and shall enjoy all of the rights, burdens and benefits accorded other classified employees. Their selection and retention shall be made on the same basis as that of persons selected for positions a part of the regular school program.

(b) Notwithstanding the provisions of subdivision (a) if specially funded positions are restricted to employment of persons in low income groups, from designated impoverished areas and other criteria which restricts the privilege of all citizens to compete for employment in such positions,, all such positions shall, in addition to the regular class title, be classified as "restricted." Persons employed in positions properly classified as "restricted" shall be classified employees for all purposes except:

(1) They shall not be accorded employment permanency under Section 13583 or Section 13739 of the Education Code, whichever is applicable.

(2) They shall not acquire seniority credits for the purposes of Sections 13737 and 13746 of the Education Code or, in a district not having the merit (civil service) system, for the purposes of layoff for lack of work or lack of funds as may be established by rule of the governing board.

(3) The provisions of Sections 13727 and 13728 shall not apply to "restricted" employees.

(4) They shall not be eligible for promotion into the regular classified service until they have complied with the provisions of subdivision (c).

(c) At any time, after completion of six months of satisfactory service, a person serving in a "restricted" position may take such qualifying examinations as are required for all

other persons serving in the same class in the regular classified service. If such person satisfactorily completes the qualifying examination, regardless of final numerical listing on an eligibility list, he shall be accorded full rights, benefits and burdens of any other classified employee serving in the regular classified service. His service in the regular classified service shall be counted from the original date of employment in the "restricted" position and shall continue even though he continues to serve in a "restricted" position.

(d) This section shall apply to districts that have adopted the merit system in the same manner and effect as if it were a part of Article 5 (commencing with Section 13701) of this chapter.

(e) It is the intent of the Legislature in enacting this section to clearly set forth that positions normally a part of the classified service are included therein regardless of the source of income to sustain such positions and to effectively implement specially funded programs intended to provide job opportunities for untrained and impoverished persons but to do so in a manner that will not be disruptive nor detrimental to the normal employment procedures relating to classified school service.

CHAPTER 363

An act to add Section 27207.1 to the Education Code, relating to county free libraries.

[Approved by Governor June 20, 1967. Filed with Secretary of State June 20, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 27207.1 is added to the Education Code, to read:

27207.1. The board of supervisors of a county over 400,000 population, as determined by the 1960 Decennial Census, maintaining a county free library may provide that the salary of the county librarian be paid from the same fund used for maintaining and operating the county free library.

Nothing in this section shall be construed as modifying the status of the county librarian as a county official pursuant to Section 24000 of the Government Code.

CHAPTER 364

An act to add Section 31680.2 to the Government Code, relating to the County Employees' Retirement Law of 1937.

[Approved by Governor June 20, 1967. Filed with Secretary of State June 20, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 31680.2 is added to the Government Code, to read:

31680.2. This section shall apply in any county having a population of less than 5,000,000 as ascertained and determined in Section 28020. Any person who retired for service may be employed in a position requiring special skills or knowledge, as determined by the county or district employing him, for not to exceed 90 working days in any one fiscal year and may be paid for such employment. Such employment shall not operate to reinstate the person as a member of this system or to terminate or suspend his retirement allowance, and no deductions shall be made from his salary as contributions to this system.

CHAPTER 365

An act to amend Sections 55370, 55503, 55503.5, 55504, and 55651 of, and to add Section 55503.6 to, the Water Code, relating to county waterworks districts.

[Approved by Governor June 20, 1967. Filed with Secretary of State June 20, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 55370 of the Water Code is amended to read:

55370. A district may acquire property by purchase, gift, devise, descent, and eminent domain. The title to all property which may have been acquired for a district shall be vested in the county.

SEC. 2. Section 55503 of the Water Code is amended to read:

55503. The board may borrow and repay county funds not to exceed 85 percent of the district's anticipated revenue for the fiscal year in which they are borrowed or for the next ensuing fiscal year. In levying taxes as authorized by this division the board may raise sufficient revenues to repay such loans.

The board may also borrow funds from another waterworks district, and the board may lend available district funds to

another waterworks district, subject to the same terms and conditions as apply to loans of county funds.

SEC. 2.5. Section 55503.5 of the Water Code is amended to read:

55503.5. Notwithstanding any other provisions of law, such funds, when so borrowed by a waterworks district, shall forthwith increase the appropriations of the district for which they are needed. The board of supervisors may specify the date and manner in which the funds shall be repaid. In no case shall repayment of the loan be deferred longer than 10 calendar years.

SEC. 3. Section 55503.6 is added to the Water Code, to read:

55503.6. The district shall pay interest to the county on all funds borrowed, at the same rate that the county applies to funds of the district on deposit with the county.

SEC. 4. Section 55504 of the Water Code is amended to read:

55504. Where a district has an assessed valuation of less than one hundred thousand dollars ($100,000), the board of supervisors of the county may loan county funds, in a sum not in excess of ten thousand dollars ($10,000), to the district to be used for the purpose of repairing, improving, extending or renewing the district water system, to be returned to the county by the district from revenues and taxes of the district during the period of 10 years following the date of the loan.

SEC. 5. Section 55651 of the Water Code is amended to read:

55651. Zones may be established within the district by either of the following methods:

(1) A petition for the formation of a zone within a district may be presented to the board, signed by owners representing at least 25 percent of the total assessed valuation of the real property within the proposed zone as shown by the last equalized assessment roll of the county, or by not less than 25 percent of the taxpayers residing within the proposed zone.

(2) A resolution may be adopted by the board containing the matters required by Section 55652. If bonds are proposed to be issued under the authority of Section 55677, the resolution shall state the amount of the proposed indebtedness, the maximum maturity date, and the maximum interest rate.

CHAPTER 366

An act to amend Section 65858 of the Government Code, relating to interim zoning ordinances.

[Approved by Governor June 20, 1967. Filed with Secretary of State June 20, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 65858 of the Government Code is amended to read:

65858. Without following the procedures otherwise required preliminary to the adoption of a zoning ordinance, the legislative body, to protect the public safety, health and welfare, may adopt as an urgency measure an interim ordinance prohibiting any uses which may be in conflict with a contemplated zoning proposal which the legislative body, planning commission or the planning department is considering or studying or intends to study within a reasonable time. Such urgency measure shall require a four-fifths vote of the legislative body for adoption. Such interim ordinance shall be of no further force and effect 90 days from the date of adoption thereof; provided, however, that after notice pursuant to Section 65856 and public hearing, the legislative body may by a four-fifths vote extend such interim ordinance for one year. Not more than two such extensions may be adopted. Alternatively, an interim ordinance may be adopted by a four-fifths vote following notice pursuant to Section 65856 and public hearing, in which case it shall be of no further force and effect one year from the date of adoption thereof; provided, however, that after notice pursuant to Section 65856 and public hearing, the legislative body may by a four-fifths vote extend such interim ordinance for one year. When any such interim ordinance has been adopted, every subsequent ordinance adopted pursuant to this section, covering the whole or a part of the same property, shall automatically terminate and be of no further force or effect upon the termination of the first such ordinance or any extension thereof as herein provided.

CHAPTER 367

An act to amend Section 70127 of the Government Code, relating to court reporters.

[Approved by Governor June 20, 1967. Filed with Secretary of State June 20, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 70127 of the Government Code is amended to read:

70127. Each regular official reporter shall be paid an annual salary of ten thousand dollars ($10,000), and each pro tempore official reporter shall be paid per day the amounts prescribed in Article 9 (commencing with Section 69941), Chapter 5, Title 8 for the days he is actually on duty under order of the court.

CHAPTER 368

An act to amend Section 29109 of the Government Code, relating to tax levies.

[Approved by Governor June 20, 1967. Filed with Secretary of State June 20, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 29109 of the Government Code is amended to read:

29109. Within three days after the rates of county taxation have been fixed, the auditor shall forward to the State Controller, in such form as the Controller directs, a statement of the rates of taxation and the amounts of taxes to be levied for county purposes.

On or before October 16th of each year, the auditor shall forward to the State Controller, in such form as the Controller directs, a statement of the rates of taxation, the assessed valuation as shown on the current equalized assessment roll and the amount of taxes to be levied for (1) each school district or portion thereof within the county, and (2) each special district, or subdistrict or zone thereof, or portion thereof within the county, for which a tax levy is carried on the regular county assessment roll and (3) each city for which a tax levy is carried on the regular county assessment roll.

If the auditor, after receipt of written notice from the State Controller fails to transmit either of the statements within 10 days, he shall forfeit to the state, one thousand dollars ($1,000) to be recovered in an action brought by the Attorney General, in the name of the Controller.

CHAPTER 369

An act to amend Section 26450 of the Vehicle Code, relating to motor vehicle brakes.

[Approved by Governor June 20, 1967. Filed with Secretary of State June 20, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 26450 of the Vehicle Code is amended to read:

26450. Every motor vehicle shall be equipped with a service brake system and every motor vehicle, other than a motorcycle, shall be equipped with a parking brake system. Both the service brake and parking brake shall be separately applied.

If the two systems are connected in any way, they shall be so constructed that failure of any one part, except failure in the drums, brakeshoes, or other mechanical parts of the wheel brake assemblies, shall not leave the motor vehicle without operative brakes.

CHAPTER 370

An act to amend Sections 21356 and 21803 of the Vehicle Code, relating to yielding of the right-of-way.

[Approved by Governor June 20, 1967. Filed with Secretary of State June 20, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 21356 of the Vehicle Code is amended to read:

21356. The Department of Public Works or local authorities with respect to highways under their respective jurisdictions, may erect yield right-of-way signs at the entrance to intersections or highways which are not through highways, but such yield right-of-way signs shall not be erected upon the approaches to more than one of the intersecting streets and shall not be erected at locations where the entering speed may safely exceed 15 miles per hour.

Yield right-of-way signs shall be located at or near the entrance to the intersection or highway where motorists are required to yield the right-of-way.

SEC. 2. Section 21803 of the Vehicle Code is amended to read:

21803. (a) The driver of any vehicle upon approaching any yield right-of-way sign at the entrance to a highway or intersection shall not enter such highway or intersection at a speed exceeding 15 miles per hour and shall slow down and stop if necessary and shall yield the right-of-way to other vehicles which have entered the intersection from an intersect-

ing street or which are approaching so closely on the intersecting street as to constitute an immediate hazard and shall continue to yield the right-of-way to such approaching vehicles until such time as he can proceed with reasonable safety.

(b) A driver, having so yielded, may then proceed and the drivers of all other vehicles approaching the intersection on the intersecting roadway shall yield the right-of-way to him.

CHAPTER 371

An act to amend Section 21704 of the Vehicle Code, relating to distances between vehicles.

[Approved by Governor June 20, 1967. Filed with Secretary of State June 20, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 21704 of the Vehicle Code is amended to read:

21704. (a) The driver of any motortruck, or schoolbus or the driver of any motor vehicle towing any other vehicle outside of a business or residence district, shall keep the vehicle he is driving at a distance of not less than 500 feet to the rear of any motortruck, schoolbus, or any motor vehicle towing any other vehicle which is preceding it.

(b) The provisions of this section shall not prevent overtaking and passing nor shall the same apply upon any lane especially designated for use by motortrucks, nor upon a highway with two or more lanes for traffic in each direction, when the vehicles subject to this section are operated in the right-hand lane for traffic.

(c) This section shall not apply to a passenger vehicle drawing a camping semitrailer or small trailer or other passenger motor vehicle, nor to motor vehicles drawing highway construction or maintenance equipment while being used in highway construction or maintenance work.

CHAPTER 372

An act to amend Section 25300 of the Vehicle Code, relating to warning devices on vehicles.

[Approved by Governor June 20, 1967. Filed with Secretary of State June 20, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 25300 of the Vehicle Code is amended to read:

25300. (a) Every vehicle which, if operated during darkness, would be subject to the provisions of Sections 25100 or 25101, and every truck tractor, irrespective of width, shall at all times be equipped with at least three pot torches, or three red electric lanterns, or three red emergency reflectors. The devices need be carried by only one vehicle in a combination.

All warning signals shall be maintained in good working condition.

(b) When any such vehicle is disabled on the roadway during darkness, warning signals of the type specified in subdivision (a) shall be immediately placed as follows:

(1) One at the traffic side of the disabled vehicle, not more than 10 feet to the front or rear thereof;

(2) One at a distance of approximately 100 feet to the rear of the disabled vehicle in the center of the traffic lane occupied by such vehicle; and

(3) One at a distance of approximately 100 feet to the front of the disabled vehicle in the center of the traffic lane occupied by such vehicle.

(4) If disablement of any such vehicle occurs within 500 feet of a curve, crest of a hill or other obstruction to view, the driver shall so place the warning signal in that direction as to afford ample warning to other users of the highway, but in no case less than 100 nor more than 500 feet from the disabled vehicle.

(5) If disablement of the vehicle occurs upon any roadway of a divided or one-way highway, the driver shall place one warning signal at a distance of approximately 200 feet and one such signal at a distance of approximately 100 feet to the rear of the vehicle in the center of the lane occupied by the stopped vehicle, and one such signal at the traffic side of the vehicle not more than 10 feet to the rear of the vehicle.

(c) When any such vehicle is disabled or parked off the roadway but within 10 feet thereof during darkness, warning signals of the type specified in subdivision (a) shall be immediately placed by the driver as follows: one at a distance of approximately 200 feet and one at a distance of approximately 100 feet to the rear of the vehicle, and one at the traffic side of the vehicle not more than 10 feet to the rear of the vehicle. The signals shall, if possible, be placed between the edge of the roadway and the vehicle, but in no event less than two feet

to the left of the widest portion of the vehicle or load thereon.

(d) The requirements of this section may be complied with until the devices mentioned above can properly be placed by either placing lighted red fusees in the required locations or by use of turn signal lamps, provided front turn signal lamps at each side are being flashed simultaneously and rear turn signal lamps at each side are being flashed simultaneously.

(e) The pot torches, lanterns, or reflectors shall be displayed continuously during darkness while the vehicle remains disabled upon the roadway or parked or disabled within 10 feet thereof.

(f) Subdivisions (b), (c), (d), and (e) do not apply to a vehicle:

(1) Parked in a legal position within the corporate limits of any city.

(2) Parked in a legal position upon a roadway bounded by adjacent curbs.

CHAPTER 373

An act to amend Section 26302 of the Vehicle Code, relating to vehicles.

[Approved by Governor June 20, 1967. Filed with Secretary of State June 20, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 26302 of the Vehicle Code is amended to read:

26302. (a) Every trailer or semitrailer, manufactured and first registered after January 1, 1940, and having a gross weight of 6,000 pounds or more and which is operated at a speed of 20 miles per hour or over shall be equipped with brakes.

(b) Every trailer or semitrailer manufactured and first registered after January 1, 1966, and having a gross weight of 3,000 pounds or more shall be equipped with brakes on at least two wheels.

(c) Brakes required on trailers or semitrailers shall be adequate, supplemental to the brakes on the towing vehicle, to enable the combination of vehicles to comply with the stopping distance requirements of Section 26454.

(d) The provisions of this section shall not apply to any vehicle being used to support the boom or mast attached to a mobile crane or shovel.

CHAPTER 374

An act to amend Section 27459 of the Vehicle Code, relating to tire chains.

[Approved by Governor June 20, 1967. Filed with Secretary of State June 20, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 27459 of the Vehicle Code is amended to read:

27459. No person shall operate any motor vehicle, trailer or semitrailer upon any portion of a highway without tire chains when such portion of the highway is signed for the requirement of such chains. In any case where a passenger vehicle or motor truck having an unladen weight of 5,000 pounds or less may be required by the Department of Public Works to be equipped with tire chains such chains must be placed on at least two drive wheels or, the department may provide, in the alternative, that the vehicle may be equipped with snow-tread tires on at least two drive wheels except that such tires shall not be used on icy surfaces, and except that such tires shall not be used in any event unless the weather and surface conditions at the time are such that the stopping, tractive and cornering abilities of the tires are adequate. The snow-tread tires shall be of a type and design manufactured for use on ice and snow as a replacement for tire chains and shall be in good condition.

CHAPTER 375

An act to amend Section 362 of the Vehicle Code, relating to motor vehicles.

[Approved by Governor June 20, 1967. Filed with Secretary of State June 20, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 362 of the Vehicle Code is amended to read:

362. A "house car" is a motor vehicle originally designed, or permanently altered, and equipped for human habitation, or to which a camper has been permanently attached. A motor vehicle to which a camper has been temporarily attached is not a house car.

CHAPTER 376

An act to amend Sections 20501 and 20502 of the Elections Code, relating to municipal elections.

[Approved by Governor June 20, 1967. Filed with Secretary of State June 20, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 20501 of the Elections Code is amended to read:

20501. If at any election, except that for Governor or Lieutenant Governor, two or more persons receive an equal and the highest number of votes for an office to be voted for in more than one county, the Secretary of State shall forthwith summon the candidates who have received the tie votes, whether upon the canvass of the returns by the Secretary of State or upon recount by a court, to appear before him at his office at the State Capitol at a time to be designated by him. The Secretary of State shall at that time and place determine the tie by lot. In the same manner, at a time and place designated by it, the election board shall determine a tie vote, whether upon the canvass of the returns by the election board or upon a recount by a court, for candidates voted for wholly within one county or city.

SEC. 2. Section 20502 of the Elections Code is amended to read:

20502. If the tie vote has been determined pursuant to Section 20501, the person declared elected by the Secretary of State or the election board is entitled to a certificate of election. The Secretary of State, the county clerk or the city clerk, whichever the case may be, shall immediately make out and deliver to that person a certificate of election.

CHAPTER 377

An act to amend Section 208 of the Elections Code, relating to voter registration.

[Approved by Governor June 20, 1967. Filed with Secretary of State June 20, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 208 of the Elections Code is amended to read:

208. A person may prove he is a naturalized citizen by his sworn statement of the date and place of his naturalization.

CHAPTER 378

An act to amend Section 7554 of the Education Code, relating to special education programs, declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 20, 1967. Filed with Secretary of State June 20, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 7554 of the Education Code is amended to read:

7554. Each county board of education shall prescribe and enforce a county course of study for mentally retarded pupils as defined in Sections 6902 and 6903 of this code. Such county course of study shall be used in special education programs for mentally retarded pupils conducted by the county superintendent of schools and in school districts with an average daily attendance of 8,000 or less.

The county superintendent of schools of a county with more than 25,000 pupils in average daily attendance, and in which at least 50 percent of the mentally retarded pupils in the county are enrolled in classes conducted by the county superintendent, shall employ at least one full-time certificated person to coordinate activities involved in the preparation, adoption, revision, use and enforcement of a course of study for mentally retarded pupils in special schools and classes conducted by the county superintendent and by school districts in which the county course of study is required to be used. The minimum professional requirement for employment in such position shall be the holding of a regular teaching credential with authorization to teach the mentally retarded.

A county board of education of a county with 25,000 or less pupils in average daily attendance or the governing board of any school district with an average daily attendance of more than 8,000 may cooperate with a county superintendent of schools of 25,000 or more pupils in average daily attendance in the development of a course of study for mentally retarded pupils educated by them.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order that this act might be in effect at the commencement of the 1967–1968 school year, it is necessary that this act go into effect immediately.

CHAPTER 379

An act to amend Section 26700 of the Vehicle Code, relating to equipment of motor vehicles.

[Approved by Governor June 20, 1967. Filed with Secretary of State June 20, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 26700 of the Vehicle Code is amended to read:

26700. Every passenger vehicle, other than a motorcycle, and every bus, motortruck or truck tractor, and every firetruck, fire engine or other fire apparatus, whether publicly or privately owned, shall be equipped with an adequate windshield.

CHAPTER 380

An act to add Section 36508 to the Vehicle Code, relating to implements of husbandry.

[Approved by Governor June 20, 1967. Filed with Secretary of State June 20, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 36508 is added to the Vehicle Code, to read:

36508. A "slow-moving vehicle emblem" may be displayed on any implement of husbandry which is being driven or moved at a speed of 25 miles per hour or less. The emblem shall be mounted on the rear of the vehicle, base down and at a height of not less than 3 nor more than 5 feet from ground to base. Such emblem shall consist of a truncated equilateral triangle having a minimum height of 14 inches with a red reflective border not less than $1\frac{3}{4}$ inches in width and a fluorescent orange center.

This emblem shall not be displayed except as permitted by this section.

CHAPTER 381

An act to amend Section 1202 of the Probate Code, relating to probate proceedings.

[Approved by Governor June 20, 1967. Filed with Secretary of State June 20, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 1202 of the Probate Code is amended to read:

1202. At any time after the issuance of letters testamentary or of administration, any person interested in the estate, whether as heir, devisee, legatee, creditor, beneficiary under a trust, or as otherwise interested, or the State Controller, may, in person or by attorney, serve upon the executor or administrator or trustee, or upon the attorney for such executor, administrator, or trustee, and file with the clerk of the court where the proceedings are pending, with a written admission or proof of such service, a written request, stating that he desires special notice of the filing of any or all of the petitions, accounts or reports mentioned in Section 1200 of this code, and giving the post office address of the person making the same, or his attorney. Thereafter such person shall be entitled to notice as provided in said Section 1200.

CHAPTER 382

An act to amend Sections 375 and 24603 of the Vehicle Code, relating to lighting equipment on motor vehicles.

[Approved by Governor June 20, 1967. Filed with Secretary of State June 20, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 375 of the Vehicle Code is amended to read:

375. "Lighting equipment" is any of the following lamps or devices:

(a) Any headlamp, auxiliary driving, passing, or fog lamp, tail lamp, stop lamp, supplemental stop lamp, license plate lamp, clearance lamp, side-marker lamp, signal lamp or device, supplemental signal lamp, cornering lamp, running lamp, diffused nonglaring lamp, red or amber warning lamp, and flashing red schoolbus lamp.

(b) Any operating unit or canceling mechanism for turn signal lamps or for the simultaneous flashing of turn signal lamps as vehicular hazard signals, and any flasher mechanism for turn signals, red schoolbus lamps, warning lamps, and the

simultaneous flashing of turn signal lamps as vehicular hazard signals.

(c) Any equipment regulating the light emitted from any lamp or device or the light sources therein.

(d) Any reflector, including red reflectors for use on bicycles and reflectors used for required warning devices.

SEC. 2. Section 24603 of the Vehicle Code is amended to read:

24603. Every motor vehicle and every vehicle at the end of a train of vehicles shall at all times be equipped with not less than one stop lamp on the rear which shall emit a red or amber light and which shall be actuated upon application of the service (foot) brake and the hand control head for air, vacuum, or electric brake and which may but need not be incorporated with a tail lamp. Every such new vehicle, other than a motorcycle, first registered after January 1, 1958, shall be equipped with not less than two such stop lamps on the rear. Such stop signals shall be plainly visible and understandable from a distance of 300 feet to the rear both during normal sunlight and at nighttime, except that stop lamps on a vehicle of a size required to be equipped with clearance lamps shall be visible from a distance of 500 feet during such times. Any vehicle may be equipped with supplemental stop lamps mounted to the rear of the rearmost portion of the driver's seat in its rearmost position in addition to the lamps required to be mounted on the rear of the vehicle. Whenever any vehicle is equipped with two stop lamps, both stop lamps shall be in good working order. The stop lamp on that side of a vehicle toward which a turn will be made may flash as part of the turn signal lamp. The supplemental stop lamp on that side of a vehicle toward which a turn will be made may flash as part of the supplemental turn signal lamp.

CHAPTER 383

An act to add Section 18501.5 to the Elections Code, relating to recounts of ballots.

[Approved by Governor June 20, 1967. Filed with Secretary of State June 20, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 18501.5 is added to the Elections Code, to read:

18501.5. Notwithstanding any provision in Section 18501 to the contrary, a candidate for office may request the election board or person authorized to canvass the returns to order that the ballots voted in a precinct shall be publicly counted, pursuant to this article, if such candidate files with such board or person a declaration alleging that because of mistake, error, or misconduct, the votes in a precinct were so incorrectly

counted that the returns do not correctly show which candidate received the plurality of the votes cast for the office in the precinct.

Before a recount is commenced under this section, the candidate shall deposit such sums as the election board or person authorized to canvass the returns requires to cover the expense of the recount. The money so deposited shall be returned to the depositor if upon the recount the candidate filing the declaration is found to have received the plurality of the votes cast for the office. If the candidate filing the declaration has not received the plurality of the votes cast, he shall be entitled to the return of any money deposited in excess of the cost of the recount. Money not required to be refunded shall be deposited in the appropriate public treasury.

CHAPTER 384

An act to repeal Section 1223 of the Probate Code, relating to estate administration.

[Approved by Governor June 20, 1967. Filed with Secretary of State June 20, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 1223 of the Probate Code is repealed.

CHAPTER 385

An act to add Section 24265.5 to the Health and Safety Code, relating to orchard heaters.

[Approved by Governor June 20, 1967. Filed with Secretary of State June 20, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 24265.5 is added to the Health and Safety Code, to read:

24265.5. The air pollution control board of any district which is activated after the effective date of this section may, by regulation, establish reasonable exemptions from the provisions of this chapter, or permit the continued use within the district for reasonable periods, of orchard heaters that produce unconsumed solids at a rate in excess of one gram per minute and which are then owned by persons engaged in agricultural operations within the district if the board determines that the provisions of the chapter would otherwise preclude the use of such orchard heaters in the district and would cause

serious economic hardship to the owners of the heaters or the practical elimination of agricultural operations now being carried on within the district.

This section shall remain in effect until the 61st day after the final adjournment of the 1972 Regular Session of the Legislature, and shall have no force or effect after that date.

CHAPTER 386

An act to authorize the Department of General Services to convey an easement across the property of Camarillo State Hospital for the purpose of construction of a county road, declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 20, 1967. Filed with Secretary of State June 20, 1967.]

The people of the State of California do enact as follows:

SECTION 1. The Department of General Services, with the consent of the Department of Mental Hygiene, is hereby authorized to convey an easement across the property of Camarillo State Hospital for the purpose of construction of a county road.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The county road provided for herein is of vital need to the residents of the county.

CHAPTER 387

An act to amend Section 31641.2 of the Government Code, relating to the County Employees Retirement Law of 1937.

[Approved by Governor June 21, 1967. Filed with Secretary of State June 21, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 31641.2 of the Government Code is amended to read:

31641.2. Any member of the retirement system who elects pursuant to Section 31641.1 to make contributions and receive credit as service for time for which he claims credit because of public service shall contribute to the retirement fund, prior to the effective date of his retirement, by lump sum payment or by installment payments over a period not to exceed five years, an amount equal to the sum of:

(a) Twice the contributions he would have made to the retirement fund if he had been a member during the same length of time as that for which he has elected to receive credit as service, computed by applying the rate of contribution first applicable to him upon commencement of his membership in this system to the monthly compensation first earnable by him at the time as provided in Section 31641.3, multiplied by the number of months for which he has elected to receive credit for county service, including time, if any, prior to the establishment of the system, and which will constitute current service under this system.

(b) The "regular interest" which would have accrued to such member contributions if they had been made on the date used to determine on what earnable compensation contributions pursuant to this section shall be based, from that date until the completion of payment of those contributions, computed at the current interest rate.

(c) The governing body by a four-fifths vote may provide that it shall make on behalf of officers and employees eligible to receive credit for prior service under this chapter, and who so elect prior to filing an application for retirement, part of the contributions specified in paragraphs (a) and (b) of this section. The contributions made by a governmental agency pursuant to this section shall be available only for purposes of retirement for service or for disability and a member resigning from county service shall be entitled to withdraw only that portion of his accumulated contributions made by him.

CHAPTER 388

An act to amend Section 71.8 of the Harbors and Navigation Code, relating to small craft harbors.

[Approved by Governor June 21, 1967. Filed with Secretary of State June 21, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 71.8 of the Harbors and Navigation Code is amended to read:

71.8. Any contract or agreement for a transfer pursuant to Section 70 or a loan pursuant to Section 71.4, for which gross revenues of a small craft harbor are made the security for repayment shall include, but is not limited to, provisions requiring the governing body of the city, county, or district to:

(a) Punctually pay all installments of principal and interest on money owed to the state.

(b) Continuously operate in an efficient and economical manner all small craft harbor facilities acquired, constructed, improved or completed in full or in part as a result of transfers or loans by the state.

(c) Make all repairs, renewals and replacements necessary to the efficient operation of the small craft harbor facilities and to keep them in good repair at all times.

(d) Preserve and protect the security interest of the state in all respects by procuring insurance on such facilities in an amount and of the type approved by the commission.

(e) Periodically fix, prescribe and collect fees, rentals or other charges for services and facilities of the small craft harbor facilities sufficient to produce gross revenues adequate for payment of the following in the order set forth:

(1) All installments of principal and interest on money owed the state as they come due.

(2) All expenses of operation, maintenance, and repair of the small craft harbor facilities.

(3) Such additional sums as may be required by the commission for any sinking fund, reserve fund or other special fund established for the further security of the loan or transfer or as a depreciation or other charge in connection with the small craft harbor facilities.

(f) Repay loans with regard to the revenue-producing features, as determined by the commission, constructed under the loan over a period not to exceed 30 years.

(g) Repay loans with regard to the non-revenue-producing features, as determined by the commission, constructed under the loan over a period not to exceed 50 years.

In addition to the foregoing, the commission may include in any such contract or agreement a requirement that installments of principal and interest on money owed the state shall be paid from gross revenues prior to any other expenditures from such revenues; provided, however, that if the commission is satisfied that the city, county or district has sufficient financial resources to fully repay such loan without the necessity of the foregoing requirement, such requirement may be waived and such contract or agreement may then provide that installments of principal and interest on money owed the state may be repaid under such terms and conditions as may be mutually agreed upon and specifically set forth in such contract or agreement. No loan of funds shall be made to any city, county or district unless such loan is approved by the commission as conforming to the policies established by the commission. Such contracts and agreements shall not be effective until approved by the Department of Finance and the Department of General Services as to the legality, form and completeness thereof.

In the event of default the state shall proceed forthwith by means of legal action to recover such defaulted loans.

CHAPTER 389

An act to amend Sections 9055 and 9066 of the Public Resources Code, relating to the State Soil Conservation Commission.

[Approved by Governor June 21, 1967. Filed with Secretary of State June 21, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 9055 of the Public Resources Code is amended to read:

9055. (a) Except as provided in subdivision (b), five of the members to be appointed shall be directors and in making such appointments, the Governor shall provide as nearly equal representation as possible from all portions of the state, and two of the members shall be appointed from the state at large and shall be representatives of agriculture and may or may not be directors.

(b) The office of one of the five members who are required to be directors whose terms otherwise expire on May 27, 1971, shall expire on the effective date of the 1967 amendment of this section and shall thereafter be filled by a person who is not a director but shall be appointed from the state at large and shall be a representative associated with cities. The Governor, upon the effective date of the 1967 amendment of this section, shall determine which of the above offices shall be filled by a representative associated with cities. The office of the member representing agriculture whose term otherwise expires on May 27, 1971, shall expire on the effective date of the 1967 amendment of this section and shall thereafter be filled by a person who is not a director but shall be appointed from the state at large and shall be a representative associated with recreation. The terms of the two members appointed by the Governor pursuant to this subdivision shall expire on May 27, 1971.

SEC. 2. Section 9066 of the Public Resources Code is amended to read:

9066. There is in the Department of Conservation a State Soil Conservation Advisory Board which shall consist of the Director of the Agricultural Extension Service of the University of California, the Director of Water Resources, the Director of the Department of Fish and Game, the Chief of the United States Soil Conservation Service for California and the Chairman of the Agricultural Stabilization and Conservation Committee for California. The board shall assist and advise the commission but shall have no right to vote at commission meetings.

CHAPTER 390

An act to amend Section 619 of the Revenue and Taxation Code, relating to property taxation.

[Approved by Governor June 21, 1967. Filed with Secretary of State June 21, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 619 of the Revenue and Taxation Code is amended to read:

619. The assessor shall, upon or prior to completion of the local roll, either:

(a) Inform each assessee of real property on the local secured roll whose property's full cash value has increased of the assessed value of that property as it shall appear on the completed local roll; or

(b) Inform each assessee of real property on the local secured roll, or each assessee on the local secured roll and each assessee on the unsecured roll, of the assessed value of his real property or of both his real and his personal property as it shall appear on the completed local roll.

The information given by the assessor to the assessee pursuant to subdivisions (a) or (b) shall include a notification of hearings by the county board of equalization, which shall include the period during which assessment protests will be accepted and the place where they may be filed.

This information shall also include the assessment ratio for the county as provided in Section 401 and the full cash value of the property.

This information shall be furnished by the assessor to the assessee by regular United States mail directed to him at his latest address known to the assessor.

The failure of the assessee to receive this information shall not in any way affect the validity of any assessment or the validity of any taxes levied pursuant thereto.

CHAPTER 391

An act to amend Section 16851 of the Education Code and Section 545 of the Vehicle Code, relating to schoolbuses.

[Approved by Governor June 21, 1967. Filed with Secretary of State June 21, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 16851 of the Education Code is amended to read:

16851. A schoolbus is defined as any motor vehicle while being used for the transportation of any school pupil to and from a public school or to and from public school activities, except the following:

(a) A passenger vehicle designed for and when actually carrying not more than eight persons, including the driver.

(b) A nine-passenger station wagon when used for the transportation of not more than eight pupils and the driver, other than the regular transportation of pupils to and from a public school or the transportation of mentally retarded or physically handicapped pupils.

(c) A motor vehicle of any type carrying only members of the household of the owner thereof.

(d) A motor vehicle operated by a common carrier, or by and under exclusive jurisdiction of a publicly owned transit system, on scheduled runs but not used exclusively for the transportation of school pupils.

(e) A motor vehicle operated by a common carrier, or by and under the exclusive jurisdiction of a publicly owned transit system, or by a passenger charter-party carrier and used under a contractual agreement to transport pupils to and from school activities but not used regularly to transport pupils to and from a public school.

(f) A motor vehicle operated by a California state college or junior college provided the vehicle is not used to transport students at or below the 12th-grade level.

SEC. 2. Section 545 of the Vehicle Code is amended to read:

545. A "schoolbus" is any motor vehicle while being used for the transportation of any school pupil to and from a public or private school or to and from public or private school activities, except the following:

(a) A passenger vehicle designed for and when actually carrying not more than eight persons, including the driver.

(b) A nine-passenger station wagon when used for the transportation of not more than eight pupils and the driver, other than the regular transportation of pupils to and from a public or private school or the transportation of mentally retarded or physically handicapped pupils.

(c) A motor vehicle of any type carrying only members of the household of the owner thereof.

(d) A motor vehicle operated by a common carrier, or by and under the exclusive jurisdiction of a publicly owned transit system, on scheduled runs but not used exclusively for the transportation of school pupils.

(e) A motor vehicle operated by a common carrier, or by and under the exclusive jurisdiction of a publicly owned transit system, or by a passenger charter-party carrier and used under a contractual agreement to transport pupils to and from school activities but not used regularly to transport pupils to and from a public or private school.

(f) A motor vehicle operated by the University of California.

(g) A motor vehicle operated by a California state college or junior college provided the vehicle is not used to transport students at or below the 12th-grade level.

CHAPTER 392

An act to amend Sections 10219 and 10301 of the Elections Code, relating to ballot designation.

[Approved by Governor June 21, 1967. Filed with Secretary of State June 21, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 10219 of the Elections Code is amended to read:

10219. Except in cases provided for by subdivision (d) of Section 16. of Article VI of the Constitution, immediately under the name of each candidate and not separated from the name by any line, may appear, at the option of the candidate, one of the following designations:

(a) Words designating the elective city, county, district, federal, or state office which the candidate then holds at the time of filing his nomination papers to which he was elected by vote of the people or to which he was appointed to fill a vacancy.

In addition to the foregoing, Members of the Senate of the State of California may use either of the following designations: "State Senator, _____ District, California Legislature," or "Member of California Senate, _____ District," or any other appropriate designation, the blanks to be filled with the appropriate district number.

Members of the Assembly may use either of the following designations: "Assemblyman, _____ District, California Legislature" or "Member of the Assembly, _____ District, California Legislature," or any other appropriate designation, the blanks to be filled with the appropriate district number.

(b) If the candidate is a candidate for the same office which he then holds, and only in that event, the word "incumbent," except that with respect to Members of the State Senate and Assembly, there may appear, in addition to the word "incumbent," one of the applicable designations in subdivision (a).

(c) Words designating the principal profession, vocation or occupation of the candidate, which shall not exceed three in number. The profession, vocation or occupation designated shall be the same as appears in the affidavit of registration of the candidate. If upon checking the nomination paper, the officer in charge of the election finds the wording to be different than that upon the registration affidavit, he shall notify the

candidate by registered mail, return receipt requested. The candidate, shall within three days from the date of receipt of the notice appear before the officer and reregister to conform with the request for the designation that appears on his nomination paper. If the candidate does not appear within three days, the officer shall leave the designation under his name blank (no designation). No candidate shall assume a designation which would mislead the voters.

In all cases words so used shall be printed in eight-point roman boldface capitals and lowercase type.

SEC. 2. Section 10301 of the Elections Code is amended to read:

10301. Immediately under the name of each candidate and not separated from the name by any line may appear, at the option of the candidate, one of the following designations:

(a) Words designating the elective city, county, district, federal, or state office which the candidate then holds at the time of filing his nomination papers to which he was elected by vote of the people or to which he was appointed to fill a vacancy.

In addition to the foregoing, Members of the Senate of the State of California may use either of the following designations: "State Senator, _____ District, California Legislature" or "Member of California Senate, _____ District," or any other appropriate designation, the blanks to be filled with the appropriate district number.

Members of the Assembly may use either of the following designations: "Assemblyman, _____ District, California Legislature" or "Member of the Assembly, _____ District, California Legislature," or any other appropriate designation, the blanks to be filled with the appropriate district number.

(b) If the candidate is a candidate for the same office which he then holds, and only in that event, the word "incumbent," except that with respect to Members of the State Senate and Assembly, there may appear, in addition to the word "incumbent," one of the applicable designations in subdivision (a).

(c) Words designating the principal profession, vocation or occupation of the candidate which shall not exceed three in number. The profession, vocation or occupation so designated shall be the same as appears in the affidavit of registration of the candidate. If upon checking the nomination paper the officer in charge of the election finds the wording to be different than that upon the registration affidavit of the candidate, he shall notify the candidate by registered mail, return receipt requested. The candidate shall within three days from the date of receipt of the notice appear before the officer and reregister to conform with the request for the designation that appears on his nomination paper. If the candidate does not appear within three days the officer shall leave the designation under his name blank (no designation).

No candidate shall assume a designation which would mislead the voters. The designation shall remain the same for all

purposes of both primary and general elections unless the candidate, at least 45 days prior to the general election, requests in writing a different designation which he then has the option to use under Section 10219.

Any candidate at the direct primary election who is elected at a special election held to fill a vacancy in the office for which he is a candidate or in any other office, and who receives his certificate of election and takes his oath of office, may use any appropriate designation as set forth in Section 10219 on the general election ballot, regardless of the designation he may have used on the direct primary election ballot.

In all cases words so used shall be printed in eight-point roman boldface capitals and lowercase type.

CHAPTER 393

An act to add Section 405.7 to the Code of Civil Procedure, relating to undertakings in certain civil actions.

[Approved by Governor June 26, 1967. Filed with Secretary of State June 26, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 405.7 is added to the Code of Civil Procedure, to read

405.7. (a) Whenever a complaint for damages is filed against any architect, landscape architect, engineer, building designer, or land surveyor, duly licensed as such under the laws of this state, in an action for error, omission, or professional negligence in the creation and preparation of plans, specifications, designs, reports or surveys which are the basis for work performed or agreed to be performed on real property, any such defendant may, within 30 days after service of summons, move the court for an order, upon notice and hearing, requiring the plaintiff to furnish a written undertaking, with at least two sufficient sureties, in the sum of five hundred dollars ($500) as security for the costs of defense as provided in subdivision (d), which may be awarded against such plaintiff. Such motion shall be supported by affidavit showing that the claim against such defendant is frivolous.

At the hearing upon such motion, the court must order the plaintiff to file such security if the defendant shows to the satisfaction of the court that (i) the plaintiff would not suffer undue economic hardship in filing such written undertaking, and (ii) there is no reasonable possibility that the plaintiff has a cause of action against each named defendant with respect to whom the plaintiff would otherwise be required to file such written undertaking. No appeal shall be taken from any order made pursuant to this subdivision to file or not to file such security.

A determination by the court that security either shall or shall not be furnished or shall be furnished as to one or more defendants and not as to others, shall not be deemed a determination of any one or more issues in the action or of the merits thereof. If the court, upon any such motion, makes a determination that a written undertaking be furnished by the plaintiff as to any one or more defendants, the action shall be dismissed as to such defendant or defendants, unless the security required by the court shall have been furnished within such reasonable time as may be fixed by the court.

(b) This section does not apply to a complaint for bodily injury or for wrongful death, nor to an action commenced in a small claims court.

(c) Whenever more than one such defendant is named, the undertaking shall be increased to the extent of five hundred dollars ($500) for each additional defendant in whose favor such undertaking is ordered not to exceed the total of three thousand dollars ($3,000).

(d) In any action requiring a written undertaking as provided in this section, upon the dismissal of the action or the award of judgment to the defendant, the court shall require the plaintiff to pay the defendant's costs of defense authorized by law. Any sureties shall be liable for such costs in an amount not to exceed the sum of five hundred dollars ($500) for each defendant with respect to whom such sureties have executed a written undertaking. If the plaintiff prevails in the action against any defendant with respect to whom such security has been filed, such defendant shall pay the cost to plaintiff of obtaining such written undertaking.

CHAPTER 394

An act to amend Sections 286 and 24007 of the Vehicle Code, relating to vehicle dealers.

[Approved by Governor June 26, 1967. Filed with Secretary of State June 26, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 286 of the Vehicle Code is amended to read:

286. The term "dealer" does not include:

(a) Insurance companies, finance companies, public officials, or any other person coming into possession of vehicles in the regular course of business, who shall sell such vehicles under a contractual right or obligation, or in performance of an official duty, or in authority of any court of law; provided, such sale is for the purpose of saving the seller from loss or pursuant to the authority of a court of competent jurisdiction.

(b) Persons who sell or distribute vehicles of a type subject to registration for a manufacturer to vehicle dealers licensed

under this code, or who are employed by manufacturers or distributors to promote the sale of vehicles dealt in by such manufacturers or distributors; provided, however, that if any such persons also sell vehicles at retail, they shall be deemed to be vehicle dealers and are subject to this code.

(c) Persons regularly employed as salesmen by vehicle dealers licensed under this code while acting within the scope of such employment.

(d) Persons exclusively engaged in the bona fide business of exporting vehicles or of soliciting orders for the sale and delivery of vehicles outside the territorial limits of the United States; provided, no federal excise tax is legally payable on any of such transactions, or such tax is legally refundable on such transactions.

(e) Persons not engaged in the purchase or sale of vehicles as a business, disposing of vehicles acquired for their own use, or for use in their business when the same shall have been so acquired and used in good faith, and not for the purpose of avoiding the provisions of this code.

(f) Persons who are engaged in a business involving the purchase, sale or exchange of boat trailers.

(g) Persons who are engaged in a business activity which does not involve the purchase, sale or exchange of vehicles except incidentally in connection with the purchase, sale or exchange of vehicles of a type not subject to registration under this code, boat trailers or midget autos or racers advertised as being built exclusively for use by children, minibikes, tote goats, and vehicles of a similar nature which are not intended for use on the highways.

(h) Persons temporarily retained as auctioneers solely for the purpose of disposing of vehicle stock inventories on behalf of the owners thereof by means of public auctions at the location of such owners' place of business, or as otherwise approved by the department, provided intermediate physical possession or control of, or an ownership interest in such inventory is not conveyed to the persons so retained.

SEC. 2. Section 24007 of the Vehicle Code is amended to read:

24007. (a) No dealer or person holding a retail seller's permit shall sell a new or used motor vehicle which is not in compliance with the provisions of this code and department regulations adopted pursuant to this code unless the vehicle is sold to another dealer or for the purpose of being wrecked or dismantled or is sold exclusively for off-highway use.

(b) No dealer shall sell a new or used motor vehicle subject to the provisions of Section 24390 of the Health and Safety Code which is not in compliance with the provisions of Chapter 3 (commencing with Section 24378) of Division 20 of said code and the rules and regulations of the Motor Vehicle Pollution Control Board, unless the vehicle is sold to another dealer or for the purpose of being wrecked or dismantled. The

dealer shall, with each application for transfer of registration of every 1955 or later year model motor vehicle subject to Section 24390 of the Health and Safety Code, transmit to the Department of Motor Vehicles a valid certificate of compliance from a licensed motor vehicle pollution control device installation and inspection station indicating that such vehicle is properly equipped with a certified device or devices which are in proper operating condition and which are in compliance with the provisions of Chapter 3 (commencing with Section 24378) of Division 20 of said code.

CHAPTER 395

An act to amend Section 10012.5 of the Elections Code, relating to candidates' statements of qualifications.

[Approved by Governor June 26, 1967. Filed with Secretary of State June 26, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 10012.5 of the Elections Code is amended to read:

10012.5. Each candidate for elective office in any local agency, city, county, city and county or district may prepare a statement of qualifications on an appropriate form provided by the clerk. Such statement may include the name, age, occupation, and education of the candidate and a brief description of no more than 150 words, of the candidate's qualifications expressed by the candidate himself. Such statement shall not include the party affiliation of the candidate, nor membership or activity in partisan political organizations. Such statement shall be filed in the office of the clerk when his nomination papers are returned for filing and may be withdrawn, but not changed, during the period for filing nomination papers and for three calendar days after the close of the nomination period.

The clerk shall send to each voter together with the sample ballot, a voter's pamphlet which contains the written statements of each candidate's qualifications that is prepared pursuant to this section.

The local agency may bill each candidate availing himself of this service a sum not greater than the actual prorated costs of printing and handling incurred by the agency as a result of providing this service. Only these charges may be levied and each candidate using this service shall be charged the same.

The clerk shall reject any statement which contains any obscene, vulgar, profane, scandalous, libelous or defamatory matter, or any language which in any way incites, counsels, promotes or advocates hatred, abuse, violence or hostility toward, or which tends to cast ridicule or shame upon any per-

son or group of persons by reason of race, color, religion or manner of worship, or any language or matter the circulation of which through the mails is prohibited by Congress.

Nothing in this section shall be deemed to make any such statement or the authors thereof free or exempt from any civil or criminal action or penalty because of any false, slanderous or libelous statements offered for printing or contained in the voter's pamphlet.

CHAPTER 396

An act to amend Section 18100 to, and to repeal Section 18255 of, the Health and Safety Code, and to add Section 22518 to the Vehicle Code, relating to vehicles.

[Approved by Governor June 26, 1967. Filed with Secretary of State June 26, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 18100 of the Health and Safety Code is amended to read:

18100. The enforcement agency shall enforce every other provision of this part, except as provided in Section 18010.

The officers or agents of the enforcement agency may:

(a) Enter public or private property to determine whether there exists any mobilehome park to which this part applies.

(b) Enter and inspect all mobilehome parks, wherever situated, and inspect all accommodations, equipment or paraphernalia used in connection therewith, including the right to examine any registers of occupants maintained therein in order to secure the enforcement of the provisions of this part.

SEC. 2. Section 18255 of the Health and Safety Code is repealed.

SEC. 3. Section 22518 is added to the Vehicle Code, to read:

22518. No person shall park any trailer coach, housecar, or vehicle equipped with a camper upon any highway during the hours of darkness except in an area clearly designated to permit such parking or when necessary to make emergency repairs.

CHAPTER 397

An act to amend Sections 3572 and 3574 of the Public Utilities Code, relating to highway carriers.

[Approved by Governor June 26, 1967. Filed with Secretary of State June 26, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 3572 of the Public Utilities Code is amended to read:

3572. Any highway carrier desiring a permit to operate as a highway contract carrier or a radial highway common carrier shall file a petition therefor with the commission. The petition shall set forth:

(a) The name and address of the applicant.

(b) The names and addresses of its officers, if any.

(c) Full information concerning the financial condition and physical properties of the applicant.

(d) Such other information necessary to the enforcement of this chapter as the commission may require.

Before a permit is issued, the commission shall require that the applicant establish financial responsibility. The commission may, with or without hearing, issue or refuse to issue the permit. If the commission finds that the applicant possesses the required financial responsibility to perform the operations proposed, it shall issue a permit. The commission may attach to the permit such terms and conditions as, in its judgment, are required to assure protection to persons utilizing the operations.

No permit shall be issued unless it has been shown that applicant meets one of the following residence requirements: If an individual, applicant must have resided in the State of California continuously for not less than 90 days next preceding the filing of the petition. If a partnership, the partner having the largest percentage interest in the partnership must have resided in the State of California continuously for not less than 90 days next preceding the filing of the petition. If a corporation, applicant must be a domestic corporation or must have qualified to transact business in the State of California as a foreign corporation at the time of filing of the petition.

Except as otherwise provided in this chapter, upon compliance by an applicant with this chapter, the commission shall issue a permit.

SEC. 2. Section 3574 of the Public Utilities Code is amended to read:

3574. No operating permit shall be sold, leased, assigned, transferred, or otherwise encumbered by the holder thereof without first having secured from the commission an order authorizing it. Any such sale, lease, assignment, transfer, or encumbrance made otherwise than in accordance with the order of the commission authorizing it shall be void.

The commission shall not authorize any sale, lease, assignment or transfer of any operating permit unless the purchaser, lessee, assignee or transferee has met the residence requirements set forth in Section 3572 of this chapter.

CHAPTER 398

An act to repeal Sections 7601, 7602, 7603, 7604, 7605, 7606, 7607, 7609 and 7611 of, to amend Section 7610 of, and to add Sections 7601, 7602, 7603, 7604, 7605, 7606, 7607, 7609, and 7611 to, the Labor Code, relating to industrial safety.

[Approved by Governor June 26, 1967. Filed with Secretary of State June 26, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 7601 of the Labor Code is repealed.

SEC. 2. Section 7601 is added to the Labor Code, to read:

7601. Handtrucks shall be maintained in a safe condition by the employer. Handles shall be maintained free of hazardous burrs, splinters, cracks or splits.

SEC. 3. Section 7602 of the Labor Code is repealed.

SEC. 4. Section 7602 is added to the Labor Code, to read:

7602. Handtools shall be kept in good condition and be safely stored by the employer. Unsafe handtools shall not be used.

SEC. 5. Section 7603 of the Labor Code is repealed.

SEC. 6. Section 7603 is added to the Labor Code, to read:

7603. The maximum weight of materials stored on building floors or load-carrying platforms, except those built directly on the ground, shall not exceed their safe carrying capacity.

Material, when stored, shall be piled, stacked, or racked in a manner designed to prevent it from tipping, falling, collapsing, rolling or spreading. Racks, bins, planks, sleepers, bars, strips, blocks, sheets, shall be used when necessary to make the piles stable.

SEC. 7. Section 7604 of the Labor Code is repealed.

SEC. 8. Section 7604 is added to the Labor Code, to read:

7604. Adequate and substantial bull rails, stringer rails or curbs shall be installed at the waterside of all flush aprons on such wharves, docks or piers as are in active service for movement of cargo therefrom to vessels. This section shall not apply to any pier designed with depressed spur tracks on at least one side, on which cargo is worked between rail cars and ships but not in the narrow wharf area between depressed tracks and pier edge.

SEC. 9. Section 7605 of the Labor Code is repealed.

SEC. 10. Section 7605 is added to the Labor Code, to read:

7605. The employer shall require that tools, machinery, gear and other equipment subject to wear be inspected at adequate intervals and unsafe conditions corrected. If tools, machinery, gear or equipment are found to be defective or otherwise unsafe, employees shall report the same to the person in charge of work who shall have it discarded, marked and so placed that it cannot be used again until made safe.

SEC. 12. Section 7606 is added to the Labor Code, to read:

7606. Every dock plate shall be constructed and maintained with strength sufficient to support the load carried thereon.

Dock plates shall be secured in position when spanning the space between the dock or the unloading platform and the vehicle. The dock plate, together with its securing devices, where used over spans of different lengths, shall be of such construction as will readily obtain rigid security over such spans.

The dock plates shall be so constructed and maintained that when they are secured in position the end edges of the plate shall be in substantial contact with dock or loading platform, and with the vehicle bed in such manner as to prevent rocking or sliding.

SEC. 13. Section 7607 of the Labor Code is repealed.

SEC. 14. Section 7607 is added to the Labor Code, to read:

7607. Internal combustion engine-driven equipment shall be operated inside of buildings or enclosed structures only when such operation does not result in harmful exposure to concentration of dangerous gases or fumes in excess of maximum acceptable concentrations. Exhaust pipes shall be installed in such a manner that the exhaust products shall be discharged so as not to be a hazard to the operators.

SEC. 15. Section 7609 of the Labor Code is repealed.

SEC. 16. Section 7609 is added to the Labor Code, to read:

7609. The provisions of Sections 7601 to 7607, inclusive, shall be applicable to longshore and stevedore operations.

SEC. 17. Section 7610 of the Labor Code is amended to read:

7610. The provisions of Sections 7601 to 7607, inclusive, Section 7609, and Section 7611 shall be effective until the 61st day after final adjournment of the 1969 Regular Session of the Legislature and thereafter shall have no force or effect.

SEC. 18. Section 7611 of the Labor Code is repealed.

SEC. 19. Section 7611 is added to the Labor Code, to read:

7611. Nothing in the foregoing sections of this part shall limit the authority of the division to prescribe or enforce general or special safety orders.

The people of the State of California do enact as follows:

SECTION 1. Section 11011.6 of the Business and Professions Code is amended to read:

11011.6. Any owner, agent or subdivider who fails to pay the filing fees required by Sections 11011, 11011.1, or 11011.5 shall be liable civilly in an action brought by the Real Estate Division, for a penalty in an amount equal to treble the amount of unpaid fees.

CHAPTER 416

An act to amend Sections 5135 and 5136 of the Public Utilities Code, relating to household goods carriers.

[Approved by Governor June 26, 1967. Filed with Secretary of State June 26, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 5135 of the Public Utilities Code is amended to read:

5135. Except as provided in Section 5135.5, before a permit is hereafter issued the commission shall require the applicant to establish ability and reasonable financial responsibility to initiate the proposed operations. The commission shall require the applicant to establish his knowledge and ability to engage in business as a household goods carrier by examination. The examination may be written or oral, or in the form of a demonstration of skill or any combination of these, and any investigation of character, experience and any tests of technical knowledge and manual skill which the commission deems are appropriate may be employed. In any examination the qualification of the applicant shall be determined by an appraisal made by a member of the commission's staff. An applicant who has been determined to be unqualified may thereafter establish his qualifications through a subsequent examination; but no subsequent examination shall be taken prior to three (3) months from the date when such applicant was found to be unqualified. When the staff member shall determine that the applicant is not qualified, then the matter shall be set for hearing and the qualification of the applicant shall be determined by the commission on the basis of evidence of qualifications presented at such hearing, which evidence may include consideration of any written examination of the

applicant. When the staff member shall determine that the applicant is qualified, a permit may issue without hearing unless the commission shall consider a hearing desirable, in which event the application may be set for hearing by the commission.

An applicant may qualify in the following ways: (a) if an individual, he may qualify by personal examination or by examination of his responsible managing employee; (b) if a copartnership or corporation, or any other type of business organization, it may qualify by examination of the responsible managing officer or member of the personnel of such applicant firm. If the individual qualified by examination ceases to be connected with the permitholder, said permitholder shall notify the commission in writing within 30 days after such cessation. If notice is given the permit shall remain in force a reasonable length of time in order that another representative of applicant may be qualified before the Public Utilities Commission. If the permitholder fails to notify the commission of such cessation within a 30-day period, at the end of that period the permit shall be automatically suspended.

The commission may refuse to issue a permit if it shall be shown that an applicant or an officer, director, partner or associate thereof has committed any act constituting dishonesty or fraud; committed any act which, if committed by a permitholder would be grounds for a suspension or revocation of the permit; misrepresented any material fact on his application; or, committed a felony, or crime involving moral turpitude.

The commission shall issue a permit only to those applicants who it finds have demonstrated that they possess sufficient knowledge, ability, integrity and financial resources and responsibility to perform the service within the scope of their application.

The commission shall prescribe, amend, and repeal rules in accordance with law for the administration of this section.

SEC. 2. Section 5136 of the Public Utilities Code is amended to read:

5136. Each application for issuance of a permit under this chapter shall be accompanied by a fee of one hundred fifty dollars ($150).

The filing fee for an application for transfer of a permit is one hundred fifty dollars ($150), except that for the transfer of each permit subsequent to the death of a permittee, and after court approval of the distribution of the estate or when it is not necessary to probate the will or distribute the estate through court, the fee is twenty-five dollars ($25).

All fees paid to the commission under this chapter shall be deposited in the Transportation Rate Fund.

CHAPTER 417

An act to amend Section 602 of the Revenue and Taxation Code, relating to property taxation.

[Approved by Governor June 26, 1967. Filed with Secretary of State June 26, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 602 of the Revenue and Taxation Code is amended to read:

602. This local roll shall show:

(a) The name and address, if known, of the assessee.

(b) Land, by legal description.

(c) A description of possessory interests sufficient to identify them.

(d) Personal property. A failure to enumerate personal property in detail does not invalidate the assessment.

(e) The assessed value of real estate, except improvements.

(f) The assessed value of improvements on the real estate.

(g) The assessed value of improvements assessed to any person other than the owner of the land.

(h) The assessed value of possessory interests.

(i) The assessed value of personal property, other than intangibles.

(j) The revenue district in which each piece of property assessed is situated.

(k) The total taxable value of all property assessed, exclusive of intangibles.

(*l*) The actual value of solvent credits, after legal deductions for debts.

(m) Any other things required by the board.

CHAPTER 418

An act to add Article 10.5 (commencing with Section 38350) to Chapter 5 of Part 3 of Division 15 of the Agricultural Code, as proposed by Senate Bill No. 1, relating to sterilized milk products.

[Approved by Governor June 26, 1967. Filed with Secretary of State June 26, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Article 10.5 (commencing with Section 38350) is added to Chapter 5 of Part 3 of Division 15 of the Agricultural Code, as proposed by Senate Bill No. 1, to read:

Article 10.5. Sterilized Half-and-Half and Sterilized Dairy Spread

38350. Sterilized half-and-half is a product consisting of milk, cream, nonfat dry milk and skim milk to which edible stabilizers and stabilizing salts may be added. It shall contain not less than 11.7 percent milk fat and not more than six-tenths of 1 percent stabilizer. Sterilized half-and-half shall be conspicuously labeled with the full name of the product and shall also be labeled with the name and address of the distributor. Wherever the name of the product appears on the container the full name shall be used, and although the height, style and color of the lettering of the name need not be uniform at all places on the container, wherever the name appears on the container all of the letters of the name shall be there shown in the same height, style and color. All ingredients shall be listed on the label in their order of predominance. It shall be subjected to a temperature high enough to sterilize the product and be packaged in hermetically sealed containers.

38351. Sterilized dairy spread is a product made from milk, cream, skim milk or nonfat milk solids, or any combination thereof, to which may be added lactose, sodium caseinate, emulsifiers, stabilizers, stabilizing salts and harmless coloring. It shall contain not less than 30 percent milk fat and not more than six-tenths of 1 percent stabilizer and emulsifier combined unless otherwise stated on the label. It shall be subjected to a temperature high enough to sterilize the product and be packaged in hermetically sealed containers. It shall be conspicuously labeled with the full name of the product and shall also be labeled with the name and address of the distributor. Wherever the name of the product appears on the container the full name shall be used, and although the height, style and color of the lettering of the name need not be uniform at all places on the container, wherever the name appears on the container all of the letters of the name shall be there shown in the same height, style and color. All ingredients shall be listed on the label in their order of predominance and the percentage of milk fat.

CHAPTER 419

An act to amend Section 1823 of the Revenue and Taxation Code, relating to property taxation.

[Approved by Governor June 26, 1967. Filed with Secretary of State June 26, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 1823 of the Revenue and Taxation Code is amended to read:

1823. The final action of the board in equalizing a local roll shall be performed only at the state capital. On September 2nd of each year, the secretary of the board shall transmit to each county auditor and the board of supervisors and each city council involved a preliminary statement of the per centum that the board proposes to add to or deduct from the valuation of the roll.

Upon the request of any county that receives such a statement which desires to be heard with respect to the statement, an opportunity for such a hearing shall be afforded by the board. The request shall be submitted in writing by the board of supervisors prior to September 10th. The board shall consider all pertinent evidence offered at the hearing. Evidence relating to the correctness or validity of appraisals subject to review under Section 1816.2 is not pertinent. If the evidence warrants a change in the statement, the board shall so find and alter the statement accordingly.

The preliminary statement shall become final on September 10th if no hearing is requested. If a hearing is requested the final determination shall be made by the board and the auditor shall be notified not later than September 25th.

The final statement is prima facie evidence of the regularity of all proceedings of the board resulting in the action which is the subject matter of the statement.

CHAPTER 420

An act to amend Section 7181 of the Fish and Game Code, relating to licenses for fishing on the Colorado River.

[Approved by Governor June 26, 1967. Filed with Secretary of State June 26, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 7181 of the Fish and Game Code is amended to read:

7181. A person fishing from the shore in the waters of the Colorado River located in Arizona or California shall have in his possession a valid sport fishing license issued by the state which has jurisdiction over such shore. Such shoreline fishing does not require a Colorado River special use stamp as long as the fisherman remains on the shore and does not embark on the water. Any person, however, having in his possession a valid Arizona sport fishing license and a California special use stamp may fish from the shore in the waters of the Colorado River, or adjacent waters, except canals, drains, and ditches used to transport water used for irrigation or domestic purposes, located in California, without a sport fishing license issued by the State of California.

CHAPTER 421

An act to amend Section 7180 of the Fish and Game Code, relating to fishing.

[Approved by Governor June 26, 1967. Filed with Secretary of State June 26, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 7180 of the Fish and Game Code is amended to read:

7180. Any person taking fish or amphibia for purposes other than profit from or on a boat or other floating device on the waters of the Colorado River and on adjacent waters, except canals, drains, or ditches used to transport water used for irrigation or domestic purposes, shall have in his possession a valid sport fishing license issued by either the State of Arizona or State of California.

In addition to either of the licenses, a person taking fish or amphibia as indicated shall have in his possession a Colorado River special use stamp. If he is a person having in his possession a valid California sport fishing license he shall have an Arizona special use stamp to fish legally the waters described above. If he is a person having in his possession a valid Arizona sport fishing license, he shall have a California special use stamp to fish legally the waters described above.

A special use stamp, when accompanied by the proper license, will allow fishing in any portion of such waters, and permit fishermen to enter the waters from any point.

The fee for a Colorado River special use stamp is two dollars ($2).

CHAPTER 422

An act to adjust and reduce the estimated application fee required to be paid by the Yuba County Water Agency for Bullards Bar Dam.

[Approved by Governor June 26, 1967 Filed with Secretary of State June 26, 1967.]

The people of the State of California do enact as follows:

SECTION 1. The Director of Water Resources shall reduce any further fee required to be paid by the Yuba County Water Agency for new Bullards Bar Dam pursuant to Section 6305 of the Water Code by the amount of twenty thousand six hundred thirty-four dollars ($20,634), which amount represents the total of the fees previously paid by the agency on its applications for Timbuctoo Dam and the Irrigation District Diversion Weir. Such features have been eliminated from the Yuba River Development being constructed by the agency because of the authorization of the Marysville Project by the

Congress of the United States. The further fee paid on new Bullards Bar Dam computed in accordance with Section 6305 as adjusted by the credits herein directed to be made, when paid by the agency, shall be considered as compliance with the requirements of Sections 6300 and 6305 of the Water Code.

CHAPTER 423

An act to amend Section 8282 of the Fish and Game Code, relating to crab traps.

[Approved by Governor June 26, 1967. Filed with Secretary of State June 26, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 8282 of the Fish and Game Code is amended to read:

8282. North of Point Conception each crab trap may have any number of openings of any size but shall have at least two rigid circular openings of not less than four inches inside diameter so constructed that the lowest portion of each opening is no lower than five inches from the top of the trap.

SEC. 2. This act shall become operative on November 1, 1969.

CHAPTER 424

An act to add Section 6402 to the Fish and Game Code, relating to fish planting.

[Approved by Governor June 26, 1967. Filed with Secretary of State June 26, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 6402 is added to the Fish and Game Code, to read:

6402. The department may plant fish in streams passing through, or in lakes on, land on which is located a youth camp for underprivileged children.

CHAPTER 425

An act to amend Section 2356 of the Fish and Game Code, relating to exporting trout taken in this state.

[Approved by Governor June 26, 1967. Filed with Secretary of State June 26, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 2356 of the Fish and Game Code is amended to read:

2356. It is unlawful at any time to offer for shipment, ship, or receive for shipment, or transport from this state any trout taken in the waters of this state, except that the holder of a nonresident angling license, or any person on active military duty with the armed forces of the United States or on active military duty with an auxiliary branch thereof who possesses a valid angling license, may personally transport from this state not more than one daily bag limit of trout.

CHAPTER 426

An act to amend Section 2873.5 of the Business and Professions Code, relating to vocational nursing.

[Approved by Governor June 26, 1967. Filed with Secretary of State June 26, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 2873.5 of the Business and Professions Code is amended to read:

2873.5. Any person who has served on active duty in the medical corps of any of the armed forces for a period of not less than 34 months, who has completed the basic course of instruction in nursing required by his particular branch of the armed forces, and whose service in the armed forces has been under honorable conditions, shall be granted a license upon proof that he possesses the necessary qualifications of this section, as set forth in his service records, and upon his passing an examination.

CHAPTER 427

An act to amend Section 1251 of the Financial Code, relating to bank reserves.

[Approved by Governor June 28, 1967. Filed with Secretary of State June 28, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 1251 of the Financial Code is amended to read:

1251. The total reserves required to be maintained by a commercial bank shall consist of, (a) gold bullion or any form of money or currency authorized by the laws of the United States kept in the bank's vault or, with the consent of the superintendent, in a safe deposit box in any other bank in this state under the exclusive control of the depositing bank, (b) deposits subject to call with a Federal Reserve bank in the district in which the bank is located, or (c) deposits subject to call with reserve depositaries of such bank designated as such pursuant to Section 1255 of this code.

CHAPTER 428

An act to amend Section 18361 of the Education Code, relating to county school service fund surpluses, declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 29, 1967. Filed with Secretary of State June 29, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 18361 of the Education Code is amended to read:

18361. The superintendent shall compute an amount equal to the surplus in each of the county school service funds as of June 30, as shown by each of the budgets for the preceding fiscal year submitted to him pursuant to Section 18351. For the purpose of this article the surplus for each county school service fund is the total beginning balances shown on the budget so submitted, exclusive of trust funds or funds otherwise dedicated. For the purpose of this section trust funds or funds otherwise dedicated are defined as

(1) Unexpended balance of any funds that have accrued to a county school service fund under a grant of federal funds, or a grant of private or foundation funds, required to have been expended for a specified purpose, plus the amounts of county school service fund money committed for the specific purposes as required to receive the grant or trust;

(2) Unexpended balance of any state funds allocated on an average daily attendance basis for the purpose of maintaining

special schools and classes for the mentally retarded and juvenile hall schools;

(3) Unexpended balances of a county or school district tax funds the levy for which was to maintain special schools and classes for the mentally retarded and juvenile hall schools;

(4) The unexpended balance of any account within the county school service fund contributed by school districts for a specific purpose and from which account expenditures are made by the county superintendent of schools acting as an agent of the districts contributing to the account;

(5) The unexpended balance of the data processing and testing program account resulting from payments by school districts or other public agencies under contract with the county superintendent of schools for the furnishing of data processing and testing program services.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Any fund balance in the data processing and testing program account is used to meet current obligations of the data processing centers until delayed payments from contracting districts or other agencies are received. In order that counties may use fund balance for current obligations before payment by contracting districts or other agencies during the 1967–1968 fiscal year, it is necessary that this act go into immediate effect.

CHAPTER 429

An act to add Section 1443 to the Education Code, relating to school district bond and tax elections, declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 29, 1967. Filed with Secretary of State June 29, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 1443 is added to the Education Code, to read:

1443. The governing board of a school district may direct the county superintendent of schools to recount the votes cast in any one or more precincts established for an election conducted within the district on a proposal for the issuance of bonds or change of district tax rate by the district, if the board determines that the result of the election could be reversed on the basis if 1 percent or less of the total number of votes cast at the election, and that there is a reasonable probability that the recount will change the result of the election. The action of

the board shall be taken by resolution, approved and signed by no fewer than two-thirds of the members of the board.

The cost of the recount shall be deemed to be a cost of the election, and shall be paid as required by Article 10 (commencing with Section 1421) of this chapter.

SEC. 2. This act shall be applicable to bond and tax elections held within six months prior to the date on which the act becomes effective.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Elections recently conducted in one or more large school districts on financial propositions of critical importance to the districts have been approved or rejected by extremely small percentages of the total vote cast, justifying a more close and careful review and recount of ballots than is generally practicable in the ordinary course of election proceedings. In order that the urgently needed procedures afforded by this act may be availed of as soon as possible, it is necessary that this act take effect immediately.

CHAPTER 430

An act to add Section 27314 to the Vehicle Code, relating to motor vehicles.

[Approved by Governor June 30, 1967. Filed with Secretary of State June 30, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 27314 is added to the Vehicle Code, to read:

27314. No dealer shall sell or offer for sale any used passenger vehicle that was manufactured on or after January 1, 1962, other than a motorcycle, unless it is equipped with at least two safety belts or safety belt-shoulder harness combinations of a type approved by the department which are installed for the use of persons in the front seat of the vehicle.

The requirements of this section shall not apply to sales to dealers, automobile dismantlers, or junk dealers.

CHAPTER 431

An act to amend Section 1985 of the Code of Civil Procedure, relating to subpoenas.

[Approved by Governor June 30, 1967. Filed with Secretary of State June 30, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 1985 of the Code of Civil Procedure is amended to read:

1985. The process by which the attendance of a witness is required is the subpoena. It is a writ or order directed to a person and requiring his attendance at a particular time and place to testify as a witness. It may also require him to bring with him any books, documents, or other things under his control which he is bound by law to produce in evidence. When a county recorder is using the microfilm system for recording, and he is subpoenaed to present a record, he shall be deemed to have complied with the subpoena if he produces a certified copy thereof.

An application before trial for a subpoena duces tecum shall be, or contain, an affidavit showing good cause for the production of the matters and things described in such subpoena and shall specify the exact matters or things desired to be produced, shall set forth in full detail the materiality thereof to the issues involved in the case, and shall state that the witness has the desired matters or things in his possession or under his control.

CHAPTER 432

An act to amend Section 15802 of the Education Code, relating to school fire insurance.

[Approved by Governor June 30, 1967. Filed with Secretary of State June 30, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 15802 of the Education Code is amended to read:

15802. The governing board of any school district shall furnish, repair, insure against fire, and in its discretion rent the school property of its districts. The governing board may also insure the property against other perils. The insurance shall be written in any admitted insurer, or in any nonadmitted insurer to the extent and subject to the conditions prescribed in Section 1763 of the Insurance Code. Insurance on property of a district may be, in the discretion of the governing board, of the deductible type of coverage, except that in districts with an average daily attendance of less than 50,000 the deductible

amount of fire insurance shall not exceed one thousand dollars ($1,000) for each occurrence. If two or more school districts are governed by governing boards of identical personnel, the total average daily attendance of the districts shall be used. By deductible type of coverage is meant a form of insurance under which the insurance becomes operative when the loss and damage exceeds an amount stipulated in the policy or policies.

The governing board, in their notice of bid for any school district construction, may indicate that it may elect to assume the cost of fire insurance by adding the coverage to the district's existing policy and in such event bids made on such construction shall be made in the alternative, with and without the fire insurance coverage included, and the governing board shall make its election as to who shall secure and pay for such insurance at the time of accepting the bid.

CHAPTER 433

An act to amend Section 31831.1 of the Government Code, relating to the county employees retirement system.

[Approved by Governor June 30, 1967. Filed with Secretary of State June 30, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 31831.1 of the Government Code is amended to read:

31831.1. Any member who left county service prior to July 1, 1960, and within 100 calendar days became a member of a retirement system established under this chapter in another county may elect deferred retirement pursuant to Article 9 of this chapter, provided that he redeposits, in the retirement fund of the county he left, the amount of any refund of contributions and interest he received from such county plus regular interest thereon from date of such separation, and provided further that he may not, after such election and redeposit, rescind such election or withdraw any of his accumulated contributions while a member of the system of the county he entered within said 100 days. Upon such election and redeposition as described in this section, the member shall be entitled to the benefits provided in Sections 31830 through 31840, inclusive.

The 100-calendar-day period provided for in this section does not include any time during which the member was prohibited by law from joining the retirement system of the other county.

CHAPTER 434

An act to add Section 15002.1 to the Education Code, relating to sites for the construction of school buildings.

[Approved by Governor June 30, 1967. Filed with Secretary of State June 30, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 15002.1 is added to the Education Code, to read:

15002.1. The governing board of a school district, prior to acquiring any site on which it proposes to construct any school building as defined in Section 15452, shall have the site, or sites, under consideration investigated by competent personnel to ensure that the final site selection is determined by an evaluation of all factors affecting the public interest and is not limited to selection on the basis of raw land cost only. The investigation shall include such geological and engineering studies as will preclude siting of a school over or within a fault, on or below a slide area, or in any other location where the geological characteristics are such that the construction effort required to make the site safe for occupancy is economically unfeasible. The evaluation shall also include location of the site with respect to population, transportation, water supply, waste disposal facilities, utilities, traffic hazards, surface drainage conditions, and other factors affecting the operating costs, as well as the initial costs, of the total project.

CHAPTER 435

An act to amend Sections 10753 and 10753.2 of the Revenue and Taxation Code, relating to vehicle license fees.

[Approved by Governor June 30, 1967. Filed with Secretary of State June 30, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 10753 of the Revenue and Taxation Code is amended to read:

10753. (a) For the purposes of this part the market value of passenger vehicles as defined in Section 465 of the Vehicle Code shall be determined by the department upon the basis of the California suggested base price as herein defined and as established by the manufacturers.

(b) On all other vehicles the department shall determine the market value of the vehicle on the basis of the cost price to the purchaser as evidenced by a certificate of cost, but not including California sales or use tax or any local sales or other local tax.

(c) In the event the department is unable to ascertain the California suggested base price as herein defined in respect to any passenger vehicles by reason of the same being a specially constructed vehicle, or for any other reason, the department shall determine the market value upon the basis of the cost price to the purchaser of the vehicle as evidenced by a certificate of cost, but not including California sales or use tax or any local sales or other local tax.

(d) In the event any vehicle is modified or additions are made to the chassis or body at a cost of two hundred dollars ($200) or more, but not including any change of engine of the same type or any cost of repairs to a vehicle, the owner of such vehicle shall report any said modification or additions to the department and the department shall classify or reclassify the vehicle in its proper class as provided in Section 10753.2, taking into consideration the increase in the market value of the vehicle due to such modifications or additions, and any reclassification resulting in increase in market value shall be based on the cost to the consumer of such modifications or additions. In the event any vehicle is modified or altered resulting in a decrease in the market value thereof of two hundred dollars ($200) or more as reported to and determined by the department, the department shall classify or reclassify the vehicle in its proper class as provided in Section 10753.2.

The foregoing provisions of this subdivision shall not apply in the event the cost of any modification or additions to the chassis or body of a vehicle is less than two hundred dollars ($200).

(e) The temporary attachment of any camper, as defined in Section 243 of the Vehicle Code, to a vehicle is not a modification or addition for the purposes of subdivision (d).

(f) The attachment to a vehicle of radiotelephone equipment furnished by a telephone corporation as defined in Section 234 of the California Public Utilities Code, is not a modification or addition for the purpose of subdivision (d), when such equipment is not owned by the owner of the vehicle.

(g) As used in this section, "suggested base price" means the retail price of the vehicle suggested by the manufacturer, plus destination charge and emission control devices as are required by Section 24390 of the Health and Safety Code, as reflected on the price listing affixed to the vehicle pursuant to the Federal Automobile Information Disclosure Act of 1958, but does not include the retail delivered price suggested by the manufacturer for each accessory or item of optional equipment physically attached to such vehicle at the time of its delivery to such dealer which is not included within, but is separately added to, the retail price of such vehicle as suggested by the manufacturer.

SEC. 2. Section 10753.2 of the Revenue and Taxation Code is amended to read:

10753.2. (a) After determining the California suggested base price, as defined above, of a vehicle or its cost price to the purchaser, as hereinbefore provided, the department shall classify every vehicle in its proper class according to the classification plan as set forth in this section.

(b) For the purpose of this part a classification plan is established consisting of the following classes: a class from no dollars ($0) to and including forty-nine dollars and ninety-nine cents ($49.99); a class from fifty dollars ($50) to and including one hundred ninety-nine dollars and ninety-nine cents ($199.99); and thereafter a series of classes successively set up in brackets having a spread of two hundred dollars ($200), consisting of such number of classes as will permit classification of all vehicles.

(c) The market value of a vehicle for each calendar year of its life, starting with the year first sold to a consumer as a new vehicle, shall be as follows: for the first year, 85 percent of a sum equal to the middle point between the extremes of its class as established in subdivision (b) of this section; for the second year, 70 percent of such sum; for the third year, 55 percent of such sum; for the fourth year, 40 percent of such sum; for the fifth year, 30 percent of such sum; for the sixth year, 25 percent of such sum; for the seventh year, 15 percent of such sum; for the eighth year, 10 percent of such sum; and for the ninth and each succeeding year, 5 percent of such sum, provided that the minimum tax shall be the sum of one dollar ($1), except that the market value of a trailer coach first sold on and after January 1, 1966 which must be moved under permit as authorized in Section 35790 of the Vehicle Code shall be determined by the schedule in subdivision (e) of this section.

(d) For the purposes of subsection (c) hereof a vehicle first sold to a consumer as a new vehicle during the calendar years 1942, 1943, 1944, and 1945, shall be deemed to have been first sold during the calendar year 1945; a vehicle first sold to a consumer as a new vehicle during the calendar year 1941 shall be deemed to have been first sold during the calendar year 1944; a vehicle first sold to a consumer as a new vehicle during the calendar year 1940 shall be deemed to have been first sold during the calendar year 1943; a vehicle first sold to a consumer as a new vehicle during the calendar year 1939 shall be deemed to have been first sold during the calendar year 1942; and a vehicle first sold to a consumer as a new vehicle during the calendar year 1938 shall be deemed to have been first sold during the calendar year 1941.

(e) The market value of a trailer coach which must be moved under permit, shall be as follows: for the 1st year, 85 percent of a sum equal to the middle point between the extremes of its class as established in subdivision (b) of this section; for the 2nd year, 70 percent of such sum; for the 3rd year, 55 percent of such sum; for the 4th year, 45 percent of such sum; for the 5th year, 40 percent of such sum; for the

6th year, 35 percent of such sum; for the 7th year, 30 percent of such sum; for the 8th year, 25 percent of such sum; for the 9th year, 24 percent of such sum; for the 10th year, 23 percent of such sum; for the 11th year, 22 percent of such sum; for the 12th year, 21 percent of such sum; for the 13th year, 20 percent of such sum; for the 14th year, 19 percent of such sum; for the 15th year, 18 percent of such sum; for the 16th year, 17 percent of such sum; for the 17th year, 16 percent of such sum; for the 18th year and each succeeding year, 15 percent of such sum.

CHAPTER 436

An act to amend Section 31558.1 of the Government Code, relating to retirement of county employees.

[Approved by Governor June 30, 1967. Filed with Secretary of State June 30, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 31558.1 of the Government Code is amended to read:

31558.1. Notwithstanding any of the provisions of Section 31558 to the contrary, each person over 35 years of age who, prior to January 1, 1965, was employed in a position, the principal duties of which consist of active law enforcement as defined in Section 31469.3, who has continuously since his employment made the salary contributions required of a safety member, and who has continuously since his employment been employed in a position which would make such person eligible to become a safety member if he had not been over the age of 35 years at the time of his employment, shall become a safety member as of the first day of the calendar month following his original entrance into the service regardless of age.

A member who meets the requirements of the preceding paragraph of this section except that he has not made the contributions required of a safety member, may receive credit for such service, as a safety member, when he has contributed, with interest to the date paid, the difference between contributions made and those which would have been required if he had been a safety member. Such additional contributions are to be made prior to retirement and notice of election to receive credit for service, as a safety member, pursuant to this section, shall be made to the retirement board prior to April 1, 1968. This section shall be operative only until April 1, 1968, and thereafter shall have no force and effect.

CHAPTER 437

An act to amend Sections 12603.5 and 12614 of the Business and Professions Code, relating to weights and measures.

[Approved by Governor June 30, 1967. Filed with Secretary of State June 30, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 12603.5 of the Business and Professions Code is amended to read:

12603.5. Subdivision (c) of Section 12603 shall not be construed as exempting products from the requirements of accuracy in statements of net weight, measure, or count.

SEC. 2. Section 12614 of the Business and Professions Code is amended to read:

12614. When a commodity is sold in a container and there is a discrepancy between the actual quantity of the commodity and the net quantity declaration on the container, or between the fill of the commodity in the container and the capacity of the container, there is no violation of this chapter:

(a) If such discrepancy is due to unavoidable leakage, shrinkage, evaporation, or waste, and is beyond the control of the seller acting in good faith.

(b) If the seller purchased the commodity in the container, in good faith, relying upon the indication of the net contents thereof, and sold the commodity in the container without altering the contents thereof or the indication of the contents thereof and the container had the name of a packer, manufacturer, wholesaler, or jobber thereon at the time the seller purchased it and the discrepancy is not known to the seller at the time of sale.

CHAPTER 438

An act to amend Section 5870 of the Streets and Highways Code, relating to the Improvement Act of 1911.

[Approved by Governor June 30, 1967. Filed with Secretary of State June 30, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 5870 of the Streets and Highways Code is amended to read:

5870. As used in this chapter, "block" means property facing one side of any street between the next intersecting streets or between the terminus of a dedicated right-of-way of a street and an intersecting street, except that "block" in the case of an alley means property facing both sides of any alley between the next intersecting streets or alleys, or between the terminus of an alley and an intersecting street, and "drive-

way" means a paved portion of a public street providing an unobstructed passage from the roadway to an offstreet area used for driving, servicing, parking, or otherwise accommodating motor vehicles. Where a "block" exceeds 1,000 feet in length, a length of frontage of 1,000 feet constitutes a "block" as used in this chapter. A determination by the superintendent of streets of such a 1,000-foot block establishes a "block" and cannot later be changed to include a portion of said 1,000-foot "block" in another "block."

CHAPTER 439

An act to amend Section 70212 of, and to add Section 70061 to, the Public Utilities Code, relating to the Marin County Transit District.

[Approved by Governor June 30, 1967. Filed with Secretary of State June 30, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 70212 of the Public Utilities Code is amended to read:

70212. The board shall, in addition to the general tax levy as set forth in Section 70210, levy and collect annually until the district's bonds are paid, or until there is a sum in the treasury of the district set apart for that purpose to meet all sums coming due for principal and interest on the bonds as they become due a tax sufficient to pay the annual interest on the bonds and such part of the principal thereof as becomes due before the proceeds of a tax levied at the next general tax levy will be available. If the maturity of the indebtedness created by the issue of bonds begins more than one year after the date of the issuance thereof, the tax shall be levied and collected annually at the time and in the manner aforesaid, sufficient to pay the interest on the indebtedness as it falls due and to constitute a sinking fund for the payment of the principal on or before maturity.

SEC. 2. Section 70061 is added to the Public Utilities Code, to read:

70061. The city members of the governing body of the district shall serve for terms of two years commencing on the first Monday of January in each even-numbered year, and until their successors are selected and qualified. If a city member ceases to be a mayor or councilman during his term, his membership on the governing board shall thereafter be considered vacant.

The city selection committee shall meet at the call of the chairman of the governing body, or at the request of 60 percent of the members of the committee, to fill vacancies and make selections for prospective terms, on the governing body.

CHAPTER 440

An act to amend Sections 24006 and 25108 of the Vehicle Code, relating to vehicle equipment, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 30, 1967. Filed with Secretary of State June 30, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 24006 of the Vehicle Code is amended to read:

24006. No person shall sell or offer for sale either separately or as a part of the equipment of a new motor vehicle any equipment or device subject to approval and approved by the department unless the equipment or device bears thereon the trademark or name and type or model designation under which it is approved and is accompanied by any printed instructions which may be required by the department as to the light source to be used with lamps, any particular methods of mounting or adjustment of lamps or other devices, and any other instructions as determined by the department necessary for compliance with this code.

SEC. 2. Section 25108 of the Vehicle Code is amended to read:

25108. (a) Any motor vehicle may be equipped with not more than two amber turn signal pilot indicators mounted on the exterior. The light output from any such indicator shall not exceed 5 candlepower unless provision is made for operating the indicator at reduced intensity during darkness in which event the light output shall not exceed 5 candlepower during darkness or 15 candlepower at any other time. The center of the beam shall be projected toward the driver.

(b) Other exterior pilot indicators of any color may be used for monitoring exterior lighting devices, provided that the area of each indicator is less than 0.20 square inches, the intensity of each indicator does not exceed 0.10 candlepower and the color red is not visible to the front.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are: California law presently does not authorize pilot indicator lights monitoring exterior lights. These monitoring devices are currently being manufactured as part of new car equipment and are necessary to promote highway safety. This act authorizes such monitoring devices and in order to provide this vitally needed authorization as soon as possible must take effect immediately.

CHAPTER 441

An act to amend Section 22513 of the Vehicle Code, relating to tow cars.

[Approved by Governor June 30, 1967. Filed with Secretary of State June 30, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 22513 of the Vehicle Code is amended to read:

22513. The owner or operator of a tow car who complies with the requirements of this code relating to tow cars may stop or park such tow car upon a highway for the purpose of rendering assistance to a disabled vehicle, except that such person may not stop or park upon a freeway which has full control of access and no crossing at grade unless the tow car has been summoned to render assistance to a disabled vehicle.

CHAPTER 442

An act to amend Section 29001 of the Vehicle Code, relating to locking devices for towing equipment.

[Approved by Governor June 30, 1967. Filed with Secretary of State June 30, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 29001 of the Vehicle Code is amended to read:

29001. Locking means shall be provided in every fifth wheel mechanism, including adapters when used, so that the upper and lower halves may not be separated without the operation of a positive manual release. Automatic locking devices on fifth wheels designed and constructed to be readily separable are required on any vehicle first required to be registered in this state after January 1, 1954.

CHAPTER 443

An act to amend Section 25105 of the Vehicle Code, relating to motor vehicle equipment.

[Approved by Governor June 30, 1967. Filed with Secretary of State June 30, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 25105 of the Vehicle Code is amended to read:

25105. (a) Any motor vehicle may be equipped with running board or door-mounted courtesy lamps. The bulbs in the lamps shall not exceed six standard candlepower and shall emit either a green or white light without glare. The beams of the lamps shall not be visible to the front or rear of the vehicle.

(b) Any motor vehicle may be equipped with inside door-mounted red lamps or red reflectorizing devices or material visible to the rear of the vehicle when the doors are open. The bulbs in the lamps shall not exceed six standard candlepower.

CHAPTER 444

An act to amend Section 3543 of the Public Utilities Code, relating to identifying symbols.

[Approved by Governor June 30, 1967. Filed with Secretary of State June 30, 1967]

The people of the State of California do enact as follows:

SECTION 1. Section 3543 of the Public Utilities Code is amended to read:

3543. No highway carrier shall operate any motor vehicle over any public highway unless there is displayed on the vehicle a distinctive identifying symbol in the form prescribed by the commission, showing the classification to which the carrier belongs. No such identifying symbol shall be displayed on any vehicle until a permit under this chapter, or a certificate of public convenience and necessity under Part 1 of Division 1 has been issued to the carrier. The identifying symbols displayed by highway carriers subject to the Interstate Commerce Commission Order Ex Parte No. MC-41, Identification of Motor Carrier Vehicles, November 17, 1954, effective January 3, 1955, shall serve in lieu of the display requirements of this section, provided such identifying symbols have been recorded by the highway carrier with the commission.

CHAPTER 445

An act to amend Section 1901 of the Public Utilities Code, relating to official documents.

[Approved by Governor June 30, 1967 Filed with Secretary of State June 30, 1967]

The people of the State of California do enact as follows:

SECTION 1. Section 1901 of the Public Utilities Code is amended to read:

1901. Copies of all official documents and orders filed or deposited according to law in the office of the commission,

certified by a commissioner or by the secretary or an assistant secretary under the official seal of the commission to be true copies of the originals, shall be evidence in like manner as the originals.

CHAPTER 446

An act to amend Sections 239 and 2508 of the Public Utilities Code, relating to warehousemen.

[Approved by Governor June 30, 1967. Filed with Secretary of State June 30, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 239 of the Public Utilities Code is amended to read:

239. (a) "Warehouseman" includes:

Every corporation or person owning, controlling, operating or managing any building or structure in which property, other than liquid petroleum commodities in bulk, is regularly stored for compensation within this state, in connection with or to facilitate the transportation of property by a common carrier or vessel, or the loading or unloading of property, other than liquid petroleum commodities in bulk, and other than a dock, wharf, or structure, owned, operated, controlled, or managed by a wharfinger.

(b) Every corporation or person owning, controlling, operating, or managing any building, structure, or warehouse, in which merchandise, other than secondhand household goods or effects, and other than liquid petroleum commodities in bulk, and other than merchandise sold but retained in the custody of the vendor, is stored for the public or any portion thereof, for compensation, within this state, except warehouses conducted by any nonprofit, cooperative association or corporation which is engaged in the handling or marketing of the agricultural products of its members and warehouses conducted by the agents, individual or corporate, of such associations or corporations, while acting within the limitations imposed by law on their principals.

SEC. 2. Section 2508 of the Public Utilities Code is amended to read:

2508. "Food warehouseman" includes every person, or corporation, their lessees, trustees, receivers or trustees appointed by any court whatsoever owning, controlling, operating, or managing any building, structure, warehouse, elevator, or plant in which food commodities, received from the public or any portion thereof, are stored for compensation, including cold storage plans and refrigerating plants, but not including private homes, hotels, restaurants, or exclusively retail establishments, or others not storing articles of food for other per-

sons for compensation. Every person, or corporation controlling, operating, or managing any building, structure, warehouse, elevator, or plant as aforesaid, is deemed to be engaged in the storage of food commodities within the meaning of this chapter.

CHAPTER 447

An act to amend Section 4514 of the Business and Professions Code, relating to psychiatric technicians.

[Approved by Governor June 30, 1967. Filed with Secretary of State June 30, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 4514 of the Business and Professions Code is amended to read:

4514. Prior to January 1, 1970, any person meeting the requirements of subdivision (a), (b), and (e) of Section 4511, and, as determined by the board, possessing the equivalent of the education and training requirements of that section, shall, on application, be issued a certificate.

CHAPTER 448

An act to amend Section 25365 of the Government Code, relating to county property.

[Approved by Governor June 30, 1967. Filed with Secretary of State June 30, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 25365 of the Government Code is amended to read:

25365. The board of supervisors may, by a four-fifths vote, grant, convey, quitclaim, assign, or otherwise transfer to the state or to any city, school district, irrigation, flood control or other special district within the county or exchange with such public entities, any real or personal property, or interest therein belonging to the county upon such terms and conditions as are agreed upon and without complying with any other provisions of this code if the property or interest therein to be granted and conveyed or quitclaimed is not required for county use or in the event of an exchange, the property to be acquired is required for county use. The board of supervisors may also, by a four-fifths vote, exchange real property of equal value with any person, firm or corporation, for the purpose of removing defects in the title to real property owned by the county, or where the real property to be exchanged is

not required for county use and the property to be acquired is required for county use.

Unless the body or agency to which the property is transferred pursuant to this section and the body or agency transferring the property are governed by the same county board of supervisors, the transferring board of supervisors shall publish a notice of its intended action pursuant to Section 6061 at least one week prior thereto in a newspaper of general circulation published in the county.

CHAPTER 449

An act to amend Sections 6458, 6467, and 6482 of the Education Code, relating to compensatory education programs.

[Approved by Governor June 30, 1967. Filed with Secretary of State June 30, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 6458 of the Education Code is amended to read:

6458. For purposes of applications for federal funds a plan should be comprehensive in scope, and may include any or all of the program components set out below.

The State Board of Education shall act, upon recommendation of the Advisory Compensatory Education Commission, to establish a priority listing of the following program elements which shall be used in the approval of school district plans to determine those elements which shall be emphasized on a statewide basis:

(a) Reduction of ratios of pupils to teachers, directed specifically to enabling more individual attention to be given to disadvantaged pupils.

(b) Special efforts in the area of reading instruction, including the employment of additional teachers, special reading teachers, teacher aides, and volunteer aides. Special reading programs authorized pursuant to this subdivision shall be conducted pursuant to standards established under Chapter 2.5 (commencing with Section 7770) of Division 7 of this code.

(c) Preschool programs provided through the use of either school facilities, other public or private facilities, or any combination thereof, for children three years of age or older, involving intensive parent participation, established pursuant to standards prescribed by the State Board of Education.

Preschool programs authorized pursuant to this subdivision shall be conducted pursuant to the educational standards established by the State Board of Education under Section 16641 of this code.

(d) In-service professional study involving instruction and orientation of school district personnel to enable them to more effectively deal with disadvantaged students.

(e) School-home cooperation, including home visitation, parent education and participation, parent-teacher conferences utilizing, wherever necessary, bilingual interpreters.

(f) Cultural enrichment including the use of field trips, special speakers, motion pictures, records, library programs, concerts and other means which serve to broaden the educational and cultural experience of the students.

(g) After-school tutoring programs utilizing the services of qualified college and university students and volunteers from the community.

(h) Remedial and corrective programs directed to enhancing the pupils' interest and competence in the English language, including extended remedial reading programs, special speech and oral programs, and the teaching of English as a second language, as, for example, where Spanish-speaking children are involved.

(i) Evaluation, testing, and consultation, involving the formulation of evaluation standards which are as rigorous as feasible under the circumstances; the yearly administration of comprehensive achievement tests to all compensatory education students; and the development and use of data based on group controls which will provide evidence of contrast, and the assembly and classification of data for use at the statewide level. A school district plan of compensatory education under this chapter shall, in order to receive approval, contain this program element.

SEC. 2. Section 6467 of the Education Code is amended to read:

6467. The Director of Compensatory Education shall, under the policy direction of the State Board of Education and the administrative direction of the Director of Education, have overall supervision and control of programs of compensatory education provided throughout the state, and shall take action necessary to coordinate all such programs. He shall, pursuant to the provisions of this chapter and the provisions of the Elementary and Secondary Education Act of 1965 and the regulations promulgating thereunder, be responsible for receiving and recommending approval or disapproval to the State Board of Education of local program applications and providing technical and consultative assistance to school districts.

The Director of Compensatory Education shall conduct continuing research and study of the subject of programs of compensatory education, involving not only the examination and evaluation of programs established under the provisions of this chapter but comparable undertakings in other states, to the end of effecting improvement in the administration of the programs for compensatory education established under the provisions of this chapter. He shall serve as a clearinghouse and center of information, and shall issue and disseminate to school districts participating in programs established under this chapter or otherwise affected by problems

presented by the presence of disadvantaged minors anywhere, such publications and results of investigations as will tend to foster the establishment of sound programs for compensatory education and to enhance their effectiveness.

He shall collect and provide information concerning sources of federal, state, and local public funds, and private funds, which may be available for compensatory education purposes. It shall be the responsibility of the local officials and agencies of the public school system to take necessary measures to secure all outside financial assistance which may be available.

The State Board of Education, on recommendation of the Director of Compensatory Education, shall determine the eligibility of applicant school districts for grants provided under this chapter. Applications for approval of programs and for grants shall be comprehensive in scope. Applicant districts shall, to the extent practicable, provide programs at all grade levels, but special emphasis is to be given programs provided at the preschool and early elementary grade levels.

SEC. 3. Section 6482 of the Education Code is amended to read:

6482. The Director of Compensatory Education, acting pursuant to rules and regulations adopted by the State Board of Education, upon the advice of the Directors of the Departments of Finance, Social Welfare, Employment, and Industrial Relations, shall designate the most concentrated areas of poverty and social tension in the state, taking into consideration such factors, among others, as the high incidence of poverty and low family and per capita incomes, unemployment, juvenile delinquency, persons receiving assistance under the program of Aid to Families with Dependent Children, and especially the low level of academic achievement by pupils in the public schools.

The Director of Compensatory Education shall allocate the funds available for programs under Section 6481 proportionately by public school population among the areas designated by him. He shall then approve projects proposed to be undertaken by school districts within such areas at particular schools with the highest concentrations of low-income children and with the lowest records of academic achievement. Funds not fully utilized in one designated area may be reallocated to the other designated areas. Upon the request of a school district, the director of compensatory education may authorize funds to be used outside the designated areas to serve children from the designated areas.

CHAPTER 450

An act to amend Section 7.6 of the Government Code, relating to deputies, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 30, 1967. Filed with Secretary of State June 30, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 7.6 of the Government Code is amended to read:

7.6. Whenever, by any law, any officer whose office is created by the Constitution is made a member of a state board, commission, or committee, or of the governing body of any state agency or authority, such officer may designate a deputy of his office holding a position specified in subsection (5) or subsection (6) of subdivision (a) of Section 4 of Article XXIV of the Constitution to act as such member in his place and stead, to all intents and purposes as though he were personally present, including the right of the deputy to be counted in constituting a quorum, to participate in the proceedings of the board, commission, committee or other governing body, and to vote upon any and all matters. Not more than one such officer shall be represented by such a deputy at any meeting or session of a board, commission, committee or other governing body. The constitutional officer so designating a deputy shall be responsible for the acts of the deputy acting under such designation in the same manner and to the same extent that the constitutional officer is responsible for the acts of the deputy performing his official duties as a deputy of the office of the constitutional officer.

The Lieutenant Governor may designate any person in his office holding a position specified in subsection (5) of subdivision (a) of Section 4 of Article XXIV of the Constitution to act as a deputy for the purposes of this section only, provided that the Lieutenant Governor may not appoint a person to act as a deputy for him at meetings of the Senate, or the State Lands Commission, or of the Regents of the University of California, or of the Trustees of the California State Colleges.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The Lieutenant Governor, because of his office, sits on many state boards, commissions, committees, and governing bodies of state agencies and authorities. The Lieutenant Governor is also the President of the Senate, which consumes vast amounts of time. The people of the State of California are entitled to the representation of the Lieutenant Governor at as many

meetings as possible. Allowing the Lieutenant Governor to appoint a person to represent him at the meetings of various boards and commissions will enable the Lieutenant Governor to make the best use of his time and thereby render better service to the state.

CHAPTER 451

An act to add Article 8 (commencing with Section 1260) to Chapter 2 of Part 2 of Division 1 of the Insurance Code, relating to insurance.

[Approved by Governor June 30, 1967. Filed with Secretary of State June 30, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Article 8 (commencing with Section 1260) is added to Chapter 2 of Part 2 of Division 1 of the Insurance Code, to read:

Article 8. Reinsurance Transactions

1260. Incorporated insurers or reciprocal insurers who are members of what is commonly known as a "group" or "fleet" may enter into reinsurance transactions between members of the same "group" or "fleet" unless otherwise specifically prohibited by law.

CHAPTER 452

An act to add Section 383.6 to the Insurance Code, relating to motor vehicles.

[Approved by Governor June 30, 1967. Filed with Secretary of State June 30, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 383.6 is added to the Insurance Code, to read:

383.6. The phrase "motor vehicle" or "motor vehicles" as used in Section 383.5 includes, but is not limited to:

(a) Trailers, house trailers, mobilehomes, campers and all other wheeled vehicles or nonwheeled structures so made as to be capable of being moved as a compatible portion thereof, or trailed behind, any motor vehicle as that term is defined in the Vehicle Code, whether in immobile position or not.

(b) Motorcycles, motorbikes and motor scooters, except powered bicycles not manufactured for inclusion of a motor.

All present or future rules or regulations promulgated by the commissioner pursuant to Section 383.5 shall be applicable to motor vehicles as defined in this section.

CHAPTER 453

An act to add Section 755.6 to the Insurance Code, relating to insurance agents.

[Approved by Governor June 30, 1967. Filed with Secretary of State June 30, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 755.6 is added to the Insurance Code, to read:

755.6. Notwithstanding the provisions of Section 755.5, an insurer participating in any Assigned Risk Plan, as provided for in Article 4 (commencing with Section 11620), Chapter 1, Part 3, Division 2 of the Insurance Code, may pay to a licensed insurance agent, and such agent may receive, a commission or consideration on any automobile or liability coverages written in addition to any commission or consideration required under such plan if such agent has been designated by the applicant for insurance as producer of record for the coverages required under such plan.

CHAPTER 454

An act to amend Section 17760 of the Business and Professions Code, relating to trading stamps.

[Approved by Governor June 30, 1967. Filed with Secretary of State June 30, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 17760 of the Business and Professions Code is amended to read:

17760. Any trading stamp company shall redeem upon presentation, any trading stamp which it has issued either in goods, wares, or merchandise, or in cash, good and lawful money of the United States, at the option of the holder thereof. However, if the trading stamp company only offers to redeem the trading stamp in cash, the holder thereof shall not have such option and shall only receive a cash redemption. Trading stamps shall only be presented for redemption in cash in an amount aggregating not less than one dollar ($1).

CHAPTER 455

An act to add Sections 4081 and 7044.5 to the Insurance Code, relating to insurance.

[Approved by Governor June 30, 1967. Filed with Secretary of State June 30, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 4081 is added to the Insurance Code, to read:

4081. Any county mutual fire insurer, or two or more such insurers, may merge into a general mutual insurer described in this chapter by following the procedure in Article 9.5 (commencing with Section 7040) of Chapter 5, Part 1, Division 2 of this code. Such general mutual insurer shall become the surviving corporation.

In addition, by following the above-mentioned procedure any two or more county mutual fire insurers may merge, concurrently with the transformation of one of them into a general mutual insurer described herein, as provided in Section 7044.5.

SEC. 2. Section 7044.5 is added to the Insurance Code, to read:

7044.5. Any one or more county mutual fire insurers, by following the procedure of this article, may merge into a general mutual insurer described in Chapter 4 (commencing with Section 4010) of Part 1, Division 2 of this code. Such general mutual insurer shall become the surviving corporation.

Any two or more county mutual fire insurers may merge, concurrently with the transformation of one of the constituent corporations under Article 9.6 (commencing with Section 7045) of Chapter 5, Part 1, Division 2 into a general mutual insurer. The constituent transformed into a general mutual insurer shall be the surviving corporation.

CHAPTER 456

An act to amend Sections 14272 and 14273 of the Government Code, relating to public works contracts.

[Approved by Governor June 30, 1967. Filed with Secretary of State June 30, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 14272 of the Government Code is amended to read:

14272. Work on all projects shall be done under contract awarded to the lowest responsible bidder pursuant to this

chapter, except that it may be done by day's labor under the direction of the department, by contract upon informal bids, or by a combination thereof:

(a) In case of emergency due to the failure or threat of failure of any bridge or other highway structure.

(b) In case of emergency due to the failure or threat of failure of any dam, reservoir, aqueduct, or other water facility or facility appurtenant thereto.

(c) In case of emergency due to damage to a state-owned building or any other state-owned real property or improvements located thereon, by an act of God, including but not limited to damage by storm, flood, fire or earthquake, for work and remedial measures which are required immediately.

(d) At any time after the approval of plans, specifications and estimates of cost, if the director deems the advertising or award of a contract, the acceptance of any bid, or the acceptance of any further bids after the rejection of all submitted bids, is not in the best interests of the state.

SEC. 2. Section 14273 of the Government Code is amended to read:

14273. Contracts upon informal bids authorized under Section 14272 shall be let only to a holder of a valid state contractor's license unless such work is exempt from such licensing requirement by any other provision of law.

CHAPTER 457

An act to amend Section 3227 of the Public Resources Code, relating to oil and gas.

[Approved by Governor June 30, 1967. Filed with Secretary of State June 30, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 3227 of the Public Resources Code is amended to read:

3227. The owner of any well producing or capable of producing oil or gas shall file with the district deputy, on or before the 10th day of each month, for the last preceding calendar month, a statement, in such form as the supervisor may designate, showing:

(a) The amount of oil and gas produced from each well during the period indicated, together with the gravity of the oil, the amount of water produced from each well, estimated in accordance with methods approved by the supervisor, and the number of days during which fluid was produced from each well.

(b) The number of wells drilling, producing, or idle, owned or operated by such person.

(c) What disposition was made of the gas produced from each well, including the names of persons, if any, to whom the gas was delivered, and such other information regarding the gas and the disposition thereof as the supervisor may require.

Upon request and satisfactory showing, a longer interval may be fixed by the supervisor for such reports in the case of any specific owner or operator.

(d) It is the duty of the supervisor to compile from such statements and to publish monthly statistics showing the amount of oil and gas produced in the state by oil fields and pools, together with the number of wells drilling, number of wells producing or idle, all separately stated as to oil fields and pools, with such other information as the supervisor deems proper.

(e) As used in this section, "pool" means an underground reservoir containing a common accumulation of crude petroleum oil or natural gas or both. Each zone of a general structure which is separated from any other zone in the structure is a separate pool.

CHAPTER 458

An act to amend Sections 6203 and 6208 of the Welfare and Institutions Code, and to amend Sections 7003 and 7008 of the Welfare and Institutions Code as added by Assembly Bill No. 1221 of the 1967 Regular Session of the Legislature, relating to private mental institutions.

[Approved by Governor June 30, 1967. Filed with Secretary of State June 30, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 6203 of the Welfare and Institutions Code is amended to read:

6203. Every application for a license shall be accompanied by a plan of the premises proposed to be occupied, describing the capacities of the buildings for the uses intended, the extent and location of grounds appurtenant thereto, and the number of patients proposed to be received therein, with such other information, and in such form, as the department requires. The department shall adopt such rules and regulations as are necessary to properly enforce and apply the provisions of this code relating to licensed private mental institutions, and may classify the establishments and prescribe minimum standards of safety, sanitation, diagnostic, medical, nursing, therapeutic and other facilities and equipment for each class of establishment.

The application for a license or a renewal of a license shall be accompanied by the proper license fee. The amount of the license fee for each 12-month period is that fixed by the following schedule:

(a) For establishments licensed to receive not more than ten (10) patients, the fee is twenty dollars ($20).

(b) For establishments licensed to receive more than ten (10) but not more than thirty (30) patients, the fee is forty dollars ($40).

(c) For establishments licensed to receive more than thirty (30) but not more than fifty (50) patients, the fee is seventy-five dollars ($75).

(d) For establishments licensed to receive more than fifty (50) patients, the fee is one hundred dollars ($100).

The department shall require a license fee, in situations where licensed establishments increase their number of patients during any fiscal year, based upon a pro rata charge under the schedule set forth herein.

An additional fee shall be required in accordance with the schedule set forth herein in the event of an application for transfer of a license to another person to operate the same establishment or for the transfer of a license issued in the name of one person to operate an establishment at a certain location where an application is received to transfer that license to the same person to operate an establishment at a different location.

A license issued by the department shall expire twelve (12) months from the date of its issuance.

SEC. 2. Section 6208 of the Welfare and Institutions Code is amended to read:

6208. All licenses issued under the provisions of this chapter shall expire 12 months from the date of their issuance. Application for renewal of the license, accompanied by the necessary fee, shall be filed with the department, not less than 10 days prior to its expiration each year and if application is not so filed, the license shall be automatically canceled.

SEC. 3. Section 7003 of the Welfare and Institutions Code, as added by Assembly Bill No. 1221 of the 1967 session of the Legislature, is amended to read:

7003. Every application for a license shall be accompanied by a plan of the premises proposed to be occupied, describing the capacities of the buildings for the uses intended, the extent and location of grounds appurtenant thereto, and the number of patients proposed to be received therein, with such other information, and in such form, as the department requires. The department shall adopt such rules and regulations as are necessary to properly enforce and apply the provisions of this code relating to licensed private mental institutions, and may classify the establishments and prescribe minimum standards of safety, sanitation, diagnostic, medical, nursing, therapeutic and other facilities and equipment for each class of establishment.

The application for a license or a renewal of a license shall be accompanied by the proper license fee. The amount of the license fee for each 12-month period is that fixed by the following schedule:

(a) For establishments licensed to receive not more than ten (10) patients, the fee is twenty dollars ($20).

(b) For establishments licensed to receive more than ten (10) but not more than thirty (30) patients, the fee is forty dollars ($40).

(c) For establishments licensed to receive more than thirty (30) but not more than fifty (50) patients, the fee is seventy-five dollars ($75).

(d) For establishments licensed to receive more than fifty (50) patients, the fee is one hundred dollars ($100).

The department shall require a license fee, in situations where licensed establishments increase their number of patients during any fiscal year, based upon a pro rata charge under the schedule set forth herein.

An additional fee shall be required in accordance with the schedule set forth herein in the event of an application for transfer of a license to another person to operate the same establishment or for the transfer of a license issued in the name of one person to operate an establishment at a certain location where an application is received to transfer that license to the same person to operate an establishment at a different location.

A license issued by the department shall expire twelve (12) months from the date of its issuance.

SEC. 4. Section 7008 of the Welfare and Institutions Code, as added by Assembly Bill No. 1221 of the 1967 session of the Legislature, is amended to read:

7008. All licenses issued under the provisions of this chapter shall expire 12 months from the date of their issuance. Application for renewal of the license, accompanied by the necessary fee, shall be filed with the department not less than 10 days prior to its expiration each year and if application is not so filed, the license shall be automatically canceled.

SEC. 5. Sections 3 and 4 of this act shall become operative only if Assembly Bill No. 1221 is enacted by the Legislature at its 1967 Regular Session, and in such case at the same time as Assembly Bill No. 1221 takes effect; at which time Sections 6203 and 6208 of the Welfare and Institutions Code as amended by Sections 1 and 2, respectively, of this act are repealed.

CHAPTER 459

An act to amend Sections 455 and 456 of the Fish and Game Code, relating to management of deer.

[Approved by Governor June 30, 1967. Filed with Secretary of State June 30, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 455 of the Fish and Game Code is amended to read:

455. Not later than 15 days after the holding of such hearing, the board of supervisors may, by resolution adopted, object to the proposed order of the commission or may, by resolution adopted, determine that the proposed order should be modified, setting forth the necessary modifications.

A resolution objecting to, or setting forth modifications of, the proposed orders shall be based upon the testimony and information presented at the commission's hearing, or presented to the board of supervisors at its meeting to consider such resolution. The board of supervisors, a member thereof, or a representative designated by the board, shall attend at the hearing conducted by the commission on the proposed orders provided for in Section 453.

This section applies only to the boards of supervisors of, and to those districts or parts of districts in, Siskiyou, Modoc, Trinity, Shasta, Lassen, Plumas, Sierra, Alpine, Amador, Butte, Calaveras, Colusa, Del Norte, El Dorado, Glenn, Humboldt, Imperial, Inyo, Lake, Madera, Mariposa, Mendocino, Merced, Mono, Monterey, Napa, Nevada, Orange, Placer, Riverside, San Luis Obispo, Santa Barbara, Santa Clara, Tehama, Tuolumne, Yolo, and Yuba Counties.

SEC. 2. Section 456 of the Fish and Game Code is amended to read:

456. (a) The commission shall meet on the last Friday in June to make such orders under this chapter as it may find necessary.

(b) The commission at its June meeting shall not authorize the taking of deer under this chapter in a county if it has received from the board of supervisors of that county a resolution objecting to such taking. In the event a board of supervisors of a county has submitted a resolution determining that the commission's proposed orders should be modified for that county, the commission shall either so modify its orders or shall not authorize the taking of deer under this chapter in such county.

The limitations on the authority of the commission by the board of supervisors of a county authorized by the subdivision (b) of this section apply throughout the state until October 1, 1961, and thereafter they apply only to the boards of supervisors of, and to those districts or parts of districts in, Siskiyou, Modoc, Trinity, Shasta, Lassen, Plumas, Sierra, Alpine, Amador, Butte, Calaveras, Colusa, Del Norte, El Dorado, Glenn, Humboldt, Imperial, Inyo, Lake, Madera, Mariposa, Mendocino, Merced, Mono, Monterey, Napa, Nevada, Orange, Placer, Riverside, San Luis Obispo, Santa Barbara, Santa Clara, Tehama, Tuolumne, Yolo, and Yuba Counties.

CHAPTER 460

An act to add Section 31808.5 to, and to amend Section 31812 of, the Government Code, relating to the County Employees' Retirement Law of 1937.

[Approved by Governor June 30, 1967. Filed with Secretary of State June 30, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 31808.5 is added to the Government Code, to read:

31808.5. In any county which has safety members as defined in Sections 31470.2 and 31470.4 subject, prior to January 1, 1962, to the provisions of this article, the board of supervisors may adopt the provisions of this section.

The retirement allowance for any safety member subject to this article for service rendered prior to the date of adoption of this article by a county board of supervisors shall be computed in accordance with the provisions of Section 31664. The retirement allowance of any such member, subject to this article, with respect to service performed after the effective date of adoption by the county of this article shall equal the total of the following:

(a) The fraction of one seventy-fifth of the first three hundred fifty dollars ($350) monthly of the member's final compensation set forth in the table provided for in Section 31664 in the column applicable to his age at retirement taken to the preceding completed quarter year multiplied by the number of years of creditable service as provided therein.

(b) The fraction of one-fiftieth of any remaining portion of the member's final compensation set forth in the table appearing in Section 31664 in the column applicable to his age at retirement taken to the preceding quarter year multiplied by the number of years of creditable service.

The retirement allowance for any safety member not subject to this article shall be computed in accordance with the provisions of Section 31664.

Any member who becomes a safety member after the adoption date of this section shall be subject to the provisions of this article.

This section shall not apply to any safety member who is a member on date of adoption of this section unless within 60 days thereafter he files with the board a signed written statement expressing his desire to have the section apply to him

SEC. 2. Section 31812 of the Government Code is amended to read:

31812. Each member shall continue to contribute as provided for in Article 6 or (in case of those members defined in Sections 31470.2, 31470.4, and 31470.6) Article 6.8 of this chapter less an amount equal to one-third of that portion of such contribution which is payable with respect to the first three hundred fifty dollars ($350) monthly wage.

CHAPTER 461

An act to amend Sections 9832 and 9873 of, and to add Section 9832.1 to, the Business and Professions Code, relating to electronic repair dealer registration.

[Approved by Governor June 30, 1967 Filed with Secretary of State June 30, 1967]

The people of the State of California do enact as follows:

SECTION 1. Section 9832 of the Business and Professions Code is amended to read:

9832. A registration which is validated prior to May 1st of any year shall cease to be valid on June 30th of the same year if not renewed. A registration which is validated on or after May 1st of any year shall cease to be valid on June 30th of the following year if not renewed.

SEC. 2. Section 9832.1 is added to the Business and Professions Code, to read:

9832.1. To renew a valid registration, the service dealer shall, prior to the applicable date specified in Section 9832, apply for renewal on a form prescribed by the director and pay the renewal fee prescribed by this chapter. To renew a registration thereafter the service dealer shall apply for renewal on a form prescribed by the director, pay the renewal fee in effect on the last regular renewal date, and, if the registration is renewed more than 30 days after it ceased to be valid, pay the delinquency fee prescribed by this chapter. Renewal shall be effective on the date on which the application is filed, the date on which the renewal fee is paid, or the date on which the delinquency fee, if any, is paid, whichever last occurs.

SEC. 3. Section 9873 of the Business and Professions Code is amended to read:

9873. The fees prescribed by this chapter shall be set by the director according to the following schedule:

(a) The service dealer registration fee is not less than twenty-five dollars ($25) nor more than fifty dollars ($50) for each place of business in this state.

(b) The annual renewal fee for a service dealer registration is not less than twenty-five dollars ($25) nor more than fifty dollars ($50) for each place of business in this state, if renewed prior to its expiration date.

(c) The delinquency fee is an amount equal to 50 percent of the renewal fee in effect on the last preceding regular renewal date

CHAPTER 462

An act to amend Sections 2369 and 8301 of, to add Section 2371 to, and to repeal Section 8308 of, the Fish and Game Code, relating to abalone.

[Approved by Governor June 30, 1967. Filed with Secretary of State June 30, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 2369 of the Fish and Game Code is amended to read:

2369. Pismo clams taken outside this state shall not be brought into, nor possessed within, any district during the closed season for pismo clams in the district.

Pismo clams taken outside this state may be imported into this state when accompanied by a United States customhouse entry certificate showing their place of origin, and a certificate or clearance from the responsible governmental agency to the effect that such shipment was made in compliance with the laws and regulations of the place or country of origin. Such pismo clams may be canned and shipped outside this state.

The commission may prescribe regulations governing the inspection and marking of pismo claims imported into this state. The cost of such inspection and marking shall be paid by the importer of the pismo clams.

SEC. 2. Section 2371 is added to the Fish and Game Code, to read:

2371. Abalone or abalone meat legally taken outside this state may be imported into this state when accompanied by a United States customhouse entry certificate showing the place of origin, and a certificate or clearance from the responsible governmental agency to the effect that such shipment was made in compliance with the laws and regulations of the place or country of origin, and such abalone or abalone meat may be possessed in this state and shipped or transported out of the state, but all containers of such abalone shall be marked with the abalone's place or country of origin.

SEC. 3. Section 8301 of the Fish and Game Code is amended to read:

8301. Abalones shall be brought ashore above high-water mark attached to the shell and alive. Except as otherwise provided, abalones not in the shell may not be transported nor possessed, except when being prepared for immediate consumption, or which have been processed under a license issued pursuant to subdivision (c) of Section 8040.

SEC. 4. Section 8308 of the Fish and Game Code is repealed.

CHAPTER 463

An act to amend Section 22100 of the Vehicle Code, relating to traffic safety.

[Approved by Governor June 30, 1967. Filed with Secretary of State June 30, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 22100 of the Vehicle Code is amended to read:

22100. Except as provided in Section 22101, the driver of a vehicle intending to turn at an intersection shall do so as follows:

(a) Right Turns. Both the approach for a right turn and a right turn shall be made as close as practicable to the right-hand curb or edge of the roadway.

(b) Left Turns. The driver of a vehicle intending to turn left at any intersection shall approach the intersection as close as practicable to the left-hand edge of the extreme left-hand lane or portion of the roadway lawfully available to traffic moving in the direction of travel of such vehicle and after entering the intersection the left turn shall be made so as to leave the intersection in a lane lawfully available to traffic moving in such direction upon the roadway being entered.

(c) Upon a highway having three marked lanes for traffic moving in one direction which terminates at an intersecting highway accommodating traffic in both directions, the driver of a vehicle in the middle lane may turn right or left onto the intersecting roadway.

CHAPTER 464

An act to amend Sections 13293, 13294, 13296, and 13298 of, to add Section 13296.1 to, and to repeal Sections 13295 and 13299 of, the Education Code, relating to employment by school districts.

[Approved by Governor June 30, 1967. Filed with Secretary of State June 30, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 13293 of the Education Code is amended to read:

13293. The qualifications of supervisors of health shall be as provided in Sections 13294 to 13298, inclusive.

SEC. 1.5. Section 13294 of the Education Code is amended to read:

13294. The qualifications for a physician employed on a half-time-or-more basis shall be a valid certificate to practice medicine and surgery issued by the State Board of Medical

Examiners or Board of Osteopathic Examiners and either a health and development credential or a standard designated services credential with a specialization in health. The qualifications for a physician employed for less than half time shall be a valid certificate to practice medicine and surgery issued by the State Board of Medical Examiners. Any school district may employ and compensate physicians meeting the foregoing qualifications for the performance of medical services for that district and shall provide liability insurance coverage for the period of his employment.

As used in this section "medical services" includes, but is not limited to, any medical services required to be performed while required to be in attendance at high school or junior college athletic contests or meets.

SEC. 1.6. Section 13295 of the Education Code is repealed.

SEC. 2. Section 13296 of the Education Code is amended to read:

13296. The qualifications for a dentist employed on a half-time-or-more basis shall be a valid certificate issued by the Board of Dental Examiners and either a health and development credential or a standard designated services credential with a specialization in health. The qualifications for a dentist employed for less than half time shall be a valid certificate issued by the Board of Dental Examiners. Any school district may employ and compensate dentists meeting the foregoing qualifications.

SEC. 2.1. Section 13296.1 is added to the Education Code, to read:

13296.1. The qualifications for a dental hygienist shall be a valid certificate issued by the Board of Dental Examiners of California and either a health and development credential or a standard designated services credential with a specialization in health.

SEC. 3. Section 13298 of the Education Code is amended to read:

13298. The qualifications for an optometrist employed on a half-time-or-more basis shall be a valid certificate issued by the State Board of Optometry and either a health and development credential or a standard designated services credential with a specialization in health. The qualifications of an optometrist employed for less than half time shall be a valid certificate issued by the State Board of Optometry. Any school district may employ and compensate optometrists meeting the foregoing qualifications.

SEC. 4. Section 13299 of the Education Code is repealed.

CHAPTER 465

An act to amend Section 1184.1 of the Code of Civil Procedure, relating to mechanics' liens.

[Approved by Governor June 30, 1967. Filed with Secretary of State June 30, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 1184.1 of the Code of Civil Procedure is amended to read:

1184.1. Any person who, at the instance or request of the owner (or any other person acting by his authority or under him, as contractor or otherwise) of any lot or tract of land, demolishes or removes any improvements, trees, or other vegetation located thereon, or drills test holes thereon, or grades, fills in, or otherwise improves the same, or the street, highway, or sidewalk in front of or adjoining the same, or constructs or installs sewers or other public utilities therein, or constructs any areas, or vaults, or cellars, or rooms, under said sidewalks, or makes any improvements in connection therewith, has a lien upon said lot or tract of land for his work done and materials furnished.

CHAPTER 466

An act to amend Section 405.3 of the Probate Code, relating to nonresident executors.

[Approved by Governor June 30, 1967. Filed with Secretary of State June 30, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 405.3 of the Probate Code is amended to read:

405.3. Service of process or a notice of a motion to be made under provisions of Section 385 of the Code of Civil Procedure shall be made by delivering to and leaving with the Secretary of State by the plaintiff or his attorney in any action or proceeding against the executor, two copies of the summons and complaint or notice of motion, and a copy of the statement filed by the executor under the provisions of Section 405.2 or, if such a statement has not been filed, a copy of the letters testamentary or of administration issued to the executor, together with a written statement signed by the party to the action seeking such service, or by his attorney, setting forth an address to which such process shall be sent by the Secretary of State. The Secretary of State shall forthwith mail by registered mail one copy of said summons and complaint or notice of motion to the executor at his address as shown in such statement delivered to the Secretary of State.

Personal service of such process or notice of motion upon the executor wherever found outside the state shall be the equivalent of service as herein in this section provided.

CHAPTER 467

An act to amend Section 5821 of the Streets and Highways Code, relating to property assessments.

[Approved by Governor June 30, 1967. Filed with Secretary of State June 30, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 5821 of the Streets and Highways Code is amended to read:

5821. The board of supervisors may, in its resolution declaring its intention to order work done or improvements made or by separate resolution, declare its intention to order that the expenses of maintaining and operating any or all of said improvements or any or all other improvements such as are permitted to be constructed herein, including the cost of necessary repairs, replacements, fuel, power, electrical current, care, supervision, and any and all other items necessary for the proper maintenance and operation thereof, shall be assessed, either partly or wholly, upon the real property or upon the land only lying within the district to be benefited by and to be assessed to pay the cost of the construction of said improvement, or upon such district as the board of supervisors shall determine will be benefited by the maintenance and operation of the improvements proposed to be maintained; the amounts so assessed to be levied and collected in the same manner and by the same officers as taxes for county purposes are levied and collected.

CHAPTER 468

An act relating to school district expenditures for salaries of classroom teachers, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 30, 1967. Filed with Secretary of State June 30, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Notwithstanding any provisions of Article 5 (commencing with Section 17501) of Chapter 2 of Division 14 of the Education Code, a school district may apply to the Superintendent of Public Instruction, on or before June 30, 1967, for exemption from the provisions of Section 17503 for

purposes of moneys made unavailable for expenditure during the 1966–1967 fiscal year pursuant to that section.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The fiscal soundness of one or more comparatively low-wealth school districts has become substantially impaired during the closing months of the 1966–1967 fiscal year, due to the freezing of state apportionments because of failure to file the request for exemption on or before September 15, 1966.

CHAPTER 469

An act to add Section 172k to the Penal Code, relating to intoxicating liquor.

[Approved by Governor June 30, 1967. Filed with Secretary of State June 30, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 172k is added to the Penal Code, to read:

172k. The provisions of Section 172 shall not apply to the sale or exposing or offering for sale of any intoxicating liquor on the premises of, and by the holder or agent of a holder of a retail off-sale general license as defined in the Alcoholic Beverage Control Act (commencing with Section 23000, Business and Professions Code), outside one-half mile of any building actually occupied as a home, retreat, or asylum for ex-soldiers, ex-sailors, and ex-marines of the Army or Navy of the United States, established by the United States within a county with a population of more than three million.

CHAPTER 470

An act to amend Section 35541 of the Health and Safety Code, relating to the temporary housing projects.

[Approved by Governor June 30, 1967. Filed with Secretary of State June 30, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 35541 of the Health and Safety Code is amended to read:

35541. Except as otherwise provided in Sections 35541.5 and 35541.6, dwelling structures in any such temporary housing project shall not be disposed of for use as housing, but

such dwelling structures shall be demolished and shall be demolished not later than one year after the 61st day after final adjournment of the 1971 Regular Session of the Legislature.

CHAPTER 471

An act to amend Section 2615 of the Labor Code, relating to Employee Housing Act.

[Approved by Governor June 30, 1967. Filed with Secretary of State June 30, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 2615 of the Labor Code is amended to read:

2615. "Employee housing" means apartment houses, hotels, motels, or dwellings, where the employment of five or more employees is related to the management, maintenance, or operation of an apartment house, hotel, or motel.

CHAPTER 472

An act to amend Sections 13517 and 13521 of the Education Code, relating to school districts.

[Approved by Governor June 30, 1967. Filed with Secretary of State June 30, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 13517 of the Education Code is amended to read:

13517. The governing board of any school district may arrange to pay the persons in positions requiring certification qualifications employed by it, or any one or more of such employees or one or more groups or categories of such employees, in either 10 or 11 or 12 equal payments instead of by the school month.

In lieu thereof, orders for the payment of salary, and payroll orders for the payment of salary and warrants for the payment of salary of employees employed in positions requiring certification qualifications may be drawn once each two weeks, twice a month, or once each four weeks as determined by the governing board.

SEC. 2. Section 13521 of the Education Code is amended to read:

13521. Each salary payment for any calendar month shall be paid not later than the fifth day of the succeeding calendar month except that teachers employed for less than full time in classes for adults, in a day or evening high school, in a

day or evening junior college, or in a special day or evening class maintained in connection with an elementary school may be paid on or before the 10th day of the succeeding calendar month.

If the school district provides for the payment of the salary of employees employed in positions requiring certification qualifications once each two weeks, twice a month, or once each four weeks, pursuant to Section 13517, each salary payment shall be made not later than the eighth working day of the following payroll period.

CHAPTER 473

An act to amend Section 16457 of the Vehicle Code, relating to motor vehicles.

[Approved by Governor June 30, 1967. Filed with Secretary of State June 30, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 16457 of the Vehicle Code is amended to read:

16457. (a) Whenever proof of ability to respond in damages is required, no person of whom such proof is required shall drive any motor vehicle not covered by the certificate of proof of ability to respond in damages filed by him with the department, nor shall any applicant for such proof knowingly fail to disclose ownership of a motor vehicle in such application for proof of ability to respond in damages or to disclose any subsequently acquired motor vehicle.

(b) The department may, upon receiving satisfactory evidence of any violation of the restrictions of such license, suspend or revoke the same.

(c) The department may, upon receiving satisfactory evidence of his failure to disclose ownership of a motor vehicle when proof of ability to respond in damages is filed with the department, suspend or revoke his driving privilege.

CHAPTER 474

An act to amend Section 4453 of the Vehicle Code, relating to vehicle registration.

[Approved by Governor June 30, 1967. Filed with Secretary of State June 30, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 4453 of the Vehicle Code is amended to read:

4453. The registration card shall contain upon the face thereof the date issued, the name and residence or business address of the owner and of the legal owner, if any, the registration number assigned to the vehicle, and a description of the vehicle as complete as that required in the application for registration of the vehicle.

The director may modify the form, arrangement, and information appearing on the face of the registration card and may provide for standardization and abbreviation of fictitious or firm names thereon whenever he finds that the efficiency of the department will be promoted thereby except that general delivery or post office box numbers shall not be permitted as the address of the registered owner unless there is no other address.

CHAPTER 475

An act to amend Sections 11509 and 11705 of the Vehicle Code, relating to actions against automobile dismantlers, dealers, transporters, and manufacturers.

[Approved by Governor June 30, 1967. Filed with Secretary of State June 30, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 11509 of the Vehicle Code is amended to read:

11509. The department after notice and hearing may suspend, revoke or refuse to renew the certificate and license and special plates issued to an automobile dismantler upon determining that any such automobile dismantler is not lawfully entitled thereto, has made or knowingly or negligently permitted an illegal use of the special plates issued to said person, used a false or fictitious name, knowingly made any false statements or concealed any material fact in any application or other document filed with the department, failed to provide and maintain a clear physical division between the type of business licensed hereunder and any other type of business conducted at the established place of business, or has violated one or more terms and provisions of Divisions 3 (commencing with Section 4000) or 4 (commencing with Section 10500) or Chapter 3 (commencing with Section 11500) of Division 5, of this Code, or Part 5 (commencing with Section 10701) of Division 2 of the Revenue and Taxation Code; or any of the rules and regulations adopted pursuant thereto; or has been convicted of a felony or a crime involving moral turpitude; or has purchased, or concealed, or had in his possession, or has otherwise acquired or disposed of a vehicle, knowing the same to be stolen; or has failed to meet and maintain the requirements for issuance of an automobile dismantler license and certificate and special plates as provided for in this code; or has failed to

pay within 30 days after written demand from the department any fees or penalties due on vehicles acquired for dismantling.

When a check, draft, or money order submitted to the department by a licensee dismantler for any obligation or fee due the state is dishonored or refused payment upon presentation, it shall be a cause, after notice and hearing, to suspend, revoke, or refuse to renew a license and certificate issued to such dismantler.

Any of the causes specified in Section 11503 as a cause for refusal to issue a license and certificate to an automobile dismantler applicant, shall be cause, after notice and hearing, to suspend, revoke, or refuse to renew a license and certificate issued to an automobile dismantler.

Every hearing as provided for in this chapter shall be pursuant to the provisions of Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code.

SEC. 2. Section 11705 of the Vehicle Code is amended to read:

11705. The department after notice and hearing may suspend, revoke or refuse to renew the license and certificate issued to a dealer, transporter, or manufacturer, upon determining that any said person is not lawfully entitled thereto, has made or knowingly or negligently permitted any illegal use of the special plates issued to said person, used a false or fictitious name, knowingly made any false statements or concealed any material fact in any application for the registration of a vehicle or otherwise committed a fraud in such application, failed to deliver to a transferee lawfully entitled thereto a properly endorsed certificate of ownership, used duplicate dealers' reports of sale or copies contrary to the provisions of Section 4456, failed to provide and maintain a clear physical division between the type of business licensed hereunder and any other type of business conducted at the established place of business, or has violated one or more of the terms and provisions of Division 3 (commencing with Section 4000), Division 4 (commencing with Section 10500), or Article 1 (commencing with Section 11700) of Chapter 4 of Division 5 of this code, or any of the rules and regulations adopted pursuant to the provisions of Division 3 (commencing with Section 4000) or Article 1 (commencing with Section 11700) of Chapter 4 of Division 5 or Section 1651 of this code, or Part 5 (commencing with Section 10701), Division 2 of the Revenue and Taxation Code, or Sections 2981 or 2982 of the Civil Code, or has been convicted of a felony or a crime involving moral turpitude.

When a check, draft, or money order submitted to the department by any transporter, manufacturer, or dealer for any obligation or fee due the state is dishonored or refused payment upon presentation, it shall be a cause, after notice and hearing, to suspend, revoke, or refuse to renew a license and certificate issued to such transporter or dealer.

Any of the causes specified in Section 11703 as a cause for refusal to issue a license and certificate to a transporter, manufacturer, or dealer applicant, shall be cause, after notice and hearing, to suspend, revoke, or refuse to renew a license and certificate issued to a transporter or dealer.

Every hearing as provided for in this section shall be pursuant to the provisions of Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code.

CHAPTER 476

An act to amend Section 1800 of, to repeal Section 1801 of, and to add Section 1801 to, the Vehicle Code, relating to registration and license records.

[Approved by Governor June 30, 1967. Filed with Secretary of State June 30, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 1800 of the Vehicle Code is amended to read:

1800. (a) The department shall file each application received for the registration of a vehicle and shall keep a record of each vehicle registered in suitable books, or on index cards as follows:

(1) Under a distinctive registration number assigned to the vehicle.

(2) Alphabetically, under the name of the owner.

(3) Under the motor or a permanent identifying number of the vehicle as may be determined by the department.

(4) In the discretion of the department, in any other manner it may deem desirable.

(b) The department shall file every application for a license to operate a motor vehicle received by it and maintain:

(1) A suitable index containing, in alphabetical order, all applications denied. On the applications shall be noted the reasons for such denial.

(2) A suitable index containing, in alphabetical order, all applications granted.

(3) A suitable index containing, in alphabetical order, the name of every licensee whose license has been suspended or revoked by the department or by a court and after each name note the reasons for the action and the period of revocation or suspension.

SEC. 2. Section 1801 of said code is repealed.

SEC. 3. Section 1801 is added to the Vehicle Code, to read:

1801. Whenever the department is required to maintain vehicle registration records and indexes, and driver's license records and indexes, they may be maintained by electronic recording and storage media.

CHAPTER 477

An act to amend Section 1873 of the Civil Code, relating to unclaimed property.

[Approved by Governor June 30, 1967. Filed with Secretary of State June 30, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 1873 of the Civil Code is amended to read:

1873. The legislative body of any city, city and county, or county may provide by ordinance for the care, restitution, sale or destruction of unclaimed property in the possession of the police department of such city or city and county or of the sheriff of such county. Any city, city and county, or county adopting such an ordinance shall provide therein (1) that such unclaimed property except unclaimed bicycles, shall be held by the police department or sheriff for a period of at least four months, and that unclaimed bicycles shall be held for a period of at least three months, (2) that thereafter such property will be sold at public auction to the highest bidder, and (3) that notice of such sale shall be given by the chief of police or sheriff at least five days before the time fixed therefor by publication once in a newspaper of general circulation published in the county.

CHAPTER 478

An act to amend Sections 246, 12504, 12518 and 12809 of, the Vehicle Code, relating to certificates of compliance and related documents.

[Approved by Governor June 30, 1967. Filed with Secretary of State June 30, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 246 of the Vehicle Code is amended to read:

246. A "certificate of compliance" for the purposes of this code is a document issued by a state agency, board, or commission, or authorized person, setting forth that the requirements of a particular law, rule or regulation, within its jurisdiction to regulate or administer has been satisfied.

SEC. 2. Section 12504 of the Vehicle Code is amended to read:

12504. (a) The provisions of Sections 12502 and 12503 shall apply to any nonresident over the age of 16 years but under the age of 21 years, but the maximum period during which such nonresident may operate a motor vehicle in this state without obtaining a driver's license shall be limited to a

period of 10 days immediately following the entry of the nonresident into this state except as provided in subdivision (b) of this section.

(b) Any nonresident over the age of 16 years but under the age of 21 years who is a resident of a foreign jurisdiction which requires the licensing of drivers may continue to operate a motor vehicle in this state after 10 days from his date of entry into this state provided:

(1) He has a valid driver's license issued by such foreign jurisdiction in his immediate possession, and

(2) He has been issued and has in his immediate possession a nonresident minor's certificate, which is a certificate issued by the department upon filing "proof of ability to respond in damages," as defined in Section 16430, to a nonresident minor who holds a valid driver's license issued to him by his home state or country.

(c) Whenever any of the conditions for the issuance of a nonresident minor's certificate cease to exist the department shall cancel and require the surrender to it of the nonresident minor's certificate.

SEC. 3. Section 12518 of the Vehicle Code is amended to read:

12518. The provisions of Section 12504 shall apply to any nonresident who is under the age of 21 years and who is a member of the armed forces of the United States on active duty within this state, except that the maximum period during which such nonresident may operate a motor vehicle in this state without obtaining a driver's license or a nonresident minor's certificate shall be limited to a period of 60 days immediately following the entry of such nonresident into this state.

SEC. 4. Section 12809 of the Vehicle Code is amended to read:

12809. The department may refuse to issue or renew a driver's license to any person:

(a) If the department is satisfied that the applicant is not entitled to the license under this code.

(b) If the applicant has failed to furnish the department the information required in the application or reasonable additional information requested by the department.

(c) If the department determines that the applicant has made or permitted unlawful use of any driver's license.

(d) If the department determines that such person has knowingly used a false or fictitious name in any application for a license or has impersonated another in making application or in taking any test, or has knowingly made a false statement or knowingly concealed a material fact, or otherwise committed any fraud in any such application.

(e) If the department determines that the applicant is a negligent or incompetent operator of a motor vehicle.

(f) If the applicant is convicted of any offense involving the use or possession of narcotics under Division 10 (commencing with Section 11000) of the Health and Safety Code.

(g) If the applicant fails or refuses to surrender to the department, upon its lawful demand, a nonresident minor's certificate which has been canceled.

CHAPTER 479

An act to add Section 13747 to, and to repeal Sections 13747 and 13747.1 of, the Education Code, relating to reinstatement of resigned school employees.

[Approved by Governor June 30, 1967. Filed with Secretary of State June 30, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 13747 of the Education Code is repealed.

SEC. 2. Section 13747 is added to the Education Code, to read:

13747. Any permanent classified employee of a school district who voluntarily resigns from his permanent classified position may be reinstated or reemployed by the governing board of the district, within 39 months after his last day of paid service and without further competitive examination, to a position in his former classification as a permanent or limited-term employee, or as a permanent or limited-term employee in a related lower class or a lower class in which the employee formerly had permanent status.

If the governing board elects to reinstate or reemploy a person as a permanent employee under the provisions of this section, it shall disregard the break in service of the employee and classify him as, and restore to him all of the rights, benefits and burdens of a permanent employee in the class to which he is reinstated or reemployed.

SEC. 3. Section 13747.1 of the Education Code is repealed.

CHAPTER 480

An act to add Chapter 5 (commencing with Section 16550) to Division 7 of the Vehicle Code, relating to transporters of motor vehicles.

[Approved by Governor June 30, 1967. Filed with Secretary of State June 30, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Chapter 5 (commencing with Section 16550) is added to Division 7 of the Vehicle Code, to read:

CHAPTER 5. TRANSPORTERS OF MOTOR VEHICLES

16550. Every transporter of vehicles shall, except as to operations subject to regulation by the Public Utilities Commission, maintain ability to respond in damages resulting from the operation of his business and arising by reason of personal injury to, or death of, any one person, of at least ten thousand dollars ($10,000), and, subject to the limit of ten thousand dollars ($10,000) for each person injured or killed, of at least twenty thousand dollars ($20,000) for such injury to, or the death of, two or more persons in any one accident, and for damages to property of at least five thousand dollars ($5,000) resulting from any one accident. Ability to respond in damages may be maintained by either:

(a) Being insured under a motor vehicle liability policy against such liability.

(b) Obtaining a bond of the same kind, and containing the same provisions, as those bonds specified in Section 16434.

(c) By depositing with the department twenty-five thousand dollars ($25,000), which amount shall be deposited in a special deposit account with the State Controller for the purpose of this section.

(d) Qualifying as a self-insurer under Section 16056.

The department shall return the deposit to the person entitled thereto when he is no longer required to maintain ability to respond in damages as required by this section or upon his death.

16551. The provisions of this chapter shall not prevent local authorities, within the reasonable exercise of the police power, from adopting rules and regulations, by ordinance or resolution, licensing and regulating the operations of a transporter.

16552. No person shall engage in the business of a transporter without maintaining ability to respond in damages as required by this chapter.

16553. The department shall suspend the registration of all vehicles except vehicles subject to regulation by the Public Utilities Commission, which are registered in the name of any person convicted of violating Section 16552 immediately upon receipt of a duly certified abstract of the record of the court in which the person was convicted.

The suspension shall remain in effect and no such vehicle shall be registered in the name of the person until he gives the department proof of his ability to respond in damages as required in Section 16500.

CHAPTER 481

An act to amend Section 220 of the Vehicle Code, relating to automobile dismantlers.

[Approved by Governor June 30, 1967. Filed with Secretary of State June 30, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 220 of the Vehicle Code is amended to read:

220. An "automobile dismantler," is any person who has an established place of business and is engaged in the business of buying, selling, or dealing in vehicles of a type required to be registered under this code, for the purpose of dismantling the same, who buys or sells the integral parts and component materials thereof, in whole or in part, or deals in used motor vehicle parts. This section does not apply to the occasional and incidental dismantling of vehicles by dealers who have secured dealers plates from the department for the current year whose principal business is buying and selling new and used vehicles, or by owners who desire to dismantle not more than three personal vehicles within any 12-months period.

CHAPTER 482

An act to amend Sections 8802 and 11713 of, and to add Section 8803 to, the Vehicle Code, relating to licensees of the Department of Motor Vehicles.

[Approved by Governor June 30, 1967. Filed with Secretary of State June 30, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 8802 of the Vehicle Code is amended to read:

8802. Whenever the department cancels, suspends, or revokes the registration of a vehicle or a certificate of ownership, registration card, or license plates, or any nonresident or other permit, the owner or person in possession shall immediately return the documents, plates, certificates, or other evidence of registration to the department.

SEC. 2. Section 8803 is added to the Vehicle Code, to read:

8803. Whenever the department cancels, suspends, or revokes the license of a dealer, manufacturer, transporter, dismantler, or salesman, the licensee or person in possession shall immediately return the license, documents, plates, certificates, and other evidence of license to the department

SEC. 3. Section 11713 of the Vehicle Code is amended to read:

11713. It shall be unlawful and a violation of this code for the holder of any license issued under this article:

(a) To intentionally publish or circulate any advertising which is misleading or inaccurate in any material particular or which misrepresents any of the products sold or furnished by a licensed dealer.

(b) To advertise or offer for sale or exchange in any manner, any vehicle not actually for sale at the premises of such dealer or available to said dealer from the manufacturer or distributor of such vehicle at the time of the advertisement or offer.

(c) To fail within 48 hours in writing to withdraw any advertisement of a vehicle that has been sold or withdrawn from sale.

(d) To advertise or represent a vehicle as a new vehicle if said vehicle falls within the purview of Section 665 of this code.

(e) To knowingly purchase, sell or otherwise acquire or dispose of a stolen motor vehicle.

(f) To engage in the business for which licensee is licensed without having in force and effect a good and sufficient bond with corporate surety as hereinbefore provided.

(g) For any licensed dealer to engage in the business for which such dealer is licensed without at all times maintaining an established place of business as required by this code.

(h) To include as an added cost to the selling price of a vehicle, an amount for licensing or transfer of title of the vehicle, which amount is not due to the state unless such amount has in fact been paid by the dealer prior to such sale.

(i) To employ any person as a salesman who has not been licensed pursuant to Article 2 (commencing with Section 11800) of this chapter, and whose license is not displayed on the premises of the dealer as provided in Section 11804.

(j) To deliver, following sale, a vehicle for operation on California highways, if such vehicle does not meet all of the equipment requirements of Division 12 of this code.

(k) To use or permit the use of the special plates assigned to him for any purpose other than permitted by Section 11715.

(l) To advertise or otherwise represent, or knowingly to allow to be advertised or represented on his behalf or at his place of business, that no down payment is required in connection with the sale of a vehicle when a down payment is in fact required and the buyer is advised or induced to finance such down payment by a loan in addition to any other loan financing the remainder of the purchase price of the vehicle.

(m) To participate in the sale of a motor vehicle reported to the Department of Motor Vehicles under the provisions of Section 5900 of this code without making the return and payment of any sales tax due and required by Section 6451 of the Revenue and Taxation Code.

(n) To permit the use of his dealer's license, certificate, supplies, or books by any other person for the purpose of permitting that person to engage in the sale of vehicles re-

quired to be registered under this code, or to permit the use of his dealer's license, certificate, supplies, or books to operate a branch location to be used by any other person, if, in either situation, the licensee has no financial or equitable interest or investment in the vehicles sold by, or the business of, or branch location used by, such person, or has no such interest or investment other than commissions, compensations, fees, or any other thing of value received for the use of the dealer's license, certificate, supplies, or books to engage in the sale of vehicles.

(o) To disconnect, turn back, or reset the odometer of any motor vehicle in violation of Section 28050 or 28051.

CHAPTER 483

An act to amend Sections 15601, 15602, 15831, 15832, 15834, 15835, 15870, 15872, and 18465, and to add Section 18465.5 and to repeal Section 15873 of the Elections Code, relating to punchcard voting.

[Approved by Governor June 30, 1967. Filed with Secretary of State June 30, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 15601 of the Elections Code is amended to read:

15601. An election board may adopt a system provided for in this chapter for any or all precincts within its jurisdiction, and for any portion or all of any election. Such board may, from time to time, combine, rearrange, or enlarge the precincts for which such system is adopted, provided no direct primary or general election precinct shall include more than 1,000 voters, and may abandon such system as to all or any precincts or elections.

SEC. 2. Section 15602 of the Elections Code is amended to read:

15602. An election board may provide that the ballots cast in any precinct for which the system provided for in this chapter has been adopted shall be counted at the polls or at a central counting place, or places, as provided in this chapter.

SEC. 3. Section 15831 of the Elections Code is amended to read:

15831. As soon as the polls are finally closed, the precinct board shall remove the ballots from the box, take them out of the envelopes, but where such envelope is also the write-in ballot and a write-in vote has been registered thereon, the ballot card shall not be separated from the envelope until the validity of the write-in vote has been checked and the used envelope and its related ballot card have been cross-identified pursuant to Section 15832 and if two or more separate ballot cards have been used in the election, sort them into groups

each of which shall contain the same series of ballot cards. The precinct board shall next count the number of ballot cards in each group, and certify the number of votes cast on the voting roster as provided by Section 14215. If there is any discrepancy between the number of voters listed in the roster and the number of ballots voted, this fact shall be noted with an explanation of the difference and signed by all the members of the precinct board.

SEC. 4. Section 15832 of the Elections Code is amended to read:

15832. The precinct board, or if the election board so directs, a board, or boards, at a central counting place shall examine the ballots and count the votes cast for candidates whose names have been written in. If a separate write-in ballot is used, the board shall number each write-in ballot which contains a write-in vote, starting with the number 1, and the same number shall be placed on the ballot card in the place designated for this purpose. Before any such vote is counted the board shall examine the ballot to ascertain whether the write-in vote is valid, and count it only if it is found to be valid. A write-in vote shall not be counted if the voter has marked his ballot by a combination of punching or slotting the ballot card and writing in, a choice of more names than there are candidates to be elected or nominated for any office. However, the votes registered on the ballot card shall be counted. All valid write-in votes shall be tabulated and certified to the clerk on forms provided for this purpose, and the write-in votes shall be added to the results of the count of the ballots at the counting place and be included in the official returns for the precinct.

SEC. 5. Section 15834 of the Elections Code is amended to read:

15834. The precinct board shall group voted ballot cards and voted separate write-in ballots as directed by the county clerk and place them in containers. The board shall also place spoiled and void ballots and voided write-in ballots, if any, in containers as directed by the county clerk, all of which, along with the containers for voted ballot cards shall be placed in one or more boxes which shall then be sealed and delivered as soon as possible to the receiving centers or central counting places with the unused ballots, supplies, and other materials as directed by the county clerk.

SEC. 6. Section 15835 of the Elections Code is amended to read:

15835. A certificate of sealing shall be signed by the members of the precinct board and which shall certify to the following: The total number of voted ballot cards, void ballot cards, and voted write-in ballots placed in each container; the correctness of the tally or other documents placed with the delivery box; the board having carried out all of the duties imposed upon them by law; that the contents of the delivery

box were placed therein in the presence of the signers and the box then sealed for delivery.

SEC. 7. Section 15870 of the Elections Code is amended to read:

15870. All proceedings at a central counting place shall be open to the view of the public, but no persons except those designated for the purpose by the clerk or his authorized deputy shall touch any ballot cards or ballot container.

SEC. 8. Section 15872 of the Elections Code is amended to read:

15872. In preparing the voted ballot cards for processing, any ballot card that is torn, bent, or otherwise defective shall be corrected so that every vote cast by the voter shall be counted by the automatic tabulating equipment. If necessary, a true duplicate copy of the defective ballot card shall be made and substituted therefor, following the intention of the voter insofar as it can be ascertained from the defective ballot card. All duplicate ballot cards shall be clearly labeled "duplicate," and shall bear a serial number which shall be recorded on the damaged or defective ballot card.

SEC. 9. Section 15873 of the Elections Code is repealed.

SEC. 10. Section 18465 of the Elections Code is amended to read:

18465. Except as provided in Section 18465.5 if the returns from any precinct are incomplete, ambiguous, not properly authenticated, or otherwise defective, the board or person who canvasses the returns may issue and serve subpoenas requiring the attendance before it or him of the members of the precinct board.

If three-fourths or more of the members of the precinct board appear, they may be examined under oath concerning the manner in which the votes were counted in their precinct, and concerning the result of the count.

The board or person conducting the canvass may require the precinct board to open the envelopes containing the ballots, retally the ballots, and correct or complete its returns or its authentication thereof so that they shall show correctly the votes cast in the precinct for each candidate voted for and for or against each measure voted upon.

SEC. 11. Section 18465.5 is added to the Elections Code:

18465.5. In those counties where the election board provides for the ballots cast in any precinct to be counted at a central counting place or places, the board or person who canvasses the returns may appoint not less than three deputies to open the envelopes or containers in the precinct returns.

If, after examination by the board or person conducting the canvass or their deputies, any precinct returns are still incomplete, ambiguous, not properly authenticated, or otherwise defective, the board or person canvassing returns may require the attendance of the precinct board members before it or him as provided in Section 18465.

CHAPTER 484

An act to add Sections 775 and 776 to the Probate Code, relating to probate sales.

[Approved by Governor June 30, 1967. Filed with Secretary of State June 30, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 775 is added to the Probate Code, to read:

775. If, after the confirmation of a sale of personal property pursuant to Section 755, the purchaser neglects or refuses to comply with the terms of the sale, the court, on motion of the executor or administrator, and after notice to the purchaser in the manner directed by the court, may vacate the order of confirmation and order a resale of the property. Notice of such resale shall be given and proceedings thereafter shall be taken in the manner provided in this chapter for a sale of personal property. If the amount realized on such resale does not cover the bid and the expenses of the previous sale, the defaulting purchaser at such previous sale is liable to the estate for any deficiency.

SEC. 2. Section 776 is added to the Probate Code, to read:

776. If the sale has not been vacated in accordance with the provisions prescribed in Section 775, then upon filing of a petition within 45 days after the confirmation of a sale showing that the purchaser at such sale has failed to complete the purchase and that a bid has been made for the property in the same or a higher amount, on the same or better terms, and in the manner prescribed in the original notice, the court may vacate the prior order of confirmation and make an order confirming the sale to the new high bidder; provided, that such notice as the court directs shall be given the defaulting purchaser, unless his written consent to the vacation of the order confirming sale to him is filed with the court. If the report and petition for confirmation of the second sale are not filed within 45 days of the confirmation of the first sale, the property may be resold only in the manner prescribed in Section 775.

CHAPTER 485

An act to amend Section 17701 of the Vehicle Code, relating to minors' drivers' licenses.

[Approved by Governor June 30, 1967. Filed with Secretary of State June 30, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 17701 of the Vehicle Code is amended to read:

17701. No application for a driver's license or a duplicate driver's license shall be granted by the department to any minor unless it is signed and verified by the father and mother of such minor, if both father and mother are living and have custody of the minor.

If only one parent is living or has custody, the application shall be signed and verified by such parent.

If neither parent is living or has custody, the application shall be signed and verified by the guardian, or if there is no guardian, by a person having custody of the minor.

CHAPTER 486

21465. No person shall place, maintain, or display upon, or in view of, any highway any unofficial sign, signal, device, or marking, or any sign, signal, device, or marking which purports to be or is an imitation of, or resembles, an official traffic control device or which attempts to direct the movement of traffic or which hides from view any official traffic control device.

CHAPTER 487

An act to amend Sections 38261, 38262 and 38263 of the Agricultural Code, as proposed by Senate Bill No. 1, relating to milk containers.

[Approved by Governor June 30, 1967. Filed with Secretary of State June 30, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 38261 of the Agricultural Code, as proposed by Senate Bill No. 1, as amended to read:

38261. Evaporated skim milk or condensed skim milk is skim milk from which a considerable portion of moisture has been evaporated It shall contain not less than 18 percent milk solids and not more than 75,000 bacteria per gram. Evaporated skimmed milk is the same as, and shall meet the same standards as, evaporated skim milk.

SEC. 2. Section 38262 of the Agricultural Code, as proposed by Senate Bill No. 1, is amended to read:

38262. It is unlawful for any person to sell at retail for consumption within this state any evaporated skim milk or condensed skim milk in any container other than an hermetically sealed container.

SEC. 2. Section 38263 of the Agricultural Code, as proposed by Senate Bill No. 1, is amended to read:

38263. Every hermetically sealed container which contains evaporated skim milk or condensed skim milk shall distinctly bear the name and address of the manufacturer of such product, together with the words "evaporated skim milk", "evaporated skimmed milk", "condensed skim milk", or "condensed skimmed milk" in roman letters of a size at least as large as the largest of any other words or letters which appear on the brand, indention, or label upon the container.

CHAPTER 488

An act to add Section 942.6 to the Streets and Highways Code, relating to county highways.

[Approved by Governor June 30, 1967. Filed with Secretary of State June 30, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 942.6 is added to the Streets and Highways Code, to read:

942.6. The board of supervisors may delegate the powers contained in Section 942.5 to the county road commissioner.

CHAPTER 489

An act to amend Section 10506 of the Insurance Code, relating to insurers, pension funds, separate accounts, and issuance of annuities, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 30, 1967. Filed with Secretary of State June 30, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 10506 of the Insurance Code is amended to read:

10506. (A) Any domestic life insurance company may, after adoption of a resolution by its board of directors, allocate to one or more separate accounts, in accordance with the terms of a written agreement which shall be filed with the Insurance Commissioner for approval, any amounts which are paid to the

company in connection with a pension, retirement or profit-sharing plan, and which are to be applied in payment or in making provision for payment under the company's policies or contracts of retirement benefits, and other benefits incidental thereto, in fixed or variable dollar amounts, or both. The income, if any, and gains or losses, realized or unrealized, on each such account shall be credited to or charged against the amount allocated to the account in accordance with the agreement, without regard to the other income, gains or losses of the company. The amounts allocated to such accounts and accumulations thereon, by any life insurance company shall be invested and reinvested as specified in the agreement, except a domestic company shall invest or reinvest only in such investments described in Article 3 (commencing with Section 1170), and Article 4 (commencing with Section 1190) of Chapter 2, Part 2, Division 1. The limitations contained in Sections 1192.4 and 1198 are not applicable to such investments. Such investments shall not be included in determining the propriety of other investments of the company. The liability of the company with respect thereto, but only to the extent prescribed in the agreement, shall be shown on the statement of the company in the manner prescribed by the commissioner. Amounts allocated by an insurance company to separate accounts in the exercise of the power granted by this section shall be owned by the company, but shall not be chargeable with liabilities arising out of any other business the company may conduct except and to the extent provided in the agreement. The company shall not hold itself out to be a trustee in respect to such amounts.

(B) This section shall not apply to amounts contributed by a participant who is entitled to retirement or other incidental benefits under a pension, retirement or profit-sharing plan, except, this provision shall not be construed to prevent contribution of amounts by a participant or application of amounts to the purchase of retirement or other incidental benefits under pension, retirement and profit-sharing plans established pursuant to the Self-Employed Individuals' Tax Retirement Act of 1962 nor shall it be construed to prevent contribution or application of amounts to the purchase of retirement or other incidental benefits under pension or retirement plans established pursuant to the provisions of Section 403(b) of the Internal Revenue Code of 1954 as amended.

(C) The purpose and intent of this section is to permit the issuance and delivery of policies or contracts, in connection with a pension, retirement or profit-sharing plan, providing for the payment of benefits in fixed or variable amounts, or both, and the establishment of separate accounts by domestic companies for the administration of and investments under such agreements. To protect the public and policyholders located in this state from hazardous operation by domestic and foreign companies, and to further the purpose and provision of this section, no domestic or foreign life insurance company shall undertake the issuance of any contract providing for

variable benefits until said company has satisfied the commissioner that it has been engaged in transacting the business of life insurance for a period of at least two years and that its condition or method of operation in connection with the issuance of such contracts will not be such as would render its operation hazardous to the public or its policyholders in this state. In determining the qualification of a company requesting authority to issue contracts providing for variable benefits within this state the commissioner will consider among other things, (a) the history of the company; (b) the character, responsibility and general fitness of the officers and directors of the company; and (c) the regulation of a foreign company by its state of domicile. The commissioner may make such reasonable rules and regulations as are necessary, proper and advisable concerning the issuance and delivery of such policies and contracts and the payment of benefits thereunder and the manner in which the separate accounts shall be administered.

Provided, however, that no company may provide variable benefits in its contracts unless it is an admitted insurer having admissible assets of two hundred fifty million dollars ($250,000,000) or more, or combined capital and surplus of sixteen million dollars ($16,000,000) or more.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Various school districts of the state are contemplating purchase from life insurance companies of tax-sheltered variable annuity contracts for teachers under Section 403(b) of the Internal Revenue Code. In order to issue such contracts, a life insurance company must register a separate account with the Securities and Exchange Commission under the Investment Company Act of 1940, and the variable annuity contract must be similarly registered under the Securities Act of 1933.

A question has been raised as to whether a life insurance company may so register an account and contract unless the law of the state of domicile of the company preserves the integrity of the assets of the separate account by providing that such assets are not chargeable with liabilities arising out of other business operations of such life insurance company in order to preserve the account solely for the beneficiaries.

Life insurance companies domiciled in states having adequate protection of the separate account have completed registration requirements of the Securities and Exchange Commission, and, unless the amendment of Insurance Code Section 10506 is immediately effective, California school districts desiring to purchase such contracts will be unable to do business with life insurance companies domiciled in California and will be restricted to dealing with out-of-state companies.

CHAPTER 490

An act to amend Section 31453 of the Government Code, relating to the county employees' retirement system.

[Approved by Governor June 30, 1967. Filed with Secretary of State June 30, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 31453 of the Government Code is amended to read:

31453. An actuarial valuation shall be made within one year after the date on which any system established under this chapter becomes effective, and thereafter at not to exceed five-year intervals. The valuation shall be conducted under the supervision of an actuary and shall cover the mortality, service, and compensation experience of the members and beneficiaries, and shall evaluate the assets and liabilities of the retirement fund. Upon the basis of the investigation, valuation, and recommendation of the actuary, the board of retirement shall recommend to the board of supervisors such changes in the rates of interest, in the rates of contributions of members, and in county and district appropriations as are necessary. With respect to the rates of interest to be credited to members and to the county or district, the board of retirement may, in its sound discretion, recommend a rate which is higher or lower than the interest assumption rate established by the actuarial survey. No adjustment shall be included in the new rates for time prior to the effective date of the revision.

CHAPTER 491

An act to amend Section 31629 of the Government Code, relating to the county employees' retirement system.

[Approved by Governor June 30, 1967. Filed with Secretary of State June 30, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 31629 of the Government Code is amended to read:

31629. If a former member does not file proper application for the return of his accumulated contributions within 10 years after date of such notice to him, such accumulated contributions shall be deposited in and become a part of the current pension reserve fund, and thereafter the fund shall not be liable to such member for any portion of his accumulated contributions.

However, notwithstanding the fact that such an application has not been filed, the board of retirement may, in its sound discretion authorize the return of any deposit account 90 days after the 90-day notice referred to in Section 31628, provided that the former employee had less than five years' service credit with the county.

No return of any deposit account may be made by mail pursuant to this section unless the letter provided for in Section 31628 was receipted for by the former member and the signed receipt is in the possession of the board of retirement or the county treasurer.

CHAPTER 492

An act to amend Section 31527 of the Government Code, relating to the county employees retirement system.

[Approved by Governor June 30, 1967. Filed with Secretary of State June 30, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 31527 of the Government Code is amended to read:

31527. In its regulations, the board may include the following provisions:

(a) From what warrants deductions of members' contributions shall be made.

(b) For a period of time longer than one year during which a member may redeposit in the retirement fund an amount equal to all of the accumulated normal contributions which he has withdrawn, plus regular interest thereon from the date of return to service.

(c) For a period of time longer than one year during which a member brought within the field of membership may pay into the retirement fund the amount equal to the contributions he would have made plus interest, if he had been a member from the date of its organization, or from the date of his entrance into county service, whichever is later.

(d) For a withdrawal charge against a member who withdraws his accumulated contributions. The withdrawal charge shall not exceed the interest credited to the member subsequent to the effective date of the regulation.

(e) For the exemption or exclusion from membership as a peace officer member or as a safety member or from membership altogether, in the discretion of the board, of persons whose tenure is temporary, seasonal, intermittent, or for part time only, or persons whose rate of compensation is less than eighty dollars ($80) a month, or persons whose compensation is fixed at a rate by the day or hour.

(f) For the periodic physical examination, at county expense of safety members.

(g) The amount of additional deductions from the salaries or wages of members pursuant to Article 15.5 or 16. Such a provision may be adopted in anticipation of, and prior to Article 15.5 or 16 becoming operative in the particular county.

(h) The day upon which each person entering the county employ becomes a member of the association if it is to be other than the first day of the calendar month after his entrance into the service, provided that said day shall be no later than six weeks after his entrance into the service.

CHAPTER 493

An act to amend Section 31664.6 of the Government Code, relating to the county employees' retirement system.

[Approved by Governor June 30, 1967. Filed with Secretary of State June 30, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 31664.6 of the Government Code is amended to read:

31664.6. If a member retires with credit for time during which he was not a safety member or a member of a system established pursuant to either Chapter 4 or Chapter 5 of this part, he shall receive for such time:

(a) A retirement allowance calculated pursuant to Section 31664 for time during which he was employed principally in active law enforcement or active fire suppression as described in Section 31470.2 or 31470.4 by a county, or by a district or court organized or existing within such county, or was a member of a system established pursuant to either Chapter 4 or Chapter 5 of this part, plus a retirement allowance calculated under either (b) or (c) of this section, whichever is applicable.

(b) A retirement allowance calculated pursuant to Section 31664 for all prior county service with such county, and for any public service credit for which the member has elected to receive pursuant to Section 31641.1 or 31641.5.

This subdivision shall apply only to a member who, when the board of supervisors pursuant to Section 31695.1 provides that provisions of this chapter relating to safety members shall apply to all employees of the county whose principal duties consist of active law enforcement or active fire suppression as defined in Section 31470.2 or 31470.4, was employed by the county principally in active law enforcement or active fire supression as defined by such sections and who elected to be included within such safety member provisions at the time and in the manner prescribed by Section 31695.2.

(c) A retirement allowance calculated pursuant to Article 8 of this chapter for time during which he was not engaged principally in active law enforcement or active fire suppression

as described in Section 31470.2 or 31470.4, nor a member of a system established pursuant to either Chapter 4 or Chapter 5 of this part.

This subdivision shall apply to any member to whom subdivision (b) is not applicable.

The provisions of this section shall be applicable irrespective of whether a member is, at the time of retirement, a safety member or a general member.

CHAPTER 494

An act to add Section 31790 to the Government Code, relating to the county employees' retirement system.

[Approved by Governor June 30, 1967. Filed with Secretary of State June 30, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 31790 is added to the Government Code, to read:

31790. Upon the death of any person before retirement which person shall have to his credit at least 10 years of service with the county or district, there shall be paid to his estate or to such beneficiary as he shall nominate by written designation duly executed and filed with the board, the sum of four hundred dollars ($400) to be provided from the contributions of the county or district.

This section shall not be operative in any county until such time as the board of supervisors shall, by resolution adopted by majority vote, make the provisions hereof applicable to the county.

CHAPTER 495

An act to amend Section 25504 of the Government Code, relating to county property.

[Approved by Governor June 30, 1967. Filed with Secretary of State June 30, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 25504 of the Government Code is amended to read:

25504. The county purchasing agent may by direct sale or otherwise sell or dispose of any personal property belonging to the county not required for public use, subject to such regulations as may be provided by the board of supervisors. He shall pay the proceeds into the county treasury for the use of the county. Where the property is exchanged or traded in he shall secure its value in behalf of the county.

CHAPTER 496

An act to amend Section 31454 of the Government Code, relating to the county employees retirement system.

[Approved by Governor June 30, 1967. Filed with Secretary of State June 30, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 31454 of the Government Code is amended to read:

31454. The board of supervisors shall immediately adjust the rates of interest, the rates of contributions of members, and county and district appropriations in accordance with the recommendations of the board of retirement, but shall not fix them in such amounts as to reduce the individual benefits provided in this chapter.

CHAPTER 497

An act to add Section 120 to the Business and Professions Code, relating to business and professional licenses.

[Approved by Governor June 30, 1967. Filed with Secretary of State June 30, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 120 is added to the Business and Professions Code, to read:

120. The provisions of subdivision (a) of Section 119 shall not apply to a surviving spouse having in her possession or displaying a deceased spouse's canceled certified public accountant certificate or canceled public accountant certificate which has been canceled by official action of the State Board of Accountancy.

CHAPTER 498

An act to amend Section 28130 of the Government Code, relating to compensation of county officers.

[Approved by Governor June 30, 1967. Filed with Secretary of State June 30, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 28130 of the Government Code is amended to read:

28130. In counties of the 30th class the following shall receive as compensation for the services required of them by law or by virtue of their office, the following sums:

1. The auditor, twelve thousand dollars ($12,000) a year.

2. The district attorney, eighteen thousand dollars ($18,000) a year and he shall not engage in private law practice during his term of office.

3. Each supervisor, six thousand dollars ($6,000) a year for all services performed by him as supervisor and member of the board of equalization, and the use of county automobiles in connection with the performance of official duties.

4. Grand jurors and trial jurors in the superior court in civil and criminal cases, shall receive as compensation for each day's attendance, per day, five dollars ($5); and trial jurors for each mile actually and necessarily traveled in attendance as such in going only, per mile, twenty-five cents ($0.25); and grand jurors for each mile actually and necessarily traveled in attendance as such in going only, per mile, fifteen cents ($0.15).

If it is not legally competent to pay the compensation provided by this act to incumbent officers on the effective date of the 1955 amendment of this section, such increase in compensation shall nevertheless be payable to the officers designated in this section as soon as it is legally competent to do so.

CHAPTER 499

An act to add Section 26470.2 to the Health and Safety Code, relating to poultry.

[Approved by Governor June 30, 1967. Filed with Secretary of State June 30, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 26470.2 is added to the Health and Safety Code, to read:

26470.2. Poultry meat or poultry products condemned for human food and not requiring denaturing under the provisions of Chapter 3 (commencing with Section 24951) of Part 1 of Division 12 of the Agricultural Code and regulations relating thereto or the United States Department of Agriculture Poultry Products Inspection Act and regulations relating thereto, may be used for animal food providing it is properly decharacterized in accordance with inspection regulations and treated in such a manner as to render the product safe for animal feeding.

LOCAL ASSISTANCE SECTION

SEC. 2.1. The following sums of money, or so much thereof as may be necessary unless otherwise provided herein, are hereby appropriated for the use and support of the State of California for the 1967–68 fiscal year beginning July 1, 1967, and ending June 30, 1968. All such appropriations, unless otherwise herein provided, shall be paid out of the General Fund in the State Treasury.

Whenever by constitutional or statutory provision the revenues or receipts of any institution, department, board, bureau, commission, officer, employee, or other agency, or any moneys in any special fund created by law therefor, are to be used for salaries, support or any proper purpose, expenditures shall be made therefrom for any such purposes to the extent only of the amount herein appropriated, unless otherwise stated

herein, or authorized pursuant to Section 11006 of the Government Code.

Appropriations for purposes not otherwise provided for herein which have been heretofore made by any existing constitutional or statutory provision shall continue to be governed thereby.

provided, that none of the moneys appropriated by this item may be expended for publishing, purchasing or shipping any textbook, which has been conditionally approved or adopted by the State Board of Education subject to the condition that revisions will be made in such textbook by the publisher, unless and until such revisions have been made to the complete satisfaction of said board.

Provided, that none of this appropriation shall be available to finance contracts in respect to basic textbooks adopted by the State Board of Education during the 1966–67 or 1967–68 fiscal years in which the total price, including sales and use tax, for any textbook submitted on a finished-book basis exceeds by more than 13 percent the average of the three highest total prices for a competitive textbook submitted on the basis of leasing plates to the state or in which said total price for any such textbook exceeds by more than 13 percent the sum of the manufacturing cost of such textbook as estimated by the State Department of General Services, and the average royalty cost of the three highest priced competitive textbooks, except that upon a finding by the State Board of Education that the book submitted on a finished-book basis is clearly superior in quality and utility to others submitted on a leased-plate basis, this appropriation shall be available to finance contracts at a cost to be agreed upon by the State Board of Education if such cost does not exceed by more than 13 percent the sum of the manufacturing cost of

Item	Amount
such textbook as estimated by the State Department of General Services and the average royalty cost of the three highest priced competitive textbooks. Provided further, that none of this appropriation shall be available to finance contracts for textbooks adopted as supplemental textbooks by the State Board of Education during the 1966–67 or 1967–68 fiscal years in which the unit price, including sales and use tax, for any textbook submitted on a finished-book basis exceeds the unit manufacturing cost of such textbook as estimated by the State Department of General Services, multiplied by the average of the ratios of the total computed unit cost of each other supplementary textbook submitted to the state on a leased-plate basis for the same grade level to the unit manufacturing cost of each such other textbook, plus 13 percent of the unit manufacturing cost of the textbook which is offered on a finished-book basis. For the purposes of this item, three means all if fewer than three competitive textbooks are submitted on a leased-plate basis and textbooks includes teachers' manuals or editions. However, this appropriation shall be available, without regard to the foregoing conditions, to finance contracts for textbooks adopted as supplementary textbooks by the State Board of Education during the 1966–67 or 1967–68 fiscal year for which offers were received on both a leased-plate and finished-book basis if the State Board of Education accepts the lesser of the two offers. The Department of Finance shall maintain a procedure which will indicate any cases in which the numbers and estimated costs of textbooks represented in printing or purchase orders placed during the budget year vary from the amounts contained in the budget schedule submitted by the Department of Education upon which this item of appropriation is based, and the Department of Finance shall unallot all amounts which are made available because of such differences. Upon presentation of need, the Department of Finance may reallot such funds as it finds necessary. It shall report all such actions to the Joint Legislative Budget Committee prior to August 1, 1968.

(f) Estimated grants from the federal government -------	1,128,160
Net appropriation ------	9,740,763

provided, that the Department of Public Health shall have the authority to transfer funds between items in the schedule above to meet program needs with the approval of the Department of Finance; and provided further, that this appropriation shall be made available to the several counties as follows:

(a) The State Department of Public Health shall allocate to each county and city and county an amount which, when added to the amount provided by the county or city and county pursuant to Section 270 of the Health and Safety Code, shall equal three times the amount provided and approved by the county or city and county pursuant to Section 270 of the Health and Safety Code, not to exceed twenty thousand dollars ($20,000), whichever is the greater.

(b) All funds received by cities or cities and counties as reimbursement for services rendered in this program under the provisions of the Health and Safety Code governing this program shall be used to reduce the cities or cities and counties appropriation to support this program. The respective share of reimbursements between the state basic share and the cities or cities and counties basic share will be the same as is provided for in the Health and Safety Code Section 270 for sharing in the appropriation for support of this program.

(c) For the purpose of administration by independent counties, there shall be allocated an amount equal to two-thirds of the expenditures for the local administration of each independent county's program, made in accordance with a budget approved by the Department of Public Health; provided, however, that such amount shall not exceed $6\frac{2}{3}$ percent of the gross total expenditures for diagnosis and treatment by that county in the preceding fiscal year.

(d) No funds may be allocated to any county with a population of 200,000 or more

Item Amount

as of the first day of the fiscal year specified in Section 2.1 of this act, unless such county is independently administering the program; provided, however, during the first six months of the first fiscal year in which any county is affected by this provision, and after notification to the Department of Public Health by a county that action is being taken to assume independent administration of the program, payments may continue to be made on behalf of such county by the state.

(e) The allocations of funds provided for in (a), (b), (c), and (d) of this section shall be made in such a manner as to insure the availability of funds during the entire fiscal year 1967–68 within the limits of this appropriation.

(f) Expenditures made under this item to reimburse counties and cities and counties for the state's share of the cost of such services shall be charged to the fiscal year in which the county or city and county issues its warrant in payment of such services and shall not exceed the amount appropriated for each fiscal year. Expenditures made under this item on behalf of counties or cities and counties for the cost of such services shall be charged to the year in which the warrant is issued by the State Controller.

UNALLOCATED

Item	Amount
345—For project planning, to be allocated by the Department of Finance, subject to approval by the State Public Works Board, to state agencies, pursuant to Section 5096.15 of the Public Resources Code, for expenditure during the 1967–68, 1968–69 and 1969–70 fiscal years, payable from the State Beach, Park, Recreational and Historical Facilities Fund.. The amount appropriated in this item is not to be construed as a commitment by the Legislature as to the amount of capital outlay funds it will appropriate in any future fiscal year.	50,000

REVERSIONS

346—As of June 30, 1967, the amounts set forth opposite the appropriations for the Cima Dome, Whipple Mountains and Marin Headlands Projects provided in the following citations shall revert to the unappropriated balance of the State Beach, Park, Recreational and Historical Facilities Fund.

Department of Parks and Recreation:

Item 423(b), Budget Act of 1966	316,000
Item 423 (q), Budget Act of 1966	80,000
Item 423(r), Budget Act of 1966	56,000
Item 423(s), Budget Act of 1966	790,000

SEC. 4.5. Subject to the provisions of this act, any appropriation for expenditure under this act during the 1967–68 fiscal year, may, with the approval of the Department of Finance, be encumbered prior to July 1, 1967, by incurring obligations to be paid after June 30, 1967.

SEC. 5. Because it is necessary to insure the availability of adequate equipment for physical facilities constructed for the operation of custodial, mental health, educational, administrative, military, and other agencies of the state government; because uncertainties as to completion dates make precise advance planning of equipment purchases impossible; and since delivery of some kinds of equipment cannot be made for six months or longer from the date of ordering; state agencies are therefore authorized to incur obligations, to be met during the 1968–69 fiscal year, for the purchase of equipment related to capital outlay projects for which the Legislature has appropriated construction funds; provided, that no obligation shall be incurred under the provisions of this section without the approval of the Department of Finance and the State Public Works Board. Purchase orders issued and contracts entered into under the provisions of this section shall not ex-

ceed a total of one million five hundred thousand dollars ($1,500,000) in estimated cost.

SEC. 6. Any project, except minor projects, included in any appropriation made herein for capital outlay shall be subject to the provisions of Section 15790 of the Government Code.

SEC. 7. Any acquisition of land or other real property included in any appropriation made herein for capital outlay except appropriations from the California Water Fund or the State Highway Fund or appropriations to the Department of Education for allocation to the junior colleges shall be subject to the provisions of the Property Acquisition Law.

Nothing contained in this section shall be construed to limit or control the Regents of the University of California in the expenditure of funds appropriated for acquisition of land or other real property for the use, development or enlargement of the University of California.

All property acquisitions, notwithstanding other exemptions of this section, shall be reported to the State Public Works Board.

SEC. 8. No money appropriated herein in any item for capital outlay may be expended by any state agency except amounts for acquisition of land or other real property, amount needed for equipment, preliminary surveys, studies and planning and minor projects until the State Public Works Board and the Department of Finance have approved preliminary plans for the project to be financed from such time of appropriation for capital outlay; provided further, no major project for which appropriation is made hereunder regarding which the Director of Finance or his authorized representative requests review of working plans shall be put out to bid until the working plans therefor have been approved by the Department of Finance; provided further, that no money appropriated herein may be spent for working drawings for any project as to which there has been made substantial change or changes from the preliminary plans as approved by the State Public Works Board and the Department of Finance unless there has first been obtained the approval of the Department of Finance to make such change or changes; provided further, that no money appropriated herein may be spent for equipment until prior approval for purchase of such equipment shall have been given by the Department of Finance.

Nothing in this section shall be construed to limit or control the Regents of the University of California in the expenditure of funds appropriated for capital outlay for the use, development or enlargement of the University of California.

Nothing in this section shall be construed to limit or control the Department of Public Works in the expenditure of State Highway Fund money appropriated for capital outlay purposes.

The Regents of the University of California and the Department of Public Works shall report to the State Public Works Board the expenditures for capital outlay, except minor projects, from appropriations contained in this act.

SEC. 8.5. In making appropriations to state agencies which are eligible for the various federal assistance programs, it is the intent and understanding of the Legislature that applications made by such agencies for federal funds under any such programs shall be for the maximum amount allowable under federal law.

SEC. 9. Notwithstanding any other provision of law, the portion of each sum of money heretofore appropriated or allocated, hereby appropriated or hereafter allocated to the Regents of the University of California for capital outlay which remains after the purpose for which each said sum was appropriated or allocated has been accomplished, and which have been or hereafter are withdrawn from the State Treasury by the Regents of the University of California pursuant to the provisions of Section 23201 of the Education Code, together with increments, by way of interest or otherwise, on any such appropriation or allocations, shall be used and expended by the Regents of the University of California in executing and furthering the building and improvement program of the University of California; provided, that no such sums shall be allocated by the Regents of the University of California to projects not otherwise authorized by legislative appropriation or by allocation by the State Public Works Board. Such sums shall be available for expenditure in payment of any encumbrances heretofore or hereafter incurred without regard to fiscal years; provided, however, that any unencumbered balances existing as of the date on which each such appropriation or allocation otherwise would lapse, shall then revert.

A report shall be submitted to the State Public Works Board of any allocations made by the Regents of the University of California pursuant to the provisions of this section.

SEC. 10. Department of Motor Vehicles:	
Item 389(j), Budget Act of 1966	Unencumbered balance

SEC. 11.4. Notwithstanding the provisions of Chapter 8, Statutes of 1967, as of November 1, 1967, the unencumbered balance of the two million dollar ($2,000,000) appropriation from the General Fund made by Chapter 20, Statutes of 1965, shall revert to the unappropriated balance of the General Fund; provided, that such reversion shall not occur until the Director of Finance determines that there are sufficient funds available to pay the estimated state share for claims filed with the Department of Finance pursuant to Chapter 8, Statutes of 1967 Provided further, that notwithstanding any other provisions of this section the unexpended balance of the appropriation made by Item 446.7, Budget Act of 1958, as amended by Section 12, Budget Act of 1960, shall remain available for expenditure for the purposes of the Emergency Flood Relief Law until June 30, 1968.

SEC. 11.5. As of June 30, 1967, the unexpended balance of the appropriation made by Item 401(g), Budget Act of 1966, shall revert to the unappropriated balance of the State Construction Program Fund.

SEC. 11.6. As of June 30, 1967, $2,531,847 of the appropriation provided in Item 398(t), Budget Act of 1966, Oroville

Reservoir State Recreation Area—Initial Development—Loafer Creek Area, shall revert to the unappropriated balance of the General Fund; provided, that the remaining unexpended balance shall continue to be available under the Budget Act of 1966 for (a) the same purpose of Item 398(t) of the Budget Act of 1966; and (b) in addition shall be available for advances to local governmental entities which cooperate with the state in providing utility services.

SEC. 12. All amounts which for the 1967–1968 fiscal year will be in excess of 1 percent of the total apportionment from the State School Fund in the preceding fiscal year for the purposes set forth in Sections 17303 and 17303.5 of the Education Code, and which will not be required to be transferred to the State School Fund under subdivision (c) of Section 17301 of the Education Code, shall revert to the General Fund on June 30, 1968, and shall be available for any appropriations made from that fund.

SEC. 13.6. Notwithstanding any other provisions of this act, the Director of Finance may from time to time direct that any appropriation made in Section 2.4 of this act shall be payable from the Capital Outlay Fund for Public Higher Education instead of the State Construction Program Fund.

SEC. 13.7. Where the estimate for any capital outlay project described in any item of this act for which money is appropriated by this act from the Capital Outlay Fund for Public Higher Education, exceeds the amount appropriated in such item or the bids received therefor are in excess of the estimate, there is hereby appropriated from such fund, in augmentation of the amount appropriated by such item for the specific purpose set forth in that item, an amount sufficient to provide for the payment of such capital outlay project, which amount may be expended with the approval of the State Public Works Board.

SEC. 19. On or before September 30, 1967, the State Controller shall transfer to the General Fund any amount of surplus and working capital advances in the Service Revolving Fund for the Office of State Printing which totals in excess of $6,472,197 as of June 30, 1967.

No machinery or equipment shall be purchased by or for the Office of State Printing except as provided for in this act and for emergency replacements which shall be reported to the Joint Legislative Budget Committee quarterly.

No augmentation shall be made to the capital of the Service Revolving Fund for the benefit of the Office of State Printing during the 1967–68 fiscal year except as specifically provided for in this act.

Any proposed capital addition to the Service Revolving Fund for the benefit of the Office of State Printing for the 1968–69 fiscal year shall be included in the proposed budget for that fiscal year as an appropriation out of the General Fund.

SEC. 19.1. The unencumbered balance of the Department of Employment Contingent Fund, which at any time during the 1967–68 fiscal year exceeds $1,000,000, is hereby appropriated for transfer to the General Fund; such transfer to be made from time to time by the State Controller.

SEC. 19.2. The unencumbered balance of the funds which during the period between July 1, 1948, and June 30, 1957 were appropriated from the General Fund for flood control project maintenance and transferred to the former Flood Control Project Maintenance Revolving Fund, and which were subsequently transferred to the Water Resources Revolving Fund pursuant to Chapter 1800, Statutes of 1957, is hereby appropriated for transfer to the General Fund by the State Controller.

SEC. 19.6. Since the State Scholarship Commission must announce in the spring of 1968, those individuals to whom state scholarship awards will be granted for the following fall semester of 1968 and, since the Budget Act of 1968 may not be enacted in adequate time, the State Scholarship Commission is authorized to incur scholarship obligations and graduate fellowship obligations for the maximum number of awards authorized by Sections 31204 and 31240 of the Education Code in an amount not to exceed $7,150,000 during the 1967–68 fiscal year for awards to be in effect during the 1968–69 fiscal year.

The intent of this authorization is to prevent the occurrence of there being insufficient funds available to support state scholarships, the recipients of which have already been notified of their award. It is necessary that the State Scholarship Commission announce awards in the spring of each year, often prior to the time the Budget Bill containing the appropriation for this purpose is enacted, in order that students receiving the scholarship awards may have sufficient time to plan for entering or returning to school the following fall.

SEC. 20. No money appropriated by this act shall be used to pay the salary of any authorized state position, which position was vacant and had been vacant or continuously unfilled during the period between October 1, 1966, and July 1, 1967, except with the specific approval of the Department of Finance, subsequent to July 1, 1967.

The Department of Finance, not later than 30 days prior to the convening of the 1968 Regular Session of the Legislature, shall furnish the Joint Legislative Budget Committee a report of all positions as of July 1, 1967, which were vacant or continuously unfilled during the period between October 1, 1966, and July 1, 1967, and a report of all authorizations to fill vacant positions and all positions abolished pursuant to this section.

SEC. 21. Since it is imperative for the university and the state colleges to recruit adequate and competent faculty necessary to maintain the current academic standards and the faculty-student ratios and to meet the immediately foreseeable

needs occasioned by the rapid growth of enrollment during the years just ahead, and since, by the nature of their duties, faculty members must as a rule be employed on an annual basis, therefore, the University of California and the California State Colleges are authorized to incur salary obligations in an amount not to exceed $1,500,000 for the university and a total of $1,500,000 for the state colleges by appointment of academic staff members during the 1967–68 fiscal year for services beginning in the 1968–69 fiscal year.

The intent of this authorization is to assist in maintaining current academic standards in relationship to expanding student enrollments.

SEC. 21.2. Since newly appointed faculty members of the California State Colleges who are recruited from other states ordinarily move to the state college to which they were appointed during the fiscal year following the acceptance of such appointment, the California State Colleges are authorized to incur obligations to pay the travel and moving expenses of such newly appointed faculty members in an aggregate amount not to exceed $100,000, by appointments and authorizations during the 1967–68 and 1968–69 fiscal years, to pay such travel and moving expenses during the 1968–69 fiscal year.

SEC. 21.3. Since it is imperative for the Department of the California Highway Patrol to purchase special service automobiles in order to adequately patrol the highways of this state and since such automobiles can be purchased more effectively and economically on an annual basis with relation to the model year, which so-called year bridges two fiscal years, the Department of the California Highway Patrol is authorized to incur automotive equipment purchase obligations in an amount not to exceed $1,500,000 during the 1967–68 fiscal year for delivery beginning in the 1968–69 fiscal year, and the sum of $1,500,000 is hereby appropriated from the Motor Vehicle Fund to the Department of the California Highway Patrol. This appropriation shall be available until July 1, 1968.

SEC. 22. No purchase order for acquisition or replacement of motor vehicles shall be issued against any appropriation made herein until the Department of Finance has investigated and established the necessity therefor.

All passenger-type motor vehicles purchased from any appropriation made by this act for the use of state employees and officers, except constitutional officers, shall be of the light class, as defined by the State Board of Control, unless excepted by the Director of General Services on the basis of unusual requirements, such as use by the California Highway Patrol, which would justify the need for an automobile of a heavier class.

SEC. 23. All passenger-type motor vehicles purchased either from any appropriation made by this act or from any other appropriation available therefor for the use of the Department of Public Works, except for use of officers excepted in Section 22 of this act, shall be of the light class, as defined by the

State Board of Control, unless excepted by the Director of General Services on the basis of unusual requirements which would justify the need for an automobile of a heavier class.

SEC. 24. None of the moneys appropriated by this act or for an expenditure which is supplemented from money appropriated by this act shall be used to purchase furnishings for any house or apartment of three or more rooms other than a dormitory which is rented to a state employee except for a superintendent of an institution, warden of a prison, or physicians. This provision shall not apply to the purchase of refrigerators, heaters, air-conditioning equipment, stoves, linoleum, or equipment normally furnished in construction of the house as may be determined by the State Board of Control. Any such funds that are appropriated by this act for this purpose shall be held intact and be reverted to the fund from which they were appropriated. It is the intent of the Legislature that no money shall be appropriated henceforth for the purpose of house furnishings. Such furnishings are not to be provided by the state nor shall any money be paid from this appropriation for their replacement, repair or otherwise except in connection with the disposal of the same.

SEC. 25. No moneys appropriated by this act shall be used, either directly or by supplementing any other appropriation, to purchase rugs or carpets for any state office except for offices used by elective officers, the President of the University of California, a Chancellor of the University of California, the president of a state college, and other department heads. The Director of Finance shall furnish a detailed report annually to the Joint Legislative Budget Committee of all rugs or carpets purchased for state offices under this section.

SEC. 26. Whenever herein an appropriation is made for support it shall include salaries and all other proper expenses, including repairs and equipment, incurred in connection with the institution, department, board, bureau, commission, officer, employee, or other agency, for which such appropriation is made.

Whenever herein an appropriation is made for capital outlay, it shall include acquisition of land or other real property, major construction, improvements, equipment, designs, working plans, specifications, repairs and equipment necessary in connection with a construction or improvement project.

Whenever herein any item of appropriation contains provision for acquisition of land or other real property, it shall include all necessary expenses in connection with the acquisition of such property.

Whenever herein an appropriation is made in accordance with a schedule set forth after such appropriation, the expenditures from such item for each category or project included in the schedule shall be limited to the amount specified for such category or project, except as otherwise provided in this act. Each such schedule is a restriction or limitation upon the expenditure of the respective appropriation made by this act,

does not itself appropriate any money, and is not itself an item of appropriation.

As used in this act in reference to such schedules "category" or "project" means a class of expenditures such as, but not limited to:

(a) "Personal services" which shall include all expenditures for payment of officers and employees of the state; including salaries and wages, workmen's compensation, the state's contributions to the Employees' Retirement Fund, the Teachers' Retirement Fund, the Old Age and Survivors' Insurance Revolving Fund, the State Employees' Contingency Reserve Fund, and the state's cost of a basic health benefits plan; but do not include compensation of independent contractors rendering personal services to the state under contract, or payments into a private fund as authorized by Section 18853.5 of the Government Code;

(b) "Operating expenses and equipment" which shall include all expenditures for purchase of materials, supplies, equipment, services (other than services of state officers and employees), and all other proper expenses;

(c) "Construct" or "construction" when used in connection with a capital outlay project shall include all such related things as fixtures, installed equipment, and auxiliary facilities;

(d) "Working drawings" are defined as a complete set of plans and specifications showing and describing all phases of a project, architectural, structural, mechanical, electrical, civil engineering, and landscaping systems to the degree necessary for the purposes of accurate bidding by contractors and for the use of artisans in constructing the project. All necessary professional fees and administrative service costs are included in the preparation of such drawings.

(e) "Minor projects" include construction, improvements, repairs and equipment projects not specifically set forth in the schedule.

For the purpose of further interpreting the meaning of the words, terms and phrases used in such schedules, reference is hereby made to those documents entitled, "State of California Support and Local Assistance Budget for the Fiscal Year July 1, 1967, to June 30, 1968," and "State of California Capital Outlay Budget for the Fiscal Year July 1, 1967, to June 30, 1968," submitted by the Governor to the Legislature at the 1967 Regular Session, the uniform accounting system prescribed by the Department of General Services under the provisions of Section 13290 of the Government Code, and the appropriate portions thereof. The State Board of Control shall establish such interpretations as are necessary to carry out the provisions of this section and shall furnish the same to the State Controller and to every state agency to whom appropriations are made under this act.

SEC. 26.5. Whenever herein an appropriation is made for support or other expenses for an institution, department, board, bureau, commission, officer, employee, or other agency,

there shall be charged to such appropriation from which salaries and wages are paid: workmen's compensation, the state's contribution to the State Employees' Retirement Fund as provided by Sections 20751 and 20752 of the Government Code, the state's contribution to the Teachers' Permanent Fund and the Retirement Annuity Fund as provided by Sections 14209 and 14210 of the Education Code, the state's contribution to the Old Age and Survivors' Insurance Revolving Fund as provided by Sections 20782 and 20783 of the Government Code, the state's contribution to the State Employees' Contingency Reserve Fund and the state's contribution for the cost of a basic health benefits plan as provided by Sections 22828 and 22829 of the Government Code.

As of the effective date of this act, the state's contributions as provided by Sections 22828 and 22829 of the Government Code for any month shall be charged to the same appropriations used for payment of salaries and wages from which the employee premium contributions for such month are deducted.

The appropriations made by Sections 20751, 20752, 20782, 20783, 22828, and 22829 of the Government Code, by Sections 14209 and 14210 of the Education Code, shall continue to be available for expenditure, and shall be charged for any expenditure which is not chargeable to an appropriation for support or other expenses as provided in this section.

The State Controller may transfer to the State Payroll Revolving Fund the contributions required by Sections 20751, 20752, 20782, 20783, 22828, and 22829 of the Government Code, and upon certification by the Board of Administration of the State Employees' Retirement System in accordance with Sections 20754 and 20784 of the Government Code, may transfer from the State Payroll Revolving Fund to the State Employees' Retirement Fund and the Old Age and Survivors' Insurance Revolving Fund the amounts of contributions so certified.

SEC. 27. The Director of Finance may, pursuant to a request by the officer, department, division, bureau, board, commission, or other agency to whom an appropriation is made herein, authorize the augmentation of the amount available for expenditure for a category or project designated in any schedule set forth for such appropriation by transfer from any of the other designated categories or projects within the same schedule. The Director of Finance shall furnish the Joint Legislative Budget Committee a report on all authorizations given pursuant to this section during the preceding quarter.

SEC. 28. The Director of Finance may authorize the augmentation of the amount available for expenditure for any category in the schedule set forth for any appropriation in this act or any additional category in the amount of any funds which he estimates will be received by an officer, department, division, bureau, or other agency during the 1967–68 fiscal year from any other state agency, from any agency of local government or the federal government, from any appropriation made

by the Legislature or from any other source which he determines has not been taken into consideration in said schedule, or is in excess of the amount so taken into consideration, except that the director may authorize expenditures for a new program not identified in the budget as such or for purposes which in his judgment constitute an increase in the level of services above that authorized by the Budget Act or other existing law not sooner than 30 days after notification in writing of the necessity therefor to the Joint Legislative Budget Committee, or not sooner than such lesser time as the chairman of said committee, or his designee, may in each instance determine.

The Director of Finance may also reduce any category whenever he determines that funds to be received will be less than the amount taken into consideration in the schedule.

SEC. 28 5. Approvals by the Department of Finance to the creation of deficiencies pursuant to Section 11006 of the Government Code and approvals to expend at rates which, in the opinion of the Director of Finance, will require a deficiency appropriation shall be made in writing and filed with the Joint Legislative Budget Committee within 10 days after approval stating the reasons for and amount of such authorization.

SEC. 29. Premiums for official bonds may be paid out of appropriations contained in this act, notwithstanding the period covered by such bonds.

SEC. 30. Whenever an expenditure is authorized from the Emergency Fund, from price increase funds, from the salary increase funds, or from a special fund pursuant to Section 11006 of the Government Code, in addition to an appropriation made by this act, such authorized expenditures may, for accounting purposes, be deemed to be an augmentation and increase of the appropriation made by this act.

SEC 31. The appropriations under this act, unless otherwise provided, shall be subject to the provisions of Section 13320 of the Government Code requiring expenditures to be made in accordance with the allotments and other provisions of fiscal year budgets approved by the Department of Finance.

The fiscal year budget shall authorize in such manner as the Department of Finance shall prescribe all established positions whose continuance for the year is approved and all new positions. No new positions or change in grade or class of an existing position shall be established unless authorized by the Department of Finance on the basis of work program and organization.

Each fiscal year budget shall provide for a salary savings reserve to which shall be transferred on a document initiated by the agency and submitted to the Department of Finance the unencumbered balance remaining in each allotment for salaries and wages at the close of each quarter or other period of time covered by the allotment The unencumbered balance remaining in each budget allotment for salaries and wages shall be computed by deducting from the amount of the allotment the expenditures and accrued obligations for salaries and wages

chargeable to such allotment for the period covered thereby. The amount in the salary savings reserve shall not be available for expenditure except upon transfer to allotments for salaries and wages approved by the Department of Finance. Such transfer shall be approved only after it has been demonstrated to the satisfaction of the Department of Finance that the allotment to be augmented is insufficient to meet necessary expenditures for salaries and wages.

No money in any salary savings reserve may be expended to pay increases in salary ranges established after July 1, 1966, unless the Department of Finance certifies to the State Personnel Board, or other salary-fixing authority, prior to the adoption of such increased salary range that funds will be made available to pay the increased salaries resulting therefrom. Provided, that the provisions of this paragraph shall not apply to salaries fixed by the State Personnel Board based on prevailing rates pursuant to Government Code Section 18853.

A certification on a payroll claim that expenditures therein are in accordance with current budgetary provisions as approved by the Department of Finance shall be sufficient evidence to the State Controller that such expenditures comply with the provisions of this section.

Each agency, department, board, commission, and institution, for whose benefit and support appropriations are made in this act, shall certify to the Director of Finance that its expenditures have been made for the purposes stated in the budget, as implemented by the Budget Act, except as the purposes stated have been revised, in accordance with law, by the Department of Finance subsequent to the enactment of the Budget Act.

SEC. 31.5. All appropriations under this act for the support of the state colleges and the Trustees of the California State Colleges shall be subject to the provisions of Section 13320 of the Government Code and Section 31 of this act, with the following exceptions:

(a) The Trustees of the California State Colleges may approve any transfer of funds within the major budgetary functions of general administration, instruction, library, student services, plant operation, student pay—work-study, year-round operation, educational television, reimbursed activities, and reimbursements, as provided in fiscal year budgets of the state colleges approved by the Department of Finance. The Trustees of the California State Colleges may approve any transfer of funds between the chancellor's office and any state college, or between any state college and any other state college The Trustees of the California State Colleges may authorize the augmentation of the amount available for a category designated in any schedule set forth for such appropriation by transfer from any of the other designated categories within the same schedule within the major budgetary functions and shall furnish the Joint Legislative Budget Committee a re-

port of such authorizations given during the preceding quarter;

(b) The trustees may approve the substitution of one item of equipment for another within such aforementioned budgetary functions and the use of savings in equipment allotments;

(c) The trustees may approve travel, both within and outside the state, and the payment of allowances and expenses related to travel, moving and the relocation of employees in accordance with the allowances established by the State Board of Control and within funds appropriated by this act for this purpose;

(d) The trustees may, within funds appropriated by this act, establish new positions both full-time and blanket on a provisional basis, make changes in grade or class of an existing position on the basis of work program and organization, provided such new positions and changes in grade or class shall be shown as administrative adjustments in the subsequent budgetary submissions and shall be subject to review during the legislative budget process.

Nothing in this section shall be construed as exempting the state colleges and the trustees of the state colleges from the provisions of Section 31 pertaining to salary savings reserve.

SEC. 32. The officers of the various departments, boards, commissions and institutions, for whose benefit and support appropriations are made in this act, are expressly forbidden to make any expenditures in excess of such appropriations, except the consent of the Department of Finance be first obtained, and a certificate, in writing, duly signed by the director of said department, of the unavoidable necessity of such expenditure; and any indebtedness attempted to be created against the state in violation of the provisions of this section shall be absolutely null and void; and shall not be allowed by the State Controller nor paid out of any state appropriation. Any member of any such department, board, commission or institution, who shall vote for any expenditure, or create any indebtedness against the state in excess of the respective appropriations made by this act, except by the consent of the Department of Finance and the certificate in this section provided to be first obtained shall be liable on his official bond for the amount of such indebtedness, to be recovered in any court of competent jurisdiction by the person or persons, firm or corporation to whom such indebtedness is owing

The Department of Finance shall submit copies of certificates approved by it under this section to the Joint Legislative Budget Committee quarterly, and shall indicate in the case of each certificate the code section or section of this act under which the department gave its consent to exceed the particular appropriation.

SEC. 32.5. Notwithstanding the provisions of any appropriation of state funds made in the Welfare and Institutions Code for the public assistance programs, expenditures of state

funds for those programs for the fiscal year ending June 30, 1968, shall not exceed, in the aggregate, the sum of four hundred six million six hundred thirty-eight thousand two hundred dollars ($406,638,200).

The Department of Social Welfare, subject to the limit placed on aggregate expenditures by this section, may transfer funds between categorical aid programs.

The Department of Social Welfare shall administer the public assistance programs so that the counties will bear no more than the amount of welfare costs that they would be obligated to bear under the applicable provisions of the Welfare and Institutions Code, without the expenditure limitations set forth herein, and so that the amount authorized to be expended under this section shall fully cover the state's share of aid payments and for services under such programs for the 1967–68 fiscal year.

The limitations on amounts imposed by this section shall apply to any amounts which are determined by the Director of Finance to be necessary to meet increases in cost arising out of approvals made by the Department of Finance pursuant to the provisions contained in Item 136.

Provided further, that the Director of Finance is authorized to approve expenditures in those amounts made necessary by changes in either caseload or payments, or both, unrelated to any change in rule or regulation adopted during the current fiscal year which are in excess of Budget Bill estimates for 1967–68. Not later than the fifth legislative day following the submission of the Governor's Budget in the 1968 Regular Session of the Legislature, the Director of Finance shall report to the Legislature the amount, if any, by which the then current estimate of expenditures for public assistance programs in the fiscal year ending June 30, 1968, will exceed the limitation on aggregate expenditure in this section. If such report is not required following submission of the Governor's Budget but the Director of Finance determines during the third quarter that the estimate of expenditures will exceed the authorized expenditure in this section, he shall so report to the Legislature prior to the end of the third quarter. At such time as a report is made, the amount of the limitation shall be increased by the amount of such excess unless and until otherwise provided by law.

SEC. 32.6. Notwithstanding any other provision of law, the Office of Health Care Services shall, by administrative action, provide that during the fiscal year 1967–68, none of the funds in the Health Care Deposit Fund shall be used to pay for professional medical services performed by persons who are compensated on a salary or contract basis by a hospital or other facility for performing the same or similar medical services in such hospital or facility, if the funds used to pay such salary or to discharge the obligation of such contract are derived in whole or in part from the General Fund of the

State of California or from taxes or assessments paid to any of its subdivisions.

SEC. 32.7. The fees and revenues specifically declared by the Legislature, in any bill enacted at the 1965 or 1967 Regular Session, not to be available for expenditure until appropriated, are hereby specifically appropriated, without regard to fiscal years, for the purposes set forth in such bill or in statutory provisions otherwise appropriating and governing the expenditure thereof.

SEC. 33. If any item of appropriation in this act is vetoed, eliminated or reduced by the Governor under Section 10 of Article IV of the Constitution while approving portions of this act, such veto, elimination or reduction shall not affect the other portions of this act and these other portions of this act, so approved, shall have the same effect in law as if any vetoed or eliminated items of appropriation had not been present in this act and as if any reduced item of appropriation had not been reduced.

SEC. 34. If any section, subsection, sentence, clause, or phrase of this act is for any reason held to be unconstitutional, such decision shall not affect the validity of the remaining portions of this act. The Legislature hereby declares that it would have passed this act, and each section, subsection, sentence, clause, and phrase thereof, irrespective of the fact that any one or more sections, subsections, sentences, clauses, or phrases be declared unconstitutional.

SEC. 35. This act, inasmuch as it provides for an appropriation for the usual current expenses of the state, shall, under the provisions of Section 8 of Article IV of the Constitution of the State of California, take effect immediately.

SEC. 36. This act is an urgency measure necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

There exists an extreme shortage of physical facilities for the operation of the custodial, mental treatment, educational, administrative, military and other agencies of the state government, the present facilities being entirely inadequate due to great increases in population and added governmental responsibilities. The capital outlay appropriations in this budget are all in continuation of an existing program to remedy the aforesaid shortage of facilities and to promote and sustain the economy of the state. If they are not available for expenditure on July 1, 1967, the existing program will be delayed. The expeditious correction of such condition and the efficient operation of the state's business requires the immediate availability of the new capital outlay appropriation and the uninterrupted availability of reappropriated capital outlay items contained in this measure. It is therefore necessary that this act go into immediate effect.

CHAPTER 501

An act to amend Sections 37721, 38701 and 38703 of the Agricultural Code, as proposed by Senate Bill No. 1, relating to dairy products.

[Approved by Governor June 30, 1967. Filed with Secretary of State June 30, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 37721 of the Agricultural Code, as proposed by Senate Bill No. 1, is amended to read:

37721. As used in this article:

(a) "Milk" means sweet milk of cows.

(b) "Skim milk" means milk from which the milk fat has been separated.

(c) "Partially creamed cottage cheese" includes low-fat cottage cheese.

SEC. 2. Section 38701 of the Agricultural Code, proposed by Senate Bill No. 1, is amended to read:

38701. Sour cream dressing is a product which is made from pasteurized cream with added milk solids to which any strain, or two or more strains, of lactic acid producing organisms has been added to give it a distinct lactic acid flavor. It shall contain not less than 16 percent of milk fat and not less than 24 percent of total milk solids. It may contain salt and a harmless edible stabilizer not to exceed six-tenths of 1 percent.

SEC. 3. Section 38703 of the Agricultural Code, as proposed by Senate Bill No. 1, is amended to read:

38703. At the time of sale to consumers, sour cream dressing shall be in containers of at least ½-gallon or 4-pound capacity, except that sour cream dressing which contains a distinctive flavoring such as seasoning, fruit, vegetable, seafood, meat, cheese or spice may be sold to consumers in containers of any size. If sour cream dressing contains any such distinctive flavoring the label shall clearly identify the flavoring.

SEC. 4. Notwithstanding Section 36637 of the Agricultural Code, as proposed by Senate Bill No. 1, Sections 407 to 407.6, inclusive, and 407.9 to 407.11, inclusive, of Title 3 of the California Administrative Code shall be in effect until the 61st day after the final adjournment of the 1969 Regular Session of the Legislature; however, the Director of Agriculture may amend such regulations as he deems necessary.

CHAPTER 502

An act to amend Section 11 of the Kings River Conservation District Act (Chapter 931, Statutes of 1951), relating to Kings River Conservation District.

[Approved by Governor June 30, 1967. Filed with Secretary of State June 30, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 11 of the Kings River Conservation District Act (Chapter 931, Statutes of 1951) is amended to read:

Sec. 11. The board shall act only by ordinance, resolution or motion, and, except where action shall be taken by the unanimous vote of all directors present and voting, the ayes and noes taken upon the passage of all ordinances, resolutions and motions shall be entered upon the minutes of the board. No ordinance, resolution or motion shall be passed or become effective without the affirmative vote of at least a majority of the members of the board. The enacting clause of all ordinances passed by the board shall be in these words: "Be it ordained by the Board of Directors of Kings River Conservation District as follows:". All ordinances shall be signed by the president and attested by the secretary.

Each director shall receive the sum of thirty-five dollars ($35) for each meeting of the board attended by him, not exceeding five meetings in any calendar month, and such additional compensation as shall be fixed and allowed by the board for his services while otherwise employed by the authority of the board in the business of the district. He shall also be allowed, with the approval of the board, all traveling and other expenses reasonably incurred by him in such employment.

CHAPTER 503

An act to amend Section 1915 of, and to add Chapter 2 (commencing with Section 1713) to Title 11, Part 3 of, the Code of Civil Procedure, relating to the recognition of foreign money-judgments.

[Approved by Governor June 30, 1967. Filed with Secretary of State June 30, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Chapter 2 (commencing with Section 1713) is added to Title 11, Part 3 of the Code of Civil Procedure, to read:

CHAPTER 2. FOREIGN MONEY-JUDGMENTS

1713. This chapter may be cited as the Uniform Foreign Money-Judgments Recognition Act.

1713.1. As used in this chapter:

(1) "Foreign state" means any governmental unit other than the United States, or any state, district, commonwealth, territory, insular possession thereof, or the Panama Canal Zone, the Trust Territory of the Pacific Islands, or the Ryukyu Islands;

(2) "Foreign judgment" means any judgment of a foreign state granting or denying recovery of a sum of money, other than a judgment for taxes, a fine or other penalty, or a judgment for support in matrimonial or family matters.

1713.2. This chapter applies to any foreign judgment that is final and conclusive and enforceable where rendered even though an appeal therefrom is pending or it is subject to appeal.

1713.3 Except as provided in Section 1713.4, a foreign judgment meeting the requirements of Section 1713.2 is conclusive between the parties to the extent that it grants or denies recovery of a sum of money. The foreign judgment is enforceable in the same manner as the judgment of a sister state which is entitled to full faith and credit.

1713.4. (a) A foreign judgment is not conclusive if

(1) The judgment was rendered under a system which does not provide impartial tribunals or procedures compatible with the requirements of due process of law;

(2) The foreign court did not have personal jurisdiction over the defendant; or

(3) The foreign court did not have jurisdiction over the subject matter.

(b) A foreign judgment need not be recognized if

(1) The defendant in the proceedings in the foreign court did not receive notice of the proceedings in sufficient time to enable him to defend;

(2) The judgment was obtained by extrinsic fraud;

(3) The cause of action or defense on which the judgment is based is repugnant to the public policy of this state;

(4) The judgment conflicts with another final and conclusive judgment;

(5) The proceeding in the foreign court was contrary to an agreement between the parties under which the dispute in question was to be settled otherwise than by proceedings in that court; or

(6) In the case of jurisdiction based only on personal service, the foreign court was a seriously inconvenient forum for the trial of the action.

1713.5. (a) The foreign judgment shall not be refused recognition for lack of personal jurisdiction if

(1) The defendant was served personally in the foreign state;

(2) The defendant voluntarily appeared in the proceedings, other than for the purpose of protecting property seized or threatened with seizure in the proceedings or of contesting the jurisdiction of the court over him;

(3) The defendant prior to the commencement of the proceedings had agreed to submit to the jurisdiction of the foreign court with respect to the subject matter involved;

(4) The defendant was domiciled in the foreign state when the proceedings were instituted, or, being a body corporate had its principal place of business, was incorporated, or had otherwise acquired corporate status, in the foreign state;

(5) The defendant had a business office in the foreign state and the proceedings in the foreign court involved a cause of action arising out of business done by the defendant through that office in the foreign state; or

(6) The defendant operated a motor vehicle or airplane in the foreign state and the proceedings involved a cause of action arising out of such operation.

(b) The courts of this state may recognize other bases of jurisdiction.

1713.6. If the defendant satisfies the court either that an appeal is pending or that he is entitled and intends to appeal from the foreign judgment, the court may stay the proceedings until the appeal has been determined or until the expiration of a period of time sufficient to enable the defendant to prosecute the appeal.

1713.7. This chapter does not prevent the recognition or nonrecognition of a foreign judgment in situations not covered by this chapter.

1713.8. This chapter shall be so construed as to effectuate its general purpose to make uniform the law of those states which enact it.

SEC. 2. Section 1915 of the Code of Civil Procedure is amended to read:

1915. Except as provided in Chapter 2 (commencing with Section 1713) of Title 11 of Part 3 of this code, a final judgment of any other tribunal of a foreign country having jurisdiction, according to the laws of such country, to pronounce the judgment, shall have the same effect as in the country where rendered, and also the same effect as final judgments rendered in this state.

CHAPTER 504

An act to amend Section 1194.95 of the Insurance Code, relating to insurance.

[Approved by Governor June 30, 1967. Filed with Secretary of State June 30, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 1194.95 of the Insurance Code is amended to read:

1194.95. Excess funds investments may be made in an electronic computer or data processing machine or system to be used in connection with the business of the insurer; provided, however, that such machine or system shall have an original cost of at least fifty thousand dollars ($50,000) and shall be amortized in full over a period not to exceed 10 full calendar years.

CHAPTER 505

An act to amend Sections 16474, 16475 and 16480.6 of the Government Code, relating to state finances, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 1, 1967. Filed with Secretary of State July 1, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 16474 of the Government Code is amended to read:

16474. The money in the Surplus Money Investment Fund, shall be invested and reinvested by the State Treasurer as a part of the Pooled Money Investment Account.

SEC. 2. Section 16475 of the Government Code is amended to read:

16475. As of December 31 and June 30 all interest earned and other increment derived from investments made pursuant to this article shall, on order of the State Controller, be deposited in the Surplus Money Investment Fund. The State Controller, after deducting expenses incurred under this article by the State Treasurer in investing in securities or time bank deposits and in collecting bonds and bond coupons, shall apportion as of December 31st and June 30th of each year to the following funds in the State Treasury all interest earned or increment derived from the investments authorized by this article for the six calendar months ending with such dates:

(a) The General Fund;

(b) Each fund into which are deposited or which contains moneys collected from any tax now or hereafter imposed by the state upon the manufacture, sale, distribution, or use of motor vehicle fuel, for use in motor vehicles upon the public streets and highways;

(c) Each fund into which are deposited or which contains moneys collected from motor vehicle and other vehicle registration license fees or from any other tax or license fee now or hereafter imposed by the state upon vehicles, motor vehicles or the operation thereof, except those taxes and license fees which, by the provisions of Section 4 of Article XXVI of the Constitution of this state are exempted from the provisions of Section 2 of said Article XXVI;

(d) Each fund into which are deposited or which contains moneys collected under the provisions of any law of this state relating to the protection, conservation, propagation, or preservation of fish, game, mollusks, or crustaceans, and fines imposed by any court for the violation of any such law;

(e) Every other fund in respect to which the Board of Control determines that interest received under this article and allocated on the basis of amounts in such fund would become available for use for a purpose for which the fund is established; provided, that this shall not apply to funds composed primarily of moneys derived from the General Fund.

Such apportionments shall be made by the State Controller in the following manner:

(1) All money not apportioned to the funds referred to in (b), (c), (d), and (e) herein shall be apportioned to the General Fund.

(2) There shall be apportioned to each of the funds referred to in (b), (c), (d), and (e) herein an amount directly proportionate to the respective amounts transferred from such funds to the Surplus Money Investment Fund and the length of time such amounts remained therein.

SEC. 3. Section 16480.6 of the Government Code is amended to read:

16480.6. As of December 31 and June 30 each year all interest earned and increment derived from investments in securities, time deposits and loans made pursuant to this article shall upon order of the State Controller be distributed to the General Fund and the Surplus Money Investment Fund. The basis for distribution to the Surplus Money Investment Fund shall be the ratio that the total dollar day designated surplus balance in the Surplus Money Investment Fund bears to the total dollar day investments of the Pooled Money Investment Account.

On the effective date of the amendment of this section at the 1967 Regular Session, the Controller shall exchange the securities held as investments in the Surplus Money Investment Fund for money available for investment under Article 4.5 of Chapter 3, Part 2, Division 4, Title 2, Government Code (commencing with Section 16480), such securities to be exchanged at their values as they appear on the accounts of the Surplus Money Investment Fund at the time of exchange. Upon order of the Controller, the Treasurer shall make the corresponding transfers of the securities.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are: This act permits the State Treasurer to invest and reinvest money in the Surplus Money Investment Fund in a wider range of securities in order to obtain maximum interest return

consistent with safe and prudent investment. In order to maximize this interest return as soon as possible this act must take effect immediately.

CHAPTER 506

An act to amend Section 658 of the Welfare and Institutions Code, relating to juvenile offenders.

[Approved by Governor July 5, 1967. Filed with Secretary of State July 5, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 658 of the Welfare and Institutions Code is amended to read:

658. Upon the filing of the petition, the clerk of the juvenile court shall issue a notice, to which shall be attached a copy of the petition, and he shall cause the same to be served upon the minor, if the minor is 14 or more years of age, and upon each of the persons described in subdivision (e) of Section 656 whose residence addresses are set forth in said petition and thereafter before the hearing upon all such persons whose residence addresses become known to the clerk. If the petition alleges that the minor comes within the provisions of Section 602 in that there has been a violation of any law of this state, the clerk shall send a copy of the petition to the district attorney containing the time, date, and place of the hearing, if the district attorney has notified the clerk of the court that he wishes to receive such petition.

CHAPTER 507

An act to amend Section 664 of, and to add Sections 630.1 and 681 to, the Welfare and Institutions Code, relating to juvenile court proceedings.

[Approved by Governor July 5, 1967. Filed with Secretary of State July 5, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 630.1 is added to the Welfare and Institutions Code, to read:

630.1. Upon reasonable notification by counsel representing the minor, his parents or guardian, the clerk of the court shall notify such counsel of the hearings in the manner provided for notice to the parent or guardian of the minor under this chapter.

SEC. 2. Section 664 of the Welfare and Institutions Code is amended to read:

664. Upon request of the probation officer, district attorney, the minor or the minor's parent, guardian, or custodian, the court or the clerk of the court shall issue, and, on the court's own motion, it may issue subpoenas requiring attendance and testimony of witnesses and production of papers at any hearing under the provisions of this chapter. When a person attends a juvenile court hearing as a witness upon a subpoena at its discretion, the court may by an order on its minutes, direct the county auditor to draw his warrant upon the county treasurer in favor of such witness for witness fees in the amount and manner prescribed by Section 68093 of the Government Code. The fees are county charges.

SEC. 3. Section 681 is added to the Welfare and Institutions Code, to read:

681. In a juvenile court hearing, including those hearings which are the result of cases certified pursuant to Section 604, where there is either (1) a contested issue of fact or law and the minor who is the subject of the hearing is represented by counsel, and it is alleged in the petition that the minor is a person who has violated any law of this state, or (2) an issue as to whether criminal proceedings should be resumed or instituted against the minor because he is not a fit and proper subject to be dealt with under this chapter, the district attorney may, with the consent or at the request of the juvenile court judge, appear and participate in the hearing to assist in the ascertaining and presenting of the evidence. Where the petition in a juvenile court proceeding alleges that a minor is a person described in either subdivision (a) or subdivision (b) of Section 600, and either of the parents, or the guardian, or other person having care or custody of the minor, or who resides in the home of the minor, is charged in a pending criminal prosecution based upon unlawful acts committed against the minor, the district attorney may represent the minor in the interest of the state at the juvenile court proceeding with the consent or at the request of the juvenile court judge. The terms and conditions of such representation shall be with the consent or approval of the judge of the juvenile court.

CHAPTER 508

An act to amend Section 1065 of the Education Code, relating to agreements for practice teaching.

[Approved by Governor July 5, 1967. Filed with Secretary of State July 5, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 1065 of the Education Code is amended to read:

1065. The governing board of any school district or the county board of education of any county may enter into

agreements with a state college, the University of California, or any other university or college accredited by the State Board of Education as a teacher education institution, to provide teaching experience through practice teaching and to provide for supervised field experience in the public schools in such areas as may be called for in the requirements of the various authorized credentials for public school service to students enrolled in teacher education curricula of such institutions. Any such agreement may provide for the payment for the services rendered by the school district or the county board of education of an amount not to exceed the actual cost to the school district or the county board of education of the services rendered or such agreement may provide for the rendering of services to the school district or the county board of education of a value not to exceed the actual cost to the school district or the county board of education of the services rendered by the district. The Trustees of the California State Colleges and the Regents of the University of California are hereby authorized to enter into such agreements with the governing board of any school district or the county board of education of any county as to any state college, and the University of California, respectively.

All funds received by the governing board of a school district or the county board of education of a county under this section shall be paid by it into the county treasury to the credit of the general fund of the district or county.

CHAPTER 509

An act to add Section 15403.5 to, and to amend Sections 10009, 10012, and 15712 of, the Elections Code, relating to sample ballots.

[Approved by Governor July 5, 1967. Filed with Secretary of State July 5, 1967.]

The people of the State of California do enact as follows:

SECTION 1. Section 10009 of the Elections Code is amended to read:

10009. At least 25 days before the direct primary or before the presidential primary, each county clerk shall prepare separate sample ballots for each political party and a separate sample nonpartisan ballot, placing thereon in each case in the order provided in Article 3 (commencing at Section 10290) of Chapter 2 of Division 7 of this code, and under the appropriate title of each office, the names of all candidates for whom nomination papers have been duly filed with him or have been certified to him by the Secretary of State to be voted for in his county at the primary election. The sample ballot shall be identical to the official ballots, except as otherwise provided

by law. The sample ballots shall be printed on paper of a different texture from the paper to be used for the official ballot. One sample ballot of the party to which the voter belongs, as evidenced by his registration, shall be mailed to each voter entitled to vote at the direct primary or the presidential primary, as the case may be, not more than 40 nor less than 5 days before the election. A nonpartisan sample ballot shall be so mailed to each voter who is not registered as intending to affiliate with any of the parties participating in the primary election.

SEC. 2. Section 10012 of the Elections Code is amended to read:

10012. Each county clerk or, in case of separate city elections, the clerk or secretary of the legislative body of the city, for each election other than a direct primary or a presidential primary, shall cause to be printed, on plain white paper or tinted paper, without watermark, at least as many copies of the form of ballot provided for use in each voting precinct as there are voters in the precinct. These copies shall be designated "sample ballot" upon their face and shall be identical to the official ballots used in the election, except as otherwise provided by law. The county clerk or clerk or secretary shall commence to mail one sample ballot, postage prepaid, to each voter not more than 40 nor less than 15 days before the day fixed by law for the election. The mailing of the sample ballots shall be completed at least 10 whole days before the election.

For any general election the number of sample ballots printed shall not exceed the total registration by more than 15 percent. The county clerk, or clerk or secretary shall also enclose in the envelope with each of the ballots a card stating the location of the precinct polling place of each voter or, in lieu of a card, the county clerk, in any county except a city and county in which voting machines are used, may cause that information to be printed on the left-hand side of the face of the envelope. Only official matter shall be sent in the envelope.

SEC. 3. Section 15403.5 is added to the Elections Code, to read:

15403.5. The sample ballot provided in Chapter 1 (commencing with Section 10000) of Division 7 of this code shall be a substantial facsimile of the official ballot, including instructions to voters.

SEC. 4. Section 15712 of the Elections Code is amended to read:

15712. The sample ballot provided in Chapter 1 (commencing with Section 10000) of Division 7 of this code shall be printed in a booklet on white or tinted paper and shall be a substantial facsimile of the ballot, including instructions to voters.
