REQUEST FOR UNANIMOUS CONSENT TO PRINT IN JOURNAL

Mr. Bagley was granted unanimous consent that the following communication be printed in the Journal:

Department of Social Welfare, Sacramento
February 10, 1972

Honorable William T. Bagley
Member of the Legislature
Room 2188, State Capitol, Sacramento, California

Dear Assemblyman Bagley: You requested to be advised concerning the Department of Social Welfare's annual reports to the Legislature pursuant to Section 11183 of the Welfare and Institutions Code. That section provides for written and verbal reports to the Legislature concerning the simplification of the standard of assistance in the Adult Aid Programs.

Last year on March 3, 1971, Governor Ronald Reagan personally presented the department's report on this subject. Your attention is directed to pages 29 through 37 thereof. That report was published in both the Senate and Assembly Journals for that date. In addition, I personally reported on this subject to the Senate Health and Welfare Committee during the welfare reform hearings conducted throughout 1971. Department staff also testified before the Assembly Welfare Committee. During the August welfare reform negotiations, specific legislation on this subject was proposed and rejected by the legislative negotiators.

During 1971, our department developed drafts of specific regulatory measures on this subject and presented them at a public hearing on

June 15, 1971. At the request of county representatives, adult aid regulations were not implemented during 1971. It is my present intention to finalize simplifying regulations and solicit further comments during the late spring of 1972. It also is hoped that additional legislation on this subject receives favorable consideration this session.

Last session in testimony before the Finance Committees and their Subcommittee on Health and Welfare, an integral part of the presentation from the State Department of Social Welfare covered simplification of AFDC standards and the flat grant proposal for the adult aid categories. In the November 2 hearing of the Joint Committee on Implementation of the Welfare Reform Act, I testified concerning the new assistance standards and the relationship of the flat grant concept to the meeting of nonrecurring special needs.

We hope that this information is of assistance to you. You may consider this letter as the department's annual report.

Sincerely,

ROBERT B. CARLESON
Director of Social Welfare

REQUEST FOR UNANIMOUS CONSENT TO PRINT IN JOURNAL

Mr. Thomas was granted unanimous consent that the following letter of transmittal be printed in the Journal:

Joint Legislative Audit Committee

The Honorable Speaker of the Assembly, and
The Honorable Members of the Assembly of the Legislature of California

Sirs: We herewith transmit a report prepared by the Auditor General which deals with the feasibility of the State Department of Social Welfare utilizing the vital statistics (death certificate) information available from the State Department of Public Health in assisting the counties in controlling the termination of deceased recipients from the Old Age Security Program.

Early last year it was reported by this committee that the Los Angeles County Department of Public Social Services continued to issue welfare checks after recipients had died. Checks are being issued up to a year after death. Some of these checks are cashed with forged endorsements.

Because of this lack of local control over terminations of aid payments, the Joint Legislative Audit Committee directed the Auditor General to determine the feasibility of using the state's computers to control terminations. It was found that vital statistics from the Department of Public Health can be matched by computer with eligibility files of the State Department of Social Welfare. Deceased recipients can be identified and terminated from welfare and medical aid programs promptly.

Existing computers can be used to provide this control at a relatively low cost. The Department of Social Welfare wants to delay the use of its computers for this purpose until a costly new "Expanded Data Reporting System" is installed. Such a system has not received budget approval and may not be available for several years.

State control over terminations should be established as soon as possible. State funds are tied up in unnecessary outstanding warrants and fraudulently cashed warrants. Los Angeles County alone has almost $8 million of warrants outstanding more than six months. About $3 million of this represents funds obtained from the state. The remainder represents county and federal funds.

The report states that the most common factor contributing to the continuation of aid after the recipient's death is that the district office does not receive prompt notification. Even after the recipient's death is known, the county auditor-controller is not notified of the date of death so that an investigation can be made to determine if warrants were fraudulently cashed.

In one case where the recipient died on December 17, 1970, eight warrants had been cashed between that date and June 30, 1971. Warrants were issued up to December 1971 in this case.

Another case reviewed by our auditors disclosed that the recipient died in December 1970, but the termination was based on an incorrect June 9, 1971 date. Six warrants were cashed totaling $592 with forged endorsements.

In 11 cases examined, 35 warrants totaling $2,526 were cashed after the recipient's death. The Los Angeles County Department of Public Social Services was only aware of five warrants being paid with forged endorsement in three of the cases.

The delay in terminating payments increases the risk of forgeries occurring. Further delay in discovering forgeries places an undue burden on merchants and others who cashed the forged warrants and have no recourse but to absorb the losses.

The report contains 18 recommendations for implementation by state and local agencies. The use of vital statistics to control termination of payments is applicable in other state and local governmental agencies. One of the recommendations in the report is addressed to the State Department of Health Care Services wherein the same computer system can be used to identify erroneous Medi-Cal billings after the recipient's death.

Undoubtedly there are other applications for the interagency use of information The Audit Committee urges state and local agencies to pool their resources whenever possible to improve the efficiency of government. Hopefully the public will benefit by getting better service for fewer tax dollars.

Respectfully submitted,

VINCENT THOMAS, Chairman
Joint Legislative Audit Committee

Above report referred to the Committee on Efficiency and Cost Control.

RESOLUTIONS

The following resolution was offered:

By Assemblyman Cory:

House Resolution No. 34

Relative to the taxation of mobilehomes

WHEREAS, Mobilehomes have heretofore been subject, and presently are subject, to registration under the Vehicle Code and subject to the Vehicle License Fee Law, which is in lieu of property taxes on such vehicles; and

WHEREAS, It has come to the attention of the Legislature that Mr. Philip E. Watson, Assessor of the County of Los Angeles, and possibly other county assessors, have taken the position that mobilehomes are not personal property within the meaning of Section 14 of Article

XIII of the Constitution of the State of California, but are improvements, which are subject to property taxation, and have included mobilehomes on the assessment rolls for the 1972–1973 fiscal year; and

WHEREAS, The owners of many mobilehomes have already paid their registration and license fees for the 1972 calendar year, and it is now possible that mobilehomes in some counties will be subjected to a second tax based on their value for the 1972–1973 fiscal year; and

WHEREAS, While the Legislature has power to exempt tangible personal property from property taxation, it has no similar power with respect to improvements generally, and it is important that the exact status of mobilehomes as personal property or real property be determined authoritatively as soon as possible, in order that mobilehomes will not continue to be taxed as vehicles and as improvements, and

WHEREAS, It has come to the attention of the Legislature that the Golden State Mobilehome Owners League representing approximately eight thousand mobilehome owners in Los Angeles County and Mr. Denzil Wilson, an individual, will bring an action against Mr. Philip E. Watson to question the legality of subjecting mobilehomes to property taxation; now, therefore, be it

Resolved by the Assembly of the State of California, That the Members urge the Supreme Court of this state to accept jurisdiction at the earliest feasible time of any litigation seeking to determine the proper status of mobilehomes for purposes of taxation, in order that there may be a speedy resolution of this crucial question, and the Members further urge the California Attorney General to take all reasonable steps within his power to bring this matter before such court at the earliest possible time; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the Justices of the Supreme Court of the State of California and to the California Attorney General.

Resolution read, and referred by the Acting Speaker to the Committee on Rules.

RESOLUTIONS

The following resolutions were offered:

By Assemblyman Barnes:

House Resolution No. 35

Relative to the Self-Pronouncing Alphabet

WHEREAS, There is available in California a new, unique, and successfully demonstrable system of teaching reading, namely, the Self-Pronouncing Alphabet (SPA), and

WHEREAS, This system has been tested in approximately 100 schools in California, including Lincoln School in Redwood City, and there are an additional 100 schools scattered across the country using this method, among them schools in Washington, D.C., Philadelphia, New York, and the Midwest; and

WHEREAS, The demonstrable improvement and efficiency of pupils in these schools in the acquiring of reading skills has been so precipitous and measurable that Principal Richard Jensen released Stanford Achievement Test Scores showing kindergarten and first graders reading and achievement scores above the national scores of most first graders, stating in so doing that "Reading scores for Grades K through 3 were 'out of the ballpark' when compared to most schools in the country"; and

WHEREAS, The Green Pastures School for mentally retarded children and adults in Beaumont, California, has successfully taught reading for the first time using SPA, thus unlocking doors which were closed to these handicapped Americans for so long, and

WHEREAS, The leaders of the Association of the California School Districts who have investigated SPA are interested in a proper evaluation being made at the earliest time; and

WHEREAS, The California Association of the Christian Schools, with headquarters in Whittier, California, has strongly endorsed the SPA reading program because of the outstanding results, and

WHEREAS, A federally-financed reading project in Orange County concluded that SPA, among other methods tested, was recommended above others for use in remedial reading programs; and

WHEREAS, Because many children are failing to learn to read properly, at great cost to themselves and society, time is of the essence, and new tested approaches should be evaluated, whether in public or private schools, now, therefore, be it

Resolved by the Assembly of the State of California, That the Department of Education and the State Board of Education make an immediate in-depth study of the Self-Pronouncing Alphabet method of teaching reading and report back to the Legislature within 60 days after the adoption of this resolution, and be it further

Resolved, That the Chief Clerk of the Assembly transmit a copy of this resolution to the Superintendent of Public Instruction and to the State Board of Education

Resolution read, and referred by the Acting Speaker to the Committee on Rules.

By Assemblyman Leroy F. Greene:

House Resolution No. 36

Relative to collective bargaining

Resolved by the Assembly of the State of California, That the Assembly Committee on Rules is hereby requested to assign to an appropriate committee for study the subject of collective bargaining rights of public employees, and be it further

Resolved, That such study also include a recommendation concerning the advisability of establishing collective bargaining rights for all public employees, instead of establishing such rights for individual groups of public employees, and be it further

Resolved, That such committee report its findings and recommendations to the Assembly on the date specified by the Rules Committee upon assignment of this resolution.

37701 The agency shall not issue bonds at any time if the maximum amount of principal and interest maturing and becoming due in a succeeding calendar year on bonds then to be issued and on all other bonds of the agency then outstanding will exceed the amount of the Capital Reserve Fund at the time of issuance unless the agency, at the time of issuance of such bonds, shall deposit in the fund from the proceeds of the bonds so to be issued, or otherwise, an amount which, together with the amount then in the fund, will be not less than the maximum amount of principal and interest maturing and becoming due in any succeeding calendar year on the bonds then to be issued and on all other bonds of the agency then outstanding.

The agency is authorized to include this pledge and agreement of the state in any agreement with the holders of such notes or bonds.

CHAPTER 10. LOW-INCOME FAMILIES AND PERSONS

37730. The definitions in Chapter 3 (commencing with Section 37620) shall be applicable to this chapter, except for the following:

(a) "Low- and moderate-income housing" shall mean housing financed by bond issues authorized under this part, or by federally aided mortgages as defined in Chapter 3 (commencing with Section 37620), or by other such programs directed toward providing housing within the financial means of low- and moderate-income families as the agency shall determine.

(b) "Probable aggregate annual income" means the total annual income of the chief wage earner or supporter of the family, plus the income of secondary wage earners in excess of one thousand two hundred dollars ($1,200) per year, the income of minors in excess of eight hundred dollars ($800) per year, and excluding completely the income of college students.

(c) "Carrying charges" or "rental" means all regular charges paid on a periodic basis to a housing corporation by a person or family living in a rental or cooperative housing project, excluding initial downpayments.

(d) "Housing charges" means monthly rentals or carrying charges, plus estimated or actual expenditures for heat, light, water, cooking fuel, and other utilities; and other reasonable expenditures that the agency shall determine to be a part of housing charges

(e) "Shelter rent" means the rental or carrying charges established for occupancy in housing projects, exclusive of payments for taxes and charges for heat, light, water, cooking fuel, and other necessary utilities.

(f) "Low-income persons" means those persons designated as "low-income persons" by the agency under the provisions of Section 37632 and subdivision (o) of Section 37650.

37731. The agency may provide that up to 25 percent of the dwelling units in any development providing low- and moderate-income housing under federal, state, or local government programs be made available to low-income families and persons whose probable aggregate yearly income is less than four times as large as the regular yearly housing charges for such dwelling units The dwelling units shall be made available to these families and persons at monthly rental pay-

ments or carrying charges so that yearly housing charges do not exceed 25 percent of the probable aggregate yearly income of such persons or families. The agency is authorized to contract with sponsors or owners of housing developments for up to 3,750 such units during the fiscal year ending 1973.

37732 For purposes of carrying out the provisions of this chapter, the agency shall establish criteria and procedures for determining the eligibility of occupants and rental charges, including criteria and procedures with respect to periodic review of tenant incomes and periodic adjustment of rental charges.

37733. The agency may enter into agreements, or authorize housing owners or sponsors to enter into agreements, with public or private agencies for services required in the selection of families and individuals who qualify under this chapter.

37734. The agency shall provide that low-income families or persons benefiting under this chapter shall have the same rights, privileges, and duties as other residents, except that no member of a cooperative, upon the resale of his membership in the cooperative, shall be reimbursed for any equity increment accumulated as a result of payments under this chapter The agency shall endeavor to guarantee that knowledge of the special circumstances of such low-income families is not divulged to other residents

37735. In special circumstances where the agency deems it appropriate in order to accomplish the purposes of this part, the agency may provide the necessary financing for small-scale housing developments built primarily for low-income families and individuals eligible for lower rentals or carrying charges under this chapter, and may waive the requirement that no more than 25 percent of the dwelling units in any particular project may be made available to low-income families under this section.

CHAPTER 11. TAXATION

37740 Whenever a housing project is financed with a federally aided or agency-aided mortgage, or advance or grant from the agency, then the housing project shall be exempt from all taxes imposed by the state, or by any political subdivision, public body, or taxing district in which the project is located so long as the municipality in which the project is located does not provide by ordinance that such tax exemption shall not apply to all or any class of housing projects within its boundaries, pursuant to Section 37744

The owner of a housing project eligible for the exemption shall file with the local assessing officer a notification of the exemption, which shall be in an affidavit form as provided by the agency The completed affidavit form shall first be submitted to the agency for certification by the agency that the project is eligible for the exemption The owner shall then file the certified notification of the exemption with the local assessing officer prior to November 1 of the year preceding the tax year in which the exemption is to begin.

37741. The owner of a housing project exempt from taxation under this chapter shall pay to the municipality in which the project is located an annual service charge for public services in lieu of all taxes. The amount to be paid as a service charge in lieu of taxes shall be, for new construction projects the greater of, and for rehabilitation projects the lesser of, (a) the tax on the property on which the project is located for the tax year prior to the date when construction or rehabilitation of the project was commenced, or (b) 10 percent of the annual shelter rents obtained from the project.

Any municipality, by ordinance from time to time, may establish or change the service charge to be paid in lieu of taxes by all or any class of housing projects exempt from taxation under this chapter at any amount it chooses, not to exceed the taxes that would be paid but for this chapter.

37742. The exemption from taxation granted by this chapter shall remain in effect for so long as the federally aided or agency-aided mortgage or advance or grant from the agency is outstanding, not to exceed 50 years. The municipality may establish by ordinance a different period of time for the exemption to remain in effect.

37743. Any payments for public services received by a municipality in lieu of taxes under this chapter shall be distributed by the municipality to the several units levying the general property tax in the same proportion as prevailed with the general property tax in the previous calendar year.

37744. Any municipality may provide by ordinance that the tax exemption established in Section 37740 shall not apply to all or any class of housing projects within its boundaries to which Section 37740 applies. If the municipality so provides, then the tax exemption established in Section 37740 shall not be applicable to the class of housing projects designated in the ordinance The ordinance, if it so provides, shall be effective with respect to housing projects for which an exemption has already been granted on December 31 of the year in which it is adopted, but not before. Any municipality that has adopted such an ordinance subsequently may repeal that ordinance, which repeal shall become effective on the date designated in the repealing ordinance

37745. Notwithstanding Section 37741, the service charge to be paid each year in lieu of taxes for that part of a housing project which is tax exempt under Section 37740 and which is occupied by other than low-income persons or families shall be equal to the full amount of the taxes that would be paid on that portion of the project if the project were not tax exempt The benefits of any exemption granted under this chapter shall be allocated by the owner of the housing project exclusively to low-income persons or families in the form of reduced housing charges.

37746. "Low-income persons and families," for the purposes of this chapter only, means, with respect to any housing project which is tax exempt, persons and families eligible to move into that project The agency, by rule for purposes of this section, may redefine low-income persons or families for each municipality on the basis of the need for housing for such persons or families as the agency determines exists in that municipality.

37747. The state may reimburse any unit of the government for tax exemption granted to any housing project under this chapter. The state may reimburse such unit of government each year to an amount which equals the difference between what could have been paid in taxes were it not for the exemption granted under this chapter and the amount which was paid as a service charge in lieu of taxes.

REQUEST FOR UNANIMOUS CONSENT TO PRINT IN JOURNAL

Mr Lanterman was granted unanimous consent that the following communication relative to the Budget Bill be printed in the Journal:

April 5, 1972

Honorable Robert Moretti
Speaker of the Assembly
State Capitol, Sacramento, California

Dear Mr Speaker: As Vice Chairman of the Assembly Ways and Means Committee, I want to go on record in opposition to certain changes adopted by the Committee regarding the 1972–73 State Budget. My specific objections are outlined below:

Lt Governor's Office

The Ways and Means Committee has recommended the elimination of six currently authorized staff positions in the Lt Governor's Office. In addition the Committee has recommended the transfer of the Office of Intergovernmental Management and the Council on Intergovernmental Relations from the Lt Governor's Office to the Governor's Office.

I am opposed to these proposals on the basis that they represent an unwarranted intrusion by the Legislature into the constitutional and administrative responsibilities vested with the Lt Governor.

Department of Finance

The Ways and Means Committee has recommended the transfer of 37 fiscal auditors from the Department of Finance to the State Controller I am strongly opposed to this proposal for the following reasons:

1. The Governor's overall responsibility as the Chief Executive of State Government with a budget approaching $8 billion requires that he have an internal financial audit capability under his direct control.
2. The State Controller's constitutional and statutory responsibilities do not extend to the internal audit of State departments.
3. By law and policy, the independent review of state fiscal affairs lies with the Legislature through the Auditor General.

Department of Social Welfare

The Ways and Means Committee has recommended several deletions and transfers which will severely handicap the Department in its efforts to implement welfare reform. The most damaging of these changes are as follows:

Elimination of Operations Security Unit ..... (-$37,794)

I object to the elimination of the Operations Security Office because this will severely reduce the Department's capability to fulfill its statutory responsibilities relating to the control of welfare fraud.

In the case of *Wheeler* vs *Montgomery* (Feb. 24, 1972) the U S. District Court ruled that the State Department of Social Welfare has a statutory mandate to supervise the counties in fraud prevention and investigative activities

—Elimination of Legal Task Force ..... (-$98,192)

—Transfer Legal Affairs function to Attorney General's Office ..... (-$181,378)

—Transfer Fair Hearings to Office of OAP ..... (-$1,411,691)

—Delete position of Asst. Deputy Director of Legal Affairs ..... (-$13,701)

I strongly object to the above transfers and deletions as they will strip the Department of vital legal assistance during the critical period when they are involved in literally hundreds of lawsuits.

If the Department is to receive adequate legal counsel, it is imperative that they have their own staff of attorneys who are totally familiar with the complex federal and state laws and regulations dealing with social welfare.

—Deletion of Policy Coordination Office ..... (-$78,293)

The Welfare Reform Act of 1971 launched the most sweeping and far-reaching reform of a system that had evolved from uncoordinated patchwork over the years The Office of Policy Coordination is an essential staff office to ensure that the Department's operational activities involving payments systems and social services are mutually consistent and compatible in policy goals Further, the Office of Policy Coordination is essential in assuring consistency of departmental policy with mandates from the State Legislature and the

Congress and compatible with that of other state agencies, counties, and other public and private organizations. I, therefore, oppose this recommendation.

—*Elimination of Systems Development Bureau* _____ (-$107,648)

—*Elimination of Expanded Data Reporting System*___(-$1,400,000)

There is basic agreement concerning the need for more accurate and timely welfare data. However, controversy regarding the specific information system proposed has led to total elimination of the Department's capability in this area. This is tantamount to "throwing the baby out with the bath water." I object to this action and will attempt to restore $200,000 for contractual services during Conference Committee negotiations.

—*Deletion of 6 positions for Contracts Administration* (-$50,067)

The six additional positions are necessary to implement Section 23 of the Welfare Reform Act of 1971 which requires establishment of contracts with each of the 58 counties for eligibility and grant determination. In addition these employees will be responsible for negotiating a major contract with the Department of Mental Hygiene regarding the use of $9 million in federal Socal Rehabilitation Services funds.

In summary, Mr. Speaker, it is my intention to vote in favor of the Budget Bill on the floor on Thursday, April 6, in order to expedite the movement of the bill to a Conference Committee of both Houses.

If my specific objections are not resolved during Conference Committee deliberations, I reserve the right to record a "no" vote when the Budget Bill is returned to the Assembly for final passage.

Cordially,

FRANK LANTERMAN

Explanation of Vote

April 6, 1972

Mr. James Driscoll
Chief Clerk of the Assembly
Room 3194, State Capitol

Dear Jim: My vote today in favor of the Governor's Budget has been done merely to speed the process of negotiations with the Senate and the Joint Conference Committee, and in no way indicates support for it in its present form.

Sincerely,

ROBERT C. CLINE
San Fernando Valley

REQUEST FOR UNANIMOUS CONSENT TO PRINT IN JOURNAL

Mr. Brophy was granted unanimous consent that the following statement relative to the Budget Bill be printed in the Journal.

Mr Speaker and Members I rise to oppose this bill. I voted for the 1971 Budget with grave reservations regarding the State Withholding Tax and other items which were included because it was our constitutional responsibility to balance the budget, and also because it generated monetary reserves that could, and should, be utilized in the future.

We are now being told that to vote against this bill today would only delay the budget process to no avail This argument, in my opinion, is political doubletalk because it is obvious that any drainage of present reserve monies will only increase taxes in the future. I believe the people of California mandate us to vote NO now in order to avoid the inevitable increase in taxes which will develop from this bill as it is now presented I only regret that I cannot place an exclamation mark after my NO vote on the board today. Thank you.

Speaker pro Tempore Presiding

At 3:44 p.m., Hon. Carlos Bee, 13th District, presiding.

QUORUM CALL OF THE ASSEMBLY DISPENSED WITH

On page 2, strike out lines 1 to 3, inclusive, and insert

"SECTION 1. Section 11580.2 of the Insurance Code is amended to read:

11580.2. (a) No policy of bodily injury liability insurance covering liability arising out of the ownership, maintenance, or use of any motor vehicle, shall be issued or delivered in this state to the owner or operator of a motor vehicle, or shall be issued or delivered by any insurer licensed in this state upon any motor vehicle then principally used or principally garaged in this state, unless the policy contains, or has added to it by endorsement, a provision with coverage limits at least equal to the financial responsibility requirements specified in Section 16059 of the Vehicle Code insuring the insured, his heirs or his legal representative for all sums within such limits which he or they, as the case may be, shall be legally entitled to recover as damages for bodily injury or wrongful death from the owner or operator of an uninsured motor vehicle. The insurer and any named insured, prior to or subsequent to the issuance or renewal of a policy, may, by agreement in writing, delete the provision covering damage caused by an uninsured motor vehicle (1) completely, or (2) with respect to a natural person or persons designated by name when operating a motor vehicle. Either of such deletions by any named insured shall be binding upon every insured to whom such policy or endorsement provisions apply while such policy is in force, and shall continue to be so binding with respect to any continuation, renewal, or replacement of such policy by the named insured, or with respect to reinstatement of such policy within 30 days of any lapse thereof. A policy shall be excluded from the application of this section if the only coverage with respect to the use of any motor vehicle is limited to the contingent liability arising out of the use of nonowned motor vehicles.

(b) As used in (a) above, "bodily injury" includes sickness or disease, including death, resulting therefrom; the term "named insured" means only the individual or organization named in the declarations of the policy of motor vehicle bodily injury liability insurance referred to in (a) above; as used in (a) above the term "insured" means the named insured and the spouse of the named insured and

relatives of either while residents of the same household while occupants of a motor vehicle or otherwise, heirs and any other person while in or upon or entering into or alighting from an insured motor vehicle and any person with respect to damages he is entitled to recover for care or loss of services because of bodily injury to which the policy provisions or endorsement apply; the term "insured motor vehicle" means the motor vehicle described in the underlying insurance policy of which the uninsured motorist endorsement or coverage is a part, a temporary substitute or a newly acquired automobile for which liability coverage is provided in the policy if the motor vehicle is used by the named insured or with his permission or consent, express or implied, and any other automobile not owned by the named insured or any resident of the same household while being operated by the named insured or his spouse if a resident of the same household, but the term "insured motor vehicle" shall not include any automobile while used as a public or livery conveyance. The term "uninsured motor vehicle" means a motor vehicle with respect to the ownership, maintenance or use of which there is no bodily injury liability insurance or bond applicable at the time of the accident, or there is such applicable insurance or bond but the company writing the same denies coverage thereunder or refuses to admit coverage thereunder except conditionally or with reservation, or a motor vehicle used without the permission of the owner thereof if there is no bodily injury liability insurance or bond applicable at the time of the accident with respect to the owner or operator thereof, or the owner or operator thereof be unknown, provided that, with respect to an "uninsured motor vehicle" whose owner or operator is unknown:

(1) The bodily injury has arisen out of physical contact of such automobile with the insured or with an automobile which the insured is occupying.

(2) The insured or someone on his behalf shall have reported the accident within 24 hours to the police department of the city where the accident occurred or, if the accident occurred in unincorporated territory then either to the sheriff of the county where the accident occurred or the local headquarters of the California Highway Patrol, and have filed with the insurer within 30 days thereafter a statement under oath that the insured or his legal representative has or the insured's heirs have a cause of action arising out of such accident for damages against a person or persons whose identity is unascertainable and set forth facts in support thereof. The term "uninsured motor vehicle" shall not include an automobile owned by the named insured or any resident of the same household or self-insured within the meaning of the safety responsibility law of the state in which the motor vehicle is registered or which is owned by the United States of America, Canada, a state or political subdivision of any such government or an agency of any of the foregoing, or a land motor vehicle or trailer operated on rails or crawler treads or while located for use as a residence or premises and not as a vehicle, or a farm-type tractor or equipment designed for use principally off public roads, except while actually upon public roads.

The term "uninsured motor vehicle" also means an insured motor vehicle where the liability insurer thereof is unable to make payment with respect to the legal liability of its insured within the limits specified therein because of insolvency An insurer's solvency protection shall be applicable only to accidents occurring during a policy period in which its insured's motor vehicle coverage is in effect where the liability insurer of the tortfeasor becomes insolvent within one year of such accident. In the event of payment to any person under the coverage required by this section and subject to the terms and conditions of such coverage, the insurer making such payment, shall to the extent thereof, be entitled to any proceeds which may be recoverable from the assets of the insolvent insurer through any settlement or judgment of such person against the insolvent insurer.

(c) The insurance coverage provided for in this section does not apply:

(1) To property damage sustained by the insured.

(2) To bodily injury of the insured while in or upon or while entering into or alighting from an automobile other than the described automobile if the owner thereof has insurance similar to that provided in this section.

(3) To bodily injury of the insured with respect to which the insured or his representative shall, without the written consent of the insurer, make any settlement with or prosecute to judgment any action against any person who may be legally liable therefor.

(6) To bodily injury of the insured while occupying a motor vehicle owned by an insured, unless the occupied vehicle is an insured motor vehicle.

(7) To bodily injury of the insured when struck by a vehicle owned by an insured.

(d) Subject to paragraph (c)(2), the policy or endorsement may provide that if the insured has insurance available to him under more than one uninsured motorist coverage provision, any damages shall not be deemed to exceed the higher of the applicable limits of the respective coverages, and such damages shall be prorated between the applicable coverages as the limits of each coverage bears to the total of such limits.

(e) The policy or endorsement added thereto may provide that if the insured has valid and collectible automobile medical payment insurance available to him, the damages which he shall be entitled to recover from the owner or operator of an uninsured motor vehicle shall be reduced for purposes of uninsured motorist coverage by the amounts paid or due to be paid under such automobile medical payment insurance This subdivision shall become operative on January 1, 1971.

(f) The policy or an endorsement added thereto shall provide that the determination as to whether the insured shall be legally entitled to recover damages, and if so entitled, the amount thereof, shall be made

by agreement between the insured and the insurer or, in the event of disagreement, by arbitration. The arbitration shall be conducted by a single neutral arbitrator. An award or a judgment confirming an award shall not be conclusive on any party in any action or proceeding between (i) the insured, his insurer, his legal representative, or his heirs and (ii) the uninsured motorist to recover damages arising out of the accident upon which the award is based. The provisions of Article 3 (commencing with Section 2016) of Chapter 3 of Title 3 of Part 4 of the Code of Civil Procedure shall be applicable to such determinations, and all rights, remedies, obligations, liabilities and procedures set forth in said Article 3 shall be available to both the insured and the insurer at any time after the accident, both before and after the commencement of arbitration, if any, with the following limitations:

(2) Any such proper court to which application is first made by either the insured or the insurer under the provisions of said Article 3 for any discovery or other relief or remedy, shall thereafter be the only court to which either of the parties shall make any applications under said Article 3 with respect to the same accident, subject, however, to the right of such court to grant a change of venue after a hearing upon notice, upon any of the grounds upon which change of venue might be granted in an action filed in the superior court.

(3) A deposition pursuant to the provisions of Section 2016 of the Code of Civil Procedure may be taken without leave of court, except that leave of court, granted with or without notice and for good cause shown, must be obtained if the notice of the taking of the deposition is served by either party within 20 days after the accident.

(4) The provisions of subparagraph (a)(4) of Section 2019 of the Code of Civil Procedure shall not be applicable to discovery under this section.

(5) For the purposes of discovery under this section, the insured and the insurer shall each be deemed to be "a party to the record of any civil action or proceedings," where that phrase is used in subparagraph (b)(2) of Section 2019 of the Code of Civil Procedure.

(6) Interrogatories under the provisions of Section 2030 of the Code of Civil Procedure and requests for admission under Section 2033 may be served by either the insured or the insurer upon the other at any time more than 20 days after the accident without leave of court.

(7) Nothing in this section shall be construed to limit the rights of any party to discovery in any action pending or which may hereafter be pending in any court.

(g) The insurer paying a claim under an uninsured motorist endorsement or coverage shall be entitled to be subrogated to the rights of the insured to whom such claim was paid against any person causing such injury or death to the extent that payment was made. Such action may be brought within three years from the date that payment was made hereunder.

(h) An insured entitled to recovery under the uninsured motorist endorsement or coverage shall be reimbursed within the conditions stated herein without being required to sign any release or waiver or rights to which he may be entitled under any other insurance coverage applicable; nor shall payment under this section to such insured be delayed or made contingent upon the decisions as to liability or distribution of loss costs under other bodily injury liability insurance or any bond applicable to the accident. Any loss payable under the terms of the uninsured motorist endorsement or coverage to or for any person may be reduced:

(1) By the amount paid and the present value of all amounts payable to him under any workmen's compensation law exclusive of nonoccupational disability benefits.

(2) By the amounts paid or due to be paid under any valid and collectible automobile medical payment insurance available to the insured. This paragraph shall remain in effect until December 31, 1970, and shall have no force or effect after that date.

(3) By the amount the insured is entitled to recover from any other person insured under the underlying liability insurance policy of which the uninsured motorist endorsement or coverage is a part

(i) Any loss payable under the terms of the uninsured motorist endorsement or coverage to or for any person shall be reduced by the amount the insured is entitled to recover under basic loss insurance benefits pursuant to Chapter 5 (commencing with Section 11890) of Part 3 of Division 2.

(2) Agreement as to the amount due under the policy has been concluded, or

(3) The insured has formally instituted arbitration proceedings.

~~(j)~~

(k) Notwithstanding the provisions of subdivisions (b) and ~~(i)~~ *(j)*, in the event the accident occurs in any other state or foreign jurisdiction to which coverage is extended under the policy and the insurer of the tortfeasor becomes insolvent, any action authorized pursuant to the provisions of this section may be maintained within three months of the insolvency of the tortfeasor's insurer, but in no event later than the pertinent period of limitation of the jurisdiction in which the accident occurred.

~~(k)~~

(l) Notwithstanding the provisions of subdivision ~~(i)~~ *(j)*, any insurer whose insured has made a claim under his or her uninsured motorist coverage, and such claim is pending, shall, at least 30 days before the expiration of the applicable statute of limitation, notify its insured in writing of the statute of limitation applicable to such injury or death. Failure of the insurer to provide such written notice shall operate to toll any applicable statute of limitation or other time limitation for a period of 30 days from the date such written notice is actually given.

RESOLUTIONS

The following resolution was offered:

By Assemblyman McAlister:

House Resolution No. 39

Relative to the Bay Area Air Pollution Control District

WHEREAS, The Bay Area Air Pollution Control District was created in 1955 to reduce air contaminants in the San Francisco Bay Area in order to safeguard life, health, property, and the public welfare and to make possible the comfortable enjoyment of life and property; and

WHEREAS, Despite an annual budget of $1,800,000, the district has been unable to solve the air pollution problem to meet its stated goal of making the air as clean as it was in 1950; and

WHEREAS, Citizens in many instances have filed their own lawsuits in their attempts to secure reduction in pollution emissions from various industrial facilities, even though such facilities were in compliance with the regulations of the district; and

WHEREAS, A widespread lack of public confidence has developed in the district because of the foregoing and because of divisive strife within the district between its Chief Administrative Officer, its legal counsel, and members of its governing board, arising largely because of contention over whether the Chief Administrative Officer has been and is vigorously enforcing the air pollution laws and regulations against the major industrial polluters within the district; now, therefore, be it

Resolved by the Assembly of the State of California, That the Assembly Committee on Rules is hereby requested to assign to an appropriate committee for study the problems of air pollution in the San Francisco Bay Area, including the operations of the Bay Area Air Pollution Control District; and be it further

(a) At the beginning of each fiscal year, for the current fiscal year, the director shall establish a monthly schedule of anticipated total payments and anticipated payments for categories of services, according to the categories established in the Governor's Budget. The schedule will be revised quarterly.

(b) The director shall report actual total payments and payments for categories of services, as set forth in subdivision (a), monthly to the Director of Finance and to the Joint Legislative Budget Committee.

(c) At any time during the fiscal year, if the director has reason to believe that the total cost of the program will exceed available funds, he may, first modify the method or amount of payment for services, provided that no amount shall be reduced more than 10 percent and no modification will conflict with federal law. If such modification is not sufficient to bring the program within available funds, the director may postpone elective services in the basic schedule of benefits. Such postponement of elective services shall be accomplished by changing the standards for approval of requests for prior authorizations. Such changes shall be designed to insure that those recipients most in need of elective services receive them first within the funds available, but that no particular service is completely eliminated.

(d) At any time during the fiscal year, if the total amounts paid since the beginning of the fiscal year exceed by 10 percent the amounts scheduled, the director shall immediately institute the action set forth in subsection (c) above.

(e) At any time during the fiscal year, if the total amounts paid for any category of service exceeds by 10 percent the amounts scheduled (other than services for which the method or amount of payment is prescribed by the Secretary of Health, Education, and Welfare pursuant to Title XIX of the Federal Social Security Act), the director shall modify the method or amount of payment for such category of service to assure that the total amount paid for such category of service in the fiscal year shall be less than 10 percent in excess of the total amount scheduled provided the total cost of the program to the State General Fund will not exceed appropriated state general funds.

(f) Before any of the above actions are taken by the director, he shall consult with representatives of concerned provider groups.

SEC. 2. The Legislature hereby finds and declares that transfusion-associated hepatitis is a serious disease for which, as yet, no effective preventative has been found; that current medical technology can assure the detection of only approximately 25 percent of the hepatitis-infected units of blood being used; that the incidence of transfusion-associated hepatitis occurs in a significantly greater number of cases when blood from a paid donor is used rather than when blood is used from a donor who is an unpaid volunteer, a participant in an insurance or replacement program, or who otherwise gives blood without payment therefor; that by discouraging the use of paid donors, the incidence of transfusion-associated hepatitis could be substantially reduced; and that it is therefore the intent of the Legislature to treat the liability for transfusion-associated hepatitis resulting from the use of blood derived from paid donors differently from hepatitis derived from blood donated by unpaid volunteer donors.

Chapter 917 of the Statutes of 1971 requires a governing board of any district maintaining a community college to call an election on November 7, 1972, to inquire whether or not the voters desire a separate governing board for the community college district If the voters vote "yes," certain procedures are specified for the appointment and election of the new community college district governing board These procedures are incomplete and inadequate for application to a community such as San Diego where school board members traditionally are nominated and elected in the fall of odd-numbered years pursuant to the city charter. To bring Chapter 917 into line with the city charters, where applicable, and make other desirable changes, it is necessary that this act take effect immediately."

6478 This article shall be known and may be cited as "The More Effective Schools Act."

It is the intent and purpose of the Legislature in enacting this article to provide for an experimental program in two school districts designed to measure the effectiveness of a total program combining intensive classroom instruction with fully adequate medical, psychological, dental, counseling, and ancillary services.

The Legislature finds and declares that the physical and mental well-being of severely disadvantaged children is sometimes so great that no instructional program, by itself, can produce the necessary academic and social achievement required by all youth in this era.

It is the further intent of the Legislature that programs authorized and initiated under this article shall be thoroughly evaluated by participating local school districts and by the Superintendent of Public Instruction, and that such evaluation report be submitted to the ~~1972~~ *1977* Regular Session of the Legislature.

SEC. 2. Section 6478.1 of the Education Code is amended to read:

6478.1. The Superintendent of Public Instruction may contract with not more than two school districts which have significant numbers of disadvantaged youth and are located in separate geographical areas of the state for the purpose of establishing a More Effective Schools Program in such districts. Each contracting school district shall establish such program in one elementary school within the district where the average achievement level in reading, as measured by tests given under the provisions of Chapter 2.5 (commencing with Section 7770) of Division 7, is at or near the lowest level for the district.

~~At least one contracting school district shall have an assessed valuation per unit of average daily attendance, such that one dollar ($1) of tax rate on each one hundred dollars ($100) of assessed valuation produces no more than twenty-eight dollars ($28) per unit of average daily attendance in revenue for the district.~~

SEC. 3. Section 6479 of the Education Code is amended to read:

6479. The experimental program shall commence with the ~~1968–1969~~ *1973–1974* school year and continue through the ~~1971–1972~~ *1976–1977* school year. In evaluating the program, the Superintendent of Public

Instruction may cite differences, if any, in academic and social growth between groups of pupils which have, by ~~1972~~ *1977*, spent all their school years under this program and groups which have had less than a complete school program under this program.

SEC. 4. Section 6479 1 of the Education Code is amended to read:

6479.1. The Superintendent of Public Instruction shall conduct a study, prior to July 1, ~~1970~~ *1975*, of the More Effective Schools Program in view of the purposes of this article and may submit a report to the Legislature if, in his opinion on clear and persuasive evidence, the purposes of this article are not effectuated by such program.

SEC. 5."

REPORTS OF STANDING COMMITTEES

Committee on Local Government

Assembly Chamber, April 17, 1972

Mr. Speaker: The Chairman of your Committee on Local Government reports:

AB No. 1184

With author's amendments with the recommendation: Amend, and re-refer to the Committee on Local Government.

KNOX, Chairman

SECOND READING OF BILLS—AUTHOR'S AMENDMENTS

Assembly Bill No. 1184—An act to amend Sections 23014, 25210.9c, and 25210.77a of the Government Code, relating to counties.

Bill read second time.

Consideration of Author's Amendments

The following amendment, pursuant to the Assembly Rules, was read, and adopted:

Amendment No. 1

On page 3, line 24, of the printed bill, strike out "Such"; strike out lines 25 to 27, inclusive, and insert

"Any county which has fixed charges pursuant to this section may by ordinance approved by a two-thirds vote of the members of the board of supervisors elect to have such charges for the forthcoming fiscal year collected on the tax roll in the same manner, by the same persons, and at the same time as, together with and not separately from, its general taxes, as provided in this section

(a) Once a year the board of supervisors shall cause to be prepared a written report which shall contain a description of each parcel of real property receiving the particular extended service and the amount of the charge for each parcel for such year computed in conformity with the requirements set forth in the ordinance authorizing collection of such charges on the tax roll. Such report shall be filed with the clerk of the board of supervisors.

(b) Upon the filing of such report, the clerk shall fix a time, date, and place for hearing thereon and for filing objections or protests thereto. The clerk shall cause notice of the filing of such report, and of the time, date, and place of hearing thereon to be mailed to each person to whom any parcel of real property described in said report is assessed in the last equalized assessment roll available on the date said report is prepared, at the address shown on such assessment roll or as known to the clerk. The clerk shall also publish such notice as

provided in Section 6066 prior to the date set for hearing, in a newspaper of general circulation printed and published in the county. If the board of supervisors confirms the report, then the requirements for notice in writing to the persons to whom parcels of real property are assessed shall not apply to hearings on reports prepared in subsequent fiscal years but notice by publication as herein provided shall be adequate.

(c) At the time, date and place stated in the notice, the board of supervisors shall hear and consider all objections or protests, if any, to the report, and may continue the hearing from time to time. If the board finds that protest to collection of such charges on the tax roll is made by the owners of a majority of separate parcels of property described in the report, then the report shall not be confirmed and the charges shall be collected separately from the tax roll and shall not constitute a lien against any parcel or parcels of land. Upon the conclusion of the hearing, the board of supervisors may adopt, revise, change, reduce, or modify any charge or may overrule any or all objections, and shall make its determination upon each charge as described in said report and thereafter, by resolution, it shall confirm the report.

(d) The charges set forth in the report as confirmed shall constitute special assessments against the respective parcels of land and are a lien on the property for the amount of such charges. A certified copy of the confirmed report shall be filed with the county auditor specifying the amounts of the assessments against the respective parcels of land as they appear on the current assessment roll. The lien for such charges attaches upon recordation, in the office of the county recorder of the county in which the property is situated, of a certified copy of the resolution of confirmation of the report. The assessment may be collected at the same time and in the same manner as ordinary county ad valorem property taxes are collected and shall be subject to the same penalties and the same procedure and sale in case of delinquency as provided for such taxes. All laws applicable to the levy, collection and enforcement of county ad valorem property taxes shall be applicable to such assessment."

Bill ordered reprinted, and to be re-referred to the Committee on Local Government.

REQUEST FOR UNANIMOUS CONSENT TO PRINT IN JOURNAL

Mr. Brown was granted unanimous consent that the following communication be printed in the Journal:

April 13, 1972

Honorable Walter Karabian
Room 4141
State Capitol

Dear Walter: I am writing to request that my name be removed as co-author of your AJR 17.

It is not because of my disagreement with this and other efforts designed to eradicate sexism in our society that I ask for you to take this action. It is because, under the guise of fighting sexual discrimina-

tion, employer groups are in fact abrogating a whole range of hard-won working hours and working condition statutes which now beneficially affect a major share of California's work force.

I believe that an appropriate method of fighting sexism in employment practices would be to insure that whatever protections now exist be made applicable to men as well as women, rather than to set up a situation in which all protections would be eliminated. I have introduced AB 1710,* which would do precisely that. If passed and signed this legislation would remove these protections I have referred to from constitutional challenge.

Until we are assured of this, either by the signing of my AB 1710 or otherwise, I cannot support AJR 17.

Sincerely,

WILLIE L. BROWN, JR.

* Concurred in as it applies to AB 1710—John L. Burton.
